The term of each office shall be for four years. Each member of the City Council, upon qualification, shall serve during said term until the term of the successor to such office commences.

The five members of the City Council in office at the time this Charter takes effect shall continue in office representing their respective districts until their respective successor's term commences and the successor has qualified. The term of each member of the City Council elected at a special municipal election to fill a vacancy shall commence on the first Tuesday following certification of the candidate's election and shall continue during the remainder of the unexpired term of the office. Section 500.1. LIMITATION OF TERM.

(a) Notwithstanding any other previously enacted provision of law or of this Charter, the City Clerk, or other election official authorized by law, shall not accept or verify the signatures on any nomination paper for any person, nor shall he or she certify or place on the list of certified candidates, nor print or cause to be printed on any ballot, ballot pamphlet, sample ballot or ballot label, the name of any person who either:

(1) Has been elected to two full terms as a member of the City Council and thereafter seeks to become a candidate for City Council, or

It is the intent of the Charter Amendment that this Amendment shall be retro-active.

Section 501. ELIGIBILITY. QUALIFICATIONS. No person shall be eligible for election to office as a member of the City Council unless such person shall have been domiciled in and a voter of such district for at least 30 days immediately preceding the first day upon which candidates for such office are permitted to file nominating papers with the City Clerk. For an appointee to fill a vacancy in an office, the aforementioned 30 day eligibility requirement shall immediately precede the date such office became vacant according to the provisions set forth herein below.

If a member of the City Council is absent from all regular meetings of the City Council for a period of 60 days consecutively from and after the last regular City Council meeting attended by such member, unless by permission of the City Council expressed in its official minutes, or is convicted of a crime involving moral turpitude, or ceases to be domiciled in and a voter of the Council member's district, the office shall immediately become vacant and shall be so declared by the City Council.

Vacancies shall be filled according to the provisions of Section 503.

The City Council shall judge the qualifications of its members as set forth in this Section. It shall judge all municipal election returns and it shall judge the certification of the canvass of the vote which shall be made by the City Clerk.

Section 502. COMPENSATION. The members of the City Council shall receive no compensation for their services as such, but shall receive reimbursement on order of the City Council for Council authorized traveling and other expenses when on official duty. In addition, members shall receive such reasonable and adequate amounts as may be established by ordinance, which amount shall be deemed to be reimbursement to them of other out-of-pocket expenditures and costs imposed upon them by virtue of their serving on the City Council.

Section 503. VACANCIES. A vacancy caused by a recall election shall be filled by the voters within the district in which the vacancy occurs. The election of an eligible candidate to fill such vacancy shall occur after the recall election.

All other vacancies from whatever causes arising shall be filled by an eligible person as follows:

(a) If such vacancy occurs one year or more before the next general municipal election, the City Council shall immediately cause a special municipal election to be held to elect an eligible successor to serve during the term of such vacant office.

(b) If such vacancy occurs less than one year before the next general municipal election, the City Council shall appoint an eligible person to serve during the term of such vacant office.

(c) In the event the City Council fails to fill a vacancy by appointment within 60 days after such office is declared vacant, an eligible successor shall be elected at the next general municipal election to serve during the term of such office. If the 60 day period expires too late to fill the vacancy at the next general municipal election, the City Council shall immediately cause a special municipal election to be held to elect an eligible successor to serve during the term of such office.

(d) Any eligible person appointed to fill a vacancy in an office shall serve as provided in Section 500.

(e) In any case where the City Council is required to cause a special election to be held to fill a vacancy in any office, it may temporarily appoint an eligible person to fill said vacancy until an elected successor's term commences following said special election, if the City Council first determines and declares by resolution that such temporary appointment is essential to the proper conduct of city business.

(f) Any person appointed or elected under the provisions of this section must be eligible pursuant to the requirements set forth in Section 501 and shall serve for the respective terms set forth in Section 500.

(g) The appointment of an eligible person to fill a vacancy and all deliberations shall be conducted in public following the conclusion of a public hearing which shall be called for the purpose of hearing input from eligible applicants as well as from the public.

(h) If by reason of major disaster or for any other reason all five seats on the Council are vacant, the next immediate past three living Mayors of the City still domiciled in the City shall, by majority vote, appoint a Mayor and four Council

members who shall temporarily serve as such until their successors are qualified and who shall immediately proceed to cause all of such vacancies to be filled by election or appointment, as the case may be, in the manner provided in this section. The past Mayors so acting may appoint one or more of their own number to serve temporarily as above provided.

Section 504. **PRESIDING OFFICER.** At such time as the term of a member of the City Council commences, and at any time when there is a vacancy in the office of Mayor, the City Council shall meet and shall elect one of its members as its presiding officer, who shall have the title of Mayor. The Mayor may make and second motions and shall have a voice and vote in all its proceedings. The Mayor shall be the official head of the City for all ceremonial purposes. The Mayor shall have the primary but not exclusive responsibility for interpreting the policies, programs, and needs of the City government to the people, and, as occasion requires, may inform the people of any major change in policy or program. The Mayor shall perform such other duties consistent with the office as may be prescribed by this Charter or as may be imposed by the City Council. The Mayor shall serve in such capacity at the pleasure of the City Council.

The City Council shall also designate one of its members as Mayor Pro Tempore, who shall serve in such capacity at the pleasure of the City Council. The Mayor Pro Tempore shall perform the duties of the Mayor during the Mayor's absence or disability.

Section 505. **POWERS VESTED IN THE CITY COUNCIL.** All powers of the City shall be vested in the City Council except as otherwise provided in this Charter.

Section 506. **REGULAR MEETINGS.** The City Council shall hold regular meetings at least twice each month at such times as it shall fix by ordinance or resolution and may adjourn or readjourn any regular meeting to a date and hour certain which shall be specified in the order of adjournment. When so adjourned each adjourned meeting shall be a regular meeting for all purposes. If the hour to which a meeting is adjourned is not stated in the order of adjournment such meeting shall be held at the hour for holding regular meetings. If at any time any regular meeting falls on a holiday such regular meeting shall be held on the next business day.

Section 507. **SPECIAL MEETINGS.** A special meeting may be called at any time by the Mayor, or by three members of the City Council, by written notice to each member of the City Council and to each local newspaper of general circulation, radio or television station requesting notice in writing. Such notice must be delivered personally or by mail at least 24 hours before the time of such meeting as specified in the notice. The call and notice shall specify the time and place of the special meeting and the business to be transacted. No other business shall be considered at such meeting. Such written notice may be dispensed with as to any person entitled thereto who, at or prior to the time the meeting convenes, files with the City Clerk a written waiver of notice. Such written notice may also

be dispensed with as to any person who is actually present at the meeting at the time it convenes.

Section 508. PLACE OF MEETINGS. All meetings shall be held in the Council Chambers of the City Hall, or in such place to which any such meeting may be adjourned, and shall be open to the public. If, by reason of fire, flood or other emergency, it shall be unsafe to meet in the place designated, the meetings may be held for the duration of the emergency at such place as is designated by the Mayor, or, if the Mayor should fail to act, by three members of the City Council.

Section 509. QUORUM. PROCEEDINGS. A majority of the members of the City Council shall constitute a quorum to do business but a less number may adjourn from time to time. In the absence of all the members of the City Council from any regular meeting or adjourned regular meeting, the City Clerk may declare the same adjourned to a stated day and hour. The City Clerk shall cause written notice of a meeting adjourned by less than a quorum or by the City Clerk to be delivered personally or by mail to each Council member at least 24 hours before the adjourned meeting, or such notice may be dispensed with in the same manner as specified in this Charter for dispensing with notice of special meetings of the City Council. The City Council may establish rules for the conduct of its proceedings and may evict or prosecute any member or other person for disorderly conduct at any of its meetings.

Each member of the City Council shall have the power to administer oaths and affirmations in any investigation or proceedings pending before the City Council. The City Council shall have the power and authority to compel the attendance of witnesses, to examine them under oath and to compel the production of evidence before it. Subpoenas shall be issued in the name of the City and be attested by the City Clerk. Disobedience of such subpoenas, or the refusal to testify (upon other than constitutional grounds), shall constitute a misdemeanor, and shall be punishable in the same manner as violations of this Charter are punishable.

At the demand of any member, and upon the adoption of any ordinance, resolution, or order for the payment of money, the City Clerk shall call the roll and shall cause the ayes and noes taken on such questions to be entered in the minutes of the meeting.

Section 510. PUBLIC PARTICIPATION. All regular and special meetings of the City Council shall be open and public and all persons shall be permitted to attend such meetings, except that the provisions of this Section shall not apply to closed sessions as permitted by State law. Any person shall have the right to address the City Council, either orally or in writing on matters of City business, but such right shall be subject to reasonable rules and regulations as adopted by ordinance or resolution.

Section 511. ADOPTION OF ORDINANCES AND RESOLUTIONS. With the sole exception of ordinances which take effect upon adoption, referred to in Section 514, no ordinance shall be adopted by the City Council on the day of its introduction, nor within five days thereafter nor at any time other than at a

regular or adjourned regular meeting. At the time of its introduction an ordinance shall become a part of the proceedings of such meeting in the custody of the City Clerk. At the time of introduction of an ordinance or adoption of a resolution it shall be read in full, unless after the reading of the title thereof, the further reading thereof is waived by unanimous consent of the Council members present. In the event that any ordinance is altered after its introduction, the same shall not be finally adopted except at a regular or adjourned regular meeting held not less than five days after the date upon which such ordinance was so altered. The correction of typographical or clerical errors shall not constitute the making of an alteration within the meaning of the foregoing sentence.

No order for the payment of money shall be adopted or made at any other than a regular or adjourned regular meeting.

Unless a higher vote is required by other provisions of this Charter the affirmative votes of at least three members of the City Council shall be required for the enactment of any ordinance or resolution, or for the making or approving of any order for the payment of money. All ordinances and resolutions shall be signed by the Mayor and attested by the City Clerk.

Any ordinance declared by the City Council to be necessary as an urgency measure for the immediate preservation of the public peace, health or safety, and containing a statement of the reasons for its urgency, may be introduced and adopted at one and the same meeting if passed by at least four affirmative votes. At the time of adoption of an urgency ordinance it shall be read in full, unless after the reading of the title thereof, the further reading thereof is waived by unanimous consent of the Council members present. Notwithstanding provisions to the contrary, an urgency ordinance which sets forth the reason for the urgency to be that of a major disaster shall be exempt from the ten day posting and publication requirements set forth in Section 512 and such ordinance may be passed by the majority of the members of the City Council present.

Section 512. **ORDINANCES. POSTING AND PUBLICATION.** In addition to such other acts of the City Council as are required by this Charter to be by ordinance, every act of the City Council establishing a fine or other penalty, or granting a franchise, shall be by ordinance.

The enacting clause of all ordinances shall be substantially as follows: "The City Council of the City of Downey does ordain as follows:"

The City Clerk shall cause each ordinance to be published at least once in the official newspaper within 15 days after its adoption. As an alternative to the publication of an ordinance as specified herein, the City Clerk may cause a summary of a proposed ordinance to be prepared and published in the official newspaper and post a copy of such summary with a copy of the full text of the proposed ordinance at least ten days prior to the date it is to be submitted to the City Council for adoption, and the publication in the official newspaper of a summary of any ordinance adopted by the City Council and a posting of a certified copy of the full text of such adopted ordinance in the office of the City Clerk along with the names

of the Council members voting for and against the ordinances within 15 days after the date of adoption.

Section 513. **CODIFICATION OF ORDINANCES.** Any or all ordinances of the City which have been enacted and published in the manner required at the time of their adoption, and which have not been repealed, may be compiled, consolidated, revised, indexed and arranged as a comprehensive ordinance code, and such code may be adopted by reference, with the same effect as an ordinance, by the passage of an ordinance for such purpose. Such code need not be published in the manner required for other ordinances, but not less than three copies thereof shall be filed for use and examination by the public in the office of the City Clerk prior to the adoption thereof. Ordinances codified shall be repealed as of the effective date of the code. Amendments to the code shall be enacted by ordinance.

Detailed regulations pertaining to any subject, such as the construction of buildings, plumbing and wiring, when arranged as a comprehensive code, may likewise be adopted by reference in the manner provided by this Section. Maps, charts and diagrams also may be adopted by reference in the same manner.

Section 514. **ORDINANCES. WHEN EFFECTIVE.** No ordinance shall become effective until 30 days from and after the date of its adoption, except the following, which shall take effect upon adoption:

- (a) An ordinance calling or otherwise relating to an election.
- (b) An improvement proceeding ordinance adopted under some special law or procedural ordinance relating thereto.
- (c) An ordinance declaring the amount of money necessary to be raised by taxation or fixing the rate of taxation.
- (d) An urgency ordinance adopted in the manner provided for in Section 511.

Section 515. **ORDINANCES. VIOLATION. PENALTY.** The City Council shall by ordinance determine whether a violation of any ordinance of the City or a provision of the Downey Municipal Code shall constitute a misdemeanor or an infraction and shall be punishable as provided by State law for violation of ordinances of general law cities.

Section 516. **ORDINANCES AND RESOLUTIONS. AMENDMENT.** The amendment of any section or subsection of an ordinance or resolution may be accomplished solely by the re-enactment of such section or subsection at length, as amended.

Section 517. **PUBLISHING OF LEGAL NOTICES.** In the event that there is more than one newspaper of general circulation published in the City, the City Council, annually, prior to the beginning of each fiscal year, shall publish a notice inviting bids and contract for the publication of all legal notices or other matter required to be published in a newspaper of general circulation in the City during the ensuing fiscal year. In the event there is only one newspaper of general circulation printed and published in the City, then the City Council shall have the power to contract with such newspaper for the printing and publishing of such

legal notices or matter without being required to advertise for bids therefor. The newspaper with which any such contract is made shall be designated the official newspaper for the publication of such notices or other matter for the period of such contract.

In no case shall the contract prices for such publication exceed the customary rates charted by such newspaper for the publication of legal notices of a private character.

In the event there is no newspaper of general circulation printed and published in the City, or in the event no such newspaper will accept such notices or other matter at the rates permitted herein, then all legal notices or other matter may be published by posting copies thereof in at least three public places in the City to be designated by ordinance.

No defect or irregularity in proceedings taken under this Section, or failure to designate an official newspaper, shall invalidate any publication where the same is otherwise in conformity with this Charter or law or ordinance.

Section 518. **CONTRACTS. RESTRICTIONS.** No contract or lease or extension thereof for a longer period than ten years shall be valid unless said contract, lease or extension be made or approved by ordinance which shall be subject to referendum. This Section shall not apply to any franchise granted pursuant to the provisions of this Charter or to any contract for the furnishing, or acquisition of the products, commodity or services of any public utility.

Section 519. **CONTRACTS. EXECUTION.** The City shall not be bound by any contract, except as hereinafter provided, unless the same shall be made in writing, approved by the City Council and signed on behalf of the City by the Mayor and City Clerk or by such other officer or officers as shall be designated by the City Council. Any of said officers shall sign a contract on behalf of the City when directed to do so by the City Council.

By ordinance or resolution the City Council may authorize the City Manager or authorized representative to bind the City, with or without a written contract, for the acquisition of equipment, materials, supplies, labor, services or other items included within the budget approved by the City Council, and may impose a monetary limit upon such authority.

The City Council may by ordinance or resolution provide a method for the sale or exchange of real or personal property not needed in the City service or not fit for the purpose for which intended, and for the conveyance of title thereto.

Contracts for the sale of the products, commodities or services of any public utility owned, controlled or operated by the City may be made by the manager of such utility or by the head of the department or City Manager upon forms approved by the City Manager and at rates fixed by the City Council.

The provisions of this Section shall not apply to services rendered by any person in the employ of the City at a regular salary.

ARTICLE VI—CITY MANAGER

The City Manager shall be chosen on the basis of executive and administrative qualifications.

Section 601. RESIDENCE. The City Manager need not be a resident of the City at the time of appointment, but shall within 90 days after appointment, establish residence within such distance from the City as the City Council may establish, unless such period is extended by the City Council, and thereafter maintain residence within such area during tenure of office.

Section 602. ELIGIBILITY. No person shall be eligible to receive appointment as City Manager while serving as a member of the City Council nor within one year after ceasing to be a member of the City Council.

Section 603. COMPENSATION AND BOND. The City Manager shall be paid a salary commensurate with the responsibilities of chief administrative officer of the City, which salary shall be established by ordinance or resolution. The City Manager shall furnish a corporate surety bond conditioned upon the faithful performance of duties in such form and in such amount as may be determined by the City Council.

Section 604. POWERS AND DUTIES. The City Manager shall be the administrative head of the City Government. Except as otherwise provided in this Charter, the City Manager shall be responsible to the City Council for the proper administration of all affairs of the City. Without limiting the foregoing general grant of powers, responsibilities and duties, subject to the provisions of this Charter, including the personnel system provisions thereof, the City Manager shall have power and be required to:

(a) Appoint, and may promote, demote, suspend or remove, all department heads, officers and employees of the City except elective officers and those department heads, officers and employees the power of whose appointment is vested by this Charter in the City Council. The City Manager may authorize the head of any department or office to appoint or remove subordinates in such department or office. In case of the appointment or removal of any department head, the City Manager shall first review such appointment or removal with the City Council and obtain its approval.

(b) Prepare the budget annually, submit to the City Council, and be responsible for its administration after its adoption.

(c) Prepare and submit to the City Council as of the end of each fiscal year, a complete report on the finances and administrative activities to the City for the preceding fiscal year.

At least once each ten years, the City Council shall within 60 days after the deadline for presentation of the decennial census results to the President of the United States, appoint a committee to study and make recommendation concerning alteration of the Council district boundaries. Upon receipt of any such committee report, and at any other time deemed necessary or desirable in order that the district boundaries be fair and logical, the City Council may by ordinance change and redefine the boundaries of any or all of the districts herein established. The boundaries so defined shall be established in such manner that the districts shall, as nearly as practicable, constitute natural areas of contiguous and compact territory and provide fair representation on the City Council and otherwise comply with applicable law. Any territory hereafter annexed to or consolidated with the City shall, at the time of such annexation or consolidation, be added by ordinance of the City Council to an adjacent district or districts.

Section 1307. STATEMENT OF CANDIDATE QUALIFICATIONS. Any candidate for an elective City office may prepare a statement of qualifications in accordance with the restrictions set forth by State law and subject to the following additional restriction: A statement of qualifications shall be limited to a recitation

of the candidate's own personal background and qualifications and shall not in any way make reference to other candidates or to other candidate's qualifications, character or activities. The City Clerk shall not cause to be printed or circulated any candidate's statement of qualifications which the City Clerk determines is not so limited or which includes any such references.

ARTICLE XIV—FRANCHISES

Section 1400. GRANTING OF FRANCHISES. The Council may grant a franchise to any person, partnership, corporation, or other legal entity capable of exercising the privilege conferred, whether operating under an existing franchise or not, and may prescribe the terms, conditions, and limitations of such grant, including the compensation to be paid in the City therefor. The Council may prescribe by ordinance or resolution the method or procedure for granting franchises, together with additional terms and conditions for making such grants. In the absence of such provision the method provided by State law shall apply.

Nothing this Section, or elsewhere in this Article, shall apply to the City, or to any department thereof, when furnishing any utility service.

Section 1401. TERM OF FRANCHISE. Every franchise granted for a longer period than 25 years shall reserve to the City the right to take over at any time after the grant, the works, plant, and property constructed under the grant at their physical valuation and without compensation for any value attributed to the franchise or any claim for loss of business good will.

Section 1402. EMINENT DOMAIN. No franchise grant shall in any way, or to any extent, impair or limit the power of the City to acquire the property of the grantee thereof either by purchase or through the exercise of the power of eminent domain, and nothing herein contained shall be construed to contract away or to modify or to abridge, either for a term or in perpetuity, the City's power of eminent domain with respect to any public utility. Every franchise granted by the City is granted upon the condition, whether expressed in the grant or not, that such franchise shall not be given any value before any court or other public authority in any proceeding of any character in excess of any amount actually paid by the grantee to the City at the time of the grant.

Section 1403. PROCEDURE FOR GRANTING FRANCHISES. Before granting any franchise, the City Council shall adopt a resolution declaring its intention to grant same and stating the name of the proposed grantee, the character of the proposed franchise, and the terms and conditions upon which it is proposed to be granted. Such resolution shall fix and set forth the day, hour, and place when and where any person having an interest in or any objecting to the granting of such franchise may appear before the Council and be heard. Said resolution shall be published at least once, not less than ten days prior to said hearing, in the official newspaper. In the event there is no newspaper published in the City, then said resolution shall be posted in three public places in the City at least 15 days before said hearing. This posting is in addition to publication in a newspaper used

by the City for legal notices. After hearing all persons desiring to be heard, the Council may by ordinance deny or grant the franchise on the terms and conditions specified in the resolution. No ordinance granting a franchise shall be adopted as an emergency ordinance.

Section 1404. **PAYMENT OF COST OF ADVERTISING, ETC.** Every application for a franchise shall be accompanied by a cash deposit or certified check in an amount to pay in full all costs of advertising and other preliminary expenses connected with the offering for sale of such franchises and the granting of same, which deposit shall not be less than \$100. Said deposit shall be returned in case the Council shall determine that neither the public necessity nor the public interest required the granting of the franchise, or in case the franchise be granted to a person other than said applicant. The cost of advertising and other costs hereinabove referred to connected with the offering for sale and granting of said franchise, and such payment shall be a condition precedent to the vesting of the franchise.

Section 1405. **DUTIES OF GRANTEEES.** By its acceptance of any franchise hereunder, the grantee shall covenant and agree to perform and be bound by each and all of the terms and conditions imposed in the grant, or by procedural ordinance and shall further agree to:

(a) Comply with all lawful ordinances, rules and regulations theretofore or thereafter adopted by the City Council in the exercise of its police power governing the construction, maintenance and operation of its plants, works or equipment.

(b) Pay to the City on demand the cost of all repairs to public property made necessary by any of the operations of the grantee under such franchise.

(c) Indemnify and hold harmless the City and its officers from any and all liabilities for damages proximately resulting from any operations under such franchise.

(d) Remove and relocate without expense to the City any facilities installed, used and maintained under the franchise if and when made necessary by any lawful change of grade, alignment or width of any public street, way, alley or place, including the construction of any subway or elevated transit facilities, or if the public health, comfort, welfare, convenience, or safety so demands.

(e) Pay to the City during the life of the franchise a percentage, to be specified in the grant, of the gross annual receipts of the grantee within the limits of the City, or such other compensation as the City Council may prescribe in the grant.

Section 1406. **EXERCISING RIGHTS WITHOUT FRANCHISE.** The exercise by any person, firm or corporation of any privilege for which a franchise is required, without possessing a valid and existing franchise therefor, shall be a misdemeanor and shall be punishable in the same manner as violations of this Charter are punishable and each day that such condition continues to exist shall constitute a separate violation.

Charter Chapter 5—City of Sacramento

Amendments to the Charter of the City of Sacramento

[Filed with the Secretary of State February 7, 1997.]

Section 500–503, Article XVIII (Impartial and Binding Arbitration for Police Department Employee Disputes) is added to read as follows:

Section 500. Declaration of Policy. It is hereby declared to be the policy of the City of Sacramento that strikes by police officers are not in the public interest and should be prohibited, and that a method should be adopted for peacefully and equitably resolving disputes that might otherwise lead to such strikes.

Section 501. Prohibition Against Strikes. If any police officer employed by the City of Sacramento wilfully engages in a strike against the City, said employee shall be dismissed from his or her employment and may not be reinstated or returned to City employment except as a new employee. No officer, board, council or commission shall have the power to grant amnesty to any employee charged with engaging in a strike against the City.

Section 502. Obligation to Negotiate in Good Faith. The City, through its duly authorized representatives, shall negotiate in good faith with recognized police department employee organizations on all matters relating to the wages, hours, and other terms and conditions of City employment, including the establishment of procedures for the resolution of grievances concerning the interpretation or application of a negotiated agreement. Unless and until agreement is reached through negotiations between authorized representatives of the City and a recognized employee organization for the police department or a determination is made through the impartial arbitration procedure hereinafter provided, no existing benefit, term or condition of employment for said police department employees shall be altered, eliminated or changed.

Section 503. Impasse Resolution Procedures.

a) All disputes or controversies pertaining to wages, hours or terms and conditions of employment which remain unresolved after good faith negotiations between the City and a police department employee organization shall be submitted to a three-member Board of Arbitrators upon the declaration of an impasse by the City or by the recognized employee organization involved in the dispute.

b) Representatives designated by the City and representatives of the recognized employee organization involved in the dispute shall each select and appoint one arbitrator to the Board of Arbitrators within three (3) days after either party has notified the other, in writing, that it desires to proceed to arbitration. The third member of the Arbitration Board shall be selected by agreement between the City and the employee organization, and shall serve as the neutral arbitrator and Chairperson of the Board. In the event that the City and the recognized employee organization involved in the dispute cannot agree upon the selection of the neutral arbitrator within ten (10) days from the date that either party has notified the other

that it has declared an impasse, either party may then request the State Mediation and Conciliation Service of the State of California Department of Industrial Relations to provide a list of seven (7) persons who are qualified and experienced as labor arbitrators. If the City and the employee organization cannot agree within three (3) days after receipt of such list on one of seven (7) persons to act as the neutral arbitrator, they shall alternately strike names from the list of nominees until one name remains and that person shall then become the neutral arbitrator and Chairperson of the Arbitration Board.

c) Any arbitration proceeding convened pursuant to this Article shall be conducted in conformance with, subject to, and governed by Title 9 of Part 3 of the California Code of Civil Procedure. The Arbitration Board shall hold public hearings, receive evidence from the parties and cause a transcript of the proceedings to be prepared. The Arbitration Board, in the exercise of its discretion, may meet privately with the parties and mediate or made-are issues in dispute. The Arbitration Board may also adopt such other procedures that are designed to encourage an agreement between the parties, expedite the arbitration hearing process, or reduce the costs of the arbitration process.

d) In the event no agreement is reached prior to the conclusion of the arbitration hearings, the Arbitration Board shall direct each of the parties to submit, within such time limit as the Arbitration Board may establish, a last offer of settlement on each of the remaining issues in dispute. The Arbitration Board shall decide each issue by majority vote by selecting whichever last offer of settlement on that issue it finds most nearly conforms to those factors traditionally taken into consideration in the determination of wages, hours, benefits and terms and conditions of public and private employment, including, but not limited to the following: changes in the average consumer price index for goods and services; the wages, hours, benefits and terms and conditions of employment of employees performing similar services to the extent that such can be reasonably done, including comparable classifications in public employment in the Sacramento metropolitan area, and in the three California cities next larger and the three California cities next smaller in population than Sacramento; and the financial condition of the City of Sacramento its ability to meet the costs of the decision of the Arbitration Board.

e) After reaching a decision, the Arbitration Board shall mail or otherwise deliver a true copy of its decision to the parties. The decision of the Arbitration Board shall not be publicly disclosed and shall not be binding until ten (10) days after it is delivered to the parties. During that ten (10) day period the parties shall meet privately, attempt to resolve their differences, and by mutual agreement amend or modify the decision of the Arbitration Board. At the conclusion of the ten (10) day period, which may be extended by mutual agreement between the parties, the decision of the Arbitration Board, as it may be modified or amended by the parties, shall be publicly disclosed and shall be binding on the parties. The City and the employee organization shall take whatever action is necessary

to carry out and effectuate the arbitration award. No other actions by the City Council or by the electorate to confirm or approve the decision of the Arbitration Board shall be permitted or required.

f) The expenses of any arbitration proceeding convened pursuant to this Article, including the fee for the services of the chairperson of the Arbitration Board and the costs of preparation of the transcript of the proceedings shall be borne equally by the parties. All other expenses which the parties may incur individually are to be borne by the party incurring such expenses.
