An act to amend Section 372 of, and to add Sections 374 and 374.5 to, the Code of Civil Procedure, relating to minors, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 21, 1998. Filed with Secretary of State September 22, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 372 of the Code of Civil Procedure is amended to read:

372. (a) When a minor, an incompetent person, or a person for whom a conservator has been appointed is a party, that person shall appear either by a guardian or conservator of the estate or by a guardian ad litem appointed by the court in which the action or proceeding is pending, or by a judge thereof, in each case. A guardian ad litem may be appointed in any case when it is deemed by the court in which the action or proceeding is prosecuted, or by a judge thereof, expedient to appoint a guardian ad litem to represent the minor, incompetent person, or person for whom a conservator has been appointed, notwithstanding that the person may have a guardian or conservator of the estate and may have appeared by the guardian or conservator of the estate. The guardian or conservator of the estate or guardian ad litem so appearing for any minor, incompetent

person, or person for whom a conservator has been appointed shall have power, with the approval of the court in which the action or proceeding is pending, to compromise the same, to agree to the order or judgment to be entered therein for or against the ward or conservatee, and to satisfy any judgment or order in favor of the ward or conservatee or release or discharge any claim of the ward or conservatee pursuant to that compromise. Any money or other property to be paid or delivered pursuant to the order or judgment for the benefit of a minor, incompetent person, or person for whom a conservator has been appointed shall be paid and delivered as provided in Chapter 4 (commencing with Section 3600) of Part 8 of Division 4 of the Probate Code.

Where reference is made in this section to "incompetent person," such reference shall be deemed to include "a person for whom a conservator may be appointed."

Nothing in this section, or in any other provision of this code, the Civil Code, the Family Code, or the Probate Code is intended by the Legislature to prohibit a minor from exercising an intelligent and knowing waiver of his or her constitutional rights in any proceedings under the Juvenile Court Law, Chapter 2 (commencing with Section 200) of Part 1 of Division 2 of the Welfare and Institutions Code.

(b) (1) Notwithstanding subdivision (a), a minor 12 years of age or older may appear in court without a guardian, counsel, or guardian ad litem, for the purpose of requesting or opposing a request for any of the following:

(A) An injunction or temporary restraining order or both to prohibit harassment pursuant to Section 527.6.

(B) An injunction or temporary restraining order or both against violence or a credible threat of violence in the workplace pursuant to Section 527.8.

(C) A protective order pursuant to Division 10 (commencing with Section 6200) of the Family Code.

(D) A protective order pursuant to Sections 7710 and 7720 of the Family Code.

The court may, either upon motion or in its own discretion, and after considering reasonable objections by the minor to the appointment of specific individuals, appoint a guardian ad litem to assist the minor in obtaining or opposing the order, provided that the appointment of the guardian ad litem does not delay the issuance or denial of the order being sought. In making the determination concerning the appointment of a particular guardian ad litem, the court shall consider whether the minor and the guardian have divergent interests.

(2) For purposes of this subdivision only, upon the issuance of an order pursuant to paragraph (1), if the minor initially appeared in court seeking an order without a guardian or guardian ad litem, and if the minor is residing with a parent or guardian, the court shall send a copy of the order to at least one parent or guardian designated by

the minor, unless, in the discretion of the court, notification of a parent or guardian would be contrary to the best interest of the minor. The court is not required to send the order to more than one parent or guardian.

(3) The Judicial Council shall adopt forms by July 1, 1999, to facilitate the appointment of a guardian ad litem pursuant to this subdivision.

SEC. 2. Section 374 is added to the Code of Civil Procedure, to read:

374. (a) A minor under 12 years of age, accompanied by a duly appointed and acting guardian ad litem, shall be permitted to appear in court without counsel for the limited purpose of requesting or opposing a request for (1) an injunction or temporary restraining order or both to prohibit harassment pursuant to Section 527.6, (2) an injunction or temporary restraining order or both against violence or a credible threat of violence in the workplace pursuant to Section 527.8, (3) a protective order pursuant to Division 10 (commencing with Section 6200) of the Family Code, or (4) a protective order pursuant to Sections 7710 and 7720 of the Family Code.

(b) In making the determination concerning appointment of a particular guardian ad litem for purposes of this section, the court shall consider whether the minor and the guardian have divergent interests.

(c) The Judicial Council shall adopt forms by July 1, 1999, to implement this section. The forms shall be designed to facilitate the appointment of the guardian ad litem for purposes of this section.

SEC. 3. Section 374.5 is added to the Code of Civil Procedure, to read:

374.5. A proceeding initiated by or brought against a minor for any of the injunctions or orders described in paragraph (1) of subdivision (b) of Section 372 or subdivision (a) of Section 374 shall be heard in the court assigned to hear those matters; except that, if the minor bringing the action or against whom the action is brought has previously been adjudged a dependent child or a ward of the juvenile court, the matter shall be heard in the juvenile court having jurisdiction over the minor.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

(6) The department or division number and the address of the court.

(7) Whether or not the order was served upon the respondent.

(8) The terms and conditions of any restrictions on the ownership or possession of firearms.

All available information shall be included; however, the inability to provide all categories of information shall not delay the entry of the information available.

(c) The information conveyed to the Department of Justice shall also indicate whether the respondent was present in court to be

informed of the contents of the court order. The respondent's presence in court shall provide proof of service of notice of the terms of the protective order. The respondent's failure to appear shall also be included in the information provided to the Department of Justice.

(d) Immediately upon receipt of proof of service the clerk of the court, and immediately after service any law enforcement officer who served the protective order, shall notify the Department of Justice, by electronic transmission, of the service of the protective order, including the name of the person who served the order and, if that person is a law enforcement officer, the law enforcement agency.

(e) The Department of Justice shall maintain a Domestic Violence Protective Order Registry and shall make available to court clerks and law enforcement personnel, through computer access, all information regarding the protective and restraining orders and injunctions described in subdivision (b), whether or not served upon the respondent.

(f) If a court issues a modification, extension, or termination of a protective order, the transmitting agency for the county shall immediately notify the Department of Justice, by electronic transmission, of the terms of the modification, extension, or termination.

(g) The Judicial Council shall assist local courts charged with the responsibility for issuing protective orders by developing informational packets describing the general procedures for obtaining a domestic violence restraining order and indicating the appropriate Judicial Council forms, and shall include a design, that local courts shall complete, that describes local court procedures and maps to enable applicants to locate filing windows and appropriate courts. The court clerk shall provide a fee waiver form to all applicants for domestic violence protective orders. The court clerk shall provide all Judicial Council forms required by this chapter to applicants free of charge. The informational packet shall also contain a statement that the protective order is enforceable in any state, territory, or reservation, and general information about agencies in other jurisdictions that may be contacted regarding enforcement of an order issued by a court of this state.

(h) For the purposes of this part, "electronic transmission" shall include computer access through the California Law Enforcement Telecommunications System (CLETS).

SEC. 3. Section 1203.097 of the Penal Code is amended to read:

1203.097. (a) If a person is granted probation for a crime in which the victim is a person defined in Section 6211 of the Family Code, the terms of probation shall include all of the following:

(1) A minimum period of probation of 36 months, which may include a period of summary probation as appropriate.

(2) A criminal court protective order protecting the victim from further acts of violence, threats, stalking, sexual abuse, and harassment, and, if appropriate, containing residence exclusion or stay-away conditions.

(3) Notice to the victim of the disposition of the case.

(4) Booking the defendant within one week of sentencing if the defendant has not already been booked.

(5) The defendant shall pay a minimum of a two-hundred-dollar ($200) payment to be disbursed as specified in this paragraph. If, after a hearing in court on the record, the court finds that the defendant does not have the ability to pay, the court may reduce or waive this fee.

Out of moneys deposited with the county treasurer pursuant to this section, one-third shall be retained by counties and deposited in the domestic violence programs special fund created pursuant to Section 18305 of the Welfare and Institutions Code to be expended for the purposes of Chapter 5 (commencing with Section 18290) of Part 6 of Division 9 of the Welfare and Institutions Code. The remainder shall be transferred, once a month, to the Controller for deposit in equal amounts in the Domestic Violence Restraining Order Reimbursement Fund and in the Domestic Violence Training and Education Fund, which are hereby created, in an amount equal to two-thirds of funds collected during the preceding month. Moneys deposited into these funds to this section shall be available upon appropriation by the Legislature and shall be distributed each fiscal year as follows:

(A) Funds from the Domestic Violence Restraining Order Reimbursement Fund shall be distributed to local law enforcement or other criminal justice agencies for state-mandated local costs resulting from the notification requirements set forth in subdivision (a) of Section 6385 of the Family Code, based on the annual notification from the Department of Justice of the number of restraining orders issued and registered in the state domestic violence restraining order registry maintained by the Department of Justice, for the development and maintenance of the domestic violence restraining order data bank system.

(B) Funds from the Domestic Violence Training and Education Fund shall support statewide training and education program to increase public awareness of domestic violence and to improve the scope and quality of services provided to the victims of domestic violence. Grants to support this program shall be awarded on a competitive basis and be administered by the State Department of Health Services, in consultation with the statewide domestic violence coalition, which is eligible to receive funding under this section.

(6) Successful completion of a batterer's program, as defined in subdivision (c), or if none is available, another appropriate counseling program designated by the court, for a period not less than one year with periodic progress reports by the program to the

court every three months or less and weekly sessions of a minimum of two hours classtime duration.

(7) (A) (i) The court shall order the defendant to comply with all probation requirements, including the requirements to attend counseling, keep all program appointments, and pay program fees based upon the ability to pay.

(ii) The terms of probation for offenders shall not be lifted until all reasonable fees due to the counseling program have been paid in full, but in no case shall probation be extended beyond the term provided in subdivision (a) of Section 1203.1. If the court finds that the defendant does not have the ability to pay the fees based on the defendant's changed circumstances, the court may reduce or waive the fees.

(B) Upon request by the batterer's program, the court shall provide the defendant's arrest report, prior incidents of violence, and treatment history to the program.

(8) The court also shall order the defendant to perform a specified amount of appropriate community service, as designated by the court. The defendant shall present the court with proof of completion of community service and the court shall determine if the community service has been satisfactorily completed. If sufficient staff and resources are available, the community service shall be performed under the jurisdiction of the local agency overseeing a community service program.

(9) If the program finds that the defendant is unsuitable, the program shall immediately contact the probation department or the court. The probation department or court shall either recalendar the case for hearing or refer the defendant to an appropriate alternative batterer's program.

(10) (A) Upon recommendation of the program, a court shall require a defendant to participate in additional sessions throughout the probationary period, unless it finds that it is not in the interests of justice to do so, states its reasons on the record, and enters them into the minutes. In deciding whether the defendant would benefit from more sessions, the court shall consider whether any of the following conditions exist:

(i) The defendant has been violence free for a minimum of six months.

(ii) The defendant has cooperated and participated in the batterer's program.

(iii) The defendant demonstrates an understanding of and practices positive conflict resolution skills.

(iv) The defendant blames, degrades, or has committed acts that dehumanize the victim or puts at risk the victim's safety, including, but not limited to, molesting, stalking, striking, attacking, threatening, sexually assaulting, or battering the victim.

(v) The defendant demonstrates an understanding that the use of coercion or violent behavior to maintain dominance is unacceptable in an intimate relationship.

(vi) The defendant has made threats to harm anyone in any manner.

(vii) The defendant has complied with applicable requirements under paragraph (6) of subdivision (c) or subparagraph (C) to receive alcohol counseling, drug counseling, or both.

(viii) The defendant demonstrates acceptance of responsibility for the abusive behavior perpetrated against the victim.

(B) The program shall immediately report any violation of the terms of the protective order, including any new acts of violence or failure to comply with the program requirements, to the court, the prosecutor, and, if formal probation has been ordered, to the probation department. The probationer shall file proof of enrollment in a batterer's program with the court within 30 days of conviction.

(C) Concurrent with other requirements under this section, in addition to, and not in lieu of, the batterer's program, and unless prohibited by the referring court, the probation department or the court may make provisions for a defendant to use his or her resources to enroll in a chemical dependency program or to enter voluntarily a licensed chemical dependency recovery hospital or residential treatment program that has a valid license issued by the state to provide alcohol or drug services to receive program participation credit, as determined by the court. The probation department shall document evidence of this hospital or residential treatment participation in the defendant's program file.

(11) The conditions of probation may include, in lieu of a fine, but not in lieu of the fund payment required under paragraph (5), one or more of the following requirements:

(A) That the defendant make payments to a battered women's shelter, up to a maximum of five thousand dollars ($5,000).

(B) That the defendant reimburse the victim for reasonable expenses that the court finds are the direct result of the defendant's offense.

For any order to pay a fine, to make payments to a battered women's shelter, or to pay restitution as a condition of probation under this subdivision, the court shall make a determination of the defendant's ability to pay. Determination of a defendant's ability to pay may include his or her future earning capacity. A defendant shall bear the burden of demonstrating lack of his or her ability to pay. Express findings by the court as to the factors bearing on the amount of the fine shall not be required. In no event shall any order to make payments to a battered women's shelter be made if it would impair the ability of the defendant to pay direct restitution to the victim or court-ordered child support. Where the injury to a married person is caused in whole or in part by the criminal acts of his or her spouse in violation of this section, the community property shall not be used

to discharge the liability of the offending spouse for restitution to the injured spouse, as required by Section 1203.04, as operative on or before August 2, 1995, or Section 1202.4, or to a shelter for costs with regard to the injured spouse, until all separate property of the offending spouse is exhausted.

(12) If it appears to the prosecuting attorney, the court, or the probation department that the defendant is performing unsatisfactorily in the assigned program, is not benefiting from counseling, or has engaged in criminal conduct, upon request of the probation officer, the prosecuting attorney, or on its own motion, the court, as a priority calendar item, shall hold a hearing to determine whether further sentencing should proceed. The court may consider factors, including, but not limited to, any violence by the defendant against the former or a new victim while on probation and noncompliance with any other specific condition of probation. If the court finds that the defendant is not performing satisfactorily in the assigned program, is not benefiting from the program, has not complied with a condition of probation, or has engaged in criminal conduct, the court shall terminate the defendant's participation in the program and shall proceed with further sentencing.

(b) If a person is granted formal probation for a crime in which the victim is a person defined in Section 6211 of the Family Code, in addition to the terms specified in subdivision (a), all of the following shall apply:

(1) The probation department shall make an investigation and take into consideration the defendant's age, medical history, employment and service records, educational background, community and family ties, prior incidents of violence, police report, treatment history, if any, demonstrable motivation, and other mitigating factors in determining which batterer's program would be appropriate for the defendant. This information shall be provided to the batterer's program if it is requested. The probation department shall also determine which community programs the defendant would benefit from and which of those programs would accept the defendant. The probation department shall report its findings and recommendations to the court.

(2) The court shall advise the defendant that the failure to report to the probation department for the initial investigation, as directed by the court, or the failure to enroll in a specified program, as directed by the court or the probation department, shall result in possible further incarceration. The court, in the interests of justice, may relieve the defendant from the prohibition set forth in this subdivision based upon the defendant's mistake or excusable neglect. Application for this relief shall be filed within 20 court days of the missed deadline. This time limitation may not be extended. A copy of any application for relief shall be served on the office of the prosecuting attorney.

(3) After the court orders the defendant to a batterer's program, the probation department shall conduct an initial assessment of the defendant, including, but not limited to, all of the following:

(A) Social, economic, and family background.

(B) Education.

(C) Vocational achievements.

(D) Criminal history.

(E) Medical history.

(F) Substance abuse history.

(G) Consultation with the probation officer.

(H) Verbal consultation with the victim, only if the victim desires to participate.

(I) Assessment of the future probability of the defendant committing murder.

(4) The probation department shall attempt to notify the victim regarding the requirements for the defendant's participation in the batterer's program, as well as regarding available victim resources. The victim also shall be informed that attendance in any program does not guarantee that an abuser will not be violent.

(c) The court or the probation department shall refer defendants only to batterers' programs that follow standards outlined in paragraph (1), which may include, but are not limited to, lectures, classes, group discussions, and counseling. The probation department shall design and implement an approval and renewal process for batterer's programs and shall solicit input from criminal justice agencies and domestic violence victim advocacy programs.

(1) The goal of a batterer's program under this section shall be to stop domestic violence. A batterer's program shall consist of the following components:

(A) Strategies to hold the defendant accountable for the violence in a relationship, including, but not limited to, providing the defendant with a written statement that the defendant shall be held accountable for acts or threats of domestic violence.

(B) A requirement that the defendant participate in ongoing same-gender group sessions.

(C) An initial intake that provides written definitions to the defendant of physical, emotional, sexual, economic, and verbal abuse, and the techniques for stopping these types of abuse.

(D) Procedures to inform the victim regarding the requirements for the defendant's participation in the intervention program as well as regarding available victim resources. The victim also shall be informed that attendance in any program does not guarantee that an abuser will not be violent.

(E) A requirement that the defendant attend group sessions free of chemical influence.

(F) Educational programming that examines, at a minimum, gender roles, socialization, the nature of violence, the dynamics of power and control, and the effects of abuse on children and others.

(G) A requirement that excludes any couple counseling or family counseling, or both.

(H) Procedures that give the program the right to assess whether or not the defendant would benefit from the program and refuse to enroll the defendant if it is determined the defendant would not benefit from the program, so long as the refusal is not because of the defendant's inability to pay. If possible, the program shall suggest an appropriate alternative program.

(I) Program staff who, to the extent possible, have specific knowledge regarding, but not limited to, spousal abuse, child abuse, sexual abuse, substance abuse, the dynamics of violence and abuse, the law, and procedures of the legal system.

(J) Program staff who are encouraged to utilize the expertise, training, and assistance of local domestic violence centers.

(K) A requirement that the defendant enter into a written agreement with the program that shall include an outline of the contents of the program, the attendance requirements, the requirement to attend group sessions free of chemical influence, and a statement that the defendant may be removed from the program if it is determined that the defendant is not benefiting from the program or is disruptive to the program.

(L) A requirement that the defendant sign a confidentiality statement prohibiting disclosure of any information obtained through participating in the program or during group sessions regarding other participants in the program.

(M) Program content that provides cultural and ethnic sensitivity.

(N) A requirement of a written referral from the court or probation department prior to permitting the defendant to enroll in the program. The written referral shall state the number of minimum sessions required by the court.

(O) Procedures for submitting to the probation department all of the following uniform written responses:

(i) Proof of enrollment, to be submitted to the court and the probation department and to include the fee determined to be charged to the defendant, based upon the ability to pay, for each session.

(ii) Periodic progress reports that include attendance, fee payment history, and program compliance.

(iii) Final evaluation that includes the program's evaluation of the defendant's progress, using the criteria set forth in paragraph (4) of subdivision (a) and recommendation for either successful or unsuccessful termination or continuation in the program.

(P) A sliding fee schedule based on the defendant's ability to pay. The batterer's program shall develop and utilize a sliding fee scale that recognizes both the defendant's ability to pay and the necessity of programs to meet overhead expenses. An indigent defendant may negotiate a deferred payment schedule, but shall pay a nominal fee, if the defendant has the ability to pay the nominal fee. Upon a hearing

and a finding by the court that the defendant does not have the financial ability to pay the nominal fee, the court shall waive this fee. The payment of the fee shall be made a condition of probation if the court determines the defendant has the present ability to pay the fee. The fee shall be paid during the term of probation unless the program sets other conditions. The acceptance policies shall be in accordance with the scaled fee system.

(2) The court shall refer persons only to batterer programs that have been approved by the probation department pursuant to paragraph (5). The probation department shall do all of the following:

(A) Provide for the issuance of a provisional approval, provided that the applicant is in substantial compliance with applicable laws and regulations and an urgent need for approval exists. A provisional approval shall be considered an authorization to provide services and shall not be considered a vested right.

(B) If the probation department determines that a program is not in compliance with standards set by the department, the department shall provide written notice of the noncompliant areas to the program. The program shall submit a written plan of corrections within 14 days from the date of the written notice on noncompliance. A plan of correction shall include, but not be limited to, a description of each corrective action and timeframe for implementation. The department shall review and approve all or any part of the plan of correction and notify the program of approval or disapproval in writing. If the program fails to submit a plan of correction or fails to implement the approved plan of correction, the department shall consider whether to revoke or suspend approval and, upon revoking or suspending approval, shall have the option to cease referrals of defendants under this section.

(3) No program, regardless of its source of funding, shall be approved unless it meets all of the following standards:

(A) The establishment of guidelines and criteria for education services, including standards of services that may include lectures, classes, and group discussions.

(B) Supervision of the defendant for the purpose of evaluating the person's progress in the program.

(C) Adequate reporting requirements to ensure that all persons who, after being ordered to attend and complete a program, may be identified for either failure to enroll in, or failure to successfully complete, the program or for the successful completion of the program as ordered. The program shall notify the court and the probation department in writing within the period of time and in the manner specified by the court of any person who fails to complete the program. Notification shall be given if the program determines that the defendant is performing unsatisfactorily or if the defendant is not benefiting from the education, treatment, or counseling.

(D) No victim shall be compelled to participate in a program or counseling and no program may condition a defendant's enrollment on participation by the victim.

(4) In making referrals of indigent defendants to approved batterer programs, the probation department shall apportion these referrals evenly among the approved programs.

(5) The probation department shall have the sole authority to approve a batterer's program for probation. The program shall be required to obtain only one approval but shall renew that approval annually.

(A) The procedure for the approval of a new or existing program shall include all of the following:

(i) The completion of a written application containing necessary and pertinent information describing the applicant program.

(ii) The demonstration by the program that it possesses adequate administrative and operational capability to operate a batterer's treatment program. The program shall provide documentation to prove that the program has conducted batterer's programs for at least one year prior to application. This requirement may be waived under subparagraph (A) of paragraph (2), if there is no existing batterer's program in the city, county, or city and county.

(iii) The onsite review of the program, including monitoring of a session to determine that the program adheres to applicable statutes and regulations.

(iv) The payment of the approval fee.

(B) The probation department shall fix a fee for approval not to exceed two hundred fifty dollars ($250) and for approval renewal not to exceed two hundred fifty dollars ($250) every year in an amount sufficient to cover its cost in administering the approval process under this section. No fee shall be charged for the approval of local governmental entities.

(C) The probation department has the sole authority to approve the issuance, denial, suspension, or revocation of approval and to cease new enrollments or referrals to a batterer's program under this section. The probation department shall review information relative to a program's performance or failure to adhere to standards, or both. The probation department may suspend or revoke any approval issued under this subdivision or deny an application to renew an approval or to modify the terms and conditions of approval, based on grounds established by probation, including, but not limited to, any of the following:

(i) Violation of this section by any person holding approval or by a program employee in a program under this section.

(ii) Misrepresentation of any material fact in obtaining the approval.

(6) For defendants who are chronic users or serious abusers of drugs or alcohol, standard components in the program shall include concurrent counseling for substance abuse and violent behavior, and

in appropriate cases, detoxification and abstinence from the abused substance.

(7) The program shall conduct an exit conference that reflects the defendant's progress during the defendant's participation in the batterer's program.

CHAPTER 709

An act to add Chapter 5 (commencing with Section 120480) to Part 2 of Division 105 of the Health and Safety Code, relating to disease prevention.

[Approved by Governor September 21, 1998. Filed with Secretary of State September 22, 1998.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature in enacting this act to join in the fight against valley fever by supporting research and

development of a vaccine for this respiratory illness, which, if left untreated or mistreated, can lead to serious complications or death.

SEC. 2. The Legislature finds and declares all of the following:

(a) The Valley Fever Vaccine Project has conducted research on a valley fever vaccine for a number of years.

(b) A strong public-private partnership, consisting of the federal government, the state, Kern County, the California Health Foundation, the Rotary, and the private sector, has been forged to accelerate a vaccine development.

(c) During the 1997–98 fiscal year, the state became a full partner in this effort by funding a contract with the California State University, Bakersfield Foundation.

Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

An act to amend and repeal Section 1316.5 of the Health and Safety Code, relating to health facilities.

[Approved by Governor September 21, 1998. Filed with Secretary of State September 22, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 1316.5 of the Health and Safety Code, as amended by Section 1 of Chapter 826 of the Statutes of 1996, is amended to read:

1316.5. (a) (1) Each health facility owned and operated by the state offering care or services within the scope of practice of a psychologist shall establish rules and medical staff bylaws that include provisions for medical staff membership and clinical privileges for clinical psychologists within the scope of their licensure as psychologists, subject to the rules and medical staff bylaws governing medical staff membership or privileges as the facility shall establish. The rules and regulations shall not discriminate on the basis of whether the staff member holds an M.D., D.O., D.D.S., D.P.M., or doctoral degree in psychology within the scope of the member's respective licensure. Each of these health facilities owned and operated by the state shall establish a staff comprised of physicians and surgeons, dentists, podiatrists, psychologists, or any combination thereof, that shall regulate the admission, conduct suspension, or termination of the staff appointment of psychologists employed by the health facility.

(2) With regard to the practice of psychology in health facilities owned and operated by the state offering care or services within the scope of practice of a psychologist, medical staff status shall include and provide for the right to pursue and practice full clinical privileges for holders of a doctoral degree of psychology within the scope of their respective licensure. These rights and privileges shall be limited or restricted only upon the basis of an individual practitioner's demonstrated competence. Competence shall be determined by health facility rules and medical staff bylaws that are necessary and are applied in good faith, equally and in a nondiscriminatory manner, to all practitioners, regardless of whether they hold an M.D., D.O., D.D.S., D.P.M., or doctoral degree in psychology.

(3) Nothing in this subdivision shall be construed to require a health facility owned and operated by the state to offer a specific health service or services not otherwise offered. If a health service is

offered in such a health facility that includes provisions for medical staff membership and clinical privileges for clinical psychologists, the facility shall not discriminate between persons holding an M.D., D.O., D.D.S., D.P.M., or doctoral degree in psychology who are authorized by law to perform the service within the scope of the person's respective licensure.

(4) The rules and medical staff bylaws of a health facility owned and operated by the state that include provisions for medical staff membership and clinical privileges for, medical staff and duly licensed clinical psychologists shall not discriminate on the basis of whether the staff member holds an M.D., D.O., D.D.S., D.P.M., or doctoral degree in psychology within the scope of the member's respective licensure. The health facility staff of these health facilities who process, review, evaluate, and determine qualifications for staff privileges for medical staff shall include, if possible, staff members who are clinical psychologists.

(b) (1) The rules of a health facility not owned or operated by this state may enable the appointment of clinical psychologists on the terms and conditions that the facility shall establish. In these health facilities, clinical psychologists may hold membership and serve on committees of the medical staff and carry professional responsibilities consistent with the scope of their licensure and their competence, subject to the rules of the health facility.

(2) Nothing in this subdivision shall be construed to require a health facility not owned or operated by this state to offer a specific health service or services not otherwise offered. If a health service is offered by a health facility with both licensed physicians and surgeons and clinical psychologists on the medical staff, which both licensed physicians and surgeons and clinical psychologists are authorized by law to perform, the service may be performed by either, without discrimination.

(3) This subdivision shall not prohibit a health facility that is a clinical teaching facility owned or operated by a university operating a school of medicine from requiring that a clinical psychologist have a faculty teaching appointment as a condition for eligibility for staff privileges at that facility.

(4) In any health facility that is not owned or operated by this state that provides staff privileges to clinical psychologists, the health facility staff who process, review, evaluate, and determine qualifications for staff privileges for medical staff shall include, if possible, staff members who are clinical psychologists.

(c) No classification of health facilities by the state department, nor any other classification of health facilities based on quality of service or otherwise, by any person, body, or governmental agency of this state or any subdivision thereof shall be affected by a health facility's provision for use of its facilities by duly licensed clinical psychologists, nor shall any such classification be affected by the subjection of the psychologists to the rules and regulations of the

organized professional staff. No classification of health facilities by any governmental agency of this state or any subdivision thereof pursuant to any law, whether enacted prior or subsequent to the effective date of this section, for the purposes of ascertaining eligibility for compensation, reimbursement, or other benefit for treatment of patients shall be affected by a health facility's provision for use of its facilities by duly licensed clinical psychologists, nor shall any such classification be affected by the subjection of the psychologists to the rules and regulations of the organized professional staff which govern the psychologists' use of the facilities.

(d) "Clinical psychologist," as used in this section, means a psychologist licensed by this state who meets both of the following requirements:

(1) Possesses an earned doctorate degree in psychology from an educational institution meeting the criteria of subdivision (b) of Section 2914 of the Business and Professions Code.

(2) Has not less than two years clinical experience in a multidisciplinary facility licensed or operated by this or another state or by the United States to provide health care, or, is listed in the latest edition of the National Register of Health Service Providers in Psychology, as adopted by the Council for the National Register of Health Service Providers in Psychology.

(e) Nothing in this section is intended to expand the scope of licensure of clinical psychologists. Notwithstanding the Ralph C. Dills Act (Chapter 10.3 (commencing with Section 3512) of Division 4 of Title 1 of the Government Code), the Public Employment Relations Board is precluded from creating any additional bargaining units for the purpose of exclusive representation of state psychologist employees that might result because of medical staff membership and/or privilege changes for psychologists due to the enactment of provisions by Assembly Bill No. 3141 of the 1995–96 Regular Session.

(f) The State Department of Mental Health, the State Department of Developmental Services, and the Department of Corrections shall report to the Legislature no later than January 1, 2006, on the impact of medical staff membership and privileges for clinical psychologists on quality of care, and on cost-effectiveness issues.

(g) This section shall remain in effect only until January 1, 2007, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2007, deletes or extends that date.

SEC. 2. Section 1316.5 of the Health and Safety Code, as added by Section 2 of Chapter 826 of the Statutes of 1996, is amended to read:

1316.5. (a) The rules of a health facility may enable the appointment of clinical psychologists on such terms and conditions as the facility shall establish. In such health facilities, clinical psychologists may hold membership and serve on committees of the medical staff and carry professional responsibilities consistent with

the scope of their licensure and their competence, subject to the rules of the health facility.

Nothing in this section shall be construed to require a health facility to offer a specific health service or services not otherwise offered. If a health service is offered by a health facility with both licensed physicians and surgeons and clinical psychologists on the medical staff, which both licensed physicians and surgeons and clinical psychologists are authorized by law to perform, such service may be performed by either, without discrimination.

This subdivision shall not prohibit a health facility which is a clinical teaching facility owned or operated by a university operating a school of medicine from requiring that a clinical psychologist have a faculty teaching appointment as a condition for eligibility for staff privileges at that facility.

In any health facility providing staff privileges to clinical psychologists, the health facility staff processing, reviewing, evaluating, and determining qualifications for staff privileges for medical staff shall include, if possible, staff members who are clinical psychologists.

(b) No classification of health facilities by the state department, nor any other classification of health facilities based on quality of service or otherwise, by any person, body, or governmental agency of this state or any subdivision thereof shall be affected by a health facility's provision for use of its facilities by duly licensed clinical psychologists, nor shall any such classification be affected by the subjection of the psychologists to the rules and regulations of the organized professional staff. No classification of health facilities by any governmental agency of this state or any subdivision thereof pursuant to any law, whether enacted prior or subsequent to the effective date of this section, for the purposes of ascertaining eligibility for compensation, reimbursement, or other benefit for treatment of patients shall be affected by a health facility's provision for use of its facilities by duly licensed clinical psychologists, nor shall any such classification be affected by the subjection of the psychologists to the rules and regulations of the organized professional staff which govern the psychologists' use of the facilities.

(c) "Clinical psychologist," as used in this section, means a psychologist licensed by this state and (1) who possesses an earned doctorate degree in psychology from an educational institution meeting the criteria of subdivision (b) of Section 2914 of the Business and Professions Code and (2) has not less than two years clinical experience in a multidisciplinary facility licensed or operated by this or another state or by the United States to provide health care, or, is listed in the latest edition of the National Register of Health Service Providers in Psychology, as adopted by the Council for the National Register of Health Service Providers in Psychology.

(d) This section shall become operative on January 1, 2007.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

material: "This picture is not an accurate representation of fact." The statement shall be immediately adjacent to each picture or photograph prohibited by subdivision (a).

(c) (1) Any registered voter may seek a temporary restraining order and an injunction prohibiting the publication, distribution, or broadcasting of any campaign material in violation of this section. [Approved by Governor September 21, 1998. Filed with Secretary of State September 22, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 113715 of the Health and Safety Code is amended to read:

113715. Nothing in this chapter shall prohibit a local governing body from adopting an evaluation or grading system for food facilities, from prohibiting any type of food facility, from adopting an employee health certification program, or from regulating the provision of patron toilet and hand washing facilities.

SEC. 2. Section 113716 is added to the Health and Safety Code, to read:

113716. (a) (1) On or before January 1, 2000, each food facility shall have an owner or employee who has successfully passed an approved and accredited food safety certification examination. For purposes of this section, multiple contiguous food facilities permitted within the same site and under the same management, ownership, or control shall be deemed to be one food facility, notwithstanding the fact that the food facilities may operate under separate permits.

(2) The Legislature finds and declares that the certification required by this section may impose hardship on the owners and operators of smaller food facilities and, therefore, to the extent that a person who is seeking certification pursuant to this section requires training in order to successfully pass an approved and accredited food safety certification examination, this training shall be designed and provided in as flexible a manner as possible. To that end, the Legislature further finds and declares that this training may include, but need not be limited to, classroom training, home study programs, and computer-assisted training.

(b) On and after January 1, 2000, a food facility that commences operation, changes ownership, or no longer has a certified owner or employee pursuant to this section shall have 60 days to comply with subdivision (a).

(c) There shall be at least one certified owner or employee at each food facility. No certified person at a food facility for purposes of subdivision (a) may serve at any other food facility as the person required to be certified pursuant to this section. The certified owner or employee need not be present at the food facility during all hours of operation.

(d) The responsibilities of a certified owner or employee at a food facility shall include the safety of food preparation and service, including ensuring that all employees who handle, or have responsibility for handling, unpackaged foods of any kind, have sufficient knowledge to ensure the safe preparation or service of the food, or both. The nature and extent of the knowledge that each employee is required to have may be tailored, as appropriate, to the employee's duties related to food safety issues.

(e) The food safety certificate issued pursuant to this section shall be retained on file at the food facility at all times, and shall be made available for inspection by the health enforcement officer.

(f) The issuance date for each original certificate issued pursuant to this section shall be the date when the individual successfully completes the examination. A certificate shall expire three years from the date of original issuance. Any replacement or duplicate certificate shall have as its expiration date the same expiration date that was on the original certificate.

(g) Certified individuals shall be recertified every three years by passing an approved and accredited food safety certification examination.

(h) On or before March 1, 1999, enforcement agencies shall notify all permitted food facilities subject to this section of the new legal obligation imposed by this section and provide to them the names and contact addresses for all approved and accredited food safety certification examinations.

(i) The food safety certification examination shall include, but need not be limited to, the following elements of knowledge:

(1) Foodborne illness, including terms associated with foodborne illness, microorganisms, hepatitis A, and toxins that can contaminate food and the illness that can be associated with contamination, definition and recognition of potentially hazardous foods, chemical, biological, and physical contamination of food, and the illnesses that can be associated with food contamination, and major contributing factors for foodborne illness.

(2) The relationship between time and temperature with respect to foodborne illness, including the relationship between time and temperature and microorganisms during the various food handling, preparation, and serving states, and the type, calibration, and use of thermometers in monitoring food temperatures.

(3) The relationship between personal hygiene and food safety, including the association of hand contact, personal habits and behaviors, and food worker health to foodborne illness, and the recognition of how policies, procedures, and management contribute to improved food safety practices.

(4) Methods of preventing food contamination in all stages of food handling, including terms associated with contamination and potential hazards prior to, during, and after delivery.

(5) Procedures for cleaning and sanitizing equipment and utensils.

(6) Problems and potential solutions associated with facility and equipment design, layout, and construction.

(7) Problems and potential solutions associated with temperature control, preventing cross-contamination, housekeeping, and maintenance.

(j) (1) Except as otherwise provided in paragraph (2), the following food safety certification examinations shall be deemed to be approved and accredited for purposes of this section:

(A) The ServSafe Serving Safe Food Certification Examination.

(B) The Chauncey Group International Food Protection Certification Examination.

(C) The National Assessment Institute's Certified Professional Food Manager Examination.

(D) Professional Testing, Inc.

(E) Dietary Managers' Association.

(2) (A) On or before January 1, 2000, the department, in consultation with the California Conference of Directors of Environmental Health (CCDEH), the Conference for Food Protection, representatives of the retail food industry, and other interested parties, shall develop regulations to approve and accredit additional equivalent food safety certification examinations and to disapprove and eliminate accreditation of food safety certification examinations.

(B) Commencing January 1, 1999, at least one of the accredited statewide food safety certification examinations shall cost no more than sixty dollars ($60), including the certificate. However,

commencing January 1, 2000, the department may adjust the cost of food safety certification examinations to reflect actual expenses incurred in producing and administering the food safety certification examinations required under this section. If a food safety certification examination is not available at the price established by the department, the certification and recertification requirements relative to food safety certification examinations imposed by this section shall not apply.

(k) (1) For purposes of this section, a food facility includes only the following:

(A) A food establishment, as defined in Section 113780, at which unpackaged foods are prepared, handled, or served.

(B) A mobile food preparation unit, as defined in Section 113815.

(2) Notwithstanding paragraph (1), this section shall not apply to the premises of a licensed winegrower or brandy manufacturer utilized for winetastings conducted pursuant to Section 23356.1 of the Business and Professions Code of wine or brandy produced or bottled by, or produced and packaged for, that licensee.

(3) Notwithstanding paragraph (1), this section shall not apply to a food facility operated by a school district, county office of education, or community college district if the district or office elects to be regulated by the food safety program of the city, county, or city and county in which the school district, county office of education, or community college district is located.

(*l*) For purposes of this section, the following definitions apply:

(1) "Food safety program" means any city, county, or city and county program that requires, at a minimum, either of the following:

(B) Individuals to pass a food safety certification examination.

(2) "Food handler program" means any city, county, or city and county program that requires that all or a substantial portion of the employees of a food facility who are involved in the preparation, storage, service, or handling of food products, engage in food safety training or pass a food safety certification examination, or both.

(m) (1) Any provisions of a food safety program in effect prior to January 1, 1999, that require training or a certification examination, or both, shall be deemed to satisfy the requirements of this chapter until January 1, 2001, at which time these provisions shall fully conform with the requirements of this chapter. However, all provisions of a food safety program in effect prior to January 1, 1999, that do not pertain to training or a certification program shall conform with the requirements of this chapter by January 1, 2000.

(2) On and after January 1, 1999, a food safety program that was not in effect prior to that date may not be enacted, adopted, implemented, or enforced, unless the program fully conforms with the requirements of this chapter.

(n) No city, county, or city and county may enact, adopt, implement, or enforce any requirement that any food facility or any person certified pursuant to this section do any of the following:

(1) Obtain any food safety certificate or other document in addition to the certificate required by this section.

(2) Post, place, maintain, or keep the certificate required by this section other than as specified in subdivision (e).

(3) Pay any fee or other sum as a condition for having a certificate verified, validated, or otherwise processed by the city, county, or city and county.

(o) Certification conferred pursuant to this chapter shall be recognized throughout the state. Nothing in this chapter shall be construed to prohibit any local enforcement agency from implementing or enforcing a food handler program, as defined in paragraph (2) of subdivision (*l*) that took effect prior to January 1, 1998, but only in the form in which the program existed prior to January 1, 1998.

(p) Notwithstanding Section 113935, a violation of this section shall not constitute a misdemeanor, but shall constitute grounds for permit suspension or revocation, in accordance with Article 5 (commencing with Section 113950).

Effective January 1, 2000, the person or organization in control of the event shall submit a permit application and a site plan to the local enforcement agency at least two weeks prior to the event. The site plan shall show the proposed locations of the temporary food facilities, restrooms, and all shared utensil washing, hand washing, and janitorial facilities.

(a) Notwithstanding Section 113995, during operating hours of the temporary food facility, potentially hazardous food may be held at a temperature not to exceed 7 degrees Celsius (45 degrees Fahrenheit) for up to 12 hours in any 24-hour period. At the end of the operating day, potentially hazardous food that has been held in accordance with this subdivision shall be placed in refrigeration units that maintain the food at or below 5 degrees Celsius (41 degrees Fahrenheit) or the food shall be destroyed in a manner approved by the local enforcement agency.

(b) At the end of the operating day potentially hazardous food that is held at or above 60 degrees Celsius (140 degrees Fahrenheit) shall be either destroyed in a manner approved by the local enforcement agency or donated in accordance with Article 19 (commencing with Section 114435), but may not be reserved in a food facility.

(d) Additional liquid waste tank capacity may be required where liquid waste production or spillage is likely to occur.

(e) Any connection to a liquid waste holding tank shall preclude the possibility of contaminating any food, food contact surface, or utensils.

114327. Open-air barbecue facilities may be operated adjacent only to those temporary food facilities that are permitted to handle the types of foods to be prepared on the barbecue and with the approval of the local enforcement officer and subject to the requirements of Article 9 (commencing with Section 114185). All other cooking equipment shall be installed and operated in compliance with all applicable local building and fire codes.

114328. Based upon local environmental conditions, location, and other similar factors, the enforcement officer may establish additional structural or operational requirements, or both, as necessary to ensure that foods are of a safe and sanitary quality.

The sink compartments and drainboards shall be large enough to accommodate the largest utensil or piece of equipment to be cleaned in the sink. The sink shall be provided with hot and cold running water from a mixing valve. The sink shall be located within each temporary food facility, except that one sink may be shared by no more than four temporary food facilities that handle only nonprepackaged nonpotentially hazardous food, if the sink is centrally located and is adjacent to the sharing facilities. The local enforcement agency may allow utensil washing facilities other than those required by this section when it deems that utensils can still be handled in a safe and sanitary manner.

(g) Hand washing facilities, separate from the utensil washing sink, shall be provided. The hand washing facilities shall be located

within each temporary food facility, except that the facilities may be shared by no more than four temporary food facilities that handle only nonprepackaged nonpotentially hazardous food, if the facilities are centrally located and are adjacent to the sharing facilities. Each hand washing facility shall be equipped with hot and cold running water. Hand washing cleanser and single-use sanitary towels shall be provided in permanently installed dispensers at each hand washing facility. The local enforcement agency may allow hand washing facilities other than those required by this section when it deems that the alternate facilities are adequate.

(e) All garbage and rubbish shall be stored, and disposed of, in a manner approved by the enforcement officer.

(f) Notwithstanding Article 11 (commencing with Section 114250), vendors selling food adjacent to, and under the jurisdiction and management of, a certified farmers' market may store, display,

(g) Notwithstanding Section 113895, temporary food facilities may be operated as a separate event adjacent to, and in conjunction with, certified farmers' markets that are operated as a community event by a nonprofit organization or a local government agency. The organization in control of the event at which one or more temporary food facilities operate shall comply with Section 114314.

SEC. 11. The sum of one hundred thousand dollars ($100,000) is hereby appropriated from the General Fund to the State Department of Health Services for purposes of implementing paragraph (2) of subdivision (j) of Section 113716 of the Health and Safety Code, and for carrying out any other duties associated with the implementation of a statewide food safety program.

SEC. 12. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 721

An act to add and repeal Division 16 (commencing with Section 15000) of the Family Code, relating to family law information centers.

[Approved by Governor September 21, 1998. Filed with Secretary of State September 22, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Division 16 (commencing with Section 15000) is added to the Family Code, to read:

DIVISION 16. FAMILY LAW INFORMATION CENTERS

15000. (a) The Legislature finds and declares the following:

(1) A growing number of family law litigants are unrepresented in family law proceedings, and the primary reason for the lack of representation in these matters is their inability to afford legal assistance.

(2) The failure to have access to legal resources prevents low-income litigants from fully understanding their rights and remedies in family law proceedings, thereby restricting their access to justice.

(3) There is a compelling state interest in ensuring that all family law litigants better understand court procedures and requirements and all litigants have more meaningful access to family court.

(4) It is the public policy of this state to maximize the opportunity for low-income persons to receive fair and just treatment by the family court and to decrease inequities resulting from an unrepresented party's limited legal skills and knowledge.

(b) It is the intent of the Legislature to create information centers to help all low-income family law litigants better understand their obligations, rights, and remedies and to provide procedural information to enable them to better understand and maneuver through the family court system.

15010. (a) (1) It is the intent of the Legislature in enacting this section to establish a pilot project to be administered by the Judicial Council for the purpose of providing information to unrepresented low-income family law litigants.

(2) It is the intent of the Legislature, in creating this pilot project, to determine the most effective service delivery model to provide family law information and services to unrepresented litigants.

(3) It is the intent of the Legislature that all family law services available to litigants in the superior court of each county strive to adopt policies to most effectively coordinate their activities to ensure ease of access to unrepresented litigants and to avoid unnecessary duplication of services and administrative oversight by the Judicial Council or other oversight agencies.

(b) (1) The pilot project shall consist of three pilot project courts that shall be selected by the Judicial Council from those courts that apply to participate in the pilot project. No court shall be required to apply for the project.

(2) The pilot project courts shall establish a family law information center located in the superior court, that shall be supervised by an active member of the State Bar in good standing.

(3) In superior courts with a family law facilitator, the pilot project shall coordinate its services with the services of the family law facilitator, and in at least one pilot project court, the family law facilitator shall staff and provide the services of the family law information center.

(4) In selecting the three pilot project courts, the Judicial Council shall give priority to courts in counties that the Judicial Council determines are most underserved.

(5) The pilot project courts shall determine the composition and number of additional staff necessary to provide the services mandated by this section.

(c) The family law information center shall provide, to unrepresented low-income litigants, information and services, including, but not limited to, the following:

(1) Information as to the nature of various types of relief available through the family court, including restraining orders, marital dissolution or legal separation, paternity, child or spousal support, disposition of property, and child custody and visitation, and the method to seek that relief.

(2) Information as to the pleadings necessary to be filed for relief and instructions on the proper completion of those pleadings, including information as to the importance of the information called for by the pleadings.

(3) Information concerning the requirements for proper service of court papers.

(4) Assistance in preparing orders after court proceedings consistent with the court's announced orders.

(5) Information concerning methods of enforcing court orders in family law proceedings.

(6) The family law information center shall maintain a directory of community resources, including, but not limited to, low-cost legal assistance, counseling, domestic violence shelters, parenting education, mental health services, and job placement programs.

(7) The family law information center shall encourage parties to seek legal advice and assistance from an independent attorney.

(d) For purposes of this division, "low-income" shall mean individuals whose net monthly income, after deduction of mandatory court ordered payments, is 200 percent or less of the current monthly poverty line annually established by the Secretary of Health and Human Services pursuant to the Omnibus Budget Reconciliation Act of 1981, as amended. Family law litigants, prior to receiving the services of the family law information center, shall be required to sign a declaration attesting to their financial eligibility to receive those services. No other efforts to verify financial eligibility shall be necessary.

(e) The family law information center shall provide interpreter services, to the extent available in the pilot project courts, and allow

the use of translators to facilitate the services provided pursuant to subdivision (c).

(f) The Judicial Council shall promulgate guidelines for the operation of the family law information center in accordance with the Rules of Professional Conduct.

(g) The family law information center shall not represent any party. No attorney-client relationship is created between a party and the family law information center as a result of any information or services provided to the party by the family law information center pursuant to subdivision (c). The family law information center shall give conspicuous notice that no attorney-client relationship exists between the center, its staff, and the family law litigant.

(h) The family law information center, and all persons employed by or working with the family law information center, shall maintain the confidentiality of all information provided by or to any party in the course of carrying out the services described in subdivision (c). All persons employed by or working with the family law information center shall be required to sign a confidentiality agreement, to be drafted by the Judicial Council, to ensure the confidentiality of all communications. However, nothing in this section shall preclude the family law information center from providing information to multiple parties to the same case if the parties otherwise qualify for the services of the family law information center.

(i) The Judicial Council shall create any necessary forms to advise the parties of the types of services provided, that there is no attorney-client relationship, that the family law information center is not responsible for the outcome of any case, that the family law information center does not represent any party and will not appear in court on the party's behalf, and that the other party may also be receiving information and services from the family law information center.

(j) A pilot project court may contract with a private nonprofit entity to staff and provide the services of the family law information center, however, the family law information center must be located, and the services provided, in the superior court.

(k) The Judicial Council shall conduct an evaluation of the pilot project and shall report to the Legislature, no later than March 1, 2002, on the success of the pilot project. The evaluation shall include outcome measures that address increased access to the courts for low-income litigants and any reduced burden on the courts by having the services of the family law information center available. The evaluation shall include an assessment of the number of people using the services of the family law information center, categorized by gender and by type of information sought, including information regarding marital dissolution, paternity, or domestic violence prevention proceedings, or relating to child custody, visitation, child support, or spousal support. The evaluation shall also assess the frequency with which people seek information from the family law

information center to initiate an action or to respond to an action. The pilot project shall be deemed a success if, among other things, the pilot project court assists at least 100 low-income family law litigants in each year of its operation, a majority of the judges surveyed in the pilot project court believe the family law information center helps to expedite family law cases with pro per litigants, and a majority of the persons using the family law information center evaluate the services of the family law information center favorably.

15012. This division shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute deletes or extends that date.

CHAPTER 722

An act to add Sections 8279.2 and 8285.1 to the Education Code, relating to child care.

[Approved by Governor September 21, 1998. Filed with Secretary of State September 22, 1998.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Superintendent of Public Instruction shall take steps necessary to increase the capacity of the child care system, including, but not limited to the following:

(1) Encouraging contracting agencies to develop and maintain child care spaces during nontraditional times, including at night and on weekends.

(2) Encouraging contracting agencies to expand the capacity for infant care.

(3) Encouraging contracting agencies to expand capacity, particularly in geographic areas with high need and limited resources.

(b) The State Department of Education shall coordinate with the State Department of Social Services to prepare and present an interim report by March 31, 1999, and a final report by December 31, 1999, to the Joint Legislative Budget Committee and Department of Finance that defines the strategies, results, and effectiveness of recent expenditures and allocations for building capacity for the state's child care needs, including, but not limited to, the amounts and kinds of capacity increased by those efforts, barriers found in preventing increased capacity, and recommendations for overcoming those barriers. The report shall include recommended best practices for future capacity building activities specific to the types of care in shortest supply, such as infant and toddler care, schoolage care, care in underserved areas, and nontraditional hours care. This report shall also include the results of current pilot studies

involving training CalWORKs recipients as licensed family child care providers or licensed-exempt providers, and recommendations on the magnitude and role of both CalWORKs recipient training and license-exempt care in meeting future needs.

(c) It is the intent of the Legislature that any research activities undertaken by the State Department of Education pursuant to this section be funded by any federal funds appropriated to the State Department of Education for child care capacity-building efforts pursuant to Item 6110-196-0001 of the Budget Act of 1998.

SEC. 2. Section 8279.2 is added to the Education Code, to read:

8279.2. The Superintendent of Public Instruction shall publish the methodology and data used, including county-specific data if such data is used, for the allocation of all child care funds. The superintendent shall make available to the public, within 90 days of an allocation, the accounting information for the allocation. It is the intent of the Legislature to expedite the allocation of funds to the field as quickly as possible. Nothing in this section shall create a requirement for a public hearing on the allocation methodology prior to the issuance of a request for proposal.

SEC. 3. Section 8285.1 is added to the Education Code, to read:

8285.1. The Superintendent of Public Instruction may provide outreach services and technical assistance to new child care contracting agencies and to those providing child care during nontraditional times, in underserved geographic areas, and for children with special child care needs, including infants and toddlers under three years of age.

CHAPTER 723

An act to amend Section 11380.5 of the Health and Safety Code, relating to controlled substances, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 21, 1998. Filed with Secretary of State September 22, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 11380.5 of the Health and Safety Code is amended to read:

(2) For the purposes of this section, a "public park or ocean-front beach" includes adjacent public parking lots and sidewalks.

(3) For the purposes of this section, "public library" means a library, or two or more libraries, operated by a single entity by one or more jurisdictions that serves the general public without distinction.

(b) The additional punishment provided in this section shall not be imposed unless the allegation is charged in the accusatory pleading and admitted by the defendant or found to be true by the trier of fact.

(c) The additional punishment provided in this section shall not be imposed in the event that any other additional punishment is imposed pursuant to Section 11353.1, 11353.5, 11353.6, 11353.7, or 11380.1.

(d) Notwithstanding any other provision of law, the court may strike the additional punishment provided for in this section if it determines that there are circumstances in mitigation of the additional punishment and states on the record its reasons for striking the additional punishment.

(e) This section shall apply to a public park , public library, or ocean-front beach only if the following conditions are satisfied:

(1) The city council , county board of supervisors, or special district board having jurisdiction over the public park , public library, or ocean-front beach adopts an ordinance designating the public park, public library, or ocean-front beach as a "drug-free zone" pursuant to this section.

(2) Notice of this law is posted at the public park , public library, or ocean-front beach.

(f) For purposes of this section, a "public park" includes a public swimming pool and a public youth center.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

CHAPTER 724

An act to add Sections 25350.75, 25350.85, 25350.95, 25350.105, and 25350.115 to, and to add and repeal Section 29530.6 of, the Government Code, to add and repeal Section 33670.95 of the Health and Safety Code, to add Section 96.165 to the Revenue and Taxation Code, and to add and repeal Section 2128.1 of the Streets and Highways Code, relating to local government finance, and making an appropriation therefor.

[Approved by Governor September 21, 1998. Filed with Secretary of State September 22, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 25350.75 is added to the Government Code, to read:

25350.75. (a) Prior to entering into an agreement to finance the lease or lease-purchase of property through the execution and delivery or issuance, as the case may be, of certificates of participation or lease revenue bonds, or at any time with respect to a financing agreement with respect to which an election has been made under Section 25350.7, the board of supervisors of a county of the second class may elect, by resolution, to guarantee payment under that financing agreement in accordance with the following:

(1) If the county elects to participate under this section, it shall provide notice to the Controller of that election, and the notice shall include a schedule for the payments to be made by the county under that financing agreement and identify a trustee appointed by the county for the purpose of this section.

(2) In the event that, for any reason, the funds available to the county will not be sufficient to make any payment under the financing agreement at the time that payment is required, the county shall so notify the trustee and deliver to the Controller a duly certified copy of the resolution of its board of supervisors adopted pursuant to Section 29530.6. The trustee shall immediately communicate that information to the affected holders of certificates of participation or bondholders and the Controller.

(3) When the Controller receives notice from the trustee, and a copy of the resolution from the county, as described in paragraph (2), or, after having adopted the resolution specified in paragraph (2), the county fails to make any payment under the financing agreement at the time that payment is required, the Controller shall make an apportionment to the trustee in the amount of that required payment for the purposes of making that payment. The Controller shall make that payment only from moneys to be transmitted to the county by the State Board of Equalization under Section 7204 of the Revenue and Taxation Code, that are derived from that portion of the sales and

use taxes imposed by the county in excess of 1 percent pursuant to Part 1.5 (commencing with Section 7200) of Division 3 of the Revenue and Taxation Code, and that are permitted to be deposited in the general fund of the county pursuant to Section 29530.6. The Controller shall thereupon reduce, by the amount of the payment, the subsequent amounts to which the county would be entitled under that section.

(b) As an alternative to the procedure set forth in paragraphs (2) and (3) of subdivision (a), the board of supervisors of a county of the second class may, on or after the date of adoption by the board of the resolution specified in Section 29530.6, provide a transfer schedule in a notice to the Controller and the State Board of Equalization of its election to participate under this section. The transfer schedule shall set forth the amounts to be transferred to the trustee and the date or dates for the transfers, and the Controller shall, subject to the limitation in the second and third sentences of paragraph (3) of subdivision (a), make apportionments to the trustee in those amounts on the specified date or dates for the purpose of making those transfers.

(c) If a county of the second class is no longer obligated for any period to make all or a portion of the payments with respect to the lease or lease-purchase financed through the execution and delivery or issuance, as the case may be, of certificates of participation or lease revenue bonds, the trustee shall so notify the affected holders of certificates of participation or bondholders, the Controller, and the State Board of Equalization. Upon receipt of the notification, the Controller shall cease making the transfers. If, after the giving of the notice, the obligation of the county to make payments with respect to the lease or lease-purchase financed through the execution and delivery or issuance of certificates of participation or lease revenue bonds is restored, the trustee shall so notify the affected holders of certificates of participation or bondholders, the Controller, and the State Board of Equalization. Upon receipt of the notification, the Controller shall resume making the transfers.

(d) Any election made by a county of the second class pursuant to this section shall be in addition to any other election made by the county pursuant to any other applicable provision of law to guarantee the obligation of the county to make payments with respect to the lease or lease-purchase of property financed through certificates of participation or lease revenue bonds.

SEC. 2. Section 25350.85 is added to the Government Code, to read:

25350.85. (a) Taxes collected by the State Board of Equalization pursuant to Section 7204 of the Revenue and Taxation Code, that are derived from that portion of the taxes imposed by a county of the second class in excess of 1 percent, pursuant to Part 1.5 (commencing with Section 7200) of Division 2 of the Revenue and Taxation Code, and that are permitted to be deposited in the general fund of a county

pursuant to paragraph (1) of subdivision (a) of Section 29530.6 shall be pledged, without the necessity for specific authorization of the pledge by the board of supervisors, to all certificates of participation or lease revenue bonds executed and delivered or issued, as the case may be, during the year 1996, including obligations executed and delivered or issued before 2010 to refund those certificates of participation or lease revenue bonds, to finance or refinance the lease or lease-purchase of property of the county and having a stated maturity of 20 years or more. Any refunding obligations shall not have a final maturity later than the final maturity of the refunded obligations. The amount so pledged with respect to any fiscal year of the county shall not exceed the amount to be paid in that fiscal year on those certificates or lease revenue bonds.

(b) The pledge of taxes pursuant to this section shall constitute a contract between a county of the second class and the owners of any of the certificates of participation or lease revenue bonds and shall be protected from impairment by the United States and California Constitutions. The state hereby covenants with the owners of any certificates of participation or lease revenue bonds entitled to the pledge granted by this section that, so long as any of the certificates of participation or lease revenue bonds entitled to the pledge granted by this section shall remain outstanding, (1) the provisions of Section 7202 which authorize the imposition of the taxes shall not be repealed and (2) the provisions of paragraph (1) of subdivision (a) of Section 29530.6 shall not be repealed prior to July 1, 2011, nor shall either section be altered or amended prior to that date in any manner that would adversely affect the security of, or the ability of the county to pay, the principal of and interest on the certificates of participation or lease revenue bonds entitled to the pledge granted by this section. However, nothing precludes any alteration or amendment if and when adequate provision has been made by law for the protection from impairment of the contract represented by the certificates of participation or lease revenue bonds, and the right to so alter or amend is hereby reserved. The county may include this covenant of the state in the agreements or other documents underlying the certificates of participation or lease revenue bonds.

SEC. 3. Section 25350.95 is added to the Government Code, to read:

25350.95. (a) Prior to entering into an agreement to finance the lease or lease-purchase of property through the execution and delivery or issuance, as the case may be, of certificates of participation or lease revenue bonds, or at any time with respect to a financing agreement with respect to which an election has been made under Section 25350.9, the board of supervisors of a county of the second class may elect, by resolution, to guarantee payment under that financing agreement in accordance with the following:

(1) If a county elects to participate under this section, it shall provide notice to the Controller of that election, and the notice shall

include a schedule for the payments to be made by the county under that financing agreement and identify a trustee appointed by the county for the purpose of this section.

(2) In the event that, for any reason, the funds available to the county will not be sufficient to make any payment under the financing agreement at the time that payment is required, the county shall so notify the trustee. The trustee shall immediately communicate that information to the affected holders of certificates of participation or bondholders and to the Controller.

(3) When the Controller receives notice from the trustee as specified in paragraph (2) or the county fails to make any payment under the financing agreement at the time that payment is required, the Controller shall make an apportionment to the trustee in the amount of that required payment for the purpose of making that payment. The Controller shall make that payment only from moneys to be transmitted to the county by the State Board of Equalization under Section 7204 of the Revenue and Taxation Code, that are derived from that portion of the sales and use taxes imposed by the county pursuant to Part 1.5 (commencing with Section 7200) of Division 2 of the Revenue and Taxation Code, other than the portion of the taxes described in Section 29530.6, and shall thereupon reduce, by the amount of the payment, the subsequent amounts to which the county would be entitled under that section.

(b) As an alternative to the procedure set forth in paragraphs (2) and (3) of subdivision (a), the board of supervisors of a county may provide a transfer schedule in a notice to the Controller and the State Board of Equalization of its election to participate under this section. The transfer schedule shall set forth amounts to be transferred to the trustee and the date or dates for the transfers and the Controller shall, subject to the limitation in the second sentence of paragraph (3) of subdivision (a), make apportionments to the trustee in those amounts on the specified date or dates for the purpose of making those transfers.

(c) If the county is no longer obligated for any period to make all or a portion of the payments with respect to the lease or lease-purchase financed through the execution and delivery or issuance, as the case may be, of certificates of participation or lease revenue bonds, the trustee shall so notify the affected holders of certificates of participation or bondholders, the Controller, and the State Board of Equalization. Upon receipt of the notification, the Controller shall cease making the transfers. If after the giving of the notice, the obligation of the county to make payments with respect to the lease or lease-purchase financed through the execution and delivery or issuance of certificates of participation or lease revenue bonds is restored, the trustee shall so notify the affected holders of certificates of participation or bondholders, the Controller, and the State Board of Equalization. Upon receipt of the notification, the Controller shall resume making the transfers.

(d) Any election made by a county of the second class pursuant to this section shall be in addition to any other election made by the county pursuant to any other applicable provision of law to guarantee the obligation of the county to make payments with respect to the lease or lease-purchase of property financed through certificates of participation or lease revenue bonds.

SEC. 4. Section 25350.105 is added to the Government Code, to read:

25350.105. (a) Taxes collected by the State Board of Equalization pursuant to Section 7204 of the Revenue and Taxation Code, that are derived from the taxes imposed by a county of the second class pursuant to Part 1.5 (commencing with Section 7200) of Division 2 of the Revenue and Taxation Code, other than that portion of those taxes specified in Section 29530.6, shall be pledged, without the necessity for specific authorization of the pledge by the board of supervisors, to all certificates of participation or lease revenue bonds executed and delivered or issued, as the case may be, during the year 1996, including obligations executed and delivered or issued before 2010 to refund those certificates of participation or lease revenue bonds, to finance the lease or lease-purchase of property of the county and having a stated maturity of 20 years or more. Any refunding obligation shall not have a final maturity later than the final maturity of the refunded obligations. The amount so pledged with respect to any fiscal year of the county shall not exceed the amounts to be paid in the fiscal year on those certificates or lease revenue bonds.

(b) The pledge of taxes pursuant to this section shall constitute a contract between the county and the owners of any of the certificates of participation or lease revenue bonds and shall be protected from impairment by the United States and California Constitutions. The state hereby covenants with the owners of any certificates of participation or lease revenue bonds entitled to the pledge granted by this section that, as long as any of the certificates of participation or lease revenue bonds entitled to the pledge granted by this section shall remain outstanding, the provisions of Section 7202 of the Revenue and Taxation Code that authorize the imposition of the taxes shall not be repealed. However, nothing precludes any alteration or amendment if and when adequate provision has been made by law for the protection from impairment of the contract represented by the certificates of participation or lease revenue bonds, and the right to so alter or amend is hereby reserved. The county may include this covenant of the state in the agreements or other documents underlying the certificates of participation or lease revenue bonds.

SEC. 5. Section 25350.115 is added to the Government Code, to read:

25350.115. Notwithstanding any other provisions of this chapter, the sum of the amounts pledged with respect to any fiscal year

pursuant to Sections 25350.6, 25350.85, and 25350.105 shall not exceed the amounts to be paid in that fiscal year on the certificates of participation or lease revenue bonds entitled to the pledge described in those sections.

SEC. 6. Section 29530.6 is added to the Government Code, to read:

29530.6. (a) Notwithstanding any other provision of law, the board of supervisors for any county of the second class may, upon the adoption of a resolution approved by a majority of all of its members, unilaterally modify its contract with the State Board of Equalization, as described in Section 29530, to require that, except to the extent that subdivision (c) applies during any period, county sales and use tax revenues described in Section 29530 be deposited into the county general fund in the amounts specified in subdivision (b).

(b) The amounts specified in this subdivision are:

(1) Amounts equal to amounts required to be repaid pursuant to, or as a consequence of, the final determination described in paragraph (1) of subdivision (d).

(2) Amounts equal, on a monthly basis, to three million one hundred sixty-six thousand six hundred sixty-seven dollars ($3,166,667).

(c) (1) If a county has elected to guarantee payments of its obligations under an agreement to finance the lease or lease-purchase of property through the execution and delivery or issuance, as the case may be, of certificates of participation or lease revenue bonds pursuant to subdivision (a) of Section 25350.75, the amounts required to be deposited in the general fund of the county, in any month, pursuant to subdivision (a) shall be reduced by the amounts, if any, transferred by the Controller to the trustee for the certificates of participation or lease revenue bonds, pursuant to subdivision (a) of Section 25350.75.

(2) If a county has elected to guarantee its obligations under an agreement to finance the lease or lease-purchase of property through the execution and deliverance or issuance, as the case may be, of certificates of participation or lease revenue bonds pursuant to subdivision (b) of Section 25350.75, the amounts required to be deposited in the general fund of the county, in any month, pursuant to subdivision (a) shall be reduced by the amounts transferred by the Controller to the trustee for the certificates of participation or lease revenue bonds, pursuant to subdivision (b) of Section 25350.75.

(d) This section shall become operative:

(1) With respect to the amounts specified in paragraph (1) of subdivision (b) on the date that a court of appellate jurisdiction renders a final determination invalidating Chapter 746 of the Statutes of 1995 to the extent that the final determination requires repayment of the funds transferred under that chapter.

(2) With respect to the amounts specified in paragraph (2) of subdivision (b) beginning with the first month for which a deposit required to be made by subdivision (a) of Section 29530.5 is not made.

(e) In enacting this section, the Legislature intends that the provisions of this act shall not be utilized to justify reductions in existing bus and paratransit services.

(f) The modification authorized by this section is not applicable to the City of Laguna Beach.

(g) This section shall become inoperative on July 1, 2011, and, as of January 1, 2012, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2012, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 7. Section 33670.95 is added to the Health and Safety Code, to read:

33670.95. (a) The board of supervisors of a county of the second class may, upon adoption of a resolution or resolutions approved by a majority of all of its members, provide for the repayment by the county's redevelopment agency of its debt to the county for general and specific benefits previously provided by the county to redevelopment project areas within the county. Such resolution or resolutions may provide for the transfer of (1) amounts equal to four million dollars ($4,000,000) a year in two equal installments on June 15 and February 15 of each year and (2) such additional amounts, at such times as are specified in the resolution or resolutions, as may be necessary to assure full repayment of the debt, provided that those additional amounts shall not exceed, in the aggregate, the sum of any amounts required to be repaid by the county to the redevelopment agency pursuant to, or as a consequence of, the final determination described in subdivision (c).

(b) A redevelopment agency of a county of the second class shall not incur any obligation with respect to loans, advances of money, or indebtedness, whether funded, refunded, assumed, or otherwise, that would impair its ability to make the transfers described in subdivision (a) or that would cause those transfers to violate Section 16 of Article XVI of the California Constitution or subdivision (b) of Section 33670. Funds allocated to low- and moderate-income housing pursuant to Section 33334.2 shall not be used for purposes of this section.

(c) This section shall become operative on the earlier of the date that a court of appellate jurisdiction renders a final determination invalidating Chapter 745 of the Statutes of 1995 or the date of a court action suspending or preventing the operation of any provision of Chapter 745. This section shall become inoperative on July 1, 2016, and, as of January 1, 2017, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2017, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 8. Section 96.165 is added to the Revenue and Taxation Code, to read:

96.165. (a) Notwithstanding any other provision of this chapter, for each fiscal year for which this section is operative, the auditor for a county of the second class shall determine those amounts of ad valorem property tax revenue deemed allocated in the prior fiscal year to jurisdictions within that county in those amounts that would be determined if all of the following were true:

(1) Chapter 745 of the Statutes of 1995 had not been enacted.

(2) The amount of ad valorem property tax revenue allocated in the 1995–96 fiscal year to a flood control district or a harbors, beaches, and parks fund was reduced by four million dollars ($4,000,000).

(3) The amount of ad valorem property tax revenue allocated in the 1995–96 fiscal year was increased by the total amount of the reductions specified by paragraph (2).

(b) (1) For the fiscal year after the last fiscal year for which this section is operative, the auditor for a county of the second class shall allocate ad valorem property tax revenues to jurisdictions within the county in those amounts that would be determined if subdivision (a) had never applied to any preceding fiscal year.

(2) Notwithstanding any other provision of this section, no action shall be taken pursuant to this section that adversely affects any flood control project with respect to the Santa Ana River.

(c) This section is operative for each fiscal year beginning after the date on which a court of appellate jurisdiction renders a final determination invalidating Chapter 745 of the Statutes of 1995, and is inoperative for each fiscal year beginning after the date on which the Department of Finance determines that the amounts of property tax revenue transfers to a county of the second class made pursuant to Chapter 745 of the Statutes of 1995, and not repaid, together with the amounts of property tax revenue transfers to a county of the second class made pursuant to this section, equal the amounts of property tax revenue transfers to a county of the second class that would have been made pursuant to Chapter 745 of the Statutes of 1995 had it remained in full force and effect.

SEC. 9. Section 2128.1 is added to the Streets and Highways Code, to read:

2128.1. (a) Notwithstanding any other provision of this chapter, the apportionments that would be made to a county of the second class under this chapter shall be apportioned as follows:

(1) The Orange County Transportation Authority shall be paid one million nine hundred sixteen thousand six hundred sixty-seven dollars ($1,916,667) during each calendar month commencing with the month following the operative month, and ending June 2013.

(2) All remaining apportionments shall be paid to the county of the second class at the time each apportionment would have otherwise been made to the county.

(b) From its general fund, a county of the second class shall make to the Orange County Transportation Authority those payments equal to amounts required to be repaid pursuant to or as a

consequence of a final determination rendered by a court of appellate jurisdiction that Section 2128 is invalid.

(c) This section shall become operative on the date of the final determination that Section 2128 is invalid, and shall become inoperative on June 30, 2013, and as of January 1, 2014, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2014, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 10. The Legislature finds and declares that a general statute within the meaning of Section 16 of Article IV of the California Constitution cannot be made applicable due to the uniquely severe fiscal crisis suffered by the County of Orange, and, therefore, this special statute is necessary.

SEC. 11. The provisions of this act are severable. If any provision of this act or its application is held invalid, that invalidity shall not affect other provisions or applications that can be given effect without the invalid provision or application.

SEC. 12. Sections 1 through 5 of this act shall become operative on the date that a court of appellate jurisdiction renders a final determination invalidating, in whole or in part, Chapter 746 of the Statutes of 1995.

SEC. 13. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district are the result of a program for which legislative authority was requested by that local agency or school district, within the meaning of Section 17556 of the Government Code and Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 725

An act to amend Sections 1810.7 and 1857 of the Insurance Code, relating to insurance.

[Approved by Governor September 21, 1998. Filed with Secretary of State September 22, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 1810.7 of the Insurance Code is amended to read:

1810.7. (a) In order to be eligible to take the examination required to be licensed under this chapter, the applicant shall have

completed not less than 12 hours of classroom education in subjects pertinent to the duties and responsibilities of a bail licensee, including, but not limited to, all laws and regulations related thereto, rights of the accused, and ethics. Additionally, a licensee shall complete annually not less than six hours of continuing classroom education in these subjects prior to renewal of his or her license. This continuing education requirement shall not include a written examination.

(b) The commissioner shall biennially approve or disapprove one or more statewide professional organizations or other providers familiar with bail law to provide education for licensure as required by this section. The commissioner may, at any time, disapprove any provider who is not qualified or whose course outlines are not approved, who is not of good business reputation, or who is lacking in integrity, honesty, or competency. The commissioner shall biennially approve or disapprove the course outlines and schedule of classes to be provided.

(c) The statewide professional organization or other providers responsible for providing education for licensure under this chapter shall consult with the California State Sheriffs' Association, the California District Attorneys Association, the California Advisory Board of Surety Agents, and the California Bail Agents Association, prior to submission of the course outlines for approval by the commissioner. The bail license fee shall be increased, the amount of which shall be determined by the commissioner, which shall be deposited in the Insurance Fund for the purposes of recovering the administrative costs for meeting the conditions and purposes of this section. Providers of education or continuing education shall offer courses to all applicants at the same course fees.

(d) Any person who falsely represents to the commissioner that compliance with this section has been met shall be subject, after notice and hearing, to the penalties and fines set out in Section 1814.

(e) A licensee shall not be required to comply with the continuing education requirements of this section if the licensee submits proof satisfactory to the commissioner that he or she has been a licensee in good standing for 30 continuous years in this state and is 70 years of age or older.

(f) The commissioner may make reasonable rules and regulations necessary, advisable, and convenient for the administration and enforcement of this chapter.

SEC. 2. Section 1857 of the Insurance Code is amended to read:

1857. (a) Every insurer or advisory organization and every group, association, or other organization of insurers that engages in joint underwriting or joint reinsurance shall maintain reasonable records, of the type and kind reasonably adapted to its method of operation, of its experience or the experience of its members and of the data, statistics, or information collected or used by it in connection with the rates, rating plans, rating systems, underwriting

rules, policy or bond forms, surveys, or inspections made or used by it so that those records will be available at all reasonable times to enable the commissioner to determine whether that organization, insurer, group, or association, and, in the case of an insurer, every rate, rating plan, and rating system made or used by it, complies with the provisions of this chapter applicable to it. The maintenance of those records in the office of an organization of which an insurer is a member or subscriber shall be sufficient compliance with this section for any insurer maintaining membership or subscribership in that organization, to the extent that the insurer uses the rating plans, rating systems, or underwriting rules of that organization. The records shall be maintained in an office within this state or shall be made available for examination or inspection within this state by the commissioner at any time upon reasonable notice.

(b) There are established data advisory committees to assist the commissioner in making special calls for one or more lines or types of insurance to which this chapter applies that are commercial insurance as defined in Section 675.5 and to make available the types of reasonable records that subdivision (a) requires insurers, and advisory organizations to maintain and make available. No data advisory committee shall have any authority to veto, amend, or alter any request for the reporting of records or information by the commissioner, but shall only provide advice to the commissioner relative to methods and efficiency in the collection of records and information as set forth in subdivision (c).

(c) Each data advisory committee shall review all proposed industrywide requests for records and information by the commissioner at least one time but shall not review substantially the same request made on a recurring or ad hoc basis in the future. No later than 10 business days after receipt of each proposal, the data advisory committee may advise the commissioner as to both of the following:

(1) Whether the desired records and information are already available in other forms or are being maintained by one or more insurance advisory organizations that may be able to provide the records and information to the commissioner on a more efficient and cost-effective basis.

(2) Whether the format and contents of the proposal are likely to elicit useful information and make recommendations as to changes in the format or contents of the proposal.

If the data advisory committee cannot reach unanimous agreement on its advice to the commissioner, any member may provide his or her own advice. Any written advice to the commissioner by the advisory committee and by individual members shall be submitted simultaneously.

(d) Each data advisory committee shall consist of the following members:

(1) The commissioner or his or her representative.

(2) A representative of the department's statistical unit.

(3) No more than three representatives from advisory organizations operating under this article that maintain insurer records for the lines or types of insurance that are the subject of the call.

(4) Three representatives from various sizes of insurers chosen by the commissioner that underwrite diverse risks for the lines or types of insurance that are subject to the call.

(5) At least one but not more than two qualified consumer representatives chosen by the commissioner. As used in this section, "qualified consumer representative" means a person who has experience with the collection, use, and analysis of insurance data and who can show that he or she represents the interests of consumers as demonstrated by, but not limited to, a history of that type of representation in administrative, legislative, or judicial proceedings.

Any group, association, or insurer that represents persons described in paragraphs (1) to (5), inclusive, may submit to the commissioner the names of those persons for consideration of appointment to the advisory committee.

(e) Each data advisory committee shall meet telephonically. Members of an advisory committee shall receive no compensation.

(f) An insurer may fulfill any obligation to maintain, record, or report information under Article 6.5 (commencing with Section 1857.7) by reporting records required by subdivision (a) to an advisory organization that maintains the insurer's records with those records of other insurers and reports the aggregate records of insurers to the department according to reasonable schedules approved by the commissioner. The aggregate reports shall be made available by the commissioner for public inspection at the department, but shall not disclose the information of an individual insured, insurer, or insurer group.

(g) Upon a request made by any person to the commissioner in conjunction with an insurer's pending rate application, the advisory organization shall, within five business days, send to the commissioner the information in its possession regarding the individual insurer that Article 6.5 (commencing with Section 1857.7) specifically requires to be submitted with those filings. The information sent to the commissioner under this subdivision shall be available for public inspection at the department.

(h) Except as otherwise permitted or required by this section, no advisory organization shall provide an individual insurer's information to any other insurer, person, or organization, other than rates, rating systems, and rating plans that have been filed with the commissioner and are available for public inspection at the department.

(i) The commissioner may adopt rules necessary to implement this section.

(j) Nothing in subdivisions (b) to (i), inclusive, shall be construed to affect any of the following:

(1) Any authority granted to the commissioner under this code to obtain aggregate or individual insurer data or policy records from advisory organizations or insurers.

(2) Any industrywide data reporting requirements and standards that might exist in this chapter.

(3) The right of any person under any provision of this code, including Section 1861.07, to obtain and inspect at the department the aggregate or individual records of insurers maintained by advisory organizations.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 726

An act to amend Section 1275 of, and to add Section 1275.1 to, the Penal Code, relating to bail.

[Approved by Governor September 21, 1998. Filed with Secretary of State September 22, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 1275 of the Penal Code is amended to read:

1275. (a) In setting, reducing, or denying bail, the judge or magistrate shall take into consideration the protection of the public, the seriousness of the offense charged, the previous criminal record of the defendant, and the probability of his or her appearing at trial or hearing of the case. The public safety shall be the primary consideration.

In considering the seriousness of the offense charged, the judge or magistrate shall include consideration of the alleged injury to the victim, and alleged threats to the victim or a witness to the crime charged, the alleged use of a firearm or other deadly weapon in the commission of the crime charged, and the alleged use or possession of controlled substances by the defendant.

(b) In considering offenses wherein a violation of Chapter 6 (commencing with Section 11350) of Division 10 of the Health and Safety Code is alleged, the judge or magistrate shall consider the following: (1) the alleged amounts of controlled substances involved in the commission of the offense, and (2) whether the defendant is currently released on bail for an alleged violation of Chapter 6 (commencing with Section 11350) of Division 10 of the Health and Safety Code.

(c) Before a court reduces bail below the amount established by the bail schedule approved for the county, in accordance with subdivisions (b) and (c) of Section 1269b, for a person charged with a serious felony, as defined in subdivision (c) of Section 1192.7, or a violent felony, as defined in subdivision (c) of Section 667.5, the court shall make a finding of unusual circumstances and shall set forth those facts on the record. For purposes of this subdivision, "unusual circumstances" does not include the fact that the defendant has made all prior court appearances or has not committed any new offenses.

SEC. 2. Section 1275.1 is added to the Penal Code, to read:

1275.1. (a) Bail, pursuant to this chapter, shall not be accepted unless a judge or magistrate finds that no portion of the consideration, pledge, security, deposit, or indemnification paid, given, made, or promised for its execution was feloniously obtained.

(b) A hold on the release of a defendant from custody shall only be ordered by a magistrate or judge if any of the following occurs:

(1) A peace officer, as defined in Section 830, files a declaration executed under penalty of perjury setting forth probable cause to believe that the source of any consideration, pledge, security, deposit, or indemnification paid, given, made, or promised for its execution was feloniously obtained.

(2) A prosecutor files a declaration executed under penalty of perjury setting forth probable cause to believe that the source of any consideration, pledge, security, deposit, or indemnification paid, given, made, or promised for its execution was feloniously obtained. A prosecutor shall have absolute civil immunity for executing a declaration pursuant to this paragraph.

(3) The magistrate or judge has probable cause to believe that the source of any consideration, pledge, security, deposit, or indemnification paid, given, made, or promised for its execution was feloniously obtained.

(c) Once a magistrate or judge has determined that probable cause exists, as provided in subdivision (b), a defendant bears the burden by a preponderance of the evidence to show that no part of any consideration, pledge, security, deposit, or indemnification paid, given, made, or promised for its execution was obtained by felonious means. Once a defendant has met such burden, the magistrate or judge shall release the hold previously ordered and the defendant shall be released under the authorized amount of bail.

(d) The defendant and his or her attorney shall be provided with a copy of the declaration of probable cause filed under subdivision (b) no later than the date set forth in Section 825.

(e) Nothing in this section shall prohibit a defendant from obtaining a loan of money so long as the loan will be funded and repaid with funds not feloniously obtained.

(f) At the request of any person providing any portion of the consideration, pledge, security, deposit, or indemnification paid, given, made, or promised for its execution, the magistrate or judge, at an evidentiary hearing to determine the source of the funds, may close it to the general public to protect the person's right to privacy in his or her financial affairs.

(g) If the declaration, having been filed with a magistrate or judge, is not acted on within 24 hours, the defendant shall be released from custody upon posting of the amount of bail set.

(h) Nothing in this code shall deny the right of the defendant, either personally or through his or her attorney, bail agent licensed by the Department of Insurance, admitted surety insurer licensed by the Department of Insurance, friend, or member of his or her family from making an application to the magistrate or judge for the release of the defendant on bail.

(i) The bail of any defendant found to have willfully misled the court regarding the source of bail may be increased as a result of the willful misrepresentation. The misrepresentation may be a factor considered in any subsequent bail hearing.

(j) If a defendant has met the burden under subdivision (c), and a defendant will be released from custody upon the issuance of a bail bond issued pursuant to authority of Section 1269 or 1269b by any admitted surety insurer or any bail agent, approved by the Insurance Commissioner, the magistrate or judge shall vacate the holding order imposed under subdivision (b) upon the condition that the consideration for the bail bond is approved by the court.

(k) As used in this section, "feloniously obtained" means any consideration, pledge, security, deposit, or indemnification paid, given, made, or promised for its execution which is possessed, received, or obtained through an unlawful act, transaction, or occurrence constituting a felony.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative

on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 727

An act to add Sections 2418 and 2418.1 to the Vehicle Code, relating to vehicles.

[Approved by Governor September 21, 1998. Filed with Secretary of State September 22, 1998.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the California North American Free Trade Agreement (NAFTA) Conformity Act.

SEC. 2. The Legislature finds and declares that there is a concern that under the North American Free Trade Agreement commercial vehicles from Mexico will be permitted on California highways without being required to meet proper safety and pollution standards.

SEC. 3. Section 2418 is added to the Vehicle Code, to read:

2418. The department shall adopt reasonable rules and regulations to ensure that all foreign commercial vehicles entering into, and operating within, this state meet those standards already in effect for other commercial vehicles and shall address, but not be limited to, the following concerns:

(a) Vehicle maintenance.

(b) Maximum hours of service for drivers.

(c) Insurance.

(d) Enforcement of criminal, civil, and administrative actions, including, but not limited to, impoundment of vehicles for second or subsequent violations of rules and regulations adopted under this section.

SEC. 4. Section 2418.1 is added to the Vehicle Code, to read:

2418.1. For purposes of enforcing the provisions of Section 2418, the department and the State Air Resources Board shall, to the maximum extent possible, conduct vehicle safety and emissions inspections at the California-Mexican border crossings. Inspections shall be conducted at the Otay Mesa and Calexico commercial vehicle inspection facilities operated by the department and at other random roadside locations as determined by the department, in consultation with the board. Inspections for safety and emissions shall be consistent with the inspection procedures specified in Title 13 (commencing with Section 2175) of the California Code of Regulations as they pertain to vehicle inspections.

SEC. 5. Sections 3 and 4 of this act shall become operative only if funds are appropriated in the Budget Act of 1998 to carry out those provisions of the act.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 728

An act to amend Section 1585.2 of the Health and Safety Code, relating to health facilities.

[Approved by Governor September 21, 1998. Filed with Secretary of State September 22, 1998.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares all of the following:

(1) Today's long-term health care facilities must adapt their services to a broader range of individuals with more divergent and complex health care needs.

(2) Facilities are constantly exploring ways to attract qualified medical professionals such as physicians and dentists into their buildings to care for these medically complex patients.

(3) To aid in the transition to this higher acuity patient population, long-term health care facilities must be able to appeal to medical professionals by providing more diversified service opportunities for them within the facility setting.

(4) Physicians have expressed a greater willingness to work in long-term health care facilities if they have the ability to provide different health care services to a larger more diverse clientele.

(b) It is the intent of the Legislature in enacting the act adding this section to authorize long-term health care facilities licensed to provide adult day health care to provide adult day health care within their facility, thereby permitting these long-term health care facilities to attract more medical professionals into their buildings

and provide more diversified services to their patient population and surrounding community.

SEC. 2. Section 1585.2 of the Health and Safety Code is amended to read:

1585.2. (a) Any operator of a health facility licensed to provide adult day health care under this chapter shall provide that adult day health care as a separate program as determined by the State Department of Health Services.

(b) Any operator of a clinic or community care facility licensed to provide adult day health care under this chapter shall provide that adult day health care as an independent program that is located in a separate, freestanding facility or in a distinct part of the clinic or community care facility.

(c) The State Department of Health Services and the State Department of Social Services shall together explore the feasibility of a dual licensure process for combined adult day health care and social day care centers. A report shall be submitted to the Legislature regarding the feasibility of a single survey process. The State Department of Health Services shall have the primary responsibility for the development of this report.

SEC. 3. Section 1585.2 of the Health and Safety Code is amended to read:

1585.2. (a) Any operator of a health facility licensed to provide adult day health care under this chapter shall provide that adult day health care as a separate program as determined by the State Department of Health Services.

(b) Any operator of a clinic or community care facility licensed to provide adult day health care under this chapter shall provide that adult day health care as an independent program that is located in a separate, freestanding facility or in a distinct part of the clinic or community care facility.

SEC. 4. Section 3 of this bill incorporates amendments to Section 1585.2 of the Health and Safety Code proposed by both this bill and AB 1817. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1999, (2) each bill amends Section 1585.2 of the Health and Safety Code, and (3) this bill is enacted after AB 1817, in which case Section 2 of this bill shall not become operative.

CHAPTER 729

An act to add Sections 1531.2 and 1584 to the Health and Safety Code, relating to day care centers.

[Approved by Governor September 21, 1998. Filed with Secretary of State September 22, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 1531.2 is added to the Health and Safety Code, to read:

1531.2. (a) Upon the filing by the department of emergency regulations with the Secretary of State, an adult day care facility or an adult day support center, as defined in Division 6 of Title 22 of the California Code of Regulations, or Sections 1502 and 1502.2, that provides care and supervision for adults with Alzheimer's disease and other dementias may install for the safety and security of these persons secured perimeter fences or egress control devices of the time-delay type on exit doors if they meet all of the requirements for additional safeguards required by those regulations. The initial adoption of new emergency regulations on and after January 1, 1999, shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare.

(b) As used in this section, "egress control device" means a device that precludes the use of exits for a predetermined period of time. An egress control device shall not delay any client's departure from the facility for longer than 30 seconds. Facility staff may attempt to redirect a client who attempts to leave the facility.

(c) A facility that installs an egress control device pursuant to this section shall meet all of the following requirements:

(1) The facility shall be subject to all fire and building codes, regulations, and standards applicable to adult day care facilities and adult day support centers using egress control devices or secured perimeter fences and before using an egress control device shall receive a fire clearance from the fire authority having jurisdiction for the egress control devices.

(2) The facility shall require any client entering the facility to provide documentation of a diagnosis by a physician of Alzheimer's disease or other dementias, if such a diagnosis has been made. For purposes of this section, Alzheimer's disease shall include dementia and related disorders that increase the tendency to wander, decrease hazard awareness, and decrease the ability to communicate.

(3) The facility shall provide staff training regarding the use and operation of the egress control devices used by the facility, the protection of clients' personal rights, wandering behavior and acceptable methods of redirection, and emergency evacuation procedures for persons with dementia.

(4) All admissions to the facility shall continue to be voluntary on the part of the client or with the lawful consent of the client's conservator or a person who has the authority to act on behalf of the client. Persons who have the authority to act on behalf of a client may include the client's spouse, relative or relatives, or designated care giver or care givers.

(5) Any client entering a facility pursuant to this section who does not have a conservator or does not have a person with the authority to act on his or her behalf shall sign a statement of voluntary entry. The facility shall retain the original statement in the client's file at the facility.

(6) The use of egress control devices or secured perimeter fences shall not substitute for adequate staff. Staffing ratios shall at all times meet the requirements of applicable regulations.

(7) Emergency fire and earthquake drills shall be conducted at least once every three months, or more frequently as required by a county or city fire department or local fire prevention district. The drills shall include all facility staff and volunteers providing client care and supervision.

(8) The facility shall develop a plan of operation approved by the department that includes a description of how the facility is to be equipped with egress control devices that are consistent with regulations adopted by the State Fire Marshal pursuant to Section 13143. The plan shall include, but not be limited to, all of the following:

(A) A description of how the facility will provide training to staff regarding the use and operation of the egress control device utilized by the facility.

(B) A description of how the facility will ensure the protection of the residents' personal rights consistent with Sections 4502, 4503, and 4504 of the Welfare and Institutions Code.

(C) A description of the facility's emergency evacuation procedures for persons with Alzheimer's disease and other dementias.

(d) This section does not require an adult day care facility or an adult day support center to use secured perimeters or egress control devices in providing care for persons with Alzheimer's disease or other dementias.

(e) The department shall adopt regulations to implement this section in accordance with those provisions of the Administrative Procedure Act contained in Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(f) The State Fire Marshal may also adopt regulations to implement this section.

SEC. 2. Section 1584 is added to the Health and Safety Code, to read:

1584. (a) An adult day health care center that provides care for adults with Alzheimer's disease and other dementias may install for the safety and security of those persons secured perimeter fences or egress control devices of the time-delay type on exit doors.

(b) As used in this section, "egress control device" means a device that precludes the use of exits for a predetermined period of time. These devices shall not delay any participant's departure from the

center for longer than 30 seconds. Center staff may attempt to redirect a participant who attempts to leave the center.

(c) Adult day health care centers installing security devices pursuant to this section shall meet all of the following requirements:

(1) The center shall be subject to all fire and building codes, regulations, and standards applicable to adult day health care centers using egress control devices or secured perimeter fences and shall receive a fire clearance from the fire authority having jurisdiction for the egress control devices or secured perimeter fences.

(2) The center shall maintain documentation of diagnosis by a physician of a participant's Alzheimer's disease or other dementia.

(3) The center shall provide staff training regarding the use and operation of the egress control devices utilized by the center, the protection of participants' personal rights, wandering behavior and acceptable methods of redirection, and emergency evacuation procedures for persons with dementia.

An act to add Section 11466.24 to, and to add and repeal Section 16122.5 of, the Welfare and Institutions Code, relating to public social services.

[Approved by Governor September 21, 1998. Filed with Secretary of State September 22, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 11466.24 is added to the Welfare and Institutions Code, to read:

11466.24. (a) In accordance with this section, a county shall collect an overpayment, discovered on or after January 1, 1999, made to a foster family home, an approved home of a relative, or an approved home of a nonrelative legal guardian, for any period of time in which the foster child was not cared for in that home, unless any of the following conditions exist, in which case a county shall not collect the overpayment:

(1) The cost of the collection exceeds that amount of the overpayment that is likely to be recovered by the county. The cost of collecting the overpayment and the likelihood of collection shall be documented by the county.

(2) The child was temporarily removed from the home and payment was owed to the provider to maintain the child's placement.

(3) The overpayment was exclusively the result of a county administrative error or both the county welfare department and the provider were unaware of the information that would establish that the foster child was not eligible for foster care benefits.

(4) The provider did not have knowledge of, and did not contribute to, the cause of the overpayment.

(b) (1) After notification by a county of an overpayment to a foster family home, an approved home of a relative, or an approved home of a nonrelative legal guardian, and a demand letter for repayment, the foster parent, approved relative, or approved nonrelative legal guardian may request the county welfare department to review the overpayment determination in an informal hearing, or may file with the department a request for a hearing to appeal the overpayment determination. Requesting an informal hearing shall not preclude a payee from seeking a formal hearing at a later date. The county welfare department shall dismiss the overpayment repayment request if it determines the action to be incorrect through an initial review prior to a state hearing, or through a review in an informal hearing held at the request of the foster parent, relative, or nonrelative legal guardian.

(2) If a review does not result in the dismissal of the overpayment, or a hearing is not requested, or on the 30th day following a formal appeal hearing decision, whichever is later, foster family home overpayment shall be sustained for collection purposes.

(3) The department shall adopt regulations that ensure that the best interests of the child shall be the primary concern of the county welfare director in any repayment agreement.

(c) (1) The department shall develop regulations for recovery of overpayments made to any foster family home, approved home of a relative, or approved home of a nonrelative legal guardian. The regulations shall prioritize collection methods, that shall include

voluntary repayment agreement procedures and involuntary overpayment collection procedures. These procedures shall take into account the amount of the overpayment and a minimum required payment amount.

(2) A county shall not collect an overpayment through the use of an involuntary payment agreement unless a foster family home, an approved home of a relative, or an approved home of a nonrelative legal guardian has rejected the offer of a voluntary overpayment agreement, or has failed to comply with the terms of the voluntary overpayment agreement.

(3) A county shall not be permitted to collect an overpayment through the offset of payments due to a foster family home, an approved home of a relative, or an approved home of a nonrelative legal guardian unless this method of repayment is requested by the provider in a voluntary repayment agreement, or other circumstances defined by the department by regulation.

(d) If a provider is successful in its appeal of a collected overpayment, it shall be repaid the collected overpayment plus simple interest based on the Surplus Money Investment Fund.

(e) A county may not collect interest on the repayment of an overpayment.

(f) There shall be a one-year statute of limitations from the date upon which the county determined that there was an overpayment.

SEC. 2. Section 16122.5 is added to the Welfare and Institutions Code, to read:

16122.5. (a) Notwithstanding the limitations placed on payments in Section 16122, the state may, upon request by Sacramento County, provide supplemental payments to private adoption agencies that serve older children or children with special and significant needs whose adoption is unlikely without services from those adoption agencies. The cost of the supplemental payments shall be borne by the requesting county.

(b) Nothing in this section shall be construed to authorize or permit the displacement of existing county workers.

(c) This section shall become inoperative on July 1, 2001, and, as of January 1, 2002, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2002, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because this act provides for offsetting savings to local agencies or school districts that result in no net costs to the local agencies or school districts, within the meaning of Section 17556 of the Government Code.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative

on the same date that the act takes effect pursuant to the California Constitution.

Until a definition for that service has been issued, no advertisement for that service shall be disseminated. However, if a definition of a service has not been issued by a board or committee within 120 days of receipt of a request from a licensee, all those holding the license may advertise the service. Those boards and committees shall adopt or modify regulations defining what services may be advertised, the manner in which defined services may be advertised, and restricting advertising that would promote the inappropriate or excessive use of health services or commodities. A board or committee shall not, by regulation, unreasonably prevent truthful, nondeceptive price or otherwise lawful forms of advertising of services or commodities, by either outright prohibition or imposition of onerous disclosure requirements. However, any member of a board or committee acting in good faith in the adoption or enforcement of any regulation shall be deemed to be acting as an agent of the state.

(j) The Attorney General shall commence legal proceedings in the appropriate forum to enjoin advertisements disseminated or about to be disseminated in violation of this section and seek other appropriate relief to enforce this section. Notwithstanding any other provision of law, the costs of enforcing this section to the respective licensing boards or committees may be awarded against any licensee found to be in violation of any provision of this section. This shall not diminish the power of district attorneys, county counsels, or city attorneys pursuant to existing law to seek appropriate relief.

However, hazardous waste generated by a treatment unit treating waste pursuant to a permit-by-rule, by a unit which subsequently obtains a permit-by-rule, or other authorization pursuant to Section 25200.3 or 25201.5 is hazardous waste for purposes of this section.

(g) The fee imposed pursuant to this section shall be paid in accordance with Part 22 (commencing with Section 43001) of Division 2 of the Revenue and Taxation Code.

(h) (1) A generator who pays a hazardous waste generator inspection fee to a certified unified program agency, which is imposed as part of a single fee system and fee accountability program that are both in compliance with the requirements of Section 25404.5, shall be eligible for a refund of all, or part of, the generator fee paid pursuant to subdivision (a) if both of the following conditions apply:

(A) The generator received a credit pursuant to Section 43152.7 or 43152.11 of the Revenue and Taxation Code for fees paid for hazardous waste generated in 1996.

(B) The department certifies, pursuant to subdivision (b) of Section 25205.9, that funds are available to pay all or part of the refund.

(2) A generator who is eligible for a refund pursuant to paragraph (1) shall submit an application for that refund to the board by March 31 of the fiscal year during which the generator paid the generator fee pursuant to subdivision (a). An application for a refund postmarked after March 31 is void, shall not be processed by the board, and shall be returned to the applicant.

(i) (1) A generator who transfers hazardous materials to an offsite facility for recycling at that offsite facility or another offsite facility shall be eligible for a refund of all, or part of, the generator fee paid pursuant to subdivision (a) if all of the following conditions apply:

(A) The offsite facility to which the hazardous materials are manifested pays a facility fee pursuant to Section 25205.2.

(B) The amount of hazardous materials transferred to the offsite facility and recycled there, when deducted from the total tonnage of hazardous waste generated at the generator's site, results in the generator becoming eligible for a generator fee that is lower than the fee paid pursuant to subdivision (a).

(C) The hazardous materials transferred to the offsite facility are not burned in a boiler, industrial furnace, or an incinerator, as those terms are defined in Section 260.10 of Title 40 of the Code of Federal Regulations, used in a manner constituting disposal, or used to produce products that are applied to land.

(D) The department certifies, pursuant to subdivision (b) of Section 25205.9, that funds are available to pay all or part of the refund.

(2) A generator who is eligible for a refund pursuant to paragraph (1) shall submit an application for that refund to the board by March 31 of the fiscal year during which the generator paid the generator fee pursuant to subdivision (a). An application for a refund postmarked after March 31 is void, shall not be processed by the board, and shall be returned to the applicant.

(j) (1) The amendment of this section made by Chapter 1125 of the Statutes of 1991 does not constitute a change in, but is declaratory of, existing law.

(2) The amendment of subdivision (a) of this section made by Chapter 259 of the Statutes of 1996 does not constitute a change in, but is declaratory of, existing law.

SEC. 2. Section 25205.9 is added to the Health and Safety Code, to read:

25205.9. (a) On or before June 30 of each year, the department shall determine if there are surplus funds in the Hazardous Waste Control Account and shall, upon appropriation by the Legislature, allocate these surplus funds to pay refunds in the following order of priority:

(1) To pay refunds to generators pursuant to subdivision (c).

(2) To pay refunds to generators pursuant to subdivision (d). However, the department shall not pay refunds pursuant to subdivision (d) until all applications for refunds pursuant to subdivision (c) have first been paid.

(b) The department shall certify the amount of the surplus in the Hazardous Waste Control Account to the board and shall direct the board to pay refunds to generators pursuant to subdivisions (c) and (d) to the extent funds permit. If funds are not sufficient to pay all the refunds for which the board receives applications pursuant to

subdivision (h) of Section 25205.5, the department shall direct the board to pay refunds pursuant to subdivision (c) on a pro rata basis. If funds are sufficient to pay all refunds for which applications are received pursuant to subdivision (h) of Section 25205.5 but not sufficient to pay all refunds for which applications were received by the board pursuant to subdivision (i) of Section 25205.5, the department shall direct the board to pay refunds pursuant to subdivision (d) on a pro rata basis.

(c) (1) If the department certifies that there are sufficient funds to do so, the board shall issue refunds, in the manner directed by the department pursuant to subdivision (b), to hazardous waste generators who are eligible for refunds pursuant to paragraph (1) of subdivision (h) of Section 25205.5.

(2) The refund made to a generator pursuant to this subdivision shall not exceed the fee paid by the generator pursuant to Section 25205.5, or exceed the hazardous waste generator inspection fee paid to the certified unified program agency in the previous calendar year, whichever is less.

(3) The board may issue refunds pursuant to this section only if the department certifies, pursuant to subdivision (b), that funds for these refunds are available.

(d) (1) If the department certifies that there are sufficient funds to do so, the board shall issue refunds, in the manner directed by the department pursuant to subdivision (b), to hazardous waste generators who are eligible for refunds pursuant to paragraph (1) of subdivision (i) of Section 25205.5.

(2) The refund made to a generator pursuant to this subdivision shall be equal to the difference between the amount of the generator fee paid by the generator pursuant to Section 25205.5 and the amount the generator would have paid if the amount of hazardous materials transferred to an offsite facility for recycling had been deducted from the total tonnage of hazardous waste generated at the generator's site. However, if a generator receives a refund pursuant to subdivision (c), the generator may not receive a refund pursuant to this subdivision that exceeds the difference between the amount of the generator fee paid pursuant to Section 25205.5 and the amount of the refund received pursuant to subdivision (c).

(3) The board may issue refunds pursuant to this subdivision only if the department certifies, pursuant to subdivision (b), that funds for these refunds are available.

(e) For purposes of this section, "surplus" means the amount in the Hazardous Waste Control Account on June 30 of each year that is in excess of the reserve required by subdivision (k) of Section 25174.

The department shall review existing data requirements to eliminate unnecessary requirements and consolidate requirements which are

necessary. These requirements shall provide comparability between counties in reports.

(b) The department shall develop, in consultation with the Performance Outcome Committee pursuant to Section 5611, and with the Health and Welfare Agency, uniform definitions and formats for a statewide, nonduplicative client-based information system that includes all information necessary to meet federal mental health grant requirements and state and federal medicaid reporting requirements, as well as any other state requirements established by law. The data system, including performance outcome measures reported pursuant to Section 5613, shall be developed by July 1, 1992.

(c) Unless determined necessary by the department to comply with federal law and regulations, the data system developed pursuant to subdivision (b) shall not be more costly than that in place during the 1990–91 fiscal year.

(d) (1) The department shall develop unique client identifiers that permit development of client-specific cost and outcome measures and related research and analysis.

(2) The department's collection and use of client information, and the development and use of client identifiers, shall be consistent with clients' constitutional and statutory rights to privacy and confidentiality.

(3) Data reported to the department may include name and other personal identifiers. That information is confidential and subject to Section 5328 and any other state and federal laws regarding confidential client information.

(4) Personal client identifiers reported to the department shall be protected to ensure confidentiality during transmission and storage through encryption and other appropriate means.

The adoption of emergency regulations to implement this section that are filed with the Office of Administrative Law within one year of the date on which the act that added this subdivision took effect shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare and shall remain in effect for no more than 180 days.

SEC. 3. Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to timely implement the provisions of this act with regard to the new data collection system that is to be in place by July 1, 1998, and also to avoid dual data collection systems and unnecessary costs, it is necessary that this act take effect immediately.

(b) No municipal corporation owning or operating a public utility furnishing services for residential use to a tenant under an account established by the tenant shall seek to recover any charges or penalties for the furnishing of services to, or for the tenant's residential use from, any subsequent tenant or the property owner due to nonpayment of charges by a previous tenant. For this purpose, the term "subsequent tenant" shall not include any adult person who lived at the residence during the period that the charges or penalties accrued. The municipal corporation may collect a deposit from the tenant service applicant prior to establishing an account for the tenant. The municipal corporation may not require that service to

subsequent tenants be furnished on the account of the landlord or property owner unless the property owner voluntarily agrees to that requirement, nor may the municipal corporation refuse to furnish services to a tenant in the tenant's name based upon the nonpayment of charges by a previous tenant.

(c) A public utility subject to this section may not demand or receive security in an amount that exceeds twice the estimated average periodic bill or three times the estimated average monthly bill.

(d) In the event of tenant nonpayment of all or a portion of the bill, the deposit shall be applied to the final bill issued when service is terminated.

(e) This section shall not apply to master-metered apartment buildings.

SEC. 2. Section 10016 of the Public Utilities Code is repealed.

SEC. 3. Section 12811.1 of the Public Utilities Code is amended to read:

12811.1. (a) A district may, by resolution or ordinance, require the owner of record of real property within the district to pay the fees, tolls, rates, rentals, or other charges for services rendered to a lessee, tenant, or subtenant, and those fees, tolls, rates, rentals, and other charges that have become delinquent, together with interest and penalties thereon, are a lien on the property when a certificate is filed in the office of the county recorder pursuant to subdivision (b) and the lien has the force, effect, and priority of a judgment lien. No lien may be created under this section on any publicly owned property.

(b) A lien under this section attaches when the district files for recordation in the office of the county recorder a certificate specifying the amount of the delinquent fees, tolls, rates, rentals, or other charges together with interest and penalties thereon; the name of the owner of record of the property to which services were rendered by the district; and the legal description of the property. Within 30 days of receipt of payment of all amounts due, including recordation fees paid by the district, the district shall file for recordation a release of the lien.

(c) In filing any instrument for recordation under this section, the district shall pay the fees specified in Sections 27361 and 27361.4 of the Government Code.

(d) The remedies in this section are in addition to any other remedy provided by law.

(e) This section does not apply to delinquent fees or charges for the furnishing of water or sewer service to residential property or electrical service.

SEC. 4. Section 12811.5 of the Public Utilities Code is repealed.

SEC. 5. Section 12822.6 of the Public Utilities Code is amended to read:

12822.6. (a) The decision of a district to require a new residential applicant to deposit a sum of money with the district prior to establishing an account and furnishing service shall be based solely upon the creditworthiness of the applicant as determined by the district.

(b) No municipal utility district owning or operating a public utility furnishing services for residential use to a tenant under an account established by the tenant shall seek to recover any charges or penalties for the furnishing of services to, or for the tenant's residential use from, any subsequent tenant or the property owner due to nonpayment of charges by a previous tenant. For this purpose, the term "subsequent tenant" shall not include any adult person who lived at the residence during the period that the charges or penalties accrued. The district may collect a deposit from the tenant service applicant prior to establishing an account for the tenant. The district may not require that service to subsequent tenants be furnished on the account of the landlord or property owner unless the property owner voluntarily agrees to that requirement, nor may the district refuse to furnish services to a tenant in the tenant's name based on the nonpayment of charges by a previous tenant.

(c) A district subject to this section may not demand or receive security in an amount that exceeds twice the estimated average periodic bill or three times the estimated average monthly bill.

(d) In the event of tenant nonpayment of all or a portion of the bill, the deposit shall be applied to the final bill issued when service is terminated.

(e) This section shall not apply to master-metered apartment buildings.

SEC. 6. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 740

An act to amend Section 655.1 of the Harbors and Navigations Code, to amend Section 21407.2 of the Public Utilities Code, and to

amend Sections 21200.5 and 23157 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 19, 1998. Filed with Secretary of State September 23, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 655.1 of the Harbors and Navigation Code is amended to read:

655.1. (a) As used in this section, "mechanically propelled vessel" means any vessel actively propelled by machinery, whether or not the machinery is the principal source of propulsion.

(b) A peace officer, having reasonable cause to believe that any person was operating a mechanically propelled vessel or manipulating any water skis, aquaplane, or similar device under the influence of an alcoholic beverage or any drug, or under the combined influence of an alcoholic beverage and any drug, who lawfully arrests the person for any violation of subdivision (b), (c), (d), (e), or (f) of Section 655, may request that person to submit to chemical testing of his or her blood, breath, or urine for the purpose of determining the drug or alcoholic content of the blood. The arrested person shall be informed that a refusal to submit to, or failure to complete, the required chemical testing may be used against the person in a court of law and that the court may impose increased penalties for that refusal or failure, upon conviction.

(c) (1) If the person is lawfully arrested for operating a mechanically propelled vessel or manipulating any water skis, aquaplane, or similar device under the influence of an alcoholic beverage and submits to the chemical testing, the person has the choice of whether the chemical test shall be of his or her blood or breath and the person shall be advised by the arresting officer that he or she has that choice. If the person arrested either is incapable, or states that he or she is incapable, of completing the chosen test, the person shall submit to the remaining test. If a blood or breath test, or both, are unavailable, then subdivision (n) applies.

(2) If the person is lawfully arrested for operating a mechanically propelled vessel or manipulating any water skis, aquaplane, or similar device under the influence of any drug or the combined influence of an alcoholic beverage and any drug and submits to the chemical testing, the person has the choice of whether the chemical test shall be of his or her blood, breath, or urine, and the officer shall advise the person that he or she has that choice.

(d) The arresting officer shall advise a person submitting to chemical testing under this section that he or she does not have the right to have an attorney present before stating whether he or she will submit to the chemical testing, before deciding which chemical

test or tests to take, or during the administration of the chemical test or tests chosen.

(e) A person who chooses to submit to a breath test may also be requested to submit to a blood or urine test if the arresting officer has reasonable cause to believe that the person was operating a mechanically propelled vessel or manipulating any water skis, aquaplane, or similar device under the influence of any drug, or the combined influence of an alcoholic beverage and any drug, and if the arresting officer has a clear indication that a blood or urine test will reveal evidence of the person being under the influence. The arresting officer shall state in his or her report the facts upon which that belief and that clear indication are based. The person shall have the choice of submitting to and completing a blood or urine test, and shall be advised by the arresting officer that he or she is requested to submit to an additional test, and that he or she may choose a test of either blood or urine. If the person arrested is either incapable, or states that he or she is incapable, of completing either chosen chemical test, the person shall submit to and complete the other remaining chemical test.

(f) (1) A person who chooses to submit to a breath test shall be advised before or after the breath test that the breath-testing equipment does not retain any sample of the breath, and that no breath sample will be available after the breath test which could be analyzed later by the person or any other person.

(2) The person shall also be advised that, because no breath sample is retained, the person will be given an opportunity to provide a blood or urine sample that will be retained at no cost to the person so that there will be something retained that may be subsequently analyzed for the alcoholic content of the persons's blood. If the person completes a breath test and wishes to provide a blood or urine sample to be retained, the sample shall be collected and retained in the same manner as if the person had chosen a blood or urine test initially.

(3) The person shall also be advised that the blood or urine sample may be tested by either party in any criminal prosecution. The failure of either party to perform this chemical test shall place no duty upon the opposing party to perform the chemical test nor affect the admissibility of any other evidence of the drug or alcoholic content of the blood of the person arrested.

(g) If the person is lawfully arrested for any offense allegedly committed in violation of subdivision (b), (c), (d), (e), or (f) of Section 655, and because of the need for medical treatment, the person is first transported to a medical facility where it is not feasible to administer a particular chemical test of, or to obtain a particular sample of, the person's blood, breath, or urine, the person has the choice of submitting to those chemical tests which are available at the facility to which that person has been transported. In this event, the arresting officer shall advise the person of those chemical tests which

are available at the medical facility, and that the person's choice is limited to those chemical tests which are available.

(h) Any person who is unconscious or otherwise in a condition rendering him or her incapable of refusal may be subjected to chemical testing of his or her blood, breath, or urine for the purpose of determining the drug or alcoholic content of the blood, whether or not the person is informed that a refusal to submit to, or failure to complete, the required chemical testing may be used against the person in a court of law, and that the court may impose increased penalties upon conviction.

(i) Any person who is afflicted with hemophilia is exempt from the blood test provided for in this section.

(j) Any person who is afflicted with a heart condition and is using an anticoagulant under the direction of a licensed physician and surgeon is exempt from the blood test provided for in this section.

(k) A person lawfully arrested for any offense allegedly committed while the person was operating a mechanically propelled vessel or manipulating any water skis, aquaplane, or similar device in violation of subdivision (b), (c), (d), (e), or (f) of Section 655 may request the arresting officer to have a chemical test made of his or her blood or breath for the purpose of determining the drug or alcoholic content of the blood and, if so requested, the arresting officer shall have the chemical test performed. However, if a blood or breath test, or both, are unavailable, then subdivision (n) applies.

(*l*) Any chemical test of blood, breath, or urine to determine the percentage, by weight, of alcohol in the blood shall be performed in accordance with Section 23158 of the Vehicle Code.

(m) Nothing in this section limits the authority of a peace officer to gather evidence from a person lawfully arrested for a violation of subdivision (b), (c), (d), (e), or (f) of Section 655.

(n) If a blood or breath test is not available under paragraph (1) of subdivision (c) or under subdivision (k), the person shall submit to the remaining test in order to determine the percent, by weight, of alcohol in the person's blood. If both the blood and breath tests are unavailable, the person shall be deemed to have given his or her consent to chemical testing of his or her urine and shall submit to a urine test.

SEC. 2. Section 21407.2 of the Public Utilities Code is amended to read:

21407.2. (a) (1) (A) Any person who operates an aircraft in the air or on the ground or water is deemed to have given his or her consent to chemical testing of his or her blood or breath for the purpose of determining the alcoholic content of his or her blood, if lawfully arrested for any offense allegedly committed in violation of Section 21407.1 or if the officer requests chemical testing as part of any investigation of a suspected violation of state or local law. If a blood or breath test, or both, are unavailable, then paragraph (2) of subdivision (d) applies.

(B) Any person who operates an aircraft in the air or on the ground or water is deemed to have given his or her consent to chemical testing of his or her blood or urine for the purpose of determining the drug content of his or her blood, if lawfully arrested for any offense allegedly committed in violation of Section 21407.1 or if the officer requests chemical testing as part of an investigation of a suspected violation of state or local law.

(C) The testing shall be administered at the direction of a peace officer having reasonable cause to believe the person was operating an aircraft in violation of Section 21407.1 under either of the following conditions:

(i) The person is lawfully arrested.

(ii) The officer requests the person to submit to chemical testing as part of an investigation of a suspected violation of state or local law.

(D) The person shall be told that his or her failure to submit to, or the failure to complete, the required chemical testing may result in prohibition from operating an aircraft for not more than one year and, if the person is convicted of a violation of Section 21407.1, a fine, imprisonment, prohibition from operating an aircraft for not more than one year, or any combination thereof.

(2) (A) If the person is lawfully arrested for operating an aircraft under the influence of an alcoholic beverage, the person has the choice of whether the test shall be of his or her blood or breath, and the officer shall advise the person that he or she has that choice. If the person arrested either is incapable, or states that he or she is incapable, of completing the chosen test, the person shall submit to the remaining test. If a blood or breath test, or both, are unavailable, then paragraph (2) of subdivision (d) applies.

(B) If the person is lawfully arrested for operating an aircraft under the influence of any drug or the combined influence of an alcoholic beverage and any drug, the person has the choice of whether the test shall be of his or her blood, breath, or urine, and the officer shall advise the person that he or she has that choice.

(C) A person who chooses to submit to a breath test may also be requested to submit to a blood or urine test if the officer has reasonable cause to believe that the person was operating an aircraft under the influence of any drug or the combined influence of an alcoholic beverage and any drug and if the officer has a clear indication that a blood or urine test will reveal evidence of the person being under the influence. The officer shall state in his or her report the facts upon which that belief and that clear indication are based. If the person who is arrested is either incapable or states that he or she is incapable of completing a blood test, that person shall submit to and complete a urine test. If the person arrested either is incapable, or states that he or she is incapable, of completing either chosen test, the person shall submit to and complete the other remaining test.

(3) If the person is lawfully arrested for an offense allegedly committed in violation of Section 21407.1 and, because of the need for medical treatment, the person is first transported to a medical facility where it is not feasible to administer a particular test of, or to obtain a particular sample of, the person's blood, breath, or urine, the person has the choice of those tests which are available at the facility to which that person has been transported. In that event, the officer shall advise the person of those tests which are available at the medical facility and that the person's choice is limited to those tests which are available.

(4) The officer shall also advise the person that he or she does not have the right to have an attorney present before stating whether he or she will submit to a test or tests, before deciding which test or tests to take, or during administration of the test or tests chosen, and that, in the event of refusal to submit to a test or tests, the refusal may be used against him or her in a court of law.

(5) Any person who is unconscious or otherwise in a condition rendering him or her incapable of refusal is deemed not to have withdrawn his or her consent and a test or tests may be administered whether or not the person is told that his or her failure to submit to, or the noncompletion of, the test or tests may result in a fine, imprisonment, and prohibition from operating an aircraft for not more than one year. Any person who is dead is deemed not to have withdrawn his or her consent and a test or tests may be administered at the direction of a peace officer.

(b) Any person who is afflicted with hemophilia is exempt from the blood test required by this section.

(c) Any person who is afflicted with a heart condition and is using an anticoagulant under the direction of a licensed physician and surgeon is exempt from the blood test required by this section.

(d) (1) A person lawfully arrested for any offense allegedly committed while the person was operating an aircraft in violation of Section 21407.1 may request the arresting officer to have a chemical test made of the arrested person's blood or breath for the purpose of determining the alcoholic content of that person's blood, and, if so requested, the arresting officer shall have the test performed.

(2) If a blood or breath test is not available under subparagraph (A) of paragraph (1) of subdivision (a), or under subparagraph (A) of paragraph (2) of subdivision (a), or under paragraph (1) of this subdivision, the person shall submit to the remaining test in order to determine the percent, by weight, of alcohol in the person's blood. If both the blood and breath tests are unavailable, the person shall be deemed to have given his or her consent to chemical testing of his or her urine and shall submit to a urine test.

SEC. 3. Section 21200.5 of the Vehicle Code is amended to read:

21200.5. Notwithstanding Section 21200, it is unlawful for any person to ride a bicycle upon a highway while under the influence of an alcoholic beverage or any drug, or under the combined

influence of an alcoholic beverage and any drug. Any person arrested for a violation of this section may request to have a chemical test made of the person's blood, breath, or urine for the purpose of determining the alcoholic or drug content of that person's blood pursuant to Section 23157, and, if so requested, the arresting officer shall have the test performed. A conviction of a violation of this section shall be punished by a fine of not more than two hundred fifty dollars ($250). Violations of this section are subject to Section 13202.5.

SEC. 4. Section 23157 of the Vehicle Code is amended to read:

23157. (a) (1) (A) Any person who drives a motor vehicle is deemed to have given his or her consent to chemical testing of his or her blood or breath for the purpose of determining the alcoholic content of his or her blood, if lawfully arrested for any offense allegedly committed in violation of Section 23140, 23152, or 23153. If a blood or breath test, or both, are unavailable, then paragraph (2) of subdivision (d) applies.

(B) Any person who drives a motor vehicle is deemed to have given his or her consent to chemical testing of his or her blood or urine for the purpose of determining the drug content of his or her blood, if lawfully arrested for any offense allegedly committed in violation of Section 23140, 23152, or 23153.

(C) The testing shall be incidental to a lawful arrest and administered at the direction of a peace officer having reasonable cause to believe the person was driving a motor vehicle in violation of Section 23140, 23152, or 23153.

(D) The person shall be told that his or her failure to submit to, or the failure to complete, the required chemical testing will result in a fine, mandatory imprisonment if the person is convicted of a violation of Section 23152 or 23153, and (i) the suspension of the person's privilege to operate a motor vehicle for a period of one year, (ii) the revocation of the person's privilege to operate a motor vehicle for a period of two years if the refusal occurs within seven years of a separate violation of Section 23103 as specified in Section 23103.5, or of Section 23140, 23152, or 23153, or of Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code which resulted in a conviction, or if the person's privilege to operate a motor vehicle has been suspended or revoked pursuant to Section 13353, 13353.1, or 13353.2 for an offense which occurred on a separate occasion, or (iii) the revocation of the person's privilege to operate a motor vehicle for a period of three years if the refusal occurs within seven years of two or more separate violations of Section 23103 as specified in Section 23103.5, or of Section 23140, 23152, or 23153, or of Section 191.5 or paragraph (3) of subdivision (c) of Section 192 of the Penal Code, or any combination thereof, which resulted in convictions, or if the person's privilege to operate a motor vehicle has been suspended or revoked two or more times pursuant to Section 13353, 13353.1, or 13353.2 for offenses which occurred on separate

occasions, or if there is any combination of those convictions or administrative suspensions or revocations.

(2) (A) If the person is lawfully arrested for driving under the influence of an alcoholic beverage, the person has the choice of whether the test shall be of his or her blood or breath and the officer shall advise the person that he or she has that choice. If the person arrested either is incapable, or states that he or she is incapable, of completing the chosen test, the person shall submit to the remaining test. If a blood or breath test, or both, are unavailable, then paragraph (2) of subdivision (d) applies.

(B) If the person is lawfully arrested for driving under the influence of any drug or the combined influence of an alcoholic beverage and any drug, the person has the choice of whether the test shall be of his or her blood, breath, or urine, and the officer shall advise the person that he or she has that choice.

(C) A person who chooses to submit to a breath test may also be requested to submit to a blood or urine test if the officer has reasonable cause to believe that the person was driving under the influence of any drug or the combined influence of an alcoholic beverage and any drug and if the officer has a clear indication that a blood or urine test will reveal evidence of the person being under the influence. The officer shall state in his or her report the facts upon which that belief and that clear indication are based. The person has the choice of submitting to and completing a blood or urine test, and the officer shall advise the person that he or she is required to submit to an additional test and that he or she may choose a test of either blood or urine. If the person arrested either is incapable, or states that he or she is incapable, of completing either chosen test, the person shall submit to and complete the other remaining test.

(3) If the person is lawfully arrested for an offense allegedly committed in violation of Section 23140, 23152, or 23153, and, because of the need for medical treatment, the person is first transported to a medical facility where it is not feasible to administer a particular test of, or to obtain a particular sample of, the person's blood, breath, or urine, the person has the choice of those tests which are available at the facility to which that person has been transported. In that case, the officer shall advise the person of those tests which are available at the medical facility and that the person's choice is limited to those tests which are available.

(4) The officer shall also advise the person that he or she does not have the right to have an attorney present before stating whether he or she will submit to a test or tests, before deciding which test or tests to take, or during administration of the test or tests chosen, and that, in the event of refusal to submit to a test or tests, the refusal may be used against him or her in a court of law.

(5) Any person who is unconscious or otherwise in a condition rendering him or her incapable of refusal is deemed not to have withdrawn his or her consent and a test or tests may be administered

whether or not the person is told that his or her failure to submit to, or the noncompletion of, the test or tests will result in the suspension or revocation of his or her privilege to operate a motor vehicle. Any person who is dead is deemed not to have withdrawn his or her consent and a test or tests may be administered at the direction of a peace officer.

(b) Any person who is afflicted with hemophilia is exempt from the blood test required by this section.

(c) Any person who is afflicted with a heart condition and is using an anticoagulant under the direction of a licensed physician and surgeon is exempt from the blood test required by this section.

(d) (1) A person lawfully arrested for any offense allegedly committed while the person was driving a motor vehicle in violation of Section 23140, 23152, or 23153 may request the arresting officer to have a chemical test made of the arrested person's blood or breath for the purpose of determining the alcoholic content of that person's blood, and, if so requested, the arresting officer shall have the test performed.

(2) If a blood or breath test is not available under subparagraph (A) of paragraph (1) of subdivision (a), or under subparagraph (A) of paragraph (2) of subdivision (a), or under paragraph (1) of this subdivision, the person shall submit to the remaining test in order to determine the percent, by weight, of alcohol in the person's blood. If both the blood and breath tests are unavailable, the person shall be deemed to have given his or her consent to chemical testing of his or her urine and shall submit to a urine test.

(e) If the person, who has been arrested for a violation of Section 23140, 23152, or 23153, refuses or fails to complete a chemical test or tests, or requests that a blood or urine test be taken, the peace officer, acting on behalf of the department, shall serve the notice of the order of suspension or revocation of the person's privilege to operate a motor vehicle personally on the arrested person. The notice shall be on a form provided by the department.

(f) If the peace officer serves the notice of the order of suspension or revocation of the person's privilege to operate a motor vehicle, the peace officer shall take possession of any driver's license issued by this state which is held by the person. The temporary driver's license shall be an endorsement on the notice of the order of suspension and shall be valid for 30 days from the date of arrest.

(g) The peace officer shall immediately forward a copy of the completed notice of suspension or revocation form and any driver's license taken into possession under subdivision (f), with the report required by Section 23158.2, to the department. If the person submitted to a blood or urine test, the peace officer shall forward the results immediately to the appropriate forensic laboratory. The forensic laboratory shall forward the results of the chemical tests to the department within 15 calendar days of the date of the arrest.

(h) A preliminary alcohol screening test that indicates the presence or concentration of alcohol based on a breath sample in order to establish reasonable cause to believe the person was driving a vehicle in violation of Section 23140, 23152, or 23153 is a field sobriety test and may be used by an officer as a further investigative tool.

(i) If the officer decides to use a preliminary alcohol screening test, the officer shall advise the person that he or she is requesting that person to take a preliminary alcohol screening test to assist the officer in determining if that person is under the influence of alcohol or drugs, or a combination of alcohol and drugs. The person's obligation to submit to a blood, breath, or urine test, as required by this section, for the purpose of determining the alcohol or drug content of that person's blood, is not satisfied by the person submitting to a preliminary alcohol screening test. The officer shall advise the person of that fact and of the person's right to refuse to take the preliminary alcohol screening test.

CHAPTER 741

An act to amend Sections 17199.3 and 17199.4 of, and to repeal Section 94153 of, the Education Code, relating to educational facilities, and making an appropriation therefor.

[Approved by Governor September 22, 1998. Filed with Secretary of State September 23, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 17199.3 of the Education Code is amended to read:

17199.3. (a) The total amount of revenue bonds which may be issued and outstanding at any time for purposes of this chapter, other than those revenue bonds issued under Section 17199.4, shall not exceed four hundred million dollars ($400,000,000).

(b) The total amount that may be outstanding at any time under this chapter, for purposes of Section 17199.4 only, shall not exceed four billion dollars ($4,000,000,000).

(c) For purposes of subdivisions (a) and (b), bonds which meet any of the following conditions shall not be deemed to be outstanding:

(1) Bonds which have been refunded pursuant to Section 17188.

(2) Bonds for which money or securities in amounts necessary to pay or redeem the principal, interest, or any redemption premium on the bonds have been deposited in trust.

(3) Bonds which have been issued to provide working capital.

SEC. 2. Section 17199.4 of the Education Code is amended to read:

17199.4. (a) Notwithstanding any other law, any participating school district or county office of education, in connection with securing financing or refinancing of projects, except working capital, pursuant to this chapter may elect to guarantee or provide for payment of the bonds in accordance with the following conditions:

(1) If a participating school district or county office of education adopts a resolution by a majority vote of its board to participate under this section, it shall provide notice to the Controller of that election. The notice shall include a schedule for the repayment of principal and interest on the bonds and identify a trustee appointed by the participating school district or county office of education or the authority for purposes of this section. The notice shall be provided not later than the date of issuance of the bonds.

(2) If, for any reason, the school district or county office of education will not make the payment of principal and interest at the time the payment is required, the participating school district or county office of education shall notify the trustee of that fact and of the amount of the deficiency. The trustee shall immediately communicate that information to the Controller.

(3) Upon receipt of the notice required by paragraph (2), the Controller shall make an apportionment to the trustee in the amount of the deficiency for the purpose of making the required payment of principal or interest, or both. The Controller shall make that apportionment only from moneys in Section A of the State School Fund designated for apportionment to the district pursuant to Section 42238 or to the county office of education pursuant to Section 2558.

(4) As an alternative to the procedures set forth in paragraphs (2) and (3), the participating school district or county office of education may provide a transfer schedule in its notice to the Controller of its election to participate under this section. The transfer schedule shall set forth amounts to be transferred to the trustee and the date for the transfers. The Controller shall, subject to the limitation in the last sentence of paragraph (3), make apportionments to the trustee of those amounts on the specified date for the purpose of making those transfers.

(b) The amount apportioned for a school district or for a county office of education pursuant to this section shall be deemed to be an allocation to the district or the county office of education for purposes of subdivision (b) of Section 8 of Article XVI of the California Constitution. For purposes of computing revenue limits pursuant to Section 42238 for any school district or pursuant to Section 2558 for any county office of education, the revenue limit for any fiscal year in which funds are apportioned for the district or for the county office of education pursuant to this section shall include any amounts apportioned by the Controller pursuant to paragraphs (3) and (4) of subdivision (a).

(c) (1) School districts or county offices of education that elect to participate under this section shall apply to the authority. The authority shall consider each of the following priorities in making funds available:

(A) First priority shall be given to school districts or county offices of education that apply for funding for instructional classroom space.

(B) Second priority shall be given to school districts or county offices of education that apply for funding of modernization of instructional classroom space.

(C) Third priority shall be given to all other eligible costs, as defined in Section 17173.

(2) The authority shall prioritize applications at appropriate intervals.

(3) A school district electing to participate under this section that has applied for revenue bond moneys for the purposes of joint venture school facilities construction projects, pursuant to Article 5 (commencing with Section 17060) of Chapter 12, shall not be subject to the priorities set forth in paragraph (1).

(d) This section shall not be construed to make the State of California liable for any payment of principal or interest on any bonds or certificates of participation within the meaning of Section 1 of Article XVI of the California Constitution or otherwise, except as expressly provided in this section.

(e) A school district that has a qualified or negative certification pursuant to Section 42131, or a county office of education that has a qualified or negative certification pursuant to Section 1240, may not participate under this section.

(f) The authority shall report to the Legislature by January 1, 2001, on the number of school districts or county offices of education electing to participate under this section and on the financial stability of the participating school districts and county offices of education.

SEC. 3. Section 94153 of the Education Code is repealed.

CHAPTER 742

An act to add Sections 48070.5 and 60648 to the Education Code, relating to education.

[Approved by Governor September 22, 1998. Filed with Secretary of State September 23, 1998.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) It is crucial for the success of the public school system and for the greatest achievement of each individual pupil that all educators

hold, and act upon, high expectations for the academic achievement of every pupil.

(b) With the development of rigorous academic standards in each discipline for each grade level, it is the expectation of the Legislature and the Governor that all public school educators will do all that is necessary so that each pupil meets high academic standards.

(c) Therefore, the Legislature and the Governor declare that school districts must address the academic deficiencies of every pupil.

SEC. 2. Section 48070.5 is added to the Education Code, to read:

48070.5. (a) In addition to the policy adopted pursuant to Section 48070, the governing board of each school district and each county board of education shall, in those applicable grade levels, approve a policy regarding the promotion and retention of pupils between the following grades:

(1) Between second grade and third grade.

(2) Between third grade and fourth grade.

(3) Between fourth and fifth grade.

(4) Between the end of the intermediate grades and the beginning of middle school grades which typically occurs between sixth grade and seventh grade, but may vary depending upon the grade configuration of the school or school district.

(5) Between the end of the middle school grades and the beginning of high school which typically occurs between eighth grade and ninth grade, but may vary depending upon the grade configuration of the school or school district.

(b) The policy shall provide for the identification of pupils who should be retained and who are at risk of being retained in their current grade level on the basis of either of the following:

(1) The results of the assessments administered pursuant to Article 4 (commencing with Section 60640) of Chapter 5 of Part 33 and the minimum levels of proficiency recommended by the State Board of Education pursuant to Section 60648.

(2) The pupil's grades and other indicators of academic achievement designated by the district.

(c) The policy shall base the identification of pupils pursuant to subdivision (b) at the grade levels identified pursuant to paragraph (1) and (2) of subdivision (a) primarily on the basis of the pupil's level of proficiency in reading. The policy shall base the identification of pupils pursuant to subdivision (b) at the grade levels identified pursuant to paragraphs (3) through (5) of subdivision (a) on the basis of the pupil's level of proficiency in reading, English language arts, and mathematics.

(d) (1) If either measure identified in paragraph (1) or (2) of subdivision (b) identifies that a pupil is performing below the minimum standard for promotion, the pupil shall be retained in his or her current grade level unless the pupil's regular classroom teacher determines in writing that retention is not the appropriate

intervention for the pupil's academic deficiencies. This written determination shall specify the reasons that retention is not appropriate for the pupil and shall include recommendations for interventions other than retention that in the opinion of the teacher are necessary to assist the pupil to attain acceptable levels of academic achievement. If the teacher's recommendation to promote is contingent upon the pupil's participation in a summer school or interim session remediation program, the pupil's academic performance shall be reassessed at the end of the remediation program, and the decision to retain or promote the pupil shall be reevaluated at that time. The teacher's evaluation shall be provided to and discussed with the pupil's parent or guardian and the school principal before any final determination of pupil retention or promotion.

(2) If the pupil does not have a single regular classroom teacher, the policy adopted by the school district shall specify the teacher or teachers responsible for the promotion or retention decision.

(e) The policy shall provide for parental notification when a pupil is identified as being at risk of retention. This notice shall be provided as early in the school year as practicable. The policy shall provide a pupil's parent or guardian the opportunity to consult with the teacher or teachers responsible for the decision to promote or retain the pupil.

(f) The policy shall provide a process whereby the decision of the teacher to retain or promote a pupil may be appealed. If an appeal is made, the burden shall be on the appealing party to show why the decision of the teacher should be overruled.

(g) The policy shall provide that pupils who are at-risk of being retained in their current grade be identified as early in the school year, and as early in their school careers, as practicable.

(h) The policy shall indicate the manner in which opportunities for remedial instruction will be provided to pupils who are recommended for retention or who are identified as being at risk for retention.

(i) The policy adopted pursuant to this section shall be adopted at a public meeting of the governing board of the school district.

(j) Nothing in this section shall be construed to prohibit the retention of a pupil not included in grade levels identified pursuant to subdivision (a), or for reasons other than those specified in subdivision (b), if such retention is determined to be appropriate for that pupil. Nothing in this section shall be construed to prohibit a governing board from adopting promotion and retention policies that exceed the criteria established in this section.

SEC. 3. Section 60648 is added to the Education Code, to read:

60648. The Superintendent of Public Instruction shall recommend, and the State Board of Education shall adopt, levels of pupil performance on achievement tests administered pursuant to Article 4 (commencing with Section 60640) of Chapter 5 of Part 33

in reading, English language arts, and mathematics at each grade level. The performance levels shall identify and establish the level of performance that is deemed to be the minimum level required for satisfactory performance in the next grade. These levels of performance shall only be adopted after the achievement tests have been aligned, pursuant to paragraph (3) of subdivision (a) of Section 60643, to the content and performance standards adopted by the State Board of Education pursuant to subdivision (a) of Section 60605.

SEC. 4. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 743

An act to add Section 37252.5 to the Education Code, relating to summer school, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 22, 1998. Filed with Secretary of State September 23, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 37252.5 is added to the Education Code, to read:

37252.5. (a) The governing board of each district maintaining any or all of grades 2 to 9, inclusive, shall offer programs of direct, systematic, and intensive supplemental instruction to pupils enrolled in grades 2 to 9, inclusive, who have been retained pursuant to Section 48070.5, as added by Assembly Bill 1626 of the 1997–98 Regular Session. A school district may require a pupil who has been retained to participate in supplemental instructional programs. Notwithstanding the requirements of this section, the school district shall provide a mechanism for a parent or guardian to decline to enroll his or her child in the program. Attendance in supplemental instructional programs shall not be compulsory within the meaning of Section 48200.

(b) The governing board of each district maintaining any or all of grades 2 to 6, inclusive, may offer programs of direct, systematic, and intensive supplemental instruction to pupils enrolled in grades 2 to 6, inclusive, with low mathematics, reading, or written expression scores to allow those pupils to achieve proficiency in standards adopted by the State Board of Education. Services offered pursuant to this subdivision shall be provided to pupils in the following priority order:

(1) Pupils who have been recommended for retention or who have been identified as being at risk of retention pursuant to Section 48070.5, as added by Assembly Bill 1626 of the 1997–98 Regular Session, or school district policies.

(2) Pupils who have been identified as having a deficiency in mathematics, reading, or written expression based on the results of the tests administered under the Standardized Testing and Reporting Program established pursuant to Article 4 (commencing with Section 60640) of Chapter 5 of Part 33.

(c) Supplemental educational services pursuant to subdivisions (a) and (b) shall be offered during the summer, after school, on Saturdays, or during intersession, or in a combination of summer school, after school, Saturday, or intersession instruction. Services shall not be provided during the pupil's regular instructional day if it would result in the pupil being removed from classroom instruction in the core curriculum.

(d) For purposes of this section, a pupil shall be considered to be enrolled in a grade immediately upon completion of the preceding grade. Summer school instruction may also be offered to pupils who were enrolled in grade 6 during the prior fiscal year after the completion of grade 6. For ninth grade pupils identified in subdivision (a), summer school instruction may also be offered to pupils who were enrolled in grade 9 during the prior fiscal year after the completion of grade 9.

(e) Each school district shall use results from tests administered under the Standardized Testing and Reporting Program, established pursuant to Article 4 (commencing with Section 60640) of Chapter 5 of Part 33 or other evaluative criteria to identify eligible pupils pursuant to subdivision (b).

(f) An intensive remedial program in reading or written expression offered pursuant to this section shall, as needed, include instruction in phoneme awareness, systematic explicit phonics and decoding, word attack skills, spelling and vocabulary, explicit instruction of reading comprehension, writing, and study skills.

(g) Each school district shall seek the active involvement of parents and classroom teachers in the development and implementation of supplemental instructional programs provided pursuant to this section.

(h) It is the intent of the Legislature that pupils who are at risk of failing to meet state adopted standards, or who are at risk of

retention, be identified as early in the school year, and as early in their school careers as possible and be provided the opportunity for supplemental instruction sufficient to assist them in attaining expected levels of academic achievement.

(i) (1) The maximum amount of funding for the purposes of programs offered pursuant to this section to serve pupils in grades 2 to 6, inclusive, shall not exceed 10 percent of the statewide total enrollment in grades 2 to 6, inclusive, for the prior fiscal year multiplied by 120 hours, multiplied by the hourly rate for the current fiscal year determined pursuant to subdivision (c) of Section 42239, as added by Senate Bill 1370 of the 1997–98 Regular Session (hereafter Section 42239). Any funding provided for the purposes of this section shall first be used by the district to provide services required pursuant to subdivision (a), and shall be allocated in the following manner:

(A) Notwithstanding subdivision (e) of Section 42239, a school district that offers instruction pursuant to subdivisions (a) and (b) to serve pupils in grades 2 to 6, inclusive, shall be entitled to receive an additional reimbursement in an amount up to 5 percent of the district's total enrollment in grades 2 to 6, inclusive, for the prior fiscal year multiplied by 120 hours, multiplied by the hourly rate for the current fiscal year determined pursuant to subdivision (c) of Section 42239.

(B) The balance of the appropriation made for the purposes of funding programs offered pursuant to this section to serve pupils in grades 2 to 6, inclusive, shall be allocated for reimbursement for pupil attendance in instruction pursuant to subdivisions (a) and (b) that is in excess of 5 percent of the district's enrollment for the prior year in grades 2 to 6, inclusive, multiplied by 120 hours, multiplied by the hourly rate for the current fiscal year determined pursuant to subdivision (c) of Section 42239.

(2) If the funds claimed by school districts pursuant to subparagraph (B) of paragraph (1) of this subdivision exceed the available balance of the appropriation made for the purposes of funding programs offered pursuant to this section in paragraph (1) of this subdivision after the minimum allocation to eligible districts has been made pursuant to subparagraph (A) of paragraph (1) of this subdivision, the allocation of the balance shall be prorated based on each district's share of the total additional hours of instruction offered pursuant to subparagraph (B) of paragraph (1) of this subdivision.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to implement the intensive supplemental instruction programs established by this act as expeditiously as possible, it is necessary that this measure take effect immediately.

CHAPTER 744

An act to add Sections 35179.1 and 35179.2 to, and to add the headings of Article 4.5 (commencing with Section 35179) and Article 4.7 (commencing with Section 35181) to Chapter 2 of Part 21 of, the Education Code, relating to interscholastic athletics.

[Approved by Governor September 22, 1998. Filed with Secretary of State September 23, 1998.]

The people of the State of California do enact as follows:

SECTION 1. A heading is added as Article 4.5 (commencing with Section 35179) to Chapter 2 of Part 21 of the Education Code, to read:

Article 4.5. Interscholastic Athletics

SEC. 2. Section 35179.1 is added to the Education Code, to read:

35179.1. (a) This section shall be known and may be cited as the 1998 California High School Coaching Education and Training Program.

(b) The Legislature finds and declares all of the following:

(1) The exploding demand in girls athletics, and an increase in the number of students participating in both boys and girls athletics, are causing an increase in the number of coaches needed statewide.

(2) Well-trained coaches are vital to the success of a student's experience in sports and interscholastic athletic activities.

(3) Improvement in coaching is a primary need identified by hundreds of principals, superintendents, and school board members who participated in the development of a strategic plan for the California Interscholastic Federation (CIF) in 1993 and 1994.

(4) There are many concerns about safety, training, organization, philosophy, communications, and general management in coaching that need to be addressed.

(5) It is a conservative estimate that at least 25,000 coaches annually need training and an orientation just to meet current coaching regulations contained in Title 5 of the California Code of Regulations, including basic safety and CPR requirements.

(6) School districts, in conjunction with the California Interscholastic Federation, have taken the initial first steps toward building a statewide coaching education program by assembling a faculty of statewide trainers composed of school district administrators, coaches, and athletic directors using a national program being used in several states.

(c) It is, therefore, the intent of the Legislature to establish a California High School Coaching Education and Training Program. It is the intent of the Legislature that the program be administered by local school districts and emphasize the following components:

(1) Development of coaching philosophies consistent with school, school district, and school board goals.

(2) Sport psychology: emphasizing communication, reinforcement of young people's efforts, effective delivery of coaching regarding technique and motivation of the student athlete.

(3) Sport pedagogy: how young athletes learn, and how to teach sport skills.

(4) Sport physiology: principles of training, fitness for sport, development of a training program, and nutrition for athletes.

(5) Sport management: team management, risk management, and working within the context of an entire school program.

(6) Training: certification in CPR and first aid.

(7) Knowledge of, and adherence to, statewide rules and regulations, as well as school regulations including, but not necessarily limited to, eligibility, gender equity and discrimination.

(8) Sound planning and goal setting.

(d) This section shall not be construed as an endorsement of any particular coaching education or training program.

SEC. 3. Section 35179.2 is added to the Education Code, to read:

35179.2. (a) Subject to funds being appropriated for this purpose, the California Interscholastic Federation is encouraged to establish a statewide panel that includes, at a minimum, the following members: school administrators, school board members, coaches of secondary school athletics, teachers, parents, athletic directors, representatives of higher education, pupils participating in athletics at the secondary school level, and a representative of the State Department of Education, as described in Section 35179.3.

(b) The panel established pursuant to subdivision (a) is encouraged to develop an application process whereby public secondary schools may submit applications to the State Department of Education for grants to offset the costs of education and training of athletic coaches in an education and training program that emphasizes the components set forth in subdivision (c) of Section 35179.1.

(c) The panel established pursuant to subdivision (a) is encouraged to evaluate applications submitted to the State Department of Education pursuant to subdivision (b) and to recommend applicants to the State Department of Education for the award of dollar-for-dollar matching grants, in an amount determined by the department. As a condition of receiving a grant, a school district shall submit to the panel, for compilation and transmission to the Legislature and the State Department of Education, a report describing the amount and source of the local matching funds used, the coaching education and training program, the actual costs of the education and training provided, the dates and location of the education and training provided, and a list of persons certified through the education and training program.

SEC. 4. Section 35179.3 is added to the Education Code, to read:

35179.3. If the California Interscholastic Federation establishes a statewide panel pursuant to Section 35179.2, the State Department of Education shall do all of the following:

(a) Provide a department representative to assist the panel in developing an application and grant distribution process.

(b) Review recommendations submitted by the panel for the award of dollar-for-dollar matching grants to public secondary school applicants.

(c) Determine which public secondary school applicants will receive dollar-for-dollar matching grants.

(d) Determine the amount of the grants.

CHAPTER 747

An act to amend, repeal, and add Section 30503 of, to amend, renumber, and repeal Section 31751 of, to add Section 31751.3 to, to add a chapter heading immediately preceding Section 31751 of, and to add and repeal Sections 30504, 30804.7, and 31751.7 of, and Chapter 1.5 (commencing with Section 30520) to Division 14 of, and Chapter 2 (commencing with Section 31760) to Division 14.5 of, the Food and Agricultural Code, relating to dogs and cats.

[Approved by Governor September 22, 1998. Filed with Secretary of State September 23, 1998.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares that overpopulation of dogs and cats in California is a problem of great public concern. The overpopulation causes public health problems, adversely affects city and county animal control departments, and results in needlessly euthanized dogs and cats.

(b) It is the intent of the Legislature, by enacting this act, to reduce the number of unwanted dogs and cats in California. In order to reduce the number of stray dogs and cats on the streets, and the number euthanized in shelters each year, the birth rate must be reduced. Although the point may seem obvious, humans generally give birth to a single offspring, while dogs and cats give birth to litters. Additionally, dogs and cats reach sexual maturity relatively young and their gestation periods are comparatively short. The single most effective prevention of overpopulation among dogs and cats is spaying and neutering.

SEC. 2. Section 30503 of the Food and Agricultural Code is amended to read:

30503. (a) Except as otherwise provided in subdivision (b), no public animal control agency or shelter, society for the prevention of cruelty to animals shelter, humane society shelter, or rescue group shall sell or give away to a new owner any dog that has not been spayed or neutered.

For the purposes of this section a rescue group is a for profit or not for profit entity, or a collaboration of individuals with at least one of its purposes being the sale or placement of dogs that have been removed from a public animal control agency or shelter, society for the prevention of cruelty to animals shelter, or humane shelter or that have been previously owned by any person other than the original breeder of that dog.

(b) If a veterinarian licensed to practice veterinary medicine in this state certifies that a dog is too sick or injured to be spayed or neutered, or that it would otherwise be detrimental to the health of the dog to be spayed or neutered, the adopter or purchaser shall pay the public animal control agency or shelter, society for the prevention of cruelty to animals shelter, humane society shelter, or rescue group a deposit of not less than forty dollars ($40), and not more than seventy-five dollars ($75). The entity shall establish the amount of the deposit at the level it determines is necessary to encourage the spaying or neutering of dogs. The deposit shall be temporary, and shall only be retained until the dog is healthy enough to be spayed or neutered, as certified by a veterinarian licensed to practice veterinary medicine in this state. The dog shall be spayed or neutered within 14 business days of that certification. The adopter or purchaser shall obtain written proof of spaying or neutering from the veterinarian performing the operation. If the adopter or purchaser presents proof of spaying or neutering to the entity from which the dog was obtained within 30 business days of obtaining the proof, the adopter or purchaser shall receive a full refund of the deposit.

(c) Public animal control agencies or shelters, society for the prevention of cruelty to animals shelters, humane society shelters, and rescue groups may enter into cooperative agreements with each other and with veterinarians in lieu of requiring spaying and neutering deposits to carry out this section.

(d) Any funds from unclaimed deposits made pursuant to this section, as it read on January 1, 1999, and any funds from deposits that are unclaimed after January 1, 2000, may be expended only for programs to spay or neuter dogs and cats, including agreements with a society for the prevention of cruelty to animals or a humane society or licensed veterinarian to operate a program to spay or neuter dogs and cats.

(e) This section only applies to a county that has a population exceeding 100,000 persons as of January 1, 2000, and to cities within that county.

(f) This section shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute that is enacted before January 1, 2006, deletes or extends that date.

SEC. 2.3. Section 30503 is added to the Food and Agricultural Code, to read:

30503. (a) No public pound, society for the prevention of cruelty to animals shelter, or humane shelter shall sell or give away any dog that has not been spayed or neutered, unless a deposit for spaying or neutering the dog has been tendered to the pound or shelter. The deposit shall be in the amount determined by the pound or shelter to be comparable to the lowest fee charged by veterinarians in the locale, but shall not exceed forty dollars ($40). A veterinarian shall perform the operation. If a female dog and her puppies are sold or given away to one individual, only a single deposit shall be required. The pound or shelter may make appropriate arrangements for the spaying or neutering of the dog, or may return the deposit to the person purchasing or receiving the dog upon presentation of a written statement or receipt from the veterinarian or clinic that the dog has been spayed or neutered. The deposit may also include an amount necessary to recover any additional costs under this section.

(b) Any dog over six months of age at the time it is sold or given away by the pound or shelter shall be spayed or neutered within 60 days, or the deposit shall be deemed unclaimed. Any dog six months of age or younger at the time it is sold or given away by the pound or shelter shall be spayed or neutered within six months, or the deposit shall be deemed unclaimed.

(c) Any deposit not claimed under subdivision (a) shall be used only for the following purposes:

(1) A public education program to prevent overpopulation of dogs and cats.

(2) A program to spay or neuter dogs and cats.

(3) A followup program to assure that animals sold or given away by the pound or shelter are spayed or neutered.

(4) Any additional costs incurred under this section.

(d) Public pounds, society for the prevention of cruelty to animals shelters, and humane shelters may enter into cooperative agreements with each other and with veterinarians in carrying out this section.

(e) This section shall become operative on January 1, 2006.

SEC. 2.5. Section 30504 is added to the Food and Agricultural Code, to read:

30504. (a) For purposes of this division, each member of a litter of puppies, weaned or unweaned, shall be treated as an individual animal.

(b) This section shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute that is enacted before January 1, 2006, deletes or extends that date.

SEC. 3. Chapter 1.5 (commencing with Section 30520) is added to Division 14 of the Food and Agricultural Code, to read:

CHAPTER 1.5. SPECIAL PROVISIONS APPLICABLE TO COUNTIES WITH A POPULATION OF LESS THAN 100,000 PERSONS

30520. (a) This chapter only applies to a county that has a population of less than 100,000 persons as of January 1, 2000, and to cities within that county. A county whose population exceeds 100,000 persons in a year subsequent to January 1, 2000, shall be subject to Chapter 1 (commencing with Section 30501) commencing on January 1 of the year immediately following the year in which the population of that county exceeds 100,000 persons.

(2) Receives from the recipient a sterilization deposit of not less than forty dollars ($40) and not more than seventy-five dollars ($75), the terms of which are part of the written agreement executed by the recipient under this section.

(e) Public animal control agencies or shelters, society for the prevention of cruelty to animals shelters, humane society shelters, and rescue groups may enter into cooperative agreements with each other and with veterinarians in lieu of requiring spaying and neutering deposits to carry out this section.

30521. (a) A spaying or neutering deposit may be either of the following:

(1) A portion of the adoption fee or other fees rendered in acquiring the dog, which will enable the adopter to take the dog for spaying or neutering to a veterinarian with whom the public animal control agency or shelter, society for the prevention of cruelty to animals shelter, humane society shelter, or rescue group has an agreement that provides that the veterinarian will bill the shelter directly for the sterilization.

(2) A deposit that is both of the following:

(A) Refundable to the recipient if proof of spaying or neutering of the dog is presented to the public animal control agency or shelter, society for the prevention of cruelty to animals shelter, humane society shelter, or rescue group not more than 30 business days after the date the dog is spayed or neutered.

(B) Forfeited to the public animal control agency or shelter, society for the prevention of cruelty to animals shelter, humane society shelter, or rescue group if proof of spaying or neutering is not presented to the animal shelter within 30 business days.

(2) A public education program to reduce and prevent overpopulation of dogs and cats, and the related costs to local government.

(3) A followup program to ensure that dogs and cats transferred by the public animal control agency or shelter, society for the prevention of cruelty to animals shelter, humane society shelter, or rescue group are spayed or neutered in accordance with the agreement executed under subdivision (d) of Section 30520.

(4) Any additional costs incurred by the public animal control agency or shelter, society for the prevention of cruelty to animals shelter, humane society shelter, or rescue group in the administration of the requirements of this chapter.

30522. (a) (1) If a recipient fails to comply with the spaying or neutering agreement within 30 business days after the agreement is signed, the recipient shall forfeit the sterilization deposit and is subject to a fine pursuant to Section 30523.

(2) An animal control officer, humane officer, police officer, peace officer, or any agency authorized to enforce the Penal Code may write citations with a civil penalty stated in an amount corresponding to the violation as provided in Section 30523. The fines shall be paid to the local municipality or public animal control agency or shelter, society for the prevention of cruelty to animals shelter, humane shelter, or rescue group. Any funds collected under this section shall be expended for the purpose of humane education, programs for low-cost spaying and neutering of dogs and cats, and any additional costs incurred by the animal shelter in the administration of the requirements of this chapter.

(3) If the owner, at any time subsequent to 30 business days after the spaying or neutering agreement was signed, provides proof of spaying or neutering, the deposit shall be forfeited, but any fine levied but not yet paid, shall be waived.

(b) A public animal control agency or shelter, society for the prevention of cruelty to animals shelter, humane society shelter, or rescue group may extend the date by which spaying or neutering is to be completed at its discretion for good cause shown. Any extension shall be in writing.

(c) If a veterinarian licensed to practice veterinary medicine in this state certifies that a dog is too sick or injured to be spayed or neutered, or that it would otherwise be detrimental to the health of the dog to be spayed or neutered, the adopter or purchaser shall pay the public animal control agency or shelter, society for the prevention of cruelty to animals shelter, humane society shelter, or rescue group a deposit of not less than forty dollars ($40), and not more than seventy-five dollars ($75). The entity shall establish the amount of the deposit at the level it determines is necessary to encourage the spaying or neutering of dogs. The deposit shall be temporary, and shall be retained only until the dog is healthy enough to be spayed or neutered as certified by a veterinarian licensed to practice veterinary medicine in this state. The dog shall be spayed or neutered within 14 business days of that certification. The adopter or purchaser shall obtain written proof of spaying or neutering from the veterinarian performing the operation. If the adopter or purchaser presents proof of spaying or neutering to the entity from which the dog was obtained within 30 business days, the adopter or purchaser shall receive a full refund of the deposit.

(d) If an adopted dog dies within the spaying or neutering period provided for in the written agreement pursuant to Section 30520, subdivision (c) shall not apply to the dog. In that case, the recipient may receive a reimbursement of the sterilization deposit by submitting to the public animal control agency or shelter, society for the prevention of cruelty to animals shelter, humane society shelter, or rescue group within the sterilization period a signed letter from a veterinarian licensed to practice medicine in this state stating that the animal has died. (e) Public animal control agencies or shelters, society for the prevention of cruelty to animals shelters, humane society shelters, and rescue groups may enter into cooperative agreements with each other and with veterinarians in lieu of requiring spaying and neutering deposits to carry out this section.

(2) A deposit that is both of the following:

(A) Refundable to the recipient if proof of spaying or neutering of the cat is presented to the public animal control agency or shelter, society for the prevention of cruelty to animals shelter, humane society shelter, or rescue group not more than 30 business days after the date the cat is spayed or neutered.

(4) Any additional costs incurred by the public animal control agency or shelter, society for the prevention of cruelty to animals shelter, humane society shelter, or rescue group in the administration of the requirements of this chapter.

(b) A public animal control agency or shelter, society for the prevention of cruelty to animals shelter, humane society shelter, or rescue group may extend the date by which spaying or neutering is to be completed at its discretion for good cause shown. Any extension shall be in writing.

(c) If a veterinarian licensed to practice veterinary medicine in this state certifies that a cat is too sick or injured to be spayed or neutered, or that it would otherwise be detrimental to the health of the cat to be spayed or neutered, the adopter or purchaser shall pay the public animal control agency or shelter, society for the prevention of cruelty to animals shelter, humane society shelter, or rescue group a deposit of not less than forty dollars ($40), and not more than seventy-five dollars ($75). The entity shall establish the amount of the deposit at the level it determines is necessary to encourage the spaying or neutering of cats. The deposit shall be temporary, and shall be retained only until the cat is healthy enough to be spayed or neutered as certified by a veterinarian licensed to practice veterinary medicine in this state. The cat shall be spayed or neutered within 14 business days of that certification. (2) An action for a penalty proposed under this section may be commenced by the administrator of the public animal control agency or shelter, society for the prevention of cruelty to animals shelter, humane society shelter, or rescue group from which the recipient obtained the animal that is the subject of the violation in a court of competent jurisdiction.

CHAPTER 749

An act to amend Sections 17207 and 24347.5 of, and to add Sections 195.80, 195.81, and 195.82 to, the Revenue and Taxation Code, relating to disaster relief, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 22, 1998. Filed with Secretary of State September 23, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 195.80 is added to the Revenue and Taxation Code, to read:

195.80. In the 1997–98 fiscal year, the county auditor of an eligible county, proclaimed by the Governor to be in a state of disaster as a result of storm, flooding, or any other related casualty that occurred in that county during February 1998, shall certify to the Director of Finance an estimate of the total amount of the reduction in property tax revenues on both the regular secured roll and the supplemental roll for the 1997–98 fiscal year resulting from the reassessment by the county assessor pursuant to paragraph (1) of subdivision (a) of Section 170 of those properties that are eligible properties as a result of that disaster, except that the amount certified shall not include any estimated property tax revenue reductions to school districts (other than basic state aid school districts) and county offices of education. For purposes of this section, "basic state aid school district" means

any school district that does not receive a state apportionment pursuant to subdivision (h) of Section 42238 of the Education Code, but receives from the state only a basic apportionment pursuant to Section 6 of Article IX of the California Constitution.

If the actual amount of property tax revenue lost by an eligible county in the immediately preceding fiscal year, as described and limited in the preceding sentence, exceeds the amount allocated by the Controller to that county pursuant to Section 195.81, the Controller shall allocate the amount of that excess to that eligible county. For purposes of this section, "basic state aid school district" means any school district that does not receive a state apportionment pursuant to subdivision (h) of Section 42238 of the Education Code, but receives from the state only a basic apportionment pursuant to Section 6 of Article IX of the California Constitution.

SEC. 6. The Legislature finds and declares that this act fulfills a statewide public purpose because of both of the following:

(a) The Governor of California has officially proclaimed that the flooding that occurred in California during February 1998 was a disaster, thus qualifying affected persons for various forms of governmental assistance and relief.

(b) This act is consistent with and supplements the proclaimed disaster relief by providing necessary fiscal assistance and tax relief to affected jurisdictions and persons to allow them to maintain essential basic services and repair damage to, and restore, their homes and businesses.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to timely provide essential relief to those persons and jurisdictions who have suffered damage or loss as a result of the storms or flooding that occurred in California during February 1998, it is necessary that this act take effect immediately.

CHAPTER 750

An act to add Section 11352.1 to, and to add and repeal Section 101070 of, the Health and Safety Code, relating to healing arts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 22, 1998. Filed with Secretary of State September 23, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 11352.1 is added to the Health and Safety Code, to read:

11352.1. (a) The Legislature hereby declares that the dispensing and furnishing of prescription drugs, controlled substances, and dangerous drugs or dangerous devices without a license poses a significant threat to the health, safety, and welfare of all persons residing in the state. It is the intent of the Legislature in enacting this provision to enhance the penalties attached to this illicit and dangerous conduct.

(b) Notwithstanding Section 4321 of the Business and Professions Code, and in addition to any other penalties provided by law, any person who knowingly and unlawfully dispenses or furnishes a dangerous drug or dangerous device, as defined in Section 4022 of the Business and Professions Code, or who knowingly owns, manages, or operates a business that dispenses or furnishes a dangerous drug or dangerous device as defined in Section 4022 of the Business and Professions Code without a license to dispense or furnish these products, shall be guilty of a misdemeanor. Upon the first conviction, each violation shall be punishable by imprisonment in a county jail not to exceed one year, or by a fine not to exceed five thousand dollars ($5,000), or by both that fine and imprisonment. Upon a second or subsequent conviction, each violation shall be punishable by imprisonment in a county jail not to exceed one year, or by a fine not to exceed ten thousand dollars ($10,000), or by both that fine and imprisonment.

SEC. 2. Section 101070 is added to the Health and Safety Code, to read:

101070. (a) (1) The Legislature hereby finds and declares that the dispensing or furnishing of drugs requiring a prescription pursuant to Section 11470, a controlled substance as defined in Section 4021 of the Business and Professions Code, or a dangerous drug or a dangerous device as defined in Section 4022 of the Business and Professions Code, without a license poses a significant threat to the public health, safety, and welfare of all residents of the state. In recent years, the public has become increasingly exposed to a proliferation of persons who engage in these illegal or dangerous acts.

(2) The Legislature further finds and declares that extraordinary measures are needed to control this burgeoning problem. Therefore, the occasional enlistment of local health officers in regulatory and enforcement functions normally reserved to the state is appropriate and necessary in order to protect the health, safety, and welfare of all persons of this state.

(3) Notwithstanding the foregoing, nothing contained in this section shall be construed as limiting or supplanting the authority of the state agencies charged with the regulation of the practice of pharmacy.

(b) Whenever a local health officer determines that there exists in his or her jurisdiction any person who, without a license, is dispensing or furnishing drugs requiring a prescription pursuant to Section 111470, a controlled substance as defined in Section 4021 of the Business and Professions Code, or a dangerous drug or a dangerous device as defined in Section 4022 of the Business and Professions Code, the local health officer may take action against such person. This action shall include, but not be limited to:

(1) Receiving and investigating complaints from the public, from other licensees or from health care facilities that a person is engaging in any or all of the activity set forth in this subdivision. In conducting any investigation pursuant to this paragraph, the local health officer shall have the assistance of, and be accompanied by, a licensed pharmacist. The local health officer shall provide the Board of Pharmacy, and any other state agency charged with jurisdiction over the activity set forth in this subdivision, with a copy of all complaints received pursuant to this paragraph.

(2) Issuing an order to the person to immediately cease and desist from the unlawful activity described in this subdivision, after confirming that the person is engaging in any or all of the activity set forth in this subdivision, and determining that the person has not been convicted of engaging in that activity pursuant to Section 11352.1 or any other applicable provision of law. In issuing the order, the local health officer shall notify the person that the activity is illegal in the State of California. In the event the local health officer determines that any or all of the items described in this subdivision must be confiscated, in addition to the cease and desist order, the local health officer shall enlist the aid of local law enforcement to execute confiscation of those items.

(3) Order the closure of the business, if any, operated, managed, or owned by the person after confirming that the person is engaging in any or all of the activity set forth in this subdivision, and determining whether the person has previously been convicted of engaging in that activity pursuant to Section 11352.1 or any other applicable provision of law. If the public health officer has a reasonable suspicion that the operation of a business poses an immediate threat to public health, welfare, or safety, the business may be ordered closed immediately while the hearing described in subdivision (c) is pending. Immediate danger to the public health, welfare, or safety includes, but is not limited to, evidence that the person is providing, selling, or distributing drugs that require a prescription, or dangerous drugs, devices, or controlled substances without a license. In the event that the local health officer determines that any or all of the items described in this subdivision must be confiscated in addition to the closure of the business, that officer shall enlist the aid of local law enforcement to execute the confiscation of those items.

(c) (1) Any person engaging in any or all of the activity described in subdivision (b) whose business is closed as a result of action by local health officer pursuant to subdivision (b) shall be entitled to a hearing to show cause why the closure was unwarranted.

(2) Whenever a local health officer orders the closure of a business pursuant to subdivision (b), the local health officer shall immediately issue to the owner a notice setting forth the acts or omissions with which the owner is charged, specifying the pertinent code section, and informing the owner of the right to a hearing, if requested, to show cause why the business should not be closed.

(3) A written request for a hearing shall be submitted by the person to the local health officer within 15 calendar days of closure. A failure to request a hearing within 15 calendar days of closure shall be deemed a waiver of the right to a hearing.

(4) The hearing shall be held within 15 calendar days of the receipt of a request for a hearing; however, when circumstances warrant, the hearing officer may order a hearing at any reasonable time within this 15-day period to expedite the hearing process. Upon written request of the person, the hearing officer may postpone any hearing date, if circumstances warrant the postponement.

(5) The hearing officer shall issue a written notice of decision to the person within five working days following the hearing. In the event the hearing officer determines that the closure was warranted, the notice shall specify the acts or omissions with which the person is charged, and shall state that the business shall remain closed permanently. Evidence that the person engaged in any or all of the activity set forth in subdivision (b) shall constitute prima facie evidence that permanent closure is warranted. Any business still operating shall close immediately upon receipt of the written decision ordering closure.

(d) This section shall remain in effect only until January 1, 2001, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2001, deletes or extends that date.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to safeguard the health and welfare of the people of this state by providing for increased regulatory and enforcement activities relating to the unauthorized practice of pharmacy at the earliest possible time, it is necessary that this act take effect immediately.

(b) The gas generation process is adequate to achieve a carbon monoxide gas concentration throughout the chamber of at least 5 percent within 20 minutes after any dog or cat is placed in the chamber.

(c) If chemical generation through the use of sodium formate and sulfuric acid is used, the generated carbon monoxide gas has the irritating acid vapors filtered out by passing it through a 10 percent solution of sodium hydroxide prior to its entry into the carbon monoxide gas chamber.

(d) If carbon monoxide gas generation is by combustion of gasoline in an engine, all of the following shall be satisfied:

(1) The engine is maintained in good operating condition.

(2) The engine is operated only at idling speed with the richest fuel-air mixture the choke permits.

(3) Prior to entry into the chamber, the exhaust gas is cooled so that it does not exceed 125° Fahrenheit.

(4) The chamber is equipped with accurate temperature gauges monitored by attendants to assure that internal temperature of the chamber does not exceed 110° Fahrenheit.

(5) Prior to its entry into the lethal chamber the exhaust gas is first passed through an adequate water filtration process and subsequently through a cloth filtration process to remove irritants and carbon particles.

(6) The noise level from the engine shall not exceed 70 dBA when measured within the chamber.

(7) A flexible tubing or pipe at least 24 inches in length shall be placed between the chamber and the engine to minimize vibrations.

(e) Any dog or cat not covered by Section 597v is placed in an individual container or compartment of the carbon monoxide chamber, except dogs or cats from the same litter and their parents may be placed in the same container or compartment.

(f) The carbon monoxide gas chamber and its compartments shall be cleaned thoroughly after every cycle of operation.

(g) This section shall remain in effect only until January 1, 2000, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2000, deletes or extends that date.

SEC. 6. Section 597y of the Penal Code is amended to read:

597y. A violation of Section 597u, 597v, or 597w is a misdemeanor.

SEC. 7. Section 597z of the Penal Code is amended to read:

597z. (a) A humane officer appointed under Section 14502 of the Corporations Code or the State Sealer may enter any facility utilizing a carbon monoxide gas chamber for the purpose of inspecting the operation of the facility to determine whether there is compliance with Section 597u.

(b) This section shall remain in effect only until January 1, 2000, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2000, deletes or extends that date.

SEC. 8. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 752

An act to amend Sections 1815, 1816, 1834, 1845, 1846, 1847, and 2080 of, and to add Section 1834.4 to, the Civil Code, to amend Sections 31108, 31752, and 32001 of, to add Sections 17005, 17006, 31752.5, 31753, and 32003 to, and to add, repeal, and add Section 31754 of, the Food and Agricultural Code, and to amend Section 597.1 of, and to add Section 599d to, the Penal Code, relating to stray animals.

[Approved by Governor September 22, 1998. Filed with Secretary of State September 23, 1998.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares the following:

(1) Public and private shelters and humane organizations share a common purpose in saving animals' lives, preventing animal suffering, and eliminating animal abandonment.

(2) Public and private shelters and humane groups should work together to end euthanasia of adoptable and treatable animals by 2010.

(b) The Legislature finds and declares the following:

(1) Redemption of owned pets and adoption of lost or stray adoptable animals is preferable to incurring social and economic costs of euthanasia.

(2) Shelters should be open during hours that permit working pet owners to redeem pets during nonworking hours.

(3) Shelters should aggressively promote spay and neuter programs to reduce pet overpopulation.

(4) Shelters should not adopt out animals that are not spayed or neutered.

(5) Public shelters should work with humane animal adoption organizations to the fullest extent possible to promote the adoption of animals and to reduce the rate of killing.

(c) The intent of this act is to do all of the following:

(1) Increase the focus of shelters to owner redemption and adoption by making recordkeeping mandatory to aid in owner redemption, providing owner relinquished pets the same holding period as stray animals to allow for adoption, and providing for an explicit adoption period.

(2) Consolidate and list clear guidelines for care and treatment for animals held in shelters.

(3) Extend public shelter responsibilities from dogs and cats to other legal pets.

(4) Make shelters accountable to pet owners and the public for records and the care of animals in their possession.

(5) Make clear that shelter responsibilities are the same as those legally assumed by a person who voluntarily picks up an animal.

(d) The Legislature finds and declares that statutory law prescribes the type of treatment that private citizens must extend to stray animals they voluntarily pick up and that public and private animal shelters should be held to the same legal duties as those that exist for private citizens.

(e) The Legislature finds and declares that it is better to have public and private shelters pick up or take in animals than private citizens. The Legislature further finds that the taking in of animals is important for public health and safety, to aid in the return of the animal to its owner, and to prevent inhumane conditions for lost or free roaming animals.

(f) The Legislature finds and declares that shelters should be required by law to take in lost animals and properly care for them with prompt veterinary care, adequate nutrition, shelter, exercise, and water.

(g) The Legislature finds and declares that shelters receiving animals that have identification should make reasonable attempts to notify the owner of the animal's location.

(h) The Legislature finds and declares that the duties of shelters to properly care for an animal do not cease if the owner of a lost animal does not claim the animal, and the shelter should have the duty to make the animal available for adoption for a reasonable period of time and to care properly for the animal during this period.

(i) The Legislature finds and declares that lost animals should be held for a period of time to ensure that the owner has proper access to redeem the animal.

SEC. 2. Section 1815 of the Civil Code is amended to read:

1815. An involuntary deposit is made:

(a) By the accidental leaving or placing of personal property in the possession of any person, without negligence on the part of its owner.

(b) In cases of fire, shipwreck, inundation, insurrection, riot, or like extraordinary emergencies, by the owner of personal property committing it, out of necessity, to the care of any person.

(c) By the delivery to, or pick up by, and the holding of, a stray live animal by any person, or public or private entity.

SEC. 3. Section 1816 of the Civil Code is amended to read:

1816. (a) The person or private entity with whom a thing is deposited in the manner described in Section 1815 is bound to take charge of it, if able to do so.

(b) A public agency or shelter with whom a thing is deposited in the manner described in Section 1815 is bound to take charge of it, as provided in Section 597.1 of the Penal Code.

SEC. 4. Section 1834 of the Civil Code is amended to read:

1834. A depositary of living animals shall provide the animals with necessary and prompt veterinary care, nutrition, and shelter, and treat them kindly. Any depositary that fails to perform these duties may be liable for civil damages as provided by law.

SEC. 5. Section 1834.4 is added to the Civil Code, to read:

1834.4. (a) It is the policy of the state that no adoptable animal should be euthanized if it can be adopted into a suitable home. Adoptable animals include only those animals eight weeks of age or older that, at or subsequent to the time the animal is impounded or otherwise taken into possession, have manifested no sign of a behavioral or temperamental defect that could pose a health or safety risk or otherwise make the animal unsuitable for placement as a pet, and have manifested no sign of disease, injury, or congenital or hereditary condition that adversely affects the health of the animal or that is likely to adversely affect the animal's health in the future.

(b) It is the policy of the state that no treatable animal should be euthanized. A treatable animal shall include any animal that is not adoptable but that could become adoptable with reasonable efforts.

This subdivision, by itself, shall not be the basis of liability for damages regarding euthanasia.

SEC. 6. Section 1845 of the Civil Code is amended to read:

1845. An involuntary deposit is gratuitous, the depositary being entitled to no reward. However, an involuntary depositary of any live animal may accept advertised rewards or rewards freely offered by the owner of the animal.

SEC. 7. Section 1846 of the Civil Code is amended to read:

1846. (a) A gratuitous depositary must use, at least, slight care for the preservation of the thing deposited.

(b) A gratuitous depositary of a living animal shall provide the animal with necessary and prompt veterinary care, adequate nutrition and water, and shelter, and shall treat it humanely and, if the animal has any identification, make reasonable attempts to notify the owner of the animal's location. Any gratuitous depositary that does not have sufficient resources or desire to provide that care shall promptly turn the animal over to an appropriate care facility.

(c) If the gratuitous depositary of a living animal is a public pound, shelter operated by a society for the prevention of cruelty to animals, or humane shelter, the depositary shall comply with all other requirements of the Food and Agricultural Code regarding the impounding of live animals.

SEC. 8. Section 1847 of the Civil Code is amended to read:

1847. The duties of a gratuitous depositary cease:

(a) Upon restoration by the depositary of the thing deposited to its owner.

(b) Upon reasonable notice given by the depositary to the owner to remove it, and the owner failing to do so within a reasonable time. But an involuntary depositary, under subdivision (b) of Section 1815, may not give notice until the emergency that gave rise to the deposit is past. This subdivision shall not apply to a public pound, a shelter operated by a society for the prevention of cruelty to animals, or a humane shelter. The duty to provide care, as required by Section 1846, continues until the public pound or private shelter is lawfully relieved of responsibility for the animal.

SEC. 9. Section 2080 of the Civil Code is amended to read:

2080. Any person who finds a thing lost is not bound to take charge of it, unless the person is otherwise required to do so by contract or law, but when the person does take charge of it he or she is thenceforward a depositary for the owner, with the rights and obligations of a depositary for hire. Any person or any public or private entity that finds and takes possession of any money, goods, things in action, or other personal property, or saves any domestic animal from harm, neglect, drowning, or starvation, shall, within a reasonable time, inform the owner, if known, and make restitution without compensation, except a reasonable charge for saving and taking care of the property. Any person who takes possession of a live domestic animal shall provide for humane treatment of the animal.

SEC. 10. Section 17005 is added to the Food and Agricultural Code, to read:

17005. (a) It is the policy of the state that no adoptable animal should be euthanized if it can be adopted into a suitable home. Adoptable animals include only those animals eight weeks of age or older that, at or subsequent to the time the animal is impounded or otherwise taken into possession, have manifested no sign of a behavioral or temperamental defect that could pose a health or safety risk or otherwise make the animal unsuitable for placement as a pet, and have manifested no sign of disease, injury, or congenital or hereditary condition that adversely affects the health of the animal or that is likely to adversely affect the animal's health in the future.

(b) It is the policy of the state that no treatable animal should be euthanized. A treatable animal shall include any animal that is not adoptable but that could become adoptable with reasonable efforts. This subdivision, by itself, shall not be the basis of liability for damages regarding euthanasia.

SEC. 11. Section 17006 is added to the Food and Agricultural Code, to read:

17006. Animals that are irremediably suffering from a serious illness or severe injury shall not be held for owner redemption or adoption. Newborn animals that need maternal care and have been impounded without their mothers may be euthanized without being held for owner redemption or adoption.

SEC. 12. Section 31108 of the Food and Agricultural Code is amended to read:

31108. (a) The required holding period for a stray dog impounded pursuant to this division shall be six business days, not including the day of impoundment, except as follows:

(1) If the pound or shelter has made the dog available for owner redemption on one weekday evening until at least 7:00 p.m. or one weekend day, the holding period shall be four business days, not including the day of impoundment.

(2) If the pound or shelter has fewer than three full-time employees or is not open during all regular weekday business hours, and if it has established a procedure to enable owners to reclaim their dogs by appointment at a mutually agreeable time when the pound or shelter would otherwise be closed, the holding period shall be four business days, not including the day of impoundment.

Except as provided in Section 17006, stray dogs shall be held for owner redemption during the first three days of the holding period, not including the day of impoundment, and shall be available for owner redemption or adoption for the remainder of the holding period.

(b) Any stray dog that is impounded pursuant to this division shall, prior to the killing of that animal for any reason other than irremediable suffering, be released to a nonprofit, as defined in Section 501(c)(3) of the Internal Revenue Code, animal rescue or

adoption organization if requested by the organization prior to the scheduled killing of that animal. In addition to any required spay or neuter deposit, the pound or shelter, at its discretion, may assess a fee, not to exceed the standard adoption fee, for animals released.

SEC. 13. Section 31752 of the Food and Agricultural Code is amended to read:

31752. (a) The required holding period for a stray cat impounded pursuant to this division shall be six business days, not including the day of impoundment, except as follows:

(1) If the pound or shelter has made the cat available for owner redemption on one weekday evening until at least 7:00 p.m. or one weekend day, the holding period shall be four business days, not including the day of impoundment.

(2) If the pound or shelter has fewer than three full-time employees or is not open during all regular weekday business hours, and if it has established a procedure to enable owners to reclaim their cats by appointment at a mutually agreeable time when the pound or shelter would otherwise be closed, the holding period shall be four business days, not including the day of impoundment.

Except as provided in Sections 17006 and 31752.5, stray cats shall be held for owner redemption during the first three days of the holding period, not including the day of impoundment, and shall be available for owner redemption or adoption for the remainder of the holding period.

(b) Any stray cat that is impounded pursuant to this division shall, prior to the killing of that animal for any reason other than irremediable suffering, be released to a nonprofit, as defined in Section 501(c)(3) of the Internal Revenue Code, animal rescue or adoption organization if requested by the organization prior to the scheduled killing of that animal. In addition to any required spay or neuter deposit, the pound or shelter, at its discretion, may assess a fee, not to exceed the standard adoption fee, for animals released.

SEC. 14. Section 31752.5 is added to the Food and Agricultural Code, to read:

31752.5. (a) The Legislature finds and declares the following:

(1) Domestic cats' temperaments range from completely docile indoor pets to completely unsocialized outdoor cats that avoid all contact with humans.

(2) "Feral cats" are cats with temperaments that are completely unsocialized, although frightened or injured tame pet cats may appear to be feral.

(3) Some people care for or own feral cats.

(4) Feral cats pose particular safety hazards for shelter employees.

(5) It is cruel to keep feral cats caged for long periods of time; however, it is not always easy to distinguish a feral cat from a frightened tame cat.

(b) For the purposes of this section, a "feral cat" is defined as a cat without owner identification of any kind whose usual and consistent

temperament is extreme fear and resistance to contact with people. A feral cat is totally unsocialized to people.

(c) Notwithstanding Section 31752, if an apparently feral cat has not been reclaimed by its owner or caretaker within the first three days of the required holding period, shelter personnel qualified to verify the temperament of the animal shall verify whether it is feral or tame by using a standardized protocol. If the cat is determined to be docile or a frightened or difficult tame cat, the cat shall be held for the entire required holding period specified in Section 31752. If the cat is determined to be truly feral, the cat may be euthanized or relinquished to a nonprofit, as defined in Section 501(c)(3) of the Internal Revenue Code, animal adoption organization that agrees to the spaying or neutering of the cat if it has not already been spayed or neutered. In addition to any required spay or neuter deposit, the pound or shelter, at its discretion, may assess a fee, not to exceed the standard adoption fee, for the animal released.

SEC. 15. Section 31753 is added to the Food and Agricultural Code, to read:

31753. Any rabbit, guinea pig, hamster, pot-bellied pig, bird, lizard, snake, turtle, or tortoise legally allowed as personal property impounded in a public or private shelter shall be held for the same period of time, under the same requirements of care, and with the same opportunities for redemption and adoption by new owners or nonprofit, as defined in Section 501(c)(3) of the Internal Revenue Code, animal rescue or adoption organizations as cats and dogs. Section 17006 shall also apply to these animals. In addition to any required spay or neuter deposit, the pound or shelter, at its discretion, may assess a fee, not to exceed the standard adoption fee, for animals released to nonprofit animal rescue or adoption organizations pursuant to this section.

SEC. 16. Section 31754 is added to the Food and Agricultural Code, to read:

31754. (a) Except as provided in Section 17006, any animal relinquished by the purported owner that is of a species impounded by pounds or shelters shall be held for two full business days, not including the day of impoundment. The animal shall be available for owner redemption for the first day, not including the day of impoundment, and shall be available for owner redemption or adoption for the second day. After the second required day, the animal may be held longer, killed, or relinquished to a nonprofit, as defined in Section 501(c)(3) of the Internal Revenue Code, animal adoption organization under the same conditions and circumstances provided for stray dogs and cats in Sections 31108 and 31752.

(b) This section shall become operative on July 1, 1999. This section shall become inoperative on July 1, 2001, and, as of January 1, 2002, is repealed, unless a later enacted statute that is enacted before January 1, 2002, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 16.5. Section 31754 is added to the Food and Agricultural Code, to read:

31754. (a) Except as provided in Section 17006, any animal relinquished by the purported owner that is of a species impounded by pounds or shelters shall be held for the same holding periods, with the same requirements of care, applicable to stray dogs and cats in Sections 31108 and 31755, except that the period for owner redemption shall be one day, not including the day of impoundment, and the period for owner redemption or adoption shall be the remainder of the holding period.

(b) This section shall become operative on July 1, 2001.

SEC. 17. Section 32001 of the Food and Agricultural Code is amended to read:

32001. All public pounds, shelters operated by societies for the prevention of cruelty to animals, and humane shelters, that contract to perform public animal control services, shall provide the owners of lost animals and those who find lost animals with all of the following:

(a) Ability to list the animals they have lost or found on "Lost and Found" lists maintained by the pound or shelter.

(b) Referrals to animals listed that may be the animals the owners or finders have lost or found.

(c) The telephone numbers and addresses of other pounds and shelters in the same vicinity.

(d) Advice as to means of publishing and disseminating information regarding lost animals.

(e) The telephone numbers and addresses of volunteer groups that may be of assistance in locating lost animals.

The duties imposed by this section are mandatory duties for public entities for all purposes of the Government Code and for all private entities with which a public entity has contracted to perform those duties.

SEC. 18. Section 32003 is added to the Food and Agricultural Code, to read:

32003. All public pounds and private shelters shall keep accurate records on each animal taken up, medically treated, or impounded. The records shall include all of the following information and any other information required by the California Veterinary Medical Board:

(a) The date the animal was taken up, medically treated, euthanized, or impounded.

(b) The circumstances under which the animal was taken up, medically treated, euthanized, or impounded.

(c) The names of the personnel who took up, medically treated, euthanized, or impounded the animal.

(d) A description of any medical treatment provided to the animal and the name of the veterinarian of record.

(e) The final disposition of the animal, including the name of the person who euthanized the animal or the name and address of the adopting party. These records shall be maintained for three years after the date the animal's impoundment ends.

SEC. 19. Section 597.1 of the Penal Code is amended to read:

597.1. (a) Every owner, driver, or keeper of any animal who permits the animal to be in any building, enclosure, lane, street, square, or lot of any city, county, city and county, or judicial district without proper care and attention is guilty of a misdemeanor. Any peace officer, humane society officer, or animal control officer shall take possession of the stray or abandoned animal and shall provide care and treatment for the animal until the animal is deemed to be in suitable condition to be returned to the owner. When the officer has reasonable grounds to believe that very prompt action is required to protect the health or safety of the animal or the health or safety of others, the officer shall immediately seize the animal and comply with subdivision (f). In all other cases, the officer shall comply with the provisions of subdivision (g). The cost of caring for and treating any animal properly seized under this subdivision shall constitute a lien on the animal and the animal shall not be returned to its owner until the charges are paid, if the seizure is upheld pursuant to this section.

(b) Every sick, disabled, infirm, or crippled animal, except a dog or cat, that is abandoned in any city, county, city and county, or judicial district may be killed by the officer if, after a reasonable search, no owner of the animal can be found. It shall be the duty of all peace officers, humane society officers, and animal control officers to cause the animal to be killed or rehabilitated and placed in a suitable home on information that the animal is stray or abandoned. The officer may likewise take charge of any animal, including a dog or cat, that by reason of lameness, sickness, feebleness, or neglect, is unfit for the labor it is performing, or that in any other manner is being cruelly treated, and provide care and treatment for the animal until it is deemed to be in a suitable condition to be returned to the owner. When the officer has reasonable grounds to believe that very prompt action is required to protect the health or safety of an animal or the health or safety of others, the officer shall immediately seize the animal and comply with subdivision (f). In all other cases, the officer shall comply with subdivision (g). The cost of caring for and treating any animal properly seized under this subdivision shall constitute a lien on the animal and the animal shall not be returned to its owner until the charges are paid.

(c) Any peace officer, humane society officer, or animal control officer shall convey all injured cats and dogs found without their owners in a public place directly to a veterinarian known by the officer to be a veterinarian who ordinarily treats dogs and cats for a determination of whether the animal shall be immediately and

humanely destroyed or shall be hospitalized under proper care and given emergency treatment.

If the owner does not redeem the animal within the locally prescribed waiting period, the veterinarian may personally perform euthanasia on the animal. If the animal is treated and recovers from its injuries, the veterinarian may keep the animal for purposes of adoption, provided the responsible animal control agency has first been contacted and has refused to take possession of the animal.

Whenever any animal is transferred to a veterinarian in a clinic, such as an emergency clinic that is not in continuous operation, the veterinarian may, in turn, transfer the animal to an appropriate facility.

If the veterinarian determines that the animal shall be hospitalized under proper care and given emergency treatment, the costs of any services that are provided pending the owner's inquiry to the responsible agency, department, or society shall be paid from the dog license fees, fines, and fees for impounding dogs in the city, county, or city and county in which the animal was licensed or, if the animal is unlicensed, shall be paid by the jurisdiction in which the animal was found, subject to the provision that this cost be repaid by the animal's owner. The cost of caring for and treating any animal seized under this subdivision shall constitute a lien on the animal and the animal shall not be returned to the owner until the charges are paid. No veterinarian shall be criminally or civilly liable for any decision that he or she makes or for services that he or she provides pursuant to this subdivision.

(d) An animal control agency that takes possession of an animal pursuant to subdivision (c) shall keep records of the whereabouts of the animal from the time of possession to the end of the animal's impoundment, and those records shall be available for inspection by the public upon request for three years after the date the animal's impoundment ended.

(e) Notwithstanding any other provision of this section, any peace officer, humane society officer, or any animal control officer may, with the approval of his or her immediate superior, humanely destroy any stray or abandoned animal in the field in any case where the animal is too severely injured to move or where a veterinarian is not available and it would be more humane to dispose of the animal.

(f) Whenever an officer authorized under this section seizes or impounds an animal based on a reasonable belief that prompt action is required to protect the health or safety of the animal or the health or safety of others, the officer shall, prior to the commencement of any criminal proceedings authorized by this section, provide the owner or keeper of the animal, if known or ascertainable after reasonable investigation, with the opportunity for a postseizure hearing to determine the validity of the seizure or impoundment, or both.

(1) The agency shall cause a notice to be affixed to a conspicuous place where the animal was situated or personally deliver a notice of the seizure or impoundment, or both, to the owner or keeper within 48 hours, excluding weekends and holidays. The notice shall include all of the following:

(A) The name, business address, and telephone number of the officer providing the notice.

(B) A description of the animal seized, including any identification upon the animal.

(C) The authority and purpose for the seizure, or impoundment, including the time, place, and circumstances under which the animal was seized.

(D) A statement that, in order to receive a postseizure hearing, the owner or person authorized to keep the animal, or his or her agent, shall request the hearing by signing and returning an enclosed declaration of ownership or right to keep the animal to the agency providing the notice within 10 days, including weekends and holidays, of the date of the notice. The declaration may be returned by personal delivery or mail.

(E) A statement that the cost of caring for and treating any animal properly seized under this section is a lien on the animal and that the animal shall not be returned to the owner until the charges are paid, and that failure to request or to attend a scheduled hearing shall result in liability for this cost.

(2) The postseizure hearing shall be conducted within 48 hours of the request, excluding weekends and holidays. The seizing agency may authorize its own officer or employee to conduct the hearing if the hearing officer is not the same person who directed the seizure or impoundment of the animal and is not junior in rank to that person. The agency may utilize the services of a hearing officer from outside the agency for the purposes of complying with this section.

(3) Failure of the owner or keeper, or of his or her agent, to request or to attend a scheduled hearing shall result in a forfeiture of any right to a postseizure hearing or right to challenge his or her liability for costs incurred.

(4) The agency, department, or society employing the person who directed the seizure shall be responsible for the costs incurred for caring and treating the animal, if it is determined in the postseizure hearing that the seizing officer did not have reasonable grounds to believe very prompt action, including seizure of the animal, was required to protect the health or safety of the animal or the health or safety of others. If it is determined the seizure was justified, the owner or keeper shall be personally liable to the seizing agency for the cost of the seizure and care of the animal, the charges for the seizure and care of the animal shall be a lien on the animal, and the animal shall not be returned to its owner until the charges are paid and the seizing agency or hearing officer has determined that the animal is physically fit or the owner demonstrates to the seizing

agency's or the hearing officer's satisfaction that the owner can and will provide the necessary care.

(g) Where the need for immediate seizure is not present and prior to the commencement of any criminal proceedings authorized by this section, the agency shall provide the owner or keeper of the animal, if known or ascertainable after reasonable investigation, with the opportunity for a hearing prior to any seizure or impoundment of the animal. The owner shall produce the animal at the time of the hearing unless, prior to the hearing, the owner has made arrangements with the agency to view the animal upon request of the agency, or unless the owner can provide verification that the animal was humanely destroyed. Any person who willfully fails to produce the animal or provide the verification is guilty of an infraction, punishable by a fine of not less than two hundred fifty dollars ($250) nor more than one thousand dollars ($1,000).

(1) The agency shall cause a notice to be affixed to a conspicuous place where the animal was situated or personally deliver a notice stating the grounds for believing the animal should be seized under subdivision (a) or (b). The notice shall include all of the following:

(A) The name, business address, and telephone number of the officer providing the notice.

(B) A description of the animal to be seized, including any identification upon the animal.

(C) The authority and purpose for the possible seizure or impoundment.

(D) A statement that, in order to receive a hearing prior to any seizure, the owner or person authorized to keep the animal, or his or her agent, shall request the hearing by signing and returning the enclosed declaration of ownership or right to keep the animal to the officer providing the notice within two days, excluding weekends and holidays, of the date of the notice.

(E) A statement that the cost of caring for and treating any animal properly seized under this section is a lien on the animal, that any animal seized shall not be returned to the owner until the charges are paid, and that failure to request or to attend a scheduled hearing shall result in a conclusive determination that the animal may properly be seized and that the owner shall be liable for the charges.

(2) The preseizure hearing shall be conducted within 48 hours, excluding weekends and holidays, after receipt of the request. The seizing agency may authorize its own officer or employee to conduct the hearing if the hearing officer is not the same person who requests the seizure or impoundment of the animal and is not junior in rank to that person. The agency may utilize the services of a hearing officer from outside the agency for the purposes of complying with this section.

(3) Failure of the owner or keeper, or his or her agent, to request or to attend a scheduled hearing shall result in a forfeiture of any right

to a preseizure hearing or right to challenge his or her liability for costs incurred pursuant to this section.

(4) The hearing officer, after the hearing, may affirm or deny the owner's or keeper's right to custody of the animal and, if reasonable grounds are established, may order the seizure or impoundment of the animal for care and treatment.

(h) If any animal is properly seized under this section, the owner or keeper shall be personally liable to the seizing agency for the cost of the seizure and care of the animal. Furthermore, if the charges for the seizure or impoundment and any other charges permitted under this section are not paid within 14 days of the seizure, or, if the owner, within 14 days of notice of availability of the animal to be returned, fails to pay charges permitted under this section and take possession of the animal, the animal shall be deemed to have been abandoned and may be disposed of by the impounding officer.

(i) If the animal requires veterinary care and the humane society or public agency is not assured, within 14 days of the seizure of the animal, that the owner will provide the necessary care, the animal shall not be returned to its owner and shall be deemed to have been abandoned and may be disposed of by the impounding officer. A veterinarian may humanely destroy an impounded animal without regard to the prescribed holding period when it has been determined that the animal has incurred severe injuries or is incurably crippled. A veterinarian also may immediately humanely destroy an impounded animal afflicted with a serious contagious disease unless the owner or his or her agent immediately authorizes treatment of the animal by a veterinarian at the expense of the owner or agent.

(j) No animal properly seized under this section shall be returned to its owner until, in the determination of the seizing agency or hearing officer, the animal is physically fit or the owner can demonstrate to the seizing agency's or hearing officer's satisfaction that the owner can and will provide the necessary care.

(k) Upon the conviction of a person charged with a violation of this section, or Section 597 or 597a, all animals lawfully seized and impounded with respect to the violation shall be adjudged by the court to be forfeited and shall thereupon be transferred to the impounding officer or appropriate public entity for proper adoption or other disposition. A person convicted of a violation of this section shall be personally liable to the seizing agency for all costs of impoundment from the time of seizure to the time of proper disposition. Upon conviction, the court shall order the convicted person to make payment to the appropriate public entity for the costs incurred in the housing, care, feeding, and treatment of the seized or impounded animals. Each person convicted in connection with a particular animal may be held jointly and severally liable for restitution for that particular animal. The payment shall be in addition to any other fine or sentence ordered by the court.

The court may also order, as a condition of probation, that the convicted person be prohibited from owning, possessing, caring for, or having any contact with, animals of any kind and require the convicted person to immediately deliver all animals in his or her possession to a designated public entity for adoption or other lawful disposition or provide proof to the court that the person no longer has possession, care, or control of any animals. In the event of the acquittal or final discharge without conviction of the arrested person, the court shall, on demand, direct the release of seized or impounded animals upon a showing of proof of ownership. Any questions regarding ownership shall be determined in a separate hearing by the court where the criminal case was finally adjudicated and the court shall hear testimony from any persons who may assist the court in determining ownership of the animal. If the owner is determined to be unknown or the owner is prohibited or unable to retain possession of the animals for any reason, the court shall order the animals to be released to the appropriate public entity for adoption or other lawful disposition. This section is not intended to cause the release of any animal, bird, reptile, amphibian, or fish, seized or impounded pursuant to any other statute, ordinance, or municipal regulation. This section shall not prohibit the seizure or impoundment of animals as evidence as provided for under any other provision of law.

(*l*) It shall be the duty of all peace officers, humane society officers, and animal control officers to use all currently acceptable methods of identification, both electronic and otherwise, to determine the lawful owner or caretaker of any seized or impounded animal. It shall also be their duty to make reasonable efforts to notify the owner or caretaker of the whereabouts of the animal and any procedures available for the lawful recovery of the animal and, upon the owner's and caretaker's initiation of recovery procedures, retain custody of the animal for a reasonable period of time to allow for completion of the recovery process. Efforts to locate or contact the owner or caretaker and communications with persons claiming to be the owner or caretaker shall be recorded and maintained and be made available for public inspection.

SEC. 20. Section 599d is added to the Penal Code, to read:

599d. (a) It is the policy of the state that no adoptable animal should be euthanized if it can be adopted into a suitable home. Adoptable animals include only those animals eight weeks of age or older that, at or subsequent to the time the animal is impounded or otherwise taken into possession, have manifested no sign of a behavioral or temperamental defect that could pose a health or safety risk or otherwise make the animal unsuitable for placement as a pet, and have manifested no sign of disease, injury, or congenital or hereditary condition that adversely affects the health of the animal or that is likely to adversely affect the animal's health in the future.

(b) It is the policy of the state that no treatable animal should be euthanized. A treatable animal shall include any animal that is not adoptable but that could become adoptable with reasonable efforts. This subdivision, by itself, shall not be the basis of liability for damages regarding euthanasia.

SEC. 21. Sections 12 and 13 of this act shall become operative on July 1, 1999.

SEC. 22. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 753

An act to amend Sections 13575, 13580, 13581, and 13582 of, and to add Sections 13580.5, 13580.7, 13580.8, 13580.9, 13581.2, and 13583 to, the Water Code, relating to recycled water service.

[Approved by Governor September 22, 1998. Filed with Secretary of State September 23, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 13575 of the Water Code is amended to read:

13575. (a) This chapter shall be known and may be cited as the Water Recycling Act of 1991.

(b) As used in this chapter, the following terms have the following meanings:

(1) "Customer" means a person or entity that purchases water from a retail water supplier.

(2) "Entity responsible for groundwater replenishment" means any person or entity authorized by statute or court order to manage a groundwater basin and acquire water for groundwater replenishment.

(3) "Recycled water" has the same meaning as defined in subdivision (n) of Section 13050.

(4) "Recycled water producer" means any local public entity that produces recycled water.

(5) "Recycled water wholesaler" means any local public entity that distributes recycled water to retail water suppliers and which has constructed, or is constructing, a recycled water distribution system.

(6) "Retail water supplier" means any local entity, including a public agency, city, county, or private water company, that provides retail water service.

(7) "Retailer" means the retail water supplier in whose service area is located the property to which a customer requests the delivery of recycled water service.

SEC. 2. Section 13580 of the Water Code is amended to read:

13580. (a) A retail water supplier that has identified a potential use or customer pursuant to Section 13579 may apply to a recycled water producer or recycled water wholesaler for a recycled water supply.

(b) A recycled water producer or recycled water wholesaler that has identified a potential use or customer pursuant to Section 13579 may, in writing, request a retail water supplier to enter into an agreement to provide recycled water to the potential customer.

(c) A customer may request, in writing, a retailer to enter into an agreement to provide recycled water to the customer.

(d) (1) An entity responsible for groundwater replenishment that is a customer of a retail water supplier and that has identified the potential use of recycled water for groundwater replenishment purposes may, in writing, request that retail water supplier to enter into an agreement to provide recycled water for that purpose. That entity may not obtain recycled water for that purpose from a recycled water producer, a recycled water wholesaler, or another retail water supplier without the agreement of the entity's retail water supplier.

(2) An entity responsible for groundwater replenishment that is not a customer of a retail water supplier and that has identified the potential use of recycled water for groundwater replenishment purposes may, in writing, request a retail water supplier, a recycled water producer, or a recycled water wholesaler to enter into an agreement to provide recycled water for that purpose.

SEC. 3. Section 13580.5 is added to the Water Code, to read:

13580.5. (a) (1) Subject to subdivision (d) of Section 13580.7, a retail water supplier that receives a request from a customer pursuant to subdivision (c) of Section 13580 shall enter into an agreement to provide recycled water, if recycled water is available, or can be made available, to the retail water supplier for sale to the customer.

(2) Notwithstanding paragraph (1), in accordance with a written agreement between a recycled water producer or a recycled water wholesaler and a retail water supplier, the retail water supplier may delegate to a recycled water producer or a recycled water wholesaler its responsibility under this section to provide recycled water.

(b) A customer may not obtain recycled water from a recycled water producer, a recycled water wholesaler, or a retail water supplier that is not the retailer without the agreement of the retailer.

(c) If either a recycled water producer or a recycled water wholesaler provides a customer of a retail water supplier with a written statement that it can and will provide recycled water to the retailer, the retail water supplier shall, not later than 120 days from the date on which the retail water supplier receives the written statement from the customer, by certified mail, return receipt requested, submit a written offer to the customer. A determination of availability pursuant to Section 13550 is not required.

(d) If the state board pursuant to Section 13550 makes a determination that there is available recycled water to serve a customer of a retail water supplier, the retail water supplier, not later than 120 days from the date on which the retail water supplier receives a copy of that determination from the customer, by certified mail, return receipt requested, shall submit a written offer to the customer.

SEC. 4. Section 13580.7 is added to the Water Code, to read:

13580.7. (a) This section applies only to a retail water supplier that is a public agency.

(b) If no rate is in effect for recycled water service within the service area of a retail water supplier, the rate and conditions of service for recycled water service shall be established by contract between the retail water supplier and the customer.

(c) A rate for recycled water service established by contract, ordinance, or resolution, shall reflect a reasonable relationship between the amount of the rate and the retail cost of obtaining or producing the recycled water, the cost of conveying the recycled water, and overhead expenses for providing recycled water service. Capital costs of facilities required to serve the customer shall be amortized over the economic life of the facility, or the length of time the customer agrees to purchase recycled water, whichever is less. The rate shall not exceed the estimated reasonable cost of providing the service, and any additional costs agreed to by the customer for recycled water supplemental treatment.

(d) The rate for recycled water shall be comparable to, or less than, the retail water supplier's rate for potable water. If recycled water service cannot be provided at a rate comparable to, or less than, the rate for potable water, the retail water supplier is not required to provide the recycled water service, unless the customer agrees to pay a rate that reimburses the retail water supplier for the costs described in subdivision (c).

(e) The offer required by subdivisions (c) and (d) of Section 13580.5 shall identify all of the following:

(1) The source for the recycled water.

(2) The method of conveying the recycled water.

(3) A schedule for delivery of the recycled water.

(4) The terms of service.

(5) The rate for the recycled water, including the per-unit cost for that water.

(6) The costs necessary to provide service and the basis for determining those costs.

(f) This section does not apply to recycled water service rates established before January 1, 1999, or any amendments to those rates.

SEC. 5. Section 13580.8 is added to the Water Code, to read:

13580.8. (a) This section applies only to a retail water supplier that is regulated by the Public Utilities Commission.

(b) Rates for recycled water that is provided to the customer by a retail water supplier regulated by the Public Utilities Commission shall be established by the commission pursuant to Section 455.1 of the Public Utilities Code. A regulated water utility may request the commission to establish the rate or rates for the delivery of recycled or nonpotable water, with the objective of providing, where practicable, a reasonable economic incentive for the customer to purchase recycled or nonpotable water in place of potable water.

(c) A regulated water utility may propose a rate or rates for recycled or nonpotable water by tariff or by contract between the retail water supplier and the customer. Where the rate or rates are set by contract, the water utility and its customer shall meet, confer, and negotiate in good faith to establish a contract rate.

(d) The commission shall, as appropriate, provide a discount from the general metered rate of the water utility for potable water by either of the following means:

(1) Passing through to the customer the net reduction in cost to the water utility in purchasing and delivering recycled or nonpotable water as compared to the cost of purchasing and delivering potable water.

(2) Granting to the customer a uniform discount from the water utility's general metered potable water rate when the discount in paragraph (1) is determined to be an insufficient incentive for the customer to convert to the use of recycled or nonpotable water. If the commission provides for a discount pursuant to this paragraph that is greater than the water utility's reduction in cost, the commission shall authorize the water utility to include the aggregate amount of that discount in its revenue requirements to be applied to, and recovered in, rates that are applicable to all general metered customers.

SEC. 6. Section 13580.9 is added to the Water Code, to read:

13580.9. (a) Notwithstanding any other provision of law, and except as otherwise previously provided for in a contract agreed to by the customer and the City of West Covina, if the purchaser, contractor, or lessee of, or successor to, all or a portion of the water utility owned by the City of West Covina is a retail water supplier that is regulated by the Public Utilities Commission, rates for recycled or nonpotable water service to a closed hazardous waste and solid waste

facility located within the boundaries of the City of West Covina for the purposes of irrigation, recreation, or dust suppression or any other use at that facility shall be established in accordance with subdivisions (a) to (e), inclusive, of Section 13580.7, and if there is a failure to agree on the terms and conditions of a recycled or nonpotable water supply agreement for the delivery of water for those purposes by that purchaser, contractor, lessee, or successor, Section 13581 shall apply.

(b) For the purpose of this section, nonpotable water that is not the result of the treatment of waste shall be treated as the equivalent of recycled water if it is suitable for a direct beneficial use or a controlled use that would not otherwise occur and is therefor considered a valuable resource, if the use of that water will not adversely affect downstream water rights, degrade water quality, or be injurious to plant life, fish, or wildlife, as provided by statute or by regulations of the State Department of Health Services and the state board or a regional board, as appropriate.

SEC. 7. Section 13581 of the Water Code is amended to read:

13581. (a) If there is a failure to agree on terms and conditions of a recycled water supply agreement involving a retail water supplier that is a public agency within 180 days from the date of the receipt of a request for recycled water pursuant to subdivision (c) of Section 13580, a written statement pursuant to subdivision (c) of Section 13580.5, or a determination of availability pursuant to subdivision (d) of Section 13580.5, any party may request a formal mediation process. The parties shall commence mediation within 60 days after the mediation request is made. If the parties cannot agree on a mediator, the director shall appoint a mediator. The mediator may recommend to the parties appropriate terms and conditions applicable to the service of recycled water. The cost for the services of the mediator shall be divided equally among the parties to the mediation and shall not exceed twenty thousand dollars ($20,000).

(b) If the parties in mediation reach agreement, both parties together shall draft the contract for the recycled water service. The parties shall sign the contract within 30 days.

(c) If the parties in mediation fail to reach agreement, the affected retail water supplier shall, within 30 days, by resolution or ordinance, adopt a rate for recycled water service. The agency action shall be subject to validating proceedings pursuant to Chapter 9 (commencing with Section 860) of Part 2 of Title 10 of the Code of Civil Procedure, except that there shall not be a presumption in favor of the retail water supplier under the action taken to set the rate for recycled water service. The mediator shall file a report with the superior court setting forth the recommendations provided to the parties regarding appropriate terms and conditions applicable to the service of recycled water. Each party shall bear its own costs and attorney's fees.

SEC. 8. Section 13581.2 is added to the Water Code, to read:

13581.2. If the retail water supplier is regulated by the Public Utilities Commission, and there is a failure to agree on terms and conditions of a recycle water supply agreement with a customer within 180 days from the date of the receipt of a request for recycled water pursuant to subdivision (c) of Section 13580, a written statement pursuant to subdivision (c) of Section 13580.5, or a determination of availability pursuant to subdivision (d) of Section 13580.5, the matter shall be submitted to the Public Utilities Commission for resolution, and the commission shall determine a contract rate or rates for recycled water as provided in Section 13580.8.

SEC. 9. Section 13582 of the Water Code is amended to read:

13582. This chapter is not intended to alter either of the following:

(a) Any rights, remedies, or obligations which may exist pursuant to Article 1.5 (commencing with Section 1210) of Chapter 1 of Part 2 of Division 2 of this code or Chapter 8.5 (commencing with Section 1501) of Part 1 of Division 1 of the Public Utilities Code.

(b) Any rates established or contracts entered into prior to January 1, 1999.

SEC. 10. Section 13583 is added to the Water Code, to read:

13583. (a) If a retail water supplier that is a public agency does not comply with this chapter, the customer may petition a court for a writ of mandate pursuant to Chapter 2 (commencing with Section 1084) of Title 1 of Part 3 of the Code of Civil Procedure.

(b) If a retail water supplier is regulated by the Public Utilities Commission and does not comply with this chapter, the Public Utilities Commission may order the retailer to comply with this chapter after receiving a petition from the customer specifying the provisions of this chapter with which the retailer has failed to comply.

That information shall not be furnished, however, by any person who also provides services in a privately operated, licensed program or who has any direct interest in a privately operated, licensed program. In addition, the court shall obtain from the Department of Motor Vehicles a copy of the person's driving record to determine whether the person is eligible to participate in a licensed 18-month or 30-month program pursuant to this chapter. When preparing a presentence report for the court, the probation department may consider the suitability of placing the defendant in a treatment program that includes the administration of nonscheduled, nonaddicting medications to ameliorate an alcohol or controlled substance problem. If the probation department recommends that this type of program is a suitable option for the defendant, the defendant who would like the court to consider this option shall obtain from his or her physician a prescription for the medication, and a finding that the treatment is medically suitable for the defendant, prior to consideration of this alternative by the court.

SEC. 2.5. Section 11837 of the Health and Safety Code is amended to read:

That information shall not be furnished, however, by any person who also provides services in a privately operated, licensed program or who has any direct interest in a privately operated, licensed program. In addition, the court shall obtain from the Department of Motor Vehicles a copy of the person's driving record to determine whether the person is eligible to participate in a licensed 18-month or 30-month program pursuant to this chapter. When preparing a presentence report for the court, the probation department may consider the suitability of placing the defendant in a treatment program that includes the administration of nonscheduled nonaddicting medications to ameliorate an alcohol or controlled substance problem. If the probation department recommends that this type of program is a suitable option for the defendant, the defendant who would like the court to consider this option shall obtain from his or her physician a prescription for the medication, and a finding that the treatment is medically suitable for the defendant, prior to consideration of this alternative by the court.

(c) (1) The court shall, as a condition of probation pursuant to Section 23161 or 23181 of the Vehicle Code, refer a first offender whose concentration of alcohol in his or her blood was less than 0.20 percent, by weight, to participate for at least three months or longer, as ordered by the court, in a licensed program that consists of at least 30 hours of program activities, including those education, group counseling, and individual interview sessions described in this chapter. (2) Notwithstanding any other provision of law, in granting probation to a first offender described in this subdivision whose concentration of alcohol in the person's blood was 0.20 percent or more, by weight, or the person refused to take a chemical test, the court shall order the person to participate, for at least six months or

longer, as ordered by the court, in a licensed program that consists of at least 45 hours of program activities, including those education, group counseling, and individual interview sessions described in this chapter.

(d) (1) The State Department of Alcohol and Drug Programs shall specify in regulations the activities required to be provided in the treatment of participants receiving six months of licensed program services under Section 23161 or 23181 of the Vehicle Code.

(e) The court may, subject to Section 11837.2, and as a condition of probation, refer a person to a licensed program, even though the person's privilege to operate a motor vehicle is restricted, suspended, or revoked. An 18-month program described in Section 23166 or 23186 of the Vehicle Code or a 30-month program described in Section 23171, 23176, or 23191 of the Vehicle Code may include treatment of family members and significant other persons related to the convicted person with the consent of those family members and others as described in this chapter, if there is no increase in the costs of the program to the convicted person.

(f) The clerk of the court shall indicate the duration of the program in which the judge has ordered the person to participate in the abstract of the record of the court that is forwarded to the department.

(b) The court shall order that any person punished under subdivision (a), who is to be punished by imprisonment in the county jail, be imprisoned on days other than days of regular employment of the person, as determined by the court. If the court determines that 48 hours of continuous imprisonment would interfere with the person's work schedule, the court shall allow the person to serve the

imprisonment whenever the person is normally scheduled for time off from work. The court may make this determination based upon a representation from the defendant's attorney or upon an affidavit or testimony from the defendant.

(c) Except as provided in paragraph (2) of subdivision (a) of Section 23161, the person's privilege to operate a motor vehicle shall be suspended by the Department of Motor Vehicles pursuant to paragraph (1) of subdivision (a) of Section 13352.

If driving a motor vehicle is necessary to perform the duties of the person's employment, the restriction also shall allow the person to drive to locations within the person's scope of employment. Whenever the driving privilege is restricted pursuant to this paragraph, the person shall maintain proof of financial responsibility for three years.

(3) If the court elects to order a 90-day restriction as provided for in paragraph (2), the court shall order that the restriction commence on the date of the reinstatement by the Department of Motor Vehicles of the person's privilege to operate a motor vehicle. If a suspension was imposed pursuant to Section 13353.2, the person shall be advised by the court of all of the following matters:

SEC. 20. The heading of Article 4.5 (commencing with Section 23246) of Chapter 12 of Division 11 of the Vehicle Code is amended to read:

Article 4.5. Installation of Ignition Interlock Devices

SEC. 21. Section 23246 of the Vehicle Code is amended to read:

23246. (a) In addition to any other provisions of law, the court may require that the Department of Motor Vehicles prohibit any person who is convicted of a first offense violation of Section 23152 or Section 23153 from operating a motor vehicle unless that vehicle is equipped with a functioning, certified ignition interlock device as provided in this article. The court shall give heightened consideration to applying this sanction to first offense violators with 0.20 percent or more, by weight, of alcohol in his or her blood at arrest, or with two or more prior moving traffic violations, or of persons who refused the chemical tests at arrest. If the court orders

the ignition interlock restriction, the term shall be determined by the court for a period not to exceed three years.

(b) The court shall require any person who is convicted of a violation of Section 14601.2 to install an ignition interlock device on any vehicle that the person owns or operates for a period not to exceed three years or until the person's driving privilege is reinstated by the Department of Motor Vehicles.

(c) The court shall include on the abstract of conviction or violation submitted to the Department of Motor Vehicles under Section 1803 or 1816, the requirement for the use of a certified ignition interlock device. The records of the department shall reflect mandatory use of the device for the term ordered by the court.

(d) The court shall advise the person that installation of an ignition interlock device on a vehicle does not allow the person to drive without a valid driver's license.

(e) The court shall monitor the installation and maintenance of any ignition interlock device restriction ordered pursuant to subdivision (a) or (b). If any person fails to comply with the court order, the court shall give notice of the fact to the department pursuant to Section 40509.1.

(f) (1) Pursuant to Section 13352, if any person is convicted of a violation of Section 23152 or 23153, and the offense occurred within seven years of one or more separate violations of Section 23152 or 23153 that resulted in a conviction, the person may apply to the Department of Motor Vehicles for a restricted driver's license pursuant to Section 13352 that prohibits the person from operating a motor vehicle unless that vehicle is equipped with a functioning ignition interlock device, certified pursuant to Section 23235. The restriction shall remain in effect for at least the remaining period of the original suspension or revocation and until all reinstatement requirements in Section 13352 are met.

(2) Pursuant to subdivision (g), the Department of Motor Vehicles shall immediately suspend the privilege to operate a motor vehicle of any person who attempts to remove, bypass, or tamper with the device, or who fails three or more times to comply with any requirement for the maintenance or calibration of the ignition interlock device ordered pursuant to Section 13352. The privilege shall remain suspended for the remaining period of the originating suspension or revocation and until all reinstatement requirements in Section 13352 are met.

(g) Any person whose driving privilege is restricted by the court pursuant to this section or by the Department of Motor Vehicles pursuant to Section 13352 shall arrange for each vehicle with an ignition interlock device to be serviced by the installer at least once every 60 days in order for the installer to recalibrate the device and monitor the operation of the device. The installer shall notify the Department of Motor Vehicles or the court, as appropriate, if the device indicates that the person has attempted to remove, bypass, or

tamper with the device, or if the person fails three or more times to comply with any requirement for the maintenance or calibration of the ignition interlock device. There is no obligation on the part of the installer to notify the department or the court if the person has complied with all of the requirements of this article.

(h) Nothing in this section permits a person to drive without a valid driver's license.

(i) The Department of Motor Vehicles shall include information along with the order of suspension or revocation for repeat offenders informing them that after a specified period of suspension or revocation has been completed, the person may either install an ignition interlock device on any vehicle that the person owns or operates or remain with a suspended or revoked driver's license.

(j) Pursuant to subdivision (a), out-of-state residents who otherwise would qualify for an ignition interlock restricted license in California shall be prohibited from operating a motor vehicle in California unless that vehicle is equipped with a functioning ignition interlock device. No ignition interlock device is required to be installed on any vehicle owned by the defendant that is not driven in California.

(k) If a person has a medical problem that does not permit the person to breathe with sufficient strength to activate the device, then that person shall only have the suspension option.

(*l*) This article does not restrict a court from requiring installation of an ignition interlock device for any persons to whom subdivision (a) does not apply.

(m) For purposes of this section, "vehicle" does not include a motorcycle until the state certifies an ignition interlock device that can be installed on a motorcycle. However, a court shall order a person subject to this section not to operate a motorcycle for the duration of the ignition interlock restriction period.

(n) For purposes of this section, "owned" means solely owned or owned in conjunction with another person or legal entity. For purposes of this section, "operates" includes operating vehicles that are not owned by the person subject to this section.

SEC. 22. Section 23247 of the Vehicle Code is amended to read:

23247. (a) It is unlawful for a person to knowingly rent, lease, or lend a motor vehicle to another person known to have had his or her driving privilege restricted as provided in Section 13352 or 23246, unless the vehicle is equipped with a functioning, certified ignition interlock device. Any person, whose driving privilege is restricted pursuant to Section 13352 or 23246 shall notify any other person who rents, leases, or loans a motor vehicle to him or her of the driving restriction imposed under that section.

(b) It is unlawful for any person whose driving privilege is restricted pursuant to Section 13352 or 23246 to request or solicit any other person to blow into an ignition interlock device or to start a

motor vehicle equipped with the device for the purpose of providing the person so restricted with an operable motor vehicle.

(c) It is unlawful to blow into an ignition interlock device or to start a motor vehicle equipped with the device for the purpose of providing an operable motor vehicle to a person whose driving privilege is restricted pursuant to Section 13352 or 23246.

(d) It is unlawful to tamper with, or circumvent the operation of, an ignition interlock device.

(e) It is unlawful for any person whose driving privilege is restricted pursuant to Section 13352 or 23246 to operate any vehicle not equipped with a functioning ignition interlock device.

(f) Any person convicted of a violation of this section shall be punished by imprisonment in the county jail for not more than six months or by a fine of not more than five thousand dollars ($5,000), or by both that fine and imprisonment.

(g) If any person who is restricted pursuant to Section 13352 or 23246 violates subdivision (e), the court shall notify the Department of Motor Vehicles, which shall revoke the person's driving privilege for one year from the date the court finds that the person violated this section.

(h) Notwithstanding any other provision of law, if a vehicle in which an ignition interlock device has been installed is impounded, the manufacturer or installer of the device shall have the right to remove the device from the vehicle during normal business hours. No charge shall be imposed for the removal of the device nor shall the manufacturer or installer be liable for any removal, towing, impoundment, storage, release, or administrative costs or penalties associated with the impoundment. Upon request, the person seeking to remove the device shall present documentation to justify removal of the device from the vehicle. Any damage to the vehicle resulting from the removal of the device is the responsibility of the person removing it.

SEC. 23. Section 23249 of the Vehicle Code is repealed.

SEC. 24. Section 23249 is added to the Vehicle Code, to read:

23249. The Department of Motor Vehicles shall undertake a study and report the findings of that study to the Legislature on or before January 1, 2002, on all of the following matters:

(b) The overall effectiveness of ignition interlock devices in providing a reduction in the recidivism rate of persons convicted of violations of Section 23152 or 23153, and the reduction in vehicle accidents attributable to the use of those devices.

SEC. 25. Section 23249.1 is added to the Vehicle Code, to read:

[Approved by Governor September 22, 1998. Filed with Secretary of State September 23, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 7471 of the Government Code is amended to read:

7471. (a) Except in accordance with requirements of Title 11 (commencing with Section 14160) of Part 4 of the Penal Code or Section 7473, 7474, 7475, or 7476, no financial institution, or any

director, officer, employee, or agent of a financial institution, may provide or authorize another to provide to an officer, employee, or agent of a state or local agency or department thereof, any financial records, copies thereof, or the information contained therein, if the director, officer, employee, or agent of the financial institution knows or has reasonable cause to believe that the financial records or information are being requested in connection with a civil or criminal investigation of the customer, whether or not an investigation is being conducted pursuant to formal judicial or administrative proceedings.

(b) This section is not intended to prohibit disclosure of the financial records of a customer or the information contained therein incidental to a transaction in the normal course of business of a financial institution if the director, officer, employee, or agent thereof making or authorizing the disclosure has no reasonable cause to believe that the financial records or the information contained in the financial records so disclosed will be used by a state or local agency or department thereof in connection with an investigation of the customer, whether or not an investigation is being conducted pursuant to formal judicial or administrative proceedings.

(c) This section shall not preclude a financial institution, in its discretion, from initiating contact with, and thereafter communicating with and disclosing customer financial records to, appropriate state or local agencies concerning suspected violation of any law.

(d) A financial institution that refuses to disclose the financial records of a customer, copies thereof, or the information contained therein, in reliance in good faith upon the prohibitions of subdivision (a), or discloses the financial records of a customer, copies thereof, or the information contained therein, in reliance in good faith upon subdivision (c), subdivision (d) of Section 7470, or subdivision (b) of Section 14164 of the Penal Code, shall not be liable to its customer, to a state or local agency, or to any other person for any loss or damage caused in whole or in part by the refusal or the disclosure.

SEC. 2. Section 7476 of the Government Code is amended to read:

7476. (a) Except as provided in subdivisions (b) and (c), an officer, employee, or agent of a state or local agency or department thereof, may obtain financial records under paragraph (4) of subdivision (a) of Section 7470 pursuant to a judicial subpoena or subpoena duces tecum only if:

(1) The subpoena or subpoena duces tecum is issued and served upon the financial institution and the customer in compliance with Chapter 2 (commencing with Section 1985) of Title 3 of Part 4 of the Code of Civil Procedure and the requirements of paragraph (2) or (3) have been met. In the event actual service on the customer has not been made prior to the time the financial records are required to be produced in response to a subpoena or subpoena duces tecum

the court shall, prior to turning over any records to the agency, and upon good cause shown, make a finding that due diligence has been exercised by the agency in its attempt to effect such service; and

(2) Ten days after service have passed without the customer giving notice to the financial institution that the customer has moved to quash the subpoena. If testimony is to be taken, or financial records produced, before a court, the 10-day period provided for in this subdivision may be shortened by the court upon a showing of good cause. The court shall direct that all reasonable measures be taken to notify the customer within the time so shortened. The motion to quash the subpoena must be made, whenever practicable, in the judicial proceeding pending before the court; or

(3) A judge or magistrate in a judicial proceeding to which the customer is a party rules that the subpoena should not be quashed. Nothing in this paragraph is intended to preclude appellate remedies which may be available under existing law.

(b) (1) A deputy district attorney, deputy attorney general, or other person authorized to present evidence to a grand jury in a criminal investigation before a grand jury, or scheduled to be presented to a grand jury, may obtain financial records for return to the grand jury pursuant to a judicial subpoena duces tecum which, upon a written showing to a judge of the superior court that there exists a reasonable inference that a crime within the jurisdiction of the grand jury has been committed and that the financial records sought are reasonably necessary to the jury's investigation of that crime, is personally signed and issued by a judge of the superior court, and meets one of the following:

(A) The subpoena is issued and served upon the financial institution and the customer and 10 days after service have passed without the customer giving notice to the financial institution that the customer has moved to quash the subpoena. In the event actual service on the customer has not been made prior to the time the financial records are required to be produced in response to a subpoena duces tecum the court shall, prior to turning over any records to the grand jury, and upon good cause shown, make a finding that due diligence has been exercised by the grand jury in its attempt to effect this service. The 10-day period provided for in this subparagraph may be shortened by the court upon a showing of good cause. The court shall direct that all reasonable measures be taken to notify the customer within the time so shortened. The motion to quash the subpoena must be made wherever practicable before the judge who issued the subpoena.

(B) A judge rules in a judicial proceeding to which the customer is a party that the subpoena should not be quashed. Nothing in this subparagraph is intended to preclude appellate remedies that may be available under existing law.

(C) A court orders the financial institution and the grand jury to withhold notification to the customer for 30 days from the date of

receipt of the judicial subpoena duces tecum after making a finding upon a written showing that notice to the customer by the financial institution and the grand jury would impede the investigation by the grand jury. The withholding of this notification may be extended for additional 30-day periods up to the end of the term of the grand jury or the filing of a criminal complaint if a court makes a finding upon a written showing, at the time of each extension, that notice to the customer by the financial institution and the grand jury would impede the investigation by the grand jury. Whenever practicable, any application for an extension of time shall be made to the judge who issued the subpoena duces tecum.

(2) For the purpose of this subdivision, an "inference" is a deduction that may be reasonably drawn by the judge of the superior court from facts relevant to the investigation.

(3) If notification was withheld from the customer pursuant to subparagraph (C) of paragraph (1), the state or local agency that made the presentation to the grand jury shall notify the customer in writing after the criminal investigation is terminated without the return of an indictment, or a filing of a criminal complaint. The notice shall specify the financial records that were examined and the reason for this examination. At the time of the notification to the customer, the state or local agency shall notify the financial institution of the notification to its customer. The financial institution shall not have a further obligation to notify its customer of the judicial subpoena duces tecum and the disclosure of records pursuant to the subpoena duces tecum.

(4) Any showing that is required to be made pursuant to this subdivision, as well as the court record of any finding made pursuant to this showing, shall be sealed until one person named in the indictment or the criminal complaint to which the showing related has been arrested, or until the termination of the criminal investigation without the return of an indictment or the filing of a criminal complaint. However, a court may unseal a showing and court record relating thereto on a written showing of good cause and upon service of that showing upon the grand jury and the expiration of 10 days after service without the grand jury giving notice to the court that the jury moves for an in camera hearing regarding the existence of good cause. If notice is given by the grand jury the court shall conduct an in camera hearing upon any terms and with any persons present that the court deems proper. At the conclusion of the in camera hearing, the court, if it finds that good cause exists, may order the showing and court record relating thereto to be unsealed upon any terms that it deems proper.

(c) In any criminal case in which an accusatory pleading is on file charging a violation of Section 476a of the Penal Code, an officer, employee, or agent of a state or local agency or department thereof, may obtain financial records under paragraph (4) of subdivision (a) of Section 7470 pursuant to a judicial subpoena or subpoena duces

tecum to be returned to the court issuing the subpoena or the subpoena duces tecum only if:

(1) The financial records to be produced are of the bank account or accounts as to which the defendant is alleged to have violated Section 476a of the Penal Code;

The ex parte application shall specify with particularity the records to be produced, which shall be only those of the individual or individuals who are the subject of the criminal investigation. CHAPTER 758

An act to amend Section 647 of the Penal Code, and to amend Sections 13201.5 and 22659.5 of the Vehicle Code, relating to prostitution.

[Approved by Governor September 22, 1998. Filed with Secretary of State September 23, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 647 of the Penal Code is amended to read:

647. Every person who commits any of the following acts is guilty of disorderly conduct, a misdemeanor:

(a) Who solicits anyone to engage in or who engages in lewd or dissolute conduct in any public place or in any place open to the public or exposed to public view.

(b) Who solicits or who agrees to engage in or who engages in any act of prostitution. A person agrees to engage in an act of prostitution when, with specific intent to so engage, he or she manifests an acceptance of an offer or solicitation to so engage, regardless of

whether the offer or solicitation was made by a person who also possessed the specific intent to engage in prostitution. No agreement to engage in an act of prostitution shall constitute a violation of this subdivision unless some act, in addition to the agreement, is done within this state in furtherance of the commission of an act of prostitution by the person agreeing to engage in that act. As used in this subdivision, "prostitution" includes any lewd act between persons for money or other consideration.

(c) Who accosts other persons in any public place or in any place open to the public for the purpose of begging or soliciting alms.

(d) Who loiters in or about any toilet open to the public for the purpose of engaging in or soliciting any lewd or lascivious or any unlawful act.

(e) Who loiters or wanders upon the streets or from place to place without apparent reason or business and who refuses to identify himself or herself and to account for his or her presence when requested by any peace officer so to do, if the surrounding circumstances would indicate to a reasonable person that the public safety demands this identification.

(f) Who is found in any public place under the influence of intoxicating liquor, any drug, controlled substance, toluene, or any combination of any intoxicating liquor, drug, controlled substance, or toluene, in such a condition that he or she is unable to exercise care for his or her own safety or the safety of others, or by reason of his or her being under the influence of intoxicating liquor, any drug, controlled substance, toluene, or any combination of any intoxicating liquor, drug, or toluene, interferes with or obstructs or prevents the free use of any street, sidewalk, or other public way.

(g) When a person has violated subdivision (f) of this section, a peace officer, if he or she is reasonably able to do so, shall place the person, or cause him or her to be placed, in civil protective custody. The person shall be taken to a facility, designated pursuant to Section 5170 of the Welfare and Institutions Code, for the 72-hour treatment and evaluation of inebriates. A peace officer may place a person in civil protective custody with that kind and degree of force which would be lawful were he or she effecting an arrest for a misdemeanor without a warrant. No person who has been placed in civil protective custody shall thereafter be subject to any criminal prosecution or juvenile court proceeding based on the facts giving rise to this placement. This subdivision shall not apply to the following persons:

(1) Any person who is under the influence of any drug, or under the combined influence of intoxicating liquor and any drug.

(2) Any person who a peace officer has probable cause to believe has committed any felony, or who has committed any misdemeanor in addition to subdivision (f) of this section.

(3) Any person who a peace officer in good faith believes will attempt escape or will be unreasonably difficult for medical personnel to control.

(h) Who loiters, prowls, or wanders upon the private property of another, at any time, without visible or lawful business with the owner or occupant. As used in this subdivision, "loiter" means to delay or linger without a lawful purpose for being on the property and for the purpose of committing a crime as opportunity may be discovered.

(i) Who, while loitering, prowling, or wandering upon the private property of another, at any time, peeks in the door or window of any inhabited building or structure, without visible or lawful business with the owner or occupant.

(j) Who lodges in any building, structure, vehicle, or place, whether public or private, without the permission of the owner or person entitled to the possession or in control of it.

(k) Anyone who looks through a hole or opening, into, or otherwise views, by means of any instrumentality, including, but not limited to, a periscope, telescope, binoculars, camera, or camcorder, the interior of a bathroom, changing room, fitting room, dressing room, or tanning booth, or the interior of any other area in which the occupant has a reasonable expectation of privacy, with the intent to invade the privacy of a person or persons inside. This subdivision shall not apply to those areas of a private business used to count currency or other negotiable instruments.

In any accusatory pleading charging a violation of subdivision (b), if the defendant has been once previously convicted of a violation of that subdivision, the previous conviction shall be charged in the accusatory pleading. If the previous conviction is found to be true by the jury, upon a jury trial, or by the court, upon a court trial, or is admitted by the defendant, the defendant shall be imprisoned in a county jail for a period of not less than 45 days and shall not be eligible for release upon completion of sentence, on probation, on parole, on work furlough or work release, or on any other basis until he or she has served a period of not less than 45 days in a county jail. In all cases in which probation is granted, the court shall require as a condition thereof that the person be confined in a county jail for at least 45 days. In no event does the court have the power to absolve a person who violates this subdivision from the obligation of spending at least 45 days in confinement in a county jail.

In any accusatory pleading charging a violation of subdivision (b), if the defendant has been previously convicted two or more times of a violation of that subdivision, each such previous conviction shall be charged in the accusatory pleading. If two or more of these previous convictions are found to be true by the jury, upon a jury trial, or by the court, upon a court trial, or are admitted by the defendant, the defendant shall be imprisoned in a county jail for a period of not less than 90 days and shall not be eligible for release upon completion of sentence, on probation, on parole, on work furlough or work release, or on any other basis until he or she has served a period of not less than 90 days in a county jail. In all cases in which probation is granted, the

court shall require as a condition thereof that the person be confined in a county jail for at least 90 days. In no event does the court have the power to absolve a person who violates this subdivision from the obligation of spending at least 90 days in confinement in a county jail.

In addition to any punishment prescribed by this section, a court may suspend, for not more than 30 days, the privilege of the person to operate a motor vehicle pursuant to Section 13201.5 of the Vehicle Code for any violation of subdivision (b) that was committed within 1,000 feet of a private residence and with the use of a vehicle. In lieu of the suspension, the court may order a person's privilege to operate a motor vehicle restricted, for not more than six months, to necessary travel to and from the person's place of employment or education. If driving a motor vehicle is necessary to perform the duties of the person's employment, the court may also allow the person to drive in that person's scope of employment.

SEC. 1.5. Section 647 of the Penal Code is amended to read:

647. Every person who commits any of the following acts is guilty of disorderly conduct, a misdemeanor:

(a) Who solicits anyone to engage in or who engages in lewd or dissolute conduct in any public place or in any place open to the public or exposed to public view.

(b) Who solicits or who agrees to engage in or who engages in any act of prostitution. A person agrees to engage in an act of prostitution when, with specific intent to so engage, he or she manifests an acceptance of an offer or solicitation to so engage, regardless of whether the offer or solicitation was made by a person who also possessed the specific intent to engage in prostitution. No agreement to engage in an act of prostitution shall constitute a violation of this subdivision unless some act, in addition to the agreement, is done within this state in furtherance of the commission of an act of prostitution by the person agreeing to engage in that act. As used in this subdivision, "prostitution" includes any lewd act between persons for money or other consideration.

(c) Who accosts other persons in any public place or in any place open to the public for the purpose of begging or soliciting alms.

(d) Who loiters in or about any toilet open to the public for the purpose of engaging in or soliciting any lewd or lascivious or any unlawful act.

(e) Who loiters or wanders upon the streets or from place to place without apparent reason or business and who refuses to identify himself or herself and to account for his or her presence when requested by any peace officer so to do, if the surrounding circumstances would indicate to a reasonable person that the public safety demands this identification.

(f) Who is found in any public place under the influence of intoxicating liquor, any drug, controlled substance, toluene, or any combination of any intoxicating liquor, drug, controlled substance, or toluene, in such a condition that he or she is unable to exercise care

for his or her own safety or the safety of others, or by reason of his or her being under the influence of intoxicating liquor, any drug, controlled substance, toluene, or any combination of any intoxicating liquor, drug, or toluene, interferes with or obstructs or prevents the free use of any street, sidewalk, or other public way.

(g) When a person has violated subdivision (f) of this section, a peace officer, if he or she is reasonably able to do so, shall place the person, or cause him or her to be placed, in civil protective custody. The person shall be taken to a facility, designated pursuant to Section 5170 of the Welfare and Institutions Code, for the 72-hour treatment and evaluation of inebriates. A peace officer may place a person in civil protective custody with that kind and degree of force which would be lawful were he or she effecting an arrest for a misdemeanor without a warrant. No person who has been placed in civil protective custody shall thereafter be subject to any criminal prosecution or juvenile court proceeding based on the facts giving rise to this placement. This subdivision shall not apply to the following persons:

(1) Any person who is under the influence of any drug, or under the combined influence of intoxicating liquor and any drug.

(2) Any person who a peace officer has probable cause to believe has committed any felony, or who has committed any misdemeanor in addition to subdivision (f) of this section.

(3) Any person who a peace officer in good faith believes will attempt escape or will be unreasonably difficult for medical personnel to control.

(h) Who loiters, prowls, or wanders upon the private property of another, at any time, without visible or lawful business with the owner or occupant. As used in this subdivision, "loiter" means to delay or linger without a lawful purpose for being on the property and for the purpose of committing a crime as opportunity may be discovered.

(i) Who, while loitering, prowling, or wandering upon the private property of another, at any time, peeks in the door or window of any inhabited building or structure, without visible or lawful business with the owner or occupant.

(j) Who lodges in any building, structure, vehicle, or place, whether public or private, without the permission of the owner or person entitled to the possession or in control of it.

(k) (1) Anyone who looks through a hole or opening, into, or otherwise views, by means of any instrumentality, including, but not limited to, a periscope, telescope, binoculars, camera, or camcorder, the interior of a bathroom, changing room, fitting room, dressing room, or tanning booth, or the interior of any other area in which the occupant has a reasonable expectation of privacy, with the intent to invade the privacy of a person or persons inside. This subdivision shall not apply to those areas of a private business used to count currency or other negotiable instruments.

(2) Anyone who secretes a periscope, telescope, binoculars, camera, or camcorder with the intent to invade the privacy of a person or persons who otherwise have a reasonable expectation of privacy, whether in a public or private place, is guilty of disorderly conduct, a misdemeanor.

In any accusatory pleading charging a violation of subdivision (b), if the defendant has been once previously convicted of a violation of that subdivision, the previous conviction shall be charged in the accusatory pleading. If the previous conviction is found to be true by the jury, upon a jury trial, or by the court, upon a court trial, or is admitted by the defendant, the defendant shall be imprisoned in a county jail for a period of not less than 45 days and shall not be eligible for release upon completion of sentence, on probation, on parole, on work furlough or work release, or on any other basis until he or she has served a period of not less than 45 days in a county jail. In all cases in which probation is granted, the court shall require as a condition thereof that the person be confined in a county jail for at least 45 days. In no event does the court have the power to absolve a person who violates this subdivision from the obligation of spending at least 45 days in confinement in a county jail.

In any accusatory pleading charging a violation of subdivision (b), if the defendant has been previously convicted two or more times of a violation of that subdivision, each such previous conviction shall be charged in the accusatory pleading. If two or more of these previous convictions are found to be true by the jury, upon a jury trial, or by the court, upon a court trial, or are admitted by the defendant, the defendant shall be imprisoned in a county jail for a period of not less than 90 days and shall not be eligible for release upon completion of sentence, on probation, on parole, on work furlough or work release, or on any other basis until he or she has served a period of not less than 90 days in a county jail. In all cases in which probation is granted, the court shall require as a condition thereof that the person be confined in a county jail for at least 90 days. In no event does the court have the power to absolve a person who violates this subdivision from the obligation of spending at least 90 days in confinement in a county jail.

In addition to any punishment prescribed by this section, a court may suspend, for not more than 30 days, the privilege of the person to operate a motor vehicle pursuant to Section 13201.5 of the Vehicle Code for any violation of subdivision (b) that was committed within 1,000 feet of a private residence and with the use of a vehicle. In lieu of the suspension, the court may order a person's privilege to operate a motor vehicle restricted, for not more than six months, to necessary travel to and from the person's place of employment or education. If driving a motor vehicle is necessary to perform the duties of the person's employment, the court may also allow the person to drive in that person's scope of employment.

SEC. 2. Section 13201.5 of the Vehicle Code is amended to read:

13201.5. (a) A court may suspend, for not more than 30 days, the privilege of any person to operate a motor vehicle upon conviction of subdivision (b) of Section 647 of the Penal Code where the violation was committed within 1,000 feet of a private residence and with the use of a vehicle.

(b) A court may suspend, for not more than 30 days, the privilege of any person to operate a motor vehicle upon conviction of subdivision (a) of Section 647 of the Penal Code, where a peace officer witnesses the violator pick up a person who is engaging in loitering with the intent to commit prostitution, as described in Section 653.22 of the Penal Code, and the violator subsequently engages with that person in a lewd act within 1,000 feet of a private residence and with the use of a vehicle.

(c) Instead of ordering the suspension under subdivision (a) or (b), a court may order a person's privilege to operate a motor vehicle restricted for not more than six months to necessary travel to and from the person's place of employment or education. If driving a motor vehicle is necessary to perform the duties of the person's employment, the court may also allow the person to drive in that person's scope of employment.

SEC. 3. Section 22659.5 of the Vehicle Code is amended to read:

22659.5. (a) Notwithstanding any other provision of law, any city, any county, or any city and county, may adopt an ordinance establishing a five-year pilot program that implements procedures for declaring any motor vehicle a public nuisance when the vehicle is used in the commission of an act in violation of Section 266h or 266i of the Penal Code or subdivision (b) of Section 647 of that code, and there is a conviction of Section 266h or 266i of the Penal Code or subdivision (b) of Section 647 of that code, or a provision involving any lesser included offense to which the defendant enters a plea of guilty or nolo contendere as part of a plea agreement subsequent to the defendant having been charged with a violation of Section 266h or 266i of the Penal Code or subdivision (b) of Section 647 of that code.

(b) In addition to the authority provided by subdivision (h) of Section 22651, the ordinance may also include procedures to enjoin and abate the declared nuisance by ordering the defendant not to use the vehicle again for purposes of violating Section 266h or 266i of the Penal Code or subdivision (b) of Section 647 of that code and authorizing the temporary impoundment of the vehicle that the court has declared a nuisance if the defendant violates the order. The impoundment shall not exceed 48 hours.

(c) The only action that may be taken to enjoin and abate the declared nuisance are those actions specified in subdivision (b).

(d) Any procedures implemented pursuant to this section shall ensure that no vehicle is declared a nuisance if the vehicle is stolen, unless it is not possible to reasonably ascertain the identity of any owner of the vehicle.

SEC. 4. Section 1.5 of this bill incorporates amendments to Section 647 of the Penal Code proposed by both this bill and SB 121. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1999, (2) each bill amends Section 647 of the Penal Code, and (3) this bill is enacted after SB 121, in which case Section 1 of this bill shall not become operative.

Any peace officer described in this paragraph who has been honorably retired shall be issued an identification certificate by the law enforcement agency from which the officer has retired. The issuing agency may charge a fee necessary to cover any reasonable expenses incurred by the agency in issuing certificates pursuant to this subdivision. As used in this section and Section 12031, the term "honorably retired" includes all peace officers who have qualified for, and have accepted, a service or disability retirement. For purposes of this section and Section 12031, the term "honorably retired" does not include an officer who has agreed to a service retirement in lieu of termination.

(B) Any officer, except an officer listed in Section 830.1 or 830.2, subdivision (a) of Section 830.33, or subdivision (c) of Section 830.5 who retired prior to January 1, 1981, shall have an endorsement on the identification certificate stating that the issuing agency approves the officer's carrying of a concealed firearm.

(C) No endorsement or renewal endorsement issued pursuant to paragraph (2) shall be effective unless it is in the format set forth in subparagraph (D), except that any peace officer listed in subdivision (f) of Section 830.2 or in subdivision (c) of Section 830.5, who is retired between January 2, 1981, and on or before December 31, 1988, and who is authorized to carry a concealed firearm pursuant to this section, shall not be required to have an endorsement in the format set forth in subparagraph (D) until the time of the issuance, on or after January 1, 1989, of a renewal endorsement pursuant to paragraph (2).

(D) A certificate issued pursuant to this paragraph for persons who are not listed in Section 830.1 or 830.2, subdivision (a) of Section 830.33, or subdivision (c) of Section 830.5 or for persons retiring after

An honorably retired peace officer listed in Section 830.1 or 830.2, subdivision (a) of Section 830.33, or subdivision (c) of Section 830.5 who retired prior to January 1, 1981, shall not be required to obtain an endorsement from the issuing agency to carry a concealed firearm. The agency from which a peace officer is honorably retired may, upon initial retirement of that peace officer, or at any time subsequent thereto, deny or revoke for good cause the retired officer's privilege to carry a concealed firearm. A peace officer who is listed in Section 830.1 or 830.2, subdivision (a) of Section 830.33, or subdivision (c) of Section 830.5 who retired prior to January 1, 1981, shall have his or her privilege to carry a concealed firearm denied or revoked by having the agency from which the officer retired stamp on the officer's identification certificate "No CCW privilege."

(3) An honorably retired peace officer who is listed in subdivision (c) of Section 830.5 and authorized to carry concealed firearms by this subdivision shall meet the training requirements of Section 832 and shall qualify with the firearm at least annually. The individual retired peace officer shall be responsible for maintaining his or her eligibility to carry a concealed firearm. The Department of Justice shall provide subsequent arrest notification pursuant to Section 11105.2 regarding honorably retired peace officers listed in subdivision (c) of Section 830.5 to the agency from which the officer has retired.

Retired federal officers or agents shall provide the sheriff with certification from the agency from which they retired certifying their service in the state, the nature of their retirement, and indicating the agency's concurrence that the retired federal officer or agent should be accorded the privilege of carrying a concealed firearm.

Upon that approval, the sheriff shall issue a permit to the retired federal officer or agent indicating that he or she may carry a concealed firearm in accordance with this subdivision. The permit shall be valid for a period not exceeding five years, shall be carried by the retiree while carrying a concealed firearm, and may be revoked for good cause.

The sheriff of the county in which the retired federal officer or agent resides may require recertification prior to a permit renewal,

and may suspend the privilege for cause. The sheriff may charge a fee necessary to cover any reasonable expenses incurred by the county.

(j) The carrying of a pistol, revolver, or other firearm capable of being concealed upon the person by a person who is authorized to carry that weapon in a concealed manner pursuant to Article 3 (commencing with Section 12050).

(2) Carrying a loaded firearm in violation of this section is punishable, as follows:

(A) Where the person previously has been convicted of any felony, or of any crime made punishable by this chapter, as a felony.

(B) Where the firearm is stolen and the person knew or had reasonable cause to believe that it was stolen, as a felony.

(C) Where the person is an active participant in a criminal street gang, as defined in subdivision (a) of Section 186.22, under the Street Terrorism Enforcement and Prevention Act (Chapter 11 (commencing with Section 18620) of Title 7 of Part 1), as a felony.

(D) Where the person is not in lawful possession of the firearm, as defined in this section, or is within a class of persons prohibited from possessing or acquiring a firearm pursuant to Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code, as a felony.

(E) Where the person has been convicted of a crime against a person or property, or of a narcotics or dangerous drug violation, by imprisonment in the state prison, or by imprisonment in a county jail not to exceed one year, by a fine not to exceed one thousand dollars ($1,000), or by both that imprisonment and fine.

(F) In all cases other than those specified in subparagraphs (A) to (E), inclusive, as a misdemeanor, punishable by imprisonment in a county jail not to exceed one year, by a fine not to exceed one thousand dollars ($1,000), or by both that imprisonment and fine.

(G) For purposes of this section, "lawful possession of the firearm" means that the person who has possession or custody of the firearm either owns the firearm or has the permission of the owner or a person who otherwise has apparent authority to possess or have custody of the firearm. A person who takes a firearm without the permission of the owner or without the permission of a person who has custody of the firearm does not have lawful possession of the firearm.

(3) Nothing in this section shall preclude prosecution under Sections 12021 and 12021.1 of this code, Section 8100 or 8103 of the Welfare and Institutions Code, or any other law with a greater penalty than this section.

(4) Notwithstanding paragraphs (2) and (3) of subdivision (a) of Section 836, a peace officer may make an arrest without a warrant:

(A) When the person arrested has violated this section, although not in the officer's presence.

(B) Whenever the officer has reasonable cause to believe that the person to be arrested has violated this section, whether or not this section has, in fact, been violated.

(5) (A) Every person convicted under this section who has previously been convicted of an offense enumerated in Section 12001.6, or of any crime made punishable under this chapter, shall serve a term of at least three months in a county jail, or, if granted probation or if the execution or imposition of sentence is suspended, it shall be a condition thereof that he or she be imprisoned for a period of at least three months.

(B) The court shall apply the three-month minimum sentence except in unusual cases where the interests of justice would best be served by granting probation or suspending the imposition or execution of sentence without the minimum imprisonment required in this subdivision or by granting probation or suspending the imposition or execution of sentence with conditions other than those set forth in this subdivision, in which case, the court shall specify on the record and shall enter on the minutes the circumstances indicating that the interests of justice would best be served by that disposition.

(6) A violation of this section which is punished by imprisonment in a county jail not exceeding one year shall not constitute a conviction of a crime punishable by imprisonment for a term exceeding one year for the purposes of determining federal firearms eligibility under Section 922(g)(1) of Title 18 of the United States Code.

(b) Subdivision (a) shall not apply to any of the following:

The agency from which a peace officer is honorably retired may, upon initial retirement of the peace officer, or at any time subsequent thereto, deny or revoke for good cause the retired officer's privilege to carry a loaded firearm. A peace officer who is listed in Section 830.1 or 830.2, subdivision (a) of Section 830.33, or subdivision (c) of Section 830.5 who is retired prior to January 1, 1981, shall have his or her privilege to carry a loaded firearm denied or revoked by having the agency from which the officer retired stamp on the officer's identification certificate "No CCW privilege."

(3) An honorably retired peace officer who is listed in subdivision (c) of Section 830.5 and authorized to carry loaded firearms by this subdivision shall meet the training requirements of Section 832 and shall qualify with the firearm at least annually. The individual retired peace officer shall be responsible for maintaining his or her eligibility to carry a loaded firearm. The Department of Justice shall provide subsequent arrest notification pursuant to Section 11105.2 regarding honorably retired peace officers listed in subdivision (c) of Section 830.5 to the agency from which the officer has retired.

Retired federal officers or agents shall provide the sheriff with certification from the agency from which they retired certifying their service in the state, the nature of their retirement, and indicating the agency's concurrence that the retired federal officer or agent should be accorded the privilege of carrying a loaded firearm.

Upon approval, the sheriff shall issue a permit to the retired federal officer or agent indicating that he or she may carry a loaded firearm in accordance with this paragraph. The permit shall be valid for a period not exceeding five years, shall be carried by the retiree while carrying a loaded firearm, and may be revoked for good cause.

The sheriff of the county in which the retired federal officer or agent resides may require recertification prior to a permit renewal, and may suspend the privilege for cause. The sheriff may charge a fee necessary to cover any reasonable expenses incurred by the county.

(c) Subdivision (a) shall not apply to any of the following who have completed a regular course in firearms training approved by the Commission on Peace Officer Standards and Training:

(1) Patrol special police officers appointed by the police commission of any city, county, or city and county under the express terms of its charter who also, under the express terms of the charter, (A) are subject to suspension or dismissal after a hearing on charges duly filed with the commission after a fair and impartial trial, (B) are not less than 18 years of age or more than 40 years of age, (C) possess physical qualifications prescribed by the commission, and (D) are designated by the police commission as the owners of a certain beat or territory as may be fixed from time to time by the police commission.

(3) Harbor police officers designated pursuant to Section 663.5 of the Harbors and Navigation Code.

(d) Subdivision (a) shall not apply to any of the following who have been issued a certificate pursuant to Section 12033. The certificate shall not be required of any person who is a peace officer, who has completed all training required by law for the exercise of his or her power as a peace officer, and who is employed while not on duty as a peace officer.

(4) Uniformed security guards or night watch persons employed by any public agency, while acting within the scope and course of their employment.

(5) Uniformed security guards, regularly employed and compensated in that capacity by persons engaged in any lawful business, and uniformed alarm agents employed by an alarm company operator, while actually engaged in protecting and preserving the property of their employers or on duty or en route to or from their residences or their places of employment, and security guards and alarm agents en route to or from their residences or employer-required range training. Nothing in this paragraph shall be construed to prohibit cities and counties from enacting ordinances requiring alarm agents to register their names.

(6) Uniformed employees of private patrol operators and private investigators licensed pursuant to Chapter 11.5 (commencing with

Section 7512) of Division 3 of the Business and Professions Code, while acting within the course and scope of their employment.

(e) In order to determine whether or not a firearm is loaded for the purpose of enforcing this section, peace officers are authorized to examine any firearm carried by anyone on his or her person or in a vehicle while in any public place or on any public street in an incorporated city or prohibited area of an unincorporated territory. Refusal to allow a peace officer to inspect a firearm pursuant to this section constitutes probable cause for arrest for violation of this section.

(f) As used in this section, "prohibited area" means any place where it is unlawful to discharge a weapon.

(g) A firearm shall be deemed to be loaded for the purposes of this section when there is an unexpended cartridge or shell, consisting of a case that holds a charge of powder and a bullet or shot, in, or attached in any manner to, the firearm, including, but not limited to, in the firing chamber, magazine, or clip thereof attached to the firearm; except that a muzzle-loader firearm shall be deemed to be loaded when it is capped or primed and has a powder charge and ball or shot in the barrel or cylinder.

(i) Nothing in this section shall prevent any person from carrying a loaded firearm in an area within an incorporated city while engaged in hunting, provided that the hunting at that place and time is not prohibited by the city council.

(j) (1) Nothing in this section is intended to preclude the carrying of any loaded firearm, under circumstances where it would otherwise be lawful, by a person who reasonably believes that the person or property of himself or herself or of another is in immediate, grave danger and that the carrying of the weapon is necessary for the preservation of that person or property. As used in this subdivision, "immediate" means the brief interval before and after the local law enforcement agency, when reasonably possible, has been notified of the danger and before the arrival of its assistance.

(2) A violation of this section is justifiable when a person who possesses a firearm reasonably believes that he or she is in grave danger because of circumstances forming the basis of a current restraining order issued by a court against another person or persons who has or have been found to pose a threat to his or her life or safety. This paragraph may not apply when the circumstances involve a mutual restraining order issued pursuant to Division 10 (commencing with Section 6200) of the Family Code absent a factual

finding of a specific threat to the person's life or safety. It is not the intent of the Legislature to limit, restrict, or narrow the application of current statutory or judicial authority to apply this or other justifications to defendants charged with violating Section 12025 or of committing other similar offenses.

Upon trial for violating this section, the trier of fact shall determine whether the defendant was acting out of a reasonable belief that he or she was in grave danger.

(k) Nothing in this section is intended to preclude the carrying of a loaded firearm by any person while engaged in the act of making or attempting to make a lawful arrest.

(*l*) Nothing in this section shall prevent any person from having a loaded weapon, if it is otherwise lawful, at his or her place of residence, including any temporary residence or campsite.

SEC. 9. It is the intent of the Legislature that this act shall not be construed to confer any authority, entitlement, or privilege in law, except for those changes specifically made by this act pertaining to peace officers as defined in subdivisions (b) and (c) of Section 830.2 of the Penal Code and subdivision (a) of Section 830.33 of the Penal Code.

SEC. 10. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 11. (a) Section 6 of this act shall become operative only if Section 190 of the Penal Code, as amended by Section 1 of Chapter 413 of the Statutes of 1997, is rejected by the voters at the statewide general election held in 1998, in which case Section 7 of this act shall not become operative and shall not be submitted to the voters.

(b) Section 7 of this act shall become operative if Section 190 of the Penal Code, as amended by Section 1 of Chapter 413 of the Statutes of 1997, is approved by the voters at the statewide general election held in 1998, in which case Section 6 of this act shall not become operative and shall not be submitted to the voters.

SEC. 12. Sections 6 and 7 of this act affect an initiative statute and shall become effective only when submitted to, and approved by, the voters pursuant to subdivision (c) of Section 10 of Article II of the

California Constitution and in accordance with the provisions of Section 12 of this act.

CHAPTER 761

An act to amend Sections 202 and 742 of the Welfare and Institutions Code, relating to juvenile court law.

[Approved by Governor September 22, 1998. Filed with Secretary of State September 23, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 202 of the Welfare and Institutions Code is amended to read:

202. (a) The purpose of this chapter is to provide for the protection and safety of the public and each minor under the jurisdiction of the juvenile court and to preserve and strengthen the minor's family ties whenever possible, removing the minor from the custody of his or her parents only when necessary for his or her welfare or for the safety and protection of the public. When removal of a minor is determined by the juvenile court to be necessary, reunification of the minor with his or her family shall be a primary objective. When the minor is removed from his or her own family, it is the purpose of this chapter to secure for the minor custody, care, and discipline as nearly as possible equivalent to that which should have been given by his or her parents. This chapter shall be liberally construed to carry out these purposes.

(b) Minors under the jurisdiction of the juvenile court who are in need of protective services shall receive care, treatment and guidance consistent with their best interest and the best interest of the public. Minors under the jurisdiction of the juvenile court as a consequence of delinquent conduct shall, in conformity with the interests of public safety and protection, receive care, treatment and guidance which is consistent with their best interest, which holds them accountable for their behavior, and which is appropriate for their circumstances. This guidance may include punishment that is consistent with the rehabilitative objectives of this chapter. If a minor has been removed from the custody of his or her parents, family preservation and family reunification are appropriate goals for the juvenile court to consider when determining the disposition of a minor under the jurisdiction of the juvenile court as a consequence of delinquent conduct when those goals are consistent with his or her best interests and the best interests of the public. When the minor is no longer a ward of the juvenile court, the guidance he or she received should enable him or her to be a law-abiding and productive member of his or her family and the community.

(c) It is also the purpose of this chapter to reaffirm that the duty of a parent to support and maintain a minor child continues, subject to the financial ability of the parent to pay, during any period in which the minor may be declared a ward of the court and removed from the custody of the parent.

(d) Juvenile courts and other public agencies charged with enforcing, interpreting, and administering the juvenile court law shall consider the safety and protection of the public, the importance of redressing injuries to victims, and the best interests of the minor in all deliberations pursuant to this chapter. Participants in the juvenile justice system shall hold themselves accountable for its results. They shall act in conformity with a comprehensive set of objectives established to improve system performance in a vigorous and ongoing manner.

(e) As used in this chapter, "punishment" means the imposition of sanctions which include the following:

(1) Payment of a fine by the minor.

(2) Rendering of compulsory service without compensation performed for the benefit of the community by the minor.

(3) Limitations on the minor's liberty imposed as a condition of probation or parole.

(4) Commitment of the minor to a local detention or treatment facility, such as a juvenile hall, camp, or ranch.

(5) Commitment of the minor to the Department of the Youth Authority.

"Punishment," for the purposes of this chapter, does not include retribution.

(f) In addition to the actions authorized by subdivision (e), the juvenile court may, as appropriate, direct the offender to complete a victim impact class, participate in victim offender conferencing subject to the victim's consent, pay restitution to the victim or victims, and make a contribution to the victim restitution fund after all victim restitution orders and fines have been satisfied, in order to hold the offender accountable or restore the victim or community.

SEC. 2. Section 742 of the Welfare and Institutions Code is amended to read:

742. (a) Upon the request of an alleged victim of a crime, the probation officer shall, within 60 days of the final disposition of a case within which a petition has been filed pursuant to Section 602, inform that person by letter of the final disposition of the case. "Final disposition" means dismissal, acquittal, or findings made pursuant to this article. If the court orders that restitution shall be made to the victim of a crime, the amount, terms, and conditions thereof shall be included in the information provided pursuant to this section.

(b) In any case in which a petition has been filed pursuant to Section 602, the probation officer shall inform the victim of the offense, if any, of any victim-offender conferencing program or victim impact class available in the county, and of his or her right

pursuant to subdivision (a) to be informed of the final disposition of the case, including his or her right, if any, to victim restitution, as permitted by law.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 762

An act to amend Sections 6051, 13600, 13601, and 13602 of, and to add Chapter 6.5 (commencing with Section 6065) to Title 7 of Part 3 of, the Penal Code, relating to corrections.

[Approved by Governor September 22, 1998. Filed with Secretary of State September 23, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 6051 of the Penal Code is amended to read:

6051. The Inspector General shall conduct a management review audit of any warden in the Department of Corrections or superintendent in the Department of the Youth Authority who has held his or her position for more than four years. The management review audit shall include, but not be limited to, issues relating to personnel, training, investigations, and financial matters. The audit report shall be submitted to the secretary of the agency, and the respective director for evaluation and for any response deemed necessary. Any Member of the Legislature may request and shall be provided with a copy of any audit report. A report that involves potential criminal investigations or prosecution shall be considered confidential.

SEC. 2. Chapter 6.5 (commencing with Section 6065) is added to Title 7 of Part 3 of the Penal Code, to read:

CHAPTER 6.5. INTERNAL INVESTIGATIONS

6065. (a) The Legislature finds and declares that investigations of the Department of Corrections and the Department of the Youth

Authority that are conducted by their respective offices of internal affairs, or any successor to these offices, require appropriately trained personnel, who perform their duties with honesty, credibility, and without any conflicts of interest.

(b) To meet the objectives stated in subdivision (a), the following conditions shall be met:

(1) Prior to training any peace officer who is selected to conduct internal affairs investigations, the department shall conduct a complete and thorough background check. This background check shall be in addition to the original background screening that was conducted when the person was hired as a peace officer. Each person shall satisfactorily pass the second background check. No person who has been the subject of a sustained, serious disciplinary action, including, but not limited to, termination, suspension, or demotion shall pass the background check.

(2) All internal affairs allegations or complaints, whether investigated or not, shall be logged and numbered numerically on an annual basis. The log shall specify, but not be limited to, the following information: the numerical number of the allegation or complaint; the date of receipt of the allegation or complaint; the location or facility to which the allegation or complaint pertains; and the disposition of all actions taken, including any final action taken. The log shall be made available to the Inspector General.

(c) Consistent with the objectives expressed in subdivision (a), investigators shall conduct investigations and inquiries in a manner that provides a complete and thorough presentation of the facts regarding the allegation or complaint. All extenuating and mitigating facts shall be explored and reported. The role of the investigator is that of a fact finder. All reports prepared by an investigator shall provide the appointing authority with a complete recitation of the facts, and shall refrain from conjecture or opinion.

(1) Uncorroborated or anonymous allegations shall not constitute the sole basis for disciplinary action by the department, other than an investigation.

(2) All reports shall be submitted in a standard format, begin with a statement of the allegation or complaint, provide all relevant facts, and include the investigator's signature, certifying that the investigator has complied with the provisions of this section subject to compliance with Sections 118.1 and 148.6 of the Penal Code.

SEC. 3. Section 13600 of the Penal Code is amended to read:

13600. (a) The Legislature finds and declares that peace officers of the state correctional system, including youth and adult correctional facilities, fulfill responsibilities that require creation and application of sound selection criteria for applicants and standards for their training prior to assuming their duties. For the purposes of this section, correctional peace officers are peace officers as defined in Section 830.5 and employed or designated by the Department of Corrections and the Department of the Youth Authority.

The Legislature further finds that sound applicant selection and training are essential to public safety and in carrying out the missions of the Youth and Adult Correctional Agency in the custody and care of the state's offender population. The greater degree of professionalism which will result from sound screening criteria and a significant training curriculum will greatly aid the Youth and Adult Correctional Agency in maintaining smooth, efficient, and safe operations and effective programs in the Department of Corrections and the Department of the Youth Authority.

(b) There is within the Youth and Adult Correctional Agency a Commission on Correctional Peace Officer Standards and Training, hereafter referred to as the CPOST. The Department of Corrections-Department of the Youth Authority Joint Apprenticeship Committee, as referred to in the Memorandum of Understanding for Unit 6, is hereby renamed the Commission on Correctional Peace Officer Standards and Training. Any reference to the Department of Corrections-Department of the Youth Authority Joint Apprenticeship Committee shall be deemed to refer to the CPOST.

(c) (1) The executive board of the CPOST shall be composed of six voting members.

(A) Two members from, appointed by, and representing the management of, the Department of Corrections and one member from, appointed by, and representing the Department of the Youth Authority.

(B) Three members from, and appointed by the Governor upon recommendation by, and representing the membership of, the California Correctional Peace Officers' Association. Two members shall be rank and file persons from State Bargaining Unit 6 and one member shall be supervisory.

(C) Appointments shall be for four years.

(D) Promotion of a member of CPOST shall invalidate the appointment of that member and shall require the recommendation and appointment of a new member if the member was appointed from rank and file or from supervisory personnel and promoted out of his or her respective rank and file or supervisory position during his or her term on CPOST.

(2) Each appointing authority shall appoint one alternate member for each regular member who they appoint pursuant to paragraph (1). Every alternate member shall possess the same qualifications as the regular member and shall substitute for, and vote in place of, the regular member whenever he or she is absent.

(d) The rules for voting on the executive board of the CPOST shall be as follows:

(1) Decisions shall be made by a majority vote.

(2) Proxy voting shall not be permitted.

(3) Tentative approval of a decision may be taken by a telephone vote. The CPOST members' decision shall be documented in writing

and submitted to the CPOST for confirmation at the next scheduled CPOST meeting so as to become a part of the permanent record.

(e) The executive board of the CPOST shall adopt rules as it deems necessary for efficient operations, including, but not limited to, the appointment of advisory members for forming whatever committee it deems necessary to conduct its business. These rules shall be in conformance with the State Personnel Board rules and regulations, the Department of Personnel Administration rules and regulations, and the provisions of the State Bargaining Unit 6 Memorandum of Understanding.

(f) The CPOST shall appoint an executive director. The executive director shall appoint staff as provided for in the annual Budget Act, beginning in fiscal year 1999–2000.

SEC. 4. Section 13601 of the Penal Code is amended to read:

13601. (a) The CPOST shall develop, approve, and monitor standards for the selection and training of state correctional peace officer apprentices. Any standard for selection established under this subdivision shall be subject to approval by the State Personnel Board. Using the psychological and screening standards established by the State Personnel Board, the State Personnel Board shall ensure that, prior to training, each applicant who has otherwise qualified in all physical and other testing requirements to be a peace officer in either a youth or adult correctional facility, is determined to be free from emotional or mental conditions that might adversely affect the exercise of his or her duties and powers as a peace officer.

(b) The CPOST may approve standards for a course in the carrying and use of firearms for correctional peace officers that is different from that prescribed pursuant to Section 832. The standards shall take into consideration the different circumstances presented within the institutional setting from that presented to other law enforcement agencies outside the correctional setting.

(c) Notwithstanding Section 3078 of the Labor Code, the length of the probationary period for correctional peace officer apprentices shall be determined by the CPOST subject to approval by the State Personnel Board, pursuant to Section 19170 of the Government Code.

(d) The CPOST shall develop, approve, and monitor standards for advanced rank-and-file and supervisory state correctional peace officer and training programs. When a correctional peace officer is promoted, he or she shall be provided with and be required to complete these secondary training experiences.

(e) The CPOST shall develop, approve, and monitor standards for the training of state correctional peace officers in the handling of stress associated with their duties.

(f) Toward the accomplishment of the objectives of this act, the CPOST may confer with, and may avail itself of the assistance and recommendations of, other state and local agencies, boards, or commissions.

(g) Notwithstanding the authority of the CPOST, the departments shall design and deliver training programs, shall conduct validation studies, and shall provide program support. The CPOST shall monitor program compliance by the departments.

(h) The CPOST may disapprove any training courses created by the departments pursuant to the standards developed by the commission if it determines that the courses do not meet the prescribed standards.

(i) The CPOST shall annually submit an estimate of costs to conduct those inquiries and audits as may be necessary to determine whether the departments and each of their institutions and parole regions are adhering to the standards developed by CPOST, and shall conduct such inquiries and audits consistent with the annual Budget Act.

(j) The CPOST shall establish and implement procedures for reviewing and issuing decisions concerning complaints or recommendations from interested parties regarding CPOST rules, regulations, standards, or decisions.

SEC. 5. Section 13602 of the Penal Code is amended to read:

13602. (a) The Department of Corrections shall use the training academy at Galt. This academy shall be known as the Richard A. McGee Academy. The Department of the Youth Authority shall use the training center at Stockton. The training divisions, in using the funds, shall endeavor to minimize costs of administration so that a maximum amount of the funds will be used for providing training and support to correctional peace officers while being trained by the departments.

(b) Each new cadet who attends an academy after July 1, 2000, shall complete the course of training, pursuant to standards approved by CPOST before he or she may be assigned to a post or job as a peace officer. After July 1, 2000, every newly appointed first-line or second-line supervisor shall complete the course of training, pursuant to standards approved by CPOST for that position. Every effort shall be made to provide training prior to commencement of supervisorial duties. If such training is not completed within six months of appointment to that position, any first-line or second-line supervisor shall not perform supervisory duties until the training is completed. CPOST shall report to the Governor and to the appropriate policy and fiscal committees of the Legislature by September 1, 1999, concerning the training standards determined for line correctional peace officers and supervisors of the California Department of Corrections and the California Youth Authority. This report shall include, but not be limited to, a description of the standards for the curriculum of the respective academies and the length of time required to satisfactorily train officers for their duties.

It is the intent of this section that the report be included in the basis for a new budget change proposal for the administration to consider

in the 2000–01 Budget Act to enhance department training operations.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

The private entity shall also pay a transaction fee in an amount established by the director for providing this wage information. SEC. 4. Section 2 of this bill incorporates amendments to Section 1094 of the Unemployment Insurance Code proposed by both this bill and AB 2017. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1999, (2) each bill amends Section 1094 of the Unemployment Insurance Code, and (3) this bill is enacted after AB 2017, in which case Section 1 of this bill shall not become operative.

CHAPTER 767

An act to amend Sections 1216 and 4016.5 of the Penal Code, relating to corrections.

[Approved by Governor September 22, 1998. Filed with Secretary of State September 23, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 1216 of the Penal Code is amended to read:

If the judgment is for imprisonment in the state prison, the sheriff of the county shall, upon receipt of a certified abstract or minute order thereof, take and deliver the defendant to the warden of the state prison. The sheriff also shall deliver to the warden the certified abstract of the judgment or minute order, a Criminal Investigation and Identification (CII) number, a Confidential Medical/Mental Health Information Transfer Form indicating that the defendant is medically capable of being transported, and take from the warden a receipt for the defendant.

SEC. 2. Section 4016.5 of the Penal Code is amended to read:

4016.5. A city or county shall be reimbursed by the Department of Corrections for costs incurred resulting from the detention of a state prisoner, a person sentenced or referred to the state prison, or a parolee and from parole revocation proceedings when the detention meets any of the following conditions:

(a) The detention relates to a violation of the conditions of parole or the rules and regulations of the Director of Corrections and does not relate to a new criminal charge.

(b) The detention is pursuant to (1) an order of the Board of Prison Terms under the authority granted by Section 3060, or (2) an order of the Governor under the authority granted by Section 3062 or (3) an exercise of a state parole or correctional officer's peace officer powers as specified in Section 830.5.

(c) Security services and facilities are provided for hearings which are conducted by the Board of Prison Terms to revoke parole.

(d) The detention results from a new commitment, or a referral pursuant to Section 1203.03, once the abstract of judgment has been completed, the department's intake control unit has been notified by the county that the prisoner is ready to be transported pursuant to Section 1216, and the department is unable to accept delivery of the prisoner. The reimbursement shall be provided for each day starting on the day following the fifth working day after the date of notification by the county, if the prisoner remains ready to be delivered and the department is unable to receive the prisoner. If a county delivers or attempts to deliver a person to the department without the prior notification required by this paragraph, the date of the delivery or attempted delivery shall be recognized as the notification date pursuant to this paragraph. The notification and verification required by the county for prisoners ready to be transported, and reimbursement provided to the county for prisoners that the department is unable to receive, shall be made pursuant to procedures established by the department.

A city or county shall be reimbursed by the department from funds appropriated in Item 5240-101-0001 of the Budget Act of 1998 for costs incurred pursuant to subdivisions (a), (b), and (c) and from funds appropriated in Item 5240-001-0001 of that act for costs incurred pursuant to subdivision (d).

The reimbursement required by this section shall be expended for maintenance, upkeep, and improvement of jail conditions, facilities, and services. Before the county is reimbursed by the department, the total amount of all charges against that county authorized by law for services rendered by the department shall be first deducted from the gross amount of reimbursement authorized by this section. The net reimbursement shall be calculated and paid monthly by the department. The department shall withhold all or part of the net reimbursement to a county whose jail facility or facilities do not conform to minimum standards for local detention facilities as authorized by Section 6030 only if the county is failing to make reasonable efforts to correct differences, with consideration given to the resources available for those purposes.

"Costs incurred resulting from the detention," as used in this section, shall include the same cost factors as are utilized by the

Department of Corrections in determining the cost of prisoner care in state correctional facilities.

CHAPTER 772

An act relating to vehicles.

[Approved by Governor September 22, 1998. Filed with Secretary of State September 23, 1998.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) The safety of the motoring public will be enhanced by the adoption and implementation of a "zero tolerance" policy for drug and alcohol use among commercial truck and bus drivers that exceeds existing legal thresholds.

(b) In 1997, the Department of the California Highway Patrol found drugged or drunk commercial truck drivers to be the primary collision factor in accidents involving 12 deaths and 147 injuries.

(c) While the drug and alcohol testing regimen begun by Chapter 832 of the Statutes of 1994 (Senate Bill 2034, Ayala) has brought about a commendably low rate of positive tests among commercial truck and bus drivers, there were still approximately 10,000 positive drug and alcohol tests for these drivers in California for 1997.

(d) Loopholes may exist in current drug and alcohol testing laws and regulations that (1) allow commercial truck and bus drivers to avoid positive tests by failing to appear for testing or by refusing to submit a test specimen; (2) discourage motor carriers from exchanging required information on the drug and alcohol testing history and safety record of previously employed drivers; (3) make it difficult for potential employers to screen drivers who are "medically unqualified" to operate a commercial truck or bus due to a positive drug or alcohol test; and (4) allow owner operators to continue driving after a positive test result.

(e) While federal and state laws and regulations establish proper testing protocols for drugs and alcohol detection, enforcement actions involving commercial drivers' licenses must originate with the state issuing the license.

(f) The active involvement of both the Department of Motor Vehicles and the Department of the California Highway Patrol is essential to the regulation and enforcement of motor carriers and for the enhancement of public safety.

(3) Each member specified in paragraphs (1) and (2) is a voting member.

(4) A representative of the United States Department of Transportation shall be invited to participate as an ex officio, nonvoting member.

(c) In conducting its study, the task force is authorized to travel within the state, hold meetings, conduct research, and consult with experts in the field of drug and alcohol testing of commercial truck and bus drivers and the enforcement of drug and alcohol testing laws. The task force shall complete its study and recommendations and submit a printed report of its study and recommendations to the Legislature on or before January 31, 2000.

(d) It is the intent of the Legislature that the task force complete its work in as timely a manner as possible and comply with all the timelines established in this section. [Approved by Governor September 22, 1998. Filed with Secretary of State September 23, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 18400.1 of the Health and Safety Code is amended to read:

18400.1. (a) The enforcement agency shall enter and inspect all mobilehome parks, as required under this part, at least once every eight years, to ensure enforcement of this part and the regulations adopted pursuant to this part. Any notices of violation of this part shall be issued pursuant to Chapter 3.5 (commencing with Section 18420).

(b) In developing its program for inspections, the enforcement agency shall give first priority to inspections of those mobilehome parks which it believes may have the most serious violations of this part.

(c) Nothing in this part shall be construed to allow the enforcement agency to issue a notice for a violation of existing laws or regulations which were not violations of the laws or regulations at the time the mobilehome park received its original permit to operate or at the time the manufactured home or mobilehome received its original installation permit, unless the enforcement agency determines that a condition of the park, manufactured home, or mobilehome endangers the life, limb, health, or safety of the public or occupants thereof.

(d) This section shall remain in effect only until January 1, 2000, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2000, deletes or extends that date.

(e) Any local enforcement agency that relinquishes enforcement authority over to the department shall remit to the department fees collected pursuant to paragraph (2) of subdivision (c) of Section 18502 that have not been expended for purposes of that paragraph.

(f) Each local enforcement agency that has assumed enforcement authority and has collected fees pursuant to paragraph (2) of subdivision (b) of Section 18502, shall provide the department, prior to March 1, 1999, with a status report on its specific inspection program after completion of the program's first seven-year cycle. The report shall include information on the number of parks and spaces in its jurisdiction, the number of parks and spaces that have been inspected, the number and types of notices of violations issued against the parks, the number and types of notices of violations issued against the residents, the number of notices of violations appealed, and the amount of fees collected and expended for the purpose of the inspection program.

The report shall include information on the total number of parks and spaces in the state, the number of parks and spaces that have been inspected, the number of notices of violations issued against the parks, the number of notices of violations issued against the residents and the number of notices of violations appealed, and the amount of fees collected and expended for the purpose of the inspection program. The report shall separate the information according to parks inspected by local enforcement agencies, parks inspected by the department, and total program activity. The report shall include any recommendations for changes to make the inspection program operate more effectively in the event that the program is extended beyond January 1, 2000.

SEC. 2. Section 18424 of the Health and Safety Code is amended to read:

(2) Except for a special occupancy park, an additional annual fee of four dollars ($4) per lot shall be paid to the department or the local enforcement agency, as appropriate, at the time of payment of the annual operating fee. All revenues derived from this fee shall be used exclusively for the inspection of mobilehome parks and mobilehomes to determine compliance with the Mobilehome Parks Act (Part 2.1 (commencing with Section 18200)) and any regulations adopted pursuant to the act.

(3) The Legislature hereby finds and declares that the health and safety of mobilehome park occupants is a matter of public interest and concern and that the fee paid pursuant to paragraph (2) shall be used exclusively for the inspection of mobilehome parks and mobilehomes to ensure that the living conditions of mobilehome park occupants meet the health and safety standards of this part and the regulations adopted pursuant thereto. Therefore,

notwithstanding any other provisions of law or local ordinance, rule, regulation, or initiative measure to the contrary, the holder of the permit to operate the mobilehome park shall be entitled to directly charge one-half of the per lot additional annual fee specified herein to each homeowner, as defined in Section 798.9 of the Civil Code. In that event, the holder of the permit to operate the mobilehome park shall be entitled to directly charge each homeowner for one-half of the per lot additional annual fee at the next billing for the rent and other charges immediately following the payment of the additional fee to the department or local enforcement agency.

(b) Plan checking fees equal to one-half of the construction, plumbing, mechanical, and electrical permit fees, except that the minimum fee shall be ten dollars ($10).

(c) Except for a temporary recreational vehicle park, an annual operating permit fee of twenty-five dollars ($25) and an additional two dollars ($2) per lot or two dollars ($2) per camping party for the maximum number of camping parties to be accommodated at any one time in an incidental camping area.

(e) Change in name fee or transfer of ownership or possession fee of ten dollars ($10).

(f) Duplicate permit fee or amended permit fee of ten dollars ($10).

(g) This section shall become operative on January 1, 2000.

SEC. 5. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 774

An act to amend Sections 25284 and 25292.3 of the Health and Safety Code, relating to underground storage tanks, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 22, 1998. Filed with Secretary of State September 23, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 25284 of the Health and Safety Code is amended to read:

25284. (a) (1) Except as provided in subdivision (c), no person shall own or operate an underground storage tank unless a permit for its operation has been issued by the local agency to the owner or operator of the tank, or a unified program facility permit has been issued by the local agency to the owner or operator of the unified program facility on which the tank is located.

(2) If the operator is not the owner of the tank, or if the permit is issued to a person other than the owner or operator of the tank, the permittee shall ensure that both the owner and the operator of the tank are provided with a copy of the permit.

(3) If the permit is issued to a person other than the operator of the tank, that person shall do all of the following:

(A) Enter into a written agreement with the operator of the tank to monitor the tank system as set forth in the permit.

(B) Provide the operator with a copy or summary of Section 25299 in the form that the board specifies by regulation.

(C) Notify the local agency of any change of operator.

(b) Each local agency shall prepare a form that provides for the acceptance of the obligations of a transferred permit by any person who is to assume the ownership of an underground storage tank from the previous owner and is to be transferred the permit to operate the tank. That person shall complete the form accepting the obligations of the permit and submit the completed form to the local agency within 30 days from the date that the ownership of the underground storage tank is to be transferred. A local agency may review and modify, or terminate, the transfer of the permit to operate the underground storage tank, pursuant to the criteria specified in subdivision (a) of Section 25295, upon receiving the completed form.

(c) Any person assuming ownership of an underground storage tank used for the storage of hazardous substances for which a valid operating permit has been issued shall have 30 days from the date of assumption of ownership to apply for an operating permit pursuant to Section 25286 or, if accepting a transferred permit, shall submit to the local agency the completed form accepting the obligations of the transferred permit, as specified in subdivision (b). During the period from the date of application until the permit is issued or refused, the person shall not be held to be in violation of this section.

(d) A permit issued pursuant to this section shall apply and require compliance with all applicable regulations adopted by the board pursuant to Section 25299.3.

(e) Except as provided in subdivision (g), a permit issued for a petroleum underground storage tank system that meets the requirements of Section 25291 or subdivisions (d) and (e) of Section 25292 and related regulations adopted pursuant to Section 25299.3 shall include an upgrade compliance certificate, the color, size, and content of which shall be specified by the board, that documents that the petroleum underground storage tank system meets the requirements of Section 25291 or subdivisions (d) and (e) of Section 25292 and related regulations. The owner shall place the upgrade compliance certificate in a conspicuous location that can be readily viewed by any person depositing petroleum into the underground storage tank system.

(f) On or before December 22, 1998, the board shall notify all persons who may deliver petroleum to an underground storage tank of where they can obtain a list of underground storage tank facilities that have been issued an upgrade compliance certificate. Local agencies shall maintain a list of underground storage tank facilities that have been issued an upgrade compliance certificate and shall provide this information to anyone requesting it.

(g) (1) Notwithstanding subdivision (e), if the appropriate local agency responsible for issuing a permit to own or operate an underground storage tank, including the upgrade compliance certificate required by subdivision (e), receives authorization from the board for an extension pursuant to subdivision (k), an owner or operator located in the jurisdiction of that local agency may certify that the tank or tanks are in compliance with the requirements of Section 25291 or subdivisions (d) and (e) of Section 25292, and the related regulations adopted pursuant to Section 25299.3.

(2) A self-certification by an operator pursuant to this subdivision shall be valid for a period not to exceed 90 days from the date the board grants the local agency the authority to extend applicable deadlines pursuant to subdivision (k), or the date the local agency completes its inspection and issues or denies an upgrade compliance certificate, whichever date is earlier. Under no circumstances is self-certification valid after March 22, 1999. After March 22, 1999, an upgrade compliance certificate, as issued by the appropriate local

agency, is required before petroleum may be deposited into an underground storage tank that meets the requirements set forth in paragraph (1).

(h) An owner or operator certifying compliance pursuant to subdivision (g) shall place on the underground storage tank system, in plain view, the following self-certification statement, with the operator's signature:

"I certify under penalty of perjury that this tank meets the applicable requirements set forth in subdivision (g) of Section 25284 of the Health and Safety Code."

(i) Any owner or operator who certifies that an underground storage tank meets the requirements set forth in subdivision (g) which in fact had not been met at the time the statement in subdivision (h) was posted shall be subject to a civil penalty of up to twenty-five thousand dollars ($25,000) for each facility for each day of violation.

(j) This section does not supersede, limit, or supplant any local control duly adopted pursuant to Section 13869.7 or Article 2 (commencing with Section 50020) of Chapter 1 of Part 1 of Division 1 of Title 5 of the Government Code.

(k) On or before December 1, 1998, a local agency responsible for issuing a permit to own or operate an underground storage tank, including the upgrade compliance certificate required by subdivision (e), may petition the board for a 90 day extension of the deadline for compliance with subdivisions (e) and (f). The board, acting itself, or by order of the executive director, shall either approve or deny the petition within 30 days of receiving the petition. The local agency shall include in its petition an explanation of the circumstances necessitating the extension and the steps the local agency will take to address those circumstances. The board shall deny the petition if the board finds that the local agency does not need additional time to meet the requirements of subdivisions (e) and (f).

SEC. 2. Section 25292.3 of the Health and Safety Code is amended to read:

25292.3. (a) On and after January 1, 1999, no person shall deposit petroleum into an underground storage tank system unless the underground storage tank system meets the requirements of Section 25291 or subdivisions (d) and (e) of Section 25292 and related regulations adopted pursuant to Section 25299.3.

(b) Any person depositing petroleum into an underground storage tank system shall verify that the system meets the requirements of Section 25291 or subdivisions (d) and (e) of Section 25292, and related regulations adopted pursuant to Section 25299.3, by taking one of the following actions:

(1) Viewing the upgrade compliance certificate for the petroleum underground storage tank system displayed pursuant to subdivision (e) of Section 25284 or viewing a statement placed on the

underground tank system pursuant to subdivision (h) of Section 25284.

(2) Obtaining written verification from the local agency that the petroleum underground storage tank system is on a list maintained by a local agency pursuant to subdivision (f) of Section 25284.

(3) Obtaining a correct copy of the upgrade compliance certificate from the owner or operator of the petroleum underground storage tank system.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to extend, as soon as possible, the deadline that local agencies are required to meet in certifying that underground storage tanks are upgraded, it is necessary that this act take effect immediately.

The determination of the qualifications and competence of a perfusionist, and the awarding of appropriate privileges, shall be the responsibility of the general acute care hospital or its medical staff.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 782

An act to add Section 14669.20 to the Government Code, relating to state property.

[Approved by Governor September 22, 1998. Filed with Secretary of State September 23, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 14669.20 is added to the Government Code, to read:

14669.20. (a) Subject to paragraphs (2) and (3) of subdivision (b), the director may purchase, exchange, or otherwise acquire real property and construct facilities, including any improvements, betterments, and related facilities, within the County of Sacramento or the City of West Sacramento pursuant to this section, for use by the Department of Corrections and other state agencies. The department may enter into a lease-purchase, or a lease with an option to purchase the facilities, or may contract for the acquisition, design, design-build, construction, construction management, and other services related to the design and construction of the office and parking facilities authorized to be acquired pursuant to this section. The total authorized scope of the project shall not exceed 750,000 gross square feet of office facilities and the total authorized costs of the facilities, including land acquisition, preliminary plans, working drawings, construction, and other costs shall not exceed one hundred sixty million dollars ($160,000,000), excluding any additional sums necessary to pay interim and permanent financing costs. Notwithstanding Section 13332.11, the State Public Works Board may authorize the augmentation of the costs authorized in the annual Budget Act pursuant to this paragraph by up to 10 percent of the amount authorized. The department shall acquire the facility on a site that permits future expansion of the facility authorized by this section, if evaluations of future Department of Corrections' headquarters workload indicates that future expansion of the facility may be warranted.

(b) (1) The State Public Works Board may issue revenue bonds, negotiable notes, or negotiable bond anticipation notes pursuant to

Chapter 5 (commencing with Section 15830) of Part 10b of Division 3 to finance all costs associated with acquisition, design, and construction of office and parking facilities for the purposes of this section. The State Public Works Board and the department may borrow funds for project costs from the Pooled Money Investment Account pursuant to Sections 16312 and 16313. In the event the bonds authorized by the project are not sold, the Department of Corrections shall commit a sufficient amount of its support appropriation to repay any loans made for the project from the Pooled Money Investment Account. It is the intent of the Legislature that this commitment shall be included in future Budget Acts until all outstanding loans from the Pooled Money Investment Account are repaid either through the proceeds from the sale of bonds or from an appropriation.

(2) (A) If the department proposes to acquire the facilities on a design-build basis, prior to the department entering into an agreement pursuant to subdivision (a) to design and build the facilities, the department shall submit to the Legislature a copy of all documents that shall be the basis upon which bids will be solicited and awarded to design and build the facilities. The documents shall include the following:

(i) The request for qualifications.

(ii) Site development guidelines.

(iii) Architectural and all system design requirements for the facilities.

(iv) Notwithstanding any other provision of law, the recommended specific criteria and process by which the contractor shall be selected.

(v) The performance criteria and standards for the architecture and all components and systems of the facilities.

(B) The information in the documents shall be provided in at least as much detail as was prepared for the San Francisco Civic Center Complex project and shall cover the quality of materials, equipment, and workmanship to be used in the facilities. These documents shall also include a detailed and specific space program for the facilities that identifies the specific spatial needs of the state agencies.

(C) If the department proposes to contract for construction separate from design, the department shall, prior to commencing work on working drawings for the facilities authorized in this section, submit to the Legislature a copy of the preliminary plans for the facilities and a detailed and specific space program for the facilities that identifies the specific spatial needs of the state agencies.

(D) Regardless of how the department proposes to acquire the facilities, the department also shall submit all of the following information, which may be included in the bid documents:

(i) A final estimated cost for design, construction, and other costs.

(ii) How the department would manage the contracts entered into for this project to ensure compliance with contract requirements

and to ensure that the state receives the highest level of quality workmanship and materials for the funds spent on the project.

(E) If the department proposes to acquire the facility pursuant to a lease-purchase agreement or a lease with an option to purchase, prior to executing an agreement to lease the facilities, the department shall submit to the Legislature a report that includes the site for the proposed facilities, the size of the facilities, the site characteristics, including, but not limited to, its proximity to public transit, the proposed lease terms, and any proposed terms concerning the exercise of any option to purchase the facilities.

(3) The department shall submit to the Legislature the information required to be submitted pursuant to paragraphs (2) and (5), notwithstanding Section 7550.5. Except for those contracts and agreements necessary to prepare the information required by paragraphs (2) and (5), the department shall not solicit bids to enter into any agreement to design and build or otherwise acquire the facilities, commence work on working drawings, or enter into an agreement to lease the facilities authorized in this section sooner than 120 days after the department submits to the Legislature the information required to be submitted pursuant to paragraphs (2) and (5). The Legislative Analyst shall evaluate the information submitted to the Legislature and shall prepare a report to the Joint Legislative Budget Committee within 60 days of receiving the documents submitted to the Legislature. It is the intent of the Legislature that the Joint Legislative Budget Committee meet prior to the date the department is authorized to solicit bids to design and build or otherwise acquire the facilities, commence work on working drawings, or enter into an agreement to lease the facilities for the purposes of discussing the report from the Legislative Analyst and adopting a report with any recommendations to the department on changes to the site design criteria, performance criteria, and specifications and specific criteria for determining the winning bidder. If the Joint Legislative Budget Committee adopts a report prior to the date the department is authorized to solicit bids to design and build or otherwise acquire the facilities, commence work on working drawings, or enter into an agreement to lease the facilities, the department may solicit the bids, commence the work, or enter into an agreement to lease the facilities when the report is adopted by the Joint Legislative Budget Committee. The department shall submit periodic progress reports to the Joint Legislative Budget Committee while preparing the documents, including a draft of any request for proposals.

(4) The amount of revenue bonds, negotiable notes, or negotiable bond anticipation notes to be sold may equal, but shall not exceed, the cost of land acquisition, planning, preliminary plans, working drawings, construction, construction management and supervision, other costs relating to the design and construction of the facilities, and any additional sums necessary to pay interim and permanent

financing costs. The additional amount may include interest and a reasonable required reserve fund.

(5) The net present value of the cost to acquire and operate the facilities authorized in this section may not exceed the net present value of the cost to lease and operate an equivalent amount of comparable office space over the same time period. The department shall perform this analysis and shall obtain interest rates, discount rates, and Consumer Price Index figures from the Treasurer and submit its analysis with the documents submitted pursuant to paragraph (2). For purposes of this analysis, the department shall compare the cost of acquiring and operating the proposed facilities with the avoided cost of leasing and operating an equivalent amount of comparable office space that will no longer need to be leased because the agencies will no longer occupy currently leased facilities when they occupy the proposed facilities.

(c) The director may execute and deliver a contract with the State Public Works Board for the lease of the facilities described in this section that are financed with the proceeds of the board's bonds, notes, or bond anticipation notes issued in accordance with this section.

CHAPTER 783

An act to amend Section 110 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor September 22, 1998. Filed with Secretary of State September 23, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 110 of the Revenue and Taxation Code is amended to read:

110. (a) Except as is otherwise provided in Section 110.1, "full cash value" or "fair market value" means the amount of cash or its equivalent that property would bring if exposed for sale in the open market under conditions in which neither buyer nor seller could take advantage of the exigencies of the other, and both the buyer and the seller have knowledge of all of the uses and purposes to which the property is adapted and for which it is capable of being used, and of the enforceable restrictions upon those uses and purposes.

(b) For purposes of determining the "full cash value" or "fair market value" of real property, other than possessory interests, being appraised upon a purchase, "full cash value" or "fair market value" is the purchase price paid in the transaction unless it is established by a preponderance of the evidence that the real property would not have transferred for that purchase price in an open market

transaction. The purchase price shall, however, be rebuttably presumed to be the "full cash value" or "fair market value" if the terms of the transaction were negotiated at arms length between a knowledgeable transferor and transferee neither of which could take advantage of the exigencies of the other. "Purchase price," as used in this section, means the total consideration provided by the purchaser or on the purchaser's behalf, valued in money, whether paid in money or otherwise. There is a rebuttable presumption that the value of improvements financed by the proceeds of an assessment resulting in a lien imposed on the property by a public entity is reflected in the total consideration, exclusive of that lien amount, involved in the transaction. This presumption may be overcome if the assessor establishes by a preponderance of the evidence that all or a portion of the value of those improvements is not reflected in that consideration. If a single transaction results in a change in ownership of more than one parcel of real property, the purchase price shall be allocated among those parcels and other assets, if any, transferred based on the relative fair market value of each.

(c) For real property, other than possessory interests, the change of ownership statement required pursuant to Section 480, 480.1, or 480.2, or the preliminary change of ownership statement required pursuant to Section 480.4, shall give any information as the board shall prescribe relative to whether the terms of the transaction were negotiated at "arms length." In the event that the transaction includes property other than real property, the change in ownership statement shall give information as the board shall prescribe disclosing the portion of the purchase price that is allocable to all elements of the transaction. If the taxpayer fails to provide the prescribed information, the rebuttable presumption provided by subdivision (b) shall not apply.

(d) Except as provided in subdivision (e), for purposes of determining the "full cash value" or "fair market value" of any taxable property, all of the following shall apply:

(1) The value of intangible assets and rights relating to the going concern value of a business using taxable property shall not enhance or be reflected in the value of the taxable property.

(2) If the principle of unit valuation is used to value properties that are operated as a unit and the unit includes intangible assets and rights, then the fair market value of the taxable property contained within the unit shall be determined by removing from the value of the unit the fair market value of the intangible assets and rights contained within the unit.

(3) The exclusive nature of a concession, franchise, or similar agreement, whether de jure or de facto, is an intangible asset that shall not enhance the value of taxable property, including real property.

(e) Taxable property may be assessed and valued by assuming the presence of intangible assets or rights necessary to put the taxable property to beneficial or productive use.

(f) For purposes of determining the "full cash value" or "fair market value" of real property, intangible attributes of real property shall be reflected in the value of the real property. These intangible attributes of real property include zoning, location, and other attributes that relate directly to the real property involved.

SEC. 2. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 784

An act to amend, repeal, and add Section 33128 of the Education Code, relating to school finance.

[Approved by Governor September 22, 1998. Filed with Secretary of State September 23, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 33128 of the Education Code is amended to read:

33128. (a) The standards and criteria to be adopted by the State Board of Education pursuant to Section 33127 shall include, but not be limited to, comparisons and reviews of the following:

(1) Average daily attendance.

(2) Revenues and expenditures.

(3) Reserves and fund balance.

(4) Multiyear commitments.

(b) Notwithstanding paragraph (3), the State Board of Education shall not adopt standards and criteria for a budget reserve for economic uncertainties in excess of 1 percent of a school district's total expenditures, transfers out, and other uses of the school district for a school district that has an average daily attendance greater than 125,000 and where the school district has, by an affirmative vote of its governing board, agreed to a budget reserve of 1 percent. For the purposes of this paragraph, "transfers out" and "other uses" of the school district shall have the same meaning as set forth in the California School Accounting Manual.

(c) This section shall become inoperative on July 1, 2003, and, as of January 1, 2004, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2004, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. Section 33128 is added to the Education Code, to read:

33128. (a) The standards and criteria to be adopted by the State Board of Education pursuant to Section 33127 shall include, but not be limited to, comparisons and reviews of the following:

(4) Multi-year commitments.

(b) This section shall become operative on July 1, 2003.

CHAPTER 785

An act to add Section 10609.5 to the Welfare and Institutions Code, relating to child welfare services.

[Approved by Governor September 22, 1998. Filed with Secretary of State September 23, 1998.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The safety of children is the paramount goal of the child welfare services system.

(b) The existing approach to budgeting and funding child welfare services was established over 15 years ago, and it is in the best interest of children for the Legislature to find out if the system is outdated and inappropriate as a means of adequately funding the program today.

(c) Numerous and significant changes in child welfare services policy and practice, as well as demographic and societal changes over the past 15 years, have dramatically affected the workload demands of the current system and its ability to deliver high quality child welfare services. Some of these changes include:

(1) An explosion in the number of children at risk of abuse, neglect, and exploitation due to substance abuse in families.

(2) An overall increase in the number and complexity of stresses on vulnerable families, and a corresponding rise in the level of dysfunction in the families and children in need of child welfare services.

(3) Over a decade of new state and federal laws and regulations that have impacted the workload demands of the system.

(4) The implementation of promising advances and innovation in child welfare services practice and delivery at the local level, such as family conferencing and wraparound services.

(5) The implementation of the child welfare services case management system.

(d) These changes and many others have contributed to a serious need for a reevaluation of California's methodology for budgeting and funding the child welfare services system.

SEC. 2. Section 10609.5 is added to the Welfare and Institutions Code, to read:

10609.5. (a) The department shall contract with an appropriate and qualified entity to conduct an evaluation of the adequacy of the current child welfare services budgeting methodology and make recommendations for revising the budgeting methodology, including appropriate caseload levels, supportive services, and preventative services, in order to accurately and adequately fund the system. This evaluation shall, at a minimum, consider the impact of the following factors on the budgeting methodology:

(1) The current state and federal statutory and regulatory environment for child welfare services.

(2) The state of the art advancements and best child welfare practice, such as family conferencing and wraparound services.

(3) The impact of the child welfare services case management system on the workload of workers in the system.

(4) The nature and degree of the problems experienced by families in need of child welfare services, and the service needs of abused and neglected children and their families.

(5) The impact on workload of obtaining timely medical, mental health, educational, and developmental assessments of children in the child welfare system, and coordinating with other systems to meet the children's needs.

(b) The department shall convene an advisory group that shall include representatives of the County Welfare Directors Association, the California State Association of Counties, child welfare services consumers, children's advocacy organizations, and child welfare social worker organizations. The advisory group shall do both of the following:

(1) Provide oversight over the process of selecting an entity to conduct an evaluation under subdivision (a).

(2) Provide oversight over, and technical assistance to, the entity selected to conduct the evaluation under subdivision (a).

(c) The department shall report the findings and recommendations of the evaluation to the appropriate policy and fiscal committees of the Legislature no later than January 30, 2000.

CHAPTER 786

An act to amend Section 3304 of the Government Code, relating to public safety officers.

[Approved by Governor September 22, 1998. Filed with Secretary of State September 23, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 3304 of the Government Code is amended to read:

3304. (a) No public safety officer shall be subjected to punitive action, or denied promotion, or be threatened with any such treatment, because of the lawful exercise of the rights granted under this chapter, or the exercise of any rights under any existing administrative grievance procedure.

Nothing in this section shall preclude a head of an agency from ordering a public safety officer to cooperate with other agencies involved in criminal investigations. If an officer fails to comply with such an order, the agency may officially charge him or her with insubordination.

(b) No punitive action, nor denial of promotion on grounds other than merit, shall be undertaken by any public agency against any public safety officer who has successfully completed the probationary period that may be required by his or her employing agency without providing the public safety officer with an opportunity for administrative appeal.

(c) No chief of police may be removed by a public agency, or appointing authority, without providing the chief of police with written notice and the reason or reasons therefor and an opportunity for administrative appeal.

For purposes of this subdivision, the removal of a chief of police by a public agency or appointing authority, for the purpose of implementing the goals or policies, or both, of the public agency or appointing authority, for reasons including, but not limited to, incompatibility of management styles or as a result of a change in administration, shall be sufficient to constitute "reason or reasons."

Nothing in this subdivision shall be construed to create a property interest, where one does not exist by rule or law, in the job of Chief of Police.

(d) Except as provided in this subdivision and subdivision (g), no punitive action, nor denial of promotion on grounds other than merit, shall be undertaken for any act, omission, or other allegation of misconduct if the investigation of the allegation is not completed within one year of the public agency's discovery by a person authorized to initiate an investigation of the allegation of an act, omission, or other misconduct. This one-year limitation period shall apply only if the act, omission, or other misconduct occurred on or after January 1, 1998. In the event that the public agency determines that discipline may be taken, it shall complete its investigation and notify the public safety officer of its proposed disciplinary action within that year, except in any of the following circumstances:

(1) If the act, omission, or other allegation of misconduct is also the subject of a criminal investigation or criminal prosecution, the time

during which the criminal investigation or criminal prosecution is pending shall toll the one-year time period.

(2) If the public safety officer waives the one-year time period in writing, the time period shall be tolled for the period of time specified in the written waiver.

(3) If the investigation is a multijurisdictional investigation that requires a reasonable extension for coordination of the involved agencies.

(4) If the investigation involves more than one employee and requires a reasonable extension.

(5) If the investigation involves an employee who is incapacitated or otherwise unavailable.

(6) If the investigation involves a matter in civil litigation where the public safety officer is named as a party defendant, the one-year time period shall be tolled while that civil action is pending.

(7) If the investigation involves a matter in criminal litigation where the complainant is a criminal defendant, the one-year time period shall be tolled during the period of that defendant's criminal investigation and prosecution.

(8) If the investigation involves an allegation of workers' compensation fraud on the part of the public safety officer.

(e) Where a predisciplinary response or grievance procedure is required or utilized, the time for this response or procedure shall not be governed or limited by this chapter.

(f) If, after investigation and any predisciplinary response or procedure, the public agency decides to impose discipline, the public agency shall notify the public safety officer in writing of its decision to impose discipline, including the date that the discipline will be imposed, within 30 days of its decision, except if the public safety officer is unavailable for discipline.

(g) Notwithstanding the one-year time period specified in subdivision (c), an investigation may be reopened against a public safety officer if both of the following circumstances exist:

(1) Significant new evidence has been discovered that is likely to affect the outcome of the investigation.

(2) One of the following conditions exist:

(A) The evidence could not reasonably have been discovered in the normal course of investigation without resorting to extraordinary measures by the agency.

(B) The evidence resulted from the public safety officer's predisciplinary response or procedure.

(h) For those members listed in subdivision (a) of Section 830.2 of the Penal Code, the 30-day time period provided for in subdivision (e) shall not commence with the service of a preliminary notice of adverse action, should the public agency elect to provide the public safety officer with such a notice.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act

contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 787

An act to add Section 1367.635 to the Health and Safety Code, and to add Section 10123.86 to the Insurance Code, relating to health coverage.

[Approved by Governor September 23, 1998. Filed with Secretary of State September 24, 1998.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the Breast Cancer Patient Protection Act of 1998.

SEC. 2. Section 1367.635 is added to the Health and Safety Code, to read:

1367.635. (a) Every health care service plan contract that is issued, amended, renewed, or delivered on or after January 1, 1999, that provides coverage for surgical procedures known as mastectomies and lymph node dissections, shall do all of the following:

(1) Allow the length of a hospital stay associated with those procedures to be determined by the attending physician and surgeon in consultation with the patient, consistent with sound clinical principles and processes. No health care service plan shall require a treating physician and surgeon to receive prior approval from the plan in determining the length of hospital stay following those procedures.

(2) Cover prosthetic devices or reconstructive surgery, including devices or surgery to restore and achieve symmetry for the patient incident to the mastectomy. Coverage for prosthetic devices and reconstructive surgery shall be subject to the deductible and coinsurance conditions applicable to other benefits.

(3) Cover all complications from a mastectomy, including lymphedema.

(b) As used in this section, all of the following definitions apply:

(1) "Coverage for prosthetic devices or reconstructive surgery" means any initial and subsequent reconstructive surgeries or prosthetic devices, and followup care deemed necessary by the attending physician and surgeon.

(2) "Prosthetic devices" means and includes the provision of initial and subsequent prosthetic devices pursuant to an order of the patient's physician and surgeon.

(3) "Mastectomy" shall have the same meaning as in Section 1367.6.

(4) "To restore and achieve symmetry" means that, in addition to coverage of prosthetic devices and reconstructive surgery for the diseased breast on which the mastectomy was performed, prosthetic devices and reconstructive surgery for a healthy breast is also covered if, in the opinion of the attending physician and surgeon, this surgery is necessary to achieve normal symmetrical appearance.

(c) No individual, other than a licensed physician and surgeon competent to evaluate the specific clinical issues involved in the care requested, may deny requests for authorization of health care services pursuant to this section.

(d) No health care service plan shall do any of the following in providing the coverage described in subdivision (a):

(1) Reduce or limit the reimbursement of the attending provider for providing care to an individual enrollee or subscriber in accordance with the coverage requirements.

(2) Provide monetary or other incentives to an attending provider to induce the provider to provide care to an individual enrollee or subscriber in a manner inconsistent with the coverage requirements.

(3) Provide monetary payments or rebates to an individual enrollee or subscriber to encourage acceptance of less than the coverage requirements.

(e) On or after July 1, 1999, every health care service plan shall include notice of the coverage required by this section in the plan's evidence of coverage.

(f) Nothing in this section shall be construed to limit retrospective utilization review and quality assurance activities by the plan.

SEC. 3. Section 10123.86 is added to the Insurance Code, to read:

10123.86. (a) Every policy of disability insurance covering hospital, surgical, or medical expenses that is issued, amended, renewed, or delivered on or after January 1, 1999, that provides coverage for surgical procedures known as mastectomies and lymph node dissections, shall do all of the following:

(1) Allow the length of a hospital stay associated with those procedures to be determined by the attending physician and surgeon in consultation with the patient, consistent with sound clinical principles and processes. No disability insurer shall require a treating physician and surgeon to receive prior approval in determining the length of hospital stay following those procedures.

(2) Cover prosthetic devices or reconstructive surgery, including devices or surgery to restore and achieve symmetry for the patient incident to the mastectomy. Coverage for prosthetic devices and reconstructive surgery shall be subject to the deductible and coinsurance conditions applicable to other benefits.

(3) Cover all complications from a mastectomy, including lymphedema.

(b) As used in this section, all of the following definitions apply:

(1) "Coverage for prosthetic devices or reconstructive surgery" means any initial and subsequent reconstructive surgeries or prosthetic devices, and followup care deemed necessary by the attending physician and surgeon.

(2) "Prosthetic devices" means and includes the provision of initial and subsequent prosthetic devices pursuant to an order of the patient's physician and surgeon.

(3) "Mastectomy" shall have the same meaning as in Section 10123.8.

(4) "To restore and achieve symmetry" means that, in addition to coverage of prosthetic devices and reconstructive surgery for the diseased breast on which the mastectomy was performed, prosthetic devices and reconstructive surgery for a healthy breast is also covered if, in the opinion of the attending physician and surgeon, this surgery is necessary to achieve normal symmetrical appearance.

(c) No individual, other than a licensed physician and surgeon competent to evaluate the specific clinical issues involved in the care requested, may deny requests for authorization of health care services pursuant to this section.

(d) No insurer shall do any of the following in providing the coverage described in subdivision (a):

(1) Reduce or limit the reimbursement of the attending provider for providing care to an insured in accordance with the coverage requirements.

(2) Provide monetary or other incentives to an attending provider to induce the provider to provide care to an insured in a manner inconsistent with the coverage requirements.

(3) Provide monetary payments or rebates to an insured to encourage acceptance of less than the coverage requirements.

(e) On or after July 1, 1999, every insurer shall include notice of the coverage required by this section in the insurer's evidence of coverage or certificate of insurance.

(f) Nothing in this section shall be construed to limit retrospective utilization review and quality assurance activities by the insurer.

(g) This section shall only apply to health benefit plans, as defined in subdivision (a) of Section 10198.6, except that for accident only, specified disease, or hospital indemnity insurance, coverage for benefits under this section shall apply to the extent that the benefits are covered under the general terms and conditions that apply to all other benefits under the policy. Nothing in this section shall be

construed as imposing a new benefit mandate on accident only, specified disease, or hospital indemnity insurance.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 788

An act to add Section 1367.63 to the Health and Safety Code, to add Section 10123.88 to the Insurance Code, and to add Section 14132.62 to the Welfare and Institutions Code, relating to health care coverage.

[Approved by Governor September 23, 1998. Filed with Secretary of State September 24, 1998.]

The people of the State of California do enact as follows:

SECTION 1. In enacting this act, it is the intent of the Legislature that health care service plans and disability insurers shall cover surgical procedures for enrollees and insureds if it is determined that the surgical procedures meet the definition of reconstructive surgery set forth in this act. However, in enacting subdivision (e) of Section 1367.63 of the Health and Safety Code, Section 10123.88 of the Insurance Code, and Section 14132.62 of the Welfare and Institutions Code, it is the intent of the Legislature that health care service plans and disability insurers shall not be required to cover a surgical procedure that will only result in a minimal improvement in the appearance of the patient. The determination of whether a surgery will produce only a minimal improvement shall be based upon the standard of care as practiced by physicians specializing in reconstructive surgery, and for services provided under the Medi-Cal program (Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code), as specified in Section 14132.62 of the Welfare and Institutions Code.

SEC. 2. Section 1367.63 is added to the Health and Safety Code, to read:

1367.63. (a) Every health care service plan contract, except a specialized health care service plan contract, that is issued, amended, renewed, or delivered in this state on or after July 1, 1999, shall cover reconstructive surgery, as defined in subdivision (c), that is necessary to achieve the purposes specified in paragraphs (1) or (2) of subdivision (c). Nothing in this section shall be construed to require a plan to provide coverage for cosmetic surgery, as defined in subdivision (d).

(b) No individual, other than a licensed physician competent to evaluate the specific clinical issues involved in the care requested, may deny initial requests for authorization of coverage for treatment pursuant to this section. For a treatment authorization request submitted by a podiatrist or an oral and maxillofacial surgeon, the request may be reviewed by a similarly licensed individual, competent to evaluate the specific clinical issues involved in the care requested.

(c) "Reconstructive surgery" means surgery performed to correct or repair abnormal structures of the body caused by congenital defects, developmental abnormalities, trauma, infection, tumors, or disease to do either of the following:

(1) To improve function.

(2) To create a normal appearance, to the extent possible.

(d) "Cosmetic surgery" means surgery that is performed to alter or reshape normal structures of the body in order to improve appearance.

(e) In interpreting the definition of reconstructive surgery, a health care service plan may utilize prior authorization and utilization review that may include, but need not be limited to, any of the following:

(1) Denial of the proposed surgery if there is another more appropriate surgical procedure that will be approved for the enrollee.

(2) Denial of the proposed surgery or surgeries if the procedure or procedures, in accordance with the standard of care as practiced by physicians specializing in reconstructive surgery, offer only a minimal improvement in the appearance of the enrollee.

(3) Denial of payment for procedures performed without prior authorization.

(4) For services provided under the Medi-Cal program (Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of the Welfare and Institutions Code), denial of the proposed surgery if the procedure offers only a minimal improvement in the appearance of the enrollee, as may be defined in any regulations that may be promulgated by the State Department of Health Services.

SEC. 3. Section 10123.88 is added to the Insurance Code, to read:

10123.88. (a) Every policy of disability insurance covering hospital, medical, or surgical expenses that is issued, amended, renewed, or delivered in this state on or after July 1, 1999, shall cover

reconstructive surgery, as defined in subdivision (c), that is necessary to achieve the purposes specified in paragraphs (1) or (2) of subdivision (c). Nothing in this section shall be construed to require a policy to provide coverage for cosmetic surgery, as defined in subdivision (d). This section shall only apply to health benefit plans, as defined in subdivision (a) of Section 10198.6, except that for accident only, specified disease, or hospital indemnity insurance, coverage for benefits under this section shall apply to the extent that the benefits are covered under the general terms and conditions that apply to all other benefits under the policy. Nothing in this section shall be construed as imposing a new benefit mandate on accident only, specified disease, or hospital indemnity insurance.

(b) No individual, other than a licensed physician competent to evaluate the specific clinical issues involved in the care requested, may deny initial requests for authorization of coverage for treatment pursuant to this section. For a treatment authorization request submitted by a podiatrist or an oral and maxillofacial surgeon, the request may be reviewed by a similarly licensed individual, competent to evaluate the specific clinical issues involved in the care requested.

(c) "Reconstructive surgery" means surgery performed to correct or repair abnormal structures of the body caused by congenital defects, developmental abnormalities, trauma, infection, tumors, or disease to do either of the following:

(1) To improve function.

(2) To create a normal appearance, to the extent possible.

(d) Nothing in this section shall be construed to require an insurer to provide coverage for cosmetic surgery. "Cosmetic surgery" means surgery that is performed to alter or reshape normal structures of the body in order to improve the patient's appearance.

(e) In interpreting the definition of reconstructive surgery, an insurer may utilize prior authorization and utilization review that may include, but need not be limited to, any of the following:

(1) Denial of the proposed surgery if there is another more appropriate surgical procedure that will be approved for the enrollee.

(2) Denial of the proposed surgery or surgeries if the procedure or procedures, in accordance with the standard of care as practiced by physicians specializing in reconstructive surgery, offer only a minimal improvement in the appearance of the enrollee.

(3) Denial of payment for procedures performed without prior authorization.

SEC. 4. Section 14132.62 is added to the Welfare and Institutions Code, to read:

14132.62. (a) Reconstructive surgery shall be covered under this chapter, as defined in subdivision (c), when necessary to achieve the purposes specified in paragraphs (1) or (2) of subdivision (c).

Nothing in this section shall be construed to require coverage for cosmetic surgery, as defined in subdivision (d).

(b) No individual, other than a licensed physician competent to evaluate the specific clinical issues involved in the care requested, may deny initial requests for authorization of coverage for treatment pursuant to this section. For a treatment authorization request submitted by a podiatrist or an oral and maxillofacial surgeon, the request may be reviewed by a similarly licensed individual competent to evaluate the specific clinical issues involved in the care requested.

(c) "Reconstructive surgery" means surgery performed on abnormal structures of the body caused by congenital defects, developmental abnormalities, trauma, infection, tumors, or disease to do either of the following:

(1) To improve function.

(2) To create a normal appearance, to the extent possible.

(d) "Cosmetic surgery" means surgery that is performed to alter or reshape normal structures of the body in order to improve appearance.

(e) In connection with the interpretation of the definition of reconstructive surgery, a proposed surgical procedure may be subject to prior authorization and utilization review that may include, but need not be limited to, denial under any of the following circumstances:

(1) There is another more appropriate surgical procedure that will be approved for the enrollee.

(2) The procedure or procedures offer only a minimal improvement in the appearance of the enrollee, as defined in regulations adopted by the department.

(3) Denial of payment for procedures performed without prior authorization.

(f) This section shall become operative July 1, 1999.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 789

An act to add Section 11159.2 to the Health and Safety Code, relating to controlled substances.

[Approved by Governor September 23, 1998. Filed with Secretary of State September 24, 1998.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares the following:

(1) Although most, if not all, cancer pain can be relieved, a significant number of cancer patients with pain are inadequately treated, and some cancer patients die with severe, unrelieved pain.

(2) The mainstay of cancer pain management is opioid therapy, which therapy utilizes controlled substances classified in Schedule II.

(3) A prescription form for a Schedule II controlled substance is required to be prepared in triplicate, and the original is required to be sent to the Department of Justice.

(4) The Appropriate Prescribing Task Force of the Medical Board of California has recognized that pain is undertreated in California in part due to physicians' concern about undergoing investigation for overprescribing.

(5) Forty-five states in the nation have no requirement for triplicate prescriptions.

(6) Schedule II controlled substances would be prescribed more for the treatment of pain if prescription forms were not required to be sent to the Department of Justice.

(b) It is the intent of the Legislature, by the enactment of this act, to reduce the undertreatment of pain with the appropriate and legal prescribing of Schedule II controlled substances for terminally ill patients in order to relieve their pain and suffering.

(c) It is the intent of the Legislature that any state agency or board that adopts regulations pursuant to this act shall, prior to any adoption of regulations, review the report of the Controlled Substances Utilization Review and Evaluation Systems (CURES) Project required under Section 11165 of the Health and Safety Code and consider the data contained in the report.

(d) It is the intent of the Legislature that if state law requiring official prescription blanks for Schedule II medications is repealed in its entirety, then the requirements of this chapter would be unnecessary and should be repealed.

SEC. 2. Section 11159.2 is added to the Health and Safety Code, to read:

11159.2. (a) Notwithstanding any other provision of law, a prescription for a Schedule II controlled substance for use by a patient who has a terminal illness shall not be subject to Section 11164.

(b) (1) The prescription shall be signed and dated by the prescriber and shall contain the name of the person for whom the controlled substance is prescribed, the name and quantity of the controlled substance prescribed, and directions for use. The signature, date, and information required by this paragraph shall be wholly written in ink or indelible pencil in the handwriting of the prescriber.

(2) The prescription shall also contain the address of the person for whom the controlled substance is prescribed, as provided in paragraph (3) of subdivision (b) of Section 11164, and shall contain the name, address, telephone number, category of professional licensure, and federal controlled substance registration number of the prescriber, as provided in paragraph (2) of subdivision (b) of Section 11164.

(3) The prescription shall also indicate that the prescriber has certified that the patient is terminally ill by the words "11159.2 exemption."

(c) A pharmacist may fill a prescription pursuant to this section when there is a technical error in the certification required by paragraph (3) of subdivision (b), provided that he or she has personal knowledge of the patient's terminal illness, and subsequently returns the prescription to the prescriber for correction within 72 hours.

(d) For purposes of this section, "terminally ill" means a patient who meets all of the following conditions:

(1) In the reasonable medical judgment of the prescribing physician, the patient has been determined to be suffering from an illness that is incurable and irreversible.

(2) In the reasonable medical judgment of the prescribing physician, the patient's illness will, if the illness takes its normal course, bring about the death of the patient within a period of one year.

(3) The patient's treatment by the physician prescribing a Schedule II controlled substance pursuant to this section primarily is for the control of pain, symptom management, or both, rather than for cure of the illness.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative

on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 790

An act to add Section 1367.71 to the Health and Safety Code, and to add Section 10119.9 to the Insurance Code, relating to health coverage.

[Approved by Governor September 23, 1998. Filed with Secretary of State September 24, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 1367.71 is added to the Health and Safety Code, to read:

1367.71. (a) Every health care service plan contract, other than a specialized health care service plan contract, that is issued, amended, renewed, or delivered on or after January 1, 2000, shall be deemed to cover general anesthesia and associated facility charges for dental procedures rendered in a hospital or surgery center setting, when the clinical status or underlying medical condition of the patient requires dental procedures that ordinarily would not require general anesthesia to be rendered in a hospital or surgery center setting. The health care service plan may require prior authorization of general anesthesia and associated charges required for dental care procedures in the same manner that prior authorization is required for other covered diseases or conditions.

(b) This section shall apply only to general anesthesia and associated facility charges for only the following enrollees, and only if the enrollees meet the criteria in subdivision (a):

(1) Enrollees who are under seven years of age.

(2) Enrollees who are developmentally disabled, regardless of age.

(3) Enrollees whose health is compromised and for whom general anesthesia is medically necessary, regardless of age.

(c) Nothing in this section shall require the health care service plan to cover any charges for the dental procedure itself, including, but not limited to, the professional fee of the dentist. Coverage for anesthesia and associated facility charges pursuant to this section shall be subject to all other terms and conditions of the plan that apply generally to other benefits.

(d) Nothing in this section shall be construed to allow a health care service plan to deny coverage for basic health care services, as defined in Section 1345.

(e) A health care service plan may include coverage specified in subdivision (a) at any time prior to January 1, 2000.

SEC. 2. Section 10119.9 is added to the Insurance Code, to read:

10119.9. (a) A disability insurance policy or certificate covering hospital, surgical, or medical expenses, that meets the definition of "health benefit plan" in subdivision (a) of Section 10198.6, that is issued, amended, renewed, or delivered on or after January 1, 2000, shall be deemed to cover general anesthesia and associated facility charges for dental procedures rendered in a hospital or surgery center setting, when the clinical status or underlying medical condition of the insured requires dental procedures that ordinarily would not require general anesthesia to be rendered in a hospital or surgery center setting. The disability insurance policy or certificate may require prior authorization of general anesthesia and associated charges required for dental care procedures in the same manner that prior authorization is required for other covered diseases or conditions.

(b) This section shall apply only to general anesthesia and associated facility charges for only the following insureds, and only if the insureds meet the criteria in subdivision (a):

(1) Insureds who are under seven years of age.

(2) Insureds who are developmentally disabled, regardless of age.

(3) Insureds whose health is compromised and for whom general anesthesia is medically necessary, regardless of age.

(c) Nothing in this section shall require insurers to cover any charges for the dental procedure itself, including the professional fee of the dentist. Coverage for anesthesia and associated facility charges pursuant to this section shall be subject to all other terms and conditions of the policy or certificate that apply generally to other benefits.

(d) Nothing in this section shall require insurers to cover anesthesia or related facility charges for dental procedures that ordinarily would require general anesthesia and that do not meet the requirements of subdivision (a), (b), or (c).

(e) A disability insurance policy may include coverage specified in subdivision (a) at any time prior to January 1, 2000.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 793

An act to amend Sections 52240, 52241, and 52243 of, and to add and repeal Section 52244 of, the Education Code, relating to pupil instruction, and making an appropriation therefor.

[Approved by Governor September 23, 1998. Filed with Secretary of State September 24, 1998.]

On this date I have signed Assembly Bill No. 2216.

This bill would provide grants to school districts for fee assistance to economically disadvantaged students taking advanced placement examinations. However, I am reducing the appropriation from $2.5 million to $1.5 million to better reflect the expected demand for assistance. This level of funding will provide state subsidies for 37,500 economically disadvantaged students. Although enrollment of economically disadvantage students in advanced placement courses will continue to grow over time,

$1.5 million will fully fund this program for 1998–99.

SEC. 5. (a) The sum of one million five hundred thousand dollars ($1,500,000) is hereby appropriated from the General Fund to the State Department of Education for purposes of Section 52244 of the Education Code.

(b) For the purposes of making the computations required by Section 8 of Article XVI of the California Constitution, the appropriation made by subdivision (a) shall be deemed to be "General Fund revenues appropriated for school districts," as defined in subdivision (c) of Section 41202 of the Education Code, for the 1998–99 fiscal year, and included within the "total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B," as defined in subdivision (e) of Section 41202 of the Education Code, for the 1998–99 fiscal year.

PETE WILSON, Governor

The people of the State of California do enact as follows:

SECTION 1. Section 52240 of the Education Code is amended to read:

52240. (a) The Legislature hereby finds and declares all of the following:

(1) Advanced placement courses, for which school credit is awarded, provide rigorous academic coursework opportunities for high school pupils and help to improve the overall curriculum at schools where they are provided.

(2) The successful completion of advanced placement courses and subsequent advanced placement examinations, which are conducted by the College Entrance Examination Board and for which college credit is awarded, provide a cost-effective means for high school pupils to obtain college-level coursework experience.

(3) To the extent that economically disadvantaged pupils are provided financial assistance to take advanced placement examinations, they will be provided with successful college-level experience and be encouraged to pursue postsecondary education opportunities.

(b) It is the intent of the Legislature, therefore, that certain state funding that currently is provided to school districts be made available to provide financial assistance to economically disadvantaged pupils in the payment of advanced placement examination fees. It is further the intent of the Legislature that a competitive grant program also be established for the purpose of awarding grants to economically disadvantaged pupils to cover the costs of advanced placement examination fees, thereby creating a second source of financial assistance for economically disadvantaged pupils taking advanced placement examinations.

SEC. 2. Section 52241 of the Education Code is amended to read:

52241. For purposes of this chapter, the following terms have the following meanings:

(a) "Advanced placement examinations" means the advanced placement examinations conducted by the College Entrance

Examination Board, on the basis of which participating institutions of postsecondary education award postsecondary academic credit.

(b) "Economically disadvantaged pupil" means a high school pupil who is any one of the following:

(1) A pupil who comes from a low-income household. As used in this chapter, "low-income" refers to a household the taxable income of which for the preceding tax year did not exceed 200 percent of an amount equal to the poverty level determined by using the criteria of poverty established by the Census Bureau of the United States Department of Commerce. Documentation of a pupil's low-income status for the purposes of this subdivision shall be made in accordance with the following:

(A) In the case of a pupil who is 17 years of age or younger or who is a dependent within the meaning of the federal Internal Revenue Code, a signed financial need statement shall be submitted by the pupil's parent or legal guardian, along with verification of this financial need from another governmental entity or a photocopy of the most recent federal income tax return filed by the pupil's parent or legal guardian.

(B) In the case of a pupil who is 18 years of age or older or who is not a dependent within the meaning of the federal Internal Revenue Code, a signed financial need statement shall be submitted by the pupil, along with verification of this financial need from another governmental entity or a photocopy of the most recent federal income tax return filed by the pupil.

(2) A pupil who is eligible for federal free or reduced meal programs.

(3) A pupil who attends a school where at least 75 percent of all pupils enrolled are eligible for federal free or reduced meal programs.

SEC. 3. Section 52243 of the Education Code is amended to read:

52243. No later than January 1, 2004, the Superintendent of Public Instruction shall submit a report to the Legislature describing the effectiveness of the pilot grant program established pursuant to Section 52244. The report shall include specific recommendations to continue, discontinue, modify, or expand the program. The report shall include information on at least all of the following:

(a) The total number of pupils participating in advanced placement examinations, separately identifying the number of economically disadvantaged pupils, and any increases in those numbers as a result of the funding made available pursuant to Section 52244.

(b) The performance and pass rates on advanced placement examinations on the part of economically disadvantaged pupils, including any increase in those rates.

(c) The number of pupils receiving financial assistance pursuant to Section 52244 for advanced placement examination fees.

(d) The number of economically disadvantaged pupils in advance placement programs who enroll in higher education institutions, separated by institutional segment.

(e) The number of economically disadvantaged pupils who have passed an advanced placement examination with a score of 3 or better in any subject and have taken an advanced placement course in that subject.

SEC. 4. Section 52244 is added to the Education Code, to read:

52244. (a) There is hereby established a pilot grant program for the purpose of awarding grants to cover the costs of advanced placement examination fees. The State Department of Education shall administer this program.

(b) Any school district may apply to the State Department of Education for grant funding pursuant to this section, based on the number of economically disadvantaged pupils in the district enrolled in advanced placement courses who will take the next offered advanced placement examinations. A school district that applies to the State Department of Education for this purpose shall designate school district staff to whom pupils may submit applications for grants and shall institute a plan to notify pupils of the availability of financial assistance pursuant to this section. Grants shall be expended only to pay the fees required of pupils to take an advanced placement examination.

(c) Any economically disadvantaged pupil who is enrolled in an advanced placement course may apply to the designated school district staff for a grant pursuant to this section. A pupil who receives a grant shall pay five dollars ($5) of the examination fee.

(d) School districts and county superintendents of schools may join together and form collaboratives or consortia in order to participate in the grant program established by this section.

(e) Grants provided pursuant to this section shall not be used to supplant fee waivers available to low-income pupils who take advanced placement examinations.

(f) If the total school district applications exceed the total funds available pursuant to this section, the State Department of Education shall prorate the grants based upon the ratio of the total amount requested to the total amount budgeted by the state for this purpose.

(g) This section shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statue, that is enacted before January 1, 2005, deletes or extends that date.

SEC. 5. (a) The sum of two million five hundred thousand dollars ($2,500,000) is hereby appropriated from the General Fund to the State Department of Education for purposes of Section 52244 of the Education Code.

(b) For the purposes of making the computations required by Section 8 of Article XVI of the California Constitution, the appropriation made by subdivision (a) shall be deemed to be "General Fund revenues appropriated for school districts," as

defined in subdivision (c) of Section 41202 of the Education Code, for the 1998–99 fiscal year, and included within the "total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B," as defined in subdivision (e) of Section 41202 of the Education Code, for the 1998–99 fiscal year.

CHAPTER 794

An act to add Chapter 12.5 (commencing with Section 52920) to Part 28 of the Education Code, relating to education, and making an appropriation therefor.

[Approved by Governor September 23, 1998. Filed with Secretary of State September 24, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 12.5 (commencing with Section 52920) is added to Part 28 of the Education Code, to read:

CHAPTER 12.5. INTERNATIONAL BACCALAUREATE DIPLOMA PROGRAM

52920. (a) The Legislature hereby finds and declares that the International Baccalaureate Diploma Program is a comprehensive and rigorous two-year curriculum, leading to examinations for high school pupils. Its objectives are to provide pupils with a balanced education, to facilitate geographic and cultural mobility, and to promote international understanding through a shared academic experience. Successful International Baccalaureate Diploma candidates pursue a specific, intensive, balanced liberal arts course of study and must pass rigorous examinations in seven curricula areas. Successful International Baccalaureate Diploma candidates are typically granted substantial advanced placement credit at the finest colleges and universities in the nation. The academic content and rigor of the instruction and examinations in International Baccalaureate Diploma Programs is governed and continuously monitored by the International Baccalaureate Organization in Geneva, Switzerland.

(b) It is the intent of the Legislature to establish a system of appropriate incentives to encourage high schools to offer the intensive, rigorous course of instruction leading to International Baccalaureate Diplomas and to encourage pupils in these schools to enroll in, attempt, and pass the rigorous International Baccalaureate Diploma course of study and the rigorous examinations leading to the International Baccalaureate Diploma.

52921. School districts that operate an International Baccalaureate Diploma Program shall submit by October 1 of each school year the following information to the State Department of Education:

(a) The number of pupils enrolled in courses leading to an International Baccalaureate Diploma in each school district.

(b) The number of teachers in each school district attending training programs offered by the International Baccalaureate North America, Inc.

(c) The number of teachers in each school district participating in pre-International Baccalaureate support programs for the International Baccalaureate Diploma Program.

(d) The amount of money spent by the school district to provide or participate in the programs specified in subdivisions (a) to (c), inclusive.

52922. (a) From funds appropriated for the purpose of this chapter, the Superintendent of Public Instruction shall annually allocate to each school district, on behalf of each public high school within the district that offers an International Baccalaureate Diploma Program, the amount of up to twenty-five thousand dollars ($25,000) for each participating high school to cover the ongoing costs of professional development required by the program.

(b) From funds appropriated for the purpose of this chapter, the Superintendent of Public Instruction shall allocate the amount of up to fifteen thousand dollars ($15,000) to each school that is awarded a grant by the Superintendent of Public Instruction to start up an International Baccalaureate Diploma Program. The Superintendent of Public Instruction shall not award any grants that exceed the funding made available for that fiscal year for the purpose of startup grants. In awarding grants, the Superintendent of Public Instruction shall give priority to those schools that have the highest percentage of pupils from low-income families and to those schools that have been awarded affiliate status from the International Baccalaureate Organization.

(c) The total amount allocated pursuant to subdivisions (a) and (b) shall not exceed the total amount of the funds appropriated for those purposes in the annual Budget Act or any other statute.

SEC. 2. The sum of one million fifty thousand dollars ($1,050,000) is hereby appropriated from the General Fund to the Superintendent of Public Instruction for allocation to school districts for the purposes set forth in Section 52922 of the Education Code.

SEC. 3. For the purpose of making the computations required by Section 8 of Article XVI of the California Constitution, the appropriation made by Section 2 of this act shall be deemed to be "General Fund revenues appropriated for school districts," as defined in subdivision (c) of Section 41202 of the Education Code, for the 1998–99 fiscal year and included within the "total allocations to school districts and community college districts from General Fund

proceeds of taxes appropriated pursuant to Article XIII B" as defined in subdivision (e) of Section 41202 of the Education Code for the 1998–99 fiscal year.

CHAPTER 795

An act to add and repeal Chapter 8 (commencing with Section 60830) of Part 33 of the Education Code, relating to the College Preparation Partnership Program, and making an appropriation therefor.

[Approved by Governor September 23, 1998. Filed with Secretary of State September 24, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 8 (commencing with Section 60830) is added to Part 33 of the Education Code, to read:

CHAPTER 8. COLLEGE PREPARATION PARTNERSHIP PROGRAM

60830. A grant program is hereby established whereby state matching funds shall be directed to school districts through a grant program administered by the State Department of Education. The state matching funds shall be allocated to public high school sites to operate preparation courses for college admissions tests. School districts and county superintendents of schools are authorized to collaborate or form consortia in order to participate in the program established by this chapter.

60830.3. (a) The schoolsites at which college admissions test preparation courses are provided under this chapter shall be identified and funded through a competitive process administered by the State Department of Education. Priority in this competitive process shall be granted to schoolsites with low college attendance rates, high numbers of low-income pupils, and demonstrated school-based efforts to improve the schoolsite's college preparatory curriculum and college attendance rates. Grants may also be awarded to any high school site to provide assistance to low-income pupils at that site with preparation for college admissions examinations.

(b) Funds allocated under this chapter shall be used to supplement, and not supplant, other federal, state, local, or private funds available to assist low-income individuals in paying for preparation courses for college admissions tests.

60830.5. Funds allocated under this chapter shall be earmarked for college admissions test preparation courses that may include financial assistance with test fees for high school pupils who are

expected to complete coursework required for admission to California State University or University of California and whose grade point average or other academic achievements indicate that the pupil will have the academic skills needed to complete the coursework.

60830.7. (a) (1) Funds allocated to schoolsites under this chapter shall be used by the schoolsites to provide a program for college entrance examination preparation or to enter into contracts with providers of college admissions test preparation courses, who may include, but are not necessarily limited to, private providers, public or private postsecondary institutions, or employees of the school district.

(2) The content of the college admissions test preparation course instruction provided under this chapter shall be determined by the school district of the schoolsite at which it occurs. This instruction shall, as a minimum, cover the format and the subject area content. The instruction shall also include practice tests, and the calculation of the scores of the pupils taking these practice tests, for the college admissions test to be covered. Pupil attendance at this instruction shall be monitored.

(3) The preparation course shall include at least 20 hours of direct pupil instruction, outside of the normal school curriculum, that may include instruction provided through satellite networking or any other real time interactive technology. To determine the effectiveness of the test preparation course, the preparation course shall include a pre- and post-practice examination. The pre- and post-practice examination scores shall be included in the evaluation of effectiveness submitted to the State Department of Education pursuant to subdivision (c). Each grant recipient shall report, by school or location and number of pupils, on the total costs and improvement of test results per participating pupil and for the schoolsite or location as a whole. This cost/benefit information index, along with a brief description of the program, shall be made widely available to other funded programs and, where possible, posted on a statewide website.

(4) Preparation courses shall be offered at intervals designed to conclude at those times that reasonably coincide with admissions testing dates.

(b) Every two dollars ($2) of grant funds allocated to a schoolsite under this chapter shall be matched by one dollar ($1) of funding raised by the schoolsite or the school district of which it is a part from federal, local, private, or other state sources. A schoolsite may assess students who participate in the program established by this chapter a fee not to exceed five dollars ($5) and may use the funds collected for purposes of this matching fund requirement. Funds may be awarded in an amount not to exceed the lesser of either seventy-five dollars ($75) per 10th grade pupil at the schoolsite receiving a grant, or two hundred dollars ($200) per pupil participating in the

examination preparation course and taking a college entrance examination.

(c) The State Department of Education shall recommend, and the State Board of Education shall approve, an evaluation design for the program established by this chapter. School districts that receive grants under this chapter shall use the evaluation design to assess the overall program and cost-effectiveness of their programs, including, but not necessarily limited to, the effect of this program on the college admissions test scores, the change in the total number of pupils who take the college admissions tests, and college attendance rates of program participants. These school districts shall submit their assessments to the State Department of Education in a timely manner. The State Department of Education shall develop a report including, but not necessarily limited to, the information received from school districts under this subdivision and recommendations to continue, modify, or discontinue the program established by this chapter. The report shall be approved by the State Board of Education and submitted to the Legislature on or before January 1, 2004.

60830.9. This chapter shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2005, deletes or extends that date.

SEC. 2. (a) The sum of ten million dollars ($10,000,000) is hereby appropriated from the General Fund to the Superintendent of Public Instruction for allocation to school districts for the purposes of college preparation and examination programs pursuant to Chapter 8 (commencing with Section 60830) of Part 33 of the Education Code.

(b) For the purposes of making computations required by Section 8 of Article XVI of the California Constitution, the appropriation made in this section shall be deemed to be "General Fund revenues appropriated for school districts," as defined in subdivision (c) of Section 41202 of the Education Code for the 1998–99 fiscal year, and shall be deemed included within the "total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B," as defined in subdivision (e) of Section 41202 of the Education Code, for the 1998–99 fiscal year.

CHAPTER 796

An act to amend Sections 65400, 65583.1, and 65584 of the Government Code, relating to housing.

[Approved by Governor September 23, 1998. Filed with Secretary of State September 24, 1998.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature to amend the Planning and Zoning Law with respect to the housing element of a community's general plan to assist local governmental entities, builders, housing developers, sponsors, and planners in producing the greatest number of safe, sanitary, decent, and affordable housing units by the most cost-effective means possible.

SEC. 2. Section 65400 of the Government Code is amended to read:

65400. After the legislative body has adopted all or part of a general plan, the planning agency shall do both of the following:

(a) Investigate and make recommendations to the legislative body regarding reasonable and practical means for implementing the general plan or element of the general plan, so that it will serve as an effective guide for orderly growth and development, preservation and conservation of open-space land and natural resources, and the efficient expenditure of public funds relating to the subjects addressed in the general plan.

(b) (1) Provide an annual report to the legislative body, the Office of Planning and Research, and the Department of Housing and Community Development on the status of the plan and progress in its implementation, including the progress in meeting its share of regional housing needs determined pursuant to Section 65584 and local efforts to remove governmental constraints to the maintenance, improvement, and development of housing pursuant to paragraph (3) of subdivision (c) of Section 65583.

(2) The annual report required to be provided to the Office of Planning and Research and the Department of Housing and Community Development pursuant to this subdivision shall be prepared through the use of forms and definitions adopted by the Department of Housing and Community Development pursuant to the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of, Chapter 4 (commencing with Section 11370) of, and Chapter 5 (commencing with Section 11500) of, Part 1 of Division 3 of Title 2). This report shall be provided to the legislative body, the Office of Planning and Research, and the Department of Housing and Community Development on or before July 1 of each year.

SEC. 3. Section 65583.1 of the Government Code is amended to read:

65583.1. (a) The Department of Housing and Community Development, in evaluating a proposed or adopted housing element for consistency with state law, may allow a city or county to identify adequate sites, as required pursuant to Section 65583, by a variety of methods, including, but not limited to, redesignation of property to a more intense land use category and increasing the density allowed within one or more categories. Nothing in this section reduces the

responsibility of a city or county to identify, by income category, the total number of sites for residential development as required by this article.

(b) Sites that contain permanent housing units located on a military base undergoing closure or conversion as a result of action pursuant to the Defense Authorization Amendments and Base Closure and Realignment Act (Public Law 100-526), the Defense Base Closure and Realignment Act of 1990 (Public Law 101-510), or any subsequent act requiring the closure or conversion of a military base may be identified as an adequate site if the housing element demonstrates that the housing units will be available for occupancy by households within the planning period of the element. No sites containing housing units scheduled or planned for demolition or conversion to nonresidential uses shall qualify as an adequate site.

Any city, city and county, or county using this subdivision shall address the progress in meeting this section in the reports provided pursuant to paragraph (1) of subdivision (b) of Section 65400.

(c) (1) The Department of Housing and Community Development may allow a city or county to substitute the provision of units for up to 25 percent of the community's obligation to identify adequate sites for any income category in its housing element pursuant to paragraph (1) of subdivision (c) of Section 65583 if the community includes in its housing element a program committing the local government to provide units in that income category within the city or county that will be made available through the provision of committed assistance during the planning period covered by the element to low- and very low income households at affordable housing costs or affordable rents, as defined in Sections 50052.5 and 50053 of the Health and Safety Code, and which meet the requirements of paragraph (2). Except as otherwise provided in this subdivision, the community may substitute one dwelling unit for one dwelling unit site in the applicable income category. The program shall do all of the following:

(A) Identify the specific, existing sources of committed assistance and dedicate a specific portion of the funds from those sources to the provision of housing pursuant to this subdivision.

(B) Indicate the number of units that will be provided to both low- and very low income households and demonstrate that the amount of dedicated funds is sufficient to develop the units at affordable housing costs or affordable rents.

(C) Demonstrate that the units meet the requirements of paragraph (2).

(2) Only units that comply with subparagraph (A), (B), or (C) qualify for inclusion in the housing element program described in paragraph (1), as follows:

(A) Units that are to be substantially rehabilitated with committed assistance from the city or county and constitute a net increase in the community's stock of housing affordable to low- and

very low income households. For purposes of this subparagraph, a unit is not eligible to be "substantially rehabilitated" unless all of the following requirements are met:

(i) At the time the unit is identified for substantial rehabilitation, (I) the local government has determined that the unit is at imminent risk of loss to the housing stock, (II) the local government has committed to provide relocation assistance pursuant to Chapter 16 (commencing with Section 7260) of Division 7 of Title 1 to any occupants temporarily or permanently displaced by the rehabilitation or code enforcement activity, (III) the local government requires that any displaced occupants will have the right to reoccupy the rehabilitated units, and (IV) the unit has been cited and found by the local code enforcement agency or a court to be unfit for human habitation and vacated or subject to being vacated because of the existence for not less than 120 days of four of the conditions listed in subdivisions (a) to (g), inclusive, of Section 17995.3 of the Health and Safety Code.

(ii) The rehabilitated unit will have long-term affordability covenants and restrictions that require the unit to be available to, and occupied by, persons or families of low- or very low income at affordable housing costs for at least 20 years or the time period required by any applicable federal or state law or regulation, except that if the period is less than 20 years, only one unit shall be credited as an identified adequate site for every three units rehabilitated pursuant to this section, and no credit shall be allowed for a unit required to remain affordable for less than 10 years.

(iii) Prior to initial occupancy after rehabilitation, the local code enforcement agency shall issue a certificate of occupancy indicating compliance with all applicable state and local building code and health and safety code requirements.

(B) Units that are located in a multifamily rental housing complex of 16 or more units, are converted with committed assistance from the city or county from nonaffordable to affordable by acquisition of the unit or the purchase of affordability covenants and restrictions for the unit, are not acquired by eminent domain, and constitute a net increase in the community's stock of housing affordable to low- and very low income households. For purposes of this subparagraph, a unit is not converted by acquisition or the purchase of affordability covenants unless all of the following occur:

(i) The unit is made available at a cost affordable to low- or very low income households.

(ii) At the time the unit is identified for acquisition, the unit is not available at a cost affordable to low- or very low income households.

(iii) At the time the unit is identified for acquisition the unit is not occupied by low- or very low income households.

(iv) The unit is in decent, safe, and sanitary condition at the time of occupancy.

(v) The acquisition price is not greater than 120 percent of the median price for housing units in the city or county.

(vi) The unit has long-term affordability covenants and restrictions that require the unit to be affordable to persons of low or very low income for not less than 30 years.

(C) Units that will be preserved at affordable housing costs to persons or families of low or very low incomes with committed assistance from the city or county by acquisition of the unit or the purchase of affordability covenants for the unit. For purposes of this subparagraph, a unit shall not be deemed preserved unless all of the following occur:

(i) The unit has long-term affordability covenants and restrictions that require the unit to be affordable to and reserved for occupancy by persons of the same or lower income group as the current occupants for a period of at least 40 years.

(ii) The unit is multifamily rental housing that receives governmental assistance under any of the following state and federal programs: Section 221(d)(3) of the National Housing Act (12 U.S.C. Sec. 1715*l*(d)(3) and (5)); Section 236 of the National Housing Act (12 U.S.C. Sec. 1715z-1); Section 202 of the Housing Act of 1959 (12 U.S.C. Sec. 1701q); for rent supplement assistance under Section 101 of the Housing and Urban Development Act of 1965, as amended (12 U.S.C. Sec. 1701s); under Section 515 of the Housing Act of 1949, as amended (42 U.S.C. Sec. 1485); and any new construction, substantial rehabilitation, moderate rehabilitation, property disposition, and loan management set-aside programs, or any other program providing project-based assistance, under Section 8 of the United States Housing Act of 1937, as amended (42 U.S.C. Sec. 1437f); any state and local multifamily revenue bond programs; local redevelopment programs; the federal Community Development Block Grant Program; and other local housing assistance programs or units that were used to qualify for a density bonus pursuant to Section 65916.

(iii) The city or county finds, after a public hearing, that the unit is eligible, and is reasonably expected, to change from housing affordable to low- and very low income households to any other use during the next five years due to termination of subsidy contracts, mortgage prepayment, or expiration of restrictions on use.

(iv) The unit is in decent, safe, and sanitary condition at the time of occupancy.

(v) At the time the unit is identified for preservation it is available at affordable cost to persons or families of low or very low income.

(3) This subdivision does not apply to any city or county that, during the current or immediately prior planning period, as defined by Section 65588, has not met any of its share of the regional need for affordable housing, as defined in Section 65584, for low- and very low income households. A city or county shall document for any such housing unit that a building permit has been issued and all

development and permit fees have been paid or the unit is eligible to be lawfully occupied.

(4) For purposes of this subdivision, "committed assistance" means that the city or county enters into a legally enforceable agreement during the first two years of the housing element planning period that obligates sufficient available funds to provide the assistance necessary to make the identified units affordable and that requires that the units be made available for occupancy within two years of the execution of the agreement. "Committed assistance" does not include tenant-based rental assistance.

(5) For purposes of this subdivision, "net increase" includes only housing units provided committed assistance pursuant to subparagraph (A) or (B) of paragraph (2) in the current planning period, as defined in Section 65588, that were not provided committed assistance in the immediately prior planning period.

(6) For purposes of this subdivision, "the time the unit is identified" means the earliest time when any city or county agent, acting on behalf of a public entity, has proposed in writing or has proposed orally or in writing to the property owner, that the unit be considered for substantial rehabilitation, acquisition, or preservation.

(7) On July 1 of the third year of the planning period, as defined by Section 65588, in the report required pursuant to Section 65400, each city or county that has included in its housing element a program to provide units pursuant to subparagraph (A), (B), or (C) of paragraph (2) shall report in writing to the legislative body, and to the department within 30 days of making its report to the legislative body, on its progress in providing units pursuant to this subdivision. The report shall identify the specific units for which committed assistance has been provided or which have been made available to low- and very low income households, and it shall adequately document how each unit complies with this subdivision. If, by July 1 of the third year of the planning period, the city or county has not entered into an enforceable agreement of committed assistance for all units specified in the programs adopted pursuant to subparagraph (A), (B), or (C) of paragraph (2), the city or county shall, not later than July 1 of the fourth year of the planning period, adopt an amended housing element in accordance with Section 65585, identifying additional adequate sites pursuant to paragraph (1) of subdivision (c) of Section 65583 sufficient to accommodate the number of units for which committed assistance was not provided. If a city or county does not amend its housing element to identify adequate sites to address any shortfall, or fails to complete the rehabilitation, acquisition, purchase of affordability covenants, or the preservation of any housing unit within two years after committed assistance was provided to that unit, it shall be prohibited from identifying units pursuant to subparagraph (A), (B), or (C) of paragraph (2) in the housing element that it adopts for the next

planning period, as defined in Section 65588, above the number of units actually provided or preserved due to committed assistance.

SEC. 4. Section 65584 of the Government Code is amended to read:

65584. (a) For purposes of subdivision (a) of Section 65583, the share of a city or county of the regional housing needs includes that share of the housing need of persons at all income levels within the area significantly affected by a general plan of the city or county. The distribution of regional housing needs shall, based upon available data, take into consideration market demand for housing, employment opportunities, the availability of suitable sites and public facilities, commuting patterns, type and tenure of housing need, the loss of units contained in assisted housing developments, as defined in paragraph (8) of subdivision (a) of Section 65583, that changed to non-low-income use through mortgage prepayment, subsidy contract expirations, or termination of use restrictions, and the housing needs of farmworkers. The distribution shall seek to reduce the concentration of lower income households in cities or counties which already have disproportionately high proportions of lower income households. Based upon population projections produced by the Department of Finance and regional population forecasts used in preparing regional transportation plans, and in consultation with each council of governments, the Department of Housing and Community Development shall determine the regional share of the statewide housing need at least two years prior to the second revision, and all subsequent revisions as required pursuant to Section 65588. Based upon data provided by the department relative to the statewide need for housing, each council of governments shall determine the existing and projected housing need for its region. Within 30 days following notification of this determination, the department shall ensure that this determination is consistent with the statewide housing need. The department may revise the determination of the council of governments if necessary to obtain this consistency. The appropriate council of governments shall determine the share for each city or county consistent with the criteria of this subdivision and with the advice of the department subject to the procedure established pursuant to subdivision (c) at least one year prior to the second revision, and at five-year intervals following the second revision pursuant to Section 65588. The council of governments shall submit to the department information regarding the assumptions and methodology to be used in allocating the regional housing need. As part of the allocation of the regional housing need, the council of governments, or the department pursuant to subdivision (b), shall provide each city and county with data describing the assumptions and methodology used in calculating its share of the regional housing need. The department shall submit to each council of governments information regarding the assumptions and methodology to be used in allocating the regional

share of the statewide housing need. As part of its determination of the regional share of the statewide housing need, the department shall provide each council of governments with data describing the assumptions and methodology used in calculating its share of the statewide housing need. The councils of governments shall provide each city and county with the department's information. The council of governments shall provide a subregion with its share of the regional housing need, and delegate responsibility for providing allocations to cities and a county or counties in the subregion to a subregional entity if this responsibility is requested by a county and all cities in the county, a joint powers authority established pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1, or the governing body of a subregional agency established by the council of governments, in accordance with an agreement entered into between the council of governments and the subregional entity that sets forth the process, timing, and other terms and conditions of that delegation of responsibility.

(b) For areas with no council of governments, the department shall determine housing market areas and define the regional housing need for cities and counties within these areas pursuant to the provisions for the distribution of regional housing needs in subdivision (a). If the department determines that a city or county possesses the capability and resources and has agreed to accept the responsibility, with respect to its jurisdiction, for the identification and determination of housing market areas and regional housing needs, the department shall delegate this responsibility to the cities and counties within these areas.

(c) (1) Within 90 days following a determination of a council of governments pursuant to subdivision (a), or the department's determination pursuant to subdivision (b), a city or county may propose to revise the determination of its share of the regional housing need in accordance with the considerations set forth in subdivision (a). The proposed revised share shall be based upon available data and accepted planning methodology, and supported by adequate documentation.

(2) Within 60 days after the time period for the revision by the city or county, the council of governments or the department, as the case may be, shall accept the proposed revision, modify its earlier determination, or indicate, based upon available data and accepted planning methodology, why the proposed revision is inconsistent with the regional housing need.

(A) If the council of governments or the department, as the case may be, does not accept the proposed revision, then the city or county shall have the right to request a public hearing to review the determination within 30 days.

(B) The city or county shall be notified within 30 days by certified mail, return receipt requested, of at least one public hearing regarding the determination.

(C) The date of the hearing shall be at least 30 days from the date of the notification.

(D) Before making its final determination, the council of governments or the department, as the case may be, shall consider comments, recommendations, available data, accepted planning methodology, and local geological and topographic restraints on the production of housing.

(3) If the council of governments or the department accepts the proposed revision or modifies its earlier determination, the city or county shall use that share. If the council of governments or the department grant a revised allocation pursuant to paragraph (1), the council of governments or the department shall ensure that the current total housing need is maintained. If the council of governments or department indicates that the proposed revision is inconsistent with the regional housing need, the city or county shall use the share which was originally determined by the council of governments or the department.

(4) The determination of the council of governments or the department, as the case may be, shall be subject to judicial review pursuant to Section 1094.5 of the Code of Civil Procedure.

(5) The council of governments or the department shall reduce the share of regional housing needs of a county if all of the following conditions are met:

(A) One or more cities within the county agree to increase its share or their shares in an amount which will make up for the reduction.

(B) The transfer of shares shall only occur between a county and cities within that county.

(C) The county's share of low-income and very low income housing shall be reduced only in proportion to the amount by which the county's share of moderate- and above moderate-income housing is reduced.

(D) The council of governments or the department, whichever assigned the county's share, shall have authority over the approval of the proposed reduction, taking into consideration the criteria of subdivision (a).

(6) The housing element shall contain an analysis of the factors and circumstances, with all supporting data, justifying the revision. All materials and data used to justify any revision shall be made available upon request by any interested party within seven days upon payment of reasonable costs of reproduction unless the costs are waived due to economic hardship.

(d) (1) Except as provided in paragraph (2), any ordinance, policy, or standard of a city or county that directly limits, by number, the building permits that may be issued for residential construction, or limits for a set period of time the number of buildable lots that may be developed for residential purposes, shall not be a justification for

a determination or a reduction in the share of a city or county of the regional housing need.

(2) Paragraph (1) does not apply to any city or county that imposes a moratorium on residential construction for a specified period of time in order to preserve and protect the public health and safety. If a moratorium is in effect, the city or county shall, prior to a revision pursuant to subdivision (c), adopt findings that specifically describe the threat to the public health and safety and the reasons why construction of the number of units specified as its share of the regional housing need would prevent the mitigation of that threat.

(e) Any authority to review and revise the share of a city or county of the regional housing need granted under this section shall not constitute authority to revise, approve, or disapprove the manner in which the share of the city or county of the regional housing need is implemented through its housing program.

(f) A fee may be charged interested parties for any additional costs caused by the amendments made to subdivision (c) by Chapter 1684 of the Statutes of 1984 reducing from 45 to seven days the time within which materials and data shall be made available to interested parties.

(g) Determinations made by the department, a council of governments, or a city or county pursuant to this section are exempt from the California Environmental Quality Act, Division 13 (commencing with Section 21000) of the Public Resources Code.

SEC. 5. Pursuant to Section 17579 of the Government Code, the Legislature finds that there is no mandate contained in this act that will result in costs incurred by a local agency or school district for a new program or higher level of service which require reimbursement pursuant to Section 6 of Article XIII B of the California Constitution and Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 797

An act relating to the Public Utilities Commission.

[Approved by Governor September 23, 1998. Filed with Secretary of State September 24, 1998.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) As a result of State Board Order No. WR 95-10 by the State Water Resources Control Board, the California-American Water Company must cease and desist diligently from diverting approximately 10,730 acre-feet of water annually from the Carmel River or its underflow.

(b) The California-American Water Company has filed an application with the Public Utilities Commission for a certificate that the present and future public convenience and necessity require the company to construct and operate a 24,000 acre-foot Carmel River Dam and Reservoir in its Monterey Division and to recover all present and future costs in connection therewith in rates.

(c) The Public Utilities Commission, after the public participation hearing and prehearing conference held in Monterey, in its June 23, 1997, Joint Ruling, determined that the issues regarding the application of the California-American Water Company fall into three broad interrelated, categories: environmental, financial, and alternative water strategies. The commission also found that the necessity to secure the Monterey Peninsula's water supply greatly predates the current crises, and that the company's dam proposal is the latest of several projects that have received serious consideration. Further, the commission noted that "[t]he challenge for the community is to achieve closure: some project or combination of projects must be chosen and completed, or long-term water rationing is likely to be unavoidable for this community."

(d) Decision No. 98-08-036, adopted by the Public Utilities Commission on August 6, 1998, requires the California-American Water Company to prepare a long-term contingency plan describing the program or combination of programs that the company would pursue if for any reason the new Carmel River Dam project does not go forward.

(e) Because of both the long-term difficulties in the water needs of the Monterey Peninsula, and the present urgency to resolve those water needs, the Legislature intends that an environmentally sound water source for the water be secured as quickly as possible in a responsible manner. It is also the policy of the Legislature that in order to achieve closure in the Monterey community it is necessary that the residents served by the Monterey Peninsula Water Management District be provided two water solutions: (a) the dam proposed by the California-American Water Company and (b) a long-term contingency plan.

SEC. 2. (a) Notwithstanding any other provision of law, the Public Utilities Commission, in consultation with the California-American Water Company , the Department of Water Resources, and other affected interests, shall prepare a long-term contingency plan described in Decision No. 98-08-036.

(b) The Public Utilities Commission shall set forth the criteria that it uses in deciding upon the program or combination of programs included in the plan.

(c) Nothing in this section shall override or interfere with the enforcement of decisions or orders of the State Water Resources Control Board.

SEC. 3. The Public Utilities Commission, in making its determination on Application No. 97-03-052, shall consult with the Department of Water Resources. Nothing in this section shall amend or in any way alter the authority of the Public Utilities Commission to make the decision on Application No. 97-03-052.

CHAPTER 798

An act to amend Section 6204 of the Business and Professions Code, relating to the State Bar of California.

[Approved by Governor September 23, 1998. Filed with Secretary of State September 24, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 6204 of the Business and Professions Code is amended to read:

6204. (a) The parties may agree in writing to be bound by the award of arbitrators appointed pursuant to this article at any time after the dispute over fees, costs, or both, has arisen. In the absence of such an agreement, either party shall be entitled to a trial after arbitration if sought within 30 days, pursuant to subdivisions (b) and (c), except that if either party willfully fails to appear at the arbitration hearing in the manner provided by the rules adopted by the board of governors, that party shall not be entitled to a trial after arbitration. The determination of willfulness shall be made by the court. The party who failed to appear at the arbitration shall have the burden of proving that the failure to appear was not willful. In making its determination, the court may consider any findings made by the arbitrators on the subject of a party's failure to appear.

(b) If there is an action pending, the trial after arbitration shall be initiated by filing a rejection of arbitration award and request for trial after arbitration in that action within 30 days after mailing of notice of the award. If the rejection of arbitration award has been filed by the plaintiff in the pending action, all defendants shall file a responsive pleading within 30 days following service upon the defendant of the rejection of arbitration award and request for trial after arbitration. If the rejection of arbitration award has been filed by the defendant in the pending action, all defendants shall file a responsive pleading within 30 days after the filing of the rejection of arbitration award and request for trial after arbitration. Service may be made by mail on any party who has appeared; otherwise service shall be made in the manner provided in Chapter 4 (commencing

with Section 413.10) of Title 5 of Part 2 of the Code of Civil Procedure. Upon service and filing of the rejection of arbitration award, any stay entered pursuant to Section 6201 shall be vacated, without the necessity of a court order.

(c) If no action is pending, the trial after arbitration shall be initiated by the commencement of an action in the court having jurisdiction over the amount of money in controversy within 30 days after mailing of notice of the award. After the filing of such an action, the action shall proceed in accordance with the provisions of Part 2 (commencing with Section 307) of the Code of Civil Procedure, concerning civil actions generally.

(d) The party seeking a trial after arbitration shall be the prevailing party if that party obtains a judgment more favorable than that provided by the arbitration award, and in all other cases the other party shall be the prevailing party. The prevailing party may, in the discretion of the court, be entitled to an allowance for reasonable attorneys' fees and costs incurred in the trial after arbitration, which allowance shall be fixed by the court. In fixing the attorneys' fees, the court shall consider the award and determinations of the arbitrators, in addition to any other relevant evidence.

(e) Except as provided in this section, the award and determinations of the arbitrators shall not be admissible nor operate as collateral estoppel or res judicata in any action or proceeding.

CHAPTER 799

An act to add Article 9 (commencing with Section 885) to Chapter 4 of Part 1 of Division 1 of the Public Utilities Code, relating to telecommunications.

[Approved by Governor September 23, 1998. Filed with Secretary of State September 24, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Article 9 (commencing with Section 885) is added to Chapter 4 of Part 1 of Division 1 of the Public Utilities Code, to read:

Article 9. Telephone Prepaid Debit Cards

885. (a) Any entity offering the services of telephone prepaid debit cards is subject to the registration requirements of Section 1013, commencing January 1, 1999, unless that entity is certificated by the commission to provide telephone service. An entity subject to this requirement includes any of the following:

(1) An entity that is an underlying interexchange carrier and offers and administers the services of telephone prepaid debit cards.

(2) An entity that purchases bulk time from an underlying interexchange carrier and thereby offers and administers the services of telephone prepaid debit cards (that is, the entity repackages and resells the time as prepaid debit cards).

(b) Resellers of telephone prepaid debit cards who do not engage in any of the activities described in subdivision (a) are not subject to the registration requirement imposed by subdivision (a). Resellers that are not subject to the registration requirement imposed by subdivision (a) include both of the following:

(1) Retailers who only provide a marketing venue for telephone prepaid debit cards.

(2) Entities that only print information on telephone prepaid debit cards.

(c) Telephone prepaid debit cards offered in a promotional manner or gratis shall not subject the provider to the registration requirement imposed by subdivision (a), unless the cards are issued in conjunction with the sale of related goods or services.

(d) The commission shall maintain a list of certificated interexchange carriers and shall supply that information upon request.

886. Entities that are required to register, but have failed to do so, or entities that are denied registration by the commission, shall not offer the services of telephone prepaid debit cards. Entities that are required to register, but have failed to do so, and entities denied registration that offer telephone prepaid debit cards shall be subject to fines or other sanctions that may be ordered by the commission.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 800

An act to amend Section 8880.4 of the Government Code, relating to the state lottery.

[Approved by Governor September 23, 1998. Filed with Secretary of State September 24, 1998.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and referred to as the "Cardenas Textbook Act of 2000."

SEC. 2. Section 8880.4 of the Government Code is amended to read:

8880.4. Revenues of the state lottery shall be allocated as follows:

(a) Not less than 84 percent of the total annual revenues from the sale of state lottery tickets or shares shall be returned to the public in the form of prizes and net revenues to benefit public education.

(1) Fifty percent of the total annual revenues shall be returned to the public in the form of prizes as described in this chapter.

(2) At least 34 percent of the total annual revenues shall be allocated to the benefit of public education, as specified in Section 8880.5. However, for the 1998–99 fiscal year and each fiscal year thereafter, 50 percent of any increase in the amount calculated pursuant to this paragraph from the amount calculated in the 1997–98 fiscal year shall be allocated to school districts and community college districts for the purchase of instructional materials, on the basis of an equal amount per unit of average daily attendance, as defined by law, and through a fair and equitable distribution system across grade levels.

(3) All unclaimed prize money shall revert to the benefit of public education, as provided for in subdivision (e) of Section 8880.32.

(4) All of the interest earned upon funds held in the State Lottery Fund shall be allocated to the benefit of public education, as specified in Section 8880.5. This interest is in addition to, and shall not be considered as any part of, the 34 percent of the total annual revenues that is required to be allocated for the benefit of public education as specified in paragraph (2).

(5) No more than 16 percent of the total annual revenues shall be allocated for payment of expenses of the lottery as described in this chapter. To the extent that expenses of the lottery are less than 16 percent of the total annual revenues, any surplus funds also shall be allocated to the benefit of public education, as specified in this section or in Section 8880.5.

(b) Funds allocated for the benefit of public education pursuant to subdivision (a) are in addition to other funds appropriated or required under existing constitutional reservations for educational purposes. No program shall have the amount appropriated to support that program reduced as a result of funds allocated pursuant to subdivision (a). Funds allocated for the benefit of public education pursuant to subdivision (a) shall not supplant funds committed for child development programs.

(c) None of the following shall be considered revenues for the purposes of this section:

(1) Revenues recorded as a result of a nonmonetary exchange. "Nonmonetary exchange" means a reciprocal transfer, in compliance with generally accepted accounting principles, between the lottery and another entity that results in the lottery acquiring assets or services and the lottery providing assets or services.

(2) Reimbursements received by the lottery for the cost of goods or services provided by the lottery that are less than or equal to the cost of the same goods or services provided by the lottery.

(d) Reimbursements received in excess of the cost of the same goods and services provided by the lottery, as specified in paragraph (2) of subdivision (c), are not a part of the 34 percent of total annual revenues required to be allocated for the benefit of public education, as specified in paragraph (2) of subdivision (a). However, this amount shall be allocated for the benefit of public education as specified in Section 8880.5.

SEC. 3. Sections 1 and 2 of this act amend the California State Lottery Act of 1984, an initiative statute, and shall become effective only when submitted to and approved by the voters. Sections 1 and 2 of this act shall be submitted to the electors at the next statewide election occurring at least 131 days after this act is adopted in the same manner as measures submitted to the voters by the Legislature, as provided in the Elections Code.

CHAPTER 803

An act to add and repeal Chapter 12 (commencing with Section 11020) of Part 7 of the Education Code, relating to academic achievement partnerships, and making an appropriation therefor.

[Approved by Governor September 23, 1998. Filed with Secretary of State September 24, 1998.]

On this date I have signed Assembly Bill No. 1292.

This bill would enact the Academic Improvement and Achievement Act to provide grants to school districts working in partnership with colleges, businesses, and community organizations to improve student performance and increase college participation.

I am reducing the $20 million local assistance appropriation because substantial partnership start-up activities required for program eligibility will limit the number of partnerships qualifying for funding during 1998–99. Additionally, the appropriation for the State Department of Education to administer this program and the college preparation programs enacted by AB 2216, AB 2363 and SB 1697 would exceed the department's administrative costs.

Therefore, I am reducing the appropriation in paragraph (a) of Section 2 from $20,000,000 to $5,000,000, and I am reducing the appropriation in paragraph (b) of Section 2 from $300,000 to $160,000.

SEC. 2. (a) The sum of five million dollars ($5,000,000) is hereby appropriated from the General Fund to the Superintendent of Public Instruction for allocation to local education agencies for the purposes of, and in accordance with, Chapter 12 (commencing with Section 11020) of Part 7 of the Education Code.

(b) The sum of one hundred sixty thousand dollars ($160,000) is hereby appropriated from the General Fund to the Superintendent of Public Instruction to administer the grants under Chapter 12 (commencing with Section 11020) of Part 7 of the Education Code, under SB 1697 of the 1997–98 Regular Session if that bill is enacted and takes effect on or before January 1, 1999, under AB 2216 of the 1997–98 Regular Session if that bill is enacted and takes effect on or before January 1, 1999, and under AB 2363 of the 1997–98 Regular Session if that bill is enacted and takes effect on or before January 1, 1999.

(c) For the purposes of making computations required by Section 8 of Article XVI of the California Constitution, the appropriation made in subdivision (a) shall be deemed to be "General Fund revenues appropriated for school districts," as defined in subdivision (c) of Section 41202 of the Education Code, and shall be deemed included within the "total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B," as defined in subdivision (e) of Section 41202 of the Education Code, for the year in which the funds are appropriated.

PETE WILSON, Governor

The people of the State of California do enact as follows:

SECTION 1. Chapter 12 (commencing with Section 11020) is added to Part 7 of the Education Code, to read:

CHAPTER 12. ACADEMIC IMPROVEMENT AND ACHIEVEMENT ACT

11020. (a) Local educational agencies may submit proposals to the Superintendent of Public Instruction to fund activities that will increase the percentage of pupils at qualifying high schools that meet the requirements for admission to the California State University or the University of California. The Superintendent of Public Instruction shall recommend, and the State Board of Education shall adopt, criteria and regulations for the implementation of this chapter. Grants awarded pursuant to this chapter shall be used by the schoolsite to provide academic assistance and services to pupils necessary to inform pupils about the benefits of, and requirements for, higher education and to prepare pupils for college entrance. Funds awarded pursuant to this chapter shall not be used as a local match for any other state funded outreach, academic achievement, or college preparation program. These activities shall be designed to accomplish that which is set forth in paragraphs (1) to (3), inclusive, and either paragraph (4) or (5) of the following:

(1) Significant improvement on scores on nationally normed, standardized tests used for college admission decisions.

(2) Significant increases in the number and percentage of pupils who enroll in and complete the A-F course requirements that are a prerequisite for admission to the California State University and the University of California with at least a "C" grade.

(3) Increases in the college participation rate.

(4) Significant increases in the number and percentage of pupils who take nationally normed, standardized tests used for college admission decisions, and increases in the results of the assessment administered through Article 4 (commencing with Section 60640) of Chapter 5 of Part 33.

(5) Significant increases in the number and percentage of pupils who enroll in and complete the advanced placement courses and receive a score of "3" or above.

(b) Applications by local educational agencies to the Superintendent of Public Instruction for the funding of academic achievement programs pursuant to this chapter shall include all the following elements to be considered complete and eligible for consideration:

(1) Data from the prior fiscal year for all of the items listed in subdivision (a).

(2) An assessment that identifies the amount of improvement at the qualifying school that is necessary in order to perform at a level equivalent to the statewide average on each of the items listed in paragraphs (1) to (5), inclusive, of subdivision (a).

(3) A comprehensive plan developed by the regional partnership describing how the funds provided pursuant to this chapter in combination with the matching funds provided by other participants in the regional partnership will be used to improve performance on any of the items listed in subdivision (a).

(4) An accountability plan that assesses the progress made by students at the qualifying school towards performance at the 1997–98 statewide average on each of the items listed in paragraphs (1) to (5), inclusive, of subdivision (a).

(5) Evidence that each partner in the regional partnership is prepared to commit the amount of funds and other support outlined in the comprehensive plan required pursuant to paragraph (3). Local education agencies shall provide evidence that the total contribution from all of the partners, including, but not necessarily limited to, the reasonable value of in-kind goods or services, equals the amount of the grant.

(c) As used in this chapter, the following terms have the following meanings, unless the context clearly requires otherwise:

(1) "Local educational agency" means school districts, county offices of education, or charter schools. "Institution of higher education" means any of the following:

(A) A California community college district.

(B) A campus of the California State University.

(C) A campus of the University of California.

(D) A member institution of the Association of Independent California Colleges and Universities.

(2) "Qualifying school" means a comprehensive high school that provides instruction in any of grades 9 to 12, inclusive, and the percentage of pupils who graduate from the school and are eligible

for admission to the California State University or the University of California in the following year is below the statewide average according to information from the California Postsecondary Education Commission.

(3) "Regional organization" includes, but is not limited to, business, labor, and community-based organizations.

(4) "Regional partnership" means a combination of at least one school district or county office of education, at least one institute of higher education, and at least one regional organization, each having an interest in and capacity to influence education in the region. "Regional partnership" is not limited to a combination formed pursuant to this chapter after the operative date of this chapter, but may also include a partnership in existence immediately preceding the operative date of this chapter if it complies with all of the requirements of this section. A partner may participate in more than one partnership and a partnership may encompass a geographic area that overlaps with an area covered by another partnership.

11021. (a) Pursuant to regulations and criteria approved by the State Board of Education, the Superintendent of Public Instruction shall develop an application inviting local educational agencies to apply to receive funds for qualifying schools, subject to an appropriation of funds for purposes of this section.

(b) Funds shall be distributed and dispersed equitably throughout the state in a manner consistent with the purposes of this chapter and that ensures that qualifying schools located in rural, urban, and suburban areas have access to these programmatic funds.

(c) Priority in the allocation of funding to qualifying schools shall be based upon a combination of the following factors that shall be given equal consideration:

(1) The qualifying school's relative low ranking in comparison to the statewide average percentage of high school graduates who complete the A-F course requirements for admission to the California State University and the University of California with a "C" grade or better.

(2) The qualifying school's relative low ranking in comparison to the statewide average percentage of high school pupils who take the nationally normed, standardized tests used for college admission decisions.

(3) The qualifying school's relative low ranking in comparison to other schools maintaining the same grades in any of grades 9 to 12, inclusive, of the school-wide average scores on nationally normed, standardized tests used for college admission decisions.

(d) Funds allocated to qualifying schools pursuant to this chapter shall be awarded annually by the Superintendent of Public Instruction for a period of up to four years only if funding is appropriated in the annual Budget Act if both of the following conditions are met:

(1) After the second full funded year, and each year thereafter, the grant may be renewed on an annual basis for up to two additional years if the local educational agency submits data to the State Department of Education that demonstrates the necessary qualifying levels of improvement at the qualifying school in comparison to the year immediately preceding the year in which funds were provided to the school pursuant to this chapter, in accordance with subdivision (a) of Section 11020.

(2) The Superintendent of Public Instruction determines that the data submitted on behalf of qualifying schools demonstrates progress in each of the areas identified in subdivision (a) of Section 11020, as determined by relative improvement levels approved by the State Board of Education.

(e) The total amount of funds allocated to a local educational agency pursuant to this chapter shall be matched on a dollar-for-dollar basis by the higher education partners.

(f) Funds allocated pursuant to this section may not exceed one hundred dollars ($100) per pupil, nor shall it be less than twenty thousand dollars ($20,000), at a qualifying school in any single fiscal year.

(g) Funds appropriated pursuant to this chapter may supplement, but may not supplant, any existing program or service provided at a qualifying school that is consistent with this chapter.

(h) No more than 5 percent of the amount that is appropriated to a local educational agency for expenditure at a qualifying school pursuant to this chapter shall be used for administrative costs.

(i) Grant recipients shall ensure that parents or guardians of all 8th grade pupils are notified of the course requirements that are a prerequisite for admission to the California State University and the University of California.

11022. Only those local educational agencies for which the allocation of state funds are included within the computation of the state's minimum funding obligation to school districts and community college districts under Section 8 of Article XVI of the California Constitution shall receive allocations for the purposes of this chapter.

11023. The Superintendent of Public Instruction, shall recommend, and the State Board of Education shall approve, a plan for the comprehensive evaluation of the program authorized in this chapter. The Superintendent of Public Instruction shall complete the evaluation and submit it to the State Board of Education by July 1, 2003. The State Board of Education shall submit the final evaluation to the Legislature by December 31, 2003, on all of the following:

(a) Changes in the number and percent of pupils who took nationally normed, standardized tests used for college admission decisions.

(b) Changes in the school-wide average score on nationally normed, standardized tests used for college admission decisions.

(c) Changes in the number and percentage of pupils who complete the A-F course requirements with at least a "C" grade.

(f) Changes in the number and percentage of parents or guardians of 8th grade pupils who were notified of the course requirements that are a prerequisite for admission to the California State University or the University of California.

(g) The college participation rates at qualifying schools before and after the implementation of program activities pursuant to this chapter.

(h) Recommendations for changes to the provisions in this chapter that could further increase the percentage of high school pupils eligible for admission to the California State University or the University of California upon graduation from high school.

11024. It is the intent of the Legislature that grants pursuant to this chapter be funded by an appropriation in the annual Budget Act.

11024.5. This chapter shall become inoperative on July 1, 2004, and, as of January 1, 2005, is repealed, unless a later enacted statute that is enacted before January 1, 2005, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. (a) The sum of twenty million dollars ($20,000,000) is hereby appropriated from the General Fund to the Superintendent of Public Instruction for allocation to local education agencies for the purposes of, and in accordance with, Chapter 12 (commencing with Section 11020) of Part 7 of the Education Code.

(b) The sum of three hundred thousand dollars ($300,000) is hereby appropriated from the General Fund to the Superintendent of Public Instruction to administer the grants under Chapter 12 (commencing with Section 11020) of Part 7 of the Education Code, under SB 1697 of the 1997–98 Regular Session if that bill is enacted and takes effect on or before January 1, 1999, under AB 2216 of the 1997–98 Regular Session if that bill is enacted and takes effect on or before January 1, 1999, and under AB 2363 of the 1997–98 Regular Session if that bill is enacted and takes effect on or before January 1, 1999.

An act to amend Section 21201 of, and to add Section 21204 to, the Financial Code, relating to pawnbrokers.

[Approved by Governor September 23, 1998. Filed with Secretary of State September 24, 1998.]

The people of the State of California do enact as follows:

"You may redeem the property you have pledged at any time until the close of business on _____ [fill in date four months from date loan begins]. To redeem, you must pay the amount of the loan and the applicable charges which have accrued through the date on which you redeem."

Every pawnbroker shall retain in his or her possession every article pledged to him or her for a period of four months. During such period the borrower may redeem the articles upon payment of the amount of the loan and the applicable charges.

If any pledged article is not redeemed during the four-month loan period as provided herein, and the borrower and pawnbroker do not mutually agree in writing to extend the loan period, the pawnbroker shall notify the borrower within 30 days after expiration of the loan period. If the pawnbroker fails to notify the borrower within 30 days after the expiration of the loan period, the pawnbroker shall not charge interest from the day after the expiration of the 30-day period. CHAPTER 805

An act to add and repeal Chapter 3.8 (commencing with Section 8660) of Part 6 of the Education Code, relating to the California State Summer School for Mathematics and Science, and making an appropriation therefor.

[Approved by Governor September 23, 1998. Filed with Secretary of State September 24, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 3.8 (commencing with Section 8660) is added to Part 6 of the Education Code, to read:

CHAPTER 3.8. CALIFORNIA STATE SUMMER SCHOOL FOR MATHEMATICS AND SCIENCE

8660. (a) The California State Summer School for Mathematics and Science is hereby created to establish a multidisciplinary mathematics and science training program to enable pupils with demonstrated academic excellence in mathematics and science to receive intensive training in these subjects.

(b) The California State Summer School for Mathematics and Science shall provide a training ground for pupils who wish to study advanced mathematics or science or to pursue careers that require a high degree of mathematics or scientific training.

8661. The California State Summer School for Mathematics and Science shall be governed by the State Board of Education.

8662. (a) The State Board of Education shall adopt rules and regulations governing fees, applications, and admission procedures for the California State Summer School for Mathematics and Science, and any other procedure or operation necessary to implement the requirements of this chapter.

(b) The rules and regulations adopted pursuant to subdivision (a) shall include, but shall not necessarily be limited to, a provision that requires a pupil to meet the criteria set forth in subdivision (a) of Section 8660 requiring pupils to have demonstrated academic excellence in mathematics and science and to meet one of the following criteria to be eligible for admission to the summer school:

(1) The pupil graduated, or will graduate, from the 8th grade at the end of the school year immediately preceding the summer school session for which he or she is applying.

(2) The pupil is currently enrolled in any of grades 9 to 12, inclusive.

(3) The pupil graduated from high school during the school year immediately preceding the summer school session for which he or she is applying.

(c) A pupil's participation in the summer school shall not be credited toward the pupil's completion of the course of study prescribed for graduation from high school, unless the pupil's regular school of attendance tenders payment to the pupil, no later than the last day of the summer school session, for all application and other fees and expenses charged to the pupil by the summer school that would not be charged to a pupil enrolled in the public school system.

8663. (a) The Legislature finds and declares that the admission of out-of-state pupils to the California State Summer School for Mathematics and Science will enhance the national and international standing of the pupils who attend the summer school, and increase the revenues to the school from both tuition and contributions.

(b) Pursuant to the eligibility criteria set forth in subdivision (b) of Section 8662, pupils who are not California residents, including residents of other countries, may be admitted to the California State Summer School for Mathematics and Science, not to exceed in any year 20 pupils or 5 percent of the total pupil population of the summer school, whichever is less. No admission under this subdivision shall result in the denial of admission under this chapter to a California resident who is eligible for that admission and satisfies applicable qualifications for admission.

8664. The State Board of Education shall perform the following duties:

(a) Provide for the operation and governance of the California State Summer School for Mathematics and Science.

(b) Appoint a person to fill the full-time, permanent, exempt position of Director of the California State Summer School for Mathematics and Science. The director shall employ two assistants, one for program operation and one for administration, and any other necessary staff.

(c) Develop a statewide application procedure. The procedure shall be implemented with the cooperation of the appropriate state and local agencies, including, but not limited to, school districts, the California State University, and the California Community Colleges. The University of California is urged to cooperate with the development of the application procedure. The cost of the application process shall be at least partially offset by charging each applicant a fee not to exceed twenty dollars ($20). Applicants who are unable to pay the fee shall petition the State Department of Education for a waiver, which shall be granted or denied pursuant to the rules and regulations adopted pursuant to subdivision (b) of Section 8669.

(d) Maintain an advisory committee or committees to assist the board in administering the summer school.

(e) Develop the curriculum of the summer school.

(f) Establish a nonprofit foundation to develop and receive private support for the summer school.

(g) Establish a permanent endowment fund for the summer school.

(h) Exercise any other powers necessary to carry out the purposes of this chapter.

8665. The State Department of Education shall assist the California State Summer School for Mathematics and Science by providing the following services:

(a) Developing and administering a process for the waiver of registration or program fees pursuant to this chapter.

(b) Distribution to all school districts in the state of notices and guidelines that describe the application procedure, site of the summer school, cost of participation, criteria for admission, and other pertinent information regarding the summer school.

8666. The period of instruction for the California State Summer School for Mathematics and Science shall be not less than four weeks and no more than six weeks in length. This section shall not be construed to prohibit two sessions per year, as long as the summer school commences no earlier than one week following the end of the regular school year, and concludes no later than one week prior to the commencement of the next regular school year.

8667. (a) The faculty of the California State Summer School for Mathematics and Science shall be selected annually, subject to the final approval of the director of the school, by the State Board of Education, upon consultation with a faculty selection panel convened by the board for that purpose. The faculty selection panel shall be composed of industry leaders and educators, selected to be broadly representative of the schools, industries, colleges, and universities located throughout the state. Members of the State Board of Education may serve on the faculty selection panel, but shall comprise no more than one-third of any faculty selection panel.

(b) The faculty shall be comprised of professors of mathematics and science, and shall not be restricted to members of the current faculty of the host institution. Each faculty member shall be chosen for his or her excellence in mathematics, science, or teaching ability. Notwithstanding any other provision of law, the faculty shall not be subject to credentialing requirements or any other restrictions upon eligibility for employment generally applicable to public school instructors, except for the requirement of obtaining a certificate of clearance from the Commission on Teacher Credentialing pursuant to Sections 44332.5, 44339, 44340, and 44341.

(c) The members of the faculty shall be paid on a contractual basis and shall not be considered as state employees.

8668. (a) The site for the California State Summer School for Mathematics and Science shall be chosen for one year, or on a multiyear basis as determined by the State Board of Education based on the cost effectiveness of the proposals submitted to the board through a competitive request for proposal procedure. The criteria for selection shall include, but not necessarily be limited to, all of the following:

(1) Space requirements of the summer school, including residential space and appropriate facilities for all disciplines offered by the summer school.

(2) Technical, administrative, and support services available to the summer school, submitted with an appropriate budget

designating donated services and the costs to the summer school of having other services provided.

(3) Materials, supplies, and equipment available for the exclusive use of the summer school. Materials or equipment that may be used by the host institution during its regular sessions either shall be purchased by the host institution, which may charge the summer school a rental fee for the use of the materials or equipment, or purchased by the summer school, which shall charge the host institution a rental fee for the use of the materials or equipment during the institution's regular sessions.

(4) Operating funds and in-kind services.

(b) Private institutions, colleges, and universities, appropriate privately owned and operated facilities, and state facilities, including, but not limited to, facilities of the California State University and the University of California with the consent of the Board of Regents of the University of California, may be used as the site for the summer school. A regional consortium of campuses and adjacent cultural centers operated by nonprofit organizations may be considered as a single site in the selection process.

8669. (a) It is the intent of the Legislature that at least 50 percent, but not more than 75 percent, of the actual costs of the California State Summer School for Mathematics and Science for each fiscal year would be financed by state funds beginning in the 1999–2000 fiscal year. The balance of the operating costs would be financed with fees and private support.

(b) Except as provided in subdivision (c), the State Board of Education shall set a tuition fee within a range that corresponds to actual program costs, up to but not exceeding one thousand dollars ($1,000) per session in the year 2000. The amount of this fee may be increased by the State Board of Education up to a 5 percent increase each year thereafter. The State Board of Education shall award full or partial scholarships on the basis of need and ability. Pupils who are unable to pay all or part of the fee may petition the State Board of Education for a fee reduction or waiver. The State Board of Education shall adopt rules and regulations regarding fee reduction and waivers, which shall ensure that both of the following occur:

(1) That scholarship funds are available and no talented applicant shall be denied admission solely because of inability to pay all or part of the fee.

(2) That any public announcement regarding the summer school program include notification that full scholarships are available, and information regarding the procedure for applying for a scholarship award.

(c) For pupils who are not California residents, the State Board of Education annually shall set a tuition fee that is not less than the total actual costs to the summer school of services per pupil. The total actual costs of services per pupil shall be computed each year for this

purpose by dividing the amount of school expenditures for the prior fiscal year by the total pupil population for the prior year.

(d) The Foundation for the California State Summer School for Mathematics and Science established pursuant to subdivision (f) of Section 8664 may raise funds from the private sector that may be used by the summer school for general program operating costs, scholarships, program augmentation, public relations, recruitment activity, or special projects. Private support may include, but not be limited to, direct grants to the summer school from private corporations or foundations, individual contributions, in-kind contributions, or fundraising benefits conducted by any entity.

8669.1. By January 1, 2003, the California Research Bureau of the California State Library shall conduct an evaluation on the effectiveness of the California State Summer School for Mathematics and Science.

8669.2. This chapter shall remain in effect only until January 1, 2004, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2004, deletes or extends that date.

SEC. 2. (a) The sum of one million dollars ($1,000,000) is hereby appropriated from the General Fund, in augmentation of schedule (e) of Item 6110-001-0001 of Section 2.00 of Chapter 324 of the Statutes of 1998. Of this amount, four hundred thousand dollars ($400,000) shall be for support of the State Board of Education for the administrative planning and startup costs of the California State Summer School for Mathematics and Science, and six hundred thousand dollars ($600,000) shall be for the initial costs of operating the summer school program.

(b) Any funds appropriated by subdivision (a) that are unencumbered as of June 30, 1999, may be deposited in the endowment fund established pursuant to subdivision (g) of Section 8664 of the Education Code.

The notice shall also set forth the address where written objections to the dissolution of the district may be mailed or otherwise delivered up to and including the time of the hearing.

As part of its review, the commission shall ensure that the requirements link academic theory regarding child development to instructional methods designed for use in classrooms of young pupils of varying development levels. These instructional methods should be designed to ensure success and progress by all pupils and should especially help teachers ensure that children who enter school less prepared or with fewer skills than their classmates meet the expected performance standards for that grade by the end of the instructional year. At the conclusion of its review, the commission shall report to the Legislature on its recommended revisions, on or before January 1, 2001.

CHAPTER 813

An act to add Chapter 7 (commencing with Section 12560) to Part 5 of Division 6 of the Water Code, relating to the Colorado River Management Program.

[Approved by Governor September 24, 1998. Filed with Secretary of State September 25, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 7 (commencing with Section 12560) is added to Part 5 of Division 6 of the Water Code, to read:

CHAPTER 7. COLORADO RIVER MANAGEMENT PROGRAM

12560. Unless the context otherwise requires, the definitions set forth in this section govern the construction of this chapter:

(a) "Account" means the Colorado River Management Account created pursuant to Section 12561.

(b) "California Plan" means the plan being developed by the Colorado River Board of California, the public agencies represented on that board, and the director to ensure that California can live within the state's apportionment of Colorado River water.

12561. There is hereby created the Colorado River Management Account in the General Fund. Notwithstanding Section 13340 of the Government Code, the sum of two hundred thirty-five million dollars ($235,000,000) is hereby continuously appropriated from the General Fund to the account, without regard to fiscal years, for use in accordance with this chapter.

12562. (a) (1) In furtherance of implementing and achieving the goals of the "California Plan," the sum of two hundred million dollars ($200,000,000) in the account shall be used by the director to finance and arrange for lining portions of the All American Canal and the Coachella Branch of the All American Canal.

(2) The canal lining projects shall be completed not later than December 31, 2006, or such later date as may be required by extraordinary circumstances.

(3) The allocation of the water conserved from the canal lining projects and to be made available to the Metropolitan Water District of Southern California shall be consistent with federal law and shall be determined by an agreement among the Metropolitan Water District of Southern California, the Imperial Irrigation District, the Palo Verde Irrigation District, the Coachella Valley Water District, and the San Luis Rey settlement parties, reached after consultation with the director and the United States Secretary of the Interior.

(b) (1) The sum of thirty-five million dollars ($35,000,000) from the account shall be used by the director to finance the installation of recharge, extraction, and distribution facilities for groundwater conjunctive use programs necessary to implement the "California Plan."

(2) Water stored in connection with the groundwater conjunctive use programs described in paragraph (1) shall be for the benefit of the member public agencies of the Metropolitan Water District of Southern California.

(3) Nothing in this subdivision limits the ability of the Metropolitan Water District of Southern California to enter into agreements regarding the sharing of any water made available under this subdivision.

12563. If the contingencies for a transfer to the San Diego County Water Authority of the conserved water under the water transfer agreement entered into by the Imperial Irrigation District and the San Diego County Water Authority on April 29, 1998, have not been satisfied in full prior to December 31, 2006, any recipient of the water made available under the agreement described in subdivision (a) of Section 12562, other than the San Luis Rey settlement parties, shall pay to the state, if required by statute, a portion of the funding made available under subdivision (a) of Section 12562, in an amount to be determined by the statute.

12564. Nothing in the contract anticipated by the memorandum of understanding entered into on August 12, 1998, by the Metropolitan Water District of Southern California and the San Diego County Water Authority shall affect the authority of the Legislature to allocate, by statute, or reallocate water if the contingencies for a transfer of the conserved water to the San Diego County Water Authority under the water transfer agreement entered into by the Imperial Irrigation District and the San Diego

County Water Authority on April 29, 1998, have not been satisfied in full prior to December 31, 2006.

12565. The two hundred million dollars ($200,000,000) made available to the director pursuant to subdivision (a) of Section 12562 may be expended solely for the lining of the All American Canal and the Coachella Branch of the All American Canal and only if all of the following requirements have been met:

(a) The Salton Sea Authority commissions a study of seepage and subsurface inflows to the Salton Sea from the All American Canal and the Coachella Branch of the All American Canal, and that study is completed. The study shall determine the nature of subsurface and drainage canal water movements from the unlined canals to the Salton Sea and to existing adjacent wetlands, and shall quantify the amount of water that may be lost to the Salton Sea and to those wetlands due to the canal lining projects. The Salton Sea Science Subcommittee shall review the requests for proposals for the study and shall be consulted in selecting the contractor responsible for conducting the study.

(b) Environmental documentation and permits required by the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code), the National Environmental Policy Act of 1969 (42 U.S.C.A. Sec. 4321 et seq.), and any other applicable state and federal environmental laws are approved and certified for the All American Canal Lining Project or the Coachella Branch Lining Project.

(c) Pursuant to its responsibilities as a trustee agency under the California Environmental Quality Act (Division 13 (commencing with Section 21000) of the Public Resources Code), the Director of Fish and Game makes a finding that a canal lining project that is the subject of a request for funding pursuant to this chapter will avoid or mitigate all significant effects of the project on fisheries and other wildlife. The finding shall be accompanied by a statement from the United States Secretary of the Interior certifying that measures for the replacement of incidental fish and wildlife values adjacent to the All American Canal and the Coachella Branch of the All American Canal foregone as a result of the lining of the canal, or the mitigation of resulting impacts on fish and wildlife resources from the construction of a new canal, or a portion thereof, meet the statutory requirements of Section 203(a)(2) of Public Law 100-675. These mitigation measures shall be on an acre-for-acre basis, based on ecological equivalency, and shall be implemented concurrent with the construction of the canal lining project.

SEC. 2. The sum of three hundred thousand dollars ($300,000) is hereby appropriated from the General Fund to the Salton Sea Authority for the purpose of conducting the study required by subdivision (a) of Section 12565 of the Water Code.

The director also shall include in the total assessment amount the department's costs for administering the assessment, including the collections process and the cost of reimbursing the Franchise Tax Board for its cost of collection activities pursuant to subdivision (c). The insured employers and private sector self-insured employers that, pursuant to subdivision (b), are subject to assessment shall be assessed, respectively, on the basis of their annual payroll subject to premium charges or their annual payroll that would be subject to premium charges if the employer were insured, as follows:

(A) An employer with a payroll of less than two hundred fifty thousand dollars ($250,000) shall be assessed one hundred dollars ($100).

(B) An employer with a payroll of two hundred fifty thousand dollars ($250,000) or more, but not more than five hundred thousand dollars ($500,000), shall be assessed two hundred dollars ($200).

(C) An employer with a payroll of more than five hundred thousand dollars ($500,000), but not more than seven hundred fifty thousand dollars ($750,000), shall be assessed four hundred dollars ($400).

(D) An employer with a payroll of more than seven hundred fifty thousand dollars ($750,000), but not more than one million dollars ($1,000,000), shall be assessed six hundred dollars ($600).

(E) An employer with a payroll of more than one million dollars ($1,000,000), but not more than one million five hundred thousand dollars ($1,500,000), shall be assessed eight hundred dollars ($800).

(F) An employer with a payroll of more than one million five hundred thousand dollars ($1,500,000), but not more than two million dollars ($2,000,000), shall be assessed one thousand dollars ($1,000).

(G) An employer with a payroll of more than two million dollars ($2,000,000), but not more than two million five hundred thousand dollars ($2,500,000), shall be assessed one thousand five hundred dollars ($1,500).

(H) An employer with a payroll of more than two million five hundred thousand dollars ($2,500,000), but not more than three million five hundred thousand dollars ($3,500,000), shall be assessed two thousand dollars ($2,000).

(I) An employer with a payroll of more than three million five hundred thousand dollars ($3,500,000) shall be assessed two thousand five hundred dollars ($2,500).

(b) (1) In the manner as specified by this section, the director shall identify those insured employers having a workers' compensation experience modification rating of 1.25 or more, and private sector self-insured employers having an equivalent experience modification rating of 1.25 or more as determined pursuant to subdivision (e).

(2) The assessment required by this section shall be levied annually, on a calendar year basis, on those insured employers and private sector self-insured employers, as identified pursuant to paragraph (1), having the highest workers' compensation experience modification ratings or equivalent experience modification ratings, that the director determines to be required numerically to produce the total amount of the assessment to be collected pursuant to subdivision (a).

(c) The director shall collect the assessment from insured employers as follows:

(1) Upon the request of the director, the Department of Insurance shall direct the licensed rating organization designated as the department's statistical agent to provide to the director, for purposes of subdivision (b), a list of all insured employers having a workers' compensation experience rating modification of 1.25 or more, according to the organization's records at the time the list is requested, for policies incepting the year preceding the year in which the assessment is to be collected.

(2) The director shall determine the annual payroll of each insured employer subject to assessment from the payroll that was reported to the licensed rating organization identified in paragraph (1) for the most recent period for which one full year of payroll information is available for all insured employers.

(3) On or before September 1 of each year, the director shall determine each of the current insured employers subject to assessment, and the amount of the total assessment for which each insured employer is liable. The director immediately shall notify each insured employer, in a format chosen by the insurer, of the insured's obligation to submit payment of the assessment to the director within 30 days after the date the billing was mailed, and warn the insured

of the penalties for failure to make timely and full payment as provided by this subdivision.

(4) The director shall identify any insured employers that, within 30 days after the mailing of the billing notice, fail to pay, or object to, their assessments. The director shall mail to each of these employers a notice of delinquency and a notice of the intention to assess penalties, advising that, if the assessment is not paid in full within 15 days after the mailing of the notices, the director will levy against the employer a penalty equal to 25 percent of the employer's assessment, and will refer the assessment and penalty to the Franchise Tax Board for collection. The notices required by this paragraph shall be sent by United States first-class mail.

(5) If an assessment is not paid by an insured employer within 15 days after the mailing of the notices required by paragraph (4), the director shall refer the delinquent assessment and the penalty to the Franchise Tax Board for collection pursuant to Section 19290.1 of the Revenue and Taxation Code.

(d) The director shall collect the assessment directly from private sector self-insured employers. The failure of any private sector self-insured employer to pay the assessment as billed constitutes grounds for the suspension or termination of the employer's certificate to self-insure.

(e) The director shall adopt regulations implementing this section that include provision for a method of determining experience modification ratings for private sector self-insured employers that is generally equivalent to the modification ratings that apply to insured employers and is weighted by both severity and frequency.

(f) The director shall determine whether the amount collected pursuant to any assessment exceeds expenditures, as described in subdivision (a), for the current year and shall credit the amount of any excess to any deficiency in the prior year's assessment or, if there is no deficiency, against the assessment for the subsequent year.

(g) This section shall remain in effect only until January 1, 2000, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2000, deletes or extends that date.

The people of the State of California do enact as follows:

SECTION 1. Section 18821 of the Revenue and Taxation Code is amended to read:

18821. (a) Any individual may designate on the tax return that a contribution in excess of the tax liability, if any, be made to the California Mexican American Veterans' Memorial Beautification and

Enhancement Account in the General Fund established by Section 1340 of the Military and Veterans Code. That designation is to be used as a voluntary checkoff on the tax return only after the Franchise Tax Board has been notified in writing that construction of the veterans' memorial has commenced. If the Franchise Tax Board has been notified in writing by the Veterans' Memorial Commission at any time during the taxable year that construction has commenced, the California Mexican American Veterans' Memorial Beautification and Enhancement Account shall first appear for contribution on the tax return filed for the taxable year beginning on or after January 1 of that year.

(b) The contributions shall be in full dollar amounts and may be made individually by each signatory on the joint return.

(c) A designation under subdivision (a) shall be made on the initial return for that taxable year, and once made shall be irrevocable. In the event that payments and credits reported on the return, together with any other credits associated with the taxpayer's account, do not exceed the taxpayer's liability, the return shall be treated as though no designation has been made.

(d) In the event a taxpayer designates a contribution to more than one account or fund listed on the tax return, and the amount available is insufficient to satisfy the total amount designated, the contribution shall be allocated among the designees on a pro rata basis.

(e) The Franchise Tax Board shall revise the forms of the return to include a space labeled the "California Mexican American Veterans' Memorial" to allow for the designation permitted under subdivision (a). The forms shall also include in the instructions information that the contribution may be in the amount of one dollar ($1) or more and that the contribution shall be used to beautify and enhance an existing memorial.

(f) A deduction shall be allowed under Article 6 (commencing with Section 17201) of Chapter 3 of Part 10 for any contribution made pursuant to subdivision (a).

18851. (a) An individual may designate on the tax return that a contribution in excess of the tax liability, if any, be made to the Emergency Food Assistance Program Fund, which is established by Section 18852. That designation is to be used as a voluntary checkoff on the tax return.

(b) The contributions shall be in full dollar amounts and may be made individually by each signatory on a joint return.

(c) A designation shall be made for any taxable year on the initial return for that taxable year and once made is irrevocable. If

payments and credits reported on the return, together with any other credits associated with the taxpayer's account do not exceed the taxpayer's liability, the return shall be treated as though no designation has been made. If no designee is specified, the contribution shall be transferred to the General Fund after reimbursement of the direct actual costs of the Franchise Tax Board for the collection and administration of funds under this article.

(d) If an individual designates a contribution to more than one account or fund listed on the tax return, and the amount available is insufficient to satisfy the total amount designated, the contribution shall be allocated among the designees on a pro rata basis.

(e) The Franchise Tax Board shall revise the form of the return to include a space labeled the "Emergency Food Assistance Program Fund" to allow for the designation permitted. The form shall also include in the instructions information that the contribution may be in the amount of one dollar ($1) or more and that the contribution shall be used for the Emergency Food Assistance Program.

(f) A deduction shall be allowed under Article 6 (commencing with Section 17201) of Chapter 3 of Part 10 for any contribution made pursuant to subdivision (a).

18852. There is in the State Treasury the Emergency Food Assistance Program Fund to receive contributions made pursuant to Section 18851. The Franchise Tax Board shall notify the Controller of both the amount of money paid by taxpayers in excess of their tax liability and the amount of refund money that taxpayers have designated pursuant to Section 18851 to be transferred to the Emergency Food Assistance Program Fund. The Controller shall transfer from the Personal Income Tax Fund to the Emergency Food Assistance Program Fund an amount not in excess of the sum of the amounts designated by individuals pursuant to Section 18851 for payment into that fund.

18853. All money transferred to the Emergency Food Assistance Program Fund, upon appropriation by the Legislature, shall be allocated as follows:

(a) To the Franchise Tax Board and the Controller for reimbursement of all costs incurred by the Franchise Tax Board and the Controller in connection with their duties under this article.
