17589. The State Allocation Board shall develop board policies for the apportionment of funds appropriated for the containment or removal of asbestos materials in schools pursuant to Section 49410. The policies shall provide for the allocation of funds on a matching basis, or the board may determine, based on each application, to increase the allocation to any school district by the amount it determines is necessary to complete critical projects. In making policies pursuant to this section, the board may establish funding priorities based on a determination in each instance as to the imminence of the health hazard posed by the asbestos materials.

17590. The Asbestos Abatement Fund is hereby created, and notwithstanding Section 13340 of the Government Code, all moneys deposited in this fund are continuously appropriated to be administered by the State Allocation Board for the purpose of making allocations to school districts and county offices of education pursuant to Sections 17589 and 49410.

17591. Each district desiring an apportionment pursuant to Section 39619 shall file with the State Allocation Board and receive approval of a five-year plan of the maintenance needs of the district over such period. This plan may be amended from time to time. Any expenditure of funds from the district deferred maintenance fund shall conform to the plan approved by the State Allocation Board.

17592. From any moneys in the State School Deferred Maintenance Fund, the board shall make available to the Director of General Services such amounts as it determines necessary to provide the assistance, pursuant to this chapter, required by Section 15504 of the Government Code.

Article 2. Duties of District Clerks

17593. The clerk of each district except a district governed by a city or city and county board of education shall, under the direction of the governing board, keep the schoolhouses in repair during the time school is taught therein, and exercise a general care and supervision over the school premises and property during the vacations of the school.

Article 3. Contracts

17595. Nothing in this code shall preclude the governing board of any school district from purchasing materials, equipment or supplies through the Department of General Services pursuant to Section 14814 of the Government Code.

17596. Continuing contracts for work to be done, services to be performed, or for apparatus or equipment to be furnished, sold, built,

installed, or repaired for the district, or for materials or supplies to be furnished or sold to the district may be made with an accepted vendor as follows: for work or services, or for apparatus or equipment, not to exceed five years; for materials or supplies, not to exceed three years.

17597. In addition to utilizing the procedures specified in Article 14 (commencing with Section 17545) of Chapter 4, any school district or any county board of education may, by direct sale or otherwise, sell to a purchaser any electronic data processing equipment, other major items of equipment, or any relocatable building owned by, or to be owned by, the school district or county board, if the purchaser agrees to lease the equipment or building back to the school district or county for use by the school district or county following the sale.

The approval by the governing board of the school district or of the county superintendent of schools of the sale and leaseback shall be given only if the governing board of the school district or the county superintendent of schools finds, by resolution, that the equipment is data processing equipment, another major item of equipment, or a relocatable building within the meaning of this section and that the sale and leaseback is the most economical means for providing the electronic data processing equipment, other major items of equipment, or relocatable building to the school district or county. For purposes of determining the area of existing adequate school construction under the Leroy F. Greene State School Building Lease-Purchase Law of 1976, any portable relocatable classroom acquired under this section and used for classroom purposes shall be considered owned by the district.

17598. The governing board of a school district may contract for electromechanical or electronic data processing work.

17599. Nothing contained in this article shall be construed to limit the authority of any school district to contract for electromechanical or electronic data processing work to be done or related services to be performed with any other public agency pursuant to the provisions of Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code or Section 11000 or 11001 of this code.

17600. The governing board of any district defined hereafter, in addition to any other authority granted by law, may employ as classified employees, in accordance with rules and regulations established by the personnel commission, any certificated employees of the district or districts during vacation periods, or on any other day or days when the certificated employee is not required to perform services for the district, to repair or build apparatus or equipment related to their duties as certificated employees even though the total cost of labor exceeds one thousand dollars ($1,000). This section applies only when the average daily attendance of any school district, or of two or more school districts governed by governing boards of

identical personnel, is 400,000 or more, as shown by the annual report of the county superintendent of schools for the preceding school year.

17601. Notwithstanding any limitations imposed by this article specifically with respect to electromechanical or electronic data processing work to be done or related services to be performed, the governing board of a school district, the boundaries of which are coterminous with those of the City and County of San Francisco, may contract for such work to be done or related services to be performed, without regard to such limitations.

17602. The governing board of any school district may purchase from the federal government or any agency thereof any surplus property, as defined in the Surplus Property Act of 1944, in any amount needed for the operation of the schools of the district without taking estimates or advertising for bids.

17603. The governing board of any school district shall determine the method of payment for construction contracts, including progress payments for completed portions of the work or for materials delivered on the ground or stored subject to the control of the board and unused.

17604. Wherever in this code the power to contract is invested in the governing board of the school district or any member thereof, the power may by a majority vote of the board be delegated to its district superintendent, or to any persons that he or she may designate, or if there be no district superintendent then to any other officer or employee of the district that the board may designate. The delegation of power may be limited as to time, money or subject matter or may be a blanket authorization in advance of its exercise, all as the governing board may direct. However, no contract made pursuant to the delegation and authorization shall be valid or constitute an enforceable obligation against the district unless and until the same shall have been approved or ratified by the governing board, the approval or ratification to be evidenced by a motion of the board duly passed and adopted. In the event of malfeasance in office, the school district official invested by the governing board with the power of contract shall be personally liable to the school district employing him or her for any and all moneys of the district paid out as a result of the malfeasance.

17605. The governing board by majority vote may adopt a rule, delegating to any officer or employee of the district as the board may designate, the authority to purchase supplies, materials, apparatus, equipment, and services. No rule shall authorize any officer or employee to make any purchases involving an expenditure by the district in excess of the amount specified by Section 20111 of the Public Contract Code. The rule shall prescribe the limits of the delegation as to time, money, and subject matter. All transactions entered into by the officer or employee shall be reviewed by the governing board every 60 days.

In the event of malfeasance in office, the school district officer or employee invested by the governing board with the power to contract shall be personally liable for any and all moneys of the district paid out as a result of the malfeasance.

17606. The governing board of any school district with an average daily attendance of not less than 60,000 may by majority vote authorize its district superintendent, or such person as he or she may designate, to expend up to one hundred dollars ($100) per transaction for work done, compensation for employees or consultants, and purchases of equipment, supplies, or materials. Ratification by the governing board shall not be required with respect to transactions entered into pursuant to this section. In the event of malfeasance in office, the school district official invested by the governing board with authority to act under this section shall be personally liable for any and all moneys of the district paid out as a result of the malfeasance.

CHAPTER 6. DEVELOPMENT FEES, CHARGES, AND DEDICATIONS

17620. (a) (1) The governing board of any school district is authorized to levy a fee, charge, dedication, or other requirement against any development project within the boundaries of the district, for the purpose of funding the construction or reconstruction of school facilities, subject to any limitations set forth in Chapter 4.9 (commencing with Section 65995) of Division 1 of Title 7 of the Government Code. This fee, charge, dedication, or other requirement may be applied to construction only as follows:

(A) To new commercial and industrial construction. The chargeable covered and enclosed space of a commercial or industrial development project, as defined in Section 65995 of the Government Code, shall not be deemed to include the square footage of any structure existing on the site of that development project as of the date the first building permit is issued for any portion of that development project.

(B) To new residential construction.

(C) To other residential construction, only if the resulting increase in assessable space, as defined in Section 65995 of the Government Code, exceeds 500 square feet. The calculation of the "resulting increase in assessable space" for this purpose shall reflect any decrease in assessable space in the same residential structure that also results from that construction. Where authorized under this paragraph, the fee, charge, dedication, or other requirement is applicable to the total resulting increase in assessable space.

(2) For purposes of this section, "development project" means any project undertaken for the purpose of development, and includes a project involving the issuance of a permit for construction or reconstruction, but not a permit to operate.

(3) For purposes of this section, "construction or reconstruction of school facilities" does not include any item of expenditure for any of the following:

(A) The regular maintenance or routine repair of school buildings and facilities.

(B) The inspection, sampling, analysis, encapsulation, or removal of asbestos-containing materials, except where incidental to school facilities construction or reconstruction for which the expenditure of fees or other consideration collected pursuant to this section is not prohibited.

(C) The purposes of deferred maintenance described in Section 17582.

(4) The appropriate city or county may be authorized, pursuant to contractual agreement with the governing board, to collect and otherwise administer, on behalf of the school district, any fee, charge, dedication, or other requirement levied under this subdivision. In the event of any agreement authorizing a city or county to collect that fee, charge, dedication, or other requirement in any area within the school district, the certification requirement set forth in subdivision (b) or (c), as appropriate, is deemed to be complied with as to any residential development project within that area upon receipt by that city or county of payment of the fee, charge, dedication, or other requirement imposed on that project.

(5) Fees or other consideration collected pursuant to this section may be expended by a school district for the costs of performing any study or otherwise making the findings and determinations required under subdivisions (a), (b), and (d) of Section 66001 of the Government Code. In addition, an amount not to exceed, in any fiscal year, 3 percent of the fees collected in that fiscal year pursuant to this section may be retained by the school district, city, or county, as appropriate, for reimbursement of the administrative costs incurred by that entity in collecting the fees. When any city or county is entitled, under an agreement as described in paragraph (4), to compensation in excess of that amount, the payment of that excess compensation shall be made from other revenue sources available to the school district.

(b) No city or county, whether general law or chartered, may issue a building permit for any development absent certification by the appropriate school district of compliance by that development project with any fee, charge, dedication, or other requirement levied by the governing board of that school district pursuant to subdivision (a), or of the district's determination that the fee, charge, dedication, or other requirement does not apply to the development project.

(c) If, pursuant to subdivision (c) of Section 17621, the governing board specifies that the fee, charge, dedication, or other requirement levied under subdivision (a) is subject to the restriction set forth in subdivision (a) of Section 66007 of the Government Code, the restriction set forth in subdivision (b) of this section does not apply.

In that event, however, no city or county, whether general law or chartered, may conduct a final inspection or issue a certificate of occupancy, whichever is later, for any residential development project absent certification by the appropriate school district of compliance by that development project with any fee, charge, dedication, or other requirement levied by the governing board of that school district pursuant to subdivision (a).

(d) Neither subdivision (b) nor (c) shall apply to a city or county as to any fee, charge, dedication, or other requirement as described in subdivision (a), or as to any increase in that fee, charge, dedication, or other requirement, except upon the receipt by that city or county of notification of the adoption of, or increase in, the fee or other requirement in accordance with subdivision (c) of Section 17621.

17621. (a) Any resolution adopting or increasing a fee, charge, dedication, or other requirement pursuant to Section 17620, for application to residential, commercial, or industrial development, shall be enacted in accordance with Chapter 5 (commencing with Section 66000) of Division 1 of Title 7 of the Government Code, with Section 54994.1 of the Government Code, and with the procedures for mailed notice set forth in Section 54992 of the Government Code. The adoption, increase, or imposition of any fee, charge, dedication, or other requirement pursuant to Section 17620 shall not be subject to Division 13 (commencing with Section 21000) of the Public Resources Code. The adoption of, or increase in, the fee, charge, dedication, or other requirement shall be effective no sooner than 60 days following the final action on that adoption or increase, except as specified in subdivision (b).

(b) Without following the procedure otherwise required for adopting or increasing a fee, charge, dedication, or other requirement, the governing board of a school district may adopt an urgency measure as an interim authorization for a fee, charge, dedication, or other requirement, or increase in a fee, charge, dedication, or other requirement, where necessary to respond to a current and immediate threat to the public health, welfare, or safety. The interim authorization shall require a four-fifths vote of the governing board for adoption, and shall contain findings describing the current and immediate threat to the public health, welfare, or safety. The interim authorization shall have no force or effect on and after a date 30 days after its adoption. After notice and hearing in accordance with subdivision (a), the governing board, upon a four-fifths vote of the board, may extend the interim authority for an additional 30 days. Not more than two extensions may be granted.

(c) Upon adopting or increasing a fee, charge, dedication, or other requirement pursuant to subdivision (a) or (b), the school district shall transmit a copy of the resolution to each city and each county in which the district is situated, accompanied by all relevant supporting documentation and a map clearly indicating the boundaries of the area subject to the fee, charge, dedication, or other

requirement. The school district governing board shall specify, pursuant to that notification, whether or not the collection of the fee or other charge is subject to the restriction set forth in subdivision (a) of Section 66007 of the Government Code.

(d) Any party on whom a fee, charge, dedication, or other requirement has been directly imposed pursuant to Section 17620 may protest the establishment or imposition of that fee, charge, dedication, or other requirement in accordance with Section 66020 of the Government Code, except that the procedures set forth in Section 66021 of the Government Code are deemed to apply, for this purpose, to commercial and industrial development, as well as to residential development.

(e) In the case of any commercial or industrial development, the following procedures shall also apply:

(1) The school district governing board shall, in the course of making the findings required under subdivisions (a) and (b) of Section 66001 of the Government Code, do all of the following:

(A) Make the findings on either an individual project basis or on the basis of categories of commercial or industrial development. Those categories may include, but are not limited to, the following uses: office, retail, transportation, communications and utilities, light industrial, heavy industrial, research and development, and warehouse.

(B) Conduct a study to determine the impact of the increased number of employees anticipated to result from the commercial or industrial development upon the cost of providing school facilities within the district. For the purpose of making that determination, the study shall utilize employee generation estimates that are calculated on either an individual project or categorical basis, in accordance with subparagraph (A). Those employee generation estimates shall be based upon commercial and industrial factors within the district or upon, in whole or in part, the applicable employee generation estimates set forth in the January 1990 edition of "San Diego Traffic Generators," a report of the San Diego Association of Governments.

(C) The governing board shall take into account the results of that study in making the findings described in this subdivision.

(2) In addition to any other requirement imposed by law, in the case of any development project against which a fee, charge, dedication, or other requirement is to be imposed pursuant to Section 53080 on the basis of a category of commercial or industrial development, as described in paragraph (1), the governing board shall provide a process that permits the party against whom the fee, charge, dedication, or other requirement is to be imposed the opportunity for a hearing to appeal that imposition. The grounds for that appeal include, but are not limited to, the inaccuracy of including the project within the category pursuant to which the fee, charge, dedication, or other requirement is to be imposed, or that the employee generation or pupil generation factors utilized under the

applicable category are inaccurate as applied to the project. The party appealing the imposition of the fee, charge, dedication, or other requirement shall bear the burden of establishing that the fee, charge, dedication, or other requirement is improper.

17622. (a) No fee, charge, dedication, or other requirement may be levied by any school district pursuant to Section 17620 upon any greenhouse or other space that is covered or enclosed for agricultural purposes, unless and until the district first complies with subdivisions (b) and (c).

(b) The school district governing board shall make a finding, supported by substantial evidence, of both of the following:

(1) The amount of the proposed fees or other requirements and the location of the land, if any, to be dedicated, bear a reasonable relationship and are limited to the needs of the community for elementary or high school facilities caused by the development.

(2) The amount of the proposed fees or other requirements does not exceed the estimated reasonable cost of providing for the construction or reconstruction of the school facilities necessitated by the development projects from which the fees or other requirements are to be collected.

(c) In determining the amount of the fees or other requirements, if any, to be levied on the development of any structure as described in subdivision (a), the school district governing board shall consider the relationship between the proposed increase in the number of employees, if any, the size and specific use of the structure, and the cost of the construction. No fee, charge, dedication, or other form of requirement, as authorized under Section 17620, shall be applied to the development of any structure described in subdivision (a) where the governing board finds either that the number of employees is not increased as a result of that development, or that housing has been provided for those employees, to the extent of any increase, by their employer, against which housing a fee, charge, or dedication, or other form of requirement has been applied under Section 17620. In developing the finding described in this section, the governing board shall consult with the county agricultural commissioner or the county director of the cooperative extension service.

17623. In the event the fee authorized pursuant to Section 17620 is levied by two nonunified school districts having common territorial jurisdiction, in a total amount that exceeds the maximum fee authorized under Section 65995 of the Government Code, the fee revenue for the area of common jurisdiction shall be distributed in the following manner:

(a) The governing boards of the affected school districts shall enter into an agreement specifying the allocation of fee revenue and the duration of the agreement. A copy of that agreement shall be transmitted by each district to the State Allocation Board.

(b) In the event the affected school districts are unable to reach an agreement pursuant to subdivision (a), the districts shall jointly

submit the dispute to a three-member arbitration panel composed of one representative chosen by each of the districts and one representative chosen jointly by both of the districts. The decision of the arbitration panel shall be final and binding upon both districts for a period of three years.

17624. (a) Any school district that has imposed or, subsequent to the operative date of this section, imposes, any fee, charge, dedication, or other requirement under Section 17620 against any development project that subsequently meets the description set forth in subdivision (b), shall repay or reconvey, as appropriate, that fee, charge, dedication, or other requirement to the person or persons from whom that fee, charge, dedication, or other requirement was collected, less the amount of the administrative costs incurred in collecting and repaying the fee, charge, dedication, or other requirement.

(b) This section applies to any development project for which the building permit, including any extensions, expires on or after January 1, 1990, without the commencement of construction, as defined in subdivision (c) of Section 65995 of the Government Code.

17625. Notwithstanding any other law, any fee, charge, dedication, or other form of requirement levied by the governing board of a school district under Section 17620 may apply, as to any manufactured home or mobilehome, only pursuant to compliance with all of the following conditions:

(1) The fee, charge, dedication, or other form of requirement is applied to the initial location, installation, or occupancy of the manufactured home or mobilehome within the school district.

(2) The manufactured home or mobilehome is to be located, installed, or occupied on a space or site on which no other manufactured home or mobilehome was previously located, installed, or occupied.

(3) The manufactured home or mobilehome is to be located, installed, or occupied on a space in a mobilehome park, or on any site or in any development outside a mobilehome park, on which the construction of the pad or foundation system commenced after September 1, 1986.

(b) Compliance on the part of any manufactured home or mobilehome with any fee, charge, dedication, or other form of requirement, as described in subdivision (a), or certification by the appropriate school district of that compliance, shall be required as a condition of the following, as applicable:

(1) The close of escrow, where the manufactured home or mobilehome is to be located, installed, or occupied on a mobilehome park space, or on any site or in any development outside a mobilehome park, as described in subdivision (a), and the sale or transfer of the manufactured home or mobilehome is subject to escrow as provided in Section 18035 or 18035.2 of the Health and Safety Code.

(2) The approval of the manufactured home or mobilehome for occupancy pursuant to Section 18551 or 18613 of the Health and Safety Code, in the event that paragraph (1) does not apply.

(c) No fee or other requirement levied under Section 17620 shall be applied to any of the following:

(1) Any manufactured home or mobilehome located, installed, or occupied on a space in a mobilehome park on or before September 1, 1986, or on any date thereafter, if construction on that space, pursuant to a building permit, commenced on or before September 1, 1986.

(2) Any manufactured home or mobilehome located, installed, or occupied on any site outside of a mobilehome park on or before September 1, 1986, or on any date thereafter if construction on that site pursuant to a building permit commenced on or before September 1, 1986.

(3) The replacement of or addition to a manufactured home or mobilehome located, installed, or occupied on a space in a mobilehome park, subsequent to the original location, installation, or occupancy of any manufactured home or mobilehome on that space.

(4) The replacement of a manufactured home or mobilehome that was destroyed or damaged by fire or any form of natural disaster.

(5) A manufactured home or mobilehome accessory structure, as defined in Section 18008.5 or 18213 of the Health and Safety Code.

(6) The conversion of a rental mobilehome park to a subdivision, cooperative, or condominium for mobilehomes, or its conversion to any other form of resident ownership of the park, as described in Section 50561 of the Health and Safety Code.

(d) Where any fee or other requirement levied under Section 17620 is required as to any manufactured home or mobilehome that is subsequently replaced by a permanent residential structure constructed on the same lot, the amount of that fee or other requirement shall apply toward the payment of any fee or other requirement under Section 17620 applied to that permanent residential structure.

(e) Notwithstanding any other provision of law, any school district that, on or after January 1, 1987, collected any fee, charge, dedication, or other form of requirement from any manufactured home, mobilehome, mobilehome park, or other development, shall immediately repay the fee, charge, dedication, or other form of requirement to the person or persons who made the payment to the extent the fee, charge, dedication, or other form of requirement collected would not have been authorized under subdivision (a). This subdivision shall not apply, however, to the extent that, pursuant to Section 16 of Article I of the California Constitution, it would impair the obligation of any contract entered into by any school district, on or before the effective date of this section.

(f) For purposes of this section, "manufactured home," "mobilehome," and "mobilehome park" have the meanings set forth

in Sections 18007, 18008, and 18214, respectively, of the Health and Safety Code.

(g) (1) Whenever a manufactured home or a mobilehome owned by a person 55 years of age or older who is also a member of a lower income household as defined by Section 50079.5 of the Health and Safety Code, and which has been moved from a mobilehome park space located in one school district, where the mobilehome owner has resided, to a space or lot located in a mobilehome park or a subdivision, cooperative, or condominium for mobilehomes or manufactured homes located in another school district, is subject to any fee or other requirement under Section 17620, this section, and Chapter 4.9 (commencing with Section 65995) of Division 1 of Title 7 of the Government Code, the district in which the manufactured home or mobilehome has been newly located may waive the fee or other requirement under Section 53080, this section, and Chapter 4.9 (commencing with Section 65995) of Division 1 of Title 7 of the Government Code, or otherwise shall be required to grant the homeowner the necessary approval for occupancy of the home, and permission to pay the amount of the fee or other requirement thereafter, in installments, over a period totaling no less than 36 months. A school district may require that the installments be paid monthly, quarterly, or every six months during the 36-month period, and that the fee be secured as a lien perfected against the mobilehome or manufactured home pursuant to Section 18080.7 of the Health and Safety Code.

(2) Costs of filing the lien and reasonable late charges or interest may be added to the amount of the lien. This subdivision does not apply where a school facilities fee, charge, or other requirement is imposed pursuant to Section 65995.2 of the Government Code.

17626. (a) A fee, charge, dedication, or other requirement authorized under Section 17620, whether or not allowable under Chapter 6 (commencing with Section 66010) of Division 1 of Title 7 of the Government Code, may not be applied to the reconstruction of any residential, commercial, or industrial structure that is damaged or destroyed as a result of a disaster, except to the extent the square footage of the reconstructed structure exceeds the square footage of the structure that was damaged or destroyed. That square footage comparison shall be made, in the case of a commercial or industrial structure, on the basis of chargeable covered and enclosed space, as defined in Section 65995 of the Government Code, or, in the case of a residential structure, on the basis of assessable space, as defined in Section 65995 of the Government Code.

(b) The following definitions apply for the purposes of this section:

(1) "Disaster" means a fire, earthquake, landslide, mudslide, flood, tidal wave, or other unforeseen event that produces material damage or loss.

(2) "Reconstruction" means the construction of property that replaces, and is equivalent in kind to, the damaged or destroyed property.

CHAPTER 7. ENERGY EFFICIENCY

17650. The Legislature finds and declares that it is in the interest of the state and of the people thereof for the state to aid school districts in finding cost-effective methods of conserving energy in school buildings maintained by the districts. The Legislature also finds that while many districts may desire to participate in energy conservation programs designed to reduce the steadily rising costs of meeting the energy needs of school buildings, that the costs involved in improving existing school facilities to become more energy efficient are often prohibitive.

It is the intent of the Legislature in enacting this chapter to encourage school districts to retrofit school buildings so as to conserve energy and reduce the costs of supplying energy.

17651. (a) School districts may borrow funds from federal or state regulated financial institutions for the purposes of design and construction costs associated with retrofitting school buildings to become more energy efficient. School districts shall only be authorized to borrow an amount which does not exceed that which can be repaid from energy cost avoidance savings accumulated from the improvement of school facilities.

(b) Any savings and loan association may make loans or advances of credit pursuant to subdivision (a) in an amount not in excess of 5 percent of its total assets. This investment may be in addition to any other investment savings and loan associations are permitted to undertake under Section 6705.7 of the Financial Code.

17652. To the extent that these services are available, school districts shall arrange for the preaudit and postaudit of school buildings by investor-owned or municipal utility companies or by independent energy audit companies or organizations which are recognized by federal or state regulated financial institutions. The preaudit shall identify the type and amount of work necessary to retrofit the buildings and shall include an estimate of projected energy savings. The postaudit shall be conducted upon completion of the retrofitting of the school buildings to ensure that the project satisfies the recommendations of the preaudit.

17653. School districts taking action under this chapter shall contract with qualified businesses capable of retrofitting school buildings. To the extent that lists of qualified businesses are made available to school districts by investor-owned or municipal utility companies or federal or state regulated financial institutions, school districts may utilize the services of these businesses.

SEC. 4. Part 10.5 (commencing with Section 17900) of the Education Code is repealed.

SEC. 5. Part 23 (commencing with Section 38000) is added to the Education Code, to read:

PART 23. SUPPLEMENTAL SERVICES

CHAPTER 1. SECURITY DEPARTMENTS

38000. (a) The governing board of any school district may establish a security department under the supervision of a chief of security or a police department under the supervision of a chief of police, as designated by, and under the direction of, the superintendent of the school district. In accordance with Chapter 5 (commencing with Section 45100) of Part 25, the governing board may employ personnel to ensure the safety of school district personnel and pupils and the security of the real and personal property of the school district. In addition, a school district may assign a school police reserve officer who is deputized pursuant to Section 35021.5 to a schoolsite to supplement the duties of school police personnel pursuant to this section. It is the intention of the Legislature in enacting this section that a school district police or security department is supplementary to city and county law enforcement agencies and is not vested with general police powers.

(b) The governing board of a school district that establishes a security department or a police department shall set minimum qualifications of employment for the chief of security or chief of police, respectively, including, but not limited to, prior employment as a peace officer or completion of any peace officer training course approved by the Commission on Peace Officer Standards and Training. A chief of security or chief of police shall comply with the prior employment or training requirement set forth in this subdivision as of January 1, 1993, or a date one year subsequent to the initial employment of the chief of security or chief of police by the school district, whichever occurs later. This subdivision shall not be construed to require the employment by a school district of any additional personnel.

38001. Persons employed and compensated as members of a police department of a school district, when appointed and duly sworn, are peace officers, for the purposes of carrying out their duties of employment pursuant to Section 830.32 of the Penal Code.

38002. Moneys transferred into the general fund of any school district pursuant to Section 1463.12 of the Penal Code may be made available for the following purposes:

(a) The training of persons employed and compensated as members of a police department of a school district, pursuant to the requirements or approval of the Commission on Peace Officer Standards and Training.

(b) The training of persons employed and compensated as members of a police department of a school district in other public safety skills, including, but not limited to, all of the following:

(1) First aid.

(2) Rescue.

(3) Cardiopulmonary resuscitation.

(4) Emergency medical technician training.

(5) Juvenile procedures.

(6) Specialized safety equipment.

38003. Persons employed and compensated as members of a security or police department of a school district shall be supplied with and authorized to wear a badge bearing the name of the school district. The employee shall carry a suitable identification card bearing his or her photograph and signature and the signature of the superintendent of the school district. The employee shall also carry such other identification data as may be required by local law enforcement agencies. The governing board may direct the wearing of a distinctive uniform and shall prescribe same. The costs of required uniforms, equipment, identification badges, and cards shall be borne by the district.

38004. The governing board of a school district which establishes a security or police department may provide and maintain motor vehicles for the use of the department. Any vehicle, when operated in the performance of his or her duties by any member of the police department, is an authorized emergency vehicle and may be equipped and operated as such as provided by the Vehicle Code.

38005. The governing board of any school district may contract with a private licensed security agency to insure the safety of school district personnel and pupils and the security of the real and personal property of the school district when the personnel normally required to provide such service fail to do so because of an emergency including, but not limited to, war, epidemic, fire, flood, or work stoppage; or when such an emergency necessitates additional security services.

This section shall apply only if the governing board by a majority vote makes a specific finding that an emergency exists, and that this finding is included in the board minutes.

CHAPTER 2. TRANSPORTATION

Article 1. General Provisions

38020. The governing board of any school district may provide for the transportation of pupils to and from school whenever in the judgment of the board such transportation is advisable and good reasons exist therefor. The governing board may purchase or rent and provide for the upkeep, care, and operation of vehicles, or may contract and pay for the transportation of pupils to and from school

by common carrier or municipally owned transit system, or may contract with and pay responsible private parties for the transportation. Such contracts may be made with the parent or guardian of the pupil being transported. A governing board may allow the transportation in schoolbuses owned or operated by the district of preschool or nursery school pupils. No state reimbursement may be received by a district for the transportation of such pupils.

Whenever the term "municipally owned transit system" appears in this article, it means a transit system owned by a city, or by a district created under Part 1 (commencing with Section 24501) of Division 10 of the Public Utilities Code.

38021. The governing board of any school district may contract with the county superintendent of schools to provide necessary transportation services. The county superintendent of schools, acting pursuant to such a contract, shall have all the powers and duties granted to governing boards by this article.

38022. The governing board of any school district may contract for the transportation of matriculated or enrolled adults, or provide transportation to adults in district-owned equipment for educational purposes other than to and from school.

Any district which contracts to provide or provides transportation to adults pursuant to this section may charge adults all or part of the costs of contracting for or providing such transportation services.

38023. In order to procure the service at the lowest possible figure consistent with proper and satisfactory service, the governing board shall, whenever an expenditure of more than ten thousand dollars ($10,000) is involved, secure bids pursuant to Sections 20111 and 20112 of the Public Contract Code whenever it is contemplated that a contract may be made with a person or corporation other than a common carrier or a municipally owned transit system or a parent or guardian of the pupils to be transported. The governing board may let the contract for the service to other than the lowest bidder.

38024. (a) Continuing contracts for the furnishing of transportation of pupils in school districts to and from school, if made, shall be made for a term not to exceed five years. Such contracts shall be renewable at the option of the school district and the party contracting to provide transportation services, jointly, at the end of each term of the contract. The contract as renewed shall include, other than the rates of the previous contract, all of the terms and conditions of the previous contract, including any provisions increasing rates based on increased costs.

(b) Continuing contracts may be made for the lease or rental of schoolbuses, not to exceed five years, except that if such a lease or rental contract provides that the district may exercise an option either to purchase the buses or to cancel the lease at the end of each annual period during the period of the contract, such contract may be made for a term not to exceed 10 years.

(c) Notwithstanding any other provisions of law to the contrary, continuing contracts executed under the provisions of this section may be negotiated annually within the contract period when economic factors indicate such negotiation is necessary to maintain an equitable pricing structure. Such renegotiation shall be subject to the approval of both contracting parties.

(d) Any rental, lease, or lease-purchase of a schoolbus shall comply with all applicable provisions of Article 3 (commencing with Section 17450) of Chapter 4 of Part 10.5.

38025. In bidding on contracts to be made pursuant to Section 39803, bidders may include in their bids abstractions of their quotations indicating the pricing structure used to compute the annual lease or rental payments for the sole purpose of identifying that portion of each annual lease or rental payment which may represent tax exemption reimbursement to the vendor, lessor or to their assignees.

38026. In lieu of providing in whole or in part for the transportation of a pupil attending the schools of a district, the governing board may pay to the parents or guardian of the pupil a sum not to exceed the cost of actual and necessary travel incurred in transporting such pupils to and from the regular day schools of the district. No payments shall be made pursuant to this section unless it will be more economical to make the payments than to provide for said transportation.

38027. In lieu of furnishing transportation to pupils attending the schools of a school district, the governing board may pay to the parents or guardian of each pupil the cost of food and lodging of the pupil at a place convenient to the schools. The amount paid on account of each pupil shall not exceed the estimated cost to the district of providing for the transportation of the pupil to and from his or her home and the school he or she attends.

38028. When the governing board of any school district provides for the transportation of pupils to and from schools in accordance with the provisions of Section 38020, or between the regular full-time day schools they would attend and the regular full-time occupational training classes attended by them as provided by a regional occupational center or program, the governing board of the district may require the parents and guardians of all or some of the pupils transported, to pay a portion of the cost of such transportation in an amount determined by the governing board.

The amount determined by the board shall be no greater than the statewide average nonsubsidized cost of providing such transportation to a pupil on a publicly owned or operated transit system as determined by the Superintendent of Public Instruction, in cooperation with the Department of Transportation.

For the purposes of this section, "nonsubsidized cost" means actual operating costs less federal subventions.

The governing board shall exempt from these charges pupils of parents and guardians who are indigent as set forth in rules and regulations adopted by the board.

No charge under this section shall be made for the transportation of handicapped children.

Nothing in this section shall be construed to sanction, perpetuate, or promote the racial or ethnic segregation of pupils in the schools.

38029. The governing board of any school district may allow pupils entitled to attend the school of the district, but in attendance at a school other than a public school, under the provisions of Section 48222, transportation upon the same terms and in the same manner and over the same routes of travel as is permitted pupils attending the district school.

The allowance of this section shall be restricted to actual transportation when furnished by the district to children attending the district school, and nothing in this section shall be construed to authorize or permit in lieu of transportation payments of money to parents or guardians of children attending private schools.

38030. (a) In no case shall the sum of the state aid received and the parent fees collected in a fiscal year exceed actual operating cost of home-to-school transportation in that fiscal year.

(b) If excess fees are collected due to errors in estimated costs, fees shall be reduced in succeeding years.

(c) The governing board shall certify to the county superintendent that districts have levied fees in accordance with law, and that fees have been reduced and excess fee revenue eliminated whenever excess fees have been charged.

Article 2. State Reimbursement

38040. Notwithstanding any other law, the governing board of any school district may provide, beginning in the 1975–1976 fiscal year, for the transportation to and from public school of pupils who have attained the age of three years and nine months and are enrolled in classes established pursuant to Section 52023, whenever in the judgment of the board, transportation is advisable and good reasons exist therefor. A governing board may allow for the transportation of parents of pupils enrolled in these classes for the purpose of accompanying their children to and from the attendance center offering the early primary classes.

Districts shall receive state reimbursements for the transportation of these pupils pursuant to Article 10 (commencing with Section 41850) of Chapter 5 of Part 24.

Article 3. Schoolbuses

38045. A schoolbus is any motor vehicle designed, used, or maintained for the transportation of any school pupil at or below the

12th-grade level to or from a public or private school or to or from public or private school activities, except the following:

(a) A motor vehicle of any type carrying only members of the household of the owner thereof.

(b) A motortruck transporting pupils who are seated only in the passenger compartment, and a passenger vehicle designed for and when actually carrying not more than 10 persons, including the driver, except any vehicle or truck transporting two or more handicapped pupils confined to wheelchairs.

(c) A motor vehicle operated by a common carrier, or by and under exclusive jurisdiction of a publicly owned or operated transit system, only during the time it is on a scheduled run and is available to the general public or on a run scheduled in response to a request from a handicapped pupil confined to a wheelchair, or from a parent of the handicapped pupil, for transportation to or from nonschool activities. However, the motor vehicle is designed for and actually carries not more than 16 persons and the driver, is available to eligible persons of the general public, and the school does not provide the requested transportation service.

(d) A school pupil activity bus as defined in Section 38046.

(e) A motor vehicle operated by a carrier licensed by the Interstate Commerce Commission which is transporting pupils on a school activity entering or returning to the state from another state or country.

(f) A state-owned motor vehicle being operated by a state employee upon the driveways, paths, parking facilities, or grounds specified in Section 21113 of the Vehicle Code that are under the control of a state hospital under the jurisdiction of the State Department of Developmental Services where the posted speed limit is not more than 20 miles per hour. The motor vehicle may also be operated for a distance of not more than one-quarter mile upon a public street or highway that runs through the grounds of a state hospital under the jurisdiction of the State Department of Developmental Services, if the posted speed limit on the public street or highway is not more than 25 miles per hour and if all traffic is regulated by posted stop signs or official traffic control signals at the points of entry and exit by the motor vehicle.

38046. A "school pupil activity bus" is any motor vehicle, other than a schoolbus, operated by a common carrier, or by and under the exclusive jurisdiction of a publicly owned or operated transit system, or by a passenger charter-party carrier, used under a contractual agreement between a school and carrier to transport school pupils at or below the 12th-grade level to or from a public or private school activity, or used to transport pupils to or from residential schools, when the pupils are received and discharged at off-highway locations where a parent or adult designated by the parent is present to accept the pupil or place the pupil on the bus. As used in this section, "common carrier," "publicly owned or operated transit system," and

"passenger charter-party carrier" mean carriers in business for the principal purpose of transporting members of the public on a commercial basis. This section shall not apply to a motor vehicle operated by a carrier licensed by the Interstate Commerce Commission transporting pupils on a school activity trip entering or returning to the state from another state or country.

The driver of a school pupil activity bus shall be subject to the regulations adopted by the California Highway Patrol governing schoolbus drivers, except that the regulations shall not require drivers to duplicate training or schooling that they have otherwise received which is equivalent to that required pursuant to the regulations, and the regulations shall not require drivers to take training in first aid. However, a valid certificate to drive a school pupil activity bus shall not entitle the bearer to drive a schoolbus.

38047. The State Board of Education shall adopt reasonable regulations relating to the use of schoolbuses by school districts and others. The regulations shall not include the safe operation of schoolbuses which regulations shall be adopted instead by the Department of the California Highway Patrol pursuant to Section 34500 of the Vehicle Code.

The Department of the California Highway Patrol shall adopt regulations relating to the safe operation of schoolbuses which shall include requiring school district governing boards to include in their schoolbus driver training programs, the proper actions to be taken in the event that a schoolbus is hijacked.

38048. (a) All pupils in prekindergarten, kindergarten, and grades 1 to 12, inclusive, in public or private school who are transported in a schoolbus or school pupil activity bus shall receive instruction in schoolbus emergency procedures and passenger safety. The county superintendent of schools, superintendent of the school district, or owner/operator of a private school, as applicable, shall ensure that the instruction is provided as follows:

(1) Upon registration, the parents or guardians of all pupils not previously transported in a schoolbus or school pupil activity bus and who are in prekindergarten, kindergarten, and grades 1 to 6, inclusive, shall be provided with written information on schoolbus safety. The information shall include, but not be limited to, all of the following:

(A) A list of schoolbus stops near each pupil's home.

(B) General rules of conduct at schoolbus loading zones.

(C) Red light crossing instructions.

(D) Schoolbus danger zone.

(E) Walking to and from schoolbus stops.

(2) At least once in each school year, all pupils in prekindergarten, kindergarten, and grades 1 to 8, inclusive, who receive home-to-school transportation shall receive safety instruction which includes, but is not limited to, proper loading and unloading procedures, including escorting by the driver, proper passenger

conduct, bus evacuation, and location of emergency equipment. Instruction also may include responsibilities of passengers seated next to an emergency exit. As part of the instruction, pupils shall evacuate the schoolbus through emergency exit doors.

(3) Prior to departure on a school activity trip, all pupils riding on a schoolbus or school pupil activity bus shall receive safety instruction which includes, but is not limited to, location of emergency exits, and location and use of emergency equipment. Instruction also may include responsibilities of passengers seated next to an emergency exit.

(b) The following information shall be documented each time the instruction required by paragraph (2) of subdivision (a) is given:

(1) Name of school district, county office of education, or private school.

(2) Name and location of school.

(3) Date of instruction.

(4) Names of supervising adults.

(5) Number of pupils participating.

(6) Grade levels of pupils.

(7) Subjects covered in instruction.

(9) Bus driver's name.

(10) Bus number.

(11) Additional remarks.

The information recorded pursuant to this subdivision shall remain on file at the district or county office, or at the school, for one year from the date of the instruction, and shall be subject to inspection by the Department of the California Highway Patrol.

38049. The name or names of the particular school or schools to which a schoolbus conveys pupils may be painted on the side of the bus, in the manner prescribed by the Department of the California Highway Patrol.

38050. Any officer, agent, or employee of a school district, or any other person knowingly operating, or permitting or directing the operation of a schoolbus in violation of any regulation or order of the Department of the California Highway Patrol, and any person knowingly operating a school bus without possessing the qualifications required by the Department of the California Highway Patrol for schoolbus operators, is guilty of a misdemeanor.

38051. (a) Except as provided in subdivision (b), any officer, agent, or employee of a school district, office of the county superintendent of schools, or joint powers agency, or any other person, knowingly operating, or permitting or directing the operation of a schoolbus, when it is loaded with schoolchildren in excess of the limits of its seating capacity, is guilty of a misdemeanor.

(b) The governing board of any school district, office of the county superintendent of schools, or joint powers agency may adopt a district policy establishing plans for the evacuation of pupils in case

of any emergency which may provide, where necessary, for the loading of schoolchildren on a schoolbus in excess of the limits of its seating capacity.

(c) As used in this subdivision, "emergency" means a natural disaster or hazard which requires that pupils be moved immediately in order to ensure their safety.

38052. (a) The governing board of any school district may use schoolbuses to transport persons for purposes of community recreation as provided in Sections 10900 to 10915, inclusive, of this code. The transportation may be provided on any day or days throughout the school year.

(b) Any school district which files forms with the Superintendent of Public Instruction covering the annual report of transportation expense in connection with reimbursement for transportation shall show on said forms the total mileage of schoolbuses used in providing transportation for community recreation purposes. The Superintendent of Public Instruction, in accordance with regulations adopted by him or her, shall deduct from the allowances to a school district for transportation an amount equal to the depreciation of schoolbuses due to their use in transporting persons for community recreation.

38053. During any national emergency declared by the President of the United States of America or during any war in which the United States of America is engaged, the governing board of a school district may operate any bus owned or under lease to the district for the transportation of pupils of the district engaged in the harvesting of crops to and from the places of harvest and shall require the payment of a reasonable charge for transportation furnished.

38054. The governing board of any school district may use and operate any bus owned or under lease to the district for the transportation of pupils to and from their places of employment during the summer in connection with any summer employment program for youth. The governing board shall require the payment of a reasonable charge for transportation so furnished. The governing board shall, in accordance with Section 35208, adequately insure against the liability of the district, members of the board, and officers and employees of the district in connection with the furnishing of transportation.

38055. The governing board of any school district may provide for the transportation of employees of the district and of parents of pupils of the district to and from educational activities authorized by the district.

38056. Each schoolbus shall be equipped with one or more fire extinguishers bearing the approval of the laboratories of the National Board of Fire Underwriters, Underwriters' Laboratories Incorporated, or any other nationally recognized testing laboratory, and located in an easily accessible place in the driver's compartment.

Each schoolbus shall be equipped with one or more fire extinguishers with an aggregate rating of at least 8-B, C units, as rated by the Underwriters' Laboratories Incorporated. Carbon tetrachloride fire extinguishers shall not be used on schoolbuses.

38057. Guide dogs, signal dogs, and service dogs trained to provide assistance to individuals with a disability may be transported in a schoolbus when accompanied by disabled pupils enrolled in a public or private school or by disabled teachers employed in a public or private school or community college or by persons training the dogs.

38058. The governing board of any school district may enter into a contract under the terms of which the school district grants the use of any schoolbus which is owned or leased by the school district to any federal, state, or local governmental agency for the purpose of providing transportation for employees of the agency to or from their places of employment, or both, if the following conditions are satisfied:

(a) No public transportation is reasonably available to the agency's employees at their place of employment.

(b) The school district normally provides transportation for pupils residing on the governmental agency's property to or from school, or both.

(c) The transportation of the agency's employees does not interfere with the school district's use of schoolbuses for school transportation purposes.

(d) All schoolbus warning lights and exterior lettering or signs that identify the bus as a schoolbus are covered or removed during operation by the federal, state, or local governmental agency.

(e) Mechanical condition of a schoolbus during operation by the federal, state, or local governmental agency is maintained so as to meet or exceed those regulations promulgated by the State Department of Education pursuant to Section 38047 governing the operation of schoolbuses.

(f) Accurate records are maintained which reflect the actual number of miles any schoolbus is driven during times of operation by the federal, state, or local governmental agency, which records are to be made available to the Superintendent of Public Instruction in connection with the annual report of transportation expense made by the school district. The Superintendent of Public Instruction, in accordance with Section 38052, shall deduct from the allowances to a school district for transportation an amount equal to the depreciation of schoolbuses due to their use in transporting employees of a federal, state, or local governmental agency pursuant to this section.

38059. The following requirements shall be included in any agreement entered into between a school district and a publicly owned transit system under which the school district grants the use

(c) Accurate records are maintained which reflect the actual number of miles any schoolbus is driven during times of operation by the transit system.

Article 4. Special Services

38065. The governing board of any school district may contract for the transportation of pupils attending schools within the district to and from any exposition or fair, school activities, or other activities which the governing board determines to be for the benefit of the pupils, in this state, and may pay for the transportation out of any funds of the district available for the purpose.

CHAPTER 3. CAFETERIAS

Article 1. Establishment and Use

38080. The term "cafeteria" as used in this code is considered synonymous with the term "food service."

38081. The governing board of any school district may establish cafeterias in the schools under its jurisdiction whenever in its judgment it is advisable to do so.

38082. Food shall not be sold at any cafeteria operated by a school district to anyone except pupils and employees of any school district, members of the governing board thereof, and members or employees of the fund or association maintaining the cafeteria; provided, however, that nothing herein contained shall prohibit the use of the cafeteria facilities by any work or harvest camp maintained by or within the district, and by persons entitled to use the school under the Civic Center Act; and provided further, that the governing board of any school district operating a cafeteria may exempt by formal resolution of the board other individuals and organizations from the operation of this section including senior citizens participating in any program conducted pursuant to Chapter 6 (commencing with Section 9500) of Division 8.5 of the Welfare and Institutions Code.

38083. Perishable foodstuffs and seasonal commodities needed in the operation of cafeterias may be purchased by the school district in accordance with rules and regulations for such purchase adopted

by the governing board of said district notwithstanding any provisions of this code in conflict with such rules and regulations.

38084. The food served shall be sold to the patrons of the cafeterias at such a price as will pay the cost of maintaining the cafeterias, exclusive of the costs made a charge against the funds of the school district by this chapter, and items made a charge against the funds of the school district by resolution of the governing board under authority of this chapter.

38085. A minimum of 50 percent of the items, other than foods reimbursed under Chapters 13 (commencing with Section 1751) and 13A (commencing with Section 1771) of Title 42 of the United States Code, offered for sale each schoolday at any schoolsite by any entity or organization during regular school hours shall be selected from the following list:

(a) Milk and dairy products, including cheese, yogurt, frozen yogurt, and ice cream.

(b) Full-strength fruit and vegetable juices and fruit drinks containing 50 percent or more full-strength fruit juice, and fruit nectars containing 35 percent or more full-strength fruit juice.

(c) Fresh, frozen, canned, and dried fruits and vegetables.

(d) Nuts, seeds, and nut butters.

(e) Nonconfection grain products, as defined by regulation of the United States Food and Drug Administration, including crackers, bread sticks, tortillas, pizza, pretzels, bagels, muffins, and popcorn.

(f) Meat, poultry, and fish, and their products, including beef jerky, tacos, meat turnovers, pizza, chili and sandwiches.

(g) Legumes and legume products, including bean burritos, chili beans, bean dip, roasted soy beans, and soups.

(h) Any foods which would qualify as one of the required food components of the Type A lunch which is defined in and reimbursable under the National School Lunch Act (Chapter 13 (commencing with Section 1751) of Title 42 of the United States Code).

For the purposes of this section, "item" shall be defined as each separate kind of food offered for sale as a separate unit.

Article 2. Cafeterias, Funds and Accounts

38090. Money received for the sale of food or for any services performed by the cafeterias may be paid into the county treasury to the credit of the "cafeteria fund" of the particular school district.

38091. The cafeteria fund shall be used only for those expenditures authorized by the governing board as necessary for the operation of school cafeterias, including, but not limited to, expenditures for the lease or purchase of additional cafeteria equipment for the central food processing plant, vending machines and their installation and housing, and computer equipment and related software.

Whenever a cafeteria fund is operated pursuant to these provisions, the governing board may authorize the establishment of one or more cafeteria revolving accounts. For accounting purposes, a cafeteria revolving account is to be treated as a revolving cash account of the cafeteria fund, providing that the receipt of income and expenditures made from a cafeteria revolving account become recorded as income and expenditures of the cafeteria fund. Appropriate transfers, replenishments, and deposits between the cafeteria fund and a cafeteria revolving account may occur as are necessary to comply with accounting requirements. A cafeteria revolving account may receive and expend moneys in the same manner and for the same purposes as authorized for a cafeteria account.

The governing board of any school district, or of two or more school districts governed by governing boards of identical personnel, may also make expenditures from the cafeteria fund for the construction, alteration, or improvement of a central food processing plant, for the installation of additional cafeteria equipment for the central food processing plant, and for the lease or purchase of vehicles used primarily in connection with the central food processing plant.

38092. The governing board of any school district with an average daily attendance of over 100,000 may allow as an expenditure from the cafeteria fund or account a share of money agreed upon pursuant to a contract, which is generated from the joint sale of items between the cafeteria and an associated student body student store. The expenditure must result from an agreement entered into by the cafeteria and the associated student body in which pupils will participate in the operation of the store.

38093. The governing board of any school district may establish an account for each cafeteria established in a school of the district, or for all cafeterias established in the schools of the district, in one or more banks. The account shall be known as "The Cafeteria Account of (insert name of district) District." If the account is established for one of several cafeterias, it shall be known as "The Cafeteria Account of the (insert name of school) School of (insert name of district) District." All receipts of the cafeteria, or cafeterias, as the case may be, derived from the sale of food shall be deposited in the account and shall be expended only for the maintenance of the cafeteria, or cafeterias, exclusive of items made a charge against the funds of the school district by this chapter, and items made a charge against the funds of the school district by resolution of the governing board under authority of this chapter.

38094. The governing board of the district shall designate an employee or employees of the district to have custody of the account or accounts, who shall be responsible for the payment into the account or accounts of all moneys required to be paid into the account or accounts, and for all expenditures therefrom, subject to any regulations that the governing board prescribes.

38095. Upon the order of the governing board of any district having a cafeteria fund in the county treasury and establishing an account, or accounts, the county treasurer shall deposit the money in the fund to the account, or accounts, and shall notify the county auditor and county or city and county superintendent of schools of his action. If the money is to be deposited in more than one account, the governing board of the district shall designate the amount to be placed in each account.

Article 3. Cafeterias, Allocation of Charges

38100. The cost of housing and equipping cafeterias is a charge against the funds of the school district. However, when the governing board of a school district deems it necessary, the governing board may make the cost of the lease or purchase of additional cafeteria equipment for a central food processing plant, and of vending machines and their installation and housing, a charge against cafeteria funds. If school district funds are expended for the lease or purchase of additional cafeteria equipment for a central food processing plant, or for the lease, purchase, installation, or housing of vending machines, the governing board may at any time within five years after the expenditure reimburse school district funds from cafeteria funds.

The governing board of a school district may by resolution make the cost of maintenance of the physical plant used in connection with cafeterias, the cost of replacement of equipment and the cost of telephone charges, water, electricity, gas, coal, wood, fuel oil, and garbage disposal a charge against the funds of the school district.

The governing board of any school district, or of two or more school districts governed by governing boards of identical personnel, may also make the cost of the construction, alteration, or improvement of a central food processing plant and the installation of additional cafeteria equipment a charge against cafeteria funds. If district funds are expended for these purposes, the governing board also may at any time within five years after the expenditure reimburse district funds from cafeteria funds.

38101. (a) The governing board of any school district may authorize expenditures from the cafeteria fund or cafeteria account only for those charges from that fund or account that are defined in the California School Accounting Manual or are reported to the State Department of Education on form J-380, as revised April 1990.

(b) A food service program shall not be charged more than once for expenditures for the same service. If a food service program is being charged for a service as a direct cost, the school district shall not also allocate that cost as a direct support cost or indirect cost.

(c) For purposes of this section, an "indirect cost" shall be limited to the lesser of the school district's prior year indirect cost rate as

approved by the State Department of Education or the statewide average approved indirect cost for the second prior fiscal year.

(d) Any charges to, or transfers from, a food service program shall indicate when the charge or transfer was made and shall be accompanied by a written explanation of the purpose of, and basis for, the expenditure.

(e) Nothing in this section authorizes a school district to charge a food service program any charges prohibited by state or federal law or regulation.

(f) If the State Department of Education and the Department of Finance concur that a school district has violated this section, the Superintendent of Public Instruction shall direct that school district to transfer double the amount improperly transferred to the district's general fund from that fund to the district's cafeteria fund or cafeteria account for the subsequent fiscal year which is then to be used for the improvement of the district's food service program. If the school district fails to make that transfer as directed, the superintendent shall reduce the school district's regular apportionment determined pursuant to Section 42238 and increase the district's child nutrition allowance determined pursuant to Section 41350 by double the amount improperly transferred to the district's general fund and that amount is then to be used for improvement of the food service program.

(g) It is the intent of the Legislature in enacting this section that responsible school district officials be held fully accountable for the accounting and reporting of food service programs and that minor and inadvertent instances of noncompliance be resolved in a fair and equitable manner to the satisfaction of the Superintendent of Public Instruction and the Department of Finance.

(h) The Superintendent of Public Instruction, with the approval of the Department of Finance, may waive up to the full transfer amount in subdivision (f) if he or she determines that the noncompliance involved is minor or inadvertent, or both.

38102. The governing board of any school district operating school cafeterias may establish and maintain a cafeteria fund reserve for the purchase, lease, maintenance, or replacement of cafeteria equipment, to be known as the cafeteria equipment reserve. The funds for this reserve are to be derived from the sales of food in the school cafeterias in an amount to be determined by the governing board and may be accumulated from year to year until expended for this purpose. Funds in the cafeteria equipment reserve shall only be used for the purchase, lease, maintenance, or replacement of cafeteria equipment.

Nothing in this section shall prohibit any school district from replacing cafeteria equipment from district funds as provided in Section 38100.

38103. The governing board of a school district shall employ persons for food service positions as part of the classified service,

except that school districts may utilize the services of volunteers for programs that provide meals for senior citizens as authorized pursuant to Chapter 6 (commencing with Section 9500) of Division 8.5 of the Welfare and Institutions Code. Wages, salaries, and benefits, including employer retirement contributions for food service personnel, shall be paid from the general fund of the school district or from the cafeteria fund, at the discretion of the governing board and upon approval of the county superintendent of schools who has responsibility for a countywide payroll/retirement system under Sections 42646 and 85260. Expenses of the general fund under this section for the costs of wages, salaries, and benefits, including employer retirement contributions and other purposes classed as food service, shall be excluded from the definition of "current expense of education" as defined in Section 41372. The governing board may, at any time, order reimbursement from the cafeteria fund or account to the general fund of the district for payments under this section in such amounts as it prescribes but not to exceed food service employee salary, wage and benefit costs actually incurred.

CHAPTER 278

An act to amend Section 35789.5 of, and to add Section 35790.1 to, the Vehicle Code, relating to vehicles.

[Approved by Governor July 25, 1996. Filed with Secretary of State July 25, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 35789.5 of the Vehicle Code is amended to read:

35789.5. (a) The Legislature finds and declares all of the following:

(1) Current restrictions on the movement on the highways of manufactured homes in excess of 14 feet in width has caused the closure of some manufactured housing manufacturing facilities, that have, in turn, relocated to other states in order to compete with interstate commerce.

(2) Those restrictions on the movement of manufactured homes could cause the closure of at least three more manufacturing facilities within the next 12 months, thereby laying off some 500 employees, while at the same time those manufacturing facilities relocate to other states.

(3) The Department of Transportation has a policy allowing permitted loads in excess of 14 feet in width for the general trucking industry and the boating industry.

(4) The Legislature supports allowing the movement on the highways of manufactured homes in excess of 14 feet in width, with appropriate safeguards, because this policy will result in both of the following:

(A) Enable the manufactured housing industry to produce homes for export to other states, thereby keeping jobs within the state and benefiting the state's economy.

(B) Permit the building of manufactured homes with eaves, which provide structural and aesthetic benefits to the homes.

(b) The Legislature further finds and declares that allowing the movement on the highways of manufactured homes that are 16 feet in width, with appropriate safeguards, will benefit the state's economy and will allow production of more affordable and aesthetic manufactured homes.

SEC. 2. Section 35790.1 is added to the Vehicle Code, to read:

35790.1. In addition to the requirements and conditions contained in Section 35790 and notwithstanding any other provision of law, all of the following conditions and specifications shall be complied with to move any manufactured home, as defined in Section 18007 of the Health and Safety Code, that is in excess of 14 feet in total width, but not exceeding 16 feet in total width, exclusive of lights and devices provided for in Sections 35109, 35110, and 35112, upon any highway under the jurisdiction of the entity granting the permit:

(a) For the purposes of width requirements under this code, the overall width of manufactured housing specified in this section shall be the overall width, including roof overhang, eaves, window shades, porch roofs, or any other part of the manufactured house that cannot be removed for the purposes of transporting upon any highway.

(b) Unless otherwise exempted under this code, all combinations of motor vehicles and manufactured housing shall be equipped with service brakes on all wheels. Service brakes required under this subdivision shall be adequate, supplemental to the brakes on the towing vehicle, to enable the combination of vehicles to comply with the stopping distance requirements of Section 26454.

(c) In addition to the requirements contained in Section 26304, the breakaway brake device on any manufactured housing unit equipped with electric brakes shall be powered by a wet cell rechargeable battery that is of the same voltage rating as the brakes and has sufficient charge to hold the brakes applied for not less than 15 minutes.

(d) Notwithstanding any other provision of this code, the weight imposed upon any tire, wheel, axle, drawbar, hitch, or other suspension component on a manufactured housing unit shall not exceed the manufacturer's maximum weight rating for the item or component.

(e) In addition to the requirements in subdivision (d), the maximum allowable weight upon one manufactured housing unit axle shall not exceed 6,000 pounds, and the maximum allowable weight upon one manufactured housing unit wheel shall not exceed 3,000 pounds.

(f) Manufactured housing unit tires shall be free from defects, have at least $^{2}/_{32}$ of an inch tread depth, as determined by tire tread wear indicators, and shall comply with specifications and requirements contained in Section 3280.904(b)(8) of Title 24 of the Code of Federal Regulations.

(g) Manufactured housing unit manufacturers shall provide transporters with a certification of compliance document, certifying the manufactured housing unit complies with the specifications and requirements contained in subdivisions (d), (e), and (f). Each certification of compliance document shall identify, by serial or identification number, the specific manufactured housing unit being transported and shall be signed by a representative of the manufacturer. Each transporter of manufactured housing units shall have in his or her immediate possession a copy of the certification of compliance document and shall make the document available upon request by any member of the Department of the California Highway Patrol, any authorized employee of the Department of Transportation, or any regularly employed and salaried municipal police officer or deputy sheriff.

(h) Manufactured housing unit dealers shall provide transporters with a certification of compliance document, specifying that all modifications, equipment additions, or loading changes by the dealer have not exceeded the gross vehicle weight rating of the manufactured housing unit or the axle and wheel requirements contained in subdivisions (d), (e), and (f). Each certification of compliance document shall identify, by serial or identification number, the specific manufactured housing unit being transported and shall be signed by a representative of the dealer. Each transporter of manufactured housing units shall have in his or her immediate possession a copy of the certification of compliance document and shall make the document available upon request by any member of the Department of the California Highway Patrol, any authorized employee of the Department of Transportation, or any regularly employed and salaried municipal police officer or deputy sheriff.

(i) Transporters of manufactured housing units shall not transport any additional load in, or upon, the manufactured housing unit that has not been certified by the manufactured housing unit's manufacturer or dealer.

(j) Every hitch, coupling device, drawbar, or other connections between the towing unit and the towed manufactured housing unit shall be securely attached and shall comply with Subpart J of Part 3280 of Title 24 of the Code of Federal Regulations.

(k) Manufactured housing units shall be equipped with an identification plate, specifying the manufacturer's name, the manufactured housing unit's serial number, the gross vehicle weight rating of the manufactured housing unit, and the gross weight of the cargo that may be transported in or upon the manufactured housing

unit without exceeding the gross vehicle weight rating. The identification plate shall be permanently attached to the manufactured housing unit and shall be positioned adjacent to, and meet the same specifications and requirements applicable to, the certification label required by Subpart A of Part 3280 of Title 24 of the Code of Federal Regulations.

(*l*) Manufactured housing units shall be subject to all lighting requirements contained in Sections 24603, 24607, 24608, and 24951. When transported during darkness, manufactured housing units shall additionally be subject to Sections 24600 and 25100.

(m) Manufactured housing units shall have all open sides covered by plywood, hard board, or other rigid material, or by other suitable plastics or flexible material. Plastic or flexible side coverings shall not billow or flap in excess of six inches in any one place. Units that are opened on both sides may be transported empty with no side coverings.

(n) Transporters of manufactured housing units shall make available all permits, licenses, certificates, forms, and any other relative document required for the transportation of manufactured housing upon request by any member of the Department of the California Highway Patrol, any authorized employee of the Department of Transportation, or any regularly employed and salaried municipal police officer or deputy sheriff.

(o) The Department of Transportation, in cooperation with the Department of the California Highway Patrol, or the local authority, shall require pilot car or special escort services for the movement of any manufactured housing unit pursuant to this section, and may establish additional reasonable permit regulations, including special routing requirements, as necessary in the interest of public safety and consistent with this section.

(p) The Department of Transportation shall not issue a permit to move a manufactured home that is in excess of 14 feet in total width unless that department determines that all of the conditions and specifications set forth in this section have been met.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 279

An act to amend Section 6107 of the Public Contract Code, relating to public contracts.

[Approved by Governor July 25, 1996. Filed with Secretary of State July 25, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 6107 of the Public Contract Code is amended to read:

6107. (a) As used in this section, "California company" means a sole proprietorship, partnership, joint venture, corporation, or other business entity that was a licensed California contractor on the date when bids for the public contract were opened and meets one of the following:

(1) Has its principal place of business in California.

(2) Has its principal place of business in a state in which there is no local contractor preference on construction contracts.

(3) Has its principal place of business in a state in which there is a local contractor construction preference and the contractor has paid not less than five thousand dollars ($5,000) in sales or use taxes to California for construction related activity for each of the five years immediately preceding the submission of the bid.

(b) (1) When awarding contracts for construction, a state agency shall grant a California company a reciprocal preference as against a nonresident contractor from any state that gives or requires a preference to be given contractors from that state on its public entity construction contracts.

(2) The amount of the reciprocal preference shall be equal to the amount of the preference applied by the state of the nonresident contractor with the lowest responsive bid, except where the resident contractor is eligible for a California small business preference, in which case the preference applied shall be the greater of the two, but not both.

(3) If the contractor submitting the lowest responsive bid is not a California company and has its principal place of business in any state that gives or requires the giving of a preference on its public entity construction contracts to contractors from that state, and if a California company has also submitted a responsive bid, and, with the benefit of the reciprocal preference, the California company's bid is equal to or less than the original lowest responsive bid, the public entity shall award the contract to the California company at its submitted bid price.

(c) (1) The bidder shall certify, under penalty of perjury, that the bidder qualifies as a California company.

(2) A nonresident contractor shall, at the time of bidding, disclose to the awarding agency any and all bid preferences provided to the nonresident contractor by the state or country in which the nonresident contractor has its principal place of business.

(d) The reciprocal preference is waived if the certification described in paragraph (1) of subdivision (c) does not appear on the bid.

(e) This section does not apply if application of this section might jeopardize the receipt of federal funds or the nonresident contractor certifies, under penalty of perjury, in its bid that its state of residency does not give a preference for contractors from that state on its public entity construction contracts.

(f) "Construction related activity" shall include, without limitation, any activity for which a California contractors' license is required.

CHAPTER 280

An act to add Section 1120.2 to the Welfare and Institutions Code, relating to youthful offenders.

[Approved by Governor July 25, 1996. Filed with Secretary of State July 25, 1996.]

SECTION 1. Section 1120.2 is added to the Welfare and Institutions Code, to read:

(c) (1) The correctional education authority shall adopt standards of proficiency in basic skills for wards attending a course of study for any of grades 7 to 12, inclusive.

(2) Differential standards and assessment procedures may be adopted for wards for whom an individualized education program has been developed and for whom the regular instructional program has been modified or for wards who have been diagnosed with a learning handicap or disability.

(d) The correctional education authority may issue diplomas of graduation from high school to wards who have completed the

required course of study and meet the standards of proficiency in basic skills adopted by the correctional education authority. The authority may also administer to wards the general educational development tests that have been approved by the State Board of Education.

(e) For purposes of receiving federal funds, the correctional education authority shall be deemed a local educational agency.

SEC. 2. It is the intent of the Legislature that the correctional education authority receive funding in the annual Budget Act as part of the Department of the Youth Authority in the same manner that the current education and training programs operated by the Department of the Youth Authority have been funded.

CHAPTER 281

An act to amend Sections 605 and 706 of, and to add Sections 615, 707, 708, and 709 to, the San Gabriel Basin Water Quality Authority Act (Chapter 776 of the Statutes of 1992), relating to water.

[Approved by Governor July 25, 1996. Filed with Secretary of State July 25, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 605 of the San Gabriel Basin Water Quality Authority Act (Chapter 776 of the Statutes of 1992) is amended to read:

Sec. 605. The authority may impose an annual pumping right assessment, not to exceed twenty dollars ($20) per acre-foot, to construct facilities and acquire property, to retire promissory notes, bond anticipation notes, bonds and certificates of participation and other evidences of indebtedness, and to pay for operations and maintenance of projects constructed by and for the authority. The authority shall impose an assessment pursuant to this section for operation and maintenance purposes only if, and to the extent that, money for operation and maintenance purposes is not received from other sources after reasonable efforts have been made to secure that funding. However, no assessment shall be imposed for water extracted pursuant to a conjunctive use storage agreement between the producer and the water master, which the authority has approved.

SEC. 2. Section 615 is added to the San Gabriel Basin Water Quality Authority Act (Chapter 776 of the Statutes of 1992), to read:

615. The authority may adopt, by resolution, rules and regulations for the collection of pumping rights assessments imposed pursuant to Sections 602 and 605, including, but not limited to, the imposition of late charges, penalties, and interest on unpaid assessments. The

authority may bring a suit in any court having jurisdiction against any holder of a prescriptive pumping right for the collection of any delinquent pumping rights assessments, late charges, penalties, or interest.

SEC. 3. Section 706 of the San Gabriel Basin Water Quality Authority Act (Chapter 776 of the Statutes of 1992) is amended to read:

Sec. 706. (a) Except as provided in this section, this act shall remain in effect only until July 1, 2002, and as of that date is repealed, unless a later enacted statute, which is enacted before July 1, 2002, deletes or extends that date.

(b) Upon the repeal of this act, the assets and debts of the authority shall be administered as follows:

(1) The Los Angeles Regional Water Quality Control Board shall dispose of the property and assets as appropriate. The Los Angeles Regional Water Quality Control Board shall receive reimbursement for actual costs incurred related to the disposition of the property and assets. The cost recovery shall be from the proceeds of the disposition pursuant to this section. The proceeds, if any, of the disposition shall be transferred to the Treasurer to be applied to pay the debts of the authority and, if any proceeds remain, shall be transferred to the Treasurer for deposit in the Hazardous Substance Cleanup Fund for use in financing groundwater contamination investigation and remediation in the basin. Preference shall be given in the disposition of assets of the authority to transfers to producers who may be able to use the assets for the benefit of water distribution systems and to provide for continued operation and maintenance of the assets in order to further the purposes of this act.

(2) The Treasurer shall administer the payment of debts of the authority. The Treasurer shall apply the proceeds from the disposition of assets to the payment of the debts. If debts remain after application of the proceeds from disposition of assets, the Treasurer may continue to collect, in lieu of the authority, the pumping right assessments authorized under either (A) Section 602 if the debt relates to administrative costs or (B) Section 605 if the debt is to repay warrants, notes, bonds, and other evidences of indebtedness, or both, to make payments pursuant to leases or installment sale agreements in connection with certificates of participation, to pay for operation and maintenance costs of facilities, and to make payments pursuant to any other financial obligations. All provisions set forth in Article 6 (commencing with Section 601) relating to the levy and collection of the pumping right assessments are not repealed and shall continue in effect until the debts of the authority are paid, as determined by the Treasurer, who shall notify the Secretary of State. Upon receipt by the Secretary of State of the Treasurer's notice, Article 6 (commencing with Section 601) is repealed. The Treasurer's authority to levy and collect assessments under this act is limited

according to the provisions of this act and shall cease when all debts of the authority have been paid.

SEC. 4. Section 707 is added to the San Gabriel Basin Water Quality Authority Act (Chapter 776 of the Statutes of 1992), to read:

707. (a) The board shall commence procedures to institute a limited function status if the board determines, following a public hearing, upon 30 days' notice, that its actions are in accordance with both of the following:

(1) The basinwide groundwater quality management and remediation plan developed and adopted pursuant to Section 406.

(2) Relevant records of decision issued by the United States Environmental Protection Agency that apply within the boundaries of the authority.

(b) If the board makes the determination described in subdivision (a), the authority shall commence negotiations with the water master or a water district selected by the board for a contract, pursuant to which the water master or a water district will act as an operating agency. (ii) Relevant records of decision issued by the United States Environmental Protection Agency that apply within the boundaries of the authority.

(3) Provide for the budgeting and reimbursement of the costs and expenses incurred by the operating agency in carrying out the functions and duties of the authority, including a reasonable amount for overhead.

(4) Provide that the use of any funds paid by the authority to the operating agency shall be limited to the reimbursement of the operating agency for costs incurred pursuant to the contract.

(5) Provide that the board, if it determines that the authority is required to return to full function pursuant to subdivision (d), may terminate the contract with the operating agency.

(c) After execution of the operations contract, the authority shall operate in accordance with limited function status. While the

authority is operating according to limited function status, the authority may only perform the following functions:

(1) Receive funds from those sources indicated in subdivision (d) of Section 401.

(2) Establish, levy, and collect pumping rights assessments pursuant to Sections 602 and 605.

(3) Satisfy the obligations of the authority under any bonds, notes, warrants, or other evidence of indebtedness or under any certificates of participation.

(4) Oversee the operating agency's performance of, and enforce the operating agency's obligations under, the operations contract entered into pursuant to subdivision (b), and reimburse the operating agency under that subdivision.

(5) Enter into separate contracts, at the discretion of the board, for other outside services, including, but not limited to, professional, consulting, operating, maintenance, repair, and replacement services and supplies.

(6) Conduct elections for the elected members of the board.

(C) Set pumping rights assessments.

(D) Act upon any other matters within the functions of the authority while it operates under limited function status.

(8) Perform any other administrative functions and other duties reasonably necessary to carry out the limited functions of the authority.

(d) The board may restore the authority to full function if it determines, following a public hearing, and upon 30 days' notice, that a return to full function is required to allow the authority to modify existing projects, to undertake new projects to effectively remedy Superfund-related groundwater contamination, or to take other actions to be in accordance with both of the following:

(1) The basinwide groundwater quality management and remediation plan developed and adopted pursuant to Section 406.

(2) Relevant records of decision issued by the United States Environmental Protection Agency that apply within the boundaries of the authority.

SEC. 5. Section 708 is added to the San Gabriel Basin Water Quality Authority Act (Chapter 776 of the Statutes of 1992), to read:

708. If the authority has instituted limited function status pursuant to Section 707, the authority shall continue in limited function status until one of the following conditions occurs:

(a) This act becomes inoperative or is repealed pursuant to Section 703 or 706, as the case may be.

(b) The board restores the authority to full function pursuant to subdivision (d) of Section 707.

SEC. 6. Section 709 is added to the San Gabriel Basin Water Quality Authority Act (Chapter 776 of the Statutes of 1992), to read:

709. Notwithstanding the implementation of limited function status pursuant to Section 707, the funds of the authority shall be expended only for those purposes expressly authorized by the act.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district are the result of a program for which legislative authority was requested by that local agency or school district, within the meaning of Section 17556 of the Government Code and Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 283

An act to amend Section 326.5 of the Penal Code, relating to bingo.

[Approved by Governor July 25, 1996. Filed with Secretary of State July 25, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 326.5 of the Penal Code is amended to read:

326.5. (a) Neither this chapter nor Chapter 10 (commencing with Section 330) applies to any bingo game that is conducted in a city, county, or city and county pursuant to an ordinance enacted under Section 19 of Article IV of the State Constitution, if the ordinance allows games to be conducted only by organizations exempted from the payment of the bank and corporation tax by Sections 23701a, 23701b, 23701d, 23701e, 23701f, 23701g, and 23701*l* of the Revenue and Taxation Code and by mobilehome park

associations and senior citizens organizations; and if the receipts of those games are used only for charitable purposes.

(b) It is a misdemeanor for any person to receive or pay a profit, wage, or salary from any bingo game authorized by Section 19 of Article IV of the State Constitution. Security personnel employed by the organization conducting the bingo game may be paid from the revenues of bingo games, as provided in subdivisions (j) and (k).

(c) A violation of subdivision (b) shall be punishable by a fine not to exceed ten thousand dollars ($10,000), which fine is deposited in the general fund of the city, county, or city and county that enacted the ordinance authorizing the bingo game. A violation of any provision of this section, other than subdivision (b), is a misdemeanor.

(d) The city, county, or city and county that enacted the ordinance authorizing the bingo game may bring an action to enjoin a violation of this section.

(e) No minors shall be allowed to participate in any bingo game.

(f) An organization authorized to conduct bingo games pursuant to subdivision (a) shall conduct a bingo game only on property owned or leased by it, or property whose use is donated to the organization, and which property is used by that organization for an office or for performance of the purposes for which the organization is organized. Nothing in this subdivision shall be construed to require that the property owned or leased by, or whose use is donated to, the organization be used or leased exclusively by, or donated exclusively to, that organization.

(g) All bingo games shall be open to the public, not just to the members of the authorized organization.

(h) A bingo game shall be operated and staffed only by members of the authorized organization that organized it. Those members shall not receive a profit, wage, or salary from any bingo game. Only the organization authorized to conduct a bingo game shall operate such a game, or participate in the promotion, supervision, or any other phase of a bingo game. This subdivision does not preclude the employment of security personnel who are not members of the authorized organization at a bingo game by the organization conducting the game.

(i) No individual, corporation, partnership, or other legal entity, except the organization authorized to conduct a bingo game, shall hold a financial interest in the conduct of a bingo game.

(j) With respect to organizations exempt from payment of the bank and corporation tax by Section 23701d of the Revenue and Taxation Code, all profits derived from a bingo game shall be kept in a special fund or account and shall not be commingled with any other fund or account. Those profits shall be used only for charitable purposes.

(k) With respect to other organizations authorized to conduct bingo games pursuant to this section, all proceeds derived from a

bingo game shall be kept in a special fund or account and shall not be commingled with any other fund or account. Proceeds are the receipts of bingo games conducted by organizations not within subdivision (j). Those proceeds shall be used only for charitable purposes, except as follows:

(1) The proceeds may be used for prizes.

(2) A portion of the proceeds, not to exceed 20 percent of the proceeds before the deduction for prizes, or two thousand dollars ($2,000) per month, whichever is less, may be used for the rental of property and for overhead, including the purchase of bingo equipment, administrative expenses, security equipment, and security personnel.

(3) The proceeds may be used to pay license fees.

(4) A city, county, or city and county that enacts an ordinance permitting bingo games may specify in the ordinance that if the monthly gross receipts from bingo games of an organization within this subdivision exceed five thousand dollars ($5,000), a minimum percentage of the proceeds shall be used only for charitable purposes not relating to the conducting of bingo games and that the balance shall be used for prizes, rental of property, overhead, administrative expenses, and payment of license fees. The amount of proceeds used for rental of property, overhead, and administrative expenses is subject to the limitations specified in paragraph (2).

(*l*) (1) A city, county, or city and county may impose a license fee on each organization that it authorizes to conduct bingo games. The fee, whether for the initial license or renewal, shall not exceed fifty dollars ($50) annually, except as provided in paragraph (2). If an application for a license is denied, one-half of any license fee paid shall be refunded to the organization.

(2) In lieu of the license fee permitted under paragraph (1), a city, county, or city and county may impose a license fee of fifty dollars ($50) paid upon application. If an application for a license is denied, one-half of the application fee shall be refunded to the organization. An additional fee for law enforcement and public safety costs incurred by the city, county, or city and county that are directly related to bingo activities may be imposed and shall be collected monthly by the city, county, or city and county issuing the license; however, the fee shall not exceed the actual costs incurred in providing the service.

(m) No person shall be allowed to participate in a bingo game, unless the person is physically present at the time and place where the bingo game is being conducted.

(n) The total value of prizes awarded during the conduct of any bingo games shall not exceed two hundred fifty dollars ($250) in cash or kind, or both, for each separate game which is held.

(o) As used in this section, "bingo" means a game of chance in which prizes are awarded on the basis of designated numbers or symbols on a card that conform to numbers or symbols selected at

random. Notwithstanding Section 330c, as used in this section, the game of bingo includes cards having numbers or symbols that are concealed and preprinted in a manner providing for distribution of prizes. The winning cards shall not be known prior to the game by any person participating in the playing or operation of the bingo game. All preprinted cards shall bear the legend, "for sale or use only in a bingo game authorized under California law and pursuant to local ordinance." It is the intention of the Legislature that bingo as defined in this subdivision applies exclusively to this section and shall not be applied in the construction or enforcement of any other provision of law.

CHAPTER 284

An act to add Section 42301.13 to the Health and Safety Code, relating to air pollution.

[Approved by Governor July 25, 1996. Filed with Secretary of State July 25, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 42301.13 is added to the Health and Safety Code, to read:

42301.13. (a) Notwithstanding any other provision of law, a district shall not require, as part of its permit system or otherwise, that any form of emission offset or emission credit be provided to offset emissions resulting from any activity related to, or involved in, the demolition or removal of a stationary source.

(b) (1) Notwithstanding any other provision of law regulating a district permit system, an owner or operator of an existing portable emissions unit may relocate that equipment within the same air basin if both of the following requirements are met:

(A) The owner or operator provides, not less than 30 days prior to the date that the equipment is relocated, written notice to the district with jurisdiction over the location to which the equipment is relocated, and any additional notice required by federal law.

(B) The existing permit conditions are at least as stringent as the permit requirements in the district with jurisdiction over the location to which the equipment is relocated.

(2) For purposes of this subdivision, "portable emissions unit" means any article, machine, or other contrivance, including an internal combustion engine, that meets all of the following criteria:

(A) Emits or may emit, or results in the emission of, any air contaminant.

(B) Either by itself, or as part of another piece of equipment, is designed to be, and is capable of, being moved from one location to another.

(C) Must be periodically moved from one location to another because of the nature of the operation in which it is used.

(c) Any equipment that is relocated pursuant to subdivision (b) remains subject to all previously imposed permit terms and conditions. If the permitted equipment that is relocated is placed into substantially the same service that it was placed into at its previous location, a district shall not impose any new permit terms or conditions on that equipment, except site-specific terms and conditions or public notice requirements.

CHAPTER 285

An act relating to public utilities.

[Approved by Governor July 25, 1996. Filed with Secretary of State July 25, 1996.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that statutes and regulations have imposed programs and fees, such as low-income assistance and weatherization programs upon regulated natural gas utilities that have public policy goals not directly related to the provision of natural gas service. The costs borne by natural gas utilities to provide these programs have historically been recovered through natural gas rates established by the Public Utilities Commission.

The Legislature also finds that due to changes in state and federal regulations, the monopolies for the provision of natural gas service in California that effectively permitted the commission to allocate the cost of these public policy programs to all natural gas users are being replaced with competitive markets. Natural gas customers may continue to take advantage of the deregulation of the natural gas industries by obtaining service from nonregulated natural gas providers who are not required to provide these programs. These customers thus do not pay the costs of public policy programs.

The Legislature finds that the pending restructuring of the regulation of the electric industry is addressing similar issues regarding the funding of public policy programs for users of electricity. The Legislature finds that there are differences in the status of the restructuring of the electric and natural gas utility industries, to wit, the fact that the natural gas industry has been undergoing deregulation and restructuring for over a decade already, and the fact that users of natural gas may have options for

taking service from providers not regulated by the commission. The presence of nonutility natural gas providers may result in similarly situated natural gas customers having different energy costs solely due to differences in regulatory jurisdiction regarding these public policy program costs. The Legislature also finds that the Public Utilities Commission may not have all the jurisdiction necessary under existing law to correct this imbalance by requiring the customers of nonutility natural gas providers to pay their share of these public policy program costs.

It is the intent of the Legislature to provide these programs in an equitable manner that will ensure that natural gas consumers will provide a fair share of adequate funding for these programs without increasing the program's current funding levels. In order to properly address all of the issues set forth above, it is the intent of the Legislature that the commission, in consultation with the State Board of Equalization, utilities, nonutility natural gas providers, consumers, and other interested parties prepare a report on this topic and submit it to the Legislature.

SEC. 2. (a) On or before July 1, 1997, the California Public Utilities Commission shall prepare and submit a report to the Legislature that recommends an approach to financing existing low-income public policy programs that does not create a competitive imbalance between natural gas providers and nonutility natural gas providers.

(b) The report shall identify the appropriate public policy costs to be included for consideration in this financing approach, what mechanisms are necessary to assure that the costs of these public policy programs are borne equitably by natural gas consumers regardless of their natural gas provider, and which classes of customers should appropriately bear the cost for these public policy programs.

(c) The commission may address these issues and prepare its report by initiating a separate proceeding or through any pending or other proceeding as it deems appropriate.

CHAPTER 286

An act to add Section 23104 to the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor July 25, 1996. Filed with Secretary of State July 25, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 23104 is added to the Revenue and Taxation Code, to read:

23104. (a) For purposes of this part only, any corporation that is not incorporated under the laws of this state and whose sole activity in this state is engaging in convention and trade show activities, as described in Section 513(d)(3)(A) of the Internal Revenue Code, for seven or fewer calendar days, or any portion thereof, during the income year and that does not derive more than ten thousand dollars ($10,000) of gross income reportable to this state from those activities during that income year is not a corporation doing business in this state.

(b) For purposes of this section, the determination of gross income reportable to this state of a taxpayer shall be made by including the gross income reportable to this state of each member of the "commonly controlled group" (as defined by Section 25105) of which the taxpayer is a member.

SEC. 2. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 287

An act to add Section 7044.2 to the Business and Professions Code, relating to contractors.

[Approved by Governor July 25, 1996. Filed with Secretary of State July 25, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 7044.2 is added to the Business and Professions Code, to read:

7044.2. (a) This chapter does not apply to an admitted surety insurer whenever that surety insurer engages a contractor to undertake the completion of a contract on which a performance or completion bond was issued by the surety insurer, provided all actual construction work is preformed by duly licensed contractors.

CHAPTER 288

An act to amend Section 7827 of the Family Code, relating to parent and child.

[Approved by Governor July 25, 1996. Filed with Secretary of State July 25, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 7827 of the Family Code is amended to read:

(b) A proceeding under this part may be brought where the child is one whose parent or parents are mentally disabled and are likely to remain so in the foreseeable future.

In addition to this requirement, the court shall have the discretion to call a licensed marriage, family, and child counselor, or a licensed clinical social worker, either of whom shall have at least five years of relevant postlicensure experience, in circumstances where the court determines that this testimony is in the best interest of the child and is warranted by the circumstances of the particular family or parenting issues involved. However, the court may not call a licensed marriage, family, and child counselor or licensed clinical social worker pursuant to this section who is the adoption service provider, as defined in Section 8502, of the child who is the subject of the petition to terminate parental rights.

(d) If the parent or parents reside in another state or in a foreign country, the evidence required by this section may be supplied by the affidavits of two experts, each of whom shall be either of the following:

(1) A physician and surgeon who is a resident of that state or foreign country, and who has been certified by a medical organization or society of that state or foreign country to practice psychiatric or neurological medicine.

(2) A licensed psychologist who has a doctoral degree in psychology and at least five years of postgraduate experience in the diagnosis and treatment of emotional and mental disorders and who is licensed in that state or authorized to practice in that country.

(e) If the rights of a parent are sought to be terminated pursuant to this section, and the parent has no attorney, the court shall appoint an attorney for the parent pursuant to Article 4 (commencing with Section 7860) of Chapter 3, whether or not a request for the appointment is made by the parent.

(1) Reasonably convenient to the owner of the shopping cart.

(2) Open for business at least six hours of each business day.

(f) A city, county, or city and county may fine the owner of a shopping cart in an amount not to exceed fifty dollars ($50) for each occurrence in excess of three during a specified six-month period for failure to retrieve shopping carts in accordance with this section. An occurrence includes all shopping carts impounded in accordance with this section in a one-day period.

(g) Any shopping cart not reclaimed from the city, county, or city and county within 30 days of receipt of a notice of violation by the owner of the shopping cart may be sold or otherwise disposed of by the entity in possession of the shopping cart.

(h) This section shall not invalidate any contract entered into prior to June 30, 1996, between a city, county, or city and county and a person or business entity for the purpose of retrieving or impounding shopping carts.

CHAPTER 292

An act to amend Section 44011.6 of the Health and Safety Code, relating to air pollution.

[Approved by Governor July 25, 1996. Filed with Secretary of State July 25, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 44011.6 of the Health and Safety Code is amended to read:

44011.6. (a) The use of a heavy-duty motor vehicle that emits excessive smoke is prohibited.

(b) (1) As expeditiously as possible, the state board shall develop a test procedure for the detection of excessive smoke emissions from heavy-duty diesel motor vehicles that is feasible for use in an intermittent roadside inspection program. During the development of the test procedure, the state board shall cooperate with the

Department of the California Highway Patrol in conducting roadside inspections.

(2) The state board may also specify visual or functional inspection procedures to determine the presence of tampering or defective emissions control systems in heavy-duty diesel or heavy-duty gasoline motor vehicles. However, visual or functional inspection procedures for heavy-duty gasoline motor vehicles shall not be more stringent than those prescribed for heavy-duty gasoline motor vehicles subject to biennial inspection pursuant to Section 44013.

(3) The chairperson of the state board shall appoint an ad hoc advisory committee which shall include, but not be limited to, representatives of heavy-duty engine manufacturers, carriers of property for compensation using heavy-duty gasoline or heavy-duty diesel motor vehicles, and the Department of the California Highway Patrol. The advisory committee shall cooperate with the state board to develop a test procedure pursuant to this subdivision and shall advise the state board in developing regulations to implement test procedures and inspection of heavy-duty commercial motor vehicles.

(c) Any smoke testing procedures or smoke measuring equipment, including any meter that measures smoke opacity or density and any recorder that stores or records smoke opacity or density measurements, used to test for compliance with this section and regulations adopted pursuant to this section, shall produce consistent and repeatable results. The requirements of this subdivision shall be satisfied by the adoption of Society of Automotive Engineers recommended practice J 1667, "Snap-Acceleration Smoke Test Procedures for Heavy-Duty Diesel Powered Vehicles."

(d) (1) The smoke test standards and procedures adopted and implemented pursuant to this section shall be designed to ensure that no engine will fail the smoke test standards and procedures when the engine is in good operating condition and is adjusted to the manufacturer's specifications.

(2) In implementing this section, the state board shall adopt regulations that ensure that there will be no false failures or that ensure that the state board will remedy any false failures without any penalty to the vehicle owner.

(e) The state board shall enforce the prohibition against the use of heavy-duty motor vehicles that are determined to have excessive smoke emissions and shall enforce any regulation prohibiting the use of a heavy-duty motor vehicle determined to have other emissions-related defects, using the test procedure established pursuant to this section.

(f) The state board may issue a citation to the owner or operator for any vehicle in violation of this section. The regulations may require the operator of a vehicle to submit to a test procedure adopted pursuant to subdivision (b) and this subdivision, and may specify that refusal to so submit is an admission constituting proof of a violation, and shall require that, when a citation has been issued, the

owner of a vehicle in violation of the regulations shall, within 45 days, correct every deficiency specified in the citation.

(g) The department may develop criteria for one or more classes of smog check stations capable of determining compliance with regulations adopted pursuant to this section and may authorize those stations to issue certificates of compliance to vehicles in compliance with the regulations. The department may contract for the operation of smog check stations for heavy-duty motor vehicles pursuant to this subdivision, and only heavy-duty motor vehicles may be inspected at those stations.

(h) In addition to the corrective action required by this section, the owner of a motor vehicle in violation of this section is subject to a civil penalty of not more than one thousand five hundred dollars ($1,500) per day for each day that the vehicle is in violation. The state board may adopt a schedule of reduced civil penalties to be applied in cases where violations are corrected in an expeditious manner. However, the schedule of reduced civil penalties shall not apply where there have been repeated incidents of emissions control system tampering. All civil penalties imposed pursuant to this subdivision shall be collected by the state board and deposited in the Vehicle Inspection and Repair Fund. Funds in the Vehicle Inspection and Repair Fund, when appropriated by the Legislature, shall be available to the state board and the Department of the California Highway Patrol for the conduct of intermittent roadside inspections of heavy-duty motor vehicles pursuant to this section.

(i) Following the adoption of regulations pursuant to this section, the state board may commence inspecting heavy-duty motor vehicles. With the concurrence of the Department of the California Highway Patrol, these inspections may be conducted in conjunction with the safety and weight enforcement activities of the Department of the California Highway Patrol, or at other locations selected by the state board or the Department of the California Highway Patrol. Inspection locations may include private facilities where fleet vehicles are serviced or maintained. The state board and the Department of the California Highway Patrol may conduct these inspections either cooperatively or independently, and the state board may contract for assistance in the conduct of these inspections.

(j) The state board shall inform the Department of the California Highway Patrol whenever a vehicle owner cited pursuant to this section fails to take a required corrective action or to pay a civil penalty levied pursuant to subdivisions (h) and (*l*) in a timely manner. Following notice and opportunity for an administrative hearing pursuant to subdivision (m), the state board may request the Department of the California Highway Patrol to remove the vehicle from service and order the vehicle to be stored. Upon notification from the state board of payment of any civil penalties imposed under subdivision (h) and storage and related charges, the vehicle shall be released to the owner or designee. Upon release of the vehicle, the

owner or designee shall correct every deficiency specified in any citation to that owner with respect to the vehicle.

(k) The state board, in consultation with the Department of the California Highway Patrol, shall prepare and submit to the Legislature a report on the smoke emissions enforcement program conducted under this section, including, but not limited to, its assessment of the effectiveness of the program, the impact of the program on the operations of the Department of the California Highway Patrol, and its recommendations for changes in, alternatives to, or termination of, the program.

(*l*) In addition to the corrective action required by subdivision (f), and in addition to the civil penalty imposed by subdivision (h), the owner of a motor vehicle cited by the state board pursuant to this section shall pay a civil penalty of three hundred dollars ($300) per citation ; except that this penalty shall not apply to the first citation for any schoolbus. All civil penalties imposed pursuant to this subdivision shall be collected by the state board and deposited in the Diesel Emission Reduction Fund, which fund is hereby created. Funds in the Diesel Emission Reduction Fund, when appropriated by the Legislature, shall be available to the State Energy Resources Conservation and Development Commission for research, development, and demonstration programs undertaken pursuant to Section 25617 of the Public Resources Code.

(m) The state board shall adopt regulations that afford an owner cited under this section an opportunity for an administrative hearing consistent with, but not limited to, all of the following: (1) any owner cited under this section may request an administrative hearing within 45 days following either personal receipt or certified mail receipt of the citation; (2) if the owner fails to request an administrative hearing within 45 days, the citation shall be deemed a final order and not subject to review by any court or agency; (3) if the owner requests an administrative hearing and fails to seek review by administrative mandamus pursuant to Section 1094.5 of the Code of Civil Procedure within 60 days after the mailing of the administrative hearing decision, the decision shall be deemed a final order and not subject to review by any other court or agency; and (4) the 45-day period may be extended by the administrative hearing officer for good cause.

(n) Following exhaustion of the review procedures provided for in subdivision (m), the state board may apply to the Superior Court of Sacramento County for a judgment in the amount of the civil penalty. The application, which shall include a certified copy of the final order of the administrative hearing officer, shall constitute a sufficient showing to warrant the issuance of the judgment.

CHAPTER 293

An act to amend Sections 65082, 65089, and 65089.3 of, and add Section 65088.3 to, the Government Code, relating to transportation.

[Approved by Governor July 25, 1996. Filed with Secretary of State July 25, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 65082 of the Government Code is amended to read:

65082. (a) A seven-year regional transportation improvement program shall be prepared, adopted, and submitted to the California Transportation Commission on or before December 15 of each odd-numbered year, updated every two years, pursuant to Sections 65080 and 65080.5 and the guidelines adopted pursuant to Section 14530.1, to include projects and programs proposed to be funded, in whole or in part, by funds which are any of the following:

(1) For flexible congestion relief projects, as defined in Section 164.2 of the Streets and Highways Code.

(2) For urban rail transit and commuter rail projects.

Major projects shall include an escalated current cost updated to at least November 1 of the year of submittal, and be listed by relative priority, taking into account need, delivery milestone dates, as defined in Section 14525.5, and the availability of funding.

(b) Congestion management programs adopted pursuant to Section 65089 shall be incorporated into the regional transportation improvement program submitted to the commission by December 15 of each odd-numbered year.

(c) The incorporation of the congestion management program into the regional transportation improvement program required to be submitted to the commission by December 1, 1991, may be delayed for a period not to exceed one year if an environmental impact report is required to be prepared for the congestion management program pursuant to Division 13 (commencing with Section 21000) of the Public Resources Code, and the following conditions are met:

(1) The agency, as defined by Section 65088.1, adopts written findings that the congestion management program cannot be incorporated into the regional transportation improvement program by December 1, 1991, due to the time required to prepare an environmental impact report pursuant to Division 13 (commencing with Section 21000) of the Public Resources Code.

(2) The agency adopts a schedule for development of the congestion management program that will result in its adoption no later than December 1, 1992, and submits a report to the Legislature by July 1, 1992, on the progress of complying with this section.

(3) The agency, county, and cities take every action necessary to assure the congestion management program will be adopted by December 1, 1992.

(d) If the incorporation of the congestion management program into the regional transportation improvement program is delayed pursuant to subdivision (c), both of the following shall apply:

(1) Any project included in the state transportation improvement program or the traffic systems management program prior to December 1, 1992, which is otherwise required to be included in the congestion management program, pursuant to subdivision (e), but which is not included in the congestion management program to be incorporated into the regional transportation improvement program pursuant to subdivision (b), shall be deleted from the state transportation improvement program or the traffic systems management program.

(2) Local projects which are otherwise required to be included in the congestion management program, pursuant to subdivision (e), may be included in the regional transportation improvement program to be submitted to the California Transportation Commission by December 1, 1991. Any local project which is included in the regional transportation improvement program after December 1, 1991, but prior to December 1, 1992, which is otherwise required to be included in the congestion management program, but which is not included in the congestion management program to be incorporated into the regional transportation improvement program pursuant to subdivision (b), shall be deleted from the regional transportation improvement program.

(e) Local projects not included in a congestion management program shall not be included in the regional transportation improvement program. Projects and programs adopted pursuant to subdivision (a) shall be consistent with the seven-year capital improvement program adopted pursuant to paragraph (5) of subdivision (b) of Section 65089, and the guidelines adopted pursuant to Section 14530.1.

(f) Other projects may be included in the regional transportation improvement program if listed separately.

(g) Unless a county not containing urbanized areas of over 50,000 population notifies the Department of Transportation by July 1 that it intends to prepare a regional transportation improvement program for that county, the department shall, in consultation with the affected local agencies, prepare the program for all counties for which it prepares a regional transportation plan.

(h) The regional transportation improvement program may not change the project delivery milestone date of any state project as shown in the prior adopted state transportation program without the consent of the department or other agency responsible for the project delivery.

(i) The requirements for incorporating a congestion management program into a regional transportation improvement program specified in this section do not apply in those counties that do not prepare a congestion management program in accordance with Section 65088.3.

SEC. 2. Section 65089 of the Government Code is amended to read:

65089. (a) A congestion management program shall be developed, adopted, and updated biennially, consistent with the schedule for adopting and updating the regional transportation improvement program, for every county that includes an urbanized area, and shall include every city and the county. The program shall be adopted at a noticed public hearing of the agency. The program shall be developed in consultation with, and with the cooperation of, the transportation planning agency, regional transportation providers, local governments, the department, and the air pollution control district or the air quality management district, either by the county transportation commission, or by another public agency, as designated by resolutions adopted by the county board of supervisors and the city councils of a majority of the cities representing a majority of the population in the incorporated area of the county.

(b) The program shall contain all of the following elements:

(1) (A) Traffic level of service standards established for a system of highways and roadways designated by the agency. The highway and roadway system shall include at a minimum all state highways and principal arterials. No highway or roadway designated as a part of the system shall be removed from the system. All new state highways and principal arterials shall be designated as part of the system. Level of service (LOS) shall be measured by Circular 212, by the most recent version of the Highway Capacity Manual, or by a uniform methodology adopted by the agency that is consistent with the Highway Capacity Manual. The determination as to whether an alternative method is consistent with the Highway Capacity Manual shall be made by the regional agency, except that the department instead shall make this determination if either (i) the regional agency is also the agency, as those terms are defined in Section 65088.1, or (ii) the department is responsible for preparing the regional transportation improvement plan for the county.

(B) In no case shall the LOS standards established be below the level of service E or the current level, whichever is farthest from level of service A. When the level of service on a segment or at an intersection fails to attain the established level of service standard, a deficiency plan shall be adopted pursuant to Section 65089.4.

(2) A performance element that includes performance measures to evaluate current and future multimodal system performance for the movement of people and goods. At a minimum, these performance measures shall incorporate highway and roadway system performance, and measures established for the frequency and

routing of public transit, and for the coordination of transit service provided by separate operators. These performance measures shall support mobility, air quality, land use, and economic objectives, and shall be used in the development of the capital improvement program required pursuant to paragraph (5), deficiency plans required pursuant to Section 65089.4, and the land use analysis program required pursuant to paragraph (4).

(3) A travel demand element that promotes alternative transportation methods, including, but not limited to, carpools, vanpools, transit, bicycles, and park-and-ride lots; improvements in the balance between jobs and housing; and other strategies, including, but not limited to, flexible work hours, telecommuting, and parking management programs. The agency shall consider parking cash-out programs during the development and update of the travel demand element.

(4) A program to analyze the impacts of land use decisions made by local jurisdictions on regional transportation systems, including an estimate of the costs associated with mitigating those impacts. This program shall measure, to the extent possible, the impact to the transportation system using the performance measures described in paragraph (2). In no case shall the program include an estimate of the costs of mitigating the impacts of interregional travel. The program shall provide credit for local public and private contributions to improvements to regional transportation systems. However, in the case of toll road facilities, credit shall only be allowed for local public and private contributions which are unreimbursed from toll revenues or other state or federal sources. The agency shall calculate the amount of the credit to be provided. The program defined under this section may require implementation through the requirements and analysis of the California Environmental Quality Act, in order to avoid duplication.

(5) A seven-year capital improvement program, developed using the performance measures described in paragraph (2) to determine effective projects that maintain or improve the performance of the multimodal system for the movement of people and goods, to mitigate regional transportation impacts identified pursuant to paragraph (4). The program shall conform to transportation-related vehicle emission air quality mitigation measures, and include any project that will increase the capacity of the multimodal system. It is the intent of the Legislature that, when roadway projects are identified in the program, consideration be given for maintaining bicycle access and safety at a level comparable to that which existed prior to the improvement or alternation. The capital improvement program may also include safety, maintenance, and rehabilitation projects that do not enhance the capacity of the system but are necessary to preserve the investment in existing facilities.

(c) The agency, in consultation with the regional agency, cities, and the county, shall develop a uniform data base on traffic impacts

for use in a countywide transportation computer model and shall approve transportation computer models of specific areas within the county that will be used by local jurisdictions to determine the quantitative impacts of development on the circulation system that are based on the countywide model and standardized modeling assumptions and conventions. The computer models shall be consistent with the modeling methodology adopted by the regional planning agency. The data bases used in the models shall be consistent with the data bases used by the regional planning agency. Where the regional agency has jurisdiction over two or more counties, the data bases used by the agency shall be consistent with the data bases used by the regional agency.

(d) (1) The city or county in which a commercial development will implement a parking cash-out program that is included in a congestion management program pursuant to subdivision (b), or in a deficiency plan pursuant to Section 65089.4, shall grant to that development an appropriate reduction in the parking requirements otherwise in effect for new commercial development.

(2) At the request of an existing commercial development that has implemented a parking cash-out program, the city or county shall grant an appropriate reduction in the parking requirements otherwise applicable based on the demonstrated reduced need for parking, and the space no longer needed for parking purposes may be used for other appropriate purposes.

(e) Pursuant to the federal Intermodal Surface Transportation Efficiency Act of 1991 and regulations adopted pursuant to the act, the department shall submit a request to the Federal Highway Administration Division Administrator to accept the congestion management program in lieu of development of a new congestion management system otherwise required by the act.

SEC. 3. Section 65089.3 of the Government Code is amended to read:

65089.3. The agency shall monitor the implementation of all elements of the congestion management program. The department is responsible for data collection and analysis on state highways, unless the agency designates that responsibility to another entity. The agency may also assign data collection and analysis responsibilities to other owners and operators of facilities or services if the responsibilities are specified in its adopted program. The agency shall consult with the department and other affected owners and operators in developing data collection and analysis procedures and schedules prior to program adoption. At least biennially, the agency shall determine if the county and cities are conforming to the congestion management program, including, but not limited to, all of the following:

(a) Consistency with levels of service standards, except as provided in Section 65089.4.

(b) Adoption and implementation of a program to analyze the impacts of land use decisions, including the estimate of the costs associated with mitigating these impacts.

(c) Adoption and implementation of a deficiency plan pursuant to Section 65089.4 when highway and roadway level of service standards are not maintained on portions of the designated system.

SEC. 4. Section 65088.3 is added to the Government Code, to read:

65088.3. This chapter does not apply in a county in which a majority of local governments, collectively comprised of the city councils and the county board of supervisors, which in total also represent a majority of the population in the county, each adopt resolutions electing to be exempt from the congestion management program.

CHAPTER 294

An act to amend Section 52523 of the Education Code, relating to adult education.

[Approved by Governor July 25, 1996. Filed with Secretary of State July 25, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 52523 of the Education Code is amended to read:

52523. Adult education programs, courses, and classes shall not be used to supplant the regular high school curriculum for high school pupils enrolled in adult education. Adult education shall supplement and enrich the high school pupil's educational experiences. Therefore, adult education, at a minimum, shall meet the following criteria:

(a) All programs, courses, and classes conducted as adult education shall be open to adults and listed in the district's catalog of adult education classes provided to the public and shall be under the supervision and jurisdiction of the adult education administrator as determined by the school district governing board. Adults shall have priority over other students for admission to any adult education class if those adults enroll not later than the regular enrollment period for those classes. The enrollment period shall be published in the course catalog. No course required by the school district for high school graduation or necessary for pupils to maintain satisfactory academic progress shall be offered exclusively through the adult education program. An adult for purposes of this section is a person 18 years of age or older or other person who is not concurrently enrolled in a regular high school program.

(b) Each adult education teacher, whether part time or full time, under contract status or in an hourly position, shall be part of the adult school faculty and shall be under the direct supervision of the authorized adult education administrator.

(c) Enrollment of high school pupils shall be voluntary on the part of the pupil taking the class. Prior to enrollment by a high school pupil in an adult education program, class, or course, the pupil shall have documentation of the counseling session held pursuant to subdivision (b) of Section 52500.1.

(d) Enrollment of a high school pupil in an adult education program, course, or class shall be for sound educational purposes, including, but not limited to, the following:

(1) The adult education program, course, or class is not offered in the regular high school curriculum.

(2) The adult education program, course, or class is needed by the pupil to make up deficient credits for graduation from high school.

(3) The adult education program, course, or class allows the pupil to gain vocational and technical skills beyond that provided by the regular high school's vocational and technical education program.

(4) The adult education program, course, or class, supplements and enriches the high school pupil's educational experience.

(e) A high school pupil shall not be enrolled for apportionment purposes in an adult education program, course, or class that would be considered any of the following:

(1) Physical education.

(2) Driver's training and education.

(3) Vocal and instrumental music.

(4) Band.

(5) Drama.

(6) Preparation of a school yearbook or school newspaper.

(7) Training for, or participation in, athletic camps, cheerleading or spirit organizations, student government, or extracurricular student clubs.

The Superintendent of Public Instruction shall issue a program advisory that further defines the purposes set forth in subdivision (d) and the courses set forth in subdivision (e). The superintendent is authorized to issue, at any time, rules and regulations instead of the program advisory.

CHAPTER 295

An act to amend Section 65008 of the Government Code, relating to planning.

[Approved by Governor July 25, 1996. Filed with Secretary of State July 25, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 65008 of the Government Code is amended to read:

65008. (a) Any action pursuant to this title by any city, county, city and county, or other local governmental agency in this state is null and void if it denies to any individual or group of individuals the enjoyment of residence, landownership, tenancy, or any other land use in this state because of any of the following reasons:

(1) The race, sex, color, religion, ethnicity, national origin, ancestry, lawful occupation, or age of the individuals or group of individuals.

(2) The method of financing of any residential development of the individual or group of individuals.

(3) The intended occupancy of any residential development by persons or families of low, moderate, or middle income.

(b) No city, county, city and county, or other local governmental agency shall, in the enactment or administration of ordinances pursuant to this title, prohibit or discriminate against any residential development or emergency shelter because of the method of financing or the race, sex, color, religion, ethnicity, national origin, ancestry, lawful occupation, or age of the owners or intended occupants of the residential development or emergency shelter.

(c) (1) No city, county, city and county, or other local governmental agency shall, in the enactment or administration of ordinances pursuant to this title, prohibit or discriminate against a residential development or emergency shelter because the development or shelter is intended for occupancy by persons and families of low and moderate income, as defined in Section 50093 of the Health and Safety Code, or persons and families of middle income.

(2) For the purposes of this section, "persons and families of middle income" means persons and families whose income does not exceed 150 percent of the median income for the county in which the persons or families reside.

(d) (1) No city, county, city and county, or other local governmental agency may impose different requirements on a residential development or emergency shelter which is subsidized, financed, insured, or otherwise assisted by the federal or state governments or by a local public entity, as defined in Section 50079 of the Health and Safety Code, than those imposed on nonassisted developments, except as provided in subdivision (e).

(2) No city, county, city and county, or other local governmental agency may, because of the race, sex, color, religion, ethnicity, national origin, ancestry, lawful occupation, or age of the intended occupants, or because the development is intended for occupancy by persons and families of low, moderate, or middle income, impose different requirements on these residential developments than those

imposed on developments generally, except as provided in subdivision (e).

(e) Notwithstanding the above, nothing in this section or this title shall be construed to prohibit either of the following:

(1) The County of Riverside from enacting and enforcing zoning to provide housing for older persons, in accordance with state or federal law, if that zoning was enacted prior to January 1, 1995.

(2) Any city, county, or city and county from extending preferential treatment to residential developments or emergency shelters assisted by the federal or state governments or by a local public entity, as defined in Section 50079 of the Health and Safety Code, or other residential developments or emergency shelters intended for occupancy by persons and families of low and moderate income, as defined in Section 50093 of the Health and Safety Code, or persons and families of middle income, or agricultural employees, as defined in subdivision (b) of Section 1140.4 of the Labor Code, and their families. This preferential treatment may include, but need not be limited to, reduction or waiver of fees or changes in architectural requirements, site development and property line requirements, building setback requirements, or vehicle parking requirements which reduce development costs of these developments.

(f) "Residential development," as used in this section, means a single-family residence or a multifamily residence, including manufactured homes, as defined in Section 18007 of the Health and Safety Code.

(g) This section shall apply to chartered cities.

(h) The Legislature finds and declares that discriminatory practices which inhibit the development of housing for persons and families of low, moderate, and middle income, or emergency shelters for the homeless, are a matter of statewide concern.

SEC. 2. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of subdivision (b) of Section 16 of Article IV of the California Constitution because of the following circumstances unique to the County of Riverside:

(a) Within the County of Riverside there is an unusually large concentration of senior communities for which the original developers did not impose covenants, conditions, and restrictions limiting occupancy to older persons.

(b) To protect the living arrangements of the older persons residing in those communities, the County of Riverside has adopted and applied thereto a "Senior Citizen District Overlay Zone."

CHAPTER 296

An act to add Section 35700.1 to the Education Code, relating to school district reorganization.

[Approved by Governor July 25, 1996. Filed with Secretary of State July 25, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 35700.1 is added to the Education Code, to read:

35700.1. (a) A county superintendent of schools may do any of the following, as necessary, with respect to the reorganization of school districts within the jurisdiction of a county superintendent of schools:

(B) Ensure compliance with all required timelines or deadlines for petitions.

(C) Apply new and preexisting evaluation criteria to the petition.

(3) A county superintendent of schools may provide assistance to newly reorganized school districts during the interim period, as follows:

(A) To ensure smooth transitions with minimum disruption to pupils and staff.

(B) To provide advisory and consulting expertise on any of the following:

(i) Board and administrative policies and regulations.

(ii) Personnel policies.

(iii) Curriculum.

(iv) Instructional programs and services.

(v) Financial and budgeting functions.

(vi) Distribution of assets and liabilities.

(b) No funds allocated to the Los Angeles County Office of Education pursuant to the Budget Act shall be used to instigate,

solicit, or promote the development of plans to reorganize a school district or school districts within the jurisdiction of the county office of education; provided, however, that the funds may be used to support the research necessary to review and make recommendations regarding reorganization plans that are submitted to the county office of education.

SEC. 2. The Legislature finds and declares that due to unique circumstances regarding the Los Angeles County Office of Education, a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

CHAPTER 297

SECTION 1. Section 741 of the Public Resources Code is amended to read:

741. (a) The board shall appoint a Range Management Advisory Committee and shall consult with the advisory committee on rangeland resource issues under consideration by the board.

(b) The advisory committee shall consist of 11 members, who shall be selected as follows:

(1) Two members of the general public, who have an interest and background in the conservation of range resources or special knowledge in the protection of range and brushland soils and watersheds.

(2) One member nominated by the Watershed Fire Council of Southern California.

(3) One member nominated by the California Association of Resource Conservation Districts.

(4) Seven members nominated by organizations representing owners of range and brushlands.

(c) Members of the advisory committee shall serve without compensation.

(d) The Secretary of the Resources Agency, the Secretary for Environmental Protection, and the Secretary of Food and Agriculture shall notify the advisory committee of, and are encouraged to consult with the advisory committee on, rangeland resource issues that are under consideration by the Resources

Agency, the California Environmental Protection Agency, and the Department of Food and Agriculture, respectively.

CHAPTER 298

An act to amend Section 46146 of, and to add Section 76002 to, the Education Code, relating to school attendance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 25, 1996. Filed with Secretary of State July 25, 1996.]

An act to amend Section 4730.10 of the Health and Safety Code, to amend Section 95.31 of the Revenue and Taxation Code, and to amend Sections 1.5, 3, 7, and 8 of the Napa County Flood Control and Water Conservation District Act (Chapter 1449 of the Statutes of 1951), relating to public entities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 29, 1996. Filed with Secretary of State July 29, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 4730.10 of the Health and Safety Code is amended to read:

4730.10. (a) Notwithstanding Sections 4730, 4730.1, and 4730.2, or any other law, beginning on January 1, 1996, the governing body of the South San Luis Obispo County Sanitation District shall be constituted as set forth in this article, except that a member of the San Luis Obispo County Board of Supervisors may not serve as a member of the governing body unless, in the absence of that supervisor, there would otherwise be an even number of members of the governing body.

(b) This section applies only to members appointed to the South San Luis Obispo County Sanitation District on or after January 1, 1996.

SEC. 2. Section 95.31 of the Revenue and Taxation Code is amended to read:

95.31. (a) (1) Notwithstanding any other provision of law, any eligible county may, upon the recommendation of the county assessor, and by resolution of the board of supervisors of that county adopted not later than December 1 of the fiscal year for which it is to first apply, elect to participate in the State-County Property Tax Administration Program.

(2) Except as specified in paragraph (3), for the purposes of this section, an eligible county shall mean a county in which additional property tax revenue allocated to school entities would reduce the amount of General Fund moneys apportioned to school entities. However, eligibility shall be terminated when, in combination with resources in the Educational Revenue Augmentation Fund, additional property tax revenues allocated to school entities will not result in a reduction in the General Fund apportionments.

(3) Notwithstanding paragraph (2), both the County of Solano and the County of San Benito shall be deemed eligible counties that may, upon the recommendation of the county assessor, and by resolution of the board of supervisors of the county adopted on or before March 31, 1996, elect to participate in the State-County Property Tax Administration Program.

(b) (1) In each of the 1995–96, 1996–97, and 1997–98 fiscal years, an eligible county participating in the State-County Property Tax Administration Program may receive a loan for up to the amount listed in paragraph (3). The loan shall be repaid by June 30 of the fiscal year following the year in which the loan is made. However, at the discretion of the Director of Finance, the loan may be renewed once for an additional 12-month period at the request of the participating county board of supervisors. For the Counties of Fresno, Orange, San Benito, and Solano any loan agreement signed on or before July 31, 1996, shall be deemed a loan agreement for the 1995–96 fiscal year for the purposes of this section.

(2) If an eligible county elects to participate in the State-County Property Tax Administration Program, it shall enter into a contractual agreement with the Department of Finance. At a minimum, the contractual agreement shall include the following:

(A) The loan amount, as determined by the Director of Finance.

(B) Repayment provisions, including the interception of Motor Vehicle License Fee Account moneys apportioned pursuant to Section 11005 to repay the General Fund.

(C) A listing of the proposed use of the additional resources including, but not limited to:

(i) Proposed new positions.

(ii) Increased automation costs.

(D) An agreement to provide to the Department of Finance, by March 31 of the fiscal year in which the loan is made, a report projecting the impact of the increased funding in the current and subsequent fiscal year.

(4) The Department of Finance shall consider any or all of the following items in determining the extent to which a county has satisfied the terms and repaid the loan, pursuant to the contract, as offered under this part:

(A) County performance as indicated by the State Board of Equalization's sample survey required pursuant to Section 15640 of the Government Code.

(B) Performance measures adopted by the California Assessors' Association.

(C) Reduction of backlog of assessment appeals and Proposition 8 declines in value.

(D) County compliance with mandatory audits required by Section 469.

(E) Reduction of backlogs in new construction, changes in ownership, and supplemental roll.

(F) Other measures, as determined by the Director of Finance.

(5) The Director of Finance shall notify the Controller of any participating county that fails to comply with the terms of the agreement, including the repayment of the loan. When the Controller receives notice from the Director of Finance, the Controller shall make an apportionment to the General Fund on behalf of the participating county in the amount of that required payment for the purpose of making that payment. The Controller shall make that payment only from moneys credited to the Motor Vehicle License Fee Account in the Transportation Tax Fund to which the participating county is entitled at that time under Chapter 5 (commencing with Section 11001) of Part 5 of Division 2, and shall thereupon reduce, by the amount of the payment, the subsequent allocation or allocations to which the county would otherwise be entitled under that chapter.

(c) Funds appropriated for purposes of this section shall be used to enhance the property tax administration system by providing supplemental resources. Amounts provided to any county as a loan pursuant to this section shall not be used to supplant the current level

of funding. In order to participate in the State-County Property Tax Administration Program, a participating county shall maintain a base staffing, including contract staff, and total funding level in the county assessor's office, independent of the loan proceeds provided pursuant to this act, equal to the levels in the 1994–95 fiscal year exclusive of amounts provided to the assessor's office pursuant to Item 9100-102-001 of the Budget Act of 1994. However, in a county in which the 1994–95 funding level for the assessor's office was higher than the 1993–94 level, the 1993–94 fiscal year staffing and funding levels shall be considered the base year for purposes of this section.

(d) A participating county may establish a tracking system whereby a work or function number is assigned to each appraisal or administrative activity. That system should provide statistical data on the number of production units performed by each employee and the positive and negative change in assessed value attributable to the activities performed by each employee.

(e) Notwithstanding Section 95.3, no amount of funds provided to an eligible county pursuant to this section shall result in any deduction from those property tax administrative costs that are eligible for reimbursement pursuant to Section 95.3.

SEC. 3. Section 1.5 of the Napa County Flood Control and Water Conservation District Act (Chapter 1449 of the Statutes of 1951) is amended to read:

Furthermore, no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because other provisions of this act provide for offsetting savings to local agencies or school districts that result in no net costs to the local agencies or school districts, within the meaning of Section 17556 of the Government Code.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 8. Notwithstanding Section 8 of this act, Sections 3 to 6, inclusive, of this act shall take effect on January 1, 1997.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to help ensure, at the earliest possible time, that certain loan applications are allowed to be processed and loan agreements are allowed to be finalized on or before July 31, 1996, and to enact

other necessary provisions relating to public entities at the earliest possible time, it is necessary that this act take effect immediately.

[Approved by Governor July 29, 1996. Filed with Secretary of State July 29, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 14 (commencing with Section 5970) is added to Division 6 of Title 1 of the Government Code, to read:

CHAPTER 14. AWARDING OF CONTRACTS

5970. As used in this chapter, the following phrases have the following meanings:

(a) "Person" means any broker, dealer, municipal securities dealer, investment advisor, or investment firm.

(b) "Regulatory agency" means the Department of Corporations, the securities administrators or other similar regulatory authority in any other state, the Securities and Exchange Commission, the National Association of Securities Dealers, the Municipal Securities Rulemaking Board, the Commodity Futures Trading Commission, or any other self-regulatory organization.

(c) "State or local government" means the state, any department, agency, board, commission, or authority of the state, or any city, city and county, county, public district, public corporation, authority, agency, board, commission, or other public entity.

5971. CHAPTER 310

An act to add Section 36502.5 to the Government Code, relating to the City of Tustin.

[Approved by Governor July 29, 1996. Filed with Secretary of State July 29, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 36502.5 is added to the Government Code, to read:

Any ordinance adopted pursuant to this section shall apply prospectively from the effective date of this section.

SEC. 2. The Legislature finds and declares that, because of the unique circumstances applicable only to the City of Tustin, a statute of general applicability cannot be enacted within the meaning of subdivision (b) of Section 16 of Article IV of the California Constitution. Therefore, this special statute is necessary.

CHAPTER 311

An act to amend Section 1215.2 of the Insurance Code, relating to insurance.

[Approved by Governor July 29, 1996. Filed with Secretary of State July 29, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 1215.2 of the Insurance Code is amended to read:

of the consummation thereof, such person would, directly or indirectly, acquire control of such insurer, and no person shall enter into an agreement to merge with or otherwise to acquire control of a domestic insurer, unless, at the time copies of the offer or purchase or request or invitation are first published or sent or given to security holders or the agreement or transaction is entered into, as the case may be, such person has filed with the commissioner, and has sent to such insurer, a statement containing such of the following information, and such additional information, as the commissioner may by rule or regulation prescribe as necessary or appropriate in the public interest or for the protection of policyholders or shareholders:

(2) The source and amount of the funds or other consideration used or to be used in making the purchases or in effecting the exchange, merger, or other acquisition of control, and, if any part of such funds or other consideration has been or is to be borrowed or otherwise obtained for the purpose of making the purchases or effecting the exchange, merger, or other acquisition of control, a description of the transaction and the names of the parties thereto. However, where a source of funds is a loan made in the lender's ordinary course of business, if the person filing such statement so requests, the name of the lender shall not be made available to the public;

(3) Any plans or proposals which such persons may have to liquidate such insurer, to sell its assets or merge it with any person, or to make any other major change in its business or corporate structure or management;

(4) The amount of each class of voting securities or securities which may be converted into voting securities of such insurer or such controlling person which are beneficially owned, and the amount of each class of voting securities or securities which may be converted into voting securities of such insurer or such controlling person concerning which there is a right to acquire beneficial ownership, by each such person and by each affiliate of each such person, together with the name and address of each such affiliate;

(5) Information as to any contracts, arrangements, or understandings with any person with respect to any securities of such insurer or such controlling person, including, but not limited to, transfer of any of the securities, joint ventures, loan or option arrangements, puts or calls, guarantees of loans, guarantees against loss or guarantees of profits, division of losses or profits, or the giving or withholding of proxies, naming the persons with whom such contracts, arrangements, or understandings have been entered into, and giving the details thereof.

All requests or invitations for tenders or advertisements making a tender offer or requesting or inviting tenders of such voting securities

of such insurer or such controlling person made by or on behalf of any such person, and a copy of any such agreement to exchange or otherwise acquire securities or to merge with or otherwise to acquire control of such insurer, shall be filed with the commissioner and sent to such insurer as a part of such statement and shall contain such of the information contained in such statement as the commissioner may by rule or regulation prescribe. Copies of any additional material soliciting or requesting such tender offers subsequent to the initial solicitation or request, and copies of any amendment to any such agreement, shall contain such information as the commissioner may by rule or regulation prescribe as necessary or appropriate in the public interest or for the protection of policyholders or shareholders, and shall be filed with the commissioner and sent to such insurer not later than the time copies of such material are first published or sent or given to security holders or such amendment is entered into.

(b) If the person required to file the statement referred to in subdivision (a) of this section is a partnership, limited partnership, syndicate, or other group, the commissioner may require that the information called for by paragraphs (1) to (5), inclusive, of subdivision (a) shall be given with respect to: (1) each partner of such partnership or limited partnership, (2) each member of such syndicate or group, and (3) each person who controls such partner or member. If a person referred to in paragraph (1), (2), or (3) of this subdivision is a corporation or the person required to file the statement referred to in subdivision (a) is a corporation, the commissioner may require that the information called for by paragraphs (1) to (5), inclusive, of subdivision (a) shall be given with respect to such corporation and each officer and director of such corporation and each person who is directly or indirectly the beneficial owner of more than 10 percent of the outstanding voting securities of such corporation.

(c) If any tender offer, request, or invitation for tenders, or agreement to exchange or otherwise acquire securities or to merge or otherwise acquire control referred to in subdivision (a) of this section, is proposed to be made by means of a registration statement under the federal Securities Act of 1933, or in circumstances requiring the disclosure of similar information under the federal Securities Exchange Act of 1934, or under a state law requiring similar registration or disclosure, the person required to file the statement referred to in subdivision (a) may file that registration statement with the commissioner as full satisfaction of the requirement in subdivision (a).

(d) The purchases, exchanges, mergers, or other acquisitions of control referred to in subdivision (a) of this section may not be made until the commissioner either approves the purchases, exchanges, mergers, or other acquisitions of control within 60 days after the statement required by subdivision (a) has been filed with the commissioner or fails to disapprove such purchases, exchanges,

mergers, or other acquisitions of control within such 60-day period. The commissioner may disapprove any such transaction within such 60-day period if the commissioner finds any of the following:

(1) After the change of control the domestic insurer referred to in subdivision (a) could not satisfy the requirements for the issuance of a license to write the line or lines of insurance for which it is presently licensed;

(2) The purchases, exchanges, mergers, or other acquisitions of control would substantially lessen competition in insurance in this state or create a monopoly therein;

(3) The financial condition of an acquiring person is such as might jeopardize the financial stability of the insurer, or prejudice the interests of its policyholders;

(4) The plans or proposals which the acquiring person has to liquidate the insurer, to sell its assets, or to merge it with any person, or to make any other major change in its business or corporate structure or management, are not fair and reasonable to policyholders;

(5) The competence, experience, and integrity of those persons who would control the operation of the insurer indicate that it would not be in the interest of policyholders, or the public to permit them to do so.

(e) The commissioner shall require the payment of two thousand three hundred sixty dollars ($2,360) as a fee for filing an application under this section, the amount to accompany the application.

(f) The provisions of this section shall not apply to any offer for or request or invitation for tenders of any voting securities, or any agreement to exchange securities for or otherwise acquire control, if the insurer whose shares are to be acquired remains a direct or indirect subsidiary of the same ultimate controlling company person within the insurer's insurance holding company system, neither the acquiring person nor any affiliate acquires or incurs any debt, guarantee, or other liability related to the transaction, and no shares are purchased by or sold to a person who is not an affiliated person in that insurance holding company system, or if, and to the extent that, the commissioner, by rule or regulation or by order, exempts the offer, request, invitation, or agreement from the provisions of this section as not comprehended within the purposes thereof.

CHAPTER 312

An act to amend Section 3077 of the Business and Professions Code, relating to optometry, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 29, 1996. Filed with Secretary of State July 29, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 3077 of the Business and Professions Code is amended to read:

3077. As used in this section "office" means any office or other place for the practice of optometry.

(a) No person, singly or in combination with others, may have an office unless he or she is registered to practice optometry under this chapter.

(b) An optometrist, or two or more optometrists jointly, may have one office without obtaining a further license from the board.

(c) On and after October 1, 1959, no optometrist, and no two or more optometrists jointly, may have more than one office unless he, or she, or they comply with the provisions of this chapter as to an additional office. Such additional office, for the purposes of this chapter, constitutes a branch office.

(d) Any optometrist who has, or any two or more optometrists, jointly, who have, a branch office prior to January 1, 1957, and who desire to continue such branch office on or after that date shall notify the board in writing of such desire in a manner prescribed by the board.

(e) On and after January 1, 1957, any optometrist, or any two or more optometrists, jointly, who desire to open a branch office shall notify the board in writing in a manner prescribed by the board.

(f) On and after January 1, 1957, no branch office may be opened or operated without a branch office license. Branch office licenses shall be valid for the calendar year in or for which they are issued and shall be renewable on January 1st of each year thereafter. Branch office licenses shall be issued or renewed only upon the payment of the fee therefor prescribed by this chapter.

On or after October 1, 1959, no more than one branch office license shall be issued to any optometrist or to any two or more optometrists, jointly.

(g) Any failure to comply with the provisions of this chapter relating to branch offices or branch office licenses as to any branch office shall work the suspension of the certificate of registration of each optometrist who, individually or with others, has such branch office. A certificate of registration so suspended shall not be restored except upon compliance with such provisions and the payment of the fee prescribed by this chapter for restoration of a certificate of registration after suspension for failure to comply with the provisions of this chapter relating to branch offices.

(h) The holder or holders of a branch office license shall pay the annual renewal fee therefor in the amount required by this chapter between the first day of January and the first day of February of each year. The failure to pay such fee in advance on or before February 1st of each year during the time it is in force shall ipso facto work the suspension of such branch office license. Such license shall not be

restored except upon written application and the payment of the penalty prescribed by this chapter, and, in addition, all delinquent branch office fees.

(i) Nothing in this chapter shall limit or authorize the board to limit the number of branch offices which are in operation on October 1, 1959 and which conform to this chapter, nor prevent an optometrist from acquiring any branch office or offices of his or her parent. The sale after October 1, 1959 of any branch office shall terminate the privilege of operating such branch office and no new branch office license shall be issued in place of the license issued for such branch office, unless the branch office is the only one operated by the optometrist or two or more optometrists jointly.

Nothing in this chapter shall prevent an optometrist from owning, maintaining or operating more than one branch office if he or she is in personal attendance at each of his offices fifty percent (50%) of the time during which such office is open for the practice of optometry.

(j) The board shall have the power to adopt, amend, and repeal rules and regulations to carry out the provisions of this section.

(k) Notwithstanding any other provision of this section, neither an optometrist nor an individual practice association shall be deemed to have an additional office solely by reason of the optometrist's participation in an individual practice association or the individual practice association's creation or operation. As used in this subdivision, the term "individual practice association" means an entity that meets all of the following requirements:

(1) Is registered with the State Board of Optometry as an optometric corporation in accordance with Section 3160.

(2) Operates primarily for the purpose of securing contracts with health care service plans or other third-party payers that make available eye/vision services to enrollees or subscribers through a panel of optometrists.

(3) Contracts with optometrists to serve on the panel of optometrists, but does not obtain an ownership interest in, or otherwise exercise control over, the respective optometric practices of those optometrists on the panel.

Nothing in this subdivision shall be construed to exempt an optometrist who is a member of an individual practice association and who practices optometry in more than one physical location, from the requirement of obtaining a branch office license for each of those locations, as required by this section. However, an optometrist shall not be required to obtain a branch office license solely as a result of his or her participation in an individual practice association in which the members of the individual practice association practice optometry in a number of different locations, and each optometrist is listed as a member of that individual practice association.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning

of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Due to the swiftness of recent changes in health care delivery, it is necessary that optometrists have the ability to begin forming individual practice associations as soon as possible in order to remain competitive in the rapidly changing managed health care environment.

CHAPTER 313

An act to amend Section 2983.2 of, and to add Section 2983.35 to, the Civil Code, relating to obligations.

[Approved by Governor July 29, 1996. Filed with Secretary of State July 29, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 2983.2 of the Civil Code is amended to read:

2983.2. (a) Except where the motor vehicle has been seized as described in paragraph (6) of subdivision (b) of Section 2983.3, any provision in any conditional sale contract for the sale of a motor vehicle to the contrary notwithstanding, at least 15 days' written notice of intent to dispose of a repossessed or surrendered motor vehicle shall be given to all persons liable on the contract. The notice shall be personally served or shall be sent by certified mail, return receipt requested, or first-class mail, postage prepaid, directed to the last known address of the persons liable on the contract. If those persons are married to each other, and, according to the most recent records of the seller or holder of the contract, reside at the same address, one notice addressed to both persons at that address is sufficient. Except as otherwise provided in Section 2983.8, those persons shall be liable for any deficiency after disposition of the repossessed or surrendered motor vehicle only if the notice prescribed by this section is given within 60 days of repossession or surrender and does all of the following:

(1) Sets forth that those persons shall have a right to redeem the motor vehicle by paying in full the indebtedness evidenced by the contract until the expiration of 15 days from the date of giving or mailing the notice and provides an itemization of the contract balance and of any delinquency, collection or repossession costs and fees and sets forth the computation or estimate of the amount of any credit for unearned finance charges or canceled insurance as of the date of the notice.

(2) States either that there is a conditional right to reinstate the contract until the expiration of 15 days from the date of giving or mailing the notice and all the conditions precedent thereto or that

there is no right of reinstatement and provides a statement of reasons therefor.

(3) States that, upon written request, the seller or holder shall extend for an additional 10 days the redemption period or, if entitled to the conditional right of reinstatement, both the redemption and reinstatement periods. The seller or holder shall provide the proper form for applying for the extensions with the substance of the form being limited to the extension request, spaces for the requesting party to sign and date the form, and instructions that it must be personally served or sent by certified or registered mail, return receipt requested, to a person or office and address designated by the seller or holder and received before the expiration of the initial redemption and reinstatement periods.

(4) Discloses the place at which the motor vehicle will be returned to those persons upon redemption or reinstatement.

(5) Designates the name and address of the person or office to whom payment shall be made.

(6) States the seller's or holder's intent to dispose of the motor vehicle upon the expiration of 15 days from the date of giving or mailing the notice, or if by mail and either the place of deposit in the mail or the place of address is outside of this state, the period shall be 20 days instead of 15 days, and further, that upon written request to extend the redemption period and any applicable reinstatement period for 10 days, the seller or holder shall without further notice extend the period accordingly.

(7) Informs those persons that upon written request, the seller or holder will furnish a written accounting regarding the disposition of the motor vehicle as provided for in subdivision (b). The seller or holder shall advise them that this request must be personally served or sent first-class mail, postage prepaid, or certified mail, return receipt requested, to a person or office and address designated by the seller or holder.

(8) Includes notice, in at least 10-point bold type if the notice is printed, reading as follows: "NOTICE. YOU MAY BE SUBJECT TO SUIT AND LIABILITY IF THE AMOUNT OBTAINED UPON DISPOSITION OF THE VEHICLE IS INSUFFICIENT TO PAY THE CONTRACT BALANCE AND ANY OTHER AMOUNTS DUE."

(9) Informs those persons that upon the disposition of the motor vehicle, they will be liable for the deficiency balance plus interest at the contract rate, or at the legal rate of interest pursuant to Section 3289 if there is no contract rate of interest, from the date of disposition of the motor vehicle to the date of entry of judgment.

The notice prescribed by this section shall not affect the discretion of the court to strike out an unconscionable interest rate in the contract for which the notice is required, nor affect the court in its determination of whether the rate is unconscionable.

(b) Unless automatically provided to the buyer within 45 days after the disposition of the motor vehicle, the seller or holder shall provide to any person liable on the contract within 45 days after their written request, if the request is made within one year after the disposition, a written accounting regarding the disposition. The accounting shall itemize:

(1) The gross proceeds of the disposition.

(2) The reasonable and necessary expenses incurred for retaking, holding, preparing for and conducting the sale and to the extent provided for in the agreement and not prohibited by law, reasonable attorney fees and legal expenses incurred by the seller or holder in retaking the motor vehicle from any person not a party to the contract.

(3) The satisfaction of indebtedness secured by any subordinate lien or encumbrance on the motor vehicle if written notification of demand therefor is received before distribution of the proceeds is completed. If requested by the seller or holder, the holder of a subordinate lien or encumbrance must seasonably furnish reasonable proof of its interest, and unless it does so, the seller or holder need not comply with its demand.

(c) In all sales which result in a surplus, the seller or holder shall furnish an accounting as provided in subdivision (b) whether or not requested by the buyer. Any surplus shall be returned to the buyer within 45 days after the sale is conducted.

(d) This section shall not apply to a loan made by a lender licensed under Division 9 (commencing with Section 22000) or Division 10 (commencing with Section 24000) of the Financial Code.

SEC. 2. Section 2983.35 is added to the Civil Code, to read:

2983.35. (a) If a creditor has requested a cosigner as a condition of granting credit to any person for the purpose of acquisition of a motor vehicle, the creditor or holder shall give the cosigner a written notice of delinquency prior to the repossession of the motor vehicle if the motor vehicle is to be repossessed pursuant to the motor vehicle credit agreement. The written notice of delinquency shall be personally served or shall be sent by certified mail, return receipt requested, or first-class mail, postage prepaid, directed to the last known address of the cosigner. If the last known address of the buyer and the cosigner are the same, a single written notice of delinquency given to both the borrower and cosigner prior to repossession satisfies the cosigner notice requirement of this section.

(b) A creditor or holder who fails to comply with this section may not recover any costs associated with the repossession of the vehicle from the cosigner.

(c) This section applies to any motor vehicle credit agreement, notwithstanding Section 2982.5.

(d) The following definitions govern the construction of this section.

(1) "Cosigner" means a buyer who executes a motor vehicle credit agreement but does not in fact receive possession of the motor vehicle that is the subject of the agreement.

(2) "Creditor" means a seller or lender described in paragraph (4).

(3) "Holder" means any other person who is entitled to enforce the motor vehicle credit agreement.

(4) "Motor vehicle credit agreement" means any conditional sales contract as defined in Section 2981 and any contract or agreement in which a lender gives value to enable a purchaser to acquire a motor vehicle and in which the lender obtains a security interest in the motor vehicle.

[Approved by Governor July 29, 1996. Filed with Secretary of State July 29, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 5067 of the Public Resources Code is amended to read:

5067. The department may enter into, for a period not less than 20 years and not to exceed 25 years, an agreement with the Desert Pacific Council of the Boy Scouts of America for the use of a portion of Cuyamaca Rancho State Park. Any agreement so entered into shall be subject to approval by the Director of General Services pursuant to Section 11005.2 of the Government Code.

[Approved by Governor July 29, 1996. Filed with Secretary of State July 29, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 3103 of the Commercial Code is amended to read:

3103. (a) In this division:

(1) "Acceptor" means a drawee who has accepted a draft.

(6) "Order" means a written instruction to pay money signed by the person giving the instruction. The instruction may be addressed to any person, including the person giving the instruction, or to one or more persons jointly or in the alternative but not in succession. An authorization to pay is not an order unless the person authorized to pay is also instructed to pay.

(7) "Ordinary care" in the case of a person engaged in business means observance of reasonable commercial standards, prevailing in the area in which the person is located, with respect to the business in which the person is engaged. In the case of a bank that takes an instrument for processing for collection or payment by automated means, reasonable commercial standards do not require the bank to examine the instrument if the failure to examine does not violate the bank's prescribed procedures and the bank's procedures do not vary unreasonably from general banking usage not disapproved by this division or Division 4 (commencing with Section 4101).

(8) "Party" means a party to an instrument.

(9) "Promise" means a written undertaking to pay money signed by the person undertaking to pay. An acknowledgment of an obligation by the obligor is not a promise unless the obligor also undertakes to pay the obligation.

(d) In addition, Division 1 (commencing with Section 1101) contains general definitions and principles of construction and interpretation applicable throughout this division.

SEC. 2. Section 3104 of the Commercial Code is amended to read:

3104. (a) Except as provided in subdivisions (c) and (d), "negotiable instrument" means an unconditional promise or order to pay a fixed amount of money, with or without interest or other charges described in the promise or order, if it is all of the following:

(1) Is payable to bearer or to order at the time it is issued or first comes into possession of a holder.

(2) Is payable on demand or at a definite time.

(3) Does not state any other undertaking or instruction by the person promising or ordering payment to do any act in addition to

the payment of money, but the promise or order may contain (i) an undertaking or power to give, maintain, or protect collateral to secure payment, (ii) an authorization or power to the holder to confess judgment or realize on or dispose of collateral, or (iii) a waiver of the benefit of any law intended for the advantage or protection of an obligor.

(b) "Instrument" means a negotiable instrument.

(c) An order that meets all of the requirements of subdivision (a), except paragraph (1), and otherwise falls within the definition of "check" in subdivision (f) is a negotiable instrument and a check.

(d) A promise or order other than a check is not an instrument if, at the time it is issued or first comes into possession of a holder, it contains a conspicuous statement, however expressed, to the effect that the promise or order is not negotiable or is not an instrument governed by this division.

(e) An instrument is a "note" if it is a promise and is a "draft" if it is an order. If an instrument falls within the definition of both "note" and "draft," a person entitled to enforce the instrument may treat it as either.

(f) "Check" means (1) a draft, other than a documentary draft, payable on demand and drawn on a bank, (2) a cashier's check or teller's check, or (3) a demand draft. An instrument may be a check even though it is described on its face by another term, such as "money order."

(g) "Cashier's check" means a draft with respect to which the drawer and drawee are the same bank or branches of the same bank.

(h) "Teller's check" means a draft drawn by a bank (1) on another bank, or (2) payable at or through a bank.

(i) "Traveler's check" means an instrument that (1) is payable on demand, (2) is drawn on or payable at or through a bank, (3) is designated by the term "traveler's check" or by a substantially similar term, and (4) requires, as a condition to payment, a countersignature by a person whose specimen signature appears on the instrument.

(j) "Certificate of deposit" means an instrument containing an acknowledgment by a bank that a sum of money has been received by the bank and a promise by the bank to repay the sum of money. A certificate of deposit is a note of the bank.

(k) "Demand draft" means a writing not signed by a customer that is created by a third party under the purported authority of the customer for the purpose of charging the customer's account with a bank. A demand draft shall contain the customer's account number and may contain any or all of the following:

(1) The customer's printed or typewritten name.

(2) A notation that the customer authorized the draft.

(3) The statement "No Signature Required" or words to that effect.

A demand draft shall not include a check purportedly drawn by and bearing the signature of a fiduciary, as defined in paragraph (1) of subdivision (a) of Section 3307.

SEC. 3. Section 3416 of the Commercial Code is amended to read:

3416. (a) A person who transfers an instrument for consideration warrants all of the following to the transferee and, if the transfer is by indorsement, to any subsequent transferee:

(1) The warrantor is a person entitled to enforce the instrument.

(2) All signatures on the instrument are authentic and authorized.

(3) The instrument has not been altered.

(4) The instrument is not subject to a defense or claim in recoupment of any party which can be asserted against the warrantor.

(5) The warrantor has no knowledge of any insolvency proceeding commenced with respect to the maker or acceptor or, in the case of an unaccepted draft, the drawer.

(6) If the instrument is a demand draft, creation of the instrument according to the terms on its face was authorized by the person identified as drawer.

(b) A person to whom the warranties under subdivision (a) are made and who took the instrument in good faith may recover from the warrantor as damages for breach of warranty an amount equal to the loss suffered as a result of the breach, but not more than the amount of the instrument plus expenses and loss of interest incurred as a result of the breach.

(c) The warranties stated in subdivision (a) cannot be disclaimed with respect to checks. Unless notice of a claim for breach of warranty is given to the warrantor within 30 days after the claimant has reason to know of the breach and the identity of the warrantor, the liability of the warrantor under subdivision (b) is discharged to the extent of any loss caused by the delay in giving notice of the claim.

(d) A cause of action for breach of warranty under this section accrues when the claimant has reason to know of the breach.

(e) If the warranty in paragraph (6) of subdivision (a) is not given by a transferor under applicable conflict of law rules, then the warranty is not given to that transferor when that transferor is a transferee.

SEC. 4. Section 3417 of the Commercial Code is amended to read:

3417. (a) If an unaccepted draft is presented to the drawee for payment or acceptance and the drawee pays or accepts the draft, (i) the person obtaining payment or acceptance, at the time of presentment, and (ii) a previous transferor of the draft, at the time of transfer, warrant all of the following to the drawee making payment or accepting the draft in good faith:

(1) The warrantor is, or was, at the time the warrantor transferred the draft, a person entitled to enforce the draft or authorized to obtain payment or acceptance of the draft on behalf of a person entitled to enforce the draft.

(2) The draft has not been altered.

(3) The warrantor has no knowledge that the signature of the drawer of the draft is unauthorized.

(4) If the draft is a demand draft, creation of the demand draft according to the terms on its face was authorized by the person identified as drawer.

(b) A drawee making payment may recover from any warrantor damages for breach of warranty equal to the amount paid by the drawee less the amount the drawee received or is entitled to receive from the drawer because of the payment. In addition, the drawee is entitled to compensation for expenses and loss of interest resulting from the breach. The right of the drawee to recover damages under this subdivision is not affected by any failure of the drawee to exercise ordinary care in making payment. If the drawee accepts the draft, breach of warranty is a defense to the obligation of the acceptor. If the acceptor makes payment with respect to the draft, the acceptor is entitled to recover from any warrantor for breach of warranty the amounts stated in this subdivision.

(c) If a drawee asserts a claim for breach of warranty under subdivision (a) based on an unauthorized indorsement of the draft or an alteration of the draft, the warrantor may defend by proving that the indorsement is effective under Section 3404 or 3405 or the drawer is precluded under Section 3406 or 4406 from asserting against the drawee the unauthorized indorsement or alteration.

(d) If (i) a dishonored draft is presented for payment to the drawer or an indorser or (ii) any other instrument is presented for payment to a party obliged to pay the instrument, and (iii) payment is received, the following rules apply:

(1) The person obtaining payment and a prior transferor of the instrument warrant to the person making payment in good faith that the warrantor is, or was, at the time the warrantor transferred the instrument, a person entitled to enforce the instrument or authorized to obtain payment on behalf of a person entitled to enforce the instrument.

(2) The person making payment may recover from any warrantor for breach of warranty an amount equal to the amount paid plus expenses and loss of interest resulting from the breach.

(e) The warranties stated in subdivisions (a) and (d) cannot be disclaimed with respect to checks. Unless notice of a claim for breach of warranty is given to the warrantor within 30 days after the claimant has reason to know of the breach and the identity of the warrantor, the liability of the warrantor under subdivision (b) or (d) is discharged to the extent of any loss caused by the delay in giving notice of the claim.

(f) A cause of action for breach of warranty under this section accrues when the claimant has reason to know of the breach.

(g) A demand draft is a check, as provided in subdivision (f) of Section 3104.

(h) If the warranty in paragraph (4) of subdivision (a) is not given by a transferor under applicable conflict of law rules, then the warranty is not given to that transferor when that transferor is a transferee.

SEC. 5. Section 4207 of the Commercial Code is amended to read:

4207. (a) A customer or collecting bank that transfers an item and receives a settlement or other consideration warrants to the transferee and to any subsequent collecting bank that all of the following are applicable:

(1) The warrantor is a person entitled to enforce the item.

(2) All signatures on the item are authentic and authorized.

(3) The item has not been altered.

(4) The item is not subject to a defense or claim in recoupment (subdivision (a) of Section 3305) of any party that can be asserted against the warrantor.

(5) The warrantor has no knowledge of any insolvency proceeding commenced with respect to the maker or acceptor or, in the case of an unaccepted draft, the drawer.

(6) If the item is a demand draft, creation of the item according to the terms on its face was authorized by the person identified as drawer.

(b) If an item is dishonored, a customer or collecting bank transferring the item and receiving settlement or other consideration is obliged to pay the amount due on the item (1) according to the terms of the item at the time it was transferred, or (2) if the transfer was of an incomplete item, according to its terms when completed as stated in Sections 3115 and 3407. The obligation of a transferor is owed to the transferee and to any subsequent collecting bank that takes the item in good faith. A transferor cannot disclaim its obligation under this subdivision by an indorsement stating that it is made "without recourse" or otherwise disclaiming liability.

(c) A person to whom the warranties under subdivision (a) are made and who took the item in good faith may recover from the warrantor as damages for breach of warranty an amount equal to the loss suffered as a result of the breach, but not more than the amount of the item plus expenses and loss of interest incurred as a result of the breach.

(d) The warranties stated in subdivision (a) cannot be disclaimed with respect to checks. Unless notice of a claim for breach of warranty is given to the warrantor within 30 days after the claimant has reason to know of the breach and the identity of the warrantor, the warrantor is discharged to the extent of any loss caused by the delay in giving notice of the claim.

(e) A cause of action for breach of warranty under this section accrues when the claimant has reason to know of the breach.

(f) If the warranty in paragraph (6) of subdivision (a) is not given by a transferor or collecting bank under applicable conflict of law

rules, then the warranty is not given to that transferor when that transferor is a transferee nor to any prior collecting bank of that transferee.

SEC. 6. Section 4208 of the Commercial Code is amended to read:

4208. (a) If an unaccepted draft is presented to the drawee for payment or acceptance and the drawee pays or accepts the draft, (i) the person obtaining payment or acceptance, at the time of presentment, and (ii) a previous transferor of the draft, at the time of transfer, warrant to the drawee that pays or accepts the draft in good faith that all of the following apply:

(1) The warrantor is, or was, at the time the warrantor transferred the draft, a person entitled to enforce the draft or authorized to obtain payment or acceptance of the draft on behalf of a person entitled to enforce the draft.

(2) The draft has not been altered.

(3) The warrantor has no knowledge that the signature of the purported drawer of the draft is unauthorized.

(4) If the draft is a demand draft, creation of the demand draft according to the terms on its face was authorized by the person identified as drawer.

(b) A drawee making payment may recover from a warrantor damages for breach of warranty equal to the amount paid by the drawee less the amount the drawee received or is entitled to receive from the drawer because of the payment. In addition, the drawee is entitled to compensation for expenses and loss of interest resulting from the breach. The right of the drawee to recover damages under this subdivision is not affected by any failure of the drawee to exercise ordinary care in making payment. If the drawee accepts the draft (1) breach of warranty is a defense to the obligation of the acceptor, and (2) if the acceptor makes payment with respect to the draft, the acceptor is entitled to recover from a warrantor for breach of warranty the amounts stated in this subdivision.

(c) If a drawee asserts a claim for breach of warranty under subdivision (a) based on an unauthorized indorsement of the draft or an alteration of the draft, the warrantor may defend by proving that the indorsement is effective under Section 3404 or 3405 or the drawer is precluded under Section 3406 or 4406 from asserting against the drawee the unauthorized indorsement or alteration.

(d) If (1) a dishonored draft is presented for payment to the drawer or an indorser or (2) any other item is presented for payment to a party obliged to pay the item, and the item is paid, the person obtaining payment and a prior transferor of the item warrant to the person making payment in good faith that the warrantor is, or was, at the time the warrantor transferred the item, a person entitled to enforce the item or authorized to obtain payment on behalf of a person entitled to enforce the item. The person making payment may recover from any warrantor for breach of warranty an amount

equal to the amount paid plus expenses and loss of interest resulting from the breach.

(e) The warranties stated in subdivisions (a) and (d) cannot be disclaimed with respect to checks. Unless notice of a claim for breach of warranty is given to the warrantor within 30 days after the claimant has reason to know of the breach and the identity of the warrantor, the warrantor is discharged to the extent of any loss caused by the delay in giving notice of the claim.

(f) A cause of action for breach of warranty under this section accrues when the claimant has reason to know of the breach.

(g) A demand draft is a check, as provided in subdivision (f) of Section 3104.

(h) If the warranty in paragraph (4) of subdivision (a) is not given by a transferor under applicable conflict of law rules, then the warranty is not given to that transferor when that transferor is a transferee.

SEC. 7. This uncodified section expresses the Legislature's intent in enacting new subdivision (k) of Section 3104 of the Commercial Code.

Section 3104(k) is new. Modern check collection methods have increased the risk on payor banks that items not bearing authorized signatures may be paid against customer accounts. The purpose of this change is to define a new class of payment instrument, drawn on a bank customer's account without an authorized signature, and to shift the risk of loss for processing this instrument to the depositary-collecting bank which is in the best position to prevent its introduction into the check collection system.

The definition of "demand draft" is intended to identify a payment instrument created to debit a bank customer's account with the bank by a party who is not a signer on the account. This payment instrument is not signed by an authorized signer on the account and does not bear or purport to bear a signature of an authorized signer. This payment instrument is intended to debit the bank customer's account by deposit and collection through the normal check collection system. A demand draft may be created by a third party, such as a telemarketer, with the authorization by the bank customer to obtain payment from the bank customer's account as a means to pay the third party. A demand draft may also be created by a third party such as a home banking service provider, as a means to pay itself or others. The customer's account number and other processing information is encoded on the demand draft and the demand draft is deposited in a bank for collection through normal banking channels and payment by the payor bank. Because checks and other items deposited for collection are processed rapidly and in high volume, payor banks are not able to determine if customers authorize the creation of demand drafts. The depositary bank, which is charged with knowing its customer, is in the best position to avoid the introduction into the check collection system of an unauthorized

demand draft by scrutinizing the customers allowed to deposit those drafts. This change creates an additional warranty in the case of a demand draft to each transferee that the demand draft was authorized by the bank customer upon whose account it is drawn. This change shifts the risk to the depositary bank if its customer deposits an unauthorized demand draft for collection.

Demand drafts do not include instruments that bear forged or unauthorized signatures of customers. Demand drafts do not include instruments drawn or purportedly drawn and signed by a "fiduciary" as defined in Commercial Code Section 3307(a)(1). Instruments bearing forged or unauthorized signatures should be handled under the forgery provisions and unauthorized signature provisions of Divisions 3 and 4 of the Commercial Code, as applicable.

Application of this section is illustrated by two examples:

Case No. 1

X contacts Y by telephone or otherwise. X obtains Y's account number with Bank A and creates an instrument payable to X that lists Y as the maker of the instrument and has Y's bank account information encoded with magnetic ink character recognition symbols on the bottom of the instrument. In the signature block X affixes a stamp that states "SIGNATURE ON FILE." X deposits the instrument into X's account at Bank B. Bank B presents the instrument to Bank A for payment. Bank A pays the check and deducts the funds from Y's account. Y claims that he or she did not authorize the creation of the instrument to debit Y's account and Y did not receive any benefit from the payment. In this case, the instrument qualifies as a demand draft. Bank A has a breach of warranty claim against Bank B under Section 4208(a)(4) of the Commercial Code. Even if X had not affixed the stamp stating "SIGNATURE ON FILE" or included the name of Y on the instrument, the instrument would qualify as a demand draft because Y's bank account information is printed by encoding on the bottom of the instrument.

Case No. 2

Same facts as Case No. 1 except X includes Y's name on the instrument and by error or with intent X has Z's bank account information at Bank A encoded on the bottom of the instrument. Both Y and Z claim they did not authorize the instrument and did not receive benefit from the payment. The instrument qualifies as a demand draft. Bank A has a breach of warranty claim against Bank B under Sections 4208(a)(4) and 4209 of the Commercial Code.

Case No. 3

X fraudulently issues a check payable to Y drawn on Z's account with Bank A and signs the check "X attorney-in-fact for Z." Y deposits the check into Bank B, who presents the check to Bank A. Bank A pays the check and deducts the funds from Z's account. Z claims the check was not authorized and that X is not Z's attorney-in-fact, and that Z received no benefit from the payment. In this case, the check

is not a demand draft because the signature of X is on the instrument as a fiduciary.

CHAPTER 317

An act to add Section 76214 to the Government Code, relating to local government.

[Approved by Governor July 29, 1996. Filed with Secretary of State July 29, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 76214 is added to the Government Code, to read:

76214. (a) Deposits collected in the Monterey County Courthouse Construction Fund shall continue through the 30th year after the initial year for which the surcharge or additional penalty, as defined in Section 76000, is collected, or through the 30th year after any borrowings are made for any construction funded pursuant to Section 76100.

(b) The Monterey County Treasurer shall deposit those amounts specified by the board of supervisors by resolution into the Monterey County Courthouse Construction Fund pursuant to Section 76000. However, deposits to the fund shall continue through whatever period of time is necessary to repay any borrowings made by Monterey County on or before January 1, 1998, to pay for construction provided in this chapter.

SEC. 2. Due to unique facts and circumstances applicable to Monterey County, insofar as the county requires assistance in expanding and improving its court facilities, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution. Special legislation is, therefore, necessarily applicable to only Monterey County.

(f) This section shall become inoperative on July 1, 1999, and, as of January 1, 2000, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 2000, deletes or extends the dates on which it becomes inoperative and is repealed.

CHAPTER 319

An act to amend Sections 10507, 10855, 12161, and 12301 of the Public Contract Code, and to amend Section 42202 of the Public Resources Code, relating to state contracts.

[Approved by Governor July 29, 1996. Filed with Secretary of State July 29, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 10507 of the Public Contract Code is amended to read:

10507. For the purpose of this article, "recycled paper" means all paper and woodpulp products containing postconsumer and secondary materials as defined in this section. "Postconsumer material" means a finished material which would normally be disposed of as a solid waste, having completed its life cycle as a consumer item. "Secondary material" means fragments of products or finished products of a manufacturing process, which has converted a virgin resource into a commodity of real economic value, and includes postconsumer material, but does not include fibrous waste generated during the manufacturing process such as fibers recovered from wastewater or trimmings of paper machine rolls (mill broke), wood slabs, chips, sawdust or other wood residue from a manufacturing process.

1722. The amount of seven hundred dollars ($700) of the fund shall constitute a revolving fund and may be drawn upon the warrant of the president and secretary of the board without being audited in the usual manner, in cases of emergency or where cash advances are necessary. However, after the sum of seven hundred dollars ($700) has been so expended, no further warrant shall be drawn on the revolving fund until expenditures previously made from it shall be substantiated by vouchers and itemized statements and audited. All expenditures from the revolving fund shall, at the end of each fiscal year, or at any other time when demand therefor is made by the Director of Finance or by the State Controller, be so substantiated and audited unless previously done.

SEC. 2. Section 2204 of the Corporations Code is amended to read:

2204. (a) Upon the failure of a corporation to file the statement required by Section 1502, the Secretary of State shall mail a notice of that delinquency to the corporation. The notice shall also contain information concerning the application of this section, advise the corporation of the penalty imposed by Section 19141 of the Revenue and Taxation Code for failure to timely file the required statement after notice of delinquency has been mailed by the Secretary of State, and shall advise the corporation of its right to request relief from the Secretary of State because of reasonable cause or unusual circumstances that justify the failure to file. If, within 60 days after the mailing of the notice of delinquency, a statement pursuant to Section 1502 has not been filed by the corporation, the Secretary of State shall certify the name of the corporation to the Franchise Tax Board.

(b) Upon certification pursuant to subdivision (a), the Franchise Tax Board shall assess against the corporation the penalty provided in Section 19141 of the Revenue and Taxation Code.

(c) The penalty herein provided shall not apply to a corporation that on or prior to the date of certification pursuant to subdivision (a) has dissolved or has been merged into another corporation.

(d) The penalty herein provided shall not apply and the Secretary of State need not mail a notice of delinquency to a corporation if the corporate powers, rights, and privileges have been suspended by the Franchise Tax Board pursuant to Section 23301, 23301.5, or 23775 of the Revenue and Taxation Code on or prior to, and remain suspended on, the last day of the filing period pursuant to Section 1502. (e) If, after certification pursuant to subdivision (a), the Secretary of State finds (1) the required statement was filed before the expiration of the 60-day period after mailing of the notice of delinquency, or (2) the failure to provide notice of delinquency was due to an error of the Secretary of State, the Secretary of State shall promptly decertify the name of the corporation to the Franchise Tax Board. The Franchise Tax Board shall then promptly abate any penalty assessed against the corporation pursuant to Section 19141 of the Revenue and Taxation Code.

(f) If the Secretary of State determines that the failure of a corporation to file the statement required by Section 1502 is excusable because of reasonable cause or unusual circumstances that justify the failure, the Secretary of State may waive the penalty imposed by this section and by Section 19141 of the Revenue and Taxation Code, in which case the Secretary of State shall not certify the name of the corporation to the Franchise Tax Board, or if already certified, the Secretary of State shall promptly decertify the name of the corporation.

CHAPTER 327

An act to add and repeal Title 11.5 (commencing with Section 14170) of Part 4 of the Penal Code, relating to crime prevention.

[Approved by Governor July 29, 1996. Filed with Secretary of State July 29, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Title 11.5 (commencing with Section 14170) is added to Part 4 of the Penal Code, to read:

TITLE 11.5. RURAL CRIME PREVENTION DEMONSTRATION PROJECT

14170. The Legislature finds and declares that California has experienced a severe escalation in crimes in general, both property and personal, and that there has been no concentrated effort applied to the prevention of crimes against the agricultural industry. Currently, no national or state agency keeps track of statistics on rural crime. According to media reports, this state lost millions of dollars worth of crops, livestock, and equipment in 1994 and 1995. A majority of these crimes occurred in agricultural-based counties. However, there has been no effort on the part of any state or local agency to accurately record these types of crimes.

The Legislature further finds and declares that there are no state or local law enforcement agencies in this state with programs that are specially designed to detect or monitor agricultural-based criminal activities. In addition, local law enforcement agencies do not possess

the jurisdictional authority, investigative facilities, or data systems to coordinate a comprehensive approach to the state's agricultural crime problem.

The Legislature additionally finds and declares that the proliferation of agricultural crime in the various rural counties of this state is a threat to the vitality of our rich agrarian tradition. Rural crime, if left unchecked, endangers an entire industry that is vital to America's continued economic role in the world, and therefore requires a proactive response from the Legislature. The intent of the Legislature in authorizing the Rural Crime Prevention Demonstration Project pursuant to this act is to provide for the protection and safety of the state's agriculture industry by creating statewide standards and methods of detecting and tracking agrarian crime.

14171. (a) The County of Tulare may develop the Rural Crime Prevention Demonstration Project which shall be administered by the Tulare County District Attorney's Office under a joint powers agreement with the Tulare County Sheriff's Office entered into pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code.

The parties to this agreement shall form a task force to include the Office of the Tulare County Agricultural Commissioner. The task force shall be an interactive team working together to develop problemsolving and crime control techniques, to encourage timely reporting of crimes, and to evaluate the results of these activities. The task force shall operate from a joint facility in order to facilitate investigative coordination. The task force shall also consult with experts from the United States military, the California Military Department, the Department of Justice, other law enforcement entities, and various other state and private organizations as deemed necessary to maximize the effectiveness of this project. Media and community support shall be solicited to promote this project.

(b) The staff for this pilot project shall consist of the following persons:

(1) A Tulare County sheriff's sergeant selected by the sheriff.

(2) Four Tulare County deputy sheriffs selected by the sheriff to provide the necessary patrol and protective services.

(3) A deputy district attorney and a criminal investigator selected by the district attorney to investigate, prepare, and vertically prosecute all cases generated as a result of the project.

(4) An office assistant and an account clerk selected by the district attorney to support the task force, manage the required budget, tabulate data for research, and prepare all necessary reports.

14172. (a) If the County of Tulare elects to develop the pilot project pursuant to this title, the project shall commence within 120 days of this title becoming operative, and shall continue for 36 months. Evaluation of all data collected with respect to this project shall continue during this 36-month period.

An additional three months shall be provided for the final compilation of data to be submitted to the Legislature.

(b) The County of Tulare shall report annually to the Legislature on the activities and accomplishments of the project. The report shall include all of the following information:

(1) A summary of the project's operation, activities, and costs.

(2) An itemized list of the number of arrests made during the life of the project.

(3) An account of the county's investigative role and itemization of the services provided by the county to other law enforcement agencies.

14173. The County of Tulare shall adopt rules and regulations for the implementation and administration of this project.

14174. At the end of each fiscal year, the County of Tulare shall prepare and submit to the Legislature a detailed cost-benefit analysis of the entire project, wherein the cost to operate the project shall be measured against savings realized from crime prevention, crime suppression, and the number of prosecutions resulting from the project. These savings shall include the reduction of economic loss resulting from crime during the life of the project.

14175. This title is repealed as of January 1, 2000, unless a later enacted statute, which is chaptered before this date, deletes or extends the date.

CHAPTER 328

An act to amend Sections 3146, 3148, and 3152 of the Business and Professions Code, relating to optometry.

The people of the State of California do enact as follows:

SECTION 1. Section 3146 of the Business and Professions Code is amended to read:

3146. This sum shall be used at and by the University of California solely for the advancement of optometrical research and the maintenance and support of the department at the university in which the science of optometry is taught.

The balance of each renewal fee shall be paid into the Optometry Fund.

SEC. 3. Section 3152 of the Business and Professions Code is amended to read:

3152. The amount of fees and penalties prescribed by this chapter shall be established by the board in amounts not greater than those specified in the following schedule:

(a) The fee for applicants applying for a certificate of registration who present credentials of graduation from an accredited school of optometry shall not exceed two hundred seventy-five dollars ($275) that shall not be refunded, except that applicants who are found ineligible to take an examination for a certificate of registration are entitled to a refund of a maximum of one hundred seventy-five dollars ($175).

(b) The fee for biennial renewal of a certificate of registration shall not exceed three hundred dollars ($300).

(c) The delinquency fee shall not exceed twenty-five dollars ($25).

(d) The annual fee for the renewal of a branch office license shall not exceed seventy-five dollars ($75).

(e) The fee for a branch office license shall not exceed seventy-five dollars ($75).

(f) The penalty for failure to pay the annual fee for renewal of a branch office license shall not exceed twenty-five dollars ($25).

(g) The fee for restoration of a certificate of registration after suspension for failure to comply with the provisions of this chapter relating to branch offices shall not exceed seventy-five dollars ($75).

(h) The fee for issuance of a certification of registration or upon change of name authorized by law of a person holding a certificate of registration under this chapter shall not exceed twenty-five dollars ($25).

(i) The board shall submit a report to the fiscal and appropriate policy committees of the Legislature whenever the board increases any fee. The report shall specify the rationale and justification for that increase and include the percentage of the fee increase to be used for enforcement purposes.

CHAPTER 329

An act to amend and repeal Section 33413 of the Health and Safety Code, relating to redevelopment.

[Approved by Governor July 29, 1996. Filed with Secretary of State July 29, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 33413 of the Health and Safety Code, as amended by Section 13 of Chapter 936 of the Statutes of 1994, is amended to read:

33413. (a) Whenever dwelling units housing persons and families of low or moderate income are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project which is subject to a written agreement with the agency or where financial assistance has been provided by the agency, the agency shall, within four years of the destruction or removal, rehabilitate, develop, or construct, or cause to be rehabilitated, developed, or constructed, for rental or sale to persons and families of low or moderate income, an equal number of replacement dwelling units which have an equal or greater number of bedrooms as those destroyed or removed units at affordable housing costs within the territorial jurisdiction of the agency. When dwelling units are destroyed or removed after September 1, 1989, 75 percent of the replacement dwelling units shall replace dwelling units available at affordable housing cost in the same income level of very low income households, lower income households, and persons and families of low and moderate income, as the persons displaced from those destroyed or removed units.

(b) (1) At least 30 percent of all new and substantially rehabilitated dwelling units developed by an agency shall be available at affordable housing cost to persons and families of low or moderate income. Not less than 50 percent of the dwelling units required to be available at affordable housing cost to persons and families of low or moderate income shall be available at affordable housing cost to, and occupied by, very low income households.

(2) (A) (i) At least 15 percent of all new and substantially rehabilitated dwelling units developed within a project area under the jurisdiction of an agency by public or private entities or persons other than the agency shall be available at affordable housing cost to persons and families of low or moderate income. Not less than 40 percent of the dwelling units required to be available at affordable housing cost to persons and families of low or moderate income shall be available at affordable housing cost to very low income households.

(ii) To satisfy the provisions of this paragraph, in whole or in part, the agency may cause, by regulation or agreement, to be available, at affordable housing costs, to persons and families of low or moderate income or to very low income households, as applicable, two units outside a project area for each unit that otherwise would have had to be available inside a project area.

(iii) As used in this paragraph and in paragraph (1), "substantially rehabilitated dwelling units" means substantially rehabilitated multifamily rented dwelling units with three or more units or substantially rehabilitated, with agency assistance, single-family dwelling units with one or two units.

(iv) As used in this paragraph and in paragraph (1), "substantial rehabilitation" means rehabilitation, the value of which constitutes 25 percent of the after rehabilitation value of the dwelling, inclusive of the land value.

(v) To satisfy the provisions of this paragraph, the agency may aggregate new or substantially rehabilitated dwelling units in one or more project areas, provided that the agency finds, based on substantial evidence, after a public hearing, that the aggregation will not cause or exacerbate racial, ethnic, or economic segregation.

(B) To satisfy the requirements of paragraph (1) and subparagraph (A), the agency may purchase, or otherwise acquire or cause by regulation or agreement the purchase or other acquisition of, long-term affordability covenants on multifamily units that restrict the cost of renting or purchasing those units that either: (i) are not presently available at affordable housing cost to persons and families of low or very low income households, as applicable; or (ii) are units that are presently available at affordable housing cost to this same group of persons or families, but are units that the agency finds, based upon substantial evidence, after a public hearing, cannot reasonably be expected to remain affordable to this same group of persons or families.

(C) To satisfy the requirements of paragraph (1) and subparagraph (A), the long-term affordability covenants purchased or otherwise acquired pursuant to subparagraph (B) shall be required to be maintained on dwelling units at affordable housing cost for not less than 30 years. Not more than 50 percent of the units made available pursuant to paragraph (1) and subparagraph (A) may be assisted through the purchase or acquisition of long-term affordability covenants pursuant to subparagraph (B). Not less than 50 percent of the units made available through the purchase or acquisition of long-term affordability covenants pursuant to subparagraph (B) shall be available at affordable housing cost to, and occupied by, very low income households.

(3) The requirements of this subdivision shall apply independently of the requirements of subdivision (a). The requirements of this subdivision shall apply, in the aggregate, to housing made available pursuant to paragraphs (1) and (2),

respectively, and not to each individual case of rehabilitation, development, or construction of dwelling units, unless an agency determines otherwise.

(4) Each redevelopment agency, as part of the implementation plan required by Section 33490, shall adopt a plan to comply with the requirements of this subdivision for each project area. The plan shall be consistent with, and may be included within, the community's housing element. The plan shall be reviewed and, if necessary, amended at least every five years in conjunction with either the housing element cycle or the plan implementation cycle. The plan shall ensure that the requirements of this subdivision are met every 10 years. If the requirements of this subdivision are not met by the end of each 10-year period, the agency shall meet these goals on an annual basis until the requirements for the 10-year period are met. If the agency has exceeded the requirements within the 10-year period, the agency may count the units that exceed the requirement in order to meet the requirements during the next 10-year period. The plan shall contain the contents required by paragraphs (2) and (3) of subdivision (a) of Section 33490.

(c) The agency shall require that the aggregate number of replacement dwelling units and other dwelling units rehabilitated, developed, constructed, or price-restricted pursuant to subdivision (a) or (b) remain available at affordable housing cost to persons and families of low-income, moderate-income, and very low income households, respectively, for the longest feasible time, as determined by the agency, but for not less than the period of the land use controls established in the redevelopment plan, except for the following:

(1) A longer period of time may be required by other provisions of law.

(2) (A) The agency may permit sales of owner-occupied units prior to the expiration of the period of the land use controls established by the agency for a price in excess of that otherwise permitted under this subdivision pursuant to an adopted program which protects the agency's investment of moneys from the Low and Moderate Income Housing Fund, including, but not limited to, an equity sharing program that establishes a schedule of equity sharing that permits retention by the seller of a portion of those excess proceeds, based on the length of occupancy. The remainder of the excess proceeds of the sale shall be allocated to the agency, and deposited into the Low and Moderate Income Housing Fund. The agency shall, within three years from the date of sale of units under this subparagraph, expend funds to make affordable an equal number of units at the same income level as units sold under this subparagraph.

(B) If land on which those dwelling units are located is deleted from the project area, the agency shall continue to require that those units remain affordable as specified in this subdivision. The

requirements of this subdivision shall be made enforceable in the same manner as provided in subdivision (f) of Section 33334.3.

(d) (1) This section applies only to redevelopment projects for which a final redevelopment plan is adopted pursuant to Article 5 (commencing with Section 33360) on or after January 1, 1976, and to areas which are added to a project area by amendment to a final redevelopment plan adopted on or after January 1, 1976. In addition, subdivision (a) shall apply to any other redevelopment project with respect to dwelling units destroyed or removed from the low- and moderate-income housing market on or after January 1, 1996, irrespective of the date of adoption of a final redevelopment plan or an amendment to a final redevelopment plan adding areas to a project area. Additionally, any agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project of the agency for which the final redevelopment plan was adopted prior to January 1, 1976.

(2) An agency may, by resolution, elect to require that whenever dwelling units housing persons or families of low or moderate income are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project, the agency shall replace each dwelling unit with up to three replacement dwelling units pursuant to subdivision (a).

(e) Except as otherwise authorized by law, this section does not authorize an agency to operate a rental housing development beyond the period reasonably necessary to sell or lease the housing development.

(f) Notwithstanding subdivision (a), the agency may replace destroyed or removed dwelling units with a fewer number of replacement dwelling units if the replacement dwelling units meet both of the following criteria:

(1) The total number of bedrooms in the replacement dwelling units equals or exceeds the number of bedrooms in the destroyed or removed units. Destroyed or removed units having one or no bedroom are deemed for this purpose to have one bedroom.

(2) The replacement units are affordable to the same income level of households as the destroyed or removed units.

(g) "Longest feasible time," as used in this section, includes, but is not limited to, unlimited duration.

(h) On or before January 1, 2000, the department shall report to the Legislature regarding the redevelopment agencies' use of the provisions that were added to this section by Chapter 942 of the Statutes of 1993 as further amended by Chapter 936 of the Statutes of 1994. The department may make this report part of its report to the Legislature pursuant to Section 33080.6.

(i) This section shall remain in effect only until January 1, 2001, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2001, deletes or extends that date.

SEC. 2. Section 33413 of the Health and Safety Code, as amended by Section 13.5 of Chapter 936 of the Statutes of 1994, is amended to read:

33413. (a) Whenever dwelling units housing persons and families of low or moderate income are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project which is subject to a written agreement with the agency or where financial assistance has been provided by the agency, the agency shall, within four years of the destruction or removal, rehabilitate, develop, or construct, or cause to be rehabilitated, developed, or constructed, for rental or sale to persons and families of low or moderate income, an equal number of replacement dwelling units which have an equal or greater number of bedrooms as those destroyed or removed units at affordable housing cost within the territorial jurisdiction of the agency. When dwelling units are destroyed or removed after September 1, 1989, 75 percent of the replacement dwelling units shall replace dwelling units available at affordable housing cost in the same income level of very low income households, lower income households, and persons and families of low and moderate income, as the persons displaced from those destroyed or removed units.

(b) (1) At least 30 percent of all new or rehabilitated dwelling units developed by an agency shall be available at affordable housing cost to persons and families of low or moderate income. Not less than 50 percent of the dwelling units required to be available at affordable housing cost to persons and families of low or moderate income shall be available at affordable housing cost to, and occupied by, very low income households.

(2) At least 15 percent of all new or rehabilitated dwelling units developed within the project area by public or private entities or persons other than the agency shall be available at affordable housing cost to persons and families of low or moderate income. Not less than 40 percent of the dwelling units required to be available at affordable housing cost to persons and families of low or moderate income shall be available at affordable housing cost to very low income households.

(3) The requirements of this subdivision shall apply independently of the requirements of subdivision (a) and in the aggregate to housing made available pursuant to paragraphs (1) and (2), respectively, and not to each individual case of rehabilitation, development, or construction of dwelling units.

(4) Each redevelopment agency, as part of the implementation plan required by Section 33490, shall adopt a plan to comply with the requirements of this subdivision for each project area. The plan shall be consistent with, and may be included within, the community's housing element. The plan shall be reviewed and, if necessary, amended at least every five years in conjunction with either the housing element cycle or the plan implementation cycle. The plan

shall ensure that the requirements of this subdivision are met every 10 years. If the requirements of this subdivision are not met by the end of each 10-year period, the agency shall meet these goals on an annual basis until the requirements for the 10-year period are met. If the agency has exceeded the requirements within the 10-year period, the agency may count the units that exceed the requirement in order to meet the requirements during the next 10-year period. The plan shall contain the contents required by paragraphs (2) and (3) of subdivision (a) of Section 33490.

(c) The agency shall require that the aggregate number of replacement dwelling units and other dwelling units rehabilitated, developed, or constructed pursuant to subdivision (a) or (b) remain available at affordable housing cost to persons and families of low-income, moderate-income, and very low income households, respectively, for the longest feasible time, as determined by the agency, but for not less than the period of the land use controls established in the redevelopment plan, except to the extent a longer period of time may be required by other provisions of law. If land on which those dwelling units are located is deleted from the project area, the agency shall continue to require that those units remain affordable as specified in the previous sentence. These requirements shall be made enforceable in the same manner as provided in subdivision (e) of Section 33334.3.

(d) (1) This section applies only to redevelopment projects for which a final redevelopment plan is adopted pursuant to Article 5 (commencing with Section 33360) on or after January 1, 1976, and to areas which are added to a project area by amendment to a final redevelopment plan adopted on or after January 1, 1976. In addition, subdivision (a) shall apply to any other redevelopment project with respect to dwelling units destroyed or removed from the low- and moderate-income housing market on or after January 1, 1996, irrespective of the date of adoption of a final redevelopment plan or an amendment to a final redevelopment plan adding areas to a project area. Additionally, any agency may, by resolution, elect to make all or part of the requirements of this section applicable to any redevelopment project of the agency for which the final redevelopment plan was adopted prior to January 1, 1976.

(2) An agency may, by resolution, elect to require that whenever dwelling units housing persons or families of low or moderate income are destroyed or removed from the low- and moderate-income housing market as part of a redevelopment project, the agency shall replace each dwelling unit with up to three replacement dwelling units pursuant to subdivision (a).

(e) Except as otherwise authorized by law, this section does not authorize an agency to operate a rental housing development beyond the period reasonably necessary to sell or lease the housing development.

(f) Notwithstanding subdivision (a), the agency may replace destroyed or removed dwelling units with a fewer number of replacement dwelling units if the replacement dwelling units meet both of the following criteria:

(1) The total number of bedrooms in the replacement dwelling units equal or exceed the number of bedrooms in the destroyed or removed units. Destroyed or removed units having one or no bedroom are deemed for this purpose to have one bedroom.

(2) The replacement units are affordable to the same income level of households as the destroyed or removed units.

(g) "Longest feasible time," as used in this section, includes, but is not limited to, unlimited duration.

(h) Any dwelling units constructed, rehabilitated, or acquired prior to January 1, 1997, pursuant to provisions that were in effect at the time of the construction, rehabilitation, or acquisition may continue to be counted to meet the requirements of this section.

(i) This section shall become operative on January 1, 2001.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

(a) "Home inspection" is a noninvasive, physical examination, performed for a fee in connection with a transfer, as defined in subdivision (e), of real property, of the mechanical, electrical, or plumbing systems or the structural and essential components of a residential dwelling of one to four units designed to identify material

defects in those systems, structures and components. "Home inspection" also includes any consultation regarding the property that is represented to be a home inspection or any confusingly similar term.

(b) A "material defect" is a condition that significantly affects the value, desirability, habitability, or safety of the dwelling. Style or aesthetics shall not be considered in determining whether a system, structure, or component is defective.

(c) A "home inspection report" is a written report prepared for a fee and issued after a home inspection. The report clearly describes and identifies the inspected systems, structures, or components of the dwelling, any material defects identified, and any recommendations regarding the conditions observed or recommendations for evaluation by appropriate persons.

(d) A "home inspector" is any individual who performs a home inspection.

(e) "Transfer" is a transfer by sale, exchange, installment land sale contract, as defined in Section 2985 of the Civil Code, lease with an option to purchase, any other option to purchase, or ground lease coupled with improvements, of real property or residential stock cooperative, improved with or consisting of not less than one nor more than four dwelling units.

7196. It is the duty of a home inspector who is not licensed as a general contractor, structural pest control operator, or architect, or registered as a professional engineer to conduct a home inspection with the degree of care that a reasonably prudent home inspector would exercise.

7196.1. (a) Nothing in this chapter shall be construed to allow home inspectors who are not registered engineers to perform any analysis of the systems, components, or structural integrity of a dwelling that would constitute the practice of civil, electrical, or mechanical engineering, or to exempt a home inspector from Chapter 3 (commencing with Section 5500), Chapter 7 (commencing with Section 6700), Chapter 9 (commencing with Section 7000), or Chapter 14 (commencing with Section 8500) of Division 3.

(b) This chapter does not apply to a registered engineer, licensed land surveyor, or licensed architect acting pursuant to his or her professional registration or license, nor does it affect the obligations of a real estate licensee or transferor under Article 1.5 (commencing with Section 1102) of Chapter 2 of Title 4 of Part 3 of Division 2 of, or Article 2 (commencing with Section 2079) of Chapter 3 of Title 6 of Part 4 of Division 3 of, the Civil Code.

7197. It is an unfair business practice for a home inspector, a company that employs the inspector, or a company that is controlled by a company that also has a financial interest in a company employing a home inspector, to do any of the following:

(a) To perform or offer to perform, for an additional fee, any repairs to a structure on which the inspector, or the inspector's company, has prepared a home inspection report in the past 12 months.

(b) Inspect for a fee any property in which the inspector, or the inspector's company, has any financial interest or any interest in the transfer of the property.

(c) To offer or deliver any compensation, inducement, or reward to the owner of the inspected property, the broker, or agent, for the referral of any business to the inspector or the inspection company.

(d) Accept an engagement to make an inspection or to prepare a report in which the employment itself or the fee payable for the inspection is contingent upon the conclusions in the report, preestablished findings, or the close of escrow.

(e) A home protection company that is affiliated with or that retains the home inspector does not violate this section if it performs repairs pursuant to claims made under the home protection contract.

7198. Contractual provisions that purport to waive the duty owed pursuant to Section 7196, or limit the liability of the home inspector to the cost of the home inspection report, are contrary to public policy and invalid.

7199. The time for commencement of a legal action for breach of duty arising from a home inspection report shall not exceed four years from the date of the inspection.

The people of the State of California do enact as follows:

SECTION 1. Section 25761 of the Business and Professions Code is amended to read:

(b) All money derived as payment under Section 23096 and from excise taxes under Part 14 (commencing with Section 32001) of Division 2 of the Revenue and Taxation Code remaining after compliance with subdivision (a) shall be transferred to the General Fund on the order of the Controller.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that enforcement personnel may be hired as soon as possible to protect the public safety, it is necessary that this act take effect immediately.

CHAPTER 340

An act to add Chapter 11 (commencing with Section 21750) to Division 8 of the Business and Professions Code, relating to copyright.

[Approved by Governor August 17, 1996. Filed with Secretary of State August 19, 1996.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that:

Under the copyright laws of the United States, a copyright owner may enforce his or her rights against the owners of restaurants, bars, retail establishments, doctors' and other professionals' offices, and similar places of business where members of the public may assemble for the public performance of nondramatic musical works. The performance may be in person by a performing artist hired by the proprietor, or on radio stations or other electronic media transmitted, received or rebroadcast by the proprietor at those places of business.

These proprietors are entitled to safeguards in the operation of their businesses that will protect them from arbitrary, capricious, and unfair trade practices, permit them to negotiate fairly with the copyright owners or their agents for the use of the nondramatic musical copyrighted work in their places of business, and thereafter will assure them the ability to ascertain their obligations and rights in the future use of the copyrighted work.

Although the rights and responsibilities regarding copyrighted works are founded in Article I, Section 8, clause 8 of the United States Constitution and exclusively governed by Title 17 of the United States Code, it is nonetheless essential that the State of California protect its business owners and citizens from the practices of those who would enforce their rights under the federal law in an arbitrary and capricious manner.

It is therefore in the best interests of the state, its business community and consumers alike, that these arbitrary, capricious, and unfair trade practices be prohibited and the agreements under which these rights and responsibilities are established be regulated by this state.

SEC. 2. Chapter 11 (commencing with Section 21750) is added to Division 8 of the Business and Professions Code, to read:

CHAPTER 11. COPYRIGHTED PERFORMANCES OF MUSICAL WORKS

21750. For purposes of this chapter, the following definitions apply:

L. 94-553 (17 U.S.C. Sec. 101 et seq.). "Copyright owner" does not include the owner of a copyright in a motion picture or audiovisual work, or in part of a motion picture or audiovisual work.

(b) "Performing rights society" means an association or corporation that licenses the public performance of nondramatic musical works on behalf of copyright owners, such as the American Society of Composers, Authors and Publishers (ASCAP), Broadcast Music, Inc. (BMI), and SESAC, Inc.

(c) "Proprietor" means the owner of a retail establishment, restaurant, inn, bar, tavern, or any other similar place of business or

professional office located in this state in which the public may assemble and in which nondramatic musical works may be performed, broadcast, or otherwise transmitted for the enjoyment of the assembled members of the public.

(d) "Royalty" or "royalties" means the fees payable to a copyright owner or performing rights society for the public performance of a nondramatic musical work.

21751. No copyright owner or performing rights society may enter into, or offer to enter into, a contract for the payment of royalties by a proprietor unless at least 72 hours prior to the execution of that contract, it provides to the proprietor, in writing, the following:

(b) Notice that the proprietor is entitled to the information contained in subdivision (a) and Section 21751.5.

21751.5. A performing rights society shall make available electronically to proprietors the most current available list of the members and affiliates represented by the performing rights society and the most current available list of no less than the performed works that the society licenses. 21753. (a) No representative or agent of a performing rights society may do any of the following:

(1) Discuss with the proprietor or the proprietor's employee, a contract for payment of royalties by a proprietor or the use of copyrighted works by the proprietor, without first identifying himself or herself to the proprietor or the proprietor's employees.

(2) Engage in any coercive conduct, act, or practice that is substantially disruptive of a proprietor's business, or use or attempt to use a fraudulent act, as defined in Section 1572 of the Civil Code.

(3) Fail to comply with Section 21751, 21751.5, or 21752.

(b) This chapter does not prohibit a copyright owner or performing rights society from conducting investigations to determine the existence of music use by a proprietor or informing a

proprietor of the proprietor's obligation under Title 17 of the United States Code.

21754. A person who wilfully violates any of the provisions of this act is liable for a civil penalty of five thousand dollars ($5,000) per violation.

21755. A proprietor may bring an action or assert a counterclaim against a copyright owner or performing rights society to enjoin any violation of this chapter and to recover any damages sustained by the proprietor as a result of a violation of this chapter. If successful, the proprietor is entitled to recover treble damages, together with filing fees and reasonable costs of suit, in addition to any other legal or equitable relief.

If a proprietor prevails in a cause of action alleging a willful violation of paragraph (2) of subdivision (a) of Section 21753, the prevailing proprietor shall be awarded reasonable attorney's fees.

21756. The rights, remedies, and prohibitions accorded by this chapter are in addition to any other right, remedy, or prohibition accorded by law. Nothing in this chapter shall be construed to deny, abrogate, or impair any right, remedy, or prohibition.

21757. This chapter does not apply to contracts between copyright owners or performing rights societies and broadcasters licensed by the Federal Communications Commission. However, if a copyright owner or performing rights society is licensed by the Federal Communications Commission, this chapter applies to contracts between that copyright owner or performing rights society and a proprietor.

21758. This chapter does not apply to conduct engaged in while enforcing Section 653w of the Penal Code.

This infrastructure shall encourage the integration and communication of public and private resources to meet the needs of the manufacturing community. This infrastructure

shall support regional collaboration to deliver manufacturing improvement services between the state's manufacturing extension centers, regional technology alliances, higher education community, vocational education programs, manufacturing-related training programs, and other relevant public and private programs in a timely and effective manner.

(b) It is the further intent of the Legislature to encourage the California Council on Science and Technology to develop recommendations for the most effective and efficient way for the state to organize its delivery of technology services to California's industrial base, especially to its small- and medium-sized manufacturers. In developing these recommendations, the council should study the experiences of other states and use a systematic process to listen to the needs of industry.

SEC. 2. Section 15379.15 of the Government Code is amended to read:

15379.15. There is hereby established within the agency the Manufacturing Technology Program. The program shall provide matching grants and technical assistance to California nonprofit organizations, businesses, consortia, and public agencies. (1) Establish and fund a California manufacturers excellence program.

(2) Develop and disseminate an inventory of resources available to assist manufacturers.

(3) Implement a strategy for addressing needs identified in the statewide California Manufacturing Excellence Program Plan, given available resources.

(b) Awards shall be granted for projects in the following order of priority:

(1) Successful projects that have competed for and received a federal grant that is contingent upon the provision of matching funds.

(2) Projects that will use the grant funds as matching funds for a federal grant.

(3) Projects with additional sources of funding.

(4) Projects involving geographic areas or manufacturing segments targeted by the agency.

Printed representations of images stored on video or digital media shall be presumed to be accurate representations of the images that they purport to represent. This presumption, however, is a presumption affecting the burden of producing evidence only. (1) There has been no transfer of the property during or since the fiscal year for which the taxes subject to refund were levied.

(2) The amount of the refund is less than five thousand dollars ($5,000).

Nothing in this section reduces a local government's responsibility to identify, by income category, the total number of sites for residential development as required by this article.

(b) Sites that contain permanent housing units located on a military base undergoing closure or conversion may be identified as an adequate site provided the housing element demonstrates that the housing units will be available for occupancy by households within the planning period of the element. No sites containing housing units scheduled or planned for demolition or conversion to nonresidential uses shall qualify as an adequate site.

Any city, city and county, or county using this subdivision shall address the progress in meeting this section in the reports provided pursuant to paragraph (1) of subdivision (b) of Section 65400.

CHAPTER 349

An act to amend Section 12978 of the Insurance Code, relating to insurance.

[Approved by Governor August 17, 1996. Filed with Secretary of State August 19, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 12978 of the Insurance Code is amended to read:

12978. Notwithstanding any other provision of law, the commissioner may increase or decrease the fees set forth in this code as necessary to allow the department to meet the appropriation authorized by the annual Budget Act. However, any increase or decrease so made shall be made only in accordance with this section, and a fee increase shall not exceed 10 percent without the prior approval of the Legislature.

Any increase or decrease in the statutory fees made by the department pursuant to this section shall be by a uniform percentage for all fees, rounded to the nearest whole dollar.

A single annual increase or decrease in fees, on a fiscal year basis, may be made by the department at any time during the year provided it is announced by bulletin issued at least 90 days prior to the effective date of that increase or decrease. The bulletin shall be sent to all affected parties and to both houses of the Legislature. Any such fee increase or decrease may be rescinded by a majority vote of both houses of the Legislature not later than 60 days after the issuance of the bulletin announcing the increase or decrease.

In the event the bulletin is issued during the period between August 1 and December 1 of any year, the department shall provide notice in writing of the necessity of any fee increase or decrease as proposed in the bulletin upon issuance of the bulletin to the chairperson of the committee in each house which considers appropriations and the Chairperson of the Joint Legislative Budget Committee.

If written notice is provided to the commissioner within 60 days of the issuance of the bulletin announcing the increase or decrease by

any of the chairpersons that there is an objection to the fee increase or decrease, the increase or decrease shall take effect February 1 of the following year unless rescinded by a majority vote of both houses of the Legislature by that date, rather than 60 days after issuance of the bulletin.

The limit on the amount which the fees may be increased or decreased shall be the amount necessary to provide sufficient moneys to meet the appropriations contained in the Governor's Budget for the next succeeding fiscal year, or, to the extent that moneys received or projected to be received by the department are insufficient to meet the appropriation authorized by the annual Budget Act during the then current fiscal year, an amount necessary to meet that appropriation.

SEC. 2. This act shall become operative only if Assembly Bill No. 3137 of the 1995–96 Regular Session is also enacted and becomes operative.

CHAPTER 350

An act to amend Section 11622.5 of the Insurance Code, relating to insurance.

[Approved by Governor August 17, 1996. Filed with Secretary of State August 19, 1996.]

(a) Except as provided in this section, in no event shall coverage be effective prior to the date and time of execution of the application forms. Postage meter or United States Postal Service postmarks shall not be recognized by the plan as establishing effective dates.

(b) (1) Beginning July 1, 1995, when the applicant requires that coverage be effective immediately, the effective date and time shall be established using an electronic effective date procedure established by the plan. The plan shall establish a future effective date using the electronic effective date procedure. The future effective date option shall be available upon request by an applicant. An applicant may request a future effective date of 15 days or less from the date of application completion.

(2) The manager of the plan shall establish and maintain a toll-free telephone number as part of the electronic effective date procedure. The manager shall maintain sufficient capacity to service, in a timely

manner, applications received by means of the electronic effective date procedure.

(4) A producer of record shall have a duty to comply with the requirements of this section within 24 hours of the date and time the application is completed and executed.

(c) Coverage for vehicles shall become effective at the date and time the application is transmitted through the plan's electronic effective date procedure if and only if all of the following requirements are met:

(1) The producer of record and the applicant certify under penalty of perjury on the application the date and time that the application forms were completed and executed.

(2) The producer of record uses the electronic effective date procedure adopted pursuant to subdivision (b) and inserts the reference number or other required verification code on the application.

(3) The application forms and required deposit are mailed to the plan manager no later than two working days following the date the application forms are completed and executed. The mailing date is established by the United States Postal Service postmark on the envelope enclosing the application.

(d) If the application is made without using the electronic effective date procedure or if there is not compliance with the provisions of subdivision (c), coverage shall be effective as of 12:01 a.m. on the date following receipt of the application in the plan office unless a later date is requested.

(e) If the applicant desires coverage on a date later than that which would otherwise be fixed pursuant to this section, the applicant shall indicate that date and the plan manager shall fix the effective date of coverage as of 12:01 a.m. on the desired date of coverage. However, no date shall be later than 45 days after the date of application.

(f) The effective date for coverage for an additional vehicle to be added to an in-force policy or for other coverage to be added to an in-force policy shall not be subject to the requirements of this section, but shall be governed by the terms of the policy and other applicable laws and regulations.

(g) In order to provide evidence of a requested effective date, the producer of record shall maintain appropriate records of all risks for which he or she has designated the time and date of coverage. That evidence shall be in the form of completed applications, eligibility certification forms, a mail log, a check copy, a check register, a receipt, and other records created contemporaneously with the application, and shall permit inspection or photocopying of those records by the plan manager or the assigned insurer. The inspection

or photocopying shall be limited to situations where the effective date is an issue.

(h) Where the plan's electronic effective date procedure is disrupted due to failure of transmission or receiving equipment due to fire, earthquake, explosion, civil unrest, or similar disaster or emergency, the producer of record may bind coverage up to one day prior to the time the application forms and required deposit are mailed to the plan manager, as established by the United States Postal Service postmark on the envelope in which the application was enclosed.

(i) Notwithstanding any other provision of this section, where the producer of record discovers a material error in an application, the producer of record shall be authorized to rescind coverage bound for a period up to 24 hours after the date and time established pursuant to the plan's electronic effective date procedure.

(j) To ensure compliance with the electronic effective date procedure, application forms shall contain the following statement in 12-point boldface type:

(b) The registration shall be accompanied by a fee of seventy dollars ($70).

(c) The Secretary of State shall register as a registered limited liability partnership any partnership that submits a completed registration with the required fee.

(d) The Secretary of State may cancel the filing of the registration if a check or other remittance accepted in payment of the filing fee is not paid upon presentation. Upon receiving written notification that the item presented for payment has not been honored for payment, the Secretary of State shall give a first written notice of the applicability of this section to the agent for service of process or to the person submitting the instrument. Thereafter, if the amount has not been paid by cashier's check or equivalent, the Secretary of State shall give a second written notice of cancellation and the cancellation shall thereupon be effective. The second notice shall be given 20 days or more after the first notice and 90 days or less after the date of the original filing.

(e) A partnership becomes a registered limited liability partnership at the time of the filing of the initial registration with the Secretary of State or at any later date or time specified in the

A partnership continues as a registered limited liability partnership until a notice that it is no longer a registered limited liability partnership has been filed pursuant to subdivision (b) of Section 15050 or, if applicable, until it has been dissolved and finally wound up. The status of a partnership as a registered limited liability partnership and the liability of a partner of the registered limited liability partnership shall not be adversely affected by errors or subsequent changes in the information stated in a registration under subdivision (a) or an amended registration or notice under Section 15050.

(f) The fact that a registration or amended registration pursuant to this section is on file with the Secretary of State is notice that the partnership is a registered limited liability partnership and of those other facts contained therein that are required to be set forth in the registration or amended registration.

(g) The Secretary of State shall provide a form for a registration under subdivision (a), which shall include the form for confirming compliance with the optional security requirement pursuant to subdivision (c) of Section 15052.

(h) A limited liability partnership providing professional limited liability partnership services in this state shall comply with all statutory and administrative registration or filing requirements of the state board, commission, or other agency that prescribes the rules and regulations governing the particular profession in which the partnership proposes to engage, pursuant to the applicable provisions of the Business and Professions Code relating to that profession. No such state board, commission, or other agency shall disclose, unless compelled by a subpoena or other order of a court of competent jurisdiction, any information it receives in the course of evaluating the compliance of a limited liability partnership with applicable statutory and administrative registration or filing requirements, provided that nothing herein shall be construed to prevent a state board, commission, or other agency from disclosing the manner in which the limited liability partnership has complied with the requirements of Section 15052, or the compliance or noncompliance by the limited liability partnership with any other requirements of the state board, commission, or other agency.

SEC. 3. Section 15052 of the Corporations Code is amended to read:

15052. (a) At the time of registration pursuant to Section 15049, in the case of a registered limited liability partnership, and Section 15055, in the case of a foreign limited liability partnership, and at all times during which those partnerships shall transact intrastate business, every registered limited liability partnership and foreign limited liability partnership, as the case may be, shall be required to provide security for claims against it as follows:

(B) Maintaining in trust or bank escrow, cash, bank certificates of deposit, United States Treasury obligations, bank letters of credit, or bonds of insurance companies as security for payment of liabilities imposed by law for damages arising out of all claims in an amount of at least one hundred thousand dollars ($100,000) multiplied by the number of licensed persons rendering professional services; however, the maximum amount of security is not required to exceed five million dollars ($5,000,000) for claims initially asserted in any one calendar year, less amounts paid in defending, settling, or discharging those claims.

(C) Confirming, pursuant to the procedure in subdivision (c), that, as of the most recently completed fiscal year of the partnership, it had a net worth equal to or exceeding ten million dollars ($10,000,000).

(2) For claims based upon acts, errors, or omissions arising out of the practice of law, a registered limited liability partnership or foreign limited liability partnership providing legal services shall comply with one, or pursuant to subdivision (b) some combination, of the following:

(A) Each registered limited liability partnership or foreign limited liability partnership providing legal services shall maintain a policy or policies of insurance against liability imposed on or against it by law for damages arising out of claims in an amount for each claim of at least one hundred thousand dollars ($100,000) multiplied by the number of licensed persons rendering professional services on behalf of the partnership; however, the maximum amount of insurance is not required to exceed seven million five hundred thousand dollars ($7,500,000) for claims initially asserted in any one calendar year, less amounts paid in defending, settling, or discharging those claims.

(C) Each partner of a registered limited liability partnership or foreign limited liability partnership providing legal services, by virtue of that person's status as a partner, thereby automatically guarantees payment of the difference between the maximum amount of security required for the partnership by paragraph (2) of this subdivision and the security otherwise provided in accordance with the provisions of subparagraphs (A) and (B) of paragraph (2) of this subdivision, provided that the aggregate amount paid by all partners under these guarantees shall not exceed the difference. Withdrawal by a partner shall not affect the rights or obligations of such partner arising prior to withdrawal. Nothing contained in this subparagraph shall affect or impair the rights or obligations of the partners among themselves, or the partnership, including, but not limited to, rights of contribution, subrogation, or indemnification.

(b) For purposes of satisfying the security requirements of this section, a registered limited liability partnership or foreign limited liability partnership may aggregate the security provided by it pursuant to subparagraphs (A), (B), and (C) of paragraph (1) of subdivision (a) or subparagraphs (A), (B), and (C) of paragraph (2) of subdivision (a), as the case may be. Any registered limited liability partnership or foreign limited liability partnership intending to comply with the alternative security provisions set forth in subparagraph (C) of paragraph (1) of subdivision (a) shall furnish the following information to the Secretary of State's office, in the manner prescribed in, and accompanied by all information required by, the applicable section:

Signature of authorized person executing this form

(c) Pursuant to subparagraph (C) of paragraph (1) of subdivision (a), a registered limited liability partnership or foreign limited liability partnership rendering accountancy services may satisfy the requirements of this section by confirming that, as of the last day of its most recently completed fiscal year, it had a net worth equal to or exceeding ten million dollars ($10,000,000). In order to comply with this alternative method of meeting the requirements established in this section, a registered limited liability partnership or foreign limited liability partnership shall file an annual confirmation with the Secretary of State's office, signed by an authorized member of the registered limited liability partnership or foreign limited liability partnership, accompanied by a transmittal form as prescribed by subdivision (b). In order to be current in a given year, the partnership form for confirming compliance with the optional security requirement shall be on file within four months of the completion of the fiscal year and, upon being filed, shall constitute full compliance with the financial security requirements for purposes of this section as of the beginning of the fiscal year. A confirmation filed during any particular fiscal year shall continue to be effective for the first four months of the next succeeding fiscal year.

(d) Neither the existence of the requirements of subdivision (a) nor the extent of the registered limited liability partnership's or foreign limited liability partnership's compliance with the alternative requirements in this section shall be admissible in court or in any way be made known to a jury or other trier of fact in determining an issue of liability for, or to the extent of, the damages in question.

(e) Notwithstanding any other provision of this section, if a registered limited liability partnership is otherwise in compliance with the terms of this section at the time that a bankruptcy or other

insolvency proceeding is commenced with respect to the registered limited liability partnership, it shall be deemed to be in compliance with this section during the pendency of the proceeding. A registered limited liability partnership that has been the subject of a proceeding and that conducts business after the proceeding ends shall thereafter comply with paragraph (1) or (2) of subdivision (a), in order to obtain the limitations on liability afforded by subdivision (b) of Section 15015.

CHAPTER 352

An act relating to local government organization.

[Approved by Governor August 17, 1996. Filed with Secretary of State August 19, 1996.]

The people of the State of California do enact as follows:

SECTION 1. This section shall govern any proposal for a change of organization or reorganization submitted by the Lakeside, Riverview, or Padre Dam Municipal Water District in the County of San Diego that involve one or more dissolutions.

(a) In any resolution ordering a change of organization or reorganization subject to the confirmation of the voters , if required because the conducting authority finds that a petition has been signed by the required percentage of landowners or voters pursuant to subdivision (b) of Section 57081 of the Government Code, the conducting authority shall call that election within the territory of each district ordered to be formed or dissolved. An election called to confirm the reorganization shall be called, held, and conducted under one of the following conditions:

(1) Any dissolution that is part of the proposed reorganization shall be confirmed only if approved by a majority vote within the territory of the district proposed to be dissolved.

(2) The reorganization shall be confirmed only by both a majority vote within the territory of any district proposed to be dissolved and a majority vote within the territory of all or any other districts subject to the reorganization.

(b) Notwithstanding Section 57133 of the Government Code, and subject to Section 57134 of the Government Code, for proposals involving a dissolution that is governed by this section, the question or questions to be submitted at any special election or elections shall be in substantially the following form:

For each district dissolution: "Shall the order adopted on _____, _____, by the (Board of Supervisors of the County of _____, or other conducting authority)

ordering the dissolution of the _____ district be confirmed?"

(c) This section shall remain in effect only until January 1, 2002, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2002, deletes or extends that date.

SEC. 2. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of unique circumstances involving specified special districts in San Diego County.

CHAPTER 353

An act to amend Section 35401.5 of the Vehicle Code, relating to vehicles.

[Approved by Governor August 17, 1996. Filed with Secretary of State August 19, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 35401.5 of the Vehicle Code is amended to read:

35401.5. (a) A combination of vehicles consisting of a truck tractor and semitrailer, or of a truck tractor, semitrailer, and trailer, is not subject to the limitations of Sections 35400 and 35401, when operating on the National System of Interstate and Defense Highways or when using those portions of federal-aid primary system highways that have been qualified by the United States Secretary of Transportation for that use, or when using routes appropriately identified by the Department of Transportation or local authorities as provided in subdivision (c) or (d), if all of the following conditions are met:

(1) The length of the semitrailer in exclusive combination with a truck tractor does not exceed 48 feet. A semitrailer not more than 53 feet in length shall satisfy this requirement when configured with two or more rear axles, the rearmost of which is located 40 feet or less from the kingpin or when configured with a single axle which is located 38 feet or less from the kingpin. For purposes of this paragraph, a motor truck used in combination with a semitrailer, when that combination of vehicles is engaged solely in the transportation of motor vehicles, is considered to be a truck tractor.

(2) Neither the length of the semitrailer nor the length of the trailer when simultaneously in combination with a truck tractor exceeds 28 feet 6 inches.

(b) Subdivisions (b), (c), (d), and (e) of Section 35402 do not apply to combinations of vehicles operated subject to the exemptions provided by this section.

(c) Combinations of vehicles operated pursuant to subdivision (a) may also use highways not specified in subdivision (a) which provide reasonable access to terminals and facilities for purposes limited to fuel, food, lodging, and repair when that access is consistent with the safe operation of the combinations of vehicles and when the facility is within one road mile of identified points of ingress and egress to or from highways specified in subdivision (a) for use by those combinations of vehicles.

(d) The Department of Transportation or local authorities may establish a process whereby access to terminals or services may be applied for upon a route not previously established as an access route. The denial of a request for access to terminals and services shall be only on the basis of safety and an engineering analysis of the proposed access route. If a written request for access has been properly submitted and has not been acted upon within 90 days of receipt by the department or the appropriate local agency, the access shall be deemed automatically approved. Thereafter, the route shall be deemed open for access by all other vehicles of the same type regardless of ownership. In lieu of processing an access application, the Department of Transportation or local authorities with respect to highways under their respective jurisdictions may provide signing, mapping, or a listing of highways as necessary to indicate the use of specific routes as terminal access routes. For purposes of this subdivision, "terminal" means either of the following:

(1) A facility where freight originates, terminates, or is handled in the transportation process.

(2) A facility where a motor carrier maintains operating facilities.

(e) Nothing in subdivision (c) or (d) authorizes state or local agencies to require permits of terminal operators or to charge terminal operators fees for the purpose of attaining access for vehicles described in this section.

(f) Notwithstanding subdivision (d), the limitations of access specified in that subdivision do not apply to licensed carriers of household goods when directly enroute to or from a point of loading or unloading of household goods, if travel on highways other than those specified in subdivision (a) is necessary and incidental to the shipment of the household goods.

(g) (1) Notwithstanding Sections 35400 and 35401, the Department of Transportation or local authorities, with regard to highways under their respective jurisdictions, may, upon application, issue a special permit authorizing the applicant to operate a combination of vehicles consisting of a truck tractor semitrailer combination operated pursuant to subdivision (a) with a kingpin to rearmost axle measurement limit of not more than 46 feet on trailers used exclusively or primarily in connection with motorsports. As used

in this paragraph, "motorsports" means any event, and all activities leading up to that event, including, but not limited to, administration, testing, practice, promotion, and merchandising, that is sanctioned under the auspices of the member organizations of the Automobile Competition Committee for the United States.

(2) A local authority, as a condition of issuing a special permit under this subdivision, may establish reasonable controls on the allowable hours of operation of those semitrailers that are authorized to operate under this subdivision.

(h) The Legislature finds and declares both of the following:

(1) In authorizing the use of 53-foot semitrailers, it is the intent of the Legislature to conform with Section 2311(b) of Title 49 of the United States Code by permitting the continued use of semitrailers of the dimensions as those that were in actual and legal use on December 1, 1982, and does not intend this action to be a precedent for future increases in the parameters of any of those vehicles that would adversely affect the turning maneuverability of vehicle combinations.

(2) In authorizing the department to issue special transportation permits for motorsports, it is the intent of the Legislature to conform with Section 31111(b)(1)(E) of Title 49 of the United States Code. It is also the intent of the Legislature that this action not be a precedent for future increases in the distance from the kingpin to the rearmost axle of semitrailers that would adversely affect the turning maneuverability of vehicle combinations.

CHAPTER 354

An act to amend Sections 1320 and 1320.5 of, and to add Section 1305.4 to, the Penal Code, relating to failure to appear.

[Approved by Governor August 17, 1996. Filed with Secretary of State August 19, 1996.]

The people of the State of California do enact as follows:

1305.4. Notwithstanding Section 1305, the surety or depositor may file a motion, based upon good cause, for an order extending the 180-day period provided in that section. The motion shall include a declaration or affidavit that states the reasons showing good cause to extend that period. The motion shall be duly served on the prosecuting agency at least 10 days prior to the hearing date. The court, upon a hearing and a showing of good cause, may order the period extended to a time not exceeding 180 days from its order.

SEC. 2. Section 1320 of the Penal Code is amended to read:

1320. It shall be presumed that a defendant who willfully fails to appear within 14 days of the date assigned for his or her appearance intended to evade the process of the court.

(b) Every person who is charged with or convicted of the commission of a felony who is released from custody on his or her own recognizance and who in order to evade the process of the court willfully fails to appear as required, is guilty of a felony, and upon conviction shall be punished by a fine not exceeding five thousand dollars ($5,000) or by imprisonment in the state prison, or in the county jail for not more than one year, or by both that fine and imprisonment. It shall be presumed that a defendant who willfully fails to appear within 14 days of the date assigned for his or her appearance intended to evade the process of the court.

SEC. 3. Section 1320.5 of the Penal Code is amended to read:

1320.5. Every person who is charged with or convicted of the commission of a felony, who is released from custody on bail, and who in order to evade the process of the court willfully fails to appear as required, is guilty of a felony. Upon a conviction under this section, the person shall be punished by a fine not exceeding ten thousand dollars ($10,000) or by imprisonment in the state prison, or in the county jail for not more than one year, or by both the fine and imprisonment. Willful failure to appear within 14 days of the date assigned for appearance may be found to have been for the purpose of evading the process of the court.

CHAPTER 355

An act to amend Section 903.2 of the Welfare and Institutions Code, relating to juveniles.

[Approved by Governor August 17, 1996. Filed with Secretary of State August 19, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 903.2 of the Welfare and Institutions Code is amended to read:

903.2. (a) The juvenile court may require that the father, mother, spouse, or other person liable for the support of a minor, the estate of that person, and the estate of the minor shall be liable for the cost to the county of the probation supervision, home supervision, or electronic surveillance of the minor, pursuant to the order of the juvenile court, by the probation officer. The liability of these persons

(in this article called relatives) and estates shall be a joint and several liability.

(b) Liability shall be imposed on a person pursuant to this section only if he or she has the financial ability to pay. In evaluating a family's financial ability to pay under this section, the county shall take into consideration the family income, the necessary obligations of the family, and the number of persons dependent upon this income.

(3) The date on which the submittals are due, and the timetable that will be used in reviewing and evaluating the submittals.

(d) In addition to the information required in paragraph (2) of subdivision (c), bidders shall submit their proposals with the construction bid price and all cost information in a separate sealed envelope.

CHAPTER 358

An act to repeal and add Section 2889.5 of the Public Utilities Code, relating to public utilities.

[Approved by Governor August 17, 1996. Filed with Secretary of State August 19, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 2889.5 of the Public Utilities Code is repealed.

SEC. 2. Section 2889.5 is added to the Public Utilities Code, to read:

2889.5. (a) No telephone corporation, or any person, firm, or corporation representing a telephone corporation, shall make any change or authorize a different telephone corporation to make any change in the provider of any telephone service for which competition has been authorized of a telephone subscriber until all of the following steps have been completed:

(1) The telephone corporation, its representatives or agents shall thoroughly inform the subscriber of the nature and extent of the service being offered.

(2) The telephone corporation, its representatives or agents shall specifically establish whether the subscriber intends to make any

change in his or her telephone service provider, and explain any charges associated with that change.

(3) For sales of residential service, the subscriber's decision to change his or her telephone service provider shall be confirmed by an independent third-party verification company. For purposes of this provision, the confirmation by a third-party verification company shall be made as follows:

(A) The third party verification company shall meet each of the following criteria:

(i) Be independent from the telephone corporation that seeks to provide the subscriber's new service.

(ii) Not be directly or indirectly managed, controlled, or directed, or owned wholly or in part, by the telephone corporation that seeks to provide the new service or by any corporation, firm, or person who directly or indirectly manages, controls, or directs, or owns more than 5 percent of the telephone corporation.

(iii) Operate from facilities physically separate from those of the telephone corporation that seeks to provide the subscriber's new service.

(iv) Not derive commissions or compensation based upon the number of sales confirmed.

(B) The telephone corporation seeking to verify the sale shall do so by connecting the subscriber by telephone to the third-party verification company or by arranging for the third party verification company to call the subscriber to confirm the sale.

(C) The third-party verification company shall obtain the subscriber's oral confirmation regarding the change, and shall record that confirmation by obtaining appropriate verification data. The record shall be available to the subscriber upon request. Information obtained from the subscriber through confirmation shall not be used for marketing purposes. Any unauthorized release of this information is grounds for a civil suit by the aggrieved subscriber against the telephone corporation or its employees who are responsible for the violation.

(D) Notwithstanding subparagraphs (A), (B), and (C), a service provider shall not be required to comply with these provisions when the customer directly calls the local service provider to make changes in service providers. However, a service provider shall not avoid the verification requirements by asking a subscribing customer to contact a local exchange service provider directly to make any change in the service provider. A local exchange service provider shall be required to comply with these verification requirements for its own competitive services. However, a local exchange service provider shall not be required to perform any verification requirements for any changes solicited by another telephone corporation.

(4) For sales of all nonresidential services, the subscriber's decision to change his or her service provider shall be confirmed through any of the following means:

(A) Independent third party verification, as set forth in paragraph (3) of subdivision (a).

(B) The telephone corporation shall mail to the subscriber an information package seeking confirmation of his or her change in the telephone corporation. The information package shall describe the new service and shall include a postage prepaid postcard or mailer that the subscriber can use to deny, cancel, or confirm a service order, as soon as possible, and wait 14 days after the information package is mailed before making the change in the telephone corporation. The telephone corporation shall make the change only if the subscriber does not cancel the change in service order.

(C) Verify the subscriber's change in his or her telephone service provider by obtaining the subscriber's signature on a document fully explaining the nature and extent of the action. The document shall be a separate document whose sole purpose is to explain the nature and extent of the action.

(D) Obtain the subscriber's authorization through an electronic means that takes the information, including the calling number, and confirms the change to which the subscriber has given his or her consent.

(5) Where the telephone corporation obtains a written order for service, the document shall thoroughly inform the subscriber of the nature and extent of the action. The subscriber shall be furnished with a copy of the signed document. The subscriber by his or her signature on the document shall indicate a full understanding of the relationship being established with the telephone corporation. When a written subscriber solicitation or other document contains a letter of agency authorizing a change in service provider, in combination with other information including, but not limited to, inducements to subscribers to purchase service, the solicitation shall include a separate document whose sole purpose is to explain the nature and extent of the action. If any part of a mailing to a prospective subscriber is in language other than English, any written authorization contained in the mailing shall be sent to the same prospective subscriber in the same language.

(6) The telephone corporation shall retain a record of the verification of the sale for at least one year. These records shall be made available to the subscriber, the Attorney General, or the commission upon request.

(b) If a residential or business subscriber that has not signed an authorization notifies the telephone corporation within 90 days that he or she does not wish to change telephone corporations, the subscriber shall be switched back to his or her former telephone corporation at the expense of the telephone corporation that initiated the change.

(c) For purposes of this section, competitive services are those services where subscribers have the ability to presubscribe to a telephone service provider.

(d) When a subscriber changes telephone service providers, the change shall be conspicuously noticed on the subscriber's bill. Notice in the following form is deemed to comply with this subdivision:

"NOTICE: Your local (or long distance) telephone service provider has been changed from (name of prior provider) to (name of current provider).

Cost of change: $ _____."

(e) Any telephone corporation that violates the verification procedures described in this section shall be liable to the telephone corporation previously selected by the subscriber in an amount equal to all charges paid by the subscriber after the violation.

(f) The remedies provided by this section are in addition to any other remedies available by law.

(g) As described in federal law, no telephone corporation, or any person, firm, or corporation representing a telephone corporation, shall make any change or authorize a different telephone corporation to make any change in the provider of any telephone service for which competition has been authorized of a telephone subscriber without having on file, or having instituted reasonable steps designed to obtain, signed, dated orders for service from the subscriber. All orders shall be in the form prescribed in federal law for letters of agency. As described in federal law, the telephone corporation is responsible for charges associated with disputed changes in telephone service for which it cannot produce a signed, dated order for service from the subscriber. This subdivision applies to all intrastate services for which competition has been authorized.

CHAPTER 359

An act to amend Section 1357 of the Health and Safety Code, and to amend Section 10700 of the Insurance Code, relating to health insurance.

[Approved by Governor August 17, 1996. Filed with Secretary of State August 19, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 1357 of the Health and Safety Code is amended to read:

1357. As used in this article:

(a) "Dependent" means the spouse or child of an eligible employee, subject to applicable terms of the health care plan contract covering the employee, and includes dependents of guaranteed association members if the association elects to include dependents under its health coverage at the same time it determines its membership composition pursuant to subdivision (o).

(b) "Eligible employee" means either of the following:

(1) Any permanent employee who is actively engaged on a full-time basis in the conduct of the business of the small employer with a normal workweek of at least 30 hours, at the small employer's regular places of business, who has met any statutorily authorized applicable waiting period requirements. The term includes sole proprietors or partners of a partnership, if they are actively engaged on a full-time basis in the small employer's business and included as employees under a health care plan contract of a small employer, but does not include employees who work on a part-time, temporary, or substitute basis. It includes any eligible employee as defined in this paragraph who obtains coverage through a guaranteed association. Employees of employers purchasing through a guaranteed association shall be deemed to be eligible employees if they would otherwise meet the definition except for the number of persons employed by the employer.

(2) Any member of a guaranteed association as defined in subdivision (o).

(c) "In force business" means an existing health benefit plan contract issued by the plan to a small employer.

(d) "Late enrollee" means an eligible employee or dependent who has declined enrollment in a health benefit plan offered by a small employer at the time of the initial enrollment period provided under the terms of the health benefit plan and who subsequently requests enrollment in a health benefit plan of that small employer, provided that the initial enrollment period shall be a period of at least 30 days. It also means any member of an association that is a guaranteed association as well as any other person eligible to purchase through the guaranteed association when that person has failed to purchase coverage during the initial enrollment period provided under the terms of the guaranteed association's plan contract and who subsequently requests enrollment in the plan, provided that the initial enrollment period shall be a period of at least 30 days. However, an eligible employee, any other person eligible for coverage through a guaranteed association pursuant to subdivision (o), or dependent shall not be considered a late enrollee if: (1) the individual meets all of the following: (A) he or she was covered under another employer health benefit plan at the time the individual was eligible to enroll; (B) he or she certified at the time of the initial enrollment that coverage under another employer health benefit plan was the reason for declining enrollment, provided that, if the individual was covered under another employer health plan, the

individual was given the opportunity to make the certification required by this subdivision and was notified that failure to do so could result in later treatment as a late enrollee; (C) he or she has lost or will lose coverage under another employer health benefit plan as a result of termination of employment of the individual or of a person through whom the individual was covered as a dependent, change in employment status of the individual or of a person through whom the individual was covered as a dependent, termination of the other plan's coverage, cessation of an employer's contribution toward an employee or dependent's coverage, death of the person through whom the individual was covered as a dependent, or divorce; and (D) he or she requests enrollment within 30 days after termination of coverage or employer contribution toward coverage provided under another employer health benefit plan; (2) the employer offers multiple health benefit plans and the employee elects a different plan during an open-enrollment period; (3) a court has ordered that coverage be provided for a spouse or minor child under a covered employee's health benefit plan and request for enrollment is made within 30 days after issuance of the court order; (4) (A) in the case of an eligible employee as defined in paragraph (1) of subdivision (b), the plan cannot produce a written statement from the employer stating that the individual or the person through whom the individual was eligible to be covered as a dependent, prior to declining coverage, was provided with, and signed, acknowledgment of an explicit written notice in bold type specifying that failure to elect coverage during the initial enrollment period permits the plan to impose, at the time of the individual's later decision to elect coverage, an exclusion from coverage for a period of 12 months as well as a six-month preexisting condition exclusion, unless the individual meets the criteria specified in paragraph (1), (2), or (3); (B) in the case of an association member who did not purchase coverage through a guaranteed association, the plan cannot produce a written statement from the association stating that the association sent a written notice in bold type to all potentially eligible association members at their last known address prior to the initial enrollment period informing members that failure to elect coverage during the initial enrollment period permits the plan to impose, at the time of the member's later decision to elect coverage, an exclusion from coverage for a period of 12 months as well as a six-month preexisting condition exclusion unless the member can demonstrate that he or she meets the requirements of subparagraphs (A), (C), and (D) of paragraph (1) or paragraph (2) or (3); or (C) in the case of an employer or person who is not a member of an association, was eligible to purchase coverage through a guaranteed association, and did not do so, and would not be eligible to purchase guaranteed coverage unless purchased through a guaranteed association, the employer or person can demonstrate that he or she meets the requirements of subparagraphs (A), (C), and (D) of paragraph (1),

or paragraph (2) or (3), or that he or she recently had a change in status that would make him or her eligible and that application for enrollment was made within 30 days of the change.

However, for purposes of subdivisions (a), (b), and (c) of Section 1357.03, the definition shall include employers with at least three eligible employees until July 1, 1997, and two eligible employees thereafter. The requirement of 1,000 persons may be met if component chapters of a statewide association contracting separately with the same carrier cover at least 1,000 persons in the aggregate.

This subdivision applies regardless of whether a contract issued by a plan is with an association or a trust formed for, or sponsored by, an association to administer benefits for association members.

Geographic regions may be noncontiguous.

(B) In determining rates for small employers, a plan that does not operate statewide shall use no more than the number of geographic regions in the state than is determined by the following formula: the population, as determined in the last federal census, of all counties that are included in their entirety in a plan's service are divided by the total population of the state, as determined in the last federal census, multiplied by nine. However, for purposes of subdivisions (a), (b), and (c) of Section 1357.03, the definition shall include employers with at least three eligible

employees until July 1, 1997, and two eligible employees thereafter. In determining the number of eligible employees, companies that are affiliated companies and that are eligible to file a combined tax return for purposes of state taxation shall be considered one employer. The requirement of 1,000 persons may be met if component chapters of a statewide association contracting separately with the same carrier cover at least 1,000 persons in the aggregate.

This subdivision applies regardless of whether a contract issued by a plan is with an association or a trust formed for, or sponsored by, an association to administer benefits for association members.

[Approved by Governor August 17, 1996. Filed with Secretary of State August 19, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 5502 of the Food and Agricultural Code is amended to read:

5502. The following definitions shall govern the construction of this chapter:

(a) "Agency" means an agency of state government that has responsibility for roadside vegetation control operations on, or along, roadways.

(b) "Pesticide" is defined in Section 12753.

(c) "Property owner" means an owner, lessee, or tenant of real property that is adjacent or contiguous to a roadway over which an agency has responsibility for roadside vegetation control.

SEC. 2. Section 5503 of the Food and Agricultural Code is amended to read:

5503. The Legislature hereby finds and declares all of the following:

(a) The unannounced and poorly coordinated use of pesticides to control roadside vegetation has too frequently resulted in damage to adjacent or contiguous private property. In some instances, this activity has caused growers to needlessly suffer economic loss or damage to their crops.

(b) Property owners have a right to know beforehand the manner in which state government intends to control the roadside vegetation adjacent or contiguous to their property.

(c) It is in the public interest to establish a voluntary mechanism by which private property owners may meet and confer with representatives of state government to enter into mutually acceptable voluntary agreements to promote coordinated programs for roadside vegetation control, and thereby minimize damage to adjacent and contiguous property.

(d) Mutually acceptable agreements may include, but are not limited to, provisions whereby the property owner assumes responsibility for roadside vegetation control in a manner which is at least as effective as that proposed by state government, the use of mechanical means of vegetation control, the use of a combination of pesticide and mechanical means of control, a delay in the application of a pesticide, or the use of different pesticides.

(e) Private property owners and representatives of state government are encouraged to voluntarily develop creative and innovative means to accomplish the goals and objectives of this chapter.

(4) The applicant for emergency registration submits to the director all data required for registration pursuant to this division and the regulations adopted pursuant to this division.

(5) The director makes both of the following findings based on substantial evidence:

(A) The use of the pesticide during the period of emergency registration will not pose a potential significant risk to public health or safety or to the environment. In making this finding, the director shall review the risks associated with the use of the pesticide and determine if those risks are significant given the limitations that will be imposed on the use of the pesticide during the emergency registration period.

(B) The emergency registration of the pesticide is necessary in order to effectively respond to an emergency pest control problem. For purposes of this subparagraph, an emergency pest control problem shall be deemed to exist if the director finds that a pest infestation is present in the state for which no feasible pest control method is available that is a reasonable alternative to the use of the pesticide for which the emergency registration is requested. In making a determination pursuant to this subparagraph, the director shall identify the pest infestation that is the subject of the emergency, describe the pest control methods that have been demonstrated as ineffective against the infestation or that are otherwise not reasonable alternatives, and summarize the evidence that demonstrates that the pesticide for which emergency registration has been requested is efficacious against the pest infestation.

(b) At the same time as the director issues a certificate of emergency registration for a pesticide pursuant to this section, the director shall establish limitations on the use of the pesticide that the director determines are necessary to prevent a potential significant risk to human health or safety or the environment. The director shall limit the use of any pesticide granted a certificate of emergency

registration to the control of the emergency pest infestation described in subparagraph (B) of paragraph (5) of subdivision (a).

(c) A certificate of emergency registration may be issued for a period not to exceed one year and may be renewed one time only.

(d) A certificate of emergency registration may not be renewed unless the director does all of the following:

(1) Publishes a notice that an application for renewal of the certificate of emergency registration has been received.

(2) Makes all of the following findings:

(A) That the findings made by the director in support of the certificate of emergency registration pursuant to paragraph (5) of subdivision (a) remain valid.

(B) That there are no indications that the pesticide, when used in accordance with applicable label instructions and the limitations established pursuant to subdivision (b), poses a significant risk to worker safety and health. The director shall base this finding on a review of the data required for registration pursuant to this division, experience with the use of the pesticide during the period the certificate of emergency registration was in effect, and any other information the director has required the applicant to submit or received from the applicant or any other person.

(C) That the failure to complete the registration of the pesticide during the period the certificate of emergency registration was in effect is due to circumstances that were not under the control of the applicant, and that the data required for registration pursuant to this division is complete and meets all of the requirements of this division and the regulations adopted pursuant to this division.

(3) Convenes a workshop, if one is requested by any interested or aggrieved person, concerning the reasons for the renewal of the certificate of emergency registration. The director shall review information and comments provided by persons who attend the workshop and take that information and those comments into account in determining if the certificate of emergency registration may be renewed.

(e) The director shall immediately revoke any certificate of emergency registration issued pursuant to this section if either of the following occurs:

(1) The United States Environmental Protection Agency suspends or cancels the registration of the pesticide or the particular use of the active ingredient in the pesticide that allows it to be used in the emergency pest infestation described in subparagraph (B) of paragraph (5) of subdivision (a).

(2) The director determines during a subsequent review of data required for registration pursuant to this division that the use of the pesticide will pose a potential significant risk to the public health or safety or to the environment.

SEC. 50. Section 12841 of the Food and Agricultural Code is amended to read:

12841. (a) (1) Except as provided in subdivision (d), each registrant shall pay to the director an assessment not to exceed nine mills ($0.009) per dollar of sales for all sales by the registrant of its registered and labeled pesticides for use in this state. There is a rebuttable presumption that pesticide products that are sold or distributed into or within this state by any person are sold or distributed for use in this state.

(2) From July 1, 1992, to June 30, 1997, inclusive, each registrant shall pay an additional assessment of twelve mills ($0.012) per dollar of sales for all sales by the registrant of its registered and labeled pesticides for use in this state.

(3) A registrant is not required to pay an assessment on his or her products registered and labeled only for use in further manufacturing or formulating of pesticides. The director may reduce the assessment if he or she determines that a lesser assessment rate, together with other available funds, will provide adequate revenue to administer and enforce Division 6 (commencing with Section 11401), this chapter, Chapter 3 (commencing with Section 14001), and Chapter 3.5 (commencing with Section 14101).

(b) Upon application of any registrant, the director shall determine whether a fertilizer or paper product is used as a carrier for pesticides, and is sold in combination, and whether the mill assessment under this section shall be on the pesticide value only, when the product is designed, developed, manufactured, and sold primarily for other than a pesticide use. If the director finds that the combination product has such a major component and is designed, developed, manufactured, and sold primarily for other than a pesticide use, the assessment provided by this section shall be paid on the equivalent percentage of the sales price of the active ingredients of the pesticide product. The director shall establish this percentage of the sales price. The percentage shall be the ratio of that portion of the sales price attributable to the pesticide portion to the total sales price of the combination product.

(c) For purposes of this section, "active ingredient" means any active ingredient that is required to be stated on the label on any registered pesticide under Section 12883.

(d) Assessments provided for in this article for sales of registered pesticides that are labeled for agricultural use and sold for use in this state shall be paid by the registrant except in those cases where the registrant did not first sell the pesticide into or within this state or have actual knowledge, at the time of its sale, that the pesticide would be sold for use in this state. In those cases, the assessment shall be paid by the licensed pesticide broker or licensed pesticide dealer who first sold the pesticide into or within this state, as set forth in Article 1.5 (commencing with Section 12115) of Chapter 7 of Division 6 and Article 4.6 (commencing with Section 12848).

(e) It has been and continues to be the intent of the Legislature that this division requires the department to register all pesticides

prior to their sale for use in this state and, except as otherwise provided by law, requires the department to regulate and control the use of pesticides in accordance with this division. The department shall continue to collect the assessment as provided in this section at the same rate on all registered agricultural and registered nonagricultural pesticides.

SEC. 51. Section 12841.1 of the Food and Agricultural Code is amended to read:

12841.1. (a) In addition to the assessment paid pursuant to Section 12841, from July 1, 1992, to June 30, 1997, inclusive, each registrant shall pay to the director an assessment of one mill ($0.001) per dollar of sales for all sales by the registrant of its registered and labeled pesticides for use in this state. A registrant not required to pay an assessment pursuant to 12841 is not required to pay the assessment imposed by this section.

(b) Sixty-seven and one-half percent of the revenue received pursuant to this section shall be deposited monthly in a separate account in the Department of Food and Agriculture Fund. These revenues shall be expended only by the Department of Food and Agriculture, upon appropriation, to provide consultation to the department pursuant to Section 11454.2. No funds may be expended prior to the execution of a memorandum of understanding pursuant to subdivision (b) of Section 11454.2. The consultation activities to be undertaken by the Department of Food and Agriculture are limited solely to those specifically authorized in the memorandum of understanding executed pursuant to Section 11454.2. In no case shall these funds be expended for scientific risk assessment activities.

(c) Thirty-two and one-half percent of the revenue received pursuant to this section, upon appropriation, shall be paid to the counties in a manner prescribed by the director as partial reimbursement for costs incurred by the counties in the administration of Section 12979.

SEC. 52. Section 12845 of the Food and Agricultural Code is amended to read:

12845. (a) The director may adopt regulations that require registrants to provide information determined by the director to be necessary to enable the director to perform the audit authorized pursuant to Section 12842 and to carry out other powers or duties under this division.

(b) The regulations adopted pursuant to this section may include, but are not limited to, a requirement that a registrant provide the director with information on the quarterly dollar sales of each registered pesticide sold for use in this state and the quarterly pounds of each registered pesticide sold for use in this state.

SEC. 53. Section 12847 of the Food and Agricultural Code is amended to read:

12847. Sales invoices for pesticides labeled for agricultural use and first sold into or within this state by the registrant, a pesticide

broker, or a pesticide dealer shall show that the assessment specified in Sections 12115, 12115.1, 12841, 12841.1, 12848.6, and 12848.7 will be paid by the registrant, broker, or dealer, respectively. All other sales invoices for pesticides labeled for agricultural use and sold into or within this state by the registrant, a pesticide broker, or a pesticide dealer shall show that the assessment will be paid, and may show an amount or rate that represents the assessment. However, only the person who actually will pay the assessment may show the amount or rate of the assessment as a line item on the sales invoice.

SEC. 54. Section 12848 of the Food and Agricultural Code is amended to read:

12848. It is unlawful for any person, other than the registrant or pesticide dealer licensed pursuant to Section 12107 to sell or distribute into or within this state any pesticide products that have been registered by the director and that are labeled for agricultural use, unless the person is licensed by the director as a pesticide broker. This article does not apply to persons who operate as sellers or distributors of pesticides that are labeled only for nonagricultural uses.

SEC. 55. Section 12848.1 of the Food and Agricultural Code is amended to read:

12848.1. (a) Application for a pesticide broker license, or renewal of a license, shall be in the form prescribed by the director. Each application for a license, or license renewal, shall state the name and address of the applicant, and any other information specified on the application or required by the director, and be accompanied by a fee of one hundred dollars ($100).

(b) An additional license fee, or license renewal fee, of fifty dollars ($50) shall be paid for each branch location of the applicant that sells or distributes into or within the state any pesticide products that are labeled for agricultural use.

SEC. 56. Section 12848.6 of the Food and Agricultural Code is amended to read:

12848.6. (a) Every person who is required to be licensed as a pesticide broker pursuant to Section 12848 shall pay to the director an assessment of 9 mills ($0.009) per dollar of sales for all sales by that person into or within this state of pesticides registered by the director and labeled for agricultural use, if that person is the first person to sell the pesticide into or within this state.

(b) Until June 30, 1997, each person specified in subdivision (a) shall pay an additional assessment of 12 mills ($0.012) per dollar of sales for all sales by the person of its registered and labeled pesticides for use in this state.

SEC. 57. Section 12848.7 of the Food and Agricultural Code is amended to read:

12848.7. In addition to any assessment required to be paid pursuant to Section 12848.6, each person who is required to be licensed as a pesticide broker pursuant to Section 12848 shall pay to

the director an assessment of one mill ($0.001) per dollar of sales for all sales by that person into or within this state of pesticides registered by the director and labeled for agricultural use, if that person is the first person to sell the pesticide into or within this state. Revenue received under this section shall be distributed as provided in subdivisions (b) and (c) of Section 12841.1.

SEC. 58. Section 12848.9 of the Food and Agricultural Code is amended to read:

12848.9. (a) Each licensed pesticide broker shall maintain at its principal place of business the records of its purchases and sales and distributions of pesticides into or within this state, including those of its branch locations, for four years. The records shall be available for audit by the director.

(b) Each licensed pesticide broker shall report quarterly to the director the total dollars of sales and total pounds or gallons sold into or within this state of each pesticide registered by the director and labeled for agricultural use, for all sales subject to Sections 12848.6 and 12848.7. The quarterly report shall be in the form prescribed by the director and shall include information from the broker's licensed branch locations, if any, and any other information specified on the form or required by the director. The report shall include a certification, under penalty of perjury, that the information contained in the report is true and correct. The report shall accompany payment of assessments required by Sections 12848.6 and 12848.7.

SEC. 63. Section 12855 of the Food and Agricultural Code is amended to read:

12855. Except as otherwise provided in this article, the registrant is not liable for any injury or damage that is suffered solely by reason of any of the following:

(a) The use of the pesticide for a purpose that is not indicated by the label.

(b) The use of the pesticide contrary to the printed directions of the registrant or seller.

(c) The breach of any warranty by the registrant that is not expressly printed on the label.

12856. Except as otherwise provided in Section 12857, a pesticide shall not be sold unless it is in a registrant's sealed or closed container or package.

SEC. 65. Section 12857 of the Food and Agricultural Code is amended to read:

12857. The director , pursuant to regulations prescribed by him or her, may authorize sales of pesticides to be made out of a registrant's opened but properly labeled lot, container, or package. 13101. The director, upon a finding that the use, handling, delivery, or sale of a pesticide in violation of any provision of this division, or any regulation issued pursuant to it, is taking place, or appears imminent, and that activity, if allowed to proceed, will present an immediate hazard or cause irreparable damage, may issue

an order to the persons responsible for that activity to cease and desist from further commission of the violation.

SEC. 82. Section 13102 of the Food and Agricultural Code is amended to read:

13102. The agricultural commissioner, upon a finding that the use, handling, delivery, or sale of a pesticide in violation of any provision of this division, or any regulation issued pursuant to it, is taking place, or appears imminent, and that activity, if allowed to proceed, will present an immediate hazard or cause irreparable damage, may issue an order to the persons responsible for that activity to cease and desist from further commission of the violation.

Any person aggrieved by a cease and desist order issued by an agricultural commissioner may appeal the order to the director, who shall affirm, modify, or rescind the order. The order of the agricultural commissioner shall remain in force during the appeal to the director, and until the director's decision has been rendered.

SEC. 83. Section 13142 of the Food and Agricultural Code is amended to read:

(d) "Chemigation" means a method of irrigation whereby a pesticide is mixed with irrigation water before the water is applied to the crop or to the soil.

(e) "Degradation product" means a substance resulting from the transformation of a pesticide by physicochemical or biochemical means.

(f) "Groundwater protection data gap" means that, for a particular pesticide, the director, after study, has been unable to determine that each study required pursuant to subdivision (a) of Section 13143 has been submitted or that each study submitted pursuant to subdivision (a) of Section 13143 is valid, complete, and adequate.

(g) "Henry's Law constant" is an indicator of the escaping tendency of dilute solutes from water and is approximated by the ratio of the vapor pressure to the water solubility at the same temperature.

(h) "Pesticide" is defined in Section 12753.

(i) "Pesticide registrant" means a person that has registered a pesticide pursuant to this chapter.

(j) "Pollution" means the introduction into the groundwaters of the state of an active ingredient, other specified product, or degradation product of an active ingredient of a pesticide above a

level, with an adequate margin of safety, that does not cause adverse health effects.

(k) "Soil adsorption coefficient" is a measure of the tendency of pesticides, or their biologically active transformation products, to bond to the surfaces of soil particles.

(*l*) "Soil microbial zone" means the zone of the soil below which the activity of microbial species is so reduced that it has no significant effect on pesticide breakdown.

SEC. 84. Section 13143 of the Food and Agricultural Code is amended to read:

13143. (a) Not later than December 1, 1986, a person that has registered a pesticide in California for agricultural use shall submit to the director the information prescribed in this subdivision. The information shall be submitted for each active ingredient in each pesticide registered. The registrant shall submit all of the following information:

(1) Water solubility.

(2) Vapor pressure.

(3) Octanol-water partition coefficient.

(4) The soil adsorption coefficient.

(5) Henry's Law constant.

(6) Dissipation studies, including hydrolysis, photolysis, aerobic and anaerobic soil metabolism, and field dissipation, under California or similar environmental use conditions.

(7) Any additional information the director determines is necessary.

(b) The director also may require the information prescribed in subdivision (a) for other specified ingredients and degradation products of an active ingredient in any pesticide. The director shall also require this information when the State Department of Health Services or the board submits a written request for the information to the director, if the State Department of Health Services or the board specifies the reasons why it considers the information necessary. The director shall deny the request upon a written finding that, based on available scientific evidence, the request would not further the purposes of this article.

(c) All information submitted pursuant to subdivision (a) shall be presented in English and summarized in tabular form on no more than three sheets of paper with the actual studies, including methods and protocols attached. All information , at a minimum, shall meet the testing methods and reporting requirements provided by the Environmental Protection Agency Pesticide Assessment Guidelines, Subdivision D Series 60 to 64, inclusive, for product chemistry and Subdivision N Series 161 to 164, inclusive, for environmental fate, including information required for degradation products in specific studies. With prior approval from the director, registrants may use specified alternative protocols as permitted by the United States Environmental Protection Agency guidelines, if the director finds

use of the protocol is consistent with, and accomplishes the objectives of, this article. Studies conducted on active ingredients in the formulation of pesticides shall meet the same testing methods as required for studies conducted on active ingredients. The department, in consultation with the board, in addition, may require specified testing protocols that are specific to California soil and climatic conditions. The director may give a pesticide registrant an extension of up to two years if it determines that this additional time is necessary and warranted to complete the studies required in paragraph (6) of subdivision (a). No extension of the deadline for these studies shall go beyond December 1, 1989. When seeking the extension, the registrant shall submit to the director a written report on the current status of the dissipation studies for which the extension is being sought. For registrants granted an extension pursuant to this section, Section 13145 shall be effective upon the completion date established by the director.

(d) The director may grant the registrant an extension beyond the one authorized in subdivision (c), if all of the following conditions are met:

(1) The registrant submits a written request to the director for an extension beyond the one granted pursuant to subdivision (c). The request shall include the reasons why the extension is necessary and the findings produced by the study up to the time the request is made.

(2) The director finds that the registrant has made every effort to complete the studies required in paragraph (6) of subdivision (a) within the required time limits of the extension granted pursuant to subdivision (c) and that those studies could not be completed within the required time limits due to circumstances beyond the control of the registrant.

(3) The director establishes a final deadline, not to exceed one year beyond the time limit of the extension granted pursuant to subdivision (c), and a schedule of progress by which the registrant shall complete the studies required in paragraph (6) of subdivision (a).

(e) After December 1, 1986, no registration of any new pesticide shall be granted unless the applicant submits all of the information required by the director pursuant to this article and the director finds that the information meets the requirements of this article.

SEC. 85. Section 13144 of the Food and Agricultural Code is amended to read:

13144. (a) Not later than December 1, 1986, the department shall establish specific numerical values for water solubility, soil adsorption coefficient (Koc), hydrolysis, aerobic and anaerobic soil metabolism, and field dissipation. The values established by the department shall be at least equal to those established by the Environmental Protection Agency. The department may revise the numerical values when the department finds that the revision is necessary to protect

the groundwater of the state. The numerical values established or revised by the department shall always be at least as stringent as the values being used by the Environmental Protection Agency at the time the values are established or revised by the department.

(b) Not later than December 1, 1987, and annually thereafter, the director shall report the following information to the Legislature, the State Department of Health Services, and the board for each pesticide registered for agricultural use:

(1) A list of each active ingredient, other specified ingredient, or degradation product of an active ingredient of a pesticide for which there is a groundwater protection data gap.

(2) A list of each pesticide that contains an active ingredient, other specified ingredients, or degradation product of an active ingredient that is greater than one or more of the numerical values established pursuant to subdivision (a), or is less than the numerical value in the case of soil adsorption coefficient, in both of the following categories:

(A) Water solubility or soil adsorption coefficient (Koc).

(B) Hydrolysis, aerobic soil metabolism, anaerobic soil metabolism, or field dissipation.

(3) For each economic poison listed pursuant to paragraph (2) for which information is available, a list of the amount sold in California during the most recent year for which sales information is available and where and for what purpose the pesticide was used, when this information is available in the pesticide use report.

(c) The department shall determine to the extent possible, the toxicological significance of the degradation products and other specified ingredients identified pursuant to paragraph (2) of subdivision (b).

SEC. 86. Section 13145 of the Food and Agricultural Code is amended to read:

13145. (a) Any registrant of a pesticide identified in paragraph (1) of subdivision (b) of Section 13144 is subject to a fine of up to ten thousand dollars ($10,000) for each day the groundwater protection data gap exists. In determining the amount of the fine, the director shall consider both of the following:

(1) The extent to which the registrant has made every effort to submit valid, complete, and adequate information within the required time limits.

(2) Circumstances beyond the control of the registrant that have prevented the registrant from submitting valid, complete, and adequate information within the required time limits.

(b) If there is a dispute between the director and a registrant regarding the existence of a groundwater protection data gap and the director desires to levy a fine on the registrant pursuant to this section, the director shall submit the issues of the dispute to the subcommittee created pursuant to subdivision (b) of Section 13150. The subcommittee shall review the evidence submitted by the

registrant and the director and make recommendations to the director on whether or not the groundwater data gap exists.

(c) Subdivisions (a) and (b) shall not apply to pesticide products whose registration has lapsed or has been canceled, or to products that have been granted a current extension pursuant to Section 13143.

(d) The director shall, by regulation, establish a list of pesticides that have the potential to pollute groundwater. The list shall be entitled the Groundwater Protection List. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the director shall immediately place all pesticides identified in paragraph (2) of subdivision (b) of Section 13144 on the Groundwater Protection List and shall regulate the use of these pesticides if the pesticide is intended to be applied to or injected into the soil by ground-based application equipment or by chemigation, or the label of the pesticide requires or recommends that the application be followed, within 72 hours, by flood or furrow irrigation. The director shall adopt regulations to carry out this article. The regulations shall include, but are not limited to, the following:

(1) Any person who uses a pesticide that has been placed on the Groundwater Protection List and does not file a report pursuant to Section 12979, is required to report to the county agricultural commissioner the use of the pesticide on a form prescribed by the director. The reporting deadline shall conform to the deadline established for the reporting of the use of restricted materials.

(2) Dealers of pesticides shall make quarterly reports to the director of all sales of pesticides that have been placed on the Groundwater Protection List to persons who are not otherwise required to file a report pursuant to either paragraph (1) or Section 12979. This report shall include lists of all sales by purchases.

SEC. 87. Section 13146 of the Food and Agricultural Code is amended to read:

13146. (a) The director shall not register or renew the registration of a pesticide intended to be applied to or injected into the ground by ground-based application equipment or by chemigation after December 1, 1988, if there is a groundwater protection data gap for that pesticide, unless the registrant has been granted a current extension pursuant to Section 13143.

(b) The director shall not register or renew the registration of a pesticide intended for use with other than ground-based application equipment after December 1, 1989, if there is a groundwater protection data gap for that pesticide, unless the registrant has been granted a current extension pursuant to Section 13143.

(c) If a registrant does not comply with the information requirements of Section 13143, the department shall file the information requirements of Section 13143 in accordance with procedures provided in subparagraph (B) of paragraph (2) of

subsection (c) of Section 136a of Title 7 of the United States Code. In order to carry out this section, the director has the same authority to require information from registrants of active pesticide ingredients that the administrator of the Environmental Protection Agency has pursuant to subparagraph (B) of paragraph (2) of subsection (c) of Section 136a of Title 7 of the United States Code. On or before July 1, 1986, the director shall, by regulation, prescribe procedures for resolving disputes or funding the filing of the information requirements of Section 13143. The procedures may include mediation and arbitration. The arbitration procedures, insofar as practical, shall be consistent with the federal act, or otherwise shall be in accordance with the commercial arbitration rules established by the American Arbitration Association. The procedures shall be established so as to resolve any dispute with the timetable established in Section 13143.

(d) For an active ingredient or pesticide for which a registrant or registrants do not provide the information required pursuant to Section 13143, the director may determine the active ingredient or pesticide to be critical to agricultural production and the director may utilize assessments charged to those registrants of the active ingredient for which the information is required pursuant to Section 13143 in amounts necessary to cover the department's expenses in obtaining the information. The assessment shall be made pursuant to Section 12824. The director may also request an appropriation to be used in combination with assessments to obtain the required information.

SEC. 88. Section 13147 of the Food and Agricultural Code is amended to read:

13147. The director shall annually request a budget appropriation in order to meet the reasonable and anticipated costs of conducting soil and water monitoring pursuant to Section 13148, a review of data submitted pursuant to Section 13143, and the administration of pesticides placed on the Groundwater Protection List pursuant to this article.

SEC. 89. Section 13148 of the Food and Agricultural Code is amended to read:

13148. (a) In order to more accurately determine the mobility and persistence of the pesticides identified pursuant to paragraph (2) of subdivision (b) of Section 13144 and to determine if these pesticides have migrated to groundwaters of the state, the director shall conduct soil and groundwater monitoring statewide in areas of the state where the pesticide is primarily used or where other factors identified pursuant to Section 13143 and subdivision (b) of Section 13144, including physicochemical characteristics and use practices of the pesticides, indicate a probability that the pesticide may migrate to the groundwaters of the state. The monitoring shall commence within one year after the pesticide is placed on the Groundwater Protection List and shall be conducted in accordance with standard

protocol and testing procedures established pursuant to subdivision (b). Monitoring programs shall replicate conditions under which the pesticide is normally used in the area of monitoring. In developing a monitoring program, the director shall coordinate with other agencies that conduct soil and groundwater monitoring.

(b) Within 90 days after a pesticide is placed on the Groundwater Protection List pursuant to subdivision (d) of Section 13145, the director, in consultation with the board, shall develop a standard protocol and testing procedure for each pesticide identified pursuant to subdivision (d) of Section 13145.

(c) The director shall report all monitoring results to the State Department of Health Services and the board.

SEC. 90. Section 13149 of the Food and Agricultural Code is amended to read:

13149. (a) Within 90 days after a pesticide is found under any of the conditions listed in paragraph (1), (2), or (3), the director shall determine whether the pesticide resulted from agricultural use in accordance with state and federal laws and regulations, and shall state in writing the reasons for the determination.

(1) An active ingredient of a pesticide has been found at or below the deepest of the following depths:

(A) Eight feet below the soil surface.

(B) Below the root zone of the crop where the active ingredient was found.

(C) Below the soil microbial zone.

(2) An active ingredient of a pesticide has been found in the groundwaters of the state.

(3) The pesticide has degradation products or other specified ingredients that pose a threat to public health and that have been found under the conditions specified for active ingredients in either paragraph (1) or (2).

(b) Upon a determination by the director that a pesticide meets any of the conditions specified in paragraph (1), (2), or (3) of subdivision (a) as a result of agricultural use in accordance with state and federal laws and regulations, the director shall immediately notify the registrant of the determination and of the registrant's opportunity to request a hearing pursuant to subdivision (c).

(c) Any pesticide that meets any of the conditions in subdivision (b) shall be subject to Section 13150 if the registrant of the pesticide requests, within 30 days after the notice is issued, that the subcommittee conduct a hearing, as described in Section 13150. Notwithstanding any other provision of law, if the registrant does not request the hearing within 30 days after the notice is issued, the director shall cancel the registration of the pesticide.

(d) For the purposes of this section, any finding of a pesticide shall result from either an analytical method approved by the department that provides unequivocal identification of a chemical, such as mass spectroscopy, or from verification, within 30 days, by a second

analytical method or a second analytical laboratory approved by the department.

SEC. 91. Section 13150 of the Food and Agricultural Code is amended to read:

13150. The director may allow the continued registration, sale, and use of a pesticide that meets any one of the conditions specified in Section 13149 if all of the following conditions are met:

(a) The registrant submits a report and documented evidence that demonstrate both of the following:

(1) That the presence in the soil of any active ingredient, other specified ingredient, or degradation product does not threaten to pollute the groundwater of the state in any region within the state in which the pesticide may be used according to the terms under which it is registered.

(2) That any active ingredient, other specified ingredient, or degradation product that has been found in groundwater has not polluted, and does not threaten to pollute, the groundwater of the state in any region within the state in which the pesticide may be used according to the terms under which it is registered.

(b) A subcommittee of the director's pesticide registration and evaluation committee, consisting of one member each representing the director, the State Department of Health Services, and the board, holds a hearing, within 180 days after it is requested by the registrant, to review the report and documented evidence submitted by the registrant and any other information or data that the subcommittee determines is necessary to make a finding.

(c) The subcommittee, within 90 days after the hearing is conducted, makes any of the following findings and recommendations:

(1) That the ingredient found in the soil or groundwater has not polluted, and does not threaten to pollute, the groundwater of the state.

(2) That the agricultural use of the pesticide can be modified so that there is a high probability that the pesticide would not pollute the groundwater of the state.

(3) That modification of the agricultural use of the pesticide pursuant to paragraph (2) or cancellation of the pesticide will cause severe economic hardship on the state's agricultural industry, and that no alternative products or practices can be effectively used so that there is a high probability that pollution of the groundwater of the state will not occur. The subcommittee shall recommend a level of the pesticide that does not significantly diminish the margin of safety recognized by the subcommittee to not cause adverse health effects.

When the subcommittee makes a finding pursuant to paragraph (2) or this paragraph (3), it shall determine whether the adverse health effects of the pesticide are carcinogenic, mutagenic, teratogenic, or neurotoxic.

(d) The director, within 30 days after the subcommittee issues its findings, does any of the following:

(1) Concurs with the subcommittee finding pursuant to paragraph (1) of subdivision (c).

(2) Concurs with the subcommittee finding pursuant to paragraph (2) of subdivision (c), and adopts modifications that result in a high probability that the pesticide would not pollute the groundwaters of the state.

(3) Concurs with the subcommittee findings pursuant to paragraph (3) of subdivision (c), or determines that the subcommittee finding pursuant to paragraph (2) of subdivision (c) will cause severe economic hardship on the state's agricultural industry. In either case, the director shall adopt the subcommittee's recommended level or shall establish a different level, provided the level does not significantly diminish the margin of safety to not cause adverse health effects.

(4) Determines that, contrary to the finding of the subcommittee, no pollution or threat to pollution exists. The director shall state the reasons for his or her decisions in writing at the time any action is taken, specifying any differences with the subcommittee's findings and recommendations. The written statement shall be transmitted to the appropriate committees of the Senate and Assembly, the State Department of Health Services, and the board.

When the director takes action pursuant to paragraph (2) or (3), he or she shall determine whether the adverse health effects of the pesticide are carcinogenic, mutagenic, teratogenic, or neurotoxic.

SEC. 92. Section 13151 of the Food and Agricultural Code is amended to read:

13151. Any pesticide identified pursuant to Section 13149 that fails to meet any of the conditions of Section 13150 shall be canceled.

SEC. 93. Section 13152 of the Food and Agricultural Code is amended to read:

13152. (a) The director shall conduct ongoing soil and groundwater monitoring of any pesticide whose continued use is permitted pursuant to paragraph (3) of subdivision (d) of Section 13150.

(b) Any pesticide monitored pursuant to this section that is determined, by review of monitoring data and any other relevant data, to pollute the groundwaters of the state two years after the director takes action pursuant to paragraph (3) of subdivision (d) of Section 13150 shall be canceled unless the director has determined that the adverse health effects of the pesticide are not carcinogenic, mutagenic, teratogenic, or neurotoxic.

(c) The director shall maintain a statewide data base of wells sampled for pesticide active ingredients. All agencies shall submit to the director, in a timely manner, the results of any well sampling for pesticide active ingredients and the results of any well sampling that detect any pesticide active ingredients.

(d) Not later than June 30, 1986, the director, the State Department of Health Services, and the board shall jointly establish minimum requirements for well sampling that will ensure precise and accurate results. The requirements shall be distributed to all agencies that conduct well sampling. All well sampling conducted after December 1, 1986, shall meet the minimum requirements established pursuant to this subdivision.

(e) The director, in consultation with the State Department of Health Services and the board, shall report the following information to the Legislature, the State Department of Health Services, and the board on or before December 1, 1986, and annually thereafter:

(1) The number of wells sampled for pesticide active ingredients, the location of the wells from which the samples were taken, the well numbers, if available, and the agencies responsible for drawing and analyzing the samples.

(2) The number of well samples with detectable levels of pesticide active ingredients, the location of the wells from which the samples were taken, the well numbers, if available, and the agencies responsible for drawing and analyzing the samples.

(3) An analysis of the results of well sampling described in paragraphs (1) and (2), to determine the probable source of the residues. The analysis shall consider factors such as the physical and chemical characteristics of the pesticide , volume of use and method of application of the pesticide, irrigation practices related to use of the pesticide, and types of soil in areas where the pesticide is applied.

(4) Actions taken by the director and the board to prevent pesticides from migrating to groundwaters of the state.

SEC. 94. Section 14012 of the Food and Agricultural Code is amended to read:

14012. (a) Any person who is required to register pesticides under Article 4 (commencing with Section 12811) of Chapter 2, and who sells or transfers any restricted material, shall keep accurate records of the amount and type of material involved in every sale or transfer of any restricted material. The records shall be open during ordinary business hours to the inspection of the director.

(b) Each commissioner shall submit to the director a copy of each pesticide use report received pursuant to Section 14011.5, and any other relevant information the director may require. Copies of the reports from the commissioners shall be rendered to the director within one calendar month after they are received.

The contents of these reports shall be summarized quarterly by the director as to the type of material and amounts, and the summaries shall be made a public record. The director may publish or distribute the summaries.

SEC. 95. Section 14021 of the Food and Agricultural Code is amended to read:

14021. (a) As used in this article, "pesticide" is defined in Section 12753.

(b) For purposes of this article, "toxic air contaminant" means an air pollutant that may cause or contribute to an increase in mortality or an increase in serious illness, or which may pose a present or potential hazard to human health. Pesticides that have been identified as hazardous air pollutants pursuant to Section 7412 of Title 42 of the United States Code shall be identified by the director as toxic air contaminants.

SEC. 96. Section 14063 of the Food and Agricultural Code is amended to read:

14063. Subject to regulations of the director, any of the following persons may sell, use, or possess Compound 1080 for the purposes or uses that are specified:

(a) Any federal, state, county, or municipal officer or employee, in his or her official capacity, or any person under the immediate supervision of that officer or employee, may possess Compound 1080 for use for pest control purposes.

(b) Any research or chemical laboratory may possess Compound 1080 for use for the purposes of the laboratory.

(c) Any person duly licensed as a structural pest control operator under Chapter 14 (commencing with Section 8500), Division 3 of the Business and Professions Code, may possess Compound 1080 for use in his or her business.

(d) Any wholesaler or jobber of any pesticide may sell Compound 1080 to any person included within the above classifications, or for export.

SEC. 97. Section 14101 of the Food and Agricultural Code is amended to read:

14101. As used in this division, "environment" means the aggregate of all factors that influence the conditions of life in or about the state or within any portion thereof, and which are affected by the use of pesticides or related materials within the state.

SEC. 98. Section 14262 of the Food and Agricultural Code is amended to read:

14262. This chapter also does not apply to any of the following:

(a) Any livestock drug that is intended for, and that is used solely for, laboratory or experimental purposes.

(b) Any substance that is intended for, and that is used primarily as a pesticide and that is registered as a pesticide under Chapter 2 (commencing with Section 12751).

(c) Any biological product that is manufactured under a license issued by the United States Department of Agriculture or the State Department of Health.

(d) Any drug that is required by federal law to be sold on prescription only.

CHAPTER 362

An act to amend Sections 8670.21, 8670.48, and 8670.49 of the Government Code, and to amend Sections 445, 446, 449, and 449.5 of, to amend and renumber Sections 447 and 448 of, to add Sections 447 and 447.5 to, and to repeal and add Section 445.5 of, the Harbors and Navigation Code, and to amend Section 46012 of the Revenue and Taxation Code, relating to vessels.

[Approved by Governor August 17, 1996. Filed with Secretary of State August 19, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 8670.21 of the Government Code is amended to read:

8670.21. (a) As used in this section, the following terms have the following meaning:

(1) "Vessels" means vessels as defined in Section 21 of the Harbors and Navigation Code.

(2) "VTS system" means a vessel traffic service system.

(b) The administrator shall negotiate an agreement with the Coast Guard, appropriate port agencies, or appropriate organizations, for a VTS system to protect the harbors of this state. The administrator may include in the agreement provisions for vessel traffic monitoring and communications systems for areas of the coast outside of harbors or negotiate a separate agreement for that purpose. The purpose of a VTS system and a vessel traffic monitoring and communications system shall be to aid navigation by providing

satellite tracking, radar, or other information regarding ship locations and traffic to prevent collisions and groundings.

(c) The administrator shall, in consultation with the Coast Guard, develop a plan for implementing VTS systems pursuant to subdivision (b) for the Ports of Los Angeles and Long Beach, the Harbors of San Francisco, San Pablo, and Suisun Bays, and the Santa Barbara Channel, and for any other area where establishing a VTS system or a vessel monitoring and communications system is recommended by the Coast Guard. The plan shall provide for the areas described in this subdivision, and for any other system and areas that are recommended by the Coast Guard, or recommended by the administrator and approved by the Coast Guard. Only systems that will be operated by the Coast Guard, or that will have direct communication with a Coast Guard officer who has Captain of the Port enforcement authority, shall be included in the plan. The plan shall be amended periodically to reflect any changes in Coast Guard recommendations or operations, or any changes in the agreements entered into pursuant to subdivision (b). The plan shall, to the extent allowable given federal requirements, provide for the best achievable protection.

(d) (1) The administrator shall attempt to provide funding for VTS systems and vessel monitoring and communications systems through voluntary funding, or services in kind, provided by the maritime industry. If agreement on voluntary funding or services in kind cannot be reached, the administrator may establish a fee system that reflects the commercial maritime activity of each of the respective harbors or areas for which a VTS system or a vessel monitoring and communications system is established. Using that fee system, the administrator shall fund VTS systems and vessel monitoring and communications systems.

(2) The money collected pursuant to this subdivision shall be deposited in the Vessel Safety Account, which is hereby created in the Oil Spill Prevention and Administration Fund. The money in the Vessel Safety Account is hereby continuously appropriated for the sole purpose of funding VTS systems and vessel monitoring and communications systems. Other than the fees imposed pursuant to this subdivision that are deposited in the Vessel Safety Account, no funds from the Oil Spill Prevention and Administration Fund may be used to pay for VTS systems or vessel traffic monitoring and communications systems.

(3) The administrator shall adopt regulations to implement this subdivision. The administrator may adopt regulations prohibiting barges and tankers from accepting or unloading oil at marine terminals if a barge or tanker is not in compliance with required VTS system or vessel traffic monitoring and communications system equipment.

(e) If a VTS system covers waters outside the jurisdiction of a local port authority, the administrator may grant such money as

determined to be necessary for the purchase and installation of equipment required for the establishment or expansion of the VTS system. Those grants may be made from the Oil Spill Response Trust Fund in accordance with Section 8670.49, as individual and nonrecurring appropriations through the budget process, but shall not exceed the amount of interest earned from money in that fund.

(f) (1) The Marine Exchange of Los Angeles-Long Beach Harbor, Inc., a corporation organized under the Non-Profit Mutual Benefit Corporation Law (Part 3 (commencing with Section 7110) of Division 2 of Title 1 of the Government Code), may operate a VTS system in the VTS area described in Section 445 of the Harbors and Navigation Code if the VTS system is approved by the Coast Guard and certified by the administrator as meeting the requirements of this chapter. The marine exchange shall cooperate fully with the administrator in the development and implementation of that VTS system. Upon certification by the administrator that the Coast Guard has commenced operation of a VTS system for the VTS area, the authorization for the marine exchange to operate a VTS system shall terminate.

(2) The Port of Los Angeles and the Port of Long Beach may impose fees upon all covered vessels, as defined in Section 445.5 of the Harbors and Navigation Code, for the funding of the VTS system operated by the marine exchange.

(3) No vessel that is required to comply with Article 4 (commencing with Section 445) of Chapter 1 of Division 3 of the Harbors and Navigation Code shall assert any claim against the marine exchange or any officer, director, employee, or representative of the marine exchange for any damage, loss, or expense, including any rights of indemnity or other rights of any kind, sustained by that vessel or its owners, agents, charterers, operators, crew, or third parties arising out of, or connected with, directly or indirectly, the marine exchange's operation of the vessel traffic service, even though resulting in whole or in part from the negligent acts or omissions of the marine exchange or of an officer, director, employee, or representative of the marine exchange.

(4) Each vessel required to comply with Article 4 (commencing with Section 445) of Chapter 1 of Division 3 of the Harbors and Navigation Code shall defend, indemnify, and hold harmless the marine exchange and its officers, directors, employees, and representatives from any and all claims, suits, or actions of any nature by whomsoever asserted, even though resulting or alleged to have resulted from negligent acts or omissions of the marine exchange or of an officer, director, employee, or representative of the marine exchange.

(5) Nothing in this subdivision shall affect any liability or rights that may arise by reason of the gross negligence or intentional or willful misconduct of the marine exchange or of an officer, director, employee, or representative of the marine exchange in the operation

of the VTS system, including any liability pursuant to subdivision (c) of Section 449.5 of the Harbors and Navigation Code.

(6) The marine exchange and its officers and directors are subject to Section 5047.5 of the Corporations Code to the extent that the marine exchange meets the criteria specified in that section.

(7) Nothing in this section shall be deemed to include the marine exchange or its officers, directors, employees, or representatives within the definition of "responsible party" pursuant to subdivision (q) of Section 8670.3 for purposes of this chapter.

(8) On or before January 1, 1997, and every two years thereafter, the marine exchange shall submit a report containing a complete description of the VTS system operated by the marine exchange to the administrator. Upon receiving that biennial report, the administrator shall determine, after a public hearing, whether the elements and operation of the VTS system are consistent with the Harbor Safety Plan for the Ports of Los Angeles and Long Beach developed pursuant to Section 8670.23.1 and the standards for the statewide vessel traffic service systems plan developed pursuant to subdivision (c). If the administrator determines that the VTS system is inconsistent with the Harbor Safety Plan for the Ports of Los Angeles and Long Beach developed pursuant to Section 8670.23.1 or with the statewide vessel traffic service systems plan developed pursuant to subdivision (c), the administrator shall issue an order to the marine exchange specifying modifications to the VTS system to eliminate the inconsistencies. If the marine exchange has not complied with such an order within six months of issuance, the administrator may, in addition to or in lieu of any other enforcement action authorized by this chapter or Article 4 (commencing with Section 445) of Chapter 1 of Division 3 of the Harbors and Navigation Code, and after a public hearing, administratively revoke the authorization for the marine exchange to operate a VTS system. If authorization for the marine exchange to operate a VTS system is revoked, the administrator shall take any action necessary to expeditiously establish a VTS system for the VTS area described in Section 445 of the Harbors and Navigation Code. The action may include the assessment of fees on vessels, port users, and ports, and needed expenditures, as provided in subdivision (d).

(g) Any VTS system or vessel traffic monitoring and communications system that is determined to be necessary by the administrator, but which has not been approved by the Coast Guard, may not be included in the plan until that inclusion has been given specific approval by the Legislature, by statute.

(h) It is the intent of the Legislature that VTS systems and vessel traffic monitoring and communications systems be completed and operated by the Coast Guard, except that, with respect to the VTS area described in Section 445 of the Harbors and Navigation Code, a VTS system may be operated by the Marine Exchange of Los Angeles-Long Beach, Inc. pursuant to subdivision (f).

SEC. 2. Section 8670.48 of the Government Code is amended to read:

8670.48. (a) (1) A uniform oil spill response fee in an amount not exceeding twenty-five cents ($0.25) for each barrel of petroleum products, as set by the administrator pursuant to subdivision (f), shall be imposed upon every person owning petroleum products at the time the petroleum products are received at a marine terminal within this state by means of a vessel from a point of origin outside this state. The fee shall be remitted to the State Board of Equalization by the terminal operator on the 25th day of each month based upon the number of barrels of petroleum products received during the preceding month.

(2) Every owner of petroleum products is liable for the fee until it has been paid to the state, except that payment to a marine terminal operator registered under this chapter is sufficient to relieve the owner from further liability for the fee.

(b) Every operator of a pipeline shall also pay a uniform oil spill response fee in an amount not exceeding twenty-five cents ($0.25) for each barrel of petroleum products, as set by the administrator pursuant to subdivision (f), transported into the state by means of a pipeline operating across, under, or through the marine waters of the state. The fee shall be paid on the 25th day of each month based upon the number of barrels of petroleum products so transported into the state during the preceding month.

(c) (1) Every operator of a refinery shall pay a uniform oil spill response fee in an amount not exceeding twenty-five cents ($0.25) for each barrel of crude oil, as set by the administrator pursuant to subdivision (f), received at a refinery within the state. The fee shall be paid on the 25th day of each month based upon the number of barrels of crude oil so received during the preceding month.

(2) The fee shall not be imposed by a refiner, or a person or entity acting as an agent for a refiner, on crude oil produced by an independent crude oil producer as defined in paragraph (3). The board shall not identify a company as exempt from the fee requirements of this section if that company was reorganized, sold, or otherwise modified with the intent of circumventing the requirements of this section.

(3) For purposes of this chapter, "independent crude oil producer" means any person or entity producing crude oil within this state who performs no refining of crude oil into product, and who possesses or owns no retail gasoline marketing facilities.

(d) Every marine terminal operator shall pay a uniform oil spill response fee in an amount not exceeding twenty-five cents ($0.25), in accordance with subdivision (g), for each barrel of crude oil, as set by the administrator pursuant to subdivision (f), that is transported from within this state by means of marine vessel to a destination outside this state.

(e) Every operator of a pipeline shall pay a uniform oil spill response fee in an amount not exceeding twenty-five cents ($0.25), in accordance with subdivision (g), for each barrel of crude oil, as set by the administrator pursuant to subdivision (f), transported out of the state by pipeline.

(f) (1) The fees required pursuant to this section shall be collected during any period that the administrator determines that either the amount in the fund is less than or equal to 95 percent of the designated amount specified in subdivision (a) of Section 46012 of the Revenue and Taxation Code, or that additional money is required to pay for the purposes specified in subdivision (k).

(2) Whenever the administrator, in consultation with the State Board of Equalization, estimates that the amount in the fund will reach the designated amount specified in subdivision (a) of Section 46012 of the Revenue and Taxation Code, and the money in the fund is not required for the purposes specified in subdivision (k), the administrator shall direct the State Board of Equalization to cease collecting the fee. In no event shall the fee cease to be imposed if the Treasurer has borrowed money pursuant to Article 7.5 (commencing with Section 8670.53.1) and principal, interest, premium, fees, charges, or costs of any kind imposed in connection with those borrowings remain outstanding or unpaid, unless the Treasurer has certified to the administrator that the continued imposition of the fee is not required for the purposes specified in paragraph (7) of subdivision (k).

(3) The administrator, in consultation with the State Board of Equalization, shall set the amount of the oil spill response fees. The oil spill response fees shall be imposed on all feepayers in the same amount. The administrator shall not set the amount of the fee at less than twenty-five cents ($0.25) for each barrel of petroleum products or crude oil, unless the administrator finds that the assessment of a lesser fee will cause the fund to reach the designated amount within four months. The fee shall not be less than twenty-five cents ($0.25) for each barrel of petroleum products or crude oil if the Treasurer has borrowed money pursuant to Article 7.5 (commencing with Section 8670.53.1) and principal, interest, premium, fees, charges, or costs of any kind imposed in connection with those borrowings remain outstanding or unpaid, unless the Treasurer has certified to the administrator that the money in the fund is not required for the purposes specified in paragraph (7) of subdivision (k).

(g) The fees imposed by subdivisions (d) and (e) shall be imposed in any calendar year beginning the month following the month when the total cumulative year-to-date barrels of crude oil transported outside the state by all feepayers by means of vessel or pipeline exceeds 6 percent by volume of the total barrels of crude oil and petroleum products subject to oil spill response fees under subdivisions (a), (b), and (c) for the prior calendar year.

(h) For purposes of this chapter, "designated amount" means the amounts specified in Section 46012 of the Revenue and Taxation Code.

(i) (1) The administrator shall authorize refunds of any money collected, for reporting periods after January 31, 1991, in excess of the designated amount specified in subdivision (a) of Section 46012 of the Revenue and Taxation Code, any amounts determined by the administrator to be necessary to provide for any of the purposes specified in paragraphs (1) to (6), inclusive, of subdivision (k), and, if the Treasurer has borrowed money pursuant to Article 7.5 (commencing with Section 8670.53.1) and principal, interest, premium, fees, charges, or costs of any kind imposed in connection with those borrowings remain outstanding or unpaid, any amounts that the Treasurer has certified to the administrator as being required for the purposes specified in paragraph (7) of subdivision (k). The State Board of Equalization, as directed by the administrator, and in accordance with Section 46653 of the Revenue and Taxation Code, shall refund the excess amount of fees collected to each feepayer who paid the fee to the state, in proportion to the amount that each feepayer paid into the fund during the preceding 12 monthly reporting periods in which there was a fee due, including the month in which the fund exceeded the specified amount, and only for those periods which commenced on or after January 31, 1991. If the total amount of money in the fund exceeds the amount specified in this subdivision by 10 percent or less, refunds need not be ordered by the administrator. Nothing in this section shall require the refund of excess fees as provided in this subdivision more frequently than once each year.

(2) Any amount of fees collected in excess of the specified amount for periods prior to February 1, 1991, shall be refunded as follows:

(A) First, to feepayers who paid oil spill response fees under subdivision (d) or (e) of Section 8670.48.

(B) Second, to feepayers in proportion to the amount each feepayer paid into the fund for the period from September 24, 1990, to January 31, 1991, inclusive, less any amounts refunded pursuant to paragraph (1).

(j) The State Board of Equalization shall collect the fee and adopt regulations implementing the fee collection program. All fees collected pursuant to this section shall be deposited in the Oil Spill Response Trust Fund.

(k) The fee described in this section shall be collected solely for any of the following purposes:

(1) To provide funds to cover promptly the costs of response, containment, and cleanup of oil spills into marine waters, as specified in subdivision (n), including damage assessment costs, and wildlife rehabilitation as provided in Section 8670.61.5.

(2) To provide emergency loans and to cover response and cleanup costs and other damages suffered by the state or other

persons or entities from oil spills into marine waters, as specified in subdivision (n), which cannot otherwise be compensated by responsible parties or the federal government.

(3) To pay claims for damages pursuant to Section 8670.51.

(4) To pay claims for damages, except for damages described in paragraph (7) of subdivision (g) of Section 8670.56.5, pursuant to Section 8670.51.1.

(5) To pay for the arrangement of financial security in the amount specified in subdivision (b) of Section 46012 of the Revenue and Taxation Code, as authorized by subdivision (p).

(6) To pay indemnity and related costs and expenses as authorized by Section 8670.56.6.

(7) To pay principal, interest, premium, if any, and fees, charges, and costs of any kind imposed in connection with funds borrowed pursuant to Article 7.5 (commencing with Section 8670.53.1).

(8) To pay for the costs of rescue, medical treatment, rehabilitation, and disposition of oiled wildlife, as incurred by the network of oiled wildlife rescue and rehabilitation stations created pursuant to Section 8670.37.5.

(*l*) (1) The interest that the state earns on the funds deposited into the Oil Spill Response Trust Fund shall be deposited in the fund and shall be used to maintain the fund at the designated amount. Interest earned until July 1, 1998, on funds deposited pursuant to subdivision (a) of Section 46012 of the Revenue and Taxation Code, as determined jointly by the Controller and the Director of Finance, shall be available upon appropriation by the Legislature in the Budget Act to establish, equip, operate, and maintain the network of rescue and rehabilitation stations for oiled wildlife as described in Section 8670.37.5 and to support technology development and research related to oiled wildlife care. Interest earned on the financial security portion of the fund, required to be accessible pursuant to subdivision (b) of Section 46012 of the Revenue and Taxation Code shall not be available for that purpose. If the fund exceeds that designated amount, the interest not needed to equip, operate, and maintain the network of rescue and rehabilitation stations, or for appropriate technology development and research regarding oiled wildlife care, shall be deposited into the Oil Spill Prevention and Administration Fund, and shall be available for the purposes authorized by Article 6 (commencing with Section 8670.38).

(2) (A) For the fiscal year beginning July 1, 1998, and each year thereafter, consistent with this article, the administrator shall submit for appropriation, through the Governor's budget, an amount up to one million three hundred thousand dollars ($1,300,000), of the interest earned on the funds deposited into the Oil Spill Response Trust Fund, for the purpose of equipping, operating, and maintaining the network of oiled wildlife rescue and rehabilitation stations established pursuant to Section 8670.37.5 and for support of

technology development and research related to oiled wildlife care. Through the budget process, the Legislature shall review and approve the appropriation. The remaining interest shall be deposited into the Oil Spill Prevention and Administration Fund pursuant to paragraph (1).

(B) The administrator shall report to the Legislature not later than June 30, 2002, on the progress and effectiveness of the network of oiled wildlife rescue and rehabilitation stations established pursuant to Section 8670.37.5, and the adequacy of the Oil Spill Response Trust Fund to meet the purposes for which it was established.

(C) At the administrator's request, the funds made available pursuant to this paragraph may be directly appropriated to a suitable program for wildlife health and rehabilitation within a school of veterinary medicine within this state, provided that an agreement exists, consistent with this chapter, between the administrator and an appropriate representative of the program for carrying out that purpose. The administrator shall attempt to have such an agreement in place at all times. The agreement shall ensure that the training of, and the care provided by, the program staff are at levels that are consistent with those standards generally accepted within the veterinary profession.

(D) The funds made available pursuant to this paragraph shall not be considered an offset to any other state funds appropriated to the program, the program's associated school of veterinary medicine, or the program's associated college or university, and the funds shall not be used for any other purpose. If an offset does occur or the funds are used for an unintended purpose, expenditure of any appropriation of funds pursuant to this paragraph may be terminated by the administrator and the administrator may request a reappropriation to accomplish the intended purpose. The administrator shall annually review and approve the proposed uses of any funds made available pursuant to this paragraph.

(m) The Legislature finds and declares that effective response to oil spills requires that the state have available sufficient funds in a response fund. The Legislature further finds and declares that maintenance of that fund is of utmost importance to the state and that the money in the fund shall be used solely for the purposes specified in subdivision (k).

(n) For the purposes of paragraphs (1) and (2) of subdivision (k), "marine waters" includes the waterways used for waterborne commercial vessel traffic to the Port of Stockton and the Port of Sacramento.

(o) It is the intent of the Legislature, in enacting this section, that the fee shall not be imposed by a refiner, or a person or entity acting as an agent for a refiner, on crude oil produced by an independent crude oil producer.

(p) The Treasurer shall purchase financial security, in the designated amount specified in subdivision (b) of Section 46012 of the Revenue and Taxation Code, which may be drawn upon immediately by the administrator upon making the determinations required by Section 8670.49. The financial security shall be in the form described in subdivision (a) of Section 8670.53.3.

(q) Nothing in this section limits the authority of the administrator to raise oil spill response fees pursuant to Section 8670.48.5 of the Government Code.

SEC. 3. Section 8670.49 of the Government Code is amended to read:

8670.49. (a) (1) Except to pay for the arrangement of financial security as authorized by paragraph (5) of subdivision (k) and subdivision (p) of Section 8670.48, to pay for the construction, equipping, operation, and maintenance of rescue and rehabilitation facilities, and technology development for oiled wildlife care from interest earned on funds deposited in the fund as authorized by subdivision (*l*) of Section 8670.48, and to pay for the costs of rescue, medical treatment, rehabilitation, and disposition of oiled wildlife, as incurred by the network of oiled wildlife rescue and rehabilitation stations pursuant to subdivision (f) of Section 8670.37.5, and to pay for the expansion, in the VTS area, pursuant to Section 445 of the Harbors and Navigation Code, of the vessel traffic service system (VTS system) authorized pursuant to subdivision (f) of Section 8670.21, the administrator may only expend money from the fund if a spill has occurred and both of the following determinations have been made:

(A) Except as authorized by Section 8670.51.1, a responsible party does not exist or the responsible party is unable or unwilling to provide adequate and timely cleanup and to pay for the damages resulting from the spill. The administrator shall make a reasonable effort to have the party responsible remove the oil or agree to pay for any actions resulting from the spill that may be required by law, provided that the efforts are not detrimental to fish, plant, animal, or bird life in the affected waters. The reasonable effort of the administrator shall include attempting to access the responsible parties' insurance or other proof of financial responsibility.

(B) Federal oil spill funds are not available or will not be available in an adequate period of time.

(2) Notwithstanding any other provision of this subdivision, the administrator may expend money from the fund for authorized expenditures when a reimbursement procedure is in place to receive reimbursements from federal oil spill funds.

(b) Upon making the determinations specified in paragraph (1) of subdivision (a), the administrator shall immediately make whatever payments are necessary for responding to, containing, or cleaning up, the spill, including any wildlife rehabilitation required by law and payment of claims pursuant to Sections 8670.51 and 8670.51.1.

SEC. 4. Section 445 of the Harbors and Navigation Code is amended to read:

445. (a) The Marine Exchange of Los Angeles-Long Beach Harbor, Inc., hereafter referred to as the marine exchange, a corporation organized under the Non-Profit Mutual Benefit Corporation Law, Part 3 (commencing with Section 7110) of Division 2 of Title 1 of the Corporations Code, may operate a vessel traffic service, in cooperation with, and subject to the supervision of, the United States Coast Guard, for the waters of San Pedro Bay, San Pedro Channel, and Santa Monica Bay, within a radius of 25 nautical miles of the Point Fermin Light. SEC. 8. Section 447 of the Harbors and Navigation Code is amended and renumbered to read:

448. The vessel traffic service shall be advisory in nature. Nothing in this article relieves, or is intended to relieve, any vessel, its owners, agents, charterers, operators, or other responsible or designated parties of command of the vessel or of any responsibilities they would otherwise have respecting the navigation and operation of any vessel. Each vessel within the VTS area shall be responsible for its safe navigation in accordance with the International Regulations for Preventing Collisions at Sea (1972) and any other international and local rules and regulations.

SEC. 9. Section 447 is added to the Harbors and Navigation Code, to read:

(a) Maintain continuous radio monitoring or communication with the marine exchange on the radio channel dedicated to the vessel traffic service.

(b) Respond promptly when hailed by the marine exchange.

(c) Communicate with the marine exchange in the English language.

(d) Comply with all VTS measures established by the marine exchange that do not conflict with federal and state statutes or regulations or the Los Angeles and Long Beach Harbor Safety Plan prepared pursuant to Section 8670.23.1 of the Government Code.

SEC. 11. Section 448 of the Harbors and Navigation Code is amended and renumbered to read:

448.5. (a) It shall be understood and agreed, and shall be the essence of the marine exchange's operation of the vessel traffic service, that the marine exchange act as agent of each vessel subject to the requirements of this article within the VTS area in providing vessel traffic information and performing all other acts incidental to operation of the vessel traffic service.

(b) No vessel subject to the requirements of this article shall assert any claim against the marine exchange or any officer, director, employee, or representative of the marine exchange for any damage, loss, or expense, including any rights of indemnity or other rights of any kind, sustained by the vessel or its owners, agents, charterers, operators, crew, or third parties arising out of, or connected with, directly or indirectly, the marine exchange's operation of the vessel traffic service, even though resulting in whole or in part from negligent acts or omissions, of the marine exchange or any officer, director, employee, or representative of the marine exchange.

(c) Each vessel subject to the requirements of this article shall defend, indemnify, and hold harmless the marine exchange and its officers, directors, employees, and representatives from any and all claims, suits, or actions of any nature by whomsoever asserted, even though resulting or alleged to have resulted from negligent acts or omissions of the marine exchange or an officer, director, employee, or representative of the marine exchange.

(d) Nothing in subdivisions (b) and (c) shall affect liability or rights that may arise by reason of the gross negligence or intentional or willful misconduct of the marine exchange or an officer, director,

employee, or representative of the marine exchange in the operation of the vessel traffic service.

SEC. 12. Section 449 of the Harbors and Navigation Code is amended to read:

449. (a) The marine exchange and its officers and directors are subject to Section 5047.5 of the Corporations Code to the extent that the marine exchange meets the criteria specified in that section.

SEC. 13. Section 449.5 of the Harbors and Navigation Code is amended to read:

449.5. (a) If the authorization for the marine exchange to operate its vessel traffic service is not revoked pursuant to Section 449.3, on or before January 1, 1997, and every two years thereafter, the marine exchange shall submit a complete description of the vessel traffic service to the administrator. After a public hearing, the administrator shall, in accordance with paragraph (8) of subdivision (f) of Section 8670.21 of the Government Code, determine whether the elements and operation of the vessel traffic service are consistent with the harbor safety plan for the Los Angeles and Long Beach harbors developed pursuant to Section 8670.23.1 of the Government Code and the standards of a statewide vessel traffic service plan or system developed pursuant to Section 8670.21 of the Government Code.

(b) If, pursuant to subdivision (a), the administrator determines that the vessel traffic service is inconsistent with the harbor safety plan for the Los Angeles and Long Beach harbors developed pursuant to Section 8670.23.1 of the Government Code and the standards of a statewide vessel traffic service plan or vessel traffic monitoring and communications system developed pursuant to Section 8670.21 of the Government Code, the administrator shall issue an order to the marine exchange which specifies modifications to the vessel traffic service to eliminate the inconsistencies.

(c) If the marine exchange has not complied with an order within six months of issuance, then the administrator, after a public hearing, may take any or all of the following actions:

(1) Impose on the marine exchange an administrative fine of not more than five thousand dollars ($5,000) for each day the marine exchange does not comply with the administrator's order.

(2) Administratively revoke the authorization provided to the marine exchange by Section 445 to operate the vessel traffic service.

(d) If authorization for the marine exchange to operate the vessel traffic service is revoked pursuant to this section, the administrator shall take any action that is necessary to expeditiously establish a vessel traffic service for the Los Angeles and Long Beach harbors. The action may include the assessment of fees on vessels, port users, and ports, and the making of needed expenditures, as provided in subdivision (d) of Section 8670.21.

SEC. 14. Section 46012 of the Revenue and Taxation Code is amended to read:

(b) Fifty-four million eight hundred seventy-five thousand dollars ($54,875,000) shall be accessible in the Oil Spill Response Trust Fund in the form of financial security obtained by the Treasurer.

CHAPTER 363

An act to amend Section 655.6 of the Harbors and Navigation Code, relating to vessels.

[Approved by Governor August 17, 1996. Filed with Secretary of State August 19, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 655.6 of the Harbors and Navigation Code is amended to read:

655.6. (a) It is an infraction for a person under the age of 21 years who has 0.01 percent or more, by weight, of alcohol in his or her blood to operate any motorized vessel or manipulate water skis, an aquaplane, or a similar device.

(b) A person may be found to be in violation of subdivision (a) if the person was, at the time of operating any motorized vessel or manipulating water skis, an aquaplane, or a similar device, under the age of 21 years and under the influence of, or affected by, an alcoholic beverage regardless of whether a chemical test was made to determine that person's blood-alcohol concentration and if the trier of fact finds that the person had consumed an alcoholic beverage and was operating any motorized vessel or manipulating water skis, an aquaplane, or a similar device while having a concentration of 0.01 percent or more, by weight, of alcohol in his or her blood.

(c) Section 655.1 applies to violations of this section.

(d) A violation of this section is punishable by a fine not exceeding one hundred dollars ($100). A second violation occurring within one year of a prior violation which resulted in a conviction is punishable by a fine not exceeding two hundred dollars ($200). A third or any subsequent conviction within a period of one year of two or more prior infractions which resulted in convictions is punishable by a fine not exceeding two hundred fifty dollars ($250). A person found to have committed a violation of this section shall be required to participate in an alcohol education or community service program as provided in Section 23141 of the Vehicle Code.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 364

An act to amend Section 53227 of the Government Code, relating to public employees.

[Approved by Governor August 17, 1996. Filed with Secretary of State August 19, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 53227 of the Government Code is amended to read:

53227. (a) An employee of a local agency may not be sworn into office as an elected or appointed member of the legislative body of that local agency unless he or she resigns as an employee. If the employee does not resign, the employment shall automatically terminate upon his or her being sworn into office.

(b) For any individual who is an employee of a local agency and an elected or appointed member of that local agency's legislative body prior to January 1, 1996, this section shall apply when he or she is reelected or reappointed, on or after January 1, 1996, as a member of the local agency's legislative body.

(c) This section does not apply to any volunteer firefighter who does not receive a salary, or where the salary the volunteer firefighter would otherwise receive is applied directly by the local agency toward the purchase of disability, life, health, or similar insurance coverage.

CHAPTER 365

An act to amend Section 2207 of the Public Resources Code, relating to mining.

[Approved by Governor August 17, 1996. Filed with Secretary of State August 19, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 2207 of the Public Resources Code is amended to read:

2207. (a) The owner, lessor, lessee, agent, manager, or other person in charge of any mining operation of whatever kind or character within the state shall forward to the director not later than July 1, 1991, and every year thereafter not later than an anniversary date established by the director, upon forms which will be furnished by the board, a report which identifies all of the following:

(1) The name, address, and telephone number of the person, company, or other owner of the mining operation.

(2) The name, address, and telephone number of a designated agent who resides in this state, and who will receive and accept service of all orders, notices, and processes of the lead agency, board, director, or court.

(3) The location of the mining operation, its name, its mine number as issued by the Bureau of Mines or the director, its section, township, range, latitude, longitude, and approximate boundaries of the mining operation marked on a United States Geological Survey $7^1/_2$-minute or 15-minute quadrangle map.

(4) The lead agency.

(5) The approval date of the mining operation's reclamation plan.

(6) The mining operation's status as active, idle, reclaimed, or in the process of being reclaimed.

(7) The commodities produced by the mine and the type of mining operation.

(8) Proof of annual inspection by the lead agency, starting with the 1992 report.

(9) Proof of financial assurances.

(10) Ownership of the property, including government agencies, if applicable, by the assessor's parcel number, and total assessed value of the mining operation.

(11) The approximate permitted size of the mining operation subject to Chapter 9 (commencing with Section 2710), in acres.

(12) The approximate total acreage of land newly disturbed by the mining operation during the previous calendar year.

(13) The approximate total of disturbed acreage reclaimed during the previous calendar year.

(14) The approximate total unreclaimed disturbed acreage remaining as of the end of the calendar year.

(15) The total production for each mineral commodity produced during the previous year.

(16) A copy of any approved reclamation plan and any amendments or conditions of approval to any existing reclamation plan approved by the lead agency.

(b) Every year, not later than the anniversary date established by the director, the person submitting the report pursuant to subdivision (a) shall forward to the lead agency, upon forms which shall be furnished by the board, a report which provides all of the information specified in paragraphs (1) to (14), inclusive, of subdivision (a).

(c) Subsequent reports shall include only changes in the information submitted for the items described in subdivision (a), except that, instead of the approved reclamation plan, the reports shall include any reclamation plan amendments approved during the previous year. The reports shall state whether review of a reclamation plan, financial assurances, or an interim management plan is pending under subdivision (b), (c), (d), or (h) of Section 2770, or whether an appeal before the board or lead agency governing body is pending under subdivision (e) or (h) of Section 2770. The director shall notify the person submitting the report and the owner's designated agent in writing that the report and the fee required pursuant to subdivision (d) have been received, specify the anniversary date by which the mining operation shall submit reports, specify the mining operation's mine number if one has not been issued by the Bureau of Mines, and notify the person and agent of any deficiencies in the report within 90 days of receipt. That person or agent shall have 30 days from receipt of the notification to correct the noted deficiencies and forward the revised reports to the director and the lead agency. Any person who fails to comply with this section, or knowingly provides incorrect or false information in reports required by this section, may be subject to an administrative penalty as provided in subdivision (c) of Section 2774.1.

(d) (1) The board shall impose, by regulation, pursuant to paragraph (2), an annual reporting fee on, and method for collecting annual fees from, each active or idle mining operation. The maximum fee for any single mining operation shall not exceed two thousand dollars ($2,000) annually and shall not be less than fifty dollars ($50) annually.

(2) (A) The board shall adopt, by regulation, a schedule of fees authorized under paragraph (1) to cover the department's cost in carrying out this section and Chapter 9 (commencing with Section 2710), as reflected in the Governor's Budget, and may adopt those regulations as emergency regulations. In establishing the schedule of fees to be paid by each active and idle mining operation, the fees shall be calculated on an equitable basis reflecting the size and type of operation. The board shall also consider the total assessed value of the mining operation, the acreage disturbed by mining activities, and the acreage subject to the reclamation plan.

(B) Regulations adopted pursuant to this subdivision shall be adopted by the board in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The adoption of any emergency regulations pursuant to this subdivision shall be considered necessary to address an emergency and shall be considered by the Office of Administrative Law to be necessary for the immediate preservation of the public peace, health, safety, and general welfare.

(3) For the 1991–92 fiscal year the total revenue generated by the reporting fees established pursuant to this subdivision shall not exceed, and may be less than, one million one hundred thirty-two thousand dollars ($1,132,000), which shall be adjusted in the 1992–93 and 1993–94 fiscal years to reflect increases in the cost of living, as measured by the California Consumer Price Index for all urban consumers, calendar year averages, using the percentage change in the previous year. Beginning in the 1994–95 fiscal year, and for subsequent fiscal years the total revenue generated by the reporting fees shall not exceed, and may be less than, the amount of one million dollars ($1,000,000), as adjusted for the cost of living beginning with the 1991–92 fiscal year and annually thereafter. If the director determines that the revenue collected during the preceding fiscal year was greater or less than the cost to operate the program, the board shall adjust the fees to compensate for the overcollection or undercollection of revenues.

(4) The reporting fees established pursuant to this subdivision shall be deposited in the Mine Reclamation Account, which is hereby created. Any fees, penalties, interest, fines, or charges collected by the director or board pursuant to this chapter or Chapter 9 (commencing with Section 2710) shall be deposited in the Mine Reclamation Account. The money in the account shall be available to the department and board, upon appropriation by the Legislature, solely to carry out this section and Chapter 9 (commencing with Section 2710), and up to three hundred thousand dollars ($300,000) shall be available to the department upon appropriation by the Legislature to contract for preparation of the report required by Section 2774.6.

(5) In case of late payment of the reporting fee, a penalty of not less than one hundred dollars ($100) or 10 percent of the amount due,

whichever is greater, plus interest at the rate of $1^1/_2$ percent per month, computed from the delinquent date of the assessment until and including the date of payment, shall be assessed. New mining operations which have not submitted a report shall submit a report prior to commencement of operations. The new operation shall submit its fee according to the reasonable fee schedule adopted by the board, and the month that the report is received shall become that operation's anniversary month.

(e) The lead agency may impose a fee upon each mining operation to cover the reasonable costs incurred in implementing this chapter and Chapter 9 (commencing with Section 2710).

(f) For purposes of this section, "mining operation" has the same meaning as "surface mining operation" as defined in Section 2735, unless excepted by Section 2714. For the purposes of fee collections only, "mining operation" may include one or more mines operated by a single operator or mining company on one or more sites, if the total annual combined mineral production for all sites is less than 100 troy ounces for precious metals, if precious metals are the primary mineral commodity produced, or less than 100,000 short tons if the primary mineral commodity produced is not precious metals.

(g) Any information in reports submitted pursuant to subdivision (a) which includes or otherwise indicates the total mineral production, reserves, or rate of depletion of any mining operation shall not be disclosed to any member of the public, as defined in subdivision (f) of Section 6252 of the Government Code. Other portions of the reports are public records unless excepted by statute. [Approved by Governor August 17, 1996. Filed with Secretary of State August 19, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 20322 of the Government Code is amended to read:

20322. (a) An elective officer is excluded from membership in this system unless the officer files with the board an election in writing to become a member. The officer may elect at any time, and has the option of making contributions to this system in the amount that the officer would have contributed had the officer not been excluded, plus an amount equal to the interest, to the date or dates of his or her payment, that would have been credited to those contributions had he or she not been excluded. The contributions and interest shall be paid to this system at times, in amounts, and in a manner, fixed by the board. If the officer affirmatively exercises the option:

(1) He or she shall receive credit for previous state service in the same manner as if he or she had not been excluded, and

(2) His or her rate of contributions shall be based on the nearest age at the time he or she first was excluded.

(b) As used in this part, "elective officer" includes any officer of the Senate or Assembly who is elected by vote of the members of either or both of the houses of the Legislature, and any appointive officer of a city or county occupying a fixed term of office, as well as officers of the state or contracting agencies elected by the people, and persons elected to a city council or a county board of supervisors.

(c) Notwithstanding any other provision of subdivision (a) or (b), elected or appointed officers of a county superintendent of schools, school district, or community college district, or of a contracting agency, who serve on public commissions, boards, councils, or similar legislative or administrative bodies are excluded from membership in this system. This exclusion shall only apply to those elected or

appointed officers who are first elected or appointed to an office on or after July 1, 1994, or who are elected or appointed to a term of office not consecutive with the term of office held on June 30, 1994. This exclusion shall not apply to persons elected to a city council or county board of supervisors.

(d) Any person holding the office of city attorney or the office of assistant city attorney, whether employed, appointed, or elected, is excluded from the definition of "elective officer" as defined in subdivision (b). This subdivision shall apply only to persons first employed, elected, or appointed on or after July 1, 1994, or following any break in state service while serving in the office if the office was held on June 30, 1994.

(e) In accordance with Section 20125 the board shall be the sole judge of which elected or appointed positions qualify the incumbent as an "elective officer" in this system under this section.

(f) Notwithstanding any other provision of law, with respect to elective officers of contracting agencies, payment by a contracting agency of employer contributions and any other amounts for employer paid benefits under this system shall not be construed as receipt of salary or compensation by the elective officer for purposes of any statutory salary or compensation limitation.

CHAPTER 380

An act to amend Section 44036.2 of the Health and Safety Code, relating to air pollution.

[Approved by Governor August 17, 1996. Filed with Secretary of State August 19, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 44036.2 of the Health and Safety Code is amended to read:

44036.2. (a) To ensure uniform and consistent inspection, tests, and repairs by all qualified smog check technicians and licensed smog check stations, and to ensure consumer protection, manufacturers of motor vehicles shall provide, or cause to be provided, all emission control system service information that is necessary to properly inspect, test and repair those vehicles. Unless otherwise provided, that information shall be required for all 1980 and newer model-year vehicles and shall consist of all of the following:

(1) General specifications showing the make, model, and classification of the vehicle.

(2) The identification, location, and description of all emission control equipment on the vehicle.

(3) The manufacturer's recommended visual and functional inspection procedures for each emissions-related component.

(4) Air injection and evaporative emission purge strategies.

(5) All vehicle manufacturer-specific data stream information, excluding bidirectional control information and reprogramming information unless required by state or federal statute or regulation.

(b) Beginning with the 1998 model year, all emissions-related information required by this section, including diagnostic, service, and training information supplied by vehicle manufacturers to any franchised dealer, shall be provided in an electronic format that is readily accessible, or that can be made readily accessible, to private diagnostic assistance service information vendors or intermediaries, if that information is provided or made available in this format by manufacturers to dealers. In determining the allowable format, the state board shall ensure compatibility with any service information format requirements specified by the Environmental Protection Agency.

(c) (1) The state board shall require motor vehicle manufacturers to provide the service information necessary to comply with this section as a condition of certification.

(2) Should the manufacturer fail to provide the service information necessary to comply with subdivision (a) for any vehicle within an engine family within one year of its retail introduction, the state board may withhold certification for all engine families for

subsequent model years, until such time as the manufacturer provides the necessary service information.

(3) The department shall periodically conduct surveys to determine whether the service information and tool requirements imposed by federal and state law are being fulfilled by actual field availability of the information and tools.

(d) The manufacturer shall make accessible, through the vehicle's standard data link, the version number or part number of the vehicle's current computer memory program to allow smog check technicians to determine if the manufacturer's most up-to-date program is installed in the vehicle's computer. This requirement shall apply to all vehicles with reprogrammable computer memory in the vehicle's computer beginning with the 1999 model year. Until the manufacturer provides an electronic computer program identifier system, the manufacturer shall use a mechanical identification system to identify the computer's current program.

(e) (1) Those manufacturers that do not use reprogrammable technology for the vehicle's computer shall use either a mechanical or electronic identification system to identify the current program of the vehicle's computer.

(2) The manufacturer shall also provide or cause to be provided an engine family reprogramming cross-reference to aid smog check technicians in determining the proper computer memory program for that engine. The cross-reference shall either be published by the manufacturer or made available to private diagnostic service information vendors or intermediaries for compilation and distribution.

(f) (1) The information required to be provided under this section shall be limited to only that information which is made available by manufacturers to franchised dealers or other persons engaged in the repair, diagnosing, or servicing of motor vehicles or motor vehicle engines needed to make use of the emissions control diagnostic system prescribed under Section 207 of the Federal Clean Air Act Amendments of 1990 and such other information including instructions for making emission-related diagnosis and repairs. If any of the emissions-related service information required by this section is provided to the manufacturer's franchised dealers in advance of the specific requirements of this section, that information shall also be made available by manufacturers, directly or indirectly, to smog check stations and repair technicians. Manufacturers shall only be required to provide information to vendors or intermediaries in the same manner and format as provided to franchised dealers.

(2) The service information shall be made compatible with computer systems commonly used in the aftermarket repair industry. In addition, the vendor or intermediary may offer the information by other common distribution means when electronic means are unavailable. No information or format will be required in

the service information beyond that which is provided by new car manufacturers to franchise dealers.

(g) The provisions of this section that apply with respect to 1994 and newer model-year vehicles shall become inoperative if the state board determines that the Environmental Protection Agency has adopted rules relative to the provision of emissions-related service information for 1994 and newer model-year vehicles.

CHAPTER 381

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative

on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 383

An act to amend Section 22135 of, and to repeal and add Sections 22508 and 22509 of, the Education Code, relating to school employees.

[Approved by Governor August 17, 1996. Filed with Secretary of State August 19, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 22135 of the Education Code is amended to read:

22135. (a) Notwithstanding subdivisions (a) and (b) of Section 22134, "final compensation" means the highest annual compensation earnable by an active member who is a classroom teacher who retires, becomes disabled, or dies, after June 30, 1990, during any period of 12 consecutive months during his or her membership in the plan. The last 12 consecutive months of employment shall be used by the system in determining final compensation unless designated to the contrary in writing by the member.

(b) Section 22134, except subdivision (a) of that section, shall apply to classroom teachers who retire after June 30, 1990, and any statutory reference to Section 22134 or "final compensation" with respect to a classroom teacher who retires, becomes disabled, or dies, after June 30, 1990, shall be deemed to be a reference to this section.

(c) As used in this section, "classroom teacher" means any of the following:

(1) All teachers and substitute teachers in positions requiring certification qualifications who spend, during the last 10 years of their employment with the same employer which immediately precedes their retirement, 60 percent or more of their contract time each year providing direct instruction. For the purpose of determining

continuity of employment within the meaning of this subdivision, an authorized leave of absence for sabbatical or illness, or other collectively bargained or employer-approved leaves shall not constitute a break in employment.

(2) Other certificated personnel who spend, during the last 10 years of their employment with the same employer that immediately precedes their retirement, 60 percent or more of their contract time each year providing direct services to pupils, including, but not limited to, librarians, counselors, nurses, speech therapists, resource specialists, audiologists, audiometrists, hygienists, optometrists, psychologists, driver safety instructors, and personnel on special assignment to perform school attendance and adjustment services.

(d) As used in this section, "classroom teacher" does not include any of the following:

(1) Certificated employees whose job descriptions require an administrative credential.

(2) Certificated employees whose job descriptions include responsibility for supervision of certificated staff.

(3) Certificated employees who serve as advisers, coordinators, consultants, or developers or planners of curricula, instructional materials, or programs, who spend, during the last 10 years of their employment with the same employer that immediately precedes their retirement, less than 60 percent of their contract time in direct instruction.

(4) Certificated employees whose job descriptions require provision of direct instruction or services, but who are functioning in nonteaching assignments.

(5) Classified employees.

(e) This section shall apply only to teachers employed by an employer that has, pursuant to Chapter 10.7 (commencing with Section 3540) of Division 4 of Title 1 of the Government Code, entered into a written agreement with an exclusive representative, that makes this section applicable to all of its classroom teachers, as defined in subdivision (c).

(f) The written agreement shall include a mechanism to pay for all increases in allowances provided for by this section through employer contributions or employee contributions or both, which shall be collected and retained by the employer in a trust fund to be used solely and exclusively to pay the system for all increases in allowances provided by this section and related administrative costs, a mechanism for disposition of the employee's contributions if employment is terminated before retirement, and for the establishment of a trust fund board. The trust fund board shall administer the trust fund and shall be composed of an equal number of members representing classroom teachers chosen by the bargaining agent and the employer. If the employer agrees to pay the total cost of increases in allowances, the establishment of a trust fund and a trust fund board shall be optional to the employer. The

employer, within 30 days of receiving an invoice from the system, shall reimburse the retirement fund the amount determined by the Teachers' Retirement Board to be the actuarial equivalent of the difference between the allowance the member or beneficiary receives pursuant to this section and the allowance the member or beneficiary would have received if the member's final compensation had been computed under Section 22134 and the proportionate share of the cost to the plan, as determined by the Teachers' Retirement Board, of administering this section. The payment shall include the cost of all increases in allowances provided for by this section for all years of service credited to the member as of the benefit effective date. Interest shall be charged at the regular interest rate for any payment not received within 30 days of receipt of the invoice. Payments not received within 30 days after receipt of the invoice may be collected pursuant to Section 23007.

(g) Upon the execution of the agreement, the employer shall notify all certificated employees of the agreement and any certificated employee of the employer, who is a member of the Public Employees' Retirement System pursuant to Section 22508, that he or she may, within 60 days following the date of notification, elect to terminate his or her membership in the Public Employees' Retirement System and become a member of this plan. However, only service credited under this plan subsequent to the date of that election shall be subject to this section.

(h) An employer that agrees to become subject to this section, shall, on a form and within the timeframes prescribed by the system, certify the applicability of this section to a member pursuant to the criteria set forth in this section when a retirement, disability, or family allowance becomes payable.

(i) For a nonmember spouse, final compensation shall be determined pursuant to paragraph (2) of subdivision (c) of Section 22664. The employer, within 30 days of receiving an invoice from the system, shall reimburse the retirement fund pursuant to subdivision (f). Interest shall be charged at the regular interest rate for payment not received within the prescribed timeframe. Payments not received within 30 days of invoicing may be collected pursuant to Section 23007.

SEC. 2. Section 22508 of the Education Code is repealed.

SEC. 3. Section 22508 is added to the Education Code, to read:

22508. (a) A member who becomes employed by a school district, community college district, or a county superintendent to perform duties that require membership in a different public retirement system, shall be excluded from membership in this plan, unless the member elects in writing within 60 days from the date of hire in the position requiring membership in a different public retirement system to continue as a member of this plan. If that election is made, the subsequent service performed up to the

full-time equivalent for the position shall be considered creditable service for purposes of this part.

(b) A member of the Public Employees' Retirement System employed by a school district, community college district, or a county superintendent who is subsequently employed to perform creditable service subject to coverage by this plan shall become a member of this plan unless the person elects within 60 days from the date of hire to continue as a member of the Public Employees' Retirement System.

SEC. 4. Section 22509 of the Education Code is repealed.

SEC. 5. Section 22509 is added to the Education Code, to read:

22509. (a) Within 10 working days of the date of hire, the employer shall inform the employee of the right to make an election pursuant to Section 22508 and shall make available to the employee written information provided by the retirement systems to assist the employee in making an election.

(b) The election shall be made on a form prescribed by the retirement systems.

(c) Any election made pursuant to Section 22508 shall be filed with the office of the State Teachers' Retirement System and the other public retirement system. Once received and accepted by the system, the election shall become effective as of the first day of employment in the position that qualified the member to make an election.

after the organization's adoption of those amendments. This rulemaking process shall be completed within 180 days from the date the amendments were adopted by the model code organization. The commission shall ensure that the rulemaking process includes all of the following:

(1) Adequate public participation in the development of building standards prior to submittal to the commission for adoption and approval.

(2) Adequate written notice to the public of the compiled building standards and the written justification therefor.

(3) Adequate technical review of proposed building standards and accompanying justification by advisory bodies appointed by the commission.

SECTION 1. Section 10335 of the Public Contract Code is amended to read:

10335. (a) This article shall apply to all contracts entered into by any state agency for services to be rendered to the state, whether or not the services involve the furnishing or use of equipment, materials, or supplies or are performed by an independent contractor. Except as provided in Section 10351, all contracts subject to this article are of no effect unless and until approved by the department. Each contract shall be transmitted with all papers, estimates, and recommendations concerning it to the department and, if approved by the department, shall be effective from the date of approval. This article shall apply to any state agency that by general or specific statute is expressly or impliedly authorized to enter into the transactions referred to in this section. This article shall not apply to contracts covered under Article 5 (commencing with Section 10355), contracts for the construction, alteration, improvement, repair, or maintenance of real or personal property, contracts for architectural and engineering services subject to Chapter 10 (commencing with Section 4525) of Division 5 of Title 1 of the Government Code, to contracts that are expressly excepted from Section 10295, contracts of less than one thousand dollars ($1,000) in amount, or to contracts of less than five thousand dollars ($5,000) where only per diem or travel expenses, or a combination thereof, are to be paid.

This consent shall not be construed in a manner that would authorize the Attorney General to establish a separate program for reviewing and approving contracts in the place of, or in addition to, the program administered by the department pursuant to this article.

(c) Until January 1, 2001, the department shall maintain a list of contracts approved pursuant to subdivision (b). The list shall be limited to contracts with a consideration in excess of twenty thousand dollars ($20,000) during the life of the contract and shall include sufficient information to identify the provider of legal services, the length of each contract, applicable hourly rates, and the need for the services. The department shall add a contract that meets these conditions to the list within 10 days after approval. A copy of the list shall be made available to any requester. The department may charge a fee to cover

the cost of supplying the list as provided in Section 6257 of the Government Code.

The people of the State of California do enact as follows:

SECTION 1. Chapter 13 (commencing with Section 3200) is added to Part 2 of Division 8 of the Family Code, to read:

CHAPTER 13. SUPERVISED VISITATION

3200. The Judicial Council shall develop standards for supervised visitation providers in accordance with the guidelines set forth in this section. For the purposes of the development of these standards, the term "provider" shall include any individual who functions as a visitation monitor, as well as supervised visitation centers. Provisions shall be made within the standards to allow for the diversity of supervised visitation providers.

(2) Safety and security procedures, including ratios of children per supervisor.

(3) Any conflict of interest.

(4) Maintenance and disclosure of records, including confidentiality policies.

(5) Procedures for screening, delineation of terms and conditions, and termination of supervised visitation services.

(6) Procedures for emergency or extenuating situations.

(7) Orientation to and guildelines for cases in which there are allegations of domestic violence, child abuse, substance abuse, or special circumstances.

(c) It is the intent of the Legislature that the safety of children, adults, and visitation supervisors be a precondition to providing visitation services. Once safety is assured, the best interest of the child is the paramount consideration at all stages and particularly in deciding the manner in which supervision is provided.

CHAPTER 388

An act to amend Sections 61 and 62 of, and to add Section 1603.5 to, the Revenue and Taxation Code, relating to taxation.

[Approved by Governor August 17, 1996. Filed with Secretary of State August 19, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 61 of the Revenue and Taxation Code is amended to read:

61. Except as otherwise provided in Section 62, change in ownership, as defined in Section 60, includes, but is not limited to:

(a) The creation, renewal, sublease, assignment, or other transfer of the right to produce or extract oil, gas, or other minerals regardless of the period during which the right may be exercised. The balance of the property, other than the mineral rights, shall not be reappraised pursuant to this section.

(b) The creation, renewal, extension, or assignment of a taxable possessory interest in tax exempt real property for any term. For purposes of this subdivision:

(1) "Renewal" and "extension" do not include the granting of an option to renew or extend an existing agreement pursuant to which the term of possession of the existing agreement would, upon exercise of the option, be lengthened, whether the option is granted in the original agreement or subsequent thereto.

(2) Any "renewal" or "extension" of a possessory interest during the reasonably anticipated term of possession used by the assessor to value that interest does not cause a change in ownership until the end of the reasonably anticipated term of possession used by the assessor to value that interest. At the end of the reasonably anticipated term of possession used by the assessor, a new base year value, based on a new reasonably anticipated term of possession, shall be established for the possessory interest.

(3) "Assignment" of a possessory interest means the transfer of all rights held by a transferor in a possessory interest.

(c) (1) The creation of a leasehold interest in taxable real property for a term of 35 years or more (including renewal options), the termination of a leasehold interest in taxable real property which had an original term of 35 years or more (including renewal options),

and any transfer of a leasehold interest having a remaining term of 35 years or more (including renewal options); or (2) any transfer of a lessor's interest in taxable real property subject to a lease with a remaining term (including renewal options) of less than 35 years.

Only that portion of a property subject to that lease or transfer shall be considered to have undergone a change in ownership.

For the purpose of this subdivision, for 1979–80 and each year thereafter, it shall be conclusively presumed that all homes eligible for the homeowners' exemption, other than manufactured homes located on rented or leased land and subject to taxation pursuant to Part 13 (commencing with Section 5800), that are on leased land have a renewal option of at least 35 years on the lease of that land, whether or not in fact that renewal option exists in any contract or agreement.

(d) (1) (A) A sublease of a taxable possessory interest in tax-exempt real property for a term, including renewal options, that exceeds half the length of the remaining term of the leasehold, including renewal options.

(B) The termination of a sublease of a taxable possessory interest in tax-exempt property with an original term, including renewal options, that exceeds half the length of the remaining term of the leasehold, including renewal options.

(C) Any transfer of a sublessee's interest with a remaining term, including renewal options, that exceeds half of the remaining term of the leasehold.

(2) Any transfer of a possessory interest in tax-exempt real property subject to a sublease with a remaining term, including renewal options, that does not exceed half the remaining term of the leasehold, including renewal options.

(e) The creation, transfer, or termination of any joint tenancy interest, except as provided in subdivision (f) of Section 62, and in Section 63 and Section 65.

(f) The creation, transfer, or termination of any tenancy-in-common interest, except as provided in subdivision (a) of Section 62 and in Section 63.

(g) Any vesting of the right to possession or enjoyment of a remainder or reversionary interest that occurs upon the termination of a life estate or other similar precedent property interest, except as provided in subdivision (d) of Section 62 and in Section 63.

(h) Any interests in real property that vest in persons other than the trustor (or, pursuant to Section 63, his or her spouse) when a revocable trust becomes irrevocable.

(i) The transfer of stock of a cooperative housing corporation, vested with legal title to real property that conveys to the transferee the exclusive right to occupancy and possession of that property, or a portion thereof. A "cooperative housing corporation" is a real estate development in which membership in the corporation, by stock

ownership, is coupled with the exclusive right to possess a portion of the real property.

(j) The transfer of any interest in real property between a corporation, partnership, or other legal entity and a shareholder, partner, or any other person.

SEC. 2. Section 62 of the Revenue and Taxation Code is amended to read:

62. Change in ownership shall not include:

(a) (1) Any transfer between coowners which results in a change in the method of holding title to the real property transferred without changing the proportional interests of the coowners in that real property, such as a partition of a tenancy in common.

(2) Any transfer between an individual or individuals and a legal entity or between legal entities, such as a cotenancy to a partnership, a partnership to a corporation, or a trust to a cotenancy, which results solely in a change in the method of holding title to the real property and in which proportional ownership interests of the transferors and transferees, whether represented by stock, partnership interest, or otherwise, in each and every piece of real property transferred, remain the same after the transfer. The provisions of this paragraph shall not apply to transfers also excluded from change in ownership under the provisions of subdivision (b) of Section 64.

(b) Any transfer for the purpose of perfecting title to the property.

(c) (1) The creation, assignment, termination, or reconveyance of a security interest; or (2) the substitution of a trustee under a security instrument.

(d) Any transfer by the trustor, or by the trustor's spouse, or by both, into a trust for so long as (1) the transferor is the present beneficiary of the trust, or (2) the trust is revocable; or any transfer by a trustee of such a trust described in either clause (1) or (2) back to the trustor; or, any creation or termination of a trust in which the trustor retains the reversion and in which the interest of others does not exceed 12 years duration.

(e) Any transfer by an instrument whose terms reserve to the transferor an estate for years or an estate for life; however, the termination of such an estate for years or estate for life shall constitute a change in ownership, except as provided in subdivision (d) and in Section 63.

(f) The creation or transfer of a joint tenancy interest if the transferor, after the creation or transfer, is one of the joint tenants as provided in subdivision (b) of Section 65.

(g) Any transfer of a lessor's interest in taxable real property subject to a lease with a remaining term (including renewal options) of 35 years or more. For the purpose of this subdivision, for 1979–80 and each year thereafter, it shall be conclusively presumed that all homes eligible for the homeowners' exemption, other than mobilehomes located on rented or leased land and subject to taxation pursuant to Part 13 (commencing with Section 5800), which are on

leased land and have a renewal option of at least 35 years on the lease of that land, whether or not in fact that renewal option exists in any contract or agreement.

(h) Any purchase, redemption, or other transfer of the shares or units of participation of a group trust, pooled fund, common trust fund, or other collective investment fund established by a financial institution.

(i) Any transfer of stock or membership certificate in a housing cooperative which was financed under one mortgage, provided that mortgage was insured under Section 213, 221(d)(3), 221(d)(4), or 236 of the National Housing Act, as amended, or that housing cooperative was financed or assisted pursuant to Section 514, 515, or 516 of the Housing Act of 1949 or Section 202 of the Housing Act of 1959, or the housing cooperative was financed by a direct loan from the California Housing Finance Agency, and provided that the regulatory and occupancy agreements were approved by the governmental lender or insurer, and provided that the transfer is to the housing cooperative or to a person or family qualifying for purchase by reason of limited income. Any subsequent transfer from the housing cooperative to a person or family not eligible for state or federal assistance in reduction of monthly carrying charges or interest reduction assistance by reason of the income level of that person or family shall constitute a change of ownership.

(j) Any transfer during the period March 1, 1975 to March 1, 1981, between coowners in any property which was held by them as coowners for all or part of that period, and which was eligible for a homeowner's exemption during the period of the coownership, notwithstanding any other provision of this chapter. Any transferee whose interest was revalued in contravention of the provisions of this subdivision shall obtain a reversal of that revaluation with respect to the 1980–81 assessment year and thereafter, upon application to the county assessor of the county in which the property is located filed on or before March 26, 1982. No refunds shall be made under this subdivision for any assessment year prior to the 1980–81 fiscal year.

(k) Any transfer of property or an interest therein between a corporation sole, a religious corporation, a public benefit corporation, and a holding corporation as defined in Section 23701h holding title for the benefit of any of the aforementioned corporations, or any combination thereof (including any transfer from one such entity to the same type of entity), provided that both the transferee and transferor are regulated by laws, rules, regulations, or canons of the same religious denomination.

(*l*) Any transfer, which would otherwise be a transfer subject to reappraisal under this chapter, between or among the same parties for the purpose of correcting or reforming a deed to express the true intentions of the parties, provided that the original relationship between the grantor and grantee is not changed.

(m) Any intrafamily transfer of an eligible dwelling unit from a parent or parents or legal guardian or guardians to a minor child or children or between or among minor siblings as a result of a court order or judicial decree due to the death of the parent or parents. As used in this subdivision, "eligible dwelling unit" means the dwelling unit which was the principal place of residence of the minor child or children prior to the transfer and remains the principal place of residence of the minor child or children after the transfer.

(n) Any transfer of an eligible dwelling unit, whether by will, devise, or inheritance, from a parent or parents to a child or children, or from a guardian or guardians to a ward or wards, if the child, children, ward, or wards have been disabled, as provided in subdivision (e) of Section 12304 of the Welfare and Institutions Code, for at least five years preceding the transfer and if the child, children, ward, or wards have adjusted gross income which, when combined with the adjusted gross income of a spouse or spouses, parent or parents, and child or children, does not exceed twenty thousand dollars ($20,000) in the year in which the transfer occurs. As used in this subdivision, "child" or "ward" includes a minor or an adult. As used in this subdivision, "eligible dwelling unit" means the dwelling unit which was the principal place of residence of the child or children, or ward or wards for at least five years preceding the transfer and remains the principal place of residence of the child or children, or ward or wards after the transfer. Any transferee whose property was reassessed in contravention of the provisions of this subdivision for the 1984–85 assessment year shall obtain a reversal of that reassessment upon application to the county assessor of the county in which the property is located. Application by the transferee shall be made to the assessor no later than 30 days after the later of either the transferee's receipt of notice of reassessment pursuant to Section 75.31 or the end of the 1984–85 fiscal year.

(o) Any transfer of a possesory interest in tax-exempt real property subject to a sublease with a remaining term, including renewal options, that exceeds half the length of the remaining term of the leasehold, including renewal options.

SEC. 3. Section 1603.5 is added to the Revenue and Taxation Code, to read:

1603.5. (a) In the event a duplicate application for reduction in assessment is filed with the county board, the clerk may accept only the first application for reduction filed by or on behalf of the taxpayer, and may reject any duplicate application for reduction.

(b) For purposes of this section, "duplicate application for reduction" means an application for reduction filed by an applicant, or by his or her agent or attorney on his or her behalf, subsequent to an application for reduction previously filed by or on behalf of the same applicant, that seeks the same relief with respect to the same property for the same year in issue. A subsequent application for reduction that seeks to amend a previously filed application for

reduction shall not be considered a duplicate application for reduction for purposes of this section.

CHAPTER 389

An act to add Section 987.5 to the Penal Code, and to add Section 903.15 to the Welfare and Institutions Code, relating to court-appointed counsel, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 17, 1996. Filed with Secretary of State August 19, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 987.5 is added to the Penal Code, to read:

987.5. (a) Every defendant shall be assessed a registration fee not to exceed twenty-five dollars ($25) when represented by appointed counsel. Notwithstanding this subdivision, no fee shall be required of any defendant financially unable to pay the fee.

(b) At the time of appointment of counsel by the court, or upon commencement of representation by the public defender, if prior to court appointment, the defendant shall be asked if he or she is financially able to pay the registration fee or any portion thereof. If the defendant indicates that he or she is able to pay the fee or a portion thereof, the court or public defender shall make an assessment in accordance with ability to pay. No fee shall be assessed against any defendant who asserts that he or she is unable to pay the fee or any portion thereof. No other inquiry concerning the defendant's ability to pay shall be made until proceedings are held pursuant to Section 987.8.

(c) No defendant shall be denied the assistance of appointed counsel due solely to a failure to pay the registration fee. An order to pay the registration fee may be enforced in the manner provided for enforcement of civil judgments generally, but may not be enforced by contempt.

(d) The fact that a defendant has or has not been assessed a fee pursuant to this section shall have no effect in any later proceedings held pursuant to Section 987.8, except that the defendant shall be given credit for any amounts paid as a registration fee toward any lien or assessment imposed pursuant to Section 987.8.

(e) This section shall be operative in a county only upon the adoption of a resolution or ordinance by the board of supervisors electing to establish the registration fee and setting forth the manner in which the funds shall be collected and distributed. Collection procedures, accounting measures, and the distribution of the funds

received pursuant to this section shall be within the discretion of the board of supervisors.

SEC. 2. Section 903.15 is added to the Welfare and Institutions Code, to read:

903.15. (a) The parent of any minor, or other person who is liable for the support of the minor, on whose behalf a petition is filed pursuant to Section 601 or 602, when the minor is represented by appointed counsel, shall be assessed a registration fee not to exceed twenty-five dollars ($25) at the time the legal services are provided. Notwithstanding this subdivision, no fee shall be required of any parent or other person who is financially unable to pay the fee.

(b) At the time of appointment of counsel by the court, or upon commencement of representation by the public defender, if prior to court appointment, the parent or other person who is liable for the support of the minor shall be asked if he or she is financially able to pay the registration fee or any portion thereof. If the parent or other person indicates that he or she is able to pay the fee or a portion thereof, the court or public defender shall make an assessment in accordance with ability to pay. No fee shall be assessed against any parent or other person who asserts that he or she is unable to pay the fee or any portion thereof. No other inquiry concerning the parent's or other person's ability to pay shall be made until proceedings are held pursuant to Section 903.45.

(c) No minor shall be denied the assistance of appointed counsel due solely to the failure of the parent or other person to pay the registration fee. The registration fee shall be a joint and several liability of the parent or other person who is liable for the support of the minor. An order to pay the registration fee may be enforced in the manner provided for enforcement of civil judgments generally, but may not be enforced by contempt.

(d) The fact that a parent or other person who is liable for the support of the minor has or has not been assessed a fee pursuant to this section shall have no effect in any later proceedings held pursuant to Section 903.1 or 903.45, except that the parent or other person shall be given credit for any amounts paid as a registration fee toward any assessment imposed pursuant to Section 903.1 or 903.45 for legal services.

(e) This section shall be operative in a county only upon the adoption of a resolution or ordinance by the board of supervisors electing to establish the registration fee and setting forth the manner in which the funds shall be collected and distributed. Collection procedures, accounting measures, and the distribution of the funds received pursuant to this section shall be within the discretion of the board of supervisors.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for this act to be in effect when the Budget Act of 1996 takes effect, it is necessary that this act take effect immediately.

CHAPTER 390

An act to amend Sections 8670.13.1, 11019.6, 11400.20, 11415.60, 11425.60, and 11435.15 of, to add Section 8670.13.2 to, to add and repeal Section 11400.21 of, and to repeal Section 11346.14 of, the Government Code, and to amend Section 1861.08 of the Insurance Code, relating to administrative procedure, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 17, 1996. Filed with Secretary of State August 19, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 8670.13.1 of the Government Code is amended to read:

8670.13.1. (a) The administrator shall license all oil spill cleanup agents, and shall adopt regulations governing the expedited testing, licensing, and use of oil spill cleanup agents. The administrator shall utilize toxicity and efficacy tests and other information from government and private agencies developed for each specific category of chemical countermeasure in determining the acceptability of an oil spill cleanup agent for license and use.

(b) Sorbents and other cleanup devices that do not employ the use of active chemical cleanup agents, or otherwise determined by the administrator not to cause aquatic toxicity for purposes of oil spill response, are not subject to subdivision (a).

(c) The administrator may charge applicants a fee for the costs of processing an application for a license for an oil spill cleanup agent, not to exceed one thousand dollars ($1,000). The administrator may require renewal of a license every five years, and may charge a fee for the cost of processing the renewal of the license for an oil spill cleanup agent, not to exceed one hundred dollars ($100). Only one license per cleanup agent shall be required statewide.

SEC. 2. Section 8670.13.2 is added to the Government Code, to read:

8670.13.2. Prior to January 1, 1997, the administrator shall prepare regulations regarding licensing of oil spill cleanup agents that are substantially the same as regulations adopted by the State Water Resources Control Board that were in effect on December 31, 1995, as set forth in Chapter 10 (commencing with Section 2300) of Title 23 of the California Code of Regulations. The authority of the administrator shall be substituted for the authority of the board and cross references shall be corrected. The administrator shall submit

these regulations to the Office of Administrative Law for filing with the Secretary of State and publication in the California Code of Regulations. These regulations are exempt from the Administrative Procedure Act. The regulations shall become effective upon filing. The regulations shall remain in effect until a date of two years from the date of filing with the Secretary of State or until the date new regulations adopted by the administrator in accordance with Section 8679.13.1 are filed with the Secretary of State, whichever date occurs earlier.

SEC. 3. Section 11019.6 of the Government Code is amended to read:

11019.6. (a) Notwithstanding any other provision of state law, and to the extent not in conflict with federal law, if a principal agency is not designated by statute, a principal state agency shall be designated by the Governor for the coordination of procedures, forms, and deadlines in every area of regulatory activity under the state's jurisdiction, as determined by the Governor. All other state agencies shall defer to the principal agency in the performance of their duties in a particular regulatory area, or upon a particular project, with respect to procedures, forms, and deadlines, but not with respect to any other area of authority.

(b) This section shall not apply to the processing of any permit pursuant to Division 34 (commencing with Section 71000) of the Public Resources Code.

(c) No part of this section shall be construed to limit the authority of any agency to hold public hearings on any matter within the jurisdiction of that agency.

(d) No part of this section shall be construed to authorize any state agency to adopt or implement procedures, forms, or deadlines in conflict with those explicitly specified in statute or in conflict with the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340), Chapter 4 (commencing with Section 11370), Chapter 4.5 (commencing with Section 11400), and Chapter 5 (commencing with Section 11500)).

(e) Nothing in this section shall be construed to confer upon any state agency decisionmaking authority over substantive matters within another agency's jurisdiction, including any informational and public hearing requirements needed to make regulatory and permitting decisions.

(f) As used in this section, "agency" and "principal agency" shall not mean a court or any office of the judicial branch of government.

SEC. 4. Section 11346.14 of the Government Code is repealed.

SEC. 5. Section 11400.20 of the Government Code is amended to read:

11400.20. (a) Before, on, or after July 1, 1997, an agency may adopt interim or permanent regulations to govern an adjudicative proceeding under this chapter or Chapter 5 (commencing with Section 11500). Nothing in this section authorizes an agency to adopt

regulations to govern an adjudicative proceeding required to be conducted by an administrative law judge employed by the Office of Administrative Hearings, except to the extent the regulations are otherwise authorized by statute.

(b) Except as provided in Section 11351:

(1) Interim regulations need not comply with Article 5 (commencing with Section 11346) or Article 6 (commencing with Section 11349) of Chapter 3.5, but are governed by Chapter 3.5 (commencing with Section 11340) in all other respects.

(2) Interim regulations expire on December 31, 1998, unless earlier terminated or replaced by or readopted as permanent regulations under paragraph (3). If on December 31, 1998, an agency has completed proceedings to replace or readopt interim regulations and has submitted permanent regulations for review by the Office of Administrative Law, but permanent regulations have not yet been filed with the Secretary of State, the interim regulations are extended until the date permanent regulations are filed with the Secretary of State or March 31, 1999, whichever is earlier.

(3) Permanent regulations are subject to all the provisions of Chapter 3.5 (commencing with Section 11340), except that if by December 31, 1998, an agency has submitted the regulations for review by the Office of Administrative Law, the regulations are not subject to review for necessity under Section 11349.1 or 11350.

SEC. 6. Section 11400.21 is added to the Government Code, to read:

11400.21. (a) Before, on, or after July 1, 1997, an agency may adopt interim or permanent regulations to govern an adjudicative proceeding under this chapter or Chapter 5 (commencing with Section 11500). Nothing in this section authorizes an agency to adopt regulations to govern an adjudicative proceeding required to be conducted by an administrative law judge employed by the Office of Administrative Hearings, except to the extent the regulations are otherwise authorized by statute.

(b) Except as provided in Section 11351:

(1) Interim regulations need not comply with Article 5 (commencing with Section 11346) or Article 6 (commencing with Section 11349) of Chapter 3.5, but are governed by Chapter 3.5 (commencing with Section 11340) in all other respects.

(2) Interim regulations expire on December 31, 1998, unless earlier terminated or replaced by or readopted as permanent regulations under paragraph (3). If on December 31, 1998, an agency has completed proceedings to replace or readopt interim regulations and has submitted permanent regulations for review by the Office of Administrative Law, but permanent regulations have not yet been filed with the Secretary of State, the interim regulations are extended until the date permanent regulations are filed with the Secretary of State or March 31, 1999, whichever is earlier.

(3) Permanent regulations are subject to all the provisions of Chapter 3.5 (commencing with Section 11340), except that if by December 31, 1998, an agency has submitted the regulations for review by the Office of Administrative Law, the regulations are not subject to review for necessity under Section 11349.1 or 11350.

(c) This section shall become inoperative on July 1, 1997, and, as of January 1, 1998, is repealed, unless a later enacted statute, that becomes operative on January 1, 1998, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 7. Section 11415.60 of the Government Code is amended to read:

11415.60. (a) An agency may formulate and issue a decision by settlement, pursuant to an agreement of the parties, without conducting an adjudicative proceeding. Subject to subdivision (c), the settlement may be on any terms the parties determine are appropriate. Notwithstanding any other provision of law, no evidence of an offer of compromise or settlement made in settlement negotiations is admissible in an adjudicative proceeding or civil action, whether as affirmative evidence, by way of impeachment, or for any other purpose, and no evidence of conduct or statements made in settlement negotiations is admissible to prove liability for any loss or damage except to the extent provided in Section 1152 of the Evidence Code. Nothing in this subdivision makes inadmissible any public document created by a public agency.

(b) A settlement may be made before or after issuance of an agency pleading, except that in an adjudicative proceeding to determine whether an occupational license should be revoked, suspended, limited, or conditioned, a settlement may not be made before issuance of the agency pleading. A settlement may be made before, during, or after the hearing.

(c) A settlement is subject to any necessary agency approval. An agency head may delegate the power to approve a settlement. The terms of a settlement may not be contrary to statute or regulation, except that the settlement may include sanctions the agency would otherwise lack power to impose.

SEC. 8. Section 11425.60 of the Government Code is amended to read:

11425.60. (a) A decision may not be expressly relied on as precedent unless it is designated as a precedent decision by the agency.

(b) An agency may designate as a precedent decision a decision or part of a decision that contains a significant legal or policy determination of general application that is likely to recur. Designation of a decision or part of a decision as a precedent decision is not rulemaking and need not be done under Chapter 3.5 (commencing with Section 11340). An agency's designation of a decision or part of a decision, or failure to designate a decision or part of a decision, as a precedent decision is not subject to judicial review.

(c) An agency shall maintain an index of significant legal and policy determinations made in precedent decisions. The index shall be updated not less frequently than annually, unless no precedent decision has been designated since the last preceding update. The index shall be made available to the public by subscription, and its availability shall be publicized annually in the California Regulatory Notice Register.

(d) This section applies to decisions issued on or after July 1, 1997. Nothing in this section precludes an agency from designating and indexing as a precedent decision a decision issued before July 1, 1997.

SEC. 9. Section 11435.15 of the Government Code is amended to read:

11435.15. (a) The following state agencies shall provide language assistance in adjudicative proceedings to the extent provided in this article:

Agricultural Labor Relations Board
Department of Alcohol and Drug Abuse
State Athletic Commission
California Unemployment Insurance Appeals Board
Board of Prison Terms
State Board of Barbering and Cosmetology
State Department of Developmental Services

State Department of Health Services
Department of Housing and Community Development
Department of Industrial Relations
State Department of Mental Health

Office of Statewide Health Planning and Development
State Department of Social Services
Workers' Compensation Appeals Board

(b) Nothing in this section prevents an agency other than an agency listed in subdivision (a) from electing to adopt any of the procedures in this article, provided that any selection of an interpreter is subject to Section 11435.30.

(c) Nothing in this section prohibits an agency from providing an interpreter during a proceeding to which this chapter does not apply, including an informal factfinding or informal investigatory hearing.

(d) This article applies to an agency listed in subdivision (a) notwithstanding a general provision that this chapter does not apply to some or all of an agency's adjudicative proceedings.

SEC. 10. Section 1861.08 of the Insurance Code is amended to read:

1861.08. Hearings shall be conducted pursuant to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, except that:

(a) Hearings shall be conducted by administrative law judges for purposes of Sections 11512 and 11517, chosen under Section 11502 or appointed by the commissioner.

(b) Hearings are commenced by a filing of a notice in lieu of Sections 11503 and 11504.

(c) The commissioner shall adopt, amend, or reject a decision only under Section 11518.5 and subdivisions (b), (c), and (e) of Section 11517 and solely on the basis of the record as provided in Section 11425.50 of the Government Code.

(d) Notwithstanding Section 11501, Section 11430.30 and subdivision (b) of Section 11430.70 shall not apply in these hearings.

(e) Discovery shall be liberally construed and disputes determined by the administrative law judge as provided in Section 11507.7 of the Government Code.

SEC. 11. (a) Except as provided in subdivision (b), this act shall be operative on July 1, 1997.

(b) Sections 1, 2, 4, and 6 of this act shall be operative immediately.

SEC. 12. The Legislature finds and declares that the amendments made by this act to Section 1861.08 of the Insurance Code, which would clarify those provisions by making technical, nonsubstantive changes, would further the purposes of Proposition 103.

SEC. 13. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to continue existing oil spill cleanup agent regulations in effect until the administrator for oil spill response has an opportunity to review these regulations pursuant to Chapter 265 of the Statutes of 1995, and to allow sufficient time for state agencies to adopt regulations implementing Chapter 938 of the Statutes of 1995 as well as other regulations relating to administrative adjudication before the July 1, 1997, operative date of Chapter 938, it is necessary that this act take effect immediately.

CHAPTER 391

The people of the State of California do enact as follows:

SECTION 1. Section 10971 of the Insurance Code is amended to read:

10971. This chapter shall not, except as provided by Sections 10972 and 10974, affect:

(a) A lodge operating under the lodge system, which provides in its bylaws or rules or regulations for the payment of death benefits not exceeding one thousand dollars ($1,000) on the death of a member or for the payment of disability benefits not exceeding one thousand dollars ($1,000) to a member during any period of 12 consecutive calendar months, or both of those types of benefits.

(b) The subordinate branch of a lodge, as a lodge is defined in Section 10972, or any association formed by the members of a lodge, which association confines its membership to the members of such lodge, which subordinate branch or association (1) is organized without capital stock, (2) is organized and operated solely for the benefit of its members or their beneficiaries and not for profit, and (3) provides in its bylaws or rules or regulations for the payment of either or both of the following benefits: (i) a benefit of not exceeding one thousand dollars ($1,000) on the death of a member from any cause; (ii) a benefit of not exceeding one thousand dollars ($1,000) on the accidental death of a member or benefits not exceeding one thousand dollars ($1,000) during any period of 12 consecutive calendar months to a member for his or her disability.

(c) A lodge operating under the lodge system or any subordinate branch thereof or any association formed by the members thereof which association confines its membership to the members of such lodge, which subordinate branch or association (1) is organized without capital stock, (2) is organized and operated solely for the benefit of its members or their beneficiaries and not for profit, and (3) provides in its bylaws or rules or regulations for the payment of death benefits not exceeding five thousand dollars ($5,000) on the death of a member or for the payment of disability benefits not exceeding one thousand dollars ($1,000) to a member during any period of 12 consecutive calendar months, or both of those types of benefits.

CHAPTER 392

An act to add Section 798.21 to the Civil Code, relating to mobilehomes.

[Approved by Governor August 17, 1996. Filed with Secretary of State August 19, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 798.21 is added to the Civil Code, to read:

798.21. (a) Notwithstanding Section 798.17, if a mobilehome space within a mobilehome park is not the principal residence of the homeowner and the homeowner has not rented the mobilehome to another party, it shall be exempt from any ordinance, rule, regulation, or initiative measure adopted by any city, county, or city and county, which establishes a maximum amount that the landlord may charge a tenant for rent.

(b) Nothing in this section is intended to require any homeowner to disclose information concerning his or her personal finances. Nothing in this section shall be construed to authorize management to gain access to any records which would otherwise be confidential or privileged.

(c) For purposes of this section, a mobilehome shall be deemed to be the principal residence of the homeowner, unless a review of state or county records demonstrates that the homeowner is receiving a homeowner's exemption for another property or mobilehome in this state.

(d) Before modifying the rent or other terms of tenancy as a result of a review of state or county records, as described in subdivision (c), the management shall notify the homeowner, in writing, of the proposed changes and provide the homeowner with a copy of the documents upon which management relied.

(e) The homeowner shall have 90 days from the date the notice described in subdivision (d) is mailed to review and respond to the notice. Management shall not modify the rent or other terms of tenancy prior to the expiration of the 90-day period or prior to responding, in writing, to information provided by the homeowner. Management shall not modify the rent or other terms of tenancy if the homeowner provides documentation reasonably establishing that the information provided by management is incorrect or that the homeowner is not the same person identified in the documents. However, nothing in this subdivision shall be construed to authorize the homeowner to change the homeowner's exemption status of the other property or mobilehome owned by the homeowner.

(f) This section shall not apply under any of the following conditions:

(1) The homeowner is unable to rent or lease the mobilehome because the owner or management of the mobilehome park in which the mobilehome is located does not permit, or the rental agreement limits or prohibits, the assignment of the mobilehome or the subletting of the park space.

(2) The mobilehome is being actively held available for sale by the homeowner, or pursuant to a listing agreement with a real estate broker licensed pursuant to Chapter 3 (commencing with Section 10130) of Part 1 of Division 4 of the Business and Professions Code, or a mobilehome dealer, as defined in Section 18002.6 of the Health and Safety Code.

(3) The legal owner has taken possession or ownership, or both, of the mobilehome from a registered owner through either a surrender of ownership interest by the registered owner or a foreclosure proceeding.

CHAPTER 393

An act to amend Sections 19568, 19602, 19605.7, 19605.71, 19608.9, 19611.5, 19614.2, 19616, 19617, and 19617.2 of, and to add Sections 19614.4 and 19617.3 to, the Business and Professions Code, relating to horseracing.

[Approved by Governor August 17, 1996. Filed with Secretary of State August 19, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 19568 of the Business and Professions Code is amended to read:

19568. (a) Every licensee conducting a horse racing meeting shall each racing day provide for the running of at least one race limited to California-bred horses, to be known as the "California-bred race." If, however, sufficient competition cannot be had among horses of that class on any day, the race may, with the consent of the board, be eliminated for that day and a substitute race provided.

(b) With respect to the amounts distributed by thoroughbred racing associations for California-bred restricted stakes races, including overnight stakes races, it is the intent of the Legislature that the associations set and strive to achieve a goal of distributing at least 10 percent of the total stakes purses for the racing meeting as purses for California-restricted stakes races.

(c) It is further the intent of the Legislature that the thoroughbred racing associations in this state, in conjunction with the official registering agency, and owners and trainers organizations meet and report to the board on the establishment of a coordinated California-bred restricted schedule of stakes races designed to

showcase California-bred restricted stakes races and qualify registered California-bred horses for the California Cup and the California Cup Day races. It is also the intent of the Legislature that the report be submitted to the board by March 1, 1997, and annually thereafter at least 60 days prior to the start of the racing year.

SEC. 2. Section 19602 of the Business and Professions Code is amended to read:

19602. (a) Notwithstanding any other provision of law, any racing association in this state may authorize betting systems located outside of this state to accept wagers on a race or races conducted or disseminated by that association and may transmit live audiovisual signals of the race or races and their results to those betting systems, except that any authorization is subject to the consent of the host association and applicable federal laws, including, but not limited to, Chapter 57 (commencing with Section 3001) of Title 15 of the United States Code.

(b) (1) Except as provided in paragraph (2), any racing association described in subdivision (a), when it authorizes betting systems located outside of this state to accept wagers on a race, shall pay a license fee to the state in an amount equal to 8 percent of the total amount received by the association from the out-of-state betting system. In addition, with respect to thoroughbred racing only, 3 percent of the amount remaining after the payment of the license fee shall be deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2, and shall thereafter be distributed in accordance with subdivisions (b), (c), and (d) of Section 19617.2. The remaining amount received by the association shall be distributed to the association that conducts the racing meeting and to horsemen participating in that racing meeting as follows: 50 percent to the association as commissions, and 50 percent to the horsemen as purses. All rents, costs, and fees shall be deducted pursuant to a contract between the association that conducts the racing meeting and the horsemen participating in the racing meeting. Notwithstanding any other provision of law, racing associations may form a partnership, joint venture, or any other affiliation in order to negotiate terms and conditions of agreements with out-of-state betting systems.

(2) A thoroughbred association that hosts the series of races known as the "Breeder's Cup" shall not be required to pay to the state the license fees required pursuant to paragraph (1). Amounts received by the association from out-of-state betting systems as wagers on Breeder's Cup races shall be distributed as follows: 50 percent as commissions to the association that conducts the racing meeting, and 50 percent as purses to the horsemen participating in the meeting.

(c) With the permission of the board, wagers accepted by betting systems located outside of this state may be, but are not required to be, included in the parimutuel pool of the association that conducts

the racing meeting in this state. If the wagers accepted by betting systems located outside of this state are included in the parimutuel pool of the association that conducts the racing meeting in this state, the betting system located outside of this state shall, if permissible under applicable law, deduct from the total amount handled in each conventional and exotic parimutuel pool the same total percentages deducted pursuant to Article 9.5 (commencing with Section 19610) by the association that conducts the racing meeting in this state. If the laws of the jurisdiction in which the betting system is located do not permit the betting system to deduct the same percentages as are deducted by the association that conducts the racing, the board may, nonetheless, permit the inclusion of those out-of-state wagers in the association's parimutuel pool if the board determines it to be in the public interest of this state to do so.

(d) If wagers accepted by an association conducting racing within the state and wagers accepted by a betting system located outside of the state are combined in one parimutuel pool and the association and the betting system both deduct the same total percentages as set forth in subdivision (c), the breakage shall be allocated between the association and the betting system on the basis of a calculation for distribution approved by the board.

(e) If wagers accepted by an association conducting racing within the state are combined in one parimutuel pool with wagers accepted by a betting system located outside the state and the association and the betting system deduct different percentages from the amount handled in the parimutuel pool, the precise calculation and distribution of payments on winning tickets and breakage between the association and the betting system shall be on the basis of a calculation for distribution approved by the board.

(f) The board shall report to the Department of Finance whenever it approves a calculation for distribution pursuant to subdivision (d) or (e) and the projected impact of that calculation, if any, on state revenues.

(g) Breakage allocated pursuant to this section to an association conducting racing within this state shall be distributed in the same manner as would be breakage arising from wagers at the association in the absence of a combined parimutuel pool. This section does not apply to the disposition of breakage allocated to the betting system located outside of the state.

(h) If wagers accepted by a betting system located outside of this state are included in the parimutuel pool of an association conducting racing in this state, funds in the parimutuel pool attributable to unclaimed tickets relating to wagers accepted by the association conducting racing within the state shall be distributed in the same manner as unclaimed tickets relating to wagers accepted by that association in the absence of a combined parimutuel pool. Funds in the parimutuel pool attributable to unclaimed tickets related to wagers accepted by the betting system located outside of this state

shall be allocated to that betting system, and this section does not otherwise apply to the disposition of those funds at that location outside of the state.

SEC. 3. Section 19605.7 of the Business and Professions Code, as amended by Chapter 53 of the Statutes of 1996, is amended to read:

19605.7. The total percentage deducted from wagers at satellite wagering facilities in the northern zone shall be the same as the deductions for wagers at the racetrack where the racing meeting is being conducted and shall be distributed as set forth in this section. Amounts deducted under this section shall be distributed as follows:

(a) For thoroughbred meetings, 2.5 percent of the amount handled by the satellite wagering facility on conventional wagers and 4 percent on exotic wagers shall be distributed to the racing association for payment to the state as a license fee, 2 percent retained by the satellite wagering facility as a commission for the right to do business, as a franchise, and such commission is not for the use of any real property, 2.5 percent or the amount of actual operating expenses, as determined by the board, whichever is less, distributed to an organization described in Section 19608.2, and four-tenths of 1 percent deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2 and shall thereafter be distributed in accordance with subdivisions (b), (c) and (d) of Section 19617.2, and thirty-three hundredths of one-tenth of 1 percent distributed to the California Center for Equine Health and Performance and sixty-seven hundredths of one-tenth of 1 percent distributed to the California Veterinary Diagnostic Laboratory System, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that the thirty-three hundredths of one-tenth of 1 percent of funds distributed to the California Center for Equine Health and Performance shall supplement, and not supplant, other funding sources.

(b) For harness, quarter horse, Appaloosa, Arabian, or mixed breed meetings, 1 percent of the amount handled by the satellite wagering facility on conventional wagers and 1 percent on exotic wagers shall be distributed to the racing association for payment to the state as a license fee, for fair meetings, 1.5 percent of the amount handled by the satellite wagering facility on conventional wagers and 3 percent on exotic wagers shall be distributed to the racing association for payment to the state as a license fee, 2 percent retained by the satellite wagering facility as a commission for the right to do business, as a franchise, and such commission is not for the use of any real property, and 6 percent of the amount handled by the satellite wagering facility or the amount of actual operating expenses, as determined by the board, whichever is less, distributed to an organization described in Section 19608.2. In addition, in the case of quarter horses, four-tenths of 1 percent shall be deposited with the official registering agency pursuant to subdivision (b) of Section 19617.7 and shall thereafter be distributed in accordance with

subdivisions (c), (d), and (e) of Section 19617.7; in the case of Appaloosas, four-tenths of 1 percent shall be deposited with the official registering agency pursuant to subdivision (b) of Section 19617.9 and shall thereafter be distributed in accordance with subdivisions (c), (d), and (e) of Section 19617.9; in the case of Arabians, four-tenths of 1 percent shall be distributed as breeders' awards to breeders of Arabians; in the case of standardbreds, four-tenths of 1 percent shall be distributed for the California Standardbred Sires Stakes Program pursuant to Section 19619; in the case of thoroughbreds, four-tenths of 1 percent shall be deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2 and shall thereafter be distributed in accordance with subdivisions (b), (c), and (d) of Section 19617.2; and thirty-three hundredths of one-tenth of 1 percent shall be distributed to the California Center for Equine Health and Performance and sixty-seven hundredths of one-tenth of 1 percent distributed to the California Veterinary Diagnostic Laboratory System, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that the thirty-three hundredths of one-tenth of 1 percent of funds distributed to the California Center for Equine Health and Performance shall supplement, and not supplant, other funding sources.

(c) In addition to the distributions specified in subdivision (a) and (b), for thoroughbred and fair meetings only, six-tenths of 1 percent of the total amount handled by each satellite wagering facility authorized pursuant to Section 19605.1 and one-half of 1 percent of the total amount handled at each other satellite wagering facility shall be allocated to the facility for promotion of that meeting's program. For mixed breed meetings, 1 percent of the total amount handled by each satellite wagering facility shall be distributed to an organization described in Section 19608.2 for promotion of the program at satellite wagering facilities. For quarter horse meetings and harness meetings, one-half of 1 percent of the total amount handled by each satellite wagering facility shall be distributed to an organization described in Section 19608.2 for the promotion of the program at satellite wagering facilities, and one-half of 1 percent of the total amount handled by each satellite wagering facility shall be distributed according to a written agreement for each race meeting between the licensed racing association and the organization representing the horsemen participating in the meeting.

(d) In addition to the distributions specified in subdivisions (a), (b), and (c), for thoroughbred meetings, four-tenths of 1 percent of the total amount handled at each satellite wagering facility authorized pursuant to Section 19605.1 and one-half of 1 percent of the total amount handled at each other satellite wagering facility shall be allocated to the association conducting the racing program to reimburse it for any costs of offsite stabling and vanning that are required pursuant to Section 19535. The amount of the

reimbursement payable to an association for offsite stabling shall not exceed the actual cost to the association of maintaining stalls at its racetrack plus the actual costs incurred by the association to provide vanning and transportation of racehorses from offsite stabling facilities to its racetrack.

(e) In addition to the distributions specified in subdivisions (a), (b), and (c), for fair meetings, four-tenths of 1 percent of the total amount handled at each satellite wagering facility authorized pursuant to Section 19605.1 and one-half of 1 percent of the total amount handled at each other satellite wagering facility shall be allocated to the organization representing racing fairs to reimburse fairs for the actual cost of providing offsite stabling and vanning required by the board pursuant to Section 19535. If fairs contract with associations to provide offsite stabling during fair meetings, the cost incurred by fairs shall not exceed the actual cost to the association of maintaining the stalls or the amount of reimbursement funds made available pursuant to this subdivision, whichever is less. In the event of a disagreement between an association and the organization representing racing fairs or the organization representing the majority of horsemen participating at the meeting with respect to the actual cost of maintaining stalls, the board, at the request of the association or the organization representing racing fairs or the organization representing the majority of horsemen participating at the meeting, shall determine within 60 days the amount of actual costs incurred. For purposes of this subdivision, ''actual cost'' does not include fixed overhead or administrative expenses that would be incurred by the association in the absence of an agreement to provide offsite stabling during fair meetings.

(f) Any of the promotional funds distributed pursuant to subdivision (c) that are not expended in the year in which they are collected may be expended in the following year. If promotion funds expended in any year exceed the amount collected for that year, the funds expended in the following year shall be reduced by the excess amount.

(g) Any of the stabling and vanning reimbursement funds distributed pursuant to subdivision (d) that are not expended during the meeting at which they are collected shall be allocated to the organization representing racing fairs for additional payments to the racing association to offset its costs of maintaining the stalls contracted for by fairs pursuant to subdivision (e).

(h) Additionally, for thoroughbred, harness, quarter horse, mixed breed, and fair meetings, thirty-three hundredths of 1 percent of the total amount handled by each satellite wagering facility shall be paid to the city or county in which the satellite wagering facility is located pursuant to Section 19610.3 or 19610.4.

(i) Notwithstanding any other provision of law, a racing association is responsible for the payment of the state license fee as required by this section.

SEC. 4. Section 19605.71 of the Business and Professions Code is amended to read:

19605.71. The total percentage deducted from wagers at satellite wagering facilities in the central and southern zone shall be the same as the percentage deducted from wagers at the racetrack where the racing meeting is being conducted and shall be distributed as set forth in this section. Amounts deducted by a satellite wagering facility under this section shall be distributed as follows:

(a) For thoroughbred meetings, 2.5 percent of the amount handled by the satellite wagering facility on conventional wagers and 4 percent on exotic wagers shall be distributed to the racing association for payment to the state as a license fee, 2 percent retained by the satellite wagering facility as a commission for the right to do business, as a franchise, and such commission is not for the use of any real property, 2.5 percent or the amount of actual operating expenses, as determined by the board, whichever is less, distributed to an organization described in Section 19608.2, and four-tenths of 1 percent deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2 and shall thereafter be distributed in accordance with subdivisions (b), (c), and (d) of Section 19617.2, and thirty-three hundredths of one-tenth of 1 percent distributed to the California Center for Equine Health and Performance and sixty-seven hundredths of one-tenth of 1 percent distributed to the California Veterinary Diagnostic Laboratory System, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that the thirty-three hundredths of one-tenth of 1 percent of funds distributed to the California Center for Equine Health and Performance shall supplement, and not supplant, other funding sources.

(b) For harness, quarter horse, Appaloosa, Arabian, or mixed breed meetings, 1 percent of the amount handled by the satellite wagering facility on conventional wagers and 1 percent on exotic wagers shall be distributed to the racing association for payment to the state as a license fee, for fair meetings, 1.5 percent of the amount handled by the satellite wagering facility on conventional wagers and 3 percent on exotic wagers shall be distributed to the racing association for payment to the state as a license fee, 2 percent retained by the satellite wagering facility as a commission for the right to do business, as a franchise, and such commission is not for the use of any real property, and 6 percent of the amount handled by the satellite wagering facility or the amount of actual operating expenses, as determined by the board, whichever is less, distributed to an organization described in Section 19608.2. In addition, in the case of quarter horses, four-tenths of 1 percent shall be distributed as breeders' awards to breeders of quarter horses pursuant to Section 19617.6; in the case of Appaloosas, four-tenths of 1 percent shall be deposited with the official registering agency pursuant to subdivision (b) of Section 19617.9 and shall thereafter be distributed in

accordance with subdivisions (c), (d), and (e) of Section 19617.9; in the case of Arabians, four-tenths of 1 percent shall be held by the association to be deposited with the official registering agency, pursuant to Section 19617.8, and thereafter shall be distributed in accordance with Section 19617.8; in the case of standardbreds, four-tenths of 1 percent shall be distributed for the California Standardbred Sires Stakes Program pursuant to Section 19619; in the case of thoroughbreds, four-tenths of 1 percent shall be deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2 and shall thereafter be distributed in accordance with subdivisions (b), (c), and (d) of Section 19617.2; and thirty-three hundredths of one-tenth of 1 percent shall be distributed to the California Center for Equine Health and Performance and sixty-seven hundredths of one-tenth of 1 percent distributed to the California Veterinary Diagnostic Laboratory System, School of Veterinary Medicine, University of California at Davis. It is the intent of the Legislature that the thirty-three hundredths of one-tenth of 1 percent of funds distributed to the California Center for Equine Health and Performance shall supplement, and not supplant, other funding sources.

(c) In addition, for thoroughbred meetings and harness, Appaloosa, mixed breed, or fair meetings, 1 percent shall be distributed to an organization described in Section 19608.2 for promotion of the program at satellite wagering facilities. Notwithstanding any other provision of law, on wagers made in the Counties of Orange and Los Angeles on thoroughbred races conducted in the County of Orange or Los Angeles, or both, excluding the 50th District Agricultural Association, the amount deducted for promotion of the satellite wagering program at satellite wagering facilities shall be one-half of 1 percent. Any of the promotion funds that are not distributed in the year in which they are collected may be distributed in the following year. If promotion funds distributed in any year exceed the amount collected for that year, the funds distributed in the following year shall be reduced by the excess amount. For quarter horse meetings, one-half of 1 percent of the total amount handled by each satellite wagering facility shall be distributed to an organization described in Section 19608.2 for the promotion of the program at satellite wagering facilities, and one-half of 1 percent of the total amount handled by each satellite wagering facility shall be distributed according to a written agreement for each race meeting between the licensed racing association and the organization representing the horsemen participating in the meeting. To the extent that funds representing a percentage greater than one-half of 1 percent of funds wagered on thoroughbred races conducted in the Counties of Orange and Los Angeles have been distributed, prior to July 27, 1992, to an organization described in Section 19608.2 for promotion activities, but remain unused, those funds shall be redistributed, 50 percent as commissions to the

association that conducts the racing meeting, and 50 percent as purses to the horsemen participating in the racing meeting. Additionally, thirty-three hundredths of 1 percent of the total amount handled by the satellite wagering facility shall be paid to the city or county in which the satellite wagering facility is located pursuant to Section 19610.3 or 19610.4.

(d) Notwithstanding any other provision of law, a racing association is responsible for the payment of the state license fee as required by this section.

SEC. 5. Section 19608.9 of the Business and Professions Code is amended to read:

19608.9. (a) Notwithstanding subdivisions (a) and (b) of Section 19605.7, subdivisions (a) and (b) of Section 19605.71, or any other provision of law, of the amounts deducted from wagers at satellite wagering facilities pursuant to Sections 19605.7 and 19605.71 for thoroughbred meetings or thoroughbred races at mixed breed or fair meetings, four-tenths of 1 percent shall be deposited with the official registering agency for distribution pursuant to subdivision (a) of Section 19617.2, and shall thereafter be distributed in accordance with subdivisions (b), (c), and (d) of Section 19617.2.

SEC. 6. Section 19611.5 of the Business and Professions Code is amended to read:

19611.5. (a) In addition to the amounts otherwise deducted pursuant to this chapter, every association other than the California Exposition and State Fair or a district or county fair that conducts a thoroughbred race meeting may deduct from the total amount handled in daily double, quinella, exacta, and other multiple wagering pools approved by the board up to 3 percent thereof to be distributed 50 percent as commissions and 50 percent as purses.

(b) From the amount deducted for thoroughbred purses under subdivision (a), a sum equal to 13.33 percent thereof shall be held by the association to be deposited with the official registering agency pursuant to subdivision (a) of Section 19617.2, and shall thereafter be distributed in accordance with subdivisions (b), (c), and (d) of Section 19617.2.

(c) At least 30 days prior to the commencement of its meeting, the association shall file with the board a statement of the additional deduction to be made pursuant to subdivision (a). Except with the consent of the board, the amount of the deduction shall not be changed during the course of the meeting.

SEC. 7. Section 19614.2 of the Business and Professions Code is amended to read:

19614.2. (a) In addition to the amounts otherwise deducted pursuant to this chapter, the California Exposition and State Fair, or a district or county fair, or an association conducting its meeting pursuant to Section 19549.1, may deduct from the total amount handled in daily double, quinella, exacta, and other multiple wagering pools approved by the board up to 3 percent thereof to be distributed as additional commissions and purses in the current year of the fair meet. Of the amount deducted, if any, 52 percent shall be distributed as additional purses and 48 percent shall be distributed as additional commissions. For racing meetings conducted pursuant to Section 19549.3, of the amounts deducted, if any, 50 percent shall be distributed as purses and 50 percent shall be distributed as commissions.

(b) At least 30 days prior to the commencement of its meeting, the association shall file with the board a statement of the additional deduction to be made pursuant to subdivision (a). (b) "Qualifying race" means the following:

(1) In the case of breeder awards, all races in this state, and all graded stakes races conducted within the United States.

(2) No owner premiums shall be paid on California-bred restricted races pursuant to Section 19568.

(5) For purposes of this paragraph, the maximum purse considered earned in any qualifying race within this state shall be three hundred thirty thousand dollars ($330,000) for a win, one hundred twenty thousand dollars ($120,000) for a second, and ninety thousand dollars ($90,000) for a third place finish and the maximum purse considered earned in any qualifying race outside of this state shall be one hundred sixty-five thousand dollars ($165,000) for a win, sixty thousand dollars ($60,000) for a second, and forty-five thousand dollars ($45,000) for a third place finish.

(g) "Quotient," for any fund, means the amount allocated to that fund pursuant to subdivision (b) of Section 19617.2 divided by the aggregate eligible earnings of the horses applicable to that fund. In calculating the quotient for each of the funds, any retroactive purse payments with respect to a race shall not be considered after the disbursement of the fund.

(h) "Stallion owner" means the person who is the owner of the eligible thoroughbred stallion as of December 31 of the calendar year in which that sire's foals had eligible earnings or the person who owned the eligible thoroughbred sire on the date that the stallion died.

The deposits shall be made by the dealer within five working days of receipt, one of which shall be the day of receipt.

(3) For purposes of this section, "cash equivalent" means any property, other than cash. If an item of cash equivalent is, due to its size, incapable of physical delivery to the escrow holder, the property may be held by the dealer for the purchaser until close of escrow and, if the property has been registered with the department or the Department of Motor Vehicles, its registration certificate and, if available, its certificate of title shall be delivered to the escrowholder.

(ii) The inventory creditor shall consent in writing to other than full payment.

(B) For purposes of this paragraph, "inventory creditor" includes any person who is identified as a creditor on the manufacturer's certificate of origin or any person who places the original certificate of origin in escrow and claims in writing to the escrow agent to have a purchase money security interest in the manufactured home or mobilehome, as contemplated by Section 9107 of the Commercial Code.

(3) That the escrow agent shall obtain from the manufacturer a true and correct facsimile of the copy of the certificate of origin retained by the manufacturer pursuant to Section 18093.

(c) For every transaction by or through a dealer to sell or lease with the option to buy a used manufactured home or mobilehome subject to registration under this part, the escrow instructions shall provide:

(1) That the current registration card, all copies of the registration cards held by junior lienholders, and the certificate of title be placed in escrow.

(2) That, in the alternative, either of the following shall occur:

(B) (i) The dealer shall declare in writing that the manufactured home or mobilehome is its inventory, (ii) the registered owner shall acknowledge in writing that the purchase price relating to the sale of the manufactured home or mobilehome to the dealer for resale has been paid in full by the dealer, (iii) the current certificate of title shall be appropriately executed by the registered owner to reflect the release of all of its ownership interests, and (iv) the dealer shall release all of its ownership interests in the manufactured home or mobilehome either contemporaneously upon the payment of a specified amount from the escrow account or at the close of escrow where the buyer has executed a security agreement approved by the dealer covering the unpaid balance of the purchase price.

(A) Release his or her security interest or transfer its security interest to a designated third party contemporaneously upon the payment of a specified amount from the escrow account.

(B) Advise the escrow agent in writing that the new buyer or the buyer's stated designee shall be approved as the new registered owner upon the execution by the buyer of a formal assumption of the indebtedness secured by his or her lien approved by the creditor at or before the close of escrow.

(d) For every transaction by or through a dealer to sell or lease with the option to buy a used manufactured home or mobilehome subject to registration under this part:

(1) The dealer shall present the buyer's offer to purchase the manufactured home or mobilehome to the seller in written form signed by the buyer. The seller, upon accepting the offer to purchase, shall sign and date the form. Copies of the fully executed form shall be presented to both the buyer and seller, with the original copy retained by the dealer. Any portion of the form that reflects the commission charged by the dealer to the seller need not be disclosed to the buyer.

(2) The escrow agent, upon receipt of notification from the dealer that the seller has accepted the buyer's offer to purchase and receipt of mutually endorsed escrow instructions, shall, within three working days, prepare a notice of escrow opening on the form prescribed by the department and forward the completed form to the department with appropriate fees. If the escrow is canceled for any reason before

closing, the escrow agent shall prepare a notice of escrow cancellation on the form prescribed by the department and forward the completed form to the department.

(3) (A) The escrow agent shall forward to the legal owner and each junior lienholder at their addresses shown on the current registration card a written demand for a lien status report, as contemplated by Section 18035.5, and a written demand for either an executed statement of conditional lien release or an executed statement of anticipated formal assumption, and shall enclose blank copies of a statement of conditional lien release and a statement of anticipated formal assumption on forms prescribed by the department. The statement of conditional lien release shall include, among other things, both of the following:

(i) A statement of the dollar amount or other conditions required by the creditor in order to release or transfer its lien.

(ii) The creditor's approval of the buyer or his or her designee as the registered owner upon the execution of the formal assumption.

(4) Within five days of the receipt of the written demand and documents required by paragraph (3), the legal owner or junior lienholder shall complete and execute either the statement of conditional lien release or, if the creditor has elected to consent to a formal assumption requested by a qualified buyer, the statement of anticipated formal assumption, as appropriate, and prepare the lien status report and forward the documents to the escrow agent by first-class mail. If the creditor is the legal owner, the certificate of title in an unexecuted form shall accompany the documents. If the creditor is a junior lienholder, the creditor's copy of the current registration card in an unexecuted form shall accompany the documents.

(5) If either of the following events occur, any statement of conditional lien release or statement of anticipated formal assumption executed by the creditor shall become inoperative, and the escrow agent shall thereupon return the form and the certificate of title or the copy of the current registration card, as appropriate, to the creditor by first-class mail:

(A) The conditions required in order for the creditor to release or transfer his or her lien are not satisfied before the end of the escrow period agreed upon in writing between the buyer and the seller or,

if applicable, before the end of any extended escrow period as permitted by subdivision (g).

(B) The registered owner advises the creditor not to accept any satisfaction of his or her lien or not to permit any formal assumption of the indebtedness and the creditor or registered owner advises the escrow agent in writing accordingly.

(6) If a creditor willfully fails to comply with the requirements of paragraph (4) within 21 days of the receipt of the written demand and documents required by paragraph (3), the creditor shall forfeit to the escrow agent three hundred dollars ($300), except where the creditor has reasonable cause for noncompliance. The three hundred dollars ($300) shall be credited to the seller, unless otherwise provided in the escrow instructions. Any penalty paid by a creditor under this paragraph shall preclude any civil liability for noncompliance with Section 18035.5 relating to the same act or omission.

(e) For every transaction by or through a dealer to sell or lease with the option to buy a new or used manufactured home or mobilehome, the escrow instructions shall specify one of the following:

(1) Upon the buyer receiving delivery of an installed manufactured home or mobilehome on the site and the manufactured home or mobilehome passing inspection pursuant to Section 18613 or after the manufactured home or mobilehome has been delivered to the location specified in the escrow instructions when the installation is to be performed by the buyer, all funds in the escrow account, other than escrow fees and amounts for accessories not yet delivered, shall be disbursed. If mutually agreed upon between buyer and dealer, the escrow instructions may specify that funds be disbursed to a government agency for the payment of fees and permits required as a precondition for an installation acceptance or certificate of occupancy, and the information that may be acceptable to the escrow agent.

(2) Upon the buyer receiving delivery of an installed manufactured home or mobilehome not subject to the provisions of Section 18613 with delivery requirements as mutually agreed to and set forth in the sales documents, all funds in the escrow account, other than escrow fees, shall be disbursed.

(f) In the event any dispute arises between the parties to the escrow and upon notification in writing to the escrow agent, unless otherwise specified in the escrow instructions, all funds denoted as deposit shall be held in escrow until a release is signed by the disputing party, or pursuant to new written escrow instructions signed by the parties involved, or pursuant to a final order for payment or division by a court of competent jurisdiction. Any other funds, other than escrow fees, shall be returned to the buyer or any person, other than the dealer or seller, as appropriate.

(g) Escrow shall be for a period of time mutually agreed upon, in writing, by the buyer and the seller. However, the parties may, by mutual consent, extend the time, in writing, with notice to the escrow agent.

(h) No dealer or seller shall establish with an escrow agent any escrow account in an escrow company in which the dealer or seller has more than a 5 percent ownership interest.

(j) For every transaction by or through a dealer to sell or lease with the option to buy a new or used manufactured home or mobilehome that is subject to inspection pursuant to Section 18613, and for which it is stated, on the face of the document certifying or approving occupancy or installation, that the issuance of the document is conditioned upon the payment of a fee, charge, dedication, or other requirement levied pursuant to Section 53080 of the Government Code, the escrow instructions shall provide that the payment of that fee, charge, dedication, or other requirement be made to the appropriate school district upon the close of escrow.

(k) No agreement shall contain any provision by which the buyer waives his or her rights under this section, and any waiver shall be deemed contrary to public policy and shall be void and unenforceable.

(*l*) If a portion of the amount in the escrow is for accessories, then that portion of the amount shall not be released until the accessories are actually installed.

(m) Upon opening escrow on a used manufactured home or mobilehome which is subject to local property taxation, and subject to registration under this part, the escrow officer may forward to the tax collector of the county in which the used manufactured home or mobilehome is located, a written demand for a tax clearance certificate, if no liability exists, or a conditional tax clearance certificate if a tax liability exists, to be provided on a form prescribed by the office of the Controller. The conditional tax clearance certificate shall state the amount of the tax liability due, if any, and the final date that amount may be paid out of the proceeds of escrow before a further tax liability may be incurred.

(1) Within five working days of receipt of the written demand for a conditional tax clearance certificate or a tax clearance certificate, the county tax collector shall forward the conditional tax clearance certificate or a tax clearance certificate showing no tax liability exists to the requesting escrow officer. In the event the tax clearance certificate's or conditional tax clearance certificate's final due date expires within 30 days of date of issuance, an additional conditional

tax clearance certificate or a tax clearance certificate shall be completed which has a final due date of at least 30 days beyond the date of issuance.

(2) If the tax collector on which the written demand for a tax clearance certificate or a conditional tax clearance certificate was made fails to comply with that demand within 30 days from the date the demand was mailed, the escrow officer may close the escrow and submit a statement of facts certifying that the written demand was made on the tax collector and the tax collector failed to comply with that written demand within 30 days. This statement of facts may be accepted by the department in lieu of a conditional tax clearance certificate or a tax clearance certificate, as prescribed by subdivision (a) of Section 18092.7, and the transfer of ownership may be completed.

(3) The escrow officer may satisfy the terms of the conditional tax clearance certificate by paying the amount of tax liability shown on the form by the tax collector out of the proceeds of escrow on or before the date indicated on the form and by certifying in the space provided on the form that all terms and conditions of the conditional tax clearance certificate have been complied with.

(h) Permit any unlawful use of a license or report of sales books, issued to a licensee.

(i) Photograph, photostat, duplicate, or in any way reproduce any license or facsimile thereof in such a manner that it could be mistaken for a valid license, or display or possess any photograph, photostat, duplicate, reproduction, or facsimile unless authorized by the provisions of this part.

(j) Accept or encourage sales arranged or negotiated by unlicensed persons or salespersons while not employed by the dealer. For the purposes of this section, employment by a dealer shall mean employment reported to the department pursuant to Section 18060.

SEC. 8. Section 18063.8 of the Health and Safety Code is repealed.

[Approved by Governor August 17, 1996. Filed with Secretary of State August 19, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 844 of the Government Code is amended to read:

844. As used in this chapter, "prisoner" includes an inmate of a prison, jail, or penal or correctional facility. For the purposes of this chapter, a lawfully arrested person who is brought into a law enforcement facility for the purpose of being booked, as described in Section 7 of the Penal Code, becomes a prisoner, as a matter of law, upon his or her initial entry into a prison, jail, or penal or correctional facility, pursuant to penal processes.

CHAPTER 396

An act to amend Section 1365 of the Civil Code, relating to common interest developments.

[Approved by Governor August 17, 1996. Filed with Secretary of State August 19, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 1365 of the Civil Code is amended to read:

1365. Unless the governing documents impose more stringent standards, the association shall prepare and distribute to all its members the following documents:

(a) A pro forma operating budget, which shall include all of the following:

(1) The estimated revenue and expenses on an accrual basis.

(2) A summary of the association's reserves based upon the most recent review or study conducted pursuant to Section 1365.5, which shall be printed in bold type and include all of the following:

(A) The current estimated replacement cost, estimated remaining life, and estimated useful life of each major component.

(B) As of the end of the fiscal year for which the study is prepared:

(i) The current estimate of the amount of cash reserves necessary to repair, replace, restore, or maintain the major components.

(ii) The current amount of accumulated cash reserves actually set aside to repair, replace, restore, or maintain major components.

(C) The percentage that the amount determined for purposes of clause (ii) of subparagraph (B) is of the amount determined for purposes of clause (i) of subparagraph (B).

(3) A statement as to whether the board of directors of the association has determined or anticipates that the levy of one or more special assessments will be required to repair, replace, or restore any major component or to provide adequate reserves therefor.

(4) A general statement addressing the procedures used for the calculation and establishment of those reserves to defray the future repair, replacement, or additions to those major components that the association is obligated to maintain.

The summary of the association's reserves disclosed pursuant to paragraph (2) shall not be admissible in evidence to show improper financial management of an association, provided that other relevant and competent evidence of the financial condition of the association is not made inadmissible by this provision.

A copy of the operating budget shall be annually distributed not less than 45 days nor more than 60 days prior to the beginning of the association's fiscal year.

(b) A review of the financial statement of the association shall be prepared in accordance with generally accepted accounting principles by a licensee of the California State Board of Accountancy for any fiscal year in which the gross income to the association exceeds seventy-five thousand dollars ($75,000). A copy of the review of the financial statement shall be distributed within 120 days after the close of each fiscal year.

(c) In lieu of the distribution of the pro forma operating budget required by subdivision (a), the board of directors may elect to distribute a summary of the pro forma operating budget to all its members with a written notice that the pro forma operating budget is available at the business office of the association or at another suitable location within the boundaries of the development and that copies will be provided upon request and at the expense of the association. If any member requests that a copy of the pro forma operating budget required by subdivision (a) be mailed to the member, the association shall provide the copy to the member by first-class United States mail at the expense of the association and delivered within five days. The written notice that is distributed to each of the association members shall be in at least 10-point boldface type on the front page of the summary of the budget.

(d) A statement describing the association's policies and practices in enforcing lien rights or other legal remedies for default in payment of its assessments against its members shall be annually delivered to the members during the 60-day period immediately preceding the beginning of the association's fiscal year.

(e) (1) A summary of the association's property, general liability, and earthquake and flood insurance policies, which shall be distributed within 60 days preceding the beginning of the association's fiscal year, that includes all of the following information about each policy:

(A) The name of the insurer.

(B) The type of insurance.

(C) The policy limits of the insurance.

(D) The amount of deductibles, if any.

(2) The association shall, as soon as reasonably practical, notify its members by first-class mail if any of the policies described in paragraph (1) have lapsed, been canceled, and are not immediately renewed, restored, or replaced, or if there is a significant change, such as a reduction in coverage or limits or an increase in the

deductible, for any of those policies. If the association receives any notice of nonrenewal of a policy described in paragraph (1), the association shall immediately notify its members if replacement coverage will not be in effect by the date the existing coverage will lapse.

(3) To the extent that any of the information required to be disclosed pursuant to paragraph (1) is specified in the insurance policy declaration page, the association may meet its obligation to disclose that information by making copies of th at page and distributing it to all of its members.

(4) The summary distributed pursuant to paragraph (1) shall contain, in at least 10-point boldface type, the following statement: "This summary of the association's policies of insurance provides only certain information, as required by subdivision (e) of Section 1365 of the Civil Code, and should not be considered a substitute for the complete policy terms and conditions contained in the actual policies of insurance. Any association member may, upon request and provision of reasonable notice, review the association's insurance policies and, upon request and payment of reasonable duplication charges, obtain copies of those policies. Although the association maintains the policies of insurance specified in this summary, the association's policies of insurance may not cover your property, including personal property or, real property improvements to or around your dwelling, or personal injuries or other losses that occur within or around your dwelling. Even if a loss is covered, you may nevertheless be responsible for paying all or a portion of any deductible that applies. Association members should consult with their individual insurance broker or agent for appropriate additional coverage."

CHAPTER 397

An act to amend Section 1716 of the Civil Code, relating to solicitations.

[Approved by Governor August 17, 1996. Filed with Secretary of State August 19, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 1716 of the Civil Code is amended to read:

1716. (a) It is unlawful for a person to solicit payment of money by another by means of a written statement or invoice, or any writing that reasonably could be considered a bill, invoice, or statement of account due, but is in fact a solicitation for an order, unless the solicitation conforms to subdivisions (b) to (f), inclusive.

(b) A solicitation described in subdivision (a) shall bear on its face either the disclaimer prescribed by subparagraph (A) of paragraph (2) of subsection (d) of Section 3001 of Title 39 of the United States Code or the following notice:

"THIS IS NOT A BILL. THIS IS A SOLICITATION. YOU ARE UNDER NO OBLIGATION TO PAY THE AMOUNT STATED ABOVE UNLESS YOU ACCEPT THIS OFFER."

The statutory disclaimer or the alternative notice shall be displayed in conspicuous boldface capital letters of a color prominently contrasting with the background against which they appear, including all other print on the face of the solicitation and shall be at least as large, bold, and conspicuous as any other print on the face of the solicitation but no smaller than 30-point type.

(c) The notice or disclaimer required by this section shall be displayed conspicuously apart from other print on the page and immediately below each portion of the solicitation that reasonably could be construed to specify a monetary amount due and payable by the recipient. The notice or disclaimer shall not be preceded, followed, or surrounded by words, symbols, or other matter that reduces its conspicuousness or that introduces, modifies, qualifies, or explains the required text, such as "legal notice required by law."

(d) The notice or disclaimer may not, by folding or any other device, be rendered unintelligible or less prominent than any other information on the face of the solicitation.

(e) If a solicitation consists of more than one page or if any page is designed to be separated into portions, such as by tearing along a perforated line, the notice or disclaimer shall be displayed in its entirety on the face of each page or portion of a page that reasonably might be considered a bill, invoice, or statement of account due as required by subdivisions (b) and (c).

(f) For the purposes of this section, "color" includes black and "color prominently contrasting" excludes any color, or any intensity of an otherwise included color, that does not permit legible reproduction by ordinary office photocopying equipment used under normal operating conditions, and that is not at least as vivid as any other color on the face of the solicitation.

(g) Any person damaged by noncompliance with this section, in addition to other remedies, is entitled to damages in an amount equal to three times the sum solicited.

(h) Any person who violates this section shall be liable for a civil penalty not to exceed ten thousand dollars ($10,000) for each violation, which shall be assessed and recovered in a civil action brought in the name of the people of the State of California by the Attorney General or by any district attorney, county counsel, or city attorney in any court of competent jurisdiction. If the action is brought by the Attorney General, one-half of the penalty collected shall be paid to the treasurer of the county in which the judgment was entered and one-half to the State Treasurer. If brought by a district

attorney or county counsel, the entire amount of the penalty collected shall be paid to the treasurer of the county in which the judgment was entered. If brought by a city attorney or city prosecutor, one-half of the penalty shall be paid to the treasurer of the county and one-half to the city.

(i) A violation of this section is a misdemeanor punishable by imprisonment in a county jail not exceeding six months, by a fine not exceeding two thousand five hundred dollars ($2,500), or by both that fine and imprisonment.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 398

An act to amend Sections 8514, 8514.5, 8516, and 8519.5 of the Business and Professions Code, relating to consumer affairs.

[Approved by Governor August 17, 1996. Filed with Secretary of State August 19, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 8514 of the Business and Professions Code is amended to read:

8514. No registered company shall commence work on a contract, or sign, issue, or deliver any documents expressing an opinion or statement relating to the control of household pests, or wood destroying pests or organisms until an inspection has been made.

Notwithstanding any provision of this chapter, after an inspection has been made a registered company which holds a branch registration for the control of household pests, or wood destroying pests or organisms, but its branch registration restricts the method of eradication or control permitted, may recommend and enter into a contract for the eradication or control of pests within the scope of its branch registration, provided it subcontracts in writing the actual

performance of the work to a registered company which holds a branch registration authorizing the particular method to be used.

A registered company may in writing subcontract any pest control work for which it is registered in any branch or branches to a registered company holding a valid branch registration to do such work.

Nothing in this chapter shall be construed to prohibit a registered company or the consumer from subcontracting with a licensed contractor to do any work authorized under Section 8556.

A registered company shall not subcontract structural fumigation work, as permitted in this section, without the written consent of the consumer. The consumer must be informed in advance, in writing, of any proposed work which the registered company intends to subcontract and of the consumer's right to select another person or entity of the consumer's choosing to perform the work. The consumer may authorize the subcontracting of the work as proposed or may contract directly with another registered company licensed to perform the work. Nothing in this paragraph shall be construed to eliminate any otherwise applicable licensure requirements, nor permit a licensed contractor to perform any work beyond that authorized by Section 8556.

Nothing herein contained shall permit or authorize any registered company to perform, attempt to perform, advertise or hold out to the public or to any person that it is authorized, qualified or registered to perform, pest control work in any branch, or by any method, for which it is not registered.

Subcontracting of work, as permitted herein, shall not relieve the prime contractor or the subcontractor from responsibility for, or from disciplinary action because of, any act or omission on its part, which would otherwise be a ground for disciplinary action. However, the registered company making the initial proposal including proposed work that the registered company intends to subcontract shall not be subject to disciplinary action or otherwise responsible for any act or omission in the performance of the work that the consumer directly contracts with another registered company to perform, as permitted by this section.

SEC. 2. Section 8514.5 of the Business and Professions Code is amended to read:

8514.5. It is unlawful for any registered company under this chapter when billing for any subcontracted work authorized under Section 8514, to charge, bill, or otherwise solicit payment from the consumer for any structural fumigation work not actually rendered by the registered company or under its direct supervision unless the consumer, prior to authorizing the performance of the work, is provided in writing with the following statement:

"NOTICE: The charge for service that this company subcontracts to another registered company may include the company's charges for arranging and administering such services that are in addition to

the direct costs associated with paying the subcontractor. You may accept (company name's) bid or you may contract directly with another registered company licensed to perform the work.

If you choose to contract directly with another registered company, (company name) will not in any way be responsible for any act or omission in the performance of work that you directly contract with another to perform."

SEC. 3. Section 8516 of the Business and Professions Code is amended to read:

8516. (a) This section, and Section 8519, apply only to wood destroying pests or organisms, but do not apply to work conducted pursuant to Section 8516.1.

(b) No registered company or licensee shall commence work on a contract, or sign, issue, or deliver any documents expressing an opinion or statement relating to the absence or presence of wood destroying pests or organisms until an inspection has been made by a licensed Branch 3 field representative or operator. The registered company shall retain for three years all field reports from which a verbal or written estimate of or solutions for work are made. A written inspection report conforming to this section and on a form prescribed by the board shall be prepared and delivered to the person requesting the inspection or to the person's designated agent. A copy of each report shall be filed with the board at the time the report is delivered or not later than 10 working days after the date the inspection is commenced, except an inspection report prepared for use by an attorney for litigation is not required to be filed with the board. The report shall be delivered to the person requesting the inspection, or to the person's designated agent, before work is commenced. The following shall be set forth in the report:

(1) The date of the inspection and the name of the licensee making the inspection.

(2) The name and address of the person or firm ordering the report.

(3) The name and address of any person who is a party in interest.

(4) The address or location of the property.

(5) A general description of the building or premises inspected.

(6) A foundation diagram or sketch of the structure or structures or portions of the structure or structures inspected, indicating thereon the approximate location of any infested or infected areas evident, and the parts of the structure where conditions which would ordinarily subject those parts to attack by wood destroying pests or organisms exist.

(7) Information regarding the substructure, foundation walls and footings, porches, patios and steps, air vents, abutments, attic spaces, roof framing that includes the eaves, rafters, fascias, exposed timbers, exposed sheathing, ceiling joists, and attic walls, or other parts subject to attack by wood destroying pests or organisms. Conditions usually deemed likely to lead to infestation or infection, such as earth-wood

contacts, excessive cellulose debris, faulty grade levels, excessive moisture conditions, evidence of roof leaks, and insufficient ventilation are to be reported.

(8) One of the following statements, as appropriate, printed in bold type:

(A) The exterior surface of the roof was not inspected. If you want the water tightness of the roof determined, you should contact a roofing contractor who is licensed by the Contractors' State License Board.

(B) The exterior surface of the roof was inspected to determine whether or not wood destroying pests or organisms are present.

(9) Indication or description of any areas that are inaccessible or not inspected with recommendation for further inspection if practicable. If, after the report has been made in compliance with this section, authority is given later to open inaccessible areas, a supplemental report on conditions in these areas shall be made.

(10) Recommendations for corrective measures.

(11) Information regarding the pesticide or pesticides to be used for their control as set forth in subdivision (a) of Section 8538.

(12) The inspection report shall clearly disclose that if requested by the person ordering the original report, a reinspection of the structure will be performed if an estimate or bid for making repairs was given with the original inspection report, or thereafter.

(13) The inspection report shall contain the following statement, printed in boldface type:

"NOTICE: Reports on this structure prepared by various registered companies should list the same findings (i.e. termite infestations, termite damage, fungus damage, etc.). However, recommendations to correct these findings may vary from company to company. You have a right to seek a second opinion from another company."

An estimate or bid for repairs shall be given separately allocating the costs to perform each and every recommendation for corrective measures as specified in subdivision (c) with the original inspection report if the person who ordered the original inspection report so requests, and if the registered company is regularly in the business of performing corrective measures.

If no estimate or bid was given with the original inspection report, or thereafter, then the registered company shall not be required to perform a reinspection.

A reinspection shall be an inspection of those items previously listed on an original report to determine if the recommendations have been completed. Each reinspection shall be reported on an original inspection report form and shall be labeled "Reinspection" in capital letters by rubber stamp or typewritten. Each reinspection shall also identify the original report by date and stamp numbers.

After four months from an original inspection, all inspections shall be original inspections and not reinspections.

Any reinspection shall be performed for not more than the price of the registered company's original inspection price and shall be completed within 10 working days after a reinspection has been ordered.

(c) At the time a report is ordered, the registered company or licensee shall inform the person or entity ordering the report, that a separated report is available pursuant to this subdivision. If a separated report is requested at the time the inspection report is ordered, the registered company or licensee shall separately identify on the report each recommendation for corrective measures as follows:

(1) The infestation or infection that is evident.

(2) The conditions that are present that are deemed likely to lead to infestation or infection.

If a registered company or licensee fails to inform as required by this subdivision and a dispute arises, or if any other dispute arises as to whether this subdivision has been complied with, a separated report shall be provided within 24 hours of the request but, in no event, later than the next business day, and at no additional cost.

(d) When a corrective condition is identified, either as paragraph (1) or (2) of subdivision (c), and the responsible party, as negotiated between the buyer and the seller, chooses not to correct those conditions, the registered company or licensee shall not be liable for damages resulting from a failure to correct those conditions or subject to any disciplinary action by the board. Nothing in this subdivision, however, shall relieve a registered company or a licensee of any liability resulting from negligence, fraud, dishonest dealing, other violations pursuant to this chapter, or contractual obligations between the registered company or licensee and the responsible parties.

(e) The inspection report form prescribed by the board shall separately identify the infestation or infection that is evident and the conditions that are present that are deemed likely to lead to infestation or infection. If a separated form is requested, the form shall explain the infestation or infection that is evident and the conditions that are present that are deemed likely to lead to infestation or infection and the difference between those conditions. In no event, however, shall conditions deemed likely to lead to infestation or infection be characterized as actual "defects" or as actual "active" infestations or infections or in need of correction as a precondition to issuing a certification pursuant to Section 8519.

(f) The report and any contract entered into shall also state specifically when any guarantee for the work is made, and if so, the specific terms of the guarantee and the period of time for which the guarantee shall be in effect.

(g) Control service is defined as the regular reinspection of a property after a report has been made in compliance with this section and such corrections as have been agreed upon have been

completed. Under a control service agreement a registered company shall refer to the original report and contract in a manner as to identify them clearly, and the report shall be assumed to be a true report of conditions as originally issued, except it may be modified after a control service inspection. A registered company is not required to issue a report as outlined in paragraphs (1) to (9), inclusive, of subdivision (b) after each control service inspection. If after control service inspection, no modification of the original report is made in writing, then it will be assumed that conditions are as originally reported. A control service contract shall state specifically the particular wood destroying pests or organisms and the portions of the buildings or structures covered by the contract.

(h) A registered company or licensee may enter into and maintain a control service agreement provided the following requirements are met:

(1) The control service agreement shall be in writing, signed by both parties, and shall specifically include the following:

(A) The wood destroying pests and organisms that could infest and infect the structure.

(B) The wood destroying pests and organisms covered by the control service agreement. Any wood destroying pest or organism that is not covered must be specifically listed.

(C) The type and manner of treatment to be used to correct the infestations or infections.

(D) The structures or buildings, or portions thereof, covered by the agreement, including a statement specifying whether the coverage for purposes of periodic inspections is limited or full. Any exclusions from those described in the original report must be specifically listed.

(E) A reference to the original inspection report and agreement.

(F) The frequency of the inspections to be provided, the fee to be charged for each renewal, and the duration of the agreement.

(G) Whether the fee includes structural repairs.

(H) If the services provided are guaranteed, and, if so, the terms of the guarantee.

(I) A statement that all corrections of infestations or infections covered by the control service agreement shall be completed within six months of discovery, unless otherwise agreed to in writing by both parties.

(2) Inspections made pursuant to a control service agreement shall be conducted by a Branch 3 licensee. Section 8506.1 does not modify this provision.

(3) A full inspection of the property covered by the control service agreement shall be conducted and a report filed pursuant to subdivision (b) at least once every three years from the date that the agreement was entered into, unless the consumer cancels the contract within three years from the date the agreement was entered into.

(4) A written report shall be required for the correction of any infestation or infection unless all of the following conditions are met:

(A) The infestation or infection has been previously reported.

(B) The infestation or infection is covered by the control service agreement.

(C) There is no additional charge for correcting the infestation or infection.

(D) Correction of the infestation or infection takes place within 45 days of its discovery.

(E) Correction of the infestation or infection does not include fumigation.

(5) All notice requirements pursuant to Section 8538 shall apply to all pesticide treatments conducted under control service agreements.

(6) For purposes of this section, "control service agreement" means any agreement, including extended warranties, to have a licensee conduct over a period of time regular inspections and other activities related to the control or eradication of wood destroying pests and organisms.

(i) All work recommended by a registered company, where an estimate or bid for making repairs was given with the original inspection report, or thereafter, shall be recorded on this report or a separate work agreement and shall specify a price for each recommendation. This information shall be provided to the person requesting the inspection, and shall be retained by the registered company with the inspection report copy for three years.

SEC. 3.5. Section 8516 of the Business and Professions Code is amended to read:

8516. (a) This section, and Section 8519, apply only to wood destroying pests or organisms, but do not apply to work conducted pursuant to Section 8516.1.

(b) No registered company or licensee shall commence work on a contract, or sign, issue, or deliver any documents expressing an opinion or statement relating to the absence or presence of wood destroying pests or organisms until an inspection has been made by a licensed Branch 3 field representative or operator. The registered company shall retain for three years all field reports from which a verbal or written estimate of or solutions for work are made. A written inspection report conforming to this section and on a form prescribed by the board shall be prepared and delivered to the person requesting the inspection or to the person's designated agent. A copy of each report shall be filed with the board at the time the report is delivered or not later than 10 working days after the date the inspection is commenced, except an inspection report prepared for use by an attorney for litigation is not required to be filed with the board. The report shall be delivered to the person requesting the inspection, or to the person's designated agent, before work is commenced. The following shall be set forth in the report:

(1) The date of the inspection and the name of the licensee making the inspection.

(2) The name and address of the person or firm ordering the report.

(3) The name and address of any person who is a party in interest.

(4) The address or location of the property.

(5) A general description of the building or premises inspected.

(6) A foundation diagram or sketch of the structure or structures or portions of the structure or structures inspected, indicating thereon the approximate location of any infested or infected areas evident, and the parts of the structure where conditions which would ordinarily subject those parts to attack by wood destroying pests or organisms exist.

(7) Information regarding the substructure, foundation walls and footings, porches, patios and steps, air vents, abutments, attic spaces, roof framing that includes the eaves, rafters, fascias, exposed timbers, exposed sheathing, ceiling joists, and attic walls, or other parts subject to attack by wood destroying pests or organisms. Conditions usually deemed likely to lead to infestation or infection, such as earth-wood contacts, excessive cellulose debris, faulty grade levels, excessive moisture conditions, evidence of roof leaks, and insufficient ventilation are to be reported.

(8) One of the following statements, as appropriate, printed in bold type:

(A) The exterior surface of the roof was not inspected. If you want the water tightness of the roof determined, you should contact a roofing contractor who is licensed by the Contractors' State License Board.

(B) The exterior surface of the roof was inspected to determine whether or not wood destroying pests or organisms are present.

(9) Indication or description of any areas that are inaccessible or not inspected with recommendation for further inspection if practicable. If, after the report has been made in compliance with this section, authority is given later to open inaccessible areas, a supplemental report on conditions in these areas shall be made.

(10) Recommendations for corrective measures.

(11) Information regarding the pesticide or pesticides to be used for their control as set forth in subdivision (a) of Section 8538.

(12) The inspection report shall clearly disclose that if requested by the person ordering the original report, a reinspection of the structure will be performed if an estimate or bid for making repairs was given with the original inspection report, or thereafter.

(13) The inspection report shall contain the following statement, printed in boldface type:

"NOTICE: Reports on this structure prepared by various registered companies should list the same findings (i.e. termite infestations, termite damage, fungus damage, etc.). However, recommendations to correct these findings may vary from company

to company. You have a right to seek a second opinion from another company."

An estimate or bid for repairs shall be given separately allocating the costs to perform each and every recommendation for corrective measures as specified in subdivision (c) with the original inspection report if the person who ordered the original inspection report so requests, and if the registered company is regularly in the business of performing corrective measures.

If no estimate or bid was given with the original inspection report, or thereafter, then the registered company shall not be required to perform a reinspection.

A reinspection shall be an inspection of those items previously listed on an original report to determine if the recommendations have been completed. Each reinspection shall be reported on an original inspection report form and shall be labeled "reinspection" in capital letters by rubber stamp or typewritten. Each reinspection shall also identify the original report by date and stamp numbers.

After four months from an original inspection, all inspections shall be original inspections and not reinspections.

Any reinspection shall be performed for not more than the price of the registered company's original inspection price and shall be completed within 10 working days after a reinspection has been ordered.

(c) At the time a report is ordered, the registered company or licensee shall inform the person or entity ordering the report, that a separated report is available pursuant to this subdivision. If a separated report is requested at the time the inspection report is ordered, the registered company or licensee shall separately identify on the report each recommendation for corrective measures as follows:

(1) The infestation or infection that is evident.

(2) The conditions that are present that are deemed likely to lead to infestation or infection.

If a registered company or licensee fails to inform as required by this subdivision and a dispute arises, or if any other dispute arises as to whether this subdivision has been complied with, a separated report shall be provided within 24 hours of the request but, in no event, later than the next business day, and at no additional cost.

(d) When a corrective condition is identified, either as paragraph (1) or (2) of subdivision (c), and the responsible party, as negotiated between the buyer and the seller, chooses not to correct those conditions, the registered company or licensee shall not be liable for damages resulting from a failure to correct those conditions or subject to any disciplinary action by the board. Nothing in this subdivision, however, shall relieve a registered company or a licensee of any liability resulting from negligence, fraud, dishonest dealing, other violations pursuant to this chapter, or contractual obligations

between the registered company or licensee and the responsible parties.

(e) The inspection report form prescribed by the board shall separately identify the infestation or infection that is evident and the conditions that are present that are deemed likely to lead to infestation or infection. If a separated form is requested, the form shall explain the infestation or infection that is evident and the conditions that are present that are deemed likely to lead to infestation or infection and the difference between those conditions. In no event, however, shall conditions deemed likely to lead to infestation or infection be characterized as actual "defects" or as actual "active" infestations or infections or in need of correction as a precondition to issuing a certification pursuant to Section 8519.

(f) The report and any contract entered into shall also state specifically when any guarantee for the work is made, and if so, the specific terms of the guarantee and the period of time for which the guarantee shall be in effect.

(g) Control service is defined as the regular reinspection of a property after a report has been made in compliance with this section and such corrections as have been agreed upon have been completed. Under a control service agreement a registered company shall refer to the original report and contract in a manner as to identify them clearly, and the report shall be assumed to be a true report of conditions as originally issued, except it may be modified after a control service inspection. A registered company is not required to issue a report as outlined in paragraphs (1) to (11), inclusive, of subdivision (b) after each control service inspection. If after control service inspection, no modification of the original report is made in writing, then it will be assumed that conditions are as originally reported. A control service contract shall state specifically the particular wood destroying pests or organisms and the portions of the buildings or structures covered by the contract.

(h) A registered company or licensee may enter into and maintain a control service agreement provided the following requirements are met:

(1) The control service agreement shall be in writing, signed by both parties, and shall specifically include the following:

(A) The wood destroying pests and organisms that could infest and infect the structure.

(B) The wood destroying pests and organisms covered by the control service agreement. Any wood destroying pest or organism that is not covered must be specifically listed.

(C) The type and manner of treatment to be used to correct the infestations or infections.

(D) The structures or buildings, or portions thereof, covered by the agreement, including a statement specifying whether the coverage for purposes of periodic inspections is limited or full. Any

SEC. 10. Section 41 of the San Diego Unified Port District Act (Chapter 67 of the Statutes of 1962, First Extraordinary Session), as amended by Chapter 673 of the Statutes of 1963, is amended to read:

Sec. 41. Notwithstanding any other provision of this act, the board may borrow money by issuance of negotiable promissory notes, or execute conditional sales contracts to purchase personal property, in an amount or of a value not exceeding in the aggregate at any one time the sum of two hundred thousand dollars ($200,000), for the purposes of the acquisition, construction, completion, or repair of any or all improvements, works, property, or facilities authorized by this act or necessary or convenient for the carrying out of the powers of the district.

Negotiable promissory notes issued pursuant to this section shall mature five years from their respective dates of issuance and shall

bear interest at a rate or rates not exceeding 6 percent per annum payable annually or semiannually.

No conditional sales contract shall be for a term in excess of five years from the date of execution thereof.

The negotiable promissory notes and the conditional sales contracts shall contain any terms and provisions the board specifies in the ordinance providing for the issuance thereof. The negotiable promissory notes shall be signed in the same manner as general obligation bonds of the district and the conditional sales contracts shall be signed in the same manner as other contracts of the district.

As a condition precedent to the issuance of any negotiable promissory notes for the purposes of the acquisition, construction, completion, or repair of any or all improvements, works, property, or facilities authorized by this section or the execution of any conditional sales contract for those purposes, as provided in this section, in excess of twenty-five thousand dollars ($25,000), the board shall first unanimously approve by resolution and have on file a report approved by the executive director on the engineering and economic feasibility relating to the project contemplated for the expenditure of that borrowed money or conditional sales contract. The feasibility report shall be prepared and signed by an engineer or engineers licensed and registered under the laws of the State of California.

Taxes for the payment of all negotiable promissory notes or conditional sales contracts issued under this section shall be levied, collected, paid to the district, and used in the same manner as is hereinafter provided for general obligation bonds of the district.

SEC. 11. Section 42 of the San Diego Unified Port District Act (Chapter 67 of the Statutes of 1962, First Extraordinary Session), as amended by Chapter 673 of the Statutes of 1963, is amended to read:

Sec. 42. (a) Whenever the board deems it necessary for the district to incur a general obligation bonded indebtedness for the acquisition or improvement of real property, authorized by this act or necessary or convenient for the carrying out of the powers of the district, it shall, by ordinance, adopted by two-thirds of all members of the board, so declare and call an election to be held in the district for the purpose of submitting to the qualified voters thereof the proposition of incurring indebtedness by the issuance of general obligation bonds of the district. The ordinance shall state all of the following:

(1) The purpose for which the proposed debt is to be incurred, which may include expenses of all proceedings for the authorization, issuance, and sale of the bonds.

(2) The estimated cost of accomplishing the purpose.

(3) The amount of the principal of the indebtedness.

(4) The maximum term the bonds proposed to be issued shall run before maturity, which shall not exceed 40 years from the date thereof or the date of each series thereof.

(5) The maximum rate of interest to be paid, which shall not exceed 12 percent per annum.

(6) The proposition to be submitted to the voters.

(7) The date of the election.

(8) The manner of holding the election and the procedure for voting for or against the measure.

(b) Notice of the holding of the election shall be given by publishing, pursuant to Section 6066 of the Government Code, the ordinance calling the election in at least one newspaper published in the district. No other notice of the election need be given. Except as otherwise provided in the ordinance, the election shall be conducted as other district elections.

(c) If any proposition is defeated by the electors, the board shall not call another election on a substantially similar proposition to be held within six months after the prior election. If a petition requesting submission of a proposition, signed by 15 percent of the district electors, as shown by the votes cast for all candidates for Governor at the last election, is filed with the board, it may call an election before the expiration of six months.

(d) If two-thirds of the electors voting on the proposition vote for it, then the board may, by resolution, at a time or times as it deems proper, issue bonds of the district for the whole or any part of the amount of the indebtedness so authorized and may, from time to time, in that resolution or resolutions, provide for the issuance of those amounts as the necessity thereof may appear, until the full amount of the bonds authorized have been issued. The full amount of bonds may be divided into two or more series and different dates and different dates of payment fixed for the bonds of each series. A bond need not mature on an anniversary of its date. The maximum term the bonds of any series shall run before maturity shall not exceed 40 years from the date of each series respectively. In the resolution or resolutions the board shall prescribe the form of the bonds and the form of any coupons to be attached thereto, the registration, conversion, and exchange privileges, if any, pertaining thereto, and fix the time when the whole or any part of the principal shall become due and payable.

(e) The bonds shall bear interest at a rate or rates not exceeding 12 percent per annum, payable semiannually, except that the first interest payable on the bonds or any series thereof may be for any period not exceeding one year as determined by the board. In the resolution or resolutions providing for the issuance of the bonds, the board also may provide for call and redemption of the bonds prior to maturity at those times and prices and upon other terms as it may specify, provided that no bond shall be subject to call or redemption prior to maturity unless it contains a recital to that effect or unless a statement to that effect is printed thereon. The denomination or denominations of the bonds shall be stated in the resolution providing for their issuance, but shall not be less than one thousand dollars

($1,000). The principal of and interest on the bonds shall be payable in lawful money of the United States at the office of the treasurer of the district or at any other place or places as may be designated, or at either place or places at the option of the holders of the bonds. The bonds shall be dated, numbered consecutively and signed by the chair and treasurer, countersigned by the clerk, and the official seal of the district attached. The interest coupons of the bonds shall be signed by the treasurer. All signatures, countersignatures, and seal may be printed, lithographed, or mechanically reproduced, except that one of the signatures or countersignatures on the bonds shall be manually affixed. If any officer whose signature or countersignature appears on bonds or coupons ceases to be that officer before the delivery of the bonds, his or her signature is as effective as if he or she had remained in office.

(f) The bonds may be sold, either above or below par, at a price the board determines by resolution. Before selling the bonds, or any part thereof, the board shall give notice inviting sealed bids in a manner that it may prescribe. If satisfactory bids are received, the bonds offered for sale shall be awarded to the highest responsible bidder. If no bids are received or if the board determines that the bids received are not satisfactory as to price or responsibility of the bidders, the board may reject all bids received, if any, and either readvertise or sell the bonds at private sale.

(g) Delivery of any bonds may be made at any place either inside or outside the state, and the purchase price may be received in cash or bank credits.

(h) All accrued interest received on the sale of bonds shall be placed in the fund to be used for the payment of principal of and interest on the bonds and the remainder of the proceeds of the bonds shall be placed in the treasury to the credit of the proper improvement fund and applied exclusively to the purpose for which the debt was incurred. However, when that purpose has been accomplished, any moneys remaining in the improvement fund (1) shall be transferred to the fund to be used for the payment of principal of and interest on the bonds, or (2) shall be placed in a fund to be used for the purchase of outstanding bonds of the district. The bonds may be purchased only after publishing, pursuant to Section 6066 of the Government Code, in the district a notice inviting sealed proposals for the sale of bonds to the district. The notice shall state the time and place when proposals will be opened and the amount of money available for the purchase of the bonds and the maximum price to be paid for the bonds so purchased. The notice may be published elsewhere in the United States in the discretion of the board. The board may reject any or all proposals and if it rejects all proposals, the board, within a period of 30 days thereafter, may purchase for cash any outstanding bonds of the district but in that event the purchase price shall not be more than the lowest purchase

price at which bonds were tendered to the district in the public bidding. Any bonds so purchased shall be canceled immediately.

(i) After the expiration of three years after a general obligation bond election, the board may determine, by ordinance adopted by two-thirds of all the members of the board, that any or all of the bonds authorized at the election remaining unsold shall not be issued or sold. When the ordinance takes effect, the authorization to issue the bonds shall become void.

(j) Whenever the board deems that the expenditure of money for the purpose for which the bonds were authorized by the voters is impractical or unwise, it may, by ordinance adopted by two-thirds of all members of the board, so declare and call an election to be held in the district for the purpose of submitting to the qualified voters thereof the proposition of incurring indebtedness by the issuance of the bonds for some other purpose. The procedure, so far as applicable, shall be the same as when a bond proposition is originally submitted.

(k) The board, by resolution and without the necessity of an election, may provide for the issuance, sale, or exchange of refunding bonds to redeem or retire any bonds issued by the district upon the terms, at the times, and in the manner which it determines. Refunding bonds may be issued in a principal amount sufficient to pay all or any part of the principal of any outstanding bonds, the interest thereon, and the premiums, if any, due upon call redemption thereof prior to maturity and all expenses of that refunding. The provisions for this section for authorization, issuance, and sale of bonds shall apply to the authorization, issuance, and sale of those refunding bonds, except that when refunding bonds are to be exchanged for outstanding bonds, the method of exchange shall be as determined by the board.

(*l*) The district shall not incur a general obligation bonded indebtedness which in the aggregate exceeds 15 percent of the assessed value of all real and personal property in the district.

SEC. 12. Section 51 of the San Diego Unified Port District Act (Chapter 67 of the Statutes of 1962, First Extraordinary Session), as amended by Chapter 673 of the Statutes of 1963, is amended to read:

Sec. 51. (a) Whenever the board deems it necessary for the district to incur a revenue bonded indebtedness for the acquisition, construction, completion, or repair of any or all improvements, works, property, or facilities authorized by this act or necessary or convenient for the carrying out of the powers of the district, the board shall issue those revenue bonds in accordance with the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300) of Part 1 of Division 2 of Title 5 of the Government Code).

Article 3 (commencing with Section 54380) of Chapter 6 of Part 1 of Division 2 of Title 5 of the Government Code and the limitations set forth in subdivision (b) of Section 54402 of the Government Code shall not apply to the issuance and sale of bonds pursuant to this

section. Instead, by ordinance adopted by two-thirds of all the members of the board and subject to referendum, the board may provide for the issuance of those bonds and, unless the ordinance is subject to referendum, no election shall be required to authorize the issuance of the bonds. To initiate a referendum, a petition protesting against the adoption of the ordinance shall be signed by voters of the district equal in number to at least 5 percent of the entire vote cast within that district for all candidates for Governor at the last gubernatorial election.

The ordinance shall specify all of the following:

(1) The purposes for which the bonds are to be issued, which may include any one or more purposes authorized by this section or this act.

(2) The maximum principal amount of the bonds.

(3) The maximum term for the bonds.

(4) The maximum rate of interest, fixed or variable, to be payable upon the bonds.

(5) The maximum discount or premium on the sale of bonds.

(b) For the purposes of issuing and selling revenue bonds pursuant to this section, the following definitions are applicable to the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300) of Part 1 of Division 2 of Title 5 of the Government Code):

(1) "Enterprise" means any purpose, operation, facility, system, improvement, or undertaking of the district from which revenues are derived or otherwise allocable, which revenues are or may, by resolution or ordinance, be required to be separately accounted for from other revenues of the district.

(2) "Fiscal agent" means any fiscal agent, trustee, paying agent, depository, or other fiduciary provided for in the ordinance authorizing the issuance of the bonds. The fiscal agent may be located within or without the state.

(3) "Ordinance" means, unless the context otherwise requires, the instrument providing the terms and conditions for the issuance of the revenue bonds, and may be an indenture, resolution, ordinance, lease, installment sale, agreement, or other instrument in writing.

(c) Each ordinance shall provide for the issuance of revenue bonds in the amounts as may be necessary, until the full amount of the bonds authorized has been issued. The full amount of bonds may be divided into two or more series with different dates of payment fixed for the bonds of each series. A bond need not mature on its anniversary date. Any provision of the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300) of Part 1 of Division 2 of Title 5 of the Government Code) that is inconsistent with this section or this act shall not be applicable.

(c) Notwithstanding any other provision of this part, a violation of this section is an infraction.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

(2) Other organizations that will be applying for licensure and do not intend to use any Bronzan-McCorquodale funds pursuant to Section 5707 shall submit to the local mental health director and the governing body in the county in which the facility is to be located a written and dated proposal of the services to be provided. The local mental health director and governing body shall have 30 days during which to provide any advice and recommendations regarding licensure, as they deem appropriate. At any time after the 30-day period, the organizations may then submit their applications, along with the mental health director's and governing body's advice and recommendations, if any, to the State Department of Mental Health.

(c) The State Fire Marshal and other appropriate state agencies, to the extent required by law, shall cooperate fully with the State Department of Mental Health to ensure that the State Department of Mental Health approves or disapproves the licensure applications not later than 90 days after the application submission by a county, county contract provider, or other organization.

(d) Every psychiatric health facility and program for which a license has been issued shall be periodically inspected by a multidisciplinary team appointed or designated by the State Department of Mental Health. The inspection shall be conducted no less than once every two years and as often as necessary to ensure the quality of care provided. During the inspections the review team shall offer such advice and assistance to the psychiatric health facility as it deems appropriate.

(e) (1) The program aspects of a psychiatric health facility that shall be reviewed and may be approved by the State Department of Mental Health shall include, but not be limited to:

(h) (1) It is the intent of the Legislature that the State Department of Mental Health shall license the facility in order to establish innovative and more competitive and specialized acute care services.

(2) The State Department of Mental Health shall review and may approve the program aspects of public or private facilities, with the exception of those facilities that are federally certified or accredited by a nationally recognized commission that accredits health care facilities, only if the average per diem charges or costs of service provided in the facility is approximately 60 percent of the average per diem charges or costs of similar psychiatric services provided in a general hospital.

(3) (A) When a private facility is accredited by a nationally recognized commission that accredits health care facilities, the department shall review and may approve the program aspects only if the average per diem charges or costs of service provided in the facility do not exceed approximately 75 percent of the average per diem charges or costs of similar psychiatric service provided in a psychiatric or general hospital.

(B) When a private facility serves county patients, the department shall review and may approve the program aspects only if the facility is federally certified by the Health Care Financing Administration and serves a population mix that includes a proportion of Medi-Cal patients sufficient to project an overall cost savings to the county, and the average per diem charges or costs of service provided in the facility do not exceed approximately 75 percent of the average per diem charges or costs of similar psychiatric service provided in a psychiatric or general hospital.

(4) When a public facility is federally certified by the Health Care Financing Administration and serves a population mix that includes a proportion of Medi-Cal patients sufficient to project an overall program cost savings with certification, the department shall approve the program aspects only if the average per diem charges or costs of service provided in the facility do not exceed

approximately 75 percent of the average per diem charges or costs of similar psychiatric service provided in a psychiatric or general hospital.

(5) (A) The State Department of Mental Health may set a lower rate for private or public facilities than that required by paragraph (3) or paragraph (4), respectively if so required by the federal Health Care Financing Administration as a condition for the receipt of federal matching funds.

(B) This section does not impose any obligation on any private facility to contract with a county for the provision of services to Medi-Cal beneficiaries, and any contract for that purpose is subject to the agreement of the participating facility.

(6) (A) In using the guidelines specified in this subdivision, the department shall take into account local conditions affecting the costs or charges.

(B) In those psychiatric health facilities authorized by special permit to offer structured outpatient services not exceeding 10 daytime hours, the following limits on per diem rates shall apply:

(j) (1) The State Department of Mental Health shall establish a system for the imposition of prompt and effective civil sanctions against psychiatric health facilities in violation of the laws and regulations of this state pertaining to psychiatric health facilities. If the State Department of Mental Health determines that there is or has been a failure, in a substantial manner, on the part of a psychiatric health facility to comply with the laws and regulations, the director may impose the following sanctions:

(A) Cease and desist orders.

(B) Monetary sanctions, which may be imposed in addition to the penalties of suspension, revocation, or cease and desist orders. The amount of monetary sanctions permitted to be imposed pursuant to this subparagraph shall not be less than fifty dollars ($50) nor more than one hundred dollars ($100) multiplied by the licensed bed capacity, per day, for each violation. However, the monetary sanction shall not exceed three thousand dollars ($3,000) per day. A facility that is assessed a monetary sanction under this subparagraph, and that repeats the deficiency, may, in accordance with the regulations adopted pursuant to this subdivision, be subject to immediate suspension of its license until the deficiency is corrected.

This initial adoption of emergency regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare. These emergency regulations shall remain in effect for no more than 180 days. The certificate of compliance, as provided for in subdivision (e) of Section 11346.1 of the Government Code, for the emergency regulations adopted pursuant to this paragraph shall be submitted to the Office of Administrative Law no later than July 1, 1998.

(k) Proposed changes in the standards or regulations affecting health facilities that serve the mentally disordered shall be effected only with the review and coordination of the Health and Welfare Agency.

(*l*) In psychiatric health facilities where the clinical director is not a physician, a psychiatrist, or if one is temporarily not available, a physician shall be designated who shall direct those medical treatments and services that can only be provided by, or under the direction of, a physician.

CHAPTER 404

An act to amend Section 4905 of the Business and Professions Code, relating to veterinary medicine, and making an appropriation therefor.

[Approved by Governor August 17, 1996. Filed with Secretary of State August 19, 1996.]

The people of the State of California do enact as follows:

4905. The following fees shall be collected by the board and shall be credited to the Veterinary Medical Board Contingent Fund:

(a) (1) The fee for filing an application for examination shall be set by the board in an amount it determines is reasonably necessary to provide sufficient funds to carry out the purpose of this chapter, but not to exceed three hundred twenty-five dollars ($325) for the

national examination, and not more than two hundred fifty dollars ($250) for the California state board examination.

(2) Notwithstanding paragraph (1), the fee for filing an application for examination shall be established at an amount not to exceed two hundred fifty dollars ($250) for the national examination, if the board becomes inoperative on July 1, 1998, pursuant to Section 4800.

(b) The initial license fee shall be set by the board at not more than two hundred fifty dollars ($250) except that, if the license is issued less than one year before the date on which it will expire, then the fee shall be set by the board at not more than one hundred twenty-five dollars ($125). The board may, by appropriate regulation, provide for the waiver or refund of the initial license fee where the license is issued less than 45 days before the date on which it will expire.

(c) The renewal fee shall be set by the board for each biennial renewal period in an amount it determines is reasonably necessary to provide sufficient funds to carry out the purpose of this chapter, but not to exceed two hundred fifty dollars ($250).

(i) If the money transferred from the Veterinary Medical Board Contingent Fund to the General Fund pursuant to the Budget Act of 1991 is redeposited into the Veterinary Medical Board Contingent Fund, the fees assessed by the board shall be reduced correspondingly. However, the reduction shall not be so great as to cause the Veterinary Medical Board Contingent Fund to have a reserve of less than three months of annual authorized board expenditures. The fees set by the board shall not result in a Veterinary Medical Board Contingent Fund reserve of more than 10 months of annual authorized board expenditures.

CHAPTER 405

An act to amend and renumber Section 10605 of the Health and Safety Code, and to amend Section 350 of the Welfare and Institutions Code, relating to minors.

[Approved by Governor August 17, 1996. Filed with Secretary of State August 19, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 10605 of the Health and Safety Code, as amended by Chapter 880 of the Statutes of 1995, is amended and renumbered to read:

103625. (a) A fee of three dollars ($3) shall be paid by the applicant for a certified copy of a fetal death or death record.

(b) (1) A fee of three dollars ($3) shall be paid by a public agency or licensed private adoption agency applicant for a certified copy of a birth certificate that the agency is required to obtain in the ordinary course of business. A fee of seven dollars ($7) shall be paid by any other applicant for a certified copy of a birth certificate. Four dollars ($4) of any seven dollar ($7) fee is exempt from subdivision (e) and shall be paid either to a county children's trust fund or to the State Children's Trust Fund, in conformity with Article 5 (commencing with Section 18965) of Chapter 11 of Part 6 of Division 9 of the Welfare and Institutions Code.

(2) The board of supervisors of any county that has established a county children's trust fund may increase the fee for a certified copy of a birth certificate by up to three dollars ($3) for deposit in the county children's trust fund in conformity with Article 5 (commencing with Section 18965) of Chapter 11 of Part 6 of Division 9 of the Welfare and Institutions Code.

(3) The board of supervisors of any county may increase the fee for a certified copy of a birth certificate by up to three dollars ($3) through December 31, 1998, or upon such earlier date as the board of supervisors finds that the fee is no longer necessary for dependency mediation funding, the proceeds of which shall be used solely for the purpose of providing dependency mediation services in the juvenile court. Public agencies shall be exempt from paying this portion of the fee. However, if a county increases this fee, neither the revenue generated from the fee increase nor the increased expenditures made for these services shall be considered in determining the court's progress towards achieving its cost reduction goals pursuant to Section 68113 of the Government Code if the net effect of the revenue and expenditures is a cost increase. In each county that increases the fee pursuant to this paragraph, up to 5 percent of the revenue generated from the fee increase may be apportioned to the county recorder for the additional accounting costs of the program.

(c) A fee of three dollars ($3) shall be paid by a public agency applicant for a certified copy of a marriage record, that has been filed with the county recorder or county clerk, that the agency is required to obtain in the ordinary course of business. A fee of six dollars ($6) shall be paid by any other applicant for a certified copy of a marriage

record that has been filed with the county recorder or county clerk. Three dollars ($3) of any six-dollar ($6) fee is exempt from subdivision (e) and shall be transmitted monthly by each local registrar, county recorder, and county clerk to the state for deposit into the General Fund as provided by Section 1852 of the Family Code.

(d) A fee of three dollars ($3) shall be paid by a public agency applicant for a certified copy of a marriage dissolution record obtained from the State Registrar that the agency is required to obtain in the ordinary course of business. A fee of six dollars ($6) shall be paid by any other applicant for a certified copy of a marriage dissolution record obtained from the State Registrar.

(e) Each local registrar, county recorder, or county clerk collecting a fee pursuant to this section shall transmit 15 percent of the fee for each certified copy to the State Registrar by the 10th day of the month following the month in which the fee was received.

(f) The additional three dollars ($3) authorized to be charged to applicants other than public agency applicants for certified copies of marriage records by subdivision (c) may be increased pursuant to Section 114.

(g) In providing for the expiration of the surcharge on birth certificate fees on December 31, 1998, the Legislature intends that juvenile dependency mediation programs pursue ancillary funding sources after that date.

SEC. 2. Section 350 of the Welfare and Institutions Code is amended to read:

350. (a) (1) The judge of the juvenile court shall control all proceedings during the hearings with a view to the expeditious and effective ascertainment of the jurisdictional facts and the ascertainment of all information relative to the present condition and future welfare of the person upon whose behalf the petition is brought. Except where there is a contested issue of fact or law, the proceedings shall be conducted in an informal nonadversary atmosphere with a view to obtaining the maximum cooperation of the minor upon whose behalf the petition is brought and all persons interested in his or her welfare with any provisions that the court may make for the disposition and care of the minor.

(2) Each juvenile court is encouraged to develop a dependency mediation program to provide a problem-solving forum for all interested persons to develop a plan in the best interests of the child, emphasizing family preservation and strengthening. The Legislature finds that mediation of these matters assists the court in resolving conflict, and helps the court to intervene in a constructive manner in those cases where court intervention is necessary. Notwithstanding any other provision of law, no person, except the mediator, who is required to report suspected child abuse pursuant to the Child Abuse and Neglect Reporting Act (Article 2.5 (commencing with Section 11164) of Chapter 2 of Title 1 of Part 4 of

the Penal Code), shall be exempted from those requirements under Section 1152.5 of the Evidence Code because he or she agreed to participate in a dependency mediation program established in the juvenile court.

If a dependency mediation program has been established in a juvenile court, and if mediation is requested by any person who the judge or referee deems to have a direct and legitimate interest in the particular case, or on the court's own motion, the matter may be set for confidential mediation to develop a plan in the best interests of the child, utilizing resources within the family first and within the community if required.

(b) The testimony of a minor may be taken in chambers and outside the presence of the minor's parent or parents, if the minor's parent or parents are represented by counsel, the counsel is present and any of the following circumstances exist:

(1) The court determines that testimony in chambers is necessary to ensure truthful testimony.

(2) The minor is likely to be intimidated by a formal courtroom setting.

(3) The minor is afraid to testify in front of his or her parent or parents.

After testimony in chambers, the parent or parents of the minor may elect to have the court reporter read back the testimony or have the testimony summarized by counsel for the parent or parents.

The testimony of a minor also may be taken in chambers and outside the presence of the guardian or guardians of a minor under the circumstances specified in this subdivision.

(c) At any hearing in which the probation department bears the burden of proof, after the presentation of evidence on behalf of the probation department and the minor has been closed, the court, on motion of the minor, parent, or guardian, or on its own motion, shall order whatever action the law requires of it if the court, upon weighing all of the evidence then before it, finds that the burden of proof has not been met. That action includes, but is not limited to, the dismissal of the petition and release of the minor at a jurisdictional hearing, the return of the minor at an out-of-home review held prior to the permanency planning hearing, or the termination of jurisdiction at an in-home review. If the motion is not granted, the parent or guardian may offer evidence without first having reserved that right.

CHAPTER 406

An act to add Section 201.7 to the Corporations Code, and to amend Sections 11535, 11536, 11537, 11538, 11539, 11540, 11541, 11542, and 11543 of, and to add Sections 11535.1, 11537.1, 11537.2, 11537.3, 11541.1,

11542.1, 11542.2, 11543.1, 11547, and 11548 to, the Insurance Code, relating to insurance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 17, 1996. Filed with Secretary of State August 19, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 201.7 is added to the Corporations Code, to read:

Upon receipt of a certified copy of the commissioner's authorization to file articles of incorporation of a mutual holding company and a stock holding company authorized pursuant to conversion proceedings pursuant to subdivision (a) of Section 11542 of the Insurance Code and subject to subdivision (a) of Section 110 of the Corporations Code, the Secretary of State shall accept for filing the articles of incorporation of the mutual holding company and stock holding company.

SEC. 2. Section 11535 of the Insurance Code is amended to read:

11535. (a) A domestic incorporated mutual life insurer, or life and disability insurer, issuing nonassessable policies on a reserve basis may be converted into an incorporated stock life or stock life and disability insurer issuing, on a reserve basis, nonassessable policies of life insurance or of both life and disability insurance. To that end it may provide and carry out a plan for the conversion by complying with the requirements of this chapter.

(b) A domestic incorporated mutual insurer not referred to in subdivision (a), which may be referred to in this chapter as a mutual property-casualty insurer, may be converted into an incorporated stock insurer. To that end it may provide and carry out a plan for the conversion by complying with the requirements of this chapter.

(c) A mutual holding company may be converted into a stock corporation. To that end, it may provide and carry out a plan for the conversion by complying with the requirements of this chapter.

(d) As part of the conversion authorized in this section, a domestic incorporated mutual insurer may merge with an incorporated stock insurer, if the merging insurers comply with the provisions of this code applicable to their participation in the merger, or may transfer its domicile to any other state, if the insurer complies with Section 709.5.

SEC. 3. Section 11535.1 is added to the Insurance Code, to read:

11535.1. The definitions in this section apply to the following terms when used in this chapter.

(a) "Adoption date" means the date the board of directors adopts the plan of conversion.

(b) "Converted company" means the converted insurer or converted mutual holding company, as the case may be.

(c) "Converted insurer" means the incorporated stock insurer into which a mutual insurer has been converted or merged or redomiciled in accordance with the provisions of this chapter.

(d) "Converted mutual holding company" means the stock corporation into which a mutual holding company has been converted in accordance with this chapter.

(e) "Converting mutual life company" means, for a plan of conversion under this chapter, the mutual life insurer or mutual holding company that is converting under such a plan.

(f) "Effective date" means, for the conversion of a mutual life insurer, the date upon which the conversion of the mutual life insurer is effective, as specified in the commissioner's amendment to the mutual life insurer's certificate of authority issued in accordance with Section 11542, as a result of conversion proceedings under this chapter. For the conversion of a mutual holding company, "effective date" means the date upon which the conversion of a mutual holding company is effective, as specified in the amended articles of incorporation of the mutual holding company filed with the Secretary of State in accordance with Section 11542, as a result of conversion proceedings under this chapter.

(g) "Eligible members" means, for the conversion of a mutual life insurer, the members of the mutual life insurer who are of record on the mutual life insurer's adoption date and on its effective date. For the conversion of a mutual holding company, "eligible members" means the members of the mutual holding company who are of record on the mutual holding company's adoption date and on its effective date.

(h) "Member" means a person who, by the records of the mutual company and by its articles of incorporation or bylaws, is deemed to be a holder of a membership interest in the mutual company. For a mutual life insurer, a plan of conversion may provide that the term "member" also includes a person who is the owner of a policy issued or assumed by an insurer, that, pursuant to court order, is to be merged into the converted company. On and after the effective date of a plan of conversion that creates a mutual holding company, the term "member" means a member of a mutual holding company, as provided in Section 11542.1.

(i) "Membership interests" means the interests of members arising under this code and the articles of incorporation and bylaws of the mutual company or otherwise by law. Membership interests include the right to vote for directors of the mutual company and the right to vote on any plan of merger, consolidation, reinsurance, or

transfer of assets and liabilities of the mutual company. Membership interests do not include members' rights in surplus, if any.

(j) "Mutual company" means, in the case of a plan of conversion, the mutual life insurer, mutual property-casualty insurer, or mutual holding company that is converting pursuant to such plan.

(k) "Mutual holding company" means a corporation organized under the laws of this state subject to the General Corporation Law as set forth in the Corporations Code. The articles of incorporation of a mutual holding company shall contain provisions stating the following:

(1) It is a mutual holding company organized under this chapter.

(2) One purpose of the mutual holding company is to hold not less than 51 percent of the voting stock of a stock holding company, which in turn holds all of the voting stock of a converted life insurer.

(3) It is not authorized to issue voting stock.

(4) Its members have the rights specified in Section 11542.1 and in its articles of incorporation and bylaws.

(5) Its assets and liabilities are subject to inclusion in the estate of the converted insurer in any proceedings successfully prosecuted against the converted insurer under Article 14 (commencing with Section 1010) or Article 14.3 (commencing with Section 1064.1) of Chapter 1 of Part 2 of Division 1.

(o) "Plan of conversion" or "plan" means a plan adopted by a mutual company in compliance with this chapter.

(p) "Policy" means an individual or group policy of insurance issued by a life insurer. If a policy of a mutual life insurer takes a form other than an individual form but holders of certificates or other interests under the policy are treated by the mutual life insurer as if they were holders of individual policies, the mutual life insurer may provide in its plan of conversion under this chapter that such a certificate or other interest is deemed to be a policy and deem the holder of the certificate or other interest to be an owner of a policy. Such a provision shall be for the sole purpose of determining the rights, if any, of policyholders of the mutual life insurer to vote upon and receive consideration under the plan of conversion and may not affect the other voting rights and qualifications of members of the mutual life insurer.

(q) "Policyholder" means the holder of a policy other than a reinsurance contract.

(r) "Rights in surplus," for a mutual life insurer, means rights of members of the insurer to a return of that portion of the surplus that has not been apportioned or declared by the board of directors for policyholder dividends. "Rights in surplus" includes rights of members of the insurer to a distribution of surplus in liquidation or conservation of the insurer under this code, or in a dissolution or winding up. "Rights in surplus," for a mutual holding company, means rights of members of the company to a return of any surplus that has not been apportioned or declared by its board of directors for member dividends. "Rights in surplus" includes rights of members of the mutual holding company to a distribution of surplus in liquidation or conservation of the insurer under this code, or in a dissolution or winding up. "Rights in surplus" does not include any right expressly conferred solely by the terms of an insurance policy.

(s) "Stock holding company" means a corporation authorized to issue one or more classes of capital stock, the corporate purposes of which include holding all of the voting stock in an insurer that has been converted from a mutual life insurer to a stock life insurer in proceedings under Section 11537.2 in which a mutual holding company is formed.

(t) "Voting stock" means securities of any class or any ownership interest having voting power for the election of directors, trustees, or management of a person, other than securities having voting power only because of the occurrence of a contingency. All references to a specified percentage of voting stock of any person mean securities having the specified percentage of the voting power in that person for the election of directors, trustees, or management of that person, other than securities having voting power only because of the occurrence of a contingency.

SEC. 4. Section 11536 of the Insurance Code is amended to read:

11536. The plan of conversion shall include appropriate proceedings for amending the mutual company's articles of incorporation to give effect to the conversion from a nonstock corporation into a stock corporation. The plan shall be:

(a) Approved by a resolution of the majority of the board of directors. The resolution shall specify the reasons for and the purposes of the proposed conversion of the mutual company and the manner in which the conversion is expected to benefit and serve the best interests of the policyholders, for a mutual insurer, or members, for a mutual holding company.

(b) Submitted to the commissioner for consent in writing, subject to the provisions of Section 11538, by an application executed by an authorized officer of the mutual company and accompanied by the following documents, or true and correct copies of the documents:

(1) The proposed plan of conversion.

(2) The proposed articles of incorporation of each corporation that is a constituent corporation of the conversion.

(3) The proposed bylaws of each corporation that is a constituent corporation of the conversion.

(4) A list of the officers and directors, together with their biographies in the form customarily required by the commissioner, of each corporation that is a constituent corporation of the conversion.

(5) The resolution of the board of directors of the mutual company, certified by the secretary of the board of directors, authorizing the conversion under this chapter.

(6) Financial statements, which may be prepared on a pro forma basis, in the form required by the commissioner.

(7) For a conversion of a mutual insurer, a plan of operations for the converted insurer.

(8) A summary of the plan of conversion and drafts of written materials to be mailed to members seeking their approval of the plan.

(9) Other relevant information that the commissioner may require.

(c) Approved by a majority vote of the members of the mutual company voting at a meeting of the members called for that purpose, subject to the provisions of Section 11539.

(d) Filed in the office of the commissioner after receipt of the commissioner's consent, and after having been approved as provided in Sections 11538 and 11539, respectively.

SEC. 5. Section 11537 of the Insurance Code is amended to read:

11537. For the conversion of a mutual property-casualty insurer, the plan for conversion shall include the following:

(a) A fair and reasonable formula, approved by the commissioner, for determining the equity of each eligible member in the insurer. The equity shall be based upon an appraisal of the fair value of the insurer by one or more qualified disinterested persons appointed by the insurer with the approval of the commissioner. Those persons shall consider the assets and liabilities of the insurer and any factors bearing on the value of the mutual insurer.

(b) Each eligible member of the mutual insurer shall be given a preemptive right to acquire his or her proportionate part of all of the proposed capital stock of the insurer, within a designated reasonable period, by applying upon the purchase of such part the amount of his or her equity as determined under the formula described in subdivision (a).

(c) The members entitled to participate in the purchase of stock or distribution of assets shall be limited to all current policyholder members whose policies have been of record for not less than one year prior to the date the board of directors adopted the plan of conversion.

(d) Each member not applying his or her equity upon the purchase price of stock shall elect to receive either a cash payment

or a certificate of contribution. The cash payment shall not be greater than 50 percent of his or her equity as determined by the formula in subdivision (a). The certificate of contribution shall be in an amount equal to 100 percent of his or her equity, as determined by the formula in subdivision (a), shall bear interest at the rate established in Section 10489.4 for minimum standard valuation of all life insurance policies of more than 20 years' duration issued in the year, and shall be repayable within 10 years or, if necessary under the terms of the plan, later, only on written approval of the commissioner and only out of surplus in excess of an amount established in the plan. Any member not electing to receive cash or purchase stock shall be deemed to have elected to receive a certificate of contribution. The stock purchased, cash payment, or certificate of contribution shall constitute full payment and discharge of the member's equity or property interest in the mutual insurer, and, notwithstanding any other provision of law, the member shall have no other rights with respect thereto.

(e) The number of shares to be authorized for the new stock insurer, their par value, and the method for determining the price at which the shares will be offered to eligible members, to the end that the plan, when completed, would provide for the converted insurer paid-in capital and surplus in an amount not less than the minimum paid-in capital and surplus required of a domestic stock insurer upon initial authorization to transact like kinds of insurance.

(f) Provision for the offering to others of shares not purchased by eligible members within the designated period referred to in subdivision (b) at a price not less than the offering price to members.

SEC. 6. Section 11537.1 is added to the Insurance Code, to read:

11537.1. For the conversion of a mutual life insurer, the plan of conversion shall provide for either a mutual holding company in compliance with Section 11537.2 or for consideration in compliance with Section 11537.3. For the conversion of a mutual holding company, the plan of conversion shall provide for consideration in compliance with Section 11537.3.

SEC. 7. Section 11537.2 is added to the Insurance Code, to read:

11537.2. A plan of conversion adopted by a mutual life insurer for the establishment of a mutual holding company shall provide that the mutual life insurer will become a stock life insurer, that the members of the mutual life insurer will become members of a mutual holding company, that the mutual holding company will acquire at least 51 percent of the voting stock of the stock holding company, and that the stock holding company will acquire all of the voting stock of the converted insurer.

SEC. 8. Section 11537.3 is added to the Insurance Code, to read:

11537.3. A plan of conversion adopted by a converting mutual life company shall include the following:

(a) (1) The plan provides that each member's membership interests and rights in surplus are extinguished and each eligible

member will receive, without payment, nontransferable subscription rights to purchase a portion of the capital stock of a corporation which will issue the subscription rights, or, in lieu thereof, shares of capital stock or other securities of the issuer, cash, premium credits, or credits to policy account values having an aggregate value equal to the aggregate exercise price of the subscription rights that otherwise would have been allocated to the member. The issuer is either (A) the converted insurer, (B) a corporation, the voting stock of which is owned by the mutual life insurer or the mutual holding company, as the case may be, or by any other persons, that will acquire in the conversion all the voting stock of the converted insurer, or (C) a corporation, all of the voting stock of which is owned by the mutual holding company into which both the mutual holding company and the stock holding company will be merged.

(2) The subscription rights are allocated in whole shares among the eligible members. The subscription rights, capital stock, cash, premium credits, and credits to policy account values are allocated among the eligible members using a fair and equitable formula. This formula will either (A) allocate a fixed component per capita among eligible members (specifying how joint owners will be treated for this purpose) and allocate a variable component among eligible members in proportion to the cash value of policies held by them, or (B) allocate the subscription rights, capital stock, cash, or credits in any other manner that the commissioner may approve.

(b) The plan specifies or authorizes the board of directors of the converting mutual life company to set the expiration date of the subscription rights, if any, allocated by the plan. The exercise price per share of the subscription rights is 50 percent of the price per share at which the capital stock of the issuer is first offered to the public in the offering referred to in subdivision (d), as fixed at the time of the offering by the boards of directors of the converting mutual life company and the issuer or committees of the boards.

(c) The plan provides that any eligible member not exercising the subscription rights, if any, allocated to the member will instead receive alternative forms of consideration having an aggregate value equal to the aggregate exercise price of the subscription rights allocated to the member. The alternative forms of consideration may include shares of capital stock of the issuer, cash, premium credits, or credits to policy account values. The choices available to the eligible member shall be specified in the plan. The choices available may take into account the type of policy, size of policy, tax status of the member, and other factors that the commissioner determines are appropriate.

(d) The plan provides that the issuer will make a public offering of its capital stock at a price determined by the boards of directors of the converting mutual life company and the issuer. The number of shares to be offered is determined according to the plan and may

include any shares issuable upon exercise of subscription rights that are not exercised. The plan may also provide for the issue and sale of securities of the issuer to other persons at the time of the public offering; provided, however that any plan provisions pertaining to the issue and sale of securities to the insurer's officers, directors, employees, agents, and employee benefit plans for their benefit shall be subject to Section 11540.

(e) The plan of a mutual life insurer may provide for the establishment, for policyholder dividend purposes only, of a closed block. The closed block will consist of all of the participating individual policies of life insurance of the mutual life insurer in force on the effective date of the plan for which the insurer had an experience-based dividend scale payable in the year in which the plan is adopted. Assets of the insurer shall be allocated to the closed block in an amount that produces cash-flows, together with anticipated revenues from the closed block business, expected to be sufficient (1) to support the closed block business, including payment of claims and those expenses and taxes specified in the plan and (2) to provide for continuation of dividend scales in effect on the adoption date if the experience underlying the scales continues, and for appropriate adjustments in the scales if the experience changes. The plan may provide for conditions under which the converted insurer may cease to maintain the closed block and its allocated assets. Regardless of such a cessation, the obligation under the policies constituting the closed block business remain the obligations of the converted insurer. Dividends on those policies shall be apportioned by the board of directors of the converted insurer in accordance with the terms of the policies.

SEC. 9. Section 11538 of the Insurance Code is amended to read:

11538. (a) The commissioner shall examine the plan submitted pursuant to subdivision (b) of Section 11536. As a part of the examination the commissioner may order a hearing on the plan after written notice of the hearing to the mutual company, and its members, all of whom shall have the right to appear at the hearing. The commissioner may require as a condition of consent that the mutual company make modifications of the proposed plan that the commissioner finds necessary for the protection of policyholders. The commissioner shall consent to the plan if he or she finds all of the following:

(1) For the conversion of a mutual insurer, the plan is fair and equitable to the insurer and its policyholders.

(2) For the conversion of a mutual holding company, the plan is fair and equitable to the company, its members, and the policyholders of the converted insurer.

(3) The plan does not violate the law.

(4) The converted insurer will, after the conversion, satisfy the requirements for the issuance of a license to write the line or lines of insurance for which it is presently licensed.

(b) For the conversion of a mutual life insurer, the commissioner may appoint one or more actuarial, financial, or other consultants, including legal counsel, as the commissioner finds necessary to advise the commissioner in making the determination of whether the proposed plan of conversion meets the applicable requirements of this chapter. The mutual life insurer is responsible for the reasonable fees and expenses of any actuarial, financial, or other consultants, including legal counsel, appointed, and for the mailing and publication of notices to the mutual company and its members.

SEC. 10. Section 11539 of the Insurance Code is amended to read:

11539. The meeting of members prescribed by subdivision (c) of Section 11536 shall be called by the board of directors, the chairperson of the board, or the president of the mutual company. Notice of the meeting shall be given to eligible members by mail at least 30 days prior to the date set for the meeting to members of the mutual company of record on the date the plan of conversion was adopted by the board of directors. Voting shall be by ballot, in person or by proxy. A quorum shall consist of 5 percent of the members of the mutual company entitled to vote at the meeting.

SEC. 11. Section 11540 of the Insurance Code is amended to read:

11540. (a) Nothing in this chapter shall be deemed to prohibit the inclusion in the plan of conversion of provisions under which the insurer's officers, directors, employees, agents, and employee benefit plans for their benefit may be entitled, in accordance with reasonable classifications of those individuals and employee benefit plans as may be included in the plan, to purchase for cash, at the same price as offered to the public in the initial public offering, voting stock not purchased by members upon exercise of subscription rights. Nothing in this chapter shall be deemed to prohibit the establishment of stock option, incentive, and share ownership plans customary for publicly traded companies in the same and similar industries. The plan may not permit those persons to acquire more than 25 percent of the voting stock issued pursuant to the plan for a mutual life insurer having assets in excess of two hundred million dollars ($200,000,000) or 35 percent for a mutual life insurer having assets of two hundred million dollars ($200,000,000) or less.

(b) For the conversion of a mutual property-casualty insurer, subdivision (f) of Section 11537 does not prohibit the inclusion in the conversion plan of provisions under which the individuals comprising the insurer's management, employees and agents are entitled to purchase for cash, at the same price as offered to the insurer's members, shares of stock not taken by members on the preemptive offering to members, in accordance with such reasonable classifications of such individuals as may be included in the plan. The plan may not provide for such individuals to acquire in excess of 25 percent of the shares of stock issued pursuant to the plan for a mutual insurer having assets in excess of two hundred million

dollars ($200,000,000) or 35 percent for a mutual insurer having assets of two hundred million dollars ($200,000,000) or less.

SEC. 12. Section 11541 of the Insurance Code is amended to read:

11541. No director, officer, agent, or employee of the mutual company shall receive any fee, commission, or other valuable consideration whatsoever, other than regular salary and compensation, for in any manner aiding, promoting, or assisting in the conversion except as set forth in the plan approved by the commissioner. This provision shall not be deemed to prohibit the payment of reasonable fees and compensation to attorneys at law, accountants, and actuaries for services performed in the independent practice of their professions, even though they may also be directors of the mutual company.

SEC. 13. Section 11541.1 is added to the Insurance Code, to read:

11541.1. At any time before that plan of conversion becomes effective as provided in Section 11542, the mutual company may, by resolution of a majority of the board of directors, amend the plan of conversion or withdraw the plan of conversion. Any plan amendment shall require the written consent of the commissioner. For a plan amendment, all references in this chapter to the plan of conversion shall be deemed to refer to the plan as amended, but no amendment shall be deemed to change the adoption date of the plan of conversion. No amendment may change the plan of conversion in a manner that the commissioner determines is materially disadvantageous to policyholders of the mutual life insurer or members of the mutual holding company, unless a further public hearing is held on the plan as amended, if the amendment is made after the initial public hearing, or if the plan as amended is submitted for reconsideration by the members if the amendment is made after the plan has been approved by the members.

SEC. 14. Section 11542 of the Insurance Code is amended to read:

11542. (a) Upon consent by the commissioner to the plan of conversion of a mutual insurer and filing of the plan of conversion in accordance with the provisions of this chapter, the commissioner shall issue a new certificate of authority to the converted insurer. Upon issuance of the certificate of authority to a mutual insurer and subject to subdivision (a) of Section 110 of the Corporations Code, the Secretary of State shall accept for filing the articles of incorporation, certificate of amendment of articles of incorporation, or agreement of merger and officers' certificates of the converted insurer for the conversion of a mutual insurer. For a plan of conversion in accordance with Section 11537.2, the Secretary of State shall accept for filing the articles of incorporation of the mutual holding company and the stock holding company. Upon consent to the plan of conversion of a mutual holding company and filing of the plan of conversion in accordance with the provisions of this chapter, the Secretary of State shall accept for filing the articles of incorporation or certificate of amendment of articles of incorporation of the

converted mutual holding company. The plan is effective upon the filing of the articles of incorporation or certificate of amendment of articles of incorporation.

(b) Upon the effective date of the plan of conversion of a mutual property-casualty insurer, the mutual insurer shall immediately become a stock corporation. The converted insurer shall be a continuation of the original mutual insurer, and the conversion shall in no way annul, modify, or change any of the original mutual insurer's existing suits, rights, contracts, or liabilities except as provided in the approved conversion plan. The insurer, after conversion, shall exercise all the rights and powers and perform all the duties conferred or imposed by law upon insurers writing the classes of insurance written by it, and shall retain the rights and contracts existing prior to conversion, subject to the effect of the plan.

(c) Upon the effective date of the plan of conversion of a mutual life insurer in accordance with Section 11537.3, the mutual life insurer immediately becomes a stock corporation, all membership interests and rights in surplus are extinguished, and members eligible to exercise subscription rights or receive other consideration under the plan of conversion are entitled to receive the consideration in exchange for their membership interests and liquidation of their rights in surplus. The converted insurer is a continuation of the original mutual life insurer, and the conversion in no way annuls, modifies, or changes any of the original mutual life insurer's existing suits, rights, contracts, or liabilities, except as provided in the plan of conversion. The insurer, after conversion, shall exercise all the rights and powers and perform all the duties conferred or imposed by law upon insurers writing the classes of insurance written by it, and shall retain the rights and contracts existing prior to conversion, subject to the effect of the plan.

(d) Upon the effective date of the plan of conversion of a mutual holding company, all membership interests and rights in surplus are extinguished, members eligible to receive consideration under the plan of conversion are entitled to receive the consideration in exchange for their membership interests and liquidation of their rights in surplus, and the plan otherwise becomes effective in accordance with its terms. The conversion in no way annuls, modifies, or changes any of the converting mutual holding company's existing suits, rights, contracts, or liabilities, except as provided in the approved plan of conversion.

SEC. 15. Section 11542.1 is added to the Insurance Code, to read:

11542.1. (a) Upon the effective date of a plan of conversion in accordance with Section 11537.2, the mutual life insurer immediately becomes a stock corporation, the membership interests and rights in surplus of its members are extinguished, the members of the mutual life insurer immediately become members of the mutual holding company, all of the voting stock initially issued by the converted insurer is owned by the stock holding company, and all of the voting

stock initially issued by the stock holding company is owned by the mutual holding company. The stock holding company may thereafter, subject to compliance with Article 8 (commencing with Section 820) of Chapter 1 of Part 2 of Division 1, issue securities to other persons. After the effective date, owners of policies that are issued by a stock insurer that has been converted from a mutual life insurer pursuant to proceedings under this chapter shall become members of the mutual holding company immediately upon issuance of the policies. Any person may be a member of a mutual holding company.

(b) From the effective date, the mutual holding company shall hold at least 51 percent of the issued and outstanding voting stock of the stock holding company and the stock holding company thereafter shall at all times hold all of the issued and outstanding voting stock of the converted insurer. The stock holding company may issue additional voting stock to the mutual holding company and, in addition, to other persons an amount of voting stock and securities convertible into voting stock, if in the aggregate, the issued and outstanding voting stock of the stock holding company not held by the mutual holding company does not exceed 49 percent of the issued and outstanding voting stock of the stock holding company. For purposes of the 49-percent limitation, any issued and outstanding securities of the stock holding company that are convertible into voting stock are considered issued and outstanding voting stock.

(c) The commissioner shall retain jurisdiction over the mutual holding company organized pursuant to this chapter. Except as provided in this code, a mutual holding company is subject to the provisions of the General Corporation Law in like manner with other corporations. However, provisions of that law referring to shareholders or members shall be applied as though those provisions referred to the members of a mutual holding company.

(d) With respect to the management, records, and affairs of a mutual holding company and except as otherwise provided in this chapter, a member of a mutual holding company has the same character of rights and relationship as a stockholder has toward a domestic stock life insurer subject to the provisions of this code.

(e) Each member of a mutual holding company is entitled to one vote on each matter coming to a vote at any meeting of members, regardless of the number of policies that the member holds.

(f) Notice of all meetings of members, whether annual or special, shall be given in writing to the members entitled to vote. The notice shall be given by the secretary, assistant secretary, or other persons charged with that duty. If there is no such officer, or if he or she neglects or refuses this duty, notice may be given by any director. At the option of the converted insurer, the notice may be imprinted on premium notices or receipts or on both. A notice may be given to any member either personally, or by mail, or other means of written communication, charges prepaid, addressed to the member at his or

her address appearing on the books of the insurer or given by the member to the converted insurer for the purpose of notice. If a member gives no address, and if there is no address on the books of the insurer, notice shall be deemed to have been given the member if sent by mail or other means of written communication addressed to the place where the principal office of the converted insurer is situated, or if published at least once in a newspaper of general circulation in the county in which the office is located and in the newspaper that has the largest daily circulation in this state. Notice of any meeting of members shall be sent to each member entitled to notice not less than 14 days before a meeting. Notice of any meeting of members shall specify the place, the day, and the hour of the meeting and the general nature of the business to be transacted. For any member who gives no address and has no address on the books of the insurer, notice of an annual meeting to be held at the time and place specified is deemed adequate if published at least once in each of four successive weeks in a newspaper of general circulation in the county in which the principal office of the converted insurer is located and in the newspaper that has the largest daily circulation in this state. If the notice is so published, no other notice of the meeting is required.

(g) The presence in person or by proxy of 5 percent of the members of a mutual holding company entitled to vote at any meeting constitutes a quorum for the transaction of all business of the mutual holding company, including, but not limited to, the amendment of the articles of incorporation or bylaws of the mutual holding company.

(h) Any required member approval shall be by the affirmative vote of a majority of the members who vote, or a higher percentage of the members as may be required by law or the articles of incorporation, a quorum being present.

(i) The articles of incorporation or the bylaws of the mutual holding company may provide that the directors may be divided into two or more classes whose terms of office shall expire at different times. No term shall continue longer than six years. In the absence of such provisions, each director shall be elected for a term of one year. All directors shall hold office for the term for which they are elected and until their successors are elected and qualified. A director may, but need not, be a member of the mutual holding company of which he or she is acting as director. Vacancies in the board of directors may be filled by a majority of the remaining directors, though less than a quorum. Each director so elected shall hold office until the next annual meeting.

(j) If any proceedings under Article 14 (commencing with Section 1010), Article 14.3 (commencing with Section 1064.1), Article 14.5 (commencing with Section 1065.1), or Article 15.5 (commencing with Section 1077), of Chapter 1 of Part 2 of Division 1, are brought naming as a party a stock insurer created as a result of proceedings

authorized by this chapter, the mutual holding company formed as part of the conversion automatically becomes a party to the proceedings. All of the assets of the mutual holding company, including, but not limited to, its interest in the stock holding company formed pursuant to this chapter, are deemed assets of the estate of the stock life insurer to the extent necessary to satisfy claims of persons against the stock life insurer who have claims falling within the priorities established in paragraphs (1) to (5), inclusive, of subdivision (a) of Section 1033. Claims of persons in their capacity as members of the mutual holding company shall be claims falling within the priority established in paragraph (6) of subdivision (a) of Section 1033. A mutual holding company may not dissolve, liquidate, or wind up and dissolve without the prior written approval of the commissioner or the court pursuant to proceedings brought pursuant to Article 15 (commencing with Section 1070) of Chapter 1 of Part 2 of Division 1.

(k) Membership interests in a mutual holding company are exempt from Article 8 (commencing with Section 820) of Chapter 1 of Part 2 of Division 1. A description of the membership interests and related factual disclosure shall not be considered to be an inducement to buy insurance in violation of Section 10430. Any promise of returns, profits, or distributions, or representations with regard to the benefits of membership, made as an inducement in connection with the issuance and delivery of a policy is subject to Section 10430 and the remedy provided in Section 10433.

SEC. 16. Section 11542.2 is added to the Insurance Code, to read:

11542.2. Prior to, and for a period of five years following, the effective date of the plan of conversion, no person or group of persons acting in concert shall directly or indirectly offer to acquire or acquire in any manner the beneficial ownership of 5 percent or more of any class of voting securities of a converted insurer or of a person that controls, as defined by paragraph (b) of Section 1215, the converted insurer, without the prior consent of the commissioner. Any application for that approval shall contain information as the commissioner may require and shall be accompanied by a filing fee in an amount equal to the filing fee specified in Section 1215.2. In the event of any violation of this section, or of any action that, if consummated, would constitute a violation, all voting securities of the converted insurer or of the person acquired by any person in excess of the maximum amount permitted to be acquired by the person pursuant to this subdivision shall be deemed to be nonvoting securities of the converted insurer or of that person. The violation or action may be enforced or enjoined by appropriate proceeding commenced by the converted insurer, a person, the commissioner, any policyholder or stockholder of the converted insurer, or the person on behalf of the converted insurer or the person in the superior court in the judicial district in which the converted insurer has its home office or in any other court having jurisdiction. The court

may issue any order it finds necessary to cure the violation or to prevent the proposed action. In addition to the foregoing, whenever it appears to the commissioner that any person has committed a violation of this section, the commissioner may proceed as provided in Article 14 (commencing with Section 1010) of Chapter 1 of Part 2 of Division 1 to take possession of the property of the converted insurer and to conduct the business thereof. For the purposes of this section, "beneficial ownership," with respect to voting securities, means the sole or shared power to vote, or direct the voting of, voting securities or the sole or shared power to dispose, or direct the disposition, of voting securities. "Voting security" includes voting stock as defined in Section 11535.1, any preorganization certificate or subscription, including subscription rights issued pursuant to a plan of conversion, or any security convertible, with or without consideration, into voting security, or carrying any warrant or right to subscribe for or purchase any voting security, or any such warrant or right. "Offer" includes an offer to buy or acquire, solicitation of an offer to sell, tender offer for, or request or invitation for tenders of a security or interest in a security for value.

SEC. 17. Section 11543 of the Insurance Code is amended to read:

11543. Unless otherwise provided in the plan of conversion, the directors and officers of the mutual company shall serve as directors and officers of the converted company until new directors and officers have been duly elected and qualified pursuant to the articles of incorporation and bylaws of the stock company.

SEC. 18. Section 11543.1 is added to the Insurance Code, to read:

11543.1. (a) Notwithstanding any other provision of law and except as otherwise provided in subdivision (b), actions concerning any plan of conversion, proposed plan of conversion, plan amendment, or proposed plan amendment under this chapter or any acts taken or proposed to be taken under this chapter shall be commenced within one year after the plan of conversion or plan amendment is filed in the office of the commissioner pursuant to subdivision (d) of Section 11536 or subdivision (a) of Section 11542, or six months from the effective date of the plan of conversion, whichever is later. If the plan of conversion is withdrawn, the actions or acts shall be commenced within six months from the date the board of directors approves a resolution to withdraw the plan. If an action concerns or arises out of a plan amendment or proposed plan amendment made under Section 11546, the applicable time period is measured from the filing, effective date, or approval of withdrawal of the plan amendment, whichever is later.

(b) Judicial review of any act of the commissioner or any other governmental body or officer concerning or arising out of any plan of conversion, proposed plan of conversion, plan amendment, or proposed plan amendment under this chapter may only be had by filing a petition for a writ of mandate within 30 days of the date of the act. However, any petition seeking judicial review shall be filed no

later than 30 days from the effective date of the plan of conversion or plan amendment, whichever is the subject of the petition.

SEC. 19. Section 11547 is added to the Insurance Code, to read:

11547. (a) The amended articles of incorporation of a converted company that have been adopted pursuant to a plan of conversion and filed with the Secretary of State in accordance with Section 11542 may be further amended after the effective date pursuant to applicable law. The plan of conversion may be amended in other respects after the effective date of the plan as specified in this section. Such an amendment shall take effect upon filing with the Secretary of State after compliance with the following:

(1) Approval by a resolution of the majority of the board of directors of the converted company. The resolution shall specify the reasons for and the purposes of the proposed amendment.

(2) Submission to the commissioner for consent in writing, subject to the provisions of Section 11538.

(3) For the conversion of a mutual insurer, approval by a majority of those current policyholders of the corporation who were members of the former mutual insurer and were entitled to vote on the original plan of conversion approved pursuant to subdivision (c) of Section 11536 and who vote at a meeting called for that purpose.

(4) For the conversion of a mutual holding company, approval by a majority of those current members of the corporation who were members of the former mutual holding company and were entitled to vote on the original plan of conversion approved pursuant to subdivision (c) of Section 11536 and who vote at a meeting called for that purpose.

(5) Filed in the office of the commissioner after having been consented to and approved as contemplated by paragraphs (2), (3) and (4).

(b) If an amendment proposed under subdivision (a) would adversely affect the rights of one or more classes of members , but not all such members, then only the members of each class whose rights would be adversely affected by the proposed amendment are entitled to vote on the proposed plan amendment.

(c) A policyholder or member meeting prescribed by paragraph (3) or (4) of subdivision (a) shall be called by the board of directors, the chairperson of the board, or the president of the converted company. Notice of the meeting shall be given to policyholders or members entitled to vote at the meeting by mail at least 30 days prior to the date set for the meeting. Voting shall be by ballot, in person or by proxy. A quorum consists of 5 percent of the policyholders or members of the converted company entitled to vote at the meeting.

(d) At any time before the plan amendment becomes effective, the converted company may, by resolution of a majority of the board of directors, amend the plan amendment or withdraw its plan amendment. For an amendment to a plan amendment, all references in this section to the plan amendment shall be deemed to refer to the

plan amendment as amended. Any amendment of the plan amendment shall require the written consent of the commissioner. No amendment shall be deemed to change the date of adoption of the plan amendment. No amendment made after approval by the policyholders or members as provided in paragraph (3) or (4) of subdivision (a) may change the plan amendment in a manner that the commissioner determines is materially disadvantageous to any of the affected policyholders or members unless the plan amendment as amended is submitted for reconsideration under the procedures prescribed for the original plan amendment policyholder or member approval.

SEC. 20. Section 11548 is added to the Insurance Code, to read:

11548. If the name of a mutual life insurer converting to a stock insurer pursuant to this chapter includes the word mutual, the new stock insurer may continue to use the word mutual in its name if the name includes a word or words that identify the new stock insurer as a stock insurer and the commissioner finds that the continued use of the word mutual in its name is not likely to mislead or deceive the public.

SEC. 21. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that California-based mutual insurers are not at a competitive disadvantage with mutual insurers based in other states because California insurers cannot readily convert from mutual ownership to stock ownership, this act is to take effect immediately as a urgency statute.

CHAPTER 407

An act to amend Section 12640.09 of the Insurance Code, relating to insurance.

[Approved by Governor August 17, 1996. Filed with Secretary of State August 19, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 12640.09 of the Insurance Code is amended to read:

12640.09. (a) A mortgage guaranty insurer shall limit its coverage for the class of insurance defined in paragraphs (1) and (3) of subdivision (a) of Section 12640.02 to no more than a net of 30 percent at risk of the entire indebtedness to the insured or, in lieu thereof, a mortgage guaranty insurer may elect to pay the entire

indebtedness to the insured and acquire title to the authorized real estate security.

(b) (1) A mortgage guaranty insurer shall limit its coverage for the class of insurance defined in paragraph (2) of subdivision (a) of Section 12640.02, to no more than a net of 30 percent of risk of the combined indebtedness of all existing mortgage loan amounts secured by all liens or charges on the real estate. In lieu thereof, a mortgage guaranty insurer may elect to pay the entire indebtedness to the insured and acquire title to the authorized real estate security.

(2) Notwithstanding paragraph (1), a mortgage guaranty insurer may elect to insure a portfolio of loans secured by instruments constituting junior liens on real estate, provided that the total amount at risk in any one portfolio shall not at any time exceed 20 percent of the original principal amount of mortgage loans secured by junior liens.

(3) If the borrower is required to pay the cost of insurance written under paragraphs (1) or (2), the lender shall disclose in writing to the borrower that the borrower is not a party to or a beneficiary of the mortgage guaranty insurance policy.

(4) Notwithstanding subdivision (a) and paragraph (1) of subdivision (b), if Freddie Mac or Fannie Mae increases the required amount of mortgage guaranty insurance, the commissioner may adopt regulations to increase the maximum coverage limitation of a mortgage guaranty insurer to an amount not to exceed a net of 35 percent of risk of the entire indebtedness.

(c) Notwithstanding subdivision (a) or (b), a mortgage guaranty insurer may extend its coverage for the class of insurance defined in paragraphs (1), (2), and (3) of subdivision (a) of Section 12640.02 beyond the limits established by subdivisions (a) and (b) of this section, provided the excess is insured by a contract of reinsurance.

(d) (1) Notwithstanding any provision of law to the contrary, mortgage guaranty insurance or reinsurance may be ceded by contract, provided that the assuming insurer is either of the following:

(A) A mortgage guaranty insurer, which may be under common control with the ceding mortgage guaranty insurer, but which does not own, and is not owned by, in whole or in part, directly or indirectly, the ceding mortgage guaranty insurer.

An act to amend Section 1011 of the Water Code, relating to water.

[Approved by Governor August 17, 1996. Filed with Secretary of State August 19, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 1011 of the Water Code is amended to read:

1011. (a) When any person entitled to the use of water under an appropriative right fails to use all or any part of the water because of water conservation efforts, any cessation or reduction in the use of the appropriated water shall be deemed equivalent to a reasonable beneficial use of water to the extent of the cessation or reduction in use. No forfeiture of the appropriative right to the water conserved shall occur upon the lapse of the forfeiture period applicable to water appropriated pursuant to the Water Commission Act or this code or the forfeiture period applicable to water appropriated prior to December 19, 1914.

The board may require that any user of water who seeks the benefit of this section file periodic reports describing the extent and amount of the reduction in water use due to water conservation efforts. To the maximum extent possible, the reports shall be made a part of other reports required by the board relating to the use of water.

Failure to file the reports shall deprive the user of water of the benefits of this section.

For purposes of this section, the term "water conservation" shall mean the use of less water to accomplish the same purpose or purposes of use allowed under the existing appropriative right. Where water appropriated for irrigation purposes is not used by reason of land fallowing or crop rotation, the reduced usage shall be deemed water conservation for purposes of this section.

(b) Water, or the right to the use of water, the use of which has ceased or been reduced as the result of water conservation efforts as described in subdivision (a), may be sold, leased, exchanged, or otherwise transferred pursuant to any provision of law relating to the transfer of water or water rights, including, but not limited to, provisions of law governing any change in point of diversion, place of use, and purpose of use due to the transfer.

(c) Notwithstanding any other provision of law, upon the completion of the term of a water transfer agreement, or the right to the use of that water, that is available as a result of water conservation efforts described in subdivision (a), the right to the use of the water shall revert to the transferor as if the water transfer had not been undertaken.

Taxation Code). The license shall be automatically reinstated if the taxpayer files a valid bond, or pays his or her delinquent taxes, as the case may be. A suspension under this section for a tax delinquency may only be imposed if the taxpayer is at least three months delinquent.

Upon the petition of any taxpayer whose license has been suspended under this section, a hearing shall be afforded him or her after five days' notice of the time and place of hearing.

CHAPTER 410

An act to amend Section 16081 of the Probate Code, relating to trusts.

[Approved by Governor August 17, 1996. Filed with Secretary of State August 19, 1996.]

SECTION 1. Section 16081 of the Probate Code is amended to read:

16081. (a) Subject to the additional requirements of subdivisions (b), (c), and (d), if a trust instrument confers "absolute," "sole," or "uncontrolled" discretion on a trustee, the trustee shall act in accordance with fiduciary principles and shall not act in bad faith or in disregard of the purposes of the trust.

(b) Notwithstanding the use of terms like "absolute," "sole," or "uncontrolled" by a settlor or a testator, a person who is a beneficiary of a trust that permits the person, either individually or as trustee or cotrustee, to make discretionary distributions of income or principal to or for the benefit of himself or herself pursuant to a standard, shall exercise that power reasonably and in accordance with the standard.

(c) Unless a settlor or a testator clearly indicates that a broader power is intended by express reference to this subdivision, a person who is a beneficiary of a trust that permits the person, as trustee or cotrustee, to make discretionary distributions of income or principal to or for the benefit of himself or herself may exercise that power in his or her favor only for his or her health, education, support, or maintenance within the meaning of Sections 2041 and 2514 of the Internal Revenue Code. Notwithstanding the foregoing and the provisions of Section 15620, if a power to make discretionary distributions of income or principal is conferred upon two or more trustees, the power may be exercised by any trustee who is not a current permissible beneficiary of that power ; and provided further that if there is no trustee who is not a current permissible beneficiary of that power, any party in interest may apply to a court of competent jurisdiction to appoint a trustee who is not a current permissible

beneficiary of that power, and the power may be exercised by the trustee appointed by the court.

(d) Subdivision (c) does not apply to either of the following:

(1) Any power held by the settlor of a revocable or amendable trust.

(2) Any power held by a settlor's spouse or a testator's spouse who is the trustee of a trust for which a marital deduction, as defined in Section 21520, has been allowed.

(e) Subdivision (c) applies to any of the following:

(1) Any trust executed on or after January 1, 1997.

(2) Any testamentary trust created under a will executed on or after January 1, 1997.

(3) Any irrevocable trust created under a document executed before January 1, 1997, or any revocable trust executed before that date if the settlor was incapacitated as of that date, unless all parties in interest elect affirmatively not to be subject to the application of subdivision (c) through a written instrument delivered to the trustee. That election shall be made on or before the latest of January 1, 1998, three years after the date on which the trust became irrevocable, or, in the case of a revocable trust where the settlor was incapacitated, three years after the date on which the settlor became incapacitated.

(f) Notwithstanding the foregoing, the provisions of subdivision (c) neither create a new cause of action nor impair an existing cause of action that, in either case, relates to any power limited by subdivision (c) that was exercised before January 1, 1997.

(g) For purposes of this section, the term "party in interest" means any of the following persons:

(1) If the trust is revocable and the settlor is incapacitated, the settlor's legal representative under applicable law, or the settlor's attorney-in-fact under a durable power of attorney that is sufficient to grant the authority required under subdivision (c) or (e), as applicable.

(2) If the trust is irrevocable, each trustee, each beneficiary then entitled or authorized to receive income distributions from the trust, or each remainder beneficiary who would be entitled to receive notice of a trust proceeding under Section 15804. Any beneficiary who lacks legal capacity may be represented by the beneficiary's legal representative, attorney-in-fact under a durable power of attorney that is sufficient to grant the authority required under subdivision (c) or (e), as applicable, or in the absence of a legal representative or attorney-in-fact, a guardian ad litem appointed for that purpose.

[Approved by Governor August 17, 1996. Filed with Secretary of State August 19, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 129100 of the Health and Safety Code is amended to read:

129100. Every applicant for insurance shall be afforded an opportunity for a fair hearing before the council upon 10 days' written notice to the applicant. If the office, after affording reasonable opportunity for development and presentation of the application and after receiving the advice of the council, finds that an application complies with the requirements of this article and of Section 129020 and is otherwise in conformity with the state plan, it may approve the application for insurance. The office shall consider and approve applications in the order of relative need set forth in the state plan in accordance with Section 129020. Judicial review of a final decision made under this section may be had by filing a petition for writ of mandate. Any petition shall be filed within 30 days after the date of the final decision of the office.

SEC. 2. Section 129173 of the Health and Safety Code is amended to read:

129173. In fulfilling the purposes of this article, as set forth in Section 129005, and upon making a determination that the financial status of a borrower may jeopardize a borrower's ability to fulfill its obligations under any insured loan transaction so as to threaten the economic interest of the office in the borrower or to jeopardize the borrower's ability to continue to provide needed health care services in its community, including, but not limited to, a declaration of default under any contract related to the transaction, the borrower missing any payment to its lender, or the borrower's accounts payable exceeding three months, the office may assume or direct managerial or financial control of the borrower in any or all of the following ways:

(a) The office may supervise and prescribe the activities of the borrower in the manner and under the terms and conditions as the office may stipulate in any contract with the borrower.

(b) Notwithstanding the provisions of the articles of incorporation or other documents of organization of a nonprofit corporation borrower, this control may be exercised through the removal and appointment by the office of members of the governing body of the

borrower sufficient such that the new members constitute a voting majority of the governing body.

(c) In the event the borrower is a nonprofit corporation or a political subdivision, the office may request the Secretary of the Health and Welfare Agency to appoint a trustee, this trustee shall have full and complete authority of the borrower over the insured project, including all property on which the office holds a security interest. No trustee shall be appointed unless approved by the office. A trustee appointed by the secretary pursuant to this subdivision may exercise all the powers of the officers and directors of the borrower, including the filing of a petition for bankruptcy. No action at law or in equity may be maintained by any party against the office or a trustee by reason of their exercising the powers of the officers and directors of a borrower pursuant to the direction of, or with the approval of, the secretary.

(d) The office may institute any action or proceeding, or the office may request the Attorney General to institute any action or proceeding against any borrower, to obtain injunctive or other equitable relief, including the appointment of a receiver for the borrower or the borrower's assets, in the superior court in and for the county in which the assets or a substantial portion of the assets are located. The proceeding under this section for injunctive relief shall conform with the requirements of Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure, except that the office shall not be required to allege facts necessary to show lack of adequate remedy at law, or to show irreparable loss or damage. Injunctive relief may compel the borrower, its officers, agents, or employees to perform each and every provision contained in any regulatory agreement, contract of insurance, or any other loan closing document to which the borrower is a party, or any obligation imposed on the borrower by law, and require the carrying out of any and all covenants and agreements and the fulfillment of all duties imposed on the borrower by law or such documents.

A receiver may be appointed pursuant to Chapter 5 (commencing with Section 564) of Title 7 of Part 2 of the Code of Civil Procedure. Upon a proper showing, the court shall grant the relief provided by law and requested by the office or the Attorney General. No receiver shall be appointed unless approved by the office. A receiver appointed by the superior court pursuant to this subdivision and Section 564 of the Code of Civil Procedure may, with the approval of the court, exercise all of the powers of the officers and directors of the borrower, including the filing of a petition for bankruptcy. No action at law or in equity may be maintained by any party against the office, the Attorney General, or a receiver by reason of their exercising the powers of the officers and directors of a borrower pursuant to the order of, or with the approval of, the superior court.

(e) The borrower shall inform the office in advance of all meetings of its governing body. The borrower shall not exclude the office from attending any meeting of the borrower's governing body.

(f) Other than the loan insured under this chapter, the office shall not be liable for any debt of a borrower, or to a borrower, as a result of the office asserting its legal remedies against a borrower insured under this chapter.

SEC. 3. Section 129174 is added to the Health and Safety Code, immediately following Section 129173, to read:

129174. In the event a borrower has defaulted in making its payments on the loan insured by the office to the borrower's bond trustee, at any time thereafter, the office may defease a portion or all of the bonds or may purchase a portion or all of the bonds at a private or public sale or on the open market. For this purpose, the office may use any funds available, including, but not limited to, funds in the Health Facility Construction Loan Insurance Fund, funds that the office may receive either from settlement or recoveries from lawsuits, funds from the sale of assets of the borrower, or funds held by the borrower's bond trustee. If requested by the office, the Treasurer shall purchase the bonds on behalf of the office. Upon the purchase of any bonds under this section, the office shall direct the borrower's bond trustee to cancel the bonds purchased.

For the purposes of this section, "bonds" mean bonds, certificate of participation, notes, or other evidence of indebtedness of a loan insured by the office.

SEC. 4. Section 129174.1 is added to the Health and Safety Code, to read:

129174.1. In the event a loan insured by the office has gone into bankruptcy and that a plan has been proposed for adoption, upon a certification by the office that the insurance is in place and would be in place if the plan were adopted, then the office shall have the right to vote on the plan on behalf of the holders of the loan insured by the office.

CHAPTER 418

An act relating to economic development.

[Approved by Governor September 11, 1996. Filed with Secretary of State September 11, 1996.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) California has established overseas trade offices charged with developing the state's exports and promoting job-creating industry investment in the state. California currently has overseas trade offices located in London, Frankfurt, Mexico City, Taipei, Hong Kong, Tokyo, and Africa, and a representative office in Jerusalem.

(b) California needs to establish new markets for its products in order to compensate for the impact of the national recession and protracted military base closures.

(c) The United States Department of Commerce has identified India as a "Big Emerging Market."

(d) Trade opportunities are rapidly increasing in India for California products and services.

(e) India has a consuming market of 250 million people with substantial levels of income.

(f) India has a gross national product that is larger than that of South Korea, Mexico, Australia, or Sweden; and the American investment in India is expected to be $30 billion through 1998.

(g) India's recent economic reforms have the potential of surpassing economic opportunities elsewhere in Asia. For example, tariffs in India in 1990–91 were at a maximum 400 percent, as of 1994 they were 65 percent. Continued reforms indicate that the reduction of trade barriers is consistent and would be favorable to increased trade with California.

(h) California exported 30 percent of its industrial machinery and computers to India.

(i) California exported 21 percent of its electronic equipment, not including computers, to India.

(j) For these reasons, the Legislature believes that establishing overseas trade offices in India should be considered by the Trade and Commerce Agency.

SEC. 2. It is the recommendation of the Legislature that the Governor instruct the Director of the California State World Trade Commission to continue to study the viability of California products in India and the feasibility of establishing an overseas trade office in that country. The Legislature further recommends that the director be instructed to publish any new findings made pursuant to this section and report back to the Legislature by January 1, 1998.

CHAPTER 419

(e) As used in this section, "hijacking" means an unauthorized person causing, or attempting to cause, by violence or threat of violence, a public conveyance to go to an unauthorized destination.

(2) Perform a preliminary review of the gas or electric system, or both, in the park or community.

(3) Inspect documentation provided by the park or community owner of the construction, operation, and condition of the gas or electric system, or both.

(4) Advise the park or community owner concerning the general condition of the plant and equipment, along with a preliminary opinion concerning the extent of construction work or other activity necessary to comply with Section 2794.

(5) Offer a preliminary nonbinding estimate of the cost of transfer.

(6) Offer the park or community owner a preliminary nonbinding cost estimate to perform an engineering evaluation and estimate the construction work and equipment replacement to be performed by the gas or electric corporation at the owner's expense.

(b) The gas or electric corporation shall develop the cost estimate for the engineering evaluation in good faith using the same methodology as is used for similar projects. The preliminary cost estimate shall be effective for a minimum of 90 days. The gas or electric corporation shall give the owner timely notice of any increase in the estimated cost of the engineering evaluation.

(c) During 1997, gas and electric corporations shall make a good faith effort to respond within 90 days to the notice provided in subdivision (a).

(d) The gas or electric corporation may charge a fee for the initial inspection not to exceed one hundred fifty dollars ($150).

2793. (a) Upon receipt from the park or community owner of a deposit representing the gas or electric corporation's estimated cost of the engineering evaluation, the gas or electric corporation shall, within 90 days, do all of the following:

(1) Develop an engineering plan for bringing the gas or electric system to the standard described in Section 2794, incorporating all relevant documentation including plans, drawings, engineering studies, and other existing documentation provided by the park or community owner, and considering incorporation of all portions of the gas or electric system found to be used, useful, and compatible.

(2) Develop an appraisal of the value to the gas or electric corporation of the physical plant and equipment found to be used, useful, and compatible that comprise the gas or electric system, or both, to be transferred, including an estimate of the remaining useful life of the gas or electric system. The value to the gas or electric corporation shall take into consideration the expenditures by the park or community owner to comply with the criteria established in Section 2794.

(3) Present a proposal, in sufficient detail to serve as a bid document for the transfer of ownership of the system to the gas or electric corporation.

(b) The proposal may be based on either of the following approaches or as the park or community owner and the gas or electric corporation mutually agree:

(1) The park or community owner is responsible for all construction and equipment replacement activity, if any, at the park or community owner's expense less any credits or allowances, if any, including credits or allowances based on incremental increases in the gas or electric corporation's revenues associated with the park or community owner's investment in the gas or electric system. The construction and equipment replacement and the credits and allowances shall be based on the principles established in the gas or electric corporation's line and service extension rules, if applicable.

(2) The gas or electric corporation shall pay the park or community owner for the appraised value to the gas or electric corporation of any gas or electric distribution facilities found to be used, useful, and compatible. If any new facilities are necessary, the park or community owner shall be responsible for the costs of the excavation, installation of substructures, conduit and meter panels, and surface repairs. Except as provided in paragraph (4) of subdivision (c), the gas or electric corporation shall be responsible for the costs of any additional construction and equipment replacement, including cabling and transformers.

(c) The proposal shall include the following:

(1) A description of construction and equipment replacement activity, if any, to be accomplished at the park or community owner's expense.

(2) Requirements for any additional provisions or rights for the construction or maintenance of public utility facilities on park or community premises, including easements and rights-of-way acceptable to the gas or electric corporation.

(3) Any specific requirements or costs, or both, with respect to the presence of used and useful materials or equipment that are nonstandard, including, but not limited to, inventory requirements, specialized equipment requirements, or specialized personnel or training.

(4) Any specific requirements or costs, or both, with respect to the presence of exceptional construction conditions or operation and maintenance conditions.

(d) If the actual cost of the engineering evaluation is greater than the gas or electric corporation estimate, the park or community owner shall pay the gas or electric corporation the difference within 30 days of receipt of notice. If the actual cost of the engineering evaluation is less than the deposit, the gas or electric corporation shall pay the park or community owner the difference within 30 days. The content of the proposal shall become the property of the park or community owner.

(e) Within 90 days of receipt of the proposal for transfer of ownership, a park or community owner may do any of the following:

(1) Present objections to the gas or electric corporation in writing for resolution and may require mediation of the commission if the parties are unable to resolve the objection.

(2) Decline to proceed, without prejudice to the right to present a new notice at any future date.

(3) Accept the proposal and contract with the gas or electric corporation for completion of the construction work and equipment replacement, if any, or the acquisition of the gas or electric system, or both.

(4) Accept the proposal and contract with an approved third party for completion of the construction work and equipment replacement, if any, in accordance with the applicable gas or electric corporation applicant installation rules.

(f) Any new facilities provided by the gas or electric corporation to extend distribution or service facilities from the existing gas or electric corporation system within the park to previously undeveloped locations shall be provided in accordance with line extension rules and service extension rules contained in gas or electric corporation tariffs filed with the commission, including any and all free extensions, allowances, and advances subject to refund.

(g) Upon completion of construction work and equipment replacement, if any, receipt of appropriate inspection approval from the gas or electric corporation and authorities having jurisdiction for the inspections, and completion of all financial transactions among the parties, the park or community owner shall transfer and the gas or electric corporation shall acquire ownership and operational responsibility for the gas or electric system.

(h) Upon receipt of the proposal described in paragraph (3) of subdivision (a), the park or community owner shall notify the park residents concerning the pendency of a transfer process request and the provisions of the transfer process law.

2794. (a) A gas or electric system shall be considered acceptable for transfer if it is in compliance with the following criteria:

(1) It is capable of providing the end users a safe and reliable source of gas or electric service.

(2) It meets the commission's general orders, is compatible, and, in the case of new construction, meets the gas or electric corporation's design and construction standards insofar as they are related to safety and reliability. The parties may waive these requirements by mutual agreement and, where necessary, with commission approval. The deviations as are agreed upon may be reflected in the purchase price.

(3) It is capable of serving the customary expected load in the park or community determined in accordance with a site-specific study, studies of comparable parks or communities, industry standards, and the gas or electric corporation's rules as approved by the commission.

(b) As used in this section, "customary expected load" means the anticipated level of service demanded by the dwelling units in the park or community. The park or community owner shall not be responsible for betterments or improvements to the gas or electric

corporation's distribution system facilities or operations that do not benefit the park or community.

(c) Satisfaction of the criteria shall not require any particular system architecture or replacement of used and useful equipment, plant, or facilities, except as needed to comply with subdivision (a). Equipment, facilities, or plant that are part of the existing gas or electric system shall be considered compatible unless their presence in the system would cause substantial increase in the frequency or duration of outages in the case of failure or emergency, or they have no remaining useful life. Pursuant to subdivision (c) of Section 2793, equipment, facilities, or plant that require special training for the gas or electric corporation's employees, or require the gas or electric corporation to maintain inventories of nonstandard equipment may be considered compatible, but their presence may be reflected in the appraised value or the cost imposed on the park or community owner.

2795. The park or community owner and the gas or electric corporation shall develop a cost for the transfer of the gas or electric system that reflects the factors in Section 2793, indemnity and liability issues, and any other factors as the parties may mutually agree upon, and to which the gas or electric corporation's ratepayers are indifferent. The parties may agree on a schedule for phasing in facilities to meet expected load increases and betterments, and the costs associated with those activities.

2796. (a) During the pendency of a transfer request, the owner of the park or community shall be responsible for the continued maintenance to preserve the integrity of the park or community gas or electric system and safe and reliable operation of the park or community system in accordance with applicable laws.

(b) During the pendency of a transfer request the owner of the park or community shall be liable for injury and damage resulting from operation of the submetered gas and electric system. After transfer the gas or electric corporation shall assume responsibility for operation of the gas or electric system and provision of service to residents of the park or community and shall assume liability for any future injury or damage resulting from operation of the gas or electric system except with respect to defects known to the park or community owner and not disclosed to the gas or electric corporation during the transfer of ownership process.

2797. The commission shall permit the gas or electric corporation to recover in its revenue requirement and rates all costs to acquire, improve, upgrade, operate, and maintain transferred mobilehome park or manufactured housing community gas or electric systems.

2798. The commission shall adopt a standard form of agreement for transfer of gas and electric distribution facilities in mobilehome parks and manufactured housing communities that shall be the basis for expedited approval of the transfers. The contract shall be based on this chapter, the regulations of the commission, and on gas or

electric corporation rules and regulations, as approved by the commission.

2799. (a) The mobilehome park or manufactured housing community owner may, by written notice, stop the transfer process at any time. Within 60 days of delivery to the park or community owner of an itemized bill, the owner shall reimburse the gas or electric corporation for all costs incurred through the date notice is provided.

(b) At any time during the transfer of ownership process, either party may apply to the commission for informal mediation and resolution of any issue, finding, determination, or delay in the conversion process.

(c) If the initiation of the transfer process does not result in a transfer of the park or community owner's gas or electric system to the gas or electric corporation, all information, data, reports, studies, and proposals shall be retained by the gas or electric corporation for a period of five years or offered to the park or community owner. Prior to disposal of the records, the gas or electric corporation shall offer them to the park or community owner, except that the gas or electric corporation shall not be required to provide proprietary information to the park or community owner.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 425

An act to amend Sections 14571.4 and 14581 of the Public Resources Code, relating to beverage containers, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 11, 1996. Filed with Secretary of State September 12, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 14571.4 of the Public Resources Code is amended to read:

14571.4. (a) (1) On and after January 1, 1995, and for a period not to exceed three years thereafter, the department shall certify one operator to establish the Pacific Beach Pilot Mobile Recycling Program, as a pilot program, incorporating all convenience zones in the Pacific Beach area of San Diego County.

(2) For the purposes of this section, "the Pacific Beach area of San Diego County" means the area designated in the Pacific Beach Community Plan.

(b) Notwithstanding Sections 14570 and 14571, for the duration of the pilot program, all convenience zones within the Pacific Beach area of San Diego County shall be considered served if all of the following conditions are met:

(1) The recycling center operator meets all of the following:

(A) The center is open for business at least once each week at each of five locations, three of which are within the existing convenience zones in the Pacific Beach area of San Diego County.

(B) The center is open for business at least eight hours per day at each location.

(C) The center agrees to accept, and pay the refund value for, all eligible beverage container types.

(D) The center is certified by the department for operation in at least five locations, each of which shall be approved by the department.

(2) All dealers within the Pacific Beach area of San Diego County post a clear and conspicuous sign of at least 10 inches by 15 inches at each public entrance to the dealer's place of business, indicating the location, hours, and day of operation for each recycling location within the Pacific Beach area.

(c) A recycling center operator approved by the department, that meets the requirements of subdivision (b), shall be designated a certified recycling center and shall be eligible to apply for handling fees pursuant to Section 14585.

(d) As a condition of the continuation of the pilot program, within six months after the initiation of the pilot program, the total minimum monthly volume of beverage containers recycled by the recycling center operator at all sites combined within the Pacific Beach area of San Diego County shall be at least 120,000 containers per month.

(e) (1) On or before April 11, 1997, the department shall submit a report to the Legislature, and shall submit copies of the report to the appropriate policy committees of the Legislature, and, upon request, to any Member of the Legislature, on the effectiveness of the pilot program in meeting the goals of this division, together with a recommendation with regard to the continuance of the pilot

program. The report shall include an evaluation of the effectiveness of the pilot program in avoiding increased vagrancy and crime adjacent to recycling locations and shall compare the effectiveness of the pilot program in providing convenient opportunities for beverage container recycling when compared to comparable communities which have convenience zone recycling.

(2) The law enforcement agency which has jurisdiction over the Pacific Beach area shall provide appropriate crime statistics and any other relevant information to the department so that the effectiveness of the pilot program in avoiding increased vagrancy and crime adjacent to recycling locations can be evaluated.

(f) If the department determines that it is necessary to adopt or revise regulations to implement this section, the regulations shall be adopted or revised as emergency regulations. The Office of Administrative Law shall consider these emergency regulations to be necessary for the immediate preservation of the public peace, health, and safety, and the general welfare for the purposes of Section 11349.6 of the Government Code. Notwithstanding the 120-day period provided for in subdivision (e) of Section 11346.1 of the Government Code, the emergency regulations shall be repealed 180 days from the effective date of the regulations.

(g) This section shall remain in effect only until January 1, 1998, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1998, deletes or extends that date.

SEC. 2. Section 14581 of the Public Resources Code is amended to read:

14581. (a) Subject to the availability of funds, the department may expend the money set aside in the fund, pursuant to subdivision (c) of Section 14580 for the purposes of this section, in the following order of priority:

(1) Eighteen million five hundred thousand dollars ($18,500,000) may be expended, until January 1, 1999, for the payment of handling fees required pursuant to Section 14585.

(2) Five million dollars ($5,000,000) may be expended, until January 1, 1999, for payments for curbside programs pursuant to Section 14549.6.

(3) (A) Seven million dollars ($7,000,000), plus the proportional share of the cost-of-living adjustment, as provided in subdivision (b), may be expended in the form of grants issued to either of the following:

(i) Certified community conservation corps, that either exist currently, or that are formed at a future date, that are designated by a city or a city and county to perform litter abatement, recycling, and related activities, if the city or the city and county has a population, as determined by the most recent census, of more than 250,000 persons.

(ii) Community conservation corps, that are designated by a county to perform litter abatement, recycling, and related activities,

and are certified by the California Conservation Corps as having operated for a minimum of two years and as meeting all other criteria of Section 14507.5.

(B) Any grants provided pursuant to this paragraph shall not comprise more than 75 percent of the annual budget of a community conservation corps.

(4) Two million dollars ($2,000,000), plus the proportional share of the cost-of-living adjustment, as provided in subdivision (b), may be expended, in the form of grants to nonprofit organizations or governmental entities, as determined by the department.

(b) The nine million dollars ($9,000,000) that is set aside pursuant to paragraphs (3) and (4) of subdivision (a), is a base amount that the department shall adjust annually to reflect any increases or decreases in the cost of living, as measured by the Department of Labor, or a successor agency, of the federal government.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to authorize in a timely manner an extension of time for the Department of Conservation to submit to the Legislature the report required pursuant to paragraph (1) of subdivision (e) of Section 14571.4 of the Public Resources Code, it is necessary that this act take effect immediately.

CHAPTER 426

An act to amend Sections 41954, 41956.1, and 41960 of the Health and Safety Code, relating to air pollution.

[Approved by Governor September 11, 1996. Filed with Secretary of State September 12, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 41954 of the Health and Safety Code is amended to read:

41954. (a) The state board shall adopt procedures for determining the compliance of any system designed for the control of gasoline vapor emissions during gasoline marketing operations, including storage and transfer operations, with performance standards which are reasonable and necessary to achieve or maintain any applicable ambient air quality standard.

(b) The state board shall, after a public hearing, adopt additional performance standards which are reasonable and necessary to ensure that systems for the control of gasoline vapors resulting from motor vehicle fueling operations do not cause excessive gasoline liquid

spillage when used in a proper manner. To the maximum extent practicable, the additional performance standards shall allow flexibility in the design of gasoline vapor recovery systems and their components.

(c) The state board shall certify, in cooperation with the districts, any gasoline vapor control system, upon its determination that the system, if properly installed and maintained, will meet the requirements of subdivision (a). The state board shall enumerate the specifications used for issuing the certification. After a system has been certified, if circumstances beyond the control of the state board cause the system to no longer meet the required specifications or standards, the state board may revoke or modify the certification.

(d) The state board may test, or contract for testing, gasoline vapor control systems for the purpose of certifying them.

(e) The state board shall charge a reasonable fee for certification, not to exceed its estimated costs therefor. Payment of the fee shall be a condition of certification.

(f) No person shall offer for sale, sell, or install any new or rebuilt gasoline vapor control system, or any component of the system, unless the system or component has been certified by the state board and is clearly identified by a permanent identification of the certified manufacturer or rebuilder.

(g) (1) Except as authorized by other provisions of law and except as provided in this subdivision, no district may adopt, after July 1, 1995, stricter procedures or performance standards than those adopted by the state board pursuant to subdivision (a), and no district may enforce any such stricter procedures or performance standards.

(2) Any such stricter procedures or performance standards shall not require the retrofitting, removal, or replacement of any existing system, which is installed and operating in compliance with applicable requirements, within four years from the effective date of those procedures or performance standards, except that existing requirements for retrofitting, removal, or replacement of nozzles with nozzles containing vapor-check valves may be enforced commencing July 1, 1998.

(3) Any such stricter procedures or performance standards shall not be implemented until at least two systems meeting the stricter performance standards have been certified by the state board.

(4) If the certification of a gasoline vapor control system, or a component thereof, is revoked or modified, no district shall require a currently installed system, or component thereof, to be removed for a period of four years from the date of revocation or modification.

(h) No district shall require the use of test procedures for testing the performance of a gasoline vapor control system unless those test procedures have been adopted by the state board or have been determined by the state board to be equivalent to those adopted by the state board, except that test procedures used by a district prior

to January 1, 1996, may continue to be used until January 1, 1998, without state board approval.

(i) With respect to those vapor control systems subject to certification by the state board, there shall be no criminal or civil proceedings commenced or maintained for failure to comply with any statute, rule, or regulation requiring a specified vapor recovery efficiency if the vapor control equipment which has been installed to comply with applicable vapor recovery requirements meets both of the following requirements:

(1) Has been certified by the state board at an efficiency equal to or greater than the efficiency required by applicable statutes, rules, or regulations.

(2) Is installed, operated, and maintained in accordance with the procedures set forth in the certification and the instructions of the equipment manufacturer.

SEC. 2. Section 41956.1 of the Health and Safety Code is amended to read:

41956.1. (a) Whenever the state board, the Division of Measurement Standards of the Department of Food and Agriculture, or the State Fire Marshal revises performance or certification standards or revokes a certification, any systems or any system components certified under procedures in effect prior to the adoption of revised standards or the revocation of the certification and installed prior to the effective date of the revised standards or revocation may continue to be used in gasoline marketing operations for a period of four years after the effective date of the revised standards or the revocation of the certification. However, all necessary repair or replacement parts or components shall be certified.

(b) Notwithstanding subdivision (a), whenever the State Fire Marshal determines that a system or a system component creates a hazard to public health and welfare, the State Fire Marshal may prevent use of the particular system or component.

(c) Notwithstanding subdivision (a), the Division of Measurement Standards may prohibit the use of any system or any system component if it determines on the basis of test procedures adopted pursuant to subdivision (c) of Section 41956, that use of the system or component will result in gasoline recirculation.

SEC. 3. Section 41960 of the Health and Safety Code is amended to read:

41960. (a) Certification of a gasoline vapor recovery system for safety and measurement accuracy by the State Fire Marshal and the Division of Measurement Standards and, if necessary, by the Division of Occupational Safety and Health shall permit its installation wherever required in the state, if the system is also certified by the state board.

(b) Except as otherwise provided in subdivision (g) of Section 41954, no local or regional authority shall prohibit the installation of

a certified system without obtaining concurrence from the state agency responsible for the aspects of the system which the local or regional authority disapproves.

CHAPTER 427

An act to amend Sections 35757, 35782, 38191, and 38192 of, to amend the heading of Article 2.5 (commencing with Section 38191) of Chapter 5 of Part 3 of Division 15 of, and to add Sections 32920 and 32920.5 to, the Food and Agricultural Code, relating to milk.

[Approved by Governor September 11, 1996. Filed with Secretary of State September 12, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 32920 is added to the Food and Agricultural Code, to read:

32920. Any pasteurized milk or milk product, frozen dessert, cheese, or product resembling milk products shall be produced, distributed, or sold in accordance with the current good manufacturing practices set forth in Title 21 of the Code of Federal Regulations, as amended.

SEC. 2. Section 32920.5 is added to the Food and Agricultural Code, to read:

32920.5. Any sanitary, sterilization, or pasteurization requirement relating to or affecting the production of raw milk for pasteurization or the processing, distribution, or sale of any pasteurized milk or pasteurized milk product, frozen dessert, cheese, or product resembling milk products, that is adopted by the secretary pursuant to this section, shall be in conformity with the "Current Good Manufacturing Practice in Manufacturing, Packing, or Holding Human Food" in Part 110 (commencing with Section 110.3) of Title 21 of the Code of Federal Regulations. The secretary, after public hearing, may adopt regulations referencing sections or portions thereof, of the most current revision of the "Grade A Pasteurized Milk Ordinance/Grade A Dry Milk Ordinance—Recommendations of the United States Public Health Service/Food and Drug Administration."

SEC. 3. Section 35757 of the Food and Agricultural Code is amended to read:

35757. The secretary, in compliance with Section 407 of this code and Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, may adopt regulations pertaining to temperature requirements for market milk delivered to consumers. Notwithstanding any other provision of this chapter, these regulations may establish temperature requirements for

market milk delivered to consumers that differ from any or all requirements provided for in this chapter. In adopting these regulations, the secretary shall take into consideration the preservation of high quality market milk for consumers, as well as avoidance of hardship and unreasonable expense for persons engaged in the processing, packaging, and distribution of market milk.

SEC. 4. Section 35782 of the Food and Agricultural Code is amended to read:

35782. Market milk shall be cooled to 45 degrees Fahrenheit or below, whether it is raw or pasteurized, and, except as otherwise provided in Section 35783, shall be so maintained until it is delivered to the consumer.

SEC. 5. The heading of Article 2.5 (commencing with Section 38191) of Chapter 5 of Part 3 of Division 15 of the Food and Agricultural Code is amended to read:

Article 2.5. One Percent Lowfat Milk

SEC. 6. Section 38191 of the Food and Agricultural Code is amended to read:

38191. One percent lowfat milk is a market milk product with added milk solids derived from market milk. One percent lowfat milk shall contain not less than 0.9 percent milk fat, not more than 1.1 percent milk fat, and not less than 11 percent of milk solids not fat.

SEC. 7. Section 38192 of the Food and Agricultural Code is amended to read:

38192. Except as otherwise provided in this article, one percent lowfat milk shall meet all standards and requirements that are specified in this division for market milk.

CHAPTER 428

An act relating to taxation.

[Approved by Governor September 11, 1996. Filed with Secretary of State September 12, 1996.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares all of the following:

(1) The current alternative minimum tax is excessively complicated and burdensome to California businesses.

(2) The alternative minimum tax calculation is so complex that it is not well complied with or understood.

(3) Many California businesses must compute this complex tax even if they are not ultimately subject to it.

(4) Any changes to the alternative minimum tax will necessarily be complicated and require study.

(b) The Franchise Tax Board and the Department of Finance shall, with input from affected taxpayers, on or before June 1, 1997, jointly prepare and make recommendations to the Legislature with respect to statutory changes aimed at simplifying the alternative minimum tax. These recommendations shall be based on an examination of all of the following:

(1) A profile of taxpayers who must make the alternative minimum tax calculation.

(2) A profile of taxpayers who pay the alternative minimum tax.

(3) An analysis of what the other 49 states do with respect to an alternative minimum tax.

(4) The original purpose of the alternative minimum tax and whether the tax is achieving that purpose.

(5) An analysis of alternative proposals for eliminating the major sources of complexity within the alternative minimum tax, including repealing the tax.

CHAPTER 429

An act to amend Sections 41750, 41751, 41752, 41753, 41754, and 41755 of, and to amend the heading of Article 1.5 (commencing with Section 41750) of Chapter 3 of Part 4 of Division 26 of, the Health and Safety Code, relating to air pollution.

[Approved by Governor September 11, 1996. Filed with Secretary of State September 12, 1996.]

The people of the State of California do enact as follows:

SECTION 1. The heading of Article 1.5 (commencing with Section 41750) of Chapter 3 of Part 4 of Division 26 of the Health and Safety Code is amended to read:

Article 1.5. Portable Equipment

SEC. 2. Section 41750 of the Health and Safety Code is amended to read:

41750. The Legislature hereby finds and declares all of the following:

(a) Existing law authorizes each district to impose separate and sometimes inconsistent emission control requirements for, and to require separate permits to operate, portable equipment that are used at various sites throughout the state.

(b) That multiplicity of permits and regulatory requirements imposes a complex and costly burden on California businesses that use, hire, provide, and manufacture that equipment.

(c) A uniform, voluntary system of statewide registration and regulation of portable equipment, consistent with current state and federal air quality law, is necessary to ensure consistent and reasonable regulation of that equipment without undue burden on their owners, operators, and manufacturers.

(d) Portable equipment has attributes of both mobile sources and stationary sources of air pollution. A separate registration and emission control program is needed to reflect the unique operating characteristics of that equipment while providing authority for a statewide program of emission reduction measures to be applied to existing in-state, out-of-state, and newly manufactured portable equipment.

SEC. 3. Section 41751 of the Health and Safety Code is amended to read:

41751. (a) As used in this article, "portable equipment" includes any internal combustion engine that is portable, and equipment that is associated with, and driven solely by, any portable internal combustion engine. Portable equipment does not include an engine used to propel nonroad equipment or a motor vehicle of any kind, including, but not limited to, a heavy-duty vehicle.

(b) As used in this article, "portable" means that it is carried or moved from one location to another in the normal course of business. Indicia of portability include, but are not limited to, wheels, skids, carrying handles, or a dolly, trailer, vessel, platform, or mounting.

(c) Portable equipment includes, but is not limited to, any of the following:

(1) Confined and unconfined abrasive blasting equipment.

(2) Portland concrete batch plants.

(3) Sand and gravel screening, rock crushing, unheated pavement crushing, and recycling operations equipment.

(4) Consistent with federal law, portable internal combustion engines used in conjunction with, but not limited to, the following types of operations:

(A) Well drilling, including service equipment and work over rigs.

(B) Power generation, excluding cogeneration.

(C) Pumps.

(D) Compressors.

(E) Pile drivers.

(F) Welding.

(G) Cranes.

(H) Wood chippers.

(5) Equipment necessary for the operation of portable equipment.

SEC. 4. Section 41752 of the Health and Safety Code is amended to read:

41752. (a) At the earliest feasible date, but not later than July 1, 1997, the state board shall do all of the following:

(1) Evaluate the emissions from the operation of portable equipment and identify emission reduction technologies that may be applied to portable equipment.

(2) After holding at least one public hearing, establish, by regulation, emission limits and emission control requirements, consistent with Section 41754, and an optional registration program for portable equipment that is, or may be, used in more than a single district.

(b) The registration program shall take effect on the date specified by the state board in the regulation, but not later than 180 days from the date that the state board adopts the regulation.

(c) The program shall provide for the voluntary registration of portable equipment, and may provide for the renewal of a registration not more than once every three years.

(d) (1) The state board may establish a schedule of fees for purposes of this article to be assessed on persons seeking to register, or to renew the registration of, portable equipment. The state board may establish separate fees for the initial registration and for the renewal of a registration. The fees charged, in the aggregate, shall not exceed the reasonable cost to the state board of administering the registration program, and adopting the regulations specified in Section 41754.

(2) The state board shall, in adopting the regulations specified in Section 41754, include a uniform statewide district fee schedule for the recovery of the reasonable costs of enforcement pursuant to Section 41755.

(e) Notwithstanding Section 41754, the state board may periodically revise and update the regulations adopted pursuant to this section, including, but not limited to, revising and updating a determination of best available control technology (BACT) for portable internal combustion engines.

SEC. 5. Section 41753 of the Health and Safety Code is amended to read:

41753. (a) (1) It is the intent of the Legislature that the registration of, and the regulation of emissions from, portable equipment that is operated in more than one district and that is subject to the registration program be done on a uniform, statewide basis by the state board and that the permitting, registration, and regulation of portable equipment by the districts be preempted.

(2) Notwithstanding paragraph (1), if the owner or operator of portable equipment elects not to register under the statewide registration program, the unregistered portable equipment shall be subject to district permitting requirements pursuant to district regulations.

(b) On and after the effective date of the statewide registration program established by the state board pursuant to subdivision (a)

of Section 41752 and upon the registration of portable equipment by the portable equipment owner or operator, a district shall not, with respect to the affected portable equipment, do any of the following:

(1) Require a permit for the construction or operation of the portable equipment.

(2) Assess any fee related to the construction or operation of the portable equipment, other than that specified in paragraph (2) of subdivision (d) of Section 41752.

(3) Adopt any emission limit or emission control requirement applicable to the portable equipment.

(4) Except as provided in Section 41755, enforce any emission limit or emission control requirement applicable to the portable equipment.

(c) The state board, in consultation with affected districts, shall amend the state implementation plan as necessary to include the statewide registration program and conform the state implementation plan to its requirements.

SEC. 6. Section 41754 of the Health and Safety Code is amended to read:

41754. (a) The regulations adopted by the state board, on or before July 1, 1997, shall include, but need not be limited to, provisions that ensure all of the following:

(1) That emissions from portable equipment subject to the statewide registration program will not, in the aggregate, interfere with the attainment or maintenance of state or federal ambient air quality standards and the emissions from any one portable equipment engine, exclusive of background concentration, shall not cause an exceedance of any ambient air quality standard. This paragraph shall not be construed as requiring portable equipment operators to provide emission offsets for portable equipment registered under the program.

(2) (A) That, to the extent not in conflict with federal law, the registration program preserves the most stringent requirements adopted by a district which require the use of best available control technology (BACT) for each class or category of portable equipment determined appropriate by the state board, and which requirements were in effect on January 1, 1995. In determining the appropriate emission limits or emission control technology requirements for classes and categories of portable equipment, the state board may set different requirements for portable equipment that is defined by the state board as California resident portable equipment.

(B) Notwithstanding subparagraph (A) and, to the extent not in conflict with federal law, the state board may consider technical and economic feasibility in establishing emission limits or control equipment requirements for any category or class of existing California resident portable equipment, if all portable equipment in that category or class is required to be modified or replaced to meet

BACT or the more stringent of a state or federal emission standard, at a date determined by the state board.

(3) That any registered portable equipment, including any turbine, used by the Department of Defense or the National Guard exclusively for military technical support or other federal emergency purposes, as specified in the regulations adopted by the state board, is not subject to any statewide or district emission control or emission limit.

(b) No emission limit or emission control requirement shall be established for any portable equipment defined by the state board as California resident portable equipment unless the state board determines that the emission limit or emission control requirement is technologically and economically feasible and is necessary to carry out the express terms of this division, including, but not limited to, Section 43013, or to attain or maintain state or federal ambient air quality standards.

(c) Prior to adopting any emission limit or emission control requirement, the state board shall consider the magnitude of the resultant air quality benefits and the potential effects of the regulation on the costs to businesses that use the portable equipment.

(d) The emission limits established for any portable equipment or class of portable equipment shall reflect the effectiveness of all control equipment installed and operated on the portable equipment or particular class of portable equipment.

(e) No emission limits other than those established by the state board for any portable equipment or class of portable equipment shall be used by a district for purposes of calculating and reporting emissions from portable equipment subject to this article.

(f) Any recordkeeping and reporting requirements prescribed by the state board for the purpose of tracking portable equipment utilization and movement shall be the minimum that is necessary to provide sufficient emission inventory data and allow adequate enforcement of the registration program.

(g) Source testing of portable equipment emissions for registration purposes shall not be required if there is no emission standard applicable to portable equipment, or if acceptable emissions data is available. For purposes of this subdivision, "acceptable emissions data" means emissions data representative of current portable equipment operations that is either reliable emissions data from the portable equipment manufacturer or a source test performed within three years prior to the date that the emissions data is requested.

SEC. 7. Section 41755 of the Health and Safety Code is amended to read:

41755. (a) Districts shall enforce the statewide registration program, emission limitations, and emission control requirements established by the state board pursuant to this article in the same manner as a district rule or regulation.

(b) (1) Source testing of engines for compliance purposes shall not be required more frequently than once every three years, except where evidence of engine tampering, lack of proper engine maintenance, or other problems or operating conditions that could affect emissions from the engine are identified.

(2) A district may conduct source testing to determine compliance with mass emission limits where there is an indication of noncompliance.

(3) Except as required for purposes of paragraph (2), source testing of engine emissions for compliance purposes shall not be required of engines for which there is no applicable emission limit.

CHAPTER 430

(d) Nothing in this section shall impose a duty upon any licensee to report to the board the occurrence of any of the events set forth in subdivision (a) either by or against any other licensee.

CHAPTER 431

An act to add Chapter 10.5 (commencing with Section 186.11) to Title 7 of Part 1 of, and to repeal Section 186.11 of, the Penal Code, relating to crime.

[Approved by Governor September 11, 1996. Filed with Secretary of State September 12, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 186.11 of the Penal Code is repealed.

SEC. 2. Chapter 10.5 (commencing with Section 186.11) is added to Title 7 of Part 1 of the Penal Code, to read:

CHAPTER 10.5. FRAUD AND EMBEZZLEMENT: VICTIM RESTITUTION

186.11. (a) (1) Any person who commits two or more related felonies, a material element of which is fraud or embezzlement, which involve a pattern of related felony conduct, and the pattern of related felony conduct involves the taking of more than one hundred thousand dollars ($100,000), shall be punished, upon conviction of two or more felonies in a single criminal proceeding, in addition and consecutive to the punishment prescribed for the felony offenses of which he or she has been convicted, by an additional term of imprisonment in the state prison as specified in paragraph (2) or (3). This enhancement shall be known as the aggravated white collar crime enhancement. The aggravated white collar crime enhancement shall only be imposed once in a single criminal proceeding. For purposes of this section, "pattern of related felony conduct" means engaging in at least two felonies that have the same

or similar purpose, result, principals, victims, or methods of commission, or are otherwise interrelated by distinguishing characteristics, and that are not isolated events. For purposes of this section, "two or more related felonies" means felonies committed against two or more separate victims, or against the same victim on two or more separate occasions.

(2) If the pattern of related felony conduct involves the taking of more than five hundred thousand dollars ($500,000), the additional term of punishment shall be two, three, or five years in the state prison.

(3) If the pattern of related felony conduct involves the taking of more than one hundred thousand dollars ($100,000), but not more than five hundred thousand dollars ($500,000), the additional term of punishment shall be the term specified in subdivision (a) or (b) of Section 12022.6.

(b) (1) The additional prison term and penalties provided for in subdivisions (a), (c), and (d) shall not be imposed unless the facts set forth in subdivision (a) are charged in the accusatory pleading and admitted or found to be true by the trier of fact.

(2) The additional prison term provided in paragraph (2) of subdivision (a) shall be in addition to any other punishment provided by law, including Section 12022.6, and shall not be limited by any other provision of law.

(c) Any person convicted of two or more felonies, as specified in subdivision (a), shall also be liable for a fine not to exceed five hundred thousand dollars ($500,000) or double the value of the taking, whichever is greater, if the existence of facts that would make the person subject to the aggravated white collar crime enhancement have been admitted or found to be true by the trier of fact. However, if the pattern of related felony conduct involves the taking of more than one hundred thousand dollars ($100,000), but not more than five hundred thousand dollars ($500,000), the fine shall not exceed one hundred thousand dollars ($100,000) or double the value of the taking, whichever is greater.

(d) Any person convicted of two or more felonies, as specified in subdivision (a), shall be liable for the costs of restitution to victims of the pattern of fraudulent or unlawful conduct, if the existence of facts that would make the person subject to the aggravated white collar crime enhancement have been admitted or found to be true by the trier of fact.

(e) (1) If a person is alleged to have committed two or more felonies, as specified in subdivision (a), and the aggravated white collar crime enhancement is also charged, any asset or property that is in the control of that person, and any asset or property that has been transferred by that person to a third party, subsequent to the commission of any criminal act alleged pursuant to subdivision (a), other than in a bona fide purchase, whether found within or outside the state, may be preserved by the superior court in order to pay

restitution and fines imposed pursuant to this section. Upon conviction of two or more felonies, as specified in subdivision (a), this property may be levied upon by the superior court to pay restitution and fines imposed pursuant to this section if the existence of facts that would make the person subject to the aggravated white collar crime enhancement have been admitted or found to be true by the trier of fact.

(2) To prevent dissipation or secreting of assets or property, the prosecuting agency may, at the same time as or subsequent to the filing of a complaint or indictment charging two or more felonies, as specified in subdivision (a), and the enhancement specified in subdivision (a), file a petition with the criminal division of the superior court of the county in which the accusatory pleading was filed, seeking a temporary restraining order, preliminary injunction, the appointment of a receiver, or any other protective relief necessary to preserve the property or assets. This petition shall commence a proceeding that shall be pendent to the criminal proceeding and maintained solely to effect the criminal remedies provided for in this section. The proceeding shall not be subject to or governed by the provisions of the Civil Discovery Act of 1986 as set forth in Article 3 (commencing with Section 2016) of Chapter 3 of Title 3 of Part 4 of the Code of Civil Procedure. The petition shall allege that the defendant has been charged with two or more felonies, as specified in subdivision (a), and is subject to the aggravated white collar crime enhancement specified in subdivision (a). The petition shall identify that criminal proceeding and the assets and property to be affected by an order issued pursuant to this section.

(3) A notice regarding the petition shall be provided, by personal service or registered mail, to every person who may have an interest in the property specified in the petition. Additionally, the notice shall be published for at least three successive weeks in a newspaper of general circulation in the county where the property affected by an order issued pursuant to this section is located. The notice shall state that any interested person may file a verified claim with the superior court stating the nature and amount of their claimed interest. The notice shall set forth the time within which a claim of interest in the protected property is required to be filed.

(4) If the property to be preserved is real property, the prosecuting agency shall record, at the time of filing the petition, a lis pendens in each county in which the real property is situated which specifically identifies the property by legal description, the name of the owner of record as shown on the latest equalized assessment roll, and the assessor's parcel number.

(5) If the property to be preserved are assets under the control of a banking or financial institution, the prosecuting agency, at the time of the filing of the petition, may obtain an order from the court directing the banking or financial institution to immediately disclose

the account numbers and value of the assets of the accused held by the banking or financial institution. The prosecuting agency shall file a supplemental petition, specifically identifying which banking or financial institution accounts shall be subject to a temporary restraining order, preliminary injunction, or other protective remedy.

(6) Any person claiming an interest in the protected property may, at any time within 30 days from the date of the first publication of the notice of the petition, or within 30 days after receipt of actual notice, file with the superior court of the county in which the action is pending a verified claim stating the nature and amount of his or her interest in the property or assets. A verified copy of the claim shall be served by the claimant on the Attorney General or district attorney, as appropriate.

(7) The imposition of fines and restitution pursuant to this section shall be determined by the superior court in which the underlying criminal offense is sentenced. Any judge who is assigned to the criminal division of the superior court in the county where the petition is filed may issue a temporary restraining order in conjunction with, or subsequent to, the filing of an allegation pursuant to this section. Any subsequent hearing on the petition shall also be heard by a judge assigned to the criminal division of the superior court in the county in which the petition is filed. At the time of the filing of an information or indictment in the underlying criminal case, any subsequent hearing on the petition shall be heard by the superior court judge assigned to the underlying criminal case.

(f) Concurrent with or subsequent to the filing of the petition, the prosecuting agency may move the superior court for, and the superior court may issue, the following pendente lite orders to preserve the status quo of the property alleged in the petition:

(1) An injunction to restrain any person from transferring, encumbering, hypothecating, or otherwise disposing of that property.

(2) Appointment of a receiver to take possession of, care for, manage, and operate the assets and properties so that the property may be maintained and preserved. The court may order that a receiver appointed pursuant to this section shall be compensated for all reasonable expenditures made or incurred by him or her in connection with the possession, care, management, and operation of any property or assets that are subject to the provisions of this section.

(3) A bond or other undertaking, in lieu of other orders, of a value sufficient to ensure the satisfaction of restitution and fines imposed pursuant to this section.

(g) (1) No preliminary injunction may be granted or receiver appointed by the court without notice that meets the requirements of paragraph (3) of subdivision (e) to all known and reasonably ascertainable interested parties and upon a hearing to determine that an order is necessary to preserve the property pending the outcome

of the criminal proceedings. A temporary restraining order may be issued by the court, ex parte, pending that hearing in conjunction with or subsequent to the filing of the petition upon the application of the prosecuting attorney. The temporary restraining order may be based upon the sworn declaration of a peace officer with personal knowledge of the criminal investigation that establishes probable cause to believe that aggravated white collar crime has taken place and that the amount of restitution and fines established by this section exceeds or equals the worth of the assets subject to the temporary restraining order. The declaration may include the hearsay statements of witnesses to establish the necessary facts. The temporary restraining order may be issued without notice upon a showing of good cause to the court.

(2) The defendant, or a person who has filed a verified claim as provided in paragraph (6) of subdivision (e), shall have the right to have the court conduct an order to show cause hearing within 10 days of the service of the request for hearing upon the prosecuting agency, in order to determine whether the temporary restraining order should remain in effect, whether relief should be granted from any lis pendens recorded pursuant to paragraph (4) of subdivision (e), or whether any existing order should be modified in the interests of justice. Upon a showing of good cause, the hearing shall be held within two days of the service of the request for hearing upon the prosecuting agency.

(3) In determining whether to issue a preliminary injunction or temporary restraining order in a proceeding brought by a prosecuting agency in conjunction with or subsequent to the filing of an allegation pursuant to this section, the court has the discretion to consider any matter that it deems reliable and appropriate, including hearsay statements, in order to reach a just and equitable decision. The court shall weigh the relative degree of certainty of the outcome on the merits and the consequences to each of the parties of granting the interim relief. If the prosecution is likely to prevail on the merits and the risk of the dissipation of assets outweighs the potential harm to the defendants and the interested parties, the court shall grant injunctive relief. The court shall give significant weight to the following factors:

(A) The public interest in preserving the property or assets pendente lite.

(B) The difficulty of preserving the property or assets pendente lite where the underlying alleged crimes involve issues of fraud and moral turpitude.

(C) The fact that the requested relief is being sought by a public prosecutor on behalf of alleged victims of white collar crimes.

(D) The likelihood that substantial public harm has occurred where aggravated white collar crime is alleged to have been committed.

(E) The significant public interest involved in compensating the victims of white collar crime and paying court imposed restitution and fines.

(4) The court, in making its orders, may consider a defendant's request for the release of a portion of the property affected by this section in order to pay reasonable legal fees in connection with the criminal proceeding, any necessary and appropriate living expenses pending trial and sentencing, and for the purpose of posting bail. The court shall weigh the needs of the public to retain the property against the needs of the defendant to a portion of the property. The court shall consider the factors listed in paragraph (3) prior to making any order releasing property for these purposes.

(5) The court, in making its orders, shall seek to protect the interests of any innocent third persons, including an innocent spouse, who were not involved in the commission of any criminal activity.

(6) Any petition filed pursuant to this section is part of the criminal proceedings for purposes of appointment of counsel and shall be assigned to the criminal division of the superior court of the county in which the accusatory pleading was filed.

(7) Based upon a noticed motion brought by the receiver appointed pursuant to paragraph (2) of subdivision (f), the court may order an interlocutory sale of property named in the petition when the property is liable to perish, to waste, or to be significantly reduced in value, or when the expenses of maintaining the property are disproportionate to the value thereof. The proceeds of the interlocutory sale shall be deposited with the court or as directed by the court pending determination of the proceeding pursuant to this section.

(8) The court may make any orders that are necessary to preserve the continuing viability of any lawful business enterprise that is affected by the issuance of a temporary restraining order or preliminary injunction issued pursuant to this action.

(9) In making its orders, the court shall seek to prevent any asset subject to a temporary restraining order or preliminary injunction from perishing, spoiling, going to waste, or otherwise being significantly reduced in value. Where the potential for diminution in value exists, the court shall appoint a receiver to dispose of or otherwise protect the value of the property or asset.

(10) A preservation order shall not be issued against any assets of a business that are not likely to be dissipated and that may be subject to levy or attachment to meet the purposes of this section.

(h) If the allegation that the defendant is subject to the aggravated white collar crime enhancement is dismissed or found by the trier of fact to be untrue, any preliminary injunction or temporary restraining order issued pursuant to this section shall be dissolved. If a jury is the trier of fact, and the jury is unable to reach a unanimous verdict, the court shall have the discretion to continue or dissolve all or a portion of the preliminary injunction or temporary restraining

order based upon the interests of justice. However, if the prosecuting agency elects not to retry the case, any preliminary injunction or temporary restraining order issued pursuant to this section shall be dissolved.

(i) (1) (A) If the defendant is convicted of two or more felonies, as specified in subdivision (a), and the existence of facts that would make the person subject to the aggravated white collar crime enhancement have been admitted or found to be true by the trier of fact, the trial judge shall continue the preliminary injunction or temporary restraining order until the date of the criminal sentencing and shall make a finding at that time as to what portion, if any, of the property or assets subject to the preliminary injunction or temporary restraining order shall be levied upon to pay fines and restitution to victims of the crime. The order imposing fines and restitution may exceed the total worth of the property or assets subjected to the preliminary injunction or temporary restraining order. The court may order the immediate transfer of the property or assets to satisfy any judgment and sentence made pursuant to this section. Additionally, upon motion of the prosecution, the court may enter an order as part of the judgment and sentence making the order imposing fines and restitution pursuant to this section enforceable pursuant to Title 9 (commencing with Section 680.010) of Part 2 of the Code of Civil Procedure.

(B) Additionally, the court shall order the defendant to make full restitution to the victim or to make restitution to the victim based on his or her ability to pay, as defined in subdivision (b) of Section 1203.1b. The payment of the restitution ordered by the court pursuant to this section shall be made a condition of any probation granted by the court if the existence of facts that would make the defendant subject to the aggravated white collar crime enhancement have been admitted or found to be true by the trier of fact. Notwithstanding any other provision of law, the court may order that the period of probation continue for up to 10 years or until full restitution is made to the victim, whichever is earlier.

(C) The sentencing court shall retain jurisdiction to enforce the order to pay additional fines and restitution and, in appropriate cases, may initiate probation violation proceedings or contempt of court proceedings against a defendant who is found to have willfully failed to comply with any lawful order of the court.

(D) If the execution of judgment is stayed pending an appeal of an order of the superior court pursuant to this section, the preliminary injunction or temporary restraining order shall be maintained in full force and effect during the pendency of the appellate period.

(2) The order imposing fines and restitution shall not affect the interest in real property of any third party that was acquired prior to the recording of the lis pendens, unless the property was obtained from the defendant other than as a bona fide purchaser for value. If

any assets or property affected by this section are subject to a valid lien, mortgage, security interest, or interest under a conditional sales contract and the amount due to the holder of the lien, mortgage, interest, or contract is less than the appraised value of the property, that person may pay to the state or the local government that initiated the proceeding the amount of the difference between the appraised value of the property and the amount of the lien, mortgage, security interest, or interest under a conditional sales contract. Upon that payment, the state or local entity shall relinquish all claims to the property. If the holder of the interest elects not to make that payment to the state or local governmental entity, the interest in the property shall be deemed transferred to the state or local governmental entity and any indicia of ownership of the property shall be confirmed in the state or local governmental entity. The appraised value shall be determined as of the date judgment is entered either by agreement between the holder of the lien, mortgage, security interest, or interest under a conditional sales contract and the governmental entity involved, or if they cannot agree, then by a court-appointed appraiser for the county in which the action is brought. A person holding a valid lien, mortgage, security interest, or interest under a conditional sales contract shall be paid the appraised value of his or her interest.

(3) In making its final order, the court shall seek to protect the legitimately acquired interests of any innocent third persons, including an innocent spouse, who were not involved in the commission of any criminal activity.

(j) In all cases where property is to be levied upon pursuant to this section, a receiver appointed by the court shall be empowered to liquidate all property or assets which shall be distributed in the following order of priority:

(1) To the receiver, or court-appointed appraiser, for all reasonable expenditures made or incurred by him or her in connection with the sale of the property or liquidation of assets, including all reasonable expenditures for any necessary repairs, storage, or transportation of any property levied upon under this section.

(2) To any holder of a valid lien, mortgage, or security interest up to the amount of his or her interest in the property or proceeds.

(3) To any victim as restitution for any fraudulent or unlawful acts alleged in the accusatory pleading that were proven by the prosecuting agency as part of the pattern of fraudulent or unlawful acts.

(4) For payment of any fine imposed pursuant to this section. The proceeds obtained in payment of a fine shall be paid to the treasurer of the county in which the judgment was entered, or if the action was undertaken by the Attorney General, to the Treasurer. If the payment of any fine imposed pursuant to this section involved losses resulting from violation of Section 550 of this code or Section 1871.4

of the Insurance Code, one-half of the fine collected shall be paid to the treasurer of the county in which the judgment was entered, and one-half of the fine collected shall be paid to the Department of Insurance for deposit in the appropriate account in the Insurance Fund. The proceeds from the fine first shall be used by a county to reimburse local prosecutors and enforcement agencies for the reasonable costs of investigation and prosecution of cases brought pursuant to this section.

(5) To the Restitution Fund, or in cases involving convictions relating to insurance fraud, to the State Insurance Fund as restitution for crimes not specifically pleaded and proven in the accusatory pleading.

(k) If, after distribution pursuant to paragraphs (1) and (2) of subdivision (j), the value of the property to be levied upon pursuant to this section is insufficient to pay for restitution and fines, the court shall order an equitable sharing of the proceeds of the liquidation of the property, and any other recoveries, which shall specify the percentage of recoveries to be devoted to each purpose. At least 70 percent of the proceeds remaining after distribution pursuant to paragraphs (1) and (2) of subdivision (j) shall be devoted to restitution.

(*l*) Unless otherwise expressly provided, the remedies or penalties provided by this section are cumulative to each other and to the remedies or penalties available under all other laws of this state, except that two separate actions against the same defendant and pertaining to the same fraudulent or unlawful acts may not be brought by a district attorney or the Attorney General pursuant to this section and Chapter 5 (commencing with Section 17200) of Part 2 of Division 7 of the Business and Professions Code. If a fine is imposed under this section, it shall be in lieu of all other fines that may be imposed pursuant to any other provision of law for the crimes for which the defendant has been convicted in the action.

CHAPTER 432

An act to amend Sections 41051, 41052, 41076, 41088, and 41101 of the Revenue and Taxation Code, relating to emergency telephone users surcharges.

[Approved by Governor September 11, 1996. Filed with Secretary of State September 12, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 41051 of the Revenue and Taxation Code is amended to read:

41051. The surcharges imposed by this part and the amounts thereof required to be collected are due monthly, and the amount of surcharge collected in one calendar month by the service supplier shall be remitted to the board on or before the last day of the second month following the month in which the surcharges were collected. However, the fourth quarter collection for the 1996 calendar year shall be remitted no later than February 15, 1997.

SEC. 2. Section 41052 of the Revenue and Taxation Code is amended to read:

41052. On or before the last day of the second month following each month in which the surcharges were collected, a return for that month shall be filed with the board in such form as the board may prescribe.

The service supplier shall include a list of any service users who have refused to pay a cumulative total of three dollars ($3) or more of the surcharge imposed by this part with each return filing.

SEC. 3. Section 41076 of the Revenue and Taxation Code is amended to read:

41076. Except in the case of fraud, intent to evade this part or authorized rules and regulations, or failure to make a return every notice of a deficiency determination shall be mailed within three years after the last day of the second calendar month following the month for which the amount is proposed to be determined or within three years after the return is filed, whichever period expires the later. In the case of failure to make a return, every notice of determination shall be mailed within eight years after the last day of the second calendar month following the month for which the amount is proposed to be determined.

SEC. 4. Section 41088 of the Revenue and Taxation Code is amended to read:

41088. The board may decrease or increase the amount of the determination before it becomes final, but the amount may be increased only if a claim for the increase is asserted by the board at or before the hearing. Unless the penalty imposed by Section 41074 or Section 41080 applies to the amount of the determination as originally made or as increased, the claim for increase shall be asserted within eight years after the last day of the second calendar month following the month for which the increase is asserted.

SEC. 5. Section 41101 of the Revenue and Taxation Code is amended to read:

41101. No credit shall be approved by the board after the

expiration of that period unless a claim for credit is filed with the board within that period.

CHAPTER 433

An act to amend Section 25143.2 of the Health and Safety Code, relating to hazardous waste.

[Approved by Governor September 11, 1996. Filed with Secretary of State September 12, 1996.]

The people of the State of California do enact as follows:

11512.5. (a) The commissioner may refuse, suspend, or revoke a county registration or permit pursuant to Section 11735, 11924, 12035, or 14008. Before that action is taken, the party whose registration or permit request is to be refused, suspended, or revoked, the registered party, or the permittee shall be given a written notice of the proposed action, including the basis for the action, and shall have the right to request a hearing before the commissioner within 20 days after receiving notice of the proposed action. A notice of the proposed action that is sent by certified mail to the last known address of the person against whom the action is proposed shall be considered received even if delivery is refused or the notice is not accepted at that address. If a hearing is requested, notice of the time and place

of the hearing shall be given at least 10 days before the date set for the hearing. At the hearing, the person shall be given an opportunity to present any evidence or argument on his or her own behalf. If a hearing is not requested in a timely manner, the commissioner may take the action proposed without a hearing. If the party whose registration or permit is refused, suspended, or revoked requested and appeared at a hearing, he or she may appeal to the director within 10 days of mailing or personal service of the commissioner's decision. The following procedure shall apply to the appeal:

(1) The appeal need not be formal, but it shall be in writing and signed by the appellant or his or her authorized agent and shall state the grounds for the appeal. The commissioner's decision shall be stayed pending the director's decision, except as provided in subdivision (b). The party whose registration or permit has been refused shall remain unregistered or unpermitted pending the outcome of the appeal.

(2) Any party may, at the time of filing the appeal or within 10 days thereafter, make written application to the director to present new evidence, stating the materiality of the evidence, and the reasons why the evidence was not introduced at the hearing before the commissioner. The evidence may be allowed in the discretion of the director. Thereafter, 10 days shall be given the parties to rebut the evidence and make written application to the director to present oral or written argument. An application to present written argument shall be granted, but the director shall have discretion to grant oral argument or to grant both oral and written argument. If an application to present oral argument is granted, written notice of the time and place for oral argument shall be given each party at least 10 days before the date set therefor. The time may be shortened by mutual agreement of the parties. If written argument is granted, all parties shall be notified thereof and shall simultaneously file briefs within the time specified by the director.

(3) The director shall decide the appeal upon the evidence received at the hearing before the commissioner, oral or written argument, and new or additional evidence as the director may have admitted.

(4) On an appeal pursuant to this section, the director may sustain, reverse, or modify the decision of the commissioner. A copy of the director's decision shall be delivered or mailed to each party. (5) A review of a decision of the director may be sought by the appellant within 30 days of the date of the decision pursuant to Section 1094.5 of the Code of Civil Procedure.

or permit specified in subdivision (a) endangers public health or safety or the environment, the commissioner, without prior notice, may immediately suspend the registration or permit. The commissioner shall inform the party registered or the permittee, in writing, of the suspension as soon as practical, specifying the reasons for the immediate suspension. When acting pursuant to this subdivision, the commissioner, within seven days of informing the permittee or registered person of the immediate suspension, shall issue a written notice of proposed action as specified in subdivision (a). Subdivision (a) applies to the notice of proposed action, hearing, and appeal, except as otherwise provided in this subdivision. If a hearing is requested, it shall be held not later than seven days from the date the request for the hearing is received by the commissioner, unless the person requesting the hearing agrees to a later hearing date. The commissioner's decision shall be issued within 10 days after the conclusion of the hearing. If the party against whom action was taken requested and appeared at a hearing, he or she may appeal the commissioner's decision, issued following the hearing, to the director as provided in subdivision (a). The director may stay the commissioner's decision pending the director's decision.

The commissioner shall review the request and issue a written decision in response to the request to review within 10 days of receipt of the request, or as soon as practicable. The commissioner may affirm, modify, or cancel the permit action reviewed. A directly affected person may thereafter appeal to the director to review the commissioner's action.

The agency may be known by any other name it chooses.

67951. The agency shall be composed of three members appointed by the county board of supervisors and three members appointed by the city council of the City of Placerville. Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 437

An act to amend Section 25117 of the Health and Safety Code, relating to hazardous waste.

[Approved by Governor September 11, 1996. Filed with Secretary of State September 12, 1996.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) This act recognizes that zinc is not an ordinary constituent in waste. Zinc is essential to human, plant, and animal life. The federal

government has established a recommended daily allowance for zinc of 15 milligrams. In addition to those qualities, zinc's primary commercial use is as a protector of iron and steel against corrosion, and metals corrosion annually costs the economy 4.2 percent of the Gross National Product. In addition, the corrosion of metal materials results in their disposal and, thereby, has an adverse impact upon the environment.

(b) This act is intended to preserve natural resources by removing existing disincentives to the recycling of materials containing zinc. The recycling of those materials reduces the demand for the mining of zinc ore. Today, in the United States, approximately one-third of all zinc products consumed comes from recycling.

(c) This act also is intended to remove disincentives to using such beneficial products as paints that are rich in zinc for corrosion protection. Those disincentives arise because having to treat zinc-rich paint debris as a hazardous waste raises the life-cycle cost of the material. Increased cost causes less effective substitutes to be used. Having less effective paint products used means added cost to both the public and private sectors by resulting in more frequent repaintings and places additional burdens on the environment by generating additional, nonrecyclable debris from those repaintings.

(d) This act is also intended to remove disincentives to using secondary materials containing zinc, in lieu of zinc-containing products made from zinc ore, in the manufacture of fertilizers in California.

(e) Lastly, this act is intended to ensure that zinc-containing wastes are regulated in California consistent with applicable requirements of the federal Resources Conservation and Recovery Act of 1976 (42 U.S.C. Sec. 6901 et seq.; RCRA), and consistent with the protection of public health and safety and the environment.

SEC. 2. Section 25117 of the Health and Safety Code is amended to read:

25117. (a) Except as provided in subdivision (d), "hazardous waste" means a waste that meets any of the criteria for the identification of a hazardous waste adopted by the department pursuant to Section 25141.

(b) "Hazardous waste" includes, but is not limited to, RCRA hazardous waste.

(c) Unless expressly provided otherwise, "hazardous waste" also includes extremely hazardous waste and acutely hazardous waste.

(d) Notwithstanding subdivision (a), in any criminal or civil prosecution brought by a city or district attorney or the Attorney General for violation of this chapter, when it is an element of proof that the person knew or reasonably should have known of the violation, or violated the chapter willfully or with reckless disregard for the risk, or acted intentionally or negligently, the element of proof that the waste is hazardous waste may be satisfied by demonstrating

that the waste exhibited the characteristics set forth in subdivision (b) of Section 25141.

SEC. 3. On or before July 1, 1997, the Department of Toxic Substances Control shall do all of the following:

(a) Evaluate the extent to which the state hazardous waste classification criteria, guidelines, or testing requirements, as they pertain to zinc-containing waste streams, are needed to protect against hazards to public health or safety or the environment.

(b) Determine which, if any, of those criteria, guidelines, or testing requirements should be modified or eliminated based upon the evaluation required by subdivision (a).

(c) Adopt, amend, or repeal regulations that reflect the determinations required by subdivision (b).

SEC. 4. The Department of Toxic Substances Control shall, as part of its regulatory structure update project, not later than March 31, 1997, do both of the following:

(a) Review the requirements that govern the transport, handling, or consolidation and transfer of non-RCRA hazardous wastes that are all of the following:

(1) Generated at one location.

(2) Transported to a second location owned or operated by the generator or by a person other than the generator.

(3) Handled or consolidated and transferred at the second location before being transported for treatment, recycling, or disposal at an authorized hazardous waste facility.

(b) Report to the appropriate policy committees in both houses of the Legislature any recommendations that the department may have concerning appropriate changes to the statutory requirements that govern the transport, handling, or consolidation and transfer of the non-RCRA hazardous wastes described in subdivision (a).

CHAPTER 438

An act to add Section 65302.6 to the Government Code, relating to land use.

[Approved by Governor September 11, 1996. Filed with Secretary of State September 12, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 65302.6 is added to the Government Code, to read:

65302.6. (a) The Legislature finds and declares that the provision of basic health, welfare, land use planning, and economic development programs by rural counties is a matter of statewide interest. The administration of statewide programs by counties is

presently achieved pursuant to state regulations and mandates imposed by the state. Accordingly, it is the intent of the Legislature in enacting this section to protect the economic viability, and health and safety of specified rural counties by studying ways to reduce the burden of preparing and adopting housing elements.

(b) As used in this section, "frontier county" means a county that satisfies each of the following requirements:

(1) The county has a population of less than 35,000 residents as of January 1, 1997, as estimated by the Demographic Research Unit of the State Department of Finance.

(2) At least 50 percent of the area within the boundaries of the county is owned by the federal government.

(3) The county has issued less than 250 building permits for the construction, installation, or renovation of dwelling units, including mobilehomes, in 1995.

(c) On or before January 1, 1998, the Department of Housing and Community Development shall report to the Legislature its recommendations for adapting the requirements of Article 10.6 (commencing with Section 65580) to the conditions, needs, and opportunities of frontier counties, including, but not limited to, the preparation and self-certification of housing elements by frontier counties.

(b) of Section 10232.5, and is not required to provide a separate estimate of fair market value under Section 10232.5.

(b) This section shall not apply in instances where the licensed or certified appraiser is an employee of the broker. However, the duty of disclosure shall not be deemed met where the broker knew or should have known that the referral was negligently made or that the fair market value provided by the appraiser was inaccurate.

(c) Nothing in this section is intended to relieve the broker of any obligation or requirement to disclose what he or she knows about the value of the property.

(d) This section shall apply only to loan transactions and shall have no effect on a real estate broker's duties of disclosure in purchase or sales transactions.

SEC. 2. Section 11302 of the Business and Professions Code is amended to read:

An act to amend Sections 1801.1, 1808.21, 1808.22, 1808.23, 1808.47, 2512, 6300, 6301, 12517, and 21753 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 11, 1996. Filed with Secretary of State September 12, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 1801.1 is added to the Vehicle Code, to read:

1801.1. (a) Notwithstanding any other provision of law, the department may allow a person to submit any document required to

be submitted to the department by using electronic media deemed feasible by the department instead of requiring the actual submittal of the original document.

(b) If a signature on a document is required by law in order to complete a transaction, that requirement may be waived by the department for an electronically submitted document when supported by a signed agreement between the department and the submitter. The agreement shall require, at a minimum, each document to include all information necessary to complete the transaction, certification by the submitter as to the truthfulness of all data to be transmitted to the department, and retention of supporting records by the submitter.

(c) The department may establish minimum transaction volume levels, audit and security standards, and technological requirements, or terms and conditions it deems necessary for the approval of this process.

(d) An electronically submitted document, once accepted by the department, shall be deemed the same as an original document, and shall be admissible in all administrative, quasi-judicial, and judicial proceedings.

SEC. 1.5. Section 1808.21 of the Vehicle Code is amended to read:

1808.21. (a) Any residence address in any record of the department is confidential and shall not be disclosed to any person, except a court, law enforcement agency, or other government agency, or as authorized in Section 1808.22 or 1808.23.

(b) Release of any mailing address or part thereof in any record of the department may be restricted to a release for purposes related to the reasons for which the information was collected, including, but not limited to, the assessment of driver risk, or ownership of vehicles or vessels. This restriction does not apply to a release to a court, a law enforcement agency, or other governmental agency, or a person who has been issued a requester code pursuant to Section 1810.2.

(c) Any person providing the department with a mailing address shall declare, under penalty of perjury, that the mailing address is a valid, existing, and accurate mailing address and shall consent to receive service of process pursuant to subdivision (b) of Section 415.20, subdivision (a) of Section 415.30, and Section 416.90 of the Code of Civil Procedure at the mailing address.

(d) (1) Any registration or driver's license record of a person may be suppressed from any other person, except those persons specified in subdivision (a), if the person requesting the suppression submits verification acceptable to the department that he or she has reasonable cause to believe either of the following:

(B) That there exists a threat of death or great bodily injury to his or her person, as defined in subdivision (d) of Section 12022.7 of the Penal Code.

(2) Upon suppression of a record, each request for information about that record shall be authorized by the subject of the record or verified as legitimate by other investigative means by the department before the information is released.

(e) Suppression of a record pursuant to subdivision (d) shall occur for one year after approval by the department. Not less than 60 days prior to the date the suppression of the record would otherwise expire, the department shall notify the subject of the record of its impending expiration. The suppression may be continued for a period determined by the department if the person submits verification acceptable to the department that he or she continues to have reasonable cause to believe that he or she is the subject of stalking. The notification shall instruct the person of the method to reapply for record suppression.

(a) Section 1808.21 does not apply to a financial institution licensed by the state or federal government to do business in the State of California which states under penalty of perjury that it has obtained a written waiver of Section 1808.21 signed by the individual whose address is requested, or to providing the address of any person who has entered into an agreement held by that institution prior to July 1, 1990, so long as that agreement remains in effect.

(b) Section 1808.21 does not apply to an insurance company licensed to do business in California when the company, under penalty of perjury, requests the information for the purpose of obtaining the address of another motorist or vehicle owner involved in an accident with their insured, or requests the information on an individual who has signed a written waiver of Section 1808.21 or the individuals insured under a policy if a named insured of that policy has signed a written waiver.

(c) Section 1808.21 does not apply to an attorney when the attorney states, under penalty of perjury, that the motor vehicle or vessel registered owner or driver residential address information is necessary in order to represent his or her client in a criminal or civil action which directly involves the use of the motor vehicle or vessel that is pending, is to be filed, or is being investigated. (4) If no action is filed within a reasonable time, the residence address information shall be destroyed.

(5) No attorney shall request residence address information pursuant to this subdivision in order to sell the information to any person.

(6) Within 10 days of receipt of a request, the department shall notify every individual whose residence address has been requested pursuant to this subdivision.

(d) A knowing violation of paragraph (1), (2), (3), (4), or (5) of subdivision (c) is a misdemeanor. A knowing violation of paragraph (1), (2), (3), (4), or (5) of subdivision (c) in furtherance of another crime is subject to the same penalties as that other crime.

SEC. 3. Section 1808.23 of the Vehicle Code is amended to read:

1808.23. (a) Section 1808.21 does not apply to a vehicle manufacturer licensed to do business in this state if the manufacturer, or its agent, under penalty of perjury, requests and uses the information only for the purpose of safety, warranty, including a warranty issued in compliance with Section 1795.92 of the Civil Code, emission, or product recall if the manufacturer offers to make and makes any changes at no cost to the vehicle owner.

(c) Section 1808.21 does not apply to a person who, under penalty of perjury, requests and uses the information as permitted under subdivision (h) of Section 1798.24 of the Civil Code, if the request specifies that no persons will be contacted by mail or otherwise at the address included with the information released. The information released by the department under this subdivision shall not be in a form that identifies any person.

(d) Residential addresses released shall not be used for direct marketing or solicitation for the purchase of any consumer product or service.

SEC. 4. Section 1808.47 of the Vehicle Code is amended to read:

1808.47. Any person who has access to confidential or restricted information from the department shall establish procedures to protect the confidentiality of those records. If confidential or restricted addresses are released to any agent of a person authorized to obtain restricted addresses as provided in Section 1808.21, 1808.22, 1808.23, 1810.2, or 1810.7, the person shall require the agent to take all steps necessary to ensure confidentiality of these addresses and prevent any release of the information to a third party. No agent shall obtain or use any confidential or restricted records from requestor codeholders for any purpose other than the reason the information

was requested by the requestor codeholder who originally obtained the information.

SEC. 5. Section 2512 of the Vehicle Code is amended to read:

2512. (a) The commissioner, after consultation with, and pursuant to the recommendations of, the Emergency Medical Service Authority and the department, shall adopt and enforce reasonable regulations as the commissioner determines are necessary for the public health and safety regarding the operation, equipment, and certification of drivers of all ambulances used for emergency services. The regulations shall not conflict with standards established by the Emergency Medical Service Authority pursuant to Section 1797.170 of the Health and Safety Code. The commissioner shall exempt, upon request of the county board of supervisors that an exemption is necessary for public health and safety, noncommercial ambulances operated within the county from the regulations adopted under this section as are specified in the board of supervisors' request. The Emergency Medical Service Authority shall be notified by the county boards of supervisors of any exemptions.

(b) The department, in cooperation with the Department of the California Highway Patrol and the Emergency Medical Service Authority, may adopt and administer regulations relating to the issuance, suspension, or revocation of ambulance driver's certificates. In addition to the fee authorized in Section 2427, the department shall charge a fee of twenty-five dollars ($25) for the issuance of an original certificate and twelve dollars ($12) for the renewal of that certificate, and, in the administration thereof, to exercise the powers granted to the commissioner by this section.

(c) This section shall not preclude the adoption of more restrictive regulations by local authorities, except that inspection of ambulances pursuant to subdivision (b) of Section 2510 shall not be duplicated by local authorities. It is the intent of the Legislature that regulations adopted by the commissioner pursuant to this section shall be the minimum necessary to protect public health and safety, and shall not be so restrictive as to preclude compliance by ambulances operated in sparsely populated areas. This subdivision does not relieve the owner or driver of any ambulance from compliance with Section 21055.

(d) The Department of the California Highway Patrol after consultation with the department and the Emergency Medical Service Authority shall prepare, and make available for purchase, an ambulance driver's handbook.

SEC. 6. Section 6300 of the Vehicle Code is amended to read:

6300. Except as provided in Sections 5905, 5907, and 5908, no security interest in any vehicle registered under this code, irrespective of whether the registration was effected prior or subsequent to the creation of the security interest, is perfected until the secured party or his or her successor or assignee has deposited, either physically or by electronic transmission pursuant to Section

1801.1, with the department, at its office in Sacramento, or at any other office as may be designated by the director, a properly endorsed certificate of ownership to the vehicle subject to the security interest showing the secured party as legal owner if the vehicle is then registered under this code, or, if the vehicle is not so registered, an application in usual form for an original registration, together with an application for registration of the secured party as legal owner, and upon payment of the fees as provided in this code.

SEC. 7. Section 6301 of the Vehicle Code is amended to read:

SEC. 8. Section 12517 of the Vehicle Code is amended to read:

12517. (d) A person holding a valid certificate to permit the operation of a schoolbus or school pupil activity bus, issued prior to January 1, 1991,

shall not be required to reapply for a certificate to satisfy any additional requirements imposed by the act adding this subdivision until the certificate he or she holds expires or is canceled or revoked.

SEC. 10. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 442

An act to amend Sections 40001, 40920.6, and 40923 of the Health and Safety Code, relating to air pollution.

[Approved by Governor September 11, 1996. Filed with Secretary of State September 12, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 40001 of the Health and Safety Code is amended to read:

40001. (a) Subject to the powers and duties of the state board, the districts shall adopt and enforce rules and regulations to achieve and maintain the state and federal ambient air quality standards in all areas affected by emission sources under their jurisdiction, and shall enforce all applicable provisions of state and federal law.

(b) The district rules and regulations may, and at the request of the state board shall, provide for the prevention and abatement of air pollution episodes which, at intervals, cause discomfort or health risks to, or damage to the property of, a significant number of persons or class of persons.

(c) Prior to adopting any rule or regulation to reduce criteria pollutants, a district shall determine that there is a problem that the proposed rule or regulation will alleviate and that the rule or regulation will promote the attainment or maintenance of state or federal ambient air quality standards.

(d) (1) The district rules and regulations shall include a process to approve alternative methods of complying with emission control requirements that provide equivalent emission reductions, emissions monitoring, or recordkeeping.

(2) A district shall allow the implementation of alternative methods of emission reduction, emissions monitoring, or recordkeeping if a facility demonstrates to the satisfaction of the district that those alternative methods will provide equivalent performance. Any alternative method of emission reduction, emissions monitoring, or recordkeeping proposed by the facility shall not violate other provisions of law.

(3) If a district rule specifies an emission limit for a facility or system, the district shall not set operational or effectiveness requirements for any specific emission control equipment operating on a facility or system under that limit. Any alternative method of emission reduction, emissions monitoring, or recordkeeping proposed by the facility shall include the necessary operational and effectiveness measurement elements that can be included as permit conditions by the district to ensure compliance with, and enforcement of, the equivalent performance requirements of paragraphs (1) and (2). Nothing in this subdivision limits the district's authority to inspect a facility's equipment or records to ensure operational compliance. This paragraph shall apply to existing rules and facilities operating under those rules.

SEC. 2. Section 40920.6 of the Health and Safety Code is amended to read:

40920.6. (a) Prior to adopting rules or regulations to meet the requirement for best available retrofit control technology pursuant to Sections 40918, 40919, 40920, and 40920.5, or for a feasible measure

pursuant to Section 40914, districts shall, in addition to other requirements of this division, do all of the following:

(1) Identify one or more potential control options which achieves the emission reduction objectives for the regulation.

(2) Review the information developed to assess the cost-effectiveness of the potential control option. For purposes of this paragraph, "cost-effectiveness" means the cost, in dollars, of the potential control option divided by emission reduction potential, in tons, of the potential control option.

(3) Calculate the incremental cost-effectiveness for the potential control options identified in paragraph (1). To determine the incremental cost-effectiveness under this paragraph, the district shall calculate the difference in the dollar costs divided by the difference in the emission reduction potentials between each progressively more stringent potential control option as compared to the next less expensive control option.

(4) Consider, and review in a public meeting, all of the following:

(A) The effectiveness of the proposed control option in meeting the requirements of this chapter and the requirements adopted by the state board pursuant to subdivision (b) of Section 39610.

(B) The cost-effectiveness of each potential control option as assessed pursuant to paragraph (2).

(C) The incremental cost-effectiveness between the potential control options as calculated pursuant to paragraph (3).

(5) Make findings at the public hearing at which the regulation is adopted stating the reasons for the district's adoption of the proposed control option or options.

(b) A district may establish its own best available retrofit control technology requirement based upon consideration of the factors specified in subdivision (a) and Section 40406 if the requirement complies with subdivision (d) of Section 40001 and is consistent with this chapter, other state law, and federal law, including, but not limited to, the applicable state implementation plan.

(c) A district shall allow the retirement of marketable emission reduction credits under a program which complies with all of the requirements of Section 39616, or emission reduction credits which meet all of the requirements of state and federal law, including, but not limited to, the requirements that those emission reduction credits be permanent, enforceable, quantifiable, and surplus, in lieu of any requirement for best available retrofit control technology, if the credit also complies with all district rules and regulations affecting those credits.

(d) After a district has established the cost-effectiveness, in a dollar amount, for any rule or regulation adopted pursuant to this section or Section 40406, 40703, 40914, 40918, 40919, 40920, 40920.6, or 40922, the district, consistent with subdivision (d) of Section 40001, shall allow alternative means of producing equivalent emission reductions at an equal or lesser dollar amount per ton reduced,

including the use of emission reduction credits, for any stationary source that has a demonstrated compliance cost exceeding that established dollar amount.

SEC. 3. Section 40923 of the Health and Safety Code is amended to read:

40923. (a) Upon the state board's approval of a district's attainment plan, and each January 1 thereafter, the district shall publish a list of regulatory measures scheduled or tentatively scheduled for consideration during the following year. The district shall not propose a regulatory measure for consideration during any year that is not contained in the district's most recently published list of proposed regulatory measures unless earlier consideration is necessary to satisfy federal requirements, to abate a substantial endangerment to public health or welfare, or to comply with Section 39666 or 40915.

(b) Subdivision (a) does not apply to any modification of existing rules that the district finds and determines is necessary to do either of the following:

(1) Preserve the original intent of the rules, as stated upon their adoption.

(2) Increase opportunities for alternative compliance methodology pursuant to subdivision (d) of Section 40001.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 443

An act to amend Sections 35016 and 35221 of the Food and Agricultural Code, relating to milk.

[Approved by Governor September 11, 1996. Filed with Secretary of State September 12, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 35016 of the Food and Agricultural Code is amended to read:

35016. (a) Except as provided in subdivision (b), any hotel, restaurant, boardinghouse, hospital, or other concern or agency that

manufactures a product of milk for the use of any patron, guest, patient, or employee shall obtain a milk products plant license.

(b) (1) Any hotel, restaurant, or boardinghouse that manufactures hard frozen or semifrozen dairy products for the use of any patron, guest, or employee shall obtain a limited manufacturing permit from the secretary.

(2) The permit may be issued only after the secretary determines that the facility is suitable for manufacturing those products.

(3) A permit issued pursuant to this subdivision may be renewed annually, if the facility is found by the secretary, based on an onsite evaluation, to be in compliance with the conditions specified in paragraph (3) of subdivision (c).

(c) A hotel, restaurant, or boardinghouse issued a limited manufacturing permit pursuant to this section shall meet all of the following standards:

(1) The hard frozen and semifrozen dairy products manufactured shall be sold only to purchasers for consumption. No hard frozen or semifrozen product manufactured pursuant to the limited manufacturing permit shall be sold for resale.

(2) The hard frozen and semifrozen dairy products shall be manufactured using prepasteurized dairy ingredients.

(3) Adequate facilities, consistent with recognized good manufacturing practices for the manufacture of hard frozen and semifrozen dairy products, as determined by the secretary, shall be provided as a condition of the limited manufacturing permit. The facilities shall include, but not be limited to, adequate utensil and container washing, sterilization and storage, and sufficient sanitary work areas, including handwashing facilities, dedicated to the manufacture of hard frozen and semifrozen dairy products. Sanitation guidelines consistent with good manufacturing and handling practices for retail food establishments manufacturing hard frozen and semifrozen dairy products in conformance with Part 110 (commencing with Section 110.3) of Title 21 of the Code of Federal Regulations shall be utilized by the secretary as a condition for issuance and renewal of the limited manufacturing permit.

(4) The hotel, restaurant, or boardinghouse shall not manufacture more than 2,500 gallons of hard frozen or semifrozen dairy products during any year.

(5) The secretary, by agreement with any approved milk inspection service, may authorize the service to inspect and enforce the requirements of this code applicable to the facility covered by this section. Any agreement shall provide that the approved inspection service shall collect the applicable fees for those establishments as provided in Sections 35221 and 38933. The fees so collected shall be retained by the approved inspection service to cover its cost of inspection and enforcement, but 15 percent of the fees collected shall be remitted by the approved inspection service to the secretary to cover the cost of administration.

SEC. 2. Section 35221 of the Food and Agricultural Code is amended to read:

35221. (a) Except as provided in Section 21158.1, when the regulatory program of a state agency requires a plan or other written documentation, containing environmental information and complying with paragraph (3) of subdivision (d), to be submitted in support of any activity listed in subdivision (b), the plan or other written documentation may be submitted in lieu of the environmental impact report required by this division if the Secretary of the Resources Agency has certified the regulatory program pursuant to this section.

(b) This section applies only to regulatory programs or portions thereof which involve either of the following:

(1) The issuance to a person of a lease, permit, license, certificate, or other entitlement for use.

(2) The adoption or approval of standards, rules, regulations, or plans for use in the regulatory program.

(c) A regulatory program certified pursuant to this section is exempt from Chapter 3 (commencing with Section 21100), Chapter 4 (commencing with Section 21150), and Section 21167, except as provided in Article 2 (commencing with Section 21157) of Chapter 4.5.

(d) To qualify for certification pursuant to this section, a regulatory program shall require the utilization of an interdisciplinary approach that will ensure the integrated use of the natural and social sciences in decisionmaking and which shall meet all of the following criteria:

(1) The enabling legislation of the regulatory program does both of the following:

(A) Includes protection of the environment among its principal purposes.

Each list shall remain posted for a period of 30 days.

(F) Require notice of the filing of the plan or other written documentation to be made to the public and to any person who requests, in writing, notification. The notification shall be made in a manner that will provide the public or any person requesting notification with sufficient time to review and comment on the filing.

(B) Is available for a reasonable time for review and comment by other public agencies and the general public.

(e) (1) The Secretary of the Resources Agency shall certify a regulatory program which the secretary determines meets all the qualifications for certification set forth in this section, and withdraw certification on determination that the regulatory program has been altered so that it no longer meets those qualifications. Certification and withdrawal of certification shall occur only after compliance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(2) In determining whether or not a regulatory program meets the qualifications for certification set forth in this section, the inquiry of the secretary shall extend only to the question of whether the regulatory program meets the generic requirements of subdivision (d). The inquiry shall not extend to individual decisions to be reached under the regulatory program, including the nature of specific alternatives or mitigation measures which might be proposed to lessen any significant adverse effect on the environment of the activity.

(3) If the secretary determines that the regulatory program submitted for certification does not meet the qualifications for certification set forth in this section, the secretary shall adopt findings setting forth the reasons for the determination.

(f) After a regulatory program has been certified pursuant to this section, any proposed change in the program which could affect compliance with the qualifications for certification specified in subdivision (d) may be submitted to the Secretary of the Resources Agency for review and comment. The scope of the secretary's review shall extend only to the question of whether the regulatory program meets the generic requirements of subdivision (d). The review shall not extend to individual decisions to be reached under the regulatory program, including specific alternatives or mitigation measures which might be proposed to lessen any significant adverse effect on the environment of the activity. The secretary shall have 30 days from the date of receipt of the proposed change to notify the state agency whether the proposed change will alter the regulatory program so that it no longer meets the qualification for certification established in this section and will result in a withdrawal of certification as provided in this section.

(g) Any action or proceeding to attack, review, set aside, void, or annul a determination or decision of a state agency approving or adopting a proposed activity under a regulatory program which has been certified pursuant to this section on the basis that the plan or other written documentation prepared pursuant to paragraph (3) of subdivision (d) does not comply with this section shall be commenced not later than 30 days from the date of the filing of notice of the approval or adoption of the activity.

(h) (1) Any action or proceeding to attack, review, set aside, void, or annul a determination of the Secretary of the Resources Agency to certify a regulatory program pursuant to this section on the basis that the regulatory program does not comply with this section shall be commenced within 30 days from the date of certification by the secretary.

(2) In any action brought pursuant to paragraph (1), the inquiry shall extend only to whether there was a prejudicial abuse of discretion by the secretary. Abuse of discretion is established if the secretary has not proceeded in a manner required by law or if the determination is not supported by substantial evidence.

(i) For purposes of this section, any county agricultural commissioner is a state agency.

(j) For purposes of this section, any air quality management district or air pollution control district is a state agency, except that the approval, if any, by such a district of a nonattainment area plan is subject to this section only if, and to the extent that, the approval adopts or amends rules or regulations.

SEC. 4. Section 21158.1 is added to the Public Resources Code, to read:

21158.1. When a lead agency is required to prepare an environmental impact report pursuant to subdivision (d) of Section 21157.1 or is authorized to prepare a focused environmental impact report pursuant to Section 21158, the lead agency may not rely on subdivision (a) of Section 21080.5 for that purpose even though the lead agency's regulatory program is otherwise certified in accordance with Section 21080.5.

(b) If the applicant is a partnership, then one of the partners of the applicant shall have the foregoing qualifications.

(c) If the applicant is a corporation, then the officer or officers of the corporation to be designated for a license as provided in this article shall have the foregoing qualifications.

(2) Notwithstanding paragraph (1), whenever an applicant fails to pass the written examination on the third attempt to do so, he or she shall be prohibited from retaking the examination for a period of six months from the date of taking the third examination.

SEC. 4. Section 730 of the Harbors and Navigation Code is amended to read:

730. (a) Before any broker's license shall be issued or renewed by the department for any applicant, the applicant shall procure, file, and maintain with the department a good and sufficient bond in the amount of fifteen thousand dollars ($15,000) with a corporate surety duly licensed to do business within the State of California, and conditioned that the applicant shall not practice any fraud or deceit or make any fraudulent or grossly negligent representations that will cause a monetary loss to any person for whom the broker acts under this article.

(b) If any person suffers any loss or damage by reason of any fraud or deceit practiced on that person or any fraudulent or grossly negligent representation made to that person by a licensed broker or the broker's sales personnel acting for the broker on the broker's behalf or within the scope of the employment of the sales personnel, which fraud, deceit, or fraudulent or grossly negligent representation is practiced or made with respect to any act of the broker or the sales personnel for which a license is required under this article, that person has a right of action against the broker, the sales personnel, the surety upon the broker's bond, or the deposit held by the department in accordance with Section 731. If any action is commenced upon the bond, the surety thereunder and the licensed

yacht broker with respect to whom the bond has been issued shall immediately notify the department of the action.

(c) If an action is commenced on the bond of a licensed broker, the department may require the filing of an additional bond, and immediately upon the recovery in any action on the bond, the broker described therein shall file a new bond. Failure to file an additional bond within 15 days after notification that an additional bond is required by reason of action against the bond or after recovery on a bond constitutes a failure to comply with this article, in which case the license of the licensed broker whose bond has been canceled or on whose bond recovery has been made may be suspended.

(d) If a broker's bond is canceled for a reason other than an action being commenced upon it, a new bond shall be filed by the broker. Failure to file a new bond within 30 days after notification that a new bond is required because a previous bond has been canceled constitutes a failure to comply with this article, in which case the license of the licensed broker whose bond has been canceled may be suspended.

SEC. 5. Section 731 of the Harbors and Navigation Code is amended to read:

731. (a) A cash deposit given instead of the bond required by Section 730 shall be held by the department during the life of the license and for a period of four years after the expiration of the license.

(b) If an action is commenced on the cash deposit of a licensed broker pursuant to subdivision (a), the department may require the filing of an additional cash deposit, and immediately, upon the recovery in any action on the deposit, the broker described therein shall file a new bond, equal to the amount specified in the action or recovery, but no greater than the amount specified in subdivision (a) of Section 730, whichever is less. Failure to file an additional cash deposit within 30 days after notification that an additional cash deposit is required by reason of an action filed against the cash deposit, or after the recovery on a cash deposit, shall constitute a failure to comply with this article, in which case the department may suspend the license of the licensed broker whose cash deposit has been acted on, or where a cash deposit recovery has been made.

SEC. 6. Section 736 of the Harbors and Navigation Code is amended to read:

736. The department shall charge and collect the fees prescribed by this article in accordance with the following schedule:

The people of the State of California do enact as follows:

SECTION 1. Section 14105.12 of the Welfare and Institutions Code is amended to read:

14105.12. (a) The department shall specify circumstances under which requests shall be granted for authorization for services provided by a health facility licensed under subdivisions (c) and (d) of Section 1250 of the Health and Safety Code for periods of up to two years. Pediatric day care does not include inpatient long-term care or family respite care.

(b) The department shall publish emergency regulations for pediatric day health care services by October 1, 1997. These regulations shall reimburse providers at a rate that shall be determined by the department, consistent with efficiency, economy, and quality of care until a new rate is determined on the basis of a cost study conducted by the department.

(c) Coverage for pediatric day health care services shall be available only to the extent that no additional net program costs are incurred.

(d) The department shall not approve a request for authorization of pediatric day health care when the beneficiary for whom the authorization is requested is an inpatient in a licensed health care facility.

(e) The department shall not approve a request for authorization of pediatric day care if the department determines that the total cost incurred by the Medi-Cal program for providing pediatric day health care services and all other medically necessary services to the individual beneficiary is greater than the total cost incurred by the Medi-Cal program in providing medically equivalent services at the beneficiary's otherwise appropriate level of institutional or home care.

(f) Coverage for pediatric day health care services shall be available only to the extent that federal financial participation in the cost of providing these services is available pursuant to a federally approved state plan amendment including those services as a Medi-Cal program benefit.

(d) For purposes of this section, a contract entered into by a professional corporation or other practice entity in which the officer has an interest shall be deemed the same as a contract entered into by the officer directly.

CHAPTER 448

An act to add Sections 1524.7 and 1569.159 to the Health and Safety Code, and to amend Section 2881 of the Public Utilities Code, relating to residential care facilities.

[Approved by Governor September 12, 1996. Filed with Secretary of State September 13, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 1524.7 is added to the Health and Safety Code, to read:

1524.7. The State Department of Social Services shall provide to residential care facilities a form, which the residential care facility shall attach to each resident admission agreement, notifying the resident that he or she is entitled to obtain services and equipment from the telephone company. The form shall include the following information:

"Any hearing or speech impaired, or otherwise disabled resident of any residential care facility is entitled to equipment and service by the telephone company, pursuant to Section 2881 of the Public Utilities Code, to improve the quality of their telecommunications. Any resident who has a declaration from a licensed professional or a state or federal agency pursuant to Section 2881 of the Public Utilities Code that he or she is hearing or speech impaired, or otherwise disabled should contact the local telephone company and ask for assistance in obtaining this equipment and service."

This section shall not be construed to require, in any way, the licensee to provide a separate telephone line for any resident.

SEC. 2. Section 1569.159 is added to the Health and Safety Code, immediately after Section 1569.158, to read:

1569.159. The State Department of Social Services shall provide to residential care facilities for the elderly a form, which the residential care facility for the elderly shall attach to each resident admission agreement, notifying the resident that he or she is entitled to obtain services and equipment from the telephone company. The form shall include the following information:

"Any hearing or speech impaired, or otherwise disabled resident of any residential care facility for the elderly is entitled to equipment and service by the telephone company, pursuant to Section 2881 of the Public Utilities Code, to improve the quality of their

telecommunications. Any resident who has a declaration from a licensed professional, or a state or federal agency pursuant to Section 2881 of the Public Utilities Code, that he or she is hearing or speech impaired, or otherwise disabled should contact the local telephone company and ask for assistance in obtaining this equipment and service.''

This section shall not be construed to require, in any way, the licensee to provide a separate telephone line for any resident.

SEC. 3. Section 2881 of the Public Utilities Code is amended to read:

2881. (a) The commission shall design and implement a program whereby each telephone corporation shall provide a telecommunications device capable of serving the needs of individuals who are deaf or hearing impaired, together with a single party line, at no charge additional to the basic exchange rate, to any subscriber who is certified as an individual who is deaf or hearing impaired by a licensed physician and surgeon, audiologist, or a qualified state or federal agency, as determined by the commission, and to any subscriber that is an organization representing individuals who are deaf or hearing impaired, as determined and specified by the commission pursuant to subdivision (e). A licensed hearing aid dispenser may recommend an individual to a licensed physician and surgeon or audiologist for purposes of participation in the program.

(b) The commission shall also design and implement a program whereby each telephone corporation shall provide a dual-party relay system, using third-party intervention to connect individuals who are deaf or hearing impaired and offices of organizations representing individuals who are deaf or hearing impaired, as determined and specified by the commission pursuant to subdivision (e), with persons of normal hearing by way of intercommunications devices for individuals who are deaf or hearing impaired and the telephone system, making available reasonable access of all phases of public telephone service to telephone subscribers who are deaf or hearing impaired. In order to make a dual-party relay system that will meet the requirements of individuals who are deaf or hearing impaired available at a reasonable cost, the commission shall initiate an investigation, conduct public hearings to determine the most cost-effective method of providing dual-party relay service to the deaf or hearing impaired when using a telecommunications device, and solicit the advice, counsel, and physical assistance of statewide nonprofit consumer organizations of the deaf, during the development and implementation of the system. The commission shall phase in this program, on a geographical basis, over a three-year period ending on January 1, 1987. The commission shall apply for certification of this program under rules adopted by the Federal Communications Commission pursuant to Section 401 of the Americans with Disabilities Act of 1990 (Public Law 101-336).

(c) The commission shall also design and implement a program whereby specialized or supplemental telephone communications equipment may be provided to subscribers who are certified to be disabled at no charge additional to the basic exchange rate. The certification, including a statement of medical need for specialized telecommunications equipment, shall be provided by a licensed physician and surgeon acting within the scope of practice of his or her license, or by a qualified state or federal agency as determined by the commission. The commission shall, in this connection, study the feasibility of, and implement if determined to be feasible, personal income criteria, in addition to the certification of disability, for determining a subscriber's eligibility under this subdivision.

(d) The commission shall establish a rate recovery mechanism through a surcharge not to exceed one-half of 1 percent uniformly applied to a subscriber's intrastate telephone service, other than one-way radio paging service and universal telephone service, both within a service area and between service areas, to allow telephone corporations to recover costs as they are incurred under this section. The surcharge shall be in effect until January 1, 2001. The commission shall require that the programs implemented under this section be identified on subscribers' bills, and shall establish a fund and require separate accounting for each of the programs implemented under this section.

(e) The commission shall determine and specify those statewide organizations representing the deaf or hearing impaired which shall receive a telecommunications device pursuant to subdivision (a) or a dual-party relay system pursuant to subdivision (b), or both, and in which offices the equipment shall be installed in the case of an organization having more than one office. The commission shall direct the telephone corporations subject to its jurisdiction to comply with its determinations and specifications in this regard.

(f) The commission shall annually review the surcharge level and the balances in the funds established pursuant to subdivision (d). Until January 1, 2001, the commission shall be authorized to make, within the limits set by subdivision (d), any necessary adjustments to the surcharge to ensure that the programs supported thereby are adequately funded and that the fund balances are not excessive. A fund balance which is projected to exceed six months' worth of projected expenses at the end of the fiscal year is excessive.

(g) The commission shall prepare and submit to the Legislature, on or before December 31, 1988, and annually thereafter, a report on the fiscal status of the programs established and funded pursuant to this section and Sections 2881.1 and 2881.2. The report shall include a statement of the surcharge level established pursuant to subdivision (d) and revenues produced by the surcharge, an accounting of program expenses, and an evaluation of options for controlling those expenses and increasing program efficiency, including, but not limited to, all of the following proposals:

(1) The establishment of a means test for persons to qualify for program equipment or free or reduced charges for the use of telecommunication services.

(2) If and to the extent not prohibited under Section 401 of the Americans with Disabilities Act of 1990 (Public Law 101-336), the imposition of limits or other restrictions on maximum usage levels for the relay service, which shall include the development of a program to provide basic communications requirements to all relay users at discounted rates, including discounted toll call rates, and, for usage in excess of those basic requirements, at rates which recover the full costs of service.

(3) More efficient means for obtaining and distributing equipment to qualified subscribers.

(4) The establishment of quality standards for increasing the efficiency of the relay system.

(h) In order to continue to meet the access needs of individuals with functional limitations of hearing, vision, movement, manipulation, speech and interpretation of information, the commission shall perform ongoing assessment of, and if appropriate, expand the scope of the program to allow for additional access capability consistent with evolving telecommunications technology.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 449

An act to amend Section 1597.40 of the Health and Safety Code, relating to child day care facilities.

[Approved by Governor September 12, 1996. Filed with Secretary of State September 13, 1996.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature that, except for the requirement of notice and the authorization for an increased security provided for in subdivision (d) of Section 1597.40, nothing in this act

shall alter or amend existing law forbidding restrictions or prohibitions as to the use or occupancy of real property as a family day care home. It is further the intent of the Legislature that this act shall only apply to family day care for which a license is required, and shall not apply to any child day care facility that is exempt from licensure under Section 1596.792.

SEC. 2. Section 1597.40 of the Health and Safety Code is amended to read:

1597.40. (a) It is the intent of the Legislature that family day care homes for children should be situated in normal residential surroundings so as to give children the home environment which is conducive to healthy and safe development. It is the public policy of this state to provide children in a family day care home the same home environment as provided in a traditional home setting.

The Legislature declares this policy to be of statewide concern with the purpose of occupying the field to the exclusion of municipal zoning, building and fire codes and regulations governing the use or occupancy of family day care homes for children, except as specifically provided for in this chapter, and to prohibit any restrictions relating to the use of single-family residences for family day care homes for children except as provided by this chapter.

(b) Every provision in a written instrument entered into relating to real property which purports to forbid or restrict the conveyance, encumbrance, leasing, or mortgaging of the real property for use or occupancy as a family day care home for children, is void and every restriction or prohibition in any such written instrument as to the use or occupancy of the property as a family day care home for children is void.

(c) Except as provided in subdivision (d), every restriction or prohibition entered into, whether by way of covenant, condition upon use or occupancy, or upon transfer of title to real property, which restricts or prohibits directly, or indirectly limits, the acquisition, use, or occupancy of such property for a family day care home for children is void.

(d) (1) A prospective family day care home provider, who resides in a rental property, shall provide 30 days' written notice to the landlord or owner of the rental property prior to the commencement of operation of the family day care home.

(2) For family day care home providers who have relocated an existing licensed family day care home program to a rental property on or after January 1, 1997, less than 30 days' written notice may be provided in cases where the department approves the operation of the new location of the family day care home in less than 30 days, or the home is licensed in less than 30 days, in order that service to the children served in the former location not be interrupted.

(3) A family day care home provider in operation on rental or leased property as of January 1, 1997, shall notify the landlord or

property owner in writing at the time of the annual license fee renewal, or by March 31, 1997, whichever occurs later.

(4) Notwithstanding any other provision of law, upon commencement of, or knowledge of, the operation of a family day care home on his or her property, the landlord or property owner may require the family day care home provider to pay an increased security deposit for operation of the family day care home. The increase in deposit may be required notwithstanding that a lesser amount is required of tenants who do not operate family day care homes. In no event, however, shall the total security deposit charged exceed the maximum allowable under existing law.

(5) Section 1596.890 shall not apply to this subdivision.

CHAPTER 450

An act to amend and repeal Sections 5505, 9255.2, and 11519 of the Vehicle Code, relating to vehicles, and making an appropriation therefor.

[Approved by Governor September 12, 1996. Filed with Secretary of State September 13, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 5505 of the Vehicle Code, as added by Section 2 of Chapter 684 of the Statutes of 1995, is amended to read:

5505. (a) This section applies to any vehicle reported to be a total loss salvage vehicle pursuant to Section 11515 and to any vehicle reported to have been dismantled pursuant to Section 5500 or 11520.

(b) Whenever an application is made to the Department of Motor Vehicles to register a vehicle described in subdivision (a), that department shall inspect the vehicle to determine its proper identity or request that the inspection be performed by the Department of the California Highway Patrol.

(c) The Department of the California Highway Patrol shall inspect, on a random basis, those vehicles described in subdivision (a) that have been presented to the Department of Motor Vehicles for registration after completion of the reconstruction process to determine the proper identity of those vehicles. The inspection conducted pursuant to this subdivision shall be a comprehensive, vehicle identification number inspection.

(d) An individual in possession of a vehicle described in subdivision (a), who is submitting the vehicle for registration as described in subdivision (b), shall have available, and shall present upon demand of the Department of the California Highway Patrol, bills of sale, invoices, or other acceptable proof of ownership of component parts, and invoices for minor component parts.

Additionally, bills of sale and invoices shall include the year, make, model, and the vehicle identification number of the vehicle from which the parts were removed or sold, the name and signature of the person from whom the parts were acquired, and his or her address, and telephone number. To assist in the identification of the seller of new or used parts, the number of the seller's driver's license, identification card, social security card, or Federal Employer Identification Number shall be provided by the seller to the buyer on the bills of sale and invoice. The seller of a salvage vehicle, or the agent of the seller, shall inform the purchaser of the vehicle that ownership documentation for certain replacement parts used in the repair of the vehicle will be required in the inspection required under this section.

(e) As used in this section, the term "component parts for passenger motor vehicles" includes the cowl or firewall, front-end assembly, rear clip, including the roof panel, the roof panel when installed separately, and the frame or any portion thereof, or in the case of a unitized body, the supporting structure that serves as the frame, each door, the hood, each fender or quarter panel, deck lid or hatchback, each bumper, both T-tops, replacement transmissions or transaxles, and a replacement motor.

(1) As used in this subdivision, "front-end assembly" includes all of the following: hood, fenders, bumper, and radiator supporting members for these items. For vehicles with a unitized body, the front-end assembly also includes the frame support members.

(2) As used in this subdivision, "rear clip" includes the roof, quarter panels, trunk lid, floor pan, and the support members for each item.

(f) As used in this section, "major component parts for trucks, truck-type or bus-type vehicles" includes the cab, the frame or any portion thereof, and, in the case of a unitized body, the supporting structure which serves as a frame, the cargo compartment floor panel or passenger compartment floor pan, roof panel, and replacement transmissions or transaxles, and replacement motors, each door, hood, each fender or quarter panel, each bumper, and the tailgate. All component parts identified in subdivision (e), common to a truck, truck-type or bus-type vehicle, not listed in this section, shall be considered as included in this section if the part is replaced.

(1) "Major component parts for motorcycles" includes the engine or motor, transmission or transaxle, frame, front fork, and crankcase.

(2) "Minor component parts for motorcycles" includes the fairing and any other body molding.

(g) If the vehicle identification number, year, make, or model required under subdivision (d) cannot be determined, the Department of the California Highway Patrol may accept, in lieu of that information, a certification on a form provided by that department, signed by the person submitting the vehicle for inspection, that the part was not obtained by means of theft or fraud.

(h) This section shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, that is enacted on or before January 1, 2003, deletes or extends that date.

SEC. 2. Section 9255.2 of the Vehicle Code is amended to read:

9255.2. (a) In addition to any other fees specified in this code and the Revenue and Taxation Code, a fee of not more than fifty dollars ($50), as determined by the Department of the California Highway Patrol to cover the costs of implementing and conducting the inspection program required under Section 5505, shall be paid to the Department of Motor Vehicles at the time inspection is made for initial registration or transfer of ownership of a vehicle included in paragraphs (1) and (2) of subdivision (b) of Section 4453.

(b) The fees collected pursuant to subdivision (a) shall be deposited in the Motor Vehicle Account in the State Transportation Fund. The money deposited in the account shall be available, upon appropriation by the Legislature, for distribution as follows:

(1) Not more than three dollars ($3) of each fee collected under subdivision (a) to the Department of Motor Vehicles.

(2) The remainder to the Department of the California Highway Patrol.

(c) This section shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, that is enacted on or before January 1, 2003, deletes or extends that date.

SEC. 3. Section 11519 of the Vehicle Code, as added by Section 4 of Chapter 684 of the Statutes of 1995, is amended to read:

11519. (a) No vehicle that has been reported dismantled may be subsequently registered until there is submitted to the department with the prescribed bill of sale an appropriate application, official lamp and brake adjustment certificates issued by an official lamp and brake adjusting station licensed by the Department of Consumer Affairs, except that fleet owners of motor trucks of three or more axles which are more than 6,000 pounds unladen weight and truck tractors may instead submit an official lamp and brake certification for their rebuilt vehicle if they operate an inspection and maintenance station licensed by the commissioner pursuant to subdivision (b) of Section 2525, other documents and fees required, and, with respect to any motor vehicle subject to Part 5 (commencing with Section 43000) of Division 26 of the Health and Safety Code, a valid certificate of compliance from a licensed motor vehicle pollution control device installation and inspection station indicating that the vehicle is properly equipped with a motor vehicle pollution control device or devices which are in proper operating condition and which are in compliance with the provisions of Part 5 (commencing with Section 43000) of Division 26 of the Health and Safety Code.

(b) The department shall not register a vehicle that has been referred to the Department of the California Highway Patrol under subdivision (b) of Section 5505 or that has been selected for inspection by that department under subdivision (c) of that section,

until the applicant for registration submits to the department a certification of inspection issued by the Department of the California Highway Patrol and all of the documents required under subdivision (a).

(c) This section shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, that is enacted on or before January 1, 2003, deletes or extends that date.

SEC. 4. The sum of six hundred forty-one thousand dollars ($641,000) is hereby appropriated from the Motor Vehicle Account in the State Transportation Fund to the Department of the California Highway Patrol for purposes of administering the inspection program under Section 5505 of the Vehicle Code for the 1996–97 fiscal year.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 451

An act to amend Section 5752 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 12, 1996. Filed with Secretary of State September 13, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 5752 of the Vehicle Code is amended to read:

5752. (a) When the required certificate of ownership is lost, stolen, damaged, or mutilated, the application for transfer may be made upon a form provided by the department for a duplicate certificate of ownership. The transferor shall write his or her signature and address in the appropriate spaces provided upon the application and file the same together with the proper fees for duplicate certificate of ownership and transfer. The application shall also include, if applicable, the notorized signature of the lienholder.

(b) An insurance company or its agent is exempt from the notarized signature requirement of subdivision (a) and may apply, upon a form provided by the department, for a duplicate certificate of ownership and transfer of ownership to the insurance company, if all of the following occur:

(1) The insurance company or its agent obtains from the lienholder a document to verify satisfaction of the lien.

(2) The insurance company has paid a total loss claim for the vehicle.

(3) A lienholder is indicated on the department's records.

(4) The certificate of ownership is lost, stolen, damaged, or mutilated.

CHAPTER 452

An act relating to public social services.

[Approved by Governor September 12, 1996. Filed with Secretary of State September 13, 1996.]

The people of the State of California do enact as follows:

SECTION 1. The State Department of Social Services shall provide a copy of the initial data report on the implementation of Section 11274 of the Welfare and Institutions Code, that would be provided to the United States Department of Health and Human Services as part of the demonstration project reporting process, to the appropriate committees of the Legislature.

CHAPTER 453

An act to repeal and add Section 400 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 12, 1996. Filed with Secretary of State September 13, 1996.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that a vehicle described in subdivision (e) of Section 400 of the Vehicle Code, as added by this act, is a parking control vehicle that is operated under unique conditions by local agencies for the enforcement of parking provisions. The Legislature further finds and declares that the exemption from the definition of "motorcycle" provided for that

vehicle in that subdivision (e) is established at the request of local parking control agencies and, therefore, any costs or liabilities arising from that exemption shall be borne by the affected local jurisdiction, and not the state.

SEC. 2. Section 400 of the Vehicle Code, as amended by Section 2 of Chapter 675 of the Statutes of 1994, is repealed.

SEC. 3. Section 400 of the Vehicle Code, as added by Section 3 of Chapter 584 of the Statutes of 1993, is repealed.

SEC. 4. Section 400 is added to the Vehicle Code, to read:

400. (a) A "motorcycle" is any motor vehicle having a seat or saddle for the use of the rider, designed to travel on not more than three wheels in contact with the ground, and weighing less than 1,500 pounds.

(b) A motor vehicle that has four wheels in contact with the ground, two of which are a functional part of a sidecar, is a motorcycle if the vehicle otherwise comes within the definition of subdivision (a).

(c) A motor vehicle that is electrically powered, has a maximum speed of 45 miles per hour, and weighs less than 2,500 pounds, is a motorcycle if the vehicle otherwise comes within the definition of subdivision (a).

(d) A farm tractor is not a motorcycle.

(e) A three-wheeled motor vehicle that otherwise meets the requirements of subdivision (a), has a partially or completely enclosed seating area for the driver and passenger, is used by local public agencies for the enforcement of parking control provisions, and is operated at slow speeds on public streets, is not a motorcycle. However, a motor vehicle described in this subdivision shall comply with the applicable sections of this code imposing equipment installation requirements on motorcycles.

CHAPTER 454

An act to amend Sections 3500, 3502, and 3503 of the Business and Professions Code, relating to medicine.

[Approved by Governor September 12, 1996. Filed with Secretary of State September 13, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 3500 of the Business and Professions Code is amended to read:

3500. In its concern with the growing shortage and geographic maldistribution of health care services in California, the Legislature intends to establish in this chapter a framework for development of a new category of health manpower—the physician assistant.

The purpose of this chapter is to encourage the more effective utilization of the skills of physicians, and physicians and podiatrists practicing in the same medical group practice, by enabling them to delegate health care tasks to qualified physician assistants where this delegation is consistent with the patient's health and welfare and with the laws and regulations relating to physician assistants.

This chapter is established to encourage the utilization of physician assistants by physicians, and by physicians and podiatrists practicing in the same medical group, and to provide that existing legal constraints should not be an unnecessary hindrance to the more effective provision of health care services. It is also the purpose of this chapter to allow for innovative development of programs for the education, training, and utilization of physician assistants.

SEC. 2. Section 3502 of the Business and Professions Code is amended to read:

3502. (a) Notwithstanding any other provision of law, a physician assistant may perform those medical services as set forth by the regulations of the board when the services are rendered under the supervision of a licensed physician and surgeon or of physicians and surgeons approved by the board, except as provided in Section 3502.5.

(b) Notwithstanding any other provision of law, a physician assistant performing medical services under the supervision of a physician and surgeon may assist a doctor of podiatric medicine who is a partner, shareholder, or employee in the same medical group as the supervising physician. A physician assistant who assists a doctor of podiatric medicine pursuant to this subdivision shall do so only according to patient-specific orders from the supervising physician and surgeon.

The supervising physician and surgeon shall be physically available to the physician assistant for consultation when such assistance is rendered. A physician assistant assisting a doctor of podiatric medicine shall be limited to performing those duties included within the scope of practice of a doctor of podiatric medicine.

(c) No medical services may be performed under this chapter in any of the following areas:

(1) The determination of the refractive states of the human eye, or the fitting or adaptation of lenses or frames for the aid thereof.

(2) The prescribing or directing the use of, or using, any optical device in connection with ocular exercises, visual training, or orthoptics.

(3) The prescribing of contact lenses for, or the fitting or adaptation of contact lenses to, the human eye.

(4) The practice of dentistry or dental hygiene or the work of a dental auxiliary as defined in Chapter 4 (commencing with Section 1600).

(d) This section shall not be construed in a manner that shall preclude the performance of routine visual screening as defined in Section 3501.

SEC. 3. Section 3503 of the Business and Professions Code is amended to read:

3503. No person other than one who has been licensed to practice as a physician assistant or authorized to practice on interim approval under Section 3517 shall practice as a physician assistant or in a similar capacity to a physician and surgeon or podiatrist or hold himself or herself out as a "physician assistant," or shall use any other term indicating or implying that he or she is a physician assistant.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 455

An act to amend Section 2836.1 of the Business and Professions Code, relating to nursing, and making an appropriation therefor.

[Approved by Governor September 12, 1996. Filed with Secretary of State September 13, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 2836.1 of the Business and Professions Code is amended to read:

2836.1. Neither this chapter nor any other provision of law shall be construed to prohibit a nurse practitioner from furnishing drugs or devices when all of the following apply:

(a) The drugs or devices are furnished by a nurse practitioner in accordance with standardized procedures or protocols developed by the nurse practitioner and his or her supervising physician and surgeon under any of the following circumstances:

(1) When furnished incidental to the provision of family planning services.

(2) When furnished incidental to the provision of routine health care or prenatal care.

(3) When rendered to essentially healthy persons.

(b) The nurse practitioner is functioning pursuant to standardized procedure, as defined by Section 2725, or protocol. The standardized procedure or protocol shall be developed and approved by the supervising physician and surgeon, the nurse practitioner, and the facility administrator or his or her designee.

(c) The standardized procedure or protocol covering the furnishing of drugs or devices shall specify which nurse practitioners may furnish drugs or devices, which drugs or devices may be furnished, under what circumstances, the extent of physician and surgeon supervision, the method of periodic review of the nurse practitioner's competence, including peer review, and review of the provisions of the standardized procedure.

(d) The furnishing of drugs or devices by a nurse practitioner occurs under physician and surgeon supervision. Physician and surgeon supervision shall not be construed to require the physical presence of the physician, but does include (1) collaboration on the development of the standardized procedure, (2) approval of the standardized procedure, and (3) availability by telephonic contact at the time of patient examination by the nurse practitioner.

(e) For purposes of this section, no physician and surgeon shall supervise more than four nurse practitioners at one time.

(f) Drugs or devices furnished by a nurse practitioner may include Schedule III through Schedule V controlled substances under the California Uniform Controlled Substances Act, (Division 10 (commencing with Section 11000) of the Health and Safety Code) and shall be further limited to those drugs agreed upon by the nurse practitioner and physician and surgeon and specified in the standardized procedure. When Schedule III controlled substances, as defined in Section 11056 of the Health and Safety Code, are furnished by a nurse practitioner, the controlled substances shall be furnished in accordance with a patient-specific protocol approved by the treating or supervising physician. A copy of the section of the nurse practitioner's standardized procedure relating to controlled substances shall be provided upon request, to any licensed pharmacist who dispenses drugs or devices, when there is uncertainty about the nurse practitioner furnishing the order.

(g) The board has certified in accordance with Section 2836.3 that the nurse practitioner has satisfactorily completed (1) at least six month's physician and surgeon-supervised experience in the furnishing of drugs or devices and (2) a course in pharmacology covering the drugs or devices to be furnished under this section. The board shall establish the requirements for satisfactory completion of this subdivision.

(h) Use of the term "furnishing" in this section, in health facilities defined in subdivisions (b), (c), (d), (e), and (i) of Section 1250 of the Health and Safety Code, shall include (1) the ordering of a drug

or device in accordance with the standardized procedure and (2) transmitting an order of a supervising physician and surgeon.

(i) Nothing in this section, nor any other provision of law, shall be construed to authorize a nurse practitioner in solo practice to furnish drugs or devices, under any circumstances.

CHAPTER 456

An act to amend Section 42030 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 12, 1996. Filed with Secretary of State September 13, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 42030 of the Vehicle Code is amended to read:

42030. CHAPTER 457

An act to add Part 6 (commencing with Section 60000) to Division 10 of the Public Utilities Code, relating to transportation.

[Approved by Governor September 12, 1996. Filed with Secretary of State September 13, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Part 6 (commencing with Section 60000) is added to Division 10 of the Public Utilities Code, to read:

PART 6. YOLO COUNTY TRANSPORTATION DISTRICT

CHAPTER 1. GENERAL PROVISIONS

60000. This part shall be known and may be cited as the Yolo County Transportation District Act.

60002. As used in this part, the following terms have the following meanings:

(a) "Authority" means the Yolo County Transit Authority, a joint exercise of powers agency.

(b) "Board of directors" means the Board of Directors of the Yolo County Transportation District.

(c) "Board of supervisors" means the Yolo County Board of Supervisors.

(d) "County" means the County of Yolo.

(e) "District" means the Yolo County Transportation District created by Section 60004.

60004. There is hereby created the Yolo County Transportation District. The jurisdiction of the district extends throughout the county, including all of the incorporated and unincorporated territory.

60006. On and after July 1, 1997, the authority is dissolved and the district succeeds to, and is vested with, all of the rights, powers, duties, and obligations of the authority. The district is the successor to the authority's interests in any property, its rights and obligations under any contract, any outstanding indebtedness of the authority, and its rights under any grants, without the necessity of any further action.

60008. (a) The district shall be governed by a five-member board of directors representing the county and cities in the county in the district, appointed as follows:

(1) One member representing the County of Yolo, appointed by the board of supervisors.

(2) One member representing the City of Davis, appointed by the city council of that city.

(3) One member representing the City of West Sacramento, appointed by the city council of that city.

(4) One member representing the City of Woodland, appointed by the city council of that city.

(5) One member representing the City of Winters, appointed by the city council of that city.

(b) An appointing authority shall appoint one of its members to serve as a member and one member to serve as an alternate member of the board of directors. The alternate member shall serve only in the absence of the regular member.

(c) The University of California at Davis shall appoint a person to serve as a nonvoting ex officio member.

(d) The Department of Transportation shall appoint a person to serve as a nonvoting ex officio member.

(e) Voting members of the board of directors will receive a stipend per meeting to be established by the board in its bylaws.

60010. Upon dissolution of the authority, employees of the authority shall be deemed to be employees of the district without any break in service nor any loss or reduction of compensation or benefits, except as may be imposed by express action of the district governing board.

60012. (a) The district shall assume the duties of public transit provider performed by the authority. On and after July 1, 1997, the

Cities of West Sacramento, Davis, Woodland, and Winters are included within the district.

(b) Additionally, the district is deemed to be each of the following agencies, with all of the powers and duties attendant thereto:

(1) The consolidated transportation services agency for the county, with the concurrence of the Regional Transportation Planning Agency.

(2) The congestion management agency for the county.

60014. The district, at its first meeting, and thereafter annually at the meeting designated by the district, shall elect a chairperson who shall preside at all meetings, and a vice chairperson who shall preside in the absence of the chairperson. In the event of their absence or inability to act, the members present, by an order entered in the minutes, shall select one of their members to act as chairperson pro tempore, who, while so acting, shall have all the authority of the chairperson.

60016. The district shall adopt rules for its proceedings consistent with the laws of the state.

60018. A majority of the board of directors entitled to vote constitutes a quorum for the transaction of business. All official acts of the district require the affirmative vote of a majority of the board of directors entitled to vote.

60020. The acts of the district shall be expressed by motion, resolution, or ordinance.

60022. All meetings of the district shall be conducted pursuant to Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code.

60024. The district shall do all the following:

(a) Adopt an annual budget.

(b) Adopt an administrative code, by ordinance, which prescribes the powers and duties of the district officers, the method of appointment of the district employees, and methods, procedures, and systems of operation and management of the district.

(c) Cause a postaudit of the financial transactions and records of the district to be made at least annually by a certified public accountant.

(d) Do any and all things necessary to carry out the purposes of this part.

60026. (a) The district may hire an independent staff of its own or contract with any department or agency of the United States or with any public agency to implement this part.

(b) The district may contract with private entities in conformance with applicable procurement procedures for the procurement of engineering, project management, and contract management services.

(c) The district shall rely, to the extent possible, on existing state, regional, and local transportation planning and programming data and expertise, rather than on a large duplicative staff and set of plans.

60028. The board of directors shall fix the compensation of the district's officers and employees.

60030. (a) Notice of the time and place of a public hearing on the adoption of the annual budget shall be published pursuant to Section 6061 of the Government Code not less than 15 days prior to the day of the hearing.

(b) The proposed annual budget shall be available for public inspection at least 15 days prior to the hearing.

60032. The district may sue and be sued, except as otherwise provided by law, in all actions and proceedings, in all courts and tribunals of competent jurisdiction.

60034. All claims for money or damages against the district are governed by Division 3.6 (commencing with Section 810) of Title 1 of the Government Code, except as provided therein, or by other statutes or regulations expressly applicable thereto.

60036. The district may make contracts and enter into stipulations of any nature whatsoever, either in connection with eminent domain proceedings or otherwise, including, but not limited to, contracts and stipulations to indemnify and hold harmless, to employ labor, and to do all acts necessary and convenient for the full exercise of the powers granted in this part.

60038. The district may contract with any department or agency of the United States, with any public agency, including, but not limited to, the Department of Transportation, any county, city, or district, or with any person or a private entity upon the terms and conditions that the district finds in its best interest for the procurement of engineering, project management, and contract management services.

60040. (a) Contracts for the purchase of services, supplies, equipment, and materials in excess of ten thousand dollars ($10,000) shall be awarded to the lowest responsible bidder after competitive bidding, except in an emergency declared by the district or by an executive committee to which the district has delegated responsibility to make that declaration.

(b) If, after rejecting bids received under subdivision (a), the district determines and declares that, in its opinion, the services, supplies, equipment, or materials may be purchased at a lower price on the open market, the district may proceed to purchase these services, supplies, equipment, or materials in the open market without further observance of the provisions regarding contracts, bids, or advertisements.

(c) Notwithstanding subdivision (a), the district shall comply with Federal Transit Administration Circular 4220.1 (d), as amended, relative to third-party contracting.

60042. (a) The district has no authority to impose property, sales, or special taxes, but may, with the concurrence of a majority of the member jurisdictions represented on the board of directors, cause to

be submitted to voters of the district a ballot measure for the imposition of those taxes.

(b) If approved as required by law, the district may impose and administer fees and other funding sources secured for transportation system maintenance and improvement.

(c) The board of directors may set fares for public transit service by resolution or minute order.

60046. Notwithstanding any other provision of law which relates to the functioning of the district as the Yolo County Congestion Management Agency District, the district may not exercise any authority over the land use decisions of a local governmental agency.

60048. The district shall include in its bylaws a process for assuring that member jurisdictions of the district may reasonably determine to what extent their share of Mills-Alquist-Deddeh Act funds and other local state or federal revenue sources are used by the district. The district does not replace nor supplant the role of the Regional Transportation Planning Agency to allocate Mills-Alquist-Deddeh Act funds. Each member jurisdiction shall be financially responsible for its share of obligations incurred by the district on that member jurisdiction's behalf. The district's bylaws shall include a budget conflict resolution process.

60050. The district may advocate and act on behalf of all district member jurisdictions with their concurrence to further Yolo County transportation system interests, funding, projects, and priorities.

60052. The district shall act as a countywide forum for the coordination of transportation system planning, programming, and prioritization of significant projects.

60054. The district may promulgate a plan for funding transportation projects within its jurisdiction.

60056. The board of directors shall adopt priorities reflecting the district's goals, including consideration of being designated as the federal Designated Recipient for Yolo County, consideration of additional transportation funding sources, examining the feasibility of Yolo County becoming a self-help county, and examining possible agency consolidations within Yolo County.

60058. The district bylaws shall establish an advisory committee structure, which shall include a Technical Advisory Committee and a Citizen's Advisory Committee and other advisory committees as it deems necessary, and shall establish a process for appealing decisions of the board of directors.

60060. Transportation funding and project prioritization decisions made by the board of directors shall endeavor to be mode neutral, not biased in favor of any one transportation mode with the district seeking local concurrence when appropriate. Those decisions shall take into account the needs of the local jurisdictions, the overall county needs relative to streets, roads, transit, pedestrian, bicycle, telecommuting, light rail, heavy rail, and other alternative transportation mode projects, shall consider the movement of

information and freight as well as people, and shall attempt to balance all transportation choices in order to most effectively utilize limited funding sources to the best advantage of Yolo County residents and others in the region.

60062. The district shall act as the coordinating agency for all state and federal funding applications where appropriate.

CHAPTER 2. TRANSACTIONS AND USE TAX

60100. A retail transactions and use tax ordinance applicable in the incorporated and unincorporated territory of the county may be imposed by the district in accordance with this chapter and Part 1.6 (commencing with Section 7251) of Division 2 of the Revenue and Taxation Code, if the tax ordinance is adopted by a majority of the board of directors and by a majority of the governing bodies of the appointing authorities listed in subdivision (a) of Section 60008, and imposition of the tax is subsequently approved by two-thirds of the voters voting on the measure at a special election called for that purpose by the board of supervisors, at the request of the district, and a county transportation expenditure plan is adopted pursuant to Section 60106.

A retail transactions and use tax approved by the voters shall remain in effect for not longer than 20 years, or any lesser period of time specified in the tax ordinance. The tax may be continued in effect, or reimposed, by a tax ordinance adopted by the district and the reimposition of the tax is approved by two-thirds of the voters.

60102. (a) The district, in the ordinance, shall do all of the following:

(1) State the nature of the tax to be imposed.

(2) Establish the tax rate, which may be in $^1/_4$ percent increments and shall not exceed a maximum tax rate of 1 percent.

(3) Specify the period during which the tax will be imposed.

(4) Specify the purposes for which the revenue derived from the tax will be used.

(b) The proposition shall include an appropriations limit for that entity pursuant to Section 4 of Article XIII B of the California Constitution.

60103. (a) The county shall conduct the special election called by the board of supervisors pursuant to Section 60100. If the measure is approved, the district shall reimburse the county for its cost in conducting the special election.

(b) The special election shall be called and conducted in the same manner as provided by law for the conduct of special elections by a county.

(c) The sample ballot to be mailed to the voters, pursuant to Section 13303 of the Elections Code, shall be the full proposition, as set forth in the ordinance calling the election, and the voter

information handbook shall include the entire adopted county transportation expenditure plan.

60104. (a) Any transactions and use tax ordinance adopted pursuant to this chapter shall be operative on the first day of the first calendar quarter commencing more than 120 days after adoption of the ordinance.

(b) Prior to the operative date of the ordinance, the district shall contract with the State Board of Equalization to perform all functions incidental to the administration and operation of the ordinance.

60105. The revenues from the taxes imposed pursuant to this chapter may be allocated by the district for the construction and improvement of state highways, the construction, maintenance, improvement, and operation of local streets, roads, and highways, and the construction, improvement, and operation of public transit systems. For purposes of this section, "public transit systems" includes paratransit services.

60106. (a) A county transportation expenditure plan shall be prepared for the expenditure of the revenues expected to be derived from the tax imposed pursuant to this chapter, together with other federal, state, and local funds expected to be available for transportation improvements, for the period during which the tax is to be imposed.

(b) A county transportation expenditure plan shall not be adopted unless it has been approved by a majority of the governing bodies of the appointing authorities listed in subdivision (a) of Section 60008 at the time those bodies approve the ordinance described in Section 60100.

(c) The plan shall be adopted prior to the call of the election provided for in Section 60100.

60107. (a) The district may annually review and propose amendments to the county transportation expenditure plan adopted pursuant to Section 60106 to provide for the use of additional federal, state, and local funds, to account for unexpected revenues, or to take into consideration unforeseen circumstances.

(b) The district shall notify the board of supervisors and the city council of each city in the county and provide them with a copy of the proposed amendments.

(c) The proposed amendments shall become effective 45 days after notice is given.

CHAPTER 3. BONDS

60150. (a) As part of the ballot proposition to approve the imposition of a retail transactions and use tax, authorization may be sought to issue bonds to finance capital outlay expenditures as may be provided for in the adopted county transportation expenditure plan, payable from the proceeds of the tax.

(b) The maximum bonded indebtedness that may be outstanding at any one time shall be an amount equal to the sum of the principal of, and interest on, the bonds, but not to exceed the estimated proceeds of the tax, as determined by the plan. The amount of bonds outstanding at any one time does not include the amount of bonds, refunding bonds, or bond anticipation notes for which funds necessary for the payment thereof have been set aside for that purpose in a trust or escrow account.

60151. (a) The bonds authorized by the voters concurrently with the approval of the retail transactions and use tax may be issued at any time by the district and shall be payable from the proceeds of the tax. The bonds shall be referred to as "limited tax bonds." The bonds may be secured by a pledge of revenues from the proceeds of the tax.

(b) The pledge of the tax to the limited tax bonds authorized under this chapter shall have priority over the use of any of the tax for "pay-as-you-go" financing, except to the extent that that priority is expressly restricted in the resolution authorizing the issuance of the bonds.

60152. Limited tax bonds shall be issued pursuant to a resolution adopted at any time by a two-thirds vote of the district. Each resolution shall provide for the issuance of bonds in the amounts as may be necessary, until the full amount of bonds authorized have been issued. The full amount of bonds may be divided into two or more series and different dates of payment fixed for the bonds of each series. A bond need not mature on its anniversary date.

60153. (a) A resolution authorizing the issuance of bonds shall state all of the following:

(1) The purposes for which the proposed debt is to be incurred, which may include all costs and estimated costs incidental to, or connected with, the accomplishment of those purposes, including, without limitation, engineering, inspection, legal, fiscal agents, financial consultant and other fees, bond and other reserve funds, working capital, bond interest estimated to accrue during the construction period and for a period not to exceed three years thereafter, and expenses of all proceedings for the authorization, issuance, and sale of the bonds.

(2) The estimated cost of accomplishing those purposes.

(3) The amount of the principal of the indebtedness.

(4) The maximum term the bonds proposed to be issued shall run before maturity, which shall not be beyond the date of termination of the imposition of the retail transactions and use tax.

(5) The maximum rate of interest to be paid, which shall not exceed the maximum allowable by law.

(6) The denomination or denominations of the bonds, which shall not be less than five thousand dollars ($5,000).

(7) The form of the bonds, including, without limitation, registered bonds and coupon bonds, to the extent permitted by federal law, and the form of any coupons to be attached thereto, the

registration, conversion, and exchange privileges, if any, pertaining thereto, and the time when all of, or any part of, the principal becomes due and payable.

(b) The resolution may also contain any other matters authorized by this chapter or any other provision of law.

60154. The bonds shall bear interest at a rate or rates not exceeding the maximum allowable by law, payable at intervals determined by the commission.

60155. In the resolution authorizing the issuance of the bonds, the district may also provide for the call and redemption of the bonds prior to maturity at the times and prices and upon other terms as specified. However, no bond is subject to call or redemption prior to maturity, unless it contains a recital to that effect or unless a statement to that effect is printed.

60156. The principal of, and interest on, the bonds shall be payable in lawful money of the United States at the office of the treasurer of the district, or at other places as may be designated, or at both the office and other places at the option of the holders of the bonds.

60157. The bonds, or each series thereof, shall be dated and numbered consecutively and shall be signed by the chairperson or vice chairperson of the district and the auditor-controller of the district, and the official seal, if any, of the district shall be attached.

The interest coupons of the bonds shall be signed by the auditor-controller of the district. All of the signatures and seal may be printed, lithographed, or mechanically reproduced.

If any officer whose signature appears on the bonds or coupons ceases to be that officer before the delivery of the bonds, the officer's signature is as effective as if the officer had remained in office.

60158. The bonds may be sold as the district determines by resolution, and the bonds may be sold at a price below par, whether by negotiated or public sale.

60159. Delivery of any bonds may be made at any place either inside or outside the state, and the purchase price may be received in cash or bank credits.

60160. All accrued interest and premiums received on the sale of the bonds shall be placed in the fund to be used for the payment of the principal of, and interest on, the bonds, and the remainder of the proceeds of the bonds shall be placed in the treasury of the district and applied to secure the bonds or for the purposes for which the debt was incurred. However, when the purposes have been accomplished, any money remaining shall be either (a) transferred to the fund to be used for the payment of principal of, and interest on, the bonds or (b) placed in a fund to be used for the purchase of the outstanding bonds in the open market at prices and in the manner, either at public or private sale or otherwise, as determined by the district. Bonds so purchased shall be canceled immediately.

60161. (a) The district may provide for the issuance, sale, or exchange of refunding bonds to redeem or retire any bonds issued by the district upon the terms, at the times and in the manner which it determines.

(b) Refunding bonds may be issued in a principal amount sufficient to pay all, or any part of, the principal of the outstanding bonds, the premiums, if any, due upon call and redemption thereof prior to maturity, all expenses of the refunding, and either of the following:

(1) The interest upon the refunding bonds from the date of sale thereof to the date of payment of the bonds to be refunded out of the proceeds of the sale of the refunding bonds or to the date upon which the bonds to be refunded will be paid pursuant to call or agreement with the holders of the bonds.

(2) The interest upon the bonds to be refunded from the date of sale of the refunding bonds to the date of payment of the bonds to be refunded or to the date upon which the bonds to be refunded will be paid pursuant to call or agreement with the holder of the bonds.

(c) The provisions of this chapter for the issuance and sale of bonds apply to the issuance and sale of refunding bonds.

60162. (a) The district may borrow money in anticipation of the sale of bonds which have been authorized pursuant to this chapter, but which have not been sold or delivered, and may issue negotiable bond anticipation notes therefor and may renew the bond anticipation notes from time to time. However, the maximum maturity of any bond anticipation notes, including the renewals thereof, shall not exceed five years from the date of delivery of the original bond anticipation notes.

(b) The bond anticipation notes, and the interest thereon, may be paid from any money of the district available therefor, including the revenues from the tax. If not previously otherwise paid, the bond anticipation notes, or any portion thereof, or the interest thereon, shall be paid from the proceeds of the next sale of the bonds of the agency in anticipation of which the notes were issued.

(c) The bond anticipation notes shall not be issued in any amount in excess of the aggregate amount of the bonds which the district has been authorized to issue, less the amount of any bonds of the authorized issue previously sold, and also less the amount of other bond anticipation notes therefor issued and then outstanding. The bond anticipation notes shall be issued and sold in the same manner as the bonds.

(d) The bond anticipation notes and the resolutions authorizing them may contain any provisions, conditions, or limitations which a resolution of the district may contain.

60163. Any bonds issued under this chapter are legal investment for all trust funds; for the funds of insurance companies, commercial and savings banks, and trust companies; and for state school funds; and whenever any money or funds may, by any law now or hereafter

enacted, be invested in bonds of cities, counties, school districts, or other districts within the state, that money or funds may be invested in the bonds issued under this chapter, and whenever bonds of cities, counties, school districts, or other districts within the state may, by any law now or hereafter enacted, be used as security for the performance of any act or the deposit of any public money, the bonds issued under this chapter may be so used. The provisions of this chapter are in addition to all other laws relating to legal investments and shall be controlling as the latest expression of the Legislature with respect thereto.

60164. Any action or proceedings wherein the validity of the adoption of the retail transactions and use tax ordinance provided for in this chapter or the issuance of any bonds thereunder or any of the proceedings in relation thereto is contested, questioned, or denied, shall be commenced within six months from the date of the election at which the ordinance is approved; otherwise, the bonds and all proceedings in relation thereto, including the adoption and approval of the ordinance, shall be held to be valid and in every respect legal and incontestable.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 462

An act to amend Sections 1600, 1618, and 3000 of the Penal Code, and to amend Sections 6600, 6601, and 6601.5 of, and to add Sections 6609, 6609.1, 6609.2, and 6609.3 to, the Welfare and Institutions Code, relating to sexually violent predators, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 12, 1996. Filed with Secretary of State September 13, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 1600 of the Penal Code is amended to read:

1600. Any person committed to a state hospital or other treatment facility under the provisions of Section 1026, or Chapter 6 (commencing with Section 1367) of Title 10 of this code, or Section 6316 or 6321 of the Welfare and Institutions Code may be placed on outpatient status from that commitment subject to the procedures and provisions of this title, except that a developmentally disabled person may be placed on outpatient status from that commitment under the provisions of this title as modified by Section 1370.4. Any person committed as a sexually violent predator under the provisions of Article 4 (commencing with Section 6600) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code may be placed on outpatient status from that commitment in accordance with the procedures described in Title 15 (commencing with Section 1600) of Part 2 of the Penal Code.

SEC. 2. Section 1618 of the Penal Code is amended to read:

1618. The administrators and the supervision and treatment staff of the Forensic Conditional Release Program shall not be held criminally or civilly liable for any criminal acts committed by the persons on parole or judicial commitment status who receive supervision or treatment. This waiver of liability shall apply to employees of the State Department of Mental Health, the Board of Prison Terms, and the agencies or persons under contract to those agencies, who provide screening, clinical evaluation, supervision, or treatment to mentally ill parolees or persons under judicial commitment or considered for placement under a hold by the Board of Prison Terms.

SEC. 3. Section 3000 of the Penal Code is amended to read:

3000. (a) (1) The Legislature finds and declares that the period immediately following incarceration is critical to successful reintegration of the offender into society and to positive citizenship. It is in the interest of public safety for the state to provide for the supervision of and surveillance of parolees, including the judicious use of revocation actions, and to provide educational, vocational, family and personal counseling necessary to assist parolees in the transition between imprisonment and discharge. A sentence pursuant to Section 1168 or 1170 shall include a period of parole, unless waived, as provided in this section.

(2) The Legislature finds and declares that it is not the intent of this section to diminish resources allocated to the Department of Corrections for parole functions for which the department is responsible. It is also not the intent of this section to diminish the

resources allocated to the Board of Prison Terms to execute its duties with respect to parole functions for which the board is responsible.

(3) The Legislature finds and declares that diligent effort must be made to ensure that parolees are held accountable for their criminal behavior, including, but not limited to, the satisfaction of restitution fines and orders.

(4) Any finding made pursuant to Article 4 (commencing with Section 6600) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code, that a person is a sexually violent predator shall not toll, discharge, or otherwise affect that person's period of parole.

(b) Notwithstanding any provision to the contrary in Article 3 (commencing with Section 3040) of this chapter, the following shall apply:

(1) At the expiration of a term of imprisonment of one year and one day, or a term of imprisonment imposed pursuant to Section 1170 or at the expiration of a term reduced pursuant to Section 2931, if applicable, the inmate shall be released on parole for a period not exceeding three years, unless the parole authority for good cause waives parole and discharges the inmate from custody of the department.

(2) In the case of any inmate sentenced under Section 1168, the period of parole shall not exceed five years in the case of an inmate imprisoned for any offense other than first or second degree murder for which the inmate has received a life sentence, and shall not exceed three years in the case of any other inmate, unless in either case the parole authority for good cause waives parole and discharges the inmate from custody of the department. This subdivision shall be also applicable to inmates who committed crimes prior to July 1, 1977, to the extent specified in Section 1170.2.

(3) The parole authority shall consider the request of any inmate regarding the length of his or her parole and the conditions thereof.

(4) Upon successful completion of parole, or at the end of the maximum statutory period of parole specified for the inmate under paragraph (1) or (2), as the case may be, whichever is earlier, the inmate shall be discharged from custody. The date of the maximum statutory period of parole under this subdivision and paragraphs (1) and (2) shall be computed from the date of initial parole and shall be a period chronologically determined. Time during which parole is suspended because the prisoner has absconded or has been returned to custody as a parole violator shall not be credited toward any period of parole unless the prisoner is found not guilty of the parole violation. However, in no case, except as provided in Section 3064, may a prisoner subject to three years on parole be retained under parole supervision or in custody for a period longer than four years from the date of his or her initial parole, and, except as provided in Section 3064, in no case may a prisoner subject to five years on parole be retained under parole supervision or in custody for a period longer than seven years from the date of his or her initial parole.

(5) The Department of Corrections shall meet with each inmate at least 30 days prior to his or her good time release date and shall provide, under guidelines specified by the parole authority, the conditions of parole and the length of parole up to the maximum period of time provided by law. The inmate has the right to reconsideration of the length of parole and conditions thereof by the parole authority. The Department of Corrections or the Board of Prison Terms may impose as a condition of parole that a prisoner make payments on the prisoner's outstanding restitution fines or orders imposed pursuant to subdivision (a) or (c) of Section 13967 of the Government Code, as operative prior to September 28, 1994, or subdivision (b) or (f) of Section 1202.4.

(6) For purposes of this chapter, the Board of Prison Terms shall be considered the parole authority.

(7) The sole authority to issue warrants for the return to actual custody of any state prisoner released on parole rests with the Board of Prison Terms, except for any escaped state prisoner or any state prisoner released prior to his or her scheduled release date who should be returned to custody, and Section 3060 shall apply.

SEC. 4. Section 6600 of the Welfare and Institutions Code is amended to read:

6600. As used in this article, the following terms have the following meanings:

(a) "Sexually violent predator" means a person who has been convicted of a sexually violent offense against two or more victims for which he or she received a determinate sentence and who has a diagnosed mental disorder that makes the person a danger to the health and safety of others in that it is likely that he or she will engage in sexually violent criminal behavior.

For purposes of this subdivision, a prior finding of not guilty by reason of insanity for an offense described in subdivision (b), a conviction prior to July 1, 1977, for an offense described in subdivision (b), a conviction resulting in a finding that the person was a mentally disordered sex offender, or a conviction in another state for an offense that includes all the elements of an offense described in subdivision (b), shall also be deemed to be a sexually violent offense even if the offender did not receive a determinate sentence for that prior offense.

Conviction of one or more of the crimes enumerated in this section shall constitute evidence that may support a court or jury determination that a person is a sexually violent predator, but shall not be the sole basis for the determination. The existence of any prior convictions may be shown with documentary evidence. The details underlying the commission of an offense that led to a prior conviction, including a predatory relationship with the victim, may be shown by documentary evidence, including, but not limited to, preliminary hearing transcripts, trial transcripts, probation and sentencing reports, and evaluations by the State Department of

Mental Health. Jurors shall be admonished that they may not find a person a sexually violent predator based on prior offenses absent relevant evidence of a currently diagnosed mental disorder that makes the person a danger to the health and safety of others in that it is likely that he or she will engage in sexually violent criminal behavior.

(b) "Sexually violent offense" means the following acts when committed by force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person, and that are committed on, before, or after the effective date of this article and result in a conviction or a finding of not guilty by reason of insanity, as provided in subdivision (a): a felony violation of paragraph (2) of subdivision (a) of Section 261, paragraph (1) of subdivision (a) of Section 262, Section 264.1, subdivision (a) or (b) of Section 288, or subdivision (a) of Section 289 of the Penal Code, or sodomy or oral copulation in violation of Section 286 or 288a of the Penal Code.

(c) "Diagnosed mental disorder" includes a congenital or acquired condition affecting the emotional or volitional capacity that predisposes the person to the commission of criminal sexual acts in a degree constituting the person a menace to the health and safety of others.

(d) "Danger to the health and safety of others" does not require proof of a recent overt act while the offender is in custody.

(e) "Predatory" means an act is directed toward a stranger, a person of casual acquaintance with whom no substantial relationship exists, or an individual with whom a relationship has been established or promoted for the primary purpose of victimization.

(f) "Recent overt act" means any criminal act that manifests a likelihood that the actor may engage in sexually violent predatory criminal behavior.

SEC. 5. Section 6601 of the Welfare and Institutions Code, as amended by Chapter 4 of the Statutes of 1996, is amended to read:

6601. (a) Whenever the Director of Corrections determines that an individual who is in custody under the jurisdiction of the Department of Corrections, and who is either serving a determinate prison sentence or whose parole has been revoked, may be a sexually violent predator, the director shall, at least six months prior to that individual's scheduled date for release from prison, refer the person for evaluation in accordance with this section. However, if the inmate was received by the department with less than nine months of his or her sentence to serve, or if the inmate's release date is modified by judicial or administrative action, the director may refer the person for evaluation in accordance with this section at a date that is less than six months prior to the inmate's scheduled release date.

(b) The person shall be screened by the Department of Corrections and the Board of Prison Terms based on whether the person has committed a sexually violent predatory offense and on a review of the person's social, criminal, and institutional history. This

screening shall be conducted in accordance with a structured screening instrument developed and updated by the State Department of Mental Health in consultation with the Department of Corrections. If as a result of this screening it is determined that the person is likely to be a sexually violent predator, the Department of Corrections shall refer the person to the State Department of Mental Health for a full evaluation of whether the person meets the criteria in Section 6600.

(c) The State Department of Mental Health shall evaluate the person in accordance with a standardized assessment protocol, developed and updated by the State Department of Mental Health, to determine whether the person is a sexually violent predator as defined in this article. The standardized assessment protocol shall require assessment of diagnosable mental disorders, as well as various factors known to be associated with the risk of reoffense among sex offenders. Risk factors to be considered shall include criminal and psychosexual history, type, degree, and duration of sexual deviance, and severity of mental disorder.

(d) Pursuant to subdivision (c), the person shall be evaluated by two practicing psychiatrists or psychologists, or one practicing psychiatrist and one practicing psychologist, designated by the Director of Mental Health. If both evaluators concur that the person has a diagnosed mental disorder such that he or she is likely to engage in acts of sexual violence without appropriate treatment and custody, the Director of Mental Health shall forward a request for a petition for commitment under Section 6602 to the county designated in subdivision (i). Copies of the evaluation reports and any other supporting documents shall be made available to the attorney designated by the county pursuant to subdivision (i) who may file a petition for commitment.

(e) If one of the professionals performing the evaluation pursuant to subdivision (d) does not concur that the person meets the criteria specified in subdivision (d), but the other professional concludes that the person meets those criteria, the Director of Mental Health shall arrange for further examination of the person by two independent professionals selected in accordance with subdivision (g).

(f) If an examination by independent professionals pursuant to subdivision (e) is conducted, a petition to request commitment under this article shall only be filed if both independent professionals who evaluate the person pursuant to subdivision (e) concur that the person meets the criteria for commitment specified in subdivision (d). The professionals selected to evaluate the person pursuant to subdivision (g) shall inform the person that the purpose of their examination is not treatment but to determine if the person meets certain criteria to be involuntarily committed pursuant to this article. It is not required that the person appreciate or understand that information.

(g) Any independent professional who is designated by the Director of Corrections or the Director of Mental Health for purposes of this section shall not be a state government employee, shall have at least five years of experience in the diagnosis and treatment of mental disorders, and shall include psychiatrists and licensed psychologists who have a doctoral degree in psychology. The requirements set forth in this section also shall apply to any professionals appointed by the court to evaluate the person for purposes of any other proceedings under this article.

(h) If the State Department of Mental Health determines that the person is a sexually violent predator as defined in this article, the Director of Mental Health shall forward a request for a petition to be filed for commitment under this article to the county designated in subdivision (i). Copies of the evaluation reports and any other supporting documents shall be made available to the attorney designated by the county pursuant to subdivision (i) who may file a petition for commitment in the superior court.

(i) If the county's designated counsel concurs with the recommendation, a petition for commitment shall be filed in the superior court of the county in which the person was convicted of the offense for which he or she was committed to the jurisdiction of the Department of Corrections. The petition shall be filed, and the proceedings shall be handled, by either the district attorney or the county counsel of that county. The county board of supervisors shall designate either the district attorney or the county counsel to assume responsibility for proceedings under this article.

(j) The time limits set forth in this section shall not apply during the first year that this article is operative.

(k) If the person is otherwise subject to parole, a finding or placement made pursuant to this article shall not toll, discharge, or otherwise affect the term of parole pursuant to Article 1 (commencing with Section 3000) of Chapter 8 of Title 1 of Part 3 of the Penal Code.

SEC. 6. Section 6601.5 of the Welfare and Institutions Code, as added by Chapter 4 of the Statutes of 1996, is amended to read:

6601.5. (a) In cases where an inmate's parole or temporary parole hold pursuant to Section 6601.3 will expire before a probable cause hearing is conducted pursuant to Section 6602, the agency bringing the petition may request an urgency review pursuant to this section. Upon that request, a judge of the superior court shall review the petition and determine whether the petition states or contains sufficient facts that, if true, would constitute probable cause to believe that the individual named in the petition is likely to engage in sexually violent predatory criminal behavior upon his or her release. If the judge determines that the petition, on its face, supports a finding of probable cause, the judge shall order that the person be detained in a secure facility until a hearing can be held pursuant to Section 6602. The probable cause hearing provided for in Section

6602 shall be held within 10 calendar days of the date of the order issued by the judge pursuant to this section.

(b) This section shall remain in effect only until January 1, 1998, and as of that date is repealed.

SEC. 7. Section 6609 is added to the Welfare and Institutions Code, to read:

6609. Within 10 days of a request made by the chief of police of a city or the sheriff of a county, the State Department of Mental Health shall provide the following information concerning each person committed as a sexually violent predator who is receiving outpatient care in a conditional release program in that city or county: name, address, date of commitment, county from which committed, date of placement in the conditional release program, fingerprints, and a glossy photograph no smaller than $3^1/_8 \times 3^1/_8$ inches in size, or clear copies of the fingerprints and photograph.

SEC. 8. Section 6609.1 is added to the Welfare and Institutions Code, to read:

6609.1. (a) When any person committed as a sexually violent predator is going to be unconditionally released, the State Department of Mental Health shall notify the sheriff or chief of police, or both, and the district attorney, who has jurisdiction over the community in which the person is scheduled to be released. Except as provided in subdivision (b), the notice shall be given at least 15 days prior to the scheduled release date and shall include the name of the person who is scheduled to be released, whether or not the person is required to register with law enforcement, and the community in which the person will reside.

(b) When a person committed as a sexually violent predator is scheduled to be released to a county other than the county from which he or she was committed, the State Department of Mental Health shall provide written notice of that release to the sheriff or police chief, or both, and to the district attorney, who has jurisdiction over the community in which the inmate is scheduled to be released. The notice shall be made at least 45 days prior to the scheduled release date and shall include the name of the person who is scheduled to be released, whether or not the person is required to register with local law enforcement, and the community in which the person will reside.

Those agencies receiving the notice referred to in this subdivision shall have 15 days from receipt of the notice to provide written comment to the department regarding the impending release. Those comments shall be considered by the department, which may modify its decision regarding the community in which the person is scheduled to be released, based on those comments.

(c) If the court orders the immediate release of a sexually violent predator, the department shall notify the sheriff or chief of police, or both, and the district attorney, who has jurisdiction over the

community in which the person is scheduled to be released at the time of release.

(d) The notice required by this section shall be made whether or not a request has been made pursuant to Section 6609.

(e) The time limits imposed by this section are not applicable where the release date of a sexually violent predator has been advanced by a judicial or administrative process or procedure that could not have reasonably been anticipated by the State Department of Mental Health and where, as the result of the time adjustments, there is less than 30 days remaining on the commitment before the inmate's release, but notice shall be given as soon as practicable. In no case shall notice required by this section to the appropriate agency be later than the day of release. If, after the 45-day notice is given to law enforcement and to the district attorney relating to an out-of-county placement, there is change of county placement, notice to the ultimate county of placement shall be made upon the determination of the county of placement.

SEC. 9. Section 6609.2 is added to the Welfare and Institutions Code, to read:

6609.2. (a) When any sheriff or chief of police is notified of the pending release of a person committed as a sexually violent predator, that sheriff or chief of police may notify any person designated by the sheriff or chief of police as an appropriate recipient of the notice.

(b) A law enforcement official authorized to provide notice pursuant to this section, and the public agency or entity employing the law enforcement official, shall not be liable for providing or failing to provide notice pursuant to this section.

SEC. 10. Section 6609.3 is added to the Welfare and Institutions Code, to read:

6609.3. At the time a notice is sent pursuant to subdivision (a) of Section 6609.1, the sheriff, chief of police, or district attorney notified of the release shall also send a notice to persons described in Section 679.03 of the Penal Code who have requested a notice, informing those persons of the fact that the person who committed the sexually violent offense is scheduled to be released and specifying the proposed date of release. Notice of the community in which the person is scheduled to reside shall also be given only if it is (1) in the county of residence of a witness, victim, or family member of a victim who has requested notice, or (2) within 25 miles of the actual residence of a witness, victim, or family member of a victim who has requested notice. If, after providing the witness, victim, or next of kin with the notice, there is any change in the release date or the community in which the person is to reside, the board shall provide the witness, victim, or next of kin with the revised information.

In order to be entitled to receive the notice set forth in this section, the requesting party shall keep the sheriff, chief of police, and district attorney who were notified under Section 679.03 of the Penal Code, informed of his or her current mailing address.

SEC. 11. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 12. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The people of the State of California do enact as follows:

SECTION 1. Section 35781 of the Vehicle Code is amended to read:

35781. The Department of Transportation shall develop a standard application form and a standard permit form for the application for, and the issuance of, a permit. The standard permit form may be used as the standard application form. The application for a permit shall specifically describe the vehicle and load to be operated or moved and the particular highways over which permit to operate is requested, and whether the permit is requested for a single trip or for continuous operation. Local authorities shall use the standard application form and the standard permit form developed by the Department of Transportation. The standard application form and the standard permit form shall be developed in cooperation with representatives of local government and the commercial trucking industry.

SEC. 2. Section 35795 of the Vehicle Code is amended to read:

35795. (a) The Department of Transportation may charge a fee for the issuance of permits pursuant to this article.

The fee established by the Department of Transportation pursuant to this section shall be established by a regulation adopted pursuant to Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code, and shall be calculated to produce a total estimated revenue that is not more than the estimated total cost to that department for administering this article. Special services necessitated by unusually large or heavy loads requiring engineering investigations, or other services, may be billed separately for each permit.

The funds collected by the Department of Transportation pursuant to this section shall be deposited in the State Highway Account in the State Transportation Fund.

(b) Local authorities may charge a fee for the issuance of permits pursuant to this article. However, the fee established by a local authority pursuant to this section shall be established by ordinance or resolution adopted after notice and hearing. The fee shall be

calculated to produce a total estimated revenue that is not more than the estimated total cost incurred by the local authority in administering its authority under this article and shall not exceed the fee developed by the Department of Transportation pursuant to subdivision (a). The fee for the issuance of permits shall be developed in consultation with representatives of local government and the commercial trucking industry. Notice of the hearing shall be by publication as provided in Section 6064 of the Government Code. The hearing shall be held before the legislative body of the local authority. All objections shall be considered and interested parties shall be afforded an adequate opportunity to be heard in respect to their objections. Special services necessitated by unusually large or heavy loads requiring engineering investigations, escorts, tree trimming, or other services shall be billed separately for each permit.

Nothing in this section shall limit or restrict the application of Section 35782.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 465

An act to amend Section 2602 of the Streets and Highways Code, relating to transportation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 12, 1996. Filed with Secretary of State September 13, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 2602 of the Streets and Highways Code is amended to read:

2602. The state-local transportation partnership program shall be implemented by the department and the applicants under the following procedures:

(a) Applicants shall submit applications for eligible projects to the department not later than June 30.

(b) The department shall review the applications for consistency with the requirements of this chapter and shall compile a preliminary list of all eligible projects not later than September 30 of the year in which the application was submitted.

(c) (1) If the total state share for eligible projects exceeds the amount specified in the Governor's proposed budget, the department shall compute the preliminary pro rata share of state funds to be available so that each eligible project would receive the same ratio of state share to local share. Not later than April 1 of the following year, the department shall advise the applicants of the preliminary pro rata share of state funds to be available.

(2) Not later than June 15 of the following year, each applicant shall inform the department whether or not it can proceed with the project with the lower state share and meet the project development completion requirements specified in paragraph (4) of subdivision (b) of Section 2601.

(3) Upon the enactment of the annual Budget Act, the department shall compile a new list of eligible projects consisting of those projects that were included in the original list that the applicant has indicated it can proceed with a lower state share and for which the applicant has indicated it can still meet the delivery requirements pursuant to paragraph (4) of subdivision (b) of Section 2601.

(4) Based on the amount of the appropriation contained in the annual Budget Act, the department shall compute the final pro rata state share so that each project on the new list would receive the same ratio of state share to local share.

(5) Within 30 days of the enactment of the annual Budget Act, the department shall report to the Legislature on the projects being funded through this program and the ratio of state share to local share.

(d) The Legislature intends to appropriate two hundred fifty million dollars ($250,000,000) by June 30, 1990, two hundred fifty million dollars ($250,000,000) by June 30, 1991, and two hundred million dollars ($200,000,000) by June 30 of each year thereafter for this program.

(e) Construction contracts for projects on the eligibility list established pursuant to subdivision (b) or (c) shall be let not later than June 30 of the fiscal year for which funds are appropriated pursuant to subdivision (d).

(f) Beginning with projects funded through appropriations made by the Budget Act of 1992, applications shall not be accepted for any project within the boundaries of a project subject to, but for which contracts were not let in accordance with, subdivision (e), for a period of three fiscal years following the fiscal year in which the applicant's notification of intent to proceed under paragraph (2) of subdivision (c) was submitted.

(g) The funds appropriated shall be expended not later than June 30 of the fourth year following the appropriation.

(h) Notwithstanding subdivisions (e) and (f), any project in Orange County for which a construction contract would otherwise have been required to be let by June 30, 1995, may be let until, but not later than, June 30, 1996.

(i) Notwithstanding subdivisions (e) and (f), any project in Santa Barbara County for which a construction contract would otherwise have been required to be let by June 30, 1995, may be let until, but not later than, December 31, 1996.

(j) The Lakeville Highway widening project (State Route 116 from Caulfield Lane to the Petaluma city limit), and the Mare Island Way/Wilson Avenue Cycle 6 improvement project in the City of Vallejo, for which a construction contract would otherwise have been required to be let by June 30, 1996, may be let until, but not later than, June 30, 1997.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Because the unprecedented severity of storms in the winter of 1994–95 prevented Santa Barbara County from meeting the statutory deadline for awarding contracts for planned road projects, thus making the county ineligible to receive state reimbursement for those projects, and because of unavoidable delays experienced with respect to a project in the City of Petaluma that prevented compliance with a statutory deadline, thus precluding the state's contribution for the project, it is necessary for this act, which provides flexibility with regard to the time for awarding contracts for those projects, to go into effect immediately.

CHAPTER 466

An act to amend Sections 29544 and 29550 of, to add Section 29567 to, and to repeal Chapter 8 (commencing with Section 29570) of Division 4.5 of Title 4 of, the Corporations Code, relating to corporations.

[Approved by Governor September 12, 1996. Filed with Secretary of State September 13, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 29544 of the Corporations Code is amended to read:

29544. (a) Any person who willfully violates any provision of this law, or who willfully violates any rule or order under this law, shall be liable for a civil penalty not to exceed two thousand five hundred dollars ($2,500) for each violation, which shall be assessed and

recovered in a civil action brought in the name of the people of the State of California by the commissioner in any court of competent jurisdiction.

The penalty collected shall be paid to the State Corporations Fund to be used for the support of this division.

(b) As applied to the penalties for acts in violation of this division, the remedies provided by this section and by other sections of this division are not exclusive, and may be sought and employed in any combination to enforce this division.

(c) No action shall be maintained to enforce any liability created under subdivision (a) unless brought before the expiration of four years after the act or transaction constituting the violation.

SEC. 2. Section 29550 of the Corporations Code is amended to read:

29550. (a) Except as provided in subdivision (b), any person who willfully violates any provision of this law, or who willfully violates any rule or order under this law, shall upon conviction be fined not more than two hundred fifty thousand dollars ($250,000) or imprisoned in the state prison or in a county jail for not more than one year, or be punished by both a fine and imprisonment; but no person may be imprisoned for the violation of any rule or order if that person proves that he or she had no knowledge of the rule or order.

(b) Any person who willfully violates Section 29536 shall upon conviction be fined not more than two hundred fifty thousand dollars ($250,000), or imprisoned in the state prison for two, three, or four years, or be punished by both a fine and imprisonment.

(c) One-half of the fines collected under this section shall be paid to the State Corporations Fund to be used for the support of this division. The remainder of the fines collected under this section shall be paid to the state or local agency which brought the criminal prosecution.

SEC. 3. Section 29567 is added to the Corporations Code, to read:

29567. (a) The program established by this division shall be supported from funds appropriated by the Legislature from the State Corporations Fund.

(b) The funds appropriated from the State Corporations Fund and made available for expenditure under subdivision (a) of this section shall come from securities application filing fees collected under subdivisions (e), (f), (h), and (i) of Section 25608 of the Corporations Code.

SEC. 4. Chapter 8 (commencing with Section 29570) of Division 4.5 of Title 4 of the Corporations Code is repealed.

CHAPTER 467

An act to amend Section 18427 of, and to add Section 18011.1 to, the Financial Code, relating to industrial loan companies.

[Approved by Governor September 12, 1996. Filed with Secretary of State September 13, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 18011.1 is added to the Financial Code, to read:

18011.1. "Affiliate" means an affiliated company or a person who, directly or indirectly, controls over 10 percent of the voting stock of an industrial loan company.

SEC. 2. Section 18427 of the Financial Code is amended to read:

18427. (a) Except as provided for under subdivision (c), it is unlawful for any industrial loan company to offer or sell any security (other than an investment certificate when authorized by the commissioner as provided in this division) in an issuer transaction, whether or not by or through underwriters, unless the sale has been qualified under Section 25111, 25112, 25113, or 25121 of the Corporations Code (and no order under Section 25140 or subdivision (a) of Section 25143 of the Corporations Code or Section 18427.2 of this code is in effect with respect to that qualification).

(b) Subject to subdivision (c) and Section 18427.4, the security and transaction exemptions under Chapter 1 (commencing with Section 25100) of Part 2 of Division 1 of Title 4 of the Corporations Code, or the security and transaction exemptions adopted by rule of the commissioner under that chapter, do not apply to the offer or sale of any security, or to any security, of an industrial loan company in an issuer transaction.

(c) The requirement of subdivision (a) that an industrial loan company qualify the sale of a security prior to its offer or sale does not apply to any of the following:

(1) The offer or sale of a nonrecourse participation interest, in whole or in part, in a note or obligation, or notes or obligations, that are a receivable of the industrial loan company issuing the participation interest to (A) a company authorized by the commissioner to engage in the industrial loan business under this division, (B) a person who is described in or meets the requirements of subdivision (i) of Section 25102 of the Corporations Code or any rule promulgated thereunder, or (C) a purchaser in a transaction involving the offer and sale of the company's nonrecourse participation interests, which transaction is exempt from qualification by virtue of meeting all of the requirements of subdivision (f) of Section 25102 of the Corporations Code and the rules promulgated thereunder, provided further that a purchaser

may not satisfy the requirement of a preexisting personal or business relationship with the offeror under subdivision (f) of Section 25102 of the Corporations Code and the rules promulgated thereunder by virtue of the fact of being a holder of an investment certificate or thrift obligation of an industrial loan company, irrespective in the case of (A), (B), or (C), of whether servicing rights under the note or obligation, or notes or obligations, are retained or released by that company.

(2) The offer or sale of a security to an affiliate meeting the requirements of subdivision (f) of Section 25102 of the Corporations Code and the rules promulgated thereunder, providing that written notice of the sale is provided to the commissioner within five days of the offer or sale in the manner prescribed by rule or order of the commissioner under this division.

(3) The offer or sale of a security meeting the requirements of subdivision (i) of Section 25102 of the Corporations Code or any rule promulgated thereunder.

CHAPTER 468

An act to amend Section 110805 of the Health and Safety Code, relating to food labeling.

[Approved by Governor September 12, 1996. Filed with Secretary of State September 13, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 110805 of the Health and Safety Code is amended to read:

110805. (a) Except as otherwise provided in this section, no chopped or ground beef or hamburger that is offered for sale in any retail food production and marketing establishment or frozen food locker plant shall be advertised, labeled, or otherwise held out in any manner to describe or suggest its quality or relative leanness or fat content unless the label, advertisement, or other representation accurately discloses the maximum fat content thereof by the designation "Does not exceed ____ percent fat". However, in no case shall the fat content of any chopped or ground beef or hamburger exceed 30 percent fat, except in no case shall the fat content exceed 26 percent in the case of chopped or ground beef or hamburger processed from the primal cut of chuck when the primal cut designation is being used.

(b) No designation such as, but not limited to, "lean," "super lean," "premium," "deluxe" or similar terms descriptive of quality, leanness, or fat content shall be included on the label unless the label also contains a fat-weight designation as specified in subdivision (a).

However, as an alternative to including the fat-weight designation on the label, the fat-weight designation required by this section may be disclosed by means of a sign placed immediately adjacent to the counter on which the chopped or ground beef or hamburger is displayed. This sign shall be within plain view of prospective purchasers and shall display the appropriate designation specified in subdivision (a) in boldface print.

(c) Chopped or ground beef or hamburger that is processed from primal cuts of round or sirloin shall not be required to disclose the maximum fat content if there is no reference to leanness or other quality designation relating to fat content other than the primal cut from which the product is derived. If there is a reference to leanness or any other quality designation relating to fat content, the maximum fat designation shall be a fat-weight designation as specified in subdivision (a).

(d) It is unlawful and constitutes misbranding for any person to sell or offer for sale in a retail food production and marketing establishment or frozen food locker plant any chopped or ground beef or hamburger that is labeled in violation of this section.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

The people of the State of California do enact as follows:

SECTION 1. Section 10026 of the Business and Professions Code is amended to read:

10026. The term "advance fee" as used in this part is a fee claimed, demanded, charged, received, collected or contracted from a principal for a listing, advertisement or offer to sell or lease

property, other than in a newspaper of general circulation, issued primarily for the purpose of promoting the sale or lease of business opportunities or real estate or for referral to real estate brokers or salesmen, or soliciting borrowers or lenders for, or to negotiate loans on, business opportunities or real estate. As used in this section, "advance fee" does not include "security" as that term is used in Section 1950.5 of the Civil Code, or a "screening fee" as that term is used in Section 1950.6 of the Civil Code. This section does not exempt from regulation the charging or collecting of a fee under Section 1950.5 or 1950.6 of the Civil Code, but instead regulates fees that are not subject to those sections.

SEC. 2. This bill shall become operative only if Assembly Bill 2263 of the 1995–96 Regular Session is enacted and becomes operative.

CHAPTER 470

An act to add Section 17742.9 to the Education Code, relating to education.

[Approved by Governor September 12, 1996. Filed with Secretary of State September 13, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 17742.9 is added to the Education Code, to read:

17742.9. (a) Notwithstanding any other provision of law, a school district that complies with the requirements of subdivision (b) may replace a portable classroom, as defined in Section 17742.5, that has been leased or owned by the district for 20 years or more, with a permanent building if the resulting area of new building construction is no greater than the area that would be authorized under this chapter for the lease or purchase of a portable classroom.

(b) A school district that utilizes subdivision (a) shall fund its expenses incurred thereby through the issuance of general obligation bonds by the district or by the issuance of bonds pursuant to the Mello-Roos Community Facilities Act of 1982 (Chapter 2.5 (commencing with Section 53311) of Part 1 of Division 2 of Title 5 of the Government Code) or by any other financing mechanism that does not encumber the school district's general fund.

The people of the State of California do enact as follows:

SECTION 1. Section 89539 of the Education Code is amended to read:

89539. Any employee dismissed, suspended, or demoted for cause may request a hearing by the State Personnel Board by filing such a request, in writing, with the board within 20 days of being served with the notice. The request may be on the grounds that the required procedure was not followed; that there is no ground for dismissal, suspension, or demotion; that the penalty is excessive, unreasonable, or discriminatory; that the employee did not do the acts or omissions alleged as the events or transactions upon which the causes are based; or that the acts or omissions alleged as the events or transactions upon which the causes are based were justified.

The State Personnel Board shall hold a hearing, following the same procedure as in state civil service proceedings and shall render a decision affirming, modifying or revoking the action taken. In a hearing, the burden of proof shall be on the party taking the dismissal action.

An administrative employee reassigned pursuant to Section 66609 may request a hearing by the trustees by filing a request for a hearing, in writing, with the trustees within 20 days of being served with the notice. The request may be on the grounds that the required procedure was not followed or that the position to which the employee is reassigned is not commensurate with his or her qualifications. The trustees shall hold a hearing, and shall render a decision affirming, modifying, or revoking the action taken.

The State Personnel Board may bill the California State University for the costs incurred in conducting hearings involving employees of the California State University pursuant to Sections 89535 to 89542, inclusive.

SEC. 2. Section 18671.2 of the Government Code is amended to read:

18671.2. (a) The total cost to the state of maintaining and operating the hearing office of the board shall be determined by the

board, in advance or upon any other basis as it may determine, utilizing information from the state agencies for which services are provided by the hearing office.

(b) The board shall be reimbursed for the entire cost of hearings conducted by the hearing office pursuant to statutes administered by the board, or by interagency agreement. The board may bill the appropriate state agencies for the costs incurred in conducting hearings involving employees of those state agencies, and employees of the California State University pursuant to Sections 89535 to 89542, inclusive, of the Education Code, and may bill the state departments having responsibility for the overall administration of grant-in-aid programs for the costs incurred in conducting hearings involving employees not administering their own merit systems pursuant to Chapter 1 (commencing with Section 19800) of Part 2.5. All costs collected by the board pursuant to this section shall only be used for purposes of maintaining and operating the hearing office of the board.

SEC. 3. Section 18676 of the Government Code is amended to read:

18676. When ordered to do so, a witness shall not be excused from testifying or from producing any documentary evidence in that investigation or hearing upon the ground that the testimony or documentary evidence required of the witness may tend to incriminate or subject the witness to penalty or forfeiture, provided the witness is granted use and derivative use immunity.

SEC. 4. Section 19582 of the Government Code is amended to read:

19582. (a) Hearings may be held by the board, or by any authorized representative, but the board shall render the decision that in its judgment is just and proper.

During a hearing, after the appointing authority has completed the opening statement or the presentation of evidence, the employee, without waiving his or her right to offer evidence in the event the motion is not granted, may move for a dismissal of the charges.

If it appears that the evidence presented supports the granting of the motion as to some but not all of the issues involved in the action, the board or the authorized representative shall grant the motion as to those issues and the action shall proceed as to the issues remaining. Despite the granting of the motion, no judgment shall be entered prior to a final determination of the action on the remaining issues, and shall be subject to final review and approval by the board.

(b) If a contested case is heard by an authorized representative, he or she shall prepare a proposed decision in a form that may be adopted as the decision in the case. A copy of the proposed decision shall be filed by the board as a public record and furnished to each party within 10 days after the proposed decision is filed with the board. The board itself may adopt the proposed decision in its entirety, may remand the proposed decision, or may reduce the

adverse action set forth therein and adopt the balance of the proposed decision.

(c) If the proposed decision is not remanded or adopted as provided in subdivision (b), each party shall be notified of the action, and the board itself may decide the case upon the record, including the transcript, with or without taking any additional evidence, or may refer the case to the same or another authorized representative to take additional evidence. If the case is so assigned to an authorized representative, he or she shall prepare a proposed decision as provided in subdivision (b) upon the additional evidence and the transcript and other papers that are part of the record of the prior hearing. A copy of the proposed decision shall be furnished to each party. The board itself shall decide no case provided for in this subdivision without affording the parties the opportunity to present oral and written argument before the board itself. If additional oral evidence is introduced before the board itself, no board member may vote unless he or she heard the additional oral evidence.

(d) In arriving at a decision or a proposed decision, the board or its authorized representative may consider any prior suspension or suspensions of the appellant by authority of any appointing power, or any prior proceedings under this article.

(e) The decision shall be in writing and contain findings of fact and the adverse action, if any. The findings may be stated in the language of the pleadings or by reference thereto. Copies of the decision shall be served on the parties personally or by mail.

SEC. 5. Section 19586 of the Government Code is amended to read:

19586. Within 30 days after the day a copy of the decision rendered by the board in a proceeding under this article is served by the board upon the parties to the decision, either party may petition the board for rehearing of the decision. The petition for rehearing shall be in writing and shall contain all of the grounds upon which a rehearing should be granted.

Within 30 days after the filing of a petition for rehearing with the board, the board shall cause notice thereof to be served upon the other parties to the proceeding by mailing to each a copy of the petition for rehearing. The other parties to the proceeding shall have 20 calendar days from the date of service of a copy of the petition for rehearing to file with the board and serve upon the petitioner a response to the petition for rehearing.

Within 60 days after service of notice of filing of a petition for rehearing, the board shall either grant or deny the petition in whole or in part. Failure to act upon a petition for rehearing within this 60-day period is a denial of the petition.

SEC. 6. Section 19803 of the Government Code is amended to read:

19803. The merit system for employees engaged in administering programs under Section 19800 in a local agency not administering its

own merit system approved under this chapter shall be administered by the board. This may include, but is not limited to, recruitment, examination, certification, appointment and other transactions, position classification, compensation standards, and disciplinary actions. As part of such administration, the board shall hear and decide appeals of any applicant for employment or officer or employee from the decision of a local agency or the board's executive officer affecting the employment rights of such persons. Any decision rendered in such an appeal shall be binding upon the local agency.

The board may bill the state departments having responsibility for the overall administration of grant-in-aid programs for the costs incurred in conducting hearings involving employees of local agencies not administering their own merit systems pursuant to this chapter.

(1) That the imprecision of terms in the opinion rendered in Easton v. Strassburger, 152 Cal. App. 3d 90, and the absence of a comprehensive declaration of duties, standards, and exceptions, has caused insurers to modify professional liability coverage of real estate licensees and has caused confusion among real estate licensees as to the manner of performing the duty ascribed to them by the court.

(2) That it is necessary to resolve and make precise these issues in an expeditious manner.

(3) That it is desirable to facilitate the issuance of professional liability insurance as a resource for aggrieved members of the public.

(4) That Sections 2079 to 2079.6, inclusive, of this article should be construed as a definition of the duty of care found to exist by the holding of Easton v. Strassburger, 152 Cal. App. 3d 90, and the manner of its discharge, and is declarative of the common law regarding this duty. However, nothing in this section is intended to affect the court's ability to interpret Sections 2079 to 2079.6, inclusive.

(b) It is the intent of the Legislature to codify and make precise the holding of Easton v. Strassburger, 152 Cal. App. 3d 90. It is not the intent of the Legislature to modify or restrict existing duties owed by real estate licensees.

the clerk of the juvenile court shall immediately notify the probation officer who shall immediately proceed in accordance with Article 16 (commencing with Section 650).

Any election to continue coverage under this section shall be made within 60 days of permanent separation. The judge shall also pay an additional 2 percent of the contribution payments required to be paid by the judge to cover the administrative costs incurred by the system in administering the program provided by this section. A retired judge who cancels that coverage may not reenroll. Upon attaining the age of 65 years a retired judge who has participated in this program and has continuous and uninterrupted coverage shall be entitled to the applicable employer contribution.

SEC. 2. Section 75521 of the Government Code is amended to read:

75521. (a) A judge who leaves judicial office before accruing at least five years of service shall be paid the amount of his or her contributions to the system, and no other amount.

(b) A judge who leaves judicial office after accruing five or more years of service and who is not eligible to elect to retire under Section 75522 shall be paid the amount of his or her monetary credits determined pursuant to Section 75520, including the credits added under subdivision (b) of that section computed to the last day of the month preceding the date of distribution, and no other amount.

(2) The date of the parties' separation.

(3) If the member had been a judge for fewer than five years on the date of separation, the court shall determine the member's and nonmember's shares of the judge's contributions to the fund, based on Section 2610 of the Family Code, and on the law generally applicable to property earned during marriage.

(4) If the member had been a judge for five years or more on the date of separation, the court shall determine the member's and nonmember's shares of the judge's monetary credits that have accrued pursuant to Section 75520, based on Section 2610 of the Family Code, and on the law generally applicable to property earned during marriage. The monetary credits include the credits computed pursuant to subdivision (b) of Section 75520 computed to the date the court finds appropriate.

The system shall deem any portion of the judge's contributions or of the judge's monetary credits that were not allocated by the judgment to the nonmember, to be allocated to the member.

(c) Promptly after receiving a certified copy of a judgment dissolving the marriage of a member or legally separating a member and nonmember and allocating shares of the member's contributions pursuant to paragraph (3) of subdivision (a), the fund shall pay to the nonmember the amount allocated to him or her in the judgment. The nonmember shall have no further interest in the fund.

(d) Promptly after receiving a certified copy of a judgment dissolving the marriage of a member or legally separating a member and nonmember and allocating shares of the member's monetary credits pursuant to paragraph (4) of subdivision (a), the fund shall

pay to the nonmember the amount allocated to him or her in the judgment. The nonmember shall have no further interest in the fund.

(e) The amount of the payment pursuant to subdivision (c) or (d) shall be subtracted from the member's monetary credits as computed pursuant to Section 75520. Until the amount is redeposited pursuant to Section 75552, the additional credits accorded pursuant to subdivision (b) of Section 75520 shall be computed on the amount so reduced.

CHAPTER 483

An act to amend Sections 2924 and 2924c of the Civil Code, relating to mortgages.

[Approved by Governor September 12, 1996. Filed with Secretary of State September 13, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 2924 of the Civil Code is amended to read:

2924. Every transfer of an interest in property, other than in trust, made only as a security for the performance of another act, is to be deemed a mortgage, except when in the case of personal property it is accompanied by actual change of possession, in which case it is to be deemed a pledge. Where, by a mortgage created after July 27, 1917, of any estate in real property, other than an estate at will or for years, less than two, or in any transfer in trust made after July 27, 1917, of a like estate to secure the performance of an obligation, a power of sale is conferred upon the mortgagee, trustee, or any other person, to be exercised after a breach of the obligation for which that mortgage or transfer is a security, the power shall not be exercised except where the mortgage or transfer is made pursuant to an order, judgment, or decree of a court of record, or to secure the payment of bonds or other evidences of indebtedness authorized or permitted to be issued by the Commissioner of Corporations, or is made by a public utility subject to the provisions of the Public Utilities Act, until (a) the trustee, mortgagee, or beneficiary, or any of their authorized agents shall first file for record, in the office of the recorder of each county wherein the mortgaged or trust property or some part or parcel thereof is situated, a notice of default, identifying the mortgage or deed of trust by stating the name or names of the trustor or trustors and giving the book and page, or instrument number, if applicable, where the same is recorded or a description of the mortgaged or trust property and containing a statement that a breach of the obligation for which the mortgage or transfer in trust is security has occurred, and setting forth the nature of each breach actually known to the beneficiary and of his or her election to sell or

cause to be sold the property to satisfy that obligation and any other obligation secured by the deed of trust or mortgage that is in default, and where the default is curable pursuant to Section 2924c, containing the statement specified in paragraph (1) of subdivision (b) of Section 2924c; (b) not less than three months shall thereafter elapse; and (c) after the lapse of the three months the mortgagee, trustee or other person authorized to take the sale shall give notice of sale, stating the time and place thereof, in the manner and for a time not less than that set forth in Section 2924f. A recital in the deed executed pursuant to the power of sale of compliance with all requirements of law regarding the mailing of copies of notices or the publication of a copy of the notice of default or the personal delivery of the copy of the notice of default or the posting of copies of the notice of sale or the publication of a copy thereof shall constitute prima facie evidence of compliance with these requirements and conclusive evidence thereof in favor of bona fide purchasers and encumbrancers for value and without notice. The mailing, publication, and delivery of notices as required herein, and the performance of the procedures set forth in this article, shall constitute privileged communications within Section 47. There is a rebuttable presumption that the beneficiary actually knew of all unpaid loan payments on the obligation owed to the beneficiary and secured by the deed of trust or mortgage subject to the notice of default. However, the failure to include an actually known default shall not invalidate the notice of sale and the beneficiary shall not be precluded from asserting a claim to this omitted default or defaults in a separate notice of default.

SEC. 2. Section 2924c of the Civil Code is amended to read:

2924c. (a) (1) Whenever all or a portion of the principal sum of any obligation secured by deed of trust or mortgage on real property or an estate for years therein hereafter executed has, prior to the maturity date fixed in that obligation, become due or been declared due by reason of default in payment of interest or of any installment of principal, or by reason of failure of trustor or mortgagor to pay, in accordance with the terms of that obligation or of the deed of trust or mortgage, taxes, assessments, premiums for insurance, or advances made by beneficiary or mortgagee in accordance with the terms of that obligation or of the deed of trust or mortgage, the trustor or mortgagor or his or her successor in interest in the mortgaged or trust property or any part thereof, or any beneficiary under a subordinate deed of trust or any other person having a subordinate lien or encumbrance of record thereon, at any time within the period specified in subdivision (e), if the power of sale therein is to be exercised, or, otherwise at any time prior to entry of the decree of foreclosure, may pay to the beneficiary or the mortgagee or their successors in interest, respectively, the entire amount due, at the time payment is tendered, with respect to (A) all amounts of principal, interest, taxes, assessments, insurance premiums, or

advances actually known by the beneficiary to be, and that are, in default and shown in the notice of default, under the terms of the deed of trust or mortgage and the obligation secured thereby, (B) all amounts in default on recurring obligations not shown in the notice of default, and (C) all reasonable costs and expenses, subject to subdivision (c), which are actually incurred in enforcing the terms of the obligation, deed of trust, or mortgage, and trustee's or attorney's fees, subject to subdivision (d), other than the portion of principal as would not then be due had no default occurred, and thereby cure the default theretofore existing, and thereupon, all proceedings theretofore had or instituted shall be dismissed or discontinued and the obligation and deed of trust or mortgage shall be reinstated and shall be and remain in force and effect, the same as if the acceleration had not occurred. This section does not apply to bonds or other evidences of indebtedness authorized or permitted to be issued by the Commissioner of Corporations or made by a public utility subject to the Public Utilities Code. For the purposes of this subdivision, the term "recurring obligation" means all amounts of principal and interest on the loan, or rents, subject to the deed of trust or mortgage in default due after the notice of default is recorded; all amounts of principal and interest or rents advanced on senior liens or leaseholds which are advanced after the recordation of the notice of default; and payments of taxes, assessments, and hazard insurance advanced after recordation of the notice of default. Where the beneficiary or mortgagee has made no advances on defaults which would constitute recurring obligations, the beneficiary or mortgagee may require the trustor or mortgagor to provide reliable written evidence that the amounts have been paid prior to reinstatement.

(2) If the trustor, mortgagor, or other person authorized to cure the default pursuant to this subdivision does cure the default, the beneficiary or mortgagee or the agent for the beneficiary or mortgagee shall, within 21 days following the reinstatement, execute and deliver to the trustee a notice of rescission which rescinds the declaration of default and demand for sale and advises the trustee of the date of reinstatement. The trustee shall cause the notice of rescission to be recorded within 30 days of receipt of the notice of rescission and of all allowable fees and costs.

No charge, except for the recording fee, shall be made against the trustor or mortgagor for the execution and recordation of the notice which rescinds the declaration of default and demand for sale.

(b) (1) The notice, of any default described in this section, recorded pursuant to Section 2924, and mailed to any person pursuant to Section 2924b, shall begin with the following statement, printed or typed thereon:

"IMPORTANT NOTICE [14-point boldface type if printed or in capital letters if typed]

IF YOUR PROPERTY IS IN FORECLOSURE BECAUSE YOU ARE BEHIND IN YOUR PAYMENTS, IT MAY BE SOLD WITHOUT ANY COURT ACTION, [14-point boldface type if printed or in capital letters if typed] and you may have the legal right to bring your account in good standing by paying all of your past due payments plus permitted costs and expenses within the time permitted by law for reinstatement of your account, which is normally five business days prior to the date set for the sale of your property. No sale date may be set until three months from the date this notice of default may be recorded (which date of recordation appears on this notice).

This amount is _____ as of _____,
(Date)

and will increase until your account becomes current.

While your property is in foreclosure, you still must pay other obligations (such as insurance and taxes) required by your note and deed of trust or mortgage. If you fail to make future payments on the loan, pay taxes on the property, provide insurance on the property, or pay other obligations as required in the note and deed of trust or mortgage, the beneficiary or mortgagee may insist that you do so in order to reinstate your account in good standing. In addition, the beneficiary or mortgagee may require as a condition to reinstatement that you provide reliable written evidence that you paid all senior liens, property taxes, and hazard insurance premiums.

Upon your written request, the beneficiary or mortgagee will give you a written itemization of the entire amount you must pay. You may not have to pay the entire unpaid portion of your account, even though full payment was demanded, but you must pay all amounts in default at the time payment is made. However, you and your beneficiary or mortgagee may mutually agree in writing prior to the time the notice of sale is posted (which may not be earlier than the end of the three-month period stated above) to, among other things, 1) provide additional time in which to cure the default by transfer of the property or otherwise; or (2) establish a schedule of payments in order to cure your default; or both (1) and (2).

Following the expiration of the time period referred to in the first paragraph of this notice, unless the obligation being foreclosed upon or a separate written agreement between you and your creditor permits a longer period, you have only the legal right to stop the sale of your property by paying the entire amount demanded by your creditor.

To find out the amount you must pay, or to arrange for payment to stop the foreclosure, or if your property is in foreclosure for any other reason, contact:

If you have any questions, you should contact a lawyer or the governmental agency which may have insured your loan.

Notwithstanding the fact that your property is in foreclosure, you may offer your property for sale, provided the sale is concluded prior to the conclusion of the foreclosure.

Remember, YOU MAY LOSE LEGAL RIGHTS IF YOU DO NOT TAKE PROMPT ACTION. [14-point boldface type if printed or in capital letters if typed]"

Unless otherwise specified, the notice, if printed, shall appear in at least 12-point boldface type.

If the obligation secured by the deed of trust or mortgage is a contract or agreement described in paragraph (1) or (4) of subdivision (a) of Section 1632, the notice required herein shall be in Spanish if the trustor requested a Spanish language translation of the contract or agreement pursuant to Section 1632. If the obligation secured by the deed of trust or mortgage is contained in a home improvement contract, as defined in Sections 7151.2 and 7159 of the Business and Professions Code, which is subject to Title 2 (commencing with Section 1801), the seller shall specify on the contract whether or not the contract was principally negotiated in Spanish and if the contract was principally negotiated in Spanish, the notice required herein shall be in Spanish. No assignee of the contract or person authorized to record the notice of default shall incur any obligation or liability for failing to mail a notice in Spanish unless Spanish is specified in the contract or the assignee or person has actual knowledge that the secured obligation was principally negotiated in Spanish. Unless specified in writing to the contrary, a copy of the notice required by subdivision (c) of Section 2924b shall be in English.

(2) Any failure to comply with the provisions of this subdivision shall not affect the validity of a sale in favor of a bona fide purchaser or the rights of an encumbrancer for value and without notice.

(c) Costs and expenses which may be charged pursuant to Sections 2924 to 2924i, inclusive, shall be limited to the costs incurred for recording, mailing, publishing, and posting notices required by Sections 2924 to 2924i, inclusive, postponement pursuant to Section 2924g made to either the beneficiary or trustee not to exceed fifty dollars ($50) per postponement and a fee for a trustee's sale guarantee or, in the event of judicial foreclosure, a litigation guarantee.

(d) Trustee's or attorney's fees which may be charged pursuant to subdivision (a), or until the notice of sale is deposited in the mail to the trustor as provided in Section 2924b, if the sale is by power of sale contained in the deed of trust or mortgage, or, otherwise at any time prior to the decree of foreclosure, are hereby authorized to be in an amount which does not exceed two hundred forty dollars ($240) with respect to any portion of the unpaid principal sum secured which is fifty thousand dollars ($50,000) or less, plus one-half of 1 percent of the unpaid principal sum secured exceeding fifty thousand dollars ($50,000) up to and including one hundred fifty thousand dollars ($150,000), plus one-quarter of 1 percent of any portion of the unpaid principal sum secured exceeding one hundred fifty thousand dollars ($150,000) up to and including five hundred thousand dollars ($500,000), plus one-eighth of 1 percent of any portion of the unpaid principal sum secured exceeding five hundred thousand dollars ($500,000). Any charge for trustee's or attorney's fees authorized by this subdivision shall be conclusively presumed to be lawful and valid where the charge does not exceed the amounts authorized herein.

(e) Reinstatement of a monetary default under the terms of an obligation secured by a deed of trust, or mortgage may be made at any time within the period commencing with the date of recordation of the notice of default until five business days prior to the date of sale set forth in the initial recorded notice of sale.

In the event the sale does not take place on the date set forth in the initial recorded notice of sale or a subsequent recorded notice of sale is required to be given, the right of reinstatement shall be revived as of the date of recordation of the subsequent notice of sale, and shall continue from that date until five business days prior to the date of sale set forth in the subsequently recorded notice of sale.

In the event the date of sale is postponed on the date of sale set forth in either an initial or any subsequent notice of sale, or is postponed on the date declared for sale at an immediately preceding postponement of sale, and, the postponement is for a period which exceeds five business days from the date set forth in the notice of sale, or declared at the time of postponement, then the right of reinstatement is revived as of the date of postponement and shall continue from that date until five business days prior to the date of sale declared at the time of the postponement.

Nothing contained herein shall give rise to a right of reinstatement during the period of five business days prior to the date of sale,

whether the date of sale is noticed in a notice of sale or declared at a postponement of sale.

Pursuant to the terms of this subdivision, no beneficiary, trustee, mortgagee, or their agents or successors shall be liable in any manner to a trustor, mortgagor, their agents or successors for the failure to allow a reinstatement of the obligation secured by a deed of trust or mortgage during the period of five business days prior to the sale of the security property, and no such right of reinstatement during this period is created by this section. Any right of reinstatement created by this section is terminated five business days prior to the date of sale set forth in the initial date of sale, and is revived only as prescribed herein and only as of the date set forth herein.

As used in this subdivision, the term "business day" has the same meaning as specified in Section 9.

made available to the public at a price not to exceed the actual cost of duplication and distribution.

CHAPTER 486

An act to amend Section 831.5 of the Penal Code, relating to custodial officers.

[Approved by Governor September 12, 1996. Filed with Secretary of State September 13, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 831.5 of the Penal Code is amended to read:

831.5. (a) As used in this section, a custodial officer is a public officer, not a peace officer, employed by a law enforcement agency of San Diego County, Fresno County, Kern County, Stanislaus County, Riverside County, or a county having a population of 425,000 or less who has the authority and responsibility for maintaining custody of prisoners and performs tasks related to the operation of a local detention facility used for the detention of persons usually pending arraignment or upon court order either for their own safekeeping or for the specific purpose of serving a sentence therein. Custodial officers of a county shall be employees of, and under the authority of, the sheriff, except in counties in which the sheriff, as of July 1, 1993, is not in charge of and the sole and exclusive authority to keep the county jail and the prisoners in it. A custodial officer includes a person designated as a correctional officer, jailer, or other similar title. The duties of custodial officer may include the serving of warrants, court orders, writs and subpoenas in the detention facility or under circumstances arising directly out of maintaining custody of prisoners and related tasks.

(b) A custodial officer shall have no right to carry or possess firearms in the performance of his or her prescribed duties, except, under the direction of the sheriff or chief of police, while engaged in transporting prisoners; guarding hospitalized prisoners; or suppressing jail riots, lynchings, escapes, or rescues in or about a detention facility falling under the care and custody of the sheriff or chief of police.

(c) Each person described in this section as a custodial officer shall, within 90 days following the date of the initial assignment to that position, satisfactorily complete the training course specified in Section 832. In addition, each person designated as a custodial officer shall, within one year following the date of the initial assignment as a custodial officer, have satisfactorily met the minimum selection and training standards prescribed by the Board of Corrections pursuant to Section 6035. Persons designated as custodial officers, before the

expiration of the 90-day and one-year periods described in this subdivision, who have not yet completed the required training, shall not carry or possess firearms in the performance of their prescribed duties, but may perform the duties of a custodial officer only while under the direct supervision of a peace officer as described in Section 830.1, who has completed the training prescribed by the Commission on Peace Officer Standards and Training, or a custodial officer who has completed the training required in this section.

(d) At any time 20 or more custodial officers are on duty, there shall be at least one peace officer, as described in Section 830.1, on duty at the same time to supervise the performance of the custodial officers.

(e) This section shall not be construed to confer any authority upon any custodial officer except while on duty.

(f) A custodial officer may use reasonable force in establishing and maintaining custody of persons delivered to him or her by a law enforcement officer; may make arrests for misdemeanors and felonies within the local detention facility pursuant to a duly issued warrant; may make warrantless arrests pursuant to Section 836.5 only during the duration of his or her job; may release without further criminal process persons arrested for intoxication; and may release misdemeanants on citation to appear in lieu of or after booking.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to pay claims against the state and end hardship to claimants as quickly as possible, it is necessary for this act to take effect immediately.

CHAPTER 488

An act to amend Section 97 of the Streets and Highways Code, relating to vehicles, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 12, 1996. Filed with Secretary of State September 13, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 97 of the Streets and Highways Code is amended to read:

97. (a) The department, in consultation with the Department of the California Highway Patrol, shall develop five pilot projects, three in northern California and two in southern California. The portions of the highways involved in the projects shall be designated and identified as "Safety Enhancement-Double Fine Zones" and shall be in the following locations:

(1) On Route 37, between the intersection with Route 121 and the intersection with Route 29.

(2) On Route 4, between the intersection with the Cummings Skyway and the intersection with Route 80.

(3) On Route 74, between the intersection with Route 5 and the intersection with the Riverside-Orange County line.

(4) On Route 46, between the intersection with Route 101 and the junction with Route 41.

(5) On the Golden Gate Bridge.

(b) (1) The department shall adopt rules and regulations prescribing uniform standards for warning signs to notify motorists that, pursuant to Section 42010 of the Vehicle Code, increased penalties apply for traffic violations that are committed within Safety Enhancement-Double Fine Zones. The rules and regulations adopted by the department shall include, but not be limited to, a requirement that Safety Enhancement-Double Fine Zones be identified with signs stating: "Special Driving Zone Begins Here" and "Special Driving Zone Ends Here."

(2) The department or local authorities, with respect to highways under their respective jurisdictions, shall place and maintain the warning signs specified in paragraph (1) in areas that have been designated pursuant to subdivision (a).

(3) The department shall report to the Legislature on January 1, 1998, on the results of these pilot projects, including a determination

of whether the projects were successful. In its report, the department shall provide a detailed analysis on the impact of the pilot projects on highway safety, including, but not limited to, the number of accidents, traffic injuries, and fatalities in the project areas. A determination that the projects were successful shall be based upon a showing that a statistically significant decrease in the number of accidents, traffic injuries, and fatalities has occurred in the project areas.

(c) Designation of a highway as a Safety Enhancement-Double Fine Zone does not increase the civil liability of the state under Division 3.6 (commencing with Section 810) of Title 1 of the Government Code or any other provision of law relating to civil liability.

(d) The pilot projects specified in subdivision (a) shall not be elevated in priority for state funding purposes.

(e) This section shall remain in effect only until January 1, 1998, and as of that date is repealed, unless a later enacted statute, that is enacted on or before January 1, 1998, deletes or extends that date.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Because of the high number of fatal accidents occurring on that portion of Route 46 and other routes to which this act applies, it is essential that they be included in the pilot projects relating to traffic safety established by Chapter 841 of the Statutes of 1995 at the earliest possible time.

CHAPTER 489

An act to amend Sections 13440 and 13651 of the Business and Professions Code, relating to business regulation.

[Approved by Governor September 12, 1996. Filed with Secretary of State September 13, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 13440 of the Business and Professions Code is amended to read:

13440. (a) The department shall establish specifications for automotive spark-ignition engine fuels. The department shall adopt by reference the latest standards established by a recognized consensus organization or standards writing organization such as the American Society for Testing and Materials (ASTM) or the Society of Automotive Engineers (SAE), for automotive spark-ignition engine fuel, except that no specification shall be less stringent than required by any California state law.

(b) Any gasoline-oxygenate blend containing methanol shall also contain an alcohol cosolvent (butanol or higher molecular weight alcohol) in an amount equal to or greater than the volume percentage of methanol except those blends previously granted a waiver by the Environmental Protection Agency.

(c) Any gasoline-oxygenate blend containing ethanol that complies with Section 2258 of Title 13 of the California Code of Regulations, as it reads on the effective date of the act amending this section during the 1993–94 Regular Session, or as amended, may exceed the Reid vapor pressure limits of ASTM D 4814 for the area and season in which the blend is sold at retail by not more than 6.9 kilopascals (1.0 pounds per square inch), except the total Reid vapor pressure shall not exceed 103 kilopascals (15 pounds per square inch).

(d) The antiknock index as defined in Section 13403 for gasoline and gasoline-oxygenate blends shall not be less than 87.

(e) Gasoline and gasoline-oxygenate blends shall meet the latest specifications set forth in ASTM D 4814, except that no specification shall be less stringent than required by any California state law.

(f) Notwithstanding any other provision of this section, gasoline sold for use in Inyo or Mono County, or the portion of Kern County lying east of the Los Angeles County Aqueduct, shall comply with the latest specification set forth in ASTM D 4814 relating to volatility class standards for the season during which the gasoline is sold for either the interior region or the southeast region of California, except that no specification shall be less stringent than is required by any California state law.

SEC. 2. Section 13651 of the Business and Professions Code is amended to read:

13651. (a) On and after January 1, 1985, every service station in this state shall provide, during operating hours, water, compressed air, and a gauge for measuring air pressure, to the public for use in servicing any passenger vehicle, as defined in Section 465 of the Vehicle Code, or any commercial vehicle, as defined in Section 260 of the Vehicle Code, with an unladen weight of 6,000 pounds or less.

(b) (1) On and after January 1, 1990, every service station in this state located within 660 feet of an accessible right-of-way of any

interstate or primary highway, as defined in Sections 5215 and 5220, shall provide, during business hours, public restrooms for use by its customers. Service stations shall not charge customers separately for the use of restroom facilities.

(2) The public restroom shall not be temporary or portable but shall be permanent and shall include separate facilities for men and women, each with toilets and sinks suitable for use by disabled persons in accordance with Section 19955.5 of the Health and Safety Code and Title 24 of the California Code of Regulations. However, a service station not located along an interstate highway and in a rural area, as defined by Section 101 of Title 23 of the United States Code, and where the annualized average daily traffic count is 2,500 vehicles or less, is only required to provide a single restroom to be used by both men and women unless the local legislative body or, upon designation by the local legislative body, the local building official, determines and finds, based upon traffic studies and local or seasonal tourist patterns, that a single restroom would be inadequate to serve the public. In that event, the single restroom exemption shall not apply. The single restroom shall contain a toilet, urinal, and sink suitable for use by disabled persons as required by the Americans With Disabilities Act and Title 24 of the California Code of Regulations. The single restroom shall be equipped with a locking mechanism to be operated by the user of the restroom and the restroom shall be maintained in a clean and sanitary manner.

(3) This subdivision does not apply to service stations which are operational prior to January 1, 1990, and which would be obligated to construct permanent restroom facilities to comply with this subdivision.

(4) For the purposes of this subdivision, "customer" means a person who purchases any product available for sale on the premises of the service station, including items not related to the repairing or servicing of a motor vehicle.

(c) On and after July 1, 1991, every service station in this state shall display, at a conspicuous place on, at, or near the dispensing apparatus or at or near the point of sale, at least one clearly visible sign showing a list of applicable state and federal fuel taxes per gallon of motor vehicle fuel sold from the dispensing apparatus.

CHAPTER 490

An act to add Section 3558 to the Family Code, relating to family law.

[Approved by Governor September 12, 1996. Filed with Secretary of State September 13, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 3558 is added to the Family Code, to read:

3558. In a proceeding involving child or family support, a court may require either parent to attend job training, job placement and vocational rehabilitation, and work programs, as designated by the court, at regular intervals and times and for durations specified by the court, and provide documentation of participation in the programs, in a format that is acceptable to the court, in order to enable the court to make a finding that good faith attempts at job training and placement have been undertaken by the parent.

CHAPTER 491

An act making an appropriation for the payment of claims against the State of California, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 14, 1996. Filed with Secretary of State September 16, 1996.]

I have signed on this date Assembly Bill No. 2179. However, I am reducing item 3790-001-001(a) by $88,562.85.

This claim is to pay for attorney fees to an individual who received a $283,447 payment for his merit award suggestion. Regulations covering the merit award program do not allow for the payment of either interest or attorney fees. This individual received a substantial award and chose, on his own, to hire legal counsel in order to receive interest on the award amount.

The Merit Award Board Program is a voluntary program which monetarily rewards state employees for suggestions that save the state, and taxpayers, money. Retention of counsel was a decision made by an individual in an effort to compensate for what he considered to be an unreasonably long reimbursement process. Paying this claim will set a troublesome precedent with respect to attorney fees and/or interest payments, neither of which belong in a voluntary program of rewarding cost-efficient suggestions.

PETE WILSON, Governor

The people of the State of California do enact as follows:

(a) The sum of one million one hundred ninety-four thousand eight hundred forty-one dollars and thirty-one cents ($1,194,841.31) is hereby appropriated to the Executive Officer of the State Board of Control to pay claims accepted by the State Board of Control in accordance with the schedule set forth in subdivision (b). SECTION 1. Section 1628.5 of the Business and Professions Code is amended to read:

1628.5. The board may deny an application to take an examination for licensure as a dentist or dental auxiliary or an

application for registration as a dental corporation, or, at any time prior to licensure, the board may deny the issuance of a license to an applicant for licensure as a dentist or dental auxiliary, if the applicant has done any of the following:

31485.7. Notwithstanding anything to the contrary in this chapter, a member who elects to purchase retirement service credit under Section 31494.3, 31641.1, 31641.5, 31646, or 31652, or under the regulations adopted by the board pursuant to Section 31643 or 31644 shall complete that purchase within 120 days after the effective date of his or her retirement.

This section shall not be operative in any county until the board of supervisors, by resolution, makes this section applicable in the county.

SEC. 5. Section 31590 of the Government Code is amended to read:

31590. (a) All warrants, checks, and electronic fund transfers drawn on the retirement fund shall be signed or authorized by at least two board officers or employees, designated by the board or by the treasurer if designated by the board. If the treasurer is designated by the board, the board shall also designate the auditor to sign or authorize warrants, checks, and electronic fund transfers. The authorization may be by blanket authorization of all warrants, checks, or electronic fund transfers appearing on a list or register, or may be by a standing order to draw warrants, checks, or electronic fund transfers, which shall be good until revoked. If the treasurer and auditor are designated by the board, a warrant, check, or electronic fund transfer is not valid until it is signed or authorized, numbered, and recorded by the county auditor, except as provided in subdivision (c).

(b) Any person entitled to the receipt of benefits may authorize the payment of the benefits to be directly deposited by electronic fund transfer into the person's account at the financial institution of the person's choice under a program for direct deposit by electronic transfer established by the board or treasurer if authorized by the board. The direct deposit shall discharge the system's obligation in respect to that payment.

(c) The board may, or, if authorized by the board, the treasurer shall, authorize a trust company or trust department of any state or national bank authorized to conduct the business of a trust company in this state or the Federal Reserve Bank of San Francisco or any branch thereof within this state, to process and issue payments by check or electronic fund transfer.

If he is found to be eligible for disability retirement, appropriate adjustments shall be made in his retirement allowance retroactive to the effective date of his disability retirement as provided in Section 31724.

This section shall not be construed to authorize a member to receive more than one type of retirement allowance for the same period of time nor to entitle any beneficiary to receive benefits which the beneficiary would not otherwise have been entitled to receive under the type of retirement which the member is finally determined to have been entitled. In the event a member retired for service is found not to be entitled to disability retirement he shall not be entitled to return to his job as provided in Section 31725.

If the retired member should die before a final determination is made concerning entitlement to disability retirement, the rights of the beneficiary shall be as selected by the member at the time of retirement for service. The optional or unmodified type of allowance selected by the member at the time of retirement for service shall also be binding as to the type of allowance the member receives if the member is awarded a disability retirement.

(C) The sale, transfer, conveyance, or change of name or identification of a business within the development project.

(A) A clearing corporation.

(B) A person, including a bank or broker, that in the ordinary course of its business maintains securities accounts for others and is acting in that capacity.

(15) "Security," except as otherwise provided in Section 8103, means an obligation of an issuer or a share, participation, or other interest in an issuer or in property or an enterprise of an issuer that is all of the following:

(A) It is represented by a security certificate in bearer or registered form, or the transfer of it may be registered upon books maintained for that purpose by or on behalf of the issuer.

(B) It is one of a class or series or by its terms is divisible into a class or series of shares, participations, interests, or obligations.

(C) It is either of the following:

(i) It is, or is of a type, dealt in or traded on securities exchanges or securities markets.

(ii) It is a medium for investment and by its terms expressly provides that it is a security governed by this division.

(16) "Security certificate" means a certificate representing a security.

(17) "Security entitlement" means the rights and property interest of an entitlement holder with respect to a financial asset specified in Chapter 5 (commencing with Section 8501).

(18) "Uncertificated security" means a security that is not represented by a certificate.

(b) Other definitions applying to this division and the sections in which they appear are:

Appropriate person. Section 8107.

Control. Section 8106.

Delivery. Section 8301.

Investment company security. Section 8103.

Issuer. Section 8201.

Overissue. Section 8210.

Protected purchaser. Section 8303.

Securities account. Section 8501.

(c) In addition, Division 1 (commencing with Section 1101) contains general definitions and principles of construction and interpretation applicable throughout this division.

(d) The characterization of a person, business, or transaction for purposes of this division does not determine the characterization of the person, business, or transaction for purposes of any other law, regulation, or rule.

8103. (a) A share or similar equity interest issued by a corporation, business trust, joint stock company, or similar entity is a security.

(b) An "investment company security" is a security. "Investment company security" means a share or similar equity interest issued by an entity that is registered as an investment company under the federal investment company laws, an interest in a unit investment trust that is so registered, or a face-amount certificate issued by a face-amount certificate company that is so registered. Investment company security does not include an insurance policy or endowment policy or annuity contract issued by an insurance company.

(c) An interest in a partnership or limited liability company is not a security unless it is dealt in or traded on securities exchanges or in securities markets, its terms expressly provide that it is a security governed by this division, or it is an investment company security. However, an interest in a partnership or limited liability company is a financial asset if it is held in a securities account.

(d) A writing that is a security certificate is governed by this division and not by Division 3 (commencing with Section 3101), even though it also meets the requirements of that division. However, a

negotiable instrument governed by Division 3 (commencing with Section 3101) is a financial asset if it is held in a securities account.

(e) An option or similar obligation issued by a clearing corporation to its participants is not a security, but is a financial asset.

(f) A commodity contract, as defined in Section 9115, is not a security or a financial asset.

8104. (a) A person acquires a security or an interest therein, under this division, if either of the following applies:

(1) The person is a purchaser to whom a security is delivered pursuant to Section 8301; or

(2) The person acquires a security entitlement to the security pursuant to Section 8501.

(b) A person acquires a financial asset, other than a security, or an interest therein, under this division, if the person acquires a security entitlement to the financial asset.

(c) A person who acquires a security entitlement to a security or other financial asset has the rights specified in Chapter 5 (commencing with Section 8501), but is a purchaser of any security, security entitlement, or other financial asset held by the securities intermediary only to the extent provided in Section 8503.

(d) Unless the context shows that a different meaning is intended, a person who is required by other law, regulation, rule, or agreement to transfer, deliver, present, surrender, exchange, or otherwise put in the possession of another person a security or financial asset satisfies that requirement by causing the other person to acquire an interest in the security or financial asset pursuant to subdivision (a) or (b).

8105. (a) A person has notice of an adverse claim if any of the following applies:

(1) The person knows of the adverse claim.

(2) The person is aware of facts sufficient to indicate that there is a significant probability that the adverse claim exists and deliberately avoids information that would establish the existence of the adverse claim.

(3) The person has a duty, imposed by statute or regulation, to investigate whether an adverse claim exists, and the investigation so required would establish the existence of the adverse claim.

(b) Having knowledge that a financial asset or interest therein is or has been transferred by a representative imposes no duty of inquiry into the rightfulness of a transaction and is not notice of an adverse claim. However, a person who knows that a representative has transferred a financial asset or interest therein in a transaction that is, or whose proceeds are being used, for the individual benefit of the representative or otherwise in breach of duty has notice of an adverse claim.

(c) An act or event that creates a right to immediate performance of the principal obligation represented by a security certificate or sets a date on or after which the certificate is to be presented or

surrendered for redemption or exchange does not itself constitute notice of an adverse claim except in the case of a transfer more than either of the following:

(1) One year after a date set for presentment or surrender for redemption or exchange.

(2) Six months after a date set for payment of money against presentation or surrender of the certificate, if money was available for payment on that date.

(d) A purchaser of a certificated security has notice of an adverse claim if the security certificate is any of the following:

(1) Whether in bearer or registered form, has been endorsed "for collection" or "for surrender" or for some other purpose not involving transfer.

(2) Is in bearer form and has on it an unambiguous statement that it is the property of a person other than the transferor, but the mere writing of a name on the certificate is not such a statement.

(e) Filing of a financing statement under Division 9 (commencing with Section 9101) is not notice of an adverse claim to a financial asset.

8106. (a) A purchaser has "control" of a certificated security in bearer form if the certificated security is delivered to the purchaser.

(b) A purchaser has "control" of a certificated security in registered form if the certificated security is delivered to the purchaser, and either of the following applies:

(1) The certificate is endorsed to the purchaser or in blank by an effective endorsement.

(2) The certificate is registered in the name of the purchaser, upon original issue or registration of transfer by the issuer.

(c) A purchaser has "control" of an uncertificated security if either of the following applies:

(1) The uncertificated security is delivered to the purchaser; or

(2) The issuer has agreed that it will comply with instructions originated by the purchaser without further consent by the registered owner.

(d) A purchaser has "control" of a security entitlement if either of the following applies:

(1) The purchaser becomes the entitlement holder.

(2) The securities intermediary has agreed that it will comply with entitlement orders originated by the purchaser without further consent by the entitlement holder.

(e) If an interest in a security entitlement is granted by the entitlement holder to the entitlement holder's own securities intermediary, the securities intermediary has control.

(f) A purchaser who has satisfied the requirements of paragraph (2) of subdivision (c) or paragraph (2) of subdivision (d) has control even if the registered owner in the case of paragraph (2) of subdivision (c) or the entitlement holder in the case of paragraph (2) of subdivision (d) retains the right to make substitutions for the uncertificated security or security entitlement, to originate

instructions or entitlement orders to the issuer or securities intermediary, or otherwise to deal with the uncertificated security or security entitlement.

(g) An issuer or a securities intermediary may not enter into an agreement of the kind described in paragraph (2) of subdivision (c) or paragraph (2) of subdivision (d) without the consent of the registered owner or entitlement holder, but an issuer or a securities intermediary is not required to enter into such an agreement even though the registered owner or entitlement holder so directs. An issuer or securities intermediary that has entered into such an agreement is not required to confirm the existence of the agreement to another party unless requested to do so by the registered owner or entitlement holder.

8107. (a) "Appropriate person" means any of the following:

(1) With respect to an endorsement, the person specified by a security certificate or by an effective special endorsement to be entitled to the security.

(2) With respect to an instruction, the registered owner of an uncertificated security.

(3) With respect to an entitlement order, the entitlement holder.

(4) If the person designated in paragraph (1), (2), or (3) is deceased, the designated person's successor taking under other law or the designated person's personal representative acting for the estate of the decedent.

(5) If the person designated in paragraph (1), (2), or (3) lacks capacity, the designated person's guardian, conservator, or other similar representative who has power under other law to transfer the security or financial asset.

(b) An endorsement, instruction, or entitlement order is effective if it is made by any of the following:

(1) It is made by the appropriate person.

(2) It is made by a person who has power under the law of agency to transfer the security or financial asset on behalf of the appropriate person, including, in the case of an instruction or entitlement order, a person who has control under paragraph (2) of subdivision (c) or paragraph (2) of subdivision (d) of Section 8106.

(3) The appropriate person has ratified it or is otherwise precluded from asserting its ineffectiveness.

(c) An endorsement, instruction, or entitlement order made by a representative is effective even if:

(1) The representative has failed to comply with a controlling instrument or with the law of the state having jurisdiction of the representative relationship, including any law requiring the representative to obtain court approval of the transaction.

(2) The representative's action in making the endorsement, instruction, or entitlement order or using the proceeds of the transaction is otherwise a breach of duty.

(d) If a security is registered in the name of or specially endorsed to a person described as a representative, or if a securities account is maintained in the name of a person described as a representative, an endorsement, instruction, or entitlement order made by the person is effective even though the person is no longer serving in the described capacity.

(e) Effectiveness of an endorsement, instruction, or entitlement order is determined as of the date the endorsement, instruction, or entitlement order is made, and an endorsement, instruction, or entitlement order does not become ineffective by reason of any later change of circumstances.

8108. (a) A person who transfers a certificated security to a purchaser for value warrants to the purchaser, and an endorser, if the transfer is by endorsement, warrants to any subsequent purchaser, all of the following:

(1) The certificate is genuine and has not been materially altered.

(2) The transferor or endorser does not know of any fact that might impair the validity of the security.

(3) There is no adverse claim to the security.

(4) The transfer does not violate any restriction on transfer.

(5) If the transfer is by endorsement, the endorsement is made by an appropriate person, or if the endorsement is by an agent, the agent has actual authority to act on behalf of the appropriate person.

(6) The transfer is otherwise effective and rightful.

(b) A person who originates an instruction for registration of transfer of an uncertificated security to a purchaser for value warrants to the purchaser all of the following:

(1) The instruction is made by an appropriate person, or if the instruction is by an agent, the agent has actual authority to act on behalf of the appropriate person.

(2) The security is valid.

(3) There is no adverse claim to the security.

(4) At the time the instruction is presented to the issuer, all of the following will be applicable:

(A) The purchaser will be entitled to the registration of transfer.

(B) The transfer will be registered by the issuer free from all liens, security interests, restrictions, and claims other than those specified in the instruction.

(C) The transfer will not violate any restriction on transfer.

(D) The requested transfer will otherwise be effective and rightful.

(c) A person who transfers an uncertificated security to a purchaser for value and does not originate an instruction in connection with the transfer warrants all of the following:

(1) The uncertificated security is valid.

(2) There is no adverse claim to the security.

(3) The transfer does not violate any restriction on transfer.

(4) The transfer is otherwise effective and rightful.

(d) A person who endorses a security certificate warrants all of the following to the issuer:

(1) There is no adverse claim to the security.

(2) The endorsement is effective.

(e) A person who originates an instruction for registration of transfer of an uncertificated security warrants all of the following to the issuer:

(1) The instruction is effective.

(2) At the time the instruction is presented to the issuer the purchaser will be entitled to the registration of transfer.

(f) A person who presents a certificated security for registration of transfer or for payment or exchange warrants to the issuer that the person is entitled to the registration, payment, or exchange, but a purchaser for value and without notice of adverse claims to whom transfer is registered warrants only that the person has no knowledge of any unauthorized signature in a necessary endorsement.

(g) If a person acts as agent of another in delivering a certificated security to a purchaser, the identity of the principal was known to the person to whom the certificate was delivered, and the certificate delivered by the agent was received by the agent from the principal or received by the agent from another person at the direction of the principal, the person delivering the security certificate warrants only that the delivering person has authority to act for the principal and does not know of any adverse claim to the certificated security.

(h) A secured party who redelivers a security certificate received, or after payment and on order of the debtor delivers the security certificate to another person, makes only the warranties of an agent under subdivision (g).

(i) Except as otherwise provided in subdivision (g), a broker acting for a customer makes to the issuer and a purchaser the warranties provided in subdivisions (a) to (f), inclusive. A broker that delivers a security certificate to its customer, or causes its customer to be registered as the owner of an uncertificated security, makes to the customer the warranties provided in subdivision (a) or (b), and has the rights and privileges of a purchaser under this section. The warranties of and in favor of the broker acting as an agent are in addition to applicable warranties given by and in favor of the customer.

8109. (a) A person who originates an entitlement order to a securities intermediary warrants all of the following to the securities intermediary:

(1) The entitlement order is made by an appropriate person, or if the entitlement order is by an agent, the agent has actual authority to act on behalf of the appropriate person.

(2) There is no adverse claim to the security entitlement.

(b) A person who delivers a security certificate to a securities intermediary for credit to a securities account or originates an instruction with respect to an uncertificated security directing that

the uncertificated security be credited to a securities account makes to the securities intermediary the warranties specified in subdivision (a) or (b) of Section 8108.

(c) If a securities intermediary delivers a security certificate to its entitlement holder or causes its entitlement holder to be registered as the owner of an uncertificated security, the securities intermediary makes to the entitlement holder the warranties specified in subdivision (a) or (b) of Section 8108.

8110. (a) The local law of the issuer's jurisdiction, as specified in subdivision (d), governs the following:

(1) The validity of a security.

(2) The rights and duties of the issuer with respect to registration of transfer.

(3) The effectiveness of registration of transfer by the issuer.

(4) Whether the issuer owes any duties to an adverse claimant to a security.

(5) Whether an adverse claim can be asserted against a person to whom transfer of a certificated or uncertificated security is registered or a person who obtains control of an uncertificated security.

(b) The local law of the securities intermediary's jurisdiction, as specified in subdivision (e), governs the following:

(1) Acquisition of a security entitlement from the securities intermediary.

(2) The rights and duties of the securities intermediary and entitlement holder arising out of a security entitlement.

(3) Whether the securities intermediary owes any duties to an adverse claimant to a security entitlement.

(4) Whether an adverse claim can be asserted against a person who acquires a security entitlement from the securities intermediary or a person who purchases a security entitlement or interest therein from an entitlement holder.

(c) The local law of the jurisdiction in which a security certificate is located at the time of delivery governs whether an adverse claim can be asserted against a person to whom the security certificate is delivered.

(d) "Issuer's jurisdiction" means the jurisdiction under which the issuer of the security is organized or, if permitted by the law of that jurisdiction, the law of another jurisdiction specified by the issuer. An issuer organized under the law of this state may specify the law of another jurisdiction as the law governing the matters specified in paragraphs (2) to (5), inclusive, of subdivision (a).

(e) The following rules determine a "securities intermediary's jurisdiction" for purposes of this section:

(1) If an agreement between the securities intermediary and its entitlement holder specifies that it is governed by the law of a particular jurisdiction, that jurisdiction is the securities intermediary's jurisdiction.

(2) If an agreement between the securities intermediary and its entitlement holder does not specify the governing law as provided in paragraph (1), but expressly specifies that the securities account is maintained at an office in a particular jurisdiction, that jurisdiction is the securities intermediary's jurisdiction.

(3) If an agreement between the securities intermediary and its entitlement holder does not specify a jurisdiction as provided in paragraph (1) or (2), the securities intermediary's jurisdiction is the jurisdiction in which is located the office identified in an account statement as the office serving the entitlement holder's account.

(4) If an agreement between the securities intermediary and its entitlement holder does not specify a jurisdiction as provided in paragraph (1) or (2) and an account statement does not identify an office serving the entitlement holder's account as provided in paragraph (3), the securities intermediary's jurisdiction is the jurisdiction in which is located the chief executive office of the securities intermediary.

(f) A securities intermediary's jurisdiction is not determined by the physical location of certificates representing financial assets, or by the jurisdiction in which is organized the issuer of the financial asset with respect to which an entitlement holder has a security entitlement, or by the location of facilities for data processing or other record keeping concerning the account.

8111. A rule adopted by a clearing corporation governing rights and obligations among the clearing corporation and its participants in the clearing corporation is effective even if the rule conflicts with this division and affects another party who does not consent to the rule.

8112. (a) The interest of a debtor in a certificated security may be reached by a creditor only by actual seizure of the security certificate by the officer making the attachment or levy, except as otherwise provided in subdivision (d). However, a certificated security for which the certificate has been surrendered to the issuer may be reached by a creditor by legal process upon the issuer.

(b) The interest of a debtor in an uncertificated security may be reached by a creditor only by legal process upon the issuer at its chief executive office in the United States, except as otherwise provided in subdivision (d).

(c) The interest of a debtor in a security entitlement may be reached by a creditor only by legal process upon the securities intermediary with whom the debtor's securities account is maintained, except as otherwise provided in subdivision (d).

(d) The interest of a debtor in a certificated security for which the certificate is in the possession of a secured party, or in an uncertificated security registered in the name of a secured party, or a security entitlement maintained in the name of a secured party, may be reached by a creditor by legal process upon the secured party.

(e) A creditor whose debtor is the owner of a certificated security, uncertificated security, or security entitlement is entitled to aid from a court of competent jurisdiction, by injunction or otherwise, in reaching the certificated security, uncertificated security, or security entitlement or in satisfying the claim by means allowed at law or in equity in regard to property that cannot readily be reached by other legal process.

8113. A contract or modification of a contract for the sale or purchase of a security is enforceable whether or not there is a writing signed or record authenticated by a party against whom enforcement is sought, even if the contract or modification is not capable of performance within one year of its making.

8114. The following rules apply in an action on a certificated security against the issuer:

(a) Unless specifically denied in the pleadings, each signature on a security certificate or in a necessary endorsement is admitted.

(b) If the effectiveness of a signature is put in issue, the burden of establishing effectiveness is on the party claiming under the signature, but the signature is presumed to be genuine or authorized.

(c) If signatures on a security certificate are admitted or established, production of the certificate entitles a holder to recover on it unless the defendant establishes a defense or a defect going to the validity of the security.

(d) If it is shown that a defense or defect exists, the plaintiff has the burden of establishing that the plaintiff or some person under whom the plaintiff claims is a person against whom the defense or defect cannot be asserted.

8115. A securities intermediary that has transferred a financial asset pursuant to an effective entitlement order, or a broker or other agent or bailee that has dealt with a financial asset at the direction of its customer or principal, is not liable to a person having an adverse claim to the financial asset, unless the securities intermediary, or broker or other agent or bailee did one or more of the following:

(1) Took the action after it had been served with an injunction, restraining order, or other legal process enjoining it from doing so, issued by a court of competent jurisdiction, and had a reasonable opportunity to act on the injunction, restraining order, or other legal process.

(2) Acted in collusion with the wrongdoer in violating the rights of the adverse claimant.

(3) In the case of a security certificate that has been stolen, acted with notice of the adverse claim.

8116. A securities intermediary that receives a financial asset and establishes a security entitlement to the financial asset in favor of an entitlement holder is a purchaser for value of the financial asset. A securities intermediary that acquires a security entitlement to a financial asset from another securities intermediary acquires the security entitlement for value if the securities intermediary

acquiring the security entitlement establishes a security entitlement to the financial asset in favor of an entitlement holder.

CHAPTER 2. ISSUE AND ISSUER

8201. (a) With respect to an obligation on or a defense to a security, an "issuer" includes a person that does any of the following:

(1) Places or authorizes the placing of its name on a security certificate, other than as authenticating trustee, registrar, transfer agent, or the like, to evidence a share, participation, or other interest in its property or in an enterprise, or to evidence its duty to perform an obligation represented by the certificate.

(2) Creates a share, participation, or other interest in its property or in an enterprise, or undertakes an obligation, that is an uncertificated security.

(3) Directly or indirectly creates a fractional interest in its rights or property, if the fractional interest is represented by a security certificate.

(4) Becomes responsible for, or in place of, another person described as an issuer in this section.

(b) With respect to an obligation on or defense to a security, a guarantor is an issuer to the extent of its guaranty, whether or not its obligation is noted on a security certificate.

(c) With respect to a registration of a transfer, issuer means a person on whose behalf transfer books are maintained.

8202. (a) Even against a purchaser for value and without notice, the terms of a certificated security include terms stated on the certificate and terms made part of the security by reference on the certificate to another instrument, indenture, or document or to a constitution, statute, ordinance, rule, regulation, order, or the like, to the extent the terms referred to do not conflict with terms stated on the certificate. A reference under this subdivision does not of itself charge a purchaser for value with notice of a defect going to the validity of the security, even if the certificate expressly states that a person accepting it admits notice. The terms of an uncertificated security include those stated in any instrument, indenture, or document or in a constitution, statute, ordinance, rule, regulation, order, or the like, pursuant to which the security is issued.

(b) The following rules apply if an issuer asserts that a security is not valid:

(1) A security other than one issued by a government or governmental subdivision, agency, or instrumentality, even though issued with a defect going to its validity, is valid in the hands of a purchaser for value and without notice of the particular defect unless the defect involves a violation of a constitutional provision. In that case, the security is valid in the hands of a purchaser for value and without notice of the defect, other than one who takes by original issue.

(2) Paragraph (1) applies to an issuer that is a government or governmental subdivision, agency, or instrumentality only if there has been substantial compliance with the legal requirements governing the issue or the issuer has received a substantial consideration for the issue as a whole or for the particular security and a stated purpose of the issue is one for which the issuer has power to borrow money or issue the security.

(c) Except as otherwise provided in Section 8205, lack of genuineness of a certificated security is a complete defense, even against a purchaser for value and without notice.

(d) All other defenses of the issuer of a security, including nondelivery and conditional delivery of a certificated security, are ineffective against a purchaser for value who has taken the certificated security without notice of the particular defense.

(e) This section does not affect the right of a party to cancel a contract for a security "when, as and if issued" or "when distributed" in the event of a material change in the character of the security that is the subject of the contract or in the plan or arrangement pursuant to which the security is to be issued or distributed.

(f) If a security is held by a securities intermediary against whom an entitlement holder has a security entitlement with respect to the security, the issuer may not assert any defense that the issuer could not assert if the entitlement holder held the security directly.

8203. After an act or event, other than a call that has been revoked, creating a right to immediate performance of the principal obligation represented by a certificated security or setting a date on or after which the security is to be presented or surrendered for redemption or exchange, a purchaser is charged with notice of any defect in its issue or defense of the issuer, if the act or event either:

(1) Requires the payment of money, the delivery of a certificated security, the registration of transfer of an uncertificated security, or any of them on presentation or surrender of the security certificate, the money or security is available on the date set for payment or exchange, and the purchaser takes the security more than one year after that date.

(2) Is not covered by paragraph (1) and the purchaser takes the security more than two years after the date set for surrender or presentation or the date on which performance became due.

8204. A restriction on transfer of a security imposed by the issuer, even if otherwise lawful, is ineffective against a person without knowledge of the restriction unless either of the following applies:

(1) The security is certificated and the restriction is noted conspicuously on the security certificate.

(2) The security is uncertificated and the registered owner has been notified of the restriction.

8205. An unauthorized signature placed on a security certificate before or in the course of issue is ineffective, but the signature is effective in favor of a purchaser for value of the certificated security

if the purchaser is without notice of the lack of authority and the signing has been done by one of the following:

(1) An authenticating trustee, registrar, transfer agent, or other person entrusted by the issuer with the signing of the security certificate or of similar security certificates, or the immediate preparation for signing of any of them.

(2) An employee of the issuer, or of any of the persons listed in paragraph (1), entrusted with responsible handling of the security certificate.

8206. (a) If a security certificate contains the signatures necessary to its issue or transfer but is incomplete in any other respect, the following apply:

(1) Any person may complete it by filling in the blanks as authorized.

(2) Even if the blanks are incorrectly filled in, the security certificate as completed is enforceable by a purchaser who took it for value and without notice of the incorrectness.

(b) A complete security certificate that has been improperly altered, even if fraudulently, remains enforceable, but only according to its original terms.

8207. (a) Before due presentment for registration of transfer of a certificated security in registered form or of an instruction requesting registration of transfer of an uncertificated security, the issuer or indenture trustee may treat the registered owner as the person exclusively entitled to vote, receive notifications, and otherwise exercise all the rights and powers of an owner.

(b) This division does not affect the liability of the registered owner of a security for a call, assessment, or the like.

8208. (a) A person signing a security certificate as authenticating trustee, registrar, transfer agent, or the like, warrants all of the following to a purchaser for value of the certificated security, if the purchaser is without notice of a particular defect:

(1) The certificate is genuine.

(2) The person's own participation in the issue of the security is within the person's capacity and within the scope of the authority received by the person from the issuer.

(3) The person has reasonable grounds to believe that the certificated security is in the form and within the amount the issuer is authorized to issue.

(b) Unless otherwise agreed, a person signing under subdivision (a) does not assume responsibility for the validity of the security in other respects.

8209. A lien in favor of an issuer upon a certificated security is valid against a purchaser only if the right of the issuer to the lien is noted conspicuously on the security certificate.

8210. (a) In this section, "overissue" means the issue of securities in excess of the amount the issuer has corporate power to issue, but

an overissue does not occur if appropriate action has cured the overissue.

(b) Except as otherwise provided in subdivisions (c) and (d), the provisions of this division that validate a security or compel its issue or reissue do not apply to the extent that validation, issue, or reissue would result in overissue.

(c) If an identical security not constituting an overissue is reasonably available for purchase, a person entitled to issue or validation may compel the issuer to purchase the security and deliver it if certificated or register its transfer if uncertificated, against surrender of any security certificate the person holds.

(d) If a security is not reasonably available for purchase, a person entitled to issue or validation may recover from the issuer the price the person or the last purchaser for value paid for it with interest from the date of the person's demand.

CHAPTER 3. TRANSFER OF CERTIFICATED AND UNCERTIFICATED SECURITIES

8301. (a) Delivery of a certificated security to a purchaser occurs when any of the following occur:

(1) The purchaser acquires possession of the security certificate.

(2) Another person, other than a securities intermediary, either acquires possession of the security certificate on behalf of the purchaser or, having previously acquired possession of the certificate, acknowledges that it holds for the purchaser.

(3) A securities intermediary acting on behalf of the purchaser acquires possession of the security certificate, only if the certificate is in registered form and has been specially endorsed to the purchaser by an effective endorsement.

(b) Delivery of an uncertificated security to a purchaser occurs when any of the following occur:

(1) The issuer registers the purchaser as the registered owner, upon original issue or registration of transfer.

(2) Another person, other than a securities intermediary, either becomes the registered owner of the uncertificated security on behalf of the purchaser or, having previously become the registered owner, acknowledges that it holds for the purchaser.

8302. (a) Except as otherwise provided in subdivisions (b) and (c), upon delivery of a certificated or uncertificated security to a purchaser, the purchaser acquires all rights in the security that the transferor had or had power to transfer.

(b) A purchaser of a limited interest acquires rights only to the extent of the interest purchased.

(c) A purchaser of a certificated security who as a previous holder had notice of an adverse claim does not improve its position by taking from a protected purchaser.

8303. (a) "Protected purchaser" means a purchaser of a certificated or uncertificated security, or of an interest therein, who does all of the following:

(1) Gives value.

(2) Does not have notice of any adverse claim to the security.

(3) Obtains control of the certificated or uncertificated security.

(b) In addition to acquiring the rights of a purchaser, a protected purchaser also acquires its interest in the security free of any adverse claim.

8304. (a) An endorsement may be in blank or special. An endorsement in blank includes an endorsement to bearer. A special endorsement specifies to whom a security is to be transferred or who has power to transfer it. A holder may convert a blank endorsement to a special endorsement.

(b) An endorsement purporting to be only of part of a security certificate representing units intended by the issuer to be separately transferable is effective to the extent of the endorsement.

(c) An endorsement, whether special or in blank, does not constitute a transfer until delivery of the certificate on which it appears or, if the endorsement is on a separate document, until delivery of both the document and the certificate.

(d) If a security certificate in registered form has been delivered to a purchaser without a necessary endorsement, the purchaser may become a protected purchaser only when the endorsement is supplied. However, against a transferor, a transfer is complete upon delivery and the purchaser has a specifically enforceable right to have any necessary endorsement supplied.

(e) An endorsement of a security certificate in bearer form may give notice of an adverse claim to the certificate, but it does not otherwise affect a right to registration that the holder possesses.

(f) Unless otherwise agreed, a person making an endorsement assumes only the obligations provided in Section 8108 and not an obligation that the security will be honored by the issuer.

8305. (a) If an instruction has been originated by an appropriate person but is incomplete in any other respect, any person may complete it as authorized and the issuer may rely on it as completed, even though it has been completed incorrectly.

(b) Unless otherwise agreed, a person initiating an instruction assumes only the obligations imposed by Section 8108 and not an obligation that the security will be honored by the issuer.

8306. (a) A person who guarantees a signature of an endorser of a security certificate warrants that at the time of signing all of the following were true:

(1) The signature was genuine.

(2) The signer was an appropriate person to endorse, or if the signature is by an agent, the agent had actual authority to act on behalf of the appropriate person.

(3) The signer had legal capacity to sign.

(b) A person who guarantees a signature of the originator of an instruction warrants that at the time of signing all of the following were true:

(1) The signature was genuine.

(2) The signer was an appropriate person to originate the instruction, or if the signature is by an agent, the agent had actual authority to act on behalf of the appropriate person, if the person specified in the instruction as the registered owner was, in fact, the registered owner, as to which fact the signature guarantor does not make a warranty.

(3) The signer had legal capacity to sign.

(c) A person who specially guarantees the signature of an originator of an instruction makes the warranties of a signature guarantor under subdivision (b) and also warrants that at the time the instruction is presented to the issuer all of the following are true:

(1) The person specified in the instruction as the registered owner of the uncertificated security will be the registered owner.

(2) The transfer of the uncertificated security requested in the instruction will be registered by the issuer free from all liens, security interests, restrictions, and claims other than those specified in the instruction.

(d) A guarantor under subdivisions (a) and (b) or a special guarantor under subdivision (c) does not otherwise warrant the rightfulness of the transfer.

(e) A person who guarantees an endorsement of a security certificate makes the warranties of a signature guarantor under subdivision (a) and also warrants the rightfulness of the transfer in all respects.

(f) A person who guarantees an instruction requesting the transfer of an uncertificated security makes the warranties of a special signature guarantor under subdivision (c) and also warrants the rightfulness of the transfer in all respects.

(g) An issuer may not require a special guaranty of signature, a guaranty of endorsement, or a guaranty of instruction as a condition to registration of transfer.

(h) The warranties under this section are made to a person taking or dealing with the security in reliance on the guaranty, and the guarantor is liable to the person for loss resulting from their breach. An endorser or originator of an instruction whose signature, endorsement, or instruction has been guaranteed is liable to a guarantor for any loss suffered by the guarantor as a result of breach of the warranties of the guarantor.

8307. Unless otherwise agreed, the transferor of a security on due demand shall supply the purchaser with proof of authority to transfer or with any other requisite necessary to obtain registration of the transfer of the security, but if the transfer is not for value, a transferor need not comply unless the purchaser pays the necessary expenses.

If the transferor fails within a reasonable time to comply with the demand, the purchaser may reject or rescind the transfer.

CHAPTER 4. REGISTRATION

8401. (a) If a certificated security in registered form is presented to an issuer with a request to register transfer or an instruction is presented to an issuer with a request to register transfer of an uncertificated security, the issuer shall register the transfer as requested if the following conditions are met:

(1) Under the terms of the security the person seeking registration of transfer is eligible to have the security registered in its name.

(2) The endorsement or instruction is made by the appropriate person or by an agent who has actual authority to act on behalf of the appropriate person.

(3) Reasonable assurance is given that the endorsement or instruction is genuine and authorized (Section 8402).

(4) Any applicable law relating to the collection of taxes has been complied with.

(5) The transfer does not violate any restriction on transfer imposed by the issuer in accordance with Section 8204.

(6) A demand that the issuer not register transfer has not become effective under Section 8403, or the issuer has complied with subdivision (b) of Section 8403 but no legal process or indemnity bond is obtained as provided in subdivision (d) of Section 8403.

(7) The transfer is in fact rightful or is to a protected purchaser.

(b) If an issuer is under a duty to register a transfer of a security, the issuer is liable to a person presenting a certificated security or an instruction for registration or to the person's principal for loss resulting from unreasonable delay in registration or failure or refusal to register the transfer.

8402. (a) An issuer may require the following assurance that each necessary endorsement or each instruction is genuine and authorized:

(1) In all cases, a guaranty of the signature of the person making an endorsement or originating an instruction including, in the case of an instruction, reasonable assurance of identity.

(2) If the endorsement is made or the instruction is originated by an agent, appropriate assurance of actual authority to sign.

(3) If the endorsement is made or the instruction is originated by a fiduciary pursuant to paragraph (4) or (5) of Section 8107, appropriate evidence of appointment or incumbency.

(4) If there is more than one fiduciary, reasonable assurance that all who are required to sign have done so.

(5) If the endorsement is made or the instruction is originated by a person not covered by another provision of this subdivision,

assurance appropriate to the case corresponding as nearly as may be to the provisions of this subdivision.

(b) An issuer may elect to require reasonable assurance beyond that specified in this section.

(c) In this section:

(1) "Guaranty of the signature" means a guaranty signed by or on behalf of a person reasonably believed by the issuer to be responsible. An issuer may adopt standards with respect to responsibility if they are not manifestly unreasonable.

(2) "Appropriate evidence of appointment or incumbency" means:

(A) In the case of a fiduciary appointed or qualified by a court, a certificate issued by or under the direction or supervision of the court or an officer thereof and dated within 60 days before the date of presentation for transfer.

(B) In any other case, a copy of a document showing the appointment or a certificate issued by or on behalf of a person reasonably believed by an issuer to be responsible or, in the absence of that document or certificate, other evidence the issuer reasonably considers appropriate.

8403. (a) A person who is an appropriate person to make an endorsement or originate an instruction may demand that the issuer not register transfer of a security by communicating to the issuer a notification that identifies the registered owner and the issue of which the security is a part and provides an address for communications directed to the person making the demand. The demand is effective only if it is received by the issuer at a time and in a manner affording the issuer reasonable opportunity to act on it.

(b) If a certificated security in registered form is presented to an issuer with a request to register transfer or an instruction is presented to an issuer with a request to register transfer of an uncertificated security after a demand that the issuer not register transfer has become effective, the issuer shall promptly communicate to (A) the person who initiated the demand at the address provided in the demand and (B) the person who presented the security for registration of transfer or initiated the instruction requesting registration of transfer a notification stating all of the following:

(1) The certificated security has been presented for registration of transfer or the instruction for registration of transfer of the uncertificated security has been received.

(2) A demand that the issuer not register transfer had previously been received.

(3) The issuer will withhold registration of transfer for a period of time stated in the notification in order to provide the person who initiated the demand an opportunity to obtain legal process or an indemnity bond.

(c) The period described in paragraph (3) of subdivision (b) may not exceed 30 days after the date of communication of the

notification. A shorter period may be specified by the issuer if it is not manifestly unreasonable.

(d) An issuer is not liable to a person who initiated a demand that the issuer not register transfer for any loss the person suffers as a result of registration of a transfer pursuant to an effective endorsement or instruction if the person who initiated the demand does not, within the time stated in the issuer's communication, either:

(1) Obtain an appropriate restraining order, injunction, or other process from a court of competent jurisdiction enjoining the issuer from registering the transfer.

(2) File with the issuer an indemnity bond, sufficient in the issuer's judgment to protect the issuer and any transfer agent, registrar, or other agent of the issuer involved from any loss it or they may suffer by refusing to register the transfer.

(e) This section does not relieve an issuer from liability for registering transfer pursuant to an endorsement or instruction that was not effective.

8404. (a) Except as otherwise provided in Section 8406, an issuer is liable for wrongful registration of transfer if the issuer has registered a transfer of a security to a person not entitled to it, and the transfer was registered in any of the following circumstances:

(1) Pursuant to an ineffective endorsement or instruction.

(2) After a demand that the issuer not register transfer became effective under subdivision (a) of Section 8403(a) and the issuer did not comply with subdivision (b) of Section 8403.

(3) After the issuer had been served with an injunction, restraining order, or other legal process enjoining it from registering the transfer, issued by a court of competent jurisdiction, and the issuer had a reasonable opportunity to act on the injunction, restraining order, or other legal process.

(4) By an issuer acting in collusion with the wrongdoer.

(b) An issuer that is liable for wrongful registration of transfer under subdivision (a) on demand shall provide the person entitled to the security with a like certificated or uncertificated security, and any payments or distributions that the person did not receive as a result of the wrongful registration. If an overissue would result, the issuer's liability to provide the person with a like security is governed by Section 8210.

(c) Except as otherwise provided in subdivision (a) or in a law relating to the collection of taxes, an issuer is not liable to an owner or other person suffering loss as a result of the registration of a transfer of a security if registration was made pursuant to an effective endorsement or instruction.

8405. (a) If an owner of a certificated security, whether in registered or bearer form, claims that the certificate has been lost, destroyed, or wrongfully taken, the issuer shall issue a new certificate if the owner does all of the following:

(1) So requests before the issuer has notice that the certificate has been acquired by a protected purchaser.

(2) Files with the issuer a sufficient indemnity bond.

(3) Satisfies other reasonable requirements imposed by the issuer.

(b) If, after the issue of a new security certificate, a protected purchaser of the original certificate presents it for registration of transfer, the issuer shall register the transfer unless an overissue would result. In that case, the issuer's liability is governed by Section 8210. In addition to any rights on the indemnity bond, an issuer may recover the new certificate from a person to whom it was issued or any person taking under that person, except a protected purchaser.
