## CHAPTER 794

An act to add Section 16605 to the Welfare and Institutions Code, relating to human services, and making an appropriation therefor.

[Approved by Governor October 8, 1997. Filed with Secretary of State October 9, 1997.]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature hereby declares its intent to promote family stability for abused and neglected children and to create a Kinship Support Services Program by doing all of the following:

(a) Establishing a family support program that provides support services to relatives who provide homes for abused and neglected children who would otherwise enter foster homes or who are at risk of dependency or delinquency.

(b) Recognizing that relative caregivers, often referred to as kinship caregivers, are a resource that help to ensure that family ties are maintained when children cannot reside with their own parents.

(c) Recognizing that a relative caregiver's capacity to obtain and maintain employment will be increased by the provision of supportive services.

(d) Improving outcomes for children in the homes of their relatives when supportive services are provided in their community.

(e) Recognizing that children in the homes of relatives who receive supportive services will achieve:

(1) Increased stability and safety.

(2) A reduction in recidivism.

(3) Increased likelihood for family members and relatives to assume and maintain responsibility and care of abused and neglected children.

(4) A reduction in court dependency hearings.

(5) A reduction in the utilization of more restrictive placements.

(6) A reduction in out of county placements.

SEC. 2. It is the intent of the Legislature to implement a statewide Kinship Support Services Program by establishing a grants-in-aid program to assist in the development of new local kinship support services programs and to assist in the expansion of existing community-based family support services programs to include local kinship support services programs.

SEC. 3. It is the intent of the Legislature to create incentives for blending funding and increasing collaboration and to test the feasibility of new financing and reimbursement mechanisms that result in all of the following:

(a) Reduced child welfare caseloads.

(b) Comprehensive services and case management for foster children.

(c) Reduced public spending.

SEC. 4. Section 16605 is added to the Welfare and Institutions Code, to read:

16605. (a) The department shall, subject to the availability of funds appropriated therefor, conduct a Kinship Support Services Program that is a grants-in-aid program providing start-up and expansion funds for local kinship support services programs that provide community-based family support services to relative caregivers and the children placed in their homes by the juvenile court or who are at risk of dependency or delinquency. Relatives with children in voluntary placements may access services, at the discretion of the county.

(b) The Kinship Support Services Program shall create a public-private partnership. A combination of federal, state, county, and private sector resources shall finance the establishment and ongoing operation of the program.

(c) The counties participating in the program shall meet the following requirements:

(1) Have 40 percent or more of dependent children in relative care placements.

(2) Have a demonstrated capacity for collaboration and interagency coordination.

(3) Have a viable plan for ongoing financial support of the local kinship support services program.

(4) Utilize relative caregivers as employees of the program.

(5) Have strong and viable public or private agencies to operate the program.

(d) The Kinship Support Services Program shall demonstrate the use of supportive services provided to relative caregivers and children placed in their homes using a community-based kinship support services model. This model shall provide services to relative caregivers that are aimed at helping to ensure permanent family kinship placements for children who have been placed with them by the juvenile court, and to provide family support services that will eliminate the need for juvenile court jurisdiction and the provision of services by the county welfare department.

(e) The program shall provide family support services appropriate for the target populations. These services may include, but are not limited to, the following:

(1) Assessment and case management.

(2) Social services referral and intervention aimed at maintaining the kinship family unit, for example, housing, homemaker services, respite care, legal services, and day care.

(3) Transportation for medical care and educational and recreational activities.

(4) Information and referral services.

(5) Individual and group counseling in the area of parent-child relationships and group conflict.

(6) Counseling and referral services aimed at promoting permanency, including kinship adoption and guardianship.

(7) Tutoring and mentoring.

(f) The Edgewood Center for Children and Families in San Francisco shall provide technical assistance to the Kinship Support Services Program and shall facilitate the sharing of information and resources among the local programs.

(g) (1) The sum of seven hundred fifty thousand dollars ($750,000) is hereby appropriated from the General Fund to the State Department of Social Services for the purpose of funding this grants-in-aid program.

(2) The sum of seventy-five thousand dollars ($75,000) is hereby appropriated from the General Fund to the State Department of Social Services for funding of the technical assistance to be provided by the Edgewood Center for Children and Families.

(3) The sum of seventy-five thousand dollars ($75,000) is hereby appropriated from the General Fund to the State Department of Social Services to fund the costs of state administration of the program.

(4) It is the intent of the Legislature that this program result in cost efficiencies and that any cost savings realized by participating counties as a result of this program be utilized to supplement, not supplant, other children's services programs, including children's health and mental health initiatives and child welfare.

*The people of the State of California do enact as follows:*

SECTION 1. The heading of Chapter 4 (commencing with Section 18250) of Part 6 of Division 9 of the Welfare and Institutions Code is amended to read:

## Chapter 4. County Wrap-Around Services Pilot Project

SEC. 1.5. Section 18250 of the Welfare and Institutions Code is amended to read:

18250. (a) It is the intent of the Legislature that all counties be authorized to provide children with service alternatives to group home care through the development of expanded family-based services programs. These programs shall include individualized or "wrap-around" services, where services are wrapped around a child living with his or her birth parent, relative, adoptive parent, licensed or certified foster parent, or guardian. The wrap-around services developed under this section shall build on the strengths of each eligible child and family and be tailored to address their unique and changing needs.

(b) It is further the intent of the Legislature that the pilot project include the following elements:

(1) Making available to the county the state share of nonfederal reimbursement for group home placement, minus the state share, if any, of any concurrent out-of-home placement costs, for children eligible under this chapter, for the purpose of allowing the county to develop family-based service alternatives.

(2) Enabling the county to access all possible sources of federal funds for the purpose of developing family-based service alternatives.

(3) Encouraging collaboration among persons and entities including, but not limited to, parents, county welfare departments, county mental health departments, county probation departments, county health departments, special education local planning agencies, school districts, and private service providers for the purpose of planning and providing individualized services for children and their birth or substitute families.

(4) Ensuring local community participation in the development and implementation of wrap-around services by county placing agencies and service providers.

(d) "Wrap-around services" means community-based intervention services that emphasize the strengths of the child and family and includes the delivery of coordinated, highly individualized unconditional services to address needs and achieve positive outcomes in their lives.

(e) "Service allocation slot" means a specified amount of funds available to the county to pay for an individualized intensive wrap-around services package for an eligible child. A service allocation slot may be used for more than one child on a successive basis.

SEC. 3. Section 18252 of the Welfare and Institutions Code is amended to read:

18252. Each county shall, at the county's option, develop a county plan for intensive wrap-around services and monitor the provision of those services in accordance with the plan. This plan shall be submitted to the department for informational purposes. Where a county operates both systems of care under the Children's Mental Health Services Act, Part 4 (commencing with Section 5850) of Division 5, and wrap-around services, these plans shall be coordinated. (d) State and, to the extent permitted by federal law, federal foster care funds shall remain with the administrative authority of the county welfare department, which may enter into an interagency agreement to transfer those funds, and shall be used to provide intensive wrap-around services.

These reports shall assess the effectiveness of the pilot project authorized by this chapter. The reports shall include, but need not be limited to, all of the following:

continue to receive all planned services specified in the child's individualized services plan until his or her case is closed.

SEC. 10. Section 18257 of the Welfare and Institutions Code is amended to read:

18257. This chapter shall become inoperative on October 1, 2003, and, as of April 1, 2004, is repealed, unless a later enacted statute, that becomes operative on or before April 1, 2004, deletes or extends the dates on which it becomes inoperative and is repealed.

## CHAPTER 796

An act to add Article 14 (commencing with Section 398.1) to Chapter 2.3 of Part 1 of Division 1 of the Public Utilities Code, relating to public utilities.

[Approved by Governor October 8, 1997. Filed with Secretary of State October 9, 1997.]

*The people of the State of California do enact as follows:*

SECTION 1. Article 14 (commencing with Section 398.1) is added to Chapter 2.3 of Part 1 of Division 1 of the Public Utilities Code, to read:

### Article 14. Disclosure of Sources of Electrical Generation

398.1. (a) The Legislature finds and declares that there is a need for reliable, accurate, and timely information regarding fuel sources for electric generation offered for retail sale in California.

(b) The purpose of this article is to establish a program under which entities offering electric services in California disclose accurate, reliable, and simple to understand information on the sources of energy that are used to provide electric services.

398.2. The definitions set forth in this section shall govern the construction of this article.

(a) "System operator" means the Independent System Operator with responsibility for the efficient use and reliable operation of the transmission grid, as provided by Section 345, or a local publicly owned electric utility that does not utilize the Independent System Operator.

(b) "Specific purchases" means electricity transactions which are traceable to specific generation sources by any auditable contract trail or equivalent, such as a tradable commodity system, that provides commercial verification that the electricity source claimed has been sold once and only once to a retail consumer. Retail suppliers may rely on annual data to meet this requirement, rather than hour-by-hour matching of loads and resources.

(c) "Net system power" means the mix of electricity fuel source types established by the California Energy Resources Conservation and Development Commission representing the sources of electricity consumed in California that are not disclosed as specific purchases pursuant to Section 398.4.

398.3. (a) Beginning January 1, 1998, or as soon as practicable thereafter, each generator that provides meter data to a system operator shall report to the system operator electricity generated in kilowatthours by hour by generator, the fuel type or fuel types and fuel consumption by fuel type by month on an historical recorded quarterly basis. Facilities using only one fuel type may satisfy this requirement by reporting fuel type only. With regard to any facility using more than one fuel type, reports shall reflect the fuel consumed as a percentage of electricity generation.

(b) The California Energy Resources Conservation and Development Commission shall have authorization to access the electricity generation data in kilowatthours by hour for each facility that provides meter data to the system operator, and the fuel type or fuel types.

(c) With regard to out-of-state generation, the California Energy Resources Conservation and Development Commission shall have authorization to access the electricity generation data in kilowatthours by hour at the point at which out-of-state generation is metered, to the extent the information has been submitted to a system operator.

(d) Trade secrets as defined in subdivision (d) of Section 3426.1 of the Civil Code contained in the information provided to the system operators pursuant to this section shall be treated as confidential. These data may be disclosed only by the system operators and only by authorization of the generator except that the California Energy Resources Conservation and Development Commission shall have authorization to access these data, shall consider all these data to be trade secrets, and shall only release these data in an aggregated form such that trade secrets cannot be discerned.

398.4. (a) Every retail supplier that makes an offering to sell electricity that is consumed in California shall disclose its electricity sources. A retail supplier that does not make any claims that identify its electricity sources as different than net system power may disclose net system power. Every retail supplier that makes an offering to sell electricity that is consumed in California and makes any claims that identify any of its electricity sources as different than net system power shall disclose these sources as specific purchases.

(b) The disclosures required by this section shall be made to potential end-use consumers in all product-specific written promotional materials that are distributed to consumers by either printed or electronic means, except that advertisements and notices in general circulation media shall not be subject to this requirement.

(c) The disclosures required by this section shall be made at least quarterly to end-use consumers of the offered electricity.

(d) The disclosures required by this section shall be made separately for each offering made by the retail supplier.

(e) On or before January 1, 1998, the California Energy Resources Conservation and Development Commission shall specify guidelines for the format and means for disclosure required by Section 398.3 and this section, based on the requirements of this article and subject to public hearing.

(f) The costs of making the disclosures required by this section shall be considered to be generation-related.

(g) The disclosures required by this section shall be expressed as a percentage of annual sales derived from each of the following categories, unless no specific purchases are disclosed, in which case only the first category shall be disclosed:

(1) Net system power.

(2) Specific purchases.

(h) (1) Each of the categories specified in subdivision (g) shall be additionally identified as a percentage of annual sales that is derived from each fuel type of the categories specified as follows:

(A) Coal.

(B) Large hydroelectric (greater than 30 megawatts).

(C) Natural gas.

(D) Nuclear.

(E) Other.

(F) Eligible renewables, which means renewable resource technologies defined as electricity produced from other than a conventional power source within the meaning of Section 2805, provided that a power source utilizing more than 25 percent fossil fuel may not be included, shall be additionally identified as a percentage of annual sales that is derived from each fuel type of the subcategories specified as follows:

(i) Biomass and waste.

(ii) Geothermal.

(iii) Small hydroelectric (less than or equal to 30 megawatts).

(iv) Solar.

(v) Wind.

(2) The category "Other" shall be used for fuel types other than those listed above that represent less than 2 percent of net system power. The California Energy Resources Conservation and Development Commission may specify additional categories or change these categories, consistent with the requirements of this article and subject to public hearing, if it determines that the changes will facilitate the disclosure objectives of this section.

(i) All electricity sources disclosed as specific purchases shall meet the requirements of subdivision (b) of Section 398.2.

(j) Specific purchases identified pursuant to this section shall be from sources connected to the Western Systems Coordinating Council interconnected grid.

(k) Net system power shall be disclosed for the most recent calendar year available. Disclosure of net system power shall be accompanied by this qualifying note: "The State of California determines this net system power mix annually; your actual electricity purchases may vary." The California Energy Resources Conservation and Development Commission may modify this note, consistent with the requirements of this article and subject to public hearing, if it determines that the changes will facilitate the disclosure objectives of this section.

(*l*) For each offering made by a retail supplier for which specific purchases are disclosed, the retail supplier shall disclose projected specific purchases for the current calendar year. Projected specific purchases need not be disclosed by numerical percentage at the subcategory level identified in subparagraph (F) of paragraph (1) of subdivision (h). On or before April 15, 1999, and annually thereafter, every retail supplier that discloses specific purchases shall also disclose to its customers, separately for each offering made by the retail supplier, its actual specific purchases for the previous calendar year consistent with information provided to the California Energy Resources Conservation and Development Commission pursuant to Section 398.5. Disclosure of projected specific purchases and actual specific purchases shall each be accompanied by statements identifying whether the data are projected or actual, as developed by the California Energy Resources Conservation and Development Commission, subject to public hearing.

(m) The provisions of this section shall not apply to generators providing electric service onsite, under an over-the-fence transaction as described in Section 218, or to an affiliate or affiliates, as defined in subdivision (a) of Section 372.

398.5. (a) Retail suppliers that disclose specific purchases pursuant to Section 398.4 shall report on March 1, 1999, and annually thereafter, to the California Energy Resources Conservation and Development Commission, for each electricity offering, for the previous calendar year each of the following:

(1) The kilowatthours purchased, by generator and fuel type during the previous calendar year, consistent with the meter data, including losses, reported to the system operator.

(2) For each electricity offering the kilowatthours sold at retail.

(3) For each electricity offering the disclosures made to consumers pursuant to Section 398.4.

(b) Information submitted to the California Energy Resources Conservation and Development Commission pursuant to this section that is a trade secret as defined in subdivision (d) of Section 3426.1 of the Civil Code shall not be released except in an aggregated form such that trade secrets cannot be discerned.

(c) On or before January 1, 1998, the California Energy Resources Conservation and Development Commission shall specify guidelines and standard formats, based on the requirements of this article and subject to public hearing, for the submittal of information pursuant to this article.

(d) In developing the rules and procedures specified in this section, the California Energy Resources Conservation and Development Commission shall seek to minimize the reporting burden and cost of reporting that it imposes on retail suppliers.

(e) On or before October 15, 1999, and annually thereafter, the California Energy Resources Conservation and Development Commission shall issue a report comparing information available pursuant to Section 398.3 with information submitted by retail suppliers pursuant to this section, and with information disclosed to consumers pursuant to Section 398.4. This report shall be forwarded to the California Public Utilities Commission.

(f) Beginning April 15, 1999, and annually thereafter, the California Energy Resources Conservation and Development Commission shall issue a report calculating net system power. The California Energy Resources Conservation and Development Commission will establish the generation mix for net generation imports delivered at interface points and metered by the system operators. The California Energy Resources Conservation and Development Commission shall issue an initial report calculating preliminary net system power for calendar year 1997 on or before January 1, 1998. This report shall be updated on or before October 15, 1998.

(g) The provisions of this section shall not apply to generators providing electric service on site, under an over-the-fence transaction as described in Section 218, or to an affiliate or affiliates, as defined in subdivision (a) of Section 372.

(h) The California Energy Resources Conservation and Development Commission may verify the veracity of environmental claims made by retail suppliers. In addition, the Energy Resources Conservation and Development Commission, in conjunction with the California Air Resources Board and affected air districts, shall issue a report to the Legislature by June 1, 1999, assessing the air emission effects of electric utility restructuring.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative

on the same date that the act takes effect pursuant to the California Constitution.

[Approved by Governor October 8, 1997. Filed with Secretary of State October 9, 1997.]

*The people of the State of California do enact as follows:*

SECTION 1. Chapter 8 (commencing with Section 1923) is added to Title 4 of Part 4 of the Civil Code, to read:

### Chapter 8. Reverse Mortgages

1923. For purposes of this chapter, "reverse mortgage" means a nonrecourse loan secured by real property that meets all of the following criteria:

(a) The loan provides cash advances to a borrower based on the equity or the value in a borrower's owner-occupied principal residence.

(b) The loan requires no payment of principal or interest until the entire loan becomes due and payable.

(c) The loan is made by a lender licensed or chartered pursuant to the laws of this state or the United States.

1923.2. A reverse mortgage loan shall comply with all of the following requirements:

(a) Prepayment, in whole or in part, shall be permitted without penalty at any time during the term of the reverse mortgage loan. For the purposes of this section, penalty does not include any fees, payments, or other charges that would have otherwise been due upon the reverse mortgage being due and payable.

(b) A reverse mortgage loan may provide for a fixed or adjustable interest rate or combination thereof, including compound interest, and may also provide for interest that is contingent on the value of the property upon execution of the loan or at maturity, or on changes in value between closing and maturity.

(c) A reverse mortgage may include costs and fees that are charged by the lender, or the lender's designee, originator, or servicer, including costs and fees charged upon execution of the loan, on a periodic basis, or upon maturity.

(d) If a reverse mortgage loan provides for periodic advances to a borrower, these advances shall not be reduced in amount or number based on any adjustment in the interest rate.

(e) A lender who fails to make loan advances as required in the loan documents, and fails to cure an actual default after notice as specified in the loan documents, shall forfeit to the borrower treble the amount wrongfully withheld plus interest at the legal rate.

(f) The reverse mortgage loan may become due and payable upon the occurrence of any one of the following events:

(1) The home securing the loan is sold or title to the home is otherwise transferred.

(2) All borrowers cease occupying the home as a principal residence, except as provided in subdivision (h).

(3) Any fixed maturity date agreed to by the lender and the borrower occurs.

(4) An event occurs which is specified in the loan documents and which jeopardizes the lender's security.

(g) Repayment of the reverse mortgage loan shall be subject to the following additional conditions:

(1) Temporary absences from the home not exceeding 60 consecutive days shall not cause the mortgage to become due and payable.

(2) Extended absences from the home exceeding 60 consecutive days, but less than one year, shall not cause the mortgage to become due and payable if the borrower has taken prior action which secures and protects the home in a manner satisfactory to the lender, as specified in the loan documents.

(3) The lender's right to collect reverse mortgage loan proceeds shall be subject to the applicable statute of limitations for written loan contracts. Notwithstanding any other provision of law, the statute of limitations shall commence on the date that the reverse mortgage loan becomes due and payable as provided in the loan agreement.

(4) The lender shall prominently disclose in the loan agreement any interest rate or other fees to be charged during the period that commences on the date that the reverse mortgage loan becomes due and payable, and that ends when repayment in full is made.

(h) The first page of any deed of trust securing a reverse mortgage loan shall contain the following statement in 10-point boldface type: "This deed of trust secures a reverse mortgage loan."

1923.3. A reverse mortgage shall constitute a lien against the subject property to the extent of all advances made pursuant to the reverse mortgage and all interest accrued on these advances, and that lien shall have priority over any lien filed or recorded after recordation of a reverse mortgage loan.

1923.4. For the purposes of this chapter, a property shall be deemed to be owner-occupied, notwithstanding that the legal title to the property is held in the name of a trust, provided that the occupant of the property is a beneficiary of that trust.

1923.5. (a) No reverse mortgage loan application shall be taken by a lender unless the loan applicant has received from the lender the following plain language statement in conspicuous 16-point type or larger, advising the prospective borrower about counseling prior to obtaining the reverse mortgage loan:

(b) Before giving the prospective borrower the statement described in subdivision (a), the lender shall mark the appropriate box concerning annuity requirements.

1923.6. The lender shall be presumed to have satisfied any disclosure duty imposed by this chapter if the lender provides a disclosure statement in the same form as provided in this chapter.

1923.7. No arrangement, transfer, or lien subject to this chapter shall be invalidated solely because of the failure of a lender to comply

with any provision of this chapter. However, nothing in this section shall preclude the application of any other existing civil remedies provided by law.

1923.9. (a) To the extent that implementation of this section does not conflict with federal law resulting in the loss of federal funding, reverse mortgage loan payments made to a borrower shall be treated as proceeds from a loan and not as income for the purpose of determining eligibility and benefits under means-tested programs of aid to individuals.

(b) Undisbursed reverse mortgage funds shall be treated as equity in the borrower's home and not as proceeds from a loan, resources, or assets for the purpose of determining eligibility and benefits under means-tested programs of aid to individuals.

[Approved by Governor October 8, 1997. Filed with Secretary of State October 9, 1997.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1367.62 of the Health and Safety Code, as added by Chapter 389 of the Statutes of 1997, is amended to read:

1367.62. (a) No health care service plan contract that is issued, amended, renewed, or delivered on or after the effective date of the act adding this section, that provides maternity coverage, shall do any of the following:

(1) Restrict benefits for inpatient hospital care to a time period less than 48 hours following a normal vaginal delivery and less than 96 hours following a delivery by caesarean section. However, coverage for inpatient hospital care may be for a time period less than 48 or 96 hours if both of the following conditions are met:

(A) The decision to discharge the mother and newborn before the 48- or 96-hour time period is made by the treating physicians in consultation with the mother.

(B) The contract covers a postdischarge followup visit for the mother and newborn within 48 hours of discharge, when prescribed by the treating physician. The visit shall be provided by a licensed health care provider whose scope of practice includes postpartum care and newborn care. The visit shall include, at a minimum, parent education, assistance and training in breast or bottle feeding, and the performance of any necessary maternal or neonatal physical assessments. The treating physician shall disclose to the mother the availability of a postdischarge visit, including an in-home visit, physician office visit, or plan facility visit. The treating physician, in consultation with the mother, shall determine whether the postdischarge visit shall occur at home, the plan's facility, or the treating physician's office after assessment of certain factors. These factors shall include, but not be limited to, the transportation needs of the family, and environmental and social risks.

(2) Reduce or limit the reimbursement of the attending provider for providing care to an individual enrollee in accordance with the coverage requirements.

(3) Provide monetary or other incentives to an attending provider to induce the provider to provide care to an individual enrollee in a manner inconsistent with the coverage requirements.

(4) Deny a mother or her newborn eligibility, or continued eligibility, to enroll or to renew coverage solely to avoid the coverage requirements.

(5) Provide monetary payments or rebates to a mother to encourage her to accept less than the minimum coverage requirements.

(6) Restrict inpatient benefits for the second day of hospital care in a manner that is less than favorable to the mother or her newborn than those provided during the preceding portion of the hospital stay.

(7) Require the treating physician to obtain authorization from the health care service plan prior to prescribing any services covered by this section.

(b) (1) Every health care service plan shall include notice of the coverage specified in subdivision (a) in the plan's evidence of coverage for evidences of coverage issued on or after January 1, 1998, and except as specified in paragraph (2), shall provide additional written notice of this coverage during the course of the enrollee's prenatal care. The contract may require the treating physician or the

enrollee's medical group to provide this additional written notice of coverage during the course of the enrollee's prenatal care.

(2) Health care service plans that issue contracts that provide for coverage of the type commonly referred to as "preferred provider organizations" shall provide additional written notice to all females between the ages of 10 and 50 who are covered by those contracts of the coverage under subdivision (a) within 60 days of the effective date of this act. (B) The plan received notice, whether by receipt of a claim, a request for preauthorization for pregnancy-related services, or other actual notice that the enrollee is pregnant.

(c) Nothing in this section shall be construed to prohibit a plan from negotiating the level and type of reimbursement with a provider for care provided in accordance with this section.

The telephone number shall be the same as that provided to consumers under Section 12921.1. The disclosure shall be printed in large, boldface type.

The disclosure shall contain, at the discretion of the insurer, either the address and telephone number of the insurer or the address and telephone number of the agent or broker of record, or both of those addresses and telephone numbers. The disclosure shall also contain a statement that the Department of Insurance should be contacted only after discussions with the insurer, or its agent or other representative, or both, have failed to produce a satisfactory resolution to the problem. If the policy or certificate was issued or delivered by an agent or broker, the disclosure shall specifically advise the insured to contact his or her agent or broker for assistance.

SEC. 3. Section 10123.87 of the Insurance Code, as added by Chapter 389 of the Statutes of 1997, is amended to read:

However, coverage for inpatient hospital care may be for a time period less than 48 or 96 hours if both of the following conditions are met:

(A) The decision to discharge the mother and newborn before the 48- or 96-hour time period is made by the treating physicians in consultation with the mother.

(B) The policy covers a postdischarge followup visit for the mother and newborn within 48 hours of discharge, when prescribed by the treating physician. The visit shall be provided by a licensed health care provider whose scope of practice includes postpartum care and newborn care. The visit shall include, at a minimum, parent education, assistance and training in breast or bottle feeding, and the performance of any necessary maternal or neonatal physical assessments. The treating physician shall disclose to the mother the availability of a postdischarge visit, including an in-home visit, physician office visit, or a visit to a facility under contract with the insurer. The treating physician, in consultation with the mother, shall determine whether the postdischarge visit shall occur at home, the contracted facility, or the treating physician's office after assessment of certain factors. These factors shall include, but not be limited to, the transportation needs of the family, and environmental and social risks.

(2) Reduce or limit the reimbursement of the attending provider for providing care to an individual insured in accordance with the coverage requirements.

(3) Provide monetary or other incentives to an attending provider to induce the provider to provide care to an individual insured in a manner inconsistent with the coverage requirements.

(4) Deny a mother or her newborn eligibility, or continued eligibility, to enroll or to renew coverage solely to avoid the coverage requirements.

(5) Provide monetary payments or rebates to a mother to encourage her to accept less than the minimum coverage requirements.

(6) Restrict inpatient benefits for the second day of hospital care in a manner that is less than favorable to the mother or her newborn than those provided during the preceding portion of the hospital stay.

(7) Require the treating physician to obtain authorization from the insurer prior to prescribing any services covered by this section.

(b) (1) Every individual or group policy of disability insurance that provides coverage for hospital, medical, and surgical benefits shall include notice of the coverage specified in subdivision (a) in the insurer's evidence of coverage or certificate of insurance for evidences of coverage or certificates of insurance issued on or after January 1, 1998.

(2) Every insurer that issues a policy of disability insurance under paragraph (1) shall provide additional written notice to all females between the ages of 10 and 50 who are covered under those policies of the coverage under subdivision (a) within 60 days of the effective date of this act. The insurer shall provide additional written notice of the coverage specified in subdivision (a) during the course of prenatal care if both of the following conditions are met:

(A) The insurer previously notified policyholders that hospital stays for delivery would be inconsistent with the requirement in subparagraph (A) of paragraph (1) of subdivision (a).

(B) The insurer received notice, whether by receipt of a claim, a request for preauthorization for pregnancy-related services, or other actual notice that the insured is pregnant.

(c) Nothing in this section shall be construed to prohibit an insurer from negotiating the level and type of reimbursement with a provider for care provided in accordance with this section.

SEC. 4. Section 12995 is added to the Insurance Code, to read:

12995. (a) Notwithstanding any other provision of this code, all uncontested departmental billings for services or assessments authorized herein, which are not paid within 45 days of the invoice date, shall be subject to a late charge, unless waived or modified by the department. The late charge shall be $1^1/_2$ percent per month of the balance due. This late charge shall be compounded monthly.

(b) Billings from the department shall be postmarked within five working days of the invoice date. If the billing is postmarked more than five working days after the invoice date, the insurer shall be given 45 days from the date of the postmark to pay the amount due. In those instances where a billing is postmarked more than five working days after the invoice date, the insurer is required to submit the postmarked envelope with payment to avoid a late charge.

(c) Payments shall be postmarked by the due date to avoid a late charge. Except as provided in subdivision (d), contested billings for which the original amount is paid to the department after the 45 day period shall be subject to the late charge, unless waived or modified by the department. The insurer shall provide written notice of the contested billing and shall set forth the basis for the contestability in writing to the department prior to the due date.

(d) Late charges shall be tolled for the portion of the billing that is contested by an insurer. The commissioner shall consider the material submitted by the insurer and reach a decision on the contested billing within 30 days of receiving written notification that a billing is being contested. The commissioner's written decision on contested amounts shall be final and written notification, including a revised amount, if any, shall be provided indicating the basis for the decision. This written notification shall also include an invoice date from which an insurer shall be given 30 days to remit payment. This section shall not preclude an insurer from filing a petition for writ of

mandate in accordance with the provisions of the Code of Civil Procedure.

(e) All late charges collected pursuant to this section shall be deposited into the General Fund.

(f) This section shall not apply to the Insurance Department Schedule of Fees and Charges pursuant to Section 12978.

SEC. 5. In order to prevent any unnecessary waste of resources that might result from insurers' efforts to comply with Section 510 of the Insurance Code as amended by this act, an insurer may continue to use disclosure forms specified in Section 510 of the Insurance Code that were produced or printed prior to January 1, 1998, until current supplies are depleted or until December 31, 1998, whichever comes first.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

(a) Unless the persons are married to each other, each creditor who obtains the signature of more than one person on a consumer credit contract shall deliver to each person who does not in fact receive any of the money, property, or services which are the subject matter of the consumer credit contract, prior to that person's becoming obligated on the consumer credit contract, a notice in English and Spanish in at least 10-point type as follows:

NOTICE TO COSIGNER (Traducción en Inglés Se Requiere Por La Ley)

You are being asked to guarantee this debt. Think carefully before you do. If the borrower doesn't pay the debt, you will have to. Be sure you can afford to pay if you have to, and that you want to accept this responsibility.
You may have to pay up to the full amount of the debt if the borrower does not pay. You may also have to pay late fees or collection costs, which increase this amount.
The creditor can collect this debt from you without first trying to collect from the borrower. The creditor can use the same collection methods against you that can be used against the borrower, such as suing you, garnishing your wages, etc. If this debt is ever in default, that fact may become a part of *your* credit record.
This notice is not the contract that makes you liable for the debt.

AVISO PARA EL FIADOR (Spanish Translation Required By Law)

Se le está pidiendo que garantice esta deuda. Piénselo con cuidado antes de ponerse de acuerdo. Si la persona que ha pedido este préstamo no paga la deuda, usted tendrá que pagarla. Esté seguro de que usted podrá pagar si sea obligado a pagarla y de que usted desea aceptar la responsabilidad.

Si la persona que ha pedido el préstamo no paga la deuda, es posible que usted tenga que pagar la suma total de la deuda, mas los cargos por tardarse en el pago o el costo de cobranza, lo cual aumenta el total de esta suma.

El acreedor (financiero) puede cobrarle a usted sin, primeramente, tratar de cobrarle al deudor. Los mismos metodos de cobranza que pueden usarse contra el deudor, podran usarse contra usted, tales como presentar una demanda en corte, quitar parte de su sueldo, etc. Si alguna vez no se cumpla con la obligación de pagar esta deuda, se puede incluir esa información en la historia de credito de usted.

Este aviso no es el contrato mismo en que se le echa a usted la responsabilidad de la deuda.

(b) Whenever notice is required to be given under subdivision (a) or (d) and the consumer credit contract is written in a language other than English or Spanish, the creditor shall deliver the notice as required in subdivision (a) or (d) in English and, in addition to or in lieu of Spanish, in the language in which the consumer contract is written.

(c) The requirements of subdivisions (a) and (b) do not apply to a creditor offering or extending open-end credit, as defined in Regulation Z, to joint applicants if all of the following conditions are satisfied:

(1) The application or agreement signed by each applicant clearly and conspicuously discloses that after credit approval each applicant shall have the right to use the open-end credit plan to the extent of any limit set by the creditor and may be liable for all amounts extended under the plan to any joint applicant.

(2) After credit approval, the creditor issues for the use of each applicant any credit device such as a credit card which may be used to obtain credit under the open-end credit plan and sends the credit device to the address specified in the application or otherwise delivers the credit device in a manner specified in the application or agreement signed by each applicant.

This paragraph does not apply to a creditor who does not issue a credit card or other credit device in order to obtain credit under the creditor's open-end credit plan.

(d) Unless the persons are married to each other, a lessor under a lease shall deliver to each person who does not in fact receive the

vehicle which is the subject of the lease contract, prior to that person becoming liable on the lease contract, the following notice in English and Spanish in at least 10-point type in lieu of the notice required by subdivision (a):

NOTICE TO COSIGNER (Traducción en Inglés Se Requiere Por La Ley)

You are being asked to guarantee this lease. Think carefully before you do. If the lessee doesn't pay, you will have to. Be sure you can afford to pay if you have to, and that you want to accept this responsibility.

You may have to pay up to the full amount owed on the lease if the lessee does not pay. You may also have to pay late fees or other collection costs, which increase this amount.

The lessor can collect on the lease from you without first trying to collect from the lessee. The lessor can use the same collection methods against you that can be used against the lessee, such as suing you, garnishing your wages, etc. If this lease is ever in default, that fact may become part of *your* credit record.

This notice is not the contract that makes you liable for the lease obligation.

AVISO PARA EL FIADOR (Spanish Translation Required By Law)

Se le está piediendo que garantice este arrendamiento. Piénselo con cuidado antes de ponerse de acuerdo. Si el arrendatario no paga, usted tendrá que pagar. Esté seguro de que usted podrá pagar si sea obligado a pagar y de que usted desea aceptar la responsabilidad.

Si el arrendatario no paga, es posible que usted tenga que pagar la suma total debida en el contrato de arrendamiento, más los cargos por tardarse en el pago o el costo de cobranza, los cuales aumentan el total de esta suma.

La compañía arrendadora puede cobrarle a usted por la suma debida en el arrendamiento, sin, primeramente, tratar de cobrarle al arrendatario. Los mismos métodos de cobranza que pueden usarse contra el arrendatario, podrán usarse contra usted, tales como presentar una demanda en corte, quitar parte de su sueldo, etc. Si alguna vez no se cumpla con la obligación del arrendamiento, se puede incluir esa información en la historia de credito de usted.

Este aviso no es el contrato mismo en que se le echa a usted la responsabilidad del arrendamiento.

(e) "Regulation Z" has the meaning set forth in Section 1802.18.

(f) The word "your" in the last sentence of the third paragraph of the notice in English set forth in subdivisions (a) and (d) shall be italicized.

SEC. 3. Section 2985.7 of the Civil Code is amended to read:

2985.7. (a) "Motor vehicle" means any vehicle required to be registered under the Vehicle Code. Motor vehicle does not include any trailer which is sold in conjunction with a vessel.

(b) "Lessor" includes "bailor" and is a person who is engaged in the business of leasing, offering to lease or arranging the lease of a motor vehicle under a lease contract.

For the purpose of this subdivision, "person" means an individual, partnership, corporation, limited liability company, estate, trust, cooperative, association or any other legal entity.

(c) "Lessee" includes "bailee" and is a natural person who leases, offers to lease or is offered the lease of a motor vehicle under a lease contract.

(d) "Lease contract" means any contract for or in contemplation of the lease or bailment for the use of a motor vehicle, and the purchase of services incidental thereto, by a natural person for a term exceeding four months, primarily for personal, family or household purposes, whether or not it is agreed that the lessee bear the risk of the motor vehicle's depreciation. Lease contract does not include a lease for agricultural, business or commercial purposes, or to a government or governmental agency or instrumentality.

(e) "Regulation M" means any rule, regulation, or interpretation promulgated by the Board of Governors of the Federal Reserve System under the federal Consumer Leasing Act (15 U.S.C. Secs. 1667-1667e), and any interpretation or approval issued by an official or employee of the Federal Reserve System duly authorized by the board to issue such interpretations or approvals.

(f) "Constant yield method" means the following:

(1) In the case of a periodic payment lease, the method of determining the rent charge portion of each base payment in which the rent charge for each computational period is earned in advance by multiplying the constant rate implicit in the lease contract times the balance subject to rent charge as it declines during the scheduled lease term. At any time during the scheduled term of a periodic payment lease, the balance subject to rent charge is the difference between the adjusted capitalized cost and the sum of (A) all depreciation and other amortized amounts accrued during the preceding computational periods and (B) the first base periodic payment.

(2) In the case of a single payment lease, the method of determining the periodic earning of rent charges in which the rent charge for each computational period is earned in advance by multiplying the constant rate implicit in the lease contract times the balance subject to rent charge as it increases during the scheduled lease term. At any time during the scheduled term of a single

payment lease, the balance subject to rent charge is determined by subtracting from the residual value the total rent charge scheduled to be earned over the term of the lease contract and adding to the difference all rent charges accrued during the preceding computational periods.

(3) Periodic rent charge calculations are based on the assumption that the lessor will receive the lease payments on their exact due dates and that the lease does not end before its scheduled termination date.

SEC. 4. Section 2985.71 of the Civil Code is repealed.

SEC. 5. Section 2985.71 is added to the Civil Code, to read:

2985.71. (a) Any solicitation to enter into a lease contract that includes any of the following items shall contain the disclosures described in subdivision (b):

(3) The statement "Plus tax and license" or a substantially similar statement, if amounts due for use tax, license fees, and registration fees are not included in the payments.

(c) No solicitation to aid, promote, or assist directly or indirectly any lease contract may state that a specific lease of any motor vehicle at specific amounts or terms is available unless the lessor usually and customarily leases or will lease that motor vehicle at those amounts or terms.

(d) A failure to comply with the provisions of this section shall not affect the validity of the leasing contract. No owner or employee of any entity, other than the lessor, that serves as a medium in which a lease solicitation appears or through which a lease solicitation is disseminated, shall be liable under this section.

(3) The vehicle identification number of the leased vehicle.

(4) A brief description of any trade-in vehicle and the agreed-upon value thereof if the amount due at lease signing or delivery is paid with a net trade-in allowance or the "Itemization of Gross Capitalized Cost" includes any outstanding prior credit or lease balance from the trade-in vehicle.

(5) The fee, if any, to be retained by the lessor for document preparation, which fee shall not exceed forty-five dollars ($45) and shall not be represented as a governmental fee.

(d) Every lease contract shall contain, in at least eight-point bold type, above the space provided for the lessee's signature and circumscribed by a line, the following notice: "(1) Do not sign this lease before you read it or if it contains any blank spaces to be filled in; (2) You are entitled to a completely filled in copy of this lease; (3) Warning—Unless a charge is included in this lease for public liability or property damage insurance, payment for that coverage is not provided by this lease."

(e) Every lease contract shall contain, in at least eight-point bold type, on the first page of the contract and circumscribed by a line, the following notice:

"THERE IS NO COOLING OFF PERIOD

California law does not provide for a "cooling off" or other cancellation period for vehicle leases. Therefore, you cannot later cancel this lease simply because you change your mind, decided the vehicle costs too much, or wish you had acquired a different vehicle. You may cancel this lease only with the agreement of the lessor or for

legal cause, such as fraud."

(f) Every lease contract shall contain, in at least eight-point bold type, the following notice: "You have the right to return the vehicle, and receive a refund of any payments made if the credit application is not approved, unless nonapproval results from an incomplete application or from incorrect information provided by you."

(g) The lease contract shall be signed by the lessor and lessee, or their authorized representatives, and an exact copy of the fully executed lease contract shall be provided to the lessee at the time of signing.

(h) No motor vehicle shall be delivered under a lease contract subject to this chapter until the lessor provides to the lessee a fully executed copy of the lease contract.

(i) The lessor shall not obtain the signature of the lessee to a contract when it contains blank spaces to be filled in after it has been signed.

(j) If the lease contract contains a provision that holds the lessee liable for the difference between (1) the adjusted capitalized cost disclosed in the lease contract reduced by the amounts described in subparagraph (A) of paragraph (5) of subdivision (b) of Section 2987 and (2) the settlement proceeds of the lessee's required insurance and deductible in the event of theft or damage to the vehicle that results in a total loss, the lease contract shall contain the following notice in at least eight-point boldface type on the first page of the contract:

"GAP LIABILITY NOTICE

In the event of theft or damage to the vehicle that results in a total loss, there may be a GAP between the amount due upon early termination and the proceeds of your insurance settlement and deductible. THIS LEASE PROVIDES THAT YOU ARE LIABLE FOR THE GAP AMOUNT. Optional coverage for the GAP amount may be offered for an additional price."

(k) This section shall become mandatory with respect to lease contracts entered into on and after March 1, 1998. However, with respect to lease contracts entered into prior to March 1, 1998, a person who complies with this section shall be deemed to have complied with Section 2985.8 as added by Chapter 1284 of the Statutes of 1976.

SEC. 8. Section 2986.2 of the Civil Code is repealed.

SEC. 9. Section 2986.3 of the Civil Code is amended to read:

2986.3. No lease contract shall contain any provision by which:

(a) A power of attorney is given to confess judgment in this state, or an assignment of wages is given; provided that nothing herein contained shall prohibit the giving of an assignment of wages contained in a separate instrument pursuant to Section 300 of the Labor Code.

(b) The lessee waives any right of action against the lessor or holder of the contract or other person acting on his or her behalf for any illegal act committed in the collection of payments under the contract or in the repossession of the motor vehicle.

(c) The lessee relieves the lessor from liability for any legal remedies which the lessee may have against the lessor under the contract or any separate instruments executed in connection therewith.

(d) The lessor or holder of the contract is given the right to commence action on a contract under the provisions of this chapter in a county other than the county in which the contract was in fact signed by the lessee, the county in which the lessee resides at the commencement of the action, the county in which the lessee resided at the time the contract was entered into or in the county in which the motor vehicle leased pursuant to such contract is permanently garaged.

SEC. 10. Section 2986.4 of the Civil Code is amended to read:

2986.4. Any acknowledgment by the lessee of delivery of a copy of a lease contract or purchase order and any vehicle lease proposal and any credit statement which the lessor has required or requested the lessee to sign, and which the lessee has signed, during the contract negotiations, shall be printed or written in size equal to at least 10-point bold type and, if contained in the contract, shall appear directly above the space reserved for the lessee's signature. The lessee's written acknowledgment, conforming to the requirements of this section, of delivery of a completely filled in copy of the contract, and a copy of such other documents shall be a rebuttable presumption of delivery in any action or proceeding by or against a third party without knowledge to the contrary when he or she acquired his or her interest in the contract. If such third party furnishes the lessee a copy of such documents, or a notice containing items set forth in subdivision (c) of Section 2985.8, and stating that the lessee shall notify such third party in writing within 30 days if he or she was not furnished a copy of such documents, and no such notification is given, it shall be conclusively presumed in favor of such a third party that copies of the documents were furnished as required by this chapter.

SEC. 11. Section 2986.13 of the Civil Code is amended to read:

2986.13. (a) Any payment made by a lessee to a lessor pending the execution of a lease contract shall be refunded to the lessee in the event the lease contract is not executed.

(b) In the event of breach by the lessor of a lease contract where the lessee leaves his or her motor vehicle with the lessor as a trade-in downpayment and the motor vehicle is not returned by the lessor to the lessee for whatever reason, the lessee may recover from the lessor either the fair market value of the motor vehicle left as a downpayment or its value as stated in the lease contract, whichever

is greater. The recovery shall be tendered to the lessee within five business days after the breach.

(c) The remedies of the buyer provided for in subdivision (b) are nonexclusive and cumulative and shall not preclude the lessee from pursuing any other remedy which he or she may have under any other provision of law.

SEC. 12. Section 2987 is added to the Civil Code, to read:

2987. (a) A lessee has the right to terminate a lease contract at any time prior to the scheduled expiration date specified in the lease contract. Except as provided in subdivision (f), all of the following subdivisions of this section apply in the event of an early termination.

(b) The lessee's liability shall not exceed the sum of the following:

(1) All unpaid periodic lease payments that have accrued up to the date of termination.

(2) All other amounts due and unpaid by the lessee under the lease contract, other than excess wear and mileage charges and unpaid periodic lease payments.

(3) Any charges, however denominated, that the lessor or holder of the lease contract may assess in connection with termination not to exceed in the aggregate the amount of a reasonable disposition fee, if any, disclosed in the lease contract and assessed upon termination of the lease contract.

(4) In the event of the lessee's default, reasonable fees paid by the lessor or holder for reconditioning of the leased vehicle and reasonable and necessary fees paid by the lessor or holder, if any, in connection with the repossession and storage of the leased vehicle.

(5) The difference, if any, between the adjusted capitalized cost disclosed in the lease contract and the sum of (A) all depreciation and other amortized amounts accrued through the date of early termination, calculated in accordance with the constant yield or other generally accepted actuarial method, and (B) the realized value of the vehicle as provided in subdivision (c).

(c) Subject to subdivision (d), the realized value of the vehicle used to calculate the lessee's liability under paragraph (5) of subdivision (b) shall be (1) if the lessee maintains insurance on the leased vehicle as required in the lease contract and the vehicle is a total loss as a result of theft or damage, the amount of any applicable insurance deductible owed by the lessee and the proceeds of the settlement of the insurance claim, unless a higher amount is agreed to by the holder of the lease contract, (2) if the lessee elects to have an appraisal conducted as provided in Regulation M, the value determined on appraisal, (3) if the holder of the lease contract or lessor elects to retain ownership of the vehicle for use or to lease to a subsequent lessee, the wholesale value of the vehicle as specified in the current edition of a recognized used vehicle value guide customarily used by California motor vehicle dealers to value vehicles in this state, including, but not limited to, the Kelley Blue Book Auto Market Report and the N.A.D.A. Official Used Car Guide,

or (4) under all other circumstances, the higher of (A) the price paid for the vehicle upon disposition, or (B) any other amount established by the lessor or the lease contract.

(d) (1) The lessor or holder of the lease contract shall act in good faith and in a commercially reasonable manner in connection with the disposition of the vehicle.

(2) In addition to the requirements of paragraph (1), any disposition of the vehicle shall be preceded by a notice complying with both of the following:

(A) The notice shall be in writing and given by the holder of the contract to each lessee and guarantor at least 10 days in advance of any disposition or the date by which the value of the vehicle will be determined pursuant to paragraph (3) of subdivision (c). The notice shall be personally served or shall be sent by certified mail, return receipt requested, or first-class mail, postage prepaid, directed to the last known address of each lessee and guarantor. One notice is sufficient if those persons are married to each other and the most recent records of the holder of the lease contract indicate that they reside at the same address. The last known address of each lessee and guarantor shall be presumed to be the address stated in the lease contract or guaranty for each lessee and guarantor unless the lessee or guarantor notifies the holder of the lease contract of a change of address.

(B) The notice shall set forth (i) the time and place of any public sale, the time on or after which a private sale or other intended disposition is to be made, or the date by which the value of the vehicle will be determined pursuant to paragraph (3) of subdivision (c), (ii) an itemization of all amounts claimed under paragraphs (1) to (4), inclusive, of subdivision (b), (iii) the amount of the difference between the adjusted capitalized cost and the sum of all depreciation and other amortized amounts paid through the date of early termination as provided in paragraph (5) of subdivision (b), (iv) the total of these amounts identified as the "Gross Early Termination Amount," and (v) one of the following statements, whichever is applicable:

[To be inserted when the realized value will be determined pursuant to paragraph (3) of subdivision (c)]

"The amount you owe for early termination will be no more than the difference between the Gross Early Termination Amount stated above and (1) the appraised value of the vehicle or (2) if there is no appraisal, the wholesale value specified in a recognized used vehicle value guide.

You have the right to get a professional appraisal to establish the value of the vehicle for the purpose of figuring how much you owe on the lease. If you want an appraisal, you will have to arrange for it to be completed at least three days before the scheduled valuation date. The appraiser has to be an independent person acceptable to the holder of the lease. You will have to pay for the appraiser. The

appraised value will be considered final and binding on you and the holder of the lease."

[To be inserted in all other circumstances]

"The amount you owe for early termination will be no more than the difference between the Gross Early Termination Amount stated above and (1) the appraised value of the vehicle or (2) if there is no appraisal, either the price received for the vehicle upon disposition or a greater amount established by the lessor or the lease contract.

You have the right to get a professional appraisal to establish the value of the vehicle for the purpose of figuring how much you owe on the lease. If you want an appraisal, you will have to arrange for it to be completed at least three days before the scheduled sale date of the vehicle. The appraiser has to be an independent person acceptable to the holder of the lease. You will have to pay for the appraiser. The appraised value will be considered final and binding on you and the holder of the lease."

(3) The lessee shall have no liability under subdivision (b) if the lessor or holder of the lease contract does not comply with this subdivision. This paragraph does not apply under all the following conditions:

(A) Noncompliance was the result of a bona fide error in stating an amount required to be disclosed pursuant to clause (ii), (iii), or (iv) of subparagraph (B) of paragraph (2).

(B) The holder of the lease gives the lessee written notice of the error within 30 days after discovering the error and before (i) an action is filed to recover the amount claimed to be owed or (ii) written notice of the error is received by the holder of the lease from the lessee.

(C) The lessee is liable for the lesser of the originally claimed amount or the correct amount.

(D) The holder of the lease refunds any amount collected in excess of the amount described in subparagraph (C) within 10 days after notice of the error is given. "Bona fide error," as used in this paragraph, means an error that was not intentional and occurred notwithstanding the maintenance of procedures reasonably adapted to avoid that error. Examples of a bona fide error include clerical errors, calculation errors, errors due to unintentionally improper computer programming or data entry, and printing errors, but does not include an error of legal judgment with respect to a lessor's or lease contractholder's obligations under this section.

(4) This subdivision does not apply when the lessee maintains insurance on the leased vehicle as required in the lease contract and the vehicle is declared a total loss by the insurer as a result of theft or damage.

(e) The lessor or holder of the lease contract shall credit any security deposit or advance rental payment held by the lessor or holder of the lease contract against the lessee's liability under the lease contract as limited by this section. The portion of a security

deposit or advance rental payment, if any, remaining after the lessee's liability under the lease contract as limited by this section has been satisfied shall be returned to the lessee within 30 days of the satisfaction of the obligation.

(f) Subdivisions (b) to (d), inclusive, do not apply if, prior to the scheduled expiration date specified in the lease contract, the lessee terminates the lease and purchases the vehicle or trades in the vehicle in connection with the purchase or lease of another vehicle. In such an event, the selling price of the leased vehicle, exclusive of taxes and other charges incidental to the sale, shall not exceed the sum of the following and shall relieve the lessee of any further liability under the lease contract:

(1) All unpaid periodic lease payments that have accrued up to the date of termination.

(2) All other amounts due and unpaid by the lessee under the lease contract, other than excess wear and mileage charges and unpaid periodic lease payments.

(3) Any charges, however denominated, that the lessor or holder of the lease contract may assess in connection with termination of the lease contract and the acquisition of the vehicle, not to exceed in the aggregate the amount of a reasonable purchase option fee, if any, disclosed in the lease contract and assessed upon the scheduled termination of the lease contract.

(4) The adjusted capitalized cost disclosed in the lease contract less all depreciation and other amortized amounts accrued through the date of early termination, calculated in accordance with the constant yield or other generally accepted actuarial method.

(g) If the lessee terminates a lease contract, voluntarily returns possession of the vehicle to the lessor, and timely pays all sums required under the lease contract as limited by this section, the lessor or holder shall not provide any adverse information concerning the early termination to any consumer credit reporting agency.

(h) The Rule of 78 shall not be used to calculate accrued rent charges.

(i) This section shall only apply to lease contracts entered into on and after January 1, 1998.

SEC. 13. Section 2989.2 of the Civil Code is amended to read:

2989.2. Where the lessee is to bear the risk of the motor vehicle's depreciation upon the scheduled expiration of the lease contract, the following applies:

(a) When disposing of a vehicle or obtaining cash bids for the purpose of setting the fair market value of a vehicle, the lessor shall act in a commercially reasonable manner in the customary market for such vehicle.

(b) Any provision in a lease contract to the contrary notwithstanding, at least 10 days written notice of intent to sell such motor vehicle shall be given by the holder of the contract to each lessee and guarantor, unless the lessor and lessee have agreed in

writing to the amount of the lessee's liability under the lease contract after the lessee returns the motor vehicle to the lessor, or the lessee has satisfied the lease contract obligations by payment to the lessor. The notice shall be personally served or shall be sent by certified mail, return receipt requested, directed to the address of the lessee shown on the contract, unless the lessee has notified the holder in writing of a different address. The notice shall set forth separately any charges or sums due and state that the lessee will be liable for the difference between the amount of liability imposed on the lessee at the expiration of the lease term and the actual cash value of the motor vehicle when it is sold. The notice shall also state that the lessee has the right to submit a cash bid for the purchase of the vehicle.

SEC. 14. Section 6 of this act shall become operative on March 1, 1998.

SEC. 15. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

## CHAPTER 801

An act to amend Section 44011 of the Health and Safety Code, and to amend Section 4000.1 of the Vehicle Code, relating to air pollution.

[Approved by Governor October 8, 1997. Filed with Secretary of State October 9, 1997.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 44011 of the Health and Safety Code is amended to read:

44011. (a) All motor vehicles powered by internal combustion engines which are registered within an area designated for program coverage shall be required biennially to obtain a certificate of compliance or noncompliance, except for all of the following:

(1) Every motorcycle, and every diesel-powered vehicle, until the department, pursuant to Section 44012, implements test procedures applicable to motorcycles or to diesel-powered vehicles, or both.

(2) Any motor vehicle which has been issued a certificate of compliance or noncompliance or an emission cost waiver upon a change of ownership or initial registration in this state during the preceding six months, or which has been issued a certificate of exemption pursuant to Section 4000.6 or 4000.7 of the Vehicle Code.

(3) Prior to January 1, 2003, any motor vehicle manufactured prior to the 1974 model-year.

(4) Beginning January 1, 2003, any motor vehicle that is 30 or more model-years old.

(5) Any other motor vehicle that the department determines would present prohibitive inspection or repair problems.

(6) Any vehicle registered to the owner of a fleet licensed pursuant to Section 44020 if the vehicle is garaged exclusively outside the area included in program coverage, and is not primarily operated inside the area included in program coverage.

(b) Vehicles designated for program coverage in enhanced areas shall be required to obtain inspections from appropriate smog check stations operating in enhanced areas.

SEC. 2. Section 4000.1 of the Vehicle Code is amended to read:

4000.1. (a) Except as otherwise provided in subdivision (b), (c), or (d) of this section, or subdivision (b) of Section 43654 of the Health and Safety Code, the department shall require upon initial registration, and upon transfer of ownership and registration, of any motor vehicle subject to Part 5 (commencing with Section 43000) of Division 26 of the Health and Safety Code, and upon registration of a motor vehicle previously registered outside this state which is subject to those provisions of the Health and Safety Code, a valid certificate of compliance or a certificate of noncompliance, as appropriate, issued in accordance with Section 44015 of the Health and Safety Code.

(b) With respect to new vehicles certified pursuant to Chapter 2 (commencing with Section 43100) of Part 5 of Division 26 of the Health and Safety Code, the department shall accept a statement completed pursuant to subdivision (b) of Section 24007 in lieu of the certificate of compliance.

(c) For purposes of determining the validity of a certificate of compliance or noncompliance submitted in compliance with the requirements of this section, the definitions of new and used motor vehicle contained in Chapter 2 (commencing with Section 39010) of Part 1 of Division 26 of the Health and Safety Code shall control.

(d) Subdivision (a) does not apply to a transfer of ownership and registration under any of the following circumstances:

(1) In any district in which biennial certification is required and a valid certificate was issued in connection with the most recent renewal of registration of the vehicle, and the transfer occurred not more than 60 days following the date by which that renewal of registration was required.

(2) The transferor is either the parent, grandparent, sibling, child, grandchild, or spouse of the transferee.
(3) A vehicle registered to a sole proprietorship is transferred to the proprietor as owner.
(4) The transfer is between companies whose principal business is leasing vehicles, if there is no change in the lessee or operator of the vehicle or between the lessor and the person who has been, for at least one year, the lessee's operator of the vehicle.
(5) The transfer is between the lessor and lessee of the vehicle, if there is no change in the lessee or operator of the vehicle.
(6) Prior to January 1, 2003, the motor vehicle was manufactured prior to the 1974 model-year.
(7) Beginning January 1, 2003, the motor vehicle is 30 or more model-years old.
(e) The State Air Resources Board, under Part 5 (commencing with Section 43000) of Division 26 of the Health and Safety Code, may exempt designated classifications of motor vehicles from subdivision (a) as it deems necessary, and shall notify the department of that action.
(f) Subdivision (a) does not apply to a motor vehicle when an additional individual is added as a registered owner of the vehicle.

## CHAPTER 802

An act to amend Sections 44003, 44021, 44037.1, 44060, 44081, 44091, and 44101 of, to add Section 44024.5 to, and to add and repeal Section 44091.1 of, the Health and Safety Code, to amend Section 6262 of the Revenue and Taxation Code, and to repeal Section 4000.7 of the Vehicle Code, relating to air pollution.

[Approved by Governor October 8, 1997. Filed with Secretary of State October 9, 1997.]

*The people of the State of California do enact as follows:*

SECTION 1. It is the intent of the Legislature to identify new funding sources for the High Polluter Repair or Removal Account created by Section 44091 of the Health and Safety Code to provide financial assistance to motorists in the state who own high-polluting vehicles.
SEC. 2. Section 44003 of the Health and Safety Code is amended to read:
44003. (a) (1) An enhanced motor vehicle inspection and maintenance program is established in each urbanized area of the state, any part of which is classified by the Environmental Protection Agency as a serious, severe, or extreme nonattainment area for ozone or a moderate or serious nonattainment area for carbon monoxide

with a design value greater than 12.7 ppm, and in other areas of the state as provided in this chapter.

(2) The enhanced motor vehicle inspection and maintenance program established pursuant to paragraph (1) shall be assessed jointly by the department and the state board periodically to determine whether changes in the program may be warranted. On or before January 1, 2003, the department and the state board shall jointly issue a report to the Legislature based on those periodic assessments, recommending any modifications to the enhanced program to improve its operations and lessen its impact on consumers while still achieving the necessary emission reductions to attain air quality standards.

(3) A basic vehicle inspection and maintenance program shall be continued in all other areas of the state where a program was in existence under this chapter as of the effective date of this paragraph.

(b) The department may prescribe different test procedures and equipment requirements for those areas described in subdivision (a). Program components shall be operated in all program areas unless otherwise indicated, as determined by the department. In those areas where the biennial program is not implemented and smog check inspections are required to complete the requirements set forth in Sections 4000.1 and 4000.2 of the Vehicle Code, program elements that apply in basic areas, including test equipment requirements for smog check stations, shall apply.

(c) (1) Districts classified as attainment areas may request the department to implement all or part of the program elements defined in this chapter. However, the department shall not implement the program established by Section 44010.5 in any area other than an urbanized area, any part of which is classified by the Environmental Protection Agency as a serious, severe, or extreme nonattainment area for ozone or a moderate or serious nonattainment area for carbon monoxide with a design value greater than 12.7 ppm.

(2) Districts that include areas classified as basic program nonattainment areas pursuant to subdivision (a) may, except as provided in paragraph (1), request the implementation in those areas of test procedures and equipment required for enhanced program areas and any other program requirement specified for enhanced program areas.

SEC. 3. Section 44021 of the Health and Safety Code is amended to read:

44021. (a) (1) The Inspection and Maintenance Review Committee is hereby created to analyze the effect of the improved inspection and maintenance program established by this chapter on motor vehicle emissions and air quality. The functions of the review committee shall be advisory in nature and primarily pertain to the gathering, analysis, and evaluation of information.

(2) The members of the review committee shall receive no compensation, but shall be reimbursed by the department for their reasonable expenses in performing committee duties. The state board and the department shall provide the review committee with any necessary technical and clerical support in its evaluation and study.

(3) (A) The review committee shall consist of 13 members, nine to be appointed by the Governor, two by the Senate Committee on Rules, and two by the Speaker of the Assembly. All members shall be appointed to four-year terms, and the Governor shall appoint from among his or her appointees the chairperson of the review committee.

(B) The appointees of the Governor shall include an air pollution control officer from an enhanced program nonattainment area, three public members, an expert in air quality, an economist, a social scientist, a representative of the inspection and maintenance industry, and a representative of stationary source emissions organizations.

(C) The appointees of the Senate Committee on Rules shall include an environmental member with expertise in air quality, and a representative from the inspection and maintenance industry.

(D) The appointees of the Speaker of the Assembly shall include an environmental member with expertise in air quality, and a representative of a local law enforcement agency charged with prosecuting violations of this chapter in an enhanced program nonattainment area.

(4) In preparing its evaluations of program effectiveness as provided in paragraph (1), the review committee shall consult with the Department of the California Highway Patrol, the Department of Motor Vehicles, and any other appropriate agencies, as well as the department and the state board, shall schedule and conduct periodic meetings in the performance of its duties, and shall meet and consult with local, state, and federal officials involved in the evaluation of motor vehicle inspection and maintenance programs. At the request of the committee, the department or the state board may, on behalf of the committee, contract with independent entities to assist in the committee's evaluations.

(b) The review committee shall submit periodic written reports to the Legislature and the Governor on the performance of the program and make recommendations on program improvements at least every 12 months. The review committee's reports shall quantify the reduction in emissions and improvement in air quality attributed to the program. Any reports, other than those required by this section, that the review committee is required to provide pursuant to this chapter shall also be transmitted to the Secretary for Environmental Protection and the Secretary for State and Consumer Services.

(c) The review committee shall work closely with all interested parties in preparing the information required by subdivisions (a) and (b) and shall consider the reports provided pursuant to subdivision (e). The review committee shall hold at least one public hearing on its findings and recommendations prior to submitting its reports. The reports shall include statutory language to implement its recommendations, and shall recommend the timeframe for making any changes to the program. The review committee shall seek comments from the department, the Department of Motor Vehicles, the Department of the California Highway Patrol, and the state board prior to submitting its reports, and those comments shall be published as an appendix to the report.

(d) The review committee shall participate in the demonstration program authorized by Section 44081.6, as provided by that section.

(e) The state board, in cooperation with the department, shall periodically submit reports to the review committee. The reports shall include an assessment of the impact on emissions of continuing the exemption from inspection of motor vehicles newer than five years old; a comparison of the actual mass emission reductions being achieved by the enhanced program to those required by the State Implementation Plan; and recommendations to improve the effectiveness and cost-effectiveness of the program, including specific recommendations addressing any discrepancy between emissions achieved and those in the State Implementation Plan. The first report shall be submitted not later than January 1, 2000, and reports shall be submitted triennially thereafter. In preparing the reports, the state board shall use data collected during inspections and repair, and data collected using roadside measurements, and may conduct additional testing, as determined to be necessary, to accurately quantify the mass emissions reduced.

SEC. 4. Section 44024.5 is added to the Health and Safety Code, to read:

44024.5. (a) The department shall compile and maintain statistical and emissions profiles of motor vehicles that are subject to the motor vehicle inspection program. The department may use data from any source, including remote sensing data and other motor vehicle inspection program data, to develop and confirm the validity of the profiles.

(b) The department, in cooperation with the state board, shall perform periodic analyses of the statistical and emissions profiles created pursuant to subdivision (a). The department and the state board, in consultation with the Inspection and Maintenance Review Committee, may determine that, in addition to the vehicles excepted pursuant to Section 44011, certain other motor vehicles may be excepted from the biennial certification requirements of this chapter without significantly compromising the emission reduction objectives set forth in the State Implementation Plan (SIP).

(c) The department may conduct a pilot program to except from the biennial certification requirement those vehicles that may be jointly determined by the department and the state board, after consultation with the Inspection and Maintenance Review Committee, to warrant exception. The department shall provide written notification to the Legislature specifying the number of vehicles to be exempted as well as the geographic location and duration of the pilot program not less than 30 days prior to the implementation of the pilot program. The department shall submit the results of the pilot program to the state board and the Inspection and Maintenance Review Committee for review. Subject to the approval of the Environmental Protection Agency as an amendment to the SIP, the department may establish the exception program as a permanent program.

(d) For vehicles four model years old or less, the department shall use test data generated pursuant to Section 44014.7 to develop statistical and emissions profiles. The department may use data from any source, including remote sensing data, warranty repair and recall data, and other motor vehicle inspection program data, to develop and confirm the validity of the data. If the department and state board jointly determine that the emissions from a class of motor vehicles would potentially compromise the emission reduction objectives set forth in the SIP, the state board shall consider appropriate corrective action, including, but not limited to, recall pursuant to Section 43105.

SEC. 5. Section 44037.1 of the Health and Safety Code is amended to read:

44037.1. (a) On or before January 1, 1995, the department shall design and establish the equipment necessary to operate a centralized computer data base and computer network that is readily accessible by all licensed smog check technicians on a real time basis.

(b) The centralized computer data base and network shall be designed with all of the following capabilities:

(1) To provide smog check technicians with immediate access to vehicle-specific information regarding the location of all emission control equipment, pattern failure data, and other vehicle-specific technical information relevant to the efficient identification, diagnosis, and repair of emission problems.

(2) To provide smog check technicians and the department with information as to the date and result of prior smog check tests performed on each vehicle to discourage vehicle owners from shopping for certificates of compliance and to permit the department to identify smog check stations for further investigation as potential violators of this chapter.

(3) To provide the department with data on the failure rates and repair effectiveness for vehicles of each make and model year on a statewide basis, and by smog check station and technician, to

facilitate identification of smog check stations and technicians as potential violators of this chapter.

(4) Upon a determination that a smog check station or technician has engaged in a pattern of conduct violating this chapter, or that a vehicle failed one or more emissions tests before obtaining a certificate of compliance, to provide the information necessary to identify and contact vehicle owners who obtained certificates from the station or technician, or may have obtained certificates of compliance in violation of this chapter, for purposes of requiring the retesting of their vehicles.

(5) To be compatible with the eventual transition to a fully computerized smog certification program that will not require the use of printed certificates as evidence of compliance.

(6) To be compatible with bar code scanning of vehicles as provided in Section 44041.

(7) To permit ongoing entry of information from each smog check station into the centralized data base to enlarge and improve the data base on a continuous basis.

(8) To be compatible with the department's recordkeeping and compilation requirements established by Section 44037.

(9) To meet the needs of a remote-sensing program to identify gross polluters, as specified by the department.

(10) To meet any other needs specified by the department to enhance the benefits of the program through the storage of vehicle-specific information, such as that pertaining to voluntary repair and assistance and retirement programs and to the referee station program.

(c) After January 1, 1995, each smog check station shall transmit vehicle data emission test results to the department's centralized data base. Each smog check station shall also transmit vehicle data and emission measurements made before and after repair. The department shall establish, by regulation, the form, manner, and frequency of the data transmittals.

SEC. 6. Section 44060 of the Health and Safety Code is amended to read:

44060. (a) The department shall prescribe the form of the certificate of compliance or noncompliance, repair cost waivers, and economic hardship extensions.

(b) The certificates, repair cost waivers, and economic hardship extensions shall be in the form of an electronic entry filed with the department, the Department of Motor Vehicles, and any other person designated by the department. The department shall ensure that the motor vehicle owner or operator is provided with a written report, signed by the licensed technician who performed the inspection, of any test performed by a smog check station, including a pass or fail indication, and written confirmation of the issuance of the certificate.

(c) (1) The department shall charge a fee to a smog check station, including a test-only station, and a station providing referee functions, for a motor vehicle inspected at that station that meets the requirements of this chapter and is issued a certificate of compliance, a certificate of noncompliance, repair cost waiver, or economic hardship extension.

(2) The fee charged pursuant to paragraph (1) shall be calculated to recover the costs of the department and any other state agency directly involved in the implementation, administration, or enforcement of the motor vehicle inspection and maintenance program, and shall not exceed the amount reasonably necessary to fund the operation of the program, including all responsibilities, requirements, and obligations imposed upon the department or any of those state agencies by this chapter, that are not otherwise recoverable by fees received pursuant to Section 44034.

(3) Except for adjustments to reflect changes in the Consumer Price Index, as published by the United States Bureau of Labor Statistics, the fee for each certificate, waiver, or extension shall not exceed seven dollars ($7).

(4) Fees collected by the department pursuant to this subdivision shall be deposited in the Vehicle Inspection and Repair Fund. It is the intent of the Legislature that a prudent surplus be maintained in the Vehicle Inspection and Repair Fund. If the surplus exceeds the reasonable costs of administration of the programs specified in this chapter and in Chapter 20.3 (commencing with Section 9880) of Division 3 of the Business and Professions Code, the department shall, by regulation, prescribe a lower fee for the certificates, waivers, and extensions.

(d) (1) Motor vehicles exempted under paragraph (4) of subdivision (a) of Section 44011 shall be subject to an annual smog abatement fee of four dollars ($4). Payment of this fee shall be made to the Department of Motor Vehicles at the time of registration of the motor vehicle.

(2) Fees collected pursuant to this subdivision shall be deposited on a daily basis into the Vehicle Inspection and Repair Fund.

(e) The sale or transfer of the certificate, waiver, or extension by a licensed smog check station or test-only station to any other licensed smog check station or to any other person, and the purchase or acquisition of the certificate, waiver, or extension, by any person, other than from the department, the department's designee, or pursuant to a vehicle's inspection or repair conducted pursuant to this chapter, is prohibited.

(f) Following implementation of the electronic entry certificate under subdivision (b), the department may require the modification of the analyzers and other equipment required at smog check stations to prevent the entry of a certificate that has not been issued or validated through prepayment of the fee authorized by subdivision (c).

(g) The fee charged by licensed smog check stations to consumers for a certificate, waiver, or extension shall be the same amount that is charged by the department.

SEC. 7. Section 44081 of the Health and Safety Code is amended to read:

44081. (a) (1) The department, in cooperation with the state board, shall institute procedures for auditing the emissions of vehicles while actually being driven on the streets and highways of the state. The department may undertake those procedures itself or seek a qualified vendor of these services. The primary object of the procedures shall be the detection of gross polluters. The procedures shall consist of techniques and technologies determined to be effective for that purpose by the department, including, but not limited to, remote sensing. The procedures may include pullovers for roadside emissions testing and inspection. The department shall consider the recommendations of the review committee based on the outcome of the pilot demonstration program conducted pursuant to Section 44081.6.

(2) The department may additionally use other methods to identify gross polluting vehicles for out-of-cycle testing and repair.

(b) The department shall, by regulation, establish a program for the out-of-cycle testing and repair of motor vehicles found, through roadside auditing, to be emitting at levels that exceed specified standards. The program shall include all of the following elements:

(1) Emission standards, and test and inspection procedures and regulations, adopted in coordination with the state board, applicable to vehicles tested during roadside auditing. Emission standards for issuance of a notice of noncompliance to a gross polluter shall be designed to maximize the identification of vehicles with substantial excess emissions.

(2) Procedures for issuing notices of noncompliance to owners of gross polluters, either at the time of the roadside audit, or subsequently by certified mail, or by obtaining a certificate of mailing as evidence of service, using technologies for recording license plate numbers. The notice of noncompliance shall provide that, unless the vehicle is brought to a designated test-only facility, or a test-and-repair station that is both licensed and certified pursuant to Sections 44014 and 44014.2 and is participating in the pilot program pursuant to subparagraph (B) of paragraph (2) of subdivision (g) of Section 44014.5, for emissions testing within 30 days, the owner will be required to pay an administrative fee of five hundred dollars ($500) to be collected by the Department of Motor Vehicles at the next annual registration renewal or the next change of ownership of the vehicle, whichever occurs first. Commencing on the 31st day after issuance of the notice of noncompliance, the fee shall accrue at the rate of five dollars ($5) per day up to the five hundred dollars ($500) maximum.

(3) Procedures for the testing of vehicles identified as gross polluters by a designated test-only facility, or a test-and-repair station that is both licensed and certified pursuant to Sections 44014 and 44014.2 and is participating in the pilot program pursuant to subparagraph (B) of paragraph (2) of subdivision (g) of Section 44014.5, to confirm that the vehicle exceeds the minimum emission standard for gross polluters set by the department.

(4) Procedures requiring owners of vehicles confirmed as gross polluters to have the vehicle repaired, resubmitted for testing, and obtain a certificate of compliance from a designated test-only facility or removed from service as attested by a certificate of nonoperation from the Department of Motor Vehicles within 30 days or be required to pay an administrative fee of not more than five hundred dollars ($500), to be collected by the Department of Motor Vehicles at the next annual registration renewal or the next change of ownership, whichever occurs first. Commencing on the 31st day after issuance of the notice of noncompliance, the fee shall accrue at the rate of five dollars ($5) per day up to the five hundred dollars ($500) maximum. The registration of a vehicle shall not be issued or renewed if that vehicle has been identified as a gross polluter and has not been issued a certificate of compliance. Except as provided in subdivision (b) of Section 9250.18 of the Vehicle Code, any revenues collected by the Department of Motor Vehicles pursuant to this subdivision and Section 9250.18 of the Vehicle Code shall be deposited in the Vehicle Inspection and Repair Fund. If the ownership of the vehicle is transferred, the administrative fee provided for in this subdivision shall be waived if the vehicle is brought into compliance.

(5) A procedure for notifying the Department of Motor Vehicles of notices of noncompliance issued, so that the Department of Motor Vehicles may provide effective collection of the administrative fee. The Department of Motor Vehicles shall cooperate with, and implement the requirements of, the department in that regard.

(c) The department may adopt any other regulations necessary for the effective implementation of this section, as determined by the department.

(d) Upon the request of the department, the Department of the California Highway Patrol shall provide assistance in conducting roadside auditing, to consist of (1) the stopping of vehicles and traffic management, and (2) the issuance of notices of noncompliance to gross polluters. The department shall reimburse the Department of the California Highway Patrol for its costs of providing those services. The Department of Transportation and affected local agencies shall provide necessary assistance and cooperation to the department in the operation of the program.

(e) There shall be no repair cost limit imposed pursuant to Section 44017 for any repairs that are required to be made under the roadside auditing program, except as provided in subdivision (c) of Section 44017.

(f) This section does not apply to vehicles operating under a valid repair cost waiver or economic hardship extension issued pursuant to Section 44015.

SEC. 8. Section 44091 of the Health and Safety Code is amended to read:

44091. (a) The High Polluter Repair or Removal Account is hereby created in the Vehicle Inspection and Repair Fund. All money deposited in the account pursuant to this article and subdivision (d) of Section 6262 of the Revenue and Taxation Code shall be available, upon appropriation by the Legislature, to the department and the state board to establish and implement a program for the repair or replacement of high polluters pursuant to Section 44062.1 and Article 10 (commencing with Section 44100).

(b) The department may accept donations or grants of funds from any person for purposes of the program and shall deposit that money in the account. Donations, grants, or other commitments of money to the account may be dedicated for specific purposes consistent with the uses of the account, including, but not limited to, purchasing higher emitting vehicles for the purpose of achieving the emission reductions required by the M-1 strategy of the 1994 State Implementation Plan (SIP).

(c) The funds which are available in the account in any fiscal year for a particular area that is subject to an inspection and maintenance program shall be distributed to reflect the number of vehicles registered in that area to the total number of vehicles registered in areas that are subject to inspection and maintenance programs. That percentage shall be the percentage of the total funds allocated to the program in that fiscal year which are available for that particular area.

(d) During any fiscal year, the money in the account shall be available, upon appropriation by the Legislature, for the following purposes:

(1) Assistance in the repair of high polluters pursuant to the program established pursuant to Section 44062.1.

(2) Voluntary accelerated retirement of high polluters.

(3) Rulemaking, vehicle testing, and other technical work required to implement and administer the repair assistance program established pursuant to Section 44062.1 and the program described in Article 10 (commencing with Section 44100).

(e) An amount of one million dollars ($1,000,000) annually for the 1997–98 fiscal year and the 1998–99 fiscal year shall be made available from the account for a program to evaluate the emission reduction effectiveness of the M-1 strategy of the 1994 SIP.

(f) All remaining amounts in the account shall be available to the program of repair assistance established pursuant to Section 44062.1.

(g) In no case shall the funding available in any subsequent fiscal year to the department for repairing or removing high-emitting vehicles under the inspection and maintenance program be less than

the amount made available from the Vehicle Inspection and Repair Fund for that purpose in the 1995–96 fiscal year.

SEC. 9. Section 44091.1 is added to the Health and Safety Code, to read:

44091.1. On or after July 1, 1998, in the event that the smog impact fee imposed pursuant to Section 6262 of the Revenue and Taxation Code is ruled unconstitutional by an appellate court or the California Supreme Court, or if the state is in any manner prevented by either of these courts from imposing or collecting the fee, all of the following actions shall immediately take place:

(a) The fee specified in paragraph (1) of subdivision (d) of Section 44060 shall be six dollars ($6). The revenues from that fee shall be allocated as follows:

(1) Except as provided for in paragraph (2), the revenue generated by two dollars ($2) of the fee shall be deposited in the account created by Section 44091, while the revenue generated by the remaining four dollars ($4) shall continue to be deposited in the Vehicle Inspection and Repair Fund.

(2) All revenue generated by the fee imposed at first registration of a motor vehicle exempted under paragraph (4) of subdivision (a) of Section 44011 shall be deposited in the account created by Section 44091.

(b) (1) Except as specified in paragraph (2), this section shall remain in effect only until January 1, 2005, and as of that date shall become inoperative, unless a later enacted statute, that is enacted before June 30, 2004, deletes or extends that date.

(2) With respect to motor vehicles registered in the south coast district, this section shall remain in effect until January 1, 2010, and as of that date is repealed, unless a later enacted statute, that is enacted before June 30, 2009, deletes or extends that date.

SEC. 10. Section 44101 of the Health and Safety Code is amended to read:

44101. Not later than December 31, 1998, the state board shall adopt, by regulation, a statewide program to commence in 1999 that does all of the following:

(a) Provides for the creation, exchange, use, and retirement of light-duty vehicle mobile source emission reduction credits. The credits shall be fungible and exchangeable in the marketplace, and shall reflect the actual emissions of the vehicles that are retired or otherwise disposed of, by measurement, appropriate sampling, or correlations developed from appropriate sampling. The numerical value of credits may be constant over a defined lifetime, or may decline with age measured from the time of origination of the credits. In all cases, the numerical value of the credits shall reflect the useful life expectancies and the projected in-use emissions of the retired vehicles in a manner consistent with the assumptions used in determining the emissions inventory. The credits shall be fully

recognized by the United States Environmental Protection Agency, the state board, and the districts.

(b) Sets out the criteria for retiring or otherwise disposing of high-emitting vehicles purchased for this program.

(c) Authorizes the issuance of those credits to private entities that purchase and properly retire high-emitting vehicles.

(d) Authorizes the resale of those credits to public or private entities to be used to achieve the emission reduction requirements of the 1994 state implementation plan, meet the requirements of the inspection and maintenance program, satisfy compliance with other emission reduction mandates, as determined by the district or the state board, create local growth allowances, or satisfy new or modified source emission offset requirements. Nothing in this article limits a district's authority to apply emission discount factors pursuant to district rules that regulate emissions banks, trades, or offsets.

(e) Provides for the retirement of those credits when used.

(f) Includes accounting procedures to credit emissions reductions achieved through vehicle scrappage to the M-1 strategy of the 1994 SIP and the inspection and maintenance program.

(g) Contains a program plan pursuant to Section 44104.5.

(h) Satisfies the attributes described in subdivision (e) of Section 44100.

SEC. 11. Section 6262 of the Revenue and Taxation Code is amended to read:

6262. (a) In addition to any other fees and taxes required to be paid by the Vehicle Code and this code at the time of the registration of a motor vehicle, as defined in Section 415 of the Vehicle Code, a person making application to register a 1975 or subsequent model year gasoline-powered motor vehicle or a 1980 or subsequent model year diesel-powered motor vehicle which is subject to the requirements of Section 4000.2 of the Vehicle Code shall pay to the Department of Motor Vehicles a motor vehicle smog impact fee of three hundred dollars ($300) for any such motor vehicle which, prior to the date of application, was last registered outside this state, unless the motor vehicle has been certified pursuant to Chapter 2 (commencing with Section 43100) of Part 5 of Division 26 of the Health and Safety Code to meet the California carbon monoxide (CO), hydrocarbon (HC), and oxides of nitrogen ($NO_x$) emission standards for the applicable model year, and the California emission standard for that vehicle in that model year is more stringent than the federal emission standards for CO, HC, or NOx for that vehicle in that model year. This subdivision does not authorize the registration of motor vehicles that are prohibited from being brought into this state pursuant to Article 1.5 (commencing with Section 43150) of Chapter 2 of Part 5 of Division 26 of the Health and Safety Code.

(b) The determination that a vehicle is subject to the fee imposed pursuant to this section shall be made by the Department of Motor Vehicles, or its designee.

(c) (1) For purposes of this chapter, if a motor vehicle does not have affixed a vehicle emission control label from which the Department of Motor Vehicles may determine whether the vehicle is California-certified, the vehicle shall be presumed not to be California-certified unless confirmed to be by the manufacturer.

(2) Any manufacturer of light-duty motor vehicles doing business in California shall provide information, within 30 days from the date of the receipt of a request from the Department of Motor Vehicles, stating whether a vehicle, identified in the request by the vehicle identification number (VIN) assigned by the manufacturer in accordance with federal law, has been certified for sale in California pursuant to Chapter 2 (commencing with Section 43100) of Part 5 of Division 26 of the Health and Safety Code.

(3) For purposes of this subdivision, "vehicle emission control label" means the permanent label that vehicle manufacturers are required to affix to motor vehicles certified by the State Air Resources Board for sale in California in accordance with Chapter 2 (commencing with Section 43100) of Part 5 of Division 26 of the Health and Safety Code and pursuant to Sections 1965 and 1965.5 of Title 13 of the California Code of Regulations.

(d) After deduction of all costs incurred by the department in carrying out this section that have been approved by the Department of Finance, the revenues received pursuant to this section shall be deposited in the General Fund through June 30, 1998. On and after July 1, 1998, those revenues shall be deposited in the High Polluter Repair or Removal Account in the Vehicle Inspection and Repair Fund created pursuant to subdivision (a) of Section 44091 of the Health and Safety Code and shall be available solely for the purpose of funding the low-income repair assistance program established pursuant to Section 44062.1 of the Health and Safety Code and the voluntary accelerated retirement of high-emission motor vehicles as specified in subdivisions (d) and (f) of Section 44091 of the Health and Safety Code.

(e) This section does not apply to any of the following:

(1) A commercial vehicle, as defined in Section 260 of the Vehicle Code, with an unladen weight in excess of 6,000 pounds.

(2) Any vehicle owned by a person who, pursuant to military orders or within three years following the date of discharge from or release from active duty in the armed forces of the United States, enters California for the purpose of establishing or reestablishing residence or accepting gainful employment, if the vehicle was acquired by the owner in a foreign jurisdiction where those military orders required the owner's presence.

(3) Any vehicle that is required to be registered on or after January 1, 1993, that has been subject to the fee imposed by this

section within the prior four years, if the emission control devices and systems were not modified out of state subsequent to the previous payment of that fee.

(f) Notwithstanding any other provision of law, the fee imposed pursuant to subdivision (a) is imposed pursuant to the Sales and Use Tax Law.

SEC. 12. Section 4000.7 of the Vehicle Code is repealed.

SEC. 13. This act shall become operative only if both Assembly Bill 57 and Assembly Bill 1492 of the 1997–98 Regular Session of the Legislature are enacted and take effect on or before January 1, 1998.

## CHAPTER 803

An act to amend Sections 44001, 44005, 44011, 44014, 44014.5, 44015, 44017, 44036, and 44040 of, to add Section 44017.1 to, and to repeal Section 44015.3 of, the Health and Safety Code, and to repeal Section 4000.7 of the Vehicle Code, relating to air pollution.

[Approved by Governor October 8, 1997. Filed with Secretary of State October 9, 1997.]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) Since the adoption of the federal Clean Air Act in 1972, California has made great strides in improving air quality.

(b) To comply with federal air quality standards by the year 2010, and to meet every Californian's desire for cleaner air, further reductions in air pollution are necessary.

(c) California's stationary source industries and businesses are already among the cleanest in the world, and tighter regulations will achieve few additional pollution reductions.

(d) Mobile sources generate roughly one-half of all the remaining air pollution in this state, and the worst polluting 10 to 15 percent of automobiles generate one-half of all the pollution caused by mobile sources.

(e) Motor vehicle inspection and maintenance programs can significantly reduce vehicle emissions and thereby contribute to the attainment of clean air standards.

(f) Any motor vehicle inspection and maintenance program should provide the maximum possible pollution reduction at a minimum cost and inconvenience to the people of the state.

(g) The Legislature recognizes that where new government regulations impose significant costs on businesses or individuals, the government has a responsibility to ensure that the burden of compliance does not fall unfairly on any one group or class of people.

SEC. 2. It is the intent of the Legislature that the Department of Consumer Affairs and the State Air Resources Board adhere to the following principles in implementing the motor vehicle inspection and maintenance program established by Chapter 5 (commencing with Section 44000) of Part 5 of Division 26 of the Health and Safety Code:

(a) To promote consumer convenience and acceptance, a program phase-in of the enhanced smog check program requirements in those areas newly subject to those requirements should be developed. Any program phase-in should be consistent with the availability of test, repair, referee, and other facilities necessary to provide reliable and convenient service to vehicle owners subject to the program.

(b) Consistent with Section 44070.5, the Department of Consumer Affairs shall develop and implement a thorough public awareness and education program that provides motor vehicle owners with information about enhanced smog check program features, such as the causes of smog check failures, vehicle retesting, repair, referee station options, the importance of proper maintenance and effective repairs, and any economic relief programs. Such a program is essential to the success of the inspection and maintenance program.

(c) It is the intent of the Legislature that the enhanced smog check program should be reviewed and modified, as appropriate, based on improvements in the program, technological advances in testing and diagnostic equipment, including remote sensing devices, and vehicle emission control technology when appropriate. It is further the intent of the Legislature that a new program should replace that program not later than 2005.

SEC. 3. Section 44001 of the Health and Safety Code is amended to read:

44001. (a) The Legislature hereby finds and declares that California has been required, by the amendments enacted to the Clean Air Act in 1990, and by regulations adopted by the Environmental Protection Agency, to enhance California's existing motor vehicle inspection and maintenance program to meet new, more stringent emission reduction targets. Therefore, the Legislature declares that the 1994 amendments to this chapter are adopted to implement further improvements in the existing inspection and maintenance program so that California will meet or exceed the new emission reduction targets.

(b) The Legislature further finds and declares all of the following:

(1) California is recognized as a leader in establishing performance standards for its air quality programs and those standards have been adopted by many other states and countries.

(2) Studies show that a minority of motor vehicles produce a disproportionate amount of the pollution caused by vehicle emissions. Those vehicles are referred to as gross polluters.

(3) The concept of periodic testing alone does not act as a sufficient deterrent to tampering, or as a sufficient incentive for vigilant vehicle maintenance by a significant percentage of motorists. Gross polluters continue to be driven on the roadways of California.

(4) (A) New technology, known as remote sensing, offers great promise as a cost-effective means to detect vehicles emitting excess emissions as the vehicles are being driven. This type of detection offers many valuable applications, especially its use between scheduled tests, as an inexpensive, random, and pervasive means of identifying vehicles which are gross polluters and targeting those vehicles for repair or other methods of emission reduction.

(B) Another new technology, the development of emissions profiles for motor vehicles, allows the motor vehicle inspection program to accurately identify both high- and low-emitting vehicles. This technology may allow the full or partial exception of certain vehicles from biennial certification requirements to the extent determined by the department.

(5) California continues to seek strict adherence to federal and state performance standards and to results-based evaluations that meet the state's unique circumstances, and which consist of all of the following:

(A) Acceptance of the shared obligation and personal responsibility required to successfully inspect and maintain millions of motor vehicles. Specifically, that obligation begins with this chapter, and extends through those regulators charged with its implementation and enforcement. Through the enactment of the 1994 amendments to this chapter, the Legislature hereby recognizes and seeks to encourage, through a number of innovative and significant steps, the critical role that each California motorist must play in maintaining his or her vehicle's emission control systems in proper working order, in such a way as to continuously meet mandated emission control standards and ensure for California the clean air essential to the health of its citizens, its communities, and its economy.

(B) A focus on the detection, diagnosis, and repair of broken, tampered, or malfunctioning vehicle emission control systems.

(C) Flexibility to incorporate and implement future new scientific findings and technological advances.

(D) Consideration of convenience and costs to those who are required to participate, including motorists, smog check stations, and technicians.

(E) An enforcement program which is vigorous and effective and includes monitoring of the performance of the smog check test or repair stations and technicians, as well as the monitoring of vehicle emissions as vehicles are being driven.

(c) The Legislature further finds and declares that California is, as of the effective date of this section, implementing a number of

motor vehicle emission reduction strategies far beyond the effort undertaken by any other state, including all of the following:

(1) California certification standards exceed those of the other 49 states, increasing the cost of a new car to a California consumer by one hundred fifty dollars ($150) or more.

(2) State board regulations mandate increasing availability for sale of low-emission, ultra-low emission, and zero-emission vehicles, including, by 2003, 10 percent zero-emission vehicles.

(3) Effective in 1996, state board regulations mandate the reformulation of gasoline for reduced emissions, at an estimated increased production cost of 5 to 15 cents per gallon due to refinery modifications and higher production costs.

(4) Cleaner diesel fuel regulations, more stringent than federal standards, took effect in California in October 1993, increasing diesel fuel costs by 4 to 6 cents per gallon.

(5) California law provides for vehicle registration surcharges of up to four dollars ($4) per vehicle in nonattainment areas for air quality-related projects.

(6) California law taxes cleaner fuels at one-half the rate of gasoline and diesel fuel.

(7) California law provides tax credits for the purchase of low-emission vehicles.

(8) California requires smog checks and repairs whenever a vehicle changes ownership, some 3 million vehicles annually, in addition to the regular biennial tests.

(9) Low-value vehicles are discouraged from entering California due to the imposition of a three hundred dollar ($300) smog impact fee on vehicles that are not manufactured to California certification standards.

(10) California imposes sales taxes on motor vehicle fuels and dedicates most of those revenues to mass transit. This increases the cost of fuels by seven cents ($.07) per gallon.

(11) Transportation sales taxes in most urban counties also generate substantial funding for transit and other congestion-reduction measures, costing the average urban California resident fifty dollars ($50) to one hundred dollars ($100) annually, which would be the equivalent of another 8 to 16 cents per gallon of fuel.

SEC. 4. Section 44005 of the Health and Safety Code is amended to read:

44005. (a) The Department of Motor Vehicles shall cooperate with the department in implementing any changes to enhance the program to achieve greater efficiency, cost effectiveness, and convenience, or to reduce excess emissions in accordance with this chapter.

(b) The program shall provide for inspection of specified motor vehicles, as determined by the department, upon initial registration, biennially upon renewal of registration, upon transfer of ownership,

upon the issuance of a notice of noncompliance to a gross polluter pursuant to Section 44081, and as otherwise provided in this chapter.

SEC. 5. Section 44011 of the Health and Safety Code is amended to read:

44011. (a) All motor vehicles powered by internal combustion engines that are registered within an area designated for program coverage shall be required biennially to obtain a certificate of compliance or noncompliance, except for all of the following:

(1) Every motorcycle, and every diesel-powered vehicle, until the department, pursuant to Section 44012, implements test procedures applicable to motorcycles or to diesel-powered vehicles, or both.

(2) Any motor vehicle that has been issued a certificate of compliance or noncompliance or a repair cost waiver upon a change of ownership or initial registration in this state during the preceding six months.

(3) Any motor vehicle manufactured prior to the 1966 model-year.

(4) (A) Any motor vehicle four or less model-years old.

(B) Any motor vehicle excepted by this paragraph shall be subject to testing and to certification requirements as determined by the department, if any of the following apply:

(i) The department determines through remote sensing activities or other means that there is a substantial probability that the vehicle has a tampered emission control system or would fail for other cause a smog check test as specified in Section 44012.

(ii) The vehicle was previously registered outside this state and is undergoing initial registration in this state.

(iii) The vehicle is being registered as a specially constructed vehicle.

(iv) The vehicle has been selected for testing pursuant to Section 44014.7 or any other provision of this chapter authorizing out-of-cycle testing.

(5) Any motor vehicle or class of motor vehicles exempted pursuant to subdivision (b) of Section 44024.5.

(6) Any motor vehicle that the department determines would present prohibitive inspection or repair problems.

(7) Any vehicle registered to the owner of a fleet licensed pursuant to Section 44020 if the vehicle is garaged exclusively outside the area included in program coverage, and is not primarily operated inside the area included in program coverage.

(b) Vehicles designated for program coverage in enhanced areas shall be required to obtain inspections from appropriate smog check stations operating in enhanced areas.

SEC. 5.5. Section 44011 of the Health and Safety Code is amended to read:

44011. (a) All motor vehicles powered by internal combustion engines that are registered within an area designated for program coverage shall be required biennially to obtain a certificate of compliance or noncompliance, except for all of the following:

(1) Every motorcycle, and every diesel-powered vehicle, until the department, pursuant to Section 44012, implements test procedures applicable to motorcycles or to diesel-powered vehicles, or both.

(2) Any motor vehicle that has been issued a certificate of compliance or noncompliance or a repair cost waiver upon a change of ownership or initial registration in this state during the preceding six months.

(3) (A) Prior to January 1, 2003, any motor vehicle manufactured prior to the 1974 model-year.

(B) Beginning January 1, 2003, any motor vehicle that is 30 or more model-years old.

(4) (A) Any motor vehicle four or less model-years old.

(B) Any motor vehicle excepted by this paragraph shall be subject to testing and to certification requirements as determined by the department, if any of the following apply:

(i) The department determines through remote sensing activities or other means that there is a substantial probability that the vehicle has a tampered emission control system or would fail for other cause a smog check test as specified in Section 44012.

(ii) The vehicle was previously registered outside this state and is undergoing initial registration in this state.

(iii) The vehicle is being registered as a specially constructed vehicle.

(iv) The vehicle has been selected for testing pursuant to Section 44014.7 or any other provision of this chapter authorizing out-of-cycle testing.

(5) Any motor vehicle or class of motor vehicles exempted pursuant to subdivision (b) of Section 44024.5.

(6) Any motor vehicle that the department determines would present prohibitive inspection or repair problems.

(7) Any vehicle registered to the owner of a fleet licensed pursuant to Section 44020 if the vehicle is garaged exclusively outside the area included in program coverage, and is not primarily operated inside the area included in program coverage.

(b) Vehicles designated for program coverage in enhanced areas shall be required to obtain inspections from appropriate smog check stations operating in enhanced areas.

SEC. 6. Section 44014 of the Health and Safety Code is amended to read:

44014. (a) Except as otherwise provided in this chapter, the testing and repair portion of the program shall be conducted by smog check stations licensed by the department, and by smog check technicians who have qualified pursuant to this chapter.

(b) (1) A smog check station may be licensed by the department as a smog check test-only station and, when so licensed, need not comply with the requirement for onsite availability of current service and adjustment procedures specified in paragraph (3) of subdivision (b) of Section 44030. A smog check technician employed by a smog

check test-only station shall be qualified in accordance with this section.

(2) The department may authorize the placement of referees in qualified test-only stations to provide referee services as a matter of convenience to the public. The department shall supply those referees directly or through a contractor. A referee shall have no ownership interest in the facility at which the referee is located. Referees shall be solely responsible for issuing repair cost waivers, certificates of compliance or noncompliance, and hardship extensions, in accordance with regulations adopted by the department.

The department may adopt regulations to establish qualification standards and any special administrative, operational, and licensure standards that the department determines to be necessary for test-only stations that perform referee services.

(c) A smog check station may also be licensed as a repair-only station, and if so licensed, may perform repairs to reduce excessive emissions on vehicles which have failed the smog check test. Repair procedures and equipment requirements shall be established by the department. Technicians employed by a smog check repair-only station shall be qualified in accordance with this section.

(d) Smog check technicians are qualified to test and repair only those classes and categories of vehicles for which they have passed a qualification test administered by the department. The department shall provide for smog check technicians to be qualified for different categories of motor vehicle inspection based on vehicle classification and model-year.

(e) The consumer protection-oriented quality assurance portion of the program may be conducted by one or more private entities pursuant to contracts with the department.

SEC. 7. Section 44014.5 of the Health and Safety Code is amended to read:

44014.5. (a) The enhanced program shall provide for the testing and retesting of vehicles in accordance with Sections 44010.5 and 44014.2 and this section.

(b) The repair of vehicles at test-only facilities shall be prohibited, except that the minor repair of components damaged by station personnel during inspection at the station, any minor repair that is necessary for the safe operation of a vehicle while at a station, or other minor repairs, such as the reconnection of hoses or vacuum lines, may be undertaken at no charge to the vehicle owner or operator if authorized in advance in writing by the department.

(c) The department shall provide for the distribution to consumers by test-only facilities of a list, compiled by region, of smog check stations licensed to make repairs of vehicular emission control systems. A test-only facility shall not refer a vehicle owner to any particular provider of vehicle repair services.

(d) The department shall establish standards for training, equipment, performance, or data collection for test-only facilities.

(e) The department shall prohibit test-only facilities from engaging in other business activities that represent a conflict of interest, as determined by the department.

(f) The test-only facility may charge a fee, established by the department, sufficient to cover the facility's cost to perform the tests or services, including, but not limited to, referee services and the issuance of waivers and hardship extensions required by this chapter. In addition, the station shall charge and collect the certificate fee established pursuant to Section 44060. This subdivision shall apply only to facilities contracted for pursuant to subdivision (e) of Section 44010.5.

(g) The department shall ensure that there is a sufficient number of test-only facilities to provide convenient testing for the following vehicles:

(1) All vehicles identified and confirmed as gross polluters pursuant to Section 44081 and Section 27156 of the Vehicle Code.

(2) (A) Vehicles initially identified as gross polluters by a smog check station licensed as a test-and-repair station and certified pursuant to Section 44014.2 may be issued a certificate of compliance by a test-only facility or by the licensed smog check station certified pursuant to Section 44014.2 at which they were initially identified as a gross polluter.

(B) For purposes of this section, the department may conduct a pilot program to allow vehicles initially identified as gross polluters to be repaired and issued a certificate of compliance by a facility licensed and certified pursuant to Section 44014.2. For the purposes of this pilot program, the department may adopt regulations imposing additional station requirements.

(3) All vehicles designated by the department pursuant to Sections 44014.7 and 44020.

(4) Vehicles issued an economic hardship extension in the previous biennial inspection of the vehicle.

(h) The department shall provide a sufficient number of test-only facilities authorized to perform referee functions to provide convenient testing for those vehicles that are required to report to, and receive a certificate of compliance from, a test-only facility by this chapter, including all of the following:

(1) All vehicles seeking to utilize state-operated financial assistance or inclusion in authorized scrap programs.

(2) All vehicles unable to obtain a certificate of compliance from a licensed smog check station pursuant to subdivision (c) of Section 44015.

(3) Any other vehicles that may be designated by the department.

(i) Gross polluters shall be referred to a test-only facility, or a test-and-repair station that is both licensed and certified pursuant to Sections 44014 and 44014.2 and is participating in the pilot program

pursuant to subparagraph (B) of paragraph (2) of subdivision (g), for a postrepair inspection and retest pursuant to subdivision (g). Simply passing the emissions test shall not be a sufficient condition for receiving a certificate of compliance. A certificate of compliance shall only be issued to a vehicle that does not have any defects with its emission control system or any defects that could lead to damage of its emission control system, as provided in regulations adopted by the department.

SEC. 8. Section 44015 of the Health and Safety Code is amended to read:

44015. (a) A licensed smog check station shall not issue a certificate of compliance, except as authorized by this chapter, to any vehicle that meets the following criteria:

(1) A vehicle that has been tampered with.

(2) A vehicle that, prior to repairs, has been initially identified by the smog check station as a gross polluter. Certification of a gross polluting vehicle shall be conducted by a designated test-only facility, or a test-and-repair station that is both licensed and certified pursuant to Section 44014 and 44014.2 and is participating in the pilot program pursuant to subparagraph (B) of paragraph (2) of subdivision (g) of Section 44014.5.

(3) A vehicle described in subdivision (c).

(b) If a vehicle meets the requirements of Section 44012, a smog check station licensed to issue certificates shall issue a certificate of compliance or a certificate of noncompliance.

(c) (1) A repair cost waiver shall be issued, upon request of the vehicle owner, by a gold shield station or a test-only facility authorized to perform referee functions for a vehicle that has been properly tested but does not meet the applicable emission standards when it is determined that no adjustment or repair can be made that will reduce emissions from the inspected motor vehicle without exceeding the applicable repair cost limit established under Section 44017 and that every defect specified by paragraph (2) of subdivision (a) of Section 43204, and by paragraphs (2) and (3) of subdivision (a) of Section 43205, has been corrected. A repair cost waiver issued pursuant to this paragraph shall be accepted in lieu of a certificate of compliance for the purposes of compliance with Section 4000.3 of the Vehicle Code.

(2) A low-income repair cost waiver shall be issued, upon request of a qualified low-income motor vehicle owner, by a gold shield facility, or a test-only facility authorized to perform referee functions, for a motor vehicle that has been properly tested but does not meet the applicable emission standards when it is determined that no adjustment or repair can be made that will reduce emissions from the inspected motor vehicle without exceeding the applicable repair cost limit, as established pursuant to Section 44017.1, and that every defect specified in paragraph (2) of subdivision (a) of Section 43204, and in

paragraphs (2) and (3) of subdivision (a) of Section 43205, has been corrected.

(d) No repair cost waiver shall be issued under any of the following circumstances:

(1) If a motor vehicle was issued a repair cost waiver in the previous biennial inspection of that vehicle. A repair cost waiver may be issued to a motor vehicle owner only once for a particular motor vehicle belonging to that owner. However, a repair cost waiver may be issued for a motor vehicle that participated in a previous waiver or extension program prior to January 1, 1998, as determined by the department. For waivers issued in the waiver program operative on or after January 1, 1998, a waiver may be issued for a motor vehicle only once per owner. No repair cost waiver shall exceed two years' duration.

(2) Upon initial registration of all of the following: a direct import motor vehicle, a motor vehicle previously registered outside this state, a dismantled motor vehicle pursuant to Section 11519 of the Vehicle Code, a motor vehicle that has had an engine change, an alternate fuel vehicle, and a specially constructed vehicle.

(3) Unless all appropriate emissions-related partial repairs at least equal to the amount of the applicable repair cost limit in Section 44017 or Section 44017.1, if applicable, have been performed.

(e) A certificate of compliance or noncompliance shall be valid for 90 days.

(f) A test may be made at any time within 90 days prior to the date otherwise required.

SEC. 9. Section 44015.3 of the Health and Safety Code is repealed.

SEC. 10. Section 44017 of the Health and Safety Code is amended to read:

44017. (a) Except as otherwise provided in this section or Section 44017.1, the cost limit for repairs under the program, including parts and labor, shall be a minimum of four hundred fifty dollars ($450) in all areas where the program operates.

(b) The limit established pursuant to subdivision (a) shall not become operative until the department issues a public notice declaring that the program established pursuant to Section 44010.5 is operational in the relevant geographical areas of the state, or until the date that testing in those geographic areas is operative using loaded mode test equipment, as defined in this article, whichever occurs first. Prior to that time, the following cost limits shall remain in effect:

(1) For motor vehicles of 1971 and earlier model years, fifty dollars ($50).

(2) For motor vehicles of 1972 to 1974, inclusive, model years, ninety dollars ($90).

(3) For motor vehicles of 1975 to 1979, inclusive, model years, one hundred twenty-five dollars ($125).

(4) For motor vehicles of 1980 to 1989, inclusive, model years, one hundred seventy-five dollars ($175).

(5) For motor vehicles of 1990 to 1995, inclusive model years, three hundred dollars ($300).

(6) For motor vehicles of 1996 and later model years, four hundred fifty dollars ($450).

(c) The department shall periodically revise the repair cost limits specified in subdivisions (a) and (b) in accordance with changes in the Consumer Price Index, as published by the United States Bureau of Labor Statistics.

(d) If insufficient funds are available to adequately fund the low-income repair assistance program during any year, the repair cost limits shall revert to those specified in subdivision (b).

(e) No repair cost limit shall be imposed in those cases where emissions control equipment is missing or is partially or totally inoperative as a result of being tampered with.

SEC. 11. Section 44017.1 is added to the Health and Safety Code, to read:

44017.1. Notwithstanding subdivision (a) of Section 44017, for motor vehicle owners qualified as low income under Section 44062.1, the repair cost limit, including parts and labor, shall be a minimum of two hundred dollars ($200) in all areas where the program operates. However, the department may increase that minimum, to not more than two hundred fifty dollars ($250), if the department determines that the program is not cost-effective.

SEC. 12. Section 44036 of the Health and Safety Code is amended to read:

44036. (a) The consumer protection-oriented quality assurance portion of the motor vehicle inspection program shall ensure uniform and consistent tests and repairs by all qualified smog check technicians and licensed smog check stations throughout the state, and shall include a number of stations providing referee functions available to consumers.

(b) All licensed smog check stations shall utilize original equipment and replacement parts that are certified by the department. The department shall charge a fee for certification testing of the equipment or the replacement parts. The fee for certification testing of equipment shall be fixed by the department based upon its actual costs of certification testing, shall be calculated from the time that the equipment is submitted for certification testing until the time that the certification testing is complete, and shall not exceed ten thousand dollars ($10,000). The fee for certification testing of replacement parts shall be determined by the department based upon its actual costs of certification testing, shall be calculated from the time that the replacement part is submitted for certification testing until the time that the certification testing is complete, and shall not exceed two thousand five hundred dollars ($2,500). The department shall adopt, and may revise, standards for

certification and decertification of the equipment, which may include a device for testing of emissions of oxides of nitrogen. As expeditiously as possible, the department shall adopt equipment standards that include a test analyzer system containing all of the following:

(1) A microprocessor to control test sequencing, selection of proper test standards, the automatic pass or fail decision, and the format for the test report and the recorded data file. The microprocessor shall be capable of using a standardized programming language specified by the department.

(2) An exhaust gas analysis portion with an analyzer for hydrocarbons, carbon monoxide, and carbon dioxide that is designed to accommodate an optional oxides of nitrogen analyzer. An oxides of nitrogen analyzer shall be required in the enhanced program areas.

(3) Equipment necessary to perform visual and functional tests of emission control devices required by the department.

(4) A device to accept and record motor vehicle identification information, including a device capable of reading bar code information pursuant to regulations of the state board. The device shall have the ability to identify, with the cooperation of the Department of Motor Vehicles, smog inspections performed on vehicles sold by used car dealers.

(5) A device to provide a printed record of the test process and diagnostic information for the motorist.

(6) A mass storage device capable of storing not less than the minimum amount of program software and data specified by the department.

(7) A device to provide for the periodic modification of all program and data files contained on the mass storage device, using a standardized form of removable media conforming to specifications of the department.

(8) A device that provides for the storage of test records on a standardized form of removable media conforming to specifications of the department.

(9) One or more communications ports conforming to the specifications established by the department as necessary to provide real time communication, or communication that is consistent with maintaining a superior quality assurance program and efficient information transfer, between the test equipment and the centralized computer data base through the computer network maintained by the department pursuant to Section 44037.1.

(10) An interface capable of monitoring equipment used with loaded mode testing, idle testing, on board diagnostic testing, or other tests prescribed by the department.

(11) Any other features that the department determines are necessary to increase the effectiveness of the program, including, but not limited to, a loaded mode dynamometer for purposes of oxides

of nitrogen detection, and other equipment necessary to detect nonexhaust-related volatile organic compound emissions, such as found in fuel system evaporative emissions and crankcase ventilation emissions.

(c) The department shall require all smog check stations to use equipment meeting the requirements of subdivision (b) as soon as possible, but not later than January 1, 1996. However, the department may defer the requirement for any equipment, external to the chassis of the test analyzer system, needed to read bar code information, until a substantial portion of the vehicles subject to this chapter are equipped with bar code labels. Prior to the imposition of a requirement for equipment meeting the requirements of subdivision (b), every smog check station shall use equipment meeting the specifications of the department in effect on January 1, 1988.

(d) The quality assurance portion shall provide for inspections of licensed smog check stations, data collection and forwarding, equipment accuracy checks, operation of referee stations, and other necessary functions. If the services are contracted for pursuant to subdivision (e) of Section 44014, the department shall prepare detailed specifications and solicit bids from private entities for the implementation of the quality assurance functions.

(e) The department may revise the specifications for equipment annually if the cost thereof is less than 20 percent of the total system cost. A more comprehensive revision to the specifications may be required not more often than every five years.

(f) (1) Equipment manufacturers shall furnish to the department, and shall install, software updates as specified by the department. The department shall allow equipment manufacturers six months, from the date the department issues its proposed specifications for periodic software updates, to obtain department approval that the updates meet the proposed specifications and to install the updates in all equipment subject to the updates. During the first 30 days of the six-month period, the manufacturers shall be permitted to review and to comment upon the proposed specifications. However, notwithstanding any other provision of this section, the department may order manufacturers to install software changes in a shorter period of time upon a finding by the department that a previously installed update does not meet current specifications. A manufacturer's failure to furnish or install software updates as so specified is cause for the department to decertify the manufacturer's test analyzer system or to issue a citation to the manufacturer. The citation shall specify the nature of the violation and may specify a civil penalty not to exceed one thousand dollars ($1,000) for each day the manufacturer fails to furnish or install the specified software updates by the specified period. In assessing a civil penalty pursuant to this subdivision, the department shall give due consideration, in determining the appropriateness of the amount of

the civil penalty, to factors such as the gravity of the violation, the good faith of the manufacturer, and the history of previous violations.

(2) The citations shall be served pursuant to subdivision (c) of Section 11505 of the Government Code. The manufacturer may request a hearing in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code. A request for a hearing shall be submitted in writing within 30 days of service of the citation, and shall be delivered to the office of the department in Sacramento. Hearings and related procedures under this subdivision shall be conducted in the same manner as proceedings for adjudication of an accusation under that Chapter 5, except as otherwise specified in this article.

(3) If within 30 days from the date of service of the citation, the manufacturer fails to request a hearing, the citation shall be deemed the final order of the department.

(4) Any failure to comply with the final order of the department for payment of a civil penalty, or to pay the amount specified in any settlement executed by the licensee and the Director of Consumer Affairs, is cause for decertification of the manufacturer's test analyzer system.

SEC. 13. Section 44040 of the Health and Safety Code is amended to read:

44040. The department may require certificates of compliance, certificates of noncompliance, and repair cost waivers to contain a unique number encoded in bar code. These certificates may be sold to licensed smog check stations by the department, printed by test analyzer systems, or transmitted by electronic means. The department, with the cooperation of the Department of Motor Vehicles, shall periodically check certificates to determine their validity.

SEC. 14. Section 4000.7 of the Vehicle Code is repealed.

SEC. 15. (a) It is the intent of the Legislature to replace the existing vehicle inspection and maintenance program in Chapter 5 (commencing with Section 44000) of Part 5 of Division 26 of the Health and Safety Code, on or before January 1, 2005.

(b) On or before January 1, 2003, the State Air Resources Board and the Bureau of Automotive Repair shall design a new proposed program to replace the existing vehicle inspection and maintenance program and submit to the Legislature a report on that new program.

(c) Not later than July 1, 2003, the Inspection and Maintenance Review Committee shall review the program proposed pursuant to subdivision (b) and shall submit to the Legislature a plan proposed by the committee.

SEC. 16. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime

or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 17. Section 5.5 of this bill incorporates amendments to Section 44011 of the Health and Safety Code proposed by both this bill and SB 42. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1998, (2) each bill amends Section 44011 of the Health and Safety Code, and (3) this bill is enacted after SB 42, in which case Section 5 of this bill shall not become operative.

SEC. 18. This act shall become operative only if both Assembly 57 and Assembly Bill 208 of the 1997–98 Regular Session of the Legislature are enacted and take effect on or before January 1, 1998.

## CHAPTER 804

An act to amend Sections 44015, 44017, and 44056 of, to add Sections 44001.3 and 44017.1 to, to repeal Section 44015.3 of, and to repeal and add Section 44062.1 of, the Health and Safety Code, relating to air pollution.

[Approved by Governor October 8, 1997. Filed with Secretary of State October 9, 1997.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 44001.3 is added to the Health and Safety Code, to read:

44001.3. The Legislature hereby finds and declares as follows:

(a) Under the state's previous smog check program, a motor vehicle owner could obtain unlimited repair cost waivers and, therefore, avoid repair of a polluting vehicle.

(b) As a result, many vehicles were reregistered year after year and allowed to continue to pollute the air.

(c) Repairing high-polluting and gross polluting vehicles (which pollute 2 to 25 times more than the average vehicle that passes a smog check) could significantly improve California air quality and allow the state to meet federal clean air goals.

(d) The existing repair cost limit for smog repairs is a minimum of four hundred fifty dollars ($450) in all areas where the enhanced smog check program operates; fifty dollars ($50) to three hundred dollars ($300) based on the model year of the vehicle where the

enhanced program is not fully implemented; and no cost limit for the repair of gross polluting vehicles.

(e) Without state financial assistance to repair a vehicle, a low-income vehicle owner is forced to either scrap the vehicle or drive an unregistered vehicle.

SEC. 2. Section 44015 of the Health and Safety Code is amended to read:

44015. (a) A licensed smog check station shall not issue a certificate of compliance, except as authorized by this chapter, to any vehicle that meets the following criteria:

(1) A vehicle that has been tampered with.

(2) A vehicle that, prior to repairs, has been initially identified by the smog check station as a gross polluter. Certification of a gross polluting vehicle shall be conducted by a designated test-only facility, or a test-and-repair station that is both licensed and certified pursuant to Section 44014 and 44014.2 and is participating in the pilot program pursuant to subparagraph (B) of paragraph (2) of subdivision (g) of Section 44014.5.

(3) A vehicle described in subdivision (c).

(b) If a vehicle meets the requirements of Section 44012, a smog check station licensed to issue certificates shall issue a certificate of compliance or a certificate of noncompliance.

(c) (1) A repair cost waiver shall be issued, upon request of the vehicle owner, by an entity authorized to perform referee functions for a vehicle that has been properly tested but does not meet the applicable emission standards when it is determined that no adjustment or repair can be made that will reduce emissions from the inspected motor vehicle without exceeding the applicable repair cost limit established under Section 44017 and that every defect specified by paragraph (2) of subdivision (a) of Section 43204, and by paragraphs (2) and (3) of subdivision (a) of Section 43205, has been corrected. A repair cost waiver issued pursuant to this paragraph shall be accepted in lieu of a certificate of compliance for the purposes of compliance with Section 4000.3 of the Vehicle Code. No repair cost waiver shall exceed two years' duration. No repair cost waiver shall be issued until the vehicle owner has expended an amount equal to the applicable repair cost limit specified in Section 44017.

(2) An economic hardship extension shall be issued, upon request of a qualified low-income motor vehicle owner, by an entity authorized to perform referee functions, for a motor vehicle that has been properly tested but does not meet the applicable emission standards when it is determined that no adjustment or repair can be made that will reduce emissions from the inspected motor vehicle without exceeding the applicable repair cost limit, as established pursuant to Section 44017.1, that every defect specified in paragraph (2) of subdivision (a) of Section 43204, and in paragraphs (2) and (3) of subdivision (a) of Section 43205, has been corrected, that the

low-income vehicle owner would suffer an economic hardship if the extension is not issued, and that all appropriate emissions-related repairs up to the amount of the applicable repair cost limit in Section 44017.1 have been performed.

(d) No repair cost waiver or economic hardship extension shall be issued under any of the following circumstances:

(1) If a motor vehicle was issued a repair cost waiver or economic hardship extension in the previous biennial inspection of that vehicle. A repair cost waiver or economic hardship extension may be issued to a motor vehicle owner only once for a particular motor vehicle belonging to that owner. However, a repair cost waiver or economic hardship extension may be issued for a motor vehicle that participated in a previous waiver or extension program prior to January 1, 1998, as determined by the department. For waivers or extensions issued in the program operative on or after January 1, 1998, a waiver or extension may be issued for a motor vehicle only once per owner.

(2) Upon initial registration of all of the following: a direct import motor vehicle, a motor vehicle previously registered outside this state, a dismantled motor vehicle pursuant to Section 11519 of the Vehicle Code, a motor vehicle that has had an engine change, an alternate fuel vehicle, and a specially constructed vehicle.

(e) A certificate of compliance or noncompliance shall be valid for 90 days.

(f) A test may be made at any time within 90 days prior to the date otherwise required.

SEC. 3. Section 44015.3 of the Health and Safety Code is repealed.

SEC. 4. Section 44017 of the Health and Safety Code is amended to read:

44017. (a) Except as otherwise provided in this section or Section 44017.1, a motor vehicle owner shall qualify for a repair cost waiver only after expenditure of not less than four hundred fifty dollars ($450) for repairs, including parts and labor.

(b) The limit established pursuant to subdivision (a) shall not become operative until the department issues a public notice declaring that the program established pursuant to Section 44010.5 is operational in the relevant geographical areas of the state, or until the date that testing in those geographic areas is operative using loaded mode test equipment, as defined in this article, whichever occurs first. Prior to that time, the following cost limits shall remain in effect:

(1) For motor vehicles of 1971 and earlier model years, fifty dollars ($50).

(2) For motor vehicles of 1972 to 1974, inclusive, model years, ninety dollars ($90).

(3) For motor vehicles of 1975 to 1979, inclusive, model years, one hundred twenty-five dollars ($125).

(4) For motor vehicles of 1980 to 1989, inclusive, model years, one hundred seventy-five dollars ($175).

(5) For motor vehicles of 1990 to 1995, inclusive, model years, three hundred dollars ($300).

(6) For motor vehicles of 1996 and later model years, four hundred fifty dollars ($450).

(c) The department shall periodically revise the repair cost limits specified in subdivisions (a) and (b) in accordance with changes in the Consumer Price Index, as published by the United States Bureau of Labor Statistics.

(d) No repair cost limit shall be imposed in those cases where emissions control equipment is missing or is partially or totally inoperative as a result of being tampered with.

SEC. 5. Section 44017.1 is added to the Health and Safety Code, to read:

44017.1. (a) For purposes of this section, "low-income motor vehicle owner" means a person whose income does not exceed 175 percent of the federal poverty level.

(b) Notwithstanding subdivision (a) of Section 44017, for low-income motor vehicle owners qualified under Section 44062.1, the repair cost limit, including parts and labor, shall be two hundred fifty dollars ($250) in all areas where the program operates. However, the department may decrease that amount, to not more than two hundred dollars ($200), if the department determines that participation rates are unsatisfactory.

(c) Until such time as a low-income repair assistance program becomes effective pursuant to Section 44062.1, an economic hardship extension shall be issued upon request to a qualified low-income motor vehicle owner whose motor vehicle has been tested but does not meet applicable emissions standards and the necessary repairs exceed the repair cost limit specified in subdivision (b).

SEC. 6. Section 44056 of the Health and Safety Code is amended to read:

44056. (a) Except as otherwise provided in Sections 44051 and 44051.5, any person who violates this chapter, or any order, rule, or regulation of the department adopted pursuant to this chapter, is liable for a civil penalty of not less than one hundred fifty dollars ($150) and not more than two thousand five hundred dollars ($2,500) for each day in which each violation occurs. Any action to recover civil penalties shall be brought by the Attorney General in the name of the state on behalf of the department, or may be brought by any district attorney, city attorney, or attorney for a district.

(b) The penalties specified in subdivision (a) do not apply to an owner or operator of a motor vehicle, except an owner or operator who does any of the following:

(1) Obtains, or who attempts to obtain, a certificate of compliance, noncompliance or a repair cost waiver, or an economic hardship extension without complying with Section 44015.

(2) Obtains, or attempts to obtain, a certificate of compliance, a repair cost waiver, or economic hardship extension by means of fraud, including, but not limited to, offering or giving any form of financial or other inducement to any person for the purpose of obtaining a certificate of compliance for a vehicle that has not been tested or has been tested improperly.

[Approved by Governor October 8, 1997. Filed with Secretary of State October 9, 1997.]

*The people of the State of California do enact as follows:*

SECTION 1. Chapter 7 (commencing with Section 99300) is added to Part 65 of the Education Code, to read:

### Chapter 7. Student Academic Partnership Program

99300. The Legislature finds and declares all of the following:

(a) The California Education Roundtable has called for a doubling of the number of college and university students working as tutors in public schools.

(b) Students in colleges and universities are an untapped resource to meet the challenge of improving pupil achievement in kindergarten and grades 1 to 6, inclusive.

(c) Current tutoring and mentoring programs have been evaluated positively by the California Postsecondary Education Commission, but are inadequate to assist the large number of pupils in kindergarten and grades 1 to 6, inclusive, at the point when basic foundation learning skills are being developed.

(d) Tutoring programs in elementary schools are an effective way to encourage college and university students and others to become teachers.

(f) Despite many voluntary and local student community service programs, there is no structured statewide program that is dedicated

to giving incentives for placement of college and university students and other qualified persons in elementary schools to assist children in their schoolwork, serve as role models, and stimulate interest in education as a career.

99301. (a) There is hereby established the Student Academic Partnership Program to enable school districts to provide preservice training to prospective teachers and to secure tutoring assistance for pupils in kindergarten and grades 1 to 6, inclusive.

(b) The objectives of the Student Academic Partnership Program shall be all of the following:

(1) To increase the number of tutors in kindergarten and grades 1 to 6, inclusive, by involving trained tutors, with emphasis on tutors from colleges and universities.

(2) To raise the level of academic preparation and educational aspirations of pupils in kindergarten and grades 1 to 6, inclusive, through tutoring and positive role models.

(3) To assist students in meeting the costs of their college or university education by providing them with useful work in the public schools.

(4) To expose significant numbers of college and university students and other individuals to the possibilities of careers in teaching and provide them with classroom-based experience in preparation for this career choice.

(5) To promote greater sharing and cooperation among the public schools, colleges, universities, and the larger community in the task of improving pupil achievement.

(c) For the purposes of this chapter, "colleges and universities" includes the respective campuses of the University of California, the California State University, and California Community Colleges.

99302. (a) Schoolsites at which tutoring services are provided shall be identified and funded through a competitive process administered by the State Department of Education in consultation with interested school districts and tutor providers.

(b) A tutor receiving remuneration shall be paid directly by the school district or through a contract entered into with participating colleges and universities.

(c) The academic faculty of colleges and universities are encouraged to consider providing academic credit to those students who are tutoring in conjunction with their college coursework and under faculty supervision.

(d) Colleges and universities that choose to participate in the Student Academic Partnership Program shall recruit persons interested in serving as tutors, coordinate their assignments, assist in their training and orientation, and monitor their service activities. The schoolsite shall be primarily responsible for the day-to-day supervision of tutors. Each schoolsite shall provide for the training of tutors, their assignment to specific classrooms, supervision of tutors, and feedback to tutor providers. Tutors shall be trained in the use of

learning techniques to improve the reading, writing, and mathematics skills of pupils enrolled in kindergarten and any of grades 1 to 6, inclusive. Teachers and district curriculum specialists in kindergarten and grades 1 to 6, inclusive, in consultation with college and university faculty, shall develop training modules for tutors.

(e) Tutor services may be provided before, during, or after school as the schoolsite determines.

(f) Tutor services shall be provided to assist pupils in kindergarten and grades 1 to 6, inclusive, to meet state standards adopted pursuant to Section 60605 in the core curriculum areas, as defined in subdivision (e) of Section 60603.

99303. Schoolsites are strongly encouraged to establish linkages and to coordinate schoolsite programs providing community service volunteers through other local and statewide programs.

99304. The Legislature encourages collaboration among colleges and universities and schools maintaining kindergarten and any of grades 1 to 6, inclusive, to determine community needs, discuss program goals, and coordinate efforts.

99305. This chapter shall only become operative if an appropriation is made for its purposes in the Budget Act of 1997 or in another statute enacted during the 1997 portion of the 1997–98 Regular Session.

99306. The State Department of Education shall create an evaluation design for the Student Academic Partnership Program. School districts that receive grants under this chapter shall use this evaluation design to assess the effectiveness of their programs. These school districts shall transmit their assessments to the department. The department shall develop a report to be submitted to the Legislature on or before March 1, 1999.

99307. This chapter shall become inoperative on June 30, 2003, and, as of January 1, 2004, is repealed, unless a later enacted statute that becomes operative on or before January 1, 2004, deletes or extends the dates on which it becomes inoperative and is repealed.

(b) A contractor or his or her agent or salesperson may give tangible items to prospective customers for advertising or sales promotion purposes where the gift is not conditioned upon obtaining a contract for home improvement work if the gift does not exceed a value of five dollars ($5) and only one such gift is given in connection with any one transaction.

(c) No salesperson or contractor's agent may accept any compensation of any kind, for or on account of a home improvement transaction, or any other transaction involving a work of improvement, from any person other than the contractor whom he or she represents with respect to the transaction, nor shall the salesperson or agent make any payment to any person other than his or her employer on account of the sales transaction.

(d) No contractor shall pay, credit, or allow any consideration or compensation of any kind to any other contractor or salesperson other than a licensee for or on account of the performance of any work of improvement or services, including, but not limited to, home improvement work or services, except: (1) where the person to or from whom the consideration is to be paid is not subject to or is exempted from the licensing requirements of this chapter, or (2) where the transaction is not subject to the requirements of this chapter.

As used in this section "owners" shall also mean "tenant."

Commission of any act prohibited by this section is a misdemeanor and constitutes a cause for disciplinary action.

SEC. 8. Section 7159 of the Business and Professions Code is amended to read:

7159. This section applies only to home improvement contracts, as defined in Section 7151.2, between a contractor, whether a general contractor or a specialty contractor, who is licensed or subject to be licensed pursuant to this chapter with regard to the transaction and who contracts with an owner or tenant for work upon a residential building or structure, or upon land adjacent thereto, for proposed repairing, remodeling, altering, converting, modernizing, or adding to the residential building or structure or land adjacent thereto, and where the aggregate contract price specified in one or more improvement contracts, including all labor, services, and materials to be furnished by the contractor, exceeds five hundred dollars ($500).

Every home improvement contract and every contract, the primary purpose of which is the construction of a swimming pool, is subject to this section. Every contract and any changes in the contract subject to this section shall be evidenced by a writing and shall be signed by all the parties to the contract. The writing shall contain all of the following:

(a) The name, address, and license number of the contractor, and the name and registration number of any salesperson who solicited or negotiated the contract.

(b) The approximate dates when the work will begin and on which all construction is to be completed.

(c) A plan and scale drawing showing the shape, size, dimensions, and construction and equipment specifications for a swimming pool and for other home improvements, a description of the work to be done and description of the materials to be used and the equipment to be used or installed, and the agreed consideration for the work.

(d) If the payment schedule contained in the contract provides for a downpayment to be paid to the contractor by the owner or the tenant before the commencement of work, the downpayment may not exceed two hundred dollars ($200) or 2 percent of the contract price for swimming pools, or one thousand dollars ($1,000) or 10 percent of the contract price for other home improvements, excluding finance charges, whichever is less.

(e) A schedule of payments showing the amount of each payment as a sum in dollars and cents. In no event may the payment schedule provide for the contractor to receive, nor may the contractor actually receive, payments in excess of 100 percent of the value of the work performed on the project at any time, excluding finance charges, except that the contractor may receive an initial downpayment authorized by subdivision (d). With respect to a swimming pool contract, the final payment may be made at the completion of the final plastering phase of construction, provided that any installation or construction of equipment, decking, or fencing required by the contract is also completed. A failure by the contractor without lawful excuse to substantially commence work within 20 days of the

approximate date specified in the contract when work will begin shall postpone the next succeeding payment to the contractor for that period of time equivalent to the time between when substantial commencement was to have occurred and when it did occur. The schedule of payments shall be stated in dollars and cents, and shall be specifically referenced to the amount of work or services to be performed and to any materials and equipment to be supplied. With respect to a contract that provides for a schedule of monthly payments to be made by the owner or tenant and for a schedule of payments to be disbursed to the contractor by a person or entity to whom the contractor intends to assign the right to receive the owner's or tenant's monthly payments, the payments referred to in this subdivision mean the payments to be disbursed by the assignee and not those payments to be made by the owner or tenant.

(f) A statement that, upon satisfactory payment being made for any portion of the work performed, the contractor shall, prior to any further payment being made, furnish to the person contracting for the home improvement or swimming pool a full and unconditional release from any claim or mechanic's lien pursuant to Section 3114 of the Civil Code for that portion of the work for which payment has been made.

(g) The requirements set forth in subdivisions (d), (e), and (f) do not apply when the contract provides for the contractor to furnish a performance and payment bond, lien and completion bond, bond equivalent, or joint control approved by the registrar covering full performance and completion of the contract and the bonds or joint control is or are furnished by the contractor, or when the parties agree for full payment to be made upon or for a schedule of payments to commence after satisfactory completion of the project. The contract shall contain, in close proximity to the signatures of the owner and contractor, a notice in at least 10-point type stating that the owner or tenant has the right to require the contractor to have a performance and payment bond.

(h) No extra or change-order work may be required to be performed without prior written authorization of the person contracting for the construction of the home improvement or swimming pool. No change-order is enforceable against the person contracting for home improvement work or swimming pool construction unless it clearly sets forth the scope of work encompassed by the change-order and the price to be charged for the changes. Any change-order forms for changes or extra work shall be incorporated in, and become a part of, the contract. Failure to comply with the requirements of this subdivision does not preclude the recovery of compensation for work performed based upon quasi-contract, quantum meruit, restitution, or other similar legal or equitable remedies designed to prevent unjust enrichment.

(i) If the contract provides for a payment of a salesperson's commission out of the contract price, that payment shall be made on

a pro rata basis in proportion to the schedule of payments made to the contractor by the disbursing party in accordance with subdivision (e).

(j) The language of the notice required pursuant to Section 7018.5.

(k) What constitutes substantial commencement of work pursuant to the contract.

(*l*) A notice that failure by the contractor without lawful excuse to substantially commence work within 20 days from the approximate date specified in the contract when work will begin is a violation of the Contractors' State License Law.

(m) If the contract provides for a contractor to furnish joint control, the contractor shall not have any financial or other interest in the joint control.

A failure by the contractor without lawful excuse to substantially commence work within 20 days from the approximate date specified in the contract when work will begin is a violation of this section.

This section does not prohibit the parties to a home improvement contract from agreeing to a contract or account subject to Chapter 1 (commencing with Section 1801) of Title 2 of Part 4 of Division 3 of the Civil Code.

The writing may also contain other matters agreed to by the parties to the contract.

The writing shall be legible and shall be in a form that clearly describes any other document that is to be incorporated into the contract. Before any work is done, the owner shall be furnished a copy of the written agreement, signed by the contractor.

For purposes of this section, the board shall, by regulation, determine what constitutes "without lawful excuse."

The provisions of this section are not exclusive and do not relieve the contractor or any contract subject to it from compliance with all other applicable provisions of law.

A violation of this section by a licensee, or a person subject to be licensed, under this chapter, or by his or her agent or salesperson, is a misdemeanor punishable by a fine of not less than one hundred dollars ($100) nor more than five thousand dollars ($5,000), or by imprisonment in the county jail not exceeding one year, or by both that fine and imprisonment.

(n) Any person who violates this section as part of a plan or scheme to defraud an owner of a residential or nonresidential structure, including a mobilehome or manufactured home, in connection with the offer or performance of repairs to the structure for damage caused by a natural disaster, shall be ordered by the court to make full restitution to the victim based on the person's ability to pay, as defined in subdivision (e) of Section 1203.1b of the Penal Code. In addition to full restitution, and imprisonment authorized by this section, the court may impose a fine of not less than five hundred dollars ($500) nor more than twenty-five thousand dollars ($25,000), based upon the defendant's ability to pay. This subdivision applies to

natural disasters for which a state of emergency is proclaimed by the Governor pursuant to Section 8625 of the Government Code or for which an emergency or major disaster is declared by the President of the United States.

SEC. 9. (a) It is the intent of the Legislature to amend Section 7057 of the Business and Professions Code in order to modify the holdings in Home Depot, U.S.A., Inc. v. Contractors' State License Bd., 41 Cal. App. 4th 1592, and Hazard, Jr., Enterprises, Inc. v. Insurance Co. of the West, 52 Cal. App. 4th 1088, to the extent the courts' holdings, or the courts' statutory construction of Section 7057 of the Business and Professions Code, are inconsistent with this act.

(b) The limitations applicable to general building contractors performing in the role of specified specialty building contractors for which other standards and criteria have been established, are necessary to serve as a means of protecting the public against contractors who have not demonstrated competence in specified specialty aspects of work for which a specialty license is required and as a means of facilitating the selection and provision of contracting services by and for the public that provides recognition to those persons or entities that have demonstrated experience, competence, and appropriate qualifications in those specialties specified in Section 7057 of the Business and Professions Code. In addition, experience has shown that consumers need and deserve to be protected against work being performed by contractors not licensed in specialty areas, and that the majority of consumer abuses occur and the focus of enforcement is needed most in these areas.

(c) The Legislature finds and declares that the administrative regulation adopted by the Contractors' State License Board as subdivision (b) of Section 834 of Title 16 of the California Code of Regulations had, for over four decades, served the public good by prohibiting general building contractors from undertaking certain projects in aspects of construction work in which specialty licenses had been established, until that regulation was ruled invalid as a result of the Home Depot and Hazard cases. It is the intent of the Legislature by enacting this act to statutorily establish the standard promulgated as subdivision (b) of Section 834 of Title 16 of the California Code of Regulations, with changes incorporated in this enactment, on the basis that the experience of license enforcement has demonstrated that the majority of consumer abuses occur and the focus of enforcement is most needed in smaller jobs involving one or two specialty trades that typically comprise service or repair functions and home improvement jobs. The Legislature also reiterates its previously stated intent that the Contractors' State License Law should be administered to "promote and protect the interests of consumers as well as law-abiding competitive licensed contractors" (Section 34.5 as contained in Chapter 1013 of the Statutes of 1979).

SEC. 10. The Legislature finds and declares that the program of furnishing opinions of industry experts on the cause or basis of a condition that has produced a consumer complaint arising from a contractor's alleged failure to comply with the license law, and on the cost to correct that condition, was established in 1987 to provide the parties to those disputes with an opinion of a disinterested professional to facilitate the resolution of those disputes quickly and inexpensively. While generically this is an expert witness program, it is unique and focused on the particular industry practices and problems in contracting, and the provisions made by this act are designed to improve and facilitate its availability, and the Legislature does not intend to provide for, or to provide any precedent for, any expert witness program in any other context or any other industry, trade, or profession.

SEC. 11. The Contractors' State License Board shall, before January 1, 1999, consult with representatives of the industry it regulates, with consumer groups, and with other parties that have demonstrated an interest in the operation of the program of licensing contractors, and evolve in conjunction with those discussions, a potential administrative regulation or regulations that the board believes would best serve the interests of the public, and the affected parties for the definition, administration, governance, and implementation of a program such as that provided in Section 7019.1 of the Business and Professions Code, as that program might be continued after July 1, 2000.

The board shall also consult with the Director of Consumer Affairs, with whom the board is required to consult in the adoption of administrative regulations pursuant to Section 313.1 of the Business and Professions Code, to obtain the director's input into the formulation of the potential regulations to be evolved pursuant to this section.

SEC. 12. The Contractors' State License Board shall identify those "C" specialty license classifications that present a risk to the health, safety, and general welfare of the public, and shall report to the Legislature and the Department of Consumer Affairs by October 1, 1998, which specialty licensing contractor classifications may be appropriate for consolidation, redefinition, or elimination. Not later than July 1, 1999, the board shall, in consideration of any response of the Legislature and the Department of Consumer Affairs to the report, take regulatory action to implement the recommendations of the report.

SEC. 13. The Contractors' State License Board shall report to the Legislature and the Department of Consumer Affairs by October 1, 1998, on which specialty licensing contractor classifications, such as asbestos contractors or contractors involved in the removal or remediation of hazardous substances, are appropriate for consolidation, redefinition, or elimination. The board shall also report

on whether a separate classification or certification of home improvement contractors is appropriate.

SEC. 3. Section 7155.5 of the Business and Professions Code is amended to read:

7155.5. Violations of any provisions of this chapter by a home improvement salesperson, likewise constitutes a cause for

7156. It shall be a misdemeanor and a cause for disciplinary action to commit any of the following acts:

(b) For any person to use a contract form in connection with any home improvement transaction or any other transaction involving a work of improvement if the form fails to disclose the name of the contractor principal by whom he or she is employed.

SEC. 5. Section 7157 of the Business and Professions Code is amended to read:

7157. (a) Except as otherwise provided in subdivision (b), as a part of or in connection with the inducement to enter into any home improvement contract or other contract, which may be performed by a contractor, no person may promise or offer to pay, credit, or allow to any owner, compensation or reward for the procurement or placing of home improvement business with others.

(b) A contractor or his or her agent or salesperson may give tangible items to prospective customers for advertising or sales promotion purposes where the gift is not conditioned upon obtaining a contract for home improvement work if the gift does not exceed a value of five dollars ($5) and only one such gift is given in connection with any one transaction.

(c) No salesperson or contractor's agent may accept any compensation of any kind, for or on account of a home improvement transaction, or any other transaction involving a work of improvement, from any person other than the contractor whom he or she represents with respect to the transaction, nor shall the salesperson or agent make any payment to any person other than his or her employer on account of the sales transaction.

(d) No contractor shall pay, credit, or allow any consideration or compensation of any kind to any other contractor or salesperson other than a licensee for or on account of the performance of any work of improvement or services, including, but not limited to, home improvement work or services, except: (1) where the person to or from whom the consideration is to be paid is not subject to or is exempted from the licensing requirements of this chapter, or (2) where the transaction is not subject to the requirements of this chapter.

As used in this section "owners" shall also mean "tenant."

Commission of any act prohibited by this section is a misdemeanor and constitutes a cause for disciplinary action.

SEC. 6. Section 7159 of the Business and Professions Code is amended to read:

7159. This section applies only to home improvement contracts, as defined in Section 7151.2, between a contractor, whether a general contractor or a specialty contractor, who is licensed or subject to be licensed pursuant to this chapter with regard to the transaction and who contracts with an owner or tenant for work upon a residential building or structure, or upon land adjacent thereto, for proposed repairing, remodeling, altering, converting, modernizing, or adding to the residential building or structure or land adjacent thereto, and where the aggregate contract price specified in one or more improvement contracts, including all labor, services, and materials to be furnished by the contractor, exceeds five hundred dollars ($500).

Every home improvement contract and every contract, the primary purpose of which is the construction of a swimming pool, is subject to this section. Every contract and any changes in the contract subject to this section shall be evidenced by a writing and shall be signed by all the parties to the contract. The writing shall contain all of the following:

(d) If the payment schedule contained in the contract provides for a downpayment to be paid to the contractor by the owner or the tenant before the commencement of work, the downpayment may not exceed two hundred dollars ($200) or 2 percent of the contract price for swimming pools, or one thousand dollars ($1,000) or 10 percent of the contract price for other home improvements, excluding finance charges, whichever is less.

(e) A schedule of payments showing the amount of each payment as a sum in dollars and cents. In no event may the payment schedule provide for the contractor to receive, nor may the contractor actually receive, payments in excess of 100 percent of the value of the work performed on the project at any time, excluding finance charges, except that the contractor may receive an initial downpayment authorized by subdivision (d). With respect to a swimming pool contract, the final payment may be made at the completion of the final plastering phase of construction, provided that any installation or construction of equipment, decking, or fencing required by the contract is also completed. (h) No extra or change-order work may be required to be performed without prior written authorization of the person contracting for the construction of the home improvement or swimming pool. No change-order is enforceable against the person contracting for home improvement work or swimming pool construction unless it clearly sets forth the scope of work encompassed by the change-order and the price to be charged for the changes. Any change-order forms for changes or extra work shall be incorporated in, and become a part of, the contract. This subdivision applies to

natural disasters for which a state of emergency is proclaimed by the Governor pursuant to Section 8625 of the Government Code or for which an emergency or major disaster is declared by the President of the United States.

SEC. 7. The Contractors' State License Board shall report to the Legislature and the Department of Consumer Affairs by October 1, 1998, on which specialty licensing contractor classifications, such as asbestos contractors or contractors involved in the removal or remediation of hazardous substances, are appropriate for consolidation, redefinition, or elimination. The board shall also report on whether a separate classification or certification of home improvement contractors is appropriate.

SEC. 8. This act shall not become operative unless Senate Bill 857 of the 1997–98 Regular Session is also enacted and becomes operative.

51017. (a) The State Fire Marshal shall develop a comprehensive data base of pipeline information that can be utilized for emergency response and program operational purposes. The data base shall include information on pipeline location, age, reported leak incidences, and inspection history, and shall have the capability of mapping pipeline locations throughout the state. The data collection format shall be compatible with any pipeline mapping project implemented by the United States Department of Transportation's Office of Pipeline Safety and shall be compatible with GIS mapping and data management required by Article 12 (commencing with Section 25299.97) of Chapter 6.75 of Division 20 of the Health and Safety Code.

(b) The sum of four hundred sixty-nine thousand dollars ($469,000) is hereby appropriated from the California Hazardous Liquid Pipeline Safety Fund to the State Fire Marshal for the purposes of subdivision (a).

(b) With assistance from the State Department of Health Services and the State Water Resources Control Board, the State Fire Marshal shall notify the operator of the pipelines identified in subdivision (a) of the following information:

(1) That the specific pipeline or pipeline segment has been identified as being located within 1,000 feet of a public drinking water well.

(2) The name of the water purveyor and the location of the public drinking water well affected. With advice from the GIS mapping advisory committee, created pursuant to subdivision (b) of Section 25299.97 of the Health and Safety Code, the identification of the pipelines and notification of pipeline owners by the State Fire Marshal pursuant to subdivision (a) and this subdivision shall begin once the GIS mapping system created by Section 25299.97 of the Health and Safety Code is able to provide accurate and useful information on pipeline and wellhead locations.

(c) Each pipeline operator notified pursuant to subdivision (b) shall prepare a pipeline wellhead protection plan as required by Section 51017.2 and submit the plan to the State Fire Marshal within 180 days from the date of either receiving the notification specified in subdivision (b), or adoption of regulations by the State Fire Marshal pursuant to Section 51017.2, whichever is later.

(d) With the advice of the State Department of Health Services, the State Water Resources Control Board, appropriate California regional water quality controls boards, and local water purveyors, the State Fire Marshal shall review each wellhead protection plan submitted by a pipeline operator, and approve those plans that meet the criteria of the regulations adopted by the State Fire Marshal pursuant to Section 51017.2. The State Fire Marshal shall have discretion to allow a wellhead protection plan to address multiple wellheads where the conditions creating the risk to the wellheads are substantially similar. The pipeline operator shall implement the wellhead protection plan within 180 days from the date of receiving approval from the State Fire Marshal.

(e) Each pipeline operator having a wellhead protection plan approved by the State Fire Marshal pursuant to subdivision (d) shall evaluate that plan at least once every five years to ensure that the plan is in compliance with the current regulations established by the State Fire Marshal pursuant to Section 51017.2. The pipeline operator shall provide either written documentation to the State Fire Marshal that the previously approved wellhead protection plan has been evaluated and that no changes are warranted, or submit a new wellhead protection plan to remain in compliance with existing regulations or to meet the requirements of regulations adopted since the plan was approved.

(f) The pipeline operator subject to subdivision (c) may petition the State Fire Marshal in writing for an exemption from the requirements of subdivision (c). With advice from the State Water Resources Control Board, the State Department of Health Services, the California regional water quality control boards, and local water purveyors, the State Fire Marshal may approve the exemption if the petition demonstrates that the pipeline either does not transport

motor vehicle fuel, or does not pose a significant threat to the public drinking water well based upon, but not limited to, the following criteria:

(1) Pipeline parameters, such as operation pressure, operating temperature, age, design, fabrication materials, construction, corrosive nature of the surrounding soil, cathodic protection, and feasibility of internal inspection or evaluation tools (smart pigs).

(2) Hydrogeologic parameters, such as soil permeability, direction and velocity of groundwater flow, aquifer location or depth, and hydrogeologic barriers or conduits.

(3) Water well parameters, such as depth of well and well construction.

(4) The nature of the fuel and its ability to migrate to public drinking water wells.

(5) The impact of human activity that may elevate or reduce the risk to the drinking water well.

SEC. 5. Section 51017.2 is added to the Government Code, to read:

51017.2. (a) With advice from the Pipeline Safety Advisory Committee, the State Water Resources Control Board, the California regional water quality control boards, and local water purveyors, the State Fire Marshal shall adopt regulations for wellhead protection plans that provide guidelines to be used by the pipeline operator as specified in Section 51017.1 to protect the public drinking water well from contamination should a pipeline rupture or leak pose a significant threat to a public drinking water well, taking into account the nature of the fuel and its ability to migrate to a public drinking water well. The regulations adopted by the State Fire Marshal shall require each plan to contain adequate and effective measures that are technologically feasible, practical, and operationally sound that protect public drinking water wells. At a minimum, the wellhead protection plan shall contain the following:

(1) Operational activities that provide the pipeline operator with sufficient information to adequately ensure the integrity of the pipeline. These may include internal inspection or evaluation tools (smart pigs), substructure excavation (potholing), well monitoring, additional or more frequent pressure tests, cathodic protection surveys or visual inspections, or other technologies as appropriate.

(2) Response measures that will enhance the pipeline operator's response to an emergency, such as a pipeline rupture, fire, earthquake, or flood. These measures may include activities, such as additional training for operator staff or improved coordination with emergency response agencies.

(b) At least once every five years, the State Fire Marshal, with the advice of the Pipeline Safety Advisory Committee, the State Water Resources Control Board, the California regional water quality control boards, and local water purveyors, shall review the regulations adopted pursuant to subdivision (a) to determine if new

measures that have been proven to be technologically feasible, practical, and operationally sound should be included in the regulations. The State Fire Marshal shall adopt new regulations if such new measures are identified.

SEC. 6. Section 25298.5 of the Health and Safety Code is amended to read:

Article 13. Drinking Water Emergency Response Funding

25299.99. (a) The board may annually expend up to five million dollars ($5,000,000) from the fund for the purposes set forth in Section 25299.36 and may expend no more than one million dollars ($1,000,000) of that amount per affected drinking water supply source to pay a public water system for the cost of treatment of the water supply or of providing alternate drinking water supplies, where a public water system requests funds and the public water system demonstrates that a public drinking water well has been contaminated by an oxygenate and there is substantial evidence that the release occurred from an underground storage tank.

(b) The board shall report annually to the Governor and to the Legislature on any money provided to a public water system pursuant to this section.

(c) The board shall be reimbursed by a public water system that has received funds pursuant to this section, to the extent that the public water system receives payment from any source to cover the costs for which it received funding under this section. The public water system shall aggressively pursue cost recovery from responsible persons and shall, upon recovery, or within five years from the initial payment received, whichever occurs first, reimburse the board for funds received pursuant to this section unless the public water system can demonstrate to the board that, despite all reasonable efforts, recovery from a responsible party is not possible, or that a responsible party cannot be identified.

Sec. 300j-4 (a)(2)). Until the time that the department adopts regulations regarding the monitoring of unregulated contaminants, the department may, by order, require any public water system that has been shown to contain detectable levels of any unregulated contaminants to conduct periodic water analyses in accordance with conditions specified by the department. The water analyses shall be reported on a quarterly basis unless the department finds that more or less frequent analysis is necessary.

(c) Requirements for the design, operation, and maintenance of public water systems, including, but not limited to, waterworks standards and the control of cross-connections, that the department determines are necessary to obtain, treat, and distribute a reliable and adequate supply of pure, wholesome, potable, and healthy water.

(d) Requirements for treatment, including disinfection of water supplies.

(e) Requirements for the filtration of surface water supplies at least as stringent as regulations promulgated pursuant to subparagraph (C) of paragraph (7) of subsection (b) of Section 1412 of the federal Safe Drinking Water Act, as amended (42 U.S.C. Sec. 300g-1 (b)(7)(C)).

SEC. 12. Section 13272.1 is added to the Water Code, to read:

13272.1. Each regional board shall publish and distribute on a quarterly basis to all public water system operators within the region of the regional board, a list of discharges of MTBE that occurred during the quarter and a list of locations where MTBE was detected in the groundwater within the region of the regional board.

## CHAPTER 816

An act to to add Sections 25299.37.1 and 116366 to the Health and Safety Code, and to add Section 13285 to the Water Code, relating to gasoline, and making an appropriation therefor.

[Approved by Governor October 8, 1997. Filed with Secretary of State October 9, 1997.]

*The people of the State of California do enact as follows:*

SECTION 1. This act shall be known, and may be cited, as the MTBE Public Health and Environmental Protection Act of 1997.

SEC. 2. The Legislature hereby finds and declares that the purpose of this act is to provide the public and the Legislature with a thorough and objective evaluation of the human health and environmental risks and benefits, if any, of the use of methyl tertiary-butyl ether (MTBE), as compared to ethyl tertiary-butyl ether (ETBE), tertiary amyl methyl ether (TAME) and ethanol, in gasoline, and to ensure that the air, water quality, and soil impacts of the use of MTBE are fully mitigated.

SEC. 3. (a) The sum of five hundred thousand dollars ($500,000) is hereby appropriated from the Motor Vehicle Fuel Account in the Transportation Tax Fund to the University of California to conduct an independent study and assessment of the human health and environmental risks and benefits, if any, associated with the use of MTBE, as compared to ETBE, TAME, and ethanol.

(b) It is the intent of the Legislature that this study be undertaken by the University of California to assure that the results will be objective and academically sound, and that the report will reflect the high standards expressed in the university's Policy on Integrity in Research.

(c) The assessment shall commence immediately upon the university's agreement and shall include, but not be limited to, all of the following components:

(1) An assessment of the risks and benefits to human health and the environment of MTBE and its combustion byproducts found in air, water, and soil, and a comparison of those risks and benefits to ETBE, TAME, and ethanol that could be used in lieu of MTBE in gasoline.

(2) An assessment of available research and data on the impact of MTBE on human health and the environment in each state where MTBE has been used in gasoline at levels of 10 percent or greater, by volume, within the last five years.

(3) An assessment of the risks to human health and the environment associated with MTBE leaking from underground and aboveground storage tanks, from surface watercraft and other sources of MTBE pollution in surface water bodies, and from oceangoing tankers in coastal waterways of this state.

(4) An analysis of current levels of MTBE in the state's drinking water, reservoirs, lakes, and streams.

(5) An evaluation of the costs and effectiveness of treatment technologies available to remove MTBE from surface waters, groundwaters, and drinking water.

(6) An assessment of the impact of MTBE on vehicle parts and the efficient operation of vehicles.

(7) An assessment of the corrosive effects of MTBE on the structural integrity of fiberglass storage tanks, which may be undertaken in consultation with the California Fire Chiefs Association and other recognized experts on the matter.

(8) A comparison of the incidence of asthma before and after the level of MTBE was increased in California gasoline, considering appropriate factors relating to a nexus between any change in the incidence of asthma and the actual introduction of MTBE into California gasoline.

(9) Identification and quantification of all of the combustion byproducts of MTBE in California's reformulated oxygenated fuel and the type of analytical methods used and their sensitivity.

(10) An evaluation of the scientific peer-reviewed research and literature on the human health and environmental effects of MTBE, as well as any original research necessary to provide the information specified in paragraphs (1) to (9), inclusive.

(11) A focused assessment of the subjects provided for in paragraphs (1), (3), (4), (5), and (8) for the Lake Tahoe Basin.

(d) On or before January 1, 1999, the university shall submit a draft report on the assessment conducted pursuant to this section to the Governor. Upon receiving the draft report, the Governor shall take all of the following actions:

(1) Immediately transmit the draft report without any alteration to the United States Geological Survey and to the Agency for Toxic Substances and Disease Registry at the Centers for Disease Control for their comments, which shall be part of the public record. The comment period shall be approximately six weeks.

(2) Issue a notice of intent to hold two public hearings, and hold those hearings, one in northern California and one in southern California, on dates that are not more than 30 days from the date of receipt of the comments from the United States Geological Survey and the Agency for Toxic Substances and Disease Registry, for the purpose of accepting public testimony on the assessment and report.

(e) Within 10 days from the date of the completion of the public hearings held pursuant to paragraph (2) of subdivision (d), the Governor shall issue a written certification as to the human health and environmental risks of using MTBE in gasoline in this state. The certification shall be based solely upon the assessment and report submitted pursuant to this section and any testimony presented at the public hearings. The certification shall state either of the following conclusions:

(1) That, on balance, there is no significant risk to human health or the environment of using MTBE in gasoline in this state.

(2) That, on balance, there is a significant risk to human health or the environment of using MTBE in gasoline in this state.

(f) If the Governor makes the certification described under paragraph (2) of subdivision (e), then, notwithstanding any other provision of law, the Governor shall take appropriate action to protect public health and the environment.

Any public water system that incurs MTBE remediation or treatment costs may seek recovery of

those costs from parties responsible for the MTBE contamination, or from other available alternative sources of funds.

(b) If the public water system has included the costs of MTBE treatment and remediation in its customer rates and charges, and subsequently recovers all or a portion of its MTBE treatment and remediation costs from responsible parties or other available alternative sources of funds, it shall make an adjustment to its schedule of rates and charges to reflect the amount of funding received from responsible parties or other available alternative sources of funds for MTBE treatment or remediation.

[Approved by Governor October 8, 1997. Filed with
Secretary of State October 9, 1997.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 208 of the Penal Code is amended to read:

208. (a) Kidnapping is punishable by imprisonment in the state prison for three, five, or eight years.

(b) If the person kidnapped is under 14 years of age at the time of the commission of the crime, the kidnapping is punishable by imprisonment in the state prison for 5, 8, or 11 years. This subdivision is not applicable to the taking, detaining, or concealing, of a minor child by a biological parent, a natural father, as specified in Section 7611 of the Family Code, an adoptive parent, or a person who has been granted access to the minor child by a court order.

(c) In all cases in which probation is granted, the court shall, except in unusual cases where the interests of justice would best be served by a lesser penalty, require as a condition of the probation that the person be confined in the county jail for 12 months. If the court grants probation without requiring the defendant to be confined in the county jail for 12 months, it shall specify its reason or reasons for imposing a lesser penalty.

SEC. 2. Section 209 of the Penal Code is amended to read:

209. (a) Any person who seizes, confines, inveigles, entices, decoys, abducts, conceals, kidnaps or carries away another person by any means whatsoever with intent to hold or detain, or who holds or detains, that person for ransom, reward or to commit extortion or to exact from another person any money or valuable thing, or any person who aids or abets any such act, is guilty of a felony, and upon conviction thereof, shall be punished by imprisonment in the state prison for life without possibility of parole in cases in which any person subjected to any such act suffers death or bodily harm, or is intentionally confined in a manner which exposes that person to a substantial likelihood of death, or shall be punished by imprisonment in the state prison for life with the possibility of parole in cases where no such person suffers death or bodily harm.

(b) (1) Any person who kidnaps or carries away any individual to commit robbery, rape, spousal rape, oral copulation, sodomy, or rape by instrument in violation of Section 289, shall be punished by imprisonment in the state prison for life with possibility of parole.

(2) This subdivision shall only apply if the movement of the victim is beyond that merely incidental to the commission of, and increases

the risk of harm to the victim over and above that necessarily present in, the intended underlying offense.

(c) In all cases in which probation is granted, the court shall, except in unusual cases where the interests of justice would best be served by a lesser penalty, require as a condition of the probation that the person be confined in the county jail for 12 months. If the court grants probation without requiring the defendant to be confined in the county jail for 12 months, it shall specify its reason or reasons for imposing a lesser penalty.

(d) Subdivision (b) shall not be construed to supersede or affect Section 667.61. A person may be charged with a violation of subdivision (b) and Section 667.61. However, a person may not be punished under subdivision (b) and Section 667.61 for the same act that constitutes a violation of both subdivision (b) and Section 667.61.

SEC. 3. Section 290 of the Penal Code is amended to read:

(E) Any person ordered by any court to register pursuant to this section for any offense not included specifically in this section if the court finds at the time of conviction that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification. The court shall state on the record the reasons for its findings and the reasons for requiring registration.

(b) Any person who, after August 1, 1950, is released, discharged, or paroled from a jail, state or federal prison, school, road camp, or other institution where he or she was confined because of the commission or attempted commission of one of the offenses specified in subdivision (a) or is released from a state hospital to which he or she was committed as a mentally disordered sex offender under Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code, shall, prior to discharge, parole, or release, be informed of his or her duty to register under this section by the official in charge of the place of confinement or hospital, and the official shall require the person to read and sign any form that may be required by the Department of Justice, stating that the duty of the person to register under this section has been explained to the person. The official in charge of the place of confinement or hospital shall give one copy of the form to the person and shall send one copy to the Department of Justice and one copy to the appropriate law enforcement agency or agencies having jurisdiction over the place the person expects to reside upon discharge, parole, or release. If the conviction which makes the person subject to this section is a felony conviction, the official in charge shall, not later than 45 days prior to the scheduled release of the person, send one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon discharge, parole, or release; one copy

to the prosecuting agency that prosecuted the person; and one copy to the Department of Justice. The official in charge of the place of confinement shall retain one copy.

(c) Any person who, after August 1, 1950, is convicted in this state of the commission or attempted commission of any of the offenses specified in subdivision (a) and who is released on probation or discharged upon payment of a fine shall, prior to release or discharge, be informed of the duty to register under this section by the court in which the person has been convicted, and the court shall require the person to read and sign any form that may be required by the Department of Justice, stating that the duty of the person to register under this section has been explained to him or her. The court shall obtain the address where the person expects to reside upon release or discharge and shall report within three days the address to the Department of Justice. The court shall give one copy of the form to the person, send one copy to the Department of Justice, and forward one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon his or her discharge, parole, or release.

(d) (1) Any person who, on or after January 1, 1986, is discharged or paroled from the Department of the Youth Authority to the custody of which he or she was committed after having been adjudicated a ward of the court pursuant to Section 602 of the Welfare and Institutions Code because of the commission or attempted commission of any offense described in paragraph (3) shall be subject to registration under the procedures of this section.

(2) Any person who, on or after January 1, 1995, is discharged or paroled from a facility in another state that is equivalent to the Department of the Youth Authority, to the custody of which he or she was committed because of an offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in paragraphs (3) and (4), shall be subject to registration under the procedures of this section.

(3) The following offenses shall apply for the purpose of this subdivision:

(A) Assault with intent to commit rape, sodomy, oral copulation, or any violation of Section 264.1, 288, or 289 under Section 220.

(5) Prior to discharge or parole from the Department of the Youth Authority, any person who is subject to registration shall be informed of the duty to register under the procedures set forth in this section. Department of the Youth Authority officials shall transmit the required forms and information to the Department of Justice.

(6) All records specifically relating to the registration in the custody of the Department of Justice, law enforcement agencies, and other agencies or public officials shall be destroyed when the person who is required to register or has his or her records sealed under the procedures set forth in Section 781 of the Welfare and Institutions Code. This subdivision shall not be construed as requiring the destruction of other criminal offender or juvenile records relating to the case that are maintained by the Department of Justice, law enforcement agencies, the juvenile court, or other agencies and public officials unless ordered by a court under Section 781 of the Welfare and Institutions Code.

(e) (1) The registration shall consist of all of the following:

(A) A statement in writing signed by the person, giving information as may be required by the Department of Justice.

(C) The license plate number of any vehicle owned by or registered in the name of the person.

(D) Notice to the person that, in addition to the requirements of subdivision (f), he or she may have a duty to register in any other state where he or she may relocate.

(2) Within three days thereafter, the registering law enforcement agency or agencies shall forward the statement, fingerprints, photograph, and vehicle license plate number, if any, to the Department of Justice.

(f) If any person who is required to register pursuant to this section changes his or her name or residence address, the person shall inform, in writing within five working days, the law enforcement agency or agencies with whom he or she last registered of the new name or address. The law enforcement agency or agencies shall, within three days after receipt of this information, forward it to the Department of Justice. The Department of Justice shall forward appropriate registration data to the law enforcement agency or agencies having local jurisdiction of the new place of residence.

(g) (1) Any person who is required to register under this section based on a misdemeanor conviction who willfully violates this section

is guilty of a misdemeanor punishable by imprisonment in a county jail not exceeding one year.

(2) Notwithstanding paragraph (1), any person who has been convicted of assault with intent to commit rape, oral copulation, or sodomy under Section 220, any violation of Section 264.1 or 289 under Section 220, any violation of Section 261, any offense defined in paragraph (1) of subdivision (a) of Section 262 involving the use of force or violence for which the person is sentenced to state prison, any violation of Section 264.1, 286, 288, 288a, 288.5, or 289, or any violation of Section 207 or 209 committed with the intent to violate Section 261, 286, 288, 288a, or 289, and who is required to register under this section who willfully violates this section is guilty of a felony punishable by imprisonment in the state prison for 16 months, or two or three years.

(3) Any person required to register under this section based on a felony conviction who willfully violates this section or who has a prior conviction for the offense of failing to register under this section and who subsequently and willfully commits that offense is, upon each subsequent conviction, guilty of a felony and shall be punished by imprisonment in the state prison for 16 months, or two or three years.

A person punished pursuant to this paragraph or paragraph (2) shall be sentenced to serve a term of not less than 90 days nor more than one year in a county jail. In no event does the court have the power to absolve a person who willfully violates this section from the obligation of spending at least 90 days of confinement in a county jail and of completing probation of at least one year.

If the person has been sentenced to a term of imprisonment in the state prison, the penalty described in this paragraph shall apply whether or not the person has been released on parole or has been discharged from parole.

(4) If, after discharge from parole, the person is convicted of a felony as specified in this subdivision, he or she shall be required to complete parole of at least one year, in addition to any other punishment imposed under this subdivision. A person convicted of a felony as specified in this subdivision may be granted probation only in the unusual case where the interests of justice would best be served. When probation is granted under this paragraph, the court shall specify on the record and shall enter into the minutes the circumstances indicating that the interests of justice would best be served by the disposition.

(h) Whenever any person is released on parole or probation and is required to register under this section but fails to do so within the time prescribed, the parole authority, the Youthful Offender Parole Board, or the court, as the case may be, shall order the parole or probation of the person revoked. For purposes of this subdivision, "parole authority" has the same meaning as described in Section 3000.

(i) Except as provided in subdivisions (m) and (n) and Section 290.4, the statements, photographs, and fingerprints required by this section shall not be open to inspection by the public or by any person other than a regularly employed peace officer or other law enforcement officer.

(j) In any case in which a person who would be required to register pursuant to this section for a felony conviction is to be temporarily sent outside the institution where he or she is confined on any assignment within a city or county including firefighting, disaster control, or of whatever nature the assignment may be, the local law enforcement agency having jurisdiction over the place or places where the assignment shall occur shall be notified within a reasonable time prior to removal from the institution. This subdivision shall not apply to any person who is temporarily released under guard from the institution where he or she is confined.

(k) As used in this section, "mentally disordered sex offender" includes any person who has been determined to be a sexual psychopath or a mentally disordered sex offender under any provision which, on or before January 1, 1976, was contained in Division 6 (commencing with Section 6000) of the Welfare and Institutions Code.

(*l*) (1) Every person who, prior to January 1, 1985, is required to register under this section, shall be notified whenever he or she next reregisters of the reduction of the registration period from 30 to 14 days. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notification shall be a defense against the penalties prescribed by subdivision (g) if the person did register within 30 days.

(2) Every person who, prior to January 1, 1997, is required to register under this section, shall be notified whenever he or she next reregisters of the reduction of the registration period from 14 to five working days. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notification shall be a defense against the penalties prescribed by subdivision (g) if the person did register within 14 days.

(m) (1) When a peace officer reasonably suspects, based on information that has come to his or her attention through information provided by any peace officer or member of the public, that a child or other person may be at risk from a sex offender convicted of a crime listed in paragraph (1) of subdivision (a) of Section 290.4, a law enforcement agency may, notwithstanding any other provision of law, provide any of the information specified in paragraph (2) of this subdivision about that registered sex offender that the agency deems relevant and necessary to protect the public, to the following persons, agencies, or organizations the offender is likely to encounter, including, but not limited to, the following:

(E) The offender's physical description.

(F) The offender's photograph.

(G) The offender's date of birth.

(H) Crimes resulting in registration under this section.

(I) The offender's address, which must be verified prior to publication.

(J) Description and license plate number of offender's vehicles or vehicles the offender is known to drive.

(K) Type of victim targeted by the offender.

(L) Relevant parole or probation conditions, such as one prohibiting contact with children.

(M) Dates of crimes resulting in classification under this section.

(N) Date of release from confinement.

However, information disclosed pursuant to this subdivision shall not include information that would identify the victim.

(3) If a law enforcement agency discloses information pursuant to this subdivision, it shall include, with the disclosure, a statement that the purpose of the release of the information is to allow members of the public to protect themselves and their children from sex offenders.

(4) For purposes of this section, "likely to encounter" means both of the following:

(A) That the agencies, organizations, or other community members are in a location or in close proximity to a location where the offender lives or is employed, or that the offender visits or is likely to visit on a regular basis.

(B) The types of interaction that ordinarily occur at that location and other circumstances indicate that contact with the offender is reasonably probable.

(5) For purposes of this section, "reasonably suspects" means that it is objectively reasonable for a peace officer to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his or her training and experience, to suspect that a child or other person is at risk.

(6) For purposes of this section, "at risk" means a person is or may be exposed to a risk of becoming a victim of a sex offense committed by the offender.

(7) A law enforcement agency may continue to disclose information on an offender under this subdivision for as long as the offender is included in Section 290.4.

(n) In addition to the procedures set forth elsewhere in this section, a law enforcement agency may advise the public of the presence of high-risk sex offenders in its community pursuant to this subdivision.

(1) For purposes of this subdivision:

(A) A high-risk sex offender is a person who has been convicted of an offense for which registration is required under paragraph (2) of subdivision (a) and also meets one of the following criteria:

(C) A violent nonsex offense means any offense defined in Section 187, subdivision (a) of Section 192, 203, 206, 207, 236, provided that the offense is a felony, subdivision (a) of Section 273a, 273d, or 451, or attempted murder, as defined in Sections 187 and 664.

(D) An associated offense means any offense defined in Section 243.4, provided that the offense is a felony, Section 311.1, 311.2, 311.3, 311.4, 311.5, 311.6, 311.7, 314, 459, provided the offense is of the first degree, 597, 646.9, subdivision (d), (h), or (i) of Section 647, 653m, or infliction of great bodily injury during the commission of a felony, as defined in Section 12022.7.

(E) For purposes of subparagraphs (B) to (D), inclusive, an arrest or conviction for the statutory predecessor of any of the enumerated offenses, or an arrest or conviction in any other jurisdiction for any offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in those subparagraphs, is to be considered in determining whether an offender is a high-risk sex offender.

(F) For purposes of subparagraphs (B) to (D), inclusive, an arrest as a juvenile or an adjudication as a ward of the juvenile court within the meaning of Section 602 of the Welfare and Institutions Code for

any of the offenses described in those subparagraphs is to be considered in determining whether an offender is a high-risk sex offender.

(G) Notwithstanding subparagraphs (A) to (D), inclusive, an offender shall not be considered to be a high-risk sex offender if either of the following apply:

(i) The offender's most recent conviction or arrest for an offense described in subparagraphs (B) to (D), inclusive, occurred more than five years prior to the high-risk assessment by the Department of Justice, excluding periods of confinement.

(ii) The offender notifies the Department of Justice, on a form approved by the department and available at any sheriff's office, that he or she has not been convicted in the preceding 15 years, excluding periods of confinement, of an offense for which registration is required under paragraph (2) of subdivision (a), and the department is able, upon exercise of reasonable diligence, to verify the information provided in paragraph (2).

(2) The Department of Justice shall continually search the records provided to it pursuant to subdivision (b) and identify, on the basis of those records, high-risk sex offenders. Four times each year, the department shall provide to each chief of police and sheriff in the state, and to any other law enforcement agency upon request, the following information regarding each identified high-risk sexual offender: full name; known aliases; gender; race; physical description; photograph; date of birth; and crimes resulting in classification under this section.

(3) The Department of Justice and any law enforcement agency to which notice has been given pursuant to paragraph (2) may cause to be made public, by whatever means the agency deems necessary to ensure the public safety, based upon information available to the agency concerning a specific person, including, but not limited to, the information described in paragraph (2); the offender's address,

which shall be verified prior to publication; description and license plate number of the vehicles or vehicles the offender is known to drive; type of victim targeted by the offender; relevant parole or probation conditions, such as one prohibiting contact with children; dates of crimes resulting in classification under this section; and date of release from confinement; but excluding information that would identify the victim.

The department shall decide whether the named person reasonably appears to be a person listed, based upon information from the caller providing information that shall include (A) an exact street address, including apartment number, social security number, California driver's license or identification number, or birth date along with additional information that may include any of the following: name, hair color, eye color, height, weight, distinctive markings, ethnicity; or (B) any combination of at least six of the above listed characteristics if an exact birth date or address is not available. The signed statement shall be maintained in a file in the law enforcement agency's office.

(B) The records of persons requesting to view the CD-ROM or other electronic medium are confidential, except that a copy of the applications requesting to view the CD-ROM or other electronic medium may be disclosed to law enforcement agencies for law enforcement purposes.

(C) Any information identifying the victim by name, birth date, address, or relationship to the registrant shall be excluded from the CD-ROM or other electronic medium.

(5) (A) The income from the operation of the "900" number shall be deposited in the Sexual Predator Public Information Account, which is hereby established within the Department of Justice for the purpose of the implementation of this section by the Department of Justice, including all actual and reasonable costs related to establishing and maintaining the information described in subdivision (a) and the CD-ROM or other electronic medium described in this subdivision.

The Department of Justice, the sheriff's departments, and the municipal police departments of cities with a population of more than 200,000 shall make, and the other law enforcement agencies may make, the CD-ROM or other electronic medium available for viewing by the public in accordance with the following: The agency may require that a person applying to view the CD-ROM or other electronic medium express an articulable purpose in order to have access thereto. The applicant shall provide identification in the form of a California driver's license or California identification card, showing the applicant to be at least 18 years of age, and shall sign a statement, on a form provided by the Department of Justice, stating that the applicant is not a registered sex offender, that he or she understands the purpose of the release of information is to allow members of the public to protect themselves and their children from sex offenders, and he or she understands it is unlawful to use information obtained from the CD-ROM or other electronic medium to commit a crime against any registrant or to engage in illegal discrimination or harassment of any registrant. The signed statement shall be maintained in a file in the designated law enforcement agency's office.

(B) The records of persons requesting to view the CD-ROM or other electronic medium are confidential, except that a copy of the applications requesting to view the CD-ROM or other electronic medium may be disclosed to law enforcement agencies for law enforcement purposes.

(C) Any information identifying the victim by name, birth date, address, or relationship to the registrant shall be excluded from the CD-ROM or other electronic medium.

under Sections 669 and 1170, the aggregate term of imprisonment for all these convictions shall be the sum of the principal term, the subordinate term, and any additional term imposed pursuant to Section 667, 667.5, 667.6, or 12022.1, and pursuant to Section 11370.2 of the Health and Safety Code. The principal term shall consist of the greatest term of imprisonment imposed by the court for any of the crimes, including any enhancements imposed pursuant to subdivision (c) of Section 186.10 or Section 667.15, 667.8, 667.83, 667.85, 12022, 12022.2, 12022.3, 12022.4, 12022.5, 12022.55, 12022.6, 12022.7, 12022.75, 12022.8, or 12022.9 of this code, and an enhancement imposed pursuant to Section 11370.4 or 11379.8 of the Health and Safety Code. In no case shall the total of subordinate terms for these consecutive offenses which are not "violent felonies" as defined in subdivision (c) of Section 667.5 exceed five years. The subordinate term for each consecutive offense which is a "violent felony" as defined in subdivision (c) of Section 667.5, including those offenses described in paragraph (8), (9), or (17) of subdivision (c) of Section 667.5, shall consist of one-third of the middle term of imprisonment prescribed for each other felony conviction for an offense that is a violent felony for which a consecutive term of imprisonment is imposed, and shall include one-third of any enhancements imposed pursuant to Section 667.15, 667.8, 667.83, 667.85, 12022, 12022.2, 12022.4, 12022.5, 12022.55, 12022.7, 12022.75, or 12022.9.

(b) (1) When a consecutive term of imprisonment is imposed under Sections 669 and 1170 for two or more convictions for kidnapping, as defined in Section 207, involving separate victims or the same victim on separate occasions, the aggregate term shall be calculated as provided in subdivision (a), except that the subordinate term for each subsequent kidnapping conviction shall consist of the middle term for each kidnapping conviction for which a consecutive term of imprisonment is imposed and shall include one-third of any enhancements imposed pursuant to Section 667.8, 667.83, 667.85, 12022, 12022.2, 12022.4, 12022.5, 12022.55, 12022.7, 12022.75, or 12022.9. The five-year limitation on the total of subordinate terms provided in subdivision (a) shall not apply to subordinate terms for second and subsequent convictions of kidnapping, as defined in Section 207, involving separate victims or the same victim on separate occasions.

(2) As used in this subdivision, "separate occasion" means the defendant committed a second violation of Section 207 involving the same victim after at least 24 hours elapsed following his or her release of the victim.

(c) In the case of any person convicted of one or more felonies committed while the person is confined in a state prison, or is subject to reimprisonment for escape from custody and the law either requires the terms to be served consecutively or the court imposes consecutive terms, the term of imprisonment for all the convictions which the person is required to serve consecutively shall commence from the time the person would otherwise have been released from prison. If the new offenses are consecutive with each other, the principal and subordinate terms shall be calculated as provided in subdivision (a), except that the total of subordinate terms may exceed five years. This subdivision shall be applicable in cases of convictions of more than one offense in different proceedings, and convictions of more than one offense in the same or different proceedings.

In considering the imposition of the additional term, the court shall apply the sentencing rules of the Judicial Council.

A person punished pursuant to this paragraph or paragraph (2) shall be sentenced to serve a term of not less than 90 days nor more than one year in a county jail. In no event does the court have the power to absolve a person who willfully violates this section from the

obligation of spending at least 90 days of confinement in a county jail and of completing probation of at least one year.

If the person has been sentenced to a term of imprisonment in the state prison, the penalty described in this paragraph shall apply whether or not the person has been released on parole or has been discharged from parole.

(4) If, after discharge from parole, the person is convicted of a felony as specified in this subdivision, he or she shall be required to complete parole of at least one year, in addition to any other punishment imposed under this subdivision. A person convicted of a felony as specified in this subdivision may be granted probation only in the unusual case where the interests of justice would best be served. When probation is granted under this paragraph, the court shall specify on the record and shall enter into the minutes the circumstances indicating that the interests of justice would best be served by the disposition.

(5) Any person who, as a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, fails to verify his or her registration every 90 days as required in this section, shall be punished by imprisonment in the state prison, or in a county jail not exceeding one year.

(h) Whenever any person is released on parole or probation and is required to register under this section but fails to do so within the time prescribed, the parole authority, the Youthful Offender Parole Board, or the court, as the case may be, shall order the parole or probation of the person revoked. For purposes of this subdivision, "parole authority" has the same meaning as described in Section 3000.

(i) Except as provided in subdivisions (m) and (n) and Section 290.4, the statements, photographs, and fingerprints required by this section shall not be open to inspection by the public or by any person other than a regularly employed peace officer or other law enforcement officer.

(j) In any case in which a person who would be required to register pursuant to this section for a felony conviction is to be temporarily sent outside the institution where he or she is confined on any assignment within a city or county including firefighting, disaster control, or of whatever nature the assignment may be, the local law enforcement agency having jurisdiction over the place or places where the assignment shall occur shall be notified within a reasonable time prior to removal from the institution. This subdivision shall not apply to any person who is temporarily released under guard from the institution where he or she is confined.

(k) As used in this section, "mentally disordered sex offender" includes any person who has been determined to be a sexual psychopath or a mentally disordered sex offender under any provision which, on or before January 1, 1976, was contained in

(*l*) (1) Every person who, prior to January 1, 1985, is required to register under this section, shall be notified whenever he or she next reregisters of the reduction of the registration period from 30 to 14 days. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notification shall be a defense against the penalties prescribed by subdivision (g) if the person did register within 30 days.

(2) Every person who, prior to January 1, 1997, is required to register under this section, shall be notified whenever he or she next reregisters of the reduction of the registration period from 14 to five working days. (3) Every person who, as a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, is required to verify his or her registration every 90 days, shall be notified wherever he or she next registers of his or her increased registration obligations. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notice shall be a defense against the penalties prescribed by paragraph (5) of subdivision (g).

(m) (1) When a peace officer reasonably suspects, based on information that has come to his or her attention through information provided by any peace officer or member of the public, that a child or other person may be at risk from a sex offender convicted of a crime listed in paragraph (1) of subdivision (a) of Section 290.4, a law enforcement agency may, notwithstanding any other provision of law, provide any of the information specified in paragraph (2) of this subdivision about that registered sex offender that the agency deems relevant and necessary to protect the public, to the following persons, agencies, or organizations the offender is likely to encounter, including, but not limited to, the following:

(4) For purposes of this section, "likely to encounter" means both of the following:

(A) That the agencies, organizations, or other community members are in a location or in close proximity to a location where the offender lives or is employed, or that the offender visits or is likely to visit on a regular basis.

(B) The types of interaction that ordinarily occur at that location and other circumstances indicate that contact with the offender is reasonably probable.

(5) For purposes of this section, "reasonably suspects" means that it is objectively reasonable for a peace officer to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his or her training and experience, to suspect that a child or other person is at risk.

(6) For purposes of this section, "at risk" means a person is or may be exposed to a risk of becoming a victim of a sex offense committed by the offender.

(7) A law enforcement agency may continue to disclose information on an offender under this subdivision for as long as the offender is included in Section 290.4.

(E) For purposes of subparagraphs (B) to (D), inclusive, an arrest or conviction for the statutory predecessor of any of the enumerated offenses, or an arrest or conviction in any other jurisdiction for any offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in those subparagraphs, is to be considered in determining whether an offender is a high-risk sex offender.

(F) For purposes of subparagraphs (B) to (D), inclusive, an arrest as a juvenile or an adjudication as a ward of the juvenile court within the meaning of Section 602 of the Welfare and Institutions Code for any of the offenses described in those subparagraphs is to be considered in determining whether an offender is a high-risk sex offender.

(G) Notwithstanding subparagraphs (A) to (D), inclusive, an offender shall not be considered to be a high-risk sex offender if either of the following apply:

(i) The offender's most recent conviction or arrest for an offense described in subparagraphs (B) to (D), inclusive, occurred more than five years prior to the high-risk assessment by the Department of Justice, excluding periods of confinement.

(ii) The offender notifies the Department of Justice, on a form approved by the department and available at any sheriff's office, that he or she has not been convicted in the preceding 15 years, excluding periods of confinement, of an offense for which registration is required under paragraph (2) of subdivision (a), and the department is able, upon exercise of reasonable diligence, to verify the information provided in paragraph (2).

(2) The Department of Justice shall continually search the records provided to it pursuant to subdivision (b) and identify, on the basis of those records, high-risk sex offenders. Four times each year, the department shall provide to each chief of police and sheriff in the state, and to any other law enforcement agency upon request, the following information regarding each identified high-risk sexual offender: full name; known aliases; gender; race; physical description; photograph; date of birth; and crimes resulting in classification under this section.

(3) The Department of Justice and any law enforcement agency to which notice has been given pursuant to paragraph (2) may cause to be made public, by whatever means the agency deems necessary to ensure the public safety, based upon information available to the agency concerning a specific person, including, but not limited to, the information described in paragraph (2); the offender's address, which shall be verified prior to publication; description and license plate number of the vehicles or vehicles the offender is known to drive; type of victim targeted by the offender; relevant parole or probation conditions, such as one prohibiting contact with children; dates of crimes resulting in classification under this section; and date of release from confinement; but excluding information that would identify the victim.

(o) Agencies disseminating information to the public pursuant to subdivision (m) shall maintain records of the offender and the means and dates of dissemination for a minimum of five years.

(p) Law enforcement agencies, employees of law enforcement agencies, and state officials shall be immune from liability for good faith conduct under this section.

(q) Any person who uses information disclosed pursuant to this section to commit a felony shall be punished, in addition and consecutive to any other punishment, by a five-year term of imprisonment in the state prison. Any person who uses information disclosed pursuant to this section to commit a misdemeanor shall be subject to, in addition to any other penalty or fine imposed, a fine of not less than five hundred dollars ($500) and not more than one thousand dollars ($1,000).

(r) The registration and public notification provisions of this section are applicable to every person described in these sections, without regard to when his or her crimes were committed or his or her duty to register pursuant to this section arose, and to every offense described in these sections, regardless of when it was committed.

SEC. 5. Section 290.9 is added to the Penal Code, to read:

290.9. (a) The Department of Justice shall report to the Legislature no later than July 1, 1999, on the implementation and effectiveness of the 90-day registration requirement imposed on sexually violent predators under paragraph (1) of subdivision (a) of Section 290.

(b) This section shall remain in effect only until January 1, 2000, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2000, deletes or extends that date.

5328.2. Notwithstanding Section 5328, movement and identification information and records regarding a patient who is committed to the department, state hospital, or any other public or private mental health facility approved by the county mental health director for observation or for an indeterminate period as a mentally disordered sex offender, or for a person who is civilly committed as a sexually violent predator pursuant to Article 4 (commencing with Section 6600) of Chapter 2 of Part 2 of Division 6, or regarding a patient who is committed to the department, to a state hospital, or any other public or private mental health facility approved by the county mental health director under Section 1026 or 1370 of the Penal Code or receiving treatment pursuant to Section 5300 of this code, shall be forwarded immediately without prior request to the Department of Justice. Except as otherwise provided by law, information automatically reported under this section shall be restricted to name, address, fingerprints, date of admission, date of discharge, date of escape or return from escape, date of any home leave, parole or leave of absence and, if known, the county in which the person will reside upon release. The Department of Justice may in turn furnish information reported under this section pursuant to

Section 11105 or 11105.1 of the Penal Code. It shall be a misdemeanor for recipients furnished with this information to in turn furnish the information to any person or agency other than those specified in Section 11105 or 11105.1 of the Penal Code.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

(B) Any person who, since July 1, 1944, has been or hereafter is released, discharged, or paroled from a penal institution where he or she was confined because of the commission or attempted commission of one of the offenses described in subparagraph (A).

(C) Any person who, since July 1, 1944, has been or hereafter is determined to be a mentally disordered sex offender under Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code.

(D) Any person who, since July 1, 1944, has been, or is hereafter convicted in any other court, including any federal or military court, of any offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in subparagraph (A).

(E) Any person ordered by any court to register pursuant to this section for any offense not included specifically in this section if the court finds at the time of conviction that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification. The court shall state on the record the reasons for its findings and the reasons for requiring registration.

(b) Any person who is released, discharged, or paroled from a jail, state or federal prison, school, road camp, or other institution where he or she was confined because of the commission or attempted commission of one of the offenses specified in subdivision (a) or is released from a state hospital to which he or she was committed as a mentally disordered sex offender under Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code, shall, prior to discharge, parole, or release, be informed of his or her duty to register under this section by the official in charge of the place of confinement or hospital, and the official shall require the person to read and sign any form that may be required by the Department of Justice, stating that the duty of the person to register under this section has been explained to the person. The official in charge of the place of confinement or hospital shall obtain the address where the person expects to reside upon his or her discharge, parole, or release and shall report the address to the Department of Justice. The official in charge of the place of

confinement or hospital shall give one copy of the form to the person and shall send one copy to the Department of Justice and one copy to the appropriate law enforcement agency or agencies having jurisdiction over the place the person expects to reside upon discharge, parole, or release. If the conviction that makes the person subject to this section is a felony conviction, the official in charge shall, not later than 45 days prior to the scheduled release of the person, send one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon discharge, parole, or release; one copy to the prosecuting agency that prosecuted the person; and one copy to the Department of Justice. The official in charge of the place of confinement shall retain one copy.

(c) Any person who is convicted in this state of the commission or attempted commission of any of the offenses specified in subdivision (a) and who is released on probation or discharged upon payment of a fine shall, prior to release or discharge, be informed of the duty to register under this section by the court in which the person has been convicted, and the court shall require the person to read and sign any form that may be required by the Department of Justice, stating that the duty of the person to register under this section has been explained to him or her. The court shall obtain the address where the person expects to reside upon release or discharge and shall report within three days the address to the Department of Justice. The court shall give one copy of the form to the person, send one copy to the Department of Justice, and forward one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon his or her discharge, parole, or release.

(d) (1) Any person who, on or after January 1, 1986, is discharged or paroled from the Department of the Youth Authority to the custody of which he or she was committed after having been adjudicated a ward of the juvenile court pursuant to Section 602 of the Welfare and Institutions Code because of the commission or attempted commission of any offense described in paragraph (3) shall be subject to registration under the procedures of this section.

(2) Any person who is discharged or paroled from a facility in another state that is equivalent to the Department of the Youth Authority, to the custody of which he or she was committed because of an offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in paragraph (3), shall be subject to registration under the procedures of this section.

(3) Any person described in this subdivision who committed an offense in violation of any of the following provisions shall be required to register pursuant to this section:

(A) Assault with intent to commit rape, sodomy, oral copulation, or any violation of Section 264.1, 288, or 289 under Section 220.

(B) Any offense defined in subdivision (b) of Section 207, or kidnapping as punishable pursuant to subdivision (d) of Section 208, paragraph (1), (2), (3), (4), or (6) of subdivision (a) of Section 261, Section 264.1, 266c, or 267, paragraph (1) of subdivision (b) of, or subdivision (c) or (d) of, Section 286, Section 288 or 288.5, paragraph (1) of subdivision (b) of, or subdivision (c) or (d) of, Section 288a, subdivision (a) of Section 289, or Section 647.6.

(4) Prior to discharge or parole from the Department of the Youth Authority, any person who is subject to registration under this subdivision shall be informed of the duty to register under the procedures set forth in this section. Department of the Youth Authority officials shall transmit the required forms and information to the Department of Justice.

(5) All records specifically relating to the registration in the custody of the Department of Justice, law enforcement agencies, and other agencies or public officials shall be destroyed when the person who is required to register has his or her records sealed under the procedures set forth in Section 781 of the Welfare and Institutions Code. This subdivision shall not be construed as requiring the destruction of other criminal offender or juvenile records relating to the case that are maintained by the Department of Justice, law enforcement agencies, the juvenile court, or other agencies and public officials unless ordered by a court under Section 781 of the Welfare and Institutions Code.

(e) (1) The registration shall consist of all of the following:

(A) A statement in writing signed by the person, giving information as may be required by the Department of Justice.

(B) The fingerprints and photograph of the person.

(C) The license plate number of any vehicle owned by or registered in the name of the person.

(2) Within three days thereafter, the registering law enforcement agency or agencies shall forward the statement, fingerprints, photograph, and vehicle license plate number, if any, to the Department of Justice.

(f) If any person who is required to register pursuant to this section changes his or her name or residence address, the person shall inform, in writing within five working days, the law enforcement agency or agencies with whom he or she last registered of the new name or address. The law enforcement agency or agencies shall, within three days after receipt of this information, forward it to the Department of Justice. The Department of Justice shall forward appropriate registration data to the law enforcement agency or agencies having local jurisdiction of the new place of residence.

(g) (1) Any person who is required to register under this section based on a misdemeanor conviction who willfully violates this section is guilty of a misdemeanor punishable by imprisonment in a county jail not exceeding one year.

(2) Notwithstanding paragraph (1), any person who has been convicted of assault with intent to commit rape, oral copulation, or sodomy under Section 220, any violation of Section 264.1 or 289 under Section 220, any violation of Section 261, any offense defined in paragraph (1) of subdivision (a) of Section 262 involving the use of force or violence for which the person is sentenced to state prison, any violation of Section 264.1, 286, 288, 288a, 288.5, or 289, subdivision (b) of Section 207, or kidnapping, as punishable pursuant to subdivision (d) of Section 208, and who is required to register under this section who willfully violates this section is guilty of a felony punishable by imprisonment in the state prison for 16 months, or two or three years.

(3) Any person required to register under this section based on a felony conviction who willfully violates this section or who has a prior conviction for the offense of failing to register under this section and who subsequently and willfully commits that offense is, upon each subsequent conviction, guilty of a felony and shall be punished by imprisonment in the state prison for 16 months, or two or three years.

A person punished pursuant to this paragraph or paragraph (2) shall be sentenced to serve a term of not less than 90 days nor more than one year in a county jail. In no event does the court have the power to absolve a person who willfully violates this section from the obligation of spending at least 90 days of confinement in a county jail and of completing probation of at least one year.

If the person has been sentenced to a term of imprisonment in the state prison, the penalty described in this paragraph shall apply whether or not the person has been released on parole or has been discharged from parole.

(4) If, after discharge from parole, the person is convicted of a felony as specified in this subdivision, he or she shall be required to complete parole of at least one year, in addition to any other punishment imposed under this subdivision. A person convicted of a felony as specified in this subdivision may be granted probation only in the unusual case where the interests of justice would best be served. When probation is granted under this paragraph, the court shall specify on the record and shall enter into the minutes the circumstances indicating that the interests of justice would best be served by the disposition.

(h) Whenever any person is released on parole or probation and is required to register under this section but fails to do so within the time prescribed, the parole authority, the Youthful Offender Parole Board, or the court, as the case may be, shall order the parole or probation of the person revoked. For purposes of this subdivision, "parole authority" has the same meaning as described in Section 3000.

(i) Except as provided in subdivisions (m) and (n) and Section 290.4, the statements, photographs, and fingerprints required by this section shall not be open to inspection by the public or by any person

other than a regularly employed peace officer or other law enforcement officer.

(j) In any case in which a person who would be required to register pursuant to this section for a felony conviction is to be temporarily sent outside the institution where he or she is confined on any assignment within a city or county including firefighting, disaster control, or of whatever nature the assignment may be, the local law enforcement agency having jurisdiction over the place or places where the assignment shall occur shall be notified within a reasonable time prior to removal from the institution. This subdivision shall not apply to any person who is temporarily released under guard from the institution where he or she is confined.

(k) As used in this section, "mentally disordered sex offender" includes any person who has been determined to be a sexual psychopath or a mentally disordered sex offender under any provision which, on or before January 1, 1976, was contained in Division 6 (commencing with Section 6000) of the Welfare and Institutions Code.

(*l*) (1) Every person who, prior to January 1, 1985, is required to register under this section, shall be notified whenever he or she next reregisters of the reduction of the registration period from 30 to 14 days. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notification shall be a defense against the penalties prescribed by subdivision (g) if the person did register within 30 days.

(2) Every person who, prior to January 1, 1997, is required to register under this section, shall be notified whenever he or she next reregisters of the reduction of the registration period from 14 to five working days. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notification shall be a defense against the penalties prescribed by subdivision (g) if the person did register within 14 days.

(m) (1) When a peace officer reasonably suspects, based on information that has come to his or her attention through information provided by any peace officer or member of the public, that a child or other person may be at risk from a sex offender convicted of a crime listed in paragraph (1) of subdivision (a) of Section 290.4, a law enforcement agency may, notwithstanding any other provision of law, provide any of the information specified in paragraph (2) of this subdivision about that registered sex offender that the agency deems relevant and necessary to protect the public, to the following persons, agencies, or organizations the offender is likely to encounter, including, but not limited to, the following:

(A) Public and private educational institutions, day care establishments, and establishments and organizations that primarily serve individuals likely to be victimized by the offender.

(B) Other community members at risk.

(2) The information that may be disclosed pursuant to this section includes the following:

(A) The offender's full name.

(B) The offender's known aliases.

(F) The offender's photograph.

(G) The offender's date of birth.

(H) Crimes resulting in registration under this section.

(I) The offender's address, which must be verified prior to publication.

(J) Description and license plate number of offender's vehicles or vehicles the offender is known to drive.

(K) Type of victim targeted by the offender.

(L) Relevant parole or probation conditions, such as one prohibiting contact with children.

(M) Dates of crimes resulting in classification under this section.

(N) Date of release from confinement.

However, information disclosed pursuant to this subdivision shall not include information that would identify the victim.

(3) If a law enforcement agency discloses information pursuant to this subdivision, it shall include, with the disclosure, a statement that the purpose of the release of the information is to allow members of the public to protect themselves and their children from sex offenders.

(4) For purposes of this section, "likely to encounter" means both of the following:

(A) That the agencies, organizations, or other community members are in a location or in close proximity to a location where the offender lives or is employed, or that the offender visits or is likely to visit on a regular basis.

(B) The types of interaction that ordinarily occur at that location and other circumstances indicate that contact with the offender is reasonably probable.

(5) For purposes of this section, "reasonably suspects" means that it is objectively reasonable for a peace officer to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his or her training and experience, to suspect that a child or other person is at risk.

(6) For purposes of this section, "at risk" means a person is or may be exposed to a risk of becoming a victim of a sex offense committed by the offender.

(7) A law enforcement agency may continue to disclose information on an offender under this subdivision for as long as the offender is included in Section 290.4.

(n) In addition to the procedures set forth elsewhere in this section, a law enforcement agency may advise the public of the

presence of high-risk sex offenders in its community pursuant to this subdivision.

(1) For purposes of this subdivision:

(A) A high-risk sex offender is a person who has been convicted of an offense for which registration is required under paragraph (2) of subdivision (a) and also meets one of the following criteria:

(C) A violent nonsex offense means any offense defined in Section 187, subdivision (a) of Section 192, 203, 206, 207, 236, provided that the offense is a felony, subdivision (a) of Section 273a, 273d, or 451, or attempted murder, as defined in Sections 187 and 664.

(E) For purposes of subparagraphs (B) to (D), inclusive, an arrest or conviction for the statutory predecessor of any of the enumerated offenses, or an arrest or conviction in any other jurisdiction for any offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in those subparagraphs, is to be considered in determining whether an offender is a high-risk sex offender.

(F) For purposes of subparagraphs (B) to (D), inclusive, an arrest as a juvenile or an adjudication as a ward of the juvenile court within the meaning of Section 602 of the Welfare and Institutions Code for any of the offenses described in those subparagraphs is to be considered in determining whether an offender is a high-risk sex offender.

(G) Notwithstanding subparagraphs (A) to (D), inclusive, an offender shall not be considered to be a high-risk sex offender if either of the following apply:

(i) The offender's most recent conviction or arrest for an offense described in subparagraphs (B) to (D), inclusive, occurred more than five years prior to the high-risk assessment by the Department of Justice, excluding periods of confinement.

(ii) The offender notifies the Department of Justice, on a form approved by the department and available at any sheriff's office, that he or she has not been convicted in the preceding 15 years, excluding periods of confinement, of an offense for which registration is required under paragraph (2) of subdivision (a), and the department is able, upon exercise of reasonable diligence, to verify the information provided in paragraph (2).

(H) "Confinement" means confinement in a jail, prison, school, road camp, or other penal institution, confinement in a state hospital to which the offender was committed as a mentally disordered sex offender under Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code, or confinement in a facility designated by the Director of Mental Health to which the offender was committed as a sexually violent predator under Article 4 (commencing with Section 6600) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code.

(2) The Department of Justice shall continually search the records provided to it pursuant to subdivision (b) and identify, on the basis of those records, high-risk sex offenders. Four times each year, the department shall provide to each chief of police and sheriff in the state, and to any other law enforcement agency upon request, the following information regarding each identified high-risk sexual offender: full name; known aliases; gender; race; physical description; photograph; date of birth; and crimes resulting in classification under this section.

(3) The Department of Justice and any law enforcement agency to which notice has been given pursuant to paragraph (2) may cause to be made public, by whatever means the agency deems necessary to ensure the public safety, based upon information available to the agency concerning a specific person, including, but not limited to, the information described in paragraph (2); the offender's address, which shall be verified prior to publication; description and license plate number of the offender's vehicles or vehicles the offender is known to drive; type of victim targeted by the offender; relevant

parole or probation conditions, such as one prohibiting contact with children; dates of crimes resulting in classification under this section; and date of release from confinement; but excluding information that would identify the victim.

(D) Any person who, since July 1, 1944, has been, or is hereafter convicted in any other court, including any state, federal, or military court, of any offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in subparagraph (A) or any person ordered by any other court, including any state, federal, or military court, to register as a sex offender for any offense, if the court found at the time of conviction that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification.

(E) Any person ordered by any court to register pursuant to this section for any offense not included specifically in this section if the court finds at the time of conviction that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification. (III) The department shall determine whether the person's conviction was for conduct between consensual adults that has been decriminalized. If the conviction was for consensual conduct between adults that has been decriminalized, and the person has no other offenses for which he or she is required to register pursuant to this section, the department shall, within 60 days of receipt of those documents, notify the person that he or she is relieved of the duty to register, and shall notify the local law enforcement agency with which the person is registered that he or she has been relieved of the duty to register. The local law enforcement agency shall remove the person's registration from its files within 30 days of receipt of notification. If the documentary or other evidence submitted is insufficient to establish the person's claim, the department shall, within 60 days of receipt of those documents, notify the person that his or her claim cannot be established, and that the person shall continue to register pursuant to this section. The department shall provide, upon the person's request, any information relied upon by the department in making its determination that the person shall continue to register pursuant to this section. (2) The official in charge of the place of confinement or hospital shall give one copy of the form to the person and shall send one copy to the Department of Justice and one copy to the appropriate law enforcement agency or agencies having jurisdiction over the place the person expects to reside upon discharge, parole, or release. If the conviction that makes the person subject to this section is a felony conviction, the official in charge shall, not later than 45 days prior to the scheduled release of the person, send one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon discharge, parole, or release; one copy to the prosecuting agency that prosecuted the person; and one copy to the Department of Justice. (2) Every person who, as a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, is required to verify his or her registration every 90 days, shall be notified wherever he or she next registers of his or her increased registration obligations. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notice shall be a defense against the penalties prescribed by paragraph (5) of subdivision (g).

(m) (1) When a peace officer reasonably suspects, based on information that has come to his or her attention through information provided by any peace officer or member of the public, that a child or other person may be at risk from a sex offender convicted of a crime listed in paragraph (1) of subdivision (a) of Section 290.4, a law enforcement agency may, notwithstanding any other provision of

(F) For purposes of subparagraphs (B) to (D), inclusive, an arrest as a juvenile or an adjudication as a ward of the juvenile court within the meaning of Section 602 of the Welfare and Institutions Code for any of the offenses described in those subparagraphs is to be considered in determining whether an offender is a high-risk sex offender.

(G) Notwithstanding subparagraphs (A) to (D), inclusive, an offender shall not be considered to be a high-risk sex offender if either of the following apply:

290.4. (a) (1) The Department of Justice shall continually compile information as described in paragraph (2) regarding any person required to register under Section 290 for a conviction of

This requirement shall not be applied to a person whose duty to register has been terminated pursuant to paragraph (5) of subdivision (d) of Section 290, or to a person who has been relieved of his or her duty to register under Section 290.5.

(2) The information shall be categorized by community of residence and ZIP Code. The information shall include the names and known aliases of the person, photograph, a physical description, gender, race, date of birth, the criminal history, and the address, including ZIP Code, in which the person resides, and any other information that the Department of Justice deems relevant, not including information that would identify the victim.

(3) The department shall operate a "900" telephone number that members of the public may call and inquire whether a named individual is listed among those described in this subdivision. The caller shall furnish his or her first name, middle initial, and last name. The department shall ascertain whether a named person reasonably appears to be a person so listed and provide the caller with the information described in paragraph (2), except the department shall not disclose the street address or criminal history of a person listed, except to disclose the ZIP Code area in which the person resides and to describe the specific crimes for which the registrant was required to register. The department shall decide whether the named person reasonably appears to be a person listed, based upon information from the caller providing information that shall include (A) an exact street address, including apartment number, social security number, California driver's license or identification number, or birth date along with additional information that may include any of the following: name, hair color, eye color, height, weight, distinctive markings, ethnicity; or (B) any combination of at least six of the above listed characteristics if an exact birth date or address is not available. (4) (A) On or before July 1, 1997, the department shall provide a CD-ROM or other electronic medium containing the information described in paragraph (2), except the person's street address and criminal history other than the specific crimes for which the person was required to register, for all persons described in paragraph (1) of subdivision (a), and shall distribute the CD-ROM or other electronic medium on a quarterly basis to the sheriff's department in each county, municipal police departments of cities with a population of more than 200,000, and each law enforcement agency listed in subparagraph (I) of paragraph (1) of subdivision (n) of Section 290. These law enforcement agencies may obtain additional copies by purchasing a yearly subscription to the CD-ROM or other electronic medium from the Department of Justice for a yearly subscription fee. The Department of Justice, the sheriff's departments, and the municipal police departments of cities with a population of more than 200,000 shall make, and the other law enforcement agencies may make, the CD-ROM or other electronic medium available for viewing by the public in accordance with the following: The agency may require that a person applying to view the CD-ROM or other electronic medium express an articulable purpose in order to have access thereto. The applicant shall provide identification in the form of a California driver's license or California identification card, showing the applicant to be at least 18 years of age, shall sign a register, which the law enforcement agency is required to maintain, of persons applying to view the CD-ROM or other electronic medium, and shall sign a statement, on a form provided by the Department of Justice, stating that the applicant is not a registered sex offender, that he or she understands the purpose of the release of information is to allow members of the public to protect themselves and their children from sex offenders, and he or she understands it is unlawful to use information obtained from the CD-ROM or other electronic medium to commit a crime against any registrant or to engage in illegal discrimination or harassment of any registrant. The signed statement shall be maintained in a file in the law enforcement agency's office.

(B) The records of persons requesting to view the CD-ROM or other electronic medium are confidential, except that a copy of the applications requesting to view the CD-ROM or other electronic medium may be disclosed to law enforcement agencies for law enforcement purposes.

(C) Any information identifying the victim by name, birth date, address, or relationship to the registrant shall be excluded from the CD-ROM or other electronic medium.

(5) (A) The income from the operation of the "900" telephone number shall be deposited in the Sexual Predator Public Information Account, which is hereby established within the Department of Justice for the purpose of the implementation of this section by the Department of Justice, including all actual and reasonable costs

related to establishing and maintaining the information described in subdivision (a) and the CD-ROM or other electronic medium described in this subdivision.

(B) The moneys in the Sexual Predator Public Information Account shall consist of income from the operation of the "900" telephone number program authorized by this section, proceeds of the loan made pursuant to Section 6 of the act adding this section, and any other funds made available to the account by the Legislature. Moneys in the account shall be available to the Department of Justice upon appropriation by the Legislature for the purpose specified in subparagraph (A).

(C) When the "900" telephone number is called, a preamble shall be played before charges begin to accrue. The preamble shall run at least the length of time required by federal law and shall provide the following information:

(vii) A statement that the number is not a crime hotline and that any suspected criminal activity should be reported to local authorities.

(viii) A statement that the caller should have a reasonable suspicion that a person is at risk.

(D) The Department of Justice shall expend no more than six hundred thousand dollars ($600,000) per year from any moneys appropriated by the Legislature from the account.

(b) (1) Any person who uses information disclosed pursuant to this section to commit a felony shall be punished, in addition and consecutive to, any other punishment, by a five-year term of imprisonment in the state prison.

(2) Any person who, without authorization, uses information disclosed pursuant to this section to commit a misdemeanor shall be subject to, in addition to any other penalty or fine imposed, a fine of not less than five hundred dollars ($500) and not more than one thousand dollars ($1,000).

(c) The record of the compilation of offender information on each CD-ROM or other electronic medium distributed pursuant to this

section shall be used only for law enforcement purposes and the public safety purposes specified in this section and Section 290. This record shall not be distributed or removed from the custody of the law enforcement agency that is authorized to retain it. Information obtained from this record shall be disclosed to a member of the public only as provided in this section or Section 290, or any other statute expressly authorizing it.

Any person who copies, distributes, discloses, or receives this record or information from it, except as authorized by law, is guilty of a misdemeanor, punishable by imprisonment in a county jail not to exceed six months or by a fine not exceeding one thousand dollars ($1,000), or by both. This subdivision shall not apply to a law enforcement officer who makes a copy as part of his or her official duties in the course of a criminal investigation, court case, or as otherwise authorized by subdivision (n) of Section 290.

Notwithstanding Section 6254.5 of the Government Code, disclosure of information pursuant to this section is not a waiver of exemptions under Chapter 3.5 (commencing with Section 6250) of Title 1 of Division 7 of the Government Code and does not affect other statutory restrictions on disclosure in other situations.

(d) Unauthorized removal or destruction of the CD-ROM or other electronic medium from the offices of any law enforcement agency is a misdemeanor, punishable by imprisonment in a county jail not to exceed one year or by a fine not exceeding one thousand dollars ($1,000), or both.

that may be determined by a jury or a court sitting without a jury, not exceeding three times the amount of actual damage, and not less than two hundred fifty dollars ($250), and attorney's fees, exemplary damages, or a civil penalty not exceeding twenty-five thousand dollars ($25,000).

(B) Whenever there is reasonable cause to believe that any person or group of persons is engaged in a pattern or practice of misuse of the "900" telephone number in violation of paragraph (2) of subdivision (e), the Attorney General, any district attorney, or city attorney, or any person aggrieved by the misuse of that number is authorized to bring a civil action in the appropriate court requesting preventive relief, including an application for a permanent or temporary injunction, restraining order, or other order against the person or group of persons responsible for the pattern or practice of misuse. This requirement shall not be applied to a person whose duty to register has been terminated pursuant to paragraph (5) of subdivision (d) of Section 290, or to a person who has been relieved of his or her duty to register under Section 290.5.

Any information identifying the victim by name, birth date, address, or relation to the registrant shall be excluded by the department.

(4) (A) On or before July 1, 1997, the department shall provide a CD-ROM or other electronic medium containing the information described in paragraph (2), except the person's street address and criminal history other than the specific crimes for which the person was required to register, for all persons described in paragraph (1) of subdivision (a), and shall distribute the CD-ROM or other electronic medium on a quarterly basis to the sheriff's department in each county, municipal police departments of cities with a population of more than 200,000, and each law enforcement agency listed in subparagraph (I) of paragraph (1) of subdivision (n) of Section 290. These law enforcement agencies may obtain additional copies by purchasing a yearly subscription to the CD-ROM or other electronic medium from the Department of Justice for a yearly subscription fee. The Department of Justice, the sheriff's departments, and the municipal police departments of cities with a population of more than 200,000 shall make, and the other law enforcement agencies may make, the CD-ROM or other electronic medium available for viewing by the public in accordance with the following: The agency may require that a person applying to view the CD-ROM or other electronic medium express an articulable purpose in order to have access thereto. The applicant shall provide identification in the form of a California driver's license or California identification card, showing the applicant to be at least 18 years of age, and shall sign a statement, on a form provided by the Department of Justice, stating that the applicant is not a registered sex offender, that he or she understands the purpose of the release of information is to allow members of the public to protect themselves and their children from sex offenders, and he or she understands it is unlawful to use information obtained from the CD-ROM or other electronic medium to commit a crime against any registrant or to engage in illegal discrimination or harassment of any registrant. The signed statement shall be maintained in a file in the designated law enforcement agency's office.

(B) The records of persons requesting to view the CD-ROM or other electronic medium are confidential, except that a copy of the applications requesting to view the CD-ROM or other electronic

medium may be disclosed to law enforcement agencies for law enforcement purposes.

(C) Any information identifying the victim by name, birth date, address, or relationship to the registrant shall be excluded from the CD-ROM or other electronic medium.

(5) (A) The income from the operation of the "900" telephone number shall be deposited in the Sexual Predator Public Information Account, which is hereby established within the Department of Justice for the purpose of the implementation of this section by the Department of Justice, including all actual and reasonable costs related to establishing and maintaining the information described in subdivision (a) and the CD-ROM or other electronic medium described in this subdivision.

Moneys in the account shall be available to the Department of Justice upon appropriation by the Legislature for the purpose specified in subparagraph (A).

(C) When the "900" telephone number is called, a preamble shall be played before charges begin to accrue. The preamble shall run at least the length of time required by federal law and shall provide the following information:

(viii) A statement that the caller should have a reasonable suspicion that a person is at risk.

(D) The Department of Justice shall expend no more than six hundred thousand dollars ($600,000) per year from any moneys appropriated by the Legislature from the account.

(b) (1) Any person who uses information disclosed pursuant to this section to commit a felony shall be punished, in addition and consecutive to, any other punishment, by a five-year term of imprisonment in the state prison.

(2) Any person who, without authorization, uses information disclosed pursuant to this section to commit a misdemeanor shall be subject to, in addition to any other penalty or fine imposed, a fine of not less than five hundred dollars ($500) and not more than one thousand dollars ($1,000).

(c) The record of the compilation of offender information on each CD-ROM or other electronic medium distributed pursuant to this section shall be used only for law enforcement purposes and the public safety purposes specified in this section and Section 290. This record shall not be distributed or removed from the custody of the law enforcement agency that is authorized to retain it. Information obtained from this record shall be disclosed to a member of the public only as provided in this section or Section 290, or any other statute expressly authorizing it.

Any person who copies, distributes, discloses, or receives this record or information from it, except as authorized by law, is guilty of a misdemeanor, punishable by imprisonment in a county jail not to exceed six months or by a fine not exceeding one thousand dollars ($1,000), or by both that imprisonment and fine. This subdivision shall not apply to a law enforcement officer who makes a copy as part of his or her official duties in the course of a criminal investigation, court case, or as otherwise authorized by subdivision (n) of Section 290. The court shall obtain the address where the person expects to reside upon release or discharge and shall report within three days the address to the Department of Justice. The court shall give one copy of the form to the person, send one copy to the Department of Justice, and forward one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon his or her discharge, parole, or release.

(d) (1) Any person who, on or after January 1, 1986, is discharged or paroled from the Department of the Youth Authority to the custody of which he or she was committed after having been adjudicated a ward of the court pursuant to Section 602 of the Welfare and Institutions Code because of the commission or attempted commission of any offense described in paragraph (3) shall be subject to registration under the procedures of this section.

Department of the Youth Authority officials shall transmit the required forms and information to the Department of Justice.

(6) All records specifically relating to the registration in the custody of the Department of Justice, law enforcement agencies, and other agencies or public officials shall be destroyed when the person who is required to register has his or her records sealed under the procedures set forth in Section 781 of the Welfare and Institutions Code. This subdivision shall not be construed as requiring the destruction of other criminal offender or juvenile records relating to the case that are maintained by the Department of Justice, law enforcement agencies, the juvenile court, or other agencies and public officials unless ordered by a court under Section 781 of the Welfare and Institutions Code.

(e) (1) The registration shall consist of all of the following:

(3) Any person required to register under this section based on a felony conviction who willfully violates this section or who has a prior conviction for the offense of failing to register under this section and who subsequently and willfully commits that offense is, upon each subsequent conviction, guilty of a felony and shall be punished by imprisonment in the state prison for 16 months or two or three years.

A person punished pursuant to this paragraph or paragraph (2) shall be sentenced to serve a term of not less than 90 days nor more than one year in a county jail. In no event does the court have the power to absolve a person who willfully violates this section from the obligation of spending at least 90 days of confinement in a county jail and of completing probation of at least one year.

If the person has been sentenced to a term of imprisonment in the state prison, the penalty described in this paragraph shall apply whether or not the person has been released on parole or has been discharged from parole.

(4) If, after discharge from parole, the person is convicted of a felony as specified in this subdivision, he or she shall be required to complete parole of at least one year, in addition to any other punishment imposed under this subdivision. A person convicted of a felony as specified in this subdivision may be granted probation only in the unusual case where the interests of justice would best be served. When probation is granted under this paragraph, the court shall specify on the record and shall enter into the minutes the circumstances indicating that the interests of justice would best be served by the disposition.

(5) In addition to any other penalty imposed under this subdivision, any person who is required pursuant to subparagraph (B) of paragraph (1) of subdivision (a) to update his or her registration every 90 days and willfully fails to update his or her registration is guilty of a misdemeanor and shall be punished by imprisonment in a county jail not exceeding six months. Any subsequent violation of this requirement that persons described in subdivision (B) of paragraph (1) of subdivision (a) shall update their registration every 90 days is also a misdemeanor and shall be punished by imprisonment in a county jail not exceeding six months.

(h) Whenever any person is released on parole or probation and is required to register under this section but fails to do so within the time prescribed, the parole authority, the Youthful Offender Parole Board, or the court, as the case may be, shall order the parole or probation of the person revoked. For purposes of this subdivision,

(j) In any case in which a person who would be required to register pursuant to this section for a felony conviction is to be temporarily sent outside the institution where he or she is confined on any assignment within a city or county including firefighting, disaster control, or of whatever nature the assignment may be, the local law enforcement agency having jurisdiction over the place or places where the assignment shall occur shall be notified within a reasonable time prior to removal from the institution. This subdivision shall not apply to any person who is temporarily released under guard from the institution where he or she is confined.

(k) As used in this section, "mentally disordered sex offender" includes any person who has been determined to be a sexual psychopath or a mentally disordered sex offender under any provision which, on or before January 1, 1976, was contained in Division 6 (commencing with Section 6000) of the Welfare and Institutions Code.

(*l*) (1) Every person who, prior to January 1, 1985, is required to register under this section, shall be notified whenever he or she next reregisters of the reduction of the registration period from 30 to 14 days. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notification shall be a defense against the penalties prescribed by subdivision (g) if the person did register within 30 days.

(2) Every person who, prior to January 1, 1997, is required to register under this section, shall be notified whenever he or she next reregisters of the reduction of the registration period from 14 to five working days. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notification shall be a defense against the penalties prescribed by subdivision (g) if the person did register within 14 days.

(m) (1) When a peace officer reasonably suspects, based on information that has come to his or her attention through information provided by any peace officer or member of the public, that a child or other person may be at risk from a sex offender convicted of a crime listed in paragraph (1) of subdivision (a) of Section 290.4, a law enforcement agency may, notwithstanding any other provision of law, provide any of the information specified in paragraph (2) of this subdivision about that registered sex offender that the agency deems relevant and necessary to protect the public, to the following persons, agencies, or organizations the offender is likely to encounter, including, but not limited to, the following:

(L) Relevant parole or probation conditions, such as one prohibiting contact with children.

(M) Dates of crimes resulting in classification under this section.

(N) Date of release from confinement.

However, information disclosed pursuant to this subdivision shall not include information that would identify the victim.

(3) If a law enforcement agency discloses information pursuant to this subdivision, it shall include, with the disclosure, a statement that the purpose of the release of the information is to allow members of the public to protect themselves and their children from sex offenders.

(4) For purposes of this section, "likely to encounter" means both of the following:

(A) That the agencies, organizations, or other community members are in a location or in close proximity to a location where the offender lives or is employed, or that the offender visits or is likely to visit on a regular basis.

(B) The types of interaction that ordinarily occur at that location and other circumstances indicate that contact with the offender is reasonably probable.

(5) For purposes of this section, "reasonably suspects" means that it is objectively reasonable for a peace officer to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his or her training and experience, to suspect that a child or other person is at risk.

(6) For purposes of this section, "at risk" means a person is or may be exposed to a risk of becoming a victim of a sex offense committed by the offender.

(7) A law enforcement agency may continue to disclose information on an offender under this subdivision for as long as the offender is included in Section 290.4.

(n) In addition to the procedures set forth elsewhere in this section, a law enforcement agency may advise the public of the presence of high-risk sex offenders in its community pursuant to this subdivision.

(C) A violent nonsex offense means any offense defined in Section 187, subdivision (a) of Section 192, 203, 206, 207, 236, provided that the offense is a felony, subdivision (a) of Section 273a, 273d, or 451, or attempted murder, as defined in Sections 187 and 664.

(F) For purposes of subparagraphs (B) to (D), inclusive, an arrest as a juvenile or an adjudication as a ward of the juvenile court within the meaning of Section 602 of the Welfare and Institutions Code for

any of the offenses described in those subparagraphs is to be considered in determining whether an offender is a high-risk sex offender.

(G) Notwithstanding subparagraphs (A) to (D), inclusive, an offender shall not be considered to be a high-risk sex offender if either of the following apply:

(i) The offender's most recent conviction or arrest for an offense described in subparagraphs (B) to (D), inclusive, occurred more than five years prior to the high-risk assessment by the Department of Justice, excluding periods of confinement.

(ii) The offender notifies the Department of Justice, on a form approved by the department and available at any sheriff's office, that he or she has not been convicted in the preceding 15 years, excluding periods of confinement, of an offense for which registration is required under paragraph (2) of subdivision (a), and the department is able, upon exercise of reasonable diligence, to verify the information provided in paragraph (2).

(2) The Department of Justice shall continually search the records provided to it pursuant to subdivision (b) and identify, on the basis of those records, high-risk sex offenders. Four times each year, the department shall provide to each chief of police and sheriff in the state, and to any other law enforcement agency upon request, the following information regarding each identified high-risk sexual offender: full name; known aliases; gender; race; physical description; photograph; date of birth; and crimes resulting in classification under this section.

(3) The Department of Justice and any law enforcement agency to which notice has been given pursuant to paragraph (2) may cause to be made public, by whatever means the agency deems necessary to ensure the public safety, based upon information available to the agency concerning a specific person, including, but not limited to, the information described in paragraph (2); the offender's address,

which shall be verified prior to publication; description and license plate number of the vehicles or vehicles the offender is known to drive; type of victim targeted by the offender; relevant parole or probation conditions, such as one prohibiting contact with children; dates of crimes resulting in classification under this section; and date of release from confinement; but excluding information that would identify the victim.

(E) No entity shall require a person to pay a fee to register or update his or her registration pursuant to this section.

(2) The following persons shall be required to register pursuant to paragraph (1):

(A) Any person who, since July 1, 1944, has been or is hereafter convicted in any court in this state or in any federal or military court of a violation of Section 207 or 209 committed with intent to violate Section 261, 286, 288, 288a, or 289, Section 220, except assault to commit mayhem, Section 243.4, paragraph (1), (2), (3), (4), or (6) of subdivision (a) of Section 261, or paragraph (1) of subdivision (a) of Section 262 involving the use of force or violence for which the person is sentenced to the state prison, Section 264.1, 266, 266c, subdivision (b) of Section 266h, subdivision (b) of Section 266i, 266j, 267, 269, 285, 286, 288, 288a, 288.5, or 289, subdivision (b), (c), or (d) of Section 311.2, Section 311.3, 311.4, 311.10, 311.11, or 647.6, former Section 647a, subdivision (c) of Section 653f, subdivision 1 or 2 of Section 314, any offense involving lewd or lascivious conduct under Section 272, or any felony violation of Section 288.2; or any person who since that date has been or is hereafter convicted of the attempt to commit any of the above-mentioned offenses.

(B) Any person who, since July 1, 1944, has been or hereafter is released, discharged, or paroled from a penal institution where he or she was confined because of the commission or attempted commission of one of the offenses described in subparagraph (A).

(C) Any person who, since July 1, 1944, has been or hereafter is determined to be a mentally disordered sex offender under Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code or any person who has been found guilty in the guilt phase of a trial for an offense for which registration is required by this section but who has been found not guilty by reason of insanity in the sanity phase of the trial.

(D) Any person who, since July 1, 1944, has been, or is hereafter convicted in any other court, including any state, federal, or military court, of any offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in subparagraph (A) or any person ordered by any other court, including any state, federal, or military court, to register as a sex offender for any offense, if the court found at the time of conviction

that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification.

(E) Any person ordered by any court to register pursuant to this section for any offense not included specifically in this section if the court finds at the time of conviction that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification. The court shall state on the record the reasons for its findings and the reasons for requiring registration.

(F) (i) Notwithstanding any other subdivision, a person who was convicted before January 1, 1976, under subdivision (a) of Section 286, or Section 288a, shall not be required to register pursuant to this section for that conviction if the conviction was for conduct between consenting adults that was decriminalized by Chapter 71 of the Statutes of 1975 or Chapter 1139 of the Statutes of 1976. The Department of Justice shall remove that person from the Sex Offender Registry, and the person is discharged from his or her duty to register pursuant to the following procedure:

(I) The person submits to the Department of Justice official documentary evidence, including court records or police reports, which demonstrate that the person's conviction pursuant to either of those sections was for conduct between consenting adults that was decriminalized; or

(III) The department shall determine whether the person's conviction was for conduct between consensual adults that has been decriminalized. If the conviction was for consensual conduct between adults that has been decriminalized, and the person has no other offenses for which he or she is required to register pursuant to this section, the department shall, within 60 days of receipt of those documents, notify the person that he or she is relieved of the duty to register, and shall notify the local law enforcement agency with which the person is registered that he or she has been relieved of the duty to register. The local law enforcement agency shall remove the person's registration from its files within 30 days of receipt of notification. If the documentary or other evidence submitted is insufficient to establish the person's claim, the department shall, within 60 days of receipt of those documents, notify the person that his or her claim cannot be established, and that the person shall continue to register pursuant to this section. The department shall provide, upon the person's request, any information relied upon by the department in making its determination that the person shall continue to register pursuant to this section. Any person whose claim

has been denied by the department pursuant to this clause may petition the court to appeal the department's denial of the person's claim.

The penalty described in this paragraph shall apply whether or not the person has been released on parole or has been discharged from parole.

(3) Any person determined to be a mentally disordered sex offender or who has been found guilty in the guilt phase of trial for an offense for which registration is required under this section, but who has been found not guilty by reason of insanity in the sanity phase of the trial, who willfully violates any requirement of this section is guilty of a misdemeanor and shall be punished by imprisonment in a county jail not exceeding one year. (2) Every person who, as a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, is required to verify his or her registration every 90 days, shall be notified wherever he or she next registers of his or her increased registration obligations. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notice shall be a defense against the penalties prescribed by paragraph (5) of subdivision (g).

(m) (1) When a peace officer reasonably suspects, based on information that has come to his or her attention through information provided by any peace officer or member of the public, that a child or other person may be at risk from a sex offender convicted of a crime listed in paragraph (1) of subdivision (a) of Section 290.4, a law enforcement agency may, notwithstanding any other provision of law, provide any of the information specified in paragraph (2) of this subdivision about that registered sex offender that the agency deems relevant and necessary to protect the public, to the following persons, agencies, or organizations the offender is likely to encounter, including, but not limited to, the following:

(4) For purposes of this section, “likely to encounter” means both of the following:

(A) That the agencies, organizations, or other community members are in a location or in close proximity to a location where the offender lives or is employed, or that the offender visits or is likely to visit on a regular basis.

(B) The types of interaction that ordinarily occur at that location and other circumstances indicate that contact with the offender is reasonably probable.

(5) For purposes of this section, “reasonably suspects” means that it is objectively reasonable for a peace officer to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his or her training and experience, to suspect that a child or other person is at risk.

(F) For purposes of subparagraphs (B) to (D), inclusive, an arrest as a juvenile or an adjudication as a ward of the juvenile court within the meaning of Section 602 of the Welfare and Institutions Code for any of the offenses described in those subparagraphs is to be considered in determining whether an offender is a high-risk sex offender.

(G) Notwithstanding subparagraphs (A) to (D), inclusive, an offender shall not be considered to be a high-risk sex offender if either of the following apply:

Four times each year, the department shall provide to each chief of police and sheriff in the state, and to any other designated law enforcement entity upon request, the following information regarding each identified high-risk sexual offender: full name; known aliases; gender; race; physical description; photograph; date of birth; and crimes resulting in classification under this section.

(3) The Department of Justice and any designated law enforcement entity to which notice has been given pursuant to paragraph (2) may cause to be made public, by whatever means the agency deems necessary to ensure the public safety, based upon information available to the agency concerning a specific person, including, but not limited to, the information described in paragraph (2); the offender's address, which shall be verified prior to publication; description and license plate number of the offender's vehicles or vehicles the offender is known to drive; type of victim targeted by the offender; relevant parole or probation conditions, such as one prohibiting contact with children; dates of crimes resulting in classification under this section; and date of release from confinement; but excluding information that would identify the victim.

[Approved by Governor October 8, 1997. Filed with Secretary of State October 9, 1997.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1279.5 of the Code of Civil Procedure is amended to read:

1279.5. (a) Except as provided in subdivision (b), (c), (d), or (e), nothing in this title shall be construed to abrogate the common law right of any person to change his or her name.

(b) Notwithstanding any other law, no person imprisoned in the state prison and under the jurisdiction of the Director of Corrections shall be allowed to file an application for change of name pursuant to Section 1276, except as permitted at the discretion of the Director of Corrections.

(c) A court shall deny an application for a name change pursuant to Section 1276 made by a person who is under the jurisdiction of the Department of Corrections, unless that person's parole agent or probation officer grants prior written approval. Before granting that approval the parole agent or probation officer shall determine that the name change will not pose a security risk to the community.

(d) Notwithstanding any other law, a court shall deny an application for a name change pursuant to Section 1276 made by a person who is required to register as a sex offender under Section 290 of the Penal Code, unless the court determines that it is in the best interest of justice to grant the application and that doing so will not adversely affect the public safety. If an application for a name change is granted for an individual required to register as a sex offender, the individual shall, within five working days, notify the chief of police of the city in which he or she is domiciled, or the sheriff of the county if he or she is domiciled in an unincorporated area, and additionally, with the chief of police of a campus of a University of California or California State University if he or she is domiciled upon the campus or in any of its facilities.

(e) For the purpose of this section, the court shall use the California Law Enforcement Telecommunications System (CLETS) and Criminal Justice Information System (CJIS) to determine whether or not an applicant for a name change is under the jurisdiction of the Department of Corrections or is required to register as a sex offender pursuant to Section 290 of the Penal Code. Each person applying for a name change shall declare under penalty of perjury that he or she is not under the jurisdiction of the Department of Corrections or is required to register as a sex offender pursuant to Section 290 of the Penal Code. If a court is not equipped with CLETS or CJIS, the clerk of the court shall contact an appropriate local law enforcement agency which shall determine whether or not the applicant is under the jurisdiction of the Department of Corrections or is required to register as a sex offender pursuant to Section 290 of the Penal Code.

(h) In the case of a felony conviction for a violation of this section, the fact that the defendant was an employer and the victim was an employee of the defendant shall be a factor in aggravation in sentencing.

(i) A person who commits a violation of subdivision (a), (b), or (c) against a minor when the person has a prior felony conviction for a violation of this section shall be guilty of a felony, punishable by imprisonment in the state prison for two, three, or four years and a fine not exceeding ten thousand dollars ($10,000).

No entity

shall require a person to pay a fee to register or update his or her registration pursuant to this section. Beginning on his or her first birthday following registration or change of address, the person shall be required annually thereafter, within five working days of his or her birthday, to update his or her registration with the entities described in this paragraph, including, verifying his or her name and address on a form as may be required by the Department of Justice.

(2) The following persons shall be required to register pursuant to paragraph (1):

(A) Any person who, since July 1, 1944, has been or is hereafter convicted in any court in this state or in any federal or military court of a violation of subdivision (b) of Section 207, kidnapping, as punishable pursuant to subdivision (d) of Section 208, Section 220, except assault to commit mayhem, Section 243.4, paragraph (1), (2), (3), (4), or (6) of subdivision (a) of Section 261 or paragraph (1) of subdivision (a) of Section 262 involving the use of force or violence for which the person is sentenced to the state prison, Section 264.1, 266, 266c, 266j, 267, 285, 286, 288, 288a, 288.5, or 289, subdivision (b), (c), or (d) of Section 311.2, Section 311.3, 311.4, 311.10, 311.11, or 647.6, former Section 647a, subdivision 1 or 2 of Section 314, any offense involving lewd and lascivious conduct under Section 272, or any felony violation of Section 288.2; or any person who since that date has been or is hereafter convicted of the attempt to commit any of the above-mentioned offenses.

(B) Any person who, since July 1, 1944, has been or hereafter is released, discharged, or paroled from a penal institution where he or she was confined because of the commission or attempted commission of one of the offenses described in subparagraph (A).

(C) Any person who, since July 1, 1944, has been or hereafter is determined to be a mentally disordered sex offender under Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code or any person who has been found guilty in the guilt phase of a trial for an offense for which registration is required by this section but who has been found not guilty by reason of insanity in the sanity phase of the trial.

(D) Any person who, since July 1, 1944, has been, or is hereafter convicted in any other court, including any federal or military court, of any offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in subparagraph (A).

(E) Any person ordered by any court to register pursuant to this section for any offense not included specifically in this section if the court finds at the time of conviction that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification. The court shall state on the record the reasons for its findings and the reasons for requiring registration.

(F) (i) Notwithstanding any other subdivision, a person who was convicted before January 1, 1976, under subdivision (a) of Section

286, or Section 288a, shall not be required to register pursuant to this section for that conviction if the conviction was for conduct between consenting adults that was decriminalized by Chapter 71 of the Statutes of 1975 or Chapter 1139 of the Statutes of 1976. The Department of Justice shall remove that person from the Sex Offender Registry, and the person is discharged from his or her duty to register pursuant to the following procedure:

(I) The person submits to the Department of Justice official documentary evidence, including court records or police reports, which demonstrate that the person's conviction pursuant to either of those sections was for conduct between consenting adults that was decriminalized; or

(II) The person submits to the department a declaration stating that the person's conviction pursuant to either of those sections was for consensual conduct between adults that has been decriminalized. The declaration shall be confidential and not a public record, and shall include the person's name, address, telephone number, date of birth, and a summary of the circumstances leading to the conviction, including the date of the conviction and county of the occurrence.

(III) The department shall determine whether the person's conviction was for conduct between consensual adults that has been decriminalized. If the conviction was for consensual conduct between adults that has been decriminalized, and the person has no other offenses for which he or she is required to register pursuant to this section, the department shall, within 60 days of receipt of those documents, notify the person that he or she is relieved of the duty to register, and shall notify the local law enforcement agency with which the person is registered that he or she has been relieved of the duty to register. The local law enforcement agency shall remove the person's registration from its files within 30 days of receipt of notification. If the documentary or other evidence submitted is insufficient to establish the person's claim, the department shall, within 60 days of receipt of those documents, notify the person that his or her claim cannot be established, and that the person shall continue to register pursuant to this section. The department shall provide, upon the person's request, any information relied upon by the department in making its determination that the person shall continue to register pursuant to this section. Any person whose claim has been denied by the department pursuant to this clause may petition the court to appeal the department's denial of the person's claim.

(ii) On or before July 1, 1998, the department shall make a report to the Legislature concerning the status of persons who may come under the provisions of this subparagraph, including the number of persons who were convicted before January 1, 1976, under subdivision (a) of Section 286 or Section 288a and are required to register under this section, the average age of these persons, the number of these persons who have any subsequent convictions for a

registerable sex offense, and the number of these persons who have sought successfully or unsuccessfully to be relieved of their duty to register under this section.

The official in charge of the place of confinement or hospital shall obtain the address where the person expects to reside upon his or her discharge, parole, or release and shall report the address to the Department of Justice.

(2) The official in charge of the place of confinement or hospital shall give one copy of the form to the person and shall send one copy to the Department of Justice and one copy to the appropriate law enforcement agency or agencies having jurisdiction over the place the person expects to reside upon discharge, parole, or release. If the conviction which makes the person subject to this section is a felony conviction, the official in charge shall, not later than 45 days prior to the scheduled release of the person, send one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon discharge, parole, or release; one copy to the prosecuting agency that prosecuted the person; and one copy to the Department of Justice. The official in charge of the place of confinement shall retain one copy.

(c) Any person who, after August 1, 1950, is convicted in this state of the commission or attempted commission of any of the offenses specified in subdivision (a) and who is released on probation or discharged upon payment of a fine shall, prior to release or discharge, be informed of the duty to register under this section by the probation department, and a probation officer shall require the person to read and sign any form that may be required by the Department of Justice, stating that the duty of the person to register under this section has been explained to him or her. The probation officer shall obtain the address where the person expects to reside upon release or discharge and shall report within three days the address to the Department of Justice. The probation officer shall give one copy of the form to the person, send one copy to the Department of Justice, and forward one copy to the appropriate law enforcement

(2) Any person who, on or after January 1, 1995, is discharged or paroled from a facility in another state that is equivalent to the Department of the Youth Authority, to the custody of which he or she was committed because of an offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in paragraphs (3) and (4), shall be subject to registration under the procedures of this section.

Department of the Youth Authority officials shall transmit the required forms and information to the Department of Justice.

(6) All records specifically relating to the registration in the custody of the Department of Justice, law enforcement agencies, and other agencies or public officials shall be destroyed when the person who is required to register has his or her records sealed under the procedures set forth in Section 781 of the Welfare and Institutions Code. This subdivision shall not be construed as requiring the destruction of other criminal offender or juvenile records relating to

the case that are maintained by the Department of Justice, law enforcement agencies, the juvenile court, or other agencies and public officials unless ordered by a court under Section 781 of the Welfare and Institutions Code.

(e) (1) On or after January 1, 1998, upon incarceration, placement, or commitment, or prior to release on probation, any person who is required to register under this section shall preregister. The preregistering official shall be the admitting officer at the place of incarceration, placement, or commitment, or the probation officer if the person is to be released on probation. The preregistration shall consist of both of the following:

(B) The fingerprints and photograph of the person.

(C) Any person who is preregistered pursuant to this subdivision is required to be preregistered only once.

(f) (1) If any person who is required to register pursuant to this section changes his or her residence address, the person shall inform, in writing within five working days, the law enforcement agency or agencies with which he or she last registered of the new address. The law enforcement agency or agencies shall, within three days after receipt of this information, forward a copy of the change of address information to the Department of Justice. The Department of Justice shall forward appropriate registration data to the law enforcement agency or agencies having local jurisdiction of the new place of residence.

(2) If any person who is required to register pursuant to this section changes his or her name, the person shall inform, in person, the law enforcement agency or agencies with which he or she is currently registered within five working days. The law enforcement agency or agencies shall forward a copy of this information to the Department of Justice within three days of its receipt.

(2) Any person who is required to register under this section based on a felony conviction who willfully violates any requirement of this section or who has a prior conviction for the offense of failing to register under this section and who subsequently and willfully violates any requirement of this section is guilty of a felony and shall be punished by imprisonment in the state prison for 16 months or two or three years.

If probation is granted or if the imposition or execution of sentence is suspended, it shall be a condition of the probation or suspension that the person serve at least 90 days in a county jail. The penalty described in this paragraph shall apply whether or not the person has been released on parole or has been discharged from parole.

(3) Any person determined to be a mentally disordered sex offender or who has been found guilty in the guilt phase of trial for an offense for which registration is required under this section, but who has been found not guilty by reason of insanity in the sanity phase of the trial, who willfully violates any requirement of this section is guilty of a misdemeanor and shall be punished by imprisonment in a county jail not exceeding one year. For any second or subsequent willful violation of any requirement of this section, the person is guilty of a felony and shall be punished by imprisonment in the state prison for 16 months, or two or three years.

(4) If, after discharge from parole, the person is convicted of a felony as specified in this subdivision, he or she shall be required to complete parole of at least one year, in addition to any other punishment imposed under this subdivision. A person convicted of a felony as specified in this subdivision may be granted probation only in the unusual case where the interests of justice would best be served. When probation is granted under this paragraph, the court shall specify on the record and shall enter into the minutes the circumstances indicating that the interests of justice would best be served by the disposition.

(5) Any person who is required to register under this section who willfully violates any requirement of this section is guilty of a continuing offense.

(h) Whenever any person is released on parole or probation and is required to register under this section but fails to do so within the time prescribed, the parole authority, the Youthful Offender Parole Board, or the court, as the case may be, shall order the parole or probation of the person revoked. For purposes of this subdivision, "parole authority" has the same meaning as described in Section 3000.

(i) Except as provided in subdivisions (m) and (n) and Section 290.4, the statements, photographs, and fingerprints required by this

section shall not be open to inspection by the public or by any person other than a regularly employed peace officer or other law enforcement officer.

(j) In any case in which a person who would be required to register pursuant to this section for a felony conviction is to be temporarily sent outside the institution where he or she is confined on any assignment within a city or county including firefighting, disaster control, or of whatever nature the assignment may be, the local law enforcement agency having jurisdiction over the place or places where the assignment shall occur shall be notified within a reasonable time prior to removal from the institution. This subdivision shall not apply to any person who is temporarily released under guard from the institution where he or she is confined.

(k) As used in this section, “mentally disordered sex offender” includes any person who has been determined to be a sexual psychopath or a mentally disordered sex offender under any provision which, on or before January 1, 1976, was contained in Division 6 (commencing with Section 6000) of the Welfare and Institutions Code.

(*l*) Every person who, prior to January 1, 1997, is required to register under this section, shall be notified whenever he or she next reregisters of the reduction of the registration period from 14 to five working days. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notification shall be a defense against the penalties prescribed by subdivision (g) if the person did register within 14 days.

(m) (1) When a peace officer reasonably suspects, based on information that has come to his or her attention through information provided by any peace officer or member of the public, that a child or other person may be at risk from a sex offender convicted of a crime listed in paragraph (1) of subdivision (a) of Section 290.4, a law enforcement agency may, notwithstanding any other provision of law, provide any of the information specified in paragraph (2) of this subdivision about that registered sex offender that the agency deems relevant and necessary to protect the public, to the following persons, agencies, or organizations the offender is likely to encounter, including, but not limited to, the following:

(K) Type of victim targeted by the offender.
(L) Relevant parole or probation conditions, such as one prohibiting contact with children.
(M) Dates of crimes resulting in classification under this section.
(N) Date of release from confinement.

However, information disclosed pursuant to this subdivision shall not include information that would identify the victim.

(3) If a law enforcement agency discloses information pursuant to this subdivision, it shall include, with the disclosure, a statement that the purpose of the release of the information is to allow members of the public to protect themselves and their children from sex offenders.

(4) For purposes of this section, "likely to encounter" means both of the following:

(A) That the agencies, organizations, or other community members are in a location or in close proximity to a location where the offender lives or is employed, or that the offender visits or is likely to visit on a regular basis.

(B) The types of interaction that ordinarily occur at that location and other circumstances indicate that contact with the offender is reasonably probable.

(5) For purposes of this section, "reasonably suspects" means that it is objectively reasonable for a peace officer to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his or her training and experience, to suspect that a child or other person is at risk.

(6) For purposes of this section, "at risk" means a person is or may be exposed to a risk of becoming a victim of a sex offense committed by the offender.

(7) A law enforcement agency may continue to disclose information on an offender under this subdivision for as long as the offender is included in Section 290.4.

(n) In addition to the procedures set forth elsewhere in this section, a designated law enforcement entity may advise the public of the presence of high-risk sex offenders in its community pursuant to this subdivision.

(E) For purposes of subparagraphs (B) to (D), inclusive, an arrest or conviction for the statutory predecessor of any of the enumerated offenses, or an arrest or conviction in any other jurisdiction for any offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in those subparagraphs, is to be considered in determining whether an offender is a high-risk sex offender.

(F) For purposes of subparagraphs (B) to (D), inclusive, an arrest as a juvenile or an adjudication as a ward of the juvenile court within the meaning of Section 602 of the Welfare and Institutions Code for any of the offenses described in those subparagraphs is to be considered in determining whether an offender is a high-risk sex offender.

(G) Notwithstanding subparagraphs (A) to (D), inclusive, an offender shall not be considered to be a high-risk sex offender if either of the following apply:

(i) The offender's most recent conviction or arrest for an offense described in subparagraphs (B) to (D), inclusive, occurred more than five years prior to the high-risk assessment by the Department of Justice, excluding periods of confinement.

(ii) The offender notifies the Department of Justice, on a form approved by the department and available at any sheriff's office, that he or she has not been convicted in the preceding 15 years, excluding periods of confinement, of an offense for which registration is required under paragraph (2) of subdivision (a), and the department is able, upon exercise of reasonable diligence, to verify the information provided in paragraph (2).

Four times each year, the department shall provide to each chief of police and sheriff in the state, and to any other designated law enforcement entity upon request, the following information regarding each identified high-risk sexual offender: full name; known aliases; gender; race; physical description; photograph; date of birth; and crimes resulting in classification under this section.

(3) The Department of Justice and any designated law enforcement entity to which notice has been given pursuant to paragraph (2) may cause to be made public, by whatever means the agency deems necessary to ensure the public safety, based upon information available to the agency concerning a specific person, including, but not limited to, the information described in paragraph (2); the offender's address, which shall be verified prior to publication; description and license plate number of the vehicles or vehicles the offender is known to drive; type of victim targeted by the offender; relevant parole or probation conditions, such as one prohibiting contact with children; dates of crimes resulting in classification under this section; and date of release from confinement; but excluding information that would identify the victim.

(B) Any person who, since July 1, 1944, has been or hereafter is released, discharged, or paroled from a penal institution where he or she was confined because of the commission or attempted commission of one of the offenses described in subparagraph (A).

(C) Any person who, since July 1, 1944, has been or hereafter is determined to be a mentally disordered sex offender under Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code or any person who has been found guilty in the guilt phase of a trial for an offense for which registration is required by this section but who has been found not guilty by reason of insanity in the sanity phase of the trial.

(D) Any person who, since July 1, 1944, has been, or is hereafter convicted in any other court, including any state, federal, or military court, of any offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in subparagraph (A) or any person ordered by any other court, including any state, federal, or military court, to register as a sex offender for any offense, if the court found at the time of conviction that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification.

(E) Any person ordered by any court to register pursuant to this section for any offense not included specifically in this section if the court finds at the time of conviction that the person committed the offense as a result of sexual compulsion or for purposes of sexual gratification. The court shall state on the record the reasons for its findings and the reasons for requiring registration.

(F) (i) Notwithstanding any other subdivision, a person who was convicted before January 1, 1976, under subdivision (a) of Section 286, or Section 288a, shall not be required to register pursuant to this section for that conviction if the conviction was for conduct between consenting adults that was decriminalized by Chapter 71 of the Statutes of 1975 or Chapter 1139 of the Statutes of 1976. The Department of Justice shall remove that person from the Sex Offender Registry, and the person is discharged from his or her duty to register pursuant to the following procedure:

(I) The person submits to the Department of Justice official documentary evidence, including court records or police reports, which demonstrate that the person's conviction pursuant to either of those sections was for conduct between consenting adults that was decriminalized; or

(II) The person submits to the department a declaration stating that the person's conviction pursuant to either of those sections was for consensual conduct between adults that has been decriminalized. The declaration shall be confidential and not a public record, and shall include the person's name, address, telephone number, date of birth, and a summary of the circumstances leading to the conviction, including the date of the conviction and county of the occurrence.

(III) The department shall determine whether the person's conviction was for conduct between consensual adults that has been decriminalized. If the conviction was for consensual conduct between adults that has been decriminalized, and the person has no other offenses for which he or she is required to register pursuant to this section, the department shall, within 60 days of receipt of those documents, notify the person that he or she is relieved of the duty to register, and shall notify the local law enforcement agency with which the person is registered that he or she has been relieved of the duty to register. The local law enforcement agency shall remove the person's registration from its files within 30 days of receipt of notification. If the documentary or other evidence submitted is insufficient to establish the person's claim, the department shall, within 60 days of receipt of those documents, notify the person that his or her claim cannot be established, and that the person shall continue to register pursuant to this section. The department shall provide, upon the person's request, any information relied upon by the department in making its determination that the person shall continue to register pursuant to this section. Any person whose claim has been denied by the department pursuant to this clause may

(ii) On or before July 1, 1998, the department shall make a report to the Legislature concerning the status of persons who may come under the provisions of this subparagraph, including the number of persons who were convicted before January 1, 1976, under subdivision (a) of Section 286 or Section 288a and are required to register under this section, the average age of these persons, the number of these persons who have any subsequent convictions for a registerable sex offense, and the number of these persons who have sought successfully or unsuccessfully to be relieved of their duty to register under this section.

(b) (1) Any person who is released, discharged, or paroled from a jail, state or federal prison, school, road camp, or other institution where he or she was confined because of the commission or attempted commission of one of the offenses specified in subdivision (a) or is released from a state hospital to which he or she was committed as a mentally disordered sex offender under Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6 of the Welfare and Institutions Code, shall, prior to discharge, parole, or release, be informed of his or her duty to register under this section by the official in charge of the place of confinement or hospital, and the official shall require the person to read and sign any form that may be required by the Department of Justice, stating that the duty of the person to register under this section has been explained to the person. The official in charge of the place of confinement or hospital shall obtain the address where the person expects to reside upon his or her discharge, parole, or release and shall report the address to the Department of Justice.

(2) The official in charge of the place of confinement or hospital shall give one copy of the form to the person and shall send one copy to the Department of Justice and one copy to the appropriate law enforcement agency or agencies having jurisdiction over the place the person expects to reside upon discharge, parole, or release. If the conviction that makes the person subject to this section is a felony conviction, the official in charge shall, not later than 45 days prior to the scheduled release of the person, send one copy to the appropriate law enforcement agency or agencies having local jurisdiction where the person expects to reside upon discharge, parole, or release; one copy to the prosecuting agency that prosecuted the person; and one copy to the Department of Justice. The official in charge of the place of confinement shall retain one copy.

that may be required by the Department of Justice, stating that the duty of the person to register under this section has been explained to him or her. The probation officer shall obtain the address where the person expects to reside upon release or discharge and shall report within three days the address to the Department of Justice. (2) Any person who is discharged or paroled from a facility in another state that is equivalent to the Department of the Youth Authority, to the custody of which he or she was committed because of an offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in paragraph (3), shall be subject to registration under the procedures of this section.

(3) Any person described in this subdivision who committed an offense in violation of any of the following provisions shall be required to register pursuant to this section:

Department of the Youth Authority officials shall transmit the required forms and information to the Department of Justice.

(5) All records specifically relating to the registration in the custody of the Department of Justice, law enforcement agencies, and other agencies or public officials shall be destroyed when the person who is required to register has his or her records sealed under the procedures set forth in Section 781 of the Welfare and Institutions

Code. This subdivision shall not be construed as requiring the destruction of other criminal offender or juvenile records relating to the case that are maintained by the Department of Justice, law enforcement agencies, the juvenile court, or other agencies and public officials unless ordered by a court under Section 781 of the Welfare and Institutions Code.

(e) (1) On or after January 1, 1998, upon incarceration, placement, or commitment, or prior to release on probation, any person who is required to register under this section shall preregister. (3) Within three days thereafter, the preregistering official or the registering law enforcement agency or agencies shall forward the statement, fingerprints, photograph, and vehicle license plate number, if any, to the Department of Justice.

(f) (1) If any person who is required to register pursuant to this section changes his or her residence address, the person shall inform, in writing within five working days, the law enforcement agency or agencies with which he or she last registered of the new address. The Department of Justice shall forward appropriate registration data to the law enforcement agency or agencies having local jurisdiction of the new place of residence.

(2) If any person who is required to register pursuant to this section changes his or her name, the person shall inform, in person,

If probation is granted or if the imposition or execution of sentence is suspended, it shall be a condition of the probation or suspension that the person serve at least 90 days in a county jail. The penalty described in this paragraph shall apply whether or not the person has been released on parole or has been discharged from parole.

(3) Any person determined to be a mentally disordered sex offender or who has been found guilty in the guilt phase of trial for an offense for which registration is required under this section, but who has been found not guilty by reason of insanity in the sanity phase of the trial, who willfully violates any requirement of this section is guilty of a misdemeanor and shall be punished by imprisonment in a county jail not exceeding one year. For any second or subsequent willful violation of any requirement of this section, the person is guilty of a felony and shall be punished by imprisonment in the state prison for 16 months, or two or three years.

(4) If, after discharge from parole, the person is convicted of a felony as specified in this subdivision, he or she shall be required to complete parole of at least one year, in addition to any other punishment imposed under this subdivision. A person convicted of a felony as specified in this subdivision may be granted probation only in the unusual case where the interests of justice would best be served. When probation is granted under this paragraph, the court shall specify on the record and shall enter into the minutes the circumstances indicating that the interests of justice would best be served by the disposition.

(5) Any person who, as a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, fails to verify his or her registration every 90 days as required pursuant to subparagraph (D) of paragraph (1) of subdivision (a), shall be punished by imprisonment in the state prison, or in a county jail not exceeding one year.

(6) In addition to any other penalty imposed under this subdivision, any person who is required pursuant to subparagraph

(B) of paragraph (1) of subdivision (a) to update his or her registration every 90 days and willfully fails to update his or her registration is guilty of a misdemeanor and shall be punished by imprisonment in a county jail not exceeding six months. Any subsequent violation of this requirement that persons described in subdivision (B) of paragraph (1) of subdivision (a) shall update their registration every 90 days is also a misdemeanor and shall be punished by imprisonment in a county jail not exceeding six months.

(7) Any person who is required to register under this section who willfully violates any requirement of this section is guilty of a continuing offense.

(h) Whenever any person is released on parole or probation and is required to register under this section but fails to do so within the time prescribed, the parole authority, the Youthful Offender Parole Board, or the court, as the case may be, shall order the parole or probation of the person revoked. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notification shall be a defense against the penalties prescribed by subdivision (g) if the person did register within 14 days.

(2) Every person who, as a sexually violent predator, as defined in Section 6600 of the Welfare and Institutions Code, is required to

verify his or her registration every 90 days, shall be notified wherever he or she next registers of his or her increased registration obligations. This notice shall be provided in writing by the registering agency or agencies. Failure to receive this notice shall be a defense against the penalties prescribed by paragraph (5) of subdivision (g).

(m) (1) When a peace officer reasonably suspects, based on information that has come to his or her attention through information provided by any peace officer or member of the public, that a child or other person may be at risk from a sex offender convicted of a crime listed in paragraph (1) of subdivision (a) of Section 290.4, a law enforcement agency may, notwithstanding any other provision of law, provide any of the information specified in paragraph (2) of this subdivision about that registered sex offender that the agency deems relevant and necessary to protect the public, to the following persons, agencies, or organizations the offender is likely to encounter, including, but not limited to, the following:

(4) For purposes of this section, "likely to encounter" means both of the following:

(A) That the agencies, organizations, or other community members are in a location or in close proximity to a location where the offender lives or is employed, or that the offender visits or is likely to visit on a regular basis.

(B) The types of interaction that ordinarily occur at that location and other circumstances indicate that contact with the offender is reasonably probable.

(5) For purposes of this section, "reasonably suspects" means that it is objectively reasonable for a peace officer to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his or her training and experience, to suspect that a child or other person is at risk.

(6) For purposes of this section, "at risk" means a person is or may be exposed to a risk of becoming a victim of a sex offense committed by the offender.

(F) For purposes of subparagraphs (B) to (D), inclusive, an arrest as a juvenile or an adjudication as a ward of the juvenile court within the meaning of Section 602 of the Welfare and Institutions Code for any of the offenses described in those subparagraphs is to be considered in determining whether an offender is a high-risk sex offender.

(G) Notwithstanding subparagraphs (A) to (D), inclusive, an offender shall not be considered to be a high-risk sex offender if either of the following apply:

(i) The offender's most recent conviction or arrest for an offense described in subparagraphs (B) to (D), inclusive, occurred more than five years prior to the high-risk assessment by the Department of Justice, excluding periods of confinement.

(2) The Department of Justice shall continually search the records provided to it pursuant to subdivision (b) and identify, on the basis of those records, high-risk sex offenders. Four times each year, the department shall provide to each chief of police and sheriff in the state, and to any other designated law enforcement entity upon request, the following information regarding each identified high-risk sexual offender: full name; known aliases; gender; race; physical description; photograph; date of birth; and crimes resulting in classification under this section.

(3) The Department of Justice and any designated law enforcement entity to which notice has been given pursuant to paragraph (2) may cause to be made public, by whatever means the agency deems necessary to ensure the public safety, based upon information available to the agency concerning a specific person, including, but not limited to, the information described in paragraph (2); the offender's address, which shall be verified prior to publication; description and license plate number of the offender's vehicles or vehicles the offender is known to drive; type of victim targeted by the offender; relevant parole or probation conditions, such as one prohibiting contact with children; dates of crimes resulting in classification under this section; and date of release from confinement; but excluding information that would identify the victim.

(r) The registration and public notification provisions of this section are applicable to every person described in this section, without regard to when his or her crimes were committed or his or her duty to register pursuant to this section arose, and to every offense described in this section, regardless of when it was committed.

SEC. 4. Section 290.4 of the Penal Code is amended to read:

290.4. (a) (1) The Department of Justice shall continually compile information as described in paragraph (2) regarding any person required to register under Section 290 for a conviction of subdivision (b) of Section 207; kidnapping, as punishable pursuant to subdivision (d) of Section 208; Section 220, except assault to commit mayhem; Section 243.4, provided that the offense is a felony; paragraph (1), (2), (3), (4), or (6) of subdivision (a) of Section 261; Section 264.1; Section 266, provided that the offense is a felony; Section 266c, provided that the offense is a felony; Section 266j; Section 267; paragraph (1) of subdivision (b) of Section 286, provided that the offense is a felony; paragraph (2) of subdivision (b), subdivision (c), (d), (f), (g), (i), (j), or (k) of Section 286; Section 288; paragraph (1) of subdivision (b) of Section 288a, provided that the offense is a felony; paragraph (2) of subdivision (b), (c), (d), (f), (g), (i), (j), or (k) of Section 288a; Section 288.5; subdivision (a), (b), (d), (e), (f), (g), (h) of Section 289, provided that the offense is a felony; subdivision (i) or (j) of Section 289; Section 647.6; or the statutory predecessor of any of these offenses or any offense which, if committed or attempted in this state, would have been punishable as one or more of the offenses described in this section. This requirement shall not be applied to a person whose duty to register has been terminated pursuant to paragraph (6) of subdivision (d) of Section 290, or to a person who has been relieved of his or her duty to register under Section 290.5.

(2) The information shall be categorized by community of residence and ZIP Code. (3) The department shall operate a “900” telephone number that members of the public may call and inquire whether a named individual is listed among those described in this subdivision. The caller shall furnish his or her first name, middle initial, and last name. The department shall ascertain whether a named person reasonably appears to be a person so listed and provide the caller with the information described in paragraph (2), except the department shall not disclose the street address or criminal history of a person listed, except to disclose the ZIP Code area in which the person resides and to describe the specific crimes for which the registrant was required

to register. The department shall decide whether the named person reasonably appears to be a person listed, based upon information from the caller providing information that shall include (A) an exact street address, including apartment number, social security number, California driver's license or identification number, or birth date along with additional information that may include any of the following: name, hair color, eye color, height, weight, distinctive markings, ethnicity; or (B) any combination of at least six of the above listed characteristics if an exact birth date or address is not available. If three of the characteristics provided include ethnicity, hair color, and eye color, a seventh identifying characteristic shall be provided. Any information identifying the victim by name, birth date, address, or relation to the registrant shall be excluded by the department.

(4) (A) On or before July 1, 1997, the department shall provide a CD-ROM or other electronic medium containing the information described in paragraph (2), except the person's street address and criminal history other than the specific crimes for which the person was required to register, for all persons described in paragraph (1) of subdivision (a), and shall distribute the CD-ROM or other electronic medium on a quarterly basis to the sheriff's department in each county, municipal police departments of cities with a population of more than 200,000, and each law enforcement agency listed in subparagraph (I) of paragraph (1) of subdivision (n) of Section 290. These law enforcement agencies may obtain additional copies by purchasing a yearly subscription to the CD-ROM or other electronic medium from the Department of Justice for a yearly subscription fee. The Department of Justice, the sheriff's departments, and the municipal police departments of cities with a population of more than 200,000 shall make, and the other law enforcement agencies may make the CD-ROM or other electronic medium available for viewing by the public in accordance with the following. The applicant shall provide identification in the form of a California driver's license or California identification card, showing the applicant to be at least 18 years of age, and shall sign a statement, on a form provided by the Department of Justice, stating that the applicant is not a registered sex offender, that he or she understands the purpose of the release of information is to allow members of the public to protect themselves and their children from sex offenders, and he or she understands it is unlawful to use information obtained from the CD-ROM or other electronic medium to commit a crime against any registrant or to engage in illegal discrimination or harassment of any registrant. The signed statement shall be maintained in a file in the designated law enforcement agency's office.

(B) The records of persons requesting to view the CD-ROM or other electronic medium are confidential, except that a copy of the applications requesting to view the CD-ROM or other electronic medium may be disclosed to law enforcement agencies for law enforcement purposes.

(C) Any information identifying the victim by name, birth date, address, or relationship to the registrant shall be excluded from the CD-ROM or other electronic medium.

The signed statement shall be maintained in a file in the designated law enforcement agency's office.

(B) The records of persons requesting to view the CD-ROM or other electronic medium are confidential, except that a copy of the applications requesting to view the CD-ROM or other electronic medium may be disclosed to law enforcement agencies for law enforcement purposes.

The signed statement shall be maintained in a file in the designated law enforcement agency's office.

This requirement shall not be applied to a person whose duty to register has been terminated pursuant to paragraph (5) of subdivision (d) of Section 290, or to a person who has been relieved of his or her duty to register under Section 290.5.

(2) The information shall be categorized by community of residence and ZIP Code. The information shall include the names and known aliases of the person, photograph, a physical description, gender, race, date of birth, the criminal history, and the address, including ZIP Code, in which the person resides, and any other information that the Department of Justice deems relevant, not including information that would identify the victim.

(3) The department shall operate a "900" telephone number that members of the public may call and inquire whether a named individual is listed among those described in this subdivision. The caller shall furnish his or her first name, middle initial, and last name. The department shall ascertain whether a named person reasonably appears to be a person so listed and provide the caller with the information described in paragraph (2), except the department shall not disclose the street address or criminal history of a person listed, except to disclose the ZIP Code area in which the person resides and to describe the specific crimes for which the registrant was required to register. The department shall decide whether the named person reasonably appears to be a person listed, based upon information from the caller providing information that shall include (A) an exact street address, including apartment number, social security number, California driver's license or identification number, or birth date along with additional information that may include any of the following: name, hair color, eye color, height, weight, distinctive markings, ethnicity; or (B) any combination of at least six of the above listed characteristics if an exact birth date or address is not available. The Department of Justice, the sheriff's departments, and the municipal police departments of cities with a population of more than 200,000 shall make, and the other law enforcement agencies may make, the CD-ROM or other electronic medium available for viewing by the public in accordance with the following: The agency may require that a person applying to view the CD-ROM or other electronic medium express an articulable purpose in order to have access thereto. The applicant shall provide identification in the form of a California driver's license or California identification card, showing the applicant to be at least 18 years of age, shall sign a register, which the law enforcement agency is required to maintain, of persons applying to view the CD-ROM or other electronic medium, and shall sign a statement, on a form provided by the Department of Justice, stating that the applicant is not a registered sex offender, that he or she understands the purpose of the release of information is to allow members of the public to protect themselves and their children from sex offenders, and he or she understands it is unlawful to use information obtained from the CD-ROM or other electronic medium to commit a crime against any registrant or to engage in illegal discrimination or harassment of any registrant. The signed statement shall be maintained in a file in the law enforcement agency's office.

(B) The records of persons requesting to view the CD-ROM or other electronic medium are confidential, except that a copy of the applications requesting to view the CD-ROM or other electronic medium may be disclosed to law enforcement agencies for law enforcement purposes.

(C) Any information identifying the victim by name, birth date, address, or relationship to the registrant shall be excluded from the CD-ROM or other electronic medium.

(5) (A) The income from the operation of the "900" telephone number shall be deposited in the Sexual Predator Public Information Account, which is hereby established within the Department of Justice for the purpose of the implementation of this section by the Department of Justice, including all actual and reasonable costs related to establishing and maintaining the information described in subdivision (a) and the CD-ROM or other electronic medium described in this subdivision.

(2) Any person who, without authorization, uses information disclosed pursuant to this section to commit a misdemeanor shall be subject to, in addition to any other penalty or fine imposed, a fine of not less than five hundred dollars ($500) and not more than one thousand dollars ($1,000).

(c) The record of the compilation of offender information on each CD-ROM or other electronic medium distributed pursuant to this section shall be used only for law enforcement purposes and the public safety purposes specified in this section and Section 290. This record shall not be distributed or removed from the custody of the law enforcement agency that is authorized to retain it. Information obtained from this record shall be disclosed to a member of the public

only as provided in this section or Section 290, or any other statute expressly authorizing it.

Any person who copies, distributes, discloses, or receives this record or information from it, except as authorized by law, is guilty of a misdemeanor, punishable by imprisonment in a county jail not to exceed six months, or by a fine not exceeding one thousand dollars ($1,000), or by both that imprisonment and fine. (B) Whenever there is reasonable cause to believe that any person or group of persons is engaged in a pattern or practice of misuse of the "900" telephone number in violation of paragraph (2) of subdivision (e), the Attorney General, any district attorney, or city attorney, or any person aggrieved by the misuse of that number is authorized to bring a civil action in the appropriate court requesting preventive relief, including an application for a permanent or temporary injunction, restraining order, or other order against the person or group of persons responsible for the pattern or practice of misuse. subscription fee. The Department of Justice, the sheriff's departments, and the municipal police departments of cities with a population of more than 200,000 shall make, and the other law enforcement agencies may make, the CD-ROM or other electronic medium available for viewing by the public in accordance with the following: The agency may require that a person applying to view the CD-ROM or other electronic medium express an articulable purpose in order to have access thereto. The applicant shall provide identification in the form of a California driver's license or California identification card, showing the applicant to be at least 18 years of age, and shall sign a statement, on a form provided by the Department of Justice, stating that the applicant is not a registered sex offender, that he or she understands the purpose of the release of information is to allow members of the public to protect themselves and their children from sex offenders, and he or she understands it is unlawful to use information obtained from the CD-ROM or other electronic medium to commit a crime against any registrant or to engage in illegal discrimination or harassment of any registrant. The signed statement shall be maintained in a file in the designated law enforcement agency's office.

(B) The records of persons requesting to view the CD-ROM or other electronic medium are confidential, except that a copy of the applications requesting to view the CD-ROM or other electronic medium may be disclosed to law enforcement agencies for law enforcement purposes.

(C) Any information identifying the victim by name, birth date, address, or relationship to the registrant shall be excluded from the CD-ROM or other electronic medium.

Moneys in the account shall be available to the Department of Justice upon appropriation by the Legislature for the purpose specified in subparagraph (A).

(C) When the "900" telephone number is called, a preamble shall be played before charges begin to accrue. The preamble shall run at least the length of time required by federal law and shall provide the following information:

## CHAPTER 823

An act to amend Section 16367.5 of the Government Code, relating to energy assistance.

[Approved by Governor October 8, 1997. Filed with Secretary of State October 9, 1997.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 16367.5 of the Government Code is amended to read:

16367.5. The Department of Community Services and Development shall receive and administer the federal Low-Income Home Energy Assistance Program Block Grant, provided for pursuant to the Low-Income Home Energy Assistance Act of 1981, as amended (42 U.S.C. Sec. 8621 et seq.). The department shall afford local service providers maximum flexibility and control, within the parameters of federal and state law, in the planning, administration, and delivery of Low-Income Home Energy Assistance Program Block Grant services. Local service providers shall be defined as private, nonprofit, and public agencies designated in accordance with Public Law 97-35, as amended. The formation of service regions beyond those that were in place in 1995, or those that were in place in Los Angeles County in January 1997, shall occur only with the concurrence of service providers within the proposed regions. The department shall allocate funds received as follows:

(a) For federal fiscal year 1998, up to 7.3 percent of the state's total federal allocation for the Low-Income Home Energy Assistance Program shall be retained by the Department of Community Services and Development for purposes of overall planning and administration. The department shall spend at least 2.3 percent of this 7.3 percent on activities to improve the administrative efficiency of the program. At least 2.7 percent of the state's total federal allocation of the Low-Income Home Energy Assistance Program shall be allocated to local service providers for purposes of planning and administration.

For federal fiscal year 1999, up to 6 percent of the state's total federal allocation of the Low-Income Home Energy Assistance Program shall be retained by the Department of Community Services and Development for purposes of overall planning and administration. The department shall spend at least 1 percent of this

6 percent on activities to improve the administrative efficiency of the program. At least 4 percent of the state's total federal allocation for the Low-Income Home Energy Assistance Program shall be allocated to local service providers for purposes of planning and administration.

Beginning in federal fiscal year 2000, up to 5 percent of the state's total federal allocation for the Low-Income Home Energy Assistance Program shall be retained by the Department of Community Services and Development for purposes of overall planning and administration. At least 5 percent of the state's total federal allocation for the Low-Income Home Energy Assistance Program shall be allocated to local service providers for purposes of planning and administration.

Upon achievement of administrative efficiencies, or no later than June 30, 2001, the department and the local service providers committee established pursuant to subdivision (j) shall examine the appropriate split of administrative funding between the state and local services providers necessary to achieve the intent of federal law regarding the Low-Income Home Energy Assistance Program. The department shall not retain more than 5 percent of the state's total federal allocation for the Low-Income Home Energy Assistance Program.

(b) Services under this section shall be available to households in which one or more individuals are receiving:

(1) Temporary Assistance for Needy Families under the state's plan approved under Public Law 104-193, the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, and Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code.

(2) Supplemental Security Income payments under Title XVI of the federal Social Security Act (42 U.S.C. Sec. 1381 et seq.) and Chapter 3 (commencing with Section 12000) of Part 3 of Division 9 of the Welfare and Institutions Code.

(3) County general assistance under Part 5 (commencing with Section 17000) of Division 9 of the Welfare and Institutions Code.

(4) Food stamps received under the Food Stamp Act of 1977 and pursuant to Chapter 10 (commencing with Section 18900) of Part 6 of Division 9 of the Welfare and Institutions Code.

(5) Payments under Section 415, 521, 541, or 542 of Title 38 of the United States Code, or under Section 306 of the Veterans' and Survivors' Pension Improvement Act of 1978.

(6) Households with incomes that do not exceed the greater of:

(A) An amount equal to 150 percent of the poverty level for this state.

(B) An amount equal to 60 percent of the state median income, except that no household may be excluded from eligibility solely on the basis of household income if that income is less than 110 percent of the poverty level for this state, but priority may be given to those

households with the highest home energy costs or needs in relation to household income.

(c) An amount of not less than 15 percent and up to the maximum allowed by federal law of the total federal allocation shall be allocated for weatherization services for eligible individuals. For each program year, to the extent that the state is eligible, the Department of Community Services and Development shall apply to the appropriate federal agencies for any waivers that may be necessary to ensure that the amount available for the purposes of this subdivision will be the maximum amount allowable under federal law. For the purposes of this subdivision, weatherization shall include all energy conservation measures and energy efficient appliances that are cost-effective and improve energy efficiency. The department shall allocate 5 percent of the weatherization program allocation to local service providers for outreach and related activities.

(d) At the discretion of local service providers, the state shall allocate the maximum amount allowable under federal law to local service providers to provide services that encourage and enable households to reduce their home energy needs, thus reducing the need for energy assistance, including needs assessments, counseling, and assistance with energy vendors, in accordance with Section 2605(b)(16) of Public Law 97-35, as amended.

(e) Based on data from prior years, a reasonable amount of available funds, as determined jointly by the department and the local service providers, shall be reserved until March 15 of each program year for the Energy Crisis Intervention Program. Local service providers shall submit proposed funding levels with supporting data to the department in a timely manner for inclusion in the state plan. The department shall approve local funding requests that are determined to be in compliance with federal law. These funds shall only be used for emergency assistance to eligible individuals for programs specified in this subdivision, who give evidence of one or more of the following conditions:

(1) Proof of utility shutoff notice.

(2) Proof of energy termination.

(3) Insufficient funds to establish a new energy account.

(4) Insufficient funds to pay a delinquent utility bill.

(5) Insufficient funds to pay the cost of space heating devices where no alternative source of space heating is reasonably available.

(6) Insufficient funds to pay for essential firewood, oil, or propane.

(7) Insufficient funds to pay for the cost of emergency repairs to heating and cooling units, the emergency replacement of heating and cooling units, or both.

(8) Insufficient funds to pay energy costs for a household where a household member's medical condition requires use of life support or climate and temperature control systems.

(9) Other conditions that may be included in the state plan.

The energy crisis intervention program shall not include advocacy, community mobilization, or community planning. After March 15 of each program year, local administrative agencies shall have the option of continuing to offer energy crisis intervention services or of reallocating a portion of or all unspent energy crisis intervention funds into direct assistance payment services.

The department shall allocate 5 percent of the energy crisis intervention program allocation to the local service providers for outreach and related services.

These skills shall not include personal behavioral standards or skills, including, but not limited to, honesty, sociability, ethics, or self-esteem. The standards adopted pursuant to this section shall be for the purpose of guiding state decisions regarding the development, adoption, and approval of assessment instruments pursuant to this chapter and shall not be construed to mandate any actions or activities by school districts.

The State Department of Education may provide assistance to school districts in the implementation of the assessment established pursuant to this subdivision.

(3) Nothing in this subdivision shall be construed to prevent the State Board of Education from developing or adopting an assessment instrument that also contains assessments of basic academic skills.

(d) The State Board of Education shall adopt assessments pursuant to subdivision (c) that are aligned with the statewide content and performance standards adopted pursuant to subdivision (a). The State Board of Education shall not adopt an assessment pursuant to subdivision (c) for any core curriculum area until the statewide content and performance standards for that core curriculum area have been adopted by the board pursuant to subdivision (a). (1) As part of this process, the board may convene an advisory panel composed of nationally recognized experts in pupil assessment. Two members of the panel shall be selected from a list of at least 10 nominees of the Superintendent of Public Instruction. This panel, if convened, shall assist the board in the preparation of the request for proposals to develop instruments for use as assessments of applied academic skills and in the review and rating of proposals that are submitted. The panel shall also assist the board in determining methods of ensuring that the achievement test designated pursuant to Section 60642 meets the requirements of Section 60644.

(2) Any contractor to whom a contract is awarded pursuant to this subdivision shall assure that parents, classroom teachers, administrators, school district governing board members, and the general public are actively involved in the development of any assessment instruments.

(j) (1) Not less than 60 days before adoption of the statewide pupil assessment pursuant to subdivision (c), the State Board of Education shall make the proposed assessment available for inspection by the public. The board shall adopt any proposed amendments or modifications to the assessment before this public inspection period so that the materials available for inspection are the same materials that the board shall consider for final adoption. (g) In addition to the test required by subdivision (b), pupils of limited English proficiency who are enrolled in any of grades 2 to 11, inclusive, shall be required to take a test in their primary language if such a test is available, if less than 12 months have elapsed after their initial enrollment in any public school in the state.

(h) The Superintendent of Public Instruction shall apportion funds to enable school districts to meet the requirements of subdivisions (b), (f), and (g). The State Board of Education shall establish the amount of funding to be apportioned. The amount to be apportioned shall be up to eight dollars ($8) per test administered to a pupil in grades 2 to 11, inclusive.

(3) The costs for which the school district seeks reimbursement pursuant to this section are not associated with the test that is designated pursuant to Section 60642.

(b) The Superintendent of Public Instruction may apportion up to five dollars ($5) per pupil in reimbursement for 1997–98 testing costs in accordance with subdivision (a).

60641. The State Department of Education shall ensure that school districts comply with each of the following requirements:

(c) The individual results of each pupil test administered pursuant to Section 60640 shall also be reported to the pupil's school and teachers. The school district shall include the pupil's test results in his or her pupil records. The agreement shall contain provisions for withholding payments for test development, publication, administration, scoring, test security, data aggregation, analysis, reporting, and electronic transmission. The State Department of Education shall specify in the standard agreement that final payments by school districts or any agent of the State of California shall be withheld until the Superintendent of Public Instruction notifies all school districts that the test administration is completed for the academic year and the State Board of Education has received complete statewide data to its satisfaction reported in the manner prescribed by this section.

Notwithstanding any other provision of law, the proceeds from a forfeit of a performance bond pursuant to this section shall be deposited in the Proposition 98 Reversion Account in the General Fund.

(b) Neither the State of California nor any agent of the State Board of Education, Superintendent of Public Instruction, or local educational agency shall be liable for undelivered work in progress by the publisher as a result of a determination made by the State Board of Education pursuant to subdivision (a).

44393. (a) The California School Paraprofessional Teacher Training Program is hereby established for the purpose of recruiting paraprofessionals to participate in a program designed to encourage them to enroll in teacher training programs and to provide instructional service as teachers in the public schools.

(b) Commencing on January 1, 1998, the Commission on Teacher Credentialing, in consultation with the Chancellor of the California Community Colleges, the Chancellor of the California State University, the President of the University of California, the chancellors of private institutions of higher education that offer accredited teacher training programs, and representatives of certificated and classified employee organizations, shall select 24 or more school districts or county offices of education representing rural, urban, and suburban areas that apply to participate in the program. The commission shall ensure that, at a minimum, a total of 600 school paraprofessionals are recruited from among the 24 or more participating school districts or county offices of education. The criteria adopted by the commission for the selection of school districts or county offices of education to participate in the program shall include all of the following:

(1) The extent to which the applicant school district or county office of education demonstrates the capacity and willingness to accommodate the participation of school paraprofessions of the

school in teacher training programs conducted at institutions of higher education.

(2) The extent to which the applicant's plan for the implementation of its recruitment program involves the active participation of one or more local campuses of the participating institutions of higher education in the development of coursework and teaching programs for participating school paraprofessionals. Each selected school district or county office of education shall be required to enter into a written articulation agreement with the participating campuses of the institutions of higher education.

(3) The extent to which the applicant's plan for recruitment attempts to meet the demand for bilingual cross cultural teachers.

(4) The extent to which the applicant's plan for recruitment attempts to meet the demand for multiple subject credentialed teachers interested in teaching kindergarten or any of grades 1 to 3, inclusive. For purposes of this paragraph, each paraprofessional selected to participate shall have completed at least two years of undergraduate college or university coursework and shall have demonstrated an interest in obtaining a multiple subject teaching credential for teaching kindergarten or any of grades 1 to 3, inclusive.

(5) The extent to which the applicant's plan for recruitment attempts to meet the demand for special education teachers.

(6) The extent to which the applicant's plan for recruitment includes a developmentally sequenced series of job descriptions that lead from an entry-level school paraprofessional position to an entry-level teaching position in that school district or county office of education.

(7) The extent to which the applicant's plan for recruitment attempts to meet its own specific teacher needs.

(8) The extent to which the applicant's plan for implementation of its recruitment program involves participation in a district internship program pursuant to Sections 44325, 44326, 44327, 44328, and 44830.3 or a university internship program pursuant to Article 3 (commencing with Section 44450) of Chapter 3.

(c) Each selected school district or county office of education shall provide information and assistance to each school paraprofessional it recruits under the program regarding admission to a teacher training program.

(d) The school district or county office of education shall recruit and organize groups, or "cohorts," of school paraprofessionals, of no more than 30, and no less than 10, paraprofessionals in each cohort. Cohorts shall be organized to consist of school paraprofessionals having approximately equal academic experience and qualifications, as determined by the school district or county office of education. The members of each cohort shall enroll in the same campus, and shall be provided by the school district or county office of education with appropriate support and information throughout the course of their studies. Each school district or county office of education shall certify

that it has received a commitment from each member of a cohort that he or she will complete one school year of classroom instruction in the district or county office of education for each year that he or she receives assistance for books, fees, and tuition while attending an institution of higher education under the program. To the extent possible, the members of each cohort shall proceed through the same waiver and credential programs. To the extent that any participant does not fulfill his or her obligation to complete one year of classroom instruction for each year of financial assistance he or she received under the program, the participant shall be required to repay the assistance.

(e) The commission shall contract with an independent evaluator with a proven record of experience in assessing career-advancement programs or teacher training programs to determine the success of the recruitment programs established pursuant to subdivision (b). The evaluation shall be made on an annual basis and shall include, but not be limited to, all of the following:

(1) The total cost per person participating in the program who successfully obtains a teaching credential, based upon all state, local, federal, and other sources of funding.

(2) The economic status of persons participating in the pilot program.

(3) A description of financial and other resources made available to each recruitment program by participating school districts or county offices of education, institutions of higher education, and other participating organizations.

(4) The extent to which pupil performance on standardized achievement tests has improved in classes taught by teachers who have successfully completed the program, in comparison to classes taught by other teachers who have equivalent teaching experience.

(5) The extent to which pupil dropout rates and other measures of delinquency have improved in classes taught by teachers who have successfully completed the program.

(6) The extent to which teachers who have successfully completed the program remain in the communities in which they reside and in which they teach.

(7) The attrition rate of teachers who have successfully completed the program.

(f) Each selected school district or county office of education shall report to the commission regarding the progress of each cohort of school paraprofessionals, and other information regarding its recruitment program as the commission may direct.

(g) No later than January 1, 1998, and annually thereafter, the commission shall report to the Legislature regarding the status of the pilot program, including, but not limited to, the number of school paraprofessionals recruited, the academic progress of the school paraprofessionals recruited, the number of school paraprofessionals recruited who are subsequently employed as teachers in the public

schools, the degree to which the program meets the demand for bilingual and special education teachers, the degree to which the program or similar programs can meet that demand if properly funded and executed, and other effects upon the operation of the public schools.

(h) It is the intent of the Legislature that, commencing with the 1997–98 fiscal year, and each fiscal year thereafter, funding for the California School Paraprofessional Teacher Training Program be allocated to the Commission on Teacher Credentialing for grants to school districts pursuant to this section. In no case shall grants to any school district exceed the equivalent of three thousand dollars ($3,000) annually per paraprofessional in the program. Funding for grants to school districts pursuant to this subdivision, shall be contingent upon an appropriation in the annual Budget Act.

SEC. 3. Section 3.5 of this bill adds Section 44392 to the Education Code as proposed by both this bill and AB 352. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1998, (2) each bill adds Section 44392 to the Education Code, and (3) this bill is enacted after AB 352, in which case Section 3 of this bill shall not become operative.

SEC. 4. Section 4.5 of this bill incorporates amendments to Section 69619.1 of the Education Code proposed by both this bill and AB 352. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1998, (2) each bill amends Section 69619.1 of the Education Code, and (3) this bill is enacted after AB 352, in which case Section 4 of this bill shall not become operative.

## CHAPTER 832

An act to amend Sections 20588 and 31657 of the Government Code, relating to county employees.

[Approved by Governor October 9, 1997. Filed with Secretary of State October 10, 1997.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 20588 of the Government Code is amended to read:

20588. Notwithstanding any other provision of this article, the board may, pursuant to this section and Section 31657, enter into an agreement with the board of retirement of a county maintaining a county retirement system, for termination of participation of a city whose contract has been in effect for at least five years in this system or the state with respect to certain safety members who have ceased to be employed by the city or the state and have been employed by

a county, fire authority, or district as a result of a transfer of firefighting or law enforcement functions from the city or the state to the county, fire authority, or district and inclusion of the former city or state employees in that county retirement system. The agreement shall contain provisions the board finds necessary to protect the interests of this system for determination of the amount, time, manner of transfer of cash or the securities, or both, to be transferred to the county system as representing the actuarial value of the interests in the retirement fund of the city or the state and the transferred employees by reason of accumulated contributions credited to that city or the state and the employees transferred. The agreement shall apply only to employees who are employed by the county or district on the effective date of the agreement. All liability of this system with respect to the members transferred under that agreement shall cease and shall become the liability of the county retirement system as of the date of transfer specified in the agreement. Liability of the county retirement system shall be for payment of benefits to transferred employees in accordance with Chapter 3 (commencing with Section 31450) of Part 3 of Division 4 of Title 3. Any member transferred who becomes a member of a county retirement system upon that transfer date shall be subject to provisions of this part and of Chapter 3 (commencing with Section 31450) of Part 3 of Division 4 of Title 3 extending rights to a member or subjecting him or her to limitations because of membership in another retirement system to the same extent that he or she would have been had he or she been a member of the county retirement system during his or her membership in this system.

This section shall apply only in Los Angeles and Orange Counties.

SEC. 2. Section 31657 of the Government Code is amended to read:

31657. Subject to Section 20588, whenever, as a result of the assumption by a county, fire authority, or district of firefighting or law enforcement functions performed by a city or the state subject to the Public Employees' Retirement Law, any person ceases to be employed by a city or the state and is employed by a county, fire authority, or district in which this chapter has become operative, that person shall become a member of the retirement association of a county immediately upon entrance to the county service. That member of the county retirement system shall be entitled to service credit in the county retirement system for the service for which he or she was entitled to credit in the Public Employees' Retirement System at the time of cessation of employment by the city or the state, without necessity of payment of any additional contributions in respect to that service, when and if all of the following occur:

(a) The board of retirement receives certification from the Board of Administration of the Public Employees' Retirement System of the service with which the person was entitled to be credited by the

Public Employees' Retirement System at the time of cessation of his or her city or state employment.

(b) There is paid into the county retirement fund of the county, an amount equal to the normal contributions of the person to the Public Employees' Retirement System, together with the interest credited thereto, which amount shall be credited to the individual account of the member in the county retirement system, and shall thereafter for all purposes be deemed to be the member's contribution to the county retirement system with respect to the service so certified.

(c) There is paid to the retirement system of the county an amount equal to the contributions of the city or state made to the Public Employees' Retirement System on account of service rendered by the person together with interest credited to the city or the state thereto.

(d) The board of retirement elects to apply this section as a prudent means of mitigating against potential adverse financial impact upon the county retirement system from the cost of disability retirements that may be applied for in the future by persons injured while being employed by the county, fire authority, or district after ceasing to be employed by a city or the state as a result of the assumption by a county, fire authority, or district of firefighting or law enforcement functions.

This section shall apply in a county of the first or the second class, as defined by Section 28020, as amended by Chapter 1204 of the Statutes of 1971, and Section 28022, as amended by Chapter 43 of the Statutes of 1961, and Section 28023, as amended by Chapter 1204 of the Statutes of 1971.

## CHAPTER 833

An act to amend Section 13271 of, and to add Sections 13529, 13529.2, and 13529.4 to, the Water Code, relating to water.

[Approved by Governor October 9, 1997. Filed with Secretary of State October 10, 1997.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 13271 of the Water Code is amended to read:

13271. (a) Except as provided by subdivision (b), any person who, without regard to intent or negligence, causes or permits any hazardous substance or sewage to be discharged in or on any waters of the state, or to be discharged or deposited where the hazardous substance or sewage is, or probably will be, discharged in or on any waters of the state, shall, as soon as (1) that person has knowledge of the discharge, (2) notification is possible, and (3) notification can be

provided without substantially impeding cleanup or other emergency measures, immediately notify the Office of Emergency Services of the discharge in accordance with the spill reporting provision of the state toxic disaster contingency plan adopted pursuant to Article 3.7 (commencing with Section 8574.7) of Chapter 7 of Division 1 of Title 2 of the Government Code. The Office of Emergency Services shall immediately notify the appropriate regional board of the discharge. The regional board shall notify the state board as appropriate. The state board or the regional board shall list all notifications received by them pursuant to this section in the minutes of the next business meeting and shall provide a copy of the minutes to the appropriate local health officials.

(b) The notification required by this section shall not apply to a discharge in compliance with waste discharge requirements or other provisions of this division.

(c) Any person who fails to provide the notice required by this section is guilty of a misdemeanor and shall be punished by a fine of not more than twenty thousand dollars ($20,000) or imprisonment for not more than one year, or both. Except where a discharge to the waters of this state would have occurred but for cleanup or emergency response by a public agency, this subdivision shall not apply to any discharge to land which does not result in a discharge to the waters of this state.

(d) Notification received pursuant to this section or information obtained by use of that notification shall not be used against any person providing the notification in any criminal case, except in a prosecution for perjury or giving a false statement.

(e) For substances listed as hazardous wastes or hazardous material pursuant to Section 25140 of the Health and Safety Code, the state board, in consultation with the Department of Toxic Substances Control, shall by regulation establish reportable quantities for purposes of this section. The regulations shall be based on what quantities should be reported because they may pose a risk to public health or the environment if discharged to ground or surface water. Regulations need not set reportable quantities on all listed substances at the same time. Regulations establishing reportable quantities shall not supersede waste discharge requirements or water quality objectives adopted pursuant to this division, and shall not supersede or affect in any way the list, criteria, and guidelines for the identification of hazardous wastes and extremely hazardous wastes adopted by the Department of Toxic Substances Control pursuant to Chapter 6.5 (commencing with Section 25100) of Division 20 of the Health and Safety Code. The regulations of the Environmental Protection Agency for reportable quantities of hazardous substances for purposes of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (42 U.S.C. Sec. 9601 and following) shall be in effect for purposes of the enforcement

of this section until the time that the regulations required by this subdivision are adopted.

(f) The state board shall adopt regulations establishing reportable quantities of sewage for purposes of this section. The regulations shall be based on the quantities that should be reported because they may pose a risk to public health or the environment if discharged to ground or surface water. Regulations establishing reportable quantities shall not supersede waste discharge requirements or water quality objectives adopted pursuant to this division. For purposes of this section, "sewage" means the effluent of a municipal wastewater treatment plant or a private utility wastewater treatment plant, as those terms are defined in Section 13625, except that sewage does not include recycled water, as defined in subdivisions (c) and (d) of Section 13529.2.

(g) Except as otherwise provided in this section and Section 8589.7 of the Government Code, a notification made pursuant to this section shall satisfy any immediate notification requirement contained in any permit issued by a permitting agency. When notifying the Office of Emergency Services, the person shall include all of the notification information required in the permit.

SEC. 1.5. Section 13271 of the Water Code is amended to read:

13271. (a) (1) Except as provided by subdivision (b), any person who, without regard to intent or negligence, causes or permits any hazardous substance or sewage to be discharged in or on any waters of the state, or discharged or deposited where it is, or probably will be, discharged in or on any waters of the state, shall, as soon as (1) that person has knowledge of the discharge, (2) notification is possible, and (3) notification can be provided without substantially impeding cleanup or other emergency measures, immediately notify the Office of Emergency Services of the discharge in accordance with the spill reporting provision of the state toxic disaster contingency plan adopted pursuant to Article 3.7 (commencing with Section 8574.16) of Chapter 7 of Division 1 of Title 2 of the Government Code.

(2) The Office of Emergency Services shall immediately notify the appropriate regional board and the local health officer and administrator of environmental health of the discharge. The regional board shall notify the state board as appropriate.

(3) Upon receiving notification of a discharge pursuant to paragraph (2), the local health officer and administrator of environmental health shall immediately determine whether notification of the public is required to safeguard public health and safety. If so, the local health officer and administrator of environmental health shall immediately notify the public of the discharge by posting notices or other appropriate means. The notification shall describe measures to be taken by the public to protect the public health.

(b) The notification required by this section shall not apply to a discharge in compliance with waste discharge requirements or other provisions of this division.

(c) Any person who fails to provide the notice required by this section is guilty of a misdemeanor and shall be punished by a fine of not more than twenty thousand dollars ($20,000) or imprisonment for not more than one year, or both. Except where a discharge to the waters of this state would have occurred but for cleanup or emergency response by a public agency, this subdivision shall not apply to any discharge to land which does not result in a discharge to the waters of this state.

(d) Notification received pursuant to this section or information obtained by use of that notification shall not be used against any person providing the notification in any criminal case, except in a prosecution for perjury or giving a false statement.

(e) For substances listed as hazardous wastes or hazardous material pursuant to Section 25140 of the Health and Safety Code, the state board, in consultation with the Department of Toxic Substances Control, shall by regulation establish reportable quantities for purposes of this section. The regulations shall be based on what quantities should be reported because they may pose a risk to public health or the environment if discharged to ground or surface water. Regulations need not set reportable quantities on all listed substances at the same time. Regulations establishing reportable quantities shall not supersede waste discharge requirements or water quality objectives adopted pursuant to this division, and shall not supersede or affect in any way the list, criteria, and guidelines for the identification of hazardous wastes and extremely hazardous wastes adopted by the Department of Toxic Substances Control pursuant to Chapter 6.5 (commencing with Section 25100) of Division 20 of the Health and Safety Code. The regulations of the Environmental Protection Agency for reportable quantities of hazardous substances for purposes of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (42 U.S.C. Sec. 9601 et seq.) shall be in effect for purposes of the enforcement of this section until the time that the regulations required by this subdivision are adopted.

(f) The state board shall adopt regulations establishing reportable quantities of sewage for purposes of this section. The regulations shall be based on the quantities that should be reported because they may pose a risk to public health or the environment if discharged to ground or surface water. Regulations establishing reportable quantities shall not supersede waste discharge requirements or water quality objectives adopted pursuant to this division. For purposes of this section, “sewage” means the effluent of a municipal wastewater treatment plant or a private utility wastewater treatment plant, as those terms are defined in Section 13625, except that sewage does not

include recycled water, as defined in subdivisions (c) and (d) of Section 13529.2.

(g) Except as otherwise provided in this section and Section 8589.7 of the Government Code, a notification made pursuant to this section shall satisfy any immediate notification requirement contained in any permit issued by a permitting agency. When notifying the Office of Emergency Services, the person shall include all of the notification information required in the permit.

SEC. 2. Section 13529 is added to the Water Code, to read:

13529. The Legislature hereby finds and declares all of the following:

(a) The purpose of Section 13529.2 is to establish notification requirements for unauthorized discharges of recycled water to waters of the state.

(b) It is the intent of the Legislature in enacting this section to promote the efficient and safe use of recycled water.

(c) The people of the state have a primary interest in the development of facilities to recycle water to supplement existing water supplies and to minimize the impacts of growing demand for new water on sensitive natural water bodies.

(d) A substantial portion of the future water requirements of the state may be economically met by the beneficial use of recycled water.

(e) The Legislature has established a statewide goal to recycle 700,000 acre-feet of water per year by the year 2000 and 1,000,000 acre-feet of water per year by the year 2010.

(f) The use of recycled water has proven to be safe and the State Department of Health Services is drafting regulations to provide for expanded uses of recycled water.

SEC. 3. Section 13529.2 is added to the Water Code, to read:

13529.2. (a) Any person who , without regard to intent or negligence, causes or permits an unauthorized discharge of 50,000 gallons or more of recycled water, as defined in subdivision (c), or 1,000 gallons or more of recycled water, as defined in subdivision (d), in or on any waters of the state , or causes or permits such unauthorized discharge to be discharged where it is, or probably will be, discharged in or on any waters of the state, shall, as soon as (1) that person has knowledge of the discharge, (2) notification is possible, and (3) notification can be provided without substantially impeding cleanup or other emergency measures, immediately notify the appropriate regional board.

(b) For the purposes of this section, an unauthorized discharge means a discharge not authorized by waste discharge requirements pursuant to Article 4 of Chapter 4 (commencing with Section 13260), water reclamation requirements pursuant to Section 13523, a master reclamation permit pursuant to Section 13523.1, or any other provision of this division.

(c) For the purposes of this section, "recycled water" means wastewater treated as "disinfected tertiary 2.2 recycled water," as defined or described by the State Department of Health Services or wastewater receiving advanced treatment beyond disinfected tertiary 2.2 recycled water.

(d) For purposes of this section, "recycled water" means "recycled water," as defined in subdivision (n) of Section 13050, which is treated at a level less than "disinfected tertiary 2.2 recycled water," as defined or described by the State Department of Health Services.

(e) The requirements in this section supplement, and shall not supplant, any other provisions of law.

SEC. 4. Section 13529.4 is added to the Water Code, to read:

13529.4. (a) Any person refusing or failing to provide the notice required by Section 13529.2, or as required by a condition of waste discharge requirements requiring notification of unauthorized releases of recycled water as defined in Section 13529.2, may be subject to administrative civil liability in an amount not to exceed the following:

(1) For the first violation, or a subsequent violation occurring more than 365 days from a previous violation, five thousand dollars ($5,000).

(2) For a second violation occurring within 365 days of a previous violation, ten thousand dollars ($10,000).

(3) For a third or subsequent violation occurring within 365 days of a previous violation, twenty-five thousand dollars ($25,000).

(b) The penalties in this section supplement, and shall not supplant, any other provisions of law.

SEC. 5. Section 1.5 of this bill incorporates amendments to Section 13271 of the Water Code proposed by both this bill and Senate Bill 105. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1998, (2) each bill amends Section 13271 of the Water Code, and (3) this bill is enacted after Senate Bill 105, in which case Section 1 of this bill shall not become operative.

## CHAPTER 835

An act to amend Sections 98 and 98.02 of the Revenue and Taxation Code, relating to local government finance.

[Approved by Governor October 9, 1997. Filed with Secretary of State October 10, 1997.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 98 of the Revenue and Taxation Code is amended to read:

98. (a) In each county, other than the County of Ventura, having within its boundaries a qualifying city, the computations made pursuant to Section 96.1 or its predecessor section, for the 1989–90 fiscal year and each fiscal year thereafter, shall be modified as follows:

With respect to tax rate areas within the boundaries of a qualifying city, there shall be excluded from the aggregate amount of “property tax revenue allocated pursuant to this chapter to local agencies, other

than for a qualifying city, in the prior fiscal year," an amount equal to the sum of the amounts calculated pursuant to the TEA formula.

(b) (1) Except as otherwise provided in this section, each qualifying city shall, for the 1989–90 fiscal year and each year thereafter, be allocated by the auditor an amount determined pursuant to the TEA formula.

(2) For each qualifying city, the auditor shall, for the 1989–90 fiscal year and each year thereafter, allocate the amount determined pursuant to the TEA formula to all tax rate areas within that city in proportion to each tax rate area's share of the total assessed value in the city for the applicable fiscal year, and the amount so determined shall be subtracted from the county's proportionate share of property tax revenue for that fiscal year within those tax rate areas.

(3) After making the allocations pursuant to paragraphs (1) and (2), but before making the calculations pursuant to Section 96.5 or its predecessor section, the auditor shall, for all tax rate areas in the qualifying city, calculate the proportionate share of property tax revenue allocated pursuant to this section and Section 96.1, or their predecessor sections, in the 1989–90 fiscal year and each fiscal year thereafter to each jurisdiction in the tax rate area.

(4) In lieu of making the allocations of annual tax increment pursuant to subdivision (e) of Section 96.5 or its predecessor section, the auditor shall, for the 1989–90 fiscal year and each fiscal year thereafter, allocate the amount of property tax revenue determined pursuant to subdivision (d) of Section 96.5 or its predecessor section to jurisdictions in the tax rate area using the proportionate shares derived pursuant to paragraph (3).

(5) For purposes of the calculations made pursuant to Section 96.1 or its predecessor section, in the 1990–91 fiscal year and each fiscal year thereafter, the amounts that would have been allocated to qualifying cities pursuant to this subdivision shall be deemed to be the "amount of property tax revenue allocated in the prior fiscal year."

(c) "TEA formula" means the Tax Equity Allocation formula, and shall be calculated by the auditor for each qualifying city as follows:

(1) For the 1988–89 fiscal year and each fiscal year thereafter, the auditor shall determine the total amount of property tax revenue to be allocated to all jurisdictions in all tax rate areas within the qualifying city, before the allocation and payment of funds in that fiscal year to a community redevelopment agency within the qualifying city, as provided in subdivision (b) of Section 33670 of the Health and Safety Code.

(2) The auditor shall determine the total amount of funds allocated in each fiscal year to a community redevelopment agency in accordance with subdivision (b) of Section 33670 of the Health and Safety Code.

(3) The auditor shall determine the total amount of funds paid in each fiscal year by a community redevelopment agency within the city to jurisdictions other than the city pursuant to subdivision (b) of

Section 33401 and Section 33676 of the Health and Safety Code, and the cost to the redevelopment agency of any land or facilities transferred and any amounts paid to jurisdictions other than the city to assist in the construction or reconstruction of facilities pursuant to an agreement entered into under Section 33401 or 33445.5 of the Health and Safety Code.

(4) The auditor shall subtract the amount determined in paragraph (3) from the amount determined in paragraph (2).

(5) The auditor shall subtract the amount determined in paragraph (4) from the amount determined in paragraph (1).

(6) The amount computed in paragraph (5) shall be multiplied by the following percentages in order to determine the TEA formula amount to be distributed to the qualifying city in each fiscal year:

(A) For the first fiscal year in which the qualifying city receives a distribution pursuant to this section, 1 percent of the amount determined in paragraph (5).

(B) For the second fiscal year in which the qualifying city receives a distribution pursuant to this section, 2 percent of the amount determined in paragraph (5).

(C) For the third fiscal year in which the qualifying city receives a distribution pursuant to this section, 3 percent of the amount determined in paragraph (5).

(D) For the fourth fiscal year in which the qualifying city receives a distribution pursuant to this section, 4 percent of the amount determined in paragraph (5).

(E) For the fifth fiscal year in which the qualifying city receives a distribution pursuant to this section, 5 percent of the amount determined in paragraph (5).

(F) For the sixth fiscal year in which the qualifying city receives a distribution pursuant to this section, 6 percent of the amount determined in paragraph (5).

(G) For the seventh fiscal year and each fiscal year thereafter in which the city receives a distribution pursuant to this section, 7 percent of the amount determined in paragraph (5).

(d) "Qualifying city" means any city, except a qualifying city as defined in Section 98.1, that incorporated prior to June 5, 1987, and had an amount of property tax revenue allocated to it pursuant to subdivision (a) of Section 96.1 or its predecessor section in the 1988–89 fiscal year that is less than 7 percent of the amount of property tax revenue computed as follows:

(1) The auditor shall determine the total amount of property tax revenue allocated to the city in the 1988–89 fiscal year.

(2) The auditor shall subtract the amount in the 1988–89 fiscal year determined in paragraph (3) of subdivision (c) from the amount determined in paragraph (2) of subdivision (c).

(3) The auditor shall subtract the amount determined in paragraph (2) from the amount of property tax revenue determined in paragraph (1) of subdivision (c).

(4) The auditor shall divide the amount of property tax revenue determined in paragraph (1) of this subdivision by the amount of property tax revenue determined in paragraph (3) of this subdivision.

(5) If the quotient determined in paragraph (4) of this subdivision is less than 0.07, the city is a qualifying city. If the quotient determined in that paragraph is equal to or greater than 0.07, the city is not a qualifying city.

(e) The auditor may assess each qualifying city its proportional share of the actual costs of making the calculations required by this section, and may deduct that assessment from the amount allocated pursuant to subdivision (b). For purposes of this subdivision, a qualifying city's proportional share of the auditor's actual costs shall not exceed the proportion it receives of the total amounts excluded in the county pursuant to subdivision (a).

(f) Notwithstanding subdivision (b), in any fiscal year in which a qualifying city is to receive a distribution pursuant to this section, the auditor shall reduce the actual amount distributed to the qualifying city by the sum of the following:

(1) The amount of property tax revenue that was exchanged between the county and the qualifying city as a result of negotiation pursuant to Section 99.03.

(2) (A) Except as otherwise provided in subparagraph (B), the amount of revenue not collected by the qualifying city in the first fiscal year following the city's reduction after January 1, 1988, of the tax rate or tax base of any locally imposed general or special tax, except any tax that was imposed after January 1, 1988. In the case of a tax that existed before January 1, 1988, this paragraph shall apply only with respect to an amount attributable to a reduction of the rate or base to a level lower than the rate or base applicable on January 1, 1988. The amount so computed by the auditor shall constitute a reduction in the amount of property tax revenue distributed to the qualifying city pursuant to this section in each succeeding fiscal year. That amount shall be aggregated with any additional amount computed pursuant to this paragraph as the result of the city's reduction in any subsequent year of the tax rate or tax base of the same or any other locally imposed general or special tax.

(B) Except in the County of Santa Clara, no reduction shall be made pursuant to subparagraph (A) in the case in which a local tax is reduced or eliminated as a result of either a court decision or the approval or rejection of a ballot measure by the voters.

(3) (A) The amount of property tax revenue received pursuant to this chapter in excess of the amount allocated for the 1986–87 fiscal year by all special districts that are governed by the city council of the qualifying city or whose governing body is the same as the city council of the qualifying city with respect to all tax rate areas within the boundaries of the qualifying city.

(B) Notwithstanding subparagraph (A), commencing with the 1994–95 fiscal year, the auditor shall not reduce the amount distributed to a qualifying city under this section by reason of that city becoming the successor agency to a special district, that is dissolved, merged with that city, or becomes a subsidiary district of that city, on or after July 1, 1994.

(C) Notwithstanding subparagraph (A), commencing with the 1997–98 fiscal year, the auditor shall not reduce the amount distributed to a qualifying city under this section by reason of that city withdrawing from a county free library system pursuant to Section 19116 of the Education Code.

(4) Any amount of property tax revenues that has been exchanged pursuant to Section 56842 of the Government Code between the City of Rancho Mirage and a community services district, the formation of which was initiated on or after March 6, 1997, pursuant to Chapter 4 (commencing with Section 56800) of Part 3 of Division 3 of Title 5 of the Government Code.

(g) In any fiscal year in which a qualifying city is to receive a distribution pursuant to this section, the auditor shall increase the actual amount distributed to the qualifying city by the amount of property tax revenue allocated to the qualifying city pursuant to Section 19116 of the Education Code.

(h) If the auditor determines that the amount to be distributed to a qualifying city pursuant to subdivision (b), as modified by subdivisions (e), (f), and (g) would result in a qualifying city having proceeds of taxes in excess of its appropriation limit, the auditor shall reduce the amount, on a dollar-for-dollar basis, by the amount that exceeds the city's appropriations limit.

(i) The amount not distributed to the tax rate areas of a qualifying city as a result of this section shall be distributed by the auditor to the county.

(j) Notwithstanding any other provision of this section, no qualifying city shall be distributed an amount pursuant to this section that is less than the amount the city would have been allocated without the application of the TEA formula.

(k) Notwithstanding any other provision of this section, the auditor shall not distribute any amount determined pursuant to this section to any qualifying city that has in the prior fiscal year used any revenues or issued bonds for the construction, acquisition, or development, of any facility which is defined in Section 103(b)(4), 103(b)(5), or 103(b)(6) of the Internal Revenue Code of 1954 prior to the enactment of the Tax Reform Act of 1986 (P.L. 99-514) and is no longer eligible for tax-exempt financing.

SEC. 2. Section 98.02 of the Revenue and Taxation Code is amended to read:

98.02. (a) In the County of Ventura, the computations made pursuant to Section 96.1 or its predecessor section, for the 1989–90 fiscal year and each year thereafter, shall be modified as follows:

With respect to tax rate areas, except excluded tax rate areas, within the boundaries of a qualifying city, there shall be excluded from the aggregate amount of "property tax revenue allocated pursuant to this chapter to local agencies, other than for a qualifying city, in the prior fiscal year," an amount equal to the sum of the amounts calculated pursuant to the TEA formula.

(b) (1) Each qualifying city shall, for the 1989–90 fiscal year and each fiscal year thereafter, be allocated by the auditor an amount determined pursuant to the TEA formula.

(2) For each qualifying city, the auditor shall, for the 1989–90 fiscal year and each year thereafter, distribute the amount determined pursuant to the TEA formula to all tax rate areas, except excluded tax rate areas, within that city in proportion to each tax rate area's share of the total assessed value in the city for the applicable fiscal year, and the amount so determined shall be subtracted from the county's proportionate share of the property tax revenue for that fiscal year within those tax rate areas.

(3) After making the allocations pursuant to paragraphs (1) and (2), but before making the calculations pursuant to Section 96.5 or its predecessor section, the auditor shall, for all tax rate areas, except excluded tax rate areas, in the qualifying city, calculate the proportionate share of property tax revenue allocated pursuant to this section and Section 96.1, or their predecessor sections, in the 1989–90 fiscal year and each fiscal year thereafter to each jurisdiction in the tax rate area.

(4) In lieu of making the allocations of annual tax increment pursuant to subdivision (e) of Section 96.5 or its predecessor section, the auditor shall for the 1989–90 fiscal year and each fiscal year thereafter, allocate the amount of property tax revenue determined pursuant to subdivision (d) of Section 98 to jurisdictions in the tax rate area, except an excluded tax rate area, using the proportionate shares derived pursuant to paragraph (3).

(5) For purposes of the calculations made pursuant to Section 96.1 or its predecessor section, in the 1990–91 fiscal year and each fiscal year thereafter, the amounts that would have been allocated to all tax rate areas, except excluded tax rate areas, of qualifying cities pursuant to this subdivision shall be deemed to be the "amount of property tax revenue allocated to those tax rate areas in the prior fiscal year."

(c) "TEA formula" means the Tax Equity Allocation formula, and shall be calculated by the auditor for each qualifying city as follows:

(1) For the 1988–89 fiscal year and each fiscal year thereafter, the auditor shall determine the total amount of property tax revenue to be allocated to all jurisdictions in all tax rate areas, except excluded tax rate areas, within the qualifying city, before the allocation and payment of funds in that fiscal year to a community redevelopment agency within the qualifying city, as provided in subdivision (b) of Section 33670 of the Health and Safety Code.

(2) The auditor shall determine the amount of funds allocated in each fiscal year to those tax rate areas, except excluded tax rate areas, within a community redevelopment agency in accordance with subdivision (b) of Section 33670 of the Health and Safety Code.

(3) (A) The auditor shall determine the total amount of funds paid in each fiscal year by a community redevelopment agency within the city to jurisdictions other than the city pursuant to subdivision (b) of Section 33401 and Section 33676 of the Health and Safety Code, and the cost to the redevelopment agency of any land or facilities transferred and any amounts paid to jurisdictions other than the city to assist in the construction or reconstruction of facilities pursuant to an agreement entered into under Section 33401 or 33445.5 of the Health and Safety Code.

(B) Of the total amount determined in subparagraph (A), the auditor shall compute a proportionate amount to be attributed to all tax rate areas, except excluded tax rate areas, within the community redevelopment agency. That proportionate amount shall be equal to that proportion which the amount determined in paragraph (2) in each fiscal year bears to the total amount of funds allocated in each fiscal year to a community redevelopment agency in accordance with subdivision (b) of Section 33670 of the Health and Safety Code.

(4) The auditor shall subtract the amount determined in subparagraph (B) of paragraph (3) from the amount determined in paragraph (2).

(5) The auditor shall subtract the amount determined in paragraph (4) from the amount determined in paragraph (1).

(6) The amount computed in paragraph (5) shall be multiplied by the following percentages in order to determine the TEA formula amount to be distributed to the qualifying city in each fiscal year:

(A) For the first fiscal year in which the qualifying city receives a distribution pursuant to this section, 1 percent of the amount determined in paragraph (5).

(B) For the second fiscal year in which the qualifying city receives a distribution pursuant to this section, 2 percent of the amount determined in paragraph (5).

(C) For the third fiscal year in which the qualifying city receives a distribution pursuant to this section, 3 percent of the amount determined in paragraph (5).

(D) For the fourth fiscal year and each fiscal year thereafter in which the qualifying city receives a distribution pursuant to this section, 4 percent of the amount determined in paragraph (5).

(d) For purposes of this section, "excluded tax rate area" means either of the following:

(1) Any tax rate area included in territory annexed by the qualifying city and allocated a prescribed percentage of property tax revenue pursuant to an existing agreement between the qualifying city and the county.

(2) Any tax rate area described in paragraph (1) that was detached from the county library district and that is also allocated an additional prescribed percentage of property tax revenue pursuant to an existing agreement between the qualifying city and the county.

(e) (1) All existing agreements between the qualifying city and the county covering the allocation of property tax revenues to tax rate areas described in subdivision (d) shall remain in force.

(2) All existing agreements between the qualifying city and the county covering the allocation of property tax revenues to tax rate areas that were detached from the county library district but are not included in territory that was annexed by the qualifying city shall remain in force.

(3) All allocations to those tax rate areas described in subdivision (d), including allocations of annual tax increments, made pursuant to the existing agreements between the qualifying city and the county shall be governed by subdivision (a) of Section 96.1 and Section 96.5.

(4) All allocations to those tax rate areas described in paragraph (2), including allocations of annual tax increments, made pursuant to the existing agreements between the qualifying city and the county shall be governed by subdivision (a) of Section 96.1 and Section 96.5. However, the tax rate areas referred to in this paragraph shall also be distributed an amount of property tax revenue determined pursuant to the TEA formula that is over and above the amount allocated as provided in the preceding sentence.

(f) "Qualifying city" means any city that incorporated prior to June 5, 1987, and had an amount of property tax revenue allocated to it pursuant to subdivision (a) of Section 96.1 or its predecessor section in the 1988–89 fiscal year that is less than 4 percent of the amount of property tax revenue computed as follows:

(1) The auditor shall determine the total amount of property tax revenue allocated to all tax rate areas, except excluded tax rate areas, in the city in the 1988–89 fiscal year.

(2) The auditor shall subtract the amount in the 1988–89 fiscal year determined in paragraph (3) of subdivision (c) from the amount determined in paragraph (2) of subdivision (c).

(3) The auditor shall subtract the amount determined in paragraph (2) from the amount of property tax revenue in paragraph (1) of subdivision (c).

(4) The auditor shall divide the amount of property tax revenue determined in paragraph (1) of this subdivision by the amount of property tax revenue determined in paragraph (3) of this subdivision.

(5) If the quotient determined in paragraph (4) of this subdivision is less than 0.04, the city is a qualifying city. If the quotient determined in that paragraph is equal to or greater than 0.04, the city is not a qualifying city.

(g) The auditor may assess each qualifying city its proportional share of the actual costs of making the calculations required by this section, and may deduct that assessment from the amount allocated pursuant to subdivision (b). For purposes of this subdivision, a qualifying city's proportional share of the auditor's actual costs shall not exceed the proportion it receives of the total amounts excluded in the county pursuant to subdivision (a).

(h) (1) Notwithstanding subdivision (b), except as otherwise provided in paragraph (2), in any fiscal year in which a qualifying city receives a distribution pursuant to this section, the auditor shall reduce the actual amount distributed to the qualifying city by the amount of revenue not collected by the qualifying city in the first fiscal year following the city's reduction after January 1, 1988, of the tax rate or tax base of any locally imposed general or special tax. The amount so computed by the auditor shall constitute a reduction in the amount of property tax revenue distributed to the qualifying city pursuant to this section in each succeeding fiscal year. That amount shall be aggregated with any additional amount computed pursuant to this paragraph as the result of the city's reduction in any subsequent year of the tax rate or tax base of the same or any other locally imposed general or special tax.

(2) No reduction shall be made pursuant to paragraph (1) in the case in which a local tax is reduced or eliminated as a result of either a court decision or the approval or rejection of a ballot measure by the voters.

(i) If the auditor determines that the amount to be distributed to a qualifying city pursuant to subdivision (b), as modified by subdivisions (g) and (h), would result in a qualifying city having proceeds of taxes in excess of its appropriation limit, the auditor shall reduce the amount, on a dollar-for-dollar basis, by the amount that exceeds the city's appropriations limit.

(j) The amount not distributed to tax rate areas, except excluded tax rate areas, of a qualifying city as a result of this section shall be distributed by the auditor to the county.

(k) Notwithstanding any other provision of this section, no qualifying city shall be distributed an amount pursuant to this section that is less than the amount the city would have been allocated without the application of the TEA formula.

(*l*) Notwithstanding any other provision of this section, commencing with the 1994–95 fiscal year, the auditor shall not reduce the amount distributed to a qualifying city under this section by reason of that city becoming the successor agency to a special district that is dissolved, merged with that city, or becomes a subsidiary district of that city, on or after July 1, 1994.

(m) The amount not distributed as a result of this section to the tax rate areas, except excluded tax rate areas, in each qualifying city shall be allocated by the auditor to the county.

SEC. 3. Notwithstanding the amendment of Section 33401 of the Health and Safety Code by Chapter 942 of the Statutes of 1993, the redevelopment agency of the City of Rancho Mirage: (a) that prior to January 1, 1994, had entered into an agreement with the County of Riverside pursuant to Section 33401 to pay a portion of its tax increments to the county, (b) where a portion of these payments were for the purpose of alleviating the financial impact of the project area upon the county's ability to provide library services to the City of Rancho Mirage, (c) where the provision of the library services to the City of Rancho Mirage is no longer being provided by the county, (d) where the payment to the county pursuant to the agreement has been reduced because the county is no longer providing library services, and (e) where a community services district formed pursuant to Chapter 4 (commencing with Section 56800) of Part 3 of Division 3 of Title 5 of the Government Code will provide the library services to the City of Rancho Mirage, may enter into an agreement with the community services district for the purpose of making payments to the community services district. The payments pursuant to the agreement shall not be made prior to the date the community services district commences providing library service to the City of Rancho Mirage and shall not exceed the amount that would have previously been paid to the county to alleviate the financial impact of the project area upon the county's ability to provide library services to the City of Rancho Mirage.

SEC. 4. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique, distorting, and unintended impact of current law upon the amounts of annual property tax revenue allocations made in the County of Riverside to the City of Rancho Mirage.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act provides for offsetting savings to local agencies or school districts that result in no net costs to the local agencies or school districts, within the meaning of Section 17556 of the Government Code.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

## CHAPTER 836

An act to add Section 13660 to, and to repeal Section 13412 of, the Business and Professions Code, relating to disability.

[Approved by Governor October 9, 1997. Filed with
Secretary of State October 10, 1997.]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares all of the following:

(a) Because of the size of the State of California, the design of its urban areas, and the limited availability of public transportation in many areas, millions of Californians depend on motor vehicles as their basic means of transportation.

(b) For many persons with disabilities, the ability to operate a motor vehicle is a vital component in ensuring full integration into society, independent living, and achievement of educational and career goals. Most of these individuals are unable to safely refuel their own vehicles and must rely on service station personnel to provide this service.

(c) Section 13412 of the Business and Professions Code, which was enacted by Chapter 530 of the Statutes of 1982, provides that persons with disabilities are entitled to receive refueling assistance unless the station does not provide refueling service to the general public and pumps are remotely controlled by a single cashier.

(d) Since 1982, the number of service stations with full-service fuel pumps has decreased significantly making it increasingly difficult for persons with disabilities to obtain refueling services.

(e) This situation is contrary to the intent of the Americans with Disabilities Act of 1990 and represents a significant threat to the safety and independence of persons with disabilities.

(f) In 1995, the Legislature passed Senate Concurrent Resolution 16 (Resolution Chapter 67 of the Statutes of 1996) calling upon the Department of Rehabilitation to convene a special task force with representatives from the disabled community and the service station industry to develop recommendations on improving access to refueling services for persons with disabilities. The purpose of this act is to enact changes in state law recommended by that task force and to direct the Department of Rehabilitation and the Department of Transportation to carry out certain additional measures agreed upon by the task force.

(g) This act is also intended to simplify and clarify access compliance responsibilities for owners and operators of gasoline service stations by aligning state law with the requirements of the Americans with Disabilities Act of 1990.

SEC. 2. Section 13412 of the Business and Professions Code is repealed.

SEC. 3. Section 13660 is added to the Business and Professions Code, to read:

13660. (a) Every person, firm, partnership, association, trustee, or corporation that operates a service station shall provide, upon request, refueling service to a disabled driver of a vehicle that displays a disabled person's plate or placard, or a disabled veteran's plate, issued by the Department of Motor Vehicles. The price

charged for the motor vehicle fuel shall be no greater than that which the station otherwise would charge the public generally to purchase motor vehicle fuel without refueling service.

(b) Any person or entity specified in subdivision (a) that operates a service station shall be exempt from this section during hours when:

(1) Only one employee is on duty.

(2) Only two employees are on duty, one of whom is assigned exclusively to the preparation of food.

As used in this subdivision, the term "employee" does not include a person employed by an unrelated business that is not owned or operated by the entity offering motor vehicle fuel for sale to the general public.

(c) (1) Every person, firm, partnership, association, trustee, or corporation required to provide refueling service for persons with disabilities pursuant to this section shall post the following notice in a manner and single location that is conspicuous to a driver seeking refueling service:

"Service to Disabled Persons

Disabled individuals properly displaying a disabled person's plate or placard, or a disabled person's plate, issued by the Department of Motor Vehicles, are entitled to request and receive refueling service at this service station for which they may not be charged more than the self-service price. For information regarding enforcement of laws providing for access to refueling services for persons with disabilities, you may call the California Assistive Technology System at (800) 390-2699."

(2) If refueling service is limited to certain hours pursuant to an exemption set forth in subdivision (b), the notice required by paragraph (1) shall also specify the hours during which refueling service for persons with disabilities is available.

(3) Every person, firm, partnership, association, trustee, or corporation that, consistent with subdivision (b), does not provide refueling service for persons with disabilities during any hours of operation shall post the following notice in a manner and single location that is conspicuous to a driver seeking refueling service:

"No Service for Disabled Persons

This service station does not provide refueling service for disabled individuals. For information regarding enforcement of laws providing for access to refueling services for persons with disabilities, you may call the California Assistive Technology System at (800) 390-2699."

(d) During the county sealer's normal petroleum product inspection of a service station, the sealer shall verify that a sign has been posted in accordance with subdivision (c). If a sign has not been

posted, the sealer shall issue a notice of violation to the owner or agent. The sealer shall be reimbursed, as prescribed by the department, from funds provided under Chapter 14. If substantial, repeated violations of subdivision (c) are noted at the same service station, the sealer shall refer the matter to the appropriate local law enforcement agency.

(e) The local law enforcement agency shall, upon the verified complaint of any person or public agency, investigate the actions of any person, firm, partnership, association, trustee, or corporation alleged to have violated this section. If the local law enforcement agency determines that there has been a denial of service in violation of this section, or a substantial or repeated failure to comply with subdivision (c), the agency shall levy the fine prescribed in subdivision (f).

(f) Any person who, as a responsible managing individual setting service policy of a service station, or as an employee acting independently against the set service policy, acts in violation of this section is guilty of an infraction punishable by a fine of one hundred dollars ($100) for the first offense, two hundred dollars ($200) for the second offense, and five hundred dollars ($500) for each subsequent offense.

(g) In addition to those matters referred pursuant to subdivision (e), the city attorney, the district attorney, or the Attorney General, upon his or her own motion, may investigate and prosecute alleged violations of this section. Any person or public agency may also file a verified complaint alleging violation of this section with the city attorney, district attorney, or Attorney General.

(h) Enforcement of this section may be initiated by any intended beneficiary of the provisions of this section, his or her representatives, or any public agency that exercises oversight over the service station, and the action shall be governed by Section 1021.5 of the Code of Civil Procedure.

(i) An annual notice setting forth the provisions of this section shall be provided by the Board of Equalization to every person, firm, partnership, association, trustee, or corporation that operates a service station.

(j) A notice setting forth the provisions of this section shall be printed on each disabled person's placard issued by the Department of Motor Vehicles on and after January 1, 1999. A notice setting forth the provisions of this section shall be provided to each person issued a disabled person's or disabled veteran's plate on and after January 1, 1998.

(k) For the purposes of this action "refueling service" means the service of pumping motor vehicle fuel into the fuel tank of a motor vehicle.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will

be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

## CHAPTER 837

An act to add Sections 66451.22 and 66451.23 to the Government Code, relating to land use.

[Approved by Governor October 9, 1997. Filed with Secretary of State October 10, 1997.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 66451.22 is added to the Government Code, to read:

66451.22. (a) The Legislature hereby finds and declares that:

(1) The agricultural area of Napa County has become extremely important over the last 25 years as a premier winegrape growing region of worldwide importance and should thereby be protected from parcelization.

(2) The county has determined that because of the land's extraordinary agricultural value as a winegrape production area and the fact that the county's tourism industry entrusts its significant economic interests to its agricultural and open-space lands, the highest and best use for the agricultural land in the Napa Valley is for agricultural production.

(3) The full potential build-out of parcels not previously recognized in Napa County's agricultural preserve and watershed areas could devastate the wine industry of California and Napa County.

(4) To adequately protect the value and productivity of the county's agricultural lands, Napa County needs relief from the Subdivision Map Act's implied preemption of local ordinances that may require merger of parcels that do not meet current zoning and design and improvement standards as well as the provisions that recognize parcels created prior to, or before, the current Subdivision Map Act.

(b) Notwithstanding any other provision of law, the County of Napa may adopt ordinances to require, as a condition of the issuance of any permit or the grant of any approval necessary to develop any

real property which includes in whole or in part an undeveloped substandard parcel, that the undeveloped substandard parcel be merged into any other parcel or parcels that are contiguous to it and were held in common ownership on or after the effective date of this act, whether or not the contiguous parcels are a part of the development application, except as otherwise provided in subdivisions (d) and (e).

(c) For purposes of this section, "undeveloped substandard parcel" means a parcel or parcels that qualify as undeveloped pursuant to subdivision (a) of Section 66451.11, are located in areas designated as Agricultural Resource (AR) or Agricultural, Watershed, and Open Space (AWOS) on the General Plan Map of Napa County and are inconsistent with the parcel size established by the general plan and any applicable specific plan.

(d) Any ordinance adopted by the County of Napa pursuant to subdivision (b) shall exempt the following:

(1) Undeveloped substandard parcels for which a conditional or unconditional certificate of compliance has been issued pursuant to subdivision (a) or (b) of Section 66499.35, so long as the application for the certificate of compliance, together with the documentation required by the County of Napa on or before August 1, 1997, to commence the processing of an application, is filed on or before the effective date of this act; provided that this exemption shall not be applicable to conditional certificates of compliance, whenever issued, if the parcels involved were created on or after January 1, 1997, in a manner not in compliance with this division or local ordinances enacted pursuant thereto.

(2) Substandard parcels created by the recordation of a final or parcel map approved by the County of Napa on or after December 29, 1955.

(3) Substandard parcels lawfully created by the recordation of a record of survey prior to February 27, 1969.

(4) Notwithstanding Section 1093 of the Civil Code, property that in the most recently recorded deed, mortgage, patent, deed of trust, contract of sale, or other instrument of conveyance or security document, described by means of a consolidated legal description, whether or not such legal description is comprised of one or more previously existing legal descriptions, provided the owner of same prior to filing an application for development records a document merging any underlying parcel lines that may exist.

(e) Notwithstanding the provisions of subdivision (b), the Board of Supervisors of the County of Napa shall not require merger or condition or deny the issuance of any permit or the grant of any approval necessary to develop any real property in a manner that would constitute a taking of the landowner's property in violation of the United States and California Constitutions.

(f) Nothing contained in this section shall be construed as affecting the right of the County of Napa, pursuant to the provisions

of Article 1.5 (commencing with Section 66451.10) and Article 1.7 (commencing with Section 66451.30), to merge any parcels of land in the unincorporated area of that county, including, but not limited to, any parcels eligible for the exemption as described in subdivision (d) of Section 66451.22.

SEC. 2. Section 66451.23 is added to the Government Code, to read:

66451.23. Prior to adopting any ordinance authorized by Section 66451.22, the legislative body of the County of Napa shall conduct at least one public meeting at which local officials shall allow public testimony regarding the proposed ordinance in addition to the noticed public hearing at which the legislative body proposes to enact the ordinance.

SEC. 3. The Legislature finds and declares that, because of the unique circumstances applicable only to the County of Napa, as are more fully set forth in subdivision (a) of Section 66451.22, a statute of general applicability cannot be enacted within the meaning of subdivision (b) of Section 16 of Article IV of the California Constitution. Therefore, this special statute is necessary.

## CHAPTER 838

An act to amend Sections 22509, 22801, and 22803 of, and to add Section 22508.5 to, the Education Code, and to add Section 20309 to the Government Code, relating to community colleges.

[Approved by Governor October 9, 1997. Filed with Secretary of State October 10, 1997.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 22508.5 is added to the Education Code, to read:

22508.5. (a) Any person who is a member of the State Teachers' Retirement System employed by a community college district who subsequently is employed by the Board of Governors of the California Community Colleges to perform duties that require membership in a different public retirement system, shall be excluded from membership in that different system if he or she elects, in writing, and files that election in the office of the State Teachers' Retirement System within 60 days after the person's entry into the new position, to continue as a member of the State Teachers' Retirement System. Only a person who has achieved plan vesting is eligible to elect to continue as a member of the State Teachers' Retirement System.

(b) A member of the Public Employees' Retirement System who is employed by the Board of Governors of the California Community Colleges who subsequently is employed by a community college

district to perform creditable service subject to coverage by this plan, may elect to have that service subject to coverage by the Public Employees' Retirement System and excluded from coverage by this plan pursuant to Section 20309 of the Government Code.

(c) This section shall apply to changes in employment effective on or after January 1, 1998.

SEC. 2. Section 22509 of the Education Code is amended to read:

22509. (a) Within 10 working days of the date of hire of an employee who has the right to make an election pursuant to Section 22508 or 22508.5, the employer shall inform the employee of the right to make an election and shall make available to the employee written information provided by each retirement system concerning the benefits provided under that retirement system to assist the employee in making an election.

(b) Any election made pursuant to subdivision (a) of Section 22508 or subdivision (a) of Section 22508.5 shall be filed with the office of the State Teachers' Retirement System and a copy of the election shall be filed with the other public retirement system. ## CHAPTER 839

An act to add Part 4.5 (commencing with Section 124960) to Division 106 of the Health and Safety Code, relating to health.

[Approved by Governor October 9, 1997. Filed with Secretary of State October 10, 1997.]

*The people of the State of California do enact as follows:*

SECTION 1. Part 4.5 (commencing with Section 124960) is added to Division 106 of the Health and Safety Code, to read:

PART 4.5. PAIN PATIENT'S BILL OF RIGHTS

124960. The Legislature finds and declares all of the following:

(a) The state has a right and duty to control the illegal use of opiate drugs.

(b) Inadequate treatment of acute and chronic pain originating from cancer or noncancerous conditions is a significant health problem.

(c) For some patients, pain management is the single most important treatment a physician can provide.

(d) A patient suffering from severe chronic intractable pain should have access to proper treatment of his or her pain.

(e) Due to the complexity of their problems, many patients suffering from severe chronic intractable pain may require referral to a physician with expertise in the treatment of severe chronic intractable pain. In some cases, severe chronic intractable pain is best treated by a team of clinicians in order to address the associated physical, psychological, social, and vocational issues.

(f) In the hands of knowledgeable, ethical, and experienced pain management practitioners, opiates administered for severe acute and severe chronic intractable pain can be safe.

(g) Opiates can be an accepted treatment for patients in severe chronic intractable pain who have not obtained relief from any other means of treatment.

(h) A patient suffering from severe chronic intractable pain has the option to request or reject the use of any or all modalities to relieve his or her severe chronic intractable pain.

(i) A physician treating a patient who suffers from severe chronic intractable pain may prescribe a dosage deemed medically necessary to relieve severe chronic intractable pain as long as the prescribing is in conformance with the provisions of the California Intractable Pain Treatment Act, Section 2241.5 of the Business and Professions Code.

(j) A patient who suffers from severe chronic intractable pain has the option to choose opiate medication for the treatment of the severe chronic intractable pain as long as the prescribing is in conformance with the provisions of the California Intractable Pain Treatment Act, Section 2241.5 of the Business and Professions Code.

(k) The patient's physician may refuse to prescribe opiate medication for a patient who requests the treatment for severe chronic intractable pain. However, that physician shall inform the patient that there are physicians who specialize in the treatment of

severe chronic intractable pain with methods that include the use of opiates.

124961. Nothing in this section shall be construed to alter any of the provisions set forth in the California Intractable Pain Treatment Act, Section 2241.5 of the Business and Professions Code. This section shall be known as the Pain Patient's Bill of Rights.

(a) A patient suffering from severe chronic intractable pain has the option to request or reject the use of any or all modalities in order to relieve his or her severe chronic intractable pain.

(b) A patient who suffers from severe chronic intractable pain has the option to choose opiate medications to relieve severe chronic intractable pain without first having to submit to an invasive medical procedure, which is defined as surgery, destruction of a nerve or other body tissue by manipulation, or the implantation of a drug delivery system or device, as long as the prescribing physician acts in conformance with the provisions of the California Intractable Pain Treatment Act, Section 2241.5 of the Business and Professions Code.

(c) The patient's physician may refuse to prescribe opiate medication for the patient who requests a treatment for severe chronic intractable pain. However, that physician shall inform the patient that there are physicians who specialize in the treatment of severe chronic intractable pain with methods that include the use of opiates.

(d) A physician who uses opiate therapy to relieve severe chronic intractable pain may prescribe a dosage deemed medically necessary to relieve severe chronic intractable pain, as long as that prescribing is in conformance with the California Intractable Pain Treatment Act, Section 2241.5 of the Business and Professions Code.

(e) A patient may voluntarily request that his or her physician provide an identifying notice of the prescription for purposes of emergency treatment or law enforcement identification.

(f) Nothing in this section shall do either of the following:

(1) Limit any reporting or disciplinary provisions applicable to licensed physicians and surgeons who violate prescribing practices or other provisions set forth in the Medical Practice Act, Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code, or the regulations adopted thereunder.

(2) Limit the applicability of any federal statute or federal regulation or any of the other statutes or regulations of this state that regulate dangerous drugs or controlled substances.

## CHAPTER 840

An act to add Section 71051 to the Education Code, relating to postsecondary education.

[Approved by Governor October 9, 1997. Filed with
Secretary of State October 10, 1997.]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature hereby declares all of the following:

(a) It is the intent of the Legislature that public programs of higher education be made available to qualified persons throughout this state, including areas of substantial existing or projected populations that are underserved by any campus of the California State University or the California Community Colleges.

(b) The California Postsecondary Education Commission has evaluated the need for higher education facilities to accommodate a projected increase in student enrollment of over 450,000 additional students by the year 2005, and has concluded that as much as one billion dollars ($1,000,000,000) annually is required to respond to that need.

(c) In certain areas of the state, significantly underserved populations or projected population increases will require the California State University and the California Community Colleges, in collaboration with the private sector, to find ways to combine resources to expand existing learning centers and programs or to establish new or additional learning centers to provide access to higher education.

(d) The approval of Proposition 203 by the voters in March 1996, provided a source of capital outlay funds to public higher education institutions for fiscal years 1996–97 and 1997–98. There are no identified sources of funds, however, for future years to expand existing learning centers and programs, to complete projects, or to initiate new learning centers.

(e) In order to maintain the vigor and responsiveness of California in a global economy, Californians must be trained in the necessary skills and competencies that respond to new and emerging industries such as digital animation, biotechnology, advanced computer design, emerging agricultural and environmental technologies, and other cutting-edge markets.

(f) The development of alternative and innovative methods to fund additional learning centers and programs is necessary in order to respond to emerging learning and skill requirements of individuals in high growth underserved areas of the state.

SEC. 2. Section 71051 is added to the Education Code, to read:

71051. (a) The board of governors shall develop a process for the approval and funding of new collaborative facilities projects that are proposed by community college districts.

(b) Notwithstanding Section 7550.5 of the Government Code, the board of governors shall report on the development of its process for funding collaborative community college facilities projects to the Joint Legislative Budget Committee and the California

Postsecondary Education Commission no later than September 15, 1998, and shall include in that report any proposed legislation necessary to implement subdivision (a). The board of governors shall not implement subdivision (a) without statutory authorization.

## CHAPTER 841

An act to add Chapter 9 (commencing with Section 540) to Division 1 of the Water Code, and to amend Sections 15.1 and 24 of the Castaic Lake Water Agency Law (Chapter 28 of the Statutes of 1962, First Extraordinary Session), relating to water.

[Approved by Governor October 9, 1997. Filed with Secretary of State October 10, 1997.]

*The people of the State of California do enact as follows:*

SECTION 1. Chapter 9 (commencing with Section 540) is added to Division 1 of the Water Code, to read:

### CHAPTER 9. WATER DISTRICTS

540. Notwithstanding any other provision of law, a water district, as defined in Section 20200, may serve as an aggregator to facilitate direct transactions within the boundaries of the district in accordance with Chapter 2.3 (commencing with Section 330) of Part 1 of Division 1 of the Public Utilities Code and charge a fee that is equal to the district's cost for providing that service.

SEC. 2. Section 15.1 of the Castaic Lake Water Agency Law (Chapter 28 of the Statutes of 1962, First Extraordinary Session) is amended to read:

Sec. 15.1. In addition to the other powers set forth in this act, the agency may:

(a) Acquire water and water rights, including, but not limited to, water from the State of California under the State Water Resources Development System.

(b) Develop, store, treat, distribute, and reclaim the water.

(c) Provide, sell, and deliver water at wholesale only for municipal, industrial, domestic, and other purposes.

(d) Serve as an aggregator to facilitate direct transactions within the boundaries of the agency in accordance with Chapter 2.3 (commencing with Section 330) of Part 1 of Division 1 of the Public Utilities Code and charge a fee that is equal to the agency's costs for providing that service.

SEC. 3. Section 24 of the Castaic Lake Water Agency Law (Chapter 28 of the Statutes of 1962, First Extraordinary Session) is amended to read:

Sec. 24. (a) The board of directors, so far as practicable, shall fix a rate or rates for water in the agency and in each improvement district therein that will result in revenues that will pay the operating expenses of the agency, and the improvement district, provide for the payment of the cost of water received by the agency under the State Water Plan, provide for repairs and depreciation of works, provide a reasonable surplus for improvements, extensions, and enlargements, pay the interest on any bonded debt, and provide a sinking or other fund for the payment of the principal of that bonded debt as it may become due. The rates for water in each improvement district may vary from the rates of the agency and from other improvement districts therein.

(b) The board of directors may increase the rate or rates for water only if the board determines, by resolution and on the basis of substantial evidence, that the additional revenue generated by the rate increase will not be used to subsidize losses resulting from the exercise of the agency's authority pursuant to subdivision (d) of Section 15.1.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district are the result of a program for which legislative authority was requested by that local agency or school district, within the meaning of Section 17556 of the Government Code and Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

Disclosure under this section shall be subject to the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code). Nothing in this section shall preclude a submitting agency prior to disclosure from redacting the name, address, and telephone number of a witness, person who reports under this article, or victim to maintain confidentiality as required by law.

(14) Each county child death review team's chairperson, or the chairperson's designee, to whom disclosure of information is permitted under this article, relating to the death of one or more children and any prior child abuse investigation reports maintained involving the same victim, siblings, or suspects. Local child death review teams may share any relevant information regarding case reviews involving child death with other child death review teams.

(c) Authorized persons within county health departments shall be permitted to receive copies of any reports made by health practitioners, as defined in Section 11165.8, pursuant to Section 11165.13, and copies of assessments completed pursuant to Sections 123600 and 123605 of the Health and Safety Code, to the extent permitted by federal law. Any information received pursuant to this subdivision is protected by subdivision (e).

(d) Nothing in this section shall be interpreted to require the Department of Justice to disclose information contained in records maintained under Section 11169 or under the regulations promulgated pursuant to Section 11174, except as otherwise provided in this article.

(e) This section shall not be interpreted to allow disclosure of any reports or records relevant to the reports of child abuse if the disclosure would be prohibited by any other provisions of state or federal law applicable to the reports or records relevant to the reports of child abuse.

SEC. 2. Section 11170 of the Penal Code is amended to read:

11170. (a) The Department of Justice shall maintain an index of all reports of child abuse submitted pursuant to Section 11169. The index shall be continually updated by the department and shall not contain any reports that are determined to be unfounded. The department may adopt rules governing recordkeeping and reporting pursuant to this article.

(b) (1) The Department of Justice shall immediately notify a child protective agency that submits a report pursuant to Section 11169, or a district attorney who requests notification, of any information maintained pursuant to subdivision (a) that is relevant to the known or suspected instance of child abuse reported by the agency. A child protective agency shall make that information available to the reporting medical practitioner, child custodian, guardian ad litem appointed under Section 326, or counsel appointed under Section 317 or 318 of the Welfare and Institutions Code, or the appropriate licensing agency, if he or she is treating or investigating a case of known or suspected child abuse.

(2) When a report is made pursuant to subdivision (a) or (c) of Section 11166, the investigating agency, upon completion of the investigation or after there has been a final disposition in the matter, shall inform the person required to report of the results of the investigation and of any action the agency is taking with regard to the child or family.

(3) The department shall make available to the State Department of Social Services or to any county licensing agency that has contracted with the state for the performance of licensing duties any information received subsequent to January 1, 1981, pursuant to this section concerning any person who is an applicant for licensure or any adult who resides or is employed in the home of an applicant for licensure or who is an applicant for employment in a position having

supervisorial or disciplinary power over a child or children, or who will provide 24-hour care for a child or children in a residential home or facility, pursuant to Section 1522.1 or 1596.877 of the Health and Safety Code, or Section 8714, 8802, 8912, or 9000 of the Family Code. If the department has information that has been received subsequent to January 1, 1981, concerning a person, it also shall make available to the State Department of Social Services or to the county licensing agency any other information maintained pursuant to subdivision (a).

(4) Persons or agencies, as specified in subdivision (b), if investigating a case of known or suspected child abuse, or the State Department of Social Services or any county licensing agency pursuant to paragraph (3), to whom disclosure of any information maintained pursuant to subdivision (a) is authorized, are responsible for obtaining the original investigative report from the reporting agency, and for drawing independent conclusions regarding the quality of the evidence disclosed, and its sufficiency for making decisions regarding investigation, prosecution, or licensing.

(5) (A) Effective January 1, 1993, whenever information contained in the Department of Justice files is furnished as the result of an application for employment or licensing pursuant to paragraph (3), the Department of Justice may charge the person or entity making the request a fee. The fee shall not exceed the reasonable costs to the department of providing the information. The only increase shall be at a rate not to exceed the legislatively approved cost-of-living adjustment for the department. In no case shall the fee exceed fifteen dollars ($15).

(B) All moneys received by the department pursuant to this section to process trustline applications for purposes of Chapter 3.35 (commencing with Section 1596.60) of Division 2 of the Health and Safety Code shall be deposited in a special account in the General Fund that is hereby established and named the Department of Justice Child Abuse Fund. Moneys in the fund shall be available, upon appropriation by the Legislature, for expenditure by the department to offset the costs incurred to process trustline automated child abuse system checks pursuant to this section.

(C) All moneys, other than that described in subparagraph (B), received by the department pursuant to this paragraph shall be deposited in a special account in the General Fund which is hereby created and named the Department of Justice Sexual Habitual Offender Fund. The funds shall be available, upon appropriation by the Legislature, for expenditure by the department to offset the costs incurred pursuant to Chapter 9.5 (commencing with Section 13885) and Chapter 10 (commencing with Section 13890) of Title 6 of Part 4, and Section 290.2, and for maintenance and improvements to the statewide Sexual Habitual Offender Program and the DNA offender identification file (CAL-DNA) authorized by Chapter 9.5

(commencing with Section 13885) of Title 6 of Part 4 and Section 290.2.

(c) The Department of Justice shall make available to any child protective agency responsible for placing children pursuant to Article 7 (commencing with Section 305) of Chapter 2 of Part 1 of Division 2 of the Welfare and Institutions Code, upon request, relevant information concerning child abuse reports contained in the index, when making a placement with a responsible relative pursuant to Sections 281.5, 305, and 361.3 of the Welfare and Institutions Code. Upon receipt of relevant information concerning child abuse reports contained in the index from the Department of Justice pursuant to this subdivision, the child protective agency shall also notify in writing the person listed in the Child Abuse Central Index that he or she is in the index. The notification shall include the location of the original investigative report and the submitting agency. The notification shall be submitted to the person listed at the same time that all other parties are notified of the information, and no later than the actual judicial proceeding that determines placement.

If Child Abuse Central Index information is requested by a child protective agency for the placement of a child with a responsible relative in an emergency situation pursuant to Article 7 (commencing with Section 305) of Chapter 2 of Part 1 of Division 2 of the Welfare and Institutions Code, the department is exempt from the requirements of Section 1798.18 of the Civil Code if compliance would cause a delay in providing an expedited response to the child protective agency's inquiry and if further delay in placement may be detrimental to the child.

SEC. 2.5. Section 11170 of the Penal Code is amended to read:

11170. (a) (1) The Department of Justice shall maintain an index of all reports of child abuse submitted pursuant to Section 11169. The index shall be continually updated by the department and shall not contain any reports that are determined to be unfounded. The department may adopt rules governing recordkeeping and reporting pursuant to this article.

(2) The department shall act only as a repository of reports of suspected child abuse to be maintained in the Child Abuse Central Index pursuant to paragraph (1). The submitting agencies are responsible for the accuracy, completeness, and retention of the reports described in this section. The department shall be responsible for ensuring that the Child Abuse Central Index accurately reflects the report it receives from the submitting agency.

(3) Information from an inconclusive or unsubstantiated report filed pursuant to subdivision (a) of Section 11169 shall be deleted from the Child Abuse Central Index after 10 years if no subsequent report concerning the same suspected child abuser is received within that time period. If a subsequent report is received within that 10-year period, information from any prior report, as well as any

subsequently filed report, shall be maintained on the Child Abuse Central Index for a period of 10 years from the time the most recent report is received by the department.

(b) (1) The Department of Justice shall immediately notify a child protective agency that submits a report pursuant to Section 11169, or a district attorney who requests notification, of any information maintained pursuant to subdivision (a) that is relevant to the known or suspected instance of child abuse reported by the agency. A child protective agency shall make that information available to the reporting medical practitioner, child custodian, guardian ad litem appointed under Section 326, or counsel appointed under Section 317 or 318 of the Welfare and Institutions Code, or the appropriate licensing agency, if he or she is treating or investigating a case of known or suspected child abuse.

(2) When a report is made pursuant to subdivision (a) or (c) of Section 11166, the investigating agency, upon completion of the investigation or after there has been a final disposition in the matter, shall inform the person required to report of the results of the investigation and of any action the agency is taking with regard to the child or family.

(3) The department shall make available to the State Department of Social Services or to any county licensing agency that has contracted with the state for the performance of licensing duties information regarding a known or suspected child abuser maintained pursuant to this section and subdivision (a) of Section 11169 concerning any person who is an applicant for licensure or any adult who resides or is employed in the home of an applicant for licensure or who is an applicant for employment in a position having supervisorial or disciplinary power over a child or children, or who will provide 24-hour care for a child or children in a residential home or facility, pursuant to Section 1522.1 or 1596.877 of the Health and Safety Code, or Section 8714, 8802, 8912, or 9000 of the Family Code.

(4) For purposes of child death review, the Department of Justice shall make available to the chairperson, or the chairperson's designee, for each county child death review team, or the State Child Death Review Council, information maintained in the Child Abuse Central Index pursuant to subdivision (a) of Section 11170 relating to the death of one or more children and any prior child abuse investigation reports maintained involving the same victims, siblings, or suspects. Local child death review teams may share any relevant information regarding case reviews involving child death with other child death review teams.

(5) The department shall make available to child protective agencies, or court investigators acting pursuant to Section 1513 of the Probate Code, responsible for placing children or assessing the possible placement of children pursuant to Article 6 (commencing with Section 300), Article 7 (commencing with Section 305), Article 10 (commencing with Section 360), or Article 14 (commencing with

Section 601) of Chapter 2 of Part 1 of Division 2 of the Welfare and Institutions Code, Article 2 (commencing with Section 1510) or Article 3 (commencing with Section 1540) of Chapter 1 of Part 2 of Division 4 of the Probate Code, information regarding a known or suspected child abuser contained in the index concerning any adult residing in the home where the child may be placed, when this information is requested for purposes of ensuring that the placement is in the best interests of the child. Upon receipt of relevant information concerning child abuse investigation reports contained in the index from the Department of Justice pursuant to this subdivision, the child protective agency or court investigator shall notify, in writing, the person listed in the Child Abuse Central Index that he or she is in the index. The notification shall include the name of the reporting agency and the date of the report.

(6) (A) Persons or agencies, as specified in subdivision (b), if investigating a case of known or suspected child abuse, or the State Department of Social Services or any county licensing agency pursuant to paragraph (3), or a child protective agency or court investigator responsible for placing children or assessing the possible placement of children pursuant to paragraph (5), to whom disclosure of any information maintained pursuant to subdivision (a) is authorized, are responsible for obtaining the original investigative report from the reporting agency, and for drawing independent conclusions regarding the quality of the evidence disclosed, and its sufficiency for making decisions regarding investigation, prosecution, licensing, or placement of a child.

(B) If Child Abuse Central Index information is requested by a child protective agency for the temporary placement of a child in an emergency situation pursuant to Article 7 (commencing with Section 305) of Chapter 2 of Part 1 of Division 2 of the Welfare and Institutions Code, the department is exempt from the requirements of Section 1798.18 of the Civil Code if compliance would cause a delay in providing an expedited response to the child protective agency's inquiry and if further delay in placement may be detrimental to the child.

(7) (A) Whenever information contained in the Department of Justice files is furnished as the result of an application for employment or licensing pursuant to paragraph (3), the Department of Justice may charge the person or entity making the request a fee. The fee shall not exceed the reasonable costs to the department of providing the information. The only increase shall be at a rate not to exceed the legislatively approved cost-of-living adjustment for the department. In no case shall the fee exceed fifteen dollars ($15).

(B) All moneys received by the department pursuant to this section to process trustline applications for purposes of Chapter 3.35 (commencing with Section 1596.60) of Division 2 of the Health and Safety Code shall be deposited in a special account in the General Fund that is hereby established and named the Department of Justice

Child Abuse Fund. Moneys in the fund shall be available, upon appropriation by the Legislature, for expenditure by the department to offset the costs incurred to process trustline automated child abuse system checks pursuant to this section.

(C) All moneys, other than that described in subparagraph (B), received by the department pursuant to this paragraph shall be deposited in a special account in the General Fund which is hereby created and named the Department of Justice Sexual Habitual Offender Fund. The funds shall be available, upon appropriation by the Legislature, for expenditure by the department to offset the costs incurred pursuant to Chapter 9.5 (commencing with Section 13885) and Chapter 10 (commencing with Section 13890) of Title 6 of Part 4, and Section 290.2, and for maintenance and improvements to the statewide Sexual Habitual Offender Program and the DNA offender identification file (CAL-DNA) authorized by Chapter 9.5 (commencing with Section 13885) of Title 6 of Part 4 and Section 290.2.

(c) The Department of Justice shall make available to any child protective agency responsible for placing children pursuant to Article 7 (commencing with Section 305) of Chapter 2 of Part 1 of Division 2 of the Welfare and Institutions Code, upon request, relevant information concerning child abuse reports contained in the index, when making a placement with a responsible relative pursuant to Sections 281.5, 305, and 361.3 of the Welfare and Institutions Code. Upon receipt of relevant information concerning child abuse reports contained in the index from the Department of Justice pursuant to this subdivision, the child protective agency shall also notify in writing the person listed in the Child Abuse Central Index that he or she is in the index. The notification shall include the location of the original investigative report and the submitting agency. The notification shall be submitted to the person listed at the same time that all other parties are notified of the information, and no later than the actual judicial proceeding that determines placement.

If Child Abuse Central Index information is requested by a child protective agency for the placement of a child with a responsible relative in an emergency situation pursuant to Article 7 (commencing with Section 305) of Chapter 2 of Part 1 of Division 2 of the Welfare and Institutions Code, the department is exempt from the requirements of Section 1798.18 of the Civil Code if compliance would cause a delay in providing an expedited response to the child protective agency's inquiry and if further delay in placement may be detrimental to the child.

(d) The department shall make available any information maintained pursuant to Section 11169 to out-of-state law enforcement agencies conducting investigations of known or suspected child abuse only when an agency makes the request for information in writing and on official letterhead, identifying the

suspected abuser or victim by name. The request shall be signed by the department supervisor of the requesting law enforcement agency. The written requests shall cite the out-of-state statute or interstate compact provision that requires that the information contained within these reports shall be disclosed only to law enforcement, prosecutorial entities, or multidisciplinary investigative teams, and shall cite the criminal penalties for unlawful disclosure of any confidential information provided by the requesting state or the applicable interstate compact provision. In the absence of a specified out-of-state statute or interstate compact provision that requires that the information contained within these reports shall be disclosed only to law enforcement, prosecutorial entities, or multidisciplinary investigative teams, and criminal penalties equivalent to the penalties in California for unlawful disclosure, access shall be denied.

(e) Any person may determine if he or she is listed in the Child Abuse Central Index by making a request in writing to the Department of Justice. The request shall be notarized and include the person's name, address, date of birth, and either a social security number or a California identification number. Upon receipt of a notarized request, the Department of Justice shall make available to the requesting person information identifying the date of the report and the submitting agency. The requesting person is responsible for obtaining the investigative report from the submitting agency pursuant to paragraph (13) of subdivision (a) of Section 11167.5.

(f) If a person is listed in the Child Abuse Central Index only as a victim of child abuse, and that person is 18 years of age or older, that person may have his or her name removed from the index by making a written request to the Department of Justice. The request shall be notarized and include the person's name, address, social security number, and date of birth.

SEC. 3. Section 1.5 of this bill incorporates amendments to Section 11167.5 of the Penal Code proposed by both this bill and SB 644. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1998, (2) each bill amends Section 11167.5 of the Penal Code, and (3) this bill is enacted after SB 644, in which case Section 1 of this bill shall not become operative.

SEC. 4. Section 2.5 of this bill incorporates amendments to Section 11170 of the Penal Code proposed by both this bill and SB 644. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1998, (2) each bill amends Section 11170 of the Penal Code, and (3) this bill is enacted after SB 644, in which case Section 2 of this bill shall not become operative.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because in that regard this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction,

within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

## CHAPTER 845

An act to add Section 676.9 to the Insurance Code, relating to insurance.

[Approved by Governor October 9, 1997. Filed with Secretary of State October 10, 1997.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 676.9 is added to the Insurance Code, to read:

676.9. (a) This section applies to policies covered by Sections 675 and 675.5.

(b) No insurer issuing policies subject to this section shall deny or refuse to accept an application, refuse to insure, refuse to renew, cancel, restrict, or otherwise terminate, or charge a different rate for the same coverage, on the basis that the applicant or insured person is, has been, or may be, a victim of domestic violence.

(c) Nothing in this section shall prevent an insurer subject to this section from taking any of the actions set forth in subdivision (b) on the basis of criteria not otherwise made invalid by this section or any other act, regulation, or rule of law. If discrimination by an insurer is not in violation of this section but is based on any other criteria that are allowable by law, the fact that the applicant or insured is, has been, or may be the subject of domestic violence shall be irrelevant.

(d) For purposes of this section, information that indicates that a person is, has been, or may be a victim of domestic violence is personal information within the meaning of Article 6.6 (commencing with Section 791) of Chapter 1 of Part 2.

(e) No insurer that issues policies subject to this section, and no person employed by or under contract with an insurer that issues policies subject to this section, shall request any information the insurer or person knows or reasonably should know relates to acts of domestic violence or an applicant's or insured's status as a victim of domestic violence, or make use of this information however obtained, except for the limited purpose of complying with legal obligations, verifying a person's claim to be a subject of domestic violence, or cooperating with a victim of domestic violence in seeking protection from domestic violence or facilitating the treatment of a domestic violence-related medical condition. This subdivision does not prohibit an insurer from asking an applicant or insured about a property and casualty claim, even if the claim is related to domestic violence, or from using information thereby obtained in evaluating and carrying out its rights and duties under the policy, to the extent otherwise permitted by this section and other applicable law.

(f) As used in this section, "domestic violence" means domestic violence as defined in Section 6211 of the Family Code.

## CHAPTER 846

An act to amend Sections 264.2 and 679.04 of the Penal Code, relating to crimes, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor October 9, 1997. Filed with Secretary of State October 10, 1997.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 264.2 of the Penal Code is amended to read:

264.2. (a) Whenever there is an alleged violation of Section 261, 261.5, 262, 286, 288a, or 289, the law enforcement officer assigned to the case shall immediately provide the victim of the crime with the "Victims of Domestic Violence" card, as specified in paragraph (5) of subdivision (i) of Section 13701 of the Penal Code.

(b) (1) The law enforcement officer, or his or her agency, shall immediately notify the local rape victim counseling center whenever a victim of an alleged violation of Section 261, 261.5, 262, 286, 288a, or 289 is transported to a hospital for any medical evidentiary or physical examination. The victim shall have the right to have a sexual assault victim counselor, as defined in Section 1035.2 of the Evidence Code, and at least one other support person of the victim's choosing present at any medical evidentiary or physical examination.

(2) Prior to the commencement of any initial medical evidentiary or physical examination arising out of a sexual assault, a victim shall be notified orally or in writing by the attending medical provider that

the victim has the right to have present a sexual assault victim counselor and at least one other support person of the victim's choosing.

(3) The hospital may verify with the law enforcement officer, or his or her agency, whether the local rape victim counseling center has been notified, upon the approval of the victim.

SEC. 2. Section 679.04 of the Penal Code is amended to read:

679.04. (a) A victim of sexual assault, as defined in subdivisions (a) and (b) of Section 11165.1, or spousal rape has the right to have victim advocates and at least one other support person of the victim's choosing present at any interview by law enforcement authorities, district attorneys, or defense attorneys. As used in this section, "victim advocate" means a sexual assault victim counselor, as defined in Section 1035.2 of the Evidence Code, or a victim advocate working in a center established under Article 2 (commencing with Section 13835) of Chapter 4 of Title 6 of Part 4.

(b) Prior to the commencement of any initial law enforcement interview or district attorney contact pertaining to any criminal action arising out of a sexual assault, a victim of sexual assault or spousal rape shall be notified orally or in writing by the attending law enforcement authority or district attorney that the victim has the right to have victim advocates, as well as a support person of the victim's choosing, present at the interview or contact. This subdivision applies to investigators and agents employed or retained by law enforcement or the district attorney.

(c) An initial investigation by law enforcement at the crime scene to determine whether a crime has been committed and the identity of the suspects shall not constitute a law enforcement interview for purposes of this section.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

The failure to provide notice to a victim of sexual assault that he or she has a right to have a certified sexual assault advocate as well as a support person of the victim's choosing present at specified

examinations, interviews, or attorney contacts relating to the sexual assault has led to many unfortunate situations. In order to remedy this situation as soon as possible, it is necessary that this act go into immediate effect.

An act to amend Sections 136.2 and 1269c of the Penal Code, relating to domestic violence.

[Approved by Governor October 9, 1997. Filed with
Secretary of State October 10, 1997.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 136.2 of the Penal Code is amended to read:

136.2. Upon a good cause belief that harm to, or intimidation or dissuasion of, a victim or witness has occurred or is reasonably likely to occur, any court with jurisdiction over a criminal matter may issue orders including, but not limited to, the following:

(a) Any order issued pursuant to Section 6320 of the Family Code.

(b) An order that a defendant shall not violate any provision of Section 136.1.

(c) An order that a person before the court other than a defendant, including, but not limited to, a subpoenaed witness or other person entering the courtroom of the court, shall not violate any provisions of Section 136.1.

(d) An order that any person described in this section shall have no communication whatsoever with any specified witness or any victim, except through an attorney under any reasonable restrictions that the court may impose.

(e) An order calling for a hearing to determine if an order as described in subdivisions (a) to (d), inclusive, should be issued.

(f) An order that a particular law enforcement agency within the jurisdiction of the court provide protection for a victim or a witness, or both, or for immediate family members of a victim or a witness who reside in the same household as the victim or witness or within reasonable proximity of the victim's or witness's household, as determined by the court. The order shall not be made without the consent of the law enforcement agency except for limited and specified periods of time and upon an express finding by the court of a clear and present danger of harm to the victim or witness or immediate family members of the victim or witness.

For purposes of this subdivision, "immediate family members" include the spouse, children, or parents of the victim or witness.

(g) Any order protecting victims of violent crime from contact, with the intent to annoy, harass, threaten, or commit acts of violence, by the defendant.

Any person violating any order made pursuant to subdivisions (a) to (g), inclusive, may be punished for any substantive offense described in Section 136.1, or for a contempt of the court making the order. A finding of contempt shall not be a bar to prosecution for a violation of Section 136.1. However, any person so held in contempt shall be entitled to credit for any punishment imposed therein against any sentence imposed upon conviction of an offense described in Section 136.1. Any conviction or acquittal for any substantive offense under Section 136.1 shall be a bar to a subsequent punishment for contempt arising out of the same act.

(h) In all cases where the defendant is charged with a crime of domestic violence, as defined in Section 13700, the court shall consider issuing the above-described orders on its own motion. All interested parties shall receive a copy of those orders. In order to facilitate this, the court's records of all criminal cases involving domestic violence shall be marked to clearly alert the court to this issue.

(i) The Judicial Council shall adopt forms for orders under this section.

SEC. 1.5. Section 136.2 of the Penal Code is amended to read:

136.2. Upon a good cause belief that harm to, or intimidation or dissuasion of, a victim or witness has occurred or is reasonably likely to occur, any court with jurisdiction over a criminal matter may issue orders including, but not limited to, the following:

(a) Any order issued pursuant to Section 6320 of the Family Code.

(b) An order that a defendant shall not violate any provision of Section 136.1.

(c) An order that a person before the court other than a defendant, including, but not limited to, a subpoenaed witness or other person entering the courtroom of the court, shall not violate any provisions of Section 136.1.

(d) An order that any person described in this section shall have no communication whatsoever with any specified witness or any victim, except through an attorney under any reasonable restrictions that the court may impose.

(e) An order calling for a hearing to determine if an order as described in subdivisions (a) to (d), inclusive, should be issued.

(f) An order that a particular law enforcement agency within the jurisdiction of the court provide protection for a victim or a witness, or both, or for immediate family members of a victim or a witness who reside in the same household as the victim or witness or within reasonable proximity of the victim's or witness's household, as determined by the court. The order shall not be made without the consent of the law enforcement agency except for limited and specified periods of time and upon an express finding by the court of

a clear and present danger of harm to the victim or witness or immediate family members of the victim or witness.

For purposes of this subdivision, "immediate family members" include the spouse, children, or parents of the victim or witness.

(g) Any order protecting victims of violent crime from contact, with the intent to annoy, harass, threaten, or commit acts of violence, by the defendant.

Any person violating any order made pursuant to subdivisions (a) to (g), inclusive, may be punished for any substantive offense described in Section 136.1, or for a contempt of the court making the order. A finding of contempt shall not be a bar to prosecution for a violation of Section 136.1. However, any person so held in contempt shall be entitled to credit for any punishment imposed therein against any sentence imposed upon conviction of an offense described in Section 136.1. Any conviction or acquittal for any substantive offense under Section 136.1 shall be a bar to a subsequent punishment for contempt arising out of the same act.

(h) (1) In all cases where the defendant is charged with a crime of domestic violence, as defined in Section 13700, the court shall consider issuing the above-described orders on its own motion. All interested parties shall receive a copy of those orders. In order to facilitate this, the court's records of all criminal cases involving domestic violence shall be marked to clearly alert the court to this issue.

(2) In those cases in which a complaint, information, or indictment charging a crime of domestic violence, as defined in Section 13700, has been issued, a restraining order or protective order against the defendant issued by the criminal court in that case has precedence over any other outstanding court order against the defendant.

(i) The Judicial Council shall adopt forms for orders under this section.

SEC. 2. Section 1269c of the Penal Code is amended to read:

1269c. If a defendant is arrested without a warrant for a bailable felony offense or for the misdemeanor offense of violating a domestic violence restraining order, and a peace officer has reasonable cause to believe that the amount of bail set forth in the schedule of bail for that offense is insufficient to assure defendant's appearance or to assure the protection of a victim, or family member of a victim, of domestic violence, the peace officer shall prepare a declaration under penalty of perjury setting forth the facts and circumstances in support of his or her belief and file it with a magistrate, as defined in Section 808, or his or her commissioner, in the county in which the offense is alleged to have been committed or having personal jurisdiction over the defendant, requesting an order setting a higher bail. The defendant, either personally or through his or her attorney, friend, or family member, also may make application to the magistrate for release on bail lower than that provided in the

schedule of bail or on his or her own recognizance. The magistrate or commissioner to whom the application is made is authorized to set bail in an amount that he or she deems sufficient to assure the defendant's appearance or to assure the protection of a victim, or family member of a victim, of domestic violence, and to set bail on the terms and conditions that he or she, in his or her discretion, deems appropriate, or he or she may authorize the defendant's release on his or her own recognizance. If, after the application is made, no order changing the amount of bail is issued within eight hours after booking, the defendant shall be entitled to be released on posting the amount of bail set forth in the applicable bail schedule.

SEC. 3. Section 1.5 of this bill incorporates amendments to Section 136.2 of the Penal Code proposed by both this bill and AB 340. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1998, (2) each bill amends Section 136.2 of the Penal Code, and (3) this bill is enacted after AB 340, in which case Section 1 of this bill shall not become operative.

SEC. 4. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

## CHAPTER 849

An act to amend Sections 3004, 3011, 3020, 3040, 3161 and 3162 of the Family Code, relating to family law.

[Approved by Governor October 9, 1997. Filed with Secretary of State October 10, 1997.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 3004 of the Family Code is amended to read:

3004. "Joint physical custody" means that each of the parents shall have significant periods of physical custody. Joint physical custody shall be shared by the parents in such a way so as to assure a child of frequent and continuing contact with both parents, subject to Sections 3011 and 3020.

SEC. 2. Section 3011 of the Family Code is amended to read:

3011. In making a determination of the best interest of the child in a proceeding described in Section 3021, the court shall, among any other factors it finds relevant, consider all of the following:

(a) The health, safety, and welfare of the child.

(b) Any history of abuse by one parent or any other person seeking custody against any of the following:

(1) Any child to whom he or she is related by blood or affinity or with whom he or she has had a caretaking relationship, no matter how temporary.

(2) The other parent.

(3) A parent, current spouse, or cohabitant, of the parent or person seeking custody, or a person with whom the parent or person seeking custody has a dating or engagement relationship.

As a prerequisite to the consideration of allegations of abuse, the court may require substantial independent corroboration, including, but not limited to, written reports by law enforcement agencies, child protective services or other social welfare agencies, courts, medical facilities, or other public agencies or private nonprofit organizations providing services to victims of sexual assault or domestic violence. As used in this subdivision, "abuse against a child" means "child abuse" as defined in Section 11165.6 of the Penal Code and abuse against any of the other persons described in paragraph (2) or (3) means "abuse" as defined in Section 6203 of this code.

(c) The nature and amount of contact with both parents.

(d) The habitual or continual illegal use of controlled substances or habitual or continual abuse of alcohol by either parent. Before considering these allegations, the court may first require independent corroboration, including, but not limited to, written reports from law enforcement agencies, courts, probation departments, social welfare agencies, medical facilities, rehabilitation facilities, or other public agencies or nonprofit organizations providing drug and alcohol abuse services. As used in this subdivision, "controlled substances" has the same meaning as defined in the California Uniform Controlled Substances Act, Division 10 (commencing with Section 11000) of the Health and Safety Code.

(e) (1) Where allegations about a parent pursuant to subdivision (b) or (d) have been brought to the attention of the court in the current proceeding, and the court makes an order for sole or joint custody to that parent, the court shall state its reasons in writing or on the record. In these circumstances, the court shall ensure that any order regarding custody or visitation is specific as to time, day, place, and manner of transfer of the child as set forth in subdivision (b) of Section 6323.

(2) The provisions of this subdivision shall not apply if the parties stipulate in writing or on the record regarding custody or visitation.

SEC. 3. Section 3020 of the Family Code is amended to read:

3020. (a) The Legislature finds and declares that it is the public policy of this state to assure that the health, safety, and welfare of children shall be the court's primary concern in determining the best interest of children when making any orders regarding the custody or visitation of children. The Legislature further finds and declares that the perpetration of child abuse or domestic violence in a household where a child resides is detrimental to the child.

(b) The Legislature finds and declares that it is the public policy of this state to assure that children have frequent and continuing contact with both parents after the parents have separated or dissolved their marriage, or ended their relationship, and to encourage parents to share the rights and responsibilities of child rearing in order to effect this policy, except where the contact would not be in the best interest of the child, as provided in Section 3011.

(c) Where the policies set forth in subdivisions (a) and (b) of this section are in conflict, any court's order regarding custody or visitation shall be made in a manner that ensures the health, safety, and welfare of the child and the safety of all family members.

SEC. 4. Section 3040 of the Family Code is amended to read:

3040. (a) Custody should be granted in the following order of preference according to the best interest of the child as provided in Sections 3011 and 3020:

(1) To both parents jointly pursuant to Chapter 4 (commencing with Section 3080) or to either parent. In making an order granting

custody to either parent, the court shall consider, among other factors, which parent is more likely to allow the child frequent and continuing contact with the noncustodial parent, consistent with Section 3011 and 3020, and shall not prefer a parent as custodian because of that parent's sex. The court, in its discretion, may require the parents to submit to the court a plan for the implementation of the custody order.

(2) If to neither parent, to the person or persons in whose home the child has been living in a wholesome and stable environment.

(3) To any other person or persons deemed by the court to be suitable and able to provide adequate and proper care and guidance for the child.

(b) This section establishes neither a preference nor a presumption for or against joint legal custody, joint physical custody, or sole custody, but allows the court and the family the widest discretion to choose a parenting plan that is in the best interest of the child.

SEC. 5. Section 3161 of the Family Code is amended to read:

3161. The purposes of a mediation proceeding are as follows:

(a) To reduce acrimony that may exist between the parties.

(b) To develop an agreement assuring the child close and continuing contact with both parents that is in the best interest of the child, consistent with Sections 3011 and 3020.

(c) To effect a settlement of the issue of visitation rights of all parties that is in the best interest of the child.

SEC. 6. Section 3162 of the Family Code is amended to read:

3162. (a) Mediation of cases involving custody and visitation concerning children shall be governed by uniform standards of practice adopted by the Judicial Council.

(b) The standards of practice shall include, but not be limited to, all of the following:

(1) Provision for the best interest of the child and the safeguarding of the rights of the child to frequent and continuing contact with both parents, consistent with Sections 3011 and 3020.

(2) Facilitation of the transition of the family by detailing factors to be considered in decisions concerning the child's future.

(3) The conducting of negotiations in such a way as to equalize power relationships between the parties.

(c) In adopting the standards of practice, the Judicial Council shall consider standards developed by recognized associations of mediators and attorneys and other relevant standards governing mediation of proceedings for the dissolution of marriage.

(d) The Judicial Council shall offer training with respect to the standards to mediators.

[Approved by Governor October 10, 1997. Filed with
Secretary of State October 10, 1997.]

*The people of the State of California do enact as follows:*

SECTION 1. This act shall be known and may be cited as "the Lockyer-Isenberg Trial Court Funding Act of 1997."

SEC. 2. The Legislature finds and declares as follows:

(a) The judiciary of California is a separate and independent branch of government, recognized by the Constitution and statutes of this state as such.

(b) The Legislature has previously established the principle that the funding of trial court operations is most logically a function of the state. Such funding is necessary to provide uniform standards and procedures, economies of scale, and structural efficiency and simplification. This decision also reflects the fact that the overwhelming business of the trial courts is to interpret and enforce provisions of state law and to resolve disputes among the people of the State of California.

(c) Structural improvement will provide for an improved court system, a uniform and equitable court system and will, therefore, increase access to justice for the citizens of the State of California. The structural improvements outlined in the Trial Court Realignment and Efficiency Act of 1991, and subsequent measures, have outlined some of the improvements required.

(d) Many trial courts have made significant progress in efficiency through court coordination and in developing cost management and control systems through budget procedures and performance

standards. However, this progress is not uniform throughout the court system. The Legislature recognizes that the Judicial Council has adopted mandatory rules on court coordination and on the development of budget procedures and performance standards requiring more rapid progress in this area. The current bifurcated funding structure does not allow adequate financial planning for the courts, thereby instilling doubt as to the efficacy of new budget procedures or performance standards.

(e) The fiscal health of the judicial system, and the willingness and ability of the judiciary to adopt measures of efficiency and coordination, has a considerable impact on the quality of justice dispensed to the citizens of California.

(f) It is increasingly clear that the counties of California are no longer able to provide unlimited funding increases to the judiciary and, in some counties, financial difficulties and strain threaten the quality and timeliness of justice.

(g) The stated intent of the Legislature to assume the largest share of the funding of the trial courts has not been achieved, primarily due to the recent recession and the resulting limitation of state funds. However, there is a clear need to proceed as rapidly as possible toward the goal of full state funding of trial court operations and, accordingly, this measure is a logical and necessary step to achieve the result.

SEC. 3. The Legislature declares its intent to do each of the following:

(a) Provide state responsibility for funding of trial court operations commencing in the 1997–98 fiscal year.

(b) Provide that county contributions to trial court operations shall be permanently capped at the same dollar amount as that county provided to court operations in the 1994–95 fiscal year with adjustments to the cap, as specified.

(c) Provide that the State of California shall assume full responsibility for any growth in costs of trial court operations thereafter.

(d) Continue to define “court operations” as currently established in law; provided, however, that the Legislature recognizes that there remain issues regarding which items of expenditure are properly included within the definition of court operations. Therefore, the Legislature intends to reexamine this issue during the 1997–98 fiscal year, in the hopes of reflecting any agreed upon changes in subsequent legislation.

(e) Provide that the obligation of counties to contribute to trial court costs shall not be increased in any fashion by state budget action relating to the trial courts.

(f) Return to the counties of California the revenue generated from fines and forfeitures pursuant to Sections 27361 and 76000 of the Government Code, Sections 1463.001, 1463.005, 1463.007, 1463.009, 1463.07, and 1464 of the Penal Code, and Sections 42007 and 42007.1

of the Vehicle Code by the courts of each county. This return will allow counties the opportunity to obtain sufficient revenue to meet their obligation to the state.

(g) In adopting this plan, the Legislature intends to do all of the following:

(1) To provide that no personnel employed in the court system as of July 1, 1997, shall have their salary or benefits reduced as a result of this act.

(2) By January 1, 2001, to adopt a plan to transition all existing court employees into an appropriate employment status, recognizing the state assumption of trial court costs.

(3) To consider providing courts in each county the option for employees to transition to the status of employees of the state, the local court or, with the concurrence of the county, continuation of the status as county employees, and a mechanism for involvement of the local judiciary in the negotiations regarding compensation of court employees.

(h) Accelerate the pace of court coordination and efficiencies adopted by the Judicial Council and continue the development and implementation of comprehensive budget procedures and performance standards.

(i) Modify Section 68073 of the Government Code to protect counties from liability for state costs resulting from orders made under that section.

(j) Modify Section 68073 of the Government Code to continue the obligation of the counties to provide court facilities to judges and personnel in each county. Require the Judicial Council to report by October 30, 1998, on possible alternatives for the participation by the state in the cost of a new construction, remodeling, or renovation of trial court facilities.

(k) Require the Judicial Council to create a reserve fund of no less than 1 percent of the funds appropriated for trial courts, to be utilized by the Judicial Council to assist financially stressed courts, or those courts affected by natural disaster or courts with a heavily congested calendar that cannot reasonably be resolved by fully utilizing coordination or other court efficiencies and to promote and encourage local and statewide efforts toward efficiency and coordination.

(*l*) Acknowledge the need for strong and independent local court financial management, including encouraging the adoption by the Judicial Council of a Trial Courts Bill of Financial Management Rights, to be approved no later than January 1, 1998. This bill of management rights shall minimize the rules and regulations in the area of financial affairs to those sufficient to guarantee efficiency, but shall give strong preference to the need for local flexibility in the management of court financial affairs.

SEC. 4. Section 116.230 of the Code of Civil Procedure is amended to read:

116.230. (a) A fee of twenty dollars ($20) shall be charged and collected for the filing of a claim if the number of claims previously filed by the party in each court within the previous 12 months is 12 or less; and a fee of thirty-five dollars ($35) shall be collected for the filing of any additional claims.

(b) A fee to cover the actual cost of court service by mail, adjusted upward to the nearest dollar, shall be charged and collected for each defendant to whom the court clerk mails a copy of the claim under Section 116.340.

1852. (a) There is in the State Treasury the Family Law Trust Fund.

(b) Moneys collected by the state pursuant to subdivision (c) of Section 10605 of the Health and Safety Code, subdivision (a) of Section 26832 of the Government Code, and grants, gifts, or devises made to the state from private sources to be used for the purposes of this part shall be deposited into the Family Law Trust Fund.

(c) Moneys deposited in the Family Law Trust Fund shall be placed in an interest bearing account. Any interest earned shall accrue to the fund and shall be disbursed pursuant to subdivision (d).

(d) Money deposited in the Family Law Trust Fund shall be disbursed for purposes specified in this part and for other family law related activities.

(e) Moneys deposited in the Family Law Trust Fund shall be administered by the Judicial Council. The Judicial Council may, with appropriate guidelines, delegate the administration of the fund to the Administrative Office of the Courts.

(f) Any moneys in the Family Law Trust Fund that are unencumbered at the end of the fiscal year are automatically appropriated to the Family Law Trust Fund of the following year.

(g) In order to defray the costs of collection of these funds, pursuant to this section, the local registrar, county clerk, or county recorder may retain a percentage of the funds collected, not to exceed 10 percent of the fee payable to the state pursuant to subdivision (c) of Section 10605 of the Health and Safety Code.

SEC. 6. Section 26820.4 of the Government Code is amended to read:

26820.4. The total fee for filing of the first paper in a civil action or proceeding in the superior court, except an adoption proceeding, shall be one hundred eighty-five dollars ($185).

The clerk shall transmit the total filing fee with the papers in the case to the clerk or judge of the court to which the case is transferred.

(b) Notwithstanding Section 68085, fourteen dollars ($14) of the fee authorized in this section shall be deposited in the county general fund for use as county general fund revenue.

(10) From time to time, review the level of fees charged by the courts for various services and prepare recommended adjustments for approval and forwarding to the Legislature by the Judicial Council.

(b) Members of the commission shall receive no compensation from the state for their services. When called into session, they shall receive their actual and necessary expenses for travel, board, and lodging, which shall be paid from the funds appropriated for this use. The fee shall be waived in any action for damages against a defendant, based upon the defendant's commission of a felony offense, upon presentation to the clerk of the court of a certified copy of the abstract of judgment of conviction of the defendant of the felony giving rise to the claim for damages. If the plaintiff would have been entitled to recover those fees from the defendant had they been paid, the court may assess the amount of the waived fees against the defendant and order the defendant to pay that sum to the county.

SEC. 38. Section 72056.01 is added to the Government Code, to read:

72056.01. (a) The fee for filing an amended complaint or amendment to a complaint in a civil action of proceeding in the municipal court is forty-five dollars ($45).

(b) The fee for filing a cross-complaint, amended cross-complaint or amendment to a cross-complaint in a civil action or proceeding in the municipal court is forty-five dollars ($45).

(c) A party shall not be required to pay the fee provided by this section for an amended complaint, amendment to a complaint, amended cross-complaint or amendment to a cross-complaint more than one time in any action.

(d) The fee provided by this section shall not apply to either of the following:

(1) An amended pleading or amendment to a pleading ordered by the court to be filed.

(2) An amended pleading or amendment to a pleading that only names previously fictitiously named defendants.

SEC. 39. Section 72060 of the Government Code is amended to read:

72060. The fee for a certificate and transmitting transcript and papers on appeal is ten dollars ($10). Notwithstanding Section 68085, six dollars ($6) of the fee authorized in this section shall be deposited in the county general fund for use as county general fund revenue.

SEC. 40. Section 76000 of the Government Code is amended to read:

76000. (a) In each county there shall be levied an additional penalty of seven dollars ($7) for every ten dollars ($10) or fraction thereof which shall be collected together with and in the same manner as the amounts established by Section 1464 of the Penal Code, upon every fine, penalty, or forfeiture imposed and collected by the courts for criminal offenses, including all offenses involving a violation of the Vehicle Code or any local ordinance adopted pursuant to the Vehicle Code, except parking offenses subject to Article 3 (commencing with Section 40200) of Chapter 1 of Division 17 of the Vehicle Code. These moneys shall be taken from fines and forfeitures deposited with the county treasurer prior to any division pursuant to Section 1463 of the Penal Code.

The county treasurer shall deposit those amounts specified by the board of supervisors by resolution in one or more of the funds established pursuant to this chapter. However, deposits to these funds shall continue through whatever period of time is necessary to repay any borrowings made by the county on or before January 1, 1991, to pay for construction provided for in this chapter.

(b) In each authorized county, provided that the board of supervisors has adopted a resolution stating that the implementation of this subdivision is necessary to the county for the purposes authorized, with respect to each authorized fund established pursuant to Section 76100 or 76101, for every parking offense where a parking penalty, fine, or forfeiture is imposed, an added penalty of two dollars and fifty cents ($2.50) shall be included in the total penalty, fine, or forfeiture. Except as provided in subdivision (c), for each parking case collected in the courts of the county, the county treasurer shall place in each authorized fund two dollars and fifty cents ($2.50). These moneys shall be taken from fines and forfeitures deposited with the county treasurer prior to any division pursuant to Section 1462.3 or 1463.009 of the Penal Code. The judges of the county shall increase the bail schedule amounts as appropriate to reflect the added penalty provided for by this section. In those cities, districts, or other issuing agencies which elect to accept parking penalties, and otherwise process parking violations pursuant to Article 3 (commencing with Section 40200) of Chapter 1 of Division 17 of the Vehicle Code, that city, district, or issuing agency shall observe the increased bail amounts as established by the court reflecting the added penalty provided for by this section. Each agency which elects to process parking violations shall pay to the county treasurer two dollars and fifty cents ($2.50) for each fund for each parking penalty collected on each violation which is not filed in court. Those payments to the county treasurer shall be made monthly, and the county treasurer shall deposit all those sums in the authorized fund. No issuing agency shall be required to contribute revenues to any fund in excess of those revenues generated from the surcharges established in the resolution adopted pursuant to this chapter, except as otherwise agreed upon by the local governmental entities involved.

(c) The county treasurer shall deposit one dollar ($1) of every two dollars and fifty cents ($2.50) collected pursuant to subdivision (b) into the general fund of the county.

SEC. 41. Section 76224 is added to the Government Code, to read:

76224. Deposits to the Courthouse Construction Fund established in Merced County pursuant to Section 76100 shall continue through and including the 25th year after the initial year in which the surcharge is collected or the 25th year after any borrowings are made for any construction under that section, whichever comes later.

SEC. 42. Section 77001 is added to the Government Code, to read:

77001. On or before July 1, 1998, the Judicial Council shall promulgate rules which establish a decentralized system of trial court management. These rules shall ensure:

(a) Local authority and responsibility of trial courts to manage day-to-day operations.

(b) Countywide administration of the trial courts.

(c) The authority and responsibility of trial courts to manage all of the following, consistent with statute, rules of court, and standards of judicial administration:

(2) Local personnel systems, including the promulgation of personnel policies.

(3) Processes and procedures to improve court operations and responsiveness to the public.

(4) The trial courts of each county shall establish the means of selecting presiding judges, assistant presiding judges, executive officers or court administrators, clerks of court, and jury commissioners.

(d) Trial court input into the Judicial Council budget process.

(e) Equal access to justice throughout California utilizing standard practices and procedures whenever feasible.

SEC. 43. Section 77003 of the Government Code is amended to read:

77003. (a) As used in this chapter, "court operations" means all of the following:

(1) Salaries, benefits, and public agency retirement contributions for superior and municipal court judges and for subordinate judicial officers. For purposes of this paragraph, "subordinate judicial officers" include all commissioner or referee positions created prior to July 1, 1997, including those commissioner positions created pursuant to Sections 69904, 70141, 70141.9, 70142.11, 72607, 73794, 74841.5, and 74908; and includes any staff who provide direct support to commissioners; but does not include commissioners or staff who provide direct support to the commissioners whose positions were created after July 1, 1997, unless approved by the Judicial Council, subject to availability of funding.

(6) Collective bargaining under the Meyers-Milias-Brown Act with respect to court employees specified in Section 3501.5.

(7) Actual indirect costs for county and city and county general services attributable to court operations, but specifically excluding, but not limited to, law library operations conducted by a trust pursuant to statute; courthouse construction; district attorney services; probation services; indigent criminal defense; grand jury expenses and operations; and pretrial release services.

(b) However, "court operations" does not include collection enhancements as defined in Rule 810 of the California Rules of Court as it read on July 1, 1996.

SEC. 44. Section 77009 is added to the Government Code, to read:

77009. (a) For the purposes of funding trial court operations, each board of supervisors shall establish in the county treasury a Trial Court Operations Fund, which will operate as a special revenue fund. All funds appropriated in the Budget Act and allocated and reallocated to each court in the county by the Judicial Council shall be deposited into the fund. Accounts shall be established in the Trial Court Operations Fund for each trial court in the county, except that one account may be established for courts which have a unified budget. In a county where court budgets include appropriations for expenditures administered on a countywide basis, including, but not limited to, court security, centralized data-processing and planning and research services, an account for each centralized service shall be established and funded from those appropriations.

(b) The moneys of the Trial Court Operations Fund arising from deposits of funds appropriated in the Budget Act and allocated or reallocated to each court in the county by the Judicial Council shall be payable only for the purposes set forth in Sections 77003 and 77006.5, and for services purchased by the court pursuant to subdivisions (b) and (c) of Section 77212. The presiding judge of each court in a county, or his or her designee, shall authorize and direct expenditures from the fund and the county auditor-controller shall make payments from the funds as directed. Approval of the board of supervisors is not required for expenditure from this fund.

(c) Interest received by a county which is attributable to investment of money required by this section to be deposited in its Trial Court Operations Fund shall be deposited in the fund and shall be used for trial court operations purposes.

(d) In no event shall interest be charged to the Trial Court Operations Fund.

(e) Reasonable administrative expenses incurred by the county associated with the operation of this fund shall be charged to each court on a pro rata basis in proportion to the total amount allocated to each court in this fund.

(f) A county, or city and county, may bill trial courts within its jurisdiction for costs for services provided by the county, or city and county, as described in Sections 77003 and 77212, including indirect

costs as described in paragraph (7) of subdivision (a) of Section 77003 and Section 77212. The costs billed by the county, or the city and the county, pursuant to this subdivision shall not exceed the costs incurred by the county, or the city and the county, of providing similar services to county departments or special districts.

(g) Pursuant to Section 77206, the Controller, at the request of the Legislature or the Judicial Council, may perform financial and fiscal compliance audits of this fund.

(h) The Judicial Council with the concurrence of the Department of Finance and the Controller's office shall establish procedures to implement the provisions of this section and to provide for payment of trial court operations expenses, as described in Sections 77003 and 77006.5, incurred on July 1, 1997, and thereafter.

(i) The Judicial Council shall study alternative methods for the establishment and management of the Trial Court Operations Fund as provided in this section, and shall report its findings and recommendations to the Legislature not later than November 1, 1998.

SEC. 45. Article 3 (commencing with Section 77200) of Chapter 13 of Title 8 of the Government Code is repealed.

SEC. 46. Article 3 (commencing with Section 77200) is added to Chapter 13 of Title 8 of the Government Code, to read:

(3) Except as otherwise specifically provided in this section, county remittances specified in paragraphs (1) and (2) shall not be increased in subsequent years.

(4) Any change in statute or rule of court that either reduces the bail schedule or redirects or reduces a county's portion of fee, fine, and forfeiture revenue to an amount that is less than (A) the fees, fines, and forfeitures retained by that county and (B) the county's portion of fines and forfeitures transmitted to the state in the 1994–95 fiscal year, shall reduce that county's remittance specified in paragraph (2) of this subdivision by an equal amount. Nothing in this paragraph is intended to limit judicial sentencing discretion.

(c) The Department of Finance shall adjust the amount specified in paragraph (1) of subdivision (b) that a county is required to submit to the state, pursuant to the following procedures:

(1) A county may submit a declaration to the Department of Finance, no later than February 15, 1998, that declares that (A) the county incorrectly reported county costs as court operations costs as defined in Section 77003 in the 1994–95 fiscal year, and that incorrect report resulted in the amount the county is required to submit to the state pursuant to paragraph (1) of subdivision (b) being too high, (B) the amount the county is required to submit to the state pursuant to paragraph (1) of subdivision (b) includes amounts that were specifically appropriated, funded and expended by a county or city and county during fiscal year 1994–95 to fund extraordinary one-time expenditures for court operation costs, or (C) the amount the county is required to submit to the state pursuant to paragraph (1) of subdivision (b) includes expenses that were funded from grants or subventions from any source, for court operation costs that could not have been funded without those grants or subventions being available. A county submitting that declaration shall concurrently transmit a copy of the declaration to the courts of that county. The trial courts in a county that submits that declaration shall have the opportunity to comment to the Department of Finance on the validity of the statements in the declaration. Upon receipt of the declaration and comments, if any, the Department of Finance shall

determine and certify which costs identified in the county's declaration were incorrectly reported as court operation costs or were expended for extraordinary one-time expenditures or funded from grants or subventions in the 1994–95 fiscal year. The Department of Finance shall reduce the amount a county must submit to the state pursuant to paragraph (1) of subdivision (b) by an amount equal to the amount the department certifies was incorrectly reported as court operations costs or were expended for extraordinary one-time expense or funded from grants or subventions in the 1994–95 fiscal year. If a county disagrees with the Department of Finance's failure to verify the facts in the county's declaration and reduce the amount the county is required to submit to the state pursuant to paragraph (1) of subdivision (b), the county may request that the Controller conduct an audit to verify the facts in the county's declaration. The Controller shall conduct the requested audit, which shall be at the requesting county's expense. If the Controller's audit verifies the facts in the county's declaration, the department shall reduce the amount the county is required to submit to the state pursuant to paragraph (1) of subdivision (b) by an amount equal to the amount verified by the Controller's audit and the state shall reimburse the requesting county for the cost of the audit. A county shall provide, at no charge to the court, any service for which the amount in paragraph (1) of subdivision (b) was adjusted downward, if the county is required to provide that service at no cost to the court by any other provision of law.

(2) A court may submit a declaration to the Department of Finance, no later than February 15, 1998, that the county failed to report county costs as court operations costs as defined in Section 77003 in the 1994–95 fiscal year, and that this failure resulted in the amount the county is required to submit to the state pursuant to paragraph (1) of subdivision (b) being too low. A court submitting that declaration shall concurrently transmit a copy of the declaration to the county. A county shall have the opportunity to comment to the Department of Finance on the validity of statements in the declaration and comments, if any. Upon receipt of the declaration, the Department of Finance shall determine and certify which costs identified in the court's declaration should have been reported by the county as court operation costs in the 1994–95 fiscal year and whether this failure resulted in the amount the county is required to submit to the state pursuant to paragraph (1) of subdivision (b) being too low. The Department of Finance shall notify the county, trial courts in the county, and the Judicial Council of its certification and decision. Within 30 days, or on or before June 30, 1998, whichever is later, the county shall either notify the Department of Finance, trial courts in the county, and the Judicial Council that the county shall assume responsibility for the costs the county has failed to report or that the department shall increase the amount the county is required to submit to the state pursuant to paragraph (1) of subdivision (b)

by an amount equal to the amount certified by the department. A county shall not be required to continue to provide services for which the amount in paragraph (1) of subdivision (b) was adjusted upward.

(3) A county shall submit a declaration to the Department of Finance, no later than February 15, 1998, that the amount it is required to submit to the state pursuant to paragraph (1) of subdivision (b) either includes or does not include the costs for local judicial benefits which are court operation costs as defined in Section 77003 and Rule 810 of the California Rules of Court. The trial courts in a county that submits such a declaration shall be given a copy of the declaration and the opportunity to comment on the validity of the statements in the declaration. The Department of Finance shall verify the facts in the county's declaration and comments, if any, within 30 days of receipt of the declaration and, upon verification that the amount the county is required to submit to the state includes the costs of local judicial benefits, the department shall reduce the amount the county is required to submit to the state pursuant to paragraph (1) of subdivision (b) by an amount equal to the cost of those judicial benefits, in which case the county shall continue to be responsible for the cost of those benefits. If a county disagrees with the Department of Finance's failure to verify the facts in the county's declaration and reduce the amount the county is required to submit to the state pursuant to paragraph (1) of subdivision (b), the county may request that the Controller conduct an audit to verify the facts in the county's declaration. The Controller shall conduct the requested audit which shall be at the requesting county's expense. If the Controller's audit verifies the facts in the county's declaration, the department shall reduce the amount the county is required to submit to the state pursuant to paragraph (1) of subdivision (b) by an amount equal to the amount verified by the Controller's audit and the state shall reimburse the requesting county for the cost of the audit.

(d) Nothing in this section is intended to relieve a county of the responsibility to provide necessary and suitable court facilities pursuant to Section 68073.

(e) Nothing in this section is intended to relieve a county of the responsibility for justice-related expenses not included in Section 77003 which are otherwise required of the county by law, including, but not limited to, indigent defense representation and investigation, and payment of youth authority charges.

(f) The Department of Finance shall notify the county, trial courts in the county, and Judicial Council of the final decision and resulting adjustment.

(g) On or before February 15, 1998, each county shall submit to the Department of Finance a report of the amount it expended for trial court operations as defined in Section 77003 and Rule 810 of the California Rules of Court as it read on July 1, 1996, between the start of the 1997–98 fiscal year and the effective date of this section. The

department shall reduce the amount a county is required to remit to the state pursuant to paragraph (1) of subdivision (b) in the 1997–98 fiscal year by an amount equal to the amount a county expended for court operation costs between the start of the 1997–98 fiscal year and the effective date of this section. The department shall also reduce the amount a county is required to remit to the state pursuant to paragraph (2) of subdivision (b) in the 1997–98 fiscal year by an amount equal to the amount of fine and forfeiture revenue that a county remitted to the state between the start of the 1997–98 fiscal year and the effective date of this section. The department shall notify the county, the trial courts of the county, and the Judicial Council of the amount it has reduced a county's obligation to remit to the state pursuant to this subdivision.

(h) This section shall be repealed on July 1, 1998, unless a later-enacted statute, enacted before that date extends or deletes that date.

77201.1. (a) Commencing on July 1, 1997, no county shall be responsible for funding court operations, as defined in Section 77003 and Rule 810 of the California Rules of Court as it read on July 1, 1996.

(b) Commencing in the 1998–99 fiscal year, and each fiscal year thereafter, each county shall remit to the state in four equal installments due on October 1, January 1, April 1, and July 1, the amounts specified in paragraphs (1) and (2), as follows:

(3) Except as otherwise specifically provided in this section, county remittances specified in paragraphs (1) and (2) shall not be increased in subsequent years.

(4) The amount a county is required to remit pursuant to paragraph (1) shall be adjusted by the amount equal to any adjustment resulting from the procedures in subdivision (c) of Section 77201 as it read on June 29, 1998.

(5) Any change in statute or rule of court that either reduces the bail schedule or redirects or reduces a county's portion of fee, fine, and forfeiture revenue to an amount that is less than (A) the fees, fines, and forfeitures retained by that county and (B) the county's portion of fines and forfeitures transmitted to the state in the 1994–95 fiscal year, shall reduce that county's remittance specified in paragraph (2) of this subdivision by an equal amount. Nothing in this paragraph is intended to limit judicial sentencing discretion.

(c) Nothing in this section is intended to relieve a county of the responsibility to provide necessary and suitable court facilities pursuant to Section 68073.

(d) Nothing in this section is intended to relieve a county of the responsibility for justice-related expenses not included in Section 77003 which are otherwise required of the county by law, including, but not limited to, indigent defense representation and investigation, and payment of youth authority charges.

(e) County base-year remittance requirements specified in paragraph (2) of subdivision (b) incorporate specific reductions to reflect those instances where the Department of Finance has determined that a county's remittance to both the General Fund and the Trial Court Trust Fund during the 1994–95 fiscal year exceeded the aggregate amount of state funding from the General Fund and the Trial Court Trust Fund. The amount of the reduction was determined by calculating the difference between the amount the county remitted to the General Fund and the Trial Court Trust Fund and the aggregate amount of state support from the General Fund and the Trial Court Trust Fund allocated to the county's trial courts. In making its determination of whether a county is entitled to a reduction pursuant to that paragraph, the Department of Finance subtracted from county revenues remitted to the state, all moneys derived from the fee required by Section 42007.1 of the Vehicle Code and the parking surcharge required by subdivision (c) of Section 76000.

(f) Notwithstanding subdivision (e), the Department of Finance shall not reduce a county's base-year remittance requirement, as specified in paragraph (2) of subdivision (b), if the county's trial court funding allocation was modified pursuant to the amendments to the allocation formula set forth in paragraph (4) of subdivision (d) of Section 77200, as amended by Chapter 2 of the Statutes of 1993, to provide a stable level of funding for small county courts in response to reductions in the State General Fund support for the trial courts.

(g) The Department of Finance shall notify the county, trial courts in the county, and Judicial Council of the final decision and resulting adjustment.

(h) This section shall become operative on July 1, 1998.

77202. (a) The Legislature shall make an annual appropriation to the Judicial Council for the general operations of the trial courts based on the recommendations of the Trial Court Budget Commission, as approved by the Judicial Council, as specified in paragraph (4) of subdivision (a) of Section 68502.5. The Judicial Council's trial court budget request shall meet the needs of all trial courts in a manner which promotes equal access to the courts statewide. The Judicial Council shall allocate the appropriation to the trial courts in a manner that best ensures the ability of the courts to carry out their functions, promotes implementation of statewide policies, and promotes the immediate implementation of efficiencies

and cost saving measures in court operations, in order to guarantee access to justice to citizens of the state.

The Judicial Council shall ensure that the recommendations of the commission and the allocations made by the council reward each trial court's implementation of efficiencies and cost saving measures.

These efficiencies and cost saving measures shall include the following:

(1) The use of blanket cross-assignments allowing judges to hear civil, criminal, or other types of cases within the jurisdiction of another court.

(2) The coordinated or joint use of subordinate judicial officers to hear or try matters.

(3) The coordinated or joint use, sharing, or merger of court support staff among trial courts within a county or across counties.

(4) The assignment of civil, criminal, or other types of cases for hearing or trial, regardless of jurisdictional boundaries, to any available judicial officer.

(5) The assignment of any type of case to a judge for all purposes commencing with the filing of the case and regardless of jurisdictional boundaries.

(6) The establishment of a separate calendar or division to hear a particular type of case.

(7) In rural counties, the use of all court facilities for hearings and trials of all types of cases and the acceptance of filing documents in any case before any court in the county participating in the coordination plan.

(8) The coordinated or joint use of alternative dispute resolution programs, such as arbitration.

(9) The unification of the trial courts within a county to the maximum extent permitted by the Constitution.

(10) The development and use of joint automated accounting and case-processing systems.

(b) The Judicial Council shall promulgate rules governing practices and procedures for budgeting in the trial courts in a manner that best ensures the ability of the courts to carry out their functions. The Administrative Office of the Courts, after consultation with the Department of Finance, shall establish budget procedures and an annual schedule of budget development and management consistent with these rules.

77203. The Judicial Council may authorize a trial court to carry unexpended funds over from one fiscal year to the next, provided that the court carrying over the funds has fully implemented all provisions of Rule 991 of the California Rules of Court as it read on July 1, 1996, regarding trial court coordination.

77204. (a) The Judicial Council shall have the authority to allocate funds appropriated annually to the State Trial Court Trust Fund for the purpose of paying legal costs resulting from lawsuits or claims arising out of the actions or conduct of a trial court, trial court

bench officer, or trial court employee, and for which the state is named as a defendant or alleged to be the responsible party.

(b) For the purposes of this section, legal costs are further defined to be (1) the state's portion of any agreement, settlement decree, stipulation, or stipulated judgment in an action involving a trial court bench officer or employee, or challenging a California rule of court, form, local trial court rule or policy; (2) the state's portion of any judgment in an action involving a trial court bench officer or employee, or challenging a California rule of court, form, local trial court rule or policy; or (3) the state's portion of any attorneys' fees, legal assistant fees, and any litigation costs and expenses, including, but not limited to, experts' fees, incurred in an action involving a trial court bench officer or employee, or challenging a California rule of court, form, local trial court rule or policy.

77205. (a) Notwithstanding any other provision of law, in any year in which a county collects and remits fine and forfeiture revenue pursuant to Sections 1463.001, 1463.07, and 1464 of the Penal Code and Sections 42007, 42007.1, and 42008 of the Vehicle Code, and Sections 27361 and 76000 of the Government Code that exceeds the amount specified in paragraph (2) of subdivision (b) of Section 77201, the excess amount shall be divided between the county or city and county and the state, with 50 percent of the excess transferred to the state for deposit in the Trial Court Improvement Fund and 50 percent of the excess being deposited into the county general fund. For the purpose of this subdivision, fine and forfeiture revenue shall not include revenue from penalty assessments.

(b) Any amounts required to be distributed to the state pursuant to subdivision (a) shall be remitted to the Controller no later than 45 days after the end of the fiscal year in which those fines and forfeitures were collected. This remittance shall be accompanied by a remittance advice identifying the quarter of collection and stating that the amount should be deposited in the Trial Court Improvement Fund.

(c) Subject to subdivisions (a) and (b), moneys in the Trial Court Improvement Fund shall be subject to expenditure pursuant to Section 77213.

77206. (a) The Judicial Council shall adopt appropriate rules for budget submission, budget management, and reporting of revenues and expenditures by each court. The Controller, in consultation with the Judicial Council, shall maintain appropriate regulations for recordkeeping and accounting by the courts, in order to determine all moneys collected by the courts, including filing fees, fines, forfeitures, and penalties, and all revenues and expenditures relating to court operations.

(b) Regulations, rules, and reporting requirements adopted pursuant to this chapter shall be exempt from review and approval or other processing by the Office of Administrative Law as provided

for in Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2.

(c) The Controller, at the request of the Legislature or the Judicial Council, may perform and publish financial and fiscal compliance audits of the reports of court revenues and expenditures. The Controller shall report the results of these audits to the Legislature.

(d) The Judicial Council shall provide for the transmission of summary information concerning court revenues and expenditures to the Controller.

77207. The Legislature shall appropriate trial court funding. The Controller shall apportion trial court funding payments to the courts pursuant to an allocation schedule adopted by the Judicial Council in four quarterly installments. Beginning in the 1997–98 fiscal year, the Controller shall make quarterly apportionment payments on July 15, October 15, January 15, and April 15, provided, that if the operative date of this section is less than 10 days prior to July 1, 1997, or thereafter, the Controller shall make the first quarterly apportionment payment within 10 days of the operative date of this section. In subsequent fiscal years, payments shall be due on July 15, October 15, January 15, and April 15.

77208. Amounts appropriated in the annual Budget Act for assigned judges shall be transferred to the Judicial Council on a monthly basis. The Judicial Council shall certify the amount expended for judicial assignment purposes monthly, and the Controller shall transfer to the Judicial Council the amount certified. The amounts so transferred by the Controller shall be credited to the appropriation available to the Judicial Council in augmentation of the Budget Act.

77209. (a) There is in the State Treasury the Trial Court Improvement Fund.

(b) The Judicial Council shall reserve funds for the following projects by allocating 1 percent of the annual appropriation for the trial courts to the Trial Court Improvement Fund as follows:

(1) At least one-half of 1 percent of the total appropriation for trial court operations shall be set aside as a reserve which shall not be allocated prior to March 15 of each year unless allocated to a court or courts for urgent needs.

(2) Up to one-quarter of 1 percent of the total appropriation for trial court operations may be allocated from the fund to courts which have fully implemented the requirements of Rule 991 of the California Rules of Court, as it read on July 1, 1996, and which meet additional criteria as may be established by the Judicial Council.

(3) Up to one-quarter of 1 percent of the total appropriation for trial court operations may be allocated from the fund for statewide projects or programs for the benefit of the trial courts.

(c) Except as specified in this section, the funds in the Trial Court Improvement Fund shall be subject to expenditure as specified in Sections 77205 and 77213. Any funds in the Trial Court Improvement

Fund that are unencumbered at the end of the fiscal year shall be reappropriated to the Trial Court Improvement Fund for the following fiscal year.

(d) Moneys deposited in the Trial Court Improvement Fund shall be placed in an interest bearing account. Any interest earned shall accrue to the fund and shall be disbursed pursuant to subdivision (e).

(e) Moneys deposited in the Trial Court Improvement Fund may be disbursed for purposes of this section.

(f) Moneys deposited in the Trial Court Improvement Fund pursuant to Section 68090.8 shall be allocated by the Judicial Council for automated recordkeeping system improvements pursuant to that section and in furtherance of Rule 991 of the California Rules of Court, as it read on July 1, 1996.

(g) Moneys deposited in the Trial Court Improvement Fund shall be administered by the Judicial Council. The Judicial Council may, with appropriate guidelines, delegate to the Administrative Office of the Courts the administration of the fund. Moneys in the fund may be expended to implement trial court projects approved by the Judicial Council. Expenditures may be made to vendors or individual trial courts that have the responsibility to implement approved projects.

(h) Notwithstanding other provisions of this section, the 2 percent automation fund moneys deposited in the Trial Court Improvement Fund pursuant to Section 68090.8 shall be allocated by the Judicial Council to individual courts of the counties for deposit in the Trial Court Operations Fund of the county from which the money was collected in an amount not less than the revenues collected in the local 2 percent automation funds in fiscal year 1994–95. The Judicial Council shall allocate the remainder of the moneys deposited in the Trial Court Improvement Fund as specified in this section.

For the purposes of this subdivision, the term "2 percent automation fund" means the fund established pursuant to Section 68090.8 as it read on June 30, 1996.

(i) The Judicial Council shall present an annual report to the Legislature on the use of the Trial Court Improvement Fund. The report shall include appropriate recommendations.

77210. (a) The state shall provide municipal court judges retired under the Judges' Retirement System with retiree health, dental, and vision care plans equal to and in the same manner as the health, dental, and vision benefits provided to retired superior court judges.

(b) No judge shall have any salary or benefits reduced solely by reason of the enactment of this section.

77211. Any trial court may establish a "900" telephone number or numbers for traffic, misdemeanor, and other telephonic arraignment, for court scheduling, and for rendering tentative civil decisions, provided the court provides an alternative method of obtaining the service or information in a free and timely manner, and informs individuals of this alternative in the message preceding the

"900" information. The proceeds from these "900" telephone numbers shall be continuously and solely appropriated to the use of that court for staff, information, and data-processing services for the purposes specified in this section.

77212. (a) The State of California, the Counties of California, and the Trial Courts of California, recognize that a unique and interdependent relationship has evolved between the courts and the counties over a sustained period of time. While it is the intent of this act to transfer all fiscal responsibility for the support of the trial courts from the counties to the State of California, it is imperative that the activities of the state, the counties, and the trial courts be maintained in a manner that ensures that services to the people of California not be disrupted. Therefore, to this end, during the 1997–98 fiscal year, commencing on July 1, 1997, counties shall continue to provide and courts shall continue to use, county services provided to the trial courts on July 1, 1997, including, but not limited to: auditor/controller services, coordination of telephone services, data-processing and information technology services, procurement, human resources services, affirmative action services, treasurer/tax collector services, county counsel services, facilities management, and legal representation. These services shall be provided to the court at a rate that shall not exceed the costs of providing similar services to county departments or special districts. If the cost was not included in the county base pursuant to paragraph (1) of subdivision (b) of Section 77201 or was not otherwise charged to the court prior to July 1, 1997, and were court operation costs as defined in Section 77003 in the fiscal year 1994–95, the court may seek adjustment of the amount the county is required to submit to the state pursuant to paragraph (2) of subdivision (c) of Section 77201.

(b) In fiscal year 1998–99 commencing on July 1, 1998, and thereafter the county may give notice to the court that the county will no longer provide a specific service except that the county shall cooperate with the court to ensure that a vital service for the court shall be available from the county or other entities that provide such services. The notice must be given at least 90 days prior to the end of the fiscal year and shall be effective only upon the first day of the succeeding fiscal year.

(c) In fiscal year 1998–99, commencing on July 1, 1998, and thereafter, the court may give notice to the county that the court will no longer use a specific county service. The notice shall be given at least 90 days prior to the end of the fiscal year and shall be effective only upon the first day of the succeeding fiscal year. However, for three years from the effective date of this section, a court shall not terminate a service that involved the acquisition of equipment, including, but not limited to, computer and data-processing systems financed by a long-term financing plan whereby the county is dependent upon the court's continued financial support for a portion of the cost of the acquisition.

77213. (a) There is in the State Treasury the Judicial Administration Efficiency and Modernization Fund.

(b) Moneys deposited into this fund shall be administered by the Judicial Council, subject to appropriation by the Legislature. The Judicial Council may, with appropriate guidelines, delegate to the Administrative Office of the Courts the administration of the fund. Moneys in the fund may be expended to promote improved access, efficiency, and effectiveness in trial courts that have unified to the fullest extent permitted by law. Moneys in the fund may be expended to implement projects approved by the Judicial Council. Expenditures may be made to vendors or individual trial courts that have the responsibility to implement approved projects. Projects approved by the Judicial Council may include, but are not limited to, the following:

(1) Support the payment for cost of judicial officers or court staff who participate in in-state education programs, or to support local trial court education programs.

(2) Improved technology including information systems programming or equipment upgrades that meet standards approved by the Judicial Council and that promote efficiency and access to justice, or other technology that promotes access, efficiency, or security.

(3) Retain experienced jurists by establishing incentives of enhanced judicial benefits and educational sabbaticals, not to exceed 120 days every five years, as provided for by rules of court adopted by the Judicial Council.

(4) Acquire improved legal research through the use of law clerks or technology.

(c) Annually, the Judicial Council shall adopt criteria, timelines, and procedures for the allocation of funds to support activities for the benefit of qualified courts. The Judicial Council may allocate funding to pay program costs directly, contract with courts, and permanently reallocate funding to courts subject to the following limitations:

(1) Not more than 20 percent of the fund may be permanently reallocated pursuant to paragraph (1) of subdivision (b). The Judicial Council shall develop a plan which will permit the extension of the benefits to all judges of the state at such time when the trial courts of all counties have unified to the maximum extent permitted by law.

(2) Not more than 40 percent may be permanently reallocated to trial courts for any other purpose approved by the Judicial Council.

(3) The Judicial Council shall retain at least 40 percent of the funding to support annual allocations for improvement projects and programs in qualifying courts.

(4) Written notice shall be given to the Director of the Department of Finance and the Joint Legislative Budget Committee of any permanent reallocation.

(d) Except as specified in this section, the funding in the Judicial Administration Efficiency and Modernization Fund shall be subject

to the expenditures as specified in Section 77205. Any funds in the Judicial Administration Efficiency and Modernization Fund that are unencumbered at the end of the fiscal year shall be retained in the Judicial Administration Efficiency and Modernization Fund for the following fiscal year.

(e) Moneys deposited in the Judicial Administration Efficiency and Modernization Fund shall be placed in an interest-bearing account. Any interest earned shall accrue to the fund and shall be disbursed pursuant to subdivision (f).

(f) Money deposited in the Judicial Administration Efficiency and Modernization Fund may be disbursed for purposes of this section.

SEC. 47. Article 4 (commencing with Section 77300) of Chapter 13 of Title 8 of the Government Code is repealed.

SEC. 48. Chapter 14 (commencing with Section 77600) is added to Title 8 of the Government Code, to read:

1464. (a) Subject to Chapter 12 (commencing with Section 76000) of Title 8 of the Government Code, there shall be levied a state penalty, in an amount equal to ten dollars ($10) for every ten dollars ($10) or fraction thereof, upon every fine, penalty, or forfeiture imposed and collected by the courts for criminal offenses, including all offenses, except parking offenses as defined in subdivision (i) of Section 1463, involving a violation of a section of the Vehicle Code or any local ordinance adopted pursuant to the Vehicle Code. Any bail schedule adopted pursuant to Section 1269b may include the necessary amount to pay the state penalties established by this section and Chapter 12 (commencing with Section 76000) of Title 8 of the Government Code for all matters where a personal appearance is not mandatory and the bail is posted primarily to guarantee payment of the fine.

(b) Where multiple offenses are involved, the state penalty shall be based upon the total fine or bail for each case. When a fine is suspended, in whole or in part, the state penalty shall be reduced in proportion to the suspension.

(c) When any deposited bail is made for an offense to which this section applies, and for which a court appearance is not mandatory, the person making the deposit shall also deposit a sufficient amount to include the state penalty prescribed by this section for forfeited bail. If bail is returned, the state penalty paid thereon pursuant to this section shall also be returned.

(d) In any case where a person convicted of any offense, to which this section applies, is in prison until the fine is satisfied, the judge may waive all or any part of the state penalty, the payment of which would work a hardship on the person convicted or his or her immediate family.

(e) After a determination by the court of the amount due, the clerk of the court shall collect the penalty and transmit it to the county treasury. The portion thereof attributable to Chapter 12 (commencing with Section 76000) of Title 8 of the Government Code shall be deposited in the appropriate county fund and 70 percent of the balance shall then be transmitted to the State Treasury, to be deposited in the State Penalty Fund, which is hereby created, and 30 percent to remain on deposit in the county general fund. The transmission to the State Treasury shall be carried out in the same manner as fines collected for the state by a county.

(f) The moneys so deposited in the State Penalty Fund shall be distributed as follows:

(1) Once a month there shall be transferred into the Fish and Game Preservation Fund an amount equal to 0.33 percent of the state penalty funds deposited in the State Penalty Fund during the preceding month, except that the total amount shall not be less than the state penalty levied on fines or forfeitures for violation of state laws relating to the protection or propagation of fish and game. These moneys shall be used for the education or training of department employees which fulfills a need consistent with the objectives of the Department of Fish and Game.

(2) Once a month there shall be transferred into the Restitution Fund an amount equal to 32.02 percent of the state penalty funds deposited in the State Penalty Fund during the preceding month. Those funds shall be made available in accordance with Section 13967 of the Government Code.

(3) Once a month there shall be transferred into the Peace Officers' Training Fund an amount equal to 23.99 percent of the state penalty funds deposited in the State Penalty Fund during the preceding month.

(4) Once a month there shall be transferred into the Driver Training Penalty Assessment Fund an amount equal to 25.70 percent of the state penalty funds deposited in the State Penalty Fund during the preceding month.

(5) Once a month there shall be transferred into the Corrections Training Fund an amount equal to 7.88 percent of the state penalty funds deposited in the State Penalty Fund during the preceding

month. Money in the Corrections Training Fund is not continuously appropriated and shall be appropriated in the Budget Act.

(6) Once a month there shall be transferred into the Local Public Prosecutors and Public Defenders Training Fund established pursuant to Section 11503 an amount equal to 0.78 percent of the state penalty funds deposited in the State Penalty Fund during the preceding month. The amount so transferred shall not exceed the sum of eight hundred fifty thousand dollars ($850,000) in any fiscal year. The remainder in excess of eight hundred fifty thousand dollars ($850,000) shall be transferred to the Restitution Fund.

(7) Once a month there shall be transferred into the Victim-Witness Assistance Fund an amount equal to 8.64 percent of the state penalty funds deposited in the State Penalty Fund during the preceding month.

(8) (A) Once a month there shall be transferred into the Traumatic Brain Injury Fund, created pursuant to Section 4358 of the Welfare and Institutions Code, an amount equal to 0.66 percent of the state penalty funds deposited into the State Penalty Fund during the preceding month. However, the amount of funds transferred into the Traumatic Brain Injury Fund for the 1996–97 fiscal year shall not exceed the amount of five hundred thousand dollars ($500,000). Thereafter, funds shall be transferred pursuant to the requirements of this section.

(B) Any moneys deposited in the State Penalty Fund attributable to the assessments made pursuant to subdivision (i) of Section 27315 of the Vehicle Code on or after the date that Chapter 6.6 (commencing with Section 5564) of Part 1 of Division 5 of the Welfare and Institutions Code is repealed shall be utilized in accordance with paragraphs (1) to (8), inclusive, of this subdivision.

SEC. 58. Section 11205.1 is added to the Vehicle Code, to read:

11205.1. The fee authorized in subdivision (m) of Section 11205 shall be applicable only in those instances where a traffic violator has agreed to attend or has been ordered to attend a traffic violator school pursuant to Section 42005, a licensed driving school, or any other court-approved program for driving instruction.

SEC. 59. Section 42007 of the Vehicle Code is amended to read:

42007. (a) The clerk of the court shall collect a fee from every person who is ordered or permitted to attend a traffic violator school pursuant to Section 42005 or who attends any other court-supervised program of traffic safety instruction. The fee shall be in an amount equal to the total bail set forth for the eligible offense on the uniform countywide bail schedule. As used in this subdivision, “total bail” means the amount established pursuant to Section 1269b of the Penal Code in accordance with the Uniform Statewide Bail Schedule adopted by the Judicial Council, including all assessments, surcharges, and penalty amounts. Where multiple offenses are charged in a single notice to appear, the “total bail” is the amount applicable for the greater of the qualifying offenses. However, the

court may determine a lesser fee under this subdivision upon a showing that the defendant is unable to pay the full amount.

The fee shall not include the cost, or any part thereof, of traffic safety instruction offered by the school or other program.

(b) (1) Revenues derived from the fee collected under this section shall be deposited in accordance with Section 68084 of the Government Code in the general fund of the county, provided that in any county in which a fund is established pursuant to Section 76100 or 76101 of the Government Code, the sum of one dollar ($1) for each fund so established shall be deposited with the county treasurer and placed in that fund.

(2) Commencing July 1, 1998, for fees resulting from city arrests, an amount equal to the amount of base fines that would have been deposited in the treasury of the appropriate city pursuant to paragraph (3) of subdivision (b) of Section 1463.001 of the Penal Code shall be deposited in the treasury of the appropriate city.

(c) As used in this section, "court-supervised program" includes, but is not limited to, any program of traffic safety instruction the successful completion of which is accepted by the court in lieu of adjudicating a violation of this code.

(d) The Judicial Council shall study the minimum eligibility criteria governing drivers seeking to attend traffic violator's school, and report to the Legislature on the advisability of uniform statewide criteria on or before January 1, 1993.

(e) The clerk of the court, in a county that offers traffic school shall include in any courtesy notice mailed to a defendant for an offense that qualifies for traffic school attendance the following statement:

NOTICE: If you are eligible and decide not to attend traffic school your automobile insurance may be adversely affected.

SEC. 60. Section 42007.1 is added to the Vehicle Code, to read:

42007.1. (a) The fee collected by the clerk pursuant to subdivision (a) of Section 42007 shall be in an amount equal to the total bail set forth for the eligible offense on the uniform countywide bail schedule plus twenty-four dollars ($24).

(b) Notwithstanding subdivision (b) of Section 42007, the revenue from the twenty-four dollar ($24) fee collected under this section shall be deposited in the county general fund.

SEC. 61. The Judicial Council shall forward information regarding the fiscal impact of pending legislation affecting courts to the Legislature when the council deems that the information will assist the Legislature in its consideration of the legislation.

SEC. 62. (a) There shall be a Civil Delay Reduction Team comprised of judges assigned by and under the authority of the Chief Justice.

(b) The primary responsibility of the team is to assist counties and courts in reducing or eliminating the delay in adjudicating civil cases.

(c) Team judges will be assigned by the Chief Justice after taking into account the following.

(1) The number of delayed civil cases in each county and court.
(2) The delay in processing civil cases.
(3) The age of inventory of cases, with greater weight to be given to cases with a long delay without resolution.
(4) The average length of time needed to dispose of civil cases.
(5) The adverse impact on civil litigants.
(6) The likelihood that utilization of the team will encourage effective and efficient use of existing local court resources.

(d) Delay reduction team assignments shall be for the purpose of supplementing civil court resources, and shall not be made for the purpose of supplanting a judge currently assigned to the civil court calendar.

(e) During the 1997–98 fiscal year, special attention shall be given to those counties and courts where civil delay is much greater than the state average delay for all trial courts.

(f) The Judicial Council shall report to the Legislature annually on the assignment of team judges and the impact on civil case delay reduction.

(g) This section shall become inoperative on July 1, 1999, and, as of January 1, 2000, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2000, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 63. As provided in the Budget Act of 1997, of funds appropriated in Schedule (a) of Item 0450-101-0932 of the Budget Act of 1997, the Judicial Council shall transfer up to two million dollars ($2,000,000) to Schedule (c) of that item for support of the Civil Delay Reduction Team established by this act.

SEC. 64. No provision of this act shall be deemed to constitute a mandate upon a county because the state's assumption of increased funding support for the trial courts, pursuant to Section 77001 of the Government Code, effectively relieves a county of the responsibility to provide otherwise increasing funds to the trial courts to help finance their operations.

SEC. 65. No provision of this act shall be deemed to constitute a mandate upon a trial court because the state's assumption of increased funding support for the trial courts, pursuant to Section 77001 of the Government Code, directly benefits the trial courts through the provision of more adequate, consistent, and stable financial support for their operations.

## CHAPTER 851

An act to add Article 19 (commencing with Section 69980) to Chapter 2 of Part 42 of the Education Code, and to amend Section 23735 of, and to add Sections 17140, 24306, and 24328 to, the Revenue

and Taxation Code, relating to postsecondary education, and making an appropriation therefor.

[Approved by Governor October 10, 1997. Filed with Secretary of State October 10, 1997.]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares all of the following:

(a) The general welfare and well-being of the State of California are directly related to the educational levels and skills of the citizens of the state. Therefore, a vital and valid public purpose of the state is served by the creation and implementation of programs that encourage and make possible the attainment of higher education by the greatest number of citizens of the state.

(b) The Legislature finds, declares, and recognizes that the State of California has limited resources to provide additional programs for higher education funding and that the continued operation and maintenance of the institutions of higher education in California and the general welfare of the citizens and the state will be enhanced by the creation of a program pursuant to which citizens and others may invest money in a public trust for future application to the payment of higher education expenses in the state and elsewhere and that the creation of a means of encouragement of citizens in the investment of funds for future higher education application represents the carrying out of a valid and vital public purpose of the State of California.

(c) In order to make available to the citizens of the state an opportunity to fund future higher education needs for beneficiaries with certain public assistance, and to ensure that California takes advantage of recent changes in tax law that will benefit this state's citizens, it is necessary that a public trust be established in which the citizens of the state and others may invest moneys for future educational use.

(d) A program, with a minimal impact on the state treasury, that encourages annual contributions in an amount equivalent to the maximum estimated qualified higher education expenses, as defined by subdivision (*l*) of Section 69980 and as established by the trust, that can be incurred by a beneficiary to obtain a baccalaureate degree at an institution of higher education in California for four years commencing in the year the majority of beneficiaries of that age are expected to be eligible to enroll in a higher education program, will assist those middle-class families and students finding it hardest to pay for higher education due to lack of savings, the high cost of loans, and the scarcity of grants and scholarships. An annual savings program will further encourage students to save for their own education at levels students can afford, will encourage the lifetime habit of saving

for things that are important, and will foster appreciation of the value of investing in one's own education.

(e) A program that encourages nonprofit organizations to accumulate funds for the awarding of scholarships for recipients to be designated in the future will benefit even the lowest income families and students in this state, who otherwise are unable to save sufficient amounts to pay for the expense of higher education.

(f) It is the intent of the Legislature to create the Golden State Scholarshare Trust as a self-sustaining trust, paying all costs of administration out of earnings on moneys on deposit therein. The implementation and effectuation of the Golden State Scholarshare Trust constitutes the carrying out of a valid and vital public purpose.

## CHAPTER 852

An act to add Section 1463.11 of the Penal Code, and to amend Section 42001 of, and to add Sections 42001.15 and 42007.3 to, the Vehicle Code, relating to vehicles.

[Approved by Governor October 10, 1997. Filed with Secretary of State October 10, 1997.]

*The people of the State of California do enact as follows:*

SECTION 1. The Legislature finds and declares all of the following:

(a) Running a red light is a serious offense that causes death, injury, and destruction of property, and particularly endangers pedestrians, senior citizens, children, and the physically disabled.

(b) The automobile accidents caused by drivers running red lights greatly increase the cost of municipal government, requiring police, fire, and ambulance responses, as well as medical care, frequently involving public hospitals.

(c) The horrific accidents caused by drivers who run red lights continue to be a major source of traffic accidents in California.

(d) The current fines are insufficient for a traffic offense that is as serious and potentially life threatening as running a red light.

(e) An increase in the base fine to not less than one hundred dollars ($100) would significantly decrease the number of red light violations, thereby saving lives, reducing personal injury and property damage, and lowering the costs of municipal government required to deal with accidents caused by red light violators.

SEC. 2. Section 1463.11 is added to the Penal Code, to read:

1463.11. Notwithstanding Sections 1463 and 1464 of this code and Section 76000 of the Government Code, moneys that are collected for a violation of subdivision (a) or (c) of Section 21453 of, subdivision (c) of Section 21454 of, or subdivision (a) of Section 21457 of, the Vehicle Code, and which are required to be deposited with the

county treasurer pursuant to Section 1463 of this code shall be allocated as follows:

(a) The first 30 percent of the amount collected shall be allocated to the general fund of the city or county in which the offense occurred.

(b) The balance of the amount collected shall be deposited by the county treasurer under Sections 1463 and 1464.

SEC. 3. Section 42001 of the Vehicle Code is amended to read:

42001. (a) Except as provided in Section 42000.5, 42001.1, 42001.2, 42001.3, 42001.5, 42001.7, 42001.8, 42001.9, 42001.11, 42001.12, 42001.14, or 42001.15, or subdivision (b) or (c) of this section, or Article 2 (commencing with Section 42030), every person convicted of an infraction for a violation of this code or of any local ordinance adopted pursuant to this code shall be punished as follows:

(1) By a fine not exceeding one hundred dollars ($100).

(2) For a second infraction occurring within one year of a prior infraction which resulted in a conviction, a fine not exceeding two hundred dollars ($200).

(3) For a third or any subsequent infraction occurring within one year of two or more prior infractions which resulted in convictions, a fine not exceeding two hundred fifty dollars ($250).

(b) Every person convicted of a misdemeanor violation of Section 2800, 2801, or 2803, insofar as they affect failure to stop and submit to inspection of equipment or for an unsafe condition endangering any person, shall be punished as follows:

(1) By a fine not exceeding fifty dollars ($50) or imprisonment in the county jail not exceeding five days.

(2) For a second conviction within a period of one year, a fine not exceeding one hundred dollars ($100) or imprisonment in the county jail not exceeding 10 days, or both that fine and imprisonment.

(3) For a third or any subsequent conviction within a period of one year, a fine not exceeding five hundred dollars ($500) or imprisonment in the county jail not exceeding six months, or both that fine and imprisonment.

(c) A pedestrian convicted of an infraction for a violation of this code or any local ordinance adopted pursuant to this code shall be punished by a fine not exceeding fifty dollars ($50).

(d) Notwithstanding any other provision of law, any local public entity that employs peace officers, as designated under Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, the California State University, and the University of California may, by ordinance or resolution, establish a schedule of fines applicable to infractions committed by bicyclists within its jurisdiction. Any fine, including all penalty assessments and court costs, established pursuant to this subdivision shall not exceed the maximum fine, including penalty assessment and court costs, otherwise authorized by this code for that violation. If a bicycle fine schedule is adopted, it shall be used by the courts having jurisdiction over the area within

which the ordinance or resolution is applicable instead of the fines, including penalty assessments and court costs, otherwise applicable under this code.

SEC. 4. Section 42001.15 is added to the Vehicle Code, to read:

42001.15. Every person convicted of an infraction for a violation of subdivision (a) or (c) of Section 21453, subdivision (c) of Section 21454, or subdivision (a) of Section 21457 shall be punished by a fine of one hundred dollars ($100).

SEC. 5. Section 42007.3 is added to the Vehicle Code, to read:

42007.3. (a) Notwithstanding Section 42007, revenues derived from fees collected under Section 42007 from each person required or permitted to attend traffic violator school pursuant to Section 42005 as a result of a violation of subdivision (a) or (c) of Section 21453, subdivision (c) of Section 21454, or subdivision (a) of Section 21457 shall be allocated as follows:

(1) The first 30 percent of the amount collected shall be allocated to the general fund of the city or county in which the offense occurred.

(2) The balance of the amount collected shall be deposited by the county treasurer under Section 42007.

(b) This section does not apply to the additional twenty-four dollars ($24) collected under subdivision (a) of Section 42007.1.

SEC. 6. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

[Approved by Governor October 10, 1997. Filed with Secretary of State October 10, 1997.]

*The people of the State of California do enact as follows:*

SECTION 1. (a) This act shall be known and may be cited as the Poochigian and Davis Special Education Reform Act.

(b) The Legislature hereby finds and declares the following:

(1) On December 1, 1995, approximately 9.4 percent of the 5,467,224 pupils enrolled in kindergarten and grades 1 to 12, inclusive, in California required some form of special education programming or service.

(2) Significant inequities in funding for special education exist in California. Special education funding derives from the value of a local education agency's various instructional personnel services unit rates plus the funds it generates from multiplying the total unit values by the agency's support services ratio. Since these values and ratios vary greatly among the local education agencies, widely disparate funding amounts are generated for the same type of program among local education agencies.

(3) In the 1994–95 fiscal year, the following range in funding amounts existed for each of the four types of instructional personnel services units providing services to the nonseverely disabled:

| Unit Type | Lowest | Highest |
|---|---|---|
| Special classes and centers | $31,137 | $80,044 |
| Resource specialists | $26,064 | $84,579 |
| Designated instruction and services | $30,080 | $91,760 |
| Instructional aides | $ 9,601 | $49,883 |

(4) The range in funding amounts in the 1994–95 fiscal year was even greater for instructional personnel services units for special education services for severely disabled pupils in special education classes, as follows:

| Unit Type | Lowest | Highest |
|---|---|---|
| Special classes and centers | $31,137 | $89,181 |
| Instructional aides | $ 9,601 | $55,577 |

(5) Equalization aid has not been provided to correct the disparities in special education funding since the Master Plan for Special Education was enacted for statewide implementation in 1980. Consequently, funding figures, based primarily on expenditures made in the base year 1979–80, are still being used.

(6) In recent years, some additional money has been provided to school districts to equalize revenue limit funding for regular education programs, and school districts with lower base revenue limits have had those revenue limits increased, resulting in those school districts attaining a base revenue limit that is closer to the statewide average.

(7) In February 1994, the Legislative Analyst, in the “Analysis of the 1994–95 Budget Bill,” cited a number of major problems with the state’s current special education funding formula. Among the shortfalls cited included:

(A) Unjustified funding variation among local education agencies.

(B) Unnecessary complexity.

(C) Constraint on local innovation and on responses to changing requirements.

(D) Inappropriate fiscal incentives related to special education placements.

(8) The current method of funding special education programs unduly influences the manner and methods through which special education services are provided and inhibits the ability of local education agencies to appropriately individualize the provision of special education services to individuals with exceptional needs.

(9) Existing law provides for the annual calculation of additional instructional personnel services necessary to address the enrollment growth in special education programs. Over the last four years, the number of additional instructional personnel service units actually funded to address the enrollment growth has been well under one-half the number for which the calculation provides:

| Fiscal Year | Calculated Need | Amount Funded | Percent Funded |
|---|---|---|---|
| 1993-94 | $ 87,259,893 | $ 30,376,332 | 34.8 |

| | | | |
|---|---|---|---|
| 1994-95 | 106,704,203 | 51,947,000 | 48.7 |
| 1995-96 | 99,634,692 | 31,589,000 | 31.7 |
| 1996-97 | 134,444,158 | 56,887,715 | 42.3 |

(10) Individuals with exceptional needs and their families are protected by provisions of the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.), Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. Sec. 794), the Americans with Disabilities Act of 1990 (42 U.S.C. Sec. 12101 et seq.), and federal regulations relating thereto. These protections include, but are not limited to, the following:

(A) Individuals with exceptional needs shall be identified, located, and appropriately evaluated in a nondiscriminatory manner.

(B) Individuals with exceptional needs have the right to a free appropriate public education pursuant to an individualized education program developed by local education agency representatives in partnership with the individual's parents.

(C) Individuals with exceptional needs and their families shall receive prior notification whenever a local educational agency intends or refuses to initiate the evaluation of the individual with exceptional needs.

(D) Whenever a local educational agency intends to change the educational placement of an individual with exceptional needs, the individual with exceptional needs and his or her family may review the contents of any records or other materials used to make educational decisions regarding the individual with exceptional needs.

(E) Due process protections, including the protection of seeking redress in the courts.

(11) The protections set forth in paragraph (10) and other requirements of federal law and regulations shall not be adversely affected or negated by any changes to state law which may occur from this act.

SEC. 2. It is the intent of the Legislature, in enacting this act, to accomplish the following:

(a) To establish a funding mechanism that:

(1) Ensures greater equity in funding among special education local plan areas so that pupils with exceptional needs receive the necessary level of services regardless of their geographical location.

(2) Eliminates financial incentives to inappropriately place pupils in special education programs.

(3) Recognizes the interaction among funding for special education programs and services, revenue limits for school districts, and funding for categorical programs.

(4) Phases in the newly developed funding formula on a gradual basis so as not to disrupt educational services to pupils enrolled in general or special education programs.

(5) Requires fiscal and program accountability in a manner that ensures effective services are provided to pupils who require special education services in compliance with federal laws and regulations and ensures that federal and state funds are used for the intended special education purposes.

(6) Establishes a funding formula that is understandable and avoids unnecessary complexity.

(b) To recognize and establish the following principles to guide the new funding mechanism:

(1) Allocations to special education local plan areas encourage and support an areawide approach to service delivery that incorporates collaborative administration and coordination of special education services within an area, allows for the tailoring of the organizational structures to differing population densities and demographic attributes, and provides local flexibility for the planning and provision of special education services in an efficient and cost-effective manner.

(2) Allocations to special education local plan areas are best based on a neutral factor such as total pupil population in the special education local plan area.

(3) Local education agencies need the flexibility to adopt innovative approaches to the delivery of special education services.

(c) It is also the intent of the Legislature that alternative delivery systems that include effective schoolwide and districtwide screening practices, the development of effective teaching and intervention strategies, and regular and special education program collaboration, including team teaching, consultation, and home-school partnerships, be fully utilized in the identification process so as to prevent pupils from needing special education services.

(d) It is further the intent of the Legislature that the new funding mechanism based on total pupil population, does not create, in any way, a disincentive to identify and serve pupils with exceptional needs or eliminate or reduce the continuum of placement options.

SEC. 3. The Legislature further finds and declares as follows:

(a) It is the intent of the Legislature to equalize special education program funding imbalances among local education agencies in the 1997–98 fiscal year, pursuant to Chapter 7.1 (commencing with Section 56835) of Part 30 of the Education Code, only to the extent that funds are provided for that purpose in the Budget Act of 1997 or in this act. It is further the intent of the Legislature to implement a population-based funding formula in the 1998–99 fiscal year, pursuant to Chapter 7.2 (commencing with Section 56836) of Part 30 of the Education Code, to allocate special education program funds instead of instructional personnel service units to the special education local plan areas, and to equalize per-pupil funding among the special education local plan areas over a multiyear period, only to the extent that funds are appropriated for those purposes in the annual Budget Act.

(b) As part of the new special education funding system, this act proposes to achieve local administrative savings by simplifying the administrative processes of the current funding system that govern the activities of special education local plan areas, school districts, and county offices of education. Specifically, this act eliminates the process-intensive J-50 claim system that drains local resources away from providing services to completing numerous, lengthy reports in order to secure state funding for special education. To ensure program accountability when the resource-based funding system is replaced by the population-based funding system, this act also provides for additional information to be included in each local plan that will provide the public and other units of government specific information on how services shall be provided and funded. The Legislature finds and declares that the administrative savings resulting from this act will more than offset any increased costs from any new administrative workload resulting from this act.

(c) It is further the intent of the Legislature that the funds provided for equalization entitlements pursuant to this act shall fully compensate any mandated costs associated with maintaining pupil caseload for the purpose of any cost claim filed with the Commission on State Mandates.

SEC. 4. Section 44903.7 of the Education Code is amended to read:

44903.7. When a local plan for the education of individuals with exceptional needs is developed or revised pursuant to Chapter 2.5 (commencing with Section 56195) of Part 30, the following provisions shall apply:

(a) Whenever any certificated employee, who is performing service for one employer, is terminated, reassigned, or transferred, or becomes an employee of another employer because of the reorganization of special education programs pursuant to Chapter 797 of the Statutes of 1980, the employee shall be entitled to the following:

(1) The employee shall retain the seniority date of his or her employment with the district or county office from which he or she was terminated, reassigned, or transferred, in accordance with Section 44847. In the case of termination, permanent employees shall retain the rights specified in Section 44956 or, in the case of probationary employees, Sections 44957 and 44958, with the district or county office initiating the termination pursuant to Section 44955.

(2) The reassignment, transfer, or new employment caused by the reorganization of special education programs pursuant to Chapter 797 of the Statutes of 1980, shall not affect the seniority or classification of certificated employees already attained in any school district that undergoes the reorganization. These employees shall have the same status with respect to their seniority or classification, with the new employer, including time served as probationary employees. The total number of years served as a certificated

employee with the former district or county office shall be credited, year for year, for placement on the salary schedule of the new district or county office.

(b) All certificated employees providing service to individuals with exceptional needs shall be employed by a county office of education or an individual school district. Special education local plan areas or responsible local agencies resulting from local plans for the education of individuals with exceptional needs formulated in accordance with Part 30 (commencing with Section 56000) shall not be considered employers of certificated personnel for purposes of this section.

(c) Subsequent to the reassignment or transfer of any certificated employee as a result of the reorganization of special education programs, pursuant to Chapter 797 of the Statutes of 1980, that employee shall have priority, except as provided in subdivision (d), in being informed of and in filling certificated positions in special education in the areas in which the employee is certificated within the district or county office by which the certificated employee is then currently employed. This priority shall expire 24 months after the date of reassignment or transfer, and may be waived by the employee during that time period.

(d) A certificated employee who has served as a special education teacher in a district or county office and has been terminated from his or her employment by that district or county office pursuant to Section 44955, shall have first priority in being informed of and in filling vacant certificated positions in special education, for which the employee is certificated and was employed, in any other county office or school district that provides the same type of special education programs and services for the pupils previously served by the terminated employee. For a period of 39 months for permanent employees and 24 months for probationary employees from the date of termination, the employee shall have the first priority right to reappointment as provided in this section, if the employee has not attained the age of 65 years before reappointment.

SEC. 5. Section 48915.5 of the Education Code is amended to read:

48915.5. (a) In a matter involving a pupil with previously identified exceptional needs who is currently enrolled in a special education program, the governing board may order the pupil expelled pursuant to subdivision (b) or (d) of Section 48915 only if all of the following conditions are met:

(1) An individualized education program team meeting is held and conducted pursuant to Article 3 (commencing with Section 56340) of Chapter 2 of Part 30.

(2) The team determines that the misconduct was not caused by, or was not a direct manifestation of, the pupil's identified disability.

(3) The team determines that the pupil had been appropriately placed at the time the misconduct occurred.

The term “pupil with previously identified exceptional needs,” as used in this section, means a pupil who meets the requirements of Section 56026 and who, at the time the alleged misconduct occurred, was enrolled in a special education program, including enrollment in nonpublic schools pursuant to Section 56365 and state special schools.

(b) For purposes of this section, all applicable procedural safeguards prescribed by federal and state law and regulations apply to proceedings to expel pupils with previously identified exceptional needs, except that, notwithstanding Section 56321, subdivision (e) of Section 56506, or any other provision of law, parental consent is not required prior to conducting a preexpulsion educational assessment pursuant to subdivision (e), or as a condition of the final decision of the local board to expel.

(c) Each local educational agency, pursuant to the requirements of Section 56195.8, shall develop procedures and timelines governing expulsion procedures for individuals with exceptional needs.

(d) The parent of each pupil with previously identified exceptional needs has the right to participate in the individualized education program team meeting conducted pursuant to subdivision (a) preceding the commencement of expulsion proceedings, following the completion of a preexpulsion assessment pursuant to subdivision (e), through actual participation, representation, or a telephone conference call. The meeting shall be held at a time and place mutually convenient to the parent and local educational agency within the period, if any, of the pupil’s preexpulsion suspension. A telephone conference call may be substituted for the meeting. Each parent shall be notified of his or her right to participate in the meeting at least 48 hours prior to the meeting. Unless a parent has requested a postponement, the meeting may be conducted without the parent’s participation, if the notice required by this subdivision has been provided. The notice shall specify that the meeting may be held without the parent’s participation, unless the parent requests a postponement for up to three additional schooldays pursuant to this subdivision. Each parent may request that the meeting be postponed for up to three additional schooldays. If a postponement has been granted, the local educational agency may extend any suspension of a pupil for the period of postponement if the pupil continues to pose an immediate threat to the safety of himself, herself, or others and the local educational agency notifies the parent that the suspension will be continued during the postponement. However, the suspension shall not be extended beyond 10 consecutive schooldays unless agreed to by the parent, or by a court order. If a parent who has received proper notice of the meeting refuses to consent to an extension beyond 10 consecutive schooldays and chooses not to participate, the meeting may be conducted without the parent’s participation.

(e) In determining whether a pupil should be expelled, the individualized education program team shall base its decision on the

results of a preexpulsion educational assessment conducted in accordance with the guidelines of Section 104.35 of Title 34 of the Code of Federal Regulations, which shall include a review of the appropriateness of the pupil's placement at the time of the alleged misconduct, and a determination of the relationship, if any, between the pupil's behavior and his or her disability.

In addition to the preexpulsion educational assessment results, the individualized education program team shall also review and consider the pupil's health records and school discipline records. The parent, pursuant to Section 300.504 of Title 34 of the Code of Federal Regulations, is entitled to written notice of the local educational agency's intent to conduct a preexpulsion assessment. The parent shall make the pupil available for the assessment at a site designated by the local educational agency without delay. The parent's right to an independent assessment under Section 56329 applies despite the fact that the pupil has been referred for expulsion.

(f) If the individualized education program team determines that the alleged misconduct was not caused by, or a direct manifestation of, the pupil's disability, and if it is determined that the pupil was appropriately placed, the pupil shall be subject to the applicable disciplinary actions and procedures prescribed under this article.

(g) The parent of each pupil with previously identified exceptional needs has the right to a due process hearing conducted pursuant to Section 1415 of Title 20 of the United States Code if the parent disagrees with the decision of the individualized education program team made pursuant to subdivision (f), or if the parent disagrees with the decision to rely upon information obtained, or proposed to be obtained, pursuant to subdivision (e).

(h) No expulsion hearing shall be conducted for an individual with exceptional needs until all of the following have occurred:

(1) A preexpulsion assessment is conducted.

(2) The individualized education program team meets pursuant to subdivision (a).

(3) Due process hearings and appeals, if initiated pursuant to Section 1415 of Title 20 of the United States Code, are completed.

(i) Pursuant to subdivision (a) of Section 48918, the statutory times prescribed for expulsion proceedings for individuals with exceptional needs shall commence after the completion of paragraphs (1), (2), and (3) in subdivision (h).

(j) If an individual with exceptional needs is excluded from schoolbus transportation, the pupil is entitled to be provided with an alternative form of transportation at no cost to the pupil or parent.

SEC. 6. Section 56100 of the Education Code is amended to read:

56100. The State Board of Education shall do all of the following:

(a) Adopt rules and regulations necessary for the efficient administration of this part.

(b) Adopt criteria and procedures for the review and approval by the board of local plans. Local plans may be approved for up to four years.

(c) Adopt size and scope standards for determining the efficacy of local plans submitted by special education local plan areas, pursuant to subdivision (a) of Section 56195.1.

(d) Provide review, upon petition, to any district, special education local plan area, or county office that appeals a decision made by the department that affects its providing services under this part except a decision made pursuant to Chapter 5 (commencing with Section 56500).

(e) Review and approve a program evaluation plan for special education programs provided by this part in accordance with Chapter 6 (commencing with Section 56600). This plan may be approved for up to three years.

(f) Recommend to the Commission on Teacher Credentialing the adoption of standards for the certification of professional personnel for special education programs conducted pursuant to this part.

(g) Adopt regulations to provide specific procedural criteria and guidelines for the identification of pupils as individuals with exceptional needs.

(h) Adopt guidelines of reasonable pupil progress and achievement for individuals with exceptional needs. The guidelines shall be developed to aid teachers and parents in assessing an individual pupil's education program and the appropriateness of the special education services.

(i) In accordance with the requirements of federal law, adopt regulations for all educational programs for individuals with exceptional needs, including programs administered by other state or local agencies.

(j) Adopt uniform rules and regulations relating to parental due process rights in the area of special education.

(k) Adopt rules and regulations regarding the ownership and transfer of materials and equipment, including facilities, related to transfer of programs, reorganization, or restructuring of special education local plan areas.

SEC. 7. Section 56140 of the Education Code is amended to read:

56140. County offices shall do all of the following:

(a) Initiate and submit to the superintendent a countywide plan for special education which demonstrates the coordination of all local plans submitted pursuant to Section 56200 and which ensures that all individuals with exceptional needs residing within the county, including those enrolled in alternative education programs, including, but not limited to, alternative schools, charter schools, opportunity schools and classes, community day schools operated by school districts, community schools operated by county offices of education, and juvenile court schools, will have access to appropriate special education programs and related services. However, a county

office shall not be required to submit a countywide plan when all the districts within the county elect to submit a single local plan.

(b) Within 45 days, approve or disapprove any proposed local plan submitted by a district or group of districts within the county or counties. Approval shall be based on the capacity of the district or districts to ensure that special education programs and services are provided to all individuals with exceptional needs.

(1) If approved, the county office shall submit the plan with comments and recommendations to the superintendent.

(2) If disapproved, the county office shall return the plan with comments and recommendations to the district. This district may immediately appeal to the superintendent to overrule the county office's disapproval. The superintendent shall make a decision on an appeal within 30 days of receipt of the appeal.

(3) A local plan may not be implemented without approval of the plan by the county office or a decision by the superintendent to overrule the disapproval of the county office.

(c) Participate in the state onsite review of the district's implementation of an approved local plan.

(d) Join with districts in the county which elect to submit a plan or plans pursuant to subdivision (c) of Section 56195.1. Any plan may include more than one county, and districts located in more than one county. Nothing in this subdivision shall be construed to limit the authority of a county office to enter into other agreements with these districts and other districts to provide services relating to the education of individuals with exceptional needs.

SEC. 8. Section 56156.5 of the Education Code is amended to read:

56156.5. (a) Each district, special education local plan area, or county office shall be responsible for providing appropriate education to individuals with exceptional needs residing in licensed children's institutions and foster family homes located in the geographical area covered by the local plan.

(b) In multidistrict and district and county office local plan areas, local written agreements shall be developed, pursuant to subdivision (f) of Section 56195.7, to identify the public education entities that will provide the special education services.

(c) If there is no local agreement, special education services for individuals with exceptional needs residing in licensed children's institutions shall be the responsibility of the county office in the county in which the institution is located, if the county office is part of the special education local plan area, and special education services for individuals with exceptional needs residing in foster family homes shall be the responsibility of the district in which the foster family home is located. If a county office is not a part of the special education local plan area, special education services for individuals with exceptional needs residing in licensed children's institutions, pursuant to this subdivision, shall be the responsibility of

the responsible local agency or other administrative entity of the special education local plan area. This program responsibility shall continue until the time local written agreements are developed pursuant to subdivision (f) of Section 56195.7.

SEC. 9. Section 56167 of the Education Code is amended to read:

56167. (a) Individuals with exceptional needs who are placed in a public hospital, state licensed children's hospital, psychiatric hospital, proprietary hospital, or a health facility for medical purposes are the educational responsibility of the district, special education local plan area, or county office in which the hospital or facility is located, as determined in local written agreements pursuant to subdivision (e) of Section 56195.7.

(b) For the purposes of this part, "health facility" shall have the definition set forth in Sections 1250, 1250.2, and 1250.3 of the Health and Safety Code.

SEC. 10. Article 6 (commencing with Section 56170) of Chapter 2 of Part 30 of the Education Code is repealed.

SEC. 11. Section 56190 of the Education Code is amended to read:

56190. Each plan submitted under Section 56195.1 shall establish a community advisory committee. The committee shall serve only in an advisory capacity.

SEC. 12. Chapter 2.5 (commencing with Section 56195) is added to Part 30 of the Education Code, to read:

## CHAPTER 2.5. GOVERNANCE

### Article 1. Local Plans

56195. Each special education local plan area, as defined in subdivision (d) of Section 56195.1, shall administer local plans submitted pursuant to Chapter 3 (commencing with Section 56200) and shall administer the allocation of funds pursuant to Chapter 7.2 (commencing with Section 56836).

56195.1. The governing board of a district shall elect to do one of the following:

(a) If of sufficient size and scope, under standards adopted by the board, submit to the superintendent a local plan for the education of all individuals with exceptional needs residing in the district in accordance with Chapter 3 (commencing with Section 56200).

(b) In conjunction with one or more districts, submit to the superintendent a local plan for the education of individuals with exceptional needs residing in those districts in accordance with Chapter 3 (commencing with Section 56200). The plan shall include, through joint powers agreements or other contractual agreements, all the following:

(1) Provision of a governance structure and any necessary administrative support to implement the plan.

(2) Establishment of a system for determining the responsibility of participating agencies for the education of each individual with exceptional needs residing in the special education local plan area.

(3) Designation of a responsible local agency or alternative administrative entity to perform functions such as the receipt and distribution of funds, provision of administrative support, and coordination of the implementation of the plan. Any participating agency may perform any of these services required by the plan.

(c) Join with the county office, to submit to the superintendent a local plan in accordance with Chapter 3 (commencing with Section 56200) to assure access to special education and services for all individuals with exceptional needs residing in the geographic area served by the plan. The county office shall coordinate the implementation of the plan, unless otherwise specified in the plan. The plan shall include, through contractual agreements, all of the following:

(1) Establishment of a system for determining the responsibility of participating agencies for the education of each individual with exceptional needs residing in the geographical area served by the plan.

(2) Designation of the county office, of a responsible local agency, or of any other administrative entity to perform functions such as the receipt and distribution of funds, provision of administrative support, and coordination of the implementation of the plan. Any participating agency may perform any of these services required by the plan.

(d) The service area covered by the local plan developed under subdivision (a), (b), or (c) shall be known as the special education local plan area.

(e) Nothing in this section shall be construed to limit the authority of a county office and a school district or group of school districts to enter into contractual agreements for services relating to the education of individuals with exceptional needs; provided that, except for instructional personnel service units serving infants, until a special education local plan area adopts a revised local plan approved pursuant to Section 56836.03, the county office of education or school district that reports a unit for funding shall be the agency that employs the personnel who staff the unit, unless the combined unit rate and support service ratio of the nonemploying agency is equal to or lower than that of the employing agency and both agencies agree that the nonemploying agency will report the unit for funding.

56195.3. In developing a local plan under Section 56195.1, each district shall do the following:

(a) Involve special and general teachers selected by their peers and parents selected by their peers in an active role.

(b) Cooperate with the county office and other school districts in the geographic areas in planning its option under Section 56195.1 and

each fiscal year, notify the department, impacted special education local plan areas, and participating county offices of its intent to elect an alternative option from those specified in Section 56195.1, at least one year prior to the proposed effective date of the implementation of the alternative plan.

(c) Cooperate with the county office to assure that the plan is compatible with other local plans in the county and any county plan of a contiguous county.

(d) Submit to the county office for review any plan developed under subdivision (a) or (b) of Section 56195.1.

56195.5. (a) Each county office and district governing board shall have authority over the programs it directly maintains, consistent with the local plan submitted pursuant to Section 56195.1. In counties with more than one special education local plan area for which the county office provides services, relevant provisions of contracts between the county office and its employees governing wages, hours, and working conditions shall supersede like provisions contained in a plan submitted under Section 56195.1.

(b) Any county office or district governing board may provide for the education of individual pupils in special education programs maintained by other districts or counties, and may include within the special education programs pupils who reside in other districts or counties. Section 46600 shall apply to interdistrict attendance agreements for programs conducted pursuant to this part.

Article 2. Local Requirements

56195.7. It is also the intent of the Legislature to relieve special education local plan areas with small or sparse populations from the burdensome dependency upon the annual waiver authority of Sections 56728.6, 56728.8, and 56761 so that individuals with exceptional needs residing in those areas may have equitable access to required programs and services.

(a) For the 1998–99 fiscal year and each fiscal year thereafter, a special education local plan area shall be eligible for state funding of those instructional personnel service units operated and fundable for services to individuals with exceptional needs younger than three years of age at the second principal apportionment of the prior fiscal year, as long as the pupil count of these pupils divided by the number of instructional personnel service units is not less than the following:

(1) For special classes and centers—12, based on the unduplicated pupil count.

(2) For resource specialist programs—24, based on the unduplicated pupil count.

(3) For designated instruction and services—12, based on the unduplicated pupil count, or 39, based on the duplicated pupil count.

(b) A special education local plan area shall be eligible for state funding of instructional personnel service units for services to individuals with exceptional needs younger than three years of age in excess of the number of instructional personnel service units operated and fundable at the second principal apportionment of the prior fiscal year only with the authorization of the superintendent.

(c) The superintendent shall base the authorization of funding for special education local plan areas pursuant to this section, including the reallocation of instructional personnel service units, upon criteria that shall include, but not be limited to, the following:

(1) Changes in the total number of pupils younger than three years of age enrolled in special education programs.

(2) High- and low-average caseloads per instructional personnel service unit for each instructional setting.

(d) Infant programs in special classes and centers funded pursuant to this item shall be supported by two aides, unless otherwise required by the superintendent.

(e) Infant services in resource specialist programs funded pursuant to this item shall be supported by one aide.

(f) When units are allocated pursuant to this subdivision, the superintendent shall allocate only the least expensive unit appropriate.

(g) Notwithstanding Sections 56211 and 56212, a special education local plan area may apply for, and the superintendent may grant, a waiver of any of the standards and criteria specified in this section if compliance would prevent the provision of a free, appropriate public education or would create undue hardship. In granting the waivers, the superintendent shall give priority to the following factors:

(1) Applications from special education local plan areas for waivers for a period not to exceed three years to specifically maintain or increase the level of special education services necessary to address the special education service requirements of individuals with exceptional needs residing in sparsely populated districts or attending isolated schools designated in the application.

(A) Sparsely populated districts are school districts that meet one of the following conditions:

(i) A school district or combination of contiguous school districts in which the total enrollment is less than 600 pupils, kindergarten and grades 1 to 12, inclusive, and in which one or more of the school facilities is an isolated school.

(ii) A school district or combination of contiguous school districts in which the total pupil density ratio is less than 15 pupils, kindergarten and grades 1 to 12, inclusive, per square mile and in which one or more of the school facilities is an isolated school.

(B) Isolated schools are schools with enrollments of less than 600 pupils, kindergarten and grades 1 to 12, inclusive, that meet one or more of the following conditions:

(i) The school is located more than 45 minutes average driving time over commonly used and well-traveled roads from the nearest school, including schools in adjacent special education local plan areas, with an enrollment greater than 600 pupils, kindergarten and grades 1 to 12, inclusive.

(ii) The school is separated, by roads that are impassable for extended periods of time due to inclement weather, from the nearest school, including schools in adjacent special education local plan areas, with an enrollment greater than 600 pupils, kindergarten and grades 1 to 12, inclusive.

(iii) The school is of a size and location that, when its enrollment is combined with the enrollments of the two largest schools within an average driving time of not more than 30 minutes over commonly used and well-traveled roads, including schools in adjacent special education local plan areas, the combined enrollment is less than 600 pupils, kindergarten and grades 1 to 12, inclusive.

(iv) The school is the one of normal attendance for a severely disabled individual, as defined in Section 56030.5, or an individual with a low-incidence disability, as defined in Section 56026.5, who otherwise would be required to be transported more than 75 minutes, average one-way driving time over commonly used and well-traveled roads, to the nearest appropriate program.

(2) The location of licensed children's institutions, foster family homes, residential medical facilities, or similar facilities that serve children younger than three years of age and are within the boundaries of a local plan if 3 percent or more of the local plan's unduplicated pupil count resides in those facilities.

(h) By authorizing units pursuant to this section, the superintendent shall not increase the statewide total number of instructional personnel service units for purposes of state apportionments unless an appropriation specifically for growth in the number of instructional personnel service units is made in the annual Budget Act or other legislation. If that growth appropriation is made, units authorized by the superintendent pursuant to this section are subject to the restrictions that the units shall be funded only by that growth appropriation and no other funds may be apportioned for the units.

(i) The superintendent shall monitor the use of instructional personnel service units retained or authorized by the granting of waivers pursuant to subdivision (h) to ensure that the instructional personnel service units are used in a manner wholly consistent with the basis for the waiver request.

(j) This section shall become operative on July 1, 1998.

SEC. 59. Section 56441.14 of the Education Code is amended to read:

56441.14. Criteria and options for meeting the special education transportation needs of individuals with exceptional needs between the ages of three and five, inclusive, shall be included in the local transportation policy required pursuant to paragraph (5) of subdivision (b) of Section 56195.8.

SEC. 60. Section 56448 of the Education Code is repealed.

SEC. 61. Section 56449 of the Education Code is repealed.

SEC. 62. Section 56500 of the Education Code is amended to read:

56500. As used in this chapter, "public education agency" means a district, special education local plan area, or county office, depending on the category of local plan elected by the governing board of a school district pursuant to Section 56195.1, or any other public agency providing special education or related services.

SEC. 63. Section 56832 is added to the Education Code, to read:

56832. (a) This chapter shall become inoperative on July 1, 1998, and, as of January 1, 1999, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 1999, deletes or extends the dates on which it becomes inoperative and is repealed.

(b) Notwithstanding subdivision (a), this chapter, as it existed on December 31, 1998, shall apply until June 30, 2001, for the purpose of recertifications of amounts funded under this chapter.

SEC. 64. Chapter 7.1 (commencing with Section 56835) is added to Part 30 of the Education Code, to read:

CHAPTER 7.1. EQUALIZATION FOR 1997–98 FISCAL YEAR

56835. It is the intent of the Legislature in enacting this chapter to provide a mechanism for computing a one-time equalization adjustment for local educational agencies providing special education and related services. It is further the intent of the Legislature to make equalization adjustments pursuant to this chapter for the 1997–98 fiscal year only to the extent funds are appropriated for that purpose. This chapter shall not be construed to establish any equalization entitlement in any fiscal year subsequent to the 1997–98 fiscal year.

56835.01. For the purposes of computing equalization adjustments for the 1997–98 fiscal year, the superintendent shall make the following computations to determine the special education services unit rates for services provided to pupils who are severely disabled and pupils who are not severely disabled for each district and each county office as follows:

(a) To determine the special education services unit rate for teachers of special day classes and centers for pupils who are severely disabled for the school district or county office of education, make the following computations:

(1) Add one to the support services quotient for severely disabled pupils for the annual apportionment for the 1995–96 fiscal year computed pursuant to subdivision (c) of Section 56737 and subdivision (c) of Section 56828, if applicable.

(2) Multiply the sum computed in paragraph (1) by the instructional personnel services unit rate for special day classes computed for the annual apportionment for the 1995–96 fiscal year pursuant to the applicable provisions of subdivision (a) of Section 56721, subdivision (a) of Section 56722, Sections 56723 and 56724, and subdivision (c) of Section 56828.

(3) Subtract the amount computed in subdivision (c) from the rate computed in paragraph (2). This is the special education services unit rate for teachers of special day classes and centers for pupils who are severely disabled to be used for the purpose of computing equalization adjustments for the district or county office pursuant to this chapter.

(b) For the purpose of computing, pursuant to subdivision (d), the average special education services unit rate for services to pupils who are not severely disabled, make the following computations for each district and county office:

(1) Determine the special education services unit rate for teachers of special day classes and centers for pupils with exceptional needs who are not severely disabled by making the following computations:

(A) Add one to the support services quotient for pupils with exceptional needs who are not severely disabled for the annual apportionment for the 1995–96 fiscal year computed pursuant to

subdivision (b) of Section 56737 and subdivision (c) of Section 56828, if applicable.

(C) Multiply the number of instructional personnel services units for teachers of special day classes and centers for pupils who are not severely disabled reported for the district or county office for the annual apportionment for the 1995–96 fiscal year by the rate computed in subparagraph (B).

(2) Determine the special education services unit rate for resource specialists for the district or county office by making the following computations:

(A) Add one to the support services quotient for pupils with exceptional needs who are not severely disabled for the annual apportionment for the 1995–96 fiscal year computed pursuant to subdivision (b) of Section 56737 and subdivision (c) of Section 56828, if applicable.

(C) Multiply the number of instructional personnel services units for resource specialists reported for the district or county office for the annual apportionment for the 1995–96 fiscal year by the rate computed in subparagraph (B).

(3) Determine the special education services unit rate for designated instruction and services by making the following computations:

(A) Add one to the support services quotient for pupils with exceptional needs who are not severely disabled computed for the annual apportionment for the 1995–96 fiscal year pursuant to subdivision (b) of Section 56737 and subdivision (c) of Section 56828, if applicable.

(B) Multiply the sum computed in subparagraph (A) by the instructional personnel services unit rate for designated instruction and services computed for the annual apportionment for the 1995–96 fiscal year pursuant to the applicable provisions of subdivision (c) of Section 56721, subdivision (f) of Section 56722, Sections 56723 and 56724, and subdivision (c) of Section 56828.

(C) Multiply the number of instructional personnel services units for designated instruction and services reported for the district or

county office for the annual apportionment for the 1995–96 fiscal year by the rate computed in subparagraph (B).

(c) For each district and county office, divide the amount computed pursuant to Article 6 (commencing with Section 56750) of Chapter 6 for the district or county office by the total number of instructional personnel services units reported for the types of special education services units specified in subdivision (a) and paragraphs (1), (2), and (3) of subdivision (b) for the annual apportionment for the 1995–96 fiscal year.

(d) For each district and county office, to determine the average special education services unit rate for services to pupils who are not severely disabled, make the following computations:

(1) Add the amounts computed for services to pupils who are not severely disabled pursuant to subparagraph (C) of paragraph (1), subparagraph (C) of paragraph (2), and subparagraph (C) of paragraph (3) of subdivision (b).

(2) Add the total number of instructional personnel services units for teachers of special day classes and centers for pupils who are not severely disabled, resource specialists, and designated instruction and services reported for the district or county office for the annual apportionment for the 1995–96 fiscal year.

(3) Divide the amount computed in paragraph (1) by the number computed in paragraph (2).

(4) Subtract the amount computed in subdivision (c) from the rate computed in paragraph (3). This is the average special education services unit rate for services to pupils who are not severely disabled for the district or county office.

56835.02. For the purposes of computing equalization adjustments for the 1997–98 fiscal year, the superintendent shall make the following computations to determine the special education services unit rates for instructional aides for pupils with exceptional needs for each district and each county office:

(a) To determine the special education services unit rate for instructional aides for pupils who are severely disabled for the district or county office, make the following computations:

(1) Add one to the support services quotient for severely disabled pupils for the annual apportionment for the 1995–96 fiscal year computed pursuant to subdivision (c) of Section 56737 and subdivision (c) of Section 56828, if applicable.

(2) Multiply the sum computed in paragraph (1) by the instructional personnel services unit rate for instructional aides computed for the annual apportionment for the 1995–96 fiscal year pursuant to the applicable provisions of subdivision (d) of Section 56721, Sections 56722, 56723, and 56724, and subdivision (c) of Section 56828.

56835.07. This chapter shall become inoperative on July 1, 1998, and, as of January 1, 1999, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 1999, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 65. Chapter 7.2 (commencing with Section 56836) is added to Part 30 of the Education Code, to read:

## Chapter 7.2. Special Education Funding

### Article 1. Administration

56836. Commencing with the 1998–99 fiscal year and for each fiscal year thereafter, apportionments to special education local plan areas for special education programs operated by, and services provided by, districts, county offices, and special education local plan areas shall be computed pursuant to this chapter.

56836.01. Commencing with the 1998–99 fiscal year and each fiscal year thereafter, the administrator of each special education local plan area, in accordance with the local plan approved by the superintendent, shall be responsible for the following:

(a) The fiscal administration of the annual budget allocation plan for special education programs of school districts and county superintendents of schools composing the special education local plan area.

(b) The allocation of state and federal funds allocated to the special education local plan area for the provision of special education and related services by those entities.

(c) The reporting and accounting requirements prescribed by this part.

56836.02. (a) The superintendent shall apportion funds from Section A of the State School Fund to districts and county offices of education in accordance with the allocation plan adopted pursuant to subdivision (f) of Section 56205, unless the local plan approved by the superintendent specified that they be apportioned to the administrative unit of the special education local plan area. If the local plan specifies that the funds be apportioned to the administrative unit of the special education local plan area, the administrator of the special education local plan area shall, upon receipt, distribute the funds in accordance with the allocation plan adopted pursuant to subdivision (f) of Section 56205. Unless the local plan approved by the superintendent specifies an alternative method of distributing state and local funds among the participating local educational agencies, the funds shall be distributed by the special education local plan area as allocated instructional personnel service units and operated as computed in Chapter 7 (commencing with Section 56700) as that chapter existed on December 31, 1998, or Chapter 7.1 (commencing with Section 56835).

(b) The superintendent shall apportion funds for regionalized services and program specialists from Section A of the State School Fund to the administrative unit of each special education local plan area. Upon receipt, the administrator of a special education local plan area shall direct the administrative unit of the special education local plan area to distribute the funds in accordance with the allocation plan adopted pursuant to subdivision (f) of Section 56205.

56836.03. (a) On or after January 1, 1998, each special education local plan area shall submit a revised local plan. Each special education local plan area shall submit its revised local plan not later than the time it is required to submit its local plan pursuant to subdivision (b) of Section 56100 and the revised local plan shall meet the requirements of Chapter 3 (commencing with Section 56200).

(b) Until the superintendent has approved the revised local plan and the special education local plan area begins to operate under the revised local plan, each special education local plan area shall continue to operate under the programmatic, reporting, and accounting requirements prescribed by the State Department of Education for the purposes of Chapter 7 (commencing with Section 56700) as that chapter existed on December 31, 1998. The department shall develop transition guidelines, and, as necessary, transition forms, to facilitate a transition from the reporting and accounting methods required for Chapter 7 (commencing with Section 56700) as that chapter existed on December 31, 1998, and related provisions of this part, to the reporting and accounting

methods required for this chapter. Under no circumstances shall the transition guidelines exceed the requirements of the provisions described in paragraphs (1) and (2). The transition guidelines shall, at a minimum, do the following:

(4) Add or subtract, as appropriate, the adjustment for growth or decline in enrollment, if any, computed for the special education

local plan area for the fiscal year in which the computation is made pursuant to Section 56836.15 from the amount computed in paragraph (3).

(5) Add the special disabilities adjustment computed pursuant to Article 2.5 (commencing with Section 56836.155) and increased pursuant to subparagraph (D) if the adjusted funding per unit of average daily attendance of the special education local plan area is below the statewide target amount per unit of average daily attendance as determined pursuant to subparagraphs (A) to (C), inclusive, as follows:

(A) Calculate the adjusted amount of funding per unit of average daily attendance for each special education local plan area, measured in dollars and cents, using the methodology contained in subdivision (a) of Section 56836.10, except that the amount used from the computation in Section 56836.09 shall be reduced by the amount computed pursuant to Article 2.5 (commencing with Section 56836.155).

(C) The adjusted funding per unit of average daily attendance is below the statewide target amount if the amount calculated pursuant to subparagraph (A), subtracted from the amount calculated pursuant to subparagraph (B), yields a positive value.

(D) If the computation made pursuant to subparagraph (C) yields a positive value, increase the special disabilities adjustment in the 1999–2000 fiscal year and each year thereafter by the percent increase in growth in average daily attendance reported by the special education local plan area and the inflation factor computed pursuant to subdivision (b) of Section 42238.1 for the applicable fiscal year.

(E) Inclusion of the special disabilities adjustment in the total funding of a special education local plan area shall neither change nor be included in the computation of equalization funding pursuant to Section 56836.12 or the computations made after this computation that precede the computation in Section 56836.12.

(1) For the 1998–99 fiscal year, multiply the statewide target amount per unit of average daily attendance for special education local plan areas for the 1997–98 fiscal year computed pursuant to paragraph (3) of Section 56836.11 by the inflation factor computed pursuant to subdivision (b) of Section 42238.1 for the 1998–99 fiscal year.

(2) For the 1999–2000 fiscal year and each fiscal year thereafter, multiply the statewide target amount per unit of average daily attendance for special education local plan areas for the prior fiscal year computed pursuant to Section 56836.11 by the inflation factor computed pursuant to subdivision (b) of Section 42238.1 for the fiscal year in which the computation is made.

56836.09. For the purpose of computing the amount to apportion to each special education local plan area for the 1998–99 fiscal year, the superintendent shall compute the total amount of funding received by the special education local plan area for the 1997–98 fiscal year as follows:
