8406. If a security certificate has been lost, apparently destroyed, or wrongfully taken, and the owner fails to notify the issuer of that fact within a reasonable time after the owner has notice of it and the issuer registers a transfer of the security before receiving notification, the owner may not assert against the issuer a claim for registering the transfer under Section 8404 or a claim to a new security certificate under Section 8405.

8407. A person acting as authenticating trustee, transfer agent, registrar, or other agent for an issuer in the registration of a transfer of its securities, in the issue of new security certificates or uncertificated securities, or in the cancellation of surrendered security certificates has the same obligation to the holder or owner of a certificated or uncertificated security with regard to the particular functions performed as the issuer has in regard to those functions.

CHAPTER 5. SECURITY ENTITLEMENTS

8501. (a) "Securities account" means an account to which a financial asset is or may be credited in accordance with an agreement under which the person maintaining the account undertakes to treat the person for whom the account is maintained as entitled to exercise the rights that comprise the financial asset.

(b) Except as otherwise provided in subdivisions (d) and (e), a person acquires a security entitlement if a securities intermediary does any of the following:

(1) Indicates by book entry that a financial asset has been credited to the person's securities account.

(2) Receives a financial asset from the person or acquires a financial asset for the person and, in either case, accepts it for credit to the person's securities account.

(3) Becomes obligated under other law, regulation, or rule to credit a financial asset to the person's securities account.

(c) If a condition of subdivision (b) has been met, a person has a security entitlement even though the securities intermediary does not itself hold the financial asset.

(d) If a securities intermediary holds a financial asset for another person, and the financial asset is registered in the name of, payable to the order of, or specially endorsed to the other person, and has not been endorsed to the securities intermediary or in blank, the other person is treated as holding the financial asset directly rather than as having a security entitlement with respect to the financial asset.

(e) Issuance of a security is not establishment of a security entitlement.

8502. An action based on an adverse claim to a financial asset, whether framed in conversion, replevin, constructive trust, equitable lien, or other theory, may not be asserted against a person who acquires a security entitlement under Section 8501 for value and without notice of the adverse claim.

8503. (a) To the extent necessary for a securities intermediary to satisfy all security entitlements with respect to a particular financial asset, all interests in that financial asset held by the securities intermediary are held by the securities intermediary for the entitlement holders, are not property of the securities intermediary, and are not subject to claims of creditors of the securities intermediary, except as otherwise provided in Section 8511.

(b) An entitlement holder's property interest with respect to a particular financial asset under subdivision (a) is a pro rata property interest in all interests in that financial asset held by the securities intermediary, without regard to the time the entitlement holder acquired the security entitlement or the time the securities intermediary acquired the interest in that financial asset.

(c) An entitlement holder's property interest with respect to a particular financial asset under subdivision (a) may be enforced against the securities intermediary only by exercise of the entitlement holder's rights under Sections 8505 to 8508, inclusive.

(d) An entitlement holder's property interest with respect to a particular financial asset under subdivision (a) may be enforced against a purchaser of the financial asset or interest therein only if all of the following conditions are met:

(1) Insolvency proceedings have been initiated by or against the securities intermediary.

(2) The securities intermediary does not have sufficient interests in the financial asset to satisfy the security entitlements of all of its entitlement holders to that financial asset.

(3) The securities intermediary violated its obligations under Section 8504 by transferring the financial asset or interest therein to the purchaser.

(4) The purchaser is not protected under subdivision (e). The trustee or other liquidator, acting on behalf of all entitlement holders having security entitlements with respect to a particular financial asset, may recover the financial asset, or interest therein, from the purchaser. If the trustee or other liquidator elects not to pursue that right, an entitlement holder whose security entitlement remains

unsatisfied has the right to recover its interest in the financial asset from the purchaser.

(e) An action based on the entitlement holder's property interest with respect to a particular financial asset under subdivision (a), whether framed in conversion, replevin, constructive trust, equitable lien, or other theory, may not be asserted against any purchaser of a financial asset or interest therein who gives value, obtains control, and does not act in collusion with the securities intermediary in violating the securities intermediary's obligations under Section 8504.

8504. (a) A securities intermediary shall promptly obtain and thereafter maintain a financial asset in a quantity corresponding to the aggregate of all security entitlements it has established in favor of its entitlement holders with respect to that financial asset. The securities intermediary may maintain those financial assets directly or through one or more other securities intermediaries.

(b) Except to the extent otherwise agreed by its entitlement holder, a securities intermediary may not grant any security interests in a financial asset it is obligated to maintain pursuant to subdivision (a).

(c) A securities intermediary satisfies the duty in subdivision (a) if it does either of the following:

(1) The securities intermediary acts with respect to the duty as agreed upon by the entitlement holder and the securities intermediary.

(2) In the absence of agreement, the securities intermediary exercises due care in accordance with reasonable commercial standards to obtain and maintain the financial asset.

(d) This section does not apply to a clearing corporation that is itself the obligor of an option or similar obligation to which its entitlement holders have security entitlements.

8505. (a) A securities intermediary shall take action to obtain a payment or distribution made by the issuer of a financial asset. A securities intermediary satisfies the duty if it does either of the following:

(1) The securities intermediary acts with respect to the duty as agreed upon by the entitlement holder and the securities intermediary.

(2) In the absence of agreement, the securities intermediary exercises due care in accordance with reasonable commercial standards to attempt to obtain the payment or distribution.

(b) A securities intermediary is obligated to its entitlement holder for a payment or distribution made by the issuer of a financial asset if the payment or distribution is received by the securities intermediary.

8506. A securities intermediary shall exercise rights with respect to a financial asset if directed to do so by an entitlement holder. A

securities intermediary satisfies the duty if it does either of the following:

(1) The securities intermediary acts with respect to the duty as agreed upon by the entitlement holder and the securities intermediary.

(2) In the absence of agreement, the securities intermediary either places the entitlement holder in a position to exercise the rights directly or exercises due care in accordance with reasonable commercial standards to follow the direction of the entitlement holder.

8507. (a) A securities intermediary shall comply with an entitlement order if the entitlement order is originated by the appropriate person, the securities intermediary has had reasonable opportunity to assure itself that the entitlement order is genuine and authorized, and the securities intermediary has had reasonable opportunity to comply with the entitlement order. A securities intermediary satisfies the duty if it does either of the following:

(1) The securities intermediary acts with respect to the duty as agreed upon by the entitlement holder and the securities intermediary.

(2) In the absence of agreement, the securities intermediary exercises due care in accordance with reasonable commercial standards to comply with the entitlement order.

(b) If a securities intermediary transfers a financial asset pursuant to an ineffective entitlement order, the securities intermediary shall reestablish a security entitlement in favor of the person entitled to it, and pay or credit any payments or distributions that the person did not receive as a result of the wrongful transfer. If the securities intermediary does not reestablish a security entitlement, the securities intermediary is liable to the entitlement holder for damages.

8508. A securities intermediary shall act at the direction of an entitlement holder to change a security entitlement into another available form of holding for which the entitlement holder is eligible, or to cause the financial asset to be transferred to a securities account of the entitlement holder with another securities intermediary. A securities intermediary satisfies the duty if it does either of the following:

(1) The securities intermediary acts as agreed upon by the entitlement holder and the securities intermediary.

(2) In the absence of agreement, the securities intermediary exercises due care in accordance with reasonable commercial standards to follow the direction of the entitlement holder.

8509. (a) If the substance of a duty imposed upon a securities intermediary by Sections 8504 to 8508, inclusive, is the subject of a federal statute, regulation, or rule, compliance with that statute, regulation, or rule satisfies the duty.

(b) To the extent that specific standards for the performance of the duties of a securities intermediary or the exercise of the rights of an entitlement holder are not specified by other statute, regulation, or rule or by agreement between the securities intermediary and entitlement holder, the securities intermediary shall perform its duties and the entitlement holder shall exercise its rights in a commercially reasonable manner.

(c) The obligation of a securities intermediary to perform the duties imposed by Sections 8504 to 8508, inclusive, is subject to the following:

(1) Rights of the securities intermediary arising out of a security interest under a security agreement with the entitlement holder or otherwise.

(2) Rights of the securities intermediary under other law, regulation, rule, or agreement to withhold performance of its duties as a result of unfulfilled obligations of the entitlement holder to the securities intermediary.

(d) Sections 8504 to 8508, inclusive, do not require a securities intermediary to take any action that is prohibited by other statute, regulation, or rule.

8510. (a) An action based on an adverse claim to a financial asset or security entitlement, whether framed in conversion, replevin, constructive trust, equitable lien, or other theory, may not be asserted against a person who purchases a security entitlement, or an interest therein, from an entitlement holder if the purchaser gives value, does not have notice of the adverse claim, and obtains control.

(b) If an adverse claim could not have been asserted against an entitlement holder under Section 8502, the adverse claim cannot be asserted against a person who purchases a security entitlement, or an interest therein, from the entitlement holder.

(c) In a case not covered by the priority rules in Division 9 (commencing with Section 9101), a purchaser for value of a security entitlement, or an interest therein, who obtains control has priority over a purchaser of a security entitlement, or an interest therein, who does not obtain control. Purchasers who have control rank equally, except that a securities intermediary as purchaser has priority over a conflicting purchaser who has control unless otherwise agreed by the securities intermediary.

8511. (a) Except as otherwise provided in subdivisions (b) and (c), if a securities intermediary does not have sufficient interests in a particular financial asset to satisfy both its obligations to entitlement holders who have security entitlements to that financial asset and its obligation to a creditor of the securities intermediary who has a security interest in that financial asset, the claims of entitlement holders, other than the creditor, have priority over the claim of the creditor.

(b) A claim of a creditor of a securities intermediary who has a security interest in a financial asset held by a securities intermediary

has priority over claims of the securities intermediary's entitlement holders who have security entitlements with respect to that financial asset if the creditor has control over the financial asset.

(c) If a clearing corporation does not have sufficient financial assets to satisfy both its obligations to entitlement holders who have security entitlements with respect to a financial asset and its obligation to a creditor of the clearing corporation who has a security interest in that financial asset, the claim of the creditor has priority over the claims of entitlement holders.

CHAPTER 6. TRANSITION PROVISIONS

8601. This division becomes operative January 1, 1997.

8603. (a) This division does not affect an action or proceeding commenced before this division becomes operative.

(b) If a security interest in a security is perfected at the date this division becomes operative, and the action by which the security interest was perfected would suffice to perfect a security interest under this division, no further action is required to continue perfection. If a security interest in a security is perfected at the date this division takes effect but the action by which the security interest was perfected would not suffice to perfect a security interest under this division, the security interest remains perfected for a period of four months after the operative date and continues perfected thereafter if appropriate action to perfect under this division is taken within that period. If a security interest is perfected at the date this division becomes operative and the security interest can be perfected by filing under this division, a financing statement signed by the secured party instead of the debtor may be filed within that period to continue perfection or thereafter to perfect and that financing statement shall contain a statement that it is being filed pursuant to this section.

SEC. 10. Section 9103 of the Commercial Code is amended to read:

9103. (1) (a) This subdivision applies to documents, instruments, rights to proceeds of written letters of credit, and goods other than those covered by a certificate of title described in subdivision (2), mobile goods described in subdivision (3), and minerals described in subdivision (5).

(b) Except as otherwise provided in this subdivision, perfection and the effect of perfection or nonperfection of a security interest in collateral are governed by the law of the jurisdiction where the collateral is when the last event occurs on which is based the assertion that the security interest is perfected or unperfected.

(c) If the parties to a transaction creating a purchase money security interest in goods in one jurisdiction understand at the time that the security interest attaches that the goods will be kept in another jurisdiction, then the law of the other jurisdiction governs

the perfection and the effect of perfection or nonperfection of the security interest from the time it attaches until 30 days after the debtor receives possession of the goods and thereafter if the goods are taken to the other jurisdiction before the end of the 30-day period.

(d) When collateral is brought into and kept in this state while subject to a security interest perfected under the law of the jurisdiction from which the collateral was removed, the security interest remains perfected, but if action is required by Chapter 3 (commencing with Section 9301) to perfect the security interest:

(i) If the action is not taken before the expiration of the period of perfection in the other jurisdiction or the end of four months after the collateral is brought into this state, whichever period first expires, the security interest becomes unperfected at the end of that period and is thereafter deemed to have been unperfected as against a person who became a purchaser after removal.

(ii) If the action is taken before the expiration of the period specified in subparagraph (i), the security interest continues perfected thereafter.

(iii) For the purpose of priority over a buyer of consumer goods (subdivision (2) of Section 9307), the period of the effectiveness of a filing in the jurisdiction from which the collateral is removed is governed by the rules with respect to perfection in subparagraphs (i) and (ii).

(e) If goods are or become fixtures (Section 9313(1)(a)) in relation to real estate located in this state, the conflicting interest of an encumbrancer or owner of the real estate is governed by Section 9313.

(2) (a) This subdivision applies to goods covered by a certificate of title issued under a statute of this state or of another jurisdiction under the law of which indication of a security interest on the certificate is required as a condition of perfection whether such certificate is designated a "certificate of title," "certificate of ownership," or otherwise.

(b) Except as otherwise provided in this subdivision, perfection and the effect of perfection or nonperfection of the security interest are governed by the law (including the conflict of laws rules) of the jurisdiction issuing the certificate until four months after the goods are removed from that jurisdiction and thereafter until the goods are registered in another jurisdiction, but in any event not beyond surrender of the certificate. After the expiration of that period, the goods are not covered by the certificate of title within the meaning of this section.

(c) Except with respect to the rights of a buyer described in the next paragraph, a security interest, perfected in another jurisdiction otherwise than by notation on a certificate of title, in goods brought into this state and thereafter covered by a certificate of title issued by this state is subject to the rules stated in paragraph (d) of subdivision (1).

(d) If goods are brought into this state while a security interest therein is perfected in any manner under the law of the jurisdiction from which the goods are removed and a certificate of title is issued by this state and the certificate does not show that the goods are subject to the security interest or that they may be subject to a security interest not shown on the certificate, the security interest is subordinate to the rights of a buyer of the goods who is not in the business of selling goods of that kind to the extent that he or she gives value and receives delivery of the goods after issuance of the certificate and without knowledge of the security interest.

(3) (a) This subdivision applies to accounts (other than an account described in subdivision (5) on minerals) and general intangibles (other than uncertificated securities) and to goods which are mobile and which are of a type normally used in more than one jurisdiction, such as motor vehicles, trailers, rolling stock, airplanes, shipping containers, roadbuilding and construction machinery and commercial harvesting machinery and the like, if the goods are equipment or are inventory leased or held for lease by the debtor to others, and are not covered by a certificate of title described in subdivision (2).

(b) The law (including the conflict of laws rules) of the jurisdiction in which the debtor is located governs the perfection and the effect of perfection or nonperfection of the security interest.

(c) If, however, the debtor is located in a jurisdiction which is not a part of the United States, and which does not provide for perfection of the security interest by filing or recording in that jurisdiction, the law of the jurisdiction in the United States in which the debtor has its major executive office in the United States governs the perfection and the effect of perfection or nonperfection of the security interest through filing. In the alternative, if the debtor is located in a jurisdiction which is not a part of the United States or Canada and the collateral is accounts or general intangibles for money due or to become due, the security interest may be perfected by notification to the account debtor. As used in this paragraph, "United States" includes its territories and possessions and the Commonwealth of Puerto Rico.

(d) A debtor shall be deemed located at the debtor's place of business if he or she has one, at the debtor's chief executive office if he or she has more than one place of business, or otherwise at the debtor's residence. If, however, the debtor is a foreign air carrier under the Federal Aviation Act of 1958, as amended, it shall be deemed located at the designated office of the agent upon whom service of process may be made on behalf of the foreign air carrier.

(e) A security interest perfected under the law of the jurisdiction of the location of the debtor is perfected until the expiration of four months after a change of the debtor's location to another jurisdiction, or until perfection would have ceased by the law of the first jurisdiction, whichever period first expires. Unless perfected in the

new jurisdiction before the end of that period, it becomes unperfected thereafter and is deemed to have been unperfected as against a person who became a purchaser after the change.

(4) The rules stated for goods in subdivision (1) apply to a possessory security interest in chattel paper. The rules stated for accounts in subdivision (3) apply to a nonpossessory security interest in chattel paper, but the security interest may not be perfected by notification to the account debtor.

(5) Perfection and the effect of perfection or nonperfection of a security interest which is created by a debtor who has an interest in minerals or the like (including oil and gas) before extraction and which attaches thereto as extracted, or which attaches to an account resulting from the sale thereof at the wellhead or minehead are governed by the law (including the conflict of laws rules) of the jurisdiction wherein the wellhead or minehead is located.

(6) (a) This subdivision applies to investment property.

(b) Except as otherwise provided in paragraph (f), during the time that a security certificate is located in a jurisdiction, perfection of a security interest, the effect of perfection or nonperfection, and the priority of a security interest in the certificated security represented thereby are governed by the local law of that jurisdiction.

(c) Except as otherwise provided in paragraph (f), perfection of a security interest, the effect of perfection or nonperfection, and the priority of a security interest in an uncertificated security are governed by the local law of the issuer's jurisdiction as specified in subdivision (d) of Section 8110.

(d) Except as otherwise provided in paragraph (f), perfection of a security interest, the effect of perfection or nonperfection, and the priority of a security interest in a security entitlement or securities account are governed by the local law of the securities intermediary's jurisdiction as specified in subdivision (e) of Section 8110.

(e) Except as otherwise provided in paragraph (f), perfection of a security interest, the effect of perfection or nonperfection, and the priority of a security interest in a commodity contract or commodity account are governed by the local law of the commodity intermediary's jurisdiction. The following rules determine a "commodity intermediary's jurisdiction" for purposes of this paragraph:

(i) If an agreement between the commodity intermediary and commodity customer specifies that it is governed by the law of a particular jurisdiction, that jurisdiction is the commodity intermediary's jurisdiction.

(ii) If an agreement between the commodity intermediary and commodity customer does not specify the governing law as provided in subparagraph (i), but expressly specifies that the commodity account is maintained at an office in a particular jurisdiction, that jurisdiction is the commodity intermediary's jurisdiction.

(iii) If an agreement between the commodity intermediary and commodity customer does not specify a jurisdiction as provided in subparagraphs (i) or (ii), the commodity intermediary's jurisdiction is the jurisdiction in which is located the office identified in an account statement as the office serving the commodity customer's account.

(iv) If an agreement between the commodity intermediary and commodity customer does not specify a jurisdiction as provided in subparagraphs (i) or (ii) and an account statement does not identify an office serving the commodity customer's account as provided in subparagraph (iii), the commodity intermediary's jurisdiction is the jurisdiction in which is located the chief executive office of the commodity intermediary.

(f) Perfection of a security interest by filing, automatic perfection of a security interest in investment property granted by a broker or securities intermediary, and automatic perfection of a security interest in a commodity contract or commodity account granted by a commodity intermediary are governed by the local law of the jurisdiction in which the debtor is located. The rules in paragraphs (c), (d), and (e) of subdivision (3) apply to security interests to which this paragraph applies.

SEC. 11. Section 9105 of the Commercial Code is amended to read:

9105. (1) In this division unless the context otherwise requires:

(a) "Account debtor" means the person who is obligated on an account, chattel paper or general intangible.

(b) "Chattel paper" means a writing or writings which evidence both a monetary obligation and a security interest in or a lease of specific goods, but a charter or other contract involving the use or hire of a vessel is not chattel paper. When a transaction is evidenced both by a security agreement or a lease and by an instrument or a series of instruments, the group of writings taken together constitutes chattel paper.

(c) "Collateral" means the property subject to a security interest, and includes accounts and chattel paper which have been sold.

(d) "Debtor" means the person who owes payment or other performance of the obligation secured, whether or not he or she owns or has rights in the collateral, and includes the seller of accounts or chattel paper. Where the debtor and the owner of the collateral are not the same person, "debtor" means the owner of the collateral in any provision of the division dealing with the collateral, the obligor in any provision dealing with the obligation, and may include both where the context so requires.

(e) "Deposit account" means a demand, time, savings, passbook or like account maintained with a bank, savings and loan association, credit union or like organization, other than an account evidenced by a negotiable certificate of deposit.

(f) "Document" means document of title as defined in the general definitions of Division 1 (Section 1201), and a receipt of the kind described in subdivision (2) of Section 7201.

(g) "Encumbrance" includes real estate mortgages and other liens on real estate and all other rights in real estate that are not ownership interests.

(h) "Goods" includes all things which are movable at the time the security interest attaches or which are fixtures (Section 9313), but does not include money, documents, instruments, investment property, accounts, chattel paper, general intangibles or minerals or the like (including oil and gas) before extraction. "Goods" also includes standing timber which is to be cut and removed under a conveyance or contract for sale, the unborn young of animals, and growing crops.

(i) "Instrument" means a negotiable instrument (defined in Section 3104) or any other writing which evidences a right to the payment of money and is not itself a security agreement or lease and is of a type which is in ordinary course of business transferred by delivery with any necessary endorsement or assignment. The term does not include investment property.

(j) "Mortgage" means a consensual interest created by a real estate mortgage, a trust deed on real estate, or the like.

(k) An advance is made "pursuant to commitment" if the secured party has bound himself or herself to make it, whether or not a subsequent event of default or other event not within his or her control has relieved or may relieve him or her from his or her obligation.

(*l*) "Security agreement" means an agreement which creates or provides for a security interest.

(m) "Secured party" means a lender, seller or other person in whose favor there is a security interest, including a person to whom accounts or chattel paper have been sold. If a security interest is in favor of a trustee, indenture trustee, agent, collateral agent, or other representative, the representative is the secured party.

(n) "Transmitting utility" means any person primarily engaged in the railroad, street railway or trolley bus business, the electric or electronics communications transmission business, the transmission of goods by pipeline, or the transmission or the production and transmission of electricity, steam, gas or water, or the provision of sewer service.

(o) "New value" includes new advances or loans made, or new obligations incurred, or the release of a valid and existing security interest, or the release of a claim to proceeds; but "new value" shall not be construed to include extension or renewals of existing obligations of the debtor, nor obligations substituted for such existing obligations.

(4) In addition, Division 1 (commencing with Section 1101) contains general definitions and principles of construction and interpretation applicable throughout this division.

SEC. 12. Section 9106 of the Commercial Code is amended to read:

9106. "Account" means any right to payment for goods sold or leased or for services rendered which is not evidenced by an instrument or chattel paper, whether or not it has been earned by

performance. "General intangibles" means any personal property (including things in action) other than goods, accounts, chattel paper, documents, instruments, investment property, rights to proceeds of written letters of credit, and money. All rights to payment earned or unearned under a charter or other contract involving the use or hire of a vessel and all rights incident to the charter or contract are accounts.

SEC. 13. Section 9115 is added to the Commercial Code, to read:

9115. (1) In this division:

(a) "Commodity account" means an account maintained by a commodity intermediary in which a commodity contract is carried for a commodity customer.

(b) "Commodity contract" means a commodity futures contract, an option on a commodity futures contract, a commodity option, or other contract that, in each case, is either of the following:

(i) Traded on or subject to the rules of a board of trade that has been designated as a contract market for such a contract pursuant to the federal commodities laws.

(ii) Traded on a foreign commodity board of trade, exchange, or market, and is carried on the books of a commodity intermediary for a commodity customer.

(c) "Commodity customer" means a person for whom a commodity intermediary carries a commodity contract on its books.

(d) "Commodity intermediary" means either of the following:

(i) A person who is registered as a futures commission merchant under the federal commodities laws.

(ii) A person who in the ordinary course of its business provides clearance or settlement services for a board of trade that has been designated as a contract market pursuant to the federal commodities laws.

(e) "Control" with respect to a certificated security, uncertificated security, or security entitlement has the meaning specified in Section 8106. A secured party has control over a commodity contract if by agreement among the commodity customer, the commodity intermediary, and the secured party, the commodity intermediary has agreed that it will apply any value distributed on account of the commodity contract as directed by the secured party without further consent by the commodity customer. If a commodity customer grants a security interest in a commodity contract to its own commodity intermediary, the commodity intermediary as secured party has control. A secured party has control over a securities account or commodity account if the secured party has control over all security entitlements or commodity contracts carried in the securities account or commodity account.

(f) "Investment property" means any of the following:

(i) A security, whether certificated or uncertificated.

(ii) A security entitlement.

(iii) A securities account.

(iv) A commodity contract.

(v) A commodity account.

(2) Attachment or perfection of a security interest in a securities account is also attachment or perfection of a security interest in all security entitlements carried in the securities account. Attachment or perfection of a security interest in a commodity account is also attachment or perfection of a security interest in all commodity contracts carried in the commodity account.

(3) A description of collateral in a security agreement or financing statement is sufficient to create or perfect a security interest in a certificated security, uncertificated security, security entitlement, securities account, commodity contract, or commodity account whether it describes the collateral by those terms, or as investment property, or by description of the underlying security, financial asset, or commodity contract. A description of investment property collateral in a security agreement or financing statement is sufficient if it identifies the collateral by specific listing, by category, by quantity, by a computational or allocational formula or procedure, or by any other method, if the identity of the collateral is objectively determinable.

(4) Perfection of a security interest in investment property is governed by the following rules:

(a) A security interest in investment property may be perfected by control.

(b) Except as otherwise provided in paragraphs (c) and (d), a security interest in investment property may be perfected by filing.

(c) If the debtor is a broker or securities intermediary, a security interest in investment property is perfected when it attaches. The filing of a financing statement with respect to a security interest in investment property granted by a broker or securities intermediary has no effect for purposes of perfection or priority with respect to that security interest.

(d) If a debtor is a commodity intermediary, a security interest in a commodity contract or a commodity account is perfected when it attaches. The filing of a financing statement with respect to a security interest in a commodity contract or a commodity account granted by a commodity intermediary has no effect for purposes of perfection or priority with respect to that security interest.

(5) Priority between conflicting security interests in the same investment property is governed by the following rules:

(a) A security interest of a secured party who has control over investment property has priority over a security interest of a secured party who does not have control over the investment property.

(b) Except as otherwise provided in paragraphs (c) and (d), conflicting security interests of secured parties each of whom has control rank equally.

(c) Except as otherwise agreed by the securities intermediary, a security interest in a security entitlement or a securities account

granted to the debtor's own securities intermediary has priority over any security interest granted by the debtor to another secured party.

(d) Except as otherwise agreed by the commodity intermediary, a security interest in a commodity contract or a commodity account granted to the debtor's own commodity intermediary has priority over any security interest granted by the debtor to another secured party.

(e) Conflicting security interests granted by a broker, a securities intermediary, or a commodity intermediary that are perfected without control rank equally.

(f) In all other cases, priority between conflicting security interests in investment property is governed by subdivisions (5), (6), and (7) of Section 9312. Subdivision (4) of Section 9312 does not apply to investment property.

(6) If a security certificate in registered form is delivered to a secured party pursuant to agreement, a written security agreement is not required for attachment or enforceability of the security interest, delivery suffices for perfection of the security interest, and the security interest has priority over a conflicting security interest perfected by means other than control, even if a necessary endorsement is lacking.

SEC. 14. Section 9116 is added to the Commercial Code, to read:

9116. (1) If a person buys a financial asset through a securities intermediary in a transaction in which the buyer is obligated to pay the purchase price to the securities intermediary at the time of the purchase, and the securities intermediary credits the financial asset to the buyer's securities account before the buyer pays the securities intermediary, the securities intermediary has a security interest in the buyer's security entitlement securing the buyer's obligation to pay. A security agreement is not required for attachment or enforceability of the security interest, and the security interest is automatically perfected.

(2) If a certificated security, or other financial asset represented by a writing that in the ordinary course of business is transferred by delivery with any necessary endorsement or assignment is delivered pursuant to an agreement between persons in the business of dealing with those securities or financial assets and the agreement calls for delivery versus payment, the person delivering the certificate or other financial asset has a security interest in the certificated security or other financial asset securing the seller's right to receive payment. A security agreement is not required for attachment or enforceability of the security interest, and the security interest is automatically perfected.

SEC. 15. Section 9203 of the Commercial Code is amended to read:

9203. (1) Subject to the provisions of Section 4210 on the security interest of a collecting bank, Sections 9115 and 9116 on security interests in investment property, and Section 9113 on a security

interest arising under the divisions on sales and leases, a security interest is not enforceable against the debtor or third parties with respect to the collateral and does not attach unless all of the following are applicable:

(a) The collateral is in the possession of the secured party pursuant to agreement, the collateral is investment property and the secured party has control pursuant to agreement, or the debtor has signed a security agreement which contains a description of the collateral and in addition, when the security interest covers crops growing or to be grown or timber to be cut, a description of the land concerned.

(b) Value has been given.

(c) The debtor has rights in the collateral.

(2) A security interest attaches when it becomes enforceable against the debtor with respect to the collateral. Attachment occurs as soon as all of the events specified in subdivision (1) have taken place unless explicit agreement postpones the time of attaching.

(3) Unless otherwise agreed, a security agreement gives the secured party the rights to proceeds provided by Section 9306.

(4) A transaction, although subject to this division, is also subject to the Retail Installment Sales Act, Chapter 1 (commencing with Section 1801) of Title 2 of Part 4 of Division 3 of the Civil Code; the Automobile Sales Finance Act, Chapter 2b (commencing with Section 2981) of Title 14 of Part 4 of Division 3 of the Civil Code; the Industrial Loan Law, Division 7 (commencing with Section 18000) of the Financial Code; the Pawnbroker Law, Division 8 (commencing with Section 21000) of the Financial Code; the Personal Property Brokers Law, Division 9 (commencing with Section 22000) of the Financial Code; the Consumer Finance Lenders Law, Division 10 (commencing with Section 24000) of the Financial Code; the Commercial Finance Lenders Law, Division 11 (commencing with Section 26000) of the Financial Code; and the Mobilehomes-Manufactured Housing Act of 1980, Part 2 (commencing with Section 18000) of Division 13 of the Health and Safety Code, and in the case of conflict between the provisions of this division and that statute, the provisions of that statute control. Failure to comply with any applicable statute has only the effect which is specified in that statute.

SEC. 16. Section 9301 of the Commercial Code is amended to read:

9301. (1) Except as otherwise provided in subdivision (2), an unperfected security interest is subordinate to the rights of all of the following:

(a) Persons entitled to priority under Section 9312.

(b) A person who becomes a lien creditor before the security interest is perfected.

(c) In the case of goods, instruments, documents, and chattel paper, a person who is not a secured party and who is a transferee in bulk or other buyer not in ordinary course of business to the extent

that he or she gives value and receives delivery of the collateral without knowledge of the security interest and before it is perfected.

(d) In the case of accounts, general intangibles, and investment property, a person who is not a secured party and who is a transferee to the extent that he or she gives value without knowledge of the security interest and before it is perfected.

(2) If the secured party files with respect to a purchase money security interest before or within 20 days after the debtor receives possession of the collateral, he or she takes priority over the rights of a transferee in bulk or of a lien creditor which arise between the time the security interest attaches and the time of filing.

(3) A "lien creditor" means a creditor who has acquired a lien on the property involved by attachment, levy or the like and includes an assignee for benefit of creditors from the time of assignment, and a trustee in bankruptcy from the date of the filing of the petition or a receiver in equity from the time of appointment. "Lien creditor" does not include a creditor who by filing a notice with the Secretary of State has acquired only an attachment or judgment lien on personal property, or both.

(4) A person who becomes a lien creditor while a security interest is perfected takes subject to the security interest only to the extent that it secures advances made before he or she becomes a lien creditor or within 45 days thereafter or made without knowledge of the lien or pursuant to a commitment entered into without knowledge of the lien.

SEC. 17. Section 9302 of the Commercial Code is amended to read:

9302. (1) A financing statement must be filed to perfect all security interests except the following:

(a) A security interest in collateral in possession of the secured party under Section 9305.

(b) A security interest temporarily perfected in instruments, certificated securities, or documents without delivery under Section 9304 or in proceeds for a 10-day period under Section 9306.

(c) A security interest created by an assignment of a beneficial interest in a trust or a decedent's estate.

(d) A purchase money security interest in consumer goods; but filing is required for a motor vehicle or boat required to be registered; and fixture filing is required for priority over conflicting interests in fixtures to the extent provided in Section 9313.

(e) A security interest of a collecting bank (Section 4210) or arising under the divisions on sales and leases (see Section 9113) or covered in subdivision (3) of this section.

(f) An assignment for the benefit of all the creditors of the transferor, and subsequent transfers by the assignee thereunder.

(g) A security interest in a deposit account. Such a security interest is perfected:

(i) As to a deposit account maintained with the secured party, when the security agreement is executed.

(ii) As to a deposit account not described in subparagraph (i), when notice thereof is given in writing to the organization with whom the deposit account is maintained.

(h) A security interest in investment property that is perfected without filing under Section 9115 or 9116.

(i) A security interest in or claim in or under any policy of insurance including unearned premiums. Such interest shall be perfected when notice thereof is given in writing to the insurer.

(2) If a secured party assigns a perfected security interest, no filing under this division is required in order to continue the perfected status of the security interest against creditors of and transferees from the original debtor.

(3) The filing of a financing statement otherwise required by this division is not necessary or effective to perfect a security interest in property subject to any of the following:

(a) A statute or treaty of the United States which provides for a national or international registration or a national or international certificate of title or which specifies a place of filing different from that specified in this division for filing of the security interest.

(b) The provisions of the Vehicle Code which require registration of a vehicle or boat, or provisions of the Health and Safety Code which require registration of a mobilehome or commercial coach; but during any period in which collateral is inventory, the filing provisions of this division (Chapter 4 (commencing with Section 9401)) apply to a security interest in that collateral.

(c) A certificate of title statute of another jurisdiction under the law of which indication of a security interest on the certificate is required as a condition of perfection (subdivision (2) of Section 9103).

(d) The provisions of the Health and Safety Code which require registration of all interests in approved air contaminant emission reductions (Sections 40709 to 40713, inclusive, of the Health and Safety Code).

(4) Compliance with a statute or treaty described in subdivision (3) is equivalent to the filing of a financing statement under this division and a security interest in property subject to the statute or treaty can be perfected only by compliance therewith except as provided in Section 9103 on multiple state transactions. Duration and renewal of perfection of a security interest perfected by compliance with the statute or treaty are governed by the provisions of the statute or treaty; in other respects the security interest is subject to this division.

SEC. 18. Section 9304 of the Commercial Code is amended to read:

9304. (1) A security interest in chattel paper or negotiable documents may be perfected by filing. A security interest in the

rights to proceeds of a written letter of credit can be perfected only by the secured party's taking possession of the letter of credit. A security interest in money or instruments (other than instruments which constitute part of chattel paper) can be perfected only by the secured party's taking possession, except as provided in subdivisions (4), (5), and (7) of this section and subdivisions (2) and (3) of Section 9306 on proceeds.

(2) During the period that goods are in the possession of the issuer of a negotiable document therefor, a security interest in the goods is perfected by perfecting a security interest in the document, and any security interest in the goods otherwise perfected during the period is subject thereto.

(3) A security interest in goods in the possession of a bailee other than one who has issued a negotiable document therefor is perfected by issuance of a document in the name of the secured party or by the bailee's receipt of notification of the secured party's interest or by filing as to the goods.

(4) A security interest in instruments, certificated securities, or negotiable documents is perfected without filing or the taking of possession for a period of 21 days from the time it attaches to the extent that it arises for new value given under a written security agreement.

(5) A security interest remains perfected for a period of 21 days without filing where a secured party having a perfected security interest in an instrument, a certificated security, a negotiable document, or goods in possession of a bailee other than one who has issued a negotiable document therefor does either of the following:

(a) Makes available to the debtor the goods or documents representing the goods for the purpose of ultimate sale or exchange or for the purpose of loading, unloading, storing, shipping, transshipping, manufacturing, processing or otherwise dealing with them in a manner preliminary to their sale or exchange, but priority between conflicting security interests in the goods is subject to subdivision (3) of Section 9312.

(b) Delivers the instrument or certificated security to the debtor for the purpose of ultimate sale or exchange or of presentation, collection, renewal or registration of transfer.

(6) After the 21-day period in subdivisions (4) and (5), perfection depends upon compliance with applicable provisions of this division.

(7) If an instrument claimed as proceeds (other than cash proceeds) under Section 9306 is in the custody of a levying officer, a secured party may perfect a security interest in such instrument by filing a third-party claim with the levying officer pursuant to Chapter 3 (commencing with Section 720.210) of Division 4 of Title 9 of Part 2 of the Code of Civil Procedure within the 10-day period allowed under Section 9306.

SEC. 19. Section 9305 of the Commercial Code is amended to read:

9305. A security interest in goods, instruments, money, negotiable documents or chattel paper may be perfected by the secured party's taking possession of the collateral. A security interest in the right to proceeds of a written letter of credit may be perfected by the secured party's taking possession of the letter of credit. If such collateral other than goods covered by a negotiable document is held by a bailee, the secured party is deemed to have possession from the time the bailee receives notification of the secured party's interest. A security interest is perfected by possession from the time possession is taken without relation back and continues only so long as possession is retained, unless otherwise specified in this division. The security interest may be otherwise perfected as provided in this division before or after the period of possession by the secured party.

SEC. 20. Section 9306 of the Commercial Code is amended to read:

9306. (1) "Proceeds" includes whatever is received upon the sale, exchange, collection or other disposition of collateral or proceeds. Insurance payable by reason of loss or damage to the collateral is proceeds, except to the extent that it is payable to a person other than a party to the security agreement. Any payments or distributions made with respect to investment property collateral are proceeds. Money, checks, deposit accounts, and the like are "cash proceeds." All other proceeds are "noncash proceeds."

(2) Except where this division or subdivision (4) of Section 8321 otherwise provides, a security interest continues in collateral notwithstanding sale, exchange or other disposition thereof unless the disposition was authorized by the secured party in the security agreement or otherwise, and also continues in any identifiable proceeds including collections received by the debtor.

(3) The security interest in proceeds is a continuously perfected security interest if the interest in the original collateral was perfected but it ceases to be a perfected security interest and becomes unperfected 10 days after receipt of the proceeds by the debtor unless any of the following apply:

(a) A filed financing statement covers the original collateral and the proceeds are collateral in which a security interest may be perfected by filing in the office or offices where the financing statement has been filed and, if the proceeds are acquired with cash proceeds, the description of collateral in the financing statement indicates the types of property constituting the proceeds.

(b) A filed financing statement covers the original collateral and the proceeds are identifiable cash proceeds.

(c) The original collateral was investment property and the proceeds are identifiable cash proceeds.

(d) The security interest in the proceeds is perfected before the expiration of the 10-day period.

Except as provided in this section, a security interest in proceeds can be perfected only by the methods or under the circumstances

permitted in this division or Division 8 (commencing with Section 8101) for original collateral of the same type.

(4) In the event of insolvency proceedings instituted by or against a debtor, a secured party with a perfected security interest in proceeds has a perfected security interest only in all of the following proceeds:

(a) In identifiable noncash proceeds and in a separate deposit account containing only proceeds.

(b) In identifiable cash proceeds in the form of money which is neither commingled with other money nor deposited in a deposit account prior to the insolvency proceedings.

(c) In identifiable cash proceeds in the form of checks and the like which are not deposited in a deposit account prior to the insolvency proceedings.

(d) In all cash and deposit accounts of the debtor in which proceeds have been commingled with other funds, but the perfected security interest under this paragraph (d) is both:

(i) Subject to any right of setoff.

(ii) Limited to an amount not greater than the amount of any cash proceeds received by the debtor within 10 days before the institution of the insolvency proceedings less the sum of (I) the payments to the secured party on account of cash proceeds received by the debtor during such period and (II) the cash proceeds received by the debtor during such period to which the secured party is entitled under paragraphs (a), (b), and (c).

(5) If a sale of goods results in an account or chattel paper which is transferred by the seller to a secured party, and if the goods are returned to or are repossessed by the seller or the secured party, the following rules determine priorities:

(a) If the goods were collateral at the time of sale, for an indebtedness of the seller which is still unpaid, the original security interest attaches again to the goods and continues as a perfected security interest if it was perfected at the time when the goods were sold. If the security interest was originally perfected by a filing which is still effective, nothing further is required to continue the perfected status; in any other case, the secured party must take possession of the returned or repossessed goods or must file.

(b) An unpaid transferee of the chattel paper has a security interest in the goods against the transferor. Such security interest is prior to a security interest asserted under paragraph (a) to the extent that the transferee of the chattel paper was entitled to priority under Section 9308.

(c) An unpaid transferee of the account has a security interest in the goods against the transferor. Such security interest is subordinate to a security interest asserted under paragraph (a).

(d) A security interest of an unpaid transferee asserted under paragraph (b) or (c) must be perfected for protection against

creditors of the transferor and purchasers of the returned or repossessed goods.

(6) Cash proceeds retain their character as cash proceeds while in the possession of a levying officer pursuant to Title 6.5 (commencing with Section 481.010) or Title 9 (commencing with Section 680.010) of Part 2 of the Code of Civil Procedure.

SEC. 21. Section 9309 of the Commercial Code is amended to read:

9309. Nothing in this division limits the rights of a holder in due course of a negotiable instrument (Section 3302) or a holder to whom a negotiable document of title has been duly negotiated (Section 7501) or a protected purchaser of a security (Section 8303) and the holders or purchasers take priority over an earlier security interest even though perfected. Filing under this division does not constitute notice of the security interest to the holders or purchasers.

SEC. 22. Section 9312 of the Commercial Code is amended to read:

9312. (1) The rules of priority stated in other sections of this chapter and in the following sections shall govern where applicable: Section 4210 with respect to the security interest of collecting banks in items being collected, accompanying documents and proceeds; Section 9103 on security interests related to other jurisdictions; Section 9114 on consignments; Section 9115 on security interests in investment property.

(3) A perfected purchase money security interest in inventory has priority over a conflicting security interest in the same inventory and also has priority in identifiable cash proceeds received on or before the delivery of the inventory to a buyer if all of the following occur:

(a) The purchase money security interest is perfected at the time the debtor receives possession of the inventory.

(b) The purchase money secured party gives notification in writing to the holder of the conflicting security interest if the holder had filed a financing statement covering the same types of inventory (i) before the date of the filing made by the purchase money secured party, or (ii) before the beginning of the 21-day period where the purchase money security interest is temporarily perfected without filing or possession (subdivision (5) of Section 9304).

(c) The holder of the conflicting security interest receives the notification within five years before the debtor receives possession of the inventory.

(d) The notification states that the person giving the notice has or expects to acquire a purchase money security interest in inventory of the debtor, describing such inventory by item or type.

(4) A purchase money security interest in collateral other than inventory has priority over a conflicting security interest in the same collateral or its proceeds if the purchase money security interest is perfected at the time the debtor receives possession of the collateral or within 20 days thereafter.

(5) In all cases not governed by other rules stated in this section (including cases of purchase money security interests which do not qualify for the special priorities set forth in subdivisions (3) and (4)), priority between conflicting security interests in the same collateral shall be determined according to the following rules:

(a) Conflicting security interests rank according to priority in time of filing or perfection. Priority dates from the time a filing is first made covering the collateral or the time the security interest is first perfected, whichever is earlier, provided that there is no period thereafter when there is neither filing nor perfection.

(b) So long as conflicting security interests are unperfected, the first to attach has priority.

(6) For the purposes of subdivision (5) a date of filing or perfection as to collateral is also a date of filing or perfection as to proceeds.

(7) If future advances are made while a security interest is perfected by filing, the taking of possession, or under Section 9115 or 9116 on investment property, the security interest has the same priority for the purposes of subdivision (5) with respect to the future advances as it does with respect to the first advance. If a commitment is made before or while the security interest is so perfected, the security interest has the same priority with respect to advances made pursuant thereto. In other cases a perfected security interest has priority from the date the advance is made.

SEC. 23. Section 15103 of the Commercial Code is amended to read:

15103. The owner of an interest (other than a security interest) in an uncertificated security (paragraph (b) of subdivision (1) of Section 8102) whose interest was acquired prior to January 1, 1985, or was acquired after January 1, 1985, in an uncertificated security issued in respect of a security in which the owner had such an interest, shall not be required to take any action under Section 8313 or otherwise to preserve or protect that ownership interest, which shall remain effective and enforceable to the same extent it was prior to January 1, 1985, in the absence of that action. However, if a security interest first attaches to the security or any other interest in the security first becomes effective after that date, the provisions of Division 8 (commencing with Section 8101) as revised shall govern the rights and obligations of all persons with respect to those interests. Except as otherwise provided in this division, the rights and obligations of all persons with respect to uncertificated securities issued prior to January 1, 1985, shall be governed by Division 8 (commencing with Section 8101) as revised by Chapter 927 of the Statutes of 1984. All references in this section to Division 8 (commencing with Section 8101) or a section thereof are references to Division 8 (commencing with Section 8101) as revised by Chapter 927 of the Statutes of 1984.

SEC. 24. Section 15104 of the Commercial Code is amended to read:

15104. A secured party who has a security interest in an uncertificated security (paragraph (b) of subdivision (1) of Section 8102), which security interest attached to that uncertificated security (a) prior to January 1, 1985, or (b) after that date in an uncertificated security issued in respect of a security in which the secured party had the pre-January 1, 1985, security interest, shall not be required to take any action under Division 8 (commencing with Section 8101) to protect, preserve, or perfect that security interest, which shall remain attached and perfected to the same extent it was prior to that date in the absence of any such action. The priority and perfection of those security interests shall continue to be governed by Division 9 (commencing with Section 9101) as it existed prior to that date. However, on or before the last date on which any action is required under Division 9 (commencing with Section 9101) (as it existed prior to that date) to continue the perfection of the security interest, in order to continue the perfection of the security interest the secured party, rather than complying with Division 9 (commencing with Section 9101), shall furnish to a party described in subparagraph (i), (iii), or (iv) of paragraph (h) of subdivision (1) of Section 8313, or if none of those is applicable, then to the issuer of the uncertificated security, either (x) a copy of either the financing statement previously filed to perfect the security interest or the security agreement that created the security interest, in either case bearing a copy or an original of the debtor's signature, or (y) a written notification from the registered owner under paragraph (b) of subdivision (7) of Section 8403. Any such notice to an issuer shall be deemed a written notification under paragraph (b) of subdivision (7) of Section 8403, subject to the limitation that there can be no more than one registered pledge of an uncertificated security at any time (Section 8108). Except as otherwise provided in this division, the provisions of Division 8 (commencing with Section 8101) as revised shall govern the rights and obligations of all persons with respect to a security interest in an uncertificated security that first attaches after January 1, 1985. All references in this section to Division 8 (commencing with Section 8101) or a section thereof are references to Division 8 (commencing with Section 8101) as revised by Chapter 927 of the Statutes of 1984.

SEC. 25. Section 156.1 of the Corporations Code is amended to read:

156.1. "Certificated security" means a share (Section 184), as defined in paragraph (4) of subdivision (a) of Section 8102 of, or an obligation of the issuer as described in paragraph (15) of subdivision (a) of, the Commercial Code.

SEC. 26. Section 166 of the Corporations Code is amended to read:

166. "Distribution to its shareholders" means the transfer of cash or property by a corporation to its shareholders without consideration, whether by way of dividend or otherwise, except a dividend in shares of the corporation, or the purchase or redemption of its shares for cash or property, including the transfer, purchase, or redemption by a subsidiary of the corporation. The time of any distribution by way of dividend shall be the date of declaration thereof and the time of any distribution by purchase or redemption of shares shall be the date cash or property is transferred by the corporation, whether or not pursuant to a contract of an earlier date; provided, that where a debt obligation that is a security (as defined in Section 8102 of the Commercial Code) is issued in exchange for shares the time of the distribution is the date when the corporation acquires the shares in the exchange. In the case of a sinking fund payment, cash or property is transferred within the meaning of this section at the time that it is delivered to a trustee for the holders of preferred shares to be used for the redemption of the shares or physically segregated by the corporation in trust for that purpose. "Distribution to its shareholders" shall not include (a) satisfaction of a final judgment of a court or tribunal of appropriate jurisdiction ordering the rescission of the issuance of shares, (b) the rescission by a corporation of the issuance of it shares, if the board determines (with any director who is, or would be, a party to the transaction not being entitled to vote) that (1) it is reasonably likely that the holder or holders of the shares in question could legally enforce a claim for the rescission, (2) that the rescission is in the best interests of the corporation, and (3) the corporation is likely to be able to meet its liabilities (except those for which payment is otherwise adequately provided) as they mature, or (c) the repurchase by a corporation of its shares issued by it pursuant to Section 408, if the board determines (with any director who is, or would be, a party to the transaction not being entitled to vote) that (1) the repurchase is in the best interests of the corporation and that (2) the corporation is likely to be able to meet its liabilities (except those for which payment is otherwise adequately provided) as they mature.

SEC. 27. Section 171.1 of the Corporations Code is amended to read:

171.1. "Initial transaction statement" means a statement signed by or on behalf of the issuer sent to the new registered owner or registered pledgee, and "written statements," when used in connection with uncertificated securities, means the written statements that are periodically, or at the request of the registered owner or registered pledgee, sent by the issuer to the registered owner or registered pledgee describing the issue of which the uncertificated security is a part.

SEC. 28. Section 174 of the Corporations Code is amended to read:

174. "On the certificate" means that a statement appears on the face of a share certificate or on the reverse thereof with a reference thereto on the face or, in the case of an uncertificated security, that the applicable provisions of subdivision (a) of Section 8202 and Section 8204 of the Commercial Code have been complied with.

SEC. 29. Section 191.1 of the Corporations Code is amended to read:

191.1. "Uncertificated security" means a share (Section 184), or an obligation of the issuer, described in paragraphs (15) and (18) of subdivision (a) of Section 8102 of the Commercial Code.

SEC. 30. Section 7151 of the Government Code is amended to read:

7151. "Bona fide purchaser" has the same meaning as "protected purchaser" as defined in Section 8303 of the Commercial Code.

SEC. 31. This act shall become operative on January 1, 1997.

CHAPTER 498

An act to amend Sections 54, 54.1, 54.2, and 54.3 of the Civil Code, to amend Sections 30850 and 30852 of, and to add Sections 30853 and 30854 to, the Food and Agricultural Code, to amend Section 12948 of the Government Code, and to amend Section 365.5 of the Penal Code, relating to disabled persons.

[Approved by Governor September 14, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 54 of the Civil Code is amended to read:

54. (a) Individuals with disabilities have the same right as the general public to the full and free use of the streets, highways, sidewalks, walkways, public buildings, medical facilities, including hospitals, clinics, and physicians' offices, public facilities, and other public places.

(b) "Disability," as used in this part, means any of the following with respect to an individual:

(1) A physical or mental impairment that substantially limits one or more of the major life activities of the individual.

(2) A record of such an impairment.

(3) Being regarded as having such an impairment.

(c) A violation of the right of an individual under the Americans with Disabilities Act of 1990 (Public Law 101-336) also constitutes a violation of this section.

SEC. 1.5. Section 54.1 of the Civil Code is amended to read:

54.1. (a) (1) Individuals with disabilities shall be entitled to full and equal access, as other members of the general public, to

accommodations, advantages, facilities, medical facilities, including hospitals, clinics, and physicians' offices, and privileges of all common carriers, airplanes, motor vehicles, railroad trains, motorbuses, streetcars, boats, or any other public conveyances or modes of transportation (whether private, public, franchised, licensed, contracted, or otherwise provided), telephone facilities, adoption agencies, private schools, hotels, lodging places, places of public accommodation, amusement, or resort, and other places to which the general public is invited, subject only to the conditions and limitations established by law, or state or federal regulation, and applicable alike to all persons.

(2) As used in this section, "telephone facilities" means tariff items and other equipment and services that have been approved by the Public Utilities Commission to be used by individuals with disabilities in a manner feasible and compatible with the existing telephone network provided by the telephone companies.

(3) "Full and equal access," for purposes of this section in its application to transportation, means access that meets the standards of Titles II and III of the Americans with Disabilities Act of 1990 (Public Law 101-336) and federal regulations adopted pursuant thereto, except that, if the laws of this state prescribe higher standards, it shall mean access that meets those higher standards.

(b) (1) Individuals with disabilities shall be entitled to full and equal access, as other members of the general public, to all housing accommodations offered for rent, lease, or compensation in this state, subject to the conditions and limitations established by law, or state or federal regulation, and applicable alike to all persons.

(2) "Housing accommodations" means any real property, or portion thereof, that is used or occupied, or is intended, arranged, or designed to be used or occupied, as the home, residence, or sleeping place of one or more human beings, but shall not include any accommodations included within subdivision (a) or any single-family residence the occupants of which rent, lease, or furnish for compensation not more than one room therein.

(3) (A) Any person renting, leasing, or otherwise providing real property for compensation shall not refuse to permit an individual with a disability, at that person's expense, to make reasonable modifications of the existing rented premises if the modifications are necessary to afford the person full enjoyment of the premises. However, any modifications under this paragraph may be conditioned on the disabled tenant entering into an agreement to restore the interior of the premises to the condition existing prior to the modifications. No additional security may be required on account of an election to make modifications to the rented premises under this paragraph, but the lessor and tenant may negotiate, as part of the agreement to restore the premises, a provision requiring the disabled tenant to pay an amount into an escrow account, not to exceed a reasonable estimate of the cost of restoring the premises.

(B) Any person renting, leasing, or otherwise providing real property for compensation shall not refuse to make reasonable accommodations in rules, policies, practices, or services, when those accommodations may be necessary to afford individuals with a disability equal opportunity to use and enjoy the premises.

(4) Nothing in this subdivision shall require any person renting, leasing, or providing for compensation real property to modify his or her property in any way or provide a higher degree of care for an individual with a disability than for an individual who is not disabled.

(5) Except as provided in paragraph (6), nothing in this part shall require any person renting, leasing, or providing for compensation real property, if that person refuses to accept tenants who have dogs, to accept as a tenant an individual with a disability who has a dog.

(6) (A) It shall be deemed a denial of equal access to housing accommodations within the meaning of this subdivision for any person, firm, or corporation to refuse to lease or rent housing accommodations to an individual who is blind or visually impaired on the basis that the individual uses the services of a guide dog, an individual who is deaf or hearing impaired on the basis that the individual uses the services of a signal dog, or to an individual with any other disability on the basis that the individual uses the services of a service dog, or to refuse to permit such an individual who is blind or visually impaired to keep a guide dog, an individual who is deaf or hearing impaired to keep a signal dog, or an individual with any other disability to keep a service dog on the premises.

(B) Except in the normal performance of duty as a mobility or signal aid, nothing contained in this paragraph shall be construed to prevent the owner of a housing accommodation from establishing terms in a lease or rental agreement that reasonably regulate the presence of guide dogs, signal dogs, or service dogs on the premises of a housing accommodation, nor shall this paragraph be construed to relieve a tenant from any liability otherwise imposed by law for real and personal property damages caused by such a dog when proof of the same exists.

(C) (i) As used in this subdivision, "guide dog" means any guide dog that was trained by a person licensed under Chapter 9.5 (commencing with Section 7200) of Division 3 of the Business and Professions Code or as defined in the regulations implementing Title III of the Americans with Disabilities Act of 1990 (Public Law 101-336).

(ii) As used in this subdivision, "signal dog" means any dog trained to alert an individual who is deaf or hearing impaired to intruders or sounds.

(iii) As used in this subdivision, "service dog" means any dog individually trained to the requirements of the individual with a disability, including, but not limited to, minimal protection work, rescue work, pulling a wheelchair, or fetching dropped items.

(7) It shall be deemed a denial of equal access to housing accommodations within the meaning of this subdivision for any person, firm, or corporation to refuse to lease or rent housing accommodations to an individual who is blind or visually impaired, an individual who is deaf or hearing impaired, or other individual with a disability on the basis that the individual with a disability is partially or wholly dependent upon the income of his or her spouse, if the spouse is a party to the lease or rental agreement. Nothing in this subdivision, however, shall prohibit a lessor or landlord from considering the aggregate financial status of an individual with a disability and his or her spouse.

(c) Visually impaired or blind persons and persons licensed to train guide dogs for individuals who are visually impaired or blind pursuant to Chapter 9.5 (commencing with Section 7200) of Division 3 of the Business and Professions Code or guide dogs as defined in the regulations implementing Title III of the Americans with Disabilities Act of 1990 (Public Law 101-336), and persons who are deaf or hearing impaired and persons authorized to train signal dogs for individuals who are deaf or hearing impaired, and other individuals with a disability and persons authorized to train service dogs for individuals with a disability, may take dogs, for the purpose of training them as guide dogs, signal dogs, or service dogs in any of the places specified in subdivisions (a) and (b). These persons shall ensure that the dog is on a leash and tagged as a guide dog, signal dog, or service dog by identification tag issued by the county clerk, animal control department, or other agency, as authorized by Chapter 3.5 (commencing with Section 30850) of Division 14 of the Food and Agricultural Code. In addition, the person shall be liable for any provable damage done to the premises or facilities by his or her dog.

(d) A violation of the right of an individual under the Americans with Disabilities Act of 1990 (Public Law 101-336) also constitutes a violation of this section, and nothing in this section shall be construed to limit the access of any person in violation of that act.

(e) Nothing in this section shall preclude the requirement of the showing of a license plate or disabled placard when required by enforcement units enforcing disabled persons parking violations pursuant to Sections 22507.8 and 22511.8 of the Vehicle Code.

SEC. 2. Section 54.2 of the Civil Code is amended to read:

54.2. (a) Every individual with a disability has the right to be accompanied by a guide dog, signal dog, or service dog, especially trained for the purpose, in any of the places specified in Section 54.1 without being required to pay an extra charge or security deposit for the guide dog, signal dog, or service dog. However, the individual shall be liable for any damage done to the premises or facilities by his or her dog.

(b) Individuals who are blind or otherwise visually impaired and persons licensed to train guide dogs for individuals who are blind or visually impaired pursuant to Chapter 9.5 (commencing with Section

7200) of Division 3 of the Business and Professions Code or as defined in regulations implementing Title III of the Americans with Disabilities Act of 1990 (Public Law 101-336), and individuals who are deaf or hearing impaired and persons authorized to train signal dogs for individuals who are deaf or hearing impaired, and individuals with a disability and persons who are authorized to train service dogs for the individuals with a disability may take dogs, for the purpose of training them as guide dogs, signal dogs, or service dogs in any of the places specified in Section 54.1 without being required to pay an extra charge or security deposit for the guide dog, signal dog, or service dog. However, the person shall be liable for any damage done to the premises or facilities by his or her dog. These persons shall ensure the dog is on a leash and tagged as a guide dog, signal dog, or service dog by an identification tag issued by the county clerk, animal control department, or other agency, as authorized by Chapter 3.5 (commencing with Section 30850) of Title 14 of the Food and Agricultural Code.

A violation of the right of an individual under the Americans with Disabilities Act of 1990 (Public Law 101-336) also constitutes a violation of this section, and nothing in this section shall be construed to limit the access of any person in violation of that act.

(c) As used in this section, the terms "guide dog," "signal dog," and "service dog" have the same meanings as specified in Section 54.1.

(d) Nothing in this section precludes the requirement of the showing of a license plate or disabled placard when required by enforcement units enforcing disabled persons parking violations pursuant to Sections 22507.8 and 22511.8 of the Vehicle Code.

SEC. 2.3. Section 54.3 of the Civil Code is amended to read:

"Interfere," for purposes of this section, includes, but is not limited to, preventing or causing the prevention of a guide dog, signal dog, or service dog from carrying out its functions in assisting a disabled person.

(b) Any person who claims to be aggrieved by an alleged unlawful practice in violation of Section 54, 54.1, or 54.2 may also file a verified complaint with the Department of Fair Employment and Housing pursuant to Section 12948 of the Government Code. The remedies in this section are nonexclusive and are in addition to any other remedy

provided by law, including, but not limited to, any action for injunctive or other equitable relief available to the aggrieved party or brought in the name of the people of this state or of the United States.

(c) A person may not be held liable for damages pursuant to both this section and Section 52 for the same act or failure to act.

SEC. 2.5. Section 30850 of the Food and Agricultural Code is amended to read:

30850. (a) The county clerk or animal control department shall endorse upon the application for an assistance dog identification tag the number of the identification tag issued. As used in this chapter, "assistance dogs" are dogs specially trained as guide dogs, signal dogs, or service dogs. All applications that have been endorsed shall be kept on file in the office of the county clerk or animal control department and shall be open to public inspection.

(c) Upon the death or retirement of an assistance dog, the owner or person in possession of the assistance dog identification tag shall immediately return the tag to the county clerk or animal control department that issued the tag.

SEC. 3. Section 30852 of the Food and Agricultural Code is amended to read:

30852. (a) The tag identifying a dog as an assistance dog shall be used only by a person with a disability or a trainer of an assistance dog and shall be of such uniform statewide shape, size, and color as to be easily recognized.

(b) The Department of Food and Agriculture, in consultation with the State Department of Health Services, shall specify the shape, size, and color of the tags. This subdivision shall not be subject to the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 4. Section 30853 is added to the Food and Agricultural Code, to read:

30853. Nothing in this chapter shall be construed to limit the access of any person in violation of the Americans with Disabilities Act of 1990 (Public Law 101-336).

SEC. 5. Section 30854 is added to the Food and Agricultural Code, to read:

30854. The provisions of this chapter are severable. If any provision of this chapter or its application is held invalid or to be in conflict with the Americans with Disabilities Act of 1990 (Public Law 101-336), that invalidity or conflict shall not affect other provisions or applications that can be given effect without the invalid or conflicting provision or application.

SEC. 5.5. Section 12948 of the Government Code is amended to read:

12948. It is an unlawful practice under this part for a person to deny or to aid, incite, or conspire in the denial of the rights created by Section 51, 51.7, 54, 54.1, or 54.2 of the Civil Code.

SEC. 6. Section 365.5 of the Penal Code is amended to read:

(b) No blind person, deaf person, or disabled person and his or her specially trained guide dog, signal dog, or service dog shall be denied admittance to accommodations, advantages, facilities, medical facilities, including hospitals, clinics, and physicians' offices, telephone facilities, adoption agencies, private schools, hotels, lodging places, places of public accommodation, amusement, or resort, and other places to which the general public is invited within this state because of that guide dog, signal dog, or service dog.

(c) Any person, firm, association, or corporation, or the agent of any person, firm, association, or corporation, who prevents a disabled person from exercising, or interferes with a disabled person in the exercise of, the rights specified in this section is guilty of a misdemeanor, punishable by a fine not exceeding two thousand five hundred dollars ($2,500).

(d) As used in this section, "guide dog" means any guide dog or Seeing Eye dog that was trained by a person licensed under Chapter 9.5 (commencing with Section 7200) of Division 3 of the Business and Professions Code or that meets the definitional criteria under federal regulations adopted to implement Title III of the Americans with Disabilities Act of 1990 (Public Law 101-336).

[Approved by Governor September 14, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 15200.99 is added to the Welfare and Institutions Code, to read:

15200.99. (a) Notwithstanding Section 15200.97, the Counties of Merced, San Luis Obispo, and Stanislaus, in concurrence with their respective district attorneys, and in consultation with the respective family support division administrators, may use moneys in the special fund established pursuant to Section 15200.97 only for children-related services, including child abuse, child molestation, and the prosecution of child abuse and molestation cases.

(b) The authority of subdivision (a) shall apply only if all of the following are met:

(1) The county is eligible to receive the performance rate, and remains eligible to receive that rate for the entire period that this section is effective.

(2) The county maintains a fund balance sufficient for the county to meet the milestones for transition to the statewide automated system due to be completed in 1997.

(3) The county in each fiscal year equals or exceeds the recoupment rate of the prior fiscal year.

(c) Moneys used pursuant to this section shall be used only to enhance prosecution efforts and shall not be used to supplant funding that existed prior to the enactment of Section 15200.98 and this section.

(d) This section shall remain in effect only until January 1, 1999, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 1999, deletes or extends that date.

CHAPTER 500

An act to add Section 21080.32 to the Public Resources Code, relating to environmental quality.

[Approved by Governor September 14, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 21080.32 is added to the Public Resources Code, to read:

21080.32. (a) This section shall only apply to publicly owned transit agencies, but shall not apply to any publicly owned transit agency created pursuant to Section 130050.2 of the Public Utilities Code.

(b) Except as provided in subdivision (c), and in accordance with subdivision (d), this division does not apply to actions taken on or after July 1, 1995, by a publicly owned transit agency to implement budget reductions caused by the failure of agency revenues to adequately fund agency programs and facilities.

(c) This section does not apply to any action to reduce or eliminate a transit service, facility, program, or activity that was approved or adopted as a mitigation measure in any environmental document authorized by this division or the National Environmental Policy Act (42 U.S.C. Sec. 4321 et seq.) or to any state or federal requirement that is imposed for the protection of the environment.

(d) (1) This section applies only to actions taken after the publicly owned transit agency has made a finding that there is a fiscal emergency caused by the failure of agency revenues to adequately fund agency programs and facilities, and after the publicly owned

transit agency has held a public hearing to consider those actions. A publicly owned transit agency that has held such a hearing shall respond within 30 days at a regular public meeting to suggestions made by the public at the initial public hearing. Those actions shall be limited to projects defined in subdivision (a) or (b) of Section 21065 which initiate or increase fees, rates, or charges charged for any existing public service, program, or activity; or reduce or eliminate the availability of an existing publicly owned transit service, facility, program, or activity.

(2) For purposes of this subdivision, "fiscal emergency," when applied to a publicly owned transit agency, means that the agency is projected to have negative working capital within one year from the date that the agency makes the finding that there is a fiscal emergency pursuant to this section. Working capital shall be determined by adding together all unrestricted cash, unrestricted short-term investments, and unrestricted short-term accounts receivable and then subtracting unrestricted accounts payable. Employee retirement funds, including Internal Revenue Code Section 457 deferred compensation plans and Section 401(k) plans, health insurance reserves, bond payment reserves, workers' compensation reserves, and insurance reserves, shall not be factored into the formula for working capital.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

11340.1. (a) The Legislature therefore declares that it is in the public interest to establish an Office of Administrative Law which

shall be charged with the orderly review of adopted regulations. It is the intent of the Legislature that the purpose of such review shall be to reduce the number of administrative regulations and to improve the quality of those regulations which are adopted. It is the intent of the Legislature that agencies shall actively seek to reduce the unnecessary regulatory burden on private individuals and entities by substituting performance standards for prescriptive standards wherever performance standards can be reasonably expected to be as effective and less burdensome, and that this substitution shall be considered during the course of the agency rulemaking process. It is the intent of the Legislature that neither the Office of Administrative Law nor the court should substitute its judgment for that of the rulemaking agency as expressed in the substantive content of adopted regulations. It is the intent of the Legislature that while the Office of Administrative Law will be part of the executive branch of state government, that the office work closely with, and upon request report directly to, the Legislature in order to accomplish regulatory reform in California.

(b) It is the intent of the Legislature that the California Code of Regulations made available on the Internet by the office pursuant to Section 11344 include complete authority and reference citations and history notes.

SEC. 2. Section 11344 of the Government Code is amended to read:

11344. The office shall do all of the following:

(a) Provide for the official compilation, printing, and publication of adoption, amendment, or repeal of regulations, which shall be known as the California Code of Regulations. On and after July 1, 1998, the office shall make available on the Internet, free of charge, the full text of the California Code of Regulations, and may contract with another state agency or a private entity in order to provide this service.

(b) Provide for the compilation, printing, and publication of weekly updates of the California Code of Regulations. This publication shall be known as the California Regulatory Code Supplement and shall contain amendments to the code.

(c) Provide for the publication dates and manner and form in which regulations shall be printed and distributed and ensure that regulations are available in printed form at the earliest practicable date after filing with the Secretary of State.

(d) Ensure that each regulation is printed together with a reference to the statutory authority pursuant to which it was enacted and the specific statute or other provision of law which the regulation is implementing, interpreting, or making specific.

(2) A vehicle registered pursuant to Article 4 (commencing with Section 8050) of Chapter 4 of Division 3.

(3) A vehicle described in Section 5004, 5004.5, 5004.6, or 5051, as provided in Section 4604.2. However, the registered owner may file a certificate of nonoperation in lieu of the certification specified in subdivision (a).

(4) A vehicle registered pursuant to Article 5 (commencing with Section 9700) of Chapter 6 if the registered owner has complied with subdivision (c) of Section 9706.

(e) For purposes of this section, a "vehicle" is, notwithstanding Section 670, a device by which any person or property may be propelled, moved, or driven upon a highway having intact and assembled its major component parts including, but not limited to, the frame or chassis, cowl, and floor pan or, in the case of a trailer, the frame and wheels or, in the case of a motorcycle, the frame, front fork, and engine. For purposes of this section, "vehicle" does not include a device moved exclusively by human power, a device used exclusively upon stationary rails or tracks, or a motorized wheelchair.

SEC. 2. Section 4604.5 is added to the Vehicle Code, to read:

4604.5. (a) If the vehicle has not been operated, moved, or left standing upon any highway subsequent to the expiration of the vehicle's registration, the certification specified in Section 4604 or 4604.2 may be filed after the expiration of the registration of a vehicle, but not later than 90 days after the expiration date, subject to the payment of the filing fee specified in Section 4604 and the penalty specified in subdivision (b).

(b) A penalty shall be collected on any certification specified in Section 4604 or 4604.2 filed later than midnight of the date of expiration of registration. The penalty shall be computed as provided in Sections 9406 and 9559 and after the registration and weight fees have been combined with the license fee specified in Section 10751 of the Revenue and Taxation Code, as follows:

(1) For a delinquency period of 10 days or less, the penalty is 10 percent of the fee.

(2) For a delinquency period of more than 10 days, to and including 30 days, the penalty is 20 percent of the fee.

(3) For a delinquency period of more than 30 days, to and including 90 days, the penalty is 60 percent of the fee.

(c) This section shall remain in effect only until January 1, 2000, and as of that date is repealed, unless a later enacted statute, which is enacted on or before January 1, 2000, deletes or extends that date.

SEC. 3. The Department of Motor Vehicles shall report to the Legislature on or before January 1, 1999, regarding the effects of authorizing the filing of certificates of nonoperation within 90 days after the registration expiration date and the revenue loss associated with that authorization.

(b) This section shall remain in effect only until January 1, 1999, and as of that date is repealed.

SEC. 2. The Legislature hereby finds and declares that Section 1 of this act properly relieves suspended and inactive corporations of

tax burdens that were never intended to be placed upon those corporations, and thereby serves a public purpose.

SEC. 3. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 506

CHAPTER 507

An act to amend Section 44253.10 of the Education Code, relating to teacher credentialing.

[Approved by Governor September 14, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 44253.10 of the Education Code is amended to read:

44253.10. (a) A teacher with a basic teaching credential may be assigned to provide specially designed content instruction delivered in English, as defined in subdivision (b) of Section 44253.2, to limited-English-proficient pupils only if the following conditions are met:

(1) The teacher, as of January 1, 1995, is a permanent employee of a school district, a county office of education, or a school administered

under the authority of the Superintendent of Public Instruction, or was previously a permanent employee and then was employed in any California public school district within 39 months of the previous permanent status, or has been employed in a school district with an average daily attendance of not more than 250 for at least two years.

(2) The teacher completes 45 clock hours of staff development in methods of specially designed content instruction delivered in English prior to January 1, 2000. The commission may extend that date by an additional six-month period if the commission finds, on the basis of a petition by the staff development sponsor, that the sponsor has made a good faith effort to provide the staff development but has been unable to do so because of circumstances beyond the control of the sponsor providing the staff development and the teachers.

(b) The commission, in consultation with the Superintendent of Public Instruction, shall establish guidelines for the provision of staff development pursuant to this section. The commission and the superintendent shall use their best efforts to establish these guidelines as soon as possible, but in no event later than January 1, 1996. Staff development pursuant to this section shall be consistent with the commission's guidelines. To ensure the highest standards of program quality and effectiveness, the guidelines shall include quality standards for the persons who train others to perform staff development training and for those who provide the training. The guidelines may require that teachers who qualify to provide instruction pursuant to paragraph (1) of subdivision (d) include a portion, within the total 45 clock hours of training provided in paragraph (2) of subdivision (a), in English language development. The guidelines for training to meet the requirements of paragraph (1) of subdivision (d) may provide for 20 hours, or fewer hours as the commission may specify, of training in any aspect of English language development or specially designed content instruction delivered in English. The guidelines and standards established by the commission to implement this section shall require and maintain compliance with any requirements mandated by federal law for purposes of assuring continued federal financial assistance.

(c) The staff development may be sponsored by any school district, county office of education, or regionally accredited college or university that meets the standards included in the guidelines established pursuant to this subdivision or any organization that meets those standards and is approved by the commission. Any equivalent three semester unit or four quarter unit class may be taken by the teacher at a regionally accredited college or university to satisfy the staff development requirement described in either subdivision (a) or (d), or both.

(d) A teacher who completes the staff development described in subdivision (a) shall be awarded a certificate of completion of staff development in methods of specially designed content instruction delivered in English, but may not be assigned to provide content

instruction in the pupil's primary language, as defined in subdivision (c) of Section 44253.2. A teacher who completes that staff development may be assigned to provide instruction for English language development, as defined in subdivision (a) of Section 44253.2, in a self-contained classroom only under either of the following circumstances:

(1) The teacher has taught for at least nine years in California public schools, certifies that he or she has had experience or training in teaching limited-English-proficient pupils, and authorizes verification by the entity that issues the certificate of completion. The teacher shall be awarded a certificate of completion in methods of instruction for English language development in a self-contained classroom.

(2) The teacher has taught for less than nine years in California public schools, or has taught for at least nine years in California public schools but is unable to certify that he or she has had experience or training in teaching limited-English-proficient pupils, but has, within three years of completing the staff development described in subdivision (a), completed an additional 45 hours of staff development, including English language development training, as set forth in the guidelines developed pursuant to subdivision (a). Upon completion of this additional staff development, the teacher shall be awarded a certificate of completion in methods of instruction for English language development in a self-contained classroom.

(e) During the period in which a teacher is pursuing the training specified in paragraph (2) of subdivision (a) or subdivision (d), or both, including the period for the assessment and awarding of the certificate, the teacher may be provisionally assigned to provide instruction for English language development, as defined in subdivision (a) of Section 44253.2, or to provide specially designed content instruction delivered in English, as defined in subdivision (b) of Section 44253.2.

(f) (1) A teacher who completes the staff development with any provider specified in subdivision (c), and who meets the requirements of subdivision (a) or (d) for a certificate of completion of staff development in methods of specially designed content instruction delivered in English or English language development in a self-contained classroom, or both, shall be issued the certificate or certificates. The teacher may apply to any of the following agencies for the certificate or certificates, but the teacher shall be issued the certificate or certificates by only one of these agencies:

(A) The school district in which the teacher is a permanent employee.

(B) The county office of education in the county in which the teacher is an employee for an agency specified in paragraph (1) of subdivision (a).

(C) Any school district or county office of education that provides staff development pursuant to subdivision (c). Before issuing a

certificate or certificates based on an equivalent class or classes, as provided for in subdivision (c), the issuing agency shall determine if the class or classes meet the guidelines established pursuant to subdivision (b).

(2) Any school district or county office of education that issues a certificate of completion shall forward a copy of the certificate to the Commission on Teacher Credentialing within 90 days of issuing the certificate.

(3) An agency that issues a certificate or certificates of completion may charge the teacher requesting the certificate or certificates of completion a fee that will cover the actual costs of the agency in issuing, forwarding a copy to the commission, and paying any fee charged by the commission for receiving and servicing, the certificate or certificates of completion.

The commission may charge the agency that forwards a copy of a certificate or certificates of completion a one-time fee to cover the actual costs to the commission to file the copy or copies, and to issue duplicates when requested by the teacher. The fee shall not exceed an amount equal to one-half the fee the commission charges for issuing a credential.

(g) The certificate of completion is valid in all California public schools. A teacher who has been issued a certificate of completion may be assigned indefinitely to provide the instructional services named on the certificate in any school district, county office of education, or school administered under the authority of the Superintendent of Public Instruction.

(h) Teacher assignments made in accordance with subdivision (a) of this section shall be included in the reports required by subdivisions (a) and (e) of Section 44258.9.

(i) The governing board of each school district shall make reasonable efforts to provide limited-English-proficient pupils in need of English language development instruction with teachers who hold appropriate credentials, language development specialist certificates, or crosscultural language and academic development certificates that authorize English language development instruction. However, any teacher awarded a certificate or certificates of completion shall be deemed certificated and competent to provide the services listed on that certificate of completion. A teacher who completes staff development pursuant to this section may use those hours of staff development to meet the requirements of subdivision (b) of Section 44277.

(j) Any teacher completing staff development pursuant to this section shall be credited with three semester units or four quarter units for each block of 45 hours of staff development completed for the purpose of meeting the requirements set forth in subdivision (b) of Section 44253.3.

(k) Any school district may use funds allocated to it for the purposes of Chapter 3.1 (commencing with Section 44670) to provide staff development pursuant to this section.

CHAPTER 508

An act to amend Sections 903, 903.1, 903.25, and 903.3 of the Welfare and Institutions Code, relating to juveniles.

[Approved by Governor September 14, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 903 of the Welfare and Institutions Code is amended to read:

903. (a) The father, mother, spouse, or other person liable for the support of a minor, the estate of that person, and the estate of the minor, shall be liable for the reasonable costs of support of the minor while the minor is placed, or detained in, or committed to, any institution or other place pursuant to Section 625 or pursuant to an order of the juvenile court. However, a county shall not levy charges for the costs of support of a minor detained pursuant to Section 625 unless, at the detention hearing, the juvenile court determines that detention of the minor should be continued, the petition for the offense for which the minor is detained is subsequently sustained, or the minor agrees to a program of supervision pursuant to Section 654. The liability of these persons and estates shall be a joint and several liability.

(b) The county shall limit the charges it seeks to impose to the reasonable costs of support of the minor and shall exclude any costs of incarceration, treatment, or supervision for the protection of society and the minor and the rehabilitation of the minor. In the event that court-ordered child support paid to the county pursuant to subdivision (a) exceeds the amount of the costs authorized by this subdivision and subdivision (a), the county shall either hold the excess in trust for the minor's future needs pursuant to Section 302.52 of Title 45 of the Code of Federal Regulations or, with the approval of the minor's caseworker or the probation officer, pay the excess directly to the minor.

(c) It is the intent of the Legislature in enacting this subdivision to protect the fiscal integrity of the county, to protect persons against whom the county seeks to impose liability from excessive charges, to ensure reasonable uniformity throughout the state in the level of liability being imposed, and to ensure that liability is imposed only on persons with the ability to pay. In evaluating a family's financial ability to pay under this section, the county shall take into

consideration the family's income, the necessary obligations of the family, and the number of persons dependent upon this income. Except as provided in paragraphs (1), (2), (3), and (4), "costs of support" as used in this section means only actual costs incurred by the county for food and food preparation, clothing, personal supplies, and medical expenses, not to exceed a combined maximum cost of fifteen dollars ($15) per day, except that:

(1) The maximum cost of fifteen dollars ($15) per day shall be adjusted every third year beginning January 1, 1988, to reflect the percentage change in the calendar year annual average of the California Consumer Price Index, All Urban Consumers, published by the Department of Industrial Relations, for the three-year period.

(2) No cost for medical expenses shall be imposed by the county until the county has first exhausted any eligibility the minor may have under private insurance coverage, standard or medically indigent Medi-Cal coverage, and the Robert W. Crown California Children's Services Act (Article 2 (commencing with Section 248) of Chapter 2 of Part 1 of Division 1 of the Health and Safety Code).

(3) In calculating the cost of medical expenses, the county shall not charge in excess of 100 percent of the AFDC fee for service average Medi-Cal payment for that county for that fiscal year as calculated by the State Department of Health Services; however, if a minor has extraordinary medical or dental costs that are not met under any of the coverages listed in paragraph (2), the county may impose these additional costs.

(4) For those placements of a minor subject to this section in which an AFDC–FC grant is made, the district attorney shall seek an order pursuant to Section 11350 and the statewide child support guideline in effect in Article 2 (commencing with Section 4050) of Chapter 2 of Part 2 of Division 9 of the Family Code. For purposes of determining the correct amount of support of a minor subject to this section, the rebuttable presumption set forth in Section 4057 of the Family Code is applicable.

(d) Notwithstanding subdivision (a), the father, mother, spouse, or other person liable for the support of the minor, the estate of that person, or the estate of the minor, shall not be liable for the costs described in this section if a petition to declare the minor a dependent child of the court pursuant to Section 300 is dismissed at or before the jurisdictional hearing.

SEC. 2. Section 903.1 of the Welfare and Institutions Code is amended to read:

903.1. (a) The father, mother, spouse, or other person liable for the support of a minor, the estate of that person, and the estate of the minor, shall be liable for the cost to the county of legal services rendered to the minor by the public defender or other public attorney pursuant to an order of the juvenile court, or for the cost to the county for the legal services rendered to the minor by an attorney in private practice appointed pursuant to an order of the juvenile

court. The father, mother, spouse, or other person liable for the support of a minor and the estate of that person shall also be liable for any cost to the county of legal services rendered directly to the father, mother, or spouse, of the minor or any other person liable for the support of the minor, in a dependency proceeding by the public defender or other public attorney appointed pursuant to an order of the juvenile court, or by an attorney in private practice appointed pursuant to order of the juvenile court. The liability of those persons (in this article called relatives) and estates shall be a joint and several liability.

(b) Notwithstanding subdivision (a), the father, mother, spouse, or other person liable for the support of the minor, the estate of that person, or the estate of the minor, shall not be liable for the costs of any of the legal services provided to any person described in this section if a petition to declare the minor a dependent child of the court pursuant to Section 300 is dismissed at or before the jurisdictional hearing.

SEC. 3. Section 903.25 of the Welfare and Institutions Code is amended to read:

903.25. (a) In addition to the liability established by any other provision of law, a parent or guardian of a minor who has been delivered to the custody of the probation department, or who has been placed into a children's receiving home, a foster care home or facility, or securely detained in a juvenile facility operated by a probation department, shall be liable for the reasonable costs of food, shelter, and care of the minor while in the custody of the probation department when all of the following circumstances are applicable:

(1) The parent or guardian receives actual notice by telephone or by written communication from the probation officer that the minor is scheduled for release from custody and that the parent or guardian, in person or through a responsible relative, is requested to take delivery of the minor. The notice shall inform the parent or guardian of the financial liability created by this section.

(2) It is reasonably possible for the parent or guardian to take delivery of the minor, in person or through a responsible relative, at the place designated by the probation officer within 12 hours from the time notice of release was received, or within 48 hours from the time notice of release is received in any case where a petition to declare the minor a dependent child of the court pursuant to Section 300 was dismissed at or before the jurisdictional hearing.

(3) The parent states a refusal to take delivery of the minor or fails to make a reasonable effort to take delivery of the minor, in person or through a responsible relative, within 12 hours from the time of actual receipt of the notice, or within 48 hours from the time of actual receipt of the notice in any case where a petition to declare the minor a dependent child of the court pursuant to Section 300 was dismissed at or before the jurisdictional hearing.

(b) The liability established by this section, when combined with any liability arising under Section 903, shall not exceed one hundred dollars ($100) for each 24-hour period, beginning when notice of release was actually received, or beginning 48 hours after notice of release was actually received in any case where a petition to declare the minor a dependent child of the court pursuant to Section 300 was dismissed at or before the jurisdictional hearing, in which a notified parent or guardian has failed to make a reasonable effort to take delivery of the minor, in person or through a responsible relative, in accordance with the request and instructions of the probation officer.

(c) The liability established by this section shall be limited by the financial ability of the parents, guardians, or other persons to pay. Any parent, guardian, or other person who is assessed under this section shall, upon request, be entitled to an evaluation and determination of ability to pay under the provisions of Section 903.45. Any parent, guardian, or other person who is assessed under this section shall also be entitled, upon petition, to a hearing and determination by the juvenile court on the issues of liability and ability to pay.

SEC. 4. Section 903.3 of the Welfare and Institutions Code is amended to read:

903.3. (a) The father, mother, spouse, or other person liable for the support of a minor person, the person himself or herself if he or she is an adult, or the estates of those persons shall, unless indigent, be liable for the cost to the county for any investigation related to the sealing and for the sealing of any juvenile court or arrest records pursuant to Section 781 pertaining to that person. The liability of those persons and estates shall be a joint and several liability.

(b) In the event a petition is filed for an order sealing a record, the father, mother, spouse, or other person liable for the support of a minor, that person if he or she is an adult, or the estate of that person, may be required to reimburse the county for the actual cost of services rendered, whether or not the petition is granted and the records are sealed or expunged, at a rate to be determined by the county board of supervisors not to exceed one hundred twenty dollars ($120). Ability to make this reimbursement shall be determined by the court using the standards set forth in paragraph (2) of subdivision (g) of Section 987.8 and shall not be a prerequisite to a person's eligibility under this section. The court may order reimbursement in any case in which the petitioner appears to have the ability to pay, without undue hardship, all or any portion of the cost for services.

(c) Notwithstanding subdivision (a), the father, mother, spouse, or other person liable for the support of the minor, the person himself or herself if he or she is an adult, the estate of that person, or the estate of the minor, shall not be liable for the costs described in this section if a petition to declare the minor a dependent child of the court

pursuant to Section 300 is dismissed at or before the jurisdictional hearing.

CHAPTER 509

An act to add Section 39006 to the Education Code, relating to school facilities.

[Approved by Governor September 14, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 39006 is added to the Education Code, to read:

39006. (a) Prior to commencing the acquisition of real property for a new schoolsite in an area designated in a city, county, or city and county general plan for agricultural use and zoned for agricultural production, the governing board of a school district shall make all of the following findings:

(1) The school district has notified and consulted with the city, county, or city and county within which the prospective schoolsite is to be located.

(2) The final site selection has been evaluated by the governing board of the school district based on all factors affecting the public interest and not limited to selection on the basis of the cost of the land.

(3) The school district will attempt to minimize any public health and safety issues resulting from the neighboring agricultural uses that may affect the pupils and employees at the schoolsite.

(b) Subdivision (a) shall not apply to any schoolsite approved by the State Department of Education prior to January 1, 1997.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 510

An act to amend Sections 8802, 8810, 8814, and 8814.5 of, and to add Section 8811.5 to, the Family Code, relating to family law.

[Approved by Governor September 14, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 8802 of the Family Code is amended to read:

8802. (a) (1) Any of the following persons who desire to adopt a child may, for that purpose, file a petition in the county in which the petitioner resides:

(A) A grandparent, aunt, uncle, first cousin, or sibling.

(B) A person named in the will of a deceased parent as an intended adoptive parent where the child has no other parent.

(C) A person with whom a child has been placed for adoption.

(D) A legal guardian who has been the child's legal guardian for more than one year. However, if the parent nominated the guardian for a purpose other than adoption for a specified time period, or if the guardianship was established pursuant to Section 360 of the Welfare and Institutions Code, the guardianship shall have been in existence for not less than three years.

(2) If the child has been placed for adoption, a copy of the adoptive placement agreement shall be attached to the petition. The court clerk shall immediately notify the department at Sacramento in writing of the pendency of the proceeding and of any subsequent action taken.

(b) The petition shall contain an allegation that the petitioners will file promptly with the department or delegated county adoption agency information required by the department in the investigation of the proposed adoption. The omission of the allegation from a petition does not affect the jurisdiction of the court to proceed or the validity of an adoption order or other order based on the petition.

(c) The caption of the adoption petition shall contain the names of the petitioners, but not the child's name. The petition shall state the child's sex and date of birth and the name the child had before adoption.

(d) If the child is the subject of a guardianship petition, the adoption petition shall so state and shall include the caption and docket number or have attached a copy of the letters of the guardianship or temporary guardianship. The petitioners shall notify the court of any petition for guardianship or temporary guardianship filed after the adoption petition. The guardianship proceeding shall be consolidated with the adoption proceeding.

(e) The order of adoption shall contain the child's adopted name, but not the name the child had before adoption.

(f) This section shall become operative on January 1, 1995.

SEC. 2. Section 8810 of the Family Code is amended to read:

8810. (a) Except as otherwise provided in this section, whenever a petition is filed under this chapter for the adoption of a child, the petitioner shall pay a fee to the department or delegated county adoption agency, prior to the filing of a report in the superior court by the department or delegated county adoption agency, as follows:

(1) For petitions filed on and after July 1, 1993, one thousand two hundred fifty dollars ($1,250).

(2) For petitioners who have a valid preplacement evaluation at the time of filing a petition pursuant to Section 8811.5, three hundred twenty-five dollars ($325) for a postplacement evaluation pursuant to Sections 8806 and 8807.

(3) Where the adoption is interrupted prior to the filing of the report of the department or delegated county adoption agency, the adoption petition may be withdrawn and no adoption fee shall be assessed for any services rendered by the department or delegated county adoption agency, and any such fees already paid shall be refunded.

(b) Revenues produced by fees collected by the department pursuant to subdivision (a) shall be used, when appropriated by the Legislature, to fund only the direct costs associated with the state program for independent adoptions. Revenues produced by fees collected by the delegated county adoption agency pursuant to subdivision (a) shall be used by the county to fund the county program for independent adoptions.

(c) The department or delegated county adoption agency or the court may defer, waive, or reduce the fee when, in its judgment, the payment would cause economic hardship to the prospective adoptive parents and would be detrimental to the welfare of an adopted child.

SEC. 3. Section 8811.5 is added to the Family Code, to read:

8811.5. (a) A licensed private adoption agency may certify prospective adoptive parents by a preplacement evaluation that contains a finding that an individual is suited to be an adoptive parent.

(b) The preplacement evaluation shall include an investigation pursuant to standards included in the regulations governing independent adoption investigations established by the department. Fees for the investigation shall be commensurate with those fees charged for a comparable investigation conducted by the department or by a delegated licensed county adoption agency.

(c) The preplacement evaluation, whether it is conducted for the purpose of initially certifying prospective adoptive parents or for renewing that certification, shall be completed no more than one year prior to the signing of an adoption placement agreement. The cost for renewal of that certification shall be in proportion to the extent of the work required to prepare the renewal that is attributable to changes in family circumstances.

SEC. 4. Section 8814 of the Family Code is amended to read:

8814. (a) Except as provided in Section 7662, the consent of the birth parent or parents who did not place the child for adoption, as described in Section 8801.3, to the adoption shall be signed in the presence of an agent of the department or of a delegated county adoption agency on a form prescribed by the department. The consent shall be filed with the clerk of the appropriate superior court.

(b) The consent described in subdivision (a), when reciting that the person giving it is entitled to the sole custody of the child and when acknowledged before that agent, is prima facie evidence of the right of the person making it to the sole custody of the child and that person's sole right to consent.

(c) If the birth parent described in subdivision (a) is located outside this state for an extended period of time unrelated to the adoption at the time of signing the consent, the consent may be signed before a notary or other person authorized to perform notarial acts, and in that case the consent of the department or of the delegated county adoption agency is also necessary.

(d) A birth parent who is a minor has the right to sign a consent for the adoption of the birth parent's child and the consent is not subject to revocation by reason of minority.

(e) This section shall become operative on January 1, 1995.

SEC. 5. Section 8814.5 of the Family Code is amended to read:

8814.5. (a) After a consent to the adoption is signed by the birth parent or parents pursuant to Section 8801.3 or 8814, the birth parent or parents signing the consent shall have 90 days to take one of the following actions:

(1) Sign and deliver to the department or delegated county adoption agency a written statement revoking the consent and requesting the child to be returned to the birth parent or parents.

(2) Sign a waiver of the right to revoke consent on a form prescribed by the department in the presence of a representative of the department or delegated county adoption agency. If neither a representative of the department nor a representative of a delegated county adoption agency is reasonably available, the waiver of the right to revoke consent may be signed in the presence of a judicial officer of a court of record if the birth parent is represented by independent legal counsel. "Reasonably available" means that a representative from either the department or the delegated county adoption agency is available to accept the signing of the waiver within 10 days and is within 100 miles of the location of the birth mother.

An adoption service provider may assist the birth parent or parents in any activity where the primary purpose of that activity is to facilitate the signing of the waiver with the department, a delegated county agency, or a judicial officer. The adoption service provider or another person designated by the birth parent or parents may also

be present at any interview conducted pursuant to this section to provide support to the birth parent or parents.

The waiver of the right to revoke consent may not be signed until an interview has been completed by the department or delegated county adoption agency unless the waiver of the right to revoke consent is signed in the presence of a judicial officer of a court of record as specified in this section, in which case the interview and the witnessing of the signing of the waiver shall be conducted by the judicial officer. Within 10 working days of a request made after the department, the delegated county adoption agency, or the court has received a copy of the petition for the adoption and the names and addresses of the persons to be interviewed, the department, the delegated county adoption agency, or the court shall interview, at the department or agency office or the court, any birth parent requesting to be interviewed. However, the interview, and the witnessing of the signing of a waiver of the right to revoke consent of a birth parent residing outside of California or located outside of California for an extended period of time unrelated to the adoption may be conducted in the state where the birth parent is located, by any of the following:

(A) A representative of a public adoption agency in that state.

(B) A judicial officer in that state where the birth parent is represented by independent legal counsel.

(C) An adoption service provider.

(3) Allow the consent to become a permanent consent on the 91st day after signing.

(b) The consent may not be revoked after a waiver of the right to revoke consent has been signed or after 90 days, beginning on the date the consent was signed, whichever occurs first.

(c) This section shall become operative on January 1, 1995.

CHAPTER 512

An act to add Section 31522.3 to the Government Code, relating to county employees.

[Approved by Governor September 14, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature declares that this act is not intended to diminish, limit, or otherwise affect the power of a county board of retirement or investments to appoint, discharge, or otherwise administer and manage its employees under Section 31522.1 of the Government Code or other provisions of the County Employees' Retirement Law of 1937 or Section 17 of Article XVI of the California Constitution.

SEC. 2. Section 31522.3 is added to the Government Code, to read:

31522.3. In a county in which the board of retirement or both the board of retirement and the board of investment have appointed personnel pursuant to Section 31522.1, the respective board or boards may elect to appoint assistant administrators and chief investment officers as provided for in this section. The positions of the assistant administrators and chief investment officers designated by the retirement board shall not be subject to county charter, civil service, or merit system rules. The persons so appointed shall be county employees and shall be included in the salary ordinance or salary resolution adopted by the board of supervisors for the compensation of county officers and employees. The assistant administrators and chief investment officers so appointed shall be directed by, shall serve at the pleasure of, and may be dismissed at the will of, the appointing board or boards. Specific charges, a statement of reasons, or good cause shall not be required as a basis for dismissal of the assistant

administrators and chief investment officers by the appointing board or boards.

This section shall not apply to any person who was an assistant administrator or a chief investment officer and was included in the county civil service or was subject to merit system rules on December 31, 1996.

This section shall only apply to a county of the third class, a county of the eighth class, a county of the 14th class, or a county of the 15th class, as provided by Sections 28020, 28024, 28029, 28035, and 28036.

CHAPTER 513

(a) It is the intent of the Legislature in enacting this measure to enhance and preserve natural resources within the City of Carlsbad.

(b) The open field cultivation of floriculture in the coastal zone within the City of Carlsbad is an activity that contributes to the conservation and protection of natural resources in the zone.

(c) The City of Carlsbad City Council Resolutions 96-231, 96-232, and 96-233 are consistent with efforts to preserve natural resources within the city.

SEC. 2. Section 30171.5 of the Public Resources Code is amended to read:

All mitigation fees collected under this section shall be deposited in the State Coastal Conservancy Fund.

(d) Not less than 50 percent of collected and bonded mitigation fees shall be expended for the purpose specified in paragraph (1) of subdivision (b).

(e) Other than to mitigate the agricultural conversion impacts for which they are collected, none of the mitigation fees collected pursuant to this section shall be used for elements of a project which cause that project to be in compliance with this division or to mitigate a project which would otherwise be inconsistent with this division. When reviewing a potential project for consistency with this subdivision, the State Coastal Conservancy shall consult with the commission.

CHAPTER 514

An act to add Section 102426 to the Health and Safety Code, relating to vital statistics.

[Approved by Governor September 14, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 102426 is added to the Health and Safety Code, to read:

102426. (a) In addition to the items of information collected pursuant to Section 102425, the State Registrar shall instruct all local registrars that have automated birth registration to electronically capture the mother's marital status in an electronic file. The information shall not be transcribed onto the actual hard copy of the certificate of live birth.

(b) Notwithstanding any provisions of law to the contrary, information collected pursuant to this section shall not under any circumstances be disclosed or available to anyone except to the department for demographic and statistical analysis, and to the

federal government, without any personal identifying information, for demographic and statistical analysis.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 515

An act to amend Sections 5705, 5718, 5775, and 5778 of the Welfare and Institutions Code, relating to mental health, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 14, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 5705 of the Welfare and Institutions Code is amended to read:

5705. (a) It is the intent of the Legislature that the use of negotiated net amounts or rates, as provided in this section, be given preference in contracts for services under this division.

(b) Negotiated net amount or rates may be used as the cost of services in contracts between the state and the county or contracts between the county and a subprovider of services, or both, in accordance with the following provisions:

(1) A negotiated net amount shall be determined by calculating the total budget for services for a program or a component of a program, less the amount of projected revenue. All participating government funding sources, except for the Medi-Cal program (Chapter 7 (commencing with Section 14000) of Part 3 of Division 9), shall be bound to that amount as the cost of providing all or part of the total county mental health program as described in the county performance contract for each fiscal year, to the extent that the governmental funding source participates in funding the county mental health programs. Where the State Department of Health Services promulgates regulations for determining reimbursement of Short-Doyle mental health services allowable under the Medi-Cal

program, those regulations shall be controlling as to the rates for reimbursement of Short-Doyle mental health services allowable under the Medi-Cal program and rendered to Medi-Cal beneficiaries. Providers under this subdivision shall report to the State Department of Mental Health and local mental health programs any information required by the State Department of Mental Health in accordance with procedures established by the Director of Mental Health.

(2) A negotiated rate is the payment for services delivered on a per unit of service basis. All participating governmental funding sources shall be bound by that amount as the cost of providing that service for that county mental health program to the extent that the governmental funding source participates in funding the county and mental health program. Where the State Department of Health Services promulgates regulations for determining reimbursement of Short-Doyle mental health services allowable under the Medi-Cal program, those regulations shall be controlling as to the rates for reimbursement of Short-Doyle mental health services allowable under the Medi-Cal program and rendered to Medi-Cal beneficiaries. Providers under this subdivision shall report to the local mental health program and the local mental health program shall report to the State Department of Mental Health any information required by the department in accordance with procedures established by the Director of Mental Health.

(3) A county choosing to participate in the negotiated rate setting process for community mental health services under the Medi-Cal program in any fiscal year shall submit a negotiated rate proposal to the State Department of Mental Health, along with the prior fiscal year cost report, by December 31 following the close of the fiscal year. The department shall respond with comments to the negotiated rate proposal of a participating county by January 31 following the submission of the prior year cost report.

(4) Failure to submit both the rate proposal, as required by paragraph (3), and the prior fiscal year cost report by December 31, as required by subdivision (c) of Section 5718, shall result in disapproval of the rate proposal, and consequent settlement of the current year cost report to actual cost.

(c) Notwithstanding any other provision of this division or Division 9 (commencing with Section 10000), absent a finding of fraud, abuse, or failure to achieve contract objectives, no restrictions, other than any contained in the contract, shall be placed upon a provider's expenditure or retention of funds received pursuant to this section.

SEC. 2. Section 5718 of the Welfare and Institutions Code is amended to read:

5718. (a) (1) This section and Sections 5719 to 5724, inclusive, shall apply to mental health services provided by counties to Medi-Cal eligible individuals. Counties shall provide services to

Medi-Cal beneficiaries and seek the maximum federal reimbursement possible for services rendered to the mentally ill.

(2) To the extent permitted under federal law, funds deposited into the local health and welfare trust fund from the Sales Tax Account of the Local Revenue Fund may be used to match federal medicaid funds in order to achieve the maximum federal reimbursement possible for services pursuant to this chapter. If a county applies to use local funds, the department may enforce any additional federal requirements that use may involve, based on standards and guidelines designed to enhance, protect, and maximize the claiming of those resources.

(3) The standards and guidelines for the administration of mental health services to Medi-Cal eligible persons shall be based on federal medicaid requirements.

(b) With regard to each person receiving mental health services from a county mental health program, the county shall determine whether the person is Medi-Cal eligible and, if determined to be Medi-Cal eligible, the person shall be referred when appropriate to a facility, clinic, or program which is certified for Medi-Cal reimbursement.

(c) With regard to county operated facilities, clinics, or programs for which claims are submitted to the department for Medi-Cal reimbursement for mental health services to Medi-Cal eligible individuals, the county shall ensure that all requirements necessary for Medi-Cal reimbursement for these services are complied with, including, but not limited to, utilization review and the submission of year-end cost reports by December 31 following the close of the fiscal year.

(d) Counties shall certify to the state that required matching funds are available prior to the reimbursement of federal funds.

SEC. 3. Section 5775 of the Welfare and Institutions Code is amended to read:

5775. (a) Notwithstanding any other provision of state law, the State Department of Mental Health shall implement managed mental health care for Medi-Cal beneficiaries through fee-for-service or capitated rate contracts with mental health plans, including individual counties, counties acting jointly, any qualified individual or organization, or a nongovernmental entity. A contract may be exclusive and may be awarded on a geographic basis.

(b) Two or more counties acting jointly may agree to deliver or subcontract for the delivery of mental health services. The agreement may encompass all or any portion of the mental health services provided pursuant to this part. This agreement shall not relieve the individual counties of financial responsibility for providing these services. Any agreement between counties shall delineate each county's responsibilities and fiscal liability.

(c) The department shall offer to contract with each county for the delivery of mental health services to that county's Medi-Cal

beneficiary population prior to offering to contract with any other entity, upon terms at least as favorable as any offered to a noncounty contract provider. If a county elects not to contract with the department, does not renew its contract, or does not meet the minimum standards set by the department, the department may elect to contract with any other governmental or nongovernmental entity for the delivery of mental health services in that county and may administer the delivery of mental health services until a contract for a mental health plan is implemented. The county may not subsequently contract to provide mental health services under this part unless the department elects to contract with the county.

(d) If a county does not contract with the department to provide mental health services, the county shall transfer the responsibility for community Medi-Cal reimbursable mental health services and the anticipated county matching funds needed for community Medi-Cal mental health services in that county to the department. The amount of the anticipated county matching funds shall be determined by the department in consultation with the county, and shall be adjusted annually. The amount transferred shall be based on historical cost, adjusted for changes in the number of Medi-Cal beneficiaries and other relevant factors. The anticipated county matching funds shall be used by the department to contract with another entity for mental health services, and shall not be expended for any other purpose but the provision of those services and related administrative costs. The county shall continue to deliver non-Medi-Cal reimbursable mental health services in accordance with this division, and subject to subdivision (i) of Section 5777.

(e) (1) Whenever the department determines that a mental health plan has failed to comply with this part, or any regulations adopted pursuant thereto implementing this part, the department may impose sanctions including, but not limited to, fines, penalties, withholding of payments, special requirements, probationary or corrective actions, or other actions deemed necessary to prompt and ensure contract and performance compliance. If fines are imposed by the department, they may be withheld from the state matching funds provided to mental health plans for Medi-Cal mental health services.

(2) The department shall adopt emergency regulations necessary to implement paragraph (1), including the establishment of procedures for the appeal of an administrative finding relative to paragraph (1), in accordance with the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code). The initial adoption of emergency regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, and safety, or general welfare, and shall be exempt from the review or approval of the office of administrative law. Regulations adopted pursuant to this section shall remain in effect for no more than 180

days. These regulations shall be developed in consultation with a statewide organization representing counties.

SEC. 4. Section 5778 of the Welfare and Institutions Code is amended to read:

5778. (a) This section shall be limited to mental health services reimbursed through a fee-for-service payment system.

(b) During the initial phases of the implementation of this part, as determined by the department, the mental health plan contractor and subcontractors shall submit claims under the Medi-Cal program for eligible services on a fee-for-service basis.

(c) A qualifying county may elect, with the approval of the department, to operate under the requirements of a capitated, integrated service system field test pursuant to Section 5719.5 rather than this part, in the event the requirements of the two programs conflict. A county that elects to operate under that section shall comply with all other provisions of this part that do not conflict with that section.

(d) (1) No sooner than October 1, 1994, state matching funds for Medi-Cal fee-for-service acute psychiatric inpatient services, and associated administrative days, shall be transferred to the department. No later than July 1, 1997, upon agreement between the department and the State Department of Health Services, state matching funds for the remaining Medi-Cal fee-for-service mental health services and the state matching funds associated with field test counties under Section 5719.5 shall be transferred to the department.

(2) The department, in consultation with the State Department of Health Services, a statewide organization representing counties, and a statewide organization representing health maintenance organizations shall develop a timeline for the transfer of funding and responsibility for fee-for-service mental health services from Medi-Cal managed care plans to mental health plans. In developing the timeline, the department shall develop screening, referral, and coordination guidelines to be used by Medi-Cal managed care plans and mental health plans.

(e) The department shall allocate the contracted amount at the beginning of the contract period to the mental health plan. The allocated funds shall be considered to be funds of the plan that may be held by the department. The department shall develop a methodology to ensure that these funds are held as the property of the plan and shall not be reallocated by the department or other entity of state government for other purposes.

(f) Beginning in the fiscal year following the transfer of funds from the State Department of Health Services, the state matching funds for Medi-Cal mental health services shall be included in the annual budget for the department. The amount included shall be based on historical cost, adjusted for changes in the number of Medi-Cal beneficiaries and other relevant factors.

(g) Initially, the mental health plans shall use the fiscal intermediary of the Medi-Cal program of the State Department of Health Services for the processing of claims for inpatient psychiatric hospital services and may be required to use that fiscal intermediary for the remaining mental health services. The providers for other Short-Doyle Medi-Cal services shall not be initially required to use the fiscal intermediary but may be required to do so on a date to be determined by the department. The department and its mental health plans shall be responsible for the initial incremental increased matching costs of the fiscal intermediary for claims processing and information retrieval associated with the operation of the services funded by the transferred funds.

(h) The mental health plans, subcontractors, and providers of mental health services shall be liable for all federal audit exceptions or disallowances based on their conduct or determinations. The mental health plan contractors shall not be liable for federal audit exceptions or disallowances based on the state's conduct or determinations. The department and the State Department of Health Services shall work jointly with mental health plans in initiating any necessary appeals. The State Department of Health Services may offset the amount of any federal disallowance or audit exception against subsequent claims from the mental health plan or subcontractor. This offset may be done at any time, after the audit exception or disallowance has been withheld from the federal financial participation claim made by the State Department of Health Services. The maximum amount that may be withheld shall be 25 percent of each payment to the plan or subcontractor.

(i) The mental health plans shall have sufficient funds on deposit with the department as the matching funds necessary for federal financial participation to ensure timely payment of claims for acute psychiatric inpatient services and associated administrative days. The department and the State Department of Health Services, in consultation with a statewide organization representing counties, shall establish a mechanism to facilitate timely availability of those funds. Any funds held by the state on behalf of a plan shall be deposited in a mental health managed care deposit fund and shall accrue interest to the plan. The department shall exercise any necessary funding procedures pursuant to Section 12419.5 of the Government Code and Sections 8776.6 and 8790.8 of the State Administrative Manual regarding county claim submission and payment.

(j) (1) The goal for funding of the future capitated system shall be to develop statewide rates for beneficiary, by aid category and with regional price differentiation, within a reasonable time period. The formula for distributing the state matching funds transferred to the department for acute inpatient psychiatric services to the participating counties shall be based on the following principles:

(A) Medi-Cal state General Fund matching dollars shall be distributed to counties based on historic Medi-Cal acute inpatient psychiatric costs for the county's beneficiaries and on the number of persons eligible for Medi-Cal in that county.

(B) All counties shall receive a baseline based on historic and projected expenditures up to October 1, 1994.

(C) Projected inpatient growth for the period October 1, 1994, to June 30, 1995, inclusive, shall be distributed to counties below the statewide average per eligible person on a proportional basis. The average shall be determined by the relative standing of the aggregate of each county's expenditures of mental health Medi-Cal dollars per beneficiary. Total Medi-Cal dollars shall include both fee-for-service Medi-Cal and Short-Doyle Medi-Cal dollars for both acute inpatient psychiatric services, outpatient mental health services, and psychiatric nursing facility services, both in facilities that are not designated as institutions for mental disease and for beneficiaries who are under 22 years of age and beneficiaries who are over 64 years of age in facilities that are designated as institutions for mental disease.

(D) There shall be funds set aside for a self-insurance risk pool for small counties. The department may provide these funds directly to the administering entity designated in writing by all counties participating in the self-insurance risk pool. The small counties shall assume all responsibility and liability for appropriate administration of these funds. For purposes of this subdivision, "small counties" means counties with less than 200,000 population. Nothing in this paragraph shall in any way obligate the state or the department to provide or make available any additional funds beyond the amount initially appropriated and set aside for each particular fiscal year, unless otherwise authorized in statute or regulations, nor shall the state or the department be liable in any way for mismanagement of loss of funds by the entity designated by the counties under this paragraph.

(2) The allocation method for state funds transferred for acute inpatient psychiatric services shall be as follows:

(A) For the 1994–95 fiscal year, an amount equal to 0.6965 percent of the total shall be transferred to a fund established by small counties. This fund shall be used to reimburse mental health plans in small counties for the cost of acute inpatient psychiatric services in excess of the funding provided to the mental health plan for risk reinsurance, acute inpatient psychiatric services and associated administrative days, alternatives to hospital services as approved by participating small counties, or for costs associated with the administration of these moneys. The methodology for use of these moneys shall be determined by the small counties, through a statewide organization representing counties, in consultation with the department.

(B) The balance of the transfer amount for the 1994–95 fiscal year shall be allocated to counties based on the following formula:

(k) The allocation method for the state funds transferred for subsequent years for acute inpatient psychiatric and other mental health services shall be determined by the department in consultation with a statewide organization representing counties.

(*l*) The allocation methodologies described in this section shall only be in effect while federal financial participation is received on a fee-for-service reimbursement basis. When federal funds are capitated, the department, in consultation with a statewide organization representing counties, shall determine the methodology for capitation consistent with federal requirements.

(m) The formula that specifies the amount of state matching funds transferred for the remaining Medi-Cal fee-for-service mental health services shall be determined by the department in consultation with a statewide organization representing counties. This formula shall only be in effect while federal financial participation is received on a fee-for-service reimbursement basis.

(n) Upon the transfer of funds from the budget of the State Department of Health Services to the department pursuant to subdivision (d), the department shall assume the applicable program oversight authority formerly provided by the State Department of Health Services, including, but not limited to, the oversight of utilization controls as specified in Section 14133. The mental health plan shall include a requirement in any subcontracts that all inpatient

subcontractors maintain necessary licensing and certification. Mental health plans shall require that services delivered by licensed staff are within their scope of practice. Nothing in this part shall prohibit the mental health plans from establishing standards that are in addition to the minimum federal and state requirements, provided that these standards do not violate federal and state Medi-Cal requirements and guidelines.

(o) Subject to federal approval and consistent with state requirements, the mental health plan may negotiate rates with providers of mental health services.

(p) Under the fee-for-service payment system, any excess in the payment set forth in the contract over the expenditures for services by the plan shall be spent for the provision of mental health services and related administrative costs.

(q) Nothing in this part shall limit the mental health plan from being reimbursed appropriate federal financial participation for any qualified services even if the total expenditures for service exceeds the contract amount with the department. Matching nonfederal public funds shall be provided by the plan for the federal financial participation matching requirement.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 518

An act to add Section 15.4 to the Mojave Water Agency Law (Chapter 2146 of the Statutes of 1959), relating to water.

[Approved by Governor September 14, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the Mojave Water Agency has identified sources of groundwater pollution within its boundaries, and pursuant to the water rights adjudication in City of Barstow, et al. v. City of Adelanto, et al. (Superior Court of the County of Riverside, No. 208568), the agency is authorized to preserve and protect the groundwater basin within its jurisdictional

boundaries and should be extended oversight and protection from responsibility for remediation of those sources of groundwater pollution.

SEC. 2. Section 15.4 is added to the Mojave Water Agency Law (Chapter 2146 of the Statutes of 1959), to read:

15.4. (a) Unless the context requires otherwise, the following definitions govern the construction of this section:

(1) "Affected lands" means lands that are affected by groundwater pollution or pollutants in soils that threaten to cause groundwater pollution and are in a location where the agency has implemented or proposes to implement a remediation plan.

(2) "Oversight agency" means either the State Water Resources Control Board or the appropriate regional water quality control board. "Remediation plan" means a plan to improve the quality of groundwater underlying lands within the jurisdiction of the agency that has been directly and adversely affected by groundwater pollution.

(b) Notwithstanding any other provision of law, if the agency has submitted a remediation plan to an oversight agency, the oversight agency has approved that remediation plan, and the agency has implemented the remediation plan, in accordance with this section, the agency shall not be deemed, based on the actions taken to implement the remediation plan, to be the owner or operator of any affected lands, or any structure, improvement, waste management unit, or facility on those affected lands, and shall not be deemed, based on the actions taken to implement the remediation plan, to be responsible for any discharge, or the results of any discharge, of pollutants on or from those affected lands or any structure, improvement, waste management unit, or facility on those affected lands.

(c) Except as provided in subdivision (d), and Chapter 5.5 (commencing with Section 13370) of the Water Code, the responsibilities of the agency are limited to the following:

(1) Submitting a remediation plan to an oversight agency for approval in accordance with subdivision (d).

(2) Implementing a remediation plan that has been approved by the oversight agency.

(3) If required by a remediation plan approved by the oversight agency, maintaining any structure, waste management unit, improvement, or other facility constructed, improved, or placed on the affected lands.

(4) Periodically monitoring and reporting as required by the oversight agency.

(5) (A) Determining if the remediation plan implemented by the agency has been effective to provide a substantial improvement in groundwater quality affected by the discharge or potential discharge of pollutants on or from affected lands.

(B) If the agency determines that the remediation plan implemented by the agency is not effective, the agency shall promptly report that determination to the oversight agency. If the agency or the oversight agency determines that the remediation plan implemented by the agency is not effective, the agency shall submit a modified remediation plan to the oversight agency that includes a proposal to improve the plan to make it effective, or a proposal to cease remedial activities on the affected lands and return those lands, including the groundwater quality on those lands, to a condition that approximates the quality that existed prior to commencing remedial activities. The agency shall implement the modified remediation plan as approved by the oversight agency.

(6) Notwithstanding any other provision of law, except as provided in Chapter 5.5 (commencing with Section 13370) of the Water Code, if the agency implements or has implemented the approved remediation plan and any modifications to the plan approved by the oversight agency, the agency, with regard to any discharge of pollutants that is the subject of the plan, shall not be required to achieve water quality objectives pursuant to, or to comply with other requirements of, the Porter-Cologne Water Quality Control Act (Division 7 (commencing with Section 13000) of the Water Code) or other laws that are administered by the State Water Resources Control Board or the regional water quality control boards, and shall not be subject to any enforcement actions pursuant to state law based on actions taken to implement the approved remediation plan, except for violations involving gross negligence, including reckless, willful, or wanton misconduct, or intentional misconduct by the agency.

(d) The remediation plan to be submitted by the agency to the oversight agency shall include all of the following:

(1) Identification of the affected lands that are the subject of the plan, including a legal description and the owner of record.

(2) Identification of the groundwater that is affected by discharges of pollutants on or from the affected lands.

(3) A description of the physical conditions of the affected lands that have had, or are having, an adverse effect on groundwater quality.

(4) A description of the practices, including system design and construction plans, and operation and maintenance plans, proposed to reduce, control, mitigate, or eliminate the adverse effects on groundwater quality and a schedule for implementing those practices.

(5) An analysis demonstrating that the implementation of the practices described in the plan have caused, or are expected to cause, a substantial improvement in groundwater quality for the identified groundwater.

(6) A description of monitoring or other assessment activities to be undertaken to evaluate the success of the implemented practices

during and after implementation, including an assessment of baseline conditions.

(7) A budget and identified funding to pay for the implementation of the plan.

(8) Remediation goals and objectives.

(9) Contingency plans.

(10) A description of the agency's legal right to enter and conduct remedial activities.

(11) The signature of an authorized representative of the agency.

(12) Identification of the pollutants to be addressed by the plan.

(e) The oversight agency shall do all of the following:

(1) Comply with the requirements of the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code) in connection with the review of any remediation plan.

(2) Provide an opportunity for public review of, and comment with regard to, the remediation plan.

(3) Disapprove, approve, or modify and approve a remediation plan at a public meeting.

(f) (1) The oversight agency may approve the remediation plan if the oversight agency finds that there is substantial evidence in the record that the plan will substantially improve groundwater quality affected by discharges of pollutants on or from affected lands. The oversight agency may disapprove a remediation plan even if there is substantial evidence that the plan would improve the groundwater quality.

(2) The agency is not required to include in the remediation plan a plan to achieve water quality objectives, with regard to any discharge of pollutants that is the subject of the plan, to comply with other requirements of the Porter-Cologne Water Quality Control Act (Division 7 (commencing with Section 13000) of the Water Code), except for Chapter 5.5 (commencing with Section 13370) of Division 7 of the Water Code, or to comply with any other law that is administered by the state board or the regional boards, with regard to that discharge of pollutants.

(3) The oversight agency may approve a modification of an approved remediation plan to permit additional time for completing the remediation project or to otherwise modify the plan, after an opportunity for public comment.

(4) If the oversight agency determines that the agency is not implementing the approved remediation plan in substantial compliance with its terms, that oversight agency shall notify the agency of its determination, including the specific causes for that determination.

(5) If the oversight agency determines that the specific causes for the determination are not adequately addressed pursuant to paragraph (4), or if a compliance plan is not submitted to, and approved by, the oversight agency within 180 days from the date of

the notification pursuant to paragraph (4), the oversight agency may determine that the agency is in violation of this section. If the agency is determined to be in violation of this section, the agency is not protected by the limitations on responsibility provided by this section for remediation of groundwater quality adversely affected by discharges of pollutants on or from affected lands and may be subject to any enforcement action authorized by law.

(g) This section has no effect on any of the following:

(1) The tort liability of the agency for personal injury or wrongful death.

(2) The liability of the agency based upon activities other than those undertaken in connection with the implementation of an approved remediation plan.

(3) The responsibilities of the owner of affected lands or other property that is the source of pollutants on affected lands or any other person responsible for activities that caused or permitted the discharge of pollutants.

(4) The liability of the agency for damages resulting from the agency's negligent implementation of the remediation plan.

CHAPTER 519

An act to add Section 41904 to the Public Resources Code, relating to solid waste, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 14, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 41904 is added to the Public Resources Code, to read:

41904. (a) For the purposes of this section, the following terms have the following meaning:

(1) "Nonprofit charitable reuser" means a charitable organization, as defined in Section 501(c)(3) of the federal Internal Revenue Code, or a distinct operating unit or division of the charitable organization, that reuses and recycles donated goods or materials and receives more than 50 percent of its revenues from the handling and sale of those donated goods or materials.

(2) "Residue" means the solid waste resulting from the receipt, collection, transportation, sorting, processing, or sale of goods or materials donated to the nonprofit charitable reuser for reuse or recycling, including solid wastes left at collection, processing, or sale sites, but does not include solid wastes resulting from other activities of the nonprofit charitable reuser, such as, but not limited to, the

assembly or manufacture of products from new materials, the provision of charitable services such as classroom education, meal preparation, and shelter, or the provision of services for a fee, including solid waste handling services.

(b) The Legislature hereby finds and declares both of the following:

(1) In addition to their service to the poor, disabled, and disadvantaged, charitable organizations provide a valuable service by providing for the reuse or recycling of many articles that otherwise would be disposed of at disposal sites. That reuse or recycling is a leading form of source reduction, which has the highest priority among solid waste management practices identified for California.

(2) The purpose of this section is to authorize local agencies to limit the amount of solid waste handling and disposal fees, as well as any fees authorized by this chapter, for nonprofit charitable reusers to help those nonprofit organizations meet the costs of reusing or recycling donated goods or materials.

(3) The activities of nonprofit charitable reusers that reuse and recycle waste that would otherwise be disposed of assist local agencies in meeting the diversion requirements of Section 41780.

(c) (1) A city, county, district, or regional agency may structure its fees for the solid waste handling services or disposal services that it directly provides in a manner that requires nonprofit charitable reusers to pay only the direct costs of handling and disposing of their residue, and exempts them from paying any fee amounts associated with administrative costs to the city, county, district, or regional agency or associated with any other costs that are incurred by the city, county, district, or regional agency pursuant to this division.

(2) A city, county, district, or regional agency may exempt nonprofit charitable reusers from all or part of any fees imposed on the handling or disposal of their residue pursuant to this chapter.

(d) To implement this section, a city, county, district, or regional agency may, by ordinance, resolution, or otherwise, restrict any fee reduction or exemption to specified classes of nonprofit charitable reusers, such as by their size or location, or by the amount, origin, or types of solid waste handled or disposed of, and may require that nonprofit charitable reusers enter into contractual agreements to report the amounts of solid waste disposed of and materials diverted, to maintain specified levels of service and performance, or to perform any activity that the city, county, district, or regional agency may require to achieve the diversion requirements of Section 41780.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Nonprofit charitable reusers are struggling to remain solvent in difficult economic times. In order to ensure that the costs to those

reusers of disposing of solid waste are kept at a minimum, it is necessary that this act take effect immediately.

CHAPTER 520

An act to amend Sections 729.5 and 730.7 of the Welfare and Institutions Code, relating to minors.

[Approved by Governor September 14, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 729.5 of the Welfare and Institutions Code is amended to read:

729.5. (a) If a petition alleges that a minor is a person described by Section 602 and the petition is sustained, the court, in addition to the notice required by any other provision of law, may issue a citation to the minor's parents or guardians, ordering them to appear in the court at the time and date stated for a hearing to impose a restitution fine pursuant to Section 730.6.

(b) The citation shall notify the parent or guardian that, at the hearing, the parent or guardian may be held liable for the payment of restitution if the minor is ordered to make restitution to the victim.The citation shall contain a warning that the failure to appear at the time and date stated may result in an order that the parent or guardian pay restitution up to the limits provided for in Sections 1714.1 and 1714.3 of the Civil Code.

(c) The hearing described in subdivision (b) may be held immediately following the disposition hearing or at a later date, at the option of the court.

(d) If the parent or guardian fails to appear pursuant to this section, the court may hold the parent or guardian jointly and severally liable with the minor for restitution, subject to the limitations contained in subdivision (b).

(e) Execution may be issued on an order holding a parent or guardian jointly or severally liable with the minor for restitution in the same manner as on a judgment in a civil action, including any balance unpaid at the termination of the court's jurisdiction over the minor.

(f) At any time prior to the full payment of restitution ordered pursuant to this section, a person held liable for payment of restitution may petition the court to modify or vacate the order based on a showing of change in circumstances.

(g) Service of the citation shall be made on all parents or guardians of the minor whose names and addresses are known to the petitioner.

(h) Service of the citation shall be made at least 10 days prior to the time and date stated therein for appearance, in the manner provided by law for the service of a summons in a civil action, other than by publication.

(i) This section shall not apply to any case where a citation has been issued pursuant to Section 742.18.

(j) Nothing in this section shall be interpreted to make an insurer liable for a loss caused by the willful act of the insured or the insured's dependents within the meaning of Section 533 of the Insurance Code.

(k) This section does not apply to foster parents.

SEC. 2. Section 730.7 of the Welfare and Institutions Code is amended to read:

730.7. When considering the parent's or guardian's ability to pay, the court may consider future earning capacity, present income, the number of persons dependent on that income, and the necessary obligations of the family, including, but not limited to, rent or mortgage payments, food, children's school tuition, children's clothing, medical bills, and health insurance. The parent or guardian shall have the burden of showing the lack of ability to pay. The parent or guardian shall also have the burden of showing by a preponderance of the evidence that the parent or guardian was either not given notice of potential liability for payment of restitution, fines, and penalty assessments prior to the petition being sustained by an admission or adjudication, or that he or she was not present during the proceedings wherein the petition was sustained either by admission or adjudication and any hearing thereafter related to restitution, fines, or penalty assessments.

(b) In cases in which the court orders restitution to the victim or victims of the offense, each victim in whose favor the restitution order has been made shall be notified within 60 days after restitution has been ordered of the following:

(1) The name and address of the minor ordered to make restitution.

(2) The amount and any terms or conditions of restitution.

(3) The offense or offenses that were sustained.

(4) The name and address of the parent or guardian of the minor.

(5) The rebuttable presumption that the parent or guardian is jointly and severally liable with the minor for the amount of restitution so ordered in accordance with Sections 1714.1 and 1714.3

of the Civil Code, up to the limits provided in those sections, and that the parent or guardian has the burden of showing by a preponderance of the evidence that the parent or guardian was either not given notice of potential liability for payment of restitution prior to the petition being sustained by an admission or adjudication, or that he or she was not present during the proceedings wherein the petition was sustained by an admission or adjudication and any hearings thereafter related to restitution.

(6) Whether the notice and presence requirements of paragraph (5) were met.

(7) The victim's rights to a certified copy of the order reflecting the information specified in this subdivision.

(c) The victim has a right, upon request, to a certified copy of the order reflecting the information specified in subdivision (b).

(d) This section does not apply to foster parents.

(e) Nothing in this section shall be construed to make an insurer liable for a loss caused by the willful act of the insured or the dependents of the insured pursuant to Section 533 of the Insurance Code.

CHAPTER 521

The people of the State of California do enact as follows:

SECTION 1. Section 4584 of the Public Resources Code is amended to read:

(i) The cutting, removal, or sale of timber or other solid wood forest products from the species Taxus brevifolia (Pacific yew), provided that the known locations of any stands of this species three inches and larger in diameter at breast height are identified in the exemption notice submitted to the department. Nothing in this subdivision is intended to authorize the peeling of bark from, or the cutting or removal of, Taxus brevifolia within a watercourse and lake protection zone, special treatment area, buffer zone, or other area where timber harvesting is prohibited or otherwise restricted pursuant to board rules.

(j) (1) The cutting or removal of trees in compliance with Sections 4290 and 4291 which eliminates the vertical continuity of vegetative fuels and the horizontal continuity of tree crowns for the purpose of reducing flammable materials and maintaining a fuelbreak for a distance of not more than 150 feet on each side from an approved and legally permitted structure that complies with the California Building Code, when that cutting or removal is conducted in compliance with this subdivision. For purposes of this subdivision, an "approved and legally permitted structure" includes only structures that are designed for human occupancy and garages, barns, stables, and structures used to enclose fuel tanks.

(2) (A) The cutting or removal of trees pursuant to this subdivision shall be limited to cutting or removal that will result in a reduction in the rate of fire spread, fire duration and intensity, fuel ignitability, or ignition of the tree crowns and shall be in accordance with any regulations adopted by the board pursuant to this section.

(B) (i) All surface fuels that are not chipped, burned, or otherwise removed from all areas of timber operations within 45 days from the date of commencement of timber operations may be

determined to be a nuisance and subject to abatement by the department or the city or county having jurisdiction.

(ii) The costs incurred by the department, city, or county, as the case may be, to abate the nuisance upon any parcel of land subject to the timber operations, including, but not limited to, investigation, boundary determination, measurement, and other related costs, may be recovered by special assessment and lien against the parcel of land by the department, city, or county. The assessment may be collected at the same time and in the same manner as ordinary ad valorem taxes, and shall be subject to the same penalties and the same procedure and sale in case of delinquency as is provided for ad valorem taxes.

(4) All timber operations conducted pursuant to this subdivision shall conform to applicable city or county general plans, city or county implementing ordinances, and city or county zoning ordinances. Nothing in this paragraph is intended to authorize the cutting, removal, or sale of timber or other solid wood forest products within an area where timber harvesting is prohibited or otherwise restricted pursuant to the rules or regulations adopted by the board.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

[Approved by Governor September 14, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 19116 is added to the Education Code, to read:

(b) When a city or library district files a notice pursuant to subdivision (a), it shall remain a member of the county free library system until July 1 of the base year or the date on which property is transferred pursuant to subdivision (c), whichever date is later. Upon ceasing to be a member of the county free library system, the city or library district shall not participate in any benefits of the county free library system, and shall assume the responsibility for the provision of library services within its jurisdiction. Unless otherwise agreed by July 1 of the base year in writing by the Board of Supervisors of Los Angeles County and the withdrawing entity city or library district, property tax revenues allocated to the county free library pursuant to Article 2 (commencing with Section 96) of Chapter 6 of Part 0.5 of Division 1 of the Revenue and Taxation Code in the fiscal year prior to the base year and which were derived from property situated in the withdrawing entity shall be allocated to and used to maintain library services by the withdrawing entity in the base year and, adjusted forward, in each fiscal year thereafter at the same time allocations are made pursuant to Article 2 (commencing with Section 96) of Chapter 6 of Part 0.5 of Division 1 of the Revenue and Taxation Code. This subdivision shall not apply to property tax revenues that have been pledged to repay bonded indebtedness of the county free library.

(c) If there is one or more county library facilities within the territorial boundaries of the withdrawing entity at the time the

withdrawing entity provides notice pursuant to subdivision (a), the withdrawing entity shall have the right to acquire any or all of those facilities from the county and the county shall, no later than July 1 of the base year, transfer to the withdrawing entity each facility and the personal property therein related to the provision of library services at the following prices, unless otherwise provided for by statute or contract:

(1) Each county library facility which, for the purposes of this section, shall include the real property upon which the facility is located and any fixtures therein and shall not include computer systems and software, shall be transferred for the lesser of:

(A) No cost, if the facility was donated to the county by the withdrawing entity.

(B) The price paid to the withdrawing entity by the county for the facility, if the county bought the facility from the withdrawing entity.

(C) The county's cost of acquiring the facility, including any construction costs and any costs of capital improvements, but excluding any costs of routine repair, restoration, and maintenance, less any moneys contributed by the withdrawing entity to the county specifically for such acquisition.

(D) The fair market value of the facility.

(2) Any personal property within the facility related to the provision of library services includes books and resource materials, computer systems and software, furniture, and furnishings, shall be transferred for the lesser of:

(A) No cost, if the property was donated to the county by the withdrawing entity at any time or by any other source within the previous five years.

(B) The fair market value of the personal property.

(d) If a facility transferred pursuant to subdivision (c) serves residents of surrounding jurisdictions, the board of supervisors governing the county free library system may require, as a condition of transferring the facility, that the library services provided by the withdrawing entity to its residents also be available to the residents of the surrounding jurisdictions. If the requirement is imposed and, unless otherwise agreed in writing by the county and the withdrawing entity by July 1 of the base year, property tax revenues derived from property situated in the surrounding jurisdictions which were, in the fiscal year prior to the base year, allocated to the county free library system pursuant to Article 2 (commencing with Section 96) of Chapter 6 of Part 0.5 of Division 1 of the Revenue and Taxation Code shall be allocated to and used to maintain library services by the withdrawing entity in the base year and, adjusted forward, in each fiscal year thereafter at the same time other allocations are made pursuant to Article 2 (commencing with Section 96) of Chapter 6 of Part 0.5 of Division 1 of the Revenue and Taxation Code. This subdivision shall not apply to property tax revenues that have been pledged to repay bonded indebtedness. If a surrounding

jurisdiction subsequently provides notice of its intent to withdraw from the county free library system pursuant to subdivision (a), on the date the surrounding jurisdiction ceases to participate in the benefits of the county free library system pursuant to subdivision (b), the withdrawing entity shall no longer be required to make library services available to the residents of the surrounding jurisdictions and property tax revenues derived from property situated in the surrounding jurisdiction shall no longer be allocated to the withdrawing entity pursuant to this subdivision.

(e) For purposes of this section, the following terms are defined as follows:

(1) "Base year" means the fiscal year commencing on the July 1 following the December 2 following the date of the notice given pursuant to subdivision (a) of this section.

(2) "Fair market value" means:

(A) Any value agreed upon by the withdrawing entity and the county.

(B) If no agreement as to value can be reached by the March 1 preceding the July 1 of the base year, the value assigned by an appraiser agreed upon by the withdrawing entity and the county.

(C) If no agreement as to the appointment of an appraiser can be reached pursuant to subparagraph (B) by the April 1 preceding the July 1 of the base year, the value assigned by an appraiser agreed upon between the withdrawing entity's appraiser and the county's appraiser.

(D) If no agreement as to an appraiser can be reached pursuant to subparagraph (C) by the May 1 preceding the July 1 of the base year, the value assigned by a state certified appraiser designated by the withdrawing entity. The designated appraiser shall provide the appraisal in writing to the county no later than the June 1 preceding the July 1 of the base year.

(E) The withdrawing entity shall reimburse the county for any appraisal costs the county incurs in determining the fair market value pursuant to this paragraph.

(3) "Surrounding jurisdictions" means cities and library districts which are adjacent to the withdrawing entity and tax rate areas in unincorporated areas of the county which tax rate areas are wholly or partially within the withdrawing entity's sphere of influence, which cities, libraries, and tax rate areas are within the county free library system and have no facility within their territorial boundaries providing library services at the time the withdrawing entity provides notice pursuant to subdivision (a).

SEC. 2. Section 19483 of the Education Code is amended to read:

19483. Anything in Sections 19100 to 19179, inclusive, to the contrary, notwithstanding, the property in any library district created under this chapter subsequent to the establishment of a county free library is subject to taxation for county free library purposes as though the library district had not been created. This

section shall not apply to any adjustments in property tax allocations made pursuant to Section 19116.

SEC. 3. Section 97.37 of the Revenue and Taxation Code is amended to read:

97.37. Notwithstanding any other provision of this chapter, for the 1994–95 fiscal year and each fiscal year thereafter, the amount of property tax revenue deemed allocated in the prior fiscal year to a county free library system, or a library established as an independent special district, shall not be reduced for purposes of increasing the amount of property tax revenue to be allocated to another jurisdiction. This section does not apply to any adjustments in property tax allocations made pursuant to Section 19116 of the Education Code.

SEC. 4. Section 98 of the Revenue and Taxation Code is amended to read:

98. (a) In each county, other than the County of Ventura, having within its boundaries a qualifying city, the computations made pursuant to Section 96.1 or its predecessor section, for the 1989–90 fiscal year and each fiscal year thereafter, shall be modified as follows:

With respect to tax rate areas within the boundaries of a qualifying city, there shall be excluded from the aggregate amount of "property tax revenue allocated pursuant to this chapter to local agencies, other than for a qualifying city, in the prior fiscal year," an amount equal to the sum of the amounts calculated pursuant to the TEA formula.

(b) (1) Except as otherwise provided in this section, each qualifying city shall, for the 1989–90 fiscal year and each year thereafter, be allocated by the auditor an amount determined pursuant to the TEA formula.

(2) For each qualifying city, the auditor shall, for the 1989–90 fiscal year and each year thereafter, allocate the amount determined pursuant to the TEA formula to all tax rate areas within that city in proportion to each tax rate area's share of the total assessed value in the city for the applicable fiscal year, and the amount so determined shall be subtracted from the county's proportionate share of property tax revenue for that fiscal year within those tax rate areas.

(3) After making the allocations pursuant to paragraphs (1) and (2), but before making the calculations pursuant to Section 96.5 or its predecessor section, the auditor shall, for all tax rate areas in the qualifying city, calculate the proportionate share of property tax revenue allocated pursuant to this section and Section 96.1, or their predecessor sections, in the 1989–90 fiscal year and each fiscal year thereafter to each jurisdiction in the tax rate area.

(4) In lieu of making the allocations of annual tax increment pursuant to subdivision (e) of Section 96.5 or its predecessor section, the auditor shall, for the 1989–90 fiscal year and each year thereafter, allocate the amount of property tax revenue determined pursuant to subdivision (d) of Section 96.5 or its predecessor section to

jurisdictions in the tax rate area using the proportionate shares derived pursuant to paragraph (3).

(5) For purposes of the calculations made pursuant to Section 96.1 or its predecessor section, in the 1990–91 fiscal year and each fiscal year thereafter, the amounts that would have been allocated to qualifying cities pursuant to this subdivision shall be deemed to be the "amount of property tax revenue allocated in the prior fiscal year."

(c) "TEA formula" means the Tax Equity Allocation formula, and shall be calculated by the auditor for each qualifying city as follows:

(1) For the 1988–89 fiscal year and each fiscal year thereafter, the auditor shall determine the total amount of property tax revenue to be allocated to all jurisdictions in all tax rate areas within the qualifying city, before the allocation and payment of funds in that fiscal year to a community redevelopment agency within the qualifying city, as provided in subdivision (b) of Section 33670 of the Health and Safety Code.

(2) The auditor shall determine the total amount of funds allocated in each fiscal year to a community redevelopment agency in accordance with subdivision (b) of Section 33670 of the Health and Safety Code.

(3) The auditor shall determine the total amount of funds paid in each fiscal year by a community redevelopment agency within the city to jurisdictions other than the city pursuant to subdivision (b) of Section 33401 and Section 33676 of the Health and Safety Code, and the cost to the redevelopment agency of any land or facilities transferred and any amounts paid to jurisdictions other than the city to assist in the construction or reconstruction of facilities pursuant to an agreement entered into under Section 33401 or 33445.5 of the Health and Safety Code.

(4) The auditor shall subtract the amount determined in paragraph (3) from the amount determined in paragraph (2).

(5) The auditor shall subtract the amount determined in paragraph (4) from the amount determined in paragraph (1).

(6) The amount computed in paragraph (5) shall be multiplied by the following percentages in order to determine the TEA formula amount to be distributed to the qualifying city in each fiscal year:

(A) For the first fiscal year in which the qualifying city receives a distribution pursuant to this section, 1 percent of the amount determined in paragraph (5).

(B) For the second fiscal year in which the qualifying city receives a distribution pursuant to this section, 2 percent of the amount determined in paragraph (5).

(C) For the third fiscal year in which the qualifying city receives a distribution pursuant to this section, 3 percent of the amount determined in paragraph (5).

(D) For the fourth fiscal year in which the qualifying city receives a distribution pursuant to this section, 4 percent of the amount determined in paragraph (5).

(E) For the fifth fiscal year in which the qualifying city receives a distribution pursuant to this section, 5 percent of the amount determined in paragraph (5).

(F) For the sixth fiscal year in which the qualifying city receives a distribution pursuant to this section, 6 percent of the amount determined in paragraph (5).

(G) For the seventh fiscal year and each fiscal year thereafter in which the city receives a distribution pursuant to this section, 7 percent of the amount determined in paragraph (5).

(d) "Qualifying city" means any city, except a qualifying city as defined in Section 98.1, that incorporated prior to June 5, 1987, and had an amount of property tax revenue allocated to it pursuant to subdivision (a) of Section 96.1 or its predecessor section in the 1988–89 fiscal year that is less than 7 percent of the amount of property tax revenue computed as follows:

(1) The auditor shall determine the total amount of property tax revenue allocated to the city in the 1988–89 fiscal year.

(2) The auditor shall subtract the amount in the 1988–89 fiscal year determined in paragraph (3) of subdivision (c) from the amount determined in paragraph (2) of subdivision (c).

(3) The auditor shall subtract the amount determined in paragraph (2) from the amount of property tax revenue determined in paragraph (1) of subdivision (c).

(4) The auditor shall divide the amount of property tax revenue determined in paragraph (1) of this subdivision by the amount of property tax revenue determined in paragraph (3) of this subdivision.

(5) If the quotient determined in paragraph (4) of this subdivision is less than 0.07, the city is a qualifying city. If the quotient determined in that paragraph is equal to or greater than 0.07, the city is not a qualifying city.

(e) The auditor may assess each qualifying city its proportional share of the actual costs of making the calculations required by this section, and may deduct that assessment from the amount allocated pursuant to subdivision (b). For purposes of this subdivision, a qualifying city's proportional share of the auditor's actual costs shall not exceed the proportion it receives of the total amounts excluded in the county pursuant to subdivision (a).

(f) Notwithstanding subdivision (b), in any fiscal year in which a qualifying city is to receive a distribution pursuant to this section, the auditor shall reduce the actual amount distributed to the qualifying city by the sum of the following:

(1) The amount of property tax revenue that was exchanged between the county and the qualifying city as a result of negotiation pursuant to Section 99.03.

(2) The amount of revenue not collected by the qualifying city in the first fiscal year following the city's reduction after January 1, 1988, of the tax rate or tax base of any locally imposed general or special

tax, except any tax that was imposed after January 1, 1988. In the case of a tax that existed before January 1, 1988, this paragraph shall apply only with respect to an amount attributable to a reduction of the rate or base to a level lower than the rate or base applicable on January 1, 1988. The amount so computed by the auditor shall constitute a reduction in the amount of property tax revenue distributed to the qualifying city pursuant to this section in each succeeding fiscal year. That amount shall be aggregated with any additional amount computed pursuant to this paragraph as the result of the city's reduction in any subsequent year of the tax rate or tax base of the same or any other locally imposed general or special tax.

(3) The amount of property tax revenue received pursuant to this chapter in excess of the amount allocated for the 1986–87 fiscal year by all special districts that are governed by the city council of the qualifying city or whose governing body is the same as the city council of the qualifying city with respect to all tax rate areas within the boundaries of the qualifying city. Notwithstanding this paragraph, commencing with the 1994–95 fiscal year, the auditor shall not reduce the amount distributed to a qualifying city under this section by reason of that city becoming the successor agency to a special district that is dissolved, merged with that city, or becomes a subsidiary district of that city, on or after July 1, 1994. Notwithstanding this paragraph, commencing with the 1997–98 fiscal year, the auditor shall not reduce the amount distributed to a qualifying city under this section by reason of that city withdrawing from a county free library system pursuant to Section 19116 of the Education Code.

(g) In any fiscal year in which a qualifying city is to receive a distribution pursuant to this section, the auditor shall increase the actual amount distributed to the qualifying city by the amount of property tax revenue allocated to the qualifying city pursuant to Section 19116 of the Education Code.

(h) If the auditor determines that the amount to be distributed to a qualifying city pursuant to subdivision (b), as modified by subdivisions (e), (f), and (g) would result in a qualifying city having proceeds of taxes in excess of its appropriation limit, the auditor shall reduce the amount, on a dollar-for-dollar basis, by the amount that exceeds the city's appropriations limit.

(i) The amount not distributed to the tax rate areas of a qualifying city as a result of this section shall be distributed by the auditor to the county.

(j) Notwithstanding any other provision of this section, no qualifying city shall be distributed an amount pursuant to this section that is less than the amount the city would have been allocated without the application of the TEA formula.

(k) Notwithstanding any other provision of this section, the auditor shall not distribute any amount determined pursuant to this section to any qualifying city that has in the prior fiscal year used any

revenues or issued bonds for the construction, acquisition, or development, of any facility which is defined in Section 103(b)(4), 103(b)(5), or 103(b)(6) of the Internal Revenue Code of 1954 prior to the enactment of the Tax Reform Act of 1986 (P.L. 99-514) and is no longer eligible for tax-exempt financing.

SEC. 5. Section 99 of the Revenue and Taxation Code is amended to read:

99. (a) For the purposes of the computations required by this chapter:

(1) In the case of a jurisdictional change, other than a city incorporation or a formation of a district as defined in Section 2215, the auditor shall adjust the allocation of property tax revenue determined pursuant to Section 96 or 96.1, or the annual tax increment determined pursuant to Section 96.5, for local agencies whose service area or service responsibility would be altered by the jurisdictional change, as determined pursuant to subdivision (b) or (c).

(2) In the case of a city incorporation, the auditor shall assign the allocation of property tax revenues determined pursuant to Section 56842 of the Government Code and the adjustments in tax revenues that may occur pursuant to Section 56845 of the Government Code to the newly formed city or district and shall make the adjustment as determined by Section 56842 in the allocation of property tax revenue determined pursuant to Section 96 or 96.1 for each local agency whose service area or service responsibilities would be altered by the incorporation.

(3) In the case of a formation of a district as defined in Section 2215, the auditor shall assign the allocation of property tax revenues determined pursuant to Section 56842 of the Government Code to the district and shall make the adjustment as determined by Section 56842 in the allocation of property tax revenue determined pursuant to Section 96 or 96.1 for each local agency whose service area or service responsibilities would be altered by the formation.

(b) Upon the filing of an application or a resolution pursuant to the Cortese-Knox Local Government Reorganization Act of 1985 (Division 3 (commencing with Section 56000) of Title 5 of the Government Code), but prior to the issuance of a certificate of filing, the executive officer shall give notice of the filing to the assessor and auditor of each county within which the territory subject to the jurisdictional change is located. This notice shall specify each local agency whose service area or responsibility will be altered by the jurisdictional change.

(1) (A) The county assessor shall provide to the county auditor, within 30 days of the notice of filing, a report which identifies the assessed valuations for the territory subject to the jurisdictional change and the tax rate area or areas in which the territory exists.

(B) The auditor shall estimate the amount of property tax revenue generated within the territory that is the subject of the jurisdictional change during the current fiscal year.

(2) The auditor shall estimate what proportion of the property tax revenue determined pursuant to paragraph (1) is attributable to each local agency pursuant to Section 96.1 and Section 96.5.

(3) Within 45 days of notice of the filing of an application or resolution, the auditor shall notify the governing body of each local agency whose service area or service responsibility will be altered by the amount of, and allocation factors with respect to, property tax revenue estimated pursuant to paragraph (2) that is subject to a negotiated exchange.

(4) Upon receipt of the estimates pursuant to paragraph (3) the local agencies shall commence negotiations to determine the amount of property tax revenues to be exchanged between and among the local agencies. This negotiation period shall not exceed 30 days.

The exchange may be limited to an exchange of property tax revenues from the annual tax increment generated in the area subject to the jurisdictional change and attributable to the local agencies whose service area or service responsibilities will be altered by the proposed jurisdictional change. The final exchange resolution shall specify how the annual tax increment shall be allocated in future years.

(5) In the event that a jurisdictional change would affect the service area or service responsibility of one or more special districts, the board of supervisors of the county or counties in which the districts are located shall, on behalf of the district or districts, negotiate any exchange of property tax revenues.

(6) Notwithstanding any other provision of law, the executive officer shall not issue a certificate of filing pursuant to Section 56828 of the Government Code until the local agencies included in the property tax revenue exchange negotiation, within the 30-day negotiation period, present resolutions adopted by each such county and city whereby each county and city agrees to accept the exchange of property tax revenues.

(7) In the event that the commission modifies the proposal or its resolution of determination, any local agency whose service area or service responsibility would be altered by the proposed jurisdictional change may request, and the executive officer shall grant, 15 days for the affected agencies, pursuant to paragraph (4) to renegotiate an exchange of property tax revenues. Notwithstanding the time period specified in paragraph (4), if the resolutions required pursuant to paragraph (6) are not presented to the executive officer within the 15-day period, all proceedings of the jurisdictional change shall automatically be terminated.

(8) No later than the date on which the certificate of completion of the jurisdictional change is recorded with the county recorder, the executive officer shall notify the auditor or auditors of the exchange

of property tax revenues and the auditor or auditors shall make the appropriate adjustments as provided in subdivision (a).

(c) Whenever a jurisdictional change is not required to be reviewed and approved by a local agency formation commission, the local agencies whose service area or service responsibilities would be altered by the proposed change, shall give notice to the State Board of Equalization and the assessor and auditor of each county within which the territory subject to the jurisdictional change is located. This notice shall specify each local agency whose service area or responsibility will be altered by the jurisdictional change and request the auditor and assessor to make the determinations required pursuant to paragraphs (1) and (2) of subdivision (b). Upon notification by the auditor of the amount of, and allocation factors with respect to, property tax subject to exchange, the local agencies, pursuant to the provisions of paragraphs (4), (5), and (6) of subdivision (b), shall determine the amount of property tax revenues to be exchanged between and among the local agencies. Notwithstanding any other provision of law, no such jurisdictional change shall become effective until each county and city included in these negotiations agrees, by resolution, to accept the negotiated exchange of property tax revenues. The exchange may be limited to an exchange of property tax revenue from the annual tax increment generated in the area subject to the jurisdictional change and attributable to the local agencies whose service area or service responsibilities will be altered by the proposed jurisdictional change. The final exchange resolution shall specify how the annual tax increment shall be allocated in future years. Upon the adoption of the resolutions required pursuant to this section, the adopting agencies shall notify the auditor who shall make the appropriate adjustments as provided in subdivision (a). Adjustments in property tax allocations made as the result of a city or library district withdrawing from a county free library system pursuant to Section 19116 of the Education Code shall be made pursuant to Section 19116 of the Education Code, and this subdivision shall not apply.

(d) With respect to adjustments in the allocation of property taxes pursuant to this section, a county and any local agency or agencies within the county may develop and adopt a master property tax transfer agreement. The agreement may be revised from time to time by the parties subject to the agreement.

(e) Except as otherwise provided in subdivision (f), for the purpose of determining the amount of property tax to be allocated in the 1979–80 fiscal year and each fiscal year thereafter for those local agencies that were affected by a jurisdictional change which was filed with the State Board of Equalization after January 1, 1978, but on or before January 1, 1979. The local agencies shall determine by resolution the amount of property tax revenues to be exchanged between and among the affected agencies and notify the auditor of the determination.

(f) For the purpose of determining the amount of property tax to be allocated in the 1979–80 fiscal year and each fiscal year thereafter, for a city incorporation that was filed pursuant to Sections 54900 to 54904 after January 1, 1978, but on or before January 1, 1979, the amount of property tax revenue considered to have been received by the jurisdiction for the 1978–79 fiscal year shall be equal to two-thirds of the amount of property tax revenue projected in the final local agency formation commission staff report pertaining to the incorporation multiplied by the proportion that the total amount of property tax revenue received by all jurisdictions within the county for the 1978–79 fiscal year bears to the total amount of property tax revenue received by all jurisdictions within the county for the 1977–78 fiscal year. Except, however, in the event that the final commission report did not specify the amount of property tax revenue projected for that incorporation, the commission shall by October 10, determine pursuant to Section 54790.3 of the Government Code the amount of property tax to be transferred to the city.

The provisions of this subdivision shall also apply to the allocation of property taxes for the 1980–81 fiscal year and each fiscal year thereafter for incorporations approved by the voters in June 1979.

(g) For the purpose of the computations made pursuant to this section, in the case of a district formation that was filed pursuant to Sections 54900 to 54904, inclusive, of the Government Code after January 1978, but before January 1, 1979, the amount of property tax to be allocated to the district for the 1979–80 fiscal year and each fiscal year thereafter shall be determined pursuant to Section 54790.3 of the Government Code.

(h) For the purposes of the computations required by this chapter, in the case of a jurisdictional change, other than a change requiring an adjustment by the auditor pursuant to subdivision (a), the auditor shall adjust the allocation of property tax revenue determined pursuant to Section 96 or 96.1 or its predecessor section, or the annual tax increment determined pursuant to Section 96.5 or its predecessor section, for each local school district, community college district, or county superintendent of schools whose service area or service responsibility would be altered by the jurisdictional change, as determined as follows:

(1) The governing body of each district, county superintendent of schools, or county whose service areas or service responsibilities would be altered by the change shall determine the amount of property tax revenues to be exchanged between and among the affected jurisdictions. This determination shall be adopted by each affected jurisdiction by resolution. For the purpose of negotiation, the county auditor shall furnish the parties and the county board of education with an estimate of the property tax revenue subject to negotiation.

(2) In the event that the affected jurisdictions are unable to agree, within 60 days after the effective date of the jurisdictional change, and if all the jurisdictions are wholly within one county, the county board of education shall, by resolution, determine the amount of property tax revenue to be exchanged. If the jurisdictions are in more than one county, the State Board of Education shall, by resolution, within 60 days after the effective date of the jurisdictional change, determine the amount of property tax to be exchanged.

(3) Upon adoption of any resolution pursuant to this subdivision, the adopting jurisdictions or State Board of Education shall notify the county auditor who shall make the appropriate adjustments as provided in subdivision (a).

(i) For purposes of subdivision (h), the annexation by a community college district of territory within a county not previously served by a community college district is an alteration of service area. The community college district and the county shall negotiate the amount, if any, of property tax revenues to be exchanged. In these negotiations, there shall be taken into consideration the amount of revenue received from the timber yield tax and forest reserve receipts by the community college district in the area not previously served. In no event shall the property tax revenue to be exchanged exceed the amount of property tax revenue collected prior to the annexation for the purposes of paying tuition expenses of residents enrolled in the community college district, adjusted each year by the percentage change in population and the percentage change in the cost of living, or per capita personal income, whichever is lower, less the amount of revenue received by the community college district in the annexed area from the timber yield tax and forest reserve receipts.

(j) At any time after a jurisdictional change is effective, any of the local agencies party to the agreement to exchange property tax revenue may renegotiate the agreement with respect to the current fiscal year or subsequent fiscal years, subject to approval by all local agencies affected by the renegotiation.

SEC. 6. Due to unique facts and circumstances applicable to Los Angeles County, insofar as the withdrawal of cities and libraries from the Los Angeles County free library system, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution. Special legislation is, therefore, necessarily applicable to only Los Angeles County.

SEC. 7. This act shall become operative on July 1, 1997.

SEC. 8. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for

reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 523

An act to amend Section 19116 of the Education Code, relating to libraries.

[Approved by Governor September 14, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 19116 of the Education Code, as added by Section 1 of Senate Bill 1998 of the 1995–96 Regular Session, is amended to read:

19116. (a) The provisions of Sections 19104 and 19105 are not applicable to the withdrawal of a city or library district from the county free library system in Los Angeles County. The legislative body of any city or the board of trustees of any library district, whose jurisdiction is within the County of Los Angeles, may notify the board of supervisors for Los Angeles County that the city or library district no longer desires to be a part of the county free library system. The notice shall state whether the city or library district intends to acquire property pursuant to subdivision (c). The board of supervisors shall transmit a copy of the notice to the Los Angeles County Assessor, the Los Angeles County Auditor, and the State Board of Equalization.

(b) When a city or library district files a notice pursuant to subdivision (a), it shall remain a member of the county free library system until July 1 of the base year or the date on which property is transferred pursuant to subdivision (c), whichever date is later. Upon ceasing to be a member of the county free library system, the city or library district shall not participate in any benefits of the county free library system, and shall assume the responsibility for the provision of library services within its jurisdiction. Unless otherwise agreed by July 1 of the base year in writing by the Board of Supervisors of Los Angeles County and the withdrawing entity city or library district, an amount of property tax revenue equal to the property tax revenues allocated to the county free library pursuant to Article 2 (commencing with Section 96) of Chapter 6 of Part 0.5 of Division 1 of the Revenue and Taxation Code in the fiscal year prior to the base year and which were derived from property situated within the boundaries of the withdrawing entity shall be allocated to and used

to maintain library services by the withdrawing entity in the base year and, adjusted forward, in each fiscal year thereafter at the same time allocations are made pursuant to Article 2 (commencing with Section 96) of Chapter 6 of Part 0.5 of Division 1 of the Revenue and Taxation Code. This subdivision shall not apply to property tax revenues that have been pledged to repay bonded indebtedness of the county free library.

(c) If there is one or more county library facilities within the territorial boundaries of the withdrawing entity at the time the withdrawing entity provides notice pursuant to subdivision (a), the withdrawing entity shall have the right to acquire any or all of those facilities from the county and the county shall, no later than July 1 of the base year, transfer to the withdrawing entity each facility to be acquired and the personal property therein related to the provision of library services. If the facility or personal property was purchased with bond proceeds or other forms of indebtedness, acquisition shall only take place if the withdrawing entity assumes any remaining indebtedness and in no way impairs the repayment thereof. If the withdrawing entity opts not to acquire any facilities or personal property, the county at its discretion may dispose of the facilities or personal property or convert the use of those facilities or personal property, including transferring collections and other personal property to other sites and converting facilities to other purposes. If the withdrawing entity opts to acquire any facilities or personal property, the acquisition prices shall be as follows unless otherwise provided for by statute or contract:

(1) Each county library facility which, for the purposes of this section, shall include the real property upon which the facility is located and any fixtures therein and shall not include computer systems and software, shall be transferred for the lesser of:

(A) No cost, if the facility was donated to the county by the withdrawing entity.

(B) The price paid to the withdrawing entity by the county for the facility, if the county bought the facility from the withdrawing entity. However, if the county constructed capital improvements to the facility after it was bought from the withdrawing entity, the county's total out-of-pocket costs for the capital improvement excluding any costs for routine repairs, restoration or maintenance, shall be added to the price.

(C) The fair market value of the facility. However, if any portion of the facility was donated to the county by the withdrawing entity or if any moneys were donated by the withdrawing entity towards the county's construction or acquisition of the facility or any portion thereof, the value of the donation shall be subtracted from the fair market value.

(2) Any personal property within the facility related to the provision of library services, including books and resource materials,

computer systems and software, furniture, and furnishings, shall be transferred for the lesser of:

(A) No cost, if the property was donated to the county by the withdrawing entity.

(B) The fair market value of the personal property. However, on or before the March 1 preceding the July 1 of the base year, the county librarian may designate collections of resource books and materials that are unique in, and integral to, the county free library system to be special collections. The special collections shall be acquired by the withdrawing entity only upon mutually agreeable terms and conditions.

(d) If a facility transferred pursuant to subdivision (c) serves residents of surrounding jurisdictions, the board of supervisors governing the county free library system may require, as a condition of transferring the facility, that the library services provided by the withdrawing entity to its residents also be available on the same basis to the residents of the surrounding jurisdictions. However, if the withdrawing entity contributes to the provision of library services from other city funds, or through taxes, assessments, or fees of its residents, the withdrawing entity may provide additional services to its residents. If the requirement to provide regional services is imposed and, unless otherwise agreed in writing by the county and the withdrawing entity by July 1 of the base year, an amount of property tax revenues equal to the property tax revenues derived from property situated in the surrounding jurisdictions which were, in the fiscal year prior to the base year, allocated to the county free library system pursuant to Article 2 (commencing with Section 96) of Chapter 6 of Part 0.5 of Division 1 of the Revenue and Taxation Code shall be allocated to and used to maintain library services by the withdrawing entity in the base year and, adjusted forward, in each fiscal year thereafter at the same time other allocations are made pursuant to Article 2 (commencing with Section 96) of Chapter 6 of Part 0.5 of Division 1 of the Revenue and Taxation Code. This subdivision shall not apply to property tax revenues that have been pledged to repay bonded indebtedness. If a surrounding jurisdiction subsequently provides notice of its intent to withdraw from the county free library system pursuant to subdivision (a), on the date the surrounding jurisdiction ceases to participate in the benefits of the county free library system pursuant to subdivision (b), the withdrawing entity shall no longer be required to make library services available to the residents of the surrounding jurisdiction and property tax revenues derived from property situated in the surrounding jurisdiction shall no longer be allocated to the withdrawing entity pursuant to this subdivision.

(e) For purposes of this section, the following terms are defined as follows:

(1) "Base year" means the fiscal year commencing on the July 1 following the December 2 following the date of the notice given pursuant to subdivision (a) of this section.

(2) "Fair market value" means:

(A) Any value agreed upon by the withdrawing entity and the county.

(B) If no agreement as to value is reached by the March 1 preceding the July 1 of the base year, the value assigned by an appraiser agreed upon by the withdrawing entity and the county.

(C) If no agreement as to the appointment of an appraiser is reached pursuant to subparagraph (B) by the April 1 preceding the July 1 of the base year, the value assigned by an appraiser agreed upon between the withdrawing entity's appraiser and the county's appraiser.

(D) If no agreement as to the appointment of an appraiser is reached pursuant to subparagraph (C) by the May 1 preceding the July 1 of the base year, the value assigned by a state certified appraiser designated by the withdrawing entity. The designated appraiser shall provide the appraisal in writing to the county no later than the June 1 preceding the July 1 of the base year.

(E) The withdrawing entity shall reimburse the county for any appraisal costs the county incurs in determining the fair market value pursuant to this section.

(3) "Surrounding jurisdictions" means cities and library districts that are adjacent to the withdrawing entity and tax rate areas in unincorporated areas of the county which tax rate areas are wholly or partially within the withdrawing entity's sphere of influence, which cities, libraries, and tax rate areas are within the county free library system and have no facility within their territorial boundaries providing library services at the time the withdrawing entity provides notice pursuant to subdivision (a).

SEC. 2. (a) This bill shall become operative only if Senate Bill 1998 of the 1995–96 Regular Session is enacted and becomes effective on or before January 1, 1997, and adds Section 19116 to the Education Code.

(b) If the condition set forth in subdivision (a) is satisfied, this bill shall become operative on July 1, 1997.

CHAPTER 524

An act to amend Sections 922.4 and 922.5 of the Insurance Code, relating to insurance.

[Approved by Governor September 14, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 922.4 of the Insurance Code is amended to read:

922.4. Credit in accounting and financial statements on account of reinsurance ceded to a nonadmitted reinsurer other than an alien reinsurer shall be allowed only:

(a) Where it is demonstrated by the ceding insurer to the satisfaction of the commissioner that the reinsurer maintains the standards and meets the financial requirements applicable to an admitted insurer and that it will submit itself to the jurisdiction of the courts of this state, or a court of competent jurisdiction in any state of the United States and designate the commissioner or a designated attorney in this state as its agent for service of process in this state in any action, suit, or proceeding instituted by or on behalf of the ceding insurer for any matter arising out of the reinsurance, or

(b) To the extent of deposits by, or funds withheld from, the reinsurer pursuant to express provision therefor in the reinsurance contract as security for the payment of the obligations thereunder if the deposits or funds are held subject to withdrawal by, and under the control of, the ceding insurer or are placed in trust for those purposes in a qualified United States financial institution if withdrawals from the trust cannot be made without the consent of the ceding insurer. With respect to credit life insurance and credit disability insurance, the deposits or funds shall be deposited in a bank located in California, notwithstanding the fact that the deposits or funds are held subject to withdrawal by, and under the control of, the ceding insurer. For purposes of this subdivision, "qualified United States financial institution" means an institution that (1) is organized, or in the case of an United States Branch or agency office of a foreign banking organization is licensed, under the laws of the United States or any state thereof and has been granted authority to operate with fiduciary powers, (2) is regulated, supervised, and examined by federal or state authorities having regulatory authority over banks and trust companies, and (3) is insured by the Bank Insurance Fund of the Federal Deposit Insurance Corporation.

(c) To the extent that the amount of a clean and irrevocable letter of credit issued for a term of one year conforming to the requirements set forth below, is a substitute for advances for claims, unearned premium, and all other policy and contract liabilities and reserve obligations to be made by a foreign reinsurer in connection with its liability under a specific reinsurance agreement. The clean and irrevocable letter of credit shall be issued and maintained under arrangements satisfactory to the commissioner as constituting security to the ceding insurer substantially equal to that of a deposit under subdivision (b), and that it shall be (1) issued or confirmed by a banking institution which is a member of the Federal Reserve System and of financial standing satisfactory to the commissioner, (2)

issued by a California state chartered bank which is insured by the Federal Deposit Insurance Corporation and meets the conditions established by the commissioner, or (3) issued or confirmed by a United States office of a foreign banking corporation that is (A) licensed under the laws of the United States or any state thereof, (B) regulated, supervised, and examined by an agency of the United States or a state agency having regulatory authority with respect to banks and trust companies, (C) designated by the Securities Valuation Office of the National Association of Insurance Commissioners as meeting its credit standards for issuing or confirming letters of credit, and (D) of a financial standing that is satisfactory to the commissioner. For purposes of this subdivision, a confirming bank undertakes the identical terms and obligations of the issuer including those set forth herein. The changes enacted to this subdivision at the 1982 Regular Session shall apply only to life insurers.

As used in this section, the terms "deposits" and "funds" include securities authorized as general investments by Article 3 (commencing with Section 1170) of Chapter 2, cash, or securities listed by the Securities Valuation Office of the National Association of Insurance Commissioners and meeting the liquidity standards of Section 706.5.

SEC. 2. Section 922.5 of the Insurance Code is amended to read:

922.5. Credit in accounting and financial statement permitted by this code on account of reinsurance ceded to an alien reinsurer other than one which complies with Article 2 (commencing with Section 1580) of Chapter 4 and includes in the statements required by that article all reserves and liabilities arising out of that reinsurance shall be allowed only:

(a) To the extent of the amount of deposits by, and funds withheld from, the alien reinsurer pursuant to express provision therefor in the reinsurance contract as security for the payment of the obligations thereunder if the deposits or funds are held subject to withdrawal by, and under the control of, the ceding insurer or are placed in trust for those purposes in a qualified United States financial institution, if withdrawals from the trust cannot be made without the consent of the ceding insurer. For purposes of this subdivision, "qualified United States financial institution" means an institution that (1) is organized, or in the case of a United States branch or agency office of a foreign banking organization is licensed, under the laws of the United States or any state thereof and has been granted authority to operate with fiduciary powers, (2) is regulated, supervised, and examined by federal or state authorities having regulatory authority over banks and trust companies, and (3) is insured by the Bank Insurance Fund of the Federal Deposit Insurance Corporation.

(b) (1) Where the alien reinsurer maintains sufficient assets in the United States for the protection of policyholders in the United States and operates its business in a manner which satisfies the

commissioner that it maintains standard and financial conditions reasonably comparable to those required of admitted insurers and that it is able to pay losses in the United States and that it will submit itself to the jurisdiction of the courts of this state, or a court of competent jurisdiction in any state of the United States and designate the commissioner or a designated attorney in this state as its agent for service of process in this state in any action, suit, or proceeding instituted by or on behalf of the ceding insurer for any matter arising out of the reinsurance.

(2) Where it has been demonstrated by any ceding insurer to the satisfaction of the commissioner that the alien reinsurer is a group including incorporated and individual unincorporated underwriters that maintains a trusteed account representing the group's liabilities and attributable to business written in the United States and, in addition, the group maintains a trusteed surplus of which one hundred million dollars ($100,000,000) shall be held jointly for the benefit of United States ceding insurers of any members of the group, the commissioner shall grant accreditation to the group. The incorporated members of the group shall not be engaged in any business other than underwriting as a member of the group and shall be subject to the same level of solvency regulation and control by the group's domiciliary regulator as are the unincorporated members. The group shall make available to the commissioner an annual certification of the solvency of each underwriter by the group's domiciliary regulator and its independent public accountants.

(c) To the extent that the amount of a clean and irrevocable letter of credit issued for a term of one year conforming to the requirements set forth below, is a substitute for advances for claims, unearned premium, and all other policy and contract liabilities and reserve obligations to be made by an alien reinsurer in connection with its liability under a specific reinsurance agreement. The clean and irrevocable letter of credit shall be issued and maintained under arrangements satisfactory to the commissioner as constituting security to the ceding insurer substantially equal to that of a deposit under subdivision (a), and that it shall be (1) issued or confirmed by a banking institution which is a member of the Federal Reserve System and of financial standing satisfactory to the commissioner, (2) issued by a California state chartered bank which is insured by the Bank Insurance Fund of the Federal Deposit Insurance Corporation and meets the conditions established by the commissioner, or (3) issued by or confirmed a United States office of a foreign banking corporation that is (A) licensed under the laws of the United States or any state thereof, (B) regulated, supervised, and examined by an agency of the United States or a state agency having regulatory authority with respect to banks and trust companies, (C) designated by the Securities Valuation Office of the National Association of Insurance Commissioners as meeting its credit standards for issuing or confirming letters of credit, and (D) of a financial standing

satisfactory to the commissioner. For purposes of this subdivision, a confirming bank undertakes the identical terms and obligations of the issuer including those set forth herein. The changes enacted to this subdivision at the 1982 Regular Session shall apply only to life insurers.

(d) (1) When it has been demonstrated by any ceding insurer to the satisfaction of the commissioner that the alien reinsurer is a group of incorporated insurers under common administration that maintains a trust fund in a qualified United States financial institution for the payment of the claims of its United States policyholders and ceding insurers, their assigns, and successors in interest, that has continuously transacted an insurance business outside the United States for at least three years immediately preceding the date of the financial statement for which the ceding insurer is requesting reinsurance credit, that is in good standing with its domiciliary regulator, whose individual insurer members maintain standards and financial condition reasonably comparable to admitted insurers, that submits to this state's authority to examine its books and records and bears the expense of examination, and that has an aggregate policyholder's surplus of ten billion dollars ($10,000,000,000), the commissioner shall grant accreditation to that group. The trust shall be in an amount equal to the group's several liabilities attributable to business ceded by United States ceding insurers to any member of the group pursuant to reinsurance contracts issued in the name of that group, plus the group shall maintain a joint trusteed surplus of which one hundred million dollars ($100,000,000) shall be deposited and maintained with a qualified United States financial institution, and shall be held jointly for the exclusive benefit of United States ceding insurers of any member of the group as additional security for any of those liabilities, and each member of the group shall make available to the commissioner an annual certification of the member's solvency by the member's domiciliary regulator and its independent public accountant. The group of incorporated insurers shall file with the commissioner a certified copy of the trust agreement. Each member insurer or reinsurer shall also submit to this state's authority to examine its books and records and bears the expense of examination. The commissioner shall have the authority to require additional amounts to be held in the trust as a condition for initial or continued accreditation if the commissioner determines that these additional amounts are required for the protection of ceding insurers.

(2) The group and, if the commissioner requests, any member of the group, shall report annually to the commissioner information substantially the same as that required to be reported on the National Association of Insurance Commissioners Annual Statement form by licensed insurers to enable the commissioner to determine the sufficiency of the trust fund.

(3) The trust described in paragraph (1) shall be established in a form approved by the commissioner. The trust shall remain in effect for as long as the assuming insurer has outstanding obligations due under the reinsurance agreements subject to the trust. The assuming insurer or its legal successor shall not withdraw its funds from the trust without notice to the commissioner and the ceding insurer. The investments of the trust shall be limited to "general investments" and "excess investments" that would qualify as authorized investments for a California insurer.

(4) No later than February 28 of each year the trustees shall report to the commissioner in writing setting forth the balance of the trust and listing the trust's investments at the preceding yearend.

(5) For purposes of this subdivision, "qualified United States financial institution" means an institution that is (A) a member of the Federal Reserve System and of financial standing satisfactory to the commissioner, (B) a California state chartered bank that is insured by the Bank Insurance Fund of the Federal Deposit Insurance Corporation and meets the conditions established by the commissioner, or (C) a United States office of a foreign banking corporation that is (i) licensed under the laws of the United States or any state thereof, (ii) regulated, supervised, and examined by an agency of the United States or a state agency having regulatory authority with respect to banks and trust companies, (iii) designated by the Securities Valuation Office of the National Association of Insurance Commissioners as meeting its credit standards for issuing or confirming letters of credit, and (iv) of a financial standing that is satisfactory to the commissioner.

(6) For purposes of this section, the terms "deposits" and "funds" include securities authorized as general investments by Article 3 (commencing with Section 1170) of Chapter 2, cash, or securities listed by the Securities Valuation Office of the National Association of Insurance Commissioners and meeting the liquidity standards of Section 706.5.

(7) For purposes of this subdivision, "group of incorporated insurers" means an incorporated association of individual incorporated assuming insurers wherein each member insured underwrites solely for its own account.

(8) "Accreditation" means the issuance of a certificate of recognition as an accredited reinsurer by the commissioner to an assuming insurer not authorized to do any insurance business in this state but which (A) presents satisfactory evidence to the commissioner that it meets the applicable standards of solvency required in this state and (B) is in compliance with the conditions prescribed by regulation under which a ceding insurer may be allowed credit for reinsurance recoverable from an insurer not authorized in this state.

(9) The group of incorporated insurers shall annually file a certified copy of this annual report by the trustee.

The commissioner shall recoup administrative cost pursuant to paragraph (1) of subdivision (a) of Section 12921.6.

CHAPTER 525

An act to add Section 1950.6 to the Civil Code, relating to landlord-tenant.

[Approved by Governor September 14, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 1950.6 is added to the Civil Code, to read:

1950.6. (a) Notwithstanding Section 1950.5, when a landlord or his or her agent receives a request to rent a residential property from an applicant, the landlord or his or her agent may charge that applicant an application screening fee to cover the costs of obtaining information about the applicant. The information requested and obtained by the landlord or his or her agent may include, but is not limited to, personal reference checks and consumer credit reports produced by consumer credit reporting agencies as defined in Section 1785.3. A landlord or his or her agent may, but is not required to, accept and rely upon a consumer credit report presented by an applicant.

(b) The amount of the application screening fee shall not be greater than the actual out-of-pocket costs of gathering information concerning the applicant, including, but not limited to, the cost of using a tenant screening service or a consumer credit reporting service, and the reasonable value of time spent by the landlord or his or her agent in obtaining information on the applicant. In no case shall the amount of the application screening fee charged by the landlord or his or her agent be greater than thirty dollars ($30) per applicant. The thirty dollar ($30) application screening fee may be adjusted annually by the landlord or his or her agent commensurate with an increase in the Consumer Price Index, beginning on January 1, 1998.

(c) Unless the applicant agrees in writing, a landlord or his or her agent may not charge an applicant an application screening fee when he or she knows or should have known that no rental unit is available at that time or will be available within a reasonable period of time.

(d) The landlord or his or her agent shall provide, personally, or by mail, the applicant with a receipt for the fee paid by the applicant, which receipt shall itemize the out-of-pocket expenses and time spent by the landlord or his or her agent to obtain and process the information about the applicant.

(e) If the landlord or his or her agent does not perform a personal reference check or does not obtain a consumer credit report, the landlord or his or her agent shall return any amount of the screening fee that is not used for the purposes authorized by this section to the applicant.

(f) If an application screening fee has been paid by the applicant and if requested by the applicant, the landlord or his or her agent shall provide a copy of the consumer credit report to the applicant who is the subject of that report.

(g) As used in this section, "landlord" means an owner of residential rental property.

(h) As used in this section, "application screening fee" means any nonrefundable payment of money charged by a landlord or his or her agent to an applicant, the purpose of which is to purchase a consumer credit report and to validate, review, or otherwise process an application for the rent or lease of residential rental property.

(i) As used in this section, "applicant" means any entity or individual who makes a request to a landlord or his or her agent to rent a residential housing unit, or an entity or individual who agrees to act as a guarantor or cosignor on a rental agreement.

(j) The application screening fee shall not be considered an "advance fee" as that term is used in Section 10026 of the Business and Professions Code, and shall not be considered "security" as that term is used in Section 1950.5.

(k) This section is not intended to preempt any provisions or regulations that govern the collection of deposits and fees under federal or state housing assistance programs.

SEC. 2. This bill shall become operative only if Assembly Bill 2384 is enacted and becomes effective on or before January 1, 1997.

CHAPTER 526

An act to amend Sections 7180 and 7187 of the Business and Professions Code, relating to health and safety.

[Approved by Governor September 14, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 7180 of the Business and Professions Code is amended to read:

7180. (a) No person shall, on or after July 1, 1992, engage in the practice of an asbestos consultant as defined in Section 7181, or as a site surveillance technician as defined in Section 7182, unless he or she is certified by the Division of Occupational Safety and Health

pursuant to regulations required by subdivision (b) of Section 9021.5 of the Labor Code.

(b) Certification as an asbestos consultant or site surveillance technician shall not be required when a licensed contractor or registered asbestos abatement contractor takes no more than 12 bulk samples of suspected asbestos-containing material that is required to be removed, repaired, or disturbed as part of a construction project in a residential dwelling solely for any of the following purposes: (1) bid preparation for asbestos abatement; (2) evaluating exposure to its own employees during construction or asbestos abatement; or (3) determining for its own purposes or for the purpose of communicating whether or not a contract for asbestos abatement has been satisfactorily completed. Persons taking samples for the purposes described in this section shall be certified building inspectors under the Asbestos Hazard Emergency Response Act, as specified in Section 763 of Title 40 of the Code of Federal Regulations, appendix (c) to subpart (e). No licensed contractor or asbestos abatement contractor may provide professional health and safety services or perform any asbestos risk assessment. A bid for asbestos abatement may communicate the results and location of sampling for the presence of asbestos and how the asbestos will be abated. This section does not affect the requirement that asbestos abatement contractors be registered under Section 6501.5 of the Labor Code, nor does it permit a licensed contractor or asbestos abatement contractor to perform clearance air monitoring following asbestos abatement, unless otherwise permitted by law.

SEC. 2. Section 7187 of the Business and Professions Code is amended to read:

7187. When a building owner or operator contracts with an asbestos consultant or site surveillance technician for performance of the activities described in Sections 7181 and 7182, that asbestos consultant or site surveillance technician shall not have any financial or proprietary interest in an asbestos abatement contractor hired for the same project. However, this section shall not preclude the hiring of a consultant by a contractor for the purpose of providing health and safety services for the personnel of the contractor. This section shall not apply when a licensed contractor or registered asbestos abatement contractor takes no more than 12 bulk samples of suspected asbestos-containing material that is required to be removed, repaired, or disturbed as part of a construction project in a residential dwelling solely for any of the following purposes: (1) bid preparation for asbestos abatement; (2) evaluating exposure to its own employees during construction or asbestos abatement; or (3) determining for its own purposes or for the purpose of communicating whether or not a contract for asbestos abatement has been satisfactorily completed. Persons taking samples for the purposes described in this section shall be certified building inspectors under the Asbestos Hazard Emergency Response Act, as

specified in Section 763 of Title 40 of the Code of Federal Regulations, appendix (c) to subpart (e). No licensed contractor or asbestos abatement contractor may provide professional health and safety services or perform any asbestos risk assessment. A licensed contractor or asbestos abatement contractor may seek compensation for bid preparation, including the cost of laboratory analysis of asbestos-containing material.

It is the intent of the Legislature in enacting this section to make certain that the asbestos-related work performed by a consultant, including, but not limited to, clearance air monitoring, project design, and contract administration, is performed in a manner which provides for independent professional judgment undertaken without consideration of the financial or beneficial interest of the contractor.

CHAPTER 527

An act to add Section 1368.5 to the Health and Safety Code, and to add Section 10125.1 to the Insurance Code, relating to health care coverage.

[Approved by Governor September 14, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 1368.5 is added to the Health and Safety Code, to read:

1368.5. (a) Every health care service plan that offers coverage for a service that is within the scope of practice of a duly licensed pharmacist may pay or reimburse the cost of the service performed by a pharmacist for the plan if the pharmacist otherwise provides services for the plan.

(b) Payment or reimbursement may be made pursuant to this section for a service performed by a duly licensed pharmacist only when all of the following conditions are met:

(1) The service performed is within the lawful scope of practice of the pharmacist.

(2) The coverage otherwise provides reimbursement for identical services performed by other licensed health care providers.

(c) Nothing in this section shall require the plan to pay a claim to more than one provider for duplicate service or be interpreted to limit physician reimbursement.

SEC. 2. Section 10125.1 is added to the Insurance Code, to read:

10125.1. (a) Every insurer issuing group disability insurance that covers hospital, medical, or surgical expenses that offers coverage for a service that is within the scope of practice of a duly licensed pharmacist may pay or reimburse the cost of the service performed

by a pharmacist for the insurer if the pharmacist otherwise provides services for the insurer.

(b) Payment or reimbursement may be made pursuant to this section for a service performed by a duly licensed pharmacist only when all of the following conditions are met:

(1) The service performed is within the lawful scope of practice of the pharmacist.

(2) The coverage otherwise provides reimbursement for identical services performed by other licensed health care providers.

(c) Nothing in this section shall require the insurer to pay a claim to more than one provider for duplicate service or be interpreted to limit physician reimbursement.

CHAPTER 528

An act to add Section 7138.1 to the Business and Professions Code, relating to contractors.

[Approved by Governor September 14, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 7138.1 is added to the Business and Professions Code, to read:

7138.1. Notwithstanding Section 7137, the board, on or before July 1, 1997, shall reduce the amount of fees to be collected pursuant to that section in order to generate revenues sufficient to maintain the board's reserve fund at a level approximately equal to three months of annual authorized board expenditures. Thereafter, similar fee collection adjustments shall be made on a biennial basis.

SEC. 2. It is not the intent of the Legislature in adding Section 7138.1 to the Business and Professions Code to permit the Contractors' State License Board to increase fees, but rather it is the intent of the Legislature to lower reserve levels and, thereby, to trigger lower fees, or to provide for credits by the board.

CHAPTER 529

An act to amend Section 14085.6 of the Welfare and Institutions Code, relating to public social services.

[Approved by Governor September 14, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 14085.6 of the Welfare and Institutions Code is amended to read:

14085.6. (a) Except as stated in subdivision (g), each hospital contracting to provide services under this article that meets the criteria contained in the state medicaid plan for disproportionate share hospital status shall be eligible to negotiate with the commission for distributions from the Emergency Services and Supplemental Payments Fund, which is hereby created. All distributions from the fund shall be pursuant to this section.

(b) (1) To the extent permitted by federal law, the department shall administer the fund in accordance with this section.

(2) The money in this fund shall be available for expenditure by the department for the purposes of this section, subject to approval through the regular budget process.

(c) The fund shall include all of the following:

(1) Subject to subdivision (*l*), all public funds transferred by public agencies to the department for deposit in the fund, as permitted under Section 433.51 of Title 42 of the Code of Federal Regulations or any other applicable federal medicaid laws. These transfers shall constitute local government financial participation in Medi-Cal as permitted under Section 1902 (a)(2) of the Social Security Act (Title 42 U.S.C. Sec. 1396a (a)(2)) and other applicable federal medicaid laws.

(2) Subject to subdivision (*l*), all private donated funds transferred by private individuals or entities for deposit in the fund as permitted under applicable federal medicaid laws.

(3) Any amounts appropriated to the fund by the Legislature.

(4) Interest that accrues on amounts in the fund.

(5) Moneys appropriated to the fund, or appropriated for poison control center grants and transferred to the fund, pursuant to the annual Budget Act.

(d) Amounts in the fund shall be used as the source for the nonfederal share of payments to hospitals under this section. Moneys shall be allocated from the fund by the department and matched by federal funds in accordance with customary Medi-Cal accounting procedures for purposes of payments under this section.

(e) Distributions from the fund shall be supplemental to any and all other amounts that hospitals would have received under the contracting program, and under the state medicaid plan, including contract rate increases and supplemental payments and payment adjustments under distribution programs relating to disproportionate share hospitals.

(f) Distributions from the fund shall not serve as the state's payment adjustment program under Section 1923 of the Social Security Act (42 U.S.C. Sec. 1396 r-4). To the extent permitted by federal law, and except as otherwise provided in this section,

distributions from the fund shall not be subject to requirements contained in or related to Section 1923 of the Social Security Act (42 U.S.C. Sec. 1396 r-4). Distributions from the fund shall be supplemental contract payments and may be structured on any federally permissible basis, as negotiated between the commission and the hospital.

(g) In order to qualify for distributions from the fund, a hospital shall meet all of the following criteria:

(1) Be a contracting hospital under this article.

(2) Satisfy the state medicaid plan criteria referred to in subdivision (a).

(3) Be one of the following:

(A) A licensed provider of basic emergency services as described in Sections 70411 and following of Title 22 of the California Code of Regulations.

(B) A licensed provider of comprehensive emergency medical services as defined in Sections 70451 and following of Title 22 of the California Code of Regulations.

(C) A children's hospital as defined in Section 14087.21 that satisfies subparagraph (A) or (B) or that jointly provides basic or comprehensive emergency services in conjunction with another licensed hospital.

(D) A hospital owned and operated by a public agency that operates two or more hospitals that qualify under subparagraph (A) or (B) with respect to the particular state fiscal year.

(E) A hospital designated by the National Cancer Institute as a comprehensive or clinical cancer research center that primarily treats acutely ill cancer patients and that is exempt from the federal Medicare prospective payment system pursuant to Section 1886(d)(1)(B)(v) of the Social Security Act (42 U.S.C. Sec. 1395ww(d)(1)(B)(v)).

(4) Be able to demonstrate a purpose for additional funding under the selective provider contracting program including proposals relating to emergency services and other health care services that are made available, or will be made available, to Medi-Cal beneficiaries.

(h) (1) The department shall seek federal financial participation for expenditures made from the fund to the full extent permitted by federal law.

(2) The department shall promptly seek any necessary federal approvals regarding this section.

(i) Any funds remaining in the fund at the end of a fiscal year shall be carried forward for use in following fiscal years.

(j) For purposes of this section, "fund" means the Emergency Services and Supplemental Payments Fund.

(k) (1) Any public agency transferring amounts to the fund, as specified in paragraph (1) of subdivision (c), may for that purpose, utilize any revenues, grants, or allocations received from the state for health care programs or purposes, unless otherwise prohibited by

law. A public agency may also utilize its general funds or any other public funds or revenues for purposes of transfers to the fund, unless otherwise prohibited by law.

(2) Notwithstanding paragraph (1), a public agency may transfer to the fund only those moneys that have a source that will qualify for federal financial participation under the provisions of the Medicaid Voluntary Contribution and Provider-Specific Tax Amendments of 1991 (P.L. 102-234) or other applicable federal medicaid laws.

(*l*) Public funds transferred pursuant to paragraph (1) of subdivision (c), and private donated funds transferred pursuant to paragraph (2) of subdivision (c), shall be deposited into the fund, and expended pursuant to this section. The director may accept only those funds that are certified by the transferring entity as qualifying for federal financial participation under the terms of the Medicaid Voluntary Contributions and Provider-Specific Tax Amendments of 1991 (P.L. 102-234) and may return any funds transferred in error.

(m) The department may adopt emergency regulations, if necessary, for the purposes of this section.

(n) The state shall be held harmless from any federal disallowance resulting from this section. A hospital receiving supplemental reimbursement pursuant to this section shall be liable for any reduced federal financial participation resulting from the implementation of this section with respect to that hospital. The state may recoup that federal disallowance from the hospital in any manner authorized by law or contract.

CHAPTER 530

An act relating to agriculture.

[Approved by Governor September 14, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares as follows:

(a) Olive oil produced from California olives is of the finest quality, meeting the world's highest standards of excellence.

(j) The multiple employer welfare arrangement shall establish and maintain specific stop loss insurance providing the arrangement with coverage with an attachment point which is not greater than 5 percent of annual expected claims. (o) Submit all proposed rate levels to the department for informational purposes no later than 45 days prior to their implementation. The proposed rates shall contain an aggregate benefit structure which has a loss ratio experience of not less than 80 percent. The loss ratio experience shall be calculated as claims paid during the contract period plus a reasonable estimate of claims liability for the contract period at the end of the current year divided by contributions paid or collected for the contract period minus unearned contributions at the end of the current year.

SEC. 10. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 533

An act to add Section 1366.4 to the Health and Safety Code, relating to health care service plans.

[Approved by Governor September 14, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 1366.4 is added to the Health and Safety Code, immediately following Section 1366, to read:

1366.4. (a) A medical group, physician, or independent practice association that contracts with a health care service plan may enter into contracts with licensed nonphysician providers to provide services, as defined in Section 1300.67(a)(1) of Title 10 of the California Code of Regulations, to plan enrollees covered by the contract between the plan and the group, physician, or association.

(b) The licensed nonphysician provider described in subdivision (a) that contracts with a medical group, physician, or independent practice association may directly bill, if direct billing is otherwise permitted by law, a health care service plan for covered services pursuant to a contract with the health care service plan that specifies direct billing. Direct billing pursuant to this subdivision is permitted only to the extent that the same services are not billed for by the medical group, physician, or independent practice association.

(c) A health care service plan may require the nonphysician provider to complete an appropriate credentialing process.

(d) Every health care service plan may either list licensed nonphysician providers that contract with medical groups, physicians, and independent practice associations pursuant to

subdivision (b) in any listing or directory of plan health care providers that is provided to enrollees or to the public, or may include a notification in the plan's evidence of coverage or provider list that the health care service plan has contracts with nonphysician providers, pursuant to subdivision (b), and may list the types of contracted nonphysician providers. The notification may inform an enrollee that he or she may obtain a list of the nonphysician providers by contacting his or her primary or specialist medical group. The listing may indicate whether licensed nonphysician providers may be accessed directly by enrollees.

(e) Nothing in this section shall be construed to authorize, or otherwise require the commissioner to approve, a risk-sharing arrangement between a plan and a provider.

CHAPTER 534

An act to amend Section 1368 of the Health and Safety Code, relating to health care services plans.

[Approved by Governor September 14, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 1368 of the Health and Safety Code is amended to read:

1368. (a) Every plan shall do all of the following:

(1) Establish and maintain a grievance system approved by the department under which enrollees may submit their grievances to the plan. Each system shall provide reasonable procedures in accordance with department regulations that shall ensure adequate consideration of enrollee grievances and rectification when appropriate.

(2) Inform its subscribers and enrollees upon enrollment in the plan and annually thereafter of the procedure for processing and resolving grievances. The information shall include the location and telephone number where grievances may be submitted.

(3) Provide forms for complaints to be given to subscribers and enrollees who wish to register written complaints. The forms used by plans licensed pursuant to Section 1353 shall be approved by the commissioner in advance as to format.

(4) Keep in its files all copies of complaints, and the responses thereto, for a period of five years.

(b) (1) (A) After either completing the grievance process described in subdivision (a), or participating in the process for at least 60 days, a subscriber or enrollee may submit the grievance or complaint to the department for review. In any case determined by

the department to be a case involving an imminent and serious threat to the health of the patient, including, but not limited to, the potential loss of life, limb, or major bodily function, or in any other case where the department determines that an earlier review is warranted, a subscriber or enrollee shall not be required to complete the grievance process or participate in the process for at least 60 days.

(B) A grievance or complaint may be submitted to the department for review and resolution prior to any arbitration.

(C) Notwithstanding subparagraphs (A) and (B), the department may refer any grievance or complaint to the State Department of Health Services, the Department of Aging, the federal Health Care Financing Administration, or any other appropriate governmental entity for investigation and resolution.

(2) If the subscriber or enrollee is a minor, or is incompetent or incapacitated, the parent, guardian, conservator, relative, or other designee of the subscriber or enrollee, as appropriate, may submit the grievance or complaint to the department as the agent of the subscriber or enrollee. Further, a provider may join with, or otherwise assist, a subscriber or enrollee, or the agent, to submit the grievance or complaint to the department. In addition, following submission of the grievance or complaint to the department, the subscriber or enrollee, or the agent, may authorize the provider to assist, including advocating on behalf of the subscriber or enrollee. For purposes of this section, a "relative" includes the parent, stepparent, spouse, adult son or daughter, grandparent, brother, sister, uncle, or aunt of the subscriber or enrollee.

(3) Every health care service plan regulated by the department shall prominently display in every plan contract, on enrollee and subscriber evidence of coverage forms, on the complaint forms required under paragraph (3) of subdivision (a), and on all written responses to grievances and complaints, a notice of the right to submit unresolved grievances and complaints to the department for review.

(4) The department shall review the written documents submitted with the subscriber's or the enrollee's request for review, or submitted by the agent on behalf of the subscriber or enrollee. The department may ask for additional information, and may hold an informal meeting with the involved parties, including providers who have joined in submitting the grievance or complaint, or who are otherwise assisting or advocating on behalf of the subscriber or enrollee. The department shall send a written notice of the final disposition of the grievance or complaint, and the reasons therefor, to the subscriber or enrollee, the agent, to any provider that has joined with or is otherwise assisting the subscriber or enrollee, and to the plan, within 60 calendar days of receipt of the request for review unless the commissioner, in his or her discretion, determines that additional time is reasonably necessary to fully and fairly evaluate the relevant grievance or complaint. Distribution of the

written notice shall not be deemed a waiver of any exemption or privilege under existing law, including, but not limited to, Section 6254.5 of the Government Code, for any information in connection with and including the written notice, nor shall any person employed or in any way retained by the department be required to testify as to that information or notice. On or before January 1, 1997, the commissioner shall establish and maintain a system of aging of complaints that are pending and unresolved for 60 days or more, that shall include a brief explanation of the reasons each complaint is pending and unresolved for 60 days or more.

(5) A subscriber or enrollee, or the agent acting on behalf of a subscriber or enrollee, may also request voluntary mediation with the plan prior to exercising the right to submit a grievance or complaint to the department. The use of mediation services shall not preclude the right to submit a grievance or complaint to the department upon completion of mediation. In order to initiate mediation, the subscriber or enrollee, or the agent acting on behalf of the subscriber or enrollee, and the plan shall voluntarily agree to mediation. Expenses for mediation shall be borne equally by both sides. The department shall have no administrative or enforcement responsibilities in connection with the voluntary mediation process authorized by this paragraph.

(c) The plan's grievance system shall include a system of aging of complaints that are pending and unresolved for 30 days or more. On or before January 1, 1997, the plan shall provide a quarterly report to the commissioner of complaints pending and unresolved for 30 or more days with separate categories of complaints for Medicare enrollees and Medi-Cal enrollees. The plan shall include with the report a brief explanation of the reasons each complaint is pending and unresolved for 30 days or more. The plan may include the following statement in the quarterly report that is made available to the public by the commissioner:

> "Under Medicare and Medi-Cal law, Medicare enrollees and Medi-Cal enrollees each have separate avenues of appeal that are not available to other enrollees. Therefore, complaints pending and unresolved may reflect enrollees pursuing their Medicare or Medi-Cal appeal rights."

If requested by a plan, the commissioner shall include this statement in a written report made available to the public and prepared by the commissioner that describes or compares complaints that are pending and unresolved with the plan for 30 days or more. Additionally, the commissioner shall, if requested by a plan, append to that written report a brief explanation, provided in writing by the plan, of the reasons why complaints described in that written report are pending and unresolved for 30 days or more. The commissioner shall not be required to include a statement or append a brief

explanation to a written report that the commissioner is required to prepare under this chapter, including Sections 1380 and 1397.5.

(d) Subject to subparagraph (C) of paragraph (1) of subdivision (b), the grievance, complaint, or resolution procedures authorized by this section shall be in addition to any other procedures that may be available to any person, and failure to pursue, exhaust, or engage in the procedures described in this section shall not preclude the use of any other remedy provided by law.

(e) Nothing in this section shall be construed to allow the submission to the department of any provider complaint or grievance under this section. However, as part of a provider's duty to advocate for medically appropriate health care for his or her patients pursuant to Sections 510 and 2056 of the Business and Professions Code, nothing in this subdivision shall be construed to prohibit a provider from contacting and informing the department about any concerns he or she has regarding compliance with or enforcement of this chapter.

CHAPTER 535

An act to amend Section 1701 of the Fish and Game Code, relating to fishing, and making an appropriation therefor.

[Approved by Governor September 14, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 1701 of the Fish and Game Code is amended to read:

1701. (a) The Legislature declares that California's marine sport and commercial fisheries, and the resources upon which they depend, are important to the people of the state and should be managed in accordance with the policies of Section 1700.

(b) The department shall conduct research and management studies of marine fishery resources.

(c) Consistent with the policies established in Section 1700, the department shall closely monitor changes in the status of any marine fishery resource.

(d) When the department determines, based on the best available scientific information, that a marine fishery resource cannot be maintained at levels necessary to meet the policies and objectives established in Section 1700, the department shall report that determination to the Legislature.

(e) Determinations made by the department pursuant to subdivision (d) shall be based on, but not limited to, an analysis of catch and effort data, the age and size composition of the catch,

information about the relative contribution of individual year classes to the fishery, and estimates of maximum sustainable yield when that information is available or when other fishery dependent or fishery independent information, which can describe changes in the fishery resource, is available.

(f) Any report to the Legislature pursuant to subdivision (d) shall include, but not be limited to, recommendations on measures necessary to rehabilitate the resource to levels necessary to meet the policies and objectives established in Section 1700.

(g) The Legislature finds and declares that recent efforts to protect anadromous fish have altered their availability to ocean recreational and commercial fisheries. This alteration has increased the need to assess and prioritize existing research and management activities involving state-managed ocean fisheries. Therefore, the department shall assess all of the current recreational fisheries management and research programs for ocean finfish fisheries north of Point Arguello and California halibut fisheries south of Point Arguello and, on or before January 1, 1998, report to the Legislature its recommendations for prioritizing and undertaking marine fisheries management programs and preparing and implementing marine fisheries management plans. The assessment and report shall address the important state-managed nearshore marine fisheries resources, including, but not limited to, California halibut and rockfish, and shall include an estimate of the resources required by the department to prepare management plans for those fisheries. Any management plan prepared pursuant to this section shall, to the extent possible, identify the amount of funding necessary to implement the management plan.

SEC. 2. The sum of sixty-five thousand dollars ($65,000) is hereby appropriated from the California Environmental License Plate Fund to the Department of Fish and Game for a grant to pay the costs of the Big Creek hatchery operated by the volunteer-based Monterey Bay Salmon and Trout Project.

Containers meeting the requirements specified in Section 66840 of Title 22 of the California Code of Regulations, as it read on December 31, 1990, may also be used until the replacement of the containers is necessary or existing stock has been depleted.

(c) Biohazardous waste shall not be removed from the biohazard bag until treatment as prescribed in Chapter 8 (commencing with Section 118215) is completed, except to eliminate a safety hazard, or by the enforcement officer in performance of an investigation pursuant to Section 117820. Biohazardous waste shall not be disposed of before being treated as prescribed in Chapter 8 (commencing with Section 118215).

(d) (1) Except as provided in paragraph (5), a person generating biohazardous waste shall comply with the following requirements:

(A) If the person generates 20 or more pounds of biohazardous waste per month, the person shall not contain or store biohazardous or sharps waste above 0° Centigrade (32° Fahrenheit) at any onsite location for more than seven days without obtaining prior written approval of the enforcement agency.

(B) If a person generates less than 20 pounds of biohazardous waste per month, the person shall not contain or store biohazardous

waste above 0° Centigrade (32° Fahrenheit) at any onsite location for more than 30 days.

(2) A person may store biohazardous or sharps waste at or below 0° Centigrade (32° Fahrenheit) at an onsite location for not more than 90 days without obtaining prior written approval of the enforcement agency.

(3) A person may store biohazardous or sharps waste at a permitted transfer station at or below 0° Centigrade (32° Fahrenheit) for not more than 30 days without obtaining prior written approval of the enforcement agency.

(4) A person shall not store biohazardous or sharps waste above 0° Centigrade (32° Fahrenheit) at any location or facility which is offsite from the generator for more than seven days before treatment.

(5) Notwithstanding paragraphs (1) to (4), inclusive, if the odor from biohazardous or sharps waste stored at a facility poses a nuisance, the enforcement agency may require more frequent removal.

(e) Waste that meets the definition of biohazardous waste in subdivision (g) of Section 117635 shall not be subject to the limitations on storage time prescribed in subdivision (d). A person may store that biohazardous waste at an onsite location for not longer than 90 days without obtaining prior written approval from the enforcement agency or the department, except that persons generating not more than 10 pounds of that biohazardous waste per calendar year may store less than 10 pounds of the biohazardous waste at any onsite location for not longer than one year without obtaining prior written approval from the enforcement agency or the department. A person may store that biohazardous waste at a permitted transfer station for not longer than 30 days without obtaining prior written approval from the enforcement agency or the department. A person shall not store that biohazardous waste at any location or facility that is offsite from the generator for more than 30 days before treatment.

SEC. 19. Section 25088 of the Health and Safety Code is amended and renumbered to read:

118320. (a) Except as provided in subdivision (b), compactors or grinders shall not be used to process medical waste until after the waste has been treated pursuant to Chapter 8 (commencing with Section 118215) and rendered solid waste.

(b) (1) Grinding or compacting may be used when it is an integral part of an alternative treatment method approved by the department.

(2) A compactor may be used to compact medical waste if the type of medical waste compactor proposed to be used is evaluated by the department, and approved by the department prior to its use pursuant to the following criteria:

(A) The compactor operates without the release of liquids or pathogenic microorganisms from the medical waste during

placement of the medical waste into, or removal of the medical waste from, the compactor units, and during the compaction process.

(B) The compacted medical waste will not release liquids or pathogens during any subsequent handling and no residual waste will be left in the compactor unit after the process is completed.

(C) Compactor operations and maintenance personnel will not be at any substantial increased risk of exposure to pathogens.

(D) The compactor has been demonstrated not to have any adverse effects on any treatment method. If only specific treatment methods are compatible with the compaction process, the department shall condition its approval of the compactor for use only in conjunction with treatment methods, with regard to which no adverse effects have been demonstrated.

(c) Medical waste in bags or other containers shall not be subject to compaction by any compacting device and shall not be placed for storage or transport in a portable or mobile trash compactor, except as allowed pursuant to subdivision (b).

SEC. 20. Section 25090 of the Health and Safety Code is amended and renumbered to read:

118215. A person generating or treating medical waste shall ensure that the medical waste is treated by one of the following methods, thereby rendering it solid waste, as defined in Section 40191 of the Public Resources Code, prior to disposal:

(a) (1) Incineration at a permitted medical waste treatment facility in a controlled-air, multichamber incinerator, or other method of incineration approved by the department which provides complete combustion of the waste into carbonized or mineralized ash.

(2) Treatment with an alternative technology approved pursuant to subdivision (d), which, due to the extremely high temperatures of treatment in excess of 1300 degrees Fahrenheit, has received express approval from the department.

(b) (1) Discharge to a public sewage system if the medical waste is liquid or semiliquid, and not either of the following:

(A) Liquid or semiliquid laboratory waste, as defined in subdivision (a) of Section 117635.

(B) Microbiological specimens, including those specified in subdivision (b) of Section 117635.

(2) Medical waste discharge shall be consistent with the waste discharge requirements placed on the public sewer system by the California regional water quality control board with jurisdiction.

(c) Steam sterilization at a permitted medical waste treatment facility or by other sterilization, in accordance with all of the following operating procedures for steam sterilizers or other sterilization:

(1) Standard written operating procedures shall be established for biological indicators, or for other indicators of adequate sterilization approved by the department, for each steam sterilizer, including

time, temperature, pressure, type of waste, type of container, closure on container, pattern of loading, water content, and maximum load quantity.

(2) Recording or indicating thermometers shall be checked during each complete cycle to ensure the attainment of 121° Centigrade (250° Fahrenheit) for at least one-half hour, depending on the quantity and density of the load, to achieve sterilization of the entire load. Thermometers shall be checked for calibration annually. Records of the calibration checks shall be maintained as part of the facility's files and records for a period of three years or for the period specified in the regulations.

(3) Heat-sensitive tape, or another method acceptable to the enforcement agency, shall be used on each biohazard bag or sharps container that is processed onsite to indicate the attainment of adequate sterilization conditions.

(4) The biological indicator Bacillus stearothermophilus, or other indicator of adequate sterilization as approved by the department, shall be placed at the center of a load processed under standard operating conditions at least monthly to confirm the attainment of adequate sterilization conditions.

(5) Records of the procedures specified in paragraphs (1), (2), and (4) shall be maintained for a period of not less than three years.

(d) (1) Other alternative medical waste treatment methods which are both of the following:

(A) Approved by the department.

(B) Result in the destruction of pathogenic micro-organisms.

(2) Any alternative medical waste treatment method proposed to the department shall be evaluated by the department and either approved or rejected pursuant to the criteria specified in this subdivision.

SEC. 21. Section 25090.5 of the Health and Safety Code is amended and renumbered to read:

118220. Recognizable human anatomical parts, with the exception of teeth not deemed infectious by the attending physician and surgeon or dentist, shall be disposed of by interment or in accordance with subdivision (a) of Section 118215, unless otherwise hazardous.

SEC. 22. Section 25090.6 of the Health and Safety Code is amended and renumbered to read:

118222. (a) Biohazardous waste that meets the conditions of paragraph (1) of subdivision (f) of Section 117635 shall be treated pursuant to subdivision (a) of Section 118215 prior to disposal.

(b) Biohazardous waste that meets the conditions specified in subdivision (g) of Section 117635 shall be treated pursuant to subdivision (a) or (d) of Section 118215 prior to disposal.

SEC. 23. Section 25117.5 of the Health and Safety Code is amended to read:

25117.5. (a) Waste that is hazardous only because it is medical waste, as defined in the Medical Waste Management Act (Part 14 (commencing with Section 117600) of Division 104) shall not be governed by, subject to fees assessed by, or otherwise subject to, the requirements of this chapter or regulations adopted pursuant to this chapter.

(b) Biohazardous waste that meets the conditions specified in subdivision (f) or (g) of Section 117635 is not subject to this chapter.

SEC. 24. Section 117747 is added to the Health and Safety Code, to read:

117747. (a) "Pharmaceutical" means a prescription or over-the-counter human or veterinary drug, including, but not limited to, a drug as defined in Section 109925 or the Federal Food, Drug, and Cosmetic Act, as amended, (21 U.S.C.A. Sec. 321(g)(1)).

(b) For purposes of this part, "pharmaceutical" does not include any pharmaceutical that is regulated pursuant to either of the following:

(1) The federal Resource Conservation and Recovery Act of 1976, as amended (42 U.S.C.A. Sec. 6901 et seq.).

(2) The Radiation Control Law (Chapter 8 (commencing with Section 114960) of Part 9).

SEC. 25. Section 117924 is added to the Health and Safety Code, to read:

117924. (a) When the department is the enforcement agency, the department shall impose and cause the collection of an annual medical waste generator fee in an amount not to exceed twenty-five dollars ($25) on small quantity generators of medical waste, except for those small quantity generators that are required to register pursuant to Section 117925 and those generators generating only biohazardous waste as defined in subdivision (g) of Section 117635. Nothing in this part shall prevent the department from contracting with entities other than the department for these fee collection activities or from entering into agreements with medical waste transporters or providers of medical waste mail-back systems for the collection of these fees, if the department determines that such a fee collection arrangement would be cost-effective.

(b) If the department determines to enter into a contract with a medical waste transporter or provider of medical waste mail-back systems for the collection of the fees, the department shall do all of the following:

(1) Establish that not more than 5 percent of the fees collected may be recovered by the medical waste transporter or provider of medical waste mail-back systems as administrative costs for the collection of those fees.

(2) Establish that the administrative costs for the collection of the fees shall be the same for all medical waste transporters and providers of medical waste mail-back systems.

(3) Prohibit any medical waste transporter or provider of medical waste mail-back systems from waiving the generator fee without the written approval of the department and only if the medical waste generator has made a written request for the waiver.

(4) Require the medical waste transporter or provider of medical waste mail-back systems to report the fees collected pursuant to subdivision (a) to the department.

(5) Prohibit the medical waste transporter or provider of medical waste mail-back systems from assuming the role of the department as an enforcement agent for purposes of collecting the medical waste generator fees.

(6) Require medical waste transporters or providers of medical waste mail-back systems to include the following language in at least 12-point type on their invoices to medical waste generators.

"Pursuant to Section 117924 of the California Health and Safety Code, the State Department of Health Services has contracted with us to collect your annual medical waste generator fee. The department may offset our costs of collection and administration in an amount that may not exceed 5 percent of the fee collected. We may not waive the fee without written approval of the department, and only if you have made a written request for the waiver."

CHAPTER 537

An act to amend Sections 3009, 3201, 3202, 3208.1, 3237, 3251, 3352, 3353, and 3354 of, to add Section 3238 to, and to repeal Sections 3010 and 3011 of, the Public Resources Code, relating to oil and gas.

[Approved by Governor September 14, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 3009 of the Public Resources Code is amended to read:

3009. "Operator" means any person who, by virtue of ownership, or under the authority of a lease or any other agreement, has the right to drill, operate, maintain, or control a well.

SEC. 2. Section 3010 of the Public Resources Code is repealed.

SEC. 3. Section 3011 of the Public Resources Code is repealed.

SEC. 4. Section 3201 of the Public Resources Code is amended to read:

3201. The operator of any well shall notify the supervisor or the district deputy, in writing, in such form as the supervisor or the district deputy may direct, of the sale, assignment, transfer, conveyance, exchange, or other disposition of the well by the operator of the well as soon as is reasonably possible, but in no event

later than the date that the sale, assignment, transfer, conveyance, exchange, or other disposition becomes final. The operator shall not be relieved of responsibility for the well until the supervisor or the district deputy acknowledges the sale, assignment, transfer, conveyance, exchange, or other disposition, in writing, and the person acquiring the well is in compliance with Section 3202. The operator's notice shall contain all of the following:

(a) The name and address of the person to whom the well was or will be sold, assigned, transferred, conveyed, exchanged, or otherwise disposed.

(b) The name and location of the well, and a description of the land upon which the well is situated.

(c) The date that the sale, assignment, transfer, conveyance, exchange, or other disposition becomes final.

(d) The date when possession was or will be relinquished by the operator as a result of that disposition.

SEC. 5. Section 3202 of the Public Resources Code is amended to read:

3202. Every person who acquires the right to operate a well, whether by purchase, transfer, assignment, conveyance, exchange, or other disposition, shall, as soon as it's reasonably possible, but in no event later than the date that the acquisition of the well becomes final, notify the supervisor or the district deputy, in writing, of the person's operation. The acquisition of a well shall not be recognized as complete by the supervisor or the district deputy until the new operator provides all of the following:

(a) The name and address of the person from whom the well was acquired.

(b) The name and location of the well, and a description of the land upon which the well is situated.

(c) The date that the acquisition becomes final.

(d) The date when possession was or will be acquired.

(e) A bond or deposit for any well that has not produced oil or gas or has not been used for injection during the five years immediately prior to the date of acquisition. The bond or deposit shall be in an amount as provided in Section 3204 or 3205. The conditions of the bond or deposit shall be the same as the conditions stated in Section 3204. An operator that has provided the bond required by this subdivision shall not be required additionally to provide the bond or pay the fee required by Section 3206. However, the bond or fee required by Section 3206 shall not be substituted for the bond required by this subdivision.

SEC. 6. Section 3208.1 of the Public Resources Code is amended to read:

3208.1. (a) To prevent, as far as possible, damage to life, health, and property, the supervisor or district deputy may order the reabandonment of any previously abandoned well if the supervisor or the district deputy has reason to question the integrity of the

previous abandonment and any proposed construction, including the erection of a structure or the placement of fill over or near the well that may prevent or impede access to the well for purposes of remedying any hazard. The cost of the reabandonment operations shall be the responsibility of the owner of the property upon which the proposed construction will be located. However, if the well was not abandoned in accordance with the requirements of the division in effect at the time of the abandonment, the last operator having an economic interest in, or receiving any benefit from, the well, if the operator is still in business in this state, shall be responsible for the reabandonment; otherwise the owner of the property shall be responsible.

(b) This section does not preclude the application of Article 4.2 (commencing with Section 3250), except in the following cases:

(1) To remedy any problem posing a danger to life, health, or property from a previously abandoned well where construction over or near the well has begun on or after January 1, 1988, and the property owner, developer, or local agency permitting the construction failed to obtain an opinion from the supervisor or district deputy as to whether the previously abandoned well is required to be reabandoned. In those situations, responsibility for correcting problems posing a danger to life, health, or property from the previously abandoned well shall rest with the developer or the owner of the property at the time of construction, unless that developer or owner is deceased, defunct, or no longer in business in, or a resident of, this state.

(2) To remedy any problems posing danger to life, health, or property, if the supervisor or district deputy finds, from evidence obtained by, or made available to, the supervisor or district deputy, that (A) after the well was properly abandoned, development of the surface of the property on which the well is located by someone other than the operator or an affiliate of the operator likely disturbed the integrity of the abandonment, and (B) the supervisor can identify the party or parties responsible for disturbing the integrity of the abandonment.

SEC. 7. Section 3237 of the Public Resources Code is amended to read:

3237. (a) (1) The supervisor or district deputy may order the plugging and abandonment of any well that has been deserted whether or not any damage is occurring or threatened by reason of that deserted well. The supervisor or district deputy shall determine from credible evidence whether a well is deserted.

(2) For purposes of paragraph (1), "credible evidence" includes, but is not limited to, the operational history of the well, the response or lack of response of the operator to inquiries and requests from the supervisor or district deputy, the extent of compliance by the operator with the requirements of this chapter, and other actions of the operator with regard to the well.

(3) A rebuttable presumption of desertion shall arise in any of the following situations:

(A) If a well has not been completed to production or injection and drilling machinery have been removed from the well site for at least six months.

(B) If a well's production or injection equipment has been removed from the well site for at least two years.

(C) If an operator has failed to comply with an order of the supervisor within the time provided by the order or has failed to challenge the order on a timely basis.

(D) If an operator fails to designate an agent as required by Section 3200.

(E) If a person who is to acquire a well that is subject to a purchase, transfer, assignment, conveyance, exchange, or other disposition fails to comply with Section 3202.

(4) The operator may rebut the presumptions of desertion set forth in paragraph (3) by demonstrating with credible evidence compliance with the division and that the well has the potential for commercial production, including specific and detailed plans for future operations, and by providing a reasonable timetable for putting those plans into effect.

(b) An order to plug and abandon a deserted well may be appealed to the director pursuant to the procedures specified in Article 6 (commencing with Section 3350).

(c) (1) The current operator, as determined by the records of the supervisor, of a deserted well that produced oil, gas, or other hydrocarbons or was used for injection shall be responsible for the proper plugging and abandonment of the well. If the supervisor determines that the current operator does not have the financial resources to fully cover the cost of plugging and abandoning the well, the immediately preceding operator shall be responsible for the cost of plugging and abandoning the well.

(2) The supervisor may continue to look seriatim to previous operators until an operator is found that the supervisor determines has the financial resources to cover the cost of plugging and abandoning the well. However, the supervisor may not hold an operator responsible that has made a valid transfer of ownership of the well prior to January 1, 1996.

(3) For purposes of this subdivision, "operator" shall include a mineral interest owner who shall be held jointly liable for the well if the mineral interest owner has or had leased or otherwise conveyed the working interest in the well to another person if in the lease or other conveyance the mineral interest owner retained a right to control the well operations that exceeds the scope of an interest customarily reserved in a lease or other conveyance in the event of a default.

(4) No prior operator shall be liable for any of the costs of plugging and abandoning a well by a subsequent operator if those costs are necessitated by the subsequent operator's illegal operation of a well.

(5) If the supervisor is unable to determine that an operator that acquired ownership of a well after January 1, 1996, has the financial resources to fully cover the costs of plugging and abandonment, the supervisor may undertake plugging and abandonment pursuant to Article 4.2 (commencing with Section 3250).

SEC. 8. Section 3238 is added to the Public Resources Code, to read:

3238. (a) For oil and gas produced in this state from a well that qualifies under Section 3251 or which has been inactive for a period of at least the preceding five consecutive years, the rate of the charges imposed pursuant to Sections 3402 and 3403 shall be reduced to zero for a period of 10 years. The supervisor or district deputy shall not permit an operator to undertake any work on wells qualifying under Section 3251 unless the mineral rights owner consents, in writing, to the work plan.

(b) An operator who undertakes any work on a well qualifying under Section 3251 shall have up to 90 days from the date the operator receives written consent from the supervisor to evaluate the well. On or before the 90 day evaluation period ends, the operator shall file with the supervisor a bond or deposit in an amount specified in Section 3204, 3205, or 3205.1, in accordance with the requirements of whichever of those sections is applicable to the well, if the well operations are to continue for a period in excess of the 90-day evaluation period. The conditions of the bond shall be the same as the conditions stated in Section 3204.

SEC. 9. Section 3251 of the Public Resources Code is amended to read:

3251. For the purposes of this article, an oil or gas well is a "hazardous well" if the supervisor determines that the well is a potential danger to life, health, or natural resources and there is no operator determined by the supervisor to be responsible for plugging and abandoning the well under subdivision (c) of Section 3237. Also, for the purposes of this article, an oil or gas well is an "idle-deserted well" if the supervisor determines that the well is deserted under Section 3237 and there is no operator responsible for its plugging and abandonment under Section 3237.

SEC. 10. Section 3352 of the Public Resources Code is amended to read:

3352. Within 10 days from the date of the taking of the appeal, a minimum 20 days notice in writing shall be given to the appellant of the time and place of the hearing. In cases where the director determines that there is an immediate threat to human health and safety or to the environment, the director may shorten the notice period to 10 days. For good cause, and if the director determines that there is not such an immediate threat, the director may postpone the

hearing, on the application of the appellant, the supervisor, or the district deputy, for a period not to exceed 10 days.

SEC. 11. Section 3353 of the Public Resources Code is amended to read:

3353. (a) The director, after hearing, shall affirm, set aside, or modify the order from which the appeal is taken.

(b) Within 20 days from the date of hearing the evidence, the director shall make a written decision with respect to the order appealed from, unless the appellant and the director agree to a longer period within which the decision may be made. The decision of the director shall forthwith be filed with the supervisor, and upon that filing shall be final. In case the order is affirmed or modified, the director shall retain jurisdiction until such time as the work ordered to be done by the order is finally completed.

(c) The written decision shall be served upon the appellant and shall supersede the previous order of the supervisor or district deputy. In case no written decision is made by the director pursuant to subdivision (b), the order of the supervisor or district deputy shall be effective and subject only to review by writ of administrative mandamus from the superior court as provided in this article.

SEC. 12. Section 3354 of the Public Resources Code is amended to read:

3354. The decision of the director may be reviewed by writ of administrative mandamus from the superior court of the county in which the district is situated, if taken within 10 days from the date of the service of the decision upon the appellant, as provided in Section 3353.

[Approved by Governor September 14, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 24013.5 is added to the Business and Professions Code, to read:

24013.5. (a) No license shall be issued for any premises for which a license has been denied or revoked, for reasons pertaining to the premises, unless one year has elapsed from the date the order becomes final.

(b) No license shall be issued for any premises for which a license has been denied, for reasons pertaining to the premises, twice within

a 36-month period, unless two years have elapsed from the date that the last order becomes final.

CHAPTER 539

An act to amend Sections 25160, 25161, 25166, 25167.3, 25174, 25180, 25191, 25207.5, 25207.8, 25218.4, 25250.11, and 25250.15 of, to amend and repeal Sections 25163 and 25169.1 of, to add Section 25167.4 to, and to repeal Sections 25168, 25168.1, 25168.3, 25168.4, 25168.5, 25168.6, and 25201.2 of, the Health and Safety Code, and to amend Sections 2502, 34000, 34060, and 34064 of, to amend and renumber Section 34102 of, to repeal and add Section 34061 of, to repeal Sections 2560, 34020, 34062, 34063, 34100, 34101, and 34101.5 of, and to repeal Article 3 (commencing with Section 34040) of, and Article 6 (commencing with Section 34120) of, Division 14.7 of, the Vehicle Code, relating to vehicles.

[Approved by Governor September 14, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 25160 of the Health and Safety Code is amended to read:

25160. (a) For purposes of this chapter, "manifest" means a shipping document originated and signed by a generator of hazardous waste which contains all of the information required by the department and which complies with all applicable federal and state regulations.

(b) (1) Any person generating hazardous waste which is transported, or submitted for transportation, for offsite handling, treatment, storage, disposal, or any combination thereof, shall complete a manifest prior to the time the waste is transported or offered for transportation, and shall designate on that manifest the facility to which the waste is to be shipped for the handling, treatment, storage, disposal, or combination thereof. The manifest shall be completed, as required by the department. The generator shall provide the manifest to the person who will transport the hazardous waste, who is the driver, if the hazardous waste will be transported by vehicle, or the person designated by the railroad corporation or vessel operator, if the hazardous waste will be transported by rail or vessel. The generator shall use the standard California Uniform Hazardous Waste Manifest supplied by the department for all shipments of hazardous waste for which a manifest is required, except as provided in paragraph (2). A manifest shall only be used for the purposes specified in this chapter, including, but not limited to, identifying materials which the person completing the

manifest reasonably believes are hazardous waste. Within 30 days from the date of transport, or submission for transport, of hazardous waste, each generator of that hazardous waste shall submit to the department a legible copy of each manifest used. The copy submitted to the department shall contain the signatures of the generator and the transporter.

(2) Any person generating hazardous waste which is transported, or submitted for transportation, for offsite handling, treatment, storage, disposal, or any combination thereof, outside of the state, shall complete, whether or not the waste is determined to be hazardous by the importing country or state, a standard California Uniform Hazardous Waste Manifest, or the generator shall complete, in its own form of manifest, the manifest required by the receiving state and shall submit a copy of that manifest to the department within 30 days from the date of the transport, or submission for transport, of the hazardous waste.

(3) Within 30 days from the date of transport, or submission for transport, of hazardous waste out of state, each generator of that hazardous waste shall submit to the department a legible copy of each manifest used. The copy submitted to the department shall contain the signatures of the generator, all transporters, excepting intermediate rail transporters, and the out-of-state facility operator. If within 35 days from the date of the initial shipment, or for exports by water to foreign countries, 60 days after the initial shipment, the generator has not received a copy of the manifest signed by all transporters and the facility operator, the generator shall contact the owner or operator of the designated facility to determine the status of the hazardous waste and to request that the owner or operator immediately provide a signed copy of the manifest to the generator. If within 45 days from the date of the initial shipment or, for exports by water to foreign countries, 90 days from the date of the initial shipment, the generator has not received a copy of the signed manifest from the facility owner or operator, the generator shall submit an exception report to the department.

(4) For shipments of waste that do not require a manifest pursuant to Title 40 of the Code of Federal Regulations, the department, by regulation, may establish manifest requirements that differ from the requirements of this subdivision. The requirements for an alternative form of manifest shall ensure that the hazardous waste is transported by a registered hazardous waste transporter, that the hazardous waste is tracked, and that human health and safety and the environment are protected.

(c) (1) The department shall determine the form and manner in which a manifest shall be completed and the information that the manifest shall contain. The form of each manifest and the information requested on each manifest shall be the same for all hazardous wastes, regardless of whether the hazardous wastes are also regulated pursuant to the federal act or by regulations adopted

by the United States Department of Transportation. However, the form of the manifest and the information required shall be consistent with federal regulations.

(2) Pursuant to federal regulations, the department may require information on the manifest in addition to the information required by federal regulations.

(d) (1) Any person who transports hazardous waste in a vehicle shall have a manifest in his or her possession while transporting the hazardous waste. The manifest shall be shown upon demand to any representative of the department, any officer of the California Highway Patrol, any local health officer, or any local public officer designated by the director. If the hazardous waste is transported by rail or vessel, the railroad corporation or vessel operator shall comply with Subchapter C (commencing with Section 171.1) of Chapter 1 of Subtitle B of Title 49 of the Code of Federal Regulations and shall also enter on the shipping papers any information concerning the hazardous waste which the department may require.

(2) Any person who transports any waste, as defined by Section 25124, and who is provided with a manifest for that waste shall, while transporting that waste, comply with all requirements of this chapter, and the regulations adopted pursuant thereto, concerning the transportation of hazardous waste.

(3) Any person who transports hazardous waste shall transfer a copy of the manifest to the facility operator at the time of delivery, or to the person who will subsequently transport the hazardous waste in a vehicle. [Approved by Governor September 14, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 10250.1 of the Business and Professions Code is amended to read:

10250.1. "Subdivision," as used in this article, includes all of the following:

(a) A time-share project as defined in subdivision (a) of Section 11003.5 and subdivision (e) of Section 11004.5, situated outside this state, including, without limitation, a project situated outside the United States but only if it consists of, or will consist of, two or more distinct geographic locations, one of which is located within the United States.

(b) A qualified resort vacation club as defined in Section 10260.

(c) A multisite time-share project as defined in subdivision (f) of Section 11003.5, which includes accommodations and facilities located either entirely outside of this state or both within and outside of this state.

SEC. 2. Section 10250.2 of the Business and Professions Code is amended to read:

10250.2. (a) The sale or lease, or the offering for sale or lease, of lots or parcels in a subdivision shall be governed by Chapter 1 (commencing with Section 11000) of Part 2, insofar as applicable.

(b) Subject to the provisions of Sections 11018.8, 11018.9, 11018.10, 11018.11, and 10250.8, the commissioner shall apply the provisions of Sections 11018 and 11018.5, after taking into consideration the differences in the applicable laws of the various states with respect to subdivisions, to afford substantially the same level of public protection to purchasers of an interest in a subdivision offering governed by this article as is afforded to purchasers of subdivision interests situated entirely within this state. The commissioner may adopt regulations reasonably necessary to enforce this article.

SEC. 3. Section 10250.8 is added to the Business and Professions Code, to read:

10250.8. In determining whether to issue a permit or a public report for a subdivision as defined in Section 10250.1, the commissioner may accept information submitted to another state in order to qualify the subdivision or project for sale within that state. The commissioner may use or incorporate information contained in a disclosure statement issued by another state.

SEC. 4. Section 10250.10 is added to the Business and Professions Code, to read:

10250.10. For purposes of this chapter, exchange programs shall not be considered to be a part of a subdivision offering. If a purchaser of a time-share interest in a subdivision subject to this article is offered the opportunity to become a member of an exchange program, the provisions of Section 11018.8 shall apply to the sale of time-share interests.

SEC. 5. Section 10250.11 is added to the Business and Professions Code, to read:

10250.11. Incidental benefits shall not be a part of the offering of interests in a subdivision. If a purchaser of a time-share interest in a subdivision subject to this article is offered the opportunity to acquire an incidental benefit in connection with a time-share interest, the provisions of Section 11018.9 shall apply.

SEC. 6. Section 10250.52 is added to the Business and Professions Code, to read:

10250.52. No interest in a subdivision, as defined in Section 10250.1, shall be sold to the public unless either the subdivider or person offering the interest for sale first obtains a permit from the commissioner.

SEC. 7. Section 10250.53 is added to the Business and Professions Code, to read:

10250.53. If the commissioner finds that the proposed offering of interest in a subdivision, as defined in Section 10250.1, meets the applicable requirements of this article, the commissioner shall issue to the applicant a permit authorizing the sale or the offering for sale of the subdivision interest upon those terms and conditions as the commissioner may provide in the permit. Otherwise, the commissioner shall deny the application and refuse the permit, and notify the applicant in writing of his or her decision.

SEC. 8. Section 10250.54 is added to the Business and Professions Code, to read:

10250.54. Any applicant objecting to the denial of a permit or the conditions of a permit may apply for a hearing and shall be granted a hearing by the commissioner upon the legality or reasonableness of the denial or the conditions.

SEC. 9. Section 10260 of the Business and Professions Code is amended to read:

10260. A "qualified resort vacation club" shall be deemed to be a time-share project as defined in Section 11003.5 irrespective of how vacation club interests may be qualified for offering in another state

or jurisdiction. No permit may be issued under this article for a qualified resort vacation club unless the commissioner determines that the project conforms to each of the following:

(a) A project for which vacation club interests are sold or offered for sale, each incorporating access (in accordance with the purchaser's vacation club interest) to the reservation of use and occupancy of any accommodations at any individual resort property which is part of the project, irrespective of the one, or any one, of those distinct individual resort properties in which the individual purchaser or owner holds or may hold a vacation club interest, and in which, by acquiring the vacation club interest the use of that vacation club interest is committed to the reservation system as provided in subdivision (d). That access to the reservation system shall be without priority among owners of the vacation club interests at the individual resort property at which that applicant for a reservation holds a vacation club interest, or at any other individual resort property that is part of the project after a limited period of time which may be reserved exclusively for owners who hold vacation club interests at that specific individual resort property, and then uniformly applied among all owners irrespective of the individual resort properties in which they hold a vacation club interest. The vacation club interest shall be (1) an undivided real property interest in a dwelling unit or structure containing more than one dwelling unit, as a tenant in common with other purchasers of undivided interests which have an attached nonseverable membership interest pursuant to subdivision (g) of Section 11004.5 providing rights of access to each and every individual resort property which is part of the project, or (2) as determined by the commissioner, a similar interest pursuant to the law of the jurisdiction in which the individual resort property outside of California is located. Nothing contained herein shall preclude a vacation club interest in an individual resort property in a qualified resort vacation club from being classified as interests in real property or other classification as may be permitted under applicable law.

(b) A project in which there are included dwelling units located outside of this state, and in which there may also be included dwelling units located inside of this state.

(c) A project in which a system exists for allocation of all costs and expenses (1) for the operation and management of the reservation system for more than one individual resort property, and including each individual resort property which is part of the project, pursuant to which all owners may reserve use and occupancy of accommodations at any individual resort property which is part of the qualified resort vacation club, and (2) for the operation, maintenance, repair, and management of the individual resort properties.

(d) A project which includes a sufficient number of dwelling units to accommodate the aggregate rights of use or occupancy of all

owners of vacation club interests, and provides a reservation system for the reservation of those accommodations and a management system for the management of those accommodations, which systems provide adequately for the reservation and management of more than one individual resort property and including each individual resort property which is part of the project.

(e) The offering will be accompanied by a full and detailed disclosure, on a form included within the permit, that the purchase of a vacation club interest should be based on the value of the vacation club interest as a vacation or leisure time experience and not as an appreciating investment or an expectation of resale.

(f) A project in which, on and after the closing of the first sale subject to this article of a vacation club interest in that individual resort property, there is no blanket encumbrance affecting land on which any individual resort property which is part of the project is situated.

(g) A project for which the initial permit application shall include not less than 175 dwelling units, and not less than 8,750 time-share use periods. For the purposes of this section, a time-share use period shall be considered to be the minimum time segment measured in days for which units in that individual resort property may be reserved for use, but not less than seven days. Nothing in this section shall prohibit a reservation system from being implemented in any qualified resort vacation club that permits actual use and use periods shorter than seven days.

(h) A project in which there is more than one individual resort property, each situated at a distinct geographic location, providing time-share use periods of residential accommodations for member use, and common areas at each individual resort property which include an amenity package of recreational or health facilities specified in the offering, except that an initial application may be approved where only one such individual resort property exists or is being developed if the commissioner determines that the applicant has demonstrated an intent through the planning process, or other organizational preparation, to develop one or more additional individual resort properties.

(i) A project in which vacation club interests in each individual resort property which is part of the offering shall be offered for sale, and initially managed by the applicant for a permit under this article or a holding company of the applicant or a subsidiary of either the applicant or its holding company.

If upon renewal of any permit under this article, the commissioner determines that any individual resort property is not managed by the applicant or a subsidiary of the applicant or its holding company, that factor shall be considered in determining whether the application for renewal conforms to subdivision (h) of Section 11018 or Section 11018.5.

(j) As used in this section, the following terms have the following meanings:

(1) "Individual resort property" means a specific geographic site where a portion of the accommodations and facilities of a qualified resort vacation club are located. If permitted under applicable law, separate phases operated as a single subdivision located at a specific geographic site under common management shall be deemed a single individual resort property for purposes of this article.

(2) "Project" means all of the individual resort properties comprising a qualified resort vacation club.

SEC. 10. Section 11003.5 of the Business and Professions Code is amended to read:

11003.5. (a) A "time-share project" is one in which a purchaser receives the right in perpetuity, for life, or for a term of years, to the recurrent, exclusive use or occupancy of a lot, parcel, unit, or segment of real property, annually or on some other periodic basis, for a period of time that has been or will be allotted from the use or occupancy periods into which the project has been divided.

(b) A "time-share estate" is a right of occupancy in a time-share project which is coupled with an estate in the real property.

(c) A "time-share use" is a license or contractual or membership right of occupancy in a time-share project which is not coupled with an estate in the real property.

(d) An "exchange program" is any method, arrangement, or procedure for the voluntary exchange of the right to use and occupy accommodations and facilities among purchasers of time-share interests or other property interests. An "exchange program" does not include the assignment of the right to use and occupy accommodations and facilities to purchasers of time-share interests pursuant to a reservation system. Any method, arrangement, or procedure that otherwise meets this definition, wherein the purchaser's total contractual financial obligation exceeds three thousand dollars ($3,000) per time-share interest shall be regulated as a multisite time-share project and shall be subject to the provisions of this article.

(e) An "incidental benefit" is an accommodation, product, service, discount, or other benefit, other than an exchange program, which is offered to a prospective purchaser of a time-share interest prior to the end of the rescission period set forth in Section 11024, the continuing availability of which for the use and enjoyment of owners of time-share interests in the time-share project is limited to a term of not more than five years.

(f) A "multisite time-share project" is any method, arrangement, or procedure, with respect to which a purchaser obtains, by any means, a recurring right to use and occupy accommodations or facilities in a time-share project consisting of more than one component site, only through use of a reservation system, on a nonpriority basis. The term does not include an exchange program

wherein the purchaser's total contractual financial obligation does not exceed three thousand dollars ($3,000) per time-share interest, a single-site time-share project, or a qualified resort vacation club.

(g) A "reservation system" is the method, arrangement, or procedure by which a purchaser of a time-share interest, (1) in order to reserve the use and occupancy of any accommodation or facility of a multisite time-share project or qualified resort vacation club for one or more use periods is required to compete with other owners of time-share interests in that multisite time-share project or qualified resort vacation club or (2) in order to reserve the use and occupancy of any accommodation or facility of a component site associated with a single-site time-share project is required to compete with other owners of time-share interests in those component sites, regardless of whether that reservation system is operated and maintained by (A) the person responsible for the operation and administration of that time-share project, (B) an exchange company, or (C) any other person. In the event that an owner of a time-share interest is required to use an exchange program as the owner's principal means of obtaining the right to use and occupy the accommodations and facilities of any time-share project, that arrangement shall be a reservation system.

(h) A "single-site time-share project" is a time-share project consisting of a single geographic site wherein a purchaser of a time-share interest in that site receives a right to reserve, on a priority basis, the use or occupancy of accommodations and facilities at that site. A single-site time-share project may be associated with other time-share projects, or other accommodations under a contractual or membership program through a reservation system.

SEC. 11. Section 11018.8 is added to the Business and Professions Code, to read:

11018.8. (a) Notwithstanding Section 11004.5 or 11018, or subdivisions (d) and (e) of Section 11018.5, an exchange program is not a part of a time-share project offering, except as provided in this section, and shall not be subject to the provisions of this part nor to regulations of the commissioner adopted pursuant thereto.

(b) If a purchaser of an interest in a time-share project is offered the opportunity to become a member of an exchange program, the subdivider shall include with the application for a public report the following information:

(1) The name and address of the exchange company.

(2) A copy of the form of the contract between the purchaser and the exchange company.

(3) A copy of any materials which will be used in promoting the exchange program.

(4) Whether the exchange company or any of its officers or directors have any legal or beneficial interest in any developer, seller, or managing entity for any time-share project participating in the

exchange program and, if so, the identity of the time-share project and the nature of the interest.

(5) Whether the purchaser's participation in the exchange program is dependent upon the continued affiliation of the applicable time-share project with the exchange program.

(6) A fair and accurate description of the terms and conditions of the purchaser's contractual relationship with the exchange program and the procedure by which changes to the contract may be made.

(7) A fair and accurate description of the procedures necessary to qualify for and effectuate exchanges.

(8) Whether exchanges are arranged on a space-available basis and whether any guarantees of fulfillment of specific requests for exchanges are made by the exchange program.

(9) Whether and under what circumstances an owner of a time-share interest, in dealing with the exchange program, may lose the right to use and occupy an accommodation of the time-share project during a reserved use period with respect to any property applied for exchange without his or her being provided with substitute accommodations by the exchange program.

(10) The standard fees for participation by owners in the exchange program, a statement of whether any of those fees may be altered by the exchange company, and the circumstances under which alterations may be made.

(11) The name and address of the site of each accommodation or facility included within any time-share project.

(12) Any other information as the subdivider shall elect to include.

SEC. 12. Section 11018.9 is added to the Business and Professions Code, to read:

11018.9. (a) Notwithstanding anything to the contrary contained in subdivision (g) of Section 11004.5, Section 11018, and subdivisions (d) and (e) of Section 11018.5, an incidental benefit is not a part of the offering, and except as provided in this section shall not be subject to the provisions of this part nor to regulations of the commissioner adopted pursuant thereto.

(b) If a purchaser of an interest in a time-share project is offered the opportunity to acquire an incidental benefit in connection with a time-share interest, the subdivider shall include with the application for a public report a description of each incidental benefit, including the nature and amount of any user fees or costs associated therewith, and, any restrictions upon use or availability.

(c) Incidental benefits may only be offered if:

(1) The continued availability of any incidental benefit for the use and enjoyment of owners of time-share interests is not necessary in order for any accommodation or facility which is not an incidental benefit to be used, occupied, or enjoyed by the owners in a manner consistent in all material respects with the plan of use and enjoyment set forth in the time-share documents or represented by or on behalf

of the subdivider, in writing in a purchaser's purchase contract, in the permit, or in any advertisement or promotion, or otherwise.

(2) The use of or participation in the incidental benefit by an owner of a time-share interest is completely voluntary, and payment of any fee or other cost associated with the incidental benefit is required only upon that use or participation.

(3) No costs of acquisition, operation, maintenance, or repair of the incidental benefit are passed on to purchasers of time-share interests in the time-share project as common expenses of the time-share project.

(d) The commissioner may issue a disclosure statement relating to any incidental benefits. A copy of the disclosure statement of the commissioner, when issued, shall be given to the prospective purchaser by the owner, subdivider, or agent prior to the execution of a binding contract or agreement for the sale of any interest in the time-share project.

SEC. 13. Section 11018.10 is added to the Business and Professions Code, to read:

11018.10. No person shall sell or lease, or offer for sale or lease in this state any interest in a multisite time-share project without first obtaining a public report covering each component site from the Real Estate Commissioner. For purposes of this section, the sale of an interest in a single-site time-share project coupled with a representation that a purchaser shall obtain a guaranteed right to use and occupy accommodations or facilities at more than one geographic site, shall be deemed to be the sale of an interest in a multisite time-share project.

SEC. 14. Section 11018.11 is added to the Business and Professions Code, to read:

11018.11. (a) With respect to component sites available to purchasers of time-share interests in single-site time-share projects, it shall be unlawful for a subdivider to offer for sale or lease a time-share interest in the single-site time-share project unless, as to each component site affiliated through a reservation system, the subdivider has made reasonable arrangements to assure the following with respect to those component sites:

(1) That a purchaser has contractual or membership rights to use each component site, and that if a component site is or may become subject to a blanket encumbrance, that the blanket encumbrance is or will be subordinate to these rights.

(2) Adequate provisions exist for lien-free completion of all onsite and offsite improvements.

(3) That, on an annual basis, the sum of the nights which time-share interest owners are entitled to use does not exceed the number of nights available for use by those time-share interest owners.

(4) A mechanism exists to assure reasonable maintenance and operation of the component sites.

(5) Adequate provisions exist for funding the costs of operation and maintenance of the component sites, including reserves, if required, in compliance with the laws of the situs state of the component site.

(6) Each component site is in compliance with the requirements of the situs state applicable to the qualification and sale of time-share interests in the component site.

(b) A subdivider of a single-site time-share project which is associated with one or more component sites through a reservation system shall make the following true and correct disclosures to a purchaser of a time-share interest with respect to the component sites:

(1) Name and address of each component site.

(2) Number of accommodations and use periods expressed in periods of seven-day use availability and available for use by purchasers.

(3) Each type of accommodation in terms of the number of bedrooms, bathrooms, sleeping capacity, and whether the accommodation contains a full kitchen.

SEC. 16. Section 2188.8 of the Revenue and Taxation Code is amended to read:

2188.8. (a) Whenever the assessor receives a written request for separate assessment of time-share estates in a time-share project, as defined in Section 11003.5 of the Business and Professions Code and as specified in subdivision (h) of this section, the assessor shall, on the first lien date that occurs more than 60 days following the request, and on each lien date thereafter, separately assess each time-share estate in the project if the assessor determines that the conditions specified in subdivision (c) have been met. Whenever estates in a time-share project are separately assessed, they shall continue to be separately assessed in subsequent fiscal years and once a request for

separate assessment is made with respect to a project, it is binding on all future time-share estate owners.

(b) The interest that is to be separately assessed is the value of the right of recurrent, exclusive use or occupancy of real property, annually or on some other periodic basis, for a specific period of time that has been, or will be, allotted from the use or occupancy periods into which the project has been divided.

(c) The separate assessment of a time-share estate may not be made by the assessor unless both of the following occur:

(1) The person making the request certifies that the request for separate assessment has been approved in the manner provided in the organizational documents of the organization involved for approval of matters affecting the affairs of the organization generally.

(2) A diagrammatic floor plan of the improvements, a copy of the documents setting forth the procedures for scheduling time and units to each time-share estate owner, and a list of every time-share estate owner, with a date notation thereon showing when, according to the organization's records, each time-share estate was acquired, have been filed with the assessor. A plot map of the land showing the location of the improvements on the land need not be filed unless requested by the assessor. The organization shall file an annual statement for each succeeding assessment year, on or before April 1, with the assessor setting forth any changes to the required information known to the organization. The list or other information provided pursuant to this section is not a public document and shall not be open to public inspection, except as provided in Section 408.

(d) Notwithstanding subdivision (c), this section shall not be construed to require any person making a request for separate assessment to meet the requirements of the Subdivision Map Act, nor shall the approval of any governmental agency be required for separate assessment.

(e) The tax on a time-share estate that is separately assessed pursuant to this section shall be a lien solely on the time-share estate and shall be entered on and be subject to all provisions of law applicable to taxes on the secured roll, provided:

(1) If the taxes on any time-share estate that is separately assessed remain unpaid at the time set for declaration of default for delinquent taxes, the taxes on the time-share estate, together with any penalties and costs that may have accrued thereon while on the secured roll, may be transferred to the unsecured roll.

(2) Defaulted time-share estate taxes remaining unpaid on any prior year secured tax roll may be transferred to the unsecured roll and collected like any other tax on the unsecured roll.

(f) The assessor shall provide to the principal office of each time-share project within the taxing jurisdiction, at the time and in the manner as he or she deems appropriate, adequate notice of the provisions of this section and other pertinent information relative to the implementation thereof.

(g) The county may charge a fee for processing an application for separate assessment and for the initial and the ongoing costs, not to exceed the actual cost, of the separate assessment and billing, and mailings, with respect to a time-share project. This fee shall be subject to Chapter 12.5 (commencing with Section 54985) of Part 1 of Division 2 of Title 5 of the Government Code, and shall be proportionately allocated to each of the time-share estate owners. This fee may be collected commencing with the initial separate tax bills, and on subsequent tax bills, and deposited in the county's general fund.

(h) For purposes of this section, "timeshare estate" applies to time-share estates, as defined in Section 11003.5 of the Business and Professions Code, that include a fee simple interest in the underlying property involved. However, "timeshare estate" does not include time-share estates that are coupled with a leasehold interest or an estate for years.

(i) Notwithstanding subdivision (a), when the assessor receives a written request to terminate the separate assessment of time-share estates in a time-share project under subdivision (a), the assessor shall, on the first lien date that occurs more than 60 days following the request, and on each lien date thereafter, prepare a single assessment for all time-share estates in the project. In order to obtain a single assessment, the person making the request shall provide certification that the request for a single consolidated assessment has been approved in the manner provided in the organization's documents. The person making the request shall also state the name and address of that organization as the organization to receive the single consolidated assessment. On the first lien date, and continuing thereafter, the county shall assess the time-share project. Any lien for taxes shall attach as if the election previously made under subdivision (a) had not been made, and the county shall no longer charge the fees described in subdivision (g).

SEC. 17. Section 2188.9 of the Revenue and Taxation Code is amended to read:

2188.9. (a) Whenever the assessor receives a written request for separate assessment of a time-share project, as defined in Section 11003.5 of the Business and Professions Code, the assessor shall, on the first lien date which occurs more than 60 days following the request, and on each lien date thereafter, separately assess the individual interests in the project described in subdivision (b) if the conditions specified in subdivision (c) have been met. Whenever a time-share project becomes subject to separate assessment, it shall continue to be so subject in subsequent fiscal years and once a request for separate assessment is made, it is binding on all future owners and occupants of the project.

(b) The interest in a time-share project that is to be separately assessed is the value of the right of recurrent, exclusive use or occupancy of real property, annually or on some other periodic basis,

for a period of time that has been, or will be, allotted from the use or occupancy periods into which the project has been divided.

(c) A separate assessment may not be made by the assessor under this section unless:

(1) The person making the request certifies that the request for separate assessment has been approved in the manner provided in the organizational documents of the organization involved for approval of matters affecting the affairs of the organization generally; and

(2) A diagrammatic floor plan of the improvements, a copy of the documents setting forth the procedures for scheduling time and units to each time-share interest owner, and a list of every time-share interest owner, with a date notation thereon showing when, according to the organization's records, each interest was acquired, have been filed with the assessor. A plot map of the land showing the location of the improvements on the land need not be filed unless requested by the assessor. The organization shall file an annual statement for each succeeding assessment year, on or before April 1, with the assessor, setting forth any changes to the required information known to the organization. The list or other information provided pursuant to this section is not a public document and shall not be open to public inspection, except as provided in Section 408 of the Revenue and Taxation Code.

(d) Notwithstanding the provisions of subdivision (c), this section shall not be construed to require applicants for separate assessments to meet the requirements of the Subdivision Map Act, nor shall the approval of any governmental agency be required for separate assessment except for the assessor's approval.

(e) The assessor shall cumulate all the separate assessments in a time-share project and enter the total assessment on the secured roll in the name of the organization or time-share owners' association. The assessor shall notify each owner of a time-share interest subject to separate assessment under this section of the amount of an increased assessment pursuant to Section 619.

(f) The tax on the total assessment with respect to a time-share project shall be a lien on the entire time-share project and shall be subject to all provisions of law applicable to taxes on the secured roll.

(g) The tax collector shall send a single tax bill, with an itemized breakdown detailing the taxes applicable to each separate assessment, to the time-share project organization or owners' association.

(h) The assessor shall provide to the principal office of each time-share project within the taxing jurisdiction, at that time and in that manner as he or she deems appropriate, adequate notice of the provisions of this section and other pertinent information relative to the implementation thereof.

(i) The county may charge a fee for processing the application for separate assessment and for the initial and ongoing costs of separate

assessment and implementing subdivision (g), not to exceed the actual costs. Fees shall be subject to Chapter 12.5 (commencing with Section 54985) of Part 1 of Division 2 of Title 5 of the Government Code, and may be collected commencing with the initial separate tax bills, and on subsequent tax bills, and shall be deposited in the county's general fund.

(j) This section shall not apply to time-share estates or to time-share projects that are subject to the provisions of Section 2188.8.

(k) Notwithstanding subdivision (a), when the assessor receives a written request to terminate the separate assessment of a time-share project under subdivision (a), the assessor shall, on the first lien date that occurs more than 60 days following the request, and on each lien date thereafter, prepare a single assessment for the time-share project without an itemized breakdown detailing the taxes applicable to each separate assessment in the time-share project. In order to obtain a single assessment, the person making the request shall provide certification that the request for a single consolidated assessment has been approved in the manner provided in the organization's documents. The person making the request shall also state the name and address of that organization as the organization to receive the single consolidated assessment. On the first lien date, and continuing thereafter, the county shall assess the time-share project. Any lien for taxes shall attach as if the election previously made under subdivision (a) had not been made, and the county shall no longer charge the fees described in subdivision (i).

No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

(3) The program shall fund innovative and creative research, with a special emphasis on research that complements, rather than duplicates, the research funded by the federal government and other entities.

(4) The university and the council shall work in close collaboration with the Breast Cancer Early Detection Program.

(5) All research funds shall be awarded on the basis of the research priorities established for the program and the scientific merit of the proposed research, as determined by an open, competitive peer review process that ensures objectivity, consistency, and high quality. All investigators, regardless of affiliation, shall have equal access and opportunity to compete for program funds.

(6) The peer review process for the selection of research grants awarded under this program shall be generally modeled on that used by the National Institutes of Health in its grantmaking process.

The scientists shall have expertise covering the various fields of scientific endeavor, including, but not limited to, the fields of biomedical research and engineering, social, economic, and behavioral research, epidemiology, and public health.

(iii) Two members from nonprofit health organizations with a commitment to breast cancer research and control.

(iv) One member who is a practicing breast cancer medical specialist.

(v) Two members from private industry with a commitment to breast cancer research and control, including, but not limited to, entrepreneurs, or persons from the science or high technology industry or persons from the health care sector.

The membership of these panels shall vary depending on the subject matter of the proposals and the review requirements, and shall draw on the most qualified individuals. The work of the review panels shall be administered pursuant to policies and procedures established for the implementation of the program. In order to avoid conflicts of interest and to ensure access to qualified reviewers, the university may utilize reviewers not only from California but also from outside the state. When serving on review panels, institutions, corporations, or individuals who have submitted grant applications for funding by

this program shall be governed by conflict-of-interest provisions consistent with the National Institutes of Health Manual (Chapter 4510 (item h)), and any applicable conflict-of-interest provisions in state law.

(6) Provide for periodic program evaluation to ensure that research funded is consistent with program goals.

(7) Maintain a system of financial reporting and accountability.

(8) Provide for the systematic dissemination of research results to the public and the health care community, and provide for a mechanism to disseminate the most current research findings in the areas of cause, treatment, cure, earlier detection, and prevention of breast cancer, in order that these findings may be applied to the planning, implementation, and evaluation of the breast cancer-related programs of the State Department of Health Services, including the Breast Cancer Early Detection Program authorized by this act.

(g) (1) The State Auditor shall conduct an audit of the Breast Cancer Research Program 1996–97 fiscal year grant award process. Prior to conducting the audit, the State Auditor shall review laws, rules, and regulations relevant to the Breast Cancer Research Program. (B) Whether the Breast Cancer Research Program has adequate controls to safeguard the program's funds and assets, and whether those controls are operating as intended.

(2) The State Auditor shall conduct its audit and report its findings to the Legislature on or before January 1, 1998.

SEC. 2. Section 9 of Chapter 661 of the Statutes of 1993, as amended by Section 2 of Chapter 483 of the Statutes of 1994, is repealed.

CHAPTER 544

An act to amend Section 12725 of, and to add Sections 10198.61 and 10701 to, the Insurance Code, relating to insurance.

[Approved by Governor September 14, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 10198.61 is added to the Insurance Code, to read:

10198.61. (a) For purposes of this article, "health benefit plan" does not include policies or certificates of specified disease or hospital confinement indemnity provided that the carrier offering those policies or certificates complies with the following:

(1) The carrier files, on or before March 1 of each year, a certification with the commissioner that contains the statement and information described in paragraph (2).

(2) The certification required in paragraph (1) shall contain the following:

insurance. It is not a substitute for hospital or medical expense insurance, a health maintenance organization (HMO) contract, or major medical expense insurance," and (iii) are not being offered, marketed, or sold in a manner that would make the purchase of the policies contingent upon the sale of any product sold under Sections 10700 and 10718, or under Section 1357 of the Health and Safety Code.

(B) A summary description of each policy or certificate described in this section, including the average annual premium rates, or range of premium rates in cases where premiums vary by age, gender, or other factors, charged for the policies and certificates in this state.

(3) In the case of a policy or certificate described in this section and that is offered for the first time in this state on or after January 1, 1997, the carrier files with the commissioner the information and statement required in paragraph (2) at least 30 days prior to the date such a policy or certificate is issued or delivered in this state.

(b) As used in this section, "policies or certificates of specified disease" and "policies or certificates of hospital confinement indemnity" mean policies or certificates of insurance sold to an insured to supplement other health insurance coverage as specified in this section. An insurer issuing a "policy or certificate of specified disease" or a "policy or certificate of hospital confinement indemnity" shall require that the person to be insured is covered by an individual or group policy or contract that arranges or provides medical, hospital, and surgical coverage not designed to supplement other private or governmental plans.

SEC. 2. Section 10701 is added to the Insurance Code, to read:

10701. (a) For purposes of this chapter, "health benefit plan" does not include policies or certificates of specified disease or hospital confinement indemnity provided that the carrier offering those policies or certificates complies with the following:

(1) The carrier files, on or before March 1 of each year, a certification with the commissioner that contains the statement and information described in paragraph (2).

(2) The certification required in paragraph (1) shall contain the following:

It is not a substitute for hospital or medical expense insurance, a health maintenance organization (HMO) contract, or major medical expense insurance," and (iii) are not being offered, marketed, or sold in a manner that would make the purchase of the policies contingent upon the sale of any product sold under Sections 10700 and 10718, or under Section 1357 of the Health and Safety Code.

(B) A summary description of each policy or certificate described in this section, including the average annual premium rates, or range of premium rates in cases where premiums vary by age, gender, or other factors, charged for the policies and certificates in this state.

(3) In the case of a policy or certificate that is described in this section and that is offered for the first time in this state on or after January 1, 1997, the carrier files with the commissioner the information and statement required in paragraph (2) at least 30 days prior to the date such a policy or certificate is issued or delivered in this state.

(b) As used in this section, "policies or certificates of specified disease" and "policies or certificates of hospital confinement indemnity" mean policies or certificates of insurance sold to an insured to supplement other health insurance coverage as specified in this section. An insurer issuing a "policy or certificate of specified disease" or a "policy or certificate of hospital confinement indemnity" shall require that the person to be insured is covered by an individual or group policy or contract that arranges or provides medical, hospital, and surgical coverage not designed to supplement other private or governmental plans.

SEC. 3. Section 12725 of the Insurance Code is amended to read:

12725. Each resident of the state meeting the eligibility criteria of this section and who is unable to secure adequate private health coverage is eligible to apply for major risk medical coverage through the program. To be eligible for enrollment in the program an applicant shall have been rejected for health care coverage by at least one private health plan. An applicant shall be deemed to have been rejected if the only private health coverage which the applicant could secure would (1) impose substantial waivers which the program determines would leave a subscriber without adequate coverage for medically necessary services, or (2) would afford such limited coverage, as the program determines would leave the subscriber without adequate coverage for medically necessary services, or (3) would afford coverage only at an excessive price, which the board determines is significantly above standard average individual coverage rates. Rejection for policies or certificates of specified disease or policies or certificates of hospital confinement indemnity, as described in Section 10198.61, shall not be deemed to be rejection for the purposes of eligibility for enrollment. The board may permit dependents of eligible subscribers to enroll in major risk medical coverage through the program if the board determines the enrollment can be carried out in an actuarially and administratively sound manner.

CHAPTER 545

An act to amend Section 11837 of the Health and Safety Code, relating to alcohol and drug programs.

[Approved by Governor September 14, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 11837 of the Health and Safety Code is amended to read:

11837. (a) Pursuant to the provisions of law relating to suspension of a person's privilege to operate a motor vehicle upon conviction for driving while under the influence of any alcoholic beverage or drug, or under the combined influence of any alcoholic beverage and any drug, as set forth in paragraph (3) or (4) of subdivision (a) of Section 13352 of the Vehicle Code, the Department of Motor Vehicles shall restrict the driving privilege pursuant to Section 13352.5 of the Vehicle Code, if the court has notified the department pursuant to Section 13352.5 of the Vehicle Code that the person convicted of that offense has consented to participate for at least 18 months in a program designed to offer alcohol and other drug education and counseling services that is licensed pursuant to this chapter.

(b) In determining whether to refer a person, who is ordered to participate in a program pursuant to Section 668 of the Harbors and Navigation Code, in a licensed alcohol and other drug education and counseling services program pursuant to Section 23161 of the Vehicle Code, or, pursuant to Section 23166, 23171, 23176, 23181, 23186, or 23191 of the Vehicle Code, in a licensed 18-month or 30-month program, the court may consider any relevant information about the person made available pursuant to a presentence investigation, that is permitted but not required under Section 23205 of the Vehicle Code, or other screening procedure. That information shall not be furnished, however, by any person who also provides services in a privately operated, licensed program or who has any direct interest in a privately operated, licensed program. In addition, the court shall obtain from the Department of Motor Vehicles a copy of the person's driving record to determine whether the person is eligible to participate in a licensed 18-month or 30-month program pursuant to this chapter. When preparing a presentence report for the court, the probation department may consider the suitability of placing the defendant in a treatment program that includes the administration of nonscheduled nonaddicting medications to ameliorate an alcohol or controlled substance problem. If the probation department recommends that this type of program is a suitable option for the defendant, the defendant who would like the court to consider this

option shall obtain from his or her physician a prescription for the medication, and a finding that the treatment is medically suitable for the defendant, prior to consideration of this alternative by the court.

(c) The court may, as a condition of probation pursuant to Section 23161 or 23181 of the Vehicle Code, refer a first offender to a licensed program to attend all of the education, group counseling, and interview sessions described in this chapter if ordered to participate in six, nine, or 12 months of program activities. Notwithstanding Section 13352.5 of the Vehicle Code, if a first offender is referred to a licensed program pursuant to Section 23161 or 23181 of the Vehicle Code, that person may participate in a program if convicted of another offense punishable under Section 23165 or 23185 of the Vehicle Code.

(d) The court may, subject to Section 11837.2, and as a condition of probation, refer a person to a licensed program, even though the person's privilege to operate a motor vehicle is restricted, suspended, or revoked. An 18-month program described in Section 23166 or 23186 of the Vehicle Code or a 30-month program described in Section 23171, 23176, or 23191 of the Vehicle Code may include treatment of family members and significant other persons related to the convicted person with the consent of those family members and others as described in this chapter, if there is no increase in the costs of the program to the convicted person.

CHAPTER 546

An act to amend Section 65050 of the Government Code, relating to economic development.

[Approved by Governor September 15, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 65050 of the Government Code is amended to read:

65050. (a) As used in this article, the following phrases have the following meanings:

(1) "Military base" means a military base that is designated for closure or downward realignment pursuant to the Defense Authorization Amendments and Base Closure and Realignment Act (P.L. 100-526), the Defense Base Closure and Realignment Act of 1990 (P.L. 101-510), or any subsequent closure or realignment approved by the President of the United States without objection by the Congress.

(2) "Effective date of a base closure" means the date a base closure decision becomes final under the terms specified by federal law.

These decisions become final 45 legislative days after the date the federal Base Closure Commission submits its recommendations to the President, he or she approves those recommendations, and the Congress does not disapprove those recommendations or adjourns.

(b) It is not the intent of the Legislature in enacting this section to preempt local planning efforts or to supersede any existing or subsequent authority invested in the Defense Conversion Council, as established by Article 3.7 (commencing with Section 15346). It is the intent of this article to provide a means of conflict resolution.

(c) For the purposes of this article, a single local base reuse entity shall be recognized pursuant to the provisions of this section for each military base closure in this state.

(d) The following entities or their successors, including, but not limited to, separate airport or port authorities, are recognized as the single local reuse entity for the military bases listed:

(e) For any military base that is closed and not listed in subdivision (d), a single local reuse entity shall be recognized for the base by the state if resolutions acknowledging the entity as the single base reuse entity are adopted by the affected county board of supervisors and the city council of each city located wholly or partly within the boundaries of a military base or having a sphere of influence over any portion of the base and are forwarded to the Defense Conversion Council and the Office of Planning and Research within 60 days after the effective date of a base closure decision or by March 1, 1995, whichever date is later.

(f) If the necessary resolutions are not adopted within the time limit specified in subdivision (e), the Director of the Office of Planning and Research may select a mediator, from a list submitted by the Defense Conversion Council containing no fewer than seven recommendations, to reach agreement among the affected jurisdictions on a single local reuse entity. In selecting a mediator, the director shall appoint a neutral person or persons, with experience in local land use issues, to facilitate communication between the disputants and assist them in reaching a mutually acceptable agreement.

(g) As a last resort, and only if no recognition is made pursuant to the procedure specified in subdivisions (e) and (f) within 120 days after a base closure decision has become final or within 120 days after the date on which this section becomes operative, whichever date is later, the Defense Conversion Council, created pursuant to Article 3.6 (commencing with Section 15346) of Chapter 1 of Part 6.7 of Division 3 of Title 2, shall hold public hearings and recognize a single local base reuse entity for each closing base for which agreement is reached among the local jurisdictions with responsibility for complying with Chapter 3 (commencing with Section 65100) and Chapter 4 (commencing with Section 65800) on the base, or recommend legislation or action by the local agency formation commission if necessary to implement a proposed recognition.

(h) In recognizing a single local reuse entity pursuant to this section, preference shall be given to existing entities and entities with

(i) Any recognition of a single local reuse entity made pursuant to subdivision (e), (f), or (g) shall be submitted by the Director of the Office of Planning and Research to the Governor, the Legislature, and the United States Department of Defense.

CHAPTER 547

An act to amend Section 21080 of the Public Resources Code, relating to environmental quality.

[Approved by Governor September 15, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 21080 of the Public Resources Code is amended to read:

21080. (a) Except as otherwise provided in this division, this division shall apply to discretionary projects proposed to be carried out or approved by public agencies, including, but not limited to, the enactment and amendment of zoning ordinances, the issuance of zoning variances, the issuance of conditional use permits, and the approval of tentative subdivision maps unless the project is exempt from this division.

(b) This division does not apply to any of the following activities:

(1) Ministerial projects proposed to be carried out or approved by public agencies.

(2) Emergency repairs to public service facilities necessary to maintain service.

(3) Projects undertaken, carried out, or approved by a public agency to maintain, repair, restore, demolish, or replace property or facilities damaged or destroyed as a result of a disaster in a disaster-stricken area in which a state of emergency has been proclaimed by the Governor pursuant to Chapter 7 (commencing with Section 8550) of Division 1 of Title 2 of the Government Code.

(4) Specific actions necessary to prevent or mitigate an emergency.

(5) Projects which a public agency rejects or disapproves.

(6) Actions undertaken by a public agency relating to any thermal powerplant site or facility, including the expenditure, obligation, or encumbrance of funds by a public agency for planning, engineering, or design purposes, or for the conditional sale or purchase of equipment, fuel, water (except groundwater), steam, or power for a thermal powerplant, if the powerplant site and related facility will be the subject of an environmental impact report, negative

declaration, or other document, prepared pursuant to a regulatory program certified pursuant to Section 21080.5, which will be prepared by the State Energy Resources Conservation and Development Commission, by the Public Utilities Commission, or by the city or county in which the powerplant and related facility would be located if the environmental impact report, negative declaration, or document includes the environmental impact, if any, of the action described in this paragraph.

(7) Activities or approvals necessary to the bidding for, hosting or staging of, and funding or carrying out of, an Olympic games under the authority of the International Olympic Committee, except for the construction of facilities necessary for the Olympic games.

(8) The establishment, modification, structuring, restructuring, or approval of rates, tolls, fares, or other charges by public agencies which the public agency finds are for the purpose of (A) meeting operating expenses, including employee wage rates and fringe benefits, (B) purchasing or leasing supplies, equipment, or materials, (C) meeting financial reserve needs and requirements, (D) obtaining funds for capital projects necessary to maintain service within existing service areas, or (E) obtaining funds necessary to maintain those intracity transfers as are authorized by city charter. The public agency shall incorporate written findings in the record of any proceeding in which an exemption under this paragraph is claimed setting forth with specificity the basis for the claim of exemption.

(9) All classes of projects designated pursuant to Section 21084.

(10) A project for the institution or increase of passenger or commuter services on rail or highway rights-of-way already in use, including modernization of existing stations and parking facilities.

(11) A project for the institution or increase of passenger or commuter service on high-occupancy vehicle lanes already in use, including the modernization of existing stations and parking facilities.

(12) Facility extensions not to exceed four miles in length which are required for the transfer of passengers from or to exclusive public mass transit guideway or busway public transit services.

(13) A project for the development of a regional transportation improvement program, the state transportation improvement program, or a congestion management program prepared pursuant to Section 65089 of the Government Code.

(14) Any project or portion thereof located in another state which will be subject to environmental impact review pursuant to the National Environmental Policy Act of 1969 (42 U.S.C. Sec. 4321 et seq.) or similar state laws of that state. Any emissions or discharges that would have a significant effect on the environment in this state are subject to this division.

(15) Projects undertaken by a local agency to implement a rule or regulation imposed by a state agency, board, or commission under a

certified regulatory program pursuant to Section 21080.5. Any site-specific effect of the project which was not analyzed as a significant effect on the environment in the plan or other written documentation required by Section 21080.5 is subject to this division.

(c) If a lead agency determines that a proposed project, not otherwise exempt from this division, would not have a significant effect on the environment, the lead agency shall adopt a negative declaration to that effect. The negative declaration shall be prepared for the proposed project in either of the following circumstances:

(1) There is no substantial evidence, in light of the whole record before the lead agency, that the project may have a significant effect on the environment.

(2) An initial study identifies potentially significant effects on the environment, but (A) revisions in the project plans or proposals made by, or agreed to by, the applicant before the proposed negative declaration and initial study are released for public review would avoid the effects or mitigate the effects to a point where clearly no significant effect on the environment would occur, and (B) there is no substantial evidence, in light of the whole record before the lead agency, that the project, as revised, may have a significant effect on the environment.

(d) If there is substantial evidence, in light of the whole record before the lead agency, that the project may have a significant effect on the environment, an environmental impact report shall be prepared.

(e) (1) For the purposes of this section and this division, substantial evidence includes fact, a reasonable assumption predicated upon fact, or expert opinion supported by fact.

(2) Substantial evidence is not argument, speculation, unsubstantiated opinion or narrative, evidence that is clearly inaccurate or erroneous, or evidence of social or economic impacts that do not contribute to, or are not caused by, physical impacts on the environment.

(f) As a result of the public review process for a mitigated negative declaration, including administrative decisions and public hearings, the lead agency may conclude that certain mitigation measures identified pursuant to paragraph (2) of subdivision (c) are infeasible or otherwise undesirable. In those circumstances, the lead agency, prior to approving the project, may delete those mitigation measures and substitute for them other mitigation measures that the lead agency finds, after holding a public hearing on the matter, are equivalent or more effective in mitigating significant effects on the environment to a less than significant level and that do not cause any potentially significant effect on the environment. If those new mitigation measures are made conditions of project approval or are otherwise made part of the project approval, the deletion of the former measures and the substitution of the new mitigation measures

shall not constitute an action or circumstance requiring recirculation of the mitigated negative declaration.

(g) Nothing in this section shall preclude a project applicant or any other person from challenging, in an administrative or judicial proceeding, the legality of a condition of project approval imposed by the lead agency. If, however, any condition of project approval set aside by either an administrative body or court was necessary to avoid or lessen the likelihood of the occurrence of a significant effect on the environment, the lead agency's approval of the negative declaration and project shall be invalid and a new environmental review process shall be conducted before the project can be reapproved, unless the lead agency substitutes a new condition that the lead agency finds, after holding a public hearing on the matter, is equivalent to, or more effective in, lessening or avoiding significant effects on the environment and that does not cause any potentially significant effect on the environment.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 548

An act to add Section 15122.5 to the Education Code, relating to education.

[Approved by Governor September 15, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 15122.5 is added to the Education Code, to read:

15122.5. (a) Whenever an election is called on the question of whether bonds of a school district shall be issued and sold for the purposes specified in Section 15100 and the project to be funded by the bonds will require state matching funds for any phase of the project, the sample ballot shall contain a statement, as provided in subdivision (b), advising the voters that the project is subject to the approval of state matching funds and, therefore, passage of the bond measure is not a guarantee that the project will be completed.

(b) The words to appear in the sample ballot in satisfaction of the requirements of subdivision (a) are as follows:

"Approval of Measure _____ does not guarantee that the proposed project or projects in the _____ School District that are the subject of bonds under Measure _____ will be funded beyond the local revenues generated by Measure _____. The school district's proposal for the project or projects may assume the receipt of matching state funds, which could be subject to appropriation by the Legislature or approval of a statewide bond measure."

(c) This section does not apply to any election to incur bonded indebtedness pursuant to the Mello-Roos Community Facilities Act of 1982 contained in Chapter 2.5 (commencing with Section 53311) of Division 2 of Title 5 of the Government Code.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 549

An act to amend Sections 66000 and 66020 of the Government Code, relating to real property.

[Approved by Governor September 15, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 66000 of the Government Code is amended to read:

66000. As used in this chapter:

(a) "Development project" means any project undertaken for the purpose of development. "Development project" includes a project involving the issuance of a permit for construction or reconstruction, but not a permit to operate.

(b) "Fee" means a monetary exaction other than a tax or special assessment, whether established for a broad class of projects by legislation of general applicability or imposed on a specific project on an ad hoc basis, that is charged by a local agency to the applicant in connection with approval of a development project for the purpose of defraying all or a portion of the cost of public facilities related to the development project, but does not include fees specified in Section 66477, fees for processing applications for governmental regulatory actions or approvals, fees collected under development agreements adopted pursuant to Article 2.5 (commencing with Section 65864) of Chapter 4, or fees collected pursuant to agreements with redevelopment agencies which provide for the redevelopment of property in furtherance or for the benefit of a redevelopment project for which a redevelopment plan has been adopted pursuant to the Community Redevelopment Law (Part 1 (commencing with Section 33000) of Division 24 of the Health and Safety Code.

(c) "Local agency" means a county, city, whether general law or chartered, city and county, school district, special district, authority, agency, any other municipal public corporation or district, or other political subdivision of the state.

(d) "Public facilities" includes public improvements, public services and community amenities.

SEC. 2. Section 66020 of the Government Code is amended to read:

66020. (a) Any party may protest the imposition of any fees, dedications, reservations, or other exactions imposed on a development project, as defined in Section 66000, by a local agency by meeting both of the following requirements:

(1) Tendering any required payment in full or providing satisfactory evidence of arrangements to pay the fee when due or ensure performance of the conditions necessary to meet the requirements of the imposition.

(2) Serving written notice on the governing body of the entity, which notice shall contain all of the following information:

(A) A statement that the required payment is tendered or will be tendered when due, or that any conditions which have been imposed are provided for or satisfied, under protest.

(B) A statement informing the governing body of the factual elements of the dispute and the legal theory forming the basis for the protest.

(b) Compliance by any party with subdivision (a) shall not be the basis for a local agency to withhold approval of any map, plan, permit, zone change, license, or other form of permission, or concurrence, whether discretionary, ministerial, or otherwise, incident to, or necessary for, the development project. This section does not limit the ability of a local agency to ensure compliance with all applicable provisions of law in determining whether or not to approve or disapprove a development project.

(c) Where a reviewing local agency makes proper and valid findings that the construction of certain public improvements or facilities, the need for which is directly attributable to the proposed development, is required for reasons related to the public health, safety, and welfare, and elects to impose a requirement for construction of those improvements or facilities as a condition of approval of the proposed development, then in the event a protest is lodged pursuant to this section, that approval shall be suspended pending withdrawal of the protest, the expiration of the limitation period of subdivision (d) without the filing of an action, or resolution of any action filed. This subdivision confers no new or independent authority for imposing fees, dedications, reservations, or other exactions not presently governed by other law.

(d) (1) A protest filed pursuant to subdivision (a) shall be filed at the time of approval or conditional approval of the development or within 90 days after the date of the imposition of the fees, dedications, reservations, or other exactions to be imposed on a development project. Each local agency shall provide to the project applicant a notice in writing at the time of the approval of the project or at the time of the imposition of the fees, dedications, reservations, or other exactions, a statement of the amount of the fees or a description of the dedications, reservations, or other exactions, and notification that the 90-day approval period in which the applicant may protest has begun.

(2) Any party who files a protest pursuant to subdivision (a) may file an action to attack, review, set aside, void, or annul the imposition of the fees, dedications, reservations, or other exactions imposed on a development project by a local agency within 180 days after the delivery of the notice. Thereafter, notwithstanding any other law to the contrary, all persons are barred from any action or proceeding or any defense of invalidity or unreasonableness of the imposition. Any proceeding brought pursuant to this subdivision shall take precedence over all matters of the calendar of the court except criminal, probate, eminent domain, forcible entry, and unlawful detainer proceedings.

(e) If the court finds in favor of the plaintiff in any action or proceeding brought pursuant to subdivision (d), the court shall direct the local agency to refund the unlawful portion of the payment, with interest at the rate of 8 percent per annum, or return the unlawful portion of the exaction imposed.

(f) (1) If the court grants a judgment to a plaintiff invalidating, as enacted, all or a portion of an ordinance or resolution enacting a fee, dedication, reservation, or other exaction, the court shall direct the local agency to refund the unlawful portion of the payment, plus interest at an annual rate equal to the average rate accrued by the Pooled Money Investment Account during the time elapsed since the payment occurred, or to return the unlawful portion of the exaction imposed.

(2) If an action is filed within 120 days of the date at which an ordinance or resolution to establish or modify a fee, dedication, reservation, or other exactions to be imposed on a development project takes effect, the portion of the payment or exaction invalidated shall also be returned to any other person who, under protest pursuant to this section and under that invalid portion of that same ordinance or resolution as enacted, tendered the payment or provided for or satisfied the exaction during the period from 90 days prior to the date of the filing of the action which invalidates the payment or exaction to the date of the entry of the judgment referenced in paragraph (1).

(g) Approval or conditional approval of a development occurs, for the purposes of this section, when the tentative map, tentative parcel map, or parcel map is approved or conditionally approved or when the parcel map is recorded if a tentative map or tentative parcel map is not required.

(h) The imposition of fees, dedications, reservations, or other exactions occurs, for the purposes of this section, when they are imposed or levied on a specific development.

CHAPTER 550

An act to add Section 6411 to the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor September 15, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 6411 is added to the Revenue and Taxation Code, to read:

6411. (a) The storage, use, or other consumption in this state of tangible personal property becoming a component part of any railroad equipment in the course of repairing, cleaning, altering, or improving that railroad equipment outside of this state, and charges made for labor and services rendered with respect to that repairing, cleaning, altering, or improving, are exempt from the use tax.

(b) For purposes of this section, "railroad equipment" includes locomotives, freight and passenger cars, maintenance of way equipment, and any other equipment riding on flanged wheels and owned or used by a common carrier engaged in interstate or foreign commerce, or by any person for the purpose of leasing that equipment to a common carrier engaged in interstate or foreign commerce.

SEC. 2. Notwithstanding Section 2230 of the Revenue and Taxation Code, no appropriation is made by this act and the state shall

not reimburse any local agency for any sales and use tax revenues lost by it under this act.

SEC. 3. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 551

An act to amend Section 19412 of the Business and Professions Code, relating to horseracing, and making an appropriation therefor.

[Approved by Governor September 15, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 19412 of the Business and Professions Code is amended to read:

19412. (a) "Conventional parimutuel pool" means the total wagers under the parimutuel system on any horse or horses in a particular race to win, place, or show.

(b) "Exotic parimutuel pool" means the total wagers under the parimutuel system on the finishing position of two or more horses in a particular race, such as quinella or exacta wagers, or on horses to win two or more races, such as daily double wagers, pick six wagers, or on other wagers approved by the board.

(c) "Proposition parimutuel pool" means the total wagers under the parimutuel system on propositions approved by the board that are based on the results of a live quarter horse horserace. The total wagers made in the proposition parimutuel pool are subject to the same licensee fee as exotic wagers on a live quarter horse race, and commissions and purses shall be distributed in the amounts mutually agreed upon by the association and the organization representing the horsemen and horsewomen.

CHAPTER 552

An act to amend Section 8820 of the Education Code, relating to education.

[Approved by Governor September 15, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 8820 of the Education Code is amended to read:

8820. This chapter shall remain in effect only until January 1, 2003, and, as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2003, deletes or extends that date.

CHAPTER 553

An act to add Chapter 6 (commencing with Section 31300) to Division 17 of the Streets and Highways Code, relating to highways, and making an appropriation therefor.

[Approved by Governor September 15, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) It is essential for the economic well-being of the state and for the maintenance of a high quality of life that the people of the State of California receive the full benefits of international trade under the North American Free Trade Agreement.

(b) International trade between California and Mexico is growing at a rapid rate and the number of commercial vehicles crossing the California-Mexico border is expected to double by the beginning of the 21st century.

(c) Trade passing through California's portion of the United States-Mexico border region benefits every state in the union and contributes heavily to the nation's trade with the countries of the Pacific Rim.

(d) Commercial traffic between the United States and Mexico using California's ports of entry is placing extreme demands on the state's border transportation assets which were not designated for these purposes.

(e) In ratifying the North American Free Trade Agreement, neither Congress nor the President provided border states with meaningful financial assistance to help states prepare for the increased commercial traffic.

(f) Public revenues to provide for an efficient border region transportation system have not kept pace with the growth of commercial traffic crossing the international border with Mexico.

(g) The state must seek all reasonable alternatives to address unmet border transportation needs and to improve existing transportation facilities.

(h) In the absence of adequate federal and state public funding, public toll transportation facilities should be encouraged as a temporary supplement to limited public resources.

SEC. 2. Chapter 6 (commencing with Section 31300) is added to Division 17 of the Streets and Highways Code, to read:

CHAPTER 6. BORDER REGION TOLL FACILITIES

31300. (a) Tolls may be imposed by the commission on segments of newly constructed state highway routes, as described in subdivision (b), if transportation facilities, including, but not limited to, additional highways and capacity enhancing improvements to existing highways, are needed to accommodate additional commercial traffic resulting from the North American Free Trade Agreement, and federal funds have not been made available to the state for those purposes. In addition, for state highway routes and transportation facilities constructed on or after January 1, 1997, the cost may be borne by a combination of tolls, toll-backed bonds, and any other state and federal funds that may be available for those purposes, on a project-by-project basis.

(b) The imposition of tolls pursuant to subdivision (a) is limited to Route 7, from the new international border crossing near Calexico to Route 8 near El Centro in Imperial County.

(c) Tolls imposed on any route described in this section shall be discontinued upon the happening of either of the following: (1) federal funds are received for the cost of the improvements to that route, which funds are in addition to the normal apportionment of federal funds to California and are for the specific purpose of mitigating the impacts of the North American Free Trade Agreement, or (2) the cost of those improvements is fully paid.

31302. The department shall be responsible for the collection of tolls imposed by the commission pursuant to Section 31300. The department shall transmit the toll revenues to the Controller for deposit in the Highway Toll Revenue Account, which is hereby created in the State Transportation Fund.

31304. Notwithstanding Section 13340 of the Government Code, funds in the Highway Toll Revenue Account required to meet the obligations assumed by the commission under any bond resolution adopted pursuant to Section 31306 are continuously appropriated to the commission for that purpose. Upon appropriation by the Legislature, the commission shall allocate the remaining funds to the department for the purpose of constructing additional highways or making capacity enhancing improvements to existing highways to accommodate additional commercial traffic resulting from the North American Free Trade Agreement.

31306. The commission may issue revenue bonds for the purpose of obtaining funds for constructing additional highways or for making capacity enhancing improvements to existing highways to

accommodate additional commercial traffic resulting from the North American Free Trade Agreement. The sole security for the payment of principal and interest on the bonds shall be revenues derived from the tolls imposed pursuant to Section 31300. In authorizing and issuing bonds pursuant to this chapter, the commission and the department shall, to the fullest extent feasible, follow the procedures and requirements of Article 5 (commencing with Section 30200) of Chapter 1 of Division 17.

[Approved by Governor September 15, 1996. Filed with Secretary of State September 16, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 99207.5 is added to the Public Utilities Code, to read:

99207.5. In Los Angeles County, an "eligible municipal operator" is a transit operator that has been designated eligible to receive formula-equivalent funds allocable for transit operating purposes, other than funds specifically included in the formula allocation program.

SEC. 2. Section 99285 of the Public Utilities Code is amended to read:

99285. (a) The county transportation commissions created pursuant to Division 12 (commencing with Section 130000), including those agencies in Los Angeles County created by statute that assume the same statutory obligations as county transportation commissions, shall submit to the transportation planning agency those claims to be funded, and the transportation planning agency shall approve only those claims submitted.

(b) Each commission shall adopt appropriate criteria by which claims shall be analyzed and evaluated, and shall approve only those claims which will provide for a coordinated public transportation system consistent with the adopted transportation improvement program and adopted regional transportation plan and which will not result in undesirable duplication of public transportation services.

(c) In considering proposals, the Los Angeles County Metropolitan Transportation Authority shall consider, among other things, the fare revenue to operating cost ratio and the public transit service mileage of each operator in the authority operating area, but under no circumstances shall the included municipal operators in existence and receiving formula allocation program funding on July

1, 1996, receive less than the percentage of state, federal, and local funds allocated in the 1995–96 fiscal year for bus services. An operator designated as an included municipal operator effective July 1, 1996, shall, under no circumstances, receive less than its percentage of state, federal, and local funds for eligible services pursuant to the formula specified in subdivision (d).

Under no circumstances shall included or eligible municipal operators, as defined in Sections 99207 and 99207.5, respectively, in existence on July 1, 1996, and receiving formula-equivalent funding from sources other than federal operating funds pursuant to Section 5307 of Title 49 of the United State Code, and funds claimed under Article 4 (commencing with Section 99260) and Article 6.5 (commencing with Section 99310) of this chapter receive less than the proportional share allocated during the 1995–96 fiscal year from the Proposition A 40 percent fund and other available funding sources.

(d) Commencing with the 1996–97 fiscal year, eligible and included municipal operators and the Los Angeles County Metropolitan Transportation Authority shall continue to be allocated not less than the amount that would be allocated to them under the formula allocation procedure in effect July 1, 1995, and under subdivision (i). Based upon audited transit performance data submitted for bus transit operations covering the most recent year for which audited data is available, each of those operator's share of the funds available for allocation shall be calculated as follows: 50 percent of the operator's vehicle service miles, and 50 percent of the operator's passenger revenues divided by its base cash fare.

(e) A three-fourths vote of the principal members of the Los Angeles County Metropolitan Transportation Authority shall be required to modify the formulas for allocating of funds available for bus service under this section to the authority operator and included and eligible municipal operators, as defined or described in Sections 99207, 99207.5, and 130050.2.

(f) (1) A two-thirds vote of the members shall be required in order to establish or change the criteria for admitting new included municipal operators for eligibility for funds allocated under Article 4 (commencing with Section 99260).

(2) A two-thirds vote of the members shall be required, based on the criteria in effect under paragraph (1), to allocate funds under Article 4 (commencing with Section 99260) to any "included municipal operator," as defined in subdivision (d) of Section 99207, which has not previously received funds under this article.

(g) The Los Angeles County Metropolitan Transportation Authority shall give equal consideration to the capital projects of all operators in the county, and shall allocate regional federal bus transit capital funds based on the authority's capital allocation procedure existing on July 1, 1995, exclusive of funds specifically earmarked by federal law for other purposes.

(h) It is the intent of the Legislature that neither this section nor the creation of the Los Angeles County Metropolitan Transportation Authority and its operating organizational unit shall impact the allocation of funds pursuant to Article 8 (commencing with Section 99400) by local agencies currently eligible to receive these funds.

(i) As part of the formula allocation procedure used to distribute from a state transit assistance fund, the Mills-Deddeh Transportation Development Act (Division 11 (commencing with Section 120000) of the Public Utilities Code), Section 5307 of Title 49 of the United States Code, and Proposition A 40 percent funds pursuant to this chapter, and federal operating funds to Los Angeles County operators, eligible and included municipal operators designated on September 25, 1991, or July 1, 1992, who, since that time, have received annual allocations of local sales tax funding in lieu of specified formula funds, shall continue to receive those same formula-equivalent levels of funding from local discretionary sources. Included municipal operators who receive annual allocations of local sales tax funding for specified services or service levels shall continue to receive equivalent levels of funding allocated from local sources for these services in the 1995–96 fiscal year.

(j) Ninety percent of the Proposition C 5 percent security funds shall be allocated to the included and eligible municipal operators and the Los Angeles County Metropolitan Transportation Authority according to their proportionate number of transit passengers served. The funds shall be allocated only to those operators which have filed with the Los Angeles County Metropolitan Transportation Authority a cost-effective program to provide transit security services. Any unallocated funds shall revert to the remaining balance of security funds which shall be disbursed at the discretion of the Los Angeles County Metropolitan Transportation Authority.

(k) This section shall not impact or restrict the use of those portions of Mills-Deddeh Transportation Development Act, Proposition A, or Proposition C local return or other transportation funds allocated to cities or counties by population nor shall this section restrict the level or source of funding programmed by local jurisdiction to operators.

SECTION 1. Section 170.9 of the Code of Civil Procedure is amended to read:

170.9. (a) No judge shall accept gifts from any single source in any calendar year with a total value of more than two hundred fifty dollars ($250). This section shall not be construed to authorize the receipt of gifts that would otherwise be prohibited by the California Code of Judicial Ethics adopted by the California Supreme Court or any other provision of law.

(b) This section shall not prohibit or limit the following:

(1) Payments, advances, or reimbursements for travel and related lodging and subsistence permitted by subdivision (e).

(2) Wedding gifts and gifts exchanged between individuals on birthdays, holidays and other similar occasions, provided that the gifts exchanged are not substantially disproportionate in value.

(3) A gift, bequest, favor, or loan from any person whose preexisting relationship with a judge would prevent the judge from hearing a case involving that person, under the Code of Judicial Ethics adopted by the California Supreme Court.

(c) For purposes of this section, "judge" means judges of the municipal or superior courts, and justices of the courts of appeal or the Supreme Court.

(d) The gift limitation amounts in this section shall be adjusted biennially by the Commission on Judicial Performance to reflect changes in the Consumer Price Index, rounded to the nearest ten dollars ($10).

(e) Payments, advances, or reimbursements, for travel, including actual transportation and related lodging and subsistence which is reasonably related to a judicial or governmental purpose, or to an issue of state, national, or international public policy, is not prohibited or limited by this section if any of the following apply:

(1) The travel is in connection with a speech, practice demonstration, or group or panel discussion given or participated in by the judge, the lodging and subsistence expenses are limited to the day immediately preceding, the day of, and the day immediately following the speech, demonstration, or discussion, and the travel is within the United States.

(2) The travel is provided by a government, a governmental agency or authority, a foreign government, a foreign bar association, an international service organization, a bona fide public or private educational institution, as defined in Section 203 of the Revenue and Taxation Code, or a nonprofit charitable or religious organization which is exempt from taxation under Section 501(c)(3) of the Internal Revenue Code, or by a person domiciled outside the United States who substantially satisfies the requirements for tax exempt status under Section 501(c)(3) of the Internal Revenue Code.

For purposes of this section, "foreign bar association" means an association of attorneys located outside the United States (A) that performs functions substantially equivalent to those performed by state or local bar associations in this state and (B) that permits membership by attorneys in that country representing various legal specialties and does not limit membership to attorneys generally representing one side or another in litigation. A judge who accepts travel payments from an international service organization pursuant to this

For purposes of this section, "teaching" shall include presentations to impart educational information to lawyers in events qualifying for credit under Mandatory Continuing Legal Education, to students in bona fide educational institutions, and to associations or groups of judges.

(*l*) "Gift" means any payment to the extent that consideration of equal or greater value is not received and includes a rebate or discount in the price of anything of value unless the rebate or discount is made in the regular course of business to members of the public without regard to official status. Any person, other than a defendant in a criminal action, who claims that a payment is not a gift by reason of receipt of consideration has the burden of proving that the consideration received is of equal or greater value. However, the term "gift" does not include:

(1) Informational material such as books, reports, pamphlets, calendars, periodicals, cassettes and discs, or free or reduced-price admission, tuition, or registration, for informational conferences or seminars. (m) The Commission on Judicial Performance shall enforce the prohibitions of this section.

The medical care authorized by this caregiver who is a relative may include mental health treatment subject to the limitations of Section 2356 of the Probate Code.

(b) The affidavit shall not be valid for more than one year after the date on which it is executed.

(c) The decision of a caregiver to consent to or to refuse medical or dental care for a minor shall be superseded by any contravening decision of the parent or other person having legal custody of the minor, provided the decision of the parent or other person having legal custody of the minor does not jeopardize the life, health, or safety of the minor.

(d) No person who acts in good faith reliance on a caregiver's authorization affidavit to provide medical or dental care, without actual knowledge of facts contrary to those stated on the affidavit, is subject to criminal liability or to civil liability to any person, or is

subject to professional disciplinary action, for such reliance if the applicable portions of the affidavit are completed.

This subdivision shall apply even if medical or dental care is provided to a minor in contravention of the wishes of the parent or other person having legal custody of the minor as long as the person providing the medical or dental care has no actual knowledge of the wishes of the parent or other person having legal custody of the minor.

(e) A person who relies on the affidavit has no obligation to make any further inquiry or investigation.

(f) Nothing in this section shall relieve any individual from liability for violations of other provisions of law.

(g) If the minor stops living with the caregiver, the caregiver shall notify any school, health care provider, or health care service plan that has been given the affidavit.

(h) A caregiver's authorization affidavit shall be invalid unless it substantially contains, in not less than 10-point boldface type or a reasonable equivalent thereof, the warning statement beginning with the word "warning" specified in Section 6552. The warning statement shall be enclosed in a box with 3-point rule lines.

SEC. 3. Section 6102 of the Government Code is repealed.

SEC. 4. Section 1283 of the Health and Safety Code is amended to read:

(b) A health facility shall report to the State Department of Health Services, on forms supplied by the department, the name and address of any person and, in the case of a person acting as an agent for an organization, the name and address of the organization, into whose physical custody a minor under the age of 16 is surrendered, other than a parent, relative by blood or marriage, or person having legal custody. This report shall be transmitted to the department within 48 hours of the surrendering of custody. No report to the department is required if a minor under the age of 16 is transferred to another health facility for further care or if this minor comes within Section 300, 601, or 602 of the Welfare and Institutions Code and is released to an agent of a public welfare, probation, or law enforcement agency.

The notice shall be accompanied by a copy of the petition. The court may not shorten the time for giving the notice of hearing under this section.

(h) Before the appointment of a guardian is made, proof shall be made to the court that each person entitled to notice under this section either:

(1) Has been given notice as required by this section.

(2) Has not been given notice as required by this section because the person cannot with reasonable diligence be given the notice or because the giving of notice to that person would be contrary to the interest of justice.

SEC. 7. Section 1513 of the Probate Code is amended to read:

1513. (a) Unless waived by the court, a court investigator, probation officer, or domestic relations investigator may make an investigation and file with the court a report and recommendation concerning each proposed guardianship of the person or guardianship of the estate. Investigations where the proposed guardian is a relative shall be made by a court investigator. Investigations where the proposed guardian is a nonrelative shall be made by the county agency designated to investigate potential dependency. The report for the guardianship of the person shall include, but need not be limited to, an investigation and discussion of all of the following:

(1) A social history of the guardian.

(2) A social history of the proposed ward, including, to the extent feasible, an assessment of any identified developmental, emotional, psychological, or educational needs of the proposed ward and the capability of the petitioner to meet those needs.

(3) The relationship of the proposed ward to the guardian, including the duration and character of the relationship, where applicable, the circumstances whereby physical custody of the

proposed ward was acquired by the guardian, and a statement of the proposed ward's attitude concerning the proposed guardianship, unless the statement of the attitude is affected by the proposed ward's developmental, physical, or emotional condition.

(4) The anticipated duration of the guardianship and the plans of both natural parents and the proposed guardian for the stable and permanent home for the child. The court may waive this requirement for cases involving relative guardians.

(b) The report shall be read and considered by the court prior to ruling on the petition for guardianship, and shall be reflected in the minutes of the court. The person preparing the report may be called and examined by any party to the proceeding.

(c) If the investigation finds that any party to the proposed guardianship alleges the minor's parent is unfit, as defined by Section 300 of the Welfare and Institutions Code, the case shall be referred to the county agency designated to investigate potential dependencies. Guardianship proceedings shall not be completed until the investigation required by Sections 328 and 329 of the Welfare and Institutions Code is completed and a report is provided to the court in which the guardianship proceeding is pending.

(d) The report authorized by this section is confidential and shall only be made available to persons who have been served in the proceedings or their attorneys. The county clerk shall make provisions for the limitation of the report exclusively to persons entitled to its receipt.

(e) For the purpose of writing the report authorized by this section, the person making the investigation and report shall have access to the proposed ward's school records, probation records, and public and private social services records, and to an oral or written summary of the proposed ward's medical records and psychological records prepared by any physician, psychologist, or psychiatrist who made or who is maintaining those records. The physician, psychologist, or psychiatrist shall be available to clarify information regarding these records pursuant to the investigator's responsibility to gather and provide information for the court.

(f) This section does not apply to guardianships resulting from a permanency plan for a dependent child pursuant to Section 366.25 of the Welfare and Institutions Code.

(g) For purposes of this section, a "relative" means a person who is a spouse, parent, stepparent, brother, sister, stepbrother, stepsister, half-brother, half-sister, uncle, aunt, niece, nephew, first cousin, or any person denoted by the prefix "grand" or "great," or the spouse of any of these persons, even after the marriage has been terminated by death or dissolution.

the estate of the proposed ward, for county expenses for any investigation or review conducted by the court investigator, probation officer, or domestic relations investigator incurred pursuant to Section 1513. A county may waive any or all of an assessment against the guardianship on the basis of hardship. There shall be a rebuttable presumption that the assessment would impose a hardship if the ward is receiving Medi-Cal benefits.

(b) Any amount chargeable as state-mandated local costs incurred by a county for the cost of the investigation or review pursuant to Section 1513 shall be reduced by any assessments actually collected pursuant to subdivision (a) during that fiscal year.

SEC. 9. Section 1851.5 of the Probate Code is amended to read:

1851.5. (a) Each county shall annually assess each conservatee in the county for any investigation or review conducted by a court investigator at county expense with respect to that person pursuant to Section 1826, 1850, or 1851. The court may order reimbursement to the county for the cost of the investigations required by statute, unless the court finds that the assessment would pose a hardship to the estate. There shall be a rebuttable presumption that the assessment would impose a hardship if the ward is receiving Medi-Cal benefits.

(b) Any amount otherwise owing to a county pursuant to Article XIII B of the California Constitution and Sections 17561 and 17565 of the Government Code for costs incurred by the county for the costs of investigation or review by court investigators pursuant to Sections 1826, 1850, and 1851 shall be reduced by the amount of any assessments actually collected during the fiscal year pursuant to subdivision (a).

SEC. 10. Section 1890 of the Probate Code is amended to read:

1890. (a) An order of the court under Section 1880 may be included in the order of appointment of the conservator if the order was requested in the petition for the appointment of the conservator or, except in the case of a limited conservator, may be made subsequently upon a petition made, noticed, and heard by the court in the manner provided in this article.

(b) In the case of a petition filed under this chapter requesting that the court make an order under this chapter or that the court modify or revoke an order made under this chapter, when the order applies to a limited conservatee, the order may only be made upon a petition made, noticed, and heard by the court in the manner provided by Article 3 (commencing with Section 1820) of Chapter 1.

(c) Any request for a court order under Section 1880, whether made as part of the original petition for appointment of a conservator or subsequent thereto, shall be supported by a declaration, filed at or before the hearing on the request, executed by a licensed physician, or a licensed psychologist within the scope of his or her licensure, and stating that the proposed conservatee or the conservatee, as the case

may be, lacks the capacity to give an informed consent for any form of medical treatment and the reasons therefor. Nothing in this section shall be construed to expand the scope of practice of psychologists as set forth in the Business and Professions Code.

SEC. 11. Section 2252 of the Probate Code is amended to read:

2252. (a) Except as otherwise provided in subdivisions (b) and (c), a temporary guardian or temporary conservator has only those powers and duties of a guardian or conservator that are necessary to provide for the temporary care, maintenance, and support of the ward or conservatee and that are necessary to conserve and protect the property of the ward or conservatee from loss or injury.

(b) Unless the court otherwise orders:

(1) A temporary guardian of the person has the powers and duties specified in Section 2353 (medical treatment).

(2) A temporary conservator of the person has the powers and duties specified in Section 2354 (medical treatment).

(3) A temporary guardian of the estate or temporary conservator of the estate may marshal assets and establish accounts at financial institutions.

(c) The temporary guardian or temporary conservator has the additional powers and duties as may be ordered by the court (1) in the order of appointment or (2) by subsequent order made with or without notice as the court may require. Notwithstanding subdivision (e), those additional powers and duties may include relief granted pursuant to Article 10 (commencing with Section 2580) of Chapter 6 if this relief is not requested in a petition for the appointment of a temporary conservator but is requested in a separate petition.

(d) The terms of any order made under subdivision (b) or (c) shall be included in the letters of temporary guardianship or conservatorship.

(e) A temporary conservator is not permitted to sell or relinquish, on the conservatee's behalf, any lease or estate in real or personal property used as or within the conservatee's place of residence without the specific approval of the court. This approval may be granted only if the conservatee has been served with notice of the hearing, the notice to be personally delivered to the temporary conservatee unless the court for good cause otherwise orders, and only if the court finds that the conservatee will be unable to return to the residence and exercise dominion over it and that the action is necessary to avert irreparable harm to the conservatee. The temporary conservator is not permitted to sell or relinquish on the conservatee's behalf any estate or interest in other real or personal property without specific approval of the court, which may be granted only upon a finding that the action is necessary to avert irreparable harm to the conservatee. A finding of irreparable harm as to real property may be based upon a reasonable showing that the real property is vacant, that it cannot reasonably be rented, and that

it is impossible or impractical to obtain fire or liability insurance on the property.

SEC. 12. Section 2622.5 is added to the Probate Code, to read:

2622.5. (a) If the court determines that the objections were without reasonable cause and in bad faith, the court may order the objector to pay the compensation and costs of the conservator or guardian and other expenses and costs of litigation, including attorney's fees, incurred to defend the account. The objector shall be personally liable to the guardianship or conservatorship estate for the amount ordered.

(b) If the court determines that the opposition to the objections was without reasonable cause and in bad faith, the court may award the objector the costs of the objector and other expenses and costs of litigation, including attorney's fees, incurred to contest the account. The amount awarded is a charge against the compensation of the guardian or conservator, and the guardian or conservator is liable personally and on the bond, if any, for any amount that remains unsatisfied.

SEC. 13. Section 2631 of the Probate Code is amended to read:

2631. (a) Upon the death of the ward or conservatee, the guardian or conservator may contract for and pay a reasonable sum for the expenses of the last illness and the disposition of the remains of the deceased ward or conservatee, and for unpaid court-approved attorney's fees, and may pay the unpaid expenses of the guardianship or conservatorship accruing before or after the death of the ward or conservatee, in full or in part, to the extent reasonable, from any personal property of the deceased ward or conservatee which is under the control of the guardian or conservator.

(b) If after payment of expenses under subdivision (a), the total market value of the remaining estate of the decedent does not exceed the amount determined under Section 13100, the guardian or conservator may petition the court for an order permitting the guardian or conservator to liquidate the decedent's estate. The guardian or conservator may petition even though there is a will of the decedent in existence if the will does not appoint an executor or if the named executor refuses to act. No notice of the petition need be given. If the order is granted, the guardian or conservator may sell personal property of the decedent, withdraw money of the decedent in an account in a financial institution, and collect a debt, claim, or insurance proceeds owed to the decedent or the decedent's estate, and a person having possession or control shall pay or deliver the money or property to the guardian or conservator.

(c) After payment of expenses, the guardian or conservator may transfer any remaining property as provided in Division 8 (commencing with Section 13000). For this purpose, the value of the property of the deceased ward or conservatee shall be determined after the deduction of the expenses so paid.

SEC. 14. Section 2751 of the Probate Code is amended to read:

2751. (a) Except as provided in subdivisions (b) and (c), an appeal pursuant to Section 2750 stays the operation and effect of the judgment or order.

(b) Notwithstanding that an appeal is taken from the judgment or order, for the purpose of preventing injury or loss to person or property, the trial court may direct the exercise of the powers of the guardian or conservator, or may appoint a temporary guardian or conservator of the person or estate, or both, to exercise the powers, from time to time, as though no appeal were pending. All acts of the guardian or conservator, or temporary guardian or temporary conservator, pursuant to the directions of the court made under this subdivision are valid, irrespective of the result of the appeal. An appeal of the directions made by the court under this subdivision may not stay these directions.

(c) In proceedings for guardianship of the person, Section 917.7 of the Code of Civil Procedure shall apply.

SEC. 15. Section 3204 of the Probate Code is amended to read:

CHAPTER 564

An act to amend Section 14132.22 of the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor September 15, 1996. Filed with Secretary of State September 17, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 14132.22 of the Welfare and Institutions Code is amended to read:

14132.22. (a) (1) Transitional inpatient care services, as described in this section and provided by a qualified health facility, is a covered benefit under this chapter, subject to utilization controls and subject to the availability of federal financial participation. These services shall be available to individuals needing short-term medically complex or intensive rehabilitative services, or both.

(2) The department shall seek any necessary approvals from the federal Health Care Financing Administration to ensure that transitional inpatient care services, when provided by a general acute care hospital, will be considered for purposes of determining whether a hospital is deemed to be a disproportionate share hospital pursuant to Section 1396r-4(b) of Title 42 of the United States Code or any successor statute.

(3) Transitional inpatient care services shall be available to Medi-Cal beneficiaries who do not meet the criteria for eligibility for the subacute program provided for pursuant to Section 14132.25, but who need more medically complex and intensive rehabilitative services than are generally available in a skilled nursing facility, and who are clinically stable and no longer need the level of diagnostic and ancillary services provided generally in an acute care facility.

(b) For purposes of this section, "transitional inpatient care" means the level of care needed by an individual who has suffered an illness, injury, or exacerbation of a disease, and whose medical condition has clinically stabilized so that daily physician services and the immediate availability of technically complex diagnostic and invasive procedures usually available only in the acute care hospital are not medically necessary, and when the physician assuming the responsibility of treatment management of the patient in transitional care has developed a definitive and time-limited course of treatment. The individual's care needs may be medical, rehabilitative, or both. However, the individual shall fall within one of the two following patient groups:

(1) "Transitional medical patient," which means a medically stable patient with short-term transitional care needs, whose primary barrier to discharge to a residential setting is medical status rather than functional status. These patients may require simple rehabilitation therapy, but not a rehabilitation program appropriate for multiple interrelated areas of functional disability.

(2) "Transitional rehabilitation patient," which means a medically stable patient with short-term transitional care needs, whose primary barrier to discharge to a residential setting is functional status, rather

than medical status, and who has the capacity to benefit from a rehabilitation program as determined by a physiatrist or physician otherwise skilled in rehabilitation medicine. These patients may have unresolved medical problems, but these problems must be sufficiently controlled to allow participation in the rehabilitation program.

(c) In implementing the transitional inpatient care program the department shall consider the differences between the two patient groups described in paragraphs (1) and (2) of subdivision (b) and shall assure that each group's specific health care needs are met.

(d) For the initial two years following the implementation of this program, transitional inpatient care services shall be made available only to qualifying Medi-Cal beneficiaries who are 18 years of age or older.

(e) For the initial two years following implementation of this program, transitional inpatient care services shall not be available to patients in acute care hospitals defined as small and rural pursuant to Section 1188.855 of the Health and Safety Code.

(f) (1) Transitional inpatient care services may be provided by general acute care hospitals that are licensed pursuant to Chapter 2 (commencing with Section 1250) of Division 2 of the Health and Safety Code. General acute care hospitals may provide transitional inpatient care services in the acute care hospital, an acute rehabilitation center, or the distinct part skilled nursing unit of the acute care hospital. Licensed skilled nursing facilities, as defined in subdivision (c) of Section 1250 of the Health and Safety Code that are certified to participate as a nursing facility in the Medicare and medicaid programs, pursuant to Titles XVIII and XIX of the federal Social Security Act, and licensed congregate living health facilities, as defined in Section 1265.7 of the Health and Safety Code, that are certified to participate as a nursing facility in the Medicare and medicaid programs pursuant to Titles XVIII and XIX of the federal Social Security Act, may also provide the services described in subdivision (b).

(2) Costs of providing transitional inpatient care services in nonsegregated parts of the distinct part skilled nursing unit of the acute care hospital shall be determinable, in the absence of distinct and separate cost centers established for this purpose. Costs of providing transitional inpatient care services in nondistinct parts of the acute care hospital shall be determinable, in the absence of distinct and separate cost centers established for this purpose. A separate and distinct cost center shall be maintained or established for each unit in freestanding certified nursing facilities in which the services described in subdivision (b) are provided, in order to identify and segregate costs for transitional inpatient care patients from costs for other patients who may be served within the parent facility.

(g) In order to participate as a provider in the transitional inpatient care program, a facility shall meet all applicable standards necessary for participation in the Medi-Cal program and all of the following:

(1) If the health facility is a freestanding certified nursing facility, it shall be located in close proximity to a general acute care hospital with which the facility has a transfer agreement in order to support the capability to respond to medical emergencies.

(2) The health facility shall demonstrate, to the department, competency in providing high quality care to all patients for whom the facility provides care, experience in providing high quality care to the types of transitional inpatient care patients the facility proposes to serve, and the ability to provide transitional inpatient care to patients pursuant to this chapter.

(3) The health facility shall enter into a provider agreement with the department for the provision of transitional inpatient care. The provider agreement shall specify whether the facility is authorized to serve transitional medical patients or transitional rehabilitation patients or both, depending on the facility's demonstrated ability to meet standards specific to each patient group. Continuation of the provider agreement shall be contingent upon the facility's continued compliance with all the applicable requirements of this section and any other applicable laws or regulations.

(h) In determining a facility's qualifications for initial participation, an onsite review shall be conducted by the department. Subsequent review shall be conducted onsite as necessary, but not less frequently than annually. Initial and subsequent reviews shall be conducted by appropriate department personnel, which shall include a registered nurse and other health professionals where appropriate. The department shall develop written protocols for reviews.

(i) Transitional inpatient care services shall be available to patients receiving care in an acute care hospital. Under specified circumstances, as set forth in regulations, transitional inpatient care shall be available to patients transferring directly from a nursing facility level of care, a physician's office, a clinic, or from the emergency room of a general acute care hospital, provided they have received a comprehensive medical assessment conducted by a physician, and the physician determines, and documents in the medical record, that the patient has been clinically stable for the 24 hours preceding admission to the transitional inpatient care program.

(j) A health facility providing transitional inpatient care shall accept and retain only those patients for whom it can provide adequate, safe, therapeutic, and effective care, and as identified in its application for participation as a transitional inpatient care provider. The facility's determination to accept a patient into the transitional

inpatient care unit shall be based on its preadmission screening process conducted by appropriate facility personnel.

(k) The department shall establish a process for providing timely, concurrent authorization and coordination, as required, of all medically necessary services for transitional inpatient care.

(*l*) The department shall adopt regulations specifying admission criteria and an admission process appropriate to each of the transitional inpatient care patient groups specified in subdivision (b). Patient admission criteria to transitional inpatient care shall include, but not be limited to, the following:

(1) Prior to admission to transitional inpatient care, the patient shall be determined to have been clinically stable for the preceding 24 hours by the attending physician and the physician assuming the responsibility of treatment management of the patient in the transitional inpatient care program.

(2) The patient shall be admitted to transitional inpatient care on the order of the physician assuming the responsibility of the management of the patient, with an established diagnosis, and an explicit time-limited course of treatment of sufficient detail to allow the facility to initiate appropriate assessments and services. No patient shall be transferred from an acute care hospital to a transitional inpatient care program that is in a freestanding certified nursing facility if the patient's attending physician documents in the medical record that the transfer would cause physical or psychological harm to the patient.

(3) (A) Medical necessity for transitional care shall include, but not be limited to, one or more of the following:

(i) Intravenous therapy.

(ii) Rehabilitative services.

(iii) Wound care.

(iv) Respiratory therapy.

(v) Traction.

(B) The department shall develop regulations further defining the services to be provided pursuant to clauses (i) to (v), inclusive, and the circumstances under which these services shall be provided.

(m) Registered nurses shall be assigned to the transitional inpatient care unit at all times and in sufficient numbers to allow for the ongoing patient assessment, patient care, and supervision of licensed and unlicensed staff. Participating facilities shall assure that staffing is adequate in number and skill mix, at all times, to address reasonably anticipated admissions, discharges, transfers, patient emergencies, and temporary absences of staff from the transitional care unit including, but not limited to, absences to attend meetings or inservice training. All licensed and certified health care personnel shall hold valid, current licensure or certification.

(n) Continued medical assessments shall be of sufficient frequency as to adequately review, evaluate, and alter plans of care as needed in response to patients' medical progress.

(o) The department shall develop a rate of reimbursement for transitional inpatient care services for providers as specified in subdivision (f). Reimbursement rates shall be specified in regulation and in accordance with methodologies developed by the department and may include the following:

(1) All inclusive per diem rates.

(2) Individual patient specific rates according to the needs of the individual transitional care patient.

(3) Other rates subject to negotiation with the health facility.

(p) Reimbursement at transitional inpatient care rates shall only be implemented when funds are available for this purpose pursuant to the annual Budget Act. Funds expended to implement this section shall be used by providers to assure safe, therapeutic and effective patient care by staffing at levels which meet patients' needs, and to ensure that these providers have the needed resources and staff to provide quality care to transitional inpatient care patients.

(q) (1) The department shall reimburse physicians for all medically necessary care provided to transitional inpatient care patients and shall establish Medi-Cal physician reimbursement rates commensurate with those for visits to nontransitional acute care patients in acute care hospitals.

(2) It is the intent of this subdivision to cover physician costs not included in the per diem rate.

(r) No later than January 1, 1999, the department shall evaluate, and make recommendations regarding, the effectiveness and safety of the transitional inpatient care program. The evaluation shall be developed in consultation with representatives of providers, facility employees, and consumers. The department may contract for all or a portion of the evaluation. The evaluation shall be for the purpose of determining the impact of the transitional inpatient care program on patient care, including functional outcomes, if applicable, on whether the care costs less than other alternatives, and whether it results in the deterioration of patient health and safety as compared to other placements. The evaluation shall also be for the purpose of determining the effect on patients other than those receiving transitional inpatient care in participating facilities. The evaluation shall include:

(1) Data on patient mortality, patients served, length of stay, and subsequent placement or discharge.

(2) Data on readmission to acute care and emergency room transfers.

(3) Staffing standards in the facilities.

(4) Other outcome measures and indicia of patient health and safety otherwise required to be reported by federal or state law.

(s) The department shall develop regulations to amend Sections 51540 to 51556, inclusive, of Title 22 of the California Code of Regulations, to exclude the cost of transitional inpatient care services

rendered in general acute care hospitals from the hospital's inpatient services reimbursement.

(t) The department may adopt emergency regulations as necessary to implement this section in accordance with the Administrative Procedures Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The initial adoption of emergency regulations shall be deemed to be an emergency and considered by the Office of Administrative Law as necessary for the immediate preservation of public peace, health and safety, or general welfare. Emergency regulations adopted pursuant to this section shall remain in effect for no more than 180 days. If the department adopts emergency regulations to implement this section, the department shall obtain input from interested parties to address the unique needs of medically complex and intensive rehabilitative patients qualifying for transitional inpatient care. Notwithstanding the requirements of this section, the department shall, if it adopts emergency regulations to implement this section, address the following major subject areas:

(1) Patient selection and assessment criteria, including but not limited to, preadmission screening, patient assessments, physician services, and interdisciplinary teams.

(2) Facility participation criteria and agreements, including but not limited to, facility licensing and certification history, demonstration to the department of a preexisting history in providing care to medically complex or intensive rehabilitative patients, data reporting requirements, demonstration of continued ability to provide high quality of care to all patients, nurse staffing requirements, ancillary services, and staffing requirements.

(u) This section shall remain in effect only until January 1, 2000, and as of that date is repealed, unless a later enacted statute, that is enacted on or before January 1, 2000, deletes or extends that date.

CHAPTER 565

An act to amend Section 695.221 of the Code of Civil Procedure, and to amend Section 11350.5 of the Welfare and Institutions Code, relating to family law.

[Approved by Governor September 15, 1996. Filed with Secretary of State September 17, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 695.221 of the Code of Civil Procedure is amended to read:

695.221. Satisfaction of a money judgment for support shall be credited as follows:

(a) The money shall first be credited against the current month's support.

(b) Any remaining money is next to be credited against the accrued interest that remains unsatisfied.

(c) Any remaining money shall be credited against the principal amount of the judgment remaining unsatisfied. If the judgment is payable in installments, the remaining money shall be credited against the matured installments in the order in which they matured.

(d) In cases enforced pursuant to Part D (commencing with Section 651) of Subchapter 4 of Chapter 7 of Title 42 of the United States Code, if a lump-sum payment is collected from a support obligor who has money judgments owing to more than one family, after the implementation of the Statewide Automated Child Support System, all support collected shall be distributed pursuant to guidelines developed by the State Department of Social Services.

(e) Notwithstanding subdivisions (a), (b), and (c), a collection received as a result of a tax refund offset shall first be credited against the interest and then the principal amount of past due support that has been assigned to the state pursuant to Section 11477 of the Welfare and Institutions Code and federal regulations prior to the interest and then principal amount of any other past due support remaining unsatisfied.

SEC. 2. Section 11350.5 of the Welfare and Institutions Code is amended to read:

11350.5. (a) As authorized by subdivision (d) of Section 704.120 of the Code of Civil Procedure, the following actions shall be taken in order to enforce support obligations which are not being met. Whenever a support judgment or order has been rendered by a court of this state against an individual who is entitled to any unemployment compensation benefits or unemployment compensation disability benefits, the district attorney may file a certification of support judgment or support order with the State Department of Social Services, verifying under penalty of perjury that there is or has been a judgment or an order for support with sums overdue thereunder. The department shall periodically present and keep current, by deletions and additions, a list of the certified support judgments and orders and shall periodically notify the Employment Development Department of individuals certified as owing support obligations.

(b) If the Employment Development Department determines that an individual who owes support may have a claim for unemployment compensation disability insurance benefits under a voluntary plan approved by the Employment Development Department in accordance with Chapter 6 (commencing with Section 3251) of Part 2 of Division 1 of the Unemployment Insurance Code, the Employment Development Department shall immediately notify the voluntary plan payer. When the department notifies the Employment Development Department of changes in an

individual's support obligations, the Employment Development Department shall promptly notify the voluntary plan payer of these changes. The Employment Development Department shall maintain and keep current a record of individuals who owe support obligations who may have claims for unemployment compensation or unemployment compensation disability benefits.

(c) Notwithstanding any other provision of law, the Employment Development Department shall withhold the amounts specified below from the unemployment compensation benefits or unemployment compensation disability benefits of individuals with unmet support obligations. The Employment Development Department shall periodically forward the amounts to the State Department of Social Services for distribution to the appropriate certifying county.

(d) Notwithstanding any other provision of law, during the payment of unemployment compensation disability benefits to an individual, with respect to whom the Employment Development Department has notified a voluntary plan payer that the individual has a support obligation, the voluntary plan payer shall withhold the amounts specified below from the individual's unemployment compensation disability benefits and shall periodically forward the amounts to the appropriate certifying county.

(e) The amounts withheld in subdivisions (c) and (d) shall be equal to 25 percent of each weekly unemployment compensation benefit payment or periodic unemployment compensation disability benefit payment, rounded down to the nearest whole dollar, which is due the individual identified on the certified list. However, the amount withheld may be reduced to a lower whole dollar amount through a written agreement between the individual and district attorney's office or through an order of the court.

(f) The State Department of Social Services shall ensure that the appropriate certifying county shall resolve any claims for refunds in the amounts overwithheld by the Employment Development Department or voluntary plan payer.

(g) No later than the time of the first withholding, the individuals who are subject to the withholding shall be notified by the payer of benefits of all of the following:

(h) The individual may ask the appropriate court for an equitable division of the individual's unemployment compensation or unemployment compensation disability amounts withheld to take into account the needs of all the persons the individual is required to support.

(i) The State Department of Social Services and the Employment Development Department shall enter into any agreements necessary to carry out this section.

(j) For purposes of this section, "support obligations" means the child and related spousal support obligations which are being enforced pursuant to a plan described in Section 454 of the Social Security Act and as that section may hereafter be amended. However, to the extent "related spousal support obligation" may not be collected from unemployment compensation under federal law, those obligations shall not be included in the definition of support obligations under this section.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 566

An act to amend Sections 1947.7 and 1947.15 of the Civil Code, relating to real property.

[Approved by Governor September 15, 1996. Filed with Secretary of State September 17, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 1947.7 of the Civil Code is amended to read:

1947.7. (a) The Legislature finds and declares that the operation of local rent stabilization programs can be complex and that disputes often arise with regard to standards of compliance with the regulatory processes of those programs. Therefore, it is the intent of the Legislature to limit the imposition of penalties and sanctions against an owner of residential rental units where that person has attempted in good faith to fully comply with the regulatory processes.

(b) An owner of a residential rental unit who is in substantial compliance with an ordinance or charter that controls or establishes a system of controls on the price at which residential rental units may be offered for rent or lease and which requires the registration of rents, or any regulation adopted pursuant thereto, shall not be assessed a penalty or any other sanction for noncompliance with the ordinance, charter, or regulation.

Restitution to the tenant or recovery of the registration or filing fees due to the local agency shall be the exclusive remedies which may be imposed against an owner of a residential rental unit who is in substantial compliance with the ordinance, charter, or regulation.

"Substantial compliance," as used in this subdivision, means that the owner of a residential rental unit has made a good faith attempt to comply with the ordinance, charter, or regulation sufficient to reasonably carry out the intent and purpose of the ordinance, charter, or regulation, but is not in full compliance, and has, after receiving notice of a deficiency from the local agency, cured the defect in a timely manner, as reasonably determined by the local agency.

"Local agency," as used in this subdivision, means the public entity responsible for the implementation of the ordinance, charter, or regulation.

(c) For any residential unit which has been registered and for which a base rent has been listed or for any residential unit which an owner can show, by a preponderance of the evidence, a good faith attempt to comply with the registration requirements or who was exempt from registration requirements in a previous version of the ordinance or charter and for which the owner of that residential unit has subsequently found not to have been in compliance with the ordinance, charter, or regulation, all annual rent adjustments which may have been denied during the period of the owner's noncompliance shall be restored prospectively once the owner is in compliance with the ordinance, charter, or regulation.

(d) In those jurisdictions where, prior to January 1, 1990, the local ordinance did not allow the restoration of annual rent adjustment, once the owner is in compliance with this section the local agency may phase in any increase in rent caused by the restoration of the annual rent adjustments that is in excess of 20 percent over the rent previously paid by the tenant, in equal installments over three years, if the tenant demonstrates undue financial hardship due to the restoration of the full annual rent adjustments. This subdivision shall remain operative only until January 1, 1993, unless a later enacted statute which is chaptered by January 1, 1993, deletes or extends that date.

(e) For purposes of this subdivision, an owner shall be deemed in compliance with the ordinance, charter, or regulation if he or she is in substantial compliance with the applicable local rental registration requirements and applicable local and state housing code provisions,

has paid all fees and penalties owed to the local agency which have not otherwise been barred by the applicable statute of limitations, and has satisfied all claims for refunds of rental overcharges brought by tenants or by the local rent control board on behalf of tenants of the affected unit.

(f) Nothing in this section shall be construed to grant to any public entity any power which it does not possess independent of this section to control or establish a system of control on the price at which accommodations may be offered for rent or lease, or to diminish any power to do so which that public entity may possess, except as specifically provided in this section.

(g) In those jurisdictions where an ordinance or charter controls, or establishes a system of controls on, the price at which residential rental units may be offered for rent or lease and requires the periodic registration of rents, and where, for purposes of compliance with subdivision (e) of Section 1954.53, the local agency requires an owner to provide the name of a present or former tenant, the tenant's name and any additional information provided concerning the tenant, is confidential and shall be treated as confidential information within the meaning of the Information Practices Act of 1977 (Chapter 1 (commencing with Section 1798) of Title 1.8 of this part). A local agency shall, to the extent required by this subdivision, be considered an "agency" as defined in subdivision (b) of Section 1798.3. For purposes of compliance with subdivision (e) of Section 1954.53, a local agency subject to this subdivision may request, but shall not compel, an owner to provide any information regarding a tenant other than the tenant's name.

SEC. 2. Section 1947.15 of the Civil Code is amended to read:

1947.15. (a) The Legislature declares the purpose of this section is to:

(1) Ensure that owners of residential rental units that are subject to a system of controls on the price at which the units may be offered for rent or lease, or controls on the adjustment of the rent level, are not precluded or discouraged from obtaining a fair return on their properties as guaranteed by the United States Constitution and California Constitution because the professional expenses reasonably required in the course of the administrative proceedings, in order to obtain the rent increases necessary to provide a fair return, are not treated as a legitimate business expense.

(2) Encourage agencies which administer a system of controls on the price at which residential rental units may be offered for rent or lease, or controls the adjustment of the rent level, to enact streamlined administrative procedures governing rent adjustment petitions which minimize, to the extent possible, the cost and expense of these administrative proceedings.

(3) Ensure that the cost of professional services reasonably incurred and required by owners of residential rental units subject to a system of controls in the price at which the units may be offered

for rent or lease, or controls on the adjustments of the rent level in the course of defending rights related to the rent control system, be treated as a legitimate business expense.

(b) Any city, county, or city and county, including a charter city, which administers an ordinance, charter provision, rule, or regulation that controls or establishes a system of controls on the price at which all or any portion of the residential rental units located within the city, county, or city and county, may be offered for rent or lease, or controls the adjustment of the rent level, and which does not include a system of vacancy decontrol, as defined in subdivision (i), shall permit reasonable expenses, fees, and other costs for professional services, including, but not limited to, legal, accounting, appraisal, bookkeeping, consulting, property management, or architectural services, reasonably incurred in the course of successfully pursuing rights under or in relationship to, that ordinance, charter provision, rule, or regulation, or the right to a fair return on an owner's property as protected by the United States Constitution or California Constitution, to be included in any calculation of net operating income and operating expenses used to determine a fair return to the owner of the property. All expenses, fees, and other costs reasonably incurred by an owner of property in relation to administrative proceedings for purposes specified in this subdivision shall be included in the calculation specified in this subdivision.

(c) Reasonable fees that are incurred by the owner in successfully obtaining a judicial reversal of an adverse administrative decision regarding a petition for upward adjustment of rents shall be assessed against the respondent public agency which issued the adverse administrative decision, and shall not be included in the calculations specified in subdivisions (b) and (d).

(d) (1) Notwithstanding subdivision (b), the city, county, or city and county, on the basis of substantial evidence in the record that the expenses reasonably incurred in the underlying proceeding will not reoccur annually, may amortize the expenses for a period not to exceed five years, except that in extraordinary circumstances, the amortization period may be extended to a period of eight years. The extended amortization period shall not apply to vacant units and shall end if the unit becomes vacant during the period that the expense is being amortized. An amortization schedule shall include a reasonable rate of interest.

(2) Any determination of the reasonableness of the expenses claimed, of an appropriate amortization period, or of the award of an upward adjustment of rents to compensate the owner for expenses and costs incurred shall be made as part of, or immediately following, the decision in the underlying administrative proceeding.

(e) Any and all of the following factors shall be considered in the determination of the reasonableness of the expenses, fees, or other costs authorized by this section:

(1) The rate charged for those professional services in the relevant geographic area.

(2) The complexity of the matter.

(3) The degree of administrative burden or judicial burden, or both, imposed upon the property owner.

(4) The amount of adjustment sought or the significance of the rights defended and the results obtained.

(5) The relationship of the result obtained to the expenses, fees, and other costs incurred (that is, whether professional assistance was reasonably related to the result achieved).

(f) This section shall not be applicable to any ordinance, rule, regulation, or charter provision of any city, county, or city and county, including a charter city, to the extent that the ordinance, rule, or regulation, or charter provision places a limit on the amount of rent that an owner may charge a tenant of a mobilehome park.

(g) For purposes of this section, the rights of a property owner shall be deemed to be successfully pursued or defended if the owner obtains an upward adjustment in rents, successfully defends his or her rights in an administrative proceeding brought by the tenant or the local rent board, or prevails in a proceeding, brought pursuant to Section 1947.8 concerning certification of maximum lawful rents.

(h) (1) If it is determined that a landlord petition assisted by attorneys or consultants is wholly without merit, the tenant shall be awarded a reduction in rent to compensate for the reasonable costs of attorneys or consultants retained by the tenant to defend the petition brought by the landlord. The reasonableness of the costs of the tenant's defense of the action brought by the landlord shall be determined pursuant to the same provisions established by this section for determining the reasonableness of the landlord's costs for the professional services. The determination of the reasonableness of the expenses claimed, an appropriate amortization period, and the award of a reduction in rents to compensate the tenant for costs incurred shall be made immediately following the decision in the underlying administrative proceeding.

(2) If it is determined that a landlord's appeal of an adverse administrative decision is frivolous or solely intended to cause unnecessary delay, the public agency which defended the action shall be awarded its reasonably incurred expenses, including attorney's fees, in defending the action. As used in this paragraph, "frivolous" means either (A) totally and completely without merit; or (B) for the sole purpose of harassing an opposing party.

(i) For purposes of this section, the following terms shall have the following meanings:

(1) "Vacancy decontrol" means a system of controls on the price at which residential rental units may be offered for rent or lease which permits the rent to be increased to its market level, without restriction, each time a vacancy occurs. "Vacancy decontrol" includes systems which reimpose controls on the price at which

residential rental units may be offered for rent or lease upon rerental of the unit.

(2) "Vacancy decontrol" includes circumstances where the tenant vacates the unit of his or her own volition, or where the local jurisdiction permits the rent to be raised to market rate after an eviction for cause, as specified in the ordinance, charter provision, rule, or regulation.

(j) This section shall not be construed to affect in any way the ability of a local agency to set its own fair return standards or to limit other actions under its local rent control program other than those expressly set forth in this section.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 567

[Approved by Governor September 15, 1996. Filed with Secretary of State September 17, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 1265 of the Health and Safety Code is amended to read:

(b) The type of facility or health facility.

(c) The location thereof.

(d) The name of the person in charge thereof.

(e) Evidence satisfactory to the state department that the applicant is of reputable and responsible character. If the applicant is a firm, association, organization, partnership, business trust, corporation, or company, like evidence shall be submitted as to the members or shareholders thereof, and the person in charge of the health facility for which application for license is made. If the applicant is a political subdivision of the state or other governmental agency, like evidence shall be submitted as to the person in charge of the health facility for which application for license is made.

(f) Evidence satisfactory to the state department of the ability of the applicant to comply with this chapter and of rules and regulations promulgated under this chapter by the state department.

(g) Evidence satisfactory to the department that the applicant to operate a skilled nursing facility or intermediate care facility possesses financial resources sufficient to operate the facility for a period of at least 45 days.

(h) Each applicant for a license to operate a skilled nursing facility or intermediate care facility shall disclose to the state department evidence of the right to possession of the facility at the time the application will be granted, that may be satisfied by the submission of a copy of applicable portions of a lease agreement or deed of trust. The names and addresses of any persons or organizations listed as owner of record in the real estate, including the buildings and the grounds appurtenant to the buildings, shall be disclosed to the state department.

(i) Any other information as may be required by the state department for the proper administration and enforcement of this chapter.

(j) Upon submission of an application to the state department by an intermediate care facility/developmentally disabled habilitative or an intermediate care facility/developmentally disabled—nursing, the application shall include a statement of need signed by the chairperson of the area board pursuant to Chapter 4 (commencing with Section 4570) of Division 4.5 of the Welfare and Institutions Code. In the event the area board has not provided the statement of need within 30 days of receipt of the request from the applicant, the state department may process the application for license without the statement.

(k) The information required pursuant to this section shall be made available to the public upon request, and shall be included in the department's public file regarding the facility.

SEC. 2. Section 1267.5 of the Health and Safety Code is amended to read:

1267.5. (a) (1) Each applicant for a license to operate a skilled nursing facility or intermediate care facility shall disclose to the state department the name and business address of each general partner if the applicant is a partnership, or each director and officer if the applicant is a corporation, and each person having a beneficial

ownership interest of 5 percent or more in the applicant corporation or partnership.

(2) If any person described in paragraph (1) has served or currently serves as an administrator, general partner, trustee or trust applicant, sole proprietor of any applicant or licensee who is a sole proprietorship, executor, or corporate officer or director of, or has held a beneficial ownership interest of 5 percent or more in, any other skilled nursing facility or intermediate care facility or in any community care facility licensed pursuant to Chapter 3 (commencing with Section 1500) of this division, the applicant shall disclose the relationship to the state department, including the name and current or last address of the health facility or community care facility and the date the relationship commenced and, if applicable, the date it was terminated.

(3) If the facility is operated by, or proposed to be operated in whole or part under, a management contract, the names and addresses of any person or organization, or both, having an ownership or control interest of 5 percent or more in the management company shall be disclosed to the state department. This provision shall not apply if the management company has submitted an application for licensure with the state department and has complied with paragraph (1).

(4) If the applicant or licensee is a subsidiary of another organization, the information shall include the names and addresses of the parent organization of the subsidiary and the names and addresses of any officer or director of the parent organization.

The information required by this subdivision shall be provided to the state department upon initial application for licensure, and changes in the information shall be provided to the state department upon payment of the annual renewal licensure fee. Failure to comply with this section may result in action to revoke or deny a license. The information required by this section shall be made available to the public upon request, and shall be included in the public file of the facility.

(b) On and after January 1, 1990, no person may acquire a beneficial interest of 5 percent or more in any corporation or partnership licensed to operate a skilled nursing facility or intermediate care facility, or in any management company under contract with a licensee of a skilled nursing facility or intermediate care facility, nor may any person become an officer or director of, or general partner in, a corporation, partnership, or management company of this type without the prior written approval of the state department. Each application for departmental approval pursuant to this subdivision shall include the information specified in subdivision (a) as regards the person for whom the application is made.

The state department shall approve or disapprove the application within 30 days after receipt thereof, unless the state department, with just cause, extends the application review period beyond 30 days.

(c) The state department may deny approval of a license application or of an application for approval under subdivision (b) if a person named in the application, as required by this section, was an officer, director, general partner, or owner of a 5-percent or greater beneficial interest in a licensee of, or in a management company under contract with a licensee of, a skilled nursing facility, intermediate care facility, community care facility, or residential care facility for the elderly at a time when one or more violations of law were committed therein that resulted in suspension or revocation of its license, or at a time when a court-ordered receiver was appointed pursuant to Section 1327, or at a time when a final Medi-Cal decertification action was take under federal law. However, the prior suspension, revocation, or court-ordered receivership of a license shall not be grounds for denial of the application if the applicant shows to the satisfaction of the state department (1) that the person in question took every reasonably available action to prevent the violation or violations that resulted in the disciplinary action and (2) that he or she took every reasonably available action to correct the violation or violations once he or she knew, or with the exercise of reasonable diligence should have known of, the violation or violations.

(d) No application shall be denied pursuant to this section until the state department first (1) provides the applicant with notice in writing of grounds for the proposed denial of application, and (2) affords the applicant an opportunity to submit additional documentary evidence in opposition to the proposed denial.

(e) Nothing in this section shall cause any individual to be personally liable for any civil penalty assessed pursuant to Chapter 2.4 (commencing with Section 1417) of this division or create any new criminal or civil liability contrary to general laws limiting that liability.

(f) This section shall not apply to a bank, trust company, financial institution, title insurer, controlled escrow company, or underwritten title company to which a license is issued in a fiduciary capacity.

(g) As used in this section, "person" has the same meaning as specified in Section 19.

(h) This section shall not apply to the directors of a nonprofit corporation exempt from taxation under Section 23701d of the Revenue and Taxation Code that operates a skilled nursing facility or intermediate care facility in conjunction with a licensed residential facility, where the directors serve without financial compensation and are not compensated by the nonprofit corporation in any other capacity.

CHAPTER 568

An act to amend Sections 29750 , 29759, and 29776 of, and to repeal Section 29775 of, the Public Resources Code, relating to the Sacramento-San Joaquin Delta.

[Approved by Governor September 15, 1996. Filed with Secretary of State September 17, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 29750 of the Public Resources Code is amended to read:

29750. The commission shall meet at least bimonthly. All meetings shall be open to the public as required by law. Notice of the time and place of all regular and special meetings shall be published at least once in a newspaper of general circulation whose area of circulation is throughout the delta. Notice of any meeting shall be published at least seven days prior to the meeting date.

SEC. 2. Section 29759 of the Public Resources Code is amended to read:

29759. The commission shall be abolished as of January 1, 1999, and, if provided for by the Legislature, a successor agency shall administer this division on and after that date.

SEC. 3. Section 29775 of the Public Resources Code is repealed.

SEC. 4. Section 29776 of the Public Resources Code is amended to read:

29776. The Sacramento-San Joaquin Delta Protection Fund is hereby created in the State Treasury. Any money in the Sacramento-San Joaquin Delta Protection Fund is available, upon appropriation by the Legislature, for support of the commission in an amount not to exceed two hundred fifty thousand dollars ($250,000) in any fiscal year.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 569

An act to amend Sections 66001 and 66006 of, and to add Section 66008 to, the Government Code, relating to development.

[Approved by Governor September 15, 1996. Filed with Secretary of State September 17, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 66001 of the Government Code is amended to read:

66001. (a) In any action establishing, increasing, or imposing a fee as a condition of approval of a development project by a local agency on or after January 1, 1989, the local agency shall do all of the following:

(1) Identify the purpose of the fee.

(2) Identify the use to which the fee is to be put. If the use is financing public facilities, the facilities shall be identified. That identification may, but need not, be made by reference to a capital improvement plan as specified in Section 65403 or 66002, may be made in applicable general or specific plan requirements, or may be made in other public documents that identify the public facilities for which the fee is charged.

(3) Determine how there is a reasonable relationship between the fee's use and the type of development project on which the fee is imposed.

(4) Determine how there is a reasonable relationship between the need for the public facility and the type of development project on which the fee is imposed.

(b) In any action imposing a fee as a condition of approval of a development project by a local agency on or after January 1, 1989, the local agency shall determine how there is a reasonable relationship between the amount of the fee and the cost of the public facility or portion of the public facility attributable to the development on which the fee is imposed.

(c) Upon receipt of a fee subject to this section, the local agency shall deposit, invest, account for, and expend the fees pursuant to Section 66006.

(d) For the fifth fiscal year following the first deposit into the account or fund, and every five years thereafter, the local agency shall make all of the following findings with respect to that portion of the account or fund remaining unexpended, whether committed or uncommitted:

(1) Identify the purpose to which the fee is to be put.

(2) Demonstrate a reasonable relationship between the fee and the purpose for which it is charged.

(3) Identify all sources and amounts of funding anticipated to complete financing in incomplete improvements identified in paragraph (2) of subdivision (a).

(4) Designate the approximate dates on which the funding referred to in paragraph (3) is expected to be deposited into the appropriate account or fund.

When findings are required by this subdivision, they shall be made in connection with the public information required by subdivision (b) of Section 66006. The findings required by this subdivision need only be made for moneys in possession of the local agency, and need not be made with respect to letters of credit, bonds, or other instruments taken to secure payment of the fee at a future date. If the findings are not made as required by this subdivision, the local agency shall refund the moneys in the account or fund as provided in subdivision (e).

(e) Except as provided in subdivision (f), when sufficient funds have been collected, as determined pursuant to subparagraph (F) of paragraph (1) of subdivision (b) of Section 66006, to complete financing on incomplete public improvements identified in paragraph (2) of subdivision (a), and the public improvements remain incomplete, the local agency shall identify, within 180 days of the determination that sufficient funds have been collected, an approximate date by which the construction of the public improvement will be commenced, or shall refund to the then current record owner or owners of the lots or units, as identified on the last equalized assessment roll, of the development project or projects on a prorated basis, the unexpended portion of the fee, and any interest accrued thereon. By means consistent with the intent of this section, a local agency may refund the unexpended revenues by direct payment, by providing a temporary suspension of fees, or by any other reasonable means. The determination by the governing body of the local agency of the means by which those revenues are to be refunded is a legislative act.

(f) If the administrative costs of refunding unexpended revenues pursuant to subdivision (e) exceed the amount to be refunded, the local agency, after a public hearing, notice of which has been published pursuant to Section 6061 and posted in three prominent places within the area of the development project, may determine that the revenues shall be allocated for some other purpose for which fees are collected subject to this chapter and which serves the project on which the fee was originally imposed.

SEC. 2. Section 66006 of the Government Code is amended to read:

66006. (a) If a local agency requires the payment of a fee specified in subdivision (c) in connection with the approval of a development project, the local agency receiving the fee shall deposit it with the other fees for the improvement in a separate capital facilities account or fund in a manner to avoid any commingling of

the fees with other revenues and funds of the local agency, except for temporary investments, and expend those fees solely for the purpose for which the fee was collected. Any interest income earned by moneys in the capital facilities account or fund shall also be deposited in that account or fund and shall be expended only for the purpose for which the fee was originally collected.

(b) (1) For each separate account or fund established pursuant to subdivision (a), the local agency shall, within 180 days after the last day of each fiscal year, make available to the public the following information for the fiscal year:

(A) A brief description of the type of fee in the account or fund.

(B) The amount of the fee.

(C) The beginning and ending balance of the account or fund.

(D) The amount of the fees collected and the interest earned.

(E) An identification of each public improvement on which fees were expended and the amount of the expenditures on each improvement, including the total percentage of the cost of the public improvement that was funded with fees.

(F) An identification of an approximate date by which the construction of the public improvement will commence if the local agency determines that sufficient funds have been collected to complete financing on an incomplete public improvement, as identified in paragraph (2) of subdivision (a) of Section 66001, and the public improvement remains incomplete.

(G) A description of each interfund transfer or loan made from the account or fund, including the public improvement on which the transferred or loaned fees will be expended, and, in the case of an interfund loan, the date on which the loan will be repaid, and the rate of interest that the account or fund will receive on the loan.

(H) The amount of refunds made pursuant to subdivision (e) of Section 66001 and any allocations pursuant to subdivision (f) of Section 66001.

(2) The local agency shall review the information made available to the public pursuant to paragraph (1) at the next regularly scheduled public meeting not less than 15 days after this information is made available to the public, as required by this subdivision. Notice of the time and place of the meeting, including the address where this information may be reviewed, shall be mailed, at least 15 days prior to the meeting, to any interested party who files a written request with the local agency for mailed notice of the meeting. Any written request for mailed notices shall be valid for one year from the date on which it is filed unless a renewal request is filed. Renewal requests for mailed notices shall be filed on or before April 1 of each year. The legislative body may establish a reasonable annual charge for sending notices based on the estimated cost of providing the service.

(c) For purposes of this section, "fee" means any fee imposed to provide for an improvement to be constructed to serve a development project, or which is a fee for public improvements

within the meaning of subdivision (b) of Section 66000, and that is imposed by the local agency as a condition of approving the development project.

(d) Any person may request an audit of any local agency fee or charge that is subject to Section 66023, including fees or charges of school districts, in accordance with that section.

(e) The Legislature finds and declares that untimely or improper allocation of development fees hinders economic growth and is, therefore, a matter of statewide interest and concern. It is, therefore, the intent of the Legislature that this section shall supersede all conflicting local laws and shall apply in charter cities.

(f) At the time the local agency imposes a fee for public improvements on a specific development project, it shall identify the public improvement that the fee will be used to finance.

SEC. 3. Section 66008 is added to the Government Code, to read:

66008. A local agency shall expend a fee for public improvements, as accounted for pursuant to Section 66006, solely and exclusively for the purpose or purposes, as identified in subdivision (f) of Section 66006, for which the fee was collected. The fee shall not be levied, collected, or imposed for general revenue purposes.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 570

An act to amend Section 155.20 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 15, 1996. Filed with Secretary of State September 17, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 155.20 of the Revenue and Taxation Code is amended to read:

155.20. (a) (1) A county board of supervisors may exempt from property tax all real property with a base year value (as determined pursuant to Chapter 1 (commencing with Section 50) of Part 0.5), and personal property with a full value so low that, if not exempt, the

total taxes, special assessments, and applicable subventions on the property would amount to less than the cost of assessing and collecting them.

(2) The board of supervisors shall have no authority to exempt property with a total base year value or full value of more than five thousand dollars ($5,000), except that this limitation is increased to fifty thousand dollars ($50,000) in the case of a possessory interest, for a temporary and transitory use, in a publicly owned convention or cultural facility. For purposes of this paragraph, "publicly owned convention or cultural facility" means a publicly owned convention center, civic auditorium, theater, assembly hall, museum, or other civic building that is used primarily for staging any of the following:

(A) Conventions, trade and consumer shows, or civic and community events.

(B) Live theater, dance, or musical productions.

(C) Artistic, historic, technological, or educational exhibits.

(3) In determining the level of the exemption, the board of supervisors shall determine at what level of exemption the costs of assessing the property and collecting taxes, assessments, and subventions on the property exceeds the proceeds to be collected. The board of supervisors shall establish the exemption level uniformly for different classes of property. In making this determination, the board of supervisors may consider the total taxes, special assessments, and applicable subventions for the year of assessment only or for the year of assessment and succeeding years where cumulative revenues will not exceed the cost of assessments and collections.

(b) (1) This section does not apply to those real or personal properties enumerated in Section 52.

(2) The exemption authorized by this section shall be adopted by the board of supervisors on or before the lien date for the fiscal year to which the exemption is to apply and may, at the option of the board of supervisors, continue in effect for succeeding fiscal years. Any revision or rescission of the exemption shall be adopted by the board of supervisors on or before the lien date for the fiscal year to which that revision or rescission is to apply.

(3) Nothing in this section shall authorize a county board of supervisors to exempt new construction, unless the new total base year value of the property, including this new construction, is five thousand dollars ($5,000) or less.

(4) Nothing in this section shall authorize an assessor to exempt or not to enroll any property of any value, unless specifically authorized by a county board of supervisors, pursuant to this section.

SEC. 2. Notwithstanding Section 2229 of the Revenue and Taxation Code, no appropriation is made by this act and the state shall

not reimburse any local agency for any property tax revenues lost by it pursuant to this act.

CHAPTER 571

An act to repeal Section 1357.18 of the Health and Safety Code, and to amend Section 12962 of, to repeal Sections 10089.3, 10234.6, 10718.6, and 12960 of, and to repeal Article 10 (commencing with Section 12600) of Chapter 2 of Part 6 of Division 2 of, the Insurance Code, relating to insurance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 15, 1996. Filed with Secretary of State September 17, 1996.]

The people of the State of California do enact as follows:

The people of the State of California do enact as follows:

SECTION 1. Section 38010 of the Vehicle Code is amended to read:

38010. (a) Except as otherwise provided in subdivision (b), every motor vehicle specified in Section 38012, that is not registered under this code because it is to be operated or used exclusively off the highways, except as provided in this division, shall be issued and display an identification plate or device issued by the department.

(b) Subdivision (a) does not apply to any of the following:

(1) Motor vehicles specifically exempted from registration under this code, including, but not limited to, motor vehicles exempted pursuant to Sections 4006, 4010, 4011, 4012, 4013, 4015, 4018, and 4019.

(5) Special construction equipment described in Section 565, regardless of whether those motor vehicles are used in connection with highway or railroad work.

(6) A motor vehicle with a currently valid special permit issued under Section 38087.5 that is owned or operated by a nonresident of this state and the vehicle is not identified or registered in a foreign jurisdiction. For the purposes of this paragraph, a person who holds a valid driver's license issued by a foreign jurisdiction is presumed to be a nonresident.

(7) Commercial vehicles weighing more than 6,000 pounds unladen.

(8) Any motorcycle manufactured in the year 1942 or prior.

(9) Four-wheeled motor vehicles operated solely in organized racing or competitive events upon a closed course when those events are conducted under the auspices of a recognized sanctioning body or by permit issued by the local governmental authority having jurisdiction.

(10) A motor vehicle with a currently valid identification or registration permit issued by another state.

SEC. 2. Section 38087.5 is added to the Vehicle Code, to read:

38087.5. (a) Upon payment of the fee specified in Section 38231.5, the Department of Parks and Recreation may issue to a nonresident of this state a special permit to operate an off-highway motor vehicle otherwise required to be identified under this chapter.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 573

An act to add and repeal Chapter 12.97 (commencing with Section 18995) of Part 6 of Division 9 of the Welfare and Institutions Code, relating to public social services.

[Approved by Governor September 15, 1996. Filed with Secretary of State September 17, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 12.97 (commencing with Section 18995) is added to Part 6 of Division 9 of the Welfare and Institutions Code, to read:

CHAPTER 12.97. SOLANO AND NAPA COUNTY CLIENT CASE INFORMATION

18995. (a) Notwithstanding any other provision of law governing the disclosure of information and records, the health and social service departments of Solano County, Napa County, Sutter County, and Yuba County may conduct a pilot project to improve client access to human services through the exchange of client case information among the staff of the various county programs providing human services. This pilot project may include the following two types of information exchange:

(1) Obtaining from clients a general waiver of confidentiality to allow the verbal exchange of client case information among the staff of county health and social service programs or providers of human service program services under contract with the county, when the staff members are participating in a multidisciplinary team implementing the program specified in Section 18995.3.

(2) The use by the county department of a central case record system where all basic client and client family information may be retained for access by each of the county human services programs when clients request a range of services or referrals are made from one program to another. The project shall be conducted in a manner that ensures the maximum protection of privacy and confidentiality rights.

(b) Clients shall give a knowing and informed consent, in writing, before participating in the client information exchange program. Before information may be exchanged about a particular client or his or her family pursuant to subdivision (a), a representative of the county department, or a staff member of a particular human services program shall do all of the following:

(1) Explain to the client that information provided by the client may be exchanged among the various county programs providing human services. Further explain that the information shall not be disclosed to anyone other than qualified program staff and representatives of the county department unless the disclosure is otherwise authorized pursuant to laws governing the disclosure of information and records. This explanation shall be given before any information about the client is recorded and before any services are provided.

(2) Provide the client the opportunity to give, in writing, informed consent to participate in the information exchange pilot program as described in this chapter. The client shall be informed that refusal to sign the consent form to participate in the information exchange pilot program will not have an adverse impact on the client's eligibility for services under the programs specified in Section 18995.3. If the client refuses to participate, information regarding the client shall not be subject to the client case information project authorized by this chapter.

(3) It is the intent of the Legislature that the county form a local review committee to assess the language to be used to inform clients of the exchange of information, the protection of confidential information subject to exchange, and plans for the disposal of confidential records.

18995.05. No information prohibited by federal law from being disclosed shall be included in the information subject to exchange pursuant to this chapter, and any information that may not be exchanged or disclosed pursuant to federal law unless a signed release is received shall not be exchanged under this chapter without the signed release having been obtained.

18995.1. Information prohibited from being disclosed by state laws regulating case records of adoptions and records pertaining to informant information provided to investigative consumer reporting agencies shall not be included in the information that may be exchanged pursuant to this chapter.

18995.15. (a) Except that information specified in subdivision (b), only information that is relevant to the case management plan may be exchanged orally pursuant to this chapter. The information exchange shall be necessary and appropriate for the purpose of providing health and social services as specified in Section 18995.3. Information may only be exchanged orally pursuant to this chapter, when exchanged in a conference of members of the team, as specified in Section 18995.2, providing services to the recipient.

(b) The central case record system authorized by this chapter shall contain only basic client statistical data, which shall be limited to names, addresses, dates of birth, social security numbers, medical coverage, and information regarding eligibility for and receipt of the services subject to this chapter. Data entered into the cental data base pertaining to eligibility for services shall include only whether the client has or has not received services provided under a program, not the basis of the eligibility for services or any other client information. Central case records shall not contain clinical or medical records. Information contained in the central case record shall only be shared as necessary and appropriate for the purpose of providing health and social services as specified in Section 18995.3.

18995.2. Those members of the county staff who may receive and exchange information pursuant to this chapter shall only include multidisciplinary team members, including human services case workers and those persons who provide those services under contract with the county. Any person who receives information pursuant to this chapter, including providers of services under contract with the county, shall be subject to the same standards of confidentiality required under this program.

18995.25. Those members of the staff who will be authorized to receive information pursuant to this chapter shall receive training on authorized information sharing, existing federal and state laws pertaining to disclosure of information and records in each of the health or human services programs included in this pilot project, what actions would constitute unlawful disclosure or information exchange, and training in the identification of information that is prohibited from exchange under state and federal law, as specified in this chapter. The county shall maintain a record of that training.

18995.28. To the extent that existing law provides for penalties for the unauthorized or unlawful disclosure or release of case records or client information, county staff implementing programs specified in Section 18995.3, or those persons who implement those programs under contract with the county who are providing services under this client information exchange pilot project, shall be subject to the same

penalties, with the exception of information exchanges specifically authorized under this chapter.

18995.3. Client information contained in the central case record may be exchanged pursuant to this chapter for purposes of implementation of public health programs, family health service programs, mental health programs, substance abuse programs, employment services, adult services, child welfare services, eligibility determinations, and provision of services by the public guardian.

18995.35. (a) The county may implement the pilot project authorized by this chapter for a period of four years, and shall submit by March 1, 2000, an evaluation of the pilot project to the appropriate policy committees of the Legislature.

(b) The evaluation shall include, but is not limited to, all of the following:

(1) An examination of whether breaches of confidentiality have occurred, and, if so, how they could be prevented.

(2) Whether providers of services actually used the data sharing authorized under the pilot program and whether it was necessary for the provision of services.

(3) Whether or not clients were comfortable with the information sharing permitted under the chapter.

18995.38. (a) This chapter shall be implemented to the extent permitted under applicable federal law and waivers.

(b) The State Department of Social Services and the State Department of Health Services shall determine, by March 31, 1997, if federal waivers are necessary for the implementation of this chapter pursuant to subdivision (a) and, if it is determined by those departments that federal waivers are necessary for the implementation of this chapter, they shall within 90 days of that determination, seek all federal waivers that are necessary for the implementation of this chapter.

18995.4. This chapter shall remain in effect only until January 1, 2001, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2001, deletes or extends that date.

CHAPTER 574

An act to amend Section 490 of, and to add Section 247 to, the Public Utilities Code, relating to telecommunications.

[Approved by Governor September 15, 1996. Filed with Secretary of State September 17, 1996.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that:

(a) The Omnibus Budget Reconciliation Act of 1993, enacted August 10, 1993, amends Section 332(c)(3) of the Communications Act of 1934, and generally preempts the states from regulating the entry of or the rates charged by any commercial mobile radio service.

(b) The Omnibus Budget Reconciliation Act of 1993 does not affect the states' authority to regulate the other terms and conditions of commercial mobile radio service.

(c) The Public Utilities Code currently authorizes the Public Utilities Commission to regulate, among other things, the entry, rates, and service responsibilities of carriers providing commercial mobile radio service, except for those carriers exempt from commission jurisdiction pursuant to paragraph (2) of subdivision (b) of Section 234 of the Public Utilities Code.

SEC. 2. Section 247 is added to the Public Utilities Code, to read:

247. Any provision of this act that is in conflict with the Communications Act of 1934, as amended, (47 U.S.C. Sec. 332(c)(3)) shall not apply to commercial mobile radio service to the extent of that conflict. If any provision contained in this act applicable to commercial mobile radio service, or the application thereof to any person or circumstance, is invalid as a result of federal preemption, the remainder of the act, or the application of the provision to other persons or circumstances, shall not be affected thereby.

SEC. 3. Section 490 of the Public Utilities Code is amended to read:

490. (a) The commission may from time to time determine and prescribe by order changes in the form of the schedules referred to in this article as it finds expedient, and may modify the requirements of any of its orders or rules in respect to any matter referred to in this article.

(b) If the rates for any commercial mobile radio service, as defined by the Omnibus Budget Reconciliation Act of 1993, are not subject to regulation by the commission as a result of federal law, then the commission may exempt the service from any tariff-filing requirement.

CHAPTER 575

An act to add Article 10.9 (commencing with Section 25219) to Chapter 6.5 of Division 20 of the Health and Safety Code, relating to hazardous waste, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 15, 1996. Filed with Secretary of State September 17, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Article 10.9 (commencing with Section 25219) is added to Chapter 6.5 of Division 20 of the Health and Safety Code, to read:

Article 10.9. Battery Management: Federal Regulation

25219. As used in this article, the following terms have the following meaning:

(a) "Federal battery management act" means the Mercury-Containing and Rechargeable Battery Management Act (P.L. 104-142), or that act as it may thereafter be amended.

(b) "Federally regulated battery" means a battery that is subject to the federal battery management act.

25219.1 (a) Notwithstanding any other provision of law, including, but not limited to, any other provision of this chapter, the federal battery management act shall be deemed to be the law of this state with regard to the easy removability, environmental labeling, collection, storage, and transportation of federally regulated batteries, and any battery that is a federally regulated battery shall be managed in accordance with the federal battery management act.

(b) It is the intent of subdivision (a) to make the necessary changes in state law to allow the department to seek and maintain the approval of the Administrator of the Environmental Protection Agency to implement and enforce the requirements of subsection (a) of Section 104 of the federal battery management act.

25219.2. Except as provided in this article, batteries not subject to regulation pursuant to Section 25219.1 shall be managed in compliance with all other requirements of this chapter.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to conform state law with a specified federal law regulating batteries, thereby allowing the Department of Toxic

Substances Control to enforce the laws and regulations concerning those batteries, it is necessary that this act take effect immediately.

CHAPTER 576

An act to amend Sections 25187.2 and 25360 of, to add Sections 25330.4 and 25360.1 to, to add Chapter 6.66 (commencing with Section 25269) to Division 20 of, and to repeal Section 25206 of, the Health and Safety Code, relating to hazardous substances, and making an appropriation therefor.

[Approved by Governor September 15, 1996. Filed with Secretary of State September 17, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 25187.2 of the Health and Safety Code is amended to read:

25187.2. If a removal or remedial action order issued pursuant to Section 25187 to a potentially responsible party requires a person to take corrective action with respect to hazardous waste, that person shall pay for oversight of the removal or remedial action. This section does not prohibit the department or unified program agency from assessing any other penalty or recovering any costs for oversight of a removal or remedial action, pursuant to any other provision. Nothing in this section limits the due process requirements of Section 25187.

SEC. 2. Section 25206 of the Health and Safety Code is repealed.

SEC. 3. Chapter 6.66 (commencing with Section 25269) is added to Division 20 of the Health and Safety Code, to read:

CHAPTER 6.66. OVERSIGHT COSTS

25269. The Legislature hereby finds and declares all of the following:

(a) To enhance cooperation between the department and the regulated community, and to reduce the state's costs associated with the oversight of cleanup efforts, the costs of the associated cost recovery program and the corresponding costs to the responsible parties involved, the oversight program should be administered in an efficient, responsible, and accountable manner.

(b) According to information provided to the Legislature, the department has collected more than seventy-one million dollars ($71,000,000) since the cost recovery effort was begun in the early 1980s and there is approximately seventy million dollars ($70,000,000) to eighty million dollars ($80,000,000) in outstanding receivables for disputed site cleanup oversight costs. The information

provided to the Legislature indicates that potentially responsible parties have complained that the department's oversight costs have been unpredictable, unsubstantiated, and exceedingly high.

(c) Disputes with potentially responsible parties over the reasonableness of oversight costs have been a major factor in the difficulty that the department has experienced in conducting cost recovery. Disputes of that kind substantially increase the cost of state operations and the cost of doing business for the private sector, leading to extended negotiations and litigation. The redirection of resources by both parties in attempting to resolve those differences most likely inhibit cleanup efforts and affect the ability of the parties to work together cooperatively, thereby exacerbating the costs associated with the cleanups. Disputes would be reduced by clarifying current law by providing definitions of direct and indirect oversight costs. Further, these high costs affect the competitiveness of California businesses in national and global business environments.

25269.1. For purposes of this article, the following terms have the following meaning:

(a) "Department" means the Department of Toxic Substances Control.

(b) "Direct oversight costs" means the costs to the department of overseeing a cleanup action, pursuant to the authority specified in subdivision (a) of Section 25269.2, that can be specifically attributed to a particular cost objective, including, but not limited to, sites, facilities, and activities.

(c) "Indirect oversight costs" means the costs to the department of activity that is of a common or joint purpose benefiting more than one cost objective and not readily assignable to a single case objective.

(d) "Pro rata" means the general administrative costs expended by central service agencies to provide centralized services to state agencies, as defined in the State Administrative Manual.

25269.2. (a) The department shall comply with this chapter when recovering oversight costs for corrective action pursuant to Chapter 6.5 (commencing with Section 25100), for removal or remedial action pursuant to Chapter 6.8 (commencing with Section 25300), and for response actions pursuant to Chapter 6.85 (commencing with Section 25396).

(b) The department shall develop a concise statement of its cost recovery policies and billing procedures, including dispute resolution procedures and availability of program guidance and policies, and distribute the statement to all responsible parties.

25269.3. The department shall take the following actions with regard to the tracking of indirect oversight costs:

(a) Ensure that pro rata costs are allocated appropriately to all departmental activities, so that the department's program will only bear these pro rata costs in proportion to the benefits received by potentially responsible parties.

(b) Routinely include operating expenses in the indirect oversight costs and allocate those expenses using processes that ensure that the department's program only bears indirect oversight costs in proportion to the benefits received by potentially responsible parties.

(c) Exclude, from indirect oversight costs, the costs of grant development and administration, fee administration, contract development and administration, and public and governmental inquiries.

25269.4. (a) The department shall establish rates for indirect oversight costs that are specific to each program and shall review and update the indirect cost rates based upon increases or decreases in the amounts of grants received by the department, department reorganizations, and other relevant factors, but not less than once every six months, based upon the previous 12 months of expenditure data. The department shall apply the indirect oversight cost rates prospectively and shall not make retroactive adjustments in those rates.

(b) The department shall review the department's cost recovery policies at least once every two years.

25269.5. The department shall take the following actions with regard to the department's relationship with the parties who are performing the investigation and cleanup of the hazardous substance release site or taking a hazardous waste corrective action or response action:

(a) Adopt procedures to improve communication, facilitate the exchange of ideas, eliminate surprises, and allow better financial planning by the department and potentially responsible parties, including a meet and confer process which includes, but is not limited to, all of the following:

(1) An estimate of the cost of site remediation by the department for the next phase of the site remediation activity, including a list of estimated personnel labor rates.

(2) An estimate of the total hours that the department expects the department staff to incur in the next phase of the site mitigation process, to the extent that the department can project its time and costs in advance. That estimate shall include the projected hours of the project manager, and the costs of public participation, legal counsel, and technical consultations.

(3) A discussion of the schedule for the remediation action, including a thorough review of the services that the department expects to provide, deliverables, timeframes, expectations of both parties, a process for status reporting by both parties, systematic billing at least once every three months by the department, and an agreement on how the work plan will be modified, and how the costs will be estimated.

(b) Develop a concise statement of its cost recovery policies and billing procedures, including dispute resolution procedures and the availability of program guidance and policies, which shall be

distributed to all potentially responsible parties before any site remediation commences, as part of the meet and confer process.

(c) Review all informal guidance documents for the cost recovery program, including fee bulletins, management memos, policies, and procedures, and review and update those documents, as appropriate.

(d) Establish a procedure, when there is a change of project manager for a remediation action, to provide for a detailed status briefing to identify the highlights of past work and identify the current areas of agreement and disagreement among the parties.

25269.6. The department shall adopt a billing system for oversight costs which meets all of the following criteria:

(a) Invoices shall be issued within 60 days to the extent practicable, with appropriate incentives for prompt payment. In no event shall invoices be issued less frequently than on a quarterly basis.

(b) Invoices shall be mailed to the correct person for the potentially responsible party.

(c) Sufficient detail shall be included with each invoice, so that the potentially responsible party can relate the items on the invoice to the benefits received, and additional details, including daily timesheet personnel data, shall be made readily available.

(d) Invoices shall be supplemented with statements of any changes in rates and a detailed justification for any such changes.

(e) Invoices shall be reviewed for accuracy and appropriateness by a member of the department staff who has direct knowledge of the remediation action.

(f) Invoices shall be reasonably consistent with expectations regarding costs, benefits, and outcomes developed during the meet and confer process specified in subdivision (a) of Section 25269.5, if the department's knowledge of site conditions or other factors which may substantially impact the department's costs associated with the site, have not changed significantly since the last conference.

(g) A process for the timely review and settlement of any outstanding accounts shall be developed and implemented.

25269.8. The department shall take all of the following actions with regard to uncollectible accounts:

(a) Review all current outstanding receivables and make an appropriate adjustment for estimated uncollectible amounts, consistent with current accounting practices and recognizing the present value of future collection. The department may, if warranted, write off or write down those receivable amounts.

(b) Maintain and report an analysis of outstanding receivables and other control analyses.

(c) Consider whether to enter into a contract with a private collection agency to collect substantially past-due accounts and, for longer term receivables, consider whether credit arrangements should be made with banks or other institutions willing to assist in financing a potentially responsible party's obligation for remediation.

25269.9. On or before June 1, 1998, the department, in consultation with the Secretary for Environmental Protection, shall make available a written report regarding the implementation of the changes required by this article.

SEC. 4. Section 25330.4 is added to the Health and Safety Code, to read:

25330.4. (a) Notwithstanding any other provisions of law, the Controller shall establish a separate subaccount in the state account, for any funds received from a settlement agreement or the General Fund for a removal or remedial action to be performed at a specific site.

(b) Notwithstanding Section 13340 of the Government Code, funds deposited in the subaccount for those removal or remedial actions are hereby continuously appropriated to the department for removal or remedial action at the specific site, and for administrative costs associated with the removal or remedial action at the specific site.

(c) Notwithstanding any other provision of law, money in the subaccount for those removal or remedial actions shall not revert to the General Fund or be transferred to any other fund or account in the State Treasury, except for purposes of investment as provided in Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code.

(d) Notwithstanding Section 16305.7 of the Government Code, all interest or other increment resulting from investment of the funds specified in subdivision (a) pursuant to Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code shall be deposited in the subaccount for removal or remedial action at the specific sites.

(e) At the conclusion of all removal or remedial actions at the specific site, any unexpended funds in any subaccounts established pursuant to this section shall be transferred to the subaccount for site operation and maintenance established pursuant to section 25330.5, if necessary, for those activities at the site, or, if not needed for site operation and maintenance at the site, to the Hazardous Waste Control Account.

SEC. 5. Section 25360 of the Health and Safety Code is amended to read:

25360. (a) Any costs incurred and payable from the state account, the Site Remediation Account, or the Hazardous Substance Cleanup Fund shall be recoverable by the Attorney General, upon the request of the department, from the liable person or persons. The amount of any remedial or removal action costs that may be recovered pursuant to this section shall include interest on any amount paid from the Hazardous Substance Cleanup Fund calculated at a rate equal to the interest rate of the bonds sold pursuant to Article 7.5 (commencing with Section 25385) and interest on any amount paid from the state account or the Site

Remediation Account, calculated at the rate of return earned on investment in the Surplus Money Investment Fund pursuant to Section 16475 of the Government Code.

(b) A person who is liable for costs incurred at a site, which are payable from the state account, the Site Remediation Account, or the Hazardous Substance Cleanup Fund, shall have the liability reduced by any fee pursuant to this chapter that was actually paid by that person in connection with that site, including any fee paid pursuant to Section 25343.

(c) The amount of cost determined pursuant to this section shall be recoverable at the discretion of the department, either in a separate action or by way of intervention as of right in an action for contribution or indemnity. Nothing in this section deprives a party of any defense he or she may have.

The Public Utilities Commission shall develop and transmit to the Office of Emergency Services an equitable method of assessing the utilities operating the powerplants for their reasonable pro rata share of state agency costs. Each local government involved shall submit a statement of its costs, as required, to the Office of Emergency Services. Upon each utility's notification by the Office of Emergency Services, from time to time, of the amount of its share of the actual or anticipated state and local agency costs, the utility shall pay this amount to the Controller for deposit in the Nuclear Planning Assessment Special Account, which is hereby created in the General Fund for allocation by the Controller, upon appropriation by the Legislature, to carry out activities pursuant to this section and Chapter 4 (commencing with Section 114650) of Part 9 of Division 104 of the Health and Safety Code. The Controller shall pay from this account the state and local costs relative to carrying out this section and Chapter 4 (commencing with Section 114650) of Part 9 of Division 104 of the Health and Safety Code, upon certification thereof by the Office of Emergency Services.

(b) (1) The total annual reimbursement of state costs from the utilities operating the nuclear powerplants within the state for activities pursuant to this section and Chapter 4 (commencing with Section 114650) of Part 9 of Division 104 of the Health and Safety Code, shall not exceed the lesser of the actual costs or the maximum funding levels, previously established by Section 1 of Chapter 1607 of the Statutes of 1988 as of December 31, 1993, subject to subdivisions (d), (e), (f), and (g), to be shared equally among the utilities.

(2) Of the initial amount of five hundred eighty-five thousand dollars ($585,000) for state costs, as determined in paragraph (1), for the period from January 1, 1994, to June 30, 1994, inclusive, the sum of three hundred fifty thousand five hundred dollars ($350,500) shall be in support of the Office of Emergency Services for activities pursuant to this section and Chapter 4 (commencing with Section 114650) of Part 9 of Division 104 of the Health and Safety Code, and the sum of two hundred thirty-four thousand five hundred dollars ($234,500) shall be in support of the State Department of Health Services for activities pursuant to this section and Chapter 4 (commencing with Section 114650) of Part 9 of Division 104 of the Health and Safety Code.

The maximum initial annual amount available for reimbursement of local costs, subject to subdivisions (d), (e), (f), and (g) of this section shall be three hundred twelve thousand dollars ($312,000) for the Diablo Canyon site and four hundred sixty-eight thousand dollars ($468,000) for the San Onofre site.

An act to amend Section 194 of the Penal Code, relating to crimes.

[Approved by Governor September 15, 1996. Filed with Secretary of State September 17, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 194 of the Penal Code is amended to read:

If death occurs beyond the time of three years and a day, there shall be a rebuttable presumption that the killing was not criminal. The prosecution shall bear the burden of overcoming this presumption. In the computation of time, the whole of the day on which the act was done shall be reckoned the first.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 581

An act to amend Sections 13700, 13701, 13750.5, 13751, and 13752 of, to add Sections 13713 and 13800.5 to, and to repeal Section 13750 of, the Water Code, relating to water.

[Approved by Governor September 15, 1996. Filed with Secretary of State September 17, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 13700 of the Water Code is amended to read:

13700. The Legislature finds that the greater portion of the water used in this state is obtained from underground sources and that those waters are subject to impairment in quality and purity, causing detriment to the health, safety and welfare of the people of the state. The Legislature therefore declares that the people of the state have a primary interest in the location, construction, maintenance, abandonment, and destruction of water wells, cathodic protection wells, groundwater monitoring wells, and geothermal heat exchange wells, which activities directly affect the quality and purity of underground waters.

SEC. 2. Section 13701 of the Water Code is amended to read:

13701. The Legislature finds and declares all of the following:

(a) Improperly constructed and abandoned water wells, cathodic protection wells, groundwater monitoring wells, and geothermal heat exchange wells can allow contaminated water on the surface to flow down the well casing, thereby contaminating the usable groundwater.

(b) Improperly constructed and abandoned water wells, cathodic protection wells, groundwater monitoring wells, and geothermal heat exchange wells can allow unusable or low quality groundwater from one groundwater level to flow along the well casing to usable groundwater levels, thereby contaminating the usable groundwater.

(c) Contamination of groundwater poses serious public health and economic problems for many areas of the state.

SEC. 3. Section 13713 is added to the Water Code, to read:

13713. "Geothermal heat exchange well," as used in this chapter, means any uncased artificial excavation, by any method, that uses the heat exchange capacity of the earth for heating and cooling, in which excavation the ambient ground temperature is 30 degrees Celsius (86 degrees Fahrenheit) or less, and which excavation uses a closed loop fluid system to prevent the discharge or escape of its fluid into surrounding aquifers or other geologic formations. Geothermal heat exchange wells include ground source heat pump wells.

SEC. 4. Section 13750 of the Water Code is repealed.

SEC. 5. Section 13750.5 of the Water Code is amended to read:

13750.5. No person shall undertake to dig, bore, or drill a water well, cathodic protection well, groundwater monitoring well, or geothermal heat exchange well, to deepen or reperforate such a well, or to abandon or destroy such a well, unless the person responsible for that construction, alteration, destruction, or abandonment possesses a C-57 Water Well Contractor's License.

SEC. 6. Section 13751 of the Water Code is amended to read:

13751. (a) Every person who digs, bores, or drills a water well, cathodic protection well, groundwater monitoring well, or geothermal heat exchange well, abandons or destroys such a well, or

deepens or reperforates such a well, shall file with the department a report of completion of that well within 60 days from the date its construction, alteration, abandonment, or destruction is completed.

(b) The report shall be made on forms furnished by the department and shall contain information as follows:

(1) In the case of a water well, cathodic protection well, or groundwater monitoring well, the report shall contain information as required by the department, including, but not limited to all of the following information:

(A) A description of the well site sufficiently exact to permit location and identification of the well.

(B) A detailed log of the well.

(C) A description of type of construction.

(D) The details of perforation.

(E) The methods used for sealing off surface or contaminated waters.

(F) The methods used for preventing contaminated waters of one aquifer from mixing with the waters of another aquifer.

(G) The signature of the well driller.

(2) In the case of a geothermal heat exchange well, the report shall contain all of the following information:

(A) A description of the site that is sufficiently exact to permit the location and identification of the site and the number of geothermal heat exchange wells drilled on the same lot.

(B) A description of borehole diameter and depth and the type of geothermal heat exchange system installed.

(C) The methods and materials used to seal off surface or contaminated waters.

(D) The methods used for preventing contaminated water in one aquifer from mixing with the water in another aquifer.

(E) The signature of the well driller.

SEC. 7. Section 13752 of the Water Code is amended to read:

13752. Reports made in accordance with paragraph (1) of subdivision (b) of Section 13751 shall not be made available for inspection by the public, but shall be made available to governmental agencies for use in making studies. However, any report shall be made available to any person who obtains a written authorization from the owner of the well.

SEC. 8. Section 13800.5 is added to the Water Code, to read:

13800.5. (a) (1) The department shall develop recommended standards for the construction, maintenance, abandonment, or destruction of geothermal heat exchange wells.

(2) Until the department develops recommended standards pursuant to paragraph (1), a local enforcement agency with authority over geothermal heat exchange wells may adopt temporary regulations applicable to geothermal heat exchange wells that the local enforcement agency determines to be consistent with

the intent of existing department standards to prevent wells from becoming conduits of contamination.

(3) The department, not later than July 1, 1997, shall submit to the state board a report containing the recommended geothermal heat exchange well standards.

(b) The state board, not later than January 1, 1998, shall adopt a model geothermal heat exchange well ordinance that implements the recommended standards developed by the department pursuant to subdivision (a). The state board shall circulate the model ordinance to all cities and counties.

(c) Notwithstanding any other provision of law, each county, city, or water agency, where appropriate, not later than April 1, 1998, shall adopt a geothermal heat exchange well ordinance that meets or exceeds the recommended standards developed by the department pursuant to subdivision (a). If a water agency that has permit authority over well drilling adopts a geothermal heat exchange well ordinance that meets or exceeds the recommended standards developed by the department pursuant to subdivision (a), a county or city shall not be required to adopt an ordinance for the same area.

(d) If a county, city, or water agency, where appropriate, fails to adopt an ordinance that establishes geothermal heat exchange well standards, the model ordinance adopted by the state board pursuant to subdivision (b) shall take effect on May 1, 1998, and shall be enforced by the county or city and have the same force and effect as if adopted as a county or city ordinance.

SEC. 9. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because in that regard this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

(f) Personnel of the marshal's office shall be entitled to request assignment to other divisions within the sheriff's department which requests will be reviewed as any other such request in the department. Acceptance of a voluntary transfer by a deputy marshal shall invalidate any right of reassignment to the court services division. Any personnel action pursuant to this section shall be in accordance with the personnel policies, memoranda of understanding, and rules and procedures of the sheriff's department and Santa Barbara County.

(g) No provision of this section shall be deemed to restrict the authority of the sheriff to discipline any employee in accordance with county personnel policies, and memoranda of understanding, or rules and procedures otherwise applicable, and except as otherwise expressly provided in this section, the discretion of the sheriff to assign, promote, direct, and control employees formerly assigned to the marshal's office shall not be deemed in any manner restricted by virtue of the abolition or consolidation.

SECTION 1. Section 15202 of the Government Code, as amended by Section 1 of Chapter 388 of the Statutes of 1995, is amended to read:

15202. (a) A county with a population of 300,000 or less, at the time of the 1980 decennial census, that is responsible for the cost of a trial or trials or any hearing of a person for the offense of homicide may apply to the Controller for reimbursement of 90 percent of the costs incurred by the county for each homicide trial or hearing, without regard to fiscal years, in excess of the amount of money derived by the county from a tax of 0.00625 of 1 percent of the full value of property assessed for purposes of taxation within the county.

(b) (1) A county with a population of 200,000 or less, as of January 1, 1990, that is responsible for the cost of two or more trials or hearings within a fiscal year of a person or persons for the offense of homicide may apply to the Controller for reimbursement of 90 percent of the costs incurred in a fiscal year by the county for the conduct of the first trial within a fiscal year, and 85 percent of the costs incurred in a fiscal year by the county for the conduct of any and all subsequent trials or hearings in excess of the amount of money derived by the county from a tax of 0.00625 of 1 percent of the full value of property assessed for purposes of taxation within the county.

(2) A county with a population of 200,000 or less, as of January 1, 1990, that, within a fiscal year, is reimbursed for costs incurred by the county for the conduct of only one trial or hearing pursuant to subdivision (a) shall be reimbursed for that one trial or hearing in subsequent fiscal years for costs incurred in those subsequent fiscal years without again being required to expend county funds equal to 0.00625 of 1 percent of the full value of property assessed for purposes

of taxation within the county, so long as all reimbursements to the county under this paragraph are for only that one trial or hearing.

For purposes of this subdivision, in determining the costs of a homicide trial, trials, hearing, or hearings, the costs shall include, all pretrial, trial, and posttrial costs incurred in connection with the investigation, prosecution, and defense of a homicide case or cases within a fiscal year, including, but not limited to, the costs incurred by the district attorney, sheriff, public defender, and witnesses, that were reasonably required by the court and participants in the case or cases, and other extraordinary costs associated with the investigation in homicide cases.

(c) A county with a population exceeding 300,000 at the time of the 1980 decennial census that is responsible for the cost of a trial or trials or any hearing of a person for the offense of homicide may apply to the Controller for reimbursement of 80 percent of the costs incurred by the county in excess of the amount of money derived by the county from a tax of 0.00625 of 1 percent, and not in excess of the amount of money derived from a tax of 0.0125 of 1 percent, and for reimbursement of 100 percent of the costs incurred in excess of the amount of money derived from a tax of 0.0125 percent, of the full value of property assessed for purposes of taxation within the county.

(d) The Controller shall not reimburse any county for costs that exceed the standards for travel and per diem expenses set forth in Sections 700 to 715, inclusive, and Section 718 of Title 2 of the California Code of Regulations. The Controller may reimburse extraordinary costs in unusual cases if the county provides sufficient justification of the need for these expenditures. Nothing in this section shall permit the reimbursement of costs for travel in excess of 1,000 miles on any single round trip, without the prior approval of the Attorney General.

(e) The Legislature recognizes that the conduct of trials for persons accused of homicide should not be hampered or delayed because of a lack of funds available to the counties for that purpose. While this section is intended to provide an equitable basis for determining the allocation to the state of the costs of homicide trials in any particular county, the rising costs of those trials necessitate an objective study to assure reasonable financial restraints and incentives for cost-effectiveness that do not place an unreasonable burden on the treasury of the smaller counties.

This section shall remain operative only until January 1, 2000, and as of that date is repealed.

SEC. 2. Section 4 of Chapter 437 of the Statutes of 1994 is amended to read:

Sec. 4. The Legislature finds and declares that under existing law, including, but not limited to, Sections 11019.6 and 15202 of the Government Code, the County of Calaveras will not be reimbursed for the extraordinary expenses related to the homicide trial of Charles Chitat Ng that will cause a severe drain on its cash-flow.

Therefore, notwithstanding any other provision of law, the County of Calaveras may apply to the Controller for reimbursement of 100 percent of its costs incident to the homicide trial of Charles Chitat Ng, incurred between January 1, 1991, and January 1, 2000.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the role of the Department of Justice in the reimbursement of counties by the Controller for costs incurred in homicide trials may be clarified at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 584

[Approved by Governor September 15, 1996. Filed with Secretary of State September 17, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 8558 is added to the Fish and Game Code, to read:

8558. (a) There is established a herring research and management account within the Fish and Game Preservation Fund. The funds in the account shall be expended for the purpose of supporting, in consultation with the herring industry pursuant to Section 8555, department evaluations of, and research on, herring populations in San Francisco Bay and those evaluations and research that may be required for Tomales Bay, Humboldt Bay, and Crescent City and assisting in enforcement of herring regulations. The evaluations and research shall be for the purpose of (1) determining the annual herring spawning biomass, (2) determining the condition of the herring resource, which may include its habitat, and (3) assisting the commission and the department in the adoption of regulations to ensure a sustainable herring roe fishery. An amount, not to exceed 15 percent of the total funds in the account, may be used for educational purposes regarding herring, herring habitat, and the herring roe fishery.

(b) The funds in the account shall consist of the funds deposited pursuant to Sections 8558.1, 8558.2, and 8558.3, and the funds derived from herring landing taxes allocated pursuant to subdivision (a) of Section 8052.

(c) The department shall maintain internal accountability necessary to ensure that all restrictions on the expenditure of the funds in the account are met.

SEC. 2. Section 8558.1 is added to the Fish and Game Code, to read:

8558.1. (a) No person shall purchase or renew any permit to take herring for commercial purposes in San Francisco Bay without first obtaining from the department an annual herring stamp. The fee for the stamp shall be one hundred dollars ($100). The revenue from the fee for the herring stamps shall be deposited into the herring research and management account established pursuant to Section 8558.

(b) This section shall become operative on April 1, 1997.

SEC. 3. Section 8558.2 is added to the Fish and Game Code, to read:

8558.2. The amount of the difference between fees for nonresidents and resident fees, collected pursuant to Section 8550.5, shall be deposited into the herring research and management account established pursuant to Section 8558, and all fees for San Francisco Bay herring permit transfers, collected pursuant to Section 8552.7, shall also be deposited into the herring research and management account.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 585

[Approved by Governor September 15, 1996. Filed with Secretary of State September 17, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 8396 of the Fish and Game Code is repealed.

(b) When taking sea cucumbers by diving, every diver shall have a sea cucumber diving permit issued to that person, which has not been suspended or revoked. When taken by means other than diving, at least one person aboard the boat shall have a valid sea cucumber trawl permit issued to that person, which has not been suspended or revoked.

8405.1. (a) To qualify for a sea cucumber permit for the permit year of April 1, 1997, to March 31, 1998, inclusive, an applicant shall have landed a minimum of 50 pounds of sea cucumbers during any calendar year, or portion thereof, from January 1, 1988, to June 30, 1991, inclusive.

(b) All applications for sea cucumber permits shall be received by the department, or, if mailed, postmarked, by June 30, 1997.

(c) The department shall not issue a sea cucumber permit until the applicant's eligibility pursuant to this section has been verified by the department through either landing receipts or other documentation used by the department.

(d) Applicants for a sea cucumber permit shall specify by gear type, either trawl or dive, the method in which the applicant intends to take sea cucumbers. The gear type of a sea cucumber permit, either trawl or dive, shall not be transferable.

(e) The fee for a sea cucumber permit shall be two hundred fifty dollars ($250).

(f) Each permittee shall complete and submit an accurate record of all sea cucumber fishing activities on forms provided by the department.

(g) In order to renew a sea cucumber permit for any permit year commencing on or after April 1, 1998, an applicant shall have been issued a sea cucumber permit in the immediately preceding permit year. Applications for renewal of a sea cucumber permit shall be

received by the department or, if mailed, postmarked, by June 30 of the permit year.

(h) Any person denied a sea cucumber permit may appeal the denial to the commission in writing describing the basis for the appeal. The appeal shall be received by the commission on or before March 31 of the permit year for which the permit was denied.

8405.2. (a) A sea cucumber permit may be transferred by the permittee if the permittee has previously held a valid sea cucumber permit for any four permit years and landed at least 100 pounds of sea cucumbers in each of those permit years, as documented by landing receipts with the name of the permittee shown on the receipts.

(b) A sea cucumber permit may be transferred only to a person who has a valid commercial fishing license issued pursuant to Section 7852, that has not been suspended or revoked. A sea cucumber permit shall not be transferred to any person who has had a sea cucumber permit suspended or revoked while the suspension or revocation is in effect.

(c) An application for transfer shall be submitted to the department, with such reasonable proof as the department may require to establish the qualifications of the permitholder and the person the permit is to be transferred to, accompanied by payment to the department of a nonrefundable transfer fee of two hundred dollars ($200). (b) The number of sea cucumber permits issued for the April 1, 1997, to March 31, 1998, inclusive, permit year shall constitute the maximum number of permits available for all subsequent permit years for the sea cucumber fishery. The department may establish by regulation a method, if necessary, to reissue any sea cucumber permit not renewed or transferred. The permit type of a sea cucumber permit, either trawl or dive, that is reissued shall not be transferable.

(c) The commission may permanently revoke the sea cucumber permit of any person convicted of the unlawful taking of any California halibut while operating pursuant to a sea cucumber permit. The commission may revoke the sea cucumber permit of any person convicted of any other violation of this code or regulation adopted pursuant thereto while operating pursuant to a sea cucumber permit. Any revocation of a permit pursuant to this subdivision shall be in addition to any action the department may take pursuant to Section 12000.

(d) Subsequent to the 1997–98 permit year, the department, using existing funds, may determine the actual costs to the department of enforcing this article. The commission, upon recommendation of the department, may adjust the fee for the issuance or transfer of a permit to an amount not to exceed three hundred fifty dollars ($350), to reflect the actual cost of enforcing this article.

8405.4. This article shall become operative on April 1, 1997, except that Section 8405.2 shall become operative on April 1, 1998. This article shall become inoperative on April 1, 2002, and as of January 1, 2003, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 2003, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CITIZEN COMPLAINTS AND ANY REPORTS OR FINDINGS RELATING TO COMPLAINTS MUST BE RETAINED BY THIS AGENCY FOR AT LEAST FIVE YEARS.

IT IS AGAINST THE LAW TO MAKE A COMPLAINT THAT YOU KNOW TO BE FALSE. IF YOU MAKE A COMPLAINT AGAINST AN OFFICER KNOWING THAT IT IS FALSE, YOU CAN BE PROSECUTED ON A MISDEMEANOR CHARGE.

(a) No amendment or modification of provisions in the declaration of restrictions, bylaws, articles of incorporation or other instruments controlling or otherwise affecting rights to ownership, possession, or use of interests in subdivisions as defined in Sections 11000.1 and 11004.5 which would materially change those rights of an owner, either directly or as a member of an association of owners, is valid without the prior written consent of the Real Estate Commissioner during the period of time when the subdivider or his or her successor in interest holds or directly controls as many as one-fourth of the votes that may be cast to effect that change.

(b) The commissioner shall not grant his or her consent to the submission of the proposed change to a vote of owners or members if he or she finds that the change if effected would create a new condition or circumstance that would form the basis for denial of a public report under Sections 11018 or 11018.5.

CHAPTER 588

An act relating to public utilities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 15, 1996. Filed with Secretary of State September 17, 1996.]

The people of the State of California do enact as follows:

SECTION 1. (a) Notwithstanding Article 2 (commencing with Section 10051) of Chapter 1 of Division 5 of the Public Utilities Code, the City of Fontana may sell a water utility pursuant to Article 3 (commencing with Section 37420) of Chapter 5 of Part 2 of Division 3 of Title 4 of the Government Code, subject to the following limitations and requirements:

(1) The legislative body of the city shall not sell the water utility for less than two million one hundred sixty-one thousand one hundred dollars ($2,161,100).

(2) The legislative body of the city shall not sell the water utility without a unanimous vote of the legislative body of the city.

(3) The legislative body of the city shall enter into an agreement by October 31, 1996, to sell the water utility.

(4) Notwithstanding Section 37425 of the Government Code, if, pursuant to Section 37424, the legislative body of the city finds that protests have been filed by at least 5 percent of the city's registered voters, the legislative body of the city shall call an election pursuant to Section 37427 of the Government Code. The legislative body shall not act to sell the water utility unless it considers oral and written

protests at its second regularly scheduled meeting following the adoption of a resolution of intention pursuant to Section 37422 of the Government Code. If an election is called pursuant to this subdivision, the legislative body of the city shall not sell the water utility unless the proposition is approved by a majority of the city's voters voting on the question.

(b) This section shall become inoperative on November 1, 1996, and, as of that date, is repealed, unless a later enacted statute, that becomes operative on or before November 1, 1996, deletes or extends the date on which it becomes inoperative and is repealed.

SEC. 2. The Legislature finds and declares that a special statute is necessary and that a general statute cannot be made applicable, within the meaning of Section 16 of Article IV of the California Constitution, because of unique circumstances applicable to the City of Fontana and not generally applicable. The facts constituting the need for a special statute are:

The infrastructure for the City of Fontana's water utility was financed, built, and dedicated by a private developer and the City of Fontana does not provide water utility services citywide. The City of Fontana wants to sell a city-owned water utility to satisfy a judgment against the city of over one million five hundred thousand dollars ($1,500,000) and conclude a decade of litigation. If the sale is not concluded quickly, a related thirty-one million dollar ($31,000,000) bond issue may be defaulted upon.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to grant the City of Fontana the authority to sell a city-owned water utility without an automatic election regarding the proposed sale, thereby facilitating the sale and averting a potential bond default, it is necessary that this act take effect immediately.

CHAPTER 589

An act to amend Sections 5008, 5008.6, 5132, 5150, 5210, 5214, 5220, 5221, 5227, 5341, 5512, 5520, 5521, 5522, 5523, 5524, 5525, 6338, 6810, 7132, 7150, 7210, 7214, 7220, 7221, 7341, 7512, 7520, 7521, 7522, 7523, 7524, 7525, 8338, 8810, 9132, 9210, 9214, 9221, 9412, 12330, 12350, 12354, 12360, 12431, 12470, 12608, and 12670 of, and to add Sections 5517, 6618, 7517, 8618, 9421, 12214.6, 12466 and 12637 to, the Corporations Code, relating to corporations.

[Approved by Governor September 15, 1996. Filed with Secretary of State September 17, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 5008 of the Corporations Code is amended to read:

5008. (a) Upon receipt of any instrument by the Secretary of State for filing pursuant to this part, Part 2, Part 3, Part 4 or Part 5, if it conforms to law, it shall be filed by, and in the office of the Secretary of State and the date of filing endorsed thereon. Except for instruments filed pursuant to Section 6210, 8210, or 9660 the date of filing shall be the date the instrument is received by the Secretary of State unless withheld from filing for a period of time pursuant to a request by the party submitting it for filing or unless in the judgment of the Secretary of State the filing is intended to be coordinated with the filing of some other corporate document which cannot be filed. The Secretary of State shall file a document as of any requested future date not more than 90 days after its receipt, including a Saturday, Sunday or legal holiday, if the document is received in the Secretary of State's office at least one business day prior to the requested date of filing. An instrument does not fail to conform to law because it is not accompanied by the full filing fee if the unpaid portion of such fee does not exceed the limits established by the policy of the Secretary of State for extending credit in such cases.

(b) If the Secretary of State determines that an instrument submitted for filing or otherwise submitted does not conform to law and returns it to the person submitting it, the instrument may be resubmitted accompanied by a written opinion of a member of the State Bar of California submitting the instrument, or representing the person submitting it, to the effect that the specific provision of the instrument objected to by the Secretary of State does conform to law and stating the points and authorities upon which the opinion is based. The Secretary of State shall rely, with respect to any disputed point of law (other than the application of Section 5122, 7122, or 9122), upon such written opinion in determining whether the instrument conforms to law. The date of filing in such case shall be the date the instrument is received on resubmission.

(c) Any instrument filed with respect to a corporation (other than original articles) may provide that it is to become effective not more than 90 days subsequent to its filing date. In case such a delayed effective date is specified, the instrument may be prevented from becoming effective by a certificate stating that by appropriate corporate action it has been revoked and is null and void, executed in the same manner as the original instrument and filed before the specified effective date. In the case of a merger agreement, such certificate revoking the earlier filing need only be executed on behalf of one of the constituent corporations. If no such revocation certificate is filed, the instrument becomes effective on the date specified.

SEC. 1.5. Section 5008.6 of the Corporations Code is amended to read:

5008.6. (a) A corporation that (1) fails to file a statement pursuant to Section 6210, 8210, or 9660 for an applicable filing period, (2) has not filed a statement pursuant to Section 6210, 8210, or 9660 during the preceding 24 months, and (3) was certified for penalty pursuant to Section 6810, 8810, or 9690 for the same filing period of the prior year, shall be subject to suspension pursuant to this section rather than to penalty under Section 6810 or 8810.

(b) When subdivision (a) is applicable, the Secretary of State shall mail a notice to the corporation informing the corporation that its corporate powers, rights, and privileges will be suspended 60 days from the date of the notice if the corporation does not file the statement required by Section 6210, 8210, or 9660.

(c) If the 60-day period expires without the delinquent corporation filing the required statement, the Secretary of State shall notify the Franchise Tax Board of the suspension, and mail a notice of the suspension to the corporation. Thereupon, except for the purpose of amending the articles of incorporation to set forth a new name or filing an application for exempt status, the corporate powers, rights, and privileges of the corporation are suspended.

(d) A statement required by Section 6210, 8210, or 9660 may be filed, notwithstanding suspension of the corporate powers, rights, and privileges under this section or under provisions of the Revenue and Taxation Code. Upon the filing of a statement under Section 6210, 8210, or 9660, by a corporation that has suffered suspension under this section, the Secretary of State shall certify that fact to the Franchise Tax Board and the corporation may thereupon, in accordance with Section 23305a of the Revenue and Taxation Code, be relieved from suspension, unless the corporation is held in suspension by the Franchise Tax Board because of Section 23301, 23301.5, or 23775 of the Revenue and Taxation Code.

SEC. 2. Section 5132 of the Corporations Code is amended to read:

5132. (a) The articles of incorporation may set forth any or all of the following provisions, which shall not be effective unless expressly provided in the articles:

(1) A provision limiting the duration of the corporation's existence to a specified date.

(2) In the case of a subordinate corporation instituted or created under the authority of a head organization, a provision setting forth either or both of the following:

(i) That the subordinate corporation shall dissolve whenever its charter is surrendered to, taken away by, or revoked by the head organization granting it.

(ii) That in the event of its dissolution pursuant to an article provision allowed by subdivision (a), paragraph (2), clause (i), of this section, or, in the event of its dissolution for any reason, any assets of

the corporation after compliance with the applicable provisions of Chapters 15 (commencing with Section 6510), 16 (commencing with Section 6610) and 17 (commencing with Section 6710) shall be distributed to the head organization.

(b) Nothing contained in subdivision (a) shall affect the enforceability, as between the parties thereto, of any lawful agreement not otherwise contrary to public policy.

(c) The articles of incorporation may set forth any or all of the following provisions:

(1) The names and addresses of the persons appointed to act as initial directors.

(2) The classes of members, if any, and if there are two or more classes, the rights, privileges, preferences, restrictions and conditions attaching to each class.

(3) A provision which would allow any member to have more or less than one vote in any election or other matter presented to the members for a vote.

(4) A provision that requires an amendment to the articles, as provided in subdivision (c) of Section 5812, or to the bylaws, and any amendment or repeal of that amendment, to be approved in writing by a specified person or persons other than the board or the members.

(5) Any other provision, not in conflict with law, for the management of the activities and for the conduct of the affairs of the corporation, including any provision which is required or permitted by this part to be stated in the bylaws.

SEC. 3. Section 5150 of the Corporations Code is amended to read:

5150. (a) Except as provided in subdivision (c), and Sections 5151, 5220, 5224, 5512, 5613, and 5616, bylaws may be adopted, amended or repealed by the board unless the action would materially and adversely affect the rights of members as to voting or transfer.

(b) Bylaws may be adopted, amended or repealed by approval of members (Section 5034); provided, however, that such adoption, amendment or repeal also requires approval by the members of a class if such action would materially and adversely affect the rights of that class as to voting or transfer in a manner different than such action affects another class.

(c) The articles or bylaws may restrict or eliminate the power of the board to adopt, amend or repeal any or all bylaws, subject to subdivision (e) of Section 5151.

(d) Bylaws may also provide that repeal or amendment of those bylaws, or the repeal or amendment of specified portions of those bylaws, may occur only with the approval in writing of a specified person or persons other than the board or members.

SEC. 4. Section 5210 of the Corporations Code is amended to read:

5210. Each corporation shall have a board of directors. Subject to the provisions of this part and any limitations in the articles or bylaws relating to action required to be approved by the members (Section 5034), or by a majority of all members (Section 5033), the activities and affairs of a corporation shall be conducted and all corporate powers shall be exercised by or under the direction of the board. The board may delegate the management of the activities of the corporation to any person or persons, management company, or committee however composed, provided that the activities and affairs of the corporation shall be managed and all corporate powers shall be exercised under the ultimate direction of the board.

SEC. 5. Section 5214 of the Corporations Code is amended to read:

5214. Subject to the provisions of subdivision (a) of Section 5141 and Section 5142, any note, mortgage, evidence of indebtedness, contract, conveyance or other instrument in writing, and any assignment or endorsement thereof, executed or entered into between any corporation and any other person, when signed by any one of the chairman of the board, the president or any vice president and by any one of the secretary, any assistant secretary, the chief financial officer or any assistant treasurer of such corporation, is not invalidated as to the corporation by any lack of authority of the signing officers in the absence of actual knowledge on the part of the other person that the signing officers had no authority to execute the same.

SEC. 6. Section 5220 of the Corporations Code is amended to read:

5220. (a) Except as provided in subdivision (d), directors shall be elected for such terms, not longer than three years, as are fixed in the articles or bylaws. However, the terms of directors of a corporation without members may be up to six years. In the absence of any provision in the articles or bylaws, the term shall be one year. The articles or bylaws may provide for staggering the terms of directors by dividing the total number of directors into groups of one or more directors. The terms of office of the several groups and the number of directors in each group need not be uniform. No amendment of the articles or bylaws may extend the term of a director beyond that for which the director was elected, nor may any bylaw provision increasing the terms of directors be adopted without approval of the members (Section 5034).

(b) Unless the articles or bylaws otherwise provide, each director, including a director elected to fill a vacancy, shall hold office until the expiration of the term for which elected and until a successor has been elected and qualified.

(c) The articles or bylaws may provide for the election of one or more directors by the members of any class voting as a class.

(d) Subdivisions (a) through (c) notwithstanding, all or any portion of the directors authorized in the articles or bylaws of a

corporation may hold office by virtue of designation or selection as provided by the articles or bylaws rather than by election by a member or members. Such directors shall continue in office for the term prescribed by the governing article or bylaw provision, or, if there is no term prescribed, until the governing article or bylaw provision is duly amended or repealed, except as provided in subdivision (e) of Section 5222. A bylaw provision authorized by this subdivision may be adopted, amended, or repealed only by approval of the members (Section 5034), subject, if so provided in the bylaws, to the consent of the person or persons entitled to designate or select any such director or directors.

SEC. 7. Section 5221 of the Corporations Code is amended to read:

5221. (a) The board may declare vacant the office of a director who has been declared of unsound mind by a final order of court, or convicted of a felony, or been found by a final order or judgment of any court to have breached any duty under Article 3 (commencing with Section 5230), or, if at the time a director is elected, the bylaws provide that a director may be removed for missing a specified number of board meetings, fails to attend the specified number of meetings.

(b) As provided in paragraph (3) of subdivision (c) of Section 5151, the articles or bylaws may prescribe the qualifications of directors. The board, by a majority vote of the directors who meet all of the required qualifications to be a director, may declare vacant the office of any director who fails or ceases to meet any required qualification that was in effect at the beginning of that director's current term of office.

SEC. 8. Section 5227 of the Corporations Code is amended to read:

5227. (a) Any other provision of this part notwithstanding, not more than 49 percent of the persons serving on the board of any corporation may be interested persons.

(b) For the purpose of this section, "interested persons" means either:

(1) Any person currently being compensated by the corporation for services rendered to it within the previous 12 months, whether as a full- or part-time employee, independent contractor, or otherwise, excluding any reasonable compensation paid to a director as director; or

(2) Any brother, sister, ancestor, descendant, spouse, brother-in-law, sister-in-law, son-in-law, daughter-in-law, mother-in-law, or father-in-law of any such person.

(c) A person with standing under Section 5142 may bring an action to correct any violation of this section. The court may enter any order which shall provide an equitable and fair remedy to the corporation, including, but not limited to, an order for the election

of additional directors, an order to enlarge the size of the board, or an order for the removal of directors.

(d) The provisions of this section shall not affect the validity or enforceability of any transaction entered into by a corporation.

SEC. 9. Section 5341 of the Corporations Code is amended to read:

5341. (a) No member may be expelled or suspended, and no membership or membership rights may be terminated or suspended, except according to procedures satisfying the requirements of this section. An expulsion, termination or suspension not in accord with this section shall be void and without effect.

(b) Any expulsion, suspension or termination must be done in good faith and in a fair and reasonable manner. Any procedure which conforms to the requirements of subdivision (c) is fair and reasonable, but a court may also find other procedures to be fair and reasonable when the full circumstances of the suspension, termination, or expulsion are considered.

(c) A procedure is fair and reasonable when:

(1) The provisions of the procedure have been set forth in the articles or bylaws, or copies of such provisions are sent annually to all the members as required by the articles or bylaws;

(2) It provides the giving of 15 days prior notice of the expulsion, suspension or termination and the reasons therefor; and

(3) It provides an opportunity for the member to be heard, orally or in writing, not less than five days before the effective date of the expulsion, suspension or termination by a person or body authorized to decide that the proposed expulsion, termination or suspension not take place.

(d) Any notice required under this section may be given by any method reasonably calculated to provide actual notice. Any notice given by mail must be given by first-class or registered mail sent to the last address of the member shown on the corporation's records.

(e) Any action challenging an expulsion, suspension or termination of membership, including any claim alleging defective notice, must be commenced within one year after the date of the expulsion, suspension or termination. In the event such an action is successful the court may order any relief, including reinstatement, it finds equitable under the circumstances, but no vote of the members or of the board may be set aside solely because a person was at the time of the vote wrongfully excluded by virtue of the challenged expulsion, suspension or termination, unless the court finds further that the wrongful expulsion, suspension or termination was in bad faith and for the purpose, and with the effect, of wrongfully excluding the member from the vote or from the meeting at which the vote took place, so as to affect the outcome of the vote.

(f) This section governs only the procedures for expulsion, suspension or termination and not the substantive grounds therefor. An expulsion, suspension or termination based upon substantive

grounds which violate contractual or other rights of the member or are otherwise unlawful, is not made valid by compliance with this section.

(g) A member who is expelled or suspended or whose membership is terminated shall be liable for any charges incurred, services or benefits actually rendered, dues, assessments or fees incurred before the expulsion, suspension or termination or arising from contract or otherwise.

SEC. 10. Section 5512 of the Corporations Code is amended to read:

5512. (a) One-third of the voting power, represented in person or by proxy, shall constitute a quorum at a meeting of members, but, subject to subdivisions (b) and (c), a bylaw may set a different quorum. Any bylaw amendment to increase the quorum may be adopted only by approval of the members (Section 5034). If a quorum is present, the affirmative vote of the majority of the voting power represented at the meeting, entitled to vote, and voting on any matter shall be the act of the members, unless the vote of a greater number or voting by classes is required by this part or the articles or bylaws.

(b) Where a bylaw authorizes a corporation to conduct a meeting with a quorum of less than one-third of the voting power, then the only matters that may be voted upon at any regular meeting actually attended, in person or by proxy, by less than one-third of the voting power are matters notice of the general nature of which was given, pursuant to the first sentence of subdivision (a) of Section 5511.

(c) Subject to subdivision (b), the members present at a duly called or held meeting at which a quorum is present may continue to transact business until adjournment notwithstanding the withdrawal of enough members to leave less than a quorum, if any action taken (other than adjournment) is approved by at least a majority of the members required to constitute a quorum.

(d) In the absence of a quorum, any meeting of members may be adjourned from time to time by the vote of a majority of the votes represented either in person or by proxy, but no other business may be transacted, except as provided in subdivision (c).

SEC. 11. Section 5517 is added to the Corporations Code, to read:

5517. (a) If the name signed on a ballot, consent, waiver, or proxy appointment corresponds to the name of a member, the corporation if acting in good faith is entitled to accept the ballot, consent, waiver, or proxy appointment and give it effect as the act of the member.

(b) If the name signed on a ballot, consent, waiver, or proxy appointment does not correspond to the record name of a member, the corporation if acting in good faith is nevertheless entitled to accept the ballot, consent, waiver, or proxy appointment and give it effect as the act of the member if any of the following occur:

(1) The member is an entity and the name signed purports to be that of an officer or agent of the entity.

(2) The name signed purports to be that of an attorney-in-fact of the member and if the corporation requests, evidence acceptable to the corporation of the signatory's authority to sign for the member has been presented with respect to the ballot, consent, waiver, or proxy appointment.

(3) Two or more persons hold the membership as cotenants or fiduciaries and the name signed purports to be the name of at least one of the coholders and the person signing appears to be acting on behalf of all the coholders.

(c) The corporation is entitled to reject a ballot, consent, waiver, or proxy appointment if the secretary or other officer or agent authorized to tabulate votes, acting in good faith, has a reasonable basis for doubt concerning the validity of the signature or the signatory's authority to sign for the member.

(d) The corporation and any officer or agent thereof who accepts or rejects a ballot, consent, waiver, or proxy appointment in good faith and in accordance with the standards of this section shall not be liable in damages to the member for the consequences of the acceptance or rejection.

(e) Corporate action based on the acceptance or rejection of a ballot, consent, waiver, or proxy appointment under this section is valid unless a court of competent jurisdiction determines otherwise.

SEC. 12. Section 5520 of the Corporations Code is amended to read:

5520. (a) As to directors elected by members, there shall be available to the members reasonable nomination and election procedures given the nature, size and operations of the corporation.

(b) If a corporation complies with all of the provisions of Sections 5521, 5522, 5523, and 5524 applicable to a corporation with the same number of members, the nomination and election procedures of that corporation shall be deemed reasonable. However, those sections do not prescribe the exclusive means of making available to the members reasonable procedures for nomination and election of directors. A corporation may make available to the members other reasonable nomination and election procedures given the nature, size, and operations of the corporation.

SEC. 13. Section 5521 of the Corporations Code is amended to read:

5521. A corporation with 500 or more members may provide that, except for directors who are elected as authorized by Section 5152 or 5153, and except as provided in Section 5522, any person who is qualified to be elected to the board of directors of the corporation may be nominated:

(a) By any method authorized by the bylaws, or if no method is set forth in the bylaws by any method authorized by the board.

(b) By petition delivered to an officer of the corporation, signed within 11 months preceding the next time directors will be elected, by members representing the following number of votes:

Number of Votes Eligible to be Cast for Director Disregarding any Provision for Cumulative Voting	Number of Votes
Under 5,000	2 percent of voting power
5,000 or more	one−twentieth of 1 percent of voting power but not less than 100, nor more than 500.

(c) If there is a meeting to elect directors, by any member present at the meeting in person or by proxy if proxies are permitted.

SEC. 14. Section 5522 of the Corporations Code is amended to read:

5522. A corporation with 5,000 or more members may provide that, in any election of a director or directors by members of the corporation except for an election authorized by Section 5152 or 5153.

(a) The corporation's articles or bylaws shall set a date for the close of nominations for the board. The date shall not be less than 50 nor more than 120 days before the day directors are to be elected. No nominations for the board can be made after the date set for the close of nominations.

(b) If more people are nominated for the board than can be elected, the election shall take place by means of a procedure which allows all nominees a reasonable opportunity to solicit votes and all members a reasonable opportunity to choose among the nominees.

(c) A nominee shall have a reasonable opportunity to communicate to the members the nominee's qualifications and the reasons for the nominee's candidacy.

(d) If after the close of nominations the number of people nominated for the board is not more than the number of directors to be elected, the corporation may without further action declare that those nominated and qualified to be elected have been elected.

SEC. 15. Section 5523 of the Corporations Code is amended to read:

5523. A corporation with 500 or more members may provide that where it distributes any written election material soliciting a vote for any nominee for director at the corporation's expense, it shall make available, at the corporation's expense to each other nominee, in or with the same material, the same amount of space that is provided any other nominee, with equal prominence, to be used by the nominee for a purpose reasonably related to the election.

SEC. 16. Section 5524 of the Corporations Code is amended to read:

5524. A corporation with 500 or more members may provide that upon written request by any nominee for election to the board and the payment with such request of the reasonable costs of mailing (including postage) the corporation shall within 10 business days

after such request (provided payment has been made) mail to all members, or such portion of them as the nominee may reasonably specify, any material, which the nominee may furnish and which is reasonably related to the election, unless the corporation within five business days after the request allows the nominee, at the corporation's option, the rights set forth in either paragraph (1) or (2) of subdivision (a) of Section 6330.

SEC. 17. Section 5525 of the Corporations Code is amended to read:

5525. (a) This section shall apply to corporations publishing or mailing materials on behalf of any nominee in connection with procedures for the nomination and election of directors.

(b) Neither the corporation, nor its agents, officers, directors, or employees, may be held criminally liable, liable for any negligence (active or passive) or otherwise liable for damages to any person on account of any material which is supplied by a nominee for director and which it mails or publishes in procedures intended to comply with Section 5520 or pursuant to Section 5523 or 5524, but the nominee on whose behalf such material was published or mailed shall be liable and shall indemnify and hold the corporation, its agents, officers, directors and employees and each of them harmless from all demands, costs, including reasonable legal fees and expenses, claims, damages and causes of action arising out of such material or any such mailing or publication.

(c) Nothing in this section shall prevent a corporation or any of its agents, officers, directors, or employees from seeking a court order providing that the corporation need not mail or publish material tendered by or on behalf of a nominee under this article on the ground the material will expose the moving party to liability.

SEC. 18. Section 6338 of the Corporations Code is amended to read:

6338. (a) A membership list is a corporate asset. (2) Increase or decrease the number of members authorized in total or for any class;

(3) Effect an exchange, reclassification or cancellation of all or part of the memberships; or

(1) Materially and adversely affect the rights, privileges, preferences, restrictions or conditions of that class as to voting, dissolution, redemption, or transfer in a manner different than such action affects another class;

(2) Materially and adversely affect such class as to voting, dissolution, redemption, or transfer by changing the rights, privileges, preferences, restrictions or conditions of another class;

Subject to the provisions of this part and any limitations in the articles or bylaws relating to action required to be approved by the members (Section 5034), or by a majority of all members (Section 5033), the activities and affairs of a corporation shall be conducted and all corporate powers shall be exercised by or under the direction of the board. The board may delegate the management of the activities of the corporation to any person or persons, management company, or committee however composed, provided that the activities and affairs of the corporation shall be managed and all corporate powers shall be exercised under the ultimate direction of the board.

one of the chairman of the board, the president or any vice president and by any one of the secretary, any assistant secretary, the chief financial officer or any assistant treasurer of such corporation, is not invalidated as to the corporation by any lack of authority of the signing officers in the absence of actual knowledge on the part of the other person that the signing officers had no authority to execute the same.

SEC. 25. Section 7220 of the Corporations Code is amended to read:

7220. (a) Except as provided in subdivision (d), directors shall be elected for such terms, not longer than four years, as are fixed in the articles or bylaws. However, the terms of directors of a corporation without members may be up to six years. In the absence of any provision in the articles or bylaws, the term shall be one year. The articles or bylaws may provide for staggering the terms of directors by dividing the total number of directors into groups of one or more directors. The terms of office of the several groups and the number of directors in each group need not be uniform. No amendment of the articles or bylaws may extend the term of a director beyond that for which the director was elected, nor may any bylaw provision increasing the terms of directors be adopted without approval of the members (Section 5034).

(b) Unless the articles or bylaws otherwise provide, each director, including a director elected to fill a vacancy, shall hold office until the expiration of the term for which elected and until a successor has been elected and qualified.

(c) The articles or bylaws may provide for the election of one or more directors by the members of any class voting as a class.

(d) Subdivisions (a) through (c) notwithstanding, all or any portion of the directors authorized in the articles or bylaws of a corporation may hold office by virtue of designation or selection as provided by the articles or bylaws rather than by election by a member or members. Such directors shall continue in office for the term prescribed by the governing article or bylaw provision, or, if there is no term prescribed, until the governing article or bylaw provision is duly amended or repealed, except as provided in subdivision (e) of Section 7222. A bylaw provision authorized by this subdivision may be adopted, amended, or repealed only by approval of the members (Section 5034).

SEC. 26. Section 7221 of the Corporations Code is amended to read:

7221. (a) The board may declare vacant the office of a director who has been declared of unsound mind by a final order of court, or convicted of a felony, or, in the case of a corporation holding assets in charitable trust, has been found by a final order or judgment of any court to have breached any duty arising as a result of Section 7238, or, if at the time a director is elected, the bylaws provide that a

director may be removed for missing a specified number of board meetings, fails to attend the specified number of meetings.

(b) As provided in paragraph (3) of subdivision (c) of Section 7151, the articles or bylaws may prescribe the qualifications of the directors. SEC. 27. Section 7341 of the Corporations Code is amended to read:

7341. (a) No member may be expelled or suspended, and no membership or memberships may be terminated or suspended, except according to procedures satisfying the requirements of this section. An expulsion, termination or suspension not in accord with this section shall be void and without effect.

(b) Any expulsion, suspension, or termination must be done in good faith and in a fair and reasonable manner. Any procedure which conforms to the requirements of subdivision (c) is fair and reasonable, but a court may also find other procedures to be fair and reasonable when the full circumstances of the suspension, termination, or expulsion are considered.

(c) A procedure is fair and reasonable when:

(1) The provisions of the procedure have been set forth in the articles or bylaws, or copies of such provisions are sent annually to all the members as required by the articles or bylaws;

(2) It provides the giving of 15 days' prior notice of the expulsion, suspension or termination and the reasons therefor; and

(3) It provides an opportunity for the member to be heard, orally or in writing, not less than five days before the effective date of the expulsion, suspension or termination by a person or body authorized to decide that the proposed expulsion, termination or suspension not take place.

(d) Any notice required under this section may be given by any method reasonably calculated to provide actual notice. Any notice given by mail must be given by first-class or registered mail sent to the last address of the members shown on the corporation's records.

(e) Any action challenging an expulsion, suspension or termination of membership, including any claim alleging defective notice, must be commenced within one year after the date of the expulsion, suspension or termination. In the event such an action is successful the court may order any relief, including reinstatement, it finds equitable under the circumstances, but no vote of the members or of the board may be set aside solely because a person was at the time of the vote wrongfully excluded by virtue of the challenged expulsion, suspension or termination, unless the court finds further that the wrongful expulsion, suspension or termination was in bad faith and for the purpose, and with the effect, of wrongfully excluding

the member from the vote or from the meeting at which the vote took place, so as to affect the outcome of the vote.

(f) This section governs only the procedures for expulsion, suspension or termination and not the substantive grounds therefor. An expulsion, suspension or termination based upon substantive grounds which violate contractual or other rights of the member or are otherwise unlawful is not made valid by compliance with this section.

(g) A member who is expelled or suspended or whose membership is terminated shall be liable for any charges incurred, services or benefits actually rendered, dues, assessments or fees incurred before the expulsion, suspension or termination or arising from contract or otherwise.

SEC. 28. Section 7512 of the Corporations Code is amended to read:

Any bylaw amendment to increase the quorum may be adopted only by approval of the members (Section 5034). If a quorum is present, the affirmative vote of the majority of the voting power represented at the meeting, entitled to vote, and voting on any matter shall be the act of the members unless the vote of a greater number or voting by classes is required by this part or the articles or bylaws.

(b) Where a bylaw authorizes a corporation to conduct a meeting with a quorum of less than one-third of the voting power, then the only matters that may be voted upon at any regular meeting actually attended, in person or by proxy, by less than one-third of the voting power are matters notice of the general nature of which was given, pursuant to the first sentence of subdivision (a) of Section 7511.

(c) Subject to subdivision (b), the members present at a duly called or held meeting at which a quorum is present may continue to transact business until adjournment notwithstanding the withdrawal of enough members to leave less than a quorum, if any action taken (other than adjournment) is approved by at least a majority of the members required to constitute a quorum.

(d) In the absence of a quorum, any meeting of members may be adjourned from time to time by the vote of a majority of the votes represented either in person or by proxy, but no other business may be transacted, except as provided in subdivision (c).

SEC. 29. Section 7517 is added to the Corporations Code, to read:

7517. (a) If the name signed on a ballot, consent, waiver, or proxy appointment corresponds to the name of a member, the corporation if acting in good faith is entitled to accept the ballot, consent, waiver or proxy appointment and give it effect as the act of the member.

(b) If the name signed on a ballot, consent, waiver, or proxy appointment does not correspond to the record name of a member,

(5) The name signed purports to be that of a receiver or trustee in bankruptcy of the member, and, if the corporation requests, evidence of this status acceptable to the corporation has been presented with respect to the ballot, consent, waiver, or proxy appointment.

(c) The corporation is entitled to reject a ballot, consent, waiver, or proxy appointment if the secretary or other officer or agent authorized to tabulate votes, acting in good faith, has a reasonable basis for doubt concerning the validity of the signature or the signatory's authority to sign for the member.

(d) The corporation and any officer or agent thereof who accepts or rejects a ballot, consent, waiver, or proxy appointment in good faith and in accordance with the standards of this section shall not be liable in damages to the member for the consequences of the acceptance or rejection.

(e) Corporate action based on the acceptance or rejection of a ballot, consent, waiver, or proxy appointment under this section is valid unless a court of competent jurisdiction determines otherwise.

(1) The member is an entity and the name signed purports to be that of an officer or agent of the entity.

(2) The name signed purports to be that of an attorney-in-fact of the member and if the corporation requests, evidence acceptable to the corporation of the signatory's authority to sign for the member has been presented with respect to the ballot, consent, waiver, or proxy appointment.

(b) When subdivision (a) is applicable, the Secretary of State shall mail a notice to the corporation informing the corporation that its corporate powers, rights, and privileges will be suspended 60 days from the date of the notice if the corporation does not file the statement required by Section 12570.

(c) If the 60-day period expires without the delinquent corporation filing the required statement, the Secretary of State shall notify the Franchise Tax Board of the suspension, and mail a notice of the suspension to the corporation. (2) Increase or decrease the number or members authorized in total or for any class;

(3) Effect an exchange, reclassification or cancellation of all or part of the memberships; or

(4) Authorize a new class of membership.

(b) Bylaws may be adopted, amended or repealed by approval of the members (Section 12224); provided, however, that such adoption, amendment or repeal also requires approval by the members of a class if such action would:

(1) Materially and adversely affect the rights or obligations of that class as to voting, dissolution, redemption, transfer, distributions, patronage distributions, patronage, property rights, or rights to repayment of contributed capital, in a manner different than such action affects another class;

(2) Materially and adversely affect such class as to voting, dissolution, redemption, transfer, distributions, patronage distributions, patronage, property rights, or rights to repayment of contributed capital, by changing the rights, privileges, preferences, restrictions or conditions of another class;

(3) Increase or decrease the number of memberships authorized for such class;

(4) Increase the number of memberships authorized for another class;

(5) Effect an exchange, reclassification or cancellation of all or part of the memberships of such class; or

(6) Authorize a new class of memberships.

(c) The articles or bylaws may restrict or eliminate the power of the board to adopt, amend or repeal any or all bylaws, subject to subdivision (e) of Section 12331.

SEC. 47. Section 12350 of the Corporations Code is amended to read:

12350. Each corporation shall have a board of directors. Subject to the provisions of this part and any limitations in the articles or bylaws relating to action required to be approved by the members (Section 12224), or by a majority of all members (Section 12223), the activities and affairs of a corporation shall be conducted and all corporate powers shall be exercised by or under the direction of the board. The board may delegate the management of the activities of the corporation to any person or persons, management company, or committee however composed, provided that the activities and affairs of the corporation shall be managed and all corporate powers shall be exercised under the ultimate direction of the board.

SEC. 48. Section 12354 of the Corporations Code is amended to read:

12354. Subject to the provisions of subdivision (a) of Section 12321, any note, mortgage, evidence of indebtedness, contract,

conveyance or other instrument in writing, and any assignment or endorsement thereof, executed or entered into between any corporation and any other person, when signed by any one of the chairman of the board, the president or any vice president and by any one of the secretary, any assistant secretary, the chief financial officer or any assistant treasurer of such corporation, is not invalidated as to the corporation by any lack of authority of the signing officers in the absence of actual knowledge on the part of the other person that the signing officers had no authority to execute the same.

SEC. 49. Section 12360 of the Corporations Code is amended to read:

12360. (a) Except as provided in subdivision (d), directors shall be elected for such terms, not longer than four years, as are fixed in the articles or bylaws. In the absence of any provision in the articles or bylaws, the terms shall be one year. No amendment of the articles or bylaws may extend the term of a director beyond that for which the director was elected, nor may any bylaw provision increasing the terms of directors be adopted without approval of the members.

(b) Unless the articles or bylaws otherwise provide, each director, including a director elected to fill a vacancy, shall hold office until the expiration of the term for which elected and until a successor has been elected and qualified.

(c) The articles or bylaws may prescribe requirements for eligibility for election as a director.

(d) Subdivisions (a) through (c) notwithstanding, all or any portion of the directors authorized in the articles or bylaws of a corporation may hold office by virtue of designation or selection as provided by the articles or bylaws rather than by election by a member or members. Such directors shall continue in office for the term prescribed by the governing article or bylaw provision, or, if there is no term prescribed, until the governing article or bylaw provision is duly amended or repealed, except as provided in subdivision (f) of Section 12362. A bylaw provision authorized by this subdivision may be adopted, amended, or repealed only by approval of the members (Section 12224).

SEC. 50. Section 12431 of the Corporations Code is amended to read:

12431. (a) No member may be expelled or suspended, and no membership or memberships may be terminated or suspended, except according to procedures satisfying the requirements of this section. An expulsion, termination or suspension not in accord with this section shall be void and without effect.

(b) Any expulsion, suspension, or termination must be done in good faith and in a fair and reasonable manner. Any procedure which conforms to the requirements of subdivision (c) is fair and reasonable, but a court may also find other procedures to be fair and reasonable when the full circumstances of the suspension, termination, or expulsion are considered.

(c) A procedure is fair and reasonable when:

(1) The provisions of the procedure have been set forth in the articles or bylaws, or copies of such provisions are sent annually to all the members as required by the articles or bylaws;

(2) It provides the giving of 15 days' prior notice of the expulsion, suspension or termination and the reasons therefor; and

(3) It provides an opportunity for the member to be heard, orally or in writing, not less than five days before the effective date of the expulsion, suspension or termination by a person or body authorized to decide that the proposed expulsion, termination or suspension not take place.

(d) Any notice required under this section may be given by any method reasonably calculated to provide actual notice. Any notice given by mail must be given by first-class or registered mail sent to the last address of the members shown on the corporation's records.

(e) Any action challenging an expulsion, suspension or termination of membership, including any claim alleging defective notice, must be commenced within one year after the date of the expulsion, suspension or termination. In the event such an action is successful the court may order any relief, including reinstatement, it finds equitable under the circumstances, but no vote of the members or of the board may be set aside solely because a person was at the time of the vote wrongfully excluded by virtue of the challenged expulsion, suspension or termination, unless the court finds further that the wrongful expulsion, suspension or termination was in bad faith and for the purpose, and with the effect, of wrongfully excluding the member from the vote or from the meeting at which the vote took place, so as to affect the outcome of the vote.

(f) This section governs only the procedures for expulsion, suspension or termination and not the substantive grounds therefor. An expulsion, suspension or termination based upon substantive grounds which violate contractual or other rights of the member or are otherwise unlawful is not made valid by compliance with this section.

(g) A member who is expelled or suspended or whose membership is terminated shall be liable for any charges incurred, services or benefits actually rendered, dues, assessments or fees incurred before expulsion, suspension or termination or arising from contract or otherwise.

SEC. 51. Section 12466 is added to the Corporations Code, to read:

12466. (a) If the name signed on a ballot, consent or waiver corresponds to the name of a member, the corporation if acting in good faith is entitled to accept the ballot, consent, or waiver and give it effect as the act of the member.

(b) If the name signed on a ballot, consent, or waiver does not correspond to the record name of a member, the corporation if acting in good faith is nevertheless entitled to accept the vote, consent, or

waiver and give it effect as the act of the member if any of the following occur:

(1) The member is an entity and the name signed purports to be that of an officer or agent of the entity.

(2) The name signed purports to be that of an attorney-in-fact of the member and if the corporation requests, evidence acceptable to the corporation of the signatory's authority to sign for the member has been presented with respect to the vote, consent or waiver.

(3) Two or more persons hold the membership as cotenants or fiduciaries and the name signed purports to be the name of at least one of the coholders and the person signing appears to be acting on behalf of all the coholders.

(c) The corporation is entitled to reject a ballot, consent, waiver, or proxy appointment if the secretary or other officer or agent authorized to tabulate votes, acting in good faith, has a reasonable basis for doubt concerning the validity of the signature or the signatory's authority to sign for the member.

(d) The corporation and any officer or agent thereof who accepts or rejects a ballot, consent, waiver, or proxy appointment in good faith and in accordance with the standards of this section shall not be liable in damages to the member for the consequences of the acceptance or rejection.

(e) Corporate action based on the acceptance or rejection of a ballot, consent, waiver, or proxy appointment under this section is valid unless a court of competent jurisdiction determines otherwise.

SEC. 52. Section 12470 of the Corporations Code is amended to read:

12470. As to directors elected by members, there shall be available to the members reasonable nomination and election procedures given the nature, size and operations of the corporation.

SEC. 53. Section 12608 of the Corporations Code is amended to read:

12608. (a) A membership list is a corporate asset. Without consent of the board a membership list or any part thereof may not be obtained or used by any person for any purpose not reasonably related to a member's interest as a member. Without limiting the generality of the foregoing, without the consent of the board a membership list or any part thereof may not be:

(1) Used to solicit money or property unless such money or property will be used solely to solicit the vote of the members in an election to be held by their corporation; or

(2) Used for any purpose which the user does not reasonably and in good faith believe will benefit the corporation; or

(3) Used for any commercial purpose or purpose in competition with the corporation; or

(4) Sold to or purchased by any person.

(b) Any person who violates the provisions of subdivision (a) shall be liable for any damage such violation causes the corporation and

shall account for and pay to the corporation any profit derived as a result of said violation. In addition, a court in its discretion may award exemplary damages for a fraudulent or malicious violation of subdivision (a).

(c) Nothing in this article shall be construed to limit the right of a corporation to obtain injunctive relief necessary to restrain misuse of a membership list or any part thereof.

(d) In any action or proceeding under this section, a court may award the corporation reasonable costs and expenses, including reasonable attorneys' fees in connection with such action or proceeding.

(e) As used in this section, the term "membership list" means the record of all the members' names and addresses.

SEC. 54. Section 12637 is added to the Corporations Code, to read:

12637. (a) A corporation in the process of winding up may dispose of the known claims against it by following the procedure described in this section.

(b) The written notice to known creditors and claimants required by subdivision (c) of Section 12633 shall comply with all of the following requirements:

(1) Describe any information that must be included in a claim.

(2) Provide a mailing address where a claim may be sent.

(3) State the deadline, which may not be fewer than 120 days from the effective date of the written notice, by which the corporation must receive the claim.

(4) State that the claim will be barred if not received by the deadline.

(c) A claim against the corporation is barred if any of the following occur:

(1) A claimant who has been given the written notice under subdivision (b) does not deliver the claim to the corporation by the deadline.

(2) A claimant whose claim was rejected by the corporation does not commence a proceeding to enforce the claim within 90 days from the effective date of the rejection notice.

(d) For purposes of this section "claim" does not include a contingent liability or a claim based on an event occurring after the effective date of dissolution.

SEC. 55. Section 12670 of the Corporations Code is amended to read:

12670. (a) Upon the failure of a corporation to file the statement required by Section 12570, the Secretary of State shall mail a notice of that delinquency to the corporation. The notice shall also contain information concerning the application of this section, and shall advise the corporation of the penalty imposed by Section 19141 of the Revenue and Taxation Code for failure to timely file the required statement after notice of delinquency has been mailed by the Secretary of State. If, within 60 days after the mailing of the notice

of delinquency, a statement pursuant to Section 12570 has not been filed by the corporation, the Secretary of State may pursuant to regulation certify the name of that corporation to the Franchise Tax Board.

(b) Upon certification pursuant to subdivision (a), the Franchise Tax Board shall assess against the corporation a penalty of fifty dollars ($50) pursuant to Section 19141 of the Revenue and Taxation Code.

(c) The penalty herein provided shall not apply to a corporation which on or prior to the date of certification pursuant to subdivision (a) has dissolved or has been merged into another corporation.

(d) The penalty herein provided shall not apply and the Secretary of State need not mail a notice of delinquency to a corporation the corporate powers, rights and privileges of which have been suspended by the Franchise Tax Board pursuant to Section 23301, 23301.5, or 23775 of the Revenue and Taxation Code on or prior to, and remain suspended on, the last day of the filing period pursuant to Section 12570. The Secretary of State need not mail a form pursuant to Section 12570, to a corporation the corporate powers, rights and privileges of which have been so suspended by the Franchise Tax Board on or prior to, and remain suspended on, the day the Secretary of State prepares the forms for mailing.

(e) If, after certification pursuant to subdivision (a) the Secretary of State finds the required statement was filed before the expiration of the 60-day period after mailing of the notice of delinquency, the Secretary of State shall promptly decertify the name of the corporation to the Franchise Tax Board. The Franchise Tax Board shall then promptly abate any penalty assessed against the corporation pursuant to Section 19141 of the Revenue and Taxation Code.

(f) If the Secretary of State determines that the failure of a corporation to file a statement required by Section 12570 is excusable because of reasonable cause or unusual circumstances which justify the failure, the Secretary of State may waive the penalty imposed by this section and by Section 19141 of the Revenue and Taxation Code, in which case the Secretary of State shall not certify the name of the corporation to the Franchise Tax Board, or if already certified, the Secretary of State shall promptly decertify the name of the corporation.

SEC. 7. Sections 4, 5, and 6 of this bill incorporate changes to Section 19613 of the Business and Professions Code proposed by both this bill and Assembly Bill 3106. Sections 4, 5, and 6 of this bill shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1997, (2) each bill affects Section 19613 of the Business and Professions Code, and (3) this bill is enacted after AB 3106, in which case Section 3 of this bill shall not become operative.

The people of the State of California do enact as follows:

SECTION 1. Section 645 of the Penal Code is repealed.

SEC. 2. Section 645 is added to the Penal Code, to read:

645. (a) Any person guilty of a first conviction of any offense specified in subdivision (c), where the victim has not attained 13 years of age, may, upon parole, undergo medroxyprogesterone acetate treatment or its chemical equivalent, in addition to any other punishment prescribed for that offense or any other provision of law, at the discretion of the court.

(b) Any person guilty of a second conviction of any offense specified in subdivision (c), where the victim has not attained 13 years of age, shall, upon parole, undergo medroxyprogesterone

acetate treatment or its chemical equivalent, in addition to any other punishment prescribed for that offense or any other provision of law.

(c) This section shall apply to the following offenses:

(1) Subdivision (c) or (d) of Section 286.

(2) Paragraph (1) of subdivision (b) of Section 288.

(3) Subdivision (b) or (d) of Section 288a.

(4) Subdivision (a) or (j) of Section 289.

(d) The parolee shall begin medroxyprogesterone acetate treatment one week prior to his or her release from confinement in the state prison or other institution and shall continue treatments until the Department of Corrections demonstrates to the Board of Prison Terms that this treatment is no longer necessary.

(e) If a person voluntarily undergoes a permanent, surgical alternative to hormonal chemical treatment for sex offenders, he or she shall not be subject to this section.

(f) The Department of Corrections shall administer this section and implement the protocols required by this section. Nothing in the protocols shall require an employee of the Department of Corrections who is a physician and surgeon licensed pursuant to Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code or the Osteopathic Initiative Act to participate against his or her will in the administration of the provisions of this section. These protocols shall include, but not be limited to, a requirement to inform the person about the effect of hormonal chemical treatment and any side effects that may result from it. A person subject to this section shall acknowledge the receipt of this information.

CHAPTER 597

An act to amend Section 3003 of the Penal Code, relating to prisoners.

[Approved by Governor September 17, 1996. Filed with Secretary of State September 18, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 3003 of the Penal Code is amended to read:

3003. (a) Except as otherwise provided in this section, an inmate who is released on parole shall be returned to the county that was the last legal residence of the inmate prior to his or her incarceration.

For purposes of this subdivision, "last legal residence" shall not be construed to mean the county wherein the inmate committed an offense while confined in a state prison or local jail facility or while confined for treatment in a state hospital.

(b) Notwithstanding subdivision (a), an inmate may be returned to another county if that would be in the best interests of the public. If the Board of Prison Terms setting the conditions of parole for inmates sentenced pursuant to subdivision (b) of Section 1168, or the Department of Corrections setting the conditions of parole for inmates sentenced pursuant to Section 1170, decides on a return to another county, it shall place its reasons in writing in the parolee's permanent record and include these reasons in the notice to the sheriff or chief of police pursuant to Section 3058.6. In making its decision, the paroling authority shall consider, among others, the following factors, giving the greatest weight to the protection of the victim and the safety of the community:

(1) The need to protect the life or safety of a victim, the parolee, a witness, or any other person.

(2) Public concern that would reduce the chance that the inmate's parole would be successfully completed.

(3) The verified existence of a work offer, or an educational or vocational training program.

(4) The existence of family in another county with whom the inmate has maintained strong ties and whose support would increase the chance that the inmate's parole would be successfully completed.

(5) The lack of necessary outpatient treatment programs for parolees receiving treatment pursuant to Section 2960.

(c) The Department of Corrections, in determining an out-of-county commitment, shall give priority to the safety of the community and any witnesses and victims.

(d) In making its decision about an inmate who participated in a joint venture program pursuant to Article 1.5 (commencing with Section 2717.1) of Chapter 5, the paroling authority shall give serious consideration to releasing him or her to the county where the joint venture program employer is located if that employer states to the paroling authority that he or she intends to employ the inmate upon release.

(e) (1) The Department of Corrections shall establish a pilot project in San Bernardino County in which the following information, if available, shall be released to the local law enforcement agencies regarding a paroled inmate who is released in San Bernardino County:

(A) Last, first, and middle name.

(B) Birth date.

(C) Sex, race, height, weight, and hair and eye color.

(D) Date of parole and discharge.

(E) Registration status if the inmate is required to register as a result of a controlled substance, sex, or arson offense.

(F) California Criminal Information Number, FBI number, social security number, and driver's license number.

(G) County of commitment.

(H) A description of scars, marks, and tattoos on the inmate.

(I) Offense or offenses for which the inmate was convicted that resulted in parole in this instance.

(J) Address, including all of the following information:

(i) Street name and number. Post office box numbers are not acceptable for purposes of this subparagraph.

(ii) City and ZIP Code.

(iii) Date the address as provided pursuant to this subparagraph was last verified.

(K) Contact officer and unit, including all of the following information:

(i) Name and telephone number of each contact officer.

(ii) Contact unit type of each contact officer such as units responsible for parole, registration, or county probation.

(2) The information required by this subdivision shall come from the parolee activity report and sex registrants file. The information obtained from each source shall be based on the same timeframe.

(3) All of the information required by this subdivision shall be provided utilizing a computer-to-computer transfer in a format usable by a desktop computer system. The transfer of this information shall be done by modem or tape transfer at least once each month.

(4) The unauthorized release or receipt of the information described in this subdivision is a violation of Section 11143.

(5) The San Bernardino County Sheriff's Department shall provide a project evaluation to the Department of Corrections at least once per month. The information shall be provided in a form available for transfer by modem or tape.

(6) The Department of Corrections shall prepare and submit to the Legislature on or before June 30, 1996, a report on the pilot project that includes a recommendation on whether the pilot project should be expanded and an evaluation of the resources necessary to expand the project statewide. In preparing the report, the department shall consult with the San Bernardino County Sheriff's Department, the Los Angeles City Police Department, and the Long Beach City Police Department in order to receive their input regarding the feasibility of expanding the project statewide.

(7) The Office of Criminal Justice Planning shall investigate the availability of funding necessary to implement the project statewide, with particular emphasis on any federal funding that may be available.

(f) Notwithstanding any other law, an inmate who is released on parole shall not be returned to a location within 35 miles of the actual residence of a victim of, or a witness to, a violent felony as defined in paragraphs (1) to (7), inclusive, of subdivision (c) of Section 667.5 or a felony in which the defendant inflicts great bodily injury on any person other than an accomplice that has been charged and proved as provided for in Section 12022.7 or 12022.9, if the victim or witness has requested additional distance in the placement of the inmate on

parole, and if the Board of Prison Terms or the Department of Corrections finds that there is a need to protect the life, safety, or well-being of a victim or witness.

(g) The authority shall give consideration to the equitable distribution of parolees and the proportion of out-of-county commitments from a county compared to the number of commitments from that county when making parole decisions.

(h) An inmate may be paroled to another state pursuant to any other law.

CHAPTER 598

An act to amend Sections 190 and 2933 of, and to add Section 2933.2 to, the Penal Code, relating to sentencing.

[Approved by Governor September 17, 1996. Filed with Secretary of State September 18, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 190 of the Penal Code is amended to read:

190. (a) Every person guilty of murder in the first degree shall suffer death, confinement in the state prison for life without the possibility of parole, or confinement in the state prison for a term of 25 years to life. The penalty to be applied shall be determined as provided in Sections 190.1, 190.2, 190.3, 190.4, and 190.5.

Except as provided in subdivision (b) or (c), every person guilty of murder in the second degree shall suffer confinement in the state prison for a term of 15 years to life.

(b) Every person guilty of murder in the second degree shall suffer confinement in the state prison for a term of 25 years to life if the victim was a peace officer, as defined in subdivision (a) of Section 830.1, subdivision (a) or (b) of Section 830.2, or Section 830.5, who was killed while engaged in the performance of his or her duties, and the defendant knew, or reasonably should have known, that the victim was such a peace officer engaged in the performance of his or her duties.

(c) Every person guilty of murder in the second degree shall suffer confinement in the state prison for a term of 20 years to life if the killing was perpetrated by means of shooting a firearm from a motor vehicle, intentionally at another person outside of the vehicle with the intent to inflict great bodily injury.

(d) Article 2.5 (commencing with Section 2930) of Chapter 7 of Title 1 of Part 3 shall not apply to reduce any minimum term of a sentence imposed pursuant to this section. A person sentenced pursuant to this section shall not be released on parole prior to

serving the minimum term of confinement prescribed by this section.

SEC. 2. Section 2933 of the Penal Code is amended to read:

2933. (a) It is the intent of the Legislature that persons convicted of a crime and sentenced to the state prison under Section 1170 serve the entire sentence imposed by the court, except for a reduction in the time served in the custody of the Director of Corrections for performance in work, training or education programs established by the Director of Corrections. Worktime credits shall apply for performance in work assignments and performance in elementary, high school, or vocational education programs. Enrollment in a two- or four-year college program leading to a degree shall result in the application of time credits equal to that provided in Section 2931. For every six months of full-time performance in a credit qualifying program, as designated by the director, a prisoner shall be awarded worktime credit reductions from his or her term of confinement of six months. A lesser amount of credit based on this ratio shall be awarded for any lesser period of continuous performance. Less than maximum credit should be awarded pursuant to regulations adopted by the director for prisoners not assigned to a full-time credit qualifying program. Every prisoner who refuses to accept a full-time credit qualifying assignment or who is denied the opportunity to earn worktime credits pursuant to subdivision (a) of Section 2932 shall be awarded no worktime credit reduction. Every prisoner who voluntarily accepts a half-time credit qualifying assignment in lieu of a full-time assignment shall be awarded worktime credit reductions from his or her term of confinement of three months for each six-month period of continued performance. Except as provided in subdivision (a) of Section 2932, every prisoner willing to participate in a full-time credit qualifying assignment but who is either not assigned to a full-time assignment or is assigned to a program for less than full time, shall receive no less credit than is provided under Section 2931. Under no circumstances shall any prisoner receive more than six months' credit reduction for any six-month period under this section.

(b) Worktime credit is a privilege, not a right. Worktime credit must be earned and may be forfeited pursuant to the provisions of Section 2932. Except as provided in subdivision (a) of Section 2932, every prisoner shall have a reasonable opportunity to participate in a full-time credit qualifying assignment in a manner consistent with institutional security and available resources.

(c) Under regulations adopted by the Department of Corrections, which shall require a period of not more than one year free of disciplinary infractions, worktime credit which has been previously forfeited may be restored by the director. The regulations shall provide for separate classifications of serious disciplinary infractions as they relate to restoration of credits, the time period required before forfeited credits or a portion thereof may be restored, and the

percentage of forfeited credits that may be restored for these time periods. For credits forfeited for commission of a felony specified in paragraph (1) of subdivision (a) of Section 2932, the Department of Corrections may provide that up to 180 days of lost credit shall not be restored and up to 90 days of credit shall not be restored for a forfeiture resulting from conspiracy or attempts to commit one of those acts. No credits may be restored if they were forfeited for a serious disciplinary infraction in which the victim died or was permanently disabled. Upon application of the prisoner and following completion of the required time period free of disciplinary offenses, forfeited credits eligible for restoration under the regulations for disciplinary offenses other than serious disciplinary infractions punishable by a credit loss of more than 90 days shall be restored unless, at a hearing, it is found that the prisoner refused to accept or failed to perform in a credit qualifying assignment, or extraordinary circumstances are present that require that credits not be restored. "Extraordinary circumstances" shall be defined in the regulations adopted by the director. However, in any case in which worktime credit was forfeited for a serious disciplinary infraction punishable by a credit loss of more than 90 days, restoration of credit shall be at the discretion of the director.

The prisoner may appeal the finding through the Department of Corrections review procedure, which shall include a review by an individual independent of the institution who has supervisorial authority over the institution.

(d) The provisions of subdivision (c) shall also apply in cases of credit forfeited under Section 2931 for offenses and serious disciplinary infractions occurring on or after January 1, 1983.

SEC. 3. Section 2933.2 is added to the Penal Code, to read:

2933.2. (a) Notwithstanding Section 2933.1 or any other law, any person who is convicted of murder, as defined in Section 187, shall not accrue any credit, as specified in Section 2933.

(b) The limitation provided in subdivision (a) shall apply whether the defendant is sentenced under Chapter 4.5 (commencing with Section 1170) of Title 7 of Part 2 or sentenced under some other law.

(c) Notwithstanding Section 4019 or any other provision of law, no credit pursuant to Section 4019 may be earned against a period of confinement in, or commitment to, a county jail, industrial farm, or road camp, or a city jail, industrial farm, or road camp, following arrest for any person specified in subdivision (a).

(d) This section shall only apply to murder that is committed on or after the date on which this section becomes operative.

SEC. 4. Section 1 of this act affects an initiative statute and shall become effective only when submitted to, and approved by, the voters pursuant to subdivision (c) of Section 10 of Article II of the California Constitution.

SEC. 5. Sections 2 and 3 of this act shall become operative only if the provisions of Section 1 of this act are adopted by the voters.

CHAPTER 599

An act to amend Section 827 of the Welfare and Institutions Code, relating to juvenile offenders.

[Approved by Governor September 17, 1996. Filed with Secretary of State September 18, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 827 of the Welfare and Institutions Code is amended to read:

827. (a) Except as provided in Section 828, a petition filed in any juvenile court proceeding, reports of the probation officer, and all other documents filed in that case or made available to the probation officer in making his or her report, or to the judge, referee, or other hearing officer, and thereafter retained by the probation officer, judge, referee, or other hearing officer, may be inspected only by court personnel, the district attorney, a city attorney or city prosecutor authorized to prosecute criminal or juvenile cases under state law, the minor who is the subject of the proceeding, his or her parents or guardian, the attorneys for the parties, and judges, referees, other hearing officers, probation officers and law enforcement officers who are actively participating in criminal or juvenile proceedings involving the minor, the superintendent or designee of the school district where the minor is enrolled or attending school, members of the child protective agencies as defined in Section 11165.9 of the Penal Code, members of children's multidisciplinary teams, persons or agencies providing treatment or supervision of the minor, and any other person who may be designated by court order of the judge of the juvenile court upon filing a petition therefor.

Any records or reports relating to a matter within the jurisdiction of the juvenile court prepared by or released by the court, a probation department, or the county department of social services, any portion of those records or reports, and information relating to the contents of those records or reports, shall not be disseminated by the receiving agencies to any persons or agencies, other than those persons or agencies authorized to receive documents pursuant to this section. Further, any of those records or reports, any portion of those records or reports, and information relating to the contents of those records or reports, shall not be made attachments to any other documents without the prior approval of the presiding judge of the juvenile court, unless they are used in connection with and in the course of

a criminal investigation or a proceeding brought to declare a person a dependent child or ward of the juvenile court.

(b) (1) While the Legislature reaffirms its belief that juvenile court records, in general, should be confidential, it is the intent of the Legislature in enacting this subdivision to provide for a limited exception to juvenile court record confidentiality to promote more effective communication among juvenile courts, law enforcement agencies, and schools to ensure the rehabilitation of juvenile criminal offenders as well as to lessen the potential for drug use, violence, and other forms of delinquency.

(2) Notwithstanding subdivision (a), written notice that a minor enrolled in a public school, kindergarten to grade 12, inclusive, has been found by a court of competent jurisdiction to have committed any felony or any misdemeanor involving curfew, gambling, alcohol, drugs, tobacco products, carrying of weapons, a sex offense listed in Section 290 of the Penal Code, assault or battery, larceny, vandalism, or graffiti shall be provided by the court, within seven days, to the superintendent of the school district of attendance. Written notice shall include only the offense found to have been committed by the minor and the disposition of the minor's case. This notice shall be expeditiously transmitted by the district superintendent to the principal at the school of attendance. The principal shall expeditiously disseminate the information to those counselors directly supervising or reporting on the behavior or progress of the minor. In addition, the principal may disseminate the information to any teacher or administrator directly supervising or reporting on the behavior or progress of the minor whom the principal believes needs the information to work with the pupil in an appropriate fashion, to avoid being needlessly vulnerable or to protect other persons from needless vulnerability.

Any information received by a teacher, counselor, or administrator under this subdivision shall be received in confidence for the limited purpose of rehabilitating the minor and protecting students and staff, and shall not be further disseminated by the teacher, counselor, or administrator, except insofar as communication with the juvenile, his or her parents or guardians, law enforcement personnel, and the juvenile's probation officer is necessary to effectuate the juvenile's rehabilitation or to protect students and staff.

An intentional violation of the confidentiality provisions of this section is a misdemeanor punishable by a fine not to exceed five hundred dollars ($500).

(3) If a minor is removed from public school as a result of the court's finding described in subdivision (b), the superintendent shall maintain the information in a confidential file and shall defer transmittal of the information received from the court until the minor is returned to public school. If the minor is returned to a school district other than the one from which the minor came, the parole or probation officer having jurisdiction over the minor shall so notify the

superintendent of the last district of attendance, who shall transmit the notice received from the court to the superintendent of the new district of attendance.

(c) Each probation report filed with the court concerning a minor whose record is subject to dissemination pursuant to subdivision (b) shall include on the face sheet the school at which the minor is currently enrolled. The county superintendent shall provide the court with a listing of all of the schools within each school district, within the county, along with the name and mailing address of each district superintendent.

(d) Each notice sent by the court pursuant to subdivision (b) shall be stamped with the instruction: "Unlawful Dissemination Of This Information Is A Misdemeanor." Any information received from the court shall be kept in a separate confidential file at the school of attendance and shall be transferred to the minor's subsequent schools of attendance and maintained until the minor graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, whichever occurs first. After that time the confidential record shall be destroyed. At any time after the date by which a record required to be destroyed by this section should have been destroyed, the minor or his or her parent or guardian shall have the right to make a written request to the principal of the school that the minor's school records be reviewed to ensure that the record has been destroyed. Upon completion of any requested review and no later than 30 days after the request for the review was received, the principal or his or her designee shall respond in writing to the written request and either shall confirm that the record has been destroyed or, if the record has not been destroyed, shall explain why destruction has not yet occurred.

Except as provided in paragraph (2) of subdivision (b), no liability shall attach to any person who transmits or fails to transmit any notice or information required under subdivision (b).

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because in that regard this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 600

An act to amend Section 53069.3 of the Government Code, to amend Sections 594, 594.1, 594.6, 594.8, 640.5, 640.6, and 4024.2 of the Penal Code, to amend Section 13202.6 of the Vehicle Code, and to amend Section 729.1 of the Welfare and Institutions Code, relating to graffiti.

[Approved by Governor September 17, 1996. Filed with Secretary of State September 18, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 53069.3 of the Government Code is amended to read:

53069.3. (a) A city, county, or city and county may enact an ordinance to provide for the use of city or county funds to remove graffiti or other inscribed material from publicly or privately owned real or personal property located within the city, county, or city and county and to replace or repair public or privately owned property within that city, county, or city and county that has been defaced with graffiti or other inscribed material that cannot be removed cost effectively.

(b) The ordinance shall authorize only the removal of the graffiti or other inscribed material itself, or, if the graffiti or other inscribed material cannot be removed cost effectively, the repair or replacement of the portion of the property that was defaced, and not the painting, repair, or replacement of other parts of the property that were not defaced.

(c) (1) The removal, repair, or replacement may be performed, in the case of publicly owned real or personal property, only after securing the consent of the public entity having jurisdiction over the property, and in the case of privately owned real or personal property, only after securing the consent of the owner or possessor.

(2) The law enforcement agency with primary jurisdiction in a city, county, or city and county that enacts an ordinance pursuant to this section may promulgate procedures for preremoval preservation of sufficient evidence of the graffiti or other inscribed material for criminal prosecutions or proceedings pursuant to Section 602 of the Welfare and Institutions Code pertaining to the person or persons who inscribed the graffiti or other material. These procedures shall

be followed by the city, county, or city and county prior to or during removal of graffiti or other inscribed material.

(d) (1) If a city enacts an ordinance pursuant to this section, the city may also enact an ordinance to establish a procedure pursuant to Section 38772, 38773, 38773.1, 38773.2, 38773.5, or 38773.6 to recover city funds used pursuant to this section to remove graffiti or other inscribed material from publicly or privately owned real or personal property within the city.

(2) If a county enacts an ordinance pursuant to this section, the county may enact an ordinance to establish a procedure pursuant to Section 25845 to recover county funds used pursuant to this section to remove graffiti or other inscribed material from publicly or privately owned real or personal property within the county.

(3) As used in this section, "city or county funds" include, but are not limited to, court costs, attorney's fees, costs of removal of the graffiti or other inscribed material, costs of repair and replacement of defaced property, costs of administering and monitoring the participation of a defendant and his or her parents or guardians in a graffiti abatement program, and the law enforcement costs incurred by the city or county in identifying and apprehending the person who created, caused, or committed the graffiti or other inscribed material on the publicly or privately owned permanent real or personal property within the city or county.

(e) As used in this section, "graffiti or other inscribed material" includes any unauthorized inscription, word, figure, mark, or design that is written, marked, etched, scratched, drawn, or painted on any real or personal property.

(f) This section does not preclude the abatement of graffiti or other inscribed material as a nuisance pursuant to Section 25845 or 38773.5 or the enactment or enforcement of any criminal law with respect to nuisance.

SEC. 2. Section 594 of the Penal Code is amended to read:

594. (a) Every person who maliciously commits any of the following acts with respect to any real or personal property not his or her own, in cases other than those specified by state law, is guilty of vandalism:

(1) Defaces with graffiti or other inscribed material.

(2) Damages.

(3) Destroys.

Whenever a person violates this subdivision with respect to real property, vehicles, signs, fixtures, or furnishings belonging to any public entity, as defined by Section 811.2 of the Government Code, or the federal government, it shall be a permissive inference that the person neither owned the property nor had the permission of the owner to deface, damage, or destroy the property.

(b) (1) If the amount of defacement, damage, or destruction is fifty thousand dollars ($50,000) or more, vandalism is punishable by imprisonment in the state prison or in a county jail not exceeding one

year, or by a fine of not more than fifty thousand dollars ($50,000), or by both that fine and imprisonment.

(2) If the amount of defacement, damage, or destruction is five thousand dollars ($5,000) or more but less than fifty thousand dollars ($50,000), vandalism is punishable by imprisonment in the state prison, or in a county jail not exceeding one year, or by a fine of not more than ten thousand dollars ($10,000), or by both that fine and imprisonment.

(3) If the amount of defacement, damage, or destruction is four hundred dollars ($400) or more but less than five thousand dollars ($5,000), vandalism is punishable by imprisonment in a county jail not exceeding one year, or by a fine of five thousand dollars ($5,000), or by both that fine and imprisonment.

(4) If the amount of defacement, damage, or destruction is less than four hundred dollars ($400), vandalism is punishable by imprisonment in a county jail for not more than six months, or by a fine of not more than one thousand dollars ($1,000), or by both that fine and imprisonment.

(c) Upon conviction of any person under this section for acts of vandalism consisting of defacing property with graffiti or other inscribed materials, the court may, in addition to any punishment imposed under subdivision (b), order the defendant to clean up, repair, or replace the damaged property himself or herself, or, if the jurisdiction has adopted a graffiti abatement program, order the defendant, and his or her parents or guardians if the defendant is a minor, to keep the damaged property or another specified property in the community free of graffiti for up to one year. Participation of a parent or guardian is not required under this subdivision if the court deems this participation to be detrimental to the defendant, or if the parent or guardian is a single parent who must care for young children.

(d) If a minor is personally unable to pay a fine levied for acts prohibited by this section, the parent of that minor shall be liable for payment of the fine. A court may waive payment of the fine or any part thereof by the parent upon a finding of good cause.

(e) As used in this section, the term "graffiti or other inscribed material" includes any unauthorized inscription, word, figure, mark, or design that is written, marked, etched, scratched, drawn, or painted on real or personal property.

(f) As used in this section, "graffiti abatement program" means a program adopted by a city, county, or city and county by resolution or ordinance that provides for the administration and financing of graffiti removal, community education on the prevention of graffiti, and enforcement of graffiti laws.

(g) The court may order any person ordered to perform community service or graffiti removal pursuant to subdivision (c) to undergo counseling.

SEC. 3. Section 594.1 of the Penal Code is amended to read:

594.1. (a) (1) It shall be unlawful for any person, firm, or corporation, except a parent or legal guardian, to sell or give or in any way furnish to another person, who is in fact under the age of 18 years, any aerosol container of paint that is capable of defacing property without first obtaining bona fide evidence of majority and identity.

(2) For purposes of this subdivision, "bona fide evidence of majority and identity" is any document evidencing the age and identity of an individual which has been issued by a federal, state, or local governmental entity, and includes, but is not limited to, a motor vehicle operator's license, a registration certificate issued under the federal Selective Service Act, or an identification card issued to a member of the armed forces.

(3) This subdivision shall not apply to the furnishing of six ounces or less of an aerosol container of paint to a minor for the minor's use or possession under the supervision of the minor's parent, guardian, instructor, or employer.

(4) Aerosol containers of paint or related substances may be furnished for use in school-related activities that are part of the instructional program when used under controlled and supervised situations within the classroom or on the site of a supervised project. These containers may not leave the supervised site and shall be inventoried by the instructor. This use shall comply with Section 32060 of the Education Code regarding the safe use of toxic art supplies in schools.

(b) It shall be unlawful for any person under the age of 18 years to purchase an aerosol container of paint that is capable of defacing property.

(c) Every retailer selling or offering for sale in this state aerosol containers of paint capable of defacing property shall post in a conspicuous place a sign in letters at least three-eighths of an inch high stating: "Any person who maliciously defaces real or personal property with paint is guilty of vandalism which is punishable by a fine, imprisonment, or both."

SEC. 8. Section 4024.2 of the Penal Code is amended to read:

4024.2. (a) Notwithstanding any other law, the board of supervisors of any county may authorize the sheriff or other official in charge of county correctional facilities to offer a voluntary program under which any person committed to the facility may participate in a work release program pursuant to criteria described in subdivision (b), in which one day of participation will be in lieu of one day of confinement.

(b) The criteria for a work release program are the following:

(1) The work release program shall consist of any of the following:

(A) Manual labor to improve or maintain levees or public facilities, including, but not limited to, streets, parks, and schools.

(B) Manual labor in support of nonprofit organizations, as approved by the sheriff or other official in charge of the correctional facilities. As a condition of assigning participants of a work release program to perform manual labor in support of nonprofit organizations pursuant to this section, the board of supervisors shall obtain workers' compensation insurance which shall be adequate to cover work-related injuries incurred by those participants, in accordance with Section 3363.5 of the Labor Code.

(C) Performance of graffiti cleanup for local governmental entities, including participation in a graffiti abatement program as defined in subdivision (f) of Section 594, as approved by the sheriff or other official in charge of the correctional facilities.

(D) Performance of house repairs or yard services for senior citizens and the performance of repairs to senior centers through contact with local senior service organizations, as approved by the sheriff or other official in charge of the correctional facilities. Where a work release participant has been assigned to this task, the sheriff or other official shall agree upon in advance with the senior service

organization about the type of services to be rendered by the participant and the extent of contact permitted between the recipients of these services and the participant.

(E) Any person who is not able to perform manual labor as specified in this paragraph because of a medical condition, physical disability, or age, may participate in a work release program involving any other type of public sector work that is designated and approved by the sheriff or other official in charge of county correctional facilities.

(2) The sheriff or other official may permit a prisoner participating in a work release program to receive work release credit for participation in education, vocational training, or substance abuse programs in lieu of performing labor in a work release program on an hour-for-hour basis. However, credit for that participation may not exceed one-half of the hours established for the work release program, and the remaining hours shall consist of manual labor described in paragraph (1).

(3) The work release program shall be under the direction of a responsible person appointed by the sheriff or other official in charge.

(4) The hours of labor to be performed pursuant to this section shall be uniform for all persons committed to a facility in a county and may be determined by the sheriff or other official in charge of county correctional facilities, and each day shall be a minimum of 8 and a maximum of 10 hours, in accordance with the normal working hours of county employees assigned to supervise the programs. However, reasonable accommodation may be made for participation in a program under paragraph (2).

As used in this section, "nonprofit organizations" means organizations established or operated for the benefit of the public or in support of a significant public interest, as set forth in Section 501(c)(3) of the Internal Revenue Code. Organizations established or operated for the primary purpose of benefiting their own memberships are specifically excluded.

(c) The board of supervisors may prescribe reasonable rules and regulations under which a work release program is operated and may provide that participants wear clothing of a distinctive character while performing the work. As a condition of participating in a work release program, a person shall give his or her promise to appear for work or assigned activity by signing a notice to appear before the sheriff or at the education, vocational, or substance abuse program at a time and place specified in the notice and shall sign an agreement that the sheriff may immediately retake the person into custody to serve the balance of his or her sentence if the person fails to appear for the program at the time and place agreed to, does not perform the work or activity assigned, or for any other reason is no longer a fit subject for release under this section. A copy of the notice shall be delivered to the person and a copy shall be retained by the sheriff. Any person who willfully violates his or her written promise to appear

at the time and place specified in the notice is guilty of a misdemeanor.

Whenever a peace officer has reasonable cause to believe the person has failed to appear at the time and place specified in the notice or fails to appear or work at the time and place agreed to or has failed to perform the work assigned, the peace officer may, without a warrant, retake the person into custody, or the court may issue an arrest warrant for the retaking of the person into custody, to complete the remainder of the original sentence. A peace officer may not retake a person into custody under this subdivision, without a warrant for arrest, unless the officer has a written order to do so, signed by the sheriff or other person in charge of the program, that describes with particularity the person to be retaken.

(d) Nothing in this section shall be construed to require the sheriff or other official in charge to assign a person to a program pursuant to this section if it appears from the record that the person has refused to satisfactorily perform as assigned or has not satisfactorily complied with the reasonable rules and regulations governing the assignment or any other order of the court.

A person shall be eligible for work release under this section only if the sheriff or other official in charge concludes that the person is a fit subject therefor.

(e) The board of supervisors may prescribe a program administrative fee, not to exceed the pro rata cost of administration, to be paid by each person according to his or her ability to pay.

(a) (1) For every conviction of a person for a violation of Section 594, 594.3, or 594.4 of the Penal Code, committed while the person was 13 years of age or older, the court may suspend the person's driving privilege for one year. If the person convicted does not yet have the privilege to drive, the court may order the department to delay issuing the privilege to drive for one year subsequent to the time the person becomes legally eligible to drive. However, if there is no further conviction for violating Section 594, 594.3, or 594.4 of the Penal Code in a 12-month period after the conviction, the court, upon petition of the person affected, may modify the order imposing the delay of the privilege. For each successive offense, the court shall suspend the person's driving privilege for those possessing a license or delay the eligibility for those not in possession of a license at the time of their conviction for one additional year.

(2) Any person whose driving privilege is suspended or delayed for an act involving vandalism in violation of Section 594, 594.3, or 594.4 of the Penal Code, may elect to reduce the period of suspension or delay imposed by the court by performing community service under the supervision of the probation department. The period of suspension or delay ordered under paragraph (1) shall be reduced at the rate of one day for each hour of community service performed.

If the jurisdiction has adopted a graffiti abatement program as defined in subdivision (f) of Section 594 of the Penal Code, the period of suspension or delay ordered under paragraph (1) shall be reduced at the rate of one day for each day of community service performed in the graffiti abatement program when the defendant and his or her parents or guardians are responsible for keeping a specified property in the community free of graffiti for a specified period of time. The suspension shall be reduced only when the specified period of participation has been completed. Participation of a parent or guardian is not required under this paragraph if the court deems this participation to be detrimental to the defendant, or if the parent or guardian is a single parent who must care for young children. For purposes of this paragraph, "community service" means cleaning up graffiti from any public property, including public transit vehicles.

(3) As used in this section, the term "conviction" includes the findings in juvenile proceedings specified in Section 13105.

(b) (1) Whenever the court suspends driving privileges pursuant to subdivision (a), the court in which the conviction is made shall require all drivers' licenses held by the person to be surrendered to the court. The court shall, within 10 days following the conviction, transmit a certified abstract of the conviction, together with any drivers' licenses surrendered, to the department.

(2) Violations of restrictions imposed pursuant to this section are subject to Section 14603.

(c) When the court is considering suspending or delaying driving privileges pursuant to subdivision (a), the court shall consider if a personal or family hardship exists that requires the person to have a driver's license for his or her own, or a member of his or her family's, employment or medically related purposes.

(d) The suspension, restriction, or delay of driving privileges pursuant to this section shall be in addition to any penalty imposed upon conviction of any violation of Section 594, 594.3, or 594.4 of the Penal Code.

SEC. 9.5. Section 13202.6 of the Vehicle Code is amended to read:

13202.6. (a) (1) For every conviction of a person for a violation of Section 594, 594.3, or 594.4 of the Penal Code, committed while the person was 13 years of age or older, the court shall suspend the person's driving privilege for one year, except when the court finds that a personal or family hardship exists that requires the person to have a driver's license for his or her own, or a member of his or her family's, employment or medically related purposes. If the person convicted does not yet have the privilege to drive, the court shall order the department to delay issuing the privilege to drive for one year subsequent to the time the person becomes legally eligible to drive. However, if there is no further conviction for violating Section 594, 594.3, or 594.4 of the Penal Code in a 12-month period after the conviction, the court, upon petition of the person affected, may modify the order imposing the delay of the privilege. For each

successive offense, the court shall suspend the person's driving privilege for those possessing a license or delay the eligibility for those not in possession of a license at the time of their conviction for one additional year.

(2) Any person whose driving privilege is suspended or delayed for an act involving vandalism in violation of Section 594, 594.3, or 594.4 of the Penal Code, may elect to reduce the period of suspension or delay imposed by the court by performing community service under the supervision of the probation department. The period of suspension or delay ordered under paragraph (1) shall be reduced at the rate of one day for each hour of community service performed. If the jurisdiction has adopted a graffiti abatement program as defined in subdivision (f) of Section 594 of the Penal Code, the period of suspension or delay ordered under paragraph (1) shall be reduced at the rate of one day for each day of community service performed in the graffiti abatement program when the defendant and his or her parents or guardians are responsible for keeping a specified property in the community free of graffiti for a specified period of time. The suspension shall be reduced only when the specified period of participation has been completed. Participation of a parent or guardian is not required under this paragraph if the court deems this participation to be detrimental to the defendant, or if the parent or guardian is a single parent who must care for young children. For purposes of this paragraph, "community service" means cleaning up graffiti from any public property, including public transit vehicles.

(3) As used in this section, the term "conviction" includes the findings in juvenile proceedings specified in Section 13105.

(b) (1) Whenever the court suspends driving privileges pursuant to subdivision (a), the court in which the conviction is had shall require all drivers' licenses held by the person to be surrendered to the court. The court shall, within 10 days following the conviction, transmit a certified abstract of the conviction, together with any drivers' licenses surrendered, to the department.

(2) Violations of restrictions imposed pursuant to this section are subject to Section 14603.

(c) The suspension, restriction, or delay of driving privileges pursuant to this section shall be in addition to any penalty imposed upon conviction of any violation of Section 594, 594.3, or 594.4 of the Penal Code.

SEC. 10. Section 729.1 of the Welfare and Institutions Code is amended to read:

729.1. (a) (1) If a minor is found to be a person described in Section 602 by reason of the commission of a crime which takes place on a public transit vehicle, and the court does not remove the minor from the physical custody of the parent or guardian, the court as a condition of probation, except in any case in which the court makes a finding and states on the record its reasons that the condition would be inappropriate, shall require the minor to wash, paint, repair or

replace the damaged or destroyed property, or otherwise make restitution to the property owner. If restitution is found to be inappropriate, the court, except in any case in which the court makes a finding and states on the record its reasons that the condition would be inappropriate, shall require the minor to perform specified community service. Nothing in this section shall be construed to limit the authority of a juvenile court to provide conditions of probation.

(2) In lieu of the community service required pursuant to paragraph (1), the court may, if a jurisdiction has adopted a graffiti abatement program as defined in subdivision (f) of Section 594 of the Penal Code, order the defendant, and his or her parents or guardians, as a condition of probation, to keep a specified property in the community free of graffiti for 90 days. Participation of a parent or guardian is not required under this paragraph if the court deems this participation to be detrimental to the defendant, or if the parent or guardian is a single parent who must care for young children.

(b) As used in subdivision (a), "public transit vehicle" means any motor vehicle, street car, trackless trolley, bus, shuttle, light rail system, rapid transit system, subway, train, taxi cab, or jitney, which transports members of the public for hire.

(c) The court may order any person ordered to perform community service or graffiti removal pursuant to subdivision (a) to undergo counseling.

SEC. 14. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government

CHAPTER 601

An act to amend Sections 12300, 12301, 12303, 12310, 12311, 12312, 12314, 12316, 12980, 12981, 12984, 12986, 12987, 12988, and 12989 of, to amend and repeal Section 12987.5 of, and to add Sections 12318, 12994, and 12995 to, the Water Code, relating to water.

[Approved by Governor September 18, 1996. Filed with Secretary of State September 19, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 12300 of the Water Code is amended to read:

12300. (a) The Delta Flood Protection Fund is hereby created in the State Treasury. There shall be deposited in the fund all moneys appropriated to the fund and all income derived from the investment of moneys that are in the fund.

(b) It is the intent of the Legislature to appropriate, in accordance with Section 12938, twelve million dollars ($12,000,000) each year through fiscal year 1998–99 to the Delta Flood Protection Fund from moneys deposited in the California Water Fund pursuant to subdivision (b) of Section 6217 of the Public Resources Code. It is further the intent of the Legislature to appropriate annually moneys in the Delta Flood Protection Fund to the department for expenditure and allocation, without regard to fiscal years, in the following amounts and for the following purposes:

(1) Six million dollars ($6,000,000) annually for local assistance under the delta levee maintenance subventions program pursuant to Part 9 (commencing with Section 12980), and for the administration thereof.

(2) Six million dollars ($6,000,000) annually for special delta flood protection projects under Chapter 2 (commencing with Section 12310) and subsidence studies and monitoring, and the administration thereof. These funds shall only be allocated for projects on Bethel, Bradford, Holland, Hotchkiss, Jersey, Sherman, Twitchell, and Webb Islands, and at other locations in the delta and for the Towns of Thornton and Walnut Grove and for approximately 12 miles of levees on islands bordering the Northern Suisun Bay from Van Sickle Island westerly to Montezuma Slough.

(c) Any moneys unexpended at the end of a fiscal year shall revert to the Delta Flood Protection Fund and shall be available for appropriation by the Legislature for the purposes specified in subdivision (b).

(d) It is the intent of the Legislature that, to the extent consistent with Sections 12314, 12987, and 78543, projects funded under subdivision (b) shall be consistent with the delta ecosystem restoration strategy of the CALFED Bay-Delta Program.

SEC. 2. Section 12301 of the Water Code is amended to read:

12301. The Delta Flood Protection Fund is hereby abolished on July 1, 2006, and all unencumbered moneys in the fund are transferred to the General Fund.

SEC. 3. Section 12303 of the Water Code is amended to read:

12303. (a) It is the intent of the Legislature that, subject to subdivision (b) of Section 12929.12, if twelve million dollars ($12,000,000) or any lesser amount is transferred pursuant to paragraph (3) of subdivision (b) of Section 12937 to the California Water Fund from the California Water Resources Development Bond Fund in each of the fiscal years 1990–91 to 1997–98, inclusive, and if six million dollars ($6,000,000) or any lesser amount is so transferred in the 1998–99 fiscal year, that amount shall be appropriated to the Delta Flood Protection Fund for the purposes specified in subdivision (b) of Section 12300, in lieu of the funds deposited in the California Water Fund pursuant to subdivision (b) of Section 6217 of the Public Resources Code. However, that the director, in consultation with the Department of Finance, may accelerate payments to the California Water Fund for reappropriation to the Delta Flood Protection Fund if the director deems it appropriate to do so.

(b) The obligation of the State Water Resources Development System to reimburse the California Water Fund, pursuant to paragraph (3) of subdivision (b) of Section 12937, shall decrease by amounts equal to the amounts which are transferred from the California Water Resources Development Bond Fund to the California Water Fund and appropriated to the Delta Flood Protection Fund pursuant to subdivision (a).

(c) For any fiscal year, the Director of Finance, in consultation with the Director of Water Resources, may recommend in the Budget Act a source of funding for the Delta Flood Protection Fund which is different from that set forth in subdivision (a). If the Legislature approves the alternative source of funding, the portion of the State Water Resources Development System obligation specified in subdivision (b) which remains outstanding because of the selection of the alternative funding source shall be discharged pursuant to subdivision (b) of Section 11913.

(d) It is the intent of the Legislature, upon the creation of the Delta Levee Rehabilitation Subaccount pursuant to Section 78540, as proposed to be added by S.B. 900 of the 1995–96 Regular Session, that

subdivisions (a), (b), and (c) shall not apply to the Delta Levee Rehabilitation Subaccount and that the funds of the subaccount shall be available to fund equally both of the following:

(1) The delta levee maintenance subventions program pursuant to Part 9 (commencing with Section 12980), associated mitigation and habitat improvement programs, and the administration thereof.

(2) The special delta flood protection projects pursuant to Chapter 2 (commencing with Section 12310), associated mitigation and habitat improvement programs, and the administration thereof.

SEC. 4. Section 12310 of the Water Code is amended to read:

12310. As used in this chapter, the following terms have the following meanings:

(a) "Local public agency" means a reclamation district or levee district or other public agency responsible for the maintenance of a nonproject levee as defined in subdivision (d) of Section 12980 or a project levee as defined in subdivision (e) of Section 12980.

(b) "Project" means the flood control improvement and any mitigation and habitat improvement constructed, or interests in land acquired, for those purposes pursuant to this part.

(c) "Department" means the Department of Water Resources.

(d) "Delta" means the Sacramento-San Joaquin Delta as described in Section 12220.

(e) "Net long-term habitat improvement" means enhancement of riparian, fisheries, and wildlife habitat.

(f) "CALFED Bay Delta Program" or "CALFED program" means the program established in May 1995 as a joint effort among state and federal agencies with management and regulatory responsibilities in the San Francisco Bay and Sacramento-San Joaquin River Delta to develop long-term solutions to resource management problems involving the bay-delta.

SEC. 5. Section 12311 of the Water Code is amended to read:

12311. (a) The department shall develop and implement a program of flood control projects on Bethel, Bradford, Holland, Hotchkiss, Jersey, Sherman, Twitchell, and Webb Islands, and at other locations in the delta and for the Towns of Thornton and Walnut Grove, and for approximately 12 miles of levees on islands bordering Northern Suisun Bay from Van Sickle Island westerly to Montezuma Slough. This program shall have, as its primary purpose, the protection of discrete and identifiable public benefits, including the protection of public highways and roads, utility lines and conduits, and other public facilities, and the protection of urbanized areas, water quality, recreation, navigation, and fish and wildlife habitats, and other public benefits. The program shall also include net long-term habitat improvement.

(b) Notwithstanding subdivision (a), the department shall develop and recommend a plan of action, including alternatives, for flood control for the Towns of Thornton and Walnut Grove and shall submit the plan to the Legislature by January 1, 1989. The

department shall not allocate any funds for implementation of the plan of action for flood control for the Towns of Thornton and Walnut Grove until a plan is approved by the Legislature.

SEC. 6. Section 12312 of the Water Code is amended to read:

12312. The department may expend any moneys available to it pursuant to paragraph (2) of subdivision (b) of Section 12300 or any moneys available from other sources of funding appropriated by the Legislature for the purposes of this part. In addition, the department shall seek a sharing of costs with the beneficiaries or owners or operators of the public facilities benefited by the flood protection projects. The department shall also seek cost sharing with, or financial assistance from, federal agencies which have programs applicable to, or which have an interest in, the flood protection projects.

SEC. 7. Section 12314 of the Water Code is amended to read:

12314. (a) Guided by the approved priority list developed pursuant to Section 12313, the department shall develop project plans to accomplish the needed flood protection work in cooperation with the local public agency, the public beneficiary, and the Department of Fish and Game.

(b) The plans shall be subject to the approval of the appropriate local public agency or agencies and subject to any cost-sharing agreement the department may have entered into under Section 12312. Project plans may include, or be a combination of, the improvement, rehabilitation, or modification of existing levees, and the conveyance of interests in land to limit or to modify land management practices which have a negative impact on flood control facilities.

(c) Project plans shall include provision for the protection of fish and wildlife habitat determined to be necessary by the Department of Fish and Game and not injurious to the integrity of flood control works. The Department of Fish and Game shall consider the value of the riparian and fisheries habitat and the need to provide greater flood protection in preparing its requirements, and shall not approve any plan which calls for the use of channel islands or berms with significant riparian communities as borrow sites for levee repair materials, unless fully mitigated, or any plans that will result in a net long-term loss of riparian, fisheries, or wildlife habitat.

(d) After the memorandum of understanding required pursuant to Section 12307 is amended as required by Section 78543, the Department of Fish and Game shall also make a written determination as part of its review and approval of a plan or project pursuant to this section and Section 12987 that the proposed expenditures are consistent with a net long-term habitat improvement program and have a net benefit for aquatic species in the delta. The memorandum of understanding in effect prior to the amendments required by Section 78543 shall remain in effect with

regard to levee projects and plans until the memorandum of understanding is amended.

SEC. 8. Section 12316 of the Water Code is amended to read:

12316. In addition to any obligations assumed under an agreement with the department and to the extent consistent with that agreement, the local public agency shall do all of the following:

(a) Provide construction access to lands or rights-of-way which it owns or maintains for flood control purposes or for purposes with which the project's required uses are compatible and necessary to complete the project.

(b) Maintain the completed project pursuant to maintenance criteria developed and adopted in accordance with Section 12984.

(c) Apply for federal disaster assistance, whenever eligible, under Public Law 93-288.

(d) Hold and save the department, any other agency or department of the state, and their employees free from any and all liability for damages, except that caused by gross negligence, that may arise out of the construction, operation, or maintenance of the project.

(e) Acquire easements from the crown along levees for the control and reversal of subsidence in areas where the department determines that such an easement is desirable to maintain structural stability of the levee. The easement shall (1) restrict the use of the land to open-space uses, nontillable crops, the propagation of wildlife habitat, and other compatible uses, (2) provide full access to the local agency for levee maintenance and improvement purposes, and (3) allow the owner to retain reasonable rights of ingress and egress as well as reasonable rights of access to the waterways for water supply and drainage. The local public agency costs of acquisition of the easements shall be reimbursable by the department from moneys appropriated pursuant to paragraph (2) of subdivision (b) of Section 12300 or any sources of funding appropriated by the Legislature for purposes of this part.

(f) Comply with all habitat mitigation and improvement requirements pursuant to this part.

(g) Use subsidence control alternatives, where appropriate, to reduce long-term maintenance and improvement costs.

SEC. 9. Section 12318 is added to the Water Code, to read:

12318. (a) The Resources Agency may establish a team of federal, state, and local agencies, and other persons or entities with a stake in finding a solution to the problems of the delta levees, to develop recommendations for the beneficial reuse of dredged material, consistent with actions identified by the CALFED Bay-Delta Program as core actions, which are those actions included in all bay-delta solutions. The recommendations shall address all of the following needs:

(1) Long-term availability of cost-effective, environmentally safe, and appropriate dredged material for delta levee maintenance and improvements.

(2) Beneficial reuse of dredged or suitable alternative materials.

(3) Coordination of dredging projects to augment on-island stockpiles.

(4) Development of a comprehensive monitoring program of the effects of the reuse of dredged material.

(5) A study of the applicability and appropriateness of constructing channel sediment traps and dredged material rehandling facilities adjacent to frequently dredged channel sections.

SEC. 10. Section 12980 of the Water Code is amended to read:

12980. As used in this part:

(a) "Board" means the Reclamation Board.

(b) "Delta" means the Sacramento-San Joaquin Delta as described in Section 12220.

(c) "Local agency" means any city, county, district, or other political subdivision of the state which is authorized to maintain levees.

(d) "Net long-term habitat improvement" means enhancement of riparian, fisheries, and wildlife habitat.

(e) "Nonproject levee" means a local flood control levee in the delta that is not a project facility under the State Water Resources Law of 1945, as shown on page 38 of the Department of Water Resources "Sacramento-San Joaquin Delta Atlas," dated 1993.

(f) "Project levee" means a federal flood control levee, as shown on page 40 of the Department of Water Resources "Sacramento-San Joaquin Delta Atlas," dated 1993, that is a project facility under the State Water Resources Law of 1945 (Chapter 1 (commencing with Section 12570) and Chapter 2 (commencing with Section 12639) of Part 6), if not less than a majority of the acreage within the jurisdiction of the local agency that maintains the levee is within the primary zone of the delta, as defined in Section 29728 of the Public Resources Code.

SEC. 11. Section 12981 of the Water Code is amended to read:

12981. (a) The Legislature finds and declares that the delta is endowed with many invaluable and unique resources and that these resources are of major statewide significance.

(b) The Legislature further finds and declares that the delta's uniqueness is particularly characterized by its hundreds of miles of meandering waterways and the many islands adjacent thereto; that, in order to preserve the delta's invaluable resources, which include highly productive agriculture, recreational assets, fisheries, and wildlife environment, the physical characteristics of the delta should be preserved essentially in their present form; and that the key to preserving the delta's physical characteristics is the system of levees defining the waterways and producing the adjacent islands.

However, the Legislature recognizes that it may not be economically justifiable to maintain all delta islands.

(c) The Legislature further finds and declares that funds necessary to maintain and improve the delta's levees to protect the delta's physical characteristics should be used to fund levee work that would promote agricultural and habitat uses in the delta consistent with the purpose of preserving the delta's invaluable resources.

SEC. 12. Section 12984 of the Water Code is amended to read:

12984. The department shall develop and submit to the board, for adoption by the board, criteria for the maintenance and improvement of nonproject levees. The criteria shall vary as required to meet specific conditions and shall be multipurpose in nature, and include environmental considerations, when feasible. The criteria shall embody and implement both of the following:

(a) The short-term mitigation plan set forth in the "Flood Hazard Mitigation Plan for the Sacramento-San Joaquin Delta," prepared by the department for the Office of Emergency Services, dated September 15, 1983, or as amended.

(b) The "Vegetation Management Guidelines for Local Nonproject Delta Levees" dated April 1994, or any successor guidelines.

SEC. 13. Section 12986 of the Water Code, as amended by Section 5 of Chapter 28 of the Statutes of 1988, is amended to read:

12986. (a) It is the intention of the Legislature to reimburse an eligible local agency pursuant to this part for costs incurred in any year for the maintenance or improvement of project or nonproject levees as follows:

(1) No costs incurred shall be reimbursed if the entire cost incurred per mile of project or nonproject levee is one thousand dollars ($1,000) or less.

(2) Not more than 75 percent of any costs incurred in excess of one thousand dollars ($1,000) per mile of project or nonproject levee shall be reimbursed.

(3) (A) As part of the project plans approved by the board, the department shall require the local agency or an independent financial consultant to provide information regarding the agency's ability to pay for the cost of levee maintenance or improvement. Based on that information, the department may require the local agency or an independent financial consultant to prepare a comprehensive study on the agency's ability to pay.

(B) The information or comprehensive study of the agency's ability to pay shall be the basis for determining the maximum allowable reimbursement eligible under this part. Nothing in this paragraph shall be interpreted to increase the maximum reimbursement allowed under paragraph (2).

(4) Reimbursements made to the local agency in excess of the maximum allowable reimbursement shall be returned to the department.

(5) The department may recover, retroactively, excess reimbursements paid to the local agency from any time after January 1, 1997, based on an updated study of the agency's ability to pay.

(6) All final costs allocated or reimbursed under a plan shall be approved by the reclamation board for project and nonproject levee work.

(7) Costs incurred pursuant to this part that are eligible for reimbursement include construction costs and associated engineering services, financial or economic analyses, environmental costs, mitigation costs, and habitat improvement costs.

(b) This section shall become inoperative on July 1, 2006, and, as of January 1, 2007, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2007, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 14. Section 12986 of the Water Code, as added by Section 6 of Chapter 28 of the Statutes of 1988, is amended to read:

12986. (a) It is the intention of the Legislature to reimburse from the General Fund an eligible local agency pursuant to this part for costs incurred in any year for the maintenance or improvement of project or nonproject levees as follows:

(1) No costs incurred shall be reimbursed if the entire cost incurred per mile of levee is one thousand dollars ($1,000) or less.

(2) Fifty percent of any costs incurred in excess of one thousand dollars ($1,000) per mile of levee shall be reimbursed.

(3) The maximum total reimbursement from the General Fund shall not exceed two million dollars ($2,000,000) annually.

(b) This section shall become operative on July 1, 2006.

SEC. 15. Section 12987 of the Water Code is amended to read:

12987. (a) Local agencies maintaining project or nonproject levees shall be eligible for reimbursement pursuant to this part upon submission to and approval by the board of plans for the maintenance and improvement of the project or nonproject levees, including plans for the annual routine maintenance of the levees, in accordance with the criteria adopted by the board.

(b) The nonproject plans shall also be compatible with the plan for improvement of the delta levees as set forth in Bulletin No. 192-82 of the department, dated December 1982, and as approved in Section 12225. Both project and nonproject plans shall include provisions to acquire easements along levees that allow for the control and reversal of subsidence in areas where the department determines that such an easement is desirable to maintain structural stability of the levee. The easement shall (1) restrict the use of the land to open-space uses, nontillable crops, the propagation of wildlife habitat, and other compatible uses, (2) provide full access to the local agency for levee maintenance and improvement purposes, and (3) allow the owner to retain reasonable rights of ingress and egress as well as reasonable rights of access to the waterways for water supply and drainage. The local agency cost of acquisition of the easements shall be

reimbursable by the department from moneys appropriated pursuant to paragraph (1) of subdivision (b) of Section 12300, or any other sources appropriated by the Legislature for purposes of this part.

(c) The plans shall also include provision for protection of the fish and wildlife habitat determined to be necessary by the Department of Fish and Game and not injurious to the integrity of the levee. The Department of Fish and Game shall consider the value of the riparian and fisheries habitat and the need to provide safe levees in preparing its requirements. The Department of Fish and Game shall not approve any plan which calls for the use of channel islands or berms with significant riparian communities as borrow sites for levee repair material, unless fully mitigated, or any plans which will result in a net long-term loss of riparian, fisheries, or wildlife habitat.

(d) After the memorandum of understanding required pursuant to Section 12307 is amended as required by Section 78543, the Department of Fish and Game shall also make a written determination as part of its review and approval of a plan or project pursuant to Section 12314 and this section that the proposed expenditures are consistent with a net long-term habitat improvement program and have a net benefit for aquatic species in the delta. The memorandum of understanding in effect prior to the amendments required by Section 78543 shall remain in effect with regard to levee projects and plans until the memorandum of understanding is amended.

(e) The plans shall also take into account the most recently updated Delta Master Recreation Plan prepared by the Resources Agency.

(f) Upon approval of the plans by the board, the local agencies shall enter into an agreement with the board to perform the maintenance and improvement work, including the annual routine maintenance work, specified in the plans. If applications for state funding in any year exceed the state funds available, the board shall apportion the funds among those levees or levee segments that are identified by the department as most critical and beneficial, considering the needs of flood control, water quality, recreation, navigation, habitat improvements, and fish and wildlife.

SEC. 16. Section 12987.5 of the Water Code is amended to read:

12987.5. (a) In an agreement entered into under Section 12987, the board may provide for an advance to the applicant in an amount not to exceed 75 percent of the estimated state share. The agreement shall provide that no advance shall be made until the applicant has incurred costs averaging one thousand dollars ($1,000) per mile of levee.

(b) Advances made under subdivision (a) shall be subtracted from amounts to be reimbursed after the work has been performed. If the department finds that work has not been satisfactorily performed or where advances made actually exceed reimbursable

costs, the local agency shall promptly remit to the state all amounts advanced in excess of reimbursable costs. If advances are sought, the board may require a bond to be posted to ensure the faithful performance of the work set forth in the agreement.

(c) This section shall become inoperative on July 1, 2006, and, as of January 1, 2007, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2007, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 17. Section 12988 of the Water Code is amended to read:

12988. Upon the completion in any year of the maintenance or improvement work, including annual routine maintenance work, as specified in the plans approved by the board, the local agency shall notify the department, and the department shall inspect the completed work. The department, upon completion of such inspection, shall submit to the board a report as to its findings. Upon a finding that the work has been satisfactorily completed in accordance with the approved plans, the board shall certify for reimbursement 75 percent of any costs incurred per mile of levee if the entire cost incurred per mile of levee is greater than one thousand dollars ($1,000).

SEC. 18. Section 12989 of the Water Code is amended to read:

12989. (a) The department shall conduct at least one annual inspection of every levee for which maintenance or improvement costs have been reimbursed pursuant to this part. In addition, the department shall inspect nonproject levees of local agencies for the purpose of monitoring and ascertaining the degree of compliance with, or progress toward meeting, standards such as those set forth in Section 12984.

(b) The local agency shall cooperate with the department in the conduct of these inspections, including the provision of reasonable access over local agency lands and easements.

SEC. 19. Section 12994 is added to the Water Code, to read:

12994. (a) The Legislature finds and declares all of the following:

(1) The CALFED Bay-Delta Program has identified as a core action the need for emergency levee management planning for delta levees to improve system reliability.

(2) Even with active levee maintenance, the threat of delta levee failures from earthquake, flood, or poor levee foundation, will continue to exist.

(3) Because of this threat of failure, and the potential need to mobilize people and equipment in an emergency to protect delta levees and public benefits, the department needs authority that will enable it to act quickly.

(b) The department may do all of the following:

(1) In an emergency, as defined by Section 21060.3 of the Public Resources Code, that requires immediate levee work to protect public benefits in the delta, the department may use funds pursuant to this part without prior approval of a plan by the board or the

Department of Fish and Game, in which case the requirements of Sections 12987 and 12314, and the memorandum of understanding pursuant to Section 12307, shall be carried out as soon as possible.

(A) The amount of funds that may be expended each year on emergency levee work under this section shall not be greater than two hundred thousand dollars ($200,000) and the amount that may be expended per emergency levee site shall not be greater than fifty thousand dollars ($50,000). The local agency shall fund 25 percent of the total costs of the emergency repair at a site or shall fund an appropriate share of the costs as approved by the board and based upon information of the local agency's ability to pay for the repairs.

(B) Department contracts executed for emergency levee work under this section shall be exempted from Department of General Services approval required under the Public Contract Code.

(C) As soon a feasible after the emergency repair, the department shall submit a report to the board describing the levee work, costs incurred, and plans for future work at the site, including any necessary mitigation.

(D) This section is intended to supplement emergency services provided by the state or the United States. Nothing in this section overrides or supersedes the authority of the Director of the Office of Emergency Services under the California Emergency Services Act (Chapter 7 (commencing with Section 8550) of Division 1 of Title 2 of the Government Code) or the Natural Disaster Assistance Act (Chapter 7.5 (commencing with Section 8680) of Division 1 of Title 2 of the Government Code).

(2) Prepare and submit to the board for adoption a delta emergency response plan for levee failures. The plan is exempt from Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The plan may include recommendations of the multiagency response team established pursuant to paragraph (3) and may include, but not be limited to, the following:

(A) Standardized contracts for emergency levee work to be executed by the department, local agencies, or other appropriate entities.

(B) Criteria for eligible emergency levee work.

(C) Definition of an emergency levee site.

(D) Documentation requirements.

(E) Proposals for complying with the federal Endangered Species Act of 1973 (16 U.S.C. Sec. 1531 et seq.) and the California Endangered Species Act (Chapter 1.5 (commencing with Section 2050) of Division 3 of the Fish and Game Code) in an emergency.

(F) Stages of emergency response that may occur in various situations.

(3) Establish a multiagency emergency response team, consisting of representatives from the department, the board, the Department of Fish and Game, the California Conservation Corps, the Office of

Emergency Services, the Federal Emergency Management Agency, the United States Army Corps of Engineers, and the United States Fish and Wildlife Service to advise on methods to ensure that levee emergencies will be resolved as quickly and safely as possible.

SEC. 20. Section 12995 is added to the Water Code, to read:

12995. (a) The Legislature hereby finds and declares both of the following:

(1) There is an urgent need for rehabilitation and improvement of delta levees, and that the United States Army Corps of Engineers has a crucial and continuing role in that work.

(2) The department and the board have been cooperating with the United States Army Corps of Engineers in a feasibility study for rehabilitation and improvement of the levees in the delta. That feasibility study identified a federal interest in levee rehabilitation and improvements due to benefits to navigation, commerce, the environment, and flood damage reduction.

(b) The department and the board may cooperate with the United States Army Corps of Engineers to develop and implement delta levee rehabilitation, improvement, and realignment, and to enhance the environment.

SEC. 21. This act shall become operative only if Senate Bill 900 of the 1995–96 Regular Session is enacted and approved by the voters in the November 5, 1996, general election.

CHAPTER 602

An act to amend Sections 44344.5, 44344.7, 44362, and 44380 of, to add Sections 44344.4 and 44344.6 to, and to repeal Section 44344.3 of, the Health and Safety Code, relating to air pollution.

[Approved by Governor September 18, 1996. Filed with Secretary of State September 19, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 44344.3 of the Health and Safety Code is repealed.

SEC. 2. Section 44344.4 is added to the Health and Safety Code, to read:

44344.4. (a) Except as provided in subdivision (d) and in Section 44344.7, a facility shall be exempt from further compliance with this part if the facility's prioritization scores for cancer and noncancer health effects are both equal to or less than one, based on the results of the most recent emissions inventory or emissions inventory update. An exempt facility shall no longer be required to pay any fee or submit any report to the district or the state board pursuant to this part.

(b) Except for facilities that are exempt from this part pursuant to subdivision (a), a facility for which the prioritization scores for cancer and noncancer health effects are both equal to or less than 10, based on the results of the most recent emissions inventory or emissions inventory update, shall not be required to pay any fee or submit any report to the district or the state board pursuant to this part, except for the quadrennial emissions inventory update required pursuant to Section 44344. A district may, by regulation, establish a fee to be paid by a facility operator in connection with the operator's submission to the district of a quadrennial emissions inventory update pursuant to this subdivision. The fee shall not be greater than one hundred twenty-five dollars ($125). A district may increase the fee above that amount upon the adoption of written findings that the costs of processing the emission inventory update exceed one hundred twenty-five dollars ($125). However, the district shall not adopt a fee greater than that supported by the written findings.

(c) For the purposes of this part, "prioritization score" means a facility's numerical score for cancer health effects or noncancer health effects, as determined by the district pursuant to Section 44360 in a manner consistent with facility prioritization guidelines prepared by the California Air Pollution Control Officers Association and approved by the state board.

(d) Notwithstanding subdivision (a) and Section 44344.7, if a district has good cause to believe that a facility may pose a potential threat to public health and that the facility therefore does not qualify for an exemption claimed by the facility pursuant to subdivision (a), the district may require the facility to document the facility's emissions and health impacts, or the changes in emissions expected to occur as a result of a particular physical change, a change in activities or operations at the facility, or a change in other factors. The district may deny the exemption if the documentation does not support the claim for the exemption.

SEC. 3. Section 44344.5 of the Health and Safety Code is amended to read:

44344.5. (a) The operator of any new facility that previously has not been subject to this part shall prepare and submit an emissions inventory plan and report.

(b) Notwithstanding subdivision (a), a new facility shall not be required to submit an emissions inventory plan and report if all of the following conditions are met:

(1) The facility is subject to a district permit program established pursuant to Section 42300.

(2) The district conducts an assessment of the potential emissions or their associated risks, whichever the district determines to be appropriate, attributable to the new facility and finds that the emissions will not result in a significant risk. A risk assessment conducted pursuant to this paragraph shall comply with paragraph (2) of subdivision (b) of Section 44360.

(3) The district issues a permit authorizing construction or operation of the new facility.

SEC. 4. Section 44344.6 is added to the Health and Safety Code, to read:

44344.6. A district shall redetermine a facility's prioritization score, or evaluate the prioritization score as calculated and submitted by the facility, within 90 days from the date of receipt of a quadrennial emissions inventory update pursuant to Section 44344 or subdivision (b) of Section 44344.4, within 90 days from the date of receipt of an emissions inventory update submitted pursuant to Section 44344.7, or within 90 days from the date of receiving notice that a facility has completed the implementation of a plan prepared pursuant to Section 44392.

SEC. 5. Section 44344.7 of the Health and Safety Code is amended to read:

44344.7. (a) A facility exempted from this part pursuant to subdivision (a) of Section 44344.4 shall, upon receipt of a notice from the district, again be subject to this part and the operator shall submit an emissions inventory update for those sources and substances for which a physical change in the facility or a change in activities or operations has occurred, as follows:

(1) The facility emits a substance newly listed pursuant to Section 44321.

(2) A sensitive receptor has been established or constructed within 500 meters of the facility after the facility became exempt.

(3) The facility emits a substance for which the potency factor has increased.

(b) The operator of a facility exempted from this part pursuant to subdivision (a) of Section 44344.4 shall submit an emissions inventory update for those sources and substances for which a particular physical change in the facility or a change in activities or operations occurs if, as a result of the particular change, either of the following has occurred:

(1) The facility has begun emitting a listed substance not included in the previous emissions inventory.

(2) The facility has increased its emissions of a listed substance to a level greater than the level previously reported for that substance, and the increase in emissions exceeds 100 percent of the previously reported level.

(c) Notwithstanding subdivision (b), a physical change or change in activities or operations at a facility shall not cause the facility to again be subject to this part if all of the following conditions are met:

(1) The physical change or change in activities or operations is subject to a district permit program established pursuant to Section 42300.

(2) The district conducts an assessment of the potential changes in emissions or their associated risks, whichever the district determines to be appropriate, attributable to the physical change or

change in activities or operations and finds that the changes in emissions will not result in a significant risk. A risk assessment conducted pursuant to this paragraph shall comply with paragraph (2) of subdivision (b) of Section 44360.

(3) The district issues a permit for the physical change or change in activities or operations.

SEC. 6. Section 44362 of the Health and Safety Code is amended to read:

44362. (a) Taking the comments of the Office of Environmental Health Hazard Assessment into account, the district shall approve or return for revision and resubmission and then approve, the health risk assessment within one year of receipt. If the health risk assessment has not been revised and resubmitted within 60 days of the district's request of the operator to do so, the district may modify the health risk assessment and approve it as modified.

(b) Upon approval of the health risk assessment, the operator of the facility shall provide notice to all exposed persons regarding the results of the health risk assessment prepared pursuant to Section 44361 if, in the judgment of the district, the health risk assessment indicates there is a significant health risk associated with emissions from the facility. If notice is required under this subdivision, the notice shall include only information concerning significant health risks attributable to the specific facility for which the notice is required. Any notice shall be made in accordance with procedures specified by the district.

SEC. 7. Section 44380 of the Health and Safety Code is amended to read:

44380. (a) The state board shall adopt a regulation which does all of the following:

(1) Sets forth the amount of revenue which the district must collect to recover the reasonable anticipated cost which will be incurred by the state board and the Office of Environmental Health Hazard Assessment to implement and administer this part.

(2) Requires each district to adopt a fee schedule which recovers the costs of the district and which assesses a fee upon the operator of every facility subject to this part, except as specified in subdivision (b) of Section 44344.4. A district may request the state board to adopt a fee schedule for the district if the district's program costs are approved by the district board and transmitted to the state board by April 1 of the year in which the request is made.

(3) Requires any district that has an approved toxics emissions inventory compiled pursuant to this part by August 1 of the preceding year to adopt a fee schedule, as described in paragraph (2), which imposes on facility operators fees which are, to the maximum extent practicable, proportionate to the extent of the releases identified in the toxics emissions inventory and the level of priority assigned to that source by the district pursuant to Section 44360.

(b) Commencing August 1, 1992, and annually thereafter, the state board shall review and may amend the fee regulation.

(c) The district shall notify each person who is subject to the fee of the obligation to pay the fee. If a person fails to pay the fee within 60 days after receipt of this notice, the district, unless otherwise provided by district rules, shall require the person to pay an additional administrative civil penalty. The district shall fix the penalty at not more than 100 percent of the assessed fee, but in an amount sufficient in its determination, to pay the district's additional expenses incurred by the person's noncompliance. If a person fails to pay the fee within 120 days after receipt of this notice, the district may initiate permit revocation proceedings. If any permit is revoked, it shall be reinstated only upon full payment of the overdue fee plus any late penalty, and a reinstatement fee to cover administrative costs of reinstating the permit.

(d) Each district shall collect the fees assessed pursuant to subdivision (a). After deducting the costs to the district to implement and administer this part, the district shall transmit the remainder to the Controller for deposit in the Air Toxics Inventory and Assessment Account, which is hereby created in the General Fund. The money in the account is available, upon appropriation by the Legislature, to the state board and the Office of Environmental Health Hazard Assessment for the purposes of administering this part.

(e) For the 1997–98 fiscal year, air toxics program revenues for the state board and the Office of Environmental Health Hazard Assessment shall not exceed two million dollars ($2,000,000), and for each fiscal year thereafter, shall not exceed one million three hundred fifty thousand dollars ($1,350,000). Funding for the Office of Environmental Health Hazard Assessment for conducting risk assessment reviews shall be on a fee-for-service basis.

SEC. 8. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 603

An act to add Section 40930 to the Health and Safety Code, relating to air pollution.

[Approved by Governor September 18, 1996. Filed with Secretary of State September 19, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 40930 is added to the Health and Safety Code, to read:

40930. (a) Each district that has adopted a plan pursuant to this chapter shall, on or before January 31 of each year, prepare and submit to the state board a report identifying the number of days during the preceding calendar year that air quality in the district violated each state ambient air quality standard for which the district's status is nonattainment.

(b) For any pollutant for which the report indicates that the applicable state ambient air quality standard was not violated during more than three days during the calendar year at any one or more monitoring locations within the district, the district shall not adopt any new or more stringent control measure until after preparation, and approval by the district board, of an analysis that does all of the following:

(1) Assesses the costs and benefits of all additional district, state, and federal regulatory actions that would be necessary to achieve attainment of the applicable state ambient air quality standard, taking into account only the additional costs and benefits attributable to achieving the state standard for the remaining three or fewer days each year.

(2) Includes consideration of all of the socioeconomic impacts specified in Section 40728.5.

(3) Identifies, if the district is an upwind district, the benefits of the additional regulatory actions in the district on the air quality in any downwind district, and identifies the costs attributable to those regulatory actions.

(c) The state board shall review the district analyses prepared pursuant to subdivision (b) to ensure expeditious progress towards attainment in both the district that prepared the analysis and any downwind district and to ensure that any resulting action of the district that prepared the analysis does not adversely affect any downwind district.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative

on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 604

An act to add Section 55601.1 to the Food and Agricultural Code, relating to agriculture.

[Approved by Governor September 18, 1996. Filed with Secretary of State September 19, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 55601.1 is added to the Food and Agricultural Code, to read:

55601.1. Section 55601.5 shall be known, and may be cited as, the "Clare Berryhill Grape Crush Report Act of 1976."

CHAPTER 605

An act to amend Sections 8589.7 and 51018 of the Government Code, and to add Section 3233 to the Public Resources Code, relating to oil and gas.

[Approved by Governor September 18, 1996. Filed with Secretary of State September 19, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 8589.7 of the Government Code is amended to read:

8589.7. (a) In carrying out its responsibilities pursuant to subdivision (b) of Section 8574.17, the Office of Emergency Services shall serve as the central point in state government for the emergency reporting of spills, unauthorized releases, or other accidental releases of hazardous materials and shall coordinate the notification of the appropriate state and local administering agencies that may be required to respond to those spills, unauthorized releases, or other accidental releases. The Office of Emergency Services is the only state agency required to make the notification required by subdivision (b).

(b) Upon receipt of a report concerning a spill, unauthorized release, or other accidental release involving hazardous materials, as defined in Section 25501 of the Health and Safety Code, or concerning a rupture of, or an explosion or fire involving, a pipeline

reportable pursuant to Section 51018, the Office of Emergency Services shall immediately inform the following agencies of the incident:

(1) For an oil spill reportable pursuant to Section 8670.25.5, the Office of Emergency Services shall inform the administrator for oil spill response, the State Lands Commission, the California Coastal Commission, and the California regional water quality control board having jurisdiction over the location of the discharged oil.

(2) For a rupture, explosion, or fire involving a pipeline reportable pursuant to Section 51018, the Office of Emergency Services shall inform the State Fire Marshal.

(3) For a discharge in or on any waters of the state of a hazardous substance or sewage reportable pursuant to Section 13271 of the Water Code, the Office of Emergency Services shall inform the appropriate California regional water quality control board.

(4) For a spill or other release of petroleum reportable pursuant to Section 25270.8 of the Health and Safety Code, the Office of Emergency Services shall inform the local administering agency that has jurisdiction over the spill or release.

(5) For a crude oil spill reportable pursuant to Section 3233 of the Public Resources Code, the Office of Emergency Services shall inform the Division of Oil, Gas, and Geothermal Resources and the appropriate California regional water quality control board.

(c) This section does not relieve a person who is responsible for an incident specified in subdivision (b) from the duty to make an emergency notification to a local agency, or the 911 emergency system, under any other law.

(d) A person who is subject to Section 25507 of the Health and Safety Code shall immediately report all releases or threatened releases pursuant to that section to the appropriate local administering agency and each local administering agency shall notify the Office of Emergency Services and businesses in their jurisdiction of the appropriate emergency telephone number that can be used for emergency notification to the administering agency on a 24-hour basis. The administering agency shall notify other local agencies of releases or threatened releases within their jurisdiction, as appropriate.

(e) No facility, owner, operator, or other person required to report an incident specified in subdivision (b) to the Office of Emergency Services shall be liable for any failure of the Office of Emergency Services to make a notification required by this section or to accurately transmit the information reported.

SEC. 2. Section 51018 of the Government Code is amended to read:

51018. (a) Every rupture, explosion, or fire involving a pipeline, including a pipeline system otherwise exempted by subdivision (a) of Section 51010.5, and including a pipeline undergoing testing, shall be immediately reported by the pipeline operator to the fire

department having fire suppression responsibilities and to the Office of Emergency Services. In addition, the pipeline operator shall within 30 days of the rupture, explosion, or fire file a report with the State Fire Marshal containing all the information that the State Fire Marshal may reasonably require to prepare the report required pursuant to subdivision (d).

(b) (1) The Office of Emergency Services shall immediately notify the State Fire Marshal of the incident, who shall immediately dispatch his or her employees to the scene. The State Fire Marshal or his or her employees, upon arrival, shall provide technical expertise and advise the operator and all public agencies on activities needed to mitigate the hazard.

(2) For purposes of this subdivision, the Legislature does not intend to hinder or disrupt the workings of the "incident commander system," but does intend to establish a recognized element of expertise and direction for the incident command to consult and acknowledge as an authority on the subject of pipeline incident mitigation. Furthermore, it is expected that the State Fire Marshal will recognize the expertise of the pipeline operator and any other emergency agency personnel who may be familiar with the particular location of the incident and respect their knowledgeable input regarding the mitigation of the incident.

(c) For purposes of this section, "rupture" includes every unintentional liquid leak, including any leak that occurs during hydrostatic testing, except that a crude oil leak of less than five barrels from a pipeline or flow line in a rural area, or any crude oil or petroleum product leak in any in-plant piping system of less than five barrels, when no fire, explosion, or bodily injury results or no waterway is contaminated thereby, does not constitute a rupture for purposes of the reporting requirements of subdivision (a).

(d) The State Fire Marshal shall, every fifth year commencing in 1999, issue a report identifying pipeline leak incident rate trends, reviewing current regulatory effectiveness with regard to pipeline safety, and recommending any necessary changes to the Legislature. This report shall include all of the following: total length of regulated pipelines, total length of regulated piggable pipeline, total number of line sections, average length of each section, number of leaks during study period, average spill size, average damage per incident, average age of leak pipe, average diameter of leak pipe, injuries during study period, cause of the leak or spill, fatalities during study period, and other information as deemed appropriate by the State Fire Marshal.

(e) This section does not preempt any other applicable federal or state reporting requirement.

(f) Except as otherwise provided in this section and Section 8589.7, a notification made pursuant to this section shall satisfy any immediate notification requirement contained in any permit issued by a permitting agency.

(g) This section does not apply to pipeline ruptures involving nonreportable crude oil spills under Section 3233 of the Public Resources Code, unless the spill involves a fire or explosion.

SEC. 3. Section 3233 is added to the Public Resources Code, to read:

3233. (a) The division may develop field rules which establish volumetric thresholds for emergency reporting by the operator of oil discharges to land associated with onshore drilling, exploration, or production operations, where the oil discharges, because of the circumstances established pursuant to paragraph (1) of subdivision (c), cannot pass into or threaten the waters of the state. The division may not adopt field rules under this section, unless the State Water Resources Control Board and the Department of Fish and Game first concur with the volumetric reporting thresholds contained in the proposed field rules. Subchapter 1 (commencing with Section 1710) of Chapter 4 of Division 2 of Title 14 of the California Code of Regulations shall apply to the adoption and implementation of field rules authorized by this section.

(b) The authority granted to the division pursuant to subdivision (a) shall apply solely to oil fields located in the San Joaquin Valley, as designated by the division. The division shall adopt the field rules not later than January 1, 1998.

(c) For purposes of implementing this section, the division, the State Water Resources Control Board, and the Department of Fish and Game shall enter into an agreement that defines the process for establishing both of the following:

(1) The circumstances, such as engineered containment, under which oil discharges cannot pass into or threaten the waters of this state.

(2) The volumetric reporting thresholds that are applicable under the circumstances established pursuant to paragraph (1).

(d) In no case shall a reporting threshold established in the field rules, where the oil discharge cannot pass into or threaten the waters of this state, be less than one barrel (42 gallons), unless otherwise established by federal law or regulation. Until field rules are adopted, emergency reporting of oil discharges shall continue as required by existing statute and regulations.

(e) An operator who discharges oil in amounts less than the volumetric thresholds adopted by the division pursuant to this section is exempt from all applicable state and local reporting requirements. Discharges of oil in amounts equal to, or greater than, the volumetric thresholds adopted by the division pursuant to this section shall be immediately reported to the Office of Emergency Services which shall inform the division and other local or state agencies as required by Section 8589.7 of the Government Code. Reporting to the Office of Emergency Services shall be deemed to be compliance with all applicable state and local reporting requirements.

(f) Oil discharges below the reporting thresholds established in the field rules shall be exempt from the emergency notification or reporting requirements, and any penalties provided for nonreporting, established under paragraph (1) of subdivision (a) of Section 13260 of the Water Code, subdivisions (a), (c), and (e) of Section 13272 of the Water Code, Section 25507 of the Health and Safety Code, Sections 8670.25.5 and 51018 of the Government Code, and subdivision (h) of Section 1722 of Title 14 of the California Code of Regulations. Oil discharge reporting requirements under Section 51018 of the Government Code shall be applicable if a spill involves a fire or explosion.

(g) This section shall not affect existing reporting or notification requirements under federal law.

(h) Nothing in this section shall be construed to relieve any party of any responsibility established by statute, regulation, or order, to clean up or remediate any oil discharge, whether reportable or exempt pursuant to this section.

(i) Reporting provided pursuant to this section is not intended to prohibit any department or agency from seeking and obtaining any supplemental postreporting information to which the department or agency might otherwise be entitled.

(j) For purposes of this section, "oil" means naturally occurring crude oil.

CHAPTER 606

An act to amend Section 46003.5 of, to add Chapter 10.5 (commencing with Section 47000) to Division 17 of, and to repeal Article 5 (commencing with Section 58101) of Chapter 1 of Part 1 of Division 21 of, the Food and Agricultural Code, relating to the Department of Food and Agriculture.

[Approved by Governor September 18, 1996. Filed with Secretary of State September 19, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 46003.5 of the Food and Agricultural Code is amended to read:

46003.5. (a) Following the promulgation of the national materials list by the United States Department of Agriculture pursuant to the federal Organic Foods Production Act of 1990 (7 U.S.C. Secs. 6501 to 6522, incl.), the secretary, in consultation with the Organic Food Advisory Board, shall adopt regulations listing specific substances that are in compliance or not in compliance with the definition of "prohibited materials," as defined in subdivision (p) of

Section 26569.21 of the Health and Safety Code, for use in the production and handling of organic foods.

Prior to the promulgation of the national materials list by the United States Department of Agriculture pursuant to the federal Organic Foods Production Act of 1990, the Organic Food Advisory Board, in consultation with the secretary, shall determine which, if any, substance may be allowed for use in the production and handling of organic foods in this state. Within 90 days of promulgation of the national materials list by the United States Department of Agriculture, the Organic Food Advisory Board, in consultation with the secretary, shall determine which, if any, substance allowed for use by the national materials list may be allowed for use in the production and handling of organic foods in this state.

(b) Prior to adoption of these regulations, the secretary shall issue administratively a preliminary, nonexhaustive list of materials that are in compliance or not in compliance with subdivision (p) of Section 26569.21 of the Health and Safety Code based on the listings of permitted materials published by California Certified Organic Farmers, the Organic Foods Production Association of North America, and the Departments of Agriculture of the States of Oregon and Washington.

SEC. 1.5. Chapter 10.5 (commencing with Section 47000) is added to Division 17 of the Food and Agricultural Code, to read:

CHAPTER 10.5. DIRECT MARKETING

Article 1. General Provisions

47000. The Legislature finds and declares all of the following with regard to the direct marketing of agricultural products:

(a) Direct marketing of agricultural products benefits the agricultural community and the consumer by, among other things, providing an alternative method for growers to sell their products while benefiting the consumer by supplying quality produce at reasonable prices.

(b) Direct marketing is a good public relations tool for the agricultural industry which brings the farmer face-to-face with consumers.

(c) The marketing potential of a wide variety of California-produced agricultural products should be maximized.

(d) The department should maintain a direct marketing program and the industry should continue to encourage the sale of California-grown fresh produce.

(e) A regulatory scheme should be developed which provides flexibility that will make direct marketing a viable alternative without disrupting other produce marketing systems.

(f) The department should assist producers in organizing certified farmers' markets and other forms of direct marketing by providing

technical advice on marketing methods and in complying with the regulations that affect direct marketing programs.

(g) The department is encouraged to establish an ad hoc advisory committee to assist the department in establishing regulations affecting direct marketing of products and to advise the secretary in all matters pertaining to direct marketing.

47001. (a) The secretary may adopt regulations to allow and encourage the direct sale by farmers to consumers of all types of certified agricultural products and noncertifiable agricultural products produced within the state, as defined in subdivisions (*l*) and (m), respectively, of Section 1392.2 of Title 3 of the California Code of Regulations.

(b) These regulations may include provisions to ensure and maintain quality and wholesomeness of the products.

47002. The secretary may adopt regulations to exempt any products from established grade, size, labeling, packaging, and other requirements, if the secretary finds that the requirements unnecessarily increase the cost of marketing the products directly to the consumer, and if the secretary finds that the exemption will not adversely affect the orderly marketing of California agricultural products. In adopting any proposed regulations pursuant to this section, the secretary shall take into consideration any adverse effects the proposed regulations may have on producers, wholesalers, retailers, and consumers. No exemption shall be issued that would allow the quality of any product sold directly to the consumer to be below the minimum established by the secretary under other regulations.

47003. The secretary may establish qualifications for persons selling products directly to consumers whenever the sales involve the use of any exemption granted by the secretary. Certified farmers' markets and producers' sales outlets, at or near the location of production, may likewise be subject to qualifications.

47004. (a) The secretary may allow certified farmers' markets to establish rules and procedures that are more restrictive or do not violate state law or regulation governing or implementing this chapter.

(b) Any person aggrieved by the implementation of a rule or procedure established by a certified farmers' market under subdivision (a) may submit a written appeal to the secretary within the time period and by the means specified by the secretary by regulation to ensure due process is followed and the rule or procedure is consistent with state laws or regulations governing or implementing this chapter.

Article 2. Certified Farmers' Market Advisory Committee

47010. (a) The secretary shall establish a committee which shall be known as the Certified Farmers' Market Advisory Committee.

The primary goal of the committee shall be to ensure the integrity of certified farmers' markets.

(b) The committee shall be composed of 17 members and their alternates. The secretary shall appoint the members of the committee from a list of nominees provided by the industry subject to this chapter. The secretary shall appoint eight members and their alternates who shall be active certified producers, four members and their alternates who shall be certified farmers' market managers or representatives, two representatives from different major state direct marketing associations, one public member, and two members and their alternates who shall be county agricultural commissioners. An alternate member shall serve at a committee meeting only in the absence of, and shall have the same powers and duties as, the member for whom he or she is designated as alternate.

(c) The secretary shall appoint only one certified producer, certified farmers' market manager, or representative to represent any one farm or certified farmers' market and shall make every effort to ensure that there is a diverse representation from major production and market areas.

(d) The committee shall meet at the request of the secretary, the committee chairperson, or upon the request of four committee members. It shall meet at least once each year.

(e) The committee shall appoint its own officers, including a chairperson, a vice chairperson, a secretary, and any other officers it deems necessary. The committee may adopt rules that it deems are necessary for the conduct of its meetings and functions to carry out the objectives of this chapter.

47011. The committee shall be advisory to the secretary on all matters pertaining to direct marketing of agricultural products at certified farmers' markets and may make recommendations including, but not limited to, the following:

(a) The amendment, repeal, or adoption of legislation and regulations that relate to the administration and enforcement of this chapter.

(b) Administrative policies and procedures that relate to the inspection of certified producers and certified farmers' markets.

(c) Administrative civil penalties for violations of direct marketing regulations.

(d) Certification fees collected pursuant to Section 47020.

(e) Statewide review of enforcement actions.

47012. (a) Except as provided in subdivisions (b) and (c), the term of any member of the committee shall be two years.

(b) With respect to the terms of initial members of the committee, eight members shall serve for one year and nine members shall serve for two years, with the determinations of the term of each member to be made by lot. No member of the committee shall serve more than four full consecutive two-year terms.

(c) Any vacancy that occurs during an unexpired term shall be filled by appointment for the unexpired term.

47013. The members of the committee and any alternate shall serve without compensation.

47014. This article shall remain in effect only until January 1, 2000, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2000, deletes or extends that date.

Article 3. Certificates

47020. (a) A certified farmers' market certificate issued by a county agricultural commissioner shall be valid for 12 months from the date of issue. The county agricultural commissioner shall inspect every certified farmers' market within his or her jurisdiction at least once, in every six months of operation. The county agricultural commissioner may charge a certification and inspection fee up to a maximum rate of sixty dollars ($60) per hour, unless the county board of supervisors elects not to charge inspection and certificate costs. Inspections shall be required notwithstanding a county board of supervisors' election not to charge certificate and inspection fees. If a fee is charged for conducting the certification and inspection, it shall include either the itemized actual costs, or the weighted average hourly rate, as determined on an annual basis by the county, which shall be provided to the certified market manager prior to the payment of the fee.

(b) A certified producer's certificate issued by a county agricultural commissioner may be valid for up to 12 months from the date of issue. The county agricultural commissioner in each county shall perform at least one annual onsite inspection of the property or properties listed on every certified producer's certificate issued in their county to verify production of the commodities listed on the certificate or the existence in storage of the harvested production, or both. If the certificate is issued for a period of seven months or more, the county agricultural commissioner in each county shall perform at least one additional onsite inspection or other equally appropriate measure to verify production or storage, or both. The county agricultural commissioner may charge a certificate and inspection fee up to a maximum rate of sixty dollars ($60) per hour, unless the county board of supervisors elects not to charge inspection and certificate costs. Inspections shall be required notwithstanding a county board of supervisors' election not to charge certificate and inspection fees. If a fee is charged for conducting the certification and inspection, it shall include either the itemized actual costs, or the weighted average hourly rate, as determined on an annual basis by the county, which shall be provided to the producer prior to the payment of the fee.

(c) Each certified producer also shall pay a state certificate fee of ten dollars ($10). All fees collected pursuant to this section shall be

deposited in the Department of Food and Agriculture Fund and shall be used only for administering, implementing, and enforcing this chapter. Authorized uses shall include, but are not limited to, expenses incurred in all of the following:

(1) Coordinating the Certified Farmers' Market Advisory Committee.

(2) Evaluate county enforcement and assist in enforcement problems that cross county lines.

(3) Enacting and adopting new legislation and regulations.

(4) Appeals from actions enforcing this chapter.

(5) Maintaining a current statewide listing of certified farmers' market times and locations.

(6) Maintain a current statewide listing of certified producers.

(7) Disseminating to all certified farmers' markets information regarding the suspension or revocation of any certified producer's certificate.

(8) Other administrative duties and tasks that are recommended by the Certified Farmers' Market Advisory Committee.

(d) This section shall remain in effect only until January 1, 2000, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2000, deletes or extends that date.

47020. (a) A certified farmers' market certificate issued by a county agricultural commissioner shall be valid for 12 months from the date of issue. The county agricultural commissioner shall inspect every certified farmers' market within his or her jurisdiction at least once, in every six months of operation. The county agricultural commissioner may charge a certification and inspection fee up to a maximum rate of sixty dollars ($60) per hour, unless the county board of supervisors elects not to charge inspection and certificate costs. Inspections shall be required notwithstanding a county board of supervisors' election not to charge certificate and inspection fees. If a fee is charged for conducting the certification and inspection, it shall include either the itemized actual costs, or the weighted average hourly rate, as determined on an annual basis by the county, which shall be provided to the certified market manager prior to the payment of the fee.

(b) A certified producer's certificate issued by a county agricultural commissioner may be valid for up to 12 months from the date of issue. The county agricultural commissioner in each county shall perform at least one annual onsite inspection of the property or properties listed on every certified producer's certificate issued in their county to verify production of the commodities listed on the certificate or the existence in storage of the harvested production, or both. If the certificate is issued for a period of seven months or more, the county agricultural commissioner in each county shall perform at least one additional onsite inspection or other equally appropriate measure to verify production or storage, or both. The county agricultural commissioner may charge a certificate and inspection

fee up to a maximum rate of sixty dollars ($60) per hour, unless the county board of supervisors elects not to charge inspection and certificate costs. Inspections shall be required notwithstanding a county board of supervisors' election not to charge certificate and inspection fees. If a fee is charged for conducting the certification and inspection, it shall include either the itemized actual costs, or the weighted average hourly rate, as determined on an annual basis by the county, which shall be provided to the producer prior to the payment of the fee.

(c) This section shall become operative on January 1, 2000.

Article 4. Violations and Enforcement

47025. (a) In lieu of prosecution, but not precluding suspension or revocation of certified producer's certificates or certified farmers' market certificates, the secretary or the county commissioner may levy a civil penalty against a person who violates this chapter or any regulation implemented pursuant to this chapter.

(b) Civil penalties shall be levied in proportion to the violation, measured as either "serious," "moderate," or "minor."

(1) "Serious" violations are repeat or intentional violations, punishable by a civil penalty of not less than four hundred one dollars ($401) and up to a maximum of one thousand dollars ($1,000) per violation.

(2) "Moderate" violations are repeat violations or violations that are not intentional, punishable by a civil penalty of not less than one hundred fifty-one dollars ($151), but not more than four hundred dollars ($400) per violation.

(3) "Minor" violations are violations that are procedural in nature, punishable by a civil penalty of not less than fifty dollars ($50), but not more than one hundred fifty dollars ($150) per violation.

(c) Before a civil penalty is levied pursuant to this section, the person charged with the violation shall receive written notice of the proposed action including the nature of the violation and the amount of the proposed penalty. The person shall have the right to request a hearing within 20 days after receiving notice of the proposed action. A notice that is sent by certified mail to the last known address of the person charged shall be considered received even if delivery is refused or if the notice is not accepted at that address. If a hearing is requested, notice of the time and place of the hearing shall be given at least 10 days before the date set for the hearing. At the hearing, the person shall be given an opportunity to review the commissioner's evidence and to present evidence on his or her own behalf. If a hearing is not timely requested, the commissioner may take the action proposed without a hearing.

(d) If the person, upon whom the commissioner levied a civil penalty, requested and appeared at a hearing, the person may appeal the commissioner's decision to the secretary within 30 days of the

date of receiving a copy of the commissioner's decision. The following procedures apply to the appeal:

(1) The appeal shall be in writing and signed by the appellant or his or her authorized agent, state the grounds for the appeal, and include a copy of the commissioner's decision. The appellant shall file a copy of the appeal with the commissioner at the same time it is filed with the secretary.

(2) The appellant and the commissioner, at the time of filing the appeal or within 10 days thereafter or at a later time prescribed by the secretary, may present the record of the hearing and a written argument to the secretary stating the ground for affirming, modifying, or reversing the commissioner's decision.

(3) The secretary may grant oral arguments upon application made at the time written arguments are filed.

(4) If an application to present an oral argument is granted, written notice of the time and place for the oral argument shall be given at least 10 days before the date set therefor. The times may be altered by mutual agreement of the appellant, the commissioner, and the secretary.

(5) The secretary shall decide the appeal on the record of the hearing, including the written evidence and the written argument described in paragraph (2), that he or she has received. If the secretary finds substantial evidence in the record to support the commissioner's decision, the secretary shall affirm the decision.

(6) The secretary shall render a written decision within 45 days of the date of appeal or within 15 days of the date of oral arguments or as soon thereafter as practical.

(7) On an appeal pursuant to this section, the secretary may affirm the commissioner's decision, modify the commissioner's decision by reducing or increasing the amount of the penalty levied so that it is within the secretary's guidelines for imposing civil penalties, or reverse the commissioner's decision. Any civil penalty increased by the secretary shall not be higher than that proposed in the commissioner's notice of proposed action given pursuant to subdivision (c). A copy of the secretary's decision shall be delivered or mailed to the appellant and the commissioner.

(8) Any person who does not request a hearing with the commissioner pursuant to a penalty assessed under subdivision (c) may not file an appeal to the secretary pursuant to this subdivision.

(9) Review of a decision of the secretary may be sought by the appellant within 30 days of the date of the decision pursuant to Section 1094.5 of the Code of Civil Procedure.

(e) After the exhaustion of the appeal and review of procedures provided in this section, the commissioner, or his or her representative, may file a certified copy of a final decision of the commissioner that directs the payment of a civil penalty, and, if applicable, a copy of any decision of the secretary, or his or her authorized representative, rendered on an appeal from the

commissioner's decision and a copy of any order that denies a petition for a writ of administrative mandamus, with the clerk of the superior court of any county. Judgment shall be entered immediately by the clerk in conformity with the decision or order. No fees shall be charged by the clerk of the superior court for the performance of any official service required in connection with the entry of judgment pursuant to this section.

(f) In addition to the civil penalties prescribed in subdivision (b), the appellant may be required to cover the cost of the administrative hearing unless the decision of the secretary or county agricultural commissioner is overturned.

(g) "Person," as used in this section, means any applicant for a certified producers' certificate or certified farmers' market certificate, producer of agricultural products, certified producer, family member or employees of a certified producer, certified farmers' market manager, or certified farmers' market operator engaged or involved in the direct marketing of agricultural products at a certified farmers' market pursuant to this chapter.

47026. This article shall remain in effect only until January 1, 2000, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2000, deletes or extends that date.

SEC. 2. Article 5 (commencing with Section 58101) of Chapter 1 of Part 1 of Division 21 of the Food and Agricultural Code is repealed.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because of costs that may be incurred by a local agency or school district because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Moreover, no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.
