The people of the State of California do enact as follows:

SECTION 1. Section 11110 of the Vehicle Code, as amended by Section 1 of Chapter 699 of the Statutes of 1994, is amended to read:

11110. The department, after notice and hearing, may suspend or revoke any license issued under this chapter in any of the following cases:

(a) The department finds and determines that the licensee fails to meet the requirements to receive or hold a license under this chapter.

(b) The licensee fails to keep the records required by this chapter.

(c) The licensee permits fraud or engages in fraudulent practices either with reference to the applicant for a driver's license or an all-terrain vehicle safety certificate or the department, or induces or countenances fraud or fraudulent practices on the part of any applicant.

(d) The licensee fails to comply with this chapter or regulation or requirement of the department adopted pursuant thereto.

(e) The licensee represents himself or herself as an agent or employee of the department or uses advertising designed to create the impression, or which would reasonably have the effect of leading persons to believe, that the licensee was in fact an employee or representative of the department; or the licensee makes an advertisement, in any manner or by any means, which is untrue or misleading and which is known, or which by the exercise of reasonable care should be known, to be untrue or misleading.

(f) The licensee, or any employee or agent of the licensee, solicits driver training or instruction or all-terrain vehicle safety instruction in, or within 200 feet of, an office of the department.

(g) The licensee is convicted of violating Section 14606, 20001, 20002, 20003, 20004, 20006, 20008, 23103, 23104, 23152, or 23153 of this code or subdivision (c) of Section 192 of the Penal Code. A conviction, after a plea of nolo contendere, is a conviction within the meaning of this section.

(h) The licensee teaches, or permits a student to be taught, the specific tests administered by the department through use of the department's forms or testing facilities.

(i) The licensee conducts training, or permits training by any employee, in an unsafe manner or contrary to safe driving practices.

(j) The licensed school owner or licensed driving school operator teaches, or permits an employee to teach, driving instruction or all-terrain vehicle safety instruction without a valid instructor's license.

(k) The licensed school owner does not have in effect a bond as required by Section 11102.

(*l*) The licensee permits the use of the license by any other person for the purpose of permitting that person to engage in the ownership or operation of a school or in the giving of driving instruction or all-terrain vehicle safety instruction for compensation.

(m) The licensee holds a secondary teaching credential and explicitly or implicitly recruits or attempts to recruit a pupil who is enrolled in a junior or senior high school to be a customer for any business licensed pursuant to this article that is owned by the licensee or for which the licensee is an employee.

(n) The licensee or any employee or agent of the licensee administers driving tests or issues certificates of passage in violation of the terms of an agreement entered into under Section 12507.1 .

(o) This section shall remain in effect only until January 1, 1999, and as of that date is repealed, unless a later enacted statute, which is enacted on or before January 1, 1999, deletes or extends that date.

SEC. 2. Section 11110 of the Vehicle Code, as added by Section 2 of Chapter 699 of the Statutes of 1994, is amended to read:

(f) The licensee, or any employee or agent of the licensee, solicits driver training or instruction or all-terrain vehicle safety instruction in, or within 200 feet of, an office of the department.

(g) The licensee is convicted of violating Section 14606, 20001, 20002, 20003, 20004, 20006, 20008, 23103, 23104, 23152, or 23153 of this code or subdivision (c) of Section 192 of the Penal Code. A conviction, after a plea of nolo contendere, is a conviction within the meaning of this section.

(m) This section shall become operative on January 1, 1999.

SEC. 3. Section 12507.1 of the Vehicle Code is amended to read:

12507.1. (a) (1) In enacting this section, it is the intent of the Legislature to implement a pilot program to study the safety and fiscal effects of allowing certain driving schools to conduct the provisional driver's license behind-the-wheel driving test.

(2) The adoption of departmental regulations, training of driving school instructors, and all other functions necessary to prepare for the implementation of the pilot program shall be performed by the department commencing on January 1, 1995.

(b) Commencing on January 1, 1996, the department may allow a driving school that has operated for at least two years in compliance with Chapter 1 (commencing with Section 11100) of Division 5 to administer the behind-the-wheel driving test portion of the examination required by subparagraph (D) of paragraph (1) of subdivision (a) of Section 12804.9 for a provisional driver's license for any person who is 16 years of age or older, but who is less than 18 years of age, if all of the following conditions apply:

(1) The applicant has complied with the requirements of Section 12507.

(2) The tests given by the driving school are the same as those that would otherwise be given by the department.

(3) The driving school enters into an agreement with the department containing, but not limited to, all of the following provisions:

(A) The department shall annually conduct onsite inspections of the testing operations, or more often as the department determines to be necessary.

(B) All driving school examiners shall meet all of the following qualifications:

(i) Have at least 500 hours of instructional experience as a driving school instructor.

(ii) Be at least 25 years of age.

(iii) Have the same qualification and training standards as the department's examiners, to the extent necessary to conduct the driving tests in compliance with department standards.

(C) No driving school examiner shall be qualified to administer the behind-the-wheel test where the individual to be tested has been previously instructed by that examiner in the operation of a vehicle.

(D) No driving school or driving school instructor shall condition the payment of a fee to the school by an applicant for receiving instruction in the operation of a vehicle or the administration of the behind-the-wheel driving test, or both, upon the passage or failure of the behind-the-wheel driving test.

(E) The driving school requires written assurances from an applicant's parent or guardian that the parent or guardian assumes liability for the applicant during the driving test.

(F) The department may cancel, suspend, or revoke the agreement with the driving school, upon giving 15 days' prior written notice of the proposed action to the driving school, if the department determines that the driving school is failing to comply with the standards for the behind-the-wheel driving test or with any other term of the agreement.

(4) A driving school that has had its agreement canceled, suspended, or revoked by order of the department may not administer a behind-the-wheel driving test during the period that the order is in effect.

(5) (A) Any driving school that has had its agreement canceled pursuant to subparagraph (F) of paragraph (3) may apply for a new agreement at any time.

(B) The suspension of an agreement pursuant to subparagraph (F) of paragraph (3) shall be for a term of not more than 12 months, as determined by the department in accordance with regulations adopted by the department. After the period of suspension has expired, the agreement shall be reinstated upon request of the driving school if the driving school is in compliance with this section.

(C) (i) The revocation of an agreement pursuant to subparagraph (F) of paragraph (3) shall be for a term of not less than one year. A driving school may apply for a new agreement after the period of revocation has expired, upon submission of proof to the

department of correction of the deficiencies or violations that resulted in the revocation.

(ii) The department may permanently revoke an agreement pursuant to subparagraph (F) of paragraph (3) for repeated violations or repeated failures to comply with any standard or provision of the agreement.

(6) The department shall monitor the driving schools and evaluate the benefits and effects on traffic safety of the driving school testing program. The department shall periodically choose at random and retest driving school-certified provisional license applicants for the purposes of evaluating the program.

(7) Any provisional driver's license applicant who takes and passes a driving test administered by a driving school pursuant to this section shall provide the department with a certificate satisfactory to the department that the applicant has successfully passed the driving test.

(8) The department shall charge a fee not to exceed five dollars ($5) for each certificate provided to the department by an applicant. The amount of the fee shall be sufficient to pay for the actual costs incurred by the department in connection with the monitoring of driving schools and retesting of license applicants pursuant to paragraph (6).

(9) (A) This paragraph applies only to driving schools that have administered both behind-the-wheel training and behind-the-wheel driving tests for at least 12 months.

(B) The department shall prohibit a driving school from continuing to administer behind-the-wheel driving tests if the department determines that the driving school has administered behind-the-wheel training and behind-the-wheel driving tests to applicants, the majority of whom have subsequently been subject to any of the following provisions:

(i) Paragraph (5) of subdivision (a) of Section 12814.6.

(ii) Paragraph (6) of subdivision (a) of Section 12814.6.

(iii) Paragraph (7) of subdivision (a) of Section 12814.6.

(10) The establishment of driving school behind-the-wheel testing agreements may be implemented by the department on those dates that the department determines to be necessary to accomplish an orderly provisional driver's license testing program pursuant to this section.

(11) During each year of the pilot project authorized by this section, not more than 15,000 applicants for provisional driver's licenses may receive the behind-the-wheel driving test at a driving school that meets the criteria specified in this section.

(12) The department shall submit a report to the Legislature on the progress of the driving school testing program authorized pursuant to this section within three years after the date the program is implemented. The report shall compare subsequent driving records, including accidents, convictions, and failures to appear, for

provisional driver's license applicants who have been tested by the driving schools and tested by the department. The report shall include, but shall not be limited to, an analysis of the costs and benefits of the program and shall include recommendations by the department.

(13) The director may terminate the driving school testing program at any time that the department determines that continued operation of the program would have an adverse effect on traffic safety. The finding upon which that determination is based shall be reported to the Legislature not later than 30 days after the termination of the program.

(c) This section shall remain in effect only until January 1, 1999, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1999, deletes or extends that date.

CHAPTER 923

[Approved by Governor September 25, 1996. Filed with Secretary of State September 26, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 21627 of the Business and Professions Code is amended to read:

21627. (a) As used in this article, "tangible personal property" includes, but is not limited to, all secondhand tangible personal property which bears a serial number or personalized initials or inscription or which, at the time it is acquired by the secondhand dealer, bears evidence of having had a serial number or personalized initials or inscription.

(b) "Tangible personal property" also includes, but is not limited to, the following:

(1) All tangible personal property, new or used, including motor vehicles, received in pledge as security for a loan by a pawnbroker.

(2) All tangible personal property that bears a serial number or personalized initials or inscription which is purchased by a secondhand dealer or a pawnbroker or which, at the time of such purchase, bears evidence of having had a serial number or personalized initials or inscription.

(3) All personal property commonly sold by secondhand dealers which statistically is found through crime reports to the Attorney General to constitute a significant class of stolen goods. A list of such personal property shall be supplied by the Attorney General to all local law enforcement agencies. Such list shall be reviewed periodically by the Attorney General to insure that it addresses current problems with stolen goods.

(c) As used in this article, "tangible personal property" does not include any new goods or merchandise purchased from a bona fide manufacturer or distributor or wholesaler of such new goods or merchandise by a secondhand dealer. For the purposes of this article, however, a secondhand dealer shall retain for one year from the date of purchase, and shall make available for inspection by any law enforcement officer, any receipt, invoice, bill of sale or other evidence of purchase of such new goods or merchandise.

(d) As used in this article, "tangible personal property" does not include coins, monetized bullion, or commercial grade ingots of gold, silver, or other precious metals. "Commercial grade ingots" means 0.99 fine ingots of gold, silver, or platinum, or 0.925 fine sterling silver art bars and medallions, provided that the ingots, art bars, and medallions are marked by the refiner or fabricator as to their assay fineness.

SEC. 2. Section 21628.1 is added to the Business and Professions Code, to read:

21628.1. Notwithstanding Section 21628, except for firearms, submission of transaction reports are not required to be submitted to the local law enforcement agency if the report of an acquisition of the same property from the same customer has been submitted within the preceding 12 months, except when submission of the reports is specifically requested in writing by the local licensing authority.

SEC. 3. Section 21638.5 of the Business and Professions Code is amended to read:

21638.5. Sections 21636, 21637, and 21638, insofar as they apply to holding periods for personal property, are not applicable to personal property pledged to a pawnbroker with respect to the redemption of personal property by the pledgor.

SEC. 4. Section 21641 of the Business and Professions Code is amended to read:

21641. (a) The chief of police, the sheriff or, where appropriate, the police commission, shall accept an application for and grant a license permitting the licensee to engage in the business of secondhand dealer, as defined in Section 21626, to an applicant who has not been convicted of an attempt to receive stolen property or any other offense involving stolen property. Prior to the granting of a license, the licensing authority shall submit the application to the Department of Justice. If the Department of Justice does not comment on the application within 30 days thereafter, the licensing authority may grant the applicant a license. All forms for application

and licensure, and license renewal, shall be prescribed and provided by the Department of Justice. A fee may be charged to the applicant as specified by the Department of Justice and the local licensing authority for processing the initial license application.

(b) For the purposes of this section, "convicted" means a plea or verdict of guilty or a conviction following a plea of nolo contendere.

(c) Notwithstanding subdivisions (a) and (b), no person shall be denied a secondhand dealer's license solely on the grounds that he or she violated any provision contained in Article 4 (commencing with Section 21625) or Article 5 (commencing with Section 21650) of this chapter, or any provision contained in Chapter 2 (commencing with Section 21200) of Division 8 of the Financial Code, unless the violation demonstrates a pattern of conduct.

SEC. 4.1. Section 21641 of the Business and Professions Code is amended to read:

21641. (a) The chief of police, the sheriff or, where appropriate, the police commission, shall accept an application for and grant a license permitting the licensee to engage in the business of secondhand dealer, as defined in Section 21626, to an applicant who has not been convicted of an attempt to receive stolen property or any other offense involving stolen property. Prior to the granting of a license, the licensing authority shall submit the application to the Department of Justice. If the Department of Justice does not comment on the application within 30 days thereafter, the licensing authority may grant the applicant a license. All forms for application and licensure, and license renewal, shall be prescribed and provided by the Department of Justice. A fee may be charged to the applicant as specified by the Department of Justice for processing the initial license application and the local licensing authority.

(b) For the purposes of this section, "convicted" means a plea or verdict of guilty or a conviction following a plea of nolo contendere.

(c) Notwithstanding subdivisions (a) and (b), no person shall be denied a secondhand dealer's license solely on the grounds that he or she violated any provision contained in Article 4 (commencing with Section 21625) or Article 5 (commencing with Section 21650) of this chapter, or any provision contained in Chapter 2 (commencing with Section 21200) of Division 8 of the Financial Code, unless the violation demonstrates a pattern of conduct.

(d) Any person licensed as a firearms dealer pursuant to Section 12071 of the Penal Code, who is conducting business at gun shows or events pursuant to subparagraph (B) of paragraph (1) of subdivision (b) of Section 12071 of the Penal Code, and who has a valid secondhand dealer license granted by the appropriate local authorities in the jurisdiction where the firearms dealer license has been granted, shall be authorized to conduct business as a secondhand dealer at any gun show or event, as defined in Section 178.100 of Title 27 of the Code of Federal Regulations, or its successor, without regard to the jurisdiction within this state that issued the

secondhand dealer license pursuant to subdivision (a) of this section. No additional fees or separate secondhand dealer license shall be required by any agency having jurisdiction over the locality where the gun show or event is conducted. However, the person shall otherwise be subject to, and comply with, the requirements of this article when he or she acts as a secondhand dealer at the gun show or event to the same extent as if he or she were licensed as a secondhand dealer in the jurisdiction in which the gun show or event is being conducted.

SEC. 5. Section 21642 of the Business and Professions Code is amended to read:

21642. (a) A license granted pursuant to Section 21641 shall be renewable the second year from the date of issue, and every other year thereafter, upon the filing of a renewal application and the payment of a license renewal fee specified by the licensing authority. The Department of Justice may also charge a fee of not more than twelve dollars ($12) but not to exceed the actual processing costs of the department. After the department establishes a fee sufficient to reimburse the department for processing costs, the fee charged shall increase at a rate not to exceed the legislatively approved annual cost-of-living adjustments for the department's budget. The licensing authority shall collect the fee and transmit the fee and a copy of the renewed license to the Department of Justice.

(b) The license shall be subject to forfeiture by the licensing authority and the licensee's activities as a secondhand dealer shall be subject to being enjoined pursuant to Section 21646 for breach of any of the following conditions:

(1) The business shall be carried on only at the location designated on the license. The license shall designate all locations where property belonging to the business is stored. Property of the business may be stored at locations not designated on the license only with the written consent of the local licensing authority.

(2) The license or a copy thereof, certified by the licensing authority, shall be displayed on the premises in plain view of the public.

(3) The licensee shall not engage in any act which the licensee knows to be in violation of this article.

(4) The licensee shall not be convicted of an attempt to receive stolen property or any other offense involving stolen property. For the purposes of this paragraph, "convicted" means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the chief of police, the sheriff or, where appropriate, the police commission, is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code.

(c) Notwithstanding subdivisions (a) and (b), no person shall have his or her renewal application for a secondhand dealer's license denied, nor shall his or her secondhand dealer's license be forfeited solely on the grounds that he or she violated any provision contained in Article 4 (commencing with Section 21625) or Article 5 (commencing with Section 21650) of this chapter, or any provision contained in Chapter 2 (commencing with Section 21200) of Division 8 of the Financial Code, unless the violation demonstrates a pattern of conduct.

SEC. 6. Section 21647 of the Business and Professions Code is amended to read:

21647. (a) Whenever any peace officer has probable cause to believe that property, except coins, monetized bullion, or "commercial grade ingots" as defined in subdivision (d) of Section 21627, in the possession of a pawnbroker, secondhand dealer, or coin dealer is stolen, the peace officer may place a hold on the property for a period not to exceed 90 days. When a peace officer places a hold on the property, the peace officer shall give the pawnbroker, secondhand dealer, or coin dealer a written notice at the time the hold is placed, describing the item or items to be held. During that period the pawnbroker, secondhand dealer, or coin dealer shall not release or dispose of the property, except pursuant to a court order or upon receipt of a written authorization signed by any peace officer who is a member of the law enforcement agency of which the peace officer placing the hold on the property is a member. A pawnbroker, secondhand property dealer, or coin dealer shall not be subject to civil liability for compliance with this section.

(b) Whenever property that is in the possession of a pawnbroker, secondhand dealer, or coin dealer, whether or not the property has been placed on hold, is required by a peace officer in a criminal investigation, the pawnbroker, secondhand dealer, or coin dealer, upon reasonable notice, shall produce the property at reasonable times and places or may deliver the property to the peace officer upon the request of any peace officer.

(c) Whenever a law enforcement agency has knowledge that property in the possession of a pawnbroker, secondhand dealer, or coin dealer has been reported as lost or stolen, the law enforcement agency shall notify in writing the person who reported the property as lost or stolen of the following:

(1) The name, address, and telephone number of the pawnbroker, secondhand dealer, or coin dealer who reported the acquisition of the property.

(2) That the law neither requires nor prohibits payment of a fee or any other condition in return for the surrender of the property, except that when the person who reported the property lost or stolen does not choose to participate in the prosecution of an identified alleged thief, the person shall pay the pawnbroker, secondhand dealer, or coin dealer the "out-of-pocket" expenses paid in the

acquisition of the property in return for the surrender of the property.

(3) That if the person who reported the property as lost or stolen takes no action to recover the property from the pawnbroker, secondhand dealer, or coin dealer within 60 days of the mailing of the notice, the pawnbroker, secondhand dealer, or coin dealer may treat the property as other property received in the ordinary course of business. During the 60-day notice period, the pawnbroker, secondhand dealer, or coin dealer may not release the property to any other person.

(4) That a copy of the notice, with the address of the person who reported the property as lost or stolen deleted, will be mailed to the pawnbroker, secondhand dealer, or coin dealer who is in possession of the property.

(d) When property that is in the possession of a pawnbroker, secondhand dealer, or coin dealer is subject to a hold as provided in subdivision (a), and the property is no longer required for the purpose of a criminal investigation, the law enforcement agency that placed the hold on the property shall release the hold on the property. When the law enforcement agency has knowledge that the property has been reported lost or stolen, the law enforcement agency shall then make notification to the person who reported the property as lost or stolen pursuant to subdivision (c).

(e) If a pledgor seeks to redeem property that is subject to a hold, the pawnbroker shall advise the pledgor of the name of the peace officer who placed the hold on the property and the name of the law enforcement agency of which the officer is a member. If the property is not required to be held pursuant to a criminal prosecution the hold shall be released.

(f) Whenever information regarding allegedly lost or stolen property is entered into the Department of Justice automated property system or automated firearms system, and the property is thereafter identified and found to be in the possession of a pawnbroker, secondhand dealer, or coin dealer, and the property is thereafter placed on a hold pursuant to this section and the hold, including any additional hold, is allowed to lapse, or 60 days elapse following the delivery of the notice required to be given by this section to the person who reported the property to be lost or stolen without a claim being made by that person, whichever is later, the pawnbroker, secondhand dealer, or coin dealer may mail under a Certificate of Mailing issued by the United States Post Office, addressed to the law enforcement agency that placed the property on hold, a written request to delete the property listing from the Department of Justice automated property system or automated firearms system, as is applicable. Within 30 days after the request has been mailed, the law enforcement agency shall either cause the property listing to be deleted as requested or place a hold on the property. If no law enforcement agency takes any further action with

respect to the property within 45 days after the mailing of the request, the pawnbroker, secondhand dealer, or coin dealer may presume that the property listing has been deleted as requested and may thereafter deal with the property accordingly, and shall not be subject to liability arising from the failure of the removal of the property listing from the Department of Justice automated property system or automated firearms system.

(g) Nothing in this section shall be construed to alter the authority of a peace officer to seize property pursuant to any other provision of statutory or case law.

SEC. 7. Section 21000 of the Financial Code is amended to read:

21000. Every person engaged in the business of receiving goods, including motor vehicles, in pledge as security for a loan is a pawnbroker within the meaning of this division.

SEC. 8. Section 21300.1 is added to the Financial Code, to read:

21300.1. It is unlawful for any person who is not duly licensed under this section to act as a pawnbroker or represent himself, herself, or a business entity to be a pawnbroker or a pawnbrokerage business entity.

SEC. 9. Section 21301 of the Financial Code is amended to read:

21301. (a) A license granted pursuant to Section 21300 shall be renewable the second year from the date of issue, and every other year thereafter, upon the filing of a renewal application and compliance with the requirements of Section 21303. The Department of Justice and the chief of police, the sheriff, or where appropriate, the police commission may charge a fee for the license renewal not to exceed the actual processing costs. The licensing authority shall collect the fee and transmit the fee and a copy of the renewed license to the Department of Justice.

(b) The license shall be subject to forfeiture by the licensing authority, and the licensee's activities as a pawnbroker shall be subject to being enjoined pursuant to Section 21302, for breach of any of the following conditions:

(1) The business shall be carried on only at the location designated on the license. The license shall designate all locations where property belonging to the business is stored. Property of the business may be stored at locations not designated on the license only with the written consent of the local licensing authority.

(2) The license or a copy thereof, certified by the licensing authority, shall be displayed on the premises in plain view of the public.

(3) The licensee shall not engage in any act which the licensee knows to be in violation of this article.

(4) The licensee shall not be convicted of an attempt to receive stolen property or other offense involving stolen property. For the purposes of this paragraph, "convicted" means a plea or verdict of guilty or a conviction following a plea or nolo contendere. Any action which the chief of police, the sheriff, or, where appropriate, the

police commission, is permitted to take following such a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under Section 1203.4 of the Penal Code.

(c) Notwithstanding subdivisions (a) and (b), no person shall have his or her renewal application for a pawnbroker's license denied, nor shall his or her pawnbroker's license be forfeited solely on the grounds that he or she violated any provision contained in Chapter 1 (commencing with Section 21000) or Chapter 2 (commencing with Section 21200) of this division or Article 4 (commencing with Section 21625) or Article 5 (commencing with Section 21650) of Chapter 9 of Division 8 of the Business and Professions Code unless the violation demonstrates a pattern of conduct.

SEC. 10. Section 21301.1 is added to the Financial Code, to read:

21301.1. It is unlawful for any person to advertise his or her services as a pawnbroker, or to use any words or parts of words in any advertisements that connote a transaction involving the taking of tangible personal property as security for a loan unless the pawnbroker's license number is clearly displayed in the advertisement.

SEC. 11. Section 21304 of the Financial Code is amended to read:

21304. The people of the State of California do enact as follows:

holding period with respect to this tangible personal property shall commence with the date the report of its acquisition was made to the chief of police or to the sheriff by the secondhand dealer and coin dealer. The chief of police or the sheriff may for good cause, as specified by the Department of Justice, authorize prior disposition of any such property described in a specific report, provided that a secondhand dealer who disposes of tangible personal property pursuant to that authorization shall report the sale thereof to the chief of police or the sheriff.

21641. (a) The chief of police, the sheriff or, where appropriate, the police commission, shall accept an application for and grant a license permitting the licensee to engage in the business of secondhand dealer, as defined in Section 21626, to an applicant who has not been convicted of an attempt to receive stolen property or any other offense involving stolen property. Prior to the granting of a license, the licensing authority shall submit the application to the Department of Justice. All forms for application and licensure, and license renewal, shall be prescribed and provided by the Department of Justice. A fee may be charged to the applicant as specified by the Department of Justice for processing the initial license application.

(b) For the purposes of this section, "convicted" means a plea or verdict of guilty or a conviction following a plea of nolo contendere.

(d) Any person licensed as a firearms dealer pursuant to Section 12071 of the Penal Code, who is conducting business at gun shows or events pursuant to subparagraph (B) of paragraph (1) of subdivision (b) of Section 12071 of the Penal Code, and who has a valid secondhand dealer license granted by the appropriate local authorities in the jurisdiction where the firearms dealer license has been granted, shall be authorized to conduct business as a secondhand dealer at any gun show or event, as defined in Section 178.100 of Title 27 of the Code of Federal Regulations, or its successor, without regard to the jurisdiction within this state that issued the secondhand dealer license pursuant to subdivision (a) of this section. No additional fees or separate secondhand dealer license shall be required by any agency having jurisdiction over the locality where the gun show or event is conducted. However, the person shall otherwise be subject to, and comply with, the requirements of this article when he or she acts as a secondhand dealer at the gun show or event to the same extent as if he or she were licensed as a secondhand dealer in the jurisdiction in which the gun show or event is being conducted.

SEC. 2.5. Section 21641 of the Business and Professions Code is amended to read:

21641. (a) The chief of police, the sheriff or, where appropriate, the police commission, shall accept an application for and grant a license permitting the licensee to engage in the business of secondhand dealer, as defined in Section 21626, to an applicant who has not been convicted of an attempt to receive stolen property or any other offense involving stolen property. Prior to the granting of a license, the licensing authority shall submit the application to the Department of Justice. If the Department of Justice does not comment on the application within 30 days thereafter, the licensing authority may grant the applicant a license. All forms for application and licensure, and license renewal, shall be prescribed and provided by the Department of Justice. (c) Notwithstanding subdivisions (a) and (b), no person shall be denied a secondhand dealer's license solely on the grounds that he or she violated any provision contained in Article 4 (commencing with Section 21625) or Article 5 (commencing with Section 21650) of this chapter, or any provision contained in Chapter 2

(commencing with Section 21200) of Division 8 of the Financial Code, unless the violation demonstrates a pattern of conduct.

No additional fees or separate secondhand dealer license shall be required by any agency having jurisdiction over the locality where the gun show or event is conducted. However, the person shall otherwise be subject to, and comply with, the requirements of this article when he or she acts as a secondhand dealer at the gun show or event to the same extent as if he or she were licensed as a secondhand dealer in the jurisdiction in which the gun show or event is being conducted.

(2) The file shall contain the name and social security number of the person who owes overdue support, the amount of overdue support as of the date the file is created, the name of the county in which the support obligation is being enforced by the district attorney, and any other information that is deemed necessary by the department and the Public Employees' Retirement System.

(3) The department shall provide the certified file to the Public Employees' Retirement System for the purpose of matching the names in the file with members and beneficiaries of the Public Employees' Retirement System that are entitled to receive Public Employees' Retirement System benefits. The department and the Public Employees' Retirement System shall work cooperatively to develop an interface in order to match the names in their respective electronic data processing systems. The interface required to intercept benefits that are payable periodically shall be done as soon as it is technically feasible.

(4) The department shall update the certified file no less than on a monthly basis to add new cases within the district attorneys' offices or existing cases that become delinquent and to delete persons who are no longer delinquent. The department shall provide the updated file no less than on a monthly basis to the Public Employees' Retirement System.

(5) Information contained in the certified file provided to the Public Employees' Retirement System by the department and the district attorneys and information provided by the Public Employees' Retirement System to the department shall be used exclusively for child support enforcement purposes and may not be used for any other purpose.

(b) Notwithstanding any other provision of law, the Public Employees' Retirement System shall withhold the amount certified from the benefits and refunds to be distributed to members with overdue support obligations or from benefits to be distributed to beneficiaries with overdue support obligations. If the benefits are payable periodically, the amount withheld pursuant to this section shall not exceed the amount permitted to be withheld for an earnings withholding order for support under Section 706.052 of the Code of Civil Procedure.

(c) The Public Employees' Retirement System shall forward the amounts withheld pursuant to subdivision (b) within 10 days of withholding to the department for distribution to the appropriate county.

(d) On an annual basis, the department shall notify individuals with overdue support obligations that PERS benefits or PERS contribution refunds may be intercepted for the purpose of enforcing family support obligations.

(e) No later than the time of the first withholding, the Public Employees' Retirement System shall send those persons subject to withholding the following:

(1) Notice that his or her benefits or retirement contribution refund have been reduced by payment on a support judgment pursuant to this section.

(2) A form developed by the department that the applicant shall use to request either a review by the district attorney or a court hearing, as appropriate.

(f) The notice shall include the address and telephone number of the district attorney's office that is enforcing the support obligation pursuant to Section 11475.1, and shall specify that the form requesting either a review by the district attorney's office or a court hearing must be received by the district attorney's office within 20 days of the date of the notice.

(g) The form shall include instructions that are designed to enable the member or beneficiary to obtain a review or a court hearing as appropriate on his or her own behalf. The form shall specify that if the member or beneficiary disputes the amount of support arrearages certified by the district attorney pursuant to this section, he or she may request a review by the district attorney.

(h) The department shall develop procedures that are consistent with this section to be used by each district attorney in conducting the requested review. The district attorney shall complete the review in accordance with the procedures developed by the department and shall notify the member or beneficiary of the result of the review within 20 days of receiving the request for review. The notification of review results shall include a request for hearing form and shall inform the member or beneficiary that if he or she returns the completed request for hearing form within 20 days of the date of the notice of review results, the district attorney will calendar the matter for court review. If the district attorney cannot complete the review within 20 days, the district attorney shall calendar the matter for hearing as specified in subdivision (k).

(i) The form specified in subdivision (g) shall also notify the member or beneficiary that he or she may request a court hearing to claim an exemption of any benefit not payable periodically by returning the completed form to the district attorney within 20 days. If the district attorney receives a timely request for a hearing for a claim of exemption, the district attorney shall calendar a court

hearing. The amount of the exemption, if any, shall be determined by the court in accordance with the procedures set forth in Section 703.070 of the Code of Civil Procedure.

(j) If the district attorney receives the form requesting either a review by the district attorney or a court hearing within the 20 days specified in subdivision (f), the district attorney shall not distribute the amount intercepted until the review by the district attorney or the court hearing is completed. If the district attorney determines that all or a portion of the member's or beneficiary's benefits were intercepted in error, or if the court determines that any amount of the benefits are exempt, the district attorney shall refund any amount determined to be exempt or intercepted in excess of the correct amount to the member or beneficiary within 10 days of determination that a refund is due.

(k) Any hearing properly requested pursuant to this section shall be calendared by the district attorney. The hearing shall be held within 20 days from the date that the district attorney receives the request for hearing. The district attorney shall provide notice of the time and place for hearing by first-class mail no later than five days prior to the hearing.

(*l*) Nothing in this section shall limit any existing rights of the member or beneficiary, including, but not limited to, the right to seek a determination of arrearages or other appropriate relief directly from the court. However, if the procedures of this section are not utilized by the member or beneficiary, the court may not require the district attorney to refund any money that was distributed to the child support obligee prior to the district attorney receiving notice of a court determination that a refund is due to the member or beneficiary.

(m) The department and the Public Employees' Retirement System shall enter into any agreement necessary to implement this section which shall include provisions for the department to provide funding to the Public Employees' Retirement System to develop, implement, and maintain the intercept process described in this section.

(n) The Public Employees' Retirement System may not assess service charges on members or beneficiaries in order to recover any administrative costs resulting from complying with this section.

SEC. 5. Section 1.5 of this bill incorporates amendments to Section 704.110 of the Code of Civil Procedure proposed by both this bill and AB 1751. It shall become operative if (1) both bills are enacted and become effective on or before January 1, 1997, (2) each bill amends Section 704.110 of the Code of Civil Procedure, and (3) this bill is enacted after AB 1751, in which case Section 1 of this bill shall not become operative.

SEC. 6. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local

agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

(A) Material not utilized by the staff of a fiscal committee in the preparation of any analysis for the members of that committee.

(B) Communications determined by the committee or its staff to be confidential.

(6) Versions of bills, resolutions, or proposed constitutional amendments assigned to the committee.

(7) Relevant interim hearing materials, studies, case materials, and articles.

(e) Legislative records contained in an official committee file shall be open to inspection and copying by the public, pursuant to Sections 9073 and 9074. Each committee of the Senate or Assembly, and each joint committee of the Legislature, shall adopt and implement written procedures consistent with Sections 9073 and 9074 for the public's access to official committee files maintained in the committee's office. The procedures shall provide for the time, place, and other conditions under which committee files may be inspected and copied. Each committee shall make copies of its written procedures available to the public.

(f) The Rules Committee of each house of the Legislature or, alternatively, the Joint Rules Committee shall provide for the storage of any official committee file that is not maintained in the office of the committee that created the file or lodged with the State Archives. The Rules Committees of each house of the Legislature or the Joint Rules Committee, as the case may be, shall adopt and implement written procedures consistent with Section 9073 for the public's access to official committee files so stored in its custody. The procedures shall provide for the time, place, and other conditions under which committee files may be inspected and copied, and the committee shall make copies of its written procedures available to the public.

(g) Nothing in this section requires making any legislative record available for inspection that relates to any unchaptered bill, resolution, or proposed constitutional amendment introduced in the current legislative session, except in accordance with the requirements and limitations specified in Sections 9073, 9074, and 9075.

SEC. 3. Section 11347.3 of the Government Code is amended to read:

11347.3. (a) Every agency shall maintain a file of each rulemaking that shall be deemed to be the record for that rulemaking proceeding.

(b) The rulemaking file shall include:

(1) Copies of any petitions received from interested persons proposing the adoption, amendment, or repeal of the regulation, and a copy of any decision provided for by subdivision (d) of Section 11340.7, which grants a petition in whole or in part.

(2) All published notices of proposed adoption, amendment, or repeal of the regulation, and an updated informative digest, the initial statement of reasons, and the final statement of reasons.

(3) The determination, together with the supporting data required by paragraph (5) of subdivision (a) of Section 11346.5.

(4) The determination, together with the supporting data required by paragraph (8) of subdivision (a) of Section 11346.5.

(5) The estimate, together with the supporting data and calculations, required by paragraph (6) of subdivision (a) of Section 11346.5.

(6) All data and other factual information, any studies or reports, and written comments submitted to the agency in connection with the adoption, amendment, or repeal of the regulation.

(7) All data and other factual information, technical, theoretical, and empirical studies or reports, if any, on which the agency is relying in the adoption, amendment, or repeal of a regulation, including any cost impact estimates as required by Section 11346.3.

(8) A transcript, recording, or minutes of any public hearing connected with the adoption, amendment, or repeal of the regulation.

(9) The date on which the agency made available to the public for 15 days prior to the adoption, amendment, or repeal of the regulation the full text as required by subdivision (c) of Section 11346.8 if the agency made changes to the regulation noticed to the public.

(10) The text of regulations as originally proposed and the modified text of regulations, if any, that were made available to the public prior to adoption.

(11) Any other information, statement, report, or data that the agency is required by law to consider or prepare in connection with the adoption, amendment, or repeal of a regulation.

(12) An index or table of contents that identifies each item contained in the rulemaking file. The index or table of contents shall include an affidavit or a declaration under penalty of perjury in the form specified by Section 2015.5 of the Code of Civil Procedure by the agency official who has compiled the rulemaking file, specifying the date upon which the record was closed, and that the file or the copy, if submitted, is complete.

(c) Every agency shall submit to the office with the adopted regulation, the rulemaking file or a complete copy of the rulemaking file.

(d) The rulemaking file shall be made available by the agency to the public, and to the courts in connection with the review of the regulation.

(e) Upon filing a regulation with the Secretary of State pursuant to Section 11349.3, the office shall return the related rulemaking file to the agency, after which no item contained in the file shall be removed, altered, or destroyed or otherwise disposed of. The agency shall maintain the file unless it elects to transmit the file to the State Archives pursuant to subdivision (f).

(f) The agency may transmit the rulemaking file to the State Archives. The file shall include instructions that the Secretary of State shall not remove, alter, or destroy or otherwise dispose of any item contained in the file. Pursuant to Section 12223.5, the Secretary of State may designate a time for the delivery of the rulemaking file to the State Archives in consideration of document processing or storage limitations.

SEC. 4. Section 12223.5 is added to the Government Code, to read:

12223.5. The Secretary of State shall receive into the State Archives any official committee file transmitted pursuant to Section 9080 or rulemaking file transmitted pursuant to Section 11347.3. The Secretary of State may designate a time for the delivery of files in consideration of document processing or storage limitations. The Secretary of State shall not remove, alter, or destroy or otherwise dispose of any item contained in a file received pursuant to this section. Nothing in this section, or in Sections 9080 or 11347.3, shall prohibit the conversion of an official committee file or rulemaking file to another accessible format.

SEC. 5. Section 14755 of the Government Code is amended to read:

14755. (a) No record shall be destroyed or otherwise disposed of by any agency of the state, unless it is determined by the director that the record has no further administrative, legal, or fiscal value and the Secretary of State has determined that the record is inappropriate for preservation in the State Archives.

(b) The director shall not authorize the destruction of any record subject to audit until he or she has determined that the audit has been performed.

(c) The director shall not authorize the destruction of all or any part of an agency rulemaking file subject to Section 11347.3.

SEC. 6. The Legislature finds and declares that:

(a) State agency rulemaking files provide evidence of the adopting agency's intent that may be important in the subsequent interpretation of rules and regulations adopted by state agencies pursuant to specific statutory authority. Furthermore, the preservation of rulemaking files by state agencies has been problematic, resulting in the sporadic loss or destruction, in whole or part, of those files.

(b) Under Section 11347.3 of the Government Code, state agencies are currently required to make the rulemaking file available to the public, and to the courts in connection with the review of the

regulation. Furthermore, specific authority is not granted to permit the destruction of any rulemaking file in derogation of the requirement under 11347.3 to make those files available to the public and to the courts.

(c) As such, amendments to Section 11347.3 made by this act do not constitute a change in, but are declaratory of, existing law insofar as they restate and reaffirm the state's existing obligation to make rulemaking files permanently available to the public and the courts.

(d) Under Government Code Section 14755, state agencies may not destroy or otherwise dispose of any state record which has legal value unless so authorized by the Director of General Services after the Secretary of State has determined that the record is appropriate for preservation in the State Archives. Section 14755 is silent with regard to the state's obligation to permanently retain rulemaking files pursuant to Section 11347.3. Neither does Section 14755 specifically conflict with the requirements of Section 11347.3. In this regard, Section 14755 is vague with regard to its interaction with Section 11347.3, and does not provide clear guidance to state agencies with regard to their duties to permanently preserve rulemaking files under Section 11347.3.

(e) As such, the amendment to Section 14755 made by this act is necessary in order to avoid the continuous loss or destruction of rulemaking files contrary to Section 11347.3, and does not constitute a change in, but is declaratory of, existing law insofar as it conforms Section 14755 to the requirements and intent of Section 11347.3 to make rulemaking files permanently available to the public and the courts.

CHAPTER 929

An act to add Section 33320.51 to the Health and Safety Code, relating to redevelopment.

[Approved by Governor September 25, 1996. Filed with Secretary of State September 26, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 33320.51 is added to the Health and Safety Code, to read:

33320.51. (a) Any redevelopment plan, or any amendment to an existing redevelopment plan adopted on or after July 1, 1993, that is subject to Section 33320.5, may utilize as the base year either the year it was adopted or the 1994–95 fiscal year, at the option of the adopting agency, as referenced by a duly adopted ordinance of the governing board. If the governing board adopts the 1994–95 fiscal year as the base year, that designation shall remain in effect only until the time

that the county assessor certifies that assessed values for the redevelopment project area equal or exceed the assessed value in the initial base year. When that certification is made by the county assessor, the base year shall revert to the initial base year at the time of plan adoption.

(b) To the extent any adjustment in the base year pursuant to this section creates a negative fiscal impact on the state, the governing board shall, on or before the expiration of five years from the date of the adjustment of the base year pursuant to this section, remit to the State Controller the total amount of increased aid to schools received from the state as a result of the adjustment in the base year as determined by the Department of Finance in consultation with the governing board.

CHAPTER 930

An act to amend Section 52335.2 of, and to add Sections 52335.9 and 52335.10 to, the Education Code, relating to regional occupational centers.

[Approved by Governor September 25, 1996. Filed with Secretary of State September 26, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 52335.2 of the Education Code is amended to read:

52335.2. The Superintendent of Public Instruction shall calculate a revenue limit for each ROC/P in the following manner:

(a) Calculate a base revenue limit per unit of average attendance for the current fiscal year as follows:

(1) Divide the revenue limit for the prior year computed pursuant to this section by the annual units of average daily attendance funded in the prior year pursuant to subdivisions (c) and (d).

(2) Increase the amount computed in paragraph (1) by the percentage inflation adjustment specified in the Budget Act for the current fiscal year multiplied by the statewide average ROC/P revenue limit per unit of average daily attendance for the prior fiscal year.

(b) Calculate a revenue limit per unit of average daily attendance for program growth by increasing the revenue limit per unit of average daily attendance for program growth computed pursuant to this subdivision for the prior fiscal year by the percentage inflation adjustment specified in the Budget Act for the current fiscal year.

(c) Multiply the amount computed pursuant to subdivision (a) by the lesser of the ROC/P's annual units of average daily attendance

for the current fiscal year or the ROC/P's annual units of funded average daily attendance for the prior fiscal year.

(d) Subtract the ROC/P's annual units of funded average daily attendance for the prior fiscal year from the ROC/P's annual units of average daily attendance for the current fiscal year and multiply the difference by the amount computed pursuant to subdivision (b). If the product computed pursuant to this subdivision is negative, it shall be deemed to be zero.

(e) Except as provided in Section 52335.3, the Superintendent of Public Instruction shall apportion to the ROC/P the sum of the amounts computed pursuant to subdivisions (c) and (d).

(f) The average daily attendance used for purposes of this section shall not include the average daily attendance in schools receiving funding pursuant to Section 52324.6.

(g) Any state funds made available as a result of local property tax revenues deducted pursuant to Section 52335.3 shall be allocated to each ROC/P in an equal amount per unit of funded average daily attendance and shall not be included in the calculation of the base revenue limit made pursuant to subdivision (a) for the subsequent fiscal year.

SEC. 2. Section 52335.9 is added to the Education Code, to read:

52335.9. For the 1996–97 fiscal year only, the Superintendent of Public Instruction shall recalculate the base revenue limit for each ROC/P for the purposes of subdivision (a) of Section 52335.2 to reflect the actual amount received by each ROC/P in the 1995–96 fiscal year, including funding received pursuant to the Budget Act of 1996 for the cost-of-living adjustment for the 1996–97 fiscal year and for growth average daily attendance, but excluding the following:

(a) Any state funds made available as a result of local property tax revenues deducted pursuant to Section 52335.3.

(b) Funding allocated pursuant to Provision 7 of Item 6110-105-0001 of Section 2.00 of the Budget Act of 1996.

SEC. 3. Section 52335.10 is added to the Education Code, to read:

52335.10. From funds appropriated pursuant to Provision 7 of Item 6110-105-0001 of Section 2.00 of the Budget Act of 1996, the Superintendent of Public Instruction shall allocate funds to ROC/Ps on a pro rata basis as follows:

(a) Sixty percent of the funds shall be allocated to increase each ROC/P's revenue limit for the 1995–96 fiscal year to the statewide average ROC/P revenue limit for the 1995–96 fiscal year.

(b) Forty percent of the funds shall be allocated to increase the funded average daily attendance for each ROC/P in the 1995–96 fiscal year to the statewide average rate of participation. For the purpose of this subdivision, the statewide average rate of participation shall be calculated pursuant to Section 52335.6.

CHAPTER 931

An act to add and repeal Article 3 (commencing with Section 54035) of Chapter 1 of Part 29 of the Education Code, relating to summer school.

[Approved by Governor September 25, 1996. Filed with Secretary of State September 26, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Article 3 (commencing with Section 54035) is added to Chapter 1 of Part 29 of the Education Code, to read:

Article 3. Back to Basics Summer School Reading Program of 1996

54035. This article shall be known and may be cited as the Back to Basics Summer School Reading Program of 1996.

54036. (a) Notwithstanding any other provision of law, a school district may expend funds received for the purposes of economic impact aid pursuant to Article 2 (commencing with Section 54000), as specified in the annual Budget Act, for the Back to Basics Summer School Reading Program of 1996 if the following requirements are met:

(1) The English reading ability of more than 10 percent of the pupils enrolled in the school district in any of grades 1 to 3, inclusive, is more than one grade level below the grade level the pupil will be leaving at the end of the school year.

(2) The summer school instruction is provided solely to pupils who will be leaving any of grades 1 to 3, inclusive, at the end of the school year.

(3) The summer school instruction is designed solely to increase a pupil's ability to read English.

(4) Each pupil who applies to participate in a Back to Basics Summer School Reading Program is tested before being enrolled in the program and has a test score that places the pupil in reading at one or more grade levels below the grade level the pupil will be leaving at the end of the school year. A school district shall choose a nationally recognized normed standardized reading test for this purpose.

(5) Each pupil enrolled in a Back to Basics Summer School Reading Program, whether or not the pupil completes the program, is tested at the end of the program with the same nationally recognized normed standardized test administered to determine the pupil's progress in learning how to read English. A pupil enrolled in the program who moves out of the district before completing the program is not required to be tested pursuant to this paragraph.

(6) Each pupil enrolled in a Back to Basics Summer School Reading Program shall be offered direct reading instruction based on phonics and phonemic awareness. If a school district determines that the ability of its pupils to read English did not improve solely through the use of instruction based on phonics and phonemic awareness, other state-approved instructional methodologies may be used.

(b) The Superintendent of Public Instruction shall submit an evaluation, based on data provided by participating school districts, of the Back to Basics Summer School Reading Program to the Legislature no later than January 1, 2000. The evaluation shall include, but is not limited to, the following:

(1) The number of pupils who, after completing the program, met the minimum English reading performance standards adopted pursuant to Section 60605.

(2) The number of pupils who, after completing the program, did not meet the minimum English reading performance standards adopted pursuant to Section 60605.

(3) The number of pupils who, after completing the program, exceeded by more than 10 percent the minimum English reading performance standards adopted pursuant to Section 60605.

(4) A recommendation on whether the program should be continued.

(c) Increases in pupils' ability to read English is the sole criterion that shall be used for purposes of determining the success of summer school instruction provided pursuant to this section.

SEC. 2. Article 3 (commencing with Section 54035) of Chapter 1 of Part 29 of the Education Code, as added by Section 1 of this act, shall remain in effect only until January 1, 2001, and as of that date is repealed.

SEC. 3. It is the intent of the Legislature that the enactment of the Back to Basics Summer School Reading Program of 1996 established under Article 3 (commencing with Section 54035) of Chapter 1 of Part 29 of the Education Code shall not require any new General Fund appropriations and that school districts fund the program with existing resources and that the evaluation of the program conducted by the Superintendent of Public Instruction be funded with existing resources available to the State Department of Education.

CHAPTER 932

An act to add Section 846.1 to the Civil Code, relating to real property.

[Approved by Governor September 25, 1996. Filed with Secretary of State September 26, 1996.]

(1) The court has dismissed the civil action upon a demurrer or motion for summary judgment made by the owner or upon its own motion for lack of prosecution.

(2) The action was dismissed by the plaintiff without any payment from the owner.

(3) The owner prevails in the civil action.

Any gift certificate sold after that date shall be redeemable in cash for its cash value, or subject to replacement with a new gift certificate at no cost to the purchaser or holder.

(b) A gift certificate sold without an expiration date is valid continuously except when refunded or replaced with a new gift certificate.

(c) This section shall not apply to gift certificates that are distributed to a consumer for promotional purposes without any money or other thing of value being given in exchange for the gift certificate by the consumer.

SEC. 2. Section 1520.5 is added to the Code of Civil Procedure, to read:

1520.5. Section 1520 shall not apply to gift certificates subject to Title 1.4A (commencing with Section 1749.5) of Part 4 of Division 3 of the Civil Code.

(b) Notwithstanding Sections 925.6, 12410, and 16403, or any other provision of law, the trustees shall maintain payment records for three years and make those records available to the Controller for postaudit review, as needed.

(d) The internal and independent financial statement audits of the trustees shall test compliance with procurement procedures and the integrity of the payments made. The results of these audits shall be included in the biennial report required by Section 13405.

(2) "University" means the California State University.

SEC. 2. Section 12470.1 of the Government Code is repealed.

SEC. 3. The Bureau of State Audits shall evaluate the system of direct payments to vendors authorized by subdivision (a) of Section 12440.1 of the Government Code and shall submit a written report of its findings and recommendations thereon to the Legislature on or before January 1, 2001.

18216. Regulations concerning contracting out shall be subject to the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3).

[Approved by Governor September 25, 1996. Filed with Secretary of State September 26, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 16000 of the Business and Professions Code is amended to read:

16000. (a) The legislative body of an incorporated city may, in the exercise of its police power, and for the purpose of regulation, as herein provided, and not otherwise, license any kind of business not prohibited by law transacted and carried on within the limits of its jurisdiction, including all shows, exhibitions and lawful games, and may fix the rates of the license fee and provide for its collection by suit or otherwise. Any legislative body, including the legislative body of a charter city, that fixes the rate of license fees pursuant to this

subdivision upon a business operating both within and outside the legislative body's taxing jurisdiction, shall levy the license fee so that the measure of the fee fairly reflects that proportion of the activity actually carried on within the taxing jurisdiction.

(b) No license fee levied pursuant to subdivision (a) that is measured by the licensee's income or gross receipts, whether levied by a charter or general law city, shall apply to any nonprofit organization that is exempted from taxes by Chapter 4 (commencing with Section 23701) of Part 11 of Division 2 of the Revenue and Taxation Code or Subchapter F (commencing with Section 501) of Chapter 1 of Subtitle A of the Internal Revenue Code of 1986, or the successor of either, or to any minister, clergyman, Christian Science practitioner, rabbi, or priest of any religious organization that has been granted an exemption from federal income tax by the United States Commissioner of Internal Revenue as an organization described in Section 501(c)(3) of the Internal Revenue Code or a successor to that section.

(c) Before a city, including a charter city, issues a business license to a person to conduct business as a contractor, as defined in Section 7026, the city shall verify that the person is licensed by the Contractors' State License Board.

SEC. 2. Section 16100 of the Business and Professions Code is amended to read:

16100. (a) The board of supervisors may in the exercise of its police powers, and for the purpose of regulation, as herein provided, and not otherwise, license any kind of business not prohibited by law, transacted and carried on within the limits of its jurisdiction, including all shows, exhibitions, and lawful games, and may fix the rate of the license fee and provide for its collection by suit or otherwise.

(b) No license fee levied pursuant to subdivision (a) that is measured by the licensee's income or gross receipts, whether levied by a charter or general law county, shall apply to any nonprofit organization that is exempted from taxes by Chapter 4 (commencing with Section 23701) of Part 11 of Division 2 of the Revenue and Taxation Code or Subchapter F (commencing with Section 501) of Chapter 1 of Subtitle A of the Internal Revenue Code of 1986, or the successor of either, or to any minister, clergyman, Christian Science practitioner, rabbi, or priest of any religious organization that has been granted an exemption from federal income tax by the United States Commissioner of Internal Revenue as an organization described in Section 501(c)(3) of the Internal Revenue Code or a successor to that section.

(c) Before a county issues a business license to a person to conduct business as a contractor, as defined by Section 7026, the county shall

verify that the person is licensed by the Contractors' State License Board.

CHAPTER 937

An act to amend Sections 48915.1 and 48916.1 of, to add Section 48915.01 to, and to repeal and add Section 48661 of, the Education Code, and to amend Section 9 of Chapter 974 of the Statutes of 1995, relating to pupils, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 25, 1996. Filed with Secretary of State September 26, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 48661 of the Education Code is repealed.

SEC. 2. Section 48661 is added to the Education Code, to read:

48661. (a) A community day school serving kindergarten or any of grades 1 to 6, inclusive, shall not be situated on the same site as an elementary, middle, junior high, comprehensive senior high, opportunity, or continuation school, except when the governing board of a school district maintaining kindergarten or any of grades 1 to 6, inclusive, certifies by a two-thirds vote of its membership that no satisfactory alternative facilities are available for a community day school in those grades.

(b) A community day school serving any of grades 7 to 12, inclusive, shall not be situated on the same site as an elementary, middle, junior high, comprehensive senior high, opportunity, or continuation school, except when the governing board of a school district with 2,500 or fewer units of average daily attendance reported for the most recent second principal apportionment and maintaining any of grades 7 to 12, inclusive, certifies by a two-thirds vote of its membership that no satisfactory alternative facilities are available for a community day school in those grades.

(c) A certification made pursuant to subdivision (a) or (b) is valid for not more than one school year and may be renewed by a subsequent two-thirds vote of the governing board.

SEC. 3. Section 48915.01 is added to the Education Code, to read:

48915.01. If the governing board of a school district has established a community day school pursuant to Section 48661 on the same site as a comprehensive middle, junior, or senior high school, or at any elementary school, the governing board does not have to meet the condition in paragraph (2) of subdivision (d) of Section 48915 when the board, pursuant to subdivision (f) of Section 48915, refers a pupil to a program of study and that program of study is at the community day school. All the other conditions of subdivision (d)

of Section 48915 are applicable to the referral as required by subdivision (f) of Section 48915.

SEC. 4. Section 48915.1 of the Education Code is amended to read:

48915.1. (a) If the governing board of a school district receives a request from an individual who has been expelled from another school district for an act other than those described in subdivision (a) or (c) of Section 48915, for enrollment in a school maintained by the school district, the board shall hold a hearing to determine whether that individual poses a continuing danger either to the pupils or employees of the school district. The hearing and notice shall be conducted in accordance with the rules and regulations governing procedures for the expulsion of pupils as described in Section 48918. A school district may request information from another school district regarding a recommendation for expulsion or the expulsion of an applicant for enrollment. The school district receiving the request shall respond to the request with all deliberate speed but shall respond no later than five working days from the date of the receipt of the request.

(b) If a pupil has been expelled from his or her previous school for an act other than those listed in subdivision (a) or (c) of Section 48915, the parent, guardian, or pupil, if the pupil is emancipated or otherwise legally of age, shall, upon enrollment, inform the receiving school district of his or her status with the previous school district. If this information is not provided to the school district and the school district later determines the pupil was expelled from the previous school, the lack of compliance shall be recorded and discussed in the hearing required pursuant to subdivision (a).

(c) The governing board of a school district may make a determination to deny enrollment to an individual who has been expelled from another school district for an act other than those described in subdivision (a) or (c) of Section 48915, for the remainder of the expulsion period after a determination has been made, pursuant to a hearing, that the individual poses a potential danger to either the pupils or employees of the school district.

(d) The governing board of a school district, when making its determination whether to enroll an individual who has been expelled from another school district for these acts, may consider the following options:

(1) Deny enrollment.

(2) Permit enrollment.

(3) Permit conditional enrollment in a regular school program or another educational program.

(e) Notwithstanding any other provision of law, the governing board of a school district, after a determination has been made, pursuant to a hearing, that an individual expelled from another school district for an act other than those described in subdivision (a) or (c) of Section 48915 does not pose a danger to either the pupils or

employees of the school district, shall permit the individual to enroll in a school in the school district during the term of the expulsion, provided that he or she, subsequent to the expulsion, either has established legal residence in the school district, pursuant to Section 48200, or has enrolled in the school pursuant to an interdistrict agreement executed between the affected school districts pursuant to Chapter 5 (commencing with Section 46600).

SEC. 5. Section 48916.1 of the Education Code is amended to read:

48916.1. (a) At the time an expulsion of a pupil is ordered, the governing board of the school district shall ensure that an education program is provided to the pupil who is subject to the expulsion order for the period of the expulsion. Except for pupils expelled pursuant to subdivision (d) of Section 48915, the governing board of a school district is required to implement the provisions of this section only to the extent funds are appropriated for this purpose in the annual Budget Act or other legislation, or both.

(b) Notwithstanding any other provision of law, any educational program provided pursuant to subdivision (a) may be operated by the school district, the county superintendent of schools, or a consortium of districts or in joint agreement with the county superintendent of schools.

(c) Any educational program provided pursuant to subdivision (b) shall not be situated within or on the grounds of the school from which the pupil was expelled.

(d) If the pupil who is subject to the expulsion order was expelled from any of kindergarten or grades 1 to 6, inclusive, the educational program provided pursuant to subdivision (b) shall not be combined or merged with educational programs offered to pupils in any of grades 7 to 12, inclusive. The district or county program is the only program required to be provided to expelled pupils as determined by the governing board of the school district.

(e) (1) Each school district shall maintain data as specified in this subdivision and report the data annually to the State Department of Education, commencing June 1, 1997, on forms provided by the State Department of Education. The school district shall maintain the following data:

(A) The number of pupils recommended for expulsion.

(B) The grounds for each recommended expulsion.

(C) Whether the pupil was subsequently expelled.

(D) Whether the expulsion order was suspended.

(E) The type of referral made after the expulsion.

(F) The disposition of the pupil after the end of the period of expulsion. When a school district does not report outcome data as required by this subdivision, the Superintendent of Public Instruction shall not apportion any further money to the school district pursuant to Section 48664 until the school district is in compliance with the provisions of this subdivision. Before

withholding the apportionment of funds to a school district pursuant to this subdivision, the Superintendent of Public Instruction shall give written notice to the governing board of the school district that the school district has failed to report the data required by paragraph (1) and that the school district has 30 calendar days from the date of the written notice of noncompliance to report the requested data and thereby avoid the withholding of the apportionment of funds.

(f) If the county superintendent of schools is unable for any reason to serve the expelled pupils of a school district within the county, the governing board of that school district may enter into an agreement with a county superintendent of schools in another county to provide education services for the district's expelled pupils.

SEC. 6. Section 9 of Chapter 974 of the Statutes of 1995 is amended to read:

Sec. 9. This act shall not become operative until July 1, 1996.

SEC. 7. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to implement the changes proposed by this act in time to implement the provisions of Chapter 974 of the Statutes of 1995, it is necessary that this act take effect immediately.

CHAPTER 938

An act to amend Sections 89030 and 89500 of, to add Section 66606.2 to, and to add and repeal Section 89030.1 of, the Education Code, to amend Sections 6516.9 and 11000 of the Government Code, and to amend Sections 10505, 10701, and 10705 of, and to add Section 10710 to, the Public Contract Code, relating to postsecondary education.

[Approved by Governor September 25, 1996. Filed with Secretary of State September 26, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Sections 2 to 7, inclusive, and Sections 9 to 11, inclusive, of this act shall be known, and may be cited, as the California State University Management Efficiency Act of 1996.

SEC. 2. Section 66606.2 is added to the Education Code, to read:

66606.2. Recognizing the unique mission and functions of the California State University among the departments, agencies, and boards of the state, it is the intent of the Legislature that both of the following occur:

(a) Before legislation that, by its terms, applies to the state or its agencies, departments, or boards, may apply to the California State University, the legislation should be compatible with the mission and functions of the California State University.

(b) The California State University not be governed by any statute enacted after January 1, 1997, that does not amend a previously applicable act and that applies generally to the state or to state agencies, departments, or boards, unless the statute expressly provides that the California State University is to be governed by that statute.

SEC. 3. Section 89030 of the Education Code is amended to read:

89030. (a) The trustees shall adopt rules and regulations not inconsistent with the laws of this state for the government of all of the following:

(1) The trustees.

(2) The appointees and employees of the trustees.

(3) The California State University.

(b) The adoption of these rules and regulations shall not be subject to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(c) The rules and regulations shall be published for distribution as soon as practicable after adoption.

(d) This section shall be liberally construed in order that the purposes of the Donahoe Higher Education Act pursuant to Part 40 (commencing with Section 66010) of Division 5 may be effectuated.

SEC. 4. Section 89030.1 is added to the Education Code, to read:

89030.1. The trustees shall adopt, amend, or repeal regulations pursuant to this section instead of pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. As used in this section, "regulation" means every rule, regulation, order, or standard of general application or the amendment, supplement, or revision of any rule, regulation, order, or standard adopted by the university to implement, interpret, or make specific the law enforced or administered by it, or to govern its procedure, except one that relates only to the internal management of the university. "Regulation" does not mean or include any form prescribed by the university or any instructions

relating to the use of the form, nor does it mean or include any action listed in subdivision (a) of Section 11343 of the Government Code.

(a) The trustees' office of general counsel shall review the proposed regulations for matters such as necessity, authority, clarity, consistency, reference, and nonduplication and recommend any proposed action to the trustees. For purposes of this section, "necessity," "authority," "clarity," "consistency," "reference," and "nonduplication" shall have the same meaning as defined by Section 11349 of the Government Code.

(b) Notice of the proposed regulations shall be sent at least 45 days prior to the public hearing to those persons who have requested notices of the meetings of the trustees and shall be available to the public in electronic format. The notice shall include the right of the public to comment orally or in writing on the proposed action either prior to or during the public hearing.

(c) At the hearing, the public shall be provided the opportunity to comment on the proposed action.

(d) The trustees shall maintain a rulemaking file containing the public notice, public comments, and minutes of the public hearing, including the action taken by the trustees.

(1) The rulemaking file shall contain a summary of each objection or recommendation made with an explanation of how the proposed action was changed to accommodate each objection or recommendation, or the reason or reasons for making no change.

(2) The proposed regulations shall be accompanied by an estimate, prepared in accordance with instructions adopted by the Department of Finance, of the effect of the proposed regulations with regard to the costs or savings to any state agency, the cost of any state-mandated local program as governed by Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code, any other costs or savings of local agencies, and the costs or savings in federal funding provided to state agencies.

(e) The trustees shall transmit the regulations as finally adopted to the Secretary of State for filing. Each regulation shall be effective upon filing with the Secretary of State and shall be published in the California Code of Regulations.

(f) This section shall become inoperative on January 1, 2002, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2002, deletes or extends that date.

SEC. 5. Section 89500 of the Education Code is amended to read:

89500. (a) (1) Notwithstanding any other provision of law, the trustees shall provide by rule for the government of their appointees and employees, pursuant to this chapter and other applicable provisions of law, including, but not limited to: appointment; classification; terms; duties; pay and overtime pay; uniform and equipment allowances; travel expenses and allowances; rates for housing and lodging; moving expenses; leave of absence; tenure; vacation; holidays; layoff; dismissal; demotion; suspension; sick leave;

reinstatement; and employer's contribution to employees', annuitants', and survivors' health benefits plans.

(2) The rules adopted by the trustees relating to tenure, layoff, dismissal, demotion, suspension, and reinstatement of academic and administrative employees shall be adopted on or before February 1, 1962, and become effective on July 1, 1962, with respect to employees who are academic teaching and administrative employees as defined in subdivision (1)(e) of Section 24301, as it read on June 30, 1961, as enacted by Chapter 2 of the Statutes of 1959.

(b) The adoption of these rules and regulations shall not be subject to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(c) If the provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Chapter 12 (commencing with Section 3560) of Division 4 of Title 1 of the Government Code, the memorandum of understanding shall be controlling without further legislative action, except that if the provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

SEC. 6. Section 6516.9 of the Government Code is amended to read:

6516.9. Notwithstanding any other provision of law, a joint powers agency or entity provided for by a joint powers agreement pursuant to this article, the members of which may conduct agricultural, livestock, industrial, cultural, or other types of fairs and exhibitions, or educational programs and activities, may establish and administer risk pooling arrangements for the payment of liability losses incurred by members of the joint powers agency or entity and by nonprofit corporations conducting or benefiting agricultural, livestock, industrial, cultural, or other types of fairs and exhibitions, or educational programs and activities, and by members of the joint powers agency or entity and by nonprofit corporations or auxiliary organizations operating facilities, programs, or events at public schools, the California Community Colleges, the California State University, or the University of California. For purposes of this section, one or more public agencies and one or more nonprofit corporations or auxiliary organizations operating facilities, programs, or events at public schools, the California Community Colleges, the California State University, or the University of California may enter into a joint powers agreement. The joint powers agency or entity may provide the nonprofit corporations with any services or nonrisk pooling programs provided to the agency's or entity's members. Aggregate payments made under each risk pooling arrangement shall not exceed the amount available in the pool established for that arrangement. The joint powers agency or entity may establish and administer as many separate risk pooling arrangements as it deems desirable. A liability risk pooling arrangement established pursuant

to this section also may provide for the payment of losses incurred by special events users, lessees, and licensees of facilities operated by nonprofit corporations, auxiliary organizations, public schools, the California Community Colleges, the California State University, or the University of California and for the payment of losses incurred by employees, participants and exhibitors in programs sponsored by those entities.

SEC. 7. Section 11000 of the Government Code is amended to read:

11000. (a) As used in this title, "state agency" includes every state office, officer, department, division, bureau, board, and commission. As used in any section of this title that is added or amended effective on or after January 1, 1997, "state agency" does not include the California State University unless the section explicitly provides that it applies to the university.

(b) References to particular state agencies in this title, without further identification, such as to the "Treasurer" or "Department of General Services," are references to the state officer or agency known by that name.

SEC. 8. Section 10505 of the Public Contract Code is amended to read:

10505. (a) The Regents of the University of California may perform projects with university employees if the regents deem that the award of a contract, the acceptance of bids or the acceptance of further bids is not in the best interests of the university, provided that (1) the estimated value of work to be so performed shall not exceed twenty thousand dollars ($20,000), (2) the project is for the erection, construction, alteration, repair, or improvement of experimental or diagnostic equipment, or (3) the work is to be performed at a research facility located in a remote and sparsely populated area and the estimated cost does not exceed fifty thousand dollars ($50,000).

(b) This section does not apply to the painting or repainting of a structure, building, road, or improvement of any kind if the estimated value of the painting or repainting work exceeds ten thousand dollars ($10,000).

SEC. 9. Section 10701 of the Public Contract Code is amended to read:

10701. As used in this chapter:

(a) "Project" includes the erection, construction, alteration, painting, repair, or improvement of any state structure, building, road, or other state improvement of any kind.

(b) "Service contract" means any contract for services in connection with a project other than a project contract, and includes, but is not limited to, contracts for architectural, engineering, planning, testing, general studies, or feasibility services.

(c) "Trustees" means the trustees of the California State University and their designees.

SEC. 10. Section 10705 of the Public Contract Code is amended to read:

10705. (a) Where the nature of the work in the opinion of the trustees is such that the application of all of the provisions of this chapter in connection therewith is not required, the trustees may carry out the project pursuant to this section if the estimated cost does not exceed two hundred fifty thousand dollars ($250,000).

(b) If the estimated total cost of any construction project or work carried out under this section exceeds five thousand dollars ($5,000), the trustees shall solicit bids in writing and shall award the work to the lowest responsible bidder or reject all bids. The trustees may carry out work in excess of five thousand dollars ($5,000) under this section by day labor if the trustees deem that the award of a contract, the acceptance of bids, or the acceptance of further bids is not in the best interests of the state, but the amount of work performed by day labor under this section shall not exceed the sum of twenty thousand dollars ($20,000).

SEC. 11. Section 10710 is added to the Public Contract Code, to read:

10710. (a) Notwithstanding any other provisions of this chapter, the trustees may award annual contracts that do not exceed one million dollars ($1,000,000) for repair or other repetitive work to be done according to unit prices. The contracts shall be awarded to the lowest responsible bidder and shall be based on plans and specifications for typical work. No project shall be performed under such a contract except by order of the trustees. No annual contracts may be awarded for any new construction under these provisions.

(b) (1) For purposes of this section, "unit price" means the amount paid for a single unit of an item of work, and "typical work" means a work description applicable universally or applicable to a large number of individual projects, as distinguished from work specifically described with respect to an individual project.

(2) For purposes of this section, "repair or other repetitive work to be done according to unit prices" shall not include design or contract drawings.

CHAPTER 939

An act to add Section 799 to the Public Utilities Code, relating to public utilities.

[Approved by Governor September 25, 1996. Filed with Secretary of State September 26, 1996.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares as follows:

(a) Certain public utilities and other service suppliers operating in the State of California are required to collect taxes imposed on their customers by local jurisdictions and to remit those taxes to the local jurisdictions.

(b) The decision of the California Supreme Court in Santa Clara County Transportation Authority v. Guardino, 11 Cal. 4th 220, as modified on denial of rehearing 12 Cal. 4th 344e, upholds the legality of Proposition 62.

(c) As a consequence of the Guardino decision there is uncertainty concerning the legality of taxes imposed by certain local jurisdictions on customers of public utilities and other service suppliers.

(d) Public policy will be served by clarifying the duties and responsibilities of public utilities and other service suppliers.

SEC. 2. Section 799 is added to the Public Utilities Code, to read:

799. (a) With respect to all taxes enacted by any local jurisdiction, including any city, county, or city and county, including a chartered city or county, any district, including an agency of the state, formed pursuant to general law or special act, for the local performance of governmental or proprietary functions within limited boundaries, or any public or municipal corporation, and imposed on the customers of public utilities or other service suppliers, which taxes have been collected by the public utilities and other service suppliers and remitted to the local jurisdiction all of the following shall apply:

(1) The public utility or other service supplier shall have no duty to independently investigate or inquire with the local jurisdiction concerning the validity of the tax ordinance.

(2) In connection with any actions or claims relating to or arising from the invalidity of the tax ordinance, in whole or in part, the public utility or other service supplier shall not be liable to any customer as a consequence of collecting the tax.

(3) In the event a local jurisdiction is ordered to refund the tax, it shall be the sole responsibility of the local jurisdiction to refund the tax. Unless a public utility or other service supplier is reimbursed by the local jurisdiction for the actual cost of assisting the local jurisdiction, including, but not limited to, calculating or verifying refunds, distributing refunds, providing data, or providing data processing assistance, the public utility or other service supplier shall not be required to assist the local jurisdiction to refund the tax, including, but not limited to, calculating or verifying refunds, distributing refunds, providing data, or providing data processing assistance.

(4) In any action seeking to enjoin collection of taxes imposed on customers of utilities or other service suppliers and collected by the utilities or other service suppliers, in any action seeking declaratory relief concerning the taxes, in any action seeking a refund of the taxes, or in any action seeking otherwise to invalidate the taxes, the sole necessary party defendant in the action shall be the local jurisdiction on whose behalf the taxes are collected and the public utility or other service supplier collecting the taxes shall not be named as a party in the action.

(5) If a local jurisdiction repeals the tax, reduces an existing tax rate, changes the tax base, or makes any other changes to the tax that would affect the collection and remittance of the tax, the local jurisdiction shall submit, on and after the effective date of the enactment of the change, a written notification and supply all requisite information to the public utility or service supplier, in accordance with the procedures established by the public utility or service supplier. The public utility or other service supplier shall not be required to implement the changes any earlier than 60 days from the date on which the public utility or other service provider receives the written notification and all other information required by the public utility or other service supplier. If the 60th day is not the first day of a month, then the public utility or other service provider shall implement the changes on the first day of the month following the month in which the 60th day occurs.

(6) If a local jurisdiction adopts a new tax, the local jurisdiction shall submit, on and after the effective date of the adoption of the new tax, a written notification to the public utility or other service supplier, in accordance with procedures established by the public utility or other service supplier, requesting that the tax be collected. The public utility or other service supplier shall not be required to begin collecting the tax any earlier than 90 days from the date on which the public utility or other service provider receives written notification and all other information required by the public utility or other service supplier. If the 90th day is not the first day of a month, then the public utility or other service provider shall begin the tax collection on the first day of the month following the month in which the 90th day occurs. Nothing in this section shall be construed to prevent the public utility or other service provider from beginning the tax collection at an earlier date.

(b) The Legislature finds and declares that the limitations imposed by this section constitute an issue of statewide concern. The Legislature further finds and declares that the limitations imposed by this section are not municipal affairs as that term is used in Article XI of the California Constitution. Therefore, it is the intent of the Legislature that the limitations imposed by this section apply to all cities, counties, and cities and counties, including chartered cities and chartered counties, any district, including an agency of the state, formed pursuant to general law or special act, for the local

performance of governmental or proprietary functions within limited boundaries, and any public or municipal corporation.

SEC. 3. The enactment of paragraphs (1), (2), (3), and (4) of subdivision (a) of Section 799 of the Public Utilities Code made by Section 3 of this act does not constitute a change in, but is declaratory of, existing law.

SEC. 4. The provisions of this act are severable. If any provision of this act or its application is held invalid, that invalidity shall not affect other provisions or applications that can be given effect without the invalid provision or application.

SEC. 5. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

No other reimbursement is required by other provisions of this act pursuant to Section 6 of Article XIII B of the California Constitution because the only other costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 940

An act to amend Section 7203.5 of, and to add Section 7282.3 to, the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 25, 1996. Filed with Secretary of State September 26, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 7203.5 of the Revenue and Taxation Code is amended to read:

7203.5. (a) The State Board of Equalization shall not administer and shall terminate its contract to administer any sales or use tax ordinance of a city, county, or city and county, if that city, county, or city and county imposes a sales or use tax in addition to the sales and

use taxes imposed under an ordinance conforming to the provisions of Sections 7202 and 7203.

(b) For purposes of this section, and notwithstanding subdivision (f), a city, county, or city and county shall be deemed to have imposed a sales or use tax in addition to the sales and use taxes imposed under an ordinance conforming to the provisions of Sections 7202 and 7203 to the extent that the city, county, or city and county levies a tax on the privilege of occupying a room or rooms in a hotel, motel, bed and breakfast inn, or similar transient lodging establishment when all of the following conditions are met:

(1) The hotel, motel, bed and breakfast inn, or similar transient lodging establishment provides food products for human consumption and all or some of the food products are provided solely for consumption by its transient guests and the invitees of those guests.

(2) The uniform cost of the food products provided solely for consumption by the establishment's transient guests and the invitees of those guests is included in the price of the transient occupancy accommodation, however denominated, and whether or not separately stated.

(3) The portion of the price of the transient occupancy accommodation allocable to these food products is subject to tax under Part 1 (commencing with Section 6001), and is also subject to tax imposed by the city, county, or city and county on the privilege of occupying a room or rooms in the establishment.

(4) The operator of the establishment provides the city, county, or city and county with a reasonable allocation of the value of the food products subject to tax under Part 1 (commencing with Section 6001) that is separately identified either on the guest's receipt or on the operator's accounting records.

(c) The provisions of subdivision (a) shall apply to any tax described in subdivision (b), whether characterized as a "transient occupancy tax," "bed tax," or otherwise, regardless of whether it is levied pursuant to Section 7280, pursuant to charter or other similar authority of the city, county, or city and county, or otherwise pursuant to law.

(d) (1) For purposes of this section, "hotel," "motel," "bed and breakfast inn," or "similar transient lodging establishment" means an establishment containing guest room accommodations with respect to which the predominant relationship existing between the occupants thereof and the owner or operator of the establishment is that of innkeeper and guest. The existence of other relationships as between some occupants and the owner or operator thereof shall be immaterial.

(2) For purposes of this section, "food products" means food and beverage products of every kind, regardless of how or where served, and shall specifically include, but not be limited to, alcoholic beverages and carbonated beverages of every kind.

(e) In the case of a termination, the board shall give the city, county, or city and county written notice of termination, stating the reasons therefor and the effective date of the termination, which shall be not earlier than the first day of the first calendar quarter commencing at least 30 days after the mailing of the notice to the city, county, or city and county. If the cause for termination is not cured within the time specified in the notice, the board shall not administer the ordinance until the cause for termination is removed and a new contract for the administration of the ordinance executed. The contract shall be operative not earlier than the first day of the first calendar quarter commencing after its execution. During the period of time that the board is not administering the sales and use tax ordinance of a city, county, or city and county, no ordinance of that city, county, or city and county shall be considered to be an ordinance enacted in accordance with this part.

(f) Except as provided in subdivision (b), nothing in this section shall be construed as prohibiting the levy or collection by a city, county, or city and county of any other substantially different tax authorized by the California Constitution or by statute or by the charter of any chartered city.

SEC. 2. Section 7282.3 is added to the Revenue and Taxation Code, to read:

7282.3. (a) Notwithstanding any other provision of law, no city, county, or city and county may levy a tax under Section 7280 on any amount subject to tax under the Sales and Use Tax Law (Part 1 (commencing with Section 6001)) with respect to the sale of food products.

(b) This section shall also apply to charter cities.

(c) For purposes of this section, "food products" means food and beverage products of every kind, regardless of how or where served, and shall specifically include, but not be limited to, alcoholic beverages and carbonated beverages of every kind.

SEC. 3. The Legislature finds and declares that taxpayers should not be subjected to both a sales and use tax and a transient occupancy tax on the same portion of a transaction. The Legislature further finds and declares that the right not to have portions of transactions that are subject to the sales and use tax also be subject to the transient occupancy tax is an issue of statewide concern, affecting all taxpayers, and is not a municipal affair. In enacting this act, it is the intent of the Legislature to establish clear and uniform standards for the imposition of transient occupancy taxes on food products.

SEC. 4. The amendments made to Section 7203.5 of the Revenue and Taxation Code by Section 1 of this act shall become operative only if the provisions of Section 7282.3 of the Revenue and Taxation Code, as added by Section 2 of this act, are held to be inapplicable to charter cities.

CHAPTER 941

An act to add Section 926.19 to the Government Code, relating to claims against the state.

[Approved by Governor September 25, 1996. Filed with Secretary of State September 26, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 926.19 is added to the Government Code, to read:

926.19. (a) Unless otherwise provided for by statute, any state agency that fails to pay a person any undisputed payment or refund due to that person shall be liable for interest on the undisputed amount pursuant to this section. The interest shall be paid out of the agency's funds and shall accrue at a rate equal to the interest accrued in the Pooled Money Investment Account minus 1 percent over the term that the payment or refund was held by the agency, beginning on the 31st day after the agency provides notice to the person that a payment or refund is owed to that person or after the agency receives notice from the person that an undisputed payment or refund is due. The interest shall cease to accrue on the date full payment or refund is made.

(b) If the state agency's failure to make payment as required by this section is the result of a dispute between the state agency and the person to whom money is owed, interest shall begin to accrue on the 31st day after the dispute has been settled by mutual agreement, arbitration, or court decision. A state agency may dispute a payment or refund if the state agency so notifies the person within 15 days after the state agency receives notice from the person that the payment or refund is due.

(c) If the state agency is not authorized to make a payment or refund to a person pursuant to this section, that state agency shall submit the claim to the Controller's office within 15 days of receiving a claim, or shall be liable for an interest penalty beginning on the 16th day, which shall be paid out of the state agency's funds and shall continue to accrue until the claim is received by the Controller's office. After the claim is forwarded to the Controller's office, an interest penalty fee shall begin to accrue on the 16th day after receipt by the Controller's office, and shall be paid out of the Controller's funds. In any event, the interest penalty shall cease to accrue on the date full payment is made to the person.

(d) (1) In the event that a payment or refund is the joint responsibility of more than one state agency, not including the Controller's office, and neither agency is authorized to make a payment or refund, each agency shall forward the claim to the Controller's office within 15 days of receipt. Interest shall begin to

accrue on the 16th day, pursuant to subdivision (c). Any accrued interest shall be the responsibility of the state agency that delays the transmittal of the claim to the Controller.

(2) If either of the responsible agencies is authorized to make a payment or refund directly to the person, each agency shall have 15 days to transmit the claim to the other agency or pay the person. Interest shall begin to accrue on the 16th day, and shall be the responsibility of the agency delaying the payment process.

(e) When a state agency is required by this section to pay penalties that accumulate in excess of one thousand dollars ($1,000) in one fiscal year, the head of the state agency shall submit to the Legislature, within 60 days following the end of the fiscal year, a written report on the actions taken to correct the problem, including recommendations on actions to avoid a recurrence of the problem and recommendations as to statutory changes, if needed.

(f) A court shall award court costs and reasonable attorney fees to the plaintiff in an action brought pursuant to this section where it is found that the state agency has violated this section. The costs and fees shall be paid by the state agency at fault and shall not become a personal economic liability of any public officer or employee thereof. In the case of disputed payments or refunds, nothing in this section shall be construed as precluding a court from awarding a prevailing party the interest accrued while the dispute was pending.

(g) No state agency shall seek additional appropriations to pay interest that accrues as a result of this section.

(h) No person shall receive an interest payment pursuant to this section if it is determined that the person has intentionally overpaid on a liability solely for the purpose of receiving interest.

(i) No interest shall accrue during any time period for which there is no Budget Act in effect, nor on any payment or refund that is the result of a federally mandated program or that is directly dependent upon the receipt of federal funds by a state agency.

(j) This section shall not apply to any of the following:

(1) Payments, refunds, or credits for income tax purposes.

(2) Payment of claims for reimbursement for health care services or mental health services provided under the Medi-Cal program, pursuant to Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code.

(3) Any payment made pursuant to a public social service or public health program to a recipient of benefits under that program.

(4) Payments made on claims by the State Board of Control.

(5) Payments made by the Commission on State Mandates.

(6) Payments made by the Department of Personnel Administration pursuant to Section 19823.

CHAPTER 942

An act to amend Sections 26820.6 and 72055 of the Government Code, relating to dispute resolution.

[Approved by Governor September 25, 1996. Filed with Secretary of State September 26, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 26820.6 of the Government Code is amended to read:

26820.6. The term "total fee" as used in Sections 26820.4, 26826, and 26827, includes the amount allocated to the Judges' Retirement Fund pursuant to Section 26822.3, the vital statistic fee imposed pursuant to Section 26859, the fee for the automation and conversion of court records imposed pursuant to Section 26863 any construction fee imposed pursuant to Section 76238, and the law library fee established pursuant to Article 2 (commencing with Section 6320) of Chapter 5 of Division 3 of the Business and Professions Code. The term "total fee" as used in Sections 26820.4, 26826, and 26827, also includes any dispute resolution fee imposed pursuant to Section 470.3 of the Business and Professions Code, but the board of supervisors of each county may exclude any portion of this dispute resolution fee from the term "total fee."

SEC. 2. Section 72055 of the Government Code is amended to read:

72055. The total fee for filing of the first paper in a civil action or proceeding in the municipal court, shall be eighty dollars ($80).

This section applies to the initial complaint, petition, or application, and any papers transmitted from another court on the transfer of a civil action or proceeding, but does not include documents filed pursuant to Section 491.150, 704.750, or 708.160 of the Code of Civil Procedure.

The term "total fee" as used in this section and Section 72056 includes any amount allocated to the Judges' Retirement Fund pursuant to Section 72056.1, any automation fee imposed pursuant to Section 68090.7, any construction fee imposed pursuant to Section 76238, and the law library fee established pursuant to Article 2 (commencing with Section 6320) of Chapter 5 of Division 3 of the Business and Professions Code. The term "total fee" as used in Section 72056 includes any dispute resolution fee imposed pursuant to Section 470.3 of the Business and Professions Code. The term "total fee" as used in this section also includes any dispute resolution fee imposed pursuant to Section 470.3 of the Business and Professions Code, but the board of supervisors of each county may exclude any portion of this dispute resolution fee from the term "total fee."

The fee shall be waived in any action for damages against a defendant, based upon the defendant's commission of a felony offense, upon presentation to the clerk of the court of a certified copy of the abstract of judgment of conviction of the defendant of the felony giving rise to the claim for damages. If the plaintiff would have been entitled to recover those fees from the defendant had they been paid, the court may assess the amount of the waived fees against the defendant and order the defendant to pay that sum to the county.

SEC. 3. Section 72055 of the Government Code is amended to read:

72055. The total fee for filing of the first paper in a civil action or proceeding in the municipal court, shall be ninety dollars ($90) except that in cases where the amount demanded, excluding attorneys' fees and costs, is ten thousand dollars ($10,000) or less, the fee shall be eighty-three dollars ($83).

This section applies to the initial complaint, petition, or application, and any papers transmitted from another court on the transfer of a civil action or proceeding, but does not include documents filed pursuant to Section 491.150, 704.750, or 708.160 of the Code of Civil Procedure.

The term "total fee" as used in this section and Section 72056 includes any amount allocated to the Judges' Retirement Fund pursuant to Section 72056.1, any automation fee imposed pursuant to Section 68090.7, any construction fee imposed pursuant to Section 76238, and the law library fee established pursuant to Article 2 (commencing with Section 6320) of Chapter 5 of Division 3 of the Business and Professions Code.

The term "total fee" as used in Section 72056 includes any dispute resolution fee imposed pursuant to Section 470.3 of the Business and Professions Code. The term "total fee" as used in this section also includes any dispute resolution fee imposed pursuant to Section 470.3 of the Business and Professions Code, but the board of supervisors of each county may exclude any portion of this dispute resolution fee from the term "total fee."

SEC. 4. It is the intent of the Legislature to support the Dispute Resolution Program Act (DRPA), which enables individuals to resolve conflicts outside of the courtroom and thereby alleviate court congestion. It is further the intent of the Legislature that, in counties that elect to be subject to the provisions of this act, the following procedures shall be implemented:

(1) Parties shall be notified of the availability of the programs funded pursuant to the DRPA in a manner that is determined by the Judicial Council. In no event, shall any new duties be imposed upon attorneys, including, but not limited to, a requirement that attorneys notify clients or others of the existence of DRPA programs.

(2) Consideration of a waiver, if necessary, from applicable provisions of the Trial Court Delay Reduction Act for up to 90 days

shall be available in cases where both parties agree to participate in a program funded pursuant to the DRPA to resolve their conflict.

SEC. 5. Section 3 of this bill incorporates amendments to Section 72055 of the Government Code proposed by this bill and AB 2553. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1997, (2) each bill amends Section 72055 of the Government Code, and (3) this bill is enacted after AB 2553, in which case Section 72055 of the Government Code, as amended by AB 2553, shall remain operative only until the operative date of this bill, at which time Section 3 of this bill shall become operative, and Section 2 of this bill shall not become operative.

CHAPTER 943

An act to add Article 9 (commencing with Section 87860) to Chapter 3 of Part 51 of the Education Code, relating to community colleges, and making an appropriation therefor.

[Approved by Governor September 25, 1996. Filed with Secretary of State September 26, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Article 9 (commencing with Section 87860) is added to Chapter 3 of Part 51 of the Education Code, to read:

Article 9. Part-Time Community College Faculty Health Insurance Program

87860. It is the intent of the Legislature that part-time community college faculty and their eligible dependents have continuous access to health insurance benefits.

87860.5. There is hereby established the Part-Time Community College Faculty Health Insurance Program for the purpose of providing a state incentive program to encourage community college districts to offer health insurance for part-time faculty.

87861. For the purposes of this article:

(a) "Health insurance benefits" include medical benefits, but do not include vision or dental benefits.

(b) "Part-time faculty" refers to any faculty member whose teaching assignment in two or more community college districts equals or exceeds the cumulative equivalent of a minimum full-time teaching assignment.

87862. The governing board of a community college district may provide a program of health insurance for part-time faculty and their dependents.

87863. A part-time faculty member and his or her eligible dependents are eligible to participate in the program established pursuant to this article no earlier than the commencement of the faculty member's third consecutive semester of teaching or fourth consecutive quarter of teaching where the quarter system is used. A summer session or any other interim session does not constitute a semester or quarter for purposes of this article.

87864. No part-time faculty member or dependents whose premiums for health insurance are paid by an employer other than a community college district is eligible to participate in the program established pursuant to this article.

87865. If a part-time faculty member is employed by more than one community college district, and both or all of the community college districts for whom he or she works offers health insurance pursuant to this article, the employee shall select only one district to provide health insurance coverage.

87866. The governing board of each community college district that establishes a program pursuant to this article shall do both of the following:

(a) Negotiate with the exclusive representative as to the payment of the portion of the health insurance premium that is not funded by the state.

(b) By June 1 of each year, send verification to the Chancellor of the California Community Colleges as to the number of participants in the program.

87867. By June 15 of each year, the Chancellor of the California Community Colleges shall apportion to each community college district that establishes a program pursuant to this article an amount that equals up to one-half of the total cost of the individual enrollment premiums required to be paid for the health insurance coverage of participating part-time faculty and their dependents in the district. The chancellor shall distribute funds that have been appropriated specifically for this purpose proportionally based on each district's total costs for premiums for those districts that submit verification of the costs of premiums for eligible employees for a fiscal year, but in no event shall the allocation to any district exceed one-half of the cost of the verified premiums. If funds appropriated for this purpose exceed one-half of the verified cost of premiums for all participating districts statewide, the balance that exceeds that amount shall revert to the General Fund annually.

87868. It is the intent of the Legislature that ongoing funding for the purposes of this article be subject to annual Budget Act appropriations.

SEC. 2. (a) The sum of five hundred thousand dollars ($500,000) is hereby appropriated from the General Fund to the Chancellor of the California Community Colleges in augmentation of Item 6870-101-0001 of the Budget Act of 1996 for purposes of the Part-Time Community College Faculty Health Insurance Program established

pursuant to Article 9 (commencing with Section 87860) of Chapter 3 of Part 51 of the Education Code.

(b) For the purposes of making the computations required by Section 8 of Article XVI of the California Constitution, the amount appropriated in subdivision (a) shall be deemed to be "General Fund Revenues appropriated for community college districts" for the 1996–97 fiscal year, and included within the "total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B" for the 1996–97 fiscal year, as those phrases are defined in subdivision (c) of Section 41202 of the Education Code.

87869. This article shall become operative on January 1, 1997.

CHAPTER 944

An act to amend Sections 56366, 56366.1, 56740, and 56775 of the Education Code, relating to special education.

[Approved by Governor September 25, 1996. Filed with Secretary of State September 26, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 56366 of the Education Code is amended to read:

56366. It is the intent of the Legislature that the role of the nonpublic, nonsectarian school or agency shall be maintained and continued as an alternative special education service available to districts, special education local plan areas, county offices, and parents.

(a) The master contract for nonpublic, nonsectarian school or agency services shall be developed in accordance with the following provisions:

(1) The master contract shall specify the general administrative and financial agreements between the nonpublic, nonsectarian school or agency and the district, special education local plan area, or county office to provide the special education and designated instruction and services, as well as transportation specified in the pupil's individualized education program. The administrative provisions of the contract also shall include procedures for recordkeeping and documentation, and the maintenance of school records by the contracting district, special education local plan area, or county office to ensure that appropriate high school graduation credit is received by the pupil. The contract may allow for partial or full-time attendance at the nonpublic, nonsectarian school.

(2) The master contract shall include an individual services agreement for each pupil placed by a district, special education local

plan area, or county office that will be negotiated for the length of time for which nonpublic, nonsectarian school or agency special education and designated instruction and services are specified in the pupil's individualized education program.

Changes in educational instruction, services, or placement provided under contract may only be made on the basis of revisions to the pupil's individualized education program.

At any time during the term of the contract or individual services agreement, the parent; nonpublic, nonsectarian school or agency; or district, special education local plan area, or county office may request a review of the pupil's individualized education program by the individualized education program team. Changes in the administrative or financial agreements of the master contract that do not alter the individual services agreement that outlines each pupil's educational instruction, services, or placement may be made at any time during the term of the contract as mutually agreed by the nonpublic, nonsectarian school or agency and the district, special education local plan area, or county office.

(3) The master contract or individual services agreement may be terminated for cause. The cause shall not be the availability of a public class initiated during the period of the contract unless the parent agrees to the transfer of the pupil to a public school program. To terminate the contract either party shall give 20 days' notice.

(4) The nonpublic, nonsectarian school or agency shall provide all services specified in the individualized education program, unless the nonpublic, nonsectarian school or agency and the district, special education local plan area, or county office agree otherwise in the contract or individualized services agreement.

(5) Related services provided pursuant to a nonpublic, nonsectarian agency master contract shall only be provided during the period of the child's regular or extended school year program, or both, unless otherwise specified by the pupil's individualized education program.

(6) The nonpublic, nonsectarian school or agency shall report attendance of pupils receiving special education and designated instruction and services as defined by Section 46307 for purposes of submitting a warrant for tuition to each contracting district, special education local plan area, or county office.

(b) The master contract or individual services agreement shall not include special education transportation provided through the use of services or equipment owned, leased, or contracted by a district, special education local plan area, or county office for pupils enrolled in the nonpublic, nonsectarian school or agency unless provided directly or subcontracted by that nonpublic, nonsectarian school or agency.

The superintendent shall withhold 20 percent of the amount apportioned to a school district or county office for costs related to the provision of nonpublic, nonsectarian school or agency

placements if the superintendent finds that the local education agency is in noncompliance with this subdivision. This amount shall be withheld from the apportionments in the fiscal year following the superintendent's finding of noncompliance. The superintendent shall take other appropriate actions to prevent noncompliant practices from occurring and report to the Legislature on those actions.

(c) (1) If the pupil is enrolled in the nonpublic, nonsectarian school or agency with the approval of the district, special education local plan area, or county office prior to agreement to a contract or individual services agreement, the district, special education local plan area, or county office shall issue a warrant, upon submission of an attendance report and claim, for an amount equal to the number of creditable days of attendance at the per diem tuition rate agreed upon prior to the enrollment of the pupil. This provision shall be allowed for 90 days during which time the contract shall be consummated.

(2) If after 60 days the master contract or individual services agreement has not been finalized as prescribed in paragraph (1) of subdivision (a), either party may appeal to the county superintendent of schools, if the county superintendent is not participating in the local plan involved in the nonpublic, nonsectarian school or agency contract, or the superintendent, if the county superintendent is participating in the local plan involved in the contract, to negotiate the contract. Within 30 days of receipt of this appeal, the county superintendent or the superintendent, or his or her designee, shall mediate the formulation of a contract which shall be binding upon both parties.

(d) No master contract for special education and related services provided by a nonpublic, nonsectarian school or agency shall be authorized under this part unless the school or agency has been certified as meeting those standards relating to the required special education and specified related services and facilities for individuals with exceptional needs. The certification shall result in the school's or agency's receiving approval to educate pupils under this part for a period no longer than four years from the date of the approval.

(e) By September 30, 1998, the procedures, methods, and regulations for the purposes of contracting for nonpublic, nonsectarian school and agency services pursuant to this section and for reimbursement pursuant to Sections 56740 and 56775 shall be developed by the superintendent in consultation with statewide organizations representing providers of special education and designated instruction and services. The regulations shall be established by rules and regulations issued by the board.

SEC. 2. Section 56366.1 of the Education Code is amended to read:

56366.1. (a) A nonpublic, nonsectarian school or agency that seeks certification shall file an application with the superintendent

on forms provided by the department and include the following information on the application:

(1) A description of the special education and designated instruction and services provided to individuals with exceptional needs if the application is for nonpublic, nonsectarian school certification.

(2) A description of the designated instruction and services provided to individuals with exceptional needs if the application is for nonpublic, nonsectarian agency certification.

(3) A list of appropriately qualified staff, a description of the credential, license, or registration that qualifies each staff member to render special education or designated instruction and services, and copies of their credentials, licenses, or certificates of registration with the appropriate state or national organization that has established standards for the service rendered.

(4) An annual operating budget.

(5) Affidavits and assurances necessary to comply with all applicable federal, state, and local laws and regulations which include criminal record summaries required of all nonpublic school or agency personnel having contact with minor children under Section 44237.

(b) Unless the board grants a waiver pursuant to Section 56101, a nonpublic, nonsectarian school or agency shall file an application for certification between January 1 and June 30.

(c) If the applicant operates a facility or program on more than one site, each site shall be certified.

(d) If the applicant is part of a larger program or facility on the same site, the superintendent shall consider the effect of the total program on the applicant. A copy of the policies and standards for the nonpublic, nonsectarian school or agency and the larger program shall be available to the superintendent.

(e) Prior to certification, the superintendent shall conduct an onsite review of the facility and program for which the applicant seeks certification. The superintendent may be assisted by representatives of the special education local plan area in which the applicant is located and a nonpublic, nonsectarian school or agency representative who does not have a conflict of interest with the applicant. The superintendent shall conduct an additional onsite review of the facility and program within four years of the certification effective date, unless the superintendent conditionally certifies the school or agency or unless the superintendent receives a formal complaint against the school or agency. In the latter two cases, the superintendent shall conduct an onsite review at least annually.

(f) The superintendent shall make a determination on an application within 120 days of receipt of the application and shall certify, conditionally certify, or deny certification to the applicant. If the superintendent fails to take one of these actions within 120 days, the applicant is automatically granted conditional certification for a

period terminating on August 31, of the current school year. If certification is denied, the superintendent shall provide reasons for the denial. The superintendent may certify the school or agency for a period of not longer than four years.

(g) Certification becomes effective on the date the nonpublic, nonsectarian school or agency meets all the application requirements and is approved by the superintendent. Certification may be retroactive if the school or agency met all the requirements of this section on the date the retroactive certification is effective. Certification expires on December 31 of the terminating year.

(h) The superintendent shall annually review the certification of each nonpublic, nonsectarian school and agency. For this purpose, a certified school or agency shall annually update its application between August 1 and October 31, unless the board grants a waiver pursuant to Section 56101. The superintendent may conduct an onsite review as part of the annual review.

(i) The superintendent may monitor a nonpublic, nonsectarian school or agency onsite at any time without prior notice when there is substantial reason to believe that there is an immediate danger to the health, safety, or welfare of a child. The superintendent shall document the concern and submit it to the nonpublic, nonsectarian school or agency at the time of the onsite monitoring. The superintendent shall require a written response to any noncompliance or deficiency found.

(j) (1) Notwithstanding any other provision of law, the superintendent may not certify a nonpublic, nonsectarian school or agency that proposes to initiate or expand services to pupils currently educated in the immediate prior fiscal year in a juvenile court program, community school pursuant to Section 56150, or other nonspecial education program, including independent study or adult school, or both, unless the nonpublic, nonsectarian school or agency notifies the county superintendent of schools and the special education local plan area in which the proposed new or expanded nonpublic, nonsectarian school or agency is located of its intent to seek certification.

(2) The notification shall occur no later than the December 1 prior to the new fiscal year in which the proposed or expanding school or agency intends to initiate services. The notice shall include the following:

(A) The specific date upon which the proposed nonpublic, nonsectarian school or agency is to be established.

(B) The location of the proposed program or facility.

(C) The number of pupils proposed for services, the number of pupils currently served in the juvenile court, community school, or other nonspecial education program, the current school services including special education and related services provided for these pupils, and the specific program of special education and related services to be provided under the proposed program.

(D) The reason for the proposed change in services.

(E) The number of staff that will provide special education and designated instruction and services and hold a current valid California credential or license in the service rendered or certificate of registration to provide occupational therapy.

(3) In addition to the requirements in subdivisions (a) through (e), inclusive, the superintendent shall require and consider the following in determining whether to certify a nonpublic, nonsectarian school or agency as described in this subdivision:

(A) A complete statement of the information required as part of the notice under paragraph (1).

(B) Documentation of the steps taken in preparation for the conversion to a nonpublic, nonsectarian school or agency, including information related to changes in the population to be served and the services to be provided pursuant to each pupil's individualized education program.

(4) Unless the board grants a waiver pursuant to Section 56101, a new or expanded nonpublic, nonsectarian school or agency shall file an application for certification between January 1 and June 30 of each year prior to the fiscal year. Before certifying the school or agency, the superintendent shall determine that certification of the new or expanding school or agency program is necessary for the provision of a free appropriate special education program to the affected pupils in the least restrictive environment.

(5) Notwithstanding any other provision of law, the certification becomes effective no earlier than July 1, if the school or agency provided the notification required pursuant to paragraph (1).

(k) The school or agency shall be charged a reasonable fee for certification. The superintendent may adjust the fee annually commensurate with the statewide average percentage inflation adjustment computed for revenue limits of unified school districts with greater than 1,500 units of average daily attendance if the percentage increase is reflected in the district revenue limit for inflation purposes. For purposes of this section, the base fee shall be the following:

(1)	1– 5 pupils	$ 150
(2)	6–10 pupils	250
(3)	11–24 pupils	500
(4)	25–75 pupils	750
(5)	76 pupils and over	1,000

The school or agency shall pay this fee when it applies for certification and when it updates its application for annual review by the superintendent. The superintendent shall use these fees to conduct onsite reviews, which may include field experts. No fee shall

be refunded if the application is withdrawn or is denied by the superintendent.

Only those nonpublic, nonsectarian schools or agencies located outside of California that employ staff who hold a current valid credential or license to render special education and related services as required by that state shall be eligible to be certified.

(3) A nonpublic, nonsectarian school or agency that employs only persons who hold a valid California credential authorizing substitute teaching pursuant to Section 56060 shall not be certified. At least one full-time person with a current valid California credential, license, or certificate of registration in the area of service to be rendered, or a current valid credential, license, or certificate of registration for appropriate special education and related services rendered that is required in another state, shall be required for purposes of certification under subdivision (d) of Section 56366.

(4) A nonpublic, nonsectarian school or agency that employs persons holding a valid emergency credential shall document efforts of recruiting appropriately credentialed, licensed, or registered personnel for the special education and related services rendered as a condition of renewing certification.

(5) Not later than August 1, 1997, the State Board of Education shall issue emergency regulations to implement the subdivision. The emergency regulations shall be developed by the Superintendent of Public Instruction, in collaboration with the Commission on Teacher Credentialing and other public agencies responsible for issuing licenses or certificates of registration to individuals providing designated instruction and services to individuals with exceptional needs. (D) Requirements for the certification of nonpublic, nonsectarian schools and agencies to provide individual and group designated instruction and services to individuals with exceptional needs.

(6) For purposes of the Administrative Procedure Act, the Legislature declares that the regulations issued pursuant to paragraph (5) shall be deemed to be in response to an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare by ensuring that all personnel providing special education and designated instruction and services to individuals with exceptional needs are appropriately qualified to provide the services specified by a pupil's individualized education program.

(m) The superintendent shall establish guidelines for the implementation of subdivision (a) in consultation with statewide organizations representing providers of special education and designated instruction and services. The State Board of Education shall approve the standards not later than August 1, 1997.

in grades kindergarten through 12 are exempt from subdivisions (d), (e), and (f) of Section 24214, if all of the following conditions are met:

(1) The employment is necessary to meet the objectives of the Class Size Reduction Program set forth in Chapter 6.10 (commencing with Section 52120) of Part 28.

(2) All members retired for service whose employment with a school district meets the conditions specified in this section are treated as a distinct class of temporary employees within the existing bargaining unit. The rate of pay for service performed by this class of employees shall be the rate established in accordance with subdivision (b) of Section 24214 and agreed to in the collective bargaining agreement between the employer and the exclusive representative for employees of the school district.

(3) The school district submits documentation required by the system to substantiate the eligibility of the employment of a member retired for service for the exemption under this subdivision.

(b) A school district that employs a member retired for service pursuant to this section shall maintain accurate records of the retired member's earnings and shall report those earnings monthly to the system regardless of the method of payment or the source of funds from which the earnings are paid.

(c) A member who retired for service with an effective date on or before July 1, 1996, and who, between July 1, 1996, and 60 days following the effective date of this section, terminated his or her service retirement allowance and returned to employment that qualifies for the exemption specified in subdivision (a) shall have the right to cancel his or her reinstatement and return to status as a member retired for service as if the service retirement allowance had not been terminated.

(d) This section shall not apply to the earnings paid to a member retired for service for service performed for a county office of education or a community college district.

(e) This section shall become operative on July 1, 1996, and shall remain in effect only until July 1, 1999, and as of that date is repealed unless a later enacted statute which is enacted before July 1, 1999, deletes or extends that date.

SEC. 2. Section 44830 of the Education Code is amended to read:

44830. (a) The governing board of a school district shall employ for positions requiring certification qualifications, only persons who possess the qualifications therefor prescribed by law. It is contrary to the public policy of this state for any person or persons charged, by the governing boards, with the responsibility of recommending persons for employment by the boards to refuse or to fail to do so for reasons of race, color, religious creed, sex, or national origin of the applicants for that employment.

(b) Commencing on February 1, 1983, no school district governing board shall initially hire on a permanent, temporary, or substitute basis a certificated person seeking employment in the

capacity designated in his or her credential unless that person has demonstrated basic skills proficiency as provided in Section 44252.5 or unless the person is exempted from the requirement by subdivisions (c), (d), (e), (f), (g), (h), (i), (j), (k), (*l*), (m), and (n).

(1) The governing board of a school district, with the authorization of the Commission on Teacher Credentialing, may administer the basic skills proficiency test required under Sections 44252 and 44252.5.

(2) The superintendent, in conjunction with the commission and local governing boards, shall take steps necessary to ensure the effective implementation of this subdivision.

It is the intent of the Legislature that in effectively implementing the provisions of this subdivision, school district governing boards shall direct superintendents of schools to prepare for emergencies by developing a pool of qualified emergency substitute teachers. This preparation shall include public notice of the test requirements and of the dates and locations of administrations of the tests. District governing boards shall make special efforts to encourage individuals who are known to be qualified in other respects as substitutes to take the state basic skills proficiency test at its earliest administration.

(3) Demonstration of proficiency in reading, writing, and mathematics by any person pursuant to Section 44252 shall satisfy the requirements of this subdivision.

(c) (1) A certificated person shall not be required to take the state basic skills proficiency test if he or she has been employed in a position requiring certification in any school district within 39 months prior to employment with the district. A person holding a valid California credential who has not been employed in a position requiring certification in any school district within 39 months prior to employment and who has not taken the state basic skills proficiency test, but who has passed a basic skills proficiency examination which has been developed and administered by the school district offering that person employment, may be employed by the governing board of that school district on a temporary basis on the condition that he or she will take the state basic skills proficiency test within one year of the date of his or her employment.

(2) A certificated person who is employed for purposes of the class size reduction program set forth in Chapter 6.10 (commencing with Section 52120) of Part 28 shall not be required to take the state basic skills proficiency test if he or she has been employed in a position requiring certification in any school district within 39 months prior to employment with the district. A person holding a valid California credential who has not been employed in a position requiring certification in any school district within 39 months prior to employment for purposes of the class size reduction program and who has not taken the state basic skills proficiency test may be employed by the governing board of that school district on a temporary basis on the condition that he or she will take the state

basic skills proficiency test within one calendar year of the date of his or her employment.

(d) Nothing in this section shall require a person employed solely for purposes of teaching adults in an apprenticeship program, approved by the Apprenticeship Standards Division of the Department of Industrial Relations, to pass the state proficiency assessment instrument as a condition of employment.

(e) Nothing in this section shall require the holder of a child care permit or a permit authorizing service in a development center for the handicapped to take the state basic skills proficiency test, so long as the holder of the permit is not required to have a baccalaureate degree.

(f) Nothing in this section shall require the holder of a credential issued by the commission who seeks an additional credential or authorization to teach, to take the state basic skills proficiency test.

(g) Nothing in this section shall require the holder of a credential to provide service in the health profession to take the state basic skills proficiency test, so long as that person does not teach in the public schools.

(h) If the basic skills proficiency test is not administered at the time of hiring, the holder of a vocational designated subject credential who has not already taken and passed the basic skills proficiency test may be hired on the condition that he or she will take the test at its next local administration.

(i) If the holder of a vocational designated subject credential does not pass a proficiency assessment in basic skills pursuant to this section, he or she shall be given one year in which to retake and pass the proficiency assessment in basic skills. If at the expiration of the one-year period he or she has not passed the proficiency assessment in basic skills, he or she shall be subject to dismissal under procedures established in Article 3 (commencing with Section 44930) of Chapter 4.

(j) Nothing in this section shall be construed as requiring the holder of a vocational designated subject credential to pass the state basic skills proficiency test as a condition of employment. The governing board of each school district, or each governing board of a consortium of school districts, or each governing board involved in a joint powers agreement, which employs the holder of a vocational designated subject credential shall establish its own basic skills proficiency for these credentials and shall arrange for those individuals to be assessed. The basic skills proficiency criteria established by the governing board shall be at least equivalent to the test required by the district, or in the case of a consortium or a joint powers agreement, by any of the participating districts, for graduation from high school. The governing board or boards may charge a fee to individuals being tested to cover the costs of the test, including the costs of developing, administering, and grading the test.

(k) Nothing in this section shall be construed as requiring the holder of an adult education designated subject credential for other than academic subjects, who is employed in an instructional setting for 20 hours or less per week, to pass the state proficiency assessment as a condition of employment.

(*l*) Nothing in this section shall be construed to require certificated personnel employed under a foreign exchange program to take the state basic skills proficiency test. The maximum period of exemption under this subdivision shall be one year.

(m) A school district may hire a teacher credentialed in another state who has not taken the state basic skills test if, at a public meeting, the school district governing board certifies that no person who meets the credentialing requirements and who has satisfied the basic skills requirement specified in Section 44261.5 is available to fill a position deemed necessary to the normal operation of the school curriculum. The board shall include in the certification a statement of the need to fill the position and the reasons for the need, proof of its attempts to recruit qualified teachers in California, and a statement attesting to the failure of those attempts. Such certification shall be submitted to the commission with the name of the teacher the board intends to employ pursuant to this section. The commission shall issue an emergency credential pursuant to paragraph 3 of subdivision (b) of Section 44252, upon receipt of this documentation.

(n) Notwithstanding any other provision of law, a school district may hire a certificated teacher who has not taken the state basic skills proficiency test if that person has not yet been afforded the opportunity to take the test. The person shall then take the test at the earliest opportunity and may remain employed by the district pending the receipt of his or her test results.

SEC. 3. Section 44830.3 of the Education Code is amended to read:

The governing board shall require that each district intern be assisted and guided by a certificated employee of the school district who has been designated by the governing board as a mentor teacher pursuant to Article 4 (commencing with Section 44490) of Chapter 3 or by certificated employees selected through a competitive process adopted by the governing board after consultation with the exclusive teacher representative unit or by personnel employed by institutions of

higher education to supervise student teachers. Mentor teachers or other certificated employees shall possess valid certification at the same level, or of the same type, of credential as the district interns they serve.

(b) The governing board of each school district employing district interns shall develop and implement a professional development plan for district interns in consultation with an accredited institution of higher education offering an approved program of pedagogical preparation. The professional development plan shall include all of the following:

(A) One hundred twenty clock hours of preservice training and orientation in the aspects of child development and the methods of teaching the subject field or fields in which the district intern will be assigned, which training and orientation period shall be under the direct supervision of an experienced permanent teacher. At the conclusion of the preservice training period, the permanent teacher shall provide the district with information regarding the area that should be emphasized in the future training of the district intern.

(B) The successful completion, prior to service by the intern in any classroom, of six semester units of coursework from a regionally accredited college or university, designed in cooperation with the school district to provide instruction and orientation in the aspects of child development and the methods of teaching the subject field or fields in which the district intern will be assigned.

(4) Instruction in child development and the methods of teaching during the first semester of service for district interns teaching in kindergarten or grades 1 to 6, inclusive, including bilingual classes at those levels.

(5) Instruction in the culture and methods of teaching bilingual children during the first year of service for district interns teaching children in bilingual classes.

(6) Any other criteria that may be required by the governing board.

(7) In addition to the requirements set forth in paragraphs (1) to (6), inclusive, the professional development plan for district interns teaching in special education programs for pupils with mild and moderate disabilities also shall include 120 clock hours of mandatory preservice training and orientation, which shall include, but not be limited to, instruction in the development of exceptional children and the methods of teaching exceptional children.

(8) In addition to the requirements set forth in paragraphs (1) to (6), inclusive, the professional development plan for district interns teaching bilingual classes shall also include 120 clock hours of mandatory training and orientation, which shall include, but not be limited to, instruction in subject matter relating to bilingual-crosscultural language and academic development.

(9) The professional development plan for district interns teaching in special education programs for pupils with mild and moderate disabilities shall be based on the standards adopted by the commission as provided in subdivision (a) of Section 44327.

(c) Each district intern and each district teacher assigned to supervise the district intern during the preservice period, shall be compensated for the preservice period pursuant to subparagraph (A) or (B) of paragraph (3). The compensation shall be that which is normally provided by each district for staff development or in-service activity.

(d) Upon completion of two years of service, or three years of service for interns participating in a program that leads to the attainment of a specialist credential to teach pupils with mild and moderate disabilities, or four years if the intern is participating in a program that leads to the attainment of both a multiple subject or single subject teaching credential and a specialist credential to teach pupils with mild and moderate disabilities, the governing board may recommend to the Commission on Teacher Credentialing that the district intern be credentialed in the manner prescribed by Section 44328.

CHAPTER 949

An act to amend Section 19 of Chapter 204 of the Statutes of 1996, and to augment Item 6870-101-0001 of Section 2.00 of the Budget Act of 1996, relating to community college finances, to take effect immediately as an appropriation for the usual current expenses of the state.

[Approved by Governor September 25, 1996. Filed with Secretary of State September 26, 1996.]

I have signed on this date Senate Bill No. 1233, however, I am reducing the appropriation by $500,000.

This bill will provide additional growth funds for the community colleges, thereby increasing higher educational opportunities for approximately eight thousand full time equivalent students. However, a reduction is necessary to reflect my signature on AB 3099, which provides an incentive for districts to offer health benefits for faculty who work the equivalent of full time, but who are employed by two or more districts on part-time bases. This modest reduction is necessary because there are insufficient Proposition 98 funds to support both bills at the level requested.

PETE WILSON, Governor

The people of the State of California do enact as follows:

SECTION 1. Section 19 of Chapter 204 of the Statutes of 1996 is amended to read:

Sec. 19. (a) The sum of sixty million dollars ($60,000,000) is hereby appropriated from the General Fund to the Chancellor of the California Community Colleges for the purpose of allocating funds to community college districts for one-time deferred maintenance projects for the 1996–97 fiscal year. Allocations shall be made in accordance with Section 84660 of the Education Code, except that for a community college district to be eligible for funds appropriated pursuant to this section, the community college district shall pay for a portion of the project from other revenues available to the community college districts. The matching fund requirement under this section may be waived in whole or in part as specified in Section 84660 of the Education Code. The amount of the match shall be equivalent to one dollar ($1) for every three dollars and fifty cents ($3.50) of state funds provided.

(b) Of the amount appropriated in subdivision (a), up to fourteen million dollars ($14,000,000) may be utilized by the Chancellor of the California Community Colleges to backfill a property tax deficiency for community college districts for the 1995–96 fiscal year provided that the following conditions are met:

(1) No property tax backfill will occur until final property tax figures have been certified by the Chancellor of the California Community College Districts.

(2) The final dollar amount must be adjusted to reflect repayment of six million two hundred thirty-two thousand dollars ($6,232,000) advanced to the Chancellor of the California Community College Districts pursuant to Chapter 142 of the Statutes of 1994.

(3) The dollar amount of the property tax deficiency must be certified by the Director of Finance prior to the allocation of funds.

(c) For the purpose of making the computations required by Section 8 of Article XVI of the California Constitution, the appropriation made by subdivision (a) shall be deemed to be "General Fund revenues appropriated to community college districts," as defined in subdivision (d) of Section 41202 of the Education Code, for the 1995–96 fiscal year, and included within the "total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B," as defined in subdivision (e) of Section 41202 of the Education Code, for the 1995–96 fiscal year.

SEC. 2. (a) The sum of twenty-five million six hundred forty-six thousand dollars ($25,646,000) is hereby appropriated from the General Fund to the Chancellor of the California Community Colleges in augmentation of, and for the purposes of, Schedule (r) of Item 6870-101-0001 of Section 2.00 of the Budget Act of 1996 (Ch. 162, Stats. 1996).

(b) For the purposes of making the computations required by Section 8 of Article XVI of the California Constitution, the appropriation made by Section 1 of this act shall be deemed to be "General Fund revenues appropriated for community college districts," as defined in subdivision (d) of Section 41202 of the Education Code, for the 1996–97 fiscal year, and included within the "[t]otal allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B [of the California Constitution]," as defined in subdivision (e) of Section 41202 of the Education Code, for the 1996–97 fiscal year.

SEC. 3. This act makes an appropriation for the usual current expenses of the state within the meaning of Article IV of the California Constitution and shall go into immediate effect.

CHAPTER 950

An act to amend Sections 830.1, 832.3, 832.4, 13510, and 13526.1 of the Penal Code, relating to peace officers, and making an appropriation therefor.

[Approved by Governor September 25, 1996. Filed with Secretary of State September 26, 1996.]

This bill would make various changes to existing law regarding peace officer authority, training, and certification for deputy sheriffs involved in the supervision, security, and movement of inmates. Additionally, this bill would entitle Los Angeles safety police officers and public rangers to funding from the Peace Officers' Training Fund (POTF).

I am signing Assembly Bill No. 574, however, I am deleting the appropriation in Section 5 of the bill which would allow safety police officers and park rangers in Los Angeles County to be entitled to funding from the POTF. This provision would provide up to $45,000 directly to the County of Los Angeles under specified conditions.

Currently, the Commission on Peace Officer Standards and Training (POST) provides financial assistance to law enforcement agencies throughout the State to increase the effectiveness of law enforcement personnel through training and career development programs. Reimbursement funding is provided to eligible law enforcement entities on a priority basis to address the needs of law enforcement agencies involved in police work. Although the bill contains a number of provisions which I support, Assembly Bill 574 would set a precedent by making an appropriation directly to a local law enforcement group, thereby eliminating the ability of POST to prioritize the allocation of these limited resources. Additionally, I am concerned that this bill may encourage other law enforcement agencies to seek funding through legislation, rather than utilizing the discretion of POST to prioritize these funds. While this group of officers merit training, reserving funds for this group of officers would limit the resources available to reimburse the existing list of eligible law enforcement agencies. For these reasons, I am vetoing provisions of Section 5, paragraph (b).

PETE WILSON, Governor

The people of the State of California do enact as follows:

SECTION 1. Section 830.1 of the Penal Code is amended to read:

830.1. (a) Any sheriff, undersheriff, or deputy sheriff, employed in that capacity, of a county, any chief of police, employed in that capacity, of a city, any police officer, employed in that capacity and appointed by the chief of police or the chief executive of the agency, of a city, any chief of police, or police officer of a district (including police officers of the San Diego Unified Port District Harbor Police) authorized by statute to maintain a police department, any marshal or deputy marshal of a municipal court, any constable or deputy constable, employed in that capacity, of a judicial district, any port warden or special officer of the Harbor Department of the City of Los Angeles, or any inspector or investigator employed in that capacity in the office of a district attorney, is a peace officer. The authority of these peace officers extends to any place in the state, as follows:

(1) As to any public offense committed or which there is probable cause to believe has been committed within the political subdivision which employs the peace officer.

(2) Where the peace officer has the prior consent of the chief of police, or person authorized by him or her to give consent, if the place is within a city or of the sheriff, or person authorized by him or her to give consent, if the place is within a county.

(3) As to any public offense committed or which there is probable cause to believe has been committed in the peace officer's presence,

and with respect to which there is immediate danger to person or property, or of the escape of the perpetrator of the offense.

(b) Special agents and Attorney General investigators of the Department of Justice are peace officers, and those assistant chiefs, deputy chiefs, chiefs, deputy directors, and division directors designated as peace officers by the Attorney General are peace officers. The authority of these peace officers extends to any place in the state where a public offense has been committed or where there is probable cause to believe one has been committed.

(c) Any deputy sheriff of a county of the first class who is employed to perform duties exclusively or initially relating to custodial assignments with responsibilities for maintaining the operations of county custodial facilities, including the custody, care, supervision, security, movement, and transportation of inmates, is a peace officer whose authority extends to any place in the state only while engaged in the performance of the duties of his or her respective employment and for the purpose of carrying out the primary function of employment relating to his or her custodial assignments, or when performing other law enforcement duties directed by his or her employing agency during a local state-of-emergency.

SEC. 2. Section 832.3 of the Penal Code is amended to read:

832.3. (a) Except as provided in subdivisions (b) and (e), any sheriff, undersheriff, or deputy sheriff of a county, any police officer of a city, and any police officer of a district authorized by statute to maintain a police department, who is first employed after January 1, 1975, shall successfully complete a course of training prescribed by the Commission on Peace Officer Standards and Training before exercising the powers of a peace officer, except while participating as a trainee in a supervised field training program approved by the Commission on Peace Officer Standards and Training. The training course for an undersheriff and deputy sheriff of a county and a police officer of a city shall be the same.

(b) For the purpose of standardizing the training required in subdivision (a), the commission shall develop a training proficiency testing program, including a standardized examination which enables (1) comparisons between presenters of the training and (2) development of a data base for subsequent training programs. Presenters approved by the commission to provide the training required in subdivision (a) shall administer the standardized examination to all graduates. Nothing in this subdivision shall make the completion of the examination a condition of successful completion of the training required in subdivision (a).

(c) Notwithstanding subdivision (c) of Section 84500 of the Education Code and any regulations adopted pursuant thereto, community colleges may give preference in enrollment to employed law enforcement trainees who shall complete training as prescribed by this section. At least 15 percent of each presentation shall consist of nonlaw enforcement trainees if they are available. Preference

should only be given when the trainee could not complete the course within the time required by statute, and only when no other training program is reasonably available. Average daily attendance for these courses shall be reported for state aid.

(d) Prior to July 1, 1987, the commission shall make a report to the Legislature on academy proficiency testing scores. This report shall include an evaluation of the correlation between academy proficiency test scores and performance as a peace officer.

(e) (1) Any deputy sheriff described in subdivision (c) of Section 830.1 shall be exempt from the training requirements specified in subdivision (a) as long as his or her assignments remain custodial related.

(2) Deputy sheriffs described in subdivision (c) of Section 830.1 shall complete the training for peace officers pursuant to subdivision (a) of Section 832, and within 120 days after the date of employment, shall complete the training required by the Board of Corrections for custodial personnel pursuant to Section 6035, and the training required for custodial personnel of local detention facilities pursuant to Division 1 (commencing with Section 100) of Title 15 of the California Code of Regulations.

(3) Deputy sheriffs described in subdivision (c) of Section 830.1 shall complete the course of training pursuant to subdivision (a) prior to being reassigned from custodial assignments to duties with responsibility for the prevention and detection of crime and the general enforcement of the criminal laws of this state.

SEC. 3. Section 832.4 of the Penal Code is amended to read:

832.4. (a) Any undersheriff or deputy sheriff of a county, any police officer of a city, and any police officer of a district authorized by statute to maintain a police department, who is first employed after January 1, 1974, and is responsible for the prevention and detection of crime and the general enforcement of the criminal laws of this state, shall obtain the basic certificate issued by the Commission on Peace Officer Standards and Training within 18 months of his or her employment in order to continue to exercise the powers of a peace officer after the expiration of the 18-month period.

(b) Every peace officer listed in subdivision (a) of Section 830.1, except a sheriff, elected constable, or elected marshal, or a deputy sheriff described in subdivision (c) of Section 830.1, who is employed after January 1, 1988, shall obtain the basic certificate issued by the Commission on Peace Officer Standards and Training upon completion of probation, but in no case later than 24 months after his or her employment, in order to continue to exercise the powers of a peace officer after the expiration of the 24-month period.

Deputy sheriffs described in subdivision (c) of Section 830.1 shall obtain the basic certificate issued by the Commission on Peace Officer Standards and Training within 24 months after being reassigned from custodial duties to general law enforcement duties.

In those cases where the probationary period established by the employing agency is 24 months, the peace officers described in this subdivision may continue to exercise the powers of a peace officer for an additional three-month period to allow for the processing of the certification application.

SEC. 4. Section 13510 of the Penal Code is amended to read:

13510. (a) For the purpose of raising the level of competence of local law enforcement officers, the commission shall adopt, and may from time to time amend, rules establishing minimum standards relating to physical, mental, and moral fitness that shall govern the recruitment of any city police officers, peace officer members of a county sheriff's office, marshals or deputy marshals of a municipal court, peace officer members of a county coroner's office notwithstanding Section 13526, reserve officers, as defined in subdivision (a) of Section 830.6, police officers of a district authorized by statute to maintain a police department, peace officer members of a police department operated by a joint powers agency established by Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code, regularly employed and paid inspectors and investigators of a district attorney's office, as defined in Section 830.1, who conduct criminal investigations, peace officer members of a district, or safety police officers and park rangers of the County of Los Angeles, as defined in subdivisions (a) and (b) of Section 830.31.

The commission also shall adopt, and may from time to time amend, rules establishing minimum standards for training of city police officers, peace officer members of county sheriff's offices, marshals or deputy marshals of a municipal court, peace officer members of a county coroner's office notwithstanding Section 13526, reserve officers, as defined in subdivision (a) of Section 830.6, police officers of a district authorized by statute to maintain a police department, peace officer members of a police department operated by a joint powers agency established by Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code, regularly employed and paid inspectors and investigators of a district attorney's office, as defined in Section 830.1, who conduct criminal investigations, peace officer members of a district, and safety police officers and park rangers of the County of Los Angeles, as defined in subdivisions (a) and (b) of Section 830.1.

These rules shall apply to those cities, counties, cities and counties, and districts receiving state aid pursuant to this chapter and shall be adopted and amended pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(b) The commission shall conduct research concerning job-related educational standards and job-related selection standards to include vision, hearing, physical ability, and emotional stability. Job-related standards which are supported by this research shall be

adopted by the commission prior to January 1, 1985, and shall apply to those peace officer classes identified in subdivision (a). The commission shall consult with local entities during the conducting of related research into job-related selection standards.

(c) For the purpose of raising the level of competence of local public safety dispatchers, the commission shall adopt, and may from time to time amend, rules establishing minimum standards relating to the recruitment and training of local public safety dispatchers having a primary responsibility for providing dispatching services for local law enforcement agencies described in subdivision (a), which standards shall apply to those cities, counties, cities and counties, and districts receiving state aid pursuant to this chapter. These standards also shall apply to consolidated dispatch centers operated by an independent public joint powers agency established pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code when providing dispatch services to the law enforcement personnel listed in subdivision (a). Those rules shall be adopted and amended pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. As used in this section, "primary responsibility" refers to the performance of law enforcement dispatching duties for a minimum of 50 percent of the time worked within a pay period.

(d) Nothing in this section shall prohibit a local agency from establishing selection and training standards which exceed the minimum standards established by the commission.

SEC. 5. Section 13526.1 of the Penal Code is amended to read:

13526.1. (a) It is the intent of the Legislature in adding this section that effect be given to amendments made by Chapter 950 of the Statutes of 1989. The Legislature recognizes those amendments were intended to make port wardens and special officers of the Harbor Department of the City of Los Angeles entitled to allocations from the Peace Officers' Training Fund for state aid pursuant to this chapter, notwithstanding the amendments made by Chapter 1165 of the Statutes of 1989, which added Section 13526 to this code.

(b) Notwithstanding Section 13526, for the purposes of this chapter, the port wardens and special officers of the Harbor Department of the City of Los Angeles shall be entitled to receive funding from the Peace Officers' Training Fund. In addition, if total revenues to the Peace Officers' Training Fund in the 1996–97 State Budget exceed total revenues budgeted in the 1995–96 State Budget by forty-five thousand dollars ($45,000), safety police officers and park rangers of the County of Los Angeles shall be entitled to receive funding from the Peace Officers' Training Fund, up to a total of forty-five thousand dollars ($45,000), during the 1996–97 fiscal year. If total revenues to the Peace Officers' Training Fund in the 1997–98 State Budget exceed total revenues budgeted in the 1995–96 State Budget by forty-five thousand dollars ($45,000), safety police officers

and park rangers of the County of Los Angeles shall be entitled to receive funding from the Peace Officers' Training Fund, up to a total of forty-five thousand dollars ($45,000), during the 1997–98 fiscal year.

CHAPTER 951

An act to amend Section 17062 of, and to add Sections 17502 and 24602 to, the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor September 26, 1996. Filed with Secretary of State September 26, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 17062 of the Revenue and Taxation Code is amended to read:

17062. (a) In addition to the other taxes imposed by this part, there is hereby imposed for each taxable year, a tax equal to the excess, if any, of—

(1) The tentative minimum tax for the taxable year, over

(2) The regular tax for the taxable year.

(b) For purposes of this chapter, each of the following shall apply:

(1) The tentative minimum tax shall be computed in accordance with Sections 55 to 59, inclusive, of the Internal Revenue Code, except as otherwise provided in this part.

(2) The regular tax shall be the amount of tax imposed by Section 17041 or 17048, before reduction for any credits against the tax, less any amount imposed under paragraph (1) of subdivision (d) and paragraph (1) of subdivision (e) of Section 17560.

(3) (A) The provisions of Section 55(b)(1) of the Internal Revenue Code shall be modified to provide that the tentative minimum tax for the taxable year shall be equal to the following percent of so much of the alternative minimum taxable income for the taxable year as exceeds the exemption amount, before reduction for any credits against the tax:

(i) For any taxable year beginning on or after January 1, 1991, and before January 1, 1996, 8.5 percent.

(ii) For any taxable year beginning on or after January 1, 1996, 7 percent.

(B) In the case of a nonresident or part-year resident, the tentative minimum tax shall be computed as if the nonresident or part-year resident were a resident for the entire year multiplied by the ratio of California adjusted gross income (as modified for purposes of this chapter) to total adjusted gross income from all sources (as modified for purposes of this chapter). For purposes of

computing the tax under subparagraph (A) and gross income from all sources, the net operating loss deduction provided in Section 56(d) of the Internal Revenue Code shall be computed as if the taxpayer were a resident for all prior years.

(C) For purposes of this section, the term "California adjusted gross income" includes each of the following:

(i) For any period during which the taxpayer was a resident of this state (as defined by Section 17014), all items of adjusted gross income (as modified for purposes of this chapter), regardless of source.

(ii) For any period during which the taxpayer was not a resident of this state, only those items of adjusted gross income (as modified for purposes of this chapter) which were derived from sources within this state, determined in accordance with Chapter 11 (commencing with Section 17951).

(c) (1) Section 56(b)(1)(E) of the Internal Revenue Code, relating to standard deduction and deduction for personal exemptions not allowed, is modified, for purposes of this part, to deny the standard deduction allowed by Section 17073.5.

(2) Section 56(b)(3) of the Internal Revenue Code, relating to treatment of incentive stock options, shall be modified to additionally provide the following:

(A) Section 421 of the Internal Revenue Code shall not apply to the transfer of stock acquired pursuant to the exercise of a California qualified stock option under Section 17502.

(B) Section 422(c)(2) of the Internal Revenue Code shall apply in any case where the disposition and inclusion of a California qualified stock option for purposes of this chapter are within the same taxable year and that section shall not apply in any other case.

(C) The adjusted basis of any stock acquired by the exercise of a California qualified stock option shall be determined on the basis of the treatment prescribed by this paragraph.

(3) The provisions of Section 56(h) of the Internal Revenue Code, relating to adjustment based on energy preferences, shall not apply.

(d) The provisions of Section 57(a)(5) of the Internal Revenue Code, relating to tax-exempt interest shall not apply.

(e) The last two sentences of Section 57(a)(6)(B) of the Internal Revenue Code, relating to tangible personal property, shall not apply.

(f) Section 57(a) of the Internal Revenue Code, relating to items of tax preference, is modified to include as an item of tax preference an amount equal to one-half of the amount excluded from gross income for the taxable year under Section 18152.5.

(g) The provisions of Section 59(a) of the Internal Revenue Code, relating to the alternative minimum tax foreign tax credit, shall not apply.

SEC. 2. Section 17502 is added to the Revenue and Taxation Code, to read:

17502. (a) In addition to the application of Part II (commencing with Section 421) of Subchapter D of Chapter 1 of Subtitle A of the Internal Revenue Code, relating to certain stock options, paragraphs (1), (2), and (3) of Section 421(a) of the Internal Revenue Code shall also apply to any other stock option that is exercised by an individual whose earned income for the taxable year does not exceed forty thousand dollars ($40,000).

(b) For purposes of this section, "California qualified stock option" means a stock option issued and exercised pursuant to this section.

(c) (1) This section shall apply only to those stock options that are issued on or after January 1, 1997, and before January 1, 2002, by a corporation to its employee and are exercised by the employee, while employed by the corporation that issued those stock options (or within three months thereof, or within one year thereof if permanently and totally disabled as defined in Section 22(e)(3) of the Internal Revenue Code), during the taxable year with respect to any class of shares, or combination thereof, issued by the corporation, to the extent that the number of shares transferable by the exercise of the options does not exceed a total of 1,000 and have a combined fair market value of less than one hundred thousand dollars ($100,000). The combined fair market value of any stock shall be determined as of the time the option with respect to that stock is granted.

(2) Paragraph (1) shall be applied by taking options into account in the order in which they were granted.

(d) In the case of a California qualified stock option, no amount shall be included in the gross income of the employee until such time as the disposition of the option (or the stock acquired upon exercise of the option).

No deduction shall be allowed under Section 162 of the Internal Revenue Code to the employer on the grant of a California qualified stock option.

(e) Subdivision (d) shall not apply to any stock option for which an election has been made under Section 83(b) of the Internal Revenue Code, relating to election to include in gross income in year of transfer.

SEC. 3. Section 24602 is added to the Revenue and Taxation Code, to read:

24602. (a) In addition to the application of Part II (commencing with Section 421) of Subchapter D of Chapter 1 of Subtitle A of the Internal Revenue Code, relating to certain stock options, paragraphs (1), (2), and (3) of Section 421(a) of the Internal Revenue Code shall also apply to any other stock option that is exercised by an individual whose earned income for the taxable year does not exceed forty thousand dollars ($40,000).

(b) For purposes of this section, "California qualified stock option" means a stock option issued and exercised pursuant to this section.

(c) (1) This section shall apply only to those stock options that are issued on or after January 1, 1997, and before January 1, 2002, by a corporation to its employee and are exercised by the employee, while employed by the corporation that issued those stock options (or within three months thereof, or within one year thereof if permanently and totally disabled as defined in Section 22(e)(3) of the Internal Revenue Code), during the income year with respect to any class of shares, or combination thereof, issued by the corporation, to the extent that the number of shares transferable by the exercise of the options does not exceed a total of 1,000 and have a combined fair market value of less than one hundred thousand dollars ($100,000). The combined fair market value of any stock shall be determined as of the time the option with respect to that stock is granted.

(2) Paragraph (1) shall be applied by taking options into account in the order in which they were granted.

(d) In the case of a California qualified stock option, no amount shall be included in the gross income of the employee until such time as the disposition of the option (or the stock acquired upon exercise of the option). No deduction shall be allowed under Section 162 of the Internal Revenue Code to the employer on the grant of a California qualified stock option.

(e) Subdivision (d) shall not apply to any stock option for which an election has been made under Section 83(b) of the Internal Revenue Code, relating to election to include in gross income in year of transfer.

SEC. 4. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 952

(d) In the case where the credit otherwise allowed under this section exceeds the "net tax" for the taxable year, that portion of the credit which exceeds the "net tax" may be carried over and added to the credit, if any, in succeeding taxable years, until the credit is exhausted. The credit shall be applied first to the earliest taxable years possible.

(e) Any taxpayer who elects to be subject to this section shall not be entitled to increase the basis of the property as otherwise required by Section 164(a) of the Internal Revenue Code with respect to sales or use tax paid or incurred in connection with the purchase of qualified property.

(ii) "The program area" shall be substituted for "this state."

(3) (A) The amount determined under this paragraph shall be the amount of tax which would be imposed on the taxpayer's business income attributed to an enterprise zone (designated pursuant to Section 7073 of the Government Code) determined as if that attributed income represented all of the income of the taxpayer subject to tax under this part.

(d) In the case where the credit otherwise allowed under this section exceeds the net tax for the taxable year, that portion of the credit that exceeds the net tax may be carried over and added to the credit, if any, in succeeding taxable years for the number of taxable years in which the designation of the Los Angeles Revitalization Zone under Section 7102 of the Government Code is operative, or 15 taxable years, if longer, until the credit is exhausted. The credit shall be applied first to the earliest taxable years possible.

(e) Any taxpayer who elects to be subject to this section shall not be entitled to increase the basis of the property as otherwise required by Section 164(a) of the Internal Revenue Code with respect to the sales and use tax paid or incurred in connection with the taxpayer's purchase of qualified property.

(f) (1) The amount of credit otherwise allowed under this section and Sections 17053.10 and 17053.17, including any credit carryover from prior years, that may reduce the net tax for the taxable year shall not exceed the amount of tax that would be imposed on the taxpayer's business income attributable to the Los Angeles Revitalization Zone (designated pursuant to Section 7102 of the Government Code) determined as if that attributable income represented all of the income of the taxpayer subject to tax under this part.

(2) The amount of attributable income described in paragraph (1) shall be that portion of the taxpayer's California source business income which is apportioned to the Los Angeles Revitalization Zone. For that purpose, the taxpayer's business income attributable to sources in this state first shall be determined in accordance with the provisions of Chapter 17 (commencing with Section 25101) of Part 11. (C) The payroll factor is a fraction, the numerator of which is the total amount paid by the taxpayer in the Los Angeles Revitalization

Zone during the taxable year for compensation, and the denominator of which is the total compensation paid by the taxpayer in this state during the taxable year.

(3) The portion of the credit remaining, if any, after application of this subdivision, shall be carried over to succeeding taxable years, as if it were an amount exceeding the net tax for the taxable year, as provided in subdivision (d).

(g) If the qualified property is disposed of or no longer used by the taxpayer in the Los Angeles Revitalization Zone, at any time before the close of the second taxable year after the property is placed in service, the amount of the credit previously claimed shall be added to the taxpayer's tax liability in the taxable year of that disposition or nonuse.

(h) This section shall be inoperative on the first day of the taxable year beginning on or after the determination date, and each taxable year thereafter, with respect to the taxpayer's business activities within a geographic area that is excluded from the map pursuant to Section 7102 of the Government Code, or an excluded area determined pursuant to Section 7104 of the Government Code. The determination date is the earlier of the first effective date of a determination under subdivision (c) of Section 7102 of the Government Code occurring after December 1, 1994, or the first effective date of an exclusion of an area from the amended Los Angeles Revitalization Zone under Section 7104 of the Government Code. However, if the taxpayer has any unused credit amount as of the date this section becomes inoperative, that unused credit amount may continue to be carried forward as provided in subdivision (d).

(i) This section shall remain in effect only until December 1, 1998, and as of that date is repealed. However, any unused credit may continue to be carried forward, as provided in subdivision (d).

(2) If an employer acquires the major portion of a trade or business of another employer (hereinafter in this paragraph referred to as the "predecessor") or the major portion of a separate unit of a trade or business of a predecessor, then, for purposes of applying this section (other than subdivision (g)) for any calendar year ending after that acquisition, the employment relationship between an employee and an employer shall not be treated as terminated if the employee continues to be employed in that trade or business.

(g) (1) If the employment of any employee, with respect to whom qualified wages are taken into account under subdivision (a) is terminated by the taxpayer at any time during the first 270 days of that employment (whether or not consecutive) or before the close of the 270th calendar day after the day in which that employee completes 90 days of employment with the taxpayer, the tax imposed by this part for the taxable year in which that employment is terminated shall be increased by an amount (determined under those regulations) equal to the credit allowed under subdivision (a) for that taxable year and all prior taxable years attributable to qualified wages paid or incurred with respect to that employee.

(2) (A) Paragraph (1) shall not apply to any of the following:

(i) A termination of employment of an employee who voluntarily leaves the employment of the taxpayer.

(iii) A termination of employment of an individual, if it is determined under the applicable employment compensation provisions that the termination was due to the misconduct of that individual.

(iv) A termination of employment of an individual due to a substantial reduction in the trade or business operations of the taxpayer.

(v) A termination of employment of an individual, if that individual is replaced by other qualified employees so as to create a net increase in both the number of employees and the hours of employment.

(B) For purposes of paragraph (1), the employment relationship between the taxpayer and an employee shall not be treated as terminated by reason of a mere change in the form of conducting the trade or business of the taxpayer, if the employee continues to be employed in that trade or business and the taxpayer retains a substantial interest in that trade or business.

(3) Any increase in tax under paragraph (1) shall not be treated as tax imposed by this part for purposes of determining the amount of any credit allowable under this part.

(h) In the case of an estate or trust—

(1) The qualified wages for any taxable year shall be apportioned between the estate or trust and the beneficiaries on the basis of the income of the estate or trust allocable to each, and

(2) Any beneficiary to whom any qualified wages have been apportioned under paragraph (1) shall be treated (for purposes of this part) as the employer with respect to those wages.

(i) For purposes of this section, "enterprise zone" means an area for which designation as an enterprise zone is in effect under Section 7073 of the Government Code.

(j) The credit shall be reduced by the credit allowed under Section 17053.7. The credit shall also be reduced by the federal credit allowed under Section 51 of the Internal Revenue Code.

In addition, any deduction otherwise allowed under this part for the wages or salaries paid or incurred by the taxpayer upon which the credit is based shall be reduced by the amount of the credit, prior to any reduction required by subdivision (k) or (*l*).

(k) In the case where the credit otherwise allowed under this section exceeds the net tax for the taxable year, that portion of the credit which exceeds the net tax may be carried over and added to the credit, if any, in succeeding taxable years for the number of taxable years in which the designation of an enterprise zone is binding, or 15 taxable years, if longer, until the credit is exhausted. The credit shall be applied first to the earliest taxable years possible.

(*l*) (1) The amount of the credit otherwise allowed under this section and Section 17052.13, including any credit carryover from prior years, that may reduce the "net tax" for the taxable year shall not exceed the amount of tax which would be imposed on the taxpayer's business income attributed to the enterprise zone determined as if that attributed income represented all of the income of the taxpayer subject to tax under this part.

(2) The amount of attributed income described in paragraph (1) shall be determined in accordance with the provisions of Chapter 17 (commencing with Section 25101) of Part 11, modified for purposes of this section as follows:

(A) For taxable years beginning on or after January 1, 1991, and ending on or before December 31, 1996, income shall be apportioned to the enterprise zone by multiplying total business income by a fraction, the numerator of which is the property factor plus the payroll factor, and the denominator of which is two.

(B) "The enterprise zone" shall be substituted for "this state."

(3) The portion of any credit remaining, if any, after application of this subdivision, shall be carried over to succeeding taxable years, as if it were an amount exceeding the "net tax" for the taxable year, as provided in subdivision (k).

SEC. 8. Section 17053.10 of the Revenue and Taxation Code is amended to read:

17053.10. (a) For each taxable year beginning on or after January 1, 1992, and before January 1, 1998, there shall be allowed to a taxpayer who employs qualified employees in the Los Angeles Revitalization Zone during the taxable year as a credit against the "net tax," as defined in Section 17039, an amount equal to the sum of the following:

(1) One hundred percent of the qualified wages paid or incurred during the period from May 1, 1992, to the end of the sixth full month after the designation of the Los Angeles Revitalization Zone, with respect to qualified employees that are hired during that period.

(2) Seventy-five percent of the qualified wages paid or incurred during the period from the beginning of the seventh month after designation to the end of the 12th full month after designation, with respect to qualified employees that are hired during that period.

(3) Fifty percent of the qualified wages paid or incurred during the period from the beginning of the 13th month after designation to the end of the 60th full month after designation, with respect to qualified employees that are hired during that period.

(b) For purposes of this section:

(1) (A) "Qualified wages" means that portion of wages paid or incurred by the taxpayer for construction work in the Los Angeles Revitalization Zone during the taxable year with respect to qualified employees that does not exceed 150 percent of the minimum wage.

(B) If, after a taxpayer hires a qualified employee, the geographic area in which the taxpayer's trade or business is located is excluded from the map of the Los Angeles Revitalization Zone by the Trade and Commerce Agency pursuant to Section 7102 or 7104 of the Government Code, wages paid or incurred with respect to the qualified employee may continue to be qualified wages and may qualify for the credit under this section, provided all provisions of this section are satisfied, applied as if the taxpayer's trade or business was still located within the Los Angeles Revitalization Zone.

(2) "Minimum wage" means the wage established by the Industrial Welfare Commission as provided for in Chapter 1 (commencing with Section 1171) of Part 4 of Division 2 of the Labor Code.

(3) "Qualified employee" means an individual to whom both of the following apply:

(A) Is a resident, as defined in Section 7101 of the Government Code, in the Los Angeles Revitalization Zone.

(B) Was hired by the taxpayer to perform construction work in the Los Angeles Revitalization Zone.

(4) "Los Angeles Revitalization Zone" means the area designated pursuant to Section 7102 of the Government Code.

(5) "Construction work" means any work performed by a qualified employee directly to the erection, demolition, repair, or renovation of a structure located within the Los Angeles Revitalization Zone.

(6) "Taxpayer" means a person or entity engaged in a trade or business within the Los Angeles Revitalization Zone.

(c) If an employer acquires the major portion of a trade or business of another employer (hereafter in this subdivision referred to as the "predecessor") or the major portion of a separate unit of a trade or business of a predecessor, then, for the purposes of applying this section, other than subdivision (h), for any taxable year ending after the acquisition, the employment relationship between a qualified employee and employer shall not be treated as terminated if the employee continues to be employed in that trade or business.

(d) The credit shall be reduced by the credits allowable under Sections 17053.7, 17053.8, 17053.11, and 17053.17 claimed for the same qualified employee. The credit shall also be reduced by the credit allowed under Section 51 of the Internal Revenue Code for the same qualified employee.

(e) Any deduction otherwise allowed under this part for the wages or salaries paid or incurred by the taxpayer upon which the credit is based shall be reduced by the amount of credit, prior to any reduction required by subdivision (f) or (g).

(f) In the case where the credit otherwise allowed under this section exceeds the net tax for the taxable year, that portion of the credit that exceeds the net tax may be carried over and added to the credit, if any, in succeeding taxable years for the number of taxable years in which the designation of the Los Angeles Revitalization Zone under Section 7102 of the Government Code is operative, or 15 taxable years, if longer, until the credit is exhausted. The credit shall be applied first to the earliest taxable years possible.

(g) (1) The amount of credit otherwise allowed under this section and Sections 17052.15 and 17053.17, including any credit carryover from prior years, that may reduce the net tax for the taxable year shall not exceed the amount of tax that would be imposed on the taxpayer's business income attributable to the Los Angeles Revitalization Zone determined as if that attributable income represented all of the income of the taxpayer subject to tax under this part.

(2) The amount of attributable income described in paragraph (1) shall be that portion of the taxpayer's California source business income which is apportioned to the Los Angeles Revitalization Zone. For that purpose, the taxpayer's business income attributable to sources in this state first shall be determined in accordance with the provisions of Chapter 17 (commencing with Section 25101) of Part 11. That business income shall be further apportioned to the Los Angeles Revitalization Zone in accordance with the provisions of Article 2 (commencing with Section 25120) of Chapter 17 of Part 11, modified as follows:

(A) Business income shall be apportioned to the Los Angeles Revitalization Zone by multiplying total California business income of the taxpayer by a fraction, the numerator of which is the property factor plus the payroll factor, and the denominator of which is two.

(B) The property factor is a fraction, the numerator of which is the average value of the taxpayer's real and tangible personal property owned or rented and used in the Los Angeles Revitalization Zone during the taxable year and the denominator of which is the average value of all the taxpayer's real and tangible personal property owned or rented and used in this state during the taxable year.

(C) The payroll factor is a fraction, the numerator of which is the total amount paid by the taxpayer in the Los Angeles Revitalization Zone during the taxable year for compensation, and the denominator of which is the total compensation paid by the taxpayer in this state during the taxable year.

(3) The portion of the credit remaining, if any, after application of this subdivision, shall be carried over to succeeding taxable years, as if it were an amount exceeding the net tax for the taxable year, as provided in subdivision (f).

(h) (1) If the employment of any qualified employee, with respect to whom qualified wages are taken into account under subdivision (a) is terminated by the taxpayer at any time during the first 270 days of that employment (whether or not consecutive) or before the close of the 270th calendar day after the day in which that employee completes 90 days of employment with the taxpayer, the tax imposed by this part for the taxable year in which that employment is terminated shall be increased by an amount equal to the credit allowed under subdivision (a) for that taxable year and all prior taxable years attributable to qualified wages paid or incurred with respect to that employee.

(2) (A) Paragraph (1) shall not apply to any of the following:

(i) A termination of employment of a qualified employee who voluntarily leaves the employment of the taxpayer.

(ii) A termination of employment of a qualified employee who, before the close of the period referred to in paragraph (1), becomes disabled and unable to perform the services of that employment, unless that disability is removed before the close of that period and the taxpayer fails to offer reemployment to that qualified employee.

(iii) A termination of employment of a qualified employee, if it is determined under the applicable employment compensation provisions that the termination was due to the misconduct of that qualified employee.

(iv) A termination of employment of a qualified employee due to a substantial reduction in the trade or business operations of the taxpayer.

(v) A termination of employment of a qualified employee, if that qualified employee is replaced by other qualified employees so as to create a net increase in both the number of employees and the hours of employment.

(vi) A termination of employment due to a contractual agreement.

(B) For purposes of paragraph (1), the employment relationship between the taxpayer and a qualified employee shall not be treated as terminated by reason of a mere change in the form of conducting the trade or business of the taxpayer, if the qualified employee continues to be employed in that trade or business and the taxpayer retains a substantial interest in that trade or business.

(i) Except as provided in subparagraph (B) of paragraph (1) of subdivision (b), this section shall cease to be operative on the first day of the taxable year beginning on or after the determination date, and each taxable year thereafter, with respect to the taxpayer's business activities within a geographic area that is excluded from the map pursuant to Section 7102 of the Government Code, or an excluded area determined pursuant to Section 7104 of the Government Code. For purposes of this subdivision, "determination date" means the earlier of the first effective date of a determination under subdivision (c) of Section 7102 of the Government Code occurring after December 1, 1994, or the first effective date of an exclusion of an area from the amended Los Angeles Revitalization Zone under Section 7104 of the Government Code. However, if the taxpayer has any unused credit amount as of the date this section becomes inoperative, that unused credit amount may continue to be carried forward as provided in subdivision (f).

(j) This section shall remain in effect only until December 1, 1998, and as of that date is repealed. However, any unused credit may continue to be carried forward, as provided in subdivision (f).

SEC. 9. Section 17053.11 of the Revenue and Taxation Code is amended to read:

17053.11. (a) There shall be allowed as a credit against the "net tax" (as defined in Section 17039) for the taxable year the amount determined in subdivisions (c) and (d) for a qualified business which hires a qualified employee.

(b) For purposes of this section:

(1) "Qualified business" means either (A) a qualified business, as defined in Section 7082 of the Government Code, or (B) a qualified business, as defined in Section 7082 of the Government Code, except

that the percentage requirements with respect to employment of residents of a high-density unemployment area shall be applicable only to those employees hired within the 12 months immediately preceding the date that the business seeks certification from the Trade and Commerce Agency and not to the entire workforce of the business. A business that qualifies under clause (B) shall be a qualified business only for the purposes of this section, provided that the Trade and Commerce Agency certifies that the business meets the standards set forth in this paragraph.

(2) "Qualified employee" means an employee who has been an unemployed resident of a high-density unemployment area (as defined in Section 7082 of the Government Code) prior to being employed by the qualified business. For the purposes of this section, participation by a prospective employee in a state or federally funded job training or work demonstration program shall not constitute employment, or affect the eligibility of an otherwise qualified employee. Qualified employee includes an otherwise qualified employee who is employed by a qualified business in the 90 days prior to its certification by the Trade and Commerce Agency as a qualified business for the purpose of becoming eligible for that certification.

(c) The credit provided for each qualified employee who has been unemployed for at least six months prior to being employed pursuant to subdivision (a), shall be an amount equal to the sum of each of the following:

(1) Fifty percent for qualified wages in the first year of employment.

(2) Forty percent for qualified wages in the second year of employment.

(3) Thirty percent for qualified wages in the third year of employment.

(4) Twenty percent for qualified wages in the fourth year of employment.

(5) Ten percent for qualified wages in the fifth year of employment.

(d) The credit provided for each qualified employee who has been unemployed for at least three months but less than six months prior to being employed shall be 25 percent of qualified wages for the first year of employment; however, the credit for the second year of employment shall be that provided in paragraph (2) of subdivision (c), the credit for the third year of employment shall be that provided in paragraph (3) of subdivision (c), the credit for the fourth year of employment shall be that provided in paragraph (4) of subdivision (c), and the credit for the fifth year of employment shall be that provided in paragraph (5) of subdivision (c).

(e) For purposes of this section, "qualified wages" means that portion of wages not in excess of 150 percent of the minimum hourly wage paid or incurred by the qualified business during the taxable year to the qualified employee.

(f) (1) If the employment of any employee with respect to whom qualified wages are taken into account under subdivision (c) or (d) is terminated by the taxpayer at any time during the first 270 days of that employment (whether or not consecutive) or before the close of the 270th calendar day after the day in which that employee completes 90 days of employment with the taxpayer, the tax imposed by this part for the taxable year in which that employment is terminated shall be increased by an amount equal to the credit allowed under subdivision (a) for that taxable year and all prior taxable years attributable to qualified wages paid or incurred with respect to that employee.

(2) Paragraph (1) shall not apply to any of the following:

(A) A termination of employment of an employee who voluntarily leaves the employment of the taxpayer.

(B) A termination of employment of an individual who, before the close of the period referred to in paragraph (1), becomes disabled to perform the services of that employment, unless that disability is removed before the close of that period and the taxpayer fails to offer reemployment to that individual.

(C) A termination of employment of an individual, if it is determined under the applicable unemployment compensation provisions that the termination was due to the misconduct of that individual.

(D) A termination of employment of an individual due to a substantial reduction in the trade or business operations of the taxpayer other than regularly occurring seasonal reductions.

(E) A termination of employment of an individual, if that individual is replaced by other qualified employees so as to create a net increase in both number of employees and hours of employment.

(F) For purposes of paragraph (1), the employment relationship between the taxpayer and an employee shall not be treated as terminated by reason of a mere change in the form of conducting the trade or business of the taxpayer if the employee continues to be employed in that trade or business and the taxpayer retained a substantial interest in that trade or business.

(3) Any increase in tax under paragraph (1) shall not be treated as tax imposed by this part for purposes of determining the amount of any credit allowable under this part.

(g) In the case of an estate or trust—

(1) The qualified wages for any taxable year shall be apportioned between the estate or trust and the beneficiaries on the basis of the income of the estate or trust allocable to each, and

(2) Any beneficiary to whom any qualified wages have been apportioned under paragraph (1) shall be treated (for purposes of this part) as the employer with respect to those wages.

(h) The credit shall be reduced by the credit allowed under Section 17053.7. The credit shall also be reduced by the federal credit allowed under Section 51 of the Internal Revenue Code.

In addition, any deduction otherwise allowed under this part for the wages or salaries paid or incurred by the taxpayer upon which the credit is based shall be reduced by the amount of the credit, prior to any reduction required by subdivision (i) or (j).

(i) In the case where the credit otherwise allowed under this section exceeds the "net tax" for the taxable year, that portion of the credit which exceeds the "net tax" may be carried over and added to the credit, if any, in succeeding taxable years until the credit is exhausted. The credit shall be applied first to the earliest taxable years possible.

(j) (1) The amount of the credit otherwise allowed under this section and Section 17052.13, including any credit carryover from prior years, that may reduce the "net tax" for the taxable year shall not exceed the amount of tax which would be imposed on the taxpayer's business income attributed to the program area (as defined in Section 7082 of the Government Code) determined as if that attributed income represented all of the income of the taxpayer subject to tax under this part.

(2) The amount of attributed income described in paragraph (1) shall be determined in accordance with the provisions of Chapter 17 (commencing with Section 25101) of Part 11, modified for purposes of this section as follows:

(A) For taxable years beginning on or after January 1, 1991, and ending on or before December 31, 1996, income shall be apportioned to the program area by multiplying total business income by a fraction, the numerator of which is the property factor plus the payroll factor, and the denominator of which is two.

(B) "The program area" shall be substituted for "this state."

(3) The portion of any credit remaining, if any, after application of this subdivision, shall be carried over to succeeding taxable years, as if it were an amount exceeding the "net tax" for the taxable year, as provided in subdivision (i).

SEC. 10. Section 17053.17 of the Revenue and Taxation Code is amended to read:

17053.17. (a) For each taxable year beginning on or after January 1, 1992, and before January 1, 1998, the taxpayer shall be allowed for hiring qualified disadvantaged individuals on or after May 1, 1992, a credit against the "net tax," as defined in Section 17039, for the taxable year equal to the sum of each of the following:

(1) Fifty percent of qualified wages in the first year of employment.

(2) Forty percent of qualified wages in the second year of employment.

(3) Thirty percent of qualified wages in the third year of employment.

(4) Twenty percent of qualified wages in the fourth year of employment.

(5) Ten percent of qualified wages in the fifth year of employment.

(b) For purposes of this section:

(1) "Qualified wages" means all of the following:

(A) That portion of wages paid or incurred by the taxpayer during the taxable year to qualified disadvantaged individuals that does not exceed 150 percent of the minimum wage.

(B) Wages received during the 60-month period beginning with the day the individual commences employment with the taxpayer.

(C) Qualified wages do not include any wages paid or incurred by the taxpayer on or after the zone expiration date.

(D) If, after a taxpayer hires a qualified disadvantaged individual, the geographic area in which the taxpayer's trade or business is located is excluded from the map of the Los Angeles Revitalization Zone by the Trade and Commerce Agency pursuant to Section 7102 or 7104 of the Government Code, wages paid or incurred with respect to the disadvantaged individual may continue to be qualified wages and may qualify for the credit under this section, provided all provisions of this section are satisfied, applied as if the taxpayer's trade or business was still located within the Los Angeles Revitalization Zone.

(2) "Minimum wage" means the wage established by the Industrial Welfare Commission as provided for in Chapter 1 (commencing with Section 1171) of Part 4 of Division 2 of the Labor Code.

(3) "Qualified disadvantaged individual" means an individual who is a qualified employee and a resident of the Los Angeles Revitalization Zone.

(4) "Los Angeles Revitalization Zone" means the area designated under Section 7102 of the Government Code.

(6) "Resident" means a resident as defined in Section 7101 of the Government Code.

(9) (A) All employees of trades or businesses, that are not incorporated, that are under common control shall be treated as employed by a single taxpayer.

(B) The credit, if any, allowable by this section with respect to each trade or business shall be determined by reference to its proportionate share of the expense of the qualified wages giving rise to the credit and allocated in that manner.

Principles similar to the principles that apply in the case of controlled groups of corporations as specified in paragraph (9) of subdivision (b) of Section 23623.5 shall apply with respect to determining common control of employees.

(10) If an employer acquires the major portion of a trade or business of another employer (hereafter in this paragraph referred to as the "predecessor") or the major portion of a separate unit of a trade or business of a predecessor, then, for the purposes of applying this section (other than subdivision (c)) for any calendar year ending after that acquisition, the employment relationship between a disadvantaged individual and an employer shall not be treated as terminated if the individual continues to be employed in that trade or business.

(c) (1) If the employment of any disadvantaged individual, with respect to whom qualified wages are taken into account under subdivision (a), is terminated by the taxpayer at any time during the first 270 days of that employment, whether or not consecutive, or before the close of the 270th calendar day after the day in which that individual completes 90 days of employment with the taxpayer, the tax imposed by this part for the taxable year in which that employment is terminated shall be increased by an amount equal to the credit allowed under subdivision (a) for that taxable year and all prior taxable years attributable to qualified wages paid or incurred with respect to that individual.

(2) (A) Paragraph (1) shall not apply to any of the following:

(i) A termination of employment of a disadvantaged individual who voluntarily leaves the employment of the taxpayer.

(ii) A termination of employment of a disadvantaged individual who, before the close of the period referred to in paragraph (1), becomes disabled and unable to perform the services of that employment, unless that disability is removed before the close of that period and the taxpayer fails to offer reemployment to that individual.

(iii) A termination of employment of a disadvantaged individual, if it is determined under the applicable employment compensation provisions that the termination was due to the misconduct of that individual.

(iv) A termination of employment of a disadvantaged individual due to a substantial reduction in the trade or business operations of the taxpayer.

(v) A termination of employment of a disadvantaged individual, if that individual is replaced by other qualified employees so as to create a net increase in both the number of employees and the hours of employment.

(B) For purposes of paragraph (1), the employment relationship between the taxpayer and a disadvantaged individual shall not be treated as terminated by reason of a mere change in the form of conducting the trade or business of the taxpayer, if the individual continues to be employed in that trade or business and the taxpayer retains a substantial interest in that trade or business.

(3) Any increase in tax under paragraph (1) shall not be treated as tax imposed by this part for purposes of determining the amount of any credit allowable under this part.

(d) In the case of an estate or trust, both of the following apply:

(1) The qualified wages for any taxable year shall be apportioned between the estate or trust and the beneficiaries on the basis of the income of the estate or trust allocable to each.

(2) Any beneficiary to whom any qualified wages have been apportioned under paragraph (1) shall be treated, for purposes of this part, as the employer with respect to those wages.

(e) The credit shall be reduced by the credits allowed under Sections 17053.7, 17053.8, 17053.10, and 17053.11, claimed for the same disadvantaged individual. The credit shall also be reduced by the federal credit allowed under Section 51 of the Internal Revenue Code.

In addition, any deduction otherwise allowed under this part for the wages or salaries paid or incurred by the taxpayer upon which the credit is based shall be reduced by the amount of the credit, prior to any reduction required by subdivision (f) or (g).

(f) In the case where the credit otherwise allowed under this section exceeds the net tax for the taxable year, that portion of the credit that exceeds the net tax may be carried over and added to the credit, if any, in succeeding taxable years while the designation of the Los Angeles Revitalization Zone under Section 7102 of the Government Code is operative, or 15 taxable years, if longer, until the credit is exhausted. The credit shall be applied first to the earliest taxable years possible.

(g) (1) The amount of the credit otherwise allowed under this section and Sections 17052.15 and 17053.10, including any credit carryover from prior years, that may reduce the net tax for the taxable year shall not exceed the amount of tax that would be imposed on the taxpayer's business income attributable to the Los Angeles Revitalization Zone determined as if that attributable income represented all of the income of the taxpayer subject to tax under this part.

(2) The amount of attributable income described in paragraph (1) shall be that portion of the taxpayer's California source business income which is apportioned to the Los Angeles Revitalization Zone.

For that purpose, the taxpayer's business income attributable to sources in this state first shall be determined in accordance with the provisions of Chapter 17 (commencing with Section 25101) of Part 11. That business income shall be further apportioned to the Los Angeles Revitalization Zone in accordance with the provisions of Article 2 (commencing with Section 25120) of Chapter 17 of Part 11, modified as follows:

(A) Business income shall be apportioned to the Los Angeles Revitalization Zone by multiplying total California business income of the taxpayer by a fraction, the numerator of which is the property factor plus the payroll factor, and the denominator of which is two.

(B) The property factor is a fraction, the numerator of which is the average value of the taxpayer's real and tangible personal property owned or rented and used in the Los Angeles Revitalization Zone during the taxable year and the denominator of which is the average value of all the taxpayer's real and tangible personal property owned or rented and used in this state during the taxable year.

(C) The payroll factor is a fraction, the numerator of which is the total amount paid by the taxpayer in the Los Angeles Revitalization Zone during the taxable year for compensation, and the denominator of which is the total compensation paid by the taxpayer in this state during the taxable year.

(3) The portion of the credit remaining, if any, after application of this subdivision, shall be carried over to succeeding taxable years, as if it were an amount exceeding the net tax for the taxable year, as provided in subdivision (f).

(h) Except as provided in subparagraph (D) of paragraph (1) of subdivision (b), this section shall cease to be operative as of the first day of the taxable year beginning on or after the determination date, and each taxable year thereafter, with respect to the taxpayer's business activities within a geographic area that is excluded from the map pursuant to Section 7102 of the Government Code, or an excluded area determined pursuant Section 7104 of the Government Code. For purposes of this subdivision, "determination date" means the earlier of the first effective date of a determination under subdivision (c) of Section 7102 of the Government Code occurring after December 1, 1994, or the first effective date of an exclusion of an area from the amended Los Angeles Revitalization Zone under Section 7104 of the Government Code. However, if the taxpayer has any unused credit amount as of the date this section becomes inoperative, that unused credit amount may continue to be carried forward as provided in subdivision (f).

(i) This section shall remain in effect only until December 1, 1998, and as of that date is repealed. However, any unused credit may continue to be carried forward, as specified in subdivision (f).

SEC. 11. Section 17053.45 of the Revenue and Taxation Code is amended to read:

17053.45. (a) For each taxable year beginning on or after January 1, 1995, and before January 1, 2003, there shall be allowed as a credit against the "net tax" (as defined by Section 17039) an amount equal to the sales or use tax paid or incurred by the taxpayer in connection with the purchase of qualified property to the extent that the qualified property does not exceed a value of one million dollars ($1,000,000).

(b) For purposes of this section:

(1) "LAMBRA" means a local agency military base recovery area designated in accordance with Section 7114 of the Government Code.

(2) "Taxpayer" means a taxpayer or partnership that conducts a trade or business within a LAMBRA and, for the first two taxable years, has a net increase in jobs (defined as 2,000 paid hours per employee per year) of one or more employees in the LAMBRA.

(A) The net increase in the number of jobs shall be determined by subtracting the total number of full-time employees (defined as 2,000 paid hours per employee per year) the taxpayer employed in this state in the taxable year prior to commencing business operations in the LAMBRA from the total number of full-time employees the taxpayer employed in this state during the second taxable year after commencing business operations in the LAMBRA. For taxpayers who commence doing business in this state with their LAMBRA business operation, the number of employees for the taxable year prior to commencing business operations in the LAMBRA shall be zero. If the taxpayer has a net increase in jobs in the state, the credit shall be allowed only if one or more full-time employees is employed within the LAMBRA.

(B) The total number of employees employed in the LAMBRA shall equal the sum of both of the following:

(i) The total number of hours worked in the LAMBRA for the taxpayer by employees (not to exceed 2,000 hours per employee) who are paid an hourly wage divided by 2,000.

(ii) The total number of months worked in the LAMBRA for the taxpayer by employees who are salaried employees divided by 12.

(C) In the case of a taxpayer who first commences doing business in the LAMBRA during the taxable year, for purposes of clauses (i) and (ii), respectively, of subparagraph (B) the divisors "2,000" and "12" shall be multiplied by a fraction, the numerator of which is the number of months of the taxable year that the taxpayer was doing business in the LAMBRA and the denominator of which is 12.

(3) "Qualified property" means the purchase of any of the following for exclusive use in a LAMBRA:

(A) High technology equipment, including, but not limited to, computers and electronic processing equipment.

(B) Aircraft maintenance equipment, including, but not limited to, engine stands, hydraulic mules, power carts, test equipment, handtools, aircraft start carts, and tugs.

(C) Aircraft components, including, but not limited to, engines, fuel control units, hydraulic pumps, avionics, starts, wheels, and tires.

(D) Any property that is Section 1245 property, as defined in Section 1245(a)(3) of the Internal Revenue Code.

(c) The credit provided under subdivision (a) shall be allowed only for qualified property manufactured in California unless qualified property of a comparable quality and price is not available for timely purchase and delivery from a California manufacturer.

(d) In the case where the credit otherwise allowed under this section exceeds the "net tax" for the taxable year, that portion of the credit which exceeds the "net tax" may be carried over and added to the credit, if any, in succeeding years, until the credit is exhausted. The credit shall be applied first to the earliest taxable years possible.

(e) Any taxpayer who elects to be subject to this section shall not be entitled to increase the basis of the property as otherwise required by Section 164(a) of the Internal Revenue Code with respect to sales or use tax paid or incurred in connection with the purchase of qualified property.

(f) (1) The amount of credit otherwise allowed under this section and Section 17053.46, including any credit carryover from prior years, that may reduce the "net tax" for the taxable year shall not exceed the amount of tax that would be imposed on the taxpayer's business income attributed to a LAMBRA determined as if that attributable income represented all the income of the taxpayer subject to tax under this part.

(2) The amount of attributed income described in paragraph (1) shall be determined in accordance with the provisions of Chapter 17 (commencing with Section 25101) of Part 11, modified for purposes of this section as follows:

(A) Income shall be apportioned to a LAMBRA by multiplying total business income by a fraction, the numerator of which is the property factor, plus the payroll factor, and the denominator of which is two.

(B) "The LAMBRA" shall be substituted for "this state."

(3) The portion of any credit remaining, if any, after application of this subdivision, shall be carried over to succeeding taxable years, as if it were an amount exceeding the "net tax" for the taxable year, as provided in subdivision (d).

(g) (1) If the qualified property is disposed of or no longer used by the taxpayer in the LAMBRA, at any time before the close of the second taxable year after the property is placed in service, the amount of the credit previously claimed, with respect to that property, shall be added to the taxpayer's tax liability in the taxable year of that disposition or nonuse.

(2) At the close of the second taxable year, if the taxpayer has not increased the number of its employees as determined by paragraph (2) of subdivision (b), then the amount of the credit previously

claimed shall be added to the taxpayer's net tax for the taxpayer's second taxable year.

(h) In the case where "qualified property" qualifies for a credit under more than one section in this part, the taxpayer shall make an election as to which section applies to that qualified property.

(i) This section shall remain in effect only until December 1, 2003, and as of that date is repealed. However, any unused credit may continue to be carried forward as provided in subdivision (d), until the credit is exhausted.

SEC. 12. Section 17053.46 of the Revenue and Taxation Code is amended to read:

17053.46. (a) For each taxable year beginning on or after January 1, 1995, and before January 1, 2003, there shall be allowed as a credit against the "net tax" (as defined in Section 17039) to a qualified taxpayer for hiring a qualified disadvantaged individual or a qualified displaced employee during the taxable year for employment in the LAMBRA. The credit shall be equal to the sum of each of the following:

(1) Fifty percent of the qualified wages in the first year of employment.

(2) Forty percent of the qualified wages in the second year of employment.

(3) Thirty percent of the qualified wages in the third year of employment.

(4) Twenty percent of the qualified wages in the fourth year of employment.

(5) Ten percent of the qualified wages in the fifth year of employment.

(b) For purposes of this section:

(1) "Qualified wages" means:

(A) That portion of wages paid or incurred by the employer during the taxable year to qualified disadvantaged individuals or qualified displaced employees that does not exceed 150 percent of the minimum wage.

(B) The total amount of qualified wages which may be taken into account for purposes of claiming the credit allowed under this section shall not exceed two million dollars ($2,000,000) per taxable year.

(C) Wages received during the 60-month period beginning with the day the individual commences employment with the taxpayer.

(2) "Minimum wage" means the wage established by the Industrial Welfare Commission as provided for in Chapter 1 (commencing with Section 1171) of Part 4 of Division 2 of the Labor Code.

(3) "LAMBRA" means a local agency military base recovery area designated in accordance with Section 7114 of the Government Code.

(4) "Qualified disadvantaged individual" means an individual who satisfies all of the following requirements:

(A) (i) At least 90 percent of whose services for the taxpayer during the taxable year are directly related to the conduct of the taxpayer's trade or business located in a LAMBRA.

(ii) Who performs at least 50 percent of his or her services for the taxpayer during the taxable year in the LAMBRA.

(B) Who is hired by the employer after the designation of the area as a LAMBRA in which the individual's services were primarily performed.

(C) Who is any of the following immediately preceding the individual's commencement of employment with the taxpayer:

(i) An individual who has been determined eligible for services under the federal Job Training Partnership Act (29 U.S.C. Sec. 1501 et seq.).

(ii) Any voluntary or mandatory registrant under the Greater Avenues for Independence Act of 1985 as provided pursuant to Article 3.2 (commencing with Section 11320) of Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code.

(iii) Any individual who has been certified eligible by the Employment Development Department under the federal Targeted Jobs Tax Credit Program whether or not this program is in effect.

(5) "Qualified taxpayer" means a taxpayer or partnership that conducts a trade or business within a LAMBRA and, for the first two taxable years, has a net increase in jobs (defined as 2,000 paid hours per employee per year) of one or more employees in the LAMBRA.

(A) The net increase in the number of jobs shall be determined by subtracting the total number of full-time employees (defined as 2,000 paid hours per employee per year) the taxpayer employed in this state in the taxable year prior to commencing business operations in the LAMBRA from the total number of full-time employees the taxpayer employed in this state during the second taxable year after commencing business operations in the LAMBRA. For taxpayers who commence doing business in this state with their LAMBRA business operation, the number of employees for the taxable year prior to commencing business operations in the LAMBRA shall be zero. If the taxpayer has a net increase in jobs in the state, the credit shall be allowed only if one or more full-time employees is employed within the LAMBRA.

(B) The total number of employees employed in the LAMBRA shall equal the sum of both of the following:

(i) The total number of hours worked in the LAMBRA for the taxpayer by employees (not to exceed 2,000 hours per employee) who are paid an hourly wage divided by 2,000.

(ii) The total number of months worked in the LAMBRA for the taxpayer by employees who are salaried employees divided by 12.

(C) In the case of a taxpayer who first commences doing business in the LAMBRA during the taxable year, for purposes of clauses (i) and (ii), respectively, of subparagraph (B) the divisors "2,000" and "12" shall be multiplied by a fraction, the numerator of which is the

number of months of the taxable year that the taxpayer was doing business in the LAMBRA and the denominator of which is 12.

(6) "Qualified displaced employee" means an individual who satisfies all of the following requirements:

(A) Any civilian or military employee of a base or former base who has been displaced as a result of a federal base closure act.

(B) (i) At least 90 percent of whose services for the taxpayer during the taxable year are directly related to the conduct of the taxpayer's trade or business located in a LAMBRA.

(ii) Who performs at least 50 percent of his or her services for the taxpayer during the taxable year in a LAMBRA.

(C) Who is hired by the employer after the designation of the area in which services were performed as a LAMBRA.

(c) (1) For purposes of this section, both of the following apply:

(A) All employees of trades or businesses that are under common control shall be treated as employed by a single employer.

(B) The credit (if any) allowable by this section with respect to each trade or business shall be determined by reference to its proportionate share of the qualified wages giving rise to the credit.

The regulations prescribed under this paragraph shall be based on principles similar to the principles that apply in the case of controlled groups of corporations as specified in subdivision (e) of Section 23622.

(2) If an employer acquires the major portion of a trade or business of another employer (hereinafter in this paragraph referred to as the "predecessor") or the major portion of a separate unit of a trade or business of a predecessor, then, for purposes of applying this section (other than subdivision (d)) for any calendar year ending after that acquisition, the employment relationship between an employee and an employer shall not be treated as terminated if the employee continues to be employed in that trade or business.

(d) (1) If the employment of any employee, with respect to whom qualified wages are taken into account under subdivision (a) is terminated by the taxpayer at any time during the first 270 days of that employment (whether or not consecutive) or before the close of the 270th calendar day after the day in which that employee completes 90 days of employment with the taxpayer, the tax imposed by this part for the taxable year in which that employment is terminated shall be increased by an amount (determined under those regulations) equal to the credit allowed under subdivision (a) for that taxable year and all prior taxable years attributable to qualified wages paid or incurred with respect to that employee.

(2) (A) Paragraph (1) shall not apply to any of the following:

(i) A termination of employment of an employee who voluntarily leaves the employment of the taxpayer.

(ii) A termination of employment of an individual who, before the close of the period referred to in paragraph (1), becomes disabled to perform the services of that employment, unless that disability is

removed before the close of that period and the taxpayer fails to offer reemployment to that individual.

(iii) A termination of employment of an individual, if it is determined under the applicable employment compensation laws that the termination was due to the misconduct of that individual.

(iv) A termination of employment of an individual due to a substantial reduction in the trade or business operations of the taxpayer.

(v) A termination of employment of an individual, if that individual is replaced by other qualified employees so as to create a net increase in both the number of employees and the hours of employment.

(B) For purposes of paragraph (1), the employment relationship between the taxpayer and an employee shall not be treated as terminated by reason of a mere change in the form of conducting the trade or business of the taxpayer, if the employee continues to be employed in that trade or business and the taxpayer retains a substantial interest in that trade or business.

(3) Any increase in tax under paragraph (1) shall not be treated as tax imposed by this part for purposes of determining the amount of any credit allowable under this part.

(4) At the close of the second taxable year, if the taxpayer has not increased the number of its employees as determined by paragraph (5) of subdivision (b), then the amount of the credit previously claimed shall be added to the taxpayer's net tax for the taxpayer's second taxable year.

(e) In the case of an estate or trust, both of the following apply:

(1) The qualified wages for any taxable year shall be apportioned between the estate or trust and the beneficiaries on the basis of the income of the estate or trust allocable to each.

(2) Any beneficiary to whom any qualified wages have been apportioned under paragraph (1) shall be treated (for purposes of this part) as the employer with respect to those wages.

(f) The credit shall be reduced by the credit allowed under Section 17053.7. The credit shall also be reduced by the federal credit allowed under Section 51 of the Internal Revenue Code.

In addition, any deduction otherwise allowed under this part for the wages or salaries paid or incurred by the taxpayer upon which the credit is based shall be reduced by the amount of the credit, prior to any reduction required by subdivision (g) or (h).

(g) In the case where the credit otherwise allowed under this section exceeds the "net tax" for the taxable year, that portion of the credit that exceeds the "net tax" may be carried over and added to the credit, if any, in succeeding years, until the credit is exhausted. The credit shall be applied first to the earliest taxable years possible.

(h) (1) The amount of credit otherwise allowed under this section and Section 17053.45, including prior year credit carryovers, that may reduce the "net tax" for the taxable year shall not exceed

the amount of tax that would be imposed on the taxpayer's business income attributed to a LAMBRA determined as if that attributed income represented all of the net income of the taxpayer subject to tax under this part.

(2) The amount of attributed income described in paragraph (1) shall be determined in accordance with the provisions of Chapter 17 (commencing with Section 25101) of Part 11, modified for purposes of this section as follows:

(A) Income shall be apportioned to a LAMBRA by multiplying total business income by a fraction, the numerator of which is the property factor plus the payroll factor, and the denominator of which is two.

(B) "The LAMBRA" shall be substituted for "this state."

(3) The portion of any credit remaining, if any, after application of this subdivision, shall be carried over to succeeding taxable years, as if it were an amount exceeding the "net tax" for the taxable year, as provided in subdivision (g).

(i) (1) In the case where "qualified wages" qualify for a credit under more than one section in this part, the taxpayer shall make an election as to which section applies to those qualified wages.

(2) Any election made under this section, and any specification contained in that election, may not be revoked except with the consent of the Franchise Tax Board.

(j) This section shall remain in effect only until December 1, 2003, and as of that date is repealed. However, any unused credit may continue to be carried forward as provided in subdivision (g), until the credit is exhausted.

SEC. 13. Section 17063 of the Revenue and Taxation Code is amended to read:

17063. (a) There shall be allowed as a credit against the net tax (as defined by Section 17039) for any taxable year an amount equal to the minimum tax credit for that taxable year.

(b) For purposes of subdivision (a), the minimum tax credit shall be determined in accordance with Section 53 of the Internal Revenue Code, except as otherwise provided in this part.

(c) For purposes of this chapter, the amount determined under Section 53(c)(1) of the Internal Revenue Code shall be the regular tax as defined by paragraph (2) of subdivision (b) of Section 17062, reduced by the sum of the credits allowable under this part, other than:

(1) The credits described in paragraph (6) of subdivision (a) of Section 17039.

(2) That portion of any credit which reduces the tax below the tentative minimum tax as provided in paragraph (1) of subdivision (c) of Section 17039.

(d) Section 53(d)(1)(B)(ii)(II) of the Internal Revenue Code, relating to credit not allowed for exclusion preferences, is modified to include subdivision (f) of Section 17062, as a specified item.

SEC. 14. Section 17207 of the Revenue and Taxation Code is amended to read:

17207. (a) An excess disaster loss, as defined in subdivision (c), shall be carried to other taxable years as provided in subdivision (b), with respect to losses resulting from any of the following disasters:

(b) (1) In the case of any loss allowed under Section 165(c) of the Internal Revenue Code, relating to limitation of losses of individuals, any excess disaster loss shall be carried forward to each of the five taxable years following the taxable year for which the loss is claimed. However, if there is any excess disaster loss remaining after the five-year period, then 50 percent of that excess disaster loss shall be carried forward to each of the next 10 taxable years.

(2) The entire amount of any excess disaster loss as defined in subdivision (c) shall be carried to the earliest of the taxable years to which, by reason of subdivision (b), the loss may be carried. The portion of the loss which shall be carried to each of the other taxable years shall be the excess, if any, of the amount of excess disaster loss over the sum of the adjusted taxable income for each of the prior taxable years to which that excess disaster loss is carried.

(c) "Excess disaster loss" means a disaster loss computed pursuant to Section 165 of the Internal Revenue Code which exceeds the adjusted taxable income of the year of loss or, if the election under Section 165(i) of the Internal Revenue Code is made, the adjusted taxable income of the year preceding the loss.

(d) For purposes of this section, "disaster losses" are losses that either qualified for treatment under Section 165(i) of the Internal Revenue Code or were sustained in any county or city in this state which is proclaimed by the Governor to be in a state of disaster.

(g) For losses described in paragraphs (15), (16), and (17) of subdivision (a), the election under Section 165(i) of the Internal Revenue Code may be made on a return or amended return filed on or before the due date of the return (determined with regard to extension) for the taxable year in which the disaster occurred.

(b) (1) In addition to any limited partnership that is doing business in this state and therefore is subject to the tax imposed by subdivision (a), for each taxable year beginning on or after January 1, 1997, every limited partnership that has executed, acknowledged, and filed a certificate of limited partnership with the Secretary of State pursuant to Section 15621 of the Corporations Code, and every foreign limited partnership that has registered with the Secretary of State pursuant to Section 15692 of the Corporations Code, shall pay annually the tax prescribed in subdivision (a). The tax shall be paid for each taxable year, or part thereof, until a certificate of dissolution or certificate of cancellation is filed on behalf of the limited partnership with the office of the Secretary of State pursuant to Section 15623 or 15696 of the Corporations Code.

(2) In the case of a limited partnership initially qualifying to do business in this state or that has filed its first certificate of limited partnership with the Secretary of State, a period of one-half month may be disregarded, for purposes of the tax imposed under subdivisions (a) and (b), provided that the partnership was not doing business in, and received no income from sources in, the state during that period.

(c) The tax imposed under this section shall be due and payable on the date the return is required to be filed under former Section 18432 or Section 18633.

(d) For purposes of this section, "limited partnership" means any partnership formed by two or more persons under the laws of this state or any other jurisdiction and having one or more general partners and one or more limited partners.

SEC. 19. Chapter 10.6 (commencing with Section 17941) is added to Part 10 of Division 2 of the Revenue and Taxation Code, to read:

CHAPTER 10.6. TAX AND FEES ON LIMITED LIABILITY COMPANIES

17941. (a) For each taxable year beginning on or after January 1, 1997, every limited liability company doing business in this state (as defined in Section 23101) and required to file a return under Section 18633.5, shall pay annually to this state a tax for the privilege of doing business in this state in an amount equal to the applicable amount specified in paragraph (1) of subdivision (d) of Section 23153 for the taxable year.

(b) In addition to any limited liability company which is doing business in this state and is therefore subject to the tax imposed by subdivision (a), for each taxable year beginning on or after January 1, 1997, a limited liability company shall pay annually the tax prescribed in subdivision (a) if articles of organization have been accepted, or a certificate of registration has been issued, by the office of the Secretary of State. The tax shall be paid for each taxable year, or part thereof, until a certificate of cancellation of registration or of articles of organization is filed on behalf of the limited liability company with the office of the Secretary of State.

(c) The tax assessed under this section shall be due and payable on or before the 15th day of the fourth month of the taxable year.

(d) For purposes of this section, "limited liability company" means any organization formed by one or more persons under the law of this state, any other country, or any other state, as a "limited liability company" and which is classified as a partnership for California tax purposes.

17942. (a) In addition to the tax imposed under Section 17941, every limited liability company subject to tax under Section 17941 shall pay annually to this state a fee equal to:

(1) Five hundred dollars ($500), if the total income from all sources reportable to this state for the taxable year is two hundred fifty thousand dollars ($250,000) or more, but less than five hundred thousand dollars ($500,000).

(2) One thousand five hundred dollars ($1,500), if the total income from all sources reportable to this state for the taxable year is five hundred thousand dollars ($500,000) or more, but less than one million dollars ($1,000,000).

(3) Three thousand dollars ($3,000), if the total income from all sources reportable to this state for the taxable year is one million dollars ($1,000,000) or more, but less than five million dollars ($5,000,000).

(4) Four thousand five hundred dollars ($4,500), if the total income from all sources reportable to this state for the taxable year is five million dollars ($5,000,000) or more.

(5) This subdivision shall apply to taxable years beginning on or after January 1, 1997.

(b) (1) For purposes of this section, "total income" means gross income, as defined in Section 24271, plus the cost of goods sold that are paid or incurred in connection with the trade or business of the taxpayer.

(2) In the event a taxpayer is a commonly controlled limited liability company, the total income from all sources reportable to this state, taking into account any election under Section 25110, may be determined by the Franchise Tax Board to be the total income of all the commonly controlled limited liability company members if it determines that multiple limited liability companies were formed for the primary purpose of reducing fees payable under this section. A determination by the Franchise Tax Board under this subdivision may only be made with respect to one limited liability company in a commonly controlled group. However, each commonly controlled limited liability company shall be jointly and severally liable for the fee. For purposes of this section, commonly controlled limited liability companies shall include the taxpayer and any other partnership or limited liability company doing business (as defined in Section 23101) in this state and required to file a return under Section 18633 or 18633.5, in which the same persons own, directly or indirectly, more than 50 percent of the capital interests or profits interests.

(c) The fee assessed under this section shall be due and payable on the date the return of the limited liability company is required to be filed under Section 18633.5, shall be collected and refunded in the same manner as the taxes imposed by this part, and shall be subject to interest and applicable penalties.

17943. (a) On or before January 1, 1999, and annually thereafter, the Franchise Tax Board shall conduct a study using the methodology and assumptions set forth in the report dated August 9, 1994, and titled "Methodology for the Limited Liability Company Fee Adjustment Calculation," which is hereby incorporated by reference into this section. The study shall be submitted to the Joint Legislative Budget Committee and made available, upon request, to any Member of the Legislature. If the Franchise Tax Board determines, in accordance with the methodology and assumptions set forth in the study referenced in this subdivision that the application of Chapter 1200 of the Statutes of 1994 results in a net gain or reduction in state income and franchise tax revenues, the Franchise Tax Board

annually shall, after a public hearing, increase or decrease the amounts of the fees imposed under Section 17942 in a manner that offsets the computed revenue gain or loss. Notwithstanding the above, in no case shall the amount of the fees be less than one dollar ($1).

(b) Limited liability companies shall provide, upon request, any information that the Secretary of State or the Franchise Tax Board determines to be necessary to complete the revenue analysis pursuant to this section.

(c) The annual increase or decrease in the amounts of the fees as determined by the Franchise Tax Board in accordance with this section shall apply to each taxable year beginning on or after January 1, 1999.

(d) The Secretary of State shall provide the Franchise Tax Board with an annual listing, in a form and manner agreed upon by the Franchise Tax Board and the Secretary of State, of the limited liability companies registered with the Secretary of State during the previous calendar year, including, but not limited to, the following information:

(1) The name and the mailing address of the limited liability company.

(2) The name of the state or foreign country in which the limited liability company has filed articles of organization.

(3) The intent of the limited liability company to be treated as a corporation or as a partnership for tax purposes in this state.

17944. (a) The effective date of dissolution, withdrawal, or cancellation of a limited liability company is the date on which the certified copy of the court decree, judgment, or order declaring the limited liability company duly wound up and dissolved is filed in the office of the Secretary of State or the date on which the certificate of winding up and dissolution is filed in the office of the Secretary of State. For the purposes of this chapter, the effective date of cancellation of registration of a foreign limited liability company is the date on which the certificate of cancellation of registration is filed in the office of the Secretary of State.

(b) The Secretary of State shall, through an information program and by forms and instructions, recommend that all required documents filed with the Secretary of State be sent, if mailed, by certified mail with return receipt requested. The Secretary of State shall also notify persons that receipt of documents by the Secretary of State will be acknowledged within 21 days of receipt.

(c) On or before 21 days after their receipt, the Secretary of State shall provide a payer with acknowledgment of the receipt of documents submitted by a limited liability company pursuant to this chapter.

17945. No decree of dissolution, withdrawal, or cancellation shall be made and entered by any court, nor shall the county clerk of any county or the Secretary of State file any decree of dissolution,

withdrawal, or cancellation or any other document by which the term of existence of the limited liability company shall be reduced or terminated, nor shall the Secretary of State file any certificate of the surrender or cancellation by a foreign limited liability company of its rights to do intrastate business in this state unless the limited liability company obtains from the Franchise Tax Board and files from the court, county clerk, or Secretary of State as the case may be, a tax clearance certificate indicating that the Franchise Tax Board is satisfied from the available evidence that all taxes and fees imposed by this chapter have been paid or are secured by bond, deposit, or otherwise. Within 30 days after receiving a request for a certificate, the Franchise Tax Board shall either issue the certificate or notify the person requesting the certificate of the amount of tax or fees that must be paid or the amount of bond, deposit, or other security that must be furnished as a condition of issuing the certificate. The issuance of the certificate shall not relieve the taxpayer or any individual, bank, or corporation from liability for any taxes, fees, penalties, or interest imposed by this code. The Franchise Tax Board shall furnish a copy of the tax clearance certificate to the Secretary of State.

17946. A limited liability company shall not be subject to the taxes and fees imposed by this chapter if the limited liability company did no business in this state during the taxable year and the taxable year was 15 days or less.

SEC. 20. Chapter 10.7 (commencing with Section 17948) is added to Part 10 of Division 2 of the Revenue and Taxation Code, to read:

CHAPTER 10.7. TAX ON REGISTERED LIMITED LIABILITY PARTNERSHIPS AND FOREIGN LIMITED LIABILITY PARTNERSHIPS

17948. (a) For each taxable year beginning on or after January 1, 1997, every limited liability partnership doing business in this state (as defined in Section 23101) and required to file a return under Section 18633 shall pay annually to the Franchise Tax Board a tax for the privilege of doing business in this state in an amount equal to the applicable amount specified in paragraph (1) of subdivision (d) of Section 23153 for the taxable year.

(b) In addition to any limited liability partnership that is doing business in this state and therefore is subject to the tax imposed by subdivision (a), for each taxable year beginning on or after January 1, 1997, every registered limited liability partnership that has registered with the Secretary of State pursuant to Section 15049 of the Corporations Code and every foreign limited liability partnership that has registered with the Secretary of State pursuant to Section 15055 of the Corporations Code shall pay annually the tax prescribed in subdivision (a). The tax shall be paid for each taxable year, or part thereof, until any of the following occurs:

(1) A notice of cessation is filed with the Secretary of State pursuant to subdivision (b) of Sections 15050 and 15056 of the Corporations Code.

(2) A foreign limited liability partnership withdraws its registration pursuant to subdivision (a) of Section 15056 of the Corporations Code.

(3) The registered limited liability partnership or foreign limited liability partnership has been dissolved and finally wound up.

(c) The tax assessed under this section shall be due and payable on the date the return is required to be filed under Section 18633.

17948.1. No decree of dissolution, withdrawal, or cancellation shall be made and entered by any court, nor shall the county clerk of any county or the Secretary of State file any decree of dissolution, withdrawal, or cancellation or any other document by which the term of existence of the registered limited liability partnership shall be reduced or terminated, nor shall the Secretary of State file any amended registration or notice by a foreign limited liability partnership that its rights to do intrastate business in this state have ceased or of its dissolution and winding up, unless the registered limited liability partnership or foreign limited liability partnership obtains from the Franchise Tax Board and files with the court, county clerk, or Secretary of State, as the case may be, a tax clearance certificate indicating that the Franchise Tax Board is satisfied from the available evidence that all taxes imposed by this chapter have been paid or are secured by bond, deposit, or otherwise. Within 30 days after receiving a request for a certificate, the Franchise Tax Board shall either issue the certificate or notify the person requesting the certificate of the amount of tax or fees that must be paid or the amount of bond, deposit, or other security that must be furnished as a condition of issuing the certificate. The issuance of the certificate shall not relieve the taxpayer or any individual, bank, or corporation from liability for any taxes, fees, penalties, or interest imposed by this code. The Franchise Tax Board shall furnish a copy of the tax clearance certificate to the Secretary of State.

17948.2. A registered limited liability partnership or foreign limited liability partnership shall not be subject to the taxes and fees imposed by this chapter if the registered limited liability partnership or foreign limited liability partnership did no business in this state during the taxable year and the taxable year was 15 days or less.

SEC. 21. Section 18152.5 of the Revenue and Taxation Code is amended to read:

18152.5. (a) For purposes of this part, gross income shall not include 50 percent of any gain from the sale or exchange of qualified small business stock held for more than five years.

(b) (1) If the taxpayer has eligible gain for the taxable year from one or more dispositions of stock issued by any corporation, the aggregate amount of the gain from dispositions of stock issued by the corporation which may be taken into account under subdivision (a)

for the taxable year shall not exceed the greater of either of the following:

(A) Ten million dollars ($10,000,000) reduced by the aggregate amount of eligible gain taken into account by the taxpayer under subdivision (a) for prior taxable years and attributable to dispositions of stock issued by the corporation.

(B) Ten times the aggregate adjusted bases of qualified small business stock issued by the corporation and disposed of by the taxpayer during the taxable year. For purposes of subparagraph (B), the adjusted basis of any stock shall be determined without regard to any addition to basis after the date on which the stock was originally issued.

(2) For purposes of this subdivision, the term "eligible gain" means any gain from the sale or exchange of qualified small business stock held for more than five years.

(3) (A) In the case of a married individual filing a separate return, subparagraph (A) of paragraph (1) shall be applied by substituting five million dollars ($5,000,000) for ten million dollars ($10,000,000).

(B) In the case of a married taxpayer filing a joint return, the amount of gain taken into account under subdivision (a) shall be allocated equally between the spouses for purposes of applying this subdivision to subsequent taxable years.

(C) For purposes of this subdivision, marital status shall be determined under Section 7703 of the Internal Revenue Code.

(c) For purposes of this section:

(1) Except as otherwise provided in this section, the term "qualified small business stock" means any stock in a C corporation which is originally issued after August 10, 1993, and before January 1, 1999, if both of the following apply:

(A) As of the date of issuance, the corporation is a qualified small business.

(B) Except as provided in subdivisions (f) and (h), the stock is acquired by the taxpayer at its original issue (directly or through an underwriter) in either of the following manners:

(i) In exchange for money or other property (not including stock).

(ii) As compensation for services provided to the corporation (other than services performed as an underwriter of the stock).

(2) (A) Stock in a corporation shall not be treated as qualified small business stock unless, during substantially all of the taxpayer's holding period for the stock, the corporation meets the active business requirements of subdivision (e) and the corporation is a C corporation.

(B) (i) Notwithstanding subdivision (e), a corporation shall be treated as meeting the active business requirements of subdivision (e) for any period during which the corporation qualifies as a specialized small business investment company.

(3) (A) Stock acquired by the taxpayer shall not be treated as qualified small business stock if, at any time during the four-year period beginning on the date two years before the issuance of the stock, the corporation issuing the stock purchased (directly or indirectly) any of its stock from the taxpayer or from a related person (within the meaning of Section 267(b) or 707(b)) to the taxpayer.

(B) Stock issued by a corporation shall not be treated as qualified small business stock if, during the two-year period beginning on the date one year before the issuance of the stock, the corporation made one or more purchases of its stock with an aggregate value (as of the time of the respective purchases) exceeding 5 percent of the aggregate value of all of its stock as of the beginning of the two-year period.

(C) If any transaction is treated under Section 304(a) of the Internal Revenue Code as a distribution in redemption of the stock of any corporation, for purposes of subparagraphs (A) and (B), the corporation shall be treated as purchasing an amount of its stock equal to the amount treated as a distribution in redemption of the stock of the corporation under Section 304(a) of the Internal Revenue Code.

(d) For purposes of this section:

(1) The term "qualified small business" means any domestic corporation (as defined in Section 7701(a)(4) of the Internal Revenue Code) which is a C corporation if all of the following apply:

(A) The aggregate gross assets of the corporation (or any predecessor thereof) at all times on or after July 1, 1993, and before the issuance did not exceed fifty million dollars ($50,000,000).

(B) For purposes of subparagraph (A), the adjusted basis of any property contributed to the corporation (or other property with a basis determined in whole or in part by reference to the adjusted

basis of property so contributed) shall be determined as if the basis of the property contributed to the corporation immediately after the contribution was equal to its fair market value as of the time of the contribution.

(3) (A) All corporations which are members of the same parent-subsidiary controlled group shall be treated as one corporation for purposes of this subdivision.

(B) For purposes of subparagraph (A), the term "parent-subsidiary controlled group" means any controlled group of corporations as defined in Section 1563(a)(1) of the Internal Revenue Code, except that both of the following shall apply:

(i) "More than 50 percent" shall be substituted for "at least 80 percent" each place it appears in Section 1563(a)(1) of the Internal Revenue Code.

(ii) Section 1563(a)(4) of the Internal Revenue Code shall not apply.

(e) (1) For purposes of paragraph (2) of subdivision (c), the requirements of this subdivision are met by a corporation for any period if during that period both of the following apply:

(A) At least 80 percent (by value) of the assets of the corporation are used by the corporation in the active conduct of one or more qualified trades or businesses in California.

(B) The corporation is an eligible corporation.

(2) For purposes of paragraph (1), if, in connection with any future qualified trade or business, a corporation is engaged in:

(A) Startup activities described in Section 195(c)(1)(A) of the Internal Revenue Code,

(B) Activities resulting in the payment or incurring of expenditures which may be treated as research and experimental expenditures under Section 174 of the Internal Revenue Code, or

(C) Activities with respect to in-house research expenses described in Section 41(b)(4) of the Internal Revenue Code, then assets used in those activities shall be treated as used in the active conduct of a qualified trade or business. Any determination under this paragraph shall be made without regard to whether a corporation has any gross income from those activities at the time of the determination.

(3) For purposes of this subdivision, the term "qualified trade or business" means any trade or business other than any of the following:

(A) Any trade or business involving the performance of services in the fields of health, law, engineering, architecture, accounting, actuarial science, performing arts, consulting, athletics, financial services, brokerage services, or any trade or business where the principal asset of the trade or business is the reputation or skill of one or more of its employees.

(C) A regulated investment company, real estate investment trust (REIT), or real estate mortgage investment conduit (REMIC).

(D) A cooperative.

(5) (A) For purposes of this subdivision, stock and debt in any subsidiary corporation shall be disregarded and the parent corporation shall be deemed to own its ratable share of the subsidiary's assets, and to conduct its ratable share of the subsidiary's activities.

(B) A corporation shall be treated as failing to meet the requirements of paragraph (1) for any period during which more than 10 percent of the value of its assets (in excess of liabilities) consists of stock or securities in other corporations which are not subsidiaries of the corporation (other than assets described in paragraph (6)).

(C) For purposes of this paragraph, a corporation shall be considered a subsidiary if the parent owns more than 50 percent of the combined voting power of all classes of stock entitled to vote, or more than 50 percent in value of all outstanding stock, of the corporation.

(6) For purposes of subparagraph (A) of paragraph (1), the following assets shall be treated as used in the active conduct of a qualified trade or business:

(A) Assets that are held as a part of the reasonably required working capital needs of a qualified trade or business of the corporation.

(B) Assets that are held for investment and are reasonably expected to be used within two years to finance research and experimentation in a qualified trade or business or increases in working capital needs of a qualified trade or business. For periods after the corporation has been in existence for at least two years, in no event may more than 50 percent of the assets of the corporation qualify as used in the active conduct of a qualified trade or business by reason of this paragraph.

(7) A corporation shall not be treated as meeting the requirements of paragraph (1) for any period during which more than 10 percent of the total value of its assets consists of real property that is not used in the active conduct of a qualified trade or business. For purposes of the preceding sentence, the ownership of, dealing in, or renting of, real property shall not be treated as the active conduct of a qualified trade or business.

(8) For purposes of paragraph (1), rights to computer software that produces active business computer software royalties (within the meaning of Section 543(d)(1) of the Internal Revenue Code) shall be treated as an asset used in the active conduct of a trade or business.

(9) A corporation shall not be treated as meeting the requirements of paragraph (1) for any period during which more than 20 percent of the corporation's total payroll expense is attributable to employment located outside of California.

(f) If any stock in a corporation is acquired solely through the conversion of other stock in the corporation that is qualified small business stock in the hands of the taxpayer, both of the following shall apply:

(1) The stock so acquired shall be treated as qualified small business stock in the hands of the taxpayer.

(2) The stock so acquired shall be treated as having been held during the period during which the converted stock was held.

(g) (1) If any amount included in gross income by reason of holding an interest in a pass-through entity meets the requirements of paragraph (2), then both of the following shall apply:

(A) The amount shall be treated as gain described in subdivision (a).

(B) For purposes of applying subdivision (b), the amount shall be treated as gain from a disposition of stock in the corporation issuing the stock disposed of by the pass-through entity and the taxpayer's proportionate share of the adjusted basis of the pass-through entity in the stock shall be taken into account.

(2) An amount meets the requirements of this paragraph if both of the following apply:

(A) The amount is attributable to gain on the sale or exchange by the pass-through entity of stock that is qualified small business stock in the hands of the entity (determined by treating the entity as an individual) and that was held by that entity for more than five years.

(B) The amount is includable in the gross income of the taxpayer by reason of the holding of an interest in the entity that was held by the taxpayer on the date on which the pass-through entity acquired the stock and at all times thereafter before the disposition of the stock by the pass-through entity.

(3) Paragraph (1) shall not apply to any amount to the extent the amount exceeds the amount to which paragraph (1) would have applied if the amount was determined by reference to the interest

the taxpayer held in the pass-through entity on the date the qualified small business stock was acquired.

(4) For purposes of this subdivision, the term "pass-through entity" means any of the following:

(A) Any partnership.

(B) Any S corporation.

(2) A transfer is described in this subdivision if the transfer is any of the following:

(A) By gift.

(B) At death.

(C) From a partnership to a partner of stock with respect to which requirements similar to the requirements of subdivision (g) are met at the time of the transfer (without regard to the five-year holding period requirement).

(3) Rules similar to the rules of Section 1244(d)(2) of the Internal Revenue Code shall apply for purposes of this section.

(4) (A) In the case of a transaction described in Section 351 of the Internal Revenue Code or a reorganization described in Section 368 of the Internal Revenue Code, if qualified small business stock is exchanged for other stock that would not qualify as qualified small business stock but for this subparagraph, the other stock shall be treated as qualified small business stock acquired on the date on which the exchanged stock was acquired.

(B) This section shall apply to gain from the sale or exchange of stock treated as qualified small business stock by reason of subparagraph (A) only to the extent of the gain that would have been recognized at the time of the transfer described in subparagraph (A) if Section 351 or 368 of the Internal Revenue Code had not applied at that time. The preceding sentence shall not apply if the stock that is treated as qualified small business stock by reason of subparagraph (A) is issued by a corporation that (as of the time of the transfer described in subparagraph (A)) is a qualified small business.

(C) For purposes of this paragraph, stock treated as qualified small business stock under subparagraph (A) shall be so treated for subsequent transactions or reorganizations, except that the limitation of subparagraph (B) shall be applied as of the time of the first transfer to which the limitation applied (determined after the application of the second sentence of subparagraph (B)).

(D) In the case of a transaction described in Section 351 of the Internal Revenue Code, this paragraph shall apply only if immediately after the transaction the corporation issuing the stock owns directly or indirectly stock representing control (within the meaning of Section 368(c) of the Internal Revenue Code) of the corporation whose stock was exchanged.

(i) For purposes of this section:

(1) In the case where the taxpayer transfers property (other than money or stock) to a corporation in exchange for stock in the corporation, both of the following shall apply:

(A) The stock shall be treated as having been acquired by the taxpayer on the date of the exchange.

(B) The basis of the stock in the hands of the taxpayer shall in no event be less than the fair market value of the property exchanged.

(2) If the adjusted basis of any qualified small business stock is adjusted by reason of any contribution to capital after the date on which the stock was originally issued, in determining the amount of the adjustment by reason of the contribution, the basis of the contributed property shall in no event be treated as less than its fair market value on the date of the contribution.

(j) (1) If the taxpayer has an offsetting short position with respect to any qualified small business stock, subdivision (a) shall not apply to any gain from the sale or exchange of the stock unless both of the following apply:

(A) The stock was held by the taxpayer for more than five years as of the first day on which there was such a short position.

(B) The taxpayer elects to recognize gain as if the stock was sold on that first day for its fair market value.

(2) For purposes of paragraph (1), the taxpayer shall be treated as having an offsetting short position with respect to any qualified small business stock if any of the following apply:

(A) The taxpayer has made a short sale of substantially identical property.

(B) The taxpayer has acquired an option to sell substantially identical property at a fixed price.

(C) To the extent provided in regulations, the taxpayer has entered into any other transaction that substantially reduces the risk of loss from holding the qualified small business stock. For purposes of the preceding sentence, any reference to the taxpayer shall be treated as including a reference to any person who is related (within the meaning of Section 267(b) or 707(b) of the Internal Revenue Code) to the taxpayer.

(k) The Franchise Tax Board may prescribe those regulations as may be appropriate to carry out the purposes of this section, including regulations to prevent the avoidance of the purposes of this section through splitups, shell corporations, partnerships, or otherwise.

(*l*) It is the intent of the Legislature that, in construing this section, any regulations that may be promulgated by the Secretary of the Treasury under Section 1202(k) of the Internal Revenue Code shall apply to the extent that those regulations do not conflict with this section or with any regulations that may be promulgated by the Franchise Tax Board.

SEC. 22. Section 18567 of the Revenue and Taxation Code is amended to read:

18567. (a) The Franchise Tax Board may grant a reasonable extension of time for filing any return, declaration, statement or other document required by Part 10 (commencing with Section 17001) or this part in the manner and form as the Franchise Tax Board may determine. Except for a taxpayer residing or traveling abroad, no extension shall be for more than six months. In the case of a taxpayer residing or traveling abroad, returns shall be filed no later than the 15th day of the sixth month following the close of the taxable year, unless the requirements for extension have been fulfilled on or before that date.

(b) An extension of time granted pursuant to this section is not an extension of time for payment of tax required to be paid on or before the due date of the return without regard to extension. Underpayment of tax penalties shall be imposed as provided by law without regard to any extension granted under this section.

(c) A reasonable extension for payment of tax required by this part may be granted by the Franchise Tax Board whenever in its judgment good cause exists.

SEC. 23. Section 18633 of the Revenue and Taxation Code is amended to read:

18633. (a) (1) Every partnership, within three months and 15 days after the close of its taxable year, shall make a return for that taxable year, stating specifically the items of gross income and the deductions allowed by Part 10 (commencing with Section 17001). Except as otherwise provided in Section 18621.5, the return shall include the names, addresses, and taxpayer identification numbers of the persons, whether residents or nonresidents, who would be entitled to share in the net income if distributed and the amount of the distributive share of each person. The return shall contain or be verified by a written declaration that it is made under the penalties of perjury, signed by one of the partners.

(2) In addition to returns required by paragraph (1), every limited partnership subject to the tax imposed by subdivision (b) of Section 17935 or 23081, within three months and 15 days after the close of its taxable year, shall make a return for that year that satisfies the requirements of paragraph (1).

(b) Each partnership required to file a return under subdivision (a) for any taxable year shall (on or before the day on which the return for that taxable year was required to be filed) furnish to each person who is a partner or who holds an interest in that partnership

as a nominee for another person at any time during that taxable year a copy of that information required to be shown on that return as may be required by regulations.

(c) Any person who holds an interest in a partnership as a nominee for another person shall do both of the following:

(1) Furnish to the partnership, in the manner prescribed by the Franchise Tax Board, the name, address, and taxpayer identification number of that other person, and any other information for that taxable year as the Franchise Tax Board may by form and regulation prescribe.

(2) Furnish to that other person, in the manner prescribed by the Franchise Tax Board, the information provided by that partnership under subdivision (b).

(d) The provisions of Section 6031(d) of the Internal Revenue Code, relating to the separate statement of items of unrelated business taxable income, shall apply.

(e) The amendments made to this section by the act adding this subdivision shall apply to returns required to be filed under subdivision (a) after the effective date of that act.

SEC. 24. Section 19132 of the Revenue and Taxation Code is amended to read:

19132. (a) (1) Unless it is shown that the failure is due to reasonable cause and not due to willful neglect, a penalty computed in accordance with paragraph (2) is hereby imposed in the case of failure to pay any of the following:

(A) The amount shown as tax on any return on or before the date prescribed for payment of that tax determined with regard to any extension of time for payment.

(B) Any amount in respect of any tax required to be shown on a return which is not so shown including an assessment made pursuant to Section 19051 within 10 days of the date of the notice and demand therefor.

(C) The amount required to be paid by Section 19021, if applicable, that is not paid.

(D) The amount required to be paid by Section 17941 or 23091, if applicable, that is not paid.

(E) The amount required to be paid by Section 17951 or 23097, if applicable, that is not paid.

(2) The penalty imposed under paragraph (1) shall consist of both of the following:

(A) Five percent of the total tax unpaid as defined in subdivision (c).

(B) An amount computed at the rate of 0.5 percent per month of the "remaining tax" as defined in subdivision (d) for each additional month or fraction thereof not to exceed 40 months during which the "remaining tax" is greater than zero.

(3) The aggregate amount of penalty imposed by this subdivision shall not exceed 25 percent of the total unpaid tax and shall be due

and payable upon notice and demand by the Franchise Tax Board. The tender of a check or money order does not constitute payment of the tax for purposes of this section unless the check or money order is paid on presentment.

(b) The penalty prescribed by subdivision (a) shall not be assessed if, for the same taxable year, the sum of any penalties imposed under Section 19131 relating to failure to file return and Section 19133 relating to failure to file return after demand is equal to or greater than the subdivision (a) penalty. In the event the penalty imposed under subdivision (a) is greater than the sum of any penalties imposed under Sections 19131 and 19133, the penalty imposed under subdivision (a) shall be the amount which exceeds the sum of any penalties imposed under Sections 19131 and 19133.

(c) For purposes of this section, total tax unpaid means the amount of tax shown on the return reduced by both of the following:

(1) The amount of any part of the tax which is paid on or before the date prescribed for payment of the tax.

(2) The amount of any credit against the tax which may be claimed upon the return.

(d) For purposes of this section, "remaining tax" means total tax unpaid reduced by the amount of any payment of the tax.

(e) If the amount required to be shown as a tax on a return is less than the amount shown as tax on that return, subdivisions (a), (c), and (d) shall be applied by substituting that lower amount.

(f) No interest shall accrue on the portion of the penalty prescribed in subparagraph (B) of paragraph (2) of subdivision (a).

SEC. 25. Section 19141.6 of the Revenue and Taxation Code is amended to read:

19141.6. (a) Each taxpayer determining its income subject to tax pursuant to Section 25101 or electing to file pursuant to Section 25110 shall, for income years beginning on or after January 1, 1994, maintain (in the location, in the manner, and to the extent prescribed in regulations which shall be promulgated by the Franchise Tax Board on or before December 31, 1995) and make available upon request all of the following:

(1) Any records as may be appropriate to determine the correct treatment of the components that are a part of one or more unitary businesses for purposes of determining the income derived from or attributable to this state pursuant to Section 25101 or 25110.

(2) Any records as may be appropriate to determine the correct treatment of amounts that are attributable to the classification of an item as business or nonbusiness income for purposes of Article 2 (commencing with Section 25120) of Chapter 17 of Part 11.

(3) Any records as may be appropriate to determine the correct treatment of the apportionment factors for purposes of Article 2 (commencing with Section 25120) of Chapter 17 of Part 11.

(4) Documents and information, including any questionnaires completed and submitted to the Internal Revenue Service that are

necessary to audit issues involving attribution of income to the United States or foreign jurisdictions under Section 882 or Subpart F of Part III of Subchapter N, or similar sections, of the Internal Revenue Code.

(b) For purposes of this section:

(1) Information for any year shall be retained for that period of time in which the taxpayers' income or franchise tax liability to this state may be subject to adjustment, including all periods in which additional income or franchise taxes may be assessed, not to exceed eight years from the due date or extended due date of the return, or during which a protest is pending before the Franchise Tax Board, or an appeal is pending before the State Board of Equalization or a lawsuit is pending in the courts of this state or the United States with respect to California franchise or income tax.

(2) "Related party" means banks and corporations that are related because one owns or controls directly or indirectly more than 50 percent of the stock of the other or because more than 50 percent of the voting stock of each is owned or controlled, directly or indirectly, by the same interests.

(3) "Records" includes any books, papers, or other data.

(c) (1) If a bank or corporation subject to this section fails to maintain or fails to cause another to maintain records as required by subdivision (a), or willfully fails to comply substantially with Section 18634 requiring the filing of an information return, that bank or corporation shall pay a penalty of ten thousand dollars ($10,000) for each income year with respect to which the failure occurs.

(2) If any failure described in paragraph (1) continues for more than 90 days after the day on which the Franchise Tax Board mails notice of the failure to the bank or corporation, that bank or corporation shall pay a penalty (in addition to the amount required under paragraph (1)) of ten thousand dollars ($10,000) for each 30-day period (or fraction thereof) during which the failure continues after the expiration of the 90-day period. The additional penalty imposed by this subdivision shall not exceed a maximum of fifty thousand dollars ($50,000) if the failure to maintain or the failure to cause another to maintain is not willful. This maximum shall apply with respect to income years beginning on or after January 1, 1994, and before the earlier of the first day of the month following the month in which regulations are adopted pursuant to this section or December 31, 1995.

(3) For purposes of this section, the time prescribed by regulations to maintain records (and the beginning of the 90-day period after notice by the Franchise Tax Board) shall be treated as not earlier than the last day on which (as shown to the satisfaction of the Franchise Tax Board) reasonable cause existed for failure to maintain the records.

(d) (1) The Franchise Tax Board may apply the rules of paragraph (2) whether or not the board begins a proceeding to

enforce a subpoena, or subpoena duces tecum, if subparagraphs (A), (B), and (C) apply:

(A) For purposes of determining the correct treatment under Part 11 (commencing with Section 23001) of the items described in subdivision (a), the Franchise Tax Board issues a subpoena or subpoena duces tecum to a bank or corporation to produce (either directly or as agent for the related party) any records or testimony.

(B) The subpoena or subpoena duces tecum is not quashed in a proceeding begun under paragraph (3) and is not determined to be invalid in a proceeding begun under Section 19504 to enforce the subpoena or subpoena duces tecum.

(C) The bank or corporation does not substantially comply in a timely manner with the subpoena or subpoena duces tecum and the Franchise Tax Board has sent by certified or registered mail a notice to that bank or corporation that it has not substantially complied.

(A) Building materials to replace or repair the taxpayer's building and fixtures.

(B) Machinery or equipment, excluding inventory, to be used by the taxpayer exclusively in the Los Angeles Revitalization Zone.

(3) "Zone expiration date" means the date the Los Angeles Revitalization Zone designation expires, is repealed, or becomes inoperative pursuant to Section 7102, 7103, or 7104 of the Government Code.

(c) (1) In the case where a credit is allowable for qualified property under more than one section in this part, the taxpayer shall make an election, on the original return filed for each year, as to which section applies to the qualified property.

(2) Any election made under this section, and any specification contained in that election, may not be revoked except with the consent of the Franchise Tax Board.

(d) In the case where the credit otherwise allowed under this section exceeds the tax for the income year, that portion of the credit that exceeds the tax may be carried over and added to the credit, if any, in succeeding income years for the number of income years in which the designation of the Los Angeles Revitalization Zone under Section 7102 of the Government Code is operative, or 15 income years, if longer, until the credit is exhausted. The credit shall be applied first to the earliest income year possible.

(e) Any taxpayer who elects to be subject to this section shall not be entitled to increase the basis of the property as otherwise required by Section 164(a) of the Internal Revenue Code with respect to the sales and use tax paid or incurred in connection with the taxpayer's purchase of qualified property.

(f) (1) The amount of credit otherwise allowed under this section and Sections 23623.5 and 23625, including any credit carryover from prior years, that may reduce the tax for the income year shall not exceed the amount of tax which would be imposed on the taxpayer's business income attributable to the Los Angeles Revitalization Zone (designated pursuant to Section 7102 of the Government Code) determined as if that attributable income represented all of the income of the taxpayer subject to tax under this part.

(2) The amount of attributable income described in paragraph (1) shall be that portion of the taxpayer's California source business income which is apportioned to the Los Angeles Revitalization Zone. For that purpose, the taxpayer's business income attributable to sources in this state first shall be determined in accordance with the

provisions of Chapter 17 (commencing with Section 25101). That business income shall be further apportioned to the Los Angeles Revitalization Zone in accordance with the provisions of Article 2 (commencing with Section 25120) of Chapter 17, modified as follows:

(A) Business income shall be apportioned to the Los Angeles Revitalization Zone by multiplying total California business income of the taxpayer by a fraction, the numerator of which is the property factor plus the payroll factor, and the denominator of which is two.

(B) The property factor is a fraction, the numerator of which is the average value of the taxpayer's real and tangible personal property owned or rented and used in the Los Angeles Revitalization Zone during the income year and the denominator of which is the average value of all the taxpayer's real and tangible personal property owned or rented and used in this state during the income year.

(C) The payroll factor is a fraction, the numerator of which is the total amount paid by the taxpayer in the Los Angeles Revitalization Zone during the income year for compensation, and the denominator of which is the total compensation paid by the taxpayer in this state during the income year.

(3) The portion of the credit remaining, if any, after application of this subdivision, shall be carried over to succeeding income years, as if it were an amount exceeding the tax for the income year, as provided in subdivision (d).

(g) If the qualified property is disposed of or no longer used by the taxpayer in the Los Angeles Revitalization Zone, at any time before the close of the second income year after the property is placed in service, the amount of the credit previously claimed shall be added to the taxpayer's tax liability in the income year of that disposition or nonuse.

(h) This section shall be inoperative as of the first day of the income year beginning on or after the determination date, and each income year thereafter, with respect to the taxpayer's business activities within a geographic area that is excluded from the map pursuant to Section 7102 of the Government Code, or an excluded area determined pursuant to Section 7104 of the Government Code. The determination date is the earlier of the first effective date of a determination under subdivision (c) of Section 7102 of the Government Code occurring after December 1, 1994, or the first effective date of an exclusion of an area from the amended Los Angeles Revitalization Zone under Section 7104 of the Government Code. However, if the taxpayer has any unused credit amount as of the date this section becomes inoperative, that unused credit amount may continue to be carried forward as provided in subdivision (d).

(i) This section shall remain in effect only until December 1, 1998, and as of that date is repealed. However, any unused credit may continue to be carried forward, as provided in subdivision (d).

SEC. 40. Section 23622 of the Revenue and Taxation Code is amended to read:

23622. (a) There shall be allowed as a credit against the "tax" (as defined by Section 23036) an amount equal to the sum of each of the following:

(1) Fifty percent for qualified wages in the first year of employment.

(2) Forty percent for qualified wages in the second year of employment.

(3) Thirty percent for qualified wages in the third year of employment.

(4) Twenty percent for qualified wages in the fourth year of employment.

(5) Ten percent for qualified wages in the fifth year of employment.

(b) For purposes of this section:

(1) "Qualified wages" means:

(A) That portion of wages paid or incurred by the employer during the income year to qualified disadvantaged individuals that does not exceed 150 percent of the minimum wage.

(B) Wages received during the 60-month period beginning with the day the individual commences employment with the taxpayer.

(2) "Minimum wage" means the wage established by the Industrial Welfare Commission as provided for in Chapter 1 (commencing with Section 1171) of Part 4 of Division 2 of the Labor Code.

(c) For purposes of this section:

(1) "Qualified disadvantaged individual" means an individual—

(A) Who is a qualified employee within the meaning of subdivision (d).

(B) Who is hired by the employer after the designation of the area in which services were performed as an enterprise zone (under Section 7073 of the Government Code).

(C) Who is any of the following immediately preceding the individual's commencement of employment with the taxpayer:

(i) An individual who is eligible for services under the federal Job Training Partnership Act (29 U.S.C. Sec. 1501 et seq.) and who is receiving, or is eligible to receive, subsidized employment, training, or services funded by the federal Job Training Partnership Act.

(ii) Any individual who is eligible to be a voluntary or mandatory registrant under the Greater Avenues for Independence Act of 1985 (GAIN) provided for pursuant to Article 3.2 (commencing with Section 11320) of Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code.

(iii) Any individual who is eligible as determined by the Employment Development Department under the federal Targeted Jobs Tax Credit Program as long as that program is in effect.

(2) Priority shall be provided to an individual who is enrolled in a qualified program under the federal Job Training Partnership Act

or the Greater Avenues for Independence Act of 1985 or who is eligible under the federal Targeted Jobs Tax Credit Program.

(d) For purposes of this section, "qualified employee" means an individual—

(1) At least 90 percent of whose services for the taxpayer during the income year are directly related to the conduct of the taxpayer's trade or business located in an enterprise zone, and

(2) Who performs at least 50 percent of his or her services for the taxpayer during the income year in an enterprise zone.

(e) The taxpayer shall do both of the following:

(1) Obtain from either the Employment Development Department or the local county or city Job Training Partnership Act administrative entity or the local county GAIN office or social services agency, as appropriate, a certification which provides that a qualified individual meets the eligibility requirements specified in subparagraph (C) of paragraph (1) of subdivision (c).

(2) Retain a copy of the certification and provide it upon request to the Franchise Tax Board.

(f) (1) For purposes of this section, all employees of all corporations which are members of the same controlled group of corporations shall be treated as employed by a single employer. In that case, the credit (if any) allowable by this section to each member shall be determined by reference to its proportionate share of the qualified wages giving rise to the credit. For purposes of this subdivision, "controlled group of corporations" has the meaning given to that term by Section 1563(a) of the Internal Revenue Code, except that—

(A) "More than 50 percent" shall be substituted for "at least 80 percent" each place it appears in Section 1563(a)(1) of the Internal Revenue Code.

(B) The determination shall be made without regard to subsections (a)(4) and (e)(3)(C) of Section 1563 of the Internal Revenue Code.

(2) If an employer acquires the major portion of a trade or business of another employer (hereinafter in this paragraph referred to as the "predecessor") or the major portion of a separate unit of a trade or business of a predecessor, then, for purposes of applying this section (other than subdivision (g)) for any calendar year ending after that acquisition, the employment relationship between an employee and an employer shall not be treated as terminated if the employee continues to be employed in that trade or business.

(g) (1) If the employment of any employee with respect to whom qualified wages are taken into account under subdivision (a) is terminated by the taxpayer at any time during the first 270 days of that employment (whether or not consecutive) or before the close of the 270th calendar day after the day in which that employee completes 90 days of employment with the taxpayer, the tax imposed by this part for the income year in which that employment is

terminated shall be increased by an amount equal to the credit allowed under subdivision (a) for that income year and all prior income years attributable to qualified wages paid or incurred with respect to that employee.

(2) (A) Paragraph (1) shall not apply to any of the following:

(i) A termination of employment of an employee who voluntarily leaves the employment of the taxpayer.

(ii) A termination of employment of an individual who, before the close of the period referred to in paragraph (1), becomes disabled and unable to perform the services of that employment, unless that disability is removed before the close of that period and the taxpayer fails to offer reemployment to that individual.

(iii) A termination of employment of an individual, if it is determined under the applicable unemployment compensation provisions that the termination was due to the misconduct of that individual.

(iv) A termination of employment of an individual due to a substantial reduction in the trade or business operations of the taxpayer.

(v) A termination of employment of an individual, if that individual is replaced by other qualified employees so as to create a net increase in both the number of employees and the hours of employment.

(B) For purposes of paragraph (1), the employment relationship between the taxpayer and an employee shall not be treated as terminated—

(i) By a transaction to which Section 381(a) of the Internal Revenue Code applies, if the employee continues to be employed by the acquiring corporation, or

(ii) By reason of a mere change in the form of conducting the trade or business of the taxpayer, if the employee continues to be employed in that trade or business and the taxpayer retains a substantial interest in that trade or business.

(3) Any increase in tax under paragraph (1) shall not be treated as tax imposed by this part for purposes of determining the amount of any credit allowable under this part.

(h) In the case of—

(1) An organization to which Section 593 of the Internal Revenue Code applies, and

(2) A regulated investment company or a real estate investment trust subject to taxation under this part, rules similar to the rules provided in subsections (e) and (h) of Section 46 of the Internal Revenue Code shall apply.

(i) For purposes of this section, "enterprise zone" means an area for which designation as an enterprise zone is in effect under Section 7073 of the Government Code.

(j) The credit shall be reduced by the credit allowed under Section 23621. The credit shall also be reduced by the federal credit allowed under Section 51 of the Internal Revenue Code.

In addition, any deduction otherwise allowed under this part for the wages or salaries paid or incurred by the taxpayer upon which the credit is based shall be reduced by the amount of the credit, prior to any reduction required by subdivision (k) or (*l*).

(k) In the case where the credit, if any, allowed under this section exceeds the "tax" for the income year, that portion of the credit which exceeds the "tax" may be carried over and added to the credit, if any, in the following year, and succeeding years if necessary, for the number of years in which the designation of an enterprise zone is binding, or 15 income years, if longer, until the credit is exhausted. The credit shall be applied first to the earliest income years possible.

(*l*) (1) The amount of the credit otherwise allowed under this section and Section 23612, including any credit carryover from prior years, that may reduce the "tax" for the income year shall not exceed the amount of tax which would be imposed on the taxpayer's business income attributed to the enterprise zone determined as if that attributed income represented all of the income of the taxpayer subject to tax under this part.

(2) The amount of attributed income described in paragraph (1) shall be determined in accordance with the provisions of Chapter 17 (commencing with Section 25101), modified for purposes of this section as follows:

(A) For income years beginning on or after January 1, 1991, and ending on or before December 31, 1996, income shall be apportioned to the enterprise zone by multiplying total business income by a fraction, the numerator of which is the property factor plus the payroll factor, and the denominator of which is two.

(B) "The enterprise zone" shall be substituted for "this state."

(3) The portion of any credit remaining, if any, after application of this subdivision, shall be carried over to succeeding income years, as if it were an amount exceeding the "tax" for the income year, as provided in subdivision (k).

SEC. 41. Section 23623 of the Revenue and Taxation Code is amended to read:

23623. (a) There shall be allowed as a credit against the "tax" (as defined by Section 23036) the amount determined in subdivisions (c) and (d) for a qualified business which hires a qualified employee.

(b) For purposes of this section:

(1) "Qualified business" means either (A) a qualified business, as defined in Section 7082 of the Government Code, or (B) a qualified business, as defined in Section 7082 of the Government Code, except that the percentage requirements with respect to employment of residents of a high-density unemployment area shall be applicable only to those employees hired within the 12 months immediately preceding the date that the business seeks certification from the

Trade and Commerce Agency and not to the entire work force of the business. A business that qualifies under clause (B) shall be a qualified business only for the purposes of this section, provided that the Trade and Commerce Agency certifies that the business meets the standards set forth in this paragraph.

(2) "Qualified employee" means an employee who has been an unemployed resident of a high-density unemployment area (as defined in Section 7082 of the Government Code) prior to being employed by the qualified business. For the purposes of this section, participation by a prospective employee in a state or federally funded job training or work demonstration program shall not constitute employment, or affect the eligibility of an otherwise qualified employee. Qualified employee includes an otherwise qualified employee who is employed by a qualified business in the 90 days prior to its certification by the Trade and Commerce Agency as a qualified business for the purpose of becoming eligible for that certification.

(c) The credit provided for each qualified employee who has been unemployed for at least six months prior to being employed pursuant to subdivision (a) shall be an amount equal to the sum of each of the following:

(1) Fifty percent for qualified wages in the first year of employment.

(2) Forty percent for qualified wages in the second year of employment.

(3) Thirty percent for qualified wages in the third year of employment.

(4) Twenty percent for qualified wages in the fourth year of employment.

(5) Ten percent for qualified wages in the fifth year of employment.

(d) The credit provided for each qualified employee who has been unemployed for at least three months but less than six months prior to being employed shall be 25 percent of qualified wages for the first year of employment; however, the credit for the second year of employment shall be that provided in paragraph (2) of subdivision (c), the credit for the third year of employment shall be that provided in paragraph (3) of subdivision (c), the credit for the fourth year of employment shall be that provided in paragraph (4) of subdivision (c), and the credit for the fifth year of employment shall be that provided in paragraph (5) of subdivision (c).

(e) For purposes of this section, "qualified wages" means that portion of wages not in excess of 150 percent of the minimum hourly wage paid or incurred by the qualified business during the income year to the qualified employee.

(f) (1) If the employment of any employee with respect to whom qualified wages are taken into account under subdivision (c) or (d) is terminated by the taxpayer at any time during the first 270 days of that employment (whether or not consecutive) or before the close

of the 270th calendar day after the day in which that employee completes 90 days of employment with the taxpayer, the tax imposed by this part for the income year in which that employment is terminated shall be increased by an amount equal to the credit allowed under subdivision (a) for that income year and all prior income years attributable to qualified wages paid or incurred with respect to that employee.

(2) Paragraph (1) shall not apply to any of the following:

(A) A termination of employment of an employee who voluntarily leaves the employment of the taxpayer.

(B) A termination of employment of an individual who, before the close of the period referred to in paragraph (1), becomes disabled to perform the services of that employment, unless that disability is removed before the close of that period and the taxpayer fails to offer reemployment to that individual.

(C) A termination of employment of an individual, if it is determined under the applicable unemployment compensation provisions that the termination was due to the misconduct of that individual.

(D) A termination of employment of an individual due to a substantial reduction in the trade or business operations of the taxpayer other than regularly occurring seasonal reductions.

(E) A termination of employment of an individual, if that individual is replaced by other qualified employees so as to create a net increase in both number of employees and hours of employment.

(F) For purposes of paragraph (1), the employment relationship between the taxpayer and an employee shall not be treated as terminated by reason of a mere change in the form of conducting the trade or business of the taxpayer, if the employee continues to be employed in that trade or business and the taxpayer retained a substantial interest in that trade or business.

(3) Any increase in tax under paragraph (1) shall not be treated as tax imposed by this part for purposes of determining the amount of any credit allowable under this part.

(g) The credit shall be reduced by the credit allowed under Section 23621. The credit shall also be reduced by the federal credit allowed under Section 51 of the Internal Revenue Code.

In addition, any deduction otherwise allowed under this part for wages or salaries paid or incurred by the taxpayer upon which the credit is based shall be reduced by the amount of the credit, prior to any reduction required by subdivision (h) or (i).

(h) In the case where the credit otherwise allowed under this section exceeds the "tax" for the income year, that portion of the credit which exceeds the "tax" may be carried over and added to the credit, if any, in the following year, and succeeding years if necessary, until the credit is exhausted. The credit shall be applied first to the earliest income years possible.

(i) (1) The amount of credit otherwise allowed under this section and Section 23612, including any credit carryover from prior years, that may reduce the "tax" for the income year shall not exceed the amount of tax which would be imposed on the taxpayer's business income attributed to the program area (as defined in Section 7082 of the Government Code) determined as if that attributed income represented all of the income of the taxpayer subject to tax under this part.

(2) The amount of attributed income described in paragraph (1) shall be determined in accordance with the provisions of Chapter 17 (commencing with Section 25101), modified for purposes of this section as follows:

(A) For income years beginning on or after January 1, 1991, and ending on or before December 31, 1996, income shall be apportioned to the program area by multiplying total business income by a fraction, the numerator of which is the property factor plus the payroll factor, and the denominator of which is two.

(B) "The program area" shall be substituted for "this state."

(3) The portion of any credit remaining, if any, after application of this subdivision, shall be carried over to succeeding income years, as if it were an amount exceeding the "tax" for the income year, as provided in subdivision (h).

SEC. 42. Section 23623.5 of the Revenue and Taxation Code is amended to read:

23623.5. (a) For each income year beginning on or after January 1, 1992, and before January 1, 1998, the taxpayer shall be allowed for hiring qualified disadvantaged individuals on or after May 1, 1992, a credit against the "tax," as defined in Section 23036, for the income year equal to the sum of each of the following:

(1) Fifty percent of qualified wages in the first year of employment.

(2) Forty percent of qualified wages in the second year of employment.

(3) Thirty percent of qualified wages in the third year of employment.

(4) Twenty percent of qualified wages in the fourth year of employment.

(5) Ten percent of qualified wages in the fifth year of employment.

(b) For purposes of this section:

(1) "Qualified wages" means:

(A) That portion of wages paid or incurred by the taxpayer during the income year to qualified disadvantaged individuals that does not exceed 150 percent of the minimum wage.

(B) Wages received during the 60-month period beginning with the day the disadvantaged individual commences employment with the taxpayer.

(C) Qualified wages does not include any wages paid or incurred by the taxpayer on or after the zone expiration date.

(D) If, after a taxpayer hires a qualified disadvantaged individual, the geographic area in which the taxpayer's trade or business is located is excluded from the map of the Los Angeles Revitalization Zone by the Trade and Commerce Agency pursuant to Section 7102 or 7104 of the Government Code, wages paid or incurred with respect to the disadvantaged individual may continue to be qualified wages and may qualify for the credit under this section, provided all provisions of this section are satisfied, applied as if the taxpayer's trade or business was still located within the Los Angeles Revitalization Zone.

(2) "Minimum wage" means the wage established by the Industrial Welfare Commission as provided for in Chapter 1 (commencing with Section 1171) of Part 4 of Division 2 of the Labor Code.

(3) "Qualified disadvantaged individual" means an individual who is a qualified employee and a resident of the Los Angeles Revitalization Zone.

(4) "Los Angeles Revitalization Zone" means the area designated under Section 7102 of the Government Code.

(5) "Qualified employee" means an individual that meets both of the following:

(A) At least 90 percent of whose services for the taxpayer during the income year are directly related to the conduct of the taxpayer's trade or business located in the Los Angeles Revitalization Zone.

(B) Who performs at least 50 percent of his or her services for the taxpayer during the income year in the Los Angeles Revitalization Zone.

(6) "Resident" means a "resident" as defined in Section 7101 of the Government Code.

(7) "Taxpayer" means a bank or corporation engaged in a trade or business within the Los Angeles Revitalization Zone.

(8) "Zone expiration date" means the date the Los Angeles Revitalization Zone designation expires, is repealed, or becomes inoperative pursuant to Section 7102, 7103, or 7104 of the Government Code.

(9) (A) All employees of all corporations that are members of the same controlled group of corporations shall be treated as employed by a single taxpayer.

(B) The credit, if any, allowable by this section to each member shall be determined by reference to its proportionate share of the expense of the qualified wages giving rise to the credit and allocated in that manner.

(C) "Controlled group of corporations" means "controlled group of corporations" as defined in Section 1563(a) of the Internal Revenue Code, except that:

(i) "More than 50 percent" shall be substituted for "at least 80 percent" each place it appears in Section 1563(a)(1) of the Internal Revenue Code.

(ii) The determination shall be made without regard to Sections 1563(a)(4) and 1563(e)(3)(C) of the Internal Revenue Code.

(10) If a taxpayer acquires the major portion of a trade or business of another employer (hereafter in this paragraph referred to as the "predecessor") or the major portion of a separate unit of a trade or business of a predecessor, then, for the purposes of applying this section (other than subdivision (c)) for any calendar year ending after that acquisition, the employment relationship between a disadvantaged individual and an employer shall not be treated as terminated if the individual continues to be employed in that trade or business.

(c) (1) If the employment of any disadvantaged individual, with respect to whom qualified wages are taken into account under subdivision (a), is terminated by the taxpayer at any time during the first 270 days of that employment (whether or not consecutive) or before the close of the 270th calendar day after the day in which that individual completes 90 days of employment with the taxpayer, the tax imposed by this part for the income year in which that employment is terminated shall be increased by an amount equal to the credit allowed under subdivision (a) for that income year and all prior income years attributable to qualified wages paid or incurred with respect to that individual.

(2) (A) Paragraph (1) shall not apply to any of the following:

(i) A termination of employment of a disadvantaged individual who voluntarily leaves the employment of the taxpayer.

(ii) A termination of employment of a disadvantaged individual who, before the close of the period referred to in paragraph (1), becomes disabled and unable to perform the services of that employment, unless that disability is removed before the close of that period and the taxpayer fails to offer reemployment to that individual.

(iii) A termination of employment of a disadvantaged individual, if it is determined under the applicable employment compensation provisions that the termination was due to the misconduct of that individual.

(iv) A termination of employment of a disadvantaged individual due to a substantial reduction in the trade or business operations of the taxpayer.

(v) A termination of employment of a disadvantaged individual, if that individual is replaced by other qualified employees so as to create a net increase in both the number of employees and the hours of employment.

(B) For purposes of paragraph (1), the employment relationship between the taxpayer and a disadvantaged individual shall not be treated as terminated by either of the following:

(i) By a transaction to which Section 381(a) of the Internal Revenue Code applies, if the individual continues to be employed by the acquiring corporation.

(ii) By reason of a mere change in the form of conducting the trade or business of the taxpayer, if the individual continues to be employed in that trade or business and the taxpayer retains a substantial interest in that trade or business.

(3) Any increase in tax under paragraph (1) shall not be treated as tax imposed by this part for purposes of determining the amount of any credit allowable under this part.

(d) In the case of an organization to which Section 593 of the Internal Revenue Code applies, and a regulated investment company or a real estate investment trust subject to taxation under this part, rules similar to the rules provided in Sections 46(e) and 46(h) of the Internal Revenue Code shall apply.

(e) The credit shall be reduced by the credits allowed under Sections 23621, 23622, 23623, and 23625, claimed for the same disadvantaged individual. The credit shall also be reduced by the federal credit allowed under Section 51 of the Internal Revenue Code.

In addition, any deduction otherwise allowed under this part for the wages or salaries paid or incurred by the taxpayer upon which the credit is based shall be reduced by the amount of the credit, prior to any reduction required by subdivision (f) or (g).

(f) In the case where the credit otherwise allowed under this section exceeds tax for the income year, that portion of the credit that exceeds the tax may be carried over and added to the credit, if any, in succeeding income years while the designation of the Los Angeles Revitalization Zone under Section 7102 of the Government Code is operative or 15 income years, if longer, until the credit is exhausted. The credit shall be applied first to the earliest income years possible.

(g) (1) The amount of credit otherwise allowed under this section and Sections 23612.6 and 23625, including any credit carryover from prior years, that may reduce the tax for the income year shall not exceed the amount of tax that would be imposed on the taxpayer's business income attributable to the Los Angeles Revitalization Zone determined as if that attributable income represented all of the income of the taxpayer subject to tax under this part.

(2) The amount of attributable income described in paragraph (1) shall be that portion of the taxpayer's California source business income which is apportioned to the Los Angeles Revitalization Zone. For that purpose, the taxpayer's business income attributable to sources in this state first shall be determined in accordance with the provisions of Chapter 17 (commencing with Section 25101). That business income shall be further apportioned to the Los Angeles Revitalization Zone in accordance with the provisions of Article 2 (commencing with Section 25120) of Chapter 17, modified as follows:

(A) Business income shall be apportioned to the Los Angeles Revitalization Zone by multiplying total California business income of the taxpayer by a fraction, the numerator of which is the property factor plus the payroll factor, and the denominator of which is two.

(B) The property factor is a fraction, the numerator of which is the average value of the taxpayer's real and tangible personal property owned or rented and used in the Los Angeles Revitalization Zone during the income year and the denominator of which is the average value of all the taxpayer's real and tangible personal property owned or rented and used in this state during the income year.

(C) The payroll factor is a fraction, the numerator of which is the total amount paid by the taxpayer in the Los Angeles Revitalization Zone during the income year for compensation, and the denominator of which is the total compensation paid by the taxpayer in this state during the income year.

(3) The portion of the credit remaining, if any, after application of this subdivision, shall be carried over to succeeding income years, as if it were an amount exceeding the tax for the income year, as provided in subdivision (f).

(h) Except as provided in subparagraph (D) of paragraph (1) of subdivision (b), this section shall be inoperative on the first day of the income year beginning on or after the determination date, and each income year thereafter, with respect to the taxpayer's business activities within a geographic area that is excluded from the map pursuant to Section 7102 of the Government Code, or an excluded area determined pursuant to Section 7104 of the Government Code. The determination date is the earlier of the first effective date of a determination under subdivision (c) of Section 7102 of the Government Code occurring after December 1, 1994, or the first effective date of an exclusion of an area from the amended Los Angeles Revitalization Zone under Section 7104 of the Government Code. However, if the taxpayer has any unused credit amount as of the date this section becomes inoperative, that unused credit amount may continue to be carried forward as provided in subdivision (f).

(i) This section shall remain in effect only until December 1, 1998, and as of that date is repealed. However, any unused credit may continue to be carried forward, as specified in subdivision (f).

SEC. 43. Section 23625 of the Revenue and Taxation Code is amended to read:

23625. (a) For each income year beginning on or after January 1, 1992, and before January 1, 1998, there shall be allowed to a taxpayer who employs qualified employees in the Los Angeles Revitalization Zone during the income year as a credit against the "tax," as defined in Section 23036, an amount equal to the sum of the following:

(1) One hundred percent of the qualified wages paid or incurred during the period from May 1, 1992, to the end of the sixth full month

after the designation of the Los Angeles Revitalization Zone with respect to qualified employees that are hired during that period.

(2) Seventy-five percent of the qualified wages paid or incurred during the period from the beginning of the seventh month after designation to the end of the 12th full month after designation with respect to qualified employees that are hired during that period.

(3) Fifty percent of the qualified wages paid or incurred during the period from the beginning of the 13th month after designation to the end of the 60th full month after designation with respect to qualified employees that are hired during that period.

(b) For purposes of this section:

(1) (A) "Qualified wages" means that portion of wages paid or incurred by the taxpayer for construction work in the Los Angeles Revitalization Zone during the income year with respect to qualified employees which does not exceed 150 percent of the minimum wage.

(B) If, after a taxpayer hires a qualified employee, the geographic area in which the taxpayer's trade or business is located is excluded from the map of the Los Angles Revitalization Zone by the Trade and Commerce Agency pursuant to Section 7102 or 7104 of the Government Code, wages paid or incurred with respect to the qualified employee may continue to be qualified wages and may qualify for the credit under this section, provided all provisions of this section are satisfied, applied as if the taxpayer's trade or business was still located within the Los Angeles Revitalization Zone.

(2) "Minimum wage" means the wage established by the Industrial Welfare Commission as provided for in Chapter 1 (commencing with Section 1171) of Part 4 of Division 2 of the Labor Code.

(3) "Qualified employee" means an individual to whom both of the following apply:

(A) Is a resident, as defined in Section 7101 of the Government Code, in the Los Angeles Revitalization Zone.

(B) Was hired by the taxpayer to perform construction work in the Los Angeles Revitalization Zone.

(4) "Los Angeles Revitalization Zone" means the area designated pursuant to Section 7102 of the Government Code.

(5) "Construction work" means any work performed by a qualified employee directly related to the erection, demolition, repair, or renovation of a structure located within the Los Angeles Revitalization Zone.

(6) "Taxpayer" means a bank or corporation engaged in a trade or business within the Los Angeles Revitalization Zone.

(c) If an employer acquires the major portion of a trade or business of another employer (hereafter in this subdivision referred to as the "predecessor") or the major portion of a separate unit of a trade or business of a predecessor, then, for the purposes of applying this section, other than subdivision (h), for any income year ending after the acquisition, the employment relationship between a

qualified employee and employer shall not be treated as terminated if the employee continues to be employed in that trade or business.

(d) The credit shall be reduced by the credits allowable under Sections 23621, 23622, 23623, and 23623.5 claimed for the same qualified employee. The credit shall also be reduced by the credit allowed under Section 51 of the Internal Revenue Code for the same qualified employee.

(e) Any deduction otherwise allowed under this part for the wages or salaries paid or incurred by the taxpayer upon which the credit is based shall be reduced by the amount of credit, prior to any reduction required by subdivision (f) or (g).

(f) In the case where the credit otherwise allowed under this section exceeds the tax for the income year, that portion of the credit that exceeds the tax may be carried over and added to the credit, if any, in succeeding income years for the number of income years in which the designation of the Los Angeles Revitalization Zone under Section 7102 of the Government Code is operative, or 15 income years, if longer, until the credit is exhausted. The credit shall be applied first to the earliest income year possible.

(g) (1) The amount of credit otherwise allowed under this section and Sections 23612.6 and 23623.5, including any credit carryover from prior years, that may reduce the tax for the income year shall not exceed the amount of tax that would be imposed on the taxpayer's business income attributable to the Los Angeles Revitalization Zone determined as if that attributable income represented all of the income of the taxpayer subject to tax under this part.

(2) The amount of attributable income described in paragraph (1) shall be that portion of the taxpayer's California source business income which is apportioned to the Los Angeles Revitalization Zone. For that purpose, the taxpayer's business income attributable to sources in this state first shall be determined in accordance with the provisions of Chapter 17 (commencing with Section 25101). That business income shall be further apportioned to the Los Angeles Revitalization Zone in accordance with the provisions of Article 2 (commencing with Section 25120) of Chapter 17 of Part 11, modified as follows:

(A) Business income shall be apportioned to the Los Angeles Revitalization Zone by multiplying total California business income of the taxpayer by a fraction, the numerator of which is the property factor plus the payroll factor, and the denominator of which is two.

(B) The property factor is a fraction, the numerator of which is the average value of the taxpayer's real and tangible personal property owned or rented and used in the Los Angeles Revitalization Zone during the income year and the denominator of which is the average value of all the taxpayer's real and tangible personal property owned or rented and used in this state during the income year.

(C) The payroll factor is a fraction, the numerator of which is the total amount paid by the taxpayer in the Los Angeles Revitalization Zone during the income year for compensation, and the denominator of which is the total compensation paid by the taxpayer in this state during the income year.

(3) The portion of the credit remaining, if any, after application of this subdivision, shall be carried over to succeeding income years, as if it were an amount exceeding the tax for the income year, as provided in subdivision (f).

(h) (1) If the employment of any qualified employee, with respect to whom qualified wages are taken into account under subdivision (a) is terminated by the taxpayer at any time during the first 270 days of that employment (whether or not consecutive) or before the close of the 270th calendar day after the day in which that employee completes 90 days of employment with the taxpayer, the tax imposed by this part for the income year in which that employment is terminated shall be increased by an amount equal to the credit allowed under subdivision (a) for that income year and all prior income years attributable to qualified wages paid or incurred with respect to that employee.

(2) (A) Paragraph (1) shall not apply to any of the following:

(i) A termination of employment of a qualified employee who voluntarily leaves the employment of the taxpayer.

(ii) A termination of employment of a qualified employee who, before the close of the period referred to in paragraph (1), becomes disabled and unable to perform the services of that employment, unless that disability is removed before the close of that period and the taxpayer fails to offer reemployment to that qualified employee.

(iii) A termination of employment of a qualified employee, if it is determined under the applicable employment compensation provisions that the termination was due to the misconduct of that qualified employee.

(iv) A termination of employment of a qualified employee due to a substantial reduction in the trade or business operations of the taxpayer.

(v) A termination of employment of a qualified employee, if that qualified employee is replaced by other qualified employees so as to create a net increase in both the number of employees and the hours of employment.

(vi) A termination of employment due to a contractual agreement.

(B) For purposes of paragraph (1), the employment relationship between the taxpayer and a qualified employee shall not be treated as terminated by reason of a mere change in the form of conducting the trade or business of the taxpayer, if the qualified employee continues to be employed in that trade or business and the taxpayer retains a substantial interest in that trade or business.

(i) Except as provided in subparagraph (B) of paragraph (1) of subdivision (b), this section shall cease to be operative on the first day of the income year beginning on or after the determination date, and each income year thereafter, with respect to the taxpayer's business activities within a geographic area that is excluded from the map pursuant to Section 7102 of the Government Code, or an excluded area determined pursuant to Section 7104 of the Government Code. For purposes of this subdivision, "determination date" means the earlier of the first effective date of a determination under subdivision (c) of Section 7102 of the Government Code occurring after December 1, 1994, or the first effective date of an exclusion of an area from the amended Los Angeles Revitalization Zone under Section 7104 of the Government Code. However, if the taxpayer has any unused credit amount as of the date this section becomes inoperative, that unused credit amount may continue to be carried forward as provided in subdivision (f).

(j) This section shall remain in effect only until December 1, 1998, and as of that date is repealed. However, any unused credit may continue to be carried forward, as provided in subdivision (f).

SEC. 44. Section 23645 of the Revenue and Taxation Code is amended to read:

23645. (a) For each income year beginning on or after January 1, 1995, and before January 1, 2003, there shall be allowed as a credit against the "tax" (as defined by Section 23036) for the income year an amount equal to the sales or use tax paid or incurred by the taxpayer in connection with the purchase of qualified property to the extent that the qualified property does not exceed a value of twenty million dollars ($20,000,000).

(b) For purposes of this section:

(1) "LAMBRA" means a local agency military base recovery area designated in accordance with Section 7114 of the Government Code.

(2) "Taxpayer" means a bank or corporation that conducts a trade or business within a LAMBRA and, for the first two income years, has a net increase in jobs (defined as 2,000 paid hours per employee per year) of one or more employees in the LAMBRA.

(A) The net increase in the number of jobs shall be determined by subtracting the total number of full-time employees (defined as 2,000 paid hours per employee per year) the taxpayer employed in this state in the income year prior to commencing business operations in the LAMBRA from the total number of full-time employees the taxpayer employed in this state during the second income year after commencing business operations in the LAMBRA. For taxpayers who commence doing business in this state with their LAMBRA business operation, the number of employees for the income year prior to commencing business operations in the LAMBRA shall be zero. If the taxpayer has a net increase in jobs in

the state, the credit shall be allowed only if one or more full-time employees is employed within the LAMBRA.

(B) The total number of employees employed in the LAMBRA shall equal the sum of both of the following:

(i) The total number of hours worked in the LAMBRA for the taxpayer by employees (not to exceed 2,000 hours per employee) who are paid an hourly wage divided by 2,000.

(ii) The total number of months worked in the LAMBRA for the taxpayer by employees that are salaried employees divided by 12.

(C) In the case of a taxpayer who first commences doing business in the LAMBRA during the income year, for purposes of clauses (i) and (ii), respectively, of subparagraph (B) the divisors "2,000" and "12" shall be multiplied by a fraction, the numerator of which is the number of months of the income year that the taxpayer was doing business in the LAMBRA and the denominator of which is 12.

(3) "Qualified property" means the purchase of any of the following for exclusive use in a LAMBRA:

(A) High technology equipment, including, but not limited to, computers and electronic processing equipment.

(B) Aircraft maintenance equipment, including, but not limited to, engine stands, hydraulic mules, power carts, test equipment, handtools, aircraft start carts, and tugs.

(C) Aircraft components, including, but not limited to, engines, fuel control units, hydraulic pumps, avionics, starts, wheels, and tires.

(D) Any property that is Section 1245 property, as defined in Section 1245(a)(3) of the Internal Revenue Code.

(c) The credit provided under subdivision (a) shall only be allowed for qualified property manufactured in California unless qualified property of a comparable quality and price is not available for timely purchase and delivery from a California manufacturer.

(d) In the case where the credit otherwise allowed under this section exceeds the "tax" for the income year, that portion of the credit which exceeds the "tax" may be carried over and added to the credit, if any, in succeeding years, until the credit is exhausted. The credit shall be applied first to the earliest income years possible.

(e) Any taxpayer who elects to be subject to this section shall not be entitled to increase the basis of the property as otherwise required by Section 164(a) of the Internal Revenue Code with respect to sales or use tax paid or incurred in connection with the purchase of qualified property.

(f) (1) The amount of the credit otherwise allowed under this section and Section 23646, including any credit carryovers from prior years, that may reduce the "tax" for the income year shall not exceed the amount of tax that would be imposed on the taxpayer's business income attributed to a LAMBRA determined as if that attributable income represented all the income of the taxpayer subject to tax under this part.

(2) The amount of attributable income described in paragraph (1) shall be determined in accordance with the provisions of Chapter 17 (commencing with Section 25101), modified for purposes of this section as follows:

(A) Income shall be apportioned to a LAMBRA by multiplying total business income by a fraction, the numerator of which is the property factor, plus the payroll factor, and the denominator of which is two.

(B) "The LAMBRA" shall be substituted for "this state."

(3) The portion of any credit remaining, if any, after application of this subdivision, shall be carried over to succeeding income years, as if it were an amount exceeding the "tax" for the income year, as provided in subdivision (d).

(g) (1) If the qualified property is disposed of or no longer used by the taxpayer in the LAMBRA, at any time before the close of the second taxable year after the property is placed in service, the amount of the credit previously claimed, with respect to that property, shall be added to the taxpayer's tax liability in the taxable year of that disposition or nonuse.

(2) At the close of the second income year, if the taxpayer has not increased the number of its employees as determined by paragraph (2) of subdivision (b), then the amount of the credit previously claimed shall be added to the taxpayer's tax for the taxpayer's second income year.

(h) In the case where "qualified property" qualifies for a credit under more than one section in this part, the taxpayer shall make an election as to which section applies to the qualified property.

(i) This section shall remain in effect only until December 1, 2003, and as of that date is repealed. However, any unused credit may continue to be carried forward as provided in subdivision (d), until the credit is exhausted.

(A) The net increase in the number of jobs shall be determined by subtracting the total number of full-time employees (defined as 2,000 paid hours per employee per year) the taxpayer employed in this state in the income year prior to commencing business operations in the LAMBRA from the total number of full-time employees the taxpayer employed in this state during the second income year after commencing business operations in the LAMBRA. For taxpayers who commence doing business in this state with their LAMBRA business operation, the number of employees for the income year prior to commencing business operations in the LAMBRA shall be zero. (2) For purposes of this subdivision, "controlled group of corporations" has the meaning given to that term by Section 1563(a)

of the Internal Revenue Code, except that both of the following apply:

shareholder's pro rata share of the income attributable to California sources.

(2) An "S corporation" shall include in its return for each income year a list of shareholders in the form and in the manner prescribed by the Franchise Tax Board.

(3) Failure to meet the requirements of this subdivision shall be grounds for retroactive revocation by the Franchise Tax Board of the election pursuant to this chapter.

(c) Except as provided in subdivision (d), a corporation that makes a valid election to be treated as an "S corporation" for purposes of this part shall not be included in a combined report pursuant to Article 1 (commencing with Section 25101) of Chapter 17.

(d) (1) In cases where the Franchise Tax Board determines that the reported income or loss of a group of commonly owned or controlled corporations (within the meaning of Section 25105), which includes one or more corporations electing to be treated as an "S corporation" under Chapter 4.5 (commencing with Section 23800), does not clearly reflect income (or loss) of a member of that group or represents an evasion of tax by one or more members of that group, and the Franchise Tax Board determines that the comparable uncontrolled price method prescribed by regulations pursuant to Section 482 of the Internal Revenue Code cannot practically be applied, the Franchise Tax Board may, in lieu of other methods prescribed by regulations pursuant to Section 482 of the Internal Revenue Code, apply methods of unitary combination, pursuant to Article 1 (commencing with Section 25101) of Chapter 17, to properly reflect the income or loss of the members of the group.

(2) The application of the provisions of this subdivision shall not affect the election of any corporation to be treated as an "S corporation."

(e) The tax for a "C corporation" for a short year shall be determined in accordance with Chapter 13 (commencing with Section 24631), in lieu of Section 1362(e)(5) of the Internal Revenue Code.

(f) (1) A termination of a federal election pursuant to Section 1362(d) of the Internal Revenue Code, that is not an inadvertent termination pursuant to Section 1362(f) of the Internal Revenue Code, shall simultaneously terminate the "S corporation" election for purposes of Part 10 (commencing with Section 17001) and this part.

(2) A federal termination by revocation shall be effective for purposes of this part and shall be reported to the Franchise Tax Board in the form and manner prescribed by the Franchise Tax Board no later than the last date allowed for filing federal termination for that year under Section 1362(d) of the Internal Revenue Code.

(3) A corporation which is qualified to do business in California and has in effect a valid "S" election under Section 1362(a) of the Internal Revenue Code, may revoke its "S" election for purposes of

this part without revoking its federal election. The revocation for purposes of this part shall be made by providing a written notification to the Franchise Tax Board in the form and manner prescribed by the Franchise Tax Board which includes the California corporation number and meets the requirements of Section 1362(d)(1) of the Internal Revenue Code.

(g) For income years beginning on or after January 1, 1990, if a corporation, which has in effect a valid "S" election under Section 1362(a) of the Internal Revenue Code, fails to make a "C corporation" election under clause (ii) of subparagraphs (A) and (C) of paragraph (4) of subdivision (a) or to terminate by revocation under paragraph (3) of subdivision (f), the corporation shall be treated as an "S corporation" pursuant to subparagraph (A) of paragraph (4) of subdivision (a).

[Approved by Governor September 26, 1996. Filed with Secretary of State September 26, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 12.8 (commencing with Section 7070) of Division 7 of Title 1 of the Government Code is repealed.

SEC. 2. Chapter 12.8 (commencing with Section 7070) is added to Division 7 of Title 1 of the Government Code, to read:

CHAPTER 12.8. ENTERPRISE ZONE ACT

7070. This chapter shall be known and may be cited as the Enterprise Zone Act.

7071. The Legislature finds and declares as follows:

(a) The health, safety, and welfare of the people of California depend upon the development, stability, and expansion of private business, industry, and commerce, and there are certain areas within the state that are economically depressed due to a lack of investment in the private sector. Therefore, it is declared to be the purpose of this chapter to stimulate business and industrial growth in the depressed areas of the state by relaxing regulatory controls that impede private investment.

(b) It is in the economic interest of the state to have one strong, combined, and business-friendly incentive program to help attract business and industry to the state, to help retain and expand existing state business and industry, and to create increased job opportunities for all Californians.

(c) No enterprise zone shall be designated in which any boundary thereof is drawn in a manner so as to include larger stable businesses or heavily residential areas to the detriment of areas that are truly economically depressed.

(d) Nothing in this chapter shall be construed to infringe upon regulations relating to the civil rights, equal employment rights, equal opportunity rights, or fair housing rights of any person.

7072. For purposes of this chapter, the following definitions shall apply:

(a) "Agency" means the Trade and Commerce Agency.

(b) "Date of original designation" means the earlier of the following:

(1) The date the eligible area receives designation as an enterprise zone by the agency pursuant to this chapter.

(2) In the case of an enterprise zone deemed designated pursuant to subdivision (e) of Section 7073, the date the enterprise zone or program area received original designation by the agency pursuant to Chapter 12.8 (commencing with Section 7070) or Chapter 12.9 (commencing with Section 7080), as those chapters read prior to January 1, 1997.

(c) "Eligible area" means either of the following:

(1) An area designated as an enterprise zone pursuant to Chapter 12.8 (commencing with Section 7070), as it read prior to January 1, 1997, or as a targeted economic development area, neighborhood development area, or program area pursuant to Chapter 12.9 (commencing with Section 7080), as it read prior to January 1, 1997.

(2) A geographic area that, based upon the determination of the agency, fulfills at least one of the following:

(A) The proposed geographic area meets the Urban Development Action Grant criteria of the United States Department of Housing and Urban Development.

(B) The area within the proposed zone has experienced plant closures within the past two years affecting more than 100 workers.

(C) The city or county has submitted material to the agency for a finding that the proposed geographic area meets criteria of economic distress related to those used in determining eligibility under the Urban Development Action Grant Program and is therefore an eligible area.

(D) The area within the proposed zone has a history of gang-related activity, whether or not crimes of violence have been committed.

(d) "Enterprise zone" means any area within a city, county, or city and county that is designated as such by the agency in accordance with the provisions of Section 7073.

(e) "Governing body" means a county board of supervisors or a city council, as appropriate.

(f) "High technology industries" include, but are not limited to, the computer, biological engineering, electronics, and telecommunications industries.

(g) "Resident," unless otherwise defined, means a person whose principal place of residence is within a targeted employment area.

(h) "Targeted employment area" means an area within a city, county, or city and county that is composed solely of those census tracts designated by the United States Department of Housing and Urban Development as having at least 51 percent of its residents of low- or moderate-income levels, using the most recent United States Department of Census data available at the time of application to determine that eligibility. The purpose of a "targeted employment area" is to encourage businesses in an enterprise zone to hire eligible residents of certain geographic areas within a city, county, or city and county. A targeted employment area may be, but is not required to be, the same as all or part of an enterprise zone. A targeted

employment area's boundaries need not be contiguous. A targeted employment area does not need to encompass each eligible census tract within a city, county, or city and county. The governing body of each city, county or city and county that has jurisdiction of the enterprise zone shall identify those census tracts whose residents are in the most need of this employment targeting. Only those census tracts within the jurisdiction of the city, county, or city and county that has jurisdiction of the enterprise zone may be included in a targeted employment area.

At least a part of each eligible census tract within a targeted employment area shall be within the territorial jurisdiction of the city, county, or city and county that has jurisdiction for an enterprise zone. If an eligible census tract encompasses the territorial jurisdiction of two or more local governmental entities, all of those entities shall be a party to the designation of a targeted employment area. However, any one or more of those entities, by resolution or ordinance, may specify that it shall not participate in the application as an applicant, but shall agree to complete all actions stated within the application that apply to its jurisdiction, if the area is designated.

Each local governmental entity of each city, county, or city and county that has jurisdiction of an enterprise zone shall approve, by resolution or ordinance, the boundaries of its targeted employment area, regardless of whether a census tract within the proposed targeted employment area is outside the jurisdiction of the local governmental entity.

7073. (a) Except as provided in subdivision (e), any city, county, or city and county with an eligible area within its jurisdiction may complete a preliminary application for designation as an enterprise zone. The applying entity shall establish definitive boundaries for the proposed enterprise zone and the targeted employment area.

(b) (1) In designating enterprise zones, the agency shall select from the applications submitted those proposed enterprise zones that, upon a comparison of all of the applications submitted, indicate that they propose the most effective, innovative, and comprehensive regulatory, tax, program, and other incentives in attracting private sector investment in the zone proposed.

(2) For purposes of this subdivision, regulatory incentives include, but are not limited to, all of the following:

(A) The suspension or relaxation of locally originated or modified building codes, zoning laws, general development plans, or rent controls.

(B) The elimination or reduction of fees for applications, permits, and local government services.

(C) The establishment of a streamlined permit process.

(3) For purposes of this subdivision, tax incentives include, but are not limited to, the elimination or reduction of construction taxes or business license taxes.

(4) For the purposes of this subdivision, program and other incentives may include, but are not limited to, all of the following:

(A) The provision or expansion of infrastructure.

(B) The targeting of federal block grant moneys, including small cities, education, and health and welfare block grants.

(C) The targeting of economic development grants and loan moneys, including grant and loan moneys provided by the federal Urban Development Action Grant program and the federal Economic Development Administration.

(D) The targeting of state and federal job disadvantaged and vocational education grant moneys, including moneys provided by the federal Job Training Partnership Act of 1982 (P.L. 97-300).

(E) The targeting of federal or state transportation grant moneys.

(F) The targeting of federal or state low-income housing and rental assistance moneys.

(G) The use of tax allocation bonds, special assessment bonds, bonds under the Mello-Roos Community Facilities Act of 1982 (Chapter 2.5 (commencing with Section 53311) of Part 1 of Division 2), industrial development bonds, revenue bonds, private activity bonds, housing bonds, bonds issued pursuant to the Marks-Ross Local Bond Pooling Act of 1985 Article 4 (commencing with Section 6584) of Chapter 5), certificates of participation, hospital bonds, redevelopment bonds, and school bonds, and including all special provisions provided for under federal tax law for enterprise community or empowerment zone bonds.

(5) In the process of designating new enterprise zones, the agency shall take into consideration the location of existing zones and make every effort to locate new zones in a manner that will not adversely affect any existing zones.

(6) In designating new enterprise zones, the agency shall include in its criteria the fact that jurisdictions have been declared disaster areas by the President of the United States within the last seven years.

(c) In evaluating applications for designation, the agency shall ensure that applications are not disqualified solely because of technical deficiencies, and shall provide applicants with an opportunity to correct the deficiencies. Applications shall be disqualified if the deficiencies are not corrected within two weeks.

(d) A designation made by the agency shall be binding for a period of 15 years from the date of the original designation.

(e) (1) Notwithstanding any other provision of law, any area designated as an enterprise zone pursuant to Chapter 12.8 (commencing with Section 7070) as it read prior to January 1, 1997, or as a targeted economic development area, neighborhood economic development area, or program area pursuant to Chapter 12.9 (commencing with Section 7080) as it read prior to January 1, 1997, or any program area or part of a program area deemed designated as an enterprise zone pursuant to Section 7085.5 as it read prior to January 1, 1997, shall be deemed to be designated as an

enterprise zone pursuant to this chapter. The effective date of designation of the enterprise zone shall be that of the original designation of the enterprise zone pursuant to Chapter 12.8 (commencing with Section 7070) as it read prior to January 1, 1997, or of the program area pursuant to Chapter 12.9 (commencing with Section 7080) as it read prior to January 1, 1997, and in no event shall the total designation period exceed 15 years.

(2) Notwithstanding any other provision of law, any enterprise zone authorized, but not designated, pursuant to Chapter 12.8 (commencing with Section 7070) as it read prior to January 1, 1997, shall be allowed to complete the application process started pursuant to that chapter, and to receive final designation as an enterprise zone pursuant to this chapter.

(3) Notwithstanding any other provision of law, any expansion of a designated enterprise zone or program area authorized pursuant to Chapter 12.8 (commencing with Section 7070) as it read prior to January 1, 1997, or Chapter 12.9 (commencing with Section 7080) as it read prior to January 1, 1997, shall be deemed to be authorized as an expansion for a designated enterprise zone pursuant to this chapter.

(4) No part of this chapter shall be construed to require a new application for designation by an enterprise zone designated pursuant to Chapter 12.8 (commencing with Section 7070) as it read prior to January 1, 1997, or a targeted economic development area, neighborhood economic development area, or program area designated pursuant to Chapter 12.9 (commencing with Section 7080) as it read prior to January 1, 1997.

(f) No more than 39 enterprise zones shall be designated pursuant to this chapter, including those deemed designated pursuant to subdivision (e).

7074. (a) In the case of any enterprise zone, including an enterprise zone formerly designated as an enterprise zone pursuant to Chapter 12.8 (commencing with Section 7070) as it read prior to January 1, 1997, or as a program area pursuant to Chapter 12.9 (commencing with Section 7080) as it read prior to January 1, 1997, a city or county, or city and county may propose that the enterprise zone be expanded by 15 percent to include definitive boundaries that are contiguous to the enterprise zone. The agency may approve that expansion based upon the criterion specified in subdivision (b) of Section 7073.

(b) An enterprise zone that is located in the unincorporated area of a county may propose to use eligible expansion allotment to expand into an adjacent city or cities pursuant to this section if, in addition to approving the expansion based on the criterion described in subdivision (b) of Section 7073, the agency finds that all of the following conditions exist:

(1) Each of the cities' governing bodies approves the expansion by adoption of an ordinance or resolution.

(2) Land included within the proposed expansion is zoned for industrial or commercial use.

(3) Basic infrastructure, including, but not limited to, gas, water, electrical service, and sewer systems, is available to the area that would be included in the expansion.

(c) In no event shall an enterprise zone be permitted to expand more than 15 percent in size from its size on the date of original designation, including any expansion authorized pursuant to Chapter 12.8 (commencing with Section 7070), or Chapter 12.9 (commencing with Section 7080), as those chapters read prior to January 1, 1997.

7075. (a) Upon filing a preliminary application, the applicant, as lead agency, shall submit an initial study and a notice of preparation to the agency, the state clearinghouse, and all responsible agencies.

(b) Only a city, county, or city and county chosen by the agency as a final applicant shall prepare, or cause to be prepared, a draft environmental impact report, which shall set forth the potential environmental impacts of any and all development planned within the enterprise zone. The draft environmental impact report shall be submitted to the agency with the final application.

(c) Prior to final designation by the agency, the applicant shall complete and certify the final environmental impact report.

(d) The environmental impact report shall comply with the information disclosure provisions and the substantive requirements of Division 13 (commencing with Section 21000) of the Public Resources Code.

(e) No further environmental impact report shall be required if the effects of the project were any of the following:

(1) Mitigated or avoided as a result of the environmental impact report prepared for the area.

(2) Examined at a sufficient level of detail in the environmental impact report for the area to enable those effects to be mitigated or avoided by specific site revisions, the imposition of conditions, or other means in connection with the designation of the area.

(3) Identified in the final environmental impact report and the lead agency made written findings that specific economic, social, or other considerations made the mitigation measures or project alternatives identified in the final environmental impact report unfeasible.

7076. (a) (1) The agency shall provide technical assistance to the enterprise zones designated pursuant to this chapter with respect to all of the following activities:

(A) Furnish limited onsite assistance to the enterprise zones when appropriate.

(B) Ensure that the locality has developed a method to make residents, businesses, and neighborhood organizations aware of the opportunities to participate in the program.

(D) Coordinate activities of other state agencies regarding the enterprise zones.

(E) Monitor the progress of the program.

(F) Help businesses to participate in the program.

(2) Notwithstanding existing law, the provision of services in subparagraphs (A) to (F), inclusive, shall be a high priority of the agency.

(3) The agency may, at its discretion, undertake other activities in providing management and technical assistance for successful implementation of this chapter.

(b) The applicant shall be required to begin implementation of the enterprise zone plan contained in the final application within six months after notification of final designation or the enterprise zone shall lose its designation.

7077. Notwithstanding any other provision of law, state and local agencies may lease land to businesses in a designated enterprise zone at a price below fair market value, provided that it serves a public purpose to lease at below fair market value.

7078. (a) The limitations in Section 91503 on the allowable uses of proceeds of bonds issued pursuant to Title 10 (commencing with Section 91500) shall not apply to bonds issued on behalf of any enterprise zone or any portion of that zone.

(b) (1) Notwithstanding the bonding limitation specified in Section 91573, the California Industrial Development Financing Advisory Commission shall authorize an annual maximum amount of qualifying bonds of seventy-five million dollars ($75,000,000). This annual maximum bonding authority is exclusive of, and in addition to, the maximum bonding authority specified in Section 91573.

(2) Notwithstanding Section 91503, the bonding authorization contained in paragraph (1) shall be used for providing funds to businesses within designated enterprise zones. However, any portion of the annual maximum amount specified in paragraph (1) that in any year is not used for the purpose specified in this paragraph may be used in the next succeeding year for the purpose of any program administered by the California Industrial Development Financing Advisory Commission.

7079. Notwithstanding any other provision of law, the Office of Small Business shall establish regulations for loans and loan guarantees administered by the office that give high priority to businesses in a designated enterprise zone.

7080. Notwithstanding Sections 32646 and 32647 of the Financial Code, a high priority in ranking loan applications by the State Assistance Fund for Energy, California Business and Development Corporation, shall be given to businesses in a designated enterprise zone, that are purchasing or providing alternative energy systems.

7081. Notwithstanding any other provision of state law, and to the extent permitted by federal law, the Employment Development Department and the State Department of Education shall give high priority to the training of unemployed individuals who reside in a targeted employment area or a designated enterprise zone. The agency may assist localities in designating local business, labor, and education consortia to broker activities between the employment community and educational and training institutions. Any available discretionary funds may be used to assist the creation of those consortia.

7082. Notwithstanding any other provision of law, the Office of Criminal Justice Planning shall give high priority to designated enterprise zones in the allocation of its program resources.

7083. Any designation of an enterprise zone in accordance with the provisions of this chapter shall be deemed appropriate state designation of an enterprise zone for purposes of qualifying that zone as an enterprise community or empowerment zone under federal law.

7084. (a) Whenever the state prepares an invitation for bid for a contract for goods in excess of one hundred thousand dollars ($100,000), except a contract in which the worksite is fixed by the provisions of the contract, the state shall award a 5-percent preference to California-based companies who certify under penalty of perjury that no less than 50 percent of the labor required to perform the contract shall be accomplished at a worksite or worksites located in an enterprise zone.

(b) In evaluating proposals for contracts for services in excess of one hundred thousand dollars ($100,000), except a contract in which the worksite is fixed by the provisions of the contract, the state shall award a 5-percent preference on the price submitted by California-based companies who certify under penalty of perjury that they shall perform the contract at a worksite or worksites located in an enterprise zone.

(c) Where a bidder complies with subdivision (a) or (b), the state shall award a 1-percent preference for bidders who shall agree to hire persons living within a targeted employment area or are enterprise zone eligible employees equal to 5 to 9 percent of its work force during the period of contract performance; a 2-percent preference for bidders who shall agree to hire persons living within a targeted employment area or are enterprise zone eligible employees equal to 10 to 14 percent of its work force during the period of contract performance; a 3-percent preference for bidders who shall agree to hire persons living within a targeted employment area or are enterprise zone eligible employees equal to 15 to 19 percent of its work force during the period of contract performance; and a 4-percent preference for bidders who shall agree to hire persons living within a targeted employment area or are enterprise zone

eligible employees equal to 20 or more percent of its work force during the period of contract performance.

(d) The maximum preference a bidder may be awarded pursuant to this chapter and any other provision of law shall be 15 percent. However, in no case shall the maximum preference cost under this section exceed fifty thousand dollars ($50,000) for any bid, nor shall the combined cost of preferences granted pursuant to this section and any other provision of law exceed one hundred thousand dollars ($100,000). In those cases where the 15-percent cumulated preference cost would exceed the one hundred thousand dollar ($100,000) maximum preference cost limit, the one hundred thousand dollar ($100,000) maximum preference cost limit shall apply.

(e) Notwithstanding any other provision of this section, small business bidders qualified in accordance with Section 14838 shall have precedence over nonsmall business bidders in that the application of any bidder preference for which nonsmall business bidders may be eligible, including the preference contained in this section, shall not result in the denial of the award to a small business bidder. This subdivision shall apply to those cases where the small business bidder is the lowest responsible bidder, as well as to those cases where the small business bidder is eligible for award as the result of application of the 5-percent small business bidder preference.

(f) All state contracts issued to bidders who are awarded preferences under this section shall contain conditions to ensure that the contractor performs the contract at the location specified and meets any commitment to employ persons with high risk of unemployment.

(g) (1) A business that requests and is given the preference provided for in subdivision (a) or (b) by reason of having furnished a false certification, and that by reason of this certification has been awarded a contract to which it would not otherwise have been entitled, shall be subject to all of the following:

(A) Pay to the state any difference between the contract amount and what the state's cost would have been if the contract had been properly awarded.

(B) In addition to the amount specified in subparagraph (A), be assessed a penalty in an amount of not more than 10 percent of the amount of the contract involved.

(C) Be ineligible to transact any business with the state for a period of not less than three months and not more than 24 months.

(2) Prior to the imposition of any sanction under this subdivision, the business shall be entitled to a public hearing and to five days' notice of the time and place thereof. The notice shall state the reasons for the hearing.

(h) In each instance in this section an enterprise zone shall also mean any enterprise zone or program area previously authorized under any other provision of state law.

(i) As used in this section, "enterprise zone eligible employees" means employees who meet any of the requirements of clause (iv) of subparagraph (A) of paragraph (4) of subdivision (b) of Section 17053.73, or clause (iv) of subparagraph (A) of paragraph (4) of subdivision (b) of Section 23622.5 of the Revenue and Taxation Code.

7085. The agency shall submit a report to the Legislature every five years, beginning January 1, 1998, that evaluates the effect of the program on employment, investment, and incomes, and on state and local tax revenues in designated enterprise zones. The report shall include an agency review of the progress and effectiveness of each enterprise zone. The Franchise Tax Board shall make available to the agency and the Legislature aggregate information on the dollar value of enterprise zone tax credits that are claimed each year by businesses.

7086. (a) The agency shall design, develop, and make available the applications and the criteria for selection of enterprise zones pursuant to Section 7073, and shall adopt all regulations necessary to carry out this chapter.

(b) The agency shall adopt regulations concerning the designation procedures and application process as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2. The adoption of the regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare, notwithstanding subdivision (e) of Section 11346.1. Notwithstanding subdivision (e) of Section 11346.1, the regulations shall not remain in effect more than 180 days unless the agency complies with all provisions of Chapter 3.5 as required by subdivision (e) of Section 11346.1.

(c) The Department of General Services, with the cooperation of the Employment Development Department, the Department of Industrial Relations, and the Office of Planning and Research, and under the direction of the State and Consumer Services Agency, shall adopt appropriate rules, regulations, and guidelines to implement Section 7084.

(6) It is also the Legislature's intent to allow the City of Lancaster to expend specified funds outside its city limits but within its temporary sphere of influence to promote commercial space efforts, to retain and create commercial space jobs, and to develop commercial space infrastructure on and around the Edwards Air Force Base.

(b) Notwithstanding Chapter 4 (commencing with Section 56425) of Part 2 of Division 3 of Title 5 of the Government Code, the Legislature deems the City of Lancaster's sphere of influence to include the area described in subdivision (d).

(c) Notwithstanding Section 56133 of the Government Code, the Los Angeles County Local Agency Formation Commission shall not disapprove the City of Lancaster's expenditures for the following improvements and services pursuant to an interagency agreement entered into to expend grant moneys and technical assistance pursuant to Item 2920-001-0001 of the Budget Act of 1996, Chapter 162 of the Statutes of 1996, to promote commercial space efforts, to retain and create commercial space jobs, and to develop commercial space infrastructure at the Edwards Air Force Base:

(1) The acquisition, construction, improvement, and maintenance of transportation facilities and improvements.

(2) The acquisition, construction, improvement, and maintenance of fuel facilities and improvements.

(3) The acquisition, construction, improvement and maintenance of drainage facilities and improvements.

(4) The acquisition of rights-of-way.

(5) The relocation of utility transmission facilities.

(d) Pursuant to subdivision (b), the City of Lancaster's sphere of influence shall be deemed to include the territory that is bounded by the Los Angeles County line on the north and east, by Avenue J on the south, and by 120th Street East on the west.

(e) This section shall remain in effect only until January 1, 2000, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2000, deletes or extends that date.

SEC. 32. It is the intent of the Legislature that the Los Angeles County Local Agency Formation Commission, on or before December 31, 1999, amend or revise the City of Lancaster's sphere of influence in a manner that will facilitate the establishment and operation of the National Aeronautics and Space Administration Reusable Launch Vehicle site, as described in Section 31 of this act.

SEC. 33. The Legislature finds and declares that, for Sections 31 and 32 of this act, a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique circumstances of the City of Lancaster. The facts constituting the special circumstances are these:

The National Aeronautics and Space Administration has contracted for the construction of a Reusable Launch Vehicle that may be launched from Edwards Air Force Base in the northern portion of the Antelope Valley in 1999. To ensure that the land surrounding the base does not develop with incompatible land uses, the City of Lancaster's sphere of influence must be temporarily extended.

SEC. 34. If this bill and Senate Bill 715 of the 1995–96 Regular Session are both enacted, the changes made to Sections 17052.13, 17052.15, 17053.8, 17053.10, 17053.11, 17053.17, 17053.45, 17053.46, 23612, 23612.6, 23622, 23623, 23623.5, 23625, 23645, and 23646 of the Revenue and Taxation Code by Senate Bill 715 of the 1995–96 Regular Session shall be applied in the computation of taxes for taxable or income years beginning before December 31, 1996.

SEC. 35. This act shall become operative only if Senate Bill 2023 of the 1995–96 Regular Session is enacted and becomes operative on or before January 1, 1997.

SEC. 36. Section 4.5 of this bill incorporates amendments to Section 17039 of the Revenue and Taxation Code proposed by both this bill and SB 715. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1997, (2) each bill amends Section 17039 of the Revenue and Taxation Code, and (3) this bill is enacted after SB 715, in which case Section 4 of this bill shall not become operative.

SEC. 37. Section 18.5 of this bill incorporates amendments to Section 23036 of the Revenue and Taxation Code proposed by both this bill and SB 715. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1997, (2) each bill amends Section 23036 of the Revenue and Taxation Code, and (3) this bill is enacted after SB 715, in which case Section 18 of this bill shall not become operative.

CHAPTER 954

[Approved by Governor September 26, 1996. Filed with Secretary of State September 26, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 17008.7 is added to the Health and Safety Code, to read:

17008.7. All housing assisted pursuant to Chapter 3.7 (commencing with Section 50199.50) of Part 1 of Division 31 shall be deemed employee housing, without regard to the number of dwelling accommodations or spaces or whether the owner is an entity exempted pursuant to Section 17024, and shall be subject to all requirements of this chapter.

SEC. 2. Chapter 3.7 (commencing with Section 50199.50) is added to Part 1 of Division 31 of the Health and Safety Code, to read:

CHAPTER 3.7. FARMWORKER HOUSING ASSISTANCE PROGRAM

50199.50. For the purposes of this chapter:

(a) "Agricultural worker" or "farmworker" shall have the same meaning as specified in subdivision (b) of Section 1140.4 of the Labor Code.

(b) "Compliance period" means, with respect to any farmworker housing, the period of 30 consecutive taxable or income years, beginning with the taxable or income year in which the credit is allowable.

(c) "Employee Housing Act" means Part 1 (commencing with Section 17000) of Division 13.

(d) "Farmworker housing" means housing subject to the Employee Housing Act, and, for the purposes of this chapter, it shall also include projects with less than five dwelling spaces or units in nonrural areas.

(e) "Farmworker housing tax credits" means the tax credits authorized by Sections 17053.14, 23608.2, and 23608.3 of the Revenue and Taxation Code.

(f) "Household" has the same meaning as defined in Section 7602 of Title 25 of the California Code of Regulations.

(g) "Committee" means the California Tax Credit Allocation Committee as defined in Section 50199.7.

50199.51. The committee shall perform those duties delegated to it pursuant to this chapter and the responsibilities related to receipt by taxpayers of farmworker housing tax credits.

50199.52. All housing assisted pursuant to this chapter shall comply with the following requirements:

(a) Before claiming any farmworker housing tax credits, the taxpayer shall provide the committee with a copy of a current Employee Housing Act permit to operate.

(b) (1) The recipient of a tax credit pursuant to Section 17053.14, 23608.2, or 23608.3 of the Revenue and Taxation Code, or the owner of the farmworker housing assisted pursuant to Section 17053.14 or 23608.2 of the Revenue and Taxation Code, shall enter into those agreements required by the committee to further the purposes of this chapter and the applicable farmworker housing tax credit sections.

(2) The owner shall agree that the farmworker housing units assisted with the farmworker housing tax credits shall be utilized, maintained, and operated pursuant to this chapter for the compliance term specified by the applicable farmworker housing tax credit statute.

(c) (1) The farmworker housing assisted pursuant to this chapter shall be available to, and occupied by, only farmworkers and their households. However, in the event of a natural disaster or other critical occurrence, as determined by the committee, the housing may be utilized at the discretion of the owner for households needing shelter for up to 60 days if there are no farmworkers who have submitted an application to reside, or to continue to reside, in the housing. The occupants of the housing need not be limited to farmworkers employed by the property owner.

(2) In addition, where the housing is designed and operated as a dormitory, the owner and operator may restrict occupancy by sex. However, in awarding credits pursuant to this chapter, the committee shall give preference to proposed farmworker housing that is designed and operated for families rather than for single sex dormitories.

(d) The expenditures upon which the amount of the farmworker housing tax credit is based shall be costs paid or incurred only for construction or repairs necessary to bring the housing into compliance with the Employee Housing Act and general improvement costs necessary and directly related thereto, including, but not limited to, improvements to ensure compliance with laws governing access for persons with handicaps, building and permit fees, and costs related to reducing utility expenses, including additional insulation, solar water heating, or similar improvements.

50199.53. The committee shall enter into an agreement with the owner of the farmworker housing to ensure compliance with the terms and conditions of the program. The agreement shall be subordinated, when required, to a lien or encumbrance of any bank or other institutional lender to the project. The provisions in the agreement shall include, but not be limited to, all of the following:

(a) Provisions establishing the location and number of units or sleeping areas and their rents.

(b) The requirement of an annual report, including occupancy, income, and maintenance information and, if applicable, a copy of a current operating permit issued pursuant to the Employee Housing Act.

(c) Provisions allowing and governing state approval of the assignment, transfer, and assumption of the housing, to ensure that the requirements of this program are binding on successors.

(d) Provisions ensuring a term of use at least equal to the compliance period.

(e) A requirement that the agreement be recorded in the official records of the county in which the qualified farmworker housing project is located.

(f) A provision stating that the agreement is enforceable by the committee, and by the city or county in which the farmworker housing is located, and by the tenants as third-party beneficiaries.

(g) Provisions defining how the affordable rents will be established and maintained.

50199.54. (a) In the event that the owner who receives a credit pursuant to Section 17053.14 or 23608.2 of the Revenue and Taxation Code demonstrates, to the committee's satisfaction, that there is no further need for farmworker housing or that it is no longer economically feasible to operate the farmworker housing, the owner shall pay to the Franchise Tax Board a pro rata portion of the credit previously allowed equal to the amount of any tax credit previously

allowed, multiplied by the ratio of the number of years not elapsed in the compliance period divided by 30.

(b) In the event that the farmworker housing is damaged or destroyed by a casualty not caused by the owner, the compliance period has not expired, and the owner commences reasonable action to repair or replace the farmworker housing, the taxpayer may continue to claim the credit as if no destruction had taken place.

50199.55. (a) The committee shall allocate farmworker housing credits on a regular basis in each calendar year during which applications may be filed and considered. The committee shall establish application forms and instructions, application filing deadlines, and the approximate date on which allocations shall be made. As a condition of submitting an application, or as a condition of receiving an allocation or reservation of tax credits, the committee may charge a fee to a tax credit applicant to defray the committee's costs in administering this chapter. In review of applications, the committee shall require the following criteria in order to ensure compliance with all provisions of this chapter:

(1) The project's proposed financing, including tax credit proceeds, shall be sufficient to complete the project.

(2) The proposed operating budget shall be adequate to operate the project for the compliance period.

(3) The recipient or owner shall have sufficient expertise and the financial capacity to ensure project completion and operation for the compliance period.

(4) The project shall have enforceable financing commitments, either construction or permanent financing, for at least 50 percent of the total estimated financing of the project.

(5) Development fees and costs not included in subdivision (d) of Section 50199.54 shall not exceed a percentage of the eligible basis of the project prior to the inclusion of the fees and costs in the basis, as determined by the committee.

(b) Following approval, the committee shall issue a certificate to the taxpayer that states the total amount of the allocated tax credit to which the taxpayer is entitled for each income or taxable year.

50199.56. The committee may adopt regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code for the administration of this chapter.

50199.57. The committee shall be responsible for enforcement of the agreement described in Section 50199.55, and shall report promptly to the Franchise Tax Board any violations of this chapter or the farmworker housing tax credit statutes.

50199.58. The Legislature finds and declares both of the following:

(a) It is too speculative to determine the income levels of the agricultural workers residing in farmworker housing at any given time, and many agricultural workers earn sufficient income, when

they are fully employed, to qualify as persons and families of moderate income.

(b) The farmworker housing assisted pursuant to this chapter is not a low-rent housing project, as defined by Section 1 of Article XXXIV of the California Constitution.

SEC. 3. Section 6244.5 is added to the Revenue and Taxation Code, to read:

6244.5. (a) Notwithstanding any other provision of law, a lessor of tangible personal property described in Section 17053.49 or 23649, who is the manufacturer of that property and who leases that property to a qualified taxpayer, as defined in Sections 17053.49 and 23649, in a form that is not substantially the same form as acquired, may, in lieu of reporting use tax measured by the rentals payable, elect to pay tax measured by his or her cost price of that property if the election is made on or before the due date of the return for the period in which the property is first leased. The election shall be made by reporting use tax measured by the cost price on the return for that period. The election shall not be revoked with respect to the property as to which it is made. The lease of that property for which an election is made pursuant to this section shall thereafter be excluded from the terms "sale" and "purchase."

(b) "Cost price," as used in subdivision (a), means the price at which similar property has been previously sold or offered for sale. If that property has not been previously sold or offered for sale, then the cost price shall be deemed to be the aggregate of the following:

(1) Cost of materials.

(2) Direct labor.

(3) The pro rata share of all overhead costs attributable to the manufacture of the property.

(4) Reasonable profit from the manufacturing operations which, in the absence of evidence to the contrary, shall be deemed to be 5 percent of the sum of the factors listed in paragraphs (1) to (3), inclusive.

SEC. 3.5. Section 6358 of the Revenue and Taxation Code is amended to read:

6358. There are exempted from the taxes imposed by this part, the gross receipts from the sale in this state of, and the storage, use, or other consumption in this state of:

(a) Any form of animal life of a kind the products of which ordinarily constitute food for human consumption.

(b) Feed for any form of animal life of a kind the products of which ordinarily constitute food for human consumption, or are to be sold in the regular course of business.

(c) Seeds and annual plants the products of which ordinarily constitute food for human consumption or are to be sold in the regular course of business.

(d) Fertilizer to be applied to land the products of which are to be used as food for human consumption or sold in the regular course of business.

(e) On or after January 1, 1997, drugs or medicines, the primary purpose of which is the prevention or control of disease, that are administered to animal life of a kind the products of which ordinarily constitute food for human consumption.

SEC. 4. Section 6366 of the Revenue and Taxation Code is amended to read:

6366. (a) There are exempted from the taxes imposed by this part the gross receipts from the sale in this state of, and the storage, use, or other consumption in this state of, the following:

(1) Aircraft sold to any person using the aircraft as a common carrier of persons or property under authority of the laws of this state, of the United States, or of any foreign government, or sold to any foreign government for use by that government outside of this state, or sold to any person who is not a resident of this state and who will not use that aircraft in this state otherwise than in the removal of the aircraft from this state.

(2) Tangible personal property that is purchased on or after October 1, 1996, and becomes a component part of any aircraft described in paragraph (1), as a result of the maintenance, repair, overhaul, or improvement of that aircraft in compliance with Federal Aviation Administration requirements, and any charges made for labor and services rendered with respect to that maintenance, repair, overhaul, or improvement.

(b) With respect to aircraft sold on or after January 1, 1997, it shall be presumed that a person is not engaged in business as a common carrier if the person's yearly gross receipts from the use of the aircraft as a common carrier do not exceed 20 percent of the purchase cost of the aircraft to him or her, or fifty thousand dollars ($50,000), whichever is less. This presumption may be rebutted by contrary evidence satisfactory to the board showing that the person is engaged in business as a common carrier.

In no event shall "gross receipts" include compensation by the person or related parties for use of the aircraft as a common carrier.

(c) With respect to aircraft leased, or sold for the purpose of leasing, on or after January 1, 1997, it shall be presumed that the aircraft is not regularly used in the business of transporting for hire property or persons if the lessor's yearly gross receipts from the lease of that aircraft to persons using the aircraft as common carriers of property or persons do not exceed 20 percent of the cost of the aircraft to the lessor, or fifty thousand dollars ($50,000), whichever is less. This presumption may be rebutted by contrary evidence satisfactory to the board showing that the aircraft is regularly used as a common carrier of property or persons.

In no event shall "gross receipts" include compensation by the lessor or related parties for use of the aircraft as a common carrier.

SEC. 6. Section 6377 of the Revenue and Taxation Code is amended to read:

6377. (a) There are exempted from the taxes imposed by this part the gross receipts from the sale of, and the storage, use, or other consumption in this state of, any of the following:

(1) Tangible personal property purchased for use by a qualified person to be used primarily in any stage of the manufacturing, processing, refining, fabricating, or recycling of property, beginning at the point any raw materials are received by the qualified person and introduced into the process and ending at the point at which the manufacturing, processing, refining, fabricating, or recycling has altered property to its completed form, including packaging, if required.

(2) Tangible personal property purchased for use by a qualified person to be used primarily in research and development.

(3) Tangible personal property purchased for use by a qualified person to be used primarily to maintain, repair, measure, or test any property described in paragraph (1) or (2).

(4) Tangible personal property purchased for use by a contractor purchasing that property either as an agent of a qualified person or for the contractor's own account and subsequent resale to a qualified person for use in the performance of a construction contract for the qualified person who will use the tangible personal property as an integral part of the manufacturing, processing, refining, fabricating, or recycling process, or as a research or storage facility for use in connection with the manufacturing process.

This exemption shall not apply to any tangible personal property that is used primarily in administration, general management, or marketing.

(b) For purposes of this section:

(1) "Fabricating" means to make, build, create, produce, or assemble components or property to work in a new or different manner.

(2) "Manufacturing" means the activity of converting or conditioning property by changing the form, composition, quality, or character of the property for ultimate sale at retail or use in the manufacturing of a product to be ultimately sold at retail. Manufacturing includes any improvements to tangible personal property that result in a greater service life or greater functionality than that of the original property.

(3) "Primarily" means tangible personal property used 50 percent or more of the time in an activity described in subdivision (a).

(4) "Process" means the period beginning at the point at which any raw materials are received by the qualified taxpayer and introduced into the manufacturing, processing, refining, fabricating, or recycling activity of the qualified taxpayer and ending at the point at which the manufacturing, processing, refining, fabricating, or recycling activity of the qualified taxpayer has altered tangible

personal property to its completed form, including packaging, if required. Raw materials shall be considered to have been introduced into the process when the raw materials are stored on the same premises where the qualified taxpayer's manufacturing, processing, refining, or recycling activity is conducted. Raw materials that are stored on premises other than where the qualified taxpayer's manufacturing, processing, refining, fabricating, or recycling activity is conducted, shall not be considered to have been introduced into the manufacturing, processing, refining, fabricating, or recycling process.

(5) "Processing" means the physical application of the materials and labor necessary to modify or change the characteristics of property.

(6) "Qualified person" means any person that is both of the following:

(A) A new trade or business. In determining whether a trade or business activity qualifies as a new trade or business, the following rules shall apply:

(i) In any case where a person purchases or otherwise acquires all or any portion of the assets of an existing trade or business (irrespective of the form of entity) that is doing business in this state (within the meaning of Section 23101), the trade or business thereafter conducted by that person (or any related person) shall not be treated as a new business if the aggregate fair market value of the acquired assets (including, real, personal, tangible, and intangible property) used by that person (or any related person) in the conduct of his or her trade or business exceed 20 percent of the aggregate fair market value of the total assets of the trade or business being conducted by the person (or any related person). For purposes of this subparagraph only, the following rules shall apply:

(I) The determination of the relative fair market values of the acquired assets and the total assets shall be made as of the last day of the month following the quarterly period in which the person (or any related person) first uses any of the acquired trade or business assets in his or her business activity.

(II) Any acquired assets that constituted property described in Section 1221(1) of the Internal Revenue Code in the hands of the transferor shall not be treated as assets acquired from an existing trade or business, unless those assets also constitute property described in Section 1221(1) of the Internal Revenue Code in the hands of the acquiring person (or related person).

(ii) In any case where a person (or any related person) is engaged in one or more trade or business activities in this state, or has been engaged in one or more trade or business activities in this state within the preceding 36 months ("prior trade or business activity"), and thereafter commences an additional trade or business activity in this state, the additional trade or business activity shall only be treated as a new business if the additional trade or business activity is classified

under a different division of the Standard Industrial Classification Manual published by the United States Office of Management and Budget, 1987 edition, than are any of the person's (or any related person's) current or prior trade or business activities in this state.

(iii) In any case where a person, including all related persons, is engaged in trade or business activities wholly outside of this state and that person first commences doing business in this state (within the meaning of Section 23101) after December 31, 1993 (other than by purchase or other acquisition described in clause (i)), the trade or business activity shall be treated as a new business.

(iv) In any case where the legal form under which a trade or business activity is being conducted is changed, the change in form shall be disregarded and the determination of whether the trade or business activity is a new business shall be made by treating the person as having purchased or otherwise acquired all or any portion of the assets of an existing trade or business under the rules of clause (i).

(v) "Related person" means any person that is related to that person under either Section 267 or 318 of the Internal Revenue Code.

(vi) "Acquire" includes any gift, inheritance, transfer incident to divorce, or any other transfer, whether or not for consideration.

(B) Engaged in those lines of business described in Codes 2011 to 3999, inclusive, of the Standard Industrial Classification Manual published by the United States Office of Management and Budget, 1987 edition.

(7) Notwithstanding paragraph (6), "qualified person" shall not include any person who has conducted business activities in a new trade or business for three or more years.

(8) "Refining" means the process of converting a natural resource to an intermediate or finished product.

(9) "Research and development" means those activities that are described in Section 174 of the Internal Revenue Code or in any regulations thereunder.

(10) "Tangible personal property" does not include any of the following:

(A) Consumables with a normal useful life of less than one year, except as provided in subparagraph (E) of paragraph (10).

(B) Furniture, inventory, equipment used in the extraction process, or equipment used to store finished products that have completed the manufacturing process.

(C) Any property for which a credit is claimed under either Section 17053.49 or 23649.

(11) "Tangible personal property" includes, but is not limited to, all of the following:

(A) Machinery and equipment, including component parts and contrivances such as belts, shafts, moving parts, and operating structures.

(B) All equipment or devices used or required to operate, control, regulate, or maintain the machinery, including, without limitation, computers, data processing equipment, and computer software, together with all repair and replacement parts with a useful life of one or more years therefor, whether purchased separately or in conjunction with a complete machine and regardless of whether the machine or component parts are assembled by the taxpayer or another party.

(C) Property used in pollution control that meets or exceed standards established by this state or any local or regional governmental agency within this state.

(D) Special purpose buildings and foundations used as an integral part of the manufacturing, processing, refining, or fabricating process, or that constitute a research or storage facility used during the manufacturing process. Buildings used solely for warehousing purposes after completion of the manufacturing process are not included.

(E) Fuels used or consumed in the manufacturing process.

(F) Property used in recycling.

(c) No exemption shall be allowed under this section unless the purchaser furnishes the retailer with an exemption certificate, completed in accordance with any instructions or regulations as the board may prescribe, and the retailer subsequently furnishes the board with a copy of the exemption certificate. The exemption certificate shall contain the sales price of the machinery or equipment that is exempt pursuant to subdivision (a).

(d) Notwithstanding any provision of the Bradley-Burns Uniform Local Sales and Use Tax Law (Part 1.5 (commencing with Section 7200)) or the Transactions and Use Tax Law (Part 1.6 (commencing with Section 7251)), the exemption established by this section shall not apply with respect to any tax levied by a county, city, or district pursuant to, or in accordance with, either of those laws.

(e) (1) Notwithstanding subdivision (a), the exemption provided by this section shall not apply to any sale or use of property which, within one year from the date of purchase, is either removed from California or converted from an exempt use under subdivision (a) to some other use not qualifying for the exemption.

(2) Notwithstanding subdivision (a), on or after January 1, 1995, the exemption established by this section shall not apply with respect to any tax levied pursuant to Sections 6051.2 and 6201.2, or pursuant to Section 35 of Article XIII of the California Constitution.

(f) If a purchaser certifies in writing to the seller that the property purchased without payment of the tax will be used in a manner entitling the seller to regard the gross receipts from the sale as exempt from the sales tax, and within one year from the date of purchase, the purchaser (1) removes that property outside California, (2) converts that property for use in a manner not qualifying for the exemption, or (3) uses that property in a manner

not qualifying for the exemption, the purchaser shall be liable for payment of sales tax, with applicable interest, as if the purchaser were a retailer making a retail sale of the property at the time the property is so removed, converted, or used, and the sales price of the property to the purchaser shall be deemed the gross receipts from that retail sale.

(g) (1) This section shall remain in effect until the date specified in paragraph (2), on which date this section shall cease to be operative, and as of that date is repealed.

(2) (A) This section shall cease to be operative on January 1, 2001, or on January 1 of the earliest year thereafter, if the total employment in this state, as determined by the Employment Development Department on the preceding January 1, does not exceed by 100,000 jobs the total employment in this state on January 1, 1994. The department shall report annually to the Legislature with respect to the determination required by the preceding sentence.

(B) For purposes of this paragraph, "total employment" means the total employment in the manufacturing sector, excluding employment in the aerospace sector.

(h) This section applies to leases of tangible personal property classified as "continuing sales" and "continuing purchases" in accordance with Sections 6006.1 and 6010.1. The exemption established by this section shall apply to the rentals payable pursuant to such a lease, provided the lessee is a qualified person and the property is used in an activity described in subdivision (a). Rentals which meet the foregoing requirements are eligible for the exemption for a period of six years from the date of commencement of the lease. At the close of the six-year period from the date of commencement of the lease, lease receipts are subject to tax without exemption.

SEC. 6.1. Section 17052.8 is added to the Revenue and Taxation Code, to read:

17052.8. For each taxable year beginning on or after January 1, 1996, there shall be allowed as a credit against the "net tax" (as defined by Section 17039) an amount determined as follows:

Any election made under this section, and any specification contained in that election, may not be revoked except with the consent of the Franchise Tax Board.

(2) If an employer acquires the major portion of a trade or business of another employer (hereinafter in this paragraph referred to as the "predecessor") or the major portion of a separate unit of a trade or business of a predecessor, then, for purposes of applying this section (other than subdivision (g)) for any calendar year ending

after that acquisition, the employment relationship between an employee and an employer shall not be treated as terminated if the employee continues to be employed in that trade or business.

(g) (1) If the employment of any employee, with respect to whom qualified wages are taken into account under subdivision (a) is terminated by the taxpayer at any time during the first 270 days of that employment (whether or not consecutive) or before the close of the 270th calendar day after the day in which that employee completes 90 days of employment with the taxpayer, the tax imposed by this part for the taxable year in which that employment is terminated shall be increased by an amount (determined under those regulations) equal to the credit allowed under subdivision (a) for that taxable year and all prior taxable years attributable to qualified wages paid or incurred with respect to that employee.

The credit shall be applied first to the earliest taxable years possible.

(*l*) The amount of the credit otherwise allowed under this section and Section 17052.13, including any credit carryover from prior years, that may reduce the "net tax" for the taxable year shall not exceed the amount of tax which would be imposed on the taxpayer's business income attributed to the enterprise zone determined as if that attributed income represented all of the income of the taxpayer subject to tax under this part.

(2) The amount of attributed income described in paragraph (1) shall be determined in accordance with Chapter 17 (commencing with Section 25101) of Part 11, modified for purposes of this section as follows:

(A) For taxable years beginning on or after January 1, 1991, and ending on or before December 31, 1996, income shall be apportioned to the enterprise zone by multiplying total business income by a fraction, the numerator of which is the property factor plus the payroll factor, and the denominator of which is two.

"Cost paid" shall include, without limitation, contractual deposits and option payments. To the extent of costs allocated, whether or not currently deductible or depreciable for tax purposes, to a period prior to January 1, 1994, the cost shall be deemed allocated to property acquired before January 1, 1994, and is thus not a "qualified cost."

(B) Except as provided in paragraph (2) of subdivision (d) and subparagraph (B) of paragraph (3) of subdivision (d), is an amount upon which the qualified taxpayer has paid, directly or indirectly as a separately stated contract amount or as determined from the records of the qualified taxpayer, sales or use tax under Part 1 (commencing with Section 6001).

(3) (A) For purposes of this section, an option contract in existence prior to January 1, 1994, under which a qualified taxpayer (or any other person related to the qualified taxpayer within the meaning of Section 267 or 707 of the Internal Revenue Code) had an option to acquire qualified property, shall be treated as a binding contract under the rules in paragraph (2). For purposes of this subparagraph, an option contract shall not include an option under which the option holder will forfeit an amount less than 10 percent of the fixed option price in the event the option is not exercised.

(B) For purposes of this section, a contract shall be treated as binding even if the contract is subject to a condition.

(c) (1) For purposes of this section, "qualified taxpayer" means any taxpayer or partnership engaged in those lines of business described in Codes 2011 to 3999, inclusive, of the Standard Industrial Classification (SIC) Manual published by the United States Office of Management and Budget, 1987 edition.

(2) In the case of any pass-through entity, the determination of whether a taxpayer is a qualified taxpayer under this section shall be made at the entity level and any credit under this section or Section 23649 shall be allowed to the pass-through entity and passed through to the partners or shareholders in accordance with applicable provisions of Part 10 (commencing with Section 17001) or Part 11 (commencing with Section 23001). For purposes of this paragraph, the term "pass-through entity" means any partnership or S corporation.

(3) The Franchise Tax Board may prescribe regulations to carry out the purposes of this section, including any regulations necessary to prevent the avoidance of the effect of this section through splitups, shell corporations, partnerships, tiered ownership structures, sale-leaseback transactions, or otherwise.

(d) For purposes of this section, "qualified property" means property that is described as either of the following:

(1) Tangible personal property that is defined in Section 1245(a) of the Internal Revenue Code for use by a qualified taxpayer in those lines of business described in Codes 2011 to 3999, inclusive, of the

Standard Industrial Classification (SIC) Manual published by the United States Office of Management and Budget, 1987 edition, that is primarily used for any of the following:

(A) For the manufacturing, processing, refining, fabricating, or recycling of property, beginning at the point at which any raw materials are received by the qualified taxpayer and introduced into the process and ending at the point at which the manufacturing, processing, refining, fabricating, or recycling has altered tangible personal property to its completed form, including packaging, if required.

(B) In research and development.

(C) To maintain, repair, measure, or test any property described in this paragraph.

(D) For pollution control that meets or exceeds standards established by the state or by any local or regional governmental agency within the state.

(E) For recycling.

(2) The value of any capitalized labor costs that are directly allocable to the construction or modification of property described in paragraph (1).

(3) In the case of any qualified taxpayer engaged in manufacturing activities described in SIC Code 357 or 367, those activities related to biotechnology described in SIC Code 8731, those activities related to biopharmaceutical establishments only that are described in SIC Codes 2833 to 2836, inclusive, those activities related to space vehicles and parts described in SIC Codes 3761 to 3769, inclusive, those activities related to space satellites and communications satellites and equipment described in SIC Codes 3663 and 3812 (but only with respect to "qualified property" that is placed in service on or after January 1, 1996), or those activities related to semiconductor equipment manufacturing described in SIC Code 3559 (but only with respect to "qualified property" that is placed in service on or after January 1, 1997), "qualified property" also includes the following:

(A) Special purpose buildings and foundations that are constructed or modified for use by the qualified taxpayer primarily in a manufacturing, processing, refining, or fabricating process, or as a research or storage facility primarily used in connection with a manufacturing process.

(B) The value of any capitalized labor costs that are directly allocable to the construction or modification of special purpose buildings and foundations that are used primarily in the manufacturing, processing, refining, or fabricating process, or as a research or storage facility primarily used in connection with a manufacturing process.

(C) (i) For purposes of this paragraph, "special purpose building and foundation" means only a building and the foundation immediately underlying the building that is specifically designed and

constructed or reconstructed for the installation, operation, and use of specific machinery and equipment with a special purpose, which machinery and equipment, after installation, will become affixed to or a fixture of the real property, and the construction or reconstruction of which is specifically designed and used exclusively for the specified purposes as set forth in subparagraph (A) ("qualified purpose").

(ii) A building is specifically designed and constructed or modified for a qualified purpose if it is not economic to design and construct the building for the intended purpose and then use the structure for a different purpose.

(iii) For purposes of clause (i) and clause (vi), a building is used exclusively for a qualified purpose only if its use does not include a use for which it was not specifically designed and constructed or modified. Incidental use of a building for nonqualified purposes does not preclude the building from being a special purpose building. "Incidental use" means a use which is both related and subordinate to the qualified purpose. It will be conclusively presumed that a use is not subordinate if more than one-third of the total usable volume of the building is devoted to a use which is not a qualified purpose.

(iv) In the event an entire building does not qualify as a special purpose building, a taxpayer may establish that a portion of a building, and the foundation immediately underlying the portion, qualifies for treatment as a special purpose building and foundation if the portion satisfies all of the definitional provisions in this subparagraph.

(v) To the extent that a building is not a special purpose building as defined above, but a portion of the building qualifies for treatment as a special purpose building, then all equipment which exclusively supports the qualified purpose occurring within that portion and which would qualify as Internal Revenue Code Section 1245 property if it were not a fixture or affixed to the building shall be treated as a cost of the portion of the building which qualifies for treatment as a special purpose building.

(vi) Buildings and foundations which do not meet the definition of a special purpose building and foundation set forth above include, but are not limited to: buildings designed and constructed or reconstructed principally to function as a general purpose manufacturing, industrial, or commercial building; research facilities that are used primarily prior to or after, or prior to and after, the manufacturing process; or storage facilities that are used primarily prior to or after, or prior to and after, completion of the manufacturing process. A research facility shall not be considered to be used primarily prior to or after, or prior to and after, the manufacturing process if its purpose and use relate exclusively to the development and regulatory approval of the manufacturing process for specific biopharmaceutical products. A research facility which is used primarily in connection with the discovery of an organism from

which a biopharmaceutical product or process is developed does not meet the requirements of the preceding sentence.

(4) Subject to the provisions in subparagraph (B) of paragraph (1) of subdivision (b), qualified property also includes computer software that is primarily used for those purposes set forth in paragraph (1) of this subdivision.

(5) Qualified property does not include any of the following:

(A) Furniture.

(B) Facilities used for warehousing purposes after completion of the manufacturing process.

(C) Inventory.

(D) Equipment used in the extraction process.

(E) Equipment used to store finished products that have completed the manufacturing process.

(F) Any tangible personal property that is used in administration, general management, or marketing.

(G) Any vehicle for which a credit is claimed pursuant to Section 17052.11 or 23603.

(e) For purposes of this section:

(1) "Biopharmaceutical activities" means those activities which use organisms or materials derived from organisms, and their cellular, subcellular, or molecular components, in order to provide pharmaceutical products for human or animal therapeutics and diagnostics. Biopharmaceutical activities make use of living organisms to make commercial products, as opposed to pharmaceutical activities which make use of chemical compounds to produce commercial products.

(2) "Fabricating" means to make, build, create, produce, or assemble components or property to work in a new or different manner.

(3) "Manufacturing" means the activity of converting or conditioning property by changing the form, composition, quality, or character of the property for ultimate sale at retail or use in the manufacturing of a product to be ultimately sold at retail. Manufacturing includes any improvements to tangible personal property that result in a greater service life or greater functionality than that of the original property.

(4) "Other biotechnology activities" means activities consisting of the application of recombinant DNA technology to produce commercial products, as well as activities regarding pharmaceutical delivery systems designed to provide a measure of control over the rate, duration, and site of pharmaceutical delivery.

(5) "Primarily" means tangible personal property used 50 percent or more of the time in an activity described in subdivision (d).

(6) "Process" means the period beginning at the point at which any raw materials are received by the qualified taxpayer and introduced into the manufacturing, processing, refining, fabricating, or recycling activity of the qualified taxpayer and ending at the point

at which the manufacturing, processing, refining, fabricating, or recycling activity of the qualified taxpayer has altered tangible personal property to its completed form, including packaging, if required. Raw materials shall be considered to have been introduced into the process when the raw materials are stored on the same premises where the qualified taxpayer's manufacturing, processing, refining, or recycling activity is conducted. Raw materials that are stored on premises other than where the qualified taxpayer's manufacturing, processing, refining, fabricating, or recycling activity is conducted, shall not be considered to have been introduced into the manufacturing, processing, refining, fabricating, or recycling process.

(7) "Processing" means the physical application of the materials and labor necessary to modify or change the characteristics of property.

(8) "Refining" means the process of converting a natural resource to an intermediate or finished product.

(9) "Research and development" means those activities that are described in Section 174 of the Internal Revenue Code or in any regulations thereunder.

(10) "Small business" means a qualified taxpayer that meets any of the following requirements during the taxable year for which the credit is allowed:

(A) Has gross receipts of less than fifty million dollars ($50,000,000).

(B) Has net assets of less than fifty million dollars ($50,000,000).

(C) Has a total credit of less than one million dollars ($1,000,000).

(D) For taxable years beginning on or after January 1, 1997, is engaged in biopharmaceutical activities or other biotechnology activities that are described in Codes 2833 to 2836, inclusive, of the Standard Industrial Classification (SIC) Manual published by the United States Office of Management and Budget, 1987 edition, and as further amended, and has not received regulatory approval for any product from the United States Food and Drug Administration.

(f) The credit allowed under subdivision (a) shall apply to qualified property that is acquired by or subject to lease by a qualified taxpayer, subject to the following special rules:

(1) A lessor of qualified property, irrespective of whether the lessor is a qualified taxpayer, shall not be allowed the credit provided under subdivision (a) with respect to any qualified property leased to another qualified taxpayer.

(2) For purposes of paragraphs (2) and (3) of subdivision (b), "binding contract" shall include any lease agreement with respect to the qualified property.

(3) (A) For purposes of determining the qualified cost paid or incurred by a lessee in any leasing transaction that is not treated as a sale under Part 1 (commencing with Section 6001), the following rules shall apply:

(i) Except as provided by subparagraph (C) of this paragraph, subparagraphs (A) and (C) of paragraph (1) of subdivision (b) shall not apply.

(ii) Except as provided in subparagraph (B) and clause (iii), the "qualified cost" upon which the lessee shall compute the credit provided under this section shall be equal to the original cost to the lessor (within the meaning of Section 18031) of the qualified property that is the subject of the lease.

(iii) Except as provided in clause (iv), the requirement of subparagraph (B) of paragraph (1) of subdivision (b) shall be treated as satisfied only if the lessor has made a timely election under either Section 6094.1 or subdivision (d) of Section 6244 and has paid sales tax reimbursement or use tax measured by the purchase price of the qualified property (within the meaning of paragraph (5) of subdivision (g) of Section 6006). For purposes of this subdivision and clause (iv), the amount of original cost to the lessor which may be taken into account under clause (ii) shall not exceed the purchase price upon which sales tax reimbursement or use tax has been paid under the preceding sentence or under clause (iv).

(iv) With respect to leases entered into between January 1, 1994, and the effective date of this clause, the lessor may elect to pay use tax measured by the purchase price of the property by reporting and paying the tax with the return of the lessor for the fourth calendar quarter of 1994. In computing the use tax under the preceding sentence, a credit shall be allowed under Part 1 (commencing with Section 6001) for all sales or use tax previously paid on the lease.

(B) For purposes of applying subparagraph (A) only, the following special rules shall apply:

(i) The original cost to the lessor of the qualified property shall be reduced by the amount of any original cost of that property that was taken into account by any predecessor lessee in computing the credit allowable under this section.

(ii) Clause (i) shall not apply in any case where the predecessor lessee was required to recapture the credit provided under this section pursuant to the provisions of subdivision (g).

(iii) For purposes of this section only, in any case where a successor lessor has acquired qualified property from a predecessor lessor in a transaction not treated as a sale under Part 1 (commencing with Section 6001), the original cost to the successor lessor of the qualified property shall be reduced by the amount of the original cost of the qualified property that was taken into account by any lessee of the predecessor lessor in computing the credit allowable under this section.

(C) In determining the original cost of any qualified property under this paragraph, only amounts paid or incurred by the lessor on or after January 1, 1994, and prior to the date this section ceases to be operative under paragraph (2) of subdivision (i), shall be taken into account. In the case of any qualified property constructed,

reconstructed, or acquired by a lessor pursuant to a binding contract in existence on or prior to January 1, 1994, the allocation rule specified in subparagraph (A) of paragraph (1) of subdivision (b) shall apply in determining the original cost to the lessor of qualified property.

(D) Notwithstanding subparagraph (A), in the case of any leasing transaction for which the lessee is allowed the credit under this section and thereafter the lessee (or any party related to the lessee within the meaning of Section 267 or 318 of the Internal Revenue Code) acquires the qualified property from the lessor (or any successor lessor) within one year from the date the qualified property is first used by the lessee under the terms of the lease, the lessee's (or related party's) acquisition of the qualified property from the lessor (or successor lessor) shall be treated as a disposition by the lessee of the qualified property that was subject to the lease under subdivision (g).

(4) For purposes of determining the qualified cost paid or incurred by a lessee in any leasing transaction that is treated as a sale under Part 1 (commencing with Section 6001), the following rules shall apply:

(A) Subparagraph (A) of paragraph (1) of subdivision (b) shall be applied by substituting the term "purchase" for the term "construction, reconstruction, or acquisition."

(B) Subparagraph (C) of paragraph (1) of subdivision (b) shall apply.

(C) The requirement of subparagraph (B) of paragraph (1) of subdivision (b) shall be treated as satisfied at the time that either the lessor or the qualified taxpayer pays sales or use tax under Part 1 (commencing with Section 6001).

(5) (A) In the case of any leasing transaction described in paragraph (3), the lessor shall provide a statement to the lessee specifying the amount of the lessor's original cost of the qualified property and the amount of that cost upon which a sales or use tax was paid within 45 days after the close of the lessee's taxable year in which the credit is allowable to the lessee under this section.

(B) The statement required under subparagraph (A) shall be made available to the Franchise Tax Board upon request.

(g) No credit shall be allowed if the qualified property is removed from the state, is disposed of to an unrelated party, or is used for any purpose not qualifying for the credit provided in this section in the same taxable year in which the qualified property is first placed in service in this state. If any qualified property for which a credit is allowed pursuant to this section is thereafter removed from this state, disposed of to an unrelated party, or used for any purpose not qualifying for the credit provided in this section within one year from the date the qualified property is first placed in service in this state, the amount of the credit allowed by this section for that qualified property shall be recaptured by adding that credit amount to the net

tax of the qualified taxpayer for the taxable year in which the qualified property is disposed of, removed, or put to an ineligible use.

(h) In the case where the credit allowed by this section exceeds the "net tax," the excess may be carried over to reduce the "net tax" in the following year, and succeeding years as follows:

(1) Except as provided in paragraph (2), for the seven succeeding years if necessary, until the credit is exhausted.

(2) In the case of a small business, for the nine succeeding years, if necessary, until the credit is exhausted.

(i) (1) This section shall remain in effect until the date specified in paragraph (2), on which date this section shall cease to be operative, and as of that date is repealed. However, any unused credit may continue to be carried forward, as provided in subdivision (h), until the credit is exhausted.

(2) (A) This section shall cease to be operative on January 1, 2001, or on January 1 of the earliest year thereafter, if the total employment in this state, as determined by the Employment Development Department on the preceding January 1, does not exceed by 100,000 jobs the total employment in this state on January 1, 1994. The department shall report to the Legislature annually with respect to the determination required by the preceding sentence.

(B) For purposes of this paragraph, "total employment" means the total employment in the manufacturing sector, excluding employment in the aerospace sector.

(j) The amendments made by the act adding this subdivision shall be operative for taxable years beginning on or after January 1, 1997, except as provided in paragraph (3) of subdivision (d).

SEC. 13. Section 17053.73 is added to the Revenue and Taxation Code, to read:

17053.73. (a) There shall be allowed a credit against the "net tax" (as defined in Section 17039) to a taxpayer who employs a qualified employee in an enterprise zone during the taxable year. The credit shall be equal to the sum of each of the following:

(1) Fifty percent of qualified wages in the first year of employment.

(2) Forty percent of qualified wages in the second year of employment.

(3) Thirty percent of qualified wages in the third year of employment.

(4) Twenty percent of qualified wages in the fourth year of employment.

(5) Ten percent of qualified wages in the fifth year of employment.

(b) For purposes of this section:

(1) "Qualified wages" means:

(A) (i) Except as provided in clause (ii), that portion of wages paid or incurred by the taxpayer during the taxable year to qualified employees that does not exceed 150 percent of the minimum wage.

(ii) For up to 1,350 qualified employees who are employed by the taxpayer in the Long Beach Enterprise Zone in aircraft manufacturing activities described in Codes 3721 to 3728, inclusive, and Code 3812 of the Standard Industrial Classification (SIC) Manual published by the United States Office of Management and Budget, 1987 edition, "qualified wages" means that portion of hourly wages that does not exceed 202 percent of the minimum wage.

(B) Wages received during the 60-month period beginning with the day the employee commences employment with the taxpayer.

(C) Qualified wages do not include any wages paid or incurred by the taxpayer on or after the zone expiration date.

(2) "Minimum wage" means the wage established by the Industrial Welfare Commission as provided for in Chapter 1 (commencing with Section 1171) of Part 4 of Division 2 of the Labor Code.

(3) "Zone expiration date" means the date the enterprise and employment zone designation expires, is no longer binding, or becomes inoperative.

(4) (A) "Qualified employee" means an individual who meets all of the following requirements:

(i) At least 90 percent of whose services for the taxpayer during the taxable year are directly related to the conduct of the taxpayer's trade or business located in an enterprise and employment zone.

(ii) Performs at least 50 percent of his or her services for the taxpayer during the taxable year in an enterprise and employment zone.

(iii) Is hired by the taxpayer after the date of original designation of the area in which services were performed as an enterprise and employment zone.

(iv) Is any of the following:

(I) Immediately preceding the qualified employee's commencement of employment with the taxpayer, was eligible for services under the federal Job Training Partnership Act (29 U.S.C. Sec. 1501 et seq.) and is receiving, or is eligible to receive, subsidized employment, training, or services funded by the federal Job Training Partnership Act.

(II) Immediately preceding the qualified employee's commencement of employment with the taxpayer, was eligible to be a voluntary or mandatory registrant under the Greater Avenues for Independence Act of 1985 (GAIN) provided for pursuant to Article 3.2 (commencing with Section 11320) of Chapter 2 of Part 3 of Division 9 of the Welfare and Institutions Code.

(III) Immediately preceding the qualified employee's commencement of employment with the taxpayer, was eligible, as determined by the Employment Development Department, under the federal Targeted Jobs Tax Credit Program as long as that program is in effect.

(IV) Immediately preceding the qualified employee's commencement of employment with the taxpayer, was a resident of a targeted employment area, as defined in Section 7072 of the Government Code.

(V) An employee who qualified the taxpayer for the enterprise zone hiring credit under former Section 17053.8 or the program area hiring credit under former Section 17053.11.

(B) Priority for employment shall be provided to an individual who is enrolled in a qualified program under the federal Job Training Partnership Act or the Greater Avenues for Independence Act of 1985 or who is eligible under the federal Targeted Jobs Tax Credit Program.

(5) "Taxpayer" means a person or entity engaged in a trade or business within an enterprise and employment zone designated pursuant to Chapter 12.8 (commencing with Section 7070) of the Government Code.

(c) The taxpayer shall do both of the following:

(1) Obtain from either the Employment Development Department or the local county or city Job Training Partnership Act administrative entity or the local county GAIN office or social services agency, as appropriate, a certification which provides that a qualified employee meets the eligibility requirements specified in clause (iv) of subparagraph (A) of paragraph (4) of subdivision (b).

(2) Retain a copy of the certification and provide it upon request to the Franchise Tax Board.

(d) (1) For purposes of this section:

(A) All employees of trades or businesses, which are not incorporated, that are under common control shall be treated as employed by a single taxpayer.

(B) The credit, if any, allowable by this section with respect to each trade or business shall be determined by reference to its proportionate share of the expense of the qualified wages giving rise to the credit, and shall be allocated in such manner.

(C) Principles that apply in the case of controlled groups of corporations, as specified in subdivision (d) of Section 23622.5, shall apply with respect to determining employment.

(2) If an employer acquires the major portion of a trade or business of another employer (hereinafter in this paragraph referred to as the "predecessor") or the major portion of a separate unit of a trade or business of a predecessor, then, for purposes of applying this section (other than subdivision (e)) for any calendar year ending after that acquisition, the employment relationship between a qualified employee and an employer shall not be treated as terminated if the employee continues to be employed in that trade or business.

(e) (1) If the employment of any qualified employee, with respect to whom qualified wages are taken into account under subdivision (a) is terminated by the taxpayer at any time during the

first 270 days of that employment (whether or not consecutive) or before the close of the 270th calendar day after the day in which that employee completes 90 days of employment with the taxpayer, the tax imposed by this part for the taxable year in which that employment is terminated shall be increased by an amount equal to the credit allowed under subdivision (a) for that taxable year and all prior taxable years attributable to qualified wages paid or incurred with respect to that employee.

(2) (A) Paragraph (1) shall not apply to any of the following:

(i) A termination of employment of a qualified employee who voluntarily leaves the employment of the taxpayer.

(ii) A termination of employment of a qualified employee who, before the close of the period referred to in paragraph (1), becomes disabled and unable to perform the services of that employment, unless that disability is removed before the close of that period and the taxpayer fails to offer reemployment to that employee.

(iii) A termination of employment of a qualified employee, if it is determined under the applicable employment compensation provisions that the termination was due to the misconduct of that employee.

(iv) A termination of employment of a qualified employee due to a substantial reduction in the trade or business operations of the taxpayer.

(v) A termination of employment of a qualified employee, if that employee is replaced by other qualified employees so as to create a net increase in both the number of employees and the hours of employment.

(B) For purposes of paragraph (1), the employment relationship between the taxpayer and a qualified employee shall not be treated as terminated by reason of a mere change in the form of conducting the trade or business of the taxpayer, if the qualified employee continues to be employed in that trade or business and the taxpayer retains a substantial interest in that trade or business.

(3) Any increase in tax under paragraph (1) shall not be treated as tax imposed by this part for purposes of determining the amount of any credit allowable under this part.

(f) In the case of an estate or trust, both of the following apply:

(1) The qualified wages for any taxable year shall be apportioned between the estate or trust and the beneficiaries on the basis of the income of the estate or trust allocable to each.

(2) Any beneficiary to whom any qualified wages have been apportioned under paragraph (1) shall be treated, for purposes of this part, as the employer with respect to those wages.

(g) For purposes of this section, "enterprise and employment zone" means an area designated pursuant to Chapter 12.8 (commencing with Section 7070) of Division 7 of Title 1 of the Government Code.

(h) The credit allowable under this section shall be reduced by the credit allowed under Sections 17053.10, 17053.17 and 17053.46 claimed for the same employee. The credit shall also be reduced by the federal credit allowed under Section 51 of the Internal Revenue Code.

In addition, any deduction otherwise allowed under this part for the wages or salaries paid or incurred by the taxpayer upon which the credit is based shall be reduced by the amount of the credit, prior to any reduction required by subdivision (i) or (j).

(i) In the case where the credit otherwise allowed under this section exceeds the "net tax" for the taxable year, that portion of the credit that exceeds the "net tax" may be carried over and added to the credit, if any, in succeeding taxable years, until the credit is exhausted. The credit shall be applied first to the earliest taxable years possible.

(j) (1) The amount of the credit otherwise allowed under this section and Section 17053.70, including any credit carryover from prior years, that may reduce the "net tax" for the taxable year shall not exceed the amount of tax which would be imposed on the taxpayer's business income attributable to the enterprise zone determined as if that attributable income represented all of the income of the taxpayer subject to tax under this part.

(2) The amount of attributable income described in paragraph (1) shall be determined in accordance with Chapter 17 (commencing with Section 25101) of Part 11, modified for purposes of this section by substituting "the enterprise and employment zone" for "this state."

(3) The portion of any credit remaining, if any, after application of this subdivision, shall be carried over to succeeding taxable years, as if it were an amount exceeding the "net tax" for the taxable year, as provided in subdivision (i).

SEC. 14. Section 17062 of the Revenue and Taxation Code is amended to read:

17062. (a) In addition to the other taxes imposed by this part, there is hereby imposed for each taxable year, a tax equal to the excess, if any, of—

(1) The tentative minimum tax for the taxable year, over

(2) The regular tax for the taxable year.

(b) For purposes of this chapter, each of the following shall apply:

(1) The tentative minimum tax shall be computed in accordance with Sections 55 to 59, inclusive, of the Internal Revenue Code, except as otherwise provided in this part.

(2) The regular tax shall be the amount of tax imposed by Section 17041 or 17048, before reduction for any credits against the tax, less any amount imposed under paragraph (1) of subdivision (d) and paragraph (1) of subdivision (e) of Section 17560.

(3) (A) The provisions of Section 55(b)(1) of the Internal Revenue Code shall be modified to provide that the tentative

minimum tax for the taxable year shall be equal to the following percent of so much of the alternative minimum taxable income for the taxable year as exceeds the exemption amount, before reduction for any credits against the tax:

(i) For any taxable year beginning on or after January 1, 1991, and before January 1, 1996, 8.5 percent.

(ii) For any taxable year beginning on or after January 1, 1996, 7 percent.

(B) In the case of a nonresident or part-year resident, the tentative minimum tax shall be computed as if the nonresident or part-year resident were a resident for the entire year multiplied by the ratio of California adjusted gross income (as modified for purposes of this chapter) to total adjusted gross income from all sources (as modified for purposes of this chapter). For purposes of computing the tax under subparagraph (A) and gross income from all sources, the net operating loss deduction provided in Section 56(d) of the Internal Revenue Code shall be computed as if the taxpayer were a resident for all prior years.

(C) For purposes of this section, the term "California adjusted gross income" includes each of the following:

(i) For any period during which the taxpayer was a resident of this state (as defined by Section 17014), all items of adjusted gross income (as modified for purposes of this chapter), regardless of source.

(ii) For any period during which the taxpayer was not a resident of this state, only those items of adjusted gross income (as modified for purposes of this chapter) which were derived from sources within this state, determined in accordance with Chapter 11 (commencing with Section 17951).

(4) The provisions of Section 55(b)(2) of the Internal Revenue Code, relating to alternative minimum taxable income, shall be modified to provide that alternative minimum taxable income shall not include the income, adjustments, and items of tax preference attributable to any trade or business of a qualified taxpayer.

(A) For purposes of this paragraph, "qualified taxpayer" means a taxpayer who meets both of the following:

(i) Is the owner of, or has an ownership interest in, a trade or business.

(ii) Has aggregate gross receipts, less returns and allowances, of less than one million dollars ($1,000,000) during the taxable year from all trades or businesses of which the taxpayer is the owner or has an ownership interest, in the amount of that taxpayer's proportionate interest in each trade or business.

(B) (i) For purposes of this paragraph, "proportionate interest" includes an interest in a pass-through entity.

(ii) For purposes of this paragraph, "pass-through entity" means any of the following:

(I) A partnership, as defined by Section 17008.

(II) An S corporation, as provided in Chapter 4.5 (commencing with Section 23800) of Part 11.

(IV) A real estate investment trust, as provided in Section 24872.

(V) A real estate mortgage investment conduit, as provided in Section 24874.

(c) (1) Section 56(b)(1)(E) of the Internal Revenue Code, relating to standard deduction and deduction for personal exemptions not allowed, is modified, for purposes of this part, to deny the standard deduction allowed by Section 17073.5.

(2) The provisions of Section 56(h) of the Internal Revenue Code, relating to adjustment based on energy preferences, shall not apply.

(d) The provisions of Section 57(a)(5) of the Internal Revenue Code, relating to tax-exempt interest shall not apply.

(e) The last two sentences of Section 57(a)(6)(B) of the Internal Revenue Code, relating to tangible personal property, shall not apply.

(f) Section 57(a) of the Internal Revenue Code, relating to items of tax preference, is modified to include as an item of tax preference an amount equal to one-half of the amount excluded from gross income for the taxable year under Section 18152.5.

(g) The provisions of Section 59(a) of the Internal Revenue Code, relating to the alternative minimum tax foreign tax credit, shall not apply.

SEC. 14.1. Section 17072 of the Revenue and Taxation Code is amended to read:

17072. (a) Section 62 of the Internal Revenue Code, relating to adjusted gross income defined, shall apply, except as otherwise provided.

(f) For purposes of this section, in determining whether a trade or business activity qualifies as a new business under paragraph (2) of subdivision (e), the following rules shall apply:

(1) In any case where a taxpayer or partnership purchases or otherwise acquires all or any portion of the assets of an existing trade or business (irrespective of the form of entity) that is doing business in this state (within the meaning of Section 23101), the trade or business thereafter conducted by the taxpayer or partnership (or any related person) shall not be treated as a new business if the aggregate fair market value of the acquired assets (including real, personal, tangible, and intangible property) used by the taxpayer or partnership (or any related person) in the conduct of its trade or business exceeds 20 percent of the aggregate fair market value of the total assets of the trade or business being conducted by the taxpayer

or partnership (or any related person). For purposes of this paragraph only, the following rules shall apply:

(A) The determination of the relative fair market values of the acquired assets and the total assets shall be made as of the last day of the first taxable year in which the taxpayer or partnership (or any related person) first uses any of the acquired trade or business assets in its business activity.

(B) Any acquired assets that constituted property described in Section 1221(1) of the Internal Revenue Code in the hands of the transferor shall not be treated as assets acquired from an existing trade or business, unless those assets also constitute property described in Section 1221(1) of the Internal Revenue Code in the hands of the acquiring taxpayer or partnership (or related person).

(2) In any case where a taxpayer or partnership (or any related person) is engaged in one or more trade or business activities in this state, or has been engaged in one or more trade or business activities in this state within the preceding 36 months (''prior trade or business activity''), and thereafter commences an additional trade or business activity in this state, the additional trade or business activity shall only be treated as a new business if the additional trade or business activity is classified under a different division of the Standard Industrial Classification (SIC) Manual published by the United States Office of Management and Budget, 1987 edition, than are any of the taxpayer's or partnership's (or any related person's) current or prior trade or business activities.

(3) In any case where a taxpayer or partnership, including all related persons, is engaged in trade or business activities wholly outside of this state and the taxpayer or partnership first commences doing business in this state (within the meaning of Section 23101) after December 31, 1993 (other than by purchase or other acquisition described in paragraph (1)), the trade or business activity shall be treated as a new business under paragraph (2) of subdivision (e).

(4) In any case where the legal form under which a trade or business activity is being conducted is changed, the change in form shall be disregarded and the determination of whether the trade or business activity is a new business shall be made by treating the taxpayer or partnership as having purchased or otherwise acquired all or any portion of the assets of an existing trade or business under the rules of paragraph (1) of this subdivision.

(5) ''Related person'' shall mean any person that is related to either the taxpayer or partnership under either Section 267 or 318 of the Internal Revenue Code.

(6) ''Acquire'' shall include any gift, inheritance, transfer incident to divorce, or any other transfer, whether or not for consideration.

(ii) "Other biotechnology activities" means activities consisting of the application of recombinant DNA technology to produce commercial products, as well as activities regarding pharmaceutical delivery systems designed to provide a measure of control over the rate, duration, and site of pharmaceutical delivery.

(g) In computing the modifications under Section 172(d)(2) of the Internal Revenue Code, relating to capital gains and losses of taxpayers other than corporations, the exclusion provided by Section 18152.5 shall not be allowed.

(h) Notwithstanding any provisions of this section, a deduction shall be allowed to a "qualified taxpayer" as provided in Sections 17276.1 and 17276.2.

(i) The Franchise Tax Board may prescribe appropriate regulations to carry out the purposes of this section, including any regulations necessary to prevent the avoidance of the purposes of this section through splitups, shell corporations, partnerships, tiered ownership structures, or otherwise.

(j) The Franchise Tax Board may reclassify any net operating loss carryover determined under either paragraph (2) or (3) of subdivision (b) as a net operating loss carryover under paragraph (1) of subdivision (b) upon a showing that the reclassification is necessary to prevent evasion of the purposes of this section.

(k) The amendments made by the act adding this subdivision shall be operative for taxable years beginning on or after January 1, 1997.

No credit shall be claimed under this section on a return filed for any income year commencing prior to the qualified taxpayer's first income year beginning on or after January 1, 1995.

(b) (1) For purposes of this section, "qualified cost" means any cost that satisfies each of the following conditions:

(A) Except as otherwise provided in this subparagraph, is a cost paid or incurred by the qualified taxpayer for the construction, reconstruction, or acquisition of qualified property on or after January 1, 1994, and prior to the date this section ceases to be operative under paragraph (2) of subdivision (i). In the case of any qualified property constructed, reconstructed, or acquired by the qualified taxpayer (or any person related to the qualified taxpayer within the meaning of Section 267 or 707 of the Internal Revenue Code) pursuant to a binding contract in existence on or prior to January 1, 1994, costs paid pursuant to that contract shall be subject to allocation as follows: contract costs shall be allocated to qualified property based on a ratio of costs actually paid prior to January 1, 1994, and total contract costs actually paid. "Cost paid" shall include,

without limitation, contractual deposits and option payments. To the extent of cost allocated, whether or not currently deductible or depreciable for tax purposes, to a period prior to January 1, 1994, the cost shall be deemed allocated to property acquired before January 1, 1994, and is thus not a "qualified cost."

(B) Except as provided in paragraph (2) of subdivision (d) and subparagraph (B) of paragraph (3) of subdivision (d), is an amount upon which the qualified taxpayer has paid, directly or indirectly as a separately stated contract amount or as determined from the records of the qualified taxpayer, sales or use tax under Part 1 (commencing with Section 6001).

(C) Is an amount properly chargeable to the capital account of the qualified taxpayer.

(2) (A) For purposes of this subdivision, any contract entered into on or after January 1, 1994, that is a successor or replacement contract to a contract that was binding prior to January 1, 1994, shall be treated as a binding contract in existence prior to January 1, 1994.

(B) If a successor or replacement contract is entered into on or after January 1, 1994, and the subject of the successor or replacement contract relates both to amounts for the construction, reconstruction, or acquisition of qualified property described in the original binding contract and to costs for the construction, reconstruction, or acquisition of qualified property not described in the original binding contract, then the portion of those amounts described in the successor or replacement contract that were not described in the original binding contract shall not be treated as costs paid or incurred pursuant to a binding contract in existence on or prior to January 1, 1994, under subparagraph (A) of paragraph (1).

(3) (A) For purposes of this section, an option contract in existence prior to January 1, 1994, under which a qualified taxpayer (or any other person related to the qualified taxpayer within the meaning of Section 267 or 707 of the Internal Revenue Code) had an option to acquire qualified property, shall be treated as a binding contract under the rules in paragraph (2). For purposes of this subparagraph, an option contract shall not include an option under which the option holder will forfeit an amount less than 10 percent of the fixed option price in the event the option is not exercised.

(B) For purposes of this section, a contract shall be treated as binding even if the contract is subject to a condition.

(c) (1) For purposes of this section, "qualified taxpayer" means any taxpayer engaged in those lines of business described in Codes 2011 to 3999, inclusive, of the Standard Industrial Classification (SIC) Manual published by the United States Office of Management and Budget, 1987 edition.

(2) In the case of any pass-through entity, the determination of whether a taxpayer is a qualified taxpayer shall be made at the entity level and any credit under this section or Section 17053.49 shall be allowed to the pass-through entity and passed through to the partners

or shareholders in accordance with applicable provisions of Part 10 (commencing with Section 17001) or Part 11 (commencing with Section 23001). For purposes of this paragraph, the term "pass-through entity" means any partnership or S corporation.

(3) The Franchise Tax Board may prescribe regulations to carry out the purposes of this section, including any regulations necessary to prevent the avoidance of the effect of this section through splitups, shell corporations, partnerships, tiered ownership structures, sale-leaseback transactions, or otherwise.

(d) For purposes of this section, "qualified property" means property that is described as either of the following:

(1) Tangible personal property that is defined in Section 1245(a) of the Internal Revenue Code for use by a qualified taxpayer in those lines of business described in Codes 2011 to 3999, inclusive, of the Standard Industrial Classification (SIC) Manual published by the United States Office of Management and Budget, 1987 edition, that is primarily used for any of the following:

(A) For the manufacturing, processing, refining, fabricating, or recycling of property, beginning at the point at which any raw materials are received by the qualified taxpayer and introduced into the process and ending at the point at which the manufacturing, processing, refining, fabricating, or recycling has altered tangible personal property to its completed form, including packaging, if required.

(B) In research and development.

(C) To maintain, repair, measure, or test any property described in this paragraph.

(D) For pollution control that meets or exceeds standards established by the state or by any local or regional governmental agency within the state.

(E) For recycling.

(2) The value of any capitalized labor costs that are directly allocable to the construction or modification of property described in paragraph (1).

(3) In the case of any qualified taxpayer engaged in manufacturing activities described in SIC Code 357 or 367, those activities related to biotechnology described in SIC Code 8731, those activities related to biopharmaceutical establishments only that are described in SIC Codes 2833 to 2836, inclusive, those activities related to space vehicles and parts described in SIC Codes 3761 to 3769, inclusive, those activities related to space satellites and communications satellites and equipment described in SIC Codes 3663 and 3812 (but only with respect to "qualified property" that is placed in service on or after January 1, 1996), or those activities related to semiconductor equipment manufacturing described in SIC Code 3559 (but only with respect to "qualified property" that is placed in service on or after January 1, 1997), "qualified property" also includes the following:

(A) Special purpose buildings and foundations that are constructed or modified for use by the qualified taxpayer primarily in a manufacturing, processing, refining, or fabricating process, or as a research or storage facility primarily used in connection with a manufacturing process.

(B) The value of any capitalized labor costs that are directly allocable to the construction or modification of special purpose buildings and foundations that are used primarily in the manufacturing, processing, refining, or fabricating process, or as a research or storage facility primarily used in connection with a manufacturing process.

(C) (i) For purposes of this paragraph, "special purpose building and foundation" means only a building and the foundation immediately underlying the building that is specifically designed and constructed or reconstructed for the installation, operation, and use of specific machinery and equipment with a special purpose, which machinery and equipment, after installation, will become affixed to or a fixture of the real property, and the construction or reconstruction of which is specifically designed and used exclusively for the specified purposes as set forth in subparagraph (A) ("qualified purpose").

(ii) A building is specifically designed and constructed or modified for a qualified purpose if it is not economic to design and construct the building for the intended purpose and then use the structure for a different purpose.

(iii) For purposes of clause (i) and clause (vi), a building is used exclusively for a qualified purpose only if its use does not include a use for which it was not specifically designed and constructed or modified. Incidental use of a building for nonqualified purposes does not preclude the building from being a special purpose building. "Incidental use" means a use which is both related and subordinate to the qualified purpose. It will be conclusively presumed that a use is not subordinate if more than one-third of the total usable volume of the building is devoted to a use which is not a qualified purpose.

(iv) In the event an entire building does not qualify as a special purpose building, a taxpayer may establish that a portion of a building, and the foundation immediately underlying the portion, qualifies for treatment as a special purpose building and foundation if the portion satisfies all of the definitional provisions in this subparagraph.

(v) To the extent that a building is not a special purpose building as defined above, but a portion of the building qualifies for treatment as a special purpose building, then all equipment which exclusively supports the qualified purpose occurring within that portion and which would qualify as Internal Revenue Code Section 1245 property if it were not a fixture or affixed to the building shall be treated as a cost of the portion of the building which qualifies for treatment as a special purpose building.

(vi) Buildings and foundations which do not meet the definition of a special purpose building and foundation set forth above include, but are not limited to: buildings designed and constructed or reconstructed principally to function as a general purpose manufacturing, industrial, or commercial building; research facilities that are used primarily prior to or after, or prior to and after, the manufacturing process; or storage facilities that are used primarily prior to or after, or prior to and after, completion of the manufacturing process. A research facility shall not be considered to be used primarily prior to or after, or prior to and after, the manufacturing process if its purpose and use relate exclusively to the development and regulatory approval of the manufacturing process for specific biopharmaceutical products. A research facility which is used primarily in connection with the discovery of an organism from which a biopharmaceutical product or process is developed does not meet the requirements of the preceding sentence.

(4) Subject to the provisions in subparagraph (B) of paragraph (1) of subdivision (b), qualified property also includes computer software that is primarily used for those purposes set forth in paragraph (1) of this subdivision.

(5) Qualified property does not include any of the following:

(A) Furniture.

(B) Facilities used for warehousing purposes after completion of the manufacturing process.

(C) Inventory.

(D) Equipment used in the extraction process.

(E) Equipment used to store finished products that have completed the manufacturing process.

(F) Any tangible personal property that is used in administration, general management, or marketing.

(G) Any vehicle for which a credit is claimed pursuant to Section 17052.11 or 23603.

(e) For purposes of this section:

(1) "Biopharmaceutical activities" means those activities which use organisms or materials derived from organisms, and their cellular, subcellular, or molecular components, in order to provide pharmaceutical products for human or animal therapeutics and diagnostics. Biopharmaceutical activities make use of living organisms to make commercial products, as opposed to pharmaceutical organisms to make commercial products, as opposed to pharmaceutical activities which make use of chemical compounds to produce commercial products.

(2) "Fabricating" means to make, build, create, produce, or assemble components or property to work in a new or different manner.

(3) "Manufacturing" means the activity of converting or conditioning property by changing the form, composition, quality, or character of the property for ultimate sale at retail or use in the

manufacturing of a product to be ultimately sold at retail. Manufacturing includes any improvements to tangible personal property that result in a greater service life or greater functionality than that of the original property.

(4) "Other biotechnology activities" means activities consisting of the application of recombinant DNA technology to produce commercial products, as well as activities regarding pharmaceutical deliver systems designed to provide a measure of control over the rate, duration, and site of pharmaceutical delivery.

(5) "Primarily" means tangible personal property used 50 percent or more of the time in an activity described in subdivision (d).

(6) "Process" means the period beginning at the point at which any raw materials are received by the qualified taxpayer and introduced into the manufacturing, processing, refining, fabricating, or recycling activity of the qualified person and ending at the point at which the manufacturing, processing, refining, fabricating, or recycling activity of the qualified taxpayer has altered tangible personal property to its completed form, including packaging, if required. Raw materials shall be considered to have been introduced into the process when the raw materials are stored on the same premises where the qualified taxpayer's manufacturing, processing, refining, fabricating, or recycling activity is conducted. Raw materials that are stored on premises other than where the qualified taxpayer's manufacturing, processing, refining, fabricating, or recycling activity is conducted, shall not be considered to have been introduced into the manufacturing, processing, refining, fabricating, or recycling process.

(7) "Processing" means the physical application of the materials and labor necessary to modify or change the characteristics of property.

(8) "Refining" means the process of converting a natural resource to an intermediate or finished product.

(9) "Research and development" means those activities that are described in Section 174 of the Internal Revenue Code or in any regulations thereunder.

(10) "Small business" means a qualified taxpayer that meets any of the following requirements during the income year for which the credit is allowed:

(A) Has gross receipts of less than fifty million dollars ($50,000,000).

(B) Has net assets of less than fifty million dollars ($50,000,000).

(C) Has a total credit of less than one million dollars ($1,000,000).

(D) For income years beginning on or after January 1, 1997, is engaged in biopharmaceutical activities or other biotechnology activities that are described in Codes 2833 to 2836, inclusive, of the Standard Industrial Classification (SIC) Manual published by the United States Office of Management and Budget, 1987 edition, and

as further amended, and has not received regulatory approval for any product from the United States Food and Drug Administration.

(f) The credit allowed under subdivision (a) shall apply to qualified property that is acquired by or subject to lease by a qualified taxpayer, subject to the following special rules:

(1) A lessor of qualified property, irrespective of whether the lessor is a qualified taxpayer, shall not be allowed the credit provided under subdivision (a) with respect to any qualified property leased to another qualified taxpayer.

(2) For purposes of paragraphs (2) and (3) of subdivision (b), "binding contract" shall include any lease agreement with respect to the qualified property.

(3) (A) For purposes of determining the qualified cost paid or incurred by a lessee in any leasing transaction that is not treated as a sale under Part 1 (commencing with Section 6001), the following rules shall apply:

(i) Except as provided by subparagraph (C) of this paragraph, subparagraphs (A) and (C) of paragraph (1) of subdivision (b) shall not apply.

(ii) Except as provided in subparagraph (B) and clause (iii), the "qualified cost" upon which the lessee shall compute the credit provided under this section shall be equal to the original cost to the lessor (within the meaning of Section 24912) of the qualified property that is the subject of the lease.

(iii) Except as provided in clause (iv), the requirement of subparagraph (B) of paragraph (1) of subdivision (b) shall be treated as satisfied only if the lessor has made a timely election under either Section 6094.1 or subdivision (d) of Section 6244 and has paid sales tax reimbursement or use tax measured by the purchase price of the qualified property (within the meaning of paragraph (5) of subdivision (g) of Section 6006). For purposes of this subdivision and clause (iv), the amount of original cost to the lessor which may be taken into account under clause (ii) shall not exceed the purchase price upon which sales tax reimbursement or use tax has been paid under the preceding sentence or under clause (iv).

(iv) With respect to leases entered into between January 1, 1994, and the effective date of this clause, the lessor may elect to pay use tax measured by the purchase price of the property by reporting and paying the tax with the return of the lessor for the fourth calendar quarter of 1994. In computing the use tax under the preceding sentence, a credit shall be allowed under Part 1 (commencing with Section 6001) for all sales or use tax previously paid on the lease.

(B) For purposes of applying subparagraph (A) only, the following special rules shall apply:

(i) The original cost to the lessor of the qualified property shall be reduced by the amount of any original cost of that property that was taken into account by any predecessor lessee in computing the credit allowable under this section.

(ii) Clause (i) shall not apply in any case where the predecessor lessee was required to recapture the credit provided under this section pursuant to the provisions of subdivision (g).

(iii) For purposes of this section only, in any case where a successor lessor has acquired qualified property from a predecessor lessor in a transaction not treated as a sale under Part 1 (commencing with Section 6001), the original cost to the successor lessor of the qualified property shall be reduced by the amount of the original cost of the qualified property that was taken into account by any lessee of the predecessor lessor in computing the credit allowable under this section.

(C) In determining the original cost of any qualified property under this paragraph, only amounts paid or incurred by the lessor on or after January 1, 1994, and prior to the date this section ceases to be operative under paragraph (2) of subdivision (i), shall be taken into account. In the case of any qualified property constructed, reconstructed, or acquired by a lessor pursuant to a binding contract in existence on or prior to January 1, 1994, the allocation rule specified in subparagraph (A) of paragraph (1) of subdivision (b) shall apply in determining the original cost to the lessor of qualified property.

(D) Notwithstanding subparagraph (A), in the case of any leasing transaction for which the lessee is allowed the credit under this section and thereafter the lessee (or any party related to the lessee within the meaning of Section 267 or 318 of the Internal Revenue Code) acquires the qualified property from the lessor (or any successor lessor) within one year from the date the qualified property is first used by the lessee under the terms of the lease, the lessee's (or related party's) acquisition of the qualified property from the lessor (or successor lessor) shall be treated as a disposition by the lessee of the qualified property that was subject to the lease under subdivision (g).

(4) For purposes of determining the qualified cost paid or incurred by a lessee in any leasing transaction that is treated as a sale under Part 1 (commencing with Section 6001), the following rules shall apply:

(A) Subparagraph (A) of paragraph (1) of subdivision (b) shall be applied by substituting the term "purchase" for the term "construction, reconstruction, or acquisition."

(B) Subparagraph (C) of paragraph (1) of subdivision (b) shall apply.

(C) The requirement of subparagraph (B) of paragraph (1) of subdivision (b) shall be treated as satisfied at the time that either the lessor or the qualified taxpayer pays sales or use tax under Part 1 (commencing with Section 6001).

(5) (A) In the case of any leasing transaction described in paragraph (3), the lessor shall provide a statement to the lessee specifying the amount of the lessor's original cost of the qualified property and the amount of that cost upon which a sales or use tax

was paid within 45 days after the close of the lessee's taxable year in which the credit is allowable to the lessee under this section.

(B) The statement required under subparagraph (A) shall be made available to the Franchise Tax Board upon request.

(g) No credit shall be allowed if the qualified property is removed from the state, is disposed of to an unrelated party, or is used for any purpose not qualifying for the credit provided in this section in the same taxable year in which the qualified property is first placed in service in this state. If any qualified property for which a credit is allowed pursuant to this section is thereafter removed from this state, disposed of to an unrelated party, or used for any purpose not qualifying for the credit provided in this section within one year from the date the qualified property is first placed in service in this state, the amount of the credit allowed by this section for that qualified property shall be recaptured by adding that credit amount to the net tax of the qualified taxpayer for the taxable year in which the qualified property is disposed of, removed, or put to an ineligible use.

(h) In the case where the credit allowed by this section exceeds the "tax," the excess may be carried over to reduce the "tax" in the following year, and succeeding years as follows:

(1) Except as provided in paragraph (2), for the seven succeeding years if necessary, until the credit is exhausted.

(2) In the case of a small business, for the nine succeeding years, if necessary, until the credit is exhausted.

(i) (1) This section shall remain in effect until the date specified in paragraph (2) on which date this section shall cease to be operative, and as of that date is repealed. However, any unused credit may continue to be carried forward, as provided in subdivision (h), until the credit is exhausted.

(2) (A) This section shall cease to be operative on January 1, 2001, or on January 1 of the earliest year thereafter, if the total employment in this state, as determined by the Employment Development Department on the preceding January 1, does not exceed by 100,000 jobs the total employment in this state on January 1, 1994. The department shall report to the Legislature annually with respect to the determination required by the preceding sentence.

(B) For purposes of this paragraph, "total employment" means the total employment in the manufacturing sector, excluding employment in the aerospace sector.

(j) The amendments made by the act adding this subdivision shall be operative for income years beginning on or after January 1, 1997, except as provided in paragraph (3) of subdivision (d).

(4) In the case of a taxpayer who has a net operating loss in an income year beginning on or after January 1, 1994, and who operates a business that qualifies as both a new business and an eligible small business under this section, that business shall be treated as a new business for the first three income years of the new business.

(5) In the case of a taxpayer who has a net operating loss in an income year beginning on or after January 1, 1994, and who operates more than one business, and more than one of those businesses qualifies as either a new business or an eligible small business under this section, paragraph (2) shall be applied first, except that if there is any remaining portion of the net operating loss after application of clause (i) of subparagraph (B) of paragraph (2), paragraph (3) shall be applied to the remaining portion of the net operating loss as though that remaining portion of the net operating loss constituted the entire net operating loss.

(6) For purposes of this section, "net loss" means the amount of net loss after application of Sections 465 and 469 of the Internal Revenue Code.

(c) For any income year in which the taxpayer has in effect a water's-edge election under Section 25110, the deduction of a net operating loss carryover shall be denied to the extent that the net operating loss carryover was determined by taking into account the income and factors of an affiliated bank or corporation in a combined report whose income and apportionment factors would not have been taken into account if a water's-edge election under Section 25110 had been in effect for the income year in which the loss was incurred.

(d) Net operating loss carrybacks shall not be allowed.

(e) (1) Except as provided in paragraphs (2), (3), and (4), for each income year beginning on or after January 1, 1987, Section 172(b)(1)(A)(ii) of the Internal Revenue Code, relating to years to which net operating losses may be carried, is modified to substitute "five income years" in lieu of "15 taxable years."

(2) In the case of a "new business," the "five income years" referred to in paragraph (1) shall be modified to read as follows:

(A) "Eight income years" for a net operating loss attributable to the first income year of that new business.

(B) "Seven income years" for a net operating loss attributable to the second income year of that new business.

(C) "Six income years" for a net operating loss attributable to the third income year of that new business.

(3) For any carryover of a net operating loss for which a deduction is denied by Section 24416.3, the carryover period specified in this subdivision shall be extended as follows:

(A) By one year for a net operating loss attributable to income years beginning in 1991.

(B) By two years for a net operating loss attributable to income years beginning prior to January 1, 1991.

(4) The net operating loss attributable to income years beginning on or after January 1, 1987, and before January 1, 1994, shall be a net operating loss carryover to each of the 10 income years following the year of the loss if it is incurred by a bank or corporation that was either of the following:

(A) Under the jurisdiction of the court in a Title 11 or similar case at any time prior to January 1, 1994. The loss carryover provided in the preceding sentence shall not apply to any loss incurred in an income year after the income year during which the bank or corporation is no longer under the jurisdiction of the court in a Title 11 or similar case.

(B) In receipt of assets acquired in a transaction that qualifies as a tax-free reorganization under Section 368(a)(1)(G) of the Internal Revenue Code.

(2) Except as provided in subdivision (g), "new business" means any trade or business activity that is first commenced in this state on or after January 1, 1994.

(3) "Title 11 or similar case" shall have the same meaning as in Section 368(a)(3) of the Internal Revenue Code.

(4) In the case of any trade or business activity conducted by a partnership or an S corporation, paragraphs (1) and (2) shall be applied to the partnership or S corporation.

(g) For purposes of this section, in determining whether a trade or business activity qualifies as a new business under paragraph (2) of subdivision (e), the following rules shall apply:

(1) In any case where a taxpayer purchases or otherwise acquires all or any portion of the assets of an existing trade or business (irrespective of the form of entity) that is doing business in this state (within the meaning of Section 23101), the trade or business thereafter conducted by the taxpayer (or any related person) shall not be treated as a new business if the aggregate fair market value of the acquired assets (including real, personal, tangible, and intangible property) used by the taxpayer (or any related person) in the conduct of its trade or business exceeds 20 percent of the aggregate fair market value of the total assets of the trade or business

being conducted by the taxpayer (or any related person). For purposes of this paragraph only, the following rules shall apply:

(A) The determination of the relative fair market values of the acquired assets and the total assets shall be made as of the last day of the first income year in which the taxpayer (or any related person) first uses any of the acquired trade or business assets in its business activity.

(B) Any acquired assets that constituted property described in Section 1221(1) of the Internal Revenue Code in the hands of the transferor shall not be treated as assets acquired from an existing trade or business, unless those assets also constitute property described in Section 1221(1) of the Internal Revenue Code in the hands of the acquiring taxpayer (or related person).

(2) In any case where a taxpayer (or any related person) is engaged in one or more trade or business activities in this state, or has been engaged in one or more trade or business activities in this state within the preceding 36 months (''prior trade or business activity''), and thereafter commences an additional trade or business activity in this state, the additional trade or business activity shall only be treated as a new business if the additional trade or business activity is classified under a different division of the Standard Industrial Classification (SIC) Manual published by the United States Office of Management and Budget, 1987 edition, than are any of the taxpayer's (or any related person's) current or prior trade or business activities.

(3) In any case where a taxpayer, including all related persons, is engaged in trade or business activities wholly outside of this state and the taxpayer first commences doing business in this state (within the meaning of Section 23101) after December 31, 1993 (other than by purchase or other acquisition described in paragraph (1)), the trade or business activity shall be treated as a new business under paragraph (2) of subdivision (e).

(4) In any case where the legal form under which a trade or business activity is being conducted is changed, the change in form shall be disregarded and the determination of whether the trade or business activity is a new business shall be made by treating the taxpayer as having purchased or otherwise acquired all or any portion of the assets of an existing trade or business under the rules of paragraph (1) of this subdivision.

(5) ''Related person'' shall mean any person that is related to the taxpayer under either Section 267 or 318 of the Internal Revenue Code.

(6) ''Acquire'' shall include any transfer, whether or not for consideration.

(7) (A) For income years beginning on or after January 1, 1997, the term ''new business'' shall include any taxpayer that is engaged in biopharmaceutical activities or other biotechnology activities that are described in Codes 2833 to 2836, inclusive, of the Standard Industrial Classification (SIC) Manual published by the United States

(B) For purposes of this paragraph:

(i) "Biopharmaceutical activities" means those activities which use organisms or materials derived from organisms, and their cellular, subcellular, or molecular components, in order to provide pharmaceutical products for human or animal therapeutics and diagnostics. Biopharmaceutical activities make use of living organisms to make commercial products, as opposed to pharmaceutical activities which make use of chemical compounds to produce commercial products.

(ii) "Other biotechnology activities" means activities consisting of the application of recombinant DNA technology to produce commercial products, as well as activities regarding pharmaceutical delivery systems designed to provide a measure of control over the rate, duration, and site of pharmaceutical delivery.

(h) For purposes of corporations whose net income is determined under Chapter 17 (commencing with Section 25101), Section 25108 shall apply to each of the following:

(1) The amount of net operating loss incurred in any income year which may be carried forward to another income year.

(2) The amount of any loss carry forward which may be deducted in any income year.

(i) The provisions of Section 172(b)(1)(K) of the Internal Revenue Code, relating to bad debt losses of commercial banks, shall not be applicable.

(j) The Franchise Tax Board may prescribe appropriate regulations to carry out the purposes of this section, including any regulations necessary to prevent the avoidance of the purposes of this section through splitups, shell corporations, partnerships, tiered ownership structures, or otherwise.

(k) The Franchise Tax Board may reclassify any net operating loss carryover determined under either paragraph (2) or (3) of subdivision (b) as a net operating loss carryover under paragraph (1) of subdivision (b) upon a showing that the reclassification is necessary to prevent evasion of the purposes of this section.

(*l*) The amendments made by the act adding this subdivision shall be operative for income years beginning on or after January 1, 1997.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified in this act, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

The people of the State of California do enact as follows:

SECTION 1. Chapter 12.8 (commencing with Section 7070) of Division 7 of Title 1 of the Government Code is repealed.

SEC. 2. Chapter 12.8 (commencing with Section 7070) is added to Division 7 of Title 1 of the Government Code, to read:

CHAPTER 12.8. ENTERPRISE ZONE ACT

7070. This chapter shall be known and may be cited as the Enterprise Zone Act.

7071. The Legislature finds and declares as follows:

(a) The health, safety, and welfare of the people of California depend upon the development, stability, and expansion of private business, industry, and commerce, and there are certain areas within the state that are economically depressed due to a lack of investment in the private sector. Therefore, it is declared to be the purpose of this chapter to stimulate business and industrial growth in the depressed areas of the state by relaxing regulatory controls that impede private investment.

(b) It is in the economic interest of the state to have one strong, combined, and business-friendly incentive program to help attract business and industry to the state, to help retain and expand existing state business and industry, and to create increased job opportunities for all Californians.

(c) No enterprise zone shall be designated in which any boundary thereof is drawn in a manner so as to include larger stable businesses or heavily residential areas to the detriment of areas that are truly economically depressed.

(d) Nothing in this chapter shall be construed to infringe upon regulations relating to the civil rights, equal employment rights, equal opportunity rights, or fair housing rights of any person.

7072. For purposes of this chapter, the following definitions shall apply:

(a) "Agency" means the Trade and Commerce Agency.

(b) "Date of original designation" means the earlier of the following:

(1) The date the eligible area receives designation as an enterprise zone by the agency pursuant to this chapter.

(2) In the case of an enterprise zone deemed designated pursuant to subdivision (e) of Section 7073, the date the enterprise zone or program area received original designation by the agency pursuant to Chapter 12.8 (commencing with Section 7070) or Chapter 12.9 (commencing with Section 7080), as those chapters read prior to January 1, 1997.

(c) "Eligible area" means either of the following:

(1) An area designated as an enterprise zone pursuant to Chapter 12.8 (commencing with Section 7070), as it read prior to January 1,

1997, or as a targeted economic development area, neighborhood development area, or program area pursuant to Chapter 12.9 (commencing with Section 7080), as it read prior to January 1, 1997.

(2) A geographic area that, based upon the determination of the agency, fulfills at least one of the following:

(A) The proposed geographic area meets the Urban Development Action Grant criteria of the United States Department of Housing and Urban Development.

(B) The area within the proposed zone has experienced plant closures within the past two years affecting more than 100 workers.

(C) The city or county has submitted material to the agency for a finding that the proposed geographic area meets criteria of economic distress related to those used in determining eligibility under the Urban Development Action Grant Program and is therefore an eligible area.

(D) The area within the proposed zone has a history of gang-related activity, whether or not crimes of violence have been committed.

(d) "Enterprise zone" means any area within a city, county, or city and county that is designated as such by the agency in accordance with the provisions of Section 7073.

(e) "Governing body" means a county board of supervisors or a city council, as appropriate.

(f) "High technology industries" include, but are not limited to, the computer, biological engineering, electronics, and telecommunications industries.

(g) "Resident," unless otherwise defined, means a person whose principal place of residence is within a targeted employment area.

(h) "Targeted employment area" means an area within a city, county, or city and county that is composed solely of those census tracts designated by the United States Department of Housing and Urban Development as having at least 51 percent of its residents of low- or moderate-income levels, using the most recent United States Department of Census data available at the time of application to determine that eligibility. The purpose of a "targeted employment area" is to encourage businesses in an enterprise zone to hire eligible residents of certain geographic areas within a city, county, or city and county. A targeted employment area may be, but is not required to be, the same as all or part of an enterprise zone. A targeted employment area's boundaries need not be contiguous. A targeted employment area does not need to encompass each eligible census tract within a city, county, or city and county. The governing body of each city, county or city and county that has jurisdiction of the enterprise zone shall identify those census tracts whose residents are in the most need of this employment targeting. Only those census tracts within the jurisdiction of the city, county, or city and county that has jurisdiction of the enterprise zone may be included in a targeted employment area.

At least a part of each eligible census tract within a targeted employment area shall be within the territorial jurisdiction of the city, county, or city and county that has jurisdiction for an enterprise zone. If an eligible census tract encompasses the territorial jurisdiction of two or more local governmental entities, all of those entities shall be a party to the designation of a targeted employment area. However, any one or more of those entities, by resolution or ordinance, may specify that it shall not participate in the application as an applicant, but shall agree to complete all actions stated within the application that apply to its jurisdiction, if the area is designated.

Each local governmental entity of each city, county, or city and county that has jurisdiction of an enterprise zone shall approve, by resolution or ordinance, the boundaries of its targeted employment area, regardless of whether a census tract within the proposed targeted employment area is outside the jurisdiction of the local governmental entity.

7073. (a) Except as provided in subdivision (e), any city, county, or city and county with an eligible area within its jurisdiction may complete a preliminary application for designation as an enterprise zone. The applying entity shall establish definitive boundaries for the proposed enterprise zone and the targeted employment area.

(b) (1) In designating enterprise zones, the agency shall select from the applications submitted those proposed enterprise zones that, upon a comparison of all of the applications submitted, indicate that they propose the most effective, innovative, and comprehensive regulatory, tax, program, and other incentives in attracting private sector investment in the zone proposed.

(2) For purposes of this subdivision, regulatory incentives include, but are not limited to, all of the following:

(A) The suspension or relaxation of locally originated or modified building codes, zoning laws, general development plans, or rent controls.

(B) The elimination or reduction of fees for applications, permits, and local government services.

(C) The establishment of a streamlined permit process.

(3) For purposes of this subdivision, tax incentives include, but are not limited to, the elimination or reduction of construction taxes or business license taxes.

(4) For the purposes of this subdivision, program and other incentives may include, but are not limited to, all of the following:

(A) The provision or expansion of infrastructure.

(B) The targeting of federal block grant moneys, including small cities, education, and health and welfare block grants.

(C) The targeting of economic development grants and loan moneys, including grant and loan moneys provided by the federal Urban Development Action Grant program and the federal Economic Development Administration.

(D) The targeting of state and federal job disadvantaged and vocational education grant moneys, including moneys provided by the federal Job Training Partnership Act of 1982 (P.L. 97-300).

(E) The targeting of federal or state transportation grant moneys.

(F) The targeting of federal or state low-income housing and rental assistance moneys.

(G) The use of tax allocation bonds, special assessment bonds, bonds under the Mello-Roos Community Facilities Act of 1982 (Chapter 2.5 (commencing with Section 53311) of Part 1 of Division 2), industrial development bonds, revenue bonds, private activity bonds, housing bonds, bonds issued pursuant to the Marks-Ross Local Bond Pooling Act of 1985 Article 4 (commencing with Section 6584) of Chapter 5), certificates of participation, hospital bonds, redevelopment bonds, and school bonds, and including all special provisions provided for under federal tax law for enterprise community or empowerment zone bonds.

(5) In the process of designating new enterprise zones, the agency shall take into consideration the location of existing zones and make every effort to locate new zones in a manner that will not adversely affect any existing zones.

(6) In designating new enterprise zones, the agency shall include in its criteria the fact that jurisdictions have been declared disaster areas by the President of the United States within the last seven years.

(c) In evaluating applications for designation, the agency shall ensure that applications are not disqualified solely because of technical deficiencies, and shall provide applicants with an opportunity to correct the deficiencies. Applications shall be disqualified if the deficiencies are not corrected within two weeks.

(d) A designation made by the agency shall be binding for a period of 15 years from the date of the original designation.

(e) (1) Notwithstanding any other provision of law, any area designated as an enterprise zone pursuant to Chapter 12.8 (commencing with Section 7070) as it read prior to January 1, 1997, or as a targeted economic development area, neighborhood economic development area, or program area pursuant to Chapter 12.9 (commencing with Section 7080) as it read prior to January 1, 1997, or any program area or part of a program area deemed designated as an enterprise zone pursuant to Section 7085.5 as it read prior to January 1, 1997, shall be deemed to be designated as an enterprise zone pursuant to this chapter. The effective date of designation of the enterprise zone shall be that of the original designation of the enterprise zone pursuant to Chapter 12.8 (commencing with Section 7070) as it read prior to January 1, 1997, or of the program area pursuant to Chapter 12.9 (commencing with Section 7080) as it read prior to January 1, 1997, and in no event shall the total designation period exceed 15 years.

(2) Notwithstanding any other provision of law, any enterprise zone authorized, but not designated, pursuant to Chapter 12.8

(commencing with Section 7070) as it read prior to January 1, 1997, shall be allowed to complete the application process started pursuant to that chapter, and to receive final designation as an enterprise zone pursuant to this chapter.

(3) Notwithstanding any other provision of law, any expansion of a designated enterprise zone or program area authorized pursuant to Chapter 12.8 (commencing with Section 7070) as it read prior to January 1, 1997, or Chapter 12.9 (commencing with Section 7080) as it read prior to January 1, 1997, shall be deemed to be authorized as an expansion for a designated enterprise zone pursuant to this chapter.

(4) No part of this chapter shall be construed to require a new application for designation by an enterprise zone designated pursuant to Chapter 12.8 (commencing with Section 7070) as it read prior to January 1, 1997, or a targeted economic development area, neighborhood economic development area, or program area designated pursuant to Chapter 12.9 (commencing with Section 7080) as it read prior to January 1, 1997.

(f) No more than 39 enterprise zones shall be designated pursuant to this chapter, including those deemed designated pursuant to subdivision (e).

7073.3. An existing enterprise zone that is located in a city or the unincorporated area of a county may propose to use eligible expansion allotment to expand into an adjacent city or cities pursuant to Section 7073 and this section if, in addition to approving the expansion based on the criterion described in subdivision (b) of Section 7074, the agency finds that all of the following conditions exist:

(a) Each of the adjacent cities' governing bodies approves the expansion by adoption of an ordinance or resolution.

(b) Land included within the proposed expansion is zoned for industrial or commercial use.

(c) Basic infrastructure, including, but not limited to, gas, water, electrical service, and sewer systems, is available to the area that would be included in the expansion.

7074. (a) In the case of any enterprise zone, including an enterprise zone formerly designated as an enterprise zone pursuant to Chapter 12.8 (commencing with Section 7070) as it read prior to January 1, 1997, or as a program area pursuant to Chapter 12.9 (commencing with Section 7080) as it read prior to January 1, 1997, a city or county, or city and county may propose that the enterprise zone be expanded by 15 percent to include definitive boundaries that are contiguous to the enterprise zone. The agency may approve that expansion based upon the criterion specified in subdivision (b) of Section 7073.

(b) An enterprise zone that is located in the unincorporated area of a county may propose to use eligible expansion allotment to expand into an adjacent city or cities pursuant to this section if, in

addition to approving the expansion based on the criterion described in subdivision (b) of Section 7073, the agency finds that all of the following conditions exist:

(1) Each of the cities' governing bodies approves the expansion by adoption of an ordinance or resolution.

(2) Land included within the proposed expansion is zoned for industrial or commercial use.

(3) Basic infrastructure, including, but not limited to, gas, water, electrical service, and sewer systems, is available to the area that would be included in the expansion.

(c) In no event shall an enterprise zone be permitted to expand more than 15 percent in size from its size on the date of original designation, including any expansion authorized pursuant to Chapter 12.8 (commencing with Section 7070), or Chapter 12.9 (commencing with Section 7080), as those chapters read prior to January 1, 1997.

7075. (a) Upon filing a preliminary application, the applicant, as lead agency, shall submit an initial study and a notice of preparation to the agency, the state clearinghouse, and all responsible agencies.

(b) Only a city, county, or city and county chosen by the agency as a final applicant shall prepare, or cause to be prepared, a draft environmental impact report, which shall set forth the potential environmental impacts of any and all development planned within the enterprise zone. The draft environmental impact report shall be submitted to the agency with the final application.

(c) Prior to final designation by the agency, the applicant shall complete and certify the final environmental impact report.

(d) The environmental impact report shall comply with the information disclosure provisions and the substantive requirements of Division 13 (commencing with Section 21000) of the Public Resources Code.

(e) No further environmental impact report shall be required if the effects of the project were any of the following:

(1) Mitigated or avoided as a result of the environmental impact report prepared for the area.

(2) Examined at a sufficient level of detail in the environmental impact report for the area to enable those effects to be mitigated or avoided by specific site revisions, the imposition of conditions, or other means in connection with the designation of the area.

(3) Identified in the final environmental impact report and the lead agency made written findings that specific economic, social, or other considerations made the mitigation measures or project alternatives identified in the final environmental impact report unfeasible.

7076. (a) (1) The agency shall provide technical assistance to the enterprise zones designated pursuant to this chapter with respect to all of the following activities:

(A) Furnish limited onsite assistance to the enterprise zones when appropriate.

(B) Ensure that the locality has developed a method to make residents, businesses, and neighborhood organizations aware of the opportunities to participate in the program.

(C) Help the locality develop a marketing program for the enterprise zone.

(D) Coordinate activities of other state agencies regarding the enterprise zones.

(E) Monitor the progress of the program.

(F) Help businesses to participate in the program.

(2) Notwithstanding existing law, the provision of services in subparagraphs (A) to (F), inclusive, shall be a high priority of the agency.

(3) The agency may, at its discretion, undertake other activities in providing management and technical assistance for successful implementation of this chapter.

(b) The applicant shall be required to begin implementation of the enterprise zone plan contained in the final application within six months after notification of final designation or the enterprise zone shall lose its designation.

7077. Notwithstanding any other provision of law, state and local agencies may lease land to businesses in a designated enterprise zone at a price below fair market value, provided that it serves a public purpose to lease at below fair market value.

7078. (a) The limitations in Section 91503 on the allowable uses of proceeds of bonds issued pursuant to Title 10 (commencing with Section 91500) shall not apply to bonds issued on behalf of any enterprise zone or any portion of that zone.

(b) (1) Notwithstanding the bonding limitation specified in Section 91573, the California Industrial Development Financing Advisory Commission shall authorize an annual maximum amount of qualifying bonds of seventy-five million dollars ($75,000,000). This annual maximum bonding authority is exclusive of, and in addition to, the maximum bonding authority specified in Section 91573.

(2) Notwithstanding Section 91503, the bonding authorization contained in paragraph (1) shall be used for providing funds to businesses within designated enterprise zones. However, any portion of the annual maximum amount specified in paragraph (1) that in any year is not used for the purpose specified in this paragraph may be used in the next succeeding year for the purpose of any program administered by the California Industrial Development Financing Advisory Commission.

7079. Notwithstanding any other provision of law, the Office of Small Business shall establish regulations for loans and loan guarantees administered by the office that give high priority to businesses in a designated enterprise zone.

7080. Notwithstanding Sections 32646 and 32647 of the Financial Code, a high priority in ranking loan applications by the State Assistance Fund for Energy, California Business and Development Corporation, shall be given to businesses in a designated enterprise zone, that are purchasing or providing alternative energy systems.

7081. Notwithstanding any other provision of state law, and to the extent permitted by federal law, the Employment Development Department and the State Department of Education shall give high priority to the training of unemployed individuals who reside in a targeted employment area or a designated enterprise zone. The agency may assist localities in designating local business, labor, and education consortia to broker activities between the employment community and educational and training institutions. Any available discretionary funds may be used to assist the creation of those consortia.

7082. Notwithstanding any other provision of law, the Office of Criminal Justice Planning shall give high priority to designated enterprise zones in the allocation of its program resources.

7083. Any designation of an enterprise zone in accordance with the provisions of this chapter shall be deemed appropriate state designation of an enterprise zone for purposes of qualifying that zone as an enterprise community or empowerment zone under federal law.

7084. (a) Whenever the state prepares an invitation for bid for a contract for goods in excess of one hundred thousand dollars ($100,000), except a contract in which the worksite is fixed by the provisions of the contract, the state shall award a 5-percent preference to California-based companies who certify under penalty of perjury that no less than 50 percent of the labor required to perform the contract shall be accomplished at a worksite or worksites located in an enterprise zone.

(b) In evaluating proposals for contracts for services in excess of one hundred thousand dollars ($100,000), except a contract in which the worksite is fixed by the provisions of the contract, the state shall award a 5-percent preference on the price submitted by California-based companies who certify under penalty of perjury that they shall perform the contract at a worksite or worksites located in an enterprise zone.

(c) Where a bidder complies with subdivision (a) or (b), the state shall award a 1-percent preference for bidders who shall agree to hire persons living within a targeted employment area or are enterprise zone eligible employees equal to 5 to 9 percent of its work force during the period of contract performance; a 2-percent preference for bidders who shall agree to hire persons living within a targeted employment area or are enterprise zone eligible employees equal to 10 to 14 percent of its work force during the period of contract performance; a 3-percent preference for bidders who shall agree to hire persons living within a targeted employment area or are

enterprise zone eligible employees equal to 15 to 19 percent of its work force during the period of contract performance; and a 4-percent preference for bidders who shall agree to hire persons living within a targeted employment area or are enterprise zone eligible employees equal to 20 or more percent of its work force during the period of contract performance.

(d) The maximum preference a bidder may be awarded pursuant to this chapter and any other provision of law shall be 15 percent. However, in no case shall the maximum preference cost under this section exceed fifty thousand dollars ($50,000) for any bid, nor shall the combined cost of preferences granted pursuant to this section and any other provision of law exceed one hundred thousand dollars ($100,000). In those cases where the 15-percent cumulated preference cost would exceed the one hundred thousand dollar ($100,000) maximum preference cost limit, the one hundred thousand dollar ($100,000) maximum preference cost limit shall apply.

(e) Notwithstanding any other provision of this section, small business bidders qualified in accordance with Section 14838 shall have precedence over nonsmall business bidders in that the application of any bidder preference for which nonsmall business bidders may be eligible, including the preference contained in this section, shall not result in the denial of the award to a small business bidder. This subdivision shall apply to those cases where the small business bidder is the lowest responsible bidder, as well as to those cases where the small business bidder is eligible for award as the result of application of the 5-percent small business bidder preference.

(f) All state contracts issued to bidders who are awarded preferences under this section shall contain conditions to ensure that the contractor performs the contract at the location specified and meets any commitment to employ persons with high risk of unemployment.

(g) (1) A business that requests and is given the preference provided for in subdivision (a) or (b) by reason of having furnished a false certification, and that by reason of this certification has been awarded a contract to which it would not otherwise have been entitled, shall be subject to all of the following:

(A) Pay to the state any difference between the contract amount and what the state's cost would have been if the contract had been properly awarded.

(B) In addition to the amount specified in subparagraph (A), be assessed a penalty in an amount of not more than 10 percent of the amount of the contract involved.

(C) Be ineligible to transact any business with the state for a period of not less than three months and not more than 24 months.

(2) Prior to the imposition of any sanction under this subdivision, the business shall be entitled to a public hearing and to five days'

notice of the time and place thereof. The notice shall state the reasons for the hearing.

(h) In each instance in this section an enterprise zone shall also mean any enterprise zone or program area previously authorized under any other provision of state law.

(i) As used in this section, "enterprise zone eligible employees" means employees who meet any of the requirements of clause (iv) of subparagraph (A) of paragraph (4) of subdivision (b) of Section 17053.74, or clause (iv) of subparagraph (A) of paragraph (4) of subdivision (b) of Section 23622.5 of the Revenue and Taxation Code.

7085. The agency shall submit a report to the Legislature every five years beginning January 1, 1998, that evaluates the effect of the program on employment, investment, and incomes, and on state and local tax revenues in designated enterprise zones. The report shall include an agency review of the progress and effectiveness of each enterprise zone. The Franchise Tax Board shall make available to the agency and the Legislature aggregate information on the dollar value of enterprise zone tax credits that are claimed each year by businesses.

7086. (a) The agency shall design, develop, and make available the applications and the criteria for selection of enterprise zones pursuant to Section 7073, and shall adopt all regulations necessary to carry out this chapter.

(b) The agency shall adopt regulations concerning the designation procedures and application process as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2. The adoption of the regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare, notwithstanding subdivision (e) of Section 11346.1. Notwithstanding subdivision (e) of Section 11346.1, the regulations shall not remain in effect more than 180 days unless the agency complies with all provisions of Chapter 3.5 as required by subdivision (e) of Section 11346.1.

(c) The Department of General Services, with the cooperation of the Employment Development Department, the Department of Industrial Relations, and the Office of Planning and Research, and under the direction of the State and Consumer Services Agency, shall adopt appropriate rules, regulations, and guidelines to implement Section 7084.

(2) For the purposes of this subdivision:

(A) "Net operating loss" means the loss determined under Section 172 of the Internal Revenue Code, as modified by Section 24416.1, attributable to the taxpayer's business activities within the Los Angeles Revitalization Zone (as defined in Section 7102 of the Government Code) prior to the Los Angeles Revitalization Zone

expiration date. The attributable loss shall be determined in accordance with the provisions of Chapter 17 (commencing with Section 25101), modified as follows:

(i) The loss shall be apportioned to the Los Angeles Revitalization Zone by multiplying the loss from the business by a fraction, the numerator of which is the property factor plus the payroll factor, and the denominator of which is two.

(ii) "The Los Angeles Revitalization Zone" shall be substituted for this state.

(B) A net operating loss carryover shall be a deduction only with respect to the taxpayer's business income attributable to the Los Angeles Revitalization Zone (as defined in Section 7102 of the Government Code) determined in accordance with the provisions of paragraph (3).

(3) Attributable income shall be that portion of the taxpayer's California source business income which is apportioned to the Los Angeles Revitalization Zone. For that purpose, the taxpayer's business income attributable to sources in this state first shall be determined in accordance with the provisions of Chapter 17 (commencing with Section 25101). That business income shall be further apportioned to the Los Angeles Revitalization Zone in accordance with the provisions of Article 2 (commencing with Section 25120) of Chapter 17, modified as follows:

(A) Business income shall be apportioned to the Los Angeles Revitalization Zone by multiplying total California business income of the taxpayer by a fraction, the numerator of which is the property factor plus the payroll factor, and the denominator of which is two.

(B) The property factor is a fraction, the numerator of which is the average value of the taxpayer's real and tangible personal property owned or rented and used in the Los Angeles Revitalization Zone during the income year and the denominator of which is the average value of all the taxpayer's real and tangible personal property owned or rented and used in this state during the income year.

(C) The payroll factor is a fraction, the numerator of which is the total amount paid by the taxpayer in the Los Angeles Revitalization Zone during the income year for compensation, and the denominator of which is the total compensation paid by the taxpayer in this state during the income year.

(4) "Los Angeles Revitalization Zone expiration date" means the date the Los Angeles Revitalization Zone designation expires, is repealed, or becomes inoperative pursuant to Section 7102, 7103, or 7104 of the Government Code.

(5) This subdivision shall be inoperative on the first day of the income year beginning on or after the determination date, and each income year thereafter, with respect to the taxpayer's business activities within a geographic area that is excluded from the map pursuant to Section 7102 of the Government Code, or an excluded area determined pursuant to Section 7104 of the Government Code.

The determination date is the earlier of the first effective date of a determination under subdivision (c) of Section 7102 of the Government Code occurring after December 1, 1994, or the first effective date of an exclusion of an area from the amended Los Angeles Revitalization Zone under Section 7104 of the Government Code. However, if the taxpayer has any unused loss amount as of the date this section becomes inoperative, that unused loss amount may continue to be carried forward as provided in this subdivision.

(6) This subdivision shall cease to be operative on January 1, 1998. However, any unused net operating loss may continue to be carried over to following years as provided in this subdivision.

(c) For each income year beginning on or after January 1, 1995, and before January 1, 2003, a taxpayer engaged in the conduct of a trade or business within a LAMBRA.

(1) (A) A net operating loss shall not be a net operating loss carryback for any income year and, except as provided in subparagraph (B), a net operating loss for any income year beginning on or after the date the area in which the taxpayer conducts a trade or business is designated a LAMBRA shall be a net operating loss carryover to each following income year that ends before the LAMBRA expiration date or to each of the 15 income years following the income year of loss, if longer.

(B) In the case of a financial institution to which Section 585, 586, or 593 of the Internal Revenue Code applies, a net operating loss for any income year beginning on or after January 1, 1984, shall be a net operating loss carryover to each of the five years following the income year of the loss. Subdivision (b) of Section 24416.1 shall not apply.

(2) For the purposes of this subdivision:

(A) "LAMBRA" means a local agency military base recovery area designated in accordance with Section 7114 of the Government Code.

(B) "Taxpayer" means a bank or corporation that conducts a trade or business within a LAMBRA and, for the first two income years, has a net increase in jobs (defined as 2,000 paid hours per employee per year) of one or more employees in the LAMBRA and this state.

(i) The net increase in the number of jobs shall be determined by subtracting the total number of full-time employees (defined as 2,000 paid hours per employee per year) the taxpayer employed in this state in the income year prior to commencing business operations in the LAMBRA from the total number of full-time employees the taxpayer employed in this state during the second income year after commencing business operations in the LAMBRA. For taxpayers who commence doing business in this state with their LAMBRA business operation, the number of employees for the income year prior to commencing business operations in the LAMBRA shall be zero. The deduction shall be allowed only if the taxpayer has a net

increase in jobs in the state, and if one or more full-time employees is employed within the LAMBRA.

(ii) The total number of employees employed in the LAMBRA shall equal the sum of both of the following:

(I) The total number of hours worked in the LAMBRA for the taxpayer by employees (not to exceed 2,000 hours per employee) who are paid an hourly wage divided by 2,000.

(II) The total number of months worked in the LAMBRA for the taxpayer by employees who are salaried employees divided by 12.

(iii) In the case of a taxpayer that first commences doing business in the LAMBRA during the income year, for purposes of subclauses (I) and (II), respectively, of clause (ii) the divisors "2,000" and "12" shall be multiplied by a fraction, the numerator of which is the number of months of the income year that the taxpayer was doing business in the LAMBRA and the denominator of which is 12.

(C) "Net operating loss" means the loss determined under Section 172 of the Internal Revenue Code, as modified by Section 24416.1, attributable to the taxpayer's business activities within a LAMBRA prior to the LAMBRA expiration date. The attributable loss shall be determined in accordance with the provisions of Chapter 17 (commencing with Section 25101), modified as follows:

(i) Loss shall be apportioned to a LAMBRA by multiplying the loss from the business by a fraction, the numerator of which is the property factor plus the payroll factor, and the denominator of which is two.

(ii) "The LAMBRA" shall be substituted for "this state."

(D) A net operating loss carryover shall be a deduction only with respect to the taxpayer's business income attributable to a LAMBRA determined in accordance with the provisions of Chapter 17 (commencing with Section 25101), modified as follows:

(i) Business income shall be apportioned to a LAMBRA by multiplying total business income by a fraction, the numerator of which is the property factor plus the payroll factor, and the denominator of which is two.

(ii) "The LAMBRA" shall be substituted for "this state."

(iii) If a loss carryover is allowable pursuant to this section for any income year after the LAMBRA designation has expired, the LAMBRA shall be deemed to remain in existence for purposes of computing this limitation.

(E) "LAMBRA expiration date" means the date the LAMBRA designation expires, is no longer binding, or becomes inoperative pursuant to Section 7110 of the Government Code.

(d) A taxpayer who qualifies as a "qualified taxpayer" shall, for the income year of the net operating loss and any income year to which that net operating loss may be carried, designate on the original return filed for each year the subdivision of this section which applies to that taxpayer with respect to that net operating loss. If the taxpayer is eligible to qualify under more than one subdivision of this section,

the designation is to be made after taking into account subdivision (e).

(e) If a taxpayer is eligible to qualify under more than one subdivision of this section as a "qualified taxpayer," with respect to a net operating loss in an income year, the taxpayer shall designate which subdivision of this section is to apply to the taxpayer.

(f) Notwithstanding Section 24416, the amount of the loss determined under this section shall be the only net operating loss allowed to be carried over from that income year and the designation under subdivision (d) shall be included in the election under Section 24416.1.

CHAPTER 9. ENFORCEMENT OF SUPPORT JUDGMENTS

689.010. For the purpose of the remedies provided under this chapter, jurisdiction is conferred upon the superior court.

689.020. (a) Except as otherwise provided by statute, whenever a warrant may properly be issued by the district attorney pursuant to Section 11350.7 of the Welfare and Institutions Code, and the warrant may be levied with the same effect as a levy pursuant to a writ of execution, the district attorney may use any of the remedies available to a judgment creditor, including, but not limited to, those provided in Chapter 6 (commencing with Section 708.010) of Division 2.

(b) The proper court for the enforcement of the remedies provided under this chapter is the superior court in the county where the district attorney enforcing the support obligation is located.

689.030. (a) Whenever the district attorney, pursuant to Section 11350.7 of the Welfare and Institutions Code, levies upon property pursuant to a warrant for the collection of a support obligation:

(1) If the debtor is a natural person, the debtor is entitled to the same exemptions to which a judgment debtor is entitled. Except as provided in subdivisions (b) and (c), the claim of exemption shall be made, heard, and determined as provided in Chapter 4 (commencing with Section 703.010) of Division 2 in the same manner as if the property were levied upon under a writ of execution.

(2) A third person may claim ownership or the right to possession of the property or a security interest in or lien on the property. Except as provided in subdivisions (b) and (c) or as otherwise

provided by statute, the third-party claim shall be made, heard, and determined as provided in Division 4 (commencing with Section 720.010) in the same manner as if the property were levied upon under a writ of execution.

(b) In the case of a warrant issued pursuant to Section 11350.7 of the Welfare and Institutions Code, the claim of exemption or the third-party claim shall be filed with the district attorney who issued the warrant.

(c) A claim of exemption or a third-party claim pursuant to this section shall be heard and determined in the court specified in Section 689.010 in the county where the district attorney enforcing the support obligation is located.

689.040. (a) Notwithstanding any other provision of law, in the case of a writ of execution issued by a court of competent jurisdiction pursuant to Chapter 3 (commencing with Section 699.010) and Chapter 5 (commencing with Section 706.010) of Division 2, the district attorney, when enforcing a support obligation pursuant to Section 11475.1 of the Welfare and Institutions Code, may perform the duties of the levying officer, except that the district attorney need not give himself or herself the notices that the levying officer is required to serve on a judgment creditor or creditor or the notices that a judgment creditor or creditor is required to give to the levying officer.

(b) Notwithstanding subdivision (a) of Section 700.140, if the writ of execution is for a deposit or credits or personal property in the possession or under the control of a bank or savings and loan association, the district attorney may deliver or mail the writ of execution to a centralized location designated by the bank or savings and loan association. If the writ of execution is received at the designated central location, it will apply to all deposits and credits and personal property held by the bank or savings and loan association regardless of the location of that property.

689.050. For the purpose of this chapter:

(a) "Judgment creditor" or "creditor" means the district attorney seeking to collect a child or spousal support obligation pursuant to a support order.

(b) "Judgment debtor" or "debtor" means the debtor from whom the support obligation is sought to be collected.

SEC. 5. Article 3 (commencing with Section 3680) is added to Chapter 6 of Part 1 of Division 9 of the Family Code, to read:

Article 3. Simplified Procedure for Modification of Support Order

3680. (a) The Legislature finds and declares the following:

(1) There is currently no simple method available to parents to quickly modify their support orders when circumstances warrant a change in the amount of support.

(2) The lack of a simple method for parents to use to modify support orders has led to orders in which the amount of support ordered is inappropriate based on the parents' financial circumstances.

(3) Parents should not have to incur significant costs or experience significant delays in obtaining an appropriate support order.

(b) Therefore, it is the intent of the Legislature that the Judicial Council adopt rules of court and forms for a simplified method to modify support orders. This simplified method should be designed to be used by parents who are not represented by counsel.

SEC. 6. Article 4 (commencing with Section 4250) is added to Chapter 2 of Part 2 of Division 9 of the Family Code, to read:

Article 4. Child Support Commissioners

4250. (a) The Legislature finds and declares the following:

(1) Child and spousal support are serious legal obligations.

(2) The current system for obtaining, modifying, and enforcing child and spousal support orders is inadequate to meet the future needs of California's children due to burgeoning caseloads within district attorneys' offices and the growing number of parents who are representing themselves in family law actions.

(3) The success of California's child support enforcement program depends upon its ability to establish and enforce child support orders quickly and efficiently.

(4) There is a compelling state interest in creating an expedited process in the courts that is cost-effective and accessible to families, for establishing and enforcing child support orders in cases being enforced by the district attorney.

(5) There is a compelling state interest in having a simple, speedy, conflict-reducing system, that is both cost-effective and accessible to families, for resolving all issues concerning children, including support, health insurance, custody, and visitation in family law cases that do not involve enforcement by the district attorney.

(b) Therefore, it is the intent of the Legislature to: (1) provide for commissioners to hear child support cases being enforced by the district attorney; (2) adopt uniform and simplified procedures for all child support cases; and (3) create an Office of the Family Law Facilitator in the courts to provide education, information, and assistance to parents with child support issues.

4251. (a) Commencing July 1, 1997, each superior court shall provide sufficient commissioners to hear Title IV-D child support cases filed by the district attorney. The number of child support commissioners required in each county shall be determined by the Judicial Council as prescribed by paragraph (3) of subdivision (b) of Section 4252. All actions or proceedings filed by the district attorney, or by any other party in a support action or proceeding in which enforcement services are being provided by the district attorney

pursuant to Section 11475.1 of the Welfare and Institutions Code, for an order to establish, modify, or enforce child or spousal support, including actions to establish paternity, shall be referred for hearing to a child support commissioner unless a child support commissioner is not available due to exceptional circumstances, as prescribed by the Judicial Council pursuant to paragraph (7) of subdivision (b) of Section 4252.

(b) The commissioner shall act as a temporary judge unless an objection is made by the district attorney or any other party. The Judicial Council shall develop a notice which shall be included on all forms and pleadings used to initiate a child support action or proceeding that advises the parties of their right to review by a superior court judge and how to exercise that right. The parties shall also be advised by the court prior to the commencement of the hearing that the matter is being heard by a commissioner who shall act as a temporary judge unless any party objects to the commissioner acting as a temporary judge. While acting as a temporary judge, the commissioner shall receive no compensation other than compensation as a commissioner.

(c) If any party objects to the commissioner acting as a temporary judge, the commissioner may hear the matter and make findings of fact and a recommended order. Within 10 court days, a judge shall ratify the recommended order unless either party objects to the recommended order, or where a recommended order is in error. In both cases, the judge shall issue a temporary order and schedule a hearing de novo within 10 court days. Any party may waive his or her right to the review hearing at any time.

(d) The commissioner shall, where appropriate, do any of the following:

(1) Review and determine ex parte applications for orders and writs.

(2) Take testimony.

(3) Establish a record, evaluate evidence, and make recommendations or decisions.

(4) Enter judgments or orders based upon voluntary acknowledgments of support liability and parentage and stipulated agreements respecting the amount of child support to be paid.

(5) Enter default orders and judgments pursuant to Section 4253.

(6) In actions in which paternity is at issue, order the mother, child, and alleged father to submit to genetic tests.

(e) The commissioner shall, upon application of any party, join issues concerning custody, visitation, and protective orders in the action filed by the district attorney, subject to Section 11350.1 of the Welfare and Institutions Code. After joinder, the commissioner shall:

(1) Refer the parents for mediation of disputed custody or visitation issues pursuant to Section 3170 of the Family Code.

(2) Accept stipulated agreements concerning custody, visitation, and protective orders and enter orders pursuant to the agreements.

(3) Refer contested issues of custody, visitation, and protective orders to a judge or to another commissioner for hearing. A child support commissioner may hear contested custody, visitation, and restraining order issues only if the court has adopted procedures to segregate the costs of hearing Title IV-D child support issues from the costs of hearing other issues pursuant to applicable federal requirements.

(f) The district attorney shall be served notice by the moving party of any proceeding under this section in which support is at issue. Any order for support that is entered without the district attorney having received proper notice shall be voidable upon the motion of the district attorney.

4252. (a) One or more child support commissioners shall be appointed by the superior court to perform the duties specified in Section 4251. The child support commissioners first priority always shall be to hear Title IV-D child support cases. The child support commissioners shall specialize in hearing child support cases, and their primary responsibility shall be to hear Title IV-D child support cases. Child support commissioner positions shall not be subject to the limitation on other commissioner positions imposed upon the counties by Article 13 (commencing with Section 70140) of Chapter 5 of Title 8 of the Government Code. The number of child support commissioner positions allotted to each superior court shall be determined by the Judicial Council in accordance with caseload standards developed pursuant to paragraph (3) of subdivision (b), subject to appropriations in the annual Budget Act.

(b) The Judicial Council shall do all of the following:

(1) Establish minimum qualifications for child support commissioners.

(2) Establish minimum educational and training requirements for child support commissioners and other court personnel that are assigned to Title IV-D child support cases. Training programs shall include both federal and state laws concerning child support, and related issues.

(3) Establish caseload, case processing, and staffing standards for child support commissioners on or before April 1, 1997, which shall set forth the maximum number of cases that each child support commissioner can process. These standards shall be reviewed and, if appropriate, revised by the Judicial Council every two years.

(4) Adopt uniform rules of court and forms for use in Title IV-D child support cases.

(5) Offer technical assistance to counties regarding issues relating to implementation and operation of the child support commissioner system, including assistance related to funding, staffing, and the sharing of resources between counties.

(6) Establish procedures for the distribution of funding to the courts for child support commissioners, family law facilitators

pursuant to Division 14 (commencing with Section 10000) and related allowable costs.

(7) Adopt rules that define the exceptional circumstances in which judges may hear Title IV-D child support matters as provided in subdivision (a) of Section 4251.

(8) Undertake other actions as appropriate to ensure the successful implementation and operation of child support commissioners in the counties.

4253. Notwithstanding any other provision of law, when hearing child support matters, a commissioner or referee may enter default orders if the defendant does not respond to notice or other process within the time prescribed to respond to that notice.

SEC. 7. Section 4506.3 of the Family Code is amended to read:

4506.3. The Judicial Council, in consultation with the California Family Support Council, the State Department of Social Services, and title insurance industry representatives, shall develop a single form, which conforms with the requirements of Section 27361.6 of the Government Code, for the substitution of payee, for notice directing payment of support to the district attorney pursuant to Sections 4200 and 4201, and for notice that support has been assigned pursuant to Section 11477 of the Welfare and Institutions Code.

SEC. 8. Section 5246 is added to the Family Code, to read:

5246. (a) This section applies only to Title IV-D cases where support enforcement services are being provided by the district attorney pursuant to Section 11475.1 of the Welfare and Institutions Code.

(b) After the court has ordered an earnings assignment for support pursuant to Section 5230 or 5253, the district attorney may serve on the employer a notice of assignment in lieu of the earnings assignment order in the manner specified in Section 5232.

(c) The notice of assignment shall contain, at a minimum, the following information:

(1) The amount of current support ordered by the court.

(2) Any additional amount to be withheld and applied to arrearages.

(3) The date of the most recent support order.

(4) The name and address of the district attorney to whom the support is to be paid.

(5) The amount of arrearages and the date through which the arrearages have been calculated, and a statement as to whether or not the arrearages include interest.

(6) Instructions to the employer on how to comply with the earnings assignment order.

(7) A written statement of the obligor's rights under the law to seek to quash or modify the earnings assignment order, together with a blank form which the obligor can file with the court to request a hearing to modify or quash the assignment with instructions on how to file the form and obtain a hearing date.

(d) If the underlying court order for support does not provide for an arrearage payment, or if an additional arrearage accrues after the date of the court order for support, the district attorney may send a notice of assignment directly to the employer which specifies the updated arrearage amount and directs the employer to withhold an additional amount not to exceed 3 percent of the arrearage or fifty dollars ($50), whichever is greater, to be applied towards liquidation of the arrearages.

(e) Within 10 days of service of the notice of assignment, the employer shall deliver both of the following to the obligor:

(1) A copy of the notice of assignment.

(2) The form to request a hearing described in paragraph (7) of subdivision (c).

(f) If the obligor requests a hearing, a hearing date shall be scheduled within 20 days of the filing of the request with the court. The clerk of the court shall provide notice of the hearing to the district attorney and the obligor no later than 10 days prior to the hearing.

(1) If at the hearing the obligor establishes that he or she is not the obligor or good cause or an alternative arrangement as provided in Section 5260, the court may order that service of the earnings assignment order be quashed. If the court quashes service of the earnings assignment order, the district attorney shall notify the employer within 10 days.

(2) If the obligor contends at the hearing that the payment of arrearages at the rate specified in this section is excessive or that the total arrearages owing is incorrect, and if it is determined that payment of the arrearages at the rate specified in this section creates an undue hardship upon the obligor or that the withholding would exceed the maximum amount permitted by Section 1673(b) of Title 15 of the United States Code Annotated, the rate at which the arrearages must be paid shall be reduced to a rate that is fair and reasonable considering the circumstances of the parties and the best interest of the child. If it is determined at a hearing that the total amount of arrearages calculated is erroneous, the court shall modify the amount calculated to the correct amount. If the court modifies the total amount of arrearages owed or reduces the monthly payment due on the arrearages, the district attorney shall serve the employer with an amended notice of assignment within 10 days.

(g) If an obligor's current support obligation has terminated by operation of law, the district attorney may serve a notice of assignment on the employer which directs the employer to continue withholding from the obligor's earnings an amount not to exceed the current support order that was in effect or 3 percent of the total support arrearages including interest, whichever is greater, until such time that the employer is notified by the district attorney that the arrearages have been paid in full. The employer shall provide the obligor with the same documents as provided in subdivision (e). The

obligor shall be entitled to the same rights to a hearing as specified in subdivision (f).

(h) The district attorney shall retain a copy of the notice of assignment and shall file a copy with the court whenever a hearing concerning the notice of assignment is requested.

(i) Nothing in this section prohibits the district attorney from seeking a payment on arrearages which is greater than the amount specified in this section. The district attorney may seek a higher payment on arrearages by filing an ex parte motion with the court.

SEC. 9. Division 14 (commencing with Section 10000) is added to the Family Code, to read:

DIVISION 14. FAMILY LAW FACILITATOR ACT

10000. This division shall be known and may be cited as the Family Law Facilitator Act.

10001. (a) The Legislature finds and declares the following:

(1) Child and spousal support are serious legal obligations. The entry of a child support order is frequently delayed while parents engage in protracted litigation concerning custody and visitation. The current system for obtaining child and spousal support orders is suffering because the family courts are unduly burdened with heavy case loads and do not have sufficient personnel to meet increased demands on the courts.

(2) Reports to the Legislature regarding the family law pilot projects in the Superior Courts of the Counties of Santa Clara and San Mateo indicate that the pilot projects have provided a cost-effective and efficient method for the courts to process family law cases that involve unrepresented litigants with issues concerning child support, spousal support, and health insurance.

(3) The reports to the Legislature further indicate that the pilot projects in both counties have been successful in making the process of obtaining court orders concerning child support, spousal support, and health insurance more accessible to unrepresented parties. Surveys conducted by both counties indicate a high degree of satisfaction with the services provided by the pilot projects.

(4) There is a compelling state interest in having a speedy, conflict-reducing system for resolving issues of child support, spousal support, and health insurance that is cost-effective and accessible to families that cannot afford legal representation.

(b) Therefore, it is the intent of the Legislature to make the services provided in the family law pilot projects in the Counties of Santa Clara and San Mateo available to unrepresented parties in the superior courts of all California counties.

10002. Each superior court shall maintain an office of the family law facilitator. The office of the family law facilitator shall be staffed by an attorney licensed to practice law in this state who has mediation

or litigation experience, or both, in the field of family law. The family law facilitator shall be appointed by the superior court.

10003. This division shall apply to all actions or proceedings for temporary or permanent child support, spousal support, or health insurance in a proceeding for dissolution of marriage, nullity of marriage, legal separation, or exclusive child custody, or pursuant to the Uniform Parentage Act (Part 3 (commencing with Section 7600) of Division 12) or the Domestic Violence Prevention Act (Division 10 (commencing with Section 6200)).

10004. Services provided by the family law facilitator shall include, but are not limited to, the following: providing educational materials to parents concerning the process of establishing parentage and establishing, modifying, and enforcing child and spousal support in the courts; distributing necessary court forms and voluntary declarations of paternity; providing assistance in completing forms; preparing support schedules based upon statutory guidelines; and providing referrals to the district attorney, family court services, and other community agencies and resources that provide services for parents and children.

10005. (a) By local rule, the superior court may designate additional duties of the family law facilitator, which may include, but are not limited to, the following:

(1) Meeting with litigants to mediate issues of child support, spousal support, and maintenance of health insurance, subject to Section 10012. Actions in which one or both of the parties are unrepresented by counsel shall have priority.

(2) Drafting stipulations to include all issues agreed to by the parties, which may include issues other than those specified in Section 10003.

(3) If the parties are unable to resolve issues with the assistance of the family law facilitator, prior to or at the hearing, and at the request of the court, the family law facilitator shall review the paperwork, examine documents, prepare support schedules, and advise the judge whether or not the matter is ready to proceed.

(4) Assisting the clerk in maintaining records.

(5) Preparing formal orders consistent with the court's announced order in cases where both parties are unrepresented.

(6) Serving as a special master in proceedings and making findings to the court unless he or she has served as a mediator in that case.

(b) If staff and other resources are available and the duties listed in subdivision (a) have been accomplished, the duties of the family law facilitator may also include the following:

(1) Assisting the court with research and any other responsibilities which will enable the court to be responsive to the litigants' needs.

(2) Developing programs for bar and community outreach through day and evening programs, videotapes, and other innovative means that will assist unrepresented and financially disadvantaged litigants in gaining meaningful access to family court. These

programs shall specifically include information concerning underutilized legislation, such as expedited child support orders (Chapter 5 (commencing with Section 3620) of Part 1 of Division 9), and preexisting, court-sponsored programs, such as supervised visitation and appointment of attorneys for children.

10006. The court shall adopt a protocol wherein all litigants, both unrepresented by counsel and represented by counsel, have ultimate access to a hearing before the court.

10007. The court shall provide the family law facilitator at no cost to the parties.

10008. (a) Except as provided in subdivision (b), nothing in this chapter shall be construed to apply to a child for whom services are provided or required to be provided by a district attorney pursuant to Section 11475.1 of the Welfare and Institutions Code.

(b) In cases in which the services of the district attorney are provided pursuant to Section 11475.1 of the Welfare and Institutions Code, either parent may utilize the services of the family law facilitator that are specified in Section 10004. In order for a custodial parent who is receiving the services of the district attorney pursuant to Section 11475.1 of the Welfare and Institutions Code to utilize the services specified in Section 10005 relating to support, the custodial parent must obtain written authorization from the district attorney. It is not the intent of the Legislature in enacting this section to limit the duties of district attorneys with respect to seeking child support payments or to in any way limit or supersede other provisions of this code respecting temporary child support.

10010. The Judicial Council shall adopt minimum standards for the office of the family law facilitator and any forms or rules of court that are necessary to implement this division.

10011. The Director of the State Department of Social Services shall seek approval from the United States Department of Health and Human Services, Office of Child Support Enforcement, to utilize funding under Title IV-D of the Social Security Act for the services provided pursuant to this division.

10012. (a) In a proceeding in which mediation is required pursuant to paragraph (1) of subdivision (a) of Section 10005, where there has been a history of domestic violence between the parties or where a protective order as defined in Section 6218 is in effect, at the request of the party alleging domestic violence in a written declaration under penalty of perjury or protected by the order, the family law facilitator shall meet with the parties separately and at separate times.

(b) Any intake form that the office of the family law facilitator requires the parties to complete before the commencement of mediation shall state that, if a party alleging domestic violence in a written declaration under penalty of perjury or a party protected by a protective order so requests, the mediator will meet with the parties separately and at separate times.

SEC. 10. Section 70141 of the Government Code is amended to read:

70141. (a) To assist the court in disposing of its business connected with the administration of justice, the superior court of any city and county may appoint not exceeding 10 commissioners, and the superior court of every county, except a county with a population of 4,000,000 or over, may appoint one commissioner. Each person so appointed shall be designated as "court commissioner" of the county.

(b) In addition to the court commissioners authorized by subdivision (a) or any other provision of law, either the superior court or the municipal court, but not both, of any county or city and county may appoint one additional commissioner, at the same rate of compensation as the other commissioner or commissioners for that court, upon adoption of a resolution by the board of supervisors pursuant to subdivision (c).

(c) The county or city and county shall be bound by, and the resolution adopted by the board of supervisors shall specifically recognize, the following conditions:

(1) The county or city and county has sufficient funds for the support of the position and any staff who will provide direct support to the position, agrees to assume any and all additional costs that may result therefrom, and agrees that no state funds shall be made available, or shall be used, in support of this position or any staff who provide direct support to this position.

(2) The additional commissioner shall not be deemed a judicial position for purposes of calculating trial court funding pursuant to Section 77202.

(3) The salary for this position and for any staff who provide direct support to this position shall not be considered as part of court operations for purposes of Sections 77003 and 77204.

(4) The county or city and county agrees not to seek funding from the state for payment of the salary, benefits, or other compensation for such a commissioner or for any staff who provide direct support to such a commissioner.

(d) The court may provide that the additional commissioner may perform all duties authorized for a commissioner of that court in the county. In a county or city and county that has undertaken a consolidation of the trial courts, the additional commissioner shall be appointed by the superior, municipal, or justice courts pursuant to the consolidation agreement.

(e) In addition to the court commissioners authorized by subdivisions (a) and (b), the superior court of any county or city and county shall appoint additional commissioners pursuant to Sections 4251 and 4252 of the Family Code. These commissioners shall receive a salary equal to 85 percent of a superior court judge's salary. These commissioners shall not be deemed a court operation for purposes of Section 77003.

SEC. 11. Section 11350.1 of the Welfare and Institutions Code is amended to read:

11350.1. (a) Notwithstanding any other statute, in any action brought by the district attorney for the support of a minor child or children, the action may be prosecuted in the name of the county on behalf of the child, children, or a parent of the child or children. The parent who has requested or is receiving support enforcement services of the district attorney shall not be a necessary party to the action but may be subpoenaed as a witness. Except as provided in subdivision (e), in an action under this section there shall be no joinder of actions, or coordination of actions, or cross-complaints, and the issues shall be limited strictly to the question of parentage, if applicable, and child support, including an order for medical support. A final determination of parentage may be made in any action under this section as an incident to obtaining an order for support. An action for support or parentage pursuant to this section shall not be delayed or stayed because of the pendency of any other action between the parties.

(b) Judgment in an action brought pursuant to this section, and in an action brought pursuant to Section 11350, if at issue, may be rendered pursuant to a noticed motion, which shall inform the defendant that in order to exercise his or her right to trial, he or she must appear at the hearing on the motion.

If the defendant appears at the hearing on the motion, the court shall inquire of him or her if he or she desires to subpoena evidence and witnesses, if parentage is at issue and genetic tests have not already been conducted whether he or she desires blood tests, and if he or she desires a trial. If his or her answer is in the affirmative, a continuance shall be granted to allow him or her to exercise those rights. A continuance shall not postpone the hearing to more than 90 days from the date of service of the motion. In the event that a continuance is granted, the court may make an order for temporary support without prejudice to the right of the court to make an order for temporary support as otherwise allowed by law.

(c) In any action to enforce a spousal support order the action may be pled in the name of the county in the same manner as an action to establish a child support obligation. The same restrictions on joinder of actions, coordination of actions, and cross-complaints, and delay because of the pendency of any other action as relates to actions to establish a child support obligation shall also apply to actions to enforce a spousal support order.

(d) Nothing contained in this section shall be construed to prevent the parties from bringing an independent action under the Family Code or otherwise, and litigating the issue of support. In that event, the court in those proceedings shall make an independent determination on the issue of support which shall supersede the support order made pursuant to this section.

(e) (1) After a support order, including a temporary support order and an order for medical support only, has been entered in an action brought pursuant to this section, the parent who has requested or is receiving support enforcement services of the district attorney shall become a party to the action brought pursuant to this section, only in the manner and to the extent provided by this section, and only for the purposes allowed by this section.

(2) Notice of the parent's status as a party shall be given to the parent by the district attorney in conjunction with the notice required by subdivision (e) of Section 11478.2. The complaint shall contain this notice. Service of the complaint on the parent in compliance with Section 1013 of the Code of Civil Procedure, or as otherwise provided by law, shall constitute compliance with this section.

(3) The parent who has requested or is receiving support enforcement services of the district attorney is a party to an action brought under this section for issues relating to the support, custody, and visitation of a child, and for restraining orders, and for no other purpose. The district attorney shall not be required to serve or receive service of papers, pleadings, or documents, or participate in, or attend any hearing or proceeding relating to issues of custody or visitation, except as otherwise required by law. Orders concerning custody and visitation may be made in an action pursuant to this subdivision only if orders concerning custody and visitation have not been previously made by a court of competent jurisdiction in this state or another state and the court has jurisdiction and is the proper venue for custody and visitation determinations. All issues regarding custody and visitation shall be heard and resolved in the manner provided by the Family Code. Except as otherwise provided by law, the district attorney shall control support and parentage litigation brought pursuant to this section, and the manner, method, and procedures used in establishing parentage and in establishing and enforcing support obligations unless and until the parent who requested or is receiving support enforcement services has requested in writing that the district attorney close his or her case and the case has been closed in accordance with federal regulation.

(f) (1) A parent who has requested or is receiving support enforcement services of the district attorney may take independent action to modify a support order made pursuant to this section while support enforcement services are being provided by the district attorney. The parent shall serve the district attorney with notice of any action filed to modify the support order and provide the district attorney with a copy of the modified order within 15 calendar days after the date the order is issued.

(2) A parent who has requested or is receiving support enforcement services of the district attorney may take independent action to enforce a support order made pursuant to this section while support enforcement services are being provided by the district

attorney with the written consent of the district attorney. At least 30 days prior to filing an independent enforcement action, the parent shall provide the district attorney with written notice of the parent's intent to file an enforcement action which includes a description of the type of enforcement action the parent intends to file. Within 30 days of receiving the notice, the district attorney shall either provide written consent for the parent to proceed with the independent enforcement action or notify the parent that he or she objects to the parent filing the proposed independent enforcement action. The district attorney may object only if the district attorney is currently using an administrative or judicial method to enforce the support obligation or if the proposed independent enforcement action would interfere with an investigation being conducted by the district attorney. If the district attorney does not respond to the parent's written notice within 30 days, the district attorney shall be deemed to have given consent.

(3) The court shall order that all payments of support shall be made to the district attorney in any action filed under this section by the parent who has requested, or is receiving, support enforcement services of the district attorney unless support enforcement services have been terminated by the district attorney by case closure as provided by federal law. Any order obtained by a parent prior to support enforcement services being terminated in which the district attorney did not receive proper notice pursuant to this section shall be voidable upon the motion of the district attorney.

(g) The Judicial Council shall prepare the notice required by subdivision (e).

SEC. 12. Section 11350.7 is added to the Welfare and Institutions Code, to read:

11350.7. (a) Notwithstanding any other provision of law, if any support obligor is delinquent in the payment of support for at least 30 days and the district attorney is enforcing the support obligation pursuant to Section 11475.1, the district attorney may issue a warrant for the collection of that support and may levy on and sell vehicles and vessels as defined in the Vehicle Code, or aircraft.

(b) A warrant may be issued by a district attorney for a support obligation which accrued under a court order or judgment if the obligor had notice of the accrued support arrearage as provided in this section, and did not make a timely request for review.

(c) The notice requirement shall be satisfied by the district attorney sending a statement of support arrearages to the obligor at the obligor's last known address by first-class mail, postage prepaid. The notice shall advise the obligor of the amount of the support arrearage. The notice shall advise the obligor that the obligor may have the arrearage determination reviewed by administrative procedures and state how such a review may be obtained. The notice shall also advise the obligor of his or her right to seek a judicial determination of arrearages pursuant to Section 11350.8 and shall

include a form to be filed with the court to request a judicial determination of arrearages. If the obligor requests an administrative review of the arrearage determination within 20 days from the date the notice was mailed to the obligor, the district attorney shall review the assessment or determination and shall not issue the warrant for a disputed amount of support until the administrative review procedure is completed.

(d) If the obligor requests a judicial determination of the arrearages within 20 days from the date the notice was mailed to the obligor, the district attorney shall not issue the warrant for a disputed amount of support until the judicial determination is complete.

(e) The warrant shall be directed to any sheriff, constable, marshal, or the Department of the California Highway Patrol and shall have the same force and effect as a writ of execution. The warrant shall be levied and sale made pursuant to it in the manner and with the same force and effect as a levy and sale pursuant to a writ of execution. The district attorney may pay or advance to the levying officer the same fees, commissions, and expenses for his or her services under this section as are provided by law for similar services pursuant to a writ of execution, except for those fees and expenses for which the district attorney is exempt by law from paying. The district attorney, and not the court, shall approve the fees for publication in a newspaper.

(f) The fees, commissions, expenses, and the reasonable costs associated with the sale of property levied upon by warrant pursuant to this section, including, but not limited to, appraisers' fees, auctioneers' fees, and advertising fees are an obligation of the support obligor and may be collected from the obligor by virtue of the warrant or in any other manner as though these items were support payments delinquent for at least 30 days.

SEC. 13. Section 11354 is added to the Welfare and Institutions Code, to read:

11354. In any action or proceeding brought by the district attorney to establish parentage pursuant to Section 11475.1, the court shall enter a judgment establishing parentage upon the filing of a written stipulation between the parties provided that the stipulation is accompanied by a written advisement and waiver of rights which is signed by the defendant. The written advisement and waiver of rights shall be developed by the Judicial Council.

SEC. 14. Section 11355 is added to the Welfare and Institutions Code, to read:

11355. (a) Notwithstanding any other provision of law, in any action filed by the district attorney pursuant to Section 11350, 11350.1, or 11475.1, a judgment shall be entered if the defendant fails to file an answer or otherwise appear in the action within 30 days of service of process upon the defendant.

(b) If the defendant fails to file an answer with the court within 30 days of having been served as specified in subdivision (c) of

Section 11475.1, the proposed judgment shall become effective unless the district attorney has filed a declaration and amended proposed judgment pursuant to subdivision (c).

(c) If the district attorney receives additional financial information within 30 days of service of the complaint and proposed judgment on the defendant and the additional information would result in a support order that is different from the amount in the proposed judgment, the district attorney shall file a declaration setting forth the additional information and an amended proposed judgment. The declaration and amended proposed judgment shall be served on the defendant in compliance with Section 1013 of the Code of Civil Procedure or otherwise as provided by law. The defendant's time to answer or otherwise appear shall be extended to 30 days from the date of service of the declaration and amended proposed judgment.

(d) Upon entry of the judgment, the clerk of the court shall mail by first-class mail, postage prepaid, a notice to the defendant that his or her default has been taken and that the proposed judgment has been entered.

SEC. 15. Section 11356 is added to the Welfare and Institutions Code, to read:

11356. (a) In any action filed by the district attorney pursuant to Section 11350, 11350.1, or 11475.1, the court may, on any terms that may be just, relieve the defendant from that part of the judgment or order concerning the amount of child support to be paid. This relief may be granted after the six-month time limit of Section 473 of the Code of Civil Procedure has elapsed, based on the grounds, and within the time limits, specified in this section.

(b) This section shall apply only to judgments or orders for support that were based upon presumed income as specified in subdivision (c) of Section 11475.1 and that were entered after the entry of the default of the defendant under Section 11355. This section shall apply only to the amount of support ordered and not that portion of the judgment or order concerning the determination of parentage.

(c) The court may set aside the child support order contained in a judgment described in subdivision (b) if the defendant's income was substantially different at the time the judgment was entered from the income defendant was presumed to have. A "substantial difference" means that amount of income that would result in an order for support that deviates from the order entered by default by 20 percent or more. If the difference between the defendant's actual income and the presumed income would result in an order for support that deviates from the order entered by default by less than 20 percent, the court may set aside the child support order only if the court states in writing or on the record that the defendant is experiencing an extreme financial hardship due to the circumstances enumerated in Section 4701 of the Family Code and that a set aside

of the default judgment is necessary to accommodate those circumstances.

(d) Application for relief under this section shall be accompanied by a copy of the answer or other pleading proposed to be filed together with an income and expense declaration and tax returns for any relevant years. The Judicial Council may combine the application for relief under this section and the proposed answer into a single form.

(e) The burden of proving that the actual income of the defendant deviated substantially from the presumed income shall be on the defendant.

(f) A motion for relief under this section shall be filed within 90 days of the first collection of money by the district attorney or the obligee. The 90-day time period shall run from the date that the district attorney receives the first collection or from the date that the defendant is served with notice of the collection, whichever date occurs first. If service of the notice is by mail, the date of service shall be as specified in Section 1013 of the Code of Civil Procedure.

(g) In all proceedings under this section, before granting relief, the court shall consider the amount of time that has passed since the entry of the order, the circumstances surrounding the defendant's default, the relative hardship on the child or children to whom the duty of support is owed, the caretaker parent, and the defendant, and other equitable factors that the court deems appropriate.

(h) If the court grants the relief requested, the court shall issue a new child support order using the appropriate child support guidelines currently in effect. The new order shall have the same commencement date as the order set aside.

SEC. 16. Section 11475.1 of the Welfare and Institutions Code is amended to read:

11475.1. (a) Each county shall maintain a single organizational unit located in the office of the district attorney which shall have the responsibility for promptly and effectively establishing, modifying, and enforcing child support obligations, including medical support, enforcing spousal support orders established by a court of competent jurisdiction, and determining paternity in the case of a child born out of wedlock. The district attorney shall take appropriate action, both civil and criminal, to establish, modify, and enforce child support and, when appropriate, enforce spousal support orders when the child is receiving public assistance, including Medi-Cal, and, when appropriate, may take the same actions on behalf of a child who is not receiving public assistance, including Medi-Cal.

(b) Actions brought by the district attorney to establish paternity or child support or to enforce child support obligations shall be completed within the time limits set forth by federal law. The district attorney's responsibility applies to spousal support only where the spousal support obligation has been reduced to an order of a court of competent jurisdiction. In any action brought for modification or

revocation of an order that is being enforced under Title IV-D of the Social Security Act (42 U.S.C. Sec. 651 et seq.), the effective date of the modification or revocation shall be as prescribed by federal law (42 U.S.C. Sec. 666(a)(9)), or any subsequent date.

(c) (1) The Judicial Council, in consultation with the department and representatives of the California Family Support Council, the Senate Committee on Judiciary, the Assembly Committee on Judiciary, and a legal services organization providing representation on child support matters, shall develop simplified summons, complaint, and answer forms for any action for support brought pursuant to this section or Section 11350.1. The Judicial Council may combine the summons and complaint in a single form.

(2) The simplified complaint form shall provide the defendant with notice of the amount of child support that is sought pursuant to the guidelines set forth in Article 2 (commencing with Section 4050) of Chapter 2 of Part 2 of the Family Code based upon the income or income history of the defendant as known to the district attorney. If the defendant's income or income history is unknown to the district attorney, the complaint shall inform the defendant that income shall be presumed in an amount that results in a court order equal to the minimum basic standard of adequate care provided in Section 11452 unless information concerning the defendant's income is provided to the court. The complaint form shall be accompanied by a proposed judgment. The complaint form shall include a notice to the defendant that the proposed judgment will become effective if he or she fails to file an answer with the court within 30 days of service.

(3) (A) The simplified answer form shall be written in simple English and shall permit a defendant to answer and raise defenses by checking applicable boxes. The answer form shall include instructions for completion of the form and instructions for proper filing of the answer.

(B) The answer form shall be accompanied by a blank income and expense declaration or simplified financial statement and instructions on how to complete the financial forms. The answer form shall direct the defendant to file the completed income and expense declaration or simplified financial statement with the answer, but shall state that the answer will be accepted by a court without the income and expense declaration or simplified financial statement.

(C) The clerk of the court shall accept and file answers, income and expense declarations, and simplified financial statements that are completed by hand provided they are legible.

(4) (A) The simplified complaint form prepared pursuant to this subdivision shall be used by the district attorney or the Attorney General in all cases brought under this section or Section 11350.1.

(B) The simplified answer form prepared pursuant to this subdivision shall be served on all defendants with the simplified complaint. Failure to serve the simplified answer form on all defendants shall not invalidate any judgment obtained. However,

failure to serve the answer form may be used as evidence in any proceeding under Section 11356 of this code or Section 473 of the Code of Civil Procedure.

(C) The Judicial Council shall add language to the governmental summons, for use by the district attorney with the governmental complaint to establish parental relationship and child support, informing defendants that a blank answer form should have been received with the summons and additional copies may be obtained from either the district attorney's office or the superior court clerk.

(d) In any action brought or enforcement proceedings instituted by the district attorney pursuant to this section for payment of child or spousal support, an action to recover an arrearage in support payments may be maintained by the district attorney at any time within the period otherwise specified for the enforcement of a support judgment, notwithstanding the fact that the child has attained the age of majority.

(e) The county shall undertake an outreach program to inform the public that the services described in subdivisions (a) to (c), inclusive, are available to persons not receiving public assistance. There shall be prominently displayed in every public area of every office of the units established by this section a notice, in clear and simple language prescribed by the Director of Social Services, that the services provided in subdivisions (a) to (c), inclusive, are provided to all individuals whether or not they are recipients of public social services.

(f) In any action to establish a child support order brought by the district attorney in the performance of duties under this section, the district attorney may make a motion for an order effective during the pendency of that action, for the support, maintenance, and education of the child or children that are the subject of the action. This order shall be referred to as an order for temporary support. This order shall have the same force and effect as a like or similar order under the Family Code.

The district attorney shall file a motion for an order for temporary support within the following time limits:

(1) If the defendant is the mother, a presumed father under Section 7611 of the Family Code, or any father where the child is at least six months old when the defendant files his answer, the time limit is 90 days after the defendant files an answer.

(2) In any other case where the defendant has filed an answer prior to the birth of the child or not more than six months after the birth of the child, then the time limit is nine months after the birth of the child.

If more than one child is the subject of the action, the limitation on reimbursement shall apply only as to those children whose parental relationship and age would bar recovery were a separate action brought for support of that child or those children.

If the district attorney fails to file a motion for an order for temporary support within time limits specified in this section, the district attorney shall be barred from obtaining a judgment of reimbursement for any support provided for that child during the period between the date the time limit expired and the motion was filed, or, if no such motion is filed, when a final judgment is entered.

Nothing in this section prohibits the district attorney from entering into cooperative arrangements with other county departments as necessary to carry out the responsibilities imposed by this section pursuant to plans of cooperation with the departments approved by the State Department of Social Services.

Nothing in this section shall otherwise limit the ability of the district attorney from securing and enforcing orders for support of a spouse or former spouse as authorized under any other provision of law.

(g) As used in this article, "enforcing obligations" includes, but is not limited to, (1) the use of all interception and notification systems operated by the State Department of Social Services for the purposes of aiding in the enforcement of support obligations, (2) the obtaining by the district attorney of an initial order for child support, which may include medical support or which is for medical support only, by civil or criminal process, (3) the initiation of a motion or order to show cause to increase an existing child support order, and the response to a motion or order to show cause brought by an obligor parent to decrease an existing child support order, or the initiation of a motion or order to show cause to obtain an order for medical support, and the response to a motion or order to show cause brought by an obligor parent to decrease or terminate an existing medical support order, without regard to whether the child is receiving public assistance, and (4) the response to a notice of motion or order to show cause brought by an obligor parent to decrease an existing spousal support order when the child or children are residing with the obligee parent and the district attorney is also enforcing a related child support obligation owed to the obligee parent by the same obligor.

(h) As used in this section, "out of wedlock" means that the biological parents of the child were not married to each other at the time of the child's conception.

(i) The district attorney is the public agency responsible for administering wage withholding for the purposes of Title IV-D of the Social Security Act (42 U.S.C. Sec. 651 et seq.). The district attorney shall seek an earnings assignment order for support in any case as soon as the obligor is in arrears in payment of support pursuant to Chapter 8 (commencing with Section 5200) of Part 5 of Division 9 of the Family Code.

Nothing in this section shall limit the authority of the district attorney granted by other sections of this code or otherwise granted by law.

(j) In the exercise of the authority granted under this article, the district attorney may intervene, pursuant to subdivision (b) of Section 387 of the Code of Civil Procedure, by ex parte application, in any action under the Family Code, or other proceeding wherein child support is an issue or a reduction in spousal support is sought. By notice of motion, order to show cause, or responsive pleading served upon all parties to the action, the district attorney may request such relief as appropriate which the district attorney is authorized to seek.

(k) The district attorney shall comply with any guidelines established by the State Department of Social Services which set time standards for responding to requests for assistance in locating absent parents, establishing paternity, establishing child support awards, and collecting child support payments.

(*l*) As used in this article, medical support activities which the district attorney is authorized to perform are limited to the following:

(1) The obtaining and enforcing of court orders for health insurance coverage.

(2) Any other medical support activity mandated by federal law or regulation.

(m) (1) Notwithstanding any other provision of law, venue for an action or proceeding under this part shall be determined as follows:

(A) Venue shall be in the superior court in the county that is currently expending public assistance.

(B) If public assistance is not currently being expended, venue shall be in the superior court in the county where the child who is entitled to current support resides or is domiciled.

(C) If current support is no longer payable through, or enforceable by, the district attorney, venue shall be in the superior court in the county that last provided public assistance for actions to enforce arrearages assigned pursuant to Section 11477.

(D) If subparagraphs (A), (B), and (C) do not apply, venue shall be in the superior court in the county of residence of the support obligee.

(E) If the support obligee does not reside in California, and subparagraphs (A), (B), (C), and (D) do not apply, venue shall be in the superior court of the county of residence of the obligor.

(2) Notwithstanding paragraph (1), if the child becomes a resident of another county after an action under this part has been filed, venue may remain in the county where the action was filed until the action is completed.

(n) The district attorney of one county may appear on behalf of the district attorney of any other county in an action or proceeding under this part.

SEC. 17. Section 11478.2 of the Welfare and Institutions Code is amended to read:

11478.2. (a) In all actions involving paternity or support, including, but not limited to, proceedings under the Family Code,

and under this division, the district attorney and Attorney General represent the public interest in establishing, modifying, and enforcing support obligations. No attorney-client relationship shall be deemed to have been created between the district attorney or Attorney General and any person by virtue of the action of the district attorney or the Attorney General in carrying out these statutory duties.

(b) The provisions of subdivision (a) are declarative of existing law.

(c) In all requests for services of the district attorney or Attorney General pursuant to Section 11475.1 relating to actions involving paternity or support, not later than the same day an individual makes a request for these services in person, and not later than five working days after either (1) a case is referred for services from the county welfare department, (2) receipt of a request by mail for an application for services, or (3) an individual makes a request for services by telephone, the district attorney or Attorney General shall give notice to the individual requesting services or on whose behalf services have been requested that the district attorney or Attorney General does not represent the individual or the children who are the subject of the case, that no attorney-client relationship exists between the district attorney or Attorney General and those persons, and that no such representation or relationship shall arise if the district attorney or Attorney General provides the services requested. Notice shall be in bold print and in plain English and shall be translated into the language understandable by the recipient when reasonable. The notice shall include the advice that the absence of an attorney-client relationship means that communications from the recipient are not privileged and that the district attorney or Attorney General may provide support enforcement services to the other parent in the future.

(d) The district attorney or Attorney General shall give the notice required pursuant to subdivision (c) to all recipients of services under Section 11475.1 who have not otherwise been provided that notice, not later than the date of the next annual notice required under Section 11476.2. This notice shall include notification to the recipient of services under Section 11475.1 that the recipient may inspect the clerk's file at the county clerk's office, and that, upon request, the district attorney, or, if appropriate, the Attorney General, will furnish a copy of the most recent order entered in the case.

(e) The district attorney, or, if appropriate, the Attorney General, shall serve a copy of the complaint for paternity or support, or both on recipients of support services under Section 11475.1, as specified in paragraph (2) of subdivision (e) of Section 11350.1. A notice shall accompany the complaint which informs the recipient that the district attorney or Attorney General may enter into a stipulated order resolving the complaint, and that if the recipient wishes to

assist the prosecuting attorney, he or she should send all information on the noncustodial parent's earnings and assets to the prosecuting attorney.

(f) (1) The district attorney or Attorney General shall provide written notice to recipients of services under Section 11475.1 of the initial date and time, and purpose of every hearing in a civil action for paternity or support. The notice shall include the following language:

IMPORTANT NOTICE

It may be important that you attend the hearing. The district attorney does not represent you or your children. You may have information about the noncustodial parent, such as information about his or her income or assets, or your need for support that will not be presented to the court unless you attend the hearing. With the permission of the court, you have the right to be heard in court and tell the court what you think the court should do with the child support order.

If you have a court order for support that arose as part of your divorce, this hearing could change your rights or your children's rights to support. You have the right to attend the hearing and, with the permission of the court, to be heard.

If you would like to attend the hearing and be told about any changes to the hearing date or time, notify this office by _____. The district attorney or Attorney General will then have to tell you about any changes to the hearing date or time.

(2) The notice shall state the purpose of the hearing or be attached to the motion or other pleading which caused the hearing to be scheduled.

(3) The notice shall be provided separate from all other material and shall be in at least 14-point type. The failure of the district attorney or Attorney General to comply with this subdivision shall not affect the validity of any order.

(4) The notice shall be provided not later than seven calendar days prior to the hearing, or, if the district attorney or Attorney General receives notice of the hearing less than seven days prior to the hearing, within two days of the receipt by the district attorney or Attorney General of the notice of the hearing.

(5) The district attorney or Attorney General shall, in order to implement this subdivision, make reasonable efforts to ensure that the district attorney or Attorney General has current addresses for recipients of support enforcement services.

(g) The district attorney or Attorney General shall give notice to recipients of services under Section 11475.1 of every order obtained by the district attorney or Attorney General that establishes or modifies the support obligation for the recipient or the children who are the subject of the order, by sending a copy of the order to the recipient. The notice shall be made within 30 calendar days after the order has been filed. The district attorney or Attorney General shall also give notice to these recipients of every order obtained in any other jurisdiction, that establishes or modifies the support obligation for the recipient or the children who are the subject of the order, and which is received by the district attorney or Attorney General, by sending a copy of the order to the recipient within 30 calendar days after the district attorney or Attorney General has received a copy of the order. In any action enforced under Chapter 6 (commencing with Section 4800) of Part 5 of Division 9 of the Family Code, the notice shall be made in compliance with the requirements of that chapter. The failure of the district attorney or Attorney General to comply with this subdivision shall not affect the validity of any order.

(h) The district attorney or Attorney General shall give notice to the noncustodial parent against whom a civil action is filed that the district attorney or Attorney General is not the attorney representing any individual, including, but not limited to, the custodial parent, the child, or the noncustodial parent.

(i) Nothing in this section shall be construed to preclude any person who is receiving services under Section 11475.1 from filing and prosecuting an independent action to establish, modify, and enforce an order for current support on behalf of himself or herself or a child if that person is not receiving public assistance.

(j) A person who is receiving services under Section 11475.1 but who is not currently receiving public assistance on his or her own behalf or on behalf of a child shall be asked to execute, or consent to, any stipulation establishing or modifying a support order in any action in which that person is named as a party, before the stipulation is filed. The district attorney or Attorney General shall not submit to the court for approval a stipulation to establish or modify a support order in such an action without first obtaining the signatures of all parties to the action, their attorneys of record, or persons authorized to act on their behalf.

(k) The district attorney or Attorney General shall not enter into a stipulation which reduces the amount of past due support, including interest and penalties accrued pursuant to an order of current support, on behalf of a person who is receiving support enforcement services under Section 11475.1 and who is owed support arrearages that exceed unreimbursed public assistance paid to the recipient of the support enforcement services, without first obtaining the consent of the person who is receiving services under Section 11475.1 on his or her own behalf or on behalf of the child.

(*l*) The notices required in this section shall be provided in the following manner:

(1) In all cases in which the person receiving services under Section 11475.1 resides in California, notice shall be provided by mailing the item by first-class mail to the last known address of, or personally delivering the item to, that person.

(2) In all actions enforced under Chapter 6 (commencing with Section 4800) of Part 5 of Division 9 of the Family Code, unless otherwise specified, notice shall be provided by mailing the item by first-class mail to the initiating court.

(m) Notwithstanding any other provision of this section, the notices provided for pursuant to subdivisions (c) to (g), inclusive, shall not be required in foster care cases.

SEC. 18. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for any costs incurred pursuant to this act because this act provides additional revenue that is specifically intended to fund the costs in an amount sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SECTION 1. Section 45028 of the Education Code is amended to read:

45028. (a) Effective July 1, 1970, each person employed by a school district in a position requiring certification qualifications, except a person employed in a position requiring administrative or supervisory credentials, shall be classified on the salary schedule on the basis of uniform allowance for years of training and years of experience, except if a public school employer and the exclusive representative negotiate and mutually agree to a salary schedule based on criteria other than a uniform allowance for years of training and years of experience pursuant to Chapter 10.7 (commencing with Section 3540) of the Government Code. Employees shall not be placed in different classifications on the schedule, nor paid different salaries, solely on the basis of the respective grade levels in which such employees serve.

In no case shall the governing board of a school district draw orders for the salary of any teacher in violation of this section, nor shall any superintendent draw any requisition for the salary of any teacher in violation thereof.

This section shall not apply to teachers of special day and evening classes in elementary schools, teachers of special classes for elementary pupils, teachers of special day and evening high school classes and substitute teachers.

(b) It is not a violation of the uniformity requirement of this section for a school district, with the agreement of the exclusive representative of certificated employees, if any, to grant any employee hired after a locally specified date differential credit for

prior years of experience or prior units of credit for purposes of initial placement on the district's salary schedule.

This subdivision is declaratory of existing law.

SEC. 2. Section 3543.2 of the Government Code is amended to read:

3543.2. (a) The scope of representation shall be limited to matters relating to wages, hours of employment, and other terms and conditions of employment. In addition, the exclusive representative of certificated personnel has the right to consult on the definition of educational objectives, the determination of the content of courses and curriculum, and the selection of textbooks to the extent such matters are within the discretion of the public school employer under the law. All matters not specifically enumerated are reserved to the public school employer and may not be a subject of meeting and negotiating, provided that nothing herein may be construed to limit the right of the public school employer to consult with any employees or employee organization on any matter outside the scope of representation.

(b) Notwithstanding Section 44944 of the Education Code, the public school employer and the exclusive representative shall, upon request of either party, meet and negotiate regarding causes and procedures for disciplinary action, other than dismissal, including a suspension of pay for up to 15 days, affecting certificated employees. If the public school employer and the exclusive representative do not reach mutual agreement, then the provisions of Section 44944 of the Education Code shall apply.

(c) Notwithstanding Section 44955 of the Education Code, the public school employer and the exclusive representative shall, upon request of either party, meet and negotiate regarding procedures and criteria for the layoff of certificated employees for lack of funds. If the public school employer and the exclusive representative do not reach mutual agreement, then the provisions of Section 44955 of the Education Code shall apply.

(e) Pursuant to Section 45028 of the Education Code, the public school employer and the exclusive representative shall, upon the request of either party, meet and negotiate a salary schedule based on criteria other than a uniform allowance for years of training and years of experience. If the public school employer and the exclusive representative do not reach mutual agreement, then the provisions of Section 45028 of the Education Code requiring a salary schedule based upon a uniform allowance for years of training and years of experience shall apply. A salary schedule established pursuant to this subdivision shall not result in the reduction of the salary of any teacher.

The forms shall also include in the instructions the information that the contribution may be in the amount of one dollar ($1) or more and that the contribution shall be used to build a memorial to California veterans.

(d) The operations of the auxiliary organization shall be conducted in conformity with an operating agreement approved annually by the commission. Prior to approval, the commission shall provide the proposed annual operating agreement to the Department of Finance for its review and comment. [Approved by Governor September 26, 1996. Filed with Secretary of State September 27, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 25143 of the Health and Safety Code is amended to read:

25143. (a) The department may grant a variance from one or more of the requirements of this chapter, or the regulations adopted pursuant to this chapter, for the management of a hazardous waste if all of the following conditions apply:

(1) One of the following conditions applies:

(A) The hazardous waste is solely a non-RCRA hazardous waste or the hazardous waste or its management is exempt from, or is not otherwise regulated pursuant to, the federal act.

(B) The requirement from which a variance is being granted is not a requirement of the federal act, or the regulations adopted to implement the federal act.

(C) The department has issued, or is simultaneously issuing, a variance from the federal act for the hazardous waste or its management pursuant to subdivision (c).

(2) The department makes one of the following findings:

(A) The hazardous waste, the amount of the hazardous waste, or the hazardous waste management activity or management unit is insignificant or unimportant as a potential hazard to human health and safety, and the environment, when managed in accordance with the conditions, limitations, and other requirements specified in the variance.

(B) The requirements, from which a variance is being granted, are insignificant or unimportant in preventing or minimizing a potential hazard to human health and safety or the environment.

(C) The handling, processing, or disposal of the hazardous waste, or the hazardous waste management activity, is regulated by another governmental agency in a manner that ensures it will not pose a substantial present or potential hazard to human health and safety, and the environment.

(D) A requirement imposed by another public agency provides protection of human health and safety or the environment equivalent to the protection provided by the requirement from which the variance is being granted.

(3) The variance is granted in accordance with this section.

(b) The department may grant a variance only upon receipt of a variance application for a site or sites owned or operated by an individual or business. The individual or business submitting the application for a variance shall submit to the department sufficient information to enable the department to determine if all of the conditions required by subdivision (a) are satisfied for all situations within the scope of the requested variance.

(c) (1) In addition to the variances authorized pursuant to subdivisions (a) and (b), the department, after making one of the findings specified in paragraph (2) of subdivision (a), may also grant a variance from the requirements of the federal act, upon receiving the authorization specified in paragraph (2), in accordance with the provisions of Section 260.30, subsection (c) of Section 260.31, and Section 260.33 of Title 40 of the Code of Federal Regulations, or any successor federal regulations, regarding a variance from classifications as a solid waste for a commodity-like material that has been reclaimed and is to be further reclaimed.

(2) The department may grant a variance pursuant to this subdivision only after the department obtains authorization from the Environmental Protection Agency to implement the regulations adopted pursuant to the federal act specified in paragraph (1).

(d) Each variance issued pursuant to this section shall be issued on a form prescribed by the department and shall, as applicable, include, but not be limited to, all of the following:

(1) Information identifying the individual or business to which the variance applies. This identification shall be by name, location of the site or sites, type of hazardous waste generated or managed, or type of hazardous waste management activity, as applicable.

(2) As applicable, a description of the physical characteristics and chemical composition of the hazardous waste or the specifications of the hazardous waste management activity or unit to which the variance applies.

(3) The time period during which the variance is effective.

(4) A specification of the requirements of this chapter or the regulations adopted pursuant to this chapter from which the variance is granted.

(5) A specification of the conditions, limitations, or other requirements to which the variance is subject.

(e) (1) Variances issued pursuant to subdivision (a) are subject to review at the discretion of the department and may be revoked or modified at any time.

(2) The department shall revoke or modify a variance if the department finds any of the following:

(A) The conditions required by subdivision (a) are no longer satisfied.

(B) The holder of the variance is in violation of one or more of the conditions, limitations, or other requirements of the variance, and, as

a result of the violation, the conditions required by subdivision (a) are no longer satisfied.

(C) If the variance was granted because of the finding specified in subparagraph (C) or (D) of paragraph (2) of subdivision (a), the holder of the variance is in violation of one or more of the regulatory requirements of another governmental agency to which the holder is subject and the violation invalidates that finding.

(f) The department may waive all, or part, of the fees for an application for a variance by an individual or business, if a variance has previously been granted for the same hazardous waste stream or activity under substantially similar operating conditions in the same industry.

SEC. 1.5. Section 25143 of the Health and Safety Code is amended to read:

25143. (a) The department may grant a variance from one or more of the requirements of this chapter, or the regulations adopted pursuant to this chapter, for the management of a hazardous waste if all of the following conditions apply:

(1) One of the following conditions applies:

(A) The hazardous waste is solely a non-RCRA hazardous waste or the hazardous waste or its management is exempt from, or is not otherwise regulated pursuant to, the federal act.

(B) The requirement from which a variance is being granted is not a requirement of the federal act, or the regulations adopted to implement the federal act.

(C) The department has issued, or is simultaneously issuing, a variance from the federal act for the hazardous waste or its management pursuant to subdivision (c).

(2) The department makes one of the following findings:

(A) The hazardous waste, the amount of the hazardous waste, or the hazardous waste management activity or management unit is insignificant or unimportant as a potential hazard to human health and safety or to the environment, when managed in accordance with the conditions, limitations, and other requirements specified in the variance.

(B) The requirements, from which a variance is being granted, are insignificant or unimportant in preventing or minimizing a potential hazard to human health and safety or the environment.

(C) The handling, processing, or disposal of the hazardous waste, or the hazardous waste management activity, is regulated by another governmental agency in a manner that ensures it will not pose a substantial present or potential hazard to human health and safety, and the environment.

(D) A requirement imposed by another public agency provides protection of human health and safety or the environment equivalent to the protection provided by the requirement from which the variance is being granted.

(3) The variance is granted in accordance with this section.

(b) (1) The department may grant a variance upon receipt of a variance application for a site or sites owned or operated by an individual or business concern. The individual or business concern submitting the application for a variance shall submit to the department sufficient information to enable the department to determine if all of the conditions required by subdivision (a) are satisfied for all situations within the scope of the requested variance.

(2) The department may also grant a variance, on its own initiative, to one or more individuals or business concerns. If the variance is granted to more than one individual or business concern, the department, in granting the variance pursuant to this paragraph, shall comply with all the following requirements:

(A) The department shall make all of the following findings, in addition to the findings required pursuant to paragraph (2) of subdivision (a):

(i) That the variance is necessary to address a temporary situation, or that the variance is needed to address an ongoing situation pending the adoption of regulations by the department.

(ii) Based upon information available to the department at the time the variance is granted, that the variance will not create a substantive competitive disadvantage for a member or members of a specific class of facilities.

(iii) That there are no reasonably foreseeable site-specific physical or operating conditions which could potentially impact the finds made by the department pursuant to paragraph (2) of subdivision (a). This finding shall be supported by substantial evidence in the record as a whole, and shall be based upon both of the following:

(I) The types of hazardous waste streams, the estimated amounts of hazardous waste, and the locations that are affected by the variance. The estimate of the amounts of hazardous waste that are affected by the variance shall be based upon information reasonably available to the department.

(II) Due inquiry, with respect to the hazardous waste streams and management activities affected by the variance, regarding the potential for mismanagement, enforcement and site remediation experience, and proximity to sensitive receptors.

(B) The variance shall not be granted for a period of more than one year. A variance granted pursuant to this paragraph may be renewed for one additional one-year period, if the department makes a finding that the variance has not resulted in harm to human health or safety or to the environment and that there has been substantial compliance with the conditions contained in the variance.

(C) The department shall issue a public notice at least 30 days prior to granting the variance to allow an opportunity for public comment. The public notice shall be issued in the California Regulatory Register, to the department's regulatory mailing list, and to all potentially affected hazardous waste facilities and generators known to the department. The department shall, upon request, hold

a public meeting prior to granting the variance. In granting the variance and in making the findings required by paragraph (2) of subdivision (a) and subparagraph (A), the department shall consider all public comments received.

(D) The department shall not grant a variance pursuant to this paragraph from the definition of, or classification as, a hazardous waste, or from requirements pertaining to the investigation or remediation of releases of hazardous waste or constituents.

(E) The authority of the department to grant or renew variances pursuant to this paragraph shall remain in effect only until January 1, 2002, unless a later enacted statute, which is enacted before January 1, 2002, deletes or extends that date. This subparagraph shall not be construed to invalidate any variance granted pursuant to this paragraph prior to the expiration of the department's authority.

(c) (1) In addition to the variances authorized pursuant to subdivisions (a) and (b), the department, after making one of the findings specified in paragraph (2) of subdivision (a), may also grant a variance from the requirements of the federal act, upon receiving the authorization specified in paragraph (2), in accordance with the provisions of Section 260.30, 260.31, 260.32, and 260.33 of Title 40 of the Code of Federal Regulations, or any successor federal regulations, regarding a variance from classification of a material as a solid waste or variances classifying enclosed devices using controlled flame combustion as boilers.

(2) The department may grant a variance pursuant to this subdivision only after the department obtains authorization from the Environmental Protection Agency to implement the provisions of the federal act specified in paragraph (1).

(d) Each variance issued pursuant to this section shall be issued on a form prescribed by the department and shall, as applicable, include, but not be limited to, all of the following:

(1) Information identifying the individuals or business concerns to which the variance applies. This identification shall be by name, location of the site or sites, type of hazardous waste generated or managed, or type of hazardous waste management activity, as applicable.

(2) As applicable, a description of the physical characteristics and chemical composition of the hazardous waste or the specifications of the hazardous waste management activity or unit to which the variance applies.

(3) The time period during which the variance is effective.

(4) A specification of the requirements of this chapter or the regulations adopted pursuant to this chapter from which the variance is granted.

(5) A specification of the conditions, limitations, or other requirements to which the variance is subject.

(e) (1) Variances issued pursuant to this section are subject to review at the discretion of the department and may be revoked or modified at any time.

(2) The department shall revoke or modify a variance if the department finds any of the following:

(A) The conditions required by this section are no longer satisfied.

(B) The holder of the variance is in violation of one or more of the conditions, limitations, or other requirements of the variance, and, as a result of the violation, the conditions required by this section are no longer satisfied.

(C) If the variance was granted because of the finding specified in subparagraph (C) or (D) of paragraph (2) of subdivision (a), the holder of the variance is in violation of one or more of the regulatory requirements of another governmental agency to which the holder is subject and the violation invalidates that finding.

(f) (1) (A) The department may, upon mutual agreement with an individual or business concern applying for a variance, charge a fee that is equal to the actual cost of the department in reviewing and making a determination on the variance.

(B) If the applicant pays a fee pursuant to subparagraph (A), the applicant is not subject to the variance fee required by Section 25205.7.

(2) The department may waive all, or part, of the fees required by Section 25205.7 for an application for a variance by an individual or business concern.

(g) Within 30 days from the date of granting a variance, the department shall issue a public notice on the California Regulatory Register.

SEC. 2. Section 25143.5 of the Health and Safety Code is amended to read:

25143.5. (a) Except as provided in subdivisions (d), (e) and (f), the department shall classify as nonhazardous waste any fly ash, bottom ash, and flue gas emission control residues, generated from a biomass combustion process, as defined in subdivision (g), if the combustion process will be adequately monitored and controlled so as to prevent the handling or the disposal of any waste in a manner prohibited by law, unless the department determines that the ash or residue is hazardous, by testing a representative sample of the ash or residue pursuant to criteria adopted by the department.

(b) The fly ash, bottom ash, and flue gas emission control residues that are classified as nonhazardous by the department are exempt from this chapter.

(c) An operator of a biomass facility which converts biomass into energy for which the department has classified the ash or residue as hazardous shall notify the department whenever there has been a significant change in the waste entering the combustion process, the combustion process itself, or in the management of the ash or residues generated by the facility. An operator of a biomass facility

that converts biomass into energy, with regard to which the department has classified the ash or residue as nonhazardous, shall notify the department when there has been a significant change in the waste entering the combustion process or in the combustion process itself.

(d) For purposes of classifying fly ash, bottom ash, and flue gas emission control residues generated by the combustion of municipal solid waste in a facility, with regard to which the department classified the ash or residue as nonhazardous, on or before January 1, 1985, the sampling of the ash or residue, for purposes of classification by the department, shall occur at the point in the process following onsite treatment of the ash or residue.

(e) Notwithstanding any other provision of law, this section applies only to fly ash, bottom ash, and flue gas emission control residues which are not RCRA hazardous waste.

(f) Notwithstanding any other provision of law, the test specified in the regulations adopted by the department with regard to a waste exhibiting the characteristic of corrosivity if representative samples of the waste are not aqueous and produce a solution with a pH that is less than, or equal to, two or greater than, or equal to, 12.5, as specified in paragraph (3) of subdivision (a) of Section 66261.22 of Title 22 of the California Code of Regulations, as that section read on January 1, 1996, shall not apply to ash generated from a biomass combustion process that is managed in accordance with applicable regulations administered by the California regional water quality control board, is used beneficially in a manner that results in lowering the pH below 12.5 but above 2.0, is not accumulated speculatively, and is available for commercial use.

(g) For purposes of this section, the following definitions shall apply:

(1) "Biomass combustion process" means a combustion process that has a primary energy source of biomass or biomass waste, and of which 75 percent of the total energy input is from those sources during any calendar year, and of which 25 percent or less of the other energy sources do not include sewage sludge, industrial sludge, medical waste, hazardous waste, radioactive waste, or municipal solid waste.

(2) "Biomass" or "biomass waste" means any organic material not derived from fossil fuels, such as agricultural crop residues, bark, lawn, yard and garden clippings, leaves, silvicultural residue, tree and brush pruning, wood and wood chips, and wood waste, including these materials when separated from other waste streams. "Biomass" or "biomass waste" does not include material containing sewage sludge, industrial sludge, medical waste, hazardous waste, or radioactive waste.

SEC. 3. Section 25200.10 of the Health and Safety Code is amended to read:

25200.10. (a) For purposes of this section, "facility" means the entire site that is under the control of the owner or operator seeking a hazardous waste facilities permit.

(b) Except as provided in subdivisions (d) and (e), the department, or a unified program agency approved to implement this section pursuant to Section 25404.1, shall require, and any permit issued by the department shall require, corrective action for all releases of hazardous waste or constituents from a solid waste management unit or a hazardous waste management unit at a facility engaged in hazardous waste management, regardless of the time at which waste was released at the facility. Any corrective action required pursuant to this section shall require that corrective action be taken beyond the facility boundary where necessary to protect human health and safety or the environment, unless the owner or operator demonstrates to the satisfaction of the department or the unified program agency, whichever agency required the corrective action, that despite the owner's or operator's best efforts, the owner or operator is unable to obtain the necessary permission to undertake this action. When corrective action cannot be completed prior to issuance of the permit, the permit shall contain schedules of compliance for corrective action and assurances of financial responsibility for completing the corrective action.

(c) This section does not limit the department's authority, or a unified program agency's authority pursuant to Chapter 6.11 (commencing with Section 25404), to require corrective action pursuant to Section 25187.

(d) This section does not apply to a permit issued to a public agency or person for the operation of a temporary household hazardous waste collection facility pursuant to Article 10.8 (commencing with Section 25218).

(e) Unless otherwise expressly required by another provision of this chapter, the corrective action required by subdivision (a) does not apply to a person who treats hazardous waste pursuant to a conditional exemption pursuant to this chapter, if the person is not otherwise required to obtain a hazardous waste facilities permit or other grant of authorization for any other hazardous waste management activity at the facility. This subdivision does not limit the department's authority, the authority of a local health officer or other local public officer authorized pursuant to Section 25187.7, or the authority of a unified program agency approved pursuant to Section 25404.1, to order corrective action pursuant to Section 25187.

(f) (1) Pursuant to Article 8 (commencing with Section 25180), the department shall require any offsite facility that was granted interim status pursuant to Section 25200.5 prior to January 1, 1992, and which is not subject to Section 25201.6, to comply with subdivisions (a) to (d), inclusive, of Section 25200.14. The grant of interim status of a facility subject to this subdivision which, as of July 1, 1997, has not

complied with subdivisions (a) to (d), inclusive, of Section 25200.14, shall terminate on that date.

(2) For purposes of this subdivision, a facility is in compliance with subdivisions (a) to (d), inclusive, of Section 25200.14 only if the facility owner or operator has substantively performed the requirements of subdivisions (a) to (d), inclusive, of Section 25200.14 and the regulations adopted pursuant to those provisions, and the facility owner or operator has not merely agreed to a schedule for future compliance, except insofar as submission of a schedule pursuant to the requirements of subdivision (d) of Section 25200.14 may constitute substantive compliance with that subdivision.

(3) Notwithstanding paragraph (2), a facility shall be deemed to be in compliance with this subdivision if the department or a federal agency has completed a RCRA facility, or equivalent assessment for the facility on or before July 1, 1997.

SEC. 4. Section 25200.11 of the Health and Safety Code is amended to read:

25200.11. (a) On or before July 1, 1993, the department shall take final action on each application for a hazardous waste facilities permit to be issued pursuant to Section 25200 for an offsite hazardous waste facility which is not subject to the time limits specified in Section 25200.7 and which has been operating under a grant of interim status pursuant to Section 25200.5 prior to January 1, 1992, if the permit application was submitted to the department before January 1, 1992. In taking final action pursuant to this section, the department shall either issue the hazardous waste facilities permit or make a final denial of the application. The department may extend final action for one year upon its determination that the permit application is complete and that more time is needed for review and evaluation of the application.

(b) On July 1, 1992, interim status granted for any existing offsite hazardous waste facility, which is not subject to the time limits specified in Section 25200.7, shall be terminated, unless the department has received an application for a final hazardous waste facilities permit pursuant to Section 25200 on or before June 30, 1992.

(c) Except for facilities subject to Section 25201.6, for any offsite facility, which facility or portion of facility was first granted interim status pursuant to Section 25200.5 on or after January 1, 1992, the department shall provide public notice for a permit determination to issue or deny a hazardous waste facilities permit for the facility, including a permit modification to incorporate a portion of a facility operating under a grant of interim status, not later than the following dates:

(1) For interim status that was first granted on or after January 1, 1992, but prior to January 1, 1994, not more than four years from the date that interim status was first granted.

(2) For interim status that was first granted on or after January 1, 1994, but prior to January 1, 1996, not more than three years from the date that interim status was first granted.

(3) For interim status that was granted on or after January 1, 1996, not more than two years from the date that interim status was first granted.

(d) For purposes of complying with this section, any change in the owner or operator of the hazardous waste facility shall not affect the applicability of this section with respect to permit determinations required for the facility, including a permit modification to incorporate a portion of the facility operating under a grant of interim status.

(e) The department shall update and make available to the public, by March 1 and September 1 of each year, a status report and workplan describing its efforts in permitting and regulating offsite facilities operating under a grant of interim status pursuant to Section 25200.5, including permit modifications to incorporate a portion of a facility operating under a grant of interim status, except those facilities subject to Section 25201.6. The status report and workplan shall include all of the following elements:

(1) A listing of all offsite facilities, or portions of facilities, operating under a grant of interim status, the date on which the grant of interim status was first made, the schedule for making a permit determination, and a description of the department's resources that are committed to permitting, regulating, and overseeing interim status activities at these facilities.

(2) A status report on enforcement and other regulatory activities that have been taken by the department to ensure that these facilities are operating in compliance with the interim status authority granted by the department pursuant to this chapter.

(f) (1) Except as provided in paragraph (2), on or before July 1, 1997, for any facility operating under a grant of interim status pursuant to Section 25200.5, based on operations conducted on November 19, 1980, the department shall review the basis for the grant of interim status, including any amendments of that grant, and shall prepare status reports concerning the results of that review. If the department discovers an error in the scope of a grant of interim status made before July 1, 1997, and the error was caused in whole, or in part, by an intentional or negligent false statement or representation in the documents filed for purposes of establishing or obtaining interim status, the department shall take immediate action to correct the error, to the full extent authorized by law. In determining whether the scope of a grant of interim status made before July 1, 1997, complies with this chapter, the department shall require evidence other than facility owner or operator or employee declarations pertaining to previous activities that are the basis for that eligibility for interim status.

(2) Paragraph (1) does not apply to a facility for which, on or before March 1, 1997, a draft permit has been issued by and is being processed by the department, a draft environmental impact report, or other appropriate document prepared pursuant to the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code) has been issued and made available for public comment and the environmental impact report or other document prepared pursuant to the California Environmental Quality Act considers all impacts to the environment from facility operations, including, at a minimum, all changes to operations since November 19, 1980, that were not addressed by a previous finally approved document prepared pursuant to the California Environmental Quality Act. The issuance of an appropriate document under the California Environmental Quality Act shall be deemed to have been issued for purposes of this paragraph if the lead agency has determined in writing that no further document is necessary under that act for purposes of the permit issuance.

SEC. 5. Section 25205 of the Health and Safety Code is amended to read:

25205. (a) Except as provided in Section 25245.5, the department shall not issue or renew a permit to operate a hazardous waste facility unless the owner or operator of the facility establishes and maintains the financial assurances required pursuant to Article 12 (commencing with Section 25245).

(b) The grant of interim status of a facility, or any portion thereof, that is operating under a grant of interim status pursuant to Section 25200.5, based on the facility having been in existence on November 19, 1980, shall terminate on July 1, 1997, unless the department certifies, on or before July 1, 1997, that the facility is in compliance with the financial assurance requirements of Article 12 (commencing with Section 25245) for a facility in operation since November 19, 1980, for all units, tanks, and equipment for which the facility has authorization to operate pursuant to its grant of interim status.

SEC. 6. Section 71000 of the Public Resources Code is amended to read:

71000. This part shall be known, and may be cited, as the Environmental Protection Permit Reform Act of 1993.

SEC. 7. Section 71068 is added to the Public Resources Code, to read:

71068. (a) Upon the completion of a demonstration of any standardized electronic format and protocol and alternative signature technique pursuant to this part, to the satisfaction of the advisory committee, the secretary shall adopt that electronic format and protocol standard for use as an optional alternative to submitting environmental data on paper to any state or local agency.

(b) Any local agency requiring the submission of an element of environmental data not found in the data dictionary maintained by the secretary pursuant to Section 71062 may petition the secretary for inclusion of that data element. The secretary shall include an additional data item in the data dictionary only if the local agency demonstrates both of the following:

(1) One of the following applies:

(A) A specific requirement for that item in existing law or regulation.

(B) A principle of mathematics or science that requires the collection of that data item to meet another specific purpose under the applicable law.

(2) There is no other way to meet the local agency's needs using combinations of data elements already incorporated into the data dictionary.

(c) The electronic submission of environmental data to any state or local agency in accordance with the data standards adopted under this part constitutes compliance with the environmental data reporting or other usage requirements imposed pursuant to the laws specified in subdivisions (a) to (f), inclusive, of Section 71061, and has the same force and effect as if the data had been submitted in ink on paper.

(d) Notwithstanding any other provision of law, no person or state or local agency shall be required to submit or receive environmental data electronically, but every state or local agency that elects to engage in electronic data management with regard to environmental data shall employ the electronic reporting standards adopted by the secretary under this part.

(e) Nothing in this section limits any existing authority of a local agency to require the submission of environmental data.

SEC. 7.5. Sections 1.5 of this bill incorporates amendments to Section 25143 of the Health and Safety Code proposed by both this bill and AB 2776 and makes additional conforming changes. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1997, (2) each bill amends Section 25143 of the Health and Safety Code, and (3) this bill is enacted after AB 2776, in which case Section 1 of this bill shall not become operative.

SEC. 8. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative

on the same date that the act takes effect pursuant to the California Constitution.

The conservancy may initiate a request only with respect to uninhabited real property within the territory of the conservancy containing mountainous lands and after providing at least 60 days' notice of its intention to request acquisition by eminent domain. The notice shall be sent either to the city in which the real property is situated; the county if the real property is situated in an unincorporated area; or the Tribal Council of the Agua Caliente Band of Cahuilla Indians if the real property is situated within the trust lands of the Agua Caliente Indian Reservation. (a) No part of the real property is mountainous land.

(b) The acquisition is objected to by the city in which the real property is situated; by the county if the real property is situated in an unincorporated area; or by the Tribal Council of the Agua Caliente Band of Cahuilla Indians if the real property is situated within the trust lands of the Agua Caliente Indian Reservation. To be effective, the objection shall be made by a resolution of the city council, the county board of supervisors, or the Tribal Council of the Agua Caliente Band of Cahuilla Indians, as the case may be, adopted within 60 days from the date of receipt of notice from the conservancy. (c) Any acquisition of real property from the County of Riverside, which was acquired by the county as a result of the nonpayment of taxes, and which has a value of less than two hundred fifty thousand dollars ($250,000), shall not be subject to the Property Acquisition Law, if the administrative secretary of the State Public Works Board has received written notice that the conservancy has adopted a resolution requesting that the real property be removed from public sale and the Director of Finance has not, within 60 days from the date that the written notice was received, notified the executive director of the conservancy that the real property must be acquired under the Property Acquisition Law.

(d) Except as provided in Section 33701, and subject to Section 33507, the conservancy may acquire any property, and any interest in property, on behalf of itself or a state agency represented on the governing board, within its territory if acquisition of the property is in furtherance of the conservancy's purposes, as set forth in Section 33501. The conservancy may initiate, negotiate, and participate in agreements with local, state, and federal public agencies or nonprofit entities for the management of land under the conservancy's ownership or control, in furtherance of the conservancy's purposes. The conservancy may also hold, manage, maintain, administer, occupy, and care for that property in the event that no appropriate public or private entity is available to undertake that responsibility without cost to the conservancy. The conservancy shall give primary priority to the acquisition of property, the development of which would have visual impact from the floor of the Coachella Valley, and secondary priority to property, the acquisition of which will preserve wildlife habitat.

(e) (1) Except as provided in paragraph (2), the conservancy shall not sell, exchange, lease, or otherwise dispose of or encumber, any mountainous lands unless authorized by a four-fifths vote of the governing board or a two-thirds vote of the electors residing within the conservancy.

(2) The conservancy may transfer any mountainous lands to another public agency or to any nonprofit organization that has as its primary purpose the preservation, protection, or enhancement of land in its natural, scenic, historic, agricultural, forested, or open-space condition or use, if the transfer is authorized in the presence of a quorum and upon the recorded votes of a majority of the voting members of the governing board, and if the transferee agrees to hold, manage, maintain, administer, occupy, and care for the property in perpetuity and in furtherance of the conservancy's purposes, as set forth in Section 33501.

(3) Any lease entered into pursuant to this subdivision shall not exceed five years and shall include the express provision that the

lease may be terminated at any time that the governing board determines that the land is needed for conservancy purposes.

(f) Notwithstanding subdivision (d) and the requirements specified in subdivision (e), the conservancy may sell, exchange, lease, or otherwise dispose of or encumber, property that is not mountainous land on any terms that are in the best interests of the conservancy.

33800. (a) The conservancy may incur debt only for the purpose of acquiring real property. To acquire that property, the conservancy may only borrow money from, and incur a debt to, an entity that is represented on the conservancy's governing board if the debt instrument pertaining to the acquisition of the property states that the security for the debt created therein is limited to the real property to be acquired, and includes an acknowledgment that no state funds or state credit will be obligated or committed to repay the debt.

(b) Any debt instrument that is entered into by the conservancy after January 1, 1997, shall be null and void, except for a debt instrument that complies with subdivision (a) and is approved by the Department of Finance.

SEC. 11. Section 33806 is added to the Public Resources Code, to read:

33806. The Coachella Valley Mountains Conservancy Fund is hereby created in the State Treasury. The money in the fund shall be made available for expenditure by the conservancy, upon appropriation by the Legislature, for the purposes of this division.

SEC. 12. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that statutory changes be made that are necessary to enable the Coachella Valley Mountains Conservancy to continue to pursue its mission, with funds provided under the Budget Act of 1996, for expenditure during the 1996–97 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 964

An act to amend Sections 9765 and 9786 of, and to add and repeal Section 9701.5 of, the Business and Professions Code, relating to human remains.

[Approved by Governor September 26, 1996. Filed with Secretary of State September 27, 1996.]

The amount of the fine shall be established by regulation in accordance with the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code). Failure to pay the fine within 15 days after receipt of written notification of the assessment or, where a timely request for waiver or reduction of the fine has been filed, within 15 days after receipt of written notification of the board's decision in the matter, shall be cause for disciplinary action.

(b) A cemetery authority may request waiver or reduction of a fine by making a written request therefor. The request shall be postmarked within the time specified above for payment of the fine and shall be accompanied by a statement showing good cause for the request.

(c) The board may waive or reduce the fine where a timely request is made and where it determines, in its discretion, that the cemetery authority has made a sufficient showing of good cause for the waiver or reduction.

SEC. 2. Section 9701.5 is added to the Business and Professions Code, to read:

9701.5. (a) Notwithstanding any other provision of this chapter, Section 9702.5 does not apply to an applicant for a cemetery salesperson's license.

SEC. 3. Section 9765 of the Business and Professions Code is amended to read:

9765. Every cemetery authority operating a cemetery shall pay an annual regulatory charge for each cemetery to be fixed by the board at not more than four hundred dollars ($400). In addition to an annual regulatory charge for each cemetery, an additional quarterly charge of not more than eight dollars and fifty cents ($8.50) for each burial, entombment, or inurnment, and not more than eight dollars and fifty cents ($8.50) for each cremation made during the preceding quarter shall be paid to the department and these charges shall be deposited in the Cemetery Fund. Notwithstanding any other provision of law, including any provision contained in the Budget Act of 1996, this section shall remain in effect until the loans authorized by Chapter 38, Statutes of 1996, and by Chapter 162, Statutes of 1996, are repaid, with interest at the rate accruing to moneys in the Pooled Money Investment Account, but no later than April 1, 2003, pursuant to a loan repayment plan approved by the Department of Finance.

SEC. 4. Section 9786 of the Business and Professions Code is amended to read:

9786. Every crematory licensee operating a crematory pursuant to a license issued in compliance with this article shall pay an annual regulatory charge for each crematory, to be fixed by the board at not more than four hundred dollars ($400). In addition to an annual regulatory charge for each crematory, every licensee operating a crematory pursuant to a license issued pursuant to this article shall pay an additional charge of not more than eight dollars and fifty cents ($8.50) per cremation made during the preceding quarter, which charges shall be deposited in the Cemetery Fund.

Notwithstanding any other provision of law, including any provision contained in the Budget Act of 1996, this section shall remain in effect until the loans authorized by Chapter 38, Statutes of 1996, and by Chapter 162, Statutes of 1996, are repaid, with interest at the rate accruing to moneys in the Pooled Money Investment Account, but no later than April 1, 2003, pursuant to a loan repayment plan approved by the Department of Finance.

SEC. 5. All references in this act to the Cemetery Board shall be deemed to refer to the Department of Consumer Affairs, pursuant to Section 102.1 of the Business and Professions Code.

CHAPTER 965

An act to add Section 790.1 to the Public Utilities Code, relating to public utilities.

[Approved by Governor September 26, 1996. Filed with Secretary of State September 27, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 790.1 is added to the Public Utilities Code, to read:

790.1. In any proceeding pending after January 1, 1996, the commission shall apply this article in its consideration of any matter concerning the sale by a water corporation of real property that is not necessary or useful in the provision of water utility service, for any sale that occurred prior to that date. If the water corporation has not invested the net proceeds therefrom in utility infrastructure, plant,

facilities, and properties that are necessary or useful in the provision of water service to the public, it may elect to do so during the period provided in subdivision (c) of Section 790 and that period shall be deemed to have commenced as of January 1, 1996.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 966

An act to repeal and add Chapter 12.3 (commencing with Section 8876.1) of Division 1 of Title 2 of the Government Code, relating to seismic safety, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 26, 1996. Filed with Secretary of State September 27, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 12.3 (commencing with Section 8876.1) of Division 1 of Title 2 of the Government Code is repealed.

SEC. 2. Chapter 12.3 (commencing with Section 8876.1) is added to Division 1 of Title 2 of the Government Code, to read:

CHAPTER 12.3. CENTER FOR EARTHQUAKE ENGINEERING RESEARCH

8876.1. The Legislature hereby finds and declares the following:

(a) This state is located along a major tectonic plate boundary that is part of the Circum-Pacific seismic belt, and it is inevitable that earthquakes will continue to occur along the state's numerous faults causing extensive damage to property and potentially extensive loss of life and injury. In the last decade, this state and its residents have endured a number of moderate earthquakes resulting in injuries, loss of life, and in excess of thirty billion dollars ($30,000,000,000) in property damage. Projected losses in future earthquakes could exceed one hundred fifty billion dollars ($150,000,000,000) as was the case for the recent Kobe earthquake in Japan.

(b) Moderate, potentially damaging earthquakes occur on the average of every couple of years somewhere in this state, and another great earthquake in southern California can be expected within the next 20 to 30 years. However, recent increased seismic activity in the San Francisco Bay area and Los Angeles Basin, coupled with new estimates of long-term seismic patterns, suggest that the seismicity in this state has been anomalously low in the recent past, and we may be returning to a normal period of more frequent large earthquakes. Also, a damaging earthquake near San Diego cannot be ruled out.

(c) Continued advances in the knowledge and practice of science, engineering, and other earthquake-related disciplines are critical to the development of state and local earthquake risk reduction programs and practices that lead to improvements in existing and new buildings, dams and utility systems, transportation facilities, communications systems, fire and toxic materials safety, and disaster preparedness.

(d) It is important to all California residents that new and improved cost-effective earthquake risk reduction measures be developed that will appreciably lower the potential for death, injury, damage to property and disruption of lives and businesses in this state.

(e) It is the consensus of the California engineering and scientific communities that while damaging earthquakes are inevitable in this state, significant levels of earthquake risk reduction will be achievable if steps are taken to provide the needed focus and coordination of earthquake risk reduction efforts.

(f) In 1986, the Governor signed Senate Bill 1667, which formalized this state's commitment to the establishment of a center for earthquake engineering research within the state, but this center has yet to be established.

(g) The National Science Foundation has indicated that it may fund such a center on a competitive basis at a level of two million dollars ($2,000,000) per year for five years beginning in 1996, if the center matches the foundation contribution on at least a dollar-for-dollar basis from nonfederal funds.

(h) A center for earthquake engineering research will provide a much needed multidisciplinary, integrated research program to develop new and improved cost-effective earthquake risk reduction measures.

(i) A center for earthquake engineering research will enhance California's worldwide competitiveness in the fields of earthquake design and construction and may serve as a catalyst for developing new products and services that have global implications.

(j) Therefore, it is in the interest of the safety of all California residents and visitors that a center for earthquake engineering research be created to develop, through research and application, new and improved, cost-effective risk reduction measures that will reduce the potential for death and injury and damage to property.

8876.2. The Legislature hereby requests that on or after July 1, 1996, the University of California establish the California Center for Earthquake Engineering Research in this state. The center shall involve all the university members of the California Universities for Research in Earthquake Engineering. The center shall be the first step to realizing the goals and objectives contained in the Seismic Safety Commission's research and implementation plan for earthquake risk reduction drafted pursuant to Section 8899.15.

(a) The objective of the center shall be to reduce casualties, property losses, and economic or other disruptive consequences of earthquakes in areas of high seismicity through the advancement of knowledge and technology in the earthquake engineering field. The center shall develop methods for identifying and quantifying the risks of great urban earthquakes and shall develop cost-effective strategies for reducing those risks to reasonable levels.

(b) The center shall operate a comprehensive, multiple college and university research program designed to meet the requirements of National Science Foundation funding, taking full advantage of the capabilities of leading colleges and universities in the state. The center shall carry out an integrated plan for a coordinated research program and shall actively manage all of the activities funded by it. Colleges, universities, organizations, agencies, and researchers with special expertise in the earthquake engineering field shall be encouraged to submit proposals to the center and to cooperate in obtaining additional funding from private or public research sponsors for collaborative research involving the center.

(c) The center shall conduct research on topics relevant to regions of high seismicity such as the following:

(1) Performance-based design at the scale of individual buildings, utility or transportation components, and other structures as complemented by performance-based design at the urban scale of large numbers of these facilities.

(2) Identification of key sources of future earthquake losses, quantification of these sources of risk, and development of strategies for reliably controlling losses.

(3) Development of cost-effective techniques for the analysis and design of retrofit measures for existing construction.

(4) Improved structural design and analysis methods for new construction.

(5) Development of techniques for determining the suitability of sites and for understanding critical design relationships among soil conditions, foundations, and structures and for predicting response to earthquake ground motions and earthquake-caused ground failures.

(6) Experimentation to verify the seismic behavior of bridges, dams, ports, critical communications facilities, utility and transportation system elements, and nonstructural and structural components of buildings.

(7) Development of a research infrastructure, including upgrading experimental facilities to more accurately simulate earthquakes.

(8) Expansion of the data base of performance from actual earthquakes to ensure that the unfortunate occurrence of earthquakes also serves the positive societal and scientific purpose of systematically advancing knowledge.

(9) Encouragement and development of emerging technologies, design strategies, and analytical capabilities that offer the potential for breakthroughs in earthquake risk reduction.

8876.3. The center shall disseminate its findings among the academic community, design professionals, government officials, building regulatory personnel, and the public. In carrying out this objective, the center shall devise an effective dissemination program that includes actions such as the following:

(a) Publication of the results of research in appropriate print, electronic, or audio-visual formats to reach technical audiences and, where appropriate, nontechnical users.

(b) Encouragement of interdisciplinary communication among civil, structural, and geotechnical engineers, earth scientists, planners, and architects during all phases of the research projects.

(c) Training of practitioners, educators, and researchers to inform them of the latest developments in the earthquake engineering field.

(d) Facilitation of the educational development of faculty and students at all grade levels.

(e) Sponsorship of seminars, briefings, courses, and other means of widening the circle of knowledge among design practitioners, university faculty and students, construction industry technicians and representatives, building department personnel, and other potential audiences.

8876.4. The center shall cooperate and coordinate with other leading organizations in the earthquake engineering field to achieve the following collaborative objectives:

(a) Timely communication to potential users of center research project results to facilitate the implementation of research into practice and application.

(b) Enhancement of the focus and value of center research projects through better understanding by researchers of the needs of earthquake engineering practitioners and other users of earthquake research.

8876.5. (a) The Legislature finds that the National Science Foundation will require the center to provide an annual report of its activities. The center shall make a copy of that report available to the Governor, the Legislature, and the Seismic Safety Commission.

(b) The Legislature further finds that the National Science Foundation will require the center to have an external oversight committee consisting of representatives from industry, government, and academia to provide advice on the center's goals, planning,

research thrusts, and accomplishments regarding earthquake hazard mitigation needs in the nation. The Seismic Safety Commission shall appoint a member of the commission or staff to serve on the oversight committee.

8876.6. The governance, administration, and operation of the center shall be established by agreement between the University of California and the National Science Foundation.

8876.7. In carrying out its responsibilities under this chapter, the Seismic Safety Commission, in close consultation with the Business, Transportation and Housing Agency, the Office of Emergency Services, and the State and Consumers Services Agency, may do the following:

(a) Monitor the work of the center on behalf of the state.

(b) Produce and deliver for each year that the center is in operation, an independent evaluation of the work conducted at the center as it pertains to the objectives of the center and reducing earthquake losses and earthquake risk in the state recognizing that as a national center it will undertake basic research of national and international consequence as well. The report shall include the following tasks:

(1) Interpret the results of research to indicate how the research may affect state law and policy.

(2) Recommend ways to promote the application of research.

(3) Recommend priorities that would contribute to achieving the center's objectives, provide direct benefits to California residents and businesses, and lead to the completion of specific recommendations in the state's earthquake risk reduction program.

8876.8. Funding for the Seismic Safety Commission under this chapter shall be made available by interagency agreement with the University of California the first year that the center is in operation and the commission shall seek a budget augmentation in all subsequent years that the center is in operation in order to produce and deliver an independent evaluation, monitor the work of the center, and provide a forum at which the information may be disseminated to those interested, as prescribed in Section 8876.7.

8876.9. (a) The Earthquake Risk Reduction Fund of 1996 is hereby created in the State Treasury for support of the center. All moneys for support of the center shall be deposited into the fund and are available to the Regents of the University of California if the Director of Finance determines that matching federal funds have been approved and are available for support of the center.

(b) The sum of one million dollars ($1,000,000), only to be used for activities related to transportation infrastructure, is hereby transferred from the State Highway Account to the Earthquake Risk Reduction Fund of 1996 and the sum of five hundred thousand dollars ($500,000) is hereby transferred from the General Fund to the Earthquake Risk Reduction Fund of 1996, and, if the Director of Finance determines that matching federal funds have been

approved and are available, is hereby appropriated from that fund to the Regents of the University of California for expenditure during the 1996–97 fiscal year for support of the center.

8876.10. No provision of this chapter shall apply to the Regents of the University of California, unless the regents adopt a resolution making that provision applicable.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to significantly reduce the threats to life and safety from earthquakes in the near future, to take advantage of the support of the National Science Foundation, and in order that research, development, and implementation of the work of the Center for Earthquake Engineering and Research may be done as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 967

[Approved by Governor September 26, 1996. Filed with Secretary of State September 27, 1996.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

The California Earthquake Authority, created by Chapter 944 of the Statutes of 1995, shall become operational and may issue policies of basic residential earthquake insurance as soon as the Insurance Commissioner has certified that all of the following conditions have been met:

(a) The Internal Revenue Service has determined that the authority is exempt from federal income taxation.

(b) Insurers whose cumulative residential market share is more than 70 percent of the total residential property insurance market in California, exclusive of insurers who have withdrawn from the residential property insurance market as of January 1, 1995, have filed letters of intent, with binding contractual obligation, to participate in the authority. These letters of intent include acknowledgment of

the initial operating capital and potential loss assessment requirements.

(c) The authority has obtained appropriate risk transferability in the form of firm reinsurance commitments in an aggregate amount of not less than 200 percent of the total capital contributions committed by participating insurers.

SEC. 2. Section 10086 of the Insurance Code is amended to read:

10086. (a) If an offer of earthquake coverage is accepted, the coverage shall be continued at the applicable rates and conditions for the policy term, provided the policy of residential property insurance is not terminated by the named insured or insurer.

(1) At any renewal, an insurer may modify the terms and conditions of an existing policy, rider, or endorsement providing coverage against loss or damage caused by the peril of earthquake if the modified terms and conditions provide the minimum coverages required by Section 10089.

(2) An insurer that modifies the terms and conditions of an existing policy, rider, or endorsement shall provide the insured with the renewal notice in a stand-alone disclosure document stating the changes in the terms and conditions of the insured's existing policy, rider, or endorsement. Proof of mailing of the disclosure document by first-class mail to a named insured at the mailing address shown on the policy or application creates a conclusive presumption that the disclosure document was provided. The disclosure shall include the following statement in 14-point boldface type:

THE COVERAGE IN THE POLICY WE ARE OFFERING YOU WITH THIS RENEWAL HAS BEEN REDUCED, AND SUBSTANTIALLY DIFFERS FROM THE COVERAGES PROVIDED BY YOUR HOMEOWNERS' POLICY. INSURANCE COMPANIES ARE ALLOWED TO RENEW EARTHQUAKE INSURANCE POLICIES WITH COVERAGE THAT IS REDUCED FROM THE COVERAGE YOU PREVIOUSLY PURCHASED. YOU MAY REQUEST A SAMPLE COPY OF THIS NEW POLICY TO REVIEW PRIOR TO MAKING A DECISION TO ACCEPT THIS RENEWAL, AND WE WILL MAIL OR DELIVER IT TO YOU WITHIN 14 DAYS OF YOUR REQUEST. A REQUEST FOR THE SAMPLE COPY SHALL NOT CHANGE OR EXTEND THE POLICY EXPIRATION DATE SPECIFIED IN THE RENEWAL NOTICE. A SUMMARY OF THE CHANGES IS INCLUDED WITH THIS NOTICE.

The commissioner shall approve the form of the summary at the time he or she approves the policy. The summary shall include the information contained in subdivision (a) of Section 10083, and may be included with the renewal notice in standard type.

The commissioner may approve substantially similar disclosure forms if necessary to accurately disclose relevant information to the

policyholder. The commissioner may also approve disclosure forms substantially similar to the disclosure statement required by Section 10083 if necessary to accurately disclose relevant information to the policyholder.

(3) If the earthquake coverage is provided by a policy issued by the California Earthquake Authority, the following disclosure shall be provided in 14-point boldface type:

CALIFORNIA EARTHQUAKE AUTHORITY POLICY DISCLOSURE

THIS POLICY IS BEING PURCHASED FROM THE CALIFORNIA EARTHQUAKE AUTHORITY ("CEA"). THE COVERAGE IN THIS CEA POLICY SUBSTANTIALLY DIFFERS FROM THE COVERAGES PROVIDED IN YOUR HOMEOWNER'S POLICY. THE CEA IS NOT PART OF OR ASSOCIATED WITH YOUR HOMEOWNER'S INSURANCE COMPANY. IF LOSSES AS A RESULT OF AN EARTHQUAKE OR A SERIES OF EARTHQUAKES EXCEED THE AVAILABLE RESOURCES OF THE CEA, THIS POLICY IS NOT COVERED BY THE CALIFORNIA INSURANCE GUARANTY ASSOCIATION. THEREFORE, THE CALIFORNIA INSURANCE GUARANTY ASSOCIATION WILL NOT PAY YOUR CLAIMS OR PROTECT YOUR ASSETS IF THE CEA BECOMES INSOLVENT AND IS UNABLE TO MAKE PAYMENTS AS PROMISED. IN ADDITION, YOUR CEA POLICY MAY BE SUBJECT TO FUTURE SURCHARGES OF THE POLICY PREMIUM IN CERTAIN CASES WHERE AN EARTHQUAKE OR SERIES OF EARTHQUAKES HAS EXCEEDED AVAILABLE RESOURCES TO PAY CLAIMS. IN THAT CASE, THIS MEANS THAT IN ADDITION TO THE ANNUAL PREMIUM, YOU MAY BE CHARGED UP TO AN ADDITIONAL 20% OF THE PREMIUM.

(b) If the offer is not accepted, the insurer or any affiliated insurer shall be required on an every other year basis to offer earthquake coverage in connection with any continuation, renewal, or reinstatement of the policy following any lapse thereof, or with respect to any other policy that extends, changes, supersedes, or replaces the policy of residential property insurance.

(c) Nothing in this section shall preclude the named insured from terminating the earthquake coverage at any time.

10089.6. (a) There is hereby created the California Earthquake Authority, which shall be administered under the authority of the commissioner and have the powers conferred by this chapter. The authority shall be authorized to transact insurance in this state as necessary to sell policies of basic residential earthquake insurance in the manner set forth in Sections 10089.26, 10089.27, and 10089.28. The authority shall have no authority to transact any other type of insurance business.

(b) (1) The investments of the authority shall be limited to those securities eligible under Section 16430 of the Government Code.

(2) The rights, obligations, and duties owed by the authority to its insureds, beneficiaries of insureds, and applicants for insurance shall be the same as the rights, obligations, and duties owed by insurers to its insureds, beneficiaries of insureds and applicants for insurance under common law, regulations, and statutes. The authority shall be liable to its insureds, beneficiaries of insureds, and applicants for

10089.70. The department shall establish a pilot program for the mediation of the disputes between insured complainants and insurers arising out of the Northridge earthquake of 1994 or any subsequent earthquake. The pilot program shall apply only to personal lines of insurance related to residential coverage. The goal of the pilot program shall be to favorably resolve a statistically significant number of disputes sent to mediation under the program. This chapter does not apply to any dispute that turns on a question of major insurance coverage or a purely legal interpretation, or disputes involving the actions of an agent or broker in which the insurer is not alleged to have been responsible for the conduct, or any complaint the commissioner finds to be frivolous, or any dispute in which a party is alleged to have committed fraud.

10089.8. (a) The authority shall operate pursuant to a written plan of operations. The panel shall submit a plan to the board for approval. If it approves the plan, the board shall submit the plan to the commissioner for his or her approval. On receiving the commissioner's approval, the board shall formally adopt the plan and submit the plan to the Legislature. Upon commencement of the issuance of insurance policies by the authority, any subsequent amendments to the plan of operation shall be approved by the board and the commissioner.

(b) If at any time the commissioner disapproves the submitted plan or any plan amendments adopted by the board, the board may within 15 days submit changes in the plan to the commissioner. If the commissioner disapproves the plan or the changes in the plan, or if the board fails to submit a plan or to make and submit the requested changes, the commissioner may require the board to adopt that plan or those changes directed by the commissioner.

(c) The plan of operations shall establish in detail the policies and procedures of the authority, including, but not limited to, financial operations of the authority, claims procedures, methods of premium collection, procedures consistent with constitutional, statutory, and common law requirements for resolving grievances of applicants or policyholders who are dissatisfied with application handling or adverse claims decisions, whether by the authority or by a servicing insurer, assessment procedures, a plan for resolution of assessment

(a) The authority shall purchase contracts of reinsurance at rates and on terms the board considers reasonable and appropriate.

(b) The authority, through the Treasurer, shall enter capital market contracts on terms as the board and Treasurer may consider reasonable and appropriate. The Treasurer shall not withhold approval except for good cause related to the purposes of the authority. Such terms may include indemnification and contribution provisions protecting parties to the capital market contracts of the authority against material misstatements in or material omissions from the authority's official statements and other authority documents referred to in the capital markets contracts.

(c) The total annual expenditure for reinsurance contracts and capital market contracts pursuant to this section shall not exceed a reasonable and appropriate percentage of the annual earthquake insurance premiums collected by the authority.

SEC. 8. Section 10089.11 of the Insurance Code is amended to read:

10089.11. (a) The commissioner shall adopt regulations to implement the provisions of this chapter within 60 days of its effective date. The regulations shall be adopted as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of the Government Code, and for the purposes of that chapter, including Section 11349.6 of the Government Code, the adoption of the regulations shall be considered by the Office of Administrative Law to be necessary for the immediate preservation of the public peace, health and safety, and general welfare.

(b) Regulations shall specify procedures for ratemaking and forms approval, define the type and quality of investments the authority is authorized to make, define coverage types and limits, set forth producer compensation rates, and specify the procedures to be followed by the authority following any earthquake event where the magnitude of earthquake losses make it likely that prorated benefits may be paid. The regulations shall be consistent with the requirements of Proposition 103.

(c) The rights provided by Section 1861.10 shall apply to proceedings under this chapter relating to establishing rates and regulations for earthquake insurance sold by the authority.

(d) All materials and documents prepared or used by the authority to determine its rates other than proprietary materials and documents owned or licensed by third parties shall be considered public documents, and copies of the public documents shall be made available to the public for inspection at no charge. Members of the public may purchase public ratemaking related documents from the authority at actual cost.

The report shall include, but shall not be limited to, the financial condition of the authority, a description of all rates and rating plans approved for use in the authority, an evaluation of the functioning of the authority in light of its stated purpose of making residential property insurance and residential earthquake insurance more available. The report shall also include an analysis of the growth by market share of residential property insurance of participating insurers compared to nonparticipating insurers, any adverse consequences on the various insurance distribution systems resulting from the operation of the authority or alterations in the growth of the residential property insurance market share between participating insurers and nonparticipating insurers, any adverse consequences of the various insurance distribution systems resulting from the operation of the authority or alterations in the growth of homeowners' insurance market share between participating insurers and nonparticipating insurers, and an analysis of any recommended program changes to permit the authority to better fulfill its stated purpose. In making this determination the board shall be mindful of the competitive nature of the market and how any decision can negatively impact insurers who are currently competing in the marketplace.

(b) The annual report shall include full information describing the following matters relating to the authority's condition and affairs.

(1) The property or assets held by the authority, including the amount of cash on hand and deposited in banks to its credit, the amount of cash in the hands of servicing insurance companies, the amount of any stocks or bonds owned by the authority, specifying the amount, number of shares, and the par and market value of each kind of stock or bond, and all other assets, specifying each.

The authority shall nonrenew, rescind, or cancel a policy if the property is no longer covered by an underlying policy of residential property insurance. The policy issued by the authority shall not provide coverage in the event that there is no underlying policy of property insurance at the time of loss. In that case, any unearned premiums shall be returned to the policyholder on a pro rata basis.

SEC. 13. Section 10089.21 is added to the Insurance Code, to read:

SEC. 14. Section 10089.22 is added to the Insurance Code, to read:

10089.22. (a) The authority shall be continued in existence for so long as its bonds are outstanding. Unless and until the authority is terminated pursuant to Section 10089.43, the commissioner and the authority shall execute assignments and contracts and take all necessary steps to assure that all revenue of the authority is paid to a trustee appointed by the Treasurer, which trustee may be the treasurer. The revenue of the authority shall be pledged and assigned to and held in trust by the trustee and invested and disbursed by the trustee, to pay, or to set aside funds to pay, principal, interest, and premiums on bonds and amounts due bond insurers and providers of credit support and letters of credit for those bonds, but only in the manner and in accordance with the terms of the constituent instruments defining the rights of the holders of bonds of the authority and the providers of bond insurance, credit support and

letters of credit for those bonds. Amounts held by the trustee from time to time after provisions for those payments may be disbursed free of trust to the California Earthquake Authority Fund. Notwithstanding the foregoing provisions of this section, (1) debt service payments on bonds of the authority secured by or payable from securities described in Section 16430 of the Government Code shall not be secured by a pledge or assignment of revenue of the authority other than revenue of the authority from (A) the proceeds of sale of such bonds, (B) the securities described in Section 16430 of the Government Code, and (C) principal and interest payments on such securities described in Government Code Section 16430, but debt service payments on such bonds of the authority may also be made payable from revenue of the authority in the California Earthquake Authority Fund, and (2) the constituent instruments defining the rights of the holders of bonds of the authority referred to in paragraph (1) shall specify that payment of a portion of the interest on such bonds is contingent upon payment of policyholder claims for which the bonds are responsible and that the obligation of the authority is to first apply such assigned or pledged revenue to the payment of such policyholder claims instead of paying that contingent interest.

(b) There is hereby created the California Earthquake Authority Fund, which is not a fund in the State Treasury. Notwithstanding Section 13340 of the Government Code, the fund is continuously appropriated without regard to fiscal years for the purposes of this chapter. The fund shall be administered by the commissioner, subject to the direction of the board, to pay all costs arising from this chapter, including, but not limited to, premiums payable by the authority under contracts of reinsurance, claims arising under policies of basic residential earthquake insurance issued by the authority, operating and other expenses of the authority, and to establish reserves. At the discretion of the commissioner, segregated, dedicated accounts within the fund may be established for those payments.

(c) The board may cause moneys in the fund to be invested and reinvested, from time to time, in accordance with paragraph (4) of subdivision (c) of Section 10089.7 and subject to subdivision (b) of Section 10089.6. Moneys in the fund and not so invested may be deposited from time to time in (1) financial institutions authorized by law to receive deposits of public moneys, or (2) with the approval of the Treasurer, the Surplus Money Investment Fund as provided in Article 4 (commencing with Section 16470) of Division 4 of Title 2 of the Government Code.

(d) A national bank shall be custodian of all securities belonging to the fund, except as otherwise provided in this chapter and except as otherwise provided in the constituent instruments that define the rights of the holders of bonds of the authority and the providers of bond insurance, credit support, and letters of credit for those bonds.

(e) The board may, in cooperation with the Treasurer, authorize the establishment of an account or fund in the State Treasury in the name of the authority, but money deposited with the Treasurer in that account or fund is not state money within the intent of Section 16305.2 of the Government Code, and Sections 16305.3 to 16305.7, inclusive, of the Government Code shall not apply to money drawn or collected by the authority.

SEC. 15. Section 10089.23 of the Insurance Code is amended to read:

10089.23. (a) (1) If at any time following the payment of earthquake losses the authority's available capital is reduced to less than three hundred fifty million dollars ($350,000,000), or if at any time the authority's available capital is insufficient to pay benefits and continue operations, the authority shall have the power to assess participating insurance companies subject to the maximum limits as set forth in this section and Section 10089.30. The assessment shall be limited to the amount necessary to pay the outstanding or expected claims of the authority and to return the authority's available capital to three hundred fifty million dollars ($350,000,000), as determined by the board, subject to approval by the commissioner.

(2) Each participating insurer's assessment shall be determined by multiplying its residential earthquake insurance market share, as of December 31 of the immediately preceding year or the most recent year for which premium data not more than one year old are available, by the amount of the total assessment sought by the authority.

(3) Maximum permissible insurer assessments pursuant to this section and Section 10089.30, maximum permissible earthquake policyholder assessments pursuant to Section 10089.29, and maximum permissible bond issuances or other debt financing issued or secured by the Treasurer pursuant to Section 10089.29 shall be reduced uniformly by multiplication of the maximum assessments and other amounts provided in those sections by the percentage of the total residential property insurance market share participation attained by the authority upon its commencement, as described in Section 10089.15. The total amount of all assessments levied on participating insurance companies by the authority pursuant to this section shall not exceed three billion dollars ($3,000,000,000), regardless of the frequency or severity of earthquake losses at any and all times subsequent to the creation of the authority. Once a participating insurer has paid amounts equal to its residential earthquake insurance market share multiplied by three billion dollars ($3,000,000,000) pursuant to this section, the authority's power to assess that insurer under this section shall cease and the authority shall be prohibited from levying additional assessments on that insurer pursuant to this section.

(4) Beginning December 31 of the first year of operations, and each December 31 thereafter, the board shall adjust the maximum

permissible insurer assessments pursuant to this section and Section 10089.30, the maximum permissible authority policyholder assessment pursuant to Section 10089.29, and the maximum permissible bond issuances or other debt financing issued or secured by the Treasurer pursuant to Section 10089.29 to reflect the market share of new insurers entering into the authority as authorized by Sections 10089.15 and 10089.16 and participating insurers withdrawing from the authority as authorized by Section 10089.19. The adjustments shall be made in the same manner as authorized by paragraph (3).

(b) In the case of any insurer assessment, the authority shall cause to be sent to each participating insurer a notice of that insurer's assessment, and full payment shall be due within 30 days and shall be overdue after 30 days. Penalties and interest shall be assessed for late payments in the same manner as provided for late payments of the insurer gross premium tax pursuant to Section 12258 of the Revenue and Taxation Code. The board may waive the penalties and interest for good cause shown. The board shall make every effort to assess insurers only for funds reasonably anticipated to be necessary for claims payments and to return the authority's available capital to three hundred fifty million dollars ($350,000,000).

(c) On the first December 31 after two years following the date of commencement of authority operations, the aggregate assessment authorized under this section shall be subject to reallocation by an amount equal to the amount of available capital in excess of one billion dollars ($1,000,000,000). For each dollar accumulated in available capital in excess of one billion dollars ($1,000,000,000), the board shall reallocate one dollar ($1) of the aggregate assessment liability of participating insurers under this section to make those funds subject to assessment only in the event that the benefits paid by the authority following an earthquake event exhaust the total of (1) the authority's available capital, (2) the maximum amount of all insurer capital contributions pursuant to Section 10089.15, (3) the maximum amount of insurer assessments pursuant to Section 10089.23 which has not been reallocated, (4) all reinsurance actually available and under contract to the authority, (5) the maximum amount of all authority policyholder assessments pursuant to Section 10809.29, (6) all capital committed and actually available by contract to the authority from private capital markets, and (7) the maximum amount of all insurer assessments pursuant to Section 10089.30. Each December 31 thereafter, the board shall further reallocate the aggregate assessment authorized under this section by an amount equal to the net increase in available capital in excess of the previous level of available capital at which a reallocation in the aggregate assessment was made. Any reallocation pursuant to this subdivision shall not exceed 15 percent of the original aggregate assessment in any year of the operation of the authority. In no event shall any

reallocated assessments previously authorized by the board be reinstated.

(d) If the average daily balance of the authority's available capital exceeds four billion dollars ($4,000,000,000) for any 30-day period after the authority has been operative for 10 or more years, the aggregate assessment authorized by this section, including any reallocated amounts, shall be reduced by the board to zero dollars ($0), notwithstanding any other provisions of this section.

(e) Notwithstanding the other provisions of this section, the aggregate assessment authorized by this section, including any reallocated amounts, shall be reduced to zero no later than 12 years following the commencement of authority operations.

SEC. 16. Section 10089.25 of the Insurance Code is amended to read:

10089.25. Beginning December 31, 1997, and annually thereafter on the 31st of December, the board shall notify each participating insurer of the maximum earthquake loss funding assessment level that it may be required to meet.

SEC. 17. Section 10089.26 of the Insurance Code is amended to read:

10089.26. (a) The authority shall issue policies of basic residential earthquake insurance, including earthquake loss assessment policies for individual condominium unit properties, to any owner of a qualifying residential property, as long as the owner has secured a policy of residential property insurance from a participating insurer.

(1) For purposes of this section, earthquake loss assessment coverage shall be issued in a minimum amount of fifty thousand dollars ($50,000) for individual condominium units valued at more than one hundred thirty-five thousand dollars ($135,000). Earthquake loss assessment coverage shall be issued in a minimum amount of twenty-five thousand dollars ($25,000) for individual condominium units of one hundred thirty-five thousand dollars ($135,000) in value or less. The value of the land shall be excluded when determining the value of the condominium, as it relates to the earthquake loss assessment coverage offered by the authority.

(2) The panel shall submit to the board, and the board shall approve, rates for earthquake loss assessment coverage that reasonably balance the earthquake loss assessment coverages offered and the potential exposure to earthquake loss resulting from a earthquake loss assessment policy as compared to the coverages offered and the potential exposure to earthquake loss resulting from residential property other than individual condominium policies.

It is the intent of the Legislature, to the extent practicable, that rates charged by the authority to condominium loss assessment policyholders and residential property owner policyholders are treated equitably, and that a proportionate share of premiums is paid for potential exposure to loss, to the authority.

(b) Nothing in this section shall prohibit a participating or nonparticipating insurer from offering a condominium earthquake loss assessment policy for different amounts of coverage other than those offered by the authority.

SEC. 18. Section 10089.34 of the Insurance Code is amended to read:

10089.34. (a) (1) The policies issued by the authority shall not be subject to assessment for, nor shall any authority policyholder be eligible for benefits from, the California Insurance Guaranty Association.

(2) Policies of residential earthquake insurance written by participating insurers that supplement, augment, or are in excess of the authority's policy of basic earthquake insurance shall be subject to assessment by the California Insurance Guaranty Association and shall be covered to the extent provided in Article 14.2 (commencing with Section 1063) of Chapter 1 of Part 2 of Division 1.

(b) (1) Policies of basic residential earthquake insurance written by nonparticipating insurers shall be subject to assessment by the California Insurance Guaranty Association and shall be covered to the extent provided in Article 14.2 (commencing with Section 1063) of Chapter 1 of Part 2 of Division 1.

(2) Participating insurers of the authority shall have no obligation to pay assessments to the California Insurance Guaranty Association for covered claims obligation arising from policies of basic residential earthquake insurance written by nonparticipating insurers.

SEC. 19. Section 10089.50 of the Insurance Code is amended to read:

10089.50. The Treasurer may from time to time enter into one or more credit facilities permitting the authority to draw an amount up to one billion dollars ($1,000,000,000) with payment, interest rate, indemnity, compensation, security, default, remedy, and other terms and conditions as determined by the authority. All drawings under these credit facilities shall be available as funding for the authority as provided in Section 10089.29.

SEC. 20. Section 10089.52 is added to the Insurance Code, to read:

10089.52. Nothing in Section 10089.50 or 10089.51 is intended to limit the applicability to the authority of any provision of Section 5450 or subdivision (c) of Section 5922 of the Government Code.

SEC. 21. Section 10089.53 is added to the Insurance Code, to read:

10089.53. (a) Any insurer that withdraws from the authority under Section 10089.19 while bonds or other debt is outstanding shall impose annually a premium surcharge on each policy of residential earthquake insurance written by it equal in percentage amount, calculated as a percentage of the basic residential earthquake insurance premium, to the percentage amount of the surcharge being imposed in that year by the authority pursuant to subdivision (b) of Section 10089.29. That insurer shall remit promptly all those surcharges collected by it to the trustee appointed pursuant to

Section 10089.22. The surcharges shall be used solely to repay the bonded indebtedness or other debt issued pursuant to subdivision (a) of Section 10089.29. If the sum of the surcharges remitted to the trustee pursuant to this section plus the amount of the surcharges imposed by the authority pursuant to subdivision (b) of Section 10089.29 would exceed the amount authorized by that provision, then surcharges of the authority shall be reduced by an amount equal to that excess.

(b) Should the Legislature and Governor approve legislation that causes the authority to cease operation while bonds or other debt are outstanding, participating insurers shall impose annually a premium surcharge on each policy of residential earthquake insurance written by them equal in percentage amount, calculated as a percentage of the basic residential earthquake insurance premium, to the percentage amount of the surcharge being imposed in that year by the authority pursuant to subdivision (b) of Section 10089.29. Those insurers shall remit promptly all these surcharges collected by them to the trustee appointed pursuant to Section 10089.22. The surcharges shall be used solely to repay the bonded indebtedness or other debt issued pursuant to subdivision (a) of Section 10089.29. If the sum of the surcharges remitted to the trustee pursuant to this section plus the amount of the surcharges imposed by the authority pursuant to subdivision (b) of Section 10089.29 would exceed the amount authorized by that provision, then surcharges of the authority shall be reduced by an amount equal to that excess.

SEC. 22. The sum of one million three hundred thousand dollars ($1,300,000) is hereby loaned to the California Earthquake Authority from the California Residential Earthquake Recovery Fund in order to implement this act. This loan shall be repaid within the first 12 months of operation of the authority with interest due at the legal rate on the outstanding balance.

SEC. 23. The provisions of this act are severable. If any provision of this act or its application is held invalid, that invalidity shall not affect other provisions or applications that can be given effect without the invalid provision or application.

SEC. 24. This act shall become operative only if Assembly Bill 2086 is also enacted.

SEC. 25. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to promote the restoration of affordable and available homeowners' insurance for all Californians, provide protection from the devastating and catastrophic losses caused by earthquakes, and continue California's economic growth, it is necessary that this act take effect immediately.

CHAPTER 968

An act to amend Sections 10089.7, 10089.14, 10089.15, 10089.16, 10089.28, 10089.29, 10089.30, 10089.35, 10089.36, 10089.40, and 10089.41 of, and to repeal Section 10089.18 of, the Insurance Code, relating to earthquake insurance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 26, 1996. Filed with Secretary of State September 27, 1996.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the Homeowners' Insurance Availability Act of 1996, or as the Knowles Act.

SEC. 2. Section 10089.7 of the Insurance Code, as added by Section 2 of Chapter 944 of the Statutes of 1995, is amended to read:

10089.7. (a) The authority shall be governed by a three-member governing board consisting of the Governor, the Treasurer, and the Insurance Commissioner, each of whom may name designees to serve as board members in their place. The Speaker of the Assembly and the Chairperson of the Senate Rules Committee shall serve as nonvoting, ex officio members of the board, and may name designees to serve in their place.

(b) The board shall be advised by an advisory panel whose members shall be appointed by the Governor, except as provided in this subdivision. The advisory panel shall consist of four members who represent insurance companies that are licensed to transact fire insurance in the state, two of whom shall be appointed by the commissioner, two licensed insurance agents, one of whom shall be appointed by the commissioner and three members of the public not connected with the insurance industry, at least one of whom shall be a consumer representative. In addition, the Speaker of the Assembly, and the Chairperson of the Senate Rules Committee may each appoint one member of the public not connected with the insurance industry. Panel members shall serve for four-year terms, which may be staggered for administrative convenience, and panel members may be reappointed. The commissioner shall be a nonvoting, ex officio member of the panel and shall be entitled to attend all panel meetings, either in person or by representative.

(c) The board shall have the power to conduct the affairs of the authority and may perform all acts necessary or convenient in the exercise of that power. Without limitation, the board may: (1) employ or contract with officers and employees to administer the authority; (2) retain outside actuarial, geological, and other professionals; (3) enter into other obligations relating to the operation of the authority; (4) invest the moneys in the California

Earthquake Authority Fund; (5) obtain reinsurance and financing for the authority as authorized by this chapter; (6) contract with participating insurers to service the policies of basic residential earthquake insurance issued by the authority; (7) issue bonds payable from and secured by a pledge of the authority of all or any part of the revenues of the authority to finance the activities authorized by this chapter and sell those bonds at public or private sale in the form and on those terms and conditions as the Treasurer shall approve; (8) pledge all or any part of the revenues of the authority to secure bonds and any repayment or reimbursement obligations of the authority to any provider of insurance or a guarantee of liquidity or credit facility entered into to provide for the payment of debt service on any bond of the authority; (9) employ and compensate bond counsel, financial consultants, and other advisers determined necessary by the Treasurer in connection with the issuance and sale of any bonds; (10) issue or obtain from any department or agency of the United States or of this state, or any private company, any insurance or guarantee of liquidity or credit facility determined to be appropriate by the Treasurer to provide for the payment of debt service on any bond of the authority; (11) engage the commissioner to collect revenues of the authority; (12) issue bonds to refund or purchase or otherwise acquire bonds on terms and conditions as the Treasurer shall approve; and (13) perform all acts that relate to the function and purpose of the authority, whether or not specifically designated in this chapter.

(d) The authority shall reimburse board and panel members for their reasonable expenses incurred in attending meetings and conducting the business of the authority.

(e) (1) There shall be a limited civil immunity and no criminal liability in a private capacity, on account of any act performed or omitted or obligation entered into an official capacity, when done or omitted in good faith and without intent to defraud, on the part of the board, the panel, or any member of either, or on the part of any officer, employee, or agent of the authority. This provision shall not eliminate or reduce the responsibility of the authority under the covenant of good faith and fair dealing.

(2) In any claim against the authority based upon an earthquake policy issued by the authority, the authority shall be liable for any damages, including damages under Section 3294 of the Civil Code, for a breach of the covenant of good faith and fair dealing by the authority or its agents.

(3) In any claim based upon an earthquake policy issued by the authority, the participating carrier shall be liable for any damages for a breach of a common law, regulatory or statutory duty as if it were a contracting insurer. The authority shall indemnify the participating carrier from any liability resulting from the authority's actions or directives. The board shall not indemnify a participating carrier for any loss resulting from failure to comply with directives of the

authority or from violating statutory, regulatory, or common law governing claims handling practices.

(4) No licensed insurer, its officers, directors, employees, or agents, shall have any antitrust civil or criminal liability under the Cartwright Act (Part 2 (commencing with Section 16600) of Division 7 of the Business and Professions Code) by reason of its activities conducted in compliance with this chapter. Further, the California Earthquake Authority shall be deemed a joint arrangement established by statute to ensure the availability of insurance pursuant to subdivision (b) of Section 1861.03.

(5) Subject to the provisions of Section 10089.21, nothing in this chapter shall be construed to limit any exercise of the commissioner's power, including enforcement and disciplinary actions, or the imposition of fines and orders to ensure compliance with this chapter, the rules and guidelines of the authority, or any other law or rule applicable to the business of insurance.

(6) Except as provided in paragraph (3) and by any other provision of this chapter, there shall be no liability on the part of, and no cause of action shall be permitted in law or equity against, any participating insurer for any earthquake loss to property for which the authority has issued a policy unless the loss is covered by an insurance policy issued by the participating insurer. A policy issued by the authority shall not be deemed to be a policy issued by a participating insurer.

(f) The Attorney General, in his or her discretion, shall provide a representative of his or her office to attend and act as antitrust counsel at all meetings of the panel. The Attorney General shall be compensated for legal service rendered in the manner specified in Section 11044 of the Government Code.

(g) The authority may sue or be sued and may employ or contract with that staff and those professionals the board deems necessary for its efficient administration.

(h) (1) The authority may contract for the services of a chief executive officer, a chief financial officer, and an operations manager, and may contract for the services of reinsurance intermediaries, financial market underwriters, modeling firms, a computer firm, an actuary, an insurance claims consultant, counsel, and private money managers. These contracts shall not be subject to otherwise applicable provisions of the Government Code and the Public Contract Code, and for those purposes, the authority shall not be considered a state agency or other public entity. Other employees of the authority shall be subject to civil service provisions. The total number of authority employees subject to civil service provisions shall not exceed 25.

(2) When the authority hires multiple private money managers to manage the assets of the California Earthquake Authority Fund, other than the primary custodian of the securities, the authority shall consider small California-based firms who are qualified to manage

the money in the fund. The purpose of this provision is to prevent the exclusion of small qualified investment firms solely because of their size.

(i) Members of the board and panel, and their designees, and the chief executive officer, the chief financial officer, and the operations manager of the authority shall be required to file financial disclosure statements with the Fair Political Practices Commission. The appointing authorities for members and designees of the board and panel shall, when making appointments, avoid appointing persons with conflicts of interest. Section 87406 of the Government Code, the Milton Marks Postgovernment Employment Restrictions Act of 1990, shall apply to the authority. Members of the board, the chief financial officer, the chief executive officer, the chief operations manager, the chief counsel, and any other person designated by the authority shall be deemed to be designated employees for the purpose of that act. In addition, no member of the board, nor the chief financial officer, the chief executive officer, the chief operations manager, and the chief counsel, shall, upon leaving the employment of the authority, seek, accept, or enter into employment or a consulting or other contractual arrangement for the period of one year with any employer or entity that entered into a participating agreement, or a reinsurance, bonding, letter of credit, or private capital markets contract with the authority during the time the employee was employed by the authority, which that member or employee had negotiated or approved, or participated in negotiating. A violation of these provisions shall be subject to enforcement pursuant to Chapter 11 (commencing with Section 91000) of Title 9 of the Government Code.

(j) The Bagley-Keene Open Meeting Act (Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2 of the Government Code) applies to meetings of the board and the panel.

SEC. 3. Section 10089.14 of the Insurance Code is amended to read:

10089.14. (a) The authority shall not issue any earthquake policy and no insurer shall transfer any earthquake risk to the authority until all of the following conditions have been met:

(1) The Internal Revenue Service has determined that the authority will be or is exempt from federal income tax.

(2) Insurers whose cumulative residential property insurance market share is more than 70 percent of the total residential property insurance market in California, measured as of January 1, 1995, have filed letters of intent, with binding contractual obligation, to participate in the authority.

(3) The authority has obtained letters of intent, with binding contractual obligation, for capital contributions in the amounts set forth in Section 10089.15.

(4) The authority has obtained appropriate risk transfer ability in the form of firm reinsurance commitments in an aggregate amount of not less than 200 percent of the total capital contributions committed by all participating insurers.

(b) Except as permitted by subdivision (e) of Section 10089.15 and subdivision (b) of Section 10089.16, insurers shall not be entitled to transfer any earthquake risk to the authority until they have met the capital contribution requirements set forth in Section 10089.15, and no insurer shall be entitled to transfer any earthquake risk to the authority pursuant to Section 10089.27 unless the insurer has signed a contract to participate in the authority, is in compliance with the capital contribution requirements set forth in Section 10089.15, and has complied with any related requirements set by the board.

SEC. 4. Section 10089.15 of the Insurance Code, as added by Section 2 of Chapter 944 of the Statutes of 1995, is amended to read:

10089.15. (a) Initial operating capital shall be contributed by insurance companies admitted to write residential property insurance in the state. Each insurer that elects to participate in the authority shall contribute as its share of operating capital an amount equal to one billion dollars ($1,000,000,000) multiplied by the percentage representing that insurer's residential earthquake insurance market share as of January 1, 1994, as determined by the board. A minimum of seven hundred million dollars ($700,000,000) in commitments shall be required before the authority may become operational.

(b) Until the authority becomes operational, contributions of initial operating capital shall be held by the commissioner in trust for the contributing insurers in the California Earthquake Authority Fund.

(c) Because insurers will retain the risk of earthquake losses on individual earthquake policies until they are renewed into the authority, participating insurers may elect to contribute operating capital in 12 installments payable on the first day of each successive calendar month after the insurer elects to participate. Each insurer shall compute its monthly installment based on the portion of the insurer's earthquake coverage that will be renewed into the authority during the next month. The final installment shall be equal to the excess of the participating insurer's required contribution over the sum of the previous 11 installments. Those insurers that elect to participate in the authority after the beginning operating date of the authority shall make initial capital contributions calculated using their residential earthquake insurance market share as of January 1, 1994, or the date of their election to participate in the authority, whichever contribution amount is greater.

(d) An insurer or insurer group that represents 1.25 percent or less of the residential property insurance market, as measured by premium volume, or that has a surplus of less than one billion dollars ($1,000,000,000), may elect to become a participating insurer with

the full rights and responsibilities of participating insurers of the authority, pursuant to the provisions of this section.

(e) The insurer or insurer groups defined in subdivision (d) may elect to contribute their operating capital, as required by subdivision (a) of Section 10089.15, in 60 equal monthly installments, payable on the first day of each successive calendar month after the insurer elects to participate. In the event that earthquake losses result in the authority's payment of claims while the authority's available funds are inadequate to meet claims liabilities, and insurers participating under this section have operating capital contributions outstanding, the operating capital contributions necessary to meet any unfunded claims liabilities will become due and payable within 30 days of a request for such accelerated payment by the board, not to exceed the maximum contribution owed by each insurer.

(f) No insurer may elect to contribute operating capital pursuant to subdivision (e) unless the aggregate premium or aggregate surplus of all affiliated insurers in its group meets the eligibility standards established by subdivision (d).

SEC. 5. Section 10089.16 of the Insurance Code is amended to read:

10089.16. (a) On application to the board, payment of any assessments and fees calculated by the board, and fulfillment of any additional requirements imposed by the board, nonparticipating insurers may become participants in the authority with all rights and privileges attendant to that participation.

(b) In order to act upon any findings and recommendations reported to the Legislature pursuant to Section 10089.13, or to implement a specific finding by the commissioner or the board that modification of requirements for entry into the authority is necessary to broaden the availability of residential property or residential earthquake insurance, the board is authorized to open the authority to participation by insurers who have not elected to participate in compliance with Section 10089.15. In implementing the authority granted by this section, the board may:

(1) Offer incentives for insurers to participate in the authority.

(2) Allow any insurer or insurer group that has not elected to become a participating insurer to become an associate participating insurer without complying with the capital contribution requirements of Section 10089.15 if it has maintained or exceeded its number of policies of residential property insurance written as of January 1, 1996.

(c) Any action by the board pursuant to subdivision (b) shall be subject to the following conditions and limitations:

(1) Any deliberation and action by the board shall be conducted at a public meeting of the board.

(2) No action may be taken within one year of the date upon which the authority begins writing policies of basic residential earthquake insurance.

(3) The board shall have no authority to modify the requirements of Section 10089.23 or 10089.30, or to provide, in any other manner, for reduction of the liability of an insurer or insurer group to comply with the assessments placed upon participating insurers in the event of a loss.

(4) Notwithstanding Section 10089.11, any action of the board pursuant to subdivision (b) shall be by regulation promulgated by the board. Notwithstanding any other provision of law, there shall be no authority by the board to promulgate emergency regulations to implement subdivision (b). No regulations may be proposed within one year of the date upon which the authority begins writing policies of basic residential earthquake insurance. Notwithstanding any exception provided in Section 11343 of the Government Code, any regulation adopted pursuant to subdivision (b) shall be submitted to the Office of Administrative Law for approval pursuant to the Administrative Procedure Act.

(5) Any action by the board to establish an incentive pursuant to subdivision (b) that is available to a single insurer or insurer group shall be based upon standards adopted by the board that are not arbitrary or discriminatory. Notwithstanding Section 10089.11, these standards shall be established by regulation promulgated by the board.

(6) A finding of necessity pursuant to subdivision (b) shall state the specific facts and conditions that establish the necessity and justify the actions to implement subdivision (b). All materials and documents prepared or used by the authority to determine the necessity to implement subdivision (b), other than proprietary materials and documents owned or licensed by third parties, shall be considered public documents, and copies of the public documents shall be made available to the public for inspection at no charge. Members of the public may purchase copies of these documents from the authority at actual cost.

(d) Associate participating insurers shall place all new policies of residential earthquake insurance, when writing new policies of residential property insurance, into the authority. Insurers placing policies with the authority under this section shall be subject to the assessments provided for in Sections 10089.23 and 10089.30. Notwithstanding subdivision (m) of Section 10089.5, "residential earthquake insurance market share" for purposes of any assessments pursuant to Sections 10089.23 and 10089.30 levied on an associate participating insurer shall mean an individual associate participating insurer's total direct premium received for residential earthquake policies written or renewed by the authority for which the insurer has written or renewed an underlying policy of residential property insurance, divided by the total gross premiums received by all admitted insurers and the authority for their basic residential earthquake insurance in California.

(e) (1) An associate participating insurer shall not cancel or refuse to renew a residential property insurance policy existing on the date it elected to become an associate participating insurer after an offer of earthquake coverage is accepted solely because the insured has accepted that offer of earthquake coverage.

(2) An associate participating insurer shall maintain in force any policy of residential property insurance existing on the date it elected to become an associate participating insurer after an offer of earthquake insurance has been accepted, unless the policy is properly canceled pursuant to Section 676 or the associate participating insurer has grounds for nonrenewal pursuant to subdivision (f).

(f) An associate participating insurer may refuse to renew a policy of residential property insurance after an offer of earthquake coverage has been accepted if one of the following exceptions applies:

(1) The policy is terminated by the named insured.

(2) The policy is refused renewal on the basis of sound underwriting principles that relate to the coverages provided by the underlying policy of residential property insurance and that are consistent with the approved rating plan and related documents filed with the department as required by existing law.

(3) The commissioner finds that the exposure to potential losses will threaten the solvency of the associate participating insurer or place the associate participating insurer in a hazardous condition. "Hazardous condition" has the same meaning as in Section 1065.1 and includes, but is not limited to, a condition in which an associate participating insurer makes claims payments for losses resulting from an earthquake that occurred within the preceding two years and that required a reduction in policyholder surplus of at least 25 percent for payment of those claims.

(4) There is cancellation under Section 676.

(5) The associate participating insurer has lost or experienced a substantial reduction in the availability or scope of reinsurance coverage or a substantial increase in the premium charged for reinsurance coverage for its residential property insurance policies, and the commissioner has approved a plan for the nonrenewals that is fair and equitable, and that is responsive to the changes in the associate participating insurer's reinsurance position.

(6) The named insured is insured based upon membership in a motor club, as defined in Section 12142, and the membership in that organization is terminated as provided in paragraph (2) of subdivision (c) of Section 1861.03.

(g) For associate participating insurers, underwriting standards applicable to residential property insurance shall not be applied in an unfairly discriminatory fashion against any person who accepts or elects to continue earthquake coverage.

(h) Associate participating insurers shall be subject to the following requirements:

(1) Associate participating insurers shall conform to all provisions of the authority's plan of operation applicable to participating insurers.

(2) No property that has previously been covered by a policy of residential earthquake insurance written by the associate participating insurer or associate participating insurer group, absent at least one full policy year with an insurer not affiliated with the associate participating insurer or its group, may be placed into the authority by an associate participating insurer.

(3) Any associate participating insurer or associate participating insurer group defined in paragraph (2) of subdivision (b) that has failed to maintain or exceed the number of policies of residential property insurance in force on January 1, 1996, may become an associate participating insurer by contributing additional capital into the authority at a rate to be established by the board, which shall be a per policy rate comparable to the average cost per policy paid by a participating insurer that joins the authority pursuant to Section 10089.15.

(i) Any associate participating insurer shall be required to establish procedures to verify compliance with this section. The procedures shall require verification that each basic residential earthquake policy written by the authority complies with paragraph (2) of subdivision (h).

(j) Any violation of this section may be enforced as a violation of the Unfair Trade Practices Act (Article 6.5 (commencing with Section 790) of Chapter 1 of Part 2 of Division 1). Each policy of basic residential earthquake insurance written in the authority by an associate participating insurer in violation of this section shall be deemed to be a separate violation of the Unfair Trade Practices Act.

(k) For purposes of this section, no insurer or associate participating insurer may participate in the authority unless all affiliated insurers participate in the authority.

(l) Policies of basic residential earthquake insurance written by associate participating insurers shall be subject to assessment by the California Insurance Guaranty Association and shall be covered to the extent provided in Article 14.2 (commencing with Section 1063) of Chapter 1 of Part 2 of Division 1. Except as provided in Section 10089.34, insurance policies written by participating insurers that are not associate participating insurers shall not be subject to assessment by the California Insurance Guaranty Association if the assessment is imposed to pay claims covered by policies of basic residential earthquake insurance written by an associate participating insurer.

SEC. 6. Section 10089.18 of the Insurance Code is repealed.

SEC. 7. Section 10089.28 of the Insurance Code is amended to read:

10089.28. (a) All policies of residential earthquake insurance provided by the authority shall be written by the authority. Authority policies shall be marketed and policyholders serviced by the participating insurer that writes the underlying policy of residential property insurance, and participating insurers shall be reasonably compensated for the claims and policyholder services they provide on behalf of the authority. Authority services may be performed on behalf of the authority in any reasonable manner by the participating insurer that is in compliance with statutory, regulatory, and case laws regarding claims handling practices; provided, however, where the authority has promulgated specific procedures to govern its operations, the participating insurer shall conform its practices to those procedures. The authority procedures shall comply with statutory, regulatory, and case law governing claims handling practices. Nothing in this provision shall be deemed or construed to affect any duty or liability of the authority or participating carrier as set forth in paragraphs (2) and (3) of subdivision (e) of Section 10089.7.

(b) The participating insurer shall notify each of its insureds that the authority is the provider of earthquake coverage under the policy. The form and method of notice shall meet standards established by the commissioner by regulation. The authority shall provide to participating insurers appropriate applications and forms and shall maintain records of all policies written, moneys received, and claims paid.

(c) The duty of an agent or broker to investigate the financial condition of the authority before placement of insurance shall be the same as the duty of an agent or broker to investigate the financial condition of an admitted insurer before placement of a policy of insurance.

SEC. 8. Section 10089.29 of the Insurance Code is amended to read:

10089.29. (a) If benefits paid by the authority following an earthquake event exhaust the total of (1) the authority's available capital, (2) the maximum amount of all insurer capital contributions and assessments pursuant to Sections 10089.15 and 10089.23, (3) all reinsurance actually available and under contract to the authority, and (4) all capital committed and actually available by contract to the authority from private capital markets, the Treasurer, as agent for sale of bonds for the authority, may sell investment grade revenue bonds or issue or secure other debt financing of the authority or any combination of the revenue bonds or debt financing in an amount up to one billion dollars ($1,000,000,000), in an amount determined by the board pursuant to Section 10089.32. The Treasurer shall make available the net proceeds of the revenue bonds or debt financing as funding for the authority. These funds shall not be used to replenish the fund. Failure of the authority to obtain such funding for any reason shall not obligate the State of California to provide or arrange

replacement funding for the authority. The Treasurer may sell revenue bonds for the purpose of refunding the revenue bonds or other debt financing when authorized to do so by the board, and the surcharge authorized by this section may be used to repay that refunding.

(b) In the event of a revenue bond sale or debt financing arrangement pursuant to this section, the authority shall have the power annually to surcharge all authority policies to secure funds solely to repay the bonded indebtedness or other debt. The net surcharge collected shall not exceed the sum calculated pursuant to paragraph (3) of subdivision (a) of Section 10089.23, and in no event exceed one billion dollars ($1,000,000,000), plus costs of issuance and sale of those revenue bonds or other debt and amounts paid or payable to bond issuers and providers of credit support and letters of credit for and interest on those revenue bonds or other debt. In no event shall the surcharge on any authority policy exceed 20 percent of the annual basic residential earthquake insurance premium in any one year for the policy.

(c) The total amount of indebtedness and policy surcharges authorized under this section shall not exceed the sum calculated pursuant to paragraph (3) of subdivision (a) of Section 10089.23, and in no event exceed one billion dollars ($1,000,000,000) plus costs of issuance and sale of those revenue bonds or other debt and amounts paid or payable to bond issuers and providers of credit support and letters of credit for, and interest on, those revenue bonds or other debt, regardless of the frequency or severity of earthquake losses at any and all times subsequent to the creation of the authority. Once the authority has levied policy surcharges in an amount equal to the sum calculated pursuant to paragraph (3) of subdivision (a) of Section 10089.23, and in no event more than one billion dollars ($1,000,000,000) plus costs of issuance and sale of those revenue bonds or other debt and amounts paid or payable to bond issuers and providers of credit support and letters of credit for, and interest on, those revenue bonds or other debt, the authority's power to surcharge policies shall cease and the authority shall be prohibited from levying additional surcharges pursuant to this section.

(d) Consistent with the provisions of Section 676, the authority shall cancel the policy of basic residential earthquake insurance if the policyholder fails to pay the earthquake policy surcharge authorized by the authority, and the insurer shall cancel the policy of residential property insurance if the policyholder fails to pay the policy surcharge authorized by the authority.

SEC. 9. Section 10089.30 of the Insurance Code is amended to read:

10089.30. If benefits paid by the authority due to earthquake events exhaust the total of (a) the authority's available capital, (b) the maximum amount of all insurer capital contributions and assessments pursuant to Sections 10089.15 and 10089.23, (c) all

reinsurance actually available and under contract to the authority, (d) the maximum amount of all authority policyholder assessments pursuant to Section 10089.29, and (e) all capital committed and actually available from the private capital markets, the board, subject to the approval of the commissioner, shall have the power to assess participating insurance companies subject to the maximum limits in this section. The total amount of all assessments levied against participating insurance companies by the authority pursuant to this section shall not exceed two billion dollars ($2,000,000,000), regardless of the frequency or severity of earthquake losses at any and all times subsequent to the creation of the authority. Once a participating insurer has paid amounts equal to its residential earthquake insurance market share percentage multiplied by two billion dollars ($2,000,000,000) pursuant to this section, the authority's power to assess that insurer under this section shall cease and the authority shall be prohibited from levying additional assessments on that insurer pursuant to this section. The board shall make assessments pursuant to this section by the same method set forth in paragraph (2) of subdivision (a) of Section 10089.23, in proportion to each participating insurer's residential earthquake insurance market share. The assessment shall be limited to the amount necessary to pay the expected claims of the authority and return the authority's available capital to three hundred fifty million dollars ($350,000,000), as determined by the board, subject to approval by the commissioner.

SEC. 10. Section 10089.35 of the Insurance Code is amended to read:

10089.35. (a) If at any time the board determines that all the authority's available capital may be exhausted and no source of additional funds such as assessments, reinsurance, or private capital market moneys will be available to the authority to pay policyholder claims, the board shall draw up and present to the commissioner a plan to pay policyholder claims on a pro rata basis or in installment payments. The board shall maintain sufficient capital to ensure the continued operation of the authority for the purpose of implementing the proration or installment plan. At this point, the commissioner shall adopt a schedule for reinstitution of an insurer's statutory obligation to offer earthquake coverage by a means other than placement in the authority. In no event shall the schedule adopted pursuant to this subdivision be for a period longer than six months.

(b) Upon presentation of that plan to prorate or pay in installments, the commissioner shall order the authority to cease renewing or accepting new earthquake insurance policies and may apply to the superior court for orders or injunctions as the commissioner deems necessary to prevent any event or occurrence adverse to the authority, including, but not limited to, any or all of the following:

(1) Interference with the commissioner's consideration and implementation of a plan for pro rata or installment payment of policyholder claims under this section.

(2) Interference with or attachment of the assets of the authority.

(3) Institution or prosecution of any actions or proceedings against the authority.

(4) The obtaining of preferences, judgments, attachments, or other liens or levies against the authority or its assets.

(5) The withholding by a participating insurer or any other person of any premium, surcharge, assessment, or other amount lawfully due and owing to the authority.

(c) Entry of orders or injunctions obtained by the commissioner upon the application permitted by subdivision (a) shall not vest the superior court with general jurisdiction over the business or assets of the authority or any plan for the pro rata or installment payment of policyholder claims under this section, and the superior court's jurisdiction shall be limited to the entry and enforcement of those orders and injunctions.

(d) The State of California shall have no liability for payment of claims in excess of funds available pursuant to this chapter. The State of California, and any of the funds of the State of California, shall have no obligations whatsoever for payment of claims or costs arising from this act, except as specifically provided in this act.

SEC. 11. Section 10089.36 of the Insurance Code is amended to read:

10089.36. In the event a natural disaster program is enacted by Congress, the panel shall convene and prepare a plan to dissolve the authority or conform this act with the federal program. Following its deliberations, the panel shall recommend a plan of action to the board and the Legislature.

SEC. 12. Section 10089.40 of the Insurance Code is amended to read:

10089.40. (a) Rates established by the authority shall be actuarially sound so as to not be excessive, inadequate, or unfairly discriminatory. Rates shall be established based on the best available scientific information for assessing the risk of earthquake loss. Factors the board shall consider in adopting rates include, but are not limited to, the following:

(1) Location of the insured property and its proximity to earthquake faults and to other geological factors that affect the risk of earthquake or damage from earthquake.

(2) The soil type on which the insured dwelling is built.

(3) Construction type and features of the insured dwelling.

(4) Age of the insured dwelling.

(5) The presence of earthquake hazard reduction factors, including those set forth in subdivision (a) of Section 10089.2.

(b) The classification system established by the board shall not be adjusted or tempered in any way to provide rates lower than are

justified for classifications that present a high risk of loss or higher than are justified for classifications that present a low risk of loss.

(c) Policyholders who have retrofitted their homes to withstand earthquake shake damage according to standards and to the extent set by the board shall enjoy a premium discount or credit of not less than 5 percent on the authority-issued policy of residential earthquake coverage, as long as the discount or credit is determined actuarially sound by the authority.

(d) All rates shall be approved by the commissioner prior to their use.

SEC. 13. Section 10089.41 of the Insurance Code is amended to read:

10089.41. (a) The offer of an authority policy by a participating insurer shall constitute a mode of insurer compliance with Chapter 8.5 (commencing with Section 10081) of Part 1 of Division 2, and as set forth in Section 10084.

(b) If the authority ceases operation for any reason, including, but not limited to, repeal of this chapter or insolvency of the authority, participating carriers shall no longer be able to satisfy the requirement to offer residential earthquake insurance coverage by placement within the authority. The commissioner shall adopt a schedule in accordance with subdivision (a) of Section 10089.35 to establish when participating carriers shall be required to offer coverage by another mode authorized pursuant to Chapter 8.5 (commencing with Section 10081) of Part 1 of Division 2 to those policyholders for whom they write the underlying policies of residential property insurance.

(c) If the authority ceases operation pursuant to a statute enacted by the Legislature, that statute shall determine the duty of participating insurers to provide earthquake insurance pursuant to Chapter 8.5 (commencing with Section 10081). Chapter 8.5 (commencing with Section 10081) shall remain in effect unless specifically repealed by that statute.

SEC. 14. The provisions of this act are severable. If any provision of this act or its application is held invalid, that invalidity shall not affect other provisions or applications that can be given effect without the invalid provision or application.

SEC. 15. This act shall become operative only if Senate Bill 1993 is also enacted.

SEC. 16. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to promote the restoration of affordable and available homeowners' insurance for all Californians, provide protection from the devastating and catastrophic losses caused by earthquakes, and

continue California's economic growth, it is necessary that this act take effect immediately.

CHAPTER 969

An act to amend Sections 10089.23, 10089.29, and 10089.40 of, and to add Section 10089.54 to, the Insurance Code, relating to earthquake insurance.

[Approved by Governor September 26, 1996. Filed with Secretary of State September 27, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 10089.23 of the Insurance Code, as amended by Senate Bill 1993 of the 1995–96 Regular Session, as amended July 7, 1996, is amended to read:

10089.23. (a) (1) If at any time following the payment of earthquake losses the authority's available capital is reduced to less than three hundred fifty million dollars ($350,000,000), or if at any time the authority's available capital is insufficient to pay benefits and continue operations, the authority shall have the power to assess participating insurance companies subject to the maximum limits as set forth in this section and Section 10089.30. The assessment shall be limited to the amount necessary to pay the outstanding or expected claims of the authority and to return the authority's available capital to three hundred fifty million dollars ($350,000,000), as determined by the board, subject to approval by the commissioner.

(2) Each participating insurer's assessment shall be determined by multiplying its residential earthquake insurance market share, as of December 31 of the immediately preceding year or the most recent year for which premium data not more than one year old are available, by the amount of the total assessment sought by the authority.

(3) Maximum permissible insurer assessments pursuant to this section and Section 10089.30, maximum permissible earthquake policyholder assessments pursuant to Section 10089.29, and maximum permissible bond issuances or other debt financing issued or secured by the Treasurer pursuant to Section 10089.29 shall be reduced uniformly by multiplication of the maximum assessments and other amounts provided in those sections by the percentage of the total residential property insurance market share participation attained by the authority upon its commencement, as described in Section 10089.15. The total amount of all assessments levied on participating insurance companies by the authority pursuant to this section shall not exceed three billion dollars ($3,000,000,000), regardless of the frequency or severity of earthquake losses at any

and all times subsequent to the creation of the authority. Once a participating insurer has paid amounts equal to its residential earthquake insurance market share multiplied by three billion dollars ($3,000,000,000) pursuant to this section, the authority's power to assess that insurer under this section shall cease and the authority shall be prohibited from levying additional assessments on that insurer pursuant to this section.

(4) Beginning December 31 of the first year of operations, and each December 31 thereafter, the board shall adjust the maximum permissible insurer assessments pursuant to this section and Section 10089.30, the maximum permissible authority policyholder assessment pursuant to Section 10089.29, and the maximum permissible bond issuances or other debt financing issued or secured by the Treasurer pursuant to Section 10089.29 to reflect the market share of new insurers entering into the authority as authorized by Sections 10089.15 and 10089.16 and participating insurers withdrawing from the authority as authorized by Section 10089.19. The adjustments shall be made in the same manner as authorized by paragraph (3).

(b) In the case of any insurer assessment, the authority shall cause to be sent to each participating insurer a notice of that insurer's assessment, and full payment shall be due within 30 days and shall be overdue after 30 days. Penalties and interest shall be assessed for late payments in the same manner as provided for late payments of the insurer gross premium tax pursuant to Section 12258 of the Revenue and Taxation Code. The board may waive the penalties and interest for good cause shown. The board shall make every effort to assess insurers only for funds reasonably anticipated to be necessary for claims payments and to return the authority's available capital to three hundred fifty million dollars ($350,000,000).

(c) Notwithstanding the other provisions of this section, the aggregate assessment authorized by this section shall be reduced to zero 12 years following the commencement of authority operations.

SEC. 2. Section 10089.29 of the Insurance Code, as amended by Assembly Bill 2086 of the 1995–96 Regular Session, as amended July 7, 1996, is amended to read:

10089.29. (a) If benefits paid by the authority following an earthquake event exhaust the total of (1) the authority's available capital, (2) the maximum amount of all insurer capital contributions and assessments pursuant to Sections 10089.15 and 10089.23, (3) all reinsurance actually available and under contract to the authority, and (4) all capital committed and actually available by contract to the authority from private capital markets, the Treasurer, as agent for sale of bonds for the authority, may sell investment grade revenue bonds or issue or secure other debt financing of the authority or any combination of the revenue bonds or debt financing in an amount up to one billion dollars ($1,000,000,000), in an amount determined by the board pursuant to Section 10089.32. The Treasurer shall make

available the net proceeds of the revenue bonds or debt financing as funding for the authority. These funds shall not be used to replenish the fund. Failure of the authority to obtain such funding for any reason shall not obligate the State of California to provide or arrange replacement funding for the authority. The Treasurer may sell revenue bonds for the purpose of refunding the revenue bonds or other debt financing when authorized to do so by the board, and the surcharge authorized by this section may be used to repay that refunding.

(b) (1) In the event of a revenue bond sale or debt financing arrangement pursuant to this section, the authority shall have the power annually to surcharge all authority policies to secure funds solely to repay the bonded indebtedness or other debt. The net surcharge collected shall not exceed the sum calculated pursuant to paragraph (3) of subdivision (a) of Section 10089.23, and in no event exceed one billion dollars ($1,000,000,000), plus costs of issuance and sale of those revenue bonds or other debt and amounts paid or payable to bond issuers and providers of credit support and letters of credit for and interest on those revenue bonds or other debt. In no event shall the surcharge on any authority policy exceed 20 percent of the annual basic residential earthquake insurance premium in any one year for the policy.

(2) If a policy issued by the authority includes a premium surcharge pursuant to this subdivision, the participating insurer shall provide the insured a notice in a stand-alone document stating that the policyholder may cancel or nonrenew the earthquake policy. The notice shall specify that cancellation or nonrenewal of the earthquake policy will not affect the underlying residential property insurance policy. The statement shall be provided with the premium billing and shall include the following statement in 14-point boldface type:

NOTICE OF SURCHARGE ON CEA EARTHQUAKE INSURANCE POLICY AND RIGHT TO CANCEL

A SURCHARGE HAS BEEN INCLUDED IN THE PREMIUM FOR YOUR CEA EARTHQUAKE INSURANCE POLICY. YOU MAY CHOOSE TO RENEW THIS POLICY AT THE NEW RATE OR YOU MAY CANCEL OR NONRENEW YOUR CEA EARTHQUAKE INSURANCE POLICY. CANCELLATION OR NONRENEWAL OF YOUR CEA POLICY WILL HAVE NO AFFECT ON YOUR HOMEOWNERS' OR FIRE INSURANCE POLICY. HOWEVER, IF YOU WANT EARTHQUAKE INSURANCE TO BE PROVIDED BY THE CEA, YOU MUST PAY THE FULL PREMIUM FOR THE CEA POLICY, INCLUDING THE SURCHARGE.

(c) The total amount of indebtedness and policy surcharges authorized under this section shall not exceed the sum calculated pursuant to paragraph (3) of subdivision (a) of Section 10089.23, and in no event exceed one billion dollars ($1,000,000,000) plus costs of issuance and sale of those revenue bonds or other debt and amounts paid or payable to bond issuers and providers of credit support and letters of credit for, and interest on, those revenue bonds or other debt, regardless of the frequency or severity of earthquake losses at any and all times subsequent to the creation of the authority. Once the authority has levied policy surcharges in an amount equal to the sum calculated pursuant to paragraph (3) of subdivision (a) of Section 10089.23, and in no event more than one billion dollars ($1,000,000,000) plus costs of issuance and sale of those revenue bonds or other debt and amounts paid or payable to bond issuers and providers of credit support and letters of credit for, and interest on, those revenue bonds or other debt, the authority's power to surcharge policies shall cease and the authority shall be prohibited from levying additional surcharges pursuant to this section.

(d) Consistent with the provisions of Section 676, the authority shall cancel the policy of basic residential earthquake insurance if the policyholder fails to pay the earthquake policy surcharge authorized by the authority, and the insurer shall cancel the policy of residential property insurance if the policyholder fails to pay the policy surcharge authorized by the authority.

SEC. 3. Section 10089.40 of the Insurance Code, as amended by AB 2086 of the 1995–96 Regular Session, as amended July 7, 1996, is amended to read:

10089.40. (a) Rates established by the authority shall be actuarially sound so as to not be excessive, inadequate, or unfairly discriminatory. Rates shall be established based on the best available scientific information for assessing the risk of earthquake frequency, severity, and loss. Rates shall be equivalent for equivalent risks.

Factors the board shall consider in adopting rates include, but are not limited to, the following:

(1) Location of the insured property and its proximity to earthquake faults and to other geological factors that affect the risk of earthquake or damage from earthquake.

(2) The soil type on which the insured dwelling is built.

(3) Construction type and features of the insured dwelling.

(4) Age of the insured dwelling.

(5) The presence of earthquake hazard reduction factors, including those set forth in subdivision (a) of Section 10089.2.

(b) (1) If scientific information from geologists, seismologists, or similar experts that assesses the frequency or severity of risk of earthquake is considered in setting rates or in arriving at the modeling assumptions upon which those rates are based, the information may be used to establish differentials among risks only if the information, assumptions, and methodology used are consistent with the available geophysical data and the state of the art of scientific knowledge within the scientific community.

(2) Scientific information from geologists, seismologists, or similar experts shall not be conclusive to support the establishment of different rates between the most populous rating territories in the northern and southern regions of the state unless that information, as analyzed by experts such as the United States Geological Survey, the California Division of Mines and Geology, and experts in the scientific or academic community, clearly shows a higher risk of earthquake frequency, severity, or loss between those most populous rating territories to support those differences.

(3) It is not the intent of the Legislature in adopting this subdivision to mandate a uniform statewide flat rate for California Earthquake Authority policies.

(c) The classification system established by the board shall not be adjusted or tempered in any way to provide rates lower than are justified for classifications that present a high risk of loss or higher than are justified for classifications that present a low risk of loss.

(d) Policyholders who have retrofitted their homes to withstand earthquake shake damage according to standards and to the extent set by the board shall enjoy a premium discount or credit of not less than 5 percent on the authority-issued policy of residential earthquake coverage, as long as the discount or credit is determined actuarially sound by the authority.

(e) All rates shall be approved by the commissioner prior to their use.

SEC. 4. Section 10089.54 is added to the Insurance Code, to read:

10089.54. (a) Unless authorized by a statute enacted subsequent to the effective date of this section, the authority shall cease writing new earthquake insurance policies 180 days after implementation by both the Federal National Mortgage Association (“Fannie Mae”) and the Federal Home Loan Mortgage Association (“Freddie Mac”) of

policies to require earthquake insurance for any single-family residential structure, other than a condominium unit or townhome, as a condition of purchasing a mortgage or trust deed secured by that structure. Notwithstanding this restriction, the authority shall continue to renew its existing earthquake insurance policies and shall accept applications for earthquake insurance from residential property insurance policyholders of participating insurers in accordance with subdivision (b) of Section 10086.

(b) In the event that both the Federal National Mortgage Association ("Fannie Mae") and the Federal Home Loan Mortgage Association ("Freddie Mac") have proposed to implement policies to require earthquake insurance for any single-family residential structure, other than a condominium unit or townhome, as a condition of purchasing a mortgage or trust deed secured by that structure, it is the intent of the Legislature that the Legislature should convene to consider whether the authority should continue to write new earthquake insurance policies, with or without modification, or to cease writing new earthquake insurance policies.

SEC. 5. This act shall not become operative unless Assembly Bill 2086 and Senate Bill 1993 of the 1995–96 Regular Session are also enacted and become operative.

SEC. 6. It is the intent of the Legislature that Sections 10089.23 and 10089.40 of the Insurance Code, as amended by this act, shall supersede and prevail over any conflicting provisions in Assembly Bill 2086 and Senate Bill 1993 of the 1995–96 Regular Session, if either or both of those bills are enacted after this act.

CHAPTER 970

An act to add and repeal Section 7550.5 of the Government Code, relating to legislative oversight, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 27, 1996. Filed with Secretary of State September 27, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 7550.5 is added to the Government Code, to read:

7550.5. (a) Notwithstanding any other provision of law, until October 1, 1999, no state or local agency shall be required to prepare or to submit any written report to the Legislature or the Governor unless the report is specified in subdivision (b) or any of the following circumstances exist:

(1) The report is required either in whole or in part by a court, federal law, or regulation.

(2) The report is required in the Budget Act.

(3) The Legislature expressly provides that, notwithstanding this section, a written report shall be prepared and submitted.

(4) The report is necessary for preparation of the Budget Act or implementation of the Budget Act, as determined by the Department of Finance.

(b) Pursuant to subdivision (a), the reports specified in the following provisions of law shall be prepared and submitted:

(1) Section 29 of the Business and Professions Code.
(1.5) Section 116 of the Business and Professions Code.

85.2. All money in the Harbors and Watercraft Revolving Fund shall be available, upon appropriation by the Legislature, for expenditure by the department for boating facilities development, boating safety, and boating regulation programs, and for the purposes of Section 656.4, including refunds, and for expenditure for construction of small craft harbor and boating facilities planned, designed, and constructed by the department, as specified in subdivision (c) of Section 50, at sites owned or under the control of the state. The money in the fund shall also be available, upon appropriation by the Legislature, to the Department of Parks and Recreation for the operation and maintenance of units of the state park system that have boating-related activities. Funds appropriated to the Department of Parks and Recreation may also be used for boating safety and enforcement programs for waters under its jurisdiction. Upon the request of the Legislature, the Department of Parks and Recreation shall provide an annual report detailing expenditures of funds appropriated under this section.

SEC. 2.5. Section 663.7 of the Harbors and Navigation Code is amended to read:

663.7. (a) Each county of the state is entitled to receive state financial aid for boating safety and enforcement programs on waters under its jurisdiction as provided in this section. A boating safety and enforcement program, as used in this section, includes search and rescue operations, recovery of drowned bodies, enforcement of state and local measures for regulation of boating activities, inspection of vessels, and supervision of organized water events.

(b) A public agency within a county and the Department of Parks and Recreation are entitled to receive aid for boating safety and enforcement programs on waters under their jurisdiction through the county in which it lies, and that aid shall be counted as aid to the county; except that aid provided under subdivision (h) for boating

safety and enforcement programs of the Department of Parks and Recreation for waters under its jurisdiction shall not be counted as aid to a county.

(c) (1) Of the funds appropriated for boating safety and enforcement programs pursuant to Section 85.2, the department shall adopt and utilize a formula that first allocates funds to counties so that no county receives less than the amount it was allocated in the 1996–97 fiscal year, unless the county's program is reduced, or the county does not meet the eligibility requirements of this section. If the total amount of money in the Harbors and Watercraft Revolving Fund is less than the amount available for the 1996–97 fiscal year, the funds allocated to each county shall be reduced in proportion to the reduction in the overall fund relative to the 1996–97 fiscal year.

(2) Second, from funds remaining, the department shall allocate funds to eligible counties which have submitted a grant application pursuant to subdivision (i) but which do not receive an allocation pursuant to paragraph (1).

(3) The funds allocated pursuant to paragraph (1) shall not be greater in total amount than 50 percent of the funds appropriated for boating safety programs, unless the department determines that an amount greater than 50 percent is needed to meet the minimum allocation requirements set forth in paragraph (1).

(d) The amount of aid for which a county or a public agency within a county is eligible under this section shall not exceed the total cost of its boating safety and enforcement program. Notwithstanding paragraph (1) of subdivision (c), no county shall receive an amount greater than 20 percent of the total funds appropriated to all counties for boating safety and enforcement programs in any fiscal year. Notwithstanding any other provision of this section, any county that receives a boating safety and enforcement allocation during the 1997–98 fiscal year as a result of a prior appropriation shall not receive an additional allocation for the 1997–98 fiscal year pursuant to this section.

(e) The department shall not allocate funds to any county or a public agency within a county unless the department receives a resolution adopted annually by the board of supervisors authorizing the county to participate in the program and certifying that the county will expend for boating safety programs during that year not less than an amount equal to 100 percent of the amount received by the county from personal property taxes on vessels. The money allocated to a county pursuant to subdivision (a) shall be used only for boating safety and enforcement programs, as specified in subdivision (a), that are conducted in that county.

(f) Any county that receives an allocation of funds pursuant to subdivision (c) shall submit a report to the department on or before 60 days after the end of the fiscal year that provides all of the following:

(1) The purpose for which funds received in the immediately preceding fiscal year were spent.

(2) The total amount expended on boating safety and enforcement programs in the immediately preceding fiscal year.

(3) All pertinent boating safety and enforcement and accident statistics from the immediately preceding fiscal year.

(4) All other data that may be required by the department relating to improved boating safety in California.

(g) The department shall provide in its biennial report to the Legislature a summary of boating safety activities undertaken by the counties receiving financial aid from the department in the immediately preceding two fiscal years along with a summary of the information received pursuant to subdivision (f).

(h) Aid for boating safety and enforcement programs shall be made available to the Department of Parks and Recreation for waters under its jurisdiction in accordance with a boat entry unit cost factor derived by dividing the most recent annual boat entry count into the maximum amount available and appropriated for those programs in the 1969–70 fiscal year. Budgets for those programs shall be estimated for each fiscal year and adjustments shall be made thereto for the previous year in accordance with the actual boat entry count as it becomes available multiplied by the boat entry unit cost factor. The amount thus determined shall be available to the Department of Parks and Recreation from the Harbors and Watercraft Revolving Fund.

(i) Entities or agencies desiring aid under this section shall submit grant applications to the department at least six months prior to the period for which aid is required. Grant applications shall be in the form and contain the information that the department may require.

(j) Within 60 days after the close of any period for which aid is received, the entity or agency shall submit to the department a statement of the expenditures actually incurred, in the form and containing the information that the department may require.

(k) The department shall be responsible for the administration of this section, and may adopt rules and regulations that may be necessary to carry out its provisions. The department shall make periodic evaluations of the effectiveness of programs receiving aid under this section.

SEC. 3. Section 9860 of the Vehicle Code is amended to read:

9860. (a) Certificates of number shall be renewed before midnight of the expiration date every year by presentation of the certificate of number last issued for the vessel or by presentation of a potential registration card issued by the department. The fee for renewal shall be five dollars ($5) per year and shall accompany the request for renewal. If the certificate of number and potential registration card are unavailable, a fee as specified in Section 9867 shall not be paid.

(b) This section shall remain in effect only until January 1, 1998, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 1998, deletes or extends that date.

SEC. 4. Section 9860 is added to the Vehicle Code, to read:

9860. (a) Certificates of number shall be renewed before midnight of the expiration date every second year by presentation of the certificate of number last issued for the vessel or by presentation of a potential registration card issued by the department. The fee for renewal shall be ten dollars ($10) for each two-year period and shall accompany the request for renewal. If the certificate of number and potential registration card are unavailable, a fee as specified in Section 9867 shall not be paid.

(b) This section shall become operative on January 1, 1998.

SEC. 5. Section 9861 of the Vehicle Code is amended to read:

9861. All certificates of number expire on December 31, 1997, and thereafter on December 31 of every odd-numbered year.

SEC. 6. Section 9863 of the Vehicle Code is amended to read:

9863. All fees received, except moneys collected under Section 9875, pursuant to this chapter shall be deposited in the Harbors and Watercraft Revolving Fund and, notwithstanding Section 13340 of the Government Code, are continuously appropriated, without regard to fiscal years, for the administration of this chapter. Any funds in the Harbors and Watercraft Revolving Fund in excess of the amount determined by the Director of Finance, from time to time, to be necessary for expenditure for the administration of this chapter, notwithstanding Section 13340 of the Government Code, are continuously appropriated to the department, without regard to fiscal years, for expenditure in accordance with Section 663.7 of the Harbors and Navigation Code.

SEC. 7. It is the intent of the Legislature that if both this bill and Senate Bill 1968 are enacted, both bills amend Section 85.2 of the Harbors and Navigation Code, and this bill is enacted last, that Section 85.2 of the Harbors and Navigation Code as amended by Senate Bill 1968 prevail over and supersede that section as amended by this bill, in which case Section 2 of this bill shall not become operative.

CHAPTER 972

An act to add Sections 2099 and 2100 to the Fish and Game Code, relating to endangered and threatened species, and making an appropriation therefor.

[Approved by Governor September 27, 1996. Filed with Secretary of State September 27, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 2099 is added to the Fish and Game Code, to read:

2099. (a) On or before July 1, 1997, the Governor shall establish a commission as specified in Section 2100 to study the economic impact of protecting candidate, threatened, and endangered species under this chapter.

(b) The study conducted pursuant to subdivision (a) shall include, but not be limited to, an examination of the cost of regulatory activities, the cost of providing just compensation for any actual or potential taking of private property, and the cost of species and habitat decline or loss. The cost shall include both public and private costs.

(c) The assessment of economic impact shall include the added value and economic benefit or cost of species protection and the effect of that economic impact on tourism, recreational, scientific, biomedical, and agricultural revenues.

(d) The commission shall seek counsel from a wide range of economists, environmentalists, ecologists, and other persons who are developing economic and other models that calculate the cost of environmental regulations, including the benefits of environmental protection and the cost of environmental degradation.

(e) The commission shall attempt to identify areas of agreement among the members of the commission and shall clearly identify any areas of disagreement.

(f) The commission shall prepare a majority report and, if necessary, a dissenting or minority report of the study conducted pursuant to subdivision (a), which shall be submitted to the Legislature by December 31, 1997.

SEC. 2. Section 2100 is added to the Fish and Game Code, to read:

2100. (a) The commission established pursuant to Section 2099 shall represent the full range of opinions and viewpoints regarding the protection of candidate, endangered, and threatened species and the regulatory taking of private property. The membership of the commission shall consist of equal numbers of persons meeting each of the following criteria:

(1) Persons who advocate the primacy of the market. This group shall include advocates of the free market philosophy and representatives of regulated industries and landowners, including the extractive industries.

(2) Persons who advocate that natural resources and endangered species are public trust resources, the protection of which should be regulated. This group shall include conservation biologists, environmental economists, historic preservationists, and others who advocate that the market should take full account of the claims of public trust values associated with protection of the public's natural heritage and the cost of environmental degradation.

(b) The California Research Bureau shall provide staffing for the commission.

CHAPTER 973

An act to add Sections 51012.4 and 51017 to the Government Code, relating to pipeline safety.

[Approved by Governor September 27, 1996. Filed with Secretary of State September 27, 1996.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) In the past several years, pipeline spills in California have posed safety hazards to local populations and seriously impacted the environment.

(b) The State Fire Marshal's Hazardous Liquid Pipeline Risk Assessment report published in 1993 found that the leading cause of hazardous liquid pipeline leaks during the period January 1981 through December 1990 was external corrosion, causing 58.8 percent of all leaks. The State Fire Marshal's report also found a significant correlation between the age of a pipeline and the degree to which it experiences external corrosion and leaks.

(c) According to the State Fire Marshal's report, pipelines constructed before 1940 leaked at a rate nearly 20 times that of pipelines constructed in the 1980's. Two factors that contribute to the high-leak incidence rate in older pipes, especially those constructed before 1940, are the older coatings on the pipelines and the higher operating temperatures. For example, pre-1940 pipelines operated at an average temperature of 125°F, higher than the average operating temperature for pipelines constructed during any other period.

(d) The State Fire Marshal's report also found all of the following:

(1) Pipelines within standard metropolitan statistical areas (SMSA) had a higher external corrosion incident rate than pipelines in non-SMSAs.

(2) Pipelines without cathodic protection, or with inadequate, older coatings, had a drastically higher frequency of external corrosion-caused leaks than protected leaks.

(3) Somewhere between 13 and 29 incidents caused by seismic activity are anticipated on regulated California hazardous liquid pipelines during a future 30-year period.

(e) Existing statutory requirements for hydrostatic pressure testing on some pipelines are helpful in locating leaks, but inadequate as a preventative measure to detect external corrosion that will eventually cause leakage.

(f) A recent investigation of pipeline regulatory programs by the Department of Fish and Game and the Office of Oil Spill Prevention and Response found that the lack of complete and easily accessible pipeline information frustrated oil spill response efforts.

(g) Therefore, it is essential for the protection of public health and safety and the environment to develop a statewide inspection, maintenance, improvement, or replacement assessment of older pipelines that are more susceptible to corrosion and leakage, and to centralize information on pipelines to aid in spill prevention planning and response efforts.

SEC. 2. Section 51012.4 is added to the Government Code, to read:

51012.4. (a) Notwithstanding any other provision of this chapter, including, but not limited to, Section 51012.3, each pipeline operator shall file with the State Fire Marshal, on or before July 1, 2000, an inspection, maintenance, improvement, or replacement assessment for the following:

(1) Any pipeline or pipeline segments built before January 1, 1960.

(2) Any pipeline installed on or after January 1, 1960, for which regular internal inspections cannot be conducted, or which shows diminished integrity due to corrosion or inadequate cathodic protection.

(b) When preparing any assessment required by subdivision (a), the operator shall give priority to older pipelines located in densely populated areas, pipelines with a high-leak history, pipelines located near existing seismic fault lines, or, pipelines in areas with identified ground formations.

(c) On or before January 1, 1998, the State Fire Marshal, in consultation with the Pipeline Safety Advisory Committee and pipeline operators, shall establish evaluation criteria for use by a pipeline operator when conducting any assessment required by subdivision (a).

(d) A pipeline inspection, maintenance, improvement, or replacement assessment developed pursuant to this section may incorporate any information on regulatory requirements or existing public policies that could act as barriers to the inspection, maintenance, improvement, or replacement of pipelines, including, but not limited to, findings from the studies required pursuant to Section 51015.05.

(e) Nothing in this section is intended to require the replacement of a pipeline.

SEC. 3. Section 51017 is added to the Government Code, to read:

51017. (a) The State Fire Marshal, in coordination with the State Lands Commission, the Division of Oil, Gas, and Geothermal Resources of the Department of Conservation, the State Water Resources Control Board, the Office of Oil Spill Prevention and Response, and the Office of Emergency Services, shall develop a plan for developing a comprehensive data base of pipeline information

that would be available on compatible, interactive computer formats, and for centralizing that data base in the Office of the State Fire Marshal for emergency response purposes. The data base shall include information on pipeline locations, age, reported leak incidences, and inspection history, and shall have the capability of mapping pipeline locations throughout the state. The data base shall be available for use by federal, state, and local government agencies, as well as the public.

(b) On or before September 1, 1997, the State Fire Marshal shall report to the Legislature on projected costs and potential funding sources for implementation of the plan for a centralized computer data base for pipeline information developed pursuant to subdivision (a).

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 5. This act shall become operative only if Assembly Bill 1487 of the 1995–96 Regular Session is enacted and becomes effective on or before January 1, 1997.

CHAPTER 974

An act to add and repeal Article 7 (commencing with Section 2105) of Chapter 1.5 of Division 3 of the Fish and Game Code, relating to endangered and threatened species.

[Approved by Governor September 27, 1996. Filed with Secretary of State September 27, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Article 7 (commencing with Section 2105) is added to Chapter 1.5 of Division 3 of the Fish and Game Code, to read:

Article 7. Recovery Strategy Pilot Program

2105. The department shall develop and implement a recovery strategy pilot program. The objective of this pilot program is the

development of recovery strategies with the goal that the regulations or other protections for species listed pursuant to this chapter are no longer necessary.

2106. On or before January 1, 1997, the commission, based on recommendations from the department, shall identify five species that are listed as either threatened species or endangered species for which recovery strategies shall be developed and implemented. The commission may also identify one or more species for inclusion in the recovery strategy pilot program that are added after January 1, 1995, to the list of threatened species or the list of endangered species pursuant to Section 2075.5.

2106.5. In determining the species to be identified in the recovery strategy pilot program pursuant to Section 2106, the commission shall consider the following factors:

(a) The intensity and immediacy of the threat facing the species.

(b) Whether recovery strategy planning for the species would provide benefits for multiple species.

(c) The extent to which landowners and other persons affected by the regulation of the species are willing to participate in the recovery strategy planning.

(d) Whether the species is already the subject of a recovery plan prepared by the federal government.

(e) The public and private costs of achieving recovery.

(f) The need to use recovery strategy planning for different types of species under different circumstances and in different regions of the state.

2107. (a) For each species identified by the commission for the recovery strategy pilot program pursuant to Section 2106, the department shall assemble a recovery strategy team consisting of, but not limited to, department personnel, other state agency personnel if found by the department to be appropriate, federal agency personnel to the extent permitted by federal law if found by the department to be appropriate, representatives of affected local governments, representatives of affected landowners, and representatives of environmental groups, as well as persons who possess scientific expertise.

(b) Each recovery team shall work collaboratively to aid the department in developing the recovery strategy for that species for which the recovery team is assembled.

(c) The department shall consider information from all persons likely to be affected by the implementation of a recovery strategy and from persons knowledgeable in those subject areas pertinent to the species' recovery in developing the recovery strategy for each species.

2109. (a) After identification of the five species to be included in the recovery strategy pilot program pursuant to Section 2105, the department shall promptly commence preparation of a recovery strategy for each of those species.

(b) Within 12 months of the identification of a species included in the recovery strategy pilot program, the department shall submit a recovery strategy for that species to the commission for review and approval.

(c) A recovery strategy for a species shall contain all of the following information:

(1) An explanation of scientific knowledge and assumptions regarding the biology, habitat requirements, and threats to the existence of the species.

(2) An explanation of interim and long-term recovery goals. The interim goals shall be specifically stated. The long-term goals may be specifically stated if the department determines that adequate information exists to reasonably identify long-term goals; if not, the strategy may contain general long-term goals that will be clarified as the recovery strategy is updated pursuant to paragraph (7).

(3) A range of alternative interim and long-term conservation and management goals and activities. The department shall report why it prefers the activities it recommends.

(4) An estimate of the time and costs required to meet the interim recovery goals for the species, including available or anticipated funding sources, and an initial projection of the time and costs associated with meeting final recovery goals. These costs shall include direct and indirect costs and public and private costs.

(5) A description of actions and recommendations, including voluntary incentives and objective criteria for delisting and deregulation, that will be needed to minimize the adverse social and economic impacts of implementation of the recovery strategy and a discussion of the range of recovery alternatives considered in the strategy.

(6) A description of the following elements necessary to achieve the goals of the recovery strategy:

(A) The availability and use of public lands for the conservation, protection, restoration, and enhancement of the species.

(B) Methods of private and public cooperation.

(C) Procedures and programs for notice, education, research, monitoring, and strategy modification.

(7) The expected time necessary to meet the interim recovery goals and provisions and triggers for review and amendment of the strategy. If final recovery goals are not specifically stated, the strategy shall contain a timetable for an update of the plan to clarify the long-term goals.

(8) Objective measurable criteria by which to determine whether the goals and objectives of the recovery strategy are being met and procedures for recognition of successful recovery and downlisting or delisting.

(9) An implementation schedule.

2110. If the department determines, based on the best scientific evidence available, that the recovery strategy should also contain

specifications regarding allowable taking of the species and guidelines for consultation, the recommended recovery strategy shall also contain general policies to guide the department's issuance of memoranda of understanding pursuant to Section 2081, permits pursuant to Section 2081.4, and the department's consultation procedures to be followed pursuant to Section 2090. The general policies shall be consistent with the recommended recovery strategy.

2111. After the department submits the recovery strategy to the commission, the commission shall hold a public hearing to consider approval of the recovery strategy. The commission shall approve the recovery strategy if, considering all relevant evidence, the commission finds that the recovery strategy meets all of the following criteria:

(a) The recovery strategy would conserve, protect, restore, and enhance the species.

(b) The recovery strategy and implementation schedule are capable of being carried out in a scientifically, technologically, and economically reasonable manner.

(c) The recovery strategy is supported by the best available scientific data.

(d) The recovery strategy represents an equitable apportionment of both public and private and regulatory and nonregulatory obligations.

2111.5. If the commission does not approve the recovery strategy pursuant to Section 2111 because it could not make all of the necessary findings, it shall specify why the required finding could not be made. If the commission determines that the strategy could be amended to address the issues identified by the commission, it may direct the department to revise the recovery strategy within six months and resubmit it to the commission.

2112. If a recovery strategy for one of the species identified pursuant to Section 2106 includes policies to guide the department's issuance of memoranda of understanding pursuant to Section 2081, permits pursuant to Section 2081.4, and the department's consultation procedures pursuant to Section 2090, the department shall develop and adopt rules and guidelines to implement those policies. The rules and guidelines shall be based upon the best available scientific evidence and shall be consistent with the recovery strategy adopted. The rules and guidelines may clearly specify conditions and circumstances under which the taking of a species listed as a threatened species or endangered species would be prohibited by the department, or, conversely, when it would not require a permit pursuant to Section 2081.4 or a memorandum of understanding pursuant to Section 2081.

2113. After approval of a recovery strategy by the commission, the department shall consult with the recovery strategy team assembled for that species pursuant to Section 2107 and report to the commission on an annual basis on the status and progress of the

implementation of the recovery strategy. The strategy shall be the basis for the species reviews pursuant to Section 2077.

2114. If the commission elects to authorize the preparation of a recovery strategy prior to or in conjunction with a decision to add a species to a list pursuant to Section 2075.5, the required rulemaking pursuant to subdivision (b) of that section shall be delayed not more than one year, which the commission may extend for not more than an additional six months, until a final determination is made on the recovery strategy. The rulemaking proceedings shall include all policies, rules, or guidelines adopted pursuant to Sections 2111 and 2112 and shall consider the recovery strategy and information received in its development and adoption. The recovery strategy itself shall have no regulatory significance, shall not be considered to be a regulation for any purpose, including the rulemaking provisions of Chapter 3.5 (commencing with Section 11340) of Division 3 of Title 2 of the Government Code, and is not a regulatory action or document.

2115. This article shall become operative only if funds are appropriated in the annual Budget Bill or another statute to fund the cost of implementing this article. Section 2098 does not apply to any costs relating to this article.

2116. This article shall remain in effect only until January 1, 2004, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2004, deletes or extends that date. However, this section does not apply to a recovery strategy that is approved or implemented pursuant to this article on or before January 1, 2004, and those recovery strategies, and any permits or memoranda of understanding relating thereto, shall remain effective as if this article had not been repealed.

SEC. 2. For purposes of implementing subdivision (c) of Section 2107 of the Fish and Game Code, it is the intent of the Legislature that, for example, if the species addressed in the recovery strategy exist on land used for agriculture or if agricultural practices affect the species, the Department of Fish and Game consult with the county agricultural commissioner where the land is located and other agricultural experts to ensure that the recovery strategy, to the extent possible, will permit routine agricultural activities to be carried out with as little direct regulatory control as possible.

CHAPTER 975

An act relating to fire safety, and making an appropriation therefor.

[Approved by Governor September 27, 1996. Filed with Secretary of State September 27, 1996.]

The people of the State of California do enact as follows:

SECTION 1. (a) There is hereby established in the State Treasury the Fire Behavior and Fire Spread Study Matching Fund. The fund shall be used to provide to the State Fire Marshal a sum, not to exceed two hundred fifty thousand dollars ($250,000), consisting of the amount of all grants received by the State Fire Marshal for the purpose of conducting studies and tests to redefine elements of fire behavior and fire spread in residential and commercial occupancies, and the matching funds described in subdivision (b). Not later than 60 days after completion of the study or test, the Fire Marshal shall report the results to the Legislature.

(b) A sum, not to exceed one hundred twenty-five thousand dollars ($125,000), equal to the amount of grant moneys deposited into the Fire Behavior and Fire Spread Study Matching Fund under subdivision (a) is hereby appropriated from the General Fund to the Fire Behavior and Fire Spread Study Matching Fund, for purposes of this section.

CHAPTER 976

An act to amend Section 14312 of the Public Resources Code, relating to the California Conservation Corps, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 27, 1996. Filed with Secretary of State September 27, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 14312 of the Public Resources Code is amended to read:

14312. (a) The Collins-Dugan California Conservation Corps Reimbursement Account is hereby created in the General Fund in the State Treasury, for support of the corps.

(b) Funds received in payment for reimbursable work projects, excluding General Fund money, may be deposited in the Collins-Dugan California Conservation Corps Reimbursement Account.

(c) Notwithstanding Section 13340 of the Government Code, the money in the Collins-Dugan California Conservation Corps Reimbursement Account is hereby continuously appropriated to the corps for the following program activities:

(1) Program expansion to hire more corpsmembers.

(2) Enhancement of corpsmember education and educational support services.

(3) Enhancement of equipment used by corpsmembers in projects meeting the corps' mission.

(4) Program support when legislatively directed reimbursement targets are unmet in a given fiscal year.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that California Conservation Corps projects, including projects pertaining to fire protection and suppression and youth development can be implemented as soon as possible, thereby providing needed public improvements and service and additional experience, training, and educational opportunities for the youth in this state, it is necessary that this act take effect immediately.

CHAPTER 977

An act to amend Sections 35031, 35032, 35033, and 35034 of the Public Resources Code, relating to ocean resources.

[Approved by Governor September 27, 1996. Filed with Secretary of State September 27, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 35031 of the Public Resources Code is amended to read:

35031. Any funds appropriated in accordance with this chapter and not expended as described in Section 35030, may be awarded by the secretary for technical and financial assistance to coastal counties and cities with approved local coastal programs to help them exercise effectively their responsibility for improving the management of the state's coastal resources. Technical and financial assistance shall be made available to coastal counties and cities to do any of the following:

(a) Protect wetlands, flood plains, estuaries, beaches, dunes, and fish and wildlife and their habitat within coastal areas.

(b) Minimize the loss of life and property in coastal flood-prone, storm surge, geologic hazard, and erosion-prone areas.

(c) Provide public access to the coast for recreational purposes, to acquire coastal view sheds, and to preserve, maintain, and restore historic, cultural, and aesthetic coastal sites.

(d) Facilitate the process for siting major facilities along the coast related to fisheries, recreation, and ports and other coastal dependent commercial uses, giving full consideration to environmental concerns as well as the need for economic development.

(e) Promote other coastal management improvements determined by the secretary to be consistent with the state's coastal management program.

SEC. 2. Section 35032 of the Public Resources Code is amended to read:

35032. On or before April 15, 1997, the secretary, in cooperation with the California Coastal Commission, shall develop and implement a competitive application process to award coastal counties and cities financial and technical assistance pursuant to this chapter. Thereafter, the secretary shall review that process by April 15 of each year that funds are appropriated pursuant to this chapter.

SEC. 3. Section 35033 of the Public Resources Code is amended to read:

35033. Any financial assistance provided to local governments under this chapter may not exceed 90 percent of the cost of carrying out the project. Commencing in the 1997 calendar year and in each

calendar year thereafter, 50 percent of the amount of funds received by the state pursuant to Section 8(g) of the Outer Continental Shelf Lands Act (43 U.S.C. Sec. 1337(g)) over the amount of funds so received in the 1996 calendar year shall be available, on an annual basis, for appropriation to the secretary for grants to coastal counties and cities pursuant to this chapter.

SEC. 4. Section 35034 of the Public Resources Code is amended to read:

35034. On an annual basis, the secretary shall review and assess county and city expenditures under this program. Not more than one hundred thousand dollars ($100,000) of the funds appropriated annually pursuant to this chapter may be used by the secretary to defray administrative costs and, of that amount, not more than fifty thousand dollars ($50,000) may be used to cover costs incurred by the California Coastal Commission in the review of grant applications pursuant to this chapter.

CHAPTER 978

An act to amend Sections 41780 and 41780.1 of, and to add Sections 40124 and 41781.3 to, the Public Resources Code, relating to solid waste.

[Approved by Governor September 27, 1996. Filed with Secretary of State September 27, 1996.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature hereby finds and declares all of the following:

(1) The diversion of solid waste from disposal at solid waste landfills and the application of landfill cover materials are matters of statewide concern and provisions governing those activities must be applied in a uniform and consistent manner throughout the state.

(2) On January 25, 1995, the California Integrated Waste Management Board adopted a policy regarding the use of alternative daily cover at solid waste landfills and subsequently adopted implementing regulations that were approved by the Office of Administrative Law.

(3) In Natural Resources Defense Council vs. California Integrated Waste Management Board, the trial court's opinion interpreted the meaning of various provisions of the California Integrated Waste Management Act of 1989 and, in its construction of provisions pertaining to alternative daily cover and diversion at solid waste landfills, misinterpreted legislative intent.

(4) The board's policy, as adopted on January 25, 1995, and the implementing regulations, regarding the use of alternative daily cover at solid waste landfills are consistent with applicable statutes.

(5) It is necessary to amend applicable provisions of the act of 1989 to clarify existing law so as to clearly express the legislative intent and to remove any uncertainty as to the authority of the board to adopt the implementing regulations specified in paragraph (4).

(6) It is necessary to amend provisions of the act of 1989 to clarify the intent of existing law that the diversion of solid waste from solid waste disposal is diversion under the act of 1989 for purposes of meeting the requirements of Sections 41780, 41780.1, 41780.2, and 41781 of the Public Resources Code, as distinguished from diversion of solid waste from a solid waste disposal facility.

(b) (1) The Legislature further finds and declares that, at the present time, the amount of green materials generated in California is in excess of the quantity that existing markets can absorb. It is thus in the interests of the state to encourage the expansion of markets for green materials.

(2) It is the intent of the Legislature that the California Integrated Waste Management Board, and other state agencies, continue their efforts to promote the expansion of compost and other markets for green materials, including, but not limited to, the compost market program activities specified in Chapter 5 (commencing with Section 42230) of Part 3 of Division 30 of the Public Resources Code.

SEC. 2. Section 40124 is added to the Public Resources Code, to read:

40124. "Diversion" means activities which reduce or eliminate the amount of solid waste from solid waste disposal for purposes of this division, including Article 1 (commencing with Section 41780) of Chapter 6.

SEC. 3. Section 41780 of the Public Resources Code is amended to read:

41780. (a) Each city or county source reduction and recycling element shall include an implementation schedule which shows both of the following:

(1) For the initial element, the city or county shall divert 25 percent of all solid waste from landfill disposal or transformation by January 1, 1995, through source reduction, recycling, and composting activities.

(2) Except as provided in Sections 41783, 41784, and 41785, for the first revision of the element, the city or county shall divert 50 percent of all solid waste by January 1, 2000, through source reduction, recycling, and composting activities.

(b) Nothing in this part prohibits a city or county from implementing source reduction, recycling, and composting activities designed to exceed these goals.

SEC. 4. Section 41780.1 of the Public Resources Code is amended to read:

41780.1. (a) Notwithstanding any other requirement of this part, for the purposes of determining the amount of solid waste that a regional agency is required to divert from disposal or transformation through source reduction, recycling, and composting to meet the diversion requirements of Section 41780, the regional agency shall use the solid waste disposal projections in the source reduction and recycling elements of the regional agency's member agencies. The method prescribed in Section 41780.2 shall be used to determine the maximum amount of disposal allowable to meet the diversion requirements of Section 41780.

(b) Notwithstanding any other requirement of this part, for the purposes of determining the amount of solid waste that a city or county is required to divert from disposal or transformation through source reduction, recycling, and composting to meet the diversion requirements of Section 41780, the city or county shall use the solid waste disposal projections in the source reduction and recycling elements of the city or county. The method prescribed in Section 41780.2 shall be used to determine the maximum amount of disposal allowable to meet the diversion requirements of Section 41780.

(c) To determine achievement of the diversion requirements of Section 41780 in 1995 and in the year 2000, projections of disposal amounts from the source reduction and recycling elements shall be adjusted to reflect annual increases or decreases in population and other factors affecting the waste stream, as determined by the board. By January 1, 1994, the board shall study the factors which affect the generation and disposal of solid waste and shall develop a standard methodology and guidelines to be used by cities, counties, and regional agencies in adjusting disposal projections as required by this section.

(d) The amount of additional diversion required to be achieved by a regional agency to meet the diversion requirements of Section 41780 shall be equal to the sum of the diversion requirements of its member agencies. To determine the maximum amount of disposal allowable for the regional agency to meet the diversion requirements of Section 41780, the maximum amount of disposal allowable for each member agency shall be added together to yield the agency disposable maximum.

SEC. 5. Section 41781.3 is added to the Public Resources Code, to read:

41781.3. (a) The use of solid waste for beneficial reuse in the construction and operation of a solid waste landfill, including use of alternative daily cover, which reduces or eliminates the amount of solid waste being disposed pursuant to Section 40124, shall constitute diversion through recycling and shall not be considered disposal for the purposes of this division.

(b) Prior to December 31, 1997, pursuant to the board's authority to adopt rules and regulations pursuant to Section 40502, the board shall, by regulation, establish conditions for the use of alternative

daily cover that are consistent with this division. In adopting the regulations, the board shall consider, but is not limited to, all of the following criteria:

(1) Those conditions established in past policies adopted by the board affecting the use of alternative daily cover.

(2) Those conditions necessary to provide for the continued economic development, economic viability, and employment opportunities provided by the composting industry in the state.

(3) Those performance standards and limitations on maximum functional thickness necessary to ensure protection of public health and safety consistent with state minimum standards.

(c) Until the adoption of additional regulations, the use of alternative daily cover shall be governed by the conditions established by the board in its existing regulations set forth in paragraph (3) of subdivision (b) of, and paragraph (3) of subdivision (c) of, Section 18813 of Title 14 of the California Code of Regulations, as those sections read on the effective date of this section, and by the conditions established in the board's policy adopted on January 25, 1995.

(d) In adopting rules and regulations pursuant to this section, Section 40124, and this division, including, but not limited to, Part 2 (commencing with Section 40900), the board shall provide guidance to local enforcement agencies on any conditions and restrictions on the utilization of alternative daily cover so as to ensure proper enforcement of those rules and regulations.

CHAPTER 979

An act to add Section 1370.4 to the Health and Safety Code, and to add Section 10145.3 to the Insurance Code, relating to health insurance.

[Approved by Governor September 27, 1996. Filed with Secretary of State September 27, 1996.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known as the Friedman-Knowles Experimental Treatment Act of 1996.

SEC. 2. (a) It is the intent of the Legislature that health care service plans and disability insurers be required to provide an external, independent review by qualified experts when a patient who has a terminal condition is denied coverage for a drug, device, procedure, or other therapy generally considered experimental or investigational. It is further the intent of the Legislature to provide for external, independent review of such a drug, device, procedure,

or other therapy to determine if it is medically appropriate for the particular patient.

(b) The Legislature finds and declares that nothing in this act is intended to preclude a health care service plan or disability insurer from covering, at its discretion, treatments that are provided within clinical trials, or from providing the independent review required by this act to enrollees or insureds who do not necessarily meet all of the eligibility requirements of subdivision (a) of Section 1370.4 of the Health and Safety Code or subdivision (a) of Section 10145.3 of the Insurance Code.

SEC. 3. Section 1370.4 is added to the Health and Safety Code, to read:

1370.4. (a) Every health care service plan shall provide an external, independent review process to examine the plan's coverage decisions regarding experimental or investigational therapies for individual enrollees who meet all of the following criteria:

(1) The enrollee has a terminal condition that, according to the enrollee's physician's current diagnosis, has a high probability of causing death within two years from the date of the request for an independent review; and

(2) The enrollee's physician certifies that the enrollee has a condition, as defined in paragraph (1), for which standard therapies have not been effective in improving the condition of the enrollee, or for which standard therapies would not be medically appropriate for the enrollee, or for which there is no more beneficial standard therapy covered by the plan than the therapy proposed pursuant to paragraph (3); and

(3) Either (A) the enrollee's physician, who is under contract with or employed by the plan, has recommended a drug, device, procedure or other therapy that the physician certifies in writing is likely to be more beneficial to the enrollee than any available standard therapies, or (B) the enrollee, or the enrollee's physician who is a licensed, board-certified or board-eligible physician qualified to practice in the area of practice appropriate to treat the enrollee's condition, has requested a therapy that, based on two documents from the medical and scientific evidence, as defined in subdivision (d), is likely to be more beneficial for the enrollee than any available standard therapy. The physician certification pursuant to this subdivision shall include a statement of the evidence relied upon by the physician in certifying his or her recommendation. Nothing in this subdivision shall be construed to require the plan to pay for the services of a nonparticipating physician provided pursuant to this subdivision, that are not otherwise covered pursuant to the plan contract; and

(4) The enrollee has been denied coverage by the plan for a drug, device, procedure or other therapy recommended or requested pursuant to paragraph (3); and

(5) The specific drug, device, procedure or other therapy recommended pursuant to paragraph (3) would be a covered service, except for the plan's determination that the therapy is experimental or investigational; and

(6) This section shall not apply to any Medi-Cal beneficiary enrolled in a health care service plan under the plan's contract with the Medi-Cal program.

(b) The plan's external, independent review shall meet the following criteria:

(1) The plan shall offer all enrollees who meet the criteria in subdivision (a) the opportunity to have the requested therapy reviewed under the external, independent review process. The plan shall notify eligible enrollees in writing of the opportunity to request the external independent review within five business days of the decision to deny coverage.

(2) The plan shall contract with one or more impartial, independent entities that are accredited pursuant to subdivision (c). The entity shall arrange for review of the coverage decision by selecting an independent panel of at least three physicians or other providers who are experts in the treatment of the enrollee's medical condition and knowledgeable about the recommended therapy. If the entity is an academic medical center accredited in accordance with subdivision (e), the independent panel may include experts affiliated with or employed by the entity. A panel of two experts may be arranged at the plan's request, provided the enrollee consents in writing. The independent entity may arrange for a panel of one expert only if the independent entity certifies in writing that there is only one expert qualified and able to review the recommended therapy. Neither the plan nor the enrollee shall choose or control the choice of the physician or other provider experts.

(3) Neither the expert, nor the independent entity, nor any officer, director, or management employee of the independent entity shall have any material professional, familial, or financial affiliation, as defined in paragraph (4), with any of the following:

(A) The plan.

(B) Any officer, director, or management employee of the plan.

(C) The physician, the physician's medical group, or the independent practice association (IPA) proposing the therapy.

(D) The institution at which the therapy would be provided.

(E) The development or manufacture of the principal drug, device, procedure, or other therapy proposed for the enrollee whose treatment is under review.

(4) For purposes of this section, the following terms shall have the following meanings:

(A) "Material familial affiliation" shall mean any relationship as a spouse, child, parent, sibling, spouse's parent, or child's spouse.

(B) "Material professional affiliation" shall mean any physician-patient relationship, any partnership or employment

relationship, a shareholder or similar ownership interest in a professional corporation, or any independent contractor arrangement that constitutes a material financial affiliation with any expert or any officer or director of the independent entity. The term "material professional affiliation" shall not include affiliations which are limited to staff privileges at a health facility.

(C) "Material financial affiliation" shall mean any financial interest of more than 5 percent of total annual revenue or total annual income of an entity or individual to which this subdivision applies. "Material financial affiliation" shall not include payment by the plan to the independent entity for the services required by this section, nor shall "material financial affiliation" include an expert's participation as a contracting plan provider where the expert is affiliated with an academic medical center or a National Cancer Institute-designated clinical cancer research center.

(5) The enrollee shall not be required to pay for the external, independent review. The costs of the review shall be borne by the plan.

(6) The plan shall provide to the independent entity arranging for the panel of experts a copy of the following documents within five business days of the plan's receipt of a request by an enrollee or enrollee's physician for an external, independent review:

(A) The medical records relevant to the patient's condition for which the proposed therapy has been recommended, provided the documents are within the plan's possession. Any medical records provided to the plan after the initial documents are provided to the independent entity shall be forwarded by the plan to the independent entity within five business days. The confidentiality of the medical records shall be maintained pursuant to Section 56.10 of the Civil Code.

(B) A copy of any relevant documents used by the plan in determining whether the proposed therapy should be covered, and any statement by the plan explaining the reasons for the plan's decision not to provide coverage for the proposed therapy. The plan shall provide, upon request, a copy of the documents required by this paragraph, except for the documents described in subparagraphs (A) and (C), to the enrollee and the enrollee's physician.

(C) Any information submitted by the enrollee or the enrollee's physician to the plan in support of the enrollee's request for coverage of the proposed drug, device, procedure, or other therapy.

(7) The experts on the panel shall render their analyses and recommendations within 30 days of the receipt of the enrollee's request for review. If the enrollee's physician determines that the proposed therapy would be significantly less effective if not promptly initiated, the analyses and recommendations of the experts on the panel shall be rendered within seven days of the request for expedited review. At the request of the expert, the deadline shall be

extended by up to three days for a delay in providing the documents required by paragraph (6) of subdivision (b).

(8) Each expert's analysis and recommendation shall be in written form and states the reasons the requested therapy is or is not likely to be more beneficial for the enrollee than any available standard therapy, and the reasons that the expert recommends that the therapy should or should not be provided by the plan, citing the enrollee's specific medical condition, the relevant documents provided pursuant to paragraph (6), and the relevant medical and scientific evidence, including, but not limited to, the medical and scientific evidence as defined in subdivision (d), to support the expert's recommendation.

(9) The independent entity shall provide the plan and the enrollee's physician with the experts' analyses and recommendations, a description of the qualifications of each expert, and any other information that it chooses to provide to the plan and the enrollee's physician, including, but not limited to, the names of the expert reviewers. The independent entity shall not be required to disclose the names of the expert reviewers to the plan or the enrollee's physician, except pursuant to a properly made request for discovery. If the independent entity chooses to disclose the names of the experts on the panel to the plan, the independent entity must also disclose the names of the experts to the enrollee's physician. The enrollee's physician may provide these documents and information to the enrollee.

(10) If the majority of experts on the panel recommend providing the proposed therapy, pursuant to paragraph (8), the recommendation shall be binding on the plan. If the recommendations of the experts on the panel are evenly divided as to whether the therapy should be provided, then the panel's decision shall be deemed to be in favor of coverage. If less than a majority of the experts on the panel recommend providing the therapy, the plan is not required to provide the therapy. Coverage for the services required under this section shall be provided subject to the terms and conditions generally applicable to other benefits under the plan contract.

(11) The plan shall have written policies describing the external, independent review process. The plan shall disclose the availability of the external, independent review process and how enrollees may access the review process in the plan's evidence of coverage and disclosure forms.

(c) The Commissioner of Corporations, in consultation with the Insurance Commissioner, shall, by January 1, 1998, contract with a private, nonprofit accrediting organization to accredit the independent review entities specified in subdivision (b). The accrediting organization shall have the power to grant and revoke accreditation, and shall develop, apply, and enforce accreditation standards, including those required in subdivision (e), that ensure

the independence of the independent review entity, the confidentiality of the medical records, and the qualifications and independence of the health care professionals providing the analyses and recommendations requested of them. The accrediting organization shall demonstrate the ability to objectively evaluate the performance of independent entities and shall demonstrate that it has no conflict of interest, including any material professional, familial, or financial affiliation as defined in paragraph (4) of subdivision (b) with any independent entity or plan, in accrediting entities for the purpose of reviewing medical treatments, treatment recommendations, and coverage decisions by health care service plans.

(d) For the purposes of paragraph (3) of subdivision (a), "medical and scientific evidence" means the following sources:

(1) Peer-reviewed scientific studies published in or accepted for publication by medical journals that meet nationally recognized requirements for scientific manuscripts and that submit most of their published articles for review by experts who are not part of the editorial staff.

(2) Peer-reviewed literature, biomedical compendia, and other medical literature that meet the criteria of the National Institute of Health's National Library of Medicine for indexing in Index Medicus, Excerpta Medicus (EMBASE), Medline, and MEDLARS database Health Services Technology Assessment Research (HSTAR).

(3) Medical journals recognized by the Secretary of Health and Human Services, under Section 1861(t)(2) of the Social Security Act.

(4) The following standard reference compendia: The American Hospital Formulary Service-Drug Information, the American Medical Association Drug Evaluation, the American Dental Association Accepted Dental Therapeutics, and the United States Pharmacopoeia-Drug Information.

(5) Findings, studies, or research conducted by or under the auspices of federal government agencies and nationally recognized federal research institutes including the Federal Agency for Health Care Policy and Research, National Institutes of Health, National Cancer Institute, National Academy of Sciences, Health Care Financing Administration, Congressional Office of Technology Assessment, and any national board recognized by the National Institutes of Health for the purpose of evaluating the medical value of health services.

(6) Peer-reviewed abstracts accepted for presentation at major medical association meetings.

(e) In order to receive accreditation for the purposes of this section, an independent entity shall meet all of the following requirements:

(1) The independent entity must be an organization that has as its primary function to provide expert reviews and related services and receives a majority of its revenues from these services, except that an

academic medical center may qualify as an independent entity for purposes of this act without having as its primary function providing expert reviews and related services and without receiving a majority of its revenues from these services. An independent entity may not be a subsidiary of, nor in any way owned or controlled by, a health plan, a trade association of health plans, or a professional association of health care providers.

(2) The independent entity must submit to the accrediting organization and to the Department of Corporations the following information upon initial application for accreditation and annually thereafter upon any change to any of the following information:

(A) The names of all stockholders and owners of more than 5 percent of any stock or options, if a publicly held organization.

(B) The names of all holders of bonds or notes in excess of one hundred thousand dollars ($100,000), if any.

(C) The names of all corporations and organizations that the independent entity controls or is affiliated with, and the nature and extent of any ownership or control, including the affiliated organization's type of business.

(D) The names and biographical sketches of all directors, officers, and executives of the independent entity, as well as a statement regarding any relationships the directors, officers, and executives may have with any health care service plan, disability insurer, managed care organization, provider group or board or committee.

(E) The percentage of revenue the independent entity receives from expert reviews.

(F) A description of the review process, including, but limited not to, the method of selecting expert reviewers and matching the expert reviewers to specific cases.

(G) A description of the system the independent entity uses to identify and recruit expert reviewers, the number of expert reviewers credentialed and the types of cases the experts are credentialed to review.

(H) Documentation regarding the medical institutions from which the independent entity has selected the experts during the previous 12 months, and the percentage of opinions obtained from each institution.

(I) A description of the areas of expertise available from expert reviewers retained by the independent entity.

(J) A description of how the independent entity ensures compliance with the conflict-of-interest provisions of this section.

(3) The independent entity must demonstrate that it has a quality assurance mechanism in place that does the following:

(A) Ensures that the experts retained are appropriately credentialed and privileged.

(B) Ensures that the reviews provided by the experts are timely, clear and credible, and that reviews are monitored for quality on an ongoing basis.

(C) Ensures that the method of selecting expert reviewers for individual cases achieves a fair and impartial panel of experts who are qualified to render recommendations regarding the clinical conditions and therapies in question.

(D) Ensures the confidentiality of medical records and the review materials, consistent with the requirements of this section.

(E) Ensures the independence of the experts retained to perform the reviews through conflict-of-interest policies and prohibitions and adequate screening for conflicts of interest, pursuant to paragraph (3) of subdivision (b).

(f) (1) The Department of Corporations shall receive the information filed by independent entities pursuant to paragraph (2) of subdivision (e) for the purpose of creating a file of public records. The Department of Corporations shall not be responsible for accrediting independent entities.

(2) The accrediting organization shall provide, upon the request of any interested person, a copy of all nonproprietary information filed with it by the independent entity under paragraph (2) of subdivision (e). The accrediting organization may charge a reasonable fee to the interested person for photocopying the requested information.

(g) The independent review process established by this section shall be required on and after July 1, 1998.

SEC. 4. Section 10145.3 is added to the Insurance Code, to read:

10145.3. (a) Every disability insurer that covers hospital, medical, or surgical benefits shall provide an external, independent review process to examine the insurer's coverage decisions regarding experimental or investigational therapies for individual insureds who meet all of the following criteria:

(1) The insured has a terminal condition that, according to the insured's physician's current diagnosis, has a high probability of causing death within two years from the date of the request for an independent medical review; and

(2) The insured's physician certifies that the insured has a condition, as defined in paragraph (1), for which standard therapies have not been effective in improving the condition of the insured, or for which standard therapies would not be medically appropriate for the insured, or for which there is no more beneficial standard therapy covered by the insurer than the therapy proposed pursuant to paragraph (3); and

(3) Either (A) the insured's contracting physician has recommended a drug, device, procedure, or other therapy that the physician certifies in writing is likely to be more beneficial to the insured than any available standard therapies, or (B) the insured, or the insured's physician who is a licensed, board-certified or board-eligible physician qualified to practice in the area of practice appropriate to treat the insured's condition, has requested a therapy that, based on two documents from the medical and scientific

evidence, as defined in subdivision (d), is likely to be more beneficial for the insured than any available standard therapy. The physician certification pursuant to this subdivision shall include a statement of the evidence relied upon by the physician in certifying his or her recommendation. Nothing in this subdivision shall be construed to require the insurer to pay for the services of a noncontracting physician, provided pursuant to this subdivision, that are not otherwise covered pursuant to the contract; and

(4) The insured has been denied coverage by the insurer for a drug, device, procedure, or other therapy recommended or requested pursuant to paragraph (3), unless coverage for the specific therapy has been excluded by the plan contract; and

(5) This section shall not apply to any Medi-Cal beneficiary enrolled with an insurer under the insurer's contract with the Medi-Cal program; and

(6) The specific drug, device, procedure, or other therapy recommended pursuant to paragraph (3) would be a covered service, except for the plan's determination that the therapy is experimental or under investigation.

(b) The insurer's external, independent review shall meet the following criteria:

(1) The insurer shall offer all insureds who meet the criteria in subdivision (a) the opportunity to have the requested therapy reviewed under the external, independent review process. The insurer shall notify eligible insureds in writing of the opportunity to request the external independent review within five business days of the decision to deny coverage.

(2) The insurer shall contract with one or more impartial, independent entities that are accredited pursuant to subdivision (c). The entity shall arrange for review of the coverage decision by selecting an independent panel of at least three physicians or other providers who are experts in the treatment of the insured's medical condition and knowledgeable about the recommended therapy. If the entity is an academic medical center accredited in accordance with subdivision (e), the independent panel may include experts affiliated with or employed by the entity. A panel of two experts may be arranged at the insurer's request, provided the insured consents in writing. The independent entity may arrange for a panel of one expert only if the independent entity certifies in writing that there is only one expert qualified and able to review the recommended therapy. Neither the insurer nor the insured shall choose or control the choice of the physician or other provider experts.

(3) Neither the expert, nor the independent entity, nor any officer, director, or management employee of the independent entity shall have any material professional, familial, or financial affiliation, as defined in paragraph (4), with any of the following:

(A) The insurer.

(B) Any officer, director, or management employee of the insurer.

(C) The physician, the physician's medical group, or the independent practice association (IPA) proposing the therapy.

(D) The institution at which the therapy would be provided.

(E) The development or manufacture of the principal drug, device, procedure, or other therapy proposed for the insured whose treatment is under review.

(4) For purposes of this section, the following terms shall have the following meanings:

(A) "Material familial affiliation" shall mean any relationship as a spouse, child, parent, sibling, spouse's parent, or child's spouse.

(B) "Material professional affiliation" shall mean any physician-patient relationship, any partnership or employment relationship, a shareholder or similar ownership interest in a professional corporation, or any independent contractor arrangement that constitutes a material financial affiliation with any expert or any officer or director of the independent entity. The term "material professional affiliation" shall not include affiliations which are limited to staff privileges at a health facility.

(C) "Material financial affiliation" shall mean any financial interest of more than 5 percent of total annual revenue or total annual income of an entity or individual to which this subdivision applies. "Material financial affiliation" shall not include payment by the insurer to the independent entity for the services required by this section, nor shall "material financial affiliation" include an expert's participation as a contracting provider for the insurer where the expert is affiliated with an academic medical center or a National Cancer Institute-designated clinical cancer research center.

(5) The insured shall not be required to pay for the external independent review. The costs of the review shall be borne by the insurer.

(6) The insurer shall provide to the independent entity arranging for the panel of experts a copy of the following documents within five business days of the insurer's receipt of a request by an insured or insured's physician for an external independent review.

(A) The medical records relevant to the patient's condition for which the proposed therapy has been recommended, provided the documents are within the insurer's possession. Any medical records provided to the insurer after the initial documents are provided to the independent entity shall be forwarded by the insurer to the independent entity within five business days. The confidentiality of the medical records shall be maintained pursuant to Section 56.10 of the Civil Code.

(B) A copy of any relevant documents used by the insurer in determining whether the proposed therapy should be covered, and any statement by the insurer explaining the reasons for the insurer's decision not to provide coverage for the proposed therapy. The

insurer shall provide, upon request, a copy of the documents required by this paragraph, except for the documents described in paragraphs (A) and (C), to the insured and the insured's physician.

(C) Any information submitted by the insured or the insured's physician to the insurer in support of the insured's request for coverage of the proposed drug, device, procedure, or other therapy.

(7) The experts on the panel shall render their analyses and recommendations within 30 days of the receipt of the insured's request for review. If the insured's physician determines that the proposed therapy would be significantly less effective if not promptly initiated, the analyses and recommendations of the experts on the panel shall be rendered within seven days of the request for expedited review. At the request of the expert, the deadline shall be extended by up to three days for a delay in providing the documents required by paragraph (6) of subdivision (b).

(8) Each expert's analysis and recommendation shall be in written form and states the reasons the requested therapy is or is not likely to be more beneficial for the insured than any available standard therapy, and the reasons that the expert recommends that the therapy should or should not be covered by the insurer, citing the insured's specific medical condition, the relevant documents provided pursuant to paragraph (6), and the relevant medical and scientific evidence, including, but not limited to, the medical and scientific evidence as defined in subdivision (d), to support the expert's recommendation.

(9) The independent entity shall provide the insurer and the insured's physician with the expert's analyses and recommendations, a description of the qualifications of each expert, and any other information that it chooses to provide to the insurer and the insured's physician, including, but not limited to, the names of the expert reviewers. The independent entity shall not be required to disclose the names of the expert reviewers to the insurer or to the insured's physician, except pursuant to a properly made request for discovery. If the independent entity chooses to disclose the names of the experts on the panel to the insurer, the independent entity must also disclose the names of the experts to the insured's physician. The insured's physician may provide these documents and information to the enrollee.

(10) If the majority of experts on the panel recommend providing the proposed therapy, pursuant to paragraph (8), the recommendation shall be binding on the insurer. If the recommendations of the experts on the panel are evenly divided as to whether the therapy should be provided, then the panel's decision shall be deemed to be in favor of coverage. If less than a majority of the experts on the panel recommend providing the therapy, the insurer is not required to provide the therapy. Coverage for the services required under this section shall be provided subject to the

terms and conditions generally applicable to other benefits under the contract.

(11) The insurer shall have written policies describing the external, independent review process. The insurer shall disclose the availability of the external, independent review process and how insureds may access the review process in the insurer's evidence of coverage and disclosure forms.

(c) The Commissioner of Corporations, in consultation with the Insurance Commissioner, shall, by January 1, 1998, contract with a private, nonprofit accrediting organization to accredit the independent review entities specified in subdivision (b). The accrediting organization shall have the power to grant and revoke accreditation, and shall develop, apply, and enforce accreditation standards, including those required in subdivision (e), that ensure the independence of the independent review entity, the confidentiality of the medical records, and the qualifications and independence of the health care professionals providing the analyses and recommendations requested of them. The accrediting organization shall demonstrate the ability to objectively evaluate the performance of independent entities and shall demonstrate that it has no conflict of interest, including any material professional, familial, or financial affiliation as defined in paragraph (4) of subdivision (b) with any independent entity or disability insurer, in accrediting entities for the purpose of reviewing medical treatments, treatment recommendations, and coverage decisions by disability insurers.

(d) For the purposes of paragraph (3) of subdivision (a), "medical and scientific evidence" means the following sources:

[Approved by Governor September 27, 1996. Filed with Secretary of State September 27, 1996.]

4852.01. (a) Any person convicted of a felony who has been released from a state prison or other state penal institution or agency in California, whether discharged on completion of the term for which he or she was sentenced or released on parole prior to May 13, 1943, who has not been incarcerated in a state prison or other state penal institution or agency since his or her release and who presents satisfactory evidence of a three-year residence in this state immediately prior to the filing of the petition for a certificate of rehabilitation and pardon provided for by this chapter, may file the petition pursuant to the provisions of this chapter.

(b) Any person convicted of a felony who, on May 13, 1943, was confined in a state prison or other institution or agency to which he or she was committed and any person convicted of a felony after that date who is committed to a state prison or other institution or agency may file a petition for a certificate of rehabilitation and pardon pursuant to the provisions of this chapter.

(c) Any person convicted of a felony or any person who is convicted of a misdemeanor violation of any sex offense specified in Section 290, the accusatory pleading of which has been dismissed pursuant to Section 1203.4, may file a petition for certificate of rehabilitation and pardon pursuant to the provisions of this chapter if the petitioner has not been incarcerated in any prison, jail, detention facility, or other penal institution or agency since the dismissal of the accusatory pleading and is not on probation for the commission of any other felony, and the petitioner presents satisfactory evidence of five years residence in this state prior to the filing of the petition.

SEC. 3. Section 4852.03 of the Penal Code is amended to read:

4852.03. (a) The period of rehabilitation shall begin to run upon the discharge of the petitioner from custody due to his or her

completion of the term to which he or she was sentenced or upon his or her release on parole or probation, whichever is sooner. For purposes of this chapter, the period of rehabilitation shall constitute five years' residence in this state, plus a period of time determined by the following rules:

(1) To the five years there shall be added four years in the case of any person convicted of violating Section 187, 209, 219, 4500 or 12310 of this code, or subdivision (a) of Section 1672 of the Military and Veterans Code, or of committing any other offense which carries a life sentence.

(2) To the five years there shall be added two years in the case of any person convicted of committing any offense which is not listed in paragraph (1) and which does not carry a life sentence.

(3) The trial court hearing the application for the certificate of rehabilitation may, if the defendant was ordered to serve consecutive sentences, order that his or her statutory period of rehabilitation be extended for an additional period of time which when combined with the time already served will not exceed the period prescribed by statute for the sum of the maximum penalties for all the crimes.

(4) Any person who was discharged after completion of his or her term or was released on parole before May 13, 1943, is not subject to the periods of rehabilitation set forth in these rules.

(b) Unless and until the period of rehabilitation, as stipulated in this section, has passed, the petitioner shall be ineligible to file his or her petition for a certificate of rehabilitation with the court. Any certificate of rehabilitation which is issued and under which the petitioner has not fulfilled the requirements of this chapter shall be void.

(c) A change of residence within this state does not interrupt the period of rehabilitation prescribed by this section.

Except as provided in subdivision (a) of Section 4852.01, after the expiration of the minimum period of rehabilitation applicable to him or her (and, in the case of persons released upon parole or probation, after the termination of parole or probation), each person who has complied with the requirements of Section 4852.05 may file in the superior court of the county in which he or she then resides a petition for ascertainment and declaration of the fact of his or her rehabilitation and of matters incident thereto, and for a certificate of rehabilitation under this chapter. No petition shall be filed until and unless the petitioner has continuously resided in this state, after leaving prison, for a period of not less than five years immediately preceding the date of filing the petition.

SEC. 6. Section 4852.13 of the Penal Code, as amended by Chapter 129 of the Statutes of 1996, is amended to read:

4852.13. (a) Except as otherwise provided in subdivision (b), if after hearing, the court finds that the petitioner has demonstrated by his or her course of conduct his or her rehabilitation and his or her fitness to exercise all of the civil and political rights of citizenship, the court may make an order declaring that the petitioner has been rehabilitated, and recommending that the Governor grant a full pardon to the petitioner. This order shall be filed with the clerk of the court, and shall be known as a certificate of rehabilitation.

(b) No certificate of rehabilitation shall be granted to a person convicted of any offense specified in Section 290 if the court determines that the petitioner presents a continuing threat to minors of committing any of the offenses specified in Section 290.

(c) A district attorney in either the county where the conviction was obtained or the county of residence of the recipient of the certificate of rehabilitation may petition the superior court to rescind a certificate if it was granted for any offense specified in Section 290. The petition shall be filed in either the county in which the person who has received the certificate of rehabilitation resides or the county in which the conviction was obtained. If the superior court finds that petitioner has demonstrated by a preponderance of the evidence that the person who has received the certificate presents a continuing threat to minors of committing any of the offenses specified in Section 290, the court shall rescind the certificate.

(b) (1) Except as provided in paragraph (4), any person who is convicted of a felony committed for the benefit of, at the direction of, or in association with any criminal street gang, with the specific

(c) If the court grants probation or suspends the execution of sentence imposed upon the defendant for a violation of subdivision (a), or in cases involving a true finding of the enhancement enumerated in subdivision (b), the court shall require that the defendant serve a minimum of 180 days in a county jail as a condition thereof.

(d) Notwithstanding any other law, the court may strike the additional punishment for the enhancements provided in this section or refuse to impose the minimum jail sentence for misdemeanors in an unusual case where the interests of justice would best be served, if the court specifies on the record and enters into the minutes the circumstances indicating that the interests of justice would best be served by that disposition.

(e) As used in this chapter, "pattern of criminal gang activity" means the commission of, attempted commission of, or solicitation of, sustained juvenile petition for, or conviction of two or more of the following offenses, provided at least one of these offenses occurred after the effective date of this chapter and the last of those offenses occurred within three years after a prior offense, and the offenses were committed on separate occasions, or by two or more persons:

SEC. 2. Section 186.27 of the Penal Code is repealed.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime

(d) Those convicted of domestic violence offenses can benefit from participation in a structured batterer's program.

SEC. 2. Section 3053.2 is added to the Penal Code, to read:

For persons who committed the offense after January 1, 1997, successful completion of a batterer's program, which shall be a condition of release from parole. of violence or failure to comply with the program requirements, to the parolee's parole agent or officer.

(i) Upon recommendation of the director of the batterer's program, a parole agent or officer may require a parolee to participate in additional sessions throughout the parole period, unless he or she finds that it is not in the interests of justice to do so. In deciding whether the parolee would benefit from more sessions, the parole agent or officer shall consider whether any of the following conditions exist:

(1) The parolee has been violence-free for a minimum of six months.

(2) The parolee has cooperated and participated in the batterer's program.

CHAPTER 984

An act to amend Section 42301.12 of the Health and Safety Code, relating to air pollution, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 27, 1996. Filed with Secretary of State September 27, 1996.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature that, in implementing Title V of the federal Clean Air Act, (42 U.S.C.A. Sec. 7661 et seq.), the state avoid the situation where permit terms and conditions imposed to ensure compliance with nonfederal requirements are made federally enforceable solely as a result of being included as part of a Title V application and permit, except where the source requests that those terms and conditions be made federally enforceable. It is also the intent of the Legislature that, as the state implements Title V, sources be able to take full advantage of flexibility provided by the Environmental Protection Agency in that agency's regulations, its White Paper for Streamlined Development of the Part 70 Permit Applications (July 10, 1995), its White Paper Number 2 for Improved Implementation of the Part 70 Operating Permits Program (March 5, 1996), other such guidance documents, and further permitting and operational flexibility available under Title V. Those flexibility provisions include, but are not limited to, streamlining applicable requirements on the same emissions units and the development of applications and permits so that outdated State Implementation Plan requirements are addressed.

SEC. 2. Section 42301.12 of the Health and Safety Code is amended to read:

42301.12. (a) Any district permit system or permit provision established by a district board to meet the requirements of Title V shall, consistent with federal law, minimize the regulatory burden on Title V sources and the district and shall meet all of the following criteria:

(1) Apply only to Title V sources.

(2) Issue permits pursuant to Title V only after the Environmental Protection Agency has approved the district's Title V permit program.

(3) Identify in the permit, to the greatest extent feasible, permit terms and conditions which are federally enforceable and those which are not federally enforceable. A district shall make that identification by either of the following means:

(A) Identifying in the permit the terms and conditions that are federally enforceable because they are imposed pursuant to a federal requirement or because the source has requested the terms and conditions and federal enforceability thereof and the permitting district has not determined that the request does not meet all applicable federal requirements and guidelines.

(B) Identifying in the permit the terms and conditions which are imposed pursuant to state law or district rules and are not federally enforceable. Districts may further identify those terms and conditions of the permit which are not federally enforceable, but which have been included in the permit to enforce district rules adopted by the district to meet federal requirements.

(4) Utilize, to the extent reasonably feasible, general permits and similar methods to reduce source and district permitting burdens for Title V sources.

(5) Establish clear and simple application completeness criteria.

(6) To the extent feasible, minimize the burden of federally mandated paperwork such as recordkeeping and reporting documents.

(7) Allow sources maximum flexibility in selecting cost-effective, reliable, and representative monitoring methods consistent with applicable state and federal requirements.

(8) If a permit is required to be reopened to comply with Title V requirements, base the reopening upon the federal criteria for reopening and limit the reopening to only the federal component of the Title V permit. This paragraph is not intended to limit in any way the authority under state law to reopen permits.

(9) Authorize administrative permit amendments and minor permit modifications as required by federal law.

(10) Provide that, unless the district determines that a Title V application is not complete within 60 days of receipt of the application, the application shall be deemed to be complete.

(11) Authorize, to the extent consistent with existing state law, mandatory operational flexibility provisions required pursuant to Part 70 (commencing with Section 70.1) of Title 40 of the Code of

Federal Regulations, and consider optional operational flexibility provisions established pursuant to Part 70 (commencing with Section 70.1) of Title 40 of the Code of Federal Regulations. Nothing in this paragraph is intended to affect whatsoever any pending litigation.

(12) Make every reasonable effort, in partnership with Title V sources and the state board, to evaluate and respond to the substance of any objection to a proposed permit and to obtain expeditious approval of Title V permits submitted to the Environmental Protection Agency.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Pursuant to federal law, Title V permit applications are, or will soon be, required to be submitted to air pollution control districts and air quality management districts. In order to require the districts, before the submittal deadlines, to identify those terms and conditions of a permit that are federally enforceable because the terms and conditions, and their federal enforceability, have been requested by a source, thereby helping to prevent requirements imposed only by the state from becoming federally enforceable without the express request of the source, it is necessary that this act take effect immediately.

CHAPTER 985

An act to amend Section 7159 of the Business and Professions Code, relating to contractors.

[Approved by Governor September 27, 1996. Filed with Secretary of State September 27, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 7159 of the Business and Professions Code is amended to read:

7159. This section shall apply only to home improvement contracts, as defined in Section 7151.2, between a contractor, whether a general contractor or a specialty contractor, who is licensed or subject to be licensed pursuant to this chapter with regard to the transaction and who contracts with an owner or tenant for work upon a residential building or structure, or upon land adjacent thereto, for proposed repairing, remodeling, altering, converting, modernizing, or adding to the residential building or structure or land adjacent thereto, and where the aggregate contract price specified in one or more improvement contracts, including all labor, services, and materials to be furnished by the contractor, exceeds five hundred dollars ($500).

Every home improvement contract and every contract, the primary purpose of which is the construction of a swimming pool, shall be subject to the provisions of this section. Every contract and any changes in the contract subject to the provisions of this section shall be evidenced by a writing and shall be signed by all the parties to the contract thereto. The writing shall contain all of the following:

(a) The name, address, and license number of the contractor, and the name and registration number of any salesperson who solicited or negotiated the contract.

(b) The approximate dates when the work will begin and on which all construction is to be completed.

(c) A plan and scale drawing showing the shape, size, dimensions, and construction and equipment specifications for a swimming pool and for other home improvements, a description of the work to be done and description of the materials to be used and the equipment to be used or installed, and the agreed consideration for the work.

(d) If the payment schedule contained in the contract provides for a downpayment to be paid to the contractor by the owner or the tenant before the commencement of work, the downpayment shall not exceed two hundred dollars ($200) or 2 percent of the contract price for swimming pools, or one thousand dollars ($1,000) or 10 percent of the contract price for other home improvements, excluding finance charges, whichever is the lesser.

(e) A schedule of payments showing the amount of each payment as a sum in dollars and cents. In no event shall the payment schedule provide for the contractor to receive, nor shall the contractor actually receive, payments in excess of 100 percent of the value of the work performed on the project at any time, excluding finance charges, except that the contractor may receive an initial downpayment authorized by subdivision (d). With respect to a swimming pool contract, the final payment may be made at the completion of the final plastering phase of construction, provided that any installation or construction of equipment, decking, or fencing required by the contract is also completed. A failure by the contractor without lawful excuse to substantially commence work within 20 days of the approximate date specified in the contract when work will begin

shall postpone the next succeeding payment to the contractor for that period of time equivalent to the time between when substantial commencement was to have occurred and when it did occur. The schedule of payments shall be stated in dollars and cents, and shall be specifically referenced to the amount of work or services to be performed and to any materials and equipment to be supplied. With respect to a contract that provides for a schedule of monthly payments to be made by the owner or tenant and for a schedule of payments to be disbursed to the contractor by a person or entity to whom the contractor intends to assign the right to receive the owner's or tenant's monthly payments, the payments referred to in this subdivision mean the payments to be disbursed by the assignee and not those payments to be made by the owner or tenant.

(f) A statement that, upon satisfactory payment being made for any portion of the work performed, the contractor shall, prior to any further payment being made, furnish to the person contracting for the home improvement or swimming pool a full and unconditional release from any claim or mechanic's lien pursuant to Section 3114 of the Civil Code for that portion of the work for which payment has been made.

(g) The requirements set forth in subdivisions (d), (e), and (f) shall not apply when the contract provides for the contractor to furnish a performance and payment bond, lien and completion bond, bond equivalent, or joint control approved by the Registrar of Contractors covering full performance and completion of the contract and the bonds or joint control is or are furnished by the contractor, or when the parties agree for full payment to be made upon or for a schedule of payments to commence after satisfactory completion of the project. The contract shall contain, in close proximity to the signatures of the owner and contractor, a notice in at least 10-point type stating that the owner or tenant has the right to require the contractor to have a performance and payment bond.

(h) No extra or change-order work shall be required to be performed without prior written authorization of the person contracting for the construction of the home improvement or swimming pool. No change-order shall be enforceable against the person contracting for home improvement work or swimming pool construction unless it clearly sets forth the scope of work encompassed by the change-order and the price to be charged for the changes. Any change-order forms for changes or extra work shall be incorporated in, and become a part of, the contract. Failure to comply with the requirements of this subdivision shall not preclude the recovery of compensation for work performed based upon quasi-contract, quantum meruit, restitution, or other similar legal or equitable remedies designed to prevent unjust enrichment.

(i) If the contract provides for a payment of a salesperson's commission out of the contract price, that payment shall be made on a pro rata basis in proportion to the schedule of payments made to

the contractor by the disbursing party in accordance with subdivision (e).

(j) The language of the notice required pursuant to Section 7018.5.

(k) What constitutes substantial commencement of work pursuant to the contract.

(*l*) A notice that failure by the contractor without lawful excuse to substantially commence work within 20 days from the approximate date specified in the contract when work will begin is a violation of the Contractors' State License Law.

(m) If the contract provides for a contractor to furnish joint control, the contractor shall not have any financial or other interest in the joint control.

A failure by the contractor without lawful excuse to substantially commence work within 20 days from the approximate date specified in the contract when work will begin is a violation of this section.

This section shall not be construed to prohibit the parties to a home improvement contract from agreeing to a contract or account subject to Chapter 1 (commencing with Section 1801) of Title 2 of Part 4 of Division 3 of the Civil Code.

The writing may also contain other matters agreed to by the parties to the contract.

The writing shall be legible and shall be in a form that clearly describes any other document that is to be incorporated into the contract. Before any work is done, the owner shall be furnished a copy of the written agreement, signed by the contractor.

For purposes of this section, the board shall, by regulation, determine what constitutes "without lawful excuse."

The provisions of this section are not exclusive and do not relieve the contractor or any contract subject to it from compliance with all other applicable provisions of law.

A violation of this section by a licensee, or a person subject to be licensed, under this chapter, or by his or her agent or salesperson, is a misdemeanor punishable by a fine of not less than one hundred dollars ($100) nor more than five thousand dollars ($5,000), or by imprisonment in the county jail not exceeding one year, or by both that fine and imprisonment.

(n) Any person who violates this section as part of a plan or scheme to defraud an owner of a residential or nonresidential structure, including a mobilehome or manufactured home, in connection with the offer or performance of repairs to the structure for damage caused by a natural disaster, shall be ordered by the court to make full restitution to the victim based on the person's ability to pay, as defined in subdivision (e) of Section 1203.1b of the Penal Code. In addition to full restitution, and imprisonment authorized by this section, the court may impose a fine of not less than five hundred dollars ($500) nor more than twenty-five thousand dollars ($25,000), based upon the defendant's ability to pay. This subdivision applies to natural disasters for which a state of emergency is proclaimed by the

Governor pursuant to Section 8625 of the Government Code or for which an emergency or major disaster is declared by the President of the United States.

CHAPTER 986

An act to amend Sections 14036, 14037, 14038, 14041, and 14070 of the Corporations Code, relating to business development, and making an appropriation therefor.

[Approved by Governor September 27, 1996. Filed with Secretary of State September 27, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 14036 of the Corporations Code is amended to read:

14036. The loan account is created solely for the purpose of receiving state, federal, or local government money, and other public or private money, for subsequent allocation by the office, with the approval of the Department of Finance, to the small business development corporate loan guarantee fund.

SEC. 2. Section 14037 of the Corporations Code is amended to read:

14037. (a) All money deposited in the loan account is hereby appropriated, without regard to fiscal years for the purposes of this chapter. The state shall not be liable or obligated in any way beyond the state money which is allocated and deposited in the loan account from state money which is appropriated for these purposes.

(b) On and after January 1, 1997, accounts within the expansion fund for loan guarantees and surety bond guarantees, including loan loss reserves established for the purpose of paying loan defaults, shall be transferred to the small business development loan guarantee fund in the corporate fund of those corporations previously using those funds in the expansion fund to guarantee loans and surety bonds.

(c) The office may reallocate funds held within a corporation's small business development loan guarantee fund. The office shall reallocate funds based on which corporation is most effectively using its guarantee funds. If funds are withdrawn from a less effective corporation as part of a reallocation, the office shall make that withdrawal only after giving consideration to that corporation's fiscal solvency, its ability to honor loan guarantee defaults, and its ability to maintain a viable presence within the region it serves. Reallocation of funds shall not occur more frequently than annually commencing January 1, 1997. Any decision made by the office pursuant to this

subdivision may be appealed to the board. The board has authority to repeal or modify any decision to reallocate funds.

SEC. 3. Section 14038 of the Corporations Code is amended to read:

14038. (a) The funds in the loan account shall be paid out to a small business development corporation loan guarantee fund by the Treasurer on warrants drawn by the Controller and requisitioned by the office, pursuant to the purposes of this chapter. The office may transfer funds allocated to the corporate fund to accounts, established solely to receive the funds, in lending institutions designated by that corporation. The lending institutions so designated shall be approved by the state for the receipt of state deposits. Interest earned on the accounts in lending institutions may be utilized by the corporations pursuant to the purposes of this chapter.

(b) The office shall reallocate and transfer money to corporate trust accounts based on performance-based criteria. The criteria shall include, but not be limited to, the following:

(1) The default record of the corporation.

(2) The number and amount of loans guaranteed by a corporation.

(3) The number and amount of loans made by a corporation if state funds were used to make those loans.

(4) The number and amount of surety bonds guaranteed by a corporation.

Any decision made by the office pursuant to this subdivision may be appealed to the board within 15 days of notice of the proposed action. The board may repeal or modify any reallocation and transfer decisions made by the office.

SEC. 4. Section 14041 of the Corporations Code is amended to read:

14041. (a) Except as provided in subdivisions (c) and (d) of Section 14070, the loan guarantee account, shall be used solely to make loans, guarantee bonds, and guarantee loans, approved by the corporation, that meet the California Small Business Development Corporation Law loan criteria. The state shall not be liable or obligated in any way as a result of the allocation of state money to a corporate fund beyond the state money that is allocated and deposited in the fund pursuant to this chapter, and that is not otherwise withdrawn by the state pursuant to this chapter.

(b) A summary of all loans and bonds to which a state guarantee is attached shall be submitted to the director upon execution of the loan agreement and periodically thereafter.

(c) A summary of all loans made by a corporation shall be submitted to the director upon execution of the loan agreement and periodically thereafter.

SEC. 5. Section 14070 of the Corporations Code is amended to read:

14070. (a) The corporate guarantee shall be backed by funds on deposit in the corporation's corporate fund.

(b) Loan guarantees shall be secured by a reserve of at least 25 percent to be determined by the director.

(c) The expansion fund and corporate accounts shall be used exclusively to guarantee obligations and pay the administrative costs of the corporations. A corporation located in a rural area may utilize the funds for direct lending to farmers as long as at least 90 percent of the corporate fund farm loans, calculated by dollar amount, and all expansion fund farm loans are guaranteed by the United States Farmers Home Administration. The amount of funds available for direct farm lending shall be determined by the executive director. In its capacity as a direct lender, the corporation may sell in the secondary market the guaranteed portion of each loan so as to raise additional funds for direct lending. The agency shall issue regulations governing these direct loans, including the maximum amount of these loans.

(d) In furtherance of the purposes of this part, up to one-half of the corporate funds may be used to guarantee loans utilized to establish a Business and Industrial Development Corporation (BIDCO) under Division 15 (commencing with Section 33000) of the Financial Code.

(e) To execute the direct loan programs established in this chapter, the office may loan trust funds to a corporation located in a rural area for the express purpose of lending those funds to an identified borrower. The loan by the office to the corporation shall be on terms similar to the loan between the corporation and the borrower. The amount of the loan may be in excess of the amount of a loan to any individual farm borrower, but actual disbursements pursuant to the office loan agreement shall be required to be supported by a loan agreement between the farm borrower and the corporation in an amount at least equal to the requested disbursement. The loan between the office and the corporation shall be evidenced by a credit agreement. In the event that any loan between the corporation and borrower is not guaranteed by a governmental agency, the portion of the credit agreement attributable to that loan shall be secured by assignment of any note, executed in favor of the corporation by the borrower to the office. The terms and conditions of the credit agreement shall be similar to the loan agreement between the corporation and the borrower, which shall be collateralized by the note between the corporation and the borrower. In the absence of fraud on the part of the corporation, the liability of the corporation to repay the loan to the office is limited to the repayment received by the corporation from the borrower except in a case where the Farmers Home Administration requires exposure by the corporation in rule or regulation. The corporation may use trust funds for loan repayment to the office if the corporation has exhausted a loan loss reserve created for this purpose. Interest and principal received by the office

from the corporation shall be deposited into the same account from which the funds were originally borrowed.

(f) Upon the approval of the director, a corporation shall be authorized to borrow trust funds from the office for the purpose of relending those funds to small businesses. A corporation shall demonstrate to the director that it has the capacity to administer a direct loan program, and has procedures in place to limit the default rate for loans to startup businesses. Not more than 25 percent of any trust fund shall be used for the direct lending established pursuant to this subdivision. A loan to a corporation shall not exceed the amount of funds likely to be lent to small businesses within three months following the loan to the corporation. The maximum loan amount to a small business is fifty thousand dollars ($50,000). In the absence of fraud on the part of the corporation, the repayment obligation pursuant to the loan to the corporation shall be limited to the amount of funds received by the corporation for the loan to the small business and any other funds received from the office that are not disbursed. The corporation shall be authorized to charge a fee to the small business borrower, in an amount determined by the office pursuant to regulation. The program provided for in this subdivision shall be available in all geographic areas of the state.

CHAPTER 987

An act to amend Sections 48002, 48004, and 68101 of the Food and Agricultural Code, relating to agriculture.

[Approved by Governor September 27, 1996. Filed with Secretary of State September 27, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 48002 of the Food and Agricultural Code is amended to read:

48002. (a) In addition to any other assessment, fees, or charges that may be required pursuant to this code, producers of navel oranges and Valencia oranges that are grown in this state and prepared for fresh market in the counties specified in subdivision (d) shall pay an assessment that shall not exceed 7 mills ($0.007) per carton for navel oranges and $2^1/_2$ mills ($0.0025) per carton for Valencia oranges through the 1996 calendar year. Thereafter, the assessment shall not exceed 9 mills ($0.009) per carton for navel oranges and 4 mills ($0.004) per carton for Valencia oranges. The assessment shall be:

(1) Based on the number of cartons shipped.

(2) Used to reimburse agricultural commissioners, pursuant to a memorandum of understanding between the department and the

commissioners, in the counties specified in subdivision (d) who meet the requirements of the inspection program as determined by the committee and concurred in by the secretary.

(3) Used to establish a reserve to fund the frost inspection program. The reserve amount shall be determined by the advisory committee. However, that amount shall not exceed the average annual expenditure for the program.

(4) Collected from the producer by the first handler. For the purposes of this chapter, "producer" means a grower of navel oranges or Valencia oranges and "handler" means a person or entity who receives navel oranges or Valencia oranges from a producer and who prepares the oranges for fresh market. If a producer prepares the oranges for market, the producer shall be deemed the handler.

(5) Remitted to the department by the first handler, along with an assessment form, at the end of each month during the marketing season.

(6) Deposited in the Department of Food and Agriculture Fund or, upon the recommendation of the committee, deposited in accordance with Section 227 or Article 2.5 (commencing with Section 230) of Chapter 2 of Part 1 of Division 1.

(b) In no case shall:

(1) The total amount reimbursed to all counties exceed the total amount collected from the producers in all counties, unless reserve moneys are required for the frost inspection program. However, the authorized expenditures shall not exceed the combined total of reserve moneys and revenue received in that fiscal year.

(2) The reimbursement to any county exceed the amount approved by the committee and concurred in by the secretary.

(c) If the inspection program is terminated and there are insufficient funds to cover the cost of terminating the inspection program, the assessment shall continue until all those costs are recovered.

(d) Assessments collected pursuant to this chapter are for the purpose of conducting an inspection program in the Counties of Fresno, Kern, Madera, Orange, Riverside, San Bernardino, Santa Clara, Tulare, and Ventura. The county agricultural commissioners of those counties shall provide an inspection program if the expenses of the program are reimbursed pursuant to paragraph (2) of subdivision (a). A producer shall not be required to pay assessments unless the county agricultural commissioners of those counties provide an inspection program in accordance with this chapter, unless otherwise recommended by the committee and approved by the secretary.

SEC. 2. Section 48004 of the Food and Agricultural Code is amended to read:

48004. This chapter shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2003, deletes or extends that date.

SEC. 3. Section 68101 of the Food and Agricultural Code is amended to read:

68101. (a) The commission shall, not later than October 1 of each year, establish the assessment for the marketing year beginning October 1 and ending September 30.

(b) The combined assessment of the commission and any other state or federally authorized kiwifruit production research and market program shall not exceed 5 percent of the average f.o.b. (free on board) gross dollar value of the kiwifruit marketed by or on behalf of producers during the previous three marketing years, or twenty-five cents ($0.25) per seven-pound tray of kiwifruit or the equivalent thereto, whichever is less. The assessment may be computed and assessed on a per tray basis if the commission determines that an assessment on that basis would be reasonably equivalent to the assessment established by the commission pursuant to subdivision (a).

(c) Expenditures for administrative purposes, as defined by the commission, within the maximum assessment shall not exceed $1\frac{1}{2}$ percent of the gross dollar value of kiwifruit marketed by or on behalf of producers during that marketing year.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 988

An act to amend Sections 3411, 6240, 6250, 6251, 6252, and 6253 of, and to add Section 3134.5 to, the Family Code, and to amend Section 868.5 of, and to repeal and add Chapter 4 (commencing with Section 277) of Title 9 of Part 1 of, the Penal Code, relating to child abduction.

The protective custody warrant for the child shall contain an order that the arresting agency shall place the child in protective custody, or return the child as directed by the court. SEC. 2. Section 3411 of the Family Code is amended to read:

3411. (a) The court may order any party to the proceeding who is within or without this state to appear personally before the court. If that party has physical custody of the child, the court may order him or her to appear personally with the child. If the party who is ordered to appear with the child cannot be served or fails to obey the order, or it appears the order will be ineffective, the court may issue a warrant of arrest against the party and a protective custody warrant for the child, to secure the party's or the child's appearance or both, before the court. The protective custody warrant for the child shall contain an order that the arresting agency shall place the child in protective custody, or return the child as directed by the court. The protective custody warrant may be served in any county in the same manner as a warrant of arrest and may be served at any time of the day or night.

(b) If a party to the proceeding whose presence is desired by the court is outside this state with or without the child the court may order that the notice given under Section 3405 include a statement directing that party to appear personally with or without the child and stating that failure to appear may result in a decision adverse to that party and the issuance of a warrant pursuant to subdivision (a).

(c) If a party to the proceeding who is outside this state is directed to appear under subdivision (b) or desires to appear personally before the court with or without the child, the court may require another party to pay to the clerk of the court travel and other necessary expenses of the party so appearing and of the child if this is just and proper under the circumstances.

(b) ''Court order'' or ''custody order'' means a custody determination decree, judgment, or order issued by a court of competent jurisdiction, whether permanent or temporary, initial or modified, that affects the custody or visitation of a child, issued in the context of a custody proceeding. An order, once made, shall continue in effect until it expires, is modified, is rescinded, or terminates by operation of law.

(c) ''Custody proceeding'' means a proceeding in which a custody determination is an issue, including, but not limited to, an action for dissolution or separation, dependency, guardianship, termination of parental rights, adoption, paternity, except actions under Section 11350 or 11350.1 of the Welfare and Institutions Code, or protection from domestic violence proceedings, including an emergency protective order pursuant to Part 3 (commencing with Section 6240) of Division 10 of the Family Code.

(d) ''Lawful custodian'' means a person, guardian, or public agency having a right to custody of a child.

(e) A ''right to custody'' means the right to the physical care, custody, and control of a child pursuant to a custody order as defined in subdivision (b) or, in the absence of a court order, by operation of law, or pursuant to the Uniform Parentage Act contained in Part 3 (commencing with Section 7600) of Division 12 of the Family Code. Whenever a public agency takes protective custody or jurisdiction of the care, custody, control, or conduct of a child by statutory authority or court order, that agency is a lawful custodian of the child and has a right to physical custody of the child. In any subsequent placement of the child, the public agency continues to be a lawful custodian with a right to physical custody of the child until the public agency's right of custody is terminated by an order of a court of competent jurisdiction or by operation of law.

(f) In the absence of a court order to the contrary, a parent loses his or her right to custody of the child to the other parent if the parent having the right to custody is dead, is unable or refuses to take the custody, or has abandoned his or her family. A natural parent whose parental rights have been terminated by court order is no longer a lawful custodian and no longer has a right to physical custody.

(g) "Keeps" or "withholds" means retains physical possession of a child whether or not the child resists or objects.

(h) "Visitation" means the time for access to the child allotted to any person by court order.

(i) "Person" includes, but is not limited to, a parent or an agent of a parent.

(j) "Domestic violence" means domestic violence as defined in Section 6211 of the Family Code.

(k) "Abduct" means take, entice away, keep, withhold, or conceal.

278. Every person, not having a right to custody, who maliciously takes, entices away, keeps, withholds, or conceals any child with the intent to detain or conceal that child from a lawful custodian shall be punished by imprisonment in a county jail not exceeding one year, a fine not exceeding one thousand dollars ($1,000), or both that fine and imprisonment, or by imprisonment in the state prison for two, three, or four years, a fine not exceeding ten thousand dollars ($10,000), or both that fine and imprisonment.

278.5. (a) Every person who takes, entices away, keeps, withholds, or conceals a child and maliciously deprives a lawful custodian of a right to custody, or a person of a right to visitation, shall be punished by imprisonment in a county jail not exceeding one year, a fine not exceeding one thousand dollars ($1,000), or both that fine and imprisonment, or by imprisonment in the state prison for 16 months, or two or three years, a fine not exceeding ten thousand dollars ($10,000), or both that fine and imprisonment.

(b) Nothing contained in this section limits the court's contempt power.

(c) A custody order obtained after the taking, enticing away, keeping, withholding, or concealing of a child does not constitute a defense to a crime charged under this section.

278.6. (a) At the sentencing hearing following a conviction for a violation of Section 278 or 278.5, or both, the court shall consider any relevant factors and circumstances in aggravation, including, but not limited to, all of the following:

(1) The child was exposed to a substantial risk of physical injury or illness.

(2) The defendant inflicted or threatened to inflict physical harm on a parent or lawful custodian of the child or on the child at the time of or during the abduction.

(3) The defendant harmed or abandoned the child during the abduction.

(4) The child was taken, enticed away, kept, withheld, or concealed outside the United States.

(5) The child has not been returned to the lawful custodian.

(6) The defendant previously abducted or threatened to abduct the child.

(7) The defendant substantially altered the appearance or the name of the child.

(8) The defendant denied the child appropriate education during the abduction.

(9) The length of the abduction.

(10) The age of the child.

(b) At the sentencing hearing following a conviction for a violation of Section 278 or 278.5, or both, the court shall consider any relevant factors and circumstances in mitigation, including, but not limited to, both of the following:

(1) The defendant returned the child unharmed and prior to arrest or issuance of a warrant for arrest, whichever is first.

(2) The defendant provided information and assistance leading to the child's safe return.

(c) In addition to any other penalties provided for a violation of Section 278 or 278.5, a court shall order the defendant to pay restitution to the district attorney for any costs incurred in locating and returning the child as provided in Section 3134 of the Family Code, and to the victim for those expenses and costs reasonably incurred by, or on behalf of, the victim in locating and recovering the child. An award made pursuant to this section shall constitute a final judgment and shall be enforceable as such.

278.7. (a) Section 278.5 does not apply to a person with a right to custody of a child who, with a good faith and reasonable belief that the child, if left with the other person, will suffer immediate bodily injury or emotional harm, takes, entices away, keeps, withholds, or conceals that child.

(b) Section 278.5 does not apply to a person with a right to custody of a child who has been a victim of domestic violence who, with a good faith and reasonable belief that the child, if left with the other person, will suffer immediate bodily injury or emotional harm, takes, entices away, keeps, withholds, or conceals that child. "Emotional harm" includes having a parent who has committed domestic violence against the parent who is taking, enticing away, keeping, withholding, or concealing the child.

(c) The person who takes, entices away, keeps, withholds, or conceals a child shall do all of the following:

(1) Within a reasonable time from the taking, enticing away, keeping, withholding, or concealing, make a report to the office of the district attorney of the county where the child resided before the action. The report shall include the name of the person, the current address and telephone number of the child and the person, and the reasons the child was taken, enticed away, kept, withheld, or concealed.

(2) Within a reasonable time from the taking, enticing away, keeping, withholding, or concealing, commence a custody proceeding in a court of competent jurisdiction consistent with the federal Parental Kidnapping Prevention Act (Section 1738A, Title 28, United States Code) or the Uniform Child Custody Jurisdiction Act

(Part 3 (commencing with Section 3400) of Division 8 of the Family Code).

(3) Inform the district attorney's office of any change of address or telephone number of the person and the child.

(d) For the purposes of this article, a reasonable time within which to make a report to the district attorney's office is at least 10 days and a reasonable time to commence a custody proceeding is at least 30 days. This section shall not preclude a person from making a report to the district attorney's office or commencing a custody proceeding earlier than those specified times.

(e) The address and telephone number of the person and the child provided pursuant to this section shall remain confidential unless released pursuant to state law or by a court order that contains appropriate safeguards to ensure the safety of the person and the child.

279. A violation of Section 278 or 278.5 by a person who was not a resident of, or present in, this state at the time of the alleged offense is punishable in this state, whether the intent to commit the offense is formed within or outside of this state, if any of the following apply:

(a) The child was a resident of, or present in, this state at the time the child was taken, enticed away, kept, withheld, or concealed.

(b) The child thereafter is found in this state.

(c) A lawful custodian or a person with a right to visitation is a resident of this state at the time the child was taken, enticed away, kept, withheld, or concealed.

279.1. The offenses enumerated in Sections 278 and 278.5 are continuous in nature, and continue for as long as the minor child is concealed or detained.

279.5. When a person is arrested for an alleged violation of Section 278 or 278.5, the court, in setting bail, shall take into consideration whether the child has been returned to the lawful custodian, and if not, shall consider whether there is an increased risk that the child may not be returned, or the defendant may flee the jurisdiction, or, by flight or concealment, evade the authority of the court.

279.6. (a) A law enforcement officer may take a child into protective custody under any of the following circumstances:

(1) It reasonably appears to the officer that a person is likely to conceal the child, flee the jurisdiction with the child, or, by flight or concealment, evade the authority of the court.

(2) There is no lawful custodian available to take custody of the child.

(3) There are conflicting custody orders or conflicting claims to custody and the parties cannot agree which party should take custody of the child.

(4) The child is an abducted child.

(b) When a law enforcement officer takes a child into protective custody pursuant to this section, the officer shall do one of the following:

(1) Release the child to the lawful custodian of the child, unless it reasonably appears that the release would cause the child to be endangered, abducted, or removed from the jurisdiction.

(2) Obtain an emergency protective order pursuant to Part 3 (commencing with Section 6240) of Division 10 of the Family Code ordering placement of the child with an interim custodian who agrees in writing to accept interim custody.

(3) Release the child to the social services agency responsible for arranging shelter or foster care.

(4) Return the child as ordered by a court of competent jurisdiction.

(c) Upon the arrest of a person for a violation of Section 278 or 278.5, a law enforcement officer shall take possession of an abducted child who is found in the company of, or under the control of, the arrested person and deliver the child as directed in subdivision (b).

(d) Notwithstanding any other law, when a person is arrested for an alleged violation of Section 278 or 278.5, the court shall, at the time of the arraignment or thereafter, order that the child shall be returned to the lawful custodian by or on a specific date, or that the person show cause on that date why the child has not been returned as ordered. If conflicting custodial orders exist within this state, or between this state and a foreign state, the court shall set a hearing within five court days to determine which court has jurisdiction under the laws of this state and determine which state has subject matter jurisdiction to issue a custodial order under the laws of this state, the Uniform Child Custody Jurisdiction Act (Part 3 (commencing with Section 3400) of Division 8 of the Family Code), or federal law, if applicable. At the conclusion of the hearing, or if the child has not been returned as ordered by the court at the time of arraignment, the court shall enter an order as to which custody order is valid and is to be enforced. If the child has not been returned at the conclusion of the hearing, the court shall set a date within a reasonable time by which the child shall be returned to the lawful custodian, and order the defendant to comply by this date, or to show cause on that date why he or she has not returned the child as directed. The court shall only enforce its order, or any subsequent orders for the return of the child, under subdivision (a) of Section 1219 of the Code of Civil Procedure, to ensure that the child is promptly placed with the lawful custodian. An order adverse to either the prosecution or defense is reviewable by a writ of mandate or prohibition addressed to the appropriate court.

280. Every person who willfully causes or permits the removal or concealment of any child in violation of Section 8713, 8803, or 8910 of the Family Code shall be punished as follows:

(a) By imprisonment in a county jail for not more than one year if the child is concealed within the county in which the adoption proceeding is pending or in which the child has been placed for adoption, or is removed from that county to a place within this state.

(b) By imprisonment in the state prison, or by imprisonment in a county jail for not more than one year, if the child is removed from that county to a place outside of this state.

SEC. 10. Section 868.5 of the Penal Code is amended to read:

868.5. (a) Notwithstanding any other law, a prosecuting witness in a case involving a violation of Section 187, 203, 205, 207, 211, 215, 220, 240, 242, 243.4, 245, 261, 262, 273a, 273d, 273.5, 273.6, 278, 278.5, 285, 286, 288, 288a, 288.5, 289, or 647.6, or former Section 277 or 647a, or a violation of subdivision (1) of Section 314, shall be entitled, for support, to the attendance of up to two persons of his or her own choosing, one of whom may be a witness, at the preliminary hearing and at the trial, or at a juvenile court proceeding, during the testimony of the prosecuting witness. Only one of those support persons may accompany the witness to the witness stand, although the other may remain in the courtroom during the witness' testimony. The person or persons so chosen shall not be a person described in Section 1070 of the Evidence Code unless the person or persons are related to the prosecuting witness as a parent, guardian, or sibling and do not make notes during the hearing or proceeding.

(b) If the person or persons so chosen are also prosecuting witnesses, the prosecution shall present evidence that the person's attendance is both desired by the prosecuting witness for support and will be helpful to the prosecuting witness. Upon that showing, the court shall grant the request unless information presented by the defendant or noticed by the court establishes that the support person's attendance during the testimony of the prosecuting witness would pose a substantial risk of influencing or affecting the content of that testimony. In the case of a juvenile court proceeding, the judge shall inform the support person or persons that juvenile court proceedings are confidential and may not be discussed with anyone not in attendance at the proceedings. In all cases, the judge shall admonish the support person or persons to not prompt, sway, or influence the witness in any way. Nothing in this section shall preclude a court from exercising its discretion to remove a person from the courtroom whom it believes is prompting, swaying, or influencing the witness.

(c) The testimony of the person or persons so chosen who are also prosecuting witnesses shall be presented before the testimony of the prosecuting witness. The prosecuting witness shall be excluded from the courtroom during that testimony. Whenever the evidence given by that person or those persons would be subject to exclusion because it has been given before the corpus delicti has been established, the evidence shall be admitted subject to the court's or the defendant's motion to strike that evidence from the record if the corpus delicti is not later established by the testimony of the prosecuting witness.

SEC. 11. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will

be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 989

An act to amend Section 6404.5 of the Labor Code, relating to employment.

[Approved by Governor September 27, 1996. Filed with Secretary of State September 27, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 6404.5 of the Labor Code is amended to read:

6404.5. (a) The Legislature finds and declares that regulation of smoking in the workplace is a matter of statewide interest and concern. It is the intent of the Legislature in enacting this section to prohibit the smoking of tobacco products in all (100 percent of) enclosed places of employment in this state, as covered by this section, thereby eliminating the need of local governments to enact workplace smoking restrictions within their respective jurisdictions. It is further the intent of the Legislature to create a uniform statewide standard to restrict and prohibit the smoking of tobacco products in enclosed places of employment, as specified in this section, in order to reduce employee exposure to environmental tobacco smoke to a level that will prevent anything other than insignificantly harmful effects to exposed employees, and also to eliminate the confusion and hardship that can result from enactment or enforcement of disparate local workplace smoking restrictions. Notwithstanding any other provision of this section, it is the intent of the Legislature that any area not defined as a "place of employment" pursuant to subdivision (d) or in which the smoking of tobacco products is not regulated pursuant to subdivision (e) shall be subject to local regulation of smoking of tobacco products.

(b) No employer shall knowingly or intentionally permit, and no person shall engage in, the smoking of tobacco products in an enclosed space at a place of employment.

(c) For purposes of this section, an employer who permits any nonemployee access to his or her place of employment on a regular

basis has not acted knowingly or intentionally if he or she has taken the following reasonable steps to prevent smoking by a nonemployee:

(1) Posted clear and prominent signs, as follows:

(A) Where smoking is prohibited throughout the building or structure, a sign stating "No smoking" shall be posted at each entrance to the building or structure.

(B) Where smoking is permitted in designated areas of the building or structure, a sign stating "Smoking is prohibited except in designated areas" shall be posted at each entrance to the building or structure.

(2) Has requested, when appropriate, that a nonemployee who is smoking refrain from smoking in the enclosed workplace.

For purposes of this subdivision, "reasonable steps" does not include (A) the physical ejection of a nonemployee from the place of employment or (B) any requirement for making a request to a nonemployee to refrain from smoking, under circumstances involving a risk of physical harm to the employer or any employee.

(d) For purposes of this section, "place of employment" does not include any of the following:

(1) Sixty-five percent of the guest room accommodations in a hotel, motel, or similar transient lodging establishment.

(2) Areas of the lobby in a hotel, motel, or other similar transient lodging establishment designated for smoking by the establishment. Such an establishment may permit smoking in a designated lobby area that does not exceed 25 percent of the total floor area of the lobby or, if the total area of the lobby is 2,000 square feet or less, that does not exceed 50 percent of the total floor area of the lobby. For purposes of this paragraph, "lobby" means the common public area of such an establishment in which registration and other similar or related transactions, or both, are conducted and in which the establishment's guests and members of the public typically congregate.

(3) Meeting and banquet rooms in a hotel, motel, other transient lodging establishment similar to a hotel or motel, restaurant, or public convention center, except while food or beverage functions are taking place, including setup, service, and cleanup activities, or when the room is being used for exhibit purposes. At times when smoking is not permitted in such a meeting or banquet room pursuant to this paragraph, the establishment may permit smoking in corridors and prefunction areas adjacent to and serving the meeting or banquet room if no employee is stationed in that corridor or area on other than a passing basis.

(4) Retail or wholesale tobacco shops and private smokers' lounges. For purposes of this paragraph:

(A) "Private smokers' lounge" means any enclosed area in or attached to a retail or wholesale tobacco shop that is dedicated to the

use of tobacco products, including, but not limited to, cigars and pipes.

(B) "Retail or wholesale tobacco shop" means any business establishment the main purpose of which is the sale of tobacco products, including, but not limited to, cigars, pipe tobacco, and smoking accessories.

(5) Cabs of motortrucks, as defined in Section 410 of the Vehicle Code, or truck tractors, as defined in Section 655 of the Vehicle Code, if no nonsmoking employees are present.

(6) Warehouse facilities. For purposes of this paragraph, "warehouse facility" means a warehouse facility with more than 100,000 square feet of total floor space, and 20 or fewer full-time employees working at the facility, but does not include any area within such a facility that is utilized as office space.

(7) Gaming clubs, in which smoking is permitted by subdivision (f). For purposes of this paragraph, "gaming club" means any gaming club, as defined in Section 19802 of the Business and Professions Code, or bingo facility, as defined in Section 326.5 of the Penal Code, that restricts access to minors under 18 years of age.

(8) Bars and taverns, in which smoking is permitted by subdivision (f). For purposes of this paragraph, "bar" or "tavern" means a facility primarily devoted to the serving of alcoholic beverages for consumption by guests on the premises, in which the serving of food is incidental. "Bar or tavern" includes those facilities located within a hotel, motel, or other similar transient occupancy establishment. However, when located within a building in conjunction with another use, including a restaurant, "bar" or "tavern" includes only those areas used primarily for the sale and service of alcoholic beverages. "Bar" or "tavern" does not include the dining areas of a restaurant, regardless of whether alcoholic beverages are served therein.

(9) Theatrical production sites, if smoking is an integral part of the story in the theatrical production.

(10) Medical research or treatment sites, if smoking is integral to the research and treatment being conducted.

(11) Private residences, except for private residences licensed as family day care homes, during the hours of operation as family day care homes and in those areas where children are present.

(12) Patient smoking areas in long-term health care facilities, as defined in Section 1418 of the Health and Safety Code.

(13) Breakrooms designated by employers for smoking, provided that all of the following conditions are met:

(A) Air from the smoking room shall be exhausted directly to the outside by an exhaust fan. Air from the smoking room shall not be recirculated to other parts of the building.

(B) The employer shall comply with any ventilation standard or other standard utilizing appropriate technology, including, but not limited to, mechanical, electronic, and biotechnical systems, adopted

by the Occupational Safety and Health Standards Board or the federal Environmental Protection Agency. If both adopt inconsistent standards, the ventilation standards of the Occupational Safety and Health Standards Board shall be no less stringent than the standards adopted by the federal Environmental Protection Agency.

(C) The smoking room shall be located in a nonwork area where no one, as part of his or her work responsibilities, is required to enter. For purposes of this paragraph, "work responsibilities" does not include any custodial or maintenance work carried out in the breakroom when it is unoccupied.

(D) There are sufficient nonsmoking breakrooms to accommodate nonsmokers.

(14) Employers with a total of five or fewer employees, either full-time or part-time, may permit smoking where all of the following conditions are met:

(A) The smoking area is not accessible to minors.

(B) All employees who enter the smoking area consent to permit smoking. No one, as part of his or her work responsibilities, shall be required to work in an area where smoking is permitted. An employer who is determined by the division to have used coercion to obtain consent or who has required an employee to work in the smoking area shall be subject to the penalty provisions of Section 6427.

(C) Air from the smoking area shall be exhausted directly to the outside by an exhaust fan. Air from the smoking area shall not be recirculated to other parts of the building.

(D) The employer shall comply with any ventilation standard or other standard utilizing appropriate technology, including, but not limited to, mechanical, electronic, and biotechnical systems, adopted by the Occupational Safety and Health Standards Board or the federal Environmental Protection Agency. If both adopt inconsistent standards, the ventilation standards of the Occupational Safety and Health Standards Board shall be no less stringent than the standards adopted by the federal Environmental Protection Agency.

This paragraph shall not be construed to (i) supersede or render inapplicable any condition or limitation on smoking areas made applicable to specific types of business establishments by any other paragraph of this subdivision or (ii) apply in lieu of any otherwise applicable paragraph of this subdivision that has become inoperative.

(e) Paragraphs (13) and (14) of subdivision (d) shall not be construed to require employers to provide reasonable accommodation to smokers, or to provide breakrooms for smokers or nonsmokers.

(f) (1) Except as otherwise provided in this subdivision, smoking may be permitted in gaming clubs, as defined in paragraph (7) of subdivision (d), and in bars and taverns, as defined in paragraph (8) of subdivision (d), until the earlier of the following:

(A) January 1, 1998.

(B) The date of adoption of a regulation (i) by the Occupational Safety and Health Standards Board reducing the permissible employee exposure level to environmental tobacco smoke to a level that will prevent anything other than insignificantly harmful effects to exposed employees or (ii) by the federal Environmental Protection Agency establishing a standard for reduction of permissible exposure to environmental tobacco smoke to an exposure level that will prevent anything other than insignificantly harmful effects to exposed persons.

(2) If a regulation specified in subparagraph (B) of paragraph (1) is adopted on or before January 1, 1998, smoking may thereafter be permitted in gaming clubs and in bars and taverns, subject to full compliance with, or conformity to, the standard in the regulation within two years following the date of adoption of the regulation. An employer failing to achieve compliance with, or conformity to, the regulation within this two-year period shall prohibit smoking in the gaming club, bar, or tavern until compliance or conformity is achieved. If the Occupational Safety and Health Standards Board and the federal Environmental Protection Agency both adopt regulations specified in subparagraph (B) of paragraph (1) that are inconsistent, the regulations of the Occupational Safety Standards Board shall be no less stringent than the regulations of the federal Environmental Protection Agency.

(3) If a regulation specified in subparagraph (B) of paragraph (1) is not adopted on or before January 1, 1998, the exemptions specified in paragraphs (7) and (8) of subdivision (d) shall be inoperative on and after January 1, 1998, until such a regulation is adopted. Upon adoption of such a regulation on or after January 1, 1998, smoking may thereafter be permitted in gaming clubs and in bars and taverns, subject to full compliance with, or conformity to, the standard in the regulation within two years following the date of adoption of the regulation. An employer failing to achieve compliance with, or conformity to, the regulation within this two-year period shall prohibit smoking in the gaming club, bar, or tavern until compliance or conformity is achieved. If the Occupational Safety and Health Standards Board and the federal Environmental Protection Agency both adopt regulations specified in subparagraph (B) of paragraph (1) that are inconsistent, the regulations of the Occupational Safety and Health Standards Board shall be no less stringent than the regulations of the federal Environmental Protection Agency.

(4) From January 1, 1997, to December 31, 1997, inclusive, smoking may be permitted in gaming clubs, as defined in paragraph (7) of subdivision (d), and in bars and taverns, as defined in paragraph (8) of subdivision (d), subject to both of the following conditions:

(A) If practicable, the gaming club or bar or tavern shall establish a designated nonsmoking area.

(B) If feasible, no employee shall be required, in the performance of ordinary work responsibilities, to enter any area in which smoking is permitted.

(g) The smoking prohibition set forth in this section shall constitute a uniform statewide standard for regulating the smoking of tobacco products in enclosed places of employment and shall supersede and render unnecessary the local enactment or enforcement of local ordinances regulating the smoking of tobacco products in enclosed places of employment. Insofar as the smoking prohibition set forth in this section is applicable to all (100 percent of) places of employment within this state and, therefore, provides the maximum degree of coverage, the practical effect of this section is to eliminate the need of local governments to enact enclosed workplace smoking restrictions within their respective jurisdictions.

(h) Nothing in this section shall prohibit an employer from prohibiting smoking in an enclosed place of employment for any reason.

(i) The enactment of local regulation of smoking of tobacco products in enclosed places of employment by local governments shall be suspended only for as long as, and to the extent that, the (100 percent) smoking prohibition provided for in this section remains in effect. In the event this section is repealed or modified by subsequent legislative or judicial action so that the (100 percent) smoking prohibition is no longer applicable to all enclosed places of employment in California, local governments shall have the full right and authority to enforce previously enacted, and to enact and enforce new, restrictions on the smoking of tobacco products in enclosed places of employment within their jurisdictions, including a complete prohibition of smoking. Notwithstanding any other provision of this section, any area not defined as a "place of employment" or in which the smoking is not regulated pursuant to subdivision (d) or (e), shall be subject to local regulation of smoking of tobacco products.

(j) Any violation of the prohibition set forth in subdivision (b) is an infraction subject to subdivision (d) of Section 17 of the Penal Code and, notwithstanding Section 19.8 of the Penal Code, is punishable by a fine not to exceed one hundred dollars ($100) for a first violation, two hundred dollars ($200) for a second violation within one year, and five hundred dollars ($500) for a third and for each subsequent violation within one year. This subdivision shall be enforced by local law enforcement agencies including, but not limited to, local health departments, as determined by the local governing body.

(k) Notwithstanding Section 6309, the division shall not be required to respond to any complaint regarding the smoking of tobacco products in an enclosed space at a place of employment, unless the employer has been found guilty pursuant to subdivision (j) of a third violation of subdivision (b) within the previous year.

(*l*) If any provision of this act or the application thereof to any person or circumstances is held invalid, that invalidity shall not affect other provisions or applications of the act that can be given effect without the invalid provision of application, and to this end the provisions of this act are severable.

CHAPTER 990

An act to repeal Section 113225 of the Health and Safety Code, and to add Chapter 5.6 (commencing with Section 42350) to Part 3 of Division 30 of the Public Resources Code, relating to plastic waste.

[Approved by Governor September 27, 1996. Filed with Secretary of State September 27, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 113225 of the Health and Safety Code is repealed.

SEC. 2. Chapter 5.6 (commencing with Section 42350) is added to Part 3 of Division 30 of the Public Resources Code, to read:

CHAPTER 5.6. PLASTIC RING DEVICES

42350. (a) For the purposes of this section, "degradable" means all of the following:

(1) Biodegradation, photodegradation, chemodegradation, or degradation by other natural degrading processes, as defined by the American Society of Testing Materials.

(2) Degradation at a rate that meets the requirements of Part 238 (commencing with Section 238.10) of Subchapter H of Chapter I of Title 40 of the Code of Federal Regulations.

(3) Degradation that, as attested by the manufacturer of the device, will not produce or result in a residue or byproduct that, during or after the process of degrading, would be a hazardous or extremely hazardous waste identified pursuant to Chapter 6.5 (commencing with Section 25100) of Division 20 of the Health and Safety Code.

(b) Except as provided in subdivision (c), no container shall be sold or offered for sale at retail in this state that is connected to any other container by means of a plastic ring or similar plastic device that is not degradable when disposed of as litter.

(c) This section does not apply to devices that do not contain an enclosed hole or circle of more than one and one-half inches in diameter or that do not contain a hole.

(d) Any person who sells at wholesale or distributes to a retailer for sale at retail in this state containers that are connected to each

other in violation of subdivision (b) is guilty of an infraction and shall be punished by a fine not exceeding one thousand dollars ($1,000). (Added by Stats. 1995, Ch. 415, Sec. 6. Effective January 1, 1996.)

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 991

An act to add and repeal Section 42003 of the Public Resources Code, relating to solid waste.

[Approved by Governor September 27, 1996. Filed with Secretary of State September 27, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 42003 is added to the Public Resources Code, to read:

42003. (a) The board shall, on or before December 31, 1998, conduct a feasibility study, in consultation with affected state agencies, on expanding the use of agricultural waste and forest waste in the production of commercial products. The study shall be transmitted to the Governor and to the Legislature pursuant to Section 11095 of the Government Code. The study shall include the following components:

(b) For purposes of this section, "agricultural waste" has the same meaning as in paragraph (4) of subdivision (b) of Section 41781.2.

(c) For purposes of this section, "forest waste" includes forest debris and wood waste from forest wood waste landfills.

(d) To the extent feasible, the board shall secure cooperation and funding for the study from other governmental agencies.

CHAPTER 992

An act to amend, repeal, and add Section 1936 of the Civil Code, relating to rental vehicles.

[Approved by Governor September 27, 1996. Filed with Secretary of State September 27, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 1936 of the Civil Code is amended to read:

1936. (a) For the purpose of this section, the following definitions shall apply:

(1) "Rental company" means any person or entity in the business of renting passenger vehicles to the public.

(2) "Renter" means any person in any manner obligated under a contract for the lease or hire of a passenger vehicle from a rental company for a period of less than 30 days.

(3) "Authorized driver" means (A) the renter, (B) the renter's spouse if that person is a licensed driver and satisfies the rental company's minimum age requirement, (C) the renter's employer or coworker if they are engaged in business activity with the renter, are licensed drivers, and satisfy the rental company's minimum age requirement, and (D) any person expressly listed by the rental company on the renter's contract as an authorized driver.

(4) "Damage waiver" means a rental company's agreement not to hold a renter liable for all or any portion of any damage or loss related to the rented vehicle, any loss of use of the rented vehicle, or any storage, impound, towing, or administrative charges.

(5) "Estimated time for replacement" means the number of hours of labor, or fraction thereof, needed to replace damaged vehicle parts as set forth in collision damage estimating guides generally used in the vehicle repair business and commonly known as "crash books."

(6) "Estimated time for repair" means a good faith estimate of the reasonable number of hours of labor, or fraction thereof, needed to repair damaged vehicle parts.

(7) "Passenger vehicle" means a passenger vehicle as defined in Section 465 of the Vehicle Code.

(8) "Taxes" mean, and are limited to, the following:

(A) Sales and use taxes imposed directly upon individual rental transactions.

(B) Vehicle license fees as defined in Sections 10751 and 10752 of the Revenue and Taxation Code. The vehicle license fee shall be separately charged, clearly stated on the rental agreement, and prorated at $^{1}/_{365}$th of the annual vehicle license fee actually paid on the particular vehicle being rented for each full or partial 24-hour rental day that the vehicle is rented. The total of all vehicle license fees charged to renters shall not exceed the annual vehicle license fee actually paid for the particular vehicle rented.

(C) Local taxes, however designated, on individual rental transactions imposed directly on the renter or specifically permitted to be charged to the renter.

(D) Nothing in this section shall be construed to authorize the imposition of a new tax or the increase of an existing tax.

(b) Except as limited by subdivision (c), a rental company and a renter may agree that the renter will be responsible for no more than all of the following:

(1) Physical or mechanical damage to the rented vehicle up to its fair market value, as determined in the customary market for the sale of that vehicle, resulting from collision regardless of the cause of the damage.

(2) Loss due to theft of the rented vehicle up to its fair market value, as determined in the customary market for the sale of that vehicle, provided that the rental company establishes by clear and convincing evidence that the renter or the authorized driver failed to exercise ordinary care while in possession of the vehicle.

(3) Physical damage to the rented vehicle up to its fair market value, as determined in the customary market for the sale of that vehicle, resulting from vandalism occurring after, or in connection with, the theft of the rented vehicle; however, the renter shall have no liability for any damage due to vandalism if the renter would have no liability for theft pursuant to paragraph (2).

(4) Physical damage to the rented vehicle and loss of use of the rented vehicle as provided in paragraph (5) up to a total of five hundred dollars ($500) resulting from vandalism unrelated to the theft of the rented vehicle.

(5) Loss of use of the rented vehicle if the renter is liable for damage or loss.

(6) Actual charges for towing, storage, and impound fees paid by the rental company if the renter is liable for damage or loss.

(7) An administrative charge which shall include the cost of appraisal and all other costs and expenses incident to the damage, loss, loss of use, repair, or replacement of the rented vehicle.

(c) The total amount of the renter's liability to the rental company resulting from damage to the rented vehicle shall not exceed the sum of the following:

(1) The estimated cost of parts which the rental company would have to pay to replace damaged vehicle parts. All discounts and price reductions or adjustments that are or will be received by the rental

company shall be subtracted from the estimate to the extent not already incorporated in the estimate or otherwise promptly credited or refunded to the renter.

(2) The estimated cost of labor to replace damaged vehicle parts which shall not exceed the product of (A) the rate for labor usually paid by the rental company to replace vehicle parts of the type that were damaged and (B) the estimated time for replacement. All discounts and price reductions or adjustments that are or will be received by the rental company shall be subtracted from the estimate to the extent not already incorporated in the estimate or otherwise promptly credited or refunded to the renter.

(3) (A) The estimated cost of labor to repair damaged vehicle parts which shall not exceed the lesser of the following:

(i) The product of the rate for labor usually paid by the rental company to repair vehicle parts of the type that were damaged and the estimated time for repair.

(ii) The sum of the estimated labor and parts costs determined under paragraphs (1) and (2) to replace the same vehicle parts.

(B) All discounts and price reductions or adjustments that are or will be received by the rental company shall be subtracted from the estimate to the extent not already incorporated in the estimate or otherwise promptly credited or refunded to the renter.

(4) Except as provided in paragraph (5), the loss of use of the rented vehicle which shall not exceed the product of (A) the rental rate stated in the renter's contract, excluding all optional charges, and (B) the total of the estimated time for replacement and the estimated time for repair. For the purpose of converting the estimated time for repair into the same unit of time in which the rental rate is expressed, a day shall be deemed to consist of eight hours.

(5) Under any of the circumstances described in subdivision (f), the rental company's loss of use of the rented vehicle shall not exceed the product of (A) the rental rate stated in the renter's contract, excluding all optional charges, and (B) the period from the date of the accident to the date the vehicle is ready to be returned to rental service. This paragraph applies only if the rental company uses its best efforts to effect repairs and return the vehicle to rental service as soon as practicable.

(6) Actual charges for towing, storage, and impound fees paid by the rental company.

(7) The administrative charge described in paragraph (7) of subdivision (b) shall not exceed (A) fifty dollars ($50) if the total estimated cost for parts and labor is more than one hundred dollars ($100) up to and including five hundred dollars ($500), (B) one hundred dollars ($100) if the total estimated cost for parts and labor exceeds five hundred dollars ($500) up to and including one thousand five hundred dollars ($1,500), and (C) one hundred fifty dollars ($150) if the total estimated cost for parts and labor exceeds

one thousand five hundred dollars ($1,500). No administrative charge shall be imposed if the total estimated cost of parts and labor is one hundred dollars ($100) or less.

(d) (1) The total amount of an authorized driver's liability to the rental company, if any, for damage occurring during the authorized driver's operation of the rented vehicle shall not exceed the amount of the renter's liability under subdivision (c).

(2) A rental company shall not recover from the renter and another authorized driver an amount exceeding the renter's liability under subdivision (c).

(3) A rental company shall not recover from the renter or other authorized driver for any item described in subdivision (b) to the extent the rental company obtains recovery from any other person.

(4) This section applies only to the maximum liability of a renter or other authorized driver to the rental company resulting from damage to the rented vehicle and not to the liability of any other person.

(e) (1) Except as provided in subdivisions (f) and (g), every damage waiver shall provide or, if not expressly stated in writing, shall be deemed to provide that the renter has no liability for any damage, loss, loss of use, or any cost or expense incident thereto.

(2) Except as provided in subdivisions (f) and (g), every limitation, exception, or exclusion to any damage waiver is void and unenforceable.

(f) A rental company may provide in the rental contract that a damage waiver does not apply under any of the following circumstances:

(1) Damage or loss results from an authorized driver's (A) intentional, willful, wanton, or reckless conduct, (B) operation of the vehicle under the influence of drugs or alcohol in violation of Section 23152 of the Vehicle Code, (C) towing or pushing anything, or (D) operation of the vehicle on an unpaved road if the damage or loss is a direct result of the road or driving conditions.

(2) Damage or loss occurs while the vehicle is (A) used for commercial hire, (B) used in connection with conduct that could be properly charged as a felony, (C) involved in a speed test or contest or in driver training activity, (D) operated by a person other than an authorized driver, or (E) operated outside of the United States.

(3) Any authorized driver (A) provided fraudulent information to the rental company, or (B) provided false information and the rental company would not have rented the vehicle if it had instead received true information.

(g) No damage waiver shall apply to any loss due to theft of the vehicle.

(h) (1) A rental company which offers or provides a damage waiver for any consideration in addition to the rental rate shall clearly and conspicuously disclose the following information in the rental contract or holder in which the contract is placed and, also, in signs

posted at the place, such as the counter, where the renter signs the rental contract: (A) the nature of the renter's liability, e.g., liability for all collision damage regardless of cause, (B) the extent of the renter's liability, e.g., liability for damage or loss up to a specified amount, (C) the renter's personal insurance policy may provide coverage for all or a portion of the renter's potential liability, (D) the renter should consult with his or her insurer to determine the scope of insurance coverage, (E) the renter may purchase an optional damage waiver to cover all liability, except liability for loss due to theft pursuant to subdivision (g), subject to whatever exceptions the rental company expressly lists that are permitted under subdivision (f), and (F) the charge for the damage waiver.

(2) The following is an example, for purposes of illustration and not limitation, of a notice fulfilling the requirements of paragraph (1) for a rental company that imposes liability on the renter for collision damage to the full value of the vehicle:

NOTICE ABOUT YOUR FINANCIAL RESPONSIBILITY AND OPTIONAL DAMAGE WAIVER

You are responsible for all collision damage to the rented vehicle even if someone else caused it or the cause is unknown. You are responsible for the cost of repair up to the value of the vehicle, loss of use, and towing, storage, and impound fees.

Your own insurance may cover all or part of your financial responsibility for the rented vehicle. You should check with your insurance company to find out about your coverage.

The rental company will not hold you responsible if you buy damage waiver, except with regard to loss due to theft. But, damage waiver will not protect you if (list exceptions).

The cost of optional damage waiver is $_____ for every (day or week).

(i) Notwithstanding any other provision of law, a rental company may sell damage waiver but shall not charge more than nine dollars ($9) per full or partial 24-hour rental day for damage waiver.

(j) A rental company which disseminates in this state an advertisement containing a rental rate shall include in that advertisement a clearly readable statement of the charge for damage waiver and a statement that damage waiver is optional.

(k) (1) A rental company shall not require the purchase of a damage waiver, optional insurance, or any other optional good or service.

(2) A rental company shall not engage in any unfair, deceptive, or coercive conduct to induce a renter to purchase damage waiver, optional insurance, or any other optional good or service, including conduct such as, but not limited to, refusing to honor the renter's reservation, limiting the availability of vehicles, requiring a deposit,

or debiting or blocking the renter's credit card account for a sum equivalent to a deposit if the renter declines to purchase damage waiver, optional insurance, or any other optional good or service.

(*l*) (1) A rental company shall not seek to recover any portion of any claim arising out of damage to, or loss of, the rented vehicle by processing a credit card charge or causing any debit or block to be placed on the renter's credit card account.

(2) A rental company shall not engage in any unfair, deceptive, or coercive tactics in attempting to recover or in recovering on any claim arising out of damage to, or loss of, the rented vehicle.

(m) (1) A rental company shall only advertise, quote, and charge a rental rate that includes the entire amount except taxes, as defined in paragraph (8) of subdivision (a), and a mileage charge, if any, which a renter must pay to hire or lease the vehicle for the period of time to which the rental rate applies. A rental company shall not charge in addition to the rental rate, taxes, and mileage charge, if any, any fee which must be paid by the renter as a condition of hiring or leasing the vehicle, such as, but not limited to, required fuel or airport surcharges, nor any fee for transporting the renter to the location where the rented vehicle will be delivered to the renter.

(2) In addition to the rental rate, taxes, and mileage charge, if any, a rental company may charge for an item or service provided in connection with a particular rental transaction if the renter could have avoided incurring the charge by choosing not to obtain or utilize the optional item or service. Items and services for which the rental company may impose an additional charge, include, but are not limited to, optional insurance and accessories requested by the renter, service charges incident to the renter's optional return of the vehicle to a location other than the location where the vehicle was hired or leased, and charges for refueling the vehicle at the conclusion of the rental transaction in the event the renter did not return the vehicle with as much fuel as was in the fuel tank at the beginning of the rental. A rental company also may impose an additional charge based on reasonable age criteria established by the rental company.

(3) A rental company shall not charge any fee for authorized drivers in addition to the rental charge for an individual renter.

(4) When a rental company states a rental rate in a television, radio, or print advertisement or in a telephonic, in-person, or computer-transmitted quotation, the rental company shall clearly disclose in that advertisement or quotation all of the following: (i) that taxes shall be added; (ii) the average dollar amount or range of dollar amounts of vehicle license fees for each full or partial 24-hour rental day; and (iii) the terms of any mileage conditions relating to the advertised or quoted rental rate, including, but not limited to, to the extent applicable, the amount of mileage and gas charges, the number of miles for which no charges will be imposed, and a

description of geographic driving limitations within the United States and Canada.

(5) If a rental company delivers a vehicle to a renter at a location other than the location where the rental company normally carries on its business, the rental company shall not charge the renter any amount for the rental for the period before the delivery of the vehicle. If a rental company picks up a rented vehicle from a renter at a location other than the location where the rental company normally carries on its business, the rental company shall not charge the renter any amount for the rental for the period after the renter notifies the rental company to pick up the vehicle.

(n) A renter may bring an action against a rental company for the recovery of damages and appropriate equitable relief for a violation of this section. The prevailing party shall be entitled to recover reasonable attorney's fees and costs.

(o) A rental company that brings an action against a renter for loss due to theft of the vehicle shall bring the action in the county in which the renter resides or if the renter is not a resident of this state in the jurisdiction in which the renter resides.

(p) Any waiver of any of the provisions of this section shall be void and unenforceable as contrary to public policy.

(q) This section shall remain in effect only until January 1, 2002, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2002, deletes or extends that date.

CHAPTER 993

An act to add Sections 40458 and 44243.5 to the Health and Safety Code, relating to air pollution.

[Approved by Governor September 27, 1996. Filed with Secretary of State September 27, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 40458 is added to the Health and Safety Code, to read:

40458. (a) Rules 1501 and 1501.1 adopted by the south coast district are void.

(b) Rule 2202 adopted by the south coast district shall be amended in the following manner:

(1) The worksite employee threshold shall be raised to 250. On January 1, 1998, the south coast district and the Southern California Association of Governments shall report to the state board on the effectiveness of voluntary rideshare and any other replacement measures instituted in achieving the same level of emissions as the exempted employers in the original rule. If there is a disagreement between the district and the Southern California Association of Governments regarding the emissions reduced by the replacement measures, then, on or before June 1, 1998, the state board shall determine if the replacement measures have fully achieved the emission reductions that would have been achieved by the exempted employers under the original rule. If the emission levels are not met, the south coast district shall restore the 100 employee threshold not later than June 1, 1998. If the emission reductions have been met, the worksite employee threshold shall be raised to 500 on or before June 1, 1998. Prior to raising the threshold, the state board, after a public hearing, shall determine that sufficient funds are available to achieve a reasonable likelihood of success in accomplishing equivalent emission reductions for employers from 250 to 500.

(2) If the worksite threshold is increased to 500 pursuant to paragraph (1), then on June 1, 1999, the south coast district and the Southern California Association of Governments shall report to the state board on the effectiveness of voluntary rideshare and any other replacement measures instituted in achieving the same level of emissions as the exempted employers in the original rule. If there is a disagreement between the district and the Southern California Association of Governments regarding the emissions reduced by the replacement measures, then, on or before January 1, 2000, the state board shall determine if the replacement measures have fully achieved the emission reductions that would have been achieved by the exempted employers under the original rule. If the emission levels are not met, the south coast district shall restore the 250 employee threshold not later than January 1, 2000. If the emission reductions are not sufficient to replace the emission reductions that would have been achieved by employers exempted pursuant to paragraph (1), the district may restore the 100 employee threshold. If the emission reductions have been met, Rule 2202 shall be suspended.

(3) If Rule 2202 is suspended pursuant to paragraph (2), on January 1, 2001, the south coast district and the Southern California Association of Governments shall report to the state board on the effectiveness of voluntary rideshare and any other replacement measures instituted in achieving the same level of emissions as the exempted employers in the original rule. If there is a disagreement between the district and the Southern California Association of Governments regarding the emissions reduced by the replacement measures, then, on or before June 1, 2001, the state board shall determine if the replacement measures have fully achieved the emission reductions that would have been achieved by the exempted employers under the original rule. If the emission levels are not met, the south coast district shall restore the 500 employee threshold not later than June 1, 2001. If the emission reductions are not sufficient to replace the emission reductions that would have been achieved by employers exempted pursuant to paragraph (2), the district may restore the 250 employee threshold. If the emission reductions are not sufficient to replace the emission reductions that would have been achieved by employers exempted pursuant to paragraph (1), the district may restore the 100 employee threshold. If the emission reductions have been met, Rule 2202 shall be repealed and adopted as a backup measure to the alternative measures not later than June 1, 2001.

(4) If Rule 2202 is repealed pursuant to paragraph (3), the Southern California Association of Governments shall annually report to the south coast district on the effectiveness of voluntary rideshare efforts. The south coast district shall, using the data provided by the Southern California Association of Governments, and other sources, determine if the alternative measures are

achieving equivalent emission reductions. If there is a shortfall in emission reductions, the south coast district may implement, only to the extent needed to make up the shortfall, the backup Rule 2202.

(5) Nothing in this section is intended to prevent an early replacement and repeal of Rule 2202. The south coast district shall replace Rule 2202 as soon as possible with alternative direct light-duty mobile source emission reduction measures, other than new vehicle emission standards or reformulated fuel standards.

SEC. 2. Section 44243.5 is added to the Health and Safety Code, to read:

44243.5. (a) The south coast district shall provide one million five hundred thousand dollars ($1,500,000) annually on or before January 15 of each year to the Regional Transportation Agencies Coalition or its successor agency subject to the following conditions:

(1) The south coast district may, until January 1, 1999, utilize revenues from the fund established pursuant to subdivision (b) of Section 40448.7 for the purpose of this section. Notwithstanding paragraph (1) of subdivision (a) of Section 40448.7, the south coast district shall not be required to annually allocate one million dollars ($1,000,000) to the Air Quality Assistance Fund to replace revenues allocated pursuant to this section.

(2) On and after January 1, 1999, the south coast district may utilize revenues received from civil and criminal penalties, out of court settlements, or other sources for the purpose of this section.

(3) On and after January 1, 1999, the south coast district may utilize revenues generated pursuant to Section 44243 for the purposes of this section.

(b) Regional Transportation Agencies Coalition shall fully allocate the revenues pursuant to subdivision (a) as expeditiously as possible to regional or county rideshare agencies for the purpose of providing marketing and client services to maximize voluntary ridesharing, including carpools, vanpools, transit, bicycling, telecommuting, and other alternative methods of commuting by employees at worksites in the South Coast Air Basin who commute during the peak period to worksites not regulated by south coast district Rule 2202. These funds are intended to supplement and not replace existing rideshare program funding.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative

on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 994

An act to amend Section 9354 of, to add Sections 9003 and 9084 to, and to repeal Section 9111 of, the Public Resources Code, relating to resource conservation districts.

[Approved by Governor September 27, 1996. Filed with Secretary of State September 27, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 9003 is added to the Public Resources Code, to read:

9003. The Legislature hereby finds and declares that resource conservation districts are legal subdivisions of the state and, as such, are not-for-profit entities. For the purpose of contracting with state agencies only, resource conservation districts shall be considered agencies of the state.

SEC. 2. Section 9084 is added to the Public Resources Code, to read:

9084. (a) Subject to the availability of funds and any limitations imposed by this division, the department may provide grants to resource conservation districts for the purpose of assisting the districts in carrying out any work that they are authorized to undertake, including, but not limited to, grants for watershed projects.

(b) (1) To qualify for a grant under subdivision (a), a resource conservation district may, until January 1, 2000, and shall, on and after January 1, 2000, do all of the following:

(A) Prepare an annual and a long-range work plan pursuant to Section 9413. The long-range work plan shall reflect input from local agencies and organizations regarding land use and resource conservation goals.

(B) Convene regular meetings in accordance with the open meeting requirements of Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code and the requirements of this division.

(C) Secure sources of local support funding, which may include funding from in-kind contributions and services.

(2) A resource conservation district seeking a grant pursuant to this section may, until January 1, 2000, and shall, on and after January 1, 2000, submit to the department a grant proposal that includes, but is not limited to, all of the following information:

(A) A description of the work for which the grant is sought.

(B) An explanation of the public or private need for the work, including, but not limited to, any revelant information demonstrating the urgency of the project.

(C) An itemized summary of the projected cost of the work.

(D) An estimate of the amount of the projected costs of the work that will be covered by local support funding, including funding from in-kind contributions or services.

(3) To qualify for a grant awarded pursuant to this section, a resource conservation district may, until January 1, 2000, and shall, on and after January 1, 2000, be required to provide at least a 25 percent local match of funding, of which 40 percent of that amount shall be provided in cash. The department shall give preference in the awarding of grants to those districts that, among other things, provide a greater percentage of local match funding than the minimum required by this paragraph.

(4) A resource conservation district that receives a grant awarded under this section may, until January 1, 2000, and shall, on and after January 1, 2000, provide the department with an informal accounting summary that describes how the grant money was spent in accordance with the purposes and conditions of the grant.

(5) Prior to January 1, 2000, the department may, in making grants to a district pursuant to subdivision (a), take into consideration whether, and to what extent, the district has chosen to exercise the authority provided in paragraphs (1) to (4), inclusive.

SEC. 3. Section 9111 of the Public Resources Code is repealed.

SEC. 4. Section 9354 of the Public Resources Code is amended to read:

9354. Elected directors shall qualify within 20 days from the date of receipt of their certificates of election by taking the oath.

SEC. 5. It is the intent of the Legislature that the repeal of Section 9111 of the Public Resources Code by Section 3 of this act and the addition of Section 9084 to the Public Resources Code by Section 2 of this act shall cause no disruption in the continuity of the present authority to award resource conservation grants pursuant to Division 9 (commencing with Section 9000) of the Public Resources Code and that this act does not mandate any change in that authority until January 1, 2000. It is further the intent of the Legislature that, in the awarding of resource conservation district grants pursuant to Division 9 (commencing with Section 9000) of the Public Resources Code, consistency with all provisions of that division may be considered, including the provisions of subdivision (b) of Section 9084, as added by Section 2 of this act.

CHAPTER 995

An act to add Section 64.5 to the Harbors and Navigation Code, relating to aquatic weeds, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 27, 1996. Filed with Secretary of State September 27, 1996.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares that aquatic weeds, other than water hyacinth in the Sacramento-San Joaquin Delta and Suisun Marsh, can and do cause problems with boating in California's public lakes and reservoirs, sometimes to the point of blocking boating and navigation and impairing other recreational uses of public lakes and reservoirs. Aquatic weeds that limit boating can also have serious effects, not only on the activity of boating itself, but on the economies that depend on boating related activities. California boaters pay fees to own and operate their boats on California's public lakes and reservoirs. Therefore, if aquatic weeds are limiting or preventing boating activity on certain public lakes and reservoirs, the weeds need to be controlled.

SEC. 2. Section 64.5 is added to the Harbors and Navigation Code, to read:

64.5. The department shall make a grant of funds to Lake County to conduct a pilot project until December 31, 1999, of aquatic weed control on Clear Lake in Lake County under the following conditions:

(a) Lake County has met the requirements of the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code) and, by mutual agreement with the department, agrees to pay a percentage of the cost of the project not to exceed 25 percent.

(b) The aquatic weeds are negatively impacting recreational boating.

(c) The department has received a request from the county agricultural commissioner of Lake County requesting the grant.

(d) Any chemical treatment of aquatic weeds prescribed for the pilot project on Clear Lake, other than those used for the hydrilla eradication or control program pursuant to Article 9 (commencing with Section 6048) of Chapter 9 of Part 1 of Division 4 of the Food and Agricultural Code by the Department of Food and Agriculture, shall be coordinated with the Department of Fish and Game as trustee for fish and wildlife resources in that ecosystem.

SEC. 3. (a) The sum of one hundred forty-seven thousand dollars ($147,000) is hereby appropriated from the Harbors and Watercraft Revolving Fund for allocation as follows:

(1) To the Department of Boating and Waterways for a grant to Lake County of not more than forty-nine thousand dollars ($49,000) in each of the 1996–97, 1997–98, and 1998–99 fiscal years, less the amount allocated pursuant to paragraph (2) during each of those fiscal years, for the purposes of Section 64.5 of the Harbors and Navigation Code.

(2) To the Department of Fish and Game for expenditure of not more than five thousand dollars ($5,000) in each of the 1996–97, 1997–98, and 1998–99 fiscal years to pay the costs incurred by the department for the pilot project required to be conducted pursuant to Section 64.5 of the Harbors and Navigation Code.

(b) If funds to pay for the aquatic weed control project provided in Section 64.5 of the Harbors and Navigation Code are appropriated for that purpose in the Budget Act of 1996, the appropriation for the 1996–97 fiscal year required by subdivision (a) shall not be made and shall revert to the fund. The intent of this subdivision is to avoid duplicate appropriations for the aquatic weed control project for the 1996–97 fiscal year.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to control aquatic weeds in Clear Lake during this year's growing season, it is necessary for this act to take effect immediately.

CHAPTER 996

An act to amend, repeal, and add Section 1001.65 of the Penal Code, and to amend Sections 19705, 19706, 19717, and 19721 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 27, 1996. Filed with Secretary of State September 27, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 1001.65 of the Penal Code is amended to read:

1001.65. (a) A district attorney may collect a fee if his or her office collects and processes a bad check. The amount of the fee shall not exceed thirty-five ($35) for each bad check in addition to the actual amount of any bank charges incurred by the victim as a result of the offense.

(b) Notwithstanding subdivision (a), when a criminal complaint is filed in a bad check case after the maker of the check fails to comply with the terms of the bad check diversion program, the court, after conviction, may impose a bad check collection fee for the collection

and processing efforts by the district attorney of not more than thirty-five ($35) for each bad check in addition to the actual amount of any bank charges incurred by the victim as a result of the offense, not to exceed one thousand dollars ($1,000) in the aggregate. The court also may, as a condition of probation, require a defendant to participate in and successfully complete a check writing education class. If so required, the court shall make inquiry into the financial condition of the defendant and, upon a finding that the defendant is able in whole or part to pay the expense of the education class, the court may order him or her to pay for all or part of that expense.

(c) If the district attorney elects to collect any fee for bank charges incurred by the victim pursuant to this section, that fee shall be paid to the victim for any bank fees that the victim may have been assessed. In no event shall reimbursement of a bank charge to the victim pursuant to subdivision (a) or (b) exceed ten dollars ($10) per check.

(d) On or before January 1, 1998, the Judicial Council shall prepare a report on the effect of the amendments to this section enacted at the 1995–96 Regular Session of the Legislature, and submit that report to the Senate and Assembly Judiciary Committees.

(e) This section shall remain in effect only until January 1, 1999, and as of that date is repealed, unless a later enacted statute, that is enacted on or before January 1, 1999, deletes or extends that date.

SEC. 1.4. Section 1001.65 is added to the Penal Code, to read:

1001.65. (a) A district attorney may collect a fee if his or her office collects and processes a bad check. The amount of the fee shall not exceed twenty-five dollars ($25) for each bad check in addition to the actual amount of any bank charges incurred by the victim as a result of the offense.

(b) Notwithstanding subdivision (a), if a bad check case is not referred to a diversion program pursuant to this chapter, the court may impose a bad check collection fee for the collection and processing of a bad check by the district attorney of not more than twenty-five dollars ($25) for each bad check in addition to the actual amount of any bank charges incurred by the victim as a result of the offense, not to exceed one thousand dollars ($1,000) in the aggregate. The court also may, as a condition of probation, require a defendant to participate in and successfully complete a check writing education class. If so required, the court shall make inquiry into the financial condition of the defendant and, upon a finding that the defendant is able in whole or part to pay the expense of the education class, the court may order him or her to pay for all or part of that expense.

(c) If the district attorney elects to collect any fee for bank charges incurred by the victim pursuant to this section, that fee shall be paid to the victim for any bank fees that the victim may have been assessed. In no event shall reimbursement of a bank charge to the victim pursuant to subdivision (a) or (b) exceed ten dollars ($10) per check.

Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

(3) Land subject to an open-space easement.

(4) Land that has been restricted by a political subdivision or an entity of the state or federal government, acting within the scope of its regulatory or other legal authority, for the benefit of wildlife, endangered species, or their habitats.

(h) "Typical rotation period" means a period of years during which different crops are grown as part of a plant cultural program. Typical rotation period does not mean the rotation period of timber.

(i) "Wildlife" means waterfowl of every kind and any other undomesticated mammal, fish, or bird, or any reptile, amphibian, insect, or plant.

(j) "Endangered species" means any species or subcategory thereof, as defined in the California Endangered Species Act (Chapter 1.5 (commencing with Section 2050) of Division 3 of the Fish and Game Code) or the federal Endangered Species Act (16

U.S.C. Sec. 1531 et seq.), that has been classified and protected as an endangered, threatened, rare, or candidate species by any entity of the state or federal government.

SEC. 2. Section 423 of the Revenue and Taxation Code is amended to read:

423. Except as provided in Sections 423.7 and 423.8, when valuing enforceably restricted open-space land, other than land used for the production of timber for commercial purposes, the county assessor shall not consider sales data on lands, whether or not enforceably restricted, but shall value these lands by the capitalization of income method in the following manner:

(a) The annual income to be capitalized shall be determined as follows:

(1) Where sufficient rental information is available the income shall be the fair rent which can be imputed to the land being valued based upon rent actually received for the land by the owner and upon typical rentals received in the area for similar land in similar use, where the owner pays the property tax. Any cash rent or its equivalent considered in determining the fair rent of the land shall be the amount for which comparable lands have been rented, determined by average rents paid to owners as evidenced by typical land leases in the area, giving recognition to the terms and conditions of the leases and the uses permitted within the leases and within the enforceable restrictions imposed.

(2) Where sufficient rental information is not available, the income shall be that which the land being valued reasonably can be expected to yield under prudent management and subject to applicable provisions under which the land is enforceably restricted. There shall be a rebuttable presumption that "prudent management" does not include use of the land for a recreational use, as defined in subdivision (n) of Section 51201 of the Government Code, unless the land is actually devoted to that use.

(3) Notwithstanding any other provision herein, if the parties to an instrument which enforceably restricts the land stipulate therein an amount which constitutes the minimum annual income per acre to be capitalized, then the income to be capitalized shall not be less than the amount so stipulated.

For the purposes of this section, income shall be determined in accordance with rules and regulations issued by the board and with this section and shall be the difference between revenue and expenditures. Revenue shall be the amount of money or money's worth, including any cash rent or its equivalent, which the land can be expected to yield to an owner-operator annually on the average from any use of the land permitted under the terms by which the land is enforceably restricted, including, but not limited to, that from the production of salt and from typical crops grown in the area during a typical rotation period, as evidenced by historic cropping patterns and agricultural commodities grown. When the land is planted to

fruit-bearing or nut-bearing trees, vines, bushes, or perennial plants, the revenue shall not be less than the land would be expected to yield to an owner-operator from other typical crops grown in the area during a typical rotation period, as evidenced by historic cropping patterns and agricultural commodities grown. Proceeds from the sale of the land being valued shall not be included in the revenue from the land.

Expenditures shall be any outlay or average annual allocation of money or money's worth that has been charged against the revenue received during the period used in computing that revenue. Those expenditures to be charged against revenue shall be only those which are ordinary and necessary in the production and maintenance of the revenue for that period. Expenditures shall not include depletion charges, debt retirement, interest on funds invested in the land, interest on funds invested in trees and vines valued as land as provided by Section 429, property taxes, corporation income taxes, or corporation franchise taxes based on income. When the income used is from operating the land being valued or from operating comparable land, amounts shall be excluded from the income to provide a fair return on capital investment in operating assets other than the land, to amortize depreciable property, and to fairly compensate the owner-operator for his operating and managing services.

(b) The capitalization rate to be used in valuing land pursuant to this article shall not be derived from sales data and shall be the sum of the following components:

(1) An interest component, to be determined by the board and announced no later than September 1 of the year preceding the assessment year, which is the arithmetic mean, rounded to the nearest $^1/_4$ percent, of the yield rate for long-term United States government bonds, as most recently published by the Federal Reserve Board, and the corresponding yield rates for those bonds, as most recently published by the Federal Reserve Board as of each September 1 immediately prior to each of the four immediately preceding assessment years. The interest component defined by this paragraph shall be implemented in phases and shall be:

(A) For the 1993–94 assessment year, the yield rate for long-term United States government bonds, as most recently published by the Federal Reserve Board, rounded to the nearest $^1/_4$ percent.

(B) For the 1994–95 assessment year, the arithmetic mean, rounded to the nearest $^1/_4$ percent, of the yield rate for long-term United States government bonds, as most recently published by the Federal Reserve Board, and the corresponding yield rate for those bonds, as most recently published by the Federal Reserve Board as of the September 1 immediately prior to the 1993–94 assessment year.

(C) For the 1995–96 assessment year, the arithmetic mean, rounded to the nearest $^1/_4$ percent, of the yield rate for long-term United States government bonds, as most recently published by the

Federal Reserve Board, and the corresponding yield rates for those bonds, as most recently published by the Federal Reserve Board as of each September 1 immediately prior to the 1993–94 and 1994–95 assessment years.

(D) For the 1996–97 assessment year, the arithmetic mean, rounded to the nearest $^1/_4$ percent, of the yield rate for long-term United States government bonds, as most recently published by the Federal Reserve Board, and the corresponding yield rates for those bonds, as most recently published by the Federal Reserve Board as of each September 1 immediately prior to the 1993–94, 1994–95, and 1995–96 assessment years.

(E) For the 1997–98 assessment year, and each fiscal year thereafter, the arithmetic mean, rounded to the nearest $^1/_4$ percent, of the yield rate for long-term United States government bonds, as most recently published by the Federal Reserve Board, and the corresponding yield rates for those bonds, as most recently published by the Federal Reserve Board as of each September 1 immediately prior to the four immediately preceding assessment years.

(2) A risk component which shall be a percentage determined on the basis of the location and characteristics of the land, the crops to be grown thereon and the provisions of any lease or rental agreement to which the land is subject.

(3) A component for property taxes which shall be a percentage equal to the estimated total tax rate applicable to the land for the assessment year times the assessment ratio. The estimated total tax rate shall be the cumulative rates used to compute the state's reimbursement of local governments for revenues lost on account of homeowners' property tax exemptions in the tax rate area in which the enforceably restricted land is situated.

(4) A component for amortization of any investment in perennials over their estimated economic life when the total income from land and perennials other than timber exceeds the yield from other typical crops grown in the area.

(c) The value of the land shall be the quotient for the income determined as provided in subdivision (a) divided by the capitalization rate determined as provided in subdivision (b).

(d) Unless a party to an instrument which creates an enforceable restriction expressly prohibits such a valuation, the valuation resulting from the capitalization of income method described in this section shall not exceed the lesser of either the valuation that would have resulted by calculation under Section 110, or the valuation that would have resulted by calculation under Section 110.1, as though the property was not subject to an enforceable restriction in the base year.

In determining the 1975 base year value under Article XIII A of the California Constitution for any parcel for comparison, the county may charge a contractholder a fee limited to the reasonable costs of such determination not to exceed twenty dollars ($20) per parcel.

(e) If the parties to an instrument which creates an enforceable restriction expressly so provide therein, the assessor shall assess those improvements which contribute to the income of land in the manner provided herein. As used in this subdivision "improvements which contribute to the income of the land" shall include, but are not limited to, wells, pumps, pipelines, fences, and structures which are necessary or convenient to the use of the land within the enforceable restrictions imposed.

SEC. 3. Section 423.8 is added to the Revenue and Taxation Code, to read:

423.8. (a) Notwithstanding the acreage requirement specified in subdivision (f) of Section 421, both of the following apply with respect to enrollment in a wildlife habitat contract:

(1) Any open-space land that has been restricted as wildlife or endangered species habitat by a political subdivision of the state or entity of state government shall, upon the request of the owner of that land, be enrolled in a wildlife habitat contract with the political subdivision of the state or entity of state government that has so restricted the subject open-space land.

(2) Any open-space land that has been restricted as wildlife or endangered species habitat by an agency of the federal government shall, upon the request of the landowner, be enrolled in a wildlife habitat contract with the city or county having jurisdiction over the restricted open-space land.

For any open-space land eligible for valuation under Section 422.5, 423, 423.3, 423.5, 426, or 435, that has also been enrolled in a wildlife habitat contract pursuant to this section, the controlling value of the land shall, except as otherwise provided in the following sentence, be the lower of the values determined for that land pursuant to those sections or Section 402.1. Other lands enrolled in a wildlife habitat contract pursuant to this section shall be assessed at the value determined as provided in Section 402.1.

(b) In no event shall this section or Section 421 be construed to authorize a political subdivision or any entity of the state or federal government to restrict the otherwise lawful use of property by designating all or part of that property as wildlife habitat or endangered species habitat without the consent of the owner of that property.

(c) It is the intent of the Legislature in adding this section to establish a nonexclusive alternative method of recognizing, for purposes of property taxation, the existence of certain governmental restrictions on the use of property. Neither this section nor Section 402.1 shall be construed or applied to require the existence of a wildlife habitat contract, as described in this section, as a necessary condition for recognizing the effect upon the taxable value of property of any enforceable restriction that is recognized under Section 422 or 402.1 and is legally established by statute, regulation,

or any action or classification by a governmental entity, for the benefit of wildlife, endangered species, or their habitats.

SEC. 4. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 5. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect. However, this act shall become operative commencing with those property taxes levied for the first lien date following the effective date of this act.

CHAPTER 998

An act to amend Section 41751 of the Health and Safety Code, relating to air pollution.

[Approved by Governor September 27, 1996. Filed with Secretary of State September 27, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 41751 of the Health and Safety Code is amended to read:

41751. (a) (1) As used in this article, "portable equipment" includes any portable internal combustion engine and equipment that is associated with, and driven by, any portable internal combustion engine.

(2) (A) As used in this article, and except as provided in subdivision (b), a "portable internal combustion engine" is any internal combustion engine which is, by itself, or contained within or attached to a piece of equipment, is portable or transportable.

(B) As used in this paragraph, "portable or transportable" means designed to be, and capable of being, carried or moved from one location to another. Indicia of portability or transportability include, but are not limited to, wheels, skids, carrying handles, or a dolly, trailer, or platform.

(b) Any engine otherwise included in this section is not a portable internal combustion engine if either of the following applies:

(1) The engine remains, or will remain, at a fixed location for more than 12 consecutive months. For purposes of this paragraph, a "fixed location" is any single site at a building, structure, facility, or installation.

(2) The engine is used to propel nonroad equipment or a motor vehicle of any kind, including, but not limited to, a heavy-duty vehicle.

(c) Portable equipment includes, but is not limited to, any of the following:

(1) Confined and unconfined abrasive blasting equipment.

(2) Portland concrete batch plants.

(3) Sand and gravel screening, rock crushing, unheated pavement crushing, and recycling operations equipment.

(4) Consistent with federal law, portable internal combustion engines used in conjunction with, but not limited to, the following types of operations:

(A) Well drilling, including service equipment and work over rigs.

(B) Power generation, excluding cogeneration.

(C) Pumps.

(D) Compressors.

(E) Pile drivers.

(F) Welding.

(G) Cranes.

(H) Wood chippers.

(5) Equipment necessary for the operation of portable equipment.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 999

An act to amend Sections 25123.3, 25123.5, 25143, 25200.1.5, 25200.14, 25218.8, 25244.21, and 25245.4 of, and to add Section 25150.6 to, the Health and Safety Code, relating to hazardous waste.

[Approved by Governor September 27, 1996. Filed with Secretary of State September 27, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 25123.3 of the Health and Safety Code is amended to read:

25123.3. (a) For purposes of this section, the following terms have the following meaning:

(1) "Liquid hazardous waste" means a hazardous waste that meets the definition of free liquids, as specified in Section 66260.10 of Title 22 of the California Code of Regulations, as that section read on January 1, 1994.

(2) "Remediation waste staging" means the temporary accumulation of non-RCRA contaminated soil that is generated and held onsite, and that is accumulated for the purpose of onsite treatment pursuant to a certified, authorized or permitted treatment method, such as a transportable treatment unit, if all of the following requirements are met:

(A) The hazardous waste being accumulated does not contain free liquids.

(B) The hazardous waste is accumulated on an impermeable surface, such as high density polyethylene (HDPE) of at least 20 mills that is supported by a foundation, or high density polyethylene of at least 60 mills that is not supported by a foundation.

(C) The generator provides controls for windblown dispersion and precipitation runoff and run-on and complies with any stormwater permit requirements issued by a regional water quality control board.

(D) The generator has the accumulation site inspected weekly and after storms to ensure that the controls for windblown dispersion and precipitation runoff and run-on are functioning properly.

(E) The staging area is certified by a registered engineer for compliance with the standards specified in subparagraphs (A) to (D), inclusive.

(3) "Transfer facility" means any offsite facility which is related to the transportation of hazardous waste, including, but not limited to, loading docks, parking areas, storage areas, and other similar areas where shipments of hazardous waste are held during the normal course of transportation.

(b) "Storage facility" means a hazardous waste facility at which the hazardous waste meets any of the following requirements:

(1) The hazardous waste is held for greater than 90 days at an onsite facility. The department may establish criteria and procedures to extend that 90-day period, consistent with the federal act, and to prescribe the manner in which the hazardous waste may be held if not otherwise prescribed by statute.

(2) The hazardous waste is held for any period of time at an offsite facility which is not a transfer facility.

(3) (A) Except as provided in subparagraph (C), the hazardous waste is held at a transfer facility for periods greater than six days, or

greater than 10 days for transfer facilities in areas zoned industrial by the local planning authority.

(B) The department may adopt regulations which set forth enforceable management standards that protect human health and the environment and which apply to persons holding hazardous waste at a transfer facility located in a commercial or residential area pursuant to subparagraph (A). Any regulations adopted pursuant to this subparagraph shall be considered by the Office of Administrative Law to be necessary for the immediate preservation of the public peace, health and safety, and general welfare, and may be adopted as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(C) The department may extend the period of time specified in subparagraph (A) for hazardous waste which is generated as a result of an emergency release and which is collected and temporarily stored by emergency rescue personnel, as defined in Section 25501, or by a response action contractor, as defined in Section 25364.6, upon the request of emergency rescue personnel or the response action contractor. Notwithstanding any other provision of law, a transfer facility which holds hazardous waste for periods greater than six days, or greater than 10 days for transfer facilities in areas zoned industrial by the local planning authority, pursuant to this subparagraph shall not be classified as a storage facility.

(4) (A) Except as provided in subparagraph (B), the hazardous waste is held onsite for any period of time, unless the hazardous waste is held in a container, tank, drip pad, or containment building pursuant to regulations adopted by the department.

(B) Notwithstanding subparagraph (A), a generator that accumulates hazardous waste generated and held onsite for 90 days or less for offsite transportation is not a storage facility if all of the following requirements are met:

(i) The waste is non-RCRA contaminated soil.

(ii) The hazardous waste being accumulated does not contain free liquids.

(iii) The hazardous waste is accumulated on an impermeable surface, such as high density polyethylene (HDPE) of at least 20 mills that is supported by a foundation, or high density polyethylene of at least 60 mills that is not supported by a foundation.

(iv) The generator provides controls for windblown dispersion and precipitation runoff and run-on and complies with any stormwater permit requirements issued by a regional water quality control board.

(v) The generator has the accumulation site inspected weekly and after storms to ensure that the controls for windblown dispersion and precipitation runoff and run-on are functioning properly.

(vi) The generator, after final offsite transportation, inspects the accumulation site for contamination and remediates as necessary.

(vii) The site is certified by a registered engineer for compliance with the standards specified in clauses (i) to (vi), inclusive.

(5) The hazardous waste is held at a transfer facility for any period of time in a manner other than in a container or tank.

(6) (A) Except as provided in subparagraph (B), the hazardous waste is held at a transfer facility for any period of time and handling occurs.

(B) Notwithstanding subparagraph (A), and to the extent consistent with the federal act, a transfer facility is not a storage facility if the hazardous waste is held in containers or tanks at a transfer facility for a period of six days or less, or 10 days or less for transfer facilities in areas zoned industrial by the local planning authority, and no handling occurs, other than the transfer of packages or containerized hazardous waste from one vehicle to another.

(c) The time period for calculating the 90-day period for purposes of paragraph (1) of subdivision (b) begins when the facility has accumulated 100 kilograms of hazardous waste or one kilogram of extremely hazardous waste or acutely hazardous waste. However, if the facility generates more than 100 kilograms of hazardous waste or one kilogram of extremely hazardous waste or acutely hazardous waste during any calendar month, the time period begins when any amount of hazardous waste first begins to accumulate in that month.

(d) Notwithstanding paragraph (1) of subdivision (b), a generator of hazardous waste that accumulates waste onsite is not a storage facility if all of the following requirements are met:

(1) The generator accumulates a maximum of 55 gallons of hazardous waste, one quart of acutely hazardous waste, or one quart of extremely hazardous waste at an initial accumulation point which is at or near the area where the waste is generated and which is under the control of the operator of the process generating the waste.

(2) The generator accumulates the waste in containers other than tanks.

(3) The generator does not hold the hazardous waste onsite without a hazardous waste facilities permit or other grant of authorization for a period of time longer than the shorter of the following time periods:

(A) One year from the initial date of accumulation.

(B) Ninety days, or if subdivision (h) is applicable, 180 or 270 days, from the date that the quantity limitation specified in paragraph (1) is reached.

(4) The generator labels any container used for the accumulation of hazardous waste with the initial date of accumulation and with the words "hazardous waste" or other words that identify the contents of the container.

(5) Within three days of reaching any applicable quantity limitation specified in paragraph (1), the generator labels the container holding the accumulated hazardous waste with the date the quantity limitation was reached and either transports the waste

offsite or holds the waste onsite and complies with either the regulations adopted by the department establishing requirements for generators subject to the time limit specified in paragraph (1) of subdivision (b) or the requirements specified in paragraph (1) of subdivision (h), whichever requirements are applicable.

(6) The generator complies with regulations adopted by the department pertaining to the use and management of containers and any other regulations adopted by the department to implement this subdivision.

(e) (1) Notwithstanding paragraphs (1) and (4) of subdivision (b), hazardous waste held for remediation waste staging shall not be considered to be held at a hazardous waste storage facility if the total accumulation period is one year or less from the date of the initial placing of hazardous waste by the generator at the staging site for onsite remediation, except that the department may grant one six-month extension, upon a showing of reasonable cause by the generator.

(2) (A) The generator shall submit a notification of plans to store and treat hazardous waste onsite pursuant to paragraph (2) of subdivision (a), in person or by certified mail, with return receipt requested, to the department and to one of the following:

(i) The CUPA, if the generator is under the jurisdiction of a CUPA.

(ii) If the generator is not under the jurisdiction of a CUPA, the notification shall be submitted to the officer or agency authorized, pursuant to subdivision (f) of Section 25404.3, to implement and enforce the requirements of this chapter listed in paragraph (1) of subdivision (c) of Section 25404.

(B) If, after the notification pursuant to subparagraph (A), or during the initial year or the six-month extension granted by the department, the generator determines that treatment cannot be accomplished for all, or part of, the hazardous waste accumulated in a remediation waste staging area, the generator shall immediately notify the department and the appropriate local agency, pursuant to subparagraph (A), that the treatment has been discontinued. The generator shall then handle and dispose of the hazardous waste in accordance with paragraph (4) of subdivision (b).

(C) A generator shall not hold hazardous waste for remediation waste staging unless the generator can show, through laboratory testing, bench scale testing, or other documentation, that soil held for remediation waste staging is potentially treatable. Any fines and penalties imposed for a violation of this subparagraph may be imposed beginning with the 91st day that the hazardous waste was initially accumulated.

(3) Once an onsite treatment operation is completed on hazardous waste held pursuant to paragraph (1), the generator shall inspect the staging area for contamination and remediate as necessary.

(f) Notwithstanding any other provision of this chapter, remediation waste staging and non-RCRA contaminated soil held for offsite transportation in accordance with paragraph (4) of subdivision (b) shall not be considered to be disposal or land disposal of hazardous waste.

(g) A generator who holds hazardous waste for remediation waste staging pursuant to paragraph (2) of subdivision (a) or who holds hazardous waste onsite for offsite transportation pursuant to paragraph (4) of subdivision (b) shall maintain records onsite that demonstrate compliance with this section related to storing hazardous waste for remediation waste staging or related to holding hazardous waste onsite for offsite transportation, as applicable. The records maintained pursuant to this subdivision shall be available for review by any public agency authorized pursuant to Section 25180 or 25185.

(h) (1) Notwithstanding paragraph (1) of subdivision (b), a generator of less than 1,000 kilograms of hazardous waste in any calendar month who accumulates hazardous waste onsite for 180 days or less, or 270 days or less if the generator transports the generator's own waste, or offers the generator's waste for transportation, over a distance of 200 miles or more, for offsite treatment, storage, or disposal, is not a storage facility if all of the following apply:

(A) The quantity of hazardous waste accumulated onsite never exceeds 6,000 kilograms.

(B) The generator complies with the requirements of subdivisions (d), (e), and (f) of Section 262.34 of Title 40 of the Code of Federal Regulations.

(C) The generator does not hold acutely hazardous waste or extremely hazardous waste in an amount greater than one kilogram for a time period longer than that specified in paragraph (1) of subdivision (b).

(2) A generator meeting the requirements of paragraph (1) who does not receive a copy of the manifest with the handwritten signature of the owner or operator of the facility to which the generator's waste is submitted, within 60 days from the date that the hazardous waste was accepted by the initial transporter, shall submit to the department a legible copy of the manifest, with some indication that the generator has not received confirmation of delivery.

SEC. 2. Section 25123.5 of the Health and Safety Code is amended to read:

25123.5. "Treatment" means any method, technique, or process which is not otherwise excluded from the definition of treatment by this chapter and which is designed to change the physical, chemical, or biological character or composition of any hazardous waste or any material contained therein, or which removes or reduces its harmful properties or characteristics for any purpose. "Treatment" does not

include the removal of residues from manufacturing process equipment for the purposes of cleaning that equipment.

SEC. 3. Section 25143 of the Health and Safety Code is amended to read:

25143. (a) The department may grant a variance from one or more of the requirements of this chapter, or the regulations adopted pursuant to this chapter, for the management of a hazardous waste if all of the following conditions apply:

(1) One of the following conditions applies:

(A) The hazardous waste is solely a non-RCRA hazardous waste or the hazardous waste or its management is exempt from, or is not otherwise regulated pursuant to, the federal act.

(B) The requirement from which a variance is being granted is not a requirement of the federal act, or the regulations adopted to implement the federal act.

(C) The department has issued, or is simultaneously issuing, a variance from the federal act for the hazardous waste management pursuant to subdivision (c).

(2) The department makes one of the following findings:

(A) The hazardous waste, the amount of the hazardous waste, or the hazardous waste management activity or management unit is insignificant or unimportant as a potential hazard to human health and safety or to the environment, when managed in accordance with the conditions, limitations, and other requirements specified in the variance.

(B) The requirements, from which a variance is being granted, are insignificant or unimportant in preventing or minimizing a potential hazard to human health and safety or the environment.

(C) The handling, processing, or disposal of the hazardous waste, or the hazardous waste management activity, is regulated by another governmental agency in a manner that ensures it will not pose a substantial present or potential hazard to human health and safety, and the environment.

(D) A requirement imposed by another public agency provides protection of human health and safety or the environment equivalent to the protection provided by the requirement from which the variance is being granted.

(3) The variance is granted in accordance with this section.

(b) (1) The department may grant a variance upon receipt of a variance application for a site or sites owned or operated by an individual or business concern. The individual or business concern submitting the application for a variance shall submit to the department sufficient information to enable the department to determine if all of the conditions required by subdivision (a) are satisfied for all situations within the scope of the requested variance.

(2) The department may also grant a variance, on its own initiative, to one or more individuals or business concerns. If the variance is granted to more than one individual or business concern,

the department, in granting the variance pursuant to this paragraph, shall comply with all of the following requirements:

(A) The department shall make all of the following findings, in addition to the findings required pursuant to paragraph (2) of subdivision (a):

(i) That the variance is necessary to address a temporary situation, or that the variance is needed to address an ongoing situation pending the adoption of regulations by the department.

(ii) That the variance will not create a substantive competitive disadvantage for a member or members of a specific class of facilities. This finding shall be based upon information available to the department at the time that the variance is granted.

(iii) That there are no reasonably foreseeable site-specific physical or operating conditions that could potentially impact the finding made by the department pursuant to paragraph (2) of subdivision (a). This finding shall be supported by substantial evidence in the record as a whole, and shall be based upon both of the following:

(I) The types of hazardous waste streams, the estimated amounts of hazardous waste, and the locations that are affected by the variance. The estimate of the amounts of hazardous waste that are affected by the variance shall be based upon information reasonably available to the department.

(II) Due inquiry, with respect to the hazardous waste streams and management activities affected by the variance, regarding the potential for mismanagement, enforcement and site remediation experience, and proximity to sensitive receptors.

(B) The variance shall not be granted for a period of more than one year. A variance granted pursuant to this paragraph may be renewed for one additional one-year period, if the department makes a finding that the variance has not resulted in harm to human health or safety or to the environment and that there has been substantial compliance with the conditions contained in the variance.

(C) The department shall issue a public notice at least 30 days prior to granting the variance to allow an opportunity for public comment. The public notice shall be issued in the California Regulatory Register, to the department's regulatory mailing list, and to all potentially affected hazardous waste facilities and generators known to the department. The department shall, upon request, hold a public meeting prior to granting the variance. In granting the variance and in making the findings required by paragraph (2) of subdivision (a) and subparagraph (A), the department shall consider all public comments received.

(D) The department shall not grant a variance pursuant to this paragraph from the definition of, or classification as, a hazardous waste, or from requirements pertaining to the investigation or remediation of releases of hazardous waste or constituents.

(E) The authority of the department to grant or renew variances pursuant to this paragraph shall remain in effect only until January

1, 2002, unless a later enacted statute, which is enacted before January 1, 2002, deletes or extends that date. This subparagraph shall not be construed to invalidate any variance granted pursuant to this paragraph prior to the expiration of the department's authority.

(c) (1) In addition to the variance authorized pursuant to subdivisions (a) and (b), the department, after making one of the findings specified in paragraph (2) of subdivision (a), may also grant a variance from the requirements of the federal act in accordance with the provisions of Sections 260.30, 260.31, 260.32, and 260.33 of Title 40 of the Code of Federal Regulations, or any successor federal regulations, regarding the issuance of variances from classification of a material as a solid waste or variances classifying enclosed devices using controlled flame combustion as boilers.

(2) This subdivision shall take effect on the date that the department obtains authorization from the Environmental Protection Agency to implement those provisions of the federal act that are identified in paragraph (1).

(d) Each variance issued pursuant to this section shall be issued on a form prescribed by the department and shall, as applicable, include, but not be limited to, all of the following:

(1) Information identifying the individuals or business concerns to which the variance applies. This identification shall be by name, location of the site or sites, type of hazardous waste generated or managed, or type of hazardous waste management activity, as applicable.

(2) As applicable, a description of the physical characteristics and chemical composition of the hazardous waste or the specifications of the hazardous waste management activity or unit to which the variance applies.

(3) The time period during which the variance is effective.

(4) A specification of the requirements of this chapter or the regulations adopted pursuant to this chapter from which the variance is granted.

(5) A specification of the conditions, limitations, or other requirements to which the variance is subject.

(e) (1) Variances issued pursuant to this section are subject to review at the discretion of the department and may be revoked or modified at any time.

(2) The department shall revoke or modify a variance if the department finds any of the following:

(A) The conditions required by this section are no longer satisfied.

(B) The holder of the variance is in violation of one or more of the conditions, limitations, or other requirements of the variance, and, as a result of the violation, the conditions required by this section are no longer satisfied.

(C) If the variance was granted because of the finding specified in subparagraph (C) or (D) of paragraph (2) of subdivision (a), the holder of the variance is in violation of one or more of the regulatory

requirements of another governmental agency to which the holder is subject and the violation invalidates that finding.

(f) (1) (A) The department may, upon mutual agreement with an individual or business concern applying for a variance, charge a fee that is equal to the actual cost of the department in reviewing and making a determination on the variance.

(B) If the applicant pays a fee pursuant to subparagraph (A), the applicant is not subject to the variance fee required by Section 25205.7.

(2) The department may waive all, or part, of the fees required by Section 25205.7 for an application for a variance by an individual or business concern.

(g) Within 30 days from the date of granting a variance, the department shall issue a public notice on the California Regulatory Register.

SEC. 4. Section 25150.6 is added to the Health and Safety Code, to read:

25150.6. (a) Except as provided in subdivision (e), the department may, by regulation, exempt a hazardous waste management activity from one or more of the requirements of this chapter, if the department does all of the following:

(1) Prepares the analysis of the hazardous waste management activity to which the exemption will apply, as required by subdivision (b).

(2) Demonstrates that one of the conclusions required by subdivision (c) is valid.

(3) Imposes, as may be necessary, conditions and limitations on the exemption that ensure that the exempted activity will not pose a significant potential hazard to human health or safety or to the environment.

(b) Before the department adopts a regulation exempting a hazardous waste activity from one or more of the requirements of this chapter pursuant to subdivision (a), the department shall evaluate the activity and prepare an analysis that addresses all of the following aspects of the activity, to the extent that the requirement or requirements from which the activity will be exempted can affect these aspects of the activity:

(1) The types of hazardous waste streams and the estimated amounts of hazardous waste that are managed as part of the activity and the hazards to human health or safety or to the environment posed by reasonably foreseeable mismanagement of those hazardous wastes and their hazardous constituents. The estimate of the amounts of hazardous waste that are managed as part of the activity shall be based upon information reasonably available to the department.

(2) The complexity of the activity, and the amount and complexity of operator training, equipment installation and maintenance, and monitoring that are required to ensure that the activity is conducted

in a manner that safely and effectively manages the particular hazardous waste stream.

(3) The chemical or physical hazards that are associated with the activity and the degree to which those hazards are similar to, or differ from, the chemical or physical hazards that are associated with the production processes that are carried out in the facilities that produce the hazardous waste that is managed as part of the activity.

(4) The types of accidents that might reasonably be foreseen to occur during the management of particular types of hazardous waste streams as part of the activity, the likely consequences of those accidents, and the actual reasonably available accident history associated with the activity.

(5) The types of locations at which the activity may be carried out, an estimate of the number of these locations, and the types of hazards that may be posed by proximity to the land uses described in subdivision (b) of Section 25232. The estimate of the number of locations at which the activity may be carried out shall be based upon information reasonably available to the department.

(c) The department shall not adopt a regulation pursuant to subdivision (a) unless it first demonstrates, using the information developed in the analysis prepared pursuant to subdivision (b), that one of the following is valid:

(1) The requirement from which the activity is exempted is not significant or important in either of the following:

(A) Preventing or mitigating potential hazards to human health or safety or to the environment posed by the activity.

(B) Ensuring that the activity is conducted in compliance with other applicable requirements of this chapter and the regulations adopted pursuant to this chapter.

(2) A requirement is imposed and enforced by another public agency that provides protection of human health and safety and the environment that is as effective as, and equivalent to, the protection provided by the requirement, or requirements, from which the activity is being exempted.

(3) Conditions or limitations imposed on the exemption will provide protection of human health and safety and the environment equivalent to the requirement, or requirements, from which the activity is exempted.

(4) Conditions or limitations imposed on the exemption accomplish the same regulatory purpose as the requirement, or requirements, from which the activity is being exempted but at less cost or greater administrative convenience and without increasing potential risks to human health or safety or to the environment.

(d) A regulation adopted pursuant to this section shall not be deemed to meet the standard of necessity, pursuant to Section 11349.1 of the Government Code, unless the department has complied with subdivisions (b) and (c).

(e) The department shall not exempt a hazardous waste management activity from a requirement of this chapter or the regulations adopted by the department if the requirement is also a requirement for that activity under the federal act.

(f) The authority of the department to adopt regulations pursuant to this section shall remain in effect only until January 1, 2002, unless a later enacted statute, which is enacted before January 1, 2002, deletes or extends that date. This subdivision shall not be construed to invalidate any regulation adopted pursuant to this section prior to the expiration of the department's authority.

SEC. 5. Section 25200.1.5 of the Health and Safety Code is amended to read:

25200.1.5. (a) The department may establish an administrative process to certify hazardous waste environmental technologies that it determines will not pose a significant potential hazard to human health and safety or to the environment if they are used under specified operating conditions. Hazardous waste environmental technologies which may be certified shall include, but are not limited to, hazardous waste management technologies, site mitigation technologies, and waste minimization and pollution prevention technologies. The certification process shall not be used for hazardous waste incineration technologies. The certification shall include all of the following:

(1) A statement of the technical specifications applicable to the technology.

(2) A determination of the composition of the hazardous wastes or chemical constituents for which the technology can appropriately be used.

(3) An estimate of the efficacy and efficiency of the technology in regard to the hazardous wastes or chemical constituents for which it is certified.

(4) A specification of the minimal operational standards the technology is required to meet to ensure that the certified technology is managed properly and used safely.

(b) An applicant for certification of a hazardous waste environmental technology shall provide the department with any information required by the department to make a determination on the application for certification.

(c) The department's proposed decision on an application for certification of a hazardous waste environmental technology shall be published in the California Regulatory Notice Register and shall be subject to a 30-day comment period. The department's final decision on an application for certification of a hazardous waste environmental technology shall become effective not sooner than 30 days from the date of publication of the final decision in the California Regulatory Notice Register.

(d) The department may decertify a hazardous waste environmental technology if it determines, on the basis of any

information, that the hazardous waste environmental technology may pose a significant potential hazard to human health and safety or to the environment. The department may decertify a hazardous waste environmental technology in accordance with the procedure set forth in subdivision (c).

(e) The department's decision on an application for certification under this section is exempt from the requirements of Chapter 3.5 (commencing with Section 11340), Chapter 4 (commencing with Section 11370), and Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and shall not be subject to the review and approval of the Office of Administrative Law.

(f) Based on the determination made by the department pursuant to subdivision (a), other local and state government permitting authorities may take this certification process into consideration when making their permitting decisions.

(g) (1) The department shall place appropriate conditions on any certification granted pursuant to this section. Those conditions may include, but are not limited to, all of the following:

(A) Limits on the types, volume, and concentration of waste streams that may be employed with the technology.

(B) Operating requirements.

(C) Monitoring requirements.

(2) Any technology certified by the department pursuant to this section may be eligible for authorization pursuant to permit-by-rule or conditional authorization pursuant to Section 25200.3, or conditional exemption pursuant to Section 25201.5, only if the department determines that the use of that technology to handle the waste stream or streams is demonstrated to be as safe and as effective as the processes that are subject to regulation pursuant to permit-by-rule or conditional authorization pursuant to Section 25200.3 or conditional exemption pursuant to Section 25201.5. A certified technology determined to be eligible for authorization pursuant to permit-by-rule shall, in addition to any conditions placed on the certification pursuant to paragraph (1), operate in accordance with all conditions of the certification and permit-by-rule.

(3) In determining the placement of a technology certified pursuant to this section for operation pursuant to permit-by-rule or pursuant to a grant of conditional authorization under Section 25200.3 or conditional exemption under Section 25201.5, the department shall, to the extent information is available, consider all the following factors in making its determination:

(A) The hazardous waste streams that are treated using the treatment methods and the hazards to human health and safety or the environment posed by those hazardous wastes and their hazardous constituents.

(B) The complexity of the treatment method, the degree of difficulty in carrying it out, and the technology that is used to carry it out.

(C) Chemical or physical hazards that are associated with the use of the treatment process and the degree to which these hazards are similar to, or differ from, the chemical or physical hazards that are associated with the production processes that are carried out in the facilities that produce the hazardous waste that is treated using the treatment methods.

(D) The levels of specialized operator training, equipment maintenance, and monitoring that are required to ensure the safety of the treatment method and its effectiveness in treating particular hazardous waste streams.

(E) The types of accidents that may occur during the treatment of particular types of hazardous waste streams, the likely consequences of those accidents, and the actual accident history associated with use of the treatment method.

(h) The department shall charge fees to review and certify environmental technologies pursuant to this section that are sufficient to recover the actual costs of the department in reviewing and approving the technology.

(i) The department shall implement a program to continually monitor and oversee manufacturers and users of technologies certified pursuant to this section, to ensure that the certified technologies are operating in a manner which is not hazardous to human health and safety or to the environment.

(j) The department shall adopt regulations to implement the certification process.

SEC. 6. Section 25200.14 of the Health and Safety Code is amended to read:

25200.14. (a) For purposes of this section, "phase I environmental assessment" means a preliminary site assessment based on reasonably available knowledge of the facility, including, but not limited to, historical use of the property, prior releases, visual and other surveys, records, consultant reports, and regulatory agency correspondence.

(b) (1) Except as provided in paragraph (2) and in subdivision (i), in implementing the requirements of Section 25200.10 for facilities operating pursuant to a permit-by-rule under the regulations adopted by the department regarding transportable treatment units and fixed treatment units, which are contained in Chapter 45 (commencing with Section 67450.1) of Division 4.5 of Title 22 of the California Code of Regulations, or for generators operating pursuant to a grant of conditional authorization under Section 25200.3, the department or the unified program agency authorized to implement this section pursuant to Section 25404.1 shall require the owner or operator of the facility or the generator to complete and file a phase I environmental assessment with the

department or the authorized unified program agency not later than one year from the date of adoption of the checklist specified in subdivision (f), but not later than January 1, 1997, or one year from the date that the facility or generator becomes authorized to operate, whichever date is later. After submitting a phase I environmental assessment, the owner or operator of the facility or the generator shall subsequently submit to the department or the authorized unified program agency, during the next regular reporting period, if any, updated information obtained by the facility owner or operator or the generator concerning releases subsequent to the submission of the phase I environmental assessment.

(2) Paragraph (1) does not apply to a facility owner or operator that is conducting, or has conducted, a site assessment of the entire facility or to a generator that is conducting, or has conducted, a site assessment of the entire facility of the generator in accordance with an order issued by a California regional water quality control board or any other state or federal environmental enforcement agency.

(c) An assessment which would otherwise meet the requirements of this section that is prepared for another purpose and was completed not more than three years prior to the date by which the facility owner or operator or the generator is required to submit a phase I environmental assessment may be used to comply with this section if the assessment is supplemented by any relevant updated information reasonably available to the facility owner or operator or to the generator.

(d) The department or the unified program agency authorized to implement this section pursuant to Section 25404.1 shall not require sampling or testing as part of the phase I environmental assessment. A phase I environmental assessment shall be certified by the facility owner or operator or by the generator, or by their designee, or by a certified professional engineer, or a geologist, or a registered environmental assessor. The phase I environmental assessment shall indicate whether the preparer believes that further investigation, including sampling and analysis, is necessary to determine whether a release has occurred, or to determine the extent of a release from a solid waste management unit or hazardous waste management unit.

(e) (1) If the results of a phase I environmental assessment conducted pursuant to subdivision (b) indicate that further investigation is needed to determine the existence or extent of a release from a solid waste management unit or hazardous waste management unit, the facility owner or operator or the generator shall submit a schedule, within 90 days from the date of submission of the phase I environmental assessment, for that further investigation to the department or to the unified program agency authorized to implement this section pursuant to Section 25404.1. If the department or the authorized unified program agency determines, based upon a review of the phase I environmental

assessment or other site-specific information in its possession, that further investigation is needed to determine the existence or extent of a release from a solid waste management unit or hazardous waste management unit, in addition to any further action proposed by the facility owner or operator or the generator, or determines that a different schedule is necessary to prevent harm to human health and safety or to the environment, the department or the authorized unified program agency shall inform the facility owner or operator or the generator of that determination and shall set a reasonable time period in which to accomplish that further investigation.

(2) In determining if a schedule is acceptable for investigation or remediation of any facility or generator subject to this section, the department may require more expeditious action if the department determines that hazardous constituents are mobile and are likely moving toward, or have entered, a source of drinking water, as defined by the State Water Resources Control Board, or determines that more expeditious action is otherwise necessary to protect human health or safety or the environment. To the extent that the department determines that the hazardous constituents are relatively immobile, or that more expeditious action is otherwise not necessary to protect public health or safety or the environment, the department may allow a longer schedule to allow the facility or generator to accumulate a remediation fund, or other financial assurance mechanism, prior to taking corrective action.

(3) If a facility owner or operator or the generator is conducting further investigation to determine the nature or extent of a release pursuant to, and in compliance with, an order issued by a California regional water quality control board or other state or federal environmental enforcement agency, the department or the authorized unified program agency shall deem that investigation adequate for the purposes of determining the nature and extent of the release or releases that the order addressed, as the investigation pertains to the jurisdiction of the ordering agency.

(f) The department shall develop a checklist to be used by facility owners or operators and generators in conducting a phase I environmental assessment. The development and publication of the checklist is not subject to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The department shall hold at least one public workshop concerning the development of the checklist. The checklist shall not exceed the phase I requirements adopted by the American Society for Testing and Materials (ASTM) for due diligence for commercial real estate transactions. The department shall deem compliance with those ASTM standards, or compliance with the checklist developed and published by the department, as meeting the phase I environmental assessment requirements of this section.

(g) A facility, or to the extent required by the regulations adopted by the department, a transportable treatment unit, operating

pursuant to a permit-by-rule shall additionally comply with the remaining corrective action requirements specified in Section 67450.7 of Title 22 of the California Code of Regulations, in effect on January 1, 1992.

(h) A generator operating pursuant to a grant of conditional authorization pursuant to Section 25200.3 shall additionally comply with paragraph (3) of subdivision (c) of Section 25200.3.

(i) The department or the authorized unified program agency shall not require a phase I environmental assessment for those portions of a facility subject to a corrective action order issued pursuant to Section 25187, a cleanup and abatement order issued pursuant to Section 13304 of the Water Code, or a corrective action required under subsection (u) of Section 6924 of Title 42 of the United States Code or subsection (h) of Section 6928 of Title 42 of the United States Code.

SEC. 7. Section 25218.8 of the Health and Safety Code is amended to read:

25218.8. (a) Except as provided in subdivision (b), a hazardous waste facilities permit shall be obtained for the operation of a household hazardous waste collection facility.

(b) A hazardous waste facilities permit is not required for the operation of a recycle-only household hazardous waste collection facility if all of the following conditions are met:

(1) The facility accepts only the following recyclable household hazardous waste materials for subsequent transport to an authorized recycling facility:

(A) Latex paint.

(B) Used oil.

(C) Used oil filters.

(D) Antifreeze.

(E) Spent lead-acid batteries.

(F) Nickel-cadmium, alkaline, carbon-zinc, or other small batteries, if the facility is in compliance with Section 25216.1.

(G) Intact spent fluorescent lamps.

(H) Intact spent high intensity discharge (HID) lamps.

(2) No hazardous wastes or other materials are handled at the facility other than the materials specified in paragraph (1).

(3) The materials are transported to the collection facility by either of the following:

(A) The person who generated the material.

(B) The authorized curbside household hazardous waste collection program.

(4) The materials transported to the facility are transported in accordance with Section 25218.5.

(5) The materials collected are not stored at the facility for more than 180 days, except that less than one ton of spent lead-acid batteries may be stored at the facility for up to one year. More than

one ton of spent lead-acid batteries shall not be stored at the facility for more than 180 days.

(6) The materials collected are managed in accordance with the hazardous waste labeling, containerization, emergency response, and personnel training requirements of this chapter.

(7) The facility is in compliance with Section 25218.2.

SEC. 8. Section 25244.21 of the Health and Safety Code is amended to read:

25244.21. (a) Every generator shall retain the original of the current review and plan, plan summary, report, and report summary, shall maintain a copy of the current review and plan, plan summary, report, and report summary at each site, or, for a multisite review and plan, plan summary, report, or report summary, at a central location, and upon request, shall make it available to any authorized representative of the department or the unified program agency conducting an inspection pursuant to Section 25185. If a generator fails, within five days, to make available to the inspector the review and plan, plan summary, report, or report summary, the department, the unified program agency, or any authorized representative of the department, or of the unified program agency, conducting an inspection pursuant to Section 25185, shall, if appropriate, impose a civil penalty pursuant to Section 25187, in an amount not to exceed one thousand dollars ($1,000) for each day the violation of this article continues, notwithstanding Section 25189.2.

(b) If a generator fails to respond to a request for a copy of its review and plan, plan summary, report, or report summary made by the department pursuant to subdivision (c) of Section 25244.18, or by a local agency, including a unified program agency, pursuant to subdivision (g) of Section 25244.18, within 30 days from the date of the request, the department or unified program agency shall, if appropriate, assess a civil penalty pursuant to Section 25187, in an amount not to exceed one thousand dollars ($1,000) for each day the violation of this article continues, notwithstanding Section 25189.2.

(c) (1) Any person may request the department to certify that a generator is in compliance with this article by having the department certify that the generator has properly completed the review and plan, plan summary, report and report summary required pursuant to Sections 25244.19 and 25244.20. The department shall respond within 60 days to a request for certification. Upon receiving a request for certification, the department shall request from the generator, which is the subject of the request, a copy of the generator's review and plan, plan summary, report, and report summary, pursuant to subdivision (c) of Section 25244.19, if the department does not have these documents. The department shall forward a copy of the review and plan, plan summary, report, and report summary to the person requesting certification, within 10 days after the department receives the request for certification or receives the review and plan, plan summary, report, and report summary, whichever is later. The

department shall protect trade secrets in accordance with Section 25244.23 in a review and plan, plan summary, report, or report summary, requested to be released pursuant to this subdivision.

(2) This subdivision does not prohibit any person from directly requesting from a generator a copy of the review and plan, plan summary, report, or report summary. Solely for the purposes of responding to a request pursuant to this subdivision, the department shall deem the review and plan, plan summary, report, or report summary to be a public record subject to Section 25152.5, and shall act in compliance with that section.

SEC. 9. Section 25245.4 of the Health and Safety Code is amended to read:

25245.4. (a) (1) (A) On and before September 30, 1996, a facility or transportable treatment unit operating pursuant to a permit-by-rule is exempt from any standard or regulation requiring the provision of financial assurances for the costs of closing a treatment unit of the facility authorized under a permit-by-rule or closing the transportable treatment unit that is adopted by the department pursuant to paragraph (1) of subdivision (a) of Section 25245.

(B) On and after October 1, 1996, a facility or transportable treatment unit operating pursuant to a permit-by-rule under the regulations adopted by the department regarding transportable treatment units and fixed treatment units, which are contained in Chapter 45 (commencing with Section 67450.1) of Division 4.5 of Title 22 of the California Code of Regulations, shall provide financial assurances for the costs of closing a treatment unit of the facility authorized under a permit-by-rule under those regulations, or closing the transportable treatment unit, as specified in the standards and regulations adopted by the department pursuant to paragraph (1) of subdivision (a) of Section 25245 and subdivision (d), unless the facility or transportable treatment unit is exempt from those financial assurance requirements pursuant to this chapter. A facility operating pursuant to a permit-by-rule which operates not more than 30 days in any calendar year is not required to provide financial assurances for the costs of closure of such a treatment unit pursuant to paragraph (1) of subdivision (a) of Section 25245.

(2) A facility or transportable treatment unit operating pursuant to a permit-by-rule is exempt from any standard or regulation requiring the provision of financial assurances for third-party liability that is adopted by the department pursuant to paragraph (1) of subdivision (a) of Section 25245.

(3) A facility or transportable treatment unit operating pursuant to a permit-by-rule is not required to provide financial assurances for postclosure maintenance pursuant to paragraph (2) of subdivision (a) of Section 25245, unless the department determines, pursuant to the regulations adopted by the department, that the facility is required to obtain a postclosure permit.

(b) (1) (A) On and before September 30, 1996, a conditionally authorized generator who treats waste pursuant to Section 25200.3 is exempt from any standard or regulation requiring the provision of financial assurance for the costs of closing the conditionally authorized units that is adopted by the department pursuant to paragraph (1) of subdivision (a) of Section 25245.

(B) On and after October 1, 1996, a conditionally authorized generator who treats waste pursuant to Section 25200.3 shall provide financial assurances for the costs of closing the conditionally authorized units, as specified in the standards and regulations adopted by the department pursuant to paragraph (1) of subdivision (a) of Section 25245 and subdivision (d).

(2) A generator operating under a grant of conditional authorization pursuant to Section 25200.3 shall not be required to provide financial assurances for third-party liability damages pursuant to paragraph (1) of subdivision (a) of Section 25245.

(3) A generator operating under a grant of conditional authorization pursuant to Section 25200.3, shall not be required to provide financial assurances for postclosure maintenance pursuant to paragraph (2) of subdivision (a) of Section 25245, unless the department determines, pursuant to the regulations adopted by the department that the generator is required to obtain a postclosure permit.

(c) Notwithstanding any other provision of law, a person who treats waste pursuant to a grant of conditional exemption under this chapter is exempt, for those activities, from any standards or regulations adopted by the department pursuant to paragraph (1) of subdivision (a) of Section 25245 and is not required to provide financial assurances for the costs of closing the treatment units or for damage claims arising out of the operations of the unit pursuant to paragraph (1) of subdivision (a) of Section 25245, or to provide financial assurances for postclosure maintenance pursuant to paragraph (2) of subdivision (a) of Section 25245, unless the department determines, pursuant to the regulations adopted by the department, that the person is required to obtain a postclosure permit.

(d) (1) On or before February 1, 1996, the department shall adopt regulations to implement subparagraph (B) of paragraph (1) of subdivision (a) and subparagraph (B) of paragraph (1) of subdivision (b).

(2) The regulations adopted pursuant to this subdivision may be adopted as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(3) The adoption of regulations pursuant to this subdivision is an emergency and shall be considered by the Office of Administrative Law as necessary for the immediate preservation of the public peace, health and safety, and general welfare.

SEC. 10. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code, or because the costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1000

An act to amend Section 1719 of the Civil Code, relating to commercial paper.

[Approved by Governor September 27, 1996. Filed with Secretary of State September 29, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 1719 of the Civil Code is amended to read:

1719. (a) (1) Notwithstanding any penal sanctions that may apply, any person who passes a check on insufficient funds shall be liable to the payee for the amount of the check and a service charge payable to the payee for an amount not to exceed twenty-five dollars ($25) for the first check passed on insufficient funds and an amount not to exceed thirty-five dollars ($35) for each subsequent check to that payee passed on insufficient funds.

(2) Notwithstanding any penal sanctions that may apply, any person who passes a check on insufficient funds shall be liable to the payee for damages equal to treble the amount of the check if a written demand for payment is mailed by certified mail to the person who had passed a check on insufficient funds and the written demand informs this person of (A) the provisions of this section, (B) the amount of the check, and (C) the amount of the service charge payable to the payee. The person who had passed a check on insufficient funds shall have 30 days from the date the written demand was mailed to pay the amount of the check, the amount of the service charge payable to the payee, and the costs to mail the written demand for payment. If this person fails to pay in full the

amount of the check, the service charge payable to the payee, and the costs to mail the written demand within this period, this person shall then be liable instead for the amount of the check, minus any partial payments made toward the amount of the check or the service charge within 30 days of the written demand, and damages equal to treble that amount, which shall not be less than one hundred dollars ($100) nor more than one thousand five hundred dollars ($1,500). When a person becomes liable for treble damages for a check that is the subject of a written demand, that person shall no longer be liable for any service charge for that check and any costs to mail the written demand.

(3) Notwithstanding paragraphs (1) and (2), a person shall not be liable for the service charge, costs to mail the written demand, or treble damages if he or she stops payment in order to resolve a good faith dispute with the payee. The payee is entitled to the service charge, costs to mail the written demand, or treble damages only upon proving by clear and convincing evidence that there was no good faith dispute, as defined in subdivision (b).

(4) Notwithstanding paragraph (1), a person shall not be liable under that paragraph for the service charge if, at any time, he or she presents the payee with written confirmation by his or her financial institution that the check was returned to the payee by the financial institution due to an error on the part of the financial institution.

(5) Notwithstanding paragraph (1), a person shall not be liable under that paragraph for the service charge if the person presents the payee with written confirmation that his or her account had insufficient funds as a result of a delay in the regularly scheduled transfer of, or the posting of, a direct deposit of a social security or government benefit assistance payment.

(6) As used in this subdivision, to "pass a check on insufficient funds" means to make, utter, draw, or deliver any check, draft, or order for the payment of money upon any bank, depository, person, firm, or corporation that refuses to honor the check, draft, or order for any of the following reasons:

(A) Lack of funds or credit in the account to pay the check.

(B) The person who wrote the check does not have an account with the drawee.

(C) The person who wrote the check instructed the drawee to stop payment on the check.

(b) For purposes of this section, in the case of a stop payment, the existence of a "good faith dispute" shall be determined by the trier of fact. A "good faith dispute" is one in which the court finds that the drawer had a reasonable belief of his or her legal entitlement to withhold payment. Grounds for the entitlement include, but are not limited to, the following: services were not rendered, goods were not delivered, goods or services purchased are faulty, not as promised, or otherwise unsatisfactory, or there was an overcharge.

(c) In the case of a stop payment, the notice to the drawer required by this section shall be in substantially the following form:

NOTICE

To: _____
(name of drawer)

_____ is the payee of a check you wrote
(name of payee)

for $ _____. The check was not paid because
(amount)

you stopped payment, and the payee demands payment. You may have a good faith dispute as to whether you owe the full amount. If you do not have a good faith dispute with the payee and fail to pay the payee the full amount of the check in cash, a service charge of an amount not to exceed twenty−five dollars ($25) for the first check passed on insufficient funds and an amount not to exceed thirty−five dollars ($35) for each subsequent check passed on insufficient funds, and the costs to mail this notice within 30 days after this notice was mailed, you could be sued and held responsible to pay at least both of the following:

(1) The amount of the check.

(2) Damages of at least one hundred dollars ($100) or, if higher, three times the amount of the check up to one thousand five hundred dollars ($1,500).

If the court determines that you do have a good faith dispute with the payee, you will not have to pay the service charge, treble damages, or mailing cost. If you stopped payment because you have a good faith dispute with the payee, you should try to work out your dispute with the payee. You can contact the payee at:

_____
(name of payee)

_____
(street address)

_____
(telephone number)

You may wish to contact a lawyer to discuss your legal rights and responsibilities.

_____
(name of sender of notice)

(d) In the case of a stop payment, a court may not award damages or costs under this section unless the court receives into evidence a copy of the written demand which, in that case, shall have been sent

to the drawer and a signed certified mail receipt showing delivery, or attempted delivery if refused, of the written demand to the drawer's last known address.

(e) A cause of action under this section may be brought in small claims court by the original payee, if it does not exceed the jurisdiction of that court, or in any other appropriate court. The payee shall, in order to recover damages because the drawer instructed the drawee to stop payment, show to the satisfaction of the trier of fact that there was a reasonable effort on the part of the payee to reconcile and resolve the dispute prior to pursuing the dispute through the courts.

(f) A cause of action under this section may be brought in municipal court by a holder of the check or an assignee of the payee. However, if the assignee is acting on behalf of the payee, for a flat fee or a percentage fee, the assignee may not charge the payee a greater flat fee or percentage fee for that portion of the amount collected that represents treble damages than is charged the payee for collecting the face amount of the check, draft, or order. This subdivision shall not apply to an action brought in small claims court.

(g) Notwithstanding subdivision (a), if the payee is a municipal court, the written demand for payment described in subdivision (a) may be mailed to the drawer by a municipal court clerk. Notwithstanding subdivision (d), in the case of a stop payment where the demand is mailed by a municipal court clerk, a court may not award damages or costs pursuant to subdivision (d), unless the court receives into evidence a copy of the written demand, and a certificate of mailing by a municipal court clerk in the form provided for in subdivision (4) of Section 1013a of the Code of Civil Procedure for service in civil actions. For purposes of this subdivision, in courts where a single court clerk serves more than one court, the clerk shall be deemed the court clerk of each court.

(h) The requirements of this section in regard to remedies are mandatory upon a court.

(i) The assignee of the payee or a holder of the check may demand, recover, or enforce the service charge, damages, and costs specified in this section to the same extent as the original payee.

(j) (1) A drawer is liable for damages and costs only if all of the requirements of this section have been satisfied.

(2) The drawer shall in no event be liable more than once under this section on each check for a service charge, damages, or costs.

(k) Nothing in this section is intended to condition, curtail, or otherwise prejudice the rights, claims, remedies, and defenses under Division 3 (commencing with Section 3101) of the Commercial Code of a drawer, payee, assignee, or holder, including a holder in due course as defined in Section 3302 of the Commercial Code, in connection with the enforcement of this section.

[Approved by Governor September 27, 1996. Filed with Secretary of State September 29, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 16583.5 is added to the Government Code, to read:

16583.5. (a) Notwithstanding any other provision of law, the Student Aid Commission shall enter into an interagency agreement with the Franchise Tax Board to collect all or part of the commission's outstanding accounts receivable.

(b) (1) The Student Aid Commission shall develop criteria and policy that would define when an account receivable is delinquent and thereby subject to collection by the Franchise Tax Board. For purposes of this section, at a minimum, "delinquent" means that all of the following conditions exist prior to referral to the Franchise Tax Board:

(A) The amount is due and payable.

(B) Notice of the amount due and payable was sent to the debtor at the last known address maintained by the Student Aid Commission.

(C) In the case of complaints or protests by the debtor, the debtor has been provided all required administrative hearings, and does not have a judicial proceeding pending with respect to that debt.

(D) Notwithstanding Section 16584, the Student Aid Commission has referred the account to a private debt collector and, not less than nine months following that referral, the private debt collector has been unable to collect the account.

(2) This policy and criteria may include a minimum dollar threshold for delinquencies that would be referred to the Franchise Tax Board.

(c) When a delinquency is referred to the Franchise Tax Board pursuant to this section, the amount of the delinquency and any interest on the delinquency or other amounts that accrued prior to or accrue subsequent to the date of referral, shall be collected by the Franchise Tax Board in any manner authorized under the law for collection of a delinquent personal income tax liability, including, but not limited to, issuance of an order and levy under Article 4 (commencing with Section 706.070) of Chapter 5 of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure in the manner provided for

earnings withholding orders for taxes and including entering into agreements as authorized by Sections 19376 and 19377 of the Revenue and Taxation Code.

(d) Any law providing for the collection of a delinquent personal income tax liability, including Part 10.7 (commencing with Section 21001) of Division 2 of the Revenue and Taxation Code, which includes Section 21021 of the Revenue and Taxation Code relating to the awarding of damages for reckless disregard of procedures, shall apply to delinquencies referred under this section in the same manner and with the same force and effect and to the full extent as if the language of the law had been incorporated in full into this chapter, except to the extent that any provision is either inconsistent with this chapter or is not relevant to this chapter.

(e) The Franchise Tax Board shall provide notice to the debtor at the most recent address of record or last known address that payment by the debtor of the amount due within a certain timeframe, which at a minimum shall be 10 days after the date of the notice, shall prevent further collection action.

(f) Any information, information sources, or enforcement remedies and capabilities available to the Student Aid Commission shall be available to the Franchise Tax Board for purposes of collecting delinquencies referred under this section.

(g) Any agreement entered into pursuant to subdivision (a) shall include all of the following:

(1) The criteria, standards, and procedures for referring the delinquencies to the Franchise Tax Board for collection pursuant to this section.

(2) A statement that the delinquencies referred to the Franchise Tax Board are delinquent, as defined by the Student Aid Commission under paragraph (1) of subdivision (b), and subject to collection by the Franchise Tax Board.

(3) A statement that in the event a person whose delinquency is referred under subdivision (c) notifies the Franchise Tax Board that there is a disagreement as to the amount due subject to collection, the Franchise Tax Board may, upon notification by that person, refer the person to the Student Aid Commission, return the account to the Student Aid Commission, or rescind any collection action that may have been taken. No account that is returned pursuant to this subdivision shall be again referred as a delinquency unless the delinquency has been reduced to a judgment or is an enforceable lien, if required to satisfy due process requirements.

(4) A statement that the Franchise Tax Board's departmental costs attributable to the delinquencies referred pursuant to this section shall be reimbursed from a percentage of the referred delinquencies collected by the Franchise Tax Board not to exceed 15 percent of the amount collected by the Franchise Tax Board on behalf of the Student Aid Commission.

(5) A statement that the debtor may be allowed an opportunity to voluntarily enter into an installment payment agreement as provided under Section 19008 of the Revenue and Taxation Code.

(h) For purposes of this section, "departmental costs attributable to the accounts referred under subdivision (c)" means the Franchise Tax Board's costs incurred to administer, maintain, and support the collection of delinquencies referred to the Franchise Tax Board pursuant to this section. These costs shall not include development and implementation costs that shall be repaid under a separate agreement between the Student Aid Commission and the Franchise Tax Board as provided by statute.

(i) The activities required to implement and administer this section shall not interfere with the primary mission of the Franchise Tax Board to administer Part 10 (commencing with Section 17001), and Part 11 (commencing with Section 23001), of Division 2 of the Revenue and Taxation Code.

(j) Delinquencies referred to the Franchise Tax Board for collection pursuant to this section shall accrue interest in an amount computed by the Student Aid Commission, as permitted by law.

(k) In no event shall amounts collected pursuant to this section be construed to be an income tax delinquency. In the case of a bankruptcy action, any delinquency referred under this section shall not be construed to be an income tax delinquency.

(*l*) The Franchise Tax Board, Student Aid Commission, and Controller may each adopt regulations to implement the delinquency referral program authorized by this section in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3. The initial adoption of any emergency regulations after January 1, 1997, shall be deemed to be necessary for the immediate preservation of the public peace, health and safety, or general welfare.

(m) This section shall remain in effect only until January 1, 2002, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2002, deletes or extends that date.

(2) Determines the assignment or sale will not compromise future state revenue collections.

(3) Notifies the debtor in writing at the address of record that the alleged accounts receivable debt will be turned over for private collection unless the debt is paid, or appealed within a time period, as determined by the participant.

(b) No participant shall enter into a contract for the assignment or sale of any accounts receivable pursuant to subdivision (a) if the accounts receivable debt has been contested.

(c) Any contract entered into pursuant to this section is subject to Article 4 (commencing with Section 10335) of Chapter 2 of Part 2 of Division 2 of the Public Contract Code.

CHAPTER 1002

An act to amend Sections 1855.4 and 1855.5 of the Insurance Code, relating to insurance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 27, 1996. Filed with Secretary of State September 29, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 1855.4 of the Insurance Code is amended to read:

1855.4. Members and subscribers of advisory organizations may use the policy or bond forms, or manuals, of advisory organizations, either consistently or intermittently, but, except for insurers having common ownership or management, shall not agree with each other or others to adhere thereto or violate the antitrust or unfair business practice laws. The fact that two or more admitted insurers are members or subscribers of an advisory organization, or the fact that they use, either consistently or intermittently, the policy or bond forms, or manuals, prepared by an advisory organization, shall not be sufficient evidence, alone or in conjunction with each other, to support a finding either that an agreement to adhere to those forms or manuals exists or that an insurer or advisory organization is violating the antitrust or unfair business practice laws. These facts may be used only for the purpose of supplementing or explaining

other evidence of the existence of an agreement to adhere to those forms or manuals or the existence of the violation of the antitrust or unfair business practice laws. No act, agreement, or practice involving the activities of an advisory organization, an insurer's participation in those activities, or the use of an advisory organization's products or services shall be found to be unfair or unreasonable under this code because it is uncompetitive unless proven by a preponderance of the evidence that the act, agreement, or practice violates the antitrust or unfair business practice laws. Findings of this nature that are made in support of an order or regulation of the commissioner shall be determined and enforced under Article 7 (commencing with Section 1858) of this chapter. As used in this section, "antitrust laws" means Part 2 (commencing with Section 16600) of the Business and Professions Code, and "unfair business practice laws" means Part 3 (commencing with Section 17500) of the Business and Professions Code.

SEC. 2. Section 1855.5 of the Insurance Code is amended to read:

1855.5. (a) An advisory organization may prepare and distribute insurance policy or bond forms, and manuals, including policy writing rules, rating plans, classification codes and descriptions, territory codes and descriptions, prospective loss costs, and rules that include factors and relativities such as increased limits factors, classification relativities, or similar factors, if, prior to being used by insurers, they are submitted in writing to the commissioner for his or her consideration and approval, together with any information the commissioner may reasonably require. All of these documents shall be available for public inspection at the office of the commissioner. The commissioner shall approve advisory organization policy forms or bond forms, or manuals, that are not found by him or her to be unfair, unreasonable, or violate the provisions of this code, including Sections 1861.02 and 1861.05.

(b) Upon submission of any advisory organization policy forms or bond forms, or manuals, the commissioner may review them, and if after a hearing, at which representatives of consumers and other interested parties may participate, upon not less than 10 days' notice to an advisory organization he or she finds that the contents of policy forms or bond forms, or manuals, are unfair or unreasonable, or violate the provisions of this code, he or she may issue a written order to the advisory organization specifying in what respect the contents of the policy forms, bond forms, or manuals, are unfair or unreasonable or violate the provisions of this code and disapprove the use of the forms or manuals.

(c) Notwithstanding the provisions of this section, if the commissioner fails to act within 90 days of the submission of a proposed policy or bond form, or manual by an advisory organization, the policy or bond form, or manual, shall be deemed approved.

(d) For good cause, and after a hearing, at which representatives of consumers and other interested parties may participate, upon not

less than 10 days' notice to the advisory organization, the commissioner may revoke approval of any policy form or bond form or manual only upon his or her finding grounds that would permit disapproval of the policy or bond form, or manual, if submitted for approval at the time of the revocation hearing.

(e) Nothing in this chapter shall be interpreted to allow an advisory organization to set or establish rates or to issue any manual that contains final rates for any insurance coverage, policy endorsement, or bond.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to clarify existing provisions of the Insurance Code at the earliest possible time, it is necessary that this act take effect immediately.

(7) "Partnership" means an association of two or more persons to carry on as coowners a business for profit formed under Section 16202, predecessor law, or comparable law of another jurisdiction, and includes, for all purposes of the laws of this state, a registered limited liability partnership.

(8) "Partnership agreement" means the agreement, whether written, oral, or implied, among the partners concerning the partnership, including amendments to the partnership agreement.

(9) "Partnership at will" means a partnership in which the partners have not agreed to remain partners until the expiration of a definite term or the completion of a particular undertaking.

(10) "Partnership interest" or "partner's interest in the partnership" means all of a partner's interests in the partnership, including the partner's transferable interest and all management and other rights.

(11) "Person" means an individual, corporation, business trust, estate, trust, partnership, limited partnership, limited liability partnership, limited liability company, association, joint venture, government, governmental subdivision, agency, or instrumentality, or any other legal or commercial entity.

(12) "Professional limited liability partnership services" means the practice of public accountancy or the practice of law.

(13) "Property" means all property, real, personal, or mixed, tangible or intangible, or any interest therein.

(14) "State" means a state of the United States, the District of Columbia, the Commonwealth of Puerto Rico, or any territory or insular possession subject to the jurisdiction of the United States.

(15) "Statement" means a statement of partnership authority under Section 16303, a statement of denial under Section 16304, a statement of dissociation under Section 16704, a statement of dissolution under Section 16805, a statement of conversion under Section 16906, a statement of merger under Section 16915, or an amendment or cancellation of any of the foregoing.

(16) "Transfer" includes an assignment, conveyance, lease, mortgage, deed, and encumbrance.

16102. (a) A person knows a fact if the person has actual knowledge of it.

(b) A person has notice of a fact if any of the following apply:

(1) The person knows of it.

(2) The person has received a notification of it.

(3) The person has reason to know it exists from all of the facts known to the person at the time in question.

(4) Subdivision (f) of Section 16953 or subdivision (f) of Section 16959 as applicable.

(c) A person notifies or gives a notification to another by taking steps reasonably required to inform the other person in ordinary course, whether or not the other person knows of it.

(d) A person receives a notification when either of the following apply:

(1) The person knows of the notification.

(2) The notification is duly delivered at the person's place of business or at any other place held out by the person as a place for receiving communications.

(e) Except as otherwise provided in subdivision (f), a person other than an individual knows, has notice, or receives a notification of a fact for purposes of a particular transaction when the individual conducting the transaction knows, has notice, or receives a notification of the fact, or in any event when the fact would have been brought to the individual's attention if the person had exercised reasonable diligence. The person exercises reasonable diligence if it maintains reasonable routines for communicating significant information to the individual conducting the transaction and there is reasonable compliance with the routines. Reasonable diligence does not require an individual acting for the person to communicate information unless the communication is part of the individual's regular duties or the individual has reason to know of the transaction and that the transaction would be materially affected by the information.

(f) A partner's knowledge, notice, or receipt of a notification of a fact relating to the partnership is effective immediately as knowledge

by, notice to, or receipt of a notification by the partnership, except in the case of a fraud on the partnership committed by or with the consent of that partner.

16103. (a) Except as otherwise provided in subdivision (b), relations among the partners and between the partners and the partnership are governed by the partnership agreement. To the extent the partnership agreement does not otherwise provide, this chapter governs relations among the partners and between the partners and the partnership.

(b) The partnership agreement may not do any of the following:

(1) Vary the rights and duties under Section 16105 except to eliminate the duty to provide copies of statements to all of the partners.

(2) Unreasonably restrict the right of access to books and records under subdivision (b) of Section 16403, or the right to be furnished with information under subdivision (c) of Section 16403.

(3) Eliminate the duty of loyalty under subdivision (b) of Section 16404 or paragraph (3) of subdivision (b) of Section 16603, but, if not manifestly unreasonable, may do either of the following:

(A) The partnership agreement may identify specific types or categories of activities that do not violate the duty of loyalty.

(B) All of the partners or a number or percentage specified in the partnership agreement may authorize or ratify, after full disclosure of all material facts, a specific act or transaction that otherwise would violate the duty of loyalty.

(4) Unreasonably reduce the duty of care under subdivision (c) of Section 16404 or paragraph (3) of subdivision (b) of Section 16603.

(5) Eliminate the obligation of good faith and fair dealing under subdivision (d) of Section 16404, but the partnership agreement may prescribe the standards by which the performance of the obligation is to be measured, if the standards are not manifestly unreasonable.

(6) Vary the power to dissociate as a partner under subdivision (a) Section 16602, except to require the notice under paragraph (1) of Section 16601 to be in writing.

(7) Vary the right of a court to expel a partner in the events specified in paragraph (5) of Section 16601.

(8) Vary the requirement to wind up the partnership business in cases specified in paragraph (4), (5), or (6) of Section 16801.

(9) Restrict rights of third parties under this chapter.

(10) Vary the law applicable to a registered limited liability partnership under subdivision (b) of Section 16106.

16104. (a) Unless displaced by particular provisions of this chapter, the principles of law and equity supplement this chapter.

(b) If an obligation to pay interest arises under this chapter and the rate is not specified, the rate is that specified in Section 3289 of the Civil Code.

16105. (a) A statement may be filed in the office of the Secretary of State. A certified copy of a statement that is filed in an office in

another state may be filed in the office of the Secretary of State. Either filing has the effect provided in this chapter with respect to partnership property located in or transactions that occur in this state.

(b) A certified copy of a statement that has been filed in the office of the Secretary of State and recorded in the office for recording transfers of real property has the effect provided for recorded statements in this chapter. A recorded statement that is not a certified copy of a statement filed in the office of the Secretary of State does not have the effect provided for recorded statements in this chapter.

(c) A statement filed by a partnership shall be executed by at least two partners. Other statements shall be executed by a partner or other person authorized by this chapter. An individual who executes a statement as, or on behalf of, a partner or other person named as a partner in a statement shall personally declare under penalty of perjury that the contents of the statement are accurate.

(d) A person authorized by this chapter to file a statement may amend or cancel the statement by filing an amendment or cancellation that names the partnership, identifies the statement, and states the substance of the amendment or cancellation.

(e) A person who files a statement pursuant to this section shall promptly send a copy of the statement to every nonfiling partner and to any other person named as a partner in the statement. Failure to send a copy of a statement to a partner or other person does not limit the effectiveness of the statement as to a person not a partner.

(f) The Secretary of State may collect a fee for filing or providing a certified copy of a statement. The officer responsible for recording transfers of real property may collect a fee for recording a statement.

16106. (a) Except as otherwise provided in subdivision (b) of this section, or Section 16958, the law of the jurisdiction in which a partnership has its chief executive office governs relations among the partners and between the partners and the partnership.

(b) With respect to a registered limited liability partnership, the law of this state shall govern relations among the partners and between the partners and the partnership, and the liability of partners for obligations of the partnership.

16107. A partnership governed by this chapter is subject to any amendment to or repeal of this chapter.

16108. Except with respect to the provisions of this chapter specifically relating to registered limited liability partnerships and foreign limited liability partnerships, this chapter shall be applied and construed to effectuate its general purpose to make uniform the law with respect to the subject of this chapter among states enacting it.

16109. The rights and duties of surviving partners, the legal representatives of deceased partners, the creditors of such partners, and the creditors of the partnership created by or defined in this

chapter shall be given full force and effect notwithstanding any inconsistent provisions of the Probate Code, but nothing in this chapter shall otherwise affect any provision of the Probate Code.

16110. If any provision of this chapter or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of this chapter that can be given effect without the invalid provision or application, and to this end the provisions of this chapter are severable.

16111. (a) Except as provided in Section 16955.5, before January 1, 1999, this chapter governs only a partnership formed (1) on or after the effective date of this chapter, unless that partnership is continuing the business of a dissolved partnership under Section 15041, or (2) before the effective date of this chapter if that partnership elects, in the manner provided in its partnership agreement or by law for amending the partnership agreement, to be governed by this chapter.

(b) On and after January 1, 1999, this chapter governs all partnerships.

(c) Except with respect to the provisions of this chapter specifically relating to registered limited liability partnerships and foreign limited liability partnerships, the provisions of this chapter relating to the liability of the partnership's partners to third parties apply to limit those partners' liability to a third party who had done business with the partnership within one year preceding the partnership's election to be governed by this chapter, only if the third party knows or has received a notification of the partnership's election to be governed by this chapter.

16112. This chapter does not affect an action or proceeding commenced or right accrued before this chapter takes effect.

16113. (a) The fee for filing a statement of partnership is seventy dollars ($70).

(b) Unless another fee is specified by law or the law specifies that no fee is to be charged, the fee for filing any partnership statement pursuant to this chapter is thirty dollars ($30).

(c) There is no fee for filing a statement of dissolution for the purposes of canceling a statement of partnership.

16114. Unless another fee is specified by law or the law specifies that no fee is to be charged, the fee for acceptance of copies of process against a surviving foreign partnership or limited partnership pursuant to subdivision (b) of Section 16906 is fifty dollars ($50) for each surviving foreign partnership or limited partnership general partnership upon whom service is sought.

Article 2. Nature of Partnership

16201. A partnership is an entity distinct from its partners.

16202. (a) Except as otherwise provided in subdivision (b), the association of two or more persons to carry on as coowners a business

for profit forms a partnership, whether or not the persons intend to form a partnership.

(b) An association formed under a statute other than this chapter, a predecessor statute, or a comparable statute of another jurisdiction is not a partnership under this chapter.

(c) In determining whether a partnership is formed, the following rules apply:

(1) Joint tenancy, tenancy in common, tenancy by the entireties, joint property, common property, or part ownership does not by itself establish a partnership, even if the coowners share profits made by the use of the property.

(2) The sharing of gross returns does not by itself establish a partnership, even if the persons sharing them have a joint or common right or interest in property from which the returns are derived.

(3) A person who receives a share of the profits of a business is presumed to be a partner in the business, unless the profits were received for any of the following reasons:

(A) In payment of a debt by installments or otherwise.

(B) In payment for services as an independent contractor or of wages or other compensation to an employee.

(C) In payment of rent.

(D) In payment of an annuity or other retirement benefit to a beneficiary, representative, or designee of a deceased or retired partner.

(E) In payment of interest or other charge on a loan, even if the amount of payment varies with the profits of the business, including a direct or indirect present or future ownership of the collateral, or rights to income, proceeds, or increase in value derived from the collateral.

(F) In payment for the sale of the goodwill of a business or other property by installments or otherwise.

16203. Property acquired by a partnership is property of the partnership and not of the partners individually.

16204. (a) Property is partnership property if acquired in the name of either of the following:

(1) The partnership.

(2) One or more partners with an indication in the instrument transferring title to the property of the person's capacity as a partner or of the existence of a partnership but without an indication of the name of the partnership.

(b) Property is acquired in the name of the partnership by a transfer to either of the following:

(1) The partnership in its name.

(2) One or more partners in their capacity as partners in the partnership, if the name of the partnership is indicated in the instrument transferring title to the property.

(c) Property is presumed to be partnership property if purchased with partnership assets, even if not acquired in the name of the

partnership or of one or more partners with an indication in the instrument transferring title to the property of the person's capacity as a partner or of the existence of a partnership.

(d) Property acquired in the name of one or more of the partners, without an indication in the instrument transferring title to the property of the person's capacity as a partner or of the existence of a partnership and without use of partnership assets, is presumed to be separate property, even if used for partnership purposes.

Article 3. Relations of Partners to Persons Dealing with Partnership

16301. Subject to the effect of a statement of partnership authority under Section 16303 both of the following apply:

(1) Each partner is an agent of the partnership for the purpose of its business. An act of a partner, including the execution of an instrument in the partnership name, for apparently carrying on in the ordinary course the partnership business or business of the kind carried on by the partnership binds the partnership, unless the partner had no authority to act for the partnership in the particular matter and the person with whom the partner was dealing knew or had received a notification that the partner lacked authority.

(2) An act of a partner that is not apparently for carrying on in the ordinary course the partnership business or business of the kind carried on by the partnership binds the partnership only if the act was authorized by the other partners.

16302. (a) Partnership property may be transferred as follows:

(1) Subject to the effect of a statement of partnership authority under Section 16303, partnership property held in the name of the partnership may be transferred by an instrument of transfer executed by a partner in the partnership name.

(2) Partnership property held in the name of one or more partners with an indication in the instrument transferring the property to them of their capacity as partners or of the existence of a partnership, but without an indication of the name of the partnership, may be transferred by an instrument of transfer executed by the persons in whose name the property is held.

(3) Partnership property held in the name of one or more persons other than the partnership, without an indication in the instrument transferring the property to them of their capacity as partners or of the existence of a partnership, may be transferred by an instrument of transfer executed by the persons in whose name the property is held.

(b) A partnership may recover partnership property from a transferee only if it proves that execution of the instrument of initial transfer did not bind the partnership under Section 16301 and either of the following applies:

(1) As to a subsequent transferee who gave value for property transferred under paragraph (1) or (2) of subdivision (a), proves that the subsequent transferee knew or had received a notification that the person who executed the instrument of initial transfer lacked authority to bind the partnership.

(2) As to a transferee who gave value for property transferred under paragraph (3) of subdivision (a), proves that the transferee knew or had received a notification that the property was partnership property and that the person who executed the instrument of initial transfer lacked authority to bind the partnership.

(c) A partnership may not recover partnership property from a subsequent transferee if the partnership would not have been entitled to recover the property, under subdivision (b), from any earlier transferee of the property.

(d) If a person holds all of the partners' interests in the partnership, all of the partnership property vests in that person. The person may execute a document in the name of the partnership to evidence vesting of the property in that person and may file or record the document.

16303. (a) A partnership may file a statement of partnership authority, which is subject to all of the following:

(1) The statement shall include all of the following:

(A) The name of the partnership.

(B) The street address of its chief executive office and of one office in this state, if there is one.

(C) The names and mailing addresses of all of the partners or of an agent appointed and maintained by the partnership for the purpose of subdivision (b).

(D) The names of the partners authorized to execute an instrument transferring real property held in the name of the partnership.

(2) The statement may specify the authority, or limitations on the authority, of some or all of the partners to enter into other transactions on behalf of the partnership and any other matter.

(b) If a statement of partnership authority names an agent, the agent shall maintain a list of the names and mailing addresses of all of the partners and make it available to any person on request for good cause shown.

(c) If a filed statement of partnership authority is executed pursuant to subdivision (c) of Section 16105 and states the name of the partnership but does not contain all of the other information required by subdivision (a), the statement nevertheless operates with respect to a person not a partner as provided in subdivisions (d) and (e).

(d) A filed statement of partnership authority supplements the authority of a partner to enter into transactions on behalf of the partnership as follows:

(1) Except for transfers of real property, a grant of authority contained in a filed statement of partnership authority is conclusive in favor of a person who gives value without knowledge to the contrary, so long as and to the extent that a limitation on that authority is not then contained in another filed statement. A filed cancellation of a limitation on authority revives the previous grant of authority.

(2) A grant of authority to transfer real property held in the name of the partnership contained in a certified copy of a filed statement of partnership authority recorded in the office for recording transfers of that real property is conclusive in favor of a person who gives value without knowledge to the contrary, so long as and to the extent that a certified copy of a filed statement containing a limitation on that authority is not then of record in the office for recording transfers of that real property. The recording in the office for recording transfers of that real property of a certified copy of a filed cancellation of a limitation on authority revives the previous grant of authority.

(e) A person not a partner is deemed to know of a limitation on the authority of a partner to transfer real property held in the name of the partnership if a certified copy of the filed statement containing the limitation on authority is of record in the office for recording transfers of that real property.

(f) Except as otherwise provided in subdivisions (d) and (e) and Sections 16704 and 16805, a person not a partner is not deemed to know of a limitation on the authority of a partner merely because the limitation is contained in a filed statement.

16304. A partner or other person named as a partner in a filed statement of partnership authority or in a list maintained by an agent pursuant to subdivision (b) of Section 16303 may file a statement of denial stating the name of the partnership as filed with the Secretary of State, any identification number issued by the Secretary of State, and the fact that is being denied, that may include denial of a person's authority or status as a partner. A statement of denial is a limitation on authority as provided in subdivisions (d) and (e) of Section 16303.

16305. (a) A partnership is liable for loss or injury caused to a person, or for a penalty incurred, as a result of a wrongful act or omission, or other actionable conduct, of a partner acting in the ordinary course of business of the partnership or with authority of the partnership.

(b) If, in the course of the partnership's business or while acting with authority of the partnership, a partner receives or causes the partnership to receive money or property of a person not a partner, and the money or property is misapplied by a partner, the partnership is liable for the loss.

16306. (a) Except as otherwise provided in subdivisions (b) and (c), all partners are liable jointly and severally for all obligations of the partnership unless otherwise agreed by the claimant or provided by law.

(b) A person admitted as a partner into an existing partnership is not personally liable for any partnership obligation incurred before the person's admission as a partner.

(c) Notwithstanding any other section of this chapter, and subject to subdivisions (d), (e), (f), and (h), a partner in a registered limited liability partnership is not liable or accountable, directly or indirectly, including by way of indemnification, contribution, assessment, or otherwise, for debts, obligations, or liabilities of or chargeable to the partnership or another partner in the partnership, whether arising in tort, contract, or otherwise, that are incurred, created, or assumed by the partnership while the partnership is a registered limited liability partnership, by reason of being a partner or acting in the conduct of the business or activities of the partnership.

(d) Notwithstanding subdivision (c), all or certain specified partners of a registered limited liability partnership, if the specified partners agree, may be liable in their capacity as partners for all or specified debts, obligations, or liabilities of the registered limited liability partnership if the partners possessing a majority of the interests of the partners in the current profits of the partnership, or a different vote as may be required in the partnership agreement, specifically agreed to the specified debts, obligations, or liabilities in writing, prior to the debt, obligation, or liability being incurred. That specific agreement may be modified or revoked if the partners possessing a majority of the interests of the partners in the current profits of the partnership, or a different vote as may be required in the partnership agreement, agree to the modification or revocation in writing; provided, however, that a modification or revocation shall not affect the liability of a partner for any debts, obligations, or liabilities of a registered limited liability partnership incurred, created, or assumed by the registered limited liability partnership prior to the modification or revocation.

(e) Nothing in subdivision (c) shall be construed to affect the liability of a partner of a registered limited liability partnership to third parties for that partner's tortious conduct.

(f) The limitation of liability in subdivision (c) shall not apply to claims based upon acts, errors, or omissions arising out of the rendering of professional limited liability partnership services of a registered limited liability partnership providing legal services unless that partnership has a currently effective certificate of registration issued by the State Bar.

(g) A partner in a registered limited liability partnership is not a proper party to a proceeding by or against a registered limited liability partnership in which personal liability for partnership debts, obligations, or liabilities is asserted against the partner, unless that partner is personally liable under subdivision (d) or (e).

(h) Nothing in this section shall affect or impair the ability of a partner to act as a guarantor or surety for, provide collateral for or

otherwise be liable for, the debts, obligations, or liabilities of a registered limited liability partnership.

16307. (a) A partnership may sue and be sued in the name of the partnership.

(b) Except as otherwise provided in subdivision (g) of Section 16306, an action may be brought against the partnership and any or all of the partners in the same action or in separate actions.

(c) A judgment against a partnership is not by itself a judgment against a partner. A judgment against a partnership may not be satisfied from a partner's assets unless there is also a judgment against the partner.

(d) A judgment creditor of a partner may not levy execution against the assets of the partner to satisfy a judgment based on a claim against the partnership unless any of the following apply:

(1) A judgment based on the same claim has been obtained against the partnership and a writ of execution on the judgment has been returned unsatisfied in whole or in part.

(2) The partnership is a debtor in bankruptcy.

(3) The partner has agreed that the creditor need not exhaust partnership assets.

(4) A court grants permission to the judgment creditor to levy execution against the assets of a partner based on a finding that partnership assets subject to execution are clearly insufficient to satisfy the judgment, that exhaustion of partnership assets is excessively burdensome, or that the grant of permission is an appropriate exercise of the court's equitable powers.

(5) Liability is imposed on the partner by law or contract independent of the existence of the partnership.

(e) This section applies to any partnership liability or obligation resulting from a representation by a partner or purported partner under Section 16308.

16308. Except with respect to registered limited liability partnerships and foreign limited liability partnerships:

(a) If a person, by words or conduct, purports to be a partner, or consents to being represented by another as a partner, in a partnership or with one or more persons not partners, the purported partner is liable to a person to whom the representation is made, if that person, relying on the representation, enters into a transaction with the actual or purported partnership. If the representation, either by the purported partner or by a person with the purported partner's consent, is made in a public manner, the purported partner is liable to a person who relies upon the purported partnership even if the purported partner is not aware of being held out as a partner to the claimant. If partnership liability results, the purported partner is liable with respect to that liability as if the purported partner were a partner. If no partnership liability results, the purported partner is liable with respect to that liability jointly and severally with any other person consenting to the representation.

(b) If a person is thus represented to be a partner in an existing partnership, or with one or more persons not partners, the purported partner is an agent of persons consenting to the representation to bind them to the same extent and in the same manner as if the purported partner were a partner, with respect to persons who enter into transactions in reliance upon the representation. If all of the partners of the existing partnership consent to the representation, a partnership act or obligation results. If fewer than all of the partners of the existing partnership consent to the representation, the person acting and the partners consenting to the representation are jointly and severally liable.

(c) A person is not liable as a partner merely because the person is named by another in a statement of partnership authority.

(d) A person does not continue to be liable as a partner merely because of a failure to file a statement of dissociation or to amend a statement of partnership authority to indicate the partner's dissociation from the partnership.

(e) Except as otherwise provided in subdivisions (a) and (b), persons who are not partners as to each other are not liable as partners to other persons.

Article 4. Relations of Partners to Each Other and to Partnership

16401. (a) Each partner is deemed to have an account that is subject to both of the following:

(1) Credited with an amount equal to the money plus the value of any other property, net of the amount of any liabilities, the partner contributes to the partnership and the partner's share of the partnership profits.

(2) Subject to Sections 16306 and 16957, charged with an amount equal to the money plus the value of any other property, net of the amount of any liabilities, distributed by the partnership to the partner and the partner's share of the partnership losses.

(b) Each partner is entitled to an equal share of the partnership profits and, subject to Sections 16306 and 16957, is chargeable with a share of the partnership losses in proportion to the partner's share of the profits.

(c) A partnership shall reimburse a partner for payments made and indemnify a partner for liabilities incurred by the partner in the ordinary course of the business of the partnership or for the preservation of its business or property.

(d) A partnership shall reimburse a partner for an advance to the partnership beyond the amount of capital the partner agreed to contribute.

(e) A payment or advance made by a partner that gives rise to a partnership obligation under subdivision (c) or (d) constitutes a loan to the partnership that accrues interest from the date of the payment or advance.

(f) Each partner has equal rights in the management and conduct of the partnership business.

(g) A partner may use or possess partnership property only on behalf of the partnership.

(h) A partner is not entitled to remuneration for services performed for the partnership, except for reasonable compensation for services rendered in winding up the business of the partnership.

(i) A person may become a partner only with the consent of all of the partners.

(j) A difference arising as to a matter in the ordinary course of business of a partnership may be decided by a majority of the partners. An act outside the ordinary course of business of a partnership and an amendment to the partnership agreement may be undertaken only with the consent of all of the partners.

(k) This section does not affect the obligations of a partnership to other persons under Section 16301.

16402. A partner has no right to receive, and may not be required to accept, a distribution in kind.

16403. (a) A partnership shall keep its books and records, if any, at its chief executive office.

(b) A partnership shall provide partners and their agents and attorneys access to its books and records. It shall provide former partners and their agents and attorneys access to books and records pertaining to the period during which they were partners. The right of access provides the opportunity to inspect and copy books and records during ordinary business hours. A partnership may impose a reasonable charge, covering the costs of labor and material, for copies of documents furnished.

(c) Each partner and the partnership shall furnish to a partner, and to the legal representative of a deceased partner or partner under legal disability, both of the following:

(1) Without demand, any information concerning the partnership's business and affairs reasonably required for the proper exercise of the partner's rights and duties under the partnership agreement or this chapter; and

(2) On demand, any other information concerning the partnership's business and affairs, except to the extent the demand or the information demanded is unreasonable or otherwise improper under the circumstances.

16404. (a) The fiduciary duties a partner owes to the partnership and the other partners are the duty of loyalty and the duty of care set forth in subdivisions (b) and (c).

(b) A partner's duty of loyalty to the partnership and the other partners includes all of the following:

(1) To account to the partnership and hold as trustee for it any property, profit, or benefit derived by the partner in the conduct and winding up of the partnership business or derived from a use by the

partner of partnership property or information, including the appropriation of a partnership opportunity.

(2) To refrain from dealing with the partnership in the conduct or winding up of the partnership business as or on behalf of a party having an interest adverse to the partnership.

(3) To refrain from competing with the partnership in the conduct of the partnership business before the dissolution of the partnership.

(c) A partner's duty of care to the partnership and the other partners in the conduct and winding up of the partnership business is limited to refraining from engaging in grossly negligent or reckless conduct, intentional misconduct, or a knowing violation of law.

(d) A partner shall discharge the duties to the partnership and the other partners under this chapter or under the partnership agreement and exercise any rights consistently with the obligation of good faith and fair dealing.

(e) A partner does not violate a duty or obligation under this chapter or under the partnership agreement merely because the partner's conduct furthers the partner's own interest.

(f) A partner may lend money to and transact other business with the partnership, and as to each loan or transaction, the rights and obligations of the partner regarding performance or enforcement are the same as those of a person who is not a partner, subject to other applicable law.

(g) This section applies to a person winding up the partnership business as the personal or legal representative of the last surviving partner as if the person were a partner.

16405. (a) A partnership may maintain an action against a partner for a breach of the partnership agreement, or for the violation of a duty to the partnership, causing harm to the partnership.

(b) A partner may maintain an action against the partnership or another partner for legal or equitable relief, with or without an accounting as to partnership business, to do any of the following:

(1) Enforce the partner's rights under the partnership agreement.

(2) Enforce the partner's rights under this chapter, including all of the following:

(A) The partner's rights under Section 16401, 16403, or 16404.

(B) The partner's right on dissociation to have the partner's interest in the partnership purchased pursuant to Section 16701 or 16701.5, or to enforce any other right under Article 6 (commencing with Section 16601) or 7 (commencing with Section 16701).

(C) The partner's right to compel a dissolution and winding up of the partnership business under Section 16801 or enforce any other right under Article 8 (commencing with Section 16801).

(3) Enforce the rights and otherwise protect the interests of the partner, including rights and interests arising independently of the partnership relationship.

(c) The accrual of, and any time limitation on, a right of action for a remedy under this section is governed by other law. A right to an accounting upon a dissolution and winding up does not revive a claim barred by law.

16406. (a) If a partnership for a definite term or particular undertaking is continued, without an express agreement, after the expiration of the term or completion of the undertaking, the rights and duties of the partners remain the same as they were at the expiration or completion, so far as is consistent with a partnership at will.

(b) If the partners, or those of them who habitually acted in the business during the term or undertaking, continue the business without any settlement or liquidation of the partnership, they are presumed to have agreed that the partnership will continue.

Article 5. Transferees and Creditors of Partner

16501. A partner is not a coowner of partnership property and has no interest in partnership property that can be transferred, either voluntarily or involuntarily.

16502. The only transferable interest of a partner in the partnership is the partner's share of the profits and losses of the partnership and the partner's right to receive distributions. The interest is personal property.

16503. (a) A transfer, in whole or in part, of a partner's transferable interest in the partnership is permissible. However, a transfer does not do either of the following:

(1) By itself cause the partner's dissociation or a dissolution and winding up of the partnership business.

(2) As against the other partners or the partnership, entitle the transferee, during the continuance of the partnership, to participate in the management or conduct of the partnership business, to require access to information concerning partnership transactions, or to inspect or copy the partnership books or records.

(b) A transferee of a partner's transferable interest in the partnership has a right to all of the following:

(1) To receive, in accordance with the transfer, distributions to which the transferor would otherwise be entitled.

(2) To receive upon the dissolution and winding up of the partnership business, in accordance with the transfer, the net amount otherwise distributable to the transferor.

(3) To seek under paragraph (6) of Section 16801 a judicial determination that it is equitable to wind up the partnership business.

(c) In a dissolution and winding up, a transferee is entitled to an account of partnership transactions only from the date of the latest account agreed to by all of the partners.

(d) Upon transfer, the transferor retains the rights and duties of a partner other than the interest in distributions transferred.

(e) A partnership need not give effect to a transferee's rights under this section until it has notice of the transfer.

(f) A transfer of a partner's transferable interest in the partnership in violation of a restriction on transfer contained in the partnership agreement is ineffective as to a person having notice of the restriction at the time of transfer.

16504. (a) On application by a judgment creditor of a partner or of a partner's transferee, a court having jurisdiction may charge the transferable interest of the judgment debtor to satisfy the judgment. The court may appoint a receiver of the share of the distributions due or to become due to the judgment debtor in respect of the partnership and make all other orders, directions, accounts, and inquiries the judgment debtor might have made or that the circumstances of the case may require.

(b) A charging order constitutes a lien on the judgment debtor's transferable interest in the partnership. The court may order a foreclosure of the interest subject to the charging order at any time. The purchaser at the foreclosure sale has the rights of a transferee.

(c) At any time before foreclosure, an interest charged may be redeemed in any of the following manners:

(1) By the judgment debtor.

(2) With property other than partnership property, by one or more of the other partners.

(3) With partnership property, by one or more of the other partners with the consent of all of the partners whose interests are not so charged.

(d) This chapter does not deprive a partner of a right under exemption laws with respect to the partner's interest in the partnership.

(e) This section provides the exclusive remedy by which a judgment creditor of a partner or partner's transferee may satisfy a judgment out of the judgment debtor's transferable interest in the partnership.

Article 6. Partner's Dissociation

16601. A partner is dissociated from a partnership upon the occurrence of any of the following events:

(1) The partnership's having notice of the partner's express will to withdraw as a partner or on a later date specified by the partner.

(2) An event agreed to in the partnership agreement as causing the partner's dissociation.

(3) The partner's expulsion pursuant to the partnership agreement.

(4) The partner's expulsion by the unanimous vote of the other partners if any of the following apply:

(A) It is unlawful to carry on the partnership business with that partner.

(B) There has been a transfer of all or substantially all of that partner's transferable interest in the partnership, other than a transfer for security purposes, or a court order charging the partner's interest, that has not been foreclosed.

(C) Within 90 days after the partnership notifies a corporate partner that it will be expelled because it has filed a certificate of dissolution or the equivalent, its charter has been revoked, or its right to conduct business has been suspended by the jurisdiction of its incorporation, there is no revocation of the certificate of dissolution or no reinstatement of its charter or its right to conduct business.

(D) A partnership, limited partnership, or limited liability company that is a partner has been dissolved and its business is being wound up.

(5) On application by the partnership or another partner, the partner's expulsion by judicial determination because of any of the following:

(A) The partner engaged in wrongful conduct that adversely and materially affected the partnership business.

(B) The partner willfully or persistently committed a material breach of the partnership agreement or of a duty owed to the partnership or the other partners under Section 16404.

(C) The partner engaged in conduct relating to the partnership business that makes it not reasonably practicable to carry on the business in partnership with the partner.

(6) The partner's act or failure to act in any of the following instances:

(A) By becoming a debtor in bankruptcy.

(B) By executing an assignment for the benefit of creditors.

(C) By seeking, consenting to, or acquiescing in the appointment of a trustee, receiver, or liquidator of that partner or of all or substantially all of that partner's property.

(D) By failing, within 90 days after the appointment, to have vacated or stayed the appointment of a trustee, receiver, or liquidator of the partner or of all or substantially all of the partner's property obtained without the partner's consent or acquiescence, or failing within 90 days after the expiration of a stay to have the appointment vacated.

(7) In the case of a partner who is an individual, by any of the following:

(A) The partner's death.

(B) The appointment of a guardian or general conservator for the partner.

(C) A judicial determination that the partner has otherwise become incapable of performing the partner's duties under the partnership agreement.

(8) In the case of a partner that is a trust or is acting as a partner by virtue of being a trustee of a trust, distribution of the trust's entire transferable interest in the partnership, but not merely by reason of the substitution of a successor trustee.

(9) In the case of a partner that is an estate or is acting as a partner by virtue of being a personal representative of an estate, distribution of the estate's entire transferable interest in the partnership, but not merely by reason of the substitution of a successor personal representative.

(10) Termination of a partner who is not an individual, partnership, corporation, trust, or estate.

16602. (a) A partner has the power to dissociate at any time, rightfully or wrongfully, by express will pursuant to paragraph (1) of Section 16601.

(b) A partner's dissociation is wrongful only if any of the following apply:

(1) It is in breach of an express provision of the partnership agreement.

(2) In the case of a partnership for a definite term or particular undertaking, before the expiration of the term or the completion of the undertaking if any of the following apply:

(A) The partner withdraws by express will, unless the withdrawal follows within 90 days after another partner's dissociation by death or otherwise under paragraphs (6) to (10), inclusive, of Section 16601 or wrongful dissociation under this subdivision.

(B) The partner is expelled by judicial determination under paragraph (5) of Section 16601.

(C) The partner is dissociated by becoming a debtor in bankruptcy.

(D) In the case of a partner who is not an individual, trust other than a business trust, or estate, the partner is expelled or otherwise dissociated because it willfully dissolved or terminated.

(c) A partner who wrongfully dissociates is liable to the partnership and to the other partners for damages caused by the dissociation. The liability is in addition to any other obligation of the partner to the partnership or to the other partners.

16603. Upon a partner's dissociation, all of the following apply:

(1) The partner's right to participate in the management and conduct of the partnership business terminates.

(2) The partner's duty of loyalty under paragraph (3) of subdivision (b) of Section 16404 terminates.

(3) The partner's duty of loyalty under paragraphs (1) and (2) of subdivision (b) of Section 16404 and duty of care under subdivision (c) of Section 16404 continue only with regard to matters arising and events occurring before the partner's dissociation.

Article 7. Partner's Dissociation When Business Not Wound Up

16701. Except as provided in Section 16701.5, all of the following shall apply:

(a) If a partner is dissociated from a partnership, the partnership shall cause the dissociated partner's interest in the partnership to be purchased for a buyout price determined pursuant to subdivision (b).

(b) The buyout price of a dissociated partner's interest is the amount that would have been distributable to the dissociating partner under subdivision (b) of Section 16807 if, on the date of dissociation, the assets of the partnership were sold at a price equal to the greater of the liquidation value or the value based on a sale of the entire business as a going concern without the dissociated partner and the partnership was wound up as of that date. Interest shall be paid from the date of dissociation to the date of payment.

(c) Damages for wrongful dissociation under subdivision (b) of Section 16602, and all other amounts owing, whether or not presently due, from the dissociated partner to the partnership, shall be offset against the buyout price. Interest shall be paid from the date the amount owed becomes due to the date of payment.

(d) A partnership shall indemnify a dissociated partner whose interest is being purchased against all partnership liabilities, whether incurred before or after the dissociation, except liabilities incurred by an act of the dissociated partner under Section 16702.

(e) If no agreement for the purchase of a dissociated partner's interest is reached within 120 days after a written demand for payment, the partnership shall pay, or cause to be paid, in cash to the dissociated partner the amount the partnership estimates to be the buyout price and accrued interest, reduced by any offsets and accrued interest under subdivision (c).

(f) If a deferred payment is authorized under subdivision (h), the partnership may tender a written offer to pay the amount it estimates to be the buyout price and accrued interest, reduced by any offsets under subdivision (c), stating the time of payment, the amount and type of security for payment, and the other terms and conditions of the obligation.

(g) The payment or tender required by subdivision (e) or (f) shall be accompanied by all of the following:

(1) A statement of partnership assets and liabilities as of the date of dissociation.

(2) The latest available partnership balance sheet and income statement, if any.

(3) An explanation of how the estimated amount of the payment was calculated.

(4) Written notice that the payment is in full satisfaction of the obligation to purchase unless, within 120 days after the written notice, the dissociated partner commences an action to determine

the buyout price, any offsets under subdivision (c), or other terms of the obligation to purchase.

(h) A partner who wrongfully dissociates before the expiration of a definite term or the completion of a particular undertaking is not entitled to payment of any portion of the buyout price until the expiration of the term or completion of the undertaking, unless the partner establishes to the satisfaction of the court that earlier payment will not cause undue hardship to the business of the partnership. A deferred payment shall be adequately secured and bear interest.

(i) A dissociated partner may maintain an action against the partnership, pursuant to subparagraph (B) of paragraph (2) of subdivision (b) of Section 16405, to determine the buyout price of that partner's interest, any offsets under subdivision (c), or other terms of the obligation to purchase. The action shall be commenced within 120 days after the partnership has tendered payment or an offer to pay or within one year after written demand for payment if no payment or offer to pay is tendered. The court shall determine the buyout price of the dissociated partner's interest, any offset due under subdivision (c), and accrued interest, and enter judgment for any additional payment or refund. If deferred payment is authorized under subdivision (h), the court shall also determine the security for payment and other terms of the obligation to purchase. The court may assess reasonable attorney's fees and the fees and expenses of appraisers or other experts for a party to the action, in amounts the court finds equitable, against a party that the court finds acted arbitrarily, vexatiously, or not in good faith. The finding may be based on the partnership's failure to tender payment or an offer to pay or to comply with subdivision (g).

16701.5. (a) Section 16701 shall not apply to any dissociation that occurs within 90 days prior to a dissolution under Section 16801.

(b) For dissociations occurring within 90 days prior to the dissolution, both of the following shall apply:

(1) All partners who dissociated within 90 days prior to the dissolution shall be treated as partners under Section 16807.

(2) Any damages for wrongful dissociation under subdivision (b) of Section 16602 and all other amounts owed by the dissociated partner to the partnership, whether or not presently due, shall be taken into account in determining the amount distributable to the dissociated partner under Section 16807.

16702. (a) For two years after a partner dissociates, the partnership, including a surviving partnership under Article 9 (commencing with Section 16901), is bound by an act of the dissociated partner that would have bound the partnership under Section 16301 before dissociation only if at the time of entering into the transaction all of the following apply to the other party:

(1) The other party reasonably believed that the dissociated partner was then a partner.

(2) The other party did not have notice of the partner's dissociation.

(3) The other party is not deemed to have had knowledge under subdivision (e) of Section 16303 or notice under subdivision (c) of Section 16704.

(b) A dissociated partner is liable to the partnership for any damage caused to the partnership arising from an obligation incurred by the dissociated partner after dissociation for which the partnership is liable under subdivision (a).

16703. (a) A partner's dissociation does not of itself discharge the partner's liability for a partnership obligation incurred before dissociation. A dissociated partner is not liable for a partnership obligation incurred after dissociation, except as otherwise provided in subdivision (b).

(b) Except for registered limited liability partnerships and foreign limited liability partnerships, a partner who dissociates is liable as a partner to the other party in a transaction entered into by the partnership, or a surviving partnership under Article 9 (commencing with Section 16901), within two years after the partner's dissociation, only if at the time of entering into the transaction all of the following apply to the other party:

(1) The other party reasonably believed that the dissociated partner was then a partner.

(2) The other party did not have notice of the partner's dissociation.

(3) The other party is not deemed to have had knowledge under subdivision (e) of Section 16303 or notice under subdivision (c) of Section 16704.

(c) By agreement with the partnership creditor and the partners continuing the business, a dissociated partner may be released from liability for a partnership obligation.

(d) A dissociated partner is released from liability for a partnership obligation if a partnership creditor, with notice of the partner's dissociation but without the partner's consent, agrees to a material alteration in the nature or time of payment of a partnership obligation.

16704. (a) A dissociated partner or the partnership may file a statement of dissociation stating the name of the partnership as filed with the Secretary of State, any identification number issued by the Secretary of State, and that the partner is dissociated from the partnership.

(b) A statement of dissociation is a limitation on the authority of a dissociated partner for the purposes of subdivisions (d) and (e) of Section 16303.

(c) For the purposes of paragraph (3) of subdivision (a) of Section 16702 and paragraph (3) of subdivision (b) of Section 16703, a person not a partner is deemed to have notice of the dissociation 90 days after the statement of dissociation is filed.

16705. Continued use of a partnership name, or a dissociated partner's name as part thereof, by partners continuing the business does not of itself make the dissociated partner liable for an obligation of the partners or the partnership continuing the business.

Article 8. Winding Up Partnership Business

16801. A partnership is dissolved, and its business shall be wound up, only upon the occurrence of any of the following events:

(1) In a partnership at will, by the express will to dissolve and wind up the partnership business of at least half of the partners, including partners, other than wrongfully dissociating partners, who have dissociated within the preceding 90 days, and for which purpose a dissociation under paragraph (1) of Section 16601 constitutes an expression of that partner's will to dissolve and wind up the partnership business.

(2) In a partnership for a definite term or particular undertaking, when any of the following occurs:

(A) After the expiration of 90 days after a partner's dissociation by death or otherwise under paragraphs (6) to (10), inclusive, of Section 16601, or a partner's wrongful dissociation under subdivision (b) of Section 16602 unless before that time a majority in interest of the partners, including partners who have rightfully dissociated pursuant to subparagraph (A) of paragraph (2) of subdivision (b) of Section 16602, agree to continue the partnership.

(B) The express will of all of the partners to wind up the partnership business.

(C) The expiration of the term or the completion of the undertaking.

(3) An event agreed to in the partnership agreement resulting in the winding up of the partnership business.

(4) An event that makes it unlawful for all or substantially all of the business of the partnership to be continued, but a cure of illegality within 90 days after notice to the partnership of the event is effective retroactively to the date of the event for purposes of this section.

(5) On application by a partner, a judicial determination that any of the following apply:

(A) The economic purpose of the partnership is likely to be unreasonably frustrated.

(B) Another partner has engaged in conduct relating to the partnership business that makes it not reasonably practicable to carry on the business in partnership with that partner.

(C) It is not otherwise reasonably practicable to carry on the partnership business in conformity with the partnership agreement.

(6) On application by a transferee of a partner's transferable interest, a judicial determination that it is equitable to wind up the partnership business after the expiration of the term or completion of the undertaking, if the partnership was for a definite term or

particular undertaking at the time of the transfer or entry of the charging order that gave rise to the transfer.

16802. (a) Subject to subdivision (b), a partnership continues after dissolution only for the purpose of winding up its business. The partnership is terminated when the winding up of its business is completed.

(b) At any time after the dissolution of a partnership and before the winding up of its business is completed, all of the partners, including any dissociating partner other than a wrongfully dissociating partner, may waive the right to have the partnership's business wound up and the partnership terminated. In that event both of the following apply:

(1) The partnership resumes carrying on its business as if dissolution had never occurred, and any liability incurred by the partnership or a partner after the dissolution and before the waiver is determined as if dissolution had never occurred.

(2) The rights of a third party accruing under paragraph (1) of Section 16804 or arising out of conduct in reliance on the dissolution before the third party knew or received a notification of the waiver may not be adversely affected.

16803. (a) After dissolution, a partner who has not dissociated may participate in winding up the partnership's business, but on application of any partner, partner's legal representative, or transferee, the court, for good cause shown, may order judicial supervision of the winding up.

(b) The legal representative of the last surviving partner may wind up a partnership's business.

(c) A person winding up a partnership's business may preserve the partnership business or property as a going concern for a reasonable time, prosecute and defend actions and proceedings, whether civil, criminal, or administrative, settle and close the partnership's business, dispose of and transfer the partnership's property, discharge the partnership's liabilities, distribute the assets of the partnership pursuant to Section 16807, settle disputes by mediation or arbitration, and perform other necessary acts.

16804. Subject to Section 16805, a partnership is bound by a partner's act after dissolution that is either of the following:

(1) Appropriate for winding up the partnership business.

(2) Would have bound the partnership under Section 16301 before dissolution, if the other party to the transaction did not have notice of the dissolution.

16805. (a) After dissolution, a partner who has not wrongfully dissociated may file a statement of dissolution stating the name of the partnership as filed with the Secretary of State, any identification number issued by the Secretary of State, and that the partnership has dissolved and is winding up its business.

(b) A statement of dissolution cancels a filed statement of partnership authority for the purposes of subdivision (d) of Section

16303 and is a limitation on authority for the purposes of subdivision (e) of Section 16303.

(c) For the purposes of Sections 16301 and 16804, a person not a partner is deemed to have notice of the dissolution and the limitation on the partners' authority as a result of the statement of dissolution 90 days after it is filed.

(d) After filing and, if appropriate, recording a statement of dissolution, a dissolved partnership may file and, if appropriate, record a statement of partnership authority that will operate with respect to a person not a partner as provided in subdivisions (d) and (e) of Section 16303 in any transaction, whether or not the transaction is appropriate for winding up the partnership business.

16806. (a) Except as otherwise provided in subdivision (b) and except for registered limited liability partnerships and foreign limited liability partnerships, after dissolution a partner is liable to the other partners for the partner's share of any partnership liability incurred under Section 16804.

(b) Except for registered limited liability partnerships and foreign limited liability partnerships, a partner who, with knowledge of the dissolution, incurs a partnership liability under paragraph (2) of Section 16804 by an act that is not appropriate for winding up the partnership business is liable to the partnership for any damage caused to the partnership arising from the liability.

16807. (a) In winding up a partnership's business, the assets of the partnership, including the contributions of the partners required by this section, shall be applied to discharge its obligations to creditors, including, to the extent permitted by law, partners who are creditors. Any surplus shall be applied to pay in cash the net amount distributable to partners in accordance with their right to distributions under subdivision (b).

(b) Each partner is entitled to a settlement of all partnership accounts upon winding up the partnership business. In settling accounts among the partners, the profits and losses that result from the liquidation of the partnership assets shall be credited and charged to the partners' accounts. The partnership shall make a distribution to a partner in an amount equal to any excess of the credits over the charges in the partner's account. Except for registered limited liability partnerships and foreign limited liability partnerships, a partner shall contribute to the partnership an amount equal to any excess of the charges over the credits in the partner's account.

(c) If a partner fails to contribute the full amount that the partner is obligated to contribute under subdivision (b), all of the other partners shall contribute, in the proportions in which those partners share partnership losses, the additional amount necessary to satisfy the partnership obligations for which they are liable under Section 16306. A partner or partner's legal representative may recover from the other partners any contributions the partner makes to the extent the amount contributed exceeds that partner's share of the

partnership obligations for which the partner is personally liable under Section 16306.

(d) After the settlement of accounts, each partner shall contribute, in the proportion in which the partner shares partnership losses, the amount necessary to satisfy partnership obligations that were not known at the time of the settlement and for which the partner is personally liable under Section 16306.

(e) The estate of a deceased partner is liable for the partner's obligation to contribute to the partnership.

(f) An assignee for the benefit of creditors of a partnership or a partner, or a person appointed by a court to represent creditors of a partnership or a partner, may enforce a partner's obligation to contribute to the partnership.

16902. A partnership, other than a registered limited liability partnership, may be converted into a domestic limited partnership or limited liability company or a foreign other business entity pursuant to this article if pursuant to the proposed conversion each of the partners of the converting partnership would receive a percentage interest in the profits and capital of the converted other business entity equal to the partner's percentage interest in profits and capital of the converting partnership as of the effective time of the conversion. Notwithstanding this section, the conversion of a partnership to a domestic limited partnership or limited liability company or foreign other business entity may be effected only if: (1) the law under which that domestic limited partnership or limited liability company or foreign other business entity will exist expressly permits the formation of that other entity pursuant to a conversion; and (2) the partnership complies with any and all other requirements of such other law that applies to conversion of the other business entity.

16903. (a) A partnership that desires to convert to a domestic limited partnership or limited liability company or foreign other business entity shall approve a plan of conversion. The plan of conversion shall state:

(1) The terms and conditions of the conversions.

(2) The place of the organization of the converted entity and of the converting partnership and the name of the converted entity after conversion, if different from that of the converting partnership.

(3) The manner of converting the partnership interests of each of the partners into securities of or interests in the converted entity.

(4) The provisions of the governing document for the converted entity, such as a limited partnership agreement or limited liability company articles of organization and operating agreement, to which the holders of interest in the converted entity are to be bound.

(5) Any other details or provisions as are required by laws under which the converted entity is organized.

(6) Any other details or provisions that are desired.

(b) The plan of conversion shall be approved by that number or percentage of partners required by the partnership agreement to approve a conversion of the partnership as set forth in the partnership agreement. If the partnership agreement fails to specify the required partner approval for a conversion of the partnership,

then the plan of conversion shall be approved by that number or percentage of partners required by the partnership agreement to approve an amendment to the partnership agreement; provided, however, that if the conversion effects a change for which the partnership agreement requires a greater number or percentage of partners than that required to amend the partnership agreement, then the plan of conversion shall be approved by that greater number or percentage. If the partnership agreement fails to specify the vote required to amend the partnership agreement, then the plan of conversion shall be approved by all partners.

(c) If the partnership is converting into a limited partnership, then in addition to the approval of the partners as set forth in subdivision (b), the plan of conversion shall be approved by all partners who will become general partners of the converted limited partnership pursuant to the plan of conversion.

(d) All partners of the converting partnership except those that dissociate upon effectiveness of the conversion pursuant to subdivision (e) of Section 16904 shall be deemed parties to any partnership or operating or organic document for the converted entity adopted as part of the plan of conversion, regardless of whether that partner has executed the plan of conversion or the operating or partnership agreement or other organic document for the converted entity. Any adoption of a new partnership, operating agreement, or other organic document made pursuant to the foregoing sentence shall be effective at the effective time or date of the conversion.

(e) Notwithstanding its prior approval, a plan of conversion may be amended before the conversion takes effect if the amendment is approved by the partnership in the same manner, and by the same number or percentage of partners, as was required for approval of the original plan of conversion.

(f) The partners of a converting partnership may, at any time before the conversion is effective, in their discretion, abandon a conversion, without further approval by the partners, in the same manner, and by the same number or percentage of partners, as was required for approval of the original plan of conversion at any time before the conversion is effective, subject to the contractual rights of third parties.

(g) The converted entity shall keep the plan of conversion at: (1) the principal place of business of the converted entity, if the converted entity is a foreign other business entity; or (2) the office at which records are to be kept under Section 15614 if the converted entity is a domestic limited partnership, or at the office at which records are to be kept under Section 17057 if the converted entity is a domestic limited liability company. Upon the request of a partner of a converting partnership, the authorized person on behalf of the converted entity shall promptly deliver to the partner or the holder of interests or other securities, at the expense of the converted entity,

a copy of the plan of conversion. A waiver by a partner of the rights provided in this subdivision shall be unenforceable.

16904. (a) A conversion into a domestic limited partnership or limited liability company shall become effective upon the earliest date that all of the following shall have occurred:

(1) The approval of the plan of conversion by the partners of the converting partnership as provided in Section 16903.

(2) The filing of all documents required by law to create the converted limited partnership or limited liability company, which documents shall also contain a statement of conversion, if required under Section 16906.

(3) The effective date, if set forth in the plan of conversion, shall have occurred.

(b) A copy of the certificate of limited partnership or articles of organization complying with Section 16906, if applicable, duly certified by the Secretary of State, is conclusive evidence of the conversion of the partnership.

16905. (a) The conversion of a partnership into a foreign other business entity shall comply with Section 16902.

(b) If the partnership is converting into a foreign other business entity, then the conversion proceedings shall be in accordance with the laws of the state or place of organization of the foreign other business entity and the conversion shall become effective in accordance with that law.

(c) The Secretary of State is the agent for service of process in an action or proceeding against a converted foreign other business entity to enforce an obligation of a partnership that has converted to a foreign entity. Unless a statement of conversion has been filed to effect the conversion, the converted entity shall promptly notify the Secretary of State of the mailing address of its chief executive office and of any change of address. Upon receipt of process, the Secretary of State shall mail a copy of the process to the converted entity.

16906. (a) If the converting partnership has filed a statement of partnership authority under Section 16303 that is effective at the time of the conversion, then upon conversion to a domestic limited partnership or limited liability company, the certificate of limited partnership or articles of organization filed by the converted entity, as applicable, shall contain or be accompanied by a statement of conversion, in such form as may be prescribed by the Secretary of State. If the converting partnership has not filed a statement of partnership authority under Section 16303 that is effective at the time of the conversion, upon conversion to a domestic limited partnership or limited liability company, the converted entity may, but is not required to file, on or with its certificate of limited partnership or articles of organization, a statement of conversion. A statement of conversion shall be executed and acknowledged by two partners (unless a lesser number is provided in the partnership agreement) and shall set forth all of the following:

(1) The name and the Secretary of State's file number, if any, of the converting partnership.

(2) A statement that the principal terms of the plan of conversion were approved by a vote of the partners, which equaled or exceeded the vote required under Section 16903.

(b) A partnership converting to a foreign other business entity that has filed a statement of partnership authority under Section 16303 that is effective at the time of conversion may file a statement of conversion with the Secretary of State. The statement of conversion shall contain the following:

(1) The names of the converting partnership and the converted entity.

(2) The street address of the converted entity's chief executive office and of an office in this state, if any.

(3) The form of organization of the converted entity.

(c) The filing with the Secretary of State of a certificate of limited partnership or articles of organization containing a statement of conversion as set forth in subdivision (a) or a statement of conversion filed pursuant to subdivision (b) shall have the effect of the filing of a cancellation by the converting partnership of any statement of partnership authority filed by it.

16907. (a) Whenever a partnership or other business entity having any real property in this state converts into a partnership or an other business entity pursuant to the laws of this state or of the state or place in which the other business entity was organized, and the laws of the state or place of organization (including this state) of the converting partnership or other business entity provide substantially that the conversion of a converting entity vests in the converted partnership or other business entity all the real property of the converting partnership or converting other business entity, the filing for record in the office of the county recorder of any county in this state in which any of the real property of the converting partnership or converting other business entity is located of either (1) a statement of conversion or a certificate of limited partnership or articles of organization complying with Section 16906, in such form as prescribed by the Secretary of State, certified by the Secretary of State, or (2) a copy of a statement of conversion, certificate of limited partnership, or articles of organization containing a statement of conversion or other certificate evidencing the creation of a foreign other business entity by conversion, certified by the Secretary of State or an authorized public official of the state or place pursuant to the laws of which the conversion is effected, shall evidence record ownership in the converted partnership or converted other business entity of all interest of the converting partnership or converting other business entity in and to the real property located in that county.

(b) A filed and, if appropriate, recorded statement of conversion, certificate of limited partnership, or articles of organization

containing a statement of conversion or other certificate evidencing the creation of an other business entity by conversion executed and declared to be accurate pursuant to subdivision (c) of Section 16105, stating the name of the converting partnership or converting other business entity in whose name property was held before the conversion and the name of the converted entity, but not containing all of the other information required by Section 16906, operates with respect to the entities named to the extent provided in subdivision (a).

(c) Recording of a statement of conversion, certificate of limited partnership, or articles of organization containing a statement of conversion, or other certificate evidencing the creation of another business entity by conversion, in accordance with paragraph (1) of Section 16902 shall create, in favor of bona fide purchasers or encumbrancers for value, a conclusive presumption that the conversion was validly completed.

16908. (a) A domestic limited partnership or limited liability company or a foreign other business entity may be converted to a domestic partnership pursuant to this article, but only if the converting entity is not prohibited by the laws under which it is organized to effect the conversion.

(b) An entity that desires to convert into a domestic partnership shall approve a plan of conversion or such instrument as is required to be approved to effect the conversion pursuant to the laws under which the entity is organized.

(c) The conversion of a domestic limited partnership or limited liability company or foreign other business entity shall be approved by the number or percentage of the partners, members, or holders of interest of the converting entity as is required by the law under which the entity is organized, or a greater or lesser percentage (subject to applicable laws) as set forth in the limited partnership agreement, articles of organization, or operating agreement or other governing document for the converting entity.

(d) The conversion by a domestic limited partnership or limited liability company or a foreign other business entity into a partnership shall be effective under this article at such time as the conversion is effective under the law under which the converting entity is organized.

16909. (a) An entity that converts into another entity pursuant to this article is for all purposes the same entity that existed before the conversion.

(b) When a conversion takes effect, all of the following apply:

(1) All the rights and property, whether real, personal, or mixed, of the converting entity remains vested in the converted entity.

(2) All debts, liabilities, and obligations of the converting entity continue as debts, liabilities, and obligations of the converted entity.

(3) All rights of creditors and liens upon the property of the converting entity shall be preserved unimpaired and remain

enforceable against the converted entity to the same extent as against the converting entity as if the conversion had not occurred.

(4) Any action or proceeding pending by or against the converting entity may be continued against the converted entity as if the conversion had not occurred.

(c) A partner of a converting partnership is liable for:

(1) All obligations of the converting partnership for which the partner was personally liable before the conversion.

(2) All obligations of the converted entity incurred after the conversion takes effect, but those obligations may be satisfied only out of property of the entity if (A) the converted other business entity is a limited partnership and the partner becomes a limited partner or (B) the converted other business entity is a limited liability company and the partner becomes a member, unless the articles of organization or the operating agreement of the limited liability company provide otherwise.

(d) A partner of a partnership that converted from an other business entity is liable for any and all obligations of the converting other business entity for which the partner was personally liable before the conversion, but only to the extent the partner was liable for the obligation of the converting entity prior to the conversion.

(e) A partner of a converting partnership, who does not vote in favor of the conversion and does not agree to become a partner, member, or holder of interest of the converted other business entity shall have the right to dissociate from the partnership, as of the date the conversion takes effect. Within 10 days after the approval of the conversion by the partners as required under this article, the converting partnership shall send notice of the approval of the conversion to each partner that has not approved the conversion, accompanied by copies of Section 16701 and a brief description of the procedure to be followed under that section if the partner wishes to dissociate from the partnership. A partner that desires to dissociate from the converting partnership shall send written notice of such dissociation within 30 days after the date of the notice of the approval of the conversion. The converting partnership shall cause the partner's interest in the entity to be purchased under Section 16701. The converting partnership is bound under Section 16702 by an act of a general partner dissociated under this subdivision, and the partner is liable under Section 16703 for transactions entered into by the converted entity after the conversion takes effect. The dissociation of a partner in connection with a conversion pursuant to the terms of this subdivision shall not be deemed to be a wrongful dissociation under Section 16602.

16910. (a) The following entities may be merged pursuant to this article:

(1) Two or more partnerships into one partnership.

(2) One or more partnerships and one or more other business entities into one of those other business entities.

(3) One or more partnerships, other than a limited liability partnership, and one or more other business entities into one partnership.

(b) Notwithstanding subdivision (a), the merger of any number of partnerships with any number of other business entities may be effected only if the other business entities that are organized in California are authorized by the laws under which they are organized to effect the merger, and (1) if a domestic partnership is the surviving partnership, the foreign other business entities are not prohibited by the laws under which they are organized from effecting that merger and (2) if a foreign partnership or foreign other business entity is the survivor of the merger, the laws of the jurisdiction under which the survivor is organized authorize that merger.

16911. (a) Each partnership and other business entity which desires to merge shall approve an agreement of merger. The agreement of merger shall be approved by the number or percentage of partners specified for merger in the partnership agreement of the constituent partnership. If the partnership agreement fails to specify the required partner approval for merger of the constituent partnership, then the agreement of merger shall be approved by that number or percentage of partners specified by the partnership agreement to approve an amendment to the partnership agreement; provided, however, that if the merger effects a change for which the partnership agreement requires a greater number or percentage of partners than that required to amend the partnership agreement, then the merger shall be approved by that greater number or percentage. If the partnership agreement contains no provision specifying the vote required to amend the partnership agreement, then the agreement of merger must be approved by all the partners. The agreement of merger shall be approved on behalf of each constituent other business entity by those persons required to approve the merger by the laws under which it is organized. Other persons may be parties to the agreement of merger. The agreement of merger shall state:

(1) The terms and conditions of the merger.

(2) The name and place of organization of the surviving partnership or surviving other business entity, and of each disappearing partnership and disappearing other business entity, and the agreement of merger may change the name of the surviving partnership, which new name may be the same as or similar to the name of a disappearing partnership.

(3) The manner of converting the partnership interests of each of the constituent partnerships into interests or other securities of the surviving partnership or surviving other business entity, and if partnership interests of any of the constituent partnerships are not to be converted solely into interest or other securities of the surviving partnership or surviving other business entity, the cash, property,

rights, interests, or securities which the holders of the partnership interest are to receive in exchange for the partnership interests, which cash, property, rights, interests, or securities may be in addition to or in lieu of interests of other securities of the surviving partnership or surviving other business entity, or that the partnership interests are canceled without consideration.

(4) Any other details or provisions as are required by the laws under which any constituent other business entity is organized.

(5) Any other details or provisions that are desired, including, without limitation, a provision for the treatment of fractional partnership interests.

(b) If the partnership is merging into a limited partnership, then in addition to the approval of the partners as set forth under subdivision (a), the agreement of merger must be approved by all partners who will become general partners of the surviving limited partnership upon the effectiveness of the merger.

(c) Notwithstanding its prior approval, an agreement of merger may be amended before the merger takes effect if the amendment is approved by the partners of each constituent partnership, in the same manner as required for approval of the original agreement of merger, and by each of the constituent other business entities.

(d) The partners of a constituent partnership may in their discretion, abandon a merger, subject to the contractual rights, if any, of third parties, including other constituent partnerships and constituent other business entities, if the abandonment is approved by the partners of the constituent partnership in the same manner as required for approval of the original agreement of merger.

(e) An agreement of merger approved in accordance with subdivision (a) may (1) effect any amendment to the partnership agreement of any domestic constituent partnership or (2) effect the adoption of a new partnership agreement for a domestic constituent partnership if it is the surviving partnership in the merger. Any amendment to a partnership agreement or adoption of a new partnership agreement made pursuant to the foregoing sentence shall be effective at the effective time or date of the merger.

(f) The surviving partnership or surviving other business entity shall keep the agreement of merger at the principal place of business of the surviving entity if the surviving entity is a partnership or a foreign other business entity, at the office referred to in subdivision (a) of Section 15614 if the surviving entity is a domestic limited partnership or at the office referred to in Section 17057 if the surviving entity is a domestic limited liability company and, upon the request of a partner of a constituent partnership or a holder of interests or other securities of a constituent other business entity, the authorized person on behalf of the partnership or the surviving other business entity shall promptly deliver to the partner or the holder of interests or other securities, at the expense of the surviving partnership or surviving other business entity, a copy of the

agreement of merger. A waiver by a partner or holder of interests or other securities of the rights provided in this subdivision shall be unenforceable.

16912. (a) Unless a future effective date or time is provided in a certificate of merger if a certificate of merger is required to be filed under Section 16915 in which event the merger shall be effective at the future effective date or time:

(1) A merger in which no domestic other business entity is a party to the merger shall be effective upon the later of any of the following:

(A) The approval of the agreement of merger by all parties to the merger as provided in Section 16911.

(B) The filing of all documents required by law to be filed as a condition to the effectiveness of the merger; or

(C) Any effective date specified in the agreement of merger; and

(2) A merger in which a domestic other business entity is a party to the merger shall be effective upon the filing of the certificate of merger in the office of the Secretary of State.

(b) For all mergers in which a certificate of merger is required to be filed under Section 16915, a copy of the certificate of merger duly certified by the Secretary of State is conclusive evidence of the merger of (A) the constituent partnerships (either by themselves or together with constituent other business entities) into the surviving other business entity, or (B) the constituent partnerships or the constituent other business entities, or both, into the surviving partnership.

16913. (a) The merger of any number of domestic partnerships with any number of foreign partnerships or foreign other business entities shall be required to comply with Section 16910.

(b) If the surviving entity is a domestic partnership or a domestic other business entity, the merger proceedings with respect to that partnership or other business entity and any domestic disappearing partnership shall conform to the provisions of this chapter governing the merger of domestic partnerships, but if the surviving entity is a foreign partnership or a foreign other business entity, then, subject to the requirements of subdivision (d), the merger proceedings may be in accordance with the laws of the state or place of organization of the surviving partnership or surviving other business entity.

(c) If the surviving entity is a domestic other business entity or is a domestic partnership in a merger in which a domestic other business entity is also a party, the certificate of merger shall be filed as provided in subdivision (b) of Section 16915, and thereupon, subject to subdivision (a) of Section 16912, the merger shall be effective as to each domestic constituent partnership and domestic constituent other business entity.

(d) If the surviving entity is a foreign partnership or foreign other business entity, the merger shall become effective in accordance with the law of the jurisdiction in which the surviving partnership or surviving other business entity is organized, but shall be effective as

to any domestic disappearing partnership as of the time of effectiveness in the foreign jurisdiction in accordance with Section 16912.

16914. (a) When a merger takes effect, all of the following apply:

(1) The separate existence of the disappearing partnerships and disappearing other business entities ceases and the surviving partnership or surviving other business entity shall succeed, without other transfer, act or deed, to all the rights and property whether real, personal, or mixed, of each of the disappearing partnerships and disappearing other business entities and shall be subject to all the debts and liabilities of each in the same manner as if the surviving partnership or surviving other business entity had itself incurred them.

(2) All rights of creditors and all liens upon the property of each of the constituent partnerships and constituent other business entities shall be preserved unimpaired and may be enforced against the surviving partnership or the surviving other business entity to the same extent as if the debt, liability or duty which gave rise to that lien had been incurred or contracted by it, provided that such liens upon the property of a disappearing partnership or disappearing other business entity shall be limited to the property affected thereby immediately prior to the time the merger is effective.

(3) Any action or proceeding pending by or against any disappearing partnership or disappearing other business entity may be prosecuted to judgment, which shall bind the surviving partnership or surviving other business entity, or the surviving partnership or surviving other business entity may be proceeded against or be substituted in the disappearing partnership's or the disappearing other business entity's place.

(b) The Secretary of State is the agent for service of process in an action or proceeding against a foreign surviving partnership or foreign surviving other business entity to enforce an obligation of a domestic partnership or domestic other business entity that is a party to a merger. Unless a certificate of merger has been filed to effect the merger, the surviving entity shall promptly notify the Secretary of State of the mailing address of its chief executive office and of any change of address. Upon receipt of process, the Secretary of State shall mail a copy of the process to the foreign surviving partnership or foreign surviving other business entity.

(c) A partner of the surviving partnership or surviving limited partnership or a member of the surviving limited liability company is liable for all of the following:

(1) All obligations of a party to the merger for which the partner or member was personally liable before the merger.

(2) All other obligations of the surviving entity incurred before the merger by a party to the merger, but those obligations may be satisfied only out of property of the entity.

(3) All obligations of the surviving entity incurred after the merger takes effect, but those obligations may be satisfied only out of property of the entity if the partner is a limited partner or, unless expressly provided otherwise in the articles of organization, a member of a limited liability company.

(d) If the obligations incurred before the merger by a party to the merger are not satisfied out of the property of the surviving partnership or surviving other business entity, the general partners of that party immediately before the effective date of the merger, to the extent such party was a partnership or a limited partnership, shall contribute the amount necessary to satisfy that party's obligations to the surviving entity, in the manner provided in Section 16807 or in the limited partnership act of the jurisdiction in which the party was formed, as the case may be, as if the merged party were dissolved.

(e) A partner of a domestic disappearing partnership, who does not vote in favor of the merger and does not agree to become a partner, member or holder of interest of the surviving partnership or surviving other business entity shall have the right to dissociate from the partnership, as of the date the merger takes effect. Within 10 days after the approval of the merger by the partners as required under this article, each domestic disappearing partnership shall send notice of the approval of the merger to each partner that has not approved the merger, accompanied by a copy of Section 16701 and a brief description of the procedure to be followed under that section if the partner wishes to dissociate from the partnership. A partner that desires to dissociate from a disappearing partnership shall send written notice of such dissociation within 30 days after the date of the notice of the approval of the merger. The disappearing partnership shall cause the partner's interest in the entity to be purchased under Section 16701. The surviving entity is bound under Section 16702 by an act of a general partner dissociated under this subdivision, and the partner is liable under Section 16703 for transactions entered into by the surviving entity after the merger takes effect. The disassociation of a partner in connection with a merger pursuant to the terms of this subdivision shall not be deemed a wrongful disassociation under Section 16602.

16915. (a) In a merger involving only partnerships, or in a merger to which a domestic partnership and an other business entity is a party but in which no other domestic other business entity is a party, the surviving partnership or surviving foreign other business entity may file with the Secretary of State a statement that one or more partnerships have merged into the surviving partnership or surviving other business entity. A statement of merger shall contain the following:

(1) The name of each partnership or other business entity that is a party to the merger.

(2) The name of the surviving entity into which the other partnerships or other business entities where merged.

(3) The street address of the surviving entity's chief executive office and of an office in this state, if any.

(4) Whether the surviving entity is a partnership or an other business entity, specifying the type of the entity.

(b) In a merger involving a domestic partnership in which a domestic other business entity is also a party, after approval of the merger by the constituent partnerships and any constituent other business entities, the constituent partnerships and constituent other business entities shall file a certificate of merger in the office of and on a form prescribed by, the Secretary of State. The certificate of merger shall be executed and acknowledged by each domestic constituent partnership by two partners (unless a lesser number is provided in the partnership agreement) and by each foreign constituent partnership by one or more partners, and by each constituent other business entity by those persons required to execute the certificate of merger by the laws under which the constituent other business entity is organized. The certificate of merger shall set forth all of the following:

(1) The names and the Secretary of State's file numbers, if any, of each of the constituent partnerships and constituent other business entities, separately identifying the disappearing partnerships and disappearing other business entities and the surviving partnership or surviving other business entity.

(2) If a vote of the partners was required under Section 16911, a statement that the principal terms of the agreement of merger were approved by a vote of the partners, which equaled or exceeded the vote required.

(3) If the surviving entity is a domestic partnership and not an other business entity, any change to the information set forth in any filed statement of partnership authority of the surviving partnership resulting from the merger, including any change in the name of the surviving partnership resulting from the merger. The filing of a certificate of merger setting forth any such changes to any filed statement of partnership authority of the surviving partnership shall have the effect of the filing of a certificate of amendment of the statement of partnership authority by the surviving partnership, and the surviving partnership need not file a certificate of amendment under Section 16015 to reflect those changes.

(4) The future effective date or time (which shall be a date or time certain not more than 90 days subsequent to the date of filing) of the merger, if the merger is not to be effective upon the filing of the certificate of merger with the office of the Secretary of State.

(5) If the surviving entity is an other business entity or a foreign partnership, the full name, type of entity, legal jurisdiction in which the entity was organized and by whose laws its internal affairs are governed, and the address of the principal place of business of the entity.

(6) Any other information required to be stated in the certificate of merger by the laws under which each constituent other business entity is organized.

(c) A statement of merger or a certificate of merger, as is applicable under subdivision (a) or (b), shall have the effect of the filing of a cancellation for each disappearing partnership of any statement of partnership authority filed by it.

16916. (a) Whenever a domestic or foreign partnership or other business entity having any real property in this state merges with another partnership or other business entity pursuant to the laws of this state or of the state or place in which any constituent partnership or constituent other business entity was organized, and the laws of the state or place of organization (including this state) of any disappearing partnership or disappearing other business entity provide substantially that the making and filing of a statement of merger or certificate of merger vests in the surviving partnership or surviving other business entity all the real property of any disappearing partnership and disappearing other business entity, the filing for record in the office of the county record of any county in this state in which any of the real property of the disappearing partnership or disappearing other business entity is located of either (1) a certificate of merger certified by the Secretary of State, or other certificate prescribed by the Secretary of State, or (2) a copy of the statement of merger or certificate of merger, certified by the Secretary of State or an authorized public official of the state or place pursuant to the laws of which the merger is effected, shall evidence record ownership in the surviving partnership or surviving other business entity of all interest of such disappearing partnership or disappearing other business entity in and to the real property located in that county.

(b) A filed and, if appropriate, recorded statement of merger, executed and declared to be accurate pursuant to subdivision (c) of Section 16105, stating the name of a partnership or other business entity that is a party to the merger in whose name property was held before the merger and the name of the surviving entity, but not containing all of the other information required by Section 16915, operates with respect to the partnerships or other business entities named to the extent provided in subdivision (a).

(c) Recording of the certificate of merger in accordance with subdivision (a) shall create, in favor of bona fide purchasers or encumbrancers for value, a conclusive presumption that the merger was validly completed.

16917. This article is not exclusive. Partnerships, other than limited liability partnerships, may be converted or merged in any other manner provided by law.

Article 10. Limited Liability Partnerships

16951. For purposes of this chapter, the only types of limited liability partnerships that shall be recognized are a registered limited liability partnership and a foreign limited liability partnership, as defined in Section 16101. No registered limited liability partnership or foreign limited liability partnership may render professional limited liability partnership services in this state except through licensed persons.

16952. The name of a registered limited liability partnership shall contain the words "Registered Limited Liability Partnership" or "Limited Liability Partnership" or one of the abbreviations "L.L.P.," "LLP," "R.L.L.P.," or "RLLP" as the last words or letters of its name.

16953. (a) To become a registered limited liability partnership, a partnership, other than a limited partnership, shall file with the Secretary of State a registration, executed by one or more partners authorized to execute a registration, stating (1) the name of the partnership; (2) the address of its principal office; (3) the name and address of the agent for service of process on the limited liability partnership in California; (4) a brief statement of the business in which the partnership engages; (5) any other matters that the partnership determines to include; and (6) that the partnership is registering as a registered limited liability partnership.

(b) The registration shall be accompanied by a fee of seventy dollars ($70).

(c) The Secretary of State shall register as a registered limited liability partnership any partnership that submits a completed registration with the required fee.

(d) The Secretary of State may cancel the filing of the registration if a check or other remittance accepted in payment of the filing fee is not paid upon presentation. Upon receiving written notification that the item presented for payment has not been honored for payment, the Secretary of State shall give a first written notice of the applicability of this section to the agent for service of process or to the person submitting the instrument. Thereafter, if the amount has not been paid by cashier's check or equivalent, the Secretary of State shall give a second written notice of cancellation and the cancellation shall thereupon be effective. The second notice shall be given 20 days or more after the first notice and 90 days or less after the date of the original filing.

(e) A partnership becomes a registered limited liability partnership at the time of the filing of the initial registration with the Secretary of State or at any later date or time specified in the registration and the payment of the fee required by subdivision (b). A partnership continues as a registered limited liability partnership until a notice that it is no longer a registered limited liability partnership has been filed pursuant to subdivision (b) of Section 16954 or, if applicable, until it has been dissolved and finally wound

up. The status of a partnership as a registered limited liability partnership and the liability of a partner of the registered limited liability partnership shall not be adversely affected by errors or subsequent changes in the information stated in a registration under subdivision (a) or an amended registration or notice under Section 16954.

(f) The fact that a registration or amended registration pursuant to this section is on file with the Secretary of State is notice that the partnership is a registered limited liability partnership and of those other facts contained therein that are required to be set forth in the registration or amended registration.

(g) The Secretary of State shall provide a form for a registration under subdivision (a), which shall include the form for confirming compliance with the optional security requirement pursuant to subdivision (c) of Section 16956.

(h) A limited liability partnership providing professional limited liability partnership services in this state shall comply with all statutory and administrative registration or filing requirements of the state board, commission, or other agency that prescribes the rules and regulations governing the particular profession in which the partnership proposes to engage, pursuant to the applicable provisions of the Business and Professions Code relating to that profession. No such state board, commission, or other agency shall disclose, unless compelled by a subpoena or other order of a court of competent jurisdiction, any information it receives in the course of evaluating the compliance of a limited liability partnership with applicable statutory and administrative registration or filing requirements, provided that nothing herein shall be construed to prevent a state board, commission, or other agency from disclosing the manner in which the limited liability partnership has complied with the requirements of Section 16956, or the compliance or noncompliance by the limited liability partnership with any other requirements of the state board, commission, or other agency.

16954. (a) The registration of a registered limited liability partnership may be amended by an amended registration executed by one or more partners authorized to execute an amended registration and filed with the Secretary of State, as soon as reasonably practical after any information set forth in the registration or previously filed amended registration becomes inaccurate or to add information to the registration or amended registration.

(b) If a registered limited liability partnership ceases to be a registered limited liability partnership, it shall file with the Secretary of State a notice, executed by one or more partners authorized to execute the notice, that it is no longer a registered limited liability partnership.

(c) An amendment pursuant to subdivision (a) and a notice pursuant to subdivision (b) shall each be accompanied by a fee of thirty dollars ($30).

(d) The Secretary of State shall provide forms for an amended registration under subdivision (a) and a notice under subdivision (b).

16955. (a) A domestic partnership, other than a limited partnership, may convert to a registered limited liability by the vote of the partners possessing a majority of the interests of its partners in the current profits of the partnership or by a different vote as may be required in its partnership agreement.

(b) When such a conversion takes effect, all of the following apply:

(1) All property, real and personal, tangible and intangible, of the converting partnership remains vested in the converted registered limited liability partnership.

(2) All debts, obligations, liabilities, and penalties of the converting partnership continue as debts, obligations, liabilities, and penalties of the converted registered limited liability partnership.

(3) Any action, suit, or proceeding, civil or criminal, then pending by or against the converting partnership may be continued as if the conversion had not occurred.

(4) To the extent provided in the agreement of conversion and in this chapter, the partners of a partnership shall continue as partners in the converted registered limited liability partnership.

(5) A partnership that has been converted to a registered limited liability partnership pursuant to this chapter is the same person that existed prior to the conversion.

16955.5. A registered limited liability partnership or a partnership converting to a registered limited liability partnership may, by the vote of the partners possessing a majority of the interests of its partners in the current profits of the partnership or by a different vote as may be required in its partnership agreement, elect to be governed by the law in effect prior to adoption of this chapter or by this chapter. The election may be made from time to time and may be revoked by the vote of the partners possessing a majority of the interests of the partners in the current profits of the partnership or by a different vote as may be required in the partnership agreement. Any election not to be governed by this chapter and any revocation of that election shall be set forth in the registration filed by the registered limited liability partnership with the Secretary of State, in an amendment to the registration filed with the Secretary of State, or in an attachment to the registration or amendment. Any such election shall terminate and be of no further force or effect on or after January 1, 1998. After that date the registered limited liability partnership shall be governed by the law as specified in subdivisions (a) and (b) of Section 16111.

This section shall remain in effect only until January 1, 1998, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 1998, deletes or extends that date.

16956. (a) At the time of registration pursuant to Section 16953, in the case of a registered limited liability partnership, and Section 16959, in the case of a foreign limited liability partnership, and at all

times during which those partnerships shall transact intrastate business, every registered limited liability partnership and foreign limited liability partnership, as the case may be, shall be required to provide security for claims against it as follows:

(1) For claims based upon acts, errors, or omissions arising out of the practice of public accountancy, a registered limited liability partnership or foreign limited liability partnership providing accountancy services shall comply with one, or pursuant to subdivision (b) some combination, of the following:

(A) Maintaining a policy or policies of insurance against liability imposed on or against it by law for damages arising out of claims in an amount for each claim of at least one hundred thousand dollars ($100,000) multiplied by the number of licensed persons rendering professional services on behalf of the partnership; however, the maximum amount of insurance is not required to exceed five million dollars ($5,000,000) for claims initially asserted in any one calendar year, less amounts paid in defending, settling, or discharging those claims.

(B) Maintaining in trust or bank escrow, cash, bank certificates of deposit, United States Treasury obligations, bank letters of credit, or bonds of insurance companies as security for payment of liabilities imposed by law for damages arising out of all claims in an amount of at least one hundred thousand dollars ($100,000) multiplied by the number of licensed persons rendering professional services; however, the maximum amount of security is not required to exceed five million dollars ($5,000,000) for claims initially asserted in any one calendar year, less amounts paid in defending, settling, or discharging those claims.

(C) Confirming, pursuant to the procedure in subdivision (c), that, as of the most recently completed fiscal year of the partnership, it had a net worth equal to or exceeding ten million dollars ($10,000,000).

(2) For claims based upon acts, errors, or omissions arising out of the practice of law, a registered limited liability partnership or foreign limited liability partnership providing legal services shall comply with one, or pursuant to subdivision (b) some combination, of the following:

(A) Each registered limited liability partnership or foreign limited liability partnership providing legal services shall maintain a policy or policies of insurance against liability imposed on or against it by law for damages arising out of claims in an amount for each claim of at least one hundred thousand dollars ($100,000) multiplied by the number of licensed persons rendering professional services on behalf of the partnership; however, the maximum amount of insurance is not required to exceed seven million five hundred thousand dollars ($7,500,000) for claims initially asserted in any one calendar year, less amounts paid in defending, settling, or discharging those claims.

(C) Each partner of a registered limited liability partnership or foreign limited liability partnership providing legal services, by virtue of that person's status as a partner, thereby automatically guarantees payment of the difference between the maximum amount of security required for the partnership by paragraph (2) of this subdivision and the security otherwise provided in accordance with the provisions of subparagraphs (A) and (B) of paragraph (2) of this subdivision, provided that the aggregate amount paid by all partners under these guarantees shall not exceed the difference. Withdrawal by a partner shall not affect the rights or obligations of such partner arising prior to withdrawal. Nothing contained in this subparagraph shall affect or impair the rights or obligations of the partners among themselves, or the partnership, including, but not limited to, rights of contribution, subrogation, or indemnification.

(b) For purposes of satisfying the security requirements of this section, a registered limited liability partnership or foreign limited liability partnership may aggregate the security provided by it pursuant to subparagraphs (A), (B), and (C) of paragraph (1) of subdivision (a) or subparagraphs (A), (B), and (C) of paragraph (2) of subdivision (a), as the case may be. Any registered limited liability partnership or foreign limited liability partnership intending to comply with the alternative security provisions set forth in subparagraph (C) of paragraph (1) of subdivision (a) shall furnish the following information to the Secretary of State's office, in the manner prescribed in, and accompanied by all information required by, the applicable section:

2. _____
Jurisdiction where partnership is organized

3. _____

4. The registered or foreign limited liability partnership renders accountancy services and chooses to satisfy the requirements of Section 16956 by confirming, pursuant to Sections 16956(a)(1)(C) and 16956(c), that, as of the most recently completed fiscal year, the partnership had a net worth equal to or exceeding ten million dollars ($10,000,000).

5. _____
Title of authorized person executing this form

6. _____
Signature of authorized person executing this form

(c) Pursuant to subparagraph (C) of paragraph (1) of subdivision (a), a registered limited liability partnership or foreign limited liability partnership rendering accountancy services may satisfy the requirements of this section by confirming that, as of the last day of its most recently completed fiscal year, it had a net worth equal to or exceeding ten million dollars ($10,000,000). In order to comply with this alternative method of meeting the requirements established in this section, a registered limited liability partnership or foreign limited liability partnership shall file an annual confirmation with the Secretary of State's office, signed by an authorized member of the registered limited liability partnership or foreign limited liability partnership, accompanied by a transmittal form as prescribed by subdivision (b). In order to be current in a given year, the partnership form for confirming compliance with the optional security requirement shall be on file within four months of the completion of the fiscal year and, upon being filed, shall constitute full compliance with the financial security requirements for purposes of this section as of the beginning of the fiscal year. A confirmation filed during any particular fiscal year shall continue to be effective for the first four months of the next succeeding fiscal year.

(d) Neither the existence of the requirements of subdivision (a) nor the extent of the registered limited liability partnership's or foreign limited liability partnership's compliance with the

alternative requirements in this section shall be admissible in court or in any way be made known to a jury or other trier of fact in determining an issue of liability for, or to the extent of, the damages in question.

(e) Notwithstanding any other provision of this section, if a registered limited liability partnership is otherwise in compliance with the terms of this section at the time that a bankruptcy or other insolvency proceeding is commenced with respect to the registered limited liability partnership, it shall be deemed to be in compliance with this section during the pendency of the proceeding. A registered limited liability partnership that has been the subject of a proceeding and that conducts business after the proceeding ends shall thereafter comply with paragraph (1) or (2) of subdivision (a), in order to obtain the limitations on liability afforded by subdivision (c) of Section 16306.

16957. (a) No distribution shall be made by a registered limited liability partnership if, after giving effect to the distribution:

(1) The registered limited liability partnership would not be able to pay its debts as they become due in the usual course of business.

(2) The registered limited liability partnership's total assets would be less than the sum of its total liabilities plus the amount that would be needed, if the registered limited liability partnership were to be dissolved at the time of the distribution, to satisfy the preferential rights of other partners upon dissolution that are superior to the rights of the partners receiving the distribution.

(b) A cause of action with respect to an obligation to return a distribution is extinguished unless the action is brought within four years after the distribution is made.

(c) A distribution for purposes of this section means the transfer of money or property by a registered limited liability partnership to its partners without consideration.

16958. (a) (1) The laws of the jurisdiction under which a foreign limited liability partnership is organized shall govern its organization and internal affairs and the liability and authority of its partners, subject to compliance with Section 16956, and (2) a foreign limited liability partnership may not be denied registration by reason of any difference between those laws and the laws of this state.

(b) The name of a foreign limited liability partnership transacting intrastate business in this state shall contain the words "Registered Limited Liability Partnership" or "Limited Liability Partnership" or one of the abbreviations "L.L.P.," "LLP," "R.L.L.P.," or "RLLP," or such other similar words or abbreviations as may be required or authorized by the laws of the jurisdiction of formation of the foreign limited liability partnership, as the last words or letters of its name.

16959. (a) (1) Before transacting intrastate business in this state, a foreign limited liability partnership shall comply with all statutory and administrative registration or filing requirements of the state board, commission, or agency that prescribes the rules and

regulations governing a particular profession in which the partnership proposes to be engaged, pursuant to the applicable provisions of the Business and Professions Code relating to the profession or applicable rules adopted by the governing board. A foreign limited liability partnership that transacts intrastate business in this state shall within 30 days after the effective date of the act enacting this section or the date on which the foreign limited liability partnership first transacts intrastate business in this state, whichever is later, register with the Secretary of State by submitting to the Secretary of State an application for registration as a foreign limited liability partnership, signed by a person with authority to do so under the laws of the jurisdiction of formation of the foreign limited liability partnership, stating the name of the partnership, the address of its principal office, the name and address of its agent for service of process in this state, a brief statement of the business in which the partnership engages, and any other matters that the partnership determines to include.

(2) Annexed to the application for registration shall be a certificate from an authorized public official of the foreign limited liability partnership's jurisdiction of organization to the effect that the foreign limited liability partnership is in good standing in that jurisdiction, if the laws of that jurisdiction permit the issuance of those certificates, or, in the alternative, a statement by the foreign limited liability partnership that the laws of its jurisdiction of organization do not permit the issuance of those certificates.

(b) The registration shall be accompanied by a fee of seventy dollars ($70).

(c) The Secretary of State shall register as a foreign limited liability partnership any partnership that submits a completed application for registration with the required fee.

(d) The Secretary of State may cancel the filing of the registration if a check or other remittance accepted in payment of the filing fee is not paid upon presentation. Upon receiving written notification that the item presented for payment has not been honored for payment, the Secretary of State shall give a first written notice of the applicability of this section to the agent for service of process or to the person submitting the instrument. Thereafter, if the amount has not been paid by cashier's check or equivalent, the Secretary of State shall give a second written notice of cancellation and the cancellation shall thereupon be effective. The second notice shall be given 20 days or more after the first notice and 90 days or less after the original filing.

(e) A partnership becomes registered as a foreign limited liability partnership at the time of the filing of the initial registration with the Secretary of State or at any later date or time specified in the registration and the payment of the fee required by subdivision (b). A partnership continues to be registered as a foreign limited liability partnership until a notice that it is no longer so registered as a limited

liability partnership has been filed pursuant to Section 16960 or, if applicable, once it has been dissolved and finally wound up. The status of a partnership registered as a foreign limited liability partnership and the liability of a partner of that foreign limited liability partnership shall not be adversely affected by errors or subsequent changes in the information stated in an application for registration under subdivision (a) or an amended registration or notice under Section 16960.

(f) The fact that a registration or amended registration pursuant to Section 16960 is on file with the Secretary of State is notice that the partnership is a foreign limited liability partnership and of those other facts contained therein that are required to be set forth in the registration or amended registration.

(g) The Secretary of State shall provide a form for a registration under subdivision (a), which shall include the form for confirming compliance with the optional security requirement pursuant to subdivision (c) of Section 16956.

(h) A foreign limited liability partnership transacting intrastate business in this state shall not maintain any action, suit, or proceeding in any court of this state until it has registered in this state pursuant to this section.

(i) Any foreign limited liability partnership that transacts intrastate business in this state without registration is subject to a penalty of twenty dollars ($20) for each day that unauthorized intrastate business is transacted, up to a maximum of ten thousand dollars ($10,000).

(j) A partner of a foreign limited liability partnership is not liable for the debts or obligations of the foreign limited liability partnership solely by reason of its having transacted business in this state without registration.

(k) A foreign limited liability partnership, transacting business in this state without registration, appoints the Secretary of State as its agent for service of process with respect to causes of action arising out of the transaction of business in this state.

(*l*) "Transact intrastate business" as used in this section means to repeatedly and successively provide professional limited liability partnership services in this state, other than in interstate or foreign commerce.

(m) Without excluding other activities that may not be considered to be transacting intrastate business, a foreign limited liability partnership shall not be considered to be transacting intrastate business merely because its subsidiary or affiliate transacts intrastate business, or merely because of its status as any one or more of the following:

(1) A shareholder of a domestic corporation.

(2) A shareholder of a foreign corporation transacting intrastate business.

(3) A limited partner of a foreign limited partnership transacting intrastate business.

(4) A limited partner of a domestic limited partnership.

(5) A member or manager of a foreign limited liability company transacting intrastate business.

(6) A member or manager of a domestic limited liability company.

(n) Without excluding other activities that may not be considered to be transacting intrastate business, a foreign limited liability partnership shall not be considered to be transacting intrastate business within the meaning of this subdivision solely by reason of carrying on in this state any one or more of the following activities:

(1) Maintaining or defending any action or suit or any administrative or arbitration proceeding, or effecting the settlement thereof or the settlement of claims or disputes.

(2) Holding meetings of its partners or carrying on any other activities concerning its internal affairs.

(3) Maintaining bank accounts.

(4) Maintaining offices or agencies for the transfer, exchange, and registration of the foreign limited liability partnership's securities or maintaining trustees or depositories with respect to those securities.

(5) Effecting sales through independent contractors.

(6) Soliciting or procuring orders, whether by mail or through employees or agents or otherwise, where those orders require acceptance without this state before becoming binding contracts.

(7) Creating or acquiring evidences of debt or mortgages, liens, or security interest in real or personal property.

(8) Securing or collecting debts or enforcing mortgages and security interests in property securing the debts.

(9) Conducting an isolated transaction that is completed within 180 days and not in the course of a number of repeated transactions of a like nature.

(o) A person shall not be deemed to be transacting intrastate business in this state merely because of its status as a partner of a registered limited liability partnership or a foreign limited liability company whether or not registered to transact intrastate business in this state.

(p) The Attorney General may bring an action to restrain a foreign limited liability partnership from transacting intrastate business in this state in violation of this chapter.

(q) Nothing in this section is intended to, or shall, augment, diminish, or otherwise alter existing provisions of law, statutes, or court rules relating to services by a California public accountant or California attorney in another jurisdiction, or services by an out-of-state public accountant or out-of-state attorney in California.

16960. (a) The registration of a foreign limited partnership may be amended by an amended registration executed by one or more partners authorized to execute an amended registration and filed with the Secretary of State, as soon as reasonably practical after any

information set forth in the registration or previously filed amended registration becomes inaccurate, to add information to the registration or amended registration or to withdraw its registration as a foreign limited liability partnership.

(b) If a foreign limited partnership ceases to be a limited liability partnership, it shall file with the Secretary of State a notice, executed by one or more partners authorized to execute the notice, that it is no longer a foreign limited liability partnership.

(c) A foreign limited liability partnership that is, but is no longer required to be, registered under Section 16959 may withdraw its registration by filing a notice with the Secretary of State, executed by one or more partners authorized to execute the notice.

(d) The Secretary of State shall provide forms for an amended registration under subdivision (a) and notices under subdivisions (b) and (c).

(e) The filing of amended registration forms pursuant to subdivision (a) and a notice pursuant to subdivision (b) or (c) shall each be accompanied by a fee of thirty dollars ($30).

16961. The filing of a registration with the Secretary of State under Section 16953 or 16959 shall make it unnecessary for all purposes for the registered limited liability partnership or foreign limited liability partnership to make any of the filings referred to in Chapter 5 (commencing with Section 17900) of Part 3 of Division 7 of the Business and Professions Code.

16962. (a) Each registered limited liability partnership whose principal office is not in this state and each foreign limited liability partnership registered under Section 16959 shall designate as its agent for service of process any natural person or a domestic or foreign corporation entitled to be designated as agent for the service of process pursuant to Section 1505.

(b) In addition to service that may be made as provided in Section 416.40 of the Code of Civil Procedure, delivery by hand of a copy of any process against a registered limited liability partnership or foreign limited liability partnership registered under Section 16959; (1) to any natural person designated by it as agent or (2), if a corporate agent has been designated, to any person named in the latest certificate of the corporate agent filed pursuant to Section 1505 at the office of that corporate agent shall constitute valid service on the registered limited liability partnership or foreign limited liability partnership.

(c) If an agent for the purpose of service of process has resigned and has not been replaced or if the agent designated cannot with reasonable diligence be found at the address designated for personally delivering the process, or if no agent has been designated, and it is shown by affidavit to the satisfaction of the court that process against a registered limited liability partnership or foreign limited liability partnership required to be registered under Section 16959 cannot be served with reasonable diligence upon the designated

agent by hand in the manner provided in Section 415.10, subdivision (a) of Section 415.20, or subdivision (a) of Section 415.30 of the Code of Civil Procedure or upon the registered limited liability partnership or foreign limited liability partnership in the manner provided in Section 416.40 of the Code of Civil Procedure, the court may make an order that the service be made upon the registered limited liability partnership or foreign limited liability partnership by delivering by hand to the Secretary of State, or to any person employed in the Secretary of State's office in the capacity of assistant to deputy, one copy of the process for each defendant to be served, together with a copy of the order authorizing that service. If the court makes that order, the Secretary of State who receives the process, or the person employed in the Secretary of State's office in the capacity of assistant or deputy who receives the process, is required to accept such process. A fee in the amount of fifty dollars ($50) shall be paid to the Secretary of State for the use of the state upon receipt of the process. Service in this manner shall be deemed complete on the 10th day after delivery of the process to the Secretary of State.

(d) Upon the receipt of the copy of process and the fee therefor, the Secretary of State shall give notice of the service of process to the registered limited liability partnership or foreign limited liability partnership registered under Section 16959 at its principal executive office, by forwarding to that office, by registered mail with request for return receipt, the copy of the process or, if the records of the Secretary of State do not disclose an address for that principal executive office, by forwarding the copy in the same manner to the last designated agent for service of process who has not resigned. If the agent for service of process has resigned and has not been replaced and the records of the Secretary of State do not disclose an address for its principal executive office, no action need be taken by the Secretary of State.

(e) The Secretary of State shall keep a record of all process served upon the Secretary of State under this section and shall record therein the time of service and the Secretary of State's action with reference thereto. The certificate of the Secretary of State, under the Secretary of State's official seal, certifying to the receipt of process, the giving of notice thereof to the registered limited liability partnership or foreign limited liability partnership, and the forwarding of the process pursuant to this section shall be competent and prima facie evidence of the matters stated therein.

(f) The court order pursuant to subdivision (c) that service of process be made upon the registered limited liability partnership or foreign limited liability partnership by delivery to the Secretary of State may be a court order of a court of another state, or of any federal court, if the suit, action, or proceeding has been filed in that court.

CHAPTER 1006

An act to amend Section 19601 of the Business and Professions Code, relating to horseracing.

[Approved by Governor September 27, 1996. Filed with Secretary of State September 29, 1996.]

The people of the State of California do enact as follows:

SECTION 1. Section 19601 of the Business and Professions Code is amended to read:

19601. (a) Notwithstanding any other provision of law, a licensed association or fair that is conducting a live meeting in any racing zone may accept wagers on any race conducted in this state, if all of the following requirements are met:

(1) The association or fair that conducts the race and the association or fair that accepts wagers on that race have executed an agreement providing for the conditions for transmission of the audiovisual signal of the race and the amount of compensation, if any, to be paid to the association or fair conducting the transmitted race.

(2) The association or fair that conducts the racing meeting and the organization that is responsible for negotiating purse agreements, satellite wagering agreements, and all other business agreements on behalf of the horsemen participating in that racing meeting consent to the acceptance of the wagers. However, if consent is withheld, any party may appeal the withholding of consent to the board, which may determine that consent is not required.

(3) The association or fair conducts not less that eight races on days when the association or fair is licensed to conduct racing, except that fewer than eight live races per day may be conducted by the mutual agreement of the association or fair and the organization that is responsible for negotiating purse agreements, satellite wagering agreements, and all other business agreements on behalf of the horsemen participating in the racing meeting.

(4) Wagering is offered only within the association's or fair's racing inclosure or within the satellite wagering facility and only within seven days of the commencement of the racing program with the transmitted race.

(5) All wagers are included in the appropriate parimutuel pool at the racetrack of the association or fair where the race is conducted, or, at the election of the parties to the agreement required by paragraph (1), in the appropriate parimutuel pool of the racetrack of the association or fair that accepts the transmitted race.

(6) The association or fair accepting wagers on an out-of-zone transmitted race distributes the audiovisual signal of the race to, and accepts wagers from, all eligible satellite wagering facilities.

(b) Any association or fair accepting wagers under subdivision (a) shall deduct, from the total amount handled in each conventional and exotic parimutuel pool on the transmitted race, the same percentages deducted pursuant to Article 9.5 (commencing with Section 19610) for races at its own meeting. However, if the wagers are from a quarter horse race meeting, then the amounts deducted shall be the same as for a quarter horse race meeting. Amounts deducted under this section, including amounts deducted from wagers on out-of-zone races within the inclosure of the association or fair, shall be distributed as provided under Section 19605.7 with respect to wagers made within the northern zone, or Section 19605.71 with respect to wagers made within the central or southern zone, except that amounts distributed for purposes other than state license fees and fees payable to the California Center for Equine Health and Performance, School of Veterinary Medicine, University of California at Davis, and the California Diagnostic Veterinary Lab System shall be proportionally reduced by the amount of any fees paid as compensation to the association or fair conducting the transmitted race pursuant to subdivision (c). The method used to calculate the reduction in proportionate share shall be approved by the board. For wagers on out-of-zone races made within the association's or fair's inclosure, the percentage amount normally distributed as a satellite wagering facility commission, less any pro rata reduction required by this subdivision, shall be distributed instead as additional commissions and purses pursuant to Section 19605.8. Additionally, for all wagers on out-of-zone races, the percentage amount normally distributed for promotion of the program at satellite wagering facilities, less any pro rata reduction

required by this subdivision, shall be distributed instead as additional commissions and purses pursuant to Section 19605.8.

(c) Nothing in this section precludes an association or fair from charging a fee as a condition of transmitting its races to another zone, except that any fee shall be allocated among all associations, fairs, and satellite wagering facilities receiving the transmitted race in proportion to the amount wagered at each location, and the fee shall not exceed 2.5 percent of the total amount wagered on each out-of-zone race. Any fees received by the association or fair that conducts the transmitted race shall be divided equally between commissions to the association or fair conducting the out-of-zone race and purses to horsemen that participate in the association's or fair's racing meeting.

(d) All breakage and unclaimed tickets, including unclaimed refunds, on wagers on out-of-zone races shall be distributed equally between the association or fair that accepts wagers on the transmitted race, and the horsemen, in the form of purses, who participate in the racing meeting of the association or fair that accepts wagers on the transmitted race.

(e) All wagers made pursuant to this section shall be considered to have been wagered at a satellite wagering facility and shall be excluded from total handle for the purposes of Section 19611.

(f) Notwithstanding Section 19530.5, satellite wagering facilities operated by a county fair, district agricultural association fair, or citrus fruit fair in the Counties of Fresno, Kern, or Tulare shall be considered northern zone facilities and shall receive their audiovisual signal from the association or fair conducting a racing meeting in the northern zone that is authorized to distribute the signal and accept wagers on central and southern zone races. Satellite wagering facilities operated by a county fair, district agricultural association, or citrus fruit fair in the Counties of Santa Barbara or Ventura shall be considered central-southern zone facilities and shall receive the audiovisual signal from the association or fair conducting a racing meeting in the central or southern zone that is authorized to distribute the signal and accept wagers on central and southern zone races.

(g) All purse moneys derived from wagering on out-of-zone races at fair racing meetings conducted shall be distributed to all breeds of horses participating in the fair meeting in direct proportion to the purse money generated by breed on live races conducted during the fair race meeting.

(h) During calendar periods when both a fair and a thoroughbred association conduct live racing, the thoroughbred association shall be the association authorized to distribute the signal and accept wagers on out-of-zone races. The amounts deducted under this section shall be distributed on any day of overlap as provided in Section 19607.5 subject to the agreements specified in paragraph (1) of subdivision (a), except that the applicable state license fee shall be at the rate or

rates specified for nonfair meetings in subdivision (b) of Section 19605.7.

(i) During calendar periods when a thoroughbred association and any other breed association are conducting a racing meeting in the same zone, the thoroughbred association shall be the association authorized to distribute out-of-zone thoroughbred or fair races, except that the thoroughbred association may waive this right and allow the other breed racing association conducting a race meeting to distribute the signal and accept wagers on out-of-zone thoroughbred or fair races for any racing day or days. For the purposes of this subdivision, the combined central and southern zone shall be considered one zone.

(j) In order to encourage additional intrastate simulcasting, maximize state revenues, and further the purposes of this section, the board may adopt regulations to ensure that all horseracing programs conducted within the state are exposed to the maximum number of racing fans. The regulations may include, but are not limited to, the following:

(1) Establishing a minimum number of out-of-zone races that must be accepted by associations and fairs that contract to accept out-of-zone wagers pursuant to subdivision (a).

(2) Requiring associations, fairs, and satellite wagering facilities to present out-of-zone audiovisual signals to racing fans in substantially the same manner as in-zone signals are presented.

(3) Giving racing fans the opportunity to make wagers on out-of-zone racing programs at all parimutuel terminals where wagers on in-zone races are accepted.

(k) Unless otherwise agreed to in writing by each association, a fair conducting satellite wagering in Kern County shall be solely reimbursed by the racing associations located in the northern zone for both of the following:

(1) Any fee that is charged pursuant to subdivision (c) that exceeds the amount that the fair would pay pursuant to that subdivision if the fair were located in the southern zone.

(2) Any reduction in moneys for promotion that is equal to the amount that would be distributed from wagers to the fair for promotion if the fair were located in the southern zone, less what the fair actually receives pursuant to subdivision (b).
