SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

[Approved by Governor August 3, 1998. Filed with Secretary of State August 4, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section $969^1/_2$ of the Penal Code is amended and renumbered to read:

969.5. (a) Whenever it shall be discovered that a pending complaint to which a plea of guilty has been made under Section 859a does not charge all prior felonies of which the defendant has been convicted either in this state or elsewhere, the complaint may be forthwith amended to charge the prior conviction or convictions and the amendments may and shall be made upon order of the court. The defendant shall thereupon be arraigned before the court to which the complaint has been certified and shall be asked whether he or she has suffered the prior conviction. If the defendant enters a denial, his or her answer shall be entered in the minutes of the court. The refusal of the defendant to answer is equivalent to a denial that he or she has suffered the prior conviction.

(b) Except as provided in subdivision (c), the question of whether or not the defendant has suffered the prior conviction shall be tried by a jury impaneled for that purpose unless a jury is waived, in which case it may be tried by the court.

(c) Notwithstanding the provisions of subdivision (b), the question of whether the defendant is the person who has suffered the prior conviction shall be tried by the court without a jury.

SEC. 2. Section 987.9 of the Penal Code is amended to read:

987.9. (a) In the trial of a capital case or a case under subdivision (a) of Section 190.05 the indigent defendant, through the defendant's counsel, may request the court for funds for the specific payment of investigators, experts, and others for the preparation or presentation

of the defense. The application for funds shall be by affidavit and shall specify that the funds are reasonably necessary for the preparation or presentation of the defense. The fact that an application has been made shall be confidential and the contents of the application shall be confidential. Upon receipt of an application, a judge of the court, other than the trial judge presiding over the case in question, shall rule on the reasonableness of the request and shall disburse an appropriate amount of money to the defendant's attorney. The ruling on the reasonableness of the request shall be made at an in camera hearing. In making the ruling, the court shall be guided by the need to provide a complete and full defense for the defendant.

(b) The Controller shall not reimburse any county for costs that exceed Board of Control standards for travel and per diem expenses. The Controller may reimburse extraordinary costs in unusual cases if the county provides sufficient documentation of the need for those expenditures.

At the termination of the proceedings, the attorney shall furnish to the court a complete accounting of all moneys received and disbursed pursuant to this section.

(c) The Controller shall adopt regulations pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, controlling reimbursements under this section. The regulations shall consider compensation for investigators, expert witnesses, and other expenses that may or may not be reimbursable pursuant to this section. Notwithstanding the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, the Controller shall follow any regulations adopted until final approval by the Office of Administrative Law.

(d) The confidentiality provided in this section shall not preclude any court from providing the Attorney General with access to documents protected by this section when the defendant raises an issue on appeal or collateral review where the recorded portion of the record, created pursuant to this section, relates to the issue raised. When the defendant raises that issue, the funding records, or relevant portions thereof, shall be provided to the Attorney General at the Attorney General's request. In such a case, the documents shall remain under seal and their use shall be limited solely to the pending proceeding.

(b) This section shall remain in effect only until January 1, 2002, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2002, deletes or extends that date.

[Approved by Governor August 3, 1998. Filed with Secretary of State August 4, 1998.]

The people of the State of California do enact as follows:

(A) Make the admission process more accessible to students.

(B) Reduce the duplication of efforts when a student applies to more than one institution of higher education.

(C) Save paper.

(D) Simplify the preparation of applications by using fill-in boxes.

(2) Both the University of California and the California State University have demonstrated enormous success with their online application process.

(3) The Association of Independent California Colleges and Universities will begin online applications in 1998.

(4) Current regulations adopted by the Board of Governors of the California Community Colleges preclude the use of electronic applications for admission to the California Community Colleges.

(b) Therefore, it is the intent of the Legislature to encourage the exploration and expansion of alternative application processes for admission to community colleges.

SEC. 2. Section 66025 of the Education Code is amended to read:

66025. (a) Systemwide fees charged to resident undergraduate students at the University of California and the California State University shall be reduced for the 1998–99 fiscal year by 5 percent below the level charged during the 1997–98 fiscal year, and the systemwide fees charged to those students for the 1999–2000 fiscal year shall be the same as the systemwide fees established for those students for the 1998–99 fiscal year. Systemwide fees charged to resident graduate students and resident students pursuing a course of study leading to a professional degree at the University of California and the California State University for each of the 1998–99 and 1999–2000 fiscal years shall be established at the same level as established for those resident students for the 1997–98 fiscal year.

Notwithstanding Section 76300, the fee per unit per semester charged to resident undergraduate students at the California Community Colleges during each of the 1998–99 and 1999–2000 fiscal years shall be twelve dollars ($12), beginning in the academic year commencing in the fall of 1998.

(b) No provision of this section shall apply to the University of California except to the extent that the Regents of the University of California, by appropriate resolution, make that provision applicable.

SEC. 3. Section 70901.1 is added to the Education Code, to read:

70901.1. (a) The Board of Governors of the California Community Colleges shall adopt regulations that permit the governing board of a community college district to allow applications for admission to be submitted electronically. The regulations shall

require that applicants be informed of the relative security of the information they submit electronically.

(b) Upon adoption of a standard of encrypted digital signatures by the Secretary of State, the Board of Governors of the California Community Colleges shall adopt regulations that permit the governing board of a community college district to allow student residency determination forms to be submitted electronically.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that the fee reduction implemented pursuant to Section 66025 of the Education Code becomes effective in the academic year commencing in the fall of 1998, and that regulations are adopted as soon as possible to permit applications for admission to community colleges to be submitted electronically, it is necessary that this act take effect immediately.

SECTION 1. Section 1308.8 is added to the Labor Code, to read:

1308.8. (a) No infant under the age of one month may be employed on any motion picture set or location unless a licensed physician and surgeon who is board-certified in pediatrics provides written certification that the infant is at least 15 days old and, in his or her medical opinion, the infant was carried to full term, was of normal birth weight, is physically capable of handling the stress of filmmaking, and the infant's lungs, eyes, heart, and immune system are sufficiently developed to withstand the potential risks.

(b) Any parent, guardian, or employer of a minor, and any officer or agent of an employer of a minor, who directly or indirectly violates subdivision (a), or who causes or suffers a violation of subdivision (a), with respect to that minor, is guilty of a misdemeanor punishable by a fine of not less than two thousand five hundred dollars ($2,500) nor more than five thousand dollars ($5,000), by imprisonment in the county jail for not more than 60 days, or by both that fine and imprisonment.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the

only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 240

An act to amend Sections 116.220 and 116.570 of the Code of Civil Procedure, relating to small claims court.

[Approved by Governor August 3, 1998. Filed with Secretary of State August 4, 1998.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that it is necessary and appropriate to increase the jurisdictional limit in the small claims court for claims against defendant guarantors who charge a fee for their guarantor or surety services in order to provide the parties with a more economical means of litigating these types of disputes, and to provide the benefits of the contract to the person paying a fee for the guarantor or surety services.

SEC. 2. Section 116.220 of the Code of Civil Procedure is amended to read:

116.220. (a) The small claims court shall have jurisdiction in the following actions:

(1) Except as provided in subdivisions (c), (e), and (f), for recovery of money, if the amount of the demand does not exceed five thousand dollars ($5,000).

(2) Except as provided in subdivisions (c), (e), and (f), to enforce payment of delinquent unsecured personal property taxes in an amount not to exceed five thousand dollars ($5,000), if the legality of the tax is not contested by the defendant.

(3) To issue the writ of possession authorized by Sections 1861.5 and 1861.10 of the Civil Code if the amount of the demand does not exceed five thousand dollars ($5,000).

(4) To confirm, correct, or vacate a fee arbitration award not exceeding five thousand dollars ($5,000) between an attorney and client that is binding or has become binding, or to conduct a hearing de novo between an attorney and client after nonbinding arbitration of a fee dispute involving no more than five thousand dollars ($5,000)

in controversy, pursuant to Article 13 (commencing with Section 6200) of Chapter 4 of Division 3 of the Business and Professions Code.

(b) In any action seeking relief authorized by subdivision (a), the court may grant equitable relief in the form of rescission, restitution, reformation, and specific performance, in lieu of, or in addition to, money damages. The court may issue a conditional judgment. The court shall retain jurisdiction until full payment and performance of any judgment or order.

(c) Notwithstanding subdivision (a), the small claims court shall have jurisdiction over a defendant guarantor who is required to respond based upon the default, actions, or omissions of another, only if the demand does not exceed (1) two thousand five hundred dollars ($2,500), or (2) on and after January 1, 2000, four thousand dollars ($4,000), if the defendant guarantor charges a fee for its guarantor or surety services.

(d) In any case in which the lack of jurisdiction is due solely to an excess in the amount of the demand, the excess may be waived, but any waiver shall not become operative until judgment.

(e) Notwithstanding subdivision (a), in any action filed by a plaintiff incarcerated in a Department of Corrections facility or a Youth Authority facility, the small claims court shall have jurisdiction over a defendant only if the plaintiff has alleged in the complaint that he or she has exhausted his or her administrative remedies against that department, including compliance with Sections 905.2 and 905.4 of the Government Code. The final administrative adjudication or determination of the plaintiff's administrative claim by the department may be attached to the complaint at the time of filing in lieu of that allegation.

(f) In any action governed by subdivision (e), if the plaintiff fails to provide proof of compliance with the requirements of subdivision (e) at the time of trial, the judicial officer shall, at his or her discretion, either dismiss the action or continue the action to give the plaintiff an opportunity to provide such proof.

(g) For purposes of this section, "department" includes an employee of a department against whom a claim has been filed under this chapter arising out of his or her duties as an employee of that department.

SEC. 3. Section 116.570 of the Code of Civil Procedure is amended to read:

116.570. (a) Any party may submit a written request for postponement of a hearing date.

(1) The written request may be made either by letter or on a form adopted or approved by the Judicial Council.

(2) On the date of making the written request, the requesting party shall mail or personally deliver a copy to each of the other parties to the action.

(3) (A) If the court finds that the interests of justice would be served by postponing the hearing, the court shall postpone the

hearing, and shall notify all parties by mail of the new hearing date, time, and place.

(B) On one occasion, upon the written request of a defendant guarantor, the court shall postpone the hearing for at least 30 days, and the court shall take this action without a hearing. Nothing in this subparagraph, however, shall limit the discretion of the court to grant additional postponements under subparagraph (A).

(4) The court shall provide a prompt response by mail to any person making a written request for postponement of a hearing date under this subdivision.

(b) If service of the claim and order upon the defendant is not completed within the number of days before the hearing date required by subdivision (b) of Section 116.340, and the defendant has not personally appeared and has not requested a postponement, the court shall postpone the hearing for at least 15 days. If a postponement is ordered under this subdivision, the clerk shall promptly notify all parties by mail of the new hearing date, time, and place.

(c) Nothing in this section limits the inherent power of the court to order postponements of hearings in appropriate circumstances.

(d) A fee of ten dollars ($10) shall be charged and collected for the filing of a request for postponement and rescheduling of a hearing date after timely service pursuant to subdivision (b) of Section 116.340 has been made upon the defendant.

CHAPTER 241

[Approved by Governor August 3, 1998. Filed with Secretary of State August 4, 1998.]

The people of the State of California do enact as follows:

The employer shall maintain a record of the current training received by each driver in his or her employ and shall present that record on demand to any authorized representative of the Department of the California Highway Patrol.

SEC. 3. Section 34501.17 is added to the Vehicle Code, to read:

34501.17. (a) All paratransit vehicles shall be regularly and systematically inspected, maintained, and lubricated by the owner or operator in accordance with the manufacturer's recommendations, or more often if necessary to ensure the safe operating condition of the vehicle. The maintenance shall include, at a minimum, in-depth inspection of the vehicle's brake system, steering components, lighting system, and wheels and tires, to be performed at intervals in accordance with the manufacturer's recommendations.

(b) All owners or operators of paratransit vehicles shall document each systematic inspection, maintenance, and lubrication and repair performed for each vehicle subject to this section. Required records shall include service performed, the name of the person performing the service, the date that the service was performed, and the odometer reading of the vehicle at the time of the service. The records shall be maintained for the period that the vehicle is in

service at the place of business in this state of the owner or operator of the vehicle, and shall be presented upon demand to any authorized representative of the department. The odometer of a paratransit vehicle shall be maintained in proper working order.

SEC. 4. Section 34520.5 is added to the Vehicle Code, to read:

34520.5. (a) All employers of drivers who operate paratransit vehicles, and the drivers of those vehicles, shall participate in a program consistent with the controlled substances and alcohol use and testing requirements of the United States Secretary of Transportation as set forth in Part 382 (commencing with Section 382.101), Part 653 (commencing with Section 653.1), or Part 654 (commencing with Section 654.1) of Title 49 of the Code of Federal Regulations.

(b) Section 34520 is applicable to any controlled substances or alcohol testing program undertaken under this section.

(c) The employer of a paratransit vehicle driver shall participate in the pull notice system defined in Section 1808.1.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 242

An act to amend Section 8107 of the Commercial Code, and to add Part 3 (commencing with Section 5500) to Division 5 of the Probate Code, relating to the Uniform TOD Security Registration Act.

[Approved by Governor August 3, 1998. Filed with Secretary of State August 4, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 8107 of the Commercial Code is amended to read:

8107. (a) "Appropriate person" means any of the following:

(1) With respect to an endorsement, the person specified by a security certificate or by an effective special endorsement to be entitled to the security.

(2) With respect to an instruction, the registered owner of an uncertificated security.

(3) With respect to an entitlement order, the entitlement holder.

(4) If the person designated in paragraph (1), (2), or (3) is deceased, the designated person's successor taking under other law or the designated person's personal representative acting for the estate of the decedent, or the beneficiary of a security, as defined in subdivision (d) of Section 5501 of the Probate Code, registered in beneficiary form, as defined in subdivision (a) of Section 5501 of the Probate Code, if the beneficiary has survived the death of the registered owner or all registered owners.

(5) If the person designated in paragraph (1), (2), or (3) lacks capacity, the designated person's guardian, conservator, or other similar representative who has power under other law to transfer the security or financial asset.

(b) An endorsement, instruction, or entitlement order is effective if it is made by any of the following:

(1) It is made by the appropriate person.

(2) It is made by a person who has power under the law of agency to transfer the security or financial asset on behalf of the appropriate person, including, in the case of an instruction or entitlement order, a person who has control under paragraph (2) of subdivision (c) or paragraph (2) of subdivision (d) of Section 8106.

(3) The appropriate person has ratified it or is otherwise precluded from asserting its ineffectiveness.

(c) An endorsement, instruction, or entitlement order made by a representative is effective even if:

(1) The representative has failed to comply with a controlling instrument or with the law of the state having jurisdiction of the representative relationship, including any law requiring the representative to obtain court approval of the transaction.

(2) The representative's action in making the endorsement, instruction, or entitlement order or using the proceeds of the transaction is otherwise a breach of duty.

(d) If a security is registered in the name of or specially endorsed to a person described as a representative, or if a securities account is maintained in the name of a person described as a representative, an endorsement, instruction, or entitlement order made by the person is effective even though the person is no longer serving in the described capacity.

(e) Effectiveness of an endorsement, instruction, or entitlement order is determined as of the date the endorsement, instruction, or entitlement order is made, and an endorsement, instruction, or entitlement order does not become ineffective by reason of any later change of circumstances.

SEC. 2. Part 3 (commencing with Section 5500) is added to Division 5 of the Probate Code, to read:

PART 3. UNIFORM TOD SECURITY REGISTRATION ACT

5500. (a) This part shall be known as and may be cited as the Uniform TOD Security Registration Act.

(b) This part shall be liberally construed and applied to promote its underlying purposes and policy.

(c) The underlying purposes and policy of this act are to (1) encourage development of a title form for use by individuals that is effective, without probate and estate administration, for transferring property at death in accordance with directions of a deceased owner of a security as included in the title form in which the security is held and (2) protect issuers offering and implementing the new title form.

(d) Unless displaced by the particular provisions of this part, the principles of law and equity supplement its provisions.

5501. In this part:

(a) "Beneficiary form" means a registration of a security that indicates the present owner of the security and the intention of the owner regarding the person who will become the owner of the security upon the death of the owner.

(b) "Register," including its derivatives, means to issue a certificate showing the ownership of a certificated security or, in the case of an uncertificated security, to initiate or transfer an account showing ownership of securities.

(c) "Registering entity" means a person who originates or transfers a security title by registration, and includes a broker maintaining security accounts for customers and a transfer agent or other person acting for or as an issuer of securities.

(d) "Security" means a share, participation, or other interest in property, in a business, or in an obligation of an enterprise or other issuer, and includes a certificated security, an uncertificated security, and a security account.

(e) "Security account" means (1) a reinvestment account associated with a security, a securities account with a broker, a cash balance in a brokerage account, cash, interest, earnings, or dividends earned or declared on a security in an account, a reinvestment account, or a brokerage account, whether or not credited to the account before the owner's death, or (2) a cash balance or other property held for or due to the owner of a security as a replacement for or product of an account security, whether or not credited to the account before the owner's death.

5502. Only individuals whose registration of a security shows sole ownership by one individual or multiple ownership by two or more individuals with right of survivorship, rather than as tenants in common, may obtain registration in beneficiary form. Multiple owners of a security registered in beneficiary form hold as joint tenants with right of survivorship, as tenants by the entireties, or as owners of community property held in survivorship form, and not as tenants in common.

5503. A security may be registered in beneficiary form if the form is authorized by this or a similar statute of the state of organization of the issuer or registering entity, the location of the registering entity's principal office, the office of its transfer agent or its office making the registration, or by this or a similar statute of the law of the state listed as the owner's address at the time of registration. A registration governed by the law of a jurisdiction in which this or similar legislation is not in force or was not in force when a registration in beneficiary form was made is nevertheless presumed to be valid and authorized as a matter of contract law.

5504. A security, whether evidenced by certificate or account, is registered in beneficiary form when the registration includes a designation of a beneficiary to take the ownership at the death of the owner or the deaths of all multiple owners.

5505. Registration in beneficiary form may be shown by the words "transfer on death" or the abbreviation "TOD," or by the words "pay on death" or the abbreviation "POD," after the name of the registered owner and before the name of a beneficiary.

5506. The designation of a TOD beneficiary on a registration in beneficiary form has no effect on ownership until the owner's death. A registration of a security in beneficiary form may be canceled or changed at any time by the sole owner or all then surviving owners without the consent of the beneficiary.

5507. On death of a sole owner or the last to die of all multiple owners, ownership of securities registered in beneficiary form passes to the beneficiary or beneficiaries who survive all owners. On proof of death of all owners and compliance with any applicable requirements of the registering entity, a security registered in beneficiary form may be reregistered in the name of the beneficiary or beneficiaries who survive the death of all owners. Until division of the security after the death of all owners, multiple beneficiaries surviving the death of all owners hold their interests as tenants in common. If no beneficiary survives the death of all owners, the security belongs to the estate of the deceased sole owner or the estate of the last to die of all multiple owners.

5508. (a) A registering entity is not required to offer or to accept requests for security registration in beneficiary form. If a registration in beneficiary form is offered by a registering entity, the owner requesting registration in beneficiary form assents to the protections given to the registering entity by this part.

(b) By accepting a request for registration of a security in beneficiary form, the registering entity agrees that the registration will be implemented as provided in this part.

(c) A registering entity is discharged from all claims to a security by the estate, creditors, heirs, or devisees of a deceased owner if it registers a transfer of the security in accordance with Section 5507 and does so in good faith reliance (1) on the registration, (2) on this part, and (3) on information provided to it by affidavit of the personal

representative of the deceased owner, or by the surviving beneficiary or the surviving beneficiary's representatives, or other information available to the registering entity. The protections of this part do not extend to a reregistration or payment made after a registering entity has received written notice from any claimant to any interest in the security objecting to implementation of a registration in beneficiary form. No other notice or other information available to the registering entity shall affect its right to protection under this part.

(d) The protection provided by this part to the registering entity of a security does not affect the rights of beneficiaries in disputes between themselves and other claimants to ownership of the security transferred or its value or proceeds.

5509. (a) Any transfer on death resulting from a registration in beneficiary form is effective by reason of the contract regarding the registration between the owner and the registering entity and this part and is not testamentary.

(b) This part does not limit the rights of a surviving spouse or creditors of security owners against beneficiaries and other transferees under other laws of this state.

5510. (a) A registering entity offering to accept registrations in beneficiary form may establish the terms and conditions under which it will receive requests for (1) registrations in beneficiary form, and (2) implementation of registrations in beneficiary form, including requests for cancellation of previously registered TOD beneficiary designations and requests for reregistration to effect a change of beneficiary.

(a) The department shall not issue a copy, duplication, or substitution of a certificate of ownership or license plate if, after a search of the records of the department, the registered owner's address, as submitted with the application for that document, is different from that which appears in the records of the department, unless the registered owner applies for that document in person and presents all of the following:

(1) Proof of ownership of the vehicle that is acceptable to the department.

(2) A driver's license or identification card containing a picture of the licensee or cardholder issued to the registered owner by the department pursuant to Chapter 1 (commencing with Section 12500) of Division 6. The department shall conduct a search of its records to verify the authenticity of any document submitted under this paragraph.

(b) Subdivision (a) does not apply if the registered owner's name and driver's license or identification card number submitted on the application matches the name and driver's license or identification card number contained in the department's registration record for that vehicle, or if an application is submitted by or through a dealer, a dismantler, an insurer, an agent of the insurer, or a salvage pool.

[Approved by Governor August 3, 1998. Filed with Secretary of State August 4, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 206 of the Fish and Game Code is amended to read:

206. (a) In addition to, or in conjunction with, other regular or special meetings the commission shall, in odd-numbered years, hold meetings in the first 10 days of August, October, November, and December for the purpose of considering and adopting revisions to regulations relating to fish, amphibia, and reptiles. The commission shall alternate the locations of the August and December meetings between Los Angeles or Long Beach and Sacramento, and the October and November meetings between San Diego and Redding or Red Bluff.

(b) At the August meeting, the commission shall receive recommendations for regulations from its own members and staff, the department, other public agencies, and the public.

(c) At the October and November meetings, the commission shall devote time for open public discussion of proposed regulations presented at the August meeting. The department shall participate in this discussion by reviewing and presenting its findings regarding each regulation proposed by the public and by responding to objections raised pertaining to its proposed regulations. After considering the public discussion, the commission shall announce, prior to adjournment of the November meeting, the regulations it intends to add, amend, or repeal relating to fish, amphibia, and reptiles.

(d) At the December meeting, the commission may choose to hear additional public discussion regarding the regulations it intends to adopt. At, or within 20 days after, the meeting, the commission shall add, amend, or repeal regulations relating to any recommendation received at the August meeting regarding fish, amphibia, and reptiles it deems necessary to preserve, properly utilize, and maintain each species or subspecies.

(e) Within 45 days after adoption, the department shall publish and distribute regulations adopted pursuant to this section.

SEC. 2. Section 1055 of the Fish and Game Code is amended to read:

1055. (a) The department may authorize any person, except a commissioner or an officer or employee of the department, to be a

license agent to issue punch cards, licenses, license stamps, and license tags. It may consign punch cards, licenses, license stamps, and license tags to license agents without receiving payment therefor, upon application of the license agent and upon the giving of a bond or assigning a certificate of deposit, payable to the department, as provided in this article. It may not consign any punch cards, licenses, license stamps, and license tags to any license agent who fails to submit the report required by subdivision (a) of Section 1055.5 within one month and 20 days following the last day of that calendar month or who otherwise fails to fully comply with Section 1055.5.

(b) A license agent authorized under subdivision (a) shall add a handling charge to the fees, which fees are prescribed in this code or in regulations adopted pursuant to this code, for applications, punch cards, licenses, license stamps, and license tags issued by the license agent in an amount that is 5 percent of the face value of the item rounded to the nearest five cents ($0.05).

(c) The handling charge added under subdivision (b) shall be incorporated into the total amount collected for issuing the punch card, license, license stamp, or license tag, but the handling charge may not be included when determining license fees in accordance with Section 713. License agents may issue any punch card, license, license stamp, or license tag for any amount that is up to 10 percent less than the fee prescribed in this code or in regulations adopted pursuant to this code. The license agent shall remit to the department the full amount of the fees as prescribed in this code or in regulations adopted pursuant to this code for all punch cards, licenses, license stamps, or license tags issued.

(d) The handling charge required by subdivision (b) is the license agent's only compensation for services. No other additional fee or charge may be made by the license agent for issuing punch cards, licenses, license stamps, or license tags authorized under this section.

(e) The department may designate a nonprofit organization, organized pursuant to the laws of this state, or the California chapter of a nonprofit organization, organized pursuant to the laws of another state, as a license agent for the sale of lifetime licenses issued pursuant to Sections 714, 3031.2, and 7149.2. These licenses may be sold by auction or by other methods and are not subject to the fee limitations prescribed in this code. An agent authorized to issue lifetime sport fishing licenses, lifetime hunting licenses, and lifetime sportsman's licenses under this subdivision is exempt from subdivisions (b) and (d). The license agent shall remit to the department all revenue derived from the sale of the lifetime licenses.

(f) In order to facilitate the prompt remittance of fees and more accurate accounting of licenses, license stamps, and license tags provided for issuance to license agents, the department shall provide them in books containing licenses, license stamps, or license tags that do not exceed the total fees for 20 resident sport fishing licenses. This

subdivision does not apply to nonresident licenses and nonresident license tags.

(g) At any single business location, a license agent shall issue all items from a single book before commencing to issue licenses, license stamps, or license tags of the same series from another book.

(h) The department, alternatively, may provide for the issuance of punch cards, licenses, license stamps, and license tags to authorized license agents and shall collect at the time the documents are provided an amount equal to the fees for all of the punch cards, licenses, license stamps, and license tags provided. Any license agent who pays the fees for punch cards, licenses, license stamps, and license tags provided is exempt from subdivisions (a) and (e) of Section 1055.5, Section 1056, and Section 1059. Punch cards, licenses, license stamps, and license tags provided pursuant to this subdivision and remaining unissued at the end of the license year may be returned to the department, within 60 days of their expiration date, for refund or credit, or a combination thereof.

(i) All unissued and expired punch cards, licenses, license stamps, and license tags shall be returned to the department. Any license agent who does not return them within one month and 20 days following the last day of the license year may not be provided additional punch cards, licenses, license stamps, or license tags until the unissued and expired punch cards, licenses, license stamps, and license tags have been returned to the department. In addition, any unissued and expired item that is not returned within 60 days following the last day of the license year shall be billed to the license agent. Items may be returned for credit after the 60 days; however, the license agent shall pay interest and penalties on the returned items as prescribed in subdivision (b) of Section 1059. No credit may be allowed after six months following the last day of the license year.

(b) The adjustment of the base fees under Section 713, which are specified in paragraphs (1) to (5), inclusive, of subdivision (a), are applicable to the hunting license years beginning on and after July 1, 1988.

SEC. 4. Section 3050 of the Fish and Game Code is amended to read:

(b) The evidence required in subdivision (a) shall be forwarded to the department with the license agent's report of hunting license sales as required pursuant to Section 1055.5.

(c) Subdivision (a) does not apply to any person purchasing a hunting license under paragraph (5) of subdivision (a) of Section 3031. However, that license may not qualify as evidence required in subdivision (a) of this section.

(d) Nothing in this section is intended to preclude a county auditor from performing his or her statutorily prescribed duties.

SEC. 2. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution due to unique requirements applicable to local government in the County of Orange.

CHAPTER 251

An act to amend Section 25531.2 of the Health and Safety Code, relating to regulated substances.

[Approved by Governor August 3, 1998. Filed with Secretary of State August 4, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 25531.2 of the Health and Safety Code is amended to read:

The Legislature further finds and

declares that as an element of the unified program established pursuant to Chapter 6.11 (commencing with Section 25404), a single fee system surcharge mechanism is established by Section 25404.5 to cover the costs incurred by the office pursuant to this article. It is the intent of the Legislature that this existing authority, together with any federal assistance that may become available to implement the accidental release program, be used to fully fund the activities of the office necessary to implement this article.

(b) The office shall use any federal assistance received to implement Chapter 6.11 (commencing with Section 25404) to offset any fees or charges levied to cover the costs incurred by the office pursuant to this article.

CHAPTER 252

An act to add Sections 13332.19 and 14661 to the Government Code, relating to state property.

[Approved by Governor August 3, 1998. Filed with Secretary of State August 4, 1998.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares that it is in the best interests of the state to construct state office and other facilities in a cost-efficient manner that represents the best overall value to the taxpayers. In order for this goal to be accomplished, state agencies need to be able to use the best possible project delivery procurement systems.

(b) The Legislature finds and declares that the design-build process can be an attractive option to the Department of General Services in comparison to the existing three-step (design-bid-build) process. The design-build process can improve the project delivery process by accelerating delivery schedules and saving costs by promoting improved coordination between contractor and architect, shifting management risk from the state to the design-build team, and minimizing change orders through early collaboration between design and construction disciplines.

(c) The Legislature has recognized the merits of the design-build procurement process in the past by authorizing its use for projects undertaken by the University of California, joint-venture public school projects, specified local government projects, and several state office buildings under construction in Oakland, San Francisco, and Los Angeles. The design-build procurement process has also been approved for use by public entities in other states, as well as the federal government.

(d) Therefore, it is the intent of the Legislature in enacting this act to define the design-build construction procurement process for state facilities to establish the parameters for its use when the Legislature authorizes the Director of General Services to use this process for a specific project that involves the construction of state office and other facilities.

(e) In addition, it is the intent of the Legislature that the full scope of design, construction, and equipment awarded to a design-build entity shall be authorized in a single funding phase. The funding phase may be authorized concurrently with, or separately from, the phase that authorizes the creation of the performance criteria or performance criteria and concept drawings.

SEC. 2. Section 13332.19 is added to the Government Code, to read:

13332.19. (a) Except as otherwise specified in paragraphs (1) and (2), no funds appropriated for a design-build capital outlay project may be expended until the Department of Finance and the State Public Works Board have approved performance criteria or performance criteria and concept drawings for the project to be financed from the appropriation for capital outlay.

This subdivision shall not apply to either of the following:

(1) Amounts for acquisition of land.

(2) Amounts appropriated specifically for preliminary surveys, studies, and planning.

(b) Any appropriated amounts for the design-build phase of a design-build project, where funds have been expended on the design-build phase by any state agency prior to the approval of the performance criteria or the performance criteria and concept drawings by the State Public Works Board, and all amounts not approved by the State Public Works Board under this section shall be reverted to the fund from which the appropriation was made. If the Director of Finance or his or her authorized representative requests review of the design-build bid package, no design-build project for which an appropriation is made shall be put out to bid until the bid package has been approved by the Department of Finance. No substantial change shall be made from the performance criteria or performance criteria and concept drawings as approved by the State Public Works Board and the Department of Finance without written approval by the Department of Finance. Any proposed bid alternates shall be approved by the Department of Finance.

(c) The State Public Works Board shall defer all augmentations in excess of 20 percent of the amount appropriated for each design-build capital outlay project until the Legislature makes additional funds available for the specific project.

(d) Any augmentation of the design-build phase of a design-build project shall be consistent with the intent of subdivision (e) of Section 13332.11.

(e) Prior to State Public Works Board action on any design-build capital outlay appropriation, the Department of Finance shall certify, in writing, to the Chairperson of the Joint Legislative Budget Committee, the chairpersons of the respective fiscal committees, and the legislative members of the board that the requested action is in accordance with the legislatively approved scope and cost. If, pursuant to other provisions of this section, the Department of Finance approves changes to the approved scope or cost, or both, the department shall report the changes and associated cost implications. The reports also shall include all proposed or potential augmentations in excess of 10 percent of the amount appropriated for the costs of the design-build phase of the capital outlay project.

(f) The State Public Works Board shall defer action with respect to approval of performance criteria or performance criteria and concept drawings, when it is determined that the estimated cost of the total design-build project approved by the Legislature is in excess of 20 percent of the amount appropriated.

(g) For the purposes of this section, the following definitions shall apply:

(1) "Concept drawings" means any schematic drawings or architectural renderings that are prepared, in addition to performance criteria, in such detail as the Director of General Services determines necessary to sufficiently describe the state's needs.

(2) "Design-build bid package" means the performance criteria, any concept drawings deemed necessary by the Department of General Services, the form of contract, and all other documents and information that serve as the basis on which bids or proposals will be solicited to the design-build entities.

(3) "Design-build phase" means the period following the award of a contract to a design-build team in which the design-build entity completes the design and construction activities necessary to fully complete the project in compliance with the terms of the contract.

(4) "Performance criteria" means the information that fully describes the scope of the proposed project and includes, but is not limited to, the size, type, and design character of the buildings and site, the performance specifications that describe the required quality of materials, equipment, and workmanship, and any other information deemed necessary to sufficiently describe the state's needs.

SEC. 3. Section 14661 is added to the Government Code, to read:

14661. (a) Notwithstanding any provision of the Public Contract Code or any other provision of law, when the Legislature authorizes the use of the design-build construction procurement process for a specific project, the Director of General Services may contract and procure state office facilities and other buildings, structures, and related facilities pursuant to this section.

(b) For purposes of this section, "design-build" means a procurement process in which both the design and construction of a project are procured from a single entity.

(c) For purposes of this section, "design-build entity" means a partnership, corporation, or other legal entity that is able to provide appropriately licensed contracting, architectural, and engineering services as needed.

(d) Prior to contracting for the procurement of state office facilities and other state buildings and structures, the director shall:

(1) Prepare a program setting forth the scope of the project that may include, but is not limited to, the size, type, and desired design character of the buildings and site, performance specifications covering the quality of materials, equipment, and workmanship, or any other information deemed necessary to describe adequately the state's needs. The performance specifications shall be prepared by a design professional duly licensed and registered in the State of California.

(2) (A) Establish a competitive prequalification and selection process for design-build entities, including any subcontractors listed at the time of bid, that clearly specifies the prequalification criteria, as well as recommend the manner in which the winning entity will be selected.

(B) Prequalification shall be limited to consideration of all of the following criteria:

(i) Possession of all required licenses, registration, and credentials in good standing that are required to design and construct the project.

(ii) Submission of evidence that establishes that the design-build entity members have completed, or demonstrated the capability to complete, projects of similar size, scope, or complexity, and that proposed key personnel have sufficient experience and training to competently manage and complete the design and construction of the project.

(iii) Submission of a proposed project management plan that establishes that the design-build entity has the experience, competence, and capacity needed to effectively complete the project.

(iv) Submission of evidence that establishes that the design-build entity has the capacity to obtain all required payment and performance bonding, liability insurance, and errors and omissions insurance, as well as a financial statement that assures the department that the design-build entity has the capacity to complete the project.

(v) Provision of a declaration certifying that applying members of the design-build entity have not had a surety company finish work on any project within the last five years.

(vi) Provision of information and a declaration providing detail concerning all of the following:

(I) Any construction or design claim or litigation totaling more than five hundred thousand dollars ($500,000) or 5 percent of the annual value of work performed, whichever is less, settled against any member of the design-build entity over the last five years.

(II) Serious violations of the Occupational Safety and Health Act, as provided in Part 1 (commencing with Section 6300) of Division 5 of the Labor Code, settled against any member of the design-build entity.

(III) Violations of federal or state law, including, but not limited to, those laws governing the payment of wages, benefits, or personal income tax withholding, or of Federal Insurance Contributions Act (FICA) withholding requirements, state disability insurance withholding, or unemployment insurance payment requirements, settled against any member of the design-build entity over the last five years. For the purposes of this subclause, only violations by a design-build member as an employer shall be deemed applicable, unless it is shown that the design-build entity member, in his or her capacity as an employer, had knowledge of his or her subcontractor's violations or failed to comply with the conditions set forth in subdivision (b) of Section 1775 of the Labor Code.

(IV) Information required by Section 10162 of the Public Contract Code.

(V) Violations of the Contractors' State License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code), excluding alleged violations or complaints.

(VI) Any conviction of any member of the design-build entity of submitting a false or fraudulent claim to a public agency over the last five years.

(vii) Provision of a declaration that the design-build entity will comply with all other provisions of law applicable to the project, including, but not limited to, the requirements of Chapter 1 (commencing with Section 1720) of Part 7 of Division 2 of the Labor Code.

(C) The director, when requested by the design-build entity, shall hold in confidence any information required by clauses (i) to (vi), inclusive.

(D) Any declaration required under subparagraph (B) shall state that reasonable diligence has been used in its preparation and that it is true and complete to the best of the signer's knowledge. A person who certifies as true any material matter that he or she knows to be false is guilty of a misdemeanor and shall be punished by not more than one year in a county jail, by a fine of not more than five thousand dollars ($5,000), or by both the fine and imprisonment.

(3) (A) Recommend, as he or she deems in the best interests of the state, to the Legislature one of the following methods as the process to be used for the selection of the winning entity:

(i) A design-build competition based upon performance, price, and other criteria set forth by the department in the solicitation for

proposals. The department shall establish technical criteria and methodology, including price, to evaluate proposals and shall describe the criteria and methodology in the request for design-build proposals. Award shall be made to the design-build entity whose proposal is judged as providing the best value in meeting the interest of the department and meeting the objectives of the project. A project with an approved budget of ten million dollars ($10,000,000) or more may be awarded pursuant to this clause.

(ii) A design-build competition based upon performance and other criteria set forth by the department in the solicitation for proposals. Criteria used in this evaluation of proposals may include, but need not be limited to, items such as proposed design approach, life-cycle costs, project features, and functions. However, any criteria and methods used to evaluate proposals shall be limited to those contained in the request for design-build proposals. Award shall be made to the design-build entity whose proposal is judged as providing the best value, for the lowest price, meeting the interests of the department and meeting the objectives of the project. A project with an approved budget of ten million dollars ($10,000,000) or more may be awarded pursuant to this clause.

(iii) A design-build competition based upon program requirements and a detailed scope of work, including any concept drawings and specifications set forth by the department in the solicitation for proposals. Award shall be made on the basis of the lowest responsible bid. A project with an approved budget of two hundred fifty thousand dollars ($250,000) or more may be awarded pursuant to this clause.

(B) Notwithstanding any other provision of law, no project valued under two hundred fifty thousand dollars ($250,000) shall be awarded pursuant to subparagraph (A).

(C) The legislation providing final authorization to construct a specific project using the design-build construction procurement process shall specify one of the methods described in clauses (i) to (iii), inclusive, of subparagraph (A) for the selection of the winning entity.

(e) The Legislature recognizes that the design-build entity is charged with performing both design and construction. Because a design-build contract may be awarded prior to the completion of the design, it is often impracticable for the design-build entity to list all subcontractors at the time of the award. As a result, the subcontractor listing requirements contained in Chapter 4 (commencing with Section 4100) of Part 1 of Division 2 of the Public Contract Code can create a conflict with the implementation of the design-build process by requiring all subcontractors to be listed at a time when a sufficient set of plans may not be available. It is the intent of the Legislature to establish a clear process for the selection and award of subcontracts entered into pursuant to this section in a manner that retains protection for subcontractors while enabling design-build projects to

be administered in an efficient fashion. Therefore, all of the following requirements shall apply to subcontractors, licensed pursuant to Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, that are employed on design-build projects undertaken pursuant to this section:

(1) The department, in each design-build request for proposal, may identify types of subcontractors, by subcontractor license classification, that will be listed by the design-build entity at the time of the bid. In selecting the subcontractors that will be listed by the design-build entity, the department shall limit the identification to only those license classifications deemed essential for proper completion of the project. In no event, however, may the department specify more than five licensed subcontractor classifications. In addition, at its discretion, the design-build entity may list an additional two subcontractors, identified by subcontractor license classification, that will perform design or construction work, or both, on the project. In no event shall the design-build entity list at the time of bid a total amount of subcontractors that will perform design or construction work, or both, in a total of more than seven subcontractor license classifications on a project. All subcontractors that are listed at the time of bid shall be afforded all of the protection contained in Chapter 4 (commencing with Section 4100) of Part 1 of Division 2 of the Public Contract Code. All subcontracts that were not listed by the design-build entity at the time of bid shall be awarded in accordance with paragraph (2).

(2) All subcontracts that were not to be performed by the design-build entity in accordance with paragraph (1) shall be competitively bid and awarded by the design-build entity, in accordance with the design-build process set forth by the department in the design-build package. The design-build entity shall do all of the following:

(A) Provide public notice of the availability of work to be subcontracted in accordance with Section 10140 of the Public Contract Code.

(B) Provide a fixed date and time on which the subcontracted work will be awarded in accordance with Section 10141 of the Public Contract Code.

(C) As authorized by the department, establish reasonable prequalification criteria and standards, limited in scope to those detailed in paragraph (2) of subdivision (d).

(D) Provide that the subcontracted work shall be awarded to the lowest responsible bidder.

(f) For purposes of this section, "best interests of the state" shall mean a design-build process that is projected by the director to reduce the project delivery schedule and total cost of a project while maintaining a high level of quality workmanship and materials, when compared to the traditional design-bid-build process.

(g) This section shall not be construed and is not intended to extend or limit the authority specified in Section 19130.

(h) Any design-build entity that is selected to design and build a project pursuant to this section shall possess or obtain sufficient bonding consistent with applicable provisions of the Public Contract Code. Nothing in this section shall prohibit a general or engineering contractor from being designated the lead entity on a design-build entity for the purposes of purchasing necessary bonding to cover the activities of the design-build entity.

(i) Any payment or performance bond written for the purposes of this section shall use a bond form developed by the Department of General Services. In developing the bond form, the department shall consult with the surety industry to achieve a bond form that is consistent with surety industry standards, while protecting the interests of the state.

SEC. 4. Sections 2 and 3 of this act shall remain operative only until the completion of at least five design-build projects, each with a value of ten million dollars ($10,000,000) or more, or until January 1, 2006, whichever occurs later.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 253

An act to amend Sections 7100 and 7100.1 of the Health and Safety Code, and to amend Section 7600.6 of the Probate Code, relating to human remains.

[Approved by Governor August 3, 1998. Filed with Secretary of State August 4, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 7100 of the Health and Safety Code is amended to read:

7100. (a) The right to control the disposition of the remains of a deceased person, the location and conditions of interment, and

arrangements for funeral goods and services to be provided, unless other directions have been given by the decedent pursuant to Section 7100.1, vests in, and the duty of disposition and the liability for the reasonable cost of disposition of the remains devolves upon, the following in the order named:

(1) An attorney-in-fact under a durable power of attorney for health care executed pursuant to Chapter 1 (commencing with Section 4600) of Part 4 of Division 4.5 of the Probate Code.

(2) The surviving spouse.

(3) The sole surviving adult child of the decedent, or if there is more than one adult child of the decedent, one-half or more of the surviving adult children. However, less than one-half of the surviving adult children shall be vested with the rights and duties of this section if they have used reasonable efforts to notify all other surviving adult children of their instructions and are not aware of any opposition to those instructions on the part of more than one-half of all surviving adult children. For purposes of this section, "adult child" means a competent natural or adopted child of the decedent who has attained 18 years of age.

(4) The surviving parent or parents of the decedent. If one of the surviving parents is absent, the remaining parent shall be vested with the rights and duties of this section after reasonable efforts have been unsuccessful in locating the absent surviving parent.

(5) The surviving competent adult person or persons respectively in the next degrees of kindred. If there is more than one surviving person of the same degree of kindred, the majority of those persons. Less than the majority of surviving persons of the same degree of kindred shall be vested with the rights and duties of this section if those persons have used reasonable efforts to notify all other surviving persons of the same degree of kindred of their instructions and are not aware of any opposition to those instructions on the part of one-half or more of all surviving persons of the same degree of kindred.

(6) The public administrator when the deceased has sufficient assets.

(b) (1) If any person to whom the right of control has vested pursuant to subdivision (a) has been charged with first or second degree murder or voluntary manslaughter in connection with the decedent's death and those charges are known to the funeral director or cemetery authority, the right of control is relinquished and passed on to the next of kin in accordance with subdivision (a).

(2) If the charges against the person are dropped, or if the person is acquitted of the charges, the right of control is returned to the person.

(3) Notwithstanding this subdivision, no person who has been charged with first or second degree murder or voluntary manslaughter in connection with the decedent's death to whom the right of control has not been returned pursuant to paragraph (2) shall

have any right to control disposition pursuant to subdivision (a) which shall be applied, to the extent the funeral director or cemetery authority know about the charges, as if that person did not exist.

(c) A funeral director or cemetery authority shall have complete authority to control the disposition of the remains, and to proceed under this chapter to recover usual and customary charges for the disposition, when both of the following apply:

(1) Either of the following applies:

(A) The funeral director or cemetery authority has knowledge that none of the persons described in paragraphs (1) to (6), inclusive, of subdivision (a) exists.

(B) None of the persons described in paragraphs (1) to (6), inclusive, of subdivision (a) can be found after reasonable inquiry, or contacted by reasonable means.

(2) The public administrator fails to assume responsibility for disposition of the remains within seven days after having been given written notice of the facts. Written notice may be delivered by hand, U.S. mail, facsimile transmission, or telegraph.

(d) The liability for the reasonable cost of final disposition devolves jointly and severally upon all kin of the decedent in the same degree of kindred and upon the estate of the decedent. However, if a person accepts the gift of an entire body under subdivision (a) of Section 7155.5, that person, subject to the terms of the gift, shall be liable for the reasonable cost of final disposition of the decedent.

(e) This section shall be administered and construed to the end that the expressed instructions of the decedent or the person entitled to control the disposition shall be faithfully and promptly performed.

(f) A funeral director or cemetery authority shall not be liable to any person or persons for carrying out the instructions of the decedent or the person entitled to control the disposition.

(g) For purposes of paragraph (5) of subdivision (a), "competent adult" means an adult who has not been declared incompetent by a court of law or who has been declared competent by a court of law following a declaration of incompetence.

SEC. 2. Section 7100.1 of the Health and Safety Code is amended to read:

7100.1. (a) A decedent, prior to death, may direct, in writing, the disposition of his or her remains and specify funeral goods and services to be provided. Unless there is a statement to the contrary that is signed and dated by the decedent, the directions may not be altered, changed, or otherwise amended in any material way, except as may be required by law, and shall be faithfully carried out upon his or her death, provided both of the following requirements are met: (1) the directions set forth clearly and completely the final wishes of the decedent in sufficient detail so as to preclude any material ambiguity with regard to the instructions; and, (2) arrangements for payment through trusts, insurance, commitments

by others, or any other effective and binding means, have been made, so as to preclude the payment of any funds by the survivor or survivors of the deceased that might otherwise retain the right to control the disposition.

(b) In the event arrangements for only one of either the cost of interment or the cost of the funeral goods and services are made pursuant to this section, the remaining wishes of the decedent shall be carried out only to the extent that the decedent has sufficient assets to do so, unless the person or persons that otherwise have the right to control the disposition and arrange for funeral goods and services agree to assume the cost. All other provisions of the directions shall be carried out.

(c) If the directions are contained in a will, they shall be immediately carried out, regardless of the validity of the will in other respects or of the fact that the will may not be offered for or admitted to probate until a later date.

SEC. 3. Section 7600.6 of the Probate Code is amended to read:

7600.6. A funeral director in control of the decedent's remains pursuant to subdivision (c) of Section 7100 of the Health and Safety Code shall notify the public administrator if none of the persons described in paragraphs (2) to (6), inclusive, of subdivision (a) of Section 7100 of the Health and Safety Code exist, can be found after reasonable inquiry, or can be contacted by reasonable means.

CHAPTER 254

An act to amend Section 121135 of the Health and Safety Code, relating to health.

[Approved by Governor August 3, 1998. Filed with Secretary of State August 4, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 121135 of the Health and Safety Code is amended to read:

121135. Notwithstanding Chapter 7 (commencing with Section 120975) or any other provision of law, the blood or other tissue or material of a source patient may be tested, and an exposed individual may be informed of the HIV status of the patient, if the exposed individual and the health care facility, if any, have substantially complied with the then applicable guidelines of the Division of Occupational Safety and Health and the State Department of Health Services and if the following procedure is followed:

(a) (1) Whenever an individual becomes an exposed individual by experiencing an exposure to the blood or other potentially infectious material of a patient during the course of rendering

health-care-related services or occupational services, the exposed individual may request an evaluation of the exposure by a physician to determine if it is a significant exposure as defined in subdivision (h) of Section 121132. No physician or other exposed individual shall certify his or her own significant exposure. However, an employing physician may certify the exposure of one of his or her employees. Requests for certification shall be made in writing within 72 hours of the exposure.

(2) A written certification by a physician of the significance of the exposure shall be obtained within 72 hours of the request. The certification shall include the nature and extent of the exposure.

(b) (1) The exposed individual shall be counseled regarding the likelihood of transmission, the limitations of an HIV test, the need for followup testing, and the procedures that the exposed individual must follow regardless of the HIV status of the source patient. The exposed individual may be tested in accordance with the then applicable guidelines or standards of the Division of Occupational Safety and Health. The result of this test shall be confirmed as negative before available blood or other patient samples of the source patient may be tested for evidence of HIV infection without the consent of the source patient pursuant to subdivision (d).

(2) Within 72 hours of certifying the exposure as significant, the certifying physician shall provide written certification to an attending physician of the source patient that a significant exposure to an exposed individual has occurred, and shall request information on the HIV status of the source patient and the availability of blood or other patient sample. An attending physician shall respond to the request for information within three working days.

(c) If the HIV status of the source patient is already known to be positive, then, except as provided in subdivisions (b) and (c) of Section 121010 when the exposed individual is a health care provider or an employee or agent of the health care provider of the source patient, an attending physician and surgeon of the source patient shall attempt to obtain the consent of the source patient to disclose to the exposed individual the HIV status of the source patient. If the source patient cannot be contacted or refuses to consent to the disclosure, then the exposed individual may be informed of the HIV status of the source patient by an attending physician of the source patient as soon as possible after the exposure has been certified as significant, notwithstanding Section 120980 or any other provision of law.

(d) If the HIV status of the source patient is unknown to the certifying physician or an attending physician, if blood or other patient samples are available, and if the exposed individual has tested negative on a baseline HIV test, the source patient shall be given the opportunity to give informed consent to an HIV test in accordance with the following:

(1) Within 72 hours after receiving a written certification of significant exposure, an attending physician of the source patient shall do all of the following:

(A) Make a good faith effort to notify the source patient or the authorized legal representative of the source patient about the significant exposure. A good faith effort to notify includes, but is not limited to, a documented attempt to locate the source patient by telephone or by first-class mail with certificate of mailing. An attempt to locate the source patient and the results of that attempt shall be documented in the medical record of the source patient. An inability to contact the source patient, or legal representative of the source patient, after a good faith effort to do so as provided in this subdivision, shall constitute a refusal of consent pursuant to paragraph (2).

(B) Attempt to obtain the voluntary informed consent of the source patient or the authorized legal representative of the source patient to perform an HIV test on the source patient or on any available blood or patient sample of the source patient. The voluntary informed consent shall be in writing. The source patient shall have the option not to be informed of the test result. An exposed individual shall be prohibited from attempting to obtain directly informed consent for HIV testing from the source patient. If a source patient is incapacitated and therefore is unable to provide informed consent and has no authorized legal representative, then HIV testing on the source patient or available blood or tissue of the source patient shall not be permitted.

(C) Provide the source patient with medically appropriate pretest counseling and refer the source patient to appropriate posttest counseling and followup if necessary. The source patient shall be offered medically appropriate counseling whether or not he or she consents to testing.

(2) If the source patient or the authorized legal representative of the source patient refuses to consent to an HIV test after a documented effort has been made to obtain consent, then any available blood or patient sample of the source patient may be tested. The source patient or authorized legal representative of the source patient shall be informed that an available blood sample or other tissue or material will be tested despite his or her refusal, and that the exposed individual shall be informed of the HIV test results.

(3) If the informed consent of the source patient cannot be obtained because the source patient is deceased, consent to perform an HIV test on any blood or patient sample of the source patient legally obtained in the course of providing health care services at the time of the exposure event shall be deemed granted.

(4) A source patient or the authorized legal representative of a source patient shall be advised that he or she shall be informed of the results of the HIV test only if he or she wishes to be so informed. If a patient refuses to provide informed consent to HIV testing and

refuses to learn the results of HIV testing, then he or she shall sign a form documenting this refusal. The source patient's refusal to sign this form shall be construed to be a refusal to be informed of the HIV test results. HIV test results shall only be placed in the medical record when the patient has agreed in writing to be informed of the results.

(5) Notwithstanding any other provision of law, if the source patient or authorized legal representative of a source patient refuses to be informed of the results of the test, then the HIV test results of that source patient shall only be provided to the exposed individual in accordance with the then applicable regulations established by the Division of Occupational Safety and Health.

(6) The source patient's identity shall be encoded on the HIV test result record.

(e) If an exposed individual is informed of the HIV status of a source patient pursuant to this section, the exposed individual shall be informed that he or she is subject to existing confidentiality protections for any identifying information about the HIV test results, and that HIV-related medical information of the source patient shall be kept confidential and may not be further disclosed, except as otherwise authorized by law. The exposed individual shall be informed of the penalties for which he or she would be personally liable for violation of Section 120980.

(f) The costs for the HIV test and counseling of the exposed individual, or the source patient, or both shall be borne by the employer of the exposed individual, if any. An employer who directs and controls the exposed individual shall provide the postexposure evaluation and followup required by the California Division of Occupational Safety and Health as well as the testing and counseling for source patients required under this chapter. If an exposed individual is a volunteer or a student, then the health care provider or first responder that assigned a task to the volunteer or student may pay for the costs of testing and counseling as if that volunteer or student were an employee. If an exposed individual, who is not an employee of a health facility or of another health care provider, chooses to obtain postexposure evaluation or followup counseling, or both, or treatment, then he or she shall be financially responsible for the costs thereof and shall be responsible for the costs of the testing and counseling for the source patient.

(g) Nothing in this section authorizes the disclosure of the source patient's identity.

(h) Nothing in this section shall authorize a health care provider to draw blood or other body fluids except as otherwise authorized by law.

(i) The provisions of this section are cumulative only and shall not preclude HIV testing of source patients as authorized by any other provision of law.

CHAPTER 255

An act to add Sections 25297.15, 25299.37.2, and 25355.8 to the Health and Safety Code, and to add Section 13307.1 to the Water Code, relating to the environment.

[Approved by Governor August 3, 1998. Filed with Secretary of State August 4, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 25297.15 is added to the Health and Safety Code, to read:

25297.15. (a) (1) The local agency shall not consider cleanup or site closure proposals from the primary or active responsible party, issue a closure letter, or make a determination that no further action is required with respect to a site upon which there was an unauthorized release of hazardous substances from an underground storage tank subject to this chapter unless all current record owners of fee title to the site of the proposed action have been notified of the proposed action by the primary or active responsible party.

(2) Notwithstanding subdivision (g) of Section 25297.1, the local agency shall also notify the primary or active responsible party of their responsibility under this subdivision.

(3) The primary or active responsible party shall certify to the local agency in writing that the notification requirement in this subdivision has been met and provide a complete mailing list of all record fee title owners to the local agency.

(b) The local agency shall take all reasonable steps necessary to accommodate responsible landowner participation in the cleanup or site closure process and shall consider all input and recommendations from any responsible landowner wishing to participate.

SEC. 2. Section 25299.37.2 is added to the Health and Safety Code, to read:

25299.37.2. (a) The local agency, the board, or a regional board shall not consider corrective action or site closure proposals from the primary or active responsible party, issue a closure letter, or make a determination that no further corrective action is required with respect to a site upon which there was an unauthorized release of petroleum from an underground storage tank subject to this chapter unless all current record owners of fee title to the site of the proposed action have been notified of the proposed action by the local agency, board, or regional board.

(b) The local agency, board, or regional board shall take all reasonable steps necessary to accommodate responsible landowner participation in the cleanup or site closure process and shall consider all input and recommendations from any responsible landowner wishing to participate.

SEC. 3. Section 25355.8 is added to the Health and Safety Code, to read:

25355.8. (a) The department shall not agree to oversee the preparation of, or to review, a preliminary endangerment assessment for property if action is, or may be, necessary to address a release or threatened release of a hazardous substance, and the department shall not issue a letter stating that no further action is necessary with regard to property, unless the person requesting the department action does either of the following:

(1) Provides the department with all of the following:

(A) Proof of the identity of all current record owners of fee title to the property and their mailing addresses.

(B) Written evidence that the owners of record have been sent a notice that describes the actions completed or proposed by the requesting person.

(C) An acknowledgment of the receipt of the notice required in subparagraph (B), from the property owners or proof that the requesting person has made reasonable efforts to deliver the notice to the property owner and was unable to do so.

(2) Proof of the identity of all current record owners of fee title to the property and proof that the requesting person has made reasonable efforts to locate the property owners and was unable to do so.

(b) The department shall take all reasonable steps necessary to accommodate property owner participation in the site remediation process and shall consider all input and recommendations received from the owner of property which is the subject of the proposed action.

(c) This section only applies to instances where a person requests the department to oversee the preparation of, or to review, a preliminary endangerment assessment, or requests the department to issue a letter stating that no further action is necessary with regard to property. Nothing in this section imposes a condition upon, limits, or impacts in any way, the department's authority to compel any potentially responsible party to take any action in response to a release or threatened release of a hazardous substance or to recover costs incurred from any potentially responsible party.

SEC. 4. Section 13307.1 is added to the Water Code, to read:

13307.1. (a) The state board and the regional boards shall not consider cleanup or site closure proposals from the primary or active responsible discharger, issue a closure letter, or make a determination that no further action is required with respect to a site subject to a cleanup or abatement order pursuant to Section 13304, unless all current record owners of fee title to the site of the proposed action have been notified of the proposed action by the state board or regional board.

(b) The state board and regional boards shall take all reasonable steps necessary to accommodate responsible landowner

participation in the cleanup or site closure process and shall consider all input and recommendations from any responsible landowner wishing to participate.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 256

An act to amend Section 2800.3 of Vehicle Code, relating to vehicles.

[Approved by Governor August 3, 1998. Filed with Secretary of State August 4, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 2800.3 of the Vehicle Code is amended to read:

2800.3. Whenever willful flight or attempt to elude a pursuing peace officer in violation of Section 2800.1 proximately causes death or serious bodily injury to any person, the person driving the pursued vehicle, upon conviction, shall be punished by imprisonment in the state prison for three, four, or five years, by imprisonment in the county jail for not more than one year, or by a fine of not less than two thousand dollars ($2,000) nor more than ten thousand dollars ($10,000), or by both that fine and imprisonment.

For purposes of this section, "serious bodily injury" has the same meaning as defined in paragraph (4) of subdivision (f) of Section 243 of the Penal Code.

CHAPTER 257

An act to amend Section 27644 of the Food and Agricultural Code, relating to eggs.

[Approved by Governor August 3, 1998. Filed with Secretary of State August 4, 1998.]

(2) If the escape or attempt to escape described in paragraph (1) is committed by force or violence, the person is guilty of a felony, punishable by imprisonment in the state prison for two, four, or six years to be served consecutively, or in a county jail not exceeding one year. When the second term of imprisonment is to be served in a county jail, it shall commence from the time the prisoner otherwise would have been discharged from jail.

(3) A conviction of a violation of this subdivision, or a violation of subdivision (b) involving a participant of a home detention program

pursuant to Section 1203.016, that is not committed by force or violence, shall not be charged as a prior felony conviction in any subsequent prosecution for a public offense.

(b) (1) Every prisoner arrested and booked for, charged with, or convicted of a felony, and every person committed by order of the juvenile court, who is confined in any county or city jail, prison, industrial farm, or industrial road camp, is engaged on any county road or other county work, is in the lawful custody of any officer or person, or is confined pursuant to Section 4011.9, is a participant in a home detention program pursuant to Section 1203.016, who escapes or attempts to escape from a county or city jail, prison, industrial farm, or industrial road camp or from the custody of the officer or person in charge of him or her while engaged in or going to or returning from the county work or from the custody of any officer or person in whose lawful custody he or she is, or from confinement pursuant to Section 4011.9, or from the place of confinement in a home detention program pursuant to Section 1203.016, is guilty of a felony and, if the escape or attempt to escape was not by force or violence, is punishable by imprisonment in the state prison for 16 months, two years, or three years, to be served consecutively, or in a county jail not exceeding one year.

(2) If the escape or attempt to escape described in paragraph (1) is committed by force or violence, the person is guilty of a felony, punishable by imprisonment in the state prison for a full term of two, four, or six years to be served consecutively to any other term of imprisonment, commencing from the time the person otherwise would have been released from imprisonment and the term shall not be subject to reduction pursuant to subdivision (a) of Section 1170.1, or in a county jail for a consecutive term not to exceed one year, that term to commence from the time the prisoner otherwise would have been discharged from jail.

(c) (1) Except in unusual cases where the interests of justice would best be served if the person is granted probation, probation shall not be granted to any person who is convicted of a felony offense under this section in that he or she escaped or attempted to escape from a secure main jail facility, from a court building, or while being transported between the court building and the jail facility.

This subdivision applies to a prisoner who is employed or continuing in his or her regular educational program, authorized to secure employment or education pursuant to the Cobey Work Furlough Law (Section 1208), authorized for temporary release for family emergencies or for purposes preparatory to his or her return to the community pursuant to Section 4018.6, or permitted to participate in a home detention program pursuant to Section 1203.016. Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

Copies of this report shall also be made available to the public.

SEC. 3. Section 10089.23 of the Insurance Code is amended to read:

10089.23. (a) (1) If at any time following the payment of earthquake losses the authority's available capital is reduced to less than three hundred fifty million dollars ($350,000,000), or if at any time the authority's available capital is insufficient to pay benefits and continue operations, the authority shall have the power to assess participating insurance companies subject to the maximum limits as set forth in this section and Section 10089.30. The assessment shall be limited to the amount necessary to pay the outstanding or expected claims of the authority and to return the authority's available capital to three hundred fifty million dollars ($350,000,000), as determined by the board, subject to approval by the commissioner.

(2) Each participating insurer's assessment shall be determined by multiplying its residential earthquake insurance market share, as of April 30 of the immediately preceding year or the most recent year

for which premium data not more than one year old are available, by the amount of the total assessment sought by the authority.

(3) Maximum permissible insurer assessments pursuant to this section and Section 10089.30, maximum permissible earthquake policyholder assessments pursuant to Section 10089.29, and maximum permissible bond issuances or other debt financing issued or secured by the Treasurer pursuant to Section 10089.29 shall be reduced uniformly by multiplication of the maximum assessments and other amounts provided in those sections by the percentage of the total residential property insurance market share participation attained by the authority upon its commencement, as described in Section 10089.15. The total amount of all assessments levied on participating insurance companies by the authority pursuant to this section shall not exceed three billion dollars ($3,000,000,000), regardless of the frequency or severity of earthquake losses at any and all times subsequent to the creation of the authority. Once a participating insurer has paid amounts equal to its residential earthquake insurance market share multiplied by three billion dollars ($3,000,000,000) pursuant to this section, the authority's power to assess that insurer under this section shall cease and the authority shall be prohibited from levying additional assessments on that insurer pursuant to this section.

(4) Beginning December 31 of the first year of operations, and each December 31 thereafter, the board shall adjust the maximum permissible insurer assessments pursuant to this section and Section 10089.30, the maximum permissible authority policyholder assessment pursuant to Section 10089.29, and the maximum permissible bond issuances or other debt financing issued or secured by the Treasurer pursuant to Section 10089.29 to reflect the market share of new insurers entering into the authority as authorized by Sections 10089.15 and 10089.16 and participating insurers withdrawing from the authority as authorized by Section 10089.19. The adjustments shall be made in the same manner as authorized by paragraph (3).

(b) In the case of any insurer assessment, the authority shall cause to be sent to each participating insurer a notice of that insurer's assessment, and full payment shall be due within 30 days and shall be overdue after 30 days. Penalties and interest shall be assessed for late payments in the same manner as provided for late payments of the insurer gross premium tax pursuant to Section 12258 of the Revenue and Taxation Code. The board may waive the penalties and interest for good cause shown. The board shall make every effort to assess insurers only for funds reasonably anticipated to be necessary for claims payments and to return the authority's available capital to three hundred fifty million dollars ($350,000,000).

(c) Notwithstanding the other provisions of this section, the aggregate assessment authorized by this section shall be reduced to zero 12 years following the commencement of authority operations.

(d) The authority shall not assess a participating insurer under this section based on any insurance business that is attributable to the insurer selling additional insurance products that supplement or augment the basic residential earthquake insurance provided by the authority.

SEC. 4. Section 10089.24 is added to the Insurance Code, to read:

10089.24. (a) Notwithstanding any other provision of this chapter, the maximum permissible assessment pursuant to Section 10089.23 of a participating insurer that began renewing business into the authority less than 12 months prior to the date of the assessment shall be based on the residential earthquake market share of business actually placed into the authority by the insurer as of the date of the assessment.

(b) Notwithstanding any other provision of this chapter, the maximum permissible assessments pursuant to Section 10089.23 that are permitted for all participating insurers not covered by subdivision (a) shall not be modified to reflect the addition of a new participating insurer until 12 months after that insurer has begun renewing business into the authority.

SEC. 5. Section 10089.25 of the Insurance Code is amended to read:

10089.25. Beginning December 31, 1997, and annually thereafter on the 30th of April, the board shall notify each participating insurer of the maximum earthquake loss funding assessment level that it may be required to meet.

SEC. 6. Section 10089.26 of the Insurance Code is amended to read:

10089.26. (a) The authority shall issue policies of basic residential earthquake insurance, including earthquake loss assessment policies for individual condominium unit properties, to any owner of a qualifying residential property, as long as the owner has secured a policy of residential property insurance from a participating insurer.

(1) For purposes of this section, earthquake loss assessment coverage shall be issued in a minimum amount of fifty thousand dollars ($50,000) for individual condominium units valued at more than one hundred thirty-five thousand dollars ($135,000). Earthquake loss assessment coverage shall be issued in a minimum amount of twenty-five thousand dollars ($25,000) for individual condominium units of one hundred thirty-five thousand dollars ($135,000) in value or less. The value of the land shall be excluded when determining the value of the condominium, as it relates to the earthquake loss assessment coverage offered by the authority.

(2) The panel shall submit to the board, and the board shall approve, rates for earthquake loss assessment coverage that reasonably balance the earthquake loss assessment coverages offered and the potential exposure to earthquake loss resulting from an earthquake loss assessment policy as compared to the coverages

offered and the potential exposure to earthquake loss resulting from residential property other than individual condominium policies.

It is the intent of the Legislature, to the extent practicable, that rates charged by the authority to condominium loss assessment policyholders and residential property owner policyholders are treated equitably, and that a proportionate share of premiums is paid for potential exposure to loss, to the authority.

(b) Nothing in this section shall prohibit a participating or nonparticipating insurer from offering a condominium earthquake loss assessment policy for different amounts of coverage other than those offered by the authority.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to make certain modifications as soon as possible that are necessary for the efficient operation of the California Earthquake Authority and the continued availability of earthquake insurance to California homeowners, it is necessary that this act take effect immediately.

Dealers whose place of business is in a jurisdiction that has adopted an inspection program to ensure compliance with firearms law shall be exempt from that portion of the department's fee that relates to the cost of inspections. The applicant is responsible for providing evidence to the department that the jurisdiction in which the business is located has the inspection program.

(g) The Department of Justice shall maintain and make available upon request information concerning the number of inspections conducted and the amount of fees collected pursuant to subdivision (f), a listing of exempted jurisdictions, as defined in subdivision (f), the number of dealers removed from the centralized list defined in subdivision (e), and the number of dealers found to have violated this article with knowledge or gross negligence.

(h) Paragraph (14) or (15) of subdivision (b) shall not apply to a licensee organized as a nonprofit public benefit or mutual benefit corporation organized pursuant to Part 2 (commencing with Section 5110) or Part 3 (commencing with Section 7110) of Division 2 of the Corporations Code, if both of the following conditions are satisfied:

(1) The nonprofit public benefit or mutual benefit corporation obtained the dealer's license solely and exclusively to assist that corporation or local chapters of that corporation in conducting auctions or similar events at which firearms are auctioned off to fund the activities of that corporation or the local chapters of the corporation.

(2) The firearms are not pistols, revolvers, or other firearms capable of being concealed upon the person.

SEC. 3. Section 2 of this bill incorporates amendments to Section 12071 of the Penal Code proposed by both this bill and SB 63. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1999, (2) each bill amends Section 12071 of the Penal Code, and (3) this bill is enacted after SB 63, in which case Section 1 of this bill shall not become operative.

CHAPTER 269

An act to amend Sections 1764.1 and 1765.1 of, and to add Section 47 to, the Insurance Code, relating to surplus line insurance brokers.

[Approved by Governor August 10, 1998. Filed with Secretary of State August 10, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 47 is added to the Insurance Code, to read:

47. "Surplus line broker" means a person licensed under Section 1765 and authorized to do business under Chapter 6 (commencing with Section 1760) of Part 2 of Division 1.

SEC. 2. Section 1764.1 of the Insurance Code is amended to read:

1764.1. (a) (1) Every nonadmitted insurer, in the case of insurance to be purchased by a resident of this state pursuant to Section 1760, and surplus line broker, in the case of any insurance with a nonadmitted carrier to be transacted by the surplus line broker, shall be responsible to ensure that, at the time of accepting an application for any insurance policy, other than a renewal of that policy, issued by a nonadmitted insurer, the signature of the applicant on the disclosure statement set forth in subdivision (b) is obtained. In fulfillment of this responsibility, the nonadmitted insurer and the surplus line broker may rely, if it is reasonable under all the circumstances to do so, on the disclosure statement received from any licensee involved in the transaction as prima facie evidence that the disclosure statement and appropriate signature from the applicant have been obtained. The surplus line broker shall maintain a copy of the signed disclosure statement in his or her records for a period of at least five years. These records shall be made available to the commissioner and the insured upon request. This disclosure shall be signed by the applicant, and is not subject to any limited power of attorney agreement between the applicant and an agent or broker, or a surplus line broker. The disclosure statement shall be in boldface 16-point type on a freestanding document. In addition, every policy issued by a nonadmitted insurer and every certificate evidencing the placement of insurance shall contain, or have affixed to it by the

insurer or surplus line broker, the disclosure statement set forth in subdivision (b) in boldface 16-point type on the front page of the policy.

(2) In any case where the applicant has not received and completed the signed disclosure form required by this section, he or she may cancel the insurance so placed. The cancellation shall be on a pro rata basis as to premium, and the applicant shall be entitled to the return of any broker's fees charged for the placement.

(b) The following notice shall be provided to policyholders and applicants for insurance as provided by subdivision (a), and shall be printed in English and in the language principally used by the surplus line broker and nonadmitted insurer to advertise, solicit, or negotiate the sale and purchase of surplus line insurance. The surplus line broker and nonadmitted insurer shall use the appropriate bracketed language for application and issued policy disclosures:

"NOTICE:

1. THE INSURANCE POLICY THAT YOU [HAVE PURCHASED] [ARE APPLYING TO PURCHASE] IS BEING ISSUED BY AN INSURER THAT IS NOT LICENSED BY THE STATE OF CALIFORNIA. THESE COMPANIES ARE CALLED "NONADMITTED" OR "SURPLUS LINE" INSURERS.

2. THE INSURER IS NOT SUBJECT TO THE FINANCIAL SOLVENCY REGULATION AND ENFORCEMENT WHICH APPLIES TO CALIFORNIA LICENSED INSURERS.

3. THE INSURER DOES NOT PARTICIPATE IN ANY OF THE INSURANCE GUARANTEE FUNDS CREATED BY CALIFORNIA LAW. THEREFORE, THESE FUNDS WILL NOT PAY YOUR CLAIMS OR PROTECT YOUR ASSETS IF THE INSURER BECOMES INSOLVENT AND IS UNABLE TO MAKE PAYMENTS AS PROMISED.

4. CALIFORNIA MAINTAINS A LIST OF ELIGIBLE SURPLUS LINE INSURERS APPROVED BY THE INSURANCE COMMISSIONER. ASK YOUR AGENT OR BROKER IF THE INSURER IS ON THAT LIST.

5. FOR ADDITIONAL INFORMATION ABOUT THE INSURER YOU SHOULD ASK QUESTIONS OF YOUR INSURANCE AGENT, BROKER, OR "SURPLUS LINE" BROKER OR CONTACT THE CALIFORNIA DEPARTMENT OF INSURANCE, AT THE FOLLOWING TOLL-FREE TELEPHONE NUMBER: _____."

(c) When a contract is issued to an industrial insured neither the nonadmitted insurer nor the surplus line broker is required to provide the notice required in this section except on the confirmation of insurance, the certificate of placement, or the policy, whichever is first provided to the insured, nor is the insurer or surplus line broker required to obtain the insured's signature. The producer shall ensure

that the notice affixed to the confirmation of insurance, certificate of placement, or the policy is provided to the insured. The producer shall insert the current toll-free telephone number of the Department of Insurance as provided in paragraph 4 of the notice.

(1) An industrial insured is an insured:

(A) Which employs at least 25 employees on average during the prior 12 months; and

(B) Which has aggregate annual premiums for insurance for all risks other than workers' compensation and health coverage totaling no less than twenty-five thousand dollars ($25,000); or

(C) Which obtains insurance through the services of a full-time employee acting as an insurance manager or a continuously retained insurance consultant. A "continuously retained insurance consultant" does not include: (i) Any agent or broker through whom the insurance is being placed, (ii) any subagent or subproducer involved in the transaction, or (iii) any agent or broker which is a business organization employing or contracting with any person mentioned in clauses (i) and (ii).

(2) The surplus line broker shall be responsible to ensure that the applicant is an industrial insured. A surplus line broker who reasonably relies on information provided in good faith by the applicant, whether directly or through the producer, shall be deemed to be in compliance with this requirement.

(d) For purposes of compliance with the requirement of subdivision (a) that the signature of the applicant be obtained, the following shall apply:

(1) Where the insurance transaction is not conducted at an in-person, face-to-face meeting, the applicant's signature on the disclosure form may be transmitted by the applicant to the agent or broker via facsimile or comparable electronic transmittal.

(2) In the case of commercial insurance coverages, where an applicant requires that insurance coverage be bound immediately, either because existing coverage will lapse within two business days of the time the insurance is bound or because the applicant is required to have coverage in place within two business days, and the applicant cannot meet in person with the agent or broker to sign the disclosure form, the agent or broker may obtain the signature of the applicant within five days of binding coverage, provided that the applicant may cancel the insurance so placed within five days of receiving the disclosure form from the agent or broker. The cancellation shall be on a pro rata basis, and the applicant shall be entitled to the rescission or return of any broker's fees charged for the placement.

(e) Notwithstanding subdivision (a), this section shall not apply to insurance issued or delivered in this state by a nonadmitted Mexican insurer by and through a surplus line broker affording coverage exclusively in the Republic of Mexico on property located

temporarily or permanently in, or operations conducted temporarily or permanently within, the Republic of Mexico.

SEC. 3. Section 1765.1 of the Insurance Code is amended to read:

1765.1. No surplus line broker shall place any coverage with a nonadmitted insurer unless the insurer is domiciled in the Republic of Mexico and the placement covers only liability arising out of the ownership, maintenance, or use of a motor vehicle, aircraft, or boat in the Republic of Mexico, or, at the time of placement, the nonadmitted insurer:

(a) (1) Has established its financial stability, reputation, and integrity, for the class of insurance the broker proposes to place, by satisfactory evidence submitted to the commissioner through a surplus line broker.

(2) (A) Has capital and surplus that together total at least fifteen million dollars ($15,000,000). "Capital" shall be as defined in Section 36. "Surplus" shall be defined as assets exceeding the sum of liabilities for losses reported, expenses, taxes, and all other indebtedness and reinsurance of outstanding risks as provided by law and paid-in capital in the case of an insurer issuing or having outstanding shares of capital stock. The type of assets to be used in calculating capital and surplus shall be as follows: at least fifteen million dollars ($15,000,000) shall be in the form of cash, or securities of the same character and quality as specified in Sections 1170 to 1182, inclusive, or in readily marketable securities listed on regulated United States' national or principal regional securities exchanges. The remaining assets shall be in the form just described, or in the form of investments of substantially the same character and quality as described in Sections 1190 to 1202, inclusive. In calculating capital and surplus under this section, the term "same character and quality" shall permit, but not require, the commissioner to approve assets maintained in accordance with the laws of another state or country. The commissioner shall be guided by any limitations, restrictions, or other requirements of this code or the National Association of Insurance Commissioners' Accounting Practices and Procedures Manual in determining whether assets substantially similar to those described in Sections 1190 to 1202, inclusive, qualify. The commissioner shall retain the discretion to disapprove or disallow any asset that is not of a sound quality, or that he or she deems to create an unacceptable risk of loss to the insurer or to policyholders. Securities specifically valued by the National Association of Insurance Commissioners Securities Valuation Office shall be presumed readily marketable absent evidence to the contrary. Letters of credit will not qualify as assets in the calculation of surplus. If less than fifteen million dollars ($15,000,000), the commissioner has affirmatively found that the capital and surplus is adequate to protect California policyholders. The commissioner shall consider, on determining whether to make this finding, factors such as quality of management, the capital and surplus of any parent company, the underwriting profit and

investment income trends, and the record of claims payment and claims handling practices of the nonadmitted insurer, or

(B) In the case of an "Insurance Exchange" created and authorized under the laws of individual states, maintains capital and surplus of not less than fifty million dollars ($50,000,000) in the aggregate. "Capital" shall be as defined in Section 36. "Surplus" shall be defined as assets exceeding the sum of liabilities for losses reported, expenses, taxes, and all other indebtedness and reinsurance of outstanding risks as provided by law and paid-in capital in the case of an insurer issuing or having outstanding shares of capital stock. The type of assets to be used in calculating capital and surplus shall be as follows: at least fifteen million dollars ($15,000,000) shall be in the form of cash, or securities of the same character and quality as specified in Sections 1170 to 1182, inclusive, or in readily marketable securities listed on regulated United States' national or principal regional securities exchanges. The remaining assets shall be in the form just described, or in the form of investments of substantially the same character and quality as described in Sections 1190 to 1202, inclusive. In calculating capital and surplus under this section, the term "same character and quality" shall permit, but not require, the commissioner to approve assets maintained in accordance with the laws of another state or country. The commissioner shall be guided by any limitations, restrictions, or other requirements of this code or the National Association of Insurance Commissioners' Accounting Practices and Procedures Manual in determining whether assets substantially similar to those described in Sections 1190 to 1202, inclusive, qualify. The commissioner shall retain the discretion to disapprove or disallow any asset that is not of a sound quality, or that he or she deems to create an unacceptable risk of loss to the insurer or to policyholders. Securities specifically valued by the National Association of Insurance Commissioners Securities Valuation Office shall be presumed readily marketable absent evidence to the contrary. Letters of credit will not qualify as assets in the calculation of surplus. In the case of an Insurance Exchange which maintains funds for the protection of all Insurance Exchange policyholders, each individual syndicate seeking to accept surplus line placements of risks resident, located or to be performed in this state shall maintain minimum capital and surplus of not less than six million four hundred thousand dollars ($6,400,000). Each individual syndicate shall increase the capital and surplus required by this paragraph by one million dollars ($1,000,000) each year until it attains a capital and surplus of fifteen million dollars ($15,000,000). In the case of Insurance Exchanges which do not maintain funds for the protection of all Insurance Exchange policyholders, each individual syndicate seeking to accept surplus line placement of risks resident, located or to be performed in this state shall meet the capital and surplus requirements of subparagraph (A) of this paragraph.

(C) In the case of a syndicate that is part of a group consisting of incorporated individual insurers, or a combination of both incorporated and unincorporated insurers, that at all times maintains a trust fund of not less than one hundred million dollars ($100,000,000) in a qualified United States financial institution as security to the full amount thereof for the United States surplus line policyholders and beneficiaries of direct policies of the group, including all policyholders and beneficiaries of direct policies of the syndicate, and the full balance in the trust fund is available to satisfy the liabilities of each member of the group of those syndicates, incorporated individual insurers or other unincorporated insurers, without regard to their individual contributions to that trust fund, and the trust complies with the terms of and conditions specified in paragraph (1) of subdivision (b), the syndicate is excepted from the capital and surplus requirements of subparagraph (A) of paragraph (2). The incorporated members of the group shall not be engaged in any business other than underwriting as a member of the group and shall be subject to the same level of solvency regulation and control by the group's domiciliary regulator as are the unincorporated members.

(b) (1) In addition, to be eligible as a surplus line insurer, an insurer not domiciled in one of the United States or its territories shall have in force in the United States an irrevocable trust account in a qualified United States financial institution, for the protection of United States policyholders, of not less than five million four hundred thousand dollars ($5,400,000) and consisting of cash, securities acceptable to the commissioner which are authorized pursuant to Sections 1170 to 1182, inclusive, readily marketable securities acceptable to the commissioner which are listed on a regulated United States national or principal regional security exchange, or clean and irrevocable letters of credit acceptable to the commissioner and issued by a qualified United States financial institution. The trust agreement shall be in a form acceptable to the commissioner. The funds in the trust account may be included in any calculation of capital and surplus, except letters of credit, which shall not be included in any calculation.

(2) In the case of a syndicate seeking eligibility under subparagraph (C) of paragraph (2) of subdivision (a), the syndicate shall, in addition to the requirements of that subparagraph, at a minimum, maintain in the United States a trust account in an amount satisfactory to the commissioner that is not less than the amount required by the domiciliary state of the syndicate's trust. The trust account shall comply with the terms and conditions specified in paragraph (1) of subdivision (b).

(3) In the case of a group of incorporated insurers under common administration that maintains a trust fund of not less than one hundred million dollars ($100,000,000) in a qualified United States financial institution for the payment of claims of its United States

policyholders, their assigns, or successors in interest and that complies with the terms and conditions of paragraph (1) that has continuously transacted an insurance business outside the United States for at least three years, that is in good standing with its domiciliary regulator, whose individual insurer members maintain standards and financial condition reasonably comparable to admitted insurers, that submits to this state's authority to examine its books and bears the expense of examination, and that has an aggregate policyholder surplus of ten billion dollars ($10,000,000,000), the group is excepted from the capital and surplus requirements of subdivision (a).

(c) Has caused to be provided to the commissioner the following documents:

(1) The financial documents as specified below, each showing the insurer's condition as of a date not more than 12 months prior to submission:

(A) A copy of an annual statement, prepared in the form prescribed by the NAIC. For an alien insurer, in lieu of an annual statement, a licensee may submit a form as set forth by regulation and as prepared by the insurer, and, if listed by the IID, a copy of the complete information as required in the application for listing by the IID.

(B) A copy of an audited financial report on the insurer's condition that meets the standards of paragraph (D) for foreign insurers or paragraph (E) for alien insurers.

(C) If the insurer is an alien:

(i) A certified copy of the trust agreement referenced in subdivision (b).

(ii) A verified copy of the most recent quarterly statement or list of the assets in the trust.

(D) Financial reports filed pursuant to this section by foreign insurers shall conform to the following standards:

(i) Financial documents shall be certified.

(ii) An audited financial report shall constitute a supplement to the insurer's annual statement, as required by the annual statement instructions issued by the NAIC.

(iii) An audited financial report shall be prepared by an independent certified public accountant or accounting firm in good standing with the American Institute of Certified Public Accountants and in all states where licensed to practice; and be prepared in conformity with statutory accounting practices prescribed, or otherwise permitted, by the insurance regulator of the insurer's domiciliary jurisdiction.

(iv) An audited financial report shall include information on the insurer's financial position as of the end of the most recent calendar year, and the results of its operations, cash-flows, and changes in capital and surplus for the year then ended.

(v) An audited financial report shall be prepared in a form and using language and groupings substantially the same as the relevant sections of the insurer's annual statement filed with its domiciliary jurisdiction, and presenting comparatively the amounts as of December 31 of the most recent calendar year and the amounts as of December 31 of the preceding year.

(E) Financial reports filed pursuant to this section by alien insurers shall conform to the following standards:

(i) Except as provided in clause (ii) of subparagraph (C), financial documents should be certified, if certification of a financial document is not available, the document shall be verified.

(ii) Financial documents should be expressed in United States dollars, but may be expressed in another currency, if the exchange rate for the other currency as of the date of the document is also provided.

(iii) The responses provided pursuant to subparagraph (A) of paragraph (1) on the form submitted in lieu of an annual statement should follow the most recent ISI Guide to Alien Reporting Format, "Standard Definitions of Accounting Items." Responses that do not agree with a standard definition shall be fully explained in the form.

(iv) An audited financial report shall be prepared by an independent licensed auditor in the insurer's domiciliary jurisdiction or in any state.

(v) An audited financial report shall be prepared in accord with either (I) Generally Accepted Auditing Standards that prescribe Generally Accepted Accounting Principles, or (II) International Accounting Standards as published and revised from time to time by the International Auditing Guidelines published by the International Auditing Practice Committee of the International Federation of Accountants; and shall include financial statement notes and a summary of significant accounting practices.

(F) The commissioner may accept, in lieu of a document described above, any certified or verified financial or regulatory document, statement, or report if the commissioner finds that it possesses reliability and financial detail substantially equal to or greater than the document for which it is proposed to be a substitute.

(G) If one of the financial documents required to be submitted under subparagraphs (A) and (B) is dated within 12 months of submission, but the other document is not so dated, the licensee may use the outdated document if it is accompanied by a supplement. The supplement must meet the same requirements which apply to the supplemented document, and must update the outdated document to a date within the prescribed time period, preferably to the same date as the nonsupplemented document.

(2) A certified copy of the insurer's license issued by its domiciliary jurisdiction, plus a certification of good standing, certificate of compliance, or other equivalent certificate, from either

that jurisdiction or, if the jurisdiction issues no certificates, from any state where it is licensed.

(3) Information on the insurer's agent in California for service of process, including the agent's full name and address. The agent's address must include a street address where the agent can be reached during normal business hours.

(4) The complete street address, mailing address, and telephone number of the insurer's principal place of business.

(5) A certified or verified explanation, report, or other statement, from the insurance regulatory office or official of the insurer's domiciliary jurisdiction, concerning the insurer's record regarding market conduct and consumer complaints; or, if that information cannot be obtained from that jurisdiction, then any other information that the licensee can procure to demonstrate a good reputation for payment of claims and treatment of policyholders.

(6) A verified statement, from the insurer or licensee, on whether the insurer or any affiliated entity is currently known to be the subject of any order or proceeding regarding conservation, liquidation, or other receivership; or regarding revocation or suspension of a license to transact insurance in any jurisdiction; or otherwise seeking to stop the insurer from transacting insurance in any jurisdiction. The statement shall identify the proceeding by date, jurisdiction, and relief or sanction sought; and shall attach a copy of the relevant order.

(7) A certified copy of the most recent report of examination or an explanation if the report is not available.

(d) (1) Has provided any additional information or documentation required by the commissioner which is relevant to the financial stability, reputation, and integrity of the nonadmitted insurer. In making a determination concerning financial stability, reputation, and integrity of the nonadmitted insurer, the commissioner shall consider any analysis, findings, or conclusion made by the National Association of Insurance Commissioners (NAIC) in its review of the insurer for purposes of inclusion on or exclusion from the list of authorized nonadmitted insurers maintained by the NAIC. The commissioner may, but shall not be required to, rely on, adopt, or otherwise accept any analyses, findings, or conclusions of the NAIC, as the commissioner deems appropriate. In the case of a syndicate seeking eligibility under subparagraph (C) of paragraph (2) of subdivision (a), the commissioner may, but shall not be required to, rely on, adopt, or otherwise accept any analyses, findings, or conclusions of any state, as the commissioner deems appropriate, as long as that state, in its method of regulation and review, meets the requirements of paragraph (2).

(2) The regulatory body of the state shall regularly receive and review the following: (A) an audited financial statement of the syndicate, prepared by a certified or chartered public accountant; (B) an opinion of a qualified actuary with regard to the syndicate's

aggregate reserves for payment of losses or claims and payment of expenses of adjustment or settlement of losses or claims; (C) a certification from the qualified United States financial institution that acts as the syndicate's trustee, respecting the existence and value of the syndicate's trust fund; and (D) information concerning the syndicate's or its manager's operating history, business plan, ownership and control, experience and ability, together with any other pertinent factors, and any information indicating that the syndicate or its manager make reasonably prompt payment of claims in this state or elsewhere. The regulatory body of the state shall have the authority, either by law or through the operation of a valid and enforceable agreement, to review the syndicate's assets and liabilities and audit the syndicate's trust account, and shall exercise that authority with a frequency and in a manner satisfactory to the commissioner.

(e) Has established that:

(1) All documents required by subdivisions (c) and (d) have been filed. Each of the documents appear after review to be complete, clear, comprehensible, unambiguous, accurate, and consistent.

(2) The documents affirm that the insurer is not subject in any jurisdiction to an order or proceeding that:

(A) Seeks to stop it from transacting insurance.

(B) Relates to conservation, liquidation, or other receivership.

(C) Relates to revocation or suspension of its license.

(3) The documents affirm that the insurer has actively transacted insurance for the three years immediately preceding the filing made under this section, unless an exemption is granted. As used in this paragraph, "insurer" does not include a syndicate of underwriting entities. The commissioner may grant an exemption if the licensee has applied for exemption and demonstrates either of the following:

(A) The insurer meets the condition for any exception set forth in subdivision (a), (b), or (c) of Section 716.

(B) If the insurer has been actively transacting insurance for at least 12 months, and the licensee demonstrates that the exemption is warranted because the insurer's current financial strength, operating history, business plan, ownership and control, management experience, and ability, together with any other pertinent factors, make three years of active insurance transaction unnecessary to establish sufficient reputation.

(4) The documents confirm that the insurer holds a license to issue insurance policies (other than reinsurance) to residents of the jurisdiction that granted the license unless an exemption is granted. The commissioner may grant an exemption if the licensee has applied for an exemption and demonstrates that the exemption is warranted because the insurer proposes to issue in California only commercial coverage, and is wholly owned and actually controlled by substantial and knowledgeable business enterprises that are its

policyholders and that effectively govern the insurer's destiny in furtherance of their own business objectives.

(5) The information filed pursuant to paragraph (5) of subdivision (c) or otherwise filed with or available to the commissioner, including reports received from California policyholders, shall indicate that the insurer makes reasonably prompt payment of claims in this state or elsewhere.

(6) The information available to the commissioner shall not indicate that the insurer offers in California a licensee products or rates that violate any provision of this code.

(f) Has been placed on the list of eligible surplus line insurers by the commissioner. The commissioner shall establish a list of all surplus line insurers that have met the requirements of subdivisions (a) to (e), inclusive, and shall publish a master list at least semiannually. Any insurer receiving approval as an eligible surplus line insurer shall be added by addendum to the list at the time of approval, and shall be incorporated into the master list at the next date of publication. If an insurer appears on the most recent list, it shall be presumed that the insurer is an eligible surplus line insurer, unless the commissioner or his or her designee has mailed or causes to be mailed notice to all surplus line brokers and special lines' surplus line brokers that the commissioner has withdrawn the insurer's eligibility. Upon receipt of notice, the surplus line broker or special lines' surplus line broker shall make no further placements with the insurer. Nothing in this subdivision shall limit the commissioner's discretion to withdraw an insurer's eligibility.

(g) (1) Except as provided by paragraph (2), whenever the commissioner has reasonable cause to believe, and determines after a public hearing, that any insurer on the list established pursuant to subdivision (f), (A) is in an unsound financial condition, (B) does not meet the eligibility requirements under subdivisions (a) to (e), inclusive, (C) has violated the laws of this state, or (D) without justification, or with a frequency so as to indicate a general business practice, delays the payment of just claims, the commissioner may issue an order removing the insurer from the list. Notice of hearing shall be served upon the insurer or its agent for service of process stating the time and place of the hearing and the conduct, condition, or ground upon which the commissioner would make his or her order. The hearing shall occur not less than 20 days, nor more than 30 days after notice is served upon the insurer or its agent for service of process.

(2) If the commissioner determines that an insurer's immediate removal from the list is necessary to protect the public or an insured or prospective insured of the insurer, or, in the case of an application by an insurer to be placed on the list which is being denied by the commissioner, the commissioner may issue an order pursuant to paragraph (1) without prior notice and hearing. At the time an order is served pursuant to this paragraph to an insurer on the list, the

commissioner shall also issue and serve upon the insurer a statement of the reasons that immediate removal is necessary. Any order issued pursuant to this paragraph shall include a notice stating the time and place of a hearing on the order, which shall be not less than 20 days, nor more than 30 days after the notice is served.

(3) Notwithstanding paragraphs (1) and (2), in any case where the commissioner is basing a decision to remove an insurer from the list, or deny an application to be placed on the list, on the failure of the insurer or applicant to comply with, meet or maintain any of the objective criteria established by this section, or by regulation adopted pursuant to this section, the commissioner may so specify this fact in the order, and no hearing shall be required to be held on the order.

(4) Notwithstanding paragraphs (1) and (2), the commissioner may, without prior notice or hearing, remove from the list established pursuant to subdivision (f) any insurer which has failed or refused to timely provide documents required by this section, or any regulations adopted to implement this section. In the case of removal pursuant to this paragraph, the commissioner shall notify all surplus line brokers and special lines' surplus line brokers of the action.

(h) In addition to any other statements or reports required by this chapter, the commissioner may also address to any licensee a written request for full and complete information respecting the financial stability, reputation and integrity of any nonadmitted insurer with whom the licensee has dealt or proposes to deal in the transaction of insurance business. The licensee so addressed shall promptly furnish in written or printed form so much of the information requested as he or she can produce together with a signed statement identifying the same and giving reasons for omissions, if any. After due examination of the information and accompanying statement, the commissioner may, if he or she believes it to be in the public interest, order the licensee in writing to place no further insurance business on property located or operations conducted within or on the lives of persons who are residents of this state with the nonadmitted insurer on behalf of any person. Any placement in the nonadmitted insurer made by a licensee after receipt of that order is a violation of this chapter. The commissioner may issue an order when documents submitted pursuant to subdivisions (c) and (d) do not meet the criteria of subdivisions (a) to (e), inclusive, or when the commissioner obtains documents on an insurer and the insurer does not meet the criteria of subdivisions (a) to (e), inclusive.

(i) The commissioner shall require, at least annually, the submission of records and statements as are reasonably necessary to ensure that the requirements of this section are maintained.

(j) The commissioner shall establish by regulation a schedule of fees to cover costs of administering and enforcing this chapter.

(k) (1) Insurance may be placed on a limited basis with insurers not on the list established pursuant to this section if all of the following conditions are met:

(A) The use of multiple insurers is necessary to obtain coverage for 100 percent of the risk.

(B) At least 80 percent of the risk is placed with admitted insurers or insurers that appear on the list of eligible nonadmitted insurers.

(C) The placing surplus line broker submits to the commissioner, or his or her designee, copies of all documentation relied upon by the surplus line broker to make the broker's determination that the financial stability, reputation, and integrity of the unlisted insurer or insurers, are adequate to safeguard the interest of the insured under the policy. This documentation, and any other documentation regarding the unlisted insurer requested by the commissioner, shall be submitted no more than 30 days after the insurance is placed with the unlisted insurer for the initial placement by that broker with the particular unlisted insurer, and annually thereafter for as long as the broker continues to make placements with the unlisted insurer pursuant to this paragraph.

(D) The insured has aggregate annual premiums for all risks other than workers' compensation or health coverage totaling no less than one hundred thousand dollars ($100,000).

(2) Insurance may not be placed pursuant to paragraph (1) if any of the following applies:

(A) The unlisted insurer has for any reason been objected to by the commissioner pursuant to Section 1765.1, removed from the list, or denied placement on the list.

(B) The insurance includes coverage for employer-sponsored medical, surgical, hospital, or other health or medical expense benefits payable to the employee by the insurer.

(C) The insurance is mandatory under the laws of the federal government, this state, or any political subdivision thereof, and includes any portion of limits of coverage mandated by those laws.

(D) The insured is a multiple employer welfare arrangement, as defined in Section 1002(40)(A) of Title 29 of the United States Code, or any other arrangement among two or more employers that are not under common ownership or control, which is established or maintained for the primary purpose of providing insurance benefits to the employees of two or more employers.

(E) Unlisted insurers represent a disproportionate portion of the lower layers of the coverage.

(3) Nothing in this section is intended to alter any duties of a surplus line broker pursuant to subdivision (b) of Section 1765 or other laws of this state to safeguard the interests of the insured under the policy in recommending or placing insurance with a nonadmitted insurer.

(4) Placements authorized by this subdivision are intended to provide sophisticated insurance purchasers with a means to obtain necessary commercial insurance coverage from nonadmitted insurers not listed by the commissioner in situations where it is not commercially possible to fully obtain that coverage from either

admitted or listed insurers. This subdivision shall not be deemed to permit surplus line brokers to place with nonadmitted insurers common commercial or personal line coverages for insureds that can be placed with insurers that are admitted or listed pursuant to this section, whether the insured is an individual insured, or a group created primarily for the purpose of purchasing insurance.

(*l*) As used in this section:

(1) "Certified" means an originally signed or sealed statement, dated not more than 60 days before submission, made by a public official or other person, attached to a copy of a document, that attests that the copy is a true copy of the original, and that the original is in the custody of the person making the statement.

(2) "Domiciliary jurisdiction" means the state, nation, or subdivision thereof under the laws of which an insurer is incorporated or otherwise organized.

(3) "Domiciliary state of the syndicate's trust" means the state in which the syndicate's trust fund is principally maintained and administered for the benefit of the syndicate's policyholders in the United States.

(4) "IID" means the International Insurers Department.

(5) "Insurer" means (unless the context indicates otherwise) "nonadmitted" insurers that are either "foreign" or "alien" insurers, as those terms are defined in Sections 25, 27, and 1580, and syndicates whose members consist of individual incorporated insurers who are not engaged in any business other than underwriting as a member of the group and individual unincorporated insurers, provided all the members are subject to the same level of solvency regulation and control by the group's domiciliary regulator. The term "insurer" includes all nonadmitted insurers selling insurance to or through purchasing groups as defined in the Liability Risk Retention Act of 1986 (15 U.S.C. Sec. 3901 et seq.) and the California Risk Retention Act of 1990 (Chapter 1.5 (commencing with Section 125) of Part 1 of Division 1), except insurers that are risk retention groups as defined by those acts.

(6) "ISI" means Insurance Solvency International.

(7) "Licensee" means a surplus line broker as defined in Section 47.

(8) "NAIC" means the National Association of Insurance Commissioners or its successor organization.

(9) "NAIIO" means the Nonadmitted Alien Insurer Information Office of the NAIC or its successor office.

(10) "State" means any state of the United States; the District of Columbia; a commonwealth, or a territory.

(11) "Verified" means a document or copy accompanied by an originally signed statement, dated not more than 60 days before submission, from a responsible executive or official who has authority to provide the statement and knowledge whereof he or she speaks, attesting either under oath before a notary public, or under penalty

of perjury under California law, that the assertions made in the document are true.

(m) With respect to a nonadmitted insurer that is listed as an authorized surplus line insurer as of December 31, 1994, pursuant to Sections 2174.1 to 2174.14, inclusive, of Title 10 of the California Code of Regulations, this section shall not be effective until the subsequent expiration of the listing of that insurer. Nothing in the bill that amended this section during the 1994 portion of the 1993–94 Regular Session is intended to repeal or imply there is not authority to adopt, or to have adopted, or to continue in force, any regulation, or part thereof, with respect to surplus line insurance which is not clearly inconsistent with it.

SEC. 4. Section 1765.1 of the Insurance Code is amended to read:

1765.1. No surplus line broker shall place any coverage with a nonadmitted insurer unless the insurer is domiciled in the Republic of Mexico and the placement covers only liability arising out of the ownership, maintenance, or use of a motor vehicle, aircraft, or boat in the Republic of Mexico, or, at the time of placement, the nonadmitted insurer:

(a) (1) Has established its financial stability, reputation, and integrity, for the class of insurance the broker proposes to place, by satisfactory evidence submitted to the commissioner through a surplus line broker.

(2) (A) Has capital and surplus that together total at least fifteen million dollars ($15,000,000). "Capital" shall be as defined in Section 36. "Surplus" shall be defined as assets exceeding the sum of liabilities for losses reported, expenses, taxes, and all other indebtedness and reinsurance of outstanding risks as provided by law and paid-in capital in the case of an insurer issuing or having outstanding shares of capital stock. The type of assets to be used in calculating capital and surplus shall be as follows: at least fifteen million dollars ($15,000,000) shall be in the form of cash, or securities of the same character and quality as specified in Sections 1170 to 1182, inclusive, or in readily marketable securities listed on regulated United States' national or principal regional securities exchanges. The remaining assets shall be in the form just described, or in the form of investments of substantially the same character and quality as described in Sections 1190 to 1202, inclusive. In calculating capital and surplus under this section, the term "same character and quality" shall permit, but not require, the commissioner to approve assets maintained in accordance with the laws of another state or country. The commissioner shall be guided by any limitations, restrictions, or other requirements of this code or the National Association of Insurance Commissioners' Accounting Practices and Procedures Manual in determining whether assets substantially similar to those described in Sections 1190 to 1202, inclusive, qualify. The commissioner shall retain the discretion to disapprove or disallow any asset that is not of a sound quality, or that he or she deems to create an unacceptable risk

of loss to the insurer or to policyholders. Securities specifically valued by the National Association of Insurance Commissioners Securities Valuation Office shall be presumed readily marketable absent evidence to the contrary. Letters of credit will not qualify as assets in the calculation of surplus. If less than fifteen million dollars ($15,000,000), the commissioner has affirmatively found that the capital and surplus is adequate to protect California policyholders. The commissioner shall consider, on determining whether to make this finding, factors such as quality of management, the capital and surplus of any parent company, the underwriting profit and investment income trends, and the record of claims payment and claims handling practices of the nonadmitted insurer, or

(B) In the case of an "Insurance Exchange" created and authorized under the laws of individual states, maintains capital and surplus of not less than fifty million dollars ($50,000,000) in the aggregate. "Capital" shall be as defined in Section 36. "Surplus" shall be defined as assets exceeding the sum of liabilities for losses reported, expenses, taxes, and all other indebtedness and reinsurance of outstanding risks as provided by law and paid-in capital in the case of an insurer issuing or having outstanding shares of capital stock. The type of assets to be used in calculating capital and surplus shall be as follows: at least fifteen million dollars ($15,000,000) shall be in the form of cash, or securities of the same character and quality as specified in Sections 1170 to 1182, inclusive, or in readily marketable securities listed on regulated United States' national or principal regional securities exchanges. The remaining assets shall be in the form just described, or in the form of investments of substantially the same character and quality as described in Sections 1190 to 1202, inclusive. In calculating capital and surplus under this section, the term "same character and quality" shall permit, but not require, the commissioner to approve assets maintained in accordance with the laws of another state or country. The commissioner shall be guided by any limitations, restrictions, or other requirements of this code or the National Association of Insurance Commissioners' Accounting Practices and Procedures Manual in determining whether assets substantially similar to those described in Sections 1190 to 1202, inclusive, qualify. The commissioner shall retain the discretion to disapprove or disallow any asset that is not of a sound quality, or that he or she deems to create an unacceptable risk of loss to the insurer or to policyholders. Securities specifically valued by the National Association of Insurance Commissioners Securities Valuation Office shall be presumed readily marketable absent evidence to the contrary. Letters of credit will not qualify as assets in the calculation of surplus. In the case of an Insurance Exchange which maintains funds for the protection of all Insurance Exchange policyholders, each individual syndicate seeking to accept surplus line placements of risks resident, located or to be performed in this state shall maintain minimum capital and surplus of not less than six million four

hundred thousand dollars ($6,400,000). Each individual syndicate shall increase the capital and surplus required by this paragraph by one million dollars ($1,000,000) each year until it attains a capital and surplus of fifteen million dollars ($15,000,000). In the case of Insurance Exchanges that do not maintain funds for the protection of all Insurance Exchange policyholders, each individual syndicate seeking to accept surplus line placement of risks resident, located or to be performed in this state shall meet the capital and surplus requirements of subparagraph (A) of this paragraph.

(C) In the case of a syndicate that is part of a group consisting of incorporated individual insurers, or a combination of both incorporated and unincorporated insurers, that at all times maintains a trust fund of not less than one hundred million dollars ($100,000,000) in a qualified United States financial institution as security to the full amount thereof for the United States surplus line policyholders and beneficiaries of direct policies of the group, including all policyholders and beneficiaries of direct policies of the syndicate, and the full balance in the trust fund is available to satisfy the liabilities of each member of the group of those syndicates, incorporated individual insurers or other unincorporated insurers, without regard to their individual contributions to that trust fund, and the trust complies with the terms of and conditions specified in paragraph (1) of subdivision (b), the syndicate is excepted from the capital and surplus requirements of subparagraph (A) of paragraph (2). The incorporated members of the group shall not be engaged in any business other than underwriting as a member of the group and shall be subject to the same level of solvency regulation and control by the group's domiciliary regulator as are the unincorporated members.

(b) (1) In addition, to be eligible as a surplus line insurer, an insurer not domiciled in one of the United States or its territories shall have in force in the United States an irrevocable trust account in a qualified United States financial institution, for the protection of United States policyholders, of not less than five million four hundred thousand dollars ($5,400,000) and consisting of cash, securities acceptable to the commissioner that are authorized pursuant to Sections 1170 to 1182, inclusive, readily marketable securities acceptable to the commissioner which are listed on a regulated United States national or principal regional security exchange, or clean and irrevocable letters of credit acceptable to the commissioner and issued by a qualified United States financial institution. The trust agreement shall be in a form acceptable to the commissioner. The funds in the trust account may be included in any calculation of capital and surplus, except letters of credit, which shall not be included in any calculation.

(2) In the case of a syndicate seeking eligibility under subparagraph (C) of paragraph (2) of subdivision (a), the syndicate shall, in addition to the requirements of that subparagraph, at a

minimum, maintain in the United States a trust account in an amount satisfactory to the commissioner that is not less than the amount required by the domiciliary state of the syndicate's trust. The trust account shall comply with the terms and conditions specified in paragraph (1) of subdivision (b).

(3) In the case of a group of incorporated insurers under common administration that maintains a trust fund of not less than one hundred million dollars ($100,000,000) in a qualified United States financial institution for the payment of claims of its United States policyholders, their assigns, or successors in interest and that complies with the terms and conditions of paragraph (1) that has continuously transacted an insurance business outside the United States for at least three years, that is in good standing with its domiciliary regulator, whose individual insurer members maintain standards and financial condition reasonably comparable to admitted insurers, that submits to this state's authority to examine its books and bears the expense of examination, and that has an aggregate policyholder surplus of ten billion dollars ($10,000,000,000), the group is excepted from the capital and surplus requirements of subdivision (a).

(c) Has caused to be provided to the commissioner the following documents:

(1) The financial documents as specified below, each showing the insurer's condition as of a date not more than 12 months prior to submission:

(A) A copy of an annual statement, prepared in the form prescribed by the NAIC. For an alien insurer, in lieu of an annual statement, a licensee may submit a form as set forth by regulation and as prepared by the insurer, and, if listed by the IID, a copy of the complete information as required in the application for listing by the IID.

(B) A copy of an audited financial report on the insurer's condition that meets the standards of subparagraph (D) for foreign insurers or subparagraph (E) for alien insurers.

(C) If the insurer is an alien:

(i) A certified copy of the trust agreement referenced in subdivision (b).

(ii) A verified copy of the most recent quarterly statement or list of the assets in the trust.

(D) Financial reports filed pursuant to this section by foreign insurers shall conform to the following standards:

(i) Financial documents shall be certified.

(ii) An audited financial report shall constitute a supplement to the insurer's annual statement, as required by the annual statement instructions issued by the NAIC.

(iii) An audited financial report shall be prepared by an independent certified public accountant or accounting firm in good standing with the American Institute of Certified Public Accountants

and in all states where licensed to practice; and be prepared in conformity with statutory accounting practices prescribed, or otherwise permitted, by the insurance regulator of the insurer's domiciliary jurisdiction.

(iv) An audited financial report shall include information on the insurer's financial position as of the end of the most recent calendar year, and the results of its operations, cash-flows, and changes in capital and surplus for the year then ended.

(v) An audited financial report shall be prepared in a form and using language and groupings substantially the same as the relevant sections of the insurer's annual statement filed with its domiciliary jurisdiction, and presenting comparatively the amounts as of December 31 of the most recent calendar year and the amounts as of December 31 of the preceding year.

(E) Financial reports filed pursuant to this section by alien insurers shall conform to the following standards:

(i) Except as provided in clause (ii) of subparagraph (C), financial documents should be certified, if certification of a financial document is not available, the document shall be verified.

(ii) Financial documents should be expressed in United States dollars, but may be expressed in another currency, if the exchange rate for the other currency as of the date of the document is also provided.

(iii) The responses provided pursuant to subparagraph (A) of paragraph (1) on the form submitted in lieu of an annual statement should follow the most recent ISI Guide to Alien Reporting Format, "Standard Definitions of Accounting Items." Responses that do not agree with a standard definition shall be fully explained in the form.

(iv) An audited financial report shall be prepared by an independent licensed auditor in the insurer's domiciliary jurisdiction or in any state.

(v) An audited financial report shall be prepared in accord with either (I) Generally Accepted Auditing Standards that prescribe Generally Accepted Accounting Principles, or (II) International Accounting Standards as published and revised from time to time by the International Auditing Guidelines published by the International Auditing Practice Committee of the International Federation of Accountants; and shall include financial statement notes and a summary of significant accounting practices.

(F) The commissioner may accept, in lieu of a document described above, any certified or verified financial or regulatory document, statement, or report if the commissioner finds that it possesses reliability and financial detail substantially equal to or greater than the document for which it is proposed to be a substitute.

(G) If one of the financial documents required to be submitted under subparagraphs (A) and (B) is dated within 12 months of submission, but the other document is not so dated, the licensee may use the outdated document if it is accompanied by a supplement. The

supplement must meet the same requirements which apply to the supplemented document, and must update the outdated document to a date within the prescribed time period, preferably to the same date as the nonsupplemented document.

(2) A certified copy of the insurer's license issued by its domiciliary jurisdiction, plus a certification of good standing, certificate of compliance, or other equivalent certificate, from either that jurisdiction or, if the jurisdiction does not issue those certificates, from any state where it is licensed.

(3) Information on the insurer's agent in California for service of process, including the agent's full name and address. The agent's address must include a street address where the agent can be reached during normal business hours.

(4) The complete street address, mailing address, and telephone number of the insurer's principal place of business.

(5) A certified or verified explanation, report, or other statement, from the insurance regulatory office or official of the insurer's domiciliary jurisdiction, concerning the insurer's record regarding market conduct and consumer complaints; or, if that information cannot be obtained from that jurisdiction, then any other information that the licensee can procure to demonstrate a good reputation for payment of claims and treatment of policyholders.

(6) A verified statement, from the insurer or licensee, on whether the insurer or any affiliated entity is currently known to be the subject of any order or proceeding regarding conservation, liquidation, or other receivership; or regarding revocation or suspension of a license to transact insurance in any jurisdiction; or otherwise seeking to stop the insurer from transacting insurance in any jurisdiction. The statement shall identify the proceeding by date, jurisdiction, and relief or sanction sought; and shall attach a copy of the relevant order.

(7) A certified copy of the most recent report of examination or an explanation if the report is not available.

(d) (1) Has provided any additional information or documentation required by the commissioner that is relevant to the financial stability, reputation, and integrity of the nonadmitted insurer. In making a determination concerning financial stability, reputation, and integrity of the nonadmitted insurer, the commissioner shall consider any analysis, findings, or conclusion made by the National Association of Insurance Commissioners (NAIC) in its review of the insurer for purposes of inclusion on or exclusion from the list of authorized nonadmitted insurers maintained by the NAIC. The commissioner may, but shall not be required to, rely on, adopt, or otherwise accept any analyses, findings, or conclusions of the NAIC, as the commissioner deems appropriate. In the case of a syndicate seeking eligibility under subparagraph (C) of paragraph (2) of subdivision (a), the commissioner may, but shall not be required to, rely on, adopt, or otherwise accept any analyses,

findings, or conclusions of any state, as the commissioner deems appropriate, as long as that state, in its method of regulation and review, meets the requirements of paragraph (2).

(2) The regulatory body of the state shall regularly receive and review the following: (A) an audited financial statement of the syndicate, prepared by a certified or chartered public accountant; (B) an opinion of a qualified actuary with regard to the syndicate's aggregate reserves for payment of losses or claims and payment of expenses of adjustment or settlement of losses or claims; (C) a certification from the qualified United States financial institution that acts as the syndicate's trustee, respecting the existence and value of the syndicate's trust fund; and (D) information concerning the syndicate's or its manager's operating history, business plan, ownership and control, experience and ability, together with any other pertinent factors, and any information indicating that the syndicate or its manager make reasonably prompt payment of claims in this state or elsewhere. The regulatory body of the state shall have the authority, either by law or through the operation of a valid and enforceable agreement, to review the syndicate's assets and liabilities and audit the syndicate's trust account, and shall exercise that authority with a frequency and in a manner satisfactory to the commissioner.

(e) Has established that:

(1) All documents required by subdivisions (c) and (d) have been filed. Each of the documents appear after review to be complete, clear, comprehensible, unambiguous, accurate, and consistent.

(2) The documents affirm that the insurer is not subject in any jurisdiction to an order or proceeding that:

(A) Seeks to stop it from transacting insurance.

(B) Relates to conservation, liquidation, or other receivership.

(C) Relates to revocation or suspension of its license.

(3) The documents affirm that the insurer has actively transacted insurance for the three years immediately preceding the filing made under this section, unless an exemption is granted. As used in this paragraph, "insurer" does not include a syndicate of underwriting entities. The commissioner may grant an exemption if the licensee has applied for exemption and demonstrates either of the following:

(A) The insurer meets the condition for any exception set forth in subdivision (a), (b), or (c) of Section 716.

(B) If the insurer has been actively transacting insurance for at least 12 months, and the licensee demonstrates that the exemption is warranted because the insurer's current financial strength, operating history, business plan, ownership and control, management experience, and ability, together with any other pertinent factors, make three years of active insurance transaction unnecessary to establish sufficient reputation.

(4) The documents confirm that the insurer holds a license to issue insurance policies (other than reinsurance) to residents of the

jurisdiction that granted the license unless an exemption is granted. The commissioner may grant an exemption if the licensee has applied for an exemption and demonstrates that the exemption is warranted because the insurer proposes to issue in California only commercial coverage, and is wholly owned and actually controlled by substantial and knowledgeable business enterprises that are its policyholders and that effectively govern the insurer's destiny in furtherance of their own business objectives.

(5) The information filed pursuant to paragraph (5) of subdivision (c) or otherwise filed with or available to the commissioner, including reports received from California policyholders, shall indicate that the insurer makes reasonably prompt payment of claims in this state or elsewhere.

(6) The information available to the commissioner shall not indicate that the insurer offers in California a licensee products or rates that violate any provision of this code.

(f) Has been placed on the list of eligible surplus line insurers by the commissioner. The commissioner shall establish a list of all surplus line insurers that have met the requirements of subdivisions (a) to (e), inclusive, and shall publish a master list at least semiannually. Any insurer receiving approval as an eligible surplus line insurer shall be added by addendum to the list at the time of approval, and shall be incorporated into the master list at the next date of publication. If an insurer appears on the most recent list, it shall be presumed that the insurer is an eligible surplus line insurer, unless the commissioner or his or her designee has mailed or causes to be mailed notice to all surplus line brokers that the commissioner has withdrawn the insurer's eligibility. Upon receipt of notice, the surplus line broker shall make no further placements with the insurer. Nothing in this subdivision shall limit the commissioner's discretion to withdraw an insurer's eligibility.

(g) (1) Except as provided by paragraph (2), whenever the commissioner has reasonable cause to believe, and determines after a public hearing, that any insurer on the list established pursuant to subdivision (f), (A) is in an unsound financial condition, (B) does not meet the eligibility requirements under subdivisions (a) to (e), inclusive, (C) has violated the laws of this state, or (D) without justification, or with a frequency so as to indicate a general business practice, delays the payment of just claims, the commissioner may issue an order removing the insurer from the list. Notice of hearing shall be served upon the insurer or its agent for service of process stating the time and place of the hearing and the conduct, condition, or ground upon which the commissioner would make his or her order. The hearing shall occur not less than 20 days, nor more than 30 days after notice is served upon the insurer or its agent for service of process.

(2) If the commissioner determines that an insurer's immediate removal from the list is necessary to protect the public or an insured

or prospective insured of the insurer, or, in the case of an application by an insurer to be placed on the list which is being denied by the commissioner, the commissioner may issue an order pursuant to paragraph (1) without prior notice and hearing. At the time an order is served pursuant to this paragraph to an insurer on the list, the commissioner shall also issue and serve upon the insurer a statement of the reasons that immediate removal is necessary. Any order issued pursuant to this paragraph shall include a notice stating the time and place of a hearing on the order, which shall be not less than 20 days, nor more than 30 days after the notice is served.

(3) Notwithstanding paragraphs (1) and (2), in any case where the commissioner is basing a decision to remove an insurer from the list, or deny an application to be placed on the list, on the failure of the insurer or applicant to comply with, meet or maintain any of the objective criteria established by this section, or by regulation adopted pursuant to this section, the commissioner may so specify this fact in the order, and no hearing shall be required to be held on the order.

(4) Notwithstanding paragraphs (1) and (2), the commissioner may, without prior notice or hearing, remove from the list established pursuant to subdivision (f) any insurer that has failed or refused to timely provide documents required by this section, or any regulations adopted to implement this section. In the case of removal pursuant to this paragraph, the commissioner shall notify all surplus line brokers of the action.

(h) In addition to any other statements or reports required by this chapter, the commissioner may also address to any licensee a written request for full and complete information respecting the financial stability, reputation and integrity of any nonadmitted insurer with whom the licensee has dealt or proposes to deal in the transaction of insurance business. The licensee so addressed shall promptly furnish in written or printed form so much of the information requested as he or she can produce together with a signed statement identifying the same and giving reasons for omissions, if any. After due examination of the information and accompanying statement, the commissioner may, if he or she believes it to be in the public interest, order the licensee in writing to place no further insurance business on property located or operations conducted within or on the lives of persons who are residents of this state with the nonadmitted insurer on behalf of any person. Any placement in the nonadmitted insurer made by a licensee after receipt of that order is a violation of this chapter. The commissioner may issue an order when documents submitted pursuant to subdivisions (c) and (d) do not meet the criteria of subdivisions (a) to (e), inclusive, or when the commissioner obtains documents on an insurer and the insurer does not meet the criteria of subdivisions (a) to (e), inclusive.

(i) The commissioner shall require, at least annually, the submission of records and statements as are reasonably necessary to ensure that the requirements of this section are maintained.

(j) The commissioner shall establish by regulation a schedule of fees to cover costs of administering and enforcing this chapter.

(k) (1) Insurance may be placed on a limited basis with insurers not on the list established pursuant to this section if all of the following conditions are met:

(A) The use of multiple insurers is necessary to obtain coverage for 100 percent of the risk.

(B) At least 80 percent of the risk is placed with admitted insurers or insurers that appear on the list of eligible nonadmitted insurers.

(C) The placing surplus line broker submits to the commissioner, or his or her designee, copies of all documentation relied upon by the surplus line broker to make the broker's determination that the financial stability, reputation, and integrity of the unlisted insurer or insurers, are adequate to safeguard the interest of the insured under the policy. This documentation, and any other documentation regarding the unlisted insurer requested by the commissioner, shall be submitted no more than 30 days after the insurance is placed with the unlisted insurer for the initial placement by that broker with the particular unlisted insurer, and annually thereafter for as long as the broker continues to make placements with the unlisted insurer pursuant to this paragraph.

(D) The insured has aggregate annual premiums for all risks other than workers' compensation or health coverage totaling no less than one hundred thousand dollars ($100,000).

(2) Insurance may not be placed pursuant to paragraph (1) if any of the following applies:

(A) The unlisted insurer has for any reason been objected to by the commissioner pursuant to this section, removed from the list, or denied placement on the list.

(B) The insurance includes coverage for employer-sponsored medical, surgical, hospital, or other health or medical expense benefits payable to the employee by the insurer.

(C) The insurance is mandatory under the laws of the federal government, this state, or any political subdivision thereof, and includes any portion of limits of coverage mandated by those laws.

(D) The insured is a multiple employer welfare arrangement, as defined in Section 1002(40)(A) of Title 29 of the United States Code, or any other arrangement among two or more employers that are not under common ownership or control, which is established or maintained for the primary purpose of providing insurance benefits to the employees of two or more employers.

(E) Unlisted insurers represent a disproportionate portion of the lower layers of the coverage.

(3) Nothing in this section is intended to alter any duties of a surplus line broker pursuant to subdivision (b) of Section 1765 or other laws of this state to safeguard the interests of the insured under the policy in recommending or placing insurance with a nonadmitted insurer.

(4) Placements authorized by this subdivision are intended to provide sophisticated insurance purchasers with a means to obtain necessary commercial insurance coverage from nonadmitted insurers not listed by the commissioner in situations where it is not commercially possible to fully obtain that coverage from either admitted or listed insurers. This subdivision shall not be deemed to permit surplus line brokers to place with nonadmitted insurers common commercial or personal line coverages for insureds that can be placed with insurers that are admitted or listed pursuant to this section, whether the insured is an individual insured, or a group created primarily for the purpose of purchasing insurance.

(*l*) As used in this section:

(1) "Certified" means an originally signed or sealed statement, dated not more than 60 days before submission, made by a public official or other person, attached to a copy of a document, that attests that the copy is a true copy of the original, and that the original is in the custody of the person making the statement.

(2) "Domiciliary jurisdiction" means the state, nation, or subdivision thereof under the laws of which an insurer is incorporated or otherwise organized.

(3) "Domiciliary state of the syndicate's trust" means the state in which the syndicate's trust fund is principally maintained and administered for the benefit of the syndicate's policyholders in the United States.

(4) "IID" means the International Insurers Department.

(5) "Insurer" means (unless the context indicates otherwise) "nonadmitted" insurers that are either "foreign" or "alien" insurers, as those terms are defined in Sections 25, 27, and 1580, and syndicates whose members consist of individual incorporated insurers who are not engaged in any business other than underwriting as a member of the group and individual unincorporated insurers, provided all the members are subject to the same level of solvency regulation and control by the group's domiciliary regulator. The term "insurer" includes all nonadmitted insurers selling insurance to or through purchasing groups as defined in the Liability Risk Retention Act of 1986 (15 U.S.C. Sec. 3901 et seq.) and the California Risk Retention Act of 1990 (Chapter 1.5 (commencing with Section 125) of Part 1 of Division 1), except insurers that are risk retention groups as defined by those acts.

(6) "ISI" means Insurance Solvency International.

(7) "Licensee" means a surplus line broker as defined in Section 47.

(8) "NAIC" means the National Association of Insurance Commissioners or its successor organization.

(9) "NAIIO" means the Nonadmitted Alien Insurer Information Office of the NAIC or its successor office.

(10) "State" means any state of the United States; the District of Columbia; a commonwealth, or a territory.

(11) "Verified" means a document or copy accompanied by an originally signed statement, dated not more than 60 days before submission, from a responsible executive or official who has authority to provide the statement and knowledge whereof he or she speaks, attesting either under oath before a notary public, or under penalty of perjury under California law, that the assertions made in the document are true.

(m) With respect to a nonadmitted insurer that is listed as an authorized surplus line insurer as of December 31, 1994, pursuant to Sections 2174.1 to 2174.14, inclusive, of Title 10 of the California Code of Regulations, this section shall not be effective until the subsequent expiration of the listing of that insurer. Nothing in the bill that amended this section during the 1994 portion of the 1993–94 Regular Session is intended to repeal or imply there is not authority to adopt, or to have adopted, or to continue in force, any regulation, or part thereof, with respect to surplus line insurance which is not clearly inconsistent with it.

SEC. 5. Section 4 of this bill incorporates amendments to Section 1765.1 of the Insurance Code proposed by both this bill and SB 237. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1999, (2) each bill amends Section 1765.1 of the Insurance Code, and (3) this bill is enacted after SB 237, in which case Section 3 of this bill shall not become operative.

CHAPTER 270

An act to repeal and add Section 1063.6 of the Insurance Code, relating to insurer insolvency.

[Approved by Governor August 10, 1998. Filed with Secretary of State August 10, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 1063.6 of the Insurance Code is repealed.

SEC. 2. Section 1063.6 is added to the Insurance Code, to read:

1063.6. All proceedings in which the insolvent insurer is a party or is obligated to defend a party in any court in the state shall, subject to waiver by the association in specific cases involving covered claims and subject to waiver by the commissioner as to matters that are not covered claims, be stayed for 60 days from the date that an order of liquidation or an order of receivership with a finding of insolvency has been entered by a superior court in this state or by a court in the state of domicile of the insurer, and an additional time thereafter as may be determined necessary by the court to permit proper defense or conduct of all pending causes of action by the association or the commissioner, as applicable. The stay as to matters to which the

insolvent insurer is a party shall be superseded by and when an injunction or stay order is entered by the court in this state having jurisdiction of the liquidation or the ancillary liquidation.

If a package had been broken or otherwise damaged prior to or at the time of actual delivery, a credit memorandum may be issued for the returned package by the wholesaler or manufacturer who sold the beer, or any successor thereto, in lieu of exchange for an identical package when the return and corrections are completed within 15 days from the date the beer was delivered to the retail licensee.

(2) (A) Subject to subparagraph (B), a wholesaler or manufacturer, or any successor thereto, may, with department approval, accept the return of a brand of beer discontinued in a California market area or a seasonal brand of beer from a retail licensee, provided that the beer is exchanged for a quantity of beer of a brand produced or sold by the same manufacturer with a value no greater than the original sales price to the retail licensee of the returned beer. For purposes of this subparagraph, "seasonal brand of beer" means a brand of beer, as defined in Section 23006, that is brewed by a manufacturer to commemorate a specific holiday season and is so identified by appropriate product packaging and labeling.

(B) A discontinued brand of beer may not be reintroduced for a period of 12 months in the same California market area in which a return and exchange of that beer as described in subparagraph (A) has taken place. A seasonal brand of beer may not be reintroduced for a period of six months in the same California market area in which a return and exchange of that beer as described in subparagraph (A) has taken place.

(b) A deposit account is exempt without making a claim in the following amount:

(1) One thousand dollars ($1,000) where one depositor is the designated payee of the directly deposited public benefits payments, and two thousand dollars ($2,000) where one depositor is the designated payee of directly deposited social security payments.

(2) One thousand five hundred dollars ($1,500) where two or more depositors are the designated payees of the directly deposited public benefits payments, unless those depositors are joint payees of directly deposited payments that represent a benefit to only one of the depositors, in which case the exempt amount is one thousand dollars ($1,000). Three thousand dollars ($3,000) where two or more depositors are the designated payees of directly deposited social security payments, unless those depositors are joint payees of directly deposited payments that represent a benefit to only one of the depositors, in which case the exempt amount is two thousand dollars ($2,000).

(c) The amount of a deposit account that exceeds the exemption provided in subdivision (b) is exempt to the extent that it consists of payments of public benefits or social security benefits.

(d) Notwithstanding Article 5 (commencing with Section 701.010) of Chapter 3, when a deposit account is levied upon or otherwise sought to be subjected to the enforcement of a money

judgment, the financial institution that holds the deposit account shall either place the amount that exceeds the exemption provided in subdivision (b) in a suspense account or otherwise prohibit withdrawal of that amount pending notification of the failure of the judgment creditor to file the affidavit required by this section or the judicial determination of the exempt status of the amount. Within 10 business days after the levy, the financial institution shall provide the levying officer with a written notice stating (1) that the deposit account is one in which payments of public benefits or social security benefits are directly deposited by the government or its agent and (2) the balance of the deposit account that exceeds the exemption provided by subdivision (b). Promptly upon receipt of the notice, the levying officer shall serve the notice on the judgment creditor. Service shall be made personally or by mail.

The affidavit shall be in the form of the notice of opposition provided by Section 703.560, and a hearing shall be set and held, and notice given, as provided by Sections 703.570 and 703.580. (3) The affidavit constitutes the pleading of the judgment creditor, subject to the power of the court to permit amendments in the interest of justice. The affidavit is deemed controverted and no counteraffidavit is required.

(4) At a hearing under this subdivision, the judgment debtor has the burden of proving that the excess amount is exempt.

(5) At the conclusion of the hearing, the court by order shall determine whether or not the amount of the deposit account is exempt pursuant to subdivision (c) in whole or in part and shall make an appropriate order for its prompt disposition. No findings are required in a proceeding under this subdivision.

(6) Upon determining the exemption claim for the deposit account under subdivision (c), the court shall immediately transmit a certified copy of the order of the court to the financial institution and to the levying officer. If the order determines that all or part of the excess is exempt under subdivision (c), with respect to the amount of the excess which is exempt, the financial institution shall

transfer the exempt excess from the suspense account or otherwise release any restrictions on its withdrawal by the judgment debtor. The transfer or release shall be effected within three business days of the receipt of the certified copy of the court order by the financial institution.

(f) If the judgment debtor claims that a portion of the amount is exempt other than pursuant to subdivision (c), the claim of exemption shall be made pursuant to Article 2 (commencing with Section 703.510). If the judgment debtor also opposes the judgment creditor's affidavit regarding an amount exempt pursuant to subdivision (c), both exemptions shall be determined at the same hearing, provided the judgment debtor has complied with Article 2 (commencing with Section 703.510).

SEC. 2. This act shall become operative on January 1, 2000.

(2) If it is not possible to enroll the beneficiary under a Medi-Cal managed care plan or pilot project or a fee-for-service case management provider because of a lack of capacity or availability of participating contractors, the beneficiary shall be provided with a Medi-Cal card and informed about fee-for-service primary care providers who do all of the following:

(A) The providers agree to accept Medi-Cal patients.

(B) The providers provide information about the provider's willingness to accept Medi-Cal patients as described in Section 14016.6.

(h) If, under the provisions of subdivision (d), a Medi-Cal beneficiary or applicant does not make a choice or does not certify that he or she has an established relationship with a primary care provider or clinic, the person may, at the option of the department, be provided with a Medi-Cal card or be assigned to and enrolled in a managed care plan providing service within the area in which the beneficiary resides.

(i) Any Medi-Cal or AFDC beneficiary who is dissatisfied with the provider or managed care plan, pilot project, or fee-for-service case management provider shall be allowed to select or be assigned to another provider or managed care plan, pilot project, or fee-for-service case management provider.

CHAPTER 292

An act to amend Section 30163 of the Revenue and Taxation Code, relating to taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 12, 1998. Filed with Secretary of State August 13, 1998.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares:

(a) California is in agreement with the policies and Congressional intent enacted as part of the Federal Cigarette Labeling and Advertising Act (15 U.S.C. Sec. 1331 and following), including the goal to do all of the following:

(1) Adequately inform the public about any adverse health effects of cigarette smoking by inclusion of warning notices on each package of cigarettes.

(2) Not impede commerce and the national economy by diverse, nonuniform, and confusing cigarette labeling and advertising regulations with respect to any relationship between smoking and health.

(3) Provide a strategy for making Americans more aware of any adverse health effects of smoking.

(4) Assure the timely widespread dissemination of research findings.

(5) Enable individuals to make informed decisions about smoking.

(b) It is the intent of the Legislature to align state law with federal policy and regulations. In so doing, it is necessary to clarify that a product manufactured and labeled for export or for consumption outside of the United States becomes an import if sold within California, and, thus, must comply with state and federal tax laws and the Federal Cigarette Labeling and Advertising Act (15 U.S.C. Sec. 1331 and following). Modification or alteration of packaging to conceal the original packaging by the manufacturer is prohibited.

SEC. 2. Section 30163 of the Revenue and Taxation Code is amended to read:

30163. Except as otherwise provided in this section, an appropriate stamp shall be affixed to, or an appropriate meter impression shall be made on each package of cigarettes prior to the distribution of the cigarettes. No stamp or meter impression may be affixed to, or made upon, any package of cigarettes unless that package complies with all requirements of the Federal Cigarette Labeling and Advertising Act (15 U.S.C. Sec. 1331 and following) for the placement of labels, warnings, or any other information upon a package of cigarettes that is to be sold within the United States. Pursuant to its authority under Section 30148, the board shall revoke the license issued to a distributor that is determined to be in violation of this section.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning

of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to secure compliance with federal laws and regulations pertaining to the labeling of cigarettes manufactured in the United States and distributed in California, it is necessary that this act take effect immediately.

The provisions of Chapter 4 (commencing with Section 18025), applicable to manufactured homes and mobilehomes, shall also apply to commercial coaches, except that reasonable variations in standards for commercial coaches shall be established by regulations if the department determines these variations will not endanger public health, welfare, or safety.

(1) Freedom from any conflict of interest.

(2) Qualifications of personnel.

(3) Frequency of inspections or monitorings of manufacturer quality control.

(4) Involvement in collusive or fraudulent actions related to the performance of activities required by Section 18013.2.

(5) Any other conditions of operation that the department may reasonably require.

(d) The department shall monitor the performance of third-party entities approved pursuant to subdivision (b) and shall require periodic reports in writing containing information that the department may reasonably require to determine compliance with the conditions of the department's approval.

(1) When the department receives information about an alleged inadequacy in the performance of a third-party entity, including any involvement in collusive or fraudulent actions related to the performance of activities required by Section 18013.2, it shall consider the information in its monitoring efforts and make a determination about the validity of the alleged inadequacy in a timely manner.

(2) When the department determines, either through its monitoring efforts or through information provided by any other person, that an approved third-party entity has failed to perform according to the conditions of approval, the department may withdraw approval by forwarding written notice to the approved third-party entity by registered mail to its address of record, briefly summarizing the cause for the department's decision.

(3) A third-party entity, upon having its approval withdrawn by the department, may request a hearing before the director of the department. The request for hearing shall be in writing and either delivered or postmarked prior to midnight on the 10th calendar day from the date of the department's notice.

(4) The department, upon timely receipt of a written request for hearing, shall, within 30 calendar days, schedule a hearing before the director or his or her agent. All hearings pursuant to this subdivision shall be held in the department's Sacramento offices and the decision of the director shall be final.

(5) A third-party entity whose approval has been withdrawn by the department shall not be permitted to reapply for the department's approval pursuant to subdivision (b) for a period of one year from the date that the approval was withdrawn by the department.

(6) A third-party entity whose approval has been withdrawn more than once by the department shall not be permitted to reapply for department approval pursuant to subdivision (b) for a period of not less than one year from the date that the department's approval was last withdrawn.

(7) No third-party entity shall perform the activities required by Section 18013.2 unless it has the approval of the department.

(e) (1) Upon finding a violation of subdivision (b) on the part of a third-party entity, the director shall issue citations and levy administrative fines. Each citation and fine assessment shall be in writing and describe the particulars for the citation. The citation and fine assessment shall be issued not later than six months after discovery of the violation.

(2) The fine for the first violation shall be at least five hundred dollars ($500) and shall not exceed one thousand dollars ($1,000). The fine for the third violation shall be at least five thousand dollars ($5,000), and shall not exceed ten thousand dollars ($10,000). The fines shall be assessed for each day the violation occurs. If a third-party entity has been cited more than three times during a 365-day period, the approval to conduct inspections on behalf of the department shall be suspended for a minimum of one year.

(3) The third-party entity may request an administrative hearing on the citation or fine. If the party fails to request a hearing within 30 days, and does not pay the fine, the approval to perform inspections shall be automatically revoked, until the time that the department finds that the circumstances which led to the citation have been corrected and the fines have been paid.

(4) Upon review of the findings from the administrative hearing, the director may modify, rescind, or uphold the citation and fine assessment. The decision of the director shall be served by regular mail.

(5) The fines shall be paid into the Housing and Community Development Fund, which is hereby created in the State Treasury, and shall be used, when appropriated by the Legislature, to offset the department's costs to administer this part.

(f) The remedies provided in this part to any aggrieved party are not exclusive and shall not preclude the applicability of any other provision of law.

SEC. 3. Section 18020.5 of the Health and Safety Code is amended to read:

SEC. 5. Section 18025.5 of the Health and Safety Code is amended to read:

18025.5. (a) Pursuant to the National Manufactured Housing Construction and Safety Standards Act of 1974 (42 U.S.C. Sec. 5401 et seq.), the department may assume responsibility for the enforcement of manufactured home and mobilehome construction and safety standards relating to any issue with respect to which a federal standard has been established. The department may adopt regulations to ensure acceptance by the Secretary of Housing and Urban Development of California's plan for the administration and enforcement of federal manufactured home and mobilehome safety and construction standards.

(b) The department may conduct inspections and investigations that it determines may be necessary to secure enforcement of this part and regulations adopted pursuant to this part.

(c) Subdivision (b) shall not apply to the enforcement of Section 18027.3 unless the department determines there is a compelling reason to exercise oversight in the inspection of recreational vehicles or park trailers at a factory, in which case the department may investigate the inspection, or conduct a department inspection, on recreational vehicles or park trailers at a factory and utilize any means necessary to collect a fee on the manufacturer for the cost of the department investigation or inspection.

(d) For the purposes of enforcement of this part and the related regulations, persons duly designated by the director of the department, upon presenting appropriate credentials to the owner, operator, or agent in charge, may do both of the following:

(1) Enter, at any reasonable times and without advance notice, any factory, warehouse, sales lot, or establishment in which manufactured homes, mobilehomes, commercial coaches, or special purpose commercial coaches are manufactured, stored, held for sale, sold, or offered for sale, rent, or lease.

(2) Inspect, at reasonable times and within reasonable limits and in a reasonable manner, any factory, warehouse, sales lot, or establishment, and inspect the books, papers, records, and documents to ensure compliance with this part.

SEC. 6. Section 18026 of the Health and Safety Code is amended to read:

18026. (a) All manufactured homes, mobilehomes, commercial coaches, and special purpose commercial coaches manufactured on

or after September 1, 1958, that are sold, offered for sale, rented, or leased within this state shall bear a federal label or an insignia of approval issued by the department, whichever is appropriate, to indicate compliance with the regulations of the department adopted pursuant to this part, which were in effect on the date of manufacture of the manufactured home, mobilehome, commercial coach, or special purpose commercial coach.

(b) The department may issue insignia for manufactured homes, mobilehomes, commercial coaches, or special purpose commercial coaches manufactured prior to the effective dates of the appropriate regulations that meet the requirements of reasonable standards of health and safety as set forth in this part or the regulations adopted pursuant to this part in effect at the time of that issue.

(c) It is unlawful for any person to remove, or cause to be removed, an insignia of approval affixed pursuant to this section without prior authorization by the department.

SEC. 7. Section 18027.3 of the Health and Safety Code is amended to read:

18027.3. (a) The Legislature finds and declares as follows:

(1) The American National Standards Institute (ANSI) has adopted standards for the design and safety of recreational vehicles, including park trailers, pursuant to procedures that have given diverse views an opportunity to be considered and which indicate that interested and affected parties have reached substantial agreement on their adoption.

(2) The ANSI A119.2 and A119.5 standards are designed to protect the health and safety of persons using recreational vehicles and park trailers.

(3) Compliance with those standards as required by this section may be enforced by any law enforcement authority having appropriate jurisdiction, pursuant to Section 18020.5, which makes it a crime to violate any provision of this part. Therefore, to promote governmental efficiency and economy and to avoid duplication of activities and services, it is appropriate to eliminate the role of the department in modifying and enforcing standards for the construction of recreational vehicles.

(b) Recreational vehicles specified in subdivision (a) of Section 18010 that are manufactured on or after January 1, 1999, shall be constructed in accordance with Standard No. A119.2, as contained in the 1996 edition of the Standards of the American National Standards Institute.

(c) Recreational vehicles specified in subdivision (b) of Section 18010 that are manufactured on or after January 1, 1999, shall be constructed in accordance with Standard No. A119.5, as contained in the 1998 edition of the Standards of the American National Standards Institute.

(d) A change in Standard No. A119.2 or A119.5 contained in a new edition of the Standards of the American National Standards Institute

shall become operative on the 180th day following the publication date.

(e) No recreational vehicle shall be equipped with more than one electrical power supply cord.

(f) Any recreational vehicle manufactured on or after January 1, 1999, that is offered for sale, sold, rented, or leased within this state shall bear a label or an insignia indicating the manufacturer's compliance with the American National Standards Institute standard specified in subdivision (b) or (c).

(g) Any recreational vehicle manufactured prior to January 1, 1999, that is offered for sale, sold, rented, or leased within this state shall bear a label or an insignia of approval indicating the manufacturer's compliance with the American National Standards Institute standard or a department insignia issued prior to January 1, 1999, indicating compliance with the state standard that was in effect pursuant to this chapter on the date of manufacture, including any modifications contained in regulations.

(h) It is unlawful for any person to do either of the following:

(1) Remove, or cause to be removed, a label, an insignia, or an insignia of approval affixed pursuant to this section.

(2) Alter or convert, or cause to be altered or converted, any recreational vehicle in a manner that is inconsistent with ANSI Standard No. A119.2 or A119.5 when the recreational vehicle is used, occupied, sold, or offered for sale within this state.

SEC. 8. Section 18029 of the Health and Safety Code is amended to read:

18029. It is unlawful for any person to alter or convert, or cause to be altered or converted, the structural, fire safety, plumbing, heat-producing, or electrical systems and installations or equipment of a manufactured home, mobilehome, special purpose commercial coach, or commercial coach that bears a department insignia of approval or federal label when the manufactured home, mobilehome, special purpose commercial coach, or commercial coach is used, occupied, sold, or offered for sale within this state, unless its performance as altered or converted is in compliance with regulations adopted by the department. The department may adopt regulations providing requirements for alterations and conversions described in this section.

SEC. 9. Section 18029.5 of the Health and Safety Code is amended to read:

18029.5. (a) The department may adopt rules and regulations, which it determines to be reasonably consistent with generally recognized fire protection standards, governing conditions relating to the prevention of fire or for the protection of life and property against fire in manufactured homes, mobilehomes, special purpose commercial coaches, and commercial coaches. All manufactured homes and mobilehomes manufactured on or after June 15, 1976, shall

comply with the National Manufactured Housing Construction and Safety Act of 1974 (42 U.S.C. Sec. 5401, et seq.).

(b) The chief fire official of every city, county, city and county, fire protection district, or other local fire protection agency shall file a report on each manufactured home and mobilehome fire occurring within his or her jurisdiction with the State Fire Marshal. The report shall be made on forms provided by the State Fire Marshal.

(c) The State Fire Marshal shall annually compile a statistical report on all manufactured home and mobilehome fires occurring within this state and shall furnish the department with a copy of the report. The annual report shall include, but need not be limited to, the number of manufactured home and mobilehome fires, the causes of the fires, the monetary loss, and any casualties or fatalities resulting from the fires.

SEC. 10. Section 18030 of the Health and Safety Code is amended to read:

18030. (a) If the department determines that standards for commercial coaches and special purpose commercial coaches prescribed by the statutes or regulations of another state are at least equal to the standards prescribed by the department, the department may so provide by regulation. Thereafter, any commercial coaches or special purpose commercial coaches which that other state has approved as meeting its standards shall be deemed to meet the standards of the department, if the department determines that the standards of the other state are actually being enforced.

(b) In lieu of the procedure set forth in subdivision (a), the department may contract with approved third-party entities for enforcement of the applicable provisions of this part for commercial coaches or special purpose commercial coaches manufactured outside this state for sale within this state. Third-party entities may apply to the department for enforcement authority pursuant to this subdivision by providing evidence to the satisfaction of the department that they satisfy all of the following criteria:

(1) They are independent and free from conflict of interest, have the ability to enforce this part, and shall enforce this part without an actual conflict of interest or any appearance of a conflict of interest.

(2) They are adequately staffed with qualified personnel who can, and shall, implement all provisions of the contract, including monitoring, reporting, and enforcement.

(3) They have the authority, through contract or otherwise, and the ability to obtain correction of defects detected or reported as a result of their enforcement activities.

(4) They meet any other conditions of operation that the department may reasonably incorporate into the contract.

(c) If the department enters into a contract authorized by subdivision (b), the department may require cancellation clauses, fees, personnel résumés, reports, or other reasonable information or

documents deemed necessary to ensure that subdivision (b) and this part are adequately enforced.

SEC. 11. Section 18604 of the Health and Safety Code is amended to read:

18604. (a) No manufactured home, mobilehome, or recreational vehicle within a park shall be rented or leased unless it bears a label, an insignia, or an insignia of approval required by Section 18026 or 18027.3, or a federal label issued pursuant to the National Manufactured Housing Construction and Safety Standards Act of 1974 (42 U.S.C. Sec. 5401 et seq.).

(b) A recreational vehicle that does not bear a label, an insignia, or an insignia of approval, as required by subdivision (f) or (g) of Section 18027.3, may not occupy any lot in a special occupancy park unless the vehicle owner provides reasonable proof of compliance with ANSI Standard No. A119.2 or A119.5. A department label or insignia shall constitute one form of reasonable proof of compliance with ANSI standards. This subdivision does not apply to a recreational vehicle occupying a lot in a special occupancy park on December 31, 1998, unless the vehicle is moved to a different special occupancy park on or after January 1, 1999.

SEC. 12. Section 4.5 of this bill incorporates amendments to Section 18025 of the Health and Safety Code proposed by both this bill and SB 1988. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1999, (2) each bill amends Section 18025 of the Health and Safety Code, and (3) this bill is enacted after SB 1988, in which case Section 4 of this bill shall not become operative.

SEC. 13. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 294

An act to amend Sections 318.5 and 318.6 of the Penal Code, relating to adult entertainment.

[Approved by Governor August 17, 1998. Filed with Secretary of State August 17, 1998.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) The presentation of live nude entertainment within adult or sexually oriented businesses may be found to create undesirable secondary effects including, but not limited to, an increase in criminal activities such as prostitution and drug dealing in the vicinity of the property on which the entertainment is being provided.

(b) This act shall not be construed to require the adoption of any ordinance, but is instead intended to be declaratory of existing law authorizing cities and counties to adopt these ordinances.

(c) This act shall not be construed to preempt the legislative body of any city or county from regulating adult or sexually oriented businesses or similar establishments in the manner, and to the extent permitted by the United States Constitution and the California Constitution.

SEC. 2. Section 318.5 of the Penal Code is amended to read:

318.5. (a) Nothing in this code shall invalidate an ordinance of, or be construed to prohibit the adoption of an ordinance by, a county or city, if that ordinance directly regulates the exposure of the genitals or buttocks of any person, or the breasts of any female person, who acts as a waiter, waitress, or entertainer, whether or not the owner of the establishment in which the activity is performed employs or pays any compensation to that person to perform the activity, in an adult or sexually oriented business. For purposes of this section, an "adult or sexually oriented business" includes any establishment that regularly features live performances which are distinguished or characterized by an emphasis on the exposure of the genitals or buttocks of any person, or the breasts of any female person, or specified sexual activities that involve the exposure of the genitals or buttocks of any person, or the breasts of any female person.

(b) The provisions of this section shall not be construed to apply to any adult or sexually oriented business, as defined herein, that has been adjudicated by a court of competent jurisdiction to be, or by action of a local body such as issuance of an adult entertainment establishment license or permit allowing the business to operate on or before July 1, 1998, as, a theater, concert hall, or similar establishment primarily devoted to theatrical performances for purposes of this section.

This section shall be known and may be cited as the "Quimby-Walsh Act."

SEC. 3. Section 318.6 of the Penal Code is amended to read:

318.6. (a) Nothing in this code shall invalidate an ordinance of, or be construed to prohibit the adoption of an ordinance by, a city or county, if that ordinance relates to any live acts, demonstrations, or exhibitions occurring within adult or sexually oriented businesses and involve the exposure of the genitals or buttocks of any participant or

the breasts of any female participant, and if that ordinance prohibits an act or acts which are not expressly authorized or prohibited by this code.

(b) For purposes of this section, an "adult or sexually oriented business" includes any establishment that regularly features live performances which are distinguished or characterized by an emphasis on the exposure of the genitals or buttocks of any person, or the breasts of any female person or sexual activities that involve the exposure of the genitals or buttocks of any person, or the breasts of any female person.

(c) The provisions of this section shall not be construed to apply to any adult or sexually oriented business, as defined herein, that has been adjudicated by a court of competent jurisdiction to be, or by action of a local body such as issuance of an adult entertainment establishment license or permit allowing the business to operate on or before July 1, 1998, as, a theater, concert hall, or similar establishment primarily devoted to theatrical performances for purposes of this section.

(d) This section shall not be construed to preempt the legislative body of any city or county from regulating an adult or sexually oriented business, or similar establishment, in the manner and to the extent permitted by the United States Constitution and the California Constitution.

CHAPTER 295

An act to add Section 116551 to the Health and Safety Code, relating to water, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 17, 1998. Filed with Secretary of State August 17, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 116551 is added to the Health and Safety Code, to read:

116551. The department shall not issue a permit to a public water system or amend a valid existing permit for the use of a reservoir as a source of supply that is directly augmented with recycled water, as defined in subdivision (n) of Section 13050 of the Water Code, unless the department does all of the following:

(a) Performs an engineering evaluation that evaluates the proposed treatment technology and finds that the proposed technology will ensure that the recycled water meets or exceeds all applicable primary and secondary drinking water standards and poses no significant threat to public health.

(b) Holds at least three duly noticed public hearings in the area where the recycled water is proposed to be used or supplied for human consumption to receive public testimony on that proposed use. The department shall make available to the public, not less than 10 days prior to the date of the first hearing held pursuant to this subdivision, the evaluations and findings made pursuant to subdivision (a).

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that prescribed requirements may apply, as soon as possible, to the proposed use by a public water system of reservoirs that are augmented with recycled water, thereby ensuring the safety of recycled water provided for human consumption, it is necessary that this act take effect immediately.

CHAPTER 296

An act to amend Sections 20616 and 20618 of, and to add Section 21623.5 to, the Government Code, relating to public employees.

[Approved by Governor August 17, 1998. Filed with Secretary of State August 17, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 20616 of the Government Code is amended to read:

20616. Sections 20469, 20470, 20502, 20512, 20570, 20571, and 20572 do not apply to contracts made pursuant to this chapter. The county superintendent of schools shall have no authority to exercise any election under any provision of this part, other than Section 21623.5, that applies to a contracting agency only on its election to be subject to it.

SEC. 2. Section 20618 of the Government Code is amended to read:

20618. The assets and liabilities arising out of contracts with school employers, as defined in Section 20063, shall be merged, excluding that portion of a contract that provides benefits pursuant to Section 21623.5, that portion of a contract with respect to local police officers, as defined in Section 20430, and those contracts with school districts or community college districts, as defined in subdivision (i) of Section 20057, which employ school safety members, as defined in Section 20444. Employer accumulated contributions credited to those entities on June 30, 1982, and all the contributions paid by a school

employer after June 30, 1982, shall be held exclusively for the benefit of school members, retired school members, and their beneficiaries.

A person who is a member under a contract between the board and school districts or community college districts prior to July 1, 1983, shall not be denied any right extended to him or her by reason of that membership.

SEC. 3. Section 21623.5 is added to the Government Code, to read:

21623.5. In lieu of benefits provided by Sections 21620 and 21622 upon the death of any local or school member, after retirement and while receiving a retirement allowance from this system, there shall be paid to his or her estate, or to the beneficiary who he or she shall nominate by written designation duly executed and filed with the board, the sum of two thousand dollars ($2,000), three thousand dollars ($3,000), four thousand dollars ($4,000), or five thousand dollars ($5,000), whichever amount is designated by the employer in its contract, to be provided from contributions by the employer.

For the purposes of this section, all contributions, liabilities, actuarial interest rates, and other valuation factors shall be determined on the basis of actuarial assumptions and methods which, in the aggregate, are reasonable and which, in combination, offer the actuary's best estimate of anticipated experience under the system.

The additional employer contributions required under this section shall be computed as a level percentage of member compensation.

This section shall not apply to a contracting agency or school employer unless and until the agency or school employer elects to be subject to this section by amendment to its contract made in the manner prescribed for approval of contracts, except an election among the employees is not required or in the case of contracts made on or after January 1, 1999, except by express provision in the contract making the contracting agency or school employer subject to this section.

CHAPTER 297

An act to add Section 12370 to the Penal Code, relating to body armor.

[Approved by Governor August 17, 1998. Filed with Secretary of State August 17, 1998.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known as the James Guelff Body Armor Act of 1998.

SEC. 2. Section 12370 is added to the Penal Code, to read:

12370. (a) Any person who has been convicted of a violent felony, as defined in subdivision (c) Section 667.5 under the laws of the United States, the State of California, or any other state, government, or country, who purchases, owns, or possesses body armor, as defined by Section 942 of Title 11 of the California Code of Regulations, except as authorized under subdivision (b), is guilty of a felony, punishable by imprisonment in a state prison for 16 months, or two or three years.

(b) Any person whose employment, livelihood, or safety is dependent on the ability to legally possess and use body armor, who is subject to the prohibition imposed by subdivision (a) due to a prior violent felony conviction, may file a petition with the chief of police or county sheriff of the jurisdiction in which he or she seeks to possess and use the body armor for an exception to this prohibition. The chief of police or sheriff may reduce or eliminate the prohibition, impose conditions on reduction or elimination of the prohibition, or otherwise grant relief from the prohibition as he or she deems appropriate, based on the following:

(1) A finding that the petitioner is likely to use body armor in a safe and lawful manner.

(2) A finding that the petitioner has a reasonable need for such protection under the circumstances.

In making its decision, the chief of police or sheriff shall consider the petitioner's continued employment, the interests of justice, any relevant evidence, and the totality of the circumstances. It is the intent of the Legislature that law enforcement officials exercise broad discretion in fashioning appropriate relief under this paragraph in cases in which relief is warranted. However, nothing in this paragraph shall be construed to require law enforcement officials to grant relief to any particular petitioner. Relief from this prohibition shall not relieve any other person or entity from any liability that might otherwise be imposed.

(c) The chief of police or sheriff shall require, as a condition of granting an exception under subdivision (b), that the petitioner agree to maintain on his or her person a certified copy of the law enforcement official's permission to possess and use body armor, including any conditions or limitations.

(d) Law enforcement officials who enforce the prohibition specified in subdivision (a) against a person who has been granted relief pursuant to subdivision (b), shall be immune from any liability for false arrest arising from the enforcement of this subdivision unless the person has in his or her possession a certified copy of the permission granting the person relief from the prohibition, as required by subdivision (c). This immunity from liability shall not relieve any person or entity from any other liability that might otherwise be imposed.

(e) For purposes of this section only, "violent felony" refers to the specific crimes listed in subdivision (c) of Section 667.5, and to crimes

defined under the applicable laws of the United States or any other state, government, or country that are reasonably equivalent to the crimes listed in subdivision (c) of Section 667.5.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 298

An act to add and repeal Section 14302.1 of the Corporations Code, relating to mutual water companies.

[Approved by Governor August 17, 1998. Filed with Secretary of State August 17, 1998.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature hereby finds and declares all of the following:

(1) Mutual water companies in California are corporations subject to the California General Corporation Law. Mutual water companies issue shares of stock to property owners within their respective service areas, which shares entitle the owners thereof to receive water on that property.

(2) Existing law requires that shares issued by mutual water companies be rendered appurtenant to the land within the service area of the respective mutual water company. Appurtenance is accomplished by means of a provision within a mutual water company's articles of incorporation or bylaws. Ownership of appurtenant shares is tied to the ownership of the underlying real property. When real property is transferred through sale, foreclosure, or other means, the related shares are transferred to the new property owners.

(3) Older mutual water companies issued shares before the requirement of appurtenance was enacted under the Corporations Code. Accordingly, these older mutual water companies frequently have difficulty regulating the transfer of shares to property owners entitled to water service. Certain shares have been lost, forgotten,

destroyed, or otherwise mislaid as a result of property transfers, foreclosures, estate sales, and the like, and therefore are owned of record by people who no longer own property in the service area. These shareholders remain on the registry of the older mutual water companies, thus hindering the ability of these older mutual water companies to obtain a quorum of shareholders for corporate governance purposes.

(4) Lost shares present a governance problem for older mutual water companies which, as corporations, must have a quorum of the outstanding shares present to transact certain business and which, in certain circumstances, must obtain the vote of the majority of the outstanding shares.

(b) It is the intent of the Legislature to provide mutual water companies formed on or prior to May 14, 1983, the opportunity to cancel lost shares which are unclaimed after reasonable efforts have been made by the mutual water companies to locate the recordholders of those lost shares, in order that those mutual water companies can muster the shareholder representation necessary to effectively conduct business.

SEC. 2. Section 14302.1 is added to the Corporations Code, to read:

14302.1. (a) For the purpose of this section, "lost shares" is defined as shares which satisfy all of the following conditions:

(1) They were issued by a mutual water company formed on or before May 14, 1983.

(2) They have not been rendered appurtenant to land within that mutual water company's service area.

(3) They remain on the company's share registry.

(4) The owners of the shares cannot be located by the mutual water company pursuant to this section.

(b) Lost shares shall be deemed canceled by operation of law if both of the following requirements are met:

(1) The mutual water company sends a written notice by certified mail to the last known address of the recordholder of lost shares stating that the lost shares will be canceled and deemed to be of no force or effect unless the recordholder responds to the mutual water company in writing and the response is received by the mutual water company within six months of the certified mailing date of the notice.

(2) The mutual water company posts notice in not less than three daily newspapers with circulation in the company's service area, or if there are less than three daily newspapers with circulation in the company's service area, in all daily newspapers with circulation within the service area, once a month for six months stating that unclaimed lost shares will be canceled and deemed to be of no force or effect unless the holders of those lost shares request otherwise.

(c) This section shall become inoperative on July 1, 2001, and, as of January 1, 2002, is repealed, unless a later enacted statute, which

becomes effective on or before January 1, 2002, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 3. Nothing in Section 14302.1 of the Corporations Code shall prevent a shareholder from bringing an action for issuance of duplicative lost shares pursuant to existing law, including, but not limited to, Section 419 of the Corporation Code.

CHAPTER 299

An act to amend Sections 42825, 42835, and 42850 of, and to add Section 42850.1 to, the Public Resources Code, relating to waste tires.

[Approved by Governor August 17, 1998. Filed with Secretary of State August 17, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 42825 of the Public Resources Code is amended to read:

42825. (a) Any person who accepts waste tires at a major waste tire facility that has not been issued a permit or who knowingly directs or transports waste tires to a major waste tire facility that has not been issued a permit shall, upon conviction, be punished by a fine of not less than one thousand dollars ($1,000) or more than ten thousand dollars ($10,000) for each day of violation, by imprisonment in the county jail for not more than one year, or by both that fine and imprisonment.

(b) For purposes of subdivision (a), "each day of violation" means each day on which a violation continues. In any case where a person has accepted waste tires at a major waste tire facility, or knowingly directed or transported waste tires to a major waste tire facility, that has not been issued a permit, in violation of subdivision (a), each day that the waste tires remain at the facility and the person has knowledge thereof is a separate additional violation, unless the person has filed a report with the board disclosing the violation and is in compliance with any order regarding the waste tires issued by the board, a hearing officer, or a court of competent jurisdiction.

SEC. 1.5. Section 42825 of the Public Resources Code is amended to read:

42825. (a) Any person who accepts waste tires at a major waste tire facility that has not been issued a permit or an authorization to operate from the board, or who knowingly directs, transports, or abandons waste tires to or at a major waste tire facility that has not been issued a permit or an authorization to operate from the board shall, upon conviction, be punished by a fine of not less than one thousand dollars ($1,000) or more than ten thousand dollars ($10,000)

for each day of violation, by imprisonment in the county jail for not more than one year, or by both that fine and imprisonment.

(b) For purposes of subdivision (a), "each day of violation" means each day on which a violation continues. In any case where a person has accepted waste tires at a major waste tire facility, or knowingly directed or transported waste tires to a major waste tire facility, that has not been issued a permit, in violation of subdivision (a), each day that the waste tires remain at the facility and the person has knowledge thereof is a separate additional violation, unless the person has filed a report with the board disclosing the violation and is in compliance with any order regarding the waste tires issued by the board, a hearing officer, or a court of competent jurisdiction.

SEC. 2. Section 42835 of the Public Resources Code is amended to read:

42835. (a) Any person who accepts waste tires at a minor waste tire facility that has not been issued a permit or who knowingly directs or transports waste tires to a minor waste tire facility that has not been issued a permit shall, upon conviction, be punished by a fine of not less than five hundred dollars ($500) nor more than five thousand dollars ($5,000) for each day of violation, by imprisonment in the county jail for not more than one year, or by both that fine and imprisonment.

(b) For purposes of subdivision (a), "each day of violation" means each day on which a violation continues. In any case where a person has accepted waste tires at a minor waste tire facility, or knowingly directed or transported waste tires to a minor waste tire facility, that has not been issued a permit, in violation of subdivision (a), each day that the waste tires remain at the facility and the person has knowledge thereof is a separate additional violation, unless the person has filed a report with the board disclosing the violation and is in compliance with any order regarding the waste tires issued by the board, a hearing officer, or a court of competent jurisdiction.

SEC. 2.5. Section 42835 of the Public Resources Code is amended to read:

42835. Proper purchaser identification for out-of-state purchases includes all of the above, except the motor vehicle license number and the signature of the purchaser. The out-of-state purchase information shall also include the means by which the purchase was delivered or provided to the purchaser and the delivery address, if different from the identification address provided by the purchaser.

(3) Retain the original bill of sale containing the purchaser identification information for three years in a readily presentable manner, and present the bill of sale containing the purchaser identification information upon demand by any law enforcement officer or authorized representative of the Attorney General. CHAPTER 306

An act to amend Section 1569.38 of, and to add Section 1569.61 to, the Health and Safety Code, relating to residential care facilities.

[Approved by Governor August 17, 1998. Filed with Secretary of State August 17, 1998.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares all of the following:

(1) Residential care facilities for the elderly provide a continuum of long-term care services that support the fluctuating social and personal care needs of elderly residents.

(2) Many consumers are not familiar with residential care facilities for the elderly.

(3) The choice of a residential care facility for the elderly often occurs during a time of great stress. Because the prospective resident may have just suffered a significant medical setback that prevents him or her from living independently, the choice of a facility often must be made within the span of a few days.

(4) Consumer knowledge of residential care facilities will be greatly enhanced if the information developed and maintained by the State Department of Social Services is made available to consumers.

(b) It is the intent of the Legislature to provide consumers with ready access to the information developed and maintained by the State Department of Social Services regarding residential care facilities for the elderly. It is further the intent of the Legislature that the State Department of Social Services shall make its public file on any residential care facility for the elderly available for inspection immediately upon the request of any person.

SEC. 2. Section 1569.38 of the Health and Safety Code is amended to read:

1569.38. Each residential care facility for the elderly shall place in a conspicuous place copies of all licensing reports issued by the department within the preceding 12 months, and all licensing reports issued by the department resulting from the most recent annual visit of the department to the facility. This subdivision shall not apply to any portion of a licensing report referring to a complaint that was found by the department to be unfounded or unsubstantiated. The facility, during the admission process, shall inform the resident and the resident's responsible person in writing that licensing reports are available for review at the facility, and that copies of licensing reports and other documents pertaining to the facility are available from the appropriate district office of the department. The facility shall provide the telephone number and address of the appropriate district office.

SEC. 3. Section 1569.61 is added to the Health and Safety Code, to read:

1569.61. The department shall develop and maintain at each district office a file for each facility in that district, containing all documents regarding the facility that were received or created by the department on or after January 1, 1999, and that are not confidential under other provisions of law. This file shall be available immediately upon the request of any consumer who shall have the right to obtain copies of documents from the file upon the payment of a reasonable charge for the copies.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 307

[Approved by Governor August 17, 1998. Filed with Secretary of State August 17, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 10708 of the Public Contract Code is amended to read:

10708. When, in the opinion of the trustees, the best interests of the California State University dictate, the trustees may enter into an agreement with a contractor to provide all or significant portions of the design services and construction of a project under this chapter. The contractor shall design the project pursuant to the scope of services set forth in the request for proposals, build the project, and present the completed project to the trustees for their approval and acceptance. Work under this section shall be carried out by a contractor chosen by a competitive bidding process that employs selection criteria in addition to cost. Any design work performed pursuant to this section shall be prepared and signed by an architect certificated pursuant to Chapter 3 (commencing with Section 5500) of Division 3 of the Business and Professions Code.

SEC. 2. Section 10710 of the Public Contract Code is amended to read:

10710. (a) Notwithstanding any other provisions of this chapter, the trustees may award annual contracts that do not exceed three million dollars ($3,000,000) for repair or other repetitive work, or renovation or modification, to be done according to unit prices. The contracts shall be awarded to the lowest responsible bidder and shall be based primarily on plans and specifications for typical work. No project shall be performed under a contract of this type except by order of the trustees. No annual contracts may be awarded under these provisions for capital outlay projects, where the total cost of the project exceeds two hundred fifty thousand dollars ($250,000) or the limit on minor capital outlay projects as determined in the annual Budget Act, whichever is greater.

(b) For purposes of this section, "unit price" means the amount paid for a single unit of an item of work, and "typical work" means a work description applicable universally or applicable to a large number of individual projects, as distinguished from work specifically described with respect to an individual project.

The people of the State of California do enact as follows:

SECTION 1. Section 830.14 of the Penal Code is amended to read:

830.14. (a) A local or regional transit agency or a joint powers agency operating rail service identified in an implementation program adopted pursuant to Article 10 (commencing with Section 130450) of Chapter 4 of Division 12 of the Public Utilities Code may authorize by contract designated persons as conductors performing fare inspection duties who are employed by a railroad corporation that operates public rail commuter transit services for that agency to act as its agent in the enforcement of subdivisions (a) and (b) of Section 640 relating to the operation of the rail service if they complete the training requirement specified in subdivision (c).

(b) The governing board of the Altamont Commuter Express Authority, a joint powers agency duly formed pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code, by and between the Alameda Congestion Management Agency, the Santa Clara County Transit District, and the San Joaquin Regional Rail Commission, may contract with designated persons to act as its agents in the enforcement of subdivisions (a) and (b) of Section 640 relating to the operation of a public transportation system if these persons complete the training requirement specified in subdivision (c).

(c) Persons authorized pursuant to this section to enforce subdivisions (a) and (b) of Section 640 shall complete a specialized fare compliance course which shall be provided by the authorizing agency. This training course shall include, but not be limited to, the following topics:

(6) Fare media recognition.

(7) Handling argumentative violators and diffusing conflict.

(8) The mechanics of law enforcement support and interacting with law enforcement for effective incident resolution.

(d) Persons described in subdivisions (a) and (b) are public officers, not peace officers, have no authority to carry firearms or any other weapon while performing the duties authorized in this section, and may not exercise the powers of arrest of a peace officer while performing the duties authorized in this section. (e) Nothing in this section shall affect the retirement or disability benefits provided to employees described in subdivision (a) or (b) or be in violation of any collective bargaining agreement between a labor organization and a railroad corporation.

(f) Notwithstanding any other provision of this section, the primary responsibility of a conductor of a commuter passenger train shall be functions related to safe train operation.

SEC. 2. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique circumstances of the Altamont Commuter Express Authority. The facts constituting the special circumstances are:

The Altamont Commuter Express rail service will run through three counties and 11 city jurisdictions. The regional nature of this rail service necessitates that a single agency be authorized to appoint agents for the issuance of citations for any violations of Section 640 of the Penal Code occurring along the service area of the Altamont Commuter Express rail service.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

CHAPTER 309

An act to amend Sections 25200.3 and 25201.5 of, to add Section 25143.13 to, and to repeal Section 25201.5.1 of, the Health and Safety Code, relating to hazardous waste.

[Approved by Governor August 17, 1998. Filed with Secretary of State August 17, 1998.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) In January 1991, the Environmental Protection Agency deleted the national primary drinking water standard for silver, based on its finding that silver posed no risks to human health. In November of 1994, the State Department of Health Services also deleted the primary maximum drinking water contaminant level for silver.

(b) Certain silver and silver compounds are excluded from regulation or are subject to minimal regulation under the federal act.

(c) Silver has a high positive economic value that minimizes the risk of mismanagement.

(d) The management of silver and silver compounds in the state does not warrant additional and more stringent regulatory oversight under Chapter 6.5 (commencing with Section 25100) of Division 20 of the Health and Safety Code.

SEC. 2. Section 25143.13 is added to the Health and Safety Code, to read:

25143.13. (a) Notwithstanding any other provision of law, except as provided in subdivision (c), wastes containing silver or silver compounds that are RCRA hazardous wastes solely due to the presence of silver in the waste are subject to regulation under this chapter solely to the extent that these wastes are subject to regulation under the federal act.

(b) Notwithstanding any other provision of law, wastes containing silver or silver compounds are exempt from regulation under this chapter if the wastes are not subject to regulation under the federal act as RCRA hazardous waste, and the wastes would otherwise be subject to regulation under this chapter solely due to the presence of silver in the waste.

(c) With respect to treatment of a hazardous waste, subdivision (a) applies only to the removal of silver from photoimaging solutions and photoimaging solution wastewaters. Any other treatment of wastes containing silver or silver compounds that are RCRA hazardous wastes is subject to all of the applicable requirements of this chapter.

(d) The department shall amend its regulations, as necessary, to conform to this section. Until the department amends these regulations, the applicable regulations adopted by the Environmental Protection Agency pursuant to the federal act pertaining to the regulation of wastes containing silver or silver compounds, which are regulated as RCRA hazardous wastes solely due to the presence of silver in the waste, shall be deemed to be the regulations of the department, except as otherwise provided in subdivision (c).

(e) This section shall not be construed to limit or abridge the powers or duties granted to any state or local agency pursuant to any law, other than this chapter, to regulate wastes containing silver or silver compounds.

SEC. 3. Section 25200.3 of the Health and Safety Code is amended to read:

25200.3. (a) A generator who uses the following methods for treating RCRA or non-RCRA hazardous waste in tanks or containers, which is generated onsite, and which do not require a hazardous waste facilities permit under the federal act, shall, for those activities, be deemed to be operating pursuant to a grant of conditional

authorization without obtaining a hazardous waste facilities permit or other grant of authorization and a generator is deemed to be granted conditional authorization pursuant to this section, upon compliance with the notification requirements specified in subdivision (e), if the treatment complies with the applicable requirements of this section:

(9) Neutralization of acidic or alkaline wastes that are hazardous only due to corrosivity or toxicity that results only from the acidic or alkaline material, in elementary neutralization units, as defined in Section 66260.10 of Title 22 of the California Code of Regulations, if the wastes contain less than 10 percent acid or base constituents by weight, and are treated in tanks or containers and piping, constructed of materials compatible with the range of temperatures and pH levels, and subject to appropriate pH and temperature controls. If the waste contains more than 10 percent acid or base constituents by weight, the volume treated in a single batch at any one time shall not exceed 500 gallons.

(10) Treatment of spent cleaners and conditioners which are hazardous solely due to the presence of copper or copper compounds, subject to the following:

(A) The following requirements are met, in addition to all other requirements of this section:

(i) The waste stream does not contain more than 5000 ppm total copper.

(ii) The generator does not generate for treatment any more than 1000 gallons of the waste stream per month.

(iii) The treatment technologies employed are limited to those set forth in paragraph (1) for metallic wastes.

(iv) The generator keeps records documenting compliance with this subdivision, including records indicating the volume and concentration of wastes treated, and the management of related solutions which are not cleaners or conditioners.

(B) Cleaners and conditioners, for purposes of this paragraph, are solutions containing surfactants and detergents to remove dirt and foreign objects. Cleaners and conditioners do not include microetch, etchant, plating, or metal stripping solutions or solutions containing oxidizers, or any cleaner based on organic solvents.

(C) A grant of conditional authorization under this paragraph shall expire on January 1, 1998, unless extended by the department pursuant to this section.

(D) The department shall evaluate the treatment activities described in this paragraph and shall designate, by regulation, not later than January 1, 1997, those activities eligible for conditional authorization and those activities subject to permit-by-rule. In adopting regulations under this subparagraph, the department shall consider all of the following:

(i) The volume of waste being treated.

(ii) The concentration of the hazardous waste constituents.

(iii) The characteristics of the hazardous waste being treated.

(iv) The risks of the operation, and breakdown, of the treatment process.

(11) Any waste stream technology combination certified by the department, pursuant to Section 25200.1.5, as suitable for authorization pursuant to this section, that operates pursuant to the conditions imposed on that certification.

(b) Any treatment performed pursuant to this section shall comply with all of the following, except as to generators, who are treating hazardous waste pursuant to paragraph (11) of subdivision (a), who shall also comply with any additional conditions of the specified certification if those conditions are different from those set forth in this subdivision:

(1) The total volume of hazardous waste treated in the unit in any calendar month shall not exceed 5,000 gallons or 45,000 pounds, whichever is less, unless the waste is a dilute aqueous waste described in paragraph (1), (2), or (9) of subdivision (a) or oily wastes as described in paragraph (8) of subdivision (a). The department may, by regulation, impose volume limitations on wastes which have no limitations under this section, as may be necessary to protect human health and safety or the environment.

(2) The treatment is conducted in tanks or containers.

(3) The treatment does not consist of the use of any of the following:

(A) Chemical additives, except for pH adjustment, chrome reduction, oil/water separation, and precipitation with the use of flocculants, as allowed by this section.

(4) All treatment residuals and effluents are managed and disposed of in accordance with applicable federal, state, and local requirements.

(5) The treatment process does not do either of the following:

(A) Result in the release of hazardous waste into the environment as a means of treatment or disposal.

(B) Result in the emission of volatile hazardous waste constituents or toxic air contaminants, unless the emission is in compliance with the rules and regulations of the air pollution control district or air quality management district.

(6) The generator unit complies with any additional requirements set forth in regulations adopted pursuant to this section.

(c) A generator operating pursuant to subdivision (a) shall comply with all of the following requirements:

(1) Except as provided in paragraph (4), the generator shall comply with the standards applicable to generators specified in Chapter 12 (commencing with Section 66262.10) of Division 4.5 of Title 22 of the California Code of Regulations and with the applicable requirements in Sections 66265.12, 66265.14, and 66265.17 of Title 22 of the California Code of Regulations.

(2) The generator shall comply with Section 25202.9 by making an annual waste minimization certification.

(3) The generator shall comply with the environmental assessment procedures required pursuant to subdivisions (a) to (e), inclusive, of Section 25200.14. If that assessment reveals that there is contamination resulting from the release of hazardous waste or constituents from a solid waste management unit or a hazardous waste management unit at the generator's facility, regardless of the time at which the waste was released, the generator shall take every action necessary to expeditiously remediate that contamination, if the contamination presents a substantial hazard to human health and safety or the environment or if the generator is required to take corrective action by the department. If a facility is remediating the contamination pursuant to, and in compliance with the provisions of, an order issued by a California regional water quality control board or other state or federal environmental enforcement agency, that remediation shall be adequate for the purposes of complying with this section, as the remediation pertains to the jurisdiction of the ordering agency. This paragraph does not limit the authority of the department or a unified program agency pursuant to Section 25187 as may be necessary to protect human health and safety or the environment.

(4) The generator unit shall comply with container and tank standards applicable to non-RCRA wastes, unless otherwise required by federal law, specified in subdivisions (a) and (b) of Section 66264.175 of Title 22 of the California Code of Regulations, as the standards apply to container storage and transfer activities, and to Article 9 (commencing with Section 66265.170) and Article 10 (commencing with Section 66265.190) of Chapter 15 of Division 4.5 of Title 22 of the California Code of Regulations, except for Section 66265.197 of Title 22 of the California Code of Regulations.

(A) Unless otherwise required by federal law, ancillary equipment for a tank or container treating hazardous wastes solely pursuant to this section, is not subject to Section 66265.193 of Title 22

of the California Code of Regulations, if the ancillary equipment's integrity is attested to, pursuant to Section 66265.191 of Title 22 of the California Code of Regulations, every two years from the date that retrofitting requirements would otherwise apply.

(B) (i) The Legislature hereby finds and declares that in the case of underground, gravity-pressured sewer systems, integrity testing is often not feasible.

(ii) The best feasible leak detection measures which are sufficient to ensure that underground gravity-pressured sewer systems, for which it is not feasible to conduct integrity testing, do not leak.

(iii) If it is not feasible for an operator's ancillary equipment, or a portion thereof, to undergo integrity testing, the operator shall not be subject to Section 66265.193 of Title 22 of the California Code of Regulations, if the operator implements the best feasible leak detection measures which are determined to be sufficient by the department in those regulations, and those leak detection measures do not reveal any leaks emanating from the operator's ancillary equipment. Any ancillary equipment found to leak shall be retrofitted by the operator to meet the secondary containment standards of Section 66265.196 of Title 22 of the California Code of Regulations.

(5) The generator shall prepare and maintain a written inspection schedule and a log of inspections conducted.

(6) The generator shall prepare and maintain written operating instructions and a record of the dates, concentrations, amounts, and types of waste treated. Records maintained to comply with the state, federal, or local programs may be used to satisfy this requirement, to the extent that those documents substantially comply with the requirements of this section. The operating instructions shall include, but not be limited to, directions regarding all of the following:

(A) How to operate the treatment unit and carry out waste treatment.

(B) How to recognize potential and actual process upsets and respond to them.

(C) When to implement the contingency plan.

(D) How to determine if the treatment has been efficacious.

(E) How to address the residuals of waste treatment.

(7) The generator shall maintain adequate records to demonstrate to the department and the unified program agency that the requirements and conditions of this section are met, including compliance with all applicable pretreatment standards and with all applicable industrial waste discharge requirements issued by the agency operating the publicly owned treatment works into which the wastes are discharged. The records shall be maintained onsite for a period of five years.

(8) The generator shall treat only hazardous waste which is generated onsite. For purposes of this chapter, a residual material

from the treatment of a hazardous waste generated offsite is not a waste that has been generated onsite.

(9) Except as provided in Section 25404.5, the generator shall submit a fee to the State Board of Equalization in the amount required by Section 25205.14, unless the generator is subject to a fee under a permit-by-rule. The generator shall submit that fee within 30 days of the date that the fee is assessed by the State Board of Equalization.

(d) Notwithstanding any other provision of law, the following activities are ineligible for conditional authorization:

(1) Treatment in any of the following units:

(A) Landfills.

(B) Surface impoundments.

(C) Injection wells.

(D) Waste piles.

(E) Land treatment units.

(2) Commingling of hazardous waste with any hazardous waste that exceeds the concentration limits or pH limits specified in subdivision (a), or diluting hazardous waste in order to meet the concentration limits or pH limits specified in subdivision (a).

(3) Treatment using a treatment process not specified in subdivision (a).

(4) Pretreatment or posttreatment activities not specified in subdivision (a).

(5) Treatment of any waste which is reactive or extremely hazardous.

(e) (1) Not less than 60 days prior to commencing the first treatment of hazardous waste under this section, the generator shall submit a notification, in person or by certified mail, with return receipt requested, to the department and to one of the following:

(A) The CUPA, if the generator is under the jurisdiction of a CUPA.

(B) If the generator is not under the jurisdiction of a CUPA, the notification shall be submitted to the officer or agency authorized, pursuant to subdivision (f) of Section 25404.3, to implement and enforce the requirements of this chapter listed in paragraph (1) of subdivision (c) of Section 25404.

(2) Upon demonstration of good cause by the generator, the department may allow a shorter time period, than the 60 days required by paragraph (1), between notification and commencement of hazardous waste treatment pursuant to this section.

(3) Each notification submitted pursuant to this subdivision shall be completed, dated, and signed according to the requirements of Section 66270.11 of Title 22 of the California Code of Regulations, as those requirements that were in effect on January 1, 1996, and apply to hazardous waste facilities permit applications, shall be on a form

prescribed by the department, and shall include, but not be limited to, all of the following information:

(A) The name, identification number, site address, mailing address, and telephone number of the generator to whom the conditional authorization is granted.

(B) A description of the physical characteristics and chemical composition of the hazardous waste to which the conditional authorization applies.

(C) A description of the hazardous waste treatment activity to which the conditional authorization applies, including the basis for determining that a hazardous waste facilities permit is not required under the federal act.

(D) A description of the characteristics and management of any treatment residuals.

(E) Documentation of any convictions, judgments, settlements, or orders resulting from an action by any local, state, or federal environmental or public health enforcement agency concerning the operation of the facility within the last three years, as the documents would be available under the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code) or the Information Practices Act of 1977 (Chapter 1 (commencing with Section 1798) of Title 1.8 of Part 4 of the Civil Code). For purposes of this paragraph, a notice of violation for any local, state, or federal agency does not constitute an order and a generator is not required to report the notice unless the violation is not corrected and the notice becomes a final order.

(f) Any generator operating pursuant to a grant of conditional authorization shall comply with all regulations adopted by the department relating to generators of hazardous waste.

(g) (1) Upon terminating operation of any treatment process or unit conditionally authorized pursuant to this section, the generator conducting treatment pursuant to this section shall remove or decontaminate all waste residues, containment system components, soils, and structures or equipment contaminated with hazardous waste from the unit. The removal of the unit from service shall be conducted in a manner that does both of the following:

(A) Minimizes the need for further maintenance.

(B) Eliminates the escape of hazardous waste, hazardous constituents, leachate, contaminated runoff, or waste decomposition products to the environment after the treatment process is no longer in operation.

(2) Any generator conducting treatment pursuant to this section who permanently ceases operation of a treatment process or unit that is conditionally authorized pursuant to this section shall, upon completion of all activities required under this subdivision, provide written notification, in person or by certified mail, with return receipt requested, to the department and to one of the following:

(A) The CUPA, if the generator is under the jurisdiction of a CUPA.

(B) If the generator is not under the jurisdiction of a CUPA, the notification shall be submitted to the officer or agency authorized, pursuant to subdivision (f) of Section 25404.3, to implement and enforce the requirements of this chapter listed in paragraph (1) of subdivision (c) of Section 25404.

(h) In adopting regulations pursuant to this section, the department may impose any further restrictions or limitations consistent with the conditionally authorized status conferred by this section which are necessary to protect human health and safety and the environment.

(i) The department may revoke any conditional authorization granted pursuant to this section. The department shall base a revocation on any one of the causes set forth in subdivision (a) of Section 66270.43 of Title 22 of the California Code of Regulations or in Section 25186, or upon a finding that operation of the facility in question will endanger human health and safety, domestic livestock, wildlife, or the environment. The department shall conduct the revocation of a conditional authorization granted pursuant to this section in accordance with Chapter 21 (commencing with Section 66271.1) of Division 4.5 of Title 22 of the California Code of Regulations and as specified in Section 25186.7.

(j) A generator who would otherwise be subject to this section may contract with the operator of a transportable treatment unit who is operating pursuant to a permit-by-rule, a standardized permit, or a full state hazardous waste facilities permit to treat the generator's waste. If treatment of the generator's waste takes place under such a contract, the generator is not otherwise subject to the requirements of this section, but shall comply with all other requirements of this chapter that apply to generators. The operator of the transportable treatment unit that performs onsite treatment pursuant to this subdivision shall comply with all requirements applicable to transportable treatment units operating pursuant to a permit-by-rule, as set forth in the regulations adopted by the department.

(k) (1) Within 30 days of any change in operation which necessitates modifying any of the information submitted in the notification required pursuant to subdivision (e), a generator shall submit an amended notification, in person or by certified mail, with return receipt requested, to the department and to one of the following:

(A) The CUPA, if the generator is under the jurisdiction of a CUPA.

(B) If the generator is not under the jurisdiction of a CUPA, the notification shall be submitted to the officer or agency authorized, pursuant to subdivision (f) of Section 25404.3, to implement and

enforce the requirements of this chapter listed in paragraph (1) of subdivision (c) of Section 25404.

(2) Each amended notification shall be completed, dated, and signed in accordance with the requirements of Section 66270.11 of Title 22 of the California Code of Regulations, as those requirements apply to hazardous waste facilities permit applications.

(*l*) A person who has submitted a notification to the department pursuant to subdivision (e) shall be deemed to be operating pursuant to this section, and, except as provided in Section 25404.5, shall be subject to the fee set forth in subdivision (a) of Section 25205.14 until that person submits a certification that the generator has ceased all treatment activities of hazardous waste streams authorized pursuant to this section in accordance with the requirements of subdivision (g). The certification required by this subdivision shall be submitted, in person or by certified mail, with return receipt requested, to the department and to one of the following:

(1) The CUPA, if the generator is under the jurisdiction of a CUPA.

(2) If the generator is not under the jurisdiction of a CUPA, the notification shall be submitted to the officer or agency authorized, pursuant to subdivision (f) of Section 25404.3, to implement and enforce the requirements of this chapter listed in paragraph (1) of subdivision (c) of Section 25404.

(m) The development and publication of the notification form specified in subdivision (e) is not subject to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The department shall hold at least one public workshop concerning the development of the notification form.

SEC. 4. Section 25201.5 of the Health and Safety Code is amended to read:

25201.5. (a) Notwithstanding any other provision of law, a hazardous waste facilities permit is not required for a generator who treats hazardous waste of a total weight of not more than 500 pounds, or a total volume of not more than 55 gallons, in any calendar month, if both of the following conditions are met:

(1) The hazardous waste is not an extremely hazardous waste and is listed in Section 67450.11 of Title 22 of the California Code of Regulations, as in effect on January 1, 1992, as eligible for treatment pursuant to the regulations adopted by the department for operation under a permit-by-rule and the treatment technology used is approved for that waste stream in Section 67450.11 of Title 22 of the California Code of Regulations for treatment under a permit-by-rule.

(2) The generator is not otherwise required to obtain a hazardous waste facilities permit or other grant of authorization for any other hazardous waste management activity at the facility.

(b) Notwithstanding any other provision of law, treatment in the following units is ineligible for exemption pursuant to subdivision (a) or (c):

(1) Landfills.
(2) Surface impoundments.
(3) Injection wells.
(4) Waste piles.
(5) Land treatment units.
(6) Thermal destruction units.

(c) Notwithstanding any other provision of law, a hazardous waste facilities permit or other grant of authorization is not required to conduct the following treatment activities, if the generator treats the following hazardous waste streams using the treatment technology required by this subdivision:

(1) The generator mixes or cures resins mixed in accordance with the manufacturer's instructions, including the mixing or curing of multicomponent and preimpregnated resins in accordance with the manufacturer's instructions.

(2) The generator treats a container of 110 gallons or less capacity, which is not constructed of wood, paper, cardboard, fabric, or any other similar absorptive material, for the purposes of emptying the container as specified by Section 66261.7 of Title 22 of the California Code of Regulations, as revised July 1, 1990, or treats the inner liners removed from empty containers that once held hazardous waste or hazardous material. The generator shall treat the container or inner liner by using the following technologies, if the treated containers and rinseate are managed in compliance with the applicable requirements of this chapter:

(A) The generator rinses the container or inner liner with a suitable liquid capable of dissolving or removing the hazardous constituents which the container held.

(B) The generator uses physical processes, such as crushing, shredding, grinding, or puncturing, that change only the physical properties of the container or inner liner, if the container or inner liner is first rinsed as provided in subparagraph (A) and the rinseate is removed from the container or inner liner.

(3) The generator conducts drying by pressing or by passive or heat-aided evaporation to remove water from wastes classified as special wastes by the department pursuant to Section 66261.124 of Title 22 of the California Code of Regulations.

(4) The generator conducts magnetic separation or screening to remove components from wastes classified as special wastes by the department pursuant to Section 66261.124 of Title 22 of the California Code of Regulations.

(5) The generator neutralizes acidic or alkaline wastes which are hazardous solely due to corrosivity or toxicity resulting from the presence of acidic or alkaline material from food or food byproducts, and alkaline or acidic waste, other than wastes containing nitric acid, at SIC Code Major Group 20, food and kindred product facilities, as defined in subdivision (p) of Section 25501, if both of the following conditions are met:

(A) The neutralization process does not result in the emission of volatile hazardous waste constituents or toxic air contaminants.

(B) The neutralization process is required in order to meet discharge or other regulatory requirements.

(6) Except as provided for specific waste streams in Section 25200.3, the generator conducts the separation by gravity of the following, if the activity is conducted in impervious tanks or containers constructed of noncorrosive materials, the activity does not involve the addition of heat or other form of treatment, or the addition of chemicals other than flocculants and demulsifiers, and the activity is managed in compliance with applicable requirements of federal, state, or local agency or treatment works:

(A) The settling of solids from waste where the resulting aqueous stream is not hazardous.

(B) The separation of oil/water mixtures and separation sludges, if the average oil recovered per month is less than 25 barrels.

(7) The generator is a laboratory which is certified by the State Department of Health Services or operated by an educational institution, and treats wastewater generated onsite solely as a result of analytical testing, or is a laboratory which treats less than one gallon of hazardous waste, which is generated onsite, in any single batch, subject to the following:

(A) The wastewater treated is hazardous solely due to corrosivity or toxicity that results only from the acidic or alkaline material, as defined in Section 66260.10 of Title 22 of the California Code of Regulations, or is excluded from the definition of hazardous waste by subparagraph (E) of paragraph (2) of subsection (a) of Section 66261.3 of Title 22 of the California Code of Regulations, or both.

(B) The treatment meets all of the following requirements, in addition to all other requirements of this section:

(i) The treatment complies with all applicable pretreatment requirements.

(ii) Neutralization occurs in elementary neutralization units, as defined in Section 66260.10 of Title 22 of the California Code of Regulations; wastes to be neutralized do not contain any more than 10 percent acid or base concentration by weight, or any other concentration limit which may be imposed by the department; and vessels and piping for neutralization are constructed of materials that are compatible with the range of temperatures and pH levels, and subject to appropriate pH temperature controls.

(iii) Treatment does not result in the emission of volatile hazardous waste constituents or toxic air contaminants.

(8) The hazardous waste treatment is carried out in a quality control or quality assurance laboratory at a facility that is not an offsite hazardous waste facility and the treatment activity otherwise meets the requirements of paragraph (1) of subdivision (a).

(9) Any waste stream technology combination certified by the department, pursuant to Section 25200.1.5, as suitable for

authorization pursuant to this section, that operates pursuant to the conditions imposed on that certification.

(10) The generator uses any technology that is certified by the department, pursuant to Section 25200.1.5, as effective for the treatment of formaldehyde or glutaraldehyde solutions used in health care facilities that are operated pursuant to the conditions imposed on the certification and which makes the operation appropriate to this tier. The technology may be certified using a pilot certification process until the department adopts regulations pursuant to Section 25200.1.5. This paragraph shall be operative only until April 11, 1996.

(d) A generator conducting treatment pursuant to subdivision (a) or (c) shall meet all of the following conditions:

(1) The waste being treated is generated onsite, and a residual material from the treatment of a hazardous waste generated offsite is not a waste that has been generated onsite.

(2) The treatment does not require a hazardous waste facilities permit pursuant to the federal act.

(3) The generator prepares and maintains written operating instructions and a record of the dates, amounts, and types of waste treated.

(4) The generator prepares and maintains a written inspection schedule and log of inspections conducted.

(5) The records specified in paragraphs (3) and (4) are maintained onsite for a period of three years.

(6) The generator maintains adequate records to demonstrate that it is in compliance with all applicable pretreatment standards and with all applicable industrial waste discharge requirements issued by the agency operating the publicly owned treatment works into which the wastes are discharged.

(7) (A) Not less than 60 days before commencing treatment of hazardous waste pursuant to this section, the generator shall submit a notification, in person or by certified mail, with return receipt requested, to the department and to one of the following:

(i) The CUPA, if the generator is under the jurisdiction of a CUPA.

(ii) If the generator is not under the jurisdiction of a CUPA, the notification shall be submitted to the officer or agency authorized, pursuant to subdivision (f) of Section 25404.3, to implement and enforce the requirements of this chapter listed in paragraph (1) of subdivision (c) of Section 25404.

(B) Upon demonstration of good cause by the generator, the department may allow a shorter time period, than the 60 days required by subparagraph (A), between notification and commencement of hazardous waste treatment pursuant to this section.

(C) The notification submitted pursuant to this paragraph shall be completed, dated, and signed in accordance with the requirements of Section 66270.11 of Title 22 of the California Code of Regulations,

as those requirements apply to permit applications, shall be on a form prescribed by the department, and shall include, but not be limited to, all of the following information:

(i) The name, identification number, site address, mailing address, and telephone number of the generator to whom the conditional exemption applies.

(ii) A description of the physical characteristics and chemical composition of the hazardous waste to which the conditional exemption applies.

(iii) A description of the hazardous waste treatment activity to which the conditional exemption applies, including, but not limited to, the basis for determining that a hazardous waste facilities permit is not required under the federal act.

(iv) A description of the characteristics and management of any treatment residuals.

(D) The development and publication of the notification form required under this paragraph is not subject to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The department shall hold at least one public workshop concerning the development of the notification form.

(E) Any notification submitted pursuant to this paragraph shall supersede any prior notice of intent submitted by the same generator in order to obtain a permit-by-rule under the regulations adopted by the department. This subparagraph does not require the department to refund any fees paid for any application in conjunction with the submission of a notice of intent for a permit-by-rule.

(8) (A) Upon terminating operation of any treatment process or unit exempted pursuant to this section, the generator who conducted the treatment shall remove or decontaminate all waste residues, containment system components, soils, and other structures or equipment contaminated with hazardous waste from the unit. The removal of the unit from service shall be conducted in a manner that does both of the following:

(i) Minimizes the need for further maintenance.

(ii) Eliminates the escape of hazardous waste, hazardous constituents, leachate, contaminated runoff, or waste decomposition products to the environment after treatment process is no longer in operation.

(B) Any owner or operator who permanently ceases operation of a treatment process or unit that is conditionally exempted pursuant to this section shall, upon completion of all activities required under this subdivision, provide written notification in person or by certified mail, with return receipt requested, to the department and to one of the following:

(i) The CUPA, if the generator is under the jurisdiction of a CUPA.

(ii) If the generator is not under the jurisdiction of a CUPA, the notification shall be submitted to the officer or agency authorized, pursuant to subdivision (f) of Section 25404.3, to implement and

enforce the requirements of this chapter listed in paragraph (1) of subdivision (c) of Section 25404.

(9) The waste is managed in accordance with all applicable requirements for generators of hazardous waste under this chapter and the regulations adopted by the department pursuant to this chapter.

(10) Except as provided in Section 25404.5, the generator submits a fee in the amount required by Section 25205.14, unless the generator is subject to a fee under a permit-by-rule or a grant of conditional authorization pursuant to Section 25200.3. The generator shall submit that fee within 30 days of the date that the fee is assessed by the State Board of Equalization, in the manner specified by Section 43152.10 of the Revenue and Taxation Code.

(e) (1) Unless otherwise required by federal law, ancillary equipment for a tank or container treating hazardous wastes solely pursuant to this section is not subject to Section 66265.193 of Title 22 of the California Code of Regulations, if the ancillary equipment's integrity is attested to pursuant to Section 66265.191 of Title 22 of the California Code of Regulations every two years from the date that retrofitting requirements would otherwise apply.

(2) (A) The Legislature hereby finds and declares that, in the case of underground, gravity-pressured sewer systems, integrity testing is often not feasible.

(B) The department shall, by regulation, determine the best feasible leak detection measures which are sufficient to ensure that underground gravity-pressured sewer systems, for which it is not feasible to conduct integrity testing, do not leak.

(C) If it is not feasible for an operator's ancillary equipment, or a portion thereof, to undergo integrity testing, the operator shall not be subject to Section 66265.193 of Title 22 of the California Code of Regulations, if the operator implements the best feasible leak detection measures that are determined to be sufficient by the department in those regulations, and those leak detection measures do not reveal any leaks emanating from the operator's ancillary equipment. Any ancillary equipment found to leak shall be retrofitted by the operator to meet the full secondary containment standards of Section 66265.196 of Title 22 of the California Code of Regulations.

(f) Nothing in this section shall abridge any authority granted to the department, a unified program agency, or local health officer or local public officer designated pursuant to Section 25180, by any other provision of law to impose any further restrictions or limitations upon facilities subject to this section, that the department, a unified program agency, or local health officer or local public officer designated pursuant to Section 25180, determines to be necessary to protect human health or the environment.

(g) A generator that would otherwise be subject to this section may contract with the operator of a transportable treatment unit who

is operating pursuant to this section to treat the generator's waste. If treatment of the generator's waste takes place under such a contract, the generator is not otherwise subject to the requirements of this section, but shall comply with all other requirements of this chapter that apply to generators. The operator of the transportable treatment unit shall comply with all of the applicable requirements of this section and, for purposes of this section, the operator of the transportable treatment unit shall be deemed to be the generator.

(h) A generator conducting activities which are exempt from this chapter pursuant to Section 66261.7 of Title 22 of the California Code of Regulations, as that section read on January 1, 1993, is not required to comply with this section.

(i) (1) Within 30 days of any change in operation which necessitates modifying any of the information submitted in the notification required pursuant to paragraph (7) of subdivision (d), a generator shall submit an amended notification, in person or by certified mail, with return receipt requested, to the department and to one of the following:

(A) The CUPA, if the generator is under the jurisdiction of a CUPA.

(B) If the generator is not under the jurisdiction of a CUPA, the notification shall be submitted to the officer or agency authorized, pursuant to subdivision (f) of Section 25404.3, to implement and enforce the requirements of this chapter listed in paragraph (1) of subdivision (c) of Section 25404.

(2) Each amended notification made pursuant to this subdivision shall be completed, dated, and signed in accordance with the requirements of Section 66270.11 of Title 22 of the California Code of Regulations, as those requirements apply to hazardous waste facilities permit applications.

(j) A person who submitted a notification to the department pursuant to paragraph (7) of subdivision (d) shall be deemed to be operating pursuant to this section, and, except as provided in Section 25404.5, shall be subject to the fee set forth in subdivision (c) of Section 25205.14 until that person submits a certification that the generator has ceased all treatment activities of hazardous waste streams authorized pursuant to this section in accordance with the requirements of paragraph (8) of subdivision (d). The certification required by this subdivision shall be submitted, in person or by certified mail, with return receipt requested, to the department and to one of the following:

(1) The CUPA, if the generator is under the jurisdiction of a CUPA.

(2) If the generator is not under the jurisdiction of a CUPA, the notification shall be submitted to the officer or agency authorized, pursuant to subdivision (f) of Section 25404.3, to implement and enforce the requirements of this chapter listed in paragraph (1) of subdivision (c) of Section 25404.

SEC. 5. Section 25201.5.1 of the Health and Safety Code is repealed.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

[Approved by Governor August 18, 1998. Filed with Secretary of State August 19, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 2290.5 of the Business and Professions Code is amended to read:

2290.5. (a) (1) For the purposes of this section, "telemedicine" means the practice of health care delivery, diagnosis, consultation, treatment, transfer of medical data, and education using interactive audio, video, or data communications. Neither a telephone conversation nor an electronic mail message between a health care practitioner and patient constitutes "telemedicine" for purposes of this section.

(2) For purposes of this section, "interactive" means an audio, video, or data communication involving a real time (synchronous) or near real time (asynchronous) two-way transfer of medical data and information.

(b) For the purposes of this section, "health care practitioner" has the same meaning as "licentiate" as defined in paragraph (2) of subdivision (a) of Section 805.

(c) Prior to the delivery of health care via telemedicine, the health care practitioner who has ultimate authority over the care or primary diagnosis of the patient shall obtain verbal and written informed consent from the patient or the patient's legal representative. The informed consent procedure shall ensure that at least all of the following information is given to the patient or the patient's legal representative verbally and in writing:

(1) The patient or the patient's legal representative retains the option to withhold or withdraw consent at any time without affecting the right to future care or treatment nor risking the loss or withdrawal of any program benefits to which the patient or the patient's legal representative would otherwise be entitled.

(2) A description of the potential risks, consequences, and benefits of telemedicine.

(3) All existing confidentiality protections apply.

(4) All existing laws regarding patient access to medical information and copies of medical records apply.

(5) Dissemination of any patient identifiable images or information from the telemedicine interaction to researchers or other entities shall not occur without the consent of the patient.

(d) A patient or the patient's legal representative shall sign a written statement prior to the delivery of health care via telemedicine, indicating that the patient or the patient's legal representative understands the written information provided pursuant to subdivision (a), and that this information has been discussed with the health care practitioner, or his or her designee.

(e) The written consent statement signed by the patient or the patient's legal representative shall become part of the patient's medical record.

(f) The failure of a health care practitioner to comply with this section shall constitute unprofessional conduct. Section 2314 shall not apply to this section.

(g) All existing laws regarding surrogate decisionmaking shall apply. For purposes of this section, "surrogate decisionmaking" means any decision made in the practice of medicine by a parent or legal representative for a minor or an incapacitated or incompetent individual.

(h) Except as provided in paragraph (3) of subdivision (c), this section shall not apply when the patient is not directly involved in the telemedicine interaction, for example when one health care practitioner consults with another health care practitioner.

(i) This section shall not apply in an emergency situation in which a patient is unable to give informed consent and the representative of that patient is not available in a timely manner.

(j) This section shall not apply to a patient under the jurisdiction of the Department of Corrections or any other correctional facility.

(k) This section shall not be construed to alter the scope of practice of any health care provider or authorize the delivery of health care services in a setting, or in a manner, not otherwise authorized by law.

SEC. 2. Section 11019 of the Government Code is amended to read:

11019. (a) Any department or authority specified in subdivision (b) may, upon determining that an advance payment is essential for the effective implementation of a program within the provisions of this section, and to the extent funds are available, advance to a community-based private nonprofit agency with which it has contracted, pursuant to federal law and related state law, for the delivery of services, not to exceed 25 percent of the annual allocation to be made pursuant to the contract and those laws, during the fiscal year to the private nonprofit agency. Advances in excess of 25 percent may be made on contracts financed by a federal program when the advances are not prohibited by federal guidelines. Advance payments may be provided for services to be performed under any contract with a total annual contract amount of four hundred thousand dollars ($400,000) or less. This amount shall be increased by 5 percent, as determined by the Department of Finance, for each year commencing with 1989. Advance payments may also be made with respect to any contract which the Department of Finance determines has been entered into with any community-based private nonprofit agency with modest reserves and potential cash-flow problems. No advance payment shall be granted if the total annual contract exceeds four hundred thousand dollars ($400,000), without the prior approval of the Department of Finance.

The specific departments and authority mentioned in subdivision (b) shall develop a plan to establish control procedures for advance payments. Each plan shall include a procedure whereby the

department or authority determines whether or not an advance payment is essential for the effective implementation of a particular program being funded. Each plan is required to be approved by the Department of Finance.

(b) Subdivision (a) shall apply to the Emergency Medical Service Authority, the California Department of Aging, the State Department of Developmental Services, the State Department of Alcohol and Drug Programs, the Department of Corrections, the Department of Economic Opportunity, the Employment Development Department, the State Department of Health Services, the State Department of Mental Health, the Department of Rehabilitation, the State Department of Social Services, the Department of the Youth Authority, the State Department of Education, the area boards on developmental disabilities, the Organization of Area Boards, the Office of Statewide Health Planning and Development, and the California Environmental Protection Agency, including all boards and departments contained therein.

Subdivision (a) shall also apply to the Health and Welfare Agency which may make advance payments, pursuant to the requirements of that subdivision, to multipurpose senior services projects as established in Sections 9400 to 9413, inclusive, of the Welfare and Institutions Code.

(c) A county may, upon determining that an advance payment is essential for the effective implementation of a program within the provisions of this section, and to the extent funds are available, and not more frequently than once each fiscal year, advance to a community-based private nonprofit agency with which it has contracted, pursuant to any applicable federal or state law, for the delivery of services, not to exceed 25 percent of the annual allocation to be made pursuant to the contract and those laws, during the fiscal year to the private nonprofit agency.

SEC. 3. Section 95001 of the Government Code is amended to read:

95001. (a) The Legislature hereby finds and declares all of the following:

(1) There is a need to provide appropriate early intervention services individually designed for infants and toddlers from birth through two years of age, who have disabilities or are at risk of having disabilities, to enhance their development and to minimize the potential for developmental delays.

(2) Early intervention services for infants and toddlers with disabilities or at risk represent an investment of resources, in that these services reduce the ultimate costs to our society, by minimizing the need for special education and related services in later school years and by minimizing the likelihood of institutionalization. These services also maximize the ability of families to better provide for the special needs of their child. Early intervention services for infants

and toddlers with disabilities maximize the potential to be effective in the context of daily life and activities, including the potential to live independently, and exercise the full rights of citizenship. The earlier intervention is started, the greater is the ultimate cost-effectiveness and the higher is the educational attainment and quality of life achieved by children with disabilities.

(3) The family is the constant in the child's life, while the service system and personnel within those systems fluctuate. Because the primary responsibility of an infant or toddler's well-being rests with the family, services should support and enhance the family's capability to meet the special developmental needs of their infant or toddler with disabilities.

(4) Family to family support strengthens families' ability to fully participate in services planning and their capacity to care for their infant or toddler with disabilities.

(5) Meeting the complex needs of infants with disabilities and their families requires active state and local coordinated, collaborative and accessible service delivery systems that are flexible, culturally competent and responsive to family identified needs. When health, developmental, educational and social programs are coordinated, they are proven to be cost-effective, not only for systems, but for families as well.

(6) Family-professional collaboration contributes to changing the ways that early intervention services are provided and to enhancing their effectiveness.

(7) Infants and toddlers with disabilities are a part of their communities, and as citizens make valuable contributions to society as a whole.

(b) Therefore, it is the intent of the Legislature that:

(1) Funding provided under Part H of the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1471 et seq.), be used to improve and enhance early intervention services as defined in this title by developing innovative ways of providing family focused, coordinated services, which are built upon existing systems.

(2) The State Department of Developmental Services, the California Department of Education, the State Department of Health Services, the State Department of Mental Health, the State Department of Social Services, and the State Department of Alcohol and Drug Programs coordinate services to infants and toddlers with disabilities and their families. These agencies need to collaborate with families and communities to provide a family-centered, comprehensive, multidisciplinary, interagency community-based, early intervention system for infants and toddlers with disabilities.

(3) Families be well informed, supported, and respected as capable and collaborative decisionmakers regarding services for their child.

(4) Professionals be supported to enhance their training and maintain a high level of expertise in their field, as well as knowledge of what constitutes most effective early intervention practices.

(5) Families and professionals join in collaborative partnerships to develop early intervention services which meet the needs of infants and toddlers with disabilities, and that such partnerships be the basis for the development of services which meet the needs of the culturally and linguistically diverse population of California.

(6) To the maximum extent possible, infants and toddlers with disabilities and their families be provided services in the most natural environment, and include the use of natural supports and existing community resources.

(7) The services delivery system be responsive to the families and children it serves within the context of cooperation and coordination among the various agencies.

(8) Early intervention program quality be assured and maintained through established early intervention program and personnel standards.

(9) The early intervention system be responsive to public input and participation in the development of implementation policies and procedures for early intervention services through the forum of an interagency coordinating council established pursuant to federal regulations under Part H of the Individuals with Disabilities Education Act.

(c) It is not the intent of the Legislature to require the State Department of Education to implement this title unless adequate reimbursement, as specified and agreed to by the department, is provided to the department from federal funds from Part H of the Individuals with Disabilities Education Act.

SEC. 4. Section 95007 of the Government Code is amended to read:

95007. The State Department of Developmental Services shall serve as the lead agency responsible for administration and coordination of the statewide system. The specific duties and responsibilities of the State Department of Developmental Services shall include, but are not limited to, all of the following:

(a) Establishing a single point of contact with the federal Office of Special Education Programs for the administration of Part H of the Individuals with Disabilities Education Act.

(b) Administering the state early intervention system in accordance with Part H of the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1471 et seq.), and applicable regulations and approved state application.

(c) Administering mandatory and discretionary components as specified in Sections 95022 and 95024.

(d) Administering fiscal arrangements and interagency agreements with participating agencies and community-based organizations to implement this title.

(e) Establishing interagency procedures, including the designation of local coordinating structures, as are necessary to share agency information and to coordinate policymaking activities.

(f) Adopting written procedures for receiving and resolving complaints regarding violations of Part H of the Individuals with Disabilities Education Act by public agencies covered under this title, as specified in Section 1476(b)(9) of Title 20 of the United States Code and appropriate federal regulations.

(g) Establishing, adopting, and implementing procedural safeguards that comply with the requirements of Part H of the Individuals with Disabilities Education Act, as specified in Section 1480 of Title 20 of the United States Code and appropriate federal regulations.

(h) (1) Monitoring of agencies, institutions, and organizations receiving assistance under this title.

(2) Monitoring shall be conducted by interagency teams that are sufficiently trained to ensure compliance. Interagency teams shall consist of, but not be limited to, representatives from the State Department of Developmental Services, the State Department of Education, the interagency coordinating council, or a local family resource center or network parent, direct service provider, or any other agency responsible for providing early intervention services.

(3) All members of an interagency team shall have access to all information that is subject to review. Members of each interagency team shall maintain the confidentiality of the information, and each member of the interagency team shall sign a written agreement of confidentiality.

(4) A summary of monitoring issues and findings shall be forwarded biannually to the interagency coordinating council for review.

(i) Establishing innovative approaches to information distribution, family support services, and interagency coordination at the local level.

(j) Ensuring the provision of appropriate early intervention services to all infants eligible under Part H of the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1471 et seq.) and under Section 95014, except for those infants who have solely a low incidence disability as defined in Section 56026.5 of the Education Code and who are not eligible for services under the Lanterman Development Disabilities Services Act (Division 4.5 (commencing with Section 4500) of the Welfare and Institutions Code).

The development and implementation of subdivisions (e) to (h), inclusive, shall be a collaborative effort between the State Department of Developmental Services and the State Department of Education. In establishing the written procedures for receiving and resolving complaints as specified in subdivision (f) and in establishing and implementing procedural safeguards as specified in subdivision (g), it is the intent of the Legislature that these

procedures be identical for all infants served under this act and shall be in accordance with Section 303.400 and subdivision (b) of Section 303.420 of Title 34 of the Code of Federal Regulations. The procedural safeguards and due process requirements established under this title shall replace and be used in lieu of due process procedures contained in Chapter 1 (commencing with Section 4500) of Division 4.5 of the Welfare and Institutions Code and Part 30 (commencing with Section 56500) of the Education Code for infants and their families eligible under this title.

SEC. 5. Section 95012 of the Government Code is amended to read:

95012. (a) The following departments shall cooperate and coordinate their early intervention services for eligible infants and their families under this title, and need to collaborate with families and communities, to provide a family-centered, comprehensive, multidisciplinary, interagency, community-based early intervention system:

(1) State Department of Developmental Services.
(2) State Department of Education.
(3) State Department of Health Services.
(4) State Department of Social Services.
(5) State Department of Mental Health.
(6) State Department of Alcohol and Drug Programs.

(b) Each participating department shall enter into an interagency agreement with the State Department of Developmental Services. Each interagency agreement shall specify, at a minimum, the agency's current and continuing level of financial participation in providing services to infants and toddlers with disabilities and their families. Each interagency agreement shall also specify procedures for resolving disputes in a timely manner. Interagency agreements shall also contain provisions for ensuring effective cooperation and coordination among agencies concerning policymaking activities associated with the implementation of this title, including legislative proposals, regulation development, and fiscal planning. All interagency agreements shall be reviewed annually and revised as necessary.

SEC. 6. Section 95016 of the Government Code is amended to read:

95016. (a) Each infant or toddler referred for evaluation for early intervention services shall have a timely, comprehensive, multidisciplinary evaluation of his or her needs and level of functioning in order to determine eligibility. In the process of determining eligibility of an infant or toddler, an assessment shall be conducted by qualified personnel, and shall include a family interview, to identify the child's unique strengths and needs and the services appropriate to meet those needs; and the resources, priorities and concerns of the family and the supports and services necessary to enhance the family's capacity to meet the

developmental needs of their infant or toddler. Evaluations and assessments shall be shared and utilized between the regional center and the local education agency, and any other agency providing services for the eligible infant or toddler, as appropriate. Family assessments shall be family directed and voluntary on the part of the family. Families shall be afforded the opportunity to participate in all decisions regarding eligibility and services.

(b) Regional centers and local education agencies or their designees shall be responsible for ensuring that the requirements of this section are implemented. The procedures, requirements, and timelines for evaluation and assessment shall be consistent with the statutes and regulations under Part H of the Individuals with Disabilities Education Act (20 U.S.C. 1471 et seq.), applicable regulations, and this title, and shall be specified in regulations adopted pursuant to Section 95028.

SEC. 7. Section 95018 of the Government Code is amended to read:

95018. Each eligible infant or toddler and family shall be provided a service coordinator who will be responsible for facilitating the implementation of the individualized family service plan and for coordinating with other agencies and persons providing services to the family. The qualifications, responsibilities, and functions of service coordinators shall be consistent with the statutes and regulations under Part H and this title, and shall be specified in regulations adopted pursuant to Section 95028. The State Department of Developmental Services shall ensure that service coordinators, as defined in federal law, meet federal and state regulation requirements, are trained to work with infants and their families, and meet competency requirements set forth in subsection (d) of Section 303.22 of Title 34 of the Code of Federal Regulations. Service coordinator caseloads shall be an overall average of 62 consumers to each staff member. Pursuant to Section 303.521 of Title 34 of the Code of Federal Regulations, service coordination is not subject to any fees that might be established for any other federal or state program.

SEC. 8. Section 95020 of the Government Code is amended to read:

95020. (a) Each eligible infant or toddler shall have an individualized family service plan. The individualized family service plan shall be used in place of an individualized program plan required pursuant to Sections 4646 and 4646.5 of the Welfare and Institutions Code, the individual education plan required pursuant to Section 56340 of the Education Code, or any other applicable service plan.

(b) For an infant or toddler who has been evaluated for the first time, a meeting to share the results of the evaluation, to determine eligibility and, for children who are eligible, to develop the initial individualized family service plan shall be conducted within 45

calendar days of receipt of the written referral. Evaluation results and determination of eligibility may be shared in a meeting with the family prior to the individualized family service plan. Written parent consent to evaluate and assess shall be obtained within the 45-day timeline. A regional center, local education agency, or their designees shall initiate and conduct this meeting. Families shall be afforded the opportunity to participate in all decisions regarding eligibility and services.

(c) Parents shall be fully informed of their rights, including the right to invite any other person, including a family member or an advocate or peer parent, or any or all of them, to accompany them to any or all individualized family service plan meetings. With parental consent, a referral shall be made to the local family resource center or network.

(d) The individualized family service plan shall be in writing and shall address all of the following:

(1) A statement of the infant or toddler's present levels of physical development including vision, hearing, and health status, cognitive development, communication development, social and emotional development, and adaptive developments.

(2) With the concurrence of the family, a statement of the family's concerns, priorities, and resources related to meeting the special developmental needs of the eligible infant or toddler.

(3) A statement of the major outcomes expected to be achieved for the infant or toddler and family where services for the family are related to meeting the special developmental needs of the eligible infant or toddler.

(4) The criteria, procedures, and timelines used to determine the degree to which progress toward achieving the outcomes is being made and whether modifications or revisions are necessary.

(5) A statement of the specific early intervention services necessary to meet the unique needs of the infant or toddler as identified in paragraph (3), including, but not limited to, the frequency, intensity, location, duration, and method of delivering the services, and ways of providing services in natural environments.

(6) A statement of the agency responsible for providing the identified services.

(7) The name of the service coordinator who shall be responsible for facilitating implementation of the plan and coordinating with other agencies and persons.

(8) The steps to be taken to ensure transition of the infant or toddler upon reaching three years of age to other appropriate services. These may include, as appropriate, special education or other services offered in natural environments.

(9) The projected dates for the initiation of services in paragraph (5) and the anticipated duration of those services.

(e) Each service identified on the individualized family service plan shall be designated as one of three types:

(1) An early intervention service, as defined in Part H (20 U.S.C. Section 1472 (2)), and applicable regulations, that is provided or purchased through the regional center, local education agency, or other participating agency. The State Department of Health Services, State Department of Social Services, State Department of Mental Health, and State Department of Alcohol and Drug Programs shall provide services in accordance with state and federal law and applicable regulations, and up to the level of funding as appropriated by the Legislature. Early intervention services identified on an individualized family service plan that exceed the funding, statutory, and regulatory requirements of these departments shall be provided or purchased by regional centers or local education agencies under subdivisions (b) and (c) of Section 95014. The State Department of Health Services, State Department of Social Services, State Department of Mental Health, and State Department of Alcohol and Drug Programs shall not be required to provide early intervention services over their existing funding, statutory, and regulatory requirements.

(2) Any other service, other than those specified in paragraph (1), which the eligible infant or toddler or his or her family may receive from other state programs, subject to the eligibility standards of those programs.

(3) A referral to a nonrequired service that may be provided to an eligible infant or toddler or his or her family. Nonrequired services are those services that are not defined as early intervention services or do not relate to meeting the special developmental needs of an eligible infant or toddler related to the disability, but which may be helpful to the family. The granting or denial of nonrequired services by any public or private agency is not subject to appeal under this title.

(f) An annual review, and other periodic reviews of the individualized family service plan for an infant's or toddler and the infant or toddler's family shall be conducted to determine the degree of progress that is being made in achieving the outcomes specified in the plan and whether modification or revision of the outcomes or services is necessary. The frequency, participants, purpose, and required processes for annual and periodic reviews shall be consistent with the statutes and regulations under Part H and this title, and shall be specified in regulations adopted pursuant to Section 95028.

(c) In addition, all general acute care hospitals shall have the ability to identify the location of all portions of a patient's medical record that are maintained under the general acute care hospital's license.

(d) All general acute care hospitals, including those holding a consolidated general acute care license pursuant to Section 1250.8, shall develop and implement policies and procedures to ensure that relevant portions of patients' medical records can be made available within a reasonable period of time to respond to the request of a treating physician, other authorized medical professionals, authorized representatives of the department, or any other person authorized by law to make such a request, taking into consideration the physical location of the records and hours of operation of the facility where those records are located, as well as the best interests of the patients.

SEC. 13. Section 1265.5 of the Health and Safety Code is amended to read:

1265.5. (a) Prior to the initial licensure or renewal of a license of any person or persons to operate or manage an intermediate care facility/developmentally disabled habilitative, intermediate care facility/developmentally disabled nursing, or intermediate care facility/developmentally disabled, other than a state-operated intermediate care facility/developmentally disabled, or upon hiring any direct care staff, the state department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant, facility administrator or manager, any direct care staff, or any other adult living in the same location, has ever been convicted of a crime other than a minor traffic violation. Nothing in this section shall be construed to require a criminal record check of a person receiving services in an intermediate care facility/developmentally disabled habilitative, intermediate care facility/developmentally disabled nursing, or intermediate care facility/developmentally disabled.

(b) Subject to subdivision (c), the application for licensure or renewal shall be denied if the criminal record indicates that any person described in subdivision (a) has been convicted of a violation or attempted violation of any one or more of the following Penal Code provisions: Section 187, subdivision (a) of Section 192, Section 203, 205, 206, 207, 209, 210, 210.5, 211, 220, 222, 243.4, 245, 261, 262, or 264.1, Sections 265 to 267, inclusive, Section 273a, 273d, 273.5, or 285, subdivisions (c), (d), (f), and (g) of Section 286, Section 288, subdivisions (c), (d), (f), and (g) of Section 288a, Section 288.5, 289, 289.5, 368, 451, 459, 470, 475, 484, or 484b, Sections 484d to 484j, inclusive, Section 487, 488, 496, 503, 518, or 666.

(c) An application shall not be denied pursuant to subdivision (b), if any of the following applies:

(2) The person was convicted of a misdemeanor and the information or accusation against him or her has been dismissed pursuant to Section 1203.4 or 1203.4a of the Penal Code.

(3) The person was convicted of a felony or a misdemeanor, but has previously disclosed the fact of each conviction to the department, and the department has made a determination in accordance with law that the conviction does not disqualify the person.

(4) The application for licensure or renewal shall also be denied if the criminal record of the person includes a conviction in another state for an offense that, if committed or attempted in this state, would have been punishable as one or more of the offenses set forth in subdivision (b), unless evidence of rehabilitation comparable to the certificate of rehabilitation or dismissal of a misdemeanor as set

forth in paragraph (1) or (2) of subdivision (b) is provided to the department.

(d) If the criminal record indicates any conviction other than a minor traffic violation or a conviction listed in subdivision (b), the department shall deny the application for licensure or renewal, unless it determines that the person has been rehabilitated, after consideration of the following factors:

(1) The nature and the seriousness of the crime under consideration.

(e) For purposes of this section, "direct care staff" means all facility staff who are trained and experienced in the care of persons with developmental disabilities and who directly provide program and nursing services to clients. Administrative and licensed personnel shall be considered direct care staff when directly providing program and nursing services to clients.

(f) Upon employment of any person specified in subdivision (a), prior to any contact with patients or residents, the facility shall submit fingerprint cards to the department for the purpose of obtaining a criminal record check.

(g) Within five working days of the receipt of the criminal record or information from the Department of Justice, the department shall notify the licensee or applicant of any criminal convictions.

SEC. 14. Chapter 4 (commencing with Section 53250) is added to Part 4 of Division 31 of the Health and Safety Code, to read:

CHAPTER 4. CALIFORNIA STATEWIDE SUPPORTIVE HOUSING INITIATIVE ACT

53250. The Legislature finds and declares all of the following:

(a) Decent, affordable housing is an essential human need that relates directly to families and persons achieving self-sufficiency and maximizing their independence.

(b) The presence of homeless persons on our streets and the existence of unsafe, unsanitary housing constitute conditions that increase public health and safety problems.

(c) At least 150,000 people are homeless in California, and studies indicate that at least one-half are disabled with mental illness, medical problems, other health conditions, or other special needs.

(d) Very low income people with disabilities cycle through costly, short-term crisis programs, such as hospital emergency rooms,

psychiatric hospitalization, emergency shelters, and jails, and fail to make a long-term transition to stability and permanent housing.

(e) Evidence from around the country shows that a significant percentage of those who are trying to move from welfare to work face substantial barriers, including mental health and other health-related disabilities.

(f) Supportive housing, which blends affordable housing with necessary support and employment services, has been shown to be effective in stabilizing tenants so that they regain a stake in the community.

(g) Supportive housing has been shown to decrease by 50 percent the use of emergency medical services and incarceration, reduce recidivism among substance abusers by more than 50 percent, increase employment rates by 100 percent, and successfully retain tenants at rates exceeding 80 percent.

(h) Supportive housing has previously been developed and operated primarily with local government, federal government, philanthropic, and private sector support.

(i) Supportive housing is currently available to only one or two of every 10 Californians who could benefit from it.

(j) By establishing a supportive housing initiative, the state can leverage substantial local, federal, and private support, reduce costs, and ensure that existing supportive housing programs are sustained and that new supportive housing programs are developed.

(k) It is further the intent of the Legislature in enacting this chapter to encourage local communities to enter into partnerships that expand and strengthen supportive housing opportunities for very low income Californians with disabilities such as mental illness, HIV and AIDS, chemical dependency, and other chronic health conditions, or individuals eligible for services provided under the Lanterman Developmental Disabilities Services Act.

(*l*) It is the intent of the Legislature that state funds provide the incentive and leverage for local governments, the nonprofit sector, and the private sector to invest resources that expand and strengthen supportive housing opportunities.

(m) It is further the intent of the Legislature that local communities, in their applications for state funding, will identify, based upon a local assessment of need, both of the following:

(1) The specific characteristics of those among the target population that will live in the supportive housing.

(2) The types of supportive housing arrangements that are most appropriate.

(n) It is further the intent of the Legislature that funding provided for the Statewide Supportive Housing Initiative shall be used for the array of groups identified in the target population, as defined in subdivision (d) of Section 53260.

53255. This chapter shall be known and may be cited as the California Statewide Supportive Housing Initiative Act.

53260. For the purposes of this chapter, the following definitions apply:

(a) "Council" means the Supportive Housing Program Council.

(b) "Lead agency" means the State Department of Mental Health, which shall be the governmental agency that is primarily responsible for administering this chapter.

(c) "Supportive housing" means housing with no limit on length of stay, that is occupied by the target population, and that is linked to onsite or offsite services that assist the tenant to retain the housing, improve his or her health status, maximize their ability to live and, when possible, to work in the community. This housing may include apartments, single-room occupancy residences, or single-family homes.

(d) "Target population" means adults with low incomes having one or more disabilities, including mental illness, HIV or AIDS, substance abuse, or other chronic health conditions, or individuals eligible for services provided under the Lanterman Developmental Disabilities Services Act (Division 4.5 (commencing with Section 4500) of the Welfare and Institutions Code) and may, among other populations, include families with children, elderly persons, young adults aging out of the foster care system, individuals exiting from institutional settings, or homeless people.

53265. (a) In order to encourage the integration of housing and services, it is the intent of the Legislature to promote interagency coordination and collaboration among not only local private and public agencies, but also among the state agencies responsible for the provision of housing and support services to very low income Californians.

(b) Therefore there is hereby established the Supportive Housing Program Council to assist with the implementation of this chapter.

(c) Members of the council shall include all of the following:

(1) The following state officials or their designees.

(A) The Secretary of the Health and Welfare Agency.

(B) The Secretary of the Business, Transportation and Housing Agency.

(C) The directors of the State Department of Mental Health, the State Department of Developmental Services, the State Department of Social Services, the State Department of Health Services, the California Department of Aging, the Department of Housing and Community Development, the State Department of Alcohol and Drug Programs, the California Housing Finance Agency, the Department of Rehabilitation, and the Department of Employment Development.

(2) Three consumer representatives from the target population, appointed by the Secretary of the Health and Welfare Agency, shall also serve on the council.

(d) The duties of the council shall include all of the following:

(1) Developing, promoting, and implementing policy supporting this chapter.

(2) Assisting the lead agency in reviewing the requests for grant applications, reviewing grant applications submitted to the lead agency, and providing the lead agency with recommendations for awarding grants pursuant to Section 53275.

(3) Reviewing input regarding program policy and direction from individuals and entities with experience with the target population.

(4) Assisting the lead agency to coordinate programs under this chapter with special needs housing programs offered by government or private lenders.

(5) Assisting the lead agency in fulfilling its responsibilities under this chapter.

(6) Providing recommendations to the lead agency regarding this chapter.

(7) At the request of the lead agency, assisting agencies in planning and implementing this chapter including assisting with local technical assistance.

53270. The department shall award grants to local government or private nonprofit agencies for services to the target population in accordance with this chapter.

53275. (a) Grants shall be awarded by the lead agency based upon the recommendations of the council and pursuant to this chapter. The lead agency shall issue requests for applications for awarding the grants, which shall specify maximum dollar amounts for which grants may be awarded. The request for applications also shall specify other criteria, as required by this chapter. Applicants may apply for a single supportive housing project, or may submit a single application for several projects.

(b) The lead agency shall award grants as follows:

(1) Grants shall be awarded for up to a three-year period. Each award shall be in an amount not to exceed four hundred fifty thousand dollars ($450,000) for a single project, or one million dollars ($1,000,000) for an application from a single jurisdiction for several projects at the discretion of the lead agency, in consultation with the council. At the discretion of the lead agency, these grants may include up to twenty-five thousand dollars ($25,000) for one-time startup grants which may be used, among other things, for purchasing equipment or furniture, hiring staff, designing a program evaluation, or hiring a consultant.

(2) All grants awarded under this subdivision shall be matched by the grantee with fifty cents ($0.50) for each one dollar ($1) awarded in the first year, one dollar ($1) for each one dollar ($1) awarded in the second year, and one dollar and fifty cents ($1.50) for each one dollar ($1) awarded in the third year. The match shall be contributed in cash or as services or resources of comparable value. It is the intent of the Legislature that participants seek and utilize private funds, or

public funds administered by the federal or local governments for this purpose.

(3) In order to receive a grant under this chapter, an applicant shall demonstrate a need for supportive housing for low-income individuals with special needs and a local commitment to providing funding for the purpose of developing and operating supportive housing.

(c) A local nonprofit agency or local government agency shall be eligible for a grant under this chapter if it demonstrates in its program plan that it:

(1) Meets local priorities for supportive housing as identified in a publicly adopted planning document, such as the Consolidated Plan prepared for the Department of Housing and Urban Development, the Continuum of Care Plan, or a local plan for housing services for the target population.

(2) Provides evidence that affordable housing linked to services appropriate to the target population will be made available.

(3) Has established collaborative agreements with housing and service programs to deliver the necessary services and housing to the target population.

(4) Requests funding supplements and does not supplant existing funding.

53280. The lead agency shall give preference to proposals that do any of the following:

(a) Provide supportive housing to underserved target groups for which few alternative resources are available.

(b) Demonstrate collaborative agreements between entities that fund and provide local public and private housing services.

(c) Demonstrate cost avoidance as compared to other housing and service or institutional options available to the specific target population.

(d) Propose to serve the target population with an average income of not more than 100 percent of the federal poverty guidelines, or higher at the discretion of the council.

(e) Demonstrate the capacity and readiness to begin operation of a supportive housing program within one year of receiving the grant.

53285. (a) Each local nonprofit agency, local government agency, or group of agencies seeking a grant under this chapter shall submit an application to the lead agency at a time and manner, and with appropriate information, as the lead agency may reasonably require.

(b) Each application shall include all of the following:

(1) A description of the proposed supportive housing, including the target population or populations to be served, the type of housing and its location, and the services to be provided. If the application includes funding for housing services, a detailed description of how the funds will be used for operating or leasing subsidies.

(2) Documentation of the need for the supportive housing.

(3) A description of the objectives of the supportive housing, the amount and sources of required funding, the existing resources to be used or redirected, the priorities for development and timing of the supportive housing program, and the procedure for evaluation, including specific targets and outcome measures, provisions for data collection and recordkeeping, and the proposed results or outcomes of the supportive housing.

(4) Information on the track record and financial status of the agencies providing the services and the housing.

(5) A description of technical assistance needs, if any.

(6) A plan for continuing to carry out the supportive housing program at the end of the three-year funding period.

53290. For purposes of this chapter, support services include, but are not limited to:

53300. No more than 10 percent of the amount appropriated in a fiscal year for the purposes of this chapter may be used for state administration of this chapter, including evaluation and technical assistance. Technical assistance shall include, but is not limited to, assisting with collaborations, providing information, and convening training workshops. The Legislature shall be notified of the administrative costs of this program pursuant to Section 28 of the Budget Act.

53305. (a) The lead agency shall ensure that adequate resources are available to conduct an evaluation. The lead agency shall ensure that an evaluation of this chapter is conducted and completed as follows:

(1) An interim evaluation shall be completed and submitted to the Legislature at the end of the first 18 months in which grants are first awarded.

(2) A final evaluation shall be completed and submitted to the Legislature within nine months of the end of the three-year grant period.

(b) The evaluation shall be based upon the outcomes and methodologies for measuring success in achieving each proposed outcome identified by grantees, and shall, at a minimum, include outcomes related to cost avoidance, housing stability, quality of services, and the health status of tenants.

(c) The lead agency or its designee shall provide technical assistance to local jurisdictions in designing and completing the evaluation, including identification of a methodology for collecting the necessary information, and assistance with obtaining that information from state agencies to the extent necessary.

(d) The lead agency or its designee shall compile the information on outcomes from all grantees into a single interim evaluation, and a single final evaluation.

SEC. 15. It is the intent of the Legislature that, in conjunction with a proposal to enhance funding for an emerging infectious disease program at the state level, that the Legislature seek to enhance and strengthen the capability of local health jurisdictions to form a state-local system to control communicable disease and to closely monitor the health status of the state's population.

SEC. 16. Section 100171 of the Health and Safety Code is amended to read:

100171. Notwithstanding any other provision of law, whenever the department is authorized or required by statute, regulation, due process (Fourteenth Amendment, United States Constitution; subdivision (a) of Section 7 of Article I, California Constitution), or a contract, to conduct an adjudicative hearing leading to a final decision of the director or the department, the following shall apply:

(a) The proceeding shall be conducted pursuant to the administrative adjudication provisions of Chapter 4.5 (commencing with Section 11400) and Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, except as specified in this section.

(b) Notwithstanding Section 11502 of the Government Code, whenever the department conducts a hearing under Chapter 4.5 (commencing with Section 11400) or Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, the hearing shall be conducted before an administrative law judge selected by the department and assigned to a hearing office that complies with the procedural requirements of Chapter 4.5 (commencing with Section 11400) of Part 1 of Division 3 of Title 2 of the Government Code.

(c) Notwithstanding Section 11508 of the Government Code, whenever the department conducts a hearing under Chapter 4.5 (commencing with Section 11400) or Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government

Code, the time and place of the hearing shall be determined by the staff assigned to the hearing office of the department, unless the department by regulation specifies otherwise.

(d) (1) The following sections of the Government Code shall apply to any adjudicative hearing conducted by the department only if the department has not, by regulation, specified an alternative procedure for the particular type of hearing at issue: Section 11503 (relating to accusations), Section 11504 (relating to statements of issues), Section 11505 (relating to the contents of the statement to respondent), Section 11506 (relating to the notice of defense), Section 11507.6 (relating to discovery rights and procedures), Section 11508 (relating to the time and place of hearings), and Section 11516 (relating to amendment of accusations).

(2) Any alternative procedure specified by the department in accordance with this subdivision shall conform to the purpose of the Government Code provision it replaces insofar as it is possible to do so consistent with the specific procedural requirements applicable to the type of hearing at issue.

(3) Any alternative procedures adopted by the department under this subdivision shall not diminish the amount of notice given of the issues to be heard by the department or deprive appellants of the right to discovery suitable to the particular proceedings. Modifications of timeframes or of the place of hearing made by regulation may not lengthen timeframes within which the department is required to act nor require hearings to be held at a greater distance from the appellant's place of residence or business than is the case under the otherwise applicable Government Code provision.

(e) The specific timelines specified in Section 11517 of the Government Code shall not apply to any adjudicative hearing conducted by the department to the extent that the department has, by regulation, specified different timelines for the particular type of hearing at issue.

(f) In the case of any adjudicative hearing conducted by the department, "transcript," as used in subdivision (c) of Section 11517 of the Government Code, shall be deemed to include any alternative form of recordation of the oral proceedings, including, but not limited to, an audiotape.

(g) Pursuant to Section 11415.50 of the Government Code, the department may, by regulation, provide for any appropriate informal procedure to be used for an informal level of review that does not itself lead to a final decision of the department or the director. The procedures specified in Article 10 (commencing with Section 11445.10) of Chapter 4.5 of Part 1 of Division 3 of Title 2 of the Government Code shall not apply to any such an informal level of review.

(h) Notwithstanding any other provision of law, any adjudicative hearing conducted by the department that is conducted pursuant to

a federal statutory or regulatory requirement that contains specific procedures may be conducted pursuant to those procedures to the extent they are inconsistent with the procedures specified in this section.

(i) Nothing in this section shall apply to a fair hearing involving a Medi-Cal beneficiary insofar as the hearing is, by agreement or otherwise, heard before an administrative law judge employed by the State Department of Social Services, or insofar as the hearing is being held pursuant to Division 4.5 (commencing with Section 4500) of the Welfare and Institutions Code in connection with services provided by the State Department of Developmental Services under applicable federal medicaid waivers. Nothing in this subdivision shall be interpreted as abrogating the authority of the State Department of Health Services as the single state agency under the state medicaid plan.

(j) Nothing in this provision shall supersede express provisions of law that apply to any hearing that is not adjudicative in nature or that does not involve due process rights specific to an individual or specific individuals, as opposed to the general public or a segment of the general public.

SEC. 17. Section 101230 of the Health and Safety Code is amended to read:

101230. From the appropriation made for the purposes of this article, allocation shall be made to the administrative bodies of qualifying local health jurisdictions described as public health administrative organizations in Section 101185 in the following manner:

(a) A basic allotment as follows:

To the administrative bodies of local health jurisdictions a basic allotment of fifty thousand dollars ($50,000) per local health jurisdiction or twenty-one and seven-tenths cents ($0.2171048900) per capita, whichever is greater. The population estimates used for the calculation of the per capita allotment shall be based on the Department of Finance's E-1 Report, "City/County Population Estimates with Annual Percentage Changes" as of January 1 of the previous fiscal year. However, if within a county there are one or more city health jurisdictions, the county shall subtract the population of the city or cities from the county total population for purposes of calculating the per capita total. If the amounts appropriated are insufficient to fully fund the allocations specified in this subdivision, the State Department of Health Services shall prorate and adjust each local health jurisdiction's allocation using the same percentage that each local health jurisdiction's allocation represents to the total appropriation under the allocation methodology specified in this subdivision.

(b) A per capita allotment, determined as follows:

After deducting the amounts allowed for the basic allotment as provided in subdivision (a), the balance of the appropriation, if any,

shall be allotted on a per capita basis to the administrative body of each local health jurisdiction in the proportion that the population of that local health jurisdiction bears to the population of all qualified local health jurisdictions of the state.

(c) Beginning in the fiscal year 1998–99, funds appropriated for the purposes of this article shall be used to supplement existing levels of the services described in paragraphs (1) and (2) of subdivision (d) provided by qualifying participating local health jurisdictions. As part of a county's or city's annual realignment trust fund report to the Controller, a participating county or city shall annually certify to the Controller that it has deposited county or city funds equal to or exceeding the amount described in subdivisions (a) and (b) of Section 17608.10. The county or city shall not be required to submit any additional reports or modifications to existing reports to document compliance with this subdivision. Funds shall be disbursed quarterly in advance to local health jurisdictions beginning July 1, 1998. If a county or city does not accept its allocation, any unallocated funds provided under this section shall be redistributed according to subdivision (b) to the participating counties and cities that remain.

(d) Funds shall be used for the following:

(1) Communicable disease control activities. Communicable disease control activities shall include, but not be limited to, communicable disease prevention, epidemiologic services, public health laboratory identification, surveillance, immunizations, follow-up care for sexually transmitted disease and tuberculosis control, and support services.

(2) Community and public health surveillance activities. These activities shall include, but not be limited to, epidemiological analyses, and monitoring and investigating communicable diseases and illnesses due to other untoward health events.

(e) Funds shall not be used for medical services, including jail medical treatment, except as provided in subdivision (d).

101300. (a) (1) The board of supervisors of a county with a population of less than 50,000 may enter into a contract with the department and the department may enter into a contract with that county to organize and operate a local public health service in that county.

(2) The department may conduct the local public health service either directly, or by contract with other agencies, or by some combination of these methods as agreed upon by the department and the board of supervisors of the county concerned.

(3) The board of supervisors may create a county board of public health or similar local advisory group.

(b) Any county proposing to contract with the department pursuant to this section in the 1992–93 fiscal year and each fiscal year thereafter shall submit to the department a notice of intent to

contract adopted by the board of supervisors no later than March 1 of the fiscal year preceding the fiscal year for which the agreement will be in effect in accordance with procedures established by the department. A county may withdraw this notice no later than May 1 of the fiscal year preceding the fiscal year for which the agreement will be in effect in accordance with procedures established by the department. If a county fails to withdraw its notice by this date, it shall be responsible for any and all necessary costs incurred by the department in providing or preparing to provide public health services in that county.

(c) A county contracting with the department pursuant to this section shall not be relieved of its public health care obligation under Section 101025.

(d) (1) Any county contracting with the department pursuant to this section shall pay, by the 15th of each month, the agreed contract amount.

(2) If a county does not make the agreed monthly payment, the department may terminate the county's participation in the program.

(e) The counties and the department shall work collectively to ensure that expenditures do not exceed the funds available for the program in any fiscal year.

(f) The Legislature hereby determines that an expedited contract process for contracts under this section is necessary. Contracts under this section shall be exempt from Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code.

(g) The state shall not incur any liability except as specified in this section.

SEC. 19. Section 101305 of the Health and Safety Code is amended to read:

101305. Any counties that were eligible for organization and operation of local public health services by the department pursuant to former Section 1157, as amended by Section 130 of Chapter 429 of the Statutes of 1978, as of January 1, 1988, shall continue to be eligible, notwithstanding an increase in total population beyond the 50,000 population limit of that section.

SEC. 20. Section 103640 of the Health and Safety Code is amended to read:

(a) In addition to the fees prescribed by subdivisions (a) to (d), inclusive, of Section 103625, all applicants for certified copies of the records described in those subdivisions shall pay an additional fee of up to two dollars ($2), that shall be collected by the State Registrar, the local registrar, county recorder, or county clerk, as the case may be.

(b) Except as provided in paragraph (2), the local public official charged with the collection of the additional fee established pursuant to subdivision (a) may create a Vital and Health Statistics Trust Fund.

The fees collected by local public officials pursuant to subdivision (a) shall be distributed as follows:

(1) Up to ninety cents ($0.90) of each fee collected pursuant to this section shall be deposited with the State Registrar for deposit pursuant to Section 102250.

(2) The remainder of the fee collected pursuant to this section shall be deposited into the collecting agency's Vital and Health Statistics Trust Fund.

(3) Any local public official that does not establish a local Vital and Health Statistics Trust Fund shall forward the entire fee collected pursuant to this section to the State Registrar, who shall deposit the fees pursuant to Section 102250.

(4) Fees collected by the State Registrar shall be deposited pursuant to Section 102250.

(c) Moneys in each Vital and Health Statistics Trust Fund shall be available to the public official charged with the collection of fees pursuant to this section to defray the administrative costs of collecting and reporting with respect to those fees and for the other costs, as follows:

(1) Modernization of vital record operations, including improvement, automation, and technical support of vital record systems.

(2) Improvement in the collection and analysis of health-related birth and death certificate information, and other community health data collection and analysis, as appropriate.

(d) Funds collected pursuant to this section shall not be used to supplant existing funding that is necessary for the daily operation of vital record systems. It is the intent of the Legislature that funds collected pursuant to this section be used to enhance service to the public, to improve analytical capabilities of state and local health authorities in addressing the health needs of newborn children, maternal health problems, and to analyze the health status of the general population.

(e) Each county shall annually submit a report to the State Registrar by March 1, containing information on the amount of revenues collected pursuant to this section for the previous calendar year and on how the revenues were expended and for what purpose.

(f) This section shall remain in effect only until January 1, 2002, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2002, deletes or extends that date.

(g) This section shall become operative on January 1, 1997.

SEC. 21. Section 104569 is added to the Health and Safety Code, to read:

104569. Funds appropriated for purposes of this program for a fiscal year shall be available for expenditure without regard to fiscal year.

SEC. 22. Section 123975 of the Health and Safety Code is amended to read:

123975. (a) The department, in consultation with selected representatives of participating neonatal intensive care units, shall establish a system to screen all newborns and infants for hearing loss as defined in subdivision (e) of Section 124116 and create and maintain a system of assessment and followup services for newborns and infants identified by the screening in approved neonatal intensive care units participating in the California Children's Services Program. Screening, assessment and followup services and reporting of these services shall be provided in a manner consistent with Article 6.5 (commencing with Section 124115) of Chapter 3.

This section shall not be applicable to a newborn child whose parent or guardian objects to the tests on the ground that the tests conflict with his or her religious beliefs or practices.

(b) It is the intent of the Legislature, in enacting this section, to ensure the establishment and maintenance of protocols and quality of standards.

(c) The department shall implement this section for newborns and infants in neonatal intensive care units participating in the California Children's Services Program.

SEC. 23. Article 6.5 (commencing with Section 124115) is added to Chapter 3 of Part 2 of Division 106 of the Health and Safety Code, to read:

Article 6.5. Newborn and Infant Hearing Screening, Tracking, and Intervention Program

124115. This article shall be known, and may be cited as, the Newborn and Infant Hearing Screening, Tracking and Intervention Act.

124115.5. (a) The Legislature finds and declares all of the following:

(1) Hearing loss occurs in newborns more frequently than any other health condition for which newborn screening is currently required.

(2) Early detection of hearing loss, early intervention, and followup services before six months of age, have been demonstrated to be highly effective in facilitating the development of a child's health and communication and cognitive skills.

(3) The State of California supports the National Healthy People 2000 goals, which promote early identification of children with hearing loss.

(4) Children of all ages can receive reliable and valid screening for hearing loss in a cost-effective manner.

(5) Appropriate screening and identification of newborns and infants with hearing loss will facilitate early intervention during this critical time for development of communication, and may, therefore, serve the public purposes of promoting the healthy development of

children and reducing public expenditure for health care and special education and related services.

(b) The purposes of this article shall be to do all of the following:

(1) Provide early detection of hearing loss in newborns, as soon after birth as possible, to enable children who fail a hearing screening and their families and other caregivers to obtain needed confirmatory tests or multidisciplinary evaluation, or both, and intervention services, at the earliest opportunity.

(2) Prevent or mitigate delays of language and communication development that could lead to academic failures associated with late identification of hearing loss.

(3) Provide the state with the information necessary to effectively plan, establish, and evaluate a comprehensive system of appropriate services for parents with newborns and infants who have a hearing loss.

124116. As used in this article:

(a) "Birth admission" means the time after birth that the newborn remains in the hospital nursery prior to discharge.

(b) "CCS" means the California Children's Services program administered through the State Department of Health Services.

(c) "Department" means the State Department of Health Services.

(d) "Followup services" means all of the following:

(1) All services necessary to diagnose and confirm a hearing loss.

(2) Ongoing audiological services to monitor hearing.

(3) Communication services, including, but not limited to, aural rehabilitation, speech, language, social, and psychological services.

(4) Necessary support of the infant and family.

(e) "Hearing loss" means a hearing loss of 30 decibels or greater in the frequency region important for speech recognition and comprehension in one or both ears (from 500 through 4000 Hz). However, as technology allows for changes to this definition through the detection of less severe hearing loss, the department may modify this definition by regulation.

(f) "Infant" means a child 29 days through 12 months old.

(g) "Intervention services" means the early intervention services described in Part C of the Individuals with Disabilities Education Act (20 U.S.C. Sec. 1475 et seq.).

(h) "Newborn" means a child less than 29 days old.

(i) "Newborn hearing screening services" means those hearing screening tests that are necessary to achieve the identification of all newborns and infants with a hearing loss.

(j) "Parent" means a natural parent, adoptive parent, or legal guardian of a child.

124116.5. (a) (1) Every CCS-approved general acute care hospital with licensed perinatal services in this state shall offer all parents of a newborn, upon birth admission, a hearing screening test for the identification of hearing loss, using protocols approved by the

department or its designee. The department shall begin phasing in implementation of a comprehensive hearing screening program by CCS-approved general acute care hospitals with licensed perinatal services on or after July 1, 1999, and a 100 percent participation shall be achieved by December 31, 2002.

(2) In order to meet the department's certification criteria, a hospital shall be responsible for developing a screening program that provides competent hearing screening, utilizes appropriate staff and equipment for administering the testing, completes the testing prior to the newborn's discharge from a newborn nursery unit, refers infants with abnormal screening results, maintains and reports data as required by the department, and provides physician and family-parent education.

(b) A hearing screening test provided for pursuant to subdivision (a) shall be performed by a licensed physician, licensed registered nurse, licensed audiologist, or an appropriately trained individual who is supervised in the performance of the test by a licensed health care professional.

124117. The department or its designee shall approve hospitals for participation as newborn hearing screening providers. These facilities shall then receive payment from the department for the newborn hearing screening services provided to newborns and infants eligible for the Medi-Cal or CCS programs in accordance with this article.

124118. The department or its designee shall provide every CCS-approved acute care hospital that has licensed perinatal services or a CCS-approved neonatal intensive care unit (NICU), or both, as specified in Section 123975, written information on the current and most effective means available to screen the hearing of newborns and infants, and shall provide technical assistance and consultation to these hospitals in developing a system of screening each newborn and infant receiving care at the facility. The information shall also include the mechanism for referral of newborns and infants with abnormal test results.

124118.5. (a) The department shall establish a system of early hearing detection and intervention centers that shall provide technical assistance and consultation to hospitals in the startup and ongoing implementation of a facility screening program and followup system.

(b) The early hearing detection and intervention centers shall be chosen by the department according to standards and criteria developed by the California Children's Services Program (CCS). Each center shall be responsible for a separate geographic catchment area as determined by the program.

(c) Each center shall be required to develop a system that shall provide outreach and education to hospitals in its catchment area, approve hospitals on behalf of the department for participation as newborn hearing screening providers, maintain a data base of all

newborns and infants screened in the catchment area, ensure appropriate follow up for newborns and infants with an abnormal screen including diagnostic evaluation and referral to intervention service programs if the newborn or infant is found to have a hearing loss, and provide coordination with the CCS and local early intervention programs as defined in Title 14 (commencing with Section 95000) of the Government Code.

124119. (a) The department shall develop and implement a reporting and tracking system for newborns and infants tested for hearing loss.

(b) The system shall provide the department with information and data to effectively plan, establish, monitor, and evaluate the Newborn and Infant Hearing Screening, Tracking and Intervention Program, including the screening and followup components, as well as the comprehensive system of services for newborns and infants who are deaf or hard-of-hearing and their families.

(c) Every CCS-approved acute care hospital with licensed perinatal services or CCS-approved NICU, or both, in this state shall report to the department or the department's designee information as specified by the department to be included in the department's reporting and tracking system.

(d) All providers of audiological follow up and diagnostic services provided under this article shall report to the department or the department's designee information as specified by the department to be included in the department's reporting and tracking system.

(e) The information compiled and maintained in the tracking system shall be kept confidential in accordance with Chapter 5 (commencing with Section 10850) of Part 1 of Division 9 of the Welfare and Institutions Code, the Information Practices Act of 1977 (Chapter 1 (commencing with Section 1798) of Title 1.8 of Part 4 of Division 3 of the Civil Code), and the applicable requirements and provisions of Part C of the federal Individuals with Disabilities Education Act (20 U.S.C. Sec. 1475 et seq.).

(f) Data collected by the tracking system obtained directly from the medical records of the newborn or infant shall be for the confidential use of the department and for the persons or public or private entities that the department determines are necessary to carry out the intent of the reporting and tracking system.

(g) A health facility, clinical laboratory, audiologist, physician, registered nurse, or any other officer or employee of a health facility or laboratory or employee of an audiologist or physician, shall not be criminally or civilly liable for furnishing information to the department or its designee pursuant to the requirements of this section.

124119.5. Parents of all newborns and infants diagnosed with a hearing loss shall be provided written information on the availability of community resources and services for children with hearing loss, including those provided in accordance with the federal Individuals

with Disabilities Education Act (20 U.S.C. Sec. 1400 et seq.), through the reporting and tracking system followup procedures. Information shall include listings of local and statewide nonprofit deaf and hard-of-hearing consumer-based organizations, parent support organizations affiliated with deafness, and programs offered through the State Department of Social Services, Office of Deaf Access, State Department of Developmental Services, and the State Department of Education.

124120. The department shall conduct a community outreach and awareness campaign to inform medical providers, pregnant women, and the families of newborns and infants on the availability of the newborn hearing screening program and the value of early hearing testing. The outreach and awareness campaign shall be conducted by an independent contractor.

124120.5. A newborn hearing screening test shall not be performed without the written consent of the parent.

SEC. 24. Section 124560 is added to the Health and Safety Code, to read:

(c) The committee shall be composed of 11 members, appointed by the Director of Health Services, who are knowledgeable concerning the health care needs of seasonal and migratory farm workers and their families. Committee members shall serve two-year terms. Two members shall be nominated by the Speaker of the Assembly, and two by the Senate Committee on Rules. The members of the committee shall be selected from the following categories of persons:

(1) Seasonal and migratory farm workers and their families.

(2) Health care providers from nonprofit community health centers that have a documented history of serving seasonal and migratory agricultural workers.

(3) Health care professionals.

(4) Private citizens with documented experience in serving the seasonal agricultural and migratory worker population.

SEC. 25. Section 125000 of the Health and Safety Code is amended to read:

125000. (a) It is the policy of the State of California to make every effort to detect, as early as possible, phenylketonuria and other preventable heritable or congenital disorders leading to mental retardation or physical defects.

The department shall establish a genetic disease unit, that shall coordinate all programs of the department in the area of genetic

disease. The unit shall promote a statewide program of information, testing, and counseling services and shall have the responsibility of designating tests and regulations to be used in executing this program.

The information, tests, and counseling for children shall be in accordance with accepted medical practices and shall be administered to each child born in California once the department has established appropriate regulations and testing methods. The information, tests, and counseling for pregnant women shall be in accordance with accepted medical practices and shall be offered to each pregnant woman in California once the department has established appropriate regulations and testing methods. These regulations shall follow the standards and principles specified in Section 124980. The department may provide laboratory testing facilities or contract with any laboratory that it deems qualified to conduct tests required under this section. However, notwithstanding Section 125005, provision of laboratory testing facilities by the department shall be contingent upon the provision of funding therefor by specific appropriation to the Genetic Disease Testing Fund enacted by the Legislature. If moneys appropriated for purposes of this section are not authorized for expenditure to provide laboratory facilities, the department may nevertheless contract to provide laboratory testing services pursuant to this section and shall perform laboratory services, including, but not limited to, quality control, confirmatory, and emergency testing, necessary to ensure the objectives of this program.

(b) The department shall charge a fee for any tests performed pursuant to this section. The amount of the fee shall be established and periodically adjusted by the director in order to meet the costs of this section.

(c) The department shall inform all hospitals or physicians and surgeons, or both, of required regulations and tests and may alter or withdraw any of these requirements whenever sound medical practice so indicates.

(d) This section shall not apply if a parent or guardian of the newborn child objects to a test on the ground that the test conflicts with his or her religious beliefs or practices.

(e) The genetic disease unit is authorized to make grants or contracts or payments to vendors approved by the department for all of the following:

(1) Testing and counseling services.

(2) Demonstration projects to determine the desirability and feasibility of additional tests or new genetic services.

(3) To initiate the development of genetic services in areas of need.

(4) To purchase or provide genetic services from any sums as are appropriated for this purpose.

(f) The genetic disease unit shall evaluate and prepare recommendations on the implementation of tests for the detection of hereditary and congenital diseases, including, but not limited to, cystic fibrosis and congenital adrenal hyperplasia. The genetic disease unit shall also evaluate and prepare recommendations on the availability and effectiveness of preventative followup interventions, including the use of specialized medically necessary dietary products.

It is the intent of the Legislature that funds for the support of the evaluations and recommendations required pursuant to this subdivision, and for the activities authorized pursuant to subdivision (e), shall be provided in the annual Budget Act appropriation from the Genetic Disease Testing Fund.

(g) Health care providers that contract with a prepaid group practice health care service plan that annually has at least 20,000 births among its membership, may provide, without contracting with the department, any or all of the testing and counseling services required to be provided under this section or the regulations adopted pursuant thereto, if the services meet the quality standards and adhere to the regulations established by the department and the plan pays that portion of a fee established under this section that is directly attributable to the department's cost of administering the testing or counseling service and to any required testing or counseling services provided by the state for plan members. The payment by the plan, as provided in this subdivision, shall be deemed to fulfill any obligation the provider or the provider's patient may have to the department to pay a fee in connection with the testing or counseling service.

(h) The department may appoint experts in the area of genetic screening, including, but not limited to, cytogenetics, molecular biology, prenatal, specimen collection, and ultrasound to provide expert advice and opinion on the interpretation and enforcement of regulations adopted pursuant to this section. These experts shall be designated agents of the state with respect to their assignments. These experts shall receive no salary, but shall be reimbursed for expenses associated with the purposes of this section. All expenses of the experts for the purposes of this section shall be paid from the Genetic Disease Testing Fund.

SEC. 26. Section 125070 of the Health and Safety Code is amended to read:

125070. Laboratories licensed by the department shall not offer the maternal serum-alpha fetoprotein screening test for prenatal detection of neural tube defects of the fetus until the department has developed regulations, under the authorization granted by Section 124980. However, laboratories providing this testing, as of July 21, 1983, may continue to provide this testing until these regulations become operative. The department shall adopt regulations pursuant to this section.

SEC. 27. Section 12693.95 of the Insurance Code is amended to read:

12693.95. (a) The board in consultation with the Department of Alcohol and Drug Programs shall provide the Legislature by April 15, 1998, a proposal assessing the viability of providing additional drug and alcohol treatment services for children enrolled in the program.

If the board determines that it is feasible to provide additional federal funds received pursuant to Title XXI (commencing with Section 2101) of the Social Security Act to counties to finance drug and alcohol services and required federal approval is obtained, the board shall negotiate with participating health plans to establish memoranda of understanding between plans and counties to facilitate referral of children in need of these services.

(b) Based on the April 15, 1998, report by the board to the Legislature, the Legislature finds and declares that there is a statewide gap in publicly funded alcohol and other drug treatment for adolescents which is significant and systemic.

(1) Therefore, the Department of Alcohol and Drug Programs, in cooperation with the board, shall do the following:

(A) Review capacity needs for the Healthy Families Program target group after year one data has been collected and an assessment of the adequacy of the benefit can be made.

(B) Upon contract renewal, require participating health plans to collect and report the data.

(C) By September 1, 1999, provide the policy and fiscal committees of the Legislature with an analysis of the data obtained by the Department of Alcohol and Drug Programs and from the participating health plans.

4434. (a) Notwithstanding preexisting rights to enforce the Lanterman Developmental Disabilities Services Act (Division 4.5 (commencing with Section 4500)), it is the intent of the Legislature that the department ensure that the regional centers operate in compliance with federal and state law and regulation and provide services and supports to consumers in compliance with the principles and specifics of this division.

(b) The department shall take all necessary actions to support regional centers to successfully achieve compliance with this section and provide high quality services and supports to consumers and their families.

(c) The contract between the department and individual regional centers required by Chapter 5 (commencing with Section 4620) of Division 4.5 shall include a provision requiring each regional center to render services in accordance with applicable provisions of state laws and regulations. In the event that the department finds a regional center has violated this requirement, or whenever it appears that any regional center has engaged in or is about to engage in any act or practice constituting a violation of any provision of Division 4.5 (commencing with Section 4500) or any regulation adopted thereunder, the department shall promptly take the appropriate steps necessary to ensure compliance with the law, including actions authorized under Section 4632 or 4635. The department, as the director deems appropriate, may pursue other legal or equitable remedies for enforcement of the obligations of regional centers

including, but not limited to, seeking specific performance of the contract between the department and the regional center or otherwise act to enforce compliance with Division 4.5 (commencing with Section 4500) or any regulation adopted thereunder.

(d) As part of its responsibility to monitor regional centers, the department shall collect and review printed materials issued by the regional centers, including, but not limited to, purchase of service policies and other policies and guidelines utilized by regional centers when determining the services needs of a consumer, instructions and training materials for regional center staff, board meeting agendas and minutes, and general policy and notifications provided to all providers and consumers and families. Within a reasonable period of time, the department shall review new or amended purchase-of-service policies prior to implementation by the regional center to ensure compliance with statute and regulation. The department shall take appropriate and necessary steps to prevent regional centers from utilizing a policy or guideline that violates any provision of Division 4.5 (commencing with Section 4500) or any regulation adopted thereunder.

SEC. 31. Section 4511 is added to the Welfare and Institutions Code, to read:

4511. (a) The Legislature finds and declares that meeting the needs and honoring the choices of persons with developmental disabilities and their families requires information, skills and coordination and collaboration between consumers, families, regional centers, advocates and service and support providers.

(b) The Legislature further finds and declares that innovative and ongoing training opportunities can enhance the information and skills necessary and foster improved coordination and cooperation between system participants.

(c) The department shall be responsible, subject to the availability of fiscal and personnel resources, for securing, providing, and coordinating training to assist consumers and their families, regional centers, and services and support providers in acquiring the skills, knowledge, and competencies to achieve the purposes of this division.

(d) This training may include health and safety issues; person-centered planning; consumer and family rights; building circles of support; training and review protocols for the use of psychotropic and other medications; crime prevention; life quality assessment and outcomes; maximizing inclusive opportunities in the community; how to communicate effectively with consumers; and developing opportunities for decisionmaking.

(e) Whenever possible, the department shall utilize existing training tools and expertise.

(f) Each training module shall include an evaluation component.

(g) The department shall establish an advisory group, consisting of consumers, family members, regional centers, service providers,

advocates and legislative representatives. The advisory group shall make recommendations for training subjects, review the design of training modules, and assess training outcomes.

SEC. 32. Section 4513 is added to the Welfare and Institutions Code, to read:

4513. (a) Whenever the department allocates funds to a regional center through a request for proposal process to implement special projects funded through the Budget Act, the department shall require that the regional center demonstrate community support for the proposal.

(b) In awarding funds to regional centers to implement such proposals, the department shall consider, among other indicators, the following:

(1) The demonstrated commitment of the regional center in establishing or expanding the service or support.

(2) The demonstrated ability of the regional center to implement the proposal.

(3) The success or failure of previous efforts to establish or expand the service or support.

(4) The need for the establishment or expansion of the service and support in the regional center catchment area as compared to other geographic areas.

(c) The department may require periodic progress reports from the regional center in implementing a proposal.

(d) The department shall ensure that each funded and implemented proposal be evaluated and that the evaluation process include the input of consumers, families, providers and advocates, as appropriate.

(e) The department shall make these evaluations available to the public, upon request.

(f) The department shall develop and implement strategies for fostering the duplication of successful projects.

SEC. 33. Section 4596.5 of the Welfare and Institutions Code is amended to read:

4596.5. (a) In order to remain informed about the quality of services in the area and protect the legal, civil, and service rights of persons with developmental disabilities pursuant to Section 4590, the Legislature finds that it is necessary to conduct life quality assessments with consumers served by the regional centers.

(b) It is the intent of the Legislature that life quality assessments described in this section be conducted by area boards, unless an independent evaluation of the life quality assessment process, that shall be completed by April 30, 1998, identifies compelling reasons why this function should not be conducted by area boards.

(c) By July 1, 1998, the department shall enter into an interagency agreement with the Organization of Area Boards, on behalf of the area boards, to conduct the life quality assessments described in this section.

(d) Consistent with the responsibilities described in this chapter, the area board, with the consent of the consumer and, when appropriate, a family member, shall conduct life quality assessments with consumers living in out-of-home placements, supported living arrangements, or independent living arrangements no less than once every three years or more frequently upon the request of a consumer, or, when appropriate, a family member. A regional center or the department shall annually provide the local area board with a list, including, but not limited to, the name, address, and telephone number of each consumer, and, when appropriate, a family member, the consumer's date of birth, and the consumer's case manager, for all consumers living in out-of-home placements, supported living arrangements, or independent living arrangements, in order to facilitate area board contact with consumers and, when appropriate, family members, for the purpose of conducting life quality assessments.

(e) The life quality assessments shall be conducted by utilizing the State Department of Developmental Services' Looking at Life Quality Handbook.

(f) The assessments shall be conducted by consumers, families, providers, and others, including volunteer surveyors. Each area board shall recruit, train, supervise, and coordinate surveyors. Upon request, and if feasible, the area board shall respect the request of a consumer and, when appropriate, family member, for a specific surveyor to conduct the life quality assessment. An area board may provide stipends to surveyors.

(g) A life quality assessment shall be conducted within 90 days prior to a consumer's triennial individual program plan meeting, so that the consumer and regional center may use this information as part of the planning process.

(h) Prior to conducting a life quality assessment, the area board shall meet with the regional center to coordinate the exchange of appropriate information necessary to conduct the assessment and ensure timely followup to identified violations of any legal, civil, or service rights.

(i) Following the conduct of each life quality assessment, the area board shall develop a report of its findings and provide a copy of the report to the consumer, when appropriate, family members, and the regional center providing case management services to the consumer. In the event that a report identifies alleged violations of any legal, civil, or service right, the area board shall notify the regional center and the department of the alleged violation. The department shall monitor the regional center to ensure that violations are addressed and resolved in a timely manner.

(j) Regional centers shall review information from the life quality assessments on a systemic basis in order to identify training and resource development needs.

(k) Effective August 1, 1999, and annually thereafter, the Organization of Area Boards shall prepare and submit a report to the Governor, the Legislature, and the department describing the activities and accomplishments related to the implementation of this section. The report shall include, but not be limited to, the number of life quality assessments conducted, the number of surveyors, including those provided stipends, a description of the surveyor recruitment process and training program, including any barriers to recruitment, the number, nature, and outcome of any identified violations of legal, civil, or service rights reported to regional centers, and recommendations for improvement in the life quality assessment process.

(*l*) Implementation of this section shall be subject to an annual appropriation of funds in the state Budget Act for this purpose.

(m) If the department finds, based on the results of the independent study described in subdivision (b), that there is a compelling reason why the area boards should not conduct the life quality assessments, it may select an alternative governmental agency or contract with a nonprofit agency to conduct the life quality assessments as described in this section. The department shall notify the Governor and the Legislature of such a finding, including the reasons for the finding and a description of the alternative method by which the department will ensure the life quality assessment process is completed.

SEC. 34. Section 4629 of the Welfare and Institutions Code is amended to read:

4629. (a) The state shall enter into five-year contracts with regional centers, subject to the annual appropriation of funds by the Legislature.

(b) The contracts shall include a provision requiring each regional center to render services in accordance with applicable provision of state laws and regulations.

(c) (1) The contracts shall include annual performance objectives that shall do both of the following:

(A) Be specific, measurable, and designed to do all of the following:

(i) Assist consumers to achieve life quality outcomes.

(ii) Achieve meaningful progress above the current baselines.

(iii) Develop services and supports identified as necessary to meet identified needs.

(B) Be developed through a public process as described in the department's guidelines that includes, but is not limited to, all of the following:

(i) Providing information, in an understandable form, to the community about regional center services and supports, including budget information and baseline data on services and supports and regional center operations.

(ii) Conducting a public meeting where participants can provide input on performance objectives and using focus groups or surveys to collect information from the community.

(iii) Circulating a draft of the performance objectives to the community for input prior to presentation at a regional center board meeting where additional public input will be taken and considered before adoption of the objectives.

(2) In addition to the performance objectives developed pursuant to this section, the department may specify in the performance contract additional areas of service and support that require development or enhancement by the regional center. In determining those areas, the department shall consider public comments from individuals and organizations within the regional center catchment area, the distribution of services and supports within the regional center catchment area, and review how the availability of services and supports in the regional area catchment area compares with other regional center catchment areas.

(d) Each contract with a regional center shall specify steps to be taken to ensure contract compliance, including, but not limited to, all of the following:

(1) Incentives that encourage regional centers to meet or exceed performance standards.

(2) Levels of probationary status for regional centers that do not meet, or are at risk of not meeting, performance standards. The department shall require that corrective action be taken by any regional center which is placed on probation. Corrective action may include, but is not limited to, mandated consultation with designated representatives of the Association of Regional Center Agencies or a management team designated by the department, or both. The department shall establish the specific timeline for the implementation of corrective action and monitor its implementation. When a regional center is placed on probation, the department shall provide the appropriate area board with a copy of the correction plan, timeline, and any other action taken by the department relating to the probationary status of the regional center.

(e) In order to evaluate the regional center's compliance with its contract performance objectives and legal obligations related to those objectives, the department shall do both of the following:

(1) Annually assess each regional center's achievement of its previous year's objectives and make the assessment, including baseline data and performance objectives of the individual regional centers, available to the public. The department may make a special commendation of the regional centers that have best engaged the community in the development of contract performance objectives and have made the most meaningful progress in meeting or exceeding contract performance objectives.

(2) Monitor the activities of the regional center to ensure compliance with the provisions of its contracts, including, but not limited to, reviewing all of the following:

(A) The regional center's public process for compliance with the procedures sets forth in paragraph (2) of subdivision (c).

(B) Each regional center's performance objectives for compliance with the criteria set forth in paragraph (1) of subdivision (c).

(C) Any public comments on regional center performance objectives sent to the department or to the regional centers, and soliciting public input on the public process and final performance standards.

(f) The renewal of each contract shall be contingent upon compliance with the contract including, but not limited to, the performance objectives, as determined through the department's evaluation.

SEC. 35. Section 4631 of the Welfare and Institutions Code is amended to read:

4631. (a) In order to provide to the greatest extent practicable a larger degree of uniformity and consistency in the services, funding, and administrative practices of regional centers throughout the state, the State Department of Developmental Services shall, in consultation with the regional centers, adopt regulations prescribing a uniform accounting system, a uniform budgeting and encumbrancing system, a systematic approach to administrative practices and procedures, and a uniform reporting system which shall include:

(1) Number and costs of diagnostic services provided by each regional center.

(2) Number and costs of services by service category purchased by each regional center.

(3) All other administrative costs of each regional center.

(b) The department's contract with a regional center shall require strict accountability and reporting of all revenues and expenditures, and strict accountability and reporting as to the effectiveness of the regional center in carrying out its program and fiscal responsibilities as established herein.

(c) The Director of Developmental Services shall publish a report of the financial status of all regional centers and their operations by December 31 of each year. At a minimum, the report shall include each regional center's budget and actual expenditures for the previous fiscal year and each center's budget and projected expenditures for the current fiscal year.

SEC. 36. Section 4635 of the Welfare and Institutions Code is amended to read:

4635. (a) If any regional center finds that it is unable to comply with the requirements of this division or its contract with the state, the regional center shall be responsible for informing the

department immediately that it does not expect to fulfill its contractual obligations. Failure to provide the notification to the department in a timely manner shall constitute grounds for possible revocation or nonrenewal of the contract. If any regional center makes a decision to cancel or not renew its contract with the department, the regional center shall give a minimum of 90 days' written notice of its decision.

(b) (1) If the department finds that any regional center is not fulfilling its contractual obligations, the department shall make reasonable efforts to resolve the problem within a reasonable period of time with the cooperation of the regional center, including the action described in paragraph (2) of subdivision (b) of Section 4629 or renegotiation of the contract.

(2) If the department's efforts to resolve the problem are not successful, the department shall issue a letter of noncompliance. The letter of noncompliance shall state the noncompliant activities and establish a specific timeline for the development and implementation of a corrective action plan. The department shall approve the plan and monitor its implementation. Letters of noncompliance shall be made available to the public upon request. The letter of noncompliance shall not include privileged or confidential consumer information or information that would violate the privacy rights of regional center board members or employees. The department shall notify the appropriate area board and shall provide the area board with a copy of the corrective action plan, the timeline, and any other action taken by the department relating to the requirements for corrective action.

(c) If the department finds that any regional center continues to fail in fulfilling its contractual obligations after reasonable efforts have been made, and finds that other regional centers are able to fulfill similar obligations under similar contracts, and finds that it will be in the best interest of the persons being served by the regional center, the department shall take steps to terminate the contract and to negotiate with another governing board to provide regional center services in the area. These findings may also constitute grounds for possible nonrenewal of the contract in addition to, or in lieu of, other grounds.

(d) If the department makes a decision to cancel or not renew its contract with the regional center, the department shall give a minimum of 90 days' written notice of its decision, unless it has determined that the 90 days' notice would jeopardize the health or safety of the regional center's consumers, or constitutes willful misuse of state funds, as determined by the Attorney General. Within 14 days after receipt of the notice, the regional center may make a written protest to the department of the decision to terminate or not renew the contract. In that case, the department shall: (1) arrange to meet with the regional center and the appropriate area board within 30 days after receipt of the protest to discuss the decision and to provide

its rationale for the termination or nonrenewal of the contract, and to discuss any feasible alternatives to termination or nonrenewal, including the possibility of offering a limited term contract of less than one fiscal year; and (2) initiate the procedures for resolving disputes contained in Section 4632. To the extent allowable under state and federal law, any outstanding audit exceptions or other deficiency reports, appeals, or protests shall be made available and subject to discussion at the meeting arranged under clause (1).

(e) When terminating or not renewing a regional center contract and negotiating with another governing board for a regional center contract, the department shall do all of the following:

(1) Notify the area board, State Council on Developmental Disabilities, all personnel employed by the regional center, all service providers to the regional center, and all consumers of the regional center informing them that it proposes to terminate or not renew the contract with the regional center, and that the state will continue to fulfill its obligations to ensure a continuity of services, as required by state law, through a contract with a new governing board.

(2) Issue a request for proposals prior to selecting and negotiating with another governing board for a regional center contract. The local area board shall review all proposals and make recommendations to the department.

(3) Request the area board and any other community agencies to assist the state by locating or organizing a new governing board to contract with the department to operate the regional center in the area. Area boards shall cooperate with the department when that assistance is requested.

(4) Provide any assistance which may be required to ensure that the transfer of responsibility to a new regional center will be accomplished with minimum disruption to the clients of the service program.

(f) In no event shall the procedures for termination or nonrenewal of a regional center contract limit or abridge the state's authority to contract with any duly authorized organization for the purpose of service delivery, nor shall these procedures be interpreted to represent a continued contractual obligation beyond the limits of any fiscal year contract.

SEC. 37. Section 4640.6 of the Welfare and Institutions Code is amended to read:

4640.6. (a) In approving regional center contracts, the department shall ensure that regional center staffing patterns demonstrate that direct service coordination are the highest priority.

(b) Contracts between the department and regional centers shall require that regional centers implement an emergency response system that ensures that a regional center staff person will respond to a consumer, or individual acting on behalf of a consumer, within two hours of the time an emergency call is placed. This emergency

response system shall be operational 24 hours per day, 365 days per year.

(c) Contracts between the department and regional centers shall require regional centers to have case management consumer-to-staff ratios that reflect an overall average of 62 consumers to each staff member, and shall require regional centers to have, or contract for, all of the following areas:

(1) Criminal justice expertise to assist the regional center in providing services and support to consumers involved in the criminal justice system as a victim, defendant, inmate, or parolee.

(2) Special education expertise to assist the regional center in providing advocacy and support to families seeking appropriate educational services from a school district.

(7) Each regional center shall employ at least one consumer advocate who is a person with developmental disabilities.

(8) Other staffing arrangements related to the delivery of services that the department determines are necessary to ensure maximum cost-effectiveness and to ensure that the service needs of consumers and families are met.

(d) Any regional center proposing a staffing arrangement that substantially deviates from an overall average of 62 consumers to each staff member, shall submit the proposal to the department for approval prior to implementation. In requesting departmental approval, the regional center shall describe, in detail, its proposed staffing arrangement and the reasons why the staffing arrangement is in the best interest of consumers and families served by the regional center, and shall demonstrate public support for the proposed staffing arrangement.

SEC. 41. Section 4690.2 of the Welfare and Institutions Code is amended to read:

4690.2. (a) The Director of Developmental Services shall develop program standards and establish, maintain, and revise, as necessary, an equitable process for setting rates of state payment, based upon those standards, for in-home respite services purchased by regional centers from agencies vendored to provide these services. The Director of Developmental Services may promulgate regulations establishing these standards and the process to be used for setting rates. "In-home respite services" means intermittent or regularly scheduled temporary nonmedical care and supervision provided in the client's own home, for a regional center client who resides with a family member. These services are designed to do all of the following:

(1) Assist family members in maintaining the client at home.

(2) Provide appropriate care and supervision to ensure the client's safety in the absence of family members.

(3) Relieve family members from the constantly demanding responsibility of caring for the client.

(4) Attend to the client's basic self-help needs and other activities of daily living including interaction, socialization, and continuation of usual daily routines which would ordinarily be performed by the family members.

(b) The provisions of subdivisions (b) to (f), inclusive, of Section 4691 and subdivisions (a) to (f), inclusive, and subdivision (h) of Section 4691.5 applicable to community-based day programs, shall also apply to in-home respite service vendors for the purpose of establishing standards and an equitable process for setting rates, except:

(1) The process specified in paragraph (4) of subdivision (a) of Section 4691.5 for increasing rates for fiscal year 1990–91 shall apply only to the administrative portion of the rate for eligible in-home

respite service vendors, and the amount of funds available for this increase shall not exceed three hundred thousand dollars ($300,000) of the total amount appropriated for rate increases. The administrative portion of the rate shall consist of the in-home respite service vendor's allowable costs, other than those for respite worker's salary, wage, benefits, and travel. Vendors eligible for this rate increase shall include only those in-home respite service vendors which received a deficiency adjustment in their permanent or provisional rate for fiscal year 1989–90, as specified in paragraph (4) of subdivision (a) of Section 4691.5.

(2) In addition, a rate increase shall also be provided for fiscal year 1990–91, for the salary, wage, and benefit portion of the rate for in-home respite service vendors eligible for the increase. The amount of funds available for this rate increase is limited to the remaining funds appropriated for this paragraph and paragraph (1) for fiscal year 1990–91. The amount of increase which each eligible in-home respite service vendor shall receive shall be limited to the amount necessary to increase the salary, wage, and benefit portion of the rate for respite workers to five dollars and six cents ($5.06) per hour in salary and wages plus ninety-five cents ($0.95) in benefits. Vendors eligible for this increase shall include only those in-home respite service vendors whose salary, wage, and benefit portion of their existing provisional or permanent rate, as established by the department for respite workers is below the amounts specified in this paragraph, and the vendor agrees to reimburse its respite workers at no less than these amounts during fiscal year 1990–91 and thereafter. In order to establish rates pursuant to this paragraph, existing programs receiving a permanent or provisional rate shall submit to the department, the program, cost, and other information specified by the department for either the 1988 calendar year, or for the 1988–89 fiscal year. The specified information shall be submitted on forms developed by the department, not later than 45 days following receipt of the required forms from the department, after the effective date of this section. Programs which fail to submit the required information within the time specified shall have payment of their permanent or provisional rate suspended until the required information has been submitted.

(3) Effective July 1, 1990, and pursuant to the rate methodology developed by the department, the administrative portion and the salary, wage, and benefit portion of the rates for in-home respite service vendors currently receiving a provisional or permanent rate shall be combined and paid as a single rate.

(4) Rate increases for fiscal year 1990–91 shall be limited to those specified in paragraphs (1) and (2). For fiscal year 1991–92 and all succeeding fiscal years, the provisions of subdivision (c) of Section 4691, which specify that any rate increases shall be subject to the appropriation of sufficient funds in the Budget Act, shall also apply to rates for in-home respite service vendors.

(5) For the 1998–99 fiscal year, an in-home respite service vendor shall receive rate increases pursuant to subdivision (e) of Section 4691.5. Any rate increase shall be subject to the appropriation of funds pursuant to the Budget Act.

(6) The rate methodology developed by the department may include a supplemental amount of reimbursement for travel costs of respite workers using their private vehicles to and from and between respite sites. The supplemental amount shall be the minimum rate for travel reimbursement for state employees.

SEC. 42. Section 4690.3 is added to the Welfare and Institutions Code, to read:

4690.3. (a) For the 1998–99 fiscal year, rates for in-home respite services agencies that are vendored pursuant to Section 4690.2 and the department's regulations to provide in-home respite services shall be increased based on the amount appropriated in the Budget Act of 1998 for the purpose of increasing the salary, wage, and benefit portion of the rate for in-home respite services workers. Agencies shall reimburse their respite workers at no less than the increased amount in their rate for the 1998–99 fiscal year and thereafter.

(b) For the 1998–99 fiscal years an individual who provides in-home respite services, pursuant to vendorization pursuant to the department's regulations, shall also receive a rate increase pursuant to subdivision (a).

SEC. 43. Section 4690.4 is added to the Welfare and Institutions Code, to read:

4690.4. (a) Sections 4690.2, 4691, and 4691.5, which relate to in-home respite service agencies and community-based day programs, shall apply in the 1998–99 fiscal year with the following exceptions:

(1) The 1997–98 fiscal year allowable costs and consumer attendance data submitted to the department by September 30, 1998, shall not be utilized by the department to determine a new mean rate and allowable range of rates, pursuant to regulations, but may be used only in developing a new rate system.

(2) The allowable range of rates and mean rate established for the 1997–98 fiscal year shall be continued.

(3) The rate for new programs shall be the mean rate determined for the same type of program and staff-to-consumer ratio for the 1997–98 fiscal year.

(b) The department shall, in consultation with stakeholder organizations, develop performance based consumer outcome rate systems for community-based day programs and in-home respite services. If rates for community-based day programs are increased in the 1998–99 fiscal year pursuant to paragraphs (1) to (3), inclusive, of subdivision (e) of Section 4691.5, and rates for in-home respite services are increased in the 1998–99 fiscal year pursuant to paragraph (5) of subdivision (b) of Section 4690.2, as added by the act adding this section to the Welfare and Institutions Code, then

effective September 1, 1998, and until such time as the new rate systems are implemented, or unless funds are otherwise appropriated for rate adjustments, rates shall be frozen.

SEC. 44. Section 4691.5 of the Welfare and Institutions Code is amended to read:

4691.5. The ratesetting methodology, to be established pursuant to subparagraph (C) of paragraph (3) of subdivision (b) of Section 4691 shall include, but need not be limited to, all of the following:

(a) A process for establishing rates during fiscal year 1990–91 for new programs and existing programs receiving a provisional or permanent rate.

(1) The rate for new programs shall be the mean rate determined for the same type of day program and staff-to-client ratio. This rate shall be a temporary rate. Determination of the mean rate for new programs shall be based on the program, cost, and other information of existing programs receiving a permanent rate, using allowable costs and client attendance information of those existing programs. In order to establish rates pursuant to this paragraph existing programs receiving a permanent rate shall submit to the department, the program, cost, and other information specified by the department for either calendar year 1988 or fiscal year 1988–89. The specified information shall be submitted on forms developed by the department, not later than 45 days following receipt of the required forms from the department, after the effective date of this section. Programs which fail to submit the required information within the time specified shall have payment of their permanent rate suspended until the required information has been submitted.

(2) Except as provided in paragraph (4) the rate for existing programs receiving a provisional rate, whose rate would otherwise expire during fiscal year 1990–91, shall be extended at the provisional rate until September 1, 1991.

(3) Except as provided in paragraph (4) below, the rate for existing programs receiving a permanent rate shall be reestablished at the permanent rate until June 30, 1991.

(4) The rate for existing programs receiving a provisional or permanent rate as specified in paragraph (2) and paragraph (3) shall be increased for all programs eligible for the increase. Eligible programs shall include only those programs which received a deficiency adjustment in their permanent or provisional rate for fiscal year 1989–90, based on calendar year 1988 program and cost information submitted to the department, pursuant to the stipulated order in the case of California Association of Rehabilitation Facilities et al. v. State of California, Sacramento County Superior Court Case No. 355326, and the adjustment was insufficient to fund the entire deficiency. The amount of funds available for the increase is limited to the one million dollars ($1,000,000) appropriated for that purpose for fiscal year 1990–91, and it shall be distributed proportionately among all eligible programs. The amount of increase which each

eligible program shall receive toward its remaining deficiency, based on calendar year 1988 program and cost information, shall be equal to the percentage that one million dollars ($1,000,000) represents of the total deficiency, based on calendar year 1988 program and cost information, for all eligible programs.

(b) A process for establishing rates during fiscal year 1991–92 for new programs and existing programs receiving a temporary, provisional, or permanent rate.

(1) The rate for existing programs receiving a permanent rate, shall be determined based on fiscal year 1989–90 program, cost, and other information submitted to the department and regional center. The ratesetting process shall include, but shall not be limited to, all of the following:

(A) A process for determination of a mean rate and an allowable range of rates for the same type of day program and staff-to-client ratio. The mean rate shall be determined using those programs' allowable costs and client attendance and the allowable range of rates shall be defined as the rates of those programs included between the 10th and 90th percentiles.

(B) The rates for existing programs receiving a permanent rate shall be increased or decreased to their allowable costs for fiscal year 1991–92, as follows:

(i) The rate shall be decreased if the program's allowable costs and client attendance, for fiscal year 1989–90, determined pursuant to the regulations, would result in a rate that is lower than its existing permanent rate.

(ii) The rate shall be increased if the program's allowable costs and client attendance for fiscal year 1989–90, determined pursuant to the regulations, would result in a rate that is higher than its existing permanent rate and its existing permanent rate is below or within the allowable range of rates.

(iii) No rate increase shall be provided that would result in the rate exceeding the allowable range of rates. No increase shall be provided for programs whose existing permanent rate is above the allowable range of rates. The amount of funds appropriated for that purpose for fiscal year 1991–92 shall be distributed only to those programs eligible for the increase.

(C) A process for the reduction or increase in the rate of any program whose existing permanent rate is not within the allowable range of rates. This process shall be based upon all of the following:

(i) For programs whose existing permanent rates are above the allowable range of rates, their existing permanent rate shall be reduced by 5 percent or to the allowable range, whichever is less.

(ii) For programs whose existing permanent rates are below the allowable range of rates, after the increase specified in clause (ii) of subparagraph (B) their rate shall be increased, up to the allowable range, in proportion to the amount of funds obtained from reducing the rate of programs whose rates are above the range.

(2) The rate for new programs shall be the mean rate determined pursuant to the process in paragraph (1) for the same type of day program and staff-to-client ratio using the program, cost, and other information submitted by providers receiving a permanent rate.

(3) The rate for existing programs receiving a provisional rate, whose rate expired during fiscal year 1990–91 and was extended until September 1, 1991, shall be determined pursuant to the process specified in paragraph (1) for permanent rates, except that the determination shall be based upon 12 consecutive months of representative costs incurred by the program during the period it was receiving its provisional rate. The program shall submit these costs and other program information, designated by the department, to the department within the time frames specified in the regulations. If the program has not incurred or cannot provide 12 consecutive months of representative costs, the department may determine the rate based on less than 12 consecutive months of representative costs.

(4) The rate for existing programs receiving a provisional rate, whose rate will expire in July or August of 1991, shall be extended until September 1, 1991, and then determined pursuant to the process specified in paragraph (3).

(c) A process for establishing rates during fiscal year 1992–93 for new programs and existing programs receiving a temporary or permanent rate:

(1) The rate for new programs shall be the mean rate, determined pursuant to the process in paragraph (2) of subdivision (b) for fiscal year 1991–92, for the same type of day program and staff-to-client ratio.

(2) The rate for existing programs receiving a temporary rate shall be continued at the rate established for fiscal year 1991–92, until the rate expires or a permanent rate is established pursuant to the process in paragraph (4) of subdivision (b) for fiscal year 1991–92.

(3) The rate for existing programs receiving a permanent rate shall be reestablished at the rate established for fiscal year 1991–92, except for programs whose rates are not within the allowable range of rates. For those programs whose rates are not within the allowable range, their rates shall be reduced or increased pursuant to the process in subparagraph (C) of paragraph (1) of subdivision (b) for fiscal year 1991–92.

(d) A process for establishing rates during fiscal year 1993–94 for new programs and existing programs receiving a temporary or permanent rate:

(1) The rate for existing programs receiving a permanent rate shall be determined based on fiscal year 1991–92 program, cost, and other information submitted to the department and regional center. The ratesetting process shall include the process specified in paragraph (1) of subdivision (b) for fiscal year 1991–92, except that the allowable range of rates shall be determined by computing 50

percent of the mean rate for fiscal year 1993–94 and converting that amount into a range of rates, distributed equally above and below the mean. This process shall compare the range of rates computed for fiscal year 1993–94 with the range of rates calculated for fiscal year 1991–92 based on 80 percent of the programs, and shall use the lesser of the two ranges in the comparison as the allowable range of rates. Once established, this range shall be permanent.

(2) The rate for new programs shall be the mean rate determined pursuant to the process in paragraph (1) for the same type of day program and staff-to-client ratio using the program, cost, and other information submitted by providers receiving a permanent rate.

(3) The rate for existing programs receiving a temporary rate shall be continued at the established rate until the program has incurred 12 consecutive months of representative costs within the timeframes specified in the regulations. Once the representative costs have been incurred, the rate shall be determined pursuant to the process specified in paragraph (1) for permanent rates.

(e) A process for establishing rates, during fiscal year 1994–95 and each alternative fiscal year thereafter, for new programs and existing programs receiving a temporary or permanent rate. The process shall be the same as that specified in subdivision (c) for determining, continuing, and reestablishing rates, but shall be based on the program, cost, and other information submitted to the department and regional center for establishment of rates for fiscal year 1993–94 and each alternative fiscal year thereafter, except for the following:

(1) For the 1998–99 fiscal year, the rates for existing community-based day programs receiving a permanent rate shall be increased if the program's allowable costs and client attendance, for the 1995–96 fiscal year, determined pursuant to the regulations, would result in a rate that is higher than its existing permanent rate and its existing permanent rate is below or within the allowable range of rates. The rate shall not be decreased if the program's allowable costs and client attendance for the 1995–96 fiscal year, determined pursuant to the regulations, would result in a rate that is lower than its existing permanent rate.

(2) For the 1998–99 fiscal year, existing community-based day programs receiving a permanent rate, and whose permanent rate is still below the lower limit of the allowable range of rates for like programs after receiving an increase pursuant to paragraph (1), shall receive an increase in their permanent rate up to the lower limit of the allowable range of rates.

(3) The requirements of subdivision (c) of Section 4691, which specify that any rate increases shall be subject to the appropriation of sufficient funds in the Budget Act, shall also apply to rates governed by paragraphs (1) and (2).

(f) A process for establishing rates, during fiscal year 1995–96 and each alternative fiscal year thereafter, for new programs and existing programs receiving a temporary or permanent rate. The process

shall be the same as that specified in subdivision (d) except for the following:

(1) The rate for programs receiving a permanent rate shall be based on program, cost, and other information submitted to the department and regional center for fiscal year 1993–94 and each alternative fiscal year thereafter.

(2) The allowable range of rates, permanently established during fiscal year 1993–94, shall be applied to the mean rate determined for fiscal year 1995–96 and each alternative fiscal year thereafter.

(3) Existing programs receiving a permanent rate whose rates are not within the allowable range of rates shall, by September 1, 1995, have their rates reduced or increased as follows:

(A) For programs whose existing permanent rates are above the allowable range of rates, their rate shall be reduced to the allowable range.

(B) For programs whose existing rates are below the allowable range of rates, their rate shall be increased up to the allowable range in proportion to the amount of funds obtained from reducing the rate of programs whose rates are above the range.

(g) A process for establishing a uniform supplemental rate of reimbursement for programs serving nonambulatory clients, as determined by the department.

(h) A process for notifying the program of the established rate.

(n) (1) Whenever a county welfare department notifies a public assistance recipient or Medi-Cal beneficiary that the recipient or beneficiary is losing Medi-Cal eligibility, the county shall include, in the notice to the recipient or beneficiary, notification that the loss of eligibility shall also result in the recipient's or beneficiary's disenrollment from Medi-Cal managed care health or dental plans, if enrolled.

(2) (A) Whenever the department or the county welfare department processes a change in a public assistance recipient's or Medi-Cal beneficiary's residence or aid code that will result in the recipient's or beneficiary's disenrollment from the managed care health or dental plan in which they are currently enrolled, a written notice shall be given to the recipient or beneficiary.

(B) This paragraph shall become operative and the department shall commence sending the notices required under this paragraph on or before the expiration of 12 months after the effective date of this section.

(d) The department shall submit the results of the survey to the appropriate legislative policy and budget committees within six months of completion, and implement a plan of correction intended to reduce the rate of beneficiary default. (b) Moneys in the account established pursuant to subdivision (a) shall, except for any amount necessary to defray the administrative costs of the department in implementing this section, be used to make a loan to the Los Angeles County Health Care Authority (L.A. Care Health Plan) for the purposes specified in subdivision (c).

Care Health Plan shall use moneys received pursuant to subdivision (b) in order to establish a pilot project to provide collateral to guarantee loans to traditional providers who serve large numbers of Medi-Cal recipients and who are under contract with the L.A. Care Health Plan to serve Medi-Cal recipients, in order to improve access by these providers to low-interest financing.

(2) The purpose of the pilot project is to assist traditional providers in their transition to managed care by improving access by these providers to low-interest loans which shall be used to upgrade facilities and operation capabilities to address managed care requirements.

(f) The L.A. Care Health Plan shall repay the loan made pursuant to subdivision (b) by January 1, 2002, including interest at the pooled money investment rate. Regardless of whether any providers default

on loans guaranteed under this pilot project, if the L.A. Care Health Plan fails to repay the loan in accordance with this subdivision, the department may offset any amount owed by the plan against any other amount due to the plan from the department.

(g) By January 1, 2001, the L.A. Care Health Plan shall submit to the department an evaluation of the pilot project, which shall include data on how funds were used by the plan and how the provision of loans under this project improved encounter-level data reporting by the plan under its contract with the department. The department shall establish criteria to be used by the plan in determining, pursuant to the evaluation, the success of the pilot project.

(h) This section shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2003, deletes or extends that date.

14100.8. (a) For purposes of this section, "provider of home health agency services" means a home health agency that is licensed by the department under Section 1726 of the Health and Safety Code that meets the requirements for the medicaid program under Subpart A (commencing with Sec. 441.10) of Part 441 of Title 42 of the Code of Federal Regulations, as amended, that meets the requirements for the Medicare program under Part 484 (commencing with Sec. 481.1) and Part 489 (commencing with Sec. 489.1) of Title 42 of the Code of Federal Regulations, as amended, and that is enrolled as a provider in the Medi-Cal program. In the event

of inconsistent requirements between the medicaid and Medicare programs, medicaid requirements shall take precedence.

(b) Within 90 days after the effective date of a final federal regulation requiring that a provider of home health agency services must acquire a surety bond in order to participate in the medicaid or Medicare program, each provider of home health agency services shall obtain, and thereafter maintain, a surety bond meeting the requirements of the final federal regulation, as amended, as a condition of participation in the Medi-Cal program.

(c) Any entity that has applied to become a provider of home health agency services less than 90 days prior to the date that the final federal regulation described in subdivision (b) becomes effective shall submit a surety bond within 90 days of the effective date of the regulation.

(d) Failure of a provider of home health agency services to obtain and maintain a surety bond as required in this section shall result in denial or recoupment of Medi-Cal reimbursement for services provided during the period for which a surety bond should have been in effect.

(e) Failure of a provider of home health agency services to obtain and maintain a surety bond as required in this section shall result in automatic termination of the provider's participation in the Medi-Cal program.

SEC. 83. Section 14100.9 is added to the Welfare and Institutions Code, to read:

14100.9. (a) For purposes of this section, "provider of durable medical equipment" means any person or entity that furnishes medical equipment and medical supplies, meets state and local laws applicable to the furnishing of medical equipment and medical supplies, and that is enrolled as a provider in the Medi-Cal program.

(b) Within 90 days after the effective date of a final federal regulation requiring that a provider of durable medical equipment must acquire a surety bond in order to participate in the medicaid or Medicare program, each provider of durable medical equipment shall obtain, and thereafter maintain, a surety bond meeting the requirements of the final federal regulation, as amended, as a condition of participation in the Medi-Cal program.

(c) Any person or entity that has applied to become a provider of durable medical equipment less than 90 days prior to the date that the final federal regulation described in subdivision (b) becomes effective shall submit a surety bond within 90 days of the effective date of the regulation.

(d) Failure of a provider of durable medical equipment to obtain and maintain a surety bond as required in this section shall result in denial or recoupment of Medi-Cal reimbursement for services provided during the period for which a surety bond should have been in effect.

(e) Failure of a provider of durable medical equipment to obtain and maintain a surety bond as required in this section shall result in automatic termination of the provider's participation in the Medi-Cal program.

(f) Subdivisions (a), (b), (c), (d), and (e) do not apply to individuals who are licensed pursuant to Division 2 (commencing with Section 500) of the Business and Professions Code.

SEC. 84. Section 14105.31 of the Welfare and Institutions Code is amended to read:

14105.31. For purposes of the Medi-Cal contract drug list, the following definitions shall apply:

(a) "Single-source drug" means a drug that is produced and distributed under an original New Drug Application approved by the federal Food and Drug Administration. This shall include a drug marketed by the innovator manufacturer and any cross-licensed producers or distributors operating under the New Drug Application, and shall also include a biological product, except for vaccines, marketed by the innovator manufacturer and any cross-licensed producers or distributors licensed by the federal Food and Drug Administration pursuant to Section 262 of Title 42 of the United States Code. A drug ceases to be a single-source drug when the same drug in the same dosage form and strength manufactured by another manufacturer is approved by the federal Food and Drug Administration under the provisions for an Abbreviated New Drug Application.

(b) "Best price" means the negotiated price, or the manufacturer's lowest price available to any class of trade organization or entity, including, but not limited to, wholesalers, retailers, hospitals, repackagers, providers, or governmental entities within the United States, that contracts with a manufacturer for a specified price for drugs, inclusive of cash discounts, free goods, volume discounts, rebates, and on- or off-invoice discounts or credits, shall be based upon the manufacturer's commonly used retail package sizes for the drug sold by wholesalers to retail pharmacies.

(c) "Equalization payment amount" means the amount negotiated between the manufacturer and the department for reimbursement by the manufacturer, as specified in the contract. The equalization payment amount shall be based on the difference between the manufacturer's direct catalog price charged to wholesalers and the manufacturer's best price, as defined in subdivision (b).

(d) "Manufacturer" means any person, partnership, corporation, or other institution or entity that is engaged in the production, preparation, propagation, compounding, conversion, or processing of drugs, either directly or indirectly by extraction from substances of natural origin, or independently by means of chemical synthesis, or by a combination of extraction and chemical synthesis, or in the

packaging, repackaging, labeling, relabeling, and distribution of drugs.

(e) "Price escalator" means a mutually agreed upon price specified in the contract, to cover anticipated cost increases over the life of the contract.

(f) "Medi-Cal pharmacy costs" or "Medi-Cal drug costs" means all reimbursements to pharmacy providers for services or merchandise, including single-source or multiple-source prescription drugs, over-the-counter medications, and medical supplies, or any other costs billed by pharmacy providers under the Medi-Cal program.

(g) "Medicaid rebate" means the rebate payment made by drug manufacturers pursuant to Section 1927 of the federal Social Security Act (42 U.S.C. Sec. 1396r-8).

(h) "State rebate" means any negotiated rebate under the Drug Discount Program in addition to the medicaid rebate.

(i) "Date of mailing" means the date that is evidenced by the postmark date by the United States Postal Service or other common mail carrier on the envelope.

(j) This section shall remain in effect only until January 1, 2000, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2000, deletes or extends that date.

SEC. 85. Section 14105.33 of the Welfare and Institutions Code is amended to read:

14105.33. (a) The department may enter into contracts with manufacturers of single-source and multiple-source drugs, on a bid or nonbid basis, for drugs from each major therapeutic category, and shall maintain a list of those drugs for which contracts have been executed.

(b) (1) Contracts executed pursuant to this section shall be for the manufacturer's best price, as defined in Section 14105.31, which shall be specified in the contract, and subject to agreed upon price escalators, as defined in that section. The contracts shall provide for an equalization payment amount, as defined in Section 14105.31, to be remitted to the department quarterly. The department shall submit an invoice to each manufacturer for the equalization payment amount, including supporting utilization data from the department's prescription drug paid claims tapes within 30 days of receipt of the Health Care Financing Administration's file of manufacturer rebate information. In lieu of paying the entire invoiced amount, a manufacturer may contest the invoiced amount pursuant to procedures established by the federal Health Care Financing Administration's Medicaid Drug Rebate Program Releases or regulations by mailing a notice, that shall set forth its grounds for contesting the invoiced amount, to the department within 38 days of the department's mailing of the state invoice and supporting utilization data. For purposes of state accounting practices only, the contested balance shall not be considered an accounts receivable amount until final resolution of the dispute pursuant to procedures

established by the federal Health Care Financing Administration's Medicaid Drug Rebate Program Releases or regulations that results in a finding of an underpayment by the manufacturer. Manufacturers may request, and the department shall timely provide, at cost, Medi-Cal provider level drug utilization data, and other Medi-Cal utilization data necessary to resolve a contested department-invoiced rebate amount.

(2) The department shall provide for an annual audit of utilization data used to calculate the equalization amount to verify the accuracy of that data. The findings of the audit shall be documented in a written audit report to be made available to manufacturers within 90 days of receipt of the report from the auditor. Any manufacturer may receive a copy of the audit report upon written request. Contracts between the department and manufacturers shall provide for any equalization payment adjustments determined necessary pursuant to an audit.

(3) Utilization data used to determine an equalization payment amount shall exclude data from both of the following:

(A) Health maintenance organizations, as defined in Section 300e(a) of Title 42 of the United States Code, including those organizations that contract under Section 1396b(m) of Title 42 of the United States Code.

(B) Capitated plans that include a prescription drug benefit in the capitated rate, and that have negotiated contracts for rebates or discounts with manufacturers.

(c) In order that Medi-Cal beneficiaries may have access to a comprehensive range of therapeutic agents, the department shall ensure that there is representation on the list of contract drugs in all major therapeutic categories. Except as provided in subdivision (a) of Section 14105.35, the department shall not be required to contract with all manufacturers who negotiate for a contract in a particular category. The department shall ensure that there is sufficient representation of single-source and multiple-source drugs, as appropriate, in each major therapeutic category.

(d) (1) The department shall select the therapeutic categories to be included on the list of contract drugs, and the order in which it seeks contracts for those categories. The department may establish different contracting schedules for single-source and multiple-source drugs within a given therapeutic category.

(2) The department shall make every attempt to complete the initial contracting process for each major therapeutic category by January 1, 1999.

(e) (1) In order to fully implement subdivision (d), the department shall, to the extent necessary, negotiate or renegotiate contracts to ensure there are as many single-source drugs within each therapeutic category or subcategory as the department determines necessary to meet the health needs of the Medi-Cal population. The department may determine in selected therapeutic categories or

subcategories that no single-source drugs are necessary because there are currently sufficient multiple-source drugs in the therapeutic category or subcategory on the list of contract drugs to meet the health needs of the Medi-Cal population. However, in no event shall a beneficiary be denied continued use of a drug which is part of a prescribed therapy in effect as of September 2, 1992, until the prescribed therapy is no longer prescribed.

(2) In the development of decisions by the department on the required number of single-source drugs in a therapeutic category or subcategory, and the relative therapeutic merits of each drug in a therapeutic category or subcategory, the department shall consult with the Medi-Cal Contract Drug Advisory Committee. The committee members shall communicate their comments and recommendations to the department within 30 business days of a request for consultation, and shall disclose any associations with pharmaceutical manufacturers or any remuneration from pharmaceutical manufacturers.

(3) In order to expedite implementation of paragraph (1), the requirements of Sections 14105.37, 14105.38, subdivisions (a), (c), (e), and (f) of Sections 14105.39, 14105.4, and 14105.405 are waived for the purposes of this section until January 1, 1994.

(f) In order to achieve maximum cost savings, the Legislature declares that an expedited process for contracts under this section is necessary. Therefore, contracts entered into on a nonbid basis shall be exempt from Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code.

(g) In no event shall a beneficiary be denied continued use of a drug that is part of a prescribed therapy in effect as of September 2, 1992, until the prescribed therapy is no longer prescribed.

(h) Contracts executed pursuant to this section shall be confidential and shall be exempt from disclosure under the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code).

(i) The department shall provide individual notice to Medi-Cal beneficiaries at least 60 calendar days prior to the effective date of the deletion or suspension of any drug from the list of contract drugs. The notice shall include a description of the beneficiary's right to a fair hearing and shall encourage the beneficiary to consult a physician to determine if an appropriate substitute medication is available from Medi-Cal.

(j) In carrying out the provisions of this section, the department may contract either directly, or through the fiscal intermediary, for pharmacy consultant staff necessary to initially accomplish the treatment authorization request reviews.

(k) (1) Manufacturers shall calculate and pay interest on late or unpaid rebates. The interest shall not apply to any prior period adjustments of unit rebate amounts or department utilization adjustments.

(2) For state rebate payments, manufacturers shall calculate and pay interest on late or unpaid rebates for quarters that begin on or after the effective date of the act that added this subdivision.

(3) Following final resolution of any dispute pursuant to procedures established by the federal Health Care Financing Administration's Medicaid Drug Rebate Program Releases or regulations regarding the amount of a rebate, any underpayment by a manufacturer shall be paid with interest calculated pursuant to subdivisions (m) and (n), and any overpayment, together with interest at the rate calculated pursuant to subdivisions (m) and (n), shall be credited by the department against future rebates due.

(*l*) Interest pursuant to subdivision (k) shall begin accruing 38 calendar days from the date of mailing of the invoice, including supporting utilization data sent to the manufacturer. Interest shall continue to accrue until the date of mailing of the manufacturer's payment.

(m) Except as specified in subdivision (n), interest rates and calculations pursuant to subdivision (k) for medicaid rebates and state rebates shall be identical and shall be determined by the federal Health Care Financing Administration's Medicaid Drug Rebate Program Releases or regulations.

(n) If the date of mailing of a state rebate payment is 69 days or more from the date of mailing of the invoice, including supporting utilization data sent to the manufacturer, the interest rate and calculations pursuant to subdivision (k) shall be as specified in subdivision (m), however the interest rate shall be increased by 10 percentage points. This subdivision shall apply to payments for amounts invoiced for any quarters that begin on or after the effective date of the act that added this subdivision.

(o) If the rebate payment is not received, the department shall send overdue notices to the manufacturer at 38, 68, and 98 days after the date of mailing of the invoice, and supporting utilization data. If the department has not received a rebate payment, including interest, within 180 days of the date of mailing of the invoice, including supporting utilization data, the manufacturer's contract with the department shall be deemed to be in default and the contract may be terminated in accordance with the terms of the contract. For all other manufacturers, if the department has not received a rebate payment, including interest, within 180 days of the date of mailing of the invoice, including supporting utilization data, all of the drug products of those manufacturers shall be made available only through prior authorization effective 270 days after the date of mailing of the invoice, including utilization data sent to manufacturers.

(p) If the manufacturer provides payment or evidence of payment to the department at least 40 days prior to the proposed date the drug is to be made available only through prior authorization pursuant to subdivision (o), the department shall terminate its

actions to place the manufacturers' drug products on prior authorization.

(q) The department shall direct the state's fiscal intermediary to remove prior authorization requirements imposed pursuant to subdivision (o) and notify providers within 60 days after payment by the manufacturer of the rebate, including interest. If a contract was in place at the time the manufacturers' drugs were placed on prior authorization, removal of prior authorization requirements shall be contingent upon good faith negotiations and a signed contract with the department.

(r) A beneficiary may obtain drugs placed on prior authorization pursuant to subdivision (o) if the beneficiary qualifies for continuing care status. To be eligible for continuing care status, a beneficiary must be taking the drug when its manufacturer is placed on prior authorization status. Additionally, the department shall have received a claim for the drug with a date of service that is within 100 days prior to the date the manufacturer was placed on prior authorization.

(s) A beneficiary may remain eligible for continuing care status, provided that a claim is submitted for the drug in question at least every 100 days and the date of service of the claim is within 100 days of the date of service of the last claim submitted for the same drug.

(t) Drugs covered pursuant to Sections 14105.43 and 14133.2 shall not be subject to prior authorization pursuant to subdivision (o), and any other drug may be exempted from prior authorization by the department if the director determines that an essential need exists for that drug, and there are no other drugs currently available without prior authorization that meet that need.

(u) It is the intent of the Legislature in enacting subdivisions (k) to (t), inclusive, that the department and manufacturers shall cooperate and make every effort to resolve rebate payment disputes within 90 days of notification by the manufacturer to the department of a dispute in the calculation of rebate payments.

(v) This section shall remain in effect only until January 1, 2000, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2000, deletes or extends that date.

SEC. 86. Section 14105.35 of the Welfare and Institutions Code is amended to read:

14105.35. (a) (1) On and after July 1, 1990, drugs included on the Medi-Cal drug formulary shall be included on the list of contract drugs until the department and the manufacturer have concluded contract negotiations or the department suspends the drug from the list of contract drugs pursuant to the provisions of this subdivision.

The department shall, in writing, invite any manufacturer with single-source drug products on the formulary as of July 1, 1990, to enter into negotiations relative to the retention of its drug or drugs. As to the issue of cost, the department shall accept the manufacturer's

best price as sufficient for purposes of entering into a contract to retain the drug or drugs on the list of contract drugs.

If the department and a manufacturer enter into a contract for retention of a drug or drugs on the list of contract drugs, the drug or drugs shall be retained on the list of contract drugs for the effective term of the contract.

If a manufacturer refuses to enter into negotiations with the department pursuant to this subdivision, or if after 30 days of negotiation, the manufacturer has not agreed to execute a contract for a drug at the manufacturer's best price, the department may suspend from the list of contract drugs the manufacturer's single-source drug in question for a period of at least 180 days. The department shall lift the suspension upon execution of a contract for that drug. Consistent with the provisions of this section, the department shall delete the Medi-Cal drug formulary specified in paragraphs (b), (c), (d), and (e) of Section 59999 of Title 22 of the California Code of Regulations.

(2) On and after July 1, 1990, the director may retain a drug on the Medi-Cal list of contract drugs even if no contract is executed with a manufacturer, if the director determines that an essential need exists for that drug, and there are no other drugs currently on the formulary that meet that need.

(3) The director may delete a drug from the list of contract drugs if the director determines that the drug presents problems of safety or misuse. The director's decision as to safety shall be based upon published medical literature, and the director's decision as to misuse shall be based on published medical literature and claims data supplied by the fiscal intermediary.

(b) Any reference to the Medi-Cal drug formulary by statute or regulation shall be construed as referring to the list of contract drugs.

(c) (1) Any drug in the process of being added to the formulary by contract agreement pursuant to Section 14105.3, executed prior to the effective date of this section, shall be added to the list of contract drugs.

(2) Contracts pursuant to Section 14105.3 executed prior to January 1, 1991, shall be considered to be contracts executed pursuant to Section 14105.33, and the department shall exempt the drugs included in these contracts from the initial therapeutic category review in which they would normally be considered.

(3) Nothing in this section shall be construed to require the department to discontinue negotiations into which it has entered with any manufacturer as of the effective date of this section. Contracts entered into as a result of these negotiations shall be exempt from the initial therapeutic category review in which they would normally be considered.

(d) This section shall remain in effect only until January 1, 2000, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2000, deletes or extends that date.

SEC. 87. Section 14105.37 of the Welfare and Institutions Code is amended to read:

14105.37. (a) The department shall notify each manufacturer of drugs in therapeutic categories selected pursuant to Section 14105.33 of the provisions of Sections 14105.31 to 14105.42, inclusive.

(b) If, within 45 days of notification, a manufacturer does not enter into negotiations for a contract pursuant to those sections, the department may suspend or delete from the list of contract drugs, or refuse to consider for addition, drugs of that manufacturer in the selected therapeutic categories.

(c) If, after 150 days from the initial notification, a contract is not executed for a drug currently on the list of contract drugs, the department may suspend or delete the drug from the list of contract drugs.

(d) If, within 150 days from the initial notification, a contract is executed for a drug currently on the list of contract drugs, the department shall retain the drug on the list of contract drugs.

(e) If, within 150 days from the date of the initial notification, a contract is executed for a drug not currently on the list of contract drugs, the department shall add the drug to the list of contract drugs.

(f) The department shall terminate all negotiations 150 days after the initial notification.

(g) The department may suspend or delete any drug from the list of contract drugs at the expiration of the contract term or when the contract between the department and the manufacturer of that drug is terminated.

(h) Any drug suspended from the list of contract drugs pursuant to this section or Section 14105.35 shall be subject to prior authorization, as if that drug were not on the list of contract drugs.

(i) Any drug suspended from the list of contract drugs pursuant to this section or Section 14105.35 for at least 12 months may be deleted from the list of contract drugs in accordance with the provisions of Section 14105.38.

(j) This section shall remain in effect only until January 1, 2000, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2000, deletes or extends that date.

SEC. 88. Section 14105.38 of the Welfare and Institutions Code is amended to read:

14105.38. (a) (1) In the event the department determines a drug should be deleted from the list of contract drugs, the department shall conduct a public hearing, as provided in this section, to receive comment on the impact of removing the drug.

(2) (A) The department shall provide written notice 30 days prior to the hearing.

(B) The department shall send the notice required by this subdivision to the manufacturer of the drug proposed to be deleted and to organizations representing Medi-Cal beneficiaries.

(b) (1) The hearing panel shall consist of the Chief, Medi-Cal Drug Discount Program, who shall serve as chair, and the Medi-Cal Contract Drug Advisory Committee.

(2) The hearing shall be recorded and transcribed, and the transcript available for public review.

(3) Subsequent to hearing all public comment, and within 30 days of the hearing, each panel member shall submit a recommendation regarding deletion of the drug and the reason for the recommendation to the director.

(c) The director shall consider public comments provided at the hearing and the recommendations of each panel member in determining whether to delete the drug.

(d) This section shall remain in effect only until January 1, 2000, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2000, deletes or extends that date.

SEC. 89. Section 14105.39 of the Welfare and Institutions Code is amended to read:

14105.39. (a) (1) A manufacturer of a new single-source drug may request inclusion of its drug on the list of contract drugs pursuant to Section 14105.33 provided all of the following conditions are met:

(A) The request is made within 12 months of approval for marketing by the federal Food and Drug Administration.

(B) The manufacturer agrees to negotiate a contract with the department to provide the drug at the manufacturer's best price.

(C) (i) The manufacturer provides the department with necessary information, as specified by the department, in the request.

(ii) Notwithstanding clause (i), either of the following may be submitted by the manufacturer in lieu of the Summary Basis of Approval prepared by the federal Food and Drug Administration for that drug:

(I) The federal Food and Drug Administration's approval or approvable letter for the drug and federal Food and Drug Administration's approved labeling.

(II) The federal Food and Drug Administration's medical officers' and pharmacologists' reviews and the federal Food and Drug Administration's approved labeling.

(D) The department had concluded contracting for the therapeutic category in which the drug is included prior to approval of the drug by the federal Food and Drug Administration.

(2) Within 90 days from receipt of the request, the department shall evaluate the request using the criteria identified in subdivision (d), and shall submit the drug to the Medi-Cal Contract Drug Advisory Committee.

(b) Any petition for the addition to or deletion of a drug to the Medi-Cal drug formulary submitted prior to July 31, 1990, shall be deemed to be denied. A manufacturer who has submitted a petition

deemed denied may request inclusion of that drug on the list of contract drugs provided all of the following conditions are met:

(1) The manufacturer agrees to negotiate for a contract with the department to provide the drug at the manufacturer's best price.

(2) The manufacturer provides the department with necessary information, as specified by the department, in the request.

(3) The manufacturer submits the request to the department prior to October 1, 1990.

(c) Any new drug designated as having an important therapeutic gain and approved for marketing by the federal Food and Drug Administration on or after July 31, 1990, shall immediately be included on the list of contract drugs for a period of three years provided that all of the following conditions are met:

(1) The manufacturer offers the department its best price.

(2) The drug is typically administered in an outpatient setting.

(3) The drug is prescribed only for the indications and usage specified in the federal Food and Drug Administration approved labeling.

(4) The drug is determined by the director to be safe, relative to other drugs in the same therapeutic category on the list of contract drugs.

(d) (1) To ensure that the health needs of Medi-Cal beneficiaries are met consistent with the intent of this chapter, the department shall, when evaluating a decision to execute a contract, and when evaluating drugs for retention on, addition to, or deletion from, the list of contract drugs, use all of the following criteria:

(A) The safety of the drug.

(B) The effectiveness of the drug.

(C) The essential need for the drug.

(D) The potential for misuse of the drug.

(E) The cost of the drug.

(2) The deficiency of a drug when measured by one of these criteria may be sufficient to support a decision that the drug should not be added or retained, or should be deleted from the list. However, the superiority of a drug under one criterion may be sufficient to warrant the addition or retention of the drug, notwithstanding a deficiency in another criterion.

(e) (1) A manufacturer of single-source drugs denied a contract pursuant to this section or Section 14105.33 or 14105.37, may file an appeal of that decision with the director within 30 calendar days of the department's written decision.

(2) Within 30 calendar days of the manufacturer's appeal, the director shall request a recommendation regarding the appeal from the Medi-Cal Contract Drug Advisory Committee. The committee shall provide its recommendation in writing, within 30 calendar days of the director's request.

(3) The director shall issue a final decision on the appeal within 30 calendar days of the recommendation.

(f) Deletions made to the list of contract drugs, including those made pursuant to Section 14105.37, shall become effective no sooner than 30 days after publication of the changes in provider bulletins.

(g) Changes made to the list of contract drugs under this or any other section are exempt from the requirements of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340), Chapter 4 (commencing with Section 11370), and Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code), and shall not be subject to the review and approval of the Office of Administrative Law.

(h) This section shall remain in effect only until January 1, 2000, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2000, deletes or extends that date.

SEC. 90. Section 14105.4 of the Welfare and Institutions Code, as amended by Section 35 of Chapter 197 of the Statutes of 1996, is amended to read:

14105.4. (a) The director shall appoint a Medi-Cal Contract Drug Advisory Committee for the purpose of providing scientific and medical analysis on drugs contained on the list of contract drugs. The duties of the committee shall be as follows:

(1) To review drugs in the Medi-Cal list of contract drugs and make written recommendations to the director as to the addition of any drug or the deletion of any drug from the list. These recommendations shall be in accordance with subdivision (d) of Section 14105.39.

(2) To review and report in writing to the director as to the comparative therapeutic effect of drugs in accordance with Section 14053.5.

(3) To prepare a fair, impartial, and independent recommendation in writing, regarding appeals from manufacturers made pursuant to subdivision (e) of Section 14105.39.

(b) The committee shall consist of at least one representative from each of the following groups:

(1) Physicians.

(2) Pharmacists.

(3) Schools of pharmacy or pharmacologists.

(4) Medi-Cal beneficiaries.

(c) Members of the committee shall be reimbursed for necessary travel and other expenses incurred in the performance of official committee duties.

(d) In order to provide sufficient scientific information and analysis in the therapeutic categories under review, the director may replace a representative if required for specific expertise.

(e) The director shall notify the committee of the decisions made on the recommendations.

(f) This section shall remain in effect only until January 1, 2000, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2000, deletes or extends that date.

SEC. 91. Section 14105.4 of the Welfare and Institutions Code, as amended by Section 36 of Chapter 197 of the Statutes of 1996, is amended to read:

14105.4. (a) The department shall schedule and conduct a public regulatory hearing to consider the addition of a drug to, or the deletion of a drug from, the Medi-Cal drug formulary five working days subsequent to the Medical Therapeutic and Drug Advisory Committee meeting which shall meet at least every four months. The public hearing may consist of written testimony only, and the hearing record shall be closed at the end of the public hearing.

(b) The department shall make available 45 days prior to the public hearing the department's estimate of any anticipated costs or savings to the state from adding a drug product to, or deleting a drug product from, the Medi-Cal drug formulary.

(c) Whenever the department accepts a completed petition to add a drug product to the Medi-Cal drug formulary and it is not processed pursuant to Section 14105.9, it shall be scheduled for review at the next regularly scheduled Medical Therapeutic and Drug Advisory Committee meeting and public regulatory hearing, unless the meeting and hearing are scheduled to occur within 120 days, in which case the drug product may be scheduled for the following hearing.

(d) The director shall issue a final decision regarding the drug product and shall submit any regulation adding a drug product to, or deleting a drug product from, the Medi-Cal drug formulary to the Office of Administrative Law, along with the completed rulemaking record, within seven months after the hearing prescribed in subdivision (a). This section shall not, however, be construed in a manner which results in the disapproval or invalidation of a regulation for failure to comply with the time frames prescribed in this subdivision and subdivisions (a) and (c).

(e) (1) Except as provided in paragraph (2), the criteria used by the department in deciding whether a drug product shall be added to or deleted from the formulary shall be limited to the criteria adopted as department regulations. The criteria shall be specific and unambiguous.

(2) Notwithstanding paragraph (1), either of the following may be submitted by the manufacturer in lieu of the Summary Basis of Approval prepared by the federal Food and Drug Administration for that drug:

(A) The federal Food and Drug Administration's approval or approvable letter for the drug and federal Food and Drug Administration's approved labeling.

(d) Where the action or claim is brought by the beneficiary alone and the beneficiary incurs a personal liability to pay attorney's fees and costs of litigation, the director's claim for reimbursement of the benefits provided to the beneficiary shall be limited to the reasonable value of benefits provided to the beneficiary under the Medi-Cal program less 25 percent which represents the director's reasonable share of attorney's fees paid by the beneficiary and that portion of the cost of litigation expenses determined by multiplying by the ratio of

After payment of these expenses and attorney's fees, the court or agency shall first apply out of the balance of the judgment or award an amount sufficient to reimburse the director the full amount of the reasonable value of benefits provided on behalf of the beneficiary under the Medi-Cal program, and then an amount sufficient to reimburse a provider who has filed a lien for any claims for services rendered to the beneficiary, as provided under Section 14124.791.

(b) A TCM provider furnishing TCM services shall be a local governmental agency under contract with the department to provide TCM services. Local educational agencies shall not be providers of case management services under this section.

(c) A TCM provider may contract with a nongovernmental entity or the University of California, or both, to provide TCM services on its behalf under the conditions specified by the department in regulations.

(d) Each TCM provider shall have all of the following:

(3) A fee mechanism effective January 1, 1995, specific to TCM services provided, which may vary by program.

(e) A TCM service provider, a nongovernmental entity or the University of California, or both, under contract with a TCM provider may provide TCM services to one or all of the following groups of Medi-Cal beneficiaries, which shall be defined in regulation:

(D) The costs reflected in the annual cost reports used to determine TCM rates are developed in compliance with the definitions contained in the Office of Management and Budget (OMB) Circular A-87.

(E) Case management services provided in accordance with Section 1396n(g) of Title 42 of the United States Code will not duplicate case management services provided under any home- and community-based services waiver.

(F) Claims for providing case management services pursuant to this section will not duplicate claims made to public agencies or private entities under other program authorities for the same purposes.

(G) The requirements of subdivision (d) have been met.

(2) The department shall deny any claim if it determines that any certification required by this subdivision is not adequately supported for purposes of federal financial participation.

(g) Only a local governmental agency may submit TCM service claims to the department for the performance of TCM services.

(h) During the period from January 1, 1995, through June 30, 1995, TCM services shall be reimbursed according to the interim mechanism developed by the state and the Health Care Financing Administration, which is reflected in the document entitled "Agreement Between the Health Care Financing Administration and the State of California, Department of Health Services." For the 1995–96 fiscal year, the department shall establish an initial rate of reimbursement. Effective July 1, 1996, and thereafter, TCM services shall be reimbursed in accordance with regulations that shall be adopted by the department.

(i) The department, in consultation with local governmental agencies, and consistent with federal regulations, and the State Medicaid Manual of the Department of Health and Human Services, Health Care Financing Administration, shall adopt regulations that define TCM services, establish the standards under which TCM services qualify as a Medi-Cal reimbursable service, prescribe the methodology for determining the rate of reimbursement, and establish a claims submission and processing system and method to certify local matching expenditures.

(j) (1) Notwithstanding any other provision of this section, the state shall be held harmless, in accordance with paragraphs (2) and (3) from any federal audit disallowance and interest resulting from payments made by the federal medicaid program as reimbursement for claims for providing TCM services pursuant to this section, less the amounts already remitted to the state pursuant to subdivision (m) for the disallowed claim.

(2) To the extent that a federal audit disallowance and interest results from a claim or claims for which any local governmental

agency has received reimbursement for TCM services, the department shall recoup from the local governmental agency that submitted that disallowed claim, through offsets or by a direct billing, amounts equal to the amount of the disallowance and interest, in that fiscal year, less the amounts already remitted to the state pursuant to subdivision (m) for the disallowed claim. All subsequent claims submitted to the department applicable to any previously disallowed claim, may be held in abeyance, with no payment made, until the federal disallowance issue is resolved.

(3) Notwithstanding paragraphs (1) and (2), to the extent that a federal audit disallowance and interest results from a claim or claims for which the local governmental agency has received reimbursement for TCM services performed by a nongovernmental entity or the University of California, or both, under contract with, and on behalf of, the participating local governmental agency, the department shall be held harmless by that particular local governmental agency for 100 percent of the amount of any such federal audit disallowance and interest, less the amounts already remitted to the state pursuant to subdivision (m) for the disallowed claim.

(k) The use of local matching funds required by this section shall not create, lead to, or expand the health care funding obligations or service obligations for current or future years for each local governmental agency, except as required by this section or as may be required by federal law.

(*l*) TCM services are services which assist beneficiaries to gain access to needed medical, social, educational, and other services. Services provided by TCM providers, and their subcontractors, shall be defined in regulation, and shall include at least one of the following:

(1) Assessment.
(2) Plan development.
(3) Linkage and consultation.

(5) Periodic review.
(6) Crisis assistance planning.

(m) (1) Each local government agency shall contribute to the department a portion of the agency's general fund that has been made available due to the coverage of services described in this section under the Medi-Cal program. The contributed funds shall be reinvested in health services through the Medi-Cal program. The total contribution amount shall be equal to $33^1/_3$ percent of the amounts that have been made available under this section, but in no case shall this contribution exceed twenty million dollars ($20,000,000) in a fiscal year less the amount contributed pursuant to subdivision (m) of Section 14132.47. Beginning with the 1994–95 fiscal year, each local governmental agency's share of the total contribution shall be determined by claims submitted and approved

for payment through January 1 of the following calendar year. Claims received and approved for payment after January 1 for dates of service in the previous fiscal year shall be included in the following year's calculation. Each local governmental agency's share of the contribution for the previous fiscal year shall be determined no later than February 15 and shall be remitted to the state no later than April 1 of each year. The contribution amount shall be paid from nonfederal, general fund revenues, and shall be deposited in the Targeted Case Management Claiming Fund, which is hereby created, for transfer to the Health Care Deposit Fund.

(2) Moneys received by the department pursuant to this subdivision are hereby continuously appropriated, notwithstanding Section 13340 of the Government Code, to the department for the support of the Medi-Cal program, and the funds shall be administered in accordance with procedures prescribed by the Department of Finance. If not paid as provided in this section, the department may offset payments due to each local governmental agency from the state, not related to payments required to be made pursuant to this section, in order to recoup these funds for the Targeted Case Management Claiming Fund.

(3) This subdivision shall only apply to claims approved for the 1994–95 to 1997–98 fiscal years, inclusive.

(n) As a condition of participation and in consideration of the joint effort of the local governmental agencies and the department in implementing this section and the ongoing need of local governmental agencies to receive technical support from the department, as well as assistance in claims processing and program monitoring, the local governmental agencies shall cover the costs of the administrative activities performed by the department. Each local governmental agency shall annually pay a portion of the total costs of administrative activities performed by the department through a mechanism agreed to by the department and the local governmental agencies, or if no agreement is reached by August 1 of each year, directly to the state. The department shall determine and report the staffing requirements upon which projected costs will be based. Projected costs shall include the anticipated salaries, benefits, and operating expenses necessary to administer targeted case management.

(o) For the purposes of this section a "local governmental agency" means a county or chartered city.

SEC. 105. Section 14132.47 of the Welfare and Institutions Code is amended to read:

14132.47. (a) It is the intent of the Legislature to provide local governmental agencies the choice of participating in either or both of the Targeted Case Management (TCM) and Administrative Claiming process programs at their option, subject to the requirements of this section and Section 14132.44.

(b) The department may contract with each participating local governmental agency or each local educational consortium to assist with the performance of administrative activities necessary for the proper and efficient administration of the Medi-Cal program, pursuant to Section 1396b(a) of Title 42 of the United States Code, Section 1903a of the federal Social Security Act, and this activity shall be known as the Administrative Claiming process.

(c) (1) As a condition for participation in the Administrative Claiming process, each participating local governmental agency or each local educational consortium shall, for the purpose of claiming federal medicaid matching funds, enter into a contract with the department and shall certify to the department the amount of local governmental agency or each local educational consortium general funds or any other funds allowed under federal law and regulation expended on the allowable administrative activities.

(2) The department shall deny the claim if it determines that the certification is not adequately supported for purposes of federal financial participation.

(d) Each participating local governmental agency or local educational consortium may subcontract with nongovernmental entities to assist with the performance of administrative activities necessary for the proper and efficient administration of the Medi-Cal program under the conditions specified by the department in regulations.

(e) Each Administrative Claiming process contract shall include a requirement that each participating local governmental agency or each local educational consortium submit a claiming plan in a manner that shall be prescribed by the department in regulations, developed in consultation with local governmental agencies.

(f) The department shall require that each participating local governmental agency or each local educational consortium certify to the department both of the following:

(1) The availability and expenditure of 100 percent of the nonfederal share of the cost of performing Administrative Claiming process activities. The funds expended for this purpose shall be from the local governmental agency's general fund or the general funds of local educational agencies or from any other funds allowed under federal law and regulation.

(2) In each fiscal year that its expenditures represent costs that are eligible for federal financial participation for that fiscal year. The department shall deny the claim if it determines that the certification is not adequately supported for purposes of federal financial participation.

(g) (1) Notwithstanding any other provision of this section, the state shall be held harmless, in accordance with paragraphs (2) and (3), from any federal audit disallowance and interest resulting from payments made to a participating local governmental agency or local educational consortium pursuant to this section, less the amounts

already remitted to the state pursuant to subdivision (m) for the disallowed claim.

(2) To the extent that a federal audit disallowance and interest results from a claim or claims for which any participating local governmental agency or local educational consortium has received reimbursement for Administrative Claiming process activities, the department shall recoup from the local governmental agency or local educational consortium that submitted the disallowed claim, through offsets or by a direct billing, amounts equal to the amount of the disallowance and interest, in that fiscal year, less the amounts already remitted to the state pursuant to subdivision (m) for the disallowed claim. All subsequent claims submitted to the department applicable to any previously disallowed administrative activity or claim, may be held in abeyance, with no payment made, until the federal disallowance issue is resolved.

(3) Notwithstanding paragraph (2), to the extent that a federal audit disallowance and interest results from a claim or claims for which the participating local governmental agency or local educational consortium has received reimbursement for Administrative Claiming process activities performed by a nongovernmental entity under contract with, and on behalf of, the participating local governmental agency or local educational consortium, the department shall be held harmless by that particular participating local governmental agency or local educational consortium for 100 percent of the amount of any such federal audit disallowance and interest, less the amounts already remitted to the state pursuant to subdivision (m) for the disallowed claim.

(h) The use of local matching funds required by this section shall not create, lead to, or expand the health care funding obligations or service obligations for current or future years for any participating local governmental agency or local educational consortium, except as required by this section or as may be required by federal law.

(i) The department shall deny any claim from a participating local governmental agency or local educational consortium if the department determines that the claim is not adequately supported in accordance with criteria established pursuant to this subdivision and implementing regulations before it forwards such a claim for reimbursement to the federal medicaid program. In consultation with local government agencies and local educational consortia, the department shall adopt regulations that prescribe the requirements for the submission and payment of claims for administrative activities performed by each participating local governmental agency and local educational consortium.

(j) Administrative activities shall be those determined by the department to be necessary for the proper and efficient administration of the state's medicaid plan and shall be defined in regulation.

(k) If the department denies any claim submitted under this section, the affected participating local governmental agency or local educational consortium may, within 30 days after receipt of written notice of the denial, request that the department reconsider its action. The participating local governmental agency or local educational consortium may request a meeting with the director or his or her designee within 30 days to present its concerns to the department after the request is filed. If the director or his or her designee cannot meet, the department shall respond in writing indicating the specific reasons for which the claim is out of compliance to the participating local governmental agency or local educational consortium in response to its appeal. Thereafter, the decision of the director shall be final.

(*l*) Participating local governmental agencies or local educational consortium may claim the actual costs of nonemergency, nonmedical transportation of Medi-Cal eligibles to Medi-Cal covered services, under guidelines established by the department, to the extent that these costs are actually borne by the participating local governmental agency or local educational consortium. A local educational consortium may only claim for nonemergency, nonmedical transportation of Medi-Cal eligibles for Medi-Cal covered services, through the Medi-Cal administrative activities program. Medi-Cal medical transportation services shall be claimed under the local educational agency Medi-Cal billing option, pursuant to Section 14132.06.

(m) (1) Each participating local governmental agency shall contribute to the department a portion of the agency's general fund that has been made available due to the coverage of administrative activities described in this section under the Medi-Cal program. The contributed funds shall be reinvested in health services through the Medi-Cal program. The total contribution amount shall be equal to 33 $^{1}/_{3}$ percent of amounts made available under this section, but in no case shall the contribution exceed twenty million dollars ($20,000,000) a fiscal year less the amount contributed pursuant to subdivision (m) of Section 14132.44. Beginning with the 1994–95 fiscal year, each local governmental agency's share of the total contribution shall be determined by claims submitted and approved for payment through January 1 of the following calendar year. Claims received and approved for payment after January 1 for dates of service in the previous fiscal year shall be included in the following year's calculation. Each local governmental agency's share of the contribution for the previous fiscal year shall be determined no later than February 15 and shall be remitted to the state no later than April 1 of each year. The contribution amount shall be paid from nonfederal, general fund revenues and shall be deposited in the Administrative Claiming Fund for transfer to the Health Care Deposit Fund.

(2) Moneys received by the department pursuant to this subdivision are hereby continuously appropriated to the department for support of the Medi-Cal program, and the funds shall be administered in accordance with procedures prescribed by the Department of Finance. If not paid as provided in this section, the department may offset payments due to each participating local governmental agency from the state, not related to payments required to be made pursuant to this section in order to recoup these funds for the Administrative Claiming Fund.

(3) This subdivision shall only apply to claims approved for the 1994–95 to 1997–98 fiscal years, inclusive.

(n) As a condition of participation in the Administrative Claiming process and in recognition of revenue generated to each participating local governmental agency and each local educational consortium in the Administrative Claiming process, each participating local governmental agency and each local educational consortium shall pay an annual participation fee through a mechanism agreed to by the state and local governmental agencies and local educational consortia, or, if no agreement is reached by August 1 of each year, directly to the state. The participation fee shall be used to cover the cost of administering the Administrative Claiming process, including, but not limited to, claims processing, technical assistance, and monitoring. The department shall determine and report staffing requirements upon which projected costs will be based. The amount of the participation fee shall be based upon the anticipated salaries, benefits, and operating expenses, to administer the Administrative Claiming process and other costs related to that process.

(o) For the purposes of this section "participating local governmental agency" means a county or chartered city under contract with the department pursuant to subdivision (b).

(p) For purposes of this section, "local educational agency" means a local educational agency, as defined in subdivision (h) of Section 14132.06, that participates under the Administrative Claiming process as a subcontractor to the local educational consortium in its service region.

(q) (1) For purposes of this section, "local educational consortium" means a local agency that is one of the service regions of the California County Superintendent Educational Services Association.

(2) Each local educational consortium shall contract with the department pursuant to paragraph (1) of subdivision (c).

(r) (1) Each participating local educational consortium shall be responsible for the local educational agencies in its service region that participate in the Administrative Claiming process. This responsibility includes, but is not limited to, the preparation and submission of all administrative claiming plans, training of local educational agency staff, overseeing the local educational agency

time survey process, and the submission of detailed quarterly invoices on behalf of any participating local educational agency.

(2) Each participating local educational consortium shall ensure local educational agency compliance with all requirements of the Administrative Claiming process established for local governmental agencies.

(3) Ninety days prior to the initial participation in the Administrative Claiming process, each local educational consortium shall notify the department of its intent to participate in the process, and shall identify each local educational agency that will be participating as its subcontractor.

(s) (1) Each local educational agency that elects to participate in the Administrative Claiming process shall submit claims through its local educational consortium or through the local governmental agency, but not both.

(2) Each local educational agency participating as a subcontractor to a local educational consortium shall comply with all requirements of the Administrative Claiming process established for local governmental agencies.

(t) For the purposes of this section, a "nongovernmental entity" does not include an entity or person administered by, affiliated with, or employed by a participating local governmental agency or a local educational consortium.

(u) The requirements of subdivision (m) shall not apply to claims for administrative activities, pursuant to the Administrative Claiming process, performed by public health programs administered by the state.

(v) A participating local governmental agency or a local educational consortium may charge an administrative fee to any entity claiming Administrative Claiming through that agency.

(w) The department shall continue to administer the Administrative Claiming process in conformity with federal requirements.

(x) The department shall provide technical assistance to all participating local governmental agencies and local educational consortia in order to maximize federal financial participation in the Administrative Claiming process.

(y) This section shall be applicable to Administrative Claiming process activities performed, and to moneys paid to participating local governmental agencies and to local educational consortia in the 1998-99 fiscal year and thereafter for those activities, in the 1994–95 fiscal year and thereafter.

SEC. 106. Section 14132.72 of the Welfare and Institutions Code is amended to read:

14132.72. (a) It is the intent of the Legislature to recognize the practice of telemedicine as a legitimate means by which an individual may receive medical services from a health care provider without person-to-person contact with the provider.

(b) For the purposes of this section, "telemedicine" and "interactive" are defined as those terms are defined in subdivision (a) of Section 2290.5 of the Business and Professions Code.

(c) (1) Commencing July 1, 1997, face-to-face contact between a health care provider and a patient shall not be required under the Medi-Cal program for services appropriately provided through telemedicine, subject to reimbursement policies developed by the Medi-Cal program to compensate licensed health care providers who provide health care services, that are otherwise covered by the Medi-Cal program, through telemedicine. The audio and visual telemedicine system used shall, at a minimum, have the capability of meeting the procedural definition of the Current Procedural Terminology Fourth Edition (CPT-4) codes which represent the service provided through telemedicine. The telecommunications equipment shall be of a level of quality to adequately complete all necessary components to document the level of service for the CPT-4 code billed. If a peripheral diagnostic scope is required to assess the patient, it shall provide adequate resolution or audio quality for decisionmaking.

(2) The department shall report to the appropriate committees of the Legislature, by January 1, 2000, on the application of telemedicine to provide home health care; emergency care; critical and intensive care, including neonatal care; psychiatric evaluation; psychotherapy; and medical management as potential Medi-Cal benefits.

(d) The Medi-Cal program shall not be required to pay for consultation provided by the health care provider by telephone or facsimile machines.

(e) The Medi-Cal program shall pursue private or federal funding to conduct an evaluation of the cost-effectiveness and quality of health care provided through telemedicine by those providers who are reimbursed for telemedicine services by the program.

(f) This section shall remain in effect only until January 1, 2001, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2001, deletes or extends that date.

SEC. 107. The Legislature finds and declares as follows:

(a) Article 4.05 (commencing with Section 14139.05) of Chapter 7 of Part 3 of Division 9 of the Welfare and Institutions Code (hereafter Article 4.05) defines a strong role for consumers of long-term care, and gives local communities the opportunity to define a long-term care system to meet their needs.

(b) In accordance with Article 4.5 (commencing with Section 14145) of Chapter 7 of Part 3 of Division 9 of the Welfare and Institutions Code, local organizing groups (LOGs) in at least seven counties have undertaken planning for a suitable long-term care system, and these groups have encountered numerous challenges in advancing their integration planning efforts. Some of these challenges include the following:

(1) Lack of working models for unique systems within California.

(2) Lack of start-up capital for initial design, actuarial analysis, and technical consultation.

(3) Lack of experience in designing an integrated, capitated, at-risk model for this population.

(4) Incomplete information about the target population and costs.

(c) The LOGs have stated that they require funding, information and technical assistance, and would benefit from sharing information regarding options for governance, financing, risk-sharing, federal waivers, service delivery, and management information systems, among others.

(d) Some planning efforts may be less expensive when completed by multiple counties simultaneously, and the LOGs can learn from each other by sharing their successes and failures.

(e) The State Department of Health Services has resource limitations on the technical assistance it can provide to the LOGs.

(f) It is in the interest of the state to accelerate the development of long-term care integration pilot projects (LTCIPPs).

(g) The state wishes to encourage a public-private partnership in establishing the LTCIPPs.

(h) It is therefore in the interest of the state to develop a public-private partnership to facilitate and foster the development of LTCIPPs.

SEC. 108. Article 4.5 (commencing with Section 14145) is added to Chapter 7 of Part 3 of Division 9 of the Welfare and Institutions Code, to read:

Article 4.5. Development and Implementation of Long-Term Care Integration Pilot Projects

14145. (a) Beginning with the 1998–99 fiscal year and contingent on appropriation of funds through the Budget Act, the department may contract with a nonprofit entity, incorporated in California that has been formed for the purpose of serving as the center for long-term care integration. The center may serve as a focal point for facilitating the development of community-based local organizing groups through a public-private partnership.

(b) The nonprofit center may do all of the following:

(1) Serve in an advisory capacity to the key stakeholders in long-term care integration, including consumers, consumer advocacy groups, researchers, representatives of service providers and purchasers, and local and state policymakers.

(2) Assemble, organize, and make available technical information, data, expertise, and models on long-term care integration from across the state and nation.

(3) Assist local communities with long-term care planning and analysis, development of service delivery and financing systems, statewide data sharing, and private fund development.

(4) Coordinate goals and activities with the State Department of Health Services.

(c) The center may build and sustain working partnerships by developing and supporting a cross-county, statewide network of consumers, providers and funders, as well as maintaining an ongoing relationship with the state.

(d) The center may assist the local organizing groups (LOGs) in seeking local financial support, as well as to obtain foundation matching funds for statewide grant-making.

(e) The center may coordinate and disseminate long-term care planning information by identifying key long-term care development issues, and disseminating the information to local planning groups, as needed.

(f) The center may facilitate implementation by identifying and sharing useful tools and resources, designing models for service protocols of the local long-term care integration pilot projects, coordinating information systems, standardizing assessment elements, and providing low-cost training and technical assistance to the LOGs as they progress through common tasks necessary for local development and implementation.

(g) The center may collect and track information across LOG sites.

(h) The center may prepare annual progress reports, and shall provide these reports to the department and the budget committees of the Legislature.

14145.1. (a) The department may administer grants for purposes of this article, that shall be awarded through a request for application process.

(1) Grants may be awarded to local organizing groups (LOGs) that are existing or new community-based nonprofit organizations or government entities for purposes of implementing long-term care integration pilot projects, pursuant to Article 4.05 (commencing with Section 14139.05).

(2) Grants may be available for LOGs in the planning phase, or the development phase of the project, or both. Planning phase grants shall be limited to a maximum award of fifty thousand dollars ($50,000). Development phase grants shall be limited to a maximum award of one hundred fifty thousand dollars ($150,000). The planning phase includes activities related to initial planning for a long-term care integration pilot project (LTCIPP). The development phase includes activities for implementing the planning phase, up to actual implementation of the pilot project.

(b) Criteria for grant selection shall include, but not be limited to, the following:

(1) For planning phase grants:

(A) Identification of a LOG committed to development of a LTCIPP that includes major stakeholders, including, but not limited

to, consumers, community-based providers, institutional providers, and public entities.

(B) Evidence of local government support for development of a LTCIPP.

(C) A description of current and planned consumer involvement.

(D) A plan for the use of funds.

(E) Specification of goals and objectives, and a work plan for achieving them.

(F) A proposed strategy for project evaluation.

(2) For development phase grants:

(A) Identification of the authorized grantee sanctioned by the local government entity.

(B) Identification of an entity for operation of the LTCIPP.

(C) Definition of a governance structure.

(D) An adopted work plan that includes all of the following:

(i) A vision statement describing the long-term care system for the community.

(ii) Description of the covered scope of services and programs to be integrated at the local level.

(iii) Description of the target population.

(iv) Plan for integration of funding for those services.

(E) Specific work goals for the development phase.

(F) A work schedule for completion.

(G) A proposed strategy for project evaluation.

(3) Both planning phase and development phase grant funds may be used for, but are not limited to, the following purposes:

(A) Staff support.

(B) Consulting contracts.

(C) Community organizing support.

(D) Data Analysis.

(c) Grantees shall be required to match a portion of the grant awarded, either with cash, or in-kind contributions totaling 20 percent of the total grant. The match required by this subdivision shall be supplemental to the funds appropriated for the LTCIPP.

(d) On or before March 1, 1999, the department shall provide the Legislature with a status update on the progress of the grant program process, including grant awards and any administrative concerns.

SEC. 109. Section 14163 of the Welfare and Institutions Code, as amended by Chapter 71 of the Statutes of 1998, is amended to read:

14163. (a) For purposes of this section, the following definitions shall apply:

(1) "Public entity" means a county, a city, a city and county, the State of California, the University of California, a local health care district, a local health authority, or any other political subdivision of the state.

(2) "Hospital" means a health facility that is licensed pursuant to Chapter 2 (commencing with Section 1250) of Division 2 of the

Health and Safety Code to provide acute inpatient hospital services, and includes all components of the facility.

(4) "Disproportionate share list" means the annual list of disproportionate share hospitals for acute inpatient services issued by the department pursuant to Section 14105.98.

(5) "Fund" means the Medi-Cal Inpatient Payment Adjustment Fund.

(9) "Transfer amount" means an amount of intergovernmental transfer of funds that this section requires for a particular transferor entity with respect to a particular transfer year.

(10) "Intergovernmental transfer" means a transfer of funds from a public entity to the state, that is local government financial participation in Medi-Cal pursuant to the terms of this section.

(11) "Licensee" means an entity that has been issued a license to operate a hospital by the department.

(12) "Annualized Medi-Cal inpatient paid days" means the total number of Medi-Cal acute inpatient hospital days, regardless of dates of service, for which payment was made by or on behalf of the department to a hospital, under present or previous ownership, during the most recent calendar year ending prior to the beginning of a particular transfer year, including all Medi-Cal acute inpatient covered days of care for hospitals that are paid on a different basis than per diem payments.

(13) "Medi-Cal acute inpatient hospital day" means any acute inpatient day of service attributable to patients who, for those days, were eligible for medical assistance under the California state plan, including any day of service that is reimbursed on a basis other than per diem payments.

(14) "OBRA 1993 payment limitation" means the hospital-specific limitation on the total annual amount of payment adjustments to each eligible hospital under the payment adjustment program that can be made with federal financial participation under Section

1396r-4(g) of Title 42 of the United States Code as implemented pursuant to the Medi-Cal State Plan.

(b) The Medi-Cal Inpatient Payment Adjustment Fund is hereby created in the State Treasury. Notwithstanding Section 13340 of the Government Code, the fund shall be continuously appropriated to, and under the administrative control of, the department for the purposes specified in subdivision (d). The fund shall consist of the following:

(1) Transfer amounts collected by the Controller under this section, whether submitted by transferor entities pursuant to applicable provisions of this section or obtained by offset pursuant to subdivision (j).

(2) Any other intergovernmental transfers deposited in the fund, as permitted by Section 14164.

(3) Any interest that accrues with respect to amounts in the fund.

(c) Moneys in the fund, which shall not consist of any state general funds, shall be used as the source for the nonfederal share of payments to hospitals pursuant to Section 14105.98. Moneys shall be allocated from the fund by the department and matched by federal funds in accordance with customary Medi-Cal accounting procedures, and used to make payments pursuant to Section 14105.98.

(d) Except as otherwise provided in Section 14105.98 or in any provision of law appropriating a specified sum of money to the department for administering this section and Section 14105.98, moneys in the fund shall be used only for the following:

(1) Payments to hospitals pursuant to Section 14105.98.

(2) Transfers to the Health Care Deposit Fund as follows:

(A) In the amount of two hundred thirty-nine million seven hundred fifty-seven thousand six hundred ninety dollars ($239,757,690) for the 1994–95 and 1995–96 fiscal years.

(B) In the amount of two hundred twenty-nine million seven hundred fifty-seven thousand six hundred ninety dollars ($229,757,690) for the 1996–97 fiscal year.

(C) In the amount of one hundred fifty-four million seven hundred fifty-seven thousand six hundred ninety dollars ($154,757,690) for the 1997–98 fiscal year.

(D) In the amount of one hundred fourteen million seven hundred fifty-seven thousand six hundred ninety dollars ($114,757,690) for the 1998–99 fiscal year and each fiscal year thereafter.

(E) The transfers from the fund shall be made in six equal monthly installments to the Medi-Cal local assistance appropriation item (Item 4260-101-001 of the annual Budget Act) in support of Medi-Cal expenditures. The first installment shall accrue in October of each transfer year, and all other installments shall accrue monthly thereafter from November through March.

(e) For the 1991–92 state fiscal year, the department shall determine, no later than 70 days after the enactment of this section, the transferor entities for the 1991–92 transfer year. To make this determination, the department shall utilize the disproportionate share list for the 1991–92 fiscal year issued by the department pursuant to paragraph (1) of subdivision (f) of Section 14105.98. The department shall identify each eligible hospital on the list for which a public entity is the licensee as of July 1, 1991. The public entity that is the licensee of each identified eligible hospital shall be a transferor entity for the 1991–92 transfer year.

(f) The department shall determine, no later than 70 days after the enactment of this section, the transfer amounts for the 1991–92 transfer year.

The transfer amounts shall be determined as follows:

(1) The eligible hospitals for 1991–92 shall be identified. For each hospital, the applicable total per diem payment adjustment amount under Section 14105.98 for the 1991–92 transfer year shall be computed. This amount shall be multiplied by 80 percent of the eligible hospital's annualized Medi-Cal inpatient paid days as determined from all Medi-Cal paid claims records available through April 1, 1991. The products of these calculations for all eligible hospitals shall be added together to determine an aggregate sum for the 1991–92 transfer year.

(2) The eligible hospitals for 1991–92 involving transferor entities as licensees shall be identified. For each hospital, the applicable total per diem payment adjustment amount under Section 14105.98 for the 1991–92 transfer year shall be computed. This amount shall be multiplied by 80 percent of the eligible hospital's annualized Medi-Cal inpatient paid days as determined from all Medi-Cal paid claims records available through April 1, 1991. The products of these calculations for all eligible hospitals with transferor entities as licensees shall be added together to determine an aggregate sum for the 1991–92 transfer year.

(3) The aggregate sum determined under paragraph (1) shall be divided by the aggregate sum determined under paragraph (2), yielding a factor to be utilized in paragraph (4).

(4) The factor determined in paragraph (3) shall be multiplied by the amount determined for each hospital under paragraph (2). The product of this calculation for each hospital in paragraph (2) shall be divided by 1.771, yielding a transfer amount for the particular transferor entity for the transfer year.

(g) For the 1991–92 transfer year, the department shall notify each transferor entity in writing of its applicable transfer amount or amounts.

(h) For the 1992–93 transfer year and subsequent transfer years, transfer amounts shall be determined in the same procedural manner as set forth in subdivision (f), except:

(1) The department shall use all of the following:

(A) The disproportionate share list applicable to the particular transfer year to determine the eligible hospitals.

(B) The payment adjustment amounts calculated under Section 14105.98 for the particular transfer year. These amounts shall take into account any projected or actual increases or decreases in the size of the payment adjustment program as are required under Section 14105.98 for the particular year in question, including any decreases resulting from the application of the OBRA 1993 payment limitation. The department may issue interim, revised, and supplemental transfer requests as necessary and appropriate to address changes in payment adjustment levels that occur under Section 14105.98. All transfer requests, or adjustments thereto, issued to transferor entities by the department shall meet the requirements set forth in subdivision (i).

(C) Data regarding annualized Medi-Cal inpatient paid days for the most recent calendar year ending prior to the beginning of the particular transfer year, as determined from all Medi-Cal paid claims records available through April 1 preceding the particular transfer year.

(D) The status of public entities as licensees of eligible hospitals as of July 1 of the particular transfer year.

(E) For the 1993–94 transfer year and subsequent transfer years, the divisor to be used for purposes of the calculation referred to in paragraph (4) of subdivision (f) shall be determined by the department. The divisor shall be calculated to ensure that the appropriate amount of transfers from transferor entities are received into the fund to satisfy the requirements of Section 14105.98, exclusive of the amounts described in paragraph (2) of this subdivision, and to satisfy the requirements of paragraph (2) of subdivision (d), for the particular transfer year. For the 1993–94 transfer year, the divisor shall be 1.742.

(F) The following provisions shall apply for certain transfer amounts relating to nonsupplemental payments under Section 14105.98:

(i) For the 1998–99 transfer year, transfer amounts shall be determined as though the payment adjustment amounts arising pursuant to subdivision (ag) of Section 14105.98 were increased by the amounts paid or payable pursuant to subdivision (af) of Section 14105.98.

(ii) Any transfer amounts paid by a transferor entity pursuant to subparagraph (C) of paragraph (2) shall serve as credit for the particular transferor entity against an equal amount of its transfer obligation for the 1998–99 transfer year.

(iii) For the 1999–2000 transfer year, transfer amounts shall be determined as though the amount to be transferred to the Health Care Deposit Fund, as referred to in paragraph (2) of subdivision (d), were reduced by 28 percent.

(2) (A) Except as provided in subparagraphs (B), (C), and (D), for the 1993–94 transfer year and subsequent transfer years, transfer amounts shall be increased for the particular transfer year in the amounts necessary to fund the nonfederal share of the total supplemental payment adjustment amounts of all types that arise under Section 14105.98. These increases shall be paid only by those transferor entities that are licensees of hospitals that are projected to receive some or all of the particular supplemental payments, and the increases shall be paid by the transferor entities on a pro rata basis in connection with the particular supplemental payments. For purposes of this paragraph, supplemental payment adjustment amounts shall be deemed to arise for the particular transfer year as of the date specified in Section 14105.98. Transfer amounts to fund the nonfederal share of the payments shall be paid for the particular transfer year within 20 days after the department notifies the transferor entity in writing of the additional transfer amount to be paid.

(B) For the 1995–96 transfer year, the nonfederal share of the secondary supplemental payment adjustments described in paragraph (9) of subdivision (y) of Section 14105.96 shall be funded as follows:

(i) Ninety-nine percent of the nonfederal share shall be funded by a transfer from the University of California.

(ii) One percent of the nonfederal share shall be funded by transfers from those public entities that are the licensees of the hospitals included in the "other public hospitals" group referred to in clauses (ii) and (iii) of subparagraph (B) of paragraph (9) of subdivision (y) of Section 14105.98. The transfer responsibilities for this 1 percent shall be allocated to the particular public entities on a pro rata basis, based on a formula or formulae customarily used by the department for allocating transfer amounts under this section. The formula or formulae shall take into account, through reallocation of transfer amounts as appropriate, the situation of hospitals whose secondary supplemental payment adjustments are restricted due to the application of the limitation set forth in clause (v) of subparagraph (B) of paragraph (9) of subdivision (y) of Section 14105.98.

(iii) All transfer amounts under this subparagraph shall be paid by the particular transferor entities within 30 days after the department notifies the transferor entity in writing of the transfer amount to be paid.

(C) For the 1997–98 transfer year, transfer amounts to fund the nonfederal share of the supplemental payment adjustments described in subdivision (af) of Section 14105.98 shall be funded by a transfer from the County of Los Angeles.

(D) (i) For the 1998–99 transfer year, transfer amounts to fund the nonfederal share of the supplemental payment adjustment

amounts arising under subdivision (ah) of Section 14105.98 shall be increased as set forth in clause (ii).

(ii) The transfer amounts otherwise calculated to fund the supplemental payment adjustments referred to in clause (i) shall be increased on a pro rata basis by an amount equal to 28 percent of the amount to be transferred to the Health Care Deposit Fund for the 1999–2000 fiscal year, as referred to in paragraph (2) of subdivision (d).

(3) The department shall prepare preliminary analyses and calculations regarding potential transfer amounts, and potential transferor entities shall be notified by the department of estimated transfer amounts as soon as reasonably feasible regarding any particular transfer year. Written notices of transfer amounts shall be issued by the department as soon as possible with respect to each transfer year. All state agencies shall take all necessary steps in order to supply applicable data to the department to accomplish these tasks. The Office of Statewide Health Planning and Development shall provide to the department quarterly access to the edited and unedited confidential patient discharge data files for all Medi-Cal eligible patients. The department shall maintain the confidentiality of that data to the same extent as is required of the Office of Statewide Health Planning and Development. In addition, the Office of Statewide Health Planning and Development shall provide to the department, not later than March 1 of each year, the data specified by the department, as the data existed on the statewide data base file as of February 1 of each year, from all of the following:

(A) Hospital annual disclosure reports, filed with the Office of Statewide Health Planning and Development pursuant to Section 443.31 or 128735 of the Health and Safety Code, for hospital fiscal years that ended during the calendar year ending 13 months prior to the applicable February 1.

(B) Annual reports of hospitals, filed with the Office of Statewide Health Planning and Development pursuant to Section 439.2 or 127285 of the Health and Safety Code, for the calendar year ending 13 months prior to the applicable February 1.

(C) Hospital patient discharge data reports, filed with the Office of Statewide Health Planning and Development pursuant to subdivision (g) of Section 443.31 or 128735 of the Health and Safety Code, for the calendar year ending 13 months prior to the applicable February 1.

(D) Any other materials on file with the Office of Statewide Health Planning and Development.

(4) Transfer amounts calculated by the department may be increased or decreased by a percentage amount consistent with the Medi-Cal state plan.

(5) For the 1993–94 fiscal year, the transfer amount that would otherwise be required from the University of California shall be increased by fifteen million dollars ($15,000,000).

(6) Notwithstanding any other provision of law, except for subparagraph (D) of paragraph (2), the total amount of transfers required from the transferor entities for any particular transfer year shall not exceed the sum of the following:

(A) The amount needed to fund the nonfederal share of all payment adjustment amounts applicable to the particular payment adjustment year as calculated under Section 14105.98. Included in the calculations for this purpose shall be any decreases in the program as a whole, and for individual hospitals, that arise due to the provisions of Section 1396r-4(f) or (g) of Title 42 of the United States Code.

(B) The amount needed to fund the transfers to the Health Care Deposit Fund, as referred to in subdivision (d).

(7) (A) Except as provided in subparagraphs (B) and (C) and in paragraph (2) of subdivision (j), and except for a prudent reserve not to exceed two million dollars ($2,000,000) in the Medi-Cal Inpatient Payment Adjustment Fund, any amounts in the fund, including interest that accrues with respect to the amounts in the fund, that are not expended, or estimated to be required for expenditure, under Section 14105.98 with respect to a particular transfer year shall be returned on a pro rata basis to the transferor entities for the particular transfer year within 120 days after the department determines that the funds are not needed for an expenditure in connection with the particular transfer year.

(B) The department shall determine the interest amounts that have accrued in the fund from its inception through June 30, 1995, and, no later than January 1, 1996, shall distribute these interest amounts to transferor entities:

(C) With respect to those particular amounts in the fund resulting solely from the provisions of subparagraph (D) of paragraph (2), the department shall determine by September 30, 1999, whether these particular amounts exceed 28 percent of the amount to be transferred to the Health Care Deposit Fund for the 1999–2000 fiscal year, as referred to in paragraph (2) of subdivision (d). Any excess amount so determined shall be returned to the particular transferor entities on a pro rata basis no later than October 31, 1999.

(D) Regarding any funds returned to a transferor entity under subparagraph (A) or (C), or interest amounts distributed to a transferor entity under subparagraph (B), the department shall provide to the transferor entity a written statement that explains the basis for the particular return or distribution of funds and contains the general calculations used by the department in determining the amount of the particular return or distribution of funds.

(i) (1) For the 1991–92 transfer year, each transferor entity shall pay its transfer amount or amounts to the Controller, for deposit in the fund, in eight equal installments.

(2) (A) Except as provided in subparagraphs (B) and (C), for the 1992–93 transfer year and subsequent transfer years, each transferor entity shall pay its transfer amount or amounts to the Controller, for

deposit in the fund, in eight equal installments. However, for the 1997–98 and subsequent transfer years, each transferor entity shall pay its transfer amount or amounts to the Controller, for deposit in the fund, in the form of periodic installments according to a timetable established by the department. The timetable shall be structured to effectuate, on a reasonable basis, the prompt distribution of all nonsupplemental payment adjustments under Section 14105.98, and transfers to the Health Care Deposit Fund under subdivision (d).

(B) For the 1994–95 transfer year, each transferor entity shall pay its transfer amount or amounts to the Controller, for deposit in the fund, in five equal installments.

(C) For the 1995–96 transfer year, each transferor entity shall pay its transfer amount or amounts to the Controller, for deposit in the fund, in five equal installments.

(D) Except as otherwise specifically provided, subparagraphs (A) to (C), inclusive, shall not apply to increases in transfer amounts described in paragraph (2) of subdivision (h) or to additional transfer amounts described in subdivision (o).

(E) All requests for transfer payments, or adjustments thereto, issued by the department shall be in writing and shall include (i) an explanation of the basis for the particular transfer request or transfer activity, (ii) a summary description of program funding status for the particular transfer year, and (iii) the general calculations used by the department in connection with the particular transfer request or transfer activity.

(3) A transferor entity may use any of the following funds for purposes of meeting its transfer obligations under this section:

(A) General funds of the transferor entity.

(B) Any other funds permitted by law to be used for these purposes, except that a transferor entity shall not submit to the Controller any federal funds unless those federal funds are authorized by federal law to be used to match other federal funds. In addition, no private donated funds from any health care provider, or from any person or organization affiliated with the health care provider, shall be channeled through a transferor entity or any other public entity to the fund, unless the donated funds will qualify under federal rules as a valid component of the nonfederal share of the Medi-Cal program and will be matched by federal funds. The transferor entity shall be responsible for determining that funds transferred meet the requirements of this subparagraph.

(j) (1) If a transferor entity does not submit any transfer amount within the time period specified in this section, the Controller shall offset immediately the amount owed against any funds which otherwise would be payable by the state to the transferor entity. The Controller, however, shall not impose an offset against any particular funds payable to the transferor entity where the offset would violate state or federal law.

(2) Where a withhold or a recoupment occurs pursuant to the provisions of paragraph (2) of subdivision (r) of Section 14105.98, the nonfederal portion of the amount in question shall remain in the fund, or shall be redeposited in the fund by the department, as applicable. The department shall then proceed as follows:

(A) If the withhold or recoupment was imposed with respect to a hospital whose licensee was a transferor entity for the particular state fiscal year to which the withhold or recoupment related, the nonfederal portion of the amount withheld or recouped shall serve as a credit for the particular transferor entity against an equal amount of transfer obligations under this section, to be applied whenever the transfer obligations next arise. Should no such transfer obligation arise within 180 days, the department shall return the funds in question to the particular transferor entity within 30 days thereafter.

(B) For other situations, the withheld or recouped nonfederal portion shall be subject to paragraph (7) of subdivision (h).

(k) All transfer amounts received by the Controller or amounts offset by the Controller shall immediately be deposited in the fund.

(*l*) For purposes of this section, the disproportionate share list utilized by the department for a particular transfer year shall be identical to the disproportionate share list utilized by the department for the same state fiscal year for purposes of Section 14105.98. Nothing on a disproportionate share list, once issued by the department, shall be modified for any reason other than mathematical or typographical errors or omissions on the part of the department or the Office of Statewide Health Planning and Development in preparation of the list.

(m) Neither the intergovernmental transfers required by this section, nor any elective transfer made pursuant to Section 14164, shall create, lead to, or expand the health care funding or service obligations for current or future years for any transferor entity, except as required of the state by this section or as may be required by federal law, in which case the state shall be held harmless by the transferor entities on a pro rata basis.

(n) Except as otherwise permitted by state and federal law, no transfer amount submitted to the Controller under this section, and no offset by the Controller pursuant to subdivision (j), shall be claimed or recognized as an allowable element of cost in Medi-Cal cost reports submitted to the department.

(o) Whenever additional transfer amounts are required to fund the nonfederal share of payment adjustment amounts under Section 14105.98 that are distributed after the close of the particular payment adjustment year to which the payment adjustment amounts apply, the additional transfer amounts shall be paid by the parties who were the transferor entities for the particular transfer year that was concurrent with the particular payment adjustment year. The additional transfer amounts shall be calculated under the formula that was in effect during the particular transfer year. For transfer

years prior to the 1993–94 transfer year, the percentage of the additional transfer amounts available for transfer to the Health Care Deposit Fund under subdivision (d) shall be the percentage that was in effect during the particular transfer year. These additional transfer amounts shall be paid by transferor entities within 20 days after the department notifies the transferor entity in writing of the additional transfer amount to be paid.

(p) (1) Ten million dollars ($10,000,000) of the amount transferred from the Medi-Cal Inpatient Payment Adjustment Fund to the Health Care Deposit Fund due to amounts transferred attributable to years prior to the 1993–94 fiscal year is hereby appropriated without regard to fiscal years to the State Department of Health Services to be used to support the development of managed care programs under the department's plan to expand Medi-Cal managed care.

(2) These funds shall be used by the department for both of the following purposes: (A) distributions to counties or other local entities that contract with the department to receive those funds to offset a portion of the costs of forming the local initiative entity, and (B) distributions to local initiative entities that contract with the department to receive those funds to offset a portion of the costs of developing the local initiative health delivery system in accordance with the department's plan to expand Medi-Cal managed care.

(3) Entities contracting with the department for any portion of the ten million dollars ($10,000,000) shall meet the objectives of the department's plan to expand Medi-Cal managed care with regard to traditional and safety net providers.

(4) Entities contracting with the department for any portion of the ten million dollars ($10,000,000) may be authorized under those contracts to utilize their funds to provide for reimbursement of the costs of local organizations and entities incurred in participating in the development and operation of a local initiative.

(5) To the full extent permitted by state and federal law, these funds shall be distributed by the department for expenditure at the local level in a manner that qualifies for federal financial participation under the medicaid program.

(q) (1) Any local initiative entity that has performed unanticipated additional work for the purposes identified in subparagraph (B) of paragraph (2) of subdivision (p) resulting in additional costs attributable to the development of its local initiative health delivery system, may file a claim for reimbursement with the department for the additional costs incurred due to delays in start dates through the 1996–97 fiscal year. The claim shall be filed by the local initiative entity not later than 90 days after the effective date of the act adding this subdivision, and shall not seek extra compensation for any sum that is or could have been asserted pursuant to the contract disputes and appeals resolution provisions of the local initiative entity's respective two-plan model contract. All claims for

unanticipated additional incurred costs shall be submitted with adequate supporting documentation including, but not limited to, all of the following:

(A) Invoices, receipts, job descriptions, payroll records, work plans, and other materials that identify the unanticipated additional claimed and incurred costs.

(B) Documents reflecting mitigation of costs.

(C) To the extent lost profits are included in the claim, documentation identifying those profits and the manner of calculation.

(D) Documents reflecting the anticipated start date, the actual start date, and reasons for the delay between the dates, if any.

(2) In determining any amount to be paid, the department shall do all of the following:

(B) Determine the appropriate amount of payment, after taking into consideration the supporting documentation and the results of any audit.

(C) Provide funding for any such payment, as approved by the Department of Finance through the deficiency process.

(D) Complete the determination required in subparagraph (B) within six months after receipt of a local initiative entity's completed claim and supporting documentation. Prior to final determination, there shall be a review and comment period for that local initiative entity.

(E) Make reasonable efforts to obtain federal financial participation. In the event federal financial participation is not allowed for this payment, the state's payment shall be 50 percent of the total amount determined to be payable.

56366. It is the intent of the Legislature that the role of the nonpublic, nonsectarian school or agency shall be maintained and continued as an alternative special education service available to districts, special education local plan areas, county offices, and parents.

(a) The master contract for nonpublic, nonsectarian school or agency services shall be developed in accordance with the following provisions:

(1) The master contract shall specify the general administrative and financial agreements between the nonpublic, nonsectarian school or agency and the district, special education local plan area, or county office to provide the special education and designated instruction and services, as well as transportation specified in the pupil's individualized education program. The administrative provisions of the contract also shall include procedures for recordkeeping and documentation, and the maintenance of school records by the contracting district, special education local plan area, or county office to ensure that appropriate high school graduation credit is received by the pupil. The contract may allow for partial or full-time attendance at the nonpublic, nonsectarian school.

(2) (A) The master contract shall include an individual services agreement for each pupil placed by a district, special education local plan area, or county office that will be negotiated for the length of time for which nonpublic, nonsectarian school or agency special education and designated instruction and services are specified in the pupil's individualized education program.

(B) The master contract shall include a description of the process being utilized by the school district, county office of education, or special education local plan area to oversee and evaluate placements in nonpublic, nonsectarian schools. This description shall include a method for evaluating whether the pupil is making appropriate educational progress.

(3) Changes in educational instruction, services, or placement provided under contract may only be made on the basis of revisions to the pupil's individualized education program.

At any time during the term of the contract or individual services agreement, the parent; nonpublic, nonsectarian school or agency; or district, special education local plan area, or county office may request a review of the pupil's individualized education program by the individualized education program team. Changes in the administrative or financial agreements of the master contract that do not alter the individual services agreement that outlines each pupil's educational instruction, services, or placement may be made at any time during the term of the contract as mutually agreed by the nonpublic, nonsectarian school or agency and the district, special education local plan area, or county office.

(4) The master contract or individual services agreement may be terminated for cause. The cause shall not be the availability of a public class initiated during the period of the contract unless the parent agrees to the transfer of the pupil to a public school program. To terminate the contract either party shall give 20 days' notice.

(5) The nonpublic, nonsectarian school or agency shall provide all services specified in the individualized education program, unless the nonpublic, nonsectarian school or agency and the district, special education local plan area, or county office agree otherwise in the contract or individualized services agreement.

(6) Related services provided pursuant to a nonpublic, nonsectarian agency master contract shall only be provided during the period of the child's regular or extended school year program, or both, unless otherwise specified by the pupil's individualized education program.

(7) The nonpublic, nonsectarian school or agency shall report attendance of pupils receiving special education and designated instruction and services as defined by Section 46307 for purposes of submitting a warrant for tuition to each contracting district, special education local plan area, or county office.

(b) The master contract or individual services agreement shall not include special education transportation provided through the use of

services or equipment owned, leased, or contracted by a district, special education local plan area, or county office for pupils enrolled in the nonpublic, nonsectarian school or agency unless provided directly or subcontracted by that nonpublic, nonsectarian school or agency.

The superintendent shall withhold 20 percent of the amount apportioned to a school district or county office for costs related to the provision of nonpublic, nonsectarian school or agency placements if the superintendent finds that the local education agency is in noncompliance with this subdivision. This amount shall be withheld from the apportionments in the fiscal year following the superintendent's finding of noncompliance. The superintendent shall take other appropriate actions to prevent noncompliant practices from occurring and report to the Legislature on those actions.

(c) (1) If the pupil is enrolled in the nonpublic, nonsectarian school or agency with the approval of the district, special education local plan area, or county office prior to agreement to a contract or individual services agreement, the district, special education local plan area, or county office shall issue a warrant, upon submission of an attendance report and claim, for an amount equal to the number of creditable days of attendance at the per diem tuition rate agreed upon prior to the enrollment of the pupil. This provision shall be allowed for 90 days during which time the contract shall be consummated.

(2) If after 60 days the master contract or individual services agreement has not been finalized as prescribed in paragraph (1) of subdivision (a), either party may appeal to the county superintendent of schools, if the county superintendent is not participating in the local plan involved in the nonpublic, nonsectarian school or agency contract, or the superintendent, if the county superintendent is participating in the local plan involved in the contract, to negotiate the contract. Within 30 days of receipt of this appeal, the county superintendent or the superintendent, or his or her designee, shall mediate the formulation of a contract which shall be binding upon both parties.

(d) No master contract for special education and related services provided by a nonpublic, nonsectarian school or agency shall be authorized under this part unless the school or agency has been certified as meeting those standards relating to the required special education and specified related services and facilities for individuals with exceptional needs. The certification shall result in the school's or agency's receiving approval to educate pupils under this part for a period no longer than four years from the date of the approval.

(e) By September 30, 1998, the procedures, methods, and regulations for the purposes of contracting for nonpublic, nonsectarian school and agency services pursuant to this section and for reimbursement pursuant to Sections 56836.16 and 56836.20 shall

be developed by the superintendent in consultation with statewide organizations representing providers of special education and designated instruction and services. The regulations shall be established by rules and regulations issued by the board.

SEC. 7. Section 56366.8 is added to the Education Code, to read:

56366.8. The State Department of Education, as a part of its certification process and complaint investigation process for nonpublic, nonsectarian schools or agencies shall do all of the following:

(a) Provide advance notice of certification reviews to the contracting district, special education local plan area, or county office, and to the nonpublic, nonsectarian school or agency under certification review.

(b) Provide advance notice of complaint investigations to the contracting district, special education local plan area, or county office of education.

(c) Include the contracting district, special education local plan area, or county office in certification reviews and complaint investigations.

(d) Transmit final reports of certification reviews and complaint investigations to districts, special education local plan areas, and county offices, placement agencies, and educational agencies that contract with the nonpublic, nonsectarian school or agency.

SEC. 8. The Legislature recommends that the Judicial Council adopt appropriate rules, standards, and forms regarding the educational placement of children who are placed in foster care that would do all of the following:

(a) Ensure that state courts routinely indicate the party that maintains or assumes the educational rights of a child placed in foster care to facilitate the prompt educational placement of the child.

(b) Ensure that, when ordering that a parent maintains educational authority for a child who is placed in foster care, the parent and the child are informed of both of the following:

(1) The parent's right to maintain educational authority for the child.

(2) The parent's right to designate another person or entity to maintain educational authority for the child.

(c) Ensure that state courts develop consistent policies regarding authorizing agencies that place children in foster care to receive the children's records.

SEC. 9. Section 7911 is added to the Family Code, to read:

7911. The Legislature finds and declares all of the following:

(a) The health and safety of California children placed by a county social services agency or probation department out of state pursuant to the provisions of the Interstate Compact on the Placement of Children are a matter of statewide concern.

(b) The Legislature therefore affirms its intention that the State Department of Social Services has full authority to require an

assessment and placement recommendation by a county multidisciplinary team prior to placement of a child in an out-of-state group home, to investigate allegations of child abuse or neglect of minors so placed, and to ensure that minors in out-of-state group homes meet all California group home licensing standards.

(c) This section is declaratory of existing law with respect to the Governor's designation of the State Department of Social Services to act as the compact administrator and of that department to act as the single state agency charged with supervision of public social services under Section 10600 of the Welfare and Institutions Code.

SEC. 10. Section 7911.1 is added to the Family Code, to read:

7911.1. (a) Notwithstanding any other provision of law, the State Department of Social Services or its designee shall investigate any threat to the health and safety of children placed by a California county social services agency or probation department in an out-of-state group home pursuant to the provisions of the Interstate Compact on the Placement of Children. This authority shall include the authority to interview children or staff in private or review their file at the out-of-state facility or wherever the child or files may be at the time of the investigation. Notwithstanding any other provisions of law, the State Department of Social Services or its designee shall require certified out-of-state group homes to comply with the reporting requirements applicable to group homes licensed in California pursuant to Title 22 of the California Code of Regulations for each child in care regardless of whether he or she is a California placement, by submitting a copy of the required reports to the Compact Administrator within regulatory timeframes. The Compact Administrator within one business day of receiving a serious events report shall verbally notify the appropriate placement agencies and within five working days of receiving a written report from the out-of-state group home, forward a copy of the written report to the appropriate placement agencies.

(b) Any contract, memorandum of understanding, or agreement entered into pursuant to paragraph (b) of Article 5 of the Interstate Compact on the Placement of Children regarding the placement of a child out of state by a California county social services agency or probation department shall include the language set forth in subdivision (b).

(c) The State Department of Social Services or its designee shall perform initial and continuing inspection of out-of-state group homes in order to either certify that the out-of-state group home meets all licensure standards required of group homes operated in California or that the department has granted a waiver to a specific licensing standard upon a finding that there exists no adverse impact to health and safety. Any failure by an out-of-state group home facility to make children or staff available as required by subdivision (a) for a private interview or make files available for review shall be grounds to deny or discontinue the certification. The State Department of Social

Services shall grant or deny an initial certification or a waiver under this subdivision to an out-of-state group home facility within 12 months of the effective date of this section. Certifications made pursuant to this subdivision shall be reviewed annually.

(d) Within six months of the effective date of this section, a county shall be required to obtain an assessment and placement recommendation by a county multidisciplinary team for each child in an out-of-state group home facility. On or after March 1, 1999, a county shall be required to obtain an assessment and placement recommendation by a county multidisciplinary team prior to placement of a child in an out-of-state group home facility.

(e) Any failure by an out-of-state group home to obtain or maintain its certification as required by subdivision (c) shall preclude the use of any public funds, whether county, state, or federal, in the payment for the placement of any child in that out-of-state group home, pursuant to the Interstate Compact on the Placement of Children.

(f) A multidisciplinary team shall consist of participating members from county social services, county mental health, county probation, county superintendents of schools, and other members as determined by the county.

(g) (1) The department may deny, suspend, or discontinue the certification of the out-of-state group home if the department makes a finding that the group home is not operating in compliance with the requirements of subdivision (c).

(2) Any judicial proceeding to contest the department's determination as to the status of the out-of-state group home certificate shall be held in California pursuant to Section 1085 of the Code of Civil Procedure.

(h) This section shall not impact placements made pursuant to Chapter 26.5 (commencing with Section 7570) of Division 7 of Title 1 of the Government Code relating to seriously emotionally disturbed children.

(i) Only an out-of-state group home authorized by the Compact Administrator to receive state funds for the placement by a county social services agency or probation department of any child in that out-of-state group home from the effective date of this section shall be eligible for public funds pending the department's certification under this section.

SEC. 11. Section 7912 is added to the Family Code, to read:

7912. (a) The Legislature finds and declares that the health and safety of children in out-of-state group home care pursuant to the Interstate Compact on the Placement of Children is a matter of statewide concern. The Legislature therefore affirms its intention that children placed by a county social services agency or probation department in out-of-state group homes be accorded the same personal rights and safeguards of a child placed in a California group home. This section is in clarification of existing law.

(b) The Compact Administrator may temporarily suspend any new placements in an out-of-state group home, for a period not to exceed 100 days, pending the completion of an investigation, pursuant to subdivision (a) of Section 7911.1, regarding a threat to the health and safety of children in care. During any suspension period the department or its designee shall have staff daily onsite at the out-of-state group home.

SEC. 12. Section 1520.1 is added to the Health and Safety Code, to read:

1520.1. In addition to Section 1520, applicants for a group home facility license shall meet the following requirements:

(a) (1) During the first 12 months of operation, the facility shall operate with a provisional license. After eight months of operation, the department shall conduct a comprehensive review of the facility for compliance with all applicable laws and regulations and help develop a plan of correction with the provisional licensee, if appropriate. By the end of the 12th month of operation, the department shall determine if the permanent license should be issued.

(2) If the department determines that the group home is in substantial compliance with licensing standards, notwithstanding Section 1525.5, the department may extend the provisional license for up to an additional six months for either of the following reasons:

(A) The group home requires additional time to be in full compliance with licensing standards.

(B) After 12 months of operation, the group home is not operating at 50 percent of its licensed capacity.

(3) By no later than the first business day of the 17th month of operation, the department shall conduct an additional review of a facility for which a provisional license is extended pursuant to paragraph (2), in order to determine whether a permanent license should be issued.

(4) The department may deny a group home license application at any time during the term of the provisional license to protect the health and safety of clients. If the department denies the application, the group home shall cease operation immediately. Continued operation of the facility after the department denies the application or the provisional license expires shall constitute unlicensed operation.

(5) When the department notifies a city or county planning authority pursuant to subdivision (c) of Section 1520.5, the department shall briefly describe the provisional licensing process and the timelines provided for under that process, as well as provide the name, address, and telephone number of the district office licensing the facility where a complaint or comment about the group home's operation may be filed.

(b) (1) After the production of the booklet provided for in paragraph (2), every member of the group home's board of directors

shall, prior to becoming a member of the board of directors sign a statement that the board member understands his or her legal duties and obligations as a member of the board of directors and that the group home's operation is governed by laws and regulations that are enforced by the department, as set forth in the booklet. The applicant, provisional licensee, and licensee shall have this statement available for inspection by the department. For members of the board of directors when the booklet is produced, the licensee shall obtain this statement by the next scheduled meeting of the board of directors. Compliance with this paragraph shall be a condition of licensure.

(2) No later than May 1, 1999, the department, in cooperation with the Department of Justice and in consultation with group home providers, shall develop and distribute to every group home provider detailed information designed to educate members of the group home provider's board of directors of their roles and responsibilities as board members of a public benefit corporation under the laws of this state. The information shall be included in a booklet, which shall include, but not be limited to, all of the following:

(A) The financial responsibilities of a member of the board of directors.

(B) Disclosure requirements for self-dealing transactions.

(C) Legal requirements pertaining to articles of incorporation, bylaws, length of board member terms, voting procedures, board meetings, quorums, minutes of board meetings, and, as provided for in subdivision (f), board member duties.

(D) A general overview of the laws and regulations governing the group home's operation that are enforced by the department.

(c) All financial records submitted by a facility to the department, or that are submitted as part of an audit of the facility, including, but not limited to, employee timecards and timesheets, shall be signed and dated by the employee and by the group home representative who is responsible for ensuring the accuracy of the information contained in the record, and shall contain an affirmative statement that the signatories understand that the information contained in the document is correct to the best of their knowledge and that submission of false or misleading information may be prosecuted as a crime.

(d) An applicant, provisional licensee, or licensee shall maintain, submit, and sign financial documents to verify the legitimacy and accuracy of these documents. These documents include, but are not limited to, the group home application, any financial documents and plans of corrections submitted to the department, and time sheets.

(e) (1) It is the intent of the Legislature that a group home have either representatives on its board of directors, as listed in paragraph (2), or a community advisory board, that meets at least annually.

(2) The representatives on the board of directors or the community advisory board members should consist of at least the following persons:

(A) A member of the facility's board of directors.

(B) Members of the community where the facility is located.

(C) Neighbors of the facility.

(D) Current or former clients of the facility.

(E) A representative from a local law enforcement or other city or county representative.

(f) Each group home provider shall schedule and conduct quarterly meetings of its board of directors. During these quarterly meetings, the board of directors shall review and discuss licensing reports, financial and program audit reports of its group home operations, special incident reports, and any administrative action against the licensee or its employees. The minutes shall reflect the board's discussion of these documents and the group home's operation. The licensee shall make available the minutes of group home board of directors meetings to the department.

SEC. 13. Section 1520.11 is added to the Health and Safety Code, to read:

1520.11. (a) A corporation that applies for licensure with the department shall list the facilities that any member of the board of directors, an executive director, or any officer has been licensed to operate, been employed in, or served as a member of the board of directors, the executive director, or an officer.

(b) The department shall not issue a provisional license or license to any corporate applicant that has a member of the board of directors, an executive director, or an officer, who is not eligible for licensure pursuant to Section 1520.3 or Section 1558.1.

(c) The department may revoke the license of any corporate licensee that has a member of the board of directors, an executive director, or an officer, who is not eligible for licensure pursuant to Section 1520.3 or Section 1558.1.

(d) Prior to instituting an administrative action pursuant to either subdivision (b) or (c), the department shall notify the applicant or licensee of the person's ineligibility to be a member of the board of directors, an executive director, or an officer of the applicant or licensee. The licensee shall remove the person from that position within 15 days or, if the person has client contact, he or she shall be removed immediately upon notification.

SEC. 14. Section 1522 of the Health and Safety Code is amended to read:

1522. The Legislature recognizes the need to generate timely and accurate positive fingerprint identification of applicants as a condition of issuing licenses, permits, or certificates of approval for persons to operate or provide direct care services in a community care facility, foster family home, or a certified family home. Therefore, the Legislature supports the use of the fingerprint

live-scan technology, as identified in the long-range plan of the Department of Justice for fully automating the processing of fingerprints and other data by the year 1999, otherwise known as the California Crime Information Intelligence System (CAL-CII), to be used for applicant fingerprints. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with community care clients may pose a risk to the clients' health and safety.

(a) Before issuing a license or special permit to any person or persons to operate or manage a community care facility, the State Department of Social Services shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code, for violating Section 245 or 273.5, subdivision (b) of Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated. That criminal history information shall include the full criminal record, of any of those persons, and subsequent arrest information pursuant to Section 11105.2 of the Penal Code. No fee shall be charged by the Department of Justice or the State Department of Social Services for the fingerprinting of an applicant for a license or special permit to operate a facility providing nonmedical board, room, and care for six or less children or for obtaining a criminal record of the applicant pursuant to this section. The following shall apply to the criminal record information:

(1) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b), has been convicted of a crime other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (g).

(2) If the State Department of Social Services finds that the applicant, or any person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services shall cease processing the application until the conclusion of the trial.

(3) If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(4) If the State Department of Social Services finds after licensure that the licensee, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license may be revoked, unless the director grants an exemption pursuant to subdivision (g).

(5) An applicant and any other person specified in subdivision (b) shall submit a second set of fingerprints to the Department of Justice

for the purpose of searching the criminal records of the Federal Bureau of Investigation, in addition to the criminal records search required by this subdivision. If an applicant and persons listed in subdivision (b) meet all other conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal history information for the applicant and persons listed in subdivision (b), the department may issue a license if the applicant and each person described by subdivision (b) has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure, the department determines that the licensee or person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1550. The department may also suspend the license pending an administrative hearing pursuant to Section 1550.5.

(b) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff.

(2) Any person, other than a client, residing in the facility.

(3) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene.

(4) (A) Any staff person, volunteer, or employee who has contact with the clients. A volunteer shall be exempt from the requirements of this subdivision if the volunteer is a relative of a client in care at the facility and is not used to replace or supplement staff in providing direct care and supervision of clients.

(B) A volunteer in an adult residential facility shall be exempt from the requirements of this subdivision if he or she is a relative, significant other, or close friend of a client receiving care in the facility and the volunteer is not used to replace or supplement staff in providing direct care and supervision of clients.

(5) Except for staff members of social rehabilitation facilities serving minors with alcohol or drug abuse problems, staff members of social rehabilitation facilities, other than those specified in paragraphs (1) and (2), are exempt from fingerprinting requirements.

(6) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(7) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(c) (1) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a community care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the Department of Justice, along with a second set of fingerprints for the purpose of searching the records of the Federal Bureau of Investigation, or to comply with paragraph (1) of subdivision (h), prior to the person's employment, residence, or initial presence in the community care facility. These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints and shall be submitted to the Department of Justice by the licensee or sent by electronic transmission in a manner approved by the State Department of Social Services. A licensee's failure to submit fingerprints to the Department of Justice, or to comply with paragraph (1) of subdivision (h), as required in this section, shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation. The department may assess civil penalties for continued violations as permitted by Section 1548. The fingerprints shall then be submitted to the State Department of Social Services for processing. Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the Department of Justice shall verify receipt of the fingerprints.

(2) Within 14 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in subdivision (a). If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 14 calendar days of receipt of the fingerprints. Documentation of the individual's clearance or exemption shall be maintained by the licensee and be available for inspection. If new fingerprints are required for processing, the Department of Justice shall, within 14 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible. When live-scan technology is operational, as defined in Section 1522.04, the Department of Justice shall notify the department, as required by that section, and notify the licensee by mail within 14 days of electronic transmission of the fingerprints to the Department of Justice if the person has no criminal history recorded. A violation of the regulations adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation. The department may assess civil penalties for continued violations as permitted by Section 1548.

(3) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of, or is awaiting trial for, a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, or 273d or subdivision (a) or (b) of Section 368 of the Penal Code, or a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (g). If the conviction or arrest was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility; or (2) seek an exemption pursuant to subdivision (g). The State Department of Social Services shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered. A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by this paragraph shall be grounds for disciplining the licensee pursuant to Section 1550.

(4) The department may issue an exemption on its own motion pursuant to subdivision (g) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulation to establish the criteria to grant an exemption pursuant to this paragraph.

(5) Concurrently with notifying the licensee pursuant to paragraph (3), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (g). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (3).

(d) (1) Before issuing a license, special permit, or certificate of approval to any person or persons to operate or manage a foster family home or certified family home as described in Section 1506, the State Department of Social Services or other approving authority shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section

290 of the Penal Code or arrested for violating Section 245 or 273.5, subdivision (b) of Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated. That criminal history information shall include the full criminal record, if any, of those persons. No fee shall be charged by the Department of Justice or the State Department of Social Services for the fingerprinting of an applicant for a license, special permit, or certificate of approval described in this subdivision. The record, if any, shall be taken into consideration when evaluating a prospective applicant. The following shall apply to the criminal record information:

(A) If the applicant or other persons specified in subdivision (b) have convictions that would make the applicant's home unfit as a foster family home or a certified family home, the license, special permit, or certificate of approval shall be denied.

(B) If the State Department of Social Services finds that the applicant, or any person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services or other approving authority shall cease processing the application until the conclusion of the trial.

(C) For the purposes of this subdivision, a criminal record clearance provided under Section 8712 of the Family Code may be used by the department or other approving agency.

(D) An applicant for a foster family home license or to be certified as a family home, and any other person specified in subdivision (b), shall submit a second set of fingerprints to the Department of Justice for the purpose of searching the criminal records of the Federal Bureau of Investigation, in addition to the criminal records search required by subdivision (a). If an applicant meets all other conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal history information for the applicant and persons listed in subdivision (b), the department may issue a license, or the foster family agency may issue a certificate of approval, if the applicant and each person described by subdivision (b) has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure or certification, the department determines that the licensee, certified foster parent, or person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1550 and the certificate of approval revoked pursuant to subdivision (b) of Section 1534. The department may also suspend the license pending an administrative hearing pursuant to Section 1550.5.

(2) Any person specified in this subdivision shall, as a part of the application, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions or arrests for any

crime against a child, for spousal or cohabitant abuse, or any crime for which the department cannot grant an exemption if the person was convicted and shall submit these fingerprints to the licensing agency or other approving authority.

(3) (A) The foster family agency shall obtain fingerprints from certified home applicants and from persons specified in subdivision (b) and shall submit them directly to the Department of Justice or send them by electronic transmission in a manner approved by the State Department of Social Services. A foster home licensee or foster family agency shall submit these fingerprints to the Department of Justice, along with a second set of fingerprints for the purpose of searching the records of the Federal Bureau of Investigation, or to comply with paragraph (1) of subdivision (h) prior to the person's employment, residence, or initial presence. A licensee's failure to submit fingerprints to the Department of Justice, or to comply with paragraph (1) of subdivision (h), as required in this section, shall result in the citation of a deficiency, and the immediate assessment of civil penalties of one hundred dollars ($100) per violation. The State Department of Social Services may assess civil penalties for continued violations, as permitted by Section 1548. The fingerprints shall then be submitted to the State Department of Social Services for processing.

(B) Upon request of the licensee, who shall enclose a self-addressed stamped envelop for this purpose, the Department of Justice shall verify receipt of fingerprints. Within five working days of the receipt of the criminal record or information regarding criminal convictions from the Department of Justice, the department shall notify the applicant of any criminal arrests or convictions. If no arrests or convictions are recorded, the Department of Justice shall provide the foster home licensee or the foster family agency with a statement of that fact concurrent with providing the information to the State Department of Social Services.

(4) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b), has been convicted of a crime other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (g).

(5) If the State Department of Social Services finds after licensure or the granting of the certificate of approval that the licensee, certified foster parent, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license or certificate of approval may be revoked by the department or the foster family agency, whichever is applicable, unless the director grants an exemption pursuant to subdivision (g). A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by paragraph (3) of subdivision (c) shall be grounds for disciplining the licensee pursuant to Section 1550.

(e) The State Department of Social Services shall not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client. The State Department of Social Services is authorized to obtain any arrest or conviction records or reports from any law enforcement agency as necessary to the performance of its duties to inspect, license, and investigate community care facilities and individuals associated with a community care facility.

(f) (1) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the State Department of Social Services is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice, or documents admissible in a criminal action pursuant to Section 969b of the Penal Code, shall be prima facie evidence of the conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(2) For purposes of this section or any other provision of this chapter, the department shall consider criminal convictions from another state or federal court as if the criminal offense was committed in this state.

(g) (1) After review of the record, the director may grant an exemption from disqualification for a license or special permit as specified in paragraphs (1) and (4) of subdivision (a), or for a license, special permit, or certificate of approval as specified in paragraphs (4) and (5) of subdivision (d), or for employment, residence, or presence in a community care facility as specified in paragraphs (2), (3), and (4) of subdivision (c), if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special

permit or granting an exemption for purposes of subdivision (c). Except as otherwise provided in this subdivision, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, or 264.1, subdivision (a) of Section 273a or, prior to January 1, 1994, paragraph (1) of Section 273a, Section 273d, 288, or 289, subdivision (a) of Section 290, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code. The director may grant an exemption if the employee or prospective employee, who was convicted of a crime against an individual prescribed in paragraph (1), (2), (7), or (8) of subdivision (c) of Section 667.5 of the Penal Code, has been rehabilitated as provided in Section 4852.03 of the Penal Code, has maintained the conduct required in Section 4852.05 of the Penal Code for at least 10 years, and has the recommendation of the district attorney representing the employee's county of residence, or if the employee or prospective employee has received a certificate of rehabilitation pursuant to Chapter 3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code.

(2) The department shall not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1558.

(h) (1) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office. The request shall be in writing to the department, and shall include a copy of the person's driver's license or valid identification card issued by the Department of Motor Vehicles, or a valid photo identification issued by another state or the United States government if the person is not a California resident. Upon request of the licensee, who shall enclose a self-addressed stamped envelope for this purpose, the department shall verify whether the individual has a clearance that can be transferred.

(2) The State Department of Social Services shall hold criminal record clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal record clearance to be transferred.

(i) The full criminal record obtained for purposes of this section may be used by the department or by a licensed adoption agency as a clearance required for adoption purposes.

(j) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written

notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1558, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

(k) (1) The Department of Justice shall coordinate with the State Department of Social Services to establish and implement an automated live-scan processing system for fingerprints in the district offices of the Community Care Licensing Division of the State Department of Social Services by July 1, 1999. These live-scan processing units shall be connected to the main system at the Department of Justice by July 1, 1999, and shall become part of that department's pilot project in accordance with its long-range plan. The State Department of Social Services may charge a fee for the costs of processing a set of live-scan fingerprints.

(2) The Department of Justice shall provide a report to the Senate and Assembly fiscal committees, the Assembly Human Services Committee, and to the Senate Health and Human Services Committee by April 15, 1999, regarding the completion of backlogged criminal record clearance requests for all facilities licensed by the department and the progress on implementing the automated live-scan processing system in the district offices pursuant to paragraph (1).

(*l*) Amendments to the provisions of this section made in the 1998 calendar year shall be implemented commencing 60 days after the effective date of the act amending this section in the 1998 calendar year, except those provisions for the submission of fingerprints for searching the records of the Federal Bureau of Investigation, which shall be implemented commencing January 1, 1999.

SEC. 15. Section 1522.02 is added to the Health and Safety Code, to read:

1522.02. The department may adopt regulations to create substitute employee registries for persons working at more than one facility licensed pursuant to this chapter, Chapter 3.01 (commencing with Section 1568.01), Chapter 3.2 (commencing with Section 1569), Chapter 3.4 (commencing with Section 1569.70), Chapter 3.5 (commencing with Section 1596.90), or Chapter 3.6 (commencing with Section 1597.30), in order to permit these registries to submit fingerprint cards, and child abuse index information for child care registries so that these facilities have available cleared care staff.

SEC. 16. Section 1522.03 of the Health and Safety Code is amended to read:

1522.03. The Department of Justice may charge a fee sufficient to cover its cost in providing services in accordance with Section 1522 to comply with the 14-day requirement for provision to the department of the criminal record information, as contained in subdivision (c) of Section 1522.

SEC. 17. Section 1522.04 of the Health and Safety Code is amended to read:

1522.04. (a) The Legislature recognizes the need to generate timely and accurate positive fingerprint identification of applicants as a condition of issuing licenses, permits, or certificates of approval for persons to operate or provide direct care services in a community care facility, or the other residential care facility, child day care facility, or foster family agency, licensed by the department pursuant to this chapter, Chapter 3.01 (commencing with Section 1568.01), Chapter 3.2 (commencing with Section 1569), Chapter 3.4 (commencing with Section 1596.70), Chapter 3.5 (commencing with Section 1596.90), or Chapter 3.6 (commencing with Section 1597.30), or certified family home. Therefore, the Legislature supports the use of the fingerprint live-scan technology, as identified in the long-range plan of the Department of Justice, for fully automating the processing of fingerprints and other data by the year 1999, otherwise known as the California Crime Information Intelligence System (CAL-CII) to be used for applicant fingerprints. Therefore, when live-scan technology is operational, individuals shall be required to obtain either a criminal record clearance from the Department of Justice or a criminal record exemption from the State Department of Social Services, before their initial presence in a community care facility. The regulations shall also cover the submission of fingerprint information to the Federal Bureau of Investigation.

(b) Upon implementation of an electronic fingerprinting system with terminals located statewide and managed by the Department of Justice, the Department of Justice shall ascertain the criminal history information required pursuant to subdivision (a) of Section 1522.04. If the Department of Justice cannot ascertain the information required pursuant to that subdivision within three working days, the Department of Justice shall notify the State Department of Social Services, or county licensing agencies, either by telephone and by subsequent confirmation in writing by first-class mail, or by electronic or facsimile transmission. At its discretion, the Department of Justice may forward one copy of the fingerprint cards to any other bureau of investigation it may deem necessary in order to verify any record of previous arrests or convictions of the fingerprinted individual.

(c) For purposes of this section, live-scan technology is operational when the Department of Justice and the district offices of the Community Care Licensing Division of the department live-scan sites are operational and the department is receiving 95 percent of its total responses indicating either no evidence of recorded criminal information or evidence of recorded criminal information, from the Department of Justice within three business days.

SEC. 18. Section 1522.1 of the Health and Safety Code is amended to read:

1522.1. Prior to granting a license to, or otherwise approving, any individual to care for children, the department shall check the Child Abuse Registry pursuant to paragraph (3) of subdivision (b) of Section 11170 of the Penal Code. The Department of Justice shall maintain and continually update an index of reports of child abuse by providers and shall inform the department of subsequent reports received from the child abuse index pursuant to Section 11170 of the Penal Code and the criminal history. The department shall investigate any reports received from the Child Abuse Registry. The investigation shall include, but not be limited to, the review of the investigation report and file prepared by the child protective agency which investigated the child abuse report. The department shall not deny a license based upon a report from the Child Abuse Registry unless child abuse is substantiated.

SEC. 19. Section 1522.4 of the Health and Safety Code is amended to read:

1522.4. (a) In addition to any other requirements of this chapter and except for foster family homes, small family homes, and certified family homes of foster family agencies, all of the following apply to any community care facility providing 24-hour care for children:

(1) The facility shall have one or more facility managers. "Facility manager," as used in this section, means a person on the premises with the authority and responsibility necessary to manage and control the day-to-day operation of a community care facility and supervise the clients. The facility manager, licensee, and administrator, or any combination thereof, may be the same person provided he or she meets all applicable requirements. If the administrator is also the facility manager for the same facility, this person shall be limited to the administration and management of only one facility.

(2) The facility manager shall have at least one year of experience working with the client group served, or equivalent education or experience, as determined by the department.

(3) A facility manager shall be at the facility at all times when one or more clients are present. To ensure adequate supervision of clients when clients are at the facility outside of their normal schedule, a current telephone number where the facility manager can be reached shall be provided to the clients, licensing agency, school, and any other agency or person as the department determines is necessary. The facility manager shall instruct these agencies and individuals to notify him or her when clients will be returning to the facility outside of the normal hours.

(4) The Legislature intends to upgrade the quality of care in licensed facilities. For the purposes of Sections 1533 and 1534, the licensed facility shall be inspected and evaluated for quality of care at least once each year, without advance notice and as often as necessary, without advance notice, to ensure the quality of care being provided.

Paragraphs (1), (2), and (3) shall apply only to new facilities licensed for six or fewer children which apply for a license after January 1, 1985, and all other new facilities licensed for seven or more children which apply for a license after January 1, 1988. Existing facilities licensed for seven or more children shall comply by January 1, 1989.

(b) No employee of the state or county employed in the administration of this chapter or employed in a position that is in any way concerned with facilities licensed under this chapter shall hold a license or have a direct or indirect financial interest in a facility described in subdivision (a).

The department, by regulation, shall make the determination pursuant to the purposes of this section and chapter, as to what employment is in the administration of this chapter or in any way concerned with facilities licensed under this chapter and what financial interest is direct or indirect.

This subdivision does not prohibit the state or county from securing a license for, or operating, a facility that is otherwise required to be licensed under this chapter.

(c) (1) No group home or foster family agency licensee, or employee, member of the board of directors, or officer of a group home or foster family agency licensee, shall offer gifts or other remuneration of any type to any employee of the State Department of Social Services or placement agency that exceeds the monetary limits for gifts to employees of the State of California pursuant to Title 9 (commencing with Section 81000) of the Government Code and regulations adopted thereunder by the Fair Political Practices Commission.

(2) No employee of the department or a placement agency shall accept any gift or other remuneration of any type from a group home or foster family agency licensee or employee, member of the board of directors, or officer of a group home or foster family agency licensee that exceeds the monetary limits for gifts to employees of the State of California in Title 9 (commencing with Section 81000) of the Government Code and regulations adopted thereunder by the Fair Political Practices Commission.

(3) Violation of this subdivision is punishable as a misdemeanor.

(4) The Legislature requests that the Judicial Council study whether the California Code of Judicial Ethics should be amended to further limit or bar gifts from group home facilities and foster family agencies to judicial officers and employees of the court and to report its findings to the Legislature by July 1, 1999.

SEC. 20. Section 1522.41 is added to the Health and Safety Code, to read:

1522.41. (a) The director, in consultation and collaboration with county placement officials, group home provider organizations, the Director of Mental Health and the Director of Developmental Services, shall develop and establish a certification program to ensure

that administrators of group home facilities have appropriate training to provide the care and services for which a license or certificate is issued.

(b) (1) In addition to any other requirements or qualifications required by the department, an administrator of a group home facility shall successfully complete a department approved certification program pursuant to subdivision (c) prior to employment. An administrator employed in a group home on the effective date of this section shall meet the requirements of paragraph (2) of subdivision (c).

(2) In those cases where the individual is both the licensee and the administrator of a facility, the individual shall comply with all of the licensee and administrator requirements of this section.

(3) Failure to comply with this section shall constitute cause for revocation of the license of the facility.

(4) The licensee shall notify the department within 10 days of any change in administrators.

(c) (1) The administrator certification programs shall require a minimum of 40 hours of classroom instruction that provides training on a uniform core of knowledge in each of the following areas:

(A) Laws, regulations, and policies and procedural standards that impact the operations of the type of facility for which the applicant will be an administrator.

(B) Business operations.

(C) Management and supervision of staff.

(D) Psychosocial and educational needs of the facility residents.

(E) Community and support services.

(F) Physical needs for facility residents.

(G) Administration, storage, misuse, and interaction of medication used by facility residents.

(H) Resident admission, retention, and assessment procedures.

(I) Nonviolent emergency intervention and reporting requirements.

(2) The department shall adopt separate program requirements for initial certification for persons who are employed as group home administrators on the effective date of this section. A person employed as an administrator of a group home facility on the effective date of this section, shall obtain a certificate by completing the training and testing requirements imposed by the department within 12 months of the effective date of the regulations implementing this section. After the effective date of this section, these administrators shall meet the requirements imposed by the department on all other group home administrators for certificate renewal.

(3) Individuals applying for certification under this section shall successfully complete an approved certification program, pass a written test administered by the department within 60 days of completing the program, and submit to the department the

documentation required by subdivision (d) within 30 days after being notified of having passed the test. The department may extend these time deadlines for good cause. The department shall notify the applicant of his or her test results within 30 days of administering the test.

(d) The department shall not begin the process of issuing a certificate until receipt of all of the following:

(1) A certificate of completion of the administrator training required pursuant to this chapter.

(2) The fee required for issuance of the certificate. A fee of one hundred dollars ($100) shall be charged by the department to cover the costs of processing the application for certification.

(3) Documentation from the applicant that he or she has passed the written test.

(4) Submission of fingerprints pursuant to Section 1522. The department may waive the submission for those persons who have a current clearance on file.

(5) That person is at least 21 years of age.

(e) It shall be unlawful for any person not certified under this section to hold himself or herself out as a certified administrator of a group home facility. Any person willfully making any false representation as being a certified administrator or facility manager is guilty of a misdemeanor.

(f) (1) Certificates issued under this section shall be renewed every two years and renewal shall be conditional upon the certificate holder submitting documentation of completion of 40 classroom hours of continuing education related to the core of knowledge specified in subdivision (c). For purposes of this section, an individual who is a group home facility administrator and who is required to complete the continuing education hours required by the regulations of the Department of Developmental Services, and approved by the regional center, may have up to 24 of the required continuing education course hours credited toward the 40-hour continuing education requirement of this section. Community college course hours approved by the regional centers shall be accepted by the department for certification.

(2) Every administrator of a group home facility shall complete the continuing education requirements of this subdivision.

(3) Certificates issued under this section shall expire every two years on the anniversary date of the initial issuance of the certificate, except that any administrator receiving his or her initial certification on or after July 1, 1999, shall make an irrevocable election to have his or her recertification date for any subsequent recertification either on the date two years from the date of issuance of the certificate or on the individual's birthday during the second calendar year following certification. The department shall send a renewal notice to the certificate holder 90 days prior to the expiration date of the certificate. If the certificate is not renewed prior to its expiration

date, reinstatement shall only be permitted after the certificate holder has paid a delinquency fee equal to three times the renewal fee and has provided evidence of completion of the continuing education required.

(4) To renew a certificate, the certificate holder shall, on or before the certificate expiration date, request renewal by submitting to the department documentation of completion of the required continuing education courses and pay the renewal fee of one hundred dollars ($100), irrespective of receipt of the department's notification of the renewal. A renewal request postmarked on or before the expiration of the certificate shall be proof of compliance with this paragraph.

(5) A suspended or revoked certificate shall be subject to expiration as provided for in this section. If reinstatement of the certificate is approved by the department, the certificate holder, as a condition precedent to reinstatement, shall submit proof of compliance with paragraphs (1) and (2) of subdivision (f), and shall pay a fee in an amount equal to the renewal fee, plus the delinquency fee, if any, accrued at the time of its revocation or suspension. Delinquency fees, if any, accrued subsequent to the time of its revocation or suspension and prior to an order for reinstatement, shall be waived for a period of 12 months to allow the individual sufficient time to complete the required continuing education units and to submit the required documentation. Individuals whose certificates will expire within 90 days after the order for reinstatement may be granted a three-month extension to renew their certificates during which time the delinquency fees shall not accrue.

(6) A certificate that is not renewed within four years after its expiration shall not be renewed, restored, reissued, or reinstated except upon completion of a certification training program, passing any test that may be required of an applicant for a new certificate at that time, and paying the appropriate fees provided for in this section.

(7) A fee of twenty-five dollars ($25) shall be charged for the reissuance of a lost certificate.

(8) A certificate holder shall inform the department of his or her employment status and change of mailing address within 30 days of any change.

(g) Unless otherwise ordered by the department, the certificate shall be considered forfeited under either of the following conditions:

(1) The department has revoked any license held by the administrator after the department issued the certificate.

(2) The department has issued an exclusion order against the administrator pursuant to Sections 1558, 1568.092, 1569.58, or 1596.8897, after the department issued the certificate, and the administrator did not appeal the exclusion order or, after the appeal,

the department issued a decision and order that upheld the exclusion order.

(h) (1) The department, in consultation and collaboration with county placement officials, provider organizations, the State Department of Mental Health, and the State Department of Developmental Services, shall establish, by regulation, the program content, the testing instrument, the process for approving certification training programs, and criteria to be used in authorizing individuals, organizations, or educational institutions to conduct certification training programs and continuing education courses. The department may also grant continuing education hours for continuing courses offered by accredited educational institutions that are consistent with the requirements in this section. The department may deny vendor approval to any agency or person in any of the following circumstances:

(A) The applicant has not provided the department with evidence satisfactory to the department of the ability of the applicant to satisfy the requirements of vendorization set out in the regulations adopted by the department pursuant to subdivision (j).

(B) The applicant person or agency has a conflict of interest in that the person or agency places its clients in group home facilities.

(C) The applicant public or private agency has a conflict of interest in that the agency is mandated to place clients in group homes and to pay directly for the services. The department may deny vendorization to this type of agency only as long as there are other vendor programs available to conduct the certification training programs and conduct education courses.

(2) The department may authorize vendors to conduct the administrator's certification training program pursuant to this section. The department shall conduct the written test pursuant to regulations adopted by the department.

(3) The department shall prepare and maintain an updated list of approved training vendors.

(4) The department may inspect certification training programs and continuing education courses to determine if content and teaching methods comply with regulations. If the department determines that any vendor is not complying with the requirements of this section, the department shall take appropriate action to bring the program into compliance, which may include removing the vendor from the approved list.

(5) The department shall establish reasonable procedures and timeframes not to exceed 30 days for the approval of vendor training programs.

(6) The department may charge a reasonable fee, not to exceed one hundred fifty dollars ($150) every two years, to certification program vendors for review and approval of the initial 40-hour training program pursuant to subdivision (c). The department may also charge the vendor a fee, not to exceed one hundred dollars

($100) every two years, for the review and approval of the continuing education courses needed for recertification pursuant to this subdivision.

(i) The department shall establish a registry for holders of certificates that shall include, at a minimum, information on employment status and criminal record clearance.

(j) Subdivisions (b) to (i), inclusive, shall be implemented upon regulations being adopted by the department, by January 1, 2000.

SEC. 21. Section 1522.42 is added to the Health and Safety Code, to read:

1522.42. (a) The department, in consultation and collaboration with county placement officials, provider organizations, the State Department of Mental Health, and the State Department of Developmental Services, shall adopt regulations that establish standardized training and continuing education curricula for facility managers and direct child care workers in group homes.

(b) The regulations required by subdivision (a) shall specify the date by which new and current employees shall be required to meet the standardized training and continuing education requirements. For persons employed as child care staff and facility managers on the effective date of the regulations, the department shall provide adequate time for these persons to comply with the regulatory requirements.

SEC. 22. Section 1522.43 is added to the Health and Safety Code, to read:

1522.43. (a) (1) For the duties the department imposes on a group home facility administrator in this chapter and in regulations adopted by the department, every group home shall state in its plan of operation, the number of hours per week that the administrator shall spend completing those duties and how the group home administrator shall accomplish those duties, including use of support personnel.

(2) For initial applicants, the information in paragraph (1) shall be contained in the plan of operation submitted to the department in the application.

(3) For current licensees, the licensee shall submit an amended plan of operation that contains the information required by paragraph (1) within six months of the effective date of this section. For changes in the group home administrator duties imposed by the department in this chapter or in regulations, a current licensee shall have six months after the effective date of those duties to submit an amended plan of operation to reflect the new administrator duties.

(b) (1) The department may review a group home's plan of operation to determine if the plan of operation is sufficient to ensure that the facility will operate in compliance with applicable licensing laws and regulations. As part of the review, the department may request that a peer review panel review the plan of operation.

(2) The peer review panel shall consist of two representatives from the department, a qualified group home administrator, an experienced group home provider, and a member or members from the placement agency or agencies that place children in group homes.

(c) A group home shall develop a daily schedule of activities for the children at the facility. The facility shall have this schedule available for inspection by the department. The activities in which the children are scheduled to participate shall be designed to meet the needs of the individual child, and shall be based on that child's needs and services plan.

SEC. 23. Section 1534 of the Health and Safety Code is amended to read:

1534. (a) (1) (A) Every licensed community care facility shall be periodically inspected and evaluated for quality of care by a representative or representatives designated by the director. Evaluations shall be conducted at least once per year and as often as necessary to ensure the quality of care being provided.

(B) In order to facilitate direct contact with group home clients, the department may interview children who are clients of group homes at any public agency or private agency at which the client may be found including, but not limited to, a juvenile hall, recreation or vocational program, or a nonpublic school. The department shall respect the rights of the child while conducting the interview, including informing the child that he or she has the right not to be interviewed and the right to have another adult present during the interview.

(2) The department shall notify the community care facility in writing of all deficiencies in its compliance with the provisions of this chapter and the rules and regulations adopted pursuant to this chapter, and shall set a reasonable length of time for compliance by the facility.

(3) Reports on the results of each inspection, evaluation, or consultation shall be kept on file in the department, and all inspection reports, consultation reports, lists of deficiencies, and plans of correction shall be open to public inspection in the county in which the facility is located.

(b) (1) Nothing in this section shall limit the authority of the department to inspect or evaluate a licensed foster family agency, a certified family home, or any aspect of a program where a licensed community care facility is certifying compliance with licensing requirements.

(2) Upon a finding of noncompliance by the department, the department may require a foster family agency to deny or revoke the certificate of approval of a certified family home, or take other action the department may deem necessary for the protection of a child placed with the family home. The family home shall be afforded the due process provided pursuant to this chapter.

(3) If the department requires a foster family agency to deny or revoke the certificate of approval, the department shall serve an order of denial or revocation upon the certified or prospective foster parent and foster family agency that shall notify the certified or prospective foster parent of the basis of the department's action and of the certified or prospective foster parent's right to a hearing.

(4) Within 15 days after the department serves an order of denial or revocation, the certified or prospective foster parent may file a written appeal of the department's decision with the department. The department's action shall be final if the certified or prospective foster parent does not file a written appeal within 15 days after the department serves the denial or revocation order.

(5) The department's order of the denial or revocation of the certificate of approval shall remain in effect until the hearing is completed and the director has made a final determination on the merits.

(6) A certified or prospective foster parent who files a written appeal of the department's order with the department pursuant to this section shall, as part of the written request, provide his or her current mailing address. The certified or prospective foster parent shall subsequently notify the department in writing of any change in mailing address, until the hearing process has been completed or terminated.

(7) Hearings held pursuant to this section shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Division 3 of Title 2 of the Government Code. In all proceedings conducted in accordance with this section the standard of proof shall be the preponderance of the evidence.

(8) The department may institute or continue a disciplinary proceeding against a certified or prospective foster parent upon any ground provided by this section, enter an order denying or revoking the certificate of approval, or otherwise take disciplinary action against the certified or prospective foster parent, notwithstanding any resignation, withdrawal of application, surrender of the certificate of approval, or denial or revocation of the certificate of approval by the foster family agency.

(9) A foster family agency's failure to comply with the department's order to deny or revoke the certificate of employment by placing or retaining children in care shall be grounds for disciplining the licensee pursuant to Section 1550.

SEC. 24. Section 1538 of the Health and Safety Code is amended to read:

1538. (a) Any person may request an inspection of any community care facility or certified family home in accordance with this chapter by transmitting to the state department notice of an alleged violation of applicable requirements prescribed by statutes or regulations of this state, including, but not limited to, a denial of access of any person authorized to enter the facility pursuant to

Section 9701 of the Welfare and Institutions Code. A complaint may be made either orally or in writing.

(b) The substance of the complaint shall be provided to the licensee or certified family home and foster family agency no earlier than at the time of the inspection. Unless the complainant specifically requests otherwise, neither the substance of the complaint provided the licensee or certified family home and foster family agency nor any copy of the complaint or any record published, released, or otherwise made available to the licensee or certified family home and foster family agency shall disclose the name of any person mentioned in the complaint except the name of any duly authorized officer, employee, or agent of the state department conducting the investigation or inspection pursuant to this chapter.

(c) Upon receipt of a complaint, other than a complaint alleging denial of a statutory right of access to a community care facility or certified family home, the state department shall make a preliminary review and, unless the state department determines that the complaint is willfully intended to harass a licensee or is without any reasonable basis, it shall make an onsite inspection of the community care facility or certified family home within 10 days after receiving the complaint, except where a visit would adversely affect the licensing investigation or the investigation of other agencies. In either event, the complainant shall be promptly informed of the state department's proposed course of action.

If the department determines that the complaint is intended to harass, is without a reasonable basis, or, after a site inspection, is unfounded, then the complaint and any documents related to it shall be marked confidential and shall not be disclosed to the public. If the complaint investigation included a site visit, the licensee or certified family home and foster family agency shall be notified in writing within 30 days of the dismissal that the complaint has been dismissed.

(d) Upon receipt of a complaint alleging denial of a statutory right of access to a community care facility or certified family home, the state department shall review the complaint. The complainant shall be notified promptly of the state department's proposed course of action.

(e) The department shall commence performance of complaint inspections of certified family homes upon the employment of sufficient personnel to carry out this function, and by no later than June 30, 1999. Upon implementation, the department shall notify all licensed foster family agencies.

SEC. 25. Section 1538.5 of the Health and Safety Code is amended to read:

1538.5. (a) (1) Not less than 30 days prior to the anniversary of the effective date of the license of any residential community care facility license, except licensed foster family homes, the department may transmit a copy to the board members of the licensed facility, parents, legal guardians, conservators, client's rights advocate, or

placement agency, as designated in each resident's placement agreement, of all inspection reports given to the facility by the department during the past year as a result of a substantiated complaint regarding a violation of this chapter relating to resident abuse and neglect, food, sanitation, incidental medical care, and residential supervision. During that one-year period the copy of the notices transmitted and the proof of the transmittal shall be open for public inspection.

(2) A group home facility shall maintain, at the facility, a copy of all licensing reports for the past three years that would be accessible to the public through the department, for inspection by placement officials, current and prospective facility clients, and these clients' family members who visit the facility.

(b) The facility operator, at the expense of the facility, shall transmit a copy of all substantiated complaints, by certified mail, to those persons described pursuant to paragraph (1) of subdivision (a) in the following cases:

(1) In the case of any substantiated complaint relating to resident physical or sexual abuse, the facility shall have three days, from the date the facility receives the licensing report from the state department to comply.

(2) In any case in which a facility has received three or more substantiated complaints relating to the same violation during the past 12 months, the facility shall have five days from the date the facility receives the licensing report to comply.

(c) Each residential facility shall retain a copy of the notices transmitted pursuant to subdivision (b) and proof of their transmittal by certified mail for a period of one year after their transmittal.

(d) If any residential facility to which this section applies fails to comply with the provisions of this section, as determined by the state department, the state department shall initiate civil penalty action against the facility in accordance with the provisions of Article 3 (commencing with Section 1530) and the related rules and regulations.

(b) The amount of the civil penalty shall not be less than twenty-five dollars ($25) or more than fifty dollars ($50) per day for each violation of this chapter except where the nature or seriousness of the violation or the frequency of the violation warrants a higher penalty or an immediate civil penalty assessment, or both, as determined by the department. In no event, shall a civil penalty assessment exceed one hundred fifty dollars ($150) per day.

(c) Notwithstanding Section 1534, any facility that is cited for repeating the same violation of this chapter within 12 months of the first violation is subject to an immediate civil penalty of one hundred fifty dollars ($150) and fifty dollars ($50) for each day the violation continues until the deficiency is corrected.

(d) Any facility that is assessed a civil penalty pursuant to subdivision (c) which repeats the same violation of this chapter within 12 months of the violation subject to subdivision (c) is subject to an immediate civil penalty of one hundred fifty dollars ($150) for each day the violation continues until the deficiency is corrected.

(e) The department shall adopt regulations implementing this section.

(f) As provided in Section 11466.31 of the Welfare and Institutions Code, the department may offset civil penalties owed by a group home against moneys to be paid by a county for the care of minors after the group home has exhausted its appeal of the civil penalty assessment. The department shall provide the group home a reasonable opportunity to pay the civil penalty before instituting the offset provision.

SEC. 27. Section 1550 of the Health and Safety Code is amended to read:

SEC. 28. Section 1558 of the Health and Safety Code is amended to read:

1558. (a) The department may prohibit any person from being a member of the board of directors, an executive director, or an

officer of a licensee, or a licensee from employing, or continuing the employment of, or allowing in a licensed facility, or allowing contact with clients of a licensed facility by, any employee, prospective employee, or person who is not a client who has:

(5) Engaged in acts of financial malfeasance concerning the operation of a facility, including, but not limited to, improper use or embezzlement of client moneys and property or fraudulent appropriation for personal gain of facility moneys and property, or willful or negligent failure to provide services.

(b) The excluded person, the facility, and the licensee shall be given written notice of the basis of the department's action and of the excluded person's right to an appeal. The notice shall be served either by personal service or by registered mail. Within 15 days after the department serves the notice, the excluded person may file with the department a written appeal of the exclusion order. If the excluded person fails to file a written appeal within the prescribed time, the department's action shall be final.

(c) (1) The department may require the immediate removal of a member of the board of directors, an executive director, or an officer of a licensee or exclusion of an employee, prospective employee, or person who is not a client from a facility pending a final decision of the matter, when, in the opinion of the director, the action is necessary to protect residents or clients from physical or mental abuse, abandonment, or any other substantial threat to their health or safety.

(2) If the department requires the immediate removal of a member of the board of directors, an executive director, or an officer of a licensee or exclusion of an employee, prospective employee, or person who is not a client from a facility, the department shall serve an order of immediate exclusion upon the excluded person which shall notify the excluded person of the basis of the department's action and of the excluded person's right to a hearing.

the prescribed time. The department shall do the following upon receipt of a written appeal:

(A) Within 30 days of receipt of the appeal, serve an accusation upon the excluded person.

(B) Within 60 days of receipt of a notice of defense pursuant to Section 11506 of the Government Code by the excluded person to conduct a hearing on the accusation.

(4) An order of immediate exclusion of the excluded person from the facility shall remain in effect until the hearing is completed and the director has made a final determination on the merits. However, the order of immediate exclusion shall be deemed vacated if the director fails to make a final determination on the merits within 60 days after the original hearing has been completed.

(d) An excluded person who files a written appeal with the department pursuant to this section shall, as part of the written request, provide his or her current mailing address. The excluded person shall subsequently notify the department in writing of any change in mailing address, until the hearing process has been completed or terminated.

(e) Hearings held pursuant to this section shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Division 3 of Title 2 of the Government Code. The standard of proof shall be the preponderance of the evidence and the burden of proof shall be on the department.

(f) The department may institute or continue a disciplinary proceeding against a member of the board of directors, an executive director, or an officer of a licensee or an employee, prospective employee, or person who is not a client upon any ground provided by this section, or enter an order prohibiting any person from being a member of the board of directors, an executive director, or an officer of a licensee or the excluded person's employment or presence in the facility or otherwise take disciplinary action against the excluded person, notwithstanding any resignation, withdrawal of employment application, or change of duties by the excluded person, or any discharge, failure to hire, or reassignment of the excluded person by the licensee or that the excluded person no longer has contact with clients at the facility.

(g) A licensee's failure to comply with the department's exclusion order after being notified of the order shall be grounds for disciplining the licensee pursuant to Section 1550.

(h) (1) (A) In cases where the excluded person appealed the exclusion order, the person shall be prohibited from working in any facility or being licensed to operate any facility licensed by the department or from being a certified foster parent for the remainder of the excluded person's life, unless otherwise ordered by the department.

(B) The excluded individual may petition for reinstatement one year after the effective date of the decision and order of the

department upholding the exclusion order pursuant to Section 11522 of the Government Code. The department shall provide the excluded person with a copy of Section 11522 of the Government Code with the decision and order.

(2) (A) In cases where the department informed the excluded person of his or her right to appeal the exclusion order and the excluded person did not appeal the exclusion order, the person shall be prohibited from working in any facility or being licensed to operate any facility licensed by the department or a certified foster parent for the remainder of the excluded person's life, unless otherwise ordered by the department.

(B) The excluded individual may petition for reinstatement after one year has elapsed from the date of the notification of the exclusion order pursuant to Section 11522 of the Government Code. The department shall provide the excluded person with a copy of Section 11522 of the Government Code with the exclusion order.

SEC. 29. Section 1558.1 of the Health and Safety Code is amended to read:

1558.1. (a) (1) If the department determines that a person was issued a license under this chapter or under Chapter 1 (commencing with Section 1200), Chapter 2 (commencing with Section 1250), Chapter 3.01 (commencing with Section 1568.01), Chapter 3.2 (commencing with Section 1569), Chapter 3.4 (commencing with Section 1596.70), Chapter 3.5 (commencing with Section 1596.90), or Chapter 3.6 (commencing with Section 1597.30) and the prior license was revoked within the preceding two years, the department shall exclude the person from, and remove the person from the position of a member of the board of directors, an executive director, or an officer of a licensee of, any facility licensed by the department pursuant to the chapter.

(2) If the department determines that a person previously was issued a certificate of approval by a foster family agency which was revoked by the department pursuant to subdivision (b) of Section 1534 within the preceding two years, the department shall exclude the person from, and remove the person from the position of a member of the board of directors, an executive director, or an officer of a licensee of, any facility licensed by the department pursuant to this chapter.

(b) If the department determines that the person had previously applied for a license under any of the chapters listed in paragraph (1) of subdivision (a) and the application was denied within the last year, the department shall exclude the person from, and remove the person from the position of a member of the board of directors, an executive director, or an officer of a licensee of, any facility licensed by the department pursuant to this chapter and as follows:

(1) In cases where the applicant petitioned for a hearing, the department shall exclude the person from, and remove the person from the position of a member of the board of directors, an executive

director, or an officer of a licensee of, any facility licensed by the department pursuant to this chapter until one year has elapsed from the effective date of the decision and order of the department upholding a denial.

(2) In cases where the department informed the applicant of his or her right to petition for a hearing and the applicant did not petition for a hearing, the department shall exclude the person from, and remove the person from the position of a member of the board of directors, an executive director, or an officer of a licensee of, any facility licensed by the department pursuant to this chapter until one year has elapsed from the date of the notification of the denial and the right to petition for a hearing.

(c) If the department determines that the person had previously applied for a certificate of approval with a foster family agency and the department ordered the foster family agency to deny the application pursuant to subdivision (b) of Section 1534, the department shall exclude the person from, and remove the person from the position of a member of the board of directors, an executive director, or an officer of a licensee of, any facility licensed by the department pursuant to this chapter and as follows:

(1) In cases where the applicant petitioned for a hearing, the department shall exclude the person from, and remove the person from the position of a member of the board of directors, an executive director, or an officer of a licensee of, any facility licensed by the department pursuant to this chapter until one year has elapsed from the effective date of the decision and order of the department upholding a denial.

(2) In cases where the department informed the applicant of his or her right to petition for a hearing and the applicant did not petition for a hearing, the department shall exclude the person from, and remove the person from the position of a member of the board of directors, an executive director, or an officer of a licensee of, any facility licensed by the department pursuant to this chapter until one year has elapsed from the date of the notification of the denial and the right to petition for a hearing.

(d) Exclusion or removal of an individual pursuant to this section shall not be considered an order of exclusion for purposes of Section 1558 or any other law.

(e) The department may determine not to exclude the person from, or remove the person from the position of a member of the board of directors, an executive director, or an officer of a licensee of, any facility licensed by the department pursuant to this chapter if it has determined that the reasons for the denial of the application or revocation of the facility license or certificate of approval were due to circumstances and conditions that either have been corrected or are no longer in existence.

SEC. 30. Section 1563 of the Health and Safety Code is amended to read:

1563. (a) The director shall ensure that licensing personnel at the department have appropriate training to properly carry out this chapter.

(b) The director shall institute a staff development and training program to develop among departmental staff the knowledge and understanding necessary to successfully carry out this chapter. Specifically, the program shall do all of the following:

(1) Provide staff with 36 hours of training per year that reflects the needs of persons served by community care facilities. This training shall, where appropriate, include specialized instruction in the needs of foster children, persons with mental disorders, or developmental or physical disabilities, or other groups served by specialized community care facilities.

(2) Give priority to applications for employment from persons with experience as care providers to persons served by community care facilities.

(a) A corporation that applies for licensure with the department shall list the facilities that any member of the board of directors, the executive director, or an officer has been licensed to operate, been employed in, or served as a member of the board of directors, the executive director, or an officer.

(b) The department shall not issue a provisional license or license to any corporate applicant that has a member of the board of directors, an executive director, or an officer who is not eligible for

licensure pursuant to subdivision (f) of Section 1568.065 and Section 1568.093.

(c) The department may revoke the license of any corporate licensee that has a member of the board of directors, an executive director, or an officer who is not eligible for licensure pursuant to subdivision (f) of Section 1568.065 and Section 1568.093.

(d) Prior to instituting an administrative action pursuant to either subdivision (b) or (c), the department shall notify the applicant or licensee of the person's ineligibility to be a member of the board of directors, an executive director, or an officer of the applicant or licensee, and shall give the applicant or licensee 15 days to remove the person from that position.

SEC. 32. Section 1568.082 of the Health and Safety Code is amended to read:

1568.082. (a) The department may suspend or revoke any license issued under this chapter upon any of the following grounds and in the manner provided in this chapter:

(1) Violation by the licensee of this chapter or of the rules and regulations adopted pursuant to this chapter.

(2) Aiding, abetting, or permitting the violation of this chapter or of the rules and regulations adopted pursuant to this chapter.

(3) Conduct which is inimical to the health, welfare, or safety of either an individual in or receiving services from the facility or the people of the State of California.

(4) The provision of services beyond the level the facility is authorized to provide, or accepting or retaining residents who require services of a higher level than the facility is authorized to provide.

(5) Engaging in acts of financial malfeasance concerning the operation of a facility, including, but not limited to, improper use or embezzlement of client moneys and property or fraudulent appropriation for personal gain of facility moneys and property, or willful or negligent failure to provide services.

(b) The director may temporarily suspend any license, prior to any hearing when, in the opinion of the director, the action is necessary to protect residents of the facility from physical or mental abuse, abandonment, or any other substantial threat to health or safety. The director shall notify the licensee of the temporary suspension and the effective date of the temporary suspension, and at the same time shall serve the provider with an accusation. Upon receipt of a notice of defense to the accusation by the licensee, the director shall, within 15 days, set the matter for hearing, and the hearing shall be held as soon as possible, but not later than 30 days after receipt of the notice. The temporary suspension shall remain in effect until the time the hearing is completed and the director has made a final determination on the merits. However, the temporary suspension shall be deemed vacated if the director fails to make a

final determination on the merits within 30 days after the original hearing has been completed.

(c) In any case where the department orders the licensee to remove a resident who has a health condition or health conditions which cannot be cared for within the limits of the license or special permit or requires inpatient care in a health facility licensed pursuant to Chapter 2 (commencing with Section 1250), the licensee shall do all of the following:

(1) Prepare and submit to the department a written plan for relocation of the client or resident, in a form acceptable to the department.

(2) Comply with all terms and conditions of the approved relocation plan.

(3) Provide any other information as may be required by the department for the proper administration and enforcement of this section.

SEC. 33. Section 1568.09 of the Health and Safety Code is amended to read:

1568.09. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with residents of residential care facilities for persons with a chronic, life-threatening illness may pose a risk to the residents' health and safety.

Therefore, the Legislature supports the use of the fingerprint live-scan technology, as identified in the long-range plan of the Department of Justice for fully automating the processing of fingerprints and other data by the year 1999, otherwise known as the California Crime Information Intelligence System (CAL-CII), to be used for applicant fingerprints. It is the intent of the Legislature, in enacting this section, to require the fingerprints of those individuals whose contact with community care clients may pose a risk to the clients' health and safety.

(a) Before issuing a license to any person or persons to operate or manage a residential care facility, the department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code, for violating Section 245 or 273.5, subdivision (b) of Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated. That criminal history information shall include the full criminal record, if any, of those persons, and subsequent arrest information pursuant to Section 11105.2 of the Penal Code. The following shall apply to the criminal record information:

(1) If the State Department of Social Services finds that the applicant or any other person specified in subdivision (b) has been

convicted of a crime, other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (f).

(2) If the State Department of Social Services finds that the applicant, or any person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services shall cease processing the application until the conclusion of the trial.

(3) If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(4) If the State Department of Social Services finds after licensure that the licensee, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license may be revoked, unless the director grants an exemption pursuant to subdivision (f).

(5) An applicant and any other person specified in subdivision (b) shall submit to the Department of Justice a second set of fingerprints for the purpose of searching the records of the Federal Bureau of Investigation, in addition to the search required by this subdivision. If an applicant meets all other conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal history information for the applicant and persons listed in subdivision (b), the department may issue a license if the applicant and each person described by subdivision (b) has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure, the department determines that the licensee or person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to subdivision (a) of Section 1568.82. The department may also suspend the license pending an administrative hearing pursuant to subdivision (b) of Section 1568.82.

(b) In addition to the applicant, the provisions of this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff of the facility.

(2) Any person, other than a resident, residing in the facility.

(3) Any person who provides resident assistance in dressing, grooming, bathing, or personal hygiene.

(4) (A) Any staff person, volunteer, or employee who has contact with the residents.

(B) A volunteer shall be exempt from the requirements of this subdivision if he or she is a relative, significant other, or close friend of a client receiving care in the facility and the volunteer does not provide direct care and supervision of residents. A volunteer who provides direct care and supervision shall be exempt if the volunteer is a resident's spouse, significant other, close friend, or family

member and provides direct care and supervision to that resident only at the request of the resident.

(5) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in that capacity.

(6) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(c) (1) (A) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a residential care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the Department of Justice, along with a second set of fingerprints, for the purpose of searching the records of the Federal Bureau of Investigation, or to comply with paragraph (1) of subdivision (g), prior to the person's employment, residence, or initial presence in the residential care facility.

(B) These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints and submitted to the Department of Justice by the licensee or sent by electronic transmission in a manner approved by the State Department of Social Services. A licensee's failure to submit fingerprints to the Department of Justice, or to comply with paragraph (1) of subdivision (g), as required in this section, shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation. The State Department of Social Services may assess civil penalties for continued violations as allowed in Section 1568.0822. The fingerprints shall then be submitted to the State Department of Social Services for processing. The licensee shall maintain and make available for inspection documentation of the individual's clearance or exemption.

(2) (A) Paragraph (1) shall cease to be implemented when the State Department of Social Services adopts emergency regulations pursuant to Section 1522.04, and shall become inoperative when those regulations become final.

(B) A violation of the regulations adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation. The department may assess civil penalties for continued violations as permitted by Section 1568.0822.

(3) Within 14 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in this

subdivision. If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 14 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 14 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible. When live-scan technology is operational, as defined in Section 1522.04, the Department of Justice shall notify the department, as required by that section, and shall notify the licensee by mail within 14 days of electronic transmission of the fingerprints to the Department of Justice, if the person has no criminal history record.

(4) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, an offense specified in Section 243.4, 273a, or 273d, subdivision (a) or (b) of Section 368 of the Penal Code, or a felony, the department shall notify the licensee to act immediately to terminate the person's employment, remove the person from the residential care facility, or bar the person from entering the residential care facility. The department may subsequently grant an exemption pursuant to subdivision (f). If the conviction was for another crime, except a minor traffic violation, the licensee shall, upon notification by the department, act immediately to either (1) terminate the person's employment, remove the person from the residential care facility, or bar the person from entering the residential care facility; or (2) seek an exemption pursuant to subdivision (f). The department shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered. A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by this paragraph shall be grounds for disciplining the licensee pursuant to Section 1568.082.

(5) The department may issue an exemption on its own motion pursuant to subdivision (f) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(6) Concurrently with notifying the licensee pursuant to paragraph (4), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (f). The individual may seek an exemption only if the licensee terminates the

person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (4).

(d) (1) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of the sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting that person to withdraw his or her plea of guilty and to enter a plea of not guilty, setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice, or documents admissible in a criminal action pursuant to Section 969b of the Penal Code, shall be prima facie evidence of the conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(2) For purposes of this section or any other provision of this chapter, the department shall consider criminal convictions from another state or federal court as if the criminal offense was committed in this state.

(e) The State Department of Social Services shall not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client. The State Department of Social Services is authorized to obtain any arrest or conviction records or reports from any law enforcement agency as necessary to the performance of its duties to inspect, license, and investigate community care facilities and individuals associated with a community care facility.

(f) (1) After review of the record, the director may grant an exemption from disqualification for a license as specified in paragraphs (1) and (4) of subdivision (a), or for employment, residence, or presence in a residential care facility as specified in paragraphs (4), (5), and (6) of subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of

subdivision (c). However, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, or 264.1, subdivision (a) of Section 273a or, prior to January 1, 1994, paragraph (1) of Section 273a, Section 273d, 288, or 289, subdivision (a) of Section 290, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(2) The department shall not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1568.092.

(g) (1) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office. The request shall be in writing to the department, and shall include a copy of the person's driver's license or valid identification card issued by the Department of Motor Vehicles, or a valid photo identification issued by another state or the United States government if the person is not a California resident. Upon request of the licensee, who shall enclose a self-addressed stamped envelope for this purpose, the department shall verify whether the individual has a clearance that can be transferred.

(2) The State Department of Social Services shall hold criminal records clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal records clearance to be transferred.

(h) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1568.092, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

(i) (1) The Department of Justice shall charge a fee sufficient to cover its cost in providing services to comply with the 14-day requirement contained in subdivision (c) for provision to the department of criminal record information.

(2) Paragraph (1) shall cease to be implemented when the department adopts emergency regulations pursuant to Section 1522.04, and shall become inoperative when permanent regulations are adopted under that section.

(j) Amendments to the provisions of this section made in the 1998 calendar year shall be implemented commencing 60 days after the

effective date of the act amending this section in the 1998 calendar year, except those provisions for the submission of fingerprints for searching the records of the Federal Bureau of Investigation, which shall be implemented commencing January 1, 1999.

SEC. 34. Section 1568.092 of the Health and Safety Code is amended to read:

1568.092. (a) The department may prohibit any person from being a member of the board of directors, an executive director, or an officer of a licensee or a licensee from employing, or continuing the employment of, or allowing in a licensed facility, or allowing contact with clients of a licensed facility by, any employee, prospective employee, or person who is not a client who has:

(1) Violated, aided, or permitted the violation by any other person of this chapter or of any rules or regulations adopted under this chapter.

(2) Engaged in conduct which is inimical to the health, welfare, or safety of either an individual, in or receiving services from the facility, or the people of the State of California.

(3) Been denied an exemption to work or to be present in a facility, when that person has been convicted of a crime as defined in Section 1568.09.

(4) Engaged in any other conduct which would constitute a basis for disciplining a licensee.

(5) Engaging in acts of financial malfeasance concerning the operation of a facility, including, but not limited to, improper use or embezzlement of client moneys and property or fraudulent appropriation for personal gain of facility moneys and property, or willful or negligent failure to provide services.

(b) The excluded person, the facility, and the licensee shall be given written notice of the basis of the action of the department and of the right to an appeal of the excluded person. The notice shall be served either by personal service or by registered mail. Within 15 days after the department serves the notice, the excluded person may file with the department a written appeal of the exclusion order. If the excluded person fails to file a written appeal within the prescribed time, the action of the department shall be final.

(c) (1) The department may require the immediate removal of an executive director, a board member, or an officer of a licensee or exclusion of an employee, prospective employee, or person who is not a client from a facility pending a final decision of the matter when, in the opinion of the director, the action is necessary to protect residents or clients from physical or mental abuse, abandonment, or any other substantial threat to their health or safety.

(2) If the department requires the immediate removal of a member of the board of directors, an executive director, or an officer of a licensee or exclusion of an employee, prospective employee, or person who is not a client from a facility, the department shall serve an order of immediate exclusion upon the excluded person which

shall notify the excluded person of the basis of the department's action and of the excluded person's right to a hearing.

(3) Within 15 days after the department serves an order of immediate exclusion, the excluded person may file a written appeal of the exclusion with the department. The department's action shall be final if the excluded person does not appeal the exclusion within the prescribed time. The department shall do the following upon receipt of a written appeal:

(A) Within 30 days of receipt of the appeal, serve an accusation upon the excluded person.

(B) Within 60 days of receipt of a notice of defense by the excluded person pursuant to Section 11506 of the Government Code, conduct a hearing on the accusation.

(4) An order of immediate exclusion of the excluded person from the facility shall remain in effect until the hearing is completed and the director has made a final determination on the merits. However, the order of immediate exclusion shall be deemed vacated if the director fails to make a final determination on the merits within 60 days after the original hearing has been completed.

(d) An excluded person who files a written appeal of the exclusion order with the department pursuant to this section shall, as part of the written request, provide his or her current mailing address. The excluded person shall subsequently notify the department in writing of any change in mailing address, until the hearing process has been completed or terminated.

(e) Hearings held pursuant to this section shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Division 3 of Title 2 of the Government Code. The standard of proof shall be the preponderance of the evidence and the burden of proof shall be on the department.

(f) The department may institute or continue a disciplinary proceeding against a member of the board of directors, an executive director, or an officer of a licensee or an employee, prospective employee, or person who is not a client upon any ground provided by this section, or enter an order prohibiting any person from being a member of the board of directors, an executive director, or an officer of a licensee or the excluded person's employment or presence in the facility or otherwise take disciplinary action against the excluded person, notwithstanding any resignation, withdrawal of employment application or change of duties by the excluded person, or any discharge, failure to hire or reassignment of the excluded person by the licensee or that the excluded person no longer has contact with clients at the facility.

(g) A licensee's failure to comply with the department's exclusion order after being notified of the order shall be grounds for disciplining the licensee pursuant to Section 1568.082.

(h) (1) (A) In cases where the excluded person appealed the exclusion order and there is a decision and order of the department

upholding the exclusion order, the person shall be prohibited from working in any facility or being licensed to operate any facility licensed by the department or from being a certified foster parent for the remainder of the excluded person's life, unless otherwise ordered by the department.

(B) The excluded individual may petition for reinstatement one year after the effective date of the decision and order of the department upholding the exclusion order pursuant to Section 11522 of the Government Code. The department shall provide the excluded person with a copy of Section 11522 of the Government Code with the decision and order.

(2) (A) In cases where the department informed the excluded person of his or her right to appeal the exclusion order and the excluded person did not appeal the exclusion order, the person shall be prohibited from working in any facility or being licensed to operate any facility licensed by the department or a certified foster parent for the remainder of the excluded person's life, unless otherwise ordered by the department.

(B) The excluded individual may petition for reinstatement after one year has elapsed from the date of the notification of the exclusion order pursuant to Section 11522 of the Government Code. The department shall provide the excluded person with a copy of Section 11522 of the Government Code with the exclusion order.

SEC. 35. Section 1568.093 of the Health and Safety Code is amended to read:

1568.093. (a) (1) If the department determines that a person was issued a license under this chapter or under Chapter 1 (commencing with Section 1200), Chapter 2 (commencing with Section 1250), Chapter 3.01 (commencing with Section 1568.01), Chapter 3.2 (commencing with Section 1569), Chapter 3.4 (commencing with Section 1596.70), Chapter 3.5 (commencing with Section 1596.90), or Chapter 3.6 (commencing with Section 1597.30) and the prior license was revoked within the preceding two years, the department shall exclude the person from, and remove him or her as, a member of the board of directors, an executive director, or an officer of a licensee of, any facility licensed by the department pursuant to the chapter.

(2) If the department determines that a person previously was issued a certificate of approval by a foster family agency which was revoked by the department pursuant to subdivision (b) of Section 1534 within the preceding two years, the department shall exclude the person from, and remove him or her as, a member of the board of directors, an executive director, or an officer of a licensee of, any facility licensed by the department pursuant to this chapter.

(b) If the department determines that the person had previously applied for a license under any of the chapters listed in paragraph (1) of subdivision (a) and the application was denied within the last year, the department shall exclude the person from, and remove him or

her as, a member of the board of directors, an executive director, or an officer of a licensee of, any facility licensed by the department pursuant to this chapter and as follows:

(1) In cases where the applicant petitioned for a hearing, the department shall exclude the person from, and remove him or her as, a member of the board of directors, an executive director, or an officer of a licensee of, any facility licensed by the department pursuant to this chapter until one year has elapsed from the effective date of the decision and order of the department upholding a denial.

(2) In cases where the department informed the applicant of his or her right to petition for a hearing and the applicant did not petition for a hearing, the department shall exclude the person from, and remove him or her as, a member of the board of directors, an executive director, or an officer of a licensee of, any facility licensed by the department pursuant to this chapter until one year has elapsed from the date of the notification of the denial and the right to petition for a hearing.

(c) If the department determines that the person had previously applied for a certificate of approval with a foster family agency and the department ordered the foster family agency to deny the application pursuant to subdivision (b) of Section 1534, the department shall exclude the person from, and remove him or her as, a member of the board of directors, an executive director, or an officer of a licensee of, any facility licensed by the department pursuant to this chapter and as follows:

(1) In cases where the applicant petitioned for a hearing, the department shall exclude the person from, and remove him or her as, a member of the board of directors, an executive director, or an officer of a licensee of, any facility licensed by the department pursuant to this chapter until one year has elapsed from the effective date of the decision and order of the department upholding a denial.

(2) In cases where the department informed the applicant of his or her right to petition for a hearing and the applicant did not petition for a hearing, the department shall exclude the person from, and remove him or her as, a member of the board of directors, an executive director, or an officer of a licensee of, any facility licensed by the department pursuant to this chapter until one year has elapsed from the date of the notification of the denial and the right to petition for a hearing.

(d) Exclusion or removal of an individual pursuant to this section shall not be considered an order of exclusion for purposes of Section 1568.092 or any other law.

(e) The department may determine not to exclude the person from, and remove from being a member of the board of directors, an executive director, or officer of a licensee of, any facility licensed by the department pursuant to this chapter if it has determined that the reasons for the denial of the application or revocation of the facility license or certificate of approval were due to circumstances and

conditions that either have been corrected or are no longer in existence.

SEC. 36. Section 1569.1515 is added to the Health and Safety Code, to read:

1569.1515. (a) A corporation that applies for licensure with the department shall list the facilities that any member of the board of directors, the executive director, or an officer has been licensed to operate, been employed in, or served as a member of the board of directors, the executive director, or an officer.

(b) The department shall not issue a provisional license or license to any corporate applicant that has a member of the board of directors, the executive director, or an officer who is not eligible for licensure pursuant to Sections 1569.16 and 1569.59.

(c) The department may revoke the license of any corporate licensee that has a member of the board of directors, the executive director, or an officer who is not eligible for licensure pursuant to Sections 1569.16 and 1569.59.

(d) Prior to instituting an administrative action pursuant to either subdivision (b) or (c), the department shall notify the applicant or licensee of the person's ineligibility to be a member of the board of directors, an executive director, or an officer of the applicant or licensee, and shall give the applicant or licensee 15 days to remove the person from that position.

SEC. 37. Section 1569.17 of the Health and Safety Code is amended to read:

1569.17. The Legislature recognizes the need to generate timely and accurate positive fingerprint identification of applicants as a condition of issuing licenses, permits, or certificates of approval for persons to operate or provide direct care services in a residential care facility for the elderly. The Legislature supports the use of the fingerprint live-scan technology, as identified in the long-range plan of the Department of Justice for fully automating the processing of fingerprints and other data by the year 1999. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with clients of residential care facilities for the elderly may pose a risk to the clients' health and safety.

(a) Before issuing a license to any person or persons to operate or manage a residential care facility for the elderly, the department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code, for violating Section 245 or 273.5, subdivision (b) of Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has been exonerated. That criminal history

information shall include the full criminal record, if any, of those persons, and subsequent arrest information pursuant to Section 11105.2 of the Penal Code. The following shall apply to the criminal record information:

(1) If the State Department of Social Services finds that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (f).

(2) If the State Department of Social Services finds that the applicant, or any person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services shall cease processing the application until the conclusion of the trial.

(3) If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(4) If the State Department of Social Services finds after licensure that the licensee, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license may be revoked, unless the director grants an exemption pursuant to subdivision (f).

(5) An applicant and any person specified in subdivision (b) shall submit a second set of fingerprints to the Department of Justice, for the purpose of searching the records of the Federal Bureau of Investigation, in addition to the search required by subdivision (a). If an applicant meets all other conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal history information for the applicant and persons listed in subdivision (b), the department may issue a license if the applicant and each person described by subdivision (b) has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure, the department determines that the licensee or person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1569.50. The department may also suspend the license pending an administrative hearing pursuant to Sections 1569.50 and 1569.51.

(b) In addition to the applicant, the provisions of this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff.

(2) Any person, other than a client, residing in the facility.

(3) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene.

(4) (A) Any staff person, volunteer, or employee who has frequent and routine contact with the clients.

(B) A volunteer shall be exempt from the requirements of this subdivision if he or she is a relative, significant other, or close friend of a client receiving care in the facility and the volunteer is not used to replace or supplement staff in providing direct care and supervision of clients.

(5) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(6) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(c) (1) (A) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a residential facility for the elderly, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints, along with a second set of fingerprints for the purpose of searching the records of the Federal Bureau of Investigation, to the Department of Justice, or to comply with paragraph (1) of subdivision (g) prior to the person's employment, residence, or initial presence in the residential care facility for the elderly.

(B) These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints and submitted to the Department of Justice by the licensee or sent by electronic transmission in a manner approved by the State Department of Social Services. A licensee's failure to submit fingerprints to the Department of Justice, or to comply with paragraph (1) of subdivision (g), as required in this section, shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation. The State Department of Social Services may assess civil penalties for continued violations as permitted by Section 1569.49. The fingerprints shall then be submitted to the State Department of Social Services for processing. Documentation of the individual's clearance or exemption shall be maintained by the licensee and be available for inspection. When live-scan technology is operational, as defined in Section 1522.04, the Department of Justice shall notify the department, as required by that section, and notify the licensee by mail within 14 days of electronic transmission of the fingerprints to the Department of Justice, if the person has no criminal record. A violation of the regulations adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation. The department may assess

civil penalties for continued violations as permitted by Section 1569.49.

(2) Within 14 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in this subdivision. If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 14 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 14 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible.

(3) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, an offense specified in Section 243.4, 273a, or 273d, subdivision (a) or (b) of Section 368 of the Penal Code, or a felony, the State Department of Social Services shall notify the licensee in writing within 15 calendar days of the receipt of the notification from the Department of Justice to act immediately to terminate the person's employment, remove the person from the residential care facility for the elderly, or bar the person from entering the residential care facility for the elderly. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (f). If the conviction was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the residential care facility for the elderly, or bar the person from entering the residential care facility for the elderly; or (2) seek an exemption pursuant to subdivision (f). The department shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered by the department. A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by this paragraph shall be grounds for disciplining the licensee pursuant to Section 1569.50.

(4) The department may issue an exemption on its own motion pursuant to subdivision (f) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(5) Concurrently with notifying the licensee pursuant to paragraph (4), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (f). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (4).

(d) (1) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action that the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of the sentence, notwithstanding a subsequent order pursuant to the provisions of Sections 1203.4 and 1203.4a of the Penal Code permitting a person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice or documents admissible in a criminal action pursuant to Section 969b of the Penal Code shall be prima facie evidence of the conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(2) For purposes of this section or any other provision of this chapter, the department shall consider criminal convictions from another state or federal court as if the criminal offense was committed in this state.

(e) The State Department of Social Services shall not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client. The State Department of Social Services is authorized to obtain any arrest or conviction records or reports from any law enforcement agency as necessary to the performance of its duties to inspect, license, and investigate community care facilities and individuals associated with a community care facility.

(f) (1) After review of the record, the director may grant an exemption from disqualification for a license as specified in paragraphs (1) and (4) of subdivision (a), or for employment, residence, or presence in a residential care facility for the elderly as specified in paragraphs (4), (5), and (6) of subdivision (c) if the

director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, or 264.1, subdivision (a) of Section 273a or, prior to January 1, 1994, paragraph (1) of Section 273a, Section 273d, 288, or 289, subdivision (a) of Section 290, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code. The director shall notify in writing the licensee or the applicant of his or her decision within 60 days of receipt of all information from the applicant and other sources determined necessary by the director for the rendering of a decision pursuant to this subdivision.

(2) The department shall not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1569.58.

(g) (1) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office. The request shall be submitted, in writing to the department, and shall include a copy of the person's driver's license or valid identification card issued by the Department of Motor Vehicles, or a valid photo identification issued by another state or the United States government if the person is not a California resident. Upon request of the licensee, who shall enclose a self-addressed stamped envelope for this purpose, the department shall verify whether the individual has a clearance that can be transferred.

(2) The State Department of Social Services shall hold criminal records clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal records clearances to be transferred under this section.

(h) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1569.58, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

(i) Amendments to the provisions of this section made in the 1998 calendar year shall be implemented commencing 60 days after the

effective date of the act amending this section in the 1998 calendar year, except those provisions for the submission of fingerprints for searching the records of the Federal Bureau of Investigation, which shall be implemented commencing January 1, 1999.

SEC. 38. Section 1569.172 of the Health and Safety Code is amended to read:

1569.172. The Department of Justice may charge a fee sufficient to cover its cost in providing services in accordance with Section 1569.17 to comply with the 14-day requirement for provision to the department of the criminal record information, as contained in subdivision (c) of Section 1569.17.

SEC. 39. Section 1569.50 of the Health and Safety Code is amended to read:

1569.50. The department may deny an application for a license or may suspend or revoke any license issued under this chapter upon any of the following grounds and in the manner provided in this chapter:

(a) Violation by the licensee of this chapter or of the rules and regulations adopted under this chapter.

(b) Aiding, abetting, or permitting the violation of this chapter or of the rules and regulations adopted under this chapter.

(c) Conduct which is inimical to the health, morals, welfare, or safety of either an individual in or receiving services from the facility or the people of the State of California.

(d) The conviction of a licensee, or other person mentioned in Section 1569.17 at any time before or during licensure, of a crime as defined in Section 1569.17.

(e) Engaging in acts of financial malfeasance concerning the operation of a facility, including, but not limited to, improper use or embezzlement of client moneys and property or fraudulent appropriation for personal gain of facility moneys and property, or willful or negligent failure to provide services for the care of clients.

The director may temporarily suspend any license, prior to any hearing when, in the opinion of the director, the action is necessary to protect residents or clients of the facility from physical or mental abuse, abandonment, or any other substantial threat to health or safety. The director shall notify the licensee of the temporary suspension and the effective date of the temporary suspension and at the same time shall serve the provider with an accusation. Upon receipt of a notice of defense to the accusation by the licensee, the director shall, within 15 days, set the matter for hearing, and the hearing shall be held as soon as possible but not later than 30 days after receipt of the notice. The temporary suspension shall remain in effect until the time the hearing is completed and the director has made a final determination on the merits. However, the temporary suspension shall be deemed vacated if the director fails to make a final determination on the merits within 30 days after the original hearing has been completed.

SEC. 40. Section 1569.58 of the Health and Safety Code is amended to read:

1569.58. (a) The department may prohibit any person from being a member of the board of directors, an executive director, a board member, or an officer of a licensee, or a licensee from employing, or continuing the employment of, or allowing in a licensed facility, or allowing contact with clients of a licensed facility by, any employee, prospective employee, or person who is not a client who has:

(1) Violated, or aided or permitted the violation by any other person of, any provisions of this chapter or of any rules or regulations promulgated under this chapter.

(2) Engaged in conduct which is inimical to the health, morals, welfare, or safety of either an individual in or receiving services from the facility, or the people of the State of California.

(3) Been denied an exemption to work or to be present in a facility, when that person has been convicted of a crime as defined in Section 1569.17.

(4) Engaged in any other conduct which would constitute a basis for disciplining a licensee.

(5) Engaging in acts of financial malfeasance concerning the operation of a facility, including, but not limited to, improper use or embezzlement of client moneys and property or fraudulent appropriation for personal gain of facility moneys and property, or willful or negligent failure to provide services for the care of clients.

(b) The excluded person, the facility, and the licensee shall be given written notice of the basis of the department's action and of the excluded person's right to an appeal. The notice shall be served either by personal service or by registered mail. Within 15 days after the department serves the notice, the excluded person may file with the department a written appeal of the exclusion order. If the excluded person fails to file a written appeal within the prescribed time, the department's action shall be final.

(c) (1) The department may require the immediate removal of a member of the board of directors, an executive director, or an officer of a licensee or exclusion of an employee, prospective employee, or person who is not a client from a facility pending a final decision of the matter, when, in the opinion of the director, the action is necessary to protect residents or clients from physical or mental abuse, abandonment, or any other substantial threat to their health or safety.

(2) If the department requires the immediate removal of a member of the board of directors, an executive director, or an officer of a licensee or exclusion of an employee, prospective employee, or person who is not a client from a facility the department shall serve an order of immediate exclusion upon the excluded person which shall notify the excluded person of the basis of the department's action and of the excluded person's right to a hearing.

(3) Within 15 days after the department serves an order of immediate exclusion, the excluded person may file a written appeal of the exclusion with the department. The department's action shall be final if the excluded person does not appeal the exclusion within the prescribed time. The department shall do the following upon receipt of a written appeal:

(A) Within 30 days of receipt of the appeal, serve an accusation upon the excluded person.

(B) Within 60 days of receipt of a notice of defense by the excluded person pursuant to Section 11506 of the Government Code, conduct a hearing on the accusation.

(4) An order of immediate exclusion of the excluded person from the facility shall remain in effect until the hearing is completed and the director has made a final determination on the merits. However, the order of immediate exclusion shall be deemed vacated if the director fails to make a final determination on the merits within 60 days after the original hearing has been completed.

(d) An excluded person who files a written appeal of the exclusion order with the department pursuant to this section shall, as part of the written request, provide his or her current mailing address. The excluded person shall subsequently notify the department in writing of any change in mailing address, until the hearing process has been completed or terminated.

(e) Hearings held pursuant to this section shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Division 3 of Title 2 of the Government Code. The standard of proof shall be the preponderance of the evidence and the burden of proof shall be on the department.

(f) The department may institute or continue a disciplinary proceeding against a member of the board of directors, an executive director, or an officer of a licensee or an employee, prospective employee, or person who is not a client upon any ground provided by this section, or enter an order prohibiting any person from being a member of the board of directors, an executive director, or an officer of a licensee, or the excluded person's employment or presence in the facility or otherwise take disciplinary action against the excluded person, notwithstanding any resignation, withdrawal of employment application or change of duties by the excluded person, or any discharge, failure to hire or reassignment of the excluded person by the licensee or that the excluded person no longer has contact with clients at the facility.

(g) A licensee's failure to comply with the department's exclusion order after being notified of the order shall be grounds for disciplining the licensee pursuant to Section 1569.50.

(h) (1) (A) In cases where the excluded person appealed the exclusion order and there is a decision and order of the department upholding the exclusion order, the person shall be prohibited from working in any facility or being licensed to operate any facility

licensed by the department or from being a certified foster parent for the remainder of the excluded person's life, unless otherwise ordered by the department.

(B) The excluded individual may petition for reinstatement one year after the effective date of the decision and order of the department upholding the exclusion order pursuant to Section 11522 of the Government Code. The department shall provide the excluded person with a copy of Section 11522 of the Government Code with the decision and order.

(2) (A) In cases where the department informed the excluded person of his or her right to appeal the exclusion order and the excluded person did not appeal the exclusion order, the person shall be prohibited from working in any facility or being licensed to operate any facility licensed by the department or a certified foster parent for the remainder of the excluded person's life, unless otherwise ordered by the department.

(B) The excluded individual may petition for reinstatement after one year has elapsed from the date of the notification of the exclusion order pursuant to Section 11522 of the Government Code. The department shall provide the excluded person with a copy of Section 11522 of the Government Code with the exclusion order.

SEC. 41. Section 1569.59 of the Health and Safety Code is amended to read:

1569.59. (a) (1) If the department determines that a person was issued a license under this chapter or under Chapter 1 (commencing with Section 1200), Chapter 2 (commencing with Section 1250), Chapter 3.01 (commencing with Section 1568.01), Chapter 3.2 (commencing with Section 1569), Chapter 3.4 (commencing with Section 1596.70), Chapter 3.5 (commencing with Section 1596.90), or Chapter 3.6 (commencing with Section 1597.30) and the prior license was revoked within the preceding two years, the department shall exclude the person from, and remove him or her from the position of, a member of the board of directors, an executive director, or an officer of a licensee of, any facility licensed by the department pursuant to the chapter.

(2) If the department determines that a person previously was issued a certificate of approval by a foster family agency which was revoked by the department pursuant to subdivision (b) of Section 1534 within the preceding two years, the department shall exclude the person from, and remove him or her from the position of, a member of the board of directors, an executive director, or an officer of a licensee of, any facility licensed by the department pursuant to this chapter.

(b) If the department determines that the person had previously applied for a license under any of the chapters listed in paragraph (1) of subdivision (a) and the application was denied within the last year, the department shall exclude the person from, and remove him or her from the position of, a member of the board of directors, an

executive director, or an officer of a licensee of, any facility licensed by the department pursuant to this chapter and as follows:

(1) In cases where the applicant petitioned for a hearing, the department shall exclude the person from, and remove him or her from the position of, a member of the board of directors, an executive director, or an officer of a licensee of, any facility licensed by the department pursuant to this chapter until one year has elapsed from the effective date of the decision and order of the department upholding a denial.

(2) In cases where the department informed the applicant of his or her right to petition for a hearing and the applicant did not petition for a hearing, the department shall exclude the person from, and remove him or her from the position of, a member of the board of directors, an executive director, or an officer of a licensee of, any facility licensed by the department pursuant to this chapter until one year has elapsed from the date of the notification of the denial and the right to petition for a hearing.

(c) If the department determines that the person had previously applied for a certificate of approval with a foster family agency and the department ordered the foster family agency to deny the application pursuant to subdivision (b) of Section 1534, the department shall exclude the person from, and remove him or her from the position of, a member of the board of directors, an executive director, or an officer of a licensee of, any facility licensed by the department pursuant to this chapter and as follows:

(1) In cases where the applicant petitioned for a hearing, the department shall exclude the person from, and remove him or her from the position of, a member of the board of directors, an executive director, or an officer of a licensee of, any facility licensed by the department pursuant to this chapter until one year has elapsed from the effective date of the decision and order of the department upholding a denial.

(2) In cases where the department informed the applicant of his or her right to petition for a hearing and the applicant did not petition for a hearing, the department shall exclude the person from, and remove him or her from the position of, a member of the board of directors, an executive director, or an officer of a licensee of, any facility licensed by the department pursuant to this chapter until one year has elapsed from the date of the notification of the denial and the right to petition for a hearing.

(d) Exclusion or removal of an individual pursuant to this section shall not be considered an order of exclusion for purposes of Section 1569.58 or any other law.

(e) The department may determine not to exclude a person from, and remove him or her from the position of, a member of the board of directors, an executive director, or an officer of a licensee of, any facility licensed by the department pursuant to this chapter if it has been determined that the reasons for the denial of the application or

revocation of the facility license or certificate of approval were due to circumstances or conditions that either have been corrected or are no longer in existence.

SEC. 42. Section 1569.617 of the Health and Safety Code is amended to read:

1569.617. (a) (1) There is hereby created in the State Treasury, the Certification Fund from which moneys, upon appropriation of the Legislature, shall be expended by the department for the purpose of administering the residential care facilities for the elderly certification program provided under Sections 1569.23, 1569.615, and 1569.616, the adult residential facilities certification program pursuant to Section 1562.3, and the group home facilities certification program pursuant to Section 1522.41.

(2) All money contained in the Residential Care Facility for the Elderly Fund on the operative date of this paragraph shall be retained in the Certification Fund for appropriation for the purposes specified in paragraph (1).

(b) The fund shall consist of specific appropriations that the Legislature sets aside for use by the fund and all fees, penalties, and fines collected pursuant to Sections 1522.41, 1562.3, 1562.23, 1569.615, and 1569.616.

(c) For the 1998–99 fiscal year, the sum of not to exceed two hundred fifty thousand dollars ($250,000) from the Certification Fund shall be appropriated to the State Department of Social Services to administer the group home facilities certification program pursuant to Section 1522.41. The department shall repay the appropriation made for the 1998–99 fiscal year into the Certification Fund upon receipt of fees pursuant to Section 1522.41.

SEC. 43. Section 1596.603 of the Health and Safety Code is amended to read:

1596.603. (a) Each person initiating a background examination to be a trustline provider shall either obtain two sets of fingerprints from a law enforcement agency or other local agency on a fingerprint card authorized by the Department of Justice and shall submit the fingerprints, or send his or her fingerprints to the Department of Justice by electronic transmission in a manner approved by the department, unless exempted in subdivision (e), and a completed trustline application to the department, or the local child care resource and referral agency which will immediately forward the application package to the department. The agency taking the fingerprints shall inscribe the serial number from the identification card described in Section 1596.601 on the fingerprint cards.

(b) A law enforcement agency or other local agency authorized to take fingerprints may charge a reasonable fee to offset the costs of fingerprinting for the purposes of this chapter.

(c) Upon receipt, the department shall transmit the fingerprint card and a copy of the application to the Department of Justice. The Department of Justice shall use the fingerprints and the application

to search the state and Federal Bureau of Investigation criminal history information pursuant to Section 1596.871 and the automated child abuse system pursuant to subdivision (b) of Section 1596.877.

(d) A person who is a current licensee or employee in a facility licensed by the department need not submit fingerprints to the department and may transfer their criminal record clearance pursuant to subdivision (h) of Section 1596.871. The person shall instead submit to the department, along with the person's application, a copy of the person's identification card described in Section 1596.601 and sign a declaration verifying the person's identity. A willful false declaration is a violation of this subdivision punishable in the same manner as provided under Section 1596.890.

SEC. 44. Section 1596.871 of the Health and Safety Code is amended to read:

1596.871. The Legislature recognizes the need to generate timely and accurate positive fingerprint identification of applicants as a condition of issuing licenses, permits, or certificates of approval for persons to operate or provide direct care services in a child care center or family child care home. Therefore, the Legislature supports the use of the fingerprint live-scan technology, as defined in the long-range plan of the Department of Justice for fully automating the processing of fingerprints and other data by the year 1999, otherwise known as the California Crime Information Intelligence System (CAL-CII), to be used for applicant fingerprints. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with child day care facility clients may pose a risk to the children's health and safety.

(a) Before issuing a license or special permit to any person to operate or manage a day care facility, the department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code, for violating Section 245 or 273.5, subdivision (b) of Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated. That criminal history information shall include the full criminal record, if any, of those persons, and subsequent arrest information pursuant to Section 11105.2 of the Penal Code. No fee shall be charged by the Department of Justice or the department for the fingerprinting of an applicant who will serve six or fewer children or any family day care applicant for a license, or for obtaining a criminal record of an applicant pursuant to this section. The following shall apply to the criminal record information:

(1) If the State Department of Social Services finds that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the

application shall be denied, unless the director grants an exemption pursuant to subdivision (f).

(2) If the State Department of Social Services finds that the applicant, or any person specified in subdivision (b), is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services shall cease processing the application until the conclusion of the trial.

(3) If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(4) If the State Department of Social Services finds after licensure that the licensee, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license may be revoked, unless the director grants an exemption pursuant to subdivision (f).

(5) An applicant and any person specified in subdivision (b) shall submit a second set of fingerprints to the Department of Justice, for the purpose of searching the records of the Federal Bureau of Investigation, in addition to the search required by subdivision (a). If an applicant meets all other conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal history information for the applicant and persons listed in subdivision (b), the department may issue a license if the applicant and each person described by subdivision (b) has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure, the department determines that the licensee or person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1596.885. The department may also suspend the license pending an administrative hearing pursuant to Section 1596.886.

(b) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff.

(2) Any person, other than a child, residing in the facility.

(3) Any person who provides care and supervision to the children.

(4) Any staff person, volunteer, or employee who has contact with the children. A volunteer shall be exempt from the requirements of this subdivision if the volunteer is a relative of a client in care at the facility and is not used to replace or supplement staff in providing direct care and supervision of children in care.

(5) If the applicant is a firm, partnership, association, or corporation, the chief executive officer, other person serving in like capacity, or a person designated by the chief executive officer as responsible for the operation of the facility, as designated by the applicant agency.

(6) If the applicant is a local educational agency, the president of the governing board, the school district superintendent, or a person designated to administer the operation of the facility, as designated by the local educational agency.

(7) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(8) This section does not apply to employees of child care and development programs under contract with the State Department of Education who have completed a criminal records clearance as part of an application to the Commission on Teacher Credentialing, and who possess a current credential or permit issued by the commission, including employees of child care and development programs that serve both children subsidized under, and children not subsidized under, a State Department of Education contract. The Commission on Teacher Credentialing shall notify the department upon revocation of a current credential or permit issued to an employee of a child care and development program under contract with the State Department of Education.

(9) This section does not apply to employees of a child care and development program operated by a school district, county office of education, or community college district under contract with the State Department of Education who have completed a criminal records clearance as a condition of employment. The school district, county office of education, or community college district upon receiving information that the status of an employee's criminal record clearance has changed shall submit that information to the department.

(c) (1) (A) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a child day care facility be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal conviction. The licensee shall submit these fingerprints to the Department of Justice, along with a second set of fingerprints for the purpose of searching the records of the Federal Bureau of Investigation, or to comply with paragraph (1) of subdivision (h), prior to the person's employment, residence, or initial presence in the child day care facility.

(B) These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints and submitted to the Department of Justice by the licensee or sent by electronic transmission in a manner approved by the State Department of Social Services. A licensee's failure to submit fingerprints to the Department of Justice, or to comply with paragraph (1) of subdivision (h), as required in this

section, shall result in the citation of a deficiency, and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation. The State Department of Social Services may assess civil penalties for continued violations permitted by Section 1596.99 and Section 1597.62. The fingerprints shall then be submitted to the State Department of Social Services for processing. Within 14 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided in this subdivision. If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 14 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 14 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible.

(C) Documentation of the individual's clearance or exemption shall be maintained by the licensee, and shall be available for inspection. When live-scan technology is operational, as defined in Section 1522.04, the Department of Justice shall notify the department, as required by that section, and notify the licensee by mail within 14 days of electronic transmission of the fingerprints to the Department of Justice, if the person has no criminal record. Any violation of the regulations adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation. The department may assess civil penalties for continued violations, as permitted by Sections 1596.99 and 1597.62.

(2) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the department, on the basis of fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, an offense specified in Section 243.4, 273a, or 273d, subdivision (a) or (b) of Section 368 of the Penal Code, or a felony, the State Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the child day care facility, or bar the person from entering the child day care facility. The department may subsequently grant an exemption pursuant to subdivision (f). If the conviction was for another crime except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the child day care facility, or bar the person from entering the child day care facility; or (2) seek an exemption pursuant to subdivision (f). The department shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered.

A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by this paragraph shall be grounds for disciplining the licensee pursuant to Section 1596.885 or 1596.886.

(3) The department may issue an exemption on its own motion pursuant to subdivision (f) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(4) Concurrently with notifying the licensee pursuant to paragraph (3), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (f). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (3).

(d) (1) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice, or documents admissible in a criminal action pursuant to Section 969b of the Penal Code, shall be prima facie evidence of conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(2) For purposes of this section or any other provision of this chapter, the department shall consider criminal convictions from another state or federal court as if the criminal offense was committed in this state.

(e) The State Department of Social Services shall not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety

of any person who is or may become a client. The State Department of Social Services is authorized to obtain any arrest or conviction records or reports from any law enforcement agency as necessary to the performance of its duties to inspect, license, and investigate community care facilities and individuals associated with a community care facility.

(f) (1) After review of the record, the director may grant an exemption from disqualification for a license or special permit as specified in paragraphs (1) and (4) of subdivision (a), or for employment, residence, or presence in a child day care facility as specified in paragraphs (3), (4), and (5) of subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of good character so as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, or 264.1, subdivision (a) of Section 273a or, prior to January 1, 1994, paragraph (1) of Section 273a, Section 273d, 288, or 289, subdivision (a) of Section 290, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(2) The department shall not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1596.8897.

(g) Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the Department of Justice shall verify receipt of the fingerprints.

(h) (1) For the purposes of compliance with this section, the department may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office. The request shall be in writing to the department, and shall include a copy of the person's driver's license or valid identification card issued by the Department of Motor Vehicles, or a valid photo identification issued by another state or the United States government if the person is not a California resident. Upon request of the licensee, who shall enclose a self-addressed stamped envelope for this purpose, the department shall verify whether the individual has a clearance that can be transferred.

(2) The State Department of Social Services shall hold criminal records clearances in its active files for a minimum of two years after

an employee is no longer employed at a licensed facility in order for the criminal records clearances to be transferred.

(i) Amendments to this section made in the 1998 calendar year shall be implemented commencing 60 days after the effective date of the act amending this section in the 1998 calendar year, except those provisions for the submission of fingerprints for searching the records of the Federal Bureau of Investigation, which shall be implemented commencing January 1, 1999.

SEC. 45. Section 1596.8713 of the Health and Safety Code is amended to read:

1596.8713. The Department of Justice may charge a fee sufficient to cover its costs in providing services in accordance with Section 1596.871 to comply with the 14-day requirement for provision to the department of the criminal record information, as contained in subdivision (c) of Section 1569.871.

SEC. 46. Section 1596.877 of the Health and Safety Code is amended to read:

1596.877. (a) Prior to granting a license to, or otherwise approving, any family day care home, the department shall check the child abuse and neglect complaint records of the child protective services agency of the county in which the applicant has resided for the two years preceding the application.

(b) Prior to granting a license to or otherwise approving any individual to care for children in either a family day care home or a day care center, the department shall check the Child Abuse Registry pursuant to paragraph (3) of subdivision (b) of Section 11170 of the Penal Code. The Department of Justice shall maintain and continually update an index of reports of child abuse by providers and shall inform the department of subsequent reports received from the child abuse index pursuant to Section 11170 of the Penal Code and the criminal history.

(c) The department shall investigate any reports received from the Child Abuse Registry and investigate any information received from the county child protective services agency. However, child protective services agency information arising from a report designated as "unfounded," as defined pursuant to subdivision (a) of Section 11165.12 of the Penal Code, shall not be included in the investigation. The investigation shall include, but not be limited to, the review of the investigation report and file prepared by the child protective services agency that investigated the child abuse report. The department shall not deny a license based upon a report from the Child Abuse Registry or based on child abuse and neglect complaint records of the county child protective services agency unless child abuse is substantiated.

(d) On and after January 1, 1993, the department shall implement this section for records maintained by counties that have automated their child abuse and neglect complaint records on or before January

1, 1993. On and after July 1, 1993, the department shall implement this section for records maintained by all counties.

SEC. 47. Section 1596.885 of the Health and Safety Code is amended to read:

1596.885. The department may deny an application for or suspend or revoke any license, registration, or special permit issued under this act upon any of the following grounds and in the manner provided in this act:

(a) Violation by the licensee, registrant, or holder of a special permit of this act or of the rules and regulations promulgated under this act.

(b) Aiding, abetting, or permitting the violating of this act or of the rules and regulations promulgated under this act.

(c) Conduct which is inimical to the health, morals, welfare, or safety of either an individual in or receiving services from the facility or the people of this state.

(d) The conviction of a licensee, or other person specified in Section 1596.871, at any time before or during licensure, of a crime as defined in Section 1596.871.

(e) Engaging in acts of financial malfeasance concerning the operation of a facility, including, but not limited to, improper use or embezzlement of client moneys and property or fraudulent appropriation for personal gain of facility moneys and property, or willful or negligent failure to provide services for the care of clients.

SEC. 48. Section 1596.8897 of the Health and Safety Code is amended to read:

1596.8897. (2) Engaged in conduct which is inimical to the health, morals, welfare, or safety of either an individual in or receiving services from the facility, or the people of the State of California.

(3) Been denied an exemption to work or to be present in a facility, when that person has been convicted of a crime as defined in Section 1596.871.

(4) Engaged in any other conduct which would constitute a basis for disciplining a licensee.

(5) Engaging in acts of financial malfeasance concerning the operation of a facility, including, but not limited to, improper use or embezzlement of client moneys and property or fraudulent appropriation for personal gain of facility moneys and property, or willful or negligent failure to provide services for the care of clients.

(b) The excluded person, the facility, and the licensee shall be given written notice of the basis of the department's action and of the excluded person's right to an appeal. The notice shall be served either by personal service or by registered mail. Within 15 days after the department serves the notice, the excluded person may file with the department a written appeal of the exclusion order. If the excluded person fails to file a written appeal within the prescribed time, the department's action shall be final.

(c) (1) The department may require the immediate removal of a member of the board of directors, an executive director, or an officer of a licensee or exclusion of an employee, prospective employee, or person who is not a client from a facility pending a final decision of the matter, when, in the opinion of the director, the action is necessary to protect residents or clients from physical or mental abuse, abandonment, or any other substantial threat to their health or safety.

(2) If the department requires the immediate removal of a member of the board of directors, an executive director, or an officer of a licensee or exclusion of an employee, prospective employee, or person who is not a client from a facility, the department shall serve an order of immediate exclusion upon the excluded person which shall notify the excluded person of the basis of the department's action and of the excluded person's right to a hearing.

(3) Within 15 days after the department serves an order of immediate exclusion, the excluded person may file a written appeal of the exclusion with the department. (B) Within 60 days of receipt of a notice of defense by the employee or prospective employee pursuant to Section 11506 of the Government Code, conduct a hearing on the accusation.

(4) An order of immediate exclusion of the excluded person from the facility shall remain in effect until the hearing is completed and the director has made a final determination on the merits. However, the order of immediate exclusion shall be deemed vacated if the director fails to make a final determination on the merits within 60 days after the original hearing has been completed.

(d) An excluded person who files a appeal of the exclusion order with the department pursuant to this section shall, as part of the written request, provide his or her current mailing address. (f) The department may institute or continue a disciplinary proceeding against a member of the board of directors, an executive director, or an officer of a licensee or an employee, prospective employee, or person who is not a client upon any ground provided by this section, or enter an order prohibiting any person from being a member of the board of directors, the executive director, or an officer of a licensee or the excluded person's employment or presence in the facility or otherwise take disciplinary action against the excluded person, notwithstanding any resignation, withdrawal of employment application or change of duties by the excluded person, or any discharge, failure to hire or reassignment of the excluded person by the licensee or that the excluded person no longer has contact with clients at the facility.

(g) A licensee's failure to comply with the department's exclusion order after being notified of the order shall be grounds for disciplining the licensee pursuant to Section 1596.885 or 1596.886.

(h) (1) (A) In cases where the excluded person appealed the exclusion order and there is a decision and order upholding the exclusion order, the person shall be prohibited from working in any facility or being licensed to operate any facility licensed by the department or from being a certified foster parent for the remainder of the excluded person's life, unless otherwise ordered by the department.

(B) The excluded individual may petition for reinstatement one year after the effective date of the decision and order of the department upholding the exclusion order pursuant to Section 11522 of the Government Code. The department shall provide the excluded person with a copy of Section 11522 of the Government Code with the decision and order.

(2) (A) In cases where the department informed the excluded person of his or her right to appeal the exclusion order and the excluded person did not appeal the exclusion order, the person shall be prohibited from working in any facility or being licensed to operate any facility licensed by the department or a certified foster parent for the remainder of the excluded person's life, unless otherwise ordered by the department.

SEC. 51. Section 11174.3 of the Penal Code is amended to read:

11174.3. (a) Whenever a representative of a child protective agency or the State Department of Social Services deems it necessary, a suspected victim of child abuse may be interviewed during school hours, on school premises, concerning a report of suspected child abuse that occurred within the child's home or out-of-home care facility. The child shall be afforded the option of being interviewed in private or selecting any adult who is a member of the staff of the school, including any certificated or classified employee or volunteer aide, to be present at the interview. A representative of the child protective agency or the State Department of Social Services shall inform the child of that right prior to the interview.

The purpose of the staff person's presence at the interview is to lend support to the child and enable him or her to be as comfortable as possible. However, the member of the staff so elected shall not participate in the interview. The member of the staff so present shall not discuss the facts or circumstances of the case with the child. The member of the staff so present, including, but not limited to, a volunteer aide, is subject to the confidentiality requirements of this article, a violation of which is punishable as specified in Section 11167.5. A representative of the school shall inform a member of the staff so selected by a child of the requirements of this section prior to the interview. A staff member selected by a child may decline the request to be present at the interview. If the staff person selected agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school. Failure to comply with the requirements of this section does not affect the admissibility of evidence in a criminal or civil proceeding.

(b) The Superintendent of Public Instruction shall notify each school district and each child protective agency, and the State Department of Social Services shall notify each of its employees who participate in the investigation of reports of child abuse, of the requirements of this section.

(2) The out-of-state group home meets the requirements of Section 7911.1 of the Family Code.

(b) At least every six months, the court shall review each placement made pursuant to subdivision (a) in order to determine compliance with that subdivision.

(c) A county shall not be entitled to receive or expend any public funds for the placement of a minor in an out-of-state group home unless the requirements of subdivisions (a) and (b) are met.

SEC. 53. Section 366 of the Welfare and Institutions Code is amended to read:

366. (a) The status of every dependent child in foster care shall be reviewed periodically as determined by the court but no less frequently than once every six months, as calculated from the date of the original dispositional hearing, until the hearing described in Section 366.25 or 366.26 is completed. The court shall determine the continuing necessity for and appropriateness of the placement, the extent of compliance with the case plan, the continuing need to suspend sibling interaction, if applicable, pursuant to subdivision (c) of Section 16002, and the extent of progress which has been made toward alleviating or mitigating the causes necessitating placement in foster care, and shall project a likely date by which the child may be returned to the home or placed for adoption or legal guardianship.

(b) Subsequent to the hearing, periodic reviews of each child in foster care shall be conducted pursuant to the requirements of Sections 366.3 and 16503.

(c) If the child has been placed out of state, each review described in subdivision (a) and any reviews conducted pursuant to Sections 366.3 and 16503 shall also address whether the out-of-state placement continues to be the most appropriate placement selection and in the best interests of the child.

(d) A child shall not be placed in an out-of-state group home, or remain in an out-of-state group home, unless the group home is in compliance with Section 7911.1 of the Family Code.

SEC. 54. Section 727.1 of the Welfare and Institutions Code is amended to read:

727.1. (1) In-state facilities or programs have been determined to be unavailable or inadequate to meet the needs of the minor.

(2) The out-of-state residential facility or program is licensed for the placement of minors by an agency of the state or states in which the minor will be placed or operates under and is inspected pursuant to standards comparable to those developed by the Board of Corrections for similar facilities or programs.

(3) The requirements of Section 7911.1 of the Family Code are met.

(b) If, upon inspection, the probation officer of the county in which the minor is adjudged a ward of the court determines that the out-of-state facility or program is not in compliance with the

standards required under paragraph (2) of subdivision (a), the probation officer may temporarily remove the minor from the facility or program. The probation officer shall promptly inform the court of the minor's removal, and shall return the minor to the court for a hearing to review the suitability of continued out-of-state placement.

(c) The court shall review each of these placements for compliance with the requirements of subdivision (a) at least once every six months.

(d) The county shall not be entitled to receive or expend any public funds for the placement of a minor in an out-of-state group home unless the conditions of subdivision (a) and (c) are met.

(G) Members of the child protective agencies as defined in Section 11165.9 of the Penal Code.

(H) The State Department of Social Services to carry out its duties pursuant to Division 9 (commencing with Section 10000), and Part 5 (commencing with Section 7900) of Division 12 of the Family Code to oversee and monitor county child welfare agencies, children in foster care or receiving foster care assistance, and out-of-state placements.

(I) To authorized legal staff or special investigators who are peace officers who are employed by, or who are authorized representatives of, the State Department of Social Services, as necessary to the performance of their duties to inspect, license, and investigate community care facilities, and to ensure that the standards of care and services provided in those facilities are adequate and appropriate and to ascertain compliance with the rules and regulations to which the facilities are subject. The confidential information shall remain

confidential except for purposes of inspection, licensing, or investigation pursuant to Chapter 3 (commencing with Section 1500) and Chapter 3.4 (commencing with Section 1596.70) of Division 2 of the Health and Safety Code, or a criminal, civil, or administrative proceeding in relation thereto. The confidential information may be used by the State Department of Social Services in a criminal, civil, or administrative proceeding. The confidential information shall be available only to the judge or hearing officer and to the parties to the case. Names that are confidential shall be listed in attachments separate to the general pleadings. The confidential information shall be sealed after the conclusion of the criminal, civil, or administrative hearings, and shall not subsequently be released except in accordance with this subdivision. If the confidential information does not result in a criminal, civil, or administrative proceeding, it shall be sealed after the State Department of Social Services decides that no further action will be taken in the matter of suspected licensing violations. Except as otherwise provided in this subdivision, confidential information in the possession of the State Department of Social Services shall not contain the name of the minor.

(J) Members of children's multidisciplinary teams, persons or agencies providing treatment or supervision of the minor.

(K) Any other person who may be designated by court order of the judge of the juvenile court upon filing a petition.

(2) Any records or reports relating to a matter within the jurisdiction of the juvenile court prepared by or released by the court, a probation department, or the county department of social services, any portion of those records or reports, and information relating to the contents of those records or reports, shall not be disseminated by the receiving agencies to any persons or agencies, other than those persons or agencies authorized to receive documents pursuant to this section. Further, any of those records or reports, any portion of those records or reports, and information relating to the contents of those records or reports, shall not be made attachments to any other documents without the prior approval of the presiding judge of the juvenile court, unless they are used in connection with and in the course of a criminal investigation or a proceeding brought to declare a person a dependent child or ward of the juvenile court.

(b) (1) While the Legislature reaffirms its belief that juvenile court records, in general, should be confidential, it is the intent of the Legislature in enacting this subdivision to provide for a limited exception to juvenile court record confidentiality to promote more effective communication among juvenile courts, law enforcement agencies, and schools to ensure the rehabilitation of juvenile criminal offenders as well as to lessen the potential for drug use, violence, and other forms of delinquency.

(2) Notwithstanding subdivision (a), written notice that a minor enrolled in a public school, kindergarten to grade 12, inclusive, has been found by a court of competent jurisdiction to have committed

any felony or any misdemeanor involving curfew, gambling, alcohol, drugs, tobacco products, carrying of weapons, a sex offense listed in Section 290 of the Penal Code, assault or battery, larceny, vandalism, or graffiti shall be provided by the court, within seven days, to the superintendent of the school district of attendance. Written notice shall include only the offense found to have been committed by the minor and the disposition of the minor's case. This notice shall be expeditiously transmitted by the district superintendent to the principal at the school of attendance. The principal shall expeditiously disseminate the information to those counselors directly supervising or reporting on the behavior or progress of the minor. In addition, the principal may disseminate the information to any teacher or administrator directly supervising or reporting on the behavior or progress of the minor whom the principal believes needs the information to work with the pupil in an appropriate fashion, to avoid being needlessly vulnerable or to protect other persons from needless vulnerability.

Any information received by a teacher, counselor, or administrator under this subdivision shall be received in confidence for the limited purpose of rehabilitating the minor and protecting students and staff, and shall not be further disseminated by the teacher, counselor, or administrator, except insofar as communication with the juvenile, his or her parents or guardians, law enforcement personnel, and the juvenile's probation officer is necessary to effectuate the juvenile's rehabilitation or to protect students and staff.

An intentional violation of the confidentiality provisions of this section is a misdemeanor punishable by a fine not to exceed five hundred dollars ($500).

(3) If a minor is removed from public school as a result of the court's finding described in subdivision (b), the superintendent shall maintain the information in a confidential file and shall defer transmittal of the information received from the court until the minor is returned to public school. If the minor is returned to a school district other than the one from which the minor came, the parole or probation officer having jurisdiction over the minor shall so notify the superintendent of the last district of attendance, who shall transmit the notice received from the court to the superintendent of the new district of attendance.

(c) Each probation report filed with the court concerning a minor whose record is subject to dissemination pursuant to subdivision (b) shall include on the face sheet the school at which the minor is currently enrolled. The county superintendent shall provide the court with a listing of all of the schools within each school district, within the county, along with the name and mailing address of each district superintendent.

(d) Each notice sent by the court pursuant to subdivision (b) shall be stamped with the instruction: "Unlawful Dissemination Of This Information Is A Misdemeanor." Any information received from the

court shall be kept in a separate confidential file at the school of attendance and shall be transferred to the minor's subsequent schools of attendance and maintained until the minor graduates from high school, is released from juvenile court jurisdiction, or reaches the age of 18, whichever occurs first. After that time the confidential record shall be destroyed. At any time after the date by which a record required to be destroyed by this section should have been destroyed, the minor or his or her parent or guardian shall have the right to make a written request to the principal of the school that the minor's school records be reviewed to ensure that the record has been destroyed. Upon completion of any requested review and no later than 30 days after the request for the review was received, the principal or his or her designee shall respond in writing to the written request and either shall confirm that the record has been destroyed or, if the record has not been destroyed, shall explain why destruction has not yet occurred.

Except as provided in paragraph (2) of subdivision (b), no liability shall attach to any person who transmits or fails to transmit any notice or information required under subdivision (b).

(B) The rate increase required by subparagraph (A) shall not be applied to rates increased May 1, 1990, pursuant to paragraph (2).

(4) Effective July 1, 1998, the amounts in the schedule of basic rates in subdivision (a) shall be increased by 6 percent. Notwithstanding any other provision of law, the 6-percent increase provided for in this paragraph shall, retroactive to July 1, 1998, apply to every county, including any county to which paragraph (2) of subdivision (b) applies, and shall apply to foster care for every age group.

(5) Notwithstanding any other provision of law, any increase that takes effect after July 1, 1998, shall apply to every county, including any county to which paragraph (2) of subdivision (b) applies, and shall apply to foster care for every age group.

(6) The increase in the basic foster family home rate shall apply only to children placed in a licensed foster family home receiving the basic rate or in an approved home of a relative or nonrelated legal guardian receiving the basic rate. The increased rate shall not be used to compute the monthly amount that may be paid to licensed foster family agencies for the placement of children in certified foster homes.

(d) (1) Beginning with the 1991–92 fiscal year, the schedule of basic rates in subdivision (a) shall be adjusted by the percentage changes in the California Necessities Index, computed pursuant to the methodology described in Section 11453, subject to the availability of funds.

(2) Any county that, as of the 1991–92 fiscal year, receives state participation for a basic rate that exceeds the amount set forth in the schedule of basic rates in subdivision (a) shall receive an increase each year in state participation for that basic rate of one-half of the percentage adjustments specified in paragraph (1) until the difference between the county's adjusted state participation level for its basic rate and the adjusted schedule of basic rates is eliminated.

(3) If a county has, after receiving the adjustments specified in paragraph (2), a state participation level for a basic rate that is below

the amount set forth in the adjusted schedule of basic rates for that fiscal year, the state participation level for that rate shall be further increased to the amount specified in the adjusted schedule of basic rates.

(e) (1) As used in this section, "specialized care increment" means an approved amount paid with state participation on behalf of an AFDC-FC child requiring specialized care to a home listed in subdivision (a) in addition to the basic rate. On the effective date of this section, the department shall continue and maintain the current ratesetting system for specialized care.

(2) Any county that, as of the effective date of this section, has in effect specialized care increments that have been approved by the department, shall continue to receive state participation for those payments.

(3) Any county that, as of the effective date of this section, has in effect specialized care increments that exceed the amounts that have been approved by the department, shall continue to receive the same level of state participation as it received on the effective date of this section.

(4) (A) Except for subparagraph (B), beginning January 1, 1990, specialized care increments shall be adjusted in accordance with the methodology for the schedule of basic rates described in subdivision (c). No county shall receive state participation for any increases in a specialized care increment which exceeds the adjustments made in accordance with this methodology.

(B) Notwithstanding subdivision (e) of Section 11460, for the 1993–94 fiscal year, an amount equal to 5 percent of the State Treasury appropriation for family homes shall be added to the total augmentation for the AFDC-FC program in order to provide incentives and assistance to counties in the area of specialized care. This appropriation shall be used, but not limited to, encouraging counties to implement or expand specialized care payment systems, to recruit and train foster parents for the placement of children with specialized care needs, and to develop county systems to encourage the placement of children in family homes. It is the intent of the Legislature that in the use of these funds, federal financial participation shall be claimed whenever possible.

(f) (1) As used in this section, "clothing allowance" means the amount paid with state participation in addition to the basic rate for the provision of additional clothing for an AFDC-FC child, including, but not limited to, an initial supply of clothing and school or other uniforms.

(2) Any county that, as of the effective date of this section, has in effect clothing allowances, shall continue to receive the same level as it received on the effective date of this section.

(3) Beginning January 1, 1990, clothing allowances shall be adjusted annually in accordance with the methodology for the schedule of basic rates described in subdivision (c). No county shall

be reimbursed for any increases in clothing allowances which exceed the adjustments made in accordance with this methodology.

SEC. 61. Section 11462 of the Welfare and Institutions Code is amended to read:

11462. (a) (1) Effective July 1, 1990, foster care providers licensed as group homes, as defined in departmental regulations, including public child care institutions, as defined in Section 11402.5, shall have rates established by classifying each group home program and applying the standardized schedule of rates. The department shall collect information from group providers beginning January 1, 1990, in order to classify each group home program.

(2) Notwithstanding paragraph (1), foster care providers licensed as group homes shall have rates established only if the group home is organized and operated on a nonprofit basis as required under subdivision (h) of Section 11400. The department shall terminate the rate effective January 1, 1993, of any group home not organized and operated on a nonprofit basis as required under subdivision (h) of Section 11400.

(b) A group home program shall be initially classified, for purposes of emergency regulations, according to the level of care and services to be provided using a point system developed by the department and described in the report, "The Classification of Group Home Programs under the Standardized Schedule of Rates System," prepared by the State Department of Social Services, August 30, 1989.

(c) The rate for each rate classification level (RCL) has been determined by the department with data from the AFDC-FC Group Home Rate Classification Pilot Study. The rates effective July 1, 1990, were developed using 1985 calendar year costs and reflect adjustments to the costs for each fiscal year, starting with the 1986–87 fiscal year, by the amount of the California Necessities Index computed pursuant to the methodology described in Section 11453. The data obtained by the department using 1985 calendar year costs shall be updated and revised by January 1, 1993.

(d) As used in this section, "standardized schedule of rates" means a listing of the 14 rate classification levels, and the single rate established for each RCL.

(e) Except as specified in paragraph (1), the department shall determine the RCL for each group home program on a prospective basis, according to the level of care and services that the group home operator projects will be provided during the period of time for which the rate is being established.

(1) (A) For new and existing providers requesting the establishment of an RCL, and for existing group home programs requesting an RCL increase, the department shall determine the RCL no later than 13 months after the effective date of the provisional rate. The determination of the RCL shall be based on a program audit of documentation and other information that verifies the level of care and supervision provided by the group home

program during a period of the two full calendar months or 60 consecutive days, whichever is longer, preceding the date of the program audit, unless the group home program requests a lower RCL. The program audit shall not cover the first six months of operation under the provisional rate. Pending the department's issuance of the program audit report that determines the RCL for the group home program, the group home program shall be eligible to receive a provisional rate that shall be based on the level of care and service that the group home program proposes it will provide. The group home program shall be eligible to receive only the RCL determined by the department during the pendency of any appeal of the department's RCL determination.

(B) A group home program may apply for an increase in its RCL no earlier than two years from the date the department has determined the group home program's rate, unless the host county, the primary placing county, or a regional consortium of counties submits to the department in writing that the program is needed in that county, that the provider is capable of effectively and efficiently operating the proposed program, and that the provider is willing and able to accept AFDC-FC children for placement who are determined by the placing agency to need the level of care and services that will be provided by the program.

(C) To ensure efficient administration of the department's audit responsibilities, and to avoid the fraudulent creation of records, group home programs shall make records that are relevant to the RCL determination available to the department in a timely manner. Except as provided in this section, the department may refuse to consider, for purposes of determining the rate, any documents that are relevant to the determination of the RCL that are not made available by the group home provider by the date the group home provider requests a hearing on the department's RCL determination. The department may refuse to consider for purposes of determining the rate, the following records, unless the group home provider makes the records available to the department during the field work portion of the department's program audit:

(i) Records of each employee's full name, home address, occupation, and social security number.

(ii) Time records showing when the employee begins and ends each work period, meal periods, split shift intervals, and total daily hours worked.

(iii) Total wages paid each payroll period.

(iv) Records required to be maintained by licensed group home providers under the provisions of Title 22 of the California Code of Regulations that are relevant to the RCL determination.

(D) To minimize financial abuse in the startup of group home programs, when the department's RCL determination is more than three levels lower than the RCL level proposed by the group home provider, and the group home provider does not appeal the

department's RCL determination, the department shall terminate the rate of a group home program 45 days after issuance of its program audit report. When the group home provider requests a hearing on the department's RCL determination, and the RCL determined by the director under subparagraph (E) is more than three levels lower than the RCL level proposed by the group home provider, the department shall terminate the rate of a group home program within 30 days of issuance of the director's decision. Notwithstanding the reapplication provisions in subparagraph (B), the department shall deny any request for a new or increased RCL from a group home provider whose RCL is terminated pursuant to this subparagraph, for a period of no greater than two years from the effective date of the RCL termination.

(E) A group home provider may request a hearing of the department's RCL determination under subparagraph (A) no later than 30 days after the date the department issues its RCL determination. The department's RCL determination shall be final if the group home provider does not request a hearing within the prescribed time. Within 60 days of receipt of the request for hearing, the department shall conduct a hearing on the RCL determination. The standard of proof shall be the preponderance of the evidence and the burden of proof shall be on the department. The hearing officer shall issue the proposed decision within 45 days of the close of the evidentiary record. The director shall adopt, reject, or modify the proposed decision, or refer the matter back to the hearing officer for additional evidence or findings within 100 days of issuance of the proposed decision. If the director takes no action on the proposed decision within the prescribed time, the proposed decision shall take effect by operation of law.

(2) Group home programs that fail to maintain at least the level of care and services associated with the RCL upon which their rate was established shall inform the department. The department shall develop regulations specifying procedures to be applied when a group home fails to maintain the level of services projected, including, but not limited to, rate reduction and recovery of overpayments.

(3) The department shall not reduce the rate, establish an overpayment, or take other actions pursuant to paragraph (2) for any period that a group home program maintains the level of care and services associated with the RCL for children actually residing in the facility. Determinations of levels of care and services shall be made in the same way as modifications of overpayments are made pursuant to paragraph (2) of subdivision (b) of Section 11466.2.

(4) A group home program that substantially changes its staffing pattern from that reported in the group home program statement shall provide notification of this change to all counties that have placed children currently in care. This notification shall be provided

whether or not the RCL for the program may change as a result of the change in staffing pattern.

(f) The standardized schedule of rates for fiscal year 1998–99 is:

Rate Classification Level	Point Ranges	FY 1998-99 Standard Rate
1	Under 60	$1,254
2	60- 89	1,567
3	90-119	1,879
4	120-149	2,191
5	150-179	2,502
6	180-209	2,815
7	210-239	3,127
8	240-269	3,440
9	270-299	3,751
10	300-329	4,064
11	330-359	4,375
12	360-389	4,688
13	390-419	5,003
14	420 & Up	5,314

(g) (1) For the 1999–2000 fiscal year, the standardized rate for each RCL shall be adjusted by an amount equal to the California Necessities Index computed pursuant to the methodology described in Section 11453. The resultant amounts shall constitute the new standardized schedule of rates.

(2) Beginning with the 2000–01 fiscal year, the standardized schedule of rates shall be adjusted annually by an amount equal to the CNI computed pursuant to Section 11453, subject to the availability of funds. The resultant amounts shall constitute the new standardized schedule of rates.

(h) The standardized schedule of rates pursuant to subdivisions (f) and (g) shall be implemented as follows:

(1) Any group home program which received an AFDC-FC rate in the prior fiscal year at or above the standard rate for the RCL in the current fiscal year shall continue to receive that rate.

(2) Any group home program which received an AFDC-FC rate in the prior fiscal year below the standard rate for the RCL in the current fiscal year shall receive the RCL rate for the current year.

(i) (1) The department shall not establish a rate for a new program of a new or existing provider unless the provider submits a recommendation from the host county, the primary placing county, or a regional consortium of counties that the program is needed in that county; that the provider is capable of effectively and efficiently

operating the program; and that the provider is willing and able to accept AFDC-FC children for placement who are determined by the placing agency to need the level of care and services that will be provided by the program.

(2) The department shall encourage the establishment of consortia of county placing agencies on a regional basis for the purpose of making decisions and recommendations about the need for, and use of, group home programs and other foster care providers within the regions.

(3) The department shall annually conduct a county-by-county survey to determine the unmet placement needs of children placed pursuant to Section 300 and Section 601 or 602, and shall publish its findings by November 1 of each year.

(j) The department shall develop regulations specifying ratesetting procedures for program expansions, reductions, or modifications, including increases or decreases in licensed capacity, or increases or decreases in level of care or services.

(k) (1) For the purpose of this subdivision, "program change" means any alteration to an existing group home program planned by a provider that will increase the RCL or AFDC-FC rate. An increase in the licensed capacity or other alteration to an existing group home program that does not increase the RCL or AFDC-FC rate shall not constitute a program change.

(2) For the 1998–99 fiscal year, the rate for a group home program shall not increase, as the result of a program change, from the rate established for the program effective July 1, 1998, except as provided in paragraph (3).

(3) (A) For the 1998–99 fiscal year, the department shall not establish a rate for a new program of a new or existing provider or approve a program change for an existing provider that either increases the program's RCL or AFDC-FC rate, or increases the licensed capacity of the program as a result of decreases in another program with a lower RCL or lower AFDC-FC rate that is operated by that provider, unless both of the conditions specified in this paragraph are met.

(i) The licensee obtains a letter of recommendation from the host county, primary placing county, or regional consortium of counties regarding the proposed program change or new program.

(ii) The county determines that there is no increased cost to the General Fund.

(B) Notwithstanding subparagraph (A), the department may grant a request for a new program or program change, not to exceed 25 beds, statewide, if (i) the licensee obtains a letter of recommendation from the host county, primary placing county, or regional consortium of counties regarding the proposed program change or new program, and (ii) the new program or program change will result in a reduction of referrals to state hospitals during the 1998–99 fiscal year.

(*l*) General unrestricted or undesignated private charitable donations and contributions made to charitable or nonprofit organizations shall not be deducted from the cost of providing services pursuant to this section. The donations and contributions shall not be considered in any determination of maximum expenditures made by the department.

(m) The department shall, by October 1 each year, commencing October 1, 1992, provide the Joint Legislative Budget Committee with a list of any new departmental requirements established during the previous fiscal year concerning the operation of group homes, and of any unusual, industrywide increase in costs associated with the provision of group care which may have significant fiscal impact on providers of group homes care. The committee may, in fiscal year 1993–94 and beyond, use the list to determine whether an appropriation for rate adjustments is needed in the subsequent fiscal year.

SEC. 62. Section 11463 of the Welfare and Institutions Code is amended to read:

11463. (a) The department, with the advice, assistance, and cooperation of the counties and foster care providers, shall develop, implement, and maintain a ratesetting system for foster family agencies.

No county shall be reimbursed for any percentage increases in payments, made on behalf of AFDC-FC funded children who are placed with foster family agencies, which exceed the percentage cost-of-living increase provided in any fiscal year beginning on January 1, 1990, as specified in subdivision (c) of Section 11461.

(b) The department shall develop regulations specifying the purposes, types, and services of foster family agencies, including the use of those agencies for the provision of emergency shelter care. Distinction for ratesetting purposes shall be drawn between foster family agencies which provide treatment of children in foster families and those which provide nontreatment services.

(c) The department shall develop and maintain regulations specifying the procedure for the appeal of department decisions about the setting of an agency's rate.

(d) On and after July 1, 1998, the schedule of rates, and the components used in the rate calculations specified in the department's regulations, for foster family agencies shall be increased by 6 percent, rounded to the nearest dollar. The resultant amounts shall constitute the new schedule of rates for foster family agencies.

SEC. 63. Section 11465 of the Welfare and Institutions Code is amended to read:

11465. (a) When a child is living with a parent who receives AFDC-FC benefits, the rate paid to the provider on behalf of the parent shall include an amount for care and supervision of the child.

(b) For each category of eligible licensed community care facility, as defined in Section 1502 of the Health and Safety Code, the department shall adopt regulations setting forth a uniform rate to cover the cost of care and supervision of the child in each category of eligible licensed community care facility.

(c) (1) On and after July 1, 1998, the uniform rate to cover the cost of care and supervision of a child pursuant to this section shall be increased by 6 percent, rounded to the nearest dollar. The resultant amounts shall constitute the new uniform rate.

(2) Subject to the availability of funds, for the 1999–2000 fiscal year and annually thereafter, these rates shall be adjusted for cost of living pursuant to procedures in Section 11453.

SEC. 64. Section 11466.21 is added to the Welfare and Institutions Code, to read:

11466.21. (a) (1) In accordance with subdivision (b), as a condition to receive an AFDC-FC rate for a group home program or a foster family agency program that provides treatment services, the provider shall arrange to have a financial audit conducted on an annual basis.

(2) The scope of the financial audit shall include all of the programs and activities operated by the provider and shall not be limited to those funded in whole or in part by the AFDC-FC program. The financial audits shall include, but not be limited to, an evaluation of the accounting and control systems of the provider.

(3) The provider shall have its financial audit made by certified public accountants or by state-licensed public accountants who have no direct or indirect relationship with the functions or activities being audited, or with the provider, its board of directors, officers, or staff.

(4) The provider shall have its financial audits made using generally accepted auditing standards applicable to private entities organized and operated on a nonprofit basis.

(5) (A) Each provider shall have the flexibility to define the calendar months included in its fiscal year.

(B) A provider may change the definition of its fiscal year. However, the financial audit conducted following the change shall cover all of the months since the last audit, even though this may cover a period that exceeds 12 months.

(b) (1) Except as provided for in paragraph (3), as a condition to receive an AFDC-FC rate that becomes effective on or after July 1, 1999, a provider shall submit a copy of its most recent financial audit as a component of any rate application, including an annual rate application, an application for a rate for a new program of an existing or new provider, an application for a change in a program's rate classification level, and an application for a program change.

(2) A rate application shall not be considered complete until and unless the most recent financial audit of the provider is submitted to the department.

(3) (A) For the period July 1, 1999, through June 30, 2000, a new provider that was incorporated on or after October 1, 1997, shall not be required to submit a copy of a financial audit as a component of its application for an AFDC-FC rate for a new program.

(B) Effective July 1, 2000, a new provider that has been incorporated for fewer than 12 calendar months shall not be required to submit a copy of a financial audit as a component of its application for an AFDC-FC rate for a new program.

(c) (1) The department shall develop regulations establishing a process for group home and foster family agency providers, with a total licensed capacity of 12 or fewer persons, to apply for and receive financial assistance for the conduct of the annual financial audit. In recognition of the fact that the costs of a financial audit will be higher for small providers, relative to their revenues and expenditures, than they will be for larger providers, financial assistance shall be provided on a sliding scale basis to offset the costs of the audit. An eligible provider may receive up to two thousand five hundred dollars ($2,500) annually, or one-half of the actual costs of the financial audit, whichever is less. The department shall implement this subdivision through the adoption of emergency regulations.

SEC. 65. Section 11467 of the Welfare and Institutions Code is repealed.

SEC. 66. Chapter 2.5 (commencing with Section 16160) is added to Part 4 of Division 9 of the Welfare and Institutions Code, to read:

CHAPTER 2.5. FOSTER CHILD OMBUDSMAN PROGRAM

16160. The Legislature finds and declares that the people of California have benefited from the establishment of a long-term care ombudsperson pursuant to Section 9710 of the Welfare and Institutions Code and a child care ombudsperson program pursuant to Section 1596.872a of the Health and Safety Code. It is the intent of the Legislature to provide similar protections for foster children by establishing a foster care ombudsperson program within the State Department of Social Services.

16161. The Office of the State Foster Care Ombudsperson shall be established as an autonomous entity within the department for the purpose of providing children who are placed in foster care, either voluntarily or pursuant to Section 300 and Sections 600 and following, with a means to resolve issues related to their care, placement, or services.

16162. The director, in consultation with a committee of interested individuals, shall appoint an ombudsperson qualified by training and experience to perform the duties of the office for a term of two years. The director shall select the committee members, the majority of whom shall be representatives of children's advocacy organizations and current or former foster youth.

16163. The department shall hire the necessary personnel to perform the functions of the office. Priority shall be given to former foster youth in hiring decisions.

16164. The Office of the State Foster Care Ombudsperson shall do all of the following:

(a) Disseminate information on the rights of children and youth in foster care and the services provided by the office. The information shall include notification that conversations with the office may not be confidential.

(b) Investigate and attempt to resolve complaints made by or on behalf of children placed in foster care, related to their care, placement, or services.

(c) Decide, in its discretion, whether to investigate a complaint, or refer complaints to another agency for investigation.

(d) Upon rendering a decision to investigate a complaint from a complainant, notify the complainant of the intention to investigate. If the office declines to investigate a complaint or continue an investigation, the office shall notify the complainant of the reason for the action of the office.

(e) Update the complainant on the progress of the investigation and notify the complainant of the final outcome.

(f) Document the number, source, origin, location, and nature of complaints.

(g) Compile and make available to the Legislature all data collected over the course of the year including, but not limited to, the number of contacts to the toll-free telephone number, the number of complaints made, the number of investigations performed by the office, the number of referrals made, and the number of unresolved complaints.

(h) Have access to any record of a state or local agency that is necessary to carry out his or her responsibilities, and may meet or communicate with any foster child in his or her placement or elsewhere.

16165. In his or her efforts to resolve complaints related to foster care, the ombudsperson may do all of the following:

(a) Conduct whatever investigation he or she deems necessary.

(b) Attempt to resolve the complaint informally.

(c) Submit a written plan to the relevant state or county agency recommending a course of action to resolve the complaint. If the ombudsperson makes a written recommendation, the state or county agency shall submit a written response to the ombudsperson within 30 business days.

16167. (a) A toll-free number shall be established for the office.

(b) Social workers shall provide foster children with the toll-free number for the office and verbal or written information regarding the existence and purpose of the office.

SEC. 67. Section 16501.1 of the Welfare and Institutions Code is amended to read:

16501.1. (a) The Legislature finds and declares that the foundation and central unifying tool in child welfare services is the case plan.

(b) The Legislature further finds and declares that a case plan ensures that the child receives protection and proper case management, and that services are provided to the parents or other caretakers as appropriate. A case plan shall be based upon the principles of this section and shall document that a preplacement assessment of the service needs of the child and family, and preplacement preventive services, have been provided, and that reasonable efforts to prevent out-of-home placement have been made.

(c) When out-of-home placement is used to attain case plan goals, the decision regarding choice of placement shall be based upon selection of the least restrictive or most familylike and most appropriate setting and selection of the environment best suited to meet the child's special needs and best interests, or both. The selection shall consider, in order of priority, placement with relatives, tribal members, and foster family, group care, and residential treatment pursuant to Section 7950 of the Family Code.

(d) A written case plan shall be completed within 30 days of the initial removal of the child or of the in-person response required under subdivision (f) of Section 16501 if the child has not been removed from his or her home, or by the date of the dispositional hearing pursuant to Section 358, whichever occurs first. The case plan shall be updated, as the service needs of the child and family dictate. At a minimum, the case plan shall be updated in conjunction with each status review hearing conducted pursuant to Section 366.21, and the hearing conducted pursuant to Section 366.25 or 366.26, but no less frequently than once every six months.

(e) The child welfare services case plan shall be comprehensive enough to meet the juvenile court dependency proceedings requirements pursuant to Article 6 (commencing with Section 300) of Chapter 2 of Part 1 of Division 2.

(f) The case plan shall be developed as follows:

(1) The case plan shall be based upon an assessment of the circumstances which required child welfare services intervention.

(2) The case plan shall identify specific goals, and the appropriateness of the planned services in meeting those goals.

(3) The case plan shall identify the original allegations of abuse or neglect, as defined in Article 2.5 (commencing with Section 11164) of Chapter 2 of Title 1 of Part 4 of the Penal Code, or the conditions cited as the basis for declaring the child a dependent of the court pursuant to Section 300, or all of these, and the other precipitating incidents which led to child welfare services intervention.

(4) The case plan shall include a description of the schedule of the social worker contacts with the child and the family or other caretakers. The frequency of these contacts shall be in accordance

with regulations adopted by the State Department of Social Services. If the child has been placed in foster care out-of-state, the county social worker or a social worker on the staff of the social service agency in the state in which the child has been placed shall visit the child in a foster family home or the home of a relative at least every 12 months and submit a report to the court on each visit. For children in out-of-state group home facilities, visits shall be conducted at least monthly, pursuant to Section 16516.5.

(5) When out-of-home services are used, the frequency of contact between the natural parents or legal guardians and the child shall be specified in the case plan. The frequency of those contacts shall reflect overall case goals, and consider other principles outlined in this section.

(6) When out-of-home placement is made, the case plan shall include documentation of the provisions specified in subdivisions (b), (c), and (d) of Section 16002.

(7) When out-of-home placement is made in a foster family home, group home or other child care institution that is either a substantial distance from the home of the child's parent or out of state, the case plan shall specify the reasons why that placement is in the best interests of the child. When an out-of-state group home placement is recommended or made, the case plan shall, in addition, specify compliance with Section 7911.1 of the Family Code.

(8) When out-of-home services are used, the case plan shall include a recommendation regarding the appropriateness of unsupervised visitation between the child and any of the child's siblings. This recommendation shall include a statement regarding the child's and the siblings' willingness to participate in unsupervised visitation. If the case plan includes a recommendation for unsupervised sibling visitation, the plan shall also note that information necessary to accomplish this visitation has been provided to the child or to the child's siblings.

(9) When out-of-home services are used and the goal is reunification, the case plan shall describe the services to be provided to assist in reunification and the services to be provided concurrently to achieve legal permanency if efforts to reunify fail.

(10) (A) Parents and legal guardians shall have an opportunity to review the case plan, sign it whenever possible, and then shall receive a copy of the plan. In any voluntary service or placement agreement, the parents or legal guardians shall be required to review and sign the case plan. Whenever possible, parents and legal guardians shall participate in the development of the case plan.

(B) Parents and legal guardians shall be advised that, pursuant to Section 1228.1 of the Evidence Code, neither their signature on the child welfare services case plan nor their acceptance of any services prescribed in the child welfare services case plan shall constitute an admission of guilt or be used as evidence against the parent or legal guardian in a court of law. However, they shall also be advised that

the parent's or guardian's failure to cooperate, except for good cause, in the provision of services specified in the child welfare services case plan may be used in any hearing held pursuant to Section 366.21 or 366.22 as evidence.

(11) The case plan shall be included in the court report and shall be considered by the court at the initial hearing and each review hearing. Modifications to the case plan made during the period between review hearings need not be approved by the court if the casework supervisor for that case determines that the modifications further the goals of the plan.

(g) If the court finds, after considering the case plan, that unsupervised sibling visitation is appropriate and has been consented to, the court shall order that the child or the child's siblings be provided with information necessary to accomplish this visitation. Nothing in this section shall be construed to require or prohibit the probation officer's facilitation, transportation, or supervision of visits between the child and his or her siblings.

(h) The case plan documentation on sibling placements required under this section shall not require modification of existing case plan forms until the Child Welfare Services Case Management System is implemented on a statewide basis.

(i) The department, in consultation with the County Welfare Directors Association and other advocates, shall develop standards and guidelines for a model relative placement search and assessment process based on the criteria established in Section 361.3. These guidelines shall be incorporated in the training described in Section 16206. These model standards and guidelines shall be developed by March 1, 1999.

SEC. 68. Section 16501.2 is added to the Welfare and Institutions Code, to read:

16501.2. (a) The Legislature finds and declares all of the following:

(1) Safety, stability, and the permanence of families in the child welfare system are of paramount importance.

(2) Ongoing assessments that build on the strength of the child and family unit, and that identify desired outcomes, are critical in the development of appropriate case plans for children.

(3) If it is necessary to place a child in out-of-home care, the use of a formal child and family assessment can enhance the appropriateness of placement and the identification and delivery of services necessary to meet the child's needs and strengths, consistent with case plan goals.

(b) On or before December 31, 1998, the department shall issue to all county placing agencies and the courts, current best practice guidelines for the assessment of a child and the child's family unit. The guidelines shall include recommended methods for gathering certain background information on the child and the child's family unit, identifying appropriate services for the case plan, and methods

of monitoring and reassessing the case plan to best meet case plan goals. For children placed in group homes or foster family agencies, the guidelines shall include methods for identifying appropriate placement options, and monitoring the services provided by the group home or foster family agency to best address the strengths and needs of the child and the child's family unit.

(c) (1) The department shall conduct a pilot project to test the effectiveness of utilizing best practice standards for the assessment of children and families receiving child welfare and foster care services, for the purpose of identifying the strengths and needs of the family and the child, developing and monitoring appropriate case plans, and determining appropriate services.

(2) The pilot project shall meet all of the following conditions:

(A) On or before July 1, 1999, the department shall solicit participation in the pilot project by counties, and, to the extent possible, provide for broad geographical representation. On or before September 1, 1999, the department shall select pilot counties and begin operation of the pilot project.

(B) The pilot project shall use an assessment protocol or process developed by the department in collaboration with county agencies and other stakeholders.

(C) The pilot project shall be evaluated independently to judge the effectiveness of the assessment protocol or instrument, including whether the assessment provides adequate background data on the child and the child's family unit, improves achievement of case plan goals, is judged useful to the counties and service providers, and can be applied with ease.

(D) For children placed in group homes or foster family agencies, the assessment protocol or process developed pursuant to subparagraph (B) shall identify the strengths and needs of the child to be met by the placement program and methods for monitoring the delivery of services by the placement agencies.

(E) The assessment shall be sensitive to the ethnic and linguistic background of the children and families being assessed, and shall include, but not be limited to, the child's age, previous placement history, specific indicators, including living situation, social situation, medical situation, educational situation, vocational situation, emotional situation, behavioral situation, and legal, cultural, and religious history, and areas and activities of interest.

(d) In collaboration with county agencies and other stakeholders, and based on the results of the pilot project described in this section, the department shall develop a formal assessment process for children receiving foster care and child welfare services. On or before May 1, 2001, the department shall inform the Legislature on the status of the pilot project described in this section, and the proposed assessment protocol or process with recommendations for its implementation, including incorporation of the assessment process into the child welfare services case management system.

(e) Upon satisfactory completion of the pilot project described in this section, and development of a formal assessment instrument or process, the department, in collaboration with representatives of county placing agencies, training academies, and the California Social Work Education Center, shall integrate training and technical assistance on the family assessment guidelines into the curriculum of the regional training academies.

SEC. 69. Section 16516.5 is added to the Welfare and Institutions Code, to read:

16516.5. (a) Notwithstanding any other provision of law or regulation, all foster children placed in group homes by county welfare departments or county probation departments shall be visited at least monthly by a county social worker or probation officer.

(b) Notwithstanding Section 10101, the state shall pay 100 percent of the nonfederal costs associated with the monthly visitation requirement in subdivision (a) in excess of the minimum semiannual visits required under current regulations.

SEC. 70. Section 18358.30 of the Welfare and Institutions Code is amended to read:

18358.30. (a) Rates for foster family agency programs participating under this chapter shall be exempt from the current AFDC-FC foster family agency ratesetting system.

(b) Rates for foster family agency programs participating under this chapter shall be set according to the appropriate service and rate level based on the level of services provided to the eligible child and the certified foster family. For an eligible child placed from a group home program, the service and rate level shall not exceed the rate paid for group home placement. For an eligible child assessed by the county interagency review team as at imminent risk of group home placement or psychiatric hospitalization, the appropriate service and rate level for the child shall be determined by the interagency review team at time of placement. In all of the service and rate levels, the foster family agency programs shall:

(1) Provide social work services with average caseloads not to exceed eight children per worker, except that social worker average caseloads for children in Service and Rate Level E shall not exceed 12 children per worker.

(2) Pay an amount of one thousand two hundred dollars ($1,200) per child per month to the certified foster parent or parents.

(3) Perform activities necessary for the administration of the programs, including, but not limited to, training, recruitment, certification, and monitoring of the certified foster parents.

(4) (A) (i) Provide a minimum average range of service per month for children in each service and rate level in a participating foster family agency, represented by paid employee hours incurred by the participating foster family agency, by the in-home support counselor to the eligible child and the certified foster parents

depending on the needs of the child and according to the following schedule:

Service and Rate Level	In−Home Support Counselor Hours Per Month
A	98−114 hours
B	81−97 hours
C	64−80 hours
D	47−63 hours

(ii) Children placed at Service and Rate Level E shall receive crisis intervention and other support services on a flexible, as needed, basis from an in-home support counselor. The foster family agency shall provide one full-time in-home support counselor for every 20 children placed at this level.

(B) When the interagency review team and the foster family agency agree that alternative services are in the best interests of the child, the foster family agency may provide the following types of services in lieu of in-home support services required by subparagraph (A):

(i) Therapy.

(ii) Behavior modification services.

(iii) Support counselor services.

(iv) Psychotropic medication and monitoring.

(v) Respite services.

(vi) Family therapy to aid in family reunification.

(vii) Education liaison services to maintain the child in the classroom.

(c) The department or placing county, or both, may review the level of services provided by the foster family agency program. If the level of services actually provided are less than those required by subdivision (b) for the child's service and rate level, the rate shall be adjusted to reflect the level of service actually provided, and an overpayment may be established and recovered by the department.

(d) (1) On and after July 1, 1998, the standard rate schedule of service and rate levels shall be:

Service and Rate Level	Fiscal Year 1998-99 Standard Rate
A	$3,957
B	$3,628
C	$3,290
D	$2,970
E	$2,639

(2) Beginning with the 1999–2000 fiscal year, the standardized schedule of rates shall be adjusted annually by an amount equal to the California Necessities Index computed pursuant to Section 11453, subject to the availability of funds. The resultant amounts shall constitute the new standard rate schedule for foster family agency programs participating under this chapter.

(e) Rates for foster family agency programs participating under this chapter shall not exceed Service and Rate Level A at any time during an eligible child's placement. An eligible child may be initially placed in a participating intensive foster care program at any one of the five Service and Rate Levels A to E, inclusive, and thereafter placed at any level, either higher or lower, not to exceed a total of six months at any level other than Service and Rate Level E, unless it is determined to be in the best interests of the child by the child's county interagency review team and the child's certified foster parents. The child's interagency county interagency placement review team may, through a formal review of the child's placement, extend the placement of an eligible child in a service and rate level higher than Service and Rate Level E for additional periods of up to six months each.

(f) It is the intent of the Legislature that the rate paid to participating foster family agency programs shall decrease as the child's need for services from the foster family agency decreases. The foster family agency shall notify the placing county and the department of the reduced services and the pilot classification model, and the rate shall be reduced accordingly.

(g) It is the intent of the Legislature to prohibit any duplication of public funding. Therefore, social worker services, payments to certified foster parents, administrative activities, and the services of in-home support counselors that are funded by another public source shall not be counted in determining whether the foster family agency program has met its obligations to provide the items listed in paragraphs (1), (2), (3), and (4) of subdivision (b). The department shall work with other potentially affected state departments to ensure that duplication of payment or services does not occur.

SEC. 71. Chapter 12.86 (commencing with Section 18987.6) is added to Part 6 of Division 9 of the Welfare and Institutions Code, to read:

CHAPTER 12.86. CHILDRENS SERVICES PROGRAM DEVELOPMENT

18987.6. It is the intent of the Legislature to do all of the following:

(a) Permit all counties to provide children with service alternatives to group home care through the development of expanded family-based services programs and to expand the capacity of group homes to provide services appropriate to the changing needs of children in their care.

(b) Encourage collaboration among persons and entities including, but not limited to, parents, county welfare departments, county mental health departments, county probation departments, county health departments, special education local planning agencies, school districts, and private service providers for the purpose of planning and providing individualized services for children and their birth or substitute families.

(c) Ensure local community participation in the development of innovative delivery of services by county placing agencies and service providers and the use of the service resources and expertise of nonprofit providers to develop family-based and community-based service alternatives.

18987.61. (a) Each county may enter into performance agreements with private, nonprofit agencies to encourage innovation in the delivery of children's services, to develop services not available in the community, and to promote change in the child welfare services system.

(b) In developing the agreements, counties and service providers shall pursue services that enhance the ability of children to remain in the least restrictive, most family-like setting possible and promote services that address the needs and strengths of individual children and their families.

(c) Programs developed pursuant to this section shall operate within the county, or in another county with the approval of that county.

(d) Agreements pursuant to subdivision (a) shall be for a period of up to three years.

(e) A county shall provide a report to the director within three months of the end of each agreement to report on the details of the agreement, the results achieved during its operation, and the applicability of the approach to a wider population. The director shall make these reports available to the Legislature upon request.

18987.62. (a) Upon request from a county, the director may waive regulations governing foster care payments or the operation of group homes to enable counties to implement the agreements established pursuant to Section 18987.61. Waivers granted by the director shall be applicable only to services provided under the terms of the agreement and for the duration of the agreement. A waiver shall only be granted when all of the following apply:

(1) The agreement promises to offer a worthwhile test of an innovative approach or to encourage the development of a new service for which there is a recognized need.

(2) The regulatory requirement prevents the implementation of the agreement.

(3) The requesting county proposes to monitor the agreement through performance measures that ensure that the purposes of the waived regulation will be achieved.

(b) The director shall take steps that are necessary to prevent the loss of any substantial amounts of federal funds as a result of the waivers granted under this section. The waiver may specify the extent to which the requesting county shall share in any cost resulting from any loss of federal funding.

(c) The director shall not waive regulations that apply to the health and safety of children served by participating private agencies.

(d) The director shall notify the appropriate policy and fiscal committees of the Legislature whenever waivers are granted and when a waiver of regulations was required for the implementation of the county's proposed agreement. The director shall identify the reason why the development of the services outlined by the agreement between the county and the service provider are hindered by the regulations to be waived.

SEC. 72. (a) The State Department of Social Services shall convene a working group of representatives of County Welfare Directors, the Chief Probation Officers, foster and former foster youth, group home providers, and other interested parties convene a working group to develop protocols outlining the roles and responsibilities of placing agencies and group homes regarding emergency and nonemergency placements of foster children in group homes.

(b) The department shall submit a report obtained from the working group containing sample protocols to the appropriate policy and fiscal committees of the Legislature by May 1, 1999.

(c) The model protocols shall at a minimum address all of the following:

(1) Relevant information regarding the child and family that placement workers shall provide to group homes, including health, mental health, and education information pursuant to Section 16010 of the Welfare and Institutions Code.

(2) Appropriate orientations to be provided by group homes for foster children and, if appropriate, their families, after a decision to place has been made.

(3) County and provider responsibilities in ensuring the child receives timely access to treatment and services to the extent they are available identified in the child's case plan and treatment plan, including multidisciplinary assessments provided in counties involved in the Systems of Care Program under Part 4 (commencing with Section 5850) of Division 5 of the Welfare and Institutions Code.

(4) County and provider responsibilities in the periodic monitoring of foster children to ensure the continued appropriateness of the placements and the continued progress toward achieving the case plan and treatment plan goals.

(5) Appropriate mechanisms, timelines, and information sharing regarding discharge planning.

SEC. 73. The State Department of Social Services may adopt emergency regulations pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code to implement Sections 7911, 7911.1, and 7911.2 of the Family Code, Sections 1520.1, 1522.02, 1522.04, 1522.41, 1522.42, 1538, and paragraph (3) of subdivision (a) of Section 1522.43 of the Health and Safety Code, and Sections 11463, 11465, 16501.1, and 16516.5 of the Welfare and Institutions Code, and shall adopt emergency regulations for Section 11462 of the Welfare and Institutions Code, as affected by this act. The adoption of regulations pursuant to this section shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, or safety. The regulations shall become effective immediately upon filing with the Secretary of State. The regulations shall not remain in effect more than 180 days unless the adopting agency complies with all of the provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, as required by subdivision (e) of Section 11346.1 of the Government Code.

SEC. 74. The department shall convene a community care facility law enforcement task force. At the first meeting, the participants shall identify a chairperson who shall, by March 1, 1999, identify and recommend to the appropriate policy and fiscal committees of the Legislature specific statutory and regulatory changes to permit efficient and effective criminal prosecution of, and to permit efficient and effective civil recovery of public funds from, individuals associated with licensed facilities, who are involved in illegal activities surrounding public funds paid to providers for the care of, and delivery of services to clients, of community care facilities. The community care facilities task force shall also make recommendations regarding the duties of the Fraud Investigation Unit established by the Budget Act of 1998. Participants in the task force shall include, but not be limited to, the State Department of Social Services, the Department of Justice, law enforcement officers, probation and welfare workers, district attorneys, providers, public defenders, and current or former foster youths. The task force shall also evaluate potential consequences of any proposed changes with respect to group home providers who do not engage in illegal activities.

SEC. 75. (a) The State Department of Social Services, under the direction of the Health and Welfare Agency and in collaboration with appropriate public and private organizations representing state and county agencies, as well as group homes and foster family agencies, current or former foster youth, and other interested parties, shall reexamine the role of out-of-home placements currently available for children served within the child welfare services system. The focus of this reexamination shall be the role of group care within a family-based system of care, including group homes, foster family agencies or certified parents, and foster family homes or foster

parents. The Legislature finds and declares that the task of defining the role of group care and establishing the underlying policy is a critically important step to reforming the current out-of-home care system. The reexamination process shall be conducted in collaboration with the primary stakeholders, and shall be based on empirical research and "best practices" data. The process shall include gathering research, holding forums, and entering into partnerships with academia and other stakeholders to complete the task.

(b) Upon a determination of the role of group care pursuant to the reexamination required by subdivision (a), the Health and Welfare Agency shall continue the reexamination to the next phase, which shall be the development of the related programmatic and administrative requirements for group care. The necessary supporting requirements for the development of these programmatic and administrative requirements shall include, but are not limited to, the following:

(1) Definition of the needs of children to be served, including differentiation if appropriate for the unique needs of wards and dependents.

(2) Program design and standards.

(3) Licensing categories.

(4) Rates and ratesetting procedures.

(5) Performance agreements.

(6) Outcomes, outcome indicators, and performance measures.

(7) Mechanisms to ensure continuous quality improvement.

(8) Related oversight and regulatory scheme.

(c) The Health and Welfare Agency shall, in implementing subdivision (b), give particular attention to the role of state licensing in determining quality of care and the need for a new licensing category or categories to better meet the needs of the children served. It is the intent of the Legislature that licensing of group care should not be based on a one-size-fits-all model. Instead, the needs of children should be foremost and options made available to effectively serve children who pose a risk of flight or require treatment interventions currently not available, or both, such as locked perimeters and structured programs that permit different housing arrangements, clothing restrictions, visitation restrictions, and other treatment-based requirements. If it is determined by the Health and Welfare Agency that such a new licensing category or categories is immediately necessary to meet the standards expressed in this section, the Health and Welfare Agency shall develop and submit proposals to the Legislature in order to take this action.

(d) The Health and Welfare Agency shall develop a proposal, including a work plan and timeframes to complete this process, and submit it to the Legislature by April 1, 1999.

(e) Any proposal or recommendation submitted pursuant to this section shall not become effective unless enacted pursuant to statute.

SEC. 76. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because in that regard this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 77. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to make changes in provisions of law relating to children placed in foster care, as well as in provisions relating to facilities licensed by the State Department of Social Services, at the earliest possible time, it is necessary that this act go into immediate effect.

CHAPTER 312

An act to add and repeal Chapter 3.5 (commencing with Section 60450) of Part 33 of the Education Code, relating to instructional materials, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 19, 1998. Filed with Secretary of State August 19, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 3.5 (commencing with Section 60450) is added to Part 33 of the Education Code, to read:

CHAPTER 3.5. THE SCHIFF-BUSTAMANTE STANDARDS-BASED INSTRUCTIONAL MATERIALS PROGRAM

60450. (a) This act shall be known and may be cited as the Schiff-Bustamante Standards-Based Instructional Materials Program.

(b) It is the intent of the Legislature that school districts use the resources provided pursuant to this chapter and any other available resources to ensure that pupils in kindergarten and grades 1 to 12, inclusive, be provided with instructional materials in the core curriculum areas of language arts, mathematics, history/social science, and science that are aligned with state content standards as adopted by the State Board of Education pursuant to Section 60605 in 1997 and 1998. It is further the intent of the Legislature that the funding provided pursuant to this chapter supplement and not supplant funding for instructional materials provided from other sources.

60450.5. (a) The State Department of Education shall apportion funds appropriated for purposes of this chapter on the basis of an equal amount per pupil enrolled in public elementary schools and high schools, excluding summer school, adult, and regional occupational program and center enrollment, during the preceding fiscal year, as certified by the Superintendent of Public Instruction based on California Basic Education Data System (CBEDS) data. This method of allocation, using enrollment instead of average daily attendance, shall not be construed as a precedent for future allocation methods for instructional materials or for any other education program.

(b) For the purposes of this chapter, the term "school districts" means school districts, county offices of education, and charter schools, and the term "local governing board" means the governing board of a school district, the county board of education, or the governing body of a charter school.

60451. Each school district shall expend funds received pursuant to this chapter for the sole purpose of purchasing instructional materials in the core curriculum that are aligned to content standards for pupils in kindergarten and grades 1 to 12, inclusive, that meet all of the following requirements:

(a) The instructional materials are aligned with content standards as adopted by the State Board of Education in 1997 or 1998.

(b) The instructional materials for pupils in kindergarten and grades 1 to 8, inclusive, have been adopted by the State Board of Education pursuant to Chapter 2 (commencing with Section 60200) of Part 33, using criteria developed subsequent to the adoption of content standards.

(c) The instructional materials for pupils in grades 9 to 12, inclusive, are basic instructional materials, as defined in subdivision (a) of Section 60010, that have been reviewed and approved, through a resolution adopted by the local governing board, as being aligned

with the content standards as adopted by the State Board of Education in 1997 or 1998.

60451.5. (a) Each school district that receives funds pursuant to this chapter shall purchase instructional materials aligned to language arts, mathematics, history/social science, or science content standards from funds appropriated for this purpose in the Budget Act of 1998 or the act that adds this chapter. Priority shall be given to the purchase of mathematics instructional materials.

(b) Each school district that receives funds pursuant to this chapter shall purchase instructional materials aligned to content standards in language arts, mathematics, history/social science, or science from funds appropriated in the 1999–2000 fiscal year and the two subsequent fiscal years for the purposes of this chapter.

60452. (a) Allowances received by school districts pursuant to this chapter shall be deposited into a separate account as specified by the Superintendent of Public Instruction. These allowances, including any interest generated by them, shall be used only for the purchase of instructional materials pursuant to this chapter. Interest posted to the account shall be based upon reasonable estimates of monthly balances in the account and the average rate of interest earned by other funds of the school district.

(b) All purchases of instructional materials made with funds from this account shall conform to law and the applicable rules and regulations adopted by the State Board of Education, and the superintendent of a school district that purchases instructional materials with these funds shall provide written assurance of this conformance to the Superintendent of Public Instruction. Commencing September 1, 1999, the Superintendent of Public Instruction shall withhold the allowance established pursuant to Section 60452.5 from any school district that has failed to file a written assurance for the prior fiscal year. The Superintendent of Public Instruction may restore the amount withheld once the school district provides the written assurance.

(c) The office of the Controller, in cooperation with the State Department of Education, shall include procedures to review compliance with this section in its independent audit instructions.

60452.5. (a) In each of the fiscal years from 1999–2000 to 2001–02, inclusive, the sum of two hundred fifty million dollars ($250,000,000) is hereby appropriated from the General Fund to the Superintendent of Public Instruction for allocation to school districts pursuant to this chapter. All funds appropriated for the purposes of this chapter shall be allocated on the basis of an equal amount per pupil enrolled in public elementary schools and high schools, as set forth in Section 60450.5, and as reported for the year prior to the allocation of funds.

(b) For the purposes of making the computations required by Section 8 of Article XVI of the California Constitution, the appropriation made by subdivision (a) shall be deemed to be

"General Fund revenues appropriated for school districts," as defined in subdivision (c) of Section 41202 of the Education Code, for the 1999–2000, 2000–01, and 2001–02 fiscal year, as appropriate, and included within the "total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B," as defined in subdivision (e) of Section 41202 of the Education Code, for the 1999–2000, 2000–01, and 2001–02 fiscal year.

(c) The allocation made pursuant to subdivision (a) shall be made no later than October 1 of each fiscal year.

60453. This chapter shall become inoperative on June 30, 2002, and as of January 1, 2003, is repealed, unless a later enacted statute, which is enacted before January 1, 2003, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for the important reforms in this act to take effect with the commencement of the 1998-99 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 313

An act to amend Section 44669 of, to repeal Sections 44670.6, 48645.7, 52022, 52854, and 56242 of, and to repeal and add Article 7.5 (commencing with Section 44579) of Chapter 3 of Part 25 of, the Education Code, relating to education finance, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 19, 1998. Filed with Secretary of State August 19, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Article 7.5 (commencing with Section 44579) of Chapter 3 of Part 25 of the Education Code is repealed.

SEC. 2. Article 7.5 (commencing with Section 44579) is added to Chapter 3 of Part 25 of the Education Code, to read:

Article 7.5. Instructional Time and Staff Development Reform Program

44579. This article shall be known as, and may be cited as, the Instructional Time and Staff Development Reform Program.

44579.1. (a) There is hereby established the Instructional Time and Staff Development Reform Program. It is the intent of the Legislature that this program enhance staff development opportunities for classroom personnel, but this article shall not be construed to provide the sole source of funding for staff development activities for school personnel or to limit in any way the amount or type of staff development that is provided to school district personnel from other resources.

(b) The State Department of Education shall submit draft regulations for the purpose of implementing this article to the State Board of Education for its review and approval. The State Board of Education shall adopt regulations for the purpose of implementing this article pursuant to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(c) (1) Each fiscal year, the Superintendent of Public Instruction shall provide each eligible school district and county office of education applying for a grant pursuant to this article with a staff development allowance of two hundred seventy dollars ($270) per day, for up to three days, for each certificated classroom teacher and one hundred forty dollars ($140) per day for up to one day for each classified classroom instructional aide and certificated teaching assistant who participates in staff development instructional methods, including teaching strategies, classroom management and other training designed to improve pupil performance, and academic content in the core curriculum areas that are provided by the school district or county office of education.

(2) Each fiscal year, the Superintendent of Public Instruction, shall provide each eligible charter school applying for a grant pursuant to this article with a staff development allowance of two hundred seventy dollars ($270) per day, for up to three days, for each classroom teacher and one hundred forty dollars ($140) per day for up to one day for each classroom instructional aide and assistant who participates in staff development instructional methods, including teaching strategies, classroom management and other training designed to improve pupil performance, and academic content in the core curriculum areas that are provided by the charter school.

(d) To be eligible for a grant pursuant to this article, the staff development program provided by the school district, charter school, or county office of education shall meet all of the following requirements:

(1) Meet local educational priorities as defined by the governing board of the school district, charter school, or county board of education.

(2) Be consistent with regulations defining staff development activities eligible to receive funding under this section.

(e) To qualify as a funded participant, each eligible participant shall be present for the full staff development day, and records of attendance shall be maintained in a manner to be prescribed in

regulations. Each staff development day shall be at least as long as the full-time instructional workday for certificated or classified instructional employees of the school district. For purposes of this section, a single staff development day may be conducted over several calendar days.

(f) (l) Except as provided pursuant to paragraph (2), if the staff development day is conducted after completion of an instructional day, it may not be held on a minimum day for which a parent or guardian was notified pursuant to subdivision (c) of Section 48980.

(2) For staff working in multitrack, year-round schools, not more than two staff development days may be scheduled for "off track" teachers at a school with a minimum day scheduled. In this event, teachers at the multitrack, year-round school who are being paid for service on the minimum days are not eligible for that day of funding under this article.

(g) Notwithstanding Section 45203, probationary and permanent employees in the classified service may not receive regular pay on days during which staff development is offered pursuant to this article unless they are required to report for duty on those days.

(h) A charter school may be eligible to receive funding under this chapter only if the school certifies that it meets the minimum instructional time requirements applicable to school districts.

(i) This section shall be operative in any fiscal year only to the extent that funds are provided for its purposes in the annual Budget Act.

44579.2. (a) The Superintendent of Public Instruction shall disburse grant funds for this program in the following manner:

(1) Beginning in fiscal year 1999-2000, an advance disbursement shall be made following passage of the annual Budget Act. This disbursement shall be provided to all school districts, county offices of education, and charter schools that participated in the Instructional Time and Staff Development Reform Program in the prior fiscal year, and shall be limited to 25 percent of the amount apportioned to each entity in the prior year.

(2) Each year a disbursement of grant funding to all applicants shall be made following receipt of applications submitted pursuant to Section 44579.1, adjusted as necessary by the amount disbursed pursuant to paragraph (1). If a school district, county office of education, or charter school that participated in this program in the prior fiscal year fails to submit an application, all funds disbursed to that school district, county office of education, or charter school pursuant to paragraph (l) shall be deducted from that agency's next monthly principal apportionment payment.

(3) A final adjustment to the amounts paid pursuant to paragraph (2) shall be made following receipt by the Superintendent of Public Instruction of certification by the superintendent of the school district, the county superintendent of schools, or chief officer of the charter school, as appropriate, of the total number of teacher-days

attendance at staff development training that complies with all of the applicable provisions of this article and the regulations adopted by the State Board of Education.

(4) If the amount disbursed pursuant to this article to a school district, county office of education, or charter school during any fiscal year differs from the amount to which the district, county office of education, or charter school was entitled pursuant to this article, the Superintendent of Public Instruction shall, at the next monthly apportionment following discovery of the error, withhold from, or add to, the apportionment payment made during that month, the amount of the excess or deficiency, as the case may be.

(b) Notwithstanding any other provision of law, excesses withheld or deficiencies added by the Superintendent of Public Instruction under this section shall be added to, or allowed from, any portion of the State School Fund.

44579.3. (a) The governing board of a school district may provide additional days of pupil instruction that are in excess of 180 days of instruction per school year instead of the qualifying staff development activities set forth in this article. If a school district chooses to replace any number of staff development days that are funded under this article, with a pupil instruction days, the additional instructional days shall be at least as long as the average length of the instructional day that the district is required to provide in order to qualify for funding pursuant to Part 26 (commencing with Section 46000).

(b) This section does not apply to a county office of education or a county board of education.

44579.4. (a) For the 1998–99 school year, a school district may request the State Board of Education to provide a waiver of instructional time requirements if both of the following conditions are met:

(1) The district provides evidence to the board that the waiver is necessary only because the repeal of the authority of school districts to provide staff development during instructional time results in the district being unable to reasonably meet the instructional time requirements.

(2) The school district had a school calendar, or a schoolsite plan adopted in accordance with law, either of which was approved by the governing board prior to the operative date of this section, or not more than 30 days after that date, that authorizes the use of instructional days for staff development.

(b) A school district that receives a waiver for the 1998–99 school year shall ensure that both of the following occur:

(1) The combined instructional time and staff development time provided by the district during the 1998–99 school year pursuant to the waiver meets or exceeds 180 days or the equivalent number of annual instructional minutes determined pursuant to Article 8 (commencing with Section 46200) of Chapter 2 of Part 26.

(2) The actual instructional time provided is at least 172 days or the equivalent number of annual instructional minutes determined pursuant to Article 8 (commencing with Section 46200) of Chapter 2 of Part 26.

(c) The maximum amount of instructional time that may be waived may not exceed the number of days for which the school district had previously approved for staff development days within the school calendar, or in a schoolsite plan adopted in accordance with law.

(d) A school district that receives a waiver for the 1998-99 school year under this section shall only be eligible to receive staff development funding under this article for each day of staff development offered under this article that replaces a staff development day previously authorized under Sections 44670.6, 48645.7, 52022, 52854, or 56242 and utilized during the 1997–98 school year and that was included in a school calendar, or schoolsite plan adopted in accordance with law, that was approved by the local governing board prior to the operative date of this section or not more than 30 days after that date. For purposes of this subdivision, a staff development day funded pursuant to the Staff Development Buy-Out Program in the 1997–98 school year shall be funded in the 1998-99 school year with no requirement that this day replace an additional staff development day that was previously authorized pursuant to Sections 44670.6, 48645.7, 52022, 52854, or 56242.

[Approved by Governor August 19, 1998. Filed with Secretary of State August 19, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Article 6.5 (commencing with Section 14198) is added to Chapter 7 of Part 3 of Division 9 of the Welfare and Institutions Code, to read:

Article 6.5. Regional Burn and Trauma Center Program

14198. (a) The Regional Burn and Trauma Center Program is hereby established to fund a portion of the construction costs associated with replacing a burn and trauma center that would serve a significant proportion of Medi-Cal beneficiaries.

(b) Any private nonprofit general acute care hospital that contracts with a county and meets the following requirements shall qualify for supplemental reimbursement as described in this section:

(1) The only burn and trauma service in the region was originally licensed under the county hospital license.

(2) The private hospital assumed operation of the regional burn and trauma service originally licensed under the county hospital license.

(3) The county will phase out operation of the county hospital facilities by October 2003.

(4) The contract with the county requires the private hospital to construct and operate a burn and trauma facility to preserve that specialty care as a regional service.

(5) The county hospital met disproportionate share eligibility criteria for the 1997–98 fiscal year.

(c) The hospital shall submit its plans to the Office of Statewide Health Planning and Development on or before December 31, 2000.

(d) As of June 30, 2003, any moneys remaining in the Regional Burn and Trauma Center Program Fund created by Section 14198.2 shall revert to the General Fund.

(e) This section shall remain in effect only until June 30, 2003, and as of that date is repealed, unless a later enacted statute, that is enacted before June 30, 2003, deletes or extends that date.

14198.1. (a) A hospital or its successor entity, that has received funds pursuant to Section 14198 shall maintain burn and trauma services and continue to provide medical services to beneficiaries of Medi-Cal or a successor program through the year 2028.

(b) The state and a hospital subject to this section shall negotiate in good faith to ensure continued hospital participation in the Medi-Cal program and to ensure adequate access to services for Medi-Cal patients.

14198.2. (a) The Regional Burn and Trauma Center Fund is hereby created in the State Treasury, under the administrative control of the State Department of Health Services, for the purposes specified in Section 14198 upon appropriation by the Legislature. Except as otherwise limited by this section, the fund shall consist of the following:

(1) All public moneys transferred by public agencies to the department for deposit into the fund, as permitted under Section 433.51 of Title 42 of the Code of Federal Regulations or any other applicable federal medicaid laws.

(2) All private moneys donated by private individuals or entities to the department for deposit in the fund, as permitted under applicable federal medicaid laws and regulations. Private donations may come from private individuals, foundations, or entities that do not meet the definition of a provider entity, as contained in federal regulatory law.

(3) Any amounts appropriated by the Legislature for this program may be transferred to the fund.

(4) Any interest that accrues on amounts in the fund.

(b) Any public moneys transferred by public agencies, or private moneys donated by private individuals or entities to the department for deposit in the fund, shall be expended before any state

appropriation is utilized as the nonfederal match of the supplemental reimbursement. Total combined funds made available under this section shall not exceed fifty million dollars ($50,000,000). It is the intent of the Legislature that funding from the General Fund shall not exceed twenty-five million dollars ($25,000,000).

(e) Moneys in the fund shall be used as the source for the nonfederal share of payments to the Regional Burn and Trauma Center to be constructed pursuant to this article. Moneys shall be allocated from the fund by the department and matched by federal funds in accordance with customary Medi-Cal accounting procedures for purposes of payments under subdivision (e). Distributions from the fund shall be supplemental to any and all other amounts that this hospital would have received under the selective provider contracting program.

(f) For purposes of recognizing the Regional Burn and Trauma Center replacement costs incurred for services rendered to Medi-Cal beneficiaries, payments from the fund shall be negotiated between the California Medical Assistance Commission and the entity contracting under this article. Payments from the fund shall be used solely for the purposes identified in the contract between the hospital and the state.

(g) The state shall be held harmless for any federal disallowance resulting from this section. A hospital receiving supplemental reimbursement pursuant to this section shall be liable for any reduced federal financial participation resulting from the implementation of this section with respect to that hospital. The state may recoup any federal disallowance from the hospital.

(h) Funds available pursuant to this article shall only be used for projects, or for that portion of projects, that are available and

accessible to Medi-Cal patients treated under this article or by successor programs.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

CHAPTER 315

An act to add Chapter 3.33 (commencing with Section 44720) to Part 25 of the Education Code, relating to mathematics education, and making an appropriation therefor.

[Approved by Governor August 19, 1998. Filed with Secretary of State August 19, 1998.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) Recent assessments have shown that a majority of California's children do not possess the mathematical skills essential for success and competition in a global economy. The National Assessment of Educational Progress (NAEP) showed that California's pupils performed near the bottom of the 50 states. According to the Third International Mathematics and Science Study (TIMSS), which measured mathematics achievement of 9- and 13-year-old pupils from 41 countries, 13-year-old mathematics pupils in the United States scored higher than pupils in only seven other countries. None of those seven countries are serious business competitors in the global marketplace. Additionally, United States 12th grade pupils scored far below the international average, with only two countries ranking lower.

(b) Recently, the State Board of Education adopted content standards for mathematics in kindergarten and grades 1 to 12, inclusive. To allow pupils to meet the highest level of mathematical skills and understanding, teachers must be knowledgeable about the new standards and have a complete understanding of the underlying mathematics. However, many teachers lack the in-depth understanding of mathematics necessary to effectively teach at the level required by the new standards. It is essential, therefore, that a mathematics professional development program be implemented to ensure that pupils are able to meet the new rigorous mathematics standards.

SEC. 2. Chapter 3.33 (commencing with Section 44720) is added to Part 25 of the Education Code, to read:

CHAPTER 3.33. TRAINING FOR TEACHERS OF MATHEMATICS WHO TEACH PUPILS IN GRADES 4 TO 12, INCLUSIVE

44720. The State Department of Education shall administer a program of grants to school districts and county superintendents of schools for in-service training of teachers of mathematics who teach pupils enrolled in grades 4 to 12, inclusive.

44721. As a condition for receiving funds pursuant to this chapter, a school district or county superintendent of schools shall certify to the State Department of Education all of the following:

(a) That funds received pursuant to this chapter are to be expended only for the purpose of providing in-service training in mathematics instruction to teachers who provide direct instructional services in mathematics to pupils enrolled in any of grades 4 to 12, inclusive, and to schoolsite administrators of those teachers.

(b) To the extent feasible with available funds, that all the teachers in the school district who provide direct instructional services in mathematics to pupils enrolled in grades 4 to 12, inclusive, have received, or will receive, the training provided pursuant to this chapter.

(c) That funds received pursuant to this chapter that are to be expended for contract providers of in-service training will be expended only for providers approved pursuant to Section 44722.

(d) That funds received pursuant to this chapter that are to be expended for training provided by a school district's or county superintendent of schools' own current employees will include all of the elements listed in subdivision (e).

(e) That funds received pursuant to this chapter shall be expended only for the purpose of providing programs of in-service training in mathematics instruction that address all of the following subjects:

(1) The mathematics content standards adopted by the State Board of Education in 1997.

(2) In-depth understanding of the mathematics underlying the adopted content standards for pupils in kindergarten and in grades 1 to 12, inclusive.

(3) The curriculum framework and program advisories, if any, that are based on the mathematics content standards adopted by the State Board of Education in 1997.

(4) The mathematics performance standards, if and when they are adopted by the State Board of Education, related to adopted mathematics content standards.

(5) The assessments, if and when they are adopted by the State Board of Education, that are aligned with mathematics content

standards adopted by the State Board of Education pursuant to Section 60605.

(6) Replicated research on how mathematical skills are acquired.

(7) Replicated research on methods of teaching mathematics that produce measurable growth on a validated assessment of at least one grade level during a school year of instruction.

(f) That funds received pursuant to this chapter are to be expended only for programs of in-service training that do not cause a reduction in pupil instructional time.

44722. (a) The State Board of Education, shall develop a list of contract providers of in-service training in mathematics instruction that have been approved by the board pursuant to this section.

(b) The State Department of Education shall provide staff support to the State Board of Education in carrying out its responsibilities pursuant to this section.

(c) Any person, or public, private, or private nonprofit entity, that seeks to appear on the list of providers of in-service training in mathematics shall submit an application to the State Board of Education that includes the curricula of the program that will provide the training described in all components of subdivision (e) of Section 44721, in the time and manner required by the board. The State Board of Education may contract out for specific additional assistance in the evaluation of applications. The State Board of Education shall state the reasons for its approval of any application received pursuant to this subdivision and any decision of the board shall be based exclusively on the criteria established pursuant to subdivision (d).

(d) The State Board of Education shall establish criteria for the evaluation of providers of in-service training in mathematics instruction that meet the requirements of subdivision (e) of Section 44721 and that include in their training program a procedure for the evaluation of the effectiveness of the training on teacher knowledge, skills, and abilities.

(e) The State Board of Education shall maintain, update regularly, and make available to school districts through print and electronic media a list of providers of in-service training in mathematics instruction that have been approved by the board pursuant to this section.

(f) The State Board of Education may study the effectiveness of any program of in-service training provided pursuant to this chapter.

44724. The State Department of Education shall administer the grant application process. An application from a school district and county superintendent of schools shall include the following:

(a) Certification by the governing board of the school district or the county board of education that the requirements of Section 44721 shall be met.

(b) A description of how the school district or county superintendent of schools shall address, to the extent feasible, the following:

(1) Augmentation of resources for mathematics instruction staff development through the use of funds available from other local, state, and federal sources.

(2) Involvement of the parents and guardians of pupils enrolled in the school district or attending education programs operated by the county superintendent of schools.

(3) A description of how the school district or county superintendent of schools intends to provide teachers time to collaborate, discuss, and reflect on, and to the degree possible, be coached on the classroom implementation of what has been provided in staff development sessions.

44725. The State Department of Education shall provide a copy of the provider list as part of the application and information packet provided to school districts and county superintendents of schools. The department shall award competitive grants and allocate funds to school districts and county superintendents of schools on the basis of equal dollars per teacher and administrator trained. The amount of funding per teacher or administrator trained shall be established by the State Board of Education based on fee information received from providers. The amount of funding provided per teacher or administrator trained may not exceed the equivalent fee charged by a provider.

SEC. 3. The sum of one hundred fifty thousand dollars ($150,000) is hereby appropriated from the General Fund to the State Department of Education according to the following schedule:

(a) Seventy-five thousand dollars ($75,000) for allocation to the State Board of Education for its costs in reviewing provider applications pursuant to Chapter 3.33 (commencing with Section 44720) of Part 25 of the Education Code.

(b) Seventy-five thousand dollars ($75,000) for purposes of providing staff support by the State Department of Education for Chapter 3.33 (commencing with Section 44720) of Part 25 of the Education Code.

SEC. 4. Notwithstanding any other provision of law, funds appropriated in the 1997–98 Regular Session of the Legislature for purposes of Chapter 3.3 (commencing with Section 44720) of Part 25 of the Education Code shall be available for expenditure for three fiscal years.

SEC. 5. This act shall become operative only if AB 2442 of the 1997–98 Regular Session is enacted and becomes operative.
