(2) From the amount computed for County Group No. 1 in subdivision (a) for the five-year period and each four-year period, the commission shall determine the minimum amount of programming for each county in the group based on a formula which is based 75 percent on the population of the county to the total population of County Group No. 1 and 25 percent on state highway miles in the county to the total state highway miles in County Group No. 1.

(3) From the amount computed for County Group No. 2 in subdivision (a) for the five-year period and each four-year period, the commission shall determine the minimum amount of programming for each county in the group based on a formula which is based 75 percent on the population of the county to the total population of County Group No. 2 and 25 percent on state highway miles in the county to the total state highway miles in County Group No. 2.

(b) Notwithstanding subdivision (a), that portion of the county population and state highway mileage in El Dorado and Placer Counties that is included within the jurisdiction of the Tahoe Regional Planning Agency shall be counted separately toward the area under the jurisdiction of the Tahoe Regional Transportation Agency and shall not be included in El Dorado and Placer Counties. The commission shall approve programs, program amendments, and fund reservations for the area under the jurisdiction of the Tahoe Regional Transportation Agency which shall be calculated using the formula described in paragraph (2) of subdivision (a).

(c) A county board of supervisors or, in Placer and El Dorado Counties, a regional transportation agency designated in Section 29532 of the Government Code, may adopt a resolution to pool its county minimum programming with counties adopting similar resolutions. The resolution shall provide for pooling the county minimum programming in any of the pooling counties for a four-year period and shall be submitted to the commission not later than May 1 immediately preceding the commencement of the four-year period.

(d) For the purposes of this section, "project costs" consist of any of the following:

(1) The amount programmed for right-of-way, adjusted for final estimates in the department's annual right-of-way plans, including

early hardship and protection acquisitions from 1982 or later against the first year in which right-of-way funding is programmed.

(2) The engineer's final estimate of project costs presented to the commission for approval pursuant to Section 14533 of the Government Code.

(3) Project costs shown in the program, as amended where project allocations have not yet been approved by the commission, escalated to the date of scheduled project delivery.

(4) Any preliminary, environmental, design, or construction engineering costs programmed and allocated by the commission to local agencies.

(e) Project costs shall not be changed to reflect actual right-of-way purchase costs or construction contract award amounts, or for changes in construction expenditures.

(f) For funding programmed prior to the 1990 State Transportation Improvement Program, all project costs count in the fiscal year from which the commission allocates funding; for funding programmed by the commission in the 1990 State Transportation Improvement Program and subsequently, all project costs count at the original year of commission programming, regardless of subsequent changes in schedule of project delivery. The commission may designate in a program the split funding of projects, with specified amounts or percentages of the project's cost to be assigned to separate years or four-year periods. Nevertheless, additional funding programmed by the commission to cover a cost increase greater than 120 percent of a project's base cost pursuant to paragraph (1) of subdivision (f) of Section 14529 of the Government Code shall be counted in the fiscal year from which the commission programs the additional funding, and any supplemental allocation of funds by commission vote shall be counted in the year that vote occurs.

(g) For the purpose of this section, the population in each county is that determined by the last preceding federal census, or a subsequent census validated by the Population Research Unit of the Department of Finance, at the beginning of each four-year period.

(h) For the purpose of this section, "state highway miles" means the miles of state highways open to vehicular traffic at the beginning of each four-year period.

(i) It is the intent of the Legislature that there is to be flexibility in programming under this section and Section 188 so that, while ensuring that each county will receive an equitable share of state dollars, the types of projects selected and the programs from which they are funded may vary from county to county.

SEC. 3.1. Section 2104 of the Streets and Highways Code is amended to read:

2104. A sum equal to the net revenue derived from a per gallon tax of 2.035 cents ($0.02035) under the Motor Vehicle Fuel License Tax Law (Part 2 (commencing with Section 7301) of Division 2 of the

Revenue and Taxation Code), and 1.80 cents ($0.0180) under the Use Fuel Tax Law (Part 3 (commencing with Section 8601) of that division), shall be apportioned among the counties, as follows:

(a) Each county shall be paid one thousand six hundred sixty-seven dollars ($1,667) during each calendar month, which amount shall be expended exclusively for engineering costs and administrative expenses with respect to county roads.

(b) A sum equal to the total of all reimbursable snow removal or snow grooming, or both, costs filed pursuant to subdivision (d) of Section 2152, or five million five hundred thousand dollars ($5,500,000), whichever is less, shall be apportioned in 12 approximately equal monthly apportionments for snow removal or snow grooming, or both, on county roads, as provided in Section 2110.

(c) A sum equal to five hundred thousand dollars ($500,000) shall be apportioned in 12 approximately equal monthly apportionments, as provided in Section 2110.5.

(d) Seventy-five percent of the funds payable under this section shall be apportioned among the counties monthly in the respective proportions that the number of fee-paid and exempt vehicles which are registered in each county bears to the total number of fee-paid and exempt vehicles registered in the state.

For purposes of apportionment under this subdivision, the Department of Motor Vehicles shall, as soon as possible after the last day of each calendar month, furnish to the Controller a verified statement showing the number of fee-paid and exempt vehicles which are registered in each county and in the state as of the last day of each calendar month as reflected by the records of the Department of Motor Vehicles.

(e) Of the remaining money payable, there shall be paid to each eligible county an amount monthly computed, as follows: The number of miles of maintained county roads in each county shall be multiplied by sixty dollars ($60); from the resultant amount, there shall be deducted the amount received by each county under subdivision (d) and the remainder, if any, shall be paid to each county.

(f) The remaining money payable, after the foregoing apportionments, shall be apportioned among the counties in the same proportion as the money referred to in subdivision (d).

SEC. 4. Section 2110 of the Streets and Highways Code is amended to read:

2110. (a) The moneys payable to the counties under subdivision (b) of Section 2104 shall be apportioned monthly among the several counties as follows:

(1) A sum equal to the total of all reimbursable snow removal costs filed pursuant to subdivision (d) of Section 2152, or five million five hundred thousand dollars ($5,500,000), whichever is less, shall be apportioned in 12 approximately equal monthly apportionments for snow removal or snow grooming, or both, on county roads as follows:

(2) If the total is less than five million five hundred thousand dollars ($5,500,000), the full amount of reimbursable snow removal or snow grooming, or both, costs shall be apportioned to the several counties in an amount equal to that computed pursuant to the report filed by each county pursuant to subdivision (d) of Section 2152.

(3) If the total is five million five hundred thousand dollars ($5,500,000) or more for the fiscal year, the Controller shall compute percentages for the apportionment of five million five hundred thousand dollars ($5,500,000) to the several counties in the state for snow removal or snow grooming, or both, on county roads, including the purchase of snow removal equipment therefor, and shall apportion the amount to the counties in the computed percentages. The percentage each county is to be apportioned during the fiscal year shall be derived by adding its reimbursable snow removal or snow grooming, or both, expenditures for the three preceding fiscal years as to which the Controller has received snow removal or snow grooming, or both, expenditure reports pursuant to Section 2152, and dividing the sum by the total amount of reimbursable snow removal or snow grooming, or both, expenditures by all counties in the state during those fiscal years.

(b) On or before the first day of March of each year, the Controller shall notify each county of the amount apportioned to it pursuant to this section for expenditure for snow removal or snow grooming, or both, on county roads during the following fiscal year.

SEC. 5. Section 2152 of the Streets and Highways Code is amended to read:

2152. The report shall contain the following:

(a) A detailed statement of all money available from all sources during the fiscal year covered by the report, including money made available by the United States, the state, the county or city, any other governmental agency, and money available from bond issues, special assessments, or from any other source whatever for expenditure for street or road purposes.

(b) A detailed statement of all expenditures during the fiscal year covered by the report for street or road purposes, including obligations incurred but not yet paid. The statement shall be broken down into expenditure categories,, including, but not limited to, expenditures for rights-of-way or other property, new construction, reconstruction, widening, resurfacing, maintenance, repair, and acquisition and maintenance of equipment.

The State Controller, with the advice of the department, may prescribe any other expenditure categories and may require any detail that may be deemed necessary by him or her fully to disclose the nature and extent of all financial transactions by the county or city relating to streets or roads.

(c) A detailed statement of all expenditures during the fiscal year covered by the report for snow removal or snow grooming, or both, including expenditures of money apportioned pursuant to Section

2107 or 2110. The statement shall include equipment costs in connection with snow removal or snow grooming, or both, on an hourly rental basis or on any other annual basis that the State Controller may require.

(d) In addition, the county shall compute its reimbursable snow removal costs. The reimbursable snow removal or snow grooming, or both, costs shall be in an amount equal to 80 percent of the expenditures described in subdivision (c) that are in excess of five thousand dollars ($5,000).

(e) For purposes of this section, "snow grooming" is a method whereby snow is packed down into a hard surface in order to facilitate transportation by snowmobiles or other vehicles modified or accustomed to traveling on packed snow or ice, or both.

(e) An applicant's social security account number shall not be included by the department on any driver's license, identification card, registration, certificate of title, or any other document issued by the department.

(f) Notwithstanding any other provision of law, information regarding an applicant's social security account number, obtained by the department pursuant to this section, is not a public record and shall not be disclosed by the department except for any of the following purposes:

(1) Responding to a request for information from an agency operating pursuant to, and carrying out the provisions of, Part A (Aid to Families with Dependent Children), or Part D (Child Support and Establishment of Paternity), of Subchapter IV of Chapter 7 of Title 42 of the United States Code.

(2) Implementation of Section 12419.10 of the Government Code.

All abstracts of accident reports shall be available to law enforcement agencies and courts of competent jurisdiction.

(b) The department shall make available or disclose abstracts of convictions and abstracts of accident reports required to be sent to the department in Sacramento, as described in subdivision (a), if the date of the occurrence is not later than the following:

(1) Seven years for any violation designated as two points pursuant to Section 12810.

(2) Three years for accidents and all other violations.

(c) The department shall make available or disclose suspensions and revocations of the driving privilege while the suspension or revocation is in effect and for three years following termination of the action or reinstatement of the privilege, except that drivers license suspension actions taken pursuant to Sections 13202.6 and 13202.7, or Section 256 or 11350.6 of the Welfare and Institutions Code shall be disclosed only during the actual time period in which the suspension is in effect.

(d) The department shall not make available or disclose any suspension or revocation that has been judicially set aside or stayed.

(e) The department shall not make available or disclose personal information about any person unless the disclosure is in compliance with the Driver's Privacy Protection Act of 1994 (18 U.S.C. Sec. 2721 et seq.).

SEC. 8. Section 1810 of the Vehicle Code is amended to read:

1810. (a) Except as provided in Sections 1806.5, 1808.2, 1808.4, 1808.5, 1808.7, and 1808.8, the department may permit inspection of, or sell, or both, information from its records concerning the registration of any vehicle or information from the files of drivers' licenses at a charge sufficient to pay the actual cost to the department for providing the inspection or sale of the information, including, but not limited to, costs incurred by the department in carrying out subdivision (b), with the charge for the information to be determined by the director. This section does not apply to statistical information of the type previously compiled and distributed by the department.

(b) With respect to the inspection or sale of information concerning the registration of any vehicle or of information from the files of drivers' licenses, the department shall, by regulation, establish administrative procedures under which any person making a request

for that information shall be required to identify himself or herself and state the reason for making the request. The procedures shall provide for the verification of the name and address of the person making a request for the information, and the department may require the person to produce that information as it determines is necessary in order to ensure that the name and address of the person are his or her true name and address. The procedures may provide for a 10-day delay in the release of the requested information. The procedures shall also provide for notification to the person to whom the information primarily relates, as to what information was provided and to whom it was provided. The department shall, by regulation, establish a reasonable period of time for which a record of all the foregoing shall be maintained.

The procedures required by this subdivision do not apply to any governmental entity, any person who has applied for and has been issued a requester code by the department, or any court of competent jurisdiction.

(c) With respect to the inspection or sale of information from the files of drivers' licenses, the department may require both the full name of the driver and either the driver's license number or date of birth as identifying points of the record, except that the department may disclose a record without two identifying points if the department determines that the public interest in disclosure outweighs the public interest in personal privacy.

(d) With respect to the inspection or sale of information from the files of drivers' licenses, certificates of ownership, and registration cards, the department shall not, for a fee or otherwise, allow copying by the public.

SEC. 9. Section 4000.37 of the Vehicle Code is amended to read:

(d) This section shall remain in effect only until January 1, 2000, or until the date determined by the director pursuant to paragraph (2) of subdivision (a) of Section 1680, whichever is later, and as of that date is repealed, unless a later enacted statute, which is enacted on or before January 1, 2000, deletes or extends that date.

SEC. 10. Section 11704.5 of the Vehicle Code is amended to read:

11704.5. (a) Commencing January 1, 1998, except as provided in subdivision (d), every person who applies for a dealer's license pursuant to Section 11701 shall be required to take and successfully complete a written examination prepared and administered by the department before a license may be issued. SEC. 11. Section 27314.5 of the Vehicle Code is amended to read:

27314.5. (a) (1) Subject to paragraph (3), no dealer shall sell or offer for sale any used passenger vehicle of a model year of 1972 to 1990, inclusive, unless there is affixed to the window of the left front door or, if there is no window, to another suitable location so that it may be seen and read by a person standing outside the vehicle at that location, a notice, printed in 14-point type, which reads as follows:

"WARNING: While use of all seat belts reduces the chance of ejection, failure to install and use shoulder harnesses with lap belts can result in serious or fatal injuries in some crashes. Lap-only belts increase the chance of head and neck injury by allowing the upper torso to move unrestrained in a crash and increase the chance of spinal column and abdominal injuries by concentrating excessive force on the lower torso. Because children carry a disproportionate amount of body weight above the waist, they are more likely to sustain those injuries. Shoulder harnesses may be available that can be retrofitted in this vehicle. For more information call the Auto Safety Hotline at 1-800-424-9393."

(2) The notice shall remain affixed to the vehicle pursuant to paragraph (1) at all times that the vehicle is for sale.

(3) The notice is not required to be affixed to any vehicle equipped with both a lap belt and a shoulder harness for the driver and one passenger in the front seat of the vehicle and for at least two passengers in the rear seat of the vehicle.

(b) (1) In addition to the requirements of subdivision (a), and subject to paragraph (3) and subdivision (c), the dealer shall affix, to one rear seat lap belt buckle of every used passenger vehicle of a model year of 1972 to 1990, inclusive, that has a rear seat, a notice, printed in 10-point type, that reads as follows:

"WARNING: While use of all seat belts reduces the chance of ejection, failure to install and use shoulder harnesses with lap belts can result in serious or fatal injuries in some crashes. Shoulder harnesses may be available that can be retrofitted in this vehicle. For more information, call the Auto Safety Hotline at 1-800-424-9393."

(2) The notice shall remain affixed to the vehicle pursuant to paragraph (1) at all times that the vehicle is for sale.

(3) The message is not required to be affixed to any vehicle either equipped with both a lap belt and a shoulder harness for at least two passengers in the rear seat or having no rear seat lap belts.

(c) A dealer is not in violation of subdivision (b) unless a private nonprofit entity has furnished a supply of the appropriate notices suitable for affixing as required free of charge or, having requested a resupply of notices, has not received the resupply.

(d) The department shall furnish, to a nonprofit private entity for purposes of this section, for a fee not to exceed its costs in so furnishing, at least once every six months, a list of all licensed dealers who sell used passenger vehicles.

SEC. 12. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 620

An act to amend Section 15619 of the Government Code, and to amend Sections 6203, 7102, 8255, 8651.7, 9255, 30179, 30366, 30455,

32405, 40116, 43455, 45655, 46506, 46751, 50142.1, 50161, 55225, 60120, 60121, 60361, 60524, 60608, and 60609 of, to add Sections 7204.5, 9255.1, 50162, and 60105 to, and to repeal Sections 60104 and 60709 of, the Revenue and Taxation Code, and to amend Sections 2104, 2105, and 2107 of the Streets and Highways Code, relating to taxation.

[Approved by Governor October 2, 1997. Filed with Secretary of State October 3, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 15619 of the Government Code is amended to read:

15619. Any member or ex-member of the State Board of Equalization, or any agent employed by it, or the Controller, or ex-Controller, or any person employed by him or her, or any person who has at any time obtained such knowledge from any of the foregoing officers or persons shall not divulge or make known in any manner not provided by law, any of the following items of information concerning the business affairs of companies reporting to the board:

(a) Any information concerning the business affairs of any company that is gained during an examination of its books and accounts or in any other manner, and is not required by law to be reported to the State Board of Equalization.

(b) Any information, other than the assessment and the amount of taxes levied, obtained by the State Board of Equalization in accordance with law from any company other than one concerning which that information is required by law to be made public.

(c) Any particular item of information relating to the disposition of its earnings contained in the report of a quasi-public corporation that the corporation, by written communication specifying the items and presented at the time when it files its report, requests shall be treated as confidential.

Nothing in this section shall be construed as preventing examination of these records and reports by law enforcement agencies, grand juries, boards of supervisors, or their duly authorized agents, employees or representatives conducting an investigation of an assessor's office pursuant to Section 25303, and other duly authorized legislative or administrative bodies of the state pursuant to their authorization to examine these records.

Successors, receivers, trustees, executors, administrators, assignees, and guarantors, if directly interested, may be given information as to the items included in the measure and amounts of any unpaid tax or amounts of tax required to be collected, interest, and penalties.

The Governor may authorize examination of these reports by other state officers. In that event the information obtained by these persons

shall not be made public. The Governor, however, may direct that any of the information referred to in this section shall be made public.

Any violation of this section is a misdemeanor and punishable by a fine not to exceed one thousand dollars ($1,000), or by imprisonment not to exceed six months, or both, at the discretion of the court.

SEC. 2. Section 6203 of the Revenue and Taxation Code is amended to read:

6203. Except as provided by Sections 6292 and 6293, every retailer engaged in business in this state and making sales of tangible personal property for storage, use, or other consumption in this state, not exempted under Chapter 3.5 (commencing with Section 6271) or Chapter 4 (commencing with Section 6351), shall, at the time of making the sales or, if the storage, use, or other consumption of the tangible personal property is not then taxable hereunder, at the time the storage, use, or other consumption becomes taxable, collect the tax from the purchaser and give to the purchaser a receipt therefor in the manner and form prescribed by the board.

As respects leases constituting sales of tangible personal property, the tax shall be collected from the lessee at the time amounts are paid by the lessee under the lease.

"Retailer engaged in business in this state" as used in this section and Section 6202 means and includes any of the following:

(a) Any retailer maintaining, occupying, or using, permanently or temporarily, directly or indirectly, or through a subsidiary, or agent, by whatever name called, an office, place of distribution, sales or sample room or place, warehouse or storage place, or other place of business.

(b) Any retailer having any representative, agent, salesperson, canvasser, independent contractor, or solicitor operating in this state under the authority of the retailer or its subsidiary for the purpose of selling, delivering, installing, assembling, or the taking of orders for any tangible personal property.

(c) As respects a lease, any retailer deriving rentals from a lease of tangible personal property situated in this state.

(d) Any retailer soliciting orders for tangible personal property by means of a telecommunication or television shopping system (which utilizes toll-free numbers) which is intended by the retailer to be broadcast by cable television or other means of broadcasting, to consumers located in this state.

(e) (1) Any retailer soliciting orders for tangible personal property by mail if the solicitations are substantial and recurring and if the retailer benefits from any banking, financing, debt collection, telecommunication, or marketing activities occurring in this state or benefits from the location in this state of authorized installation, servicing, or repair facilities.

(2) This subdivision shall become operative upon the enactment of any congressional act that authorizes states to compel the collection of state sales and use taxes by out-of-state retailers.

(f) Any retailer having a franchisee or licensee operating under its trade name if the franchisee or licensee is required to collect the tax under this section.

(g) Notwithstanding Section 7262, a retailer specified in subdivision (d), (e), or (f) above, and not specified in subdivision (a), (b), or (c) above, is a "retailer engaged in business in this state" for the purposes of this part and Part 1.5 (commencing with Section 7200) only.

(h) (1) For purposes of this section, "engaged in business in this state" does not include the taking of orders from customers in this state through a computer telecommunications network located in this state which is not directly or indirectly owned by the retailer when the orders result from the electronic display of products on that same network. The exclusion provided by this subdivision shall apply only to a computer telecommunications network that consists substantially of on-line communications services other than the displaying and taking of orders for products.

(2) This subdivision shall become inoperative upon the earlier of the following dates:

(A) The operative date of provisions of a congressional act that authorize states to compel the collection of state sales and use taxes by out-of-state retailers.

(a) (1) All revenues, less refunds, derived under this part at the 4 3/4-percent rate, including the imposition of sales and use taxes with respect to the sale, storage, use, or other consumption of motor vehicle fuel which would not have been received if the sales and use tax rate had been 5 percent and if motor vehicle fuel, as defined for purposes of the Motor Vehicle Fuel License Tax Law (Part 2 (commencing with Section 7301)), had been exempt from sales and use taxes, shall be estimated by the State Board of Equalization, with the concurrence of the Department of Finance, and shall be transferred quarterly to the Transportation Planning and Development Account, a trust fund in the State Transportation Fund.

(2) All revenues, less refunds, derived under this part at the 4 3/4-percent rate, resulting from increasing after December 31, 1989, the rate of tax imposed pursuant to the Motor Vehicle Fuel License

Tax Law on motor vehicle fuel, as defined for purposes of that law, shall be transferred quarterly to the Transportation Planning and Development Account, a trust fund in the State Transportation Fund.

In the year a vehicle is added, the annual flat rate fuel tax for that vehicle shall be calculated by dividing the fee set forth in subdivision (a) by 12 and multiplying the resulting amount by the number of months remaining before the beginning of the next annual period.

(b) The amount of the penalty for each violation specified in subdivision (a) is ten dollars ($10) for every gallon of diesel fuel involved or one thousand dollars ($1,000), whichever is greater. The penalty shall be increased for subsequent violations by multiplying the penalty amount by the number of prior violations.

However, where the board determines that the failure to secure a license was due to reasonable cause, the penalty may be waived. Sections 60331 and 60332 shall be applicable with respect to the finality of the determination and the right of the unlicensed person to petition for a redetermination.

Any person seeking to be relieved of the penalty shall file with the board a statement under penalty of perjury setting forth the facts upon which he or she bases the claim for relief.

(b) In any case where the board does not determine an amount of tax due, the unlicensed person shall be subject to a penalty of one

hundred dollars ($100), which penalty shall be immediately due and payable. Each subsequent violation shall increase the penalty amount by one hundred dollars ($100), up to a maximum penalty of five hundred dollars ($500). The board shall serve the person with a notice of penalty assessment in the manner prescribed by Section 60340 for service of notice of a deficiency determination. SEC. 27. Section 60608 of the Revenue and Taxation Code is amended to read:

60608. (a) Upon request from the officials to whom is entrusted the enforcement of the motor fuel tax laws of another government, the board may furnish to those officials the information in the possession of the board that is deemed essential to the enforcement of the motor fuel tax laws.

Successors, receivers, trustees, executors, administrators, assignees, and guarantors, if directly interested, may be given information as to the items included in the measure and amounts of any unpaid tax or amounts of tax required to be collected, interest, and penalties.

CHAPTER 621

An act to amend Section 6203 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor October 2, 1997. Filed with Secretary of State October 3, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 6203 of the Revenue and Taxation Code is amended to read:

6203. (a) Except as provided by Sections 6292 and 6293, every retailer engaged in business in this state and making sales of tangible personal property for storage, use, or other consumption in this state, not exempted under Chapter 3.5 (commencing with Section 6271) or Chapter 4 (commencing with Section 6351), shall, at the time of making the sales or, if the storage, use, or other consumption of the tangible personal property is not then taxable hereunder, at the time the storage, use, or other consumption becomes taxable, collect the tax from the purchaser and give to the purchaser a receipt therefor in the manner and form prescribed by the board.

(b) As respects leases constituting sales of tangible personal property, the tax shall be collected from the lessee at the time amounts are paid by the lessee under the lease.

(c) "Retailer engaged in business in this state" as used in this section and Section 6202 means and includes any of the following:

(1) Any retailer maintaining, occupying, or using, permanently or temporarily, directly or indirectly, or through a subsidiary, or agent, by whatever name called, an office, place of distribution, sales or sample room or place, warehouse or storage place, or other place of business.

(2) Any retailer having any representative, agent, salesperson, canvasser, independent contractor, or solicitor operating in this state under the authority of the retailer or its subsidiary for the purpose of

selling, delivering, installing, assembling, or the taking of orders for any tangible personal property.

(4) Any retailer soliciting orders for tangible personal property by means of a telecommunication or television shopping system (which utilizes toll free numbers) which is intended by the retailer to be broadcast by cable television or other means of broadcasting, to consumers located in this state.

(5) Any retailer who, pursuant to a contract with a broadcaster or publisher located in this state, solicits orders for tangible personal property by means of advertising that is disseminated primarily to consumers located in this state and only secondarily to bordering jurisdictions.

(6) (A) Any retailer soliciting orders for tangible personal property by mail if the solicitations are substantial and recurring and if the retailer benefits from any banking, financing, debt collection, telecommunication, or marketing activities occurring in this state or benefits from the location in this state of authorized installation, servicing, or repair facilities.

SEC. 2. Notwithstanding Section 2230 of the Revenue and Taxation Code, no appropriation is made by this act and the state shall not reimburse any local agency for any sales and use tax revenues lost by it under this act.

No allocation for right-of-way acquisition or construction shall be made until the completion of the environmental studies and the selection of a preferred alternative.

(d) The commission shall adopt and submit to the Legislature and the Governor, not later than June 1, 1998, and April 1 of each even-numbered year thereafter, a state transportation improvement program. The program shall cover a period of four years, beginning July 1 of the year it is adopted, and shall be a statement of intent by the commission for the allocation or expenditure of funds during those four years. The program shall include projects which are expected to receive funds prior to July 1 of the year of adoption, but for which the commission has not yet allocated funds.

(h) The commission shall incorporate projects that are included in the regional improvement program and are to be funded with regional improvement funds, unless the commission finds that the regional transportation improvement program is not consistent with the guidelines adopted by the commission or is not a cost-effective expenditure of state funds, in which case the commission may reject the regional transportation improvement program in its entirety. The finding shall be based on an objective analysis, including, but not limited to, travel forecast, cost, and air quality. The commission shall hold a public hearing in the affected county or region prior to rejecting the program, or not later than 60 days after rejecting the program. When a regional transportation improvement program is rejected, the regional entity may submit a new regional transportation improvement program for inclusion in the state transportation improvement program. The commission shall not reject a regional transportation improvement program unless, not later than 60 days after the date it received the program, it provided notice to the affected agency that specified the factual basis for its proposed action.

(i) A project may be funded with more than one of the program categories listed in Section 164 of the Streets and Highways Code.

(j) Notwithstanding any other provision of law, no local or regional matching funds shall be required for projects that are included in the state transportation improvement program.

(k) The commission may include a project recommended by a regional transportation planning agency or county transportation commission pursuant to subdivision (c) of Section 14527, if the commission makes a finding, based on an objective analysis, that the recommended project is more cost-effective than a project submitted by the department pursuant to Section 14526.

182.5. (a) It is the intent of the Legislature that the transition to the new programs and procedures established in the bill enacting this section shall be fair and equitable and minimize disruptions in the delivery of projects. With specific reference to the transition from county minimums to county shares for regional improvement, no

project should be counted twice, no project that would be counted under either the old or new procedures should escape being counted in the transition, shares should be sufficient to fund projects programmed in the 1996 State Transportation Improvement Program for the same period, no incentive or reward should be provided for delaying a project, and no incentive or reward should be provided for allocating funds to a project earlier than the year in which the funds are needed for the project.

(b) At the end of the fiscal year ending June 30, 1998, the county minimums and county minimum deficits shall be recalculated under the law as it existed prior to the enactment of the bill adding this section.

(c) Notwithstanding Section 164, there shall be set aside sufficient funding for every project that is included in the 1996 State Transportation Improvement Program. This funding shall be set aside in the fund estimate prior to and in addition to the distribution of funding between programs pursuant to Section 164.

(d) The amount of the cumulative county minimum deficit calculated for any county pursuant to subdivision (b) shall be carried forward as a county share for the 1998 State Transportation Improvement Program, prior to and in addition to the computation of county shares pursuant to subdivision (a) of Section 188.8.

(e) The commission shall not allocate funds for any project unless the commission has programmed the state transportation improvement program in a manner that complies with the requirements of Sections 188, 188.8, and 188.10.

(f) Notwithstanding subdivision (a), for a county within the region defined by Section 66502 of the Government Code where funds were traded in the 1996 State Transportation Improvement Program to another county in that region, the county share for that county for the 1998 State Transportation Improvement Program shall be increased by the amount of the trade in the 1996 State Transportation Improvement Program, as if the share were a county minimum deficit under subdivision (d).

(g) In adopting the 1998 State Transportation Improvement Program, the commission shall, at a minimum, fund all intercity rail projects that are included in the adopted 1996 State Transportation Improvement Program. The amount of funds programmed for each project shall not be less than the amount in the 1996 State Transportation Improvement Program.

(h) The commission, after consulting with the department and the regional planning agencies, shall adopt interim guidelines and procedures relative to fund estimates and project selection in a manner that the first state transportation improvement program, pursuant to the provisions of the act adding this section, is adopted not later than June 1, 1998.

SEC. 58. Section 182.8 of the Streets and Highways Code is repealed.

SEC. 59. Section 188 of the Streets and Highways Code is amended to read:

188. (a) All federal and state funds to be allocated by the commission, or expended by the department, for transportation improvements under Section 164, except for purposes of subdivisions (b) and (c) of that section, shall be programmed during the period commencing on July 1, 1997, and ending on June 30, 2004, and for each four-year period thereafter, 40 percent in County Group No. 1 and 60 percent in County Group No. 2.

(b) This section shall be known and may be cited as the Barnes-Mills-Walsh formula.

SEC. 60. Section 188.8 of the Streets and Highways Code is amended to read:

188.8. (a) From the funds programmed pursuant to Section 188 for regional improvement projects, the commission shall approve programs and program amendments, so that funding is distributed to each county of County Group No. 1 and in each county of County Group No. 2 during the county share periods commencing July 1, 1997, and ending June 30, 2004, and each period of four years thereafter. The amount shall be computed as follows:

(1) The commission shall compute, for the county share periods all of the money to be expended for regional improvement projects in County Groups Nos. 1 and 2, respectively, as provided in Section 188.

(2) From the amount computed for County Group No. 1 in paragraph (1) for the county share periods the commission shall determine the amount of programming for each county in the group based on a formula which is based 75 percent on the population of the county to the total population of County Group No. 1 and 25 percent on state highway miles in the county to the total state highway miles in County Group No. 1.

(3) From the amount computed for County Group No. 2 in paragraph (1) for the county share periods the commission shall determine the amount of programming for each county in the group based on a formula which is based 75 percent on the population of the county to the total population of County Group No. 2 and 25 percent on state highway miles in the county to the total state highway miles in County Group No. 2.

(b) Notwithstanding subdivision (a), that portion of the county population and state highway mileage in El Dorado and Placer Counties that is included within the jurisdiction of the Tahoe Regional Planning Agency shall be counted separately toward the area under the jurisdiction of the Tahoe Regional Transportation Agency and shall not be included in El Dorado and Placer Counties. The commission shall approve programs, program amendments, and fund reservations for the area under the jurisdiction of the Tahoe Regional Transportation Agency which shall be calculated using the formula described in paragraph (2) of subdivision (a).

(c) A transportation planning agency designated pursuant to Section 29532 of the Government Code, or a county transportation commission created by Division 12 (commencing with Section 130000) of the Public Utilities Code, may adopt a resolution to pool its county share programming with any county or counties adopting similar resolutions to consolidate its county shares for two consecutive county share periods into a single share covering both periods. A multicounty transportation planning agency with a population of less than three million may also adopt a resolution to pool the share of any county or counties within its region. The resolution shall provide for pooling the county share programming in any of the pooling counties for the new single share period and shall be submitted to the commission not later than May 1 immediately preceding the commencement of the county share period.

(d) For the purposes of this section, funds programmed shall include the following costs pursuant to subdivision (b) of Section 14529 of the Government Code:

(1) The amounts programmed or budgeted for both components of project development in the original programmed year.

(2) The amount programmed for right-of-way in the year programmed in the most recent state transportation improvement program. If the final estimate is greater than 120 percent of the amount originally programmed, the amount shall be adjusted for final expenditure estimates at the time of right-of-way certification.

(3) The engineer's final estimate of project costs, including construction engineering, presented to the commission for approval pursuant to Section 14533 of the Government Code in the year programmed in the most recent state transportation improvement program.

(4) Project costs shown in the program, as amended, where project allocations have not yet been approved by the commission, escalated to the date of scheduled project delivery.

(e) Project costs shall not be changed to reflect any of the following:

(1) Differences that are within 20 percent of the amount programmed for actual project development cost.

(2) Actual right-of-way purchase costs.

(3) Construction contract award amounts.

(4) Changes in construction expenditures.

(f) For the purposes of this section, the population in each county is that determined by the last preceding federal census, or a subsequent census validated by the Population Research Unit of the Department of Finance, at the beginning of each county share period.

(g) For the purposes of this section, "state highway miles" means the miles of state highways open to vehicular traffic at the beginning of each county share period.

(h) It is the intent of the Legislature that there is to be flexibility in programming under this section and Section 188 so that, while ensuring that each county will receive an equitable share of state transportation improvement program funding, the types of projects selected and the programs from which they are funded may vary from county to county.

(i) Commencing with the four-year period commencing on July 1, 2004, individual county share shortfalls and surpluses at the end of each four-year period, if any, shall be carried forward and credited or debited to the following four years.

(j) The commission, with the consent of the department, may consider programming projects in the state transportation improvement program in a region with a population of not more than 1,000,000 at a level higher or lower than a county share, when the regional agency either asks to reserve part or all of its share until a future programming year, to build up a larger share for a higher cost project, or asks to advance an amount of the share, in an amount not to exceed 200 percent of its current share, for a larger project, to be deducted from shares for future programming years. After consulting with the department, the commission may adjust the level of programming in the regional program in the affected region against the level of interregional programming in the improvement program to accomplish the reservation or advancement, for the current state transportation improvement program. The commission shall keep track of any resulting shortfalls or surpluses in county shares.

(k) Notwithstanding subdivision (a), in a region defined by Section 66502 of the Government Code, the transportation planning agency may adopt a resolution to pool the county share of any county or counties within the region, provided that each county shall receive no less than 85 percent and not more than 115 percent of its county share for a single county share period and 100 percent of its county share over two consecutive county share periods. The resolution shall be submitted to the commission not later than May 1, immediately preceding the commencement of the county share period.

(*l*) Federal funds used for federal demonstration projects that use federal funds that would otherwise be available to the state shall be subtracted from the county share of the county where the project is located.

SEC. 61. Section 188.9 of the Streets and Highways Code is repealed.

SEC. 62. Section 188.10 is added to the Streets and Highways Code, to read:

188.10. (a) The commission, with assistance from the department and regional agencies, shall maintain a long-term balance of shares, shortfalls, and surpluses for regional improvement programs.

(b) The balance shall include all of the following:

(1) Shares from the fund estimate for each state transportation improvement program pursuant to Section 14525 of the Government Code.

(2) Amounts programmed in each state transportation improvement program pursuant to Section 14529 of the Government Code.

(3) Surpluses or shortfalls due to reservations or advancements pursuant to subdivision (i) of Section 188.8.

(4) Amounts deducted or added because of changes in project development costs or a cost increase or savings in the final engineering estimate or the final right-of-way certification estimate at the time of allocation for construction, pursuant to subdivisions (d) and (e) of Section 188.8.

(5) Any supplemental project allocations during or following construction.

(6) Amounts deducted or added because of amendments to the state transportation improvement program that add, delete, or change the scope and cost of regional improvement projects, pursuant to Section 14531 of the Government Code.

(c) The balance through the preceding fiscal year shall be made available for review by all regional agencies at the time of each fund estimate, and by not later than August 15 of each year.

(d) The commission, through the fund estimate, shall restore for the next state transportation improvement program the interregional improvement program level specified in subdivision (a) of Section 164.

(C) The project is not receiving any other state funds.

(D) The applicant has completed, or is capable of completing, all project development work so that the contracts for the project can be awarded within two years of the date that the project was submitted to the department pursuant to subdivision (a) of Section 2602.

(3) (A) If the total state share for eligible projects exceeds the amount specified in the Governor's proposed budget, the department shall compute the preliminary pro rata share of state funds to be available so that each eligible project would receive the same ratio of state share to local share. Not later than April 1 of the following year, the department shall advise the applicants of the preliminary pro rata share of state funds to be available.

(B) Not later than June 15 of the following year, each applicant shall inform the department whether or not it can proceed with the project with the lower state share and meet the project development completion requirements specified in subparagraph (D) of paragraph (2) of subdivision (a) of Section 2601.

(C) Upon the enactment of the annual Budget Act, the department shall compile a new list of eligible projects consisting of those projects that were included in the original list that the applicant has indicated it can proceed with a lower state share and for which the applicant has indicated it can still meet the delivery requirements pursuant to subparagraph (D) of paragraph (2) of subdivision (a) of Section 2601.

(D) Based on the amount of the appropriation contained in the annual Budget Act, the department shall compute the final pro rata state share so that each project on the new list would receive the same ratio of state share to local share.

(E) Within 30 days of the enactment of the annual Budget Act, the department shall report to the Legislature on the projects being funded through this program and the ratio of state share to local share.

(4) The Legislature intends to appropriate two hundred fifty million dollars ($250,000,000) by June 30, 1990, two hundred fifty million dollars ($250,000,000) by June 30, 1991, and two hundred million dollars ($200,000,000) by June 30 of each year thereafter for this program.

(2) The department shall recompute the pro rata share of state funding for projects that remain on the list on August 1, 1990, based upon the amount appropriated for the program for the 1990–91 fiscal year, so that each eligible project will receive the same ratio of state share to local share.

(b) Records pertaining to pending litigation to which the public agency is a party, or to claims made pursuant to Division 3.6 (commencing with Section 810), until the pending litigation or claim has been finally adjudicated or otherwise settled.

(c) Personnel, medical, or similar files, the disclosure of which would constitute an unwarranted invasion of personal privacy.

However, nothing in this division shall require the disclosure of that portion of those investigative files that reflect the analysis or conclusions of the investigating officer.

Other provisions of this subdivision notwithstanding, state and local law enforcement agencies shall make public the following information, except to the extent that disclosure of a particular item of information would endanger the safety of a person involved in an investigation or would endanger the successful completion of the investigation or a related investigation:

(1) The full name and occupation of every individual arrested by the agency, the individual's physical description including date of

birth, color of eyes and hair, sex, height and weight, the time and date of arrest, the time and date of booking, the location of the arrest, the factual circumstances surrounding the arrest, the amount of bail set, the time and manner of release or the location where the individual is currently being held, and all charges the individual is being held upon, including any outstanding warrants from other jurisdictions and parole or probation holds.

(2) Subject to the restrictions imposed by Section 841.5 of the Penal Code, the time, substance, and location of all complaints or requests for assistance received by the agency and the time and nature of the response thereto, including, to the extent the information regarding crimes alleged or committed or any other incident investigated is recorded, the time, date, and location of occurrence, the time and date of the report, the name and age of the victim, the factual circumstances surrounding the crime or incident, and a general description of any injuries, property, or weapons involved. The name of a victim of any crime defined by Section 220, 261, 262, 264, 264.1, 273a, 273d, 273.5, 286, 288, 288a, 289, 422.6, 422.7, 422.75, or 646.9 of the Penal Code may be withheld at the victim's request, or at the request of the victim's parent or guardian if the victim is a minor. When a person is the victim of more than one crime, information disclosing that the person is a victim of a crime defined by Section 220, 261, 262, 264, 264.1, 273a, 273d, 286, 288, 288a, 289, 422.6, 422.7, 422.75, or 646.9 of the Penal Code may be deleted at the request of the victim, or the victim's parent or guardian if the victim is a minor, in making the report of the crime, or of any crime or incident accompanying the crime, available to the public in compliance with the requirements of this paragraph.

(3) Subject to the restrictions of Section 841.5 of the Penal Code and this subdivision, the current address of every individual arrested by the agency and the current address of the victim of a crime, where the requester declares under penalty of perjury that the request is made for a scholarly, journalistic, political, or governmental purpose, or that the request is made for investigation purposes by a licensed private investigator as described in Chapter 11.3 (commencing with Section 7512) of Division 3 of the Business and Professions Code, except that the address of the victim of any crime defined by Section 220, 261, 262, 264, 264.1, 273a, 273d, 273.5, 286, 288, 288a, 289, 422.6, 422.7, 422.75, or 646.9 of the Penal Code shall remain confidential. Address information obtained pursuant to this paragraph shall not be used directly or indirectly to sell a product or service to any individual or group of individuals, and the requester shall execute a declaration to that effect under penalty of perjury.

However, the law of eminent domain shall not be affected by this provision.

(i) Information required from any taxpayer in connection with the collection of local taxes that is received in confidence and the disclosure of the information to other persons would result in unfair competitive disadvantage to the person supplying the information.

SEC. 2. Part 6.2 (commencing with Section 12693) is added to Division 2 of the Insurance Code, to read:

PART 6.2. HEALTHY FAMILIES

CHAPTER 1. PURPOSE

12693. The Legislature declares all of the following:

(a) Approximately 1.6 million California children, 17 percent of children ages 17 and under, have no health insurance. One in four California children, which is 2.3 million, rely on Medi-Cal for insurance coverage, while just over half of the state's children, 53 percent, have employment-based coverage through a parent.

(b) Most uninsured California children come from low-income families, with nearly 75 percent of uninsured children (1.2 million) living in families with incomes below 200 percent of the federal poverty level. Children whose families earn incomes between 100 and 200 percent of the federal poverty level, an estimated 580,000 children, are among the most vulnerable of populations. Their families make too much money to generally qualify for free Medi-Cal, are employed in working class jobs that typically do not offer insurance, and cannot afford private health insurance. In short, affordability remains a major barrier to obtaining coverage.

(c) Notwithstanding the generally good health of children, health insurance coverage is important to ensure that they receive the health care that is essential to monitor their growth, nutrition, and development and to address potential health problems early.

(d) Lack of insurance coverage for children results in reduced access to medical services, resulting in restricted access to primary and preventive care and increased reliance on emergency rooms and hospitals for treatment. Timely treatment for infectious and chronic diseases can prevent more serious medical conditions in children of all ages.

(e) When a child is seriously ill or injured, the costs of needed medical care can force families into financial ruin.

(f) That by July 1, 1998, there shall be in place a program providing access to health coverage to all children residing in households with family incomes below 200 percent of the federal poverty level.

(g) It is the intent of the Legislature that the program comply with the requirements of Title XXI of the Social Security Act, also know as the State Children's Health Insurance Program.

Those entities undertaking outreach efforts shall not include as part of their responsibilities the selection of a health plan and provider for the applicant. Participating plans shall be prohibited from directly, indirectly, or through their agents conducting in-person, door-to-door, mail, or phone solicitation of applicants for enrollment except through employers with employees eligible to participate in the purchasing credit mechanism. However, information approved by the board on the providers and plans available to prospective subscribers in their geographic areas shall be distributed through any door-to-door activities for potentially eligible applicants and their children.

12693.33. To the extent feasible and permissible under federal law and with receipt of necessary federal approvals, the State Department of Health Services and the board shall develop a joint Medi-Cal and program application and enrollment form for children. In their application to the program, those entities shall provide assurance of their standing with the appropriate licensing entity.

(c) Local initiatives that have a contract with the State Department of Health Services, and that contract with the program, and that are licensed by the Department of Corporations but do not have a commercial license from the Department of Corporations, may contract with the board for a maximum of 18 months. During this 18-month period, those plans shall be in good standing with the Department of Corporations and shall demonstrate to the board that they are making a good faith effort to obtain a commercial license with the Department of Corporations. The board may extend this period to 24 months if the board determines the additional time is necessary to comply with this requirement. In their application to the program, those entities shall provide assurance of their standing with the Department of Corporations and shall outline their plans for obtaining commercial licensure.

(d) County organized health systems and the special health care authority established under Section 101675 of the Health and Safety Code that have a contract with the State Department of Health Services, and that contract with the program, and that are not licensed by either the Insurance Commissioner or the Department of Corporations may contract with the board for a maximum of 24 months. During this 24-month period those plans shall be in good standing with the state agency providing oversight to their operations and shall demonstrate to the board that they are making a good faith effort to obtain licensure with the Department of Insurance or the Department of Corporations. In their application to the program, those entities shall provide assurance of their standing with the appropriate state oversight entity and shall outline their plans for obtaining licensure from the Department of Insurance or the Department of Corporations.

12693.37. (a) The board shall contract with a broad range of health plans in an area, if available, to ensure that subscribers have a choice from among a reasonable number and types of competing health plans. The board shall develop and make available objective criteria for health plan selection and provide adequate notice of the application process to permit all health plans a reasonable and fair opportunity to participate. The criteria and application process shall allow participating health plans to comply with their state and federal licensing and regulatory obligations, except as otherwise provided in this chapter. Health plan selection shall be based on the criteria developed by the board.

(b) (1) In its selection of participating plans the board shall take all reasonable steps to assure the range of choices available to each applicant, other than a purchasing credit member, shall include plans that include in their provider networks and have signed contracts with traditional and safety net providers.

(2) Targeted contracting areas are those ZIP Codes or groups of ZIP Codes or census tracts or groups of census tracts that have a percentage of uninsured children in low-income families greater than the overall percentage of uninsured children in low-income families in that county.

(d) In each geographic area, the board shall designate a community provider plan that is the participating health plan which has the highest percentage of traditional and safety net providers in its network. Subscribers selecting such a plan shall be given a family contribution discount as described in Section 12693.43.

The criteria and application process shall allow participating dental and vision plans to comply with their state and federal licensing and regulatory obligations, except as otherwise provided in this part. Dental and vision plan selection shall be based on the criteria developed by the board.

12693.39. The board shall establish a process for determining which employer-sponsored health plans are eligible to receive a purchasing credit issued by the program. The process shall assure that the benefits, copayments, coinsurance, and deductibles are no less than 95 percent actuarially equivalent to those provided to program subscribers enrolled in the purchasing pool.

12693.40. The board shall contract with health plans to provide coverage supplemental to that provided by an applicant's or applicant's spouse's employer-sponsored health plan for the purchasing credit member, if the employer-sponsored plan's benefits are not 95 percent actuarially equivalent to those provided to subscribers. If supplemental coverage is available and provided, the plan may then, notwithstanding Section 12693.39, become eligible to receive purchasing credits.

12693.41. (a) Upon the effective date of coverage of a child eligible for the program, the board shall arrange for payment of providers who participate in the Child Health and Disability Prevention Program pursuant to Article 6 (commencing with Section 124025) of Chapter 3 of Part 2 of Division 106 of the Health and Safety Code, for well-child health assessments, immunizations, and initial treatment provided up to 30 days prior to the effective date of coverage.

(b) The board shall pay only for those services that are eligible for federal financial participation under Section 2105 of Title XXI of the Social Security Act and that are approved in the required state plan under that title.

(c) (1) Child Health and Disability Prevention Program providers shall submit charges for the services under subdivision (a) on the form or in the format specified by the department for the Child Health and Disability Prevention Program. Those providers shall be reimbursed at the rates established for these services by the Child Health and Disability Prevention Program once coverage under the program is established.

(2) Those providers shall submit charges for services reimbursable under Medi-Cal on the form or in the format specified by the department for Medi-Cal. Those providers shall be reimbursed at the rates established for these services by Medi-Cal once coverage under Medi-Cal is established.

(d) (1) The board may use the state fiscal intermediary for medicaid to process the payments authorized in subdivision (a).

(2) The board shall be exempt from the requirements of Chapter 7 (commencing with Section 11700) of Division 3 of Title 2 of the Government Code and Chapter 3 (commencing with Section 12100) of Part 2 of Division 2 of the Public Contract Code as those requirements apply to the use of contractual claims processing services by the state fiscal intermediary.

12693.42. Any purchasing credit issued by the board, or a contractor acting on behalf of the board, pursuant to this part shall have an overall cost to the program no greater than the cost to the program to enroll the subscriber in the lowest cost plan available to the subscriber through the purchasing pool. Administrative costs and the cost to the program of any supplemental product shall be included in the calculation of the cost of the purchasing credit program and deducted from the amount of the purchasing credit.

12693.43. (a) Applicants applying to the purchasing pool shall agree to pay family contributions. Family contribution amounts consist of the following two components:

(1) The flat fees described in subdivision (b) or (d).

(2) Any amounts that are charged to the program by participating health, dental, and vision plans selected by the applicant that exceed the cost to the program of the highest cost Family Value Package in a given geographic area.

(b) In each geographic area the board shall designate one or more Family Value Packages for which the required total family contribution is:

(1) Seven dollars ($7) per child with a maximum required contribution of fourteen dollars ($14) per month per family for applicants with annual household incomes up to and including 150 percent of the federal poverty level.

(2) Nine dollars ($9) per child with a maximum required contribution of twenty-seven dollars ($27) per month per family for applicants with annual household incomes greater than 150 percent and up to and including 200 percent of the federal poverty level.

(c) Combinations of health, dental, and vision plans that are more expensive to the program than the highest cost Family Value Package may be offered to and selected by applicants. However, the cost to the program of those combinations that exceeds the price to the program of the highest cost Family Value Package shall be paid by the applicant as part of the family contribution.

(d) The board shall provide a family contribution discount to those applicants who select the health plan in a geographic area which has been designated as the Community Provider Plan. The discount shall reduce the portion of the family contribution described in subdivision (b) to the following:

(1) A family contribution of four dollars ($4) per child with a maximum required contribution of eight dollars ($8) per month per family for applicants with annual household incomes up to and including 150 percent of the federal poverty level.

(2) Six dollars ($6) per child with a maximum required contribution of eighteen dollars ($18) per month per family for applicants with annual household incomes greater than 150 percent and up to and including 200 percent of the federal poverty level.

(e) Applicants who pay three months of required family contributions in advance shall receive the fourth consecutive month of coverage with no family contribution required.

(f) It is the intent of the Legislature that the family contribution amounts described in this section comply with the premium cost sharing limits contained in Section 2103 of Title XXI of the Social Security Act. If the amounts described in subdivision (a) are not approved by the federal government, the board may adjust these amounts to the extent required to achieve approval of the state plan.

12693.44. (a) The board shall establish family contribution amounts for purchasing credit members that are equivalent to the amounts charged to subscribers participating in the purchasing pool portion of the program. Purchasing credit members shall not be required to pay family contribution amounts greater than the cost to the applicant if the purchasing credit members were enrolled in the purchasing pool component of the program. When calculating the cost to the applicant to participate in the purchasing pool, the family contribution discounts provided in subdivisions (c), (d), and (e) of Section 12693.34 shall not be considered. Purchasing credit members shall be eligible for dental and vision coverage through the purchasing pool at no additional premium charge.

(b) The family contribution amounts paid on behalf of a purchasing credit member may be paid directly to the applicant's employer through a payroll deduction or other mechanism.

12693.45. (a) After 60 days of nonpayment of family contributions by an applicant, and a reasonable written notice period of no less than 30 days is provided to the applicant, subscribers or purchasing credit members may be disenrolled for an applicant's failure to pay family contributions and shall not be permitted to reenter the program for a period of six months. The board may impose or contract for collection actions to collect unpaid family contributions.

(b) Disenrollments shall be effective as of the last period for which full family contributions were paid. The disenrollments may be retroactive.

(c) The board may waive the period of exclusion in subdivision (a) if good cause is found, such as being laid off from employment or catastrophic illness.

12693.46. The board may prohibit applicants who drop coverage after enrolling in the pool from reenrollment in the program for up to six months.

12693.47. The program may place a lien on compensation or benefits, recovered or recoverable by a subscriber or applicant from any party or parties responsible for the compensation or benefits for which benefits have been provided under a policy issued under this part.

12693.48. The board may adjust payments made to a participating health plan if the board finds that the plan has a significantly disproportionate share of high- or low-risk subscribers. Prior to making this finding, the program shall obtain validated data from participating health plans. Reporting requirements shall be administratively compatible with the methods of operation of the health plans. Any adjustments to payments shall utilize demographic and other factors which are actuarially related to risk.

12693.49. (a) When an applicant is dissatisfied with any action or inaction of a participating plan in which a subscriber is enrolled through the purchasing pool, the applicant shall first attempt to

resolve the dispute with the participating plan according to its established policies and procedures.

(b) The board shall assure that all participating health, dental, and vision plans make subscribers aware of the regulatory oversight available to the applicant by the participating health, dental, or vision plan's licensing or state oversight entity.

(c) The board shall assure that all participating health, dental, and vision plans report to the board, at least once a year, the number and types of benefit grievances filed by applicants on behalf of subscribers in the program. This information shall be available to applicants upon request in a format determined by the board.

12693.51. (a) A transfer of enrollment from one participating health plan to another may be made by a subscriber at times and under conditions as may be prescribed by regulations of the board.

(b) The board shall provide for the transfer of coverage of any subscriber to another participating plan (1) if a contract with any participating plan under which the subscriber receives coverage is canceled or not renewed and (2) at least once a year upon request in a manner as determined by the board, and (3) if a subscriber moves to an area that the current health plan does not serve.

12693.52. The board may negotiate or arrange for stop-loss insurance coverage that limits the program's fiscal responsibility for the total costs of health services provided to program subscribers, or arrange for participating health plans to share or assure the financial risk for a portion of the total cost of health care services to program subscribers, or both.

12693.53. The board shall develop and utilize appropriate cost containment measures to maximize the coverage offered under the program. Those measures may include limiting the expenditure of state funds for this purpose to the price to the state for the lowest cost plan contracting with the program and creation of program rules that restrict the ability of employers or applicants to drop existing coverage in order to qualify children for the program.

12693.54. A contract entered pursuant to this part shall be exempt from any provision of law relating to competitive bidding, and shall be exempt from the review or approval of any division of the Department of General Services. The board shall not be required to specify the amounts encumbered for each contract, but may allocate funds to each contract based on the projected or actual subscriber enrollments to a total amount not to exceed the amount appropriate for the program including family contributions.

CHAPTER 5. HEALTH BENEFITS AND COPAYMENTS

12693.60. Coverage provided to subscribers shall meet the federal coverage requirements in Section 2103 of Title XXI of the Social Security Act. The covered health benefits provided to subscribers shall be equivalent to those provided to state employees through the

Public Employees' Retirement System on January 1, 1998, except that the plans may provide a mechanism for inpatient hospital care provided under the mental health benefit through which applicants may agree to a treatment plan in which each inpatient day may be substituted for two residential treatment days or three day treatment program days.

12693.61. The following provisions apply for subscribers who have been identified by the participating health plans as potentially seriously emotionally disturbed.

(a) Participating plans, to the extent feasible, including plans receiving purchasing credits shall develop memoranda of understanding, consistent with criteria established by the board in consultation with the State Department of Mental Health, for referral of subscribers who are seriously emotionally disturbed to a county mental health department. This referral does not relieve a participating plan from providing the mental health coverage specified in its contract, including assessment of, and development of, a treatment plan for serious emotional disturbance. Plans may contract with county mental health departments to provide for all, or a portion of, the services provided under the program's mental health benefit.

(b) The board shall establish an accounting process under which counties providing services to subscribers who have been determined to be seriously emotionally disturbed pursuant to Section 5600.3 of the Welfare and Institutions Code can claim federal reimbursement for the services. The board shall reimburse counties pursuant to the rates set by the State Department of Mental Health in accordance with Sections 5705, 5716, 5718, 5720, 5724, and 5778 of the Welfare and Institutions Code. The actual amount reimbursed by the board shall be the federal share of the cost of the subscriber.

(c) This section shall only become operative with federal approval of the State Child Health Plan and the approval of federal financial participation.

(d) Counties choosing to enter into a memorandum of understanding pursuant to subdivision (a) shall provide the nonfederal share of cost for the subscriber.

12693.615. (a) The board shall establish the required subscriber copayment levels for specific benefits consistent with the limitations of Section 2103 of Title XXI of the Social Security Act. The copayment levels established by the board shall, to the extent possible, reflect the copayment levels established for state employees, effective January 1, 1998, through the Public Employees' Retirement System. Under no circumstances shall copayments exceed the copayment level established for state employees, effective, January 1, 1998, through the Public Employees' Retirement System. Total annual copayments charged to subscribers shall not exceed two hundred fifty dollars ($250) per family. The board shall instruct participating health plans to work with their provider networks to provide for extended

payment plans for subscribers utilizing a significant number of health services for which copayments are charged. The board shall track the number of subscribers who meet the copayment maximum in each year and make adjustments in the amount if a significant number of subscribers reach the copayment maximum.

(b) No deductibles shall be charged to subscribers for health benefits.

(c) Coverage provided to subscribers shall not contain any preexisting condition exclusion requirements.

(d) No participating health, dental, or vision plan shall exclude any subscriber on the basis of any actual or expected health condition or claims experience of that subscriber or a member of that subscriber's family.

(e) There shall be no variations in rates charged to subscribers including premiums and copayments, on the basis of any actual or expected health condition or claims experience of any subscriber or subscriber's family member. The only variation in rates charged to subscribers, including copayments and premiums, that shall be permitted is that which is expressly authorized by Section 12693.43.

(f) There shall be no copayments for preventive services as defined in Section 1367.35 of the Health and Safety Code.

(g) There shall be no annual or lifetime benefit maximums in any of the coverage provided under the program.

(h) Plans that receive purchasing credits pursuant to Section 12693.39 shall comply with subdivisions (b), (c), (d), (e), (f), and (g).

12693.62. Notwithstanding any other provision of law, for a subscriber who is determined by the California Children's Services Program to be eligible for benefits under the program pursuant to Article 5 (commencing with Section 123800) of Chapter 3 of Part 2 of Division 106 of the Health and Safety Code, a participating plan shall not be responsible for the provision of, or payment for, the particular services authorized by the California Children's Services Program for the particular subscriber for the treatment of a California Children's Services Program eligible medical condition. All other services provided under the participating plan shall be available to the subscriber.

CHAPTER 6. DENTAL BENEFITS AND COPAYMENTS

12693.63. (a) The board shall determine the dental benefits to be provided to subscribers by the program. Such benefits shall be consistent with those provided to state employees through the Department of Personnel Administration on July 1, 1997, except that orthodontia shall only be a benefit when it is determined to be medically necessary.

(b) The board shall establish the required subscriber copayment levels for dental benefits. The copayment levels established by the

board shall, to the extent possible, reflect the copayment levels provided to state employees through the Department of Personnel Administration on July 1, 1997, except that no copayment shall be charged for medically necessary orthodontia services. There shall be no subscriber copayments for preventive and diagnostic services, including, but not limited to, examinations, teeth cleaning, X-rays, topical fluoride treatments, space maintainers, and sealants.

(c) No deductible shall be charged to subscribers for dental benefits.

12693.64. Notwithstanding any other provision of law, for a subscriber who is determined by the California Children's Services Program to be eligible for benefits under the program pursuant to Article 5 (commencing with Section 123800) of Chapter 3 of Part 2 of Division 106 of the Health and Safety Code, a participating plan shall not be responsible for the provision of, or payment for, the particular services authorized by the California Children's Services Program for the particular subscriber for the treatment of a California Children's Services Program eligible medical condition. All other services provided under the participating plan shall be available to the subscriber.

CHAPTER 7. VISION BENEFITS AND COPAYMENTS

12693.65. (a) Vision benefits shall be provided to subscribers and shall meet the federal coverage requirements in Section 2103 of Title XXI of the Social Security Act.

(b) The covered benefits shall be equivalent to those provided to state employees through the Department of Personnel Administration on July 1, 1997.

(c) The board shall establish the required subscriber copayment levels for vision benefits consistent with the limitations of Section 2103 of Title XXI of the Social Security Act. The copayment levels established by the board shall, to the extent possible, reflect the copayment levels provided to state employees through the Department of Personnel Administration on July 1, 1997.

12693.66. Notwithstanding any other provision of law, for a subscriber who is determined by the California Children's Services Program to be eligible for benefits under the program pursuant to Article 5 (commencing with Section 123800) of Chapter 3 of Part 2 of Division 106 of the Health and Safety Code, a participating plan shall not be responsible for the provision of, or payment for, the particular services authorized by the California Children's Services Program for the particular subscriber for the treatment of a California Children's Services Program eligible medical condition. All other services provided under the participating plan shall be available to the subscriber.

CHAPTER 8. LINKAGES WITH PUBLIC PROGRAMS

12693.68. The board shall encourage all plans, including those receiving purchasing credits, that provide services under the program to have viable protocols for screening and referring children needing supplemental services outside of the scope of the screening, preventive, and medically necessary and therapeutic services covered by the contract to public programs providing such supplemental services for which they may be eligible, as well as for coordination of care between the plan and the public programs. The public programs for which plans may be required to develop screening, referral, and care coordination protocols may include the California Children's Services Program, the regional centers, county mental health programs, programs administered by the Department of Alcohol and Drug Programs, and programs administered by local education agencies.

CHAPTER 9. ELIGIBILITY

12693.70. To be eligible to participate in the program, an applicant shall meet all of the following requirements:

(a) Be an applicant applying on behalf of an eligible child, which means a child who is all of the following:

(1) Greater than 12 months of age and less than 19 years of age. An application may be made on behalf of a child less than 12 months of age for coverage to begin as early as the child's first birthday.

(2) Not eligible for no-cost full-scope Medi-Cal or Medicare at the time of application.

(3) In compliance with Sections 12693.71 and 12693.72.

(4) A child who meets citizenship and immigration status requirements that are applicable to persons participating in the program established by Title XXI of the Social Security Act.

(5) A resident of the State of California pursuant to Section 244 of the Government Code.

(6) In a family with a gross annual household income equal to or less than 200 percent of the federal poverty level.

(b) If the applicant is applying for the purchasing pool, the applicant shall pay the first month's family contribution and agree to remain in the program for six months, unless other coverage is obtained and proof of the coverage is provided to the program.

(c) An applicant shall enroll all of the applicant's eligible children in the program.

12693.71. (a) The board shall monitor applications to determine whether employers and employees have dropped employer-sponsored dependent coverage in order to participate in the program.

(b) The board may disapprove an application if it is determined that the children to be covered under the application were covered by an employer-sponsored insurance within the last three months.

(c) If the board imposes the limitation identified in subdivision (b) or (d), it shall also establish exceptions to this limitation in cases where prior coverage ended due to reasons unrelated to the availability of the program. This shall include, but not be limited to:

(1) Loss of employment due to factors other than voluntary termination.

(2) Change to a new employer that does not provide an option for dependent coverage.

(3) Change of address so that no employer sponsored coverage is available.

(4) Discontinuation of health benefits to all employees of the applicant's employer.

(5) Expiration of COBRA coverage period.

(6) Coverage provided pursuant to an exemption authorized under subdivision (i) of Section 1367 of the Health and Safety Code.

(d) If the board determines, based on evidence gathered during a reasonable period of program operation, that a substantial share of funds expended for the program are providing health coverage for children that have discontinued employer-based coverage in order to enter the program or if required by the federal government for state plan approval, the board may take actions to increase the three-month time limit specified in subdivision (b), to such a time limit that cannot exceed six months.

12693.72. (a) The board may disapprove an application if it is determined that the children to be covered under the application were covered by an individual health care service plan contract or individual disability insurance policy during a specified period of time prior to the date of application only if required by the federal government for state plan approval. This time limitation period shall not exceed the time period required by the federal government.

(b) If the board imposes the time limitation identified in subdivision (a), it shall also establish exceptions to this limitation in cases where the prior coverage ended due to reasons unrelated to the availability of the program. This shall include, but not be limited to, the prior coverage being pursuant to a health plan operating pursuant to an exemption authorized by subdivision (i) of Section 1367 of the Health and Safety Code.

12693.73. Notwithstanding any other provision of law, children excluded from coverage under Title XXI of the Social Security Act are not eligible for coverage under the program.

12693.74. Subscribers shall continue to be eligible for the program for a period of 12 months from the month eligibility is established.

12693.75. The program shall make use of a simple and easy to understand mail-in application process.

CHAPTER 10. FISCAL INTEGRITY

12693.77. (a) The board shall develop safeguards to assure the fiscal integrity of the program.

(b) The program shall ensure that subscribers are not eligible for no-cost full-scope Medi-Cal coverage. The board may provide data on applicants and subscribers to the State Department of Health Services for determination of Medi-Cal eligibility. The State Department of Health Services shall identify those subscribers enrolled in the program who are concurrently enrolled in Medi-Cal with no share of cost.

(c) Any person who intentionally makes false declarations as to his or her eligibility or any person who intentionally makes false declarations as to eligibility on behalf of any other person seeking eligibility under this part for which that person is not eligible shall be guilty of a misdemeanor.

(d) Plans and providers shall be subject to Section 550 of the Penal Code.

(e) Any person who intentionally makes false declarations as to his or her eligibility or any person who intentionally makes false declarations as to eligibility on behalf of any other person seeking eligibility under this part for which that person is not eligible may be denied coverage for up to one year from the date of the denial of coverage by the board.

CHAPTER 11. PROTECTION AGAINST SUBSTITUTION OF BENEFITS

12693.80. The board shall use due diligence in the creation of participation standards for the program that minimize the incentive for employers or applicants to drop or reduce dependent health coverage.

12693.81. (a) It shall constitute unfair competition for purposes of Chapter 5 (commencing with Section 17200) of Part 2 of Division 7 of the Business and Professions Code for an insurer, an insurance agent or broker, or an administrator, as defined in Section 1759, to refer an individual employee or employee's dependent to the program, or arrange for an individual employee or employee's dependent to apply for the program, for the purpose of separating that employee or employee's dependent from group health coverage in connection with the employee's employment.

(b) Any employee applicant in subdivision (a) shall have personal right of action to enforce subdivision (a).

12693.82. It shall constitute an unfair labor practice contrary to public policy, and enforceable under Section 95 of the Labor Code, for any employer to refer an individual employee or employee's dependent to the program, or to arrange for an individual employee or employee's dependent to apply to the program, for the purpose of separating that employee or employee's dependent from group

health coverage provided in connection with the employee's employment.

12693.83. (a) It shall constitute an unfair labor practice contrary to public policy and enforceable under Section 95 of the Labor Code for any employer to change the employee-employer share-of-cost ratio based upon the employee's wage base or job classification or to make any modification of coverage for employees and employee's dependents in order that the employees or employee's dependents enroll in the program established pursuant to this part.

12693.84. For purposes of Sections 12693.82 and 12693.83, group health coverage includes any group disability insurance policy covering hospital, medical, or surgical expenses, group health care service plan contract, or self-insured employee welfare benefit plan.

CHAPTER 12. APPEALS

12693.85. Program decisions described in this section may be appealed to the board. If an applicant believes that a written decision on one of the following specified issues was made in violation of the program statutes or regulations, or other written representation of program policy made to the individual by the program or the board, that individual may file an appeal with the board. Decisions that may be appealed are the following:

(a) A decision that a child is not qualified to participate or continue to participate in the program.

(b) A decision that a child is not eligible for enrollment or continuing enrollment in the program.

(c) A decision as to the effective date of coverage.

12693.86. (a) An appeal shall be filed in writing with the executive director within 60 calendar days of the date of the notice of the decision being appealed.

(b) An appeal shall include all of the following:

(1) A copy of any decision being appealed, or a written statement of the action or failure to act being appealed.

(2) A statement specifically describing the issues that are disputed by the appellant.

(3) A statement specifically describing the program statute or regulation, or other written representation of program policy that the appellant believes the program or board violated.

(4) A statement of the resolution requested by the appellant.

(5) Any other relevant information the appellant wants to include.

(c) Any appeal that does not specifically allege a violation of a program statute or regulation, or other written representation of program policy will be deemed to be a request for program review pursuant to Section 12693.88.

(d) An appeal that specifically alleges a violation of program statute or regulation or other written representation of program

policy, but fails to include any other necessary information, shall be returned to the appellant without review. The appellant may resubmit the appeal. The resubmittal shall be filed within the time limits of subdivision (a) or within 20 calendar days of the receipt of the returned appeal, whichever is later.

12693.87. (a) Any appellant who files an appeal pursuant to Section 12693.85 shall receive an initial administrative review of the appeal.

(b) Administrative reviews of appeals shall be conducted in two steps. Each appeal will be reviewed by the program to determine if the requested resolution is required by the statutes and regulations governing the program, or required in order to be consistent with a written representation of program policy made by the program or the board. If so, the appropriate action will be taken within 30 days of the receipt of the appeal, and the appellant will be notified. If not, the appellant will be so notified within 30 days of the receipt of the appeal and informed that he or she may request review by the executive director. This request must be filed in writing with the executive director within 30 days of the date of the notice of the program determination and shall include the information specified in subdivision (b) of Section 12693.86.

(c) In conducting an administrative review of an appeal, the executive director may contact the appellant and any other party for further information.

(d) The executive director's decision shall be in writing.

(e) The appellant retains the right to request an administrative hearing if the appellant is not satisfied with the decision of the executive director. Such a request shall be filed within 30 calendar days of receipt of the executive director's decision. It shall include a clear and concise statement of what action is being appealed, and the reasons the executive director's decision is not correct.

12693.88. In addition to the appeal process established above, the board shall establish a program review process. If a subscriber or purchasing credit member is not eligible to file an appeal pursuant to Section 12693.85, but wants to have any program decision reviewed, he or she may request that the program review the decision. A review pursuant to this section is separate from and independent of an appeal pursuant to Section 12693.85, and a person that files a request pursuant to this section shall not, thereby, gain any right of appeal. Pursuant to Section 12693.49, any dissatisfaction with an action of a participating health, vision, or dental plan shall be resolved with the plan rather than by requesting program review. When an appeal that requests an administrative hearing is received, the appeal shall be set for hearing as provided in Section 12693.89.

12693.89. (a) Administrative hearings of appeals shall be conducted according to the appeal procedures, including pre- and post-hearing procedures, set forth in Article 3 (commencing with Section 1140) of Chapter 2 of Division 2 of Title 1 of the California

Code of Regulations. Article 3 (commencing with Section 1140) is hereby incorporated by reference, subject to the following modifications:

(1) Reference to the Health and Welfare Agency or the component department shall be deemed reference to the Managed Risk Medical Insurance Board.

(2) Reference to the private nonprofit human service organization shall be deemed reference to the appellant.

(3) Reference to Health and Safety Code sections providing the bases, grounds, authorization, or procedures for appeals shall be deemed reference to the bases and authorization, for appeal found in Section 12693.85 and the appeal procedures found in this section.

(4) The 30-day time period specified in subdivision (b) of Section 1140 of Title 1 of the California Code of Regulations shall be extended to 60 days, and the 10-day time period in subdivision (a) of Section 1141 of Title 1 of the California Code of Regulations shall be extended to 30 days.

(5) If the proposed decision submitted to the board is not adopted as the decision, the board may itself decide the case on the record, or may refer the case to the same hearing officer to take additional evidence. If the case is referred back to the hearing officer, the hearing officer shall prepare a new proposed decision based on the additional evidence and the record of the prior hearing.

(6) The decision of the board shall be issued within 90 days following the initial hearing or, if the case is referred back to the hearing officer, within 90 days of the second hearing.

(b) The board may elect to have a hearing conducted by an Administrative Law Judge employed by the Office of Administrative Hearings pursuant to the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

CHAPTER 13. HEALTHY FAMILIES ADVISORY BOARD

12693.90. (a) The board shall appoint a 14-member advisory panel to advise the board, the chair of which may serve as an ex officio, nonvoting member of the board. The panel shall be appointed and ready to perform its duties by no later than February 1, 1998.

(b) The membership of the advisory panel shall be composed of all of the following:

(1) Three representatives from the subscriber population.

(2) One physician and surgeon who is board certified in pediatrics.

(3) One physician and surgeon who is board certified in the area of family practice medicine.

(4) One representative from a licensed nonprofit primary care clinic.

(5) One representative from a licensed hospital that is on the disproportionate share list maintained by the State Department of Health Services.

(6) One representative of the mental health provider community.

(7) One representative of the substance abuse provider community.

(8) One representative of the county public health provider community.

(9) One representative from the education community.

(10) One representative from the health plan community.

(11) One representative from the business community.

(12) One representative from an eligible family with children with special needs.

(c) The advisory board members shall have demonstrated expertise in the provision of health-related services to children aged 18 years and under, as applicable.

(d) The advisory board members shall be composed of representatives of the geographic, cultural, economic, and other social factors of the state.

(e) The panel shall elect, from among its members, its chair.

(f) The panel shall have all of the following powers and duties:

(1) To advise the board on all policies, regulations, operations, and implementation of the program.

(2) To consider all written recommendations of the panel and respond in writing when the board rejects the advice of the panel.

(3) To meet at least quarterly, unless deemed unnecessary by the chair.

(g) The members of the panel shall be reimbursed for all necessary travel expenses associated with the activities of the panel.

(h) The members of the panel who represent the subscriber population may receive per diem compensation if they are otherwise economically unable to meet panel responsibilities.

CHAPTER 14. RURAL DEMONSTRATION PROJECT

12693.91. (a) The State Department of Health Services, in conjunction with the Managed Risk Medical Insurance Board, the County Medical Services Program board, and the Rural Health Policy Council, may develop and administer up to five demonstration projects in rural areas that are likely to contain a significant level of uninsured children, including seasonal and migratory worker dependents.

(b) The purpose of the demonstration projects shall be to fund rural collaborative health care networks to alleviate unique problems of access to health care in rural areas.

(c) The State Department of Health Services, in conjunction with the Managed Risk Medical Insurance Board and Rural Health Policy Council, shall establish the criteria and standards for eligibility to be

SECTION 1. Section 101755 of the Health and Safety Code is amended to read:

101755. Notwithstanding any other provision of law, the state or any state agency may enter into contracts with the authority for the authority to obtain or arrange for health care under the authority's health care systems, for all persons who are eligible to receive medical benefits under the Medi-Cal Act, as set forth in Section 14000 et seq., of the Welfare and Institutions Code, and to enter into contracts for the provision of health care services to subscribers in the Healthy Families Program, in Santa Barbara County through waiver, pilot project, or otherwise.

During this 12-month period, those plans shall be required to be in good standing with the Department of Corporations and shall demonstrate to the board that they are making a good faith effort to obtain a commercial license from the Department of Corporations. In their application to the program, those plans shall provide assurance of their standing with the Department of Corporations and shall outline their plans for obtaining commercial licensure.

SEC. 5. Section 14087.51 of the Welfare and Institutions Code is amended to read:

14087.51. It is necessary that a special commission be established in San Mateo County and in any other county designated by the California Medical Assistance Commission in order to meet the problems of the delivery of publicly assisted medical care in the

counties and to demonstrate ways of promoting quality care and cost efficiency.

The Board of Supervisors of San Mateo County and of the designated counties may, by ordinance, establish commissions to negotiate the exclusive contracts specified in Section 14087.5 and to arrange for the provision of health care services provided pursuant to this chapter, and to enter into contracts for the provision of health care services to subscribers in the Healthy Families Program. If the board of supervisors elects to enact this ordinance, all rights, powers, duties, privileges, and immunities vested in a county by this article shall be vested in the county commission. Any reference in this article to "county" shall mean a commission established pursuant to this section.

The enabling ordinance shall specify the membership of the county commission, the qualifications for individual members, and such other matters as the board of supervisors deems necessary or convenient for the conduct of the county commission's activities. All commissioners shall be appointed by majority vote of the board of supervisors and shall serve at the pleasure thereof. The board of supervisors may appoint no more than two of its own members to serve on the commission.

As an alternative to establishing a separate commission, the enabling ordinance may designate the board of supervisors itself as the commission authorized by this article.

SEC. 6. Section 14087.52 of the Welfare and Institutions Code is amended to read:

14087.52. (a) It is necessary that a special commission be established in San Bernardino County in order to meet the problems of the delivery of publicly assisted medical care in the county and to demonstrate ways of promoting quality care and cost efficiency. Because there is no general law under which such a commission could be formed, the adoption of a special act and the formation of a special commission is required.

(b) The Board of Supervisors of San Bernardino County may, by ordinance, establish a commission to negotiate the exclusive contract specified in Section 14087.5 and to arrange for the provision of health care services provided pursuant to this chapter, and to enter into contracts for the provision of health care services to subscribers in the Healthy Families Program. If the board of supervisors elects to enact this ordinance, all rights, powers, duties, privileges, and immunities vested in a county by this article shall be vested in the county commission. Any reference in this article to "county" shall mean the commission established pursuant to this section.

(c) It is the intent of the Legislature that if such a commission is formed, the County of San Bernardino shall, with respect to its medical facilities and programs, occupy no greater or lesser status than any other health care provider in negotiating with the commission for contracts to provide health care services.

(d) The enabling ordinance shall specify the membership of the county commission, the qualifications for individual members, the manner of appointment, selection, or removal of commissioners, and how long they shall serve, and any other matters as the board of supervisors deems necessary or convenient for the conduct of the county commission's activities. The commission so established shall be considered an entity separate from the county, shall file the statement required by Section 53051 of the Government Code, and shall have, in addition to the rights, powers, duties, privileges, and immunities previously conferred, the power to acquire, possess, and dispose of real or personal property, as may be necessary for the performance of its functions, to employ personnel and contract for services required to meet its obligations, and to sue or be sued. Any obligations of the commission, statutory, contractual, or otherwise, shall be the obligations solely of the commission and shall not be the obligations of the county or of the state unless expressly provided for in a contract between the commission and the county or state.

(e) Upon creation, the commission may borrow from the county, and the county may lend the commission funds, or issue revenue anticipation notes to obtain those funds necessary to commence operations.

(f) In the event the commission may no longer function for the purposes for which established, at such time as the commission's then existing obligations have been satisfied or the commission's assets have been exhausted, the board of supervisors may by ordinance terminate the commission.

(g) Prior to the termination of the commission, the board of supervisors shall notify the State Department of Health Services of its intent to terminate the commission. The department shall conduct an audit of the commission's records within 30 days of notification to determine the liabilities and assets of the commission. The department shall report its findings to the board within 10 days of completion of the audit. The board shall prepare a plan to liquidate or otherwise dispose of the assets of the commission and to pay the liabilities of the commission to the extent of the commission's assets, and present the plan to the department within 30 days upon receipt of these findings.

(h) Upon termination of the commission by the board, the County of San Bernardino shall manage any remaining assets of the commission until superseded by a department approved plan. Any liabilities of the commission shall not become obligations of the county upon either the termination of the commission or the liquidation or disposition of the commission's remaining assets.

(i) Any assets of the commission shall be disposed of pursuant to provisions contained in the contract entered into between the state and the commission pursuant to this article.

SEC. 7. Section 14087.53 of the Welfare and Institutions Code is amended to read:

14087.53. (a) It is necessary that a special commission be established in Ventura County in order to meet the problems of the delivery of publicly assisted medical care in the county and to demonstrate ways of promoting quality care and cost efficiency. Because there is no general law under which such a commission could be formed, the adoption of a special act and the formation of a special commission is required.

(b) The Board of Supervisors of Ventura County may, by ordinance, establish a commission to negotiate the exclusive contract specified in Section 14087.5 and to arrange for the provision of health care services provided pursuant to this chapter, and to enter into contracts for the provision of health care services to subscribers in the Healthy Families Program. If the board of supervisors elects to enact this ordinance, all rights, powers, duties, privileges, and immunities vested in a county by this article shall be vested in the county commission. Any reference in this article to "county" shall mean the commission established pursuant to this section.

(c) The enabling ordinance shall specify the membership of the county commission, the qualifications for individual members, the manner of appointment, selection, or removal of commissioners, and how long they shall serve, and any other matters as the board of supervisors deems necessary or convenient for the conduct of the county commission's activities. The commission so established shall be considered an entity separate from the county, shall file the statement required by Section 53051 of the Government Code, and shall have, in addition to the rights, powers, duties, privileges, and immunities previously conferred, the power to acquire, possess, and dispose of real or personal property, as may be necessary for the performance of its functions, to employ personnel and contract for services required to meet its obligations, and to sue or be sued. Any obligations of the commission, statutory, contractual, or otherwise, shall be the obligations solely of the commission and shall not be the obligations of the county or of the state.

(d) Upon creation, the commission may borrow from the county and the county may lend the commission funds, or issue revenue anticipation notes to obtain those funds necessary to commence operations.

(e) In the event the commission may no longer function for the purposes for which established, at such time as the commission's then existing obligations have been satisfied or the commission's assets have been exhausted, the board of supervisors may by ordinance terminate the commission.

(f) Prior to the termination of the commission, the board of supervisors shall notify the State Department of Health Services of its intent to terminate the commission. The department shall conduct an audit of the commission's records within 30 days of notification to determine the liabilities and assets of the commission. The department shall report its findings to the board within 10 days of

completion of the audit. The board shall prepare a plan to liquidate or otherwise dispose of the assets of the commission and to pay the liabilities of the commission to the extent of the commission's assets, and present the plan to the department within 30 days upon receipt of these findings.

(g) Any assets of the commission shall be disposed of pursuant to provisions contained in the contract entered into between the state and the commission pursuant to this article.

(h) It is the intent of the Legislature that if such a commission is formed, the County of Ventura shall, with respect to its medical facilities and programs, occupy no greater or lesser status than any other health care provider in negotiating with the commission for contracts to provide health care services.

(i) Upon termination of the commission by the board, the County of Ventura shall manage any assets of the commission until superseded by a department approved plan. Any liabilities of the commission shall not become obligations of the county upon either the termination of the commission or the liquidation or disposition of the commission's remaining assets.

(c) The Commission on Teacher Credentialing shall grant a five-year preliminary multiple or single subject teaching credential or education specialist credential to a teacher meeting the requirements of subdivision (b) if the teacher has received an offer of employment from a California school district, county office of education, nonpublic, nonsectarian school or agency, or school operating under the direction of a California state agency.

(d) At or before the completion of one school year of teaching pursuant to this section, a teacher shall pass the state basic skills proficiency test, pursuant to Section 44252, administered by the Commission on Teacher Credentialing in order to be eligible to continue teaching pursuant to this section.

(e) At or before the completion of four school years of teaching pursuant to this section, a teacher shall, to the satisfaction of the Commission on Teacher Credentialing, meet the requirements for subject matter competence, for completion of a course or examination on the various methods of teaching reading, and for completion of a course or examination on the Constitution of the United States, within the meaning of paragraphs (3), (4), and (6), respectively, of subdivision (c) of Section 44227, in order to be eligible to continue teaching pursuant to this section. Additionally, to be eligible to continue teaching on an education specialist credential, the teacher shall also complete the requirements for nonspecial education pedagogy and a supervised field experience program in general education.

(f) At or before the completion of five school years of teaching pursuant to this section, a teacher shall meet the requirements for completion of the study of health education, for completion of study and field experience in methods of delivering appropriate educational services to pupils with exceptional needs in regular education programs, and for completion of the study of computer-based technology, within the meaning of paragraphs (1), (2), (3), and (4), respectively, of subdivision (c) of Section 44259. A teacher holding a specialist credential pursuant to this section shall complete a program for the Professional Level II credential accredited by the Committee on Accreditation, established pursuant to Section 44373, including the requirements specified in this subdivision and subdivision (e).

(g) If a teacher fails to meet any of the requirements of subdivisions (b), (c), (d), (e), and (f), the Commission on Teacher Credentialing shall inactivate a preliminary credential granted pursuant to this section until the requirement is met. The time requirements contained in subdivisions (e) and (f) shall not be

stayed by the inactivation of a preliminary credential under this subdivision.

(h) The Commission on Teacher Credentialing shall issue a professional clear credential to a teacher who meets the requirements of subdivisions (b), (c), (d), (e), and (f) and submits an application with appropriate fees and documentation of the completion of all requirements pursuant to this section.

SEC. 3. Section 44205.5 is added to the Education Code, to read:

44205.5. (a) For purposes of Section 44205, a fee shall be levied and collected by the commission for the issuance of the five-year preliminary credential for out-of-state teachers. Commencing January 1, 1998, the fee for the issuance of the five-year preliminary credential for out-of-state teachers shall be two hundred dollars ($200), in addition to any other fees required by statute, as appropriate.

(b) The proceeds of the fee levied and collected pursuant to subdivision (a) shall be used to offset the costs of the out-of-state teacher credential program established by, and to develop a tracking system to ensure compliance with, Section 44205.

(c) Annually, as part of the budget review process, the Director of Finance shall recommend to the Legislature a level for the fee to be levied and collected pursuant to subdivision (a) so that the fee may generate sufficient revenues to meet the goals set forth in subdivision (b).

CHAPTER 629

An act to amend Section 17285 of the Education Code, relating to school facilities.

[Approved by Governor October 3, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 17285 of the Education Code is amended to read:

17285. (a) Notwithstanding any provision of law except Sections 17286, 17287, 17405, and this section, a leased building that does not meet the requirements of Section 17280 may not be used as a school building, as defined in Section 17283, after September 1, 1990.

(b) A school district may lease a commercial building prior to January 1, 2003, that does not meet the requirements of Section 17280, for use as a school building, as defined in Section 17283, if the governing board of the district finds that all of the following conditions have been met:

(1) The building was constructed in accordance with seismic safety standards for commercial buildings constructed within an earthquake zone.

(2) The building permit for the initial construction of the building was issued on or after January 1, 1990.

(3) A structural engineer has inspected the building and submitted a report to the governing board of the school district that certifies that the building is in substantial compliance with the requirements of the Field Act. This certification requirement is satisfied if the structural engineer affixes his or her seal of approval to the report and he or she attests in that report that to the best of his or her knowledge:

(A) He or she has reviewed the design calculations, construction documents, and the local government construction inspection records of the building to the extent available.

(B) He or she has authorized testing and has observed or reviewed the test results and the inspections of an adequate sample of the structure's welds, anchor bolts, and other structural elements.

(C) He or she has observed that the overhead nonstructural elements, including, but not limited to, light fixtures, heating, and air-conditioning diffusers are adequately braced or anchored.

The governing board of the school district shall submit the report to the Division of the State Architect for its review. The Division of the State Architect has one month to review the report for compliance with the above requirements, and to provide feedback to the structural engineer regarding any insufficiencies with the report, and whether or not the building is in substantial compliance with the requirements of the Field Act. If the Division of the State Architect does not respond within one month of the final and complete report being submitted, the Division of the State Architect will be deemed to have concurred with the structural engineer's report. A final decision by the governing board of the school district to occupy the building for school purposes shall not occur until the governing board has reviewed and considered the feedback of the Division of the State Architect, or the one month review period has passed.

No member of the governing board of a school district, nor any employee of a school district, shall be held personally liable for injury to persons or damage to property resulting from the fact that the governing board of the school district used a commercial building pursuant to this subdivision for a school and the building was not constructed under the requirements of Section 17280. This exemption from personal liability for members of the governing board and employees of a school district is not intended to limit the liability of the school district for injury to persons or damage to property resulting from the fact that the governing board or any employee of the school district used a commercial building pursuant to this subdivision for a school and the building was not constructed

under the requirements of Section 17280. This exemption from personal liability for members of the governing board and employees of a school district is not intended to limit the liability of the school district, the governing board or the district's employees pursuant to Section 835 of the Government Code. Section 17312 is not applicable to a person who, pursuant to this section, leases or uses a building for a school building that meets the requirements of this section but does not meet the requirements of Section 17280. Approval and use of a building pursuant to subdivision (b) of Section 17285 does not constitute a violation of the Field Act.

(c) A building leased pursuant to Section 17280 may be used after September 1, 1991, as a regional occupational center or program that does not meet the requirements of Section 17280, provided the building satisfies all of the following conditions:

(1) The facility is one of the following:

(A) A single-story, wood-framed structure.

(B) A single-story, light steel frame structure.

(C) A structure for which a structural engineer has submitted a report that certifies that substantial structural hazards do not exist, as to that structure. The governing board of the regional occupational center or program, as provided for under Section 52310.5, shall review the report prior to approval of the lease and may reject the report if there is any evidence of fraud regarding the facts in the report.

(2) The building or structure complies with all applicable local building standards and all applicable local health and safety standards in the community in which it is located.

(3) The governing board of the regional occupational center or program, as provided for under Section 52310.5, certifies to the State Allocation Board that reasonable efforts have been made to locate the regional occupational center or program in facilities that conform to the seismic safety standards set forth in Part 2 (commencing with Section 2-101), Part 3 (commencing with Section 3-089-1), Part 4 (commencing with Section 4-403), and Part 5 (commencing with Section 5-102), of Title 24 of the California Code of Regulations.

(d) On or before September 1, 1994, and every three years thereafter, each governing board of a regional occupational center or program shall report to the State Allocation Board on the facilities utilized for the operation of that center or program and on efforts to place the center or program in facilities that conform to the seismic safety standards described in paragraph (3) of subdivision (b).

CHAPTER 630

An act to add and repeal Article 2 (commencing with Section 18711) of Chapter 3 of Part 10.2 of Division 2 of the Revenue and

Taxation Code, and to amend Section 18969 of the Welfare and Institutions Code, relating to taxation.

[Approved by Governor October 3, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Article 2 (commencing with Section 18711) is added to Chapter 3 of Part 10.2 of Division 2 of the Revenue and Taxation Code, to read:

Article 2. State Children's Trust Fund

18711. (a) Any individual may designate on the tax return that a contribution in excess of the tax liability, if any, be made to the State Children's Trust Fund.

(b) The contribution shall be in full dollar amounts and may be made individually by each signatory on the joint return.

(c) A designation under subdivision (a) shall be made for any taxable year on the initial return for that taxable year, and once made shall be irrevocable. In the event that payments and credits reported on the return, together with any other credits associated with the taxpayer's account do not exceed the tax liability, if any, shown thereupon, the return shall be treated as though no designation had been made. In the event that no designee is specified, the contribution shall, after reimbursement of the direct actual costs of the Franchise Tax Board for the collection and administration of funds under this article, be transferred to the General Fund. The individual shall be notified in cases in which the discrepancy between the amount actually available for designation and the amount designated exceeds ten dollars ($10).

(d) If an individual designates a contribution to more than one account, and the amount available is insufficient to satisfy the total amount designated, the contribution shall be allocated among the designees on a pro rata basis.

(e) The Franchise Tax Board shall revise the form of the return to include a space labeled the "State Children's Trust Fund For the Prevention of Child Abuse" to allow for the designation permitted under subdivision (a).

(f) A deduction shall be allowed under Article 6 (commencing with Section 17201) of Chapter 3 of Part 10 for any contribution made pursuant to subdivision (a).

18712. (a) The Franchise Tax Board shall determine annually the total amount designated pursuant to this article and notify the Controller of that amount.

(b) The Controller shall transfer that amount, less the direct, actual costs of the Franchise Tax Board for the collection and

administration of funds under this article, to the State Children's Trust Fund. The Controller shall transfer, upon appropriation by the Legislature, the amount of the board's costs to the board.

18713. It is the intent of the Legislature that this article create an additional source of funding for a specified purpose. The funds generated by this article shall not be used in place of funds from other sources which are available for appropriation to the State Children's Trust Fund.

18714. This article applies to taxable years beginning on or after January 1, 1997.

18715. (a) This article shall remain in effect only until January 1, 2002, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2002, deletes that date.

(b) If, in any calendar year, the Franchise Tax Board estimates by September 1 that contributions described in this article made on returns filed in that calendar year will be less than two hundred fifty thousand dollars ($250,000) for taxable years beginning in 1997, or the adjusted amount specified in subdivision (c), as may be applicable, then this article is repealed with respect to taxable years beginning on or after January 1 of that calendar year. The Franchise Tax Board shall estimate the annual contribution amount by September 1 of each year using the actual amounts known to be contributed and an estimate of the remaining year's contributions.

(c) For each calendar year, beginning with calendar year 1998, the Franchise Tax Board shall adjust, on or before September 1 of that calendar year, the minimum estimated contribution amount specified in subdivision (b) as follows:

(1) The minimum estimated contribution amount for the calendar year shall be an amount equal to the product of the minimum estimated contribution amount for the prior September 1 multiplied by the inflation factor adjustment as specified in paragraph (2) of subdivision (h) of Section 17041, rounded off to the nearest dollar.

(2) The inflation factor adjustment used for the calendar year shall be based on the figures for the percentage change in the California Consumer Price Index received on or before August 1 of the calendar year pursuant to paragraph (1) of subdivision (h) of Section 17041.

(d) Notwithstanding the repeal of this article, any contribution amounts designated pursuant to this article prior to its repeal shall continue to be transferred and disbursed in accordance with this article as in effect immediately prior to that repeal.

SEC. 2. Section 18969 of the Welfare and Institutions Code is amended to read:

18969. (a) There is hereby created in the State Treasury a fund which shall be known as the State Children's Trust Fund. The fund shall consist of funds received from a county pursuant to Section 18968, funds collected by the state and transferred to the fund pursuant to subdivision (b) of Section 103625 of the Health and Safety

Code and Article 2 (commencing with Section 18711) of Chapter 3 of Part 10.2 of Division 2 of the Revenue and Taxation Code, grants, gifts, or bequests made to the state from private sources to be used for innovative and distinctive child abuse and neglect prevention and intervention projects and money appropriated to the fund for this purpose by the Legislature. The State Registrar may retain a percentage of the fees collected pursuant to Section 10605 of the Health and Safety Code, not to exceed 10 percent, in order to defray the costs of collection. The Franchise Tax Board may retain up to 5 percent of the taxpayer contributions to the fund made pursuant to Article 2 (commencing with Section 18711) of Chapter 3 of Part 10.2 of Division 2 of the Revenue and Taxation Code, to reimburse the board for the costs of administering that article.

(b) (1) Except as provided in paragraph (2) and notwithstanding Section 13340 of the Government Code, money in the State Children's Trust Fund is continuously appropriated without regard to fiscal years to the State Department of Social Services for the purpose of funding child abuse and neglect prevention and intervention programs. The department may not supplant any federal, state, or county funds with any funds made available through the State Children's Trust Fund. The department shall use no more than 5 percent of the funds appropriated pursuant to this section for administrative costs.

(2) Funds transferred to the State Children's Trust Fund pursuant to Article 2 (commencing with Section 18711) of Chapter 3 of Part 10.2 of Division 2 of the Revenue and Taxation Code shall be appropriated by the Legislature.

(c) The department may establish positions as needed for the purpose of implementing and administering child abuse and neglect prevention and intervention programs that are funded by the State Children's Trust Fund. However, the department shall use no more than 5 percent of the funds appropriated pursuant to this section for administrative costs.

(d) No children's trust fund money shall be used to supplant state General Fund money for any purpose.

(e) It is the intent of the Legislature that the State Children's Trust Fund provide for all of the following:

(1) The development of a public-private partnership by encouraging consistent outreach to the private foundation and corporate community.

(2) Funds for large-scale dissemination of information that will promote public awareness regarding the nature and incidence of child abuse and the availability of services for intervention. These public awareness activities shall include, but not be limited to, the production of public service announcements, well designed posters, pamphlets, booklets, videos, and other media tools.

(3) Research and demonstration projects that explore the nature and incidence and the development of long-term solutions to the problem of child abuse.

(4) The development of a mechanism to provide ongoing public awareness through activities that will promote the charitable tax deduction for the trust fund and seek continued contributions. These activities may include convening a philanthropic roundtable, developing literature for use by the State Bar for dissemination, and whatever other activities are deemed necessary and appropriate to promote the trust fund.

CHAPTER 631

An act to repeal and add Section 1599.61 of the Health and Safety Code, relating to long-term health care facilities.

[Approved by Governor October 3, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares all of the following:

(1) Many admission agreements of nursing homes in California are unnecessarily long, complicated, and incomprehensible to consumers and their families and representatives.

(2) It is in the best interests of the residents of the nursing homes in California that admission agreements used by nursing homes in California meet the standards required under state and federal laws and that they do not violate the rights of nursing home residents.

(3) There is little uniformity among the over 1,400 nursing home admission agreements in California and the resultant task of reviewing admission agreements for compliance with state and federal laws poses an unnecessary administrative burden and expense.

(4) A uniform, nursing home admission agreement would provide consistency among admission agreements, promote and protect residents' rights, and conserve state resources and funds.

(b) It is the intent of the Legislature to mandate a standard admission agreement to be used for all admissions to skilled nursing facilities, intermediate care facilities, and nursing facilities in California.

SEC. 2. Section 1599.61 of the Health and Safety Code is repealed.

SEC. 3. Section 1599.61 is added to the Health and Safety Code, to read:

1599.61. (a) By January 1, 2000, all skilled nursing facilities, as defined in subdivision (c) of Section 1250, intermediate care

facilities, as defined in subdivision (d) of Section 1250, and nursing facilities, as defined in subdivision (k) of Section 1250, shall use a standard admission agreement developed and adopted by the department. This standard agreement shall comply with all applicable state and federal laws.

(b) (1) No facility shall alter the standard agreement unless so directed by the department.

(2) The department may develop an abbreviated admission agreement for patients whose length of stay is anticipated to be 14 days or less. This abbreviated agreement may be developed to coordinate with the standard admission agreement. If the patient's stay exceeds 14 days, the nursing facility shall obtain agreement to the remainder of the standard admission agreement.

(3) Nothing in this section shall prevent a skilled nursing facility, an intermediate care facility, or a nursing facility from distributing written explanations of facility-specific rules and procedures, provided that the written explanations are not included or incorporated in, or attached to the standard admission agreement, nor signed by the resident or his or her representative.

(c) Subdivisions (a) and (b) shall apply to all new admissions to skilled nursing facilities, intermediate care facilities, and nursing facilities that occur after December 31, 1999.

(d) By January 1, 2000, the department shall consolidate and develop one comprehensive Patients' Bill of Rights that includes the provisions contained in Chapter 3.9 (commencing with Section 1599), the regulatory resident rights for skilled nursing facilities under Section 72527 of Title 22 of the California Code of Regulations, the regulatory resident rights for intermediate care facilities under Section 73523 of Title 22 of the California Code of Regulations, and the rights afforded residents under Section 483.10 et seq. of Title 42 of the Code of Federal Regulations.

This comprehensive Patients' Bill of Rights shall be a mandatory attachment to all skilled nursing facility, intermediate care facility, and nursing facility contracts as specified in Section 1599.74 of this chapter.

(e) By January 1, 2000, the department shall ensure the translation of the Patients' Bill of Rights described in subdivision (d) into Spanish, Chinese, and other languages as needed to provide copies of the Patients' Bill of Rights to members of any ethnic group that represents at least 1 percent of the state's skilled nursing facility, intermediate care facility, and nursing facility population.

(f) Translated copies of the Patients' Bill of Rights shall be made available to all long-term health care facilities in the state, including skilled nursing facilities, intermediate care facilities, and nursing facilities. It shall be the responsibility of the long-term health care facilities to duplicate and distribute the translated versions of the Patients' Bill of Rights with admissions agreements, when appropriate.

(g) Nothing in this section is intended to change existing statutory or regulatory requirements governing the care provided to nursing facility residents. Similarly, nothing in this section is intended to create a new cause of action against a skilled nursing facility, an intermediate care facility, or a nursing facility as defined in Section 1250, related to its compliance with those existing statutory or regulatory requirements governing the care provided to nursing facility residents.

CHAPTER 632

An act to amend Sections 1368 and 1375 of, and to add Sections 1363.1 and 1375.1 to, the Civil Code, relating to common interest developments.

[Approved by Governor October 3, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 1363.1 is added to the Civil Code, to read:

1363.1. (a) A prospective managing agent of a common interest development shall provide a written statement to the board of directors of the association of a common interest development as soon as practicable, but in no event more than 90 days, before entering into a management agreement which shall contain all of the following information concerning the managing agent:

(1) The names and business addresses of the owners or general partners of the managing agent. If the managing agent is a corporation, the written statement shall include the names and business addresses of the directors and officers and shareholders holding greater than 10 percent of the shares of the corporation.

(2) Whether or not any relevant licenses such as architectural design, construction, engineering, real estate, or accounting have been issued by this state and are currently held by the persons specified in paragraph (1). If a license is currently held by any of those persons, the statement shall contain the following information:

(A) What license is held.

(B) The dates the license is valid.

(C) The name of the licensee appearing on that license.

(3) Whether or not any relevant professional certifications or designations such as architectural design, construction, engineering, real property management, or accounting are currently held by any of the persons specified in paragraph (1), including, but not limited to, a professional common interest development manager. If any certification or designation is held, the statement shall include the following information:

(A) What the certification or designation is and what entity issued it.

(B) The dates the certification or designation is valid.

(C) The names in which the certification or designation is held.

(b) As used in this section, a "managing agent" is a person or entity who, for compensation or in expectation of compensation, exercises control over the assets of a common interest development. A "managing agent" does not include either of the following:

(1) A full-time employee of the association.

(2) Any regulated financial institution operating within the normal course of its regulated business practice.

SEC. 2. Section 1368 of the Civil Code is amended to read:

1368. (a) The owner of a separate interest, other than an owner subject to the requirements of Section 11018.6 of the Business and Professions Code, shall, as soon as practicable before transfer of title to the separate interest or execution of a real property sales contract therefor, as defined in Section 2985, provide the following to the prospective purchaser:

(1) A copy of the governing documents of the common interest development.

(2) If there is a restriction in the governing documents limiting the occupancy, residency, or use of a separate interest on the basis of age in a manner different from that provided in Section 51.3, a statement that the restriction is only enforceable to the extent permitted by Section 51.3 and a statement specifying the applicable provisions of Section 51.3.

(3) A copy of the most recent documents distributed pursuant to Section 1365.

(4) A true statement in writing from an authorized representative of the association as to the amount of the association's current regular and special assessments and fees, as well as any assessments levied upon the owner's interest in the common interest development which are unpaid on the date of the statement. The statement shall also include true information on late charges, interest, and costs of collection which, as of the date of the statement, are or may be made a lien upon the owner's interest in a common interest development pursuant to Section 1367.

(5) A copy of the preliminary list of defects provided to each member of the association pursuant to Section 1375, unless the association and the builder subsequently enter into a settlement agreement or otherwise resolve the matter and the association complies with Section 1375.1. Disclosure of the preliminary list of defects pursuant to this paragraph shall not waive any privilege attached to the document. The preliminary list of defects shall also include a statement that a final determination as to whether the list of defects is accurate and complete has not been made.

(6) A copy of the latest information provided for in Section 1375.1.

(7) Any change in the association's current regular and special assessments and fees which have been approved by the association's board of directors, but have not become due and payable as of the date disclosure is provided pursuant to this subdivision.

(b) Upon written request, an association shall, within 10 days of the mailing or delivery of the request, provide the owner of a separate interest with a copy of the requested items specified in paragraphs (1) to (7), inclusive, of subdivision (a). The association may charge a fee for this service, which shall not exceed the association's reasonable cost to prepare and reproduce the requested items.

(c) An association shall not impose or collect any assessment, penalty, or fee in connection with a transfer of title or any other interest except the association's actual costs to change its records and that authorized by subdivision (b).

(d) Any person or entity who willfully violates this section shall be liable to the purchaser of a separate interest which is subject to this section for actual damages occasioned thereby and, in addition, shall pay a civil penalty in an amount not to exceed five hundred dollars ($500). In an action to enforce this liability, the prevailing party shall be awarded reasonable attorneys' fees.

(e) Nothing in this section affects the validity of title to real property transferred in violation of this section.

(f) In addition to the requirements of this section, an owner transferring title to a separate interest shall comply with applicable requirements of Sections 1133 and 1134.

SEC. 3. Section 1375.1 is added to the Civil Code, to read:

1375.1. (a) As soon as is reasonably practicable after the association and the builder have entered into a settlement agreement or the matter has otherwise been resolved regarding alleged defects in the common areas, alleged defects in the separate interests that the association is obligated to maintain or repair, or alleged defects in the separate interests that arise out of, or are integrally related to, defects in the common areas or separate interests that the association is obligated to maintain or repair, where the defects giving rise to the dispute have not been corrected, the association shall, in writing, inform only the members of the association whose names appear on the records of the association that the matter has been resolved, by settlement agreement or other means, and disclose all of the following:

(1) A general description of the defects that the association reasonably believes, as of the date of the disclosure, will be corrected or replaced.

(2) A good faith estimate, as of the date of the disclosure, of when the association believes that the defects identified in paragraph (1) will be corrected or replaced. The association may state that the estimate may be modified.

(3) The status of the claims for defects in the design or construction of the common interest development that were not identified in paragraph (1) whether expressed in a preliminary list of defects sent to each member of the association or otherwise claimed and disclosed to the members of the association.

(b) Nothing in this section shall preclude an association from amending the disclosures required pursuant to subdivision (a), and any amendments shall supersede any prior conflicting information disclosed to the members of the association and shall retain any privilege attached to the original disclosures.

(c) Disclosure of the information required pursuant to subdivision (a) or authorized by subdivision (b) shall not waive any privilege attached to the information.

(d) For the purposes of the disclosures required pursuant to this section, the term "defects" shall be defined to include any damage resulting from defects.

SEC. 4. Section 1375 of the Civil Code is amended to read:

1375. (a) Before an association commences an action for damages against a builder of a common interest development based upon a claim for defects in the design or construction of the common interest development, all of the requirements of subdivisions (b) to (g), inclusive, shall be met, except as otherwise provided in this section.

(b) (1) The association shall give written notice to the builder against whom the claim is made. This notice shall include all of the following:

(A) A preliminary list of defects.

(B) A summary of the results of a survey or questionnaire distributed to homeowners to determine the nature and extent of defects, if this survey has been conducted or a questionnaire has been distributed.

(C) Either a summary of the results of testing conducted to determine the nature and extent of defects or the actual test results, if this testing has been conducted.

(2) The association's notice shall, upon delivery of the notice to the builder, commence a period of time not to exceed 90 days, unless the association and builder agree to a longer period, during which the association and builder shall either, in accordance with the requirements of this section, attempt to settle the dispute or attempt to agree to submit it to alternative dispute resolution.

(3) (A) Except as provided in this section and notwithstanding any other provision of law, the notice by the association shall, upon mailing, toll all statutory and contractual limitations on actions against all parties who may be responsible for the defects claimed, whether named in the notice or not, including claims for indemnity applicable to the claim, for a period of 150 days or a longer period agreed to in writing by the association and the builder.

(B) At any time, the builder may give written notice to cancel the tolling of the statute of limitations provided in this section. Upon delivery of this written cancellation notice, the association shall be relieved of any further obligation to satisfy the requirements of this subdivision and subdivisions (c) to (e), inclusive. The tolling of all applicable statutes of limitations shall cease 60 days after the written notice of cancellation by the builder is delivered to the association.

(c) (1) Within 25 days of the date the association delivers the notice required by subdivision (b), the builder may request in writing to meet and confer with the board of directors of the association, and to inspect the project and conduct testing, including testing that may cause physical damage to any property in the development, in order to evaluate the claim. If the builder does not make a timely request to meet and confer with the board of directors of the association, or to conduct inspection and testing, the association shall be relieved of any further obligation to satisfy the requirements of this subdivision and subdivisions (d) and (e). Unless the builder and association otherwise agree, the meeting shall take place no later than 10 days from the date of the builder's written request, at a mutually agreeable time and place. The meeting shall be subject to subdivision (g) of Section 1363. The discussions at the meeting are privileged communications and are not admissible in evidence in any civil action, unless the association and builder consent to their admission. The meeting shall be for the purpose of discussing all of the following:

(A) The nature and extent of the claimed defects.

(B) Proposed methods of correction, to the extent there is sufficient information.

(C) Proposals for submitting the dispute to alternative dispute resolution.

(D) Requests from the builder to inspect the project and conduct testing.

(2) If the builder requests in writing to meet and confer with the board of directors of the association pursuant to paragraph (1) of this subdivision, the builder shall deliver the notice provided by the association to the builder pursuant to subdivision (b) to any insurer that has issued a policy to the builder which imposes upon the insurer a duty to defend the insured or indemnify the insured for losses resulting from the defects identified in the notice required by subdivision (b). The notice by the builder shall, upon receipt, impose upon that insurer any obligation which would be imposed under the terms of the policy if the insured had been served with a summons and complaint for damages. The builder shall inform the association when the builder delivers the notice to each insurer pursuant to this paragraph.

(d) (1) If the association conducted inspection and testing prior to the date it sent the written notice pursuant to subdivision (b), the association shall, at the earliest practicable date after the meeting

held pursuant to subdivision (c), make available for inspection and testing at least those areas inspected or tested by the association. The inspection and testing shall be completed within 15 days from the date the association makes these areas available for inspection and testing, unless the association and builder agree to a longer period. If the builder does not timely complete the inspection and testing, the association shall be relieved of any further obligation to satisfy the requirements of this subdivision and subdivision (e). The manner in which the inspection and testing shall be conducted, and the extent of any inspection and testing to be conducted beyond that which was conducted by the association prior to sending the notice, shall be set by agreement of the association and builder.

(2) The builder shall pay all costs of inspection and testing that is requested by the builder, shall restore the property to the condition which existed immediately prior to the testing, and shall indemnify the association and owner of the separate interest for any damages resulting from the testing.

(3) Interior inspections of occupied separate interests and destructive testing of any interior of a separate interest shall be conducted in accordance with the governing documents of the association, unless otherwise agreed to by the owner of the separate interest. If the governing documents of the association do not provide for inspection or testing of separate interests, this inspection or testing shall be conducted in a manner and at a time agreed to by the owner of the separate interest.

(4) The results of the inspection and testing shall not be inadmissible in evidence in any civil action solely because the inspection and testing was conducted pursuant to this section.

(e) (1) Within 30 days of the completion of inspection and testing or within 30 days of a meeting held pursuant to subdivision (c) if no inspection and testing is conducted pursuant to subdivision (d), the builder shall submit to the association all of the following:

(A) A request to meet with the board to discuss a written settlement offer.

(B) A written settlement offer, and a concise explanation of the specific reasons for the terms of the offer. This offer may include an offer to submit the dispute to alternative dispute resolution.

(C) A statement that the builder has access to sufficient funds to satisfy the conditions of the settlement offer.

(D) A summary of the results of testing conducted for the purpose of determining the nature and extent of defects, if this testing has been conducted, unless the association provided the builder with actual test results pursuant to subdivision (b), in which case the builder shall provide the association with actual test results.

(2) If the builder does not timely submit the items required by this subdivision, the association shall be relieved of any further obligation to satisfy the requirements of this subdivision only.

(3) No less than 10 days after the builder submits the items required by this paragraph, the builder and the board of directors of the association shall meet and confer about the builder's settlement offer, including any offer to submit the dispute to alternative dispute resolution.

(f) (1) At any time after the notice required by subdivision (b) is delivered to the builder, the association and builder may agree in writing to modify or excuse any of the time periods or other obligations imposed by this section.

(2) Except for the notice required pursuant to subdivision (g), all notices, requests, statements, or other communications required pursuant to this section shall be delivered by one of the following:

(A) By first-class registered or certified mail, return receipt requested.

(B) In any manner in which it is permissible to serve a summons pursuant to Section 415.10 or 415.20 of the Code of Civil Procedure.

(g) If the board of directors of the association rejects a settlement offer presented at the meeting held pursuant to subdivision (e), the board shall comply with the requirements of paragraph (1) of this subdivision. If the association is relieved of its obligation to satisfy the requirements of subdivisions (a) to (e), inclusive, before all those requirements are satisfied, the association shall comply with the requirements of paragraph (2) of this subdivision. Under no circumstances shall the association be required to comply with both paragraph (1) and paragraph (2) of this subdivision.

(1) (A) If the association's board of directors rejects a settlement offer presented at the meeting held pursuant to subdivision (e), the board shall hold a meeting open to each member of the association. The meeting shall be held no less than 15 days before the association commences an action for damages against the builder.

(B) No less than 15 days before this meeting is held, a written notice shall be sent to each member of the association specifying all of the following:

(i) That a meeting will take place to discuss problems that may lead to the filing of a civil action, and the time and place of this meeting.

(ii) The options that are available to address the problems, including the filing of a civil action and a statement of the various alternatives that are reasonably foreseeable by the association to pay for those options and whether these payments are expected to be made from the use of reserve account funds or the imposition of regular or special assessments, or emergency assessment increases.

(iii) The complete text of any written settlement offer, and a concise explanation of the specific reasons for the terms of the offer submitted to the board pursuant to paragraph (1) of subdivision (e), received from the builder and of any offer by the builder to submit the dispute to alternative dispute resolution.

(iv) The preliminary list of defects provided by the association to the builder pursuant to subdivision (b) and a list of any other documents provided by the association to the builder pursuant to subdivision (b), and information about where and when members of the association may inspect those documents.

(C) The builder shall pay all expenses attributable to sending the settlement offer and any offer for alternative dispute resolution to all members of the association. The builder shall also pay the expense of holding the meeting, not to exceed three dollars ($3) per association member.

(D) The discussions at the meeting and the contents of the notice and the items required to be specified in the notice pursuant to subparagraph (B), are privileged communications and are not admissible in evidence in any civil action, unless the association consents to their admission.

(E) Compliance with this paragraph shall excuse the association from satisfying the requirements of Section 1368.4.

(2) If the association is relieved of its obligation to satisfy the requirements of subdivisions (a) to (e), inclusive, before all those requirements have been satisfied, the association may commence an action for damages against the builder 30 days after sending a written notice to each member specifying all of the following:

(A) The preliminary list of defects provided by the association to the builder pursuant to subdivision (b), and a list of any other documents provided by the association to the builder pursuant to subdivision (b), and information about where and when members of the association may inspect those documents.

(B) The options, including civil actions, that are available to address the problems.

(C) A statement that if 5 percent of the members of the association request a special meeting of the members to discuss the matter within 15 days of the date the notice is mailed or delivered to the members of the association, a meeting of the members shall be held, unless governing documents of the association provide for a different procedure for calling a special meeting of the members, in which case, the statement shall inform the members of that procedure.

(D) Compliance with this paragraph shall excuse the association from satisfying the requirements of Section 1368.4.

(h) (1) The only method of seeking judicial relief for the failure of the association to comply with this section shall be the assertion, as provided for in this subdivision, of a procedural deficiency to an action for damages by the association against the builder after such an action has been filed. A verified application asserting such a procedural deficiency shall be filed with the court no later than 90 days after the answer to the plaintiff's complaint has been served, unless the court finds that extraordinary conditions exist.

(2) Upon the verified application of the association or the builder alleging substantial noncompliance with this section, the court shall

schedule a hearing within 21 days of the application to determine whether the association or builder has substantially complied with this section. The issue may be determined upon affidavits or upon oral testimony, in the discretion of the court.

(3) (A) If the court finds that the association did not substantially comply with this section, the court shall stay the action for up to 90 days to allow the association to establish substantial compliance. The court shall set a hearing within 90 days to determine substantial compliance by the association. At any time, the court may, for good cause shown, extend the period of the stay upon application of the association.

(B) If, within the time set by the court pursuant to this section, the association has not established that it has substantially complied with this section, the court shall determine if, in the interest of justice, the action should be dismissed without prejudice, or if another remedy should be fashioned. Under no circumstances shall the court dismiss the action with prejudice as a result of the association's failure to substantially comply with this section. In determining the appropriate remedy, the court shall consider the extent to which the builder has complied with this section.

(C) If the alleged noncompliance of either the builder or the association resulted from the unreasonable withholding of consent for inspection or testing by an owner of a separate interest, it shall not be considered substantial noncompliance, provided that the party alleged to be out of compliance did not encourage the withholding of consent.

(4) If the court finds that the builder did not pay all of the costs of inspection and testing pursuant to paragraph (3) of subdivision (a), or that the builder did not pay its required share of the costs of holding the meeting and of all expenses attributable to sending the settlement offer pursuant to subparagraph (C) of paragraph (1) of subdivision (g) of this section, the court shall order the builder to pay any deficiencies within 30 days, with interest, and any additional remedy which the court determines, in the interest of justice, should be fashioned.

(i) As used in this section:

(1) "Association" shall have the same meaning as defined in subdivision (a) of Section 1351.

(2) "Builder" means the declarant, as defined in subdivision (g) of Section 1351.

(D) "Common interest development" shall have the same meaning as in subdivision (c) of Section 1351, except that it shall not include developments or projects with less than 20 units.

(d) The authority for a local agency to adopt an ordinance pursuant to this section is an alternative to the authority provided by Section 18941.7, and shall not be used consecutively with Section 18941.7.

(e) An ordinance adopted by a local agency pursuant to subdivision (a) shall not apply to a building or other structure that will be used as a permanent residence.

(f) Prior to the adoption of the ordinance pursuant to subdivision (a), each of the following conditions shall be met:

(1) The use of the building or other structure is not hazardous to life safety, fire safety, health, or sanitation, as determined by the application of state and local building and fire codes and standards by the local building official and fire marshal.

(2) The building or other structure has been transferred by the federal government to a local agency.

(3) The governing body of the local agency adopts a graduated compliance plan which includes all of the following:

(A) Requirements for buildings and structures with:

(ii) No change in occupancy or use with planned alterations.

(iii) Change in occupancy or use with no anticipated alterations.

(iv) Change in occupancy or use with planned alterations.

(B) Requirements for a building and structure compliance inspection and a fire department inspection, and for preparation of inspection reports, prior to issuing a certificate of occupancy.

(C) Requirements for the inspection reports prepared pursuant to subparagraph (B) to be attached to the certificate of occupancy or provided to the occupants of the building or other structure.

(4) In no case shall the membership of the committee contain less than one member from the disciplines set forth in subparagraphs (A) to (C), inclusive, of paragraph (2).

(5) No member appointed to the committee shall be an employee of the local agency.

(6) The committee shall review the draft plan for its consistency with the requirements of this section, and report its written findings and recommendations to the governing board of the local agency. If the committee finds that the draft plan is not consistent with the requirements of this section, the committee shall recommend changes to the draft plan to achieve consistency.

(7) The local agency shall consider the findings and recommendations of the committee. If the committee finds that the draft plan is not consistent with the requirements of this section, the local agency shall take one of the following actions:

(A) Change the draft plan to be consistent with the requirements of this section, as recommended by the committee.

(B) Adopt the draft plan with some of the recommended changes or without changes, provided that the local agency makes written findings that explain the reasons why the local agency believes that the draft plan, as adopted, is consistent with the requirements of this section despite the findings and recommendations of the committee which were not adopted by the local agency.

(8) The local agency shall file a copy of the approved graduated compliance plan with the California Building Standards Commission.

(h) (1) Five years after the commencement of the period for graduated compliance specified in subdivision (b), the local agency shall arrange for the committee to determine whether the buildings or other structures adhere to the graduated compliance plan.

(2) The committee membership shall be governed by subparagraphs (2) to (5) inclusive, of subdivision (g).

(3) If the committee determines that the buildings or other structures do not adhere to the graduated compliance plan, the committee shall recommend to the governing board of the local agency that the local building official should initiate appropriate proceedings to withdraw the certificate of occupancy for that building or structure.

(i) Nothing in this section affects the requirements of state consent to retrocession pursuant to Section 113 of the Government Code.

(j) As used in this section, "local agency" means the County of Riverside, a city within the County of Riverside with jurisdiction over the March Air Force Base or the March Air Reserve Base, or the March Joint Powers Authority.

(k) This section shall be applicable to a building or other structure for which a local agency adopts a graduated compliance plan before January 1, 2000.

(*l*) This section shall remain in effect only until January 1, 2007, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

(m) Nothing in this section shall affect local, state, or federal laws as they relate to access to the disabled.

SEC. 2. This act shall only become operative if AB 1071 of the 1997–98 Regular Session is enacted, and becomes operative on or before January 1, 1998.

SEC. 3. The Legislature finds and declares that a general statute, within the meaning of Section 16 of Article IV of the California Constitution, cannot be made applicable to the unique problems within the County of Riverside, as set forth in Section 1 of this act, and that, therefore this act is necessary.

CHAPTER 634

An act to add and repeal Section 13710.5 of the Business and Professions Code, relating to automotive products.

(1) The chloride content of the recycled engine coolant or antifreeze is less than 150 parts per million (150 ppm).

(2) The recycled engine coolant or antifreeze otherwise complies with standards adopted by the department pursuant to Section 13710 for engine coolants or antifreeze.

(3) The recycled engine coolant or antifreeze passes tests adopted by the department as standard in the industry for storage stability and compatibility, and electrochemical pitting.

(b) The department shall conduct random sampling, at a frequency to be determined by the department, to determine whether the recycled engine coolant or antifreeze subject to a variance granted pursuant to this section complies with the conditions of the variance.

(c) As used in this section, "engine coolant" or "antifreeze" includes prediluted engine coolant or antifreeze.

(d) This section shall remain in effect only until January 1, 2000, or until 150 days after the formal adoption by the American Society for Testing and Materials of standards for recycled engine coolants or antifreeze, whichever occurs first, and as of that date is repealed, unless a later enacted statute deletes or extends that date.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 635

An act to amend Section 100.3 of the Revenue and Taxation Code, relating to public finance.

[Approved by Governor October 3, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 100.3 of the Revenue and Taxation Code is amended to read:

100.3. Notwithstanding any other provision of this chapter, in the County of Santa Cruz, the auditor shall, for the 1997–98 and future fiscal years, upon the written mutual agreement of the county and an enterprise district, deposit those property tax revenues that would otherwise be allocated to that enterprise special district in a Supplemental Allocation Fund. The county board of supervisors shall allocate moneys in the fund to either enterprise special districts or the county's parks and recreation special district listed as County Service Area Number 11 in the State Controller's Annual Report of Financial Transactions concerning Special Districts of California, Fiscal Year 1994–95. A written mutual agreement as described in this section may terminate upon a specified date, on or after which all revenues that would be otherwise subject to that agreement shall instead be allocated to the enterprise special district, unless the term of the agreement is extended, or a new written mutual agreement is entered into by the county and the enterprise special district, prior to that specified date.

CHAPTER 636

An act to amend Section 1236 of, and to add Section 1237 to, the Unemployment Insurance Code, relating to unemployment.

[Approved by Governor October 3, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 1236 of the Unemployment Insurance Code is amended to read:

1236. Any civil employment tax matter dispute arising under Article 8 (commencing with Section 1126), Article 9 (commencing with Section 1176), or Article 11 (commencing with Section 1221), may be settled under the following conditions:

(a) (1) The director may approve a settlement of a civil employment tax matter in dispute involving a reduction of tax in settlement of seven thousand five hundred dollars ($7,500) or less. However, once an appeal of an employment tax matter dispute has been filed with the appeals board, the appeal has been assigned to an administrative law judge, and a notice of hearing has been issued, approval of the settlement by the assigned administrative law judge shall be obtained. If the decision of the administrative law judge has been appealed, approval of the appeals board shall be obtained. A proposed settlement shall be grounds for continuance of the scheduled hearing until the Attorney General has completed a review of the proposed settlement. "Civil employment tax matters in dispute" means those matters that are the subject of protests, appeals, or refund claims.

(2) Except as provided by paragraph (3), each proposed settlement shall be submitted to the Attorney General. Within 30 days of receiving that proposed settlement, the Attorney General shall review the recommendation and advise, in writing, of his or her conclusions as to whether the recommendation is reasonable from an overall perspective. If the Attorney General determines that the settlement is reasonable from an overall perspective, the director, and the administrative law judge or the appeals board, as applicable, may then determine if a settlement will be approved.

(3) A settlement of any civil employment tax matter dispute involving a reduction of tax or penalties in settlement, the total of which reduction of tax and penalties in settlement does not exceed five thousand dollars ($5,000), may be approved by the director, and the administrative law judge or the appeals board, as applicable, without prior submission to the Attorney General.

(b) The director may recommend to the appeals board a settlement of a civil employment tax matter dispute involving a reduction in tax and exceeding seven thousand five hundred dollars ($7,500) and arising under Article 8 (commencing with Section 1126), Article 9 (commencing with Section 1176), or Article 11 (commencing with Section 1221). Each proposed settlement shall be submitted to the Attorney General in the same manner as described in subdivision (a).

(c) Whenever a reduction of tax or penalties or total tax and penalties in excess of five hundred dollars ($500) is approved pursuant to this section, there shall be placed on file in the office of

the director a public record with respect to that settlement. The public record shall include, but need not be limited to, all of the following information:

(1) The name or names of the taxpayers who are parties to the settlement.

(2) The total amount involved.

(3) The amount payable or refundable pursuant to the settlement.

(4) A summary of the reasons why the settlement is in the best interests of the state.

(5) The Attorney General's conclusion as to whether the recommendation of settlement was reasonable from an overall perspective.

The public record shall not include any information that relates to any trade secret, patent, process, style of work, apparatus, business secret, or organizational structure that, if disclosed, would adversely affect the taxpayer or the national defense.

(d) All settlements entered into pursuant to this section shall be final and nonappealable, except upon a showing of fraud or misrepresentation with respect to a material fact.

(e) Any proceedings undertaken by the appeals board relating to a settlement as described in this section shall be conducted in a closed session or sessions. Except as provided in subdivision (c), any settlement entered into pursuant to this section shall constitute confidential tax information.

(f) Any settlement of a civil employment tax matter arising out of a disagreement between the department and the employing unit on the status of a worker as an employee or an independent contractor may also include an agreement on the prospective classification of that worker and any worker similarly situated for employment tax purposes, except as provided in subdivision (g).

(g) If a settlement includes a commitment on the prospective status of workers or reporting responsibilities of the employer, then the following shall apply:

(1) The settlement shall not operate to deprive workers of their eligibility for unemployment, workers' compensation, or disability insurance benefits.

(2) The commitment concerning the status of workers or reporting responsibilities of the employer will terminate if there is a change in material facts, a change in an applicable statute, or a ruling by the appeals board on the workers or employer subject to the settlement that is contrary to the commitment.

(h) For purposes of this section, settlement is defined as a compromise on the amount of the tax liability, consistent with the reasonable evaluation of the costs and risks associated with litigation of these matters.

(i) The amendments to this section made in the 1997 portion of the 1997–98 Regular Session shall become operative January 1, 1998.

SEC. 2. Section 1237 is added to the Unemployment Insurance Code, to read:

1237. (a) No business entity shall discharge or otherwise discriminate against any person because he or she has sought information from the department concerning his or her rights under this code or the Labor Code, cooperated with any investigation undertaken by the department, or has testified or is about to testify in any proceeding brought pursuant to this code or the Labor Code.

(b) Any employee who believes that his or her rights under subdivision (a) have been violated may file a complaint with the Labor Commissioner, and with respect to that complaint shall be entitled to the same rights, remedies, and procedures as are applicable for a violation of Section 98.6 of the Labor Code.

CHAPTER 637

(p) A pupil may not be suspended or expelled for any of the acts enumerated unless that act is related to school activity or school attendance occurring within a school under the jurisdiction of the superintendent or principal or occurring within any other school district. A pupil may be suspended or expelled for acts that are enumerated in this section and related to school activity or attendance that occur at any time, including, but not limited to, any of the following:

SECTION 1. Section 101305 of the Health and Safety Code is amended to read:

101305. Any counties that were eligible for organization and operation of local public health services by the department pursuant to former Section 1157, as amended by Section 130 of Chapter 429 of the Statutes of 1978, as of January 1, 1988, shall continue to be eligible, notwithstanding an increase in total population beyond the 40,000 population limit of that section.

This section shall remain in effect until January 1, 1999, and on that date is repealed, unless a later enacted statute, that becomes effective on or before January 1, 1999, deletes or extends that date.

CHAPTER 640

An act to add Section 51223.1 to the Education Code, relating to education.

The people of the State of California do enact as follows:

SECTION 1. Section 51223.1 is added to the Education Code, to read:

51223.1. (a) (1) The Legislature finds and declares all of the following:

(A) The Education Code currently mandates 200 minutes of physical education every 10 days for pupils in elementary school. Recent studies have shown that the vast majority of children and youth are not physically fit.

(B) According to a March 1997 report by the Centers for Disease Control, the percentage of children and adolescents who are overweight has more than doubled in the last 30 years. Most of this increase occurred in the last 10 years.

(C) Nearly 40 percent of children of ages five to eight years have health conditions that significantly increase their risk of early heart disease.

(D) Some 70 percent of girls, and 40 percent of boys, who are from 6 to 12 years of age do not have enough muscle strength to do more than one pullup.

(E) Most children lead inactive lives. On the average, first through fourth graders spend two hours watching television on schooldays and spend close to three and one-half hours watching television on weekend days.

(2) It is, therefore, the intent of the Legislature that all children shall have access to a high-quality, comprehensive, and developmentally appropriate physical education program on a regular basis.

(b) (1) Each school district selected by the Superintendent of Public Instruction pursuant to paragraph (2) shall report to the Superintendent of Public Instruction in the Coordinated Compliance Review as to the extent of its compliance with subdivision (a) of Section 51222 and Section 51223 during that school year.

(2) The Superintendent of Public Instruction shall select not less than 10 percent of the school districts of the state to report compliance with the provisions set forth in paragraph (1). The school districts selected shall provide a random and accurate sampling of the state as a whole.

(c) For purposes of determining compliance with these provisions, the Superintendent of Public Instruction shall not count the time spent in recesses and the lunch period.

(d) A school district that fails to comply with the existing statutory requirements shall issue a corrective plan to the State Department of Education within one year of receiving a noncompliance notification from the department.

(e) This section shall not be applicable to high schools.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

(2) In order to maintain the exemption from registration granted under this subdivision for a truck tractor, when combined with a semitrailer, the owner of that truck tractor shall not operate it during the exemption period in any manner other than as a cotton module mover, as defined in Section 36012, and shall do all of the following:

(A) Register the vehicle with the department before operating it as a commercial motor vehicle.

(B) Apply to the department on a yearly basis for any renewal of the exemption from registration.

The Commissioner of the California Highway Patrol may, by regulation, prohibit the vehicles specified in this subdivision from operating on specific routes. These vehicles shall not be operated laden on the highway for more than two miles from the point of origin and shall not be operated for more than 30 miles unladen on the highway from the point of origin. score on the out-of-state examination at least equal to the score required to pass the licensing examination administered in California.

(4) Nothing in this chapter shall preclude the board from permitting a person who has completed a portion of his or her educational program, as determined by the board, in a veterinary college, recognized by the board under Section 4846, to take any examination or any part thereof prior to satisfying the requirements for application for a license established by Section 4846.

(b) The board may waive the examination requirements of subdivision (a), and issue a license to an applicant to practice veterinary medicine, if the applicant meets all of the following requirements and would not be denied issuance of a license by any other provision of this code:

(1) The applicant is licensed in one or more other states in which the board has determined that he or she has taken and passed a licensing examination, and a written practical or written practice examination, equivalent in scope and subject matter to the California state board examination.

(2) The applicant has been lawfully and continuously engaged in the practice of veterinary medicine for four years or more in one or more states immediately preceding filing his or her application for licensure in this state.

(3) The applicant has graduated from a veterinary college recognized by the board under Section 4846. In the case of an applicant who is not a graduate of a veterinary college recognized by the board, he or she shall possess a certificate issued by the Educational Commission for Foreign Veterinary Graduates.

(4) The board determines that no disciplinary action has been taken against the applicant by any public agency concerned with the practice of veterinary medicine and that the applicant has not been the subject of adverse judgments resulting from the practice of veterinary medicine which the board determines constitutes evidence of a pattern of incompetence or negligence.

(5) The applicant passes a practicing veterinarian examination administered by the board or a committee or organization authorized by the board. It may be oral or practical or clinical in nature and full consideration shall be given to the duration and character of the applicant's practice.

SEC. 19. Section 4850 of the Business and Professions Code is amended to read:

4850. Every person holding a license under this chapter shall conspicuously display a copy of the license in his or her principal place of business.

SEC. 20. Section 4852 of the Business and Professions Code is amended to read:

4852. Every person holding a license issued under this chapter who changes his or her mailing address shall notify the board of his

or her new mailing address within 30 days of the change. The board shall not renew the license of any person who fails to comply with this section unless the person pays the penalty fee prescribed in Section 4905. An applicant for the renewal of a license shall specify in his or her application whether he or she has changed his or her mailing address and the board may accept that statement as evidence of the fact.

SEC. 21. Section 4853 of the Business and Professions Code is amended to read:

4853. (a) All premises where veterinary medicine, veterinary dentistry, veterinary surgery, and the various branches thereof is being practiced shall be registered with the board. The certificate of registration shall be on a form prescribed in accordance with Section 164.

(b) "Premises" for the purpose of this chapter shall include a building, kennel, mobile unit, or vehicle. Mobile units and vehicles shall be exempted from independent registration with the board when they are operated from a building or facility which is the licensee manager's principal place of business and the building is registered with the board, and the registration identifies and declares the use of the mobile unit or vehicle.

(c) Every application for registration of veterinary premises shall set forth in the application the name of the responsible licensee manager who is to act for and on behalf of the licensed premises. Substitution of the responsible licensee manager may be accomplished by application to the board if the following conditions are met:

(1) The person substituted qualifies by presenting satisfactory evidence that he or she possesses a valid, unexpired, and unrevoked license as provided by this chapter and that the license is not currently under suspension.

(2) No circumvention of the law is contemplated by the substitution.

SEC. 22. Section 4856 of the Business and Professions Code is amended to read:

4856. (a) All records required by law to be kept by a veterinarian subject to this chapter, including, but not limited to, records pertaining to diagnosis and treatment of animals and records pertaining to drugs or devices for use on animals, shall be open to inspection by the board, or its authorized representatives, during an inspection as part of a regular inspection program by the board, or during an investigation initiated in response to a complaint that a licensee has violated any law or regulation that constitutes grounds for disciplinary action by the board. A copy of all those records shall be provided to the board immediately upon request.

(b) Equipment and drugs on the premises, or any other place, where veterinary medicine, veterinary dentistry, veterinary surgery, or the various branches thereof is being practiced, or otherwise in the

possession of a veterinarian for purposes of that practice, shall be open to inspection by the board, or its authorized representatives, during an inspection as part of a regular inspection program by the board, or during an investigation initiated in response to a complaint that a licensee has violated any law or regulation that constitutes grounds for disciplinary action by the board.

SEC. 23. Section 4883 of the Business and Professions Code is amended to read:

4883. The board may deny, revoke, or suspend a license or assess a fine as provided in Section 4875 for any of the following:

(a) Conviction of a crime substantially related to the qualifications, functions, or duties of veterinary medicine, surgery, or dentistry, in which case the record of the conviction shall be conclusive evidence.

(b) For having professional connection with, or lending one's name to, any illegal practitioner of veterinary medicine and the various branches thereof.

(c) Violation or attempting to violate, directly or indirectly, any of the provisions of this chapter.

(d) Fraud or dishonesty in applying, treating or reporting on tuberculin or other biological tests.

(g) Unprofessional conduct, that includes, but is not limited to, the following:

(1) Conviction of a charge of violating any federal statutes or rules or any statute or rule of this state, regulating dangerous drugs or controlled substances. The record of the conviction is conclusive evidence thereof. A plea or verdict of guilty or a conviction following a plea of nolo contendere is deemed to be a conviction within the meaning of this section. The board may order the license suspended or revoked, or assess a fine, or decline to issue a license, when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under Section 1203.4 of the Penal Code allowing the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information or indictment.

(2) (A) The use of or prescribing for or administering to himself or herself, any controlled substance.

(B) The use of any of the dangerous drugs specified in Section 4211, or of alcoholic beverages to the extent, or in any manner as to be dangerous or injurious to a person licensed under this chapter, or to any other person or to the public, or to the extent that the use impairs the ability of the person so licensed to conduct with safety the practice authorized by the license.

(C) The conviction of more than one misdemeanor or any felony involving the use, consumption or self-administration of any of the substances referred to in this section or any combination thereof and the record of the conviction is conclusive evidence.

A plea or verdict of guilty or a conviction following a plea of nolo contendere is deemed to be a conviction within the meaning of this section. The board may order the license suspended or revoked or assess a fine, or may decline to issue a license, when the time for appeal has elapsed or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending imposition of sentence, irrespective of a subsequent order under Section 1203.4 of the Penal Code allowing the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment.

(j) Aiding or abetting in any acts that are in violation of any of the provisions of this chapter.

(k) The employment of fraud, misrepresentation, or deception in obtaining the license.

(*l*) The revocation, suspension, or other discipline by another state or territory of a license or certificate to practice veterinary medicine in that state or territory.

(m) Cruelty to animals, conviction on a charge of cruelty to animals, or both.

(n) Disciplinary action taken by any public agency in any state or territory for any act substantially related to the practice of veterinary medicine.

(o) Violation, or the assisting or abetting violation, of any regulations adopted by the board pursuant to this chapter.

SEC. 24. Section 4905 of the Business and Professions Code is amended to read:

4905. The following fees shall be collected by the board and shall be credited to the Veterinary Medical Board Contingent Fund:

(a) The fee for filing an application for examination shall be set by the board in an amount it determines is reasonably necessary to provide sufficient funds to carry out the purpose of this chapter, but not to exceed one hundred dollars ($100).

(b) The fee for the licensing examination shall be set by the board in an amount it determines is reasonably necessary to provide sufficient funds to carry out the purpose of this chapter, not to exceed three hundred twenty-five dollars ($325).

(c) The fee for the California state board examination shall be set by the board in an amount it determines is reasonably necessary to provide sufficient funds to carry out the purpose of this chapter, not to exceed one hundred fifty dollars ($150).

(d) The initial license fee shall be set by the board at not more than two hundred fifty dollars ($250) except that, if the license is issued less than one year before the date on which it will expire, then the fee shall be set by the board at not more than one hundred twenty-five dollars ($125). The board may, by appropriate regulation, provide for the waiver or refund of the initial license fee where the license is issued less than 45 days before the date on which it will expire.

(e) The renewal fee shall be set by the board for each biennial renewal period in an amount it determines is reasonably necessary to provide sufficient funds to carry out the purpose of this chapter, but not to exceed two hundred fifty dollars ($250).

(f) The delinquency fee shall not exceed twenty-five dollars ($25).

(g) The fee for issuance of a duplicate license is ten dollars ($10).

(h) The board may make a charge for records, transcripts, and other official documents pertaining to the affairs of the board.

(i) The fee for failure to report a change in the mailing address is fifteen dollars ($15).

(j) The initial and annual renewal fees for registration of veterinary premises shall be set by the board in an amount not to exceed one hundred dollars ($100) annually.

(k) If the money transferred from the Veterinary Medical Board Contingent Fund to the General Fund pursuant to the Budget Act of 1991 is redeposited into the Veterinary Medical Board Contingent Fund, the fees assessed by the board shall be reduced correspondingly. However, the reduction shall not be so great as to cause the Veterinary Medical Board Contingent Fund to have a reserve of less than three months of annual authorized board expenditures. The fees set by the board shall not result in a Veterinary Medical Board Contingent Fund reserve of more than 10 months of annual authorized board expenditures.

CHAPTER 643

An act to amend Section 6250 of, and to add Section 6250.5 to, the Penal Code, relating to corrections.

[Approved by Governor October 3, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The Department of Corrections currently has jurisdiction over more than 145,000 inmates in custody.

(b) Approximately 70 percent of state prison inmates had a substance abuse problem immediately before their arrest and conviction.

(c) More than 65 percent of state parolees will reoffend, causing their paroles to be revoked, which will cost the state more money in reincarceration costs.

(d) State prison facilities are severely overcrowded and unable to offer meaningful therapeutic drug treatment programs to the vast majority of inmates who are scheduled for parole.

(e) The therapeutic drug program at the Richard J. Donovan Correctional Facility in San Diego has proven to be very successful. Results from that facility indicate that only 16 percent of inmates who successfully completed that drug program reoffended and were returned to custody within two years.

(f) It would substantially benefit the Department of Corrections and society to break the cycle of recidivism by offering a therapeutic drug treatment program to more inmates, in facilities that are solely designed and staffed to address the issues of addiction and focused on returning inmates to society as functioning, employable people.

(g) The department currently spends twenty-one thousand dollars ($21,000) per inmate per year and has a budget of $3.8 billion.

(h) It would substantially benefit the taxpayers of this state to provide a privately owned and operated therapeutic drug treatment facility for more inmates at a cost that is less than the average cost of incarceration.

(i) It is, therefore, the intent of the Legislature that the Department of Corrections contract for 3,000 beds for a therapeutic drug treatment program, 2,000 of which would be dedicated for men and 1,000 for women who are about to reenter society. It is also the intent of the Legislature that the department ensure that training and programming at the facilities where the beds are located are focused on preparing the inmates for return to society with employable skills, and an understanding of how to be a good employee, a functioning family member, and a successful parolee.

SEC. 2. Section 6250 of the Penal Code is amended to read:

6250. (a) The Director of Corrections may establish and operate facilities to be known as community correctional centers. The director may enter into a long-term agreement, not to exceed 20 years, for transfer of prisoners to, or placement of prisoners in, community correctional centers.

(b) No later than 30 days after the department has designated a site as a potential site, the director shall notify the county board of

supervisors or city council in whose jurisdiction the center may be located. The notification shall set forth the specifics of the site location, design, and operational characteristics for the facility. The department shall not contract for the facility until it has received and reviewed the comments of every local agency notified under this section or the expiration of 60 days after having given notice to the local agency, whichever occurs first.

Upon receipt of the notice, the city, county, or city and county may hold a public hearing concerning the impact of the facility on the community. At the conclusion of the public hearing, the city, county, or city and county may make a recommendation to the department as to the appropriateness of the proposed site, specific design and operational features to help make the facility more compatible with the community, and alternative locations, if appropriate.

Upon receipt of comments and recommendations, the department shall determine whether to proceed with the facility, to modify the proposal, or to select an alternative site. If the department selects a site recommended by the local agency after a hearing conducted pursuant to this section, no further review or hearings are required by this subdivision.

(c) The notice referred to in subdivision (b) may be delivered by hand or sent by any form of mail requiring a return receipt. Failure to provide the notice shall be grounds for extinguishing the contract upon motion of the board of supervisors or city council.

(d) The Director of Corrections shall not change the use of or significantly increase the capacity of a community correctional center established pursuant to subdivision (a) unless the director has first notified the county board of supervisors or city council in whose jurisdiction the center is located at least 30 days prior to the change of use or capacity. Failure to provide the notice shall be grounds for enjoining the change in use or capacity.

SEC. 3. Section 6250.5 is added to the Penal Code, to read:

6250.5. (a) The Director of Corrections may contract for the establishment and operation of community correctional facilities that offer programs for the treatment of addiction to alcohol or controlled substances based on the therapeutic community model, only if the cost per inmate of operating the facilities will be less than the cost per inmate of operating similar state facilities. The Legislature finds and declares that the purpose of a therapeutic community program, which emphasizes alcohol and controlled substance rehabilitation, is to substantially increase the likelihood of successful parole for those inmates.

(b) Each facility under contract pursuant to this section shall provide programs that prepare each inmate for successful reintegration into society. Those programs shall involve constant counseling in drug and alcohol abuse, employment skills, victim awareness, and family responsibility, and generally shall prepare each inmate for return to society. The programs also shall emphasize

literacy training and use computer-supported training so that inmates may improve their reading and writing skills. The program shall include postincarceration counseling and care in order to ensure a greater opportunity for success.

(c) The department may enter into a long-term agreement, not to exceed 20 years, for transfer of prisoners to, or placement of prisoners in, facilities under contract pursuant to this section.

(d) The department shall provide for the review of any agreement entered into under this section to determine if the contractor is in compliance with the terms of this section. The review shall be conducted at least every five years. The department may revoke any agreement if the contractor is not in compliance with this section.

(e) Notwithstanding the Public Contract Code or Article 10 (commencing with Section 1200) of Title 15 of the California Code of Regulations, the Department of Corrections shall select an independent contractor to conduct an annual audit and cost comparison evaluation of any programs established under this section. Any contract for annual audits and evaluation shall provide that the annual report, whether in final or draft form, and all working papers and data, shall be available for immediate review upon request by the department.

CHAPTER 644

An act to amend Section 2106 of the Streets and Highways Code, relating to highways, and making an appropriation therefor.

[Approved by Governor October 3, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) In its recent publication, "The National Bicycling and Walking Study," the United States Department of Transportation established as a goal the doubling of the total number of trips made by bicycling and walking, thus requiring a commitment by state and local governments to match the federal effort.

(b) Bicycling is a very productive physical activity because it accomplishes both travel and exercise simultaneously.

(c) One percent of all trips in the state are made on bicycles, yet the level of state funding for bicycle projects is far lower than the demand would indicate and has never equaled that demand.

(d) The current annual appropriation to the Bicycle Lane Account of three hundred sixty thousand dollars ($360,000) is a very

small fraction of the state's five billion nine hundred million dollar ($5,900,000,000) transportation budget.

(e) The annual appropriation to the Bicycle Lane Account has not increased in 25 years, despite significant inflation and increased demand for bicycle facilities.

(f) Adequate funding for bicycle facilities, including bicycle lanes, off-street trails, showers, and good quality parking areas would encourage higher levels of ridership and enable safer ridership.

(g) Bicycle projects and programs are very inexpensive when compared to other transportation projects and programs. Yet, beneficial impacts can be achieved statewide for a relatively small investment in bicycle projects and programs.

SEC. 2. Section 2106 of the Streets and Highways Code is amended to read:

2106. A sum equal to the net revenue derived from one and four one-hundredths cent ($0.0104) per gallon tax under the Motor Vehicle Fuel License Tax Law (Part 2 (commencing with Section 7301) of Division 2 of the Revenue and Taxation Code) shall be apportioned monthly from the Highway Users Tax Account in the Transportation Tax Fund among the counties and cities as provided in this section.

The amounts available under this section shall be apportioned, as follows:

(a) Four hundred dollars ($400) per month shall be apportioned to each city and city and county and eight hundred dollars ($800) per month shall be apportioned to each county and city and county.

(b) The following amounts shall be transferred to the Bicycle Lane Account in the State Transportation Fund during the following calendar years:

(1) During 1998, one million dollars ($1,000,000).

(2) During 1999, one million dollars ($1,000,000).

(3) During 2000, one million dollars ($1,000,000).

(4) During 2001, two million dollars ($2,000,000).

(5) During 2002, two million dollars ($2,000,000).

(6) During 2003, three million dollars ($3,000,000).

(7) During 2004, and annually thereafter, five million dollars ($5,000,000).

(c) The balance shall be apportioned, as follows:

(1) A base sum shall be computed for each county by using the same proportions of fee-paid and exempt vehicles as are established for purposes of apportionment of funds under subdivision (d) of Section 2104.

(2) For each county, the percentage of the total assessed valuation of tangible property subject to local tax levies within the county which is represented by the assessed valuation of tangible property outside the incorporated cities of the county shall be applied to its base sum, and the resulting amount shall be apportioned to the county. The assessed valuation of taxable tangible property, for

purposes of this computation, shall be that most recently used for countywide tax levies as reported to the Controller by the State Board of Equalization. If an incorporation or annexation is legally completed following the base sum computation, the new city's assessed valuation shall be deducted from the county's assessed valuation, the estimate of which may be provided by the State Board of Equalization.

(3) The difference between the base sum for each county and the amount apportioned to the county shall be apportioned to the cities of that county in the proportion that the population of each city bears to the total population of all the cities in the county. Populations used for determining apportionment of money under Section 2107 are to be used for purposes of this section.

CHAPTER 645

An act to amend Sections 17913, 17920, 17920.9, 17921, 17922.8, 17924, 17927, 17952, 17958, 17958.1, 17958.5, 17958.7, 18928, and 18941.7 of, and to add and repeal Section 18941.9 of, the Health and Safety Code, relating to building standards.

The department shall enforce building standards published in the California Building Standards Code relating to foam building systems, and other rules and regulations adopted by the department or by federal law. Each manufacturer of foam building systems shall have any foam building system manufactured for use in any building, factory-built housing, or mobilehome listed and labeled by an approved testing agency certifying that the system meets fire safety and fire-resistant building standards published in the California Building Standards Code. The department shall consult with all available public and private sources to assist in the development of the building standards and other rules and regulations.

(b) The department shall make inspections of the manufacture of such foam building systems which it determines are necessary to insure compliance with the requirements of subdivision (a).

SEC. 8. Section 17952 of the Health and Safety Code is amended to read:

17952. (a) In the event of nonenforcement of this part, or the building standards published in the California Building Standards Code, or the other rules and regulations promulgated pursuant to the provisions of this part, such provisions, building standards or other rules and regulations shall be enforced by the department in any city or county after the department has given written notice to the governing body of that city or county or fire protection district, as the case may be, of a violation of this part, those building standards, or the other rules or regulations promulgated pursuant to the provisions of this part and the city or county has failed to initiate proceedings to secure correction of the violation within 30 days of the date of that notice. The city or county or fire protection district may request a hearing before the department pursuant to Section 17930 within the 30 days to show cause for nonenforcement. Enforcement by the department shall not be initiated until the decision of the

department, adverse to the city or county or fire protection district, is rendered.

(b) In the event of enforcement by the department pursuant to subdivision (a), the costs incurred by the department for such enforcement shall be borne by such city, or county, or city and county, or fire protection district. The department may assess fees to defray the costs of enforcement, thereby reducing the cost to be borne by the city, county, city and county, or fire protection district, but the department need not assess such fees and may not require the city, county, city and county, or fire protection district to assess fees to offset department costs.

SEC. 9. Section 17958 of the Health and Safety Code is amended to read:

17958. Except as provided in Sections 17958.8 and 17958.9, any city or county may make changes in the provisions adopted pursuant to Section 17922 and published in the California Building Standards Code or the other regulations thereafter adopted pursuant to Section 17922 to amend, add, or repeal ordinances or regulations which impose the same requirements as are contained in the provisions adopted pursuant to Section 17922 and published in the California Building Standards Code or the other regulations adopted pursuant to Section 17922 or make changes or modifications in those requirements upon express findings pursuant to Sections 17958.5 and 17958.7. If any city or county does not amend, add, or repeal ordinances or regulations to impose those requirements or make changes or modifications in those requirements upon express findings, the provisions published in the California Building Standards Code or the other regulations promulgated pursuant to Section 17922 shall be applicable to it and shall become effective 180 days after publication by the California Building Standards Commission. Amendments, additions, and deletions to the California Building Standards Code adopted by a city or county pursuant to Section 17958.7, together with all applicable portions of the California Building Standards Code, shall become effective 180 days after publication of the California Building Standards Code by the California Building Standards Commission.

17958.1. Notwithstanding Sections 17922, 17958, and 17958.5, a city or county may, by ordinance, permit efficiency units for occupancy by no more than two persons which have a minimum floor area of 150 square feet and which may also have partial kitchen or bathroom facilities, as specified by the ordinance. In all other respects, these efficiency units shall conform to minimum standards for those occupancies otherwise made applicable pursuant to this part.

"Efficiency unit," as used in this section, has the same meaning specified in the Uniform Building Code of the International

Conference of Building Officials, as incorporated by reference in Chapter 2-12 of Part 2 of Title 24 of the California Code of Regulations.

SEC. 11. Section 17958.5 of the Health and Safety Code is amended to read:

17958.5. Except as provided in Section 17922.6, in adopting the ordinances or regulations pursuant to Section 17958, a city or county may make such changes or modifications in the requirements contained in the provisions published in the California Building Standards Code and the other regulations adopted pursuant to Section 17922 as it determines, pursuant to the provisions of Section 17958.7, are reasonably necessary because of local climatic, geological, or topographical conditions.

For purposes of this subdivision, a city and county may make reasonably necessary modifications to the requirements, adopted pursuant to Section 17922, contained in the provisions of the code and regulations on the basis of local conditions.

SEC. 12. Section 17958.7 of the Health and Safety Code is amended to read:

17958.7. (a) Except as provided in Section 17922.6, the governing body of a city or county, before making any modifications or changes pursuant to Section 17958.5, shall make an express finding that such modifications or changes are reasonably necessary because of local climatic, geological or topographical conditions. Such a finding shall be available as a public record. A copy of those findings, together with the modification or change expressly marked and identified to which each finding refers, shall be filed with the California Building Standards Commission. No modification or change shall become effective or operative for any purpose until the finding and the modification or change have been filed with the California Building Standards Commission.

(b) The California Building Standards Commission may reject a modification or change filed by the governing body of a city or county if no finding was submitted.

SEC. 13. Section 18928 of the Health and Safety Code is amended to read:

18928. (a) Each state agency adopting or proposing adoption of a model code, national standard, or specification shall reference the most recent edition of applicable model codes, national standards, or specifications.

(b) Each state agency adopting or proposing adoption of a model code, national standard, or specification shall adopt or propose adoption of the most recent editions of the model codes, as amended or proposed to be amended by the adopting agency, within one year after the date of publication of the model codes, national standards, or specifications. The "date of publication of a model code, national standard, or specification" is either of the following:

(1) The date of publication printed in the model code, national standard, or specification. If only a month and year are shown by the model code, national standard, or specification adopting agency or body, the date of publication shall be considered to be the last day of the month shown.

(2) The date determined by the commission, if no publication date is shown in the model code, national standard, or specification. The commission shall notify all adopting agencies of its determination within 15 days.

(c) If the adopting agencies fail to comply with subdivision (b), the commission shall convene a committee to recommend to the commission the adoption, amendment, or repeal, on the agencies' behalf, of the most recent editions of the model codes, national standards, or specifications and necessary state standards.

SEC. 14. Section 18941.7 of the Health and Safety Code is amended to read:

18941.7. (a) The governing body of a city, county, city and county, or a joint powers agency which has been authorized to adopt and administer building and fire safety codes and standards may adopt an ordinance that allows a building or other structure located on a military base selected for closure by action of the federal Defense Base Closure and Realignment Commission to comply with this part and Division 12 (commencing with Section 13000), or any regulations or standards promulgated pursuant to this part, in a graduated manner over a period of no more than three years from the earlier of either the date the property has been transferred by, or the date a lease is entered into with, the federal government pursuant to paragraph (2), if all of the following conditions are met:

(2) The building or other structure has been transferred by the federal government to the city, county, city and county, redevelopment agency, joint powers agency, or reuse entity or is under a lease between the city, county, city and county, redevelopment agency, joint powers agency, or reuse entity and the federal government.

(d) This section shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later-enacted statute, that is enacted before January 1, 2003, deletes, or extends that date.

SEC. 15. Section 18941.9 is added to the Health and Safety Code, to read:

18941.9. (e) An ordinance adopted by a local agency pursuant to subdivision (a) shall not apply to a building or other structure that will be used as a residence.

(f) Prior to the adoption of the ordinance pursuant to subdivision (a), each of the following conditions shall be met:

(2) The building or other structure has been transferred by the federal government to the local agency or is under a lease between the local agency and the federal government.

(3) The governing body of the local agency adopts a graduated compliance plan which includes all of the following:

association. The engineer, architect, or building inspector shall not be an employee of the local agency.

(2) The engineer, architect, or building inspector shall review the draft plan for its consistency with the requirements of this section, and report his or her written findings and recommendations to the local agency. If the engineer, architect, or building inspector finds that the draft plan is not consistent with the requirements of this section, the engineer, architect, or building inspector shall recommend changes to the draft plan to achieve consistency.

(3) The local agency shall consider the findings and recommendations of the engineer, architect, or building inspector. If the engineer, architect, or building inspector finds that the draft plan is not consistent with the requirements of this section, the local agency shall take one of the following actions:

(B) Adopt the draft plan with some of the recommended changes or without changes, provided that the local agency makes written findings that explain the reasons why the local agency believes that the draft plan, as adopted, is consistent with the requirements of this section despite the findings and recommendations of the engineer, architect, or building inspector which were not adopted by the local agency.

(j) As used in this section, ''local agency'' means a city, county, or city and county. When authorized by state law or local ordinance to adopt and administer building and fire safety codes and standards, a community redevelopment agency, a reuse entity, or a joint powers agency may also be a ''local agency'' for the purposes of this section.

(k) This section shall be applicable to a building or other structure for which a local agency adopts a graduated compliance plan before January 1, 2000.

(*l*) Any taxpayer, property owner, resident, or public agency has standing to enforce the provisions of this section.

(m) Nothing in this section shall affect local, state, or federal laws as they relate to access to the disabled.

(n) This section shall remain in effect only until January 1, 2007, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

SEC. 16. The Legislature finds and declares that a general statute, within the meaning of Section 16 of Article IV of the California Constitution, cannot be made applicable to the unique problems found at the former military bases affected by Section 15 of this act, and that, therefore, this act is necessary.

SEC. 17. This act shall only become operative if AB 125 of the 1997–98 Regular Session is enacted, and becomes operative, on or before January 1, 1998.

CHAPTER 646

An act to add Section 13081 to the Financial Code, relating to financial transactions.

[Approved by Governor October 3, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 13081 is added to the Financial Code, to read:

13081. (a) In enacting this section, the Legislature finds and declares all of the following:

(1) It is in the best interest of consumers in this state to be aware of fees they may be charged for using point-of-sale devices prior to being obligated to pay those fees.

(2) In 1996, the Legislature enacted Assembly Bill 3366 (Chapter 98 of the Statutes of 1996), which required operators of automatic teller machines (ATMs) to electronically disclose fees for transactions at those ATMs. That legislation did not require disclosure of fees at point-of-sale devices.

(3) In order to maximize consumer awareness of fees at point-of-sale devices, and to create equity between operators of ATMs and operators of point-of-sale devices, it is the intent of the Legislature in enacting this section to require the maximum feasible disclosure of fees at point-of-sale devices.

(b) No operator of a point-of-sale device in this state shall impose any fee upon a customer for the use of that device unless that fee is disclosed to the customer prior to the customer's being obligated to pay for any goods or services. That disclosure shall be placed on or at the point-of-sale device as follows:

(1) For all point-of-sale devices, the fee disclosure shall be on a label meeting federal standards.

(2) For point-of-sale devices purchased on or after January 1, 2001, that have electronic displays, the fee disclosure shall also be electronic.

(c) For purposes of this section, the term "point-of-sale device" includes any device used for the purchase of a good or service where a personal identification number (PIN) is required, but does not include an access device as defined in subdivision (b) of Section 13020.

(d) For the purposes of this section, the term "operator of a point-of-sale device" means the person who imposes the fee on a customer for using a point-of-sale device to pay for a good or service.

CHAPTER 647

An act to add Section 30.5 to the Education Code, relating to education.

[Approved by Governor October 3, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 30.5 is added to the Education Code, to read:

30.5. (a) (1) Notwithstanding any other provision of law, bilingual education shall be defined as a system of instruction which builds upon the language skills of a pupil whose primary language is neither English nor derived from English. For purposes of this paragraph:

(A) "Primary language" is a language, other than English or a language derived from English, which is the language the pupil first learned.

(B) "Derived from English" means any dialect, idiom, or language derived from English. Both of the following shall be construed as being derived from English:

(i) Any dialect, idiom, or language that has linguistic roots connected to English.

(ii) Any dialect, idiom, or language that has a syntax distinct from English, yet can be traced linguistically as derived from English.

(2) A school district shall not utilize, as part of a bilingual education program, state funds or resources for the purpose of

recognition of, or instruction in, any dialect, idiom, or language derived from English, as defined in paragraph (1).

(b) On or before June 1, 1998, each school district shall submit a written report to the Legislature and the State Board of Education relating to both of the following:

(1) The amount of state funds that the school district has diverted, as of January 1, 1996, from bilingual education programs for the purpose of recognition of, or instruction in, any dialect, idiom, or language derived from English.

(2) The amount of state funds that the school district has expended, as of January 1, 1996, as part of a bilingual program, for the purpose of recognition of, or instruction in, any dialect, idiom, or language derived from English.

(c) Any school district that has utilized state funds for either of the purposes set forth in paragraphs (1) and (2) of subdivision (b) shall restore all of the funds expended for these purposes to its bilingual program prior to January 1, 1999.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 648

An act to amend Sections 5775, 5777, and 5778 of the Welfare and Institutions Code, relating to human services, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 3, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 5775 of the Welfare and Institutions Code is amended to read:

5775. (a) Notwithstanding any other provision of state law, the State Department of Mental Health shall implement managed mental health care for Medi-Cal beneficiaries through fee-for-service or capitated rate contracts with mental health plans, including

individual counties, counties acting jointly, any qualified individual or organization, or a nongovernmental entity. A contract may be exclusive and may be awarded on a geographic basis.

(b) Two or more counties acting jointly may agree to deliver or subcontract for the delivery of mental health services. The agreement may encompass all or any portion of the mental health services provided pursuant to this part. This agreement shall not relieve the individual counties of financial responsibility for providing these services. Any agreement between counties shall delineate each county's responsibilities and fiscal liability.

(c) The department shall offer to contract with each county for the delivery of mental health services to that county's Medi-Cal beneficiary population prior to offering to contract with any other entity, upon terms at least as favorable as any offered to a noncounty contract provider. If a county elects not to contract with the department, does not renew its contract, or does not meet the minimum standards set by the department, the department may elect to contract with any other governmental or nongovernmental entity for the delivery of mental health services in that county and may administer the delivery of mental health services until a contract for a mental health plan is implemented. The county may not subsequently contract to provide mental health services under this part unless the department elects to contract with the county.

(d) If a county does not contract with the department to provide mental health services, the county shall transfer the responsibility for community Medi-Cal reimbursable mental health services and the anticipated county matching funds needed for community Medi-Cal mental health services in that county to the department. The amount of the anticipated county matching funds shall be determined by the department in consultation with the county, and shall be adjusted annually. The amount transferred shall be based on historical cost, adjusted for changes in the number of Medi-Cal beneficiaries and other relevant factors. The anticipated county matching funds shall be used by the department to contract with another entity for mental health services, and shall not be expended for any other purpose but the provision of those services and related administrative costs. The county shall continue to deliver non-Medi-Cal reimbursable mental health services in accordance with this division, and subject to subdivision (i) of Section 5777.

(e) (1) Whenever the department determines that a mental health plan has failed to comply with this part or any regulations adopted pursuant to this part that implement this part, the department may impose sanctions, including, but not limited to, fines, penalties, the withholding of payments, special requirements, probationary or corrective actions, or any other actions deemed necessary to prompt and ensure contract and performance compliance. If fines are imposed by the department, they may be

withheld from the state matching funds provided to a mental health plan for Medi-Cal mental health services.

(2) The department shall adopt emergency regulations necessary to implement paragraph (1), including the establishment of procedures for the appeal of an administrative finding relative to paragraph (1), in accordance with the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code). The initial adoption of emergency regulations pursuant to this paragraph shall be filed with the Office of Administrative Law during the 1997–98 Regular Session of the Legislature, and be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, and safety, or general welfare, and shall be exempt from the review or approval of the Office of Administrative Law. Regulations adopted pursuant to this paragraph shall remain in effect for not more than 180 days. These regulations shall be developed in consultation with a statewide organization representing counties.

(f) The department may adopt emergency regulations necessary to implement the payment systems in this part, in accordance with the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code). The adoption of emergency regulations to implement this part, that are filed with the Office of Administrative Law within one year of the date on which the act that amended this subdivision in 1997 took effect, shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, and safety, or general welfare, and shall remain in effect for no more than 180 days.

SEC. 2. Section 5777 of the Welfare and Institutions Code is amended to read:

5777. (a) (1) Except as otherwise specified in this part, a contract entered into pursuant to this part shall include a provision that the mental health plan contractor shall bear the financial risk for the cost of providing medically necessary mental health services to Medi-Cal beneficiaries irrespective of whether the cost of those services exceeds the payment set forth in the contract. If the expenditures for services do not exceed the payment set forth in the contract, the mental health plan contractor shall report the unexpended amount to the department, but shall not be required to return the excess to the department.

(2) If the mental health plan is not the county's, the mental health plan may not transfer the obligation for any mental health services to Medi-Cal beneficiaries to the county. The mental health plan may purchase services from the county. The mental health plan shall establish mutually agreed-upon protocols with the county that clearly establish conditions under which beneficiaries may obtain non-Medi-Cal reimbursable services from the county. Additionally, the plan shall establish mutually agreed-upon protocols with the

county for the conditions of transfer of beneficiaries who have lost Medi-Cal eligibility to the county for care under Part 2 (commencing with Section 5600), Part 3 (commencing with Section 5800), and Part 4 (commencing with Section 5850).

(3) The mental health plan shall be financially responsible for ensuring access and a minimum required scope of benefits, consistent with state and federal requirements, to the services to the Medi-Cal beneficiaries of that county regardless of where the beneficiary resides. The department shall require that the definition of medical necessity used, and the minimum scope of benefits offered, by each mental health contractor be the same, except to the extent that any variations receive prior federal approval and are consistent with state and federal statutes and regulation.

(b) Any contract entered into pursuant to this part may be renewed if the plan continues to meet the requirements of this part, regulations promulgated pursuant thereto, and the terms and conditions of the contract. Contract renewal shall be on an annual basis. Failure to meet these requirements shall be cause for nonrenewal of the contract. The department may base the decision to renew on timely completion of a mutually agreed upon plan of correction of any deficiencies, submissions of required information in a timely manner, or other conditions of the contract.

(c) (1) The obligations of the mental health plan shall be changed only by contract or contract amendment.

(2) A change may be made during a contract term or at the time of contract renewal, where there is a change in obligations required by federal or state law or when required by a change in the interpretation or implementation of any law or regulation. To the extent permitted by federal law and except as provided under subdivision (r) of Section 5778, if any change in obligations occurs that affects the cost to the mental health plan of performing under the terms of its contract, the department may reopen contracts to negotiate the state General Fund allocation to the mental health plan under Section 5778, if the mental health plan is reimbursed through a fee-for-service payment system, or the capitation rate to the mental health plan under Section 5779, if the mental health plan is reimbursed through a capitated rate payment system. During the time period required to redetermine the allocation or rate, payment to the mental health plan of the allocation or rate in effect at the time the change occurred shall be considered interim payments and shall be subject to increase or decrease, as the case may be, effective as of the date on which the change is effective.

(3) To the extent permitted by federal law, either the department or the mental health plan may request that contract negotiations be reopened during the course of a contract due to substantial changes in the cost of covered benefits that result from an unanticipated event.

(d) The department shall immediately terminate a contract when the director finds that there is an immediate threat to the health and safety of Medi-Cal beneficiaries. Termination of the contract for other reasons shall be subject to reasonable notice of the department's intent to take that action and notification of affected beneficiaries. The plan may request a public hearing by the Office of Administrative Hearings.

(e) A plan may terminate its contract in accordance with the provisions in the contract. The plan shall provide written notice to the department at least 180 days prior to the termination or nonrenewal of the contract.

(f) Upon the request of the Director of Mental Health, the Commissioner of Corporations may exempt a mental health plan contractor or a capitated rate contract from the Knox-Keene Health Care Service Plan Act of 1975 (Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code). These exemptions may be subject to conditions the director deems appropriate. Nothing in this part shall be construed to impair or diminish the authority of the Commissioner of Corporations under the Knox-Keene Health Care Service Plan Act of 1975, nor shall anything in this part be construed to reduce or otherwise limit the obligation of a mental health plan contractor licensed as a health care service plan to comply with the requirements of the Knox-Keene Health Care Service Plan Act of 1975, and the rules of the Commissioner of Corporations promulgated thereunder. The Director of Mental Health, in consultation with the Commissioner of Corporations, shall analyze the appropriateness of licensure or application of applicable standards of the Knox-Keene Health Care Service Plan Act of 1975.

(g) The department, pursuant to an agreement with the State Department of Health Services, shall provide oversight to the mental health plans to ensure quality, access, and cost efficiency. At a minimum, the department shall, through a method independent of any agency of the mental health plan contractor, monitor the level and quality of services provided, expenditures pursuant to the contract, and conformity with federal and state law.

(h) County employees implementing or administering a mental health plan act in a discretionary capacity when they determine whether or not to admit a person for care or to provide any level of care pursuant to this part.

(i) If a county chooses to discontinue operations as the local mental health plan, the new plan shall give reasonable consideration to affiliation with nonprofit community mental health agencies that were under contract with the county and that meet the mental health plan's quality and cost efficiency standards.

(j) Nothing in this part shall be construed to modify, alter, or increase the obligations of counties as otherwise limited and defined in Chapter 3 (commencing with Section 5700) of Part 2. The county's

maximum obligation for services to persons not eligible for Medi-Cal shall be no more than the amount of funds remaining in the mental health subaccount pursuant to Sections 17600, 17601, 17604, 17605, 17606, and 17609 after fulfilling the Medi-Cal contract obligations.

SEC. 3. Section 5778 of the Welfare and Institutions Code is amended to read:

5778. (a) This section shall be limited to mental health services reimbursed through a fee-for-service payment system.

(b) During the initial phases of the implementation of this part, as determined by the department, the mental health plan contractor and subcontractors shall submit claims under the Medi-Cal program for eligible services on a fee-for-service basis.

(c) A qualifying county may elect, with the approval of the department, to operate under the requirements of a capitated, integrated service system field test pursuant to Section 5719.5 rather than this part, in the event the requirements of the two programs conflict. A county that elects to operate under that section shall comply with all other provisions of this part that do not conflict with that section.

(d) (1) No sooner than October 1, 1994, state matching funds for Medi-Cal fee-for-service acute psychiatric inpatient services, and associated administrative days, shall be transferred to the department. No later than July 1, 1997, upon agreement between the department and the State Department of Health Services, state matching funds for the remaining Medi-Cal fee-for-service mental health services and the state matching funds associated with field test counties under Section 5719.5 shall be transferred to the department.

(2) The department, in consultation with the State Department of Health Services, a statewide organization representing counties, and a statewide organization representing health maintenance organizations shall develop a timeline for the transfer of funding and responsibility for fee-for-service mental health services from Medi-Cal managed care plans to mental health plans. In developing the timeline, the department shall develop screening, referral, and coordination guidelines to be used by Medi-Cal managed care plans and mental health plans.

(e) The department shall allocate the contracted amount at the beginning of the contract period to the mental health plan. The allocated funds shall be considered to be funds of the plan that may be held by the department. The department shall develop a methodology to ensure that these funds are held as the property of the plan and shall not be reallocated by the department or other entity of state government for other purposes.

(f) Beginning in the fiscal year following the transfer of funds from the State Department of Health Services, the state matching funds for Medi-Cal mental health services shall be included in the annual budget for the department. The amount included shall be based on

historical cost, adjusted for changes in the number of Medi-Cal beneficiaries and other relevant factors.

(g) Initially, the mental health plans shall use the fiscal intermediary of the Medi-Cal program of the State Department of Health Services for the processing of claims for inpatient psychiatric hospital services and may be required to use that fiscal intermediary for the remaining mental health services. The providers for other Short-Doyle Medi-Cal services shall not be initially required to use the fiscal intermediary but may be required to do so on a date to be determined by the department. The department and its mental health plans shall be responsible for the initial incremental increased matching costs of the fiscal intermediary for claims processing and information retrieval associated with the operation of the services funded by the transferred funds.

(h) The mental health plans, subcontractors, and providers of mental health services shall be liable for all federal audit exceptions or disallowances based on their conduct or determinations. The mental health plan contractors shall not be liable for federal audit exceptions or disallowances based on the state's conduct or determinations. The department and the State Department of Health Services shall work jointly with mental health plans in initiating any necessary appeals. The State Department of Health Services may offset the amount of any federal disallowance or audit exception against subsequent claims from the mental health plan or subcontractor. This offset may be done at any time, after the audit exception or disallowance has been withheld from the federal financial participation claim made by the State Department of Health Services. The maximum amount that may be withheld shall be 25 percent of each payment to the plan or subcontractor.

(i) The mental health plans shall have sufficient funds on deposit with the department as the matching funds necessary for federal financial participation to ensure timely payment of claims for acute psychiatric inpatient services and associated administrative days. The department and the State Department of Health Services, in consultation with a statewide organization representing counties, shall establish a mechanism to facilitate timely availability of those funds. Any funds held by the state on behalf of a plan shall be deposited in a mental health managed care deposit fund and shall accrue interest to the plan. The department shall exercise any necessary funding procedures pursuant to Section 12419.5 of the Government Code and Sections 8776.6 and 8790.8 of the State Administrative Manual regarding county claim submission and payment.

(j) (1) The goal for funding of the future capitated system shall be to develop statewide rates for beneficiary, by aid category and with regional price differentiation, within a reasonable time period. The formula for distributing the state matching funds transferred to

the department for acute inpatient psychiatric services to the participating counties shall be based on the following principles:

(A) Medi-Cal state General Fund matching dollars shall be distributed to counties based on historic Medi-Cal acute inpatient psychiatric costs for the county's beneficiaries and on the number of persons eligible for Medi-Cal in that county.

(B) All counties shall receive a baseline based on historic and projected expenditures up to October 1, 1994.

(C) Projected inpatient growth for the period October 1, 1994, to June 30, 1995, inclusive, shall be distributed to counties below the statewide average per eligible person on a proportional basis. The average shall be determined by the relative standing of the aggregate of each county's expenditures of mental health Medi-Cal dollars per beneficiary. Total Medi-Cal dollars shall include both fee-for-service Medi-Cal and Short-Doyle Medi-Cal dollars for both acute inpatient psychiatric services, outpatient mental health services, and psychiatric nursing facility services, both in facilities that are not designated as institutions for mental disease and for beneficiaries who are under 22 years of age and beneficiaries who are over 64 years of age in facilities that are designated as institutions for mental disease.

(D) There shall be funds set aside for a self-insurance risk pool for small counties. The department may provide these funds directly to the administering entity designated in writing by all counties participating in the self-insurance risk pool. The small counties shall assume all responsibility and liability for appropriate administration of these funds. For purposes of this subdivision, "small counties" means counties with less than 200,000 population. Nothing in this paragraph shall in any way obligate the state or the department to provide or make available any additional funds beyond the amount initially appropriated and set aside for each particular fiscal year, unless otherwise authorized in statute or regulations, nor shall the state or the department be liable in any way for mismanagement of loss of funds by the entity designated by the counties under this paragraph.

(2) The allocation method for state funds transferred for acute inpatient psychiatric services shall be as follows:

(A) For the 1994–95 fiscal year, an amount equal to 0.6965 percent of the total shall be transferred to a fund established by small counties. This fund shall be used to reimburse mental health plans in small counties for the cost of acute inpatient psychiatric services in excess of the funding provided to the mental health plan for risk reinsurance, acute inpatient psychiatric services and associated administrative days, alternatives to hospital services as approved by participating small counties, or for costs associated with the administration of these moneys. The methodology for use of these moneys shall be determined by the small counties, through a

statewide organization representing counties, in consultation with the department.

(B) The balance of the transfer amount for the 1994–95 fiscal year shall be allocated to counties based on the following formula:

(k) The allocation method for the state funds transferred for subsequent years for acute inpatient psychiatric and other mental health services shall be determined by the department in consultation with a statewide organization representing counties.

(*l*) The allocation methodologies described in this section shall only be in effect while federal financial participation is received on a fee-for-service reimbursement basis. When federal funds are capitated, the department, in consultation with a statewide organization representing counties, shall determine the methodology for capitation consistent with federal requirements.

(m) The formula that specifies the amount of state matching funds transferred for the remaining Medi-Cal fee-for-service mental health services shall be determined by the department in consultation with a statewide organization representing counties. This formula shall only be in effect while federal financial participation is received on a fee-for-service reimbursement basis.

(n) Upon the transfer of funds from the budget of the State Department of Health Services to the department pursuant to subdivision (d), the department shall assume the applicable program oversight authority formerly provided by the State Department of Health Services, including, but not limited to, the oversight of

utilization controls as specified in Section 14133. The mental health plan shall include a requirement in any subcontracts that all inpatient subcontractors maintain necessary licensing and certification. Mental health plans shall require that services delivered by licensed staff are within their scope of practice. Nothing in this part shall prohibit the mental health plans from establishing standards that are in addition to the minimum federal and state requirements, provided that these standards do not violate federal and state Medi-Cal requirements and guidelines.

(o) Subject to federal approval and consistent with state requirements, the mental health plan may negotiate rates with providers of mental health services.

(p) Under the fee-for-service payment system, any excess in the payment set forth in the contract over the expenditures for services by the plan shall be spent for the provision of mental health services and related administrative costs.

(q) Nothing in this part shall limit the mental health plan from being reimbursed appropriate federal financial participation for any qualified services even if the total expenditures for service exceeds the contract amount with the department. Matching nonfederal public funds shall be provided by the plan for the federal financial participation matching requirement.

(r) (1) The department shall establish, by regulation, a risk-sharing arrangement between the department and counties that contract with the department as mental health plans to provide an increase in the state General Fund allocation, subject to the availability of funds, to the mental health plan under this section, where there is a change in the obligations of the mental health plan required by federal or state law or regulation, or required by a change in the interpretation or implementation of any such law or regulation which significantly increases the cost to the mental health plan of performing under the terms of its contract.

(2) During the time period required to redetermine the allocation, payment to the mental health plan of the allocation in effect at the time the change occurred shall be considered an interim payment, and shall be subject to increase effective as of the date on which the change is effective.

(3) In order to be eligible to participate in the risk-sharing arrangement, the county shall demonstrate, to the satisfaction of the department, its commitment or plan of commitment of all annual funding identified in the total mental health resource base, from whatever source, but not including county funds beyond the required maintenance of effort, to be spent on mental health services. This determination of eligibility shall be made annually. The department may limit the participation in a risk-sharing arrangement of any county that transfers funds from the mental health account to the social services account or the health services account, in accordance with Section 17600.20 during the year to

which the transfers apply to mental health plan expenditures for the new obligation that exceed the total mental health resource base, as measured before the transfer of funds out of the mental health account and not including county funds beyond the required maintenance of effort. The State Department of Mental Health shall participate in a risk-sharing arrangement only after a county has expended its total annual mental health resource base.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to coordinate and prevent duplication of mental health services for Medi-Cal beneficiaries, to provide access to a broader system of care so that the provision of specialty mental health services and the growth in the cost of funding those services is reduced, and to provide an orderly transfer of responsibilities to the State Department of Mental Health to implement managed mental health care for Medi-Cal beneficiaries, it is necessary that this act go into immediate effect.

CHAPTER 649

An act to add Section 14087.329 to the Welfare and Institutions Code, relating to health facilities.

[Approved by Governor October 3, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 14087.329 is added to the Welfare and Institutions Code, to read:

14087.329. (a) The department may establish, for local initiative and for commercial plans, that are providing services to Medi-Cal beneficiaries under a two-plan model contract with the department, not more than two pilot programs for the establishment of reimbursement methodologies. The reimbursement methodologies shall not be limited to those provided in Section 14087.325. The pilot programs may be implemented by amendment to the contract between the department and the local initiative or commercial plan. The department may select the pilot program county or counties on a nonbid basis. The selected counties shall include one county with a sizable number of entities defined in Section 1396d(*l*)(2)(B) of Title 42 of the United States Code. The department shall review each pilot program annually. Following the review, and notwithstanding any determination made pursuant to subdivision (d), the department shall terminate a pilot program established under this

section and shall delete amendments made to the contract implementing the pilot program if the department determines that the pilot program creates any additional cost to the General Fund. The department may also terminate a pilot program based upon criteria specified in the department's contract establishing the pilot program. The department shall provide the local initiative and commercial plan with notice of the department's decision to terminate the pilot program for this reason at least 90 days prior to the termination date of the pilot program and deletion of the contract amendments.

(b) Each local initiative and commercial plan participating in a pilot program under this section shall make available to the department any and all financial, membership, utilization, and other information reasonably required by the department to conduct the annual review described in subdivision (a). The information may include, but is not limited to, the financial or other records of participating providers. The amendment to the contract between the local initiative or commercial plan and the department establishing the pilot program shall specify a reasonable timeframe in which the commercial plan or local initiative shall furnish records to the department pursuant to the request of the department.

(c) In assessing whether the pilot program creates any additional cost to the General Fund, as described in subdivision (a), the department shall specifically consider all of the following factors, and may consider additional factors:

(1) Increases in the number of Medi-Cal beneficiaries assigned by the plan to cost-based primary care providers. To enable the department to evaluate these factors, the department may include in the contract amendments establishing the pilot program a requirement that contractors shall periodically report data regarding the number of plan members assigned to each cost-based primary care provider in the plan's network.

(2) Expansions in the services provided by providers entitled to cost-based reimbursement under the Medi-Cal program.

(3) Medi-Cal caseload or plan membership growth.

(4) Inflation or other reasonable costs of provider operations.

(5) The necessity for a plan to assign plan members to specific primary care providers to meet all of the following requirements:

(A) Medi-Cal contract requirements for access to care.

(B) Unique Medi-Cal member cultural and linguistic needs.

(C) Unique member needs for age-appropriate, gender-appropriate, or pregnancy care requirements.

(d) The pilot program shall be deemed to be successful if the alternative reimbursement methodologies tested result in no additional cost to the General Fund as described in subdivision (c), and the local initiatives, commercial plans, and federally qualified health centers participating in the pilot program agree to accept full

financial risk for the scope of services provided by the federally qualified health centers during the final year of the pilot program.

CHAPTER 650

An act relating to highways, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 3, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) (1) The Trabuco Creek Trail Project is being carried out in conjunction with the construction of the Foothill Transportation Corridor, State Highway Route 241, in Orange County in order to mitigate the adverse environmental effects of the highway project.

(2) The Sierra Azul Resource Lands Project is being carried out in conjunction with the construction of the Lexington Interchange Project on State Highway Route 17 in Santa Clara County in order to mitigate the adverse environmental effects of the highway project.

(b) Item 2660-125-183 of Section 2.00 of the Budget Act of 1994 (Ch. 139, Stats. 1994) appropriated funds to the Department of Transportation, payable from the Environmental Enhancement and Mitigation Demonstration Program Fund, for allocation to projects, including all of the following:

(1) Four hundred thousand dollars ($400,000) for the Trabuco Creek Trail Project, to mitigate the adverse environmental effects of transportation facilities.

(2) Two hundred twenty-six thousand two hundred fifty-nine dollars ($226,259) for the Sierra Azul Resource Lands Project to mitigate the adverse environmental impacts of transportation facilities.

(c) Because the following unforeseen occurrences prevented the Trabuco Creek Trail Project from being completed in time to avoid reversion of the previously appropriated funds, it is necessary to reappropriate those funds to make them available for the completion of the Trabuco Creek Trail bridge overcrossing:

(1) The County of Orange declared bankruptcy on December 4, 1994, which caused a delay in entering into contracts.

(2) Flooding and heavy rainfall washed away the shelf prepared for the trail undercrossing.

(3) The Foothill Transportation Corridor was constructed at a significantly lower elevation than envisioned during trail planning. The lower elevation of the proposed trail undercrossing required that

the trail approaching the corridor be lengthened significantly to create a gentler slope (4.5 percent grade). Additional environmental review showed that the new trail realignment for the undercrossing would cause significant impacts to endangered species habitats (6 acres of oak woodland and coastal sage scrub). As a result, the county has selected the environmentally sensitive alternative, a trail bridge over the corridor in lieu of the undercrossing.

(d) Changes in project scope due to land owner issues, and delays in grant application and contract processing, prevented the Sierra Azul Resource Lands Project from being completed in time to avoid a reversion of previously appropriated funds. Therefore it is necessary to reappropriate those funds to make them available for the completion of this mitigation project.

SEC. 2. (a) Notwithstanding any other provision of law, the sum of four hundred thousand dollars ($400,000), payable from the Environmental Enhancement and Mitigation Demonstration Program Fund, is appropriated to the Department of Transportation for allocation to complete the Trabuco Creek Trail bridge overcrossing of the Foothill Transportation Corridor in Orange County.

(b) Notwithstanding any other provision of law, the sum of two hundred twenty-six thousand two hundred fifty-nine dollars ($226,259), payable from the Environmental Enhancement and Mitigation Demonstration Program Fund, is appropriated to the Department of Transportation for allocation to the completion of the Sierra Azul Resource Lands Project by the Midpeninsula Regional Open Space District in Santa Clara County.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

Because various delays prevented certain highway environmental mitigation projects from being completed in the time specified, it is necessary for this act, which will enable the timely completion of those projects, to take effect immediately.

CHAPTER 651

An act to amend Sections 21744, 21745, 22001.5, 22008, 55403, 56109, and 56161 of, and to add Sections 22037 and 55462 to, the Food and Agricultural Code, relating to agriculture.

[Approved by Governor October 3, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 21744 of the Food and Agricultural Code is amended to read:

SEC. 1.5. Section 21745 of the Food and Agricultural Code is amended to read:

21745. The press-numbered bill of sale or press-numbered certificate of sale that is required pursuant to Section 21744 shall contain all of the following information on a form that is approved by the chief:

(a) Date of sale.

(b) Name and address of the buyer.

(c) Description of each animal that is sold that includes its brands and brand location, sex, and breed of unbranded animals.

(d) Origin and destination of the animals.

(e) The name of the person conducting the sale.

The press-numbered bill of sale or press-numbered certificate of sale shall be kept by the seller for a period of one year after the date of sale. Any such document shall be exhibited on the demand of any peace officer or any agent of the department.

SEC. 1.6. Section 22001.5 of the Food and Agricultural Code is amended to read:

22001.5. The Legislature finds and declares that mobile slaughter operators who perform the service of slaughtering cattle for the owner of the cattle on the owner's premises are not licensed slaughterers pursuant to this chapter. However, on and after January 15, 1998, a mobile slaughter operator shall be registered with the bureau as an unlicensed mobile slaughterer pursuant to Section 22037 and is subject to Section 22008.

SEC. 2. Section 22008 of the Food and Agricultural Code is amended to read:

22008. Every person that is not a licensed slaughterer that slaughters cattle shall do all of the following:

(a) Keep a record in a book which he or she keeps for that purpose of all cattle that are slaughtered by him or her. The record shall include the name, address, and telephone number of the person for whom the cattle are slaughtered, a full description of the cattle, including the brands and marks, the date of slaughter, and the name and location of the food locker to which the slaughtered animal is, or the slaughtered animals are, delivered for butchering.

(b) Exhibit the record book on demand of any inspector or peace officer.

(c) Notify a brand inspector within 24 hours if he slaughters a bovine animal and does not deliver the carcass and hide to a frozen food locker plant licensed pursuant to Chapter 7 (commencing with Section 112500) of Part 6 of Division 104 of the Health and Safety Code.

SEC. 3. Section 22037 is added to the Food and Agricultural Code, to read:

22037. (a) A mobile slaughter operator, as provided in Section 22001.5, shall file a registration with the bureau that shows the names and addresses of the owners of the unlicensed mobile slaughterer and any other information the secretary may require.

(b) The registration shall be filed with the bureau before a mobile slaughter operator may slaughter cattle pursuant to Section 22001.5.

(c) After notice and hearing, the secretary may cancel the registration of any unlicensed mobile slaughterer for failing to comply with Section 22001.5 or 22008.

SEC. 4. Section 55403 of the Food and Agricultural Code is amended to read:

55403. "Farm product" includes every agricultural, horticultural, viticultural, or vegetable product of the soil, honey and beeswax, oilseeds, poultry, poultry product, livestock product, and livestock for immediate slaughter. It does not include timber or any timber product, milk or any milk product, any aquacultural product, or cattle sold to any person who is bonded under the federal Packers and Stockyards Act, 1921 (7 U.S.C. Sec. 181, et seq.).

SEC. 5. Section 55462 is added to the Food and Agricultural Code, to read:

55462. For the purposes of trading in cattle, this chapter does not apply to or include any person who is bonded under the federal Packers and Stockyards Act, 1921 (7 U.S.C. Sec. 181, et seq.) who is engaged in the business of buying or selling cattle.

SEC. 6. Section 56109 of the Food and Agricultural Code is amended to read:

56109. "Farm product" includes every agricultural, horticultural, viticultural, and vegetable product of the soil, poultry and poultry products, livestock products and livestock not for immediate slaughter, bees and apiary products, hay, dried beans, honey, and cut flowers. It does not, however, include any timber or timber product, flower or agricultural or vegetable seed not purchased from a producer, any milk product which is subject to the licensing and bonding provisions of Chapter 2 (commencing with Section 61801) of Part 3 of Division 21, any aquacultural product, or cattle sold to any person who is bonded under the federal Packers and Stockyards Act, 1921 (7 U.S.C. Sec. 181, et seq.).

SEC. 7. Section 56161 of the Food and Agricultural Code is amended to read:

56161. This chapter does not apply to or include any of the following:

(a) Any nonprofit cooperative association organized and operating pursuant to Chapter 1 (commencing with Section 54001), any nonprofit cooperative association organized and operating pursuant to any similar law of any other state, the District of Columbia, or the United States, or the agents of these organizations, except as to the activities of these organizations or agents that involve the handling of, or dealing in, any farm product of a nonmember of the organization.

(b) Any person or exchange that buys, receives, or otherwise handles any farm product as a processor, as defined in Section 55407.

(c) Any retail merchant who has a fixed or established place of business in this state. This exemption does not, however, apply to retail merchants who are also engaged in the business of selling, at wholesale, any farm product purchased from a licensee or producer. The exemption does not apply to any transaction wherein possession of any farm product is obtained from a licensee or producer, and the farm product is sold to another person without being handled in the regular course of a retail business which is conducted at a fixed and established place.

(d) Any person who buys any farm product for his or her own use or consumption.

(e) Any person licensed as a distributor or handler under Chapter 2 (commencing with Section 61801) of Part 3 of Division 21 who purchases farm products from a dealer, broker, or commission merchant. However, this chapter applies to any such licensed person who purchases farm products from a producer.

(f) Any person licensed as a landscape contractor pursuant to Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code.

(g) Any person, not otherwise required to be licensed pursuant to this chapter, who buys or otherwise acquires possession of any farm product from, and processed by, a nonprofit cooperative association to which subdivision (a) is applicable.

(h) For the purposes of trading in cattle, any person engaged in the business of buying or selling cattle who is bonded under the federal Packers and Stockyards Act, 1921 (7 U.S.C. Sec. 181, et seq.).

SEC. 8. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative

on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 652

An act to amend Section 16728 of the Business and Professions Code, to amend Sections 728.5, 4001, and 5003.1 of, and to repeal Section 5003.3 of, the Public Utilities Code, to amend Sections 7231 and 7232 of the Revenue and Taxation Code, and to amend Sections 471, 1808.1, 16020, 34505.6, 34507.5, 34601, 34620, 34621, 34623, 34624, 34631, 34631.5, 34660, and 34670 of, to add Section 34505.10 to, and to repeal Section 34650 of, the Vehicle Code, relating to vehicles.

[Approved by Governor October 3, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 16728 of the Business and Professions Code is amended to read:

16728. (a) Notwithstanding any other provision of law, motor carriers of property, as defined in Section 34601 of the Vehicle Code, may voluntarily elect to participate in uniform cargo liability rules, uniform bills of lading or receipts for property being transported, uniform cargo credit rules, joint line rates or routes, classifications and mileage guides and pooling. Motor carriers of property that so elect shall comply with all requirements of Section 14501(c) of Title 49 of the United States Code and with federal regulations promulgated pursuant thereto. The Legislature intends by this section to provide to motor carriers of property the antitrust immunity authorized by state action pursuant to Section 14501(c) of Title 49 of the United States Code.

(b) The election authorized by this section shall be exercised in either of the following ways:

(1) Participation in an agreement pursuant to Section 13703 of Title 49 of the United States Code.

SEC. 3. Section 4001 of the Public Utilities Code is amended to read:

4001. (a) For purposes of this chapter, "private carrier" means a not-for-hire motor carrier, as defined in Section 408 of the Vehicle Code, who transports passengers and is required to obtain a carrier identification number pursuant to Section 34507.5 of the Vehicle Code, but does not include persons providing transportation services specified in subdivision (k) or (*l*) of Section 5353.

Five dollars ($5) from each fifteen dollars ($15) quarterly base fee shall be allocated on a quarterly basis to the Motor Carriers Safety Improvement Fund. Every household goods carrier owning or operating motor vehicles

in the transportation of property for hire upon the public highways under the jurisdiction of the commission shall, at the time of filing the report, pay to the commission a fee equal to one-third of 1 percent of the amount of the gross operating revenue, except as follows:

(a) For any particular fiscal year, the commission, with the approval of the Department of Finance, may fix the fee at less than one-third of 1 percent of that amount.

(b) The commission may increase the fee pursuant to subdivision (b) of Section 5003.2.

SEC. 5. Section 5003.3 of the Public Utilities Code is repealed.

SEC. 6. Section 7231 of the Revenue and Taxation Code is amended to read:

7231. (a) This chapter may be cited as the Motor Carriers of Property Permit Fee Act.

(b) The Legislature finds and declares that a safe and efficient transportation system is essential to the welfare of the state, and an important part of the system is service rendered by motor carriers of property.

SEC. 7. Section 7232 of the Revenue and Taxation Code is amended to read:

7232. (a) Every motor carrier of property shall annually pay a permit fee to the Department of Motor Vehicles. The fees contained in this section are due and shall be paid by each carrier at the time of application for an initial motor carrier permit, and upon annual renewal, with the Department of Motor Vehicles, pursuant to the Motor Carriers of Property Permit Act, as set forth in Division 14.85 (commencing with Section 34600) of the Vehicle Code. The Department of Motor Vehicles may, upon initial application for a motor carrier permit, assign an expiration date not less than six months, nor more than 18 months, from date of application, and may charge one-twelfth of the annual fee for each month covered by the initial permit. The fee paid by each motor carrier of property shall be based on the number of commercial motor vehicles operated in California by the motor carrier of property.

(b) As used in this chapter, "motor carrier of property" means any person who operates any commercial motor vehicle as defined in subdivision (d). "Motor carrier of property" does not include household goods carriers, as defined in Section 5109 of the Public Utilities Code, persons providing only transportation of passengers, or a passenger stage corporation transporting baggage and express upon a passenger vehicle incidental to the transportation of passengers.

(c) As used in this chapter, "for-hire motor carrier of property" means a motor carrier of property, as defined in subdivision (b), who transports property for compensation.

(d) As used in this chapter, "commercial motor vehicle" means any self-propelled vehicle listed in subdivisions (a), (b), (f), (g), and (k) of Section 34500 of the Vehicle Code, any motor truck of two or

more axles that is more than 10,000 pounds gross vehicle weight rating, and any other motor vehicle used to transport property for compensation. "Commercial motor vehicle" does not include vehicles operated by household goods carriers, as defined in Section 5109 of the Public Utilities Code, pickup trucks as defined in Section 471, and two-axle daily rental trucks with gross vehicle weight ratings less than 26,001 pounds when operated in noncommercial use.

(e) The "number of commercial motor vehicles operated by the motor carrier of property" as used in this section means all of the commercial motor vehicles owned, registered to, or leased by the carrier. For interstate and foreign motor carriers of property the fees set forth in subdivision (a) shall be apportioned based on the percentage of fleet miles traveled in California in intrastate commerce. In the absence of records to establish intrastate fleet miles, the fees set forth in subdivision (a) shall be apportioned on total fleet miles traveled in California.

(f) For purposes of this chapter, "private carrier" means a motor carrier of property, as defined in subdivision (b), who does not transport any goods or property for compensation.

(g) (1) Fees contained in this chapter shall not apply to a motor carrier of property while engaged solely in interstate or foreign transportation of property by motor vehicle. No motor carrier of property shall engage in any interstate or foreign transportation of property for compensation by motor vehicle on any public highway in this state without first having registered the operation with the Department of Motor Vehicles or with the carrier's base registration state, if other than California, as determined in accordance with final regulations issued by the Interstate Commerce Commission pursuant to the Intermodal Surface Efficiency Act of 1991 (49 U.S.C. Sec. 11506). To register with the Department of Motor Vehicles, carriers specified in this subdivision shall comply with the following:

(A) When the operation requires authority from the Interstate Commerce Commission under the Interstate Commerce Act, or authority from another federal regulatory agency, a copy of that authority shall be filed with the initial application for registration. A copy of any additions or amendments to the authority shall be filed with the Department of Motor Vehicles.

(B) If the operation does not require authority from the Interstate Commerce Commission under the Interstate Commerce Act, or authority from another federal regulatory agency, an affidavit of that exempt status shall be filed with the application for registration.

(2) The Department of Motor Vehicles shall grant registration upon the filing of the application pursuant to applicable law and the payment of any applicable fees, subject to the carrier's compliance with this chapter.

(3) This subdivision does not apply to household goods carriers, as defined in Section 5109 of the Public Utilities Code, and motor

carriers engaged in the transportation of passengers for compensation.

A "pickup truck" is a motor truck with a manufacturer's gross vehicle weight rating of less than 11,500 pounds, an unladen weight of less than 8,001 pounds, and which is equipped with an open box-type bed not exceeding 9 feet in length. "Pickup truck" does not include a motor vehicle otherwise meeting the above definition, that is equipped with a bed-mounted storage compartment unit commonly called a "utility body."

SEC. 9. Section 1808.1 of the Vehicle Code is amended to read:

1808.1. (a) The prospective employer of a driver who drives any vehicle specified in subdivision (*l*) shall obtain a report showing the driver's current public record as recorded by the department. For purposes of this subdivision, a report is current if it was issued less than 30 days prior to the date the employer employs the driver. The report shall be reviewed, signed, and dated by the employer and maintained at the employer's place of business until receipt of the pull notice system report pursuant to subdivisions (b) and (c). These reports shall be presented upon request to any authorized representative of the Department of the California Highway Patrol during regular business hours.

(b) The employer of a driver who drives any vehicle specified in subdivision (*l*) shall participate in a pull notice system, which is a process for the purpose of providing the employer with a report showing the driver's current public record as recorded by the department, and any subsequent convictions, failures to appear, accidents, driver's license suspensions, driver's license revocations, or any other actions taken against the driving privilege or certificate, added to the driver's record while the employer's notification request remains valid and uncanceled. As used in this section, participation in the pull notice system means obtaining a requester code and enrolling all employed drivers who drive any vehicle specified in subdivision (*l*) under that requester code.

(c) The employer of a driver of any vehicle specified in subdivision (*l*) shall, additionally, obtain a periodic report from the department at least every six months, except that an employer who enrolls more than 500 drivers in the pull notice system under a single requester code shall obtain a report at least every 12 months. The employer shall verify that each employee's driver's license has not been suspended or revoked, the employee's traffic violation point count, and whether the employee has been convicted of a violation of Section 23152 or 23153. The report shall be signed and dated by the employer and maintained at the employer's principal place of business. The reports shall be presented upon demand to any authorized representative of the Department of the California Highway Patrol during regular business hours.

(d) Upon the termination of a driver's employment, the employer shall notify the department to discontinue the driver's enrollment in the pull notice system.

(e) For the purposes of the pull notice system and periodic report process required by subdivisions (b) and (c), owners, other than owner-operators as defined in Section 34624, and employers who drive vehicles described in subdivision (*l*), shall be enrolled as if they were employees. Family members and volunteer drivers who drive vehicles described in subdivision (*l*) shall also be enrolled as if they were employees.

(f) An employer who, after receiving any driving record pursuant to this section, employs or continues to employ as a driver any person against whom a disqualifying action has been taken regarding his or her driving privilege or required driver's certificate, is guilty of a public offense, and upon conviction thereof, shall be punished by imprisonment in the county jail for not more than six months, by a fine of not more than one thousand dollars ($1,000), or by both that fine and imprisonment.

(g) As part of its inspection of bus maintenance facilities and terminals required at least once every 13 months pursuant to subdivision (c) of Section 34501, the Department of the California Highway Patrol shall determine whether each transit operator, as defined in Section 99210 of the Public Utilities Code, is then in compliance with this section and Section 12804.6, and shall certify each operator found to be in compliance. No funds shall be allocated under Chapter 4 (commencing with Section 99200) of Part 11 of Division 10 of the Public Utilities Code to a transit operator which the Department of the California Highway Patrol has not certified under this section.

(h) A request to participate in the pull notice system established by this section shall be accompanied by a fee determined by the department to be sufficient to defray the entire actual cost to the department for the notification service. For the receipt of subsequent reports, the employer shall also be charged a fee established by the department pursuant to Section 1811. Any employer who qualifies under Section 1812 shall be exempt from any fee required under this section. Failure to pay the fee shall result in automatic cancellation of the employer's participation in the notification services.

(i) The department, as soon as feasible, may establish an automatic procedure to provide the periodic reports in subdivision (c) to employers on a regular basis without the need for individual requests.

(j) This section shall not be construed to change the definition of "employer," "employee," or "independent contractor" for any other purpose.

(k) The employer of a driver who is employed as a casual driver is not required to enter that driver's name in the pull notice system, as otherwise required by subdivision (a). However, the employer of

a casual driver shall be in possession of a report of the driver's current public record as recorded by the department, prior to allowing a casual driver to drive any vehicle specified in subdivision (*l*). A report is current if it was issued less than six months prior to the date the employer employs the driver. As used in this subdivision, a driver is employed as a casual driver when the employer has employed the driver less than 30 days during the preceding six months. For purposes of this subdivision, "casual driver" does not include any driver who operates a vehicle that requires a passenger transportation endorsement.

(*l*) This section applies to any vehicle for the operation of which the driver is required to have a class 1, class 2, class A, or class B driver's license, a class C license with a hazardous materials endorsement, or a certificate issued pursuant to Section 2512, 12517, 12519, 12520, 12523, or 12523.5, or any passenger vehicle having a seating capacity of not more than 10 persons, including the driver, operated for compensation by a charter-party carrier of passengers or passenger stage corporation pursuant to a certificate of public convenience and necessity or a permit issued by the Public Utilities Commission.

SEC. 11. Section 34505.6 of the Vehicle Code is amended to read:

34505.6. (a) Upon determining that a motor carrier of property who is operating any vehicle described in subdivision (a), (b), (e), (f), (g), or (k) of Section 34500, or any motortruck of two or more axles that is more than 10,000 pounds gross vehicle weight rating, on a public highway, has done either of the following: (1) failed to maintain any vehicle of a type described above in a safe operating condition or to comply with the Vehicle Code or with regulations contained in Title 13 of the California Code of Regulations relative to motor carrier safety, and, in the department's opinion, that failure presents an imminent danger to public safety or constitutes a consistent failure so as to justify a suspension or revocation of the motor carrier's motor carrier permit or (2) failed to enroll all drivers in the pull notice system as required by Section 1808.1, the department shall recommend that the Department of Motor Vehicles suspend or revoke the carrier's motor carrier permit. For

interstate operators, the department shall recommend to the federal Highway Administration Office of Motor Carriers that appropriate administrative action be taken against the carrier. For purposes of this subdivision, two consecutive unsatisfactory compliance ratings for an inspected terminal assigned because the motor carrier failed to comply with the periodic report requirements of Section 1808.1 or the cancellation of the carrier's enrollment by the Department of Motor Vehicles for nonpayment of required fees is a consistent failure. The department shall retain a record, by operator, of every recommendation made pursuant to this section.

(b) Upon determining that a household goods carrier operating any vehicle described in subdivision (a), (b), (e), (f), (g), or (k) of Section 34500 on a public highway has done either of the following: (1) failed to maintain any vehicle used in transportation for compensation in a safe operating condition or to comply with the Vehicle Code or with regulations contained in Title 13 of the California Code of Regulations relative to motor carrier safety, and, in the department's opinion, that failure presents an imminent danger to public safety or constitutes a consistent failure so as to justify a suspension, revocation, or denial of the motor carrier's operating authority or (2) failed to enroll all drivers in the pull notice system as required by Section 1808.1, the department shall recommend that the Public Utilities Commission deny, suspend, or revoke the carrier's operating authority. For interstate operators, the department shall recommend to the Federal Highway Administration Office of Motor Carriers that appropriate administrative action be taken against the carrier. For purposes of this subdivision, two consecutive unsatisfactory compliance ratings for an inspected terminal assigned because the motor carrier failed to comply with the periodic report requirements of Section 1808.1 or the cancellation of the carrier's enrollment by the Department of Motor Vehicles for the nonpayment of required fees is a consistent failure. The department shall retain a record, by operator, of every recommendation made pursuant to this section.

(c) Before transmitting a recommendation pursuant to subdivision (a), the department shall notify the carrier in writing of all of the following:

(1) That the department has determined that the carrier's safety record is unsatisfactory, furnishing a copy of any documentation or summary of any other evidence supporting the determination.

(2) That the determination may result in a suspension, revocation, or denial of the carrier's motor carrier permit by the Department of Motor Vehicles, suspension, revocation, of the motor carrier's operating authority by the California Public Utilities Commission, or administrative action by the federal Highway Administration Office of Motor Carriers.

(3) That the carrier may request a review of the determination by the department within five days of its receipt of the notice required

under this subdivision. If a review pursuant to this paragraph is requested by the carrier, the department shall conduct and evaluate that review prior to transmitting any notification pursuant to subdivision (a) or (b).

(d) Upon receipt of a written recommendation from the department that a motor carrier permit or operating authority be suspended, revoked, or denied, the Department of Motor Vehicles or Public Utilities Commission, as appropriate, shall, pending a hearing in the matter pursuant to Section 34623 or appropriate Public Utilities Commission authority, suspend the motor carrier permit or operating authority. The written recommendation shall specifically indicate compliance with subdivision (c).

SEC. 12. Section 34505.10 is added to the Vehicle Code, to read:

34505.10. Motor carriers who contract or subcontract transportation service for other motor carriers shall retain all required records relating to the dispatch of vehicles and drivers and the pay of drivers that are not required to be retained by the carrier for whom the contracted or subcontracted service is performed.

SEC. 13. Section 34507.5 of the Vehicle Code is amended to read:

34507.5. (a) Every motor carrier, as defined in Section 408, and every motor carrier of property, and for-hire motor carrier of property, as defined in Section 34601, shall obtain a carrier identification number from the department. Application for a carrier identification number shall be on forms furnished by the department. Information provided in connection with applications for carrier identification numbers shall be updated by motor carriers upon request from the department.

(b) The carrier identification number assigned to the motor carrier under whose operating authority or motor carrier permit the vehicle or combination of vehicles is being operated shall be displayed on both sides of each vehicle, or on both sides of at least one motor vehicle in each combination of the following vehicles while engaged in intrastate commerce:

(1) Each vehicle set forth in Section 34500.

(2) Any motortruck of two or more axles that is more than 10,000 pounds gross vehicle weight rating.

(3) Any other motortruck or motor vehicle used to transport property for compensation.

pursuant to Section 32000.5, or hazardous waste hauler registration pursuant to Section 25163 of the Health and Safety Code.

(3) Historical vehicles, as described in Section 5004, vehicles which display special identification plates in accordance with Section 5011.

(4) Implements of husbandry as defined in Chapter 1 (commencing with Section 36000) of Division 16.

(2) Vehicles that are regulated by, and that display a valid operating authority number issued by, the Public Utilities Commission, including household goods carriers as defined in Section 5109 of the Public Utilities Code.

(3) For-hire motor carriers of passengers.

(e) The display of the carrier identification number shall be in sharp contrast to the background, and shall be of a size, shape, and color that it is readily legible during daylight hours from a distance of 50 feet.

(f) The carrier identification number for companies no longer in business, no longer operating with the same name, or no longer operating under the same operating authority, identification number, or motor carrier permit shall be removed before sale, transfer, or other disposal of any vehicle marked pursuant to this section.

No motor carrier of property shall contract or subcontract with, or otherwise engage the services of, another motor carrier of property until the contracted motor carrier of property provides certification in the manner prescribed by this section, of compliance with subdivision (a). 34623. (a) The Department of the California Highway Patrol has exclusive jurisdiction for the regulation of safety of operation of motor carriers of property.

(b) The motor carrier permit of a motor carrier of property may be suspended for failure to either (1) maintain any vehicle of the carrier in a safe operating condition or to comply with this code or with regulations contained in Title 13 of the California Code of Regulations relative to motor carrier safety, if that failure is either a consistent failure or presents an imminent danger to public safety, or (2) enroll all drivers in the pull notice system as required by Section 1808.1. The department may, pending a hearing in the matter pursuant to subdivision (d), suspend a carrier's permit.

(c) A motor carrier whose motor carrier permit is suspended pursuant to subdivision (b) may obtain a reinspection of its terminal and vehicles by the Department of the California Highway Patrol by submitting a written request for reinstatement to the department and paying a reinstatement fee as required by Section 34623.5. Following the hearing, the department may terminate the suspension, continue the suspension in effect, or revoke the permit. The department may revoke the permit of any carrier suspended pursuant to subdivision (b) at any time that is 90 days or more after its suspension if the carrier has not filed a written request for a hearing with the department or has failed to submit a request for reinstatement pursuant to subdivision (c).

(e) Notwithstanding any other provision of this code, no hearing shall be provided when the suspension of the motor carrier permit is based solely upon the failure of the motor carrier to maintain satisfactory proof of financial responsibility as required by this code.

(f) No motor carrier of property shall operate a commercial motor vehicle on any public highway in this state during any period its motor carrier of property permit is suspended pursuant to this division.

SECTION 1. Section 1326 of the Code of Civil Procedure is repealed.

SEC. 2. Section 13940 of the Government Code is repealed.

SEC. 3. Section 13941 of the Government Code is repealed.

SEC. 4. Section 13942 of the Government Code is repealed.

SEC. 5. Section 13943 of the Government Code is repealed.

SEC. 6. Section 13943.1 of the Government Code is repealed.

SEC. 7. Section 13943.2 of the Government Code is repealed.

SEC. 8. Section 16301.6 is added to the Government Code, to read:

16301.6. (a) Any state agency or employee required to collect any state taxes, licenses, fees, or money owing to the state for any reason that is due and payable may be discharged by the Controller from accountability for the collection of the taxes, licenses, fees, or money if the debt is uncollectible or the amount of the debt does not justify the cost of its collection.

(b) The application for a discharge under this section shall be filed with the Controller and includes all of the following:

(1) A statement of the nature and amount of the tax, license, fee, or other money due.

(2) The names of the persons liable.

(3) The estimated cost of collection.

(4) All other facts warranting the discharge, unless the Controller determines that the circumstances do not warrant the furnishing of detailed information.

SEC. 9. Section 16301.7 is added to the Government Code, to read:

16301.7. A discharge of a state agency or employee pursuant to Section 16301.6 does not release any person from the payment of any tax, license, fee, or other money that is due and owing to the state.

SEC. 10. Section 16301.8 is added to the Government Code, to read:

16301.8. This authority may be revoked by the Controller if he or she finds that the agency abused its discretion to refrain from collecting taxes, licenses, fees, or money owed to the state. Nothing contained in this section shall be construed as releasing any person from the payment of any money due the state.

SEC. 11. Section 16302.1 of the Government Code is amended to read:

16302.1. (1) The state agency responsible for the collection to which the overpayment relates may apply the amount of the overpayment as a payment by the person on any other taxes, penalties, interest, license or other fees, or any other amount due the state from that person if the state agency is responsible by law for the collection to which the overpayment is to be applied as a payment.

(2) Upon written request of the state agency responsible for the collection to which the overpayment relates, the amount of the overpayment shall, on order of the Controller, be deposited as revenue in the fund in the State Treasury into which the collection, exclusive of overpayments, is required by law to be deposited.

The Controller may adopt rules and regulations to permit state agencies to retain these overpayments where a demand for refund permitted by law is not made within six months after the refund becomes due; and the retained overpayments shall belong to the state.

Except as provided in the foregoing paragraph, this section shall not affect the right of any person making overpayment of any amount to the state to make a claim for refund of the overpayment, nor the

authority of any state agency or official to make payment of any amount so claimed, if otherwise authorized by law.

(2) The United States Olympic Committee certifies to the board the name of the physician and surgeon, the state or country of the applicant's licensure, and the dates within which the applicant has been invited to provide medical services.

(3) The physician and surgeon's practice is limited to that required by the United States Olympic Committee. Those medical services shall be within the area of the physician's and surgeon's competence and shall only be provided to athletes or team personnel registered to train at the olympic training center or registered to compete in an event conducted under the sanction of the United States Olympic Committee.

(b) The exemption provided in this section shall remain in force while the holder is providing medical services at the invitation of the United States Olympic Committee and only during the time certified to the board, but in no event longer than 90 days.

(c) Notwithstanding any other provision of law, the official team manager who is responsible for any team member participating in events at the invitation of the United States Olympic Committee in California may give consent to the furnishing of hospital, medical, and surgical care to a minor who is a team member and that consent

Notwithstanding the limitations in this subdivision on the length of the approval, a Section 2111 guest physician may apply for, and the division may in its discretion grant, not more than two extensions of that approval. An extension may be granted only if the dean of the medical school has provided justification that the extension is necessary and the person holds a certificate issued by the Educational Commission for Foreign Medical Graduates.

(d) The applicant takes and passes the clinical competency written examination administered by the division or takes and passes in another state, commonwealth, or territory of the United States, an examination which is recognized by the division to be equivalent to that administered in this state. However, this subdivision shall not apply to a graduate of a medical school approved by the division.

CHAPTER 656

An act to repeal Chapter 23 (commencing with Section 17770) of, and to add and repeal Chapter 19 (commencing with Section 17200) of , Part 10 of, the Education Code, relating to class size in the public elementary schools, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 3, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 19 (commencing with Section 17200) is added to Part 10 of the Education Code, to read:

CHAPTER 19. CLASS SIZE REDUCTION FACILITIES FUNDING

17200. There is hereby established the Class Size Reduction Facilities Funding Program, for the purpose of assisting school districts with the facilities-related costs associated with reducing class size in kindergarten and grades 1 to 3, inclusive, pursuant to Chapter 6.10 (commencing with Section 52120) of Part 28. For the purposes of this chapter, any reference to school districts shall be deemed to include charter schools.

17201. (a) The Legislature finds and declares that the reduction of class size in the early primary grades leads to significant and sustained improvement in the academic achievement levels of pupils. In enacting the Class Size Reduction Program pursuant to

Chapter 6.10 (commencing with Section 52120) of Part 28, the Legislature is seeking an orderly and efficient transition to smaller class sizes in the 1996–97 school year. Accordingly, the Legislature has allowed school districts to delay implementation of a class size reduction program in the respective districts until February 16, 1997, but receive operational funding pursuant to Section 52126 as if the program had operated for the entire 1996–97 school year.

(b) The Legislature further finds and declares that the first priority for expenditure of the accrued savings in operational funding due to the delayed implementation date in the 1996–97 school year shall be for facilities-related costs of class size reduction.

(c) The Legislature further finds and declares that the eligibility of a school district under the Leroy F. Greene State School Building Lease-Purchase Law of 1976 (Chapter 12 (commencing with Section 17000)) shall not be affected by the provisions of this chapter.

17202. An application for funding under this chapter, the form of which shall be developed by the Superintendent of Public Instruction by August 1, 1996, shall be submitted by each school district that elects to apply for funding under this chapter to the Superintendent of Public Instruction by October 1, 1996, and shall include the following certifications by the governing board of the school district:

(a) Certification of the number of new classes that will be established by the school district solely for the purpose of reducing class size in grade 1 pursuant to the Class Size Reduction Program contained in Chapter 6.10 (commencing with Section 52120) of Part 28.

(b) Certification of the number of new classes that will be established by the school district solely for the purpose of reducing class size in grade 2 pursuant to the Class Size Reduction Program contained in Chapter 6.10 (commencing with Section 52120) of Part 28.

(c) Certification of the number of new classes that will be established by the school district solely for the purpose of reducing class size in kindergarten or grade 3 pursuant to the Class Size Reduction Program contained in Chapter 6.10 (commencing with Section 52120) of Part 28.

(d) Certification that, for the grades in which class sizes are to be reduced, the school district can show either of the following:

(1) The school district is qualified as of the date of the application for new construction funding under the Leroy F. Greene State School Building Lease-Purchase Law of 1976 (Chapter 12 (commencing with Section 17000)) on a districtwide basis or for the relevant school attendance area, as defined in Section 17041.

(2) The school district has insufficient space to house all the new classes that need to be established in order for the district to participate in the Class Size Reduction Program contained in Chapter 6.10 (commencing with Section 52120) of Part 28, as

demonstrated through the eligibility calculation specified in Section 17203 that shall be certified by the governing board of the school district.

17203. Any school district that seeks to qualify for funding under this chapter and that does not currently qualify for new construction funding under the Leroy F. Greene State School Building Lease-Purchase Law of 1976 (Chapter 12 (commencing with Section 17000)) shall complete the following calculations either on a districtwide basis or on the basis of each attendance area, as defined in Section 17041, to demonstrate eligibility for funding under this chapter:

(a) Identify by grade level all available teaching stations in the schools in the school district that serve kindergarten or any of grades 1 to 8, inclusive. For the purposes of this section, "teaching station" shall be determined as specified in Sections 17042.5 and 17042.7.

(b) Determine the number of teaching stations available for class size reduction by calculating the number of pupils that may be housed in existing teaching stations, utilizing the loading standards established by the State Allocation Board or the district loading standards pursuant to paragraph (2) of subdivision (a) of Section 17042.7. For the purposes of this calculation, a school district may utilize any of the following:

(1) The current number of pupils in the school district.

(2) The projected number of pupils, as determined under the Leroy F. Greene State School Building Lease-Purchase Law of 1976 (Chapter 12 (commencing with Section 17000)).

(3) The projected number of pupils, as determined under the Emergency School Classroom Law of 1979 (Chapter 14 (commencing with Section 17085)).

17204. (a) If, pursuant to the calculations made pursuant to subdivision (b) of Section 17203, the school district has no available teaching stations for the additional classes created by its class size reduction program, the school district shall qualify for funding pursuant to this chapter for each additional teaching station that needs to be established to reduce class size to not more than 20 pupils pursuant to Chapter 6.10 (commencing with Section 52120) of Part 28.

(b) If, pursuant to the calculations made pursuant to subdivision (b) of Section 17203, the school district has an insufficient number of teaching stations available for its class size reduction program, the school district shall qualify for funding available under this chapter only for each additional teaching station that needs to be established to reduce class size to not more than 20 pupils pursuant to Chapter 6.10 (commencing with Section 52120) of Part 28 that reasonably cannot be housed in available teaching stations.

(c) If, pursuant to the calculations made pursuant to subdivision (b) of Section 17203, the school district has no need for additional teaching stations in order to implement its class size reduction

program to not more than 20 pupils pursuant to Chapter 6.10 (commencing with Section 52120) of Part 28, the school district shall not qualify for funding under this chapter.

17205. (a) From the sum appropriated for the purposes of this chapter, the Superintendent of Public Instruction shall apportion to each applicant school district the sum of twenty-five thousand dollars ($25,000) for each additional teaching station that needs to be established for the purposes of class size reduction that cannot be housed in existing teaching stations, as determined pursuant to this chapter.

(b) (1) If the funds appropriated for the purposes of this chapter are insufficient to fund all applicant school districts pursuant to this chapter, the Superintendent of Public Instruction shall first apportion funds for all applications from school districts related to reducing class size in grade 1. If funds are insufficient to fund all applications related to reducing class size in grade 1, the Superintendent of Public Instruction shall apportion to each applicant school district its pro rata share of funding for all new grade 1 teaching stations that need to be established for the purpose of class size reduction. In determining the pro rata share for each school district the Superintendent of Public Instruction shall round to the nearest twenty-five thousand dollar ($25,000) increment, but no qualifying school district shall receive less than twenty-five thousand dollars ($25,000).

(2) If funds remain available after funding all applications related to reducing class size in grade 1, the Superintendent of Public Instruction shall next apportion funds for all applications related to reducing class size in grade 2. If funds are insufficient to fund all applications related to reducing class size in grade 2, the Superintendent of Public Instruction shall apportion to each applicant school district its pro rata share of funding for all new grade 2 teaching stations that need to be established for the purpose of class size reduction. In determining the pro rata share for each school district the Superintendent of Public Instruction shall round to the nearest twenty-five thousand dollar ($25,000) increment, but no qualifying school district shall receive less than twenty-five thousand dollars ($25,000).

(3) If funds remain available after funding all applications related to reducing class size in grades 1 and 2, the Superintendent of Public Instruction shall then apportion funds for applications related to reducing class size in kindergarten or grade 3. If funds are insufficient to fund all applications related to reducing class size in kindergarten or grade 3, the Superintendent of Public Instruction shall apportion to each applicant school district its pro rata share of funding for all new kindergarten or grade 3 teaching stations that need to be established for the purpose of class size reduction. In determining the pro rata share for each school district the Superintendent of Public Instruction shall round to the nearest twenty-five thousand dollar

($25,000) increment, but no qualifying school district shall receive less than twenty-five thousand dollars ($25,000).

17205.5. The amount apportioned for each additional teaching station pursuant to Section 17205 shall be increased by 15 percent for teaching stations located at schoolsites for which the governing board of the school district certifies that the funds will be used for portable classrooms and for which the Superintendent of Public Instruction determines that those schoolsites require portable classrooms specially designed to accommodate a snow load.

17206. (a) Funds allocated to school districts pursuant to this chapter shall be expended solely for the purpose of facilities-related costs associated with the implementation of the Class Size Reduction Program contained in Chapter 6.10 (commencing with Section 52120) of Part 28.

(b) Funds shall not be allocated to school districts pursuant to this chapter for the purpose of assisting school districts in implementing Option Two, as set forth in paragraph (2) of subdivision (b) of Section 52122.

(c) Funds shall not be allocated to a school district pursuant to this chapter if the school district fails to submit to the Superintendent of Public Instruction an application for funds by November 1, 1996, pursuant to the Class Size Reduction Program contained in Chapter 6.10 (commencing with Section 52120) of Part 28.

(d) If a school district receives funding pursuant to this chapter but has not implemented its class size reduction program for all grades and classes for which it received funding pursuant to this chapter, the Superintendent of Public Instruction shall notify the Controller and the school district in writing and the Controller shall deduct an amount equal to the amount received by the school district under this chapter for each class that the school district failed to reduce to a class size of 20 or less pupils from the school district's next principal apportionment or apportionments of state funds to the district, other than basic aid apportionments required by Section 6 of Article IX of the California Constitution.

17207. This chapter shall become inoperative on June 30, 1999, and as of January 1, 2000, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 2000, deletes or extends the dates on which the chapter becomes inoperative and is repealed.

SEC. 2. Chapter 23 (commencing with Section 17770) of Part 10 of the Education Code is repealed.

SEC. 3. (a) The Superintendent of Public Instruction shall certify to the Controller the amount of funds appropriated pursuant to Section 6 of Chapter 163 of the Statutes of 1996 that shall not be allocated by the Superintendent of Public Instruction to school districts in the 1996–97 fiscal year for the purposes of the Class Size Reduction Program established pursuant to Chapter 6.10 (commencing with Section 52120) of Part 28 of the Education Code.

(b) Any funds appropriated pursuant to Section 6 of Chapter 163 of the Statutes of 1996 that shall not be allocated by the Superintendent of Public Instruction to school districts in the 1996–97 fiscal year for the purposes of the Class Size Reduction Program established pursuant to Chapter 6.10 (commencing with Section 52120) of Part 28 of the Education Code are hereby reappropriated, without regard to fiscal year, to the Superintendent of Public Instruction for allocation to school districts for the purposes of the Class Size Reduction Facilities Funding Program contained in Chapter 23 (commencing with Section 17770) of Part 10 of the Education Code, as that chapter existed on June 30, 1997.

(c) To be eligible to receive any of the funds reappropriated pursuant to this section, a school district shall already have an existing application on file with the Superintendent of Public Instruction pursuant to Section 17772 of the Education Code, or shall, by a date specified by the Superintendent of Public Instruction, file a new or amended application in accordance with Chapter 23 (commencing with Section 17770) of Part 10 of the Education Code, as that chapter existed on June 30, 1997, except that the October 1, 1996, application deadline specified in Section 17772 of the Education Code does not apply. A new or amended application filed pursuant to this subdivision shall be only for new classes established during the 1996–97 fiscal year pursuant to Chapter 6.10 (commencing with Section 52120) of Part 28 of the Education Code.

(d) Notwithstanding subdivision (b) of Section 17205 of the Education Code, the Superintendent of Public Instruction shall apportion to applicant school districts the funds reappropriated pursuant to this section as follows:

(1) If the funds reappropriated for the purposes of this section are insufficient to fund all applicant school districts pursuant to this section, the Superintendent of Public Instruction shall first apportion funds for all existing, amended, and new applications from school districts related to reducing class size in grade 1. If funds are insufficient to fund all existing, amended, and new applications related to reducing class size in grade 1, the Superintendent of Public Instruction shall apportion to each applicant school district its pro rata share of funding for all new grade 1 teaching stations that need to be established for the purpose of class size reduction. In determining the pro rata share for each school district the Superintendent of Public Instruction shall round to the nearest twenty-five thousand dollar ($25,000) increment, but no qualifying school district shall receive less than twenty-five thousand dollars ($25,000).

(2) If funds remain available after funding all existing, amended, and new applications related to reducing class size in grade 1, the Superintendent of Public Instruction shall next apportion funds for all existing, amended, and new applications related to reducing class size in grade 2. If funds are insufficient to fund all existing, amended,

and new applications related to reducing class size in grade 2, the Superintendent of Public Instruction shall apportion to each applicant school district its pro rata share of funding for all new grade 2 teaching stations that need to be established for the purpose of class size reduction. In determining the pro rata share for each school district the Superintendent of Public Instruction shall round to the nearest twenty-five thousand dollar ($25,000) increment, but no qualifying school district shall receive less than twenty-five thousand dollars ($25,000).

(3) If funds remain available after funding all existing, amended, and new applications related to reducing class size in grades 1 and 2, the Superintendent of Public Instruction shall then apportion funds for existing applications related to reducing class size in kindergarten or grade 3. If funds are insufficient to fund all existing applications related to reducing class size in kindergarten or grade 3, the Superintendent of Public Instruction shall apportion to each school district that has an existing application on file its pro rata share of funding for all new kindergarten or grade 3 teaching stations that need to be established for the purpose of class size reduction. In determining the pro rata share for each school district the Superintendent of Public Instruction shall round to the nearest twenty-five thousand dollar ($25,000) increment, but no qualifying school district shall receive less than twenty-five thousand dollars ($25,000).

(4) If funds remain available after funding all existing, amended, and new applications related to reducing class size in grades 1 and 2 and all existing applications related to reducing class size in kindergarten or grade 3, the Superintendent of Public Instruction shall then apportion funds for amended and new applications related to reducing class size in kindergarten or grade 3. If funds are insufficient to fund all amended and new applications related to reducing class size in kindergarten or grade 3, the Superintendent of Public Instruction shall apportion to each school district that has filed an amended or new application its pro rata share of funding for all new kindergarten or grade 3 teaching stations that need to be established for the purpose of class size reduction. In determining the pro rata share for each school district the Superintendent of Public Instruction shall round to the nearest twenty-five thousand dollar ($25,000) increment, but no qualifying school district shall receive less than twenty-five thousand dollars ($25,000).

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to continue to implement the Class Size Reduction Facilities Funding Program established pursuant to Chapter 23 (commencing with Section 17770) of Part 10 of the Education Code,

as that chapter existed on June 30, 1997, and to reappropriate funds therefor, it is necessary that this act take effect immediately.

CHAPTER 657

An act to add Sections 130051.20 and 130051.25 to the Public Utilities Code, relating to transportation.

[Approved by Governor October 3, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The Los Angeles County Metropolitan Transportation Authority has an annual budget of two billion nine hundred million dollars ($2,900,000,000).

(b) The authority is funded by tax and bond revenues.

(c) There were 990 lobbyists registered with the authority as of December 8, 1994, nearly as many lobbyists as there are who work with the Legislature at the State Capitol.

(d) Evidence exists that the policy making and contract-award processes are heavily influenced by lobbyists bearing gifts and contributions.

(e) Public confidence in the authority has deteriorated because of critical investigative media reports on its performance, the temporary suspension of federal construction funding, an ongoing criminal federal investigation, and pending lawsuits filed by authority "whistle-blowers" and bus riders.

(f) It is crucial to the future of the transportation system in Los Angeles County that there be public confidence in the authority, that public funds are spent legally, properly, without special-interest influence, and in the most cost-effective way that serves the greatest number of transit-dependent citizens.

The Legislature finds it proper and necessary therefore, to revise and strengthen existing laws that govern gifts and contributions given to, and received by, authority directors and employees.

SEC. 2. Section 130051.20 is added to the Public Utilities Code, to read:

130051.20. (a) (1) No construction company, engineering firm, consultant, legal firm, or any company, vendor, or business entity seeking a contract with the Los Angeles County Metropolitan Transportation Authority shall give to a member, alternate member, or employee of the authority, or to any member of their immediate families, a contribution of over ten dollars ($10) in value or amount.

A "contribution" includes contributions to candidates or their committees in any federal, state, or local election.

(2) Neither the owner, an employee, or any member of their immediate families, of any construction company, engineering firm, consultant, legal firm, or any company, vendor, or business entity seeking a contract with the authority shall make a contribution of over ten dollars ($10) in value or amount to a member, alternate member, or employee of the authority, or to any member of their immediate families.

(3) No member, alternate member, or employee of the authority, or member of their immediate families, shall accept, solicit, or direct a contribution of over ten dollars ($10) in value or amount from any construction company, engineering firm, consultant, legal firm, or any company, vendor, or business entity seeking a contract with the authority.

(4) No member, alternate member, or employee of the authority shall make or participate in, or use his or her official position to influence, a contract decision if the member, alternate member, or employee has knowingly accepted a contribution of over ten dollars ($10) in value in the past four years from a participant, or its agent, involved in the contract decision.

(5) No member, alternate member, or employee of the authority, or member of their immediate families shall accept, solicit, or direct a contribution of over ten dollars ($10) in value or amount from a construction company, engineering firm, consultant, legal firm, or any company, vendor, or business entity that has contracted with the authority in the preceding four years.

(b) A member, alternate member, or employee of the authority who has participated as a decisionmaker in the preparation, evaluation, award, or implementation of a contract and who leaves the authority shall not, within three years of leaving the authority, accept employment with any company, vendor, or business entity that was awarded a contract as a result of his or her participation, evaluation, award, or implementation of that contract.

SEC. 3. Section 130051.25 is added to the Public Utilities Code, to read:

130051.25. (a) For the purpose of this section, "recordable injury" means any injury requiring treatment beyond simple first aid.

(b) A construction firm that contracts with the Los Angeles County Metropolitan Transportation Authority shall report total recordable injuries to the authority on a monthly basis.

(c) The authority shall annually determine if the number of recordable injuries reported to the authority during the preceding calendar year exceeded the national average of similar injuries as reported by the Bureau of Labor Statistics for the most recent published year. If the authority determines that the number of recordable injuries reported to the authority during the preceding calendar year exceeded the national average, the authority shall not

base any safety bonus program for contractors on injuries that result in lost time, and shall base such a program on the overall rate of recordable injuries.

(e) A program of pilot regulation and licensing is necessary in order to ascertain and guarantee the qualifications, fitness, and reliability of qualified personnel who can provide safe pilotage of vessels entering and using the Bays of San Francisco, San Pablo, and Suisun.

(f) The need to assure safe and pollution-free waterborne commerce requires that pilotage services be employed in the confined and crowded waters of those bays.

(g) Bar pilotage in the Bays of San Francisco, San Pablo, and Suisun has continuously been regulated by a single-purpose state board since 1850, and that regulation and licensing should be continued.

(h) The individual physical safety and well-being of pilots is of vital importance in providing required pilot services.

SEC. 2. Section 1151 of the Harbors and Navigation Code is amended to read:

Within 24 hours, the commission investigator shall report preliminary conclusions to the executive director. Further, if the commission investigator believes that the equipment is in violation of the relevant safety standards, he or she shall immediately alert the Coast Guard Marine Safety Office. The commission investigator shall submit a written report to the board. The board shall specify, by regulation, the information which shall be contained in the report.

(b) At its next monthly meeting following receipt of the commission investigator's report, the board shall consider the commission investigator's findings as well as other reports or comments from interested parties. At the conclusion of the hearing, the board shall file its own findings and recommendations with the Coast Guard.

(c) The record of the investigation, including the commission investigator's report and the board's findings and recommendations, shall be a public record maintained by the board for 10 years.

The following computations shall be made to determine the base revenue limit per unit of average daily attendance for the newly organized school districts:

(1) Divide the average daily attendance computed pursuant to Section 42238.5 into the base revenue limit computed pursuant to Section 42238 for each affected district, and then perform the following computation to arrive at the blended revenue limit:

(A) For each school district affected by the reorganization, multiply the amount determined pursuant to paragraph (1) by the number of units of average daily attendance for that school district that the county superintendent of schools determines will be included in the proposed school district.

(B) Add the amounts calculated pursuant to subparagraph (A).

(2) For each affected school district for which the employment of 25 percent or more of the classified full-time equivalent employees of the district is attributable to average daily attendance that the county superintendent of schools determines will be included in the newly organized school districts, the following computation shall be made to determine the amount to be included in the base revenue

limit per unit of average daily attendance for the newly organized school districts that is based on the salaries and benefits of classified employees:

(A) For each of those school districts, make the following computation to arrive at the highest average amount expended for salaries and benefits for classified full-time employees by the districts:

(i) Add the amount of all salaries and benefits for classified employees of the district, including both part-time and full-time employees.

(ii) Divide the amount computed in clause (i) by the total number of full-time equivalent classified employees in the district.

(B) Compare the amounts determined for each of those school districts pursuant to subparagraph (A) and identify the highest average amount expended for salaries and benefits for classified employees.

(C) For each of those school districts, subtract the amount determined for the district pursuant to subparagraph (A) from the amount identified pursuant to subparagraph (B).

(D) For each of those school districts, multiply the amount determined for the district pursuant to subparagraph (C) by the number of full-time equivalent classified employees employed by the district, and then multiply by the percentage of the district's average daily attendance to be included in the new district.

(E) Add the amounts computed for each school district pursuant to subparagraph (D).

(3) For each affected school district for which the employment of 25 percent or more of the certificated full-time equivalent employees of the district is attributable to average daily attendance that the county superintendent of schools determines will be included in the newly organized school districts, the following computation shall be made to determine the amount to be included in the base revenue limit per unit of average daily attendance for the newly organized school districts that is based on the salaries and benefits of certificated employees:

(A) For each of those school districts, make the following computation to determine the highest average amount expended for salaries and benefits for certificated full-time employees:

(i) Add the amount of all salaries and benefits for certificated employees, including both part-time and full-time employees.

(ii) Divide the amount determined in clause (i) by the total number of full-time equivalent certificated employees in the district.

(B) Compare the amounts determined for each school district pursuant to subparagraph (A) and identify the highest average amount expended for salaries and benefits for certificated employees.

(C) For each of those school districts, subtract the amount determined for the district pursuant to subparagraph (A) from the amount identified pursuant to subparagraph (B).

(D) For each of those school districts, multiply the amount determined for the district pursuant to subparagraph (C) by the number of full-time equivalent certificated employees of the school district, and then multiply by the percentage of the district's average daily attendance to be included in the new district.

(E) Add the amount calculated for each school district identified pursuant to subparagraph (D).

(4) The base revenue limit per unit of average daily attendance shall be adjusted for inflation as follows:

(A) Add the amounts determined pursuant to subparagraph (B) of paragraph (1), subparagraph (E) of paragraph (2), and subparagraph (E) of paragraph (3), and divide that sum by the number of units of average daily attendance in the newly organized school districts. The amount determined pursuant to this subparagraph shall not exceed 110 percent of the blended revenue limit per unit of average daily attendance calculated pursuant to paragraph (1).

(B) (i) Increase the amount determined pursuant to subparagraph (A) by the amount of the inflation adjustment calculated and used for apportionment purposes pursuant to Section 42238.1 for the fiscal year immediately preceding the year in which the reorganization becomes effective.

(ii) With respect to a school district that unifies effective July 1, 1997, and that has an average daily attendance in the 1996–97 fiscal year of more than 1,500 units, increase the amount determined pursuant to subparagraph (A) by an amount calculated as follows:

(I) For each component district of the newly unified district, multiply the amount of revenue limit equalization aid per unit of average daily attendance determined pursuant to Sections 42238.41, 42238.42, and 42238.43, or any other sections of law, for the 1996–97 fiscal year by the 1996–97 second principal apportionment units of average daily attendance determined pursuant to Section 42238.5 for that component district.

(II) Add the results for all component districts, and divide this amount by the sum of the 1996–97 second principal apportionment units of average daily attendance determined pursuant to Section 42238.5 for all component districts.

(C) Increase the amount determined pursuant to subparagraph (B) by the amount of the inflation adjustment calculated and used for apportionment purposes pursuant to Section 42238.1 for the fiscal year in which the reorganization becomes effective for all purposes.

(D) Increase the amount determined pursuant to subparagraph (C) by any other adjustments to the base revenue limit per unit of average daily attendance that the newly organized school districts would have been eligible to receive had they been reorganized in the fiscal year two years prior to the year in which the reorganization becomes effective for all purposes.

(b) The amount determined pursuant to subparagraph (D) of paragraph (4) of subdivision (a) shall be the base revenue limit per unit of average daily attendance for the newly organized school districts.

(c) The base revenue limit per unit of average daily attendance for the newly organized school district shall not be greater than the amount set forth in the proposal for reorganization that is approved by the State Board of Education. The Superintendent of Public Instruction may make adjustments to base revenue limit apportionments to a newly organized school district, if necessary to cause those apportionments to be consistent with this section.

(d) If the territorial jurisdiction of any school district was revised pursuant to a unification, consolidation, or other reorganization, occurring on or before July 1, 1989, that resulted in a school district having a larger territorial jurisdiction than the original school district prior to the reorganization, and a reorganization of school districts occurs on or after the effective date of the act that added this subdivision that results in a school district having a territorial jurisdiction that is substantially the same, as determined by the State Board of Education, as the territorial jurisdiction of that original school district prior to the most recent reorganization occurring on or before July 1, 1989, the revenue limit of the school district resulting from the subsequent reorganization shall be the same, notwithstanding subdivision (b), as the revenue limit that was determined for the original school district prior to the most recent reorganization occurring on or before July 1, 1989.

(e) The average daily attendance of a newly organized school district, for purposes of subdivision (d) of Section 42238, shall be the average daily attendance that is attributable to the area reorganized for the fiscal year two years prior to the fiscal year in which the new district becomes effective for all purposes.

(f) For purposes of computing average daily attendance pursuant to subdivision (d) of Section 42238 for each school district that exists prior to the reorganization and whose average daily attendance is directly affected by the reorganization, the following calculation shall apply for the fiscal year two years prior to the fiscal year in which the newly reorganized school district becomes effective:

(1) Divide the 1982–83 fiscal year average daily attendance, computed pursuant to subdivision (d) of Section 42238, by the total average daily attendance of the district pursuant to Section 42238.5.

(2) Multiply the percentage computed pursuant to paragraph (1) by the total average daily attendance of the district calculated pursuant to Section 42238.5, excluding the average daily attendance of pupils attributable to the area reorganized.

(g) This section shall not apply to any reorganization proposal approved by the State Board of Education prior to January 1, 1995.

(h) Notwithstanding any other provision of law, this section shall not be subject to waiver by the State Board of Education pursuant to Section 33050 or by the Superintendent of Public Instruction.

SEC. 2. (a) Notwithstanding any other provision of this chapter, the Nevada City School District and the Templeton Unified School District may implement a program to reduce class size in three grade levels at a schoolsite that exclusively enrolls pupils in kindergarten and grades 1 and 2 and, in addition, may implement a program to reduce class size in grade 3 at a schoolsite that exclusively enrolls pupils in grades 3 to 5, inclusive, if the program to reduce class size in grade 3 is implemented on or before September 3, 1996.

(b) It is the intent of the Legislature that the provisions of subdivision (a) not be interpreted as precedential.

(c) This section shall remain in effect only until July 1, 1999, and as of that date is repealed, unless a later enacted statute, that is enacted before July 1, 1999, deletes or extends that date.

SEC. 3. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique circumstances with respect to the Nevada City School District and the Templeton Unified School District. The facts constituting this necessity are:

(a) The State Department of Education confirms that an error was made with regard to the implementation of the class size reduction program in the Nevada City School District and the Templeton Unified School District for the 1996–97 fiscal year.

(b) This erroneous implementation of the class size reduction program caused an economic emergency for the Nevada City School District and the Templeton School District, which, if left unresolved, would have resulted in hardship for both school districts.

(c) The State Department of Education rectified the error by funding the additional costs incurred to the school districts through the incorrect implementation of the class size reduction program in both school districts.

(d) Statutory authorization is necessary to allow the Nevada City School District and the Templeton Unified School District to retain the critical funding to avoid an economic emergency.

(1) A conservator of the person or estate of an adult, or both.

(2) A conservator of the person of a minor who is married or whose marriage has been dissolved.

(b) Notwithstanding subdivision (a), a conservatorship of the person may not be established for a nonresident of this state if a conservatorship has been established, or a protective court order has been issued, in another state with respect to that person, or a proceeding to establish a conservatorship or obtain a protective court order is pending in another state with respect to that person, unless both of the following are met:

(1) The person who is or would be protected by the conservatorship or protective order is in this state.

(2) The out-of-state court in which the conservatorship has been established or the protective order has been issued, or in which there is a proceeding to establish a conservatorship or other protective order, has authorized the permanent removal of the person described in paragraph (1) to this state.

(c) Subdivision (b) shall be operative only until January 1, 2001.

SEC. 2. Section 15610.06 is added to the Welfare and Institutions Code, to read:

15610.06. "Abduction" means the removal from this state and the restraint from returning to this state, or the restraint from returning to this state, of any elder or dependent adult who does not have the capacity to consent to the removal from this state and the restraint from returning to this state, or the restraint from returning to this state, as well as the removal from this state or the restraint from returning to this state, of any conservatee without the consent of the conservator or the court.

SEC. 3. Section 15610.07 of the Welfare and Institutions Code is amended to read:

15610.07. "Abuse of an elder or a dependent adult" means physical abuse, neglect, fiduciary abuse, abandonment, isolation, abduction, or other treatment with resulting physical harm or pain or mental suffering, or the deprivation by a care custodian of goods or services that are necessary to avoid physical harm or mental suffering.

SEC. 4. Section 15657.05 is added to the Welfare and Institutions Code, to read:

15657.05. Where it is proven by clear and convincing evidence that an individual is liable for abduction, as defined in Section 15610.06, in addition to all other remedies otherwise provided by law:

(a) (1) The court shall award to the plaintiff reasonable attorney's fees and costs. The term "costs" shall include, but is not limited to, costs of representing the abductee and his or her family in this state and any other state in any action related to the abduction and returning of the abductee to this state, as well as travel expenses for returning the abductee to this state and reasonable fees for the services of a conservator, if any, devoted to the litigation of a claim brought under this article.

(2) The award of attorney's fees shall be governed by the principles set forth in Section 15657.1.

(b) The limitations imposed by Section 377.34 of the Code of Civil Procedure on the damages recoverable shall not apply. However, the damages recovered shall not exceed the damages permitted to be recovered pursuant to subdivision (b) of Section 3333.2 of the Civil Code.

(c) The standards set forth in subdivision (b) of Section 3294 of the Civil Code regarding the imposition of punitive damages on an employer based upon the acts of an employee shall be satisfied before any damages or attorney's fees permitted under this section may be imposed against an employer.

(a) The department of the superior court having jurisdiction over probate conservatorships shall also have concurrent jurisdiction over civil actions and proceedings involving a claim for relief arising out of the abduction, as defined in Section 15610.06, or the abuse of an elderly or dependent adult, if a conservator has been appointed for plaintiff prior to the initiation of the action for abuse.

(b) The department of the superior court having jurisdiction over probate conservatorships shall not grant relief under this article if the court determines that the matter should be determined in a civil action, but shall instead transfer the matter to the general civil calendar of the superior court. The court need not abate any proceeding for relief pursuant to this article if the court determines that the civil action was filed for the purpose of delay.

(c) The death of the elder or dependent adult does not cause the court to lose jurisdiction of any claim for relief for abuse of an elder or dependent adult.

(d) Upon petition, after the death of the elder or dependent adult, the right to maintain an action shall be transferred to the personal representative of the decedent, or if none, to the person or persons entitled to succeed to the decedent's estate.

(c) Each handler shall, in any case, review the business plan, submitted pursuant to subdivision (a) or (b) at least once every three years thereafter after the initial submission of the business plan, to determine if a revision is needed and shall certify to the administering agency that the review was made and that any necessary changes were made to the plan. A copy of those changes shall be submitted to the administering agency as a part of that certification.

(d) Unless exempted from the business plan requirements under this chapter, each handler shall annually report its hazardous materials inventory on the form required by subdivision (a) of Section 25503.3 or in the alternative form designated by the administering agency pursuant to subdivision (b) of Section 25503.3, or submit a certification statement to the administering agency of the county or city in which the handler is located.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

[Approved by Governor October 3, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Article 4.5 (commencing with Section 1366.20) is added to Chapter 2.2 of Division 2 of the Health and Safety Code, to read:

Article 4.5. California Cobra Program

1366.20. (a) This article shall be known as the California Continuation Benefits Replacement Act, or "Cal-COBRA."

(b) It is the intent of the Legislature that continued access to health insurance coverage is provided to employees, and their dependents, of employers with 2 to 19 eligible employees who are not currently offered continuation coverage under the Consolidated Omnibus Budget Reconciliation Act of 1985.

1366.21. The definitions contained in this section govern the construction of this article.

(a) "Continuation coverage" means extended coverage under the group benefit plan in which an eligible employee is currently enrolled, or, in the case of a termination of the group benefit plan or an employer open enrollment period, extended coverage under the group benefit plan currently offered by the employer.

(b) "Group benefit plan" means any health care service plan contract, including a specialized health care service plan contract provided pursuant to Article 3.1 (commencing with Section 1357) to an employer with 2 to 19 eligible employees, as defined in this section.

(c) "Qualified beneficiary" means any individual who, on the date of the qualifying event, is an enrollee in a group benefit plan offered by a health care service plan pursuant to Article 3.1 (commencing with Section 1357).

(d) "Qualifying event" means any of the following events that, but for the election of continuation coverage under this article, would result in a loss of coverage under the group benefit plan to a qualified beneficiary:

(1) The death of the covered employee or subscriber.

(2) The termination or reduction of hours of the covered employee's or subscriber's employment, except that termination for gross misconduct does not constitute a qualifying event.

(3) The divorce or legal separation of the covered employee from the covered employee's spouse.

(4) The loss of dependent status by a dependent enrolled in the group benefit plan.

(5) With respect to a dependent only, the covered employee's or subscriber's eligibility for coverage under Title XVIII of the United States Social Security Act (Medicare).

(e) "Employer" means any employer that meets the definition of "small employer" as set forth in Section 1357 and (1) employs fewer than 20 eligible employees on at least 50 percent of its working days during the preceding calendar year, (2) has contracted for health care coverage through a group benefit plan offered by a health care service plan, and (3) is not subject to Section 4980B of the United States Internal Revenue Code or Chapter 18 of the Employee Retirement Income Security Act, 29 U.S.C. Section 1161 et seq.

1366.22. The continuation coverage requirements of this article do not apply to the following individuals:

(a) Individuals who are entitled or become entitled to coverage pursuant to Title XVIII of the United States Social Security Act (Medicare), as amended or superseded.

(b) Individuals who are covered or become covered under another group benefit plan, including a self-insured employee welfare benefit plan, that provides coverage for individuals and that does not impose any exclusion or limitation with respect to any preexisting condition of the individual, other than a preexisting condition limitation or exclusion that does not apply to or is satisfied by the qualified beneficiary pursuant to Sections 1357 and 1357.06. A group conversion option under any group benefit plan shall not be considered as an arrangement under which an individual beneficiary is or becomes covered.

(c) Individuals who are covered, become covered, or could become covered pursuant to Section 4980B of the United States Internal Revenue Code or Chapter 18 of the Employee Retirement Income Security Act, 29 U.S.C. Section 1161 et seq.

(d) Individuals who are covered, become covered, or could become covered pursuant to Chapter 6A of the Public Health Service Act, 42 U.S.C. Section 300bb-1 et seq.

(e) Qualified beneficiaries who fail to meet the requirements of subdivision (b) of Section 1366.24 regarding notification of a

qualifying event or election of continuation coverage within the specified time limits.

(f) Qualified beneficiaries who fail to submit the correct premium amount required by subdivision (b) of Section 1366.24 and Section 1366.26, in accordance with the terms and conditions of the plan contract.

1366.23. (a) Every group health care service plan contract, or specialized health care service plan contract, that provides coverage under a group benefit plan to an employer, as defined in Section 1366.21, shall offer continuation coverage, pursuant to this section, to a qualified beneficiary under the contract upon a qualifying event without evidence of insurability. The qualified beneficiary shall, upon election, be able to continue his or her group benefit plan, subject to the contract's terms and conditions, and subject to the requirements of this article. Except as otherwise provided in this section, continuation coverage shall be provided under the same terms and conditions that apply to similarly situated individuals under the group benefit plan.

(b) Every health care service plan shall also offer the continuation coverage to a qualified beneficiary who (1) elects continuation coverage under a group benefit plan, as defined in this article or in Section 10128.51 of the Insurance Code, but whose continuation coverage is terminated pursuant to subdivision (b) of Section 1366.27, prior to any other termination date specified in Section 1366.27, or (2) who elects coverage through the health care service plan during any employer open enrollment, and the employer has contracted with the health care service plan to provide coverage to the employer's active employees. This continuation coverage shall be provided only for the balance of the period that the qualified beneficiary would have remained covered under the prior group benefit plan and group service agreement had the employer not terminated the group service agreement or contract with the previous group benefit plan.

(c) A health care service plan that provides coverage for basic health care services as well as coverage for dental and vision care shall not be required to offer to qualified beneficiaries continuation coverage for basic health care services unless the health care service plan is the only plan or insurer providing a group benefit plan to the employees of the employer. In no case shall a health care service plan that provides coverage for basic health care services as well as coverage for dental and vision care within a single group benefit plan be required to offer qualified beneficiaries continuation coverage for dental or vision care only.

(d) Any child who is born to a qualified beneficiary or who is placed for adoption with a qualified beneficiary during the period of continuation coverage provided by this article shall be entitled to receive benefits pursuant to this article, if the child is enrolled by the qualified beneficiary under a group benefit plan as a dependent of

that beneficiary within 30 days of the child's birth or placement for adoption.

1366.24. (a) Every health care service plan shall disclose to subscribers of group benefit plans subject to this article the ability to continue coverage pursuant to this article in the plan's evidence of coverage.

(b) This disclosure shall state that all enrollees who are eligible to be qualified beneficiaries, as defined in subdivision (c) of Section 1366.21, shall be required, as a condition of receiving benefits pursuant to this article, to notify the health care service plan, or the employer if the employer contracts to perform the administrative services as provided for in Section 1366.25, of all qualifying events as specified in paragraphs (1), (3), (4), and (5) of subdivision (d) of Section 1366.21 within 60 days of the date of the qualifying event. This disclosure shall inform enrollees that failure to make the notification to the health care service plan, or to the employer when under contract to provide the administrative services, within the required 60 days will disqualify the qualified beneficiary from receiving continuation coverage pursuant to this article. The disclosure shall further state that a qualified beneficiary who wishes to continue coverage under the group benefit plan pursuant to this article must request the continuation in writing and deliver, by first-class mail, or other reliable means of delivery, including personal delivery, express mail, or private courier company, to the health care service plan, or to the employer if the plan has contracted with the employer for administrative services pursuant to subdivision (d) of Section 1366.25, within the 60-day period following the later of (1) the date of the qualifying event, (2) the date the qualified beneficiary is given notice pursuant to subdivision (d) of Section 1366.25 of the ability to continue coverage under the group benefit plan by either the health care service plan or his or her employer, or (3) the date coverage under the employer's group benefit plan terminates. The disclosure required by this section shall also state that a qualified beneficiary electing continuation shall pay to the health care service plan, in accordance with the terms and conditions of the plan contract, which shall be set forth in the notice to the qualified beneficiary pursuant to subdivision (d) of Section 1366.25, the amount of the required premium payment, as set forth in Section 1366.26. The disclosure shall further require that the qualified beneficiary's first premium payment required to establish premium payment be delivered by certified mail or other reliable means of delivery, including personal delivery, express mail, or private courier company, to the health care service plan, or to the employer if the employer has contracted with the plan to perform the administrative services pursuant to subdivision (d) of Section 1366.25, within 45 days of the date the qualified beneficiary provided written notice to the health care service plan or the employer, if the employer has contracted to perform the administrative services, of the election to continue

coverage in order for coverage to be continued under this article. This disclosure shall also state that the first premium payment must equal an amount sufficient to pay all required premiums and all premiums due, and that failure to submit the correct premium amount within the 45-day period will disqualify the qualified beneficiary from receiving continuation coverage pursuant to this article.

(c) The disclosure required by this section shall also describe separately how qualified beneficiaries whose continuation coverage terminates under a prior group benefit plan pursuant to subdivision (b) of Section 1366.27 may continue their coverage for the balance of the period that the qualified beneficiary would have remained covered under the prior group benefit plan, including the requirements for election and payment. The disclosure shall clearly state that continuation coverage shall terminate if the qualified beneficiary fails to comply with the requirements pertaining to enrollment in, and payment of premiums to, the new group benefit plan within 30 days of receiving notice of the termination of the prior group benefit plan.

(d) Every plan evidence of coverage that is issued, amended, or renewed after January 1, 1999, shall contain the information required by this section. Except as otherwise specified in this section, continuation coverage shall be under the same benefit terms and conditions as if the continuation coverage under COBRA had remained in force. For the employee or spouse, continuation coverage following the end of COBRA is subject to payment of premiums to the health care service plan. Individuals ineligible for COBRA are not entitled to continuation coverage under this section. Premiums for continuation coverage under this section shall be billed by, and remitted to, the health care service plan in accordance with subdivision (d). Failure to pay the requisite premiums may result in termination of the continuation coverage in accordance with the applicable provisions in the plan's group subscriber agreement with the former employer.

(2) The former employer shall notify the former employee or spouse or both, or the former spouse of the employee or former employee, of the availability of the continuation benefits under this section in accordance with Section 2800.2 of the Labor Code. To continue health care coverage pursuant to this section, the individual shall elect to do so by notifying the plan in writing within 30 calendar days prior to the date continuation coverage under COBRA is scheduled to end.

(3) The continuation coverage shall end automatically on the earlier of (A) the date the individual reaches age 65, (B) the date the individual is covered under any group health plan not maintained by the employer, regardless of whether that coverage is less valuable, (C) the date the individual becomes entitled to Medicare under Title XVIII of the Social Security Act, (D) for a spouse, five years from the date on which continuation coverage under COBRA was scheduled to end for the spouse, or (E) the date on which the former employer terminates its group subscriber agreement with the health care service plan and ceases to provide coverage for any active employees through that plan, in which case the health care service plan shall notify the former employee or spouse or both of the right to a conversion plan in accordance with Section 1373.6.

(c) (1) If a former spouse of an employee or former employee was covered as a qualified beneficiary under COBRA, the former spouse may further continue benefits beyond the date coverage under COBRA ends, as set forth in paragraph (2) of subdivision (b). Except as otherwise specified in this section, continuation coverage shall be under the same benefit terms and conditions as if the

continuation coverage under COBRA had remained in force. Continuation coverage following the end of COBRA is subject to payment of premiums to the health care service plan. Premiums for continuation coverage under this section shall be billed by, and remitted to, the health care service plan in accordance with subdivision (d). Failure to pay the requisite premiums may result in termination of the continuation coverage in accordance with the applicable provisions in the plan's group subscriber agreement with the employer or former employer.

(2) The continuation coverage for the former spouse shall end automatically on the earlier of (A) the date the individual reaches 65 years of age, (B) the date the individual is covered under any group health plan not maintained by the employer, regardless of whether that coverage is less valuable, (C) the date the individual becomes entitled to Medicare under Title XVIII of the Social Security Act, (D) five years from the date on which continuation coverage under COBRA was scheduled to end for the former spouse, or (E) the date on which the employer or former employer terminates its group subscriber agreement with the health care service plan and ceases to provide coverage for any active employees through that plan, in which case the health care service plan shall notify the former spouse of the right to a conversion plan in accordance with Section 1373.6.

(d) (1) If the premium charged to the employer for a specific employee is adjusted for the age of the specific employee on other than a composite basis, the rate for continuation coverage under this section shall not exceed 102 percent of the premium charged by the plan to the employer for an employee of the same age as the former employee electing continuation coverage. For purposes of this section, the "applicable current group rate" means the total premiums charged by the health care service plan for coverage for the group, divided by the relevant number of covered persons. For the employee or spouse, continuation coverage following the end of COBRA or Cal-COBRA is subject to payment of premiums to the health care service plan. Individuals ineligible for COBRA or Cal-COBRA are not entitled to continuation coverage under this section. Premiums for continuation coverage under this section shall be billed by, and remitted to, the health care service plan in accordance with subdivision (d). (c) (1) If a former spouse of an employee or former employee was covered as a qualified beneficiary under COBRA or Cal-COBRA, the former spouse may further continue benefits beyond the date coverage under COBRA or Cal-COBRA ends, as set forth in paragraph (2) of subdivision (b). Except as otherwise specified in this section, continuation coverage shall be under the same benefit terms and conditions as if the continuation coverage under COBRA or Cal-COBRA had remained in force. Continuation coverage following the end of COBRA or Cal-COBRA is subject to payment of premiums to the health care service plan. Premiums for continuation coverage under this section shall be billed by, and remitted to, the health care service plan in accordance with subdivision (d). (d) (1) If the premium charged to the employer for a specific employee is adjusted for the age of the specific employee on other than a composite basis, the rate for continuation coverage under this section shall not exceed 102 percent of the premium charged by the plan to the employer for an employee of the same age as the former employee electing continuation coverage. If the coverage continued is that of a former spouse, the premium charged shall not exceed 102 percent of the premium charged by the plan to the employer for an employee of the same age as the former spouse selecting continuation coverage.

(2) If the premium charged to the employer for a specific employee is not adjusted for age of the specific employee, then the rate for continuation coverage under this section shall not exceed 213 percent of the applicable current group rate. For purposes of this section, the "applicable current group rate" means the total premiums charged by the health care service plan for coverage for the group, divided by the relevant number of covered persons. However, in computing the premiums charged to the specific employer group, the health care service plan shall not include consideration of the specific medical care expenditures for beneficiaries receiving continuation coverage pursuant to this section.

(commencing with Section 10700) to an employer with 2 to 19 eligible employees, as defined in Section 10700.

(c) "Qualified beneficiary" means any individual who, on the date of the qualifying event, is covered under a group benefit plan offered by a disability insurer pursuant to Article 1 (commencing with Section 10700) of Chapter 8.

(d) "Qualifying event" means any of the following events that, but for the election of continuation coverage under this article, would result in a loss of coverage under the group benefit plan to a qualified beneficiary:

(1) The death of the covered employee or insured.

(2) The termination or reduction of hours of the covered employee's or insured's employment, except that termination for gross misconduct does not constitute a qualifying event.

(3) The divorce or legal separation of the covered employee from the covered employee's spouse.

(4) The loss of dependent status by a dependent enrolled in the group benefit plan.

(5) With respect to a dependent only, the covered employee's or insured's eligibility for coverage under Title XVIII of the United States Social Security Act (Medicare).

(e) "Employer" means any employer that meets the definition of "small employer" as set forth in Section 10700 and (1) employs fewer than 20 eligible employees on at least 50 percent of its working days during the preceding calendar year, (2) has contracted for health care coverage through a group benefit plan offered by a disability insurer, and (3) is not subject to Section 4980B of the United States Internal Revenue Code or Chapter 18 of the Employee Retirement Income Security Act, 29 U.S.C. Section 1161 et seq.

10128.52. The continuation coverage requirements of this article do not apply to the following individuals:

(a) Individuals who are entitled or become entitled to coverage pursuant to Title XVIII of the United States Social Security Act (Medicare), as amended or superseded.

(b) Individuals who are covered or become covered under another group benefit plan, including a self-insured employee welfare benefit plan, that provides coverage for individuals and that does not impose any exclusion or limitation with respect to any preexisting condition of the individual, other than a preexisting condition limitation or exclusion that does not apply to or is satisfied by the qualified beneficiary pursuant to Sections 10198.6 and 10198.7. A group conversion option under any group benefit plan shall not be considered as an arrangement under which an individual beneficiary is or becomes covered.

(c) Individuals who are covered, become covered, or could become covered pursuant to Section 4980B of the United States Internal Revenue Code or Chapter 18 of the Employee Retirement Income Security Act, 29 U.S.C. Section 1161 et seq.

(d) Individuals who are covered, become covered, or could become covered pursuant to Chapter 6A of the Public Health Service Act, 42 U.S.C. Section 300bb-1 et seq.

(e) Qualified beneficiaries who fail to meet the requirements of subdivision (b) of Section 10128.55 regarding notification of a qualifying event or election of continuation coverage within the specified time limits.

(f) Qualified beneficiaries who fail to submit the correct premium amount required by subdivision (b) of Section 10128.55 and Section 10128.57, in accordance with the terms and conditions of the policy or contract.

10128.53. (a) Every group disability insurance contract or policy, including those policies and contracts that provide vision-only and dental-only benefits, that provides coverage under a group benefit plan to an employer, as defined in Section 10128.51, shall offer continuation coverage, pursuant to this section, to a qualified beneficiary under the contract upon a qualifying event without evidence of insurability. The qualified beneficiary shall, upon election, be able to continue his or her group benefit plan, subject to the contract's terms and conditions, and subject to the requirements of this article. Except as otherwise provided in this section, continuation coverage shall be provided under the same terms and conditions that apply to similarly situated individuals under the group benefit plan.

(b) Every disability insurer shall also offer the continuation coverage to a qualified beneficiary who (1) elects continuation coverage under a group benefit plan as defined in this article or in Section 1366.21 of the Health and Safety Code, but whose continuation coverage is terminated pursuant to subdivision (b) of Section 10128.57, prior to any other termination date specified in Section 10128.57, or (2) who elects coverage through the disability insurer during any employer open enrollment, and the employer has contracted with the disability insurer to provide coverage to the employer's active employees. This continuation coverage shall be provided only for the balance of the period that the qualified beneficiary would have remained covered under the prior group benefit plan and group service agreement had the employer not terminated the group service agreement or contract with the previous group benefit plan.

(c) A disability insurer that provides coverage for hospital, medical, and surgical care as well as coverage for dental and vision care shall not be required to offer to qualified beneficiaries continuation coverage for hospital, medical, and surgical care unless the disability insurer is the only health plan or disability insurer providing a group benefit plan to the employees of the employer. In no case shall a disability insurer that provides coverage for hospital, medical, and surgical care as well as coverage for dental and vision

care within a single group benefit plan be required to offer qualified beneficiaries continuation coverage for dental or vision care only.

(d) Any child who is born to a qualified beneficiary or who is placed for adoption with a qualified beneficiary during the period of continuation coverage provided by this article shall be entitled to receive benefits pursuant to this article, if the child is enrolled by the qualified beneficiary under a group benefit plan as a dependent of that beneficiary within 30 days of the child's birth or placement for adoption.

10128.54. (a) Every disability insurer shall disclose to policyholders or contractholders of group benefit plans subject to this article the ability to continue coverage pursuant to this article in the insurer's evidence of coverage.

(b) This disclosure shall state that all enrollees who are eligible to be qualified beneficiaries, as defined in subdivision (c) of Section 10128.51, shall be required, as a condition of receiving benefits pursuant to this article, to notify the insurer, or the employer if the employer contracts to perform the administrative services as provided for in Section 10128.55, of all qualifying events as specified in paragraphs (1), (3), (4), and (5) of subdivision (d) of Section 10128.51 within 60 days of the date of the qualifying event. This disclosure shall inform enrollees that failure to make the notification to the insurer, or to the employer when under contract to provide the administrative services, within the required 60 days will disqualify the qualified beneficiary from receiving continuation coverage pursuant to this article. The disclosure shall further state that a qualified beneficiary who wishes to continue coverage under the group benefit plan pursuant to this article must request the continuation in writing and deliver, by first-class mail, or other reliable means of delivery, including personal delivery, express mail, or private courier company, to the disability insurer, or to the employer if the plan has contracted with the employer for administrative services pursuant to subdivision (d) of Section 10128.55, within the 60-day period following the later of (1) the date of the qualifying event, (2) the date the qualified beneficiary is given notice pursuant to subdivision (d) of Section 10128.55 of the ability to continue coverage under the group benefit plan by either the insurer or his or her employer, or (3) the date coverage under the employer's group benefit plan terminates. The disclosure required by this section shall also state that a qualified beneficiary electing continuation shall pay to the disability insurer, in accordance with the terms and conditions of the policy or contract, which shall be set forth in the notice to the qualified beneficiary pursuant to subdivision (d) of Section 10128.55, the amount of the required premium payment, as set forth in Section 10128.56. The disclosure shall further require that the qualified beneficiary's first premium payment required to establish premium payment be delivered by certified mail or other reliable means of delivery, including personal delivery, express mail,

or private courier company, to the disability insurer, or to the employer if the employer has contracted with the insurer to perform the administrative services pursuant to subdivision (d) of Section 10128.55, within 45 days of the date the qualified beneficiary provided written notice to the insurer or the employer, if the employer has contracted to perform the administrative services, of the election to continue coverage in order for coverage to be continued under this article. This disclosure shall also state that the first premium payment must equal an amount sufficient to pay all required premiums and all premiums due, and that failure to submit the correct premium amount within the 45-day period will disqualify the qualified beneficiary from receiving continuation coverage pursuant to this article.

(c) The disclosure required by this section shall also describe separately how qualified beneficiaries whose continuation coverage terminates under a prior group benefit plan pursuant to Section 10128.57 may continue their coverage for the balance of the period that the qualified beneficiary would have remained covered under the prior group benefit plan, including the requirements for election and payment. The disclosure shall clearly state that continuation coverage shall terminate if the qualified beneficiary fails to comply with the requirements pertaining to enrollment in, and payment of premiums to, the new group benefit plan within 30 days of receiving notice of the termination of the prior group benefit plan.

(d) Every group benefit plan evidence of coverage that is issued, amended, or renewed after January 1, 1999, shall contain the information required by this section. Prior to January 1, 1999, insurers shall provide to all qualified beneficiaries identified by the employer pursuant to subdivision (a) of Section 10128.55 a written notice containing the information required by this section.

(e) Every disclosure form issued, amended, or renewed on and after January 1, 1999, for a group benefit plan subject to this article shall provide a notice that, under state law, an insured or eligible family member may be entitled to continuation of group coverage and that additional information regarding eligibility for this coverage may be found in the evidence of coverage.

10128.55. (a) Every group benefit plan contract between a disability insurer and an employer subject to this article shall require the employer to notify the insurer of any employee who has had a qualifying event, as defined in paragraph (2) of subdivision (d) of Section 10128.51, within 31 days of the qualifying event.

(b) Every group benefit plan contract between a disability insurer and an employer shall require the employer to notify qualified beneficiaries currently receiving continuation coverage, whose continuation coverage will terminate under one group benefit plan prior to the end of the period the qualified beneficiary would have remained covered, as specified in Section 10128.57 a minimum of 30 days prior to the termination, of the qualified beneficiary's ability to

continue coverage under a new group benefit plan for the balance of the period the qualified beneficiary would have remained covered under the prior group benefit plan. Notwithstanding subdivision (a), the group benefit plan contract between the insurer and the employer shall require the employer to provide to a qualified beneficiary subject to this section the necessary benefits information, premium information, enrollment forms, and instructions consistent with the disclosure required by subdivision (c) of Section 10128.54 to allow the qualified beneficiary to continue coverage. This information shall be sent to the qualified beneficiary's last known address, as provided by the health care service plan, disability insurer, or self-funded employee welfare benefit plan currently providing continuation coverage to the qualified beneficiary.

(c) A disability insurer may contract with an employer, or an administrator, to perform the administrative requirements of this article, including required notifications and collecting and forwarding premiums to the insurer.

(d) Every insurer, or employer that contracts to perform the notice and administrative services pursuant to this section, shall, within 14 days of receiving a notice of a qualifying event, provide to the qualified beneficiary the necessary benefits information, premium information, enrollment forms, and instructions consistent with the notice requirements contained in subdivisions (b) and (c) of Section 10128.54 to allow the qualified beneficiary to formally elect continuation coverage. This information shall be sent to the qualified beneficiary's last known address.

10128.56. A qualified beneficiary electing continuation coverage shall pay to the disability insurer, on or before the due date of each payment but not more frequently than on a monthly basis, not more than 110 percent of the applicable rate charged for a covered employee or, in the case of dependent coverage, not more than 110 percent of the applicable rate charged to a similarly situated individual under the group benefit plan being continued under the group contract. In the case of a qualified beneficiary who is determined to be disabled pursuant to Title II or Title XVI of the United States Social Security Act, the qualified beneficiary shall be required to pay to the insurer an amount no greater than 150 percent of the group rate after the first 18 months of continuation coverage provided pursuant to this section.

10128.57. (a) The continuation coverage provided pursuant to this article shall terminate at the first to occur of the following:

(1) In the case of a qualified beneficiary who is eligible for continuation coverage pursuant to paragraph (2) of subdivision (d) of Section 10128.51, the date 18 months after the date the qualified beneficiary's benefits under the contract would otherwise have terminated because of a qualifying event.

(2) The end of the period for which premium payments were made, if the qualified beneficiary ceases to make payments or fails to

make timely payments of a required premium, in accordance with the terms and conditions of the policy or contract. In the case of nonpayment of premiums, reinstatement shall be governed by the terms and conditions of the plan contract.

(3) In the case of a qualified beneficiary who is eligible pursuant to paragraph (1), (3), (4), or (5) of subdivision (d) of Section 10116.51, the date 36 months after the date the qualified beneficiary's benefits under the contract would otherwise have terminated by reason of a qualifying event or the employee's becoming entitled to benefits under Title XVIII of the United States Social Security Act.

(4) The requirements of this article no longer apply to the qualified beneficiary pursuant to the provisions of Section 10128.52.

(5) In the case of a qualified beneficiary who is eligible for continuation coverage pursuant to Section 10128.51, and determined, under Title II or Title XVI of the Social Security Act, to be disabled at the time of termination of employment or eligibility or within 60 days afterward, the date 29 months after the date the qualified beneficiary's benefits under the contract would otherwise have terminated because of a qualifying event. If the qualified beneficiary is no longer disabled under Title II or Title XVI of the Social Security Act, the benefits provided in this paragraph shall terminate on the later of the date provided by paragraph (1), or the month that begins more than 31 days after the date of the final determination under Title II or Title XVI of the United States Social Security Act that the qualified beneficiary is no longer disabled.

(6) The employer, or any successor employer or purchaser of the employer, ceases to provide any group benefit plan to his or her employees.

(b) If the group service agreement between the insurer and the employer is terminated prior to the date the qualified beneficiary's continuation coverage would terminate pursuant to this section, the qualified beneficiary may elect continuation coverage under the subsequent group benefit plan, if any, pursuant to the requirements of subdivision (b) of Section 10128.53 and subdivision (c) of Section 10128.54.

10128.58. A disability insurer subject to this article shall not be obligated to provide continuation coverage to a qualified beneficiary pursuant to this article if an enrollee fails to make the notification required by Section 10128.54, or if the employer of the enrollee fails to comply with Section 10128.55.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

The people of the State of California do enact as follows:

SECTION 1. Section 654 of the Harbors and Navigation Code is amended to read:

SEC. 4. Section 655.3 of the Harbors and Navigation Code is amended to read:

655.3. The department may adopt regulations to establish and maintain for the use of vessels and the equipment on vessels on the waters of this state rules of the road and pilot rules in conformity with those contained in the federal navigation laws or the navigation rules promulgated by the United States Coast Guard.

SEC. 5. Section 668 of the Harbors and Navigation Code is amended to read:

668. (a) Any person who violates subdivision (c) of Section 652, Section 654, 654.05, 654.06, 658.3, 659, 673, 674, or 754, or any regulations adopted pursuant thereto, or any regulation adopted pursuant to Section 655.3 relating to vessel equipment requirements, is guilty of an infraction, punishable by a fine of not more than two hundred fifty dollars ($250).

(b) (1) Any person who violates Section 655.2 or any regulation adopted pursuant thereto, or, except as provided in subdivision (a), any regulation adopted pursuant to Section 655.3, is guilty of a misdemeanor and shall be punished by a fine of not more than one hundred dollars ($100) or imprisonment in the county jail for not more than five days, or by both that fine and imprisonment, for each violation.

(2) Any person who violates subdivision (a) or (b) of Section 658 is guilty of a misdemeanor and shall be punished by a fine of not more than two hundred dollars ($200) for each violation.

(3) Any person who violates subdivision (d) of Section 652, Section 652.5, subdivision (a) of Section 655, Section 655.05, 656, or 656.1, subdivision (d) or (e) of Section 658, Section 663.6 or 665, or any rules and regulations adopted pursuant to subdivision (b) or (c) of Section 660, is guilty of a misdemeanor and shall be punished by a fine of not more than one thousand dollars ($1,000) or imprisonment in the county jail for not more than six months, or by both that fine and imprisonment, for each violation.

(c) Any person convicted of a first violation of subdivision (b), (c), (d), or (e) of Section 655, or of a violation of Section 655.4, shall be punished by a fine of not more than one thousand dollars ($1,000) or imprisonment in the county jail for not more than six months, or by both that fine and imprisonment. If probation is granted, the court may, as a condition of probation, require the person to participate in, and successfully complete, an alcohol or drug education, training, or treatment program, in addition to imposing any penalties required by this code. In order to enable all persons to participate in licensed programs, every person referred to a program licensed pursuant to Section 11836 of the Health and Safety Code shall pay that program's costs commensurate with that person's ability to pay as determined by Section 11837.4 of the Health and Safety Code.

(d) Any person convicted of a second or subsequent violation of subdivision (b), (c), (d), or (e) of Section 655 within seven years of the first conviction of any of those subdivisions or subdivision (f) of Section 655, or any person convicted of a violation of subdivision (b), (c), (d), or (e) of Section 655 within seven years of a separate conviction of Section 191.5 or subdivision (c) of Section 192.5 of the Penal Code, when the separate conviction resulted from the operation of a vessel, or a separate conviction of Section 23152 or 23153 of the Vehicle Code or of Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, when the separate conviction resulted from the operation of a motor vehicle, shall be punished by a fine of not more than one thousand dollars ($1,000) or imprisonment in the county jail for not more than one year, or by both that fine and imprisonment. If probation is granted, the court may, as a condition of probation, require the person to do either of the following, if available in the county of the person's residence or employment:

(1) Participate, for at least 18 months subsequent to the underlying conviction and in a manner satisfactory to the court, in a program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code, as designated by the court. In order to enable all required persons to participate, each person shall pay the program costs commensurate

with the persons ability to pay as determined pursuant to Section 11837.4 of the Health and Safety Code.

(2) Participate, for at least 30 months subsequent to the underlying conviction and in a manner satisfactory to the court, in a program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code. A person ordered to treatment pursuant to this paragraph shall apply to the court or to a board of review, as designated by the court, at the conclusion of the program to obtain the court's order of satisfaction. Only upon the granting of that order of satisfaction by the court may the program issue its certificate of successful completion. A failure to obtain an order of satisfaction at the conclusion of the program is a violation of probation. In order to enable all required persons to participate, each person shall pay the program costs commensurate with the person's ability to pay as determined pursuant to Section 11837.4 of the Health and Safety Code. No condition of probation required pursuant to this paragraph is a basis for reducing any other probation requirement.

(e) Any person convicted of a violation of subdivision (f) of Section 655 shall be punished by imprisonment in the state prison, or in the county jail for not less than 90 days or more than one year, and by a fine of not less than two hundred fifty dollars ($250) or more than five thousand dollars ($5,000). If probation is granted, the court may, as a condition of probation, require the person to participate in, and successfully complete, a program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code, if available in the person's county of residence or employment, as designated by the court. In order to enable all required persons to participate, each person shall pay the program costs commensurate with the person's ability to pay as determined pursuant to Section 11837.4 of the Health and Safety Code.

(f) (1) If any person is convicted of a violation of subdivision (f) of Section 655 within seven years of a separate conviction of a violation of subdivision (b), (c), (d), or (e) of Section 655 and is granted probation, the court shall impose as a condition of probation that the person be confined in the county jail for not less than five days or more than one year and pay a fine of not less than two hundred fifty dollars ($250) or more than five thousand dollars ($5,000).

(2) If any person is convicted of a violation of subdivision (f) of Section 655 within seven years of a separate conviction of a violation of subdivision (f) of Section 655, of Section 191.5 or subdivision (c) of Section 192.5 of the Penal Code, when the prior conviction resulted from the operation of a vessel, or Section 23152 or 23153 of the Vehicle Code or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, when the separate conviction resulted from the operation of a motor vehicle, and is granted probation, the court

shall impose as a condition of probation that the person be confined in the county jail for not less than 90 days or more than one year, and pay a fine of not less than two hundred fifty dollars ($250) or more than five thousand dollars ($5,000), and the court may order, as a condition of probation, that the person participate in a manner satisfactory to the court, in a program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code, if available in the county of the person's residence or employment. In order to enable all required persons to participate, each person shall pay the program costs commensurate with the person's ability to pay as determined pursuant to Section 11837.4 of the Health and Safety Code.

(g) The court shall not absolve a person who is convicted of a violation of subdivision (f) of Section 655 within seven years of a separate conviction of a violation of subdivision (b), (c), (d), (e), or (f) of Section 655, of Section 191.5 or subdivision (c) of Section 192.5 of the Penal Code, when the separate conviction resulted from the operation of a vessel, or Section 23152 or 23153 of the Vehicle Code or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, when the separate conviction resulted from the operation of a motor vehicle, from the minimum time in confinement provided in this section and a fine of at least two hundred fifty dollars ($250), except as provided in subdivision (h).

(h) Except in unusual cases where the interests of justice demand an exception, the court shall not strike a separate conviction of an offense under subdivision (b), (c), (d), (e), or (f) of Section 655 or of Section 191.5 or subdivision (c) of Section 192.5 of the Penal Code, when the prior conviction resulted from the operation of a vessel, or Section 23152 or 23153 of the Vehicle Code or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, when the separate conviction resulted from the operation of a motor vehicle, for purposes of sentencing in order to avoid imposing, as part of the sentence or as a term of probation, the minimum time in confinement and the minimum fine, as provided in this section. When a separate conviction is stricken by the court for purposes of sentencing, the court shall specify the reason or reasons for the striking order. On appeal by the people from an order striking a separate conviction, it shall be conclusively presumed that the order was made only for the reasons specified in the order, and the order shall be reversed if there is no substantial basis in the record for any of those reasons.

(i) Any person convicted of a violation of Section 656.2 or 656.3 shall be punished by a fine of not more than ten thousand dollars ($10,000) or imprisonment in the state prison or in the county jail for not more than one year, or by both that fine and imprisonment.

(j) Any person convicted of a violation of Section 658.5 shall be punished by a fine of not more than one hundred dollars ($100).

SEC. 5.2. Section 668 of the Harbors and Navigation Code is amended to read:

668. If probation is granted, the court, as a condition of probation, may require the person to participate in, and successfully complete, an alcohol or drug education, training, or treatment program, in addition to imposing any penalties required by this code. In order to enable all persons to participate in licensed programs, every person referred to a program licensed pursuant to Section 11836 of the Health and Safety Code shall pay that program's costs commensurate with that person's ability to pay as determined by Section 11837.4 of the Health and Safety Code.

(f) Any person convicted of a second or subsequent violation of subdivision (b), (c), (d), or (e) of Section 655 within seven years of the first conviction of any of those subdivisions or subdivision (f) of

Section 655, or any person convicted of a violation of subdivision (b), (c), (d), or (e) of Section 655 within seven years of a separate conviction of Section 191.5 or subdivision (c) of Section 192.5 of the Penal Code, when the separate conviction resulted from the operation of a vessel, or a separate conviction of Section 23152 or 23153 of the Vehicle Code or of Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, when the separate conviction resulted from the operation of a motor vehicle, shall be punished by a fine of not more than one thousand dollars ($1,000) or imprisonment in the county jail for not more than one year, or by both that fine and imprisonment. If probation is granted, the court, as a condition of probation, may require the person to do either of the following, if available in the county of the person's residence or employment:

(1) Participate, for at least 18 months subsequent to the underlying conviction and in a manner satisfactory to the court, in a program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code, as designated by the court. A person ordered to treatment pursuant to this paragraph shall apply to the court or to a board of review, as designated by the court, at the conclusion of the program to obtain the court's order of satisfaction. Only upon the granting of that order of satisfaction by the court may the program issue its certificate of successful completion. In order to enable all required persons to participate, each person shall pay the program costs commensurate with the person's ability to pay as determined pursuant to Section 11837.4 of the Health and Safety Code. No condition of probation required pursuant to this paragraph is a basis for reducing any other probation requirement.

(g) Any person convicted of a violation of subdivision (f) of Section 655 shall be punished by imprisonment in the state prison, or in the county jail for not less than 90 days or more than one year, and by a fine of not less than two hundred fifty dollars ($250) or more than five thousand dollars ($5,000). If probation is granted, the court, as a condition of probation, may require the person to participate in, and successfully complete, a program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code, if available in the person's county of residence or employment, as designated by the court. In order to

enable all required persons to participate, each person shall pay the program costs commensurate with the person's ability to pay as determined pursuant to Section 11837.4 of the Health and Safety Code.

(h) (1) If any person is convicted of a violation of subdivision (f) of Section 655 within seven years of a separate conviction of a violation of subdivision (b), (c), (d), or (e) of Section 655 and is granted probation, the court shall impose as a condition of probation that the person be confined in the county jail for not less than five days or more than one year and pay a fine of not less than two hundred fifty dollars ($250) or more than five thousand dollars ($5,000).

(2) If any person is convicted of a violation of subdivision (f) of Section 655 within seven years of a separate conviction of a violation of subdivision (f) of Section 655, of Section 191.5 or subdivision (c) of Section 192.5 of the Penal Code, when the prior conviction resulted from the operation of a vessel, or Section 23152 or 23153 of the Vehicle Code or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, when the separate conviction resulted from the operation of a motor vehicle, and is granted probation, the court shall impose as a condition of probation that the person be confined in the county jail for not less than 90 days or more than one year, and pay a fine of not less than two hundred fifty dollars ($250) or more than five thousand dollars ($5,000), and the court may order, as a condition of probation, that the person participate in a manner satisfactory to the court, in a program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code, if available in the county of the person's residence or employment. In order to enable all required persons to participate, each person shall pay the program costs commensurate with the person's ability to pay as determined pursuant to Section 11837.4 of the Health and Safety Code.

(i) The court shall not absolve a person who is convicted of a violation of subdivision (f) of Section 655 within seven years of a separate conviction of a violation of subdivision (b), (c), (d), (e), or (f) of Section 655, of Section 191.5 or subdivision (c) of Section 192.5 of the Penal Code, when the separate conviction resulted from the operation of a vessel, or Section 23152 or 23153 of the Vehicle Code or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, when the separate conviction resulted from the operation of a motor vehicle, from the minimum time in confinement provided in this section and a fine of at least two hundred fifty dollars ($250), except as provided in subdivision (h).

(j) Except in unusual cases where the interests of justice demand an exception, the court shall not strike a separate conviction of an offense under subdivision (b), (c), (d), (e), or (f) of Section 655 or of Section 191.5 or subdivision (c) of Section 192.5 of the Penal Code, when the prior conviction resulted from the operation of a vessel, or

Section 23152 or 23153 of the Vehicle Code or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, when the separate conviction resulted from the operation of a motor vehicle, for purposes of sentencing in order to avoid imposing, as part of the sentence or as a term of probation, the minimum time in confinement and the minimum fine, as provided in this section. When a separate conviction is stricken by the court for purposes of sentencing, the court shall specify the reason or reasons for the striking order. On appeal by the people from an order striking a separate conviction, it shall be conclusively presumed that the order was made only for the reasons specified in the order, and the order shall be reversed if there is no substantial basis in the record for any of those reasons.

An act to amend Sections 16809.4, 17603, and 17604 of, and to amend and repeal Sections 16809 and 16809.3 of, the Welfare and Institutions Code, relating to public social services.

The County Medical Services Program shall have responsibilities for specified health services to county residents certified eligible for those services by the county.

(2) If the County Medical Services Program Governing Board contracts with the department to administer the County Medical Services Program, that contract shall include, but need not be limited to, all of the following:

(3) The contract between the department and the County Medical Services Program Governing Board shall require that the state maintain at least the level of administrative support provided to the County Medical Services Program for the 1993–94 fiscal year. The department may decline to implement decisions made by the

governing board that would require a greater level of administrative support than that for the 1993–94 fiscal year. The department may implement decisions upon compensation by the governing board to cover that increased level of support.

(4) The department shall administer the County Medical Services Program pursuant to the provisions of the 1993–94 fiscal year contract with the counties and regulations relating to the administration of the program until the County Medical Services Program Governing Board executes a contract for the administration of the County Medical Services Program and adopts regulations for that purpose.

(5) The department shall not be liable for any costs related to decisions of the County Medical Services Program Governing Board that are in excess of those set forth in the contract between the department and the County Medical Services Program Governing Board.

(b) Each county intending to participate in the County Medical Services Program pursuant to this section shall submit to the Governing Board of the County Medical Services Program a notice of intent to contract adopted by the board of supervisors no later than April 1 of the fiscal year preceding the fiscal year in which the county will participate in the County Medical Services Program.

(e) Moneys in the program account shall be used by the department, pursuant to its contract with the County Medical Services Program Governing Board, to pay for health care services provided to the persons meeting the eligibility criteria established pursuant to subdivision (j) and to pay for the expense of the governing board as set forth in the contract between the board and the department.

(f) (1) Moneys in this account shall be administered on an accrual basis and notwithstanding any other provision of law, except as provided in this section, shall not be transferred to any other fund or account in the State Treasury except for purposes of investment as provided in Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code.

(2) (A) All interest or other increment resulting from the investment shall be deposited in the program account, at the end of the 1982–83 fiscal year and every six months thereafter, notwithstanding Section 16305.7 of the Government Code.

Moneys in this account shall be utilized when expenditures for health services made pursuant to subdivision (j) for a fiscal year exceed the amount of funds available in the program account for that fiscal year. When funds in the reserve account are estimated to exceed 10 percent of the budget for health services for all counties electing to participate in the County Medical Services Program under this section for the fiscal year, the additional funds shall be available for expenditure to augment the rates, benefits, or eligibility criteria pursuant to subdivision (j) or for reducing the participation fees as determined by the County Medical Services Program Governing Board pursuant to subdivision (i). Nothing in this section shall preclude the CMSP Governing Board from establishing other reserves.

(h) Moneys in the program account and the reserve account, except for moneys provided by the state in excess of the amount required to fund the state risk specified in subdivision (j), and any funds loaned pursuant to subdivision (p) shall not be transferred to any other fund or account in the State Treasury except for purposes of investment as provided in Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code. All interest or other increment resulting from investment shall be deposited in the program account, notwithstanding Section 16705.7 of the Government Code.

The state shall be at risk for any cost that exceeds the cumulative annual growth in dedicated sales tax and vehicle license fee revenue, up to the amount of twenty million two hundred thirty-seven thousand four hundred sixty dollars ($20,237,460) per fiscal year. Counties shall be at risk up to the cumulative annual growth in the Local Revenue Fund created by Section 17600, according to the table specified in paragraph (2), to the County Medical Services Program, plus the additional cost increases in excess of twenty million two hundred thirty-seven thousand four hundred sixty dollars ($20,237,460) per fiscal year. (4) No regulation adopted by the governing board is valid and effective unless the regulation meets the standards of necessity, authority, clarity, consistency, and nonduplication, as defined in paragraph (4).

(5) The following definitions govern the interpretation of this subdivision:

(A) "Necessity" means the record of the regulatory proceeding that demonstrates by substantial evidence the need for the regulation. For purposes of this standard, evidence includes, but is not limited to, facts, studies, and expert opinion.

(B) "Authority" means the provision of law that permits or obligates the CMSP Governing Board to adopt, amend, or repeal a regulation.

(D) "Consistency" means being in harmony with, and not in conflict with, or contradictory to, existing statutes, court decisions, or other provisions of law.

(E) "Nonduplication" means that a regulation does not serve the same purpose as a state or federal statute or another regulation. This standard requires that the governing board identify any state or federal statute or regulation that is overlapped or duplicated by the proposed regulation and justify any overlap or duplication. This standard is not intended to prohibit the governing board from printing relevant portions of enabling legislation in regulations when the duplication is necessary to satisfy the clarity standard in subparagraph (C). This standard is intended to prevent the indiscriminate incorporation of statutory language in a regulation.

(h) The requirements of the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code) shall apply to the meetings of the CMSP Governing Board, except as otherwise provided in this subdivision. The governing board shall comply with the following procedures for public meetings held to eliminate or reduce the level of services, restrict eligibility for services, or adopt regulations:

(1) Provide prior public notice of those meetings.

(2) Provide that notice not less than 30 days prior to those meetings.

(3) Publish that notice in a newspaper of general circulation in each participating CMSP county.

(4) Include in the notice, at a minimum, the amount and type of each proposed change, the expected savings, and the number of persons affected.

(5) Hold those meetings in the county seats of at least four regionally distributed CMSP participating counties.

(6) Locate those meetings so as to provide that each hearing will be within a four-hour one-way drive of one quarter of the target population so that the four meetings shall be held at locations in the state that will ensure that each member of the target population may reach at least one of the meetings by a one-way drive that does not exceed four hours.

(i) Records of the County Medical Services Program and of the CMSP Governing Board that relate to rates of payment or to the board's negotiations with providers of health care services or to the board's deliberative processes regarding either shall not be subject to disclosure pursuant to the Public Records Act (Chapter 5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code).

(j) The following definitions shall govern the construction of this part, unless the context requires otherwise:

(1) "CMSP Governing Board" means the County Medical Services Program Governing Board established pursuant to this section.

(2) "Board" means the County Medical Services Program Governing Board established pursuant to this section.

(3) "CMSP" means the program by which health care services are provided to eligible persons in those counties electing to participate in the CMSP pursuant to Section 16809.

(4) "CMSP county" means a county that has elected to participate pursuant to Section 16809 in the CMSP.

(k) Any references to the "County Medical Services Program" or "CMSP county" in this code shall be defined as set forth in this section.

[Approved by Governor October 3, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 1430 of the Code of Civil Procedure is amended to read:

1430. (a) Upon the expiration of five years after the date of entry of judgment in any proceeding pursuant to this chapter, or upon the expiration of five years after completion of notice by publication in an escheat action taken pursuant to Section 1415, the property covered by that proceeding or action shall permanently escheat to the state, except as provided in subdivision (b).

(b) Infants and persons of unsound mind shall have the right to appear and claim such property as provided in this title if born before the expiration of the five-year period; but it shall be presumed that there are no infants nor persons of unsound mind who are or will be entitled to claim this property unless and until they appear and claim the property as provided in this title. This presumption shall be conclusive in favor of any purchaser in good faith and for a valuable consideration from the state and everyone subsequently claiming under him or her, saving however, to infants and persons of unsound mind the right of recourse to the proceeds of any sale or other disposition of any such property by the state and as herein provided.

The named beneficiary or, if a court has rendered a judgment that the named beneficiary is dead, the blood relative of the named beneficiary shall be entitled to immediate payment upon this claim. 40001. (a) The Legislature declares that the responsibility for solid waste management is a shared responsibility between the state and local governments. The state shall exercise its legal authority in a manner that ensures an effective and coordinated approach to the safe management of all solid waste generated within the state and shall oversee the design and implementation of local integrated waste management plans.

(b) The Legislature further declares that it is the policy of the state to assist local governments in minimizing duplication of effort, and in minimizing the costs incurred, in implementing this division through the development of regional cooperative efforts and other mechanisms which comply with this division.

(c) The Legislature further declares that market development is the key to successful and cost-effective implementation of the 25-percent and 50-percent diversion requirements required pursuant to Section 41780, and that the state must take a leadership role, pursuant to Chapter 1 (commencing with Section 42000) of Part 3, in encouraging the expansion of markets for recycled products by working cooperatively with the public, private, and nonprofit sectors.

SEC. 2. Section 40900.1 is added to the Public Resources Code, to read:

40900.1. The Legislature hereby further finds and declares all of the following:

(a) It is important to encourage state agencies to plan and implement programs that will reduce the amount of solid waste going to disposal facilities through source reduction, recycling, and composting.

(b) Local agencies, other than a host jurisdiction, and federal agencies should be encouraged to plan and implement programs that

will reduce the amount of solid waste going to disposal facilities through source reduction, recycling, and composting.

(c) Each state agency shall, to the extent feasible and within existing budgetary constraints, develop and implement source reduction, recycling, and composting programs that will reduce the amount of solid waste going to disposal facilities. Those programs shall be consistent with Executive Order W-7-91, which ordered state agencies to establish recycling programs, reduce paper waste, purchase recycled products, and implement measures that minimize the generation of waste.

(d) Local, state, and federal agencies generating solid waste that is sent to a host jurisdiction for disposal should be encouraged to provide the host jurisdiction with information on the amount of solid waste and regarding any solid waste source reduction, recycling, or composting programs that have been implemented by the agency, to assist the host jurisdiction in developing and implementing the planning requirements of this division.

SEC. 3. Section 41785 of the Public Resources Code is amended to read:

41785. (a) On and after January 1, 1995, and upon the request of a city or county, the board may establish an alternative source reduction, recycling, and composting requirement to the 50-percent requirement established under Section 41780, not to exceed three years unless another alternative requirement is granted by the board, if the board holds a public hearing and makes both of the following findings based upon substantial evidence on the record:

(1) The city or county and has made a good faith effort to effectively implement the source reduction, recycling, and composting measures described in its board approved source reduction and recycling element and has demonstrated progress toward meeting the alternative requirement as described in its annual reports to the board and the city or county has been unable to meet the 50-percent diversion requirement despite implementing those measures.

(2) The alternative source reduction, recycling, and composting requirement represents the greatest diversion amount that the city or county, may reasonably and feasibly achieve.

(b) In making the decision whether to grant an alternative requirement pursuant to subdivision (a) and in determining the amount of the alternative requirement, the board shall consider circumstances in the city or county that support the request for an alternative requirement, such as waste disposal patterns within the city or county and the types of residential and nonresidential waste disposed by the city or county. The city or county may provide the board with any additional information that the city or county determines to be necessary to demonstrate to the board the need for the alternative requirement.

(c) If a city or county that requests an alternative source reduction and recycling requirement to the 50-percent requirement has not previously requested an extension pursuant to Section 41820, the city or county shall provide information to the board that explains why it has not requested an extension.

(d) A city or county that has previously been granted an alternative source reduction, recycling, and composting requirement may request another alternative source reduction, recycling, and composting requirement. A city or county that requests such another alternative requirement shall provide information to the board that demonstrates that the circumstances that supported the previous alternative source reduction, recycling, and composting requirement continue to exist or shall provide information to the board that describes changes in those previous circumstances that support another alternative source reduction, recycling, and composting requirement. The board shall review the original circumstances that supported the city or county's request, as well as any new information provided by the city or county that describes the current circumstances, to determine whether to grant another alternative requirement. The board may approve another alternative requirement if the board holds a public hearing and makes both of the following findings based upon substantial evidence in the record:

(1) The city or county has made a good faith effort to effectively implement the source reduction, recycling, and composting measures described in its board approved source reduction and recycling element and has demonstrated progress toward meeting the alternative requirement as described in its annual reports to the board.

(2) The alternative source reduction, recycling, and composting requirement represents the greatest diversion amount the city or county may reasonably and feasibly achieve.

(e) If the board establishes a new alternative requirement or rescinds the existing alternative requirement, the board shall do so at a public hearing. If the board establishes an alternative requirement, it shall make both of the following findings based upon substantial evidence in the record:

(1) The city or county has made a good faith effort to effectively implement the source reduction, recycling, and composting measures described in its board approved source reduction and recycling element and has demonstrated progress toward meeting the alternative requirement as described in its annual reports to the board and that the alternative diversion requirement is no longer appropriate.

(2) The new requirement represents the greatest amount of diversion that the city or county may reasonably and feasibly achieve.

(f) (1) No single alternative requirement may be granted for a period that exceeds three years and, if after the granting of the

original alternative requirement, another alternative requirement is granted, the combined period that the original and the new alternative requirement is in force and effect shall not exceed a total of five years.

(2) Any alternative requirement that is granted prior to January 1, 2000, shall become effective on January 1, 2000. The board shall require any city or county granted an alternative requirement prior to January 1, 2000, to comply with this section after the date that the alternative requirement is granted.

(3) No alternative requirement shall be granted for any period after January 1, 2006, and no alternative requirement shall be effective after January 1, 2006.

(4) No city or county shall be granted an alternative requirement if the city or county has failed to meet, on or before July 1, 1998, the applicable requirements of Chapter 2 (commencing with Section 41000), Chapter 3 (commencing with Section 41300), Chapter 3.5 (commencing with Section 41500), and Chapter 4.5 (commencing with Section 41730).

(g) (1) When considering a request for an alternative source reduction, recycling, and composting requirement, the board may make specific recommendations for the implementation of alternative programs.

(2) Nothing in this section precludes the board from disapproving any request for an alternative requirement.

(3) If the board disapproves a request for an alternative requirement, the board shall specify its reasons for disapproval.

(h) If the board grants an alternative source reduction, recycling, and composting requirement, the city or county may request technical assistance from the board to assist it in meeting the alternative source reduction, recycling, and composting requirement. If requested by the city or county, the board shall assist with identifying model policies and programs implemented by other jurisdictions of similar size, geography, and demographic mix.

(i) A city or county that is granted an alternative requirement pursuant to this section shall continue to implement source reduction, recycling, and composting programs, and shall report the status of those programs in the report required pursuant to Section 41821.

(j) This section shall remain in effect until January 1, 2006, and as of that date is repealed.

SEC. 4. Section 41820 of the Public Resources Code is amended to read:

41820. (a) The board may grant one or more, single, or multiyear time extension from the requirements of paragraph (2) of subdivision (a) of Section 41780 to any city, county, or regional agency if the following conditions are met:

(1) Any multiyear extension that is granted does not exceed three years and a city, county, or regional agency is not granted extensions that exceed a total of five years.

(2) Any extension granted prior to January 1, 2000, commences on January 1, 2000. The board shall require that any city, county, or regional agency granted an extension prior to January 1, 2000, complies with this section after the date that the extension is granted.

(3) No extension is granted for any period after January 1, 2006, and no extension is effective after January 1, 2006.

(4) The board considers the extent to which a city, county, or regional agency complied with its plan of correction before considering another extension.

(5) No city, county, or regional agency is granted an extension if that city, county, or regional agency failed to meet the applicable requirements of Chapter 2 (commencing with Section 41000), Chapter 3 (commencing with Section 41300), Chapter 3.5 (commencing with Section 41500), and Chapter 4.5 (commencing with Section 41730).

(A) The city, county, or regional agency is making a good faith effort to implement the source reduction, recycling, and composting programs identified in its source reduction and recycling element.

(B) The city, county, or regional agency submits a plan of correction that demonstrates that the city, county, or regional agency will meet the requirements of paragraph (2) of subdivision (a) of Section 41780 before the time extension expires, includes the source reduction, recycling, or composting steps the city, county, or regional agency will implement, a date prior to the expiration of the time extension when the requirements of paragraph (2) of subdivision (a) of Section 41780 will be met, existing programs it will modify, any new programs that will be implemented to meet those requirements, and the means by which these programs will be funded.

(b) (1) When considering a request for an extension, the board may make specific recommendations for the implementation of alternative programs.

(2) Nothing in this section shall preclude the board from disapproving any request for an extension.

(3) If the board disapproves a request for an extension, the board shall specify its reasons for the disapproval.

(c) (1) In determining whether to grant the request by a city, county, or regional agency for the time extension authorized by subdivision (a), the board shall consider information provided by the city, county, or regional agency that describes relevant circumstances in the city, county, or regional agency that contributed to the request for extension, such as lack of markets for recycled materials, local efforts to implement source reduction, recycling, and composting programs, facilities built or planned, waste

disposal patterns within the jurisdiction, and the type of residential and nonresidential waste disposed by the city, county, or regional agency.

(2) The city, county, or regional agency may provide the board with any additional information that the jurisdiction determines to be necessary to demonstrate to the board the need for the extension.

(d) If the board grants a time extension pursuant to subdivision (a), the city, county, or regional agency may request technical assistance from the board to assist it in meeting the diversion requirements of paragraph (2) of subdivision (a) of Section 41780 during the extension period. If requested by the city, county, or regional agency, the board shall assist the city, county, or regional agency with identifying model policies and programs implemented by other jurisdictions of similar size, geography, and demographic mix.

(e) This section shall remain in effect only until January 1, 2006, and as of that date is repealed.

The annual report shall be due on or before August 1 of the year following board approval of the source reduction and recycling element, the household hazardous waste element, and the nondisposal facility element, and on or before August 1 in each subsequent year. The information in this report shall encompass the previous calendar year, January 1 to December 31, inclusive.

(b) Each jurisdiction's annual report to the board shall, at a minimum, include the following:

(1) Calculations of annual disposal reduction.

(2) Information on the changes in waste generated or disposed of due to increases or decreases in population, economics, or other factors complying with subdivision (c) of Section 41780.1.

(3) A summary of progress made in implementing the source reduction and recycling element and the household hazardous waste element.

(4) If the jurisdiction has been granted a time extension by the board pursuant to Section 41820, the jurisdiction shall include a summary of progress made in meeting the source reduction and recycling element implementation schedule pursuant to paragraph (2) of subdivision (a) of Section 41780 and complying with the jurisdiction's plan of correction, prior to the expiration of the time extension.

(5) If the jurisdiction has been granted an alternative source reduction recycling, and composting requirement pursuant to Section 41785, the jurisdiction shall include a summary of progress made towards meeting the alternative requirement as well as an explanation of current circumstances that support the continuation of the alternative requirement.

(6) Other information relevant to compliance with Section 41780.

(c) The board shall use, but is not limited to the use of, the annual report in the determination of whether the jurisdiction's source reduction and recycling element needs to be revised.

SEC. 6. Section 41821.6 is added to the Public Resources Code, to read:

41821.6. To assist market development efforts by the board, local agencies, and the private sector, the board shall use existing data resources collected from recycling, composting, and disposal facilities, or from other sources, to provide periodic information on the recovery and availability of recycled materials.

SEC. 7. Section 41850 of the Public Resources Code is amended to read:

41850. (a) Except as specifically provided in Section 41813, if, after holding the public hearing and issuing an order of compliance pursuant to Section 41825, the board finds that the city, county, or regional agency has failed to implement its source reduction and recycling element or its household hazardous waste element, the board may impose administrative civil penalties upon the city or county or, pursuant to Section 40974, upon the city or county as a member of a regional agency, of up to ten thousand dollars ($10,000) per day until the city, county, or regional agency implements the element.

(b) In determining whether or not to impose any penalties, or in determining the amount of any penalties imposed under this section, including any penalties imposed due to the exclusion of solid waste pursuant to Section 41781.2 which results in a reduction in the quantity of solid waste diverted by a city, county, or regional agency, the board shall consider only those relevant circumstances which have prevented a city, county, or regional agency from meeting the requirements of this division, including the diversion requirements of paragraphs (1) and (2) of subdivision (a) of Section 41780, including, but not limited to, all of the following:

(1) Natural disasters.

(2) Budgetary conditions within a city, county, or regional agency which could not be remedied by the imposition or adjustment of solid waste fees.

(3) Work stoppages which directly prevent a city, county, or regional agency from implementing its source reduction and recycling element or household hazardous waste element.

(4) The impact of the failure of federal, state, and other local agencies located within the jurisdiction to implement source

reduction and recycling programs in the jurisdiction on the host jurisdiction's ability to meet the requirements of paragraph (2) of subdivision (a) of Section 41780.

(c) In addition to the factors specified in subdivision (b), the board shall consider all of the following:

(1) (A) The extent to which a city, county, or regional agency has made good faith efforts to implement its source reduction and recycling element or household hazardous waste element.

(B) (i) For the purposes of this paragraph, "good faith efforts" means all reasonable and feasible efforts by a city, county, or regional agency to implement those programs or activities identified in its source reduction and recycling element or household hazardous waste element, or alternative programs or activities that achieve the same or similar results.

(ii) For purposes of this paragraph, "good faith efforts" may also include the evaluation by a city, county, or regional agency of improved technology for the handling and management of solid waste that would reduce costs, improve efficiency in the collection, processing, or marketing of recyclable materials or yard waste, and enhance the ability of the city, county, or regional agency to meet the diversion requirements of paragraphs (1) and (2) of subdivision (a) of Section 41780, provided that the city, county, or regional agency has submitted a compliance schedule pursuant to Section 41825, and has made all other reasonable and feasible efforts to implement the programs identified in its source reduction and recycling element or household hazardous waste element.

(iii) In determining whether a jurisdiction has made a good faith effort, the board shall consider the enforcement criteria included in its enforcement policy, as adopted on April 25, 1995, or as subsequently amended.

(2) The extent to which a city, county, or regional agency has implemented additional source reduction, recycling, and composting activities to comply with the diversion requirements of paragraphs (1) and (2) of subdivision (a) of Section 41780.

(3) The extent to which a city, county, or regional agency is meeting the diversion requirements of paragraphs (1) and (2) of subdivision (a) of Section 41780.

(4) Whether the jurisdiction has requested and been granted an extension to the requirements of Section 41780, pursuant to Section 41820, or an alternative requirement to Section 41780, pursuant to Section 41785.

SEC. 8. Section 42000 of the Public Resources Code is amended to read:

42000. The Legislature hereby finds and declares all of the following:

(a) This division requires cities and counties to divert 25 percent of all solid waste from landfills and transformation facilities by 1995

and 50 percent by 2000. As of 1990, the overall diversion rate in the state was 12 percent.

(b) California's source reduction, recycling, and composting efforts need to increase greatly if local jurisdictions are to meet the 25-percent and the 50-percent diversion requirements.

(c) Market development is the key to increased, cost-effective recycling. Market development includes activities that strengthen demand by manufacturers and end-use consumers for recyclable materials collected by municipalities, nonprofit organizations, and private entities.

(d) Developing markets for recyclable materials creates opportunities that will reindustrialize California. The board estimates that the development of markets for recyclable materials may create over 20,000 jobs in California's manufacturing sector, an additional 25,000 jobs in the sorting and processing fields, and an unestimated number of jobs in other fields that may develop through full implementation of this division.

(e) The board is authorized to conduct individual market development activities, but is not presently required to implement a comprehensive plan that addresses the full range of market development needs.

SEC. 9. Section 42005 of the Public Resources Code is amended to read:

42005. (a) The board shall develop a comprehensive market development plan using existing resources, that will stimulate market demand in the state for postconsumer waste material and secondary waste material generated in the state.

(b) The board's market development plan shall include, but shall not be limited to, achieving all of the following goals:

(1) Increasing market demand for postconsumer waste materials and secondary waste materials available due to California's source reduction and recycling programs.

(2) Increasing demand for recycled content products, especially high quality, value-added products.

(3) Promoting efficient local waste diversion systems which yield high quality, industrially usable feedstocks.

(4) Promoting the competitive collection and use of secondary waste materials.

(c) The board's development plan shall also include efforts to encourage and promote cooperative, regional programs to expand markets for recycled material. These programs shall include activities to address problems and opportunities that are unique to rural, urban, and suburban areas of the state.

(d) The board shall develop a plan, using existing resources, to provide assistance to local agencies when requested by a city, county, or regional agency, in the implementation of cost-effective programs that provide a quality supply of recycled materials for markets.

(e) The board shall, no later than September 1, 1998, submit a report to the Governor and the Legislature which details the following:

(1) Regulations and procedures of state agencies regarding purchasing materials, supplies, equipment and other items made from recycled materials.

(2) Regulations and procedures of state agencies regarding specification development and the inclusion of recycled materials in those specifications.

(3) Any steps state agencies, both collectively and individually, could take to increase their use of recycled materials or purchase products made from recycled materials, and potential effects on the recycled materials markets.

SEC. 10. Section 42010 of the Public Resources Code is amended to read:

42010. (a) The local governing body may, either by ordinance or resolution, upon the recommendation of the appropriate land use planning agency, propose eligible parcels of property within its jurisdiction as a recycling market development zone.

(b) The proposal of a recycling market development zone shall be based upon the following findings by the local governing body:

(1) The current waste management practices and conditions are favorable to the development of postconsumer waste material markets.

(2) The designation as a recycling market development zone is necessary to assist in attracting private sector recycling investments to the area.

(c) (1) The Recycling Market Development Revolving Loan Subaccount is hereby created in the account for the purpose of providing loans for purposes of the Recycling Market Development Revolving Loan Program established pursuant to this article.

(2) Notwithstanding Section 13340 of the Government Code, the funds deposited in the subaccount are hereby continuously appropriated to the board without regard to fiscal year for making loans pursuant to this article.

(3) The board may, upon appropriation by the Legislature in the annual Budget Act, expend interest earnings on funds in the subaccount for administrative expenses incurred in carrying out the Recycling Market Development Revolving Loan Program.

(4) The money from any loan repayments and fees, including, but not limited to, principal and interest repayments, fees and points, recovery of collection costs, income earned on any asset recovered pursuant to a loan default, and funds collected through foreclosure actions, shall be deposited in the subaccount.

(5) All interest accruing on interest payments from loan applicants shall be deposited in the subaccount.

(6) The board may make low-interest loans to local governing bodies and private business entities within a recycling market

development zone from money in the subaccount for the purpose of assisting the board and local agencies in complying with Section 40051 and to assist counties and cities in complying with Section 41780.

(7) The board shall establish and collect fees for applications for loans authorized by this section. The application fee shall be set at a level that is sufficient to fund the board's cost of processing applications for loans. In addition, the board shall establish a schedule of fees, or points, for loans which are entered into by the board, to fund the board's administration of the revolving loan program.

(8) The board may, upon appropriation by the Legislature in the annual Budget Act, expend money in the subaccount for the administration of the Recycling Market Development Revolving Loan Program. In addition, the board may fund administration of the revolving loan program from the account upon appropriation by the Legislature in the annual Budget Act. However, funding for the administration of the revolving loan program from the account shall be provided only if there are not sufficient funds in the subaccount to fully fund administration of the program.

(9) The board, pursuant to subdivision (a) of Section 47901, may set aside funds for the purposes of paying costs necessary to protect the state's position as a lender-creditor. These costs shall be broadly construed to include, but not be limited to, foreclosure expenses, auction fees, title searches, appraisals, real estate brokerage fees, attorney fees, mortgage payments, insurance payments, utility costs, repair costs, removal and storage costs for repossessed equipment and inventory, and additional expenditures to purchase a senior lien in foreclosure or bankruptcy proceedings.

(d) Loans made pursuant to subdivision (c) shall be subject to all of the following requirements:

(1) The terms of any approved loan shall be specified in a loan agreement between the borrower and the board. The loan agreement shall include a requirement that the failure to comply with the agreement shall result in any remaining unpaid amount of the loan, with accrued interest, being immediately due and payable. Notwithstanding any term of the agreement, any recipient of a loan that the board approves shall repay the principal amount, plus interest on the basis of the rate of return for money in the Surplus Money Investment Fund at the time of the loan commitment. Except as provided in subdivision (g), all money received as repayment and interest on loans made pursuant to this section shall be deposited in the subaccount.

(2) The term of any loan made pursuant to this section shall be not more than 10 years.

(3) The board shall approve only those loan applications which demonstrate the applicant's ability to repay the loan. The highest priority for funding shall be given to projects which demonstrate that

the project will increase market demand for recycling the project's type of postconsumer waste material.

(4) The board shall finance not more than one-half of the cost of the project, or not more than one million dollars ($1,000,000) for loans to the project, whichever is less.

(5) (A) The board shall encourage applicants to seek participation from private financial institutions or other public agencies. For purposes of enabling the board and local agencies to comply with Sections 40051 and 41780, the board may, on a pilot basis, participate, in an amount not to exceed five hundred thousand dollars ($500,000), in the Capital Access Loan Program as provided in Article 8 (commencing with Section 44559) of Chapter 1 of Division 27 of the Health and Safety Code.

(B) The board may participate in other state and federal lending programs that leverage funds based upon the ongoing success of the pilot program described in subparagraph (A).

(6) The Department of Finance may audit the expenditure of the proceeds of any loan made pursuant to this section.

(e) Upon authorization by the Legislature in the annual Budget Act, the Controller shall transfer the sum of five million dollars ($5,000,000) from the account to the subaccount for the purpose of making loans pursuant to this section. Commencing July 1, 2000, upon authorization by the Legislature in the annual Budget Act, the amount of the funds transferred pursuant to this section shall be a sum not to exceed five million dollars ($5,000,000) as necessary to meet anticipated loan demand. Those amounts shall be a loan to the subaccount, repayable with interest to the account at the rate of return for money in the Surplus Money Investment Fund.

(f) The board shall, as part of the annual report to the Legislature, pursuant to Section 40507, include a report on the performance of the Recycling Market Development Revolving Loan Program, including the number and size of loans made, characteristics of loan recipients, projected loan demand, and the cost of administering the program.

(g) All money remaining in the subaccount on July 1, 2006, and all money received as repayment and interest on loans shall, as of July 1, 2006, be transferred to the account and any money due and outstanding on loans as of July 1, 2006, shall be repaid to the board and deposited by the board in the account until paid in full, except that, upon authorization by the Legislature in the annual Budget Act, interest earnings may be expended for administrative costs associated with the collection of outstanding loan accounts.

(h) (1) Except as provided in paragraph (2), this section shall become inoperative on July 1, 2006, and as of January 1, 2007, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 1998, deletes or extends the dates on which it becomes inoperative and is repealed.

(2) The repeal of this section pursuant to paragraph (1) shall not extinguish any loan obligation or the authority of the state to pursue appropriate actions for the collection of a loan.

SEC. 11. Section 42024 is added to the Public Resources Code, to read:

42024. The board, the Trade and Commerce Agency, the Treasurer, and other appropriate state agencies shall, to the extent feasible and as appropriate, coordinate activities that will leverage financing for market development projects and encourage joint activities to strengthen markets for recycled materials.

SEC. 12. Section 42241.5 is added to the Public Resources Code, to read:

(b) Cooperative efforts with appropriate federal and state agencies.

SEC. 13. Section 42242 of the Public Resources Code is repealed.

CHAPTER 673

An act to amend Section 2401 of the Business and Professions Code, and to amend Section 1206 of the Health and Safety Code, relating to medicine.

[Approved by Governor October 3, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) Small, freestanding, nonprofit research institutes are important in transferring new health science technology to the public.

(b) The development of new medical technology is capital-intensive.

(c) Small, freestanding, nonprofit institutes can fill important research needs by performing research that would be financially unacceptable to for-profit entities.

(d) In order to obtain general acceptance of a new technology by third-party payers, small, freestanding, nonprofit institutes may need to provide clinical services to obtain clinical data necessary for a new procedure's general acceptance.

(e) Some of these procedures may be reimbursed by third-party payers, and this reimbursement, in turn, can fund additional medical research.

(f) The Legislature intends that small nonprofit research institutes that fit within the qualifications set forth in this act be organized and operated exclusively for research purposes, but at the same time be able to obtain reimbursement where necessary to achieve payer acceptance of new and emerging technology.

(g) The Legislature reaffirms that Section 2400 of the Business and Professions Code provides an important protection for patients and physicians from inappropriate intrusions into the practice of medicine and further intends that the nonprofit institutes not interfere with, control, or otherwise direct a physician and surgeon's professional judgment.

(h) The Legislature further intends that the nonprofit institutes not become an active participant in the commercial practice of medicine or otherwise engage in direct patient care activities on a routine basis.

SEC. 2. Section 2401 of the Business and Professions Code is amended to read:

2401. (a) Notwithstanding Section 2400, a clinic operated primarily for the purpose of medical education by a public or private nonprofit university medical school, which is approved by the Division of Licensing or the Osteopathic Medical Board of California, may charge for professional services rendered to teaching patients by licensees who hold academic appointments on the faculty of the university, if the charges are approved by the physician and surgeon in whose name the charges are made.

(b) Notwithstanding Section 2400, a clinic operated under subdivision (p) of Section 1206 of the Health and Safety Code may employ licensees and charge for professional services rendered by those licensees. However, the clinic shall not interfere with, control, or otherwise direct a physician and surgeon's professional judgment in a manner prohibited by Section 2400 or any other provision of law.

SEC. 3. Section 1206 of the Health and Safety Code is amended to read:

1206. This chapter does not apply to the following:

(b) Any clinic directly conducted, maintained or operated by the United States or by any of its departments, officers, or agencies, and any primary care clinic specified in subdivision (a) of Section 1204 which is directly conducted, maintained, or operated by this state or by any of its political subdivisions or districts, or by any city. Nothing

in this subdivision precludes the state department from adopting regulations which utilize clinic licensing standards as eligibility criteria for participation in programs funded wholly or partially under Title XVIII or XIX of the federal Social Security Act.

(c) Any clinic conducted, maintained, or operated by a federally recognized Indian tribe or tribal organization, as defined in Section 450 or 1601 of Title 25 of the United States Code, and which is located on land recognized as tribal land by the federal government.

(g) A clinic operated by, or affiliated with, any institution of learning which teaches a recognized healing art and is approved by the state board or commission vested with responsibility for regulation of the practice of that healing art.

(h) A clinic which is operated by a primary care community or free clinic and which is operated on separate premises from the licensed clinic and is only open for limited services of no more than 20 hours a week. An intermittent clinic as described in this paragraph shall, however, meet all other requirements of law, including administrative regulations and requirements, pertaining to fire and life safety.

(j) Student health centers operated by public institutions of higher education.

(k) Nonprofit speech and hearing centers, as defined in Section 1201.5. providing training in the procedure or application for physicians and surgeons unrelated to the clinic.

For purposes of this subparagraph, a freestanding clinic is defined as "affiliated" only if it directly, or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with, a clinic or health facility defined under Division 2 (commencing with Section 1200), except a clinic exempt from licensure under subdivision (m). For purposes of this subparagraph, a freestanding clinic is defined as "associated" only if more than 20 percent of the directors or trustees of the clinic are also the directors or trustees of any individual clinic or health facility defined under Division 2 (commencing with Section 1200), except a clinic exempt from licensure under subdivision (m). CHAPTER 674

An act to add Section 138.7 to the Labor Code, relating to workers' compensation.

[Approved by Governor October 3, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 138.7 is added to the Labor Code, to read:

138.7. (a) Except as expressly permitted in subdivision (b), a person or public or private entity not a party to a claim for workers' compensation benefits may not obtain individually identifiable information obtained or maintained by the division on that claim. For purposes of this section, "individually identifiable information" means any data concerning an injury or claim that is linked to a uniquely identifiable employee, employer, claims administrator, or any other person or entity.

(b) (1) The administrative director, or a statistical agent designated by the administrative director, may use individually identifiable information for purposes of creating and maintaining the workers' compensation information system as specified in Section 138.6.

(2) The State Department of Health Services may use individually identifiable information for purposes of establishing and maintaining a program on occupational health and occupational disease prevention as specified in Section 105175 of the Health and Safety Code.

(3) Individually identifiable information may be used by the Division of Workers' Compensation, the Division of Occupational Safety and Health, and the Division of Labor Statistics and Research as necessary to carry out their duties. The administrative director shall adopt regulations governing the access to the information described in this subdivision by these divisions. Any regulations adopted pursuant to this subdivision shall set forth the specific uses for which this information may be obtained.

(4) The administrative director shall adopt regulations allowing reasonable access to individually identifiable information by other persons or public or private entities for the purpose of bona fide statistical research. This research shall not divulge individually identifiable information concerning a particular employee, employer, claims administrator, or any other person or entity. The regulations adopted pursuant to this paragraph shall include provisions guaranteeing the confidentiality of individually identifiable information.

(5) This section shall not operate to exempt from disclosure any information that is considered to be a public record pursuant to the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code) contained in an individual's file once an application for adjudication has been filed pursuant to Section 5501.5 of the Labor Code.

(c) Except as provided in subdivision (b), individually identifiable information obtained by the division is privileged and is not subject to subpoena in a civil proceeding unless, after reasonable notice to the division and a hearing, a court determines that the public interest and the intent of this section will not be jeopardized by disclosure of the information. (d) It shall be unlawful for any person who has received individually identifiable information from the division pursuant to this section to provide that information to any person who is not entitled to it under this section.

CHAPTER 675

An act to amend Section 10061 of, and to add Chapter 2.5 (commencing with Section 2718) to Division 2 of, the Public Utilities Code, relating to water corporations.

[Approved by Governor October 3, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 2.5 (commencing with Section 2718) is added to Division 2 of the Public Utilities Code, to read:

CHAPTER 2.5. PUBLIC WATER SYSTEM INVESTMENT AND CONSOLIDATION ACT OF 1997

2718. This chapter shall be known and may be cited as the Public Water System Investment and Consolidation Act of 1997.

2719. The Legislature finds and declares all of the following:

(a) Public water systems are faced with the need to replace or upgrade the public water system infrastructure to meet increasingly stringent state and federal safe drinking water laws and regulations governing fire flow standards for public fire protection.

(b) Increasing amounts of capital are required to finance the necessary investment in public water system infrastructure.

(c) Scale economies are achievable in the operation of public water systems.

(d) Providing water corporations with an incentive to achieve these scale economies will provide benefits to ratepayers.

2720. (a) The commission shall use the standard of fair market value when establishing the rate base value for the distribution

system of a public water system acquired by a water corporation. This standard shall be used for ratesetting.

(1) For purposes of this section, "public water system" shall have the same meaning as set forth in Section 116275 of the Health and Safety Code.

(2) For purposes of this section, "fair market value" shall have the same meaning as set forth in Section 1263.320 of the Code of Civil Procedure.

(b) If the fair market value exceeds reproduction cost, as determined in accordance with Section 820 of the Evidence Code, the commission may include the difference in the rate base for ratesetting purposes if it finds that the additional amounts are fair and reasonable. In determining whether the additional amounts are fair and reasonable the commission shall consider whether the acquisition of the public water system will improve water system reliability, whether the ability of the water system to comply with health and safety regulations is improved, whether the water corporation by acquiring the public water system can achieve efficiencies and economies of scale that would not otherwise be available, and whether the effect on existing customers of the water corporation and the acquired public water system is fair and reasonable.

(c) The provisions of subdivisions (a) and (b) shall also be applicable to the acquisition of a sewer system by any sewer system corporation or water corporation.

(d) Consistent with the provisions of this section, the commission shall retain all powers and responsibilities granted pursuant to Sections 851 and 852.

SEC. 2. Section 10061 of the Public Utilities Code is amended to read:

10061. (a) Notwithstanding Article 1 (commencing with Section 10001) and this article, a municipal corporation, by following the provisions of this section, may lease, sell or transfer all or part of a public utility owned and operated by it for furnishing water service. As used in this section, "municipal corporation," means a city or a city and county.

(b) Any municipal corporation owning and operating a public utility for furnishing water service, a part of which or all of which public utility is operated and used for furnishing water service outside the boundaries of the municipal corporation, may lease, sell or transfer, for just compensation all or any part of the portion of the public utility located outside the boundaries of the municipal corporation to any other municipal corporation, public agency or public utility water corporation upon the terms and conditions agreed upon by the selling municipal corporation if, by resolution adopted by a majority of its legislative body, it has determined that the public utility, or portion thereof, is not necessary for supplying water to its own inhabitants and if the acquiring entity by resolution

adopted by a majority of the members of its legislative body or board of directors has concurred in the lease, sale, or transfer and the terms and conditions thereof and if the acquiring entity will be bound to render water service to the persons formerly served through the system being sold on terms and conditions which are just and reasonable and which do not unreasonably discriminate against the customers of the acquired entity.

(c) Any municipal corporation owning and operating a public utility for furnishing water service may sell or transfer, for just compensation, all or any part of the public utility located inside its municipal boundaries to any other municipal corporation, public agency, or public utility water corporation upon the terms and conditions agreed upon by the selling municipal corporation, if the sale or transfer is approved as follows:

(1) The municipal corporation, by resolution adopted by a majority of its legislative body, has determined that the public utility, or portion thereof, is not necessary for supplying water to its own inhabitants, or that its inhabitants will be provided with equal or better service by the acquiring entity on terms that are just and reasonable and do not discriminate against the customers of the acquired entity; and orders the issue submitted to the qualified voters of the municipality at a special or general election held for that purpose.

(2) The acquiring entity by resolution adopted by a majority of its legislative body or board of directors has concurred in the sale or transfer and in the terms and conditions thereof.

(3) The sale or transfer is approved by a majority of all voters voting on the issue in the election held for that purpose.

(4) The municipal corporation, public agency, or public utility water corporation proposing to acquire a municipal corporation public utility for furnishing water service shall disclose to the customers of the public water system to be acquired, not less than 30 days prior to the date of election for formal approval of the acquisition, a written statement which includes all of the following:

(A) A summary of the price and terms of the proposed acquisition.

(B) A comparison of the applicable water charges before and after the proposed acquisition.

(C) The estimated savings to be achieved or additional costs expected to result, or both, from the proposed acquisition.

(d) Subject to subdivision (e), a municipal corporation may lease a public utility furnishing water service by a resolution adopted by a majority of its legislative body and without lease term or other restrictions stated in any other provision of law.

(e) A municipal corporation acting pursuant to subdivision (c) shall specify the manner of soliciting and filing, and the method of evaluating, proposals for the acquisition of the public utility. Upon receipt and staff evaluation of a proposal or proposals the municipal corporation, if it determines that the proposal or proposals are

responsive, shall schedule a public hearing, and notice thereof shall be published in accordance with Section 6066 of the Government Code. At the hearing, the municipal corporation shall examine proposals received and staff recommendations, and without lease term or other restrictions, may lease, sell, or transfer, for just compensation, the public utility to the entity that the municipal corporation finds best qualified to continue to provide equal or better service to the customers of the system. If the resolution proposes a sale, the resolution shall place the question on the ballot at the next regularly scheduled election or at a special election called for that purpose. The municipal corporation may, in its sole discretion, reject all proposals.

(f) Any agreement entered into before September 17, 1965, between municipal corporations for the lease, sale or transfer of all or any part of a public utility owned and operated by one of the municipal corporations and furnishing water service to the inhabitants of the municipal corporation to which the lease, sale or transfer is made is hereby validated.

46101. (a) Notwithstanding any other provision of law, a high school academy, as defined in Section 47650, may operate on the basis

of an extended instructional day of up to 11 hours in duration, provided that at least two meals are made available to each pupil during that extended instructional day.

(b) This section shall become inoperative on July 1, 2000, and, as of January 1, 2001, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2001, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. Part 26.4 (commencing with Section 46800) is added to the Education Code, to read:

(b) For the purposes of this article:

(1) "At-risk pupil" means either of the following:

(A) A pupil who has been declared a ward of the juvenile court for the first time or is to be supervised by a probation department.

(B) A pupil who has been evaluated and identified as having at least two of the following factors, which place the pupil at a significantly greater risk of becoming a chronic juvenile or adult offender:

Upon motion of the minor or his or her parent or guardian for good cause, or upon his or her own motion, a judge of the juvenile court may set aside or modify any order of a juvenile hearing officer, or may order or himself or herself conduct a rehearing. If the minor or parent or guardian has made a motion that the judge set aside or modify the order or has applied for a rehearing, and the judge has not set aside or modified the order or ordered or conducted a rehearing within 10 days after the date of the order, the motion or application shall be deemed denied as of the expiration of that period.

The appearance shall not be set

If the 60th day falls on a court holiday, the appearance date shall be on the next date that the court is in session. The date set for the appearance of the minor shall allow for sufficient time for the probation department to evaluate eligible minors for informal handling under Section 654 or any other disposition provided by law. However, nothing in this section shall be construed to limit or conflict with Sections 653.1 and 653.5.

(2) Upon receipt of the citation and petition, but in no event less than 72 hours, excluding nonjudicial days and holidays prior to the hearing, the clerk of the juvenile court shall issue a copy of the citation and petition to the public defender or the minor's attorney of record. If a copy of the citation and petition is not provided at least 72 hours, excluding nonjudicial days and holidays prior to the hearing, it shall be grounds to request a continuance pursuant to Sections 682 and 700. At a hearing conducted under Section 700, the minor and minor's parent or guardian shall be furnished a copy of the petition and any other material required to be provided under Section 659.

(3) The original citation and promise or notice to appear shall be retained by the court if a petition is filed. In addition, there shall be three copies of the citation and promise or notice to appear, which shall be distributed as follows:

(A) One copy shall be provided to the person to whom the citation is issued.

(B) One copy shall be provided to the probation department.

(C) If a petition is requested, the second copy of the citation shall go to the district attorney along with the petition request, and the third copy shall be retained by the agency issuing the citation.

(4) The original citation shall include a copy of all police reports relating to the citation and a petition request. The citation shall contain the following information:

(A) Date, time, and location of the issuance of the citation.

(B) The name, address, telephone number if known, driver's license number, age, date of birth, sex, race, height, weight, hair color, and color of eyes of the person to whom the citation is issued.

(C) A list of the offenses and the location where the offense or offenses were committed.

(D) Date and time of the required court appearance.

(E) Address of the juvenile court where the person to whom the citation is issued is to appear.

(F) A preprinted promise to appear which is signed by the person to whom the citation is issued, or where the person refused to sign the written promise, the notice to appear.

(G) A preprinted declaration under penalty of perjury that the above information is true and correct, signed by the peace officer or probation officer issuing the citation.

(H) A statement that the failure to appear is punishable as a misdemeanor.

(e) The minor's parent or guardian shall be issued a citation in the same manner as described in subdivision (b).

(f) The willful failure to appear in court pursuant to a citation or notice issued as required pursuant to this section is a misdemeanor.

(g) (1) Notwithstanding Section 662, if a parent or guardian to whom a citation has been issued pursuant to this section fails to appear, a warrant of arrest may issue for that person. A warrant of arrest may also issue for a parent or guardian who is not personally served where efforts to effect personal service have been unsuccessful, upon an affidavit, under penalty of perjury, signed by a peace officer stating facts sufficient to establish that all reasonable efforts to locate the person have failed or that the person has willfully evaded service of process.

(2) Notwithstanding Section 663, if a minor to whom a citation has been issued pursuant to this section fails to appear, and the minor's parent or guardian has either appeared or the prerequisite conditions for issuing a warrant against the minor's parent or guardian under paragraph (1) have been met, a warrant of arrest may issue for the minor.

(3) A warrant of arrest may also issue for a minor who is not personally served where each of the following occur:

(A) Efforts to effect personal service have been unsuccessful.

(B) An affidavit is submitted under penalty of perjury, signed by a peace officer, stating facts sufficient to establish that all reasonable efforts to locate the minor have failed or that minor has willfully evaded service of process.

(C) The minor's parent or guardian has either appeared or the prerequisite conditions for issuing a warrant against the minor's parent or guardian under paragraph (1) have been met.

(h) (1) Notwithstanding Section 654 or any other provision of law, a probation officer in a county in which this subdivision is applicable may, in lieu of filing a petition or proceeding under Section 654, issue a citation in the form described in subdivision (d) to the Informal Juvenile and Traffic Court pursuant to Section 256 for any misdemeanor except the following:

(A) Any crime involving a firearm.

(B) Any crime involving violence.

(C) Any crime involving a sex-related offense.

(D) Any minor who has previously been declared a ward of the court.

(E) Any minor who has previously been referred to juvenile traffic court pursuant to this section.

(2) This subdivision shall apply only if the case will be heard by a juvenile hearing officer who meets the minimum qualifications of a juvenile court referee and only in those counties in which a committee consisting of the sheriff, the chief probation officer, the district attorney, the public defender, and the presiding judge of the superior court vote for this subdivision to apply and then only upon

approval of the board of supervisors. This approval shall be required in Los Angeles and all other counties participating in the program, and shall be in addition to that required by subdivision (a) for participation in the Expedited Youth Accountability Program.

(3) In counties in which this subdivision is applicable, the probation department shall conduct a risk and needs assessment for each minor eligible for citation to the Informal Juvenile and Traffic Court pursuant to paragraph (1). The risk and needs assessment shall consider the best interest of the minor and the protection of the community. It shall also include an assessment of whether the child has any significant problems in the home, school, or community, whether the matter appears to have arisen from a temporary problem within the family which has been or can be resolved, and whether any agency or other resource in the community is better suited to serve the needs of the child, the parent or guardian, or both.

(i) In the event that the probation officer places a minor on informal probation or cites the minor to Informal Juvenile and Traffic Court, or elects some other lawful disposition not requiring the hearing set forth in subdivision (b), the probation officer shall so inform the minor and his or her parent or guardian no later than 72 hours, excluding nonjudicial days and holidays, prior to the hearing, that a court appearance is not required.

(j) Except as modified by this section, the requirements of this chapter shall remain in full force and effect.

(k) This section shall be operative on January 1, 1998, and shall be implemented in all branches of the juvenile court in Los Angeles County on or before July 1, 1998.

(*l*) It is the intent of the Legislature that an interim hearing be conducted by appropriate policy committees in the Legislature prior to January 1, 2002, to examine the success of the program in expediting punishment for juvenile offenses, reducing delinquent behavior, and promoting greater accountability on the part of juvenile offenders.

(m) This section shall be repealed on January 1, 2003, unless that date is deleted or extended by later legislation enacted on or before that date.

SEC. 11. Section 2.5 of this bill incorporates amendments to Section 256 of the Welfare and Institutions Code proposed by both this bill and SB 810. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1998, (2) each bill amends Section 256 of the Welfare and Institutions Code, and (3) this bill is enacted after SB 810, in which case Section 2 of this bill shall not become operative.

SEC. 12. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime

or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 680

An act to amend Section 3003 of the Penal Code, relating to parole.

[Approved by Governor October 4, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature to establish a statewide Law Enforcement Automated Data System (LEADS) to provide up-to-date information regarding parolees to local law enforcement agencies based upon the successful pilot project established in San Bernardino County pursuant to Chapter 56 of the Statutes of 1994, First Extraordinary Session.

SEC. 2. Section 3003 of the Penal Code is amended to read:

3003. (a) Except as otherwise provided in this section, an inmate who is released on parole shall be returned to the county that was the last legal residence of the inmate prior to his or her incarceration.

For purposes of this subdivision, "last legal residence" shall not be construed to mean the county wherein the inmate committed an offense while confined in a state prison or local jail facility or while confined for treatment in a state hospital.

(b) Notwithstanding subdivision (a), an inmate may be returned to another county if that would be in the best interests of the public. If the Board of Prison Terms setting the conditions of parole for inmates sentenced pursuant to subdivision (b) of Section 1168, or the Department of Corrections setting the conditions of parole for inmates sentenced pursuant to Section 1170, decides on a return to another county, it shall place its reasons in writing in the parolee's permanent record and include these reasons in the notice to the sheriff or chief of police pursuant to Section 3058.6. In making its decision, the paroling authority shall consider, among others, the following factors, giving the greatest weight to the protection of the victim and the safety of the community:

(1) The need to protect the life or safety of a victim, the parolee, a witness, or any other person.

(2) Public concern that would reduce the chance that the inmate's parole would be successfully completed.

(3) The verified existence of a work offer, or an educational or vocational training program.

(4) The existence of family in another county with whom the inmate has maintained strong ties and whose support would increase the chance that the inmate's parole would be successfully completed.

(5) The lack of necessary outpatient treatment programs for parolees receiving treatment pursuant to Section 2960.

(c) The Department of Corrections, in determining an out-of-county commitment, shall give priority to the safety of the community and any witnesses and victims.

(d) In making its decision about an inmate who participated in a joint venture program pursuant to Article 1.5 (commencing with Section 2717.1) of Chapter 5, the paroling authority shall give serious consideration to releasing him or her to the county where the joint venture program employer is located if that employer states to the paroling authority that he or she intends to employ the inmate upon release.

(e) (1) The following information, if available, shall be released by the Department of Corrections to local law enforcement agencies regarding a paroled inmate who is released in their jurisdictions:

(A) Last, first, and middle name.

(B) Birth date.

(C) Sex, race, height, weight, and hair and eye color.

(D) Date of parole and discharge.

(E) Registration status, if the inmate is required to register as a result of a controlled substance, sex, or arson offense.

(F) California Criminal Information Number, FBI number, social security number, and driver's license number.

(G) County of commitment.

(H) A description of scars, marks, and tattoos on the inmate.

(I) Offense or offenses for which the inmate was convicted that resulted in parole in this instance.

(J) Address, including all of the following information:

(i) Street name and number. Post office box numbers are not acceptable for purposes of this subparagraph.

(ii) City and ZIP Code.

(iii) Date the address as provided pursuant to this subparagraph was proposed to be effective.

(K) Contact officer and unit, including all of the following information:

(i) Name and telephone number of each contact officer.

(ii) Contact unit type of each contact officer such as units responsible for parole, registration, or county probation.

(L) A digitized image of the photograph and at least a single digit fingerprint of the parolee.

(M) A geographic coordinate for the parolee's residence location for use with a Geographical Information System (GIS) or comparable computer program.

(2) The information required by this subdivision shall come from the statewide parolee data base. The information obtained from each source shall be based on the same timeframe.

(3) All of the information required by this subdivision shall be provided utilizing a computer-to-computer transfer in a format usable by a desktop computer system. The transfer of this information shall be continually available to local law enforcement agencies upon request.

(4) The unauthorized release or receipt of the information described in this subdivision is a violation of Section 11143.

(f) Notwithstanding any other law, an inmate who is released on parole shall not be returned to a location within 35 miles of the actual residence of a victim of, or a witness to, a violent felony as defined in paragraphs (1) to (7), inclusive, of subdivision (c) of Section 667.5 or a felony in which the defendant inflicts great bodily injury on any person other than an accomplice that has been charged and proved as provided for in Section 12022.7 or 12022.9, if the victim or witness has requested additional distance in the placement of the inmate on parole, and if the Board of Prison Terms or the Department of Corrections finds that there is a need to protect the life, safety, or well-being of a victim or witness.

(g) The authority shall give consideration to the equitable distribution of parolees and the proportion of out-of-county commitments from a county compared to the number of commitments from that county when making parole decisions.

(h) An inmate may be paroled to another state pursuant to any other law.

(i) (1) Except as provided in paragraph (2), the Department of Corrections shall be the agency primarily responsible for, and shall have control over, the program, resources, and staff implementing the Law Enforcement Automated Data System (LEADS) in conformance with subdivision (e).

(2) Notwithstanding paragraph (1), the Department of Justice shall be the agency primarily responsible for the proper release of information under LEADS that relates to fingerprint cards.

SEC. 3. Funding to implement LEADS pursuant to Section 3003 of the Penal Code, as amended by this act, is contingent upon the appropriation of funds for this purpose in the annual Budget Act.

CHAPTER 681

An act to amend Section 741.2 of the Public Utilities Code, relating to telecommunications.

[Approved by Governor October 4, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 741.2 of the Public Utilities Code is amended to read:

741.2. (a) No nonpublic utility provider of telephone services, including, but not limited to, a hotel, motel, hospital, university, or similar place of temporary accommodation owning or operating message switching or billing equipment solely for the purpose of reselling services provided by a telephone corporation to its patients or guests is required to file or maintain tariff schedules.

(b) No such nonpublic utility provider of telephone services which provides service to hospital patients may charge more for any nontoll telephone call than the maximum rate of charge authorized by the commission for a nontoll call placed from a coin-activated telephone owned or operated by other than a telephone corporation plus twenty-five cents ($0.25).

(c) No such nonpublic utility provider of telephone services which provides service to hospital patients may charge more for any toll telephone call than the sum of all of the following:

(1) The applicable tariff rate or charge of the telephone corporation whose service is resold for that telephone call.

(2) The surcharge or surcharges, if any, applicable to that call if placed from a coin-activated telephone owned or operated by the telephone corporation within whose service area the nonpublic utility provider of telephone services is located, unless that surcharge is included in the tariff rate or charge for that call.

(3) Twenty-five cents ($0.25).

(d) No such nonpublic utility provider of telephone services may make any charge for any uncompleted telephone call unless notice pursuant to subdivision (e) is provided specifying the circumstances under which a charge will be made for an uncompleted call.

(e) Every nonpublic utility provider of telephone services shall display or post on or near the telephone equipment so as to be easily seen by telephone users a notice of all of the following:

(1) The charges applicable to all of the available telephone services. These charges shall be separately stated, and shall include, but not be limited to, the following information:

(A) Individual customer telephone service activation deposits or fees, if any.

(B) Charges for use of telephone services, irrespective of whether a call is completed.

(2) That these charges are consistent with this section, if applicable.

(3) The telephone number of the Consumer Affairs Division of the commission to which questions or complaints may be directed.

(f) Subdivision (e) does not require separate notices for multiple or extension telephones having the same telephone extension number.

(g) This section does not require any such nonpublic utility provider of telephone services to make any charge for the furnishing of any telephone service, and this section does not apply to any such provider that makes no charge for telephone services furnished. This section does not constitute any such provider a telephone corporation or otherwise subject it to regulation by the commission as a public utility.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 682

An act to amend Section 68075.1 of the Education Code, relating to postsecondary education.

[Approved by Governor October 4, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 68075.1 of the Education Code is amended to read:

68075.1. Notwithstanding Section 68075, a student who is a member of the armed forces of the United States stationed in this state on active duty, except a member of the armed forces assigned for educational purposes to state-supported institutions of higher education, is entitled to resident classification at any California community college campus.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 683

An act to amend Section 17311 of the Education Code, relating to school facilities, and making an appropriation therefor.

[Approved by Governor October 4, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 17311 of the Education Code is amended to read:

17311. (a) The Department of General Services shall make such inspection of the school buildings and of the work of construction or alteration as in its judgment is necessary or proper for the enforcement of this article and the protection of the safety of the pupils, the teachers, and the public. The school district, city, city and county, or the political subdivision within the jurisdiction of which any school building is constructed or altered shall provide for and require competent, adequate, and continuous inspection during construction or alteration by an inspector satisfactory to the architect or structural engineer and the Department of General Services. The inspector shall act under the direction of the governing board and architect or structural engineer as the board may direct. The inspector shall be responsible to the governing board for employment purposes. The revision of the examination shall include techniques of inspection, construction, plan reading, required submittal documents, and knowledge of statutes and regulations that apply to school construction. The revision of the examination shall be done not later than 48 months after the last revision and not earlier than 36 months after the last revision.

(2) Provide training on an ongoing basis to all individuals who provide the inspections required under this article. The training shall be designed to ensure that all individuals who provide the continuous

inspection of school building construction or alteration are sufficiently knowledgeable of the rules, regulations, and standards that apply under this article.

(3) Require evaluation of the competency of those who provide inspections pursuant to this article. After an initial evaluation a reevaluation shall occur not later than 48 months after the last evaluation or reevaluation and not earlier than 36 months after the last evaluation or reevaluation. An evaluation or reevaluation shall include passage of the examination used to determine competence specified in paragraph (1) and attendance at training specified in paragraph (2).

(c) The Department of General Services may require a fee from all individuals applying for evaluation or reevaluation pursuant to subdivision (b), and a fee for the examination administered in the evaluation or reevaluation. CHAPTER 684

An act to add and repeal Section 4032 of the Penal Code, relating to crime.

[Approved by Governor October 4, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 4032 is added to the Penal Code, to read:

4032. (a) The sheriff or other person in charge of a local correctional facility shall refer all reports of battery by gassing by persons confined in the local correctional facility to the local district attorney for prosecution.

(b) For purposes of this section, "gassing" means intentionally placing or throwing, or causing to be placed or thrown, upon the person of another, any mixture of human excrement or other bodily fluids or substances.

(c) The sheriff or other person in charge of the local correctional facility shall use every available means to immediately investigate all reported or suspected batteries by gassing by persons confined in the local correctional facility. If there is probable cause to believe that an inmate of a local correctional facility has committed a battery by gassing, the chief medical officer of the local correctional facility, or his or her designee, may, when he or she deems it medically necessary to protect the health of an officer or employee who may have been subject to a battery by gassing, order the inmate to receive an examination or test for hepatitis and tuberculosis immediately

after the event, and periodically thereafter as determined to be necessary by the medical officer. The results of any examination or test shall be provided to the officer or employee who was the target of the battery. Nothing in this subdivision shall be construed to otherwise supersede the operation of Title 8 (commencing with Section 7500).

(d) The sheriff or other person in charge of the local correctional facility shall report to the Board of Corrections, as required by the board, information about each gassing incident in the local correctional facility.

(e) The Board of Corrections shall report to the Legislature by January 1, 2000, its findings and recommendations on gassing incidents at local correctional facilities and the medical testing authorized by this section. The report may be included in the report required by Section 4501.1. The report shall include, but not be limited to, all of the following:

(2) The disposition of each gassing incident, including the administrative penalties imposed and the number of incidents that are prosecuted and the result of those prosecutions, including any penalties imposed.

(3) A profile of the inmates who committed the batteries, including the number of inmates who have one or more prior serious or violent felony convictions.

(4) Efforts that the sheriff or other person in charge of the local correctional facility has taken to limit these incidents, including staff training and the use of protective clothing and goggles.

(5) The results and costs of the medical testing authorized by this section.

(f) This section shall remain in effect only until January 1, 2001, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2001, deletes or extends that date.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 685

An act to add Section 11019.7 to the Government Code, relating to state agencies.

[Approved by Governor October 4, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 11019.7 is added to the Government Code, to read:

11019.7. (a) No state agency shall send any outgoing United States mail to an individual that contains personal information about that individual, including, but not limited to, the individual's social security number, telephone number, driver's license number, or credit card account number, unless that personal information is contained within sealed correspondence and cannot be viewed from the outside of that sealed correspondence.

(b) "Outgoing United States mail" for the purposes of this section includes correspondence sent via a common carrier, including, but not limited to, a package express service and a courier service.

(c) Notwithstanding subdivision (a) of Section 11000, "state agency" includes the California State University.

CHAPTER 686

An act to add and repeal Article 2.5 (commencing with Section 7076.1) of Chapter 8 of Part 1 of Division 2 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor October 4, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Article 2.5 (commencing with Section 7076.1) is added to Chapter 8 of Part 1 of Division 2 of the Revenue and Taxation Code, to read:

Article 2.5. Managed Audit Program

7076.1. The Legislature finds and declares that the mission of the State Board of Equalization in the administration and collection of taxes is to provide informative and responsive services to the taxpayer, to provide fair, firm, and uniform treatment of the taxpayer, and to perform these functions with quality and efficiency.

The commitment to a philosophy of service and accountability to the public can be effectively furthered through a managed audit program. As a result of a managed audit, the taxpayer will be educated as to the proper tax treatment of the issues as well as to the failings of any internal procedures, so that the taxpayer can put into place procedures and practices that will ensure compliance in the future.

The Legislature further finds that the managed audit program will permit the board to reallocate resources to revenue-generating activity and reflects an efficient approach in performing day-to-day audit work. The Legislature finds that the advantages to the state include a reduction in the number of audits subject to resolution by the administrative appeals process; a reduction in litigation; and resolution of taxability issues as a condition of the managed audit. The Legislature further finds and declares that the advantages to the taxpayer include taxpayer education; future tax compliance; taxpayer experience with the audit process; an ongoing cooperative relationship with the State Board of Equalization; decreased disruption of regular business activities; and resolution of the audit period. The Legislature finds that the managed audit program permits a person to critically examine, within the timeframe specified by the board, the internal controls and accounting records of its business enterprise in which significant tax error could occur, and to determine the correct measure of tax. The Legislature further finds that the managed audit program is a logical response to demands for efficient examinations without severely compromising work product.

7076.2. The State Board of Equalization shall determine, consistent with the efficient use of audit resources, which accounts are to be eligible for the managed audit program, provided that no person shall be required to participate in the managed audit program. Persons whose accounts are eligible for the managed audit program shall include any person who meets all of the following criteria:

(a) Any person who has not received written notification pursuant to Section 6471 that he or she is required to make prepayments of tax.

(b) Any person whose business involves few or no statutory exemptions.

(c) Any person whose business involves a single or small number of clearly defined taxability issues.

(d) Any person who agrees to participate in the managed audit program.

(e) Any person who has the resources to comply with the managed audit instructions provided by the board.

7076.3. (a) If a person's account is selected for a managed audit, the person shall review and examine the books, records, and equipment to determine any unreported liability for the audit

period, and make available all computations and records reviewed for verification by the board. The board shall identify for the person all of the following:

(1) The audit period covered by the managed audit.

(2) The types of transactions covered by the managed audit.

(3) The specific procedures the person is to follow in determining any liability.

(4) The records to be reviewed by the person.

(5) The manner in which the types of transactions are to be scheduled for review.

(6) The time period for completion of the managed audit.

(7) The time period for the payment of the liability and interest.

(8) Any other criteria as the board may require for completion of the managed audit.

(b) The information provided by the person shall be the same information that is required for the completion of any other audit that the board may conduct.

7076.4. Nothing in this article shall limit the board's authority to examine the books, papers, records, and equipment of a person under Section 7054.

7076.5. Upon completion of the managed audit and verification by the board, interest shall be computed at one-half the rate that would otherwise be imposed for liabilities covered by the audit period. Payment of the liabilities and interest shall be made within the time period specified by the board. If the requirements for the managed audit are not satisfied, the board may proceed to examine the records of the person in a manner to be determined by the board.

7076.6. The provisions of Section 6596 shall not apply to a managed audit conducted pursuant to this article.

7076.7. This article shall remain in effect only until January 1, 2001, and as of that date is repealed; however, any managed audit commenced pursuant to Section 7076.3 before January 1, 2001, may be completed by the board thereafter and the person whose account is audited shall remain eligible for the interest rate computation specified in Section 7076.5.

SEC. 2. On or before February 1, 2001, the State Board of Equalization shall submit a report to the Legislature that evaluates the programmatic and fiscal benefits of the managed audit program established by this act. The report shall, at a minimum, include all of the following:

(a) A description of measurements used to evaluate the impact of the managed audit program on audit operations.

(b) A description of the existing audit operations impacted by the managed audit program.

(c) A description of how audit operations were changed as a result of the managed audit program.

(d) Measurement of the specific benefits achieved as a result of the managed audit program, including benefits derived from resources redirected during implementation of the program.

CHAPTER 687

An act to add Section 11104.5 to the Government Code, relating to state agencies.

[Approved by Governor October 4, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 11104.5 is added to the Government Code, to read:

11104.5. (a) Notwithstanding any other provision of law, any requirement that a state agency send material, information, notices, correspondence, or other communication through the United States mail shall be deemed to include the authority for the state agency to send that material, information, notice, correspondence, or other communication by electronic mail upon the request of the recipient, unless impracticable to do so, or unless contrary to state or federal law.

(b) Any state agency may require that direct costs incurred by the agency involving the electronic transmission of information be paid by the requester pursuant to this section and the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1).

(c) Nothing in this section shall be construed to permit an agency to act in a manner inconsistent with the standards adopted pursuant to the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1) and the Information Practices Act of 1977 (Chapter 1 (commencing with Section 1798) of Title 1.8 of Part 4 of Division 3 of the Civil Code).

CHAPTER 688

An act to add and repeal Sections 2260.5, 16004, and 16105 to the Business and Professions Code, and to add and repeal Chapter 1.4 (commencing with Section 24185) to Division 20 of the Health and Safety Code, relating to human cloning.

[Approved by Governor October 4, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature to place a five-year moratorium on the cloning of an entire human being in order to evaluate the profound medical, ethical, and social implications that such a possibility raises. It is not the intent of the Legislature that this moratorium apply to the cloning of human cells, human tissue, or human organs that would not result in the replication of an entire human being. During this moratorium period, the State Director of Health Services should be called upon to establish a panel of representatives from the fields of medicine, religion, biotechnology, genetics, law, bioethics, and the general public to evaluate those implications, review public policy, and advise the Legislature and the Governor in this area.

SEC. 2. Section 2260.5 is added to the Business and Professions Code, to read:

2260.5. (a) A violation of Section 24185 of the Health and Safety Code, relating to human cloning, constitutes unprofessional conduct.

(b) This section shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2003, deletes or extends that date.

SEC. 3. Section 16004 is added to the Business and Professions Code, to read:

16004. (a) Any license issued to a business pursuant to this chapter shall be revoked for a violation of Section 24185 of the Health and Safety Code, relating to human cloning.

(b) This section shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2003, deletes or extends that date.

SEC. 4. Section 16105 is added to the Business and Professions Code, to read:

16105. (a) Any license issued to a business pursuant to this chapter shall be revoked for violation of Section 24185 of the Health and Safety Code, relating to human cloning.

(b) This section shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2003, deletes or extends that date.

SEC. 5. Chapter 1.4 (commencing with Section 24185) is added to Division 20 of the Health and Safety Code, to read:

CHAPTER 1.4. HUMAN CLONING

24185. (a) No person shall clone a human being.

(b) No person shall purchase or sell an ovum, zygote, embryo, or fetus for the purpose of cloning a human being.

(c) For purposes of this section, "clone" means the practice of creating or attempting to create a human being by transferring the nucleus from a human cell from whatever source into a human egg

cell from which the nucleus has been removed for the purpose of, or to implant, the resulting product to initiate a pregnancy that could result in the birth of a human being.

24187. For violations of Section 24185, the State Director of Health Services may, after appropriate notice and opportunity for hearing, by order, levy administrative penalties as follows:

(a) If the violator is a corporation, firm, clinic, hospital, laboratory, or research facility, by a civil penalty of not more than one million dollars ($1,000,000) or the applicable amount under subdivision (c), whichever is greater.

(b) If the violator is an individual, by a civil penalty of not more than two hundred fifty thousand dollars ($250,000) or the applicable amount under subdivision (c), whichever is greater.

(c) If any violator derives pecuniary gain from a violation of this section, the violator may be assessed a civil penalty of not more than an amount equal to the amount of the gross gain multiplied by two.

(d) The administrative penalties shall be paid to the General Fund.

24189. This chapter shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2003, deletes or extends that date.

CHAPTER 689

An act to amend Section 41712 of the Health and Safety Code, relating to air pollution.

[Approved by Governor October 4, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 41712 of the Health and Safety Code is amended to read:

41712. (a) For purposes of this section, the following terms have the following meaning:

(1) "Consumer product" means a chemically formulated product used by household and institutional consumers, including, but not limited to, detergents; cleaning compounds; polishes; floor finishes; cosmetics; personal care products; home, lawn, and garden products; disinfectants; sanitizers; aerosol paints; and automotive specialty products; but does not include other paint products, furniture coatings, or architectural coatings.

(2) "Health benefit product" means an antimicrobial product registered with the Environmental Protection Agency.

(3) "Maximum feasible reduction in volatile organic compounds emitted" means at least a 60-percent reduction in the emissions of

volatile organic compounds resulting from the use of aerosol paints, calculated with respect to the 1989 baseline year.

(4) "Medical expert" means a physician, including a pediatrician, a microbiologist, or a scientist involved in research related to infectious disease and infection control.

(b) The state board shall adopt regulations to achieve the maximum feasible reduction in volatile organic compounds emitted by consumer products, if the state board determines that adequate data exists to establish both of the following:

(1) The regulations are necessary to attain state and federal ambient air quality standards.

(2) The regulations are commercially and technologically feasible and necessary.

(c) A regulation shall not be adopted which requires the elimination of a product form.

(d) The state board shall not adopt regulations pursuant to subdivision (b) unless the regulations are technologically and commercially feasible, and necessary to carry out this division. The state board shall consider the effect that the regulations proposed for health benefit products will have on the efficacy of those products in killing or inactivating agents of infectious diseases such as viruses, bacteria, and fungi, and the impact the regulations will have on the availability of health benefit products to California consumers.

(e) (1) Prior to adopting regulations pursuant to this section governing health benefit products, the state board shall consider any recommendations received from federal, state, or local public health agencies and medical experts in the field of public health.

(2) Within 30 days from the date of the adoption of any regulation pursuant to this section governing health benefit products, the state board shall prepare and submit to the Legislature and the Governor a report that summarizes any recommendations received pursuant to paragraph (1) and any conclusions made by the state board concerning the recommendations.

(f) A district shall adopt no regulation pertaining to disinfectants, nor any regulation pertaining to a consumer product that is different than any regulation adopted by the state board for that purpose.

(g) A consumer product manufactured prior to each effective date specified in regulations adopted by the state board pursuant to this section that applies to that consumer product may be sold, supplied, or offered for sale for a period of three years from the specified effective date if the date of manufacture or a representative date code is clearly displayed on the product at the point of sale. An explanation of the date code shall be filed with the state board.

(h) (1) It is the intent of the Legislature that, prior to January 1, 2000, air pollution control standards affecting the formulation of aerosol adhesives and limiting emissions of reactive organic compounds resulting from the use of aerosol adhesives be set solely

by the state board to ensure uniform standards applicable on a statewide basis.

(2) The Legislature recognizes that the current state board volatile organic compound (VOC) limit for aerosol adhesives is 75 percent by weight. Effective January 1, 1997, the state board's 75-percent standard shall apply to all uses of aerosol adhesives, including consumer, industrial, and commercial uses, and any district regulations limiting the VOC content of, or emissions from, aerosol adhesives, are null and void. After that date, a district may adopt and enforce the state board's 75-percent standard for aerosol adhesives, or a subsequently adopted state board standard, in the same manner as a district regulation limiting the issuance of air contaminants.

(3) On or before July 1, 2000, the state board shall prepare a study and conduct a public hearing on the need for, and the feasibility of, establishing a more stringent standard or standards for aerosol adhesives. If the state board finds that more stringent limits for aerosol adhesives are expected to become feasible, the state board shall, at that time, adopt a standard or standards to implement more stringent VOC limits. At a minimum, the state board shall establish standards pursuant to this paragraph that constitute best available retrofit control technology, as defined in Section 40406, and implement all plans adopted pursuant to Chapter 10 (commencing with Section 40910) of Part 3 unless the state board determines that those measures are not achievable.

(4) Notwithstanding any other provision of this section, on and after January 1, 2000, a district may adopt and enforce a regulation setting an emission standard or standards for VOC emissions for the use of aerosol adhesives that is more stringent than the standards adopted by the state board.

(i) (1) It is the intent of the Legislature that air pollution control standards affecting the formulation of aerosol paints and limiting the emissions of volatile organic compounds resulting from the use of aerosol paints be set solely by the state board to ensure uniform standards applicable on a statewide basis. A district shall not adopt or enforce any regulation regarding the volatile organic compound content of, or emissions from, aerosol paints until such time as the state board has adopted a regulation regarding those paints, and any district regulation shall not be different than the state board regulation. A district may observe and enforce a state board regulation regarding aerosol paints in the same manner as a district regulation limiting the issuance of air contaminants. This subdivision shall not apply to any district that has adopted a rule or regulation regarding aerosol paints pursuant to an order of a federal court, until such time as the federal court has authorized the district to observe and enforce the state board regulation in lieu of the district regulation.

(2) On or before January 1, 1995, the state board shall adopt regulations requiring the maximum feasible reduction in volatile

organic compounds emitted from the use of aerosol paints. The regulations shall establish final limits and require full compliance not later than December 31, 1999, and shall establish interim limits prior to that date resulting in reductions in reactive organic compounds.

(3) On or before December 31, 1998, the state board shall conduct a public hearing on the technological or commercial feasibility of achieving full compliance with the final limits by December 31, 1999. If the state board determines that a 60-percent reduction in emissions of reactive organic compounds from the use of aerosol paints is not technologically or commercially feasible by December 31, 1999, the state board may grant an extension of time not to exceed five years. During any such extension of time, the most stringent interim limits shall be applicable. Any regulation adopted by the state board shall include a provision authorizing the time extension and requiring a public hearing on technological or commercial feasibility consistent with this subdivision. The state board shall seek to ensure that the final limits for aerosol paints established pursuant to this subdivision do not become federally enforceable prior to the effective date established by the state board for these limits, including any extension granted under this subdivision.

(4) Reductions required for aerosol paints under this subdivision are not intended to apply to any other consumer product and the regulation of aerosol paints is not subject to subdivision (c).

(j) The state board shall not adopt a regulation pertaining to disinfectants any sooner than December 1, 2003.

(k) The state board shall comply with its volatile organic compound emission reduction obligations under the 1994 State Implementation Plan, or any amendments thereto, and shall ensure that there is no loss of emission reductions as a result of its compliance with subdivision (j).

SEC. 2. Section 41712 of the Health and Safety Code is amended to read:

41712. (a) For purposes of this section, the following terms have the following meaning:

(1) "Consumer product" means a chemically formulated product used by household and institutional consumers, including, but not limited to, detergents; cleaning compounds; polishes; floor finishes; cosmetics; personal care products; home, lawn, and garden products; disinfectants; sanitizers; aerosol paints; and automotive specialty products; but does not include other paint products, furniture coatings, or architectural coatings.

(2) "Health benefit product" means an antimicrobial product registered with the Environmental Protection Agency.

(3) "Maximum feasible reduction in volatile organic compounds emitted" means at least a 60-percent reduction in the emissions of volatile organic compounds resulting from the use of aerosol paints, calculated with respect to the 1989 baseline year, including acetone in that baseline year.

(4) "Medical expert" means a physician, including a pediatrician, a microbiologist, or a scientist involved in research related to infectious disease and infection control.

(b) The state board shall adopt regulations to achieve the maximum feasible reduction in volatile organic compounds emitted by consumer products, if the state board determines that adequate data exists to establish both of the following:

(1) The regulations are necessary to attain state and federal ambient air quality standards.

(2) The regulations are commercially and technologically feasible and necessary.

(c) A regulation shall not be adopted which requires the elimination of a product form.

(d) The state board shall not adopt regulations pursuant to subdivision (b) unless the regulations are technologically and commercially feasible, and necessary to carry out this division. The state board shall consider the effect that the regulations proposed for health benefit products will have on the efficacy of those products in killing or inactivating agents of infectious diseases such as viruses, bacteria, and fungi, and the impact the regulations will have on the availability of health benefit products to California consumers.

(e) (1) Prior to adopting regulations pursuant to this section governing health benefit products, the state board shall consider any recommendations received from federal, state, or local public health agencies and medical experts in the field of public health.

(2) Within 30 days from the date of the adoption of any regulation pursuant to this section governing health benefit products, the state board shall prepare and submit to the Legislature and the Governor a report that summarizes any recommendations received pursuant to paragraph (1) and any conclusions made by the state board concerning the recommendations.

(f) A district shall adopt no regulation pertaining to disinfectants, nor any regulation pertaining to a consumer product that is different than any regulation adopted by the state board for that purpose.

(g) A consumer product manufactured prior to each effective date specified in regulations adopted by the state board pursuant to this section that applies to that consumer product may be sold, supplied, or offered for sale for a period of three years from the specified effective date if the date of manufacture or a representative date code is clearly displayed on the product at the point of sale. An explanation of the date code shall be filed with the state board.

(h) (1) It is the intent of the Legislature that, prior to January 1, 2000, air pollution control standards affecting the formulation of aerosol adhesives and limiting emissions of reactive organic compounds resulting from the use of aerosol adhesives be set solely by the state board to ensure uniform standards applicable on a statewide basis.

(2) The Legislature recognizes that the current state board volatile organic compound (VOC) limit for aerosol adhesives is 75 percent by weight. (4) Notwithstanding any other provision of this section, on and after January 1, 2000, a district may adopt and enforce a regulation setting an emission standard or standards for VOC emissions for the use of aerosol adhesives that is more stringent than the standards adopted by the state board.

(i) (1) It is the intent of the Legislature that air pollution control standards affecting the formulation of aerosol paints and limiting the emissions of volatile organic compounds resulting from the use of aerosol paints be set solely by the state board to ensure uniform standards applicable on a statewide basis. A district shall not adopt or enforce any regulation regarding the volatile organic compound content of, or emissions from, aerosol paints until such time as the state board has adopted a regulation regarding those paints, and any district regulation shall not be different than the state board regulation. (k) The state board shall comply with its volatile organic compound emission reduction obligations under the 1994 State Implementation Plan, or any amendments thereto, and shall ensure that there is no loss of emission reductions as a result of its compliance with subdivision (j).

SEC. 3. Section 2 of this bill incorporates amendments to Section 41712 of the Health and Safety Code proposed by both this bill and SB 987. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1998, (2) each bill amends Section 41712 of the Health and Safety Code, and (3) this bill is enacted after SB 987, in which case Section 1 of this bill shall not become operative.

In addition to major departments, the State Auditor shall also audit consultant contract usage by a random sampling of three smaller departments and offices each year.

Matters to be considered:

(1) The extent to which each agency has complied with state law.

(2) The use or overuse of sole-source contracts.

(3) Whether the state agency has utilized the results obtained by the consultants pursuant to the contracts.

It is the intent of the Legislature that the information contained in the report be available for use in legislative budget hearings.

SECTION 1. Section 12803 is added to the Food and Agricultural Code, to read:

12803. The director, by regulation, may exempt from all or part of the requirements of this division a pesticide exempted pursuant to 25(b) of the federal Insecticide, Fungicide, and Rodenticide Act (7 U.S.C. Sec. 136w (b)) as a pesticide that is determined to be of a character unnecessary to be subject to that act, if both of the following apply:

(a) The director individually evaluates each listed substance exempted pursuant to the federal authority and concurs in the decision by the United States Environmental Protection Agency Administrator to exempt that substance.

(b) The director excludes from the exempting regulation those specific requirements of this division that may otherwise be applicable that are necessary to protect the public health or the environment. Notwithstanding any other provision of law, the director shall retain authority to regulate any substance exempted pursuant to this section whether registered or not.

CHAPTER 692

An act to add Section 56111.13 to the Government Code, and to amend Section 99 of the Revenue and Taxation Code, relating to local agencies.

[Approved by Governor October 4, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 56111.13 is added to the Government Code, to read:

56111.13. (a) Notwithstanding Section 56110, upon approval of the commission, the City of Tehachapi may annex noncontiguous territory of not more than 1,680 acres in area, that is located in the County of Kern, and that constitutes a correctional facility. If, after the completion of the annexation, the State of California sells that territory, or any part thereof, all of the territory that is no longer owned by the state shall cease to be part of the City of Tehachapi.

(b) If territory is annexed to the City of Tehachapi pursuant to this section, the city may not annex any territory not owned by the state and not contiguous to the city although that territory is contiguous to the territory annexed pursuant to this section.

(c) When territory ceases to be part of the city pursuant to this section, the legislative body of the city shall adopt a resolution confirming the detachment of that territory from the city. The resolution shall describe the detached territory, and shall be accompanied by a map indicating the territory. Immediately upon adoption of the resolution, the city clerk shall make any filing provided for by Chapter 8 (commencing with Section 57200) of Part 4.

(d) If the territory annexed to the City of Tehachapi pursuant to this section becomes contiguous to the city, the limitations imposed by this section shall cease to apply.

(e) The City of Tehachapi may enter into an agreement with any other city under which the City of Tehachapi apportions any increase in state subventions resulting from the annexation of territory pursuant to this section.

SEC. 2. Section 99 of the Revenue and Taxation Code, as amended by Section 5 of Chapter 522 of the Statutes of 1996, is amended to read:

99. (a) For the purposes of the computations required by this chapter:

(1) In the case of a jurisdictional change, other than a city incorporation or a formation of a district as defined in Section 2215, the auditor shall adjust the allocation of property tax revenue determined pursuant to Section 96 or 96.1, or the annual tax increment determined pursuant to Section 96.5, for local agencies whose service area or service responsibility would be altered by the jurisdictional change, as determined pursuant to subdivision (b) or (c).

(2) In the case of a city incorporation, the auditor shall assign the allocation of property tax revenues determined pursuant to Section 56842 of the Government Code and the adjustments in tax revenues that may occur pursuant to Section 56845 of the Government Code to the newly formed city or district and shall make the adjustment as

determined by Section 56842 in the allocation of property tax revenue determined pursuant to Section 96 or 96.1 for each local agency whose service area or service responsibilities would be altered by the incorporation.

(3) In the case of a formation of a district as defined in Section 2215, the auditor shall assign the allocation of property tax revenues determined pursuant to Section 56842 of the Government Code to the district and shall make the adjustment as determined by Section 56842 in the allocation of property tax revenue determined pursuant to Section 96 or 96.1 for each local agency whose service area or service responsibilities would be altered by the formation.

(b) Upon the filing of an application or a resolution pursuant to the Cortese-Knox Local Government Reorganization Act of 1985 (Division 3 (commencing with Section 56000) of Title 5 of the Government Code), but prior to the issuance of a certificate of filing, the executive officer shall give notice of the filing to the assessor and auditor of each county within which the territory subject to the jurisdictional change is located. This notice shall specify each local agency whose service area or responsibility will be altered by the jurisdictional change.

(1) (A) The county assessor shall provide to the county auditor, within 30 days of the notice of filing, a report which identifies the assessed valuations for the territory subject to the jurisdictional change and the tax rate area or areas in which the territory exists.

(B) The auditor shall estimate the amount of property tax revenue generated within the territory that is the subject of the jurisdictional change during the current fiscal year.

(2) The auditor shall estimate what proportion of the property tax revenue determined pursuant to paragraph (1) is attributable to each local agency pursuant to Section 96.1 and Section 96.5.

(3) Within 45 days of notice of the filing of an application or resolution, the auditor shall notify the governing body of each local agency whose service area or service responsibility will be altered by the amount of, and allocation factors with respect to, property tax revenue estimated pursuant to paragraph (2) that is subject to a negotiated exchange.

(4) Upon receipt of the estimates pursuant to paragraph (3) the local agencies shall commence negotiations to determine the amount of property tax revenues to be exchanged between and among the local agencies. This negotiation period shall not exceed 60 days.

The exchange may be limited to an exchange of property tax revenues from the annual tax increment generated in the area subject to the jurisdictional change and attributable to the local agencies whose service area or service responsibilities will be altered by the proposed jurisdictional change. The final exchange resolution shall specify how the annual tax increment shall be allocated in future years.

(5) In the event that a jurisdictional change would affect the service area or service responsibility of one or more special districts, the board of supervisors of the county or counties in which the districts are located shall, on behalf of the district or districts, negotiate any exchange of property tax revenues.

(6) Notwithstanding any other provision of law, the executive officer shall not issue a certificate of filing pursuant to Section 56828 of the Government Code until the local agencies included in the property tax revenue exchange negotiation, within the 60-day negotiation period, present resolutions adopted by each such county and city whereby each county and city agrees to accept the exchange of property tax revenues.

(7) In the event that the commission modifies the proposal or its resolution of determination, any local agency whose service area or service responsibility would be altered by the proposed jurisdictional change may request, and the executive officer shall grant, 15 days for the affected agencies, pursuant to paragraph (4) to renegotiate an exchange of property tax revenues. Notwithstanding the time period specified in paragraph (4), if the resolutions required pursuant to paragraph (6) are not presented to the executive officer within the 15-day period, all proceedings of the jurisdictional change shall automatically be terminated.

(8) In the case of a jurisdictional change that consists of a city's qualified annexation of unincorporated territory, an exchange of property tax revenues between the city and the county shall be determined in accordance with subdivision (e) if that exchange of revenues is not otherwise determined pursuant to either of the following:

(A) Negotiations completed within the applicable period or periods as prescribed by this subdivision.

(B) A master property tax exchange agreement among those local agencies, as described in subdivision (d).

For purposes of this paragraph, a qualified annexation of unincorporated territory means an annexation, as so described, for which proceedings before the relevant local agency formation commission are initiated, as provided in Section 56651 of the Government Code, on or after January 1, 1998, and on or before January 1, 2005.

(9) No later than the date on which the certificate of completion of the jurisdictional change is recorded with the county recorder, the executive officer shall notify the auditor or auditors of the exchange of property tax revenues and the auditor or auditors shall make the appropriate adjustments as provided in subdivision (a).

(c) Whenever a jurisdictional change is not required to be reviewed and approved by a local agency formation commission, the local agencies whose service area or service responsibilities would be altered by the proposed change, shall give notice to the State Board of Equalization and the assessor and auditor of each county within

which the territory subject to the jurisdictional change is located. This notice shall specify each local agency whose service area or responsibility will be altered by the jurisdictional change and request the auditor and assessor to make the determinations required pursuant to paragraphs (1) and (2) of subdivision (b). Upon notification by the auditor of the amount of, and allocation factors with respect to, property tax subject to exchange, the local agencies, pursuant to the provisions of paragraphs (4), (5), and (6) of subdivision (b), shall determine the amount of property tax revenues to be exchanged between and among the local agencies. Notwithstanding any other provision of law, no such jurisdictional change shall become effective until each county and city included in these negotiations agrees, by resolution, to accept the negotiated exchange of property tax revenues. The exchange may be limited to an exchange of property tax revenue from the annual tax increment generated in the area subject to the jurisdictional change and attributable to the local agencies whose service area or service responsibilities will be altered by the proposed jurisdictional change. The final exchange resolution shall specify how the annual tax increment shall be allocated in future years. Upon the adoption of the resolutions required pursuant to this section, the adopting agencies shall notify the auditor who shall make the appropriate adjustments as provided in subdivision (a). Adjustments in property tax allocations made as the result of a city or library district withdrawing from a county free library system pursuant to Section 19116 of the Education Code shall be made pursuant to Section 19116 of the Education Code, and this subdivision shall not apply.

(d) With respect to adjustments in the allocation of property taxes pursuant to this section, a county and any local agency or agencies within the county may develop and adopt a master property tax transfer agreement. The agreement may be revised from time to time by the parties subject to the agreement.

(e) (1) An exchange of property tax revenues that is required by paragraph (8) of subdivision (b) to be determined pursuant to this subdivision shall be determined in accordance with all of the following:

(A) The city and the county shall mutually select a third-party consultant to perform a comprehensive, independent fiscal analysis, funded in equal portions by the city and the county, that specifies estimates of all tax revenues that will be derived from the annexed territory and the costs of city and county services with respect to the annexed territory. The analysis shall be completed within a period not to exceed 30 days, and shall be based upon the general plan or adopted plans and policies of the annexing city and the intended uses for the annexed territory. If, upon the completion of the analysis period, no exchange of property tax revenues is agreed upon by the city and the county, subparagraph (B) shall apply.

(B) The city and the county shall mutually select a mediator, funded in equal portions by those agencies, to perform mediation for a period of not to exceed 30 days. If, upon the completion of the mediation period, no exchange of property tax revenues is agreed upon by the city and the county, subparagraph (C) shall apply.

(C) The city and the county shall mutually select an arbitrator, funded in equal portions by those agencies, to conduct an advisory arbitration with the city and the county for a period of not to exceed 30 days. At the conclusion of this arbitration period, the city and the county shall each present to the arbitrator its last and best offer with respect to the exchange of property tax revenues. The arbitrator shall select one of the offers and recommend that offer to the governing bodies of the city and the county. If the governing body of the city or the county rejects the recommended offer, it shall do so during a public hearing, and shall, at the conclusion of that hearing, make written findings of fact as to why the recommended offer was not accepted.

(2) Proceedings under this subdivision shall be concluded no more than 150 days after the initiation of proceedings before the commission, unless one of the periods specified in this subdivision is extended by the mutual agreement of the city and the county. Notwithstanding any other provision of law, except for those conditions that are necessary to implement an exchange of property tax revenues determined pursuant to this subdivision, the local agency formation commission shall not impose any fiscal conditions upon a city's qualified annexation of unincorporated territory that is subject to this subdivision.

(f) Except as otherwise provided in subdivision (g), for the purpose of determining the amount of property tax to be allocated in the 1979–80 fiscal year and each fiscal year thereafter for those local agencies that were affected by a jurisdictional change which was filed with the State Board of Equalization after January 1, 1978, but on or before January 1, 1979. The local agencies shall determine by resolution the amount of property tax revenues to be exchanged between and among the affected agencies and notify the auditor of the determination.

(g) For the purpose of determining the amount of property tax to be allocated in the 1979–80 fiscal year and each fiscal year thereafter, for a city incorporation that was filed pursuant to Sections 54900 to 54904 after January 1, 1978, but on or before January 1, 1979, the amount of property tax revenue considered to have been received by the jurisdiction for the 1978–79 fiscal year shall be equal to two-thirds of the amount of property tax revenue projected in the final local agency formation commission staff report pertaining to the incorporation multiplied by the proportion that the total amount of property tax revenue received by all jurisdictions within the county for the 1978–79 fiscal year bears to the total amount of property tax revenue received by all jurisdictions within the county for the

1977–78 fiscal year. Except, however, in the event that the final commission report did not specify the amount of property tax revenue projected for that incorporation, the commission shall by October 10, determine pursuant to Section 54790.3 of the Government Code the amount of property tax to be transferred to the city.

The provisions of this subdivision shall also apply to the allocation of property taxes for the 1980–81 fiscal year and each fiscal year thereafter for incorporations approved by the voters in June 1979.

(h) For the purpose of the computations made pursuant to this section, in the case of a district formation that was filed pursuant to Sections 54900 to 54904, inclusive, of the Government Code after January 1, 1978, but before January 1, 1979, the amount of property tax to be allocated to the district for the 1979–80 fiscal year and each fiscal year thereafter shall be determined pursuant to Section 54790.3 of the Government Code.

(i) For the purposes of the computations required by this chapter, in the case of a jurisdictional change, other than a change requiring an adjustment by the auditor pursuant to subdivision (a), the auditor shall adjust the allocation of property tax revenue determined pursuant to Section 96 or 96.1 or its predecessor section, or the annual tax increment determined pursuant to Section 96.5 or its predecessor section, for each local school district, community college district, or county superintendent of schools whose service area or service responsibility would be altered by the jurisdictional change, as determined as follows:

(1) The governing body of each district, county superintendent of schools, or county whose service areas or service responsibilities would be altered by the change shall determine the amount of property tax revenues to be exchanged between and among the affected jurisdictions. This determination shall be adopted by each affected jurisdiction by resolution. For the purpose of negotiation, the county auditor shall furnish the parties and the county board of education with an estimate of the property tax revenue subject to negotiation.

(2) In the event that the affected jurisdictions are unable to agree, within 60 days after the effective date of the jurisdictional change, and if all the jurisdictions are wholly within one county, the county board of education shall, by resolution, determine the amount of property tax revenue to be exchanged. If the jurisdictions are in more than one county, the State Board of Education shall, by resolution, within 60 days after the effective date of the jurisdictional change, determine the amount of property tax to be exchanged.

(3) Upon adoption of any resolution pursuant to this subdivision, the adopting jurisdictions or State Board of Education shall notify the county auditor who shall make the appropriate adjustments as provided in subdivision (a).

(j) For purposes of subdivision (i), the annexation by a community college district of territory within a county not previously served by a community college district is an alteration of service area. The community college district and the county shall negotiate the amount, if any, of property tax revenues to be exchanged. In these negotiations, there shall be taken into consideration the amount of revenue received from the timber yield tax and forest reserve receipts by the community college district in the area not previously served. In no event shall the property tax revenue to be exchanged exceed the amount of property tax revenue collected prior to the annexation for the purposes of paying tuition expenses of residents enrolled in the community college district, adjusted each year by the percentage change in population and the percentage change in the cost of living, or per capita personal income, whichever is lower, less the amount of revenue received by the community college district in the annexed area from the timber yield tax and forest reserve receipts.

(k) At any time after a jurisdictional change is effective, any of the local agencies party to the agreement to exchange property tax revenue may renegotiate the agreement with respect to the current fiscal year or subsequent fiscal years, subject to approval by all local agencies affected by the renegotiation.

CHAPTER 693

An act to amend Section 5652 of the Fish and Game Code, relating to pollution, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 4, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 5652 of the Fish and Game Code is amended to read:

5652. It is unlawful to deposit, permit to pass into, or place where it can pass into the waters of the state, or to abandon, dispose of, or throw away, within 150 feet of the high-water mark of the waters of the state, any cans, bottles, garbage, motor vehicle or parts thereof, rubbish, or the viscera or carcass of any dead mammal, or the carcass of any dead bird.

The abandonment of any motor vehicle in any manner that violates this section shall constitute a rebuttable presumption affecting the burden of producing evidence that the last registered owner of record, not having complied with Section 5900 of the Vehicle Code, is responsible for such abandonment and is thereby liable for the cost

of removal and disposition of the vehicle. This section prohibits the placement of a vehicle body on privately owned property along a streambank by the property owner or tenant for the purpose of preventing erosion of the streambank.

This section does not apply to a refuse disposal site which is authorized by the appropriate local agency having jurisdiction or to the depositing of such materials in a container from which the materials are routinely removed to a legal point of disposal.

This section shall be enforced by all law enforcement officers of this state.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to eliminate water pollution and to protect California salmon and steelhead trout at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 694

(d) The department may petition a court of competent jurisdiction for an order appointing the department, or a person designated by the department, as a receiver if it determines that the California Exposition and State Fair is insolvent, or is in imminent danger of insolvency. The court shall appoint a receiver upon showing that the fair is insolvent, or is in imminent danger of insolvency.

Any such bond shall contain on the face thereof a statement to the following effect: "Neither the full faith and credit nor the taxing power of the State of California is pledged to the payment of the principal of, or interest on this bond."

SEC. 2. Section 3335 of the Food and Agricultural Code is repealed.

SEC. 3. Section 3336 of the Food and Agricultural Code is repealed.

SEC. 4. Section 11272 of the Government Code is amended to read:

11272. (a) In determining or redetermining the fair share, the Department of Finance may consider the factors of cost distribution and cost estimation as it deems necessary, except that, as to the proceeds of those taxes, the use of which is restricted by Article XIX of the California Constitution, the Department of Finance shall assess only those administrative costs ascertained as being necessarily incurred in connection with highway purposes as set forth in the article. As to funds collected pursuant to Section 221 of the Food and Agricultural Code, the Department of Finance shall assess only those administrative costs incurred in connection with the enforcement of the law under which the funds were derived.

(b) In determining the share of costs to be borne by the California Exposition and State Fair, the Department of Finance shall take into account any reduction in the services provided to the California Exposition and State Fair as a consequence of the assumption of the various functions that the California Exposition and State Fair is authorized to assume by the act that amended this section during the 1997–98 Regular Legislative Session, and shall reduce the fair share of the California Exposition and State Fair accordingly. From its operating funds, the California Exposition and State Fair shall

12470. In conformity with the accounting system prescribed by the Department of Finance pursuant to Section 13300, the Controller shall install and operate a uniform state payroll system for all state agencies except the California Exposition and State Fair and the University of California. The Controller may provide for the orderly inclusion of state agencies into the system, and may make exceptions from the operation thereof for such periods as he or she determines necessary.

SEC. 6. Section 16310 of the Government Code is amended to read:

16310. (a) When the General Fund in the Treasury is or will be exhausted, the Controller shall notify the Governor and the Pooled Money Investment Board. The Governor may order the Controller to direct the transfer of all or any part of the moneys not needed in other funds or accounts to the General Fund from those funds or accounts, as determined by the Pooled Money Investment Board, including the Surplus Money Investment Fund or the Pooled Money Investment Account. All moneys so transferred shall be returned to the funds or accounts from which they were transferred as soon as there are sufficient moneys in the General Fund to return them. No interest shall be charged or paid on any transfer authorized by this section, exclusive of the Pooled Money Investment Account, except as provided herein. This section does not authorize any transfer that will interfere with the object for which a special fund was created or any transfer from the Central Valley Water Project Construction Fund, the Central Valley Water Project Revenue Fund, or the California Water Resources Development Bond Fund.

(b) Interest shall be paid on all moneys transferred to the General Fund from the Department of Food and Agriculture Fund and from any funds retained by or in the possession of the California Exposition and State Fair pursuant to this section. With respect to all other funds, if the total moneys transferred to the General Fund in any fiscal year from any special fund pursuant to this section exceed an amount equal to 10 percent of the total additions to surplus available for appropriation as shown in the statement of operations of a prior fiscal year as set forth in the most recent published annual report of the Controller, interest shall be paid on the excess. Interest payable under this section shall be computed at a rate determined by the Pooled Money Investment Board to be the current earning rate of the fund from which transferred.

SEC. 7. All funds remaining in the California Exposition and State Fair Enterprise Fund on the effective date of this act shall be transferred to the Board of Directors of the California Exposition and

State Fair for deposit in an account maintained pursuant to subdivision (d) of Section 3332 of the Food and Agricultural Code.

The quarterly report shall be in the form prescribed by the director and shall include information from the dealer's licensed branch locations, if any, and any other information specified on the form or required by the director. The report shall include a certification, under penalty of perjury, that the information contained in the report is true and correct. The report shall accompany payment of assessments required by Sections 12841 and 12841.1.

SEC. 16. Chapter 10 (commencing with Section 12400) is added to Division 6 of the Food and Agricultural Code, to read:

CHAPTER 10. PESTICIDE BROKERS

12400. It is unlawful for any person, other than the registrant or pest control dealer licensed pursuant to Section 12107, to sell or distribute into or within this state any pesticide products that have been registered by the director and that are labeled for agricultural use, unless the person is licensed by the director as a pesticide broker. This chapter does not apply to persons who operate as sellers or distributors of pesticides that are labeled only for nonagricultural uses.

12401. (a) An application for a pesticide broker license, or renewal of a license, shall be in the form prescribed by the director. Each application for a license, or license renewal, shall state the name and address of the applicant, and any other information specified on the application or required by the director, and be accompanied by a fee of one hundred dollars ($100).

(b) An additional license fee, or license renewal fee, of fifty dollars ($50) shall be paid for each branch location of the applicant that sells or distributes into or within the state any pesticide products that are labeled for agricultural use.

12402. The director shall issue to each applicant that satisfies the requirements of this chapter a pesticide broker license that shall be valid for one year from the date of issuance, unless the license is revoked or suspended in the interim.

12403. All licenses issued pursuant to this chapter may be renewed annually upon application to the director.

12404. A penalty of twenty-five dollars ($25) shall be added to any license renewal fee that is not paid by the date of expiration of a previously issued license or license renewal.

12405. Each licensed pesticide broker that changes the address of its place of business, or that of a branch location, shall immediately provide the director written notification of the change.

12406. (a) Each licensed pesticide broker, or person who is required to be licensed as a pesticide broker pursuant to Section 12400, shall maintain at its principal place of business the records of its purchases and sales and distributions of pesticides into or within this state, including those of its branch locations, for four years. These records shall include copies of invoices showing payment of the mill assessment. The records shall be available for audit by the director or county agricultural commissioner.

(b) Each licensed pesticide broker, or person who is required to be licensed as a pesticide broker pursuant to Section 12400, shall report quarterly to the director the total dollars of sales and total pounds or gallons sold into or within this state of each pesticide labeled for agricultural use, for all sales subject to Sections 12841 and 12841.1. The quarterly report shall be in the form prescribed by the director and shall include information from the broker's licensed branch locations, if any, and any other information specified on the form or required by the director. The report shall include a certification, under penalty of perjury, that the information contained in the report is true and correct. The report shall accompany payment of assessments required by Sections 12841 and 12841.1.

12407. It is unlawful for any person required to be licensed as a pesticide broker pursuant to this chapter to make any false or fraudulent statements or misrepresent or fail to disclose any material fact in making application for a license or renewal of a license or in any reports submitted to the director, or to make any false or misleading statements concerning any products specified in Section 12847 that the person sells or distributes.

12408. The director, after a hearing, may refuse, revoke, or suspend a pesticide broker license for any violation of this division or Division 7 (commencing with Section 12500) or any regulations adopted pursuant to this division.

SEC. 17. Section 12784 of the Food and Agricultural Code is amended to read:

12784. Any money that is received by the director pursuant to this chapter shall be paid into the State Treasury to the credit of the Department of Pesticide Regulation Fund. Registration fees and assessments received pursuant to this chapter shall be expended only for the administration and enforcement of Chapter 2 (commencing with Section 12751), Chapter 3 (commencing with Section 14001), and Chapter 3.5 (commencing with Section 14101) of Division 7.

SEC. 18. Section 12841 of the Food and Agricultural Code is repealed.

SEC. 19. Section 12841 is added to the Food and Agricultural Code, to read:

12841. (a) It is unlawful for any person to sell for use in this state any pesticide products that have been registered by the director for which the mill assessment established by this article, and the regulations adopted pursuant to it, is not paid at the times specified in Section 12843.

(b) Except as provided in subdivision (d), every person who sells for use in this state a pesticide product that has been registered by the director shall pay to the director the applicable assessment. There is a rebuttable presumption that pesticide products that are sold or distributed into or within this state by any person are sold or distributed for use in this state.

(c) (1) Upon application of any registrant, the director shall determine whether a fertilizer or paper product is used as a carrier for a pesticide, and is sold in combination, and whether the mill assessment under this article shall be on the pesticide value only, when the product is designed, developed, and manufactured, and sold primarily for other than a pesticide use. If the director finds that the combination product has such a major component and is designed, developed, manufactured, and sold primarily for other than a pesticide use, the assessment provided by this article shall be paid on the equivalent percentage of the sales price of the active ingredients of the pesticide product. The director shall establish this percentage of the sales price. The percentage shall be the ratio of that portion of the sales price attributable to the pesticide portion to the total sales price of the combination product.

(2) For purposes of this section, "active ingredient" means any active ingredient that is required to be stated on the label on any registered pesticide under Section 12883.

(d) Assessments provided for in this article for sales of registered pesticides that are sold for use in this state shall be paid by the registrant except as follows:

(1) In those cases where the registrant did not first sell the pesticide into or within this state or have actual knowledge, at the time of its sale, that the pesticide would be sold for use in this state, the assessment shall be paid by the licensed pesticide broker, licensed pest control dealer, or other person who first sold the pesticide for use in this state.

(2) No person is required to pay an assessment on registered products that are labeled only for use in further manufacturing or formulating of pesticides.

(e) It has been and continues to be the intent of the Legislature that this division requires the department to register all pesticides prior to their sale for use in this state and, except as otherwise provided by law, requires the department to regulate and control the

use of pesticides in accordance with this division. Except as provided in Section 12841.1, the department shall continue to collect the assessment as provided in this article at the same rate on all registered agricultural and registered nonagricultural pesticides.

(f) (1) Except as provided in paragraph (2), the mill assessment shall be paid at the following rates per dollar of sales for all sales of pesticides for use in this state:

(A) From January 1, 1998, to March 31, 1999, inclusive, the rate shall be 15.15 mills ($0.01515) plus any additional assessment authorized by Section 12841.1.

(B) From April 1, 1999, to December 31, 2002, inclusive, the rate shall be 17.5 mills ($0.0175) plus any additional assessment authorized by Section 12841.1.

(C) Effective January 1, 2003, and thereafter, the rate shall be nine mills ($0.009).

(2) In order to avoid the accumulation of unneeded revenues, the director shall, by the adoption of an emergency regulation pursuant to subdivision (h), set the mill assessment rate lower than the rate established in subparagraphs (A) and (B) of paragraph (1) if the director determines that program needs are adequately met and that revenues collected would result in a prudent reserve in the Department of Pesticide Regulation Fund by the end of the 2001–02 fiscal year greater than two million five hundred thousand dollars ($2,500,000). In no case shall the lower mill rate result in revenues that are less than the revenues that the rate established in subparagraphs (A) and (B) of paragraph (1) would generate if each mill was valued at one million four hundred eighty-two thousand dollars ($1,482,000).

(g) The revenue collected from the mill assessment shall be deposited in the Department of Pesticide Regulation Fund, except as specified in Section 12841.1, and distributed as follows:

(1) Notwithstanding Sections 2282 and 12784, the director shall pay, in accordance with the criteria set forth in Section 12844, the following amounts to the counties as reimbursement for costs incurred by the counties in the administration and enforcement of Division 6 (commencing with Section 11401), this chapter, Chapter 3 (commencing with Section 14001), Chapter 3.4 (commencing with Section 14090), and Chapter 3.5 (commencing with Section 14101):

(A) From January 1, 1998, to March 31, 1998, inclusive, five-eighths of the money received during that period pursuant to this section.

(B) Beginning April 1, 1998, and thereafter, an amount equal to the revenue derived from 6 mills ($0.006) per dollar of sales for all pesticide sales for use in this state.

(2) All funds not otherwise distributed pursuant to this subdivision shall remain in the Department of Pesticide Regulation Fund and shall be available for expenditure, upon appropriation, to support the department's operations.

(h) Any change to the mill assessment rate established pursuant to subparagraphs (A) and (B) of paragraph (1) of subdivision (f) shall be made by the adoption of an emergency regulation and shall be determined by the Office of Administrative Law as necessary for the immediate preservation of the public peace, health, safety, and general welfare. Thereafter, the regulations shall be adopted pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code and shall remain in effect for no more than four consecutive quarters. The director shall make available to the public, at least 60 days prior to the adoption of an emergency regulation establishing a new rate, the information upon which the director has calculated the new rate.

SEC. 20. Section 12841.1 of the Food and Agricultural Code is repealed.

SEC. 21. Section 12841.1 is added to the Food and Agricultural Code, to read:

12841.1. (a) Between January 1, 1998 and January 1, 2003, the director may collect an assessment, in addition to the mill assessment collected pursuant to Section 12841, for all pesticide sales for use in this state except for sales for use in this state of those nonagricultural pesticides labeled only for home, industrial, or institutional use. The director may only collect up to an additional three-fourths mill ($0.00075) per dollar of sales, as part of the rate established pursuant to Section 12841, if necessary to fund, or augment the funding for, an appropriation to the Department of Food and Agriculture to provide pesticide consultation to the department pursuant to Section 11454.2. The necessity of this additional assessment shall be determined by the Secretary of Food and Agriculture, in consultation with the director, on an annual basis after consideration of all other revenue sources, including any reserves, which may be appropriated for this purpose. The secretary's written determination, including a request for a specified additional assessment and the basis for that request, shall be provided to the department in a time and manner prescribed by the director to fulfill the requirements of Section 12841, and shall be made available to the public pursuant to the requirements of subparagraph (B) of paragraph (1) of subdivision (f) of Section 12841.

(b) The revenue collected pursuant to this section shall be deposited monthly in a separate account in the Department of Food and Agriculture Fund. These revenues shall be expended only by the Department of Food and Agriculture, upon appropriation, to provide consultation to the department pursuant to Section 11454.2. No funds may be expended prior to the execution of a memorandum of understanding pursuant to subdivision (b) of Section 11454.2. The consultation activities to be undertaken by the Department of Food and Agriculture are limited solely to those specifically authorized in the memorandum of understanding executed pursuant to Section 11454.2. These funds may not be expended for scientific risk

assessment activities. The department shall be reimbursed from the Department of Food and Agriculture Fund for revenue collection activities.

(c) This section shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2003, deletes or extends that date.

The records are subject to audit by the director and shall clearly demonstrate proof of payment of all applicable assessments for each registered pesticide product sold for use in this state.

SEC. 24. Section 12843 of the Food and Agricultural Code is amended to read:

(c) The number of licensed pest control dealers located in each county. The number of licensed agricultural pest control advisers, pest control businesses, and pest control aircraft pilots registered in each county. All other sales invoices for pesticides sold into or within this state, except retail sales of those nonagricultural pesticides labeled only for home, industrial, or institutional use shall show as a comment on the invoice that the assessment will be paid, and may show an amount or rate that represents the assessment. [Approved by Governor October 4, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 226 of the Food and Agricultural Code is amended to read:

226. (a) Notwithstanding Section 11044 of the Government Code, the sum of one hundred thousand dollars ($100,000) is hereby continuously appropriated from the Department of Food and Agriculture Fund in each fiscal year to the department for litigation expenses incurred by the Bureau of Market Enforcement.

(b) At any time in a given fiscal year that the one hundred thousand dollars ($100,000) appropriated for litigation costs in subdivision (a) is completely expended, the Department of Food and Agriculture Fund and the General Fund shall share additional litigation costs on a basis of 20 percent paid by the Department of Food and Agriculture Fund and 80 percent paid by the General Fund. These additional funds are to be used only when the bureau or the department is a defendant, or becomes a cross-defendant, in an action relating to market enforcement.

(c) If a legal action is carried from one fiscal year to the next, the costs incurred in the following year shall not be charged against the one hundred thousand dollars ($100,000) annually allocated pursuant to subdivision (a) to the bureau, but instead shall continue to be funded in the following years with 80 percent being paid by the General Fund and 20 percent being paid by the Department of Food and Agriculture Fund.

(d) In civil actions in which the bureau is a party, the prevailing party may be awarded court costs and attorneys fees.

SEC. 2. Section 55403 of the Food and Agricultural Code is amended to read:

55403. "Farm product" includes every agricultural, horticultural, viticultural, or vegetable product of the soil, honey and beeswax,

oilseeds, poultry, poultry product, livestock product, and livestock for immediate slaughter. It does not include timber or any timber product, milk or any milk product, any aquacultural product, or cattle sold to any person who is bonded under the federal Packers and Stockyards Act, 1921 (7 U.S.C. Sec. 181, et seq.).

SEC. 2.5. Section 55435.5 of the Food and Agricultural Code is amended to read:

55435.5. (a) Except pursuant to an exemption granted by the department, no person licensed under this chapter shall employ as an agent any person who meets any of the following criteria:

(1) Whose license has been revoked, or is currently suspended.

(2) Who has committed any one flagrant or repeated violations of this chapter or Chapter 7 (commencing with Section 56101).

(3) Who failed to pay a producer's claims for which the person, or, where the person controlled the decision to pay, the person's employer, was liable, and which arose out of the conduct of a business licensed, or required to be licensed, under this chapter or Chapter 7 (commencing with Section 56101).

(4) Who has been convicted of a crime that includes as one of its elements the financial victimization of another person.

(b) The department may approve the employment of any person covered under subdivision (a), if the licensee furnishes and maintains a surety bond in the form and amount satisfactory to the department, but which shall not be less than ten thousand dollars ($10,000), as assurance that the licensee's business will be conducted in accordance with this chapter and that the licensee will pay all amounts due California producers. The department may approve employment without a surety bond after the expiration of four years from the effective date of the applicable disciplinary order. The department, based on changes in the nature and volume of business conducted by the licensee, may require an increase or authorize a reduction in the amount of the bond, but in no case shall the bond be reduced below ten thousand dollars ($10,000). A licensee who is notified by the department to provide a bond in an increased amount shall do so within a reasonable time to be specified by the department, and if the licensee fails to do so, the approval of employment shall automatically terminate. The department may suspend or revoke the license of any licensee who, after the date given in the notice, continues to employ any person in violation of this section.

(c) The department may obtain access to a licensee's or agent's criminal record during the course of a licensing investigation opened for other reasons or if the department is presented with a reasonable basis to believe an agent or licensee satisfies any of the criteria set forth in paragraphs (1) to (4), inclusive, of subdivision (a). The Department of Justice shall furnish criminal record information to the department at the department's request. If the information thereby obtained reveals a conviction for a crime that includes as one

of its elements the financial victimization of another person, the department shall bring this to the attention of the licensee and the agent by a written notice. This written notice shall set out the charges against the licensee or agent, prohibit employment or revoke or deny the license effective if and when any rights to an administrative hearing have been exhausted, and set out the licensee's or agent's rights under this section.

(d) The department may grant an exemption on presentation of substantial, clear, and convincing evidence to support a reasonable belief as to any of the following:

(1) There has been a mistake of fact or identity.

(2) The present role as an agent provides no opportunity for a repeat of the prior behavior.

(3) The person has been rehabilitated.

All submissions shall be authenticated and verified under penalty of perjury. Unless the licensee or agent can prove one of these three elements by substantial, clear, and convincing evidence, the department shall deny the request for exemption.

(e) (1) A licensee or agent who has been identified by the department as satisfying any of the criteria set forth in paragraphs (1) to (4), inclusive, of subdivision (a) and who has not been granted an exemption by the department shall be afforded a hearing upon the licensee's or agent's request under this chapter. The licensee or agent shall not have a right of hearing if the department did not notify the employer or deny an exemption.

(2) At the hearing, the department shall have the burden to prove that any of the criteria set forth in paragraphs (1) to (4), inclusive, of subdivision (a) are satisfied by a preponderance of the evidence. It shall be the licensee's or agent's burden to prove rehabilitation by substantial, clear, and convincing evidence.

(3) In the case of a criminal conviction, "convicted of a crime" includes a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action that the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction.

(4) For purposes of this section or any other provision of this chapter, a certified copy of a decision and order or minutes of the court in which a finding is made concerning any of the criteria set

forth in paragraphs (1) to (3), inclusive, of subdivision (a), is prima facie evidence of the truth of the charge and collateral estoppel applies.

(f) The documents and information procured pursuant to this section shall be considered the records of a consumer and shall not be construed to be a public record. The documents and information shall remain confidential, except in actions brought by the department to enforce this division, or as a result of the issuance of a subpoena in accordance with Section 1985.4 of the Code of Civil Procedure. The unauthorized release of the documents received from the Department of Justice or the information contained in those documents is a misdemeanor.

SEC. 3. Section 55462 is added to the Food and Agricultural Code, to read:

55462. For the purposes of trading in cattle, this chapter does not apply to or include any person who is bonded under the federal Packers and Stockyards Act, 1921 (7 U.S.C. Sec. 181, et seq.) who is engaged in the business of buying or selling cattle.

SEC. 3.5. Section 55483 of the Food and Agricultural Code is amended to read:

55483. (a) Each application shall include all of the following:

(1) Such information as the department may consider proper or necessary.

(2) The name and address of the applicant.

(3) The name and address of the processor that is represented or sought to be represented by the agent.

(4) The written endorsement or nomination of the processor.

(5) A release authorizing the department, during consideration of the application and for the duration of licensure, to have access to and obtain financial information from both of the following:

(A) The applicant's files with credit reporting agencies.

(B) The applicant's files with banks, savings and loan associations, or any other financial institutions with whom the applicant has done business in the past or with whom the applicant intends to do business during the year of licensure.

(6) A notice signed by the applicant that the department may obtain criminal record information during the course of a licensing investigation or upon presentation with a reasonable basis to believe the licensee has been convicted of a crime. An applicant whose application is incomplete shall be given written notice that a failure to complete it within 30 calendar days shall result in denial of the application.

(b) The documents and information procured pursuant to this section shall be considered the records of a consumer and shall not be construed to be a public record. The documents and information shall remain confidential, except in actions brought by the department to enforce this division, or as a result of the issuance of a subpoena in accordance with Section 1985.4 of the Code of Civil

Procedure. The unauthorized release of the documents received from the Department of Justice or the information contained in those documents is a misdemeanor.

(c) The department shall adopt regulations that specify the proper and necessary information and supporting documentation the department requires for an application to be considered complete.

SEC. 4. Section 55484 of the Food and Agricultural Code is repealed.

SEC. 5. Section 55484 is added to the Food and Agricultural Code, to read:

55484. The department shall accept or deny an application within 90 calendar days of receipt of a completed application. The department may deny, condition, suspend, or revoke a license issued pursuant to this chapter upon any of the following grounds and in the manner provided in this chapter:

(a) Upon one flagrant violation, as determined by the department, or upon repeated violations, by the holder or applicant, of any one or combination of the sections of this division or under any one or combination of the regulations promulgated by the department under the authority of this division.

(b) Upon one flagrant violation, as determined by the department, or upon repeated violations, by a holder's or applicant's agent, employee, or contractor, or of an organization or entity in which the holder or applicant holds a significant financial interest, of any one or combination of the sections of this division or any one or combination of the regulations promulgated under this division under circumstances where the holder or applicant knew or should have known and failed to take reasonable measures to prevent the violation or failed to report the violation to the department upon learning of the violation.

(c) On the conviction of the holder or applicant of a crime that includes as one of its elements the financial victimization of another person. However, if the licensee was licensed prior to January 1, 1998, and the department knew of, or was on notice of, the conviction, that conviction may not form the basis of a discipline under this subdivision.

(d) On the grounds of a false or misleading statement by a holder or applicant that the holder or applicant knew or should have known to be false or misleading, directed to any official of any government concerning the scope of any indicia of authority, including, but not limited to, the holder's or applicant's license associated with the holder's or applicant's business, the standards under which the indicia was authorized, the contents of the application for licensure, or the holder's or applicant's relationship to the indicia.

(e) On the grounds that a holder or applicant, or a holder's or applicant's agency, employee, or contractor, or an organization or entity in which a holder or applicant holds a significant financial

interest, deceived a grower in any material matter. Deception, for purposes of this subdivision, does not require scienter, but requires active misrepresentation where the actor knew the representation to be false or where the actor should have known, with due consideration, that he or she did not know whether or not the representation was true or false.

SEC. 6. Section 55484.5 is added to the Food and Agricultural Code, to read:

55484.5. (a) The Legislature finds there to be a substantial nexus between the conduct specified in Section 55484 and an applicant's or holder's fitness for licensure.

(b) The department shall not dismiss an action where a violation, however minor, has been established. The department shall not dismiss an action because the applicant or holder establishes factors in mitigation.

(c) However, the department may impose discipline other than denial or revocation of the license. As an alternative to revocation of a license, the department may stay a revocation subject to terms for a period of probation. As an alternative to denial the department may issue a license subject to conditions. Terms of probation or terms of conditional licensure may include, but are not limited to, a requirement of restitution, payment for extra audits, immediate revocation on a new violation, or any other terms that respond to the particular violations or circumstances found.

(d) Once a finding of a violation has been made, the department may consider the following factors in assessing the appropriate level of discipline:

(1) The relative isolation or infrequency of the conduct.

(2) Whether the conduct was a part of a pattern or practice.

(3) Whether the actor had been warned before.

(4) Whether the actor considered the consequences of the conduct.

(5) Whether the actor reasonably relied on others.

(6) The severity of the consequences.

(7) The mens rea of the actor.

(8) In the case of a criminal conviction, evidence of rehabilitation.

(9) The total licensing history.

(e) The following factors shall not be considered in assessing the appropriate level of discipline:

(1) The social or economic contributions of the applicant or holder.

(2) General testimonials as to good character and worthiness to be licensed.

(3) Economic hardship on the licensee.

(4) "Mercy of the court" pleas in connection with criminal convictions, pattern or practice violations, or deception.

(5) In the case of a felony criminal conviction, the department shall not consider rehabilitation unless the convicted person has a valid certificate of rehabilitation.

SEC. 7. Section 55484.75 is added to the Food and Agricultural Code, to read:

55484.75. (a) If an application for a license indicates, or the department determines during the application review process, that the applicant was issued a license that was revoked within the preceding two years, the department shall cease any further review of the application until two years have elapsed from the date of the revocation. The cessation of review shall not constitute a denial of the application for the purposes of this chapter, or any other provision of law.

(b) If an application for a license indicates, or the department determines during the application review process, that the applicant had previously applied for a license and the application was denied within the last year, the department shall cease further review of the application until one year has elapsed from the date of the notification of the denial or from the effective date of the decision and order of the department upholding a denial. The cessation of review shall not constitute a denial of the new applicant for purposes of this chapter, or any other provision of law.

(c) Nothing in subdivision (a) or (b) prohibits the department from taking into account the basis for denial or revocation in considering any new application subsequent to the elapse of the applicable period of prohibition.

SEC. 8. Section 55485 of the Food and Agricultural Code is amended to read:

55485. The applicant shall satisfy the department of the applicant's character, responsibility, and good faith in seeking to carry on the business that is stated in the application.

SEC. 9. Section 55485.5 is added to the Food and Agricultural Code, to read:

55485.5. A license is forfeited by operation of law prior to its expiration date when one of the following occurs:

(a) The holder surrenders the license to the department.

(b) The holder dies.

(c) The partnership holder dissolves.

(d) The holder of a significant financial interest in a corporation transfers his or her interest to another person or entity, regardless of relationship.

(e) The holder files for bankruptcy under provisions other than those permitting and governing reorganization under bankruptcy.

SEC. 10. Section 55485.75 is added to the Food and Agricultural Code, to read:

55485.75. (a) The withdrawal of an application for a license after it has been filed with the department does not deprive the department of its authority to institute or continue a proceeding

against the applicant or to enter an order denying the license, unless the department consents in writing to such a withdrawal.

(b) The expiration or forfeiture by operation of law of a license, or its forfeiture or cancellation by order of the department or by order of a court of law, or its surrender without the written consent of the department, does not deprive the department of its authority to institute or continue a disciplinary proceeding against the holder upon any ground provided by law or to enter an order revoking the license or otherwise taking disciplinary action against the holder.

(c) Any action brought by the department against an applicant or holder does not abate by reason of the sale or other transfer of ownership of the business that is a party to the action, except with the written consent of the department.

(d) Nothing in this division or in any other provision of this code deprives the department of the authority to settle or adjudicate a disposition of a case other than by revocation or denial. The department or the department's designee may compromise with the applicant or holder in a written stipulation and order. The department may, following a hearing, order probation on terms and conditions as determined by the department. The authority conferred by this subdivision shall include, but not be limited to, the authority to order payment of amounts determined owing, the authority to dismiss an action on the department's own initiative, the authority to order administrative penalties, the authority to order a respondent to pay for heightened audit scrutiny, the authority to suspend a license for a period of years, or any combination of remedies other than final revocation or denial of a license.

SEC. 11. Section 55486 of the Food and Agricultural Code is repealed.

SEC. 12. Section 55487 of the Food and Agricultural Code is repealed.

SEC. 13. Section 55488 of the Food and Agricultural Code is repealed.

SEC. 14. Section 55488 is added to the Food and Agricultural Code, to read:

55488. (a) The department shall notify the applicant or holder in writing of the department's decision to bring charges to deny or revoke a license.

(1) The notice shall inform the applicant or holder of the charges against him or her, of the department's proposed disciplinary action, and of his or her rights under this chapter.

(2) The notice shall be served by certified mail to the applicant's or holder's last known address.

(3) The notice shall be mailed to the applicant or holder at least 30 calendar days in advance of the impending action.

(b) The department's proposed action shall become final unless the applicant or holder appeals prior to the end of the notice period by submitting a notice of defense to the department in a form

specified by the department. The notice shall be transmitted to the department in a form that is written, including, but not limited to, by facsimile.

(c) If the department receives a timely notice of defense, the department shall schedule a hearing within 90 calendar days of receipt of the notice of defense. Pending the final decision at the conclusion of the hearing, a revocation shall be stayed.

(d) Proceedings for the revocation or denial of a license issued under this chapter shall be conducted by hearing officers appointed for that purpose by the department. The department may elect to use hearing officers employed by the Office of Administrative Hearings. The hearing officers shall be independent of the Market Enforcement Bureau, but may be employees of the department. The hearing officers shall be qualified administrative law judges.

(e) Proceedings shall be conducted generally in accordance with the provisions of Chapters 4.5 (commencing with Section 11400) and 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code. However, proceedings need not conform strictly to any "rules of court" adopted as regulations by the Office of Administrative Hearings to guide the conduct of hearings conducted by the Office of Administrative Hearings. The department has all power granted by Chapters 4.5 (commencing with Section 11400) and 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

(1) The sole parties to the proceedings shall be the department and the applicant or holder. Third party intervention shall not be permitted. The disputes, claims, and interests of third parties shall not be within the jurisdiction of the proceedings. However, nothing in this paragraph prohibits any interested party from submitting an amicus brief if the hearing officer requests written briefs.

(2) The validity of a department regulation or order shall not be within jurisdiction of the proceedings.

(3) Law and motion matters shall be handled by the assigned hearing officer.

(4) The hearing officer may not enter into settlement discussions.

(5) The hearing officer may not issue sanctions.

(f) In all proceedings conducted in accordance with this section, the standard of proof to be applied is the preponderance of the evidence. When the department seeks to revoke an existing license, the department shall have the burden of proof and the burden of producing evidence.

(g) Decisions following a hearing shall be adopted by the department or the department's designee and become final unless remanded for reconsideration or alternated in accordance with Chapters 4.5 (commencing with Section 11400) and 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

(h) The department shall maintain a library of decisions that shall be made available to any person, including the parties to administrative actions during discovery.

(3) The principal business address of the applicant in this state.

(4) The name of every person who is authorized to receive and accept service of summons for the applicant.

(5) A release authorizing the department, during consideration of the application and for the duration of licensure, to have access to and obtain financial information from both of the following:

(A) The applicant's files with credit reporting agencies.

(B) The applicant's files with banks, savings and loan associations, or any other financial institutions with whom the applicant has done business in the past or with whom the applicant intends to do business during the year of licensure.

(6) A notice signed by the applicant that the department may obtain criminal record information during the course of a licensing investigation or upon presentation with a reasonable basis to believe the licensee has been convicted of a crime. An applicant whose application is incomplete shall be given written notice that a failure to complete the application within 30 calendar days shall result in denial of the application.

(b) The documents and information procured pursuant to this section shall be considered the records of a consumer and shall not be construed to be a public record. The documents and information shall remain confidential, except in actions brought by the department to enforce this division, or as a result of the issuance of a subpoena in accordance with Section 1985.4 of the Code of Civil Procedure. The unauthorized release of the documents received from the Department of Justice or the information contained in those documents, is a misdemeanor.

SEC. 19. Section 55524 is added to the Food and Agricultural Code, to read:

(b) Upon one flagrant violation, as determined by the department, or repeated violations, by a holder's or applicant's agent, employee, or contractor, or of an organization or entity in which the holder or applicant holds a significant financial interest, of any one or combination of the sections of this division or any one or combination of the regulations promulgated under this division under circumstances where the holder or applicant knew or should have known and failed to take reasonable measures to prevent the violation or failed to report the violation to the department on learning of the violation.

(c) On the conviction of the holder or applicant of a crime that includes as one of its elements the financial victimization of another person. However, if the licensee was licensed prior to January 1, 1998, and the department knew of, or was on notice of, the conviction, that conviction may not form the basis of a discipline under this subdivision.

(d) On the grounds of a false or misleading statement by a holder or applicant that the holder or applicant knew or should have known to be false or misleading, directed to any official of any government concerning the scope of any indicia of authority, including, but not limited to, the holder's or applicant's license associated with the holder's or applicant's business, the standards under which the indicia was authorized, the contents of the application for licensure, or the holder's or applicant's relationship to the indicia.

(e) On the grounds that a holder or applicant, or a holder's or applicant's agency, employee, or contractor, or an organization or entity in which a holder or applicant holds a significant financial interest, deceived a grower in any material matter. 55722. If the examination discloses evidence of any violation of this chapter, the department may issue a complaint detailing the charges and the discipline sought in accordance with this chapter.

SEC. 33. Section 55722.5 is added to the Food and Agricultural Code, to read:

55722.5. (a) An aggrieved grower or licensee with a complaint that is not subject to the federal Packers and Stockyards Act, 1921 (7 U.S.C. Sec. 181, et seq.) or the federal Perishable Agricultural Commodities Act, 1930 (7 U.S.C. Sec. 499a et seq.) may seek resolution of that complaint by filing a complaint with the department within nine months from the date a complete account of sales was due. The complaint shall be accompanied by two copies of all documents in the complainant's possession that are relevant to establishing the complaint, a filing fee of sixty dollars ($60), and a written denial of jurisdiction from the appropriate federal agency unless the commodity involved clearly does not fall under either the federal Packers and Stockyards Act, 1921 (7 U.S.C. Sec. 181, et seq.) or the federal Perishable Agricultural Commodities Act, 1930 (7 U.S.C. Sec. 499a et seq.). Within five business days of receipt of a signed and verified complaint, the filing fee, and the denials of federal jurisdiction, the department shall serve the verified complaint on the respondent. Service shall be by certified mail. The department, the secretary, the department's employees, the department's agents, the boards and commissions associated with the department, their employees or agents, and the State of California are not parties to the dispute in a proceeding brought under this section.

(b) The respondent served shall answer within 30 calendar days of service. The respondent's response shall include two copies of all relevant documentation of the transactions referred to in the verified complaint.

(c) Within 30 calendar days of receipt of the answer, the department shall issue to both parties a written factual summary on the basis of the documents that have been filed with the department.

(d) If a settlement is not reached within 30 calendar days after the department's summary is issued, the department, on request of the claimant or respondent and upon payment of a filing fee of three hundred dollars ($300), shall schedule alternate dispute resolution, to commence within 90 calendar days. The department shall serve

both parties with a notice of hearing, which sets out the time, date, street address, room number, telephone number, and name of the hearing officer. Service of the notice of hearing shall be by certified mail.

(e) The alternate dispute resolution shall proceed as follows:

(1) The hearing shall be conducted by hearing officers selected by and in accordance with standard procedures promulgated by the American Arbitration Association.

(2) The hearing officers shall be familiar with the type of issues presented by such claims, but need not be attorneys.

(3) The sole parties to the proceedings shall be the complainant and the respondent.

(4) The disputes, claims, and interests of the department or the State of California are not within the jurisdiction of the proceedings.

(5) The validity of a regulation of the department or order promulgated pursuant to this code is not within the jurisdiction of the proceedings.

(6) Law and motion matters shall be handled by the assigned hearing officer.

(7) The hearing officer has no authority to enter into settlement discussions except upon stipulation of the parties involved.

(8) The parties may represent themselves in propria persona or may be represented by a licensed attorney at law. A party may not be represented by a representative who is not licensed to practice law.

(9) To the extent of any conflict between any provision of Chapter 4.5 (commencing with Section 11400) of Part 1 of Division 3 of Title 2 of the Government Code and this article, this article shall prevail.

(10) The hearing officer may order a review of records or an audit of records by a certified public accountant. The review or audit shall be conducted under generally accepted auditing standards of the American Institute of Certified Public Accountants, and upon completion of the review or audit the nature and extent of the review or audit shall be disclosed to the parties by the auditor in the audit report. The audit report shall disclose the number of transactions reviewed and the rationale for selecting those transactions. The department shall advance the costs of the audit or review of records, but the hearing officer shall apportion the costs at the conclusion of the hearing. The department shall pursue repayment in accordance with the hearing officer's apportionment and may bring an action in a court of competent jurisdiction to recover funds advanced. Nothing in this subdivision shall be construed to require the department to pursue any specific remedy or to prohibit the department from accepting a reasonable repayment plan.

(f) The hearing officer shall render a written decision within 60 days of submission of the case for decision. In addition to rendering a written finding as to what is owed by whom on the substantive allegations of the complaint, the hearing officer shall decide whether

or not to order the full cost of the alternative dispute resolution proceeding, and in what ratio or order the losing party is to pay the costs of the proceeding. For these purposes, the cost of the alternative dispute resolution proceeding does not include the filing fee, the parties' attorney fees, or expert witness fees. The hearing officer may also award a sanction against a complainant for filing a frivolous complaint or against a respondent for unreasonable delay tactics, bad faith bargaining, or resistance to the claim, of either 10 percent of the amount of the award or a specific amount, up to a maximum of one thousand dollars ($1,000). Any sanction award shall not be deemed to be res judicata or collateral estoppel in any subsequent case in which either the complainant or respondent are charged with filing a frivolous complaint, unreasonable delay tactics, bad faith bargaining, or resistance to the claim. The department may consider the written decision of the hearing officer in determining any related licensing action. The written decision of the hearing officer may be introduced as evidence at a court proceeding.

(g) Nothing in this section prohibits the parties to the dispute from settling their dispute prior to, during, or after the hearing.

(h) Nothing in this section alters, precludes, or conditions the exercise, during any stage of the proceedings provided by this chapter, of any other rights to relief a party may have through petition to a court of competent jurisdiction, including, but not limited to, small claims court.

SEC. 34. Section 55741 of the Food and Agricultural Code is amended to read:

55741. The department, upon its own motion, may, or upon the verified complaint of any interested party and within 30 days of the filing of that complaint, shall, commence to investigate, examine, or inspect any of the following:

(a) A transaction that involves the failure of the processor to make payment for any farm product within the time that is specified for payment in the contract of sale and purchase between the producer and the processor, in accordance with the terms of the contract or in accordance with this chapter.

SEC. 35. Section 55742 of the Food and Agricultural Code is amended to read:

55742. Except as otherwise provided in Section 55743 or 55744, if the complaint is a bona fide dispute that involves any of the following, the department has no jurisdiction to act upon the complaint if the processor or complainant within 10 days after receiving notice of the filing of the verified complaint has notified the department of his or

her election to submit the dispute to alternative dispute resolution procedures in accordance with the provisions of a written contract:

(a) The rejection of any farm product.

(b) The failure or refusal to accept and pay for any farm product that is bought or contracted to be bought from a producer by a processor.

(c) The failure or refusal by the processor to furnish or provide boxes or other containers, or hauling, harvesting, or any other service that is contracted to be done by the processor in connection with the acceptance, harvesting, or other handling of the farm product.

(d) The terms and conditions of the written contract.

SEC. 36. Section 55743 of the Food and Agricultural Code is amended to read:

55743. The jurisdiction that is otherwise reserved to the department in this chapter, however, is restored for the purposes of this chapter if the authorities responsible for the alternative dispute resolution procedures, without reasonable cause, fail, refuse, or neglect to adjudicate the matter of dispute within 90 days from the date of the notification to the department.

SEC. 37. Section 55744 of the Food and Agricultural Code is amended to read:

55744. The department also has jurisdiction over any such complaint or dispute if the processor has failed to perform in accordance with any alternative dispute resolution procedure award that is made in accordance with the terms of the written contract.

This period, however, does not include the length of time it takes to secure a written letter of denial from the federal agencies responsible for administering the federal Packers and Stockyards Act, 1921 (7 U.S.C. Sec. 181, et seq.)

or the federal Perishable Agricultural Commodities Act, 1930 (7 U.S.C. Sec. 499a et seq.).

SEC. 48. Section 55861 of the Food and Agricultural Code is amended to read:

55861. (a) Except as otherwise provided in this article or in Section 56574, each applicant for a license shall pay to the department a fee in accordance with the schedule in subdivision (b), except that an agent shall pay thirty-five dollars ($35) for each license period of the principal.

(b) The amount of the fee due each year from the applicant shall be determined by the annual dollar volume of business based on the value of the farm products that is returned to the grower, as follows:

(1) For a dollar volume of less than twenty thousand dollars ($20,000), the fee shall be one hundred dollars ($100).

(2) For a dollar volume of twenty thousand dollars ($20,000) and over, but less than fifty thousand dollars ($50,000), the fee shall be four hundred dollars ($400). Effective January 1, 1999, for a dollar volume of twenty thousand dollars ($20,000) and over, but less than fifty thousand dollars ($50,000), the fee shall be three hundred dollars ($300). Effective January 1, 2000, for a dollar volume of twenty thousand dollars ($20,000) and over, but less than fifty thousand dollars ($50,000), the fee shall be two hundred dollars ($200).

(3) For a dollar volume of fifty thousand dollars ($50,000) and over, but less than two million dollars ($2,000,000), the fee shall be five hundred dollars ($500). Effective January 1, 1999, for a dollar volume of fifty thousand dollars ($50,000) and over, but less than two million dollars ($2,000,000), the fee shall be four hundred dollars ($400). Effective January 1, 2000, for a dollar volume of fifty thousand dollars ($50,000) and over, but less than two million dollars ($2,000,000), the fee shall be three hundred dollars ($300).

The report shall include, but shall not be limited to, a summary of the fees paid and services utilized by the various commodity groups covered under this chapter. The fees shall

adequately cover the costs to fully administer and operate the program in an effective and efficient manner.

SEC. 49. Section 55861.7 of the Food and Agricultural Code is amended to read:

55861.7. (a) Notwithstanding Section 55861.5, in addition to the fee paid pursuant to Section 55861, each applicant for a license shall pay a 50-percent surcharge to the Director of Pesticide Regulation, in a form and manner prescribed by the secretary.

(b) Subdivision (a) does not apply to those applicants for licenses the Department of Pesticide Regulation determines should not be assessed due to a determination of limited applicability pursuant to Sections 12535, 12536, 12797, 12798, 12979, 13134, and 13135 of this code or Section 110455 or 110485 of the Health and Safety Code to those licenses, or because substantial economic hardship would result to individual applicants.

(c) Each applicant for a license issued pursuant to this chapter who is also registered pursuant to Article 2 (commencing with Section 110460) of Chapter 5 of Part 5 of Division 104 of the Health and Safety Code, may, at a date no later than the issuance of the license, submit a copy of the processed food registration certificate issued to that applicant by the State Department of Health Services pursuant to that Article 2 in lieu of the payment of the surcharge required pursuant to subdivision (a).

(d) Revenue received pursuant to this section shall be deposited in the Food Safety Account in the Department of Pesticide Regulation Fund. A penalty of 10 percent per month shall be added to any surcharge not paid when due.

(e) If the applicant is not issued a license, the department shall return the surcharge to the applicant, and for that purpose, notwithstanding Section 13340 of the Government Code, the amount of funds necessary to refund the surcharge is continuously appropriated, without regard to fiscal year, to the department.

(f) This section shall remain in effect only until January 1, 1999, and as of that date is repealed, unless a later enacted statute that is enacted before January 1, 1999, deletes or extends that date.

SEC. 50. Section 56109 of the Food and Agricultural Code is amended to read:

56109. "Farm product" includes every agricultural, horticultural, viticultural, and vegetable product of the soil, poultry and poultry products, livestock products and livestock not for immediate slaughter, bees and apiary products, hay, dried beans, honey, and cut flowers. It does not, however, include any timber or timber product, flower or agricultural or vegetable seed not purchased from a producer, any milk product which is subject to the licensing and bonding provisions of Chapter 2 (commencing with Section 61801) of Part 3 of Division 21, any aquacultural product, or cattle sold to any person who is bonded under the federal Packers and Stockyards Act, 1921 (7 U.S.C. Sec. 181, et seq.).

SEC. 50.5. Section 56133.5 of the Food and Agricultural Code is amended to read:

56133.5. (a) Except pursuant to an exemption granted by the department, no person licensed under this chapter shall employ as an agent any person who meets any of the following criteria:

(1) Whose license has been revoked or is currently suspended.

(2) Who has committed any one flagrant or repeated violations of this chapter or Chapter 6 (commencing with Section 55401).

(3) Who failed to pay a producer's claims for which the person, or, where the person controlled the decision to pay, the person's employer, was liable, and which arose out of the conduct of a business licensed or required to be licensed under this chapter or Chapter 6 (commencing with Section 55401).

(4) Who has been convicted of a crime that includes as one of its elements the financial victimization of another person.

(b) The department may approve employment of any person covered by subdivision (a) if the licensee furnishes and maintains a surety bond in form and amount satisfactory to the department, but that shall not be less than ten thousand dollars ($10,000), as assurance that the licensee's business will be conducted in accordance with this chapter and that the licensee will pay all amounts due farm products creditors. The department may approve employment without a surety bond after the expiration of four years from the effective date of the applicable disciplinary order. The department, based on changes in the nature and volume of business conducted by the licensee, may require an increase or authorize a reduction in the amount of the bond, but in no case shall the bond be reduced below ten thousand dollars ($10,000). A licensee who is notified by the department to provide a bond in an increased amount shall do so within a reasonable time to be specified by the department. If the licensee fails to do so, the approval of employment shall automatically terminate. The department may suspend or revoke the license of any licensee who, after the date given in the notice, continues to employ any person in violation of this section.

(c) The department may obtain access to a licensee's or agent's criminal record during the course of a licensing investigation opened for other reasons or if the department is presented with a reasonable basis to believe an agent or licensee satisfies any of the criteria set forth in paragraphs (1) to (4), inclusive, of subdivision (a). The Department of Justice shall furnish criminal record information to the department at the department's request. If the information thereby obtained reveals a conviction for a crime that includes as one of its elements the financial victimization of another person, the department shall bring this to the attention of the licensee and the agent by a written notice. This written notice shall set out the charges against the licensee or agent, prohibit employment or revoke or deny the license effective if and when any rights to an administrative

hearing have been exhausted, and set out the licensee's or agent's rights under this section.

(d) The department may grant an exemption on presentation of substantial, clear, and convincing evidence to support a reasonable belief as to any of the following:

(1) There has been a mistake of fact or identity.

(2) The present role as an agent provides no opportunity for a repeat of the prior behavior.

(3) The person has been rehabilitated.

All submissions shall be authenticated and verified under penalty of perjury. Unless the licensee or agent can prove one of these three elements by substantial, clear, and convincing evidence, the department shall deny the request for exemption.

(e) (1) A licensee or agent who has been identified by the department as satisfying any of the criteria set forth in paragraphs (1) to (4), inclusive, of subdivision (a) and who has not been granted an exemption by the department shall be afforded a hearing upon the licensee's or agent's request under this chapter. The licensee or agent shall not have a right of hearing if the department did not notify the employer or deny an exemption.

(2) At the hearing, the department shall have the burden to prove that any of the criteria set forth in paragraphs (1) to (4), inclusive, of subdivision (a) are satisfied by a preponderance of the evidence. It shall be the licensee's or agent's burden to prove rehabilitation by substantial, clear, and convincing evidence.

(3) In the case of a criminal conviction, "convicted of a crime" includes a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action that the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction.

(4) For purposes of this section or any other provision of this chapter, a certified copy of a decision and order or minutes of court in which a finding is made concerning any of the criteria set forth in paragraphs (1) to (3), inclusive, of subdivision (a), is prima facie evidence of the truth of the charge and collateral estoppel applies.

(f) The documents and information procured pursuant to this section shall be considered the records of a consumer and shall not be construed to be a public record. The documents and information

shall remain confidential, except in actions brought by the department to enforce this division, or as a result of the issuance of a subpoena in accordance with Section 1985.4 of the Code of Civil Procedure. The unauthorized release of the documents received from the Department of Justice or the information contained in those documents, is a misdemeanor.

SEC. 50.6. Section 56134.5 is added to the Food and Agricultural Code, to read:

56134.5. The rights, remedies, and penalties that are provided for in this chapter are in addition to any other rights, remedies, or penalties that are provided for by law, and supercede provisions of law in conflict therewith.

SEC. 50.7. Section 56134.75 is added to the Food and Agricultural Code, to read:

56134.75. Except as otherwise provided in this chapter, Part 2 (commencing with Section 307) of the Code of Civil Procedure is applicable to, and constitutes the rules of practice in, the proceedings that are mentioned in this chapter except as insofar as they are inconsistent with the provisions of this chapter.

SEC. 51. Section 56161 of the Food and Agricultural Code is amended to read:

56161. This chapter does not apply to or include any of the following:

(a) Any nonprofit cooperative association organized and operating pursuant to Chapter 1 (commencing with Section 54001), any nonprofit cooperative association organized and operating pursuant to any similar law of any other state, the District of Columbia, or the United States, or the agents of these organizations, except as to the activities of these organizations or agents which involve the handling of, or dealing in, any farm product of a nonmember of the organization.

(b) Any person or exchange that buys, receives, or otherwise handles any farm product as a processor, as defined in Section 55407.

(c) Any retail merchant who has a fixed or established place of business in this state. This exemption does not, however, apply to retail merchants who are also engaged in the business of selling, at wholesale, any farm product purchased from a licensee or producer. This exemption also does not apply to any transaction wherein possession of any farm product is obtained from a licensee or producer, and the farm product is sold to another person without being handled in the regular course of a retail business which is conducted at a fixed and established place.

(d) Any person who buys any farm product for his or her own use or consumption.

(e) Any person licensed as a distributor or handler under Chapter 2 (commencing with Section 61801) of Part 3 of Division 21 who purchases farm products from a dealer, broker, or commission

merchant. However, this chapter applies to any such licensed person who purchases farm products from a producer.

(f) Any person licensed as a landscape contractor pursuant to Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code.

(g) Any person, not otherwise required to be licensed pursuant to this chapter, that buys or otherwise acquires possession of any farm product from, and processed by, a nonprofit cooperative association to which subdivision (a) is applicable.

(h) For the purposes of trading in cattle, any person engaged in the business of buying or selling cattle who is bonded under the federal Packers and Stockyards Act, 1921 (7 U.S.C. Sec. 181, et seq.).

SEC. 51.5. Section 56183.5 is added to the Food and Agricultural Code, to read:

56183.5. (a) An initial application, at a minimum, shall include the following:

(1) A release authorizing the department, during consideration of the application and for the duration of licensure, to have access to and obtain financial information from both of the following:

(A) The applicant's files with credit reporting agencies.

(B) The applicant's files with banks, savings and loan associations, or any other financial institutions with whom the applicant has done business in the past or with whom the applicant intends to do business during the year of licensure.

(2) A notice signed by the applicant that the department may obtain criminal record information during the course of a licensing investigation or upon presentation with a reasonable basis to believe the licensee has been convicted of a crime. An applicant whose application is incomplete shall be given written notice that a failure to complete it within 30 calendar days shall result in denial of the application.

(b) The documents and information procured pursuant to this section shall be considered the records of a consumer and shall not be construed to be a public record. The documents and information shall remain confidential, except in actions brought by the department to enforce this division, or as a result of the issuance of a subpoena in accordance with Section 1985.4 of the Code of Civil Procedure. The unauthorized release of the documents received from the Department of Justice or the information contained in those documents is a misdemeanor.

(c) The department shall adopt regulations that specify the proper and necessary information and supporting documentation the department requires for an application to be considered complete.

SEC. 52. Section 56185 of the Food and Agricultural Code is repealed.

SEC. 53. Section 56185 is added to the Food and Agricultural Code, to read:

56185. The department shall accept or deny an application within 90 calendar days of receipt of a completed application. The department may deny, condition, suspend, or revoke a license issued pursuant to this chapter upon any of the following grounds and in the manner provided in this chapter:

(a) Upon one flagrant violation, as determined by the department, or upon repeated violations, by the holder or applicant, of any one or combination of the sections of this division or under any one or combination of the regulations promulgated by the department under the authority of this division.

(b) Upon one flagrant violation, as determined by the department, or upon repeated violations, by a holder's or applicant's agent, employee, or contractor, or of an organization or entity in which the holder or applicant holds a significant financial interest, of any one or combination of the sections of this division or any one or combination of the regulations promulgated under this division under circumstances where the holder or applicant knew or should have known and failed to take reasonable measures to prevent the violation or failed to report the violation to the department upon learning of the violation.

(c) Upon the conviction of the holder or applicant of a crime that includes as one of its elements the financial victimization of another person. However, if the licensee was licensed prior to January 1, 1998, and the department knew of, or was on notice of, the conviction, that conviction may not form the basis of a disciplinary action under this subdivision.

(d) On the grounds of a false or misleading statement by a holder or applicant that the holder or applicant knew or should have known to be false or misleading, directed to any official of any government concerning the scope of any indicia of authority, including, but not limited to, the holder's or applicant's license associated with the holder's or applicant's business, the standards under which the indicia was authorized, the contents of the application for licensure, or the holder's or applicant's relationship to the indicia.

(e) On the grounds that a holder or applicant, or a holder's or applicant's agency, employee, or contractor, or an organization or entity in which a holder or applicant holds a significant financial interest, deceived a grower in any material matter. Deception, for purposes of this subdivision, does not require scienter, but requires active misrepresentation where the actor knew the representation to be false or where the actor should have known, with due consideration, that he or she did not know whether or not the representation was true or false.

SEC. 54. Section 56185.5 is added to the Food and Agricultural Code, to read:

56185.5. (a) The Legislature finds there to be a substantial nexus between the conduct specified in Section 56185 and an applicant's or holder's fitness for licensure.

(b) The department shall not dismiss an action where a violation, however minor, has been established. The department shall not dismiss an action because the applicant or holder establishes factors in mitigation.

(c) However, the department may impose discipline other than denial or revocation of the license. As an alternative to revocation of a license, the department may stay a revocation subject to terms for a period of probation. As an alternative to denial the department may issue a license subject to conditions. Terms of probation or terms of conditional licensure may include, but are not limited to, a requirement of restitution, payment for extra audits, immediate revocation on a new violation, or any other terms that respond to the particular violations or circumstances found.

(d) Once a finding of a violation has been made, the department may consider the following factors in assessing the appropriate level of discipline:

(1) The relative isolation or infrequency of the conduct.

(2) Whether the conduct was a part of a pattern or practice.

(3) Whether the actor had been warned before.

(4) Whether the actor considered the consequences of the conduct.

(5) Whether the actor reasonably relied on others.

(6) The severity of the consequences.

(7) The mens rea of the actor.

(8) In the case of a criminal conviction, evidence of rehabilitation.

(9) The total licensing history.

(e) The following factors shall not be considered in assessing the appropriate level of discipline:

(1) The social or economic contributions of the applicant or holder.

(2) General testimonials as to good character and worthiness to be licensed.

(3) Economic hardship on the licensee.

(4) "Mercy of the court" pleas in connection with criminal convictions, pattern or practice violations, or deception.

(5) In the case of a felony criminal conviction, the department shall not consider rehabilitation unless the convicted person has a valid certificate of rehabilitation.

SEC. 55. Section 56185.75 is added to the Food and Agricultural Code, to read:

56185.75. (a) If an application for a license indicates, or the department determines during the application review process, that the applicant was issued a license that was revoked within the preceding two years, the department shall cease any further review of the application until two years have elapsed from the date of the revocation. The cessation of review shall not constitute a denial of the application for the purposes of this chapter, or any other provision of law.

(b) If an application for a license indicates, or the department determines during the application review process, that the applicant had previously applied for a license and the application was denied within the last year, the department shall cease further review of the application until one year has elapsed from the date of the notification of the denial or from the effective date of the decision and order of the department upholding a denial. The cessation of review shall not constitute a denial of the new applicant for purposes of this chapter, or any other provision of law.

(c) Nothing in subdivision (a) or (b) prohibits the department from taking into account the basis for denial or revocation in considering any new application subsequent to the elapse of the applicable period of prohibition.

SEC. 56. Section 56186 of the Food and Agricultural Code is amended to read:

56186. The department shall require the applicant to make a showing of character, responsibility, and good faith in seeking to carry on the business that is stated in the application, and may make investigations, hold hearings, and make determinations respecting such matters.

SEC. 57. Section 56186.5 is added to the Food and Agricultural Code, to read:

56186.5. A license is forfeited by operation of law prior to its expiration date when one of the following occurs:

(a) The holder surrenders the license to the department.

(b) The holder dies.

(c) The partnership holder dissolves.

(d) The holder of a significant financial interest in a corporation transfers his or her interest to another person or entity, regardless of relationship.

(e) The holder files for bankruptcy under provisions other than those permitting and governing reorganization under bankruptcy.

SEC. 58. Section 56186.75 is added to the Food and Agricultural Code, to read:

56186.75. (a) The withdrawal of an application for a license after it has been filed with the department does not deprive the department of its authority to institute or continue a proceeding against the applicant or to enter an order denying the license, unless the department consents in writing to such a withdrawal.

(b) The expiration or forfeiture by operation of law of a license, or its forfeiture or cancellation by order of the department or by order of a court of law, or its surrender without the written consent of the department, does not deprive the department of its authority to institute or continue a disciplinary proceeding against the holder upon any ground provided by law or to enter an order revoking the license or otherwise taking disciplinary action against the holder.

(c) Any action brought by the department against an applicant or holder does not abate by reason of the sale or other transfer of

ownership of the business that is a party to the action, except with the written consent of the department.

(d) Nothing in this division or in any other provision of this code deprives the department of the authority to settle or adjudicate a disposition of a case other than by revocation or denial. The department or the department's designee may compromise with the applicant or holder in a written stipulation and order. The department may, following a hearing, order probation on terms and conditions as determined by the department. The authority conferred by this subdivision shall include, but not be limited to, the authority to order payment of amounts determined owing, the authority to dismiss an action on the department's own initiative, the authority to order administrative penalties, the authority to order a respondent to pay for heightened audit scrutiny, the authority to suspend a license for a period of years, or any combination of remedies other than final revocation or denial of a license.

56190. (a) The department shall notify the applicant or holder in writing of the department's decision to bring charges to deny, suspend, or revoke a license.

(1) The notice shall inform the applicant or holder of the charges against him or her, of the department's proposed disciplinary action, and of his or her rights under this chapter.

(2) The notice shall be served by certified mail to the applicant or holder's last known address.

(3) Except where the license has been temporarily suspended, the notice shall be mailed to the applicant or holder at least 30 calendar days in advance of the impending action.

(b) The department's proposed action shall become final unless the applicant or holder appeals prior to the end of the notice period by submitting a notice of defense to the department in a form specified by the department. The notice shall be transmitted to the department in a form that is written, including, but not limited to, by facsimile.

(c) If the department receives a timely notice of defense, the department shall schedule a hearing within 90 calendar days of receipt of the notice of defense, except where the license has been temporarily suspended. Pending the final decision at the conclusion of the hearing, a revocation shall be stayed. A temporary suspension shall not be stayed.

(d) Proceedings for the revocation or denial of a license issued under this chapter shall be conducted by hearing officers appointed for that purpose by the department. The department may elect to use hearing officers employed by the Office of Administrative Hearings. The hearing officers shall be independent of the Market Enforcement Bureau, but may be employees of the department. The hearing officers shall be qualified administrative law judges.

(e) Proceedings shall be conducted generally in accordance with the provisions of Chapters 4.5 (commencing with Section 11400) and 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code. The department has all power granted by Chapters 4.5 (commencing with Section 11400) and 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

(1) The sole parties to the proceedings shall be the department and the applicant or holder. Third party intervention shall not be permitted. The disputes, claims, and interests of third parties shall not be within the jurisdiction of the proceedings. However, nothing in this paragraph prohibits any interested party from submitting an amicus brief if the hearing officer requests written briefs.

(2) The validity of a department regulation or order shall not be within jurisdiction of the proceedings.

(3) Law and motion matters shall be handled by the assigned hearing officer.

(4) The hearing officer may not enter into settlement discussions.

(5) The hearing officer may not issue sanctions.

(f) In all proceedings conducted in accordance with this section, the standard of proof to be applied is the preponderance of the evidence. When the department seeks to revoke an existing license, the department shall have the burden of proof and the burden of producing evidence.

(g) Decisions following a hearing shall be adopted by the department or the department's designee and become final unless remanded for reconsideration or alternated in accordance with Chapters 4.5 (commencing with Section 11400) and 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

(h) The department shall maintain a library of decisions that shall be made available to any person, including the parties to administrative actions during discovery.

SEC. 68. Section 56381 of the Food and Agricultural Code is amended to read:

56381. (a) If, in the opinion of the department, there appears to be reasonable grounds for investigating a complaint or notification made under the provisions of this chapter, the department shall investigate the complaint or notification. In the course of the investigation, if the department determines that violations of this chapter are indicated other than alleged violations specified in the complaint or notification that served as the basis for the investigation, the department may expand the investigation to include the additional violations.

(b) In the opinion of the department, if an investigation substantiates the existence of violations of this chapter, the department may cause a complaint to be issued.

(c) The investigation may include, but shall not be construed to require, examinations and audits of the books and records of any licensee pertaining to the solvency of the licensee, or to the purchase or handling of and accounting for any farm product purchased or received on consignment from another licensee or the producer, or handled as a brokerage transaction. The department may examine and audit all pertinent books, records, weight certificates, receipts, ledgers, journals, papers, contracts, bank statements, canceled checks, and other documents of the licensee that show or tend to show facts regarding the financial condition and the number and status of accounts of growers and others who are doing business with the licensee.

SEC. 69. Section 56382 of the Food and Agricultural Code is amended to read:

56382. If the examination discloses evidence of any violation of this chapter, the department may issue a complaint detailing the charges and the discipline sought in accordance with this chapter.

56382.5. (a) An aggrieved grower or licensee with a complaint that is not subject to the federal Packers and Stockyards Act, 1921 (7 U.S.C. Sec. 181, et seq.) or the federal Perishable Agricultural Commodities Act, 1930 (7 U.S.C. Sec. 499a et seq.) may seek resolution of that complaint by filing a complaint with the department within nine months from the date a complete account of sales was due. The complaint shall be accompanied by two copies of all documents in the complainant's possession that are relevant to establishing the complaint, a filing fee of sixty dollars ($60), and a written denial of jurisdiction from the appropriate federal agency unless the commodity involved clearly does not fall under the federal Packers and Stockyards Act, 1921 (7 U.S.C. Sec. 181, et seq.) or the federal Perishable Agricultural Commodities Act, 1930 (7 U.S.C. Sec. 499a et seq.). Within five business days of receipt of a signed and verified complaint, the filing fee, and the denials of federal

jurisdiction, the department shall serve the verified complaint on the respondent. Service shall be by certified mail. The department, the secretary, the department's employees, the department's agents, the boards and commissions associated with the department, their employees or agents, and the State of California are not parties to the dispute in a proceeding brought under this section.

(b) The respondent served shall answer within 30 calendar days of service. Respondent's response shall include two copies of all relevant documentation of the transactions referred to in the verified complaint.

(c) Within 30 calendar days of receipt of the answer, the department shall issue to both parties a written factual summary on the basis of the documents that have been filed with the department.

(d) If a settlement is not reached within 30 calendar days after the department's summary is issued, the department, on request of the claimant or respondent and upon payment of a filing fee of three hundred dollars ($300), shall schedule alternate dispute resolution, to commence within 90 calendar days. The department shall serve both parties with a notice of hearing, which sets out the time, date, street address, room number, telephone number, and name of the hearing officer. Service of the notice of hearing shall be by certified mail.

(e) The alternate dispute resolution shall proceed as follows:

(1) The hearing shall be conducted by hearing officers selected by and in accordance with standard procedures promulgated by the American Arbitration Association.

(2) The hearing officers shall be familiar with the type of issues presented by such claims, but need not be attorneys.

(3) The sole parties to the proceedings shall be the complainant and the respondent.

(4) The disputes, claims, and interests of the department or the State of California are not within the jurisdiction of the proceedings.

(5) The validity of a regulation of the department or order promulgated pursuant to this code is not within the jurisdiction of the proceedings.

(6) Law and motion matters shall be handled by the assigned hearing officer.

(7) The hearing officer has no authority to enter into settlement discussions except upon stipulation of the parties involved.

(8) The parties may represent themselves in propria persona or may be represented by a licensed attorney at law. A party may not be represented by a representative who is not licensed to practice law.

(9) To the extent of any conflict between any provision of Chapter 4.5 (commencing with Section 11400) of Part 1 of Division 3 of Title 2 of the Government Code and this article, this article shall prevail.

(10) The hearing officer may order a review of records or an audit of records by a certified public accountant. The review or audit shall

be conducted under generally accepted auditing standards of the American Institute of Certified Public Accountants, and upon completion of the review or audit the nature and extent of the review or audit shall be disclosed to the parties by the auditor in the audit report. The audit report shall disclose the number of transactions reviewed and the rationale for selecting those transactions. The department shall advance the costs of the audit or review of records, but the hearing officer shall apportion the costs at the conclusion of the hearing. The department shall pursue repayment in accordance with the hearing officer's apportionment and may bring an action in a court of competent jurisdiction to recover funds advanced. Nothing in this subdivision shall be construed to require the department to pursue any specific remedy or to prohibit the department from accepting a reasonable repayment plan.

(f) The hearing officer shall render a written decision within 60 days of submission of the case for decision. In addition to rendering a written finding as to what is owed by whom on the substantive allegations of the complaint, the hearing officer shall decide whether or not to order the full cost of the alternative dispute resolution proceeding, and in what ratio or order the losing party is to pay the costs of the proceeding. For these purposes, the cost of the alternative dispute resolution proceeding does not include the filing fee, the parties' attorney fees, or expert witness fees. The hearing officer may also award a sanction against a complainant for filing a frivolous complaint or against a respondent for unreasonable delay tactics, bad faith bargaining, or resistance to the claim, of either 10 percent of the amount of the award or a specific amount, up to a maximum of one thousand dollars ($1,000). Any sanction award shall not be deemed to be res judicata or collateral estoppel in any subsequent case in which either the complainant or respondent are charged with filing a frivolous complaint, unreasonable delay tactics, bad faith bargaining, or resistance to the claim. The department may consider the written decision of the hearing officer in determining any related licensing action. The written decision of the hearing officer may be introduced as evidence at a court proceeding.

(g) Nothing in this section prohibits the parties to the dispute from settling their dispute prior to, during, or after the hearing.

(h) Nothing in this section alters, precludes, or conditions the exercise, during any stage of the proceedings provided by this chapter, of any other rights to relief a party may have through petition to a court of competent jurisdiction, including, but not limited to, small claims court.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 697

An act to add Section 19721.6 to the Revenue and Taxation Code, relating to child support.

[Approved by Governor October 5, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 19721.6 is added to the Revenue and Taxation Code, to read:

19721.6. (a) The Franchise Tax Board, through a cooperative agreement with the State Department of Social Services, and in coordination with financial institutions doing business in this state, shall operate a Financial Institution Match System utilizing automated data exchanges to the maximum extent feasible. The Financial Institution Match System shall be implemented pursuant

to guidelines prescribed by the State Department of Social Services and the Franchise Tax Board. These guidelines shall include a structure by which financial institutions, or their designated data processing agents, shall receive from the Franchise Tax Board the entire list of past-due support obligors, which the institution shall match with its own list of accountholders to identify past-due support obligor accountholders at the institution. To the extent allowed by the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996, the guidelines shall include an option by which financial institutions without the technical ability to process the data exchange, or without the ability to employ a third-party data processor to process the data exchange, may forward to the Franchise Tax Board a list of all accountholders and their social security numbers, so that the Franchise Tax Board shall match that list with the entire list of past-due support obligors.

(b) The Financial Institution Match System shall not be subject to any limitation set forth in Chapter 20 (commencing with Section 7460) of Division 7 of Title 1 of the Government Code. However, any use of the information provided pursuant to this section for any purpose other than the enforcement and collection of a child support delinquency, as set forth in Section 19271, shall be a violation of Section 19542.

(c) Each county shall compile a file of support obligors with judgments and orders that are being enforced by district attorneys pursuant to Section 11475.1 of the Welfare and Institutions Code, and who are past due in the payment of their support obligations. The file shall be compiled, updated, and forwarded to the Franchise Tax Board, in accordance with the guidelines prescribed by the State Department of Social Services and the Franchise Tax Board.

(d) To effectuate the Financial Institution Match System, financial institutions subject to this section shall do all of the following:

(1) Provide to the Franchise Tax Board on a quarterly basis the name, record address and other addresses, social security number or other taxpayer identification number, and other identifying information for each noncustodial parent who maintains an account at the institution and who owes past-due support, as identified by the Franchise Tax Board by name and social security number or other taxpayer identification number.

(2) In response to a notice or order to withhold issued by the Franchise Tax Board, withhold from any accounts of the obligor the amount of any past-due support stated on the notice or order and transmit the amount to the Franchise Tax Board in accordance with Section 18670 or 18670.5.

(e) Unless otherwise required by applicable law, a financial institution furnishing a report or providing information to the Franchise Tax Board pursuant to this section shall not disclose to a depositor or an accountholder, or a codepositor or coaccountholder,

that the name, address, social security number, or other taxpayer identification number or other identifying information of that person has been received from or furnished to the Franchise Tax Board.

(f) A financial institution shall incur no obligation or liability to any person arising from any of the following:

(1) Furnishing information to the Franchise Tax Board as required by this section.

(2) Failing to disclose to a depositor or accountholder that the name, address, social security number, or other taxpayer identification number or other identifying information of that person was included in the data exchange with the Franchise Tax Board required by this section.

(3) Withholding or transmitting any assets in response to a notice or order to withhold issued by the Franchise Tax Board as a result of the data exchange. This paragraph shall not preclude any liability that may result if the financial institution does not comply with subdivision (b) of Section 18674.

(4) Any other action taken in good faith to comply with the requirements of this section.

(g) Information required to be submitted to the Franchise Tax Board pursuant to this section shall only be used by the Franchise Tax Board to collect past-due support pursuant to Section 19271. If the Franchise Tax Board has issued an earnings withholding order and the condition described in subparagraph (C) of paragraph (1) of subdivision (i) exists with respect to the obligor, the Franchise Tax Board shall not use the information it receives under this section to collect the past-due support from that obligor. The Franchise Tax Board shall forward to the counties, in accordance with guidelines prescribed by the State Department of Social Services and the Franchise Tax Board, information obtained from the financial institutions pursuant to this section. No county shall use this information for directly levying on any account. Each county shall keep the information confidential as provided by Section 11478.1 of the Welfare and Institutions Code.

(h) For those noncustodial parents owing past-due support for which there is a match under paragraph (1) of subdivision (d), the past-due support at the time of the match shall be a delinquency under this article for the purposes of the Franchise Tax Board taking any collection action pursuant to Section 18670 or 18670.5.

(i) (1) Each county shall notify the Franchise Tax Board upon the occurrence of the circumstances described in the following subparagraphs with respect to an obligor of past-due support:

(A) All of the following apply:

(i) A court has ordered an obligor to make scheduled payments on a child support arrearages obligation.

(ii) The obligor is in compliance with that order.

(B) An earnings assignment order or a notice of assignment that includes an amount for past-due support has been served on the

obligated parent's employer and earnings are being withheld pursuant to the earnings assignment order or a notice of assignment.

(C) At least 50 percent of the obligated parent's earnings are being withheld for support.

(D) The obligor is less than 90 days delinquent in the payment of any amount of support. For purposes of this subparagraph, any delinquency existing at the time a case is received by a district attorney shall not be considered until 90 days have passed.

(E) A child support delinquency need not be referred to the Franchise Tax Board for collection if a jurisdiction outside this state is enforcing the support order.

(2) Upon notification, the Franchise Tax Board shall not use the information it receives under this section to collect any past-due support from that obligor.

(j) Notwithstanding subdivision (i), the Franchise Tax Board may use the information it receives under this section to collect any past-due support at any time if a county requests action be taken.

(k) The Franchise Tax Board may not use the information it receives under this section to collect any past-due support if a county has applied for and received an exemption from the State Department of Social Services as provided by subdivision (k) of Section 19271, unless that county specifically requests collection against that obligor. The Franchise Tax Board may not use the information it receives under this section to collect any past-due support if a county requests that action not be taken.

(*l*) For purposes of this section:

(1) "Account" means any demand deposit account, share or share draft account, checking or negotiable withdrawal order account, savings account, time deposit account, or a money market mutual fund account, whether or not the account bears interest.

(2) "Financial institution" has the same meaning as defined in Section 669A(d)(1) of Title 42 of the United States Code.

(3) "Past-due support" means any child support obligation that is unpaid on the due date for payment.

(m) Out of any money received from the federal government for the purpose of reimbursing financial institutions for their actual and reasonable costs incurred in complying with this section, the state shall reimburse those institutions. To the extent that money is not provided by the federal government for that purpose, the state shall not reimburse financial institutions for their costs in complying with this section.

(n) By March 1, 1998, the Franchise Tax Board and the Department of Social Services, in consultation with counties and financial institutions, shall jointly propose an implementation plan for inclusion in the annual Budget Act, or in other legislation that would fund this program. The implementation plan shall take into account the program's financial benefits, including the costs of all participating private and public agencies. It is the intent of the

Legislature that this program shall result in a net savings to the state and the counties.

SEC. 2. Notwithstanding Section 7550.5 of the Government Code, the Franchise Tax Board shall report to the Legislature on or before March 31, 1998, and on or before March 31, 1999, on implementation of the provisions of this measure. At a minimum, the report shall include the following:

(1) A timeline for implementation of the matching program.

(2) A description of any difficulties in compiling data submitted by counties, providing data to financial institutions, and receiving match data from financial institutions.

(3) Recommendations for legislation to improve administration and cost efficiency of the matching system.

(4) A quantitative analysis, prepared and submitted by representatives of financial institutions, of the reasonable costs incurred, or which are likely to be incurred, by financial institutions in complying with this measure. If no quantitative analysis is submitted to the Franchise Tax Board, the report shall be considered complete without this analysis.

(5) A quantitative analysis of the benefits that accrue, or are reasonably likely to accrue, to the state, the counties, and custodial parents owed past-due support as a result of the enactment of the Financial Institution Match System.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 698

The people of the State of California do enact as follows:

SECTION 1. Section 368 of the Penal Code is amended to read:

368. (a) (1) Any person who, under circumstances or conditions likely to produce great bodily harm or death, willfully causes or permits any elder or dependent adult, with knowledge that he or she is an elder or a dependent adult, to suffer, or inflicts thereon unjustifiable physical pain or mental suffering, or having the care or custody of any elder or dependent adult, willfully causes or permits the person or health of the elder or dependent adult to be injured, or willfully causes or permits the elder or dependent adult to be placed in a situation in which his or her person or health is endangered, is punishable by imprisonment in the county jail not exceeding one year, or in the state prison for two, three, or four years.

(2) If in the commission of an offense described in paragraph (1), the victim suffers great bodily injury, as defined in subdivision (e) of Section 12022.7, the defendant shall receive an additional term of three years in the state prison, except that if the victim is 70 years of age or older the additional term shall be five years.

(3) If in the commission of an offense described in paragraph (1), the defendant proximately causes the death of the victim, the defendant shall receive an additional term of five years in the state prison, except that if the victim is 70 years of age or older the additional term shall be seven years.

(b) Any person who, under circumstances or conditions other than those likely to produce great bodily harm or death, willfully causes or permits any elder or dependent adult, with knowledge that he or she is an elder or a dependent adult, to suffer, or inflicts thereon unjustifiable physical pain or mental suffering, or having the care or custody of any elder or dependent adult, willfully causes or permits the person or health of the elder or dependent adult to be injured or willfully causes or permits the elder or dependent adult to be placed in a situation in which his or her person or health may be endangered, is guilty of a misdemeanor.

(c) Any caretaker of an elder or a dependent adult who violates any provision of law proscribing theft or embezzlement, with respect to the property of that elder or dependent adult, is punishable by imprisonment in a county jail not exceeding one year, or in the state prison for two, three, or four years when the money, labor, or real or personal property taken is of a value exceeding four hundred dollars ($400), and by a fine not exceeding one thousand dollars ($1,000), by imprisonment in a county jail not exceeding one year, or by both that fine and imprisonment, when the money, labor, or real or personal property taken is of a value not exceeding four hundred dollars ($400).

(e) As used in this section, "dependent adult" means any person who is between the ages of 18 and 64, who has physical or mental limitations which restrict his or her ability to carry out normal activities or to protect his or her rights, including, but not limited to,

persons who have physical or developmental disabilities or whose physical or mental abilities have diminished because of age. "Dependent adult" includes any person between the ages of 18 and 64 who is admitted as an inpatient to a 24-hour health facility, as defined in Sections 1250, 1250.2, and 1250.3 of the Health and Safety Code.

(f) As used in this section, "caretaker" means any person who has the care, custody, or control of or who stands in a position of trust with, an elder or a dependent adult.

(g) Nothing in this section shall preclude prosecution under both this section and Section 187 or 12022.7 or any other provision of law. However, a person shall not receive an additional term of imprisonment under both paragraphs (2) and (3) of subdivision (a) for any single offense, nor shall a person receive an additional term of imprisonment under both Section 12022.7 and paragraph (2) or (3) of subdivision (a) for any single offense.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 699

An act to amend Sections 10232.1, 10234.93, and 10237.1 of, to amend and renumber Section 10232.8 of, to add Sections 10232.2, 10232.92, 10232.93, 10232.95, 10232.96, 10234.86, 10234.87, 10235.9, 10235.30, 10235.40, 10235.50, 10235.51, 10235.52, 10235.91, 10237.4, 10237.5, and 10237.6 to, and to repeal and add Section 10234.95 of, the Insurance Code, relating to health insurance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 5, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds as follows:

(1) Current California law requires that long-term care insurance policies and certificates provide substantial benefits to consumers in return for the premiums paid.

(2) Recent changes in federal law allow for the sale of long-term care policies and certificates that may be eligible for favorable federal tax treatment. However, to be eligible for favorable tax treatment, the policies and certificates must conform to federal standards for eligibility, benefits, and consumer protections.

(3) Pursuant to federal law, the eligibility requirements for benefits under a policy intended to be a federally qualified long-term care policy as defined by Public Law 104-191 may be more restrictive than the eligibility requirements for benefits in policies authorized under the current California Insurance Code. This means that some persons who purchase federally tax qualified policies and certificates may be required to have a greater level of disability before qualifying for benefits than individuals who purchase coverage that conforms to the more permissive eligibility requirements of the California Insurance Code as of January 1, 1997.

(4) Many Californians purchase long-term care insurance to protect themselves against the expenses of needing long-term care due to an illness or physical disability.

(5) The protection a consumer receives against future long-term care expenses by purchasing long-term care insurance depends in large part upon the inclusion in the policy of certain key consumer protection provisions: protection against erosion of the value of benefits from inflation, against unintentional lapse, and against changes in the personal and financial situation of the purchaser.

(6) The National Association of Insurance Commissioners (NAIC) and other distinguished groups have developed standards that insurers and states can adopt to enhance the value of long-term care insurance and protect long-term care insurance purchasers against inflation, lapses, rate increases, and other potential problems.

(7) The recently enacted federal Health Insurance Portability and Accountability Act of 1996 mandates that certain consumer protections be included in all policies that are intended to be federally tax qualified but these standards do not apply to policies that are not federally tax qualified.

(b) The Legislature declares it is in the interest of the people of California that:

(1) California consumers should be given opportunities to purchase both types of policies or certificates—those meeting the eligibility requirements of the California Insurance Code, but that are not intended to be federally qualified, and those meeting the requirements to be federally tax qualified.

(2) California consumers should be informed of the choices available and insurers, brokers, agents, and other entities engaged in the marketing of long-term care insurance should fully evaluate each applicant's situation and work to ensure that the applicant purchases

a policy best suited to that applicant's personal and financial circumstances.

(3) All long-term care insurance policies sold in California, including those intended to be tax qualified and those that are not, should be governed by a single set of standards that afford California insurance purchasers a high level of consumer protection.

(4) The laws governing the sale of long-term care insurance in California should be updated to incorporate the latest and best consumer protection standards available.

(5) It is the purpose of this act to authorize the sale in California of a new category of long-term care insurance policies and certificates intended to qualify under the federal Health Insurance Portability and Accountability Act of 1996, Public Law 104-191, and to require that insurers continue to make available to California consumers policies and certificates that comply with the eligibility requirements of policies and certificates not intended to qualify for favorable tax treatment under Public Law 104-191. It is also the intent of the Legislature that consumers be informed of the choice of policies available and given appropriate information to make informed choices.

SEC. 2. Section 10232.1 of the Insurance Code is amended to read:

10232.1. (a) Every policy that is intended to be a qualified long-term care insurance contract as provided by Public Law 104-191 shall be identified as such by prominently displaying and printing on page one of the policy form and the outline of coverage and in the application the following words: "This contract for long-term care insurance is intended to be a federally qualified long-term care insurance contract and may qualify you for federal and state tax benefits." Every policy that is not intended to be a qualified long-term care insurance contract as provided by Public Law 104-191 shall be identified as such by prominently displaying and printing on page one of the policy form and the outline of coverage and in the application the following words: "This contract for long-term care insurance is not intended to be a federally qualified long-term care insurance contract."

(b) Any policy or certificate in which benefits are limited to the provision of institutional care shall be called a "nursing facility only" policy or certificate and the words "Nursing Facility Only" shall be prominently displayed on page one of the form and the outline of coverage. The commissioner may approve alternative wording if it is more descriptive of the benefits.

(c) Any policy or certificate in which benefits are limited to the provision of home care services, including community-based services, shall be called a "home care only" policy or certificate and the words "Home Care Only" shall be prominently displayed on page one of the form and the outline of coverage. The commissioner may approve alternative wording if it is more descriptive of the benefits.

(d) Only those policies or certificates providing benefits for both institutional care and home care may be called "comprehensive long-term care" insurance.

SEC. 3. Section 10232.2 is added to the Insurance Code, to read:

10232.2. (a) Every insurer that offers policies or certificates that are intended to be federally qualified long-term care insurance contracts, including riders to life insurance policies providing long-term care coverage, shall fairly and affirmatively concurrently offer and market long-term care insurance policies or certificates that are not intended to be federally qualified, as described in subdivision (a) of Section 10232.1.

(b) All long-term care insurance contracts, including riders to life insurance contracts providing long-term care coverage, approved after the effective date of this section shall meet all of the requirements of this chapter.

(c) Until January 1, 1999, or 90 days after approval of contracts submitted for approval pursuant to subdivision (b), whichever comes first, insurers may continue to offer and market previously approved long-term care insurance contracts.

(d) Group policies issued prior to January 1, 1997, shall be allowed to remain in force and not be required to meet the requirements of this chapter, as amended during the 1997 portion of the 1997-98 Regular Session, unless those polices cease to be treated as federally qualified long-term care insurance contracts. If such a policy or certificate issued on such a group policy ceases to be a federally qualified long-term care insurance contract under the grandfather rules issued by the United States Department of the Treasury pursuant to Section 7702B(f)(2) of the Internal Revenue Code, the insurer shall offer the policy and certificate holders the option to convert, on a guaranteed-issue basis, to a policy or certificate that is federally tax qualified if the insurer sells tax-qualified policies.

SEC. 4. Section 10232.8 of the Insurance Code is amended and renumbered to read:

10232.9. (a) Every long-term care policy or certificate that purports to provide benefits of home care or community-based services, shall provide at least the following:

(1) Home health care.

(2) Adult day care.

(3) Personal care.

(4) Homemaker services.

(5) Hospice services.

(6) Respite care.

(b) For purposes of this section, policy definitions of these benefits may be no more restrictive than the following:

(1) "Home health care" is skilled nursing or other professional services in the residence, including, but not limited to, part-time and intermittent skilled nursing services, home health aid services,

physical therapy, occupational therapy, or speech therapy and audiology services, and medical social services by a social worker.

(2) "Adult day care" is medical or nonmedical care on a less than 24-hour basis, provided in a licensed facility outside the residence, for persons in need of personal services, supervision, protection, or assistance in sustaining daily needs, including eating, bathing, dressing, ambulating, transferring, toileting, and taking medications.

(3) "Personal care" is assistance with the activities of daily living, including the instrumental activities of daily living, provided by a skilled or unskilled person under a plan of care developed by a physician or a multidisciplinary team under medical direction. "Instrumental activities of daily living" include using the telephone, managing medications, moving about outside, shopping for essentials, preparing meals, laundry, and light housekeeping.

(4) "Homemaker services" is assistance with activities necessary to or consistent with the insured's ability to remain in his or her residence, that is provided by a skilled or unskilled person under a plan of care developed by a physician or a multidisciplinary team under medical direction.

(5) "Hospice services" are outpatient services not paid by Medicare, that are designed to provide palliative care, alleviate the physical, emotional, social, and spiritual discomforts of an individual who is experiencing the last phases of life due to the existence of a terminal disease, and to provide supportive care to the primary care giver and the family. Care may be provided by a skilled or unskilled person under a plan of care developed by a physician or a multidisciplinary team under medical direction.

(6) "Respite care" is short-term care provided in an institution, in the home, or in a community-based program, that is designed to relieve a primary care giver in the home. This is a separate benefit with its own conditions for eligibility and maximum benefit levels.

(c) Home care benefits shall not be limited or excluded by any of the following:

(1) Requiring a need for care in a nursing home if home care services are not provided.

(2) Requiring that skilled nursing or therapeutic services be used before or with unskilled services.

(3) Requiring the existence of an acute condition.

(4) Limiting benefits to services provided by Medicare-certified providers or agencies.

(5) Limiting benefits to those provided by licensed or skilled personnel when other providers could provide the service, except where prior certification or licensure is required by state law.

(6) Defining an eligible provider in a manner that is more restrictive than that used to license that provider by the state where the service is provided.

(7) Requiring "medical necessity" or similar standard as a criteria for benefits.

(d) Every comprehensive long-term care policy or certificate that provides for both institutional care and home care and that sets a daily, weekly, or monthly benefit payment maximum, shall pay a maximum benefit payment for home care that is at least 50 percent of the maximum benefit payment for institutional care, and in no event shall home care benefits be paid at a rate less than fifty dollars ($50) per day. Insurance products approved for residents in continuing care retirement communities are exempt from this provision.

Every such comprehensive long-term care policy or certificate that sets a durational maximum for institutional care, limiting the length of time that benefits may be received during the life of the policy or certificate, shall allow a similar durational maximum for home care that is at least one-half of the length of time allowed for institutional care.

SEC. 5. Section 10232.92 is added to the Insurance Code, to read:

10232.92. No insurer shall deliver or issue for delivery a long-term care insurance policy in this state unless the insurer offers to the policyholder, at time of application, an option to purchase a long-term care insurance policy that covers assisted living care in a licensed residential care facility or a residential care facility for the elderly as defined in the Health and Safety Code and pays a minimum benefit no less than 50 percent of the maximum benefit for institutional care. The option to purchase an assisted living benefit need not be made if coverage for assisted living that pays a minimum benefit no less than 50 percent of the maximum benefit for institutional care is already included in the policy.

SEC. 6. Section 10232.93 is added to the Insurance Code, to read:

10232.93. Every long-term care policy or certificate shall define the maximum lifetime benefit as a single dollar amount that may be used interchangeably for any home- and community-based services defined in Section 10232.9, assisted living benefit defined in Section 10232.92, or institutional care covered by the policy or certificate. There shall be no limit on any specific covered benefit except for a daily, weekly, or monthly limit set for home- and community-based care and for assisted living care, and for the limits for institutional care. Nothing in this section shall be construed as prohibiting limitations for reimbursement of actual expenses and incurred expenses up to daily, weekly, and monthly limits.

SEC. 6.3. Section 10232.95 is added to the Insurance Code, to read:

10232.95. Every long-term care policy or certificate that provides reimbursement for care in a nursing facility shall cover and reimburse for per diem expenses, as well as the costs of ancillary supplies and services, up to but not to exceed the maximum lifetime daily facility benefit of the policy or certificate.

SEC. 6.5. Section 10232.96 is added to the Insurance Code, to read:

10232.96. When a policy or certificate holder of an insurance contract issued prior to December 31, 1996, requests a material

modification to the contract as defined by federal law or regulations, the insurer, prior to approving such a request, shall provide written notice to the policy or certificate holder that the contract change requested may constitute a material modification that jeopardizes the federal tax status of the contract and appropriate tax advice should therefore be sought.

SEC. 7. Section 10234.86 is added to the Insurance Code, to read:

10234.86. (a) Every insurer shall maintain records for each agent of that agent's amount of replacement sales as a percent of the agent's total annual sales and the amount of lapses of long-term care insurance policies sold by the agent as a percent of the agent's total annual sales.

(b) Every insurer shall report annually by June 30, the 10 percent of its agents in the state with the greatest percentage of lapses and replacements as measured by subdivision (a).

(c) Every insurer shall report annually by June 30, the number of lapsed policies as a percent of its total annual sales in the state, as a percent of its total number of policies in force in the state, and as a total number of each policy form in the state, as of the end of the preceding calendar year.

(d) Every insurer shall report annually by June 30, the number of replacement policies sold as a percent of its total annual sales in the state and as a percent of its total number of policies in force in the state as of the end of the preceding calendar year.

(e) Reported replacement and lapse rates do not alone constitute a violation of insurance laws or necessarily imply wrongdoing. The reports are for the purpose of reviewing more closely agent activities regarding the sale of long-term care insurance.

SEC. 8. Section 10234.87 is added to the Insurance Code, to read:

10234.87. (a) If an insurer replaces a policy or certificate that it has previously issued, the insurer shall recognize past insured status by granting premium credits toward the premiums for the replacement policy or certificate. The premium credits shall equal five percent of the annual premium of the prior policy or certificate for each full year the prior policy or certificate was in force. The premium credit shall be applied toward all future premium payments for the replacement policy or certificate, but the cumulative credit allowed need not exceed 50 percent. No credit need be provided if a claim has been filed under the original policy or certificate.

(b) This section shall not apply to life insurance policies that accelerate benefits for long-term care.

SEC. 9. Section 10234.93 of the Insurance Code is amended to read:

10234.93. (a) Every insurer of long-term care in California shall:

(1) Establish marketing procedures to assure that any comparison of policies by its agents or other producers will be fair and accurate.

(2) Establish marketing procedures to assure excessive insurance is not sold or issued.

(3) Submit to the commissioner within six months of the effective date of this act, a list of all agents or other insurer representatives authorized to solicit individual consumers for the sale of long-term care insurance. These submissions shall be updated at least semiannually.

(4) Provide the following continuing education and require that each agent or other insurer representative authorized to solicit individual consumers for the sale of long-term care insurance shall satisfactorily complete the following continuing education requirements which shall be part of, and not in addition to, the continuing education requirements in Section 1749.3:

(A) For licensees issued a license after January 1, 1992, eight hours of education in each of the first four 12-month periods beginning from the date of original license issuance and thereafter and eight hours of education prior to each license renewal.

(B) For licensees issued a license before January 1, 1992, eight hours of education prior to each license renewal.

Licensees shall complete the initial continuing education requirements of this section prior to being authorized to solicit individual consumers for the sale of long-term care insurance.

The continuing education required by this section shall consist of topics related to long-term care services and long-term care insurance, including, but not limited to, California regulations and requirements, available long-term care services and facilities, changes or improvements in services or facilities, and alternatives to the purchase of private long-term care insurance. On or before July 1, 1998, the following additional continuing education topics shall be required: differences in eligibility for benefits and tax treatment between policies intended to be federally qualified and those not intended to be federally qualified, the effect of inflation in eroding the value of benefits and the importance of inflation protection, and NAIC consumer suitability standards and guidelines.

(5) Display prominently on page one of the policy or certificate and the outline of coverage: "Notice to buyer: This policy may not cover all of the costs associated with long-term care incurred by the buyer during the period of coverage. The buyer is advised to review carefully all policy limitations."

(6) Inquire and otherwise make every reasonable effort to identify whether a prospective applicant or enrollee for long-term care insurance already has accident and sickness or long-term care insurance and the types and amounts of any such insurance.

(7) Every insurer or entity marketing long-term care insurance shall establish auditable procedures for verifying compliance with this subdivision.

(8) Every insurer shall provide to a prospective applicant, at the time of solicitation, written notice that the Health Insurance

Counseling and Advocacy Program (HICAP) provides health insurance counseling to senior California residents free of charge. Every agent shall provide the name, address, and telephone number of the local HICAP program and the statewide HICAP number, 1-800-434-0222.

(9) Provide a copy of the long-term care insurance shoppers guide developed by the California Department of Aging to each prospective applicant prior to the presentation of an application or enrollment form for insurance.

(b) In addition to other unfair trade practices, including those identified in this code, the following acts and practices are prohibited:

(1) Twisting. Knowingly making any misleading representation or incomplete or fraudulent comparison of any insurance policies or insurers for the purpose of inducing, or tending to induce, any person to lapse, forfeit, surrender, terminate, retain, pledge, assign, borrow on, or convert any insurance policy or to take out a policy of insurance with another insurer.

(2) High pressure tactics. Employing any method of marketing having the effect of or tending to induce the purchase of insurance through force, fright, threat, whether explicit or implied, or undue pressure to purchase or recommend the purchase of insurance.

(3) Cold lead advertising. Making use directly or indirectly of any method of marketing which fails to disclose in a conspicuous manner that a purpose of the method of marketing is solicitation of insurance and that contact will be made by an insurance agent or insurance company.

SEC. 10. Section 10234.95 of the Insurance Code is repealed.

SEC. 11. Section 10234.95 is added to the Insurance Code, to read:

10234.95. (a) Every insurer or other entity marketing long-term care insurance shall:

(1) Develop and use suitability standards to determine whether the purchase or replacement of long-term care insurance is appropriate for the needs of the applicant.

(2) Train its agents in the use of its suitability standards.

(3) Maintain a copy of its suitability standards and make them available for inspection upon request by the commissioner.

(b) The agent and insurer shall develop procedures that take into consideration, when determining whether the applicant meets the standards developed by the insurer, the following:

(1) The ability to pay for the proposed coverage and other pertinent financial information related to the purchase of the coverage.

(2) The applicant's goals or needs with respect to long-term care and the advantages and disadvantages of insurance to meet these goals or needs.

(3) The value, benefits, and costs of the applicant's existing insurance, if any, when compared to the values, benefits, and costs of the recommended purchase or replacement.

(c) The issuer, and where an agent is involved, the agent, shall make reasonable efforts to obtain the information set out in subdivision (b). The efforts shall include presentation to the applicant, at or prior to application, of the "Long Term Care Insurance Personal Worksheet," contained in the Long Term Care Insurance Model Regulations of the National Association of Insurance Commissioners. The personal worksheet used by the insurer shall contain, at a minimum, the information in the NAIC worksheet in not less than 12-point type. The insurer may request the applicant to provide additional information to comply with its suitability standards. A copy of the issuer's personal worksheet shall be filed and approved by the commissioner.

(d) A completed personal worksheet shall be returned to the issuer prior to the issuer's consideration of the applicant for coverage, except the personal worksheet need not be returned for sale of employer group long-term care insurance to employees and their spouses and dependents.

(e) The sale or dissemination outside the company or agency by the issuer or agent of information obtained through the personal worksheet is prohibited.

(f) The issuer shall use the suitability standards it has developed pursuant to this section in determining whether issuing long-term care insurance coverage to an applicant is appropriate.

(g) Agents shall use the suitability standards developed by the insurer in marketing long-term care insurance.

(h) If the issuer determines that the applicant does not meet its financial suitability standards, or if the applicant has declined to provide the information, the issuer may reject the application. Alternatively, the issuers shall send the applicant a letter similar to the "Long-Term Care Insurance Suitability Letter" contained in the Long-Term Care Model Regulations of the National Association of Insurance Commissioners. However, if the applicant has declined to provide financial information, the issuer may use some other method to verify the applicant's intent. Either the applicant's returned letter or a record of the alternative method of verification shall be made part of the applicant's file.

(i) The insurer shall report annually to the commissioner the total number of applications received from residents of this state, the number of those who declined to provide information on the personal worksheet, the number of applicants who did not meet the suitability standards, and the number who chose to conform after receiving a suitability letter.

(j) This section shall not apply to life insurance policies that accelerate benefits for long-term care.

SEC. 12. Section 10235.9 is added to the Insurance Code, to read:

10235.9. (a) Every insurer shall report annually by June 30 the total number of claims denied by each class of business in the state and the number of these claims denied for failure to meet the waiting period or because of a preexisting condition as of the end of the preceding calendar year.

(b) The insurer shall provide every policyholder or certificate holder whose claim is denied a written notice within 40 days of the date of denial of the reasons for the denial and all information directly related to the denial. Insurers shall annually report to the department the number of denied claims.

(c) The department shall make available to the public, upon request, the denial rate of claims by insurer.

SEC. 13. Section 10235.30 is added to the Insurance Code, to read:

10235.30. (a) No insurer may deliver or issue for delivery a long-term care policy in this state unless the insurer offers at the time of application an option to purchase a shortened benefit period nonforfeiture benefit with the following features:

(1) Eligibility begins no later than after 10 years of premium payments.

(2) The lifetime maximum benefit is no less than the dollar equivalent of three months of care at the nursing facility per diem benefit contained in the policy.

(3) The same benefits are payable, including the amounts and frequency in effect at the time of lapse, for a qualifying claim.

(4) The lifetime maximum benefit may be reduced by the amount of any claims already paid.

(5) Cash back, extended term, and reduced paid-up forms of nonforfeiture benefits shall not be allowed.

(b) This section shall not apply to life insurance policies that accelerate benefits for long-term care.

SEC. 14. Section 10235.40 is added to the Insurance Code, to read:

10235.40. (a) No individual long-term care policy or certificate shall be issued until the applicant has been given the right to designate at least one individual, in addition to the applicant, to receive notice of lapse or termination of a policy or certificate for nonpayment of premium. The insurer shall receive from each applicant one of the following:

(1) A written designation listing the name, address, and telephone number of at least one individual, in addition to the applicant, who is to receive notice of lapse or termination of the policy or certificate for nonpayment of premium.

(2) A waiver signed and dated by the applicant electing not to designate additional persons to receive notice. The required waiver shall read as follows:

"Protection Against Unintended Lapse.

I understand that I have the right to designate at least one person

other than myself to receive notice of lapse or termination of this long-term care insurance policy for nonpayment of premium. I understand that notice will not be given until 30 days after a premium is due and unpaid. I elect not to designate any person to receive the notice.

Signature of Applicant Date"

(b) The insurer shall notify the insured of the right to change the written designation, no less often than once every two years.

(c) When the policyholder or certificate holder pays the premium for a long-term care insurance policy or certificate through a payroll or pension deduction plan, the requirements contained in subdivision (a) need not be met until 60 days after the policyholder or certificate holder is no longer on that deduction payment plan. The application or enrollment form for a certified long-term care insurance policy or certificate shall clearly indicate the deduction payment plan selected by the applicant.

(d) No individual long-term care policy or certificate shall lapse or be terminated for nonpayment of premium unless the insurer, at least 30 days prior to the effective date of the lapse or termination, gives notice to the insured and to the individual or individuals designated pursuant to subdivision (a), at the address provided by the insured for purposes of receiving notice of lapse or termination. Notice shall be given by first-class United States mail, postage prepaid, not less than 30 days after a premium is due and unpaid. Notice shall be deemed to have been given as of five days after the date of mailing.

(e) Each long-term care insurance policy or certificate shall include a provision which, in the event of lapse, provides for reinstatement of coverage, if the insurer is provided with proof of the insured's cognitive impairment or the loss of functional capacity. This option shall be available to the insured if requested within five months after termination and shall allow for the collection of past due premium, where appropriate. The standard of proof of cognitive impairment or loss of functional capacity shall not be more stringent than the benefit eligibility criteria on cognitive impairment or the loss of functional capacity contained in the policy certificate.

SEC. 15. Section 10235.50 is added to the Insurance Code, to read:

10235.50. (a) Every policy or certificate shall include a provision that gives the policyholder or certificate holder a right, exercisable any time after the first year, to retain a policy or certificate while lowering the premium in one or more of the following ways:

(1) Reducing the lifetime maximum benefit.

(2) Reducing the nursing facility per diem and reducing the home- and community-based service benefits of a home care only policy and of a comprehensive long-term care policy.

(3) Converting a "comprehensive long-term care" policy or certificate to a "Nursing Facility Only" or a "Home Care Only" policy or certificate, if the insurer issues those policies or certificates for sale in the state.

(b) The premium for the policy or certificate that is reduced in coverage will be based on the age of the insured at issue age and the premium rate applicable to the amount of reduced coverage at the original issue date.

(c) If the contract in force at the time a reduction in coverage is made provides for benefit adjustments for anticipated increases in the costs of long-term care services, then the reduced nursing facility per diem, lifetime maximum benefit, and daily, weekly, or monthly home care benefits shall be adjusted in the same manner and in the same amount as the contract in force prior to the reduction in coverage.

(d) In the event a policy or certificate is about to lapse, the insurer shall advise the insured of the options to lower the premium by reducing coverage and of the premiums applicable to the reduced coverage. The notice shall provide the insured at least 30 days in which to elect to reduce coverage and the policy shall be reinstated without underwriting if the insured elects the reduced coverage.

(e) In the event of a premium increase, the insured shall be offered the option to lower premiums and reduce coverage.

SEC. 16. Section 10235.51 is added to the Insurance Code, to read:

10235.51. (a) Every policy or certificate shall include a provision that gives the insured the option to elect, no less frequently than on each anniversary date after the policy or certificate is issued, to pay an extra premium for one or more riders that increase coverage in any of the following ways:

(1) Increase the amount of the per diem benefits.

(2) Increase the lifetime maximum benefit.

(3) Increase the amount of both the nursing facility per diem benefit and the home- and community-based care benefits of a comprehensive long-term care insurance policy or certificate.

(b) The premiums for the riders to increase coverage may be based on the attained age of the insured. The premium for the original policy or certificate will not be changed and will continue to be based on the insured's age when the original policy or certificate was issued.

(c) The insurer may require the insured to undergo new underwriting, in addition to the payment of an additional premium, to qualify for the additional coverage. The insurer may restrict the age for issuance of additional coverage and restrict the aggregate amount of additional coverage an insured may acquire to the maximum age and coverage the insurer allows when issuing a new policy or certificate.

SEC. 17. Section 10235.52 is added to the Insurance Code, to read:

10235.52. (a) Every policy shall contain a provision that, in the event the insurer develops new benefits or benefit eligibility not included in the previously issued policy, the insurer will grant current holders of its policies who are not in benefit or within the elimination period the following rights:

(1) The policyholder will be notified of the availability of the new benefits or benefit eligibility within 12 months.

(2) The insurer shall offer the policyholder new benefits or benefit eligibility in one of the following ways:

(A) By adding a rider to the existing policy and paying a separate premium for the new benefit or benefit eligibility based on the insured's attained age. The premium for the existing policy will remain unchanged based on the insured's age at issuance.

(B) By replacing the existing policy or certificate in accordance with Section 10234.87.

(C) By replacing the existing policy or certificate with a new policy or certificate in which case consideration for past insured status shall be recognized by setting the premium for the replacement policy or certificate at the issue age of the policy or certificate being replaced.

(b) The insured may be required to undergo new underwriting, but the underwriting can be no more restrictive than if the policyholder or certificate holder were applying for a new policy or certificate.

(c) The insurer of a group policy as defined under subdivisions (a) to (c), inclusive, of Section 10231.6 must offer the group policyholder the opportunity to have the new benefits and provisions extended to existing certificate holders, but the insurer is relieved of the obligations imposed by this section if the holder of the group policy declines the issuer's offer.

SEC. 18. Section 10235.91 is added to the Insurance Code, to read:

10235.91. In the event a non-medicaid national or state long-term care program is created through public funding that substantially duplicates benefits covered by the policy or certificate, the policyholder or certificate holder will be entitled to select either a reduction in future premiums or an increase in future benefits. An actuarial method for determining the premium reductions and increases in future benefits will be mutually agreed upon by the department and insurers. The amount of the premium reductions and future benefit increases to be made by each insurer will be based on the extent of the duplication of covered benefits, the amount of past premium payments, and claims experience. Each insurer's premium reduction and benefit increase plans shall be filed and approved by the department.

SEC. 19. Section 10237.1 of the Insurance Code is amended to read:

10237.1. No insurer may deliver or issue for delivery a long-term care insurance policy in this state unless the insurer offers to the

policyholder, in addition to any other inflation protection, the option to purchase a long-term care insurance policy that provides for benefit levels to increase with benefit maximums or reasonable durations that are meaningful to account for reasonably anticipated increases in the costs of long-term care services covered by the policy. Insurers shall offer to each policyholder, at the time of purchase, the option to purchase a long-term care insurance policy containing an inflation protection feature which is no less favorable than one that does one or more of the following:

(a) Increases benefit levels annually in a manner so that the increases are compounded annually at a rate of not less than 5 percent.

(b) Guarantees the insured individual the right to periodically increase benefit levels without providing evidence of insurability or health status so long as the option for the previous period has not been declined. The amount of the additional benefit shall be no less than the difference between the existing policy benefit and that benefit compounded annually at a rate of at least 5 percent for the period beginning with the purchase of the existing benefit and extending until the year in which the offer is made.

(c) Covers a specified percentage of actual or reasonable charges and does not include a maximum specified indemnity amount limit.

SEC. 20. Section 10237.4 is added to the Insurance Code, to read:

10237.4. (a) Inflation protection benefit increases under a policy that contains these benefits shall continue without regard to an insured's age, claim status or claim history, or the length of time the person has been insured under the policy.

(b) An offer of inflation protection that provides for automatic benefit increases shall include an offer of a premium which the insurer expects to remain constant. The offer shall disclose in a conspicuous manner that the premium may change in the future unless the premium is guaranteed to remain constant.

SEC. 21. Section 10237.5 is added to the Insurance Code, to read:

10237.5. (a) An inflation protection provision that increases benefit levels annually in a manner so that the increases are compounded annually at a rate not less than 5 percent shall be included in a long-term care insurance policy unless an insurer obtains a rejection of inflation protection signed by the policyholder.

(b) The rejection, to be included in the application or on a separate form, shall state:

"I have reviewed the outline of coverage and the graphs that compare the benefits and premiums of this policy with and without inflation protection. Specially, I have reviewed the plan, and I reject inflation protection.

_____ _____

Signature of Applicant Date"

SEC. 22. Section 10237.6 is added to the Insurance Code, to read:

10237.6. (a) An insurer shall include the following information in or with the outline of coverage:

(1) A graphic comparison of the benefit levels of a policy that increases benefits at a compounded annual rate of not less than 5 percent over the policy period with a policy that does not increase benefits. The graphic comparison shall show benefit levels over at least a 20-year period.

(2) Any expected premium increases or additional premiums to pay for automatic or optional benefit increases.

(b) An insurer may use a reasonable hypothetical or graphic demonstration for purposes of this disclosure.

SEC. 24. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

CHAPTER 700

An act to amend Section 10232.1 of, and to add Sections 10232.2 and 10232.8 to, the Insurance Code, and to amend Section 22005 of the Welfare and Institutions Code, relating to health insurance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 5, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 10232.1 of the Insurance Code is amended to read:

10232.1. (a) Every policy that is intended to be a qualified long-term care insurance contract as provided by Public Law 104-191 shall be identified as such by prominently displaying and printing on page one of the policy form and the outline of coverage and in the application the following words: "This contract for long-term care insurance is intended to be a federally qualified long-term care insurance contract and may qualify you for federal and state tax benefits." Every policy that is not intended to be a qualified long-term care insurance contract as provided by Public Law 104-191

shall be identified as such by prominently displaying and printing on page one of the policy form and the outline of coverage and in the application the following words: "This contract for long-term care insurance is not intended to be a federally qualified long-term care insurance contract."

(b) Any policy or certificate in which benefits are limited to the provision of institutional care shall be called a "nursing facility only" policy or certificate and the words "Nursing Facility Only" shall be prominently displayed on page one of the form and the outline of coverage. The commissioner may approve alternative wording if it is more descriptive of the benefits.

(c) Any policy or certificate in which benefits are limited to the provision of home care services, including community-based services, shall be called a "home care only" policy or certificate and the words "Home Care Only" shall be prominently displayed on page one of the form and the outline of coverage. The commissioner may approve alternative wording if it is more descriptive of the benefits.

(d) Only those policies or certificates providing benefits for both institutional care and home care may be called "comprehensive long-term care" insurance.

SEC. 2. Section 10232.2 is added to the Insurance Code, to read:

10232.2. (a) Every insurer that offers policies or certificates that are intended to be federally qualified long-term care insurance contracts, including riders of life insurance contracts providing long-term care coverage, shall fairly and affirmatively concurrently offer and market long-term care insurance policies or certificates that are not intended to be federally qualified, as described in subdivision (a) of Section 10232.1.

(b) All long-term care insurance contracts, including riders to life insurance contracts providing long-term care coverage, approved after the effective date of this section shall meet all of the requirements of this chapter.

(c) Until January 1, 1999, or 90 days after approval of contracts submitted for approval pursuant to subdivision (b), whichever comes first, insurers may continue to offer and market previously approved long-term care insurance contracts.

(d) Group policies issued prior to January 1, 1997, shall be allowed to remain in force and not be required to meet the requirements of this chapter, as amended during the 1997 portion of the 1997-98 Regular Session, unless those policies cease to be treated as federally qualified long-term care insurance contracts. If such a policy or certificate issued on such a group policy ceases to be a federally qualified long-term care insurance contract under the grandfather rules issued by the United States Department of the Treasury pursuant to Section 7702B(f)(2) of the Internal Revenue Code, the insurer shall offer the policy and certificate holders the option to convert, on a guaranteed-issue basis, to a policy or certificate that is federally tax qualified if the insurer sells tax-qualified policies.

SEC. 3. Section 10232.8 is added to the Insurance Code, to read:

10232.8. (a) In every long-term care policy or certificate that is not intended to be a federally qualified long-term care insurance contract and provides home care benefits, the threshold establishing eligibility for home care benefits shall be at least as permissive as a provision that the insured will qualify if either one of two criteria are met:

(1) Impairment in two out of seven activities of daily living.

(2) Impairment of cognitive ability.

The policy or certificate may provide for lesser but not greater eligibility criteria. The commissioner, at his or her discretion, may approve other criteria or combinations of criteria to be substituted, if the insurer demonstrates that the interest of the insured is better served.

"Activities of daily living" in every policy or certificate that is not intended to be a federally qualified long-term care insurance contract and provides home care benefits shall include eating, bathing, dressing, ambulating, transferring, toileting, and continence; "impairment" means that the insured needs human assistance, or needs continual substantial supervision; and "impairment of cognitive ability" means deterioration or loss of intellectual capacity due to organic mental disease, including Alzheimer's disease or related illnesses, that requires continual supervision to protect oneself or others.

(b) In every long-term care policy approved or certificate issued after the effective date of the act adding this section, that is intended to be a federally qualified long-term care insurance contract as described in subdivision (a) of Section 10232.1, the threshold establishing eligibility for home care benefits shall provide that a chronically ill insured will qualify if either one of two criteria are met or if a third criterion, as provided by this subdivision, is met:

(1) Impairment in two out of six activities of daily living.

(2) Impairment of cognitive ability.

Other criteria shall be used in establishing eligibility for benefits if federal law or regulations allow other types of disability to be used applicable to eligibility for benefits under a long-term care insurance policy. If federal law or regulations allow other types of disability to be used, the commissioner shall promulgate emergency regulations to add such other criteria as a third threshold to establish eligibility for benefits. Insurers shall submit policies for approval within 60 days of the effective date of the regulations. With respect to policies previously approved, the department is authorized to review only the changes made to the policy. All new policies approved and certificates issued after the effective date of the regulation shall include the third criterion. No policy shall be sold that does not include the third criterion after one year beyond the effective date of the regulations. An insured meeting this third criterion shall be eligible for benefits regardless of whether the individual meets the

impairment requirements in paragraph (1) or (2) regarding activities of daily living and cognitive ability.

(c) A licensed health care practitioner, independent of the insurer, shall certify that the insured meets the definition of "chronically ill individual" as defined under Public Law 104-191. In the event a health care practitioner makes a determination, pursuant to this section, that an insured does not meet the definition of "chronically ill individual," the insurer shall notify the insured that the insured shall be entitled to a second assessment by a licensed health care practitioner, upon request, who shall personally examine the insured. The requirement for a second assessment shall not apply if the initial assessment was performed by a practitioner who otherwise meets the requirements of this section and who personally examined the insured. The assessments conducted pursuant to this section shall be performed promptly with the certification completed as quickly as possible to ensure that an insured's benefits are not delayed. The written certification shall be renewed every 12 months. A licensed health care practitioner shall develop a written plan of care after personally examining the insured. The costs to have a licensed health care practitioner certify that an insured meets, or continues to meet, the definition of "chronically ill individual," or to prepare written plans of care shall not count against the lifetime maximum of the policy or certificate. In order to be considered "independent of the insurer," a licensed health care practitioner shall not be an employee of the insurer and shall not be compensated in any manner that is linked to the outcome of the certification. It is the intent of this section that the practitioner's assessments be unhindered by financial considerations.

(d) "Activities of daily living" in every policy or certificate intended to be a federally qualified long-term care insurance contract as provided by Public Law 104-191 shall include eating, bathing, dressing, transferring, toileting, and continence; "impairment in activities of daily living" means the insured needs "substantial assistance" either in the form of "hands-on assistance" or "standby assistance," due to a loss of functional capacity to perform the activity; "impairment of cognitive ability" means the insured needs substantial supervision due to severe cognitive impairment; "licensed health care practitioner" means a physician, registered nurse, licensed social worker, or other individual whom the Secretary of the United States Department of the Treasury may prescribe by regulation; and "plan of care" means a written description of the insured's needs and a specification of the type, frequency, and providers of all formal and informal long-term care services required by the insured, and the cost, if any.

(e) Until such time as these definitions may be superseded by federal law or regulation, the terms "substantial assistance," "hands-on assistance," "standby assistance," "severe cognitive impairment," and "substantial supervision" shall be defined

according to the safe-harbor definitions contained in Internal Revenue Service Notice 97-31, issued May 6, 1997.

(f) The definitions of "activities of daily living" to be used in policies and certificates that are intended to be federally qualified long-term care insurance shall be the following until the time that these definitions may be superseded by federal law or regulations:

(1) Eating, which shall mean feeding oneself by getting food in the body from a receptacle (such as a plate, cup, or table) or by a feeding tube or intravenously.

(2) Bathing, which shall mean washing oneself by sponge bath or in either a tub or shower, including the act of getting into or out of a tub or shower.

(3) Continence, which shall mean the ability to maintain control of bowel and bladder function; or when unable to maintain control of bowel or bladder function, the ability to perform associated personal hygiene (including caring for a catheter or colostomy bag).

(4) Dressing, which shall mean putting on and taking off all items of clothing and any necessary braces, fasteners, or artificial limbs.

(5) Toileting, which shall mean getting to and from the toilet, getting on or off the toilet, and performing associated personal hygiene.

(6) Transferring, which shall mean the ability to move into or out of bed, a chair or wheelchair.

The commissioner may approve the use of definitions of "activities of daily living" that differ from the verbatim definitions of this subdivision if these definitions would result in more policy or certificate holders qualifying for long-term care benefits than would occur by the use of the verbatim definitions of this subdivision. In addition, the following definitions may be used without the approval of the commissioner: (1) the verbatim definitions of eating, bathing, dressing, toileting, transferring, and continence in subdivision (g); or (2) the verbatim definitions of eating, bathing, dressing, toileting, and continence in this subdivision and a substitute, verbatim definition of "transferring" as follows: "transferring," which shall mean the ability to move into and out of a bed, a chair, or wheelchair, or ability to walk or move around inside or outside the home, regardless of the use of a cane, crutches, or braces.

The definitions to be used in policies and certificates for impairment in activities of daily living, "impairment in cognitive ability," and any third eligibility criterion adopted by regulation pursuant to subdivision (b), shall be the verbatim definitions of these benefit eligibility triggers allowed by federal regulations. In addition to the verbatim definitions, the commissioner may approve additional descriptive language to be added to the definitions, if the additional language is (1) warranted based on federal or state laws, federal or state regulations, or other relevant federal decision, and (2) strictly limited to that language which is necessary to ensure that

the definitions required by this section are not misleading to the insured.

(g) The definitions of "activities of daily living" to be used verbatim in policies and certificates that are not intended to qualify for favorable tax treatment under Public Law 104-191 shall be the following:

(1) Eating, which shall mean reaching for, picking up, and grasping a utensil and cup; getting food on a utensil, and bringing food, utensil, and cup to mouth; manipulating food on plate; and cleaning face and hands as necessary following meals.

(2) Bathing, which shall mean cleaning the body using a tub, shower, or sponge bath, including getting a basin of water, managing faucets, getting in and out of tub or shower, and reaching head and body parts for soaping, rinsing, and drying.

(3) Dressing, which shall mean putting on, taking off, fastening, and unfastening garments and undergarments and special devices such as back or leg braces, corsets, elastic stockings or garments, and artificial limbs or splints.

(4) Toileting, which shall mean getting on and off a toilet or commode and emptying a commode, managing clothing and wiping and cleaning the body after toileting, and using and emptying a bedpan and urinal.

(5) Transferring, which shall mean moving from one sitting or lying position to another sitting or lying position; for example, from bed to or from a wheelchair or sofa, coming to a standing position, or repositioning to promote circulation and prevent skin breakdown.

(6) Continence, which shall mean the ability to control bowel and bladder as well as use ostomy or catheter receptacles, and apply diapers and disposable barrier pads.

(7) Ambulating, which shall mean walking or moving around inside or outside the home regardless of the use of a cane, crutches, or braces.

SEC. 4. Section 22005 of the Welfare and Institutions Code is amended to read:

22005. The department shall only certify long-term care insurance policies and health care service plan contracts which cover long-term care that provide all of the following:

(a) Individual case management by a coordinating entity designated or approved by the department.

(b) The levels and durations of benefits which meet minimum standards set by the department.

(c) Protection against loss of benefits due to inflation.

(d) A recordkeeping system including an explanation of benefit report on insurance payments or benefits which count toward Medi-Cal resource exclusion.

(e) Approval of the insurance policy by the Department of Insurance as meeting the requirements of Chapter 2.6 (commencing with Section 10230) of Part 2 of Division 2 of the Insurance Code,

excepting the requirements of Sections 10232.1, 10232.2, 10232.25, 10232.8, 10232.9, and 10232.92, or approval of the health care service plan contract by the Department of Corporations pursuant to Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code as providing substantially equivalent coverage to that required by Chapter 2.6 (commencing with Section 10230) of Part 2 of Division 2 of the Insurance Code.

(f) Compliance with any other requirements imposed by the department through regulations consistent with the purposes of this division.

SEC. 5. This act shall become operative only if SB 527 and SB 1052 are also enacted and become effective on or before January 1, 1998.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to implement the Health Insurance Portability and Accountability Act of 1996 (P.L. 104-191) providing for tax deductibility of certain long-term care insurance policies, it is necessary that this act take effect immediately.

CHAPTER 701

[Approved by Governor October 5, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 10232.2 is added to the Insurance Code, to read:

10232.2. comes first, insurers may continue to offer and market previously approved long-term care insurance contracts.

If such a policy or certificate issued on such a group policy ceases to be a federally qualified long-term care insurance contract under the grandfather rules issued by the United States Department of the Treasury pursuant to Section 7702B(f)(2) of the Internal Revenue Code, the insurer shall offer the policy and certificate holders the option to convert, on a guaranteed-issue basis, to a policy or certificate that is federally tax qualified if the insurer sells tax-qualified policies.

[Approved by Governor October 5, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 7051.3 is added to the Revenue and Taxation Code, to read:

7051.3. (a) "Use tax direct payment permit" means a permit issued by the board that allows a taxpayer to self-assess and pay state and local use tax under Part 1 (commencing with Section 6001), Part 1.5 (commencing with Section 7200), and if otherwise applicable, Part 1.6 (commencing with Section 7251), and Part 1.7 (commencing with Section 7280) directly to the board.

(b) Every person seeking to pay use taxes directly to the board shall file an application for a use tax direct payment permit. An application for a use tax direct payment permit shall be made upon a form prescribed by the board and shall set forth the name under which the applicant transacts or intends to transact business, the location of the place or places of business where the applicant intends to make direct payment of use tax, and any other information that the board may require. An applicant for a use tax direct payment permit may register as a place to make direct payment of use tax, any of the places of business in this state that the applicant expects to be a place of first use for purchases subject to use tax, in accordance with the requirements of subdivision (d). The application shall be signed by the owner, if a natural person; in the case of an association or partnership, by a member or partner; and in the case of a corporation, by an executive officer or some person specifically authorized by the corporation to sign the application.

(c) Pursuant to an application, a use tax direct payment permit shall be issued to any person who meets all of the following conditions:

(1) The applicant agrees to self-assess and pay directly to the board any use tax liability incurred under this section.

(2) The applicant certifies to the board either of the following:

(A) The applicant is the purchaser for its own use or is the lessee of tangible personal property at a cost of five hundred thousand

dollars ($500,000) or more in the aggregate, during the calendar year immediately preceding the application for the permit.

(B) The applicant is a county, city, city and county, or redevelopment agency.

(d) Any person who holds a valid use tax direct payment permit shall self-assess and pay directly to the board use taxes due under this part, Part 1.5 (commencing with Section 7200), and if otherwise applicable, Part 1.6 (commencing with Section 7251), and Part 1.7 (commencing with Section 7280) for all purchases subject to use tax for which a use tax direct payment exemption certificate was issued, and shall report on the tax return required to be filed by Section 6452, the amount of local use tax applicable to each county, city, city and county, or redevelopment agency in which the first "use," as defined in Section 6009, occurs.

(e) The board shall allow any holder of a use tax direct payment permit to issue a use tax direct payment certificate to any registered retailer or seller subject to all of the following:

(3) A use tax direct payment certificate relieves a person selling property from the duty of collecting use tax only if taken in good faith from a person who holds a use tax direct payment permit. A purchaser who issues a use tax direct payment certificate that is accepted in good faith by a seller or retailer of tangible personal property shall be the sole person liable for any sales tax and related interest and penalties with respect to any transaction that is subsequently determined by the board to be subject to sales tax and not use tax.

(4) Any person who holds a use tax direct payment permit and gives a use tax direct payment certificate to a seller or retailer shall, in addition to any applicable use tax liabilities, be subject to the same penalty provisions that apply to a seller or retailer.

(f) Each quarter the board shall allocate local use tax not reported to a county, city, city and county, or redevelopment agency, based upon the distribution of local use tax that has been reported to the county, city, city and county, or redevelopment agency in the prior quarter.

(g) It is the intent of the Legislature that the board administer this part in a manner which assures that local use tax be received by the county, city, city and county, or redevelopment agency where the first use occurs.

7056. (a) (1) Excepting the information set forth on permits issued under Article 2 (commencing with Section 6066) of Chapter 2, the information set forth on certificates of registration issued pursuant to Section 6226, and the terms of any settlement made pursuant to Section 19442 (as amended by Chapter 138 of the Statutes of 1994), it is unlawful for the board, any person having an administrative duty under this part or any person who obtains access to information contained in, or derived from, sales or transactions and use tax records of the board pursuant to subdivision (b), to make known in any manner whatever the business affairs, operations, or any other information pertaining to any retailer or any other person required to report to the board or pay a tax pursuant to this part, or the amount or source of income, profits, losses, expenditures, or any particular thereof, set forth or disclosed in any return, or to permit any return or copy thereof or any book containing any abstract or particulars thereof to be seen or examined by any person.

(2) It is also unlawful for any person, other than an officer or employee of a county, city and county, city, or district, who obtains access to information contained in, or derived from, sales or transactions and use tax records of the board pursuant to subdivision (b), to retain that information after that person's contract with the county, city and county, city, or district has expired.

(3) Notwithstanding paragraphs (1) and (2), the Governor may, by general or special order, authorize examination by other state officers, by tax officers of another state, by the federal government, if a reciprocal arrangement exists, by the tax officials of Mexico, if a reciprocal agreement exists, or by any other person of the records maintained by the board under this part. The information so obtained pursuant to the order of the Governor shall not be made public except to the extent and in the manner that the order may authorize that it be made public.

Except as otherwise provided herein, this subdivision shall not be construed to allow any officer, employee, or other person authorized or designated by a county, city and county, city, or district to examine

any sales or transactions and use tax records of any taxpayer. The costs that are incurred by the board in complying with a request made pursuant to this subdivision shall be deducted by the board from those revenues collected by the board on behalf of the county, city and county, city, or district making the request.

(1) The resolution shall certify that any person designated by the resolution, other than an officer or employee, meets all of the following conditions:

(A) Has an existing contract with the county, city and county, city, or district to examine those sales and use tax records.

(B) Is required by that contract to disclose information contained in, or derived from, those sales or transactions and use tax records only to an officer or employee of the county, city and county, city, or district who is authorized by the resolution to examine the information.

(c) If the board believes that any information obtained pursuant to subdivision (b) has been disclosed to any person not authorized or designated by the resolution of the legislative body of the county, city and county, city, or district, or has been used for purposes not permitted by subdivision (b), then notwithstanding subdivision (b), the board may impose conditions on access to its sales and use tax records which the board considers reasonable, in order to protect the confidentiality of those records.

(d) Predecessors, successors, receivers, trustees, executors, administrators, assignees, and guarantors, if directly interested, may be given information as to the items included in the measure and amounts of any unpaid tax or amounts of tax required to be collected, interest, and penalties.

(e) For purposes of this section, "reciprocal agreement" means a formal agreement to exchange information between national taxing officials of Mexico and taxing authorities of the State Board of Equalization, the Franchise Tax Board, and the Employment Development Department. Furthermore, the reciprocal agreement shall be limited to the exchange of information which is essential for tax administration purposes only. Taxing authorities of the State of California shall be granted tax information only on California

residents. Taxing authorities of Mexico shall be granted tax information only on Mexican nationals.

(B) Two-thirds of the difference between the number of minutes specified for that grade level in paragraph (3) and the number of instructional minutes offered at that grade level in the 1982–83 fiscal year.

(3) In the 1986–87 fiscal year:

(A) Thirty-six thousand minutes in kindergarten.

(B) Fifty thousand four hundred minutes in grades 1 to 3, inclusive.

(C) Fifty-four thousand minutes in grades 4 to 8, inclusive.

(D) Sixty-four thousand eight hundred minutes in grades 9 to 12, inclusive.

(4) In any fiscal year, each school district that receives an apportionment pursuant to subdivision (a) for average daily attendance in grades 9 to 12, inclusive, shall offer a program of instruction that allows each student to receive at least 24 course years of instruction, or the equivalent, during grades 9 to 12, inclusive.

(5) For any schoolsite at which programs are operated in more than one of the grade levels enumerated in subparagraph (B) or (C) of paragraph (3), the school district may calculate a weighted average of minutes for those grade levels at that schoolsite for purposes of making the certification authorized by this subdivision.

(b) (1) If any of the amounts of instructional time specified in paragraph (3) of subdivision (a) is a lesser number of minutes for that grade level than actually provided by the district in the same grade in the 1982–83 fiscal year, the 1982–83 fiscal year number of minutes for that grade level, adjusted to comply with Section 46111, shall instead be the requirement for the purposes of paragraphs (1), (2), and (3) of subdivision (a). Commencing with the 1990–91 fiscal year, and each fiscal year through the 1995–96 fiscal year, any school district subject to this subdivision that does not maintain the number of instructional minutes for a particular grade level that the school district maintained for the 1982–83 fiscal year, adjusted to comply with Section 46111, shall not be subject to paragraphs (1) to (3), inclusive, of subdivision (c) if that school district maintains at least the minimum number of instructional minutes for each grade level set forth in paragraph (3) of subdivision (a) in the 1990–91 fiscal year and each fiscal year through the 1994–95 fiscal year or the 1995–96 fiscal year for districts whose instructional minutes were adjusted to comply with Section 46111, and thereafter returns to the number of instructional minutes maintained for each grade level in the 1982–83 fiscal year.

(2) The Legislature finds and declares that the school districts to which paragraph (1) is applicable have not offered any less instructional time than is required of all other school districts and therefore should not be forced to pay any penalty.

(c) (1) For any school district that receives an apportionment pursuant to subdivision (a) in the 1984–85 fiscal year and that reduces the amount of instructional time offered below the minimum amounts specified in paragraph (1) of subdivision (a) in the 1985–86 fiscal year or any fiscal year thereafter, the Superintendent of Public Instruction shall reduce the base revenue limit per unit of average daily attendance for the fiscal year in which the reduction occurs by an amount attributable to the increase in the 1985–86 fiscal year base revenue limit per unit of average daily attendance pursuant to paragraph (4) of subdivision (b) of Section 42238, as adjusted in the 1985–86 fiscal year and fiscal years thereafter.

(2) For each school district that receives an apportionment pursuant to subdivision (a) in the 1985–86 fiscal year and that reduces the amount of instructional time offered below the minimum amounts specified in paragraph (2) of subdivision (a) in the 1986–87 fiscal year or any fiscal year thereafter, the Superintendent of Public Instruction shall reduce the base revenue limit per unit of average daily attendance for the fiscal year in which the reduction occurs by an amount attributable to the increase in the 1986–87 fiscal year base

revenue limit per unit of average daily attendance pursuant to paragraph (4) of subdivision (b) of Section 42238, as adjusted in the 1986–87 fiscal year and fiscal years thereafter.

(3) For each school district that receives an apportionment pursuant to subdivision (a) in the 1986–87 fiscal year and that reduces the amount of instructional time offered below the minimum amounts specified in paragraph (3) of subdivision (a) in the 1987–88 fiscal year or any fiscal year thereafter, the Superintendent of Public Instruction shall reduce the base revenue limit per unit of average daily attendance for the fiscal year in which the reduction occurs by an amount attributable to the increase in the 1987–88 fiscal year base revenue limit per unit of average daily attendance pursuant to paragraph (4) of subdivision (b) of Section 42238, as adjusted in the 1987–88 fiscal year and fiscal years thereafter.

SEC. 2. (a) It is the intent of the Legislature that, commencing with the 1990–91 fiscal year and each fiscal year through the 1995–96 fiscal year, for any school district that is subject to subdivision (b) of Section 46201 of the Education Code and that failed to maintain the number of instructional minutes for each grade level that the school district maintained for the 1982–83 fiscal year, as adjusted to comply with Section 46111, but that provided, at a minimum, the number of instructional minutes for each grade level set forth in paragraph (3) of subdivision (a) of Section 46201 of the Education Code, that school district shall not have its base revenue limits for any of those fiscal years reduced as a result of that failure.

(b) The Superintendent of Public Instruction shall take any steps necessary, including, but not limited to, adjustments to the base revenue limit of any school district described in subdivision (a) for any of the 1990–91, 1991–92, 1992–93, 1993–94, or 1994–95 fiscal years, or the 1995–96 fiscal year for districts whose instructional minutes were adjusted to comply with Section 46111, to ensure that any school district described in subdivision (a) does not have its base revenue limit reduced in the 1990–91 fiscal year, or any fiscal year through 1994–95, or the 1995–96 fiscal year for districts whose instructional minutes were adjusted to comply with Section 46111, for failing to maintain the number of instructional minutes for any grade level that it maintained in the 1982–83 fiscal year so long as the school district maintained, at a minimum, the number of instructional minutes for each grade level set forth in paragraph (3) of subdivision (a) of Section 46201, and in the 1995–96 fiscal year, or the 1996–97 fiscal year for districts whose instructional minutes were adjusted to comply with Section 46111, returns to the number of instructional minutes maintained for each grade level in the 1982–83 fiscal year.

SEC. 3. (a) Notwithstanding Sections 46201, 46202, and 46206 of the Education Code, the school districts identified in subdivision (b) which failed to maintain the level of instructional minutes required in paragraph (3) of subdivision (a) of Section 46201 of the Education Code in any of the fiscal years 1990–91 to 1994–95, inclusive, or with

respect to the Ferndale Unified School District, the fiscal years 1990–91 to 1995–96, inclusive, and subject to fiscal penalties resulting from audits of instructional minutes, shall pay the lessor of one-quarter of the required fiscal assessment or 5 percent of the total revenue limit of the district commencing with the1997–98 fiscal year and continuing until the full amount of the required fiscal assessment is paid. The Superintendent of Public Instruction shall make the necessary adjustments to facilitate withholding the appropriate amounts from each school district's apportionments.

(b) The following school districts are subject to subdivision (a):

(1) Butte Valley Unified School District.

(2) Calaveras Unified School District.

(3) Etna Union High School District.

(4) Ferndale Unified School District.

(5) Fort Sage Unified School District.

(6) Graves Elementary School District.

(7) Los Angeles Unified School District.

(8) Parlier Unified School District.

(9) Siskiyou Union High School District.

(c) In addition to the amount specified in subdivision (a), the Graves Elementary School District shall have one-half the amount specified in subdivision (b) of Section 41420 of the Education Code withheld from its apportionments on the same terms as specified in subdivision (a), if the district failed to comply with the 175-day minimum school year in any school year described in subdivision (a).

SEC. 4. The Legislature finds and declares that, due to the unique circumstances that would cause financial hardship for the Butte Valley Unified School District, Calaveras Unified School District, Etna Union High School District, Ferndale Unified School District, Fieldbrook Elementary School District, Fort Sage Unified School District, Graves Elementary School District, La Honda Pescadero Unified School District, Los Angeles Unified School District, Parlier Unified School District, Santa Ana Unified School District, and Siskiyou Union High School District, a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution.

CHAPTER 709

An act amend Section 97 of the Streets and Highways Code, and to amend Section 42010 of the Vehicle Code, relating to highways, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 5, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. This act is dedicated in the memory of Helen Madere, who as Vice Mayor of the City of Rio Vista and President of the Highway 12 Association, was a tireless advocate on highway safety issues and a driving force behind the establishment of a Safety Enhancement-Double Fine Zone for State Highway Route 12.

SEC. 2. Section 97 of the Streets and Highways Code is amended to read:

97. (a) The department, in consultation with the Department of the California Highway Patrol, shall develop five pilot projects, three in northern California and two in southern California. The portions of the highways involved in the projects shall be designated and identified as "Safety Enhancement-Double Fine Zones" and shall be in the following locations:

(1) On Route 37, between the intersection with Route 121 and the intersection with Route 29.

(2) On Route 4, between the intersection with the Cummings Skyway and the intersection with Route 80.

(3) On Route 74, between the intersection with Route 5 and the intersection with the Riverside-Orange County line.

(4) On Route 46, between the intersection with Route 101 and the junction with Route 41.

(5) On the Golden Gate Bridge.

(6) On Route 12, between the intersection with Walters Road in the City of Suisun and the intersection with Lower Sacramento Road in the City of Lodi.

(b) (1) The department shall adopt rules and regulations prescribing uniform standards for warning signs to notify motorists that, pursuant to Section 42010 of the Vehicle Code, increased penalties apply for traffic violations that are committed within Safety Enhancement-Double Fine Zones. The rules and regulations adopted by the department shall include, but not be limited to, a requirement that Safety Enhancement-Double Fine Zones be identified with signs stating: "Special Driving Zone Begins Here" and "Special Driving Zone Ends Here."

(2) The department or local authorities, with respect to highways under their respective jurisdictions, shall place and maintain the warning signs specified in paragraph (1) in areas designated under subdivision (a).

(3) The department shall report to the Legislature on January 1, 1998, on the results of these pilot projects, including a determination of whether the projects were successful. In its report, the department shall provide a detailed analysis on the impact of the pilot projects on highway safety, including, but not limited to, the number of accidents, traffic injuries, and fatalities in the project areas. A determination that the projects were successful shall be based upon a showing that a statistically significant decrease in the number of

accidents, traffic injuries, and fatalities has occurred in the project areas.

(c) Designation of a highway as a Safety Enhancement-Double Fine Zone does not increase the civil liability of the state under Division 3.6 (commencing with Section 810) of Title 1 of the Government Code or any other provision of law relating to civil liability.

(d) (1) Only the base fine shall be enhanced pursuant to this section.

(2) Notwithstanding any other provision of law, any additional penalty, forfeiture, or assessment imposed by any other statute shall be based on the amount of the base fine before enhancement or doubling and shall not be based on the amount of the enhanced fine imposed pursuant to this section.

(e) The pilot projects specified in subdivision (a) shall not be elevated in priority for state funding purposes.

(f) This section shall remain in effect only until January 1, 2000, and as of that date is repealed, unless a later enacted statute, that is enacted on or before January 1, 2000, deletes or extends that date.

SEC. 3. Section 42010 of the Vehicle Code is amended to read:

42010. (a) For any offense specified in subdivision (b) that is committed by the driver of a vehicle within an area that has been designated as a Safety Enhancement-Double Fine Zone pursuant to subdivision (a) of Section 97 of the Streets and Highways Code, the fine, in a misdemeanor case, shall be double the amount otherwise prescribed, and, in an infraction case, the fine shall be one category higher than the penalty otherwise prescribed by the uniform traffic penalty schedule established pursuant to Section 40310.

(b) A violation of any of the following provisions is an offense that is subject to subdivision (a):

(1) Chapter 3 (commencing with Section 21650) of Division 11, relating to driving, overtaking, and passing.

(2) Chapter 7 (commencing with Section 22348) of Division 11, relating to speed limits.

(3) Section 23103, relating to reckless driving.

(4) Section 23104, relating to reckless driving which results in bodily injury to another.

(5) Section 23109, relating to speed contests.

(6) Section 23152, relating to driving under the influence of alcohol or a controlled substance, or a violation of Section 23103, as specified in Section 23103.5, relating to alcohol-related reckless driving.

(7) Section 23153, relating to driving under the influence of alcohol or a controlled substance, which results in bodily injury to another.

(8) Section 23220, relating to drinking while driving.

(9) Section 23221, relating to drinking in a motor vehicle while on the highway.

(10) Section 23222, relating to driving while possessing an open alcoholic beverage container.

(11) Section 23223, relating to being in a vehicle on the highway while possessing an open alcoholic beverage container.

(12) Section 23224, relating to being a driver or passenger under the age of 21 possessing an open alcoholic beverage container.

(13) Section 23225, relating to being the owner or driver of a vehicle in which there is an open alcoholic beverage container.

(14) Section 23226, relating to being a passenger in a vehicle in which there is an open alcoholic beverage container.

(c) This section applies only when traffic controls or warning signs have been placed pursuant to Section 97 of the Streets and Highways Code.

(d) (1) Notwithstanding any other provision of law, the enhanced fine imposed pursuant to this section shall be based only on the base fine imposed for the underlying offense and shall not include any other enhancements imposed pursuant to law.

(2) Notwithstanding any other provision of law, any additional penalty, forfeiture, or assessment imposed by any other statute shall be based on the amount of the base fine before enhancement or doubling and shall not be based on the amount of the enhanced fine imposed pursuant to this section.

(e) This section shall remain in effect only until January 1, 2000, and as of that date is repealed, unless a later enacted statute, that is enacted on or before January 1, 2000, deletes or extends that date.

SEC. 4. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure, at the earliest possible time, that public safety is protected by enhancing the fines on sections of the highway that pose particularly hazardous conditions for unsafe drivers, it is necessary that this act take effect immediately.

CHAPTER 710

An act to amend Section 27803 of, and to add Sections 21714, 27315.1, and 27368 to, the Vehicle Code, relating to vehicles.

[Approved by Governor October 5, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 21714 is added to the Vehicle Code, to read:

21714. The driver of a vehicle described in subdivision (f) of Section 27803 shall not do either of the following:

(b) Operate the vehicle in either of the following:

(1) The area on, or immediately adjacent to, the striping or other markers designating adjacent traffic lanes.

(2) The area between two or more vehicles that are traveling in adjacent traffic lanes.

SEC. 2. Section 27315.1 is added to the Vehicle Code, to read:

27315.1. Section 27315 applies to any person in a fully enclosed three-wheeled motor vehicle that is not less than seven feet in length and not less than four feet in width, and has an unladen weight of 900 pounds or more.

SEC. 3. Section 27368 is added to the Vehicle Code, to read:

27368. This article applies to child passengers in a fully enclosed three-wheeled motor vehicle that is not less than seven feet in length and not less than four feet in width, and has an unladen weight of 900 pounds or more.

SEC. 4. Section 27803 of the Vehicle Code is amended to read:

27803. (a) A driver and any passenger shall wear a safety helmet meeting requirements established pursuant to Section 27802 when riding on a motorcycle, motor-driven cycle, or motorized bicycle.

(b) It is unlawful to operate a motorcycle, motor-driven cycle, or motorized bicycle if the driver or any passenger is not wearing a safety helmet as required by subdivision (a).

(c) It is unlawful to ride as a passenger on a motorcycle, motor-driven cycles, or motorized bicycle if the driver or any passenger is not wearing a safety helmet as required by subdivision (a).

(d) This section applies to persons who are riding on motorcycles, motor-driven cycles, or motorized bicycles operated on the highways.

(e) For the purposes of this section, "wear a safety helmet" or "wearing a safety helmet" means having a safety helmet meeting the requirements of Section 27802 on the person's head that is fastened

with the helmet straps and that is of a size that fits the wearing person's head securely without excessive lateral or vertical movement.

(f) This section does not apply to a person operating, or riding as a passenger in, a fully enclosed three-wheeled motor vehicle that is not less than seven feet in length and not less than four feet in width, and has an unladen weight of 900 pounds or more, if the vehicle meets or exceeds all of the requirements of this code, the Federal Motor Vehicle Safety Standards, and the rules and regulations adopted by the United States Department of Transportation and the National Highway Traffic Safety Administration.

(g) In enacting this section, it is the intent of the Legislature to ensure that all persons are provided with an additional safety benefit while operating or riding a motorcycle, motor-driven cycle, or motorized bicycle.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 711

An act to repeal and add Section 12606 of the Business and Professions Code, and repeal and add Section 110375 of the Health and Safety Code, relating to packaging and labeling.

[Approved by Governor October 5, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 12606 of the Business and Professions Code is repealed.

SEC. 2. Section 12606 is added to the Business and Professions Code, to read:

12606. (a) No container wherein commodities are packed shall have a false bottom, false sidewalls, false lid or covering, or be otherwise so constructed or filled, wholly or partially, as to facilitate the perpetration of deception or fraud.

(b) No container shall be made, formed, or filled as to be misleading. A container that does not allow the consumer to fully view its contents shall be considered to be filled as to be misleading if it contains nonfunctional slack fill. Slack fill is the difference between the actual capacity of a container and the volume of product contained therein. Nonfunctional slack fill is the empty space in a package that is filled to less than its capacity for reasons other than the following:

(1) Protection of the contents of the package.

(2) The requirements of machines used for enclosing the contents of the package.

(3) Unavoidable product settling during shipping and handling.

(4) The need to utilize a larger than required package or container to provide adequate space for the legible presentation of mandatory and necessary labeling information, such as those based on the regulations adopted by the Food and Drug Administration or state or federal agencies under federal or state law, laws or regulations adopted by foreign governments, or under an industrywide voluntary labeling program.

(5) The fact that the product consists of a commodity that is packaged in a decorative or representational container where the container is part of the presentation of the product and has value that is both significant in proportion to the value of the product and independent of its function to hold the product, such as a gift combined with a container that is intended for further use after the product is consumed, or durable commemorative or promotional packages.

(6) An inability to increase the level of fill or to further reduce the size of the package, such as where some minimum package size is necessary to accommodate required labeling, discourage pilfering, facilitate handling, or accommodate tamper-resistant devices.

(7) The product container bears a reasonable relationship to the actual amount of product contained inside, and the dimensions of the actual product container, the product, or the amount of product therein is visible to the consumer at the point of sale, or where obvious secondary use packaging is involved.

(8) The dimensions of the product or immediate product container are visible through the exterior packaging, or where the actual size of the product or immediate product container is clearly and conspicuously depicted on the exterior packaging, accompanied by a clear and conspicuous disclosure that the representation is the "actual size" of the product or the immediate product container.

(9) The presence of any head space within an immediate product container necessary to facilitate the mixing, adding, shaking, or dispensing of liquids or powders by consumers prior to use.

(10) The exterior packaging contains a product delivery or dosing device if the device is visible, or a clear and conspicuous depiction of the device appears on the exterior packaging, or it is readily apparent

from the conspicuous exterior disclosures or the nature and name of the product that a delivery or dosing device is contained in the package.

(11) The exterior packaging or immediate product container is a kit that consists of a system, or multiple components, designed to produce a particular result that is not dependent upon the quantity of the contents, if the purpose of the kit is clearly and conspicuously disclosed on the exterior packaging.

(12) The exterior packaging of the product is routinely displayed using tester units or demonstrations to consumers in retail stores, so that customers can see the actual, immediate container of the product being sold, or a depiction of the actual size thereof prior to purchase.

(13) The exterior packaging consists of single or multi-unit presentation boxes of holiday or gift packages if the purchaser can adequately determine the quantity and sizes of the immediate product container at the point of sale.

(14) The exterior packaging is for a combination of one purchased product, together with a free sample or gift, wherein the exterior packaging is necessarily larger than it would otherwise be due to the inclusion of the sample or gift, if the presence of both products and the quantity of each product are clearly and conspicuously disclosed on the exterior packaging.

(15) The exterior packaging or immediate product container encloses computer hardware or software designed to serve a particular computer function, if the particular computer function to be performed by the computer hardware or software is clearly and conspicuously disclosed on the exterior packaging.

(c) Any sealer may seize a container that facilitates the perpetration of deception or fraud and the contents of the container. By order of the municipal or superior court of the city or county within which a violation of this section occurs, the containers seized shall be condemned and destroyed or released upon such conditions as the court may impose to insure against their use in violation of this chapter. The contents of any condemned container shall be returned to the owner thereof if the owner furnishes proper facilities for the return.

SEC. 3. Section 110375 of the Health and Safety Code is repealed.

SEC. 4. Section 110375 is added to the Health and Safety Code, to read:

110375. (a) No container wherein commodities are packed shall have a false bottom, false sidewalls, false lid or covering, or be otherwise so constructed or filled, wholly or partially, as to facilitate the perpetration of deception or fraud.

(b) No container shall be made, formed, or filled as to be misleading. A container that does not allow the consumer to fully view its contents shall be considered to be filled as to be misleading if it contains nonfunctional slack fill. Slack fill is the difference

between the actual capacity of a container and the volume of product contained therein. Nonfunctional slack fill is the empty space in a package that is filled to less than its capacity for reasons other than the following:

(1) Protection of the contents of the package.

(2) The requirements of machines used for enclosing the contents of the package.

(3) Unavoidable product settling during shipping and handling.

(4) The need to utilize a larger than required package or container to provide adequate space for the legible presentation of mandatory and necessary labeling information, such as those based on the regulations adopted by the Food and Drug Administration or state or federal agencies under federal or state law, laws or regulations adopted by foreign governments, or under an industrywide voluntary labeling program.

(5) The fact that the product consists of a commodity that is packaged in a decorative or representational container where the container is part of the presentation of the product and has value that is both significant in proportion to the value of the product and independent of its function to hold the product, such as a gift combined with a container that is intended for further use after the product is consumed, or durable commemorative or promotional packages.

(6) An inability to increase the level of fill or to further reduce the size of the package, such as where some minimum package size is necessary to accommodate required labeling, discourage pilfering, facilitate handling, or accommodate tamper-resistant devices.

(7) The product container bears a reasonable relationship to the actual amount of product contained inside, and the dimensions of the actual product container, the product, or the amount of product therein is visible to the consumer at the point of sale, or where obvious secondary use packaging is involved.

(8) The dimensions of the product or immediate product container are visible through the exterior packaging, or where the actual size of the product or immediate product container is clearly and conspicuously depicted on the exterior packaging, accompanied by a clear and conspicuous disclosure that the representation is the "actual size" of the product or the immediate product container.

(9) The presence of any head space within an immediate product container necessary to facilitate the mixing, adding, shaking, or dispensing of liquids or powders by consumers prior to use.

(10) The exterior packaging contains a product delivery or dosing device if the device is visible, or a clear and conspicuous depiction of the device appears on the exterior packaging, or it is readily apparent from the conspicuous exterior disclosures or the nature and name of the product that a delivery or dosing device is contained in the package.

(11) The exterior packaging or immediate product container is a kit that consists of a system, or multiple components, designed to produce a particular result that is not dependent upon the quantity of the contents, if the purpose of the kit is clearly and conspicuously disclosed on the exterior packaging.

(12) The exterior packaging of the product is routinely displayed using tester units or demonstrations to consumers in retail stores, so that customers can see the actual, immediate container of the product being sold, or a depiction of the actual size thereof prior to purchase.

(13) The exterior packaging consists of single or multi-unit presentation boxes of holiday or gift packages if the purchaser can adequately determine the quantity and sizes of the immediate product container at the point of sale.

(14) The exterior packaging is for a combination of one purchased product, together with a free sample or gift, wherein the exterior packaging is necessarily larger than it would otherwise be due to the inclusion of the sample or gift, if the presence of both products and the quantity of each product are clearly and conspicuously disclosed on the exterior packaging.

(c) Any sealer may seize a container that facilitates the perpetration of deception or fraud and the contents of the container. By order of the municipal or superior court of the city or county within which a violation of this section occurs, the containers seized shall be condemned and destroyed or released upon such conditions as the court may impose to insure against their use in violation of this chapter. The contents of any condemned container shall be returned to the owner thereof if the owner furnishes proper facilities for the return.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because in that regard this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative

on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 712

An act to add Chapter 2.93 (commencing with Section 7286.52) to Part 1.7 of Division 2 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor October 5, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 2.93 (commencing with Section 7286.52) is added to Part 1.7 of Division 2 of the Revenue and Taxation Code, to read:

CHAPTER 2.93. WOODLAND TRANSACTIONS AND USE TAX

7286.52. (a) Subject to subdivision (b), the City of Woodland may levy a transactions and use tax at a rate of 0.25 percent or 0.5 percent, if an ordinance or resolution proposing that tax is approved by a two-thirds vote of all the members of the city council and the tax is approved by a majority vote of the qualified voters of the city voting in an election on the issue.

(b) Any transactions and use tax levied under this section shall be levied pursuant to the Transactions and Use Tax Law (Part 1.6 (commencing with Section 7251)).

SEC. 2. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the uniquely difficult fiscal pressures being experienced by the City of Woodland in providing essential services and funding for city programs and operations.

CHAPTER 713

An act to amend Section 39612 of the Health and Safety Code, relating to air pollution.

[Approved by Governor October 5, 1997. Filed with Secretary of State October 6, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 39612 of the Health and Safety Code is amended to read:

[Approved by Governor October 6, 1997. Filed with Secretary of State October 7, 1997.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that illegal rebates and kickbacks are a significant problem in the marketing of title insurance in California, and have been a problem for more than two decades. Administrative penalties available to the Department of Insurance and the Department of Real Estate are ineffective in curtailing this illegal activity, which stifles competition, increases costs to consumers, and prejudices legitimate competitors in the marketplace.

It is the intent of the Legislature in enacting this bill to provide an effective deterrent to illegal rebates and kickbacks by clarifying that those who knowingly violate the law are guilty of commercial bribery.

It is further the intent of the Legislature to ensure that real estate licensees who are not participating in this illegal rebate and kickback activity report, without fear of license sanctions, their knowledge of participation in this activity by other licensees to the Real Estate Commissioner.

SEC. 2. Section 10177.4 of the Business and Professions Code is amended to read:

10177.4. A licensee may not be disciplined under any provision of this part for reporting to the commissioner violations of this section by another licensee, unless the licensee making the report had guilty knowledge of, or committed or participated in, the violation of this section.

(b) The term "other consideration" as used in this section does not include any of the following:

(1) Bona fide payments for goods or facilities actually furnished by a licensee or for services actually performed by a licensee, provided these payments are reasonably related to the value of the goods, facilities, or services furnished.

(2) Furnishing of documents, services, information, advertising, educational materials, or items of a like nature that are customary in the real estate business and that relate to the product or services of the furnisher and that are available on a similar and essentially equal basis to all customers or the agents of the customers of the furnisher.

(3) Moderate expenses for food, meals, beverages, and similar items furnished to individual licensees or groups or associations of licensees within a context of customary business, educational, or promotional practices pertaining to the business of the furnisher.

(4) Items of a character and magnitude similar to those in paragraphs (2) and (3) that are promotional of the furnisher's business customary in the real estate business, and available on a similar and essentially equal basis to all customers, or the agents of the customers, of the furnisher.

(c) Nothing in this section shall relieve any licensee of the obligation of disclosure otherwise required by this part.

SEC. 3. Section 641.4 is added to the Penal Code, to read:

641.4. (a) An employee of a title insurer, underwritten title company, or controlled escrow company who corruptly violates Section 12404 of the Insurance Code by paying, directly or indirectly, a commission, compensation, or other consideration to a licensee, as defined in Section 10011 of the Business and Professions Code, or a licensee who corruptly violates Section 10177.4 of the Business and Professions Code by receiving from an employee of a title insurer, underwritten title company, or controlled escrow company a commission, compensation, or other consideration, as an inducement for the placement or referral of title business, is guilty of commercial bribery.

(b) For purposes of this section, commercial bribery is punishable by imprisonment in a county jail for not more than one year, or by a fine of ten thousand dollars ($10,000) for each unlawful transaction, or by both a fine and imprisonment.

(c) For purposes of this section, "title business" has the same meaning as that used in Section 12404 of the Insurance Code.

(d) This section shall not preclude prosecution under any other law.

(e) This section shall not be construed to supersede or affect Section 641.3. A person may be charged with a violation of this section and Section 641.3. However, a defendant may not be punished under this section and Section 641.3 for the same act that constitutes a violation of both this section and Section 641.3.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government

Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 13. Section 2356.5 of the Probate Code is amended to read:

2356.5. (a) The Legislature hereby finds and declares:

(1) That people with dementia, as defined in the last published edition of the "Diagnostic and Statistical Manual of Mental Disorders," should have a conservatorship to serve their unique and special needs .

(2) That, by adding powers to the probate conservatorship for people with dementia, their unique and special needs can be met. This will reduce costs to the conservatee and the family of the conservatee, reduce costly administration by state and county government, and safeguard the basic dignity and rights of the conservatee.

(3) That it is the intent of the Legislature to recognize that the administration of psychotropic medications has been, and can be, abused by caregivers and, therefore, granting powers to a conservator to authorize these medications for the treatment of dementia requires the protections specified in this section.

(b) Notwithstanding any other provision of law, a conservator may authorize the placement of a conservatee in a secured perimeter residential care facility for the elderly operated pursuant to Section 1569.698 of the Health and Safety Code, or a locked and secured nursing facility which specializes in the care and treatment of people with dementia pursuant to subdivision (c) of Section 1569.691 of the Health and Safety Code, and which has a care plan that meets the requirements of Section 87724 of Title 22 of the California Code of Regulations, upon a court's finding, by clear and convincing evidence, of all of the following:

(1) The conservatee has dementia, as defined in the last published edition of the "Diagnostic and Statistical Manual of Mental Disorders."

(2) The conservatee lacks the capacity to give informed consent to this placement and has at least one mental function deficit pursuant to subdivision (a) of Section 812, and this deficit significantly impairs the person's ability to understand and appreciate the consequences of his or her actions pursuant to subdivision (b) of Section 812.

(3) The conservatee needs or would benefit from a restricted and secure environment, as demonstrated by evidence presented by the physician or psychologist referred to in paragraph (3) of subdivision (f).

(4) The court finds that the proposed placement in a locked facility is the least restrictive placement appropriate to the needs of the conservatee.

(c) Notwithstanding any other provision of law, a conservator of a person may authorize the administration of medications appropriate for the care and treatment of dementia, upon a court's finding, by clear and convincing evidence, of all of the following:

(1) The conservatee has dementia, as defined in the last published edition of the "Diagnostic and Statistical Manual of Mental Disorders."

(2) The conservatee lacks the capacity to give informed consent to the administration of medications appropriate to the care of dementia, and has at least one mental function deficit pursuant to subdivision (a) of Section 812, and this deficit or deficits significantly impairs the person's ability to understand and appreciate the consequences of his or her actions pursuant to subdivision (b) of Section 812.

(3) The conservatee needs or would benefit from appropriate medication as demonstrated by evidence presented by the physician or psychologist referred to in paragraph (3) of subdivision (f).

(d) Pursuant to subdivision (b) of Section 2355, in the case of a person who is an adherent of a religion whose tenets and practices call for a reliance on prayer alone for healing, the treatment required by the conservator under subdivision (c) shall be by an accredited practitioner of that religion in lieu of the administration of medications.

(e) A conservatee who is to be placed in a facility pursuant to this section shall not be placed in a mental health rehabilitation center as described in Section 5675 of the Welfare and Institutions Code, or in an institution for mental disease as described in Section 5900 of the Welfare and Institutions Code.

(f) A petition for authority to act under this section shall be governed by Section 2357, except:

(1) The conservatee shall be represented by an attorney pursuant to Chapter 4 (commencing with Section 1470) of Part 1.

(2) The conservatee shall be produced at the hearing, unless excused pursuant to Section 1893.

(3) The petition shall be supported by a declaration of a licensed physician, or a licensed psychologist within the scope of his or her licensure, regarding each of the findings required to be made under this section for any power requested, except that the psychologist has at least two years of experience in diagnosing dementia.

(4) The petition may be filed by any of the persons designated in Section 1891.

(g) The court investigator shall annually investigate and report to the court every two years pursuant to Sections 1850 and 1851 if the conservator is authorized to act under this section. In addition to the other matters provided in Section 1851, the conservatee shall be

specifically advised by the investigator that the conservatee has the right to object to the conservator's powers granted under this section, and the report shall also include whether powers granted under this section are warranted. If the conservatee objects to the conservator's powers granted under this section, or the investigator determines that some change in the powers granted under this section is warranted, the court shall provide a copy of the report to the attorney of record for the conservatee. If no attorney has been appointed for the conservatee, one shall be appointed pursuant to Chapter 4 (commencing with Section 1470) of Part 1. The attorney shall, within 30 days after receiving this report, do one of the following:

(1) File a petition with the court regarding the status of the conservatee.

(2) File a written report with the court stating that the attorney has met with the conservatee and determined that the petition would be inappropriate.

(h) A petition to terminate authority granted under this section shall be governed by Section 2359.

(i) Nothing in this section shall be construed to affect a conservatorship of the estate of a person who has dementia.

(j) Nothing in this section shall affect the laws that would otherwise apply in emergency situations.

(k) Nothing in this section shall affect current law regarding the power of a probate court to fix the residence of a conservatee or to authorize medical treatment for any conservatee who has not been determined to have dementia.

(*l*) (1) Until such time as the conservatorship becomes subject to review pursuant to Section 1850, this section shall not apply to a conservatorship established on or before the effective date of the adoption of Judicial Council forms that reflect the procedures authorized by this section, or January 1, 1998, whichever occurs first.

(2) Upon the adoption of Judicial Council forms that reflect the procedures authorized by this section or January 1, 1998, whichever occurs first, this section shall apply to any conservatorships established after that date.

CHAPTER 1. GENERAL PROVISIONS

21600. This part shall apply to property passing by will through a decedent's estate or by a trust, as defined in Section 82, that becomes irrevocable only on the death of the settlor.

21601. (a) For purposes of this part, "decedent's testamentary instruments" means the decedent's will or revocable trust.

(b) "Estate" as used in this part shall include a decedent's probate estate and all property held in any revocable trust that becomes irrevocable on the death of the decedent.

CHAPTER 2. OMITTED SPOUSES

21610. Except as provided in Section 21611, if a decedent fails to provide in a testamentary instrument for the decedent's surviving spouse who married the decedent after the execution of all of the decedent's testamentary instruments, the omitted spouse shall receive a share in the decedent's estate, consisting of the following property in said estate:

(a) The one-half of the community property that belongs to the decedent under Section 100.

(b) The one-half of the quasi-community property that belongs to the decedent under Section 101.

(c) A share of the separate property of the decedent equal in value to that which the spouse would have received if the decedent had died without having executed a testamentary instrument, but in no event is the share to be more than one-half the value of the separate property in the estate.

21611. The spouse shall not receive a share of the estate under Section 21610 if any of the following is established:

(a) The decedent's failure to provide for the spouse in the decedent's testamentary instruments was intentional and that intention appears from the testamentary instruments.

(b) The decedent provided for the spouse by transfer outside of the estate passing by the decedent's testamentary instruments and the intention that the transfer be in lieu of a provision in said

instruments is shown by statements of the decedent or from the amount of the transfer or by other evidence.

(2) If that is not sufficient, so much as may be necessary to satisfy the share shall be taken from all beneficiaries of decedent's testamentary instruments in proportion to the value they may respectively receive. This value shall be determined as of the date of the decedent's death.

(b) If the obvious intention of the decedent in relation to some specific gift or devise or other provision of a testamentary instrument would be defeated by the application of subdivision (a), the specific devise or gift or provision may be exempted from the apportionment under subdivision (a), and a different apportionment, consistent with the intention of the decedent, may be adopted.

CHAPTER 3. OMITTED CHILDREN

21620. Except as provided in Section 21621, if a decedent fails to provide in a testamentary instrument for a child of decedent born or adopted after the execution of all of the decedent's testamentary instruments, the omitted child shall receive a share in the decedent's estate equal in value to that which the child would have received if the decedent had died without having executed any testamentary instrument.

21621. A child shall not receive a share of the estate under Section 21620 if any of the following is established:

(a) The decedent's failure to provide for the child in the decedent's testamentary instruments was intentional and that intention appears from the testamentary instruments.

(b) The decedent had one or more children and devised or otherwise directed the disposition of substantially all the estate to the other parent of the omitted child.

(c) The decedent provided for the child by transfer outside of the estate passing by the decedent's testamentary instruments and the intention that the transfer be in lieu of a provision in said instruments is show by statements of the decedent or from the amount of the transfer or by other evidence.

21622. If, at the time of the execution of all of decedent's testamentary instruments effective at the time of decedent's death, the decedent failed to provide for a living child solely because the decedent believed the child to be dead or was unaware of the birth of the child, the child shall receive a share in the estate equal in value

to that which the child would have received if the decedent had died without having executed any testamentary instruments.

21623. (a) Except as provided in subdivision (b), in satisfying a share provided by this chapter:

(1) The share will first be taken from the decedent's estate not disposed of by will or trust, if any.

(2) If that is not sufficient, so much as may be necessary to satisfy the share shall be taken from all beneficiaries of decedent's testamentary instruments in proportion to the value they may respectively receive. This value shall be determined as of the date of the decedent's death.

(b) If the obvious intention of the decedent in relation to some specific gift or devise or other provision of a testamentary instrument would be defeated by the application of subdivision (a), the specific devise or gift or provision of a testamentary instrument may be exempted from the apportionment under subdivision (a), and a different apportionment, consistent with the intention of the decedent, may be adopted.

CHAPTER 4. APPLICABILITY

21630. This part does not apply if the decedent died before January 1, 1998. The law applicable prior to January 1, 1998, applies if the decedent died before January 1, 1998.

10850. (a) Except as otherwise provided in this section, all applications and records concerning any individual made or kept by any public officer or agency in connection with the administration of any provision of this code relating to any form of public social services for which grants-in-aid are received by this state from the United States government shall be confidential, and shall not be open to examination for any purpose not directly connected with the administration of that program, or any investigation, prosecution, or criminal or civil proceeding conducted in connection with the administration of any such program. The disclosure of any information which identifies by name or address any applicant for or recipient of these grants-in-aid to any committee or legislative body is prohibited, except as provided in subdivision (b).

(b) Except as otherwise provided in this section, no person shall publish or disclose or permit or cause to be published or disclosed any list of persons receiving public social services. Any county welfare department in this state may release lists of applicants for, or recipients of, public social services, to any other county welfare department or the State Department of Social Services, and these lists or any other records shall be released when requested by any county welfare department or the State Department of Social Services. These lists or other records shall only be used for purposes

directly connected with the administration of public social services. Except for those purposes, no person shall publish, disclose, or use or permit or cause to be published, disclosed, or used any confidential information pertaining to an applicant or recipient.

Any county welfare department and the State Department of Social Services shall provide any governmental entity which is authorized by law to conduct an audit or similar activity in connection with the administration of public social services, including any committee or legislative body so authorized, with access to any public social service applications and records described in subdivision (a) to the extent of the authorization. Those committees, legislative bodies and other entities may only request or use these records for the purpose of investigating the administration of public social services, and shall not disclose the identity of any applicant or recipient except in the case of a criminal or civil proceeding conducted in connection with the administration of public social services.

However, this section shall not prohibit the furnishing of this information to other public agencies to the extent required for verifying eligibility or for other purposes directly connected with the administration of public social services, or to county superintendents of schools or superintendents of school districts only as necessary for the administration of federally assisted programs providing assistance in cash or in-kind or services directly to individuals on the basis of need. Any person knowingly and intentionally violating this subdivision is guilty of a misdemeanor.

Further, in the context of a petition for the appointment of a conservator for a person who is receiving or has received aid from a public agency, as indicated above, or in the context of a criminal prosecution for a violation of Section 368 of the Penal Code both of the following shall apply:

(1) An Adult Protective Services employee or Ombudsman may answer truthfully at any proceeding related to the petition or prosecution, when asked if he or she is aware of information that he or she believes is related to the legal mental capacity of that aid recipient or the need for a conservatorship for that aid recipient. If the Adult Protective Services employee or Ombudsman states that he or she is aware of such information, the court may order the Adult Protective Services employee or Ombudsman to testify about his or her observations and to disclose all relevant agency records.

(2) The court may order the Adult Protective Services employee or Ombudsman to testify about his or her observations and to disclose any relevant agency records if the court has other independent reason to believe that the Adult Protective Services employee or Ombudsman has information that would facilitate the resolution of the matter.

(c) The State Department of Social Services may make rules and regulations governing the custody, use, and preservation of all

records, papers, files, and communications pertaining to the administration of the laws relating to public social services under their jurisdiction. The rules and regulations shall be binding on all departments, officials and employees of the state, or of any political subdivision of the state and may provide for giving information to or exchanging information with agencies, public or political subdivisions of the state, and may provide for giving information to or exchanging information with agencies, public or private, which are engaged in planning, providing or securing social services for or in behalf of recipients or applicants; and for making case records available for research purposes, provided, that the research will not result in the disclosure of the identity of applicants for or recipients of public social services.

(d) Any person, including every public officer and employee, who knowingly secures or possesses, other than in the course of official duty, an official list or a list compiled from official sources, published or disclosed in violation of this section, of persons who have applied for or who have been granted any form of public social services for which state or federal funds are made available to the counties is guilty of a misdemeanor.

(e) This section shall not be construed to prohibit an employee of a county welfare department from disclosing confidential information concerning a public social services applicant or recipient to a state or local law enforcement agency investigating or gathering information regarding a criminal act committed in a welfare department office, a criminal act against any county or state welfare worker, or any criminal act witnessed by any county or state welfare worker while involved in the administration of public social services at any location. Further, this section shall not be construed to prohibit an employee of a county welfare department from disclosing confidential information concerning a public social services applicant or recipient to a state or local law enforcement agency investigating or gathering information regarding a criminal act intentionally committed by the applicant or recipient against any off-duty county or state welfare worker in retaliation for an act performed in the course of the welfare worker's duty when the person committing the offense knows or reasonably should know that the victim is a state or county welfare worker. These criminal acts shall include only those which are in violation of state or local law. Disclosure of confidential information pursuant to this subdivision shall be limited to the applicant's or recipient's name, physical description, and address.

(f) The provisions of this section shall be operative only to the extent permitted by federal law and shall not apply to, but exclude, Chapter 7 (commencing with Section 14000) of this division, entitled "Basic Health Care", and for which a grant-in-aid is received by the state under Title XIX of the Social Security Act.

However, in the context of a petition for the appointment of a conservator for a person with respect to whom such information is made or kept, and in the context of a criminal prosecution for a violation of Section 368 of Penal Code with respect to such a person, all of the following shall apply:

A public officer or employee of any such agency may answer truthfully, at any proceeding related to the petition or prosecution, when asked if he or she is aware of information that he or she believes is related to the legal mental capacity of that aid recipient or the need for a conservatorship for that aid recipient. If the officer or employee states that he or she is aware of this information, the court may order the officer or employee to testify about his or her observations and to disclose any relevant agency records if the court has an other independent reason to believe that the officer or employee has information that would facilitate the resolution of the matter.

(b) Except as provided in this section and to the extent permitted by federal law or regulation all information about applicants and recipients as provided for in subdivision (a) to be safeguarded includes, but is not limited to, names and addresses, medical services provided, social and economic conditions or circumstances, agency evaluation of personal information, and medical data, including diagnosis and past history of disease or disability.

These activities include, but are not limited to: establishing eligibility and methods of reimbursement; determining the amount of medical assistance; providing services for recipients; conducting or assisting an investigation, prosecution, or civil or criminal proceeding related to the administration of the Medi-Cal program; and conducting or assisting a legislative investigation or audit related to the administration of the Medi-Cal program.

(d) Any officer, agent, or employee of the State Department of Health Services or of any public agency shall provide the Joint

Legislative Audit Committee and the Auditor General with any and all the information described in subdivision (b) within a reasonable period of time as determined by the committee in consultation with the State Department of Health Services, after receipt of a request from the committee approved by a majority of the members of the committee. The Joint Legislative Audit Committee and the Auditor General may use such information only for the purpose of investigating or auditing the administration of the Medi-Cal program, Chapter 8 (commencing with Section 14200), or Chapter 8.7 (commencing with Section 14520), and shall not use such information for commercial or political purposes. In any case where disclosure of information is authorized by this section, the Joint Legislative Audit Committee or the Auditor General shall not disclose the identity of any applicant or recipient, except in the case of a criminal or civil proceeding conducted in connection with the administration of the Medi-Cal program.

(e) The access to information provided in subdivision (d) shall be permitted only to the extent and under the conditions provided by federal law and regulations governing the release of such information.

(f) The State Department of Health Services may make rules and regulations governing the custody, use and preservation of all records, papers, files and communications pertaining to the administration of the laws relating to the Medi-Cal program, Chapter 8 (commencing with Section 14200), or Chapter 8.7 (commencing with Section 14520). The rules and regulations shall be binding on all departments, officials and employees of the state, or of any political subdivision of the state and may provide for giving information to or exchanging information with agencies, public or political subdivisions of the state, and may provide for giving information to or exchanging information with agencies, public or private, which are engaged in planning, providing or securing such services for or in behalf of recipients or applicants; and for making case records available for research purposes, provided, that such research will not result in the disclosure of the identity of applicants for or recipients of such services.

(g) Upon request, the department shall release to the negotiator established pursuant to Article 2.6 (commencing with Section 14081) all computer tapes and any modifications thereto, including paid claims, connected with the administration of the Medi-Cal program which are in the possession or under the control of the department, including tapes prepared prior to the effective date of this section.

To ensure compliance with federal law and regulations, the department shall make the minimum necessary modifications to its computer tapes prior to releasing the tapes to the negotiator in order to assure the confidentiality of the identity of all applicants for, or recipients of, those services. The department shall not make any

modifications to paid claims tapes which affect information regarding beneficiaries' aid categories or counties of origin.

(h) Any person who knowingly releases or possesses confidential information concerning persons who have applied for or who have been granted any form of Medi-Cal benefits or benefits under Chapter 8 (commencing with Section 14200) or Chapter 8.7 (commencing with Section 14520) for which state or federal funds are made available in violation of this section is guilty of a misdemeanor.

(1) A person, including, but not limited to, one who has the care or custody of, or who stands in a position of trust to, an elder or a dependent adult, takes, secretes, or appropriates their money or property, to any wrongful use, or for any purpose not in the due and lawful execution of his or her trust.

(2) A situation in which all of the following conditions are satisfied:

(A) An elder (who would be a dependent adult if he or she were between the ages of 18 and 64) or dependent adult or his or her representative requests that a third party transfer to the elder or dependent adult or to his or her representative, or to a court appointed receiver, property that meets all of the following criteria:

(i) The third party holds or has control of the property.

(ii) The property belongs to, or is held in express trust, constructive trust or resulting trust for, the elder or dependent adult.

(iii) The ownership or control of the property was acquired in whole or in part by the third party or someone acting in concert with the third party from the elder or dependent adult at a time when the elder or dependent adult was a dependent adult or was a person who would have been a dependent adult if he or she had then been between the ages of 18 and 64.

(B) Despite the request for the transfer of property, the third party without good cause either continues to hold the property or fails to take reasonable steps to make the property readily available to the elder or dependent adult, to his or her representative or to a court appointed receiver.

(C) The third party committed acts described in this paragraph in bad faith. A third party shall be deemed to have acted in bad faith if the third party either knew or should have known that the elder or dependent adult had the right to have the property transferred or made readily available. For purposes of this subdivision, a third party should have known of this right if, on the basis of the information received by the elder or dependent adult, or the elder or dependent adult's representative, it is obvious to a reasonable person that the elder or dependent adult had this right.

(a) The court shall award to the plaintiff reasonable attorney's fees and costs. The term "costs" includes, but is not limited to, reasonable fees for the services of a conservator, if any, devoted to the litigation of a claim brought under this article.

(b) The limitations imposed by Section 337.34 of the Code of Civil Procedure on the damages recoverable shall not apply. However, the damages recovered shall not exceed the damages permitted to be recovered pursuant to subdivision (b) of Section 3333.2 of the Civil Code.

(c) The standards set forth in subdivision (b) of Section 3294 of the Civil Code regarding the imposition of punitive damages on an employer based upon the acts of an employee shall be satisfied before any damages or attorney's fees permitted under this section may be imposed against an employer.

[Approved by Governor October 6, 1997. Filed with Secretary of State October 7, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 12846.5 is added to the Food and Agricultural Code, to read:

12846.5. Sufficient moneys from the Department of Pesticide Regulation Fund, as determined by the Director of Pesticide Regulation, shall be transferred to the Food Safety Account for the purposes of Section 12846, except that no fees or assessments deposited into the fund shall be transferred to the account and used for nonregulatory purposes.

SEC. 1.5. Section 17065 of the Food and Agricultural Code is amended to read:

17065. (a) If the owner is not found, and the estimated value of the animal exceeds two hundred twenty-five dollars ($225), the secretary shall cause a notice of the taking up of, and intent to sell the animal to be prepared. The notice may be distributed to the county department of agriculture and to all sales yards in the state. The secretary may limit distribution of the notice, however, to those sales yards that deal in the same type of animal as the animal that is taken up.

(b) The notice shall be posted for a period of 14 days on a bulletin board in each office of the Bureau of Livestock Identification.

(c) In addition to posting and distributing the notice, the secretary shall periodically publish a list of the animals for which notice was given pursuant to this section, including the brands and descriptions of the branded animals and descriptions of the unbranded animals in the classified section of a livestock industry publication that is in general circulation throughout the State of California.

SEC. 2. Section 110050 of the Health and Safety Code is amended to read:

110050. The Food Safety Fund is hereby created as a special fund in the State Treasury. All moneys collected by the department under Sections 110470 and 110485 and under Article 7 (commencing with Section 110810) of Chapter 5 shall be deposited in the fund, for use

by the department, upon appropriation by the Legislature, for the purposes of providing funds necessary to carry out and implement the inspection provisions of this part relating to food, the provisions relating to education and training in the prevention of microbial contamination pursuant to Section 110485, and the registration provisions of Article 7 (commencing with Section 110810) of Chapter 5.

SEC. 3. Section 110485 of the Health and Safety Code is amended to read:

110485. (a) Every person who is engaged in the manufacture, packing, or holding of processed food in this state shall pay a food safety fee of one hundred dollars ($100) to the department in addition to any fees paid pursuant to Section 110470.

(b) Revenue received pursuant to this section shall be deposited in the Food Safety Fund created pursuant to Section 110050. A penalty of 10 percent per month shall be added to any food safety fee not paid when due.

(c) Upon appropriation, the food safety fees deposited in the Food Safety Fund shall be used by the department to assist in developing and implementing education and training programs related to food safety. These programs shall be developed in consultation with representatives of the food processing industry. Implementation shall include education and training in the prevention of microbial contamination.

(d) This section does not apply to companies exclusively involved in flour milling, dried bean processing, or in the drying or milling of rice, or to those individual registrants the director determines should not be assessed because substantial economic hardship would result to those registrants. For the purposes of this subdivision, the substantial hardship exemption shall be extended only to registrants whose wholesale gross annual income from the registered business is twenty thousand dollars ($20,000) or less.

(e) This section shall remain in effect only until January 1, 2001, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2001, deletes or extends that date.

In this effort, the State Department of Health Services shall work in cooperation with the Department of Food and Agriculture to share information relating to food safety. All segments of agriculture will benefit from a greater awareness and understanding of the importance of food safety practices that prevent microbial contamination. In addition,

the microbial-based education and training programs will benefit California consumers by educating and assisting the food industry in using the best available food safety technologies.

CHAPTER 728

An act to amend Section 1550.5 of the Health and Safety Code, and to amend Section 11462.06 of the Welfare and Institutions Code, relating to community care facilities.

[Approved by Governor October 6, 1997. Filed with Secretary of State October 7, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 1550.5 of the Health and Safety Code is amended to read:

1550.5. The director may temporarily suspend any license prior to any hearing when, in the opinion of the director, the action is urgent to protect residents or clients of the facility from physical or mental abuse, abandonment, or any other substantial threat to health or safety. The director shall serve the licensee with the temporary suspension order, a copy of available discovery and other relevant evidence in the possession of the department, including, but not limited to, affidavits, declarations, and any other evidence upon which the director relied in issuing the temporary suspension order, the names of the department's witnesses, and the effective date of the temporary suspension and at the same time shall serve the licensee with an accusation.

(a) (1) The department shall notify the licensee, upon service of an order of temporary license suspension, of the licensee's right to an interim hearing on the order. The department shall also provide the licensee with a form and appropriate information for the licensee's use in requesting an interim hearing. The department shall also notify the licensee, upon service, of the licensee's independent right to seek review of the order by the superior court pursuant to Section 1085 of the Code of Civil Procedure.

(2) (A) The licensee may request an interim hearing by mailing or delivering a written request to the Office of Administrative Hearings. The licensee shall mail or deliver the request to the address or location specified on the request form served with the order. The licensee shall mail or deliver the request within five days after service of the order. Upon receipt of a timely request for an interim hearing, the Office of Administrative Hearings shall set a hearing date and time which shall be within 10 working days of the office's receipt of the request. The Office of Administrative Hearings shall promptly notify the licensee of the date, time, and place of the hearing. The

licensee's request for an interim hearing shall not stay the operation of the order.

(B) Nothing in this section precludes a licensee from proceeding directly to a full evidentiary hearing or from seeking review of the temporary suspension order by the superior court without first requesting an interim hearing. Nothing in this section requires resolution of the interim hearing prior to review of the temporary suspension order by the superior court. The relief that may be ordered is a stay of the temporary suspension order.

(3) (A) An interim hearing shall be held before an administrative law judge of the Office of Administrative Hearings. The interim hearing shall be held at the regional office of the Office of Administrative Hearings having jurisdiction over the location of the facility.

(B) For purposes of the interim hearing conducted pursuant to this section, the licensee and department shall, at a minimum, have the following rights:

(i) To be represented by counsel.

(ii) To have a record made of the proceedings, copies of which may be obtained by the licensee upon payment of reasonable charges associated with the record.

(iii) To present written evidence in the form of relevant declarations, affidavits, and documents. No later than five working days prior to the interim hearing, the department and the respondent shall serve the opposing party, by overnight delivery or facsimile transmission, with any additional available pertinent discovery that the department or respondent will present at the hearing and that was not provided to the licensee at the time the temporary suspension order was issued. The additional discovery shall include, but not be limited to, affidavits, declarations, and the names of witnesses who will testify at the full evidentiary hearing. The department and the respondent shall have a continuing obligation to exchange discovery as described in this section, up to and including the day of the interim hearing. There shall be no oral testimony at the interim hearing.

(iv) In lieu of an affidavit by an alleged victim named in the accusation, the department and the respondent shall be permitted, at the discretion of the administrative law judge, to introduce at the interim hearing hearsay evidence as to any statement made by the alleged victim as if the alleged victim executed an affidavit. In deciding whether the hearsay statement should be admitted as evidence in the interim hearing, the administrative law judge shall consider the circumstances that would indicate the trustworthiness of the statement.

(v) To present oral argument.

(C) Consistent with the standards of proof applicable to a preliminary injunction entered under Section 527 of the Code of Civil Procedure, the administrative law judge shall vacate the temporary

suspension order where, in the exercise of discretion, the administrative law judge concludes both of the following:

(i) There is a reasonable probability that the licensee will prevail in the underlying action.

(ii) The likelihood of physical or mental abuse, abandonment, or other substantial threat to the health or safety of residents or clients in not sustaining the order does not outweigh the likelihood of injury to the licensee in sustaining the order.

(D) The interim hearing shall be reported or recorded pursuant to subdivision (d) of Section 11512 of the Government Code.

(4) The administrative law judge shall issue a verbal interim decision at the conclusion of the interim hearing which sustains or vacates the order. The administrative law judge shall issue a written interim decision within five working days following the conclusion of the interim hearing. The written interim decision shall include findings of fact and a conclusion articulating the connection between the evidence produced at the hearing and the decision reached.

(5) The interim decision shall be subject to review only pursuant to Section 1094.5 of the Code of Civil Procedure. The department or the licensee may file a petition for that review. A petition for review under Section 1094.5 of the Code of Civil Procedure shall be heard by the court within 10 days of its filing and the court shall issue its judgment on the petition within 10 days of the conclusion of the hearing.

(6) The department may proceed with the accusation as otherwise provided by this section and Section 1551 notwithstanding an interim decision by the administrative law judge that vacates the order of temporary license suspension.

(b) Upon receipt of a notice of defense to the accusation by the licensee, the director shall, within 15 days, set the matter for a full evidentiary hearing, and the hearing shall be held as soon as possible but not later than 30 days after receipt of the notice. The temporary suspension shall remain in effect until the time the hearing is completed and the director has made a final determination on the merits, unless it is earlier vacated by interim decision of the administrative law judge or a superior court judge. However, the temporary suspension shall be deemed vacated if the director fails to make a final determination on the merits within 30 days after the original hearing has been completed.

SEC. 2. Section 11462.06 of the Welfare and Institutions Code is amended to read:

11462.06. (a) For purposes of the administration of this article, including the setting of group home rates, the department shall deem the reasonable costs of leases for shelter care for foster children to be allowable costs. Reimbursement of shelter costs shall not exceed 12 percent of the fair market value of owned, leased, or rented buildings, including any structures, improvements, edifices, land, grounds, and other similar property that is owned, leased, or rented by the group

home and that is used for group home programs and activities, exclusive of idle capacity and capacity used for nongroup home programs and activities. Shelter costs shall be considered reasonable in relation to the fair market value limit as described in subdivision (c). Allowable costs of affiliated leases (1) shall be subject to a review by the Charitable Trust Section of the Department of Justice as specified by Chapter 15 (commencing with Section 999) of Division 1 of Title 11 of the California Code of Regulations and (2) shall be permitted to the extent allowed by federal law for federal financial participation.

(b) Effective July 1, 1998, an approval letter from the Charitable Trust Section of the Department of Justice shall be required for approval of shelter costs that result from self-dealing transactions, as defined in Section 5233 of the Corporations Code.

(c) For purposes of this section, fair market value of leased property shall be determined by either of the following methods, as chosen by the provider:

(1) The market value shown on the last tax bill for the cost reporting period.

(2) The market value determined by an independent appraisal. The appraisal shall be performed by a qualified, professional appraiser who, at a minimum, meets standards for appraisers as specified in Chapter 6.5 (commencing with Section 3500) of Title 10 of the California Code of Regulations. The appraisal shall not be deemed independent if performed under a less-than-arms-length agreement, or if performed by a person or persons employed by, or under contract with, the group home for purposes other than performing appraisals, or by a person having a material interest in any group home which receives foster care payments. If the department believes an appraisal does not meet these standards, the department shall give its reasons in writing to the provider and provide an opportunity for appeal.

(d) (1) The department may adopt emergency regulations in order to implement this section, in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(2) The adoption of emergency regulations pursuant to this section shall be deemed to be an emergency and considered by the Office of Administrative Law as necessary for the immediate preservation of the public peace, health and safety, or general welfare.

(3) Emergency regulations adopted pursuant to this section shall be exempt from the review and approval of the Office of Administrative Law.

(4) The emergency regulations authorized by this section shall be submitted to the Office of Administrative Law for filing with the

Secretary of State and publication in the California Code of Regulations.

CHAPTER 729

(2) Facilitate the evaluation of the efficiency and effectiveness of the benefit delivery system.

(3) Assist in measuring how adequately the system indemnifies injured workers and their dependents.

(4) Provide statistical data for research into specific aspects of the workers' compensation program.

(c) The data collected electronically shall be compatible with the Electronic Data Interchange System of the International Association of Industrial Accident Boards and Commissions. The director shall issue a report on the development of the system, and recommendations for any necessary legislative action, no later than July 1, 1995, and shall, upon request, make the report available to the Governor, the Legislature, and the public.

CHAPTER 730

An act to amend Section 16946 of the Welfare and Institutions Code, relating to human services.

[Approved by Governor October 6, 1997. Filed with Secretary of State October 7, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 16946 of the Welfare and Institutions Code is amended to read:

16946. (a) The Hospital Services Account portion of each county's allocation pursuant to Sections 16932 and 16941 shall be divided into two amounts by:

(1) Multiplying the Hospital Services Account funding portion by the percentage specified in paragraph (5) of subdivision (c) of Section 16945.

(2) Multiplying the amount of the Hospital Services Account funding portion by the percentage specified in paragraph (6) of subdivision (c) of Section 16945.

(b) The amount of each county's Hospital Services Account funding portion calculated in paragraph (1) of subdivision (a) shall be used for payment or support of services provided on or after July 1, 1989, by noncounty hospitals. Beginning in the 1991–92 fiscal year and annually thereafter, these amounts shall be reduced by dividing each county's amount by the total amount for all counties, multiplied by the sum of twelve million dollars ($12,000,000). This amount for each county shall be further divided into two equal parts, as follows:

(1) (A) The first part shall be allocated to each noncounty hospital within a county in amounts determined by multiplying the percentages specified in paragraph (7) of subdivision (c) of Section 16945 by the amount of the first part, and may be used for payment or support of services provided by noncounty hospitals to any eligible patient treated at any time during the fiscal year of the allocation.

(B) Funds distributed during fiscal years subsequent to the 1989–90 fiscal year shall be accounted for on a quarterly basis.

(C) For the 1989–90 fiscal year, noncounty hospitals shall provide the demographic data specified in paragraph (2) of subdivision (b) of Section 16918 on a minimum of 5 percent of patients for whom services are paid for in whole or in part by funds allocated pursuant to this paragraph, in addition to any other requirements specified in Section 16918.

(D) For the 1990–91 fiscal year and fiscal years thereafter, noncounty hospitals shall provide data pursuant to the reporting requirements specified in Section 16918 and shall provide posted and individual notices pursuant to Section 16818 for the duration of any quarter during which funds allocated pursuant to this paragraph are used.

(E) Amounts calculated pursuant to this paragraph shall not be reduced or utilized to offset the costs of administering the Hospital Services Account.

(2) (A) (i) The remaining 50 percent of the funds from the Hospital Services Account shall be distributed by the county to hospitals, including those under contract with the county, to

maintain access to emergency care and to purchase other necessary hospital services provided during the fiscal year of the allocation.

(ii) In contracting for emergency care with hospitals in neighboring counties, the county shall not impose conditions to accept transfers that it does not impose on hospitals within its own boundaries.

(B) (i) Prior to distributing funds to hospitals, each county shall consult with the hospitals and consider the historic and projected patterns of care provided by hospitals, by geographic catchment areas within both urban and nonurban areas, unique costs associated with treating disproportionate numbers of severely ill indigent patients, and disproportionate losses sustained by hospitals in the provision of care.

(ii) The county shall also consider the patterns of care of its residents provided by Level I trauma care hospitals in contiguous counties and may make proportionate allocations to those trauma centers.

(c) (1) The amount of each county's Hospital Services Account funding portion calculated in paragraph (2) of subdivision (a) may be used for the payment or support of services provided in county hospitals or noncounty hospitals as determined by each county during the fiscal year of the allocation.

(2) Beginning in the 1991–92 fiscal year and annually thereafter, the amount of each county's funding portion calculated pursuant to paragraph (2) of subdivision (a) shall be reduced by an amount that shall be calculated as follows:

(A) Divide each county's amount of funding under paragraph (2) of subdivision (a) by the total amount of funding under that paragraph for all counties.

(B) Multiply the quotient calculated pursuant to subparagraph (A) by the sum of six million dollars ($6,000,000).

(d) As a condition of receiving funds under this section and Section 16932, each county shall require each county and noncounty hospital to do all of the following:

(1) (A) Maintain the same number and classification of emergency room permits and trauma facility designations as existed on January 1, 1990.

(B) (i) Any hospital that maintained two special permits for basic emergency service on the effective date of this part shall be deemed to have met the requirements of paragraph (1) of subdivision (d), if each of the emergency rooms was located on separate campuses of the hospital and was located not more than two miles from the other emergency room.

(ii) Clause (i) shall apply even if one of the emergency room permits is surrendered after the effective date of this part.

(2) Provide data and reports on the use and expenditure of all funds received. This information shall be in a form and according to procedures specified by the county and the department.

(3) Assure that funds received pursuant to this section are used only for services for persons who cannot afford to pay for those services, and for whom payment will not be made through any private coverage or by any program funded in whole or in part by the federal government.

(e) (1) If a county or noncounty hospital does not comply with this section, the county shall recover funds received by the hospital as follows:

(A) For any violation of paragraph (1) of subdivision (d), the county shall recover that portion of the funds received which equal the ratio of the number of months not in compliance to 12 months.

(B) For any violation of paragraph (2) of subdivision (d), the county shall recover all funds received.

(C) For any violation of paragraph (3) of subdivision (d), the county shall recover the difference between the amount received and the amount for which the hospital can document that the funds were used only for services for persons who cannot afford to pay for those services and for whom payment will not be made through any private coverage or by any program funded in whole or in part by the federal government.

(2) The county may deny further payments required by this section until the hospital demonstrates compliance.

(f) Funds withheld or recovered pursuant to this section may be reallocated and distributed by the county pursuant to paragraph (2) of subdivision (b).

(g) (1) Except as provided in paragraph (2), funds allocated pursuant to paragraph (1) or (2) of subdivision (b) which are not expended because a hospital does not participate shall be redistributed pursuant to paragraph (2) of subdivision (b).

(2) If no noncounty hospitals remain to participate, the county may distribute those unexpended funds pursuant to subdivision (c).

(h) (1) In any county that comprises not more than one-half percent of the total state population and in which there are a county hospital and a noncounty hospital with emergency room permits located within two miles of each other, the county hospital may surrender its emergency room permit without any penalty for violation of paragraph (1) of subdivision (d) if, in the alternative, all of the following occur:

(A) The county shall enter into a contractual arrangement with the noncounty hospital.

(B) The county and noncounty hospital shall provide for the availability of at least the same level of emergency services and specialty backup which the county hospital and noncounty hospital provided prior to the surrendering of the emergency room permit.

(C) The county shall establish sufficient capacity, including evening and weekend coverage, in its urgent care clinic and other outpatient clinics to provide for the same or greater level of urgent care and nonemergency visits that were provided in the county

hospital emergency department in the calendar year prior to the surrendering of the emergency room permit.

(D) The county shall provide for adequate initial public hearings and ongoing public notification and information, in Spanish and English, on the availability of emergency, urgent care, and nonurgent clinic services and how to obtain those services. The county shall provide for, as part of the ongoing public notification, an outreach program to ensure that the medically indigent community, particularly migrant and seasonal farmworkers, and cultural and linguistic minority patients, are effectively made aware of the alternative system of care and the ways to access it.

(E) The county ensures that there are adequate Spanish translation services and referral services on a 24-hour basis at the noncounty hospital emergency department, and at the county hospital clinics, during their hours of operation.

(F) The county shall ensure, in planning for an alternative delivery system as provided for in paragraph (C), participation of those existing agencies providing health care services to the uninsured and working poor medically indigent, including federally qualified health centers and nonprofit community-based rural health clinics.

(G) The county shall ensure that its alternative delivery system includes medical providers who are culturally and linguistically competent to service the diverse medically indigent populations and have been serving uninsured persons seeking care at the county hospital prior to closing. These providers shall include, among others, nonprofit community-based safety net and traditional providers currently serving both the uninsured and medically indigent populations.

(H) The county shall ensure that its alternative delivery system does not provide less health care services and resources than that being made available to the medically indigent and uninsured prior to the closing of the county hospital.

(2) The department shall annually review the county's compliance with this subdivision. If the department determines that the county is not in compliance with this subdivision, it shall require the county to recover funds and deny further payments pursuant to subdivision (e) until compliance is resumed.

(3) Any county that is permitted under paragraph (1) to surrender its emergency room permit shall continue to fulfill its duties and obligations to provide indigent care according to Section 17000.

(i) Any county of the 20th class or the 24th class that discontinues the provision of acute inpatient care services may surrender its emergency room permit without any penalty for violation of paragraph (1) of subdivision (d), provided that the county shall enter into a contractual arrangement with at least one noncounty hospital meeting the requirements of subdivision (d) and all of the

requirements of subparagraphs (A) to (E), inclusive, of paragraph (1) of subdivision (h) are met by the county and the contracting noncounty hospital, in which case paragraphs (2) and (3) of subdivision (h) shall apply to that county.

CHAPTER 731

An act to amend Sections 129805 and 129825 of the Health and Safety Code, relating to hospitals.

[Approved by Governor October 6, 1997. Filed with Secretary of State October 7, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 129805 of the Health and Safety Code is amended to read:

129805. (a) All plans and specifications shall be prepared under the responsible charge of an architect or a structural engineer, or both. A structural engineer shall prepare the structural design and shall sign plans and specifications related thereto. Administration of the work of construction shall be under the responsible charge of the architect and structural engineer, except that where plans and specifications for alterations or repairs do not affect architectural or structural conditions, the plans and specifications may be prepared and work of construction may be administered by a professional engineer duly qualified to perform the services and holding a valid certificate under Chapter 7 (commencing with Section 6700) of Division 3 of the Business and Professions Code for performance of services in that branch of engineering in which the plans, specifications, and estimates and work of construction are applicable.

(b) The office may exempt projects from the requirements of subdivision (a) where the plans and specifications are not ordinarily, in the standard practice of architecture and engineering, prepared by licensed architects or registered engineers, or both, and are not a component of a project prepared under the responsible charge of a licensed architect or registered engineer, or both. To implement this authority, the office shall adopt regulations, consistent with this section, that specify which projects may be exempted from the requirements of subdivision (a).

SEC. 2. Section 129825 of the Health and Safety Code is amended to read:

129825. (a) The hospital governing board or authority shall provide for and require competent and adequate inspection during construction or alteration by an inspector satisfactory to the architect or structural engineer, or both, and the office. Except as otherwise provided in subdivision (b), the inspector shall act under the

direction of the architect or structural engineer, or both, and be responsible to the board or authority. Nothing in this section shall be construed to prohibit any licensed architect, structural engineer, mechanical engineer, electrical engineer, or any facility maintenance personnel, if approved by the office, from performing the duties of an inspector.

(b) If alterations or repairs are to be conducted under the supervision of a professional engineer pursuant to Section 129805, the inspector need only be satisfactory to the office and to the professional engineer, and the inspector shall act under the direction of the professional engineer.

(c) The office shall make an inspection of the hospital buildings and of the work of construction or alteration as in its judgment is necessary or proper for the enforcement of this chapter and the protection of the safety of the public.

Whenever the office finds a violation of this chapter that requires correction, the citation of the violation shall be issued to the hospital governing board or authority in writing and shall include a proper reference to the regulation or statute being violated.

(d) The office shall approve inspectors that shall be limited to the following:

(1) "A" inspectors, who may inspect all areas of construction specialty, including, but not limited to, structural.

(2) "B" inspectors, who may inspect all areas of construction specialty, except structural.

(3) "C" inspectors, who may inspect one or more areas of construction specialty, including structural, but may not inspect the scope of construction specialties authorized for "A" or "B" inspectors.

(e) (1) As part of its approval process, the office shall initially and periodically examine inspectors by giving either a written examination or a written and oral examination. The office may charge a fee for the examination process calculated to cover its costs. Inspectors who have not passed a written examination shall not be approved by the office until they have successfully passed the written examination. No employee of the office performing field inspections or supervising the field inspections shall be approved as an inspector on any construction project pursuant to this chapter for a period of one year after leaving employment of the office.

(2) The office shall develop regulations for the testing and approval of inspectors.

CHAPTER 732

An act to amend Section 6366 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor October 6, 1997. Filed with Secretary of State October 7, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 6366 of the Revenue and Taxation Code is amended to read:

6366. (a) There are exempted from the taxes imposed by this part the gross receipts from the sale in this state of, and the storage, use, or other consumption in this state of, the following:

(1) Aircraft sold to any person using the aircraft as a common carrier of persons or property under authority of the laws of this state, of the United States, or of any foreign government, or sold to any foreign government for use by that government outside of this state, or sold to any person who is not a resident of this state and who will not use that aircraft in this state otherwise than in the removal of the aircraft from this state.

(2) (A) A ground control station sold to any foreign government for use by that government outside of this state or sold to any person who is not a resident of this state and who will not use that ground control station in this state otherwise than in the removal of the ground control station from this state.

(B) A "ground control station" means a portable facility used to operate aircraft in the air without a pilot on board. The term includes controls, video equipment, computers, generators, and communications equipment, sold as an integral part of the station, and antennas used to control the aircraft. The term does not include trucks, tractor-trailers, or other devices solely used to transport the station.

(3) Tangible personal property that is purchased on or after October 1, 1996, and becomes a component part of any aircraft described in paragraph (1), as a result of the maintenance, repair, overhaul, or improvement of that aircraft in compliance with Federal Aviation Administration requirements, and any charges made for labor and services rendered with respect to that maintenance, repair, overhaul, or improvement.

(b) With respect to aircraft sold on or after January 1, 1997, it shall be presumed that a person is not engaged in business as a common carrier if the person's yearly gross receipts from the use of the aircraft as a common carrier do not exceed 20 percent of the purchase cost of the aircraft to him or her, or fifty thousand dollars ($50,000), whichever is less. This presumption may be rebutted by contrary evidence satisfactory to the board showing that the person is engaged in business as a common carrier.

In no event shall "gross receipts" include compensation by the person or related parties for use of the aircraft as a common carrier.

(c) With respect to aircraft leased, or sold for the purpose of leasing, on or after January 1, 1997, it shall be presumed that the aircraft is not regularly used in the business of transporting for hire property or persons if the lessor's yearly gross receipts from the lease of that aircraft to persons using the aircraft as common carriers of

property or persons do not exceed 20 percent of the cost of the aircraft to the lessor, or fifty thousand dollars ($50,000), whichever is less. This presumption may be rebutted by contrary evidence satisfactory to the board showing that the aircraft is regularly used as a common carrier of property or persons.

In no event shall "gross receipts" include compensation by the lessor or related parties for use of the aircraft as a common carrier.

SEC. 2. It is the intent of the Legislature that the State Board of Equalization administer the exemption for the sale and use of ground control stations provided by Section 1 of this act consistent with existing regulations administering the exemption for the sale and use of aircraft sold to a foreign government for use by that government outside of this state or sold to a person who is not a resident of this state and who will not use that aircraft in this state otherwise than in the removal of the aircraft from this state.

SEC. 3. Notwithstanding Section 2230 of the Revenue and Taxation Code, no appropriation is made by this act and the state shall not reimburse any local agency for any sales and use tax revenues lost by it under this act.

SEC. 4. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect. However, the provisions of this act shall become operative on the first day of the first calendar quarter commencing more than 90 days after the effective date of this act.

(1) The water is used exclusively for purposes other than residential uses, consisting of drinking, bathing, and cooking or other similar uses.

(2) The department determines that alternative water to achieve the equivalent level of public health protection provided by the applicable primary drinking water regulation is provided for residential or similar uses for drinking and cooking.

(3) The department determines that the water provided for residential or similar uses for drinking, cooking, and bathing is centrally treated or treated at the point of entry by the provider, a passthrough entity, or the user to achieve the equivalent level of protection provided by the applicable primary drinking water regulations.

(b) The department, in making the determinations specified in paragraphs (2) and (3) of subdivision (s) of Section 116275 and subdivisions (a) and (b) of Section 116286, shall utilize criteria that are consistent with this chapter and those used by the United States Environmental Protection Agency in administering the comparable provisions of the federal Safe Drinking Water Act.

(c) The department shall periodically monitor and review the conditions under which a public water system, or a water district as defined in subdivision (b) of Section 116286, has met the requirements of this chapter pursuant to subdivision (s) of Section 116275 or Section 116286, or pursuant to the federal act, to ensure that the conditions continue to be met.

(d) The department may prescribe reasonable, feasible, and cost-effective actions to be taken by a public water system, water district, as defined in subdivision (b) of Section 116286, or users subject to subdivision (s) of Section 126275 or Section 116286 to ensure that alternative water or treated water provided by the water systems, water districts, or users pursuant to Section 116275 or 116286 will not be injurious to health.

SEC. 5. Section 116290 of the Health and Safety Code is amended to read:

116290. Before August 6, 1998, in areas where the water service rendered by a person is primarily agricultural, and domestic service is only incidental thereto, this chapter shall not apply except in specific areas in which the department has found its application to be necessary for the protection of the public health and has given written notice thereof to the person furnishing or supplying water in the area.

The department may prescribe reasonable and feasible action to be taken by those persons or the users to insure that their domestic water will not be injurious to health.

SEC. 6. Section 116300 of the Health and Safety Code is amended and renumbered to read:

116270. The Legislature finds and declares all of the following:

(a) Every citizen of California has the right to pure and safe drinking water.

(b) Feasible and affordable technologies are available and shall be used to remove toxic contaminants from public water supplies.

(c) According to the State Department of Health Services, over 95 percent of all large public water systems in California are in

compliance with health-based action levels established by the department for various contaminants.

(d) It is the policy of the state to reduce to the lowest level feasible all concentrations of toxic chemicals that when present in drinking water may cause cancer, birth defects, and other chronic diseases.

(e) This chapter is intended to ensure that the water delivered by public water systems of this state shall at all times be pure, wholesome, and potable. This chapter provides the means to accomplish this objective.

(f) It is the intent of the Legislature to improve laws governing drinking water quality, to improve upon the minimum requirements of the federal Safe Drinking Water Act Amendments of 1996, to establish primary drinking water standards that are at least as stringent as those established under the federal Safe Drinking Water Act, and to establish a program under this chapter that is more protective of public health than the minimum federal requirements.

(g) It is the further intent of the Legislature to establish a drinking water regulatory program within the State Department of Health Services in order to provide for the orderly and efficient delivery of safe drinking water within the state and to give the establishment of drinking water standards and public health goals greater emphasis and visibility within the state department.

SEC. 7. Section 116325 of the Health and Safety Code is amended to read:

116325. The department shall be responsible for ensuring that all public water systems are operated in compliance with this chapter and any regulations adopted hereunder. The department shall directly enforce this chapter for all public water systems except as set forth in Section 116500.

SEC. 8. Section 116390 of the Health and Safety Code is amended to read:

116390. (a) No laboratory, other than a laboratory operated by the department, shall perform tests required pursuant to this chapter for any public water system without first obtaining a certificate issued by the department pursuant to Article 3 (commencing with Section 100825) of Chapter 4 of Part 1 of Division 101.

(b) No person or public entity of the state shall contract with a laboratory for environmental analyses for which the state department requires certification pursuant to this section, unless the laboratory holds a valid certificate.

SEC. 9. Section 116425 of the Health and Safety Code is amended to read:

116425. (a) The department may exempt any public water system from any maximum contaminant level or treatment technique requirement if it finds all the following:

(1) The public water system was in operation, or had applied for a permit to operate, on the effective date of the maximum contaminant level or treatment technique requirement.

(2) Due to compelling factors, which may include either of the following factors, the public water system is unable to comply with the maximum contaminant level or treatment technique requirement or to implement measures to develop an alternative water supply:

(A) Economic factors.

(B) The entire service area of the public water system consists of a disadvantaged community, as defined under Section 1452(d) of the federal Safe Drinking Water Act (42 U.S.C. Sec. 300g-5), and meets the affordability criteria established by the department, after review and public hearing.

(3) The granting of the exemption will not result in an unreasonable risk to health.

(4) Management or restructuring changes, or both, cannot reasonably be made that will result in compliance with this chapter or, if compliance cannot be achieved, improve the quality of the drinking water.

(b) If the department grants a public water system an exemption for a primary drinking water standard under subdivision (a), the department shall prescribe, at the time an exemption is granted, a schedule for both of the following:

(1) Compliance by the public water system with each contaminant level or treatment technique requirement for which the exemption was granted.

(2) Implementation by the public water system of interim control measures the department may require for each contaminant or treatment technique requirement for which the exemption was granted.

(c) Any schedule prescribed by the department pursuant to this section shall require compliance by the public water system with each contaminant level or treatment technique requirement for which the exemption was granted within 12 months from the granting of the exemption.

(d) The final date for compliance with any schedule issued pursuant to this section may be extended by the department for a period not to exceed three years from the date of the granting of the exemption if the department finds all of the following:

(1) The system cannot meet the standard without capital improvements that cannot be completed prior to the date established pursuant to Section 1412(b)(1) of the federal Safe Drinking Water Act (42 U.S.C. 300g-(b)(1)).

(2) In the case of a system that needs financial assistance for the necessary improvements, the system has entered into an agreement to obtain the financial assistance or the system has entered into an enforceable agreement to become part of a regional public water system.

(3) The system is taking all practicable steps to meet the standard.

(e) In the case of a system that does not serve more than a population of 3,300 and that needs financial assistance for the necessary improvements, an exemption granted pursuant to paragraph (2) of subdivision (d) shall not exceed a total of six years.

(f) Prior to the granting of an exemption pursuant to this section, the department shall provide notice and an opportunity for a public hearing. Notice of any public hearing held pursuant to this section shall be given by the department in writing to the public water system seeking the exemption and to the public as provided in Section 6061 of the Government Code. A public hearing provided pursuant to this subdivision is not an adjudicative hearing and is not required to comply with Section 100171.

(g) A public water system may not receive an exemption under this section if the system is granted a variance pursuant to Section 116430.

(h) Unless the department has already granted an exemption pursuant to subdivision (a), the department may exempt a public water system from compliance with a maximum containment level or treatment technique requirement for up to two years if the department finds, and continues to find, that a plan submitted by the water system may reasonably be expected to bring the water system into compliance by any of the following means:

(1) The physical consolidation of the system with one or more other systems.

(2) The consolidation of significant management and administrative functions of the system with one or more other systems.

(3) The transfer of ownership of the system.

SEC. 10. Section 116540 of the Health and Safety Code is amended to read:

116540. Following completion of the investigation and satisfaction of the requirements of subdivisions (a) and (b), the department shall issue or deny the permit. The department may impose permit conditions, requirements for system improvements, and time schedules as it deems necessary to assure a reliable and adequate supply of water at all times that is pure, wholesome, potable, and does not endanger the health of consumers.

(a) No public water system that was not in existence on January 1, 1998, shall be granted a permit unless the system demonstrates to the department that the water supplier possesses adequate financial, managerial, and technical capability to assure the delivery of pure, wholesome, and potable drinking water. This section shall also apply to any change of ownership of a public water system that occurs after January 1, 1998.

(b) No permit under this chapter shall be issued to an association organized under Title 3 (commencing with Section 20000) of Division 3 of the Corporations Code. This section shall not apply to

unincorporated associations that as of December 31, 1990, are holders of a permit issued under this chapter.

SEC. 11. Section 116565 of the Health and Safety Code is amended to read:

116565. (a) Each public water system serving 1,000 or more service connections and any public water system that treats water on behalf of one or more public water systems for the purpose of rendering it safe for human consumption, shall reimburse the department for actual cost incurred by the department for conducting those activities mandated by this chapter relating to the issuance of domestic water supply permits, inspections, monitoring, surveillance, and water quality evaluation that relate to that specific public water system. The amount of reimbursement shall be sufficient to pay, but in no event shall exceed, the department's actual cost in conducting these activities.

(b) Each public water system serving less than 1,000 service connections shall pay an annual drinking water operating fee to the department as set forth in this subdivision for costs incurred by the department for conducting those activities mandated by this chapter relating to inspections, monitoring, surveillance, and water quality evaluation relating to public water systems. The total amount of fees shall be sufficient to pay, but in no event shall exceed, the department's actual cost in conducting these activities. Notwithstanding adjustment of actual fees collected pursuant to Section 100425 as authorized pursuant to subdivision (d) of Section 106590, the maximum amount that shall be paid annually by a public water system pursuant to this section shall not exceed the following:

Type of public water system	Fee
15– 24 service connections	$250
25– 99 service connections	$400
100–499 service connections	$500
500–999 service connections	$700
Noncommunity water systems pursuant to paragraph (1) of subdivision (j) of Section 116275	$350
Noncommunity water systems exempted pursuant to Section 116282	$100

(c) For purposes of determining the fees provided for in subdivision (a), the department shall maintain a record of its actual costs for pursuing the activities specified in subdivision (a) relative to each system required to pay the fees. The fee charged each system shall reflect the department's actual cost, or in the case of a local

primacy agency the local primacy agency's actual cost, of conducting the specified activities.

(d) The department shall submit an invoice for cost reimbursement for the activities specified in subdivision (a) to the public water systems no more than twice a year.

(1) The department shall submit one estimated cost invoice to public water systems serving 1,000 or more service connections and any public water system that treats water on behalf of one or more public water systems for the purpose of rendering it safe for human consumption. This invoice shall include the actual hours expended during the first six months of the fiscal year. The hourly cost rate used to determine the amount of the estimated cost invoice shall be the rate for the previous fiscal year.

(2) The department shall submit a final invoice to the public water system prior to October 1 following the fiscal year that the costs were incurred. The invoice shall indicate the total hours expended during the fiscal year, the reasons for the expenditure, the hourly cost rate of the department for the fiscal year, the estimated cost invoice, and payments received. The amount of the final invoice shall be determined using the total hours expended during the fiscal year and the actual hourly cost rate of the department for the fiscal year. The payment of the estimated invoice, exclusive of late penalty, if any, shall be credited toward the final invoice amount.

(3) Payment of the invoice issued pursuant to paragraphs (1) and (2) shall be made within 90 days of the date of the invoice. Failure to pay the amount of the invoice within 90 days shall result in a 10-percent late penalty that shall be paid in addition to the invoiced amount.

(e) Any public water system under the jurisdiction of a local primacy agency shall pay the fees specified in this section to the local primacy agency in lieu of the department. This section shall not preclude a local health officer from imposing additional fees pursuant to Section 101325.

SEC. 12. Section 116580 of the Health and Safety Code is amended to read:

116580. (a) Each public water system that requests an exemption, plan review, variance, or waiver of any applicable requirement of this chapter or any regulation adopted pursuant to this chapter, shall reimburse the department for actual costs incurred by the department in processing the request.

(b) The department shall submit an invoice to the water system prior to October 1 of the fiscal year following the fiscal year in which the department's decision was rendered with respect to the request for a plan review, exemption, variance, or waiver. The invoice shall indicate the number of hours expended by the department and the department's hourly cost rate. Payment of the fee shall be made within 120 days of the date of the invoice. The department may

revoke any approval of a request for an exemption, variance, or waiver for failure to pay the required fees.

(c) Notwithstanding subdivisions (a) and (b), requests for, and reimbursement of actual costs for, an exemption, variance, or waiver for public water systems under the jurisdiction of the local primacy agency shall, instead, be submitted to the local primacy agency pursuant to subdivision (c) of Section 116595.

SEC. 13. Section 116585 of the Health and Safety Code is amended to read:

116585. In any civil court action brought to enforce this chapter, the prevailing party or parties shall be awarded litigation costs, including, but not limited to, salaries, benefits, travel expenses, operating equipment, administrative, overhead, other litigation costs, and attorney's fees, as determined by the court. Litigation costs awarded to the department by the court shall be deposited into the Safe Drinking Water Account. Litigation costs awarded to a local primacy agency by the court shall be used by that local primacy agency to offset the local primacy agency's litigation costs.

SEC. 14. Section 116650 of the Health and Safety Code is amended to read:

116650. (a) If the department determines that a public water system is in violation of this chapter or any regulation, permit, standard, or order issued or adopted thereunder, the department may issue a citation to the public water system. The citation shall be served upon the public water system personally or by registered mail.

(b) Each citation shall be in writing and shall describe with particularity the nature of the violation, including a reference to the statutory provision, standard, order, or regulation alleged to have been violated.

(c) For continuing violations, the citation shall fix the earliest feasible time for elimination or correction of the condition constituting the violation where appropriate. If the public water system fails to correct a violation within the time specified in the citation, the department may assess a civil penalty as specified in subdivision (e).

(d) For a noncontinuing violation of primary drinking standards, other than turbidity, the department may assess in the citation a civil penalty as specified in subdivision (e).

(e) Citations issued pursuant to this section shall be classified according to the nature of the violation or the failure to comply. The department shall specify the classification in the citation and may assess civil penalties for each classification as follows:

(1) For violation of a primary drinking standard, other than turbidity, an amount not to exceed one thousand dollars ($1,000) for each day that the violation occurred for noncontinuing violations or for each day that the violation continues beyond the date specified for correction in the citation.

(2) For failure to comply with any citation or order issued for failure of the primary drinking water standard for turbidity or for violation of a secondary drinking water standard that the director determines may have a direct or immediate relationship to the welfare of the users, an amount not to exceed one thousand dollars ($1,000) for each day that the violation continues beyond the date specified for correction in the citation.

(3) For failure to comply with any citation or order issued for noncompliance with any department regulation or order, other than a primary or secondary drinking water standard, an amount not to exceed two hundred dollars ($200) per day for each day the violation continues beyond the date specified for correction in the citation.

SEC. 15. Chapter 4.5 (commencing with Section 116760) is added to Part 12 of Division 104 of the Health and Safety Code, to read:

CHAPTER 4.5. SAFE DRINKING WATER STATE REVOLVING FUND LAW OF 1997

Article 1. Short Title

116760. This chapter shall be known and may be cited as the Safe Drinking Water State Revolving Fund Law of 1997.

Article 2. Legislative Findings of Necessity and Cause for Action

116760.10. The Legislature hereby finds and declares all of the following:

(a) The department has discovered toxic contaminants and new pathogenic organisms, including cryptosporidium, in many of California's public drinking water systems.

(b) Many of the contaminants in California's drinking water supplies are known to cause, or are suspected of causing, cancer, birth defects, and other serious illnesses.

(c) It is unlikely that the contamination problems of small public water systems can be solved without financial assistance from the state.

(d) The protection of the health, safety, and welfare of the people of California requires that the water supplied for domestic purposes be at all times pure, wholesome, and potable. It is in the interest of the people that the state of California provide technical and financial assistance to ensure a safe, dependable, and potable supply of water for domestic purposes and that water is available in adequate quantity at sufficient pressure for health, cleanliness, and other domestic purposes.

(e) It is the intent of the Legislature to provide for the upgrading of existing public water supply systems to ensure that all domestic water supplies meet safe drinking water standards and other

requirements established under Chapter 4 (commencing with Section 116270).

(f) (1) The extent of the current risk to public health from contamination in drinking water creates a compelling need to upgrade existing public water systems. The demand for financial assistance to enable public water systems to meet drinking water standards and regulations exceeds funds available from the Safe Drinking Water State Revolving Fund.

(2) A project whose primary purpose is to supply or attract growth shall not be eligible to receive assistance from the Safe Drinking Water State Revolving Fund.

(3) A project whose primary purpose is to enable a public water system to improve public health protection by complying with drinking water standards and regulations and that also includes components to accommodate a reasonable amount of growth over its useful life shall be eligible for assistance from the Safe Drinking Water State Revolving Fund, but the project shall receive priority based on the component to meet drinking water standards pursuant to Section 116760.70. The department shall expressly consider the effort of the applicant to secure funds other than those available from the Safe Drinking Water State Revolving Fund in establishing the priority listing for funding pursuant to Article 4 (commencing with Section 116760.50).

(4) After projects have been prioritized for funding into priority list categories pursuant to the requirements of Section 116760.70, within each category, projects that do not include a component of growth, shall receive priority for funding over projects that have a component to accommodate a reasonable amount of growth.

(g) The Legislature further finds and declares that regional solutions to water contamination problems are often more effective, efficient, and economical than solutions designed to address solely the problems of a single small public water system, and it is in the interest of the people of the State of California to encourage the consolidation of the management and the facilities of small water systems to enable those systems to better address their water contamination problems.

(h) The protection of drinking water sources is essential to ensuring that the people of California are provided with pure, wholesome, and potable drinking water.

(i) That coordination among local, state, and federal public health and environmental management programs be undertaken to ensure that sources of drinking water are protected while avoiding duplication of effort and reducing program costs.

(j) It is necessary that a source water protection program be implemented for the purposes of delineating, assessing, and protecting drinking water sources throughout the state and that federal funds be utilized pursuant to the federal Safe Drinking Water Act (42 U.S.C. Sec. 300j et seq.) to carry out that program.

(k) It is in the interest of the people of the state to provide funds for a perpetual Safe Drinking Water State Revolving Fund that may be combined with similar federal funding to the extent the funding is authorized pursuant to the federal Safe Drinking Water Act (42 U.S.C. Sec. 300j et seq.).

(*l*) This chapter shall govern implementation of the Safe Drinking Water State Revolving Fund, and shall be implemented in a manner that is consistent with the federal Safe Drinking Water Act, and, to the extent authorized under the federal act, in a manner that is consistent with the California Safe Drinking Water Act, Chapter 4 (commencing with Section 116275).

Article 3. Safe Drinking Water State Revolving Fund

116760.20. Unless the context otherwise requires, the following definitions govern the construction of this chapter:

(a) "Cost-effective project" means a project that achieves an acceptable result at the most reasonable cost.

(b) "Department" means the State Department of Health Services.

(c) "Federal Safe Drinking Water Act" or "federal act" means the federal Safe Drinking Water Act (42 U.S.C. Sec. 300f et seq.) and acts amendatory thereof or supplemental thereto.

(d) "Fund" means the Safe Drinking Water State Revolving Fund created by Section 116760.30.

(e) "Funding" means a loan or grant, or both, awarded under this chapter.

(f) "Matching funds" means state money that equals that percentage of federal contributions required by the federal act to be matched with state funds.

(g) "Project" means proposed facilities for the construction, improvement, or rehabilitation of a public water system, and may include all items set forth in Section 116761 as necessary to carry out the purposes of this chapter. It also may include refinancing loans, annexation or consolidation of water systems, source water assessments, source water protection, and other activities specified under the federal act.

(h) "Public agency" means any city, county, city and county, district, or joint powers authority, that owns or operates a public water system.

(i) "Public water system" or "public water supply system" means a system for the provision to the public of water for human consumption, as defined in Chapter 4 (commencing with Section 116270), as it may be amended from time to time.

(j) "Reasonable amount of growth" means an increase in growth not to exceed 10 percent of the design capacity needed, based on peak flow, to serve the water demand in existence at the time plans and specifications for the project are approved by the department,

over the 20-year useful life of a project. For projects other than the construction of treatment plants including, but not limited to, storage facilities, pipes, pumps, and similar equipment, where the 10-percent allowable growth cannot be adhered to due to the sizes of equipment or materials available, the project shall be limited to the next available larger size.

(k) "Safe drinking water standards" means those standards established pursuant to Chapter 4 (commencing with Section 116270), as they may now or hereafter be amended.

(*l*) "Supplier" means any persons, partnership, corporation, association, public agency, or other entity that owns or operates a public water system.

116760.30. (a) There is hereby created in the State Treasury the Safe Drinking Water State Revolving Fund for the purpose of implementing this chapter, and, notwithstanding Section 13340 of the Government Code, the fund is hereby continuously appropriated, without regard to fiscal years, to the department to provide, from moneys available for this purpose, grants or revolving fund loans for the design and construction of projects for public water systems that will enable suppliers to meet safe drinking water standards. The department shall be responsible for administering the fund.

(b) The department shall report at least once every two years to the policy and budget committees of the Legislature on the implementation of this chapter and expenditures from the fund. The report shall describe the numbers and types of projects funded, the reduction in risks to public health from contaminants in drinking water provided through the funding of the projects, and the criteria used by the department to determine funding priorities.

116760.40. The department may undertake any of the following actions to implement the Safe Drinking Water State Revolving Fund:

(a) Enter into agreements with the federal government for federal contributions to the fund.

(b) Accept federal contributions to the fund.

(c) Use moneys in the fund for the purposes permitted by the federal act.

(d) Provide for the deposit of matching funds and any other available and necessary moneys into the fund.

(e) Make requests on behalf of the state for deposit into the fund of available federal moneys under the federal act.

(f) Determine on behalf of the state that public water systems that receive financial assistance from the fund will meet the requirements of, and otherwise be treated as required by, the federal act.

(g) Provide for appropriate audit, accounting, and fiscal management services, plans, and reports relative to the fund.

(h) Take such additional incidental action as may be appropriate for adequate administration and operation of the fund.

(i) Enter into an agreement with, and accept matching funds from, a public water system. A public water system that seeks to enter into an agreement with the department and provide matching funds pursuant to this subdivision shall provide to the department evidence of the availability of those funds in the form of a written resolution, or equivalent document, from the public water system before it requests a preliminary loan commitment.

(j) Charge public water systems that elect to provide matching funds a fee to cover the actual cost of obtaining the federal funds pursuant to Section 1452(e) of the federal act (42 U.S.C.A. Sec. 300j-12) and to process the loan application. The fee shall be waived by the department if sufficient funds to cover those costs are available from other sources.

(k) Use money returned to the fund under Section 116761.85 and any other source of matching funds, if not prohibited by statute, as matching funds for the federal administrative allowance under Section 1452(g) of the federal act (42 U.S.C.A. Sec. 300j-12).

(*l*) Establish separate accounts or subaccounts as required or allowed in the federal act and related guidance, for funds to be used for administration of the fund and other purposes. Within the fund the department shall establish the following accounts, including, but not limited to:

(1) A fund administration account for state expenses related to administration of the fund pursuant to Section 1452(g)(2) of the federal act.

(2) A water system reliability account for department expenses pursuant to Section 1452(g)(2)(A), (B), (C), or (D) of the federal act.

(3) A source protection account for state expenses pursuant to Section 1452(k) of the federal act.

(4) A small system technical assistance account for department expenses pursuant to Section 1452(g)(2) of the federal act.

(5) A state revolving loan account pursuant to Section 1452(a)(2) of the federal act.

(m) Deposit federal funds for administration and other purposes into separate accounts or subaccounts as allowed by the federal act.

(n) Determine on behalf of the state whether sufficient progress is being made toward compliance with the enforceable deadlines, goals, and requirements of the federal act and the California Safe Drinking Water Act, Chapter 4 (commencing with Section 116275).

116760.41. Moneys in the fund and the special accounts may be expended for additional purposes provided in the federal act.

116760.42. (a) The department may enter into an agreement with the federal government for federal contributions to the fund only if both of the following apply:

(1) The state has obtained or appropriated any required state matching funds.

(2) The department is prepared to commit to expenditure of any minimum amount in the fund in the manner required by the federal act.

(b) Any agreement between the department and the federal government shall contain those provisions, terms, and conditions required by the federal act, and any implementing federal rules, regulations, guidelines, and policies, including, but not limited to, agreement to the following:

(1) Moneys in the fund shall be expended in an expeditious and timely manner.

(2) All moneys in the fund as a result of federal capitalization grants shall be expended to ensure sufficient progress is being made toward compliance with the enforceable deadlines, goals, and requirements of the federal act, including any applicable compliance deadlines.

(3) Federal funds deposited in the special accounts are continuously appropriated for use by the department as allowed by federal law. Any unexpended funds in the special accounts shall be carried over into subsequent years for use by the department.

116760.43. (a) The department may adopt emergency regulations pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code necessary or convenient to implement this chapter and to meet requirements pursuant to the federal act.

(b) The adoption of any emergency regulations that are filed with the Office of Administrative Law within 18 months of the effective date of this act shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare.

116760.44. The department may deposit administrative fees and charges paid by public water systems and other available and necessary money into the administrative account of the fund.

Article 4. Establishment and Utilization of Priority List for Funding

116760.50. The department shall establish criteria that shall be met for projects to be eligible for consideration for funding under this chapter. The criteria shall include all of the following:

(a) All preliminary design work for a defined project that will enable the applicant to supply water that meets safe drinking water standards, including a cost estimate for the project, shall be completed.

(b) A legal entity shall exist that has the authority to enter into contracts and incur debt on behalf of the community to be served and owns the public water system or has the right to operate the public water system under a lease with a term of at least 20 years, unless otherwise authorized by the department. If the proposed project is

funded by a loan under this chapter, the department may require the applicant to secure a lease for the full term of the loan if the loan exceeds 20 years.

(c) The applicant shall hold all necessary water rights.

(d) The applicant shall have completed any review required pursuant to the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code) and the guidelines adopted pursuant thereto, and have included plans for compliance with that act in its preliminary plans for the project.

(e) The applicant has assembled sufficient financial data to establish its ability to complete the proposed project and to establish the amount of debt financing it can undertake.

116760.60. The department shall notify suppliers that may be eligible for funding pursuant to this chapter of the purposes of this chapter and the regulations established by the department.

116760.70. (a) The department, after public notice and hearing, shall, from time to time, establish a priority list of proposed projects to be considered for funding under this chapter. In doing so, the department shall determine if improvement or rehabilitation of the public water system is necessary to provide pure, wholesome, and potable water in adequate quantity at sufficient pressure for health, cleanliness, and other domestic purposes. The department shall establish criteria for placing public water systems on the priority list for funding which shall include criteria for priority list categories. Priority shall be given to projects that meet all of the following requirements:

(1) Address the most serious risk to human health.

(2) Are necessary to ensure compliance with requirements of Chapter 4 (commencing with Section 116270) including requirements for filtration.

(3) Assist systems most in need on a per household basis according to affordability criteria.

(b) The department may, in establishing a new priority list, merge those proposed projects from the existing priority list into the new priority list.

(c) In establishing the priority list, the department shall consider the system's implementation of an ongoing source water protection program or wellhead protection program.

(d) In establishing the priority list categories and the priority for funding projects, the department shall carry out the intent of the Legislature pursuant to subdivisions (e) and (f) of Section 116760.10 and do all of the following:

(1) Give priority to upgrade an existing system to meet drinking water standards.

(2) After giving priority pursuant to paragraph (1), consider whether the applicant has sought other funds when providing

funding for a project to upgrade an existing system and to accommodate a reasonable amount of growth.

(e) Consideration of an applicant's eligibility for funding shall initially be based on the priority list in effect at the time the application is received and the project's ability to proceed. If a new priority list is established during the time the application is under consideration, but before the applicant receives a letter of commitment, the department may consider the applicant's eligibility for funding based on either the old or new priority list.

(f) The department may change the ranking of a specific project on the priority lists at any time following the publication of the list if information, that was not available at the time of the publication of the list, is provided that justifies the change in the ranking of the project.

(g) The department shall provide one or more public hearings on the Intended Use Plan, the priority list, and the criteria for placing public water systems on the priority list. The department shall provide notice of the Intended Use Plan, criteria, and priority list not less than 30 days before the public hearing. The Intended Use Plan, criteria, and priority list shall not be subject to the requirements of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The department shall conduct duly noticed public hearings and workshops around the state to encourage the involvement and active input of public and affected parties, including, but not limited to, water utilities, local government, public interest, environmental, and consumer groups, public health groups, land conservation interests, health care providers, groups representing vulnerable populations, groups representing business and agricultural interests, and members of the general public, in the development and periodic updating of the Intended Use Plan and the priority list.

(h) The requirements of this section do not constitute an adjudicatory proceeding as defined in Section 11405.20 of the Government Code and Section 11410.10 of the Government Code is not applicable.

116760.79. Applications for funding under this chapter shall be made in the form and with the supporting material prescribed by the department.

116760.80. (a) The department shall determine, based on applications received, whether a particular applicant meets the criteria to be eligible for consideration.

(b) If the applicant does not meet the criteria, it may be considered for planning and preliminary engineering study funding. Applicants successfully completing a study are eligible for consideration for project design and construction funding after their study is completed and they have met the criteria to be eligible for consideration for project design and construction funding.

116760.90. (a) The department shall not approve an application for funding unless the department determines that the proposed study or project is necessary to enable the applicant to meet safe drinking water standards, and is consistent with an adopted countywide plan, if any. The department may refuse to fund a study or project if it determines that the purposes of this chapter may more economically and efficiently be met by means other than the proposed study or project. The department shall not approve an application for funding a project with a primary purpose to supply or attract future growth. The department may limit funding to costs necessary to enable suppliers to meet primary drinking water standards, as defined in Chapter 4 (commencing with Section 116270).

(b) With respect to applications for funding of project design and construction, the department shall also determine all of the following:

(1) Upon completion of the project, the applicant will be able to supply water that meets safe drinking water standards.

(2) The project is cost-effective.

(3) If the entire project is not to be funded under this chapter, the department shall specify which costs are eligible for funding.

Article 5. Project Eligibility, Funding, and Contracts

116761. Planning and preliminary engineering studies, project design, and construction costs eligible for funding under this chapter shall be established by the department and may include any of the following:

(a) Reasonable costs for the construction, improvement, or rehabilitation of facilities of the public water system, which may include water supply, treatment works, and all or part of a water distribution system, if necessary to carry out the purposes of this chapter.

(b) Reasonable costs associated with the consolidation of water systems, including, but not limited to, reasonable facility fees, connection fees, or similar charges.

(c) Reasonable costs of purchasing water systems, water rights, or watershed lands.

(d) Operation and maintenance costs only to the extent they are used in the startup and testing of the completed project. All other operation and maintenance costs shall be the responsibility of the supplier and shall not be considered as part of the project costs.

(e) Reasonable costs of establishing eligibility for funding under this chapter that were incurred before the department entered into a commitment to fund the project under this chapter.

(f) The acquisition of real property or interests therein only if the acquisition is integral to a project, and as otherwise limited in the federal act.

116761.20. (a) Planning and preliminary engineering studies, project design, and construction costs may be funded under this chapter by loans, or, in the case of public agencies, by grants or a combination of grants and loans.

(b) The department shall determine what portion of the full costs the public agency is capable of repaying and authorize funding in the form of a loan for that amount. The department shall authorize a grant only to the extent the department finds the public agency is unable to repay the full costs of a loan.

(c) At the request of the department, the Public Utilities Commission shall submit comments concerning the ability of suppliers, subject to its jurisdiction, to finance the project from other sources and to repay the loan.

116761.21. Not more than 30 percent and not less than 15 percent, provided that there are projects eligible for funding as prescribed in Section 116760.70, of the total amount deposited in the fund may be expended for grants. (b) Total funding under this article for planning and preliminary engineering studies, project design, and construction costs of a single project, whether in the form of a loan or a grant, or both, shall be determined by an assessment of affordability using criteria established by the department.

116761.24. Not less than 15 percent of the total amount deposited in the fund shall be expended for providing loans and grants to public water systems that regularly serve fewer than 10,000 persons to the extent those funds can be obligated for eligible projects.

116761.40. The failure or inability of any public water system to receive funds under this chapter or any other loan or grant program or any delay in obtaining the funds shall not alter the obligation of the system to comply in a timely manner with all applicable drinking water standards and requirements of the California Safe Drinking Water Act or the federal act.

Article 6. Contracts for Project Funding

116761.50. (a) The department may enter into contracts with applicants for grants or loans for the purposes set forth in this chapter. Any contract entered into pursuant to this section shall include only

(A) The amount of the loan.

(B) The administrative fee specified in subdivision (a) of Section 116761.70.

(C) Interest on the principal, which is the amount of the loan plus the administrative fee.

(6) In the case of a grant, an agreement by the public agency to operate and maintain the water system for a period of 20 years, unless otherwise authorized by the department.

(c) The contract may include any of the following terms and conditions:

(1) An agreement by the supplier to adopt a fee structure that provides for the proper maintenance and operations of the project and includes a sinking fund for repair and replacement of the facilities in cases where appropriate. The fee structure shall also provide an acceptable dedicated source of revenue for the repayment of the amount of the loan, and the payment of administrative fees and interest.

(2) If the entire project is not funded pursuant to this chapter, the department may include a provision requiring the applicant to share the cost of the project or obtain funding from other sources.

(d) The department may require applicants to provide security for loan contracts.

116761.60. All funding received under this chapter shall be expended by the applicant within three years of the execution of the contract with the department or its designee. The three-year period may be extended, with the approval of the department, until five

To the extent that this expenditure of the moneys in the fund is prohibited by federal or state law, any rebates required by federal law shall be paid from the General Fund or other sources, upon appropriation by the Legislature.

(b) Notwithstanding any other provisions of law or regulation, the department may enter into contracts or may procure those services and equipment that may be necessary to ensure prompt and complete compliance with any provisions relating to the fund imposed by either the federal Tax Reform Act of 1986 (P.L. 99-514) or the federal Safe Drinking Water Act.

116761.65. (a) The department shall annually establish the interest rate for loans made pursuant to this chapter at 50 percent of the average interest rate, computed by the true interest cost method, paid by the state on general obligation bonds issued in the prior calendar year. All loans made pursuant to this chapter shall carry the interest rate established for the calendar year in which the funds are committed to the loan, as of the date of the letter of commitment. The interest rate set for each loan shall be applied throughout the repayment period of the loan. Interest on the loan shall not be deferred.

(b) Notwithstanding subdivision (a), if the loan applicant is a public water system that is a disadvantaged community or provides matching funds, the interest rate on the loan shall be zero percent.

116761.70. (a) Not more than 4 percent of the capitalization grant may be used by the department for administering this chapter. The department may establish a reasonable schedule of administrative fees for loans, which shall be paid by the applicant to reimburse the state for the costs of the state administration of this chapter.

(b) Charges incurred by the Attorney General in protection of the state's interest in the use of repayment of grant and loan funds under this chapter shall be paid. department under this chapter, but those expenditures may not in any year exceed 1.5 percent of the amount of principal and interest projected to be paid to the state in that year pursuant to this chapter.

(b) Charges incurred by the Attorney General in protecting the state's interest in the use of funds and repayment of funds under this chapter may be paid by the department from these funds, but those charges may not exceed one-half of 1 percent of the amount of principal and interest projected to be paid to the state in that year pursuant to this chapter.

(c) Any of these sums unexpended by the department at the end of any year shall automatically revert to the fund.

116761.85. Except as provided in Section 116761.80, all money repaid to the state pursuant to any contract executed under subdivision (a) of Section 116761.50, including interest payments and all interest earned on or accruing to any moneys in the fund, shall be deposited in the fund and shall be available in perpetuity, for expenditure for the purposes and uses permitted by this chapter and the federal act.

116761.86. To the extent amounts in the fund are not required for current obligation or expenditure, those amounts shall be invested in interest bearing obligations, and the interest earned shall become part of the fund.

Article 8. Source Water Protection Program

116762.60. (a) The department shall, contingent upon receiving federal capitalization grant funds, develop and implement a program to protect sources of drinking water. In carrying out this program, the department shall coordinate with local, state, and federal agencies that have public health and environmental management programs to ensure an effective implementation of the program while avoiding duplication of effort and reducing program costs. (1) To acquire land or a conservation easement if the purpose of the acquisition is to protect the source water of the system from

contamination and to ensure compliance with primary drinking water regulations.

(2) To implement local, voluntary source water protection measures to protect source water in areas delineated pursuant to Section 1453 of the federal act, in order to facilitate compliance with primary drinking water regulations applicable to the water system under Section 1412 of the federal act or otherwise significantly further the health protection objectives of the federal and state acts.

(3) To carry out a voluntary, incentive-based source water quality protection partnership pursuant to Section 1454 of the federal act.

(c) The department shall conduct duly noticed public hearings, public workshops, focus groups, or meetings around the state to encourage the involvement and active input of public and affected parties in the development and periodic updating of the source water protection program adopted pursuant to this article. CHAPTER 737

An act to amend and renumber Section 69619.1 of, and to add Section 44392 to, the Education Code, relating to teachers.

[Approved by Governor October 6, 1997. Filed with Secretary of State October 7, 1997.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) California has the largest class sizes in the nation and a teacher shortage of between 19,000 and 47,000 teachers is projected over the next five years.

(b) The need for new teachers has become especially critical with the implementation of the class size reduction program that began in the 1996–97 school year. It is projected that at least 26,000 new teachers will be immediately needed in kindergarten and grades 1 to 3, inclusive, to accommodate the additional smaller classes.

(c) The level at which individuals are receiving teaching credentials is not keeping pace with need and pupil population growth.

(d) In many school districts there are a number of classified employees who are enrolled in, who have been enrolled in, or who would be interested in enrolling in, a teacher training program leading to a teaching credential if they were provided assistance in applying for admission and financial aid for that purpose.

(e) School paraprofessionals who serve pupils in the public schools provide valuable instructional service to public school pupils. A program to enhance instructional competencies and to prepare school paraprofessionals to become teachers would result in improved services in terms of their role in the instructional program in the classroom and would assist in reducing classroom sizes.

SEC. 2. Section 44392 is added to the Education Code, to read:

44392. For the purposes of this article, unless the context clearly requires otherwise, the following terms shall have the following meanings:

(a) "Institutions of higher education" means the California Community Colleges, the California State University, the University of California, and private institutions of higher education that offer an accredited teacher training program.

(b) "Program" means the California School Paraprofessional Teacher Training Program established pursuant to Section 44393.

(c) "Teaching paraprofessional" means the following job classifications: educational aide, special education aide, special education assistant, teacher associate, teacher assistant, teacher aide, pupil service aide, library aide, child development aide, child development assistant, and physical education aide.

(d) "Teacher training program" means any undergraduate or graduate program of instruction conducted by a campus of an institution of higher education that includes a developmentally sequenced career ladder to provide instruction, coursework, and clearly defined tasks for each level of the ladder, and that is designed to qualify students enrolled in the program for a teaching credential authorizing instruction in kindergarten and grades 1 to 12, inclusive.

SEC. 2.5. Section 44392 is added to the Education Code, to read:

44392. For the purposes of this article, unless the context clearly requires otherwise, the following terms shall have the following meanings:

(a) "Institutions of higher education" means the California Community Colleges, the California State University, the University of California, and private institutions of higher education that offer an accredited teacher training program.

(b) "Program" means the California School Paraprofessional Teacher Training Program established pursuant to Section 44393.

(c) "Teaching paraprofessional" means the following job classifications: educational aide, special education aide, special education assistant, teacher associate, teacher assistant, teacher aide, pupil service aide, library aide, child development aide, child development assistant, and physical education aide.

(d) "Teacher training program" means any undergraduate or graduate program of instruction conducted by a campus of an institution of higher education that includes a developmentally sequenced career ladder to provide instruction, coursework, and clearly defined tasks for each level of the ladder, and that is designed to qualify students enrolled in the program for a teaching credential authorizing instruction in kindergarten and grades 1 to 12, inclusive.

SEC. 3. Section 69619.1 of the Education Code is amended and renumbered to read:

44393. (a) The California School Paraprofessional Teacher Training Program is hereby established for the purpose of recruiting paraprofessionals to participate in a pilot program designed to encourage them to enroll in teacher training programs and to provide instructional service as teachers in the public schools.

(b) On or before June 30, 1995, the Commission on Teacher Credentialing, in consultation with the Chancellor of the California Community Colleges, the Chancellor of the California State University, and representatives of certificated and classified employee organizations, shall select 12 or more school districts or county offices of education, each of which applies for that selection and has 300 or more classified employees, to participate in a pilot program for the recruitment of school paraprofessional employees who wish to enroll in teacher training programs. The commission shall ensure that a total of 600 school paraprofessionals are recruited from among the 12 participating school districts or county offices of education. The commission shall also require that at least 40 percent of the school paraprofessionals employed by each school district or county office of education selected to participate in the pilot program are members of racial and ethnic minority groups, as determined by data compiled under the California Basic Educational Data System maintained by the State Department of Education. The criteria adopted by the commission for the selection of school districts or

county offices of education to participate in the pilot program shall include the following:

(1) The extent to which the applicant district or county office of education demonstrates the capacity and willingness to accommodate the participation of school paraprofessionals of the district in teacher training programs conducted at institutions of higher education.

(2) The extent to which the applicant's plan for the implementation of its recruitment program involves the active participation of one or more local campuses of the California Community Colleges or the California State University in the development of coursework and teaching programs for participating school paraprofessionals. Each selected school district or county office of education shall be required to enter into a written articulation agreement with the participating campuses of the California Community Colleges and the California State University.

(3) The extent to which the applicant's plan for recruitment attempts to meet the demand for bilingual crosscultural teachers.

(4) The extent to which the applicant's plan for recruitment attempts to meet the demand for multiple subject credentialed teachers interested in teaching kindergarten or any of grades 1 to 3, inclusive. For purposes of this paragraph, each paraprofessional selected to participate shall have completed at least two years of undergraduate college or university coursework and shall have demonstrated an interest in obtaining a multiple subject teaching credential for teaching kindergarten or any of grades 1 to 3, inclusive.

(5) The extent to which the applicant's plan for recruitment attempts to meet the demand for special education teachers.

(6) The extent to which the applicant's plan for recruitment includes a developmentally sequenced series of job descriptions that lead from an entry-level school paraprofessional position to an entry-level teaching position in that district.

(c) Each selected school district or county office of education shall provide information and assistance to each school paraprofessional it recruits under the pilot program regarding admission to a teacher training program.

(d) The school district or county office of education shall recruit and organize groups, or "cohorts," of school paraprofessionals, of not less than 30 paraprofessionals in each cohort. Cohorts shall be organized to consist of school paraprofessionals having approximately equal academic experience and qualifications, as determined by the school district or county office of education. The members of each cohort shall enroll in the same campus, and shall be provided by the school district or county office of education with appropriate support and information throughout the course of their studies. Each school district or county office of education shall certify that it has received a commitment from each member of a cohort that he or she will complete one school year of classroom instruction in the

district or county office of education for each year that he or she receives assistance for books, fees, and tuition while attending a community college or a campus of the California State University under the program. To the extent possible, the members of each cohort shall proceed through the same waiver and credential programs. To the extent that any participant does not fulfill his or her obligation to complete one year of classroom instruction for each year of financial assistance he or she received under the program, the participant shall be required to repay the assistance. "Teacher training program," for the purposes of this article, means any undergraduate program of instruction conducted at a campus of the California Community Colleges, or undergraduate or graduate program conducted at a campus of the California State University, that is designed to qualify students enrolled in the program for a teaching credential authorizing instruction in kindergarten and grades 1 to 12, inclusive.

(e) The commission shall contract with an independent evaluator with a proven record of experience in assessing career-advancement teacher training programs to determine the success of the recruitment programs established pursuant to subdivision (b). The evaluation shall be made on an annual basis and shall include, but not be limited to, all of the following:

(1) The number, and racial and ethnic classifications, of school paraprofessionals successfully recruited under this article for participation in a teacher training program.

(2) The number, and racial and ethnic classifications, of school paraprofessionals participating in the pilot program who successfully complete the teacher training program each year.

(3) The total cost per person participating in the pilot program who successfully obtains a teaching credential, based upon all state, local, federal, and other sources of funding.

(4) The economic status of persons participating in the pilot program.

(5) A description of financial and other resources made available to each recruitment program by participating school districts or county offices of education, the California Community Colleges, the California State University, and other participating organizations.

(f) Each selected school district or county office of education shall report to the commission regarding the progress of each cohort of school paraprofessionals, and other information regarding its recruitment program as the commission may direct.

(g) No later than January 1, 1995, and again by January 1, 1996, and by January 1, 1997, the commission shall report to the Legislature regarding the status of the pilot program, including, but not limited to, the number of school paraprofessionals recruited, the academic progress of the school paraprofessionals recruited, the number of school paraprofessionals recruited who are subsequently employed as teachers in the public schools, the degree to which the program

meets the demand for bilingual and special education teachers, the degree to which the program or similar programs can meet that demand if properly funded and executed, and other effects upon the operation of the public schools.

(h) "Teaching paraprofessional," for the purposes of this article, includes the following job classifications: educational aide, special education aide, teacher associate, teacher assistant, teacher aide, pupil service aide, and library aide.

(2) Applicant fingerprint forms shall be processed and returned to the area office of the Department of the California Highway Patrol from which they originated not later than 15 working days from the date on which the fingerprint forms were received by the Department of Justice, unless circumstances, other than the administrative duties of the Department of Justice, warrant further investigation.

(3) Upon implementation of an electronic fingerprinting program with terminals located statewide and managed by the Department of Justice, the Department of Justice shall provide the information required pursuant to this subdivision to the appropriate area office of the Department of the California Highway Patrol within three working days.

(b) Applicants for an original certificate to drive an ambulance shall submit a completed fingerprint card to the department.

SEC. 2. Section 13376 of the Vehicle Code is amended to read:

(4) The applicant has failed to meet the prescribed testing requirements for issuance of the certificate.

(b) (1) The department shall revoke a certificate listed in subdivision (a), following an opportunity to challenge the validity of the testing described in this paragraph, for three years if the certificate holder has received a positive test result for a controlled substance, as specified in Part 382 (commencing with Section 382.101) of Title 49 of the Code of Federal Regulations and Section 34520. (3) The department shall, upon request of the holder of, or applicant for, a certificate, within 10 working days of the receipt of the request, conduct a hearing on whether the public interest requires suspension or withholding of the certificate pursuant to paragraph (1).

(4) If the charge is dismissed or results in a finding of not guilty, the department shall immediately terminate the suspension or resume the application process, and shall expunge the suspension action taken pursuant to this subdivision from the record of the applicant or certificate holder.

CHAPTER 739

(3) Boarding and exiting a schoolbus at a school or other trip destination.

(b) A current copy of a plan prepared pursuant to subdivision (a) shall be retained by each school subject to the plan and made available upon request to an officer of the Department of the California Highway Patrol.

(b) Except in the case of a person punished under Section 422.7 or subdivision (a) of this section, any person who commits a felony or attempts to commit a felony against the property of a public agency or private institution, including a school, educational facility, library or community center, meeting hall, place of worship, or offices of an advocacy group, or the grounds adjacent to, owned, or rented by the public agency or private institution, because the

property of the public agency or private institution is identified or associated with a person or group of an identifiable race, color, religion, nationality, country of origin, ancestry, gender, disability, or sexual orientation, shall receive an additional term of one, two, or three years in the state prison, at the court's discretion.

(c) Except in the case of a person punished under Section 422.7 or subdivision (a) or (b) of this section, any person who commits a felony, or attempts to commit a felony, because of the victim's race, color, religion, nationality, country of origin, ancestry, gender, disability, or sexual orientation, or because he or she perceives that the victim has one or more of those characteristics, and who voluntarily acted in concert with another person, either personally or by aiding and abetting another person, shall receive an additional two, three, or four years in the state prison, at the court's discretion.

(d) For the purpose of imposing an additional term under subdivision (a) or (c), it shall be a factor in aggravation that the defendant personally used a firearm in the commission of the offense. Nothing in this subdivision shall preclude a court from also imposing a sentence enhancement pursuant to Section 12022.5 or 12022.55, or any other law.

(e) A person who is punished pursuant to this section also shall receive an additional term of one year in the state prison for each prior felony conviction on charges brought and tried separately in which it was found by the trier of fact or admitted by the defendant that the crime was committed because of the victim's race, color, religion, nationality, country of origin, ancestry, disability, or sexual orientation, or that the crime was committed because the defendant perceived that the victim had one or more of those characteristics. This additional term shall only apply where a sentence enhancement is not imposed pursuant to Section 667 or 667.5.

(f) Any additional term authorized by this section shall not be imposed unless the allegation is charged in the accusatory pleading and admitted by the defendant or found to be true by the trier of fact.

(g) Any additional term imposed pursuant to this section shall be in addition to any other punishment provided by law.

(h) Notwithstanding any other law, the court may strike any additional term imposed by this section if the court determines that there are mitigating circumstances and states on the record the reasons for striking the additional punishment.

(b) This section does not apply to the body piercing of an emancipated minor.

(c) As used in this section, "body piercing" means the creation of an opening in the body of a human being for the purpose of inserting jewelry or other decoration. This includes, but is not limited to, piercing of a lip, tongue, nose, or eyebrow. "Body piercing" does not include the piercing of an ear.

(d) Neither the minor upon whom the body piercing was performed, nor the parent or guardian of that minor, nor any other minor is liable for punishment under this section.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 6. This act shall become operative only if Assembly Bill 186 is also enacted and becomes effective on or before January 1, 1998.

CHAPTER 742

An act to add Chapter 7 (commencing with Section 119300) to Part 15 of Division 104 of the Health and Safety Code, relating to health.

[Approved by Governor October 7, 1997. Filed with Secretary of State October 7, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 7 (commencing with Section 119300) is added to Part 15 of Division 104 of the Health and Safety Code, to read:

CHAPTER 7. TATTOOING, BODY PIERCING, AND PERMANENT COSMETICS

119300. For purposes of this chapter, the following definitions shall apply:

(a) "Tattooing" means to insert pigment under the surface of the skin of a human being, by pricking with a needle or otherwise, to produce an indelible mark or figure visible through the skin.

(b) "Body piercing" means the creation of an opening in the body of a human being for the purpose of inserting jewelry or other decoration. This includes, but is not limited to, piercing of an ear, lip, tongue, nose, or eyebrow. "Body piercing" does not, for the purpose of this chapter, include piercing an ear with a disposable, single-use stud or solid needle that is applied using a mechanical device to force the needle or stud through the ear.

(c) "Permanent cosmetics" means the application of pigments to or under the skin of a human being for the purpose of permanently changing the color or other appearance of the skin. This includes, but is not limited to, permanent eyeliner, eye shadow, or lip color.

(d) "Department" means the State Department of Health Services.

119301. The California Conference of Local Health Officers shall establish sterilization, sanitation, and safety standards for persons engaged in the business of tattooing, body piercing, or permanent cosmetics. The department shall provide the necessary resources to support the development of these standards. The California Conference of Local Health Officers shall consult and adopt, to the extent appropriate, the Bloodborne Pathogen Standard (Section 5193 of Title 8 of the California Code of Regulations) of the Department of Industrial Relations, Division of Occupational Safety and Health. The standards shall be directed at establishment and maintenance of sterile conditions and safe disposal of instruments. The standards may be modified as appropriate to protect consumers from transmission of contagious diseases through cross-contamination of instruments and supplies. The standards shall be submitted to the department for review and consultation by July 1, 1998.

119302. Within 30 days after standards are adopted by the department, the department shall distribute those standards in written form to all county health departments.

119303. (a) Every person engaged in the business of tattooing, body piercing, or permanent cosmetics shall register by December 31, 1998, with the county health department of the county in which that business is conducted. A registrant shall do all of the following:

(1) Obtain a copy of the department's standards from the county health department, sign an acknowledgment upon receipt of the standards, and commit to meet the standards.

(2) Provide the county health department with his or her business address and the address at which the registrant performs any activity regulated by this article.

(3) Pay a one-time registration fee of twenty-five dollars ($25), to be paid directly to the county health department.

(4) Pay an annual inspection fee of one hundred five dollars ($105) to the county health department.

(b) This section does not preclude a county from charging an additional amount if necessary to cover the cost of registration and inspection.

(c) Fees established by this act shall be used exclusively in support of activities pursuant to this chapter.

119304. Every county health department shall conduct annual inspections of the locations at which registrants under this article conduct regulated activities.

119305. (a) A county may adopt any regulations that do not conflict with, or are more comprehensive than, the provisions of this chapter or with the standards adopted by the department.

(b) This chapter does not limit a county's ability to require a registrant to obtain any business license or permit that the county finds appropriate.

(c) In those jurisdictions where the local health officer and the environmental health director are in separate departments, the county or city shall have the option to choose the entity responsible for functions pursuant to this subdivision.

119306. A person who fails to register as provided by Section 119303 or violates the sterilization, sanitation, and safety standards after December 31, 1998, shall be subject to a civil penalty of five hundred dollars ($500) per violation. This penalty may be collected in an action brought by the prosecuting attorney of any county or city and county in which the violation occurred. All penalties collected shall be retained by the county.

119307. On or after January 1, 1999, any person seeking to engage in the business of tattooing, body piercing, or permanent cosmetics shall comply with the provisions of this chapter.

119308. The president of the California Conference of Local Health Officers shall act as the chairperson of a task force to be formed for the purpose of recommending legislation to the Legislature concerning licensing, training, sanitation, and other subjects deemed necessary to protect the health and welfare of persons seeking the services of practitioners of tattooing, body piercing, and permanent cosmetics. The task force shall be composed of 10 persons to be appointed by the president of the California Conference of Local Health Officers, and shall include a representative from the State Board of Barbering and Cosmetology, a physician and surgeon licensed in this state, a representative from a nonprofit professional body piercers' association, a representative from a nonprofit professional tattooists' association, a representative from a nonprofit professional permanent cosmetic association, a representative from a nonprofit professional cosmetology association, and a representative from an organization representing the interests of local health departments. The president of the California Conference of Local Health Officers may appoint the

remaining three members from any other groups that may, in the judgment of the president, be of assistance. The task force shall present its recommendations to the Legislature by January 1, 1999.

119309. This chapter does not restrict the activities of any physician and surgeon licensed under Chapter 5 (commencing with Section 2000) of Division 2.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 3. This act shall become operative only if Assembly Bill 99 is also enacted and becomes effective on or before January 1, 1998.

CHAPTER 743

An act to add Section 14602.7 to the Vehicle Code, relating to vehicles.

[Approved by Governor October 7, 1997. Filed with Secretary of State October 7, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 14602.7 is added to the Vehicle Code, to read:

14602.7. (a) A magistrate presented with the affidavit of a peace officer establishing reasonable cause to believe that a vehicle, described by vehicle type and license number, was an instrumentality used in the peace officer's presence in violation of Sections 2800.1, 2800.2, 2800.3, or 23103, shall issue a warrant or order authorizing any peace officer to immediately seize and cause the removal of the vehicle. The warrant or court order may be entered into a computerized data base. A vehicle so impounded may be impounded for a period not to exceed 30 days.

The impounding agency, within two working days of impoundment, shall send a notice by certified mail, return receipt requested, to the legal owner of the vehicle, at the address obtained from the department, informing the owner that the vehicle has been impounded and providing the owner with a copy of the warrant or

court order. Failure to notify the legal owner within two working days shall prohibit the impounding agency from charging for more than 15 days impoundment when a legal owner redeems the impounded vehicle.

(b) (1) An impounding agency shall release a vehicle to the registered owner or his or her agent prior to the end of the impoundment period and without the permission of the magistrate authorizing the vehicle's seizure under any of the following circumstances:

(A) When the vehicle is a stolen vehicle.

(B) When the vehicle is subject to bailment and is driven by an unlicensed employee of the business establishment, including a parking service or repair garage.

(C) When the registered owner of the vehicle causes a peace officer to reasonably believe, based on the totality of the circumstances, that the registered owner was not the driver who violated Section 2800.1, 2800.2, or 2800.3, the agency shall immediately release the vehicle to the registered owner or his or her agent.

(2) No vehicle shall be released pursuant to this subdivision, except upon presentation of the registered owner's or agent's currently valid driver's license to operate the vehicle and proof of current vehicle registration, or upon order of the court.

(c) (1) Whenever a vehicle is impounded under this section, the magistrate ordering the storage shall provide the vehicle's registered and legal owners of record, or their agents, with the opportunity for a poststorage hearing to determine the validity of the storage.

(2) A notice of the storage shall be mailed or personally delivered to the registered and legal owners with 48 hours after issuance of the warrant or court order, excluding weekends and holidays, by the person or agency executing the warrant or court order, and shall include all of the following information:

(A) The name, address, and telephone number of the agency providing the notice.

(B) The location of the place of storage and a description of the vehicle, which shall include, if available, the name or make, the manufacturer, the license plate number, and the mileage of the vehicle.

(C) A copy of the warrant or court order and the peace officer's affidavit, as described in subdivision (a).

(D) A statement that, in order to receive their poststorage hearing, the owners, or their agents, are required to request the hearing from the magistrate issuing the warrant or court order in person, in writing, or by telephone, within 10 days of the date of the notice.

(3) The poststorage hearing shall be conducted within two court days after receipt of the request for the hearing.

(4) At the hearing, the magistrate may order the vehicle released if he or she finds any of the circumstances described in subdivision (b) or (e) that allow release of a vehicle by the impounding agency. The magistrate may also consider releasing the vehicle when the continued impoundment will cause undue hardship to persons dependent upon the vehicle for employment or to a person with a community property interest in the vehicle.

(5) Failure of either the registered or legal owner, or his or her agent, to request, or to attend, a scheduled hearing satisfies the poststorage hearing requirement.

(6) The agency employing the peace officer who caused the magistrate to issue the warrant or court order shall be responsible for the costs incurred for towing and storage if it is determined in the poststorage hearing that reasonable grounds for the storage are not established.

(d) The registered owner or his or her agent is responsible for all towing and storage charges related to the impoundment, and any administrative charges authorized under Section 22850.5.

(e) A vehicle removed and seized under subdivision (a) shall be released to the legal owner of the vehicle or the legal owner's agent prior to the end of the impoundment period and without the permission of the magistrate authorizing the seizure of the vehicle if all of the following conditions are met.

(1) The legal owner is a motor vehicle dealer, bank, credit union, acceptance corporation, or other licensed financial institution legally operating in this state or is another person, not the registered owner, holding a financial interest in the vehicle.

(2) The legal owner or the legal owner's agent pays all towing and storage fees related to the seizure of the vehicle. No lien sale processing fees shall be charged to the legal owner who redeems the vehicle prior to the 15th day of impoundment.

(3) The legal owner or the legal owner's agent presents foreclosure documents or a certificate of repossession and a document of title showing proof of legal ownership for the vehicle.

(f) (1) A legal owner or the legal owner's agent that obtains release of the vehicle pursuant to subdivision (e) shall not release the vehicle to the registered owner of the vehicle or any agents of the registered owner, unless a registered owner is a rental car agency, until the termination of the impoundment period.

(2) The legal owner or the legal owner's agent shall not relinquish the vehicle to the registered owner until the registered owner or that owner's agent presents his or her valid driver's license or valid temporary driver's license to the legal owner or the legal owner's agent. The legal owner or the legal owner's agent shall make every reasonable effort to ensure that the license presented is valid.

(3) Prior to relinquishing the vehicle, the legal owner may require the registered owner to pay all towing and storage charges related to the impoundment and the administrative charges authorized

under Section 22850.5 that were incurred by the legal owner in connection with obtaining the custody of the vehicle.

(g) (1) A vehicle impounded and seized under subdivision (a) shall be released to a rental car agency prior to the end of the impoundment period if the agency is either the legal owner or registered owner of the vehicle and the agency pays all towing and storage fees related to the seizure of the vehicle.

(2) The owner of a rental vehicle that was seized under this section may continue to rent the vehicle upon recovery of the vehicle. However, the rental car agency shall not rent another vehicle to the driver who used the vehicle that was seized to evade a police officer until 30 days after the date that the vehicle was seized.

(3) The rental car agency may require the person to whom the vehicle was rented and who evaded the peace officer to pay all towing and storage charges related to the impoundment and any administrative charges authorized under Section 22850.5 that were incurred by the rental car agency in connection with obtaining custody of the vehicle.

(h) Notwithstanding any other provision of this section, the registered owner and not the legal owner shall remain responsible for any towing and storage charges related to the impoundment and the administrative charges authorized under Section 22850.5 and any parking fines, penalties, and administrative fees incurred by the registered owner.

(i) (1) This section does not apply to vehicles abated under the Abandoned Vehicle Abatement Program pursuant to Sections 22660 to 22668, inclusive, and Section 22710, or to vehicles impounded for investigation pursuant to Section 22655, or to vehicles removed from private property pursuant to Section 22658

(2) This section does not apply to abandoned vehicles removed pursuant to Section 22669 that are determined by the public agency to have an estimated value of three hundred dollars ($300) or less.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

(2) When the licensee changes his or her address, the license shall be amended to reflect the new address and a new license shall be issued pursuant to paragraph (3).

(3) If the licensing authority amends the license, a new license shall be issued to the licensee reflecting the amendments.

(4) The licensee shall notify the licensing authority in writing within 10 days of any change in the licensee's place of residence. If the license is one to carry concealed a pistol, revolver, or other firearm capable of being concealed upon the person, then it may not be revoked solely because the licensee changes his or her place of residence to another county if the licensee has not breached any conditions or restrictions set forth in the license or has not fallen into a prohibited class described in Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code. If the license is one to carry loaded and exposed a pistol, revolver, or other firearm capable of being concealed upon the person, the license shall be revoked immediately if the licensee changes his or her place of residence to another county.

(5) An amendment to the license does not extend the original expiration date of the license and the license shall be subject to renewal at the same time as if the license had not been amended.

(6) An application to amend a license does not constitute an application for renewal of the license.

SEC. 2. Section 12050 of the Penal Code is amended to read:

12050. (a) (1) (A) The sheriff of a county, upon proof that the person applying is of good moral character, that good cause exists for the issuance, and that the person applying is a resident of the county or a city within the county, may issue to that person a license to carry a pistol, revolver, or other firearm capable of being concealed upon the person in either one of the following formats:

(i) A license to carry concealed a pistol, revolver, or other firearm capable of being concealed upon the person.

(ii) Where the population of the county is less than 200,000 persons according to the most recent federal decennial census, a license to carry loaded and exposed in that county a pistol, revolver, or other firearm capable of being concealed upon the person.

(B) The chief or other head of a municipal police department of any city or city and county, upon proof that the person applying is of good moral character, that good cause exists for the issuance, and that the person applying is a resident of that city, may issue to that person a license to carry a pistol, revolver, or other firearm capable of being concealed upon the person in either one of the following formats:

(i) A license to carry concealed a pistol, revolver, or other firearm capable of being concealed upon the person.

(ii) Where the population of the county in which the city is located is less than 200,000 persons according to the most recent federal decennial census, a license to carry loaded and exposed in that county

a pistol, revolver, or other firearm capable of being concealed upon the person.

(C) The sheriff of a county or the chief or other head of a municipal police department of any city or city and county, upon proof that the person applying is of good moral character, that good cause exists for the issuance, and that the person applying is a person who has been deputized or appointed as a peace officer pursuant to subdivision (a) or (b) of Section 830.6 by that sheriff or that chief of police or other head of a municipal police department, may issue to that person a license to carry concealed a pistol, revolver, or other firearm capable of being concealed upon the person. Direct or indirect fees for the issuance of a license pursuant to this subparagraph may be waived. The fact that an applicant for a license to carry a pistol, revolver, or other firearm capable of being concealed upon the person has been deputized or appointed as a peace officer pursuant to subdivision (a) or (b) of Section 830.6 shall be considered only for the purpose of issuing a license pursuant to this subparagraph, and shall not be considered for the purpose of issuing a license pursuant to subparagraph (A) or (B).

(2) A license issued pursuant to subparagraph (A) or (B) of paragraph (1) is valid for any period of time not to exceed one year from the date of the license. A license issued pursuant to subparagraph (C) of paragraph (1) to a peace officer appointed pursuant to Section 830.6 is valid for any period of time not to exceed three years from the date of the license, except that the license shall be invalid upon the conclusion of the person's appointment pursuant to Section 830.6 if the three-year period has not otherwise expired or any other condition imposed pursuant to this section does not limit the validity of the license to a shorter time period.

(b) A license may include any reasonable restrictions or conditions which the issuing authority deems warranted, including restrictions as to the time, place, manner, and circumstances under which the person may carry a pistol, revolver, or other firearm capable of being concealed upon the person.

(c) Any restrictions imposed pursuant to subdivision (b) shall be indicated on any license issued.

(d) A license shall not be issued if the Department of Justice determines that the person is within a prohibited class described in Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code.

(e) (1) The license shall be revoked by the local licensing authority if at any time either the local licensing authority is notified by the Department of Justice that a licensee is within a prohibited class described in Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code, or the local licensing authority determines that the person is within a prohibited class described in Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code.

(2) If at any time the Department of Justice determines that a licensee is within a prohibited class described in Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code, the department shall immediately notify the local licensing authority of the determination.

(3) If the local licensing authority revokes the license, the Department of Justice shall be notified of the revocation pursuant to Section 12053. The licensee shall also be immediately notified of the revocation in writing.

(f) (1) A person issued a license pursuant to this section may apply to the licensing authority for an amendment to the license to do one or more of the following:

(A) Add or delete authority to carry a particular pistol, revolver, or other firearm capable of being concealed upon the person.

(B) Authorize the licensee to carry concealed a pistol, revolver, or other firearm capable of being concealed upon the person.

(C) If the population of the county is less than 200,000 persons according to the most recent federal decennial census, authorize the licensee to carry loaded and exposed in that county a pistol, revolver, or other firearm capable of being concealed upon the person.

(D) Change any restrictions or conditions on the license, including restrictions as to the time, place, manner, and circumstances under which the person may carry a pistol, revolver, or other firearm capable of being concealed upon the person.

(2) When the licensee changes his or her address, the license shall be amended to reflect the new address and a new license shall be issued pursuant to paragraph (3).

(3) If the licensing authority amends the license, a new license shall be issued to the licensee reflecting the amendments.

(4) The licensee shall notify the licensing authority in writing within 10 days of any change in the licensee's place of residence. If the license is one to carry concealed a pistol, revolver, or other firearm capable of being concealed upon the person, then it may not be revoked solely because the licensee changes his or her place of residence to another county if the licensee has not breached any conditions or restrictions set forth in the license or has not fallen into a prohibited class described in Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code. If the license is one to carry loaded and exposed a pistol, revolver, or other firearm capable of being concealed upon the person, the license shall be revoked immediately if the licensee changes his or her place of residence to another county.

(5) An amendment to the license does not extend the original expiration date of the license and the license shall be subject to renewal at the same time as if the license had not been amended.

(6) An application to amend a license does not constitute an application for renewal of the license.

SEC. 3. Section 2 of this bill incorporates amendments to Section 12050 of the Penal Code proposed by both this bill and SB 146. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1998, (2) each bill amends Section 12050 of the Penal Code, and (3) this bill is enacted after SB 146, in which case Section 1 of this bill shall not become operative.

CHAPTER 745

An act to amend Sections 41865, 44535, and 44537.5 of, and to add Chapter 4.5 (commencing with Section 39750) to Part 2 of Division 26 of, the Health and Safety Code, relating to air pollution.

[Approved by Governor October 7, 1997. Filed with Secretary of State October 7, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 4.5 (commencing with Section 39750) is added to Part 2 of Division 26 of the Health and Safety Code, to read:

CHAPTER 4.5. RICE STRAW DEMONSTRATION PROJECT

39750. The Legislature hereby finds and declares that the Connelly-Areias-Chandler Rice Straw Burning Reduction Act was enacted in 1991 to phase down rice straw burning and improve the air quality for the citizens of the state. This creates an additional significant cost to rice growers, with potential adverse impacts on the farming communities, including lost farm production; lost state, local, and federal tax revenues; lost jobs; and reduction of wildlife habitat in the rice fields. The commercial technologies that could utilize straw, making it a commodity rather than a waste disposal problem, have not developed in the rice growing areas because of the lack of marketplace risk capital to take technologies from the laboratory stage to demonstration projects. To retain the public benefits from having a viable rice growing industry in California and to improve air quality, there is a need to provide cost-sharing grants for the development of demonstration projects for new rice straw technologies in the marketplace.

39751. The Rice Straw Demonstration Project Fund is hereby created in the State Treasury. The fund shall be administered by the state board for the purpose of developing demonstration projects for new rice straw technologies in the rice straw growing regions of California.

39752. The state board shall provide cost-sharing grants for the development of demonstration projects for new rice straw technologies according to criteria developed by the state board, in

consultation with the University of California, the Trade and Commerce Agency, and the Department of Food and Agriculture, and adopted at a noticed public hearing held by the state board. The criteria shall include, but shall not be limited to, all of the following:

(a) Proposed projects shall use a technology that could use significant volumes of rice straw annually if it is commercialized, based upon such factors as potential markets and viability of the technology in meeting market demands.

(b) The state board shall provide not more than 50 percent of the cost for each demonstration project.

(c) Public and private support shall be demonstrated for proposed projects, including local community support from the rice growing community where the project would be located.

(d) The grants shall be authorized and allocated during the 1997–98 and 1998–99 fiscal years. Grants may be expended, under the grant agreement, during a period not to exceed three years from the date that the grant is awarded.

(e) Preference shall be given to projects located within the rice growing regions of the Sacramento Valley and which may be replicated throughout the region.

(f) Projects should demonstrate technical and economic feasibility.

39753. It is the intent of the Legislature that funding for purposes of this chapter be provided in the annual Budget Act. The state board may use not more than 10 percent of the rice straw technology demonstration cost-sharing funds for administrative and project review costs in carrying out the grant program.

SEC. 2. Section 41865 of the Health and Safety Code is amended to read:

41865. (a) This section shall be known, and may be cited, as the Connelly-Areias-Chandler Rice Straw Burning Reduction Act of 1991.

(b) As used in this section:

(1) "Sacramento Valley Air Basin" means the area designated by the state board pursuant to Section 39606.

(2) "Air pollution control council" means the Sacramento Valley Basinwide Air Pollution Control Council authorized pursuant to Section 40900.

(3) "Conditional rice straw burning permit" means a permit to burn granted pursuant to subdivisions (f) and (h).

(4) "Allowable acres to be burned" means the number of acres that may be burned pursuant to subdivision (c).

(5) "Department" means the Department of Food and Agriculture.

(6) "Maximum fall burn acres" means the maximum amount of rice acreage that may be burned from September 1 to December 31, inclusive, of each year.

(7) "Maximum spring burn acres" means the maximum amount of rice acreage that may be burned from January 1 to May 31 of the following year, inclusive.

(c) Notwithstanding Section 41850, rice straw burning in counties in the Sacramento Valley Air Basin shall be phased down, as follows:

(1) From 1998 to 2000, the maximum spring and fall burn acres shall be the following number of acres planted prior to September 1 of each year:

Year	Maximum Fall Burn Acres	Maximum Spring Burn Acres
1998	90,000	110,000
1999	90,000	110,000
2000	90,000	110,000

(2) Notwithstanding paragraph (1), any of the 90,000 acres allocated in the fall that are not burned may be added to the maximum spring burn acres, provided that the maximum spring burn acres does not exceed 160,000 acres.

(3) Notwithstanding paragraph (1), the maximum acres burned between January 1, 1998, and August 31, 1998, shall be limited so that the total acres burned between September 1, 1997, and August 31, 1998, do not exceed 38 percent of the total acres planted prior to September 1, 1997.

(4) In 2001 and thereafter, the maximum annual burn acres shall be the number of acres prescribed in subdivision (i), subject to subdivisions (f) and (h).

(d) The number of allowable acres to be burned each day shall be determined by the state board and the air pollution control officers in the Sacramento Valley Air Basin and equitably allocated among rice growers in accordance with the annual agricultural burning plan adopted by the air pollution control council and approved by the state board.

(e) On or before September 1, 2000, the state board, in consultation with the department and the air pollution control council, shall adopt regulations consistent with the criteria provided in subdivisions (f) and (h). On or before September 1, 1996, an advisory group shall be established by the state board and the department to assist in the adoption of those regulations.

(f) Commencing September 1, 2001, the county air pollution control officers in the Sacramento Valley Air Basin may grant conditional rice straw burning permits once the county agricultural commissioner has determined that the applicant has met the conditions specified in subdivision (h). The county agricultural commissioner shall be responsible for all field inspections associated with the issuance of conditional rice straw burning permits. A

conditional rice straw burning permit shall be valid for only one burn, per field, per year.

(g) The county agricultural commissioner may charge the applicant a fee not to exceed the costs incurred by the county agricultural commissioner in making the determination specified in subdivision (f). This subdivision shall be operative only until January 1, 2009.

(h) If the terms and conditions for issuing conditional rice straw burning permits specified in paragraphs (1) to (4), inclusive, are met, a conditional rice straw burning permit may be issued unless the state board and the department have jointly determined, based upon an annual review process, that there are other economically and technically feasible alternative means of eliminating the disease that are not substantially more costly to the applicant. The terms and conditions for issuing the conditional rice straw burning permits are:

(1) The fields to be burned are specifically described.

(2) The applicant has not violated any provision of this section within the previous three years.

(3) During the growing season, the county agricultural commissioner has independently determined the significant presence of a pathogen in an amount sufficient to constitute a rice disease such as stem rot.

(4) The county agricultural commissioner makes a finding that the existence of the pathogen as identified in paragraph (3) will likely cause a significant, quantifiable reduction in yield in the field to be burned during the current or next growing season. The findings of the county agricultural commissioner shall be based on recommendations adopted by the advisory group established pursuant to subdivision (e).

(i) (1) The maximum annual number of acres burned in the Sacramento Valley Air Basin pursuant to paragraph (3) of subdivision (c) shall be the lesser of:

(A) The total of 25 percent of each individual applicant's planted acres that year.

(B) A total of 125,000 acres planted in the Sacramento Valley Air Basin.

(2) Each grower shall be eligible to burn up to 25 percent of the grower's planted acres, as determined by the air pollution control officers in the Sacramento Valley Air Basin and subject to the maximum annual number of acres burned set forth in paragraph (1), if the grower has met the criteria for a conditional rice straw burning permit.

(3) The air pollution control council shall annually determine which is the lesser of subparagraphs (A) and (B) of paragraph (1), and shall determine the maximum percentage applicable to all growers subject to the conditions set forth in subdivisions (f) and (h).

(4) A grower who owns or operates 400 acres or less who has met the criteria for the issuance of a conditional rice straw burning permit

may burn his or her entire acreage once every four years, provided that the limit prescribed in paragraph (1) is not exceeded.

(5) Nothing in this subdivision shall permit an applicant to transfer, sell, or trade any permission to burn granted pursuant to this subdivision to another applicant or individual.

(j) The state board and the department shall jointly determine if the allowable acres to be burned, as provided in subdivisions (c), (f), and (h), may be exceeded due to extraordinary circumstances, such as an act of God, that have an impact over a continuing duration and make alternatives other than burning unusable.

(k) "Administrative burning" means burning of vegetative materials along roads, in ditches, and on levees adjacent to or within a rice field, or the burning of vegetative materials on rice research facilities authorized by the county agricultural commissioner, not to exceed 2,000 acres. Administrative burning conducted in accordance with Section 41852 is not subject to this section.

(*l*) (1) On or before September 1, 1992, the state board and the department shall jointly establish an advisory committee composed of 10 members to assist with the identification and implementation of alternatives to rice straw burning. Members of the committee shall be from the Sacramento Valley Air Basin, and the committee shall consist of two rice growers, two representatives from the environmental community, two health officials, two county supervisors or their designees, one member from the air pollution control council, and one member from the business community with expertise in market or product development. The committee shall meet at least annually. General Fund moneys shall not be used to support the committee.

(2) The committee shall develop a list of priority goals for the development of alternative uses of rice straw for the purpose of developing feasible and cost-effective alternatives to rice straw burning. These goals shall include, but not be limited to, research on alternatives, economic incentives to encourage alternative uses, and new product development.

(m) On or before September 1, 1998, the state board, in consultation with the department, the advisory committee, and the Department of Commerce, shall develop an implementation plan and a schedule to achieve diversion of not less than 50 percent of rice straw produced toward off-field uses by 2000. Off-field uses may include, but are not limited to, the production of energy and fuels, construction materials, pulp and paper, and livestock feed.

(n) On or before September 1, 1999, the state board and the department shall jointly report to the Legislature on the progress of the phasedown of, and the identification and implementation of alternatives to, rice straw burning. This report shall include an economic and environmental assessment, the status of feasible and cost-effective alternatives to rice straw burning, recommendations from the advisory committee on the development of alternatives to

rice straw burning, the status of the implementation plan and the schedule required by subdivision (m), progress toward achieving the 50 percent diversion goal, any recommended changes to this section, and other issues related to this section. The report shall be updated biennially and transmitted to the Legislature not later than September 1 of each odd-numbered year. The state board may adjust the district burn permit fees specified in subdivision (s) to pay for the preparation of the report and its updates. The districts shall collect and remit the adjustment to the state board, which shall deposit the fees in the Motor Vehicle Account in the State Transportation Fund. It shall be the goal of the state board and the department that the cost of the report and its updates shall not exceed fifty thousand dollars ($50,000).

(o) The state board and the California Department of Food and Agriculture shall jointly collect and analyze all available data relevant to the air quality and public health impacts and, to the extent feasible, the economic impacts, that may be associated with the burning of rice straw pursuant to the schedule provided in subparagraph (1) of subdivision (c). On or before July 1, 2001, the state board shall submit a report to the Legislature presenting its findings regarding the air quality, public health, and economic impacts associated with the burning of rice straw pursuant to the schedule provided in paragraph (1) of subdivision (c).

(p) The Legislature hereby finds and declares as follows:

(1) Because of the requirements imposed by this section, rice straw that was previously burned may present, as solid waste, a new disposal problem.

(2) The state should assist local governments and growers in diverting rice straw from landfills by researching and developing diversion options.

(q) It is the intent of the Legislature that all feasible alternatives to rice straw burning and options for diverting rice straw from landfills be encouraged.

(r) This subdivision confirms that reductions in emissions from rice straw burning qualify for air quality offsets, in accordance with paragraphs (1) and (2).

(1) These credits shall meet the requirements specified in state law and district rules and regulations, and shall comply with applicable district banking rules established pursuant to Sections 40709 to 40713, inclusive. Districts are urged to establish banking systems in accordance with Sections 40709 to 40713, inclusive. The state board may adopt regulations to implement this subdivision, including, but not limited to, consideration of the seasonal and intermittent nature of rice straw burning emissions. In developing the regulations, the state board shall consult with all concerned parties. However, emission reduction credits that would otherwise accrue from reductions in emissions from rice straw burning shall not

be affected or negated by the phasedown of burning, as specified in subdivision (c).

(2) Reductions in emissions achieved in compliance with subdivision (c) that are banked or used as credits shall not be credited for purposes of attainment planning and progress towards the attainment of any state or national ambient air quality standard as required by state and federal law.

(s) (1) Any person who negligently or intentionally violates any provision of this article is guilty of a misdemeanor and is subject to a fine of not more than ten thousand dollars ($10,000), imprisonment in the county jail for not more than nine months, or by both that fine and imprisonment. This subdivision applies only to agricultural burning in the Sacramento Valley Air Basin.

(2) Any person who negligently or intentionally violates any provision in this article is liable for a civil penalty of not more than ten thousand dollars ($10,000). This subdivision applies only to agricultural burning in the Sacramento Valley Air Basin.

(t) Districts in the Sacramento Valley Air Basin shall impose fees on growers to cover the cost of implementing this section pursuant to Section 42311.

(u) To the extent that resources are available, the state board and the agencies with jurisdiction over air quality within the Sacramento Valley Air Basin shall do both of the following:

(1) Improve responses to citizen complaints, and, to the extent feasible, immediately investigate and analyze smoke complaints from the public to identify factors that contribute to complaints and to develop better smoke control measures to be included in the agricultural burning plan, keep a record of all complaints, coordinate among other agencies on citizens' complaints, and investigate the source of the pollution causing the complaint.

(2) Respond more quickly to requests for update from county air pollution control officers to help maximize burning days when meteorological conditions are best suited for smoke dispersion.

SEC. 3. Section 44535 of the Health and Safety Code is amended to read:

44535. (a) The authority may separately approve financing for projects, the purpose of which is to prevent or reduce environmental pollution resulting from the disposal of solid or liquid waste.

(b) The following projects shall be considered for financing:

(1) Projects utilizing recognized resource recovery or energy conversion processes.

(2) Projects utilizing new technologies or processes for resource recovery or energy conversion.

(3) Projects utilizing technologies designed to reduce the level of pollutants found in water.

(4) Recycled water facilities.

(5) Water main replacements.

(6) Water filtration facilities.

(7) Projects for the disposal of agricultural wastes.

(8) Other projects for the reduction of environmental pollution resulting from the disposal of solid or liquid waste.

(c) The projects specified in subdivision (b) may include elements that provide for new refuse removal vehicles, transfer stations, resource recovery or energy conversion plants, source separation, or any solid or liquid waste disposal facilities involved in resource recovery systems. "Solid or liquid waste disposal facilities" means any property, or portion thereof, used for the collection, storage, treatment, utilization, processing, or final disposal of solid or liquid waste in resource recovery systems.

SEC. 4. Section 44537.5 of the Health and Safety Code is amended to read:

44537.5. The authority shall provide the maximum opportunity for the use of the authority's financing by individuals, businesses engaged in agricultural operations, and small businesses or corporations by providing information, assistance, and coordination to facilitate financing for small projects and other financing that benefits the environment, including financing for projects for the disposal of agricultural wastes, with special attention to the needs of businesses that do not meet standard commercial lending requirements but provide public benefits, such as job creation or retention.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that will be incurred by a local agency or school district because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Moreover, no reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain other costs that will be incurred because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

In order to enable all required persons to participate, each person shall pay the program costs commensurate with the person's ability to pay as determined pursuant to Section 11837.4 of the Health and Safety Code.

(h) (1) If any person is convicted of a violation of subdivision (f) of Section 655 within seven years of a separate conviction of a violation of subdivision (b), (c), (d), or (e) of Section 655 and is granted probation, the court shall impose as a condition of probation that the person be confined in the county jail for not less than five days or more than one year and pay a fine of not less than two hundred fifty dollars ($250) or more than five thousand dollars ($5,000).

(j) Except in unusual cases where the interests of justice demand an exception, the court shall not strike a separate conviction of an offense under subdivision (b), (c), (d), (e), or (f) of Section 655 or of Section 191.5 or subdivision (c) of Section 192.5 of the Penal Code, when the prior conviction resulted from the operation of a vessel, or Section 23152 or 23153 of the Vehicle Code or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, when the separate conviction resulted from the operation of a motor vehicle, for purposes of sentencing in order to avoid imposing, as part of the sentence or as a term of probation, the minimum time in confinement and the minimum fine, as provided in this section. When a separate conviction is stricken by the court for purposes of sentencing, the court shall specify the reason or reasons for the striking order. On appeal by the people from an order striking a separate conviction, it shall be conclusively presumed that the order was made only for the reasons specified in the order, and the order shall be reversed if there is no substantial basis in the record for any of those reasons.

Section 23152 or 23153 of the Vehicle Code or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, when the separate conviction resulted from the operation of a motor vehicle, for purposes of sentencing in order to avoid imposing, as part of the sentence or as a term of probation, the minimum time in confinement and the minimum fine, as provided in this section. When a separate conviction is stricken by the court for purposes of sentencing, the court shall specify the reason or reasons for the striking order. On appeal by the people from an order striking a separate conviction, it shall be conclusively presumed that the order was made only for the reasons specified in the order, and the order shall be reversed if there is no substantial basis in the record for any of those reasons.

SEC. 3.6. Section 668 of the Harbors and Navigation Code is amended to read:

668. (a) Any person who violates subdivision (c) of Section 652, Section 654, 654.05, 654.06, 655.7, 658.3, 659, 673, 674, or 754, or any regulations adopted pursuant thereto, or any regulation adopted pursuant to Section 655.3 relating to vessel equipment requirements, is guilty of an infraction, punishable by a fine of not more than two hundred fifty dollars ($250).

(b) (1) Any person who violates Section 655.2 or any regulation adopted pursuant thereto, or, except as provided in subdivision (a), any regulation adopted pursuant to Section 655.3, is guilty of a misdemeanor, punishable by a fine of not more than one hundred dollars ($100) or imprisonment in the county jail for not more than five days, or by both that fine and imprisonment, for each violation.

(c) Any person convicted of a violation of Section 656.2 or 656.3 shall be punished by a fine of not more than ten thousand dollars ($10,000) or imprisonment in the state prison or in a county jail for not more than one year, or by both that fine and imprisonment.

(e) Any person convicted of a first violation of subdivision (b), (c), (d), or (e) of Section 655, or of a violation of Section 655.4, shall be punished by a fine of not more than one thousand dollars ($1,000) or

imprisonment in a county jail for not more than six months, or by both that fine and imprisonment. If probation is granted, the court, as a condition of probation, may require the person to participate in, and successfully complete, an alcohol or drug education, training, or treatment program, in addition to imposing any penalties required by this code. In order to enable all persons to participate in licensed programs, every person referred to a program licensed pursuant to Section 11836 of the Health and Safety Code shall pay that program's costs commensurate with that person's ability to pay as determined by Section 11837.4 of the Health and Safety Code.

(f) Any person convicted of a second or subsequent violation of subdivision (b), (c), (d), or (e) of Section 655 within seven years of the first conviction of any of those subdivisions or subdivision (f) of Section 655, or any person convicted of a violation of subdivision (b), (c), (d), or (e) of Section 655 within seven years of a separate conviction of Section 191.5 or subdivision (c) of Section 192.5 of the Penal Code, when the separate conviction resulted from the operation of a vessel, or a separate conviction of Section 23152 or 23153 of the Vehicle Code or of Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, when the separate conviction resulted from the operation of a motor vehicle, shall be punished by a fine of not more than one thousand dollars ($1,000) or imprisonment in a county jail for not more than one year, or by both that fine and imprisonment. If probation is granted, the court, as a condition of probation, may require the person to do either of the following, if available in the county of the person's residence or employment:

(1) Participate, for at least 18 months subsequent to the underlying conviction and in a manner satisfactory to the court, in a program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code, as designated by the court. In order to enable all required persons to participate, each person shall pay the program costs commensurate with the person's ability to pay as determined pursuant to Section 11837.4 of the Health and Safety Code.

(2) Participate, for at least 30 months subsequent to the underlying conviction and in a manner satisfactory to the court, in a program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code. A person ordered to treatment pursuant to this paragraph shall apply to the court or to a board of review, as designated by the court, at the conclusion of the program to obtain the court's order of satisfaction. Only upon the granting of that order of satisfaction by the court may the program issue its certificate of successful completion. A failure to obtain an order of satisfaction at the conclusion of the program is a violation of probation. In order to enable all required persons to participate, each person shall pay the program costs commensurate with the person's ability to pay as determined pursuant to Section

11837.4 of the Health and Safety Code. No condition of probation required pursuant to this paragraph is a basis for reducing any other probation requirement.

(g) Any person convicted of a violation of subdivision (f) of Section 655 shall be punished by imprisonment in the state prison or in a county jail for not less than 90 days or more than one year, and by a fine of not less than two hundred fifty dollars ($250) or more than five thousand dollars ($5,000). If probation is granted, the court, as a condition of probation, may require the person to participate in, and successfully complete, a program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code, if available in the person's county of residence or employment, as designated by the court. In order to enable all required persons to participate, each person shall pay the program costs commensurate with the person's ability to pay as determined pursuant to Section 11837.4 of the Health and Safety Code.

(h) (1) If any person is convicted of a violation of subdivision (f) of Section 655 within seven years of a separate conviction of a violation of subdivision (b), (c), (d), or (e) of Section 655 and is granted probation, the court shall impose as a condition of probation that the person be confined in a county jail for not less than five days or more than one year and pay a fine of not less than two hundred fifty dollars ($250) or more than five thousand dollars ($5,000).

(2) If any person is convicted of a violation of subdivision (f) of Section 655 within seven years of a separate conviction of a violation of subdivision (f) of Section 655, of Section 191.5 or subdivision (c) of Section 192.5 of the Penal Code, when the prior conviction resulted from the operation of a vessel, or Section 23152 or 23153 of the Vehicle Code or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, when the separate conviction resulted from the operation of a motor vehicle, and is granted probation, the court shall impose as a condition of probation that the person be confined in a county jail for not less than 90 days or more than one year, and pay a fine of not less than two hundred fifty dollars ($250) or more than five thousand dollars ($5,000), and the court, as a condition of probation, may order that the person participate in a manner satisfactory to the court, in a program licensed pursuant to Chapter 9 (commencing with Section 11836) of Part 2 of Division 10.5 of the Health and Safety Code, if available in the county of the person's residence or employment. In order to enable all required persons to participate, each person shall pay the program costs commensurate with the person's ability to pay as determined pursuant to Section 11837.4 of the Health and Safety Code.

(i) The court shall not absolve a person who is convicted of a violation of subdivision (f) of Section 655 within seven years of a separate conviction of a violation of subdivision (b), (c), (d), (e), or (f) of Section 655, of Section 191.5 or subdivision (c) of Section 192.5

of the Penal Code, when the separate conviction resulted from the operation of a vessel, or Section 23152 or 23153 of the Vehicle Code or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, when the separate conviction resulted from the operation of a motor vehicle, from the minimum time in confinement provided in this section and a fine of at least two hundred fifty dollars ($250), except as provided in subdivision (h).

(j) Except in unusual cases where the interests of justice demand an exception, the court shall not strike a separate conviction of an offense under subdivision (b), (c), (d), (e), or (f) of Section 655 or of Section 191.5 or subdivision (c) of Section 192.5 of the Penal Code, when the prior conviction resulted from the operation of a vessel, or Section 23152 or 23153 of the Vehicle Code or Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, when the separate conviction resulted from the operation of a motor vehicle, for purposes of sentencing in order to avoid imposing, as part of the sentence or as a term of probation, the minimum time in confinement and the minimum fine, as provided in this section. When a separate conviction is stricken by the court for purposes of sentencing, the court shall specify the reason or reasons for the striking order. On appeal by the people from an order striking a separate conviction, it shall be conclusively presumed that the order was made only for the reasons specified in the order, and the order shall be reversed if there is no substantial basis in the record for any of those reasons.

SEC. 4. Section 11837.3 of the Health and Safety Code is amended to read:

11837.3. (a) (1) Each county, through the county alcohol program administrator, shall determine its ability to establish, through public or private resources, a program of alcohol and other drug education and counseling services for a person whose license to drive has been administratively suspended or revoked for, or who is convicted of, a first violation of Section 23152 or 23153 of the Vehicle Code, or who is convicted of a violation of subdivision (b), (c), (d), or (e) of Section 655 of, or Section 655.4 of, the Harbors and Navigation Code, pursuant to subdivisions (e) and (f) of Section 668 of the Harbors and Navigation Code. The program shall be of at least three months' duration and totaling at least 30 hours of direct education and counseling services, that shall be authorized by each county and licensed by, and operated under general regulations established by, the department. A county that shows the department that it has insufficient resources, insufficient potential program participants, or other material disadvantages is not required to establish a program.

(2) The department may license an alcohol and other drug education program that is less than 30 hours in length in any county where the board of supervisors has provided the showing pursuant

(b) Each county that has approved an alcohol and other drug education program or programs and that is licensed by the department shall make provision for persons who can document current inability to pay the program fee, in order to enable those persons to participate. The county shall require that the program report the failure of a person referred to the program to enroll in the program to the referring court.

(c) In order to assure effectiveness of the alcohol and other drug education and counseling program, the county shall provide, as appropriate, services to ethnic minorities, women, youth, or any other group that has particular needs related to the program.

(d) (1) Any person required to successfully complete an alcohol and other drug education and counseling program as a condition of probation shall enroll in the program and, except when enrollment is required in a program that is required to report failures to enroll to the court, shall furnish proof of the enrollment to the court within the period of time and in the manner specified by the court. The person also shall participate in and successfully complete the program, and shall furnish proof of successful completion within the period of time and in the manner specified by the court.

(2) An alcohol and other drug education and counseling program shall report to the court, within the period of time and in the manner specified by the court, the name of any person who fails to successfully complete the program.

SEC. 4.5. Section 11837.3 of the Health and Safety Code is amended to read:

The program shall be self-supporting through fees collected from program participants. A six-month program that is imposed by a court on a person as a result of a first violation of Section 23152 or 23153 of the Vehicle Code shall include 45 hours of direct education and counseling services. A nine-month program that is imposed by a court on a person as a result of a first violation of Section 23152 or 23153 of the Vehicle Code shall include at least 60 hours of direct education and counseling services. Programs established pursuant to this subdivision shall be authorized

by each county and licensed by, and operated under general regulations established by, the department. A county that shows the department that it has insufficient resources, insufficient potential program participants, or other material disadvantages is not required to establish a program.

(2) The department may license an alcohol and other drug education program that is less than 45 or 60 hours in length in any county where the board of supervisors has provided the showing pursuant to paragraph (1), and the department has upheld that showing. The shorter program is subject to all other applicable regulations developed by the department pursuant to paragraph (3) of subdivision (b) of Section 11837.4.

(b) Each county that has approved an alcohol and other drug education program or programs and that is licensed by the department shall make provision for persons who can document current inability to pay the program fee, in order to enable those persons to participate. The county shall require that the program report the failure of a person referred to the program to enroll in the program to the referring court.

(c) In order to assure effectiveness of the alcohol and other drug education and counseling program, the county shall provide, as appropriate, services to ethnic minorities, women, youth, or any other group that has particular needs related to the program.

(d) (1) Any person required to successfully complete an alcohol and other drug education and counseling program as a condition of probation shall enroll in the program and, except when enrollment is required in a program that is required to report failures to enroll to the court, shall furnish proof of the enrollment to the court within the period of time and in the manner specified by the court. The person also shall participate in and successfully complete the program, and shall furnish proof of successful completion within the period of time and in the manner specified by the court.

If the person does not complete and pass the boating safety course, the court may extend the period for completion or impose another penalty as prescribed by statute.

CHAPTER 748

An act to amend Sections 11735, 11736, and 11751.8 of, and to add Section 11751.9 to, the Insurance Code, relating to workers' compensation.

[Approved by Governor October 5, 1997. Filed with Secretary of State October 7, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 11735 of the Insurance Code is amended to read:

11735. (a) Every insurer shall file with the commissioner all rates, rating plans, and supplementary rate information that are to be used in this state. The rates and supplementary information shall be filed not later than 30 days prior to the effective date. If the commissioner finds, after a hearing, that an insurer's rates require closer supervision because of the insurer's financial condition, as determined pursuant to Section 11733, the insurer shall file with the commissioner at least 30 days before the effective date, all of those rates and the supplementary rate information and supporting information as prescribed by the commissioner. Upon application by the filer, the commissioner may authorize an earlier effective date.

(b) Rates filed pursuant to this section shall be filed in the form and manner prescribed by the commissioner. All rates, supplementary information and any supporting information for rates filed under this article shall, as soon as filed, be open to public inspection at any reasonable time. Copies may be obtained by any person on request and upon payment of a reasonable charge.

(c) Upon the written application of the insurer and insured, stating its reasons therefor, filed with the commissioner, a rate in excess of that provided by a filing otherwise applicable may be used on any specific risk.

(d) Notwithstanding Section 679.70, no rating organization may issue nor may any insurer use any classification system or rate, as applied or used, that violates Section 679.71 or 679.72 or that violates the Unruh Civil Rights Act.

(e) Notwithstanding Sections 11657 to 11660, inclusive, a rating plan or supplementary rate information filed with the commissioner for purposes of offering deductibles to policyholders for all or part of benefits payable under the policy shall be deemed complete if the filing contains the following:

(1) A copy of the deductible endorsement that is to be attached to the policy to effectuate deductible coverage.

(2) Endorsement language that protects the rights of injured workers and ensures that benefits are paid by the insurer without regard to any deductible. The endorsement shall specify that the nonpayment of deductible amounts by the policyholder shall not relieve the insurer from payment of compensation for injuries sustained by the employee during the period of time the endorsed policy was in effect. The endorsement shall provide that deductible policies for workers' compensation insurance coverage shall not be terminated retroactively for nonpayment of deductible amounts.

(3) The endorsement shall provide that notwithstanding the deductible, the insurer shall pay all the obligations of the employer for workers' compensation benefits for injuries occurring during the policy period. Payment by the insurer of any amounts within the deductible shall be treated as an advancement of funds by the insurer to the employer and shall create a legal obligation for reimbursements, and may be secured by appropriate security.

(4) The endorsement shall specify whether loss adjustment expenses are to be treated as advancements within the deductible to be reimbursed by the employer.

(5) An explanation of premium reductions reflecting the type and level of the deductible will be clearly set forth for the policyholder.

(6) The filing shall provide that premium reductions for deductibles are determined before application of any experience modification, premium surcharge, or premium discount, and the premium reductions reflect the type and level of deductible consistent with accepted actuarial standards.

(7) The filing shall provide that nonpayment of deductible amounts by the insured employer to its insurer, or failure to comply with any security-related terms of the policy, shall be treated under the policy in the same manner as payment or nonpayment of premium pursuant to paragraph (1) of subdivision (b) of Section 676.8.

(f) The insurer shall report and record losses subject to the deductible as losses for purposes of ratemaking and application of an experience rating plan on the same basis as losses under policies providing first dollar coverage.

SEC. 2. Section 11736 of the Insurance Code is amended to read:

11736. An experience rating plan shall contain reasonable eligibility standards, provide adequate incentives for loss prevention, and shall provide for sufficient premium differentials so as to encourage safety.

SEC. 3. Section 11751.8 of the Insurance Code is amended to read:

11751.8. An insurer shall report to its rating organization as corrections or revisions of losses, pursuant to the unit statistical plan and uniform experience rating plans approved by the commissioner, if any of the following is applicable:

(a) A loss record detail was incorrectly reported through mistake other than error of judgment.

(b) One or more claims are declared noncompensable. A claim is declared noncompensable if any of the following applies:

(1) There is an official ruling specifically holding that a claimant is not entitled to benefits under the workers' compensation laws of the state, even though the claimant may have been awarded reimbursement for expenses incurred by the claimant in presenting the case.

(2) No claim was filed during the period of limitation provided by the workers' compensation laws for the filing of the claim, and the carrier, therefore, closes the claim.

(3) Where the carrier contends, prior to the valuation date, that a claimant is not entitled to benefits under the workers' compensation laws and the claim is officially closed because of the claimant's failure to prosecute the claim.

(c) The carrier has recovered in an action against a third party.

(d) A death claim has been compromised over the sole issue of the applicability of the workers' compensation laws of the state.

(e) The exposure has been reassigned to another classification through the revision of an audit, in which case the insurer shall file with the revision of exposure a revision of losses that will reassign all claims to the appropriate classification.

(f) A clerical error in either the classification assignment or the type of injury assignment of a given claim, or a group of claims, has been discovered by the insurer.

(g) A clerical error in either the classification assignment or the type of injury assignment of a given claim has been discovered by the rating organization. The insurer shall, when notified by the rating organization, file a revision of losses or make satisfactory explanation.

(h) A correction is made in a classification assignment of a given claim, or a group of claims, as a result of the organization test audit of an insured for which the experience has been submitted.

(i) The claim has been determined to be a joint coverage claim in accordance with the unit statistical plan approved by the commissioner.

SEC. 4. Section 11751.9 is added to the Insurance Code, to read:

11751.9. Whenever a claim or claims used in an experience rating are closed and reported pursuant to the unit statistical plan approved by the commissioner and are valued, in the aggregate, at an amount that is less than 60 percent of the highest reported aggregate value of all of these claims, then the experience rating shall be revised pursuant to the uniform experience rating plan approved by the commissioner based on the most current reported values for all claims used in the experience rating.

Only decisions made by the habilitation team or habilitation specialist with respect to the provisions listed in paragraphs (1) to (6), inclusive, of subdivision (a) of Section 19352.5 are subject to appeal. If a work-activity program or supported employment program consumer appeals a decision made pursuant

to paragraphs (1) to (6), inclusive, of subdivision (a) of Section 19352.5 to the department, the consumer shall, pending the outcome of the appeal, continue to receive the same level of services provided prior to appeal.

SEC. 4. Section 19353 of the Welfare and Institutions Code is amended to read:

19353. An individual shall be eligible for habilitation services under this chapter when all of the following exist:

(a) The individual is an adult who has been diagnosed as having a developmental disability.

(b) The disability is so severe that the individual does not presently have potential for competitive employment.

(c) The individual's disability is too severe for the individual to benefit from vocational rehabilitation services and it is determined that the individual may be mutually served by the vocational rehabilitation program and it is also determined that the individual needs extended supported employment services following successful rehabilitation by the department's vocational rehabilitation program.

(d) The individual is determined to be in need of habilitation services in an individual program plan developed by a regional center pursuant to Section 4646.

(e) The department verifies, as necessary, that the individual meets the eligibility criteria for habilitation services specified in subdivisions (a) to (d), inclusive, and the habilitation specialist signs a statement that the individual is eligible for habilitation services.

SEC. 5. Section 19353.5 of the Welfare and Institutions Code is amended to read:

19353.5. (a) When the department has made its determination of eligibility pursuant to subdivision (e) of Section 19353, the individual shall be placed in a work-activity program or, if placed on the waiting list for vocational rehabilitation services, a supported employment program, and shall be deemed presumptively eligible for the period not to exceed 90 days.

(b) During the period of presumptive eligibility, the work-activity program or supported employment program in which the individual is placed shall evaluate the performance of the individual in all of the following areas:

(1) Appropriate behavior to safely conduct himself or herself in a work setting.

(2) Adequate attention span to reach a productivity level in paid work.

(3) Ability to understand simple instructions within a reasonable length of time.

(4) Ability to communicate basic needs and understand basic receptive language.

(5) Attendance level.

(c) (1) During the period of presumptive eligibility, the habilitation team shall, utilizing the findings of the work-activity or supported employment program made pursuant to this section, determine the initial eligibility of the individual.

(2) The habilitation team shall meet only as necessary under Section 19352.5.

SEC. 6. Section 19354 of the Welfare and Institutions Code is amended to read:

19354. The individual program plan shall remain in effect as the overall service plan that is the responsibility of the regional center except that the department shall be responsible for the approval of the individual habilitation component of the individual program plan developed by the work-activity or supported employment program, and the purchase of habilitation services.

SEC. 7. Section 19354.5 of the Welfare and Institutions Code is amended to read:

19354.5. (a) The department shall monitor, evaluate, and audit habilitation services providers for program effectiveness taking into consideration criteria, including, but not limited to, all of the following:

(1) Service quality assurance.

(2) Cost effectiveness.

(3) Cost containment.

(4) Protections for individuals receiving services.

(5) An equitable rate system.

(6) Compliance with applicable standards of the CARF—The Rehabilitation Accreditation Commission.

(b) (1) The department may impose immediate sanctions on providers of work-activity programs and supported employment programs for noncompliance with accreditation or services standards contained in regulations adopted by the department, and safety violations which pose a threat to consumers of habilitation services. These sanctions shall include, but need not be limited to, a moratorium on new referrals, imposition of a corrective plan as specified in regulations, removal of consumers from a service area where dangerous conditions or abusive conditions exist, and termination of approval for habilitation funding.

(2) A moratorium on new referrals may be the first formal sanction to be taken except in instances where consumers are at imminent risk of abuse or other harm. In the case where a moratorium on new referrals is the first formal sanction, a corrective plan shall be developed simultaneously by the habilitation specialist. The moratorium shall be in place only until the conditions cited are corrected per the corrective plan as determined by the habilitation specialist.

(3) A corrective plan is a formal sanction that shall be taken simultaneously with a moratorium on new referrals, or may be taken as a single sanction in circumstances that do not require a

moratorium, as determined by the habilitation specialist. Noncompliance with the conditions and timelines of the corrective plan shall result in termination of approval for habilitation funding.

(4) Removal of consumers from a program shall only take place where dangerous or abusive conditions are present, or upon termination of approval for habilitation funding. In instances of removal for health and safety reasons, consumers may return, at their option, when the corrections are made by the program, as determined by the department.

(5) Any provider sanctioned under paragraph (2) or (3) may request an administrative review.

(A) The sanctioned provider shall submit its request for an administrative review, in writing, no later than 30 calendar days following written notice from the department on the sanctions imposed. The response shall be addressed to the Chief Deputy Director of the Department of Rehabilitation. The request for administrative review shall specify the reasons the appellant believes the sanctions should not be imposed and shall include supporting documentation. The department shall convene a Habilitation Services Program administrative review committee within 30 calendar days of receipt of a timely written request for an administrative review. The committee shall be made up of the Chief Deputy Director of the Department of Rehabilitation and the deputy directors or their designees. A written decision of the committee shall be mailed to the appellant within 15 working days of the administrative review.

(B) A provider sanctioned under paragraph (4) may also request an expedited administrative review from the deputy director directly responsible for the administration of the Habilitation Services Program. The expedited review request shall be made by 4 p.m. of the first full-working day following removal of the consumers. A telephone request to the deputy director, or his or her designee, stating a wish to appeal the removal of consumers and a statement of reasons shall be accepted when followed by written confirmation received in the deputy director's office no later than five working days after the action to remove consumers is taken. The expedited administrative review by the deputy director, or his or her designee, shall take place within five working days of receipt of a timely request. A written decision shall be issued within five working days of the expedited administrative review. The provider sanctioned under paragraph (4) may exercise the administrative review procedure referenced in subparagraph (A) in lieu of, or in addition to, the expedited administrative review. In the event both options are exercised, the regular administrative review shall serve as a second level review.

(6) Any provider sanctioned under paragraph (4) shall have a right to a formal review by the Office of Administrative Hearings

under Chapter 4 (commencing with Section 11370) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 8. Section 19356.6 of the Welfare and Institutions Code is amended to read:

19356.6. (a) The definitions contained in this subdivision shall govern the construction of this section, with respect to services provided through the Habilitation Services Program, and unless the context requires otherwise, the following terms shall have the following meanings:

(1) "Supported employment" means paid work that is integrated in the community for individuals with developmental disabilities whose vocational handicap is so severe that they would be unable to achieve this employment without specialized services and would not be able to retain this employment without an appropriate level of ongoing postemployment support services.

(2) "Integrated work" means the engagement of an employee with a disability in work in a natural community employment setting, including, but not limited to, groups and individual placements, in which the degree of integration is measured by the extent to which the disabled employee has opportunities to interact with nondisabled individuals other than those providing direct support services to the disabled employee.

(3) "Group placement" means the employment of a group containing at least three, but not more than eight, individuals with developmental disabilities working together in an integrated work setting in the community.

(4) "Individual placement" means the employment of an individual with a developmental disability by an employer in the community, directly or through contract with a supported employment program, and providing supported employment services which are intended to lead to employer-paid and employer-supervised employment, and where services decrease as the individual adjusts to the job; and providing ongoing postemployment services necessary for the individual to retain the job.

(5) "Allowable supported employment services" means the services approved in the individual habilitation component and provided, to the extent allowed by the Habilitation Services Program, for the purpose of achieving supported employment as an outcome for individuals with developmental disabilities, which may include any of the following:

(A) Program staff time spent conducting task analysis on a supported employment opportunity for a specific consumer or group of consumers.

(B) Program staff time spent in the direct supervision or training of a consumer or consumers while they are engaged in integrated work designed to achieve supported employment unless other arrangements for consumer supervision, such as employer

supervision reimbursed by the work-activity program, are approved by the Habilitation Services Program.

(C) Social skills training which is necessary to ensure job adjustment and retention, and which is provided in an integrated setting, unless otherwise approved by the Habilitation Services Program.

(D) Training in certain independent living skills, such as independent travel or money management, which is necessary to ensure job adjustment and retention and which is provided in the community, unless otherwise approved by the Habilitation Services Program.

(E) Counseling with family, care providers, or others to ensure necessary support to consumers' job adjustment or to overcome problems affecting their job performance.

(F) Direct action to advocate on behalf of a consumer to resolve problems affecting the consumer's work adjustment or retention of an integrated job.

(G) Intervention with the employer to review a consumer's job performance, resolve job problems or facilitate the employer's hiring of the consumer as an employee.

(H) In the case of groups which must take equipment or materials to and from the worksite, the time the group members spend preparing for, and ending, the day's work.

(I) In the case of individual placements, job development to the extent authorized by the Habilitation Services Program, and ongoing postemployment support services needed to ensure the consumer's retention of the job.

(J) In the case of developing group placement job sites, the staff time spent obtaining and arranging the jobsite for the first three consumers employed in the group placement.

(b) (1) The Habilitation Services Program shall set hourly rates for supported employment services provided in accordance with this section. The Habilitation Services Program shall apply those rates to those work-activity programs or program components of work-activity programs approved by the department to provide community-integrated services under former paragraph (3) of subdivision (d) of Section 19356.5, and to new programs or components approved by the Habilitation Services Program to provide supported employment services following enactment of this section. Both of these categories of programs or components shall be required to comply with the criteria set forth in subdivision (b) of Section 19356.7 to receive approval from the Habilitation Services Program.

(2) (A) The hourly rate for supported employment services provided to consumers in group placements shall be four dollars ($4) per client or, in the case of new components of existing programs, the work-activity program's daily rate converted to an hourly rate

according to the formula set forth in subdivision (c), whichever hourly rate is the higher.

(B) The Habilitation Services Program may, at its discretion, set a higher hourly rate for supported employment services provided to individual consumers in a group placement, based upon the additional cost to provide ancillary services to the individual within the group placement in accordance with ratesetting procedures set forth in regulations, when there is documentation that demonstrates a need for a higher rate because of the nature and severity of the disabilities of the individual consumer, as determined by the Habilitation Services Program.

(C) A consumer in group placement for which a higher rate, due to the nature and severity of the consumer's disability, had been in effect on December 31, 1996, shall continue to be funded at the higher rate until he or she is no longer employed in the specific group placement receiving the higher rate, or until it is determined that the nature and severity of the consumer's disability no longer justifies the higher rate.

(3) The hourly rate for supported employment services provided to consumers in individual placement shall be twenty dollars ($20) per consumer for one-to-one services. If more than one consumer is receiving supported employment services simultaneously at the same site, the amount to be reimbursed per hour of service provided shall not exceed the approved hourly rate for the supported employment program regardless of the number of consumers receiving service during the hour.

(4) These hourly rates shall be subject to rate adjustments provided by law commencing with the 1987–88 fiscal year.

(5) (A) Commencing July 1, 1991, the department shall add to each supported employment program rate an amount that is the equivalent of the hourly reimbursement received by the program for administrative services delivered during the period of July 1, 1990, to March 31, 1991, inclusive.

(B) For programs approved after July 1, 1991, pursuant to Section 19356.7, the statewide average for hourly reimbursement for administrative services shall be applied to the rate.

(6) It is the intent of the Legislature that, commencing July 1, 1996, the department establish rates for both habilitation services and vocational rehabilitation supported employment services pursuant to this section.

(c) (1) When a consumer receives traditional work-activity services and supported employment services during the same payment period, the Habilitation Services Program shall convert the daily rate for the traditional work-activity services into an hourly rate for the purpose of paying for those traditional work-activity services received by that consumer. In its conversion of the daily rate into any hourly rate, the Habilitation Services Program shall use the formula in paragraph (2).

(2) The daily rate of the work-activity program shall be divided by the number of hours in the program day of the traditional work-activity program during the historical period on which its rate is based, or as of the date the Habilitation Services Program approved the work-activity program as a new provider of habilitation services plus 5 percent.

(d) If a consumer has been placed on a waiting list for vocational rehabilitation as a result of the department's order of selection regulations, the Habilitation Services Program may pay for those supported employment services leading to job development set forth in subparagraphs (A), (C), (D), (E), (I), and (J) of paragraph (5) of subdivision (a).

SEC. 8.5. Section 19356.6 of the Welfare and Institutions Code is amended to read:

19356.6. (a) The definitions contained in this subdivision shall govern the construction of this section, with respect to services provided through the Habilitation Services Program, and unless the context requires otherwise, the following terms shall have the following meanings:

(1) "Supported employment" means paid work that is integrated in the community for individuals with developmental disabilities whose vocational disability is so severe that they would be unable to achieve this employment without specialized services and would not be able to retain this employment without an appropriate level of ongoing postemployment support services.

(2) "Integrated work" means the engagement of an employee with a disability in work in a community employment setting in which the degree of integration is measured by the extent to which the disabled employee has opportunities to interact with nondisabled individuals, other than those paid to provide direct support services to the disabled employee.

(3) "Supported employment placement" means the employment of an individual with a developmental disability by an employer in the community, directly or through contract with a supported employment program, and the provision of supported employment services, and the provision of ongoing postemployment services necessary for the individual to retain employment. Services for those individuals receiving one-to-one training and support services from a supported employment program shall decrease as the individual adjusts to his or her employment and the employer assumes many of those functions.

(4) For individuals receiving postemployment support services at a job coach-to-client ratio of one-to-one or one-to-two, postemployment services may be provided on or off the jobsite, except that no ancillary services may be provided pursuant to subparagraph (A) of paragraph (2) of subdivision (b).

(5) For individuals receiving postemployment support services at a job coach-to-client ratio of other than one-to-one or one-to-two,

ancillary services may be provided, except that all postemployment and ancillary services shall be provided at the worksite.

(6) "Allowable supported employment services" means the services approved in the individual habilitation component and provided, to the extent allowed by the Habilitation Services Program, for the purpose of achieving supported employment as an outcome for persons with developmental disabilities, that may include any of the following:

(A) Program staff time spent conducting job analysis of supported employment opportunities for a specific consumer.

(B) Program staff time spent in the direct supervision or training of a consumer or consumers while they engage in integrated work unless other arrangements for consumer supervision, such as employer supervision reimbursed by the supported employment program, are approved by the Habilitation Services Program.

(C) Training occurring in the community, in adaptive functional and social skills necessary to ensure job adjustment and retention such as social skills, money management, and independent travel.

(D) Counseling with a consumer's significant other to ensure support of a consumer in job adjustment.

(E) Advocacy or intervention on behalf of a consumer to resolve problems affecting the consumer's work adjustment or retention.

(F) Job development, to the extent authorized by the Habilitation Services Program.

(G) Ongoing postemployment support services needed to ensure the consumer's retention of the job.

(b) (1) The Habilitation Services Program shall set rates for supported employment services provided in accordance with this section. The Habilitation Services Program shall apply those rates to those work-activity programs or program components of work-activity programs approved by the department to provide supported employment and to new programs or components approved by the Habilitation Services Program to provide supported employment services. Both of these categories of programs or components shall be required to comply with the criteria set forth in subdivision (b) of Section 19356.7 to receive approval from the Habilitation Services Program.

(2) The hourly rate for supported employment services shall be twenty-seven dollars and fifty cents ($27.50). If more than one consumer is receiving supported employment services from the same job coach, the following shall apply:

(A) The total amount reimbursed for that service shall not exceed the authorized rate for supported employment services. In addition, the Habilitation Services Program may set a higher hourly rate for supported employment services provided to an individual in this configuration, based upon the additional cost to provide ancillary services, when there is a documented and demonstrated need for a

higher rate because of the nature and severity of the disabilities of the consumer, as determined by the Habilitation Services Program.

(B) In addition, fees shall be authorized for the following:

(i) A two hundred dollar ($200) fee shall be paid upon intake of a consumer into an agency's supported employment program, unless that individual has completed a supported employment intake process with that same agency within the past 12 months, in which case no fee shall be paid.

(ii) A four hundred dollar ($400) fee shall be paid upon placement of an individual in an integrated job, unless that individual is placed with another consumer or consumers assigned to the same job coach during the same hours of employment, in which case no fee shall be paid.

(iii) A four hundred dollar ($400) fee shall be paid after a 90-day retention of a consumer in a job, unless that individual has been placed with another consumer or consumers assigned to the same job coach during the same hours of employment, in which case no fee shall be paid.

(3) These rates shall take effect on July 1, 1998.

(4) It is the intent of the Legislature that, commencing July 1, 1996, the department establish rates for both habilitation services and vocational rehabilitation supported employment services pursuant to this section.

(c) If a consumer has been placed on a waiting list for vocational rehabilitation as a result of the department's order of selection regulations, the Habilitation Services Program may pay for those supported employment services leading to job development set forth in subparagraph (B) of paragraph (2) of subdivision (b).

SEC. 9. Section 19806 of the Welfare and Institutions Code is amended to read:

19806. (a) For each fiscal year commencing with the 1984–85 fiscal year, an independent living center shall not be required to provide any matching funds through private contributions as a condition of receiving state funds except to acquire state incentive funds. An independent living center whose allocation of funds pursuant to this chapter, excluding state incentive funds, is less than one hundred fifty thousand dollars ($150,000) shall, to the extent funds are appropriated by the Legislature and allocated in accordance with regulations adopted by the department, receive, during the 1984–85 fiscal year, an amount of state funds pursuant to this section, in an amount equal to 50 percent of the difference between one hundred fifty thousand dollars ($150,000) and the independent living center's allocation under this chapter. During the 1985–86 fiscal year, and each fiscal year thereafter, until the 1994–95 fiscal year, each independent living center shall receive, to the extent funds are appropriated by the Legislature and allocated in accordance with regulations adopted by the department, except for state incentive funds, at least one hundred fifty thousand ($150,000)

in funds allocated under this chapter. Beginning with the 1994–95 fiscal year, and each fiscal year thereafter, each independent living center shall receive, to the extent funds are appropriated by the Legislature and allocated in accordance with regulations adopted by the department, excluding state incentive funds, at least one hundred seventy-five thousand dollars ($175,000) in funds allocated under this chapter. However, beginning with the 1994–95 fiscal year, and for each fiscal year thereafter, state funds may be replaced by reimbursements under the Supplemental Security Disability Insurance and the Supplemental Security Income programs provided for under Titles II and XVII of the Federal Social Security Act, Subchapter II (commencing with Section 401) and Subchapter XVII (commencing with Section 1381) of Chapter 7 of Title 42 of the United States Code to the extent appropriated by the Legislature and allocated by the department to independent living centers under this chapter. Beginning with the 1996–97 fiscal year, and each year thereafter, to the extent these funds from the Social Security Act are not appropriated by the Legislature as were appropriated in the 1995–96 fiscal year, an amount equal to the combined state and federal fund allocation to independent living centers in the Budget Act of 1995 shall be appropriated to, and allocated by, the department to independent living centers under this chapter.

(b) (1) In addition to funds received pursuant to subdivision (a), and subject to the limitations of subdivision (c), to the extent funds are appropriated by the Legislature, and allocated in accordance with regulations adopted by the department, each independent living center shall have the amount of its private contributions which, for any fiscal year, exceeds the amount of private contributions received by the independent living center during the 1982–83 fiscal year matched by state incentive funds on the basis of one dollar ($1) in state incentive funds for each one dollar ($1) received in private contributions.

(2) Available state incentive funds shall be allocated at the beginning of each fiscal year based upon the private contributions received by the independent living center in the second preceding fiscal year.

(3) For the purpose of determining eligibility for state incentive funds, any independent living center that uses a fiscal year other than the state fiscal year may elect to use a different fiscal year so long as the closing date of the fiscal year so elected does not precede the closing date of the equivalent state fiscal year by more than 11 months.

(4) The amount of private contributions claimed by an independent living center for each fiscal year, including the 1982–83 fiscal year, shall be verified by the department by utilizing appropriate financial records including, but not limited to, independent audits. Audits may be performed by the department up to three years from the close of the fiscal year during which state

incentive funds were received by the independent living center being audited.

(c) The maximum amount of incentive funds as defined in subdivision (d) that may be acquired by any independent living center in any single fiscal year shall be computed as follows:

(1) Each independent living center funded under Section 19803 shall be entitled to acquire state incentive funds as specified in subdivision (b) in an amount not to exceed the total available state incentive funds, divided by the number of independent living centers then funded under Section 19803.

(2) Incentive funds remaining after the initial allocation pursuant to paragraph (1) shall be allocated among centers with remaining unmatched private contributions. Each center with remaining unmatched private contributions shall be allowed to match remaining incentive funds in an amount equal to the total remaining incentive funds divided by the number of centers with remaining private contributions. Subsequent distributions shall be made pursuant to the formula described in the preceding sentence and shall be repeated as many times as is necessary to allocate incentive funds to the greatest extent possible.

(3) State incentive funds not distributed to independent living centers under paragraph (1) or (2) shall not be allocated under Section 19803 nor retained by the department for distribution as state incentive funds in later fiscal years.

(d) For purposes of this section:

(1) "Private funds" does not include any funds originating from any entity of the federal, state, city, or county government or any political subdivision thereof.

(2) "State incentive funds" means state funds appropriated by the Legislature for purposes of this chapter, except those funds allocated by the department pursuant to Section 19803 and subdivision (a) of this section.

(e) Any funds allocated under this chapter to any independent living center, other than as part of the initial allocation for each fiscal year, shall be made by contract amendment. Any such contract amendment shall require the provision of services in addition to that required by the contract being amended. All such services required by contract amendment shall not be performed prior to the date the contract amendment is approved by the state.

SEC. 10. Section 8.5 of this bill incorporates amendments to Section 19356.6 of the Welfare and Institutions Code proposed by both this bill and AB 715. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1998, (2) each bill amends Section 19356.6 of the Welfare and Institutions Code, and (3) this bill is enacted after AB 715, in which case Section 8 of this bill shall not become operative.

CHAPTER 750

An act to amend Sections 669, 1170, 1170.1, 1170.13, and 1170.15 of, to add Section 1170.11 to, and to repeal Section 1170.95 of, the Penal Code, relating to sentencing.

[Approved by Governor October 7, 1997. Filed with Secretary of State October 7, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 669 of the Penal Code is amended to read:

669. When any person is convicted of two or more crimes, whether in the same proceeding or court or in different proceedings or courts, and whether by judgment rendered by the same judge or by different judges, the second or other subsequent judgment upon which sentence is ordered to be executed shall direct whether the terms of imprisonment or any of them to which he or she is sentenced shall run concurrently or consecutively. Life sentences, whether with or without the possibility of parole, may be imposed to run consecutively with one another, with any term imposed for applicable enhancements, or with any other term of imprisonment for a felony conviction. Whenever a person is committed to prison on a life sentence which is ordered to run consecutive to any determinate term of imprisonment, the determinate term of imprisonment shall be served first and no part thereof shall be credited toward the person's eligibility for parole as calculated pursuant to Section 3046 or pursuant to any other section of law that establishes a minimum period of confinement under the life sentence before eligibility for parole.

In the event that the court at the time of pronouncing the second or other judgment upon that person had no knowledge of a prior existing judgment or judgments, or having knowledge, fails to determine how the terms of imprisonment shall run in relation to each other, then, upon that failure to determine, or upon that prior judgment or judgments being brought to the attention of the court at any time prior to the expiration of 60 days from and after the actual commencement of imprisonment upon the second or other subsequent judgments, the court shall, in the absence of the defendant and within 60 days of the notice, determine how the term of imprisonment upon the second or other subsequent judgment shall run with reference to the prior incompleted term or terms of imprisonment. Upon the failure of the court to determine how the terms of imprisonment on the second or subsequent judgment shall run, the term of imprisonment on the second or subsequent judgment shall run concurrently.

The Department of Corrections shall advise the court pronouncing the second or other subsequent judgment of the existence of all prior

judgments against the defendant, the terms of imprisonment upon which have not been completely served.

SEC. 2. Section 1170 of the Penal Code is amended to read:

1170. (a) (1) The Legislature finds and declares that the purpose of imprisonment for crime is punishment. This purpose is best served by terms proportionate to the seriousness of the offense with provision for uniformity in the sentences of offenders committing the same offense under similar circumstances. The Legislature further finds and declares that the elimination of disparity and the provision of uniformity of sentences can best be achieved by determinate sentences fixed by statute in proportion to the seriousness of the offense as determined by the Legislature to be imposed by the court with specified discretion.

(2) Paragraph (1) shall not be construed to preclude programs, including educational programs, that are designed to rehabilitate nonviolent, first-time felony offenders. The Legislature encourages the development of policies and programs designed to educate and rehabilitate nonviolent, first-time felony offenders consistent with the purpose of imprisonment.

(3) In any case in which the punishment prescribed by statute for a person convicted of a public offense is a term of imprisonment in the state prison of any specification of three time periods, the court shall sentence the defendant to one of the terms of imprisonment specified unless the convicted person is given any other disposition provided by law, including a fine, jail, probation, or the suspension of imposition or execution of sentence or is sentenced pursuant to subdivision (b) of Section 1168 because he or she had committed his or her crime prior to July 1, 1977. In sentencing the convicted person, the court shall apply the sentencing rules of the Judicial Council. The court, unless it determines that there are circumstances in mitigation of the punishment prescribed, shall also impose any other term which it is required by law to impose as an additional term. Nothing in this article shall affect any provision of law which imposes the death penalty, which authorizes or restricts the granting of probation or suspending the execution or imposition of sentence, or expressly provides for imprisonment in the state prison for life. In any case in which the amount of preimprisonment credit under Section 2900.5 or any other provision of law is equal to or exceeds any sentence imposed pursuant to this chapter, the entire sentence, including any period of parole under Section 3000, shall be deemed to have been served and the defendant shall not be actually delivered to the custody of the Director of Corrections. However, that sentence shall be deemed a separate prior prison term under Section 667.5, and a copy of the judgment and other necessary documentation shall be forwarded to the Director of Corrections.

(b) When a judgment of imprisonment is to be imposed and the statute specifies three possible terms, the court shall order imposition of the middle term, unless there are circumstances in aggravation or

mitigation of the crime. At least four days prior to the time set for imposition of judgment, either party or the victim, or the family of the victim if the victim is deceased, may submit a statement in aggravation or mitigation to dispute facts in the record or the probation officer's report, or to present additional facts. In determining whether there are circumstances that justify imposition of the upper or lower term, the court may consider the record in the case, the probation officer's report, other reports including reports received pursuant to Section 1203.03 and statements in aggravation or mitigation submitted by the prosecution, the defendant, or the victim, or the family of the victim if the victim is deceased, and any further evidence introduced at the sentencing hearing. The court shall set forth on the record the facts and reasons for imposing the upper or lower term. The court may not impose an upper term by using the fact of any enhancement upon which sentence is imposed under Section 667.5, 1170.1, 12022, 12022.4, 12022.5, 12022.6, or 12022.7, or under any other provision of law. A term of imprisonment shall not be specified if imposition of sentence is suspended.

(c) The court shall state the reasons for its sentence choice on the record at the time of sentencing. The court shall also inform the defendant that as part of the sentence after expiration of the term he or she may be on parole for a period as provided in Section 3000.

(d) When a defendant subject to this section or subdivision (b) of Section 1168 has been sentenced to be imprisoned in the state prison and has been committed to the custody of the Director of Corrections, the court may, within 120 days of the date of commitment on its own motion, or at any time upon the recommendation of the Director of Corrections or the Board of Prison Terms, recall the sentence and commitment previously ordered and resentence the defendant in the same manner as if he or she had not previously been sentenced, provided the new sentence, if any, is no greater than the initial sentence. The resentence under this subdivision shall apply the sentencing rules of the Judicial Council so as to eliminate disparity of sentences and to promote uniformity of sentencing. Credit shall be given for time served.

(e) Any sentence imposed under this article shall be subject to the provisions of Sections 3000 and 3057 and any other applicable provisions of law.

(f) A sentence to state prison for a determinate term for which only one term is specified, is a sentence to state prison under this section.

SEC. 2.5. Section 1170 of the Penal Code is amended to read:

1170. (a) (1) The Legislature finds and declares that the purpose of imprisonment for crime is punishment. This purpose is best served by terms proportionate to the seriousness of the offense with provision for uniformity in the sentences of offenders committing the same offense under similar circumstances. The

Legislature further finds and declares that the elimination of disparity and the provision of uniformity of sentences can best be achieved by determinate sentences fixed by statute in proportion to the seriousness of the offense as determined by the Legislature to be imposed by the court with specified discretion. The Legislature also finds and declares that because the purpose of incarceration is punishment, that purpose is no longer served by the continued incarceration of certain inmates who are terminally ill with less than six months to live who are permanently and severely incapacitated, provided they no longer pose a risk to public safety. Moreover, the Legislature finds and declares that the Department of Corrections is in the position to determine at what point an inmate is no longer a threat if the inmate is sentenced pursuant to subdivision (a) of Section 1168. The Legislature finds and declares that the Board of Prison Terms is in the position to determine at what point an inmate is no longer a threat if the inmate is sentenced pursuant to subdivision (b) of Section 1168 or prior law. In no case shall determinations by the Department of Corrections or the Board of Prison Terms supersede or compromise the Governor's authority.

(2) Paragraph (1) shall not be construed to preclude programs, including educational programs, that are designed to rehabilitate nonviolent, first-time felony offenders. The Legislature encourages the development of policies and programs designed to educate and rehabilitate nonviolent, first-time felony offenders consistent with the purpose of imprisonment.

(3) In any case in which the punishment prescribed by statute for a person convicted of a public offense is a term of imprisonment in the state prison of any specification of three time periods, the court shall sentence the defendant to one of the terms of imprisonment specified unless the convicted person is given any other disposition provided by law, including a fine, jail, probation, or the suspension of imposition or execution of sentence or is sentenced pursuant to subdivision (b) of Section 1168 because he or she had committed his or her crime prior to July 1, 1977. In sentencing the convicted person, the court shall apply the sentencing rules of the Judicial Council. The court, unless it determines that there are circumstances in mitigation of the punishment prescribed, shall also impose any other term which it is required by law to impose as an additional term. Nothing in this article shall affect any provision of law which imposes the death penalty, which authorizes or restricts the granting of probation or suspending the execution or imposition of sentence, or expressly provides for imprisonment in the state prison for life. In any case in which the amount of preimprisonment credit under Section 2900.5 or any other provision of law is equal to or exceeds any sentence imposed pursuant to this chapter, the entire sentence, including any period of parole under Section 3000, shall be deemed to have been served and the defendant shall not be actually delivered to the custody of the Director of Corrections. However, that sentence shall

be deemed a separate prior prison term under Section 667.5, and a copy of the judgment and other necessary documentation shall be forwarded to the Director of Corrections.

(b) When a judgment of imprisonment is to be imposed and the statute specifies three possible terms, the court shall order imposition of the middle term, unless there are circumstances in aggravation or mitigation of the crime. At least four days prior to the time set for imposition of judgment, either party or the victim, or the family of the victim if the victim is deceased, may submit a statement in aggravation or mitigation to dispute facts in the record or the probation officer's report, or to present additional facts. In determining whether there are circumstances that justify imposition of the upper or lower term, the court may consider the record in the case, the probation officer's report, other reports including reports received pursuant to Section 1203.03 and statements in aggravation or mitigation submitted by the prosecution, the defendant, or the victim, or the family of the victim if the victim is deceased, and any further evidence introduced at the sentencing hearing. The court shall set forth on the record the facts and reasons for imposing the upper or lower term. The court may not impose an upper term by using the fact of any enhancement upon which sentence is imposed under Section 667.5, 1170.1, 12022, 12022.4, 12022.5, 12022.6, or 12022.7, or under any other provision of law. A term of imprisonment shall not be specified if imposition of sentence is suspended.

(c) The court shall state the reasons for its sentence choice on the record at the time of sentencing. The court shall also inform the defendant that as part of the sentence after expiration of the term he or she may be on parole for a period as provided in Section 3000.

(d) When a defendant subject to this section or subdivision (b) of Section 1168 has been sentenced to be imprisoned in the state prison and has been committed to the custody of the Director of Corrections, the court may, within 120 days of the date of commitment on its own motion, or at any time upon the recommendation of the Director of Corrections or the Board of Prison Terms, recall the sentence and commitment previously ordered and resentence the defendant in the same manner as if he or she had not previously been sentenced, provided the new sentence, if any, is no greater than the initial sentence. The resentence under this subdivision shall apply the sentencing rules of the Judicial Council so as to eliminate disparity of sentences and to promote uniformity of sentencing. Credit shall be given for time served.

(e) (1) Notwithstanding any other law and consistent with paragraph (1) of subdivision (a) of Section 1170, if the Director of Corrections or the Board of Prison Terms or both determine that a prisoner satisfies the criteria set forth in paragraph (2), the director or the board may recommend to the court that the prisoner's sentence be recalled.

(2) The court shall have the discretion to resentence or recall if the court finds both of the following:

(A) The prisoner is either of the following, as determined by a physician employed by the department:

(i) Terminally ill with an incurable condition caused by an illness or disease that would produce death within six months.

(ii) Permanently and severely physically incapacitated.

(B) The conditions under which the prisoner would be released or receive treatment do not pose a threat to public safety.

The Board of Prison Terms shall make findings pursuant to this paragraph before making a recommendation for resentence or recall to the court. This paragraph does not apply to a prisoner sentenced to death or a term of life without the possibility of parole.

(3) Within 10 days of receipt of a positive recommendation by the director or the board, the court shall hold a hearing to consider whether the prisoner's sentence should be recalled.

(4) The prisoner or his or her family member or designee may request consideration for recall and resentencing by contacting the chief medical officer at the prison or the Director of Corrections. Upon receipt of the request, if the director determines that the prisoner satisfies the criteria set forth in paragraph (2), the director or board may recommend to the court that the prisoner's sentence be recalled. The director shall submit a recommendation for or against release within 30 days in the case of inmates sentenced to determinate terms and, in the case of inmates sentenced to indeterminate terms, the director may make a recommendation to the Board of Prison Terms with respect to the inmates who have applied under this section. The board shall consider this information and make an independent judgment pursuant to paragraph (2) and make findings related thereto before rejecting the request or making a recommendation to the court. This action shall be taken at the next lawfully noticed board meeting.

(5) Any recommendation for recall submitted to the court by the Director of Corrections or the Board of Prison Terms shall include one or more medical evaluations, a postrelease plan, and findings pursuant to paragraph (2).

(6) If possible, the matter shall be heard before the same judge of the court who sentenced the prisoner.

(f) Any sentence imposed under this article shall be subject to the provisions of Sections 3000 and 3057 and any other applicable provisions of law.

(g) A sentence to state prison for a determinate term for which only one term is specified, is a sentence to state prison under this section.

SEC. 3. Section 1170.1 of the Penal Code is amended to read:

1170.1. (a) Except as provided in subdivisions (b) and (c), and subject to Section 654, when any person is convicted of two or more felonies, whether in the same proceeding or court or in different

proceedings or courts, and whether by judgment rendered by the same or by a different court, and a consecutive term of imprisonment is imposed under Sections 669 and 1170, the aggregate term of imprisonment for all these convictions shall be the sum of the principal term, the subordinate term, and any additional term imposed for applicable enhancements for prior convictions, prior prison terms, and Section 12022.1. The principal term shall consist of the greatest term of imprisonment imposed by the court for any of the crimes, including any term imposed for applicable specific enhancements. The subordinate term for each consecutive offense which is not a "violent felony," as defined in subdivision (c) of Section 667.5, shall consist of one-third of the middle term of imprisonment prescribed for each other felony conviction for an offense that is not a violent felony for which a consecutive term of imprisonment is imposed, and shall exclude any specific enhancements. Except as otherwise provided by law, the total of subordinate terms for those consecutive offenses which are not "violent felonies," as defined in subdivision (c) of Section 667.5, shall not exceed five years. The subordinate term for each consecutive offense which is a "violent felony," as defined in any paragraph of subdivision (c) of Section 667.5, shall consist of one-third of the middle term of imprisonment prescribed for each other felony conviction for an offense that is a violent felony for which a consecutive term of imprisonment is imposed, and shall include one-third of the term imposed for any specific enhancements applicable to those subordinate offenses.

(b) When a consecutive term of imprisonment is imposed under Sections 669 and 1170 for two or more convictions for kidnapping, as defined in Section 207 or 208, involving separate victims, the aggregate term shall be calculated as provided in subdivision (a), except that the subordinate term for each subsequent kidnapping conviction shall consist of the full middle term for each kidnapping conviction for which a consecutive term of imprisonment is imposed and shall include the full term imposed for specific enhancements applicable to those subordinate offenses. The total of the subordinate terms imposed pursuant to this subdivision may exceed five years.

(c) In the case of any person convicted of one or more felonies committed while the person is confined in a state prison or is subject to reimprisonment for escape from custody and the law either requires the terms to be served consecutively or the court imposes consecutive terms, the term of imprisonment for all the convictions which the person is required to serve consecutively shall commence from the time the person would otherwise have been released from prison. If the new offenses are consecutive with each other, the principal and subordinate terms shall be calculated as provided in subdivision (a), except that the total of subordinate terms may exceed five years. This subdivision shall be applicable in cases of convictions of more than one offense in different proceedings, and

convictions of more than one offense in the same or different proceedings.

(d) When the court imposes a prison sentence for a felony pursuant to Section 1170, the court shall also impose the additional terms provided for any applicable enhancements. The court shall also impose any other additional term that the court determines in its discretion or as required by law shall run consecutive to the term imposed under Section 1170. In considering the imposition of the additional term, the court shall apply the sentencing rules of the Judicial Council.

(e) All enhancements shall be alleged in the accusatory pleading and either admitted by the defendant in open court or found to be true by the trier of fact.

(f) When two or more enhancements may be imposed for being armed with or using a dangerous or deadly weapon or a firearm in the commission of a single offense, only the greatest of those enhancements shall be imposed for that offense. This subdivision shall not limit the imposition of any other enhancements applicable to that offense, including an enhancement for the infliction of great bodily injury.

(g) When two or more enhancements may be imposed for the infliction of great bodily injury in the commission of a single offense, only the greatest of those enhancements shall be imposed for that offense. This subdivision shall not limit the imposition of any other enhancements applicable to that offense, including an enhancement for being armed with or using a dangerous or deadly weapon or firearm.

(h) For any violation of paragraph (2), (3), or (6) of subdivision (a) of Section 261, paragraph (1) or (4) of subdivision (a) of Section 262, Section 264.1, subdivision (b) of Section 288, subdivision (a) of Section 289, or sodomy or oral copulation by force, violence, duress, menace, or fear of immediate and unlawful bodily injury on the victim or another person as provided in Section 286 or 288a, the number of enhancements that may be imposed shall not be limited, regardless of whether the enhancements are pursuant to this section, Section 667.6, or some other section of law. Each of the enhancements shall be a full and separately served enhancement and shall not be merged with any term or with any other enhancement.

SEC. 4. Section 1170.11 is added to the Penal Code, to read:

1170.11. As used in Section 1170.1, the term "specific enhancement" includes, but is not limited to, the enhancements provided in Sections 186.10, 186.11, 186.22, 273.4, 290, 290.4, and 347, subdivisions (a), (b), and (c) of Section 422.75, Sections 451.1, 452.1, 593a, 600, 667.8, 667.83, 667.85, 667.9, 667.10, 667.15, 667.16, 674, 12021.5, 12022, 12022.2, 12022.3, 12022.4, 12022.5, 12022.55, 12022.6, 12022.7, 12022.75, 12022.8, 12022.85, 12022.9, 12022.95, 12072, and 12280 of this code, and in Section 11353.1, subdivision (b) of Section 11353.4, Sections 11353.6, 11356.5, 11370.4, 11379.7, 11379.8, 11380.1, and

11380.5 of the Health and Safety Code, and in Sections 20001 and 23182 of the Vehicle Code.

SEC. 5. Section 1170.13 of the Penal Code is amended to read:

1170.13. Notwithstanding subdivision (a) of Section 1170.1 which provides for the imposition of a subordinate term for a consecutive offense of one-third of the middle term of imprisonment, if a person is convicted pursuant to subdivision (b) of Section 139, the subordinate term for each consecutive offense shall consist of the full middle term. The total of the subordinate terms imposed pursuant to this section may exceed five years.

SEC. 6. Section 1170.15 of the Penal Code is amended to read:

1170.15. Notwithstanding the provisions of subdivision (a) of Section 1170.1 which provide for the imposition of a subordinate term for a consecutive offense of one-third of the middle term of imprisonment, if a person is convicted of a felony, and of an additional felony which is a violation of Section 136.1 or 137 and which was committed against the victim of, or a witness or potential witness with respect to, or a person who was about to give material information pertaining to, the first felony, or of a felony violation of Section 653f which was committed to dissuade a witness or potential witness to the first felony, the subordinate term for each consecutive offense which is a felony described in this section shall consist of the full middle term of imprisonment for the felony for which a consecutive term of imprisonment is imposed, and shall include the full term prescribed for any enhancements imposed pursuant to Section 12022, 12022.5, or 12022.7. The total of the subordinate terms imposed pursuant to this section may exceed five years.

SEC. 7. Section 1170.95 of the Penal Code is amended to read:

1170.95. (a) Notwithstanding Section 1170.1 relating to the maximum total of subordinate terms for consecutive offenses that are not "violent felonies," the total of the subordinate terms for consecutive offenses that are all residential burglaries may exceed five years.

(b) Notwithstanding Section 1170.1 relating to the maximum total of subordinate terms for consecutive offenses that are not "violent felonies," the total of the subordinate terms for consecutive offenses that are all residential robberies may exceed five years.

(c) Notwithstanding Section 1170.1 relating to the maximum total of subordinate terms for consecutive offenses that are not "violent felonies," the total of the subordinate terms for consecutive offenses that are all residential arsons may exceed five years.

(d) When a subordinate consecutive term of imprisonment is imposed pursuant to Sections 669 and 1170 that involves one or more convictions for robbery where it is charged and found that in each of those robberies that the defendant personally used a deadly or dangerous weapon in the commission of that robbery, as provided in subdivision (b) of Section 12022, and each of those robberies is not a violent felony, as defined in subdivision (c) of Section 667.5, the

aggregate term shall be calculated as provided in subdivision (a) of Section 1170.1, except that the subordinate term for each subordinate robbery conviction shall consist of one-third of the middle term of imprisonment and one-third of the enhancement provided in subdivision (b) of Section 12022. Notwithstanding Section 1170.1, the total of the subordinate terms imposed under this subdivision may exceed five years.

(e) As used in this section, "residential burglary" means burglary of an inhabited dwelling house, an inhabited floating home as defined in subdivision (d) of Section 18075.55 of the Health and Safety Code, an inhabited trailer coach as defined in Section 635 of the Vehicle Code, or the inhabited portion of any other building.

(f) As used in this section, "residential robbery" means a robbery that is perpetrated in an inhabited dwelling house, an inhabited floating home as defined in subdivision (d) of Section 18075.55 of the Health and Safety Code, an inhabited trailer coach as defined in Section 635 of the Vehicle Code, or the inhabited portion of any other building.

(g) As used in this section, "residential arson" means arson committed in violation of subdivision (b) of Section 451 where it is charged and proved that the defendant intentionally set fire to or burned or caused the burning of a distinct inhabited structure or a distinct inhabited property in the commission of that offense.

SEC. 8. Section 2.5 of this bill incorporates amendments to Section 1170 of the Penal Code proposed by both this bill and AB 29. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1998, (2) each bill amends Section 1170 of the Penal Code, and (3) this bill is enacted after AB 29, in which case Section 2 of this bill shall not become operative.

SEC. 9. In repealing subdivision (h) of Section 1170.1, which permitted the court to strike the punishment for certain listed enhancements, it is not the intent of the Legislature to alter the existing authority and discretion of the court to strike those enhancements or to strike the additional punishment for those enhancements pursuant to Section 1385, except insofar as that authority is limited by other provisions of the law.

CHAPTER 751

An act to amend Section 1170 of the Penal Code, relating to prisoners.

[Approved by Governor October 7, 1997. Filed with Secretary of State October 7, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 1170 of the Penal Code is amended to read:

1170. (a) (1) The Legislature finds and declares that the purpose of imprisonment for crime is punishment. This purpose is best served by terms proportionate to the seriousness of the offense with provision for uniformity in the sentences of offenders committing the same offense under similar circumstances. The Legislature further finds and declares that the elimination of disparity and the provision of uniformity of sentences can best be achieved by determinate sentences fixed by statute in proportion to the seriousness of the offense as determined by the Legislature to be imposed by the court with specified discretion.

(2) Paragraph (1) shall not be construed to preclude programs, including educational programs, that are designed to rehabilitate nonviolent, first-time felony offenders. The Legislature encourages the development of policies and programs designed to educate and rehabilitate nonviolent, first-time felony offenders consistent with the purpose of imprisonment.

(3) In any case in which the punishment prescribed by statute for a person convicted of a public offense is a term of imprisonment in the state prison of 16 months, two or three years; two, three, or four years; two, three, or five years; three, four, or five years; two, four, or six years; three, four, or six years; three, five, or seven years; three, six, or eight years; five, seven, or nine years; five, seven, or 11 years, or any other specification of three time periods, the court shall sentence the defendant to one of the terms of imprisonment specified unless the convicted person is given any other disposition provided by law, including a fine, jail, probation, or the suspension of imposition or execution of sentence or is sentenced pursuant to subdivision (b) of Section 1168 because he or she had committed his or her crime prior to July 1, 1977. In sentencing the convicted person, the court shall apply the sentencing rules of the Judicial Council. The court, unless it determines that there are circumstances in mitigation of the punishment prescribed, shall also impose any other term which it is required by law to impose as an additional term. Nothing in this article shall affect any provision of law which imposes the death penalty, which authorizes or restricts the granting of probation or suspending the execution or imposition of sentence, or expressly provides for imprisonment in the state prison for life. In any case in which the amount of preimprisonment credit under Section 2900.5 or any other provision of law is equal to or exceeds any sentence imposed pursuant to this chapter, the entire sentence, including any period of parole under Section 3000, shall be deemed to have been served and the defendant shall not be actually delivered to the custody of the Director of Corrections. However, that sentence shall be deemed a separate prior prison term under Section 667.5, and a

copy of the judgment and other necessary documentation shall be forwarded to the Director of Corrections.

(b) When a judgment of imprisonment is to be imposed and the statute specifies three possible terms, the court shall order imposition of the middle term, unless there are circumstances in aggravation or mitigation of the crime. At least four days prior to the time set for imposition of judgment, either party or the victim, or the family of the victim if the victim is deceased, may submit a statement in aggravation or mitigation to dispute facts in the record or the probation officer's report, or to present additional facts. In determining whether there are circumstances that justify imposition of the upper or lower term, the court may consider the record in the case, the probation officer's report, other reports including reports received pursuant to Section 1203.03 and statements in aggravation or mitigation submitted by the prosecution, the defendant, or the victim, or the family of the victim if the victim is deceased, and any further evidence introduced at the sentencing hearing. The court shall set forth on the record the facts and reasons for imposing the upper or lower term. The court may not impose an upper term by using the fact of any enhancement upon which sentence is imposed under Section 667.5, 1170.1, 12022, 12022.4, 12022.5, 12022.6, or 12022.7 or under any other section of law. A term of imprisonment shall not be specified if imposition of sentence is suspended.

(c) The court shall state the reasons for its sentence choice on the record at the time of sentencing. The court shall also inform the defendant that as part of the sentence after expiration of the term he or she may be on parole for a period as provided in Section 3000.

(d) When a defendant subject to this section or subdivision (b) of Section 1168 has been sentenced to be imprisoned in the state prison and has been committed to the custody of the Director of Corrections, the court may, within 120 days of the date of commitment on its own motion, or at any time upon the recommendation of the Director of Corrections or the Board of Prison Terms, recall the sentence and commitment previously ordered and resentence the defendant in the same manner as if he or she had not previously been sentenced, provided the new sentence, if any, is no greater than the initial sentence. The resentence under this subdivision shall apply the sentencing rules of the Judicial Council so as to eliminate disparity of sentences and to promote uniformity of sentencing. Credit shall be given for time served.

(e) (1) Notwithstanding any other law and consistent with paragraph (1) of subdivision (a) of Section 1170, if the Director of Corrections or the Board of Prison Terms or both determine that a prisoner satisfies the criteria set forth in paragraph (2), the director or the board may recommend to the court that the prisoner's sentence be recalled.

(2) The court shall have the discretion to resentence or recall if the court finds both of the following:

(A) The prisoner is terminally ill with an incurable condition caused by an illness or disease that would produce death within six months, as determined by a physician employed by the department.

(B) The conditions under which the prisoner would be released or receive treatment do not pose a threat to public safety.

The Board of Prison Terms shall make findings pursuant to this subdivision before making a recommendation for resentence or recall to the court. This subdivision does not apply to a prisoner sentenced to death or a term of life without the possibility of parole.

(3) Within 10 days of receipt of a positive recommendation by the director or the board, the court shall hold a hearing to consider whether the prisoner's sentence should be recalled.

(4) The prisoner or his or her family member or designee may request consideration for recall and resentencing by contacting the chief medical officer at the prison or the Director of Corrections. Upon receipt of the request, if the director determines that the prisoner satisfies the criteria set forth in paragraph (2), the director or board may recommend to the court that the prisoner's sentence be recalled. The director shall submit a recommendation for release within 30 days in the case of inmates sentenced to determinate terms and, in the case of inmates sentenced to indeterminate terms, the director may make a recommendation to the Board of Prison Terms with respect to the inmates who have applied under this section. The board shall consider this information and make an independent judgment pursuant to paragraph (2) and make findings related thereto before rejecting the request or making a recommendation to the court. This action shall be taken at the next lawfully noticed board meeting.

(5) Any recommendation for recall submitted to the court by the Director of Corrections or the Board of Prison Terms shall include one or more medical evaluations, a postrelease plan, and findings pursuant to paragraph (2).

(6) If possible, the matter shall be heard before the same judge of the court who sentenced the prisoner.

(f) Any sentence imposed under this article shall be subject to the provisions of Sections 3000 and 3057 and any other applicable provisions of law.

(g) A sentence to state prison for a determinate term for which only one term is specified, is a sentence to state prison under this section.

SEC. 2. Section 1170 of the Penal Code is amended to read:

1170. (a) (1) The Legislature finds and declares that the purpose of imprisonment for crime is punishment. This purpose is best served by terms proportionate to the seriousness of the offense with provision for uniformity in the sentences of offenders committing the same offense under similar circumstances. The

Legislature further finds and declares that the elimination of disparity and the provision of uniformity of sentences can best be achieved by determinate sentences fixed by statute in proportion to the seriousness of the offense as determined by the Legislature to be imposed by the court with specified discretion.

(2) Paragraph (1) shall not be construed to preclude programs, including educational programs, that are designed to rehabilitate nonviolent, first-time felony offenders. The Legislature encourages the development of policies and programs designed to educate and rehabilitate nonviolent, first-time felony offenders consistent with the purpose of imprisonment.

(3) In any case in which the punishment prescribed by statute for a person convicted of a public offense is a term of imprisonment in the state prison of any specification of three time periods, the court shall sentence the defendant to one of the terms of imprisonment specified unless the convicted person is given any other disposition provided by law, including a fine, jail, probation, or the suspension of imposition or execution of sentence or is sentenced pursuant to subdivision (b) of Section 1168 because he or she had committed his or her crime prior to July 1, 1977. In sentencing the convicted person, the court shall apply the sentencing rules of the Judicial Council. The court, unless it determines that there are circumstances in mitigation of the punishment prescribed, shall also impose any other term which it is required by law to impose as an additional term. Nothing in this article shall affect any provision of law which imposes the death penalty, which authorizes or restricts the granting of probation or suspending the execution or imposition of sentence, or expressly provides for imprisonment in the state prison for life. In any case in which the amount of preimprisonment credit under Section 2900.5 or any other provision of law is equal to or exceeds any sentence imposed pursuant to this chapter, the entire sentence, including any period of parole under Section 3000, shall be deemed to have been served and the defendant shall not be actually delivered to the custody of the Director of Corrections. However, that sentence shall be deemed a separate prior prison term under Section 667.5, and a copy of the judgment and other necessary documentation shall be forwarded to the Director of Corrections.

(b) When a judgment of imprisonment is to be imposed and the statute specifies three possible terms, the court shall order imposition of the middle term, unless there are circumstances in aggravation or mitigation of the crime. At least four days prior to the time set for imposition of judgment, either party or the victim, or the family of the victim if the victim is deceased, may submit a statement in aggravation or mitigation to dispute facts in the record or the probation officer's report, or to present additional facts. In determining whether there are circumstances that justify imposition of the upper or lower term, the court may consider the record in the case, the probation officer's report, other reports including reports

received pursuant to Section 1203.03 and statements in aggravation or mitigation submitted by the prosecution, the defendant, or the victim, or the family of the victim if the victim is deceased, and any further evidence introduced at the sentencing hearing. The court shall set forth on the record the facts and reasons for imposing the upper or lower term. The court may not impose an upper term by using the fact of any enhancement upon which sentence is imposed under Section 667.5, 1170.1, 12022, 12022.4, 12022.5, 12022.6, or 12022.7, or under any other provision of law. A term of imprisonment shall not be specified if imposition of sentence is suspended.

(c) The court shall state the reasons for its sentence choice on the record at the time of sentencing. The court shall also inform the defendant that as part of the sentence after expiration of the term he or she may be on parole for a period as provided in Section 3000.

(d) When a defendant subject to this section or subdivision (b) of Section 1168 has been sentenced to be imprisoned in the state prison and has been committed to the custody of the Director of Corrections, the court may, within 120 days of the date of commitment on its own motion, or at any time upon the recommendation of the Director of Corrections or the Board of Prison Terms, recall the sentence and commitment previously ordered and resentence the defendant in the same manner as if he or she had not previously been sentenced, provided the new sentence, if any, is no greater than the initial sentence. The resentence under this subdivision shall apply the sentencing rules of the Judicial Council so as to eliminate disparity of sentences and to promote uniformity of sentencing. Credit shall be given for time served.

(e) (1) Notwithstanding any other law and consistent with paragraph (1) of subdivision (a) of Section 1170, if the Director of Corrections or the Board of Prison Terms or both determine that a prisoner satisfies the criteria set forth in paragraph (2), the director or the board may recommend to the court that the prisoner's sentence be recalled.

(2) The court shall have the discretion to resentence or recall if the court finds both of the following:

(A) The prisoner is terminally ill with an incurable condition caused by an illness or disease that would produce death within six months, as determined by a physician employed by the department.

(B) The conditions under which the prisoner would be released or receive treatment do not pose a threat to public safety.

The Board of Prison Terms shall make findings pursuant to this subdivision before making a recommendation for resentence or recall to the court. This subdivision does not apply to a prisoner sentenced to death or a term of life without the possibility of parole.

(3) Within 10 days of receipt of a positive recommendation by the director or the board, the court shall hold a hearing to consider whether the prisoner's sentence should be recalled.

(4) The prisoner or his or her family member or designee may request consideration for recall and resentencing by contacting the chief medical officer at the prison or the Director of Corrections. Upon receipt of the request, if the director determines that the prisoner satisfies the criteria set forth in paragraph (2), the director or board may recommend to the court that the prisoner's sentence be recalled. The director shall submit a recommendation for release within 30 days in the case of inmates sentenced to determinate terms and, in the case of inmates sentenced to indeterminate terms, the director may make a recommendation to the Board of Prison Terms with respect to the inmates who have applied under this section. The board shall consider this information and make an independent judgment pursuant to paragraph (2) and make findings related thereto before rejecting the request or making a recommendation to the court. This action shall be taken at the next lawfully noticed board meeting.

(5) Any recommendation for recall submitted to the court by the Director of Corrections or the Board of Prison Terms shall include one or more medical evaluations, a postrelease plan, and findings pursuant to paragraph (2).

(6) If possible, the matter shall be heard before the same judge of the court who sentenced the prisoner.

(f) Any sentence imposed under this article shall be subject to the provisions of Sections 3000 and 3057 and any other applicable provisions of law.

(g) A sentence to state prison for a determinate term for which only one term is specified, is a sentence to state prison under this section.

SEC. 3. Section 2 of this bill incorporates amendments to Section 1170 of the Penal Code proposed by both this bill and SB 721. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1998, (2) each bill amends Section 1170 of the Penal Code, and (3) this bill is enacted after SB 721, in which case Section 1 of this bill shall not become operative.

These services shall be provided to individual beneficiaries in accordance with the client's needs as identified in the plan of care, and subject to medical necessity and applicable utilization control.

An act to add Sections 104180 and 104182 to the Health and Safety Code, relating to cancer, and making an appropriation therefor.

[Approved by Governor October 7, 1997. Filed with Secretary of State October 7, 1997.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that decades after the war on cancer was declared, it remains an insidious killer of Californians. Simultaneously, cancer absorbs millions of dollars from California's economy through health care costs, and takes an horrendous toll on the personal lives of citizens.

SEC. 2. Section 104180 is added to the Health and Safety Code, to be contained in Article 2 (commencing with Section 104175) of Chapter 1 of Part 1 of Division 103, to read:

104180. The Cancer Research Fund is hereby established in the State Treasury. Moneys in the fund shall be available for expenditure by the department. It is the intent of the Legislature that, after the initial appropriation made pursuant to Assembly Bill 1554 of the 1997–98 Regular Session, the fund be enhanced by annual allocations determined in subsequent budget acts.

SEC. 3. Section 104182 is added to the Health and Safety Code, to be contained in Article 2 (commencing with Section 104175) of Chapter 2 of Part 1 of Division 103, to read:

(A) One member drawn from a cancer survivor group or cancer-related advocacy group.

(B) One member drawn from a health organization.

(C) One scientist or clinician who has expertise in one or more of the various fields of cancer research.

(b) It is the intent of the Legislature that the council contain the proportional representation of appointees described in subdivision (a) when the council approves the funding of research grants, and that vacancies affecting the proportional representation be filled before grants are approved, and within 45 days of the occurrence of a vacancy.

(c) Members shall serve without compensation, but may receive reimbursement for travel and other necessary expenses actually incurred in the performance of their official duties.

(d) All appointments shall be for a term of four years, except that, for purposes of the initial appointments, the Director of Health Services shall appoint five members to four-year terms, five members to three-year terms, and five members to two-year terms. It is the intent of the Legislature to appropriate twenty-five million dollars ($25,000,000) for these purposes in the 1998–99 fiscal year, subject to the availability of funds.

SEC. 5. Sections 1 to 4, inclusive, of this bill shall become operative only if SB 273 of the 1997–98 Regular Session is enacted and takes effect on or before January 1, 1998.

CHAPTER 756

An act to add Article 2 (commencing with Section 104175) to Chapter 2 of Part 1 of Division 103 of the Health and Safety Code, relating to cancer.

[Approved by Governor October 7, 1997. Filed with Secretary of State October 7, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Article 2 (commencing with Section 104175) is added to Chapter 2 of Part 1 of Division 103 of the Health and Safety Code, to read:

Article 2. The Cancer Research Act of 1997

104175. The Legislature finds and declares that decades after the war on cancer was declared, it remains an insidious killer of Californians. Simultaneously, cancer absorbs millions of dollars from California's economy through health care costs, and takes an horrendous toll on the personal lives of citizens.

104181. (a) The moneys in the Cancer Research Fund, established pursuant to Section 104180, shall be expended for the purpose of cancer research.

(b) The State Department of Health Services shall establish and administer the Cancer Research Program created by this article in a manner that will ensure the participation of both private sector and public research organizations. The State Department of Health Services may contract with nonprofit organizations, foundations, or public entities to administer the Cancer Research Program created by this article. A nonprofit organization shall be established under

Section 501(c)(3) of the Internal Revenue Code for the purpose of conducting public health research. A nonprofit organization, foundation, or public entity shall have prior experience administering research programs offering comprehensive grant and contract opportunities for research concerning public health and disease-related projects, with substantial participation by private entities and public research organizations. In addition, a nonprofit organization, foundation, or public entity shall have experience in seeking, combining, and maximizing private funding to supplement public funding of projects. It is the intent of the Legislature that this program incorporate the principles and organizational elements set forth in this article, including, but not limited to, a research program office with a director and other essential staff, a cancer research council, and a research peer review panel.

(c) For the purposes of this article, all of the following shall apply:

(1) "Cancer research" is research with respect to the cause and prevention, cure, diagnosis, and treatment of cancer, including, but not limited to, intramural and extramural research in the fields of biomedical science and engineering, economics, epidemiology, diet and lifestyle, public health, and technology development and translation, with emphasis on noninvasive treatments.

(2) "Department" means the State Department of Health Services.

(3) "Grantee" means any qualifying public, private, or nonprofit agency or individual, including, but not limited to, colleges, universities, hospitals, laboratories, research institutions, local health departments, voluntary health agencies, cancer registries, health maintenance organizations, publicly traded or private corporations, students, fellows, entrepreneurs, and individuals conducting research in this state. A grantee may also be a corporation that is headquartered in California and that will conduct a substantial majority of the grant's research in this state.

(4) "Indirect costs" includes use allowance for research facilities, heating, lighting, library services, health and safety services, project administration, and building maintenance, as defined by federal cost accounting guidelines for federally sponsored research.

(5) "Program" means the Cancer Research Program.

(6) "Council" means the Cancer Research Council established pursuant to Section 104182.

104185. (a) This program shall incorporate the principles and organizational elements set forth in this article, including, but not limited to, a research program office with a director and other essential staff, a research council, and a research peer review panel. No more than 10 percent of the annual allocation for this program, up to a maximum of five hundred thousand dollars ($500,000), shall be expended annually for the total administrative costs of the program. Administrative costs shall be kept to a strict minimum.

(b) The program shall be administered pursuant to the following principles:

(1) The department shall work in close collaboration with the council and seek the advice of the council before taking an action different from an action recommended by the council.

(2) The council shall participate in the development of the strategic objectives and priorities of the program based on the intent of this article and advise on what and how many research grants should be funded based on the research priorities that are established for the program and the technical merits of the proposals as determined by the peer review panels.

(3) The research priorities shall reflect, and the program shall fund, innovative and creative research, with a special emphasis on research that complements, rather than duplicates, the research funded by the federal government and other entities.

(4) All research funds shall be awarded on the basis of the priorities established for the program, statutorily or by the council, and the scientific merit and clinical applicability of the proposed research, as determined by an open, competitive peer review process that ensures objectivity, consistency, and high quality. All investigators, regardless of affiliation, shall have equal access and opportunity to compete for program funds.

(5) The peer review process for the selection of research grants awarded under this program shall be generally modeled on that used by the National Institute of Health in its grantmaking process, including the appeals process, but shall reflect in composition the creativity and diversity called for in this article and in the research priorities established in this article and by the council.

(6) A grantee shall be awarded grants for both direct and indirect costs of conducting the sponsored research consistent with those federal guidelines governing all federal research grants and contracts. All intellectual property assets developed under this program shall be treated in accordance with state and federal law.

(7) In establishing research priorities, the council shall consider a broad range of cross-disciplinary cancer research, as defined in paragraph (1) of subdivision (c) of Section 104181, including, but not limited to, research into the cause and prevention, cure, diagnosis, and treatment of cancer, emphasizing gender-specific cancers, based on magnitude of incidence and mortality, that have not previously received state funding.

104187. The State Department of Health Services shall do all of the following:

(a) Provide overall coordination of the program.

(b) Provide staff assistance to the program and council.

(c) Develop administrative procedures relative to the solicitation, review, and awarding of grants to ensure an impartial, high quality peer review system.

(d) Recruit and supervise research review panels. The membership of these panels shall vary depending on the subject matter of proposals and review requirements, and shall draw on the most qualified individuals. The work of the review panels shall be administered pursuant to policies and procedures established for the implementation of the program. In order to avoid conflicts of interest and to ensure access to qualified reviewers, the department may utilize reviewers not only from California but also from outside the state. When serving on review panels, institutions, corporations, or individuals who have submitted grant applications for funding by this program shall be governed by conflict-of-interest provisions consistent with Section 52h.5 of Title 42 of the Code of Federal Regulations governing scientific review of research grant applications, and any applicable conflict-of-interest provisions in state law. Any appointed member of the Cancer Research Council shall be ineligible to apply for or receive funding for cancer research from the Cancer Research Program during his or her term of service on the council, and for one cycle immediately following his or her term of service on the council, if the council member helped plan that subsequent cycle.

(e) Provide for periodic program evaluation to ensure that research funded is consistent with program goals.

(f) Disseminate grant moneys within 60 days of notification of the award and maintain a system of financial reporting and accountability.

(g) Provide for the systematic dissemination of research results to the public and the health care community, including work to produce public service advertising on screening and research results, and provide for a mechanism to disseminate the most current research findings in the areas of cause and prevention, cure, diagnosis, and treatment of cancer, in order that these findings may be applied to the planning, implementation, and evaluation of any cancer-related programs of the department.

(h) Develop policies and procedures to facilitate the translation of research results into commercial, alternate technological, and other applications wherever appropriate and consistent with state and federal law.

(i) Transmit, on or before December 31, 1998, and annually on or before each December 31 thereafter, a report to the Legislature on grants made, grants in progress, program accomplishments, and future program directions. Each report shall include, but not be limited to, all of the following information:

(A) The number and dollar amounts of research grants, including the amount allocated to indirect costs.

(B) The subject of research grants.

(C) The relationship between federal and state funding for cancer research.

(D) The relationship between each project and the overall strategy of the research program.

(E) A summary of research findings, including discussion of promising new areas.

(F) The corporations, institutions, and campuses receiving grant awards.

104189. The responsibilities of the council shall include, but not be limited to, all of the following:

(a) Development and review of the strategic objectives and research priorities of the program.

(b) Delineation of resource allocation across the various priorities established for the program.

(c) Participation in periodic program and financial review, including the report transmitted pursuant to subdivision (i) of Section 104187.

(d) Development and review of guidelines to ensure fairness, neutrality, and adherence to the principles of merit and quality in the conduct of the program.

(e) Development of appropriate linkages to nonacademic entities, including, but not limited to, voluntary organizations, health care delivery systems, industry, government agencies, research entrepreneurs, and public officials.

(f) Development and review of criteria and standards for granting awards.

(g) Oversight and review of the request for applications (RFA).

(h) Review of research review panel reports and recommendations for grant awards.

(i) Make recommendations relating to the grants that are to be awarded.

(j) Development and review of oversight mechanisms for the dissemination of research results.

(k) Development and review of policies and liaison programs to facilitate the translation of research results into commercial, alternate technological, or other applications wherever appropriate.

(*l*) Establishment of its own internal rules of operation.

(m) Participation in the identification and recruitment of scientists with relevant expertise for possible participation in a peer review panel. The council may propose to assign a member of the council to sit as a nonvoting member of the peer review panels.

SEC. 2. Section 1 of this bill shall become operative only if Assembly Bill 1554 of the 1997–98 Regular Session is enacted and takes effect on or before January 1, 1998.

CHAPTER 757

An act to amend, add, and repeal Sections 1775, 1776, and 1813 of the Labor Code, relating to public works.

[Approved by Governor October 7, 1997. Filed with Secretary of State October 7, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 1775 of the Labor Code is amended to read:

1775. The contractor shall, as a penalty to the state or political subdivision on whose behalf the contract is made or awarded, forfeit not more than fifty dollars ($50) for each calendar day, or portion thereof, for each worker paid less than the prevailing rates as determined by the director for the work or craft in which the worker is employed for any public work done under the contract by him or her or by any subcontractor under him or her. The amount of this penalty shall be determined by the Labor Commissioner and shall be based on consideration of the contractor's mistake, inadvertence, or neglect in failing to pay the correct rate of prevailing wages, or the previous record of the contractor in meeting his or her prevailing wage obligations, or a contractor's willful failure to pay the correct rates of prevailing wages. A mistake, inadvertence, or neglect in failing to pay the correct rate of prevailing wages is not excusable if the contractor had knowledge of his or her obligations under this part. The difference between the prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the prevailing wage rate shall be paid to each worker by the contractor, and the body awarding the contract shall cause to be inserted in the contract a stipulation that this section will be complied with.

To the extent that there is insufficient money due a contractor to cover all penalties and amounts due in accordance with this section, or in accordance with Section 1813, and in all cases where the contract does not provide for a money payment by the awarding body to the contractor, the awarding body shall notify the Division of Labor Standards Enforcement of the violation and the Division of Labor Standards Enforcement, if necessary with the assistance of the awarding body, may maintain an action in any court of competent jurisdiction to recover the penalties and the amounts due provided in this section. This action shall be commenced not later than 90 days after the filing of a valid notice of completion in the office of the county recorder in each county in which the public work or some part thereof was performed, or not later than 90 days after acceptance of the public work, whichever last occurs. No issue other than that of the liability of the contractor for the penalties allegedly forfeited and amounts due shall be determined in the action, and the

burden shall be upon the contractor to establish that the penalties and amounts demanded in the action are not due.

Out of any money withheld, recovered, or both, there shall first be paid the amount due each worker, and if insufficient funds are withheld, recovered, or both, to pay each worker in full, the money shall be prorated among all workers.

This section shall become operative on January 1, 2003.

SEC. 2. Section 1775 is added to the Labor Code, to read:

1775. (a) The contractor and any subcontractor under him or her shall, as a penalty to the state or political subdivision on whose behalf the contract is made or awarded, forfeit not more than fifty dollars ($50) for each calendar day, or portion thereof, for each worker paid less than the prevailing wage rates as determined by the director for the work or craft in which the worker is employed for any public work done under the contract by him or her or, except as provided in subdivision (b), by any subcontractor under him or her. The amount of this penalty shall be determined by the Labor Commissioner and shall be based on consideration of the mistake, inadvertence, or neglect of the contractor or subcontractor in failing to pay the correct rate of prevailing wages, or the previous record of the contractor in meeting his or her prevailing wage obligations, or the willful failure by the contractor or subcontractor to pay the correct rates of prevailing wages. A mistake, inadvertence, or neglect in failing to pay the correct rate of prevailing wages is not excusable if the contractor or subcontractor had knowledge of his or her obligations under this part. The difference between the prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the prevailing wage rate shall be paid to each worker by the contractor or subcontractor, and the body awarding the contract shall cause to be inserted in the contract a stipulation that this section will be complied with.

(b) If a worker employed by a subcontractor on a public works project is not paid the general prevailing per diem wages by the subcontractor, the prime contractor of the project is not liable for any penalties under subdivision (a) unless the prime contractor had knowledge of that failure of the subcontractor to pay the specified prevailing rate of wages to those workers or unless the prime contractor fails to comply with all of the following requirements:

(1) The contract executed between the contractor and the subcontractor for the performance of work on the public works project shall include a copy of the provisions of Sections 1771, 1775, 1776, 1777.5, 1813, and 1815.

(2) The contractor shall monitor the payment of the specified general prevailing rate of per diem wages by the subcontractor to the employees, by periodic review of the certified payroll records of the subcontractor.

(3) Upon becoming aware of the failure of the subcontractor to pay his or her workers the specified prevailing rate of wages, the contractor shall diligently take corrective action to halt or rectify the failure, including, but not limited to, retaining sufficient funds due the subcontractor for work performed on the public works project.

(4) Prior to making final payment to the subcontractor for work performed on the public works project, the contractor shall obtain an affidavit signed under penalty of perjury from the subcontractor that the subcontractor has paid the specified general prevailing rate of per diem wages to his or her employees on the public works project and any amounts due pursuant to Section 1813.

(c) The Division of Labor Standards Enforcement shall notify the contractor on a public works project within 15 days of the receipt by the Division of Labor Standards Enforcement of a complaint of the failure of a subcontractor on that public works project to pay workers the general prevailing rate of per diem wages. If the Division of Labor Standards Enforcement determines that employees of a subcontractor were not paid the general prevailing rate of per diem wages and if the body awarding the contract under which the employees performed work did not retain sufficient money under the contract to pay those employees the balance of wages owed under the general prevailing rate of per diem wages, the contractor shall withhold an amount of moneys due the subcontractor sufficient to pay those employees the general prevailing rate of per diem wages if requested by the Division of Labor Standards Enforcement. The contractor shall pay any money retained from and owed to a subcontractor upon receipt of notification by the Division of Labor Standards Enforcement that the wage complaint has been resolved. If notice of the resolution of the wage complaint has not been received by the contractor within 180 days of the filing of a valid notice of completion or acceptance of the public works project, whichever occurs later, the contractor shall pay all moneys retained from the subcontractor to the awarding body. The moneys shall be retained by the awarding body pending the final decision of an enforcement action, and be forwarded to the Labor Commissioner for disbursement pursuant to subdivision (d) if the subcontractor does not prevail in the action. Wages for workers who cannot be located after a diligent search by the Labor Commissioner shall be deposited in the Industrial Relations Unpaid Wage Fund pursuant to subdivision (c) of Section 96.7. Penalties shall be paid into the General Fund.

If the subcontractor prevails in the enforcement action, the awarding body shall release any funds retained pursuant to this subdivision to the contractor within 10 working days from the date of the final decision of the court.

(d) To the extent that there is insufficient money due a contractor to cover all penalties and amounts due in accordance with this section or Section 1813, and in all cases where the contract does not provide

for a money payment by the awarding body to the contractor, the awarding body shall notify the Division of Labor Standards Enforcement of the violation and the division, if necessary with the assistance of the awarding body, may maintain an action in any court of competent jurisdiction to recover the penalties and the amounts due provided in this section. This action shall be commenced not later than 180 days after the filing of a valid notice of completion in the office of the county recorder in each county in which the public work or some part thereof was performed, or not later than 180 days after acceptance of the public work, whichever last occurs. No issue other than that of the liability of the contractor and subcontractor for the penalties allegedly forfeited and amounts due shall be determined in the action, and the burden shall be upon the contractor and subcontractor to establish that the penalties and amounts demanded in the action are not due. The contractor and subcontractor shall be jointly and severally liable in an enforcement action for any wages due. Following entry of a judgment for joint and several liability, the division shall first exhaust all reasonable remedies to collect the amount due from the subcontractor before pursuing the claim for wages against the contractor. From the amount collected from the subcontractor, the wage claim shall be satisfied prior to the amount being applied to penalties.

Out of any money withheld, recovered, or both, there shall first be paid the amount due each worker, and if insufficient funds are withheld, recovered, or both, to pay each worker in full, the money shall be prorated among all workers.

(e) This section shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2003, deletes or extends that date.

SEC. 3. Section 1776 of the Labor Code is amended to read:

1776. (a) Each contractor and subcontractor shall keep an accurate payroll record, showing the name, address, social security number, work classification, and straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by him or her in connection with the public work.

(b) The payroll records enumerated under subdivision (a) shall be certified and shall be available for inspection at all reasonable hours at the principal office of the contractor on the following basis:

(1) A certified copy of an employee's payroll record shall be made available for inspection or furnished to the employee or his or her authorized representative on request.

(2) A certified copy of all payroll records enumerated in subdivision (a) shall be made available for inspection or furnished upon request to a representative of the body awarding the contract, the Division of Labor Standards Enforcement, and the Division of Apprenticeship Standards of the Department of Industrial Relations.

(3) A certified copy of all payroll records enumerated in subdivision (a) shall be made available upon request by the public for inspection or for copies thereof. However, a request by the public shall be made through either the body awarding the contract, the Division of Apprenticeship Standards, or the Division of Labor Standards Enforcement. If the requested payroll records have not been provided pursuant to paragraph (2), the requesting party shall, prior to being provided the records, reimburse the costs of preparation by the contractor, subcontractors, and the entity through which the request was made. The public shall not be given access to the records at the principal office of the contractor.

(c) The certified payroll records shall be on forms provided by the Division of Labor Standards Enforcement or shall contain the same information as the forms provided by the division.

(d) Each contractor shall file a certified copy of the records enumerated in subdivision (a) with the entity that requested the records within 10 days after receipt of a written request.

(e) Any copy of records made available for inspection as copies and furnished upon request to the public or any public agency by the awarding body, the Division of Apprenticeship Standards, or the Division of Labor Standards Enforcement shall be marked or obliterated in a manner so as to prevent disclosure of an individual's name, address, and social security number. The name and address of the contractor awarded the contract or performing the contract shall not be marked or obliterated.

(f) The contractor shall inform the body awarding the contract of the location of the records enumerated under subdivision (a), including the street address, city and county, and shall, within five working days, provide a notice of a change of location and address.

(g) The contractor shall have 10 days in which to comply subsequent to receipt of written notice specifying in what respects the contractor must comply with this section. In the event that the contractor fails to comply within the 10-day period, he or she shall, as a penalty to the state or political subdivision on whose behalf the contract is made or awarded, forfeit twenty-five dollars ($25) for each calendar day, or portion thereof, for each worker, until strict compliance is effectuated. Upon the request of the Division of Apprenticeship Standards or the Division of Labor Standards Enforcement, these penalties shall be withheld from progress payments then due.

(h) The body awarding the contract shall cause to be inserted in the contract stipulations to effectuate this section. These stipulations shall fix the responsibility for compliance with this section on the prime contractor.

(i) The director shall adopt rules consistent with the California Public Records Act, (Chapter 3.5 (commencing with Section 6250), Division 7, Title 1, Government Code) and the Information Practices Act of 1977, (Title 1.8 (commencing with Section 1798), Part 4,

Division 3, Civil Code) governing the release of these records, including the establishment of reasonable fees to be charged for reproducing copies of records required by this section.

This section shall become operative January 1, 2003.

SEC. 4. Section 1776 is added to the Labor Code, to read:

1776. (a) Each contractor and subcontractor shall keep accurate payroll records, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by him or her in connection with the public work. Each payroll record shall contain or be verified by a written declaration that it is made under penalty of perjury, stating both of the following:

(1) The information contained in the payroll record is true and correct.

(2) The employer has complied with the requirements of Sections 1771, 1811, and 1815 for any work performed by his or her employees on the public works project.

information source. For the purposes of this section, a board may protect an information source by providing a copy of the material with only those deletions necessary to protect the identity of the source or by providing a comprehensive summary of the substance of the material. Whichever method is used, the board shall ensure that full disclosure is made to the subject of any personal information that could reasonably in any way reflect or convey anything detrimental, disparaging, or threatening to a licensee's reputation, rights, benefits, privileges, or qualifications, or be used by a board to make a determination that would affect a licensee's rights, benefits, privileges, or qualifications.

The licensee may, but is not required to, submit any additional exculpatory or explanatory statement or other information which the board shall include in the central file.

Each board may permit any law enforcement or regulatory agency when required for an investigation of unlawful activity or for licensing, certification, or regulatory purposes to inspect and have copies made of that licensee's file, unless the disclosure is otherwise prohibited by law.

These disclosures shall effect no change in the confidential status of these records.

The review shall include attempts to contact the licensee or unlicensed individual to discuss and resolve the alleged violation. Upon conclusion of the board designee's review, the designee shall prepare a finding of fact and a recommendation. 5566.2. (a) If a licensee or an unlicensed individual desires to contest a citation or the proposed assessment of a civil penalty therefor, he or she shall, within 10 business days after service of the citation, notify the executive officer in writing of his or her request for an informal conference with the executive officer or his or her designee. The executive officer or his or her designee shall hold, within 60 days from the receipt of the request, an informal conference. At the conclusion of the informal conference the executive officer may affirm, modify, or dismiss the citation or proposed assessment of a civil penalty, and he or she shall state with particularity in writing his or her reasons for the action, and shall immediately transmit a copy thereof to the board, the licensee or unlicensed individuals, and the person who submitted the verified complaint. If the licensee or unlicensed individual desires to contest a decision made after the informal conference, he or she shall inform the executive officer in writing within five business days after he or she receives the decision resulting from the informal conference.

If the licensee or unlicensed individual fails to notify the executive officer in writing that he or she intends to contest the citation or the proposed assessment of a civil penalty therefor or the decision made after an informal conference within the time specified in this subdivision, the citation or the proposed assessment of a civil penalty or the decision made after an informal conference shall be deemed a final order of the board and shall not be subject to further administrative review.

officer shall arrange a hearing before the board. After the hearing, the board shall issue a decision, based on findings of fact, affirming, modifying, or vacating the citation, or directing other appropriate relief which shall include, but need not be limited to, a notice that the failure of a licensee or unlicensed individual to comply with any provision of the board's decision constitutes grounds for suspension, or denial of licensure, or both. The proceedings under this section shall be conducted in accordance with the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the board shall have all the powers granted therein.

(d) After the exhaustion of the review procedures provided for in this section, the board may apply to the appropriate superior court for a judgment in the amount of the civil penalty and an order compelling the cited person to comply with the order of abatement. The application, which shall include a certified copy of the final order of the board, shall constitute a sufficient showing to warrant the issuance of the judgment and order.

(e) Failure of a licensee to pay a fine within 30 days of the date of assessment, unless the citation is being appealed, may result in disciplinary action being taken by the board. Where a citation is not contested and a fine is not paid, the full amount of the assessed fine shall be added to the fee for renewal of the license. A license shall not be renewed without payment of the renewal fee and fine.

(f) Any civil penalties received under this chapter shall be deposited in the California Board of Architectural Examiners Fund.

(g) This section shall become inoperative on July 1, 1998, and, as of January 1, 1999, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 1999, deletes or extends the dates on which it becomes inoperative and is repealed.

8528. With the approval of the director, the board shall appoint a registrar, fix his or her compensation and prescribe his or her duties.

[Approved by Governor October 7, 1997. Filed with Secretary of State October 8, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 51226.6 of the Education Code is amended to read:

51226.6. (a) The State Department of Education shall develop and adopt a model curriculum framework for driver education and training that incorporates the rules and regulations adopted by the State Board of Education relating to driver education pursuant to Sections 41905 and 51850, and that is directed to preparing student drivers for compliance with paragraph (4) of subdivision (a) of Section 12814.6 of the Vehicle Code.

(b) The State Department of Education shall not be required to comply with the requirements of subdivision (a) unless federal funding is available to defray the cost of developing and adopting the model curriculum framework for driver training and education.

SEC. 2. Section 12507 of the Vehicle Code is repealed.

SEC. 3. Section 12507.1 of the Vehicle Code is amended to read:

12507.1. (a) (1) In enacting this section, it is the intent of the Legislature to implement a pilot program to study the safety and fiscal effects of allowing certain driving schools to conduct the provisional driver's license behind-the-wheel driving test.

(2) The adoption of departmental regulations, training of driving school instructors, and all other functions necessary to prepare for the implementation of the pilot program shall be performed by the department commencing on January 1, 1995.

(b) Commencing on January 1, 1996, the department may allow a driving school that has operated for at least two years in compliance with Chapter 1 (commencing with Section 11100) of Division 5 to administer the behind-the-wheel driving test portion of the examination required by subparagraph (D) of paragraph (1) of subdivision (a) of Section 12804.9 for a provisional driver's license for any person who is 16 years of age or older, but who is less than 18 years of age, if all of the following conditions apply:

(1) The applicant has complied with the requirements of paragraph (4) of subdivision (a) of Section 12814.6.

(2) The tests given by the driving school are the same as those that would otherwise be given by the department.

(3) The driving school enters into an agreement with the department containing, but not limited to, all of the following provisions:

(A) The department shall annually conduct onsite inspections of the testing operations, or more often as the department determines to be necessary.

(B) All driving school examiners shall meet all of the following qualifications:

(i) Have at least 500 hours of instructional experience as a driving school instructor.

(ii) Be at least 25 years of age.

(iii) Have the same qualification and training standards as the department's examiners, to the extent necessary to conduct the driving tests in compliance with department standards.

(C) No driving school examiner shall be qualified to administer the behind-the-wheel test where the individual to be tested has been previously instructed by that examiner in the operation of a vehicle.

(D) No driving school or driving school instructor shall condition the payment of a fee to the school by an applicant for receiving instruction in the operation of a vehicle or the administration of the behind-the-wheel driving test, or both, upon the passage or failure of the behind-the-wheel driving test.

(E) The driving school requires written assurances from an applicant's parent or guardian that the parent or guardian assumes liability for the applicant during the driving test.

(F) The department may cancel, suspend, or revoke the agreement with the driving school, upon giving 15 days' prior written notice of the proposed action to the driving school, if the department determines that the driving school is failing to comply with the standards for the behind-the-wheel driving test or with any other term of the agreement.

(4) A driving school that has had its agreement canceled, suspended, or revoked by order of the department may not administer a behind-the-wheel driving test during the period that the order is in effect.

(5) (A) Any driving school that has had its agreement canceled pursuant to subparagraph (F) of paragraph (3) may apply for a new agreement at any time.

(B) The suspension of an agreement pursuant to subparagraph (F) of paragraph (3) shall be for a term of not more than 12 months, as determined by the department in accordance with regulations adopted by the department. After the period of suspension has expired, the agreement shall be reinstated upon request of the driving school if the driving school is in compliance with this section.

(C) (i) The revocation of an agreement pursuant to subparagraph (F) of paragraph (3) shall be for a term of not less than one year. A driving school may apply for a new agreement after the period of revocation has expired, upon submission of proof to the

department of correction of the deficiencies or violations that resulted in the revocation.

(ii) The department may permanently revoke an agreement pursuant to subparagraph (F) of paragraph (3) for repeated violations or repeated failures to comply with any standard or provision of the agreement.

(6) The department shall monitor the driving schools and evaluate the benefits and effects on traffic safety of the driving school testing program. The department shall periodically choose at random and retest driving school-certified provisional license applicants for the purposes of evaluating the program.

(7) Any provisional driver's license applicant who takes and passes a driving test administered by a driving school pursuant to this section shall provide the department with a certificate satisfactory to the department that the applicant has successfully passed the driving test.

(8) The department shall charge a fee not to exceed five dollars ($5) for each certificate provided to the department by an applicant. The amount of the fee shall be sufficient to pay for the actual costs incurred by the department in connection with the monitoring of driving schools and retesting of license applicants pursuant to paragraph (6).

(9) (A) This paragraph applies only to driving schools that have administered both behind-the-wheel training and behind-the-wheel driving tests for at least 12 months.

(B) The department shall prohibit a driving school from continuing to administer behind-the-wheel driving tests if the department determines that the driving school has administered behind-the-wheel training and behind-the-wheel driving tests to applicants, the majority of whom have subsequently been subject to any of the following provisions:

(i) Paragraph (6) of subdivision (a) of Section 12814.6.

(ii) Paragraph (7) of subdivision (a) of Section 12814.6.

(iii) Paragraph (9) of subdivision (a) of Section 12814.6.

(10) The establishment of driving school behind-the-wheel testing agreements may be implemented by the department on those dates that the department determines to be necessary to accomplish an orderly provisional driver's license testing program pursuant to this section.

(11) During each year of the pilot project authorized by this section, not more than 15,000 applicants for provisional driver's licenses may receive the behind-the-wheel driving test at a driving school that meets the criteria specified in this section.

(12) The department shall submit a report to the Legislature on the progress of the driving school testing program authorized pursuant to this section within three years after the date the program is implemented. The report shall compare subsequent driving records, including accidents, convictions, and failures to appear, for

provisional driver's license applicants who have been tested by the driving schools and tested by the department. The report shall include, but shall not be limited to, an analysis of the costs and benefits of the program and shall include recommendations by the department.

(13) The director may terminate the driving school testing program at any time that the department determines that continued operation of the program would have an adverse effect on traffic safety. The finding upon which that determination is based shall be reported to the Legislature not later than 30 days after the termination of the program.

(c) This section shall remain in effect only until January 1, 1999, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 1999, deletes or extends that date.

12509. (a) Except as otherwise provided in subdivision (f) of Section 12514, the department, for good cause, may issue an instruction permit to any physically and mentally qualified person who meets one of the following requirements and who applies to the department for an instruction permit:

Except as provided in subdivision (d), an accompanying licensed driver at all times shall occupy a position within the driver's compartment that would enable the accompanying licensed driver

to assist the person in controlling the vehicle as may be necessary to avoid a collision and to provide immediate guidance in the safe operation of the vehicle.

(d) Any person while having in his or her immediate possession a valid permit issued pursuant to subdivision (a), who is age 15 years and 6 months or over and who has successfully completed approved courses in automobile education and driver training as provided in paragraph (4) of subdivision (a) of Section 12814.6, and any person while having in his or her immediate possession a valid permit issued pursuant to subdivision (a) who is age 17 years and 6 months or over, may, in addition to operating a motor vehicle pursuant to subdivision (c), also operate a motorcycle or a motorized bicycle, except that the person shall not operate a motorcycle or a motorized bicycle during hours of darkness, shall stay off any freeways that have full control of access and no crossings at grade and shall not carry any passenger except an instructor licensed under Chapter 1 (commencing with Section 11100) of Division 5 of this code or a qualified instructor as defined in Section 18252.2 of the Education Code.

(f) The department may also issue an instruction permit to a person who has been issued a valid driver's license to authorize the person to obtain driver training instruction and to practice that instruction in order to obtain another class of driver's license or an endorsement.

(g) The department may further restrict permits issued under subdivision (a) as it may determine to be appropriate to assure the safe operation of a motor vehicle by the permittee.

SEC. 5. Section 12512 of the Vehicle Code is repealed.

SEC. 6. Section 12514 of the Vehicle Code is amended to read:

12514. (a) Junior permits issued pursuant to Section 12513 shall not be valid for a period exceeding that established on the original request as the approximate date the minor's operation of a vehicle will no longer be necessary. In any event, no permit shall be valid on or after the 18th birthday of the applicant.

(b) The department may revoke any permit when to do so is necessary for the welfare of the minor or in the interests of safety.

(c) If conditions or location of residence, which required the minor's operation of a vehicle, change prior to expiration of the permit, the department may cancel the permit.

(d) Upon a determination that the permittee has operated a vehicle in violation of restrictions, the department shall revoke the permit.

(e) A junior permit is a form of driver's license that shall include all information required by subdivision (a) of Section 12811 except for an engraved picture or photograph of the permitee, and is subject

to all provisions of this code applying to driver's licenses, except as otherwise provided in this section and Section 12513.

(g) The department shall cancel any permit six months from the date of issuance unless the permittee has complied with one of the conditions prescribed by paragraph (4) of subdivision (a) of Section 12814.6.

SEC. 7. Section 12660 of the Vehicle Code is amended to read:

12660. (a) The department may establish a program authorizing a driving school licensed pursuant to Chapter 1 (commencing with Section 11100) of Division 5 to issue a student license to operate a class 3 vehicle to any applicant 15 years of age or older, subject to the conditions specified in subdivision (d).

(b) The department may charge any driving school participating in the program a fee not to exceed two dollars ($2) per applicant to recover the department's cost in establishing and monitoring the program. The fee that a participating school may charge an applicant for a student license may not exceed the fee which the department charges the school for the license.

(c) The department may remove a driving school from the program if the department determines that the school has issued a student license fraudulently, or has otherwise not followed the requirements of the program. This fraudulent conduct may result in cause for suspension or revocation of the driving school license.

(d) (1) Applicants shall meet the qualification standards specified in regulations adopted by the department pursuant to Section 12661. The student license application shall be accompanied by a statement signed by the parents or guardian, or person having custody of the minor, consenting to the issuance of a student license to the applicant.

(f) The department shall submit a report to the Legislature on the progress of the program established pursuant to subdivision (a) within two years after the program is implemented. The report shall include, but not be limited to, an analysis of the costs and benefits of the program and shall include recommendations by the department.

(g) The director may terminate the program at any time the department determines that continued operation of the program would have an adverse effect on traffic safety. The finding upon which the termination is based shall be reported to the Legislature within 30 days following termination of the program.

SEC. 8. Section 12814.6 of the Vehicle Code is amended to read:

12814.6. (a) Notwithstanding any other provision of law, any driver's license issued to a person under 18 years of age shall be issued pursuant to the provisional licensing program contained in this section. The program shall consist of all of the following components:

(1) Upon application for an original license, the applicant shall be issued an instruction permit pursuant to Section 12509. A person who has in his or her immediate possession a valid permit issued pursuant to Section 12509 may operate a motor vehicle, other than a motorcycle or motorized bicycle, subject to Section 12509 only if that person is accompanied by, and under the immediate supervision of, a driver who is 25 years of age or older, who holds a driver's license issued under this code, and whose driving privilege is not on probation. The age requirement of this paragraph does not apply if the licensed driver is the parent, spouse, or guardian of the permitholder or is a licensed or certified driving instructor.

(2) Before retaking a test, the person shall wait for not less than one week after failure of the written test and for not less than two weeks after failure of the driving test.

(3) The person shall hold an instruction permit for not less than six months prior to applying for a provisional driver's license.

(4) The person shall successfully complete an examination required by the department and shall have complied with one of the following:

(A) Satisfactory completion of approved courses in automobile driver education and driver training maintained pursuant to provisions of the Education Code in any secondary school of California, or equivalent instruction in a secondary school of another state.

(B) Satisfactory completion of six hours or more of behind-the-wheel instruction by a driving school or an independent driving instructor licensed under Chapter 1 (commencing with Section 11100) of Division 5 and either an accredited course in automobile driver education in any secondary school of California pursuant to provisions of the Education Code or satisfactory completion of equivalent professional instruction acceptable to the department. To be acceptable to the department, the professional instruction shall meet minimum standards to be prescribed by the department, which standards shall be at least equal to the requirements for driver education and training contained in the rules and regulations adopted by the State Board of Education pursuant to provisions of the Education Code. A person who has complied with this subdivision shall not be required by the governing board of a

school district to comply with subparagraph (A) in order to graduate from high school.

(5) The person shall complete 50 hours of supervised driving practice prior to the issuance of a provisional license, which is in addition to any other driver training instruction required by law. Not less than 10 of the required practice hours shall include driving during darkness, as defined in Section 280. Upon application for a provisional license, the person shall submit to the department the certification of a parent, spouse, guardian, or licensed or certified driving instructor that the applicant has completed the required amount of driving practice and is prepared to take the department's driving test. A person without a parent, spouse, guardian, or who is an emancipated minor, may have a licensed driver 25 years of age or older or a licensed or certified driving instructor complete the certification. This requirement does not apply to motorcycle practice.

(6) The driving privilege shall be suspended when the record of the person shows one or more notifications issued pursuant to Section 40509 or Section 40509.5. The suspension shall continue until any notification issued pursuant to Section 40509 or 40509.5 has been cleared.

(7) A 30-day restriction shall be imposed when a driver's record shows a violation point count of two or more points in 12 months, as determined in accordance with Section 12810. The restriction shall require the licensee to be accompanied by a licensed parent, spouse, guardian, or other licensed driver 25 years of age or older, except when operating a class M vehicle, if so licensed, with no passengers aboard.

(8) The provisional driver's license shall be subject to all of the following restrictions:

(A) Except as specified in subparagraph (C), during the first six months after issuance of a provisional license the licensee shall not do any of the following unless accompanied and supervised by a licensed driver who is the licensee's parent or guardian, a licensed driver who is 25 years of age or older, or a licensed or certified driving instructor:

(i) Drive between the hours of 12:00 a.m. and 5:00 a.m.

(ii) Transport passengers who are under 20 years of age.

(B) During the second six months after issuance of a provisional license the licensee may transport passengers under the age of 20 years between the hours of 5:00 a.m. and 12:00 a.m. without supervision. This driving time restriction shall not modify or alter any local ordinance that restricts or prohibits cruising during specified proscribed hours. However, the restriction imposed under clause (i) of subparagraph (A) shall continue to apply during this period.

(C) A licensee may drive between the hours of 12:00 a.m. and 5:00 a.m. or transport an immediate family member without being accompanied and supervised by a licensed driver who is the

licensee's parent or guardian, a licensed driver who is 25 years of age or older, or a licensed or certified driving instructor, in the following circumstances:

(i) Medical necessity of the licensee when reasonable transportation facilities are inadequate and operation of a vehicle by a minor is necessary. The licensee shall keep in his or her possession a signed statement from a physician familiar with the condition, containing a diagnosis and probable date when sufficient recovery will have been made to terminate the necessity.

(ii) Schooling or school-authorized activities of the licensee when reasonable transportation facilities are inadequate and operation of a vehicle by a minor is necessary. The licensee shall keep in his or her possession a signed statement from the school principal, dean, or school staff member designated by the principal or dean, containing a probable date that the schooling or school-authorized activity will have been completed.

(iii) Employment necessity of the licensee when reasonable transportation facilities are inadequate and operation of a vehicle by a minor is necessary. The licensee shall keep in his or her possession a signed statement from the employer, verifying employment and containing a probable date that the employment will have been completed.

(iv) Necessity of the licensee or the licensee's immediate family member when reasonable transportation facilities are inadequate and operation of a vehicle by a minor is necessary to transport the licensee or the licensee's immediate family member. The licensee shall keep in his or her possession a signed statement from a parent or legal guardian verifying the reason and containing a probable date that the necessity will have ceased.

(v) The licensee is an emancipated minor.

(9) A six-month suspension of the driving privilege and a one-year term of probation shall be imposed whenever a licensee's record shows a violation point count of three or more points in 12 months, as determined in accordance with Section 12810. The terms and conditions of probation shall include, but not be limited to, both of the following:

(A) The person shall violate no law which, if resulting in conviction, is reportable to the department under Section 1803.

(B) The person shall remain free from accident responsibility.

(b) Any term of restriction or suspension of the driving privilege imposed on a person under this section shall remain in effect until the end of the term even though the person becomes 18 years of age before the term ends.

(c) Whenever action by the department under subdivision (a) arises as a result of a motor vehicle accident, the person may, in writing and within 10 days, demand a hearing to present evidence that he or she was not responsible for the accident upon which the action is based. Whenever action by the department is based upon

a conviction reportable to the department under Section 1803, the person has no right to a hearing pursuant to Article 3 (commencing with Section 14100) of Chapter 3.

(d) The department shall require any person whose driving privilege is suspended or revoked pursuant to this section to submit proof of financial responsibility as defined in Section 16430. The proof of financial responsibility shall be filed on or before the date of reinstatement following the suspension or revocation. The proof of financial responsibility shall be maintained with the department for three years following the date of reinstatement.

(e) Notwithstanding any other provision of this code, the department may issue a distinctive driver's license, which displays a distinctive color or a distinctively colored stripe or other distinguishing characteristic, to persons 16 years of age and older but under 18 years of age, and to persons 18 years of age and older but under 21 years of age, so that the distinctive license feature is immediately recognizable. The features shall clearly differentiate between drivers' licenses issued to persons 16 years of age or older but under 18 years of age and to persons 18 years of age or older but under 21 years of age.

If changes in the format or appearance of drivers' licenses are adopted pursuant to this subdivision, those changes may be implemented under any new contract for the production of driver's licenses entered into after the adoption of those changes.

(f) A law enforcement officer shall not stop a vehicle for the sole purpose of determining whether the driver is in violation of the restrictions imposed under subparagraph (A) or (B) of paragraph (8) of subdivision (a).

(g) (1) Upon a finding that any licensee has violated clause (i) or (ii) of subparagraph (A) of paragraph (8) of subdivision (a), the court shall impose one of the following:

(A) Not less than eight hours nor more than 16 hours of community service for a first offense and not less than 16 hours nor more than 24 hours of community service for a second or subsequent offense.

(B) A fine of not more than thirty-five dollars ($35) for a first offense and a fine of not more than fifty dollars ($50) for a second or subsequent offense.

(2) If the court orders community service, the court shall retain jurisdiction until the hours of community service have been completed.

(3) If the hours of community service have not been completed within 90 days, the court shall impose a fine of not more than thirty-five dollars ($35) for a first offense and not more than fifty dollars ($50) for a second or subsequent offense.

(h) The department shall include, on the face of the provisional driver's license, the original issuance date of the provisional driver's license in addition to any other issuance date.

(i) This section shall be known and may be cited as the Brady-Jared Teen Driver Safety Act of 1997.

(j) This section shall become operative on July 1, 1998.

SEC. 9. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 761

An act to add Section 8169.5 to the Government Code, relating to state property.

[Approved by Governor October 7, 1997. Filed with Secretary of State October 8, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 8169.5 is added to the Government Code, to read:

8169.5. (a) In furtherance of the Capitol Area Plan, the objectives of Resolution Chapter 131 of the Statutes of 1991, and the legislative findings and declarations contained in Chapter 193 of the Statutes of 1996, relative to the findings by the Urban Land Institute, the director may purchase, exchange, or otherwise acquire real property and construct facilities, including any improvements, betterments, and related facilities, within the jurisdiction of the Capitol Area Plan in the City of Sacramento pursuant to this section. The total authorized scope of the project shall consist of up to approximately 1,470,200 gross square feet of office space and approximately 742,625 gross square feet of parking structures for use by the State Department of Education, the State Department of Health Services, and the Department of General Services as anchor tenants on blocks 171, 172, 173, 174, and 225, along with related additional parking on block 224, within the Capitol area. The acquisition and construction authorized pursuant to this section may not cause the displacement of any state or legislative employee parking spaces in the blocks specified in this subdivision unless the Department of General Services makes available existing

state-owned parking spaces, acquires parking spaces, or constructs replacement parking that results in the affected employees' parking spaces being located at a reasonable distance from their place of employment.

(b) Subject to paragraphs (2) and (3) of subdivision (c), the department may contract for the lease, lease-purchase, lease with an option to purchase, acquisition, design, design-build, construction, construction management, and other services related to the design and construction of the office and parking facilities authorized to be acquired pursuant to subdivision (a).

(c) (1) The State Public Works Board may issue revenue bonds, negotiable notes, or negotiable bond anticipation notes pursuant to Chapter 5 (commencing with Section 15830) of Part 10b of Division 3 to finance all costs associated with acquisition, design, and construction of office and parking facilities for the purposes of this section. The State Public Works Board and the department may borrow funds for project costs from the Pooled Money Investment Account pursuant to Sections 16312 and 16313. In the event the bonds authorized by the project are not sold, the State Department of Education, the State Department of Health Services, and the Department of General Services, as determined by the Department of Finance, shall commit a sufficient amount of their support appropriations to repay any loans made for the project from the Pooled Money Investment Account. It is the intent of the Legislature that this commitment shall be included in future Budget Acts until all outstanding loans from the Pooled Money Investment Account are repaid either through the proceeds from the sale of bonds or from an appropriation.

(2) (A) If the department proposes to acquire the facilities on a design-build basis, prior to the department entering into an agreement pursuant to subdivision (b) to design and build the facilities on blocks 171, 172, 173, 174, and 225, as specified in subdivision (a), the department shall submit to the Legislature a copy of all documents that shall be the basis upon which bids will be solicited and awarded to design and build the facilities. The documents shall include the following:

(i) The request for qualifications.

(ii) Site development guidelines.

(iii) Architectural and all system design requirements for the facilities.

(iv) Notwithstanding any other provision of law, the recommended specific criteria and process by which the contractor shall be selected.

(v) The performance criteria and standards for the architecture and all components and systems of the facilities.

(B) The information in the documents shall be provided in at least as much detail as was prepared for the San Francisco Civic Center Complex project and shall cover the quality of materials, equipment,

and workmanship to be used in the facilities. These documents shall also include a detailed and specific space program for the facilities that identifies the specific spatial needs of the state agencies.

(C) If the department proposes to contract for construction separate from design, the department shall, prior to commencing work on working drawings for the facilities on blocks 171, 172, 173, 174, and 225, submit to the Legislature a copy of the preliminary plans for the facilities and a detailed and specific space program for the facilities that identifies the specific spatial needs of the state agencies.

(D) Regardless of how the department proposes to acquire the facilities, the department also shall submit all of the following information, which may be included in the bid documents:

(i) A final estimated cost for design, construction, and other costs.

(ii) How the department would manage the contracts entered into for this project to ensure compliance with contract requirements and to ensure that the state receives the highest level of quality workmanship and materials for the funds spent on the project.

(3) The department shall submit to the Legislature the information required to be submitted pursuant to paragraphs (2) and (6) on or before December 1, 1998. Except for those contracts and agreements necessary to prepare the information required by paragraphs (2) and (6), the department shall not solicit bids to enter into any agreement to design and build or otherwise acquire the facilities or commence work on working drawings on blocks 171, 172, 173, 174, or 225 sooner than the later of April 1, 1999, or 120 days after the department submits to the Legislature the information required to be submitted pursuant to paragraphs (2) and (6). The Legislative Analyst shall evaluate the information submitted to the Legislature and shall prepare a report to the Joint Committee on Rules within 60 days of receiving the documents submitted to the Legislature. It is the intent of the Legislature that the Joint Committee on Rules meet prior to the date the department is authorized to solicit bids to design and build or otherwise acquire the facilities or commence work on working drawings for the purposes of discussing the report from the Legislative Analyst and adopting a report with any recommendations to the department on changes to the site design criteria, performance criteria, and specifications and specific criteria for determining the winning bidder. If the Joint Committee on Rules adopts a report prior to the date the department is authorized to solicit bids to design and build or otherwise acquire the facilities or commence work on working drawings, the department may solicit the bids or commence the work when the report is adopted by the Joint Committee on Rules. The Senate Committee on Rules and the Speaker of the Assembly may designate members of their respective houses to monitor the progress of the preparation of the documents to be submitted pursuant to paragraph (2). The department shall prepare periodic progress reports and meet with the designated members or their representatives, as necessary, while preparing the documents.

(4) The amount of revenue bonds, negotiable notes, or negotiable bond anticipation notes to be sold may equal, but shall not exceed, the cost of planning, preliminary plans, working drawings, construction, construction management and supervision, other costs relating to the design and construction of the facilities, and any additional sums necessary to pay interim and permanent financing costs. The additional amount may include interest and a reasonable required reserve fund.

(5) Authorized costs of the facilities for preliminary plans, working drawings, construction, and other costs shall not exceed three hundred ninety-two million dollars ($392,000,000). Notwithstanding Section 13332.11, the State Public Works Board may authorize the augmentation of the amount authorized under this paragraph by up to 10 percent of the amount authorized.

(6) The net present value of the cost to acquire and operate the facilities authorized by subdivision (a) may not exceed the net present value of the cost to lease and operate an equivalent amount of comparable office space over the same time period. The department shall perform this analysis and shall obtain interest rates, discount rates, and Consumer Price Index figures from the Treasurer and submit its analysis with the documents submitted pursuant to paragraph (2) of subdivision (c). For purposes of this analysis, the department shall compare the cost of acquiring and operating the proposed facilities with the avoided cost of leasing and operating an equivalent amount of comparable office space that will no longer need to be leased because either (A) agencies will no longer occupy currently leased facilities when they occupy the proposed facilities, or (B) agencies will no longer occupy currently leased facilities when they occupy state-owned space being vacated by state agencies occupying the proposed facilities. The analysis shall also include the cost of any unique improvement associated with the moving of an agency into any state-owned space that would be vacated by agencies moving into the proposed facilities. However, these costs shall not include the cost of renovating or modernizing vacated state-owned space that is necessary to accommodate state agencies in general purpose office space. This paragraph shall not be construed as authorizing any renovation of state-owned space.

(d) The director may execute and deliver a contract with the State Public Works Board for the lease of the facilities described in this section that are financed with the proceeds of the board's bonds, notes, or bond anticipation notes issued in accordance with this section.

SEC. 2. (a) Prior to the construction on any other blocks, as authorized by this act, a parking garage shall be constructed on block 224 within the Capitol area in the City of Sacramento. Block 224 is a state-owned parcel of land bounded by 13th, 14th, O, and P Streets in Sacramento. Notwithstanding any other provision of law, upon completion of the parking garage on block 224, a total of 85 percent

of the existing parking capacity at the state parking garage situated on block 216 within the Capitol area, which is bounded by 11th, 12th, O, and P Streets in Sacramento, shall be made available to meet the parking needs of legislative employees. This percentage allocation of spaces in the block 216 garage to the Legislature, shall accommodate all legislative parking spaces projected to be displaced by the state office facilities authorized by this act. It is the intent of the Legislature that all parking spaces to be created through the construction of a parking garage on block 224, and other parking structures associated with the office building constructed pursuant to this act, shall be designated for the purposes of accommodating all state employees displaced from block 216 by this act, as well as meeting the additional demands for parking created by the construction of the authorized state office facilities.

(b) Upon the completion of the parking garage described in this section, the Department of General Services shall complete an exchange with the Department of Transportation. As a result of this exchange, the Department of Transportation shall have control, use, and enjoyment of the property that includes the parking garage on Block 224, and the Department of General Services shall have control, use, and enjoyment of the property that includes the parking garage on Block 216. The Department of General Services and the Department of Transportation also shall transfer to Block 224 the existing lease and any other agreements that exist between the two departments regarding the parking garage located on Block 216.

CHAPTER 762

An act to add Chapter 3.6 (commencing with Section 12125) to Part 2 of Division 2 of the Public Contract Code, relating to the Alternative Protest Pilot Project.

[Approved by Governor October 7, 1997. Filed with Secretary of State October 8, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 3.6 (commencing with Section 12125) is added to Part 2 of Division 2 of the Public Contract Code, to read:

CHAPTER 3.6. THE ALTERNATIVE PROTEST PILOT PROJECT

12125. There is hereby established the Alternative Protest Pilot Project to be administered by the Department of General Services.

12126. (a) Notwithstanding any other provision of law, any department or agency may use the solicitation and alternative protest procedures outlined in this chapter for solicitations

authorized under Chapter 2 (commencing with Section 10290) or Chapter 3 (commencing with Section 12100). The Department of General Services shall develop procedures and guidelines for the implementation of this pilot project. Establishment of procedures for major information technology acquisitions pursuant to this chapter shall be coordinated with the Department of Information Technology.

(b) To be eligible for this pilot project, the contracting department shall agree to participate in the pilot project and the Department of General Services shall indicate that the proposed solicitation shall be conducted as part of the pilot project prior to release of the solicitation. Submission of a bid constitutes consent for participation in the alternative protest pilot project. Any protests filed in relation to the proposed contract award shall be conducted under the procedures set forth by the Department of General Services for the alternative protest pilot project.

(c) Notwithstanding any other provision of law to the contrary, any bid protest conducted under this chapter shall include one or more of the following alternative procedures:

(1) The protest process shall not prevent the commencement of work in accordance with the terms of any other contract awarded pursuant to this chapter. A contract may be entered into pending a final decision on the protest.

(2) The Department of General Services shall review the protest within seven days of the filing date to determine if the protest is frivolous. If determined to be frivolous, the protest shall not proceed under this chapter until the bidder posts a protest bond in an amount not less than 10 percent of the estimated contract value, as determined by the Department of General Services in the solicitation.

(3) The Director of General Services shall issue a ruling within a period not to exceed 45 days from the date the protest is filed.

(4) Arbitration, as defined and established by the Department of General Services, shall be the resolution tool.

(d) Authority to protest under this chapter shall be limited to participating bidders.

(1) Grounds for major information technology acquisition protests shall be limited to violations of the solicitation procedures and that the protestant should have been selected.

(2) Any other acquisition protest filed pursuant to this chapter shall be based on the ground that the bid or proposal should have been selected in accordance with selection criteria in the solicitation document.

(e) Any bidder that has filed a protest after January 1, 1998, on any state government contract that is determined by the Department of General Services to be frivolous shall not be eligible to participate in solicitations conducted under the alternative protest pilot project. After July 1, 1999, any bidder that filed a protest during the previous

fiscal year on a procurement exceeding one million dollars ($1,000,000), which was not upheld by the Department of General Services, shall be ineligible to participate in this pilot project.

12127. Major information technology acquisitions subject to this chapter shall meet the following criteria:

(a) The agency or department has stated its business needs and not detailed specification in the solicitation.

(b) The agency or department has stated the criteria and the weight to be given to each criterion by which it will evaluate all proposals.

(c) The contract shall be awarded based on "value effective acquisition," as that term is defined in Section 12100.7, competitive negotiation, an alternative procurement, or performance-based solicitations.

12127.5 All other procurements subject to this chapter shall meet one or more of the following criteria:

(a) The agency or department has stated its business needs and not detailed specification in the solicitation.

(b) The agency or department has stated the criteria and the weight to be given to each criterion by which it will evaluate all proposals.

(c) The contract shall be awarded based on "value effective acquisition," as that term is defined in Section 12100.7, competitive negotiation, an alternative procurement, performance-based solicitations, or other methodologies as established by the Department of General Services.

12128. (a) The pilot project shall continue until it has been applied to at least 25 contracts, with varying dollar amounts, or until December 31, 1999, whichever occurs later. The Department of General Services shall apply this chapter to the following categories:

(1) Information technology and ancillary services.

(2) Material, supplies, equipment, and ancillary services.

(b) The Department of General Services shall apply this protest pilot project to at least 10 contracts pertaining to information technology.

12129. Notwithstanding Section 7550.5, the Department of General Services shall electronically submit a report to the Legislature regarding the pilot project by July 31, 2000. The report shall include the following:

(a) The percentage of bids with values under five hundred thousand dollars ($500,000), under one million dollars ($1,000,000), and over one million dollars ($1,000,000) or more not in the pilot project that were protested with corresponding data for solicitations issued pursuant to the pilot project.

(b) The number of protests determined to be frivolous by the Department of General Services, subject to this chapter, with corresponding data for solicitations issued pursuant to existing procedures.

(c) The percentage of contracts awarded under the pilot project that were subsequently challenged in a court of law with corresponding data for solicitations issued pursuant to existing procedures.

(d) All costs of a protest incurred by state agencies subject to subdivision (b) of Section 12126 from the original date filed, until final resolution. This shall include all costs associated with a successful protest and commencement of work under subdivision (b) of Section 12126 from the original date filed, until final resolution, with corresponding data for solicitations issued pursuant to existing procedures.

(e) The length of time to resolve protests pursuant to this chapter and the corresponding data for solicitations issued pursuant to existing procedures.

12130. The pilot project shall be considered a success if there is at least a 10-percent reduction in the number of frivolous protests filed with the Department of General Services and if the length of time for the state to resolve protests is reduced by at least 20 percent, or if there is a substantial reduction in the number of protests filed under the pilot project than under the existing protest procedures.

CHAPTER 763

(c) The school authority issuing the permit to the minor to perform sports-attending services in professional baseball shall (1) provide the local office of the Division of Labor Standards Enforcement with a copy of the permit within five business days after the date the permit is issued and (2) monitor the academic achievement of the minor to ensure that the educational progress of the minor is being maintained or improves during the period of employment.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

CHAPTER 764

An act to amend Section 115915 of the Health and Safety Code, relating to public beaches.

[Approved by Governor October 7, 1997. Filed with Secretary of State October 8, 1997.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Eighty-five times in 1994 beaches along the California coastline were closed due to contamination. This represents 1,605 days beaches were closed to the public.

(b) California beaches were posted with warnings of contaminated water 1,447 days in 1995.

(c) California is committed to ensuring that steps are taken to reduce the number of days beaches are closed due to contamination.

(d) Until such time we can guarantee the cleanliness of our coastal waters, it is imperative that the public be fully and adequately informed of the possible risks of entering contaminated waters.

(e) There exist many points of access where adequate warnings in the past have not been posted to provide adequate warning to the public.

(f) To increase public awareness of the safety levels at California beaches and to ensure the fullest protection of the public from the dangers associated with contaminated coastal waters, it is essential that managers of beaches post signs that are visible from all access points.

SEC. 2. Section 115915 of the Health and Safety Code is amended to read:

115915. (a) Whenever any beach fails to meet the bacteriological standards of Section 7958 of Title 17 of the California Code of Regulations, the health officer, after determining that the elevated bacteriological levels constitutes a public health hazard, shall, at a minimum, post the beach with conspicuous warning signs to inform the public of the nature of the problem and the possibility of risk to public health.

(b) A warning sign shall be visible from each legal primary beach access point as identified in the coastal access inventory prepared and updated pursuant to Section 30531 of the Public Resources Code, and any additional access points identified by the health officer.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 765

An act to amend Sections 115880, 115885, and 115915 of the Health and Safety Code, relating to public beaches.

[Approved by Governor October 7, 1997. Filed with Secretary of State October 8, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 115880 of the Health and Safety Code is amended to read:

115880. (a) The department shall by regulation, in consultation with local health officers and the public, establish minimum standards for the sanitation of public beaches, including, but not limited to, the removal of refuse, as it determines are reasonably necessary for the protection of the public health and safety.

(b) Prior to final adoption by the department, the regulations and standards required by this section shall undergo an external comprehensive review process similar to the process set forth in Section 57004 of the Health and Safety Code.

(c) The regulations shall, at a minimum, do all of the following, by December 31, 1998:

(1) Require the testing of the waters adjacent to all public beaches for microbiological contaminants, including, but not limited to, total coliform, fecal coliform, and enterococci bacteria. The department may require the testing of waters adjacent to all public beaches for microbiological indicators other than those set forth in this paragraph, or a subset of those set forth in this paragraph, if the department affirmatively establishes, based on the best available scientific studies and the weight of the evidence, that the alternative indicators are as protective of the public health.

(2) Establish protective minimum standards for total coliform, fecal coliform, and enterococci bacteria, or for other microbiological indicators that the department determines are appropriate for testing pursuant to paragraph (1).

(3) Establish protocols for all of the following:

(A) Determining monitoring site locations and monitoring frequency based on risks to public health.

(B) Making decisions regarding public notification of health hazards, including, but not limited to the posting, closing, and reopening of public beaches.

(4) Require that the waters adjacent to public beaches be tested for total coliform, fecal coliform, and enterococci bacteria, or for other microbiological indicators that the department determines are appropriate for testing pursuant to paragraph (1). Except as set forth in paragraph (5), testing shall be conducted on at least a weekly basis, from April 1 to October 31, inclusive, of each year, beginning in 1999, if all of the following apply:

(A) The beach is visited by more than 50,000 people annually.

(B) The beach is located on an area adjacent to a storm drain that flows in the summer.

(5) The monitoring frequency and locations established pursuant to this subdivision and related regulations may only be reduced or altered after the testing required pursuant to paragraph (4) reveals levels of microbiological contaminants that do not exceed for a period

of two years the minimum protective standards established pursuant to paragraph (2).

(d) The local health officer shall be responsible for testing the waters adjacent to, and coordinating the testing of, all public beaches within his or her jurisdiction.

(e) The local health officer may meet the testing requirements of this section by utilizing test results from other agencies conducting microbiological contamination testing of the waters under his or her jurisdiction.

(f) Any city or county may adopt standards for the sanitation of public beaches within its jurisdiction that are stricter than the standards adopted by the state department pursuant to this section.

(g) For purposes of this section, "public beach" means any public beach located within the coastal zone, as defined in Section 30103 of the Public Resources Code.

(h) Any duty imposed upon a local public officer or agency pursuant to this section shall be mandatory only during a fiscal year in which the Legislature has appropriated sufficient funds, as determined by the State Director of Health Services, in the annual Budget Act or otherwise for local agencies to cover the costs to those agencies associated with the performance of these duties. The State Director of Health Services shall annually, within 15 days after enactment of the Budget Act, file a written statement with the Secretary of the Senate and with the Chief Clerk of the Assembly memorializing whether sufficient funds have been appropriated.

SEC. 2. Section 115885 of the Health and Safety Code is amended to read:

115885. The health officer having jurisdiction over the area in which a public beach is created shall:

(a) Inspect the public beach to determine whether the standards established pursuant to Section 115880 are being complied with. If the health officer finds any violation of the standards, he or she may restrict the use of, or close, the public beach or portion thereof in which the violation occurs until the standard is complied with.

(b) Investigate any complaint of a person of a violation of any standard established by the department pursuant to Section 115880. If the health officer finds any violation of the standards prescribed by the department, he or she may restrict the use of, or close, the public beach or portion thereof until the standard is complied with. If the person who made the complaint is not satisfied with the action taken by the health officer, he or she may report the violation to the department. The department shall investigate the reported violation, and, if it finds that the violation exists, it may restrict the use of or close the public beach or portion thereof until the standard violated is complied with.

(c) (1) Whenever a beach is posted, closed, or otherwise restricted in accordance with Section 115915, the health officer shall

inform the agency responsible for the operation and maintenance of the public beach within 24 hours of the posting, closure, or restriction.

(g) Any duty imposed upon a local public officer or agency pursuant to this section shall be mandatory only during a fiscal year in which the Legislature has appropriated sufficient funds, as determined by the State Director of Health Services, in the annual Budget Act or otherwise for local agencies to cover the costs to those agencies associated with the performance of these duties. CHAPTER 768

An act to amend Sections 1785.14, 1785.16, 1785.30, 1785.31, and 1785.33 of the Civil Code, and to add Section 530.5 to the Penal Code, relating to personal information.

[Approved by Governor October 7, 1997. Filed with
Secretary of State October 8, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 1785.14 of the Civil Code is amended to read:

1785.14. (a) Every consumer credit reporting agency shall maintain reasonable procedures designed to avoid violations of Section 1785.13 and to limit furnishing of consumer credit reports to the purposes listed under Section 1785.11. These procedures shall require that prospective users of the information identify themselves, certify the purposes for which the information is sought and certify that the information will be used for no other purposes. From the effective date of this act the consumer credit reporting agency shall keep a record of the purposes as stated by the user. Every consumer credit reporting agency shall make a reasonable effort to verify the identity of a new prospective user and the uses certified by the prospective user prior to furnishing the user a consumer report. No consumer credit reporting agency may furnish a consumer credit report to any person unless the consumer credit reporting agency has reasonable grounds for believing that the consumer credit report will be used by the person for the purposes listed in Section 1785.11. A consumer credit reporting agency does not have reasonable grounds for believing that a consumer credit report will be used by the person for the purposes listed in Section 1785.11 unless all of the following requirements are met:

(1) If the prospective user is a retail seller, as defined in Section 1802.3, and intends to issue credit to a consumer who appears in person on the basis of an application for credit submitted in person, the consumer credit reporting agency shall, with a reasonable degree of certainty, match at least three categories of identifying information within the file maintained by the consumer credit reporting agency on the consumer with the information provided to the consumer credit reporting agency by the retail seller. The categories of identifying information may include, but are not limited to, first and last name, month and date of birth, driver's license number, place of employment, current residence address, previous residence address, or social security number. The categories of information shall not include mother's maiden name.

(2) If the prospective user is a retail seller, as defined in Section 1802.3, and intends to issue credit to a consumer who appears in person on the basis of an application for credit submitted in person, the retail seller certifies, in writing, to the consumer credit reporting agency that it instructs its employees and agents to inspect a photo identification of the consumer at the time the application was submitted in person. This paragraph does not apply to an application for credit submitted by mail.

(3) If the prospective user intends to extend credit by mail pursuant to a solicitation by mail, the extension of credit shall be mailed to the same address as on the solicitation unless the prospective user verifies any address change by, among other methods, contacting the person to whom the extension of credit will be mailed.

(b) Whenever a consumer credit reporting agency prepares a consumer credit report, it shall follow reasonable procedures to assure maximum possible accuracy of the information concerning the individual about whom the report relates. These reasonable procedures shall include, but not be limited to, permanent retention by the consumer credit reporting agency in the consumer's file, or a separately individualized file, of that portion of the data in the file that is used by the consumer credit reporting agency to identify the individual consumer pursuant to paragraph (1) of subdivision (a). This permanently retained data shall be available for use in either a reinvestigation pursuant to subdivision (a) of Section 1785.16, an investigation where the consumer has filed a police report pursuant to subdivision (k) of Section 1785.16, or a restoration of a file involving the consumer. If the permanently retained identifying information is retained in a consumer's file, it shall be clearly identified in the file in order for an individual who reviews the file to easily distinguish between the permanently stored identifying information and any other identifying information that may be a part of the file. This retention requirement shall not apply to data that is reported in error, that is obsolete, or that is found to be inaccurate through the results of a reinvestigation initiated by a consumer pursuant to subdivision (a) of Section 1785.16.

(c) No consumer credit reporting agency may prohibit any user of any consumer credit report furnished by the consumer credit reporting agency from disclosing the contents of the consumer credit report to the consumer who is the subject of the report if adverse action may be taken by the user based in whole or in part on the consumer credit report. The act of disclosure to the consumer by the user of the contents of a consumer credit report shall not be a basis for liability of the consumer credit reporting agency or the user under Section 1785.31.

(d) A consumer credit reporting agency shall provide a written notice to any person who regularly and in the ordinary course of business supplies information to the consumer credit reporting agency concerning any consumer or to whom a consumer credit report is provided by the consumer credit reporting agency. The notice shall specify the person's obligations under this title. Copies of the appropriate code sections shall satisfy the requirement of this subdivision.

SEC. 2. Section 1785.16 of the Civil Code is amended to read:

1785.16. (a) If the completeness or accuracy of any item of information contained in his or her file is disputed by a consumer, and

the dispute is conveyed directly to the consumer credit reporting agency by the consumer or user on behalf of the consumer, the consumer credit reporting agency shall within a reasonable period of time and without charge reinvestigate and record the current status of the disputed information before the end of the 30-business-day period beginning on the date the agency receives notice of the dispute from the consumer or user, unless the consumer credit reporting agency has reasonable grounds to believe and determines that the dispute by the consumer is frivolous or irrelevant, including by reason of a failure of the consumer to provide sufficient information, as requested by the consumer credit reporting agency, to resolve the dispute. Unless the consumer credit reporting agency determines that the dispute is frivolous or irrelevant, before the end of the five-business-day period beginning on the date the consumer credit reporting agency receives notice of dispute under this section, the agency shall notify any person who provided information in dispute at the address and in the manner specified by the person. A consumer credit reporting agency may require that disputes by consumers be in writing.

(b) In conducting such a reinvestigation the consumer credit reporting agency shall review and consider all relevant information submitted by the consumer with respect to the disputed item of information. If the consumer credit reporting agency determines that the dispute is frivolous or irrelevant, it shall notify the consumer by mail or, if authorized by the consumer for that purpose, by any other means available to the consumer credit reporting agency, within five business days after that determination is made that it is terminating its reinvestigation of the item of information. In this notification, the consumer credit reporting agency shall state the specific reasons why it has determined that the consumer's dispute is frivolous or irrelevant. If the disputed item of information is found to be inaccurate, missing, or can no longer be verified by the evidence submitted, the consumer credit reporting agency shall promptly add, correct, or delete that information from the consumer's file.

(c) No information may be reinserted in a consumer's file after having been deleted pursuant to this section unless the person who furnished the information verifies that the information is accurate. If any information deleted from a consumer's file is reinserted in the file, the consumer credit reporting agency shall promptly notify the consumer of the reinsertion in writing or, if authorized by the consumer for that purpose, by any other means available to the consumer credit reporting agency. As part of, or in addition to, this notice the consumer credit reporting agency shall, within five business days of reinserting the information, provide the consumer in writing (1) a statement that the disputed information has been reinserted, (2) a notice that the agency will provide to the consumer, within 15 days following a request, the name, address, and telephone

number of any furnisher of information contacted or which contacted the consumer credit reporting agency in connection with the reinsertion, (3) the toll-free telephone number of the consumer credit reporting agency that the consumer can use to obtain this name, address, and telephone number, and (4) a notice that the consumer has the right to a reinvestigation of the information reinserted by the consumer credit reporting agency and to add a statement to his or her file disputing the accuracy or completeness of the information.

(d) A consumer credit reporting agency shall provide notice to the consumer of the results of any reinvestigation under this subdivision, within five days of completion of the reinvestigation. The notice shall include (1) a statement that the reinvestigation is completed, (2) a consumer credit report that is based on the consumer's file as that file is revised as a result of the reinvestigation, (3) a description or indication of any changes made in the consumer credit report as a result of those revisions to the consumer's file, (4) a notice that, if requested by the consumer, a description of the procedure used to determine the accuracy and completeness of the information shall be provided to the consumer by the consumer credit reporting agency, including the name, business address, and telephone number of any furnisher of information contacted in connection with that information, (5) a notice that the consumer has the right to add a statement to the consumer's file disputing the accuracy or completeness of the information, and (6) a notice that the consumer has the right to request that the consumer credit reporting agency furnish notifications under subdivision (h). A consumer credit reporting agency shall provide the notice pursuant to this subdivision respecting the procedure used to determine the accuracy and completeness of information, not later than 15 days after receiving a request from the consumer.

(e) The presence of information in the consumer's file that contradicts the contention of the consumer shall not, in and of itself, constitute reasonable grounds for believing the dispute is frivolous or irrelevant.

(f) If the consumer credit reporting agency determines that the dispute is frivolous or irrelevant, or if the reinvestigation does not resolve the dispute, or if the information is reinserted into the consumer's file pursuant to subdivision (c), the consumer may file a brief statement setting forth the nature of the dispute. The consumer credit reporting agency may limit these statements to not more than 100 words if it provides the consumer with assistance in writing a clear summary of the dispute.

(g) Whenever a statement of dispute is filed, the consumer credit reporting agency shall, in any subsequent consumer credit report containing the information in question, clearly note that the information is disputed by the consumer and shall include in the

report either the consumer's statement or a clear and accurate summary thereof.

(h) Following the deletion of information from a consumer's file pursuant to this section, or following the filing of a statement of dispute pursuant to subdivision (f), the consumer credit reporting agency shall, at the request of the consumer, furnish notification that the item of information has been deleted or that the item of information is disputed. In the case of disputed information, the notification shall include the statement or summary of the dispute filed pursuant to subdivision (f). This notification shall be furnished to any person, specifically designated by the consumer, who has, within two years prior to the deletion or the filing of the dispute, received a consumer credit report concerning the consumer for employment purposes, or who has, within six months of the deletion or the filing of the dispute, received a consumer credit report concerning the consumer for any other purpose, if these consumer credit reports contained the deleted or disputed information. The consumer credit reporting agency shall clearly and conspicuously disclose to the consumer his or her rights to make a request for this notification. The disclosure shall be made at or prior to the time the information is deleted pursuant to this section or the consumer's statement regarding the disputed information is received pursuant to subdivision (f).

(i) A consumer credit reporting agency shall maintain reasonable procedures designed to prevent the reappearance in a consumer's file and in consumer credit reports of information that has been deleted pursuant to this section and not reinserted pursuant to subdivision (c).

(j) If the consumer's dispute is resolved by deletion of the disputed information within three business days, beginning with the day the consumer credit reporting agency receives notice of the dispute in accordance with subdivision (a), and provided that verification thereof is provided to the consumer in writing within five business days following the deletion, then the consumer credit reporting agency shall be exempt from requirements for further action under subdivisions (d), (f), and (g).

(k) If a consumer submits to a credit reporting agency a copy of a valid police report filed pursuant to Section 530.5 of the Penal Code, the consumer credit reporting agency shall promptly and permanently block reporting any information that the consumer alleges appears on his or her credit report as a result of a violation of Section 530.5 of the Penal Code so that the information cannot be reported. The consumer credit reporting agency shall promptly notify the furnisher of the information that the information has been so blocked. Furnishers of information and consumer credit reporting agencies shall ensure that information is unblocked only upon a preponderance of the evidence establishing the facts required under paragraph (1), (2), or (3). The permanently blocked information

shall be unblocked only if: (1) the information was blocked due to fraud, or (2) the consumer agrees that the blocked information, or portions of the blocked information, were blocked in error, or (3) the consumer knowingly obtained possession of goods, services, or moneys as a result of the blocked transaction or transactions or the consumer should have known that he or she obtained possession of goods, services, or moneys as a result of the blocked transaction or transactions. If blocked information is unblocked pursuant to this subdivision, the consumer shall be promptly notified in the same manner as consumers are notified of the reinsertion of information pursuant to subdivision (c). The prior presence of the blocked information in the consumer credit reporting agency's file on the consumer is not evidence of whether the consumer knew or should have known that he or she obtained possession of any goods, services, or moneys. For the purposes of this subdivision, fraud may be demonstrated by circumstantial evidence. In unblocking information pursuant to this subdivision, furnishers and consumer credit reporting agencies shall be subject to their respective requirements pursuant to this title regarding the completeness and accuracy of information.

SEC. 3. Section 1785.30 of the Civil Code is amended to read:

1785.30. Upon notification of the results of a consumer credit reporting agency's reinvestigation pursuant to Section 1785.16, an consumer may make a written demand on any person furnishing information to the consumer credit reporting agency to correct any information which the consumer believes to be inaccurate. The person upon whom the written demand is made shall acknowledge the demand within 30 days. The consumer may require the consumer credit reporting agency to indicate on any subsequent reports issued during the dispute that the item or items of information are in dispute. If upon investigation the information is found to be inaccurate or incorrect, the consumer may require the consumer credit reporting agency to delete or correct the item or items of information within a reasonable time. If within 90 days the consumer credit reporting agency does not receive any information from the person requested to furnish the same or any communication relative to this information from this person, the consumer credit reporting agency shall delete the information from the report.

SEC. 4. Section 1785.31 of the Civil Code is amended to read:

1785.31. (a) Any consumer who suffers damages as a result of a violation of this title by any person may bring an action in a court of appropriate jurisdiction against that person to recover the following:

(1) In the case of a negligent violation, actual damages, including court costs, loss of wages, attorney's fees and, when applicable, pain and suffering.

(2) In the case of a willful violation:

(A) Actual damages as set forth in paragraph (1) above:

(B) Punitive damages of not less than one hundred dollars ($100) nor more than five thousand dollars ($5,000) for each violation as the court deems proper;

(C) Any other relief which the court deems proper.

(3) In the case of liability of a natural person for obtaining a consumer credit report under false pretenses or knowingly without a permissible purpose, an award of actual damages pursuant to paragraph (1) or subparagraph (A) of paragraph (2) shall be in an amount of not less than two thousand five hundred dollars ($2,500).

(b) Injunctive relief shall be available to any consumer aggrieved by a violation or a threatened violation of this title whether or not the consumer seeks any other remedy under this section.

(c) Notwithstanding any other provision of this section, any person who willfully violates any requirement imposed under this title may be liable for punitive damages in the case of a class action, in an amount that the court may allow. In determining the amount of award in any class action, the court shall consider among relevant factors the amount of any actual damages awarded, the frequency of the violations, the resources of the violator and the number of persons adversely affected.

(d) The prevailing parties in any action commenced under this section shall be entitled to recover court costs and reasonable attorney's fees, unless the plaintiff only seeks and obtains injunctive relief to compel compliance with this title. If the plaintiff only seeks and obtains injunctive relief to compel compliance with this title, court costs and attorney's fees shall be awarded pursuant to Section 1021.5 of the Code of Civil Procedure.

SEC. 5. Section 1785.33 of the Civil Code is amended to read:

1785.33. An action to enforce any liability created under this chapter may be brought in any appropriate court of competent jurisdiction within two years from the date the plaintiff knew of, or should have known of, the violation of this title, but not more than seven years from the earliest date on which liability could have arisen, except that where a defendant has materially and willfully misrepresented any information required under this chapter to be disclosed to a consumer and the information so misrepresented is material to the establishment of the defendant's liability to the consumer under this chapter, the action may be brought at any time within two years after the discovery by the consumer of the misrepresentation.

SEC. 6. Section 530.5 is added to the Penal Code, to read:

530.5. Every person who willfully obtains personal identifying information, as defined in subdivision (b), of another person without the authorization of that person, and uses that information to obtain, or attempt to obtain, credit, goods, or services in the name of the other person without the consent of that person is guilty of a public offense, and upon conviction therefor, shall be punished by

imprisonment in a county jail not to exceed one year, or by a fine not to exceed one thousand dollars ($1,000), or both.

(b) "Personal identifying information," as used in this section, means the name, address, telephone number, driver's license number, social security number, place of employment, employee identification number, mother's maiden name, demand deposit account number, savings account number, or credit card number of an individual person.

SEC. 8. The provisions, sections, subdivisions, paragraphs, sentences, words, and clauses of this act are severable. If any provision, section, subdivision, paragraph, sentence, word, or clause, or any application thereof, of this act is held invalid, that invalidity shall not affect the other provisions, sections, subdivisions, paragraphs, sentences, words, or clauses.

SEC. 9. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

[Approved by Governor October 7, 1997. Filed with Secretary of State October 8, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 1248.4 of the Health and Safety Code is amended to read:

1248.4. (a) It is the intent of the Legislature that an accreditation agency operating on or before January 1, 1995, or a successor thereof, or an accreditation agency thereafter operating as part of a joint program granted temporary certification as an accreditation agency

by the division, whether operating as part of a joint program or independently, and meeting the standards set forth in this chapter, as determined by the division, not be required to go through the entire application process with the division. Therefore, the division may grant a temporary certificate of approval to such an accreditation agency. The temporary approval issued to an accreditation agency under this subdivision shall expire on January 1, 1998. In order to continue its status as an accreditation agency, an accreditation agency approved by the division under this subdivision shall apply for renewal of approval by the division on or before January 1, 1998, and shall establish that it is in compliance with the standards set forth in this chapter and any regulations adopted pursuant thereto.

(b) Each accreditation agency approved by the division shall, on and after January 1, 1995, promptly forward to the division a list of each outpatient setting to which it has granted a certificate of accreditation, as well as settings that have lost accreditation or were denied accreditation.

(c) The division shall approve an accreditation agency that applies for approval on a form prescribed by the division, accompanied by payment of the fee prescribed by this chapter and evidence that the accreditation agency meets the following criteria:

(1) Includes within its accreditation program, at a minimum, the standards for accreditation of outpatient settings approved by the division as well as standards for patient care and safety at the setting.

(2) Submits its current accreditation standards to the division every three years, or upon request for continuing approval by the division.

(5) Maintains an available pool of allied health care practitioners to serve on accreditation review teams as appropriate.

(6) Has accreditation review teams that shall do all of the following:

(B) Participate in formal educational training programs provided by the accreditation agency in evaluation of the certification standards at least every three years.

(7) The accreditation agency shall demonstrate that professional members of its review team have experience in conducting review activities of freestanding outpatient settings.

(8) Standards for accreditation shall be developed with the input of the medical community and the ambulatory surgery industry.

(9) Accreditation reviewers shall be credentialed and screened by the accreditation agency.

(10) The accreditation agency shall not have an ownership interest in nor be involved in the operation of a freestanding outpatient setting, nor in the delivery of health care services to patients.

(d) Accreditation agencies approved by the division shall forward to the division copies of all certificates of accreditation and shall notify the division promptly whenever the agency denies or revokes a certificate of accreditation.

(e) A certification of an accreditation agency by the division shall expire at midnight on the last day of a three-year term if not renewed. The division shall establish by regulation the procedure for renewal. To renew an unexpired approval, the accreditation agency shall, on or before the date upon which the certification would otherwise expire, apply for renewal on a form, and pay the renewal fee, as prescribed by the division.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to allow ongoing accreditation to continue to ensure consumer safety in health facilities, it is necessary that this act go into effect immediately.

CHAPTER 770

An act to add and repeal Article 6 (commencing with Section 112290) of Chapter 5 of Part 6 of Division 104 of the Health and Safety Code, relating to food.

[Approved by Governor October 7, 1997. Filed with Secretary of State October 8, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Article 6 (commencing with Section 112290) is added to Chapter 5 of Part 6 of Division 104 of the Health and Safety Code, to read:

Article 6. Sanitary Control of Shellfish-Pilot Program

112290. The Legislature finds and declares that the public health interest requires that the people of this state be protected from adulterated shellfish grown and harvested in state waters and taken from naturally occurring populations under authority of a sport fishing license issued by the Department of Fish and Game. This

protection is a matter of statewide concern and the purpose of the pilot program created pursuant to this article is to warn the public in order to prevent the taking and consumption of adulterated shellfish and shellstock taken from naturally occurring populations and intended for human consumption, and to provide a factual foundation upon which the Legislature may base policy decisions regarding the desirability of enacting permanent standards.

112291. As used in this article, "unapproved area" means an area that may contain naturally occurring populations of shellfish but that has not been classified pursuant to Section 112292.

112292. (a) As a pilot program, the department shall conduct sanitary surveys for areas containing naturally occurring populations of shellfish harvested by the public, limited to Pismo Beach, Morro Bay, Humboldt Bay, Tomales Bay, San Francisco Bay, Mission Bay, Little River Beach, Carpinteria State Beach, Padrero Lane Beach, Ventura Silver Strand, Holiday Beach, Palos Verdes Peninsula, Huntington Beach, Oceanside State Beach, Aqua Hedionda Lagoon, Batiquitos Lagoon, South San Diego Bay and the mouth of the Ventura River. These surveys shall assess both water quality and shellfish quality, and shall determine those areas that are unfit for recreational shellfish harvesting based upon the standards contained in the National Shellfish Sanitation Program.

(b) The department may adopt regulations necessary to implement the pilot program. The regulations shall provide for methods to conduct sanitary surveys, standards to be used to assess water quality and shellfish quality, and to classify areas, and shall contain requirements for notification of the public. The regulations shall be adopted by the department in the manner prescribed by Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

112293. Upon classification of an area by the department pursuant to Section 112292, the department shall inform the public of those determinations and the reasons therefor, no less than twice per year. Should the characteristics of an area change, or should an emergency closure be necessary, the public shall be so notified.

112294. (a) It is the intent of the Legislature to appropriate funds to the department for the purposes of this article from moneys made available through Assembly Bill 1000 of the 1997–98 Regular Session of the Legislature, if that bill is enacted and takes effect on or before January 1, 1998. If AB 1000 is not enacted, it is the intent of the Legislature to provide sufficient funding for this article from other sources.

(b) This article shall be inoperative during any fiscal year where the Legislature has not appropriated sufficient funding to the department for the purposes of this article. The Director of Health Services shall file a written statement with the Secretary of the Senate and with the Chief Clerk of the Assembly certifying the lack

of funding within 10 days after enactment of the Budget Act for that fiscal year.

(c) The department shall report to the Legislature by July 1, 2002, regarding the success of the pilot program, including, but not limited to, implementation problems, if any, and recommendations, if any, for improving the program.

(d) This article shall remain in effect only until January 1, 2004, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2004, deletes or extends that date.

112295. Except for regulations necessary to implement the pilot program as set forth in subdivision (b) of Section 112292, this article shall not be construed to confer any new regulatory responsibilities or authority to develop control and management strategies.

CHAPTER 771

An act to amend Section 12002 of, and to add Section 12003.1 to, the Fish and Game Code, relating to fish and game.

[Approved by Governor October 7, 1997. Filed with Secretary of State October 8, 1997.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the knowing and intentional taking of mammals, birds, and fish in excess of that permitted by law is a serious offense warranting special consideration by law enforcement and the judiciary. It is the intent of the Legislature that any knowing and intentional violation of the Fish and Game Code be diligently pursued and fully adjudicated.

SEC. 2. Section 12002 of the Fish and Game Code is amended to read:

12002. (a) Unless otherwise provided, the punishment for a violation of this code that is a misdemeanor is a fine of not more than one thousand dollars ($1,000), imprisonment in the county jail for not more than six months, or both the fine and imprisonment.

(b) The punishment for a violation of any of the following provisions is a fine of not more than two thousand dollars ($2,000), imprisonment in the county jail for not more than one year, or both the fine and imprisonment:

(1) Section 1059.
(2) Subdivision (d) of Section 4004.
(3) Section 4600.
(4) Paragraph (1) or (2) of subdivision (a) of Section 5650.
(5) A first violation of Section 8670.
(6) Section 10500.
(7) Section 3005.9.

(8) A violation of commission regulations which is discovered pursuant to Section 3005.91 or 3005.92.

(9) Unless a greater punishment is otherwise provided, a violation subject to subdivision (a) of Section 12003.1.

(c) (1) A license or permit issued pursuant to this code to a defendant who fails to appear at a court hearing for a violation of this code, or who fails to pay a fine imposed pursuant to this code, shall be immediately suspended. The license or permit shall not be reinstated or renewed, and no other license or permit shall be issued to that person pursuant to this code, until the court proceeding is completed or the fine is paid.

(2) This subdivision does not apply to any violation of Section 1052, 1059, 1170, 3005.9, 3005.91, 3005.92, 5650, 5653.9, 6454, 6650, or 6653.5.

SEC. 3. Section 12003.1 is added to the Fish and Game Code, to read:

12003.1. (a) Unless a minimum punishment is otherwise provided, the punishment for the knowing and intentional taking of a mammal, bird, or fish in excess of the quantity permitted by other provisions of this code or regulations adopted pursuant thereto, not in compliance with size or sex limitations in other provisions of this code or regulations adopted pursuant thereto, or from which only external body parts, including, but not limited to, antlers, horns, hides, feathers, or fins, are removed for use in violation of this code or regulations adopted pursuant thereto, shall be not less than two hundred fifty dollars ($250) for a first violation and not less than five hundred dollars ($500) and imprisonment in the county jail for not less than 30 days for a second or subsequent violation. The court shall apply not less than the minimum punishment as specified in this subdivision except in those cases where the court determines that, as to the imprisonment sentence only, the interests of justice would best be served by granting probation or suspending the imposition or execution of imprisonment sentence.

(b) If the court grants probation to any person punished under subdivision (a), in addition to any other terms or conditions imposed by the court, the court may impose as a condition of that probation that the person perform not more than 100 hours of community service in the county in which the violation occurred. To the extent practicable, the service shall involve work relating to natural resources. The service shall be performed during a time that does not interfere with the person's school attendance or employment. If the court requires a person to perform community service under this subdivision, that person shall also be required to attend a hunter safety course as described in Section 3051. The person, and not the court, shall be responsible for paying all fees and costs related to the course.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will

be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 772

Notwithstanding the express application of Chapter 2 (commencing with Section 1115) of Division 9 of the Evidence Code to mediations, all proceedings conducted by a program funded pursuant to this chapter, including, but not limited to, arbitrations and conciliations, are subject to Chapter 2 (commencing with Section 1115) of Division 9 of the Evidence Code.

SEC. 2. Section 1775.10 of the Code of Civil Procedure is amended to read:

1775.10. All statements made by the parties during the mediation shall be subject to Sections 703.5 and 1152, and Chapter 2 (commencing with Section 1115) of Division 9, of the Evidence Code.

SEC. 3. Chapter 2 (commencing with Section 1115) is added to Division 9 of the Evidence Code, to read:

(b) Nothing in this chapter makes admissible evidence that is inadmissible under Section 1152 or any other statute.

1117. (a) Except as provided in subdivision (b), this chapter applies to a mediation as defined in Section 1115.

(b) This chapter does not apply to either of the following:

(b) The terms of the oral agreement are recited on the record in the presence of the parties and the mediator, and the parties express on the record that they agree to the terms recited.

(c) The parties to the oral agreement expressly state on the record that the agreement is enforceable or binding or words to that effect.

(d) The recording is reduced to writing and the writing is signed by the parties within 72 hours after it is recorded.

1119. Except as otherwise provided in this chapter:

(a) No evidence of anything said or any admission made for the purpose of, in the course of, or pursuant to, a mediation or a mediation consultation is admissible or subject to discovery, and disclosure of the evidence shall not be compelled, in any arbitration, administrative adjudication, civil action, or other noncriminal proceeding in which, pursuant to law, testimony can be compelled to be given.

(b) No writing, as defined in Section 250, that is prepared for the purpose of, in the course of, or pursuant to, a mediation or a

(c) All communications, negotiations, or settlement discussions by and between participants in the course of a mediation or a mediation consultation shall remain confidential.

1120. (a) Evidence otherwise admissible or subject to discovery outside of a mediation or a mediation consultation shall not be or become inadmissible or protected from disclosure solely by reason of its introduction or use in a mediation or a mediation consultation.

(b) This chapter does not limit any of the following:

(1) The admissibility of an agreement to mediate a dispute.

(2) The effect of an agreement not to take a default or an agreement to extend the time within which to act or refrain from acting in a pending civil action.

(3) Disclosure of the mere fact that a mediator has served, is serving, will serve, or was contacted about serving as a mediator in a dispute.

1121. 1122. (a) A communication or a writing, as defined in Section 250, that is made or prepared for the purpose of, or in the course of, or pursuant to, a mediation or a mediation consultation, is not made inadmissible, or protected from disclosure, by provisions of this chapter if either of the following conditions is satisfied:

(1) All persons who conduct or otherwise participate in the mediation expressly agree in writing, or orally in accordance with Section 1118, to disclosure of the communication, document, or writing.

(2) The communication, document, or writing was prepared by or on behalf of fewer than all the mediation participants, those participants expressly agree in writing, or orally in accordance with Section 1118, to its disclosure, and the communication, document, or writing does not disclose anything said or done or any admission made in the course of the mediation.

(b) For purposes of subdivision (a), if the neutral person who conducts a mediation expressly agrees to disclosure, that agreement also binds any other person described in subdivision (b) of Section 1115.

1123. A written settlement agreement prepared in the course of, or pursuant to, a mediation, is not made inadmissible, or protected from disclosure, by provisions of this chapter if the agreement is signed by the settling parties and any of the following conditions are satisfied:

(b) The agreement provides that it is enforceable or binding or words to that effect.

(c) All parties to the agreement expressly agree in writing, or orally in accordance with Section 1118, to its disclosure.

(c) The agreement is in accordance with subdivisions (a), (b), and (d) of Section 1118, and the agreement is used to show fraud, duress, or illegality that is relevant to an issue in dispute.

1125. (a) For purposes of confidentiality under this chapter, a mediation ends when any one of the following conditions is satisfied:

(1) The parties execute a written settlement agreement that fully resolves the dispute.

(2) An oral agreement that fully resolves the dispute is reached in accordance with Section 1118.

(3) The mediator provides the mediation participants with a writing signed by the mediator that states that the mediation is terminated, or words to that effect, which shall be consistent with Section 1121.

(4) A party provides the mediator and the other mediation participants with a writing stating that the mediation is terminated, or words to that effect, which shall be consistent with Section 1121. In a mediation involving more than two parties, the mediation may continue as to the remaining parties or be terminated in accordance with this section.

(5) For 10 calendar days, there is no communication between the mediator and any of the parties to the mediation relating to the dispute. The mediator and the parties may shorten or extend this time by agreement.

(b) For purposes of confidentiality under this chapter, if a mediation partially resolves a dispute, mediation ends when either of the following conditions is satisfied:

(1) The parties execute a written settlement agreement that partially resolves the dispute.

(2) An oral agreement that partially resolves the dispute is reached in accordance with Section 1118.

(c) This section does not preclude a party from ending a mediation without reaching an agreement. This section does not otherwise affect the extent to which a party may terminate a mediation.

1126. Anything said, any admission made, or any writing that is inadmissible, protected from disclosure, and confidential under this chapter before a mediation ends, shall remain inadmissible, protected from disclosure, and confidential to the same extent after the mediation ends.

1127. If a person subpoenas or otherwise seeks to compel a mediator to testify or produce a writing, as defined in Section 250, and the court or other adjudicative body determines that the testimony or writing is inadmissible under this chapter, or protected from disclosure under this chapter, the court or adjudicative body making the determination shall award reasonable attorney's fees and costs to the mediator against the person seeking the testimony or writing.

1128. Any reference to a mediation during any subsequent trial is an irregularity in the proceedings of the trial for the purposes of Section 657 of the Code of Civil Procedure. Any reference to a mediation during any other subsequent noncriminal proceeding is grounds for vacating or modifying the decision in that proceeding, in whole or in part, and granting a new or further hearing on all or part of the issues, if the reference materially affected the substantial rights of the party requesting relief.

SEC. 4. The heading of Chapter 2 (commencing with Section 1150) of Division 9 of the Evidence Code is amended and renumbered to read:

CHAPTER 3. OTHER EVIDENCE AFFECTED OR EXCLUDED BY EXTRINSIC POLICIES

SEC. 5. Section 1152.5 of the Evidence Code is repealed.

SEC. 6. Section 1152.6 of the Evidence Code is repealed.

SEC. 7. Section 66032 of the Government Code is amended to read:

66032. (a) Notwithstanding any provision of law to the contrary, all time limits with respect to an action shall be tolled while the mediator conducts the mediation, pursuant to this chapter.

(b) Mediations conducted by a mediator pursuant to this chapter that involve less than a quorum of a legislative body or a state body shall not be considered meetings of a legislative body pursuant to the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5), nor shall they be considered meetings of a state body pursuant to the Bagley-Keene Open

Meeting Act (Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2).

(c) Any action taken regarding mediation conducted pursuant to this chapter shall be taken in accordance with the provisions of current law.

(d) Ninety days after the commencement of the mediation, and every 90 days thereafter, the action shall be reactivated unless the parties to the action do either of the following:

(1) Arrive at a settlement and implement it in accordance with the provisions of current law.

(2) Agree by written stipulation to extend the mediation for another 90-day period.

(e) Section 703.5 and Chapter 2 (commencing with Section 1115) of Division 9 of the Evidence Code apply to any mediation conducted pursuant to this chapter.

SEC. 8. Section 66033 of the Government Code is amended to read:

66033. (a) At the end of the mediation, the mediator shall file a report with the Office of Permit Assistance, consistent with Chapter 2 (commencing with Section 1115) of Division 9 of the Evidence Code, containing each of the following:

(1) The title of the action.

(2) The names of the parties to the action.

(3) An estimate of the costs avoided, if any, because the parties used mediation instead of litigation to resolve their dispute.

(b) The sole purpose of the report required by this section is the collection of information needed by the office to prepare its report to the Legislature pursuant to Section 66036.

SEC. 9. Section 10089.80 of the Insurance Code is amended to read:

10089.80. (a) The representatives of the insurer shall know the facts of the case and be familiar with the allegations of the complainant. The insurer or the insurer's representative shall produce at the settlement conference a copy of the policy and all documents from the claims file relevant to the degree of loss, value of the claim, and the fact or extent of damage.

The insured shall produce, to the extent available, all documents relevant to the degree of loss, value of the claim, and the fact or extent of damage.

The mediator may also order production of other documents that the mediator determines to be relevant to the issues under mediation. If a party declines to comply with that order, the mediator may appeal to the commissioner for a determination of whether the documents requested should be produced. The commissioner shall make a determination within 21 days. However, the party ordered to produce the documents shall not be required to produce while the issue is before the commissioner in this 21-day period. If the ruling is in favor of production, any insurer that is subject to an order to

participate in mediation issued under subdivision (a) of Section 10089.75 shall comply with the order to produce. Insureds, and those insurers that are not subject to an order to participate in mediation, shall produce the documents or decline to participate further in the mediation after a ruling by the commissioner requiring the production of those other documents. Declination of mediation by the insurer under this section may be considered by the commissioner in exercising authority under subdivision (a) of Section 10089.75.

The mediator shall have the authority to protect from disclosure information that the mediator determines to be privileged, including, but not limited to, information protected by the attorney-client or work-product privileges, or to be otherwise confidential.

(b) The mediator shall determine prior to the mediation conference whether the insured will be represented by counsel at the mediation. The mediator shall inform the insurer whether the insured will be represented by counsel at the mediation conference. If the insured is represented by counsel at the mediation conference, the insurer's counsel may be present. If the insured is not represented by counsel at the mediation conference, then no counsel may be present.

(c) Section 703.5 and Chapter 2 (commencing with Section 1115) of Division 9 of the Evidence Code apply to a mediation conducted under this chapter.

(d) The statements made by the parties, negotiations between the parties, and documents produced at the mediation are confidential. However, this confidentiality shall not restrict the access of the department to documents or other information the department seeks in order to evaluate the mediation program or to comply with reporting requirements. This subdivision does not affect the discoverability or admissibility of documents that are otherwise discoverable or admissible.

SEC. 10. Section 10089.82 of the Insurance Code is amended to read:

10089.82. (a) An insured may not be required to use the department's mediation process. An insurer may not be required to use the department's mediation process, except as provided in Section 10089.75.

(b) Neither the insurer nor the insured is required to accept an agreement proposed during the mediation.

(c) If the parties agree to a settlement agreement, the insured will have three business days to rescind the agreement. Notwithstanding Chapter 2 (commencing with Section 1115) of Division 9 of the Evidence Code, if the insured rescinds the agreement, it may not be admitted in evidence or disclosed unless the insured and all other parties to the agreement expressly agree to its disclosure. If the agreement is not rescinded by the insured, it is binding on the insured

and the insurer, and acts as a release of all specific claims for damages known at the time of the mediation presented and agreed upon in the mediation conference. If counsel for the insured is present at the mediation conference and a settlement is agreed upon that is signed by the insured's counsel, the agreement is immediately binding on the insured and may not be rescinded.

(d) This section does not affect rights under existing law for claims for damage that were undetected at the time of the settlement conference.

(e) All settlements reached as a result of department-referred mediation shall address only those issues raised for the purpose of resolution. Settlements and any accompanying releases are not effective to settle or resolve any claim not addressed by the mediator for the purpose of resolution, nor any claim that the insured may have related to the insurer's conduct in handling the claim.

Referral to mediation or the pendency of a mediation under this article is not a basis to prevent or stay the filing of civil litigation arising in whole or in part out of the same facts. Any applicable statute of limitations is tolled for the number of days beginning from the referral to mediation until the date on which the mediation is either completed or declined, or the date on which the insured fails to appear for a scheduled mediation for the second time, or, in the event that a settlement is completed, the expiration of any applicable three business day cooling off period.

SEC. 11. Section 65 of the Labor Code is amended to read:

65. The department may investigate and mediate labor disputes providing any bona fide party to this type of dispute requests intervention by the department and the department may proffer its services to both parties when work stoppage is threatened and neither party requests intervention. In the interest of preventing labor disputes the department shall endeavor to promote sound union-employer relationships. The department may arbitrate or arrange for the selection of boards of arbitration on such terms as all of the bona fide parties to the dispute may agree upon. Any decision or award arising out of an arbitration conducted pursuant to this section is a public record. Section 703.5 and Chapter 2 (commencing with Section 1115) of Division 9 of the Evidence Code apply to a mediation conducted by the California State Mediation and Conciliation Service, and any person conducting the mediation. All other records of the department relating to labor disputes are confidential.

SEC. 12. Section 350 of the Welfare and Institutions Code is amended to read:

350. (a) (1) The judge of the juvenile court shall control all proceedings during the hearings with a view to the expeditious and effective ascertainment of the jurisdictional facts and the ascertainment of all information relative to the present condition and future welfare of the person upon whose behalf the petition is

brought. Except where there is a contested issue of fact or law, the proceedings shall be conducted in an informal nonadversary atmosphere with a view to obtaining the maximum cooperation of the minor upon whose behalf the petition is brought and all persons interested in his or her welfare with any provisions that the court may make for the disposition and care of the minor.

(2) Each juvenile court is encouraged to develop a dependency mediation program to provide a problem-solving forum for all interested persons to develop a plan in the best interests of the child, emphasizing family preservation and strengthening. The Legislature finds that mediation of these matters assists the court in resolving conflict, and helps the court to intervene in a constructive manner in those cases where court intervention is necessary. Notwithstanding any other provision of law, no person, except the mediator, who is required to report suspected child abuse pursuant to the Child Abuse and Neglect Reporting Act (Article 2.5 (commencing with Section 11164) of Chapter 2 of Title 1 of Part 4 of the Penal Code), shall be exempted from those requirements under Chapter 2 (commencing with Section 1115) of Division 9 of the Evidence Code because he or she agreed to participate in a dependency mediation program established in the juvenile court.

If a dependency mediation program has been established in a juvenile court, and if mediation is requested by any person who the judge or referee deems to have a direct and legitimate interest in the particular case, or on the court's own motion, the matter may be set for confidential mediation to develop a plan in the best interests of the child, utilizing resources within the family first and within the community if required.

(b) The testimony of a minor may be taken in chambers and outside the presence of the minor's parent or parents, if the minor's parent or parents are represented by counsel, the counsel is present and any of the following circumstances exist:

(1) The court determines that testimony in chambers is necessary to ensure truthful testimony.

(2) The minor is likely to be intimidated by a formal courtroom setting.

(3) The minor is afraid to testify in front of his or her parent or parents.

After testimony in chambers, the parent or parents of the minor may elect to have the court reporter read back the testimony or have the testimony summarized by counsel for the parent or parents.

The testimony of a minor also may be taken in chambers and outside the presence of the guardian or guardians of a minor under the circumstances specified in this subdivision.

(c) At any hearing in which the probation department bears the burden of proof, after the presentation of evidence on behalf of the probation department and the minor has been closed, the court, on motion of the minor, parent, or guardian, or on its own motion, shall

order whatever action the law requires of it if the court, upon weighing all of the evidence then before it, finds that the burden of proof has not been met. That action includes, but is not limited to, the dismissal of the petition and release of the minor at a jurisdictional hearing, the return of the minor at an out-of-home review held prior to the permanency planning hearing, or the termination of jurisdiction at an in-home review. If the motion is not granted, the parent or guardian may offer evidence without first having reserved that right.

(2) A report that evaluates the potential of the discharge of the mining waste to produce, over the long term, acid mine drainage, the discharge or leaching of heavy metals, or the release of other hazardous substances.

SECTION 1. Section 1276.5 of the Health and Safety Code is amended to read:

1276.5. (a) The department shall adopt regulations setting forth the minimum number of equivalent nursing hours per patient required in skilled nursing and intermediate care facilities, subject to the specific requirements of Section 14110.7 of the Welfare and Institutions Code.

(b) (1) For the purposes of this section, "nursing hours" means the number of hours of work performed per patient day by aides, nursing assistants, or orderlies plus two times the number of hours worked per patient day by registered nurses and licensed vocational nurses (except directors of nursing in facilities of 60 or larger capacity) and, in the distinct part of facilities and freestanding facilities providing care for the developmentally disabled or mentally disordered, by licensed psychiatric technicians who perform direct nursing services for patients in skilled nursing and intermediate care facilities, except when the skilled nursing and intermediate care facility is licensed as a part of a state hospital.

(2) Concurrent with implementation of the first year of rates established under the Medi-Cal Long Term Care Reimbursement Act of 1990 (Article 3.8 (commencing with Section 14126) of Chapter 7 of Part 3 of Division 9 of the Welfare and Institutions Code), for the purposes of this section, "nursing hours" means the number of hours of work performed per patient day by aides, nursing assistants, registered nurses, and licensed vocational nurses (except directors of nursing in facilities of 60 or larger capacity) and, in the distinct part of facilities and freestanding facilities providing care for the developmentally disabled or mentally disordered, by licensed psychiatric technicians who performed direct nursing services for patients in skilled nursing and intermediate care facilities, except when the skilled nursing and intermediate care facility is licensed as a part of a state hospital.

(c) Notwithstanding Section 1276, the department shall require the utilization of a registered nurse at all times if the department determines that the services of a skilled nursing and intermediate care facility require the utilization of a registered nurse.

(d) Except as otherwise provided by law, the administrator of an intermediate care facility/developmentally disabled, intermediate care facility/developmentally disabled habilitative, or an intermediate care facility/developmentally disabled—nursing shall be either a licensed nursing home administrator or a qualified mental retardation professional.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 777

An act to amend Section 30796.7 of, and to add Sections 30796.9 and 30796.10 to, the Streets and Highways Code, relating to highways.

[Approved by Governor October 7, 1997. Filed with Secretary of State October 8, 1997.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the first priority for financing seismic safety retrofitting of state-owned toll bridges shall be the six hundred fifty million dollars ($650,000,000) from the 1996 Seismic Retrofit Account in the Seismic Retrofit Bond Fund of 1996, as set forth in Section 8879.3 of the Government Code.

SEC. 2. Section 30796.7 of the Streets and Highways Code is amended to read:

30796.7. (a) Notwithstanding any other provision of law, the San Diego Association of Governments, on behalf of the state, may impose a toll on vehicles crossing the San Diego-Coronado Bridge. The toll shall be established by the association after conducting at least one public hearing.

(b) The authority of the commission relative to tolls on the bridge is hereby transferred to the San Diego Association of Governments.

All tolls on the bridge shall be at the rates established by the San Diego Association of Governments, except that at no time shall the rate of toll for class 1 vehicles exceed one dollar and fifty cents ($1.50) per vehicle.

(c) (1) The revenues from any tolls imposed on the bridge shall be used first for expenses related to the collection of tolls and operation of the bridge, including, but not limited to, reimbursement for any operating and retrofitting costs and, second, for improvements to the bridge and its approaches. Tolls shall be established at an amount which will generate revenue sufficient to meet the requirements set forth in this paragraph, as determined by the department. Maintenance of the bridge shall be funded by the state under Section 188.4.

(2) The revenues from any tolls imposed on the bridge may also be used for costs incurred by the San Diego Association of Governments in administering this section and for any of the following:

(A) Transportation services that either increase the capacity of the bridge and its approaches or reduce the demand for travel in the transportation corridor that includes the bridge.

(B) Alternative forms of transportation, within the transportation corridor that includes the bridge, that reduce congestion and air pollution, including, but not limited to, ferry service and public transit.

(C) Capital improvements and related expenditures within the transportation corridor for construction and maintenance of bikeways.

(d) For the purposes of this section, "transportation corridor" means the San Diego-Coronado Bridge and its approaches which extend from Route 5 in the City of San Diego to the North Island Naval Air Station via Route 282, and to the Naval Amphibious Base via Route 75 in the City of Coronado.

(e) All money deposited in the San Diego-Coronado Toll Bridge Revenue Fund prior to March 26, 1992, and not expended, encumbered, or programmed before January 1, 1994, is appropriated to the Controller for allocation to the San Diego Association of Governments for the purposes of paragraph (2) of subdivision (c).

(f) The San Diego Association of Governments shall include in the regional transportation improvement program, and every update thereof, an expenditure plan specifying the projects and programs that are to be funded with toll revenues.

(g) If the San Diego Association of Governments, on behalf of the state, imposes tolls pursuant to subdivision (a), it shall reimburse the department for costs incurred by the department in operating the bridge, collecting tolls, and performing other related services. The association and the department shall enter into an agreement which provides for the full reimbursement of the department for all operating costs.

(h) The San Diego Association of Governments shall prepare an annual audit of expenditures that are funded with toll revenues. The audit shall be funded solely with toll revenues and shall not include expenditures made by the department. The association shall review the annual financial report on state-owned toll bridges that is prepared by the department for revenues collected under this section.

SEC. 3. Section 30796.9 of the Streets and Highways Code, as added by Chapter 327 of the Statutes of 1997, is amended to read:

30796.9. (a) The San Diego Association of Governments shall deposit thirty-three million dollars ($33,000,000) in the Toll Bridge Seismic Retrofit Account in the State Transportation Fund.

(b) On or before January 1, 1998, the San Diego Association of Governments shall submit to the Legislature and the department a financial plan for the transfer of thirty-three million dollars ($33,000,000) on or before July 1, 2000, to the Toll Bridge Seismic Retrofit Account in the State Transportation Fund.

(c) Maintenance of the San Diego-Coronado Bridge shall be funded by the state pursuant to Section 188.4.

(d) Of the thirty-three million dollars ($33,000,000) in local funds to be paid by the San Diego Association of Governments as the local toll authority for the San Diego-Coronado Bridge, not less than ten million dollars ($10,000,000) shall be paid from local toll revenue reserve funds. The balance of funds shall be paid from toll bridge revenue bonds, as specified in Section 30796.10, supported by toll revenue. This revenue shall consist of the net toll revenue gained from shifting the cost of bridge maintenance to be funded by the state pursuant to Section 188.4 and by all or part of the remaining toll revenues.

SEC. 4. Section 30796.10 is added to the Streets and Highways Code, to read:

30796.10. (a) The San Diego Association of Governments may issue bonds payable from the revenues derived from the tolls imposed on the bridge. The bonds may be issued by the San Diego Association of Governments at any time, and from time to time payable from the revenues from the tolls. The bonds shall be referred to as "toll bridge revenue bonds." The association shall be an instrumentality of the state for the purposes of those issuances.

(b) The revenues from the tolls on the bridge shall be subject to a statutory lien in favor of the bondholders to secure all amounts due on the bonds and in favor of any provider of credit enhancement for the bonds to secure all amounts due to the provider with respect to those bonds. The lien shall immediately attach to the toll revenues and be effective, binding, and enforceable against the San Diego Association of Governments, its successors, creditors, and all others asserting the rights therein, irrespective of whether those parties have notice of the lien and without the need for any physical delivery, recordation, filing, or further act. The toll revenues shall remain

subject to the lien until all bonds are paid in full or provisions are made therefor. The bridge shall not become a free public bridge until that time.

(c) The liens on toll revenues created by this section shall be subject to expenditures for the collection of tolls, if those expenditures are not otherwise provided for by statute, but shall have priority over the use of any of the toll revenues for improvements undertaken pursuant to the authorization contained in subdivision (c) of Section 30796.7.

(d) Toll bridge revenue bonds shall be issued pursuant to a resolution adopted at any time, and from time to time, by the San Diego Association of Governments by a majority vote of the governing board of the association.

The San Diego Association of Governments may from time to time, issue bonds in accordance with the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300) of Part 1 of Division 2 of Title 5 of the Government Code), for the purpose of constructing, improving, or equipping the bridge, or for any of the purposes authorized by Section 30796.7 for the expenditure of toll revenues. Operation of the bridge shall constitute an "enterprise" within the meaning of Section 54309 of the Government Code, and the San Diego Association of Governments shall constitute a "local agency" within the meaning of Section 54307 of the Government Code. Article 3 (commencing with Section 54380) of Chapter 6 of Part 1 of Division 2 of Title 5 of the Government Code shall not apply to the issuance and sale of bonds pursuant to this section. Instead, the San Diego Association of Governments shall authorize the issuance of bonds by resolution, which resolution shall specify all of the following:

(1) The purposes for which the bonds are to be issued.

(2) The maximum principal amount of the bonds.

(3) The maximum term for the bonds.

(e) The maximum rate of interest to be payable upon the bond which interest rates shall not exceed the maximum rate specified in Section 53531 of the Government Code. The rate may be either fixed or variable and shall be payable at the times and in the manner specified in the resolution.

(f) Interest on any bonds issued pursuant to this section shall at all times be free from state personal income tax and corporate income tax.

(g) Any bonds issued pursuant to this section are a legal investment for all trust funds; for the funds of insurance companies, commercial and savings banks, and trust companies; and for state school funds. Whenever any money or funds may, by any law now or hereafter enacted, be invested in bonds of cities, counties, school districts, or other districts within the state, those funds may be invested in the bonds issued pursuant to this section, and whenever bonds of cities, counties, school districts, or other districts within this state may, by any law now or hereafter enacted, be used as security

for the performance of any act or the deposit of any public money, the bonds issued pursuant to this section may be so used. The provisions of this section are in addition to all other laws relating to legal investments and shall be controlling as the latest expression of the Legislature with respect thereto.

(h) The State of California pledges and agrees with the holders of the bonds issued pursuant to this chapter, and with those parties who may enter into contracts with the San Diego Association of Governments pursuant to the provisions of this chapter, that the state will not limit, alter, or restrict the rights hereby vested in the San Diego Association of Governments to finance the toll bridge improvements and other projects and programs authorized by this chapter. The State of California pledges and agrees not to impair the terms of any agreements made with the holders of bonds, and with the parties who may enter into contracts with the San Diego Association of Governments pursuant to this chapter, and pledges and agrees not to impair the rights or remedies of the holders of any revenue bonds or any parties until the bonds, together with interest, are fully paid and discharged and any contracts are fully performed on the part of the San Diego Association of Governments.

(i) The San Diego Association of Governments may include the pledges made under this section in its revenue bonds.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district are the result of a program for which legislative authority was requested by that local agency or school district, within the meaning of Section 17556 of the Government Code and Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 778

An act to amend Sections 25200.2, 25218.2, 25218.9, 25404, and 25404.5 of, and to add Section 25201.4.1 to, the Health and Safety Code, relating to hazardous waste.

[Approved by Governor October 7, 1997. Filed with Secretary of State October 8, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 25200.2 of the Health and Safety Code is amended to read:

25200.2. (a) The department shall develop a permitting process for transportable hazardous waste treatment units for treating hazardous waste in accordance with the federal act and in accordance with this chapter for hazardous wastes that are not otherwise subject to the federal act. The permitting process shall require the units to be permitted pursuant to the regulations of the department for operation pursuant to a permit-by-rule, a hazardous waste facilities permit, or pursuant to the regulations of the department for operation under a standardized permit adopted pursuant to Section 25201.6, whichever the department determines to be appropriate, by regulation, depending on the nature of the treatment units and the type of hazardous waste to be treated, and without regard to whether the units are determined to be onsite or offsite treatment units.

(b) (1) The operator of a transportable hazardous waste treatment unit shall pay the same annual fee as facilities authorized to operate pursuant to a permit-by-rule specified in subdivision (a) of Section 25205.14. The operator of a unit is exempt from paying the facility fee specified in Section 25205.2 for any year or reporting period during which the unit was operating for any activity authorized under permit, except as specified in subdivision (b) of Section 25205.12.

(2) The department shall report on the actual costs of managing the transportable hazardous waste treatment units in the annual onsite treatment report required pursuant to subparagraph (D) of paragraph (3) of subdivision (a) of Section 25171.5. Notwithstanding paragraph (1), the Legislature may authorize the department to recover the costs to manage the transportable treatment units should the actual costs exceed the revenue raised by the fees specified in Section 25205.14.

(c) A transportable hazardous waste treatment unit operating pursuant to a hazardous waste facilities permit, a standardized permit, or pursuant to the department's regulations for operation under a permit-by-rule may operate at a facility for a period not to exceed one year. If the owner or operator of the transportable hazardous waste treatment unit shows cause, the department may authorize up to two extensions of this period, of six months duration, during which the transportable hazardous waste treatment unit may operate at the facility, if the department reviews the justification for the extension request after the first six-month period.

(d) Notwithstanding any other provision of this section, if, as of March 1, 1996, the department has not issued proposed regulations, or has not adopted emergency regulations, to implement the changes made to this section by the act adding this subdivision, until the department issues or adopts those regulations, the department shall regulate all transportable treatment units operating pursuant to a permit-by-rule on January 1, 1996, pursuant to the regulations adopted by the department with regard to permit-by-rule, and shall

regulate all transportable treatment units operating pursuant to a hazardous waste facilities permit on January 1, 1996, pursuant to the regulations providing for a standardized permit.

SEC. 2. Section 25201.4.1 is added to the Health and Safety Code, to read:

25201.4.1. (c) A person conducting an activity that is not included within the scope of the hazardous waste element of the unified program, as specified in paragraph (1) of subdivision (c) of Section 25404, is required to submit a notice pursuant to Sections 25110.10, 25123.3, 25144.6, 25200.3, 25201.5, or 25201.14, but shall comply with any regulations that the department may adopt specifying notification requirements for those activities.

(d) Notwithstanding subdivision (*l*) of Section 25200.3, any person who has submitted a notification to the CUPA, or, in those jurisdictions where there is no CUPA, to the officer or agency authorized pursuant to subdivision (f) of Section 25404.3 to implement and enforce the requirements of this chapter listed in paragraph (1) of subdivision (c) of Section 25404, pursuant to subdivision (a) of this section and subdivision (e) of Section 25200.3, shall be deemed to be operating pursuant to Section 25200.3, and, except as provided in Section 25404.5, shall be subject to the fee set forth in subdivision (b) of Section 25205.14 until the person submits a certification pursuant to subdivision (*l*) of Section 25200.3.

SEC. 3. Section 25218.2 of the Health and Safety Code is amended to read:

25218.2. (a) Prior to commencing operations, a public agency, or its contractor, that intends to operate a household hazardous waste collection facility shall submit the following written information to the CUPA, or, in those jurisdictions where there is no CUPA, to the officer or agency authorized pursuant to subdivision (f) of Section 25404.3 to implement and enforce the requirements of this chapter listed in paragraph (1) of subdivision (c) of Section 25404:

(1) A certification that the household hazardous waste collection facility will be operated in accordance with this article and with any other requirement that may be imposed by the department by regulation.

(2) All of the following information:

(A) The facility's name.

(B) The facility's location.

(C) The facility's generator identification number.

(c) The public agency, or its contractor, shall also submit the written information pursuant to subdivision (a), and notify the department pursuant to subdivision (b), until (1) regulations promulgated by the Secretary for Environmental Protection establishing a unified program information collection and reporting system and standards are effective, (2) the regulations require a statewide data base system that will enable the department and the public to obtain the required information from all CUPAs or the authorized officers or agencies, and (3) the statewide data base system is in place and fully operational.

SEC. 4. Section 25218.9 of the Health and Safety Code is amended to read:

25218.9. On or before October 1 of each year, a public agency, or its contractor, operating a household hazardous waste collection facility shall submit to the CUPA, or, in those jurisdictions where there is no CUPA, to the officer or agency authorized pursuant to subdivision (f) of Section 25404.3 to implement and enforce the

The completed California Integrated Waste Management Board Form 303 shall also be submitted to the department until (1) regulations promulgated by the Secretary for Environmental Protection establishing a unified program information collection and reporting system and standards are effective, (2) the regulations require a statewide data base system that will enable the department and the public to obtain the required information from all CUPAs or the authorized officers or agencies, and (3) the statewide data base system is in place and fully operational.

SEC. 5. Section 25404 of the Health and Safety Code is amended to read:

25404. (a) For purposes of this chapter, the following terms shall have the following meaning:

(1) (A) "Certified Unified Program Agency" or "CUPA" means the agency certified by the secretary to implement the unified program specified in this chapter within a jurisdiction.

(B) "Participating Agency" or "PA" means an agency that has a written agreement with the CUPA pursuant to subdivision (d) of Section 25404.3, and is approved by the secretary, to implement or enforce one or more of the unified program elements specified in subdivision (c), in accordance with Sections 25404.1 and 25404.2.

(C) "Unified Program Agency" or "UPA" means the CUPA, or its participating agencies to the extent each PA has been designated by the CUPA, pursuant to a written agreement, to implement or enforce a particular unified program element specified in subdivision (c). The UPAs have the responsibility and authority to implement and enforce the requirements listed in subdivision (c), and the regulations adopted to implement the requirements listed in subdivision (c), to the extent provided by Chapter 6.5 (commencing with Section 25100), Chapter 6.67 (commencing with Section 25270), Chapter 6.7 (commencing with Section 25280), Chapter 6.95 (commencing with Section 25500), and Sections 25404.1 and 25404.2. After a CUPA has been certified by the secretary, the unified program agencies shall be the only local agencies authorized to enforce the requirements listed in subdivision (c) within the jurisdiction of the CUPA.

(2) "Department" means the Department of Toxic Substances Control.

(3) "Secretary" means the Secretary for Environmental Protection.

(4) "Unified program facility" means all contiguous land and structures, other appurtenances, and improvements on the land that

are subject to the requirements listed in subdivision (c) of Section 25404.

(5) "Unified program facility permit" means a permit issued pursuant to this chapter. For the purposes of this chapter, a unified program facility permit encompasses the permitting requirements of Section 25284, and any permit or authorization requirements under any local ordinance or regulation relating to the generation or handling of hazardous waste or hazardous materials, but does not encompass the permitting requirements of a local ordinance that incorporates provisions of the Uniform Fire Code or the Uniform Building Code.

(b) The secretary shall adopt implementing regulations and implement a unified hazardous waste and hazardous materials management regulatory program, which shall be known as the unified program, after holding an appropriate number of public hearings throughout the state. The unified program shall be developed in close consultation with the director, the Director of the Office of Emergency Services, the State Fire Marshal, the executive officers and chairpersons of the State Water Resources Control Board and the California regional water quality control boards, the local health officers, local fire services, and other appropriate officers of interested local agencies, and affected businesses and interested members of the public, including environmental organizations.

(c) The unified program shall consolidate the administration of the following requirements, and shall, to the maximum extent feasible within statutory constraints, ensure the coordination and consistency of any regulations adopted pursuant to those requirements:

(1) (A) Except as provided in subparagraphs (B) and (C), the requirements of Chapter 6.5 (commencing with Section 25100), and the regulations adopted by the department pursuant thereto, applicable to hazardous waste generators, and persons operating pursuant to a permit-by-rule, conditional authorization, or conditional exemption, pursuant to Chapter 6.5 (commencing with Section 25100) or the regulations adopted by the department.

(B) The unified program shall not include the requirements of paragraph (3) of subdivision (c) of Section 25200.3, the requirements of Sections 25200.10 and 25200.14, and the authority to issue an order under Sections 25187 and 25187.1, with regard to those portions of a unified program facility that are subject to one of the following:

(i) A corrective action order issued by the department pursuant to Section 25187.

(iv) A cleanup and abatement order issued by a California regional water quality control board pursuant to Section 13304 of the Water Code, to the extent that the cleanup and abatement order addresses the requirements of the applicable section or sections listed in this subparagraph.

(v) Corrective action required under subsection (u) of Section 6924 of Title 42 of the United States Code or subsection (h) of Section 6928 of Title 42 of the United States Code.

(vi) An environmental assessment pursuant to Section 25200.14 or a corrective action pursuant to Section 25200.10 or paragraph (3) of subdivision (c) of Section 25200.3, that is being overseen by the department.

(C) The unified program shall not include the requirements of Chapter 6.5 (commencing with Section 25100), and the regulations adopted by the department pursuant thereto, applicable to persons operating transportable treatment units, except that any required notice regarding transportable treatment units shall also be provided to the CUPAs.

(2) The requirement of subdivision (c) of Section 25270.5 for owners and operators of aboveground storage tanks to prepare a spill prevention control and countermeasure plan.

(3) The requirements of Chapter 6.7 (commencing with Section 25280) concerning underground storage tanks, except for the responsibilities assigned to the State Water Resources Control Board pursuant to Section 25297.1, and the requirements of any underground storage tank ordinance adopted by a city or county.

(4) The requirements of Article 1 (commencing with Section 25501) of Chapter 6.95 concerning hazardous material release response plans and inventories.

(5) The requirements of Article 2 (commencing with Section 25531) of Chapter 6.95, concerning the accidental release prevention program.

(6) The requirements of subdivisions (b) and (c) of Section 80.103 of the Uniform Fire Code, as adopted by the State Fire Marshal pursuant to Section 13143.9 of the Health and Safety Code, concerning hazardous material management plans and inventories.

(e) The secretary shall establish standards to be used by CUPAs, participating agencies, state agencies, and businesses for the sharing of electronic data used within the programs listed in subdivision (c) of Section 25404. Those standards shall incorporate any standard developed under Section 25503.3.

SEC. 6. Section 25404.5 of the Health and Safety Code is amended to read:

25404.5. (a) (1) Each certified unified program agency shall institute a single fee system, which shall replace the fees levied pursuant to Section 25205.14, except for transportable treatment units permitted under Section 25200.2, and which shall also replace any fees levied by a local agency pursuant to Sections 25143.10, 25287, 25513, and 25535.2, or any other fee levied by a local agency specifically to fund the implementation of the provisions specified in subdivision (c) of Section 25404. Notwithstanding Sections 25143.10, 25205.14, 25287, 25513, and 25535.2, a person who complies with the certified unified program agency's "single fee system" fee shall not be required to pay any fee levied pursuant to those sections, except for transportable treatment units permitted under Section 25200.2.

(2) The governing body of the certified unified program agency shall establish the amount to be paid by each person regulated by the unified program under the single fee system at a level sufficient to pay the necessary and reasonable costs incurred by the certified unified program agency and by any participating agency pursuant to the requirements of subparagraph (E) of paragraph (1) of subdivision (d) of Section 25404.3.

(3) The fee system may also be designed to recover the necessary and reasonable costs incurred by the certified unified program agency, or a participating agency pursuant to the requirements of subparagraph (E) of paragraph (1) of subdivision (d) of Section 25404.3, in administering provisions other than those specified in subdivision (c) of Section 25404, if the implementation and enforcement of those provisions has been incorporated as part of the unified program by the certified unified program agency pursuant to subdivision (b) of Section 25404.2, and if the single fee system replaces any fees levied as of January 1, 1994, to fund the implementation of those additional provisions.

(4) The amount to be paid by a person regulated by the unified program may be adjusted to account for the differing costs of administering the unified program with respect to that person's regulated activities.

(b) Except as provided in subdivision (d), the single fee system instituted by each certified unified program agency shall include an assessment on each person regulated by the unified program of a surcharge, the amount of which shall be determined by the secretary annually, to cover the necessary and reasonable costs of state agencies in carrying out their responsibilities under this chapter. The secretary may adjust the amount of the surcharge to be collected by different certified unified program agencies to reflect the different costs incurred by the state in supervising the implementation of the unified program in different jurisdictions, and in supervising the implementation of the unified program in those jurisdictions for which the secretary has waived the assessment of the surcharge pursuant to subdivision (d). The certified unified program agency may itemize the amount of the surcharge on any bill, invoice, or

return that the agency sends to a person regulated by the unified program. Each certified unified program agency shall transmit all surcharge revenues collected to the secretary on a quarterly basis. The surcharge shall be deposited in the Unified Program Account, which is hereby created in the General Fund, and which may be expended, upon appropriation by the Legislature, by any state agency for the purposes of implementing this chapter.

(c) Each certified unified program agency and the secretary shall, before the institution of the single fee system and the assessment of the surcharge, implement a fee accountability program designed to encourage more efficient and cost-effective operation of the program for which the single fee and surcharge are assessed. The fee accountability programs shall include those elements of the requirements of the plan adopted pursuant to Section 25206 that the secretary determines are appropriate.

(d) The secretary may waive the requirement for a county to assess a surcharge pursuant to subdivision (b), if both of the following conditions apply:

(1) The county meets all of the following conditions:

(A) The county submits an application to the secretary for certification on or before January 1, 1996, that incorporates all of the requirements of this chapter, and includes the county's request for a waiver of the surcharge, and contains documentation that demonstrates, to the satisfaction of the secretary, both of the following:

(i) That the assessment of the surcharge will impose a significant economic burden on most businesses within the county.

(ii) That the combined dollar amount of the surcharge and the single fee system to be assessed by the county pursuant to subdivision (a) exceeds the combined dollar amount of all existing fees that are replaced by the single fee system for most businesses within the county.

(B) The application for certification, including the information required by subparagraph (A), is determined by the secretary to be complete, on or before April 30, 1996. The secretary, for good cause, may grant an extension of that deadline of up to 90 days.

(C) The county is certified by the secretary on or before December 31, 1996.

(D) On or before January 1, 1994, the county completed the consolidation of the administration of the hazardous waste generator program, the hazardous materials release response plans and inventories program, and the underground storage tank program, referenced in paragraphs (1), (3), and (4) of subdivision (c) of Section 25404, into a single program within the county's jurisdiction.

(E) The county demonstrates that it will consolidate the administration of all programs specified in subdivision (c) of Section 25404, and that it will also consolidate the administration of at least one additional program that regulates hazardous waste, hazardous

substances, or hazardous materials, as specified in subdivision (d) of Section 25404.2, other than the programs specified in subdivision (c) of Section 25404, into a single program to be administered by a single agency in the county's jurisdiction at the time that the county's certification by the secretary becomes effective.

(2) The secretary makes all of the following findings:

(A) The county meets all of the criteria specified in paragraph (1).

(B) The assessment of the surcharge would impose a significant economic burden on most businesses within the county.

(C) The combined dollar amount of the surcharge and the single fee system to be assessed by the county pursuant to subdivision (a) would exceed the combined dollar amount of all existing fees that are replaced by the single fee system for most businesses within the county.

(D) The waiver of the surcharge for those counties applying for and qualifying for a waiver, and the resulting increase in the surcharge for other counties, would not, when considered cumulatively, impose a significant economic burden on businesses in any other county that does not apply for, or does not meet the criteria for, a waiver of the surcharge.

(e) The secretary shall review all of the requests for a waiver of the surcharge made pursuant to subdivision (d) simultaneously, so as to adequately assess the cumulative impact of granting the requested waivers on businesses in those counties that have not applied, or do not qualify, for a waiver, and shall grant or deny all requests for a waiver of the surcharge within 30 days from the date that the secretary certifies all counties applying, and qualifying, for a waiver. If the secretary finds that the grant of a waiver of the surcharge for all counties applying and qualifying for the waiver will impose a significant economic burden on businesses in one or more other counties, the secretary shall take either of the following actions:

(1) Deny all of the applications for a waiver of the surcharge.

(2) Approve only a portion of the waiver requests for counties meeting the criteria set forth in subdivision (d), to the extent that the approved waivers, when taken as a whole, meet the condition specified in subparagraph (D) of paragraph (2) of subdivision (d). In determining which of the counties' waiver requests to grant, the secretary shall consider all of the following factors:

(A) The relative degree to which the assessment of the surcharge will impose a significant economic burden on most businesses within each county applying and qualifying for a waiver.

(B) The relative degree to which the combined dollar amount of the surcharge and the single fee system to be assessed, pursuant to subdivision (a), by each county applying and qualifying for a waiver exceeds the combined dollar amount of all existing fees that are replaced by the single fee system for most businesses within the county.

(C) The relative extent to which each county applying and qualifying for a waiver has incorporated, or will incorporate, upon certification, additional programs pursuant to subdivision (d) of Section 25404.2, into the unified program within the county's jurisdiction.

(f) The secretary may, at any time, terminate a county's waiver of the surcharge granted pursuant to subdivisions (d) and (e) if the secretary determines that the criteria specified in subdivision (d) for the grant of a waiver are no longer met.

(1) The difference between the amount of his or her military pay and allowances and the amount the officer or employee would have received as a state officer or employee, including any merit raises that would otherwise have been granted during the time the individual was on active duty.

(2) All benefits that he or she would have received had he or she not been called to active duty unless the benefits are prohibited or limited by vendor contracts.

(c) Any individual receiving compensation pursuant to subdivision (b) who does not return to state service within 60 days of being released from active duty shall have that compensation treated as a loan payable with interest at the rate earned on the Pooled Money Investment Account. This subdivision shall not apply to compensation received pursuant to Section 395.02.

(e) Benefits provided under paragraph (1) of subdivision (b) shall only be provided to an employee who was not eligible to participate in the federal Ready Reserve Mobilization Income Insurance Program (10 U.S.C. Sec. 12521 et seq.) or a successor federal program that, in the determination of the Director of Personnel Administration, is substantively similar to the federal Ready Reserve Mobilization Income Insurance Program. For individuals who elected the federal Ready Reserve Mobilization Income Insurance Program the state shall reimburse for the cost of the insurance premium for the period of time on active duty, not to exceed 180 calendar days.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the changes proposed by this act affecting certain state employees may become effective at the earliest possible time, it is necessary for this act to take effect immediately.

CHAPTER 781

An act to add Section 13177 to the Water Code, relating to the California Mussel Watch Program, and making an appropriation therefor.

[Approved by Governor October 7, 1997. Filed with Secretary of State October 8, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 13177 is added to the Water Code, to read:

13177. (a) It is the intent of the Legislature that the state board continue to implement the California State Mussel Watch Program.

(b) The Legislature finds and declares that the California State Mussel Watch Program provides the following benefits to the people of the state:

(1) An effective method for monitoring the long-term effects of certain toxic substances in selected fresh, estuarine, and marine waters.

(2) An important element in the state board's comprehensive water quality monitoring strategy.

(3) Identification, on an annual basis of specific areas where concentrations of toxic substances are higher than normal.

(4) Valuable information to guide the state and regional boards and other public and private agencies in efforts to protect water quality.

(c) To the extent funding is appropriated for this purpose, the state board, in conjunction with the Department of Fish and Game, shall continue to implement the long-term coastal monitoring program known as the California State Mussel Watch Program. The program may consist of, but is not limited to, the following elements:

(1) Removal of mussels, clams, and other aquatic organisms from relatively clean coastal sites and placing them in sampling sites. For purposes of this section, "sampling sites" means selected waters of concern to the state board and the Department of Fish and Game.

(2) After specified exposure periods at the sampling sites, removal of the aquatic organisms for analysis.

(3) Laboratory analysis of the removed aquatic organisms to determine the amounts of various toxic substances that may have accumulated in the bodies of the aquatic organisms.

(4) Making available both the short- and long-term results of the laboratory analysis to appropriate public and private agencies and the public.

SEC. 2. The sum of one hundred forty-five thousand dollars ($145,000) is hereby appropriated from the General Fund to the State Water Resources Control Board to pay the costs of the California State Mussel Watch Program pursuant to Section 13177 of the Water Code.

CHAPTER 782

An act to amend Section 30620 of the Public Resources Code, relating to coastal resources.

[Approved by Governor October 7, 1997. Filed with Secretary of State October 8, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 30620 of the Public Resources Code is amended to read:

30620. (a) By January 30, 1977, the commission shall, consistent with this chapter, prepare interim procedures for the submission,

review, and appeal of coastal development permit applications and of claims of exemption. These procedures shall include, but are not limited to, the following:

(1) Application and appeal forms.

(2) Reasonable provisions for notification to the commission and other interested persons of any action taken by a local government pursuant to this chapter, in sufficient detail to ensure that a preliminary review of that action for conformity with this chapter can be made.

(3) Interpretive guidelines designed to assist local governments, the commission, and persons subject to this chapter in determining how the policies of this division shall be applied in the coastal zone prior to the certification of local coastal programs. However, the guidelines shall not supersede, enlarge, or diminish the powers or authority of the commission or any other public agency.

(b) Not later than May 1, 1977, the commission shall, after public hearing, adopt permanent procedures that include the components specified in subdivision (a) and shall transmit a copy of those procedures to each local government within the coastal zone and make them readily available to the public. The commission may thereafter, from time to time, and, except in cases of emergency, after public hearing, modify or adopt additional procedures or guidelines that the commission determines to be necessary to better carry out this division.

(c) (1) The commission may require a reasonable filing fee and the reimbursement of expenses for the processing by the commission of any application for a coastal development permit under this division and, except for local coastal program submittals, for any other filing, including, but not limited to, a request for revocation, categorical exclusion, or boundary adjustment, submitted for review by the commission.

(2) Any coastal development permit fees collected by the commission under paragraph (1) shall be deposited in the Coastal Access Account, which is hereby created in the State Coastal Conservancy Fund. The money in the account shall be available, upon appropriation by the Legislature in the annual Budget Act, to the State Coastal Conservancy for grants to public agencies and private nonprofit entities or organizations for the development, maintenance, and operation of new or existing facilities that provide public access to the shoreline of the sea, as defined in Section 30115. Any grant funds that are not expended for those purposes shall revert to the account. Nothing in this paragraph authorizes an increase in fees or creates any new authority on the part of the commission.

(d) With respect to any appeal of an action taken by a local government pursuant to Section 30602 or 30603, the executive director shall, within five working days of receipt of an appeal from any person other than members of the commission or any public agency, determine whether the appeal is patently frivolous. If the

executive director determines that an appeal is patently frivolous, the appeal shall not be filed unless a filing fee in the amount of three hundred dollars ($300) is deposited with the commission within five working days of the receipt of the executive director's determination. If the commission subsequently finds that the appeal raises a substantial issue, the filing fee shall be refunded.

CHAPTER 783

An act to amend Section 13271 of the Water Code, relating to water.

[Approved by Governor October 7, 1997. Filed with Secretary of State October 8, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 13271 of the Water Code is amended to read:

13271. (a) (1) Except as provided by subdivision (b), any person who, without regard to intent or negligence, causes or permits any hazardous substance or sewage to be discharged in or on any waters of the state, or discharged or deposited where it is, or probably will be, discharged in or on any waters of the state, shall, as soon as (1) that person has knowledge of the discharge, (2) notification is possible, and (3) notification can be provided without substantially impeding cleanup or other emergency measures, immediately notify the Office of Emergency Services of the discharge in accordance with the spill reporting provision of the state toxic disaster contingency plan adopted pursuant to Article 3.7 (commencing with Section 8574.16) of Chapter 7 of Division 1 of Title 2 of the Government Code.

(2) The Office of Emergency Services shall immediately notify the appropriate regional board and the local health officer and administrator of environmental health of the discharge. The regional board shall notify the state board as appropriate.

(3) Upon receiving notification of a discharge pursuant to paragraph (2), the local health officer and administrator of environmental health shall immediately determine whether notification of the public is required to safeguard public health and safety. If so, the local health officer and administrator of environmental health shall immediately notify the public of the discharge by posting notices or other appropriate means. The notification shall describe measures to be taken by the public to protect the public health.

(b) The notification required by this section shall not apply to a discharge in compliance with waste discharge requirements or other provisions of this division.

(c) Any person who fails to provide the notice required by this section is guilty of a misdemeanor and shall be punished by a fine of not more than twenty thousand dollars ($20,000) or imprisonment for not more than one year, or both. Except where a discharge to the waters of this state would have occurred but for cleanup or emergency response by a public agency, this subdivision shall not apply to any discharge to land which does not result in a discharge to the waters of this state.

(d) Notification received pursuant to this section or information obtained by use of that notification shall not be used against any person providing the notification in any criminal case, except in a prosecution for perjury or giving a false statement.

(e) For substances listed as hazardous wastes or hazardous material pursuant to Section 25140 of the Health and Safety Code, the state board, in consultation with the Department of Toxic Substances Control, shall by regulation establish reportable quantities for purposes of this section. The regulations shall be based on what quantities should be reported because they may pose a risk to public health or the environment if discharged to ground or surface water. Regulations need not set reportable quantities on all listed substances at the same time. Regulations establishing reportable quantities shall not supersede waste discharge requirements or water quality objectives adopted pursuant to this division, and shall not supersede or affect in any way the list, criteria, and guidelines for the identification of hazardous wastes and extremely hazardous wastes adopted by the Department of Toxic Substances Control pursuant to Chapter 6.5 (commencing with Section 25100) of Division 20 of the Health and Safety Code. The regulations of the Environmental Protection Agency for reportable quantities of hazardous substances for purposes of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (42 U.S.C. Sec. 9601 et seq.) shall be in effect for purposes of the enforcement of this section until the time that the regulations required by this subdivision are adopted.

(f) The state board shall adopt regulations establishing reportable quantities of sewage for purposes of this section. The regulations shall be based on the quantities that should be reported because they may pose a risk to public health or the environment if discharged to ground or surface water. Regulations establishing reportable quantities shall not supersede waste discharge requirements or water quality objectives adopted pursuant to this division. For purposes of this section, "sewage" means the effluent of a municipal wastewater treatment plant or a private utility wastewater treatment plant, as those terms are defined in Section 13625.

(g) Except as otherwise provided in this section and Section 8589.7 of the Government Code, a notification made pursuant to this section shall satisfy any immediate notification requirement contained in any permit issued by a permitting agency. When notifying the Office of

Emergency Services, the person shall include all of the notification information required in the permit.

SEC. 1.5. Section 13271 of the Water Code is amended to read:

13271. (a) (1) Except as provided by subdivision (b), any person who, without regard to intent or negligence, causes or permits any hazardous substance or sewage to be discharged in or on any waters of the state, or discharged or deposited where it is, or probably will be, discharged in or on any waters of the state, shall, as soon as (1) that person has knowledge of the discharge, (2) notification is possible, and (3) notification can be provided without substantially impeding cleanup or other emergency measures, immediately notify the Office of Emergency Services of the discharge in accordance with the spill reporting provision of the state toxic disaster contingency plan adopted pursuant to Article 3.7 (commencing with Section 8574.16) of Chapter 7 of Division 1 of Title 2 of the Government Code.

(2) The Office of Emergency Services shall immediately notify the appropriate regional board and the local health officer and administrator of environmental health of the discharge. The regional board shall notify the state board as appropriate.

(3) Upon receiving notification of a discharge pursuant to paragraph (2), the local health officer and administrator of environmental health shall immediately determine whether notification of the public is required to safeguard public health and safety. If so, the local health officer and administrator of environmental health shall immediately notify the public of the discharge by posting notices or other appropriate means. The notification shall describe measures to be taken by the public to protect the public health.

(b) The notification required by this section shall not apply to a discharge in compliance with waste discharge requirements or other provisions of this division.

(c) Any person who fails to provide the notice required by this section is guilty of a misdemeanor and shall be punished by a fine of not more than twenty thousand dollars ($20,000) or imprisonment for not more than one year, or both. Except where a discharge to the waters of this state would have occurred but for cleanup or emergency response by a public agency, this subdivision shall not apply to any discharge to land which does not result in a discharge to the waters of this state.

(d) Notification received pursuant to this section or information obtained by use of that notification shall not be used against any person providing the notification in any criminal case, except in a prosecution for perjury or giving a false statement.

(e) For substances listed as hazardous wastes or hazardous material pursuant to Section 25140 of the Health and Safety Code, the state board, in consultation with the Department of Toxic Substances Control, shall by regulation establish reportable quantities for

purposes of this section. The regulations shall be based on what quantities should be reported because they may pose a risk to public health or the environment if discharged to ground or surface water. Regulations need not set reportable quantities on all listed substances at the same time. Regulations establishing reportable quantities shall not supersede waste discharge requirements or water quality objectives adopted pursuant to this division, and shall not supersede or affect in any way the list, criteria, and guidelines for the identification of hazardous wastes and extremely hazardous wastes adopted by the Department of Toxic Substances Control pursuant to Chapter 6.5 (commencing with Section 25100) of Division 20 of the Health and Safety Code. The regulations of the Environmental Protection Agency for reportable quantities of hazardous substances for purposes of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (42 U.S.C. Sec. 9601 et seq.) shall be in effect for purposes of the enforcement of this section until the time that the regulations required by this subdivision are adopted.

(f) The state board shall adopt regulations establishing reportable quantities of sewage for purposes of this section. The regulations shall be based on the quantities that should be reported because they may pose a risk to public health or the environment if discharged to ground or surface water. Regulations establishing reportable quantities shall not supersede waste discharge requirements or water quality objectives adopted pursuant to this division. For purposes of this section, "sewage" means the effluent of a municipal wastewater treatment plant or a private utility wastewater treatment plant, as those terms are defined in Section 13625, except that sewage does not include recycled water, as defined in subdivisions (c) and (d) of Section 13529.2.

(g) Except as otherwise provided in this section and Section 8589.7 of the Government Code, a notification made pursuant to this section shall satisfy any immediate notification requirement contained in any permit issued by a permitting agency. When notifying the Office of Emergency Services, the person shall include all of the notification information required in the permit.

SEC. 2. Section 1.5 of this bill incorporates amendments to Section 13271 of the Water Code proposed by both this bill and AB 541. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1998, (2) each bill amends Section 13271 of the Water Code, and (3) this bill is enacted after AB 541, in which case Section 1 of this bill shall not become operative.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for

reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 785

An act to add and repeal Article 9.7 (commencing with Section 8420) of Chapter 2 of Part 3 of Division 6 of, and to repeal Section 8425 of, the Fish and Game Code, relating to commercial fishing, and making an appropriation therefor.

[Approved by Governor October 7, 1997. Filed with Secretary of State October 8, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Article 9.7 (commencing with Section 8420) is added to Chapter 2 of Part 3 of Division 6 of the Fish and Game Code, to read:

Article 9.7. Market Squid

8420. The Legislature finds and declares that the fishery for market squid (Loligo opalescens) is the state's largest fishery by volume, generating millions of dollars of income to the state annually from domestic and foreign sales. In addition to supporting an important commercial fishery, the market squid resource is important to the recreational fishery and is forage for other fish taken

for commercial and recreational purposes. The growing international market for squid and declining squid production from other parts of the world has resulted in an increased demand for California market squid, which, in turn, has led to newer, larger, and more efficient vessels entering the fishery and increased processing capacity. The Legislature finds that the lack of research on market squid and the lack of annual at-sea surveys to determine the status of the resource, combined with the increased demand for, and fishing effort on, market squid could result in overfishing of the resource, damaging the resource, and financially harming those persons engaged in the taking, landing, processing, and sale of market squid. The Legislature further finds that many individuals, vessels, and processing plants engaged in the market squid fishery have no other viable alternative fisheries available to them and that a decline or a loss of the market squid resource would cause economic devastation to the individuals or corporations engaged in the market squid fishery. The Legislature declares that to prevent excessive fishing effort in the market squid fishery and to develop a plan for the sustainable harvest of market squid, it is necessary to limit the number of days of the week market squid may be taken and to develop a plan for a sustainable California market squid fishery.

8420.5. North of a line extending due west magnetic from Point Conception, market squid may be taken for commercial purposes only between noon on Sunday and noon on Friday of each week.

8421. (a) On or after April 1, 1998, no person shall use a vessel to take or land market squid with dip nets (commonly referred to as scoop nets), purse seine nets, or lampara nets for commercial purposes unless the owner of that vessel has been issued a commercial market squid vessel permit by the department that has not been suspended or revoked.

(b) A commercial market squid vessel permit shall be issued only for vessels employing dip, purse seine, or lampara nets for the taking of market squid for commercial purposes. No permit is required for any vessel taking or landing market squid for commercial purposes if the amount taken by the vessel does not exceed two tons landed in a calendar day or if the squid taken is used for live bait only. No other nets shall be used for the taking of market squid from a vessel for commercial purposes. Furthermore, it is unlawful to possess in excess of two tons of incidentally taken squid per trip.

(c) A commercial market squid vessel permit shall be issued to a person only if that person is the owner of record of the commercial fishing vessel for which the permit is issued and the vessel is registered with the department pursuant to Section 7881.

(d) A commercial market squid vessel permit shall be issued only to the person who owns the vessel at the time of application for that permit. For purposes of this subdivision, an owner includes any person who has a lease-purchase agreement for the purchase of a vessel.

(e) No person who is issued a commercial market squid vessel permit shall sell, trade, or transfer the permit to another person.

(f) A commercial market squid vessel permit shall be issued annually, commencing with the permit for the 1998–99 permit year.

(g) A violation of this section does not constitute a misdemeanor; however, pursuant to Section 7857, the commission may revoke or suspend the commercial market squid vessel permit or commercial fishing license held by any person who violates this section.

(h) Squid landed in excess of the limit specified in subdivision (b) of Section 8421 without a permit shall be forfeited to the department by the signing of an official release of property form. The squid shall be sold or disposed of in a manner to be determined by the department. The proceeds from all sales shall be paid into the Fish and Game Preservation Fund.

8421.5. If a commercial market squid vessel permit is issued for a vessel that is owned by a bona fide partnership or corporation, that partnership or corporation shall designate the individual who is the operator and shall provide that information to the department annually at the time of issuing the permit. If there is a dissolution of the partnership or the corporation, the partnership or corporation shall notify the department of the name of the partner or shareholder who is the successor permitholder and the department shall reissue the permit to that partner or shareholder.

8422. (a) Notwithstanding subdivision (d) of Section 1050, the department shall establish the fee for a commercial market squid vessel permit in an amount not to exceed the reasonable costs incurred by the department in administering this article, including any necessary biological assessments of the market squid resource, or two thousand five hundred dollars ($2,500), whichever is less. On and after January 1, 1999, the department may reduce the permit renewal fee if it determines that sufficient revenues exist from both private and public sources to cover the cost incurred by the department in administering this article.

(b) All applications for a commercial market squid vessel permit for the 1998–99 permit year shall be received by the department on or before April 30, 1998, or, if mailed, shall be postmarked by April 30, 1998. In order to renew a permit, an applicant shall have been issued a commercial market squid vessel permit in the immediately preceding year. Applications for renewal of the permit shall be received by the department on or before April 30 of each year, or, if mailed, shall be postmarked by April 30 of each year.

(c) Notwithstanding Section 7852.2, a penalty of two hundred fifty dollars ($250) shall be paid in addition to the fee required under subdivision (a) for applications that do not meet the deadline specified in subdivision (b) but that are received by the department on or before May 31 of any year.

(d) The department shall deny all applications received after May 31 of each year, and the application shall be returned to the applicant

who may appeal the denial to the commission. If the commission issues a permit following an appeal, it shall assess the late penalty prescribed by subdivision (c).

8423. (a) No person shall operate a squid light boat unless the owner of the boat has been issued a commercial squid light boat owner's permit by the department and a permit number is affixed to the boat in the manner prescribed by the department.

(b) The department shall issue a commercial squid light boat owner's permit to a person who submits an application, pays the permit fee, and meets the other requirements of this section.

(c) The department may regulate the use of squid light boats consistent with the regulations established for commercial squid vessels.

(d) Notwithstanding subdivision (d) of Section 1050, the department shall establish the fee for a commercial squid light boat owner's permit in an amount not to exceed the reasonable costs incurred by the department in administering this article, including any necessary regulations controlling the use of squid light boats, or two thousand five hundred dollars ($2,500), whichever is less. On and after January 1, 1999, the department may reduce the renewal permit fee if it determines that sufficient revenues exist from both private and public sources to cover costs incurred by the department in administering this article.

(e) It is unlawful for a person to engage in the following activities, unless the vessel used for the activity has been issued a commercial market squid vessel permit or the person holds a commercial squid light boat owner's permit:

(1) Attracting squid by light displayed from a vessel, except from a vessel deploying nets for the take, possession, and landing of squid or except from the seine skiff of the vessel deploying nets for the take, possession, and landing of squid.

(2) Attracting squid by light displayed from a vessel whose primary purpose is other than the deployment, or assistance in the deployment, of nets for the take, possession, and landing of squid.

(f) A commercial squid light boat owner's permit shall be issued to a person who is the owner of record of a vessel that is registered with the department pursuant to Section 7881. For purposes of this subdivision, an owner includes any person who has a lease-purchase agreement for the purchase of a vessel.

8423.5. (a) All applications for a commercial squid light boat owner's permit for the 1998 permit year shall be received by the department on or before April 30, 1998, or, if mailed, shall be postmarked by April 30, 1998. In order to renew a permit, an applicant shall have been issued a commercial squid light boat owner's permit in the immediately preceding year. Applications for renewal of the permit shall be received by the department on or before April 30 of each year, or, if mailed, shall be postmarked by April 30 of each year.

(b) Notwithstanding Section 7852.2, a penalty of two hundred fifty dollars ($250) shall be paid in addition to the fee required under subdivision (a) for applications that do not meet the deadline specified in subdivision (b) but that are received by the department on or before May 31 of any year.

(c) The department shall deny all applications received after May 31 of each year, and the application shall be returned to the applicant who may appeal the denial to the commission. If the commission issues a license following an appeal, it shall assess the late penalty prescribed by subdivision (b).

8424. (a) No person shall purchase squid from a vessel or vessels unless that person holds a license issued pursuant to Section 8032 or 8033, employs a certified weighmaster, and the facilities operated by the person are located on a permanent, fixed location.

(b) Notwithstanding any other provision of law, this section shall not apply to the transfer at sea of squid for live bait in an amount less than 200 pounds in a calendar day.

8425. On or after April 1, 1998, and annually thereafter, the commission, upon the recommendation of the director, after a public hearing at which findings are adopted, shall adopt regulations to protect the squid resource and manage the squid fishery at a sustainable level, taking into account the level of fishing effort and ecological factors, including but not limited to, the species' role in the marine ecosystem and oceanic conditions.

8426. (a) The director shall be responsible for the development of research protocols and the development of recommendations for the management of the squid fishery as set forth in subdivision (c) and for the conduct of public hearings to receive information on the resource and the fishery. The director may establish a Squid Research Scientific Committee consisting of persons with scientific knowledge or expertise on the squid resource or fishery, who may be employed by academic institutions, public or private research institutions, or the private sector. The committee, if established, shall assist in the development of research protocols and the preparation and review of the market squid conservation and management plan as described in subdivision (c). The department shall pay, from revenues derived pursuant to this article, the necessary costs of the committee, including a per diem to all members, as determined by the department.

(b) The director may establish a Squid Fishery Advisory Committee consisting of members representing licensed squid fishermen, squid processors, the recreational fishing industry, squid light boat owners, marine conservation organizations, and the Sea Grant Marine Advisory Program.

(c) The director shall hold public hearings to take testimony on interim measures, squid research needs, and the development of the management recommendations to be included in the report to the Legislature. Notwithstanding Section 7550.5 of the Government

Code, on or before April 1, 2001, in consultation with the Squid Fishery Advisory Committee, if established, and following public hearings, the director shall submit to the Legislature a report on the status of the market squid fishery with recommendations for a market squid conservation and management plan, including, but not limited to, the following information:

(1) Whether a limited access plan to manage the amount of fishing effort in the market squid fishery is necessary and, if so, what criteria should be used to determine who may participate in the fishery, what the optimum number of vessels should be in the fishery, and the overall fleet capacity.

(2) Whether it is necessary or advisable to reduce the number of days of the week that market squid may be taken for commercial purposes in specified areas of the state to protect the squid resource.

(3) Whether there are areas, if any, that should be declared harvest replenishment areas for squid where the taking of squid would not be permitted.

(4) A research and monitoring program of the market squid resource as may be needed to assist in the management of the market squid fishery to assure sustainable harvests on an annual basis and funding for that program.

(5) The regulation of squid light boats.

(6) Coordination that may be necessary with a federal coastal pelagic species management plan, should one be adopted.

(7) Whether it is necessary or advisable to modify the method of take or the use of fishing gear.

8427. (a) A commercial market squid vessel permit issued pursuant to Section 8422 or a commercial squid light boat owner's permit issued pursuant to Section 8423 may be transferred to another vessel owned by the permitholder, if the vessel is of comparable capacity as determined by United States Coast Guard documentation papers, and only if the permitted vessel was lost, stolen, destroyed, or suffered a major mechanical breakdown.

(b) The department shall not issue a permit for a replacement vessel if the permitted vessel was reported as lost, stolen, destroyed, or damaged for fraudulent purposes.

(c) Only the permitholder at the time of the loss, theft, destruction, or mechanical breakdown of the vessel may apply for the transfer of the vessel permit. Proof that a vessel is lost, stolen, or destroyed shall be in the form of a copy of the report filed with the United States Coast Guard or any other law enforcement agency or fire department investigating the loss.

(d) The vessel owner shall submit an application for the transfer to the department on a form provided by the department and shall pay a nonrefundable transfer fee of two hundred fifty dollars ($250) for each transfer of a market squid vessel permit or a commercial squid light boat owner's permit.

(e) The permit for the permitted vessel shall be current, and the owner of the permitted vessel shall make assurances in the transfer application that any renewal of the permit which becomes due during the application processing period will be made.

(f) The owner of the permitted vessel shall submit evidence with the transfer application sufficient to establish that he or she is the owner of the permitted vessel and the owner of the replacement vessel at the time of the application for transfer.

(g) The vessel owner shall sign the transfer application under penalty of perjury and shall certify that the information included in the application is true to the best of his or her knowledge and belief.

8428. An amount not to exceed the sum collected annually from permit fees paid pursuant to Sections 8422 and 8423 may be used for the purposes of this article, including any research that may be necessary for the development of recommendations to the Legislature.

8429. Any statement made to the department, orally or in writing, relating to a permit issued under this article, shall be made under penalty of perjury. The commission shall revoke the commercial fishing license, the commercial boat registration of any vessel, and, if applicable, any licenses issued pursuant to Section 8032, 8033, or 8034 that are held by any person submitting material false statements, as determined by the commission, for the purpose of obtaining a commercial market squid vessel permit.

8429.5. Notwithstanding any other provision of law, nothing in this article shall prohibit or otherwise limit the authority of the director or the commission under any other law.

8429.7. This article shall become inoperative on April 1, 2001, and, as of January 1, 2002, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2002, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 786

An act to amend Section 97.37 of the Revenue and Taxation Code, relating to local government, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 7, 1997. Filed with Secretary of State October 8, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 97.37 of the Revenue and Taxation Code is amended to read:

97.37. (a) Notwithstanding any other provision of this chapter, for the 1994–95 fiscal year and each fiscal year thereafter, the amount of property tax revenue deemed allocated in the prior fiscal year to a county free library system, or a library established as an independent special district, shall not be reduced for purposes of increasing the amount of property tax revenue to be allocated to another jurisdiction. This section does not apply to any adjustments in property tax allocations made pursuant to Section 19116 of the Education Code.

(b) (1) This section shall not be construed to preclude allocations of ad valorem property tax revenue to a county's Educational Revenue Augmentation Fund, rather than to a county free library system or a library established as an independent special district, that are required by the application to a library system or library district, as so described, of Sections 97.2 and 97.3. The Legislature finds and declares that this paragraph does not constitute a change in, but is declaratory of, existing law.

(2) This section does not apply to any adjustments in property tax allocations made pursuant to Section 19116 of the Education Code.

(c) (1) Notwithstanding any other provision of this chapter, for those county free library systems from which the auditor had not shifted ad valorem property tax revenue to an Education Revenue Augmentation Fund as of January 1, 1996, all of the following shall apply:

(A) No allocation of ad valorem property tax revenue to a county's Educational Revenue Augmentation Fund shall be required from a county free library system that did not levy a property tax rate separate from the property tax rate of the county for the 1975–76, 1976–77, and 1977–78 fiscal years, was not entitled to an allocation of property tax revenue for the 1978–79 and 1979–80 fiscal years, and did not receive state assistance payments pursuant to Section 16260, 26912, or 26912.1 of the Government Code.

(B) No allocation of ad valorem property tax revenue to a county's Educational Revenue Augmentation Fund shall be required from a county free library system that, for the 1977–78 fiscal year, was

organized as a joint powers agency pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code.

(C) A county free library system established pursuant to Article 1 (commencing with Section 19100) of Chapter 6 of Part 11 of Division 1 of Title 1 of the Education Code, for which a separate property tax rate was levied in the 1977–78 fiscal year, shall be considered a special district. However, any county free library system that was not actually allocated property tax revenues pursuant to this chapter for the 1992–93 fiscal year and any portion of the 1993–94 fiscal year shall not be considered a special district for any purpose in the 1992–93 fiscal year and that portion of the 1993–94 fiscal year for which those revenues were not allocated.

(2) The Legislature finds and declares that this subdivision does not constitute a change in, but is declaratory of, existing law.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to clarify in a timely fashion the proper allocations of ad valorem property tax revenues and the proper implementation of amendments made to Section 97.37 of the Revenue and Taxation Code by both this act and Chapter 290 of the Statutes of 1997, it is necessary that this act take effect immediately.

The commission may close or, where appropriate, may establish no-take marine refuges in any area opened pursuant to this section if it makes a finding that this action is necessary to comply with the abalone management plan.

Commencing in the 1998–99 fiscal year, the outstanding amount of the fiscal assessment determined pursuant to

this section shall be repaid with interest calculated at the rate earned by the Pooled Money Investment Account.

(e) Each school district specified in subdivision (f) may notify the Controller, not later than 60 days following the effective date of this act, that the governing board of the school district has taken action to request that an audit of the school district's reports of adult education average daily attendance for the 1995–96 and 1996–97 fiscal years be performed by the Fiscal Crisis and Management Assistance Team (FCMAT), in which case all of the following provisions shall apply:

(1) FCMAT shall perform an audit of the school district's reports of adult education average daily attendance for the 1995–96 and 1996–97 fiscal years, using for this purpose an audit program developed by FCMAT in consultation with the State Department of Education and approved by the Department of Finance. Consistent with generally accepted auditing standards, FCMAT shall provide each audited school district with 30 days to review, and comment upon, a draft audit report, after which time, consistent with current law, the audit report shall be deemed to be final and shall be enforced by the Controller. Each final audit report shall provide a separate schedule for each audited year that shall include, at a minimum, the school district's reported adult education average daily attendance, the district's legally compliant adult education average daily attendance as determined by the audit, the school district's total actual income received for the fiscal year on account of adult education average daily attendance as reported to the state, and the school district's total income on behalf of adult education average daily attendance when the adult education average daily attendance reported to the state is adjusted by the auditor to reflect only legally compliant average daily attendance.

(2) Notwithstanding subdivision (c), the number of units of average daily attendance for which the school district is eligible to receive fiscal apportionment for the 1997–98 fiscal year pursuant to Section 52616.17 shall be equal to the number of units of legally compliant adult education average daily attendance for the 1996–97 fiscal year, as determined by the audit specified in paragraph (1).

(3) Notwithstanding any other provision of this section, if the auditor conducting the audit pursuant to paragraph (1) determines that a school district's legally compliant adult education average daily attendance for the 1995–96 fiscal year or the 1996–97 fiscal year, or both, was lower than the school district's reported adult education average daily attendance for the same years, then the auditor shall perform, and report in the final audit report, the following calculations:

(A) Determine the school district's total actual income from all sources attributable to the district's reported adult education average daily attendance for the 1995–96 and the 1996–97 fiscal years.

(B) Subtract from the amount determined in subparagraph (A) the sum of the income that the school district would have received from all sources on behalf of adult education average daily attendance if the school district had reported only valid adult education average daily attendance, as determined by the audit specified in paragraph (1), for the 1995–96 and the 1996–97 fiscal years.

(C) Add to the sum determined in subparagraph (B) the applicable amount shown for the district in the following schedule:

(i)	Carruthers Union High School District	$ 366,153
(ii)	Coalinga/Huron Joint Unified School District	$ 420,277
(iii)	Dos Palos–Oro Loma Joint Unified School District	$ 45,598

(viii)	Parlier Unified School District	$ 610,371
(ix)	Reef–Sunset Unified School District	$ 44,478
(x)	Selma Unified School District	$ 692,793

(4) The amount determined in subparagraph (C) of paragraph (3) shall be the school district's total liability for purposes of payment to the state pursuant to this section, and the payment amount specified for the school district in subdivision (f) shall not apply.

(f) The following school districts are subject to the fiscal assessment required by this section, as specified:

(1)	Carruthers Union High School District	$ 422,108
(2)	Coalinga/Huron Joint Unified School District	$ 420,277

(g) Full payment to the state by a school district of the fiscal assessment determined pursuant to this section, and compliance with all other conditions of this section, shall be deemed to settle all claims that may arise from audit exceptions for that school district for the 1990–91, 1991–92, 1992–93, 1993–94, 1994–95, 1995–96, and 1996–97 fiscal years with respect to the use of state funds allocated to that school district for those fiscal years for the purposes of independent study offered pursuant to Article 5.5 (commencing with Section 51745) of Chapter 5 of Part 28 of the Education Code and adult education offered pursuant to Article 1 (commencing with Section 52500) of Chapter 10 of Part 28 of the Education Code.

(h) The Controller shall withhold from each school district's principal apportionments the amounts scheduled for payment pursuant to subdivision (d) of this section, in payment for the liability established pursuant to subdivision (e) or (f), whichever is applicable. The Controller shall make any necessary fiscal quantification of findings of noncompliance for each audit conducted pursuant to subdivision (e).

SEC. 2. (a) The sum of two hundred thousand dollars ($200,000) is hereby appropriated without regard to fiscal year to the county office of education that operates the county office Fiscal Crisis and Management Assistance Team pursuant to subdivision (a) of Section 42127.8 of the Education Code for the purpose of implementing subdivision (e) of Section 1 of this act.

(b) For purposes of making the computations required by Section 8 of Article XVI of the California Constitution, the appropriation made by subdivision (a) shall be deemed to be "General Fund revenues appropriated for school district," as defined in subdivision (c) of Section 41202 of the Education Code, for the 1997–98 fiscal year, and included within the "total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B," as defined in subdivision (e) of Section 41202 of the Education Code, for the 1997–98 fiscal year.

written notice of the hearing at least 14 days prior to the time set for the hearing.

(j) The hearing on appeal shall be limited to the record before the Travel Consumer Restitution Corporation and any relevant evidence that could not have been with reasonable diligence submitted previously to the corporation. The reviewing court shall apply a preponderance of the evidence standard of review. The pretrial discovery procedures described in subdivision (a) of Section 2019 of the Code of Civil Procedure are not permitted, there is no right to trial by jury, no tentative decision or statement of decision is required, and the decision of the superior court after a hearing on appeal is final and not appealable. No money may be claimed from or paid by the Travel Consumer Restitution Fund except in accordance with the provisions and procedures set forth in this article. No provision herein shall limit or otherwise affect those remedies as may be available against persons or entities other than the Travel Consumer Restitution Fund.

(k) If the claimant prevails in whole or in part on an appeal, the claimant shall be entitled to an award against the seller of travel of attorney's fees and costs actually and reasonably incurred in connection with the appeal. The amount of any award of attorney's fees and costs to be paid by the seller of travel shall be determined by the reviewing court.

(*l*) Any claim awarded by the corporation shall be paid promptly by the trustee of the restitution fund when the time for appeal has passed or the right to an appeal is waived in writing by the claimant. Any judgment on appeal shall be paid promptly by the trustee of the restitution fund. If there should be insufficient funds to pay a claim when otherwise due, claims shall be paid in the order received. If the Travel Consumer Restitution Corporation ceases to operate pursuant to the terms of Section 17550.52, any remaining trust funds shall be allocated on a pro rata basis to claims accruing prior to the corporation ceasing to operate.

(m) A claim shall require a majority of at least three affirmative votes for denial, otherwise it shall be deemed granted.

SEC. 12. Section 17550.49 of the Business and Professions Code is amended to read:

17550.49. A list of those sellers of travel on whose account payment has been made from the fund shall be provided upon written request. The corporation shall have the authority and discretion to determine whether or not to seek recovery from a seller of travel of any amounts paid from the fund. The corporation may seek that recovery by any lawful means, including, but not limited to, debt collection or civil litigation. If the corporation seeks recovery,

it shall be entitled to collect from any seller of travel against which action is taken all reasonable expenses incurred in taking the action, including attorney's fees. The corporation shall also be entitled to interest at the rate of 9 percent per year on the amount paid from the fund, together with all expenses and costs incurred by the corporation in connection with the claim.

SEC. 13. Section 22443.1 of the Business and Professions Code is amended to read:

22443.1. (a) Prior to engaging in the business or acting in the capacity of an immigration consultant on or after January 1, 1998, each person shall file with the Secretary of State a bond of twenty-five thousand dollars ($25,000) executed by a corporate surety qualified to do business in this state and conditioned upon compliance with this chapter. The total aggregate liability on the bond shall be limited to twenty-five thousand dollars ($25,000). The bond may be terminated pursuant to Section 995.440 of, and Article 13 (commencing with Section 996.310) of Chapter 2 of Title 14 of Part 2 of, the Code of Civil Procedure.

(b) The bond required by this section shall be in favor of, and payable to, the people of the State of California and shall be for the benefit of any person damaged by any fraud, misstatement, misrepresentation, unlawful act or omission, or failure to provide the services of the immigration consultant or the agents, representatives, or employees of the immigration consultant while acting within the scope of that employment or agency.

(c) The Secretary of State shall charge and collect a filing fee to cover the cost of filing the bond or the deposit filed in lieu of a bond as set forth in Section 995.710 of the Code of Civil Procedure.

(d) The Secretary of State shall enforce the provisions of this chapter that govern the filing and maintenance of bonds and deposits in lieu of bonds.

(e) A deposit may be made in lieu of a bond as set forth in Section 995.710 of the Code of Civil Procedure. When a deposit is made in lieu of the bond, the person asserting the claim against the deposit shall establish the claim by furnishing evidence to the Secretary of State of a money judgment entered by a court together with evidence that the claimant is a person described in subdivision (b).

(f) When a claimant has established the claim with the Secretary of State, the Secretary of State shall review and approve the claim and enter the date of approval thereon. The claim shall be designated an "approved claim."

(g) When the first claim against a particular deposit has been approved, it shall not be paid until the expiration of a period of 240 days after the date of its approval by the Secretary of State. Subsequent claims that are approved by the Secretary of State within the same 240-day period shall similarly not be paid until the expiration of the 240-day period. Upon the expiration of the 240-day period, the Secretary of State shall pay all approved claims from that

240-day period in full unless the deposit is insufficient, in which case each approved claim shall be paid a pro rata share of the deposit.

(h) When the Secretary of State approves the first claim against a particular deposit after the expiration of a 240-day period, the date of approval of that claim shall begin a new 240-day period to which subdivision (g) shall apply with respect to any amount remaining in the deposit.

(i) After a deposit is exhausted, no further claims shall be paid by the Secretary of State. Claimants who have had claims paid in full or in part pursuant to subdivision (g) or (h) shall not be required to return funds received from the deposit for the benefit of other claimants.

(j) When a deposit has been made in lieu of bond, the amount of the deposit shall not be subject to attachment, garnishment, or execution with respect to an action or judgment against the assignor of the deposit, other than as to an amount as no longer needed or required for the purpose of this title which would otherwise be returned to the assignor of the deposit by the Secretary of State.

(k) The Secretary of State shall retain a cash deposit for two years from the date the Secretary of State receives written notification from the assignor of the deposit that the assignor has ceased to engage in the business or act in the capacity of an immigration consultant or has filed a bond pursuant to subdivision (a), provided that there are no outstanding claims against the deposit. The written notice shall include all of the following: (1) name, address, and telephone number of the assignor; (2) name, address, and telephone of the bank at which the deposit is located; (3) account number of the deposit; and (4) a statement whether the assignor is ceasing to engage in the business or act in the capacity of an immigration consultant or has filed a bond with the Secretary of State. The Secretary of State shall forward an acknowledgment of receipt of the written notice to the assignor at the address indicated therein, specifying the date of receipt of the written notice and anticipated date of release of the deposit, provided there are no outstanding claims against the deposit.

(*l*) This section shall apply to all deposits retained by the Secretary of State. The Secretary of State shall notify each assignor of a deposit retained by the Secretary of State on January 1, 1997, of the applicability of this section on or before January 11, 1997.

(m) A judge of a municipal or superior court may order the return of the deposit prior to the expiration of two years upon evidence satisfactory to the judge that there are no outstanding claims against the deposit or order the Secretary of State to retain the deposit for a specified period beyond the two years pursuant to subdivision (*l*) to resolve outstanding claims against the deposit.

(n) This section does not apply to employees of nonprofit, tax-exempt corporations who help clients complete application forms in immigration matters, either free of charge or for a fee. Any fees charged may include reasonable costs and shall be consistent

with fees authorized by the United States Immigration and Naturalization Service for qualified designated entities.

(o) This section shall remain in effect only until January 1, 2000, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2000, deletes or extends that date.

SEC. 14. Section 22447 of the Business and Professions Code is amended to read:

22447. (a) A person who is awarded damages in an action or proceeding for injuries caused by the acts of a person engaged in the business of, or acting in the capacity of, an immigration consultant, in the performance of his or her duties as an immigration consultant, may recover damages from the bond or deposit required by Section 22443.1.

(b) When any claim or claims against a bond or a deposit in lieu of a bond have been paid so as to reduce the principal amount of the bond or deposit remaining available to pay claims below the principal amount required by Section 22443.1, the immigration consultant shall cease to conduct any business unless and until that time as the bond has been reinstated or moneys have been deposited in the deposit account with the Secretary of State to bring the bond or deposit account balance available for the payment of claims up to the minimum amount required by Section 22443.1.

(c) This section shall remain in effect only until January 1, 2002, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2002, deletes or extends that date.

(c) The state department shall assess penalties in accordance with the schedule set forth in subdivision (a) against any person, firm, or corporation that advertises or causes to be advertised any tobacco product on any outdoor billboard in violation of Section 22961.

(d) If a civil penalty has been assessed pursuant to this section against any person, firm, or corporation for a single, specific violation of this division, the person, firm, or corporation shall not be prosecuted under Section 308 of the Penal Code for a violation based on the same facts or specific incident for which the civil penalty was assessed. If any person, firm, or corporation has been prosecuted for a single, specific violation of Section 308 of the Penal Code, the person, firm, or corporation shall not be assessed a civil penalty under this section based on the same facts or specific incident upon which the prosecution under Section 308 of the Penal Code was based.

(e) (1) In the case of a corporation or business with more than one retail location, to determine the number of accumulated violations for purposes of the penalty schedule set forth in subdivision (a), violations of this division by one retail location shall not be accumulated against other retail locations of that same corporation or business.

(2) In the case of a retail location that operates pursuant to a franchise as defined in Section 20001, violations of this division accumulated and assessed against a prior owner of a single franchise location shall not be accumulated against a new owner of the same single franchise location for purposes of the penalty schedule set forth in subdivision (a).

(f) Proceedings under this section shall be conducted in accordance with Section 100171 of the Health and Safety Code.

SEC. 30. Section 719 of the Harbors and Navigation Code is amended to read:

719. (2) Subsequent thereto, he or she has been issued by the approved dental school, a dental diploma or a dental degree, as evidence of the completion of the course of dental instruction required for graduation.

(e) Any applicant, who has been issued a dental diploma from a foreign dental school, which has not been approved by the board pursuant to Section 1636.4 at the time of his or her graduation from the school, shall not be eligible for examination until the applicant has successfully completed a minimum of two academic years of education at a dental college approved by the board pursuant to Article 1 (commencing with Section 1024) of Chapter 2 of Division 10 of Title 16 of the California Code of Regulations. This subdivision

shall not apply to applicants who have successfully completed the requirements of Section 1636 on or before December 31, 2002.

(f) This section shall become operative on January 1, 2003.

SEC. 3. Section 1636 of the Business and Professions Code is amended to read:

1636. (a) Notwithstanding subdivision (b) of Section 1628, a person who has been issued a degree of doctor of dental medicine or doctor of dental surgery by a foreign dental school shall be eligible for examination as provided in this section upon complying with subdivisions (a) and (c) of Section 1628 and furnishing all of the following documentary evidence satisfactory to the board, that:

(b) An applicant who is a graduate of a foreign dental school accredited by a body which has a reciprocal accreditation agreement with any commission or accreditation agency whose findings are accepted by the board shall be exempt from the qualifying examination provided for in paragraph (2) of subdivision (c).

(c) Examination by the board of a foreign-trained dental applicant shall be a progressive examination given in the following sequence:

(1) Examination in writing which shall be comprehensive and sufficiently thorough to test the knowledge, skill, and competence of the applicant to practice dentistry, and both questions and answers shall be written in the English language.

The written examination may be the National Board of Dental Examiners' examination or other examination, but in no event shall the examination given to foreign-trained applicants be a different examination than that given to applicants who have met the requirements of subdivision (b) of Section 1628. A foreign-trained applicant who passes the written examination shall be permanently exempt from retaking the examination.

Those applicants who have passed the California written examination are permanently exempt from retaking any written examination, except any examination required for continuing education purposes.

(2) Demonstration of the applicant's skill in restorative technique. An applicant who obtains an overall average grade of 75 percent in the restorative technique examination and a grade of 75 percent or more in two of the three subsections shall be deemed to have passed the examination. However, an applicant who obtains a grade of 85 percent in any subsection of the examination is exempt from retaking the subsection for two years following the date of the examination in which a grade of 85 percent was obtained. Every applicant who

passes the entire restorative technique examination is permanently exempt from retaking the examination.

(d) An applicant who has successfully completed the written examination and the restorative technique examination shall be eligible to take and shall pass the examinations in diagnosis-treatment planning, prosthetic dentistry, diagnosis and treatment of periodontics, and operative dentistry in the identical manner in which the examinations are taken by and administered to other dental applicants. (e) This section shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2003, deletes or extends that date.

SEC. 4. Section 1636.4 is added to the Business and Professions Code, to read:

1636.4. (a) The Legislature recognizes the need to ensure that graduates of foreign dental schools who have received an education that is equivalent to that of accredited institutions in the United States and that adequately prepares their students for the practice of dentistry shall be subject to the same licensure requirements as graduates of approved dental schools or colleges. It is the purpose of this section to provide for the evaluation of foreign dental schools and the approval of those foreign dental schools that provide an education that is equivalent to that of similar accredited institutions in the United States and that adequately prepare their students for the practice of dentistry.

(b) The board shall be responsible for the approval of foreign dental schools based on standards established pursuant to subdivision (d). The board may contract with outside consultants or a national professional organization to survey and evaluate foreign dental schools. The consultant or organization shall report to the board regarding its findings in the survey and evaluation.

(c) The board shall establish a technical advisory group to review and comment upon the survey and evaluation of a foreign dental school contracted for pursuant to subdivision (b), prior to any final action by the board regarding certification of the foreign dental school. The technical advisory group shall be selected by the board and shall consist of four dentists, two of whom shall be selected from a list of five recognized United States dental educators recommended by the foreign school seeking approval. None of the members of the technical advisory group shall be affiliated with the school seeking certification.

(d) Any foreign dental school that wishes to be approved pursuant to this section shall make application to the board for this approval, which shall be based upon a finding that the educational program of the foreign dental school is equivalent to that of similar accredited institutions in the United States and adequately prepares its students

for the practice of dentistry. Curriculum, faculty qualifications, student attendance, plant and facilities, and other relevant factors shall be reviewed and evaluated. The board, with the cooperation of the technical advisory group, shall identify by rule the standards and review procedures and methodology to be used in the approval process consistent with this subdivision. The board shall not grant approval if deficiencies found are of such magnitude as to prevent the students in the school from receiving an educational base suitable for the practice of dentistry.

(e) Periodic surveys and evaluations of all approved schools shall be made to ensure continued compliance with this section. Approval shall include provisional and full approval. The provisional form of approval shall be for a period determined by the board, not to exceed three years, and shall be granted to an institution, in accordance with rules established by the board, to provide reasonable time for the school seeking permanent approval to overcome deficiencies found by the board. Prior to the expiration of a provisional approval and before the full approval is granted, the school shall be required to submit evidence that deficiencies noted at the time of initial application have been remedied. A school granted full approval shall provide evidence of continued compliance with this section. In the event that the board denies approval or reapproval, the board shall give the school a specific listing of the deficiencies that caused the denial and the requirements for remedying the deficiencies, and shall permit the school, upon request, to demonstrate by satisfactory evidence, within 90 days, that it has remedied the deficiencies listed by the board.

(f) A school shall pay a registration fee established by rule of the board, not to exceed one thousand dollars ($1,000), at the time of application for approval and shall pay all reasonable costs and expenses the board incurs for the conduct of the approval survey.

(g) The board shall renew approval upon receipt of a renewal application, accompanied by a fee not to exceed five hundred dollars ($500). Each fully approved institution shall submit a renewal application every seven years. Any approval that is not renewed shall automatically expire.

SEC. 5. Section 1636.5 of the Business and Professions Code is amended to read:

1636.5. (a) Notwithstanding Section 135, on and after January 1, 1993, an applicant who fails to pass the examination required by paragraph (2) of subdivision (c) of Section 1636 after four attempts shall not be eligible for further reexamination until the applicant has successfully completed a minimum of two academic years of education at a dental school approved by either the Commission on Dental Accreditation or a comparable organization approved by the board. When the applicant applies for reexamination, he or she shall furnish proof satisfactory to the board that he or she has successfully completed the requirements of this subdivision.

(b) This section shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2003, deletes or extends that date.

SEC. 6. Section 1636.6 is added to the Business and Professions Code, to read:

1636.6. The Legislature hereby finds and declares that in order to assure that the people of California receive the highest quality of dental care, dentists graduating from dental schools outside of the United States who apply for licensure in California must possess the same training and skills as applicants from schools that have been approved by the board. The Legislature further finds and declares that the current process for ensuring the adequacy of training of these applicants is deficient, that high numbers of foreign dental graduates are failing the restorative technique examination required in Section 1636, and that there are numerous repeat failures. The Legislature further finds and declares that while current law requires that a foreign dental graduate who fails the restorative technique examination is required to take a minimum of two years of additional training from a dental school approved by the board, only three of the five dental schools operating in California offer a two-year course of study for graduates of foreign dental schools.

Therefore, the Legislature hereby urges all dental schools in this state to provide in their curriculum a two-year course of study that may be utilized by graduates of foreign dental schools to attain the prerequisites for licensure in California.

SEC. 7. Section 1700.5 is added to the Business and Professions Code, to read:

1700.5. Notwithstanding Section 1700, any person who holds a valid, unrevoked, and unsuspended certificate as a dentist under this chapter may append the letters "D.D.S." to his or her name, regardless of the degree conferred upon him or her by the dental college from which the licensee graduated.

CHAPTER 793

[Approved by Governor October 8, 1997. Filed with Secretary of State October 9, 1997.]

The people of the State of California do enact as follows:

SECTION 1. Section 1228.1 of the Evidence Code is amended to read:

1228.1. (a) Except as provided in subdivision (b), neither the signature of any parent or legal guardian on a child welfare services case plan nor the acceptance of any services prescribed in the child welfare services case plan by any parent or legal guardian shall constitute an admission of guilt or be used as evidence against the parent or legal guardian in a court of law.

(b) A parent's or guardian's failure to cooperate, except for good cause, in the provision of services specified in the child welfare services case plan may be used as evidence, if relevant, in any hearing held pursuant to Section 366.21, 366.22, or 388 of the Welfare and Institutions Code and at any jurisdictional or dispositional hearing held on a petition filed pursuant to Section 300, 342, or 387 of the Welfare and Institutions Code.

SEC. 2. Section 8614 of the Family Code is amended to read:

8614. Upon the request of the adoptive parents or the adopted child, a county clerk may issue a certificate of adoption that states the date and place of adoption, the birthday of the child, the names of the adoptive parents, and the name the child has taken. Unless the child has been adopted by a stepparent or by a relative, as defined in subdivision (c) of Section 8714.7, the certificate shall not state the name of the birth parents of the child.

SEC. 3. Section 8700 of the Family Code is amended to read:

8700. (a) Either birth parent may relinquish a child to the department or a licensed adoption agency for adoption by a written statement signed before two subscribing witnesses and acknowledged before an authorized official of the department or agency. The relinquishment, when reciting that the person making it is entitled to the sole custody of the child and acknowledged before the officer, is prima facie evidence of the right of the person making it to the sole custody of the child and the person's sole right to relinquish.

(b) A relinquishing parent who is a minor has the right to relinquish his or her child for adoption to the department or a licensed adoption agency, and the relinquishment is not subject to revocation by reason of the minority.

(c) If a relinquishing parent resides outside this state and the child is being cared for and is or will be placed for adoption by the department or a licensed adoption agency, he or she may relinquish the child to the department or agency by a written statement signed by the relinquishing parent before a notary on a form prescribed by the department, and previously signed by an authorized official of the department or agency, which signifies the willingness of the department or agency to accept the relinquishment.

(d) The relinquishment authorized by this section has no effect until a certified copy is filed with the department. Upon filing with the department, the relinquishment is final and may be rescinded only by the mutual consent of the department or licensed adoption agency to which the child was relinquished and the birth parent or parents relinquishing the child.

(e) The relinquishing parent may name in the relinquishment the person or persons with whom he or she intends that placement of the child for adoption be made by the department or licensed adoption agency.

(f) Notwithstanding subdivision (d), if the relinquishment names the person or persons with whom placement by the department or licensed adoption agency is intended and the child is not placed in the home of the named person or persons or the child is removed from the home prior to the granting of the adoption, the department or agency shall mail a notice by certified mail, return receipt requested, to the birth parent signing the relinquishment within 72 hours of the decision not to place the child for adoption or the decision to remove the child from the home.

(g) The relinquishing parent has 30 days from the date on which the notice described in subdivision (f) was mailed to rescind the relinquishment.

(1) If the relinquishing parent requests rescission during the 30-day period, the department or licensed adoption agency shall rescind the relinquishment.

(2) If the relinquishing parent does not request rescission during the 30-day period, the department or licensed adoption agency shall select adoptive parents for the child.

(3) If the relinquishing parent and the department or licensed adoption agency wish to identify a different person or persons during the 30-day period with whom the child is intended to be placed, the initial relinquishment shall be rescinded and a new relinquishment identifying the person or persons completed.

(h) If the parent has relinquished a child, who has been found to come within Section 300 of the Welfare and Institutions Code or is the subject of a petition for jurisdiction of the juvenile court under Section 300 of the Welfare and Institutions Code, to the department or a licensed adoption agency for the purpose of adoption, the department or agency accepting the relinquishment shall provide written notice of the relinquishment within five court days to all of the following:

(1) The juvenile court having jurisdiction of the child.

(2) The child's attorney, if any.

(3) The relinquishing parent's attorney, if any.

(i) The filing of the relinquishment with the department terminates all parental rights and responsibilities with regard to the child, except as provided in subdivisions (f) and (g).

SEC. 4. Section 8714.5 is added to the Family Code, to read:

8714.5. (a) The Legislature finds and declares the following:

(1) It is the intent of the Legislature to expedite legal permanency for children who cannot return to their parents and to remove barriers to adoption by relatives of children who are already in the dependency system or who are at risk of entering the dependency system.

(2) This goal will be achieved by empowering families, including extended families, to care for their own children safely and permanently whenever possible, by preserving existing family relationships, thereby causing the least amount of disruption to the child and the family, and by recognizing the importance of sibling and half-sibling relationships.

(b) A relative desiring to adopt a child may for that purpose file a petition in the county in which the petitioner resides. Where a child has been adjudged to be a dependent of the juvenile court pursuant to Section 300 of the Welfare and Institutions Code, and thereafter has been freed for adoption by the juvenile court, the petition may be filed either in the county where the petitioner resides or in the county where the child was freed for adoption.

(c) Upon the filing of a petition for adoption by a relative, the county clerk shall immediately notify the State Department of Social Services in Sacramento in writing of the pendency of the proceeding and of any subsequent action taken.

(d) If the adopting relative has entered into a kinship adoption agreement with the birth parent as set forth in Section 8714.7, the kinship adoption agreement, signed by the parties to the agreement, shall be attached to and filed with the petition for adoption under subdivision (b).

(e) The caption of the adoption petition shall contain the name of the relative petitioner. The petition shall state the child's name, sex, and date of birth.

(f) If the child is the subject of a guardianship petition, the adoption petition shall so state and shall include the caption and docket number or have attached a copy of the letters of the guardianship or temporary guardianship. The petitioner shall notify the court of any petition for adoption. The guardianship proceeding shall be consolidated with the adoption proceeding.

(g) The order of adoption shall contain the child's adopted name and, if requested by the adopting relative, or if requested by the child who is 12 years of age or older, the name the child had before adoption.

SEC. 5. Section 8714.7 is added to the Family Code, to read:

8714.7. (a) Nothing in the adoption laws of this state shall be construed to prevent the adopting parent or parents, the birth relatives, including the birth parent or parents, and the child from entering into a written agreement to permit continuing contact between the birth relatives, including the birth parent or parents, and the child if the agreement is found by the court to be in the best

interests of the child at the time the adoption petition is granted. The terms of any kinship adoption agreement executed under this section shall be limited to, but need not include, all of the following:

(1) Provisions for visitation between the child and a birth parent or parents and other birth relatives, including siblings.

(2) Provisions for future contact between a birth parent or parents or other birth relatives, including siblings, or both, and the child or an adoptive parent, or both.

(3) Provisions for the sharing of information about the child in the future.

(b) At the time an adoption decree is entered pursuant to a petition filed under Section 8714.5, the court entering the decree may grant postadoption privileges when an agreement for those privileges has been entered into pursuant to subdivision (a).

(c) This section is applicable only to kinship adoption agreements in which the adopting parent is a relative of the child or a relative to the child's half-sibling and the adoption petition is filed under Section 8714.5. For purposes of this section and Section 8714.5, "relative" means an adult who is related to the child or the child's half sibling by blood or affinity, including all relatives whose status is preceded by the words "step," "great," "great-great," or "grand," or the spouse of any of these persons, even if the marriage was terminated by death or dissolution.

(d) The child who is the subject of the adoption petition shall be considered a party to the kinship adoption agreement. The written consent to the terms and conditions of the kinship adoption agreement and any subsequent modifications of the agreement by a child who is 12 years of age and older is a necessary condition to the granting of privileges regarding visitation, contact, or sharing of information about the child, unless the court finds by a preponderance of the evidence that the agreement, as written, is in the best interests of the child. Any child who has been found to come within Section 300 of the Welfare and Institutions Code or who is the subject of a petition for jurisdiction of the juvenile court under Section 300 of the Welfare and Institutions Code shall be represented by an attorney for purposes of consent to the kinship adoption agreement.

(e) A kinship adoption agreement shall contain the following warnings in bold type:

(1) After the adoption petition has been granted by the court, the adoption cannot be set aside due to the failure of an adopting parent, a birth parent, a birth relative, or the child to follow the terms of this agreement or a later change to this agreement.

(2) A disagreement between the parties or litigation brought to enforce or modify the agreement shall not affect the validity of the adoption and shall not serve as a basis for orders affecting the custody of the child.

(3) A court will not act on a petition to change or enforce this agreement unless the petitioner has participated, or attempted to participate, in good faith in mediation or other appropriate dispute resolution proceedings to resolve the dispute.

(f) Upon the granting of the adoption petition and the issuing of the order of adoption of a child who is a dependent of the juvenile court, juvenile court dependency jurisdiction shall be terminated. Enforcement of the kinship adoption agreement shall be under the continuing jurisdiction of the court granting the petition of adoption. The court may not order compliance with the agreement absent a finding that the party seeking the enforcement participated, or attempted to participate, in good faith in mediation or other appropriate dispute resolution proceedings regarding the conflict, prior to the filing of the enforcement action, and that the enforcement is in the best interests of the child. Documentary evidence or offers of proof may serve as the basis for the court's decision regarding enforcement. No testimony or evidentiary hearing shall be required. The court shall not order further investigation or evaluation by any public or private agency or individual absent a finding by clear and convincing evidence that the best interests of the child may be protected or advanced only by such inquiry and that the inquiry will not disturb the stability of the child's home to the detriment of the child.

(g) The court may not award monetary damages as a result of the filing of the civil action pursuant to subdivision (f) of this section.

(h) A kinship adoption agreement may be modified or terminated only if either of the following occurs:

(1) All parties, including the child if the child is 12 years of age or older at the time of the requested termination or modification, have signed a modified kinship adoption agreement and the agreement is filed with the court that granted the petition of adoption.

(2) The court finds all of the following:

(A) The termination or modification is necessary to serve the best interests of the child.

(B) There has been a substantial change of circumstances since the original agreement was executed and approved by the court.

(C) The party seeking the termination or modification has participated, or attempted to participate, in good faith in mediation or other appropriate dispute resolution proceedings prior to seeking court approval of the proposed termination or modification.

Documentary evidence or offers of proof may serve as the basis for the court's decision. No testimony or evidentiary hearing shall be required. The court shall not order further investigation or evaluation by any public or private agency or individual absent a finding by clear and convincing evidence that the best interests of the child may be protected or advanced only by such inquiry and that the inquiry will not disturb the stability of the child's home to the detriment of the child.

(i) All costs and fees of mediation or other appropriate dispute resolution proceedings shall be borne by each party, excluding the child. All costs and fees of litigation shall be borne by the party filing the action to modify or enforce the agreement when no party has been found by the court as failing to comply with an existing kinship adoption agreement. Otherwise, a party, other than the child, found by the court as failing to comply without good cause with an existing agreement shall bear all the costs and fees of litigation.

(j) By July 1, 1998, the Judicial Council shall adopt rules of court and forms for motions to enforce, terminate, or modify kinship adoption agreements.

(k) The court shall not set aside a decree of adoption, rescind a relinquishment, or modify an order to terminate parental rights or any other prior court order because of the failure of a birth parent, adoptive parent, birth relative, or the child to comply with any or all of the original terms of, or subsequent modifications to, the kinship adoption agreement.

SEC. 6. Section 8715 of the Family Code is amended to read:

8715. The department or licensed adoption agency, whichever is a party to or joins in the petition, shall submit a full report of the facts of the case to the court. Where a petition for adoption by a relative has been filed with a kinship adoption agreement pursuant to Section 8714.7, the report shall address whether the kinship adoption agreement is in the best interests of the child who is the subject of the petition. The department may also submit a report in those cases in which a licensed adoption agency is a party or joins in the adoption petition.

SEC. 7. Section 1502 of the Health and Safety Code is amended to read:

1502. As used in this chapter:

(2) "Adult day care facility" means any facility that provides nonmedical care to persons 18 years of age or older in need of personal services, supervision, or assistance essential for sustaining the activities of daily living or for the protection of the individual on less than a 24-hour basis.

(3) "Therapeutic day services facility" means any facility that provides nonmedical care, counseling, educational or vocational support, or social rehabilitation services on less than a 24-hour basis to persons under 18 years of age who would otherwise be placed in foster care or who are returning to families from foster care. Program components shall be subject to program standards developed and enforced by the State Department of Mental Health pursuant to Section 4094 of the Welfare and Institutions Code.

Nothing in this section shall be construed to prohibit or discourage placement of persons who have mental or physical disabilities into any category of community care facility that meets the needs of the

individual placed, if the placement is consistent with the licensing regulations of the department.

(9) "Full-service adoption agency" means any licensed entity engaged in the business of providing adoption services, that does all of the following:

Private noncustodial adoption agencies shall be organized and operated on a nonprofit basis.

(11) "Transitional shelter care facility" means any group care facility that provides for 24-hour nonmedical care of persons in need of personal services, supervision, or assistance essential for sustaining the activities of daily living or for the protection of the individual. For purposes of this chapter, arrangements for the receiving and care of persons by a relative shall include relatives of the child or relatives of the child's half sibling, for the purpose of keeping sibling groups together.

(*l*) Any supported living arrangement for individuals with developmental disabilities as defined in Section 4689 of the Welfare and Institutions Code.

(m) (1) Any family home agency or family home, as defined in Section 4689.1 of the Welfare and Institutions Code, that is vendored by the State Department of Developmental Services and that does either of the following:

(o) Any similar facility determined by the director.

SEC. 9. Section 1505.2 is added to the Health and Safety Code, to read:

1505.2. A licensing agency may authorize a foster family home to provide 24-hour care for up to eight foster children, for the purpose of placing siblings or half siblings together in foster care. This authorization may be granted only if all of the following conditions are met:

(A) The foster family home is not a specialized foster care home as defined in subdivision (i) of Section 17710 of the Welfare and Institutions Code.

(B) The home is sufficient in size to accommodate the needs of all children in the home.

(C) For each child to be placed, the child's placement social worker has determined that the child's needs will be met and has documented that determination.

The licensing agency may authorize a foster family home to provide 24-hour care for more than eight children only if the foster family home specializes in the care of sibling groups, that placement is solely for the purpose of placing together one sibling group that exceeds eight children, and all of the above listed conditions are met.

SEC. 10. Section 309 of the Welfare and Institutions Code is amended to read:

309. (a) Upon delivery to the probation officer of a minor who has been taken into temporary custody under this article, the probation officer shall immediately investigate the circumstances of the minor and the facts surrounding the minor's being taken into custody and attempt to maintain the minor with the minor's family through the provision of services. The probation officer shall immediately release the minor to the custody of the minor's parent, guardian, or responsible relative unless one or more of the following conditions exist:

(1) The minor has no parent, guardian, or responsible relative; or the minor's parent, guardian, or responsible relative is not willing to provide care for the minor.

(2) Continued detention of the minor is a matter of immediate and urgent necessity for the protection of the minor and there are no reasonable means by which the minor can be protected in his or her home or the home of a responsible relative.

(3) There is substantial evidence that a parent, guardian, or custodian of the minor is likely to flee the jurisdiction of the court.

(4) The minor has left a placement in which he or she was placed by the juvenile court.

(b) In any case in which there is reasonable cause for believing that a minor who is under the care of a physician or surgeon or a hospital, clinic, or other medical facility and cannot be immediately moved is a person described in Section 300, the minor shall be deemed to have been taken into temporary custody and delivered to the probation officer for the purposes of this chapter while the minor is at the office of the physician or surgeon or the medical facility.

(c) If the minor is not released to his or her parent or guardian, the minor shall be deemed detained for purposes of this chapter.

(d) If an able and willing relative, as defined in Section 319, is available and requests temporary placement of the child pending the detention hearing, the social worker shall initiate an emergency assessment of the relative's suitability, which shall include an in-home visit to assess the safety of the home and the ability of the relative to care for the child on a temporary basis, and a consideration of the results of a criminal records check and allegations of prior child abuse or neglect concerning the relative and other adults in the home. The results of the assessment shall be provided to the court in the social worker's report as required by Section 319.

SEC. 11. Section 316.2 is added to the Welfare and Institutions Code, to read:

316.2. (a) At the detention hearing, or as soon thereafter as practicable, the court shall inquire of the mother and any other appropriate person as to the identity and address of all presumed or alleged fathers. The presence at the hearing of a man claiming to be the father shall not relieve the court of its duty of inquiry. The inquiry may include all of the following:

(1) Whether a judgment of paternity already exists.

(2) Whether the mother was married or believed she was married at the time of conception of the child or at any time thereafter.

(3) Whether the mother was cohabiting with a man at the time of conception or birth of the child.

(4) Whether the mother has received support payments or promises of support with respect to the child or in connection with her pregnancy.

(5) Whether any man has formally or informally acknowledged or declared his possible paternity of the child.

(6) Whether paternity tests have been administered and the results, if any.

(b) If, after the court inquiry, one or more men are identified as an alleged father, each alleged father shall be provided notice at his last and usual place of abode by certified mail return receipt requested alleging that he is or could be the father of the child. The notice shall state that the child is the subject of proceedings under Section 300 and that the proceedings could result in the termination of parental rights and adoption of the child. Judicial Council form Paternity-Waiver of Rights (JV-505) shall be included with the notice. Nothing in this section shall preclude a court from

terminating a father's parental rights even if he appears at the hearing and files an action under Section 7630 or 7631 of the Family Code.

(c) The court may determine that the failure of an alleged father to return the certified mail receipt is not good cause to continue a hearing pursuant to Section 355, 358, 360, 366.21, or 366.22.

(d) If a man appears in the dependency action and files an action under Section 7630 or 7631 of the Family Code, the court shall determine if he is the father.

(e) After a petition has been filed to declare a child a dependent of the court, and until the time that the petition is dismissed, dependency is terminated, or parental rights are terminated pursuant to Section 366.26 or proceedings are commenced under Part 4 (commencing with Section 7800) of Division 12 of the Family Code, the juvenile court which has jurisdiction of the dependency action shall have exclusive jurisdiction to hear an action filed under Section 7630 or 7631 of the Family Code.

SEC. 12. Section 319 of the Welfare and Institutions Code is amended to read:

319. At the initial petition hearing the court shall examine the minor's parents, guardians, or other persons having relevant knowledge and hear the relevant evidence as the minor, the minor's parents or guardians, the petitioner, or their counsel desires to present. The court may examine the minor, as provided in Section 350.

The probation officer shall report to the court on the reasons why the minor has been removed from the parent's custody; the need, if any, for continued detention; on the available services and the referral methods to those services which could facilitate the return of the minor to the custody of the minor's parents or guardians; and whether there are any relatives who are able and willing to take temporary custody of the minor. The court shall order the release of the minor from custody unless a prima facie showing has been made that the minor comes within Section 300 and any of the following circumstances exist:

(a) There is a substantial danger to the physical health of the minor or the minor is suffering severe emotional damage, and there are no reasonable means by which the minor's physical or emotional health may be protected without removing the minor from the parents' or guardians' physical custody.

(b) There is substantial evidence that a parent, guardian, or custodian of the minor is likely to flee the jurisdiction of the court.

(c) The minor has left a placement in which he or she was placed by the juvenile court.

(d) The minor indicates an unwillingness to return home, if the minor has been physically or sexually abused by a person residing in the home.

The court shall also make a determination on the record as to whether reasonable efforts were made to prevent or eliminate the need for removal of the minor from his or her home, pursuant to subdivision (b) of Section 306, and whether there are available services which would prevent the need for further detention. Services to be considered for purposes of making this determination are case management, counseling, emergency shelter care, emergency in-home caretakers, out-of-home respite care, teaching and demonstrating homemakers, parenting training, transportation, and any other child welfare services authorized by the State Department of Social Services pursuant to Chapter 5 (commencing with Section 16500) of Part 4 of Division 9. The court shall also review whether the social worker has considered whether a referral to public assistance services pursuant to Chapter 2 (commencing with Section 11200) of Part 3, Chapter 7 (commencing with Section 14000) of Part 3, Chapter 1 (commencing with Section 17000) of Part 5, and Chapter 10 (commencing with Section 18900) of Part 6, of Division 9 would have eliminated the need to take temporary custody of the minor or would prevent the need for further detention. If the minor can be returned to the custody of his or her parent or guardian through the provision of those services, the court shall place the minor with his or her parent or guardian and order that the services shall be provided. If the minor cannot be returned to the custody of his or her parent or guardian, the court shall determine if there is a relative who is able and willing to care for the child. Where the first contact with the family has occurred during an emergency situation in which the child could not safely remain at home, even with reasonable services being provided, the court shall make a finding that the lack of preplacement preventive efforts were reasonable. Whenever a court orders a minor detained, the court shall state the facts on which the decision is based, shall specify why the initial removal was necessary, and shall order services to be provided as soon as possible to reunify the minor and his or her family if appropriate.

When the minor is not released from custody the court may order that the minor shall be placed in the suitable home of a relative or in an emergency shelter or other suitable licensed place or a place exempt from licensure designated by the juvenile court or in an appropriate certified family home whose license is pending and all the prelicense requirements for such a placement have been met as set forth in subdivision (e) of Section 361.2 for a period not to exceed 15 judicial days.

As used in this section, "relative" means an adult who is related to the child or child's half sibling by blood or affinity, including all relatives whose status is preceded by the words "step," "great," "great-great," or "grand," or the spouse of any of these persons, even if the marriage was terminated by death or dissolution. However, only the following relatives shall be given preferential consideration

for placement of the child: an adult who is a grandparent, aunt, uncle, or a sibling of the child.

The court shall consider the recommendations of the social worker based on the emergency assessment of the relative's suitability, including the results of a criminal records check and prior child abuse allegations, if any, prior to ordering that the child be placed with a relative. The social worker shall initiate the assessment pursuant to Section 361.3 of any relative to be considered for continuing placement.

SEC. 13. Section 355 of the Welfare and Institutions Code is amended to read:

355. (a) At the jurisdictional hearing, the court shall first consider only the question whether the minor is a person described by Section 300. Any legally admissible evidence that is relevant to the circumstances or acts that are alleged to bring the minor within the jurisdiction of the juvenile court is admissible and may be received in evidence. Proof by a preponderance of evidence must be adduced to support a finding that the minor is a person described by Section 300. Objections that could have been made to evidence introduced shall be deemed to have been made by any parent or guardian who is present at the hearing and unrepresented by counsel, unless the court finds that the parent or guardian has made a knowing and intelligent waiver of the right to counsel. Objections that could have been made to evidence introduced shall be deemed to have been made by any unrepresented child.

(b) A social study prepared by the petitioning agency, and hearsay evidence contained in it, is admissible and constitutes competent evidence upon which a finding of jurisdiction pursuant to Section 300 may be based, to the extent allowed by subdivisions (c) and (d).

(1) For the purposes of this section, "social study" means any written report furnished to the juvenile court and to all parties or their counsel by the county probation or welfare department in any matter involving the custody, status, or welfare of a minor in a dependency proceeding pursuant to Article 6 (commencing with Section 300) to 12 (commencing with Section 385), inclusive of Chapter 2 of Division 2.

(2) The preparer of the social study shall be made available for cross-examination upon a timely request by any party. The court may deem the preparer available for cross-examination if it determines that the preparer is on telephone standby and can be present in court within a reasonable time of the request.

(3) The court may grant a reasonable continuance not to exceed 10 days upon request by any party if the social study is not provided to the parties or their counsel within a reasonable time before the hearing.

(c) (1) If any party to the jurisdictional hearing raises a timely objection to the admission of specific hearsay evidence contained in a social study, the specific hearsay evidence shall not be sufficient by

itself to support a jurisdictional finding or any ultimate fact upon which a jurisdictional finding is based, unless the petitioner establishes one or more of the following exceptions:

(A) The hearsay evidence would be admissible in any civil or criminal proceeding under any statutory or decisional exception to the prohibition against hearsay.

(B) The hearsay declarant is a minor under the age of 12 years who is the subject of the jurisdictional hearing. However, the hearsay statement of a minor under the age of 12 years shall not be admissible if the objecting party establishes that the statement is unreliable because it was the product of fraud, deceit, or undue influence.

(C) The hearsay declarant is a peace officer as defined by Chapter 4.5 (commencing with Section 830) of Part 2 of Title 3 of the Penal Code, a health practitioner as defined by Section 11165.8 of the Penal Code, a social worker licensed pursuant to Chapter 14 (commencing with Section 4996) of Division 2 of the Business and Professions Code, or a teacher who holds a credential pursuant to Chapter 2 (commencing with Section 44200) of Part 24 of Division 3 of Title 2 of the Education Code. For the purpose of this subdivision, evidence in a declaration is admissible only to the extent that it would otherwise be admissible under this section or if the declarant were present and testifying in court.

(D) The hearsay declarant is available for cross-examination. For purposes of this section, the court may deem a witness available for cross-examination if it determines that the witness is on telephone standby and can be present in court within a reasonable time of a request to examine the witness.

(2) For purposes of this subdivision, an objection is timely if it identifies with reasonable specificity the disputed hearsay evidence and it gives the petitioner a reasonable period of time to meet the objection prior to a contested hearing.

(d) This section shall not be construed to limit the right of any party to the jurisdictional hearing to subpoena a witness whose statement is contained in the social study or to introduce admissible evidence relevant to the weight of the hearsay evidence or the credibility of the hearsay declarant.

SEC. 14. Section 358.1 of the Welfare and Institutions Code is amended to read:

358.1. Each social study or evaluation made by a probation officer or child advocate appointed by the court, required to be received in evidence pursuant to Section 358, shall include, but not be limited to, a factual discussion of each of the following subjects:

(a) Whether the county welfare department or probation officer has considered child protective services, as defined in Chapter 5 (commencing with Section 16500) of Part 4 of Division 9, as a possible solution to the problems at hand, and has offered these services to qualified parents if appropriate under the circumstances.

(b) What plan, if any, for return of the child to his or her parents and for achieving legal permanence for the child if efforts to reunify fail, is recommended to the court by the county welfare department or probation officer.

(c) Whether the best interests of the child will be served by granting reasonable visitation rights with the child to his or her grandparents, in order to maintain and strengthen the child's family relationships.

(d) Whether the subject child appears to be a person who is eligible to be considered for further court action to free the child from parental custody and control.

(e) Whether the parent has been advised of his or her option to participate in adoption planning and to voluntarily relinquish the child for adoption if an adoption agency is willing to accept the relinquishment.

(f) The appropriateness of any relative placement pursuant to Section 361.3; however, this consideration shall not be cause for continuance of the dispositional hearing.

SEC. 15. Section 361 of the Welfare and Institutions Code is amended to read:

361. (a) In all cases in which a minor is adjudged a dependent child of the court on the ground that the minor is a person described by Section 300, the court may limit the control to be exercised over the dependent child by any parent or guardian and shall by its order clearly and specifically set forth all those limitations. Any limitation on the right of the parent or guardian to make educational decisions for the child shall be specifically addressed in the court order. The limitations shall not exceed those necessary to protect the child.

(b) Nothing in subdivision (a) shall be construed to limit the ability of a parent to voluntarily relinquish his or her child to the State Department of Social Services or to a licensed county adoption agency at any time while the child is a dependent child of the juvenile court if the department or agency is willing to accept the relinquishment.

(c) No dependent child shall be taken from the physical custody of his or her parents or guardian or guardians with whom the child resides at the time the petition was initiated unless the juvenile court finds clear and convincing evidence of any of the following:

(1) There is a substantial danger to the physical health, safety, protection, or physical or emotional well-being of the minor or would be if the minor were returned home, and there are no reasonable means by which the minor's physical health can be protected without removing the minor from the minor's parents' or guardians' physical custody. The fact that a minor has been adjudicated a dependent child of the court pursuant to subdivision (e) of Section 300 shall constitute prima facie evidence that the minor cannot be safely left in the custody of the parent or guardian with whom the minor resided at the time of injury. The court shall consider, as a reasonable

means to protect the minor, the option of removing an offending parent or guardian from the home. The court shall also consider, as a reasonable means to protect the minor, allowing a nonoffending parent or guardian to retain custody as long as that parent or guardian presents a plan acceptable to the court demonstrating that he or she will be able to protect the child from future harm.

(2) The parent or guardian of the minor is unwilling to have physical custody of the minor, and the parent or guardian has been notified that if the minor remains out of their physical custody for the period specified in Section 366.25 or 366.26, the minor may be declared permanently free from their custody and control.

(3) The minor is suffering severe emotional damage, as indicated by extreme anxiety, depression, withdrawal, or untoward aggressive behavior toward self or others, and there are no reasonable means by which the minor's emotional health may be protected without removing the minor from the physical custody of his or her parent or guardian.

(4) The minor or a sibling of the minor has been sexually abused, or is deemed to be at substantial risk of being sexually abused, by a parent, guardian, or member of his or her household, or other person known to his or her parent, and there are no reasonable means by which the minor can be protected from further sexual abuse or a substantial risk of sexual abuse without removing the minor from his or her parent or guardian, or the minor does not wish to return to his or her parent or guardian.

(5) The minor has been left without any provision for his or her support, or a parent who has been incarcerated or institutionalized cannot arrange for the care of the minor, or a relative or other adult custodian with whom the child has been left by the parent is unwilling or unable to provide care or support for the child and the whereabouts of the parent is unknown and reasonable efforts to locate him or her have been unsuccessful.

(d) The court shall make a determination as to whether reasonable efforts were made to prevent or to eliminate the need for removal of the minor from his or her home or, if the minor is removed for one of the reasons stated in paragraph (5) of subdivision (c), whether it was reasonable under the circumstances not to make any of those efforts. The court shall state the facts on which the decision to remove the minor is based.

(e) The court shall make all of the findings required by subdivision (a) of Section 366 in either of the following circumstances:

(1) The minor has been taken from the custody of his or her parent or guardian and has been living in an out-of-home placement pursuant to Section 319.

(2) The minor has been living in a voluntary out-of-home placement pursuant to Section 16507.4.

SEC. 16. Section 361.3 of the Welfare and Institutions Code is amended to read:

361.3. (a) In any case in which a child is removed from the physical custody of his or her parents pursuant to Section 361, preferential consideration shall be given to a request by a relative of the child for placement of the child with the relative. In determining whether placement with a relative is appropriate, the county social worker and court shall consider, but shall not be limited to, consideration of all the following factors:

(1) The best interests of the child, including special physical, psychological, educational, medical, or emotional needs.

(2) The wishes of the parent, the relative, and child, if appropriate.

(3) The provisions of Part 6 (commencing with Section 7950) of Division 12 of the Family Code regarding relative placement.

(4) Placement of siblings and half-siblings in the same home, if such a placement is found to be in the best interests of each of the children as provided in Section 16002.

(5) The good moral character of the relative and any other adult living in the home, including whether any individual residing in the home has a prior history of violent criminal acts or has been responsible for acts of child abuse or neglect. However, this paragraph shall not be construed to provide independent grounds for access to the child abuse central index.

(6) The nature and duration of the relationship between the child and the relative, and the relative's desire to care for the child.

(7) The ability of the relative to do the following:

(A) Provide a safe, secure, and stable environment for the child.

(B) Exercise proper and effective care and control of the child.

(C) Provide a home and the necessities of life for the child.

(D) Protect the child from his or her parents.

(E) Facilitate court-ordered reunification efforts with the parents.

(F) Facilitate visitation with the child's other relatives.

(G) Facilitate implementation of all elements of the case plan.

(H) Provide legal permanence for the child if reunification fails.

However, any finding made with respect to the factor considered pursuant to this subparagraph and pursuant to subparagraph (G) shall not be the sole basis for precluding preferential placement with a relative.

(I) Arrange for appropriate and safe child care, as necessary.

(8) The safety of the relative's home. For purposes of this paragraph, the county social worker shall conduct a direct assessment of the safety of the relative's home. The information obtained as a result of this assessment shall be documented by the county social worker in the child's case record.

In this regard, the Legislature declares that a physical disability, such as blindness or deafness, is no bar to the raising of children, and a county social worker's determination as to the ability of a disabled relative to exercise care and control should center upon whether the

relative's disability prevents him or her from exercising care and control. The court shall order the parent to disclose to the county social worker the names, residences, and any other known identifying information of any maternal or paternal relatives of the child. This inquiry shall not be construed, however, to guarantee that the minor will be placed with any person so identified. The county social worker shall initially contact the relatives given preferential consideration for placement to determine if they desire the child to be placed with them. Those desiring placement shall be assessed according to the factors enumerated in this subdivision. The county social worker shall document these efforts in the social study prepared pursuant to Section 358.1. The court shall authorize the county social worker, while assessing these relatives for the possibility of placement, to disclose to the relative, as appropriate, the fact that the child is in custody, the alleged reasons for the custody, and the projected likely date for the child's return home or placement for adoption or legal guardianship. However, this investigation shall not be construed as good cause for continuance of the dispositional hearing conducted pursuant to Section 358.

(b) In any case in which more than one appropriate relative requests preferential consideration pursuant to this section, each relative shall be considered under the factors enumerated in subdivision (a).

(c) For purposes of this section:

(1) "Preferential consideration" means that the relative seeking placement shall be the first placement to be considered and investigated.

(2) "Relative" means an adult who is related to the child or the child's half sibling by blood or affinity, including all relatives whose status is preceded by the words "step," "great," "great-great" or "grand" or the spouse of any such person even if the marriage has been terminated by death or dissolution. However, only the following relatives shall be given preferential consideration for the placement of the child: an adult who is a grandparent, aunt, uncle, or sibling.

(d) Subsequent to the hearing conducted pursuant to Section 358, whenever a new placement of the minor must be made, consideration for placement shall again be given as described in this section to relatives who have not been found to be unsuitable and who will fulfill the minor's reunification or permanent plan requirements. In addition to the factors described in subdivision (a), the county social worker shall consider whether the relative has established and maintained a relationship with the minor.

(e) If the court does not place the child with a relative who has been considered for placement pursuant to this section, the court shall state for the record the reasons placement with that relative was denied.

SEC. 17. Section 361.5 of the Welfare and Institutions Code, as amended by Section 2.5 of Chapter 1083 of the Statutes of 1996, is amended to read:

361.5. (a) Except as provided in subdivision (b) of this section or when the parent has voluntarily relinquished the minor and the relinquishment has been filed with the State Department of Social Services or, upon the establishment of an order of guardianship pursuant to Section 360, whenever a minor is removed from a parent's or guardian's custody, the juvenile court shall order the probation officer to provide child welfare services to the minor and the minor's mother and statutorily presumed father, or guardians. Upon a finding and declaration of paternity by the juvenile court or proof of a prior declaration of paternity by any court of competent jurisdiction, the juvenile court may order services for the minor and the biological father, if the court determines that the services will benefit the child. Child welfare services, when provided, shall be provided as follows:

(1) For a minor who, on the date of initial removal from the physical custody of his or her parent or guardian, was three years of age or older, court-ordered services shall not exceed a period of 12 months.

(2) For a minor who, on the date of initial removal from the physical custody of his or her parent or guardian, was under the age of three years, court-ordered services shall not exceed a period of six months.

However, court-ordered services may be extended up to a maximum time period not to exceed 18 months if it can be shown that the objectives of the service plan can be achieved within the extended time period. The court shall extend the time period only if it finds that there is a substantial probability that the minor will be returned to the physical custody of his or her parent or guardian within the extended time period or that reasonable services have not been provided to the parent or guardian. If the court extends the time period, the court shall specify the factual basis for its conclusion that there is a substantial probability that the minor will be returned to the physical custody of his or her parent or guardian within the extended time period. The court also shall make findings pursuant to subdivision (a) of Section 366 and subdivision (e) of Section 358.1. When counseling or other treatment services are ordered, the parent or guardian shall be ordered to participate in those services, unless the parent's or guardian's participation is deemed by the court to be inappropriate or potentially detrimental to the minor. Physical custody of the minor by the parents or guardians during the 18-month period shall not serve to interrupt the running of the period. If at the end of the 18-month period, a minor cannot be safely returned to the care and custody of a parent or guardian without court supervision, but the minor clearly desires contact with the parent or guardian, the

court shall take the child's desire into account in devising a permanency plan.

In cases where the minor was under the age of three years on the date of the initial removal from the physical custody of his or her parent or guardian, the court shall inform the parent or guardian that the failure of the parent or guardian to participate regularly in any court-ordered treatment programs or to cooperate or avail himself or herself of services provided as part of the child welfare services case plan may result in a termination of efforts to reunify the family after six months.

Except in cases where, pursuant to subdivision (b), the court does not order reunification services, the court shall inform the parent or parents of Section 366.25 or 366.26 and shall specify that the parent's or parents' parental rights may be terminated.

(b) Reunification services need not be provided to a parent or guardian described in this subdivision when the court finds, by clear and convincing evidence, any of the following:

(1) That the whereabouts of the parent or guardian is unknown. A finding pursuant to this paragraph shall be supported by an affidavit or by proof that a reasonably diligent search has failed to locate the parent or guardian. The posting or publication of notices is not required in that search.

(2) That the parent or guardian is suffering from a mental disability that is described in Chapter 2 (commencing with Section 7820) of Part 4 of Division 12 of the Family Code and that renders him or her incapable of utilizing those services.

(3) That the minor or a sibling of the minor had been previously adjudicated a dependent pursuant to any subdivision of Section 300 as a result of physical or sexual abuse, that following that adjudication the minor had been removed from the custody of his or her parent or guardian pursuant to Section 361, that the minor has been returned to the custody of the parent or guardian from whom the minor had been taken originally, and that the minor is being removed pursuant to Section 361, due to additional physical or sexual abuse.

(4) That the parent or guardian of the minor has caused the death of another minor through abuse or neglect.

(5) That the minor was brought within the jurisdiction of the court under subdivision (e) of Section 300 because of the conduct of that parent or guardian.

(6) That the minor has been adjudicated a dependent pursuant to any subdivision of Section 300 as a result of severe sexual abuse or the infliction of severe physical harm to the minor, a sibling, or a half-sibling by a parent or guardian, as defined in this subdivision, and the court makes a factual finding that it would not benefit the minor to pursue reunification services with the offending parent or guardian.

A finding of severe sexual abuse, for the purposes of this subdivision, may be based on, but is not limited to, sexual intercourse

or stimulation involving genital-genital, oral-genital, anal-genital, or oral-anal contact, whether between the parent or guardian and the minor, or a sibling or half-sibling of the minor, or between the minor or a sibling or half-sibling of the minor, and another person or animal with the actual or implied consent of the parent or guardian, or the penetration or manipulation of the minor's, sibling's, or half-sibling's genital organs or rectum by any animate or inanimate object, for the sexual gratification of the parent or guardian, or for the sexual gratification of another person with the actual or implied consent of the parent or guardian.

A finding of the infliction of severe physical harm, for the purposes of this subdivision, may be based on, but is not limited to, deliberate and serious injury inflicted to or on a minor's body, or the body of a sibling or half-sibling of the minor, by an act or omission of the parent or guardian, or of another individual or animal with the consent of the parent or guardian; deliberate and torturous confinement of the minor, sibling, or half-sibling, in a closed space; or any other torturous act or omission which would be reasonably understood to cause serious emotional damage.

(7) That the parent is not receiving reunification services for a sibling or a half-sibling of the minor pursuant to paragraph (3), (5), or (6).

(8) That the minor was conceived by means of the commission of an offense listed in Section 288 or 288.5 of the Penal Code, or by an act committed outside of this state which if committed in this state would constitute such an offense. This paragraph only applies to the parent who committed the offense or act.

(9) That the minor was brought within the jurisdiction of the court under subdivision (g) of Section 300, that the parent or guardian of the minor willfully abandoned the minor, and the court finds that the abandonment itself constituted a serious danger to the minor. For purposes of this paragraph, a "serious danger" means that without the intervention of another person or agency, the minor would have sustained severe or permanent disability, injury, illness, or death. For purposes of this paragraph, "willful abandonment" shall not be construed as actions taken in good faith by the parent without the intent of placing the minor in serious danger.

(10) That (A) the court ordered a permanent plan of adoption, guardianship, or long-term foster care for any siblings or half-siblings of the minor because the parent or guardian failed to reunify with the sibling or half-sibling after the sibling or half-sibling had been removed from that parent or guardian pursuant to Section 361 and that parent or guardian is the same parent or guardian described in subdivision (a), or (B) the parental rights of a parent or guardian over any sibling or half-sibling of the minor had been permanently severed, and that, according to the findings of the court, this parent or guardian has not subsequently made a reasonable effort to treat

the problems that led to removal of the sibling or half-sibling of that minor from that parent or guardian.

(11) That the parent or guardian has been convicted of a violent felony, as defined in subdivision (c) of Section 667.5 of the Penal Code.

(12) That the parent or guardian of the minor has a history of extensive, abusive, and chronic use of drugs or alcohol and has resisted prior treatment for this problem during a three-year period immediately prior to the filing of the petition which brought that minor to the court's attention, or has failed or refused to comply with a program of drug or alcohol treatment described in the case plan required by Section 358.1 on at least two prior occasions, even though the programs identified were available and accessible.

(13) That the parent or guardian of the minor has advised the court that he or she is not interested in receiving family maintenance or family reunification services or having the minor returned to or placed in his or her custody and does not wish to receive family maintenance or reunification services.

The parent or guardian shall be represented by counsel and shall execute a waiver of services form to be adopted by the Judicial Council. The court shall advise the parent or guardian of any right to services and of the possible consequences of a waiver of services, including the termination of parental rights and placement of the child for adoption. The court shall not accept the waiver of services unless it states on the record its finding that the parent or guardian has knowingly and intelligently waived the right to services.

(c) In deciding whether to order reunification in any case in which this section applies, the court shall hold a dispositional hearing. The probation officer shall prepare a report which discusses whether reunification services shall be provided. When it is alleged, pursuant to paragraph (2) of subdivision (b), that the parent is incapable of utilizing services due to mental disability, the court shall order reunification services unless competent evidence from mental health professionals establishes that, even with the provision of services, the parent is unlikely to be capable of adequately caring for the child within 12 months.

The court shall not order reunification for a parent or guardian described in paragraph (3), (4), (6), (7), (8), (9), (10), (11), (12), or (13) of subdivision (b) unless the court finds, by clear and convincing evidence, that reunification is in the best interests of the minor.

In addition, the court shall not order reunification in any situation described in paragraph (5) of subdivision (b) unless it finds that, based on competent testimony, those services are likely to prevent reabuse or continued neglect of the minor or that failure to try reunification will be detrimental to the minor because the minor is closely and positively attached to that parent. The probation officer shall investigate the circumstances leading to the removal of the

minor and advise the court whether there are circumstances which indicate that reunification is likely to be successful or unsuccessful and whether failure to order reunification is likely to be detrimental to the minor.

The failure of the parent to respond to previous services, the fact that the minor was abused while the parent was under the influence of drugs or alcohol, a past history of violent behavior, or testimony by a competent professional that the parent's behavior is unlikely to be changed by services, are among the factors indicating that reunification services are unlikely to be successful. The fact that a parent or guardian is no longer living with an individual who severely abused the minor may be considered in deciding that reunification services are likely to be successful, provided that the court shall consider any pattern of behavior on the part of the parent that has exposed the minor to repeated abuse.

(d) If reunification services are not ordered pursuant to paragraph (1) of subdivision (b) and the whereabouts of a parent become known within six months of the out-of-home placement of the minor, the court shall order the probation officer to provide family reunification services in accordance with this subdivision. However, the time limits specified in subdivision (a) and Section 366.25 are not tolled by the parent's absence.

(e) (1) If the parent or guardian is incarcerated or institutionalized, the court shall order reasonable services unless the court determines, by clear and convincing evidence, those services would be detrimental to the minor. In determining detriment, the court shall consider the age of the minor, the degree of parent-child bonding, the length of the sentence, the nature of the treatment, the nature of crime or illness, the degree of detriment to the minor if services are not offered and, for minors 10 years of age or older, the minor's attitude toward the implementation of family reunification services, and any other appropriate factors. Reunification services are subject to the 18-month limitation imposed in subdivision (a). Services may include, but shall not be limited to, all of the following:

(A) Maintaining contact between parent and minor through collect telephone calls.

(B) Transportation services, where appropriate.

(C) Visitation services, where appropriate.

(D) Reasonable services to extended family members or foster parents providing care for the minor if the services are not detrimental to the minor.

An incarcerated parent may be required to attend counseling, parenting classes, or vocational training programs as part of the service plan if these programs are available.

(2) The presiding judge of the juvenile court of each county may convene representatives of the county welfare department, the sheriff's department, and other appropriate entities for the purpose of developing and entering into protocols for ensuring the

notification, transportation, and presence of an incarcerated or institutionalized parent at all court hearings involving proceedings affecting the minor pursuant to Section 2625 of the Penal Code.

(3) Notwithstanding any other provision of law, if the incarcerated parent is a woman seeking to participate in the community treatment program operated by the Department of Corrections pursuant to Chapter 4.8 (commencing with Section 1174) of Title 7 of Part 2 of, or Chapter 4 (commencing with Section 3410) of Title 2 of Part 3 of the Penal Code, the court shall determine whether the parent's participation in a program is in the child's best interests and whether it is suitable to meet the needs of the parent and child.

(f) If a court, pursuant to paragraph (2), (3), (4), (5), (6), (7), (8), (9), (10), (11), (12), or (13) of subdivision (b) or paragraph (1) of subdivision (e), does not order reunification services, it shall conduct a hearing pursuant to Section 366.25 or 366.26 within 120 days of the dispositional hearing. However, the court shall not schedule a hearing so long as the other parent is being provided reunification services pursuant to subdivision (a). The court may continue to permit the parent to visit the minor unless it finds that visitation would be detrimental to the minor.

(g) Whenever a court orders that a hearing shall be held pursuant to Section 366.25 or 366.26 it shall direct the agency supervising the minor and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties which are not served by a county adoption agency, to prepare an assessment regarding the likelihood that the minor will be adopted if parental rights are terminated. The assessment shall include:

(1) Current search efforts for an absent parent or parents.

(2) A review of the amount of and nature of any contact between the minor and his or her parents since the time of placement.

(3) An evaluation of the minor's medical, developmental, scholastic, mental, and emotional status and an analysis of whether any of the minor's characteristics would make it difficult to find a person willing to adopt the minor.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the minor's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship.

(5) The relationship of the minor to any identified prospective adoptive parent or guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the minor concerning placement and the adoption or guardianship, unless the minor's age or physical,

emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(h) In determining whether reunification services will benefit the minor pursuant to paragraph (6) or (7) of subdivision (b), the court shall consider any information it deems relevant, including the following factors:

(1) The specific act or omission comprising the severe sexual abuse or the severe physical harm inflicted on the minor or the minor's sibling or half-sibling.

(2) The circumstances under which the abuse or harm was inflicted on the minor or the minor's sibling or half-sibling.

(3) The severity of the emotional trauma suffered by the minor or the minor's sibling or half-sibling.

(4) Any history of abuse of other children by the offending parent or guardian.

(5) The likelihood that the minor may be safely returned to the care of the offending parent or guardian within 18 months with no continuing supervision.

(6) Whether or not the minor desires to be reunified with the offending parent or guardian.

(i) The court shall read into the record the basis for a finding of severe sexual abuse or the infliction of severe physical harm under paragraph (6) of subdivision (b), and shall also specify the factual findings used to determine that the provision of reunification services to the offending parent or guardian would not benefit the minor.

(j) This section shall remain in effect only until January 1, 1999, and as of that date is repealed, unless a later enacted statute, which is enacted on or before January 1, 1999, deletes or extends that date.

SEC. 18. Section 361.5 of the Welfare and Institutions Code, as added by Section 2.7 of Chapter 1083 of the Statutes of 1996, is amended to read:

361.5. (a) Except as provided in subdivision (b) of this section or when the parent has voluntarily relinquished the minor and the relinquishment has been filed with the State Department of Social Services, or upon the establishment of an order of guardianship pursuant to Section 360, whenever a minor is removed from a parent's or guardian's custody, the juvenile court shall order the probation officer to provide child welfare services to the minor and the minor's mother and statutorily presumed father, or guardians. Upon a finding and declaration of paternity by the juvenile court or proof of a prior declaration of paternity by any court of competent jurisdiction, the juvenile court may order services for the minor and the biological father, if the court determines that the services will benefit the child. Child welfare services, when provided, shall be provided as follows:

(1) For a minor who, on the date of initial removal from the physical custody of his or her parent or guardian, was three years of

age or older, court-ordered services shall not exceed a period of 12 months.

(2) For a minor who, on the date of initial removal from the physical custody of his or her parent or guardian, was under the age of three years, court-ordered services shall not exceed a period of six months.

However, court-ordered services may be extended up to a maximum time period not to exceed 18 months if it can be shown that the objectives of the service plan can be achieved within the extended time period. The court shall extend the time period only if it finds that there is a substantial probability that the minor will be returned to the physical custody of his or her parent or guardian within the extended time period or that reasonable services have not been provided to the parent or guardian. If the court extends the time period, the court shall specify the factual basis for its conclusion that there is a substantial probability that the minor will be returned to the physical custody of his or her parent or guardian within the extended time period. The court also shall make findings pursuant to subdivision (a) of Section 366. When counseling or other treatment services are ordered, the parent or guardian shall be ordered to participate in those services, unless the parent's or guardian's participation is deemed by the court to be inappropriate or potentially detrimental to the minor. Physical custody of the minor by the parents or guardians during the 18-month period shall not serve to interrupt the running of the period. If at the end of the 18-month period, a minor cannot be safely returned to the care and custody of a parent or guardian without court supervision, but the minor clearly desires contact with the parent or guardian, the court shall take the child's desire into account in devising a permanency plan.

In cases where the minor was under the age of three years on the date of the initial removal from the physical custody of his or her parent or guardian, the court shall inform the parent or guardian that the failure of the parent or guardian to participate regularly in any court-ordered treatment programs or to cooperate or avail himself or herself of services provided as part of the child welfare services case plan may result in a termination of efforts to reunify the family after six months.

Except in cases where, pursuant to subdivision (b), the court does not order reunification services, the court shall inform the parent or parents of Section 366.25 or 366.26 and shall specify that the parent's or parents' parental rights may be terminated.

(b) Reunification services need not be provided to a parent or guardian described in this subdivision when the court finds, by clear and convincing evidence, any of the following:

(1) That the whereabouts of the parent or guardian is unknown. A finding pursuant to this paragraph shall be supported by an affidavit or by proof that a reasonably diligent search has failed to

locate the parent or guardian. The posting or publication of notices is not required in that search.

(2) That the parent or guardian is suffering from a mental disability that is described in Chapter 2 (commencing with Section 7820) of Part 4 of Division 12 of the Family Code and that renders him or her incapable of utilizing those services.

(3) That the minor or a sibling of the minor has been previously adjudicated a dependent pursuant to any subdivision of Section 300 as a result of physical or sexual abuse, that following that adjudication the minor had been removed from the custody of his or her parent or guardian pursuant to Section 361, that the minor has been returned to the custody of the parent or guardian from whom the minor had been taken originally, and that the minor is being removed pursuant to Section 361, due to additional physical or sexual abuse.

(4) That the parent or guardian of the minor has caused the death of another minor through abuse or neglect.

(5) That the minor was brought within the jurisdiction of the court under subdivision (c) of Section 300 because of the conduct of that parent or guardian.

(6) That the minor has been adjudicated a dependent pursuant to any subdivision of Section 300 as a result of severe sexual abuse or the infliction of severe physical harm to the minor, a sibling, or a half-sibling by a parent or guardian, as defined in this subdivision, and the court makes a factual finding that it would not benefit the minor to pursue reunification services with the offending parent or guardian.

A finding of severe sexual abuse, for the purposes of this subdivision, may be based on, but is not limited to, sexual intercourse, or stimulation involving genital-genital, oral-genital, anal-genital, or oral-anal contact, whether between the parent or guardian and the minor or a sibling or half-sibling of the minor, or between the minor or a sibling or half-sibling of the minor and another person or animal with the actual or implied consent of the parent or guardian; or the penetration or manipulation of the minor's, sibling's, or half-sibling's genital organs or rectum by any animate or inanimate object for the sexual gratification of the parent or guardian, or for the sexual gratification of another person with the actual or implied consent of the parent or guardian.

A finding of the infliction of severe physical harm, for the purposes of this subdivision, may be based on, but is not limited to, deliberate and serious injury inflicted to or on a minor's body or the body of a sibling or half-sibling of the minor by an act or omission of the parent or guardian, or of another individual or animal with the consent of the parent or guardian; deliberate and torturous confinement of the minor, sibling, or half-sibling in a closed space; or any other torturous act or omission which would be reasonably understood to cause serious emotional damage.

(7) That the parent is not receiving reunification services for a sibling or a half-sibling of the minor pursuant to paragraph (3), (5), or (6).

(8) That the minor was conceived by means of the commission of an offense listed in Section 288 or 288.5 of the Penal Code, or by an act committed outside of this state which if committed in this state would constitute such an offense. This paragraph only applies to the parent who committed the offense or act.

(9) That the minor has been found to be a child described in subdivision (g) of Section 300, that the parent or guardian of the minor willfully abandoned the minor, and the court finds that the abandonment itself constituted a serious danger to the child. For the purposes of this paragraph, "serious danger" means that without the intervention of another person or agency, the minor would have sustained severe or permanent disability, injury, illness, or death. For purposes of this paragraph, "willful abandonment" shall not be construed as actions taken in good faith by the parent without the intent of placing the minor in serious danger.

(10) That (A) the court ordered a permanent plan of adoption, guardianship, or long-term foster care for any siblings or half-siblings of the minor because the parent or guardian failed to reunify with the sibling or half-sibling after the sibling or half-sibling had been removed from that parent or guardian pursuant to Section 361 and that parent or guardian is the same parent or guardian described in subdivision (a), or (B) the parental rights of a parent or guardian over any sibling or half-sibling of the minor had been permanently severed, and that, according to the findings of the court, this parent or guardian has not subsequently made a reasonable effort to treat the problems that led to removal of the sibling or half-sibling of that minor from that parent or guardian.

(11) That the parent or guardian has been convicted of a violent felony, as defined in subdivision (c) of Section 667.5 of the Penal Code.

(12) That the parent or guardian of the minor has a history of extensive, abusive, and chronic use of drugs or alcohol and has resisted prior treatment for this problem during a three-year period immediately prior to the filing of the petition which brought that minor to the court's attention, or has failed or refused to comply with a program of drug or alcohol treatment described in the case plan required by Section 358.1 on at least two prior occasions, even though the programs identified were available and accessible.

(13) That the parent or guardian of the minor has advised the court that he or she is not interested in receiving family maintenance or family reunification services or having the minor returned to or placed in his or her custody and does not wish to receive family maintenance or reunification services.

The parent or guardian shall be represented by counsel and shall execute a waiver of services form to be adopted by the Judicial

Council. The court shall advise the parent or guardian of any right to services and of the possible consequences of a waiver of services, including the termination of parental rights and placement of the child for adoption. The court shall not accept the waiver of services unless it states on the record its finding that the parent or guardian has knowingly and intelligently waived the right to services.

(c) In deciding whether to order reunification in any case in which this section applies, the court shall hold a dispositional hearing. The probation officer shall prepare a report which discusses whether reunification services shall be provided. When it is alleged, pursuant to paragraph (2) of subdivision (b), that the parent is incapable of utilizing services due to mental disability, the court shall order reunification services unless competent evidence from mental health professionals establishes that, even with the provision of services, the parent is unlikely to be capable of adequately caring for the minor within 12 months.

The court shall not order reunification for a parent or guardian described in paragraph (3), (4), (6), (7), (8), (9), (10), (11), (12), or (13) of subdivision (b) unless the court finds, by clear and convincing evidence, that reunification is in the best interest of the minor.

In addition, the court shall not order reunification in any situation described in paragraph (5) of subdivision (b) unless it finds that, based on competent testimony, those services are likely to prevent reabuse or continued neglect of the minor or that failure to try reunification will be detrimental to the minor because the minor is closely and positively attached to that parent. The probation officer shall investigate the circumstances leading to the removal of the minor and advise the court whether there are circumstances which indicate that reunification is likely to be successful or unsuccessful and whether failure to order reunification is likely to be detrimental to the minor.

The failure of the parent to respond to previous services, the fact that the minor was abused while the parent was under the influence of drugs or alcohol, a past history of violent behavior, or testimony by a competent professional that the parent's behavior is unlikely to be changed by services are among the factors indicating that reunification services are unlikely to be successful. The fact that a parent or guardian is no longer living with an individual who severely abused the minor may be considered in deciding that reunification services are likely to be successful, provided that the court shall consider any pattern of behavior on the part of the parent that has exposed the minor to repeated abuse.

(d) If reunification services are not ordered pursuant to paragraph (1) of subdivision (b) and the whereabouts of a parent become known within six months of the out-of-home placement of the minor, the court shall order the probation officer to provide family reunification services in accordance with this subdivision.

However, the time limits specified in subdivision (a) and Section 366.25 are not tolled by the parent's absence.

(e) (1) If the parent or guardian is incarcerated or institutionalized, the court shall order reasonable services unless the court determines, by clear and convincing evidence, those services would be detrimental to the minor. In determining detriment, the court shall consider the age of the minor, the degree of parent-child bonding, the length of the sentence, the nature of the treatment, the nature of crime or illness, the degree of detriment to the minor if services are not offered and, for minors 10 years of age or older, the minor's attitude toward the implementation of family reunification services, and any other appropriate factors. Reunification services are subject to the 18-month limitation imposed in subdivision (a). Services may include, but shall not be limited to, all of the following:

(A) Maintaining contact between the parent and minor through collect telephone calls.

(B) Transportation services, where appropriate.

(C) Visitation services, where appropriate.

(D) Reasonable services to extended family members or foster parents providing care for the minor if the services are not detrimental to the minor.

An incarcerated parent may be required to attend counseling, parenting classes, or vocational training programs as part of the service plan if these programs are available.

(2) The presiding judge of the juvenile court of each county may convene representatives of the county welfare department, the sheriff's department, and other appropriate entities for the purpose of developing and entering into protocols for ensuring the notification, transportation, and presence of an incarcerated or institutionalized parent at all court hearings involving proceedings affecting the minor pursuant to Section 2625 of the Penal Code.

(3) Notwithstanding any other provision of law, if the incarcerated parent is a woman seeking to participate in the community treatment program operated by the Department of Corrections pursuant to Chapter 4.8 (commencing with Section 1174) of Title 7 of Part 2 of, Chapter 4 (commencing with Section 3410) of Title 2 of Part 3 of, the Penal Code, the court shall determine whether the parent's participation in a program is in the child's best interest and whether it is suitable to meet the needs of the parent and child.

(f) If a court, pursuant to paragraph (2), (3), (4), (5), (6), (7), (8), (9), (10), (11), (12), or (13) of subdivision (b) or paragraph (1) of subdivision (e), does not order reunification services, it shall conduct a hearing pursuant to Section 366.25 or 366.26 within 120 days of the dispositional hearing. However, the court shall not schedule a hearing so long as the other parent is being provided reunification services pursuant to subdivision (a). The court may continue to

permit the parent to visit the minor unless it finds that visitation would be detrimental to the minor.

(g) Whenever a court orders that a hearing shall be held pursuant to Section 366.25 or 366.26, it shall direct the agency supervising the minor and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties which are not served by a county adoption agency, to prepare an assessment which shall include:

(1) Current search efforts for an absent parent or parents.

(2) A review of the amount of and nature of any contact between the minor and his or her parents since the time of placement.

(3) An evaluation of the minor's medical, development, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the minor's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship.

(5) The relationship of the minor to any identified prospective adoptive parent or guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the minor concerning placement and the adoption or guardianship, unless the minor's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(6) An analysis of the likelihood that the minor will be adopted if parental rights are terminated.

(h) In determining whether reunification services will benefit the minor pursuant to paragraph (6) or (7) of subdivision (b), the court shall consider any information it deems relevant, including the following factors:

(1) The specific act or omission comprising the severe sexual abuse or the severe physical harm inflicted on the minor or the minor's sibling or half-sibling.

(2) The circumstances under which the abuse or harm was inflicted on the minor or the minor's sibling or half-sibling.

(3) The severity of the emotional trauma suffered by the minor or the minor's sibling or half-sibling.

(4) Any history of abuse of other children by the offending parent or guardian.

(5) The likelihood that the minor may be safely returned to the care of the offending parent or guardian within 18 months with no continuing supervision.

(6) Whether or not the minor desires to be reunified with the offending parent or guardian.

(i) The court shall read into the record the basis for a finding of severe sexual abuse or the infliction of severe physical harm under paragraph (6) of subdivision (b), and shall also specify the factual findings used to determine that the provision of reunification services to the offending parent or guardian would not benefit the minor.

(j) This section shall become operative January 1, 1999.

SEC. 19. Section 366 of the Welfare and Institutions Code is amended to read:

366. (a) The status of every dependent child in foster care shall be reviewed periodically as determined by the court but no less frequently than once every six months, as calculated from the date of the original dispositional hearing, until the hearing described in Section 366.25 or 366.26 is completed. The court shall determine the continuing necessity for and appropriateness of the placement, the extent of compliance with the case plan, the continuing need to suspend sibling interaction, if applicable, pursuant to subdivision (c) of Section 16002, and the extent of progress which has been made toward alleviating or mitigating the causes necessitating placement in foster care, and shall project a likely date by which the child may be returned to the home or placed for adoption or legal guardianship.

(b) Subsequent to the hearing periodic reviews of each child in foster care shall be conducted pursuant to the requirements of Sections 366.3 and 16503.

(c) If the child has been placed out-of-state, each review described in subdivision (a) and any reviews conducted pursuant to Sections 366.3 and 16503 shall also address whether the out-of-state placement continues to be the most appropriate placement selection and in the best interests of the child.

SEC. 20. Section 366.21 of the Welfare and Institutions Code, as amended by Section 6.9 of Chapter 1084 of the Statutes of 1996, is amended to read:

366.21. (a) Every hearing conducted by the juvenile court reviewing the status of a dependent child shall be placed on the appearance calendar. The court shall advise all persons present at the hearing of the date of the future hearing and of their right to be present and represented by counsel.

(b) Except as provided in Section 366.23 and subdivision (a) of Section 366.3, notice of the hearing shall be mailed by the probation officer to the same persons as in the original proceeding, to the minor's parent or guardian, to the foster parents, community care facility, or foster family agency having physical custody of the minor in the case of a minor removed from the physical custody of his or her parent or guardian, and to the counsel of record if the counsel of record was not present at the time that the hearing was set by the court, by first-class mail addressed to the last known address of the person to be notified, or shall be personally served on those persons, not earlier than 30 days nor later than 15 days preceding the date to which the hearing was continued. Service of a copy of the notice

personally or by certified mail return receipt requested, or any other form of actual notice is equivalent to service by first-class mail.

The notice shall contain a statement regarding the nature of the hearing to be held and any change in the custody or status of the minor being recommended by the supervising agency. The notice to the foster parent shall indicate that the foster parent may attend all hearings or may submit any information he or she deems relevant to the court in writing.

(c) At least 10 calendar days prior to the hearing the probation officer shall file a supplemental report with the court regarding the services provided or offered to the parent or guardian to enable them to assume custody and the efforts made to achieve legal permanence for the child if efforts to reunify fail, the progress made, and, where relevant, the prognosis for return of the minor to the physical custody of his or her parent or guardian, and make his or her recommendation for disposition. If the recommendation is not to return the minor to a parent or guardian, the report shall specify why the return of the minor would be detrimental to the minor. The probation officer shall provide the parent or guardian with a copy of the report, including his or her recommendation for disposition, at least 10 calendar days prior to the hearing. In the case of a minor removed from the physical custody of his or her parent or guardian, the probation officer shall provide a summary of his or her recommendation for disposition to the counsel for the minor, any court-appointed child advocate, foster parents, community care facility, or foster family agency having the physical custody of the minor at least 10 calendar days before the hearing.

(d) Prior to any hearing involving a minor in the physical custody of a community care facility or foster family agency that may result in the return of the minor to the physical custody of his or her parent or guardian, or in adoption or the creation of a legal guardianship, the facility or agency shall file with the court a report containing its recommendation for disposition. Prior to such a hearing involving a minor in the physical custody of a foster parent, the foster parent may file with the court a report containing his or her recommendation for disposition. The court shall consider the report and recommendation filed pursuant to this subdivision prior to determining any disposition.

(e) At the review hearing held six months after the initial dispositional hearing, the court shall order the return of the minor to the physical custody of his or her parent or guardian unless the court finds, by a preponderance of the evidence, that the return of the minor to his or her parent or guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the minor. The probation officer shall have the burden of establishing that detriment. The failure of the parent or guardian to participate regularly in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its

determination, the court shall review and consider the probation officer's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; and shall consider the efforts or progress, or both, demonstrated by the parent or guardian and the extent to which he or she cooperated and availed himself or herself of services provided.

Evidence of any or all of the following circumstances shall not, in and of themselves, be deemed a failure to provide or offer reasonable services:

(A) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(B) The case plan includes services to achieve legal permanence for the child if efforts to reunify fail.

(C) Services to achieve legal permanence for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

Whether or not the minor is returned to a parent or guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental or would not be detrimental. The court also shall make appropriate findings pursuant to subdivision (a) of Section 366; and where relevant, shall order any additional services reasonably believed to facilitate the return of the minor to the custody of his or her parent or guardian. The court shall also inform the parent or guardian that if the minor cannot be returned home by the next review hearing, a proceeding pursuant to Section 366.26 may be instituted. This section does not apply in a case where, pursuant to Section 361.5, the court has ordered that reunification services shall not be provided.

If the minor was under the age of three years on the date of the initial removal and the court finds by clear and convincing evidence that the parent failed to participate regularly in any court-ordered treatment plan, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If, however, the court finds there is a substantial probability that the minor, who was under the age of three years on the date of initial removal, may be returned to his or her parent or guardian within six months or that reasonable services have not been provided, the court shall continue the case.

If the minor was removed initially under subdivision (g) of Section 300 and the court finds by clear and convincing evidence that the whereabouts of the parent are still unknown, or the parent has failed to contact and visit the minor, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If the court finds by clear and convincing evidence that the parent has been convicted of a felony indicating parental unfitness, the court may schedule a hearing pursuant to Section 366.26 within 120 days.

If the minor had been placed under court supervision with a previously noncustodial parent pursuant to Section 361.2, the court shall determine whether supervision is still necessary. The court may

terminate supervision and transfer permanent custody to that parent, as provided for by paragraph (1) of subdivision (a) of Section 361.2.

In all other cases, the court shall direct that any reunification services previously ordered shall continue to be offered to the parent or guardian pursuant to the time periods set forth in subdivision (a) of Section 361.5, provided that the court may modify the terms and conditions of those services. If the minor is not returned to his or her parent or guardian, the court shall determine whether reasonable services have been provided or offered to the parent or guardian which were designed to aid the parent or guardian in overcoming the problems which led to the initial removal and the continued custody of the minor. The court shall order that those services be initiated, continued, or terminated.

(f) At the review hearing held 12 months after the initial dispositional hearing, the court shall order the return of the minor to the physical custody of his or her parent or guardian unless the court finds, by a preponderance of the evidence, that the return of the minor to his or her parent or guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the minor. The probation officer shall have the burden of establishing that detriment. The court shall also determine whether reasonable services have been provided or offered to the parent or guardian which were designed to aid the parent or guardian to overcome the problems that led to the initial removal and continued custody of the minor. The failure of the parent or guardian to participate regularly in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the probation officer's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; shall consider the efforts or progress, or both, demonstrated by the parent or guardian and the extent to which he or she availed himself or herself of services provided; and shall make appropriate findings pursuant to subdivision (a) of Section 366.

Evidence of any or all of the following circumstances shall not, in and of themselves, be deemed a failure to provide or offer reasonable services:

(A) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(B) The case plan includes services to achieve legal permanence for the child if efforts to reunify fail.

(C) Services to achieve legal permanence for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

Whether or not the minor is returned to his or her parent or guardian, the court shall specify the factual basis for its decision. If the minor is not returned to a parent or guardian, the court shall specify

the factual basis for its conclusion that the return would be detrimental. The court also shall make a finding pursuant to subdivision (a) of Section 366.

(g) If the time period in which the court-ordered services were provided has met or exceeded the time period set forth in paragraph (1) or (2) of subdivision (a) of Section 361.5, as appropriate, and a minor is not returned to the custody of a parent or guardian at the hearing held pursuant to subdivision (f), the court shall do one of the following:

(1) Continue the case for up to six months for another review hearing, provided that the hearing shall occur within 18 months of the date the minor was originally taken from the physical custody of his or her parent or guardian. The court shall continue the case only if it finds that there is a substantial probability that the minor will be returned to the physical custody of his or her parent or guardian within six months or that reasonable services have not been provided to the parent or guardian. The court shall inform the parent or guardian that if the minor cannot be returned home by the next review hearing, a permanent plan shall be developed at that hearing. The court shall not order that a hearing pursuant to Section 366.26 be held unless there is clear and convincing evidence that reasonable services have been provided or offered to the parent or guardian.

(2) Order that the minor remain in long-term foster care, if the court finds by clear and convincing evidence, based upon the evidence already presented to it, that the minor is not a proper subject for adoption and has no one willing to accept legal guardianship.

(3) Order that a hearing be held within 120 days, pursuant to Section 366.26, if there is clear and convincing evidence that reasonable services have been provided or offered to the parents.

Evidence of any or all of the following circumstances shall not, in and of themselves, be deemed a failure to provide or offer reasonable services:

(A) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(B) The case plan includes services to achieve legal permanence for the child if efforts to reunify fail.

(C) Services to achieve legal permanence for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

(h) In any case in which the court orders that a hearing pursuant to Section 366.26 shall be held, it shall also order the termination of reunification services to the parent. The court shall continue to permit the parent to visit the minor pending the hearing unless it finds that visitation would be detrimental to the minor.

(i) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department

of Social Services when it is acting as an adoption agency in counties which are not served by a county adoption agency, to prepare an assessment regarding the likelihood that the minor will be adopted if parental rights are terminated. The assessment shall include:

(1) Current search efforts for an absent parent or parents.

(2) A review of the amount of and nature of any contact between the minor and his or her parents since the time of placement.

(3) An evaluation of the minor's medical, developmental, scholastic, mental, and emotional status and an analysis of whether any of the minor's characteristics would make it difficult to find a person willing to adopt the minor.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the minor's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship.

(5) The relationship of the minor to any identified prospective adoptive parent or guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the minor concerning placement and the adoption or guardianship, unless the minor's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(j) This section shall apply to minors made dependents of the court pursuant to subdivision (c) of Section 360 on or after January 1, 1989.

(k) This section shall remain in effect only until January 1, 1999, and as of that date is repealed, unless a later enacted statute, which is enacted on or before January 1, 1999, deletes or extends that date.

SEC. 21. Section 366.21 of the Welfare and Institutions Code, as amended by Section 7.9 of Chapter 1084 of the Statutes of 1996, is amended to read:

366.21. (a) Every hearing conducted by the juvenile court reviewing the status of a dependent child shall be placed on the appearance calendar. The court shall advise all persons present at the hearing of the date of the future hearing and of their right to be present and represented by counsel.

(b) Except as provided in Section 366.23 and subdivision (a) of Section 366.3, notice of the hearing shall be mailed by the probation officer to the same persons as in the original proceeding, to the minor's parent or guardian, to the foster parents, community care facility, or foster family agency having physical custody of the minor in the case of a minor removed from the physical custody of his or her parent or guardian, and to the counsel of record if the counsel of record was not present at the time that the hearing was set by the court, by first-class mail addressed to the last known address of the

person to be notified, or shall be personally served on those persons, not earlier than 30 days nor later than 15 days preceding the date to which the hearing was continued. Service of a copy of the notice personally or by certified mail return receipt requested, or any other form of actual notice is equivalent to service by first-class mail.

The notice shall contain a statement regarding the nature of the hearing to be held and any change in the custody or status of the minor being recommended by the supervising agency. The notice to the foster parent shall indicate that the foster parent may attend all hearings or may submit any information he or she deems relevant to the court in writing.

(c) At least 10 calendar days prior to the hearing the probation officer shall file a supplemental report with the court regarding the services provided or offered to the parent or guardian to enable them to assume custody and the efforts made to achieve legal permanence for the child if efforts to reunify fail, the progress made, and, where relevant, the prognosis for return of the minor to the physical custody of his or her parent or guardian, and make his or her recommendation for disposition. If the recommendation is not to return the minor to a parent or guardian, the report shall specify why the return of the minor would be detrimental to the minor. The probation officer shall provide the parent or guardian with a copy of the report, including his or her recommendation for disposition, at least 10 calendar days prior to the hearing. In the case of a minor removed from the physical custody of his or her parent or guardian, the probation officer shall provide a summary of his or her recommendation for disposition to the counsel for the minor, any court-appointed child advocate, foster parents, community care facility, or foster family agency having the physical custody of the minor at least 10 calendar days before the hearing.

(d) Prior to any hearing involving a minor in the physical custody of a community care facility or foster family agency that may result in the return of the minor to the physical custody of his or her parent or guardian, or in adoption or the creation of a legal guardianship, the facility or agency shall file with the court a report containing its recommendation for disposition. Prior to such a hearing involving a minor in the physical custody of a foster parent, the foster parent may file with the court a report containing its recommendation for disposition. The court shall consider the report and recommendation filed pursuant to this subdivision prior to determining any disposition.

(e) At the review hearing held six months after the initial dispositional hearing, the court shall order the return of the minor to the physical custody of his or her parent or guardian unless the court finds, by a preponderance of the evidence, that the return of the minor to his or her parent or guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the minor. The probation officer shall have the burden

of establishing that detriment. The failure of the parent or guardian to participate regularly in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the probation officer's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; and shall consider the efforts or progress, or both, demonstrated by the parent or guardian and the extent to which he or she availed himself or herself of services provided.

Evidence of any or all of the following circumstances shall not, in and of themselves, be deemed a failure to provide or offer reasonable services:

(A) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(B) The case plan includes services to achieve legal permanence for the child if efforts to reunify fail.

(C) Services to achieve legal permanence for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

Whether or not the minor is returned to a parent or guardian, the court shall specify the factual basis for its conclusion that the return would be detrimental or would not be detrimental. The court also shall make appropriate findings pursuant to subdivision (a) of Section 366; and where relevant, shall order any additional services reasonably believed to facilitate the return of the minor to the custody of his or her parent or guardian. The court shall also inform the parent or guardian that if the minor cannot be returned home by the next review hearing, a proceeding pursuant to Section 366.26 may be instituted. This section does not apply in a case where, pursuant to Section 361.5, the court has ordered that reunification services shall not be provided.

If the minor was under the age of three years on the date of the initial removal and the court finds by clear and convincing evidence that the parent failed to participate regularly in any court-ordered treatment plan, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If, however, the court finds there is a substantial probability that the minor, who was under the age of three years on the date of initial removal, may be returned to his or her parent or guardian within six months or that reasonable services have not been provided, the court shall continue the case.

If the minor was removed initially under subdivision (g) of Section 300 and the court finds by clear and convincing evidence that the whereabouts of the parent are still unknown, or the parent has failed to contact and visit the minor, the court may schedule a hearing pursuant to Section 366.26 within 120 days. If the court finds by clear and convincing evidence that the parent has been convicted of a felony indicating parental unfitness, the court may schedule a hearing pursuant to Section 366.26 within 120 days.

If the minor had been placed under court supervision with a previously noncustodial parent pursuant to Section 361.2, the court shall determine whether supervision is still necessary. The court may terminate supervision and transfer permanent custody to that parent, as provided for by paragraph (1) of subdivision (a) of Section 361.2.

In all other cases, the court shall direct that any reunification services previously ordered shall continue to be offered to the parent or guardian pursuant to the time periods set forth in subdivision (a) of Section 361.5, provided that the court may modify the terms and conditions of those services.

If the minor is not returned to his or her parent or guardian, the court shall determine whether reasonable services have been provided or offered to the parent or guardian which were designed to aid the parent or guardian in overcoming the problems which led to the initial removal and the continued custody of the minor. The court shall order that those services be initiated, continued, or terminated.

(f) At the review hearing held 12 months after the initial dispositional hearing, the court shall order the return of the minor to the physical custody of his or her parent or guardian unless the court finds, by a preponderance of the evidence, that the return of the minor to his or her parent or guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the minor. The probation officer shall have the burden of establishing that detriment. The failure of the parent or guardian to participate regularly in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the probation officer's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; shall consider the efforts or progress, or both, demonstrated by the parent or guardian and the extent to which he or she availed himself or herself of services provided; and shall make appropriate findings pursuant to subdivision (a) of Section 366.

Evidence of any or all of the following circumstances shall not, in and of themselves, be deemed a failure to provide or offer reasonable services:

(A) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(B) The case plan includes services to achieve legal permanence for the child if efforts to reunify fail.

(C) Services to achieve legal permanence for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

Whether or not the minor is returned to his or her parent or guardian, the court shall specify the factual basis for its decision. If the minor is not returned to a parent or guardian, the court shall specify

the factual basis for its conclusion that the return would be detrimental. The court also shall make a finding pursuant to subdivision (a) of Section 366.

(g) If the time period in which the court-ordered services were provided has met or exceeded the time period set forth in paragraph (1) or (2) of subdivision (a) of Section 361.5, as appropriate, and a minor is not returned to the custody of a parent or guardian at the hearing held pursuant to subdivision (f), the court shall do one of the following:

(1) Continue the case for up to six months for another review hearing, provided that the hearing shall occur within 18 months of the date the minor was originally taken from the physical custody of his or her parent or guardian. The court shall continue the case only if it finds that there is a substantial probability that the minor will be returned to the physical custody of his or her parent or guardian within six months or that reasonable services have not been provided to the parent or guardian. The court shall inform the parent or guardian that if the minor cannot be returned home by the next review hearing, a permanent plan shall be developed at that hearing. The court shall not order that a hearing pursuant to Section 366.26 be held unless there is clear and convincing evidence that reasonable services have been provided or offered to the parent or guardian.

(2) Order that the minor remain in long-term foster care, if the court finds by clear and convincing evidence, based upon the evidence already presented to it, that the minor is not a proper subject for adoption and has no one willing to accept legal guardianship.

(3) Order that a hearing be held within 120 days, pursuant to Section 366.26, if there is clear and convincing evidence that reasonable services have been provided or offered to the parents.

Evidence of any or all of the following circumstances shall not, in and of themselves, be deemed a failure to provide or offer reasonable services:

(A) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(B) The case plan includes services to achieve legal permanence for the child if efforts to reunify fail.

(C) Services to achieve legal permanence for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

(h) In any case in which the court orders that a hearing pursuant to Section 366.26 shall be held, it shall also order the termination of reunification services to the parent. The court shall continue to permit the parent to visit the minor pending the hearing unless it finds that visitation would be detrimental to the minor.

(i) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held, it shall direct the agency supervising the minor and the licensed county adoption agency, or the State Department

of Social Services when it is acting as an adoption agency in counties which are not served by a county adoption agency, to prepare an assessment which shall include:

(1) Current search efforts for an absent parent or parents.

(2) A review of the amount of and nature of any contact between the minor and his or her parents since the time of placement.

(3) An evaluation of the minor's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the minor's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship.

(5) The relationship of the minor to any identified prospective adoptive parent or guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the minor concerning placement and the adoption or guardianship, unless the minor's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(6) An analysis of the likelihood that the minor will be adopted if parental rights are terminated.

(j) This section shall apply to minors made dependents of the court pursuant to subdivision (c) of Section 360 on or after January 1, 1989.

(k) This section shall become operative January 1, 1999.

SEC. 22. Section 366.22 of the Welfare and Institutions Code, as amended by Section 8 of Chapter 1084 of the Statutes of 1996, is amended to read:

366.22. (a) When a case has been continued pursuant to paragraph (1) of subdivision (g) of Section 366.21, the court, at the 18-month hearing, shall order the return of the minor to the physical custody of his or her parent or guardian unless the court finds, by a preponderance of the evidence, that the return of the minor to his or her parent or guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the minor. The probation officer shall have the burden of establishing that detriment. The failure of the parent or guardian to participate regularly in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. In making its determination, the court shall review and consider the probation officer's report and recommendations and the report and recommendations of any child advocate appointed pursuant to Section 356.5; shall consider the efforts or progress, or both, demonstrated by the parent or guardian and the extent to which he

or she availed himself or herself of services provided; and shall make appropriate findings pursuant to subdivision (a) of Section 366.

Evidence of any or all of the following circumstances shall not, in and of themselves, be deemed a failure to provide or offer reasonable services:

(A) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(B) The case plan includes services to achieve legal permanence for the child if efforts to reunify fail.

(C) Services to achieve legal permanence for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

Whether or not the minor is returned to his or her parent or guardian, the court shall specify the factual basis for its decision. If the minor is not returned to a parent or guardian, the court shall specify the factual basis for its conclusion that return would be detrimental.

If the minor is not returned to a parent or guardian at the 18-month hearing, the court shall develop a permanent plan. The court shall order that a hearing be held pursuant to Section 366.26 in order to determine whether adoption, guardianship, or long-term foster care is the most appropriate plan for the minor. However, if the court finds by clear and convincing evidence, based on the evidence already presented to it that the minor is not a proper subject for adoption and has no one willing to accept legal guardianship, the court may order that the minor remain in long-term foster care. The hearing shall be held no later than 120 days from the date of the 18-month hearing. The court shall also order termination of reunification services to the parent. The court shall continue to permit the parent to visit the minor unless it finds that visitation would be detrimental to the minor. The court shall determine whether reasonable services have been offered or provided to the parent or guardian.

(b) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties which are not served by a county adoption agency, to prepare an assessment regarding the likelihood that the minor will be adopted if parental rights are terminated. The assessment shall include:

(1) Current search efforts for an absent parent or parents.

(2) A review of the amount of and nature of any contact between the minor and his or her parents or other members of his or her extended family since the time of placement. Although the extended family of each minor shall be reviewed on a case-by-case basis, "extended family" for the purposes of this paragraph shall include, but not be limited to, the minor's siblings, grandparents, aunts, and uncles.

(3) An evaluation of the minor's medical, developmental, scholastic, mental, and emotional status and an analysis of whether

any of the minor's characteristics would make it difficult to find a person willing to adopt the minor.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the minor's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship.

(5) The relationship of the minor to any identified prospective adoptive parent or guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship, and a statement from the minor concerning placement and the adoption or guardianship, unless the minor's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(c) This section shall remain in effect only until January 1, 1999, and as of that date is repealed, unless a later enacted statute, which is enacted on or before January 1, 1999, deletes or extends that date.

SEC. 23. Section 366.22 of the Welfare and Institutions Code, as amended by Section 9 of Chapter 1084 of the Statutes of 1996, is amended to read:

366.22. (a) When a case has been continued pursuant to paragraph (1) of subdivision (g) of Section 366.21, the court, at the 18-month hearing, shall order the return of the minor to the physical custody of his or her parent or guardian unless the court finds, by a preponderance of the evidence, that the return of the minor to his or her parent or guardian would create a substantial risk of detriment to the safety, protection, or physical or emotional well-being of the minor. The probation officer shall have the burden of establishing that detriment. The failure of the parent or guardian to participate regularly in court-ordered treatment programs shall be prima facie evidence that return would be detrimental. Evidence of any or all of the following circumstances shall not, in and of themselves, be deemed a failure to provide or offer reasonable services:

(A) The child has been placed with a foster family that is eligible to adopt a child, or has been placed in a preadoptive home.

(B) The case plan includes services to achieve legal permanence for the child if efforts to reunify fail.

(C) Services to achieve legal permanence for the child, if efforts to reunify fail, are provided concurrently with services to reunify the family.

Whether or not the minor is returned to his or her parent or guardian, the court shall specify the factual basis for its decision. If the minor is not returned to a parent or guardian, the court shall specify the factual basis for its conclusion that return would be detrimental.

If the minor is not returned to a parent or guardian at the 18-month hearing, the court shall develop a permanent plan. The court shall order that a hearing be held pursuant to Section 366.26 in order to determine whether adoption, guardianship, or long-term foster care is the most appropriate plan for the minor. However, if the court finds by clear and convincing evidence, based on the evidence already presented to it that the minor is not a proper subject for adoption and has no one willing to accept legal guardianship, the court may order that the minor remain in long-term foster care. The hearing shall be held no later than 120 days from the date of the 18-month hearing. The court shall also order termination of reunification services to the parent. The court shall continue to permit the parent to visit the minor unless it finds that visitation would be detrimental to the minor. The court shall determine whether reasonable services have been offered or provided to the parent or guardian.

(b) Whenever a court orders that a hearing pursuant to Section 366.26 shall be held, it shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties which are not served by a county adoption agency, to prepare an assessment which shall include:

(1) Current search efforts for an absent parent or parents.

(2) A review of the amount of and nature of any contact between the minor and his or her parents or other members of his or her extended family since the time of placement. (3) An evaluation of the minor's medical, developmental, scholastic, mental, and emotional status.

(4) A preliminary assessment of the eligibility and commitment of any identified prospective adoptive parent or guardian, particularly the caretaker, to include a social history including screening for criminal records and prior referrals for child abuse or neglect, the capability to meet the minor's needs, and the understanding of the legal and financial rights and responsibilities of adoption and guardianship.

(5) The relationship of the minor to any identified prospective adoptive parent or guardian, the duration and character of the relationship, the motivation for seeking adoption or guardianship,

and a statement from the minor concerning placement and the adoption or guardianship, unless the minor's age or physical, emotional, or other condition precludes his or her meaningful response, and if so, a description of the condition.

(6) An analysis of the likelihood that the minor will be adopted if parental rights are terminated.

(c) This section shall become operative January 1, 1999.

SEC. 24. Section 366.23 of the Welfare and Institutions Code is amended to read:

366.23. (a) Whenever a juvenile court schedules a hearing pursuant to Section 366.26 regarding a minor, it shall direct that the fathers, presumed and alleged, and mother of the minor, the minor, if 10 years of age or older, and any counsel of record, shall be notified of the time and place of the proceedings and advised that they may appear. The notice shall also advise them of the right to counsel, the nature of the proceedings, and of the requirement that at the proceedings the court shall select and implement a plan of adoption, legal guardianship, or long-term foster care for the minor. In all cases where a parent has relinquished his or her child for the purpose of adoption, no notice need be given to that parent. Service of the notice shall be completed at least 45 days before the date of the hearing, except in those cases where notice by publication is ordered in which case the service of the notice shall be completed at least 30 days before the date of the hearing. If the petitioner is recommending termination of parental rights, notice of this recommendation shall be either included in the notice of a hearing scheduled pursuant to Section 366.26 and served within the time period specified in this subdivision or provided by separate notice to all persons entitled to receive notice by first-class mail at least 15 days before the scheduled hearing.

(b) Notice to the parent of the hearing may be given in any of the following manners:

(1) Personal service to the parent named in the notice.

(2) Delivery to a competent person who is at least 18 years of age at the parent's usual place of residence or business, and thereafter mailed to the parent named in the notice by first-class mail at the place where the notice was delivered.

(3) If the place of residence is outside the state, service may be made in the manner prescribed in paragraph (1) or (2), or by certified mail, return receipt requested.

(4) If the recommendation of the petitioner is limited to legal guardianship or long-term foster care, service may be made by first-class mail to the parent's usual place of residence or business.

(5) If the father or mother of the minor or any person alleged to be or claiming to be the father or mother cannot, with reasonable diligence, be served as provided for in paragraph (1), (2), (3), or (4) or if his or her place of residence is not known, the probation officer shall file an affidavit with the court at least 75 days before the date

of the hearing, stating the name of the father or mother or alleged father or mother and his or her place of residence, if known, setting forth the efforts that have been made to locate and serve the parent.

(A) If the court determines that there has been due diligence in attempting to locate and serve the parent, and the petitioner limits the recommendation to legal guardianship or long-term foster care, the court shall order that notice be given to the grandparents of the minor, if there are any and if their residences and relationships to the minor are known, by first-class mail of the time and place of the proceedings and that they may appear. In any case where the residence of the parent or alleged parent becomes known, notice shall immediately be served upon the parent or alleged parent as set forth in paragraph (1), (2), (3), or (4).

(B) If the court determines that there has been due diligence in attempting to locate and serve the parent and the petitioner does not limit the recommendation to legal guardianship or long-term foster care, the court shall order that service to the parent be by certified mail, return receipt requested, to the parent's counsel of record, if any. If the parent does not have counsel of record, the court shall order that the service be made by publication of a citation requiring the father or mother, or alleged father or mother, to appear at the time and place stated in the citation, and that the citation be published in a newspaper designated as most likely to give notice to the father or mother. Publication shall be made once a week for four successive weeks. In case of service to the parent by certified mail on the counsel of record or publication where the residence of a parent or alleged parent becomes known, notice shall immediately be served upon the parent or alleged parent as set forth in paragraph (1), (2), or (3). When service to the parent by certified mail on the counsel of record or publication is ordered, service of a copy of the notice in the manner provided for in paragraph (1), (2), or (3) is equivalent to service by certified mail on the counsel of record or publication. In any case where service to the parent by certified mail on the counsel of record or publication is ordered, the court shall also order that notice be given to the grandparents of the minor, if there are any and if their residences and relationships to the minor are known, by first-class mail of the time and place of the proceedings and that they may appear.

If the identity of one or both of the parents or alleged parents of the minor is unknown or if the name of either or both of his or her parents or alleged parents is uncertain, then that fact shall be set forth in the affidavit and the court, if ordering publication, shall order the published citation to be directed to either the father or the mother, or both, of the minor, and to all persons claiming to be the father or mother of the minor naming and otherwise describing the minor. Personal service of a copy of the notice or any other form of actual notice to counsel of record is the equivalent of service to counsel of record by certified mail, return receipt requested.

(6) Notwithstanding paragraphs (1) to (5), inclusive, if the parent is present at the hearing at which the court schedules a hearing pursuant to Section 366.26 regarding the minor, the court shall advise the parent of the time and place of the proceedings, their right to counsel, the nature of the proceedings, and of the requirement that at the proceedings the court select and implement a plan of adoption, legal guardianship, or long-term foster care for the minor. The court shall order the parent to appear for the proceedings and then direct that the parent be noticed thereafter by first-class mail to the parent's usual place of residence or business only.

(7) Notwithstanding paragraphs (1) to (5), inclusive, whenever the whereabouts of a parent is not known at the time the court schedules a hearing pursuant to Section 366.26 regarding a minor, and the petitioner presents to the court an affidavit setting forth the name of the parent and the efforts that have been made to locate the parent, the court shall order that the notice for the parent be as set forth in subparagraph (A) or (B) of paragraph (5).

(c) Notice to the minor, if 10 years of age or older of the hearing shall be by first-class mail.

(d) Service is deemed complete at the time the notice is personally delivered to the party named in the notice, or 10 days after the notice has been placed in the mail, or at the expiration of the time prescribed by the order for publication, whichever occurs first. Notwithstanding subdivision (a), if the counsel of record is present at the time that the court schedules a hearing pursuant to Section 366.26 no further notice to the counsel of record shall be required, except to notice counsel of a recommendation to terminate parental rights as set forth in subdivision (a) or as required by subparagraph (B) of paragraph (5) of subdivision (b).

(e) Notwithstanding subdivisions (a) and (b) of this section and Section 7666 of the Family Code, the juvenile court shall order that no notice of the hearing under Section 366.26 be provided to all of the following:

(1) A mother or presumed father who has relinquished the child to the State Department of Social Services or to a licensed adoption agency for adoption, and the relinquishment has been accepted and filed with notice as required under Section 8700 of the Family Code.

(2) An alleged father who has denied paternity and has executed Section 1 of Judicial Council form Paternity-Waiver of Rights (JV-505) waiving notice of further hearings.

(3) An alleged father who has relinquished the child to the department or to a licensed adoption agency for adoption, and the relinquishment has been accepted and filed with notice as required under Section 8700 of the Family Code.

SEC. 25. Section 366.26 of the Welfare and Institutions Code is amended to read:

366.26. (a) This section applies to minors who are adjudged dependent children of the juvenile court pursuant to subdivision (c)

of Section 360 on or after January 1, 1989. The procedures specified herein are the exclusive procedures for conducting these hearings; Part 2 (commencing with Section 3020) of Division 8 of the Family Code is not applicable to these proceedings. Section 8714.7 of the Family Code is applicable and available to all dependent children meeting the requirements of that section. For minors who are adjudged dependent children of the juvenile court pursuant to subdivision (c) of Section 360 on or after January 1, 1989, this section and Sections 8604, 8605, 8606, and 8700 of the Family Code and Chapter 5 (commencing with Section 7660) of Part 3 of Division 12 of the Family Code specify the exclusive procedures for permanently terminating parental rights with regard to, or establishing legal guardianship of, the minor while the minor is a dependent child of the juvenile court.

(b) At the hearing, which shall be held in juvenile court for all minors who are dependents of the juvenile court, the court, in order to provide stable, permanent homes for these minors, shall review the report as specified in Section 361.5, 366.21, or 366.22, shall indicate that the court has read and considered it, shall receive other evidence that the parties present, and then shall do one of the following:

(1) Permanently terminate the rights of the parent or parents and order that the minor be placed for adoption and, upon the filing of a petition for adoption in the juvenile court, order that a hearing be set. The court shall proceed with the adoption after the appellate rights of the natural parents have been exhausted.

(2) Without permanently terminating parental rights, identify adoption as the permanent placement goal and order that efforts be made to locate an appropriate adoptive family for the minor within a period not to exceed 90 days.

(3) Without permanently terminating parental rights, appoint a legal guardian for the minor and issue letters of guardianship.

(4) Order that the minor be placed in long-term foster care, subject to the regular review of the juvenile court.

In choosing among the above alternatives the court shall proceed pursuant to subdivision (c).

(c) At the hearing the court shall proceed pursuant to one of the following procedures:

(1) The court shall terminate parental rights only if it determines by clear and convincing evidence that it is likely that the minor will be adopted based upon the assessment made pursuant to subdivision (i) of Section 366.21 or subdivision (b) of Section 366.22. If the court so determines, the findings pursuant to subdivision (b) or paragraph (1) of subdivision (e) of Section 361.5 that reunification services shall not be offered, or the findings pursuant to subdivision (e) of Section 366.21 that the whereabouts of a parent have been unknown for six months or that the parent has failed to visit or contact the minor for six months or that the parent has been convicted of a felony indicating parental unfitness, or pursuant to Section 366.21 or 366.22

that a minor cannot or should not be returned to his or her parent or guardian, shall then constitute a sufficient basis for termination of parental rights unless the court finds that termination would be detrimental to the minor due to one of the following circumstances:

(A) The parents or guardians have maintained regular visitation and contact with the minor and the minor would benefit from continuing the relationship.

(B) A minor 12 years of age or older objects to termination of parental rights.

(C) The minor is placed in a residential treatment facility, adoption is unlikely or undesirable, and continuation of parental rights will not prevent finding the child a permanent family placement if the parents cannot resume custody when residential care is no longer needed.

(D) The minor is living with a relative or foster parent who is unable or unwilling to adopt the minor because of exceptional circumstances, which do not include an unwillingness to accept legal or financial responsibility for the minor, but who is willing and capable of providing the minor with a stable and permanent environment and the removal of the minor from the physical custody of his or her relative or foster parent would be detrimental to the emotional well-being of the minor. This subparagraph does not apply to any minor, who is living with a nonrelative and who is either (i) under six years of age or (ii) a member of a sibling group where at least one minor is under six years of age and the siblings are, or should be, permanently placed together.

(2) The court shall not terminate parental rights if at each and every hearing at which the court was required to consider reasonable efforts or services, the court has found that reasonable efforts were not made or that reasonable services were not offered or provided.

(3) If the court finds that termination of parental rights would not be detrimental to the minor pursuant to paragraph (1) and that the minor has a probability for adoption but is difficult to place for adoption and there are no prospective adoptive homes available to the minor, the court may identify adoption as the permanent placement goal and without terminating parental rights, order that efforts be made to locate an appropriate adoptive family for the minor for a period not to exceed 90 days. During this 90-day period, the public agency responsible for seeking adoptive parents, for each minor shall, to the extent possible, contact other private and public adoption agencies regarding the availability of the minor for adoption. During the 90-day period, the public agency shall conduct the search for adoptive parents in the same manner as prescribed for children in Sections 8708 and 8709 of the Family Code. At the expiration of this period, another hearing shall be held and the court shall proceed pursuant to paragraph (1), (3), or (4) of subdivision (b). For purposes of this section, a minor may only be found to be difficult to place for adoption if there are no prospective adoptive

homes available to the minor because of the minor's membership in a sibling group, or the presence of a diagnosed medical, physical, or mental handicap, or the minor is aged seven years or more, and evidence presented to the court in the assessment made pursuant to subdivision (i) of Section 366.21 or subdivision (b) of Section 366.22 indicates that the presence and severity of one or more of these factors renders the minor difficult to place.

(4) If the court finds that adoption of the minor or termination of parental rights is not in the interest of the minor, because one of the conditions in subparagraph (A), (B), (C), or (D) of paragraph (1) or in paragraph (2) applies, the court shall either order that the present caretakers or other appropriate persons shall become legal guardians of the minor or order that the minor remain in long-term foster care. Legal guardianship shall be considered before long-term foster care, if it is in the best interests of the minor and if a suitable guardian can be found. When the minor is living with a relative or a foster parent who is willing and capable of providing a stable and permanent environment, but not willing to become a legal guardian, the minor shall not be removed from the home if the court finds the removal would be seriously detrimental to the emotional well-being of the minor because the minor has substantial psychological ties to the relative caretaker or foster parents. The court shall also make an order for visitation with the parents or guardians unless the court finds by a preponderance of the evidence that the visitation would be detrimental to the physical or emotional well-being of the minor.

(5) If the court finds that the minor should not be placed for adoption, that legal guardianship shall not be established, and that there are no suitable foster parents except exclusive-use homes available to provide the minor with a stable and permanent environment, the court may order the care, custody, and control of the minor transferred from the county welfare department or probation department to a licensed foster family agency. The court shall consider the written recommendation of the county welfare director or chief probation officer regarding the suitability of such a transfer. The transfer shall be subject to further court orders.

The licensed foster family agency shall place the minor in a suitable licensed or exclusive-use home which has been certified by the agency as meeting licensing standards. The licensed foster family agency shall be responsible for supporting the minor and for providing appropriate services to the minor, including those services ordered by the court. Responsibility for the support of the minor shall not, in and of itself, create liability on the part of the foster family agency to third persons injured by the minor. Those minors whose care, custody, and control are transferred to a foster family agency shall not be eligible for foster care maintenance payments or child welfare services, except for emergency response services pursuant to Section 16504.

(d) The proceeding for the appointment of a guardian for a minor who is a dependent of the juvenile court shall be in the juvenile court. If the court finds pursuant to this section that legal guardianship is the appropriate permanency plan, it shall appoint the legal guardian and issue letters of guardianship. The assessment prepared pursuant to subdivision (g) of Section 361.5, subdivision (i) of Section 366.21, and subdivision (b) of Section 366.22 shall be read and considered by the court prior to the appointment, and this shall be reflected in the minutes of the court. The person preparing the assessment may be called and examined by any party to the proceeding.

(e) The proceeding for the adoption of a minor who is a dependent of the juvenile court shall be in the juvenile court if the court finds pursuant to this section that adoption is the appropriate permanency plan and the petition for adoption is filed in the juvenile court. Upon the filing of a petition for adoption pursuant to Section 8714 of the Family Code, the juvenile court shall order that an adoption hearing be set. The court shall proceed with the adoption after the appellate rights of the natural parents have been exhausted. The full report required by Section 8715 of the Family Code shall be read and considered by the court prior to the adoption and this shall be reflected in the minutes of the court. The person preparing the report may be called and examined by any party to the proceeding. It is the intent of the Legislature, pursuant to this subdivision, to give potential adoptive parents the option of filing in the juvenile court the petition for the adoption of a minor who is a dependent of the juvenile court. Nothing in this section is intended to prevent the filing of such a petition for adoption in any other court as permitted by law, instead of in the juvenile court.

(f) At the beginning of any proceeding pursuant to this section, if the minor or the parents are not being represented by previously retained or appointed counsel, the court shall proceed as follows:

(1) The court shall consider whether the interests of the minor require the appointment of counsel. If the court finds that the interests of the minor do require this protection, the court shall appoint counsel to represent the minor. If the court finds that the interests of the minor require the representation of counsel, counsel shall be appointed whether or not the minor is able to afford counsel. The minor shall not be present in court unless the minor or the minor's counsel so requests or the court so orders.

(2) If a parent appears without counsel and is unable to afford counsel, the court shall appoint counsel for the parent, unless this representation is knowingly and intelligently waived. The same counsel shall not be appointed to represent both the minor and his or her parent. The public defender or private counsel may be appointed as counsel for the parent.

(3) Private counsel appointed under this section shall receive a reasonable sum for compensation and expenses, the amount of which shall be determined by the court. The amount shall be paid by the

real parties in interest, other than the minor, in any proportions the court deems just. However, if the court finds that any of the real parties in interest are unable to afford counsel, the amount shall be paid out of the general fund of the county.

(g) The court may continue the proceeding for not to exceed 30 days as necessary to appoint counsel, and to enable counsel to become acquainted with the case.

(h) At all proceedings under this section, the court shall consider the wishes of the minor and shall act in the best interests of the minor.

The testimony of the minor may be taken in chambers and outside the presence of the minor's parent or parents if the minor's parent or parents are represented by counsel, the counsel is present, and any of the following circumstances exist:

(1) The court determines that testimony in chambers is necessary to ensure truthful testimony.

(2) The minor is likely to be intimidated by a formal courtroom setting.

(3) The minor is afraid to testify in front of his or her parent or parents.

After testimony in chambers, the parent or parents of the minor may elect to have the court reporter read back the testimony or have the testimony summarized by counsel for the parent or parents.

The testimony of a minor also may be taken in chambers and outside the presence of the guardian or guardians of a minor under the circumstances specified in this subdivision.

(i) Any order of the court permanently terminating parental rights under this section shall be conclusive and binding upon the minor person, upon the parent or parents and upon all other persons who have been served with citation by publication or otherwise as provided in this chapter. After making such an order, the court shall have no power to set aside, change, or modify it, but nothing in this section shall be construed to limit the right to appeal the order.

(j) If the court, by order or judgment declares the minor free from the custody and control of both parents, or one parent if the other does not have custody and control, the court shall at the same time order the minor referred to the State Department of Social Services or a licensed adoption agency for adoptive placement by the agency. However, no petition for adoption may be granted until the appellate rights of the natural parents have been exhausted. The State Department of Social Services or licensed adoption agency shall be responsible for the custody and supervision of the minor and shall be entitled to the exclusive care and control of the minor at all times until a petition for adoption is granted. With the consent of the agency, the court may appoint a guardian of the minor, who shall serve until the minor is adopted.

(k) Notwithstanding any other provision of law, the application of any person who, as a relative caretaker or foster parent, has cared for a dependent child for whom the court has approved a permanent

plan for adoption, or who has been freed for adoption, shall be given preference with respect to that minor over all other applications for adoptive placement if the agency making the placement determines that the minor has substantial emotional ties to the relative caretaker or foster parent and removal from the relative caretaker or foster parent would be seriously detrimental to the minor's emotional well-being.

As used in this subdivision, "preference" means that the application shall be processed and, if satisfactory, the family study shall be completed before the processing of the application of any other person for the adoptive placement of the minor.

(*l*) (1) An order by the court that a hearing pursuant to this section be held is not appealable at any time unless all of the following applies:

(A) A petition for extraordinary writ review was filed in a timely manner.

(B) The petition substantively addressed the specific issues to be challenged and supported that challenge by an adequate record.

(C) The petition for extraordinary writ review was summarily denied or otherwise not decided on the merits.

(2) Failure to file a petition for extraordinary writ review within the period specified by rule, to substantively address the specific issues challenged, or to support that challenge by an adequate record shall preclude subsequent review by appeal of the findings and orders made pursuant to this section.

(3) The Judicial Council shall adopt rules of court, effective January 1, 1995, to ensure all of the following:

(A) A trial court, after issuance of an order directing a hearing pursuant to this section be held, shall advise all parties of the requirement of filing a petition for extraordinary writ review as set forth in this subdivision in order to preserve any right to appeal in these issues. This notice shall be made orally to a party if they are present at the time of the making of the order or by first-class mail by the clerk of the court to the last known address of a party not present at the time of the making of the order.

(B) The prompt transmittal of the records from the trial court to the appellate court.

(C) That adequate time requirements for counsel and court personnel exist to implement the objective of this subdivision.

(D) That the parent or guardian, or their trial counsel or other counsel, is charged with the responsibility of filing a petition for extraordinary writ relief pursuant to this subdivision.

(4) The intent of this subdivision is to do both of the following:

(A) Make every reasonable attempt to achieve a substantive and meritorious review by the appellate court within the time specified in Sections 366.21 and 366.22 for holding a hearing pursuant to this section.

(B) Encourage the appellate court to determine all writ petitions filed pursuant to this subdivision on their merits.

(5) This subdivision shall only apply to cases in which an order to set a hearing pursuant to this section is issued on or after January 1, 1995.

(m) This section shall remain in effect only until January 1, 1999, and as of that date is repealed, unless a later enacted statute, which is enacted on or before January 1, 1999, deletes or extends that date.

SEC. 26. Section 366.26 of the Welfare and Institutions Code is amended to read:

366.26. (a) This section applies to minors who are adjudged dependent children of the juvenile court pursuant to subdivision (c) of Section 360 on or after January 1, 1989. The procedures specified herein are the exclusive procedures for conducting these hearings; Part 2 (commencing with Section 3020) of Division 8 of the Family Code is not applicable to these proceedings. Section 8714.7 of the Family Code is applicable and available to all dependent children meeting the requirements of that section. For minors who are adjudged dependent children of the juvenile court pursuant to subdivision (c) of Section 360 on or after January 1, 1989, this section and Sections 8604, 8605, 8606, and 8700 of the Family Code and Chapter 5 (commencing with Section 7660) of Part 3 of Division 12 of the Family Code specify the exclusive procedures for permanently terminating parental rights with regard to, or establishing legal guardianship of, the minor while the minor is a dependent child of the juvenile court.

(b) At the hearing, which shall be held in juvenile court for all minors who are dependents of the juvenile court, the court, in order to provide stable, permanent homes for these minors, shall review the report as specified in Section 361.5, 366.21, or 366.22, shall indicate that the court has read and considered it, shall receive other evidence that the parties present, and then shall do one of the following:

(1) Permanently terminate the rights of the parent or parents and order that the minor be placed for adoption and, upon the filing of a petition for adoption in the juvenile court, order that a hearing be set. The court shall proceed with the adoption after the appellate rights of the natural parents have been exhausted.

(2) Without permanently terminating parental rights, identify adoption as the permanent placement goal and order that efforts be made to locate an appropriate adoptive family for the minor for a period not to exceed 90 days.

(3) Without permanently terminating parental rights, appoint a legal guardian for the minor and issue letters of guardianship.

(4) Order that the minor be placed in long-term foster care, subject to the regular review of the juvenile court.

In choosing among the above alternatives the court shall proceed pursuant to subdivision (c).

(c) At the hearing the court shall proceed pursuant to one of the following procedures:

(1) The court shall terminate parental rights only if it determines by clear and convincing evidence that it is likely that the minor will be adopted. If the court so determines, the findings pursuant to subdivision (b) or paragraph 1 of subdivision (e) of Section 361.5 that reunification services shall not be offered, or the findings pursuant to subdivision (e) of Section 366.21 that the whereabouts of a parent have been unknown for six months or that the parent has failed to visit or contact the child for six months or that the parent has been convicted of a felony indicating parental unfitness, or, pursuant to Section 366.21 or 366.22, that a minor cannot or should not be returned to his or her parent or guardian, shall then constitute a sufficient basis for termination of parental rights unless the court finds that termination would be detrimental to the minor due to one of the following circumstances:

(A) The parents or guardians have maintained regular visitation and contact with the minor and the minor would benefit from continuing the relationship.

(B) A minor 12 years of age or older objects to termination of parental rights.

(C) The minor is placed in a residential treatment facility, adoption is unlikely or undesirable, and continuation of parental rights will not prevent finding the minor a permanent family placement if the parents cannot resume custody when residential care is no longer needed.

(D) The minor is living with a relative or foster parent who is unable or unwilling to adopt the minor because of exceptional circumstances, which do not include an unwillingness to accept legal or financial responsibility for the minor, but who is willing and capable of providing the minor with a stable and permanent environment and the removal of the minor from the physical custody of his or her relative or foster parent would be detrimental to the emotional well-being of the minor. This subparagraph does not apply to any minor who is living with a nonrelative and who is either (i) under six years of age or (ii) a member of a sibling group where at least one minor is under six years of age and the sibling is, or should be, permanently placed together.

(2) The court shall not terminate parental rights if at each and every hearing at which the court was required to consider reasonable efforts or services, the court has found that reasonable efforts were not made or that reasonable services were not offered or provided.

(3) If the court finds that termination of parental rights would not be detrimental to the minor pursuant to paragraph (1) and that the minor has a probability for adoption but is difficult to place for adoption and there is no identified or available prospective adoptive parent, the court may identify adoption as the permanent placement goal and without terminating parental rights, order that efforts be

made to locate an appropriate adoptive family for the minor for a period not to exceed 90 days. During this 90-day period, the public agency responsible for seeking adoptive parents, for each minor shall, to the extent possible, contact other private and public adoption agencies regarding the availability of the minor for adoption. During the 90-day period, the public agency shall conduct the search for adoptive parents in the same manner as prescribed for children in Sections 8708 and 8709 of the Family Code. At the expiration of this period, another hearing shall be held and the court shall proceed pursuant to paragraph (1), (3), or (4) of subdivision (b). For purposes of this section, a minor may only be found to be difficult to place for adoption if there is no identified or available prospective adoptive parent for the minor because of the minor's membership in a sibling group, or the presence of a diagnosed medical, physical, or mental handicap, or the minor is the age of seven years or more.

(4) If the court finds that adoption of the minor or termination of parental rights is not in the interest of the minor, because one of the conditions in subparagraph (A), (B), (C), or (D) of paragraph (1) or in paragraph (2) applies, the court shall either order that the present caretakers or other appropriate persons shall become legal guardians of the minor or order that the minor remain in long-term foster care. Legal guardianship shall be considered before long-term foster care, if it is in the best interests of the minor and if a suitable guardian can be found. When the minor is living with a relative or a foster parent who is willing and capable of providing a stable and permanent environment, but not willing to become a legal guardian, the minor shall not be removed from the home if the court finds the removal would be seriously detrimental to the emotional well-being of the minor because the minor has substantial psychological ties to the relative caretaker or foster parents. The court shall also make an order for visitation with the parents or guardians unless the court finds by a preponderance of the evidence that the visitation would be detrimental to the physical or emotional well-being of the minor.

(5) If the court finds that the minor should not be placed for adoption, that legal guardianship shall not be established, and that there are no suitable foster parents except exclusive-use homes available to provide the minor with a stable and permanent environment, the court may order the care, custody, and control of the minor transferred from the county welfare department or probation department to a licensed foster family agency. The court shall consider the written recommendation of the county welfare director or chief probation officer regarding the suitability of such a transfer. The transfer shall be subject to further court orders.

The licensed foster family agency shall place the minor in a suitable licensed or exclusive-use home which has been certified by the agency as meeting licensing standards. The licensed foster family agency shall be responsible for supporting the minor and for providing appropriate services to the minor, including those services

ordered by the court. Responsibility for the support of the minor shall not, in and of itself, create liability on the part of the foster family agency to third persons injured by the minor. Those minors whose care, custody, and control are transferred to a foster family agency shall not be eligible for foster care maintenance payments or child welfare services, except for emergency response services pursuant to Section 16504.

(d) The proceeding for the appointment of a guardian for a minor who is a dependent of the juvenile court shall be in the juvenile court. If the court finds pursuant to this section that legal guardianship is the appropriate permanency plan, it shall appoint the legal guardian and issue letters of guardianship. The assessment prepared pursuant to subdivision (g) of Section 361.5, subdivision (i) of Section 366.21, and subdivision (b) of Section 366.22 shall be read and considered by the court prior to the appointment, and this shall be reflected in the minutes of the court. The person preparing the assessment may be called and examined by any party to the proceeding.

(e) The proceeding for the adoption of a minor who is a dependent of the juvenile court shall be in the juvenile court if the court finds pursuant to this section that adoption is the appropriate permanency plan and the petition for adoption is filed in the juvenile court. Upon the filing of a petition for adoption, the juvenile court shall order that an adoption hearing be set. The court shall proceed with the adoption after the appellate rights of the natural parents have been exhausted. The full report required by Section 8715 of the Family Code shall be read and considered by the court prior to the adoption and this shall be reflected in the minutes of the court. The person preparing the report may be called and examined by any party to the proceeding. It is the intent of the Legislature, pursuant to this subdivision, to give potential adoptive parents the option of filing in the juvenile court the petition for the adoption of a minor who is a dependent of the juvenile court. Nothing in this section is intended to prevent the filing of such a petition for adoption in any other court as permitted by law, instead of in the juvenile court.

(f) At the beginning of any proceeding pursuant to this section, if the minor or the parents are not being represented by previously retained or appointed counsel, the court shall proceed as follows:

(1) The court shall consider whether the interests of the minor require the appointment of counsel. If the court finds that the interests of the minor do require this protection, the court shall appoint counsel to represent the minor. If the court finds that the interests of the minor require the representation of counsel, counsel shall be appointed whether or not the minor is able to afford counsel. The minor shall not be present in court unless the minor or the minor's counsel so requests or the court so orders.

(2) If a parent appears without counsel and is unable to afford counsel, the court shall appoint counsel for the parent, unless this representation is knowingly and intelligently waived. The same

counsel shall not be appointed to represent both the minor and his or her parent. The public defender or private counsel may be appointed as counsel for the parent.

(3) Private counsel appointed under this section shall receive a reasonable sum for compensation and expenses, the amount of which shall be determined by the court. The amount shall be paid by the real parties in interest, other than the minor, in any proportions the court deems just. However, if the court finds that any of the real parties in interest are unable to afford counsel, the amount shall be paid out of the general fund of the county.

(g) The court may continue the proceeding for not to exceed 30 days as necessary to appoint counsel, and to enable counsel to become acquainted with the case.

(h) At all proceedings under this section, the court shall consider the wishes of the minor and shall act in the best interests of the minor.

The testimony of the minor may be taken in chambers and outside the presence of the minor's parent or parents if the minor's parent or parents are represented by counsel, the counsel is present, and any of the following circumstances exist:

(1) The court determines that testimony in chambers is necessary to ensure truthful testimony.

(2) The minor is likely to be intimidated by a formal courtroom setting.

(3) The minor is afraid to testify in front of his or her parent or parents.

After testimony in chambers, the parent or parents of the minor may elect to have the court reporter read back the testimony or have the testimony summarized by counsel for the parent or parents.

The testimony of a minor also may be taken in chambers and outside the presence of the guardian or guardians of a minor under the circumstances specified in this subdivision.

(i) Any order of the court permanently terminating parental rights under this section shall be conclusive and binding upon the minor person, upon the parent or parents and upon all other persons who have been served with citation by publication or otherwise as provided in this chapter. After making such an order, the court shall have no power to set aside, change, or modify it, but nothing in this section shall be construed to limit the right to appeal the order.

(j) If the court, by order or judgment declares the minor free from the custody and control of both parents, or one parent if the other does not have custody and control, the court shall at the same time order the minor referred to the State Department of Social Services or a licensed adoption agency for adoptive placement by the agency. However, no petition for adoption may be granted until the appellate rights of the natural parents have been exhausted. The State Department of Social Services or licensed adoption agency shall be responsible for the custody and supervision of the minor and shall be entitled to the exclusive care and control of the minor at all times

until a petition for adoption is granted. With the consent of the agency, the court may appoint a guardian of the minor, who shall serve until the minor is adopted.

(k) Notwithstanding any other provision of law, the application of any person who, as a relative caretaker or foster parent, has cared for a dependent child for whom the court has approved a permanent plan for adoption, or who has been freed for adoption, shall be given preference with respect to that minor over all other applications for adoptive placement if the agency making the placement determines that the minor has substantial emotional ties to the relative caretaker or foster parent and removal from the relative caretaker or foster parent would be seriously detrimental to the minor's emotional well-being.

As used in this subdivision, "preference" means that the application shall be processed and, if satisfactory, the family study shall be completed before the processing of the application of any other person for the adoptive placement of the minor.

(*l*) (1) An order by the court that a hearing pursuant to this section be held is not appealable at any time unless all of the following applies:

(A) A petition for extraordinary writ review was filed in a timely manner.

(B) The petition substantively addressed the specific issues to be challenged and supported that challenge by an adequate record.

(C) The petition for extraordinary writ review was summarily denied or otherwise not decided on the merits.

(2) Failure to file a petition for extraordinary writ review within the period specified by rule, to substantively address the specific issues challenged, or to support that challenge by an adequate record shall preclude subsequent review by appeal of the findings and orders made pursuant to this section.

(3) The Judicial Council shall adopt rules of court, effective January 1, 1995, to ensure all of the following:

(A) A trial court, after issuance of an order directing a hearing pursuant to this section be held, shall advise all parties of the requirement of filing a petition for extraordinary writ review as set forth in this subdivision in order to preserve any right to appeal in these issues. This notice shall be made orally to a party if they are present at the time of the making of the order or by first-class mail by the clerk of the court to the last known address of a party not present at the time of the making of the order.

(B) The prompt transmittal of the records from the trial court to the appellate court.

(C) That adequate time requirements for counsel and court personnel exist to implement the objective of this subdivision.

(D) That the parent or guardian, or their trial counsel or other counsel, is charged with the responsibility of filing a petition for extraordinary writ relief pursuant to this subdivision.

(4) The intent of this subdivision is to do both of the following:

(A) Make every reasonable attempt to achieve a substantive and meritorious review by the appellate court within the time specified in Sections 366.21 and 366.22 for holding a hearing pursuant to this section.

(B) Encourage the appellate court to determine all writ petitions filed pursuant to this subdivision on their merits.

(5) This subdivision shall only apply to cases in which an order to set a hearing pursuant to this section is issued on or after January 1, 1995.

(m) This section shall be operative January 1, 1999.

SEC. 27. Section 366.3 of the Welfare and Institutions Code is amended to read:

366.3. (a) If a juvenile court orders a permanent plan of adoption or legal guardianship pursuant to Section 360, 366.25, or 366.26, the court shall retain jurisdiction over the minor until the minor is adopted or the legal guardianship is established. The status of the minor shall be reviewed every six months to ensure that the adoption or guardianship is completed as expeditiously as possible. When the adoption of the minor has been granted, the court shall terminate its jurisdiction over the minor. The court may continue jurisdiction over the minor as a dependent minor of the juvenile court following the establishment of a legal guardianship or may terminate its dependency jurisdiction and retain jurisdiction over the minor as a ward of the guardianship established pursuant to Section 360, 366.25, or 366.26 and as authorized by Section 366.4. Following a termination of parental rights the parent or parents shall not be a party to, or receive notice of, any subsequent proceedings regarding the minor.

(b) If the court has dismissed dependency jurisdiction following the establishment of a legal guardianship, or no dependency jurisdiction attached because of the granting of a legal guardianship pursuant to Section 360, and the legal guardianship is subsequently revoked or otherwise terminated, the county department of social services or welfare department shall notify the juvenile court of this fact. The court may vacate its previous order dismissing dependency jurisdiction over the minor.

Notwithstanding Section 1601 of the Probate Code, the proceedings to terminate a guardianship which has been granted pursuant to Section 360, 366.25, or 366.26 shall be held in the juvenile court, unless the termination is due to the emancipation or adoption of the minor. If the petition to terminate guardianship is granted, the juvenile court may resume dependency jurisdiction over the minor, and may order the county department of social services or welfare department to develop a new permanent plan, which shall be presented to the court within 60 days of the termination. If no dependency jurisdiction has attached, the probation officer shall make any investigation he or she deems necessary to determine

whether the minor may be within the jurisdiction of the juvenile court, as provided in Section 328.

Unless the parental rights of the child's parent or parents have been terminated, they shall be notified that the guardianship has been revoked or terminated and shall be entitled to participate in the new permanency planning hearing. The court shall try to place the minor in another permanent placement. At the hearing, the parents may be considered as custodians but the minor shall not be returned to the parent or parents unless they prove, by a preponderance of the evidence, that reunification is the best alternative for the minor. The court may, if it is in the interests of the minor, order that reunification services again be provided to the parent or parents.

(c) If, following the establishment of a legal guardianship, the county welfare department or probation department becomes aware of changed circumstances that indicate adoption may be an appropriate plan for the child, the department shall so notify the court. The court may vacate its previous order dismissing dependency jurisdiction over the minor and order that a hearing be held pursuant to Section 366.26 to determine whether adoption or continued guardianship is the most appropriate plan for the minor. The hearing shall be held no later than 120 days from the date of the order. Whenever the court orders that a hearing shall be held pursuant to Section 366.26, the court shall direct the agency supervising the child and the licensed county adoption agency, or the State Department of Social Services when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment under subdivision (b) of Section 366.22.

(d) If the minor is in a placement other than the home of a legal guardian and jurisdiction has not been dismissed, the status of the minor shall be reviewed every six months. This review may be conducted by the court or an appropriate local agency. The court shall conduct the review under the following circumstances:

(1) Upon the request of the minor's parents or guardians.

(2) Upon the request of the minor.

(3) It has been 12 months since a hearing held pursuant to Section 366.26 or an order that the minor remain in long-term foster care pursuant to paragraph (2) of subdivision (g) of Section 366.21, subdivision (a) of Section 366.26, or subdivision (f).

(4) It has been 12 months since a review was conducted by the court.

(e) At the review held every six months pursuant to subdivision (d), the reviewing body shall inquire about the progress being made to provide a permanent home for the minor and shall determine all of the following:

(1) The appropriateness of the placement.

(2) The continuing appropriateness and extent of compliance with the permanent plan for the child.

(3) The extent of compliance with the child welfare services case plan.

(4) The adequacy of services provided to the child. The review shall also include a determination of the services needed to assist a child who is 16 years of age or older make the transition from foster care to independent living.

Each licensed foster family agency shall submit reports for each minor in its care, custody, and control to the court concerning the continuing appropriateness and extent of compliance with the minor's permanent plan, the extent of compliance with the case plan, and the type and adequacy of services provided to the minor.

Unless their parental rights have been permanently terminated, the parent or parents of the minor are entitled to receive notice of, and participate in, those hearings. It shall be presumed that continued care is in the interests of the minor, unless the parent or parents prove, by a preponderance of the evidence, that further efforts at reunification are the best alternative for the minor. In those cases, the court may order that further reunification services be provided to the parent or parents for a period not to exceed six months.

(f) At the review held pursuant to paragraph (3) of subdivision (d), in addition to the review held pursuant to subdivision (e), the court shall consider all permanency planning options for the child including whether the child should be returned to the home of the parent, placed for adoption, or appointed a legal guardian, or whether the child should remain in foster care. The court shall order that a hearing be held pursuant to Section 366.26 unless it determines by clear and convincing evidence that the child is not a proper subject for adoption or that there is no one willing to accept legal guardianship. Only upon that determination may the court order that the minor child remain in long-term foster care, without holding a hearing pursuant to Section 366.26.

(g) If, as authorized by subdivision (f), the court orders a hearing pursuant to Section 366.26, the court shall direct the agency supervising the child and the licensed county adoption agency, or the department when it is acting as an adoption agency in counties that are not served by a county adoption agency, to prepare an assessment as provided for in subdivision (i) of Section 366.21 or subdivision (b) of Section 366.22. A hearing held pursuant to Section 366.26 shall be held no later than 120 days from the date of the 12-month review at which it is ordered, and at that hearing the court shall determine whether adoption, guardianship, or long-term foster care is the most appropriate plan for the minor.

SEC. 28. Section 387 of the Welfare and Institutions Code is amended to read:

387. An order changing or modifying a previous order by removing a minor from the physical custody of a parent, guardian, relative, or friend and directing placement in a foster home, or

commitment to a private or county institution, shall be made only after noticed hearing upon a supplemental petition.

(a) The supplemental petition shall be filed by the probation officer in the original matter and shall contain a concise statement of facts sufficient to support the conclusion that the previous disposition has not been effective in the rehabilitation or protection of the minor or, in the case of a placement with a relative, sufficient to show that the placement is not appropriate in view of the criteria in Section 361.3.

(b) Upon the filing of the supplemental petition, the clerk of the juvenile court shall immediately set the same for hearing within 30 days, and the probation officer shall cause notice thereof to be served upon the persons and in the manner prescribed by Sections 335 and 337.

(c) An order for the detention of the minor pending adjudication of the petition may be made only after a hearing is conducted pursuant to Article 7 (commencing with Section 305).

SEC. 29. Section 11400 of the Welfare and Institutions Code is amended to read:

SEC. 31. Section 16501.1 of the Welfare and Institutions Code is amended to read:

16501.1. (a) The Legislature finds and declares that the foundation and central unifying tool in child welfare services is the case plan.

(b) The Legislature further finds and declares that a case plan ensures that the child receives protection and proper case management, and that services are provided to the parents or other caretakers as appropriate. A case plan shall be based upon the principles of this section and shall document that a preplacement assessment of the service needs of the child and family, and preplacement preventive services, have been provided, and that reasonable efforts to prevent out-of-home placement have been made.

(c) When out-of-home placement is used to attain case plan goals, the decision regarding choice of placement shall be based upon selection of the least restrictive or most familylike and most appropriate setting and selection of the environment best suited to meet the child's special needs and best interests, or both. The selection shall consider, in order of priority, placement with relatives, tribal members, and foster family, group care, and residential treatment pursuant to Section 7950 of the Family Code.

(d) A written case plan shall be completed within 30 days of the initial removal of the child or of the in-person response required under subdivision (f) of Section 16501 if the child has not been removed from his or her home, or by the date of the dispositional hearing pursuant to Section 358, whichever occurs first. The case plan shall be updated, as the service needs of the child and family dictate. At a minimum, the case plan shall be updated in conjunction with each status review hearing conducted pursuant to Section 366.21, and the hearing conducted pursuant to Section 366.25 or 366.26, but no less frequently than once every six months.

(e) The child welfare services case plan shall be comprehensive enough to meet the juvenile court dependency proceedings requirements pursuant to Article 6 (commencing with Section 300) of Chapter 2 of Part 1 of Division 2.

(f) The case plan shall be developed as follows:

(1) The case plan shall be based upon an assessment of the circumstances which required child welfare services intervention.

(2) The case plan shall identify specific goals, and the appropriateness of the planned services in meeting those goals.

(3) The case plan shall identify the original allegations of abuse or neglect, as defined in Article 2.5 (commencing with Section 11164) of Chapter 2 of Title 1 of Part 4 of the Penal Code, or the conditions cited as the basis for declaring the child a dependent of the court pursuant to Section 300, or all of these, and the other precipitating incidents which led to child welfare services intervention.

(4) The case plan shall include a description of the schedule of the social worker contacts with the child and the family or other caretakers. The frequency of these contacts shall be in accordance

with regulations adopted by the State Department of Social Services. If the child has been placed in foster care out-of-state, the county social worker or a social worker on the staff of the social service agency in the state in which the child has been placed shall visit the child in the home or institution at least every 12 months and submit a report to the court on each visit.

(5) When out-of-home services are used, the frequency of contact between the natural parents or legal guardians and the child shall be specified in the case plan. The frequency of those contacts shall reflect overall case goals, and consider other principles outlined in this section.

(6) When out-of-home placement is made, the case plan shall include documentation of the provisions specified in subdivisions (b), (c), and (d) of Section 16002.

(7) When out-of-home placement is made in a foster family home, group home or other child care institution that is either a substantial distance from the home of the child's parent or out-of-state, the case plan shall specify the reasons why that placement is in the best interests of the child.

(8) When out-of-home services are used, the case plan shall include a recommendation regarding the appropriateness of unsupervised visitation between the child and any of the child's siblings. This recommendation shall include a statement regarding the child's and the siblings' willingness to participate in unsupervised visitation. If the case plan includes a recommendation for unsupervised sibling visitation, the plan shall also note that information necessary to accomplish this visitation has been provided to the child or to the child's siblings.

(9) When out-of-home services are used and the goal is reunification, the case plan shall describe the services to be provided to assist in reunification and the services to be provided concurrently to achieve legal permanency if efforts to reunify fail.

(10) (A) Parents and legal guardians shall have an opportunity to review the case plan, sign it whenever possible, and then shall receive a copy of the plan. In any voluntary service or placement agreement, the parents or legal guardians shall be required to review and sign the case plan. Whenever possible, parents and legal guardians shall participate in the development of the case plan.

(B) Parents and legal guardians shall be advised that, pursuant to Section 1228.1 of the Evidence Code, neither their signature on the child welfare services case plan nor their acceptance of any services prescribed in the child welfare services case plan shall constitute an admission of guilt or be used as evidence against the parent or legal guardian in a court of law. However, they shall also be advised that the parent's or guardian's failure to cooperate, except for good cause, in the provision of services specified in the child welfare services case plan may be used in any hearing held pursuant to Section 366.21 or 366.22 as evidence.

(11) The case plan shall be included in the court report and shall be considered by the court at the initial hearing and each review hearing. Modifications to the case plan made during the period between review hearings need not be approved by the court if the casework supervisor for that case determines that the modifications further the goals of the plan.

(g) If the court finds, after considering the case plan, that unsupervised sibling visitation is appropriate and has been consented to, the court shall order that the child or the child's siblings be provided with information necessary to accomplish this visitation. Nothing in this section shall be construed to require or prohibit the probation officer's facilitation, transportation, or supervision of visits between the child and his or her siblings.

(h) The case plan documentation on sibling placements required under this section shall not require modification of existing case plan forms until the Child Welfare Services Case Management System is implemented on a statewide basis.

(i) The department, in consultation with the County Welfare Directors Association and other advocates, shall develop standards and guidelines for a model relative placement search and assessment process based on the criteria established in Section 361.3. These guidelines shall be incorporated in the training described in Section 16206. These model standards and guidelines shall be developed by January 1, 1999.

SEC. 32. In enacting this legislation, it is the intent of the Legislature that these provisions result in cost efficiencies. Any cost savings resulting from the implementation of these provisions shall only be used to supplement, not supplant, other children's services programs, including children's health and mental health initiatives and child welfare.

SEC. 33. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.
