CHAPTER 823

An act to amend Sections 8277.5 and 8277.6 of the Education Code, relating to child care and development, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 24, 1998. Filed with Secretary of State September 25, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 8277.5 of the Education Code is amended to read:

8277.5. (a) For purposes of this section "department" means the Department of Housing and Community Development.

(b) Subject to appropriation in the annual Budget Act, the Child Care and Development Facilities Loan Guaranty Fund and the Child Care and Development Facilities Direct Loan Fund are hereby established in the State Treasury. The Superintendent of Public Instruction may transfer state funds appropriated for child care facilities enhancement and the proceeds derived from any future sales of tax-exempt child care and development facilities bonds into these funds.

(c) Notwithstanding Section 13340 of the Government Code, all moneys in the Child Care and Development Facilities Loan Guaranty Fund and the Child Care and Development Facilities Direct Loan Fund, including any interest on loans made from the fund, or loan repayments to the fund, are hereby continuously appropriated to the department for carrying out the purposes of this section and Section 8277.6, respectively. Any loan repayment or interest resulting from investment or deposit of moneys in these funds shall be deposited in the applicable fund, notwithstanding Section 16305.7 of the Government Code. Moneys in the funds shall not be subject to transfer to any other fund pursuant to Part 2 (commencing with Section 16300) of Division 4 of Title 2 of the Government Code, except the Surplus Money Investment Fund.

(d) (1) Moneys deposited in the Child Care and Development Facilities Loan Guaranty Fund shall be used for the purpose of guaranteeing private sector loans to sole proprietorships, partnerships, proprietary and nonprofit corporations, and local public agencies for the purchase, development, construction, expansion, or improvement of licensed child care and development facilities, and for the purpose of administering the guarantees of these loans. The loan guarantees shall be made by the department or by a public or private entity approved by the department, in accordance with the priorities established by the department, as described in Section 8277.6. The full faith and credit of the State of

California is not pledged to the Child Care and Development Facilities Loan Guaranty Fund and the state is not liable for loan defaults that exceed the amount of funds deposited with the Child Care and Development Facilities Loan Guaranty Fund.

(2) A loan guarantee made pursuant to this section may not exceed 80 percent of the principal and interest amount of a private sector loan guaranteed by the fund and shall be used only to guarantee a private sector loan for the purchase, development, construction, expansion, or improvement of facilities described in Section 8277.6 and for related equipment and fixtures, but shall not be used primarily to refinance an existing loan or for working capital, supplies, or inventory. A loan guarantee for improvements shall be limited to those improvements necessary for any of the following purposes:

(A) To obtain, maintain, renew, expand, or revise a child care license.

(B) To make necessary health and safety improvements.

(C) To make seismic improvements.

(D) To provide access for disabled children.

(3) The aggregate amount of outstanding loan guarantees shall not exceed four times the amount in the Child Care and Development Facilities Loan Guaranty Fund.

(4) A loan guarantee made pursuant to this section shall be for the term of the loan or 20 years, whichever is less. Security for the guaranteed loan may include a deed of trust, personal guarantees of shareholders and partners in the case of proprietary borrowers, or other reasonably available collateral. These liens may be subordinated to other liens. Default provisions and other terms shall be reasonable and designed to obtain prompt and full repayment of the guaranteed loan by the borrower. Reasonable loan guarantee fees and points may be charged to applicants and borrowers by any public or private entity approved by the department, as described in regulations adopted by the department.

(5) A loan guarantee made pursuant to this section shall only be granted if the applicant agrees to provide child care in a facility for a period of 20 years or the term of the guaranteed loan, whichever is less.

(6) A loan guarantee made pursuant to this section terminates 120 days after the lender's receipt of notice that the recipient has either ceased making payments or providing child care in the facility for which the loan was made, or both, unless the lender takes action to accelerate the loan. If a family day care provider ceases to operate, but retains its three-year license, the provider shall give notice to the department and the lending institution of its intention to resume offering child care services for the term of its license, or shall provide notice of its intention to cease providing child care services. The Child Care and Development Facilities Loan Guaranty Fund is not liable for a default occurring after the loan guarantee has ended.

(e) (1) Moneys deposited in the Child Care and Development Facilities Direct Loan Fund shall be used for the purpose of making subordinated loans directly or through a public or private entity approved by the department to sole proprietorships, partnerships, proprietary and nonprofit corporations, and local public agencies for the purchase, development, construction, expansion, or improvement of licensed child care and development facilities, and for the purpose of administering these loans. Loans shall be made in accordance with the priorities established by the department as set forth in Section 8277.6. The full faith and credit of the State of California is not pledged to the Child Care and Development Facilities Direct Loan Fund and the state is not liable for loan defaults that exceed the amount of funds deposited in the Child Care and Development Facilities Direct Loan Fund.

(2) A loan made pursuant to this section may not exceed 50 percent of the total amount of investment for the purchase, development, expansion, or improvement of eligible child care and development facilities as described in Section 8277.6 and for related equipment and fixtures, but may not be used primarily to refinance an existing loan, for working capital, for supplies, or for inventory. A loan made pursuant to this section may not exceed 20 percent of the total amount of investment if the same facility is also utilizing a loan guarantee pursuant to subdivision (c). Investment for purposes of this paragraph means the total cost paid or incurred by the applicant in constructing, renovating, or acquiring a facility. A loan for improvements shall be limited to those improvements necessary for any of the following purposes:

(A) To obtain, maintain, renew, expand, or revise a child care license.

(B) To make necessary health and safety improvements.

(C) To make seismic improvements.

(D) To provide access for disabled children.

(3) The term of a loan made pursuant to this section may not exceed 20 years. Security for the loan may include a deed of trust, personal guarantees of shareholders and partners in the case of proprietary borrowers, or other reasonably available collateral. These liens may be subordinated to other liens. The interest rate, payment provisions, late charges, and other terms may vary based on the ability of the borrower to repay the loan, but shall be reasonable and designed to obtain prompt and full repayment of the loan by the borrower. Reasonable loan fees and points may be charged to applicants and borrowers by a public or private entity approved by the department, as described in regulations adopted by the department.

(f) Funds appropriated for the purposes of this section and Section 8277.6 shall be made from funds that are not designated as meeting the state's minimum funding obligation under Section 8 of Article XVI of the California Constitution.

SEC. 2. Section 8277.6 of the Education Code is amended to read:

8277.6. (a) For purposes of this section "department" means the Department of Housing and Community Development.

(b) The department shall administer the Child Care and Development Facilities Loan Guaranty Fund and the Child Care and Development Facilities Direct Loan Fund. The department may administer the funds directly, through interagency agreements with other state agencies, through contracts with public or private entities, or through any combination thereof. If the department determines that a public or private entity is capable of making child care and development facilities loans or loan guarantees, the department may delegate the authority to review and approve those loans or guarantees to the public or private entity. The department is authorized to enter into an interagency agreement with the Trade and Commerce Agency to carry out the purposes of this section and Section 8277.5 by utilizing the services of small business financial development corporations established pursuant to Chapter 1 (commencing with Section 14000) of Part 5 of Division 3 of the Corporations Code. Toward this end, the department is authorized to transfer funds from the Child Care and Development Facilities Direct Loan Fund to the California Economic Development Grant and Loan Fund established by Section 15327 of the Government Code and to transfer funds from the Child Care and Development Facilities Loan Guaranty Fund to the Small Business Expansion Fund established by Section 14030 of the Corporations Code. Those funds shall be deposited into a Child Care Direct Loan Fund Account and a Child Care Loan Guaranty Fund Account hereby established in the respective funds. Notwithstanding anything to the contrary in Chapter 1 (commencing with Section 15310) of Part 6.7 of Division 3 of Title 2 of the Government Code and Chapter 1 (commencing with Section 14000) of Part 5 of Division 3 of the Corporations Code, the funds in these accounts shall be administered in compliance with the requirements of this section and Section 8277.5.

(c) Eligible applicants for the loan guaranty program and the direct loan program shall include sole proprietorships, partnerships, proprietary and nonprofit corporations, and local public agencies that provide licensed child care and development services. Facilities that primarily serve households with incomes not exceeding 75 percent of the local median income, as determined from time to time by the United States Department of Housing and Urban Development, shall be given priority in loan guarantees and direct loans made pursuant to this section and Section 8277.5. Eligible facilities shall include full-day and part-day child care and development facilities and family child care homes serving more than six children.

(d) Loan guarantees and direct loans for family child care homes serving more than six children are limited to loans for repairs and renovation that are required to maintain a license or, if the family

child care provider is otherwise qualified for a license for more than six children, to repairs, renovations, and additions required to obtain a license for more than six children. A family child care home provider shall provide evidence from the community care licensing division that the repairs, renovations, or additions are required to maintain the license or obtain a license for more than six children. Loan guarantees and direct loans for family child care homes shall not be made for the purpose of purchasing a home or any real property.

(e) The State Department of Education shall provide program priorities that shall govern the ranking of applications by the department. These priorities shall include, but are not limited to, the following:

(1) Geographic priorities based on the extent of need for child care and development supply-building efforts in different parts of the state.

(A) Not less than 30 percent of the loan guarantee and direct loan obligations shall benefit providers located in rural areas, as defined in subparagraph (B). If the amount of qualified applications from rural providers is insufficient to satisfy this requirement, the excess capacity reserved for rural providers may be made available to other qualified applications according to the policies and procedures of the department. The remaining 70 percent of funds shall be available to rural or urban areas and other priorities in accordance with this subdivision.

(B) For purposes of subdivision (a), rural communities are defined by any county with fewer than 400 residents per square mile.

(2) Age priorities based on the extent of need for child care and development supply-building efforts for children of different age groups.

(3) Income priorities based on the extent of need for child care and development supply-building efforts to benefit families transitioning to work or other lower income families.

(4) Program priorities based on the extent of facilities needs among specific kinds of providers, including those that contract to administer state and federally funded child care and development programs administered by the State Department of Education, providers who have lost classrooms due to class size reduction or other state or local initiatives, or providers that need to expand to meet the needs of a child care initiative for recipients of aid under Chapter 3 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code, or any successor program.

(f) The program priorities shall reflect input from representatives of diverse sectors of the child care and development field, financial institutions, local planning councils, the Child Development Programs Advisory Committee, and the State Department of Social Services for purposes of identifying communities with high percentages of recipients of aid under Chapter 3 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions

Code, or any successor program, who need child care to meet work requirements. The department shall assess and report annually, commencing within 12 months of implementation of this section to the Legislature, after consultation with the State Department of Education, on the performance, effectiveness, and fiscal standing of the Child Care and Development Facilities Loan Guaranty Fund and the Child Care and Development Facilities Direct Loan Fund. The report shall include information on the number of defaults, the types of facilities in default, and a review of the adequacy of the set-aside for rural areas specified in paragraph (1) of subdivision (e).

(g) The department shall adopt regulations and establish priorities, forms, policies and procedures for implementing and managing the Child Care and Development Facilities Loan Guaranty Fund and the Child Care and Development Facilities Direct Loan Fund and making the loan guarantees and direct loans authorized hereunder consistent with priorities provided by the State Department of Education. To the extent feasible, the department shall use applicant fees and points to cover its administrative costs. The department may utilize an amount of money from the Child Care and Development Facilities Loan Guaranty Fund and the Child Care and Development Facilities Direct Loan Fund, as appropriate, for reasonable administrative costs in any given fiscal year. Unless an appropriation for administrative costs is made in the annual Budget Act that exceeds the following limits, administrative expenditures shall not exceed 3 percent of the amount appropriated to each fund in the Budget Act of 1997.

(h) The department shall adopt regulations for serving family day care homes efficiently, including, but not limited to, making loans available from the Child Care and Development Facilities Direct Loan Fund to local microenterprise loan funds and other lenders who may relend the funds in appropriate amounts to eligible family day care home providers or by authorizing a specified amount of guarantees of small loans by local microenterprise loan funds and other lenders serving eligible family day care home providers.

(i) The department may adopt regulations for the purposes of this section as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. For the purposes of the Administrative Procedure Act, including Section 11349.6 of the Government Code, the adoption of the regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare, notwithstanding subdivision (e) of Section 11346.1 of the Government Code. Notwithstanding subdivision (e) of Section 11346.1, any regulation adopted pursuant to this section shall not remain in effect more than 180 days unless the department complies with all provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of

the Government Code, as required by subdivision (e) of Section 11346.1 of the Government Code.

SEC. 2.5. The Legislature recognizes all of the following:

(a) That there is a shortage of adequate child care and development facilities.

(b) That there is an immediate and growing need for these child care and development facilities to support the increasing number of parents and caretakers who must leave their children to seek or perform jobs because of welfare reform and other reasons, and to provide care and developmental assistance for their children.

(c) That the Child Care and Development Facilities Loan Guarantee Fund and the Child Care and Development Facilities Direct Loan Fund, added by Chapter 270 of the Statutes of 1997, can help meet this need. However, the programs supported by these funds may take a year or more to implement. The amendments proposed by Sections 1 and 2 of this act will reduce this implementation time substantially.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to promptly increase the supply of adequate child care and development facilities, it is necessary that this act go into effect immediately.

CHAPTER 824

An act to add and repeal Section 12923.5 of the Insurance Code, relating to long-term care insurance.

[Approved by Governor September 24, 1998. Filed with Secretary of State September 25, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 12923.5 is added to the Insurance Code, to read:

12923.5. The commissioner shall have the authority to contract for the services of actuarial professionals as the commissioner deems necessary. These contracts shall not be subject to otherwise applicable provisions of the Government Code or the Public Contract Code that regulate contracting for services.

This section shall become inoperative on July 1, 1999, and, as of January 1, 2000, is repealed, unless a later enacted statute, that

becomes operative on or before January 1, 2000, deletes or extends the dates on which it becomes inoperative and is repealed.

CHAPTER 825

An act to amend Section 1708.7 of the Civil Code, and to amend Sections 422, 646.9, and 653m of the Penal Code, relating to stalking.

[Approved by Governor September 24, 1998. Filed with Secretary of State September 25, 1998.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of this act to clarify that electronic communications are included in the actions that can constitute the crimes of harassment and stalking. It is not the intent of the Legislature, by adoption of this act, to restrict in any way the types of conduct or actions that can constitute harassment or stalking.

SEC. 2. Section 1708.7 of the Civil Code is amended to read:

1708.7. (a) A person is liable for the tort of stalking when the plaintiff proves all of the following elements of the tort:

(1) The defendant engaged in a pattern of conduct the intent of which was to follow, alarm, or harass the plaintiff. In order to establish this element, the plaintiff shall be required to support his or her allegations with independent corroborating evidence.

(2) As a result of that pattern of conduct, the plaintiff reasonably feared for his or her safety, or the safety of an immediate family member. For purposes of this paragraph, "immediate family" means a spouse, parent, child, any person related by consanguinity or affinity within the second degree, or any person who regularly resides, or, within the six months preceding any portion of the pattern of conduct, regularly resided, in the plaintiff's household.

(3) One of the following:

(A) The defendant, as a part of the pattern of conduct specified in paragraph (1), made a credible threat with the intent to place the plaintiff in reasonable fear for his or her safety, or the safety of an immediate family member and, on at least one occasion, the plaintiff clearly and definitively demanded that the defendant cease and abate his or her pattern of conduct and the defendant persisted in his or her pattern of conduct.

(B) The defendant violated a restraining order, including, but not limited to, any order issued pursuant to Section 527.6 of the Code of Civil Procedure, prohibiting any act described in subdivision (a).

(b) For the purposes of this section:

(1) "Pattern of conduct" means conduct composed of a series of acts over a period of time, however short, evidencing a continuity of

purpose. Constitutionally protected activity is not included within the meaning of "pattern of conduct."

(2) "Credible threat" means a verbal or written threat, including that communicated by means of an electronic communication device, or a threat implied by a pattern of conduct or a combination of verbal, written, or electronically communicated statements and conduct, made with the intent and apparent ability to carry out the threat so as to cause the person who is the target of the threat to reasonably fear for his or her safety or the safety of his or her immediate family.

(3) "Electronic communication device" includes, but is not limited to, telephones, cellular telephones, computers, video recorders, fax machines, or pagers. "Electronic communication" has the same meaning as the term defined in Subsection 12 of Section 2510 of Title 18 of the United States Code.

(4) "Harass" means a knowing and willful course of conduct directed at a specific person which seriously alarms, annoys, torments, or terrorizes the person, and which serves no legitimate purpose. The course of conduct must be such as would cause a reasonable person to suffer substantial emotional distress, and must actually cause substantial emotional distress to the person.

(c) A person who commits the tort of stalking upon another is liable to that person for damages, including, but not limited to, general damages, special damages, and punitive damages pursuant to Section 3294.

(d) In an action pursuant to this section, the court may grant equitable relief, including, but not limited to, an injunction.

(e) The rights and remedies provided in this section are cumulative and in addition to any other rights and remedies provided by law.

(f) This section shall not be construed to impair any constitutionally protected activity, including, but not limited to, speech, protest, and assembly.

SEC. 3. Section 422 of the Penal Code is amended to read:

422. Any person who willfully threatens to commit a crime which will result in death or great bodily injury to another person, with the specific intent that the statement, made verbally, in writing, or by means of an electronic communication device, is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for his or her own safety or for his or her immediate family's safety, shall be punished by imprisonment in the county jail not to exceed one year, or by imprisonment in the state prison.

For the purposes of this section, "immediate family" means any spouse, whether by marriage or not, parent, child, any person related by consanguinity or affinity within the second degree, or any other person who regularly resides in the household, or who, within the prior six months, regularly resided in the household.

"Electronic communication device" includes, but is not limited to, telephones, cellular telephones, computers, video recorders, fax machines, or pagers. "Electronic communication" has the same meaning as the term defined in Subsection 12 of Section 2510 of Title 18 of the United States Code.

SEC. 4. Section 646.9 of the Penal Code is amended to read:

646.9. (a) Any person who willfully, maliciously, and repeatedly follows or harasses another person and who makes a credible threat with the intent to place that person in reasonable fear for his or her safety, or the safety of his or her immediate family, is guilty of the crime of stalking, punishable by imprisonment in a county jail for not more than one year or by a fine of not more than one thousand dollars ($1,000), or by both that fine and imprisonment, or by imprisonment in the state prison.

(b) Any person who violates subdivision (a) when there is a temporary restraining order, injunction, or any other court order in effect prohibiting the behavior described in subdivision (a) against the same party, shall be punished by imprisonment in the state prison for two, three, or four years.

(c) Every person who, having been convicted of a felony under this section, commits a second or subsequent violation of this section shall be punished by imprisonment in the state prison for two, three, or four years.

(d) In addition to the penalties provided in this section, the sentencing court may order a person convicted of a felony under this section to register as a sex offender pursuant to subparagraph (E) of paragraph (2) of subdivision (a) of Section 290.

(e) For the purposes of this section, "harasses" means a knowing and willful course of conduct directed at a specific person that seriously alarms, annoys, torments, or terrorizes the person, and that serves no legitimate purpose. This course of conduct must be such as would cause a reasonable person to suffer substantial emotional distress, and must actually cause substantial emotional distress to the person.

(f) For purposes of this section, "course of conduct" means a pattern of conduct composed of a series of acts over a period of time, however short, evidencing a continuity of purpose. Constitutionally protected activity is not included within the meaning of "course of conduct."

(g) For the purposes of this section, "credible threat" means a verbal or written threat, including that performed through the use of an electronic communication device, or a threat implied by a pattern of conduct or a combination of verbal, written, or

electronically communicated statements and conduct made with the intent to place the person that is the target of the threat in reasonable fear for his or her safety or the safety of his or her family and made with the apparent ability to carry out the threat so as to cause the person who is the target of the threat to reasonably fear for his or her safety or the safety of his or her family. It is not necessary to prove that the defendant had the intent to actually carry out the threat. The present incarceration of a person making the threat shall not be a bar to prosecution under this section.

(h) For purposes of this section, the term "electronic communication device" includes, but is not limited to, telephones, cellular phones, computers, video recorders, fax machines, or pagers. "Electronic communication" has the same meaning as the term defined in Subsection 12 of Section 2510 of Title 18 of the United States Code.

(i) This section shall not apply to conduct that occurs during labor picketing.

(j) If probation is granted, or the execution or imposition of a sentence is suspended, for any person convicted under this section, it shall be a condition of probation that the person participate in counseling, as designated by the court. However, the court, upon a showing of good cause, may find that the counseling requirement shall not be imposed.

(k) The sentencing court also shall consider issuing an order restraining the defendant from any contact with the victim, that may be valid for up to 10 years, as determined by the court. It is the intent of the Legislature that the length of any restraining order be based upon the seriousness of the facts before the court, the probability of future violations, and the safety of the victim and his or her immediate family.

(*l*) For purposes of this section, "immediate family" means any spouse, parent, child, any person related by consanguinity or affinity within the second degree, or any other person who regularly resides in the household, or who, within the prior six months, regularly resided in the household.

(m) The court shall consider whether the defendant would benefit from treatment pursuant to Section 2684. If it is determined to be appropriate, the court shall recommend that the Department of Corrections make a certification as provided in Section 2684. Upon the certification, the defendant shall be evaluated and transferred to the appropriate hospital for treatment pursuant to Section 2684.

SEC. 5. Section 653m of the Penal Code is amended to read:

653m. (a) Every person who, with intent to annoy, telephones or makes contact by means of an electronic communication device with another and addresses to or about the other person any obscene language or addresses to the other person any threat to inflict injury to the person or property of the person addressed or any member of his or her family, is guilty of a misdemeanor. Nothing in this

subdivision shall apply to telephone calls or electronic contacts made in good faith.

(b) Every person who makes repeated telephone calls or makes repeated contact by means of an electronic communication device with intent to annoy another person at his or her residence, is, whether or not conversation ensues from making the telephone call or electronic contact, guilty of a misdemeanor. Nothing in this subdivision shall apply to telephone calls or electronic contacts made in good faith.

(c) Every person who makes repeated telephone calls or makes repeated contact by means of an electronic communication device with the intent to annoy another person at his or her place of work is guilty of a misdemeanor punishable by a fine of not more than one thousand dollars ($1,000), or by imprisonment in a county jail for not more than one year, or by both the fine and imprisonment. Nothing in this subdivision shall apply to telephone calls or electronic contacts made in good faith. This subdivision applies only if one or both of the following circumstances exist:

(1) There is a temporary restraining order, an injunction, or any other court order, or any combination of these court orders, in effect prohibiting the behavior described in this section.

(2) The person makes repeated telephone calls or makes repeated contact by means of an electronic communication device with the intent to annoy another person at his or her place of work, totaling more than 10 times in a 24-hour period, whether or not conversation ensues from making the telephone call or electronic contact, and the repeated telephone calls or electronic contacts are made to the workplace of an adult or fully emancipated minor who is a spouse, former spouse, cohabitant, former cohabitant, or person with whom the person has a child or has had a dating or engagement relationship or is having a dating or engagement relationship.

(d) Any offense committed by use of a telephone may be deemed to have been committed where the telephone call or calls were made or received. Any offense committed by use of an electronic communication device or medium, including the Internet, may be deemed to have been committed where the electronic communication or communications were originally sent or first viewed by the recipient.

(e) Subdivision (a), (b), or (c) is violated when the person acting with intent to annoy makes a telephone call requesting a return call and performs the acts prohibited under subdivision (a), (b), or (c) upon receiving the return call.

(f) If probation is granted, or the execution or imposition of sentence is suspended, for any person convicted under this section, the court may order as a condition of probation that the person participate in counseling.

(g) For purposes of this section the term "electronic communication device" includes, but is not limited to, telephones,

cellular phones, computers, video recorders, fax machines, or pagers. "Electronic communication" has the same meaning as the term defined in Subsection 12 of Section 2510 of Title 18 of the United States Code.

SEC. 6. This act shall become operative only if Assembly Bill 2351 is also enacted and becomes operative on or before January 1, 1999.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 826

An act to amend Sections 646.9 and 653m of, and to add Sections 13515.55 and 13980 to, the Penal Code, relating to computer crimes, and making an appropriation therefor.

[Approved by Governor September 24, 1998. Filed with Secretary of State September 25, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 646.9 of the Penal Code is amended to read:

646.9. (a) Any person who willfully, maliciously, and repeatedly follows or harasses another person and who makes a credible threat with the intent to place that person in reasonable fear for his or her safety, or the safety of his or her immediate family, is guilty of the crime of stalking, punishable by imprisonment in a county jail for not more than one year or by a fine of not more than one thousand dollars ($1,000), or by both that fine and imprisonment, or by imprisonment in the state prison.

(b) Any person who violates subdivision (a) when there is a temporary restraining order, injunction, or any other court order in effect prohibiting the behavior described in subdivision (a) against the same party, shall be punished by imprisonment in the state prison for two, three, or four years.

(c) Every person who, having been convicted of a felony under this section, commits a second or subsequent violation of this section

shall be punished by imprisonment in the state prison for two, three, or four years.

(d) In addition to the penalties provided in this section, the sentencing court may order a person convicted of a felony under this section to register as a sex offender pursuant to subparagraph (E) of paragraph (2) of subdivision (a) of Section 290.

(e) For the purposes of this section, "harasses" means a knowing and willful course of conduct directed at a specific person that seriously alarms, annoys, torments, or terrorizes the person, and that serves no legitimate purpose. This course of conduct must be such as would cause a reasonable person to suffer substantial emotional distress, and must actually cause substantial emotional distress to the person.

(f) For purposes of this section, "course of conduct" means a pattern of conduct composed of a series of acts over a period of time, however short, evidencing a continuity of purpose. Constitutionally protected activity is not included within the meaning of "course of conduct."

(g) For the purposes of this section, "credible threat" means a verbal or written threat, including that performed through the use of an electronic communication device, or a threat implied by a pattern of conduct or a combination of verbal, written, or electronically communicated statements and conduct made with the intent to place the person that is the target of the threat in reasonable fear for his or her safety or the safety of his or her family and made with the apparent ability to carry out the threat so as to cause the person who is the target of the threat to reasonably fear for his or her safety or the safety of his or her family. (2) If the affidavit of nonliability is returned to the issuing agency by the registered owner within 30 days of the mailing of the notice to appear together with the proof of a written rental agreement or lease between a bona fide renting or leasing company and its customer and that agreement identifies the renter or lessee and

Subsequent claims that are approved by the Secretary of State within the same 240-day period shall similarly not be paid until the expiration of the 240-day period. Upon expiration of the 240-day period, the Secretary of State shall pay all approved claims from that 240-day period in full unless the deposit is insufficient, in which case each approved claim shall be paid a pro rata share of the deposit.

(g) When the Secretary of State approves the first claim against a particular deposit after the expiration of a 240-day period, the date of approval of that claim shall begin a new 240-day period to which subdivision (f) shall apply with respect to any amount remaining in the deposit.

(h) After a deposit is exhausted, no further claims shall be paid by the Secretary of State. Claimants who have had their claims paid in full or in part pursuant to subdivision (f) or (g) shall not be required to return funds received from the deposit for the benefit of other claimants.

(i) When a deposit has been made in lieu of a bond, the amount of the deposit shall not be subject to attachment, garnishment, or execution with respect to an action or judgment against the auctioneer or auction company, other than as to that amount that is no longer needed or required for the purpose of this section that otherwise would be returned to the auctioneer or auction company by the Secretary of State.

(j) The Secretary of State shall retain a cash deposit for two years from the date the Secretary of State receives written notification from the assignor of the deposit that the assignor has ceased to engage in the business of an auctioneer or auction company or has filed a bond pursuant to subdivision (a), provided that there are no outstanding claims against the deposit. Written notification to the Secretary of State shall include all of the following: (1) name, address, and telephone number of the assignor; (2) name, address, and telephone number of the bank at which the deposit is located; (3) account number of the deposit; and (4) a statement whether the assignor is ceasing to engage in the business of an auctioneer or auction company or has filed a bond with the Secretary of State. The Secretary of State shall forward an acknowledgment of receipt of the written notice to the assignor at the address indicated in the notice, specifying the date of receipt of the written notice and anticipated date of release of the deposit, provided there are no outstanding claims against the deposit.

(k) A judge of a municipal or superior court may order the return of the deposit prior to the expiration of two years upon evidence satisfactory to the judge that there are no outstanding claims against the deposit or order the Secretary of State to retain the deposit for a specified period beyond the two years pursuant to subdivision (j) to resolve outstanding claims against the deposit.

(*l*) If an auctioneer or auction company fails to perform any of the duties specifically imposed upon him or her pursuant to this title, any person may maintain an action for enforcement of those duties or to recover a civil penalty in the amount of one thousand dollars ($1,000), or for both enforcement and recovery.

(m) In any action to enforce these duties or to recover civil penalties, or for both enforcement and recovery, the prevailing plaintiff shall be entitled to reasonable attorney's fees and costs, in addition to the civil penalties provided under subdivision (*l*).

(n) Notwithstanding the repeal of Chapter 3.7 (commencing with Section 5700) of Division 3 of the Business and Professions Code by the act adding this chapter, any cash security in lieu of the surety bond formerly required and authorized by former Chapter 3.7

(commencing with Section 5700) of Division 3 of the Business and Professions Code, shall be transferred to, and maintained by, the Secretary of State.

(o) The Secretary of State shall charge and collect a filing fee not to exceed the cost of filing the bond or deposit filed in lieu of a bond as set forth in Section 995.710 of the Code of Civil Procedure.

(p) The Secretary of State shall enforce the provisions of this chapter that govern the filing and maintenance of bonds and deposits in lieu of bonds.

SEC. 16. Section 995.710 of the Code of Civil Procedure is amended to read:

995.710. (a) Except to the extent the statute providing for a bond precludes a deposit in lieu of bond or limits the form of deposit, the principal may, until January 1, 1999, instead of giving a bond, deposit with the officer any of the following:

(1) Lawful money of the United States. The money shall be maintained by the officer in an interest-bearing trust account.

(2) Bearer bonds or bearer notes of the United States or the State of California.

(3) Certificates of deposit payable to the officer, not exceeding the federally insured amount, issued by banks or savings associations authorized to do business in this state and insured by the Federal Deposit Insurance Corporation.

(4) Savings accounts assigned to the officer, not exceeding the federally insured amount, together with evidence of the deposit in the savings accounts with banks authorized to do business in this state and insured by the Federal Deposit Insurance Corporation.

(5) Investment certificates or share accounts assigned to the officer, not exceeding the federally insured amount, issued by savings associations authorized to do business in this state and insured by the Federal Deposit Insurance Corporation.

(6) Certificates for funds or share accounts assigned to the officer, not exceeding the guaranteed amount, issued by a credit union, as defined in Section 14002 of the Financial Code, whose share deposits are guaranteed by the National Credit Union Administration or guaranteed by any other agency approved by the Department of Financial Institutions.

(b) The deposit shall be in an amount or have a face value, or in the case of bearer bonds or bearer notes have a market value, equal to or in excess of the amount that would be required to be secured by the bond if the bond were given by an admitted surety insurer. Notwithstanding any other provision of this chapter, in the case of a deposit of bearer bonds or bearer notes other than in an action or proceeding, the officer may, in the officer's discretion, require that the amount of the deposit be determined not by the market value of the bonds or notes but by a formula based on the principal amount of the bonds or notes.

(c) The deposit shall be accompanied by an agreement executed by the principal authorizing the officer to collect, sell, or otherwise apply the deposit to enforce the liability of the principal on the deposit. The agreement shall include the address at which the principal may be served with notices, papers, and other documents under this chapter.

(d) The officer may prescribe terms and conditions to implement this section.

(e) As specified in subdivision (a), this section may not be utilized after January 1, 1999. Any principal who made a deposit pursuant to this section prior to January 1, 1999, may continue to utilize that deposit in lieu of a bond pursuant to this section and the statute that prescribes a bond; however, the deposit shall not be renewable pursuant to this section.

SEC. 18. Section 318 of the Corporations Code is amended to read:

318. (a) The Secretary of State shall develop and maintain a registry of distinguished women and minorities who are available to serve on corporate boards of directors. As used in this section, "minority" means an ethnic person of color including American Indians, Asians (including, but not limited to, Chinese, Japanese, Koreans, Pacific Islanders, Samoans, and Southeast Asians), Blacks, Filipinos, and Hispanics.

(b) For each woman or minority who participates in the registry, the Secretary of State shall maintain information on his or her educational, professional, community service, and corporate governance background. That information may include, but is not limited to:

(1) Paid or volunteer employment.

(2) Service in elected public office or on public boards or commissions.

(3) Directorships, officerships, and trusteeships of business and nonprofit entities, including committee experience.

(4) Professional, academic, or community awards or honors.

(5) Publications.

(6) Government relations experience.

(7) Experience with corporate constituents.

(8) Any other areas of special expertise.

(c) In addition to the information subdivision (b) requires, each woman or minority who participates in the registry may disclose any number of personal attributes that may contribute to board diversity.

Those attributes may include, but are not limited to, gender, physical disability, race, or ethnic origin.

(d) In addition to the information subdivision (b) requires, each woman or minority who participates in the registry may indicate characteristics of corporations for which he or she would consider, or is especially interested in, serving as a director. These characteristics may include, but are not limited to, company size, industry, geographic location, board meeting frequency, director time commitments, director compensation, director insurance or indemnification, or social policy concerns.

(e) Any woman or minority may nominate himself or herself to the registry by filing with the Secretary of State the information required by subdivision (b) on a form the secretary prescribes. Any registrant may attach a copy of his or her resume and up to two letters of recommendation to his or her registration form. Each registrant's registration form, together with any attached resume or letters of recommendation, shall constitute his or her registry transcript.

(f) The Secretary of State shall make appropriate rules requiring registrants to renew or update their filings with the registry, as necessary to ensure continued accuracy of registry information.

(g) The Secretary of State shall assign each registrant a file number, then enter the information described in subdivisions (b), (c), and (d) into a data base, using the registrant's file number to identify him or her. The registry data base shall not disclose any registrant's name or street address, but may list the city, county, or ZIP Code of his or her business or residence address. The secretary shall make data base information available to those persons described in subdivisions (i) and (j). The secretary may provide that access either by permitting direct data base searches or by performing data base searches on written request.

(h) The Secretary of State may also make information contained in the registry data base available to any person or entity qualified to transact business in California that regularly engages in the business of providing data base access or search services; provided, that data base access will not be construed to entitle the user to access to any registrant's transcript.

(i) The Secretary of State shall make information contained in a reasonable number of registrants' transcripts available to any corporation or its representative. A "representative", for purposes of this subdivision, may be an attorney, an accountant, or a retained executive recruiter. A "retained executive recruiter", for purposes of this subdivision, is an individual or business entity engaged in the executive search business that is regularly retained to locate qualified candidates for appointment or election as corporate directors or executive officers.

(j) The Secretary of State may also grant access to a reasonable number of registrants' transcripts to any other person who

demonstrates to the secretary's satisfaction that the person does both of the following:

(1) Seeks access to the registry in connection with an actual search for a corporate director.

(2) Intends to use any information obtained from the registry only for the purpose of finding qualified candidates for an open position on a corporate board of directors.

(k) The Secretary of State may employ reasonable means to verify that any party seeking access to registry transcript information is one of those specified in subdivision (i) or (j). To that end, the secretary may require a representative to identify its principal, but may not disclose that principal's identity to any other person.

(*l*) Upon written request specifying the registrant's file number, the Secretary of State shall provide any party entitled to access to registry transcripts with a copy of any registrant's transcript. The secretary may by rule or regulation specify other reasonable means by which persons entitled thereto may order copies of registrants' transcripts.

(m) Notwithstanding any other provision of law, no person shall be entitled to access to information the registry contains, except as this section specifically provides.

(n) The Secretary of State shall charge fees for registering with the registry, obtaining access to the registry data base, and obtaining copies of registrants' transcripts. The Secretary of State, in consultation with the Senate Commission on Corporate Governance, Shareholder Rights, and Securities Transactions, shall fix those fees by regulation. Fees shall be fixed so that the aggregate amount of all fees collected shall be sufficient to cover the total cost of administering the registry program. Registration fees shall be fixed so as to encourage qualified women and minorities to participate. Fees shall be deposited into the Secretary of State's Business Fee Fund.

(o) The Secretary of State may make any rule, regulation, guideline, or agreement the secretary deems necessary to carry out the purposes and provisions of this section.

(p) The Secretary of State may cooperate with the California Commission on the Status of Women, the California Council to Promote Business Ownership by Women, the Senate Commission on Corporate Governance, Shareholder Rights, and Securities Transactions, women's organizations, minority organizations, business and professional organizations, and any other individual or entity the secretary deems appropriate, for any of the following purposes:

(1) Promoting corporate use of the registry.

(2) Locating qualified women and minorities and encouraging them to participate in the registry.

(3) Educating interested parties on the purpose and most effective use of the registry.

The secretary may also prepare and distribute publications designed to promote informed use of the registry.

(q) The Secretary of State may seek registrants' consent to be listed in a published directory of women and minorities eligible to serve as corporate directors, which will contain a summary of each listed registrant's qualifications. The secretary may periodically publish, or cause to be published, such a directory. Only those registrants who so consent in writing may be included in the directory. The printed directory shall be provided to any person upon payment of a fee, which the Secretary of State will determine by regulation, in consultation with the Senate Commission on Corporate Governance, Shareholder Rights, and Securities Transactions.

(r) The Secretary of State shall implement this section no later than January 1, 1995.

(s) At least once in each three-year period during which the registry is available for corporate use, the Secretary of State, in consultation with the Senate Commission on Corporate Governance, Shareholder Rights, and Securities Transactions, shall report to the Legislature on the extent to which the registry has helped women and minorities progress toward achieving parity in corporate board appointments or elections.

(t) The Secretary of State shall notify each University of California campus and each California State University campus of the opportunity to maintain the registry created pursuant to this section. If more than one campus of the university or state university expresses interest in maintaining the registry, the Secretary of State shall select a campus based on a competitive selection process. If a campus is selected, the Secretary of State shall transfer the information contained in the registry, free of cost, to that campus. Any University of California or California State University campus selected to maintain the registry shall do so in a manner consistent with this section. Funds deposited in the Secretary of State's Business Fees Fund pursuant to this section shall be transferred to the university selected to maintain the registry, and shall be used to administer the registry program. The Secretary of State shall maintain the registry until a University of California or California State University campus agrees to do so.

65584.3. (a) A city that is incorporated to promote commerce and industry, that is located in the County of Los Angeles, and that has no residentially zoned land within its boundaries on January 1, 1992, may elect to adopt a housing element that makes no provision for new housing or the share of regional housing needs as determined pursuant to Section 65584 for the current and subsequent revisions of the housing element pursuant to Section 65588, for the period of time that 20 percent of all tax increment revenue accruing from all redevelopment projects, and required to be set aside for low- and moderate-income housing pursuant to Section 33334.2 of the Health and Safety Code, is annually transferred to the Housing Authority of the County of Los Angeles.

(b) (1) The amount of tax increment to be transferred each year pursuant to subdivision (a) shall be determined at the end of each fiscal year, commencing with the 1992–93 fiscal year. This amount shall be transferred within 30 days of the agency receiving each installment of its allocation of tax increment moneys, commencing in 1993.

(2) On or before December 31, 1992, the agency shall make an additional payment to the Housing Authority of the County of Los Angeles that eliminates any indebtedness to the low- and moderate-income housing fund pursuant to Section 33334.3. This amount shall be reduced by any amount actually expended by the redevelopment agency for principal or interest payments on agency bonds issued prior to the effective date of the act that adds this section, when that portion of the agency's tax increment revenue representing the low- and moderate-income housing set-aside funds was lawfully pledged as security for the bonds, and only to the extent that other tax increment revenue in excess of the 20-percent low- and moderate-income set-aside funds is insufficient in that fiscal year to meet in full the principal and interest payments.

Director of Housing and Community Development deems an audit appropriate.

The use of these funds for low- and moderate-income families in the region of the Southern California Association of Governments within which the city is located shall be deemed to be of benefit to the city's redevelopment project areas.

(e) (1) The amount transferred pursuant to subdivisions (a) and (b) to the Housing Authority of the County of Los Angeles shall be expended to provide housing and assistance, including, but not limited to, that specified in subdivision (e) of Section 33334.2 of the Health and Safety Code for low- and moderate-income families and individuals, in the region of the Southern California Association of Governments within which the city is located.

(g) This section shall not become operative unless and until a parcel of land, to be dedicated for the construction of a high school, is transferred pursuant to a written agreement between the City of Industry and the Pomona Unified School District, and a copy of this agreement is filed with the County Clerk of the County of Los Angeles.

Prior to making a determination, the Governor shall consider the following factors:

(1) The geographic separation of the two courts.

(2) The fiscal impact of the conversion.

(3) The existence of a coordination plan approved pursuant to Section 68112 that permits blanket cross-assignment of superior court judges and municipal court judges to assist in the timely processing of cases before all of the courts in the county.

Sec. 10. (a) For the purposes of this section, the following definitions apply to the terms used: the term "city" means and includes any municipal corporation or municipality of the State of California, whether organized under a freeholder's charter or under the provisions of general law of the type and class of cities and incorporated towns; and the term "water district" means and includes any municipal water district, municipal utility district, public utility district, county water district, irrigation district, or any other public corporation or agency of the State of California of similar character.

(b) Territory may be annexed to any county water authority organized under this act by one of the following methods:

(1) By annexation to, or consolidation with, the area of any city, the area of which, as a separate unit, has become a part of any county water authority organized under this act, the annexation or consolidation to occur upon compliance with the provisions of law governing the annexation to, or consolidation with, the area of the city. Upon completion of the annexation to, or consolidation with, the city in compliance with the provisions of law applicable thereto, the territory shall become, and be, a part of the county water authority, and the taxable property therein shall be subject to taxation thereafter for the purposes of the county water authority, including the payment of bonds and other obligations of the authority at the time authorized or outstanding.

(2) By annexation to, or consolidation with, any city which, as a separate unit, has become a part of any water district whose area, as a separate unit, has become a part of any county water authority

organized under this act, in instances where, under the applicable provisions of law governing the change of boundaries of the water district, the annexation or consolidation automatically will result in the enlargement of the area of the water district, the annexation or consolidation to occur upon compliance with the provisions of law governing the annexation to, or consolidation with, the area of the city. Upon completion of the annexation to, or consolidation with, the city in compliance with the provisions of law applicable thereto, the territory shall become, and be, a part of the water district and of the county water authority, and the taxable property therein shall be subject to taxation thereafter for the purposes of the water district and of the county water authority, including payment of bonds and other obligations of the water district and of the county water authority at the time authorized or outstanding. If any territory has been so annexed to, or consolidated with, any city prior to the effective date of this paragraph, under conditions which would have resulted in the enlargement of the area of the county water authority had this paragraph then been in effect, upon compliance with the following provisions of this paragraph, the territory shall be annexed to, and shall become and be part of, the county water authority and shall be a part of the water district for all purposes, the last-mentioned provisions being as follows:

(A) The governing body of the city, at any time after the effective date of this paragraph, may adopt an ordinance which, after reciting that the territory has been annexed to, or consolidated with, the city by proceedings previously taken under statutory authority, and after referring to the applicable statutes and to the date and place of filing of the certificate or certificates evidencing the annexation or consolidation, shall describe the territory and shall determine and declare that the territory shall be, and thereby is, annexed to the county water authority, and the ordinance shall further determine and declare that the territory shall become and be, and thereby is, a part of the county water authority, and shall be, and thereby is, a part of the water district for all purposes.

(B) The governing body, or clerk thereof, of the city shall file a certified copy of the ordinance with the county clerk. Upon the filing of the certified copy of the ordinance in the office of the county clerk, the territory shall become, and be, a part of the county water authority and shall be a part of the water district for all purposes, and the taxable property therein shall be subject to taxation thereafter for the purposes of the county water authority and of the water district, including the payment of bonds and other obligations of the county water authority at the time authorized or outstanding.

(C) Upon the filing of the certified copy of the ordinance, the county clerk of the county in which the county water authority is situated shall, within 10 days, issue a certificate, describing the territory, reciting the filing of the certified copy of the ordinance and the annexation of the territory to the county water authority, and

declaring that the territory is a part of the county water authority and of the water district. The county clerk of the county in which the county water authority is situated shall transmit the original of the certificate to the secretary of the county water authority and a duplicate of the original certificate to the clerk of the governing body of the water district.

(3) Upon terms and conditions fixed by the board of directors of the county water authority and in the manner provided in subdivision (c), by direct annexation, as a separate unit, of the corporate area of any water district or city.

(4) Upon terms and conditions fixed by the board of directors of the county water authority and in the manner provided in subdivision (d), by annexation to, or consolidation with, any water district, the area of which, in whole or in part, is included within the county water authority as a separate unit; provided that, unless the territory is so annexed to the county water authority with the consent of the board of directors, the annexation of territory to, or the consolidation of the territory with, the water district does not authorize or entitle the water district or the territory to demand or receive any water from the county water authority for use in the territory; and provided further, that, except where automatic annexation results under the conditions specified in paragraph (2), nothing in this act prevents the annexation of territory to, or the consolidation of territory with, any water district for its local purposes only and without annexing their territory to the county water authority, and the local annexation or consolidation may occur without requesting or obtaining the consent thereto of the board of directors of the county water authority.

(c) The governing body of any water district or city may apply to the board of directors of the county water authority for consent to annex the corporate area of the water district or city to the county water authority. The board of directors may grant or deny the application and, in granting the application, may fix the terms and conditions upon which the corporate area of the water district or city may be annexed to, and become a part of, the county water authority. These terms and conditions may provide, among other things, for the levy by the county water authority of special taxes upon taxable property within the water district or city, in addition to the taxes authorized to be levied by the county water authority by other provisions of this act. In case these terms and conditions provide for the levy of these special taxes, the board of directors, in fixing these terms and conditions, shall specify the aggregate amount to be so raised and the number of years prescribed for raising the aggregate sum, and that substantially equal annual levies will be made for the purpose of raising the sum over the period so prescribed. The action of the board of directors, evidenced by resolution, shall be promptly transmitted to the governing body of the applying water district or city and, if the action grants consent to the annexation, the governing

body may thereupon submit, to the qualified electors of the water district or city at any general or special election held therein, the proposition of the annexation subject to the terms and conditions. Notice of the election shall be mailed to each voter qualified to vote at the election and shall be given by posting or publication. When notice is given by posting, the notices shall be posted at least 10 days and in three public places in the water district or city. When notice is given by publication, the notice shall be published in the water district or city pursuant to Section 6061 of the Government Code, at least 10 days before the date fixed for the election. The notice shall contain the substance of the terms and conditions fixed by the board of directors. The election shall be conducted and the returns thereof canvassed in the manner provided by law for elections in the water district or city. If the proposition receives the affirmative vote of a majority of electors of the water district or city voting thereon at the election, the governing body of the water district or city shall certify the result of the election on the proposition to the board of directors of the county water authority, together with a legal description of the boundaries of the corporate area of the water district or city, accompanied by a map or plat indicating those boundaries. A certificate of proceedings shall be made by the secretary of the county water authority and filed with the county clerk of the county in which the county water authority is situated. Upon the filing thereof in the office of the county clerk of the county in which the county water authority is situated, the corporate area of the water district or city shall become, and be, an integral part of the county water authority, and the taxable property therein shall be subject to taxation thereafter for the purposes of the county water authority, including the payment of bonds and other obligations of the county water authority at the time authorized or outstanding, and the board of directors of the county water authority may do all things necessary to enforce and make effective the terms and conditions of annexation fixed as authorized. Upon the filing of the certificate of proceedings, the county clerk of the county in which the county water authority is situated shall, within 10 days, issue a certificate, reciting the filing of the papers and the annexation of the corporate area of the water district or city to the county water authority. The county clerk of the county in which the county water authority is situated shall transmit the original of the certificate to the secretary of the county water authority.

(1) If a water district applies to a county water authority for consent to annex its corporate area, as a separate unit, the water district shall include as a part of its corporate area the corporate areas of any cities (whether one or more) which are already included within the county water authority as separate units, or the water district shall include as a part of its corporate area the corporate areas, or portion thereof, already included within the county water authority, of any water districts (whether one or more) whose

corporate areas, in whole or in part, are already included within the county water authority as separate units. That fact shall be taken into consideration by the board of directors of the county water authority in fixing the terms and conditions upon which the applying water district may be annexed to the county water authority, to the end that the areas within the unit member cities or water districts which are already a part of the county water authority, shall not be required to assume any greater financial burden or obligation to the county water authority than they would have had if they had remained a part of the county water authority as separate units.

Concurrently with any election called by an applying water district to submit to the qualified electors of the water district the question of whether the terms and conditions fixed by the board of directors of the county water authority for annexation shall be approved, the governing bodies of the unit member cities or water districts may call and hold elections within their respective corporate limits or portions thereof already included within the county water authority, to determine whether or not the cities or water districts shall withdraw from the county water authority as separate units, and the proposed withdrawal may be made and submitted conditioned upon and effective when the applying water district has finally been annexed to the county water authority.

The effect of the concurrent elections, if a majority of the electors of the applying water district voting thereat vote in favor of annexation, and a majority of the electors of the unit member cities or water districts voting thereat vote in favor of withdrawing, shall be that the annexing water district thereafter shall be authorized to exercise the privileges and to discharge the duties prescribed in this act for public agencies whose areas, as separate units, are included within the county water authority, in place of and instead of the cities or water districts so withdrawing. Notwithstanding Section 11 of this act, the areas within the withdrawing cities or water districts shall remain a part of the county water authority and shall not be excluded therefrom, notwithstanding the fact that the cities or water districts, as corporate entities, have withdrawn from the authority.

If the water district does annex to the county water authority, the directors representing the withdrawing cities or water districts on the board of directors of the county water authority shall continue to act until their successors have been chosen and designated by the appropriate officers of the annexing water district and have qualified as members of the board of directors of the county water authority, after which time the directors representing the withdrawing cities or water districts shall no longer sit or vote on the board.

(2) If a water district applies to a county water authority for consent to annex its corporate area as a separate unit, the water district shall include as a part of its corporate area lands which are in public ownership exempt from taxation by a county water authority, and not within or adjacent to the area within the water district served

with water by the district, and which are not to be supplied by the water district with water obtained from, and by reason of, its annexation to the county water authority. That fact may be taken into consideration by the board of directors of the county water authority in fixing the terms and conditions upon which the water district may be annexed to the county water authority and in determining the boundaries of the area to be annexed, and the county water authority may, in the discretion of its board of directors, annex all of the corporate area of the water district as a separate unit excepting that portion consisting of the publicly owned and tax-exempt lands.

(d) The governing body of any water district, the area of which, in whole or in part, is included within a county water authority as a separate unit, may apply to the board of directors of the county water authority for consent to annex to the county water authority territory which the water district seeks to annex to, or consolidate with, the water district, or territory which, without making the territory a part of the county water authority, already has been annexed to, or consolidated with, the water district. The board of directors may grant or deny the application and, in granting the application, may fix the terms and conditions upon which the territory may be annexed to, and become a part of, the county water authority. The terms and conditions may provide, among other things, for the levy by the county water authority of special taxes upon taxable property within the territory in addition to the taxes authorized to be levied by the county water authority by other provisions of this act. In case the terms and conditions provide for the levy of those special taxes, the board of directors, in fixing those terms and conditions, shall specify the aggregate amount to be so raised and the number of years prescribed for raising that aggregate sum and that substantially equal annual levies will be made for the purpose of raising that sum over the period so prescribed. The action of the board of directors evidenced by resolution shall be promptly transmitted to the governing body of the applying water district and to the executive officer of the local agency formation commission of the county in which the county water authority is situated, who may defer the issuance of a certificate of filing until receipt of that resolution, and if the action grants consent to the annexation, the territory may be annexed to the county water authority as provided in paragraph (1) or (2).

(1) If the territory has not been previously annexed to, or consolidated with, the water district, upon completion of the annexation to, or consolidation with, the water district in compliance with the provisions of law applicable thereto, including this section, the territory shall become and be a part of the county water authority and the taxable property therein shall be subject to taxation thereafter for the purposes of the county water authority, including the payment of bonds and other obligations of the county water authority at the time authorized or outstanding, and the board of

directors of the county water authority may do all things necessary to enforce and make effective the terms and conditions of annexation fixed; provided that, if the applicable provisions of law governing the annexation to, or consolidation with, the water district require any notice of any election called for the purpose of determining whether the proposed annexation or consolidation shall occur, or shall require any notice of hearing or other notice to be given to the residents or electors of, or owners of property in, the territory, the notice shall contain the substance of the terms and conditions of annexation to the county water authority fixed by the board of directors of the county water authority; and provided further, that the local agency formation commission shall require that the annexation to the water district be subject to the terms and conditions fixed by the board of directors of the county water authority in addition to any other terms and conditions that may be required by the commission; and provided further, that the executive officer of the local agency formation commission having the duty of preparing, executing, and filing a certificate of completion resulting in the annexation to, or consolidation with, the water district, pursuant to the provisions of law applicable thereto, shall include in the certificate of completion the terms and conditions fixed by the board of directors of the county water authority in accordance with the provisions of this act, and shall file a duplicate of the certificate with the board of directors of the county water authority.

(2) If the territory sought to be annexed to a county water authority has been previously annexed to, or consolidated with, the water district, the governing body of the water district, upon being advised of the action of the board of directors of the county water authority, and if the action grants consent to the annexation, may submit to the qualified electors of the territory, if the territory has 12 or more registered voters, at any general or special election held therein, the proposition of the annexation to the county water authority subject to the terms and conditions fixed by the board of directors of the county water authority. Notice of the election shall be given by publication. When the notice is given by posting, the notice shall be posted at least 10 days and in three public places in the territory. When the notice is given by publication, the notice shall be published in the water district pursuant to Section 6061 of the Government Code at least 10 days before the date fixed for the election. The notice shall contain the substance of the terms and conditions fixed by the board of directors. The election shall be conducted and the returns thereof canvassed by the governing body of the water district in the manner provided by law for elections in the water district. If the proposition receives the affirmative vote of a majority of electors of the territory voting thereon at the election, the governing body of the water district shall certify the result of the election on the proposition to the board of directors of the county water authority. If the territory has less than 12 registered voters, no

election shall be required, and, following written notice to each owner of property shown on the last equalized assessment roll and the holding of a hearing not less than 10 days after that notice, the annexation may be approved upon the written consent of the owners of more than 50 percent of the assessed valuation of the territory. A certificate of proceedings shall be made by the secretary of the county water authority and filed with the county clerk of the county in which the county water authority is situated. Upon the filing thereof in the office of the county clerk of the county in which the county water authority is situated, the territory shall become, and be, a part of the county water authority, and the taxable property therein shall be subject to taxation thereafter for the purposes of the county water authority, including the payment of bonds and other obligations of the county water authority at the time authorized or outstanding, and the board of directors of the county water authority may do all things necessary to enforce and make effective the terms and conditions of annexation of the territory to the county water authority fixed by its board of directors. Upon the filing of the certificate of proceedings, the county clerk of the county in which the county water authority is situated shall, within 10 days, issue a certificate reciting the filing of the papers and the annexation of the territory to the county water authority. The county clerk of the county in which the county water authority is situated shall transmit the original of the certificate to the secretary of the county water authority.

(e) Should the corporate area, or all portions thereof already included within a county water authority, of any water district or city, the corporate area of which, in whole or in part, already is included within the county water authority as a separate unit, annex to a water district or city the corporate area of which, in whole or in part, already is a part of the county water authority as a separate unit, upon the completion of the annexation pursuant to the law pertaining thereto, the water district or city, the corporate area (or portions thereof) of which is so annexed, shall automatically cease to be a separate unit member of the county water authority, but the corporate area (or portions thereof) shall remain a part of the county water authority as a part of the unit member water district or city to which it was annexed. The executive officer of the local agency formation commission having the duty of preparing, executing, and filing the certificate of completion shall file, in addition to any other filings that may be required by law, a duplicate of the certificate with the board of directors of the county water authority.

Should any water district or city, the corporate area of which, in whole or in part, already is included within a county water authority as a separate unit, consolidate with a water district or city the corporate area of which, in whole or in part, already is a part of the county water authority as a separate unit, under the provisions of any law by the terms of which, after consolidation, a new district or city

will result and the former water districts or cities participating in the consolidation shall no longer exist, the resulting new water district or city shall be substituted for the water districts or cities whose corporate existence has been terminated by the consolidation as a unit member of the county water authority, and the corporate areas (or portions thereof) of the former water district or cities shall remain a part of the county water authority as a part of the consolidation. The executive officer of the local agency formation commission having the duty of preparing, executing, and filing a certificate of completion shall file, in addition to any other filings that may be required by law, a duplicate of the certificate with the board of directors of the county water authority.

(f) The validity of any proceedings for the annexation to any county water authority organized under this act, of the corporate area of a water district or city as a separate unit, or of territory annexed to, or consolidated with, a water district or city which, as a unit, has been included within a county water authority, shall not be contested in any action unless the action has been brought within three months after the completion of the annexation or, in case the annexation is completed prior to the time that this subdivision takes effect, then within three months after this subdivision became effective.

(g) Whenever territory is annexed to or consolidated with any water district, the corporate area of which, as a unit, has become a part of any county water authority organized under this act, regardless of whether the territory is annexed to and becomes a part of the county water authority, or whenever territory is annexed to any city under the conditions specified in paragraph (1) or (2) of subdivision (b), or whenever territory previously annexed to any city is annexed to the county water authority under the conditions specified in paragraph (2) of subdivision (b), the governing or legislative body, or clerk thereof, of the water district or city, shall file with the board of directors of the county water authority a statement of the change of boundaries of the water district or city, setting forth the legal description of the boundaries of the water district or city, as so changed, and of the part thereof within the county water authority, which statement shall be accompanied by a map or plat indicating those boundaries.

(h) The inclusion in a county water authority of the corporate area, in whole or in part, of any municipal water district, municipal utility district, public utility district, county water district, irrigation district, or other public corporation or agency of the state of similar character, referred to in Section 2, shall not destroy the identity or legal existence or impair the powers of any municipal water district, municipal utility district, public utility district, county water district, irrigation district, or other public corporation or agency of the state of similar character, notwithstanding the identity of purpose or substantial identity of purpose of the county water authority.

(i) In determining the number of members of the board of directors of a county water authority organized under this act, and the number of votes to be cast by the directors, from the component public agencies, the corporate areas of which, in whole or in part, are included as units within the county water authority, there shall be considered only the assessed valuation of the property taxable for county water authority purposes lying in the public agencies and in the county water authority. The directors shall be appointed by the chief executive officers, with the consent and approval of the governing bodies, of the component public agencies, respectively, without regard to whether the chief executive officers or members of the governing bodies have been chosen from, or represent, areas of their respective public agencies which lie outside of the county water authority. The phrase "any water district, the corporate area of which is included within the county water authority" and the phrase "each city, the area of which shall be a part of any county water authority incorporated under this act," and like phrases, used elsewhere in this act, shall be deemed to mean and refer to any water district or city, the corporate area of which, either in whole or in part, is included within the county water authority, but the duties and obligations of the county water authority shall extend only to that part of the corporate area of the water district or city that lies within the county water authority. As to the water district, city, or public agency, the corporate area of which lies partly within and partly without the county water authority, the word "therein" and the phrase "within the city" and like words and phrases, used elsewhere in this act, shall be deemed to mean and refer to that part of the corporate area of the water district, city, or public agency which lies within the county water authority. The charges for water supplied by the county water authority to any component public agency, pursuant to its request, shall be and become an obligation of the public agency, regardless of whether the entire corporate area of the public agency is included within the county water authority, and the county water authority, in administrative and contractual matters, shall deal with the chief executive officers and governing bodies and other proper officials of the component public agencies as chosen or constituted under applicable laws governing the respective public agencies.

SEC. 67. Section 10.2 of the County Water Authority Act (Chapter 545 of the Statutes of 1943), as added by Section 3 of Chapter 1457 of the Statutes of 1976, is amended to read:

Sec. 10.2. (a) Notwithstanding any other provisions of this act, territory within a federal military reservation may be annexed to any county water authority organized hereunder as a single member of an authority in the manner provided in this section. As used in this section, "federal military reservation" or "military reservation" means a single federal military reservation or separate but

contiguous federal military reservations which are jointly annexed to a county water authority as a single member agency of an authority.

(b) Proceedings for the annexation of a military reservation shall be initiated by the adoption by the board of directors of an authority of a resolution proposing annexation of a military reservation to an authority as a member of an authority.

(c) The resolution proposing the annexation may provide that the annexation shall include one or more separate areas, which may be separately identified for assessing and tax collecting purposes, and that each such area may be subject to one or more of the following terms and conditions:

(1) The fixing and establishment of priorities for the use of, or right to use, water, or capacity rights in any public improvement or facilities, and the determination of, or limitation on, the quantity of, the purposes for which, and the places where, water may be delivered by the authority to the military reservation for military purposes and uses incidental thereto, as well as for nonmilitary purposes.

(2) The levying by the authority of special taxes upon any private leasehold, possessory interest or other taxable property within the territory annexed, and the imposition and collection of special fees or charges prior to the annexation.

(3) Should portions of any area annexed hereunder be subsequently made available for nonmilitary purposes not in existence at the time of the annexation of the area, the board of directors of the authority may impose new terms and conditions for any subsequent service of water, directly or indirectly, by the authority to that area, including the separation of such an area for assessing and tax collecting purposes and the levying by the authority of special taxes on those portions.

(4) The effective date of the annexation.

(5) Any other matters necessary or incidental to any of the foregoing.

(d) A certified copy of the resolution proposing annexation shall be sent to the official in authority over the military reservation. If the military reservation consents in writing to the annexation and to the terms and conditions established by the board of directors, the board may, by resolution, order the annexation to the authority of the territory situated within the military reservation, subject to said terms and conditions.

(e) A certificate of proceedings taken hereunder shall be made by the secretary of the authority and filed with the county clerk of the county in which the county water authority is situated. Upon the filing in his or her office of the certificate of proceedings, the county clerk of the county in which the county water authority is situated shall, within 10 days, issue a certificate reciting the filing of such papers in his or her office and the annexation of the territory to the authority. The county clerk of the county in which the county water

authority is situated shall transmit the original of said certificate to the secretary of the authority.

(f) Upon the filing of the certificate of proceedings with the county clerk of the county in which the county water authority is situated, or upon the effective date of the annexation provided for in the terms and conditions, whichever is later, the territory within the military reservation shall become and be an integral part of the authority, and the taxable property therein shall be subject to taxation thereafter for the purposes of said authority, including the payment of bonds and other obligations of the authority at the time authorized or outstanding, and the board of directors of the authority shall be empowered to do all things necessary to enforce and make effective the terms and conditions of annexation fixed as hereinabove authorized.

(g) On and after the effective date of the annexation, the military reservation shall be a separate unit member of the authority and shall be entitled to one representative on the board of directors of the authority. The representative shall be designated and appointed by the official in authority over the military reservation, shall hold office for a term of six years or until his or her successor is appointed and qualified, and may be recalled by that official. As a member of the board of directors, the representative of the military reservation shall be entitled to cast one vote on all questions, orders, resolutions and ordinances coming before the board notwithstanding the assessed valuation of property taxable for authority purposes within the military reservation.

(h) The transfer of ownership of the fee title of a military reservation, or of any portion thereof, to nonmilitary ownership after annexation to the authority pursuant to this section shall result in the automatic exclusion from the authority of the territory transferred to such ownership.

(i) If a county water authority is a member public agency of a metropolitan water district organized under the Metropolitan Water District Act (Chapter 200 of the Statutes of 1969), such metropolitan water district may impose any or all of the terms and conditions that may be imposed by a county water authority pursuant to subdivisions (a) through (h) of this section in any resolution fixing the terms and conditions for the concurrent annexation of territory in a military reservation.

SEC. 68. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 830

An act to amend Sections 7583.9, 7583.10, and 7583.11 of, and to add Section 7583.43 to, the Business and Professions Code, relating to private patrol operators.

[Approved by Governor September 24, 1998. Filed with Secretary of State September 25, 1998.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) There have been several documented cases of security guards who have committed serious crimes while working with a temporary registration issued by employers pending a criminal history investigation. Many of these guards had failed to disclose criminal histories that would preclude registration by the Bureau of Security and Investigative Services within the Department of Consumer Affairs.

(b) More than 2,500 security guards a year, who were issued temporary registrations, have had their registrations revoked because of a criminal history that was unreported in the initial application.

(c) The current system which permits employers and trainers of security guards to issue temporary registration to security guards without a prior criminal background check jeopardizes the health, welfare and safety of the public, clients who contract for security guard services, and coworkers.

(d) Under existing practices, clients who use security guards may not be informed as to the existence of the criminal history status of security guards possessing temporary registrations.

(e) Existing technology and administrative processes may not permit timely criminal history investigations for applicants when private patrol operators and clients have an urgent need for security.

(f) This act is intended to ensure that clients who contract for security guards are aware that security guards working with a temporary registration have not been screened for criminal histories.

(g) This act is an interim step toward the eventual elimination of temporary registrations at that time when technological advances make timely criminal background investigations possible before applicants actually commence employment.

SEC. 2. Section 7583.9 of the Business and Professions Code is amended to read:

7583.9. (a) Upon accepting employment by a private patrol operator, any employee who performs the function of a security guard or security patrolperson who is not currently registered with the bureau, shall complete an application for registration on a form as prescribed by the director, and obtain two classifiable fingerprint cards. The applicant shall submit the application and fingerprints along with the appropriate registration fee to the bureau within three business days.

(b) If a private patrol operator pays the application fee on behalf of the applicant, nothing in this section shall preclude the private patrol operator from withholding the amount of the fee from the applicant's compensation.

(c) The licensee shall maintain supplies of applications and fingerprint cards which shall be provided by the bureau upon request.

(d) In lieu of classifiable fingerprint cards provided for in this section, the bureau may authorize applicants to submit their fingerprints into an electronic fingerprinting system administered by the Department of Justice. Applicants who submit their fingerprints by electronic means shall have their fingerprints entered into the system through a terminal operated by a law enforcement agency or other facility authorized by the Department of Justice to conduct electronic fingerprinting. The enforcement agency responsible for operating the terminal may charge a fee sufficient to reimburse it for the costs incurred in providing this service.

(e) Upon receipt of an applicant's electronic fingerprints as provided in this section, the Department of Justice shall determine whether the applicant has been convicted of any crime and forward the information to the bureau.

SEC. 3. Section 7583.10 of the Business and Professions Code is amended to read:

7583.10. The application shall be verified and shall include all of the following:

(a) The full name, residence address, telephone number, and date of birth of the employee.

(b) The name, address, telephone number, and license number of the employer and the date the employment commenced.

(c) The signature of the employee and the employer's certification that the employee has received a course in the exercise of the power to arrest.

(d) A statement as to whether the employee has been convicted of a misdemeanor, excluding minor traffic violations.

(e) A statement as to whether the employee has been convicted of a felony.

(f) The application fee provided for in this chapter or the regulations adopted pursuant thereto, except as provided in Section 7583.9.

SEC. 4. Section 7583.11 of the Business and Professions Code is amended to read:

7583.11. (a) Except as provided in subdivision (b), an employee of a licensee may be assigned to work with a temporary registration card which indicates completion of the course in the exercise of the power to arrest until the bureau issues a registration card or denies the application for registration. A temporary registration card shall in no event be valid for more than 120 days. However, the director may extend the expiration date beyond the 120 days at any time when there is an abnormal delay in processing applications for prospective security guards. For purposes of this section, the 120-day period shall commence on the date the applicant signs the application.

(b) An employee who has been convicted of a crime prior to applying for a position as a security guard shall not be issued a temporary registration card and shall not be assigned to work as a security guard until the bureau issues a permanent registration card. This subdivision shall apply only if the applicant for registration as a security guard has disclosed the conviction to the bureau on his or her application form, or if the fact of the conviction has come to the attention of the bureau through official court or other governmental documents. In no event shall the director, the department, the bureau, the chief, or the State of California be liable for any civil damages in the event of the issuance of a temporary registration where the applicant has falsified his or her application to conceal a prior criminal conviction.

(c) A temporary registration card issued pursuant to this section shall include the name, address, and license number of the private patrol operator employer or training facility that issued the temporary registration card.

(d) An employee shall, on the first day of employment, display to the client his or her registration card or temporary registration card, when it is feasible and practical to comply with this disclosure requirement. The employee shall thereafter display to the client his or her registration card or temporary registration card upon the request of the client.

SEC. 5. Section 7583.43 is added to the Business and Professions Code, to read:

7583.43. (a) A private patrol operator shall notify his or her client in writing that security guards possessing temporary registration cards have not completed a full criminal history investigation through the Department of Justice. The temporary registration card shall have printed on its face in bold letters a disclosure statement, in a form determined by the director, that the holder has not completed a full criminal history investigation and that his or her criminal history is unknown.

(b) This section does not apply to a security guard possessing a valid permanent security guard registration issued under this chapter.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 831

An act to amend Sections 1522, 1568.02, 1568.09, 1569.17, and 1569.725 of, and to add Section 1507.1 to, the Health and Safety Code, relating to community care.

[Approved by Governor September 24, 1998. Filed with Secretary of State September 25, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 1507.1 is added to the Health and Safety Code, to read:

1507.1. (a) An adult community care facility may permit incidental medical services to be provided through a home health agency licensed pursuant to Chapter 8 (commencing with Section 1725) when all of the following conditions are met:

(1) The facility, in the judgment of the department, has the ability to provide the supporting care and supervision appropriate to meet the needs of the client receiving care from a home health agency.

(2) The home health agency has been advised of the regulations pertaining to adult community care facilities and the requirements related to incidental medical services being provided in the facility.

(3) There is evidence of an agreed-upon protocol between the home health agency and the adult community care facility. The protocol shall address areas of responsibility of the home health agency and the adult community care facility and the need for communication and the sharing of client information related to the home health care plan. Client information may be shared between the home health agency and the adult community care facility relative to the client's medical condition and the care and treatment

provided to the client by the home health agency, including, but not limited to, medical information defined by the Confidentiality of Medical Information Act, Part 2.6 (commencing with Section 56) of Division 1 of the Civil Code.

(4) There is ongoing communication between the home health agency and the adult community care facility about the services provided to the client by the home health agency and the frequency and duration of care to be provided.

(b) Nothing in this section is intended to expand the scope of care and supervision for an adult community care facility, as prescribed by this chapter.

(c) Nothing in this section shall require any care or supervision to be provided by the adult community care facility beyond that which is permitted in this chapter.

(d) The department shall not be responsible for the evaluation of medical services provided to the client of the adult community care facility by the home health agency.

(e) Any regulations, policies, or procedures related to sharing client information and development of protocols, established by the department pursuant to this section, shall be developed in consultation with the State Department of Health Services and persons representing home health agencies and adult community care facilities.

SEC. 2. Section 1522 of the Health and Safety Code is amended to read:

1522. The Legislature recognizes the need to generate timely and accurate positive fingerprint identification of applicants as a condition of issuing licenses, permits, or certificates of approval for persons to operate or provide direct care services in a community care facility, foster family home, or a certified family home. Therefore, the Legislature supports the use of the fingerprint live-scan technology, as identified in the long-range plan of the Department of Justice for fully automating the processing of fingerprints and other data by the year 1999, otherwise known as the California Crime Information Intelligence System (CAL-CII), to be used for applicant fingerprints. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with community care clients may pose a risk to the clients' health and safety.

(a) Before issuing a license or special permit to any person or persons to operate or manage a community care facility, the State Department of Social Services shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code, for violating Section 245 or 273.5, subdivision (b) of Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code,

or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated. That criminal history information shall include the full criminal record, of any of those persons, and subsequent arrest information pursuant to Section 11105.2 of the Penal Code. No fee shall be charged by the Department of Justice or the State Department of Social Services for the fingerprinting of an applicant for a license or special permit to operate a facility providing nonmedical board, room, and care for six or less children or for obtaining a criminal record of the applicant pursuant to this section. The following shall apply to the criminal record information:

(1) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b), has been convicted of a crime other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (g).

(2) If the State Department of Social Services finds that the applicant, or any person specified in subdivision (b), is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services shall cease processing the application until the conclusion of the trial.

(3) If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(4) If the State Department of Social Services finds after licensure that the licensee, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license may be revoked, unless the director grants an exemption pursuant to subdivision (g).

(5) An applicant and any other person specified in subdivision (b) shall submit a second set of fingerprints to the Department of Justice for the purpose of searching the criminal records of the Federal Bureau of Investigation, in addition to the criminal records search required by this subdivision. If an applicant and persons listed in subdivision (b) meet all other conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal history information for the applicant and persons listed in subdivision (b), the department may issue a license if the applicant and each person described by subdivision (b) has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure, the department determines that the licensee or person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1550. The department may also suspend the license pending an administrative hearing pursuant to Section 1550.5.

(b) In addition to the applicant, this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff.

(2) Any person, other than a client, residing in the facility.

(3) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene. Any nurse assistant or home health aide meeting the requirements of Section 1338.5 or 1736.6, respectively, who is not employed, retained, or contracted by the licensee, and who has been certified or recertified on or after July 1, 1998, shall be deemed to meet the criminal record clearance requirements of this section. A certified nurse assistant and certified home health aide who will be providing client assistance and who falls under this exemption shall provide one copy of his or her current certification, prior to providing care, to the adult community care facility. The facility shall maintain the copy of the certification on file as long as care is being provided by the certified nurse assistant or certified home health aide at the facility. Nothing in this paragraph restricts the right of the department to exclude a certified nurse assistant or certified home health aide from a licensed community care facility pursuant to Section 1558.

(4) (A) Any staff person, volunteer, or employee who has contact with the clients. A volunteer shall be exempt from the requirements of this subdivision if the volunteer is a relative of a client in care at the facility and is not used to replace or supplement staff in providing direct care and supervision of clients.

(B) A volunteer in an adult residential facility shall be exempt from the requirements of this subdivision if he or she is a relative, significant other, or close friend of a client receiving care in the facility and the volunteer is not used to replace or supplement staff in providing direct care and supervision of clients.

(5) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(6) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(c) (1) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a community care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the Department of Justice, along with a second set of fingerprints for the purpose of searching the records of the Federal Bureau of Investigation, or to comply with

paragraph (1) of subdivision (h), prior to the person's employment, residence, or initial presence in the community care facility. These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints and shall be submitted to the Department of Justice by the licensee or sent by electronic transmission in a manner approved by the State Department of Social Services. A licensee's failure to submit fingerprints to the Department of Justice, or to comply with paragraph (1) of subdivision (h), as required in this section, shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation. The department may assess civil penalties for continued violations as permitted by Section 1548. The fingerprints shall then be submitted to the State Department of Social Services for processing. Upon request of the licensee, who shall enclose a self-addressed stamped postcard for this purpose, the Department of Justice shall verify receipt of the fingerprints.

(2) Within 14 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in subdivision (a). If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 14 calendar days of receipt of the fingerprints. Documentation of the individual's clearance or exemption shall be maintained by the licensee and be available for inspection. If new fingerprints are required for processing, the Department of Justice shall, within 14 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible. When live-scan technology is operational, as defined in Section 1522.04, the Department of Justice shall notify the department, as required by that section, and notify the licensee by mail within 14 days of electronic transmission of the fingerprints to the Department of Justice if the person has no criminal history recorded. A violation of the regulations adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation. The department may assess civil penalties for continued violations as permitted by Section 1548.

(3) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of, or is awaiting trial for, a sex offense against a minor, or has been convicted for an offense specified in Section 243.4, 273a, or 273d or subdivision (a) or (b) of Section 368 of the Penal Code, or a felony, the State

Department of Social Services shall notify the licensee to act immediately to terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (g). If the conviction or arrest was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the community care facility, or bar the person from entering the community care facility; or (2) seek an exemption pursuant to subdivision (g). The State Department of Social Services shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered. A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by this paragraph shall be grounds for disciplining the licensee pursuant to Section 1550.

(4) The department may issue an exemption on its own motion pursuant to subdivision (g) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulation to establish the criteria to grant an exemption pursuant to this paragraph.

(5) Concurrently with notifying the licensee pursuant to paragraph (3), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (g). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (3).

(d) (1) Before issuing a license, special permit, or certificate of approval to any person or persons to operate or manage a foster family home or certified family home as described in Section 1506, the State Department of Social Services or other approving authority shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code or arrested for violating Section 245 or 273.5, subdivision (b) of Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated. That criminal history information shall include the full criminal record, if any, of those persons. No fee shall be charged by the Department of Justice or the State Department of Social Services for the fingerprinting of an applicant for a license, special permit, or certificate of approval

described in this subdivision. The record, if any, shall be taken into consideration when evaluating a prospective applicant. The following shall apply to the criminal record information:

(A) If the applicant or other persons specified in subdivision (b) have convictions that would make the applicant's home unfit as a foster family home or a certified family home, the license, special permit, or certificate of approval shall be denied.

(B) If the State Department of Social Services finds that the applicant, or any person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services or other approving authority shall cease processing the application until the conclusion of the trial.

(C) For the purposes of this subdivision, a criminal record clearance provided under Section 8712 of the Family Code may be used by the department or other approving agency.

(D) An applicant for a foster family home license or to be certified as a family home, and any other person specified in subdivision (b), shall submit a second set of fingerprints to the Department of Justice for the purpose of searching the criminal records of the Federal Bureau of Investigation, in addition to the criminal records search required by subdivision (a). If an applicant meets all other conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal history information for the applicant and persons listed in subdivision (b), the department may issue a license, or the foster family agency may issue a certificate of approval, if the applicant and each person described by subdivision (b) has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure or certification, the department determines that the licensee, certified foster parent, or person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1550 and the certificate of approval revoked pursuant to subdivision (b) of Section 1534. The department may also suspend the license pending an administrative hearing pursuant to Section 1550.5.

(2) Any person specified in this subdivision shall, as a part of the application, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions or arrests for any crime against a child, for spousal or cohabitant abuse, or any crime for which the department cannot grant an exemption if the person was convicted and shall submit these fingerprints to the licensing agency or other approving authority.

(3) (A) The foster family agency shall obtain fingerprints from certified home applicants and from persons specified in subdivision (b) and shall submit them directly to the Department of Justice or send them by electronic transmission in a manner approved by the State Department of Social Services. A foster home licensee or foster

family agency shall submit these fingerprints to the Department of Justice, along with a second set of fingerprints for the purpose of searching the records of the Federal Bureau of Investigation, or to comply with paragraph (1) of subdivision (h) prior to the person's employment, residence, or initial presence. A licensee's failure to submit fingerprints to the Department of Justice, or to comply with paragraph (1) of subdivision (h), as required in this section, shall result in the citation of a deficiency, and the immediate assessment of civil penalties of one hundred dollars ($100) per violation. The State Department of Social Services may assess civil penalties for continued violations, as permitted by Section 1548. The fingerprints shall then be submitted to the State Department of Social Services for processing.

(B) Upon request of the licensee, who shall enclose a self-addressed stamped envelop for this purpose, the Department of Justice shall verify receipt of fingerprints. Within five working days of the receipt of the criminal record or information regarding criminal convictions from the Department of Justice, the department shall notify the applicant of any criminal arrests or convictions. If no arrests or convictions are recorded, the Department of Justice shall provide the foster home licensee or the foster family agency with a statement of that fact concurrent with providing the information to the State Department of Social Services.

(4) If the State Department of Social Services finds that the applicant, or any other person specified in subdivision (b), has been convicted of a crime other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (g).

(5) If the State Department of Social Services finds after licensure or the granting of the certificate of approval that the licensee, certified foster parent, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license or certificate of approval may be revoked by the department or the foster family agency, whichever is applicable, unless the director grants an exemption pursuant to subdivision (g). A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by paragraph (3) of subdivision (c) shall be grounds for disciplining the licensee pursuant to Section 1550.

(e) The State Department of Social Services shall not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client. The State Department of Social Services is authorized to obtain any arrest or conviction records or reports from any law enforcement agency as necessary to

the performance of its duties to inspect, license, and investigate community care facilities and individuals associated with a community care facility.

(f) (1) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the State Department of Social Services is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice, or documents admissible in a criminal action pursuant to Section 969b of the Penal Code, shall be prima facie evidence of the conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(2) For purposes of this section or any other provision of this chapter, the department shall consider criminal convictions from another state or federal court as if the criminal offense was committed in this state.

(g) (1) After review of the record, the director may grant an exemption from disqualification for a license or special permit as specified in paragraphs (1) and (4) of subdivision (a), or for a license, special permit, or certificate of approval as specified in paragraphs (4) and (5) of subdivision (d), or for employment, residence, or presence in a community care facility as specified in paragraphs (3), (4), and (5) of subdivision (c), if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). Except as otherwise provided in this subdivision, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, or 264.1, subdivision (a) of Section 273a or, prior to January 1, 1994, paragraph (1) of Section 273a, Section 273d, 288, or 289, subdivision (a) of Section 290, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code. The director may

grant an exemption if the employee or prospective employee, who was convicted of a crime against an individual prescribed in paragraph (1), (2), (7), or (8) of subdivision (c) of Section 667.5 of the Penal Code, has been rehabilitated as provided in Section 4852.03 of the Penal Code, has maintained the conduct required in Section 4852.05 of the Penal Code for at least 10 years, and has the recommendation of the district attorney representing the employee's county of residence, or if the employee or prospective employee has received a certificate of rehabilitation pursuant to Chapter 3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code.

(2) The department shall not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1558.

(h) (1) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office. The request shall be in writing to the department, and shall include a copy of the person's driver's license or valid identification card issued by the Department of Motor Vehicles, or a valid photo identification issued by another state or the United States government if the person is not a California resident. Upon request of the licensee, who shall enclose a self-addressed stamped envelope for this purpose, the department shall verify whether the individual has a clearance that can be transferred.

(2) The State Department of Social Services shall hold criminal record clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal record clearance to be transferred.

(i) The full criminal record obtained for purposes of this section may be used by the department or by a licensed adoption agency as a clearance required for adoption purposes.

(j) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1558, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

(k) (1) The Department of Justice shall coordinate with the State Department of Social Services to establish and implement an automated live-scan processing system for fingerprints in the district offices of the Community Care Licensing Division of the State

Department of Social Services by July 1, 1999. These live-scan processing units shall be connected to the main system at the Department of Justice by July 1, 1999, and shall become part of that department's pilot project in accordance with its long-range plan. The State Department of Social Services may charge a fee for the costs of processing a set of live-scan fingerprints.

(2) The Department of Justice shall provide a report to the Senate and Assembly fiscal committees, the Assembly Human Services Committee, and to the Senate Health and Human Services Committee by April 15, 1999, regarding the completion of backlogged criminal record clearance requests for all facilities licensed by the department and the progress on implementing the automated live-scan processing system in the district offices pursuant to paragraph (1).

(*l*) Amendments to the provisions of this section made in the 1998 calendar year shall be implemented commencing 60 days after the effective date of the act amending this section in the 1998 calendar year, except those provisions for the submission of fingerprints for searching the records of the Federal Bureau of Investigation, which shall be implemented commencing January 1, 1999.

SEC. 3. Section 1568.02 of the Health and Safety Code is amended to read:

1568.02. (a) The department shall license residential care facilities for persons with chronic, life-threatening illness under a separate category.

(b) The licensee of every facility required to be licensed pursuant to this chapter shall provide the following basic services for each resident:

(1) Written agreement with a licensed home health agency. Resident information may be shared between the home health agency and the residential care facility for persons with chronic, life-threatening illness relative to the resident's medical condition and the care and treatment provided to the resident by the home health agency including, but not limited to, medical information, as defined by the Confidentiality of Medical Information Act, Part 2.6 (commencing with Section 56) of Division 1 of the Civil Code. Any regulations, policies, or procedures related to sharing resident information and development of protocols, established by the department pursuant to this section, shall be developed in consultation with the State Department of Health Services and persons representing home health agencies and residential care facilities for persons with chronic, life-threatening illness.

(2) Written agreement with a psychosocial services agency, unless the services are provided by the facility's professional staff.

(e) No facility licensed pursuant to this chapter shall house more than 25 residents, except that the director may authorize a facility to house up to 50 residents.

(f) If the administrator is responsible for more than two facilities, the facility manager shall meet the qualifications of both the administrator and the facility manager, as described in Sections 87864 and 87864.1 of Title 22 of the California Code of Regulations.

(g) Each licensee shall employ additional personnel as necessary to meet the needs of the residents and comply with the requirements of this chapter and the regulations adopted by the department pursuant to this chapter. On-call personnel shall be able to be on the facility premises within 30 minutes of the receipt of a telephone call.

SEC. 4. Section 1568.09 of the Health and Safety Code is amended to read:

1568.09. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with residents of residential care facilities for persons with a chronic, life-threatening illness may pose a risk to the residents' health and safety.

Therefore, the Legislature supports the use of the fingerprint live-scan technology, as identified in the long-range plan of the Department of Justice for fully automating the processing of fingerprints and other data by the year 1999, otherwise known as the California Crime Information Intelligence System (CAL-CII), to be used for applicant fingerprints. It is the intent of the Legislature, in enacting this section, to require the fingerprints of those individuals whose contact with community care clients may pose a risk to the clients' health and safety.

(a) Before issuing a license to any person or persons to operate or manage a residential care facility, the department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code, for violating Section 245 or 273.5, subdivision (b) of Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has not been exonerated. That criminal history information shall include the full criminal record, if any, of those persons, and subsequent arrest information pursuant to Section 11105.2 of the Penal Code. The following shall apply to the criminal record information:

(1) If the State Department of Social Services finds that the applicant or any other person specified in subdivision (b) has been convicted of a crime, other than a minor traffic violation, the

application shall be denied, unless the director grants an exemption pursuant to subdivision (f).

(2) If the State Department of Social Services finds that the applicant, or any person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services shall cease processing the application until the conclusion of the trial.

(3) If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(4) If the State Department of Social Services finds after licensure that the licensee, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license may be revoked, unless the director grants an exemption pursuant to subdivision (f).

(5) An applicant and any other person specified in subdivision (b) shall submit to the Department of Justice a second set of fingerprints for the purpose of searching the records of the Federal Bureau of Investigation, in addition to the search required by this subdivision. If an applicant meets all other conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal history information for the applicant and persons listed in subdivision (b), the department may issue a license if the applicant and each person described by subdivision (b) has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure, the department determines that the licensee or person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to subdivision (a) of Section 1568.82. The department may also suspend the license pending an administrative hearing pursuant to subdivision (b) of Section 1568.82.

(b) In addition to the applicant, the provisions of this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff of the facility.

(2) Any person, other than a resident, residing in the facility.

(3) Any person who provides resident assistance in dressing, grooming, bathing, or personal hygiene. Any nurse assistant or home health aide meeting the requirements of Section 1338.5 or 1736.6, respectively, who is not employed, retained, or contracted by the licensee, and who has been certified or recertified on or after July 1, 1998, shall be deemed to meet the criminal record clearance requirements of this section. A certified nurse assistant and certified home health aide who will be providing client assistance and who falls under this exemption shall provide one copy of his or her current certification, prior to providing care, to the residential care facility for persons with chronic, life-threatening illness. The facility shall

maintain the copy of the certification on file as long as care is being provided by the certified nurse assistant or certified home health aide at the facility. Nothing in this paragraph restricts the right of the department to exclude a certified nurse assistant or certified home health aide from a licensed residential care facility for persons with chronic, life-threatening illness pursuant to Section 1568.092.

(4) (A) Any staff person, volunteer, or employee who has contact with the residents.

(B) A volunteer shall be exempt from the requirements of this subdivision if he or she is a relative, significant other, or close friend of a client receiving care in the facility and the volunteer does not provide direct care and supervision of residents. A volunteer who provides direct care and supervision shall be exempt if the volunteer is a resident's spouse, significant other, close friend, or family member and provides direct care and supervision to that resident only at the request of the resident.

(5) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in that capacity.

(6) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(c) (1) (A) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a residential care facility, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints to the Department of Justice, along with a second set of fingerprints, for the purpose of searching the records of the Federal Bureau of Investigation, or to comply with paragraph (1) of subdivision (g), prior to the person's employment, residence, or initial presence in the residential care facility.

(B) These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints and submitted to the Department of Justice by the licensee or sent by electronic transmission in a manner approved by the State Department of Social Services. A licensee's failure to submit fingerprints to the Department of Justice, or to comply with paragraph (1) of subdivision (g), as required in this section, shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation. The State Department of Social Services may assess civil penalties for continued violations as allowed in Section 1568.0822. The fingerprints shall then be submitted to the State Department of Social Services for processing. The licensee shall

maintain and make available for inspection documentation of the individual's clearance or exemption.

(2) (A) Paragraph (1) shall cease to be implemented when the State Department of Social Services adopts emergency regulations pursuant to Section 1522.04, and shall become inoperative when those regulations become final.

(B) A violation of the regulations adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation. The department may assess civil penalties for continued violations as permitted by Section 1568.0822.

(3) Within 14 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in this subdivision. If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 14 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 14 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible. When live-scan technology is operational, as defined in Section 1522.04, the Department of Justice shall notify the department, as required by that section, and shall notify the licensee by mail within 14 days of electronic transmission of the fingerprints to the Department of Justice, if the person has no criminal history record.

(4) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, an offense specified in Section 243.4, 273a, or 273d, subdivision (a) or (b) of Section 368 of the Penal Code, or a felony, the department shall notify the licensee to act immediately to terminate the person's employment, remove the person from the residential care facility, or bar the person from entering the residential care facility. The department may subsequently grant an exemption pursuant to subdivision (f). If the conviction was for another crime, except a minor traffic violation, the licensee shall, upon notification by the department, act immediately to either (1) terminate the person's employment, remove the person from the residential care facility, or bar the person from entering the residential care facility; or (2) seek an exemption pursuant to subdivision (f). The department shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered. A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the

facility as required by this paragraph shall be grounds for disciplining the licensee pursuant to Section 1568.082.

(5) The department may issue an exemption on its own motion pursuant to subdivision (f) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(6) Concurrently with notifying the licensee pursuant to paragraph (4), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (f). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (4).

(d) (1) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action which the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of the sentence, notwithstanding a subsequent order pursuant to Sections 1203.4 and 1203.4a of the Penal Code permitting that person to withdraw his or her plea of guilty and to enter a plea of not guilty, setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice, or documents admissible in a criminal action pursuant to Section 969b of the Penal Code, shall be prima facie evidence of the conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(2) For purposes of this section or any other provision of this chapter, the department shall consider criminal convictions from another state or federal court as if the criminal offense was committed in this state.

(e) The State Department of Social Services shall not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client. The State Department of Social Services is authorized to obtain any arrest or conviction

records or reports from any law enforcement agency as necessary to the performance of its duties to inspect, license, and investigate community care facilities and individuals associated with a community care facility.

(f) (1) After review of the record, the director may grant an exemption from disqualification for a license as specified in paragraphs (1) and (4) of subdivision (a), or for employment, residence, or presence in a residential care facility as specified in paragraphs (4), (5), and (6) of subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, or 264.1, subdivision (a) of Section 273a or, prior to January 1, 1994, paragraph (1) of Section 273a, Section 273d, 288, or 289, subdivision (a) of Section 290, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code.

(2) The department shall not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1568.092.

(g) (1) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office. The request shall be in writing to the department, and shall include a copy of the person's driver's license or valid identification card issued by the Department of Motor Vehicles, or a valid photo identification issued by another state or the United States government if the person is not a California resident. Upon request of the licensee, who shall enclose a self-addressed stamped envelope for this purpose, the department shall verify whether the individual has a clearance that can be transferred.

(2) The State Department of Social Services shall hold criminal records clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal records clearance to be transferred.

(h) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment

under Section 1568.092, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

(i) (1) The Department of Justice shall charge a fee sufficient to cover its cost in providing services to comply with the 14-day requirement contained in subdivision (c) for provision to the department of criminal record information.

(2) Paragraph (1) shall cease to be implemented when the department adopts emergency regulations pursuant to Section 1522.04, and shall become inoperative when permanent regulations are adopted under that section.

(j) Amendments to the provisions of this section made in the 1998 calendar year shall be implemented commencing 60 days after the effective date of the act amending this section in the 1998 calendar year, except those provisions for the submission of fingerprints for searching the records of the Federal Bureau of Investigation, which shall be implemented commencing January 1, 1999.

SEC. 5. Section 1569.17 of the Health and Safety Code is amended to read:

1569.17. The Legislature recognizes the need to generate timely and accurate positive fingerprint identification of applicants as a condition of issuing licenses, permits, or certificates of approval for persons to operate or provide direct care services in a residential care facility for the elderly. The Legislature supports the use of the fingerprint live-scan technology, as identified in the long-range plan of the Department of Justice for fully automating the processing of fingerprints and other data by the year 1999. It is the intent of the Legislature in enacting this section to require the fingerprints of those individuals whose contact with clients of residential care facilities for the elderly may pose a risk to the clients' health and safety.

(a) Before issuing a license to any person or persons to operate or manage a residential care facility for the elderly, the department shall secure from an appropriate law enforcement agency a criminal record to determine whether the applicant or any other person specified in subdivision (b) has ever been convicted of a crime other than a minor traffic violation or arrested for any crime specified in Section 290 of the Penal Code, for violating Section 245 or 273.5, subdivision (b) of Section 273a or, prior to January 1, 1994, paragraph (2) of Section 273a of the Penal Code, or for any crime for which the department cannot grant an exemption if the person was convicted and the person has been exonerated. That criminal history information shall include the full criminal record, if any, of those persons, and subsequent arrest information pursuant to Section 11105.2 of the Penal Code. The following shall apply to the criminal record information:

(1) If the State Department of Social Services finds that the applicant or any other person specified in subdivision (b) has been

convicted of a crime, other than a minor traffic violation, the application shall be denied, unless the director grants an exemption pursuant to subdivision (f).

(2) If the State Department of Social Services finds that the applicant, or any person specified in subdivision (b) is awaiting trial for a crime other than a minor traffic violation, the State Department of Social Services shall cease processing the application until the conclusion of the trial.

(3) If no criminal record information has been recorded, the Department of Justice shall provide the applicant and the State Department of Social Services with a statement of that fact.

(4) If the State Department of Social Services finds after licensure that the licensee, or any other person specified in paragraph (2) of subdivision (b), has been convicted of a crime other than a minor traffic violation, the license may be revoked, unless the director grants an exemption pursuant to subdivision (f).

(5) An applicant and any person specified in subdivision (b) shall submit a second set of fingerprints to the Department of Justice, for the purpose of searching the records of the Federal Bureau of Investigation, in addition to the search required by subdivision (a). If an applicant meets all other conditions for licensure, except receipt of the Federal Bureau of Investigation's criminal history information for the applicant and persons listed in subdivision (b), the department may issue a license if the applicant and each person described by subdivision (b) has signed and submitted a statement that he or she has never been convicted of a crime in the United States, other than a traffic infraction as defined in paragraph (1) of subdivision (a) of Section 42001 of the Vehicle Code. If, after licensure, the department determines that the licensee or person specified in subdivision (b) has a criminal record, the license may be revoked pursuant to Section 1569.50. The department may also suspend the license pending an administrative hearing pursuant to Sections 1569.50 and 1569.51.

(b) In addition to the applicant, the provisions of this section shall be applicable to criminal convictions of the following persons:

(1) Adults responsible for administration or direct supervision of staff.

(2) Any person, other than a client, residing in the facility.

(3) Any person who provides client assistance in dressing, grooming, bathing, or personal hygiene. Any nurse assistant or home health aide meeting the requirements of Section 1338.5 or 1736.6, respectively, who is not employed, retained, or contracted by the licensee, and who has been certified or recertified on or after July 1, 1998, shall be deemed to meet the criminal record clearance requirements of this section. A certified nurse assistant and certified home health aide who will be providing client assistance and who falls under this exemption shall provide one copy of his or her current certification, prior to providing care, to the residential care facility

for the elderly. The facility shall maintain the copy of the certification on file as long as the care is being provided by the certified nurse assistant or certified home health aide at the facility. Nothing in this paragraph restricts the right of the department to exclude a certified nurse assistant or certified home health aide from a licensed residential care facility for the elderly pursuant to Section 1569.58.

(4) (A) Any staff person, volunteer, or employee who has frequent and routine contact with the clients.

(B) A volunteer shall be exempt from the requirements of this subdivision if he or she is a relative, significant other, or close friend of a client receiving care in the facility and the volunteer is not used to replace or supplement staff in providing direct care and supervision of clients.

(5) If the applicant is a firm, partnership, association, or corporation, the chief executive officer or other person serving in like capacity.

(6) Additional officers of the governing body of the applicant, or other persons with a financial interest in the applicant, as determined necessary by the department by regulation. The criteria used in the development of these regulations shall be based on the person's capability to exercise substantial influence over the operation of the facility.

(c) (1) (A) Subsequent to initial licensure, any person specified in subdivision (b) and not exempted from fingerprinting shall, as a condition to employment, residence, or presence in a residential facility for the elderly, be fingerprinted and sign a declaration under penalty of perjury regarding any prior criminal convictions. The licensee shall submit these fingerprints, along with a second set of fingerprints for the purpose of searching the records of the Federal Bureau of Investigation, to the Department of Justice, or to comply with paragraph (1) of subdivision (g) prior to the person's employment, residence, or initial presence in the residential care facility for the elderly.

(B) These fingerprints shall be on a card provided by the State Department of Social Services for the purpose of obtaining a permanent set of fingerprints and submitted to the Department of Justice by the licensee or sent by electronic transmission in a manner approved by the State Department of Social Services. A licensee's failure to submit fingerprints to the Department of Justice, or to comply with paragraph (1) of subdivision (g), as required in this section, shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation. The State Department of Social Services may assess civil penalties for continued violations as permitted by Section 1569.49. The fingerprints shall then be submitted to the State Department of Social Services for processing. Documentation of the individual's clearance or exemption shall be maintained by the licensee and be available for inspection. When live-scan technology

is operational, as defined in Section 1522.04, the Department of Justice shall notify the department, as required by that section, and notify the licensee by mail within 14 days of electronic transmission of the fingerprints to the Department of Justice, if the person has no criminal record. A violation of the regulations adopted pursuant to Section 1522.04 shall result in the citation of a deficiency and an immediate assessment of civil penalties in the amount of one hundred dollars ($100) per violation. The department may assess civil penalties for continued violations as permitted by Section 1569.49.

(2) Within 14 calendar days of the receipt of the fingerprints, the Department of Justice shall notify the State Department of Social Services of the criminal record information, as provided for in this subdivision. If no criminal record information has been recorded, the Department of Justice shall provide the licensee and the State Department of Social Services with a statement of that fact within 14 calendar days of receipt of the fingerprints. If new fingerprints are required for processing, the Department of Justice shall, within 14 calendar days from the date of receipt of the fingerprints, notify the licensee that the fingerprints were illegible.

(3) Except for persons specified in paragraph (2) of subdivision (b), the licensee shall endeavor to ascertain the previous employment history of persons required to be fingerprinted under this subdivision. If it is determined by the State Department of Social Services, on the basis of the fingerprints submitted to the Department of Justice, that the person has been convicted of a sex offense against a minor, an offense specified in Section 243.4, 273a, or 273d, subdivision (a) or (b) of Section 368 of the Penal Code, or a felony, the State Department of Social Services shall notify the licensee in writing within 15 calendar days of the receipt of the notification from the Department of Justice to act immediately to terminate the person's employment, remove the person from the residential care facility for the elderly, or bar the person from entering the residential care facility for the elderly. The State Department of Social Services may subsequently grant an exemption pursuant to subdivision (f). If the conviction was for another crime, except a minor traffic violation, the licensee shall, upon notification by the State Department of Social Services, act immediately to either (1) terminate the person's employment, remove the person from the residential care facility for the elderly, or bar the person from entering the residential care facility for the elderly; or (2) seek an exemption pursuant to subdivision (f). The department shall determine if the person shall be allowed to remain in the facility until a decision on the exemption is rendered by the department. A licensee's failure to comply with the department's prohibition of employment, contact with clients, or presence in the facility as required by this paragraph shall be grounds for disciplining the licensee pursuant to Section 1569.50.

(4) The department may issue an exemption on its own motion pursuant to subdivision (f) if the person's criminal history indicates that the person is of good character based on the age, seriousness, and frequency of the conviction or convictions. The department, in consultation with interested parties, shall develop regulations to establish the criteria to grant an exemption pursuant to this paragraph.

(5) Concurrently with notifying the licensee pursuant to paragraph (4), the department shall notify the affected individual of his or her right to seek an exemption pursuant to subdivision (f). The individual may seek an exemption only if the licensee terminates the person's employment or removes the person from the facility after receiving notice from the department pursuant to paragraph (4).

(d) (1) For purposes of this section or any other provision of this chapter, a conviction means a plea or verdict of guilty or a conviction following a plea of nolo contendere. Any action that the department is permitted to take following the establishment of a conviction may be taken when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of the sentence, notwithstanding a subsequent order pursuant to the provisions of Sections 1203.4 and 1203.4a of the Penal Code permitting a person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment. For purposes of this section or any other provision of this chapter, the record of a conviction, or a copy thereof certified by the clerk of the court or by a judge of the court in which the conviction occurred, shall be conclusive evidence of the conviction. For purposes of this section or any other provision of this chapter, the arrest disposition report certified by the Department of Justice or documents admissible in a criminal action pursuant to Section 969b of the Penal Code shall be prima facie evidence of the conviction, notwithstanding any other provision of law prohibiting the admission of these documents in a civil or administrative action.

(2) For purposes of this section or any other provision of this chapter, the department shall consider criminal convictions from another state or federal court as if the criminal offense was committed in this state.

(e) The State Department of Social Services shall not use a record of arrest to deny, revoke, or terminate any application, license, employment, or residence unless the department investigates the incident and secures evidence, whether or not related to the incident of arrest, that is admissible in an administrative hearing to establish conduct by the person that may pose a risk to the health and safety of any person who is or may become a client. The State Department of Social Services is authorized to obtain any arrest or conviction records or reports from any law enforcement agency as necessary to the performance of its duties to inspect, license, and investigate

community care facilities and individuals associated with a community care facility.

(f) (1) After review of the record, the director may grant an exemption from disqualification for a license as specified in paragraphs (1) and (4) of subdivision (a), or for employment, residence, or presence in a residential care facility for the elderly as specified in paragraphs (4), (5), and (6) of subdivision (c) if the director has substantial and convincing evidence to support a reasonable belief that the applicant and the person convicted of the crime, if other than the applicant, are of such good character as to justify issuance of the license or special permit or granting an exemption for purposes of subdivision (c). However, no exemption shall be granted pursuant to this subdivision if the conviction was for an offense specified in Section 220, 243.4, or 264.1, subdivision (a) of Section 273a or, prior to January 1, 1994, paragraph (1) of Section 273a, Section 273d, 288, or 289, subdivision (a) of Section 290, or subdivision (a) or (b) of Section 368 of the Penal Code, or was a conviction of another crime against an individual specified in subdivision (c) of Section 667.5 of the Penal Code. The director shall notify in writing the licensee or the applicant of his or her decision within 60 days of receipt of all information from the applicant and other sources determined necessary by the director for the rendering of a decision pursuant to this subdivision.

(2) The department shall not prohibit a person from being employed or having contact with clients in a facility on the basis of a denied criminal record exemption request or arrest information unless the department complies with the requirements of Section 1569.58.

(g) (1) For purposes of compliance with this section, the department may permit an individual to transfer a current criminal records clearance, as defined in subdivision (a), from one facility to another, as long as the criminal record clearance has been processed through a state licensing district office, and is being transferred to another state licensing district office. The request shall be submitted, in writing to the department, and shall include a copy of the person's driver's license or valid identification card issued by the Department of Motor Vehicles, or a valid photo identification issued by another state or the United States government if the person is not a California resident. Upon request of the licensee, who shall enclose a self-addressed stamped envelope for this purpose, the department shall verify whether the individual has a clearance that can be transferred.

(2) The State Department of Social Services shall hold criminal records clearances in its active files for a minimum of two years after an employee is no longer employed at a licensed facility in order for the criminal records clearances to be transferred under this section.

(h) If a licensee or facility is required by law to deny employment or to terminate employment of any employee based on written

notification from the state department that the employee has a prior criminal conviction or is determined unsuitable for employment under Section 1569.58, the licensee or facility shall not incur civil liability or unemployment insurance liability as a result of that denial or termination.

(i) Amendments to the provisions of this section made in the 1998 calendar year shall be implemented commencing 60 days after the effective date of the act amending this section in the 1998 calendar year, except those provisions for the submission of fingerprints for searching the records of the Federal Bureau of Investigation, which shall be implemented commencing January 1, 1999.

SEC. 6. Section 1569.725 of the Health and Safety Code is amended to read:

1569.725. (a) A residential care facility for the elderly may permit incidental medical services to be provided through a home health agency, licensed pursuant to Chapter 8 (commencing with Section 1725), when all of the following conditions are met:

(1) The facility, in the judgment of the department, has the ability to provide the supporting care and supervision appropriate to meet the needs of the resident receiving care from a home health agency.

(2) The home health agency has been advised of the regulations pertaining to residential care facilities for the elderly and the requirements related to incidental medical services being provided in the facility.

(3) There is evidence of an agreed-upon protocol between the home health agency and the residential care facility for the elderly. The protocol shall address areas of responsibility of the home health agency and the facility and the need for communication and the sharing of resident information related to the home health care plan. Resident information may be shared between the home health agency and the residential care facility for the elderly relative to the resident's medical condition and the care and treatment provided to the resident by the home health agency including, but not limited to, medical information, as defined by the Confidentiality of Medical Information Act, Part 2.6 (commencing with Section 56) of Division 1 of the Civil Code.

(4) There is ongoing communication between the home health agency and the residential care facility for the elderly about the services provided to the resident by the home health agency and the frequency and duration of care to be provided.

(b) Nothing in this section is intended to expand the scope of care and supervision for a residential care facility for the elderly, as prescribed by this chapter.

(c) Nothing in this section shall require any care or supervision to be provided by the residential care facility for the elderly beyond that which is permitted in this chapter.

(d) The department shall not be responsible for the evaluation of medical services provided to the resident of the residential care facility for the elderly by the home health agency.

(e) Any regulations, policies, or procedures related to sharing resident information and development of protocols, established by the department pursuant to this section, shall be developed in consultation with the State Department of Health Services and persons representing home health agencies and residential care facilities for the elderly.

SEC. 7. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 833

An act to add Section 701.5 to the Penal Code, relating to minors, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 24, 1998. Filed with Secretary of State September 25, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 701.5 is added to the Penal Code, to read:

701.5. (a) Notwithstanding subdivision (b), no peace officer or agent of a peace officer shall use a person who is 12 years of age or younger as a minor informant.

(b) No peace officer or agent of a peace officer shall use a person under the age of 18 years as a minor informant, except as authorized pursuant to the Stop Tobacco Access to Kids Enforcement Act (Division 8.5 (commencing with Section 22950) of the Business and Professions Code) for the purposes of that act, unless the peace officer or agent of a peace officer has obtained an order from the court authorizing the minor's cooperation.

(c) Prior to issuing any order pursuant to subdivision (b), the court shall find, after consideration of (1) the age and maturity of the minor, (2) the gravity of the minor's alleged offense, (3) the safety of the public, and (4) the interests of justice, that the agreement to act as a minor informant is voluntary and is being entered into knowingly and intelligently.

(d) Prior to the court making the finding required in subdivision (c), all of the following conditions shall be satisfied:

(1) The court has found probable cause that the minor committed the alleged offense. The finding of probable cause shall only be for the purpose of issuing the order pursuant to subdivision (b), and shall not prejudice the minor in any future proceedings.

(3) The court has disclosed the benefit the minor may obtain by cooperating with the peace officer or agent of a peace officer.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

CHAPTER 834

An act to amend Sections 14087.3, 14087.4, 14087.47, 14087.55, 14088.18, 14088.6, 14089, 14089.8, 14139.13, 14204, 14499.5, and 14594 of the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor September 24, 1998. Filed with Secretary of State September 25, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 14087.3 of the Welfare and Institutions Code is amended to read:

14087.3. (a) The director may contract, on a bid or nonbid basis, with any qualified individual, organization, or entity to provide services to, arrange for or case manage the care of Medi-Cal beneficiaries. At the director's discretion, the contract may be exclusive or nonexclusive, statewide or on a more limited geographic basis, and include provisions to do the following:

(1) Perform targeted case management of selected services or beneficiary populations where it is expected that case management will reduce program expenditures.

(2) Provide for delivery of services in a manner consistent with managed care principles, techniques, and practices directed at ensuring the most cost-effective and appropriate scope, duration, and level of care.

(3) Provide for alternate methods of payment, including, but not limited to, a prospectively negotiated reimbursement rate, fee-for-service, retainer, capitation, shared savings, volume discounts, lowest bid price, negotiated price, rebates, or other basis.

(4) Secure services directed at any or all of the following:

(A) Recruiting and organizing providers to care for Medi-Cal beneficiaries.

(B) Designing and implementing fiscal or other incentives for providers to participate in the Medi-Cal program in cost-effective ways.

(C) Linking beneficiaries with cost-effective providers.

(5) Provide for:

(A) Medi-Cal managed care plans contracting under this chapter or Chapter 8 (commencing with Section 14200) to share in the efficiencies and economies realized by those contracts.

(B) Effective coordination between contractors operating under this article and Medi-Cal managed care plans in the management of health care provided to Medi-Cal beneficiaries.

(6) Permit individual physicians, groups of physicians, or other providers to participate in a manner that supports the organized system mode of operation.

(7) Encourage group practices with relationships with hospitals having low unit costs.

(b) The director may require individual physicians, groups of physicians, or other providers as a condition of participation under the Medi-Cal program, to enter into capitated contracts pursuant to this section in order to correct or prevent irregular or abusive billing practices. No physician, groups of physicians, or other providers shall be reimbursed for services rendered to Medi-Cal beneficiaries if the physician, group of physicians, or other providers has declined to enter into a contract required by the director pursuant to this section.

(c) The department shall seek federal waivers necessary to allow for federal financial participation under this section.

(d) (1) Notwithstanding the provisions of this chapter, the department shall determine preliminary per capita rates of payment for services provided to Medi-Cal beneficiaries enrolled in a managed care program contracting in areas specified by the director for expansion of the Medi-Cal managed care program under this section, or Sections 14018.7, 14087.31, 14087.35, 14087.36, 14087.38, or 14087.96. The department shall provide to each managed care plan the preliminary contract rates and source documents at least 60 days prior to the effective date of each new rate period.

(2) On or before June 1, 1999, the department shall enter into a memorandum of understanding with the managed care plans subject to paragraph (1) regarding the development of capitation rates. This memorandum of understanding, which is intended to ensure that capitation rates become effective in a timely manner and remain stable throughout the rate year, shall establish all of the following:

(A) A process and timetable for the managed care plans to review and comment on any modifications in the rate development methodology.

(B) A process and timetable for managed care plans to provide comments on the draft rates.

(C) A process and timetable for the department to respond to managed care plan comments on the draft rates.

(D) A process and timetable to managed care finalize capitation rates.

SEC. 2. Section 14087.4 of the Welfare and Institutions Code is amended to read:

14087.4. (a) Any contract made pursuant to this article may be renewed if the provider continues to meet the requirements of this chapter, regulations promulgated pursuant thereto, and the contract. Failure to meet these requirements shall be cause for

nonrenewal of the contract. The department may condition renewal on timely completion of a mutually agreed upon plan of correction of any deficiencies.

(b) The department may terminate or decline to renew a contract, in whole or in part, when the director determines that such action is necessary to protect the health of the beneficiaries or the funds appropriated to carry out the Medi-Cal program. Nonrenewal or termination under this article shall not qualify the applicant for an administrative hearing including a hearing pursuant to Section 14123.

(c) In order to achieve maximum cost savings the Legislature hereby determines that an expedited contract process for contracts under this article is necessary. Therefore contracts under this article shall be exempt from the provisions of Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code.

(d) For any contract entered into pursuant to this article, the Commissioner of Corporations shall, at the director's request and with all due haste, grant an exemption from the provisions of Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code for purposes of carrying out the contract.

SEC. 3. Section 14087.47 of the Welfare and Institutions Code is amended to read:

14087.47. (a) The department may contract under this article with the Counties of Sonoma, Placer, and San Luis Obispo, which have been selected by the department through a request for proposal process, for the operation of a fee-for-service managed care program administered by the county through which primary care, specialty care, and case management are provided to residents of the county who are Medi-Cal eligible persons designated by the director.

(b) (1) Upon receipt of the necessary federal medicaid freedom of choice waivers, the department may, consistent with the federal waivers, assign to a fee-for-service managed care program residents of the county who are Medi-Cal eligible persons with Medi-Cal aid codes designated by the director. The department may require that assigned beneficiaries receive their Medi-Cal services and case management through the program.

(2) Medi-Cal eligible county residents who are dually eligible for Medi-Cal and Medicare benefits shall not, however, be assigned to a fee-for-service managed care program.

(3) Medi-Cal beneficiaries eligible for benefits through age, blindness, or disability, as defined in Title XVI of the Social Security Act (42 U.S.C. Sec. 1381 et. seq.) shall be assigned to a fee-for-service managed care program. However, each county participating in the program authorized by this section shall allow these beneficiaries to select a provider or providers of their choice and shall ensure that existing provider-patient relationships are permitted to continue.

(4) Services covered by the California Children's Services program shall not be incorporated into a fee-for-service managed

care program in a manner that is inconsistent with Article 2.98 (commencing with Section 14094).

(5) A foster child may be enrolled voluntarily in a fee-for-service managed care program if the county director of social services, or his or her delegated representative, makes an individual determination that enrollment in a fee-for-service managed care program is in the best interest of the child. In determining what is in the best interest of the foster child, the county director of social services, or his or her delegated representative, shall consult with the child's caretaker, and shall include the decision of whether or not to enroll the child in a fee-for-service managed care program in the child's case plan provided for pursuant to subdivision (b) of Section 11400.

(c) Each contract entered into by the department under this section may have an initial term of up to three years. Contracts may be renewed for periods of up to three years upon a determination by the department that a contract is successful.

(d) The department shall periodically evaluate each fee-for-service managed care program through an independent assessment as required under the department's approved federal waiver request to determine if the program is successfully providing quality health care while not placing the Medi-Cal program or counties at additional financial risk. The assessment shall evaluate quality of care, access, the provision of preventive health care, and costs. The department shall terminate a contract when the department finds that the fee-for-service managed care program is unsuccessful.

(e) In order to ensure maximum cost effectiveness, the Legislature hereby determines that an expedited contract process for contracts entered into under this section between the department and the counties is necessary. Therefore, contracts under this article shall be exempt from Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code.

(f) Fee-for-service managed care program contractors shall ensure broad participation of primary care and other providers, including specialists, safety net and traditional Medi-Cal providers, in the program and shall contract with any primary care provider that agrees to provide services in accord with the same terms and conditions that the fee-for-service managed care program contractor requires of other primary care providers. To the extent possible, the fee-for-service managed care program contractor shall contract with primary care providers in a manner that minimizes the disruption of existing relationships between Medi-Cal eligible residents and their primary care providers.

(g) Medi-Cal eligible county residents in the aid codes designated by the director shall be informed about the fee-for-service managed care program through the health care options process established by the department in each county in which the program is operated

consistent with the health care options process authorized in other Medi-Cal managed care counties designated by the director.

(h) Designated Medi-Cal residents shall have the right to select a primary care provider from among the primary care providers contracting with the fee-for-service managed care program contractor and to change primary care providers. Covered Medi-Cal residents shall be informed of this right and the selection and change processes through the health care options process established in the county by the department consistent with the health care options process authorized in other Medi-Cal managed care counties designated by the director. The fee-for-service managed care program contractor shall also include this information in its membership materials.

(i) The board of supervisors of each county participating in the project authorized by this section shall establish or cause to be established an advisory committee comprised of county, physician, hospital, clinic, and beneficiary representatives to advise the county on the implementation and operation of the project provided for under this section.

(j) The department may adopt regulations to implement this section in accordance with the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. The initial adoption of any emergency regulations implementing this section shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare. Initial emergency regulations adopted pursuant to this subdivision shall remain in effect for no more than 120 days.

SEC. 4. Section 14087.55 of the Welfare and Institutions Code is amended to read:

14087.55. (a) The department shall enter into contracts with counties under this article, and shall be bound by the rates, terms, and conditions negotiated by the negotiator.

(b) In implementing this article, the department may enter into contracts for the provision of essential administrative and other services.

(c) Contracts under this article may be on a nonbid basis and shall be exempt from the provisions of Chapter 2 (commencing with Section 10290) of Part 2 of the Public Contract Code.

SEC. 5. Section 14088.18 of the Welfare and Institutions Code is amended to read:

14088.18. (a) In order to increase the number of nonprofit providers under this article, the department may enter into contracts each fiscal year under this section with eligible nonprofit organizations to provide a one-time interest-bearing loan, repayable at the Pooled Money Investment Account rate, to that eligible organization.

(b) Contracts entered into pursuant to this section shall be limited to contracts within those counties where the department does not have contracts authorized by this article on the effective date of this section.

(c) Any loan entered into pursuant to this section shall not exceed one hundred thousand dollars ($100,000).

(d) The department shall adopt standards and procedures for loan applications and repayment of the loans made pursuant to this section.

(e) The department shall make no loan pursuant to this section until the department has made savings payments to contractors who have entered into contracts under this article on or before the effective date of this section.

(f) For purposes of this section, "eligible nonprofit organization" means any organization which meets all of the following requirements:

(1) The organization is exempt from taxation under Section 501(c)(3) or 501(c)(25)(C)(iii) of the federal Internal Revenue Code.

(2) The organization is organized to provide health care to the medically underserved and to provide services in service areas.

SEC. 6. Section 14088.6 of the Welfare and Institutions Code is amended to read:

14088.6. In order to achieve maximum cost savings, the Legislature hereby determines that an expedited contract process for contracts under this article is necessary. Therefore, contracts under this article may be on a nonbid basis and shall be exempt from the provisions of Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code.

SEC. 7. Section 14089 of the Welfare and Institutions Code is amended to read:

14089. (a) The purpose of this article is to provide a comprehensive program of managed health care plan services to Medi-Cal recipients residing in clearly defined geographical areas. It is, further, the purpose of this article to create maximum accessibility to health care services by permitting Medi-Cal recipients the option of choosing from among two or more managed health care plans or fee-for-service managed case arrangements, including, but not limited to, health maintenance organizations, prepaid health plans, primary care case management plans. Independent practice associations, health insurance carriers, private foundations, and university medical centers systems, not-for-profit clinics, and other primary care providers, may be offered as choices to Medi-Cal recipients under this article if they are organized and operated as managed care plans, for the provision of preventive managed health care plan services.

(b) The negotiator may seek proposals and then shall contract based on relative costs, extent of coverage offered, quality of health

services to be provided, financial stability of the health care plan or carrier, recipient access to services, cost-containment strategies, peer and community participation in quality control, emphasis on preventive and managed health care services and the ability of the health plan to meet all requirements for both of the following:

(1) Certification, where legally required, by the Commissioner of Corporations and the Insurance Commissioner.

(2) Compliance with all of the following:

(A) The health plan shall satisfy all applicable state and federal legal requirements for participation as a Medi-Cal managed care contractor.

(B) The health plan shall meet any standards established by the department for the implementation of this article.

(C) The health plan receives the approval of the department to participate in the pilot project under this article.

(c) (1) (A) The proposals shall be for the provision of preventive and managed health care services to specified eligible populations on a capitated, prepaid or postpayment basis.

(B) Enrollment in a Medi-Cal managed health care plan under this article shall be voluntary for beneficiaries eligible for the federal Supplemental Security Income for the Aged, Blind, and Disabled Program (Subchapter 16 (commencing with Section 1381) of Chapter 7 of Title 42 of the United States Code).

(2) The cost of each program established under this section shall not exceed the total amount which the department estimates it would pay for all services and requirements within the same geographic area under the fee-for-service Medi-Cal program.

(d) The department shall enter into contracts pursuant to this article, and shall be bound by the rates, terms, and conditions negotiated by the negotiator.

(e) (1) An eligible beneficiary shall be entitled to enroll in any health care plan contracted for pursuant to this article that is in effect for the geographic area in which he or she resides. Enrollment shall be for a minimum of six months. Contracts entered into pursuant to this article shall be for at least one but no more than three years. The director shall make available to recipients information summarizing the benefits and limitations of each health care plan available pursuant to this section in the geographic area in which the recipient resides.

(2) No later than 30 days following the date a Medi-Cal or AFDC recipient is informed of the health care options described in paragraph (1) of subdivision (e), the recipient shall indicate his or her choice in writing of one of the available health care plans and his or her choice of primary care provider or clinic contracting with the selected health care plan.

(3) The health care options information described in paragraph (1) of subdivision (e) shall include the following elements:

(A) Each beneficiary or eligible applicant shall be provided with the name, address, and telephone number of each primary care provider, by specialty, or clinic participating in each health care plan. The name, address, and telephone number of each specialist participating in each health care plan shall be made available by contacting the health care options contractor or the health care plan.

(B) Each beneficiary or eligible applicant shall be informed that he or she may choose to continue an established patient-provider relationship in a managed care option, if his or her treating provider is a primary care provider contracting with any of the health plans available and has the available capacity and agrees to continue to treat that beneficiary or eligible applicant.

(C) Each beneficiary or eligible applicant shall be informed that if he or she fails to make a choice, he or she shall be assigned to, and enrolled in, a health care plan.

(4) At the time the beneficiary or eligible applicant selects a health care plan, the department shall, when applicable, encourage the beneficiary or eligible applicant to also indicate, in writing, his or her choice of primary care provider contracting with the selected health care plan.

(5) Commencing with the implementation of a geographic managed care project in a designated county, a Medi-Cal or AFDC beneficiary who does not make a choice of health care plans in accordance with paragraph (2), shall be assigned to and enrolled in an appropriate health care plan providing service within the area in which the beneficiary resides.

(6) If a beneficiary or eligible applicant does not choose a primary care provider or clinic, or does not select any primary care provider who is available, the health care plan selected by or assigned to the beneficiary shall ensure that the beneficiary selects a primary care provider or clinic within 30 days after enrollment or is assigned to a primary care provider within 40 days after enrollment.

(7) Any Medi-Cal or AFDC beneficiary dissatisfied with the primary care provider or health care plan shall be allowed to select or be assigned to another primary care provider within the same health care plan. In addition, the beneficiary shall be allowed to select or be assigned to another health care plan contracted for pursuant to this article that is in effect for the geographic area in which he or she resides in accordance with Section 1903(m)(2)(F)(ii) of the Social Security Act.

(8) The department or its contractor shall notify a health care plan when it has been selected by or assigned to a beneficiary. The health care plan that has been selected or assigned by a beneficiary shall notify the primary care provider that has been selected or assigned. The health care plan shall also notify the beneficiary of the health care plan and primary care provider selected or assigned.

(9) This section shall be implemented in a manner consistent with any federal waiver that is required to be obtained by the department to implement this section.

(f) A participating county may include within the plan or plans providing coverage pursuant to this section, employees of county government, and others who reside in the geographic area and who depend upon county funds for all or part of their health care costs.

(g) The negotiator and the department shall establish pilot projects to test the cost effectiveness of delivering benefits as defined in subdivisions (a) through (f).

(h) The California Medical Assistance Commission shall evaluate the cost effectiveness of these pilot projects after one year of implementation. Pursuant to this evaluation the commission may either terminate or retain the existing pilot projects.

(i) Funds may be provided to prospective contractors to assist in the design, development, and installation of appropriate programs. The award of these funds shall be based on criteria established by the department.

(j) In implementing this article, the department may enter into contracts for the provision of essential administrative and other services. Contracts entered into under this subdivision may be on a noncompetitive bid basis and shall be exempt from Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code.

SEC. 8. Section 14089.8 of the Welfare and Institutions Code is amended to read:

14089.8. (a) In order to achieve maximum cost savings, the Legislature finds and declares that an expedited contract process for contracts under this article is necessary.

(b) Contracts under this article shall be on a nonbid basis, and shall be exempt from Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code.

SEC. 9. Section 14139.13 of the Welfare and Institutions Code is amended to read:

14139.13. (a) Any contract entered into pursuant to this article may be renewed if the long-term care services agency continues to meet the requirements of this article and the contract. Failure to meet these requirements shall be cause for nonrenewal of the contract. The department may condition renewal on timely completion of a mutually agreed upon plan of corrections of any deficiencies.

(b) The department may terminate or decline to renew a contract in whole or in part when the director determines that the action is necessary to protect the health of the beneficiaries or the funds appropriated to the Medi-Cal program. The administrative hearing requirements of Section 14123 do not apply to the nonrenewal or termination of a contract under this article.

(c) In order to achieve maximum cost savings the Legislature hereby determines that an expedited contract process for contracts under this article is necessary. Therefore, contracts under this article shall be exempt from Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code.

(d) The Commissioner of Corporations shall, at the director's request, immediately grant an exemption from Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code for purposes of carrying out any contract entered into pursuant to this article.

SEC. 10. Section 14204 of the Welfare and Institutions Code is amended to read:

14204. (a) Pursuant to the provisions of this chapter, the department may contract with one or more prepaid health plans in order to provide the benefits authorized under this chapter and Chapter 7 (commencing with Section 14000) of this part. The department may contract with one or more children's hospitals on an exclusive basis for a specified population in a specified geographic area. Contracts entered into pursuant to this chapter may be awarded on a bid or nonbid basis.

(b) In order to achieve maximum cost savings the Legislature hereby determines that expedited contract process for contracts under this chapter is necessary. Therefore, contracts under this chapter shall be exempt from Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code.

SEC. 11. Section 14499.5 of the Welfare and Institutions Code is amended to read:

14499.5. (a) (1) In carrying out the intent of this article, the director shall contract for the operation of one local pilot program. Special consideration shall be given to approving a program contracted through county government in Santa Barbara County.

(2) Notwithstanding the limitations contained in Section 14490, the director may enter into, or extend, contracts with the local pilot program in Santa Barbara County pursuant to paragraph (1) for periods that do not exceed three years.

(b) The establishment of a pilot program pursuant to this section shall be contingent upon the availability of state and federal funding. The program shall include the following components:

(1) Local authority for administration, fiscal management, and delivery of services, but not including eligibility determination.

(2) Physician case management.

(3) Cost containment through provider incentives and other means.

(c) The program for the pilot project shall include a plan and budget for delivery of services, administration, and evaluation. During the first year of the pilot program, the amount of the state contract shall equal 95 percent of total projected Medi-Cal expenditures for delivery of services and for administration based on

fee-for-service conditions in the program county. During the remaining years of the pilot project Medi-Cal expenditures in the program county shall be no more than 100 percent of total projected expenditures for delivery of services and for administration based on any combination of the following paragraphs:

(1) Relevant prior fee-for-service Medi-Cal experience in the program county.

(2) The fee-for-service Medi-Cal experience in comparable counties or groups of counties.

(3) Medi-Cal experience of the pilot project in the program county if, as determined by the department, the scope, level, and duration of, and expenditures for, any services used in setting the rates under this paragraph would be comparable to fee-for-service conditions were they to exist in the program county and would be more actuarially reliable for use in ratesetting than data available for use in applying paragraph (1) or (2).

The projected total expenditure shall be determined annually according to an acceptable actuarial process. The data elements used by the department shall be shared with the proposed contractor.

(d) The director shall accept or reject the proposal within 30 days after the date of receipt. If a decision is made to reject the proposal, the director shall set forth the reasons for this decision in writing. Upon approval of the proposal, a contract shall be written within 60 days. After signature by the local contractor, the State Department of Health Services and the Department of General Services shall execute the contract within 60 days.

(e) The director shall seek the necessary state and federal waivers to enable operation of the program. If the federal waivers for delivery of services under this plan are not granted, the department is under no obligation to contract for implementation of the program.

(f) For purposes of Section 1343 of the Health and Safety Code, the Santa Barbara Regional Health Authority shall be considered to be a county-operated pilot program contracting with the State Department of Health Services pursuant to this article, and notwithstanding any other provision of law, during the period that this contract is in effect, the contractor shall be exempt from the provisions of the Knox-Keene Health Care Service Plan Act of 1975, Chapter 2.2 (commencing with Section 1340) of Division 2 of the Health and Safety Code, relative to the services provided to Medi-Cal beneficiaries under the terms and provisions of the pilot program.

(g) Dental services may be included within the services provided in this pilot program.

(h) Any federal demonstration funding for this pilot program shall be made available to the county within 60 days upon notification of the award without the state retaining any portion not previously specified in the grant application as submitted.

(i) (1) (A) Commencing January 1, 1996, the California Medical Assistance Commission may negotiate exclusive contracts and rates

on behalf of the department with the Santa Barbara Regional Health Authority in the implementation of this section.

(B) Contracts entered into under this article may be on a noncompetitive bid basis and shall be exempt from Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code. These contracts shall have no force or effect unless approved by the Department of Finance.

(C) The department shall enter into contracts pursuant to this article, and shall be bound by the terms and conditions related to the rates negotiated by the negotiator.

(2) The department shall implement this subdivision to the extent that the following apply:

(A) Its implementation does not revise the status of the pilot program as a federal demonstration project.

(B) Existing federal waivers apply to the pilot program as revised by this subdivision, or the federal government extends the applicability of the existing federal waivers or authorizes additional federal waivers for the implementation of the program.

(3) The implementation of this subdivision shall not affect the pilot program's having met any of the requirements of Part 3.5 (commencing with Section 1175) of Division 1 of the Health and Safety Code and this division applicable to the pilot program with respect to the negotiations of contracts and rates by the department.

(j) An independent evaluation of the program shall be conducted and a report submitted to the Legislature and the director by January 1, 1988. The independent evaluation of the program commissioned by the federal Health Care Financing Administration may fulfill the purposes of this part. This evaluation and report shall include, but is not limited to, the following:

(1) An assessment of the cost of medical services as compared to the cost of the existing Medi-Cal fee-for-service delivery mode.

(2) An assessment of utilization levels of specialist and emergency services.

(3) An assessment of the quality of care.

(4) Recommendations for future policy on delivery of services.

SEC. 12. Section 14594 of the Welfare and Institutions Code is amended to read:

14594. Contracts under this chapter may be on a nonbid basis and shall be exempt from Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code.

CHAPTER 835

An act to amend Section 1367.10 of the Health and Safety Code, relating to health care coverage.

[Approved by Governor September 24, 1998. Filed with Secretary of State September 25, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 1367.10 of the Health and Safety Code is amended to read:

1367.10. (a) Every health care service plan shall include within its disclosure form and within its evidence of coverage a statement clearly describing how participation in the plan may affect the choice of physician, hospital, or other health care providers, the basic method of reimbursement, including the scope and general methods of payment made to its contracting providers of health care services, and whether financial bonuses or any other incentives are used. The disclosure form and evidence of coverage shall indicate that if an enrollee wishes to know more about these issues, the enrollee may request additional information from the health care service plan, the enrollee's provider, or the provider's medical group or independent practice association regarding the information required pursuant to subdivision (b).

(b) If a plan, medical group, independent practice association, or participating health care provider uses or receives financial bonuses or any other incentives, the plan, medical group, independent practice association, or health care provider shall provide a written summary to any person who requests it that includes all of the following:

(1) A general description of the bonus and any other incentive arrangements used in its compensation agreements. Nothing in this section shall be construed to require disclosure of trade secrets or commercial or financial information that is privileged or confidential, such as payment rates, as determined by the commissioner, pursuant to state law.

(2) A description regarding whether, and in what manner, the bonuses and any other incentives are related to a provider's use of referral services.

(c) The statements and written information provided pursuant to subdivisions (a) and (b) shall be communicated in clear and simple language that enables consumers to evaluate and compare health care service plans.

(d) The plan shall clearly inform prospective enrollees that participation in that plan will affect the person's choice of provider by placing the following statement in a conspicuous place on all material required to be given to prospective enrollees including promotional and descriptive material, disclosure forms, and certificates and evidences of coverage:

PLEASE READ THE FOLLOWING INFORMATION SO YOU WILL KNOW FROM WHOM OR WHAT GROUP OF PROVIDERS HEALTH CARE MAY BE OBTAINED

It is not the intent of this section to require that the names of individual health care providers be enumerated to prospective enrollees.

If the health care service plan provides a list of providers to patients or contracting providers, the plan shall include within the provider listing a notification that enrollees may contact the plan in order to obtain a list of the facilities with which the health care service plan is contracting for subacute care and/or transitional inpatient care.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 836

An act to amend Sections 1386, 1388, 1391, 1392, and 1393 of the Health and Safety Code, relating to health care coverage.

[Approved by Governor September 24, 1998. Filed with Secretary of State September 25, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 1386 of the Health and Safety Code is amended to read:

1386. (a) The commissioner may, after appropriate notice and opportunity for a hearing, by order, suspend or revoke any license issued under this chapter to a health care service plan or assess administrative penalties if the commissioner determines that the licensee has committed any of the acts or omissions constituting grounds for disciplinary action.

(b) The following acts or omissions constitute grounds for disciplinary action by the commissioner:

(1) The plan is operating at variance with the basic organizational documents as filed pursuant to Section 1351 or 1352, or with its

published plan, or in any manner contrary to that described in, and reasonably inferred from, the plan as contained in its application for licensure and annual report, or any modification thereof, unless amendments allowing the variation have been submitted to, and approved by, the commissioner.

(2) The plan has issued, or permits others to use, evidence of coverage or uses a schedule of charges for health care services which do not comply with those published in the latest evidence of coverage found unobjectionable by the commissioner.

(3) The health care service plan does not provide basic health care services to its enrollees and subscribers as set forth in the evidence of coverage. This subdivision shall not apply to specialized health care service plan contracts.

(4) The plan is no longer able to meet the standards set forth in Article 5 (commencing with Section 1367).

(5) The continued operation of the plan will constitute a substantial risk to its subscribers and enrollees.

(6) The plan has violated or attempted to violate, or conspired to violate, directly or indirectly, or assisted in or abetted a violation or conspiracy to violate any provision of this chapter, any rule or regulation adopted by the commissioner pursuant to this chapter, or any order issued by the commissioner pursuant to this chapter.

(7) The plan has engaged in any conduct that constitutes fraud or dishonest dealing or unfair competition, as defined by Section 17200 of the Business and Professions Code.

(8) The plan has permitted, or aided or abetted any violation by an employee or contractor who is a holder of any certificate, license, permit, registration or exemption issued pursuant to the Business and Professions Code, or the Health and Safety Code which would constitute grounds for discipline against the certificate, license, permit, registration, or exemption.

(9) The plan has aided or abetted or permitted the commission of any illegal act.

(10) The engagement of a person as an officer, director, employee, associate, or provider of the plan contrary to the provisions of an order issued by the commissioner pursuant to subdivision (c) of this section or subdivision (d) of Section 1388.

(11) The engagement of a person as a solicitor or supervisor of solicitation contrary to the provisions of an order issued by the commissioner pursuant to Section 1388.

(12) The plan, its management company, or any other affiliate of the plan, or any controlling person, officer, director, or other person occupying a principal management or supervisory position in the plan, management company or affiliate, has been convicted of or pleaded nolo contendere to a crime, or committed any act involving dishonesty, fraud, or deceit, which crime or act is substantially related to the qualifications, functions, or duties of a person engaged in business in accordance with this chapter. The commissioner may

revoke or deny a license hereunder irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code.

(13) The plan violates Section 510, 2056, or 2056.1 of the Business and Professions Code.

(14) The plan has been subject to a final disciplinary action taken by this state, another state, an agency of the federal government, or another country, for any act or omission that would constitute a violation of this chapter.

(c) (1) The commissioner may prohibit any person from serving as an officer, director, employee, associate, or provider of any plan or solicitor firm, or of any management company of any plan, or as a solicitor, if either of the following applies:

(A) The prohibition is in the public interest and the person has committed, caused, participated in, or had knowledge of a violation of this chapter by a plan, management company, or solicitor firm.

(B) The person was an officer, director, employee, associate, or provider of a plan or of a management company or solicitor firm of any plan whose license has been suspended or revoked pursuant to this section and the person had knowledge of, or participated in, any of the prohibited acts for which the license was suspended or revoked.

(2) A proceeding for the issuance of an order under this subdivision may be included with a proceeding against a plan under this section or may constitute a separate proceeding, subject in either case to, subdivision (d).

(d) A proceeding under this section shall be subject to appropriate notice to, and the opportunity for a hearing with regard to, the person affected in accordance with subdivision (a) of Section 1397.

SEC. 2. Section 1388 of the Health and Safety Code is amended to read:

1388. (a) The commissioner may, after appropriate notice and opportunity for hearing, by order, censure a person acting as a solicitor or solicitor firm, or suspend for a period not exceeding 24 months or bar a person from operating as a solicitor or solicitor firm, or assess administrative penalties against a person acting as a solicitor or solicitor firm if the commissioner determines that the person has committed any of the acts or omissions constituting grounds for disciplinary action.

(b) The following acts or omissions constitute grounds for disciplinary action by the commissioner:

(1) The continued operation of the solicitor or solicitor firm in a manner that may constitute a substantial risk to a plan or subscribers and enrollees.

(2) The solicitor or solicitor firm has violated or attempted to violate, or conspired to violate, directly or indirectly, or assisted in or abetted a violation or conspiracy to violate any provision of this chapter, any rule or regulation adopted by the commissioner

pursuant to the chapter, or any order issued by the commissioner pursuant to this chapter.

(3) The solicitor or solicitor firm has engaged in any conduct that constitutes fraud or dishonest dealing or unfair competition, as defined by Section 17200 of the Business and Professions Code.

(4) The engagement of a person as an officer, director, employee, or associate of the solicitor firm contrary to the provisions of an order issued by the commissioner pursuant to subdivision (d) of this section or subdivision (c) of Section 1386.

(5) The solicitor or solicitor firm, or its management company, or any other affiliate of the solicitor firm, or any controlling person, officer, director, or other person occupying a principal management or supervisory position in that solicitor firm, management company, or affiliate, has been convicted or pleaded nolo contendere to a crime, or committed any act involving dishonesty, fraud, or deceit, which crime or act is substantially related to the qualifications, functions, or duties of a person engaged in business in accordance with the provisions of this chapter. The commissioner may issue an order hereunder irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code.

(c) The commissioner shall notify plans of any order issued pursuant to subdivision (a) which suspends or bars a person from engaging in operations as a solicitor or solicitor firm. It shall be unlawful for any plan, after receipt of notice of the order, to receive any new subscribers or enrollees through that person or to otherwise utilize any solicitation services of that person in violation thereof.

(d) (1) The commissioner may prohibit any person from serving as an officer, director, employee, or associate of any plan or solicitor firm, or as a solicitor, if that person was an officer, director, employee, or associate of a solicitor firm that has been the subject of an order of suspension or bar from engaging in operations as a solicitor firm pursuant to this section and that person had knowledge of, or participated in, any of the prohibited acts for which the order was issued.

(2) A proceeding for the issuance of an order under this subdivision may be included with a proceeding against a solicitor firm under this section or may constitute a separate proceeding, subject in either case to subdivision (e).

(e) A proceeding for the issuance of an order under this section shall be subject to appropriate notice to, and the opportunity for a hearing with regard to, the person affected in accordance with subdivision (a) of Section 1397.

SEC. 3. Section 1391 of the Health and Safety Code is amended to read:

1391. (a) (1) The commissioner may issue an order directing a plan, solicitor firm, or any representative thereof, a solicitor, or any other person to cease and desist from engaging in any act or practice in violation of the provisions of this chapter, any rule adopted

pursuant to this chapter, or any order issued by the commissioner pursuant to this chapter.

(2) If the plan, solicitor firm, or any representative thereof, or solicitor, or any other person fails to file a written request for a hearing within one year from the date of service of the order, the order shall be deemed a final order of the commissioner and shall not be subject to review by any court or agency, notwithstanding subdivision (b) of Section 1397.

(b) If a timely request for a hearing is made by a licensed plan, the request shall automatically stay the effect of the order only to the extent that the order requires the cessation of operation of the plan or prohibits acceptance of new members by the plan or both. However, no automatic stay shall be issued if any examination or inspection of the plan performed by the commissioner discloses, or reports or documents submitted to the commissioner by the plan on their face show, that the plan is in violation of any fiscal requirement of this chapter or in violation of any requirement of Section 1384 or 1385. In the event of an automatic stay, only that portion of the order requiring cessation of operation or prohibiting enrollment shall be stayed and all other portions of the order shall remain effective. If a hearing is held, and a finding is made that the health or safety of the members and potential members of the plan might be adversely affected by its continued operation, the stay shall be terminated. This finding shall be made, if at all, not later than 30 days after the date of the hearing.

(c) If a timely request for a hearing is made by an unlicensed plan, the commissioner may stay the effect of the order to the extent that the order requires the cessation of operation of the plan or prohibits acceptance of new members by the plan, for that period and subject to those conditions that the commissioner may require, upon a determination by the commissioner that the action would be in the public interest.

SEC. 4. Section 1392 of the Health and Safety Code is amended to read:

1392. (a) (1) Whenever it appears to the commissioner that any person has engaged, or is about to engage, in any act or practice constituting a violation of any provision of this chapter, any rule adopted pursuant to this chapter, or any order issued pursuant to this chapter, the commissioner may bring an action in superior court, or the commissioner may request the Attorney General to bring an action to enjoin these acts or practices or to enforce compliance with this chapter, any rule or regulation adopted by the commissioner pursuant to this chapter, or any order issued by the commissioner pursuant to this chapter, or to obtain any other equitable relief.

(2) If the commissioner determines that it is in the public interest, the commissioner may include in any action authorized by paragraph (1) a claim for any ancillary or equitable relief and the court shall have jurisdiction to award this additional relief.

(3) Upon a proper showing, a permanent or preliminary injunction, restraining order, writ of mandate, or other relief shall be granted, and a receiver, monitor, conservator, or other designated fiduciary or officer of the court may be appointed for the defendant or the defendant's assets.

(b) A receiver, monitor, conservator, or other designated fiduciary, or officer of the court appointed by the superior court pursuant to this section may, with the approval of the court, exercise any or all of the powers of the defendant's officers, directors, partners, or trustees, or any other person who exercises similar powers and performs similar duties, including the filing of a petition for bankruptcy. No action at law or in equity may be maintained by any party against the commissioner, or a receiver, monitor, conservator, or other designated fiduciary or officer of the court by reason of their exercising these powers or performing these duties pursuant to the order of, or with the approval of, the superior court.

SEC. 5. Section 1393 of the Health and Safety Code is amended to read:

1393. (a) The superior court of the county in which is located the principal office of the plan in this state shall, upon the filing by the commissioner of a verified application showing any of the conditions enumerated in Section 1386 to exist, issue its order vesting title to all of the assets of the plan, wherever situated, in the commissioner or the commissioner's successor in office, in his or her official capacity as such, and direct the commissioner to take possession of all of its books, records, property, real and personal, and assets, and to conduct, as conservator, the business or portion of the business of the person as may seem appropriate to the commissioner, and enjoining the person and its officers, directors, agents, servants, and employees from the transaction of its business or disposition of its property until the further order of the court.

(b) Whenever it appears to the commissioner that irreparable loss and injury to the property and business of the plan or to the plan's enrollees has occurred or may occur unless the commissioner acts immediately, the commissioner, without notice and before applying to the court for any order, may take possession of the property, business, books, records, and accounts of the plan, and of the offices and premises occupied by it for the transaction of its business, and retain possession until returned to the plan or until further order of the commissioner or subject to an order of the court. Any person having possession of and refusing to deliver any of the books, records, or assets of a plan against which a seizure order has been issued by the commissioner, shall be guilty of a misdemeanor and punishable by a fine not exceeding ten thousand dollars ($10,000) or imprisonment not exceeding one year, or both the fine and imprisonment. Whenever the commissioner has taken possession of any plan pursuant to this subdivision, the owners, officers, and directors of the plan may apply to the superior court in the county

in which the principal office of the plan is located, within 10 days after the taking, to enjoin further proceedings. The court, after citing the commissioner to show cause why further proceedings should not be enjoined, and after a hearing and a determination of the facts upon the merits, may do any of the following:

(1) Dismiss the application after confirming the commissioner's authority to take possession of all of the plan's books, records, property, real and personal, and assets, and to conduct, as conservator, the business or portion of the business as the commissioner may deem appropriate, and enjoining the owners, officers, and directors, and their agents and employees, from the transaction of plan business or disposition of plan property until the further order of the court.

(2) Enjoin the commissioner from further proceedings and direct the commissioner to surrender the property and business to the plan.

(3) Make any further order as may be just.

(c) If any facts occur that would entitle the commissioner to take possession of the property, business, and assets of the plan, the commissioner may appoint a conservator over the plan and require any bond of the conservator as the commissioner deems proper. The conservator, under the direction of the commissioner, shall take possession of the property, business, and assets of the plan pending further disposition of its business. The conservator shall retain possession until the property, business, and assets of the plan are returned to the plan, or until further order of the commissioner, except that the conservator shall be able to pay necessary costs of the ongoing operation without formal order of the commissioner. Whenever the commissioner has taken possession of any plan pursuant to subdivision (b), the commissioner shall, within 10 days after the taking, apply to the superior court in the county in which the principal office of the plan is located for an order confirming the commissioner's appointment of the conservator. The order may be given after a hearing upon notice that the court prescribes.

(d) (1) Subject to the other provisions of this section, a conservator, while in possession of the property, business, and assets of a plan, has the same powers and rights, and is subject to the same duties and obligations, as the commissioner under the same circumstances, and during this time, the rights of a plan and of all persons with respect to the plan are the same as if the commissioner had taken possession of the property, business, and assets of the plan, for the purpose of carrying out the conservatorship.

(2) Subject to the other provisions of this section, a conservator, while in possession of the property, business, and assets of a plan, shall have all of the rights, powers, and privileges of the plan, and its officers and directors, for the purpose of carrying out the conservatorship. All expenses of any conservatorship shall be paid from the assets of the plan, and shall be a lien on the plan which shall be prior to any other lien.

(3) No action at law or in equity may be maintained by any party against the commissioner or a conservator by reason of their exercising or performing the privileges, powers, rights, duties, and obligations pursuant to the order, or with the approval, of the superior court.

(e) Upon appointing a conservator, the commissioner shall cause to be made and completed, at the earliest possible date, an examination of the affairs of the plan as shall be necessary to inform the commissioner as to the plan's financial condition.

(f) If the commissioner becomes satisfied that it may be done safely and in the public interest, the commissioner may terminate the conservatorship and permit the plan for which the conservator was appointed to resume its business under the direction of its board of directors, subject to any terms, conditions, restrictions, and limitations the commissioner prescribes.

CHAPTER 837

An act to add Section 1348 to the Health and Safety Code, relating to insurance.

[Approved by Governor September 24, 1998. Filed with Secretary of State September 25, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 1348 is added to the Health and Safety Code, to read:

1348. (a) Every health care service plan licensed to do business in this state shall establish an antifraud plan. The purpose of the antifraud plan shall be to organize and implement an antifraud strategy to identify and reduce costs to the plans, providers, subscribers, enrollees, and others caused by fraudulent activities, and to protect consumers in the delivery of health care services through the timely detection, investigation, and prosecution of suspected fraud. The antifraud plan elements shall include, but not be limited to, all of the following: the designation of, or a contract with, individuals with specific investigative expertise in the management of fraud investigations; training of plan personnel and contractors concerning the detection of health care fraud; the plan's procedure for managing incidents of suspected fraud; and the internal procedure for referring suspected fraud to the appropriate government agency.

(b) Every plan shall submit its antifraud plan to the department no later than July 1, 1999. Any changes shall be filed with the department pursuant to Section 1352. The submission shall describe the manner in which the plan is complying with subdivision (a), and

the name and telephone number of the contact person to whom inquiries concerning the antifraud plan may be directed.

(c) Every health care service plan that establishes an antifraud plan pursuant to subdivision (a) shall provide to the commissioner an annual written report describing the plan's efforts to deter, detect, and investigate fraud, and to report cases of fraud to a law enforcement agency. For those cases that are reported to law enforcement agencies by the plan, this report shall include the number of cases prosecuted to the extent known by the plan. This report may also include recommendations by the plan to improve efforts to combat health care fraud.

(d) Nothing in this section shall be construed to limit the commissioner's authority to implement this section in accordance with Section 1344.

(e) For purposes of this section, "fraud" includes, but is not limited to, knowingly making or causing to be made any false or fraudulent claim for payment of a health care benefit.

(f) Nothing in this section shall be construed to limit any civil, criminal, or administrative liability under any other provision of law.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 838

SECTION 1. Section 1373.21 is added to the Health and Safety Code, to read:

1373.21. (a) If a health care service plan uses arbitration to settle disputes with enrollees or subscribers, it shall require that an arbitration award be accompanied by a written decision to the parties

that indicates the prevailing party, the amount of any award and other relevant terms of the award, and the reasons for the award rendered.

(b) A copy of any modified written decision, including the amount of the award and other relevant terms of the award, the reasons for the award rendered, the name of the arbitrator or arbitrators, but excluding the names of the enrollee, the plan, witnesses, attorneys, providers, health plan employees, and health facilities, shall be provided to the department on a quarterly basis. The department shall make these modified decisions available to the public upon request.

(c) Subdivision (b) shall not preclude the department from requesting and securing from any plan copies of complete arbitration decisions issued pursuant to subdivision (a) for the purposes of administering this chapter.

(d) If the department receives a request for information about an arbitration decision obtained by the department pursuant to subdivision (b) or (c), the department shall not release information identifying a person or entity whose name has been or should have been removed from the arbitration decision pursuant to subdivision (b).

(e) Nothing in this section shall be construed to preclude the department, or any plan or person, from disclosing information contained in an arbitration decision if the disclosure is otherwise permitted by law.

Nothing in this section shall be construed to authorize an enrollee to receive the services required to be covered by this section if those services are furnished by a nonparticipating provider, unless the enrollee is referred to that provider by a participating physician or nurse practitioner providing care.

SEC. 2. Section 10123.83 is added to the Insurance Code, to read:

10123.83. (a) Every individual or group policy of disability insurance that covers hospital, medical, or surgical benefits that is issued, amended, or renewed on or after January 1, 1999, shall be deemed to provide coverage for the screening and diagnosis of prostate cancer, including, but not limited to, prostate-specific antigen testing and digital rectal examinations, when medically necessary and consistent with good professional practice.

(b) Nothing in this section shall be construed to require an individual or group policy to cover the surgical and other procedures known as radical prostatectomy, external beam radiation therapy, radiation seed implants, and combined hormonal therapy, or to prevent application of deductible or copayment provisions contained in the policy, nor shall this section be construed to require that coverage under an individual or group policy be extended to any other procedures.

(c) This section shall not apply to specified accident, specified disease, hospital indemnity, Medicare supplement, or long-term care health insurance policies.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 840

An act to amend Sections 44237, 44332.6, 44830.1, 44836, 45125, and 45125.1 of, and to add Sections 33192, 33193, 44830.2, 45125.01, and

45125.2 to, the Education Code, relating to school employees, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 24, 1998. Filed with Secretary of State September 25, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 33192 is added to the Education Code, to read:

33192. (a) Except as provided in subdivisions (b) and (c), if the employees of any entity that has a contract with a private school to provide any of the following services may have any contact with pupils, those employees shall submit or have submitted their fingerprints in a manner authorized by the Department of Justice together with a fee determined by the Department of Justice to be sufficient to reimburse the department for its costs incurred in processing the application:

(1) School and classroom janitorial.
(2) Schoolsite administrative.
(3) Schoolsite grounds and landscape maintenance.
(4) Pupil transportation.
(5) Schoolsite food-related.

(b) This section shall not apply to an entity providing any of the services listed in subdivision (a) to a private school in an emergency or exceptional situation, such as when pupil health or safety is endangered or when repairs are needed to make school facilities safe and habitable.

(c) This section shall not apply to an entity providing any of the services listed in subdivision (a) to a private school when the private school determines that the employees of the entity will have limited contact with pupils. In determining whether a contract employee has limited contact with pupils, the private school shall consider the totality of the circumstances, including factors such as the length of time the contractors will be on school grounds, whether pupils will be in proximity with the site where the contractors will be working, and whether the contractors will be working by themselves or with others. If a private school has made this determination, the private school shall take appropriate steps to protect the safety of any pupils that may come in contact with these employees.

(d) A private school may determine, on a case-by-case basis, to require an entity providing schoolsite services other than those listed in subdivision (a) or those described in Section 33193 and the entity's employees to comply with the requirements of this section, unless the private school determines that the employees of the entity will have limited contact with pupils. In determining whether a contract employee will have limited contact with pupils, the private school shall consider the totality of the circumstances, including factors such

as the length of time the contractors will be on school grounds, whether pupils will be in proximity with the site where the contractors will be working, and whether the contractors will be working by themselves or with others. If a private school makes this determination, the private school shall take appropriate steps to protect the safety of any pupils that may come in contact with these employees. If a private school requires an entity providing services other than those listed in subdivision (a) and its employees to comply with the requirements of this section, the Department of Justice shall comply with subdivision (e).

(e) (1) The Department of Justice shall ascertain whether the individual whose fingerprints were submitted to it pursuant to subdivision (a) has been arrested or convicted of any crime insofar as that fact can be ascertained from information available to the department. Upon implementation of an electronic fingerprinting system with terminals located statewide and managed by the Department of Justice, the department shall ascertain the information required pursuant to this section within three working days. When the Department of Justice ascertains that an individual whose fingerprints were submitted to it pursuant to subdivision (a) has a pending criminal proceeding for a felony as defined in Section 45122.1 or has been convicted of a felony as defined in Section 45122.1, the department shall notify the employer designated by the individual of that fact. The notification shall be delivered by telephone or electronic mail to the employer.

(2) The Department of Justice, at its discretion, may notify the private school in instances when the employee is defined as having a pending criminal proceeding described in Section 45122.1 or has been convicted of a felony as defined in Section 45122.1.

(3) The Department of Justice may forward one copy of the fingerprints to the Federal Bureau of Investigation to verify any record of previous arrests or convictions of the applicant. The Department of Justice shall review the criminal record summary it obtains from the Federal Bureau of Investigation and shall notify the employer only as to whether or not an applicant has any convictions or arrests pending adjudication for offenses which, if committed in California, would have been punishable as a violent or serious felony. The Department of Justice shall not provide any specific offense information received from the Federal Bureau of Investigation. The Department of Justice shall provide written notification to the contract employer only concerning whether an applicant for employment has any conviction or arrest pending final adjudication for any of those crimes, as specified in Section 45122.1, but shall not provide any information identifying any offense for which an existing employee was convicted or has an arrest pending final adjudication.

(f) An entity having a contract as specified in subdivision (a) and an entity required to comply with this section pursuant to subdivision (d) shall not permit an employee to come in contact with pupils until

the Department of Justice has ascertained that the employee has not been convicted of a felony as defined in Section 45122.1.

(1) This prohibition does not apply to an employee solely on the basis that the employee has been convicted of a felony if the employee has obtained a certificate of rehabilitation and pardon pursuant to Chapter 3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code.

(2) This prohibition does not apply to an employee solely on the basis that the employee has been convicted of a serious felony that is not also a violent felony if that employee can prove to the sentencing court of the offense in question, by clear and convincing evidence, that he or she has been rehabilitated for the purposes of schoolsite employment for at least one year. If the offense in question occurred outside this state, then the person may seek a finding of rehabilitation from the court having jurisdiction where he or she is resident.

(g) An entity having a contract as specified in subdivision (a) and an entity required to comply with this section pursuant to subdivision (d) shall certify in writing to the private school that neither the employer nor any of its employees who are required by this section to submit or have their fingerprints submitted to the Department of Justice and who may come in contact with pupils have been convicted of a felony as defined in Section 45122.1.

(h) An entity having a contract as specified in subdivision (a) on the effective date of the act adding this section and an entity required to comply with this section pursuant to subdivision (d) by a private school with which it has a contract on the effective date of the act adding this section shall complete the requirements of this section within 90 days of that date.

(i) For purposes of this section, "private school" means a person, firm, association, partnership, or corporation offering or conducting private school instruction on the elementary or high school level.

(1) The installation of a physical barrier at the worksite to limit contact with pupils.

(2) Continual supervision and monitoring of all employees of the entity by an employee of the entity whom the Department of Justice has ascertained has not been convicted of a violent or serious felony. For purposes of this paragraph, an employee of the entity may submit

his or her fingerprints to the Department of Justice pursuant to subdivision (a) of Section 33192 and the department shall comply with subdivision (d) of Section 33192.

(3) Surveillance of employees of the entity by school personnel.

This notification shall be delivered by telephone or electronic mail to the employer submitting the fingerprints. If the employer submitting the fingerprints is notified by the Department of Justice that it cannot ascertain the required information about a person, the employer may not employ that person until the Department of Justice ascertains that information.

(3) The Department of Justice shall review the criminal record summary it obtains from the Federal Bureau of Investigation to ascertain whether an applicant for employment has a conviction, or an arrest pending final adjudication, for any sex offense, controlled substance offense, crime of violence, or serious or violent felony. The Department of Justice shall provide written notification to the private school employer only as to whether an applicant for employment has any convictions, or arrests pending final adjudication, for any of these crimes.

If the offense in question occurred outside this state, then the person may seek a finding of rehabilitation from the court in the county in which he or she is a resident.

(k) The Commission on Teacher Credentialing shall send on a monthly basis to each private school a list of all teachers who have had their state teaching credential revoked or suspended. The list shall be identical to the list compiled for public schools in the state. (e) Notwithstanding subdivision (a), a person shall not be denied a temporary certificate or a temporary certificate of clearance solely on the basis that the person has been convicted of a serious felony that is not also a violent felony, if that person can prove to the sentencing court of the offense in question, by clear and convincing evidence, that he or she has been rehabilitated for the purposes of school employment for at least one year. If the offense in question occurred outside this state, then the person may seek a finding of rehabilitation from the court in the school district in which he or she is a resident.

(f) (1) Notwithstanding paragraph (1) of subdivision (a), a county or city and county board of education may issue a temporary certificate to an employee currently and continuously employed by a school district within the county who is serving under a valid credential and has applied for a renewal of that credential or for an additional credential without obtaining a criminal record summary for that employee.

(2) Notwithstanding paragraph (2) of subdivision (a), a county or city and county board of education may issue a temporary certificate of clearance to an employee currently and continuously employed by a school district within the county who is serving under a valid credential and has applied for a renewal of that credential or for an additional credential without obtaining a criminal record summary for that employee.

SEC. 6. Section 44830.1 of the Education Code is amended to read:

44830.1. (a) In addition to any other prohibition or provision, no person who has been convicted of a violent or serious felony shall be hired by a school district in a position requiring certification qualifications or supervising positions requiring certification qualifications. A school district shall not retain in employment a current certificated employee who has been convicted of a violent or serious felony, and who is a temporary employee, a substitute employee, or a probationary employee serving before March 15 of the employee's second probationary year. If any conviction is reversed and the formerly convicted person is acquitted of the offense in a new trial, or the charges are dismissed, this section does not prohibit his or her employment thereafter.

(b) This section applies to any violent or serious offense which, if committed in this state, would have been punishable as a violent or serious felony.

(c) (1) For purposes of this section, a violent felony is any felony listed in subdivision (c) of Section 667.5 of the Penal Code and a serious felony is any felony listed in subdivision (c) of Section 1192.7 of the Penal Code.

(2) For purposes of this section, a plea of nolo contendere to a serious or violent felony constitutes a conviction.

(3) For purposes of this section, the term "school district" has the same meaning as defined in Section 41302.5.

(d) When the governing board of any school district requests a criminal record summary of a temporary, substitute, or probationary certificated employee, two fingerprint cards, bearing the legible rolled and flat impressions of the person's fingerprints together with a personal description and the fee, shall be submitted, by any means authorized by the Department of Justice, to the Department of Justice.

(e) When the Department of Justice ascertains that an individual who is an applicant for employment by a school district has been convicted of a violent or serious felony, or for purposes of implementing the prohibitions set forth in Section 44836, any sex offense, as defined in Section 44010, or any controlled substance offense, as defined in Section 44011, the department shall notify the school district of the criminal information pertaining to the applicant. The notification shall be delivered by telephone or electronic mail to the school district. The notification to the school district shall cease to be made once the statewide electronic fingerprinting network is returning responses within three working days. The Department of Justice shall send by first-class mail or electronic mail a copy of the criminal information to the Commission on Teacher Credentialing. The Department of Justice may charge a reasonable fee to cover the costs associated with processing, reviewing, and supplying the criminal record summary required by this section. In no event shall the fee exceed the actual costs incurred by the department.

(f) Notwithstanding subdivision (a), a person shall not be denied employment or terminated from employment solely on the basis that the person has been convicted of a violent or serious felony if the person has obtained a certificate of rehabilitation and pardon pursuant to Chapter 3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code.

(g) Notwithstanding subdivision (f), a person shall not be denied employment or terminated from employment solely on the basis that the person has been convicted of a serious felony that is not also a violent felony if that person can prove to the sentencing court of the offense in question, by clear and convincing evidence, that he or she has been rehabilitated for the purposes of school employment for at least one year. If the offense in question occurred outside this state, then the person may seek a finding of rehabilitation from the court in the school district in which he or she is a resident.

(h) Notwithstanding any other provision of law, when the Department of Justice notifies a school district by telephone or electronic mail that a current temporary employee, substitute employee, or probationary employee serving before March 15 of the employee's second probationary year, has been convicted of a violent or serious felony, that employee shall immediately be placed on leave without pay. When the school district receives written electronic notification of the fact of conviction from the Department of Justice, the employee shall be terminated automatically and without regard to any other procedure for termination specified in this code or school district procedures unless the employee challenges the record of the Department of Justice and the Department of Justice withdraws in writing its notification to the school district. Upon receipt of written withdrawal of notification from the Department of Justice, the employee shall immediately be reinstated with full restoration of salary and benefits for the period of time from the suspension without pay to the reinstatement.

(i) An employer shall request subsequent arrest service from the Department of Justice as provided under Section 11105.2 of the Penal Code.

(j) Notwithstanding Section 47610, this section applies to a charter school.

(k) This section shall not apply to a certificated employee who applies to renew his or her credential when both of the following conditions have been met:

(2) The employee has either been continuously employed in one or more public school districts since the issuance or last renewal of his or her credential or his or her credential has not expired between renewals.

(m) This section shall not prohibit a school district from hiring a certificated employee who became a permanent employee of another school district as of October 1, 1997.

(n) All information obtained from the Department of Justice is confidential. Every agency handling Department of Justice information shall ensure the following:

(d) Upon receipt from the Department of Justice of a criminal history record or report of subsequent arrest for any person on a common list of persons eligible for employment, the designated school district or county superintendent shall give notice to the superintendent of any participating district or a person designated in writing by that superintendent, that the report is available for inspection on a confidential basis by the superintendent or authorized designee, at the office of the designated school district or county superintendent, for a period of 30 days following receipt of notice, to enable the employing school district to determine whether the employee meets that district's criteria for continued employment. The designated school district or county superintendent shall not release a copy of that information to any participating district or any other person, shall retain or dispose of the information in the manner required by law after all participating districts have had an opportunity to inspect it in accordance with this section, and shall maintain a record of all persons to whom the information has been shown that shall be available to the Department of Justice to monitor compliance with the requirements of confidentiality contained in this section.

(e) Any agency processing Department of Justice responses pursuant to this section shall submit an interagency agreement to the Department of Justice to establish authorization to submit and receive information pursuant to this section.

(f) All information obtained from the Department of Justice is confidential. Every agency handling Department of Justice information shall ensure the following:

(2) If a person's conviction of a sex offense as defined in Section 44010 is reversed and the person is acquitted of the offense in a new trial or the charges against him or her are dismissed, this section does not prohibit his or her employment thereafter. If the dismissal was pursuant to Section 1203.4 of the Penal Code and the victim of the sex offense was a minor, this section does prohibit the person's employment.

(b) (1) The governing board of a school district also shall not employ or retain in employment persons in public school service who have been convicted of any controlled substance offense as defined in Section 44011.

(2) If a person's conviction for a controlled substance offense as defined in Section 44011 is reversed and the person is acquitted of the offense in a new trial or the charges against him or her are dismissed, this section does not prohibit his or her employment thereafter.

(c) Notwithstanding subdivision (b), the governing board of a school district may employ a person convicted of a controlled substance offense in a position requiring certification qualifications if that person holds an appropriate credential issued by the Commission on Teacher Credentialing.

SEC. 9. Section 45125 of the Education Code is amended to read:

45125. (a) (1) Except as provided in Section 45125.01, the governing board of any school district shall require each person to be employed in a position not requiring certification qualifications, except a secondary school pupil employed in a temporary or part-time position by the governing board of the school district having jurisdiction over the school attended by the pupil, to have two fingerprint cards bearing the legible rolled and flat impressions of the person's fingerprints together with a personal description of the applicant prepared by a local public law enforcement agency having jurisdiction in the area of the school district, which agency shall transmit the cards, together with the fee required by subdivision (f), to the Department of Justice; except that any district, or districts with a common board, may process the fingerprint cards if the district so elects.

(2) As used in this section, "local public law enforcement agency" includes any school district and as used in Section 45126 requires the Department of Justice to provide to any school district, upon application, information pertaining only to applicants for employment by the district, including applicants who are employees of another district.

(b) (1) Upon receiving the fingerprint cards, the Department of Justice shall ascertain whether the applicant has been arrested or convicted of any crime insofar as that fact can be ascertained from information available to the department and forward the information to the employing agency submitting the applicant's fingerprints no more than 15 working days after receiving the fingerprint cards. The Department of Justice shall not forward

records of criminal proceedings that did not result in a conviction but shall forward information on arrests pending adjudication.

(2) Upon implementation of an electronic fingerprinting system with terminals located statewide and managed by the Department of Justice, the Department of Justice shall ascertain the information required pursuant to this subdivision within three working days. If the Department of Justice cannot ascertain the information required pursuant to this subdivision within three working days, the department shall notify the school district that it cannot so ascertain the required information. This notification shall be delivered by telephone or electronic mail to the school district. If a school district is notified by the Department of Justice that it cannot ascertain the required information about a person, the school district may not employ that person until the Department of Justice ascertains that information.

(3) In the case of a person to be employed in a position not requiring certification qualifications who is described in subparagraph (A) or (B), the school district shall request the Department of Justice to forward one copy of the fingerprint cards to the Federal Bureau of Investigation for the purpose of obtaining any record of previous convictions of the applicant.

(A) The person has not resided in the State of California for at least one year immediately preceding the person's application for employment.

(B) The person has resided for more than one year, but less than seven years, in the State of California and the Department of Justice has ascertained that the person was convicted of a sex offense where the victim was a minor or a drug offense where an element of the offense is either the distribution to, or the use of a controlled substance by, a minor.

(c) The governing board of a school district shall not employ a person until the Department of Justice completes its check of the state criminal history file as set forth in this section and Sections 45125.5 and 45126, except that this subdivision does not apply to secondary school pupils who are to be employed in a temporary or part-time position by the governing board of the school district having jurisdiction over the school they attend.

(d) The governing board of each district shall maintain a list indicating the number of current employees, except secondary school pupils employed in a temporary or part-time position by the governing board of the school district having jurisdiction over the school they attend, who have not completed the requirements of this section. The Department of Justice shall process these cards within 30 working days of their receipt and any cards in its possession on the date of the amendment of this section by Assembly Bill 1610 of the 1997–98 Regular Session within 30 working days of that date. School districts that have previously submitted identification cards for current employees to either the Department of Justice or the Federal

Bureau of Investigation shall not be required to further implement the provisions of this section as it applies to those employees.

(e) A plea or verdict of guilty or a finding of guilt by a court in a trial without a jury or forfeiture of bail is deemed to be a conviction within the meaning of this section, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code allowing the withdrawal of the plea of guilty and entering of a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusations or information.

(f) (1) The school district shall provide the means whereby the fingerprint cards may be completed and may charge a fee determined by the Department of Justice to be sufficient to reimburse the department for the costs incurred in processing the application. The amount of the fee shall be forwarded to the Department of Justice with the required copies of applicant's fingerprint cards. The governing board may collect a reasonable fee payable to the local public law enforcement agency taking the fingerprints and completing the data on the fingerprint cards. In no event shall the fee exceed the actual costs incurred by the agency.

(2) The additional fees shall be transmitted to the city or county treasury. If an applicant is subsequently hired by the board within 30 days of the application, the fee may be reimbursed to the applicant. Funds not reimbursed to applicants shall be credited to the general fund of the district. If the fingerprint cards forwarded to the Department of Justice are those of a person already in the employ of the governing board, the district shall pay the fee required by this section, which fee shall be a proper charge against the general fund of the district, and no fee shall be charged the employee.

(g) This section applies to substitute and temporary employees regardless of length of employment.

(h) Subdivision (c) of this section shall not apply to a person to be employed if a school district determines that an emergency or an exceptional situation exists, and that a delay in filling the position in which the person would be employed would endanger pupil health or safety.

(i) Where reasonable access to the statewide, electronic fingerprinting network is available, the Department of Justice may mandate electronic submission of the fingerprints and related information required by this section.

(j) A school district shall request subsequent arrest service from the Department of Justice as provided under Section 11105.2 of the Penal Code.

(k) All information obtained from the Department of Justice is confidential. Each agency handling Department of Justice information shall ensure the following:

(1) No recipient may disclose its contents or provide copies of information.

(2) Information received shall be stored in a locked file separate from other files, and shall only be accessible to the custodian of records.

(3) Information received shall be destroyed upon the hiring determination in accordance with subdivision (a) of Section 708 of Title 11 of the California Code of Regulations.

(4) Compliance with destruction, storage, dissemination, auditing, backgrounding, and training requirements as set forth in Sections 700 through 708, inclusive, of Title 11 of the California Code of Regulations and Section 11077 of the Penal Code governing the use and security of criminal offender record information is the responsibility of the entity receiving the information from the Department of Justice.

The designated school district or county superintendent shall not release a copy of that information to any

participating district or any other person, shall retain or dispose of the information in the manner required by law after all participating districts have had an opportunity to inspect it in accordance with this section, and shall maintain a record of all persons to whom the information has been shown that shall be available to the Department of Justice to monitor compliance with the requirements of confidentiality contained in this section.

(e) Any agency processing Department of Justice responses pursuant to this section shall submit an interagency agreement to the Department of Justice to establish authorization to submit and receive information pursuant to this section.

(3) Information received shall be destroyed upon the hiring determination in accordance with subdivision (a) of Section 708 of Title 11 of the California Code of Regulations.

(4) Compliance with destruction, storage, dissemination, auditing, backgrounding, and training requirements as set forth in Sections 700 through 708, inclusive, of Title 11 of the California Code of Regulations and Section 11077 of the Penal Code governing the use and security of criminal offender record information is the responsibility of the entity receiving the information from the Department of Justice.

SEC. 11. Section 45125.1 of the Education Code is amended to read:

(a) Except as provided in subdivisions (b) and (c), if the employees of any entity that has a contract with a school district, as defined in Section 41302.5, to provide any of the following services may have any contact with pupils, those employees shall submit or have submitted their fingerprints in a manner authorized by the Department of Justice together with a fee determined by the Department of Justice to be sufficient to reimburse the department for its costs incurred in processing the application:

(1) School and classroom janitorial.

(2) Schoolsite administrative.

(3) Schoolsite grounds and landscape maintenance.

(4) Pupil transportation.

(5) Schoolsite food-related.

(b) This section shall not apply to an entity providing any of the services listed in subdivision (a) to a school district in an emergency or exceptional situation, such as when pupil health or safety is

endangered or when repairs are needed to make school facilities safe and habitable.

(c) This section shall not apply to an entity providing any of the services listed in subdivision (a) to a school district when the school district determines that the employees of the entity will have limited contact with pupils. In determining whether a contract employee has limited contact with pupils, the school district shall consider the totality of the circumstances, including factors such as the length of time the contractors will be on school grounds, whether pupils will be in proximity with the site where the contractors will be working, and whether the contractors will be working by themselves or with others. If a school district has made this determination, the school district shall take appropriate steps to protect the safety of any pupils that may come in contact with these employees.

(d) A school district may determine, on a case-by-case basis, to require an entity providing schoolsite services other than those listed in subdivision (a) or those described in Section 45125.2 and the entity's employees to comply with the requirements of this section, unless the school district determines that the employees of the entity will have limited contact with pupils. In determining whether a contract employee will have limited contact with pupils, the school district shall consider the totality of the circumstances, including factors such as the length of time the contractors will be on school grounds, whether pupils will be in proximity with the site where the contractors will be working, and whether the contractors will be working by themselves or with others. If a school district makes this determination, the school district shall take appropriate steps to protect the safety of any pupils that may come in contact with these employees. If a school district requires an entity providing services other than those listed in subdivision (a) and its employees to comply with the requirements of this section, the Department of Justice shall comply with subdivision.

(e) (1) The Department of Justice shall ascertain whether the individual whose fingerprints were submitted to it pursuant to subdivision (a) has been arrested or convicted of any crime insofar as that fact can be ascertained from information available to the department. Upon implementation of an electronic fingerprinting system with terminals located statewide and managed by the Department of Justice, the department shall ascertain the information required pursuant to this section within three working days. When the Department of Justice ascertains that an individual whose fingerprints were submitted to it pursuant to subdivision (a) has a pending criminal proceeding for a felony as defined in Section 45122.1 or has been convicted of a felony as defined in Section 45122.1, the department shall notify the employer designated by the individual of that fact. The notification shall be delivered by telephone or electronic mail to the employer.

(2) The Department of Justice, at its discretion, may notify the school district in instances when the employee is defined as having a pending criminal proceeding described in Section 45122.1 or has been convicted of a felony as defined in Section 45122.1.

(3) The Department of Justice may forward one copy of the fingerprints to the Federal Bureau of Investigation to verify any record of previous arrests or convictions of the applicant. The Department of Justice shall review the criminal record summary it obtains from the Federal Bureau of Investigation and shall notify the employer only as to whether or not an applicant has any convictions or arrests pending adjudication for offenses which, if committed in California, would have been punishable as a violent or serious felony. The Department of Justice shall not provide any specific offense information received from the Federal Bureau of Investigation. The Department of Justice shall provide written notification to the contract employer only concerning whether an applicant for employment has any conviction or arrest pending final adjudication for any of those crimes, as specified in Section 45122.1, but shall not provide any information identifying any offense for which an existing employee was convicted or has an arrest pending final adjudication.

(f) An entity having a contract as specified in subdivision (a) and an entity required to comply with this section pursuant to subdivision (d) shall not permit an employee to come in contact with pupils until the Department of Justice has ascertained that the employee has not been convicted of a felony as defined in Section 45122.1.

(1) This prohibition does not apply to an employee solely on the basis that the employee has been convicted of a felony if the employee has obtained a certificate of rehabilitation and pardon pursuant to Chapter 3.5 (commencing with Section 4852.01) of Title 6 of Part 3 of the Penal Code.

(2) This prohibition does not apply to an employee solely on the basis that the employee has been convicted of a serious felony that is not also a violent felony if that employee can prove to the sentencing court of the offense in question, by clear and convincing evidence, that he or she has been rehabilitated for the purposes of schoolsite employment for at least one year. If the offense in question occurred outside this state, then the person may seek a finding of rehabilitation from the court in the school district in which he or she is resident.

(g) An entity having a contract as specified in subdivision (a) and an entity required to comply with this section pursuant to subdivision (d) shall certify in writing to the school district that neither the employer nor any of its employees who are required by this section to submit or have their fingerprints submitted to the Department of Justice and who may come in contact with pupils have been convicted of a felony as defined in Section 45122.1.

(h) An entity having a contract as specified in subdivision (a) on the effective date of this section and an entity required to comply

with this section pursuant to subdivision (d) by a school district with which it has a contract on the effective date of the amendments made to this section during the 1997–98 Regular Session shall complete the requirements of this section within 90 days of that date.

(i) For purposes of this section, a charter school shall be deemed to be a school district.

(j) Where reasonable access to the statewide electronic fingerprinting network is available, the Department of Justice may mandate electronic submission of the fingerprint cards and other information required by this section.

(d) It is the intent of the Legislature that at least 200 tattoo removals shall be performed at each tattoo removal site in its first year of operation. After two years of operation, community groups that participate in this program and the operators of each site shall report to the Department of the Youth Authority on the number of tattoo removals performed by each device and the success of the program in assisting individuals to join the work force. By March 1, 2000, the Department of the Youth Authority shall report these findings to the Legislature.

(e) It is the intent of the Legislature to expand these pilot programs as rapidly as possible to other areas of the state where there

The agreement shall contain provisions for withholding full or partial payments for individual components of test administration, including, but not limited to, test development, publication, administration, scoring, test security, data aggregation, analysis, reporting, or electronic transmission. The standard agreement shall specify the exact reports and data files that are to be provided to the district by the publisher, and the number of copies of each report or file to be provided. [Approved by Governor September 24, 1998. Filed with Secretary of State September 25, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 2550.3 of the Education Code is amended to read:

2550.3. Each county superintendent of schools, as a condition of apportionment, shall report separately to the Superintendent of Public Instruction, not later than May 1, 1998, and September 1, 1998, respectively, what portions of attendance in the schools and classes maintained by the county superintendent that was reported for each of the 1996–97 and 1997–98 school years pursuant to Section 41601 consisted of absences excused pursuant to subdivision (b) of Section 46010 and to Section 46015, as those sections read on July 1, 1996.

Each report shall be prepared in accordance with instructions and on forms prescribed by the Superintendent of Public Instruction.

SEC. 2. Section 35120 of the Education Code is amended to read:

35120. (a) (1) In any school district in which the average daily attendance for the prior school year exceeded 400,000, each member of the city board of education or the governing board of the district who actually attends all meetings held may receive as compensation for his or her services a sum not to exceed two thousand dollars ($2,000) per month.

(2) In any school district that is not located in a city and county, and in which the average daily attendance for the prior school year exceeded 60,000, the governing board may prescribe, as compensation for the services of each member of the board who actually attends all meetings held, a sum not to exceed one thousand five hundred dollars ($1,500) in any month.

(3) In any school district in which the average daily attendance for the prior school year was 60,000, or less, but more than 25,000, each member of the city board of education or the governing board of the district who actually attends all meetings held may receive as compensation for his or her services a sum not to exceed seven hundred fifty dollars ($750) in any month.

(4) In any school district in which the average daily attendance for the prior school year was 25,000, or less, but more than 10,000, each member of the city board of education or the governing board of the district who actually attends all meetings held may receive as compensation for his or her services a sum not to exceed four hundred dollars ($400) in any month.

(5) In any school district in which the average daily attendance for the prior school year was 10,000 or less but more than 1,000, each member of the city board of education or the governing board of the district who actually attends all meetings held may receive as compensation for his or her services a sum not to exceed two hundred forty dollars ($240) in any month.

(6) In any school district in which the average daily attendance for the prior school year was 1,000 or less but more than 150, each member of the city board of education or the governing board of the district who actually attends all meetings held may receive as compensation for his or her services a sum not to exceed one hundred twenty dollars ($120) in any month.

(7) In any school district in which the average daily attendance for the prior school year was less than 150, each member of the city board of education or the governing board of the district who actually attends all meetings held may receive as compensation for his or her services a sum not to exceed sixty dollars ($60) per month.

(8) Any member who does not attend all meetings held in any month may receive, as compensation for his or her services, an amount not greater than the maximum amount allowed by this subdivision divided by the number of meetings held and multiplied by the number of meetings actually attended.

(9) For the purposes of providing compensation pursuant to paragraphs (1) to (7), inclusive, average daily attendance for the prior school year may be increased by a school district's percentage of excused absences reported for the 1996–97 fiscal year.

(b) The compensation of members of the governing board of a school district newly organized or reorganized shall be governed by subdivision (a). For this purpose, the total average daily attendance in all of the schools of the district in the school year in which the

organization or reorganization became effective pursuant to Section 4062 shall be deemed to be the average daily attendance in the district for the prior school year.

(c) A member may be paid for any meeting when absent if the board by resolution duly adopted and included in its minutes finds that at the time of the meeting he or she is performing services outside the meeting for the school district or districts, he or she was ill or on jury duty, or the absence was due to a hardship deemed acceptable by the board.

(d) The compensation shall be a charge against the funds of the school district. If the city board of education or the governing board of the district is the governing board of more than one school district, the compensation shall be charged against and paid by the respective school districts in the same proportion as the salary of the city superintendent of schools is charged against them. Compensation shall be reduced by an amount equal to any salary or compensation paid to the members of the city board of education from any funds of the city.

SEC. 3. Section 42238 of the Education Code is amended to read:

42238. (a) For the 1984–85 fiscal year and each fiscal year thereafter, the county superintendent of schools shall determine a revenue limit for each school district in the county pursuant to this section.

(b) The base revenue limit for the current fiscal year shall be determined by adding to the base revenue limit for the prior fiscal year the following amounts:

(1) The inflation adjustment specified in Section 42238.1.

(2) For the 1995–96 fiscal year, the equalization adjustment specified in Section 42238.4.

(3) For the 1996–97 fiscal year, the equalization adjustments specified in Sections 42238.41, 42238.42, and 42238.43.

(4) For the 1985–86 fiscal year, the amount received per unit of average daily attendance in the 1984–85 fiscal year pursuant to Section 42238.7.

(5) For the 1985–86, 1986–87, and 1987–88 fiscal years, the amount per unit of average daily attendance received in the prior fiscal year pursuant to Section 42238.8.

(c) Except for districts subject to subdivision (d), the base revenue limit computed pursuant to subdivision (b) shall be multiplied by the district average daily attendance computed pursuant to Section 42238.5.

(d) (1) For districts for which the number of units of average daily attendance determined pursuant to Section 42238.5 is greater for the current fiscal year than for the 1982–83 fiscal year, compute the following amount, in lieu of the amount computed pursuant to subdivision (c):

(A) Multiply the base revenue limit computed pursuant to subdivision (c) by the average daily attendance computed pursuant to Section 42238.5 for the 1982–83 fiscal year.

(B) Multiply the lesser of the amount in subdivision (c) or 1.05 times the statewide average base revenue limit per unit of average daily attendance for districts of similar type for the current fiscal year by the difference between the average daily attendance computed pursuant to Section 42238.5 for the current and 1982–83 fiscal years.

(C) Add the amounts in subparagraphs (A) and (B).

(2) This subdivision shall become inoperative on July 1, 1998.

(e) For districts electing to compute units of average daily attendance pursuant to paragraph (3) of subdivision (a) of Section 42238.5, the amount computed pursuant to Article 4 (commencing with Section 42280) shall be added to the amount computed in subdivision (c) or (d), as appropriate.

(f) For the 1984–85 fiscal year only, the county superintendent shall reduce the total revenue limit computed in this section by the amount of the decreased employer contributions to the Public Employees' Retirement System resulting from enactment of Chapter 330 of the Statutes of 1982, offset by any increase in those contributions, as of the 1983–84 fiscal year, resulting from subsequent changes in employer contribution rates.

(g) The reduction required by subdivision (f) shall be calculated as follows:

(1) Determine the amount of employer contributions that would have been made in the 1983–84 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately prior to the enactment of Chapter 330 of the Statutes of 1982 were in effect during the 1983–84 fiscal year.

(2) Subtract from the amount determined in paragraph (1) the greater of subparagraph (A) or (B):

(A) The amount of employer contributions that would have been made in the 1983–84 fiscal year if the applicable Public Employees' Retirement System employer contribution rate in effect immediately after the enactment of Chapter 330 of the Statutes of 1982 were in effect during the 1983–84 fiscal year.

(B) The actual amount of employer contributions made to the Public Employees' Retirement System in the 1983–84 fiscal year.

(3) For purposes of this subdivision, employer contributions to the Public Employees' Retirement System for any of the following shall be excluded from the calculation specified above:

(A) Positions supported totally by federal funds that were subject to supplanting restrictions.

(B) Positions supported by funds received pursuant to Section 42243.6.

(C) Positions supported, to the extent of employer contributions not exceeding twenty-five thousand dollars ($25,000) by any single educational agency, from a revenue source determined on the basis

of equity to be properly excludable from the provisions of this subdivision by the Superintendent of Public Instruction with the approval of the Director of Finance.

(4) For accounting purposes, the reduction made by this subdivision may be reflected as an expenditure from appropriate sources of revenue as directed by the Superintendent of Public Instruction.

(h) The Superintendent of Public Instruction shall apportion to each school district the amount determined in this section less the sum of:

(1) The district's property tax revenue received pursuant to Chapter 3 (commencing with Section 75) and Chapter 6 (commencing with Section 95) of Part 0.5 of the Revenue and Taxation Code.

(2) The amount, if any, received pursuant to Part 18.5 (commencing with Section 38101) of the Revenue and Taxation Code.

(3) The amount, if any, received pursuant to Chapter 3 (commencing with Section 16140) of the Government Code.

(4) Prior years' taxes and taxes on the unsecured roll.

(5) Fifty percent of the amount received pursuant to Section 41603.

(6) The amount of motor vehicle license fees distributed pursuant to Section 11003.4 of the Revenue and Taxation Code.

(7) The amount, if any, received pursuant to any provision of the Community Redevelopment Law (Part 1 (commencing with Section 33000) of Division 24 of the Health and Safety Code), except for any amount received pursuant to Section 33401 or 33676 of the Health and Safety Code that is used for land acquisition, facility construction, reconstruction, or remodeling, or deferred maintenance, except for any amount received pursuant to Section 33492.15, paragraph (4) of subdivision (a) of Section 33607.5, or Section 33607.7 of the Health and Safety Code that is allocated exclusively for educational facilities.

(i) This section shall become operative July 1, 1984.

SEC. 4. Section 42238.5 of the Education Code is amended to read:

42238.5. (a) For purposes of Section 42238, the fiscal year average daily attendance shall be computed pursuant to paragraph (1) or (2).

(1) The second principal apportionment regular average daily attendance for either the current or prior fiscal year, whichever is greater. However, prior fiscal year average daily attendance shall be adjusted for any loss or gain of average daily attendance due to a reorganization or transfer of territory, or, commencing in the 1993–94 fiscal year, and each fiscal year thereafter, for any change in average daily attendance for pupils who are concurrently enrolled in adult programs and classes pursuant to Section 52616.17.

(2) Any school district that elects to receive funding pursuant to Article 4 (commencing with Section 42280) shall compute its units of average daily attendance for purposes of Section 42238 by subtracting the amount determined in subparagraph (B) from the amount determined in subparagraph (A).

(A) The units of average daily attendance computed pursuant to paragraph (1).

(B) The units of average daily attendance resulting from pupils attending schools funded pursuant to Article 4 (commencing with Section 42280).

(b) For purposes of this article, regular average daily attendance shall be the base revenue limit average daily attendance, excluding summer school average daily attendance.

(c) For purposes of this section, for the 1998–99 fiscal year only, the prior year average daily attendance shall be the 1997–98 regular average daily attendance, excluding absences excused pursuant to subdivision (b) of Section 46010, as that subdivision read on July 1, 1996.

SEC. 5. Section 42238.7 of the Education Code is amended to read:

42238.7. The governing board of each school district, as a condition of apportionment, shall report to the Superintendent of Public Instruction, not later than May 1, 1998, and September 1, 1998, respectively, the portion of the attendance in the schools and classes maintained by the district that was reported for each of the 1996–97 and 1997–98 school years pursuant to Section 41601 that consisted of absences excused pursuant to subdivision (b) of Section 46010 and to Section 46015, as those sections read on July 1, 1996.

SEC. 6. Section 42238.8 of the Education Code is amended to read:

42238.8. (a) Effective July 1, 1998, the Superintendent of Public Instruction shall make a one-time adjustment to the revenue limit per unit of average daily attendance of each school district. This one-time adjustment shall apply for the 1998–99 fiscal year, and for each fiscal year thereafter, but not for any year prior to 1998–99, and shall be accomplished by revision of the prior fiscal year revenue limit per unit of average daily attendance, as follows:

(1) Determine a revised revenue limit per unit of average daily attendance for the 1996–97 fiscal year as follows:

(A) For each school district that had its revenue limit funding for the 1996–97 fiscal year calculated on the basis of its 1996–97 average daily attendance pursuant to paragraph (1) of subdivision (a) of Section 42238.5, the revised revenue limit per unit of average daily attendance shall equal the adjusted total base revenue limit determined pursuant to paragraph (2) divided by the adjusted average daily attendance determined pursuant to subparagraph (A) of paragraph (3).

(B) For each school district that had its revenue limit funding for the 1996–97 fiscal year calculated on the basis of its 1995–96 average daily attendance pursuant to paragraph (1) of subdivision (a) of Section 42238.5, the revised revenue limit per unit of average daily attendance shall equal the adjusted total base revenue limit determined pursuant to paragraph (2) divided by the adjusted average daily attendance determined pursuant to subparagraphs (B), (C), and (D) of paragraph (3).

(2) Determine the amount of the 1996–97 total base revenue limit funding received pursuant to Section 42238 for growth and nongrowth average daily attendance, including, as nongrowth average daily attendance, attendance in necessary small schools in the year determined to be the greater pursuant to paragraph (1) of subdivision (a) of Section 42238.5 for the 1996–97 fiscal year, but excluding attendance in nonpublic, nonsectarian schools, county office operated special education, and county community school programs.

(3) (A) Reduce the average daily attendance figure used to make the determination set forth in paragraph (2) by the amount of average daily attendance included in that figure for excused absences pursuant to subdivision (b) of Section 46010 as that subdivision read on July 1, 1996.

(B) Determine the second principal apportionment average daily attendance for the 1996–97 fiscal year, including attendance in necessary small schools and attendance for excused absences pursuant to subdivision (b) of Section 46010 as it read on July 1, 1996, but excluding attendance, including attendance for excused absences, in nonpublic, nonsectarian schools, county-operated special education programs, and county community schools.

(C) Determine the second principal apportionment average daily attendance for the 1996–97 fiscal year, including attendance in necessary small schools, but excluding attendance in nonpublic, nonsectarian schools, county-operated special education programs, and county community schools and for excused absences pursuant to subdivision (b) of Section 46010 as it read on July 1, 1996.

(D) Calculate the adjusted revenue limit average daily attendance by multiplying the average daily attendance figure used to make the determination set forth in paragraph (2) by the quotient of the amount determined pursuant to subparagraph (C) divided by the amount determined pursuant to subparagraph (B).

(4) Recalculate the 1997–98 fiscal year revenue limit per unit of average daily attendance to reflect the revision in the 1996–97 revenue limit per unit of average daily attendance determined pursuant to paragraph (1).

(b) The calculations made pursuant to paragraphs (1) and (4) of subdivision (a) shall not be used for apportionment purposes for either of the fiscal years referred to in those paragraphs or for adjustments for those years.

(c) If the governing board of any school district demonstrates to the satisfaction of the Superintendent of Public Instruction that, because of extraordinary circumstances beyond the control of the school district, the amount of absences excused in one or more district programs in fiscal year 1996–97 pursuant to subdivision (b) of Section 46010 as it read on July 1, 1996, was significantly lower than it would ordinarily have been in comparison to the amount of actual attendance in fiscal year 1996–97, the Superintendent of Public Instruction shall make a compensating adjustment, consistent with the provisions of Section 2 of the Education Code, in the calculation set forth in this section.

SEC. 7. Section 42238.9 of the Education Code is amended to read:

42238.9. The amount per unit of average daily attendance subtracted pursuant to Section 56712 for revenue limits for pupils in special classes and centers shall be the district's total revenue limit for the current fiscal year computed pursuant to Section 42238, including funds received pursuant to Article 4 (commencing with Section 42280), but excluding the total amount of funds received pursuant to Sections 46200 to 46206, inclusive, and Section 45023.4, as that section read on July 1, 1986, divided by the district's current year average daily attendance pursuant to Section 42238.5. The amount per unit of average daily attendance that is excluded in this calculation for each school district shall be increased for the 1998–99 fiscal year by the quotient for that district of the amount determined pursuant to subparagraph (B) of paragraph (3) of subdivision (a) of Section 42238.8 divided by the amount determined pursuant to subparagraph (C) of paragraph (3) of subdivision (a) of Section 42238.8.

SEC. 8. Section 42243.7 of the Education Code is amended to read:

42243.7. (a) For any school district that commenced operations on or after June 30, 1978, or for any school district that receives approval from the State Department of Education for a new continuation education high school for the 1979–80 fiscal year, or any fiscal year thereafter, the Superintendent of Public Instruction shall compute an adjustment to the district revenue limit pursuant to this section.

(b) Determine the amount of foundation program which the district would have been entitled to pursuant to subdivision (a) of Section 41711 if the district had operated during the 1977–78 fiscal year utilizing the number of units of average daily attendance attending high school in the district in the fiscal year for which the revenue limit is being computed.

(c) Determine the amount of foundation program which the district would have been entitled to pursuant to paragraph (1) of subdivision (b) of Section 41711 if the district had operated during

the 1977–78 fiscal year utilizing the same number of units of average daily attendance used in subdivision (b) of this section.

(d) Subtract the amount determined pursuant to subdivision (c) from the amount computed pursuant to subdivision (b).

(e) The amount computed pursuant to subdivision (d), if greater than zero, shall be added to the revenue limit computed pursuant to subdivision (c) of Section 42237 or pursuant to Section 42238. If the amount in subdivision (d) is less than zero there is no adjustment.

(f) The Superintendent of Public Instruction shall reduce by the amount computed pursuant to subdivision (e) the revenue limit computed pursuant to Section 42238 of any district discontinuing the operation of a continuation education school approved pursuant to subdivision (a).

(g) Commencing with the 1994–95 fiscal year and each fiscal year thereafter, the adjustment computed pursuant to this section shall not be adjusted by the deficit factor applied to the revenue limit of each school district pursuant to Section 42238.145.

(h) The adjustment computed pursuant to this section for a new continuation education high school may be applicable for any unified school district that was not fully operational during the first year of operation of the continuation education high school. The number of units of average daily attendance to be used in computing the adjustment shall be the number of units of average daily attendance generated by the continuation education high school in the district for the first year that the district is fully operational in all grades.

(i) In the 1998–99 fiscal year and each fiscal year thereafter, the ranges of average daily attendance resulting from the calculation set forth in this section pursuant to Section 41711, as that section read on July 1, 1977, shall be reduced by the statewide average percentage that absences excused pursuant to subdivision (b) of Section 46010, as that section read on July 1, 1996, were of total second principal apportionment regular average daily attendance for high schools in 1996–97, with the reduced ranges then rounded to the nearest integer.

SEC. 9. Section 42280 of the Education Code is amended to read:

42280. (a) For each school district that meets, in the current or prior fiscal year, the conditions specified in Section 42281, 42282, or 42284 the county superintendent of schools shall compute, for each qualifying school in the district, an amount pursuant to this article.

(b) For each school district that is a countywide unified school district that had fewer than 2,501 units of average daily attendance in the 1990–91 fiscal year, the county superintendent of schools shall compute an amount pursuant to this article for those schools that meet the conditions specified in Sections 42283 and 42285 in the current or prior fiscal year. This subdivision is only applicable to those schools funded pursuant to this article in the 1990–91 fiscal year and, in subsequent years, if the school district has no more than 3,000 units of average daily attendance.

(c) For the 1998–99 fiscal year, average daily attendance reported pursuant to Section 41601 for the 1997–98 fiscal year, exclusive of average daily attendance for absences excused pursuant to subdivision (b) of Section 46010 as that subdivision read on July 1, 1996, shall be used for the purpose of determining whether school districts meet the conditions in Sections 42281, 42282, and 42284 for the prior fiscal year.

SEC. 10. Section 42281 of the Education Code is amended to read:

42281. (a) Except as specified in paragraph (4), for each elementary school district that maintains only one school with a second principal apportionment average daily attendance of less than 101, the county superintendent shall make one of the following computations, whichever provides the lesser amount:

(1) For each small school that has an average daily attendance during the fiscal year of less than 26, exclusive of pupils attending the 7th and 8th grades of a junior high school, and for which school at least one teacher was hired full time, the county superintendent shall compute for the district fifty-two thousand nine hundred twenty-five dollars ($52,925).

(2) For each small school that has an average daily attendance during the fiscal year of 26 or more and less than 51, exclusive of pupils attending the 7th and 8th grades of a junior high school, and for which school at least two teachers were hired full time for more than one-half of the days schools were maintained, the county superintendent shall compute for the district one hundred five thousand eight hundred fifty dollars ($105,850).

(3) For each small school that has an average daily attendance during the fiscal year of 51 or more but less than 76, exclusive of pupils attending the 7th and 8th grades of a junior high school, and for which school three teachers were hired full time for more than one-half of the days schools were maintained, the county superintendent shall compute for the district one hundred fifty-eight thousand seven hundred seventy-five dollars ($158,775).

(4) For each small school that has an average daily attendance during the fiscal year of 76 or more and less than 101, exclusive of pupils attending the 7th and 8th grades of a junior high school, and for which school four teachers were hired full time for more than one-half of the days schools were maintained, the county superintendent shall compute for the district two hundred eleven thousand seven hundred dollars ($211,700). A school district that qualifies under this subdivision may use this funding calculation until the revenue limit per unit of average daily attendance multiplied by the average daily attendance produces state aid equal to the small school funding formula.

(b) For the 1998–99 fiscal year and each fiscal year thereafter, the average daily attendance figure of 101 specified in subdivision (a) and the ranges of average daily attendance specified in paragraphs (1) to (4), inclusive, shall be reduced by the statewide average rate

of excused absence reported for elementary school districts for the 1996–97 fiscal year pursuant to Section 42238.7, with the resultant figures and ranges rounded to the nearest integer.

SEC. 11. Section 42282 of the Education Code is amended to read:

42282. For each district with fewer than 2,501 units of second principal apportionment average daily attendance, on account of each necessary small school, the county superintendent shall make the following computations:

(a) For each necessary small school which has an average daily attendance during the fiscal year of less than 26, exclusive of pupils attending the 7th and 8th grades of a junior high school, and for which school at least one teacher was hired full time, the county superintendent shall compute for the district fifty-two thousand nine hundred twenty-five dollars ($52,925).

(b) For each necessary small school which has an average daily attendance during the fiscal year of 26 or more and less than 51, exclusive of pupils attending the 7th and 8th grades of a junior high school, and for which school at least two teachers were hired full time for more than one-half of the days schools were maintained, the county superintendent shall compute for the district one hundred five thousand eight hundred fifty dollars ($105,850).

(c) For each necessary small school which has an average daily attendance during the fiscal year of 51 or more but less than 76, exclusive of pupils attending the 7th and 8th grades of a junior high school, and for which school three teachers were hired full time for more than one-half of the days schools were maintained, the county superintendent shall compute for the district one hundred fifty-eight thousand seven hundred seventy-five dollars ($158,775).

(d) For each necessary small school which has an average daily attendance during the fiscal year of 76 or more and less than 101, exclusive of pupils attending the 7th and 8th grades of a junior high school, and for which school four teachers were hired full time for more than one-half of the days schools were maintained, the county superintendent shall compute for the district two hundred eleven thousand seven hundred dollars ($211,700). These school districts may use this funding calculation until the revenue limit per unit of average daily attendance multiplied by the average daily attendance produces state aid equal to the small school funding formula.

(e) For the 1998–99 fiscal year and each fiscal year thereafter, the ranges of average daily attendance specified in subdivisions (a) to (d), inclusive, shall be reduced by the statewide average rate of excused absence reported for high school districts for the 1996–97 fiscal year pursuant to Section 42238.7, with the resultant figures and ranges rounded to the nearest integer.

SEC. 12. Section 42283 of the Education Code is amended to read:

42283. (a) For the purposes of Section 42282, a "necessary small school" is an elementary school with an average daily attendance of less than 101, exclusive of pupils attending the seventh and eighth

grades of a junior high school, maintained by a school district which maintains two or more schools and to which school any of the following conditions apply:

(1) If as many as five pupils residing in the district and attending kindergarten and grades 1 to 8, inclusive, exclusive of pupils attending the seventh and eighth grades of a junior high school in the elementary school with an average daily attendance of less than 101 would be required to travel more than 10 miles one way from a point on a well-traveled road nearest their home to the nearest other public elementary school.

(2) If as many as 15 pupils residing in the district and attending kindergarten and grades 1 to 8, inclusive, exclusive of pupils attending the seventh and eighth grades of a junior high school in the elementary school with an average daily attendance of less than 101 would be required to travel more than five miles one way from a point on a well-traveled road nearest their home to the nearest other public elementary school.

(3) If topographical or other conditions exist in a district which would impose unusual hardships if the number of miles specified in paragraph (1) or (2) were required to be traveled, or if during the fiscal year the roads which would be traveled have been impassable for more than an average of two weeks per year for the preceding five years, the governing board of the district may, on or before April 1, request the Superintendent of Public Instruction, in writing, for an exemption from these requirements or for a reduction in the miles required. The request shall be accompanied by a statement of the conditions upon which the request is based, giving the information in a form required by the Superintendent of Public Instruction. The Superintendent of Public Instruction shall cause an investigation to be made, and shall either grant the request to the extent he or she deems necessary, or deny the request.

(b) For the 1998–99 fiscal year and each fiscal year thereafter, a "necessary small school," as defined in subdivision (a), shall be an elementary school with an average daily attendance of less than 101 reduced by the statewide average rate of excused absence reported for elementary school districts for the 1996–97 fiscal year pursuant to Section 42238.7, rounded to the nearest integer.

SEC. 13. Section 42284 of the Education Code is amended to read:

42284. (a) For each district with fewer than 2,501 units of average daily attendance, on account of each necessary small high school, the county superintendent of schools shall make one of the following computations selected with regard only to the number of certificated employees employed or average daily attendance, whichever provides the lesser amount:

Average daily attendance	Minimum number of certificated employees	Amount to be computed
1– 20	less than 3	$42,980 per teacher
1– 20	3	191,340
21– 40	4	234,320
41– 60	5	277,300
61– 75	6	320,280
76– 90	7	363,260
91–105	8	406,240
106–120	9	449,220
121–135	10	492,200

221–260	14	664,120
261–300	15	707,100

(b) For purposes of this section, a "certificated employee" means an equivalent full-time position of an individual holding a credential authorizing service and providing service in grades 9 to 12, inclusive, in any secondary school. Any fraction of an equivalent full-time position remaining after all equivalent full-time positions for certificated employees within the district have been calculated shall be deemed to be a full-time position.

(c) A school district that qualifies under this section may use the funding calculation as provided in this section until the revenue limit per unit of average daily attendance multiplied by the average daily attendance produces state aid equal to the funding provided under this section.

(d) For the 1998–99 fiscal year and each fiscal year thereafter, the ranges of average daily attendance specified in the table in subdivision (a) shall be reduced by the statewide average rate of excused absence reported for high school districts for the 1996–97 fiscal year pursuant to Section 42238.7, with the resultant ranges rounded to the nearest integer.

SEC. 14. Section 42285 of the Education Code is amended to read:

42285. (a) A necessary small high school for the purposes of Section 42284, is a high school with an average daily attendance of less than 301, excluding continuation schools, which comes within any of the following conditions (except that a single high school maintained by a unified district, or a high school maintained by any district for

the exclusive purpose of educating juvenile hall pupils or pupils with exceptional needs, shall be considered a necessary small high school):

(1) The projection of its future enrollment on the basis of the enrollment of the elementary schools in the district shows that within eight years the enrollment in high school in grades 9 to 12, inclusive, will exceed 300 pupils.

(2) Any one of the following combinations of distance and units of average daily attendance applies:

(A) The high school had an average daily attendance of less than 100 in grades 9 to 12, inclusive, during the preceding fiscal year and is more than 15 miles by well-traveled road from the nearest other public high school and either 90 percent of the pupils would be required to travel 20 miles or 25 percent of the pupils would be required to travel 30 miles one way from a point on a well-traveled road nearest their homes to the nearest other public high school.

(B) The high school had an average daily attendance of 100 or more and less than 150 in grades 9 to 12, inclusive, during the preceding fiscal year and is more than 10 miles by well-traveled road from the nearest other public high school and either 90 percent of the pupils would be required to travel 18 miles or 25 percent of the pupils would be required to travel 25 miles one way from a point on a well-traveled road nearest their homes to the nearest other public high school.

(C) The high school had an average daily attendance of 150 or more and less than 200 in grades 9 to 12, inclusive, during the preceding fiscal year and is more than $7^1/_2$ miles by well-traveled road from the nearest other public high school and either 90 percent of the pupils would be required to travel 15 miles or 25 percent of the pupils would be required to travel 20 miles one way from a point on a well-traveled road nearest their homes to the nearest other public high school.

(D) The high school had an average daily attendance of 200 or more and less than 300 in grades 9 to 12, inclusive, during the preceding fiscal year and is more than five miles by well-traveled road from the nearest other public high school and either 90 percent of the pupils would be required to travel 10 miles or 25 percent of the pupils would be required to travel 15 miles to the nearest other public high school.

(3) Topographical or other conditions exist in the district which would impose unusual hardships on the pupils if the number of miles specified above were required to be traveled. In these cases, the Superintendent of Public Instruction may, when requested, and after investigation, grant exceptions from the distance requirements.

(4) The Superintendent of Public Instruction has approved the recommendation of a county committee on school district organization designating one of two or more schools as necessary isolated schools in a situation where the schools are operated by two

or more districts and the average daily attendance of each of the schools is less than 300 in grades 9 to 12, inclusive.

(b) For the 1998–99 fiscal year and each fiscal year thereafter, the high school and junior high school average daily attendance figures specified in subdivision (a) and the ranges of average daily attendance specified in paragraph (2) of subdivision (a) shall be reduced by the statewide average rate of excused absence reported for high school districts for the 1996–97 fiscal year pursuant to Section 42238.7, with the resultant figures and ranges rounded to the nearest integer.

SEC. 15. Section 42289.5 is added to the Education Code, to read:

42289.5. Notwithstanding any other provision of law, the increases determined pursuant to Sections 42289, 42289.1, 42289.3, and 42289.4 shall be permanently increased for the 1998–99 fiscal year by the quotient, for each district eligible for an increase, of the amount determined pursuant to subparagraph (B) of paragraph (3) of subdivision (a) of Section 42238.8 divided by the amount determined pursuant to subparagraph (C) of paragraph (3) of subdivision (a) of Section 42238.8.

SEC. 16. Section 46010 of the Education Code, as amended by Chapter 855 of the Statutes 1997, is amended to read:

46010. The total days of attendance of a pupil upon the schools and classes maintained by a school district, or schools or classes maintained by the county superintendent of schools during the fiscal year shall be the number of days school was actually taught for not less than the minimum schooldays during the fiscal year less the sum of his or her absences.

SEC. 17. Section 48205 of the Education Code is amended to read:

48205. (a) Notwithstanding Section 48200, a pupil shall be excused from school when the absence is:

(1) Due to his or her illness.

(2) Due to quarantine under the direction of a county or city health officer.

(3) For the purpose of having medical, dental, optometrical, or chiropractic services rendered.

(4) For the purpose of attending the funeral services of a member of his or her immediate family, so long as the absence is not more than one day if the service is conducted in California and not more than three days if the service is conducted outside California.

(5) For the purpose of jury duty in the manner provided for by law.

(6) Due to the illness or medical appointment during school hours of a child of whom the pupil is the custodial parent.

(7) For justifiable personal reasons, including, but not limited to, an appearance in court, attendance at a funeral service, observance of a holiday or ceremony of his or her religion, attendance at religious retreats, or attendance at an employment conference, when the pupil's absence has been requested in writing by the parent or

guardian and approved by the principal or a designated representative pursuant to uniform standards established by the governing board.

(b) A pupil absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit therefor. As the teacher of any class from which a pupil is absent shall determine the tests and assignments shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence.

(c) For purposes of this section, attendance at religious retreats shall not exceed four hours per semester.

(d) Absences pursuant to this section are deemed to be absences in computing average daily attendance and shall not generate state apportionment payments.

(e) "Immediate family," as used in this section, has the same meaning as that set forth in Section 45194, except that references therein to "employee" shall be deemed to be references to "pupil."

SEC. 18. Section 48664 of the Education Code is amended to read:

48664. (a) In addition to funds from all other sources, the Superintendent of Public Instruction shall apportion to each school district that operates a community day school one thousand five hundred dollars ($1,500) per year, for each unit of average daily attendance reported at the annual apportionment for pupil attendance at community day schools. Average daily attendance reported for this program shall not exceed 0.375 percent of a district's prior year P2 average daily attendance in an elementary school district, 0.5 percent of a district's prior year P2 average daily attendance in a unified school district, or 0.625 percent of a district's prior year P2 average daily attendance in a high school district. The Superintendent of Public Instruction may reallocate to any school district any unexpended balance of the appropriations made for the purposes of this subdivision for actual pupil attendance in excess of the percentage specified in this subdivision for the school district in an amount not to exceed one-half of that percentage. However, the average daily attendance generated by pupils expelled pursuant to subdivision (d) of Section 48915, shall not be subject to these percentage caps on average daily attendance.

(b) The average daily attendance of a community day school shall be determined by dividing the total number of days of attendance in all full school months, by a divisor of 70 in the first period of each fiscal year, by a divisor of 135 in the second period of each fiscal year, and by a divisor of 180 at the annual time of each fiscal year.

(c) The Superintendent of Public Instruction shall apportion to each school district that operates a community day school a sum equal to one dollar and forty cents ($1.40) multiplied by the total of the number of hours each schoolday, up to a maximum of two hours daily,

that each community day school pupil remains at the community day school under the supervision of a school district employee following completion of the full six-hour instructional day.

(d) It is the intent of the Legislature that districts enter into consortia, as feasible, for the purpose of providing community day school programs. Any school district with fewer than 2,501 units of average daily attendance may request a waiver for any fiscal year of the funding limitations defined in this section. The Superintendent of Public Instruction shall approve a waiver if he or she deems it necessary in order to permit the operation of a community day school of reasonably comparable quality to those offered in a school district with 2,501 or more units of average daily attendance. In no event shall the amount allocated pursuant to a waiver exceed the amount provided for one teacher pursuant to Section 42284, for pupils enrolled in kindergarten and grades 1 to 6, inclusive, or the amount provided for one teacher pursuant to Section 42284, for pupils enrolled in grades 7 to 12, inclusive. The provisions of this act shall not apply to any school district that applied for a waiver within the funding limits established by this subdivision but was denied funding or not fully funded.

(e) The State Department of Education shall evaluate and report to the appropriate legislative policy committees and budget committees on or before October 1, 1998, and for two years thereafter the following programmatic and fiscal issues:

(1) The number of expulsions statewide.

(2) The number of school districts operating community day schools.

(3) Status of the countywide plans as defined in Section 48926.

(4) An evaluation of the community day school average daily attendance funding percentage cap.

(5) Number of small school districts requesting and the number receiving a waiver under this section.

(6) The effect of hourly accounting under Section 48663 for purposes of receiving the additional funding under Section 48664.

(7) The number of pupils and average daily attendance served in community day programs, further identified as the number expelled pursuant to subdivision (b) of Section 48915, subdivision (d) of Section 48915, other expulsion criteria, or referred through a formal district process.

(8) Pupil outcome data and other data as required under Section 48916.1.

(9) Other programmatic or fiscal matters as determined by the State Department of Education.

(f) The additional funds provided in subdivisions (a), (c), and (d) shall only be allocated to the extent that funds are appropriated for this purpose in the annual Budget Act or other legislation, or both, except for pupils expelled pursuant to subdivision (d) of Section 48915. For pupils expelled pursuant to subdivision (d) of Section

48915, the funds apportioned under subdivision (a) are continuously appropriated from the General Fund to Section A of the State School Fund.

(g) A one-time adjustment shall be made to the amount specified in subdivision (a), for the 1998–99 fiscal year and subsequent fiscal years, by increasing that amount by the statewide average quotient resulting from dividing the average daily attendance specified in subparagraph (B) of paragraph (3) of subdivision (a) Section 42238.8 by the amount specified in subparagraph (C) of paragraph (3) of subdivision (a) of Section 42238.8.

SEC. 19. Section 48980 of the Education Code is amended to read:

48980. (a) At the beginning of the first semester or quarter of the regular school term, the governing board of each school district shall notify the parent or guardian of its minor pupils regarding the right or responsibility of the parent or guardian under Sections 35291, 46014, 48205, 48207, 48208, 49403, 49423, 49451, 49472, 51240, and 51550 and Chapter 2.3 (commencing with Section 32255) of Part 19.

(b) The notification also shall advise the parent or guardian of the availability of individualized instruction as prescribed by Section 48206.3, and of the program prescribed by Article 9 (commencing with Section 49510) of Chapter 9.

(c) The notification shall also advise the parents and guardians of all pupils attending a school within the district of the schedule of minimum days and pupil-free staff development days, and if any minimum or pupil-free staff development days are scheduled thereafter, the governing board shall notify parents and guardians of the affected pupils as early as possible, but not later than one month before the scheduled minimum or pupil-free day.

(d) The notification also may advise the parent or guardian of the importance of investing for future college or university education for their children and of considering appropriate investment options including, but not limited to, United States Savings Bonds.

(e) Each school district that elects to provide a fingerprinting program pursuant to Article 10 (commencing with Section 32390) shall inform parents or guardians of the program as specified in Section 32390.

(f) Until July 1, 1998, the notification shall also advise the parent or guardian of the availability of the employment-based school attendance options pursuant to subdivision (f) of Section 48204.

(g) The notification shall also include a copy of the district's written policy on sexual harassment established pursuant to Section 212.6, as it relates to pupils.

(h) Commencing July 1, 1998, the notification shall include a copy of the written policy of the school district adopted pursuant to Section 51870.5 regarding access by pupils to Internet and online sites.

(i) The notification shall advise the parent or guardian of all current statutory attendance options and local attendance options available in the school district. That notification shall include all

options for meeting residency requirements for school attendance, programmatic options offered within the local attendance areas, and any special programmatic options available on both an interdistrict and intradistrict basis. That notification shall also include a description of all options, a description of the procedure for application for alternative attendance areas or programs, an application form from the district for requesting a change of attendance, and a description of the appeals process available, if any, for a parent or guardian denied a change of attendance. The notification shall also include an explanation of the current statutory attendance options including, but not limited to, those available under Section 35160.5, Chapter 5 (commencing with Section 46600) of Part 26, subdivision (f) of Section 48204, and Article 1.5 (commencing with Section 48209) of Chapter 2 of Part 27. The State Department of Education shall produce this portion of the notification and shall distribute it to all school districts.

(j) It is the intent of the Legislature that the governing board of each school district annually review the enrollment options available to the pupils within their districts and that the school districts strive to make available enrollment options that meet the diverse needs, potential, and interests of California's pupils.

(k) The notification shall advise the parent or guardian that no pupil may have his or her grade reduced or lose academic credit for any absence or absences excused pursuant to Section 48205 when missed assignments and tests that can reasonably be provided are satisfactorily completed within a reasonable period of time, and shall include the full text of Section 48205.

SEC. 20. Section 49067 of the Education Code is amended to read:

49067. (a) The governing board of each school district shall prescribe regulations requiring the evaluation of each pupil's achievement for each marking period and requiring a conference with, or a written report to, the parent of each pupil whenever it becomes evident to the teacher that the pupil is in danger of failing a course. The refusal of the parent to attend the conference, or to respond to the written report, shall not preclude failing the pupil at the end of the grading period.

(b) The governing board of any school district may adopt regulations authorizing a teacher to assign a failing grade to any pupil whose absences from the teacher's class that are not excused pursuant to Section 48205 equal or exceed a maximum number which shall be specified by the board. Regulations adopted pursuant to this subdivision shall include, but not be limited to, the following:

(1) A reasonable opportunity for the pupil or the pupil's parent or guardian to explain the absences.

(2) A method for identification in the pupil's record of the failing grades assigned to the pupil on the basis of excessive unexcused absences.

(c) Notwithstanding the provisions of subdivision (a) of Section 49061, the provisions of this section shall apply to the parent or guardian of any pupil without regard to the age of the pupil.

SEC. 21. Section 52335.2 of the Education Code is amended to read:

52335.2. The Superintendent of Public Instruction shall calculate a revenue limit for each ROC/P in the following manner:

(a) Calculate a base revenue limit per unit of average attendance for the current fiscal year as follows:

(1) Divide the revenue limit for the prior year computed pursuant to this section by the annual units of average daily attendance funded in the prior year pursuant to subdivisions (c) and (d).

(2) Increase the amount computed in paragraph (1) by the percentage inflation adjustment specified in the Budget Act for the current fiscal year multiplied by the statewide average ROC/P revenue limit per unit of average daily attendance for the prior fiscal year.

(b) Calculate a revenue limit per unit of average daily attendance for program growth by increasing the revenue limit per unit of average daily attendance for program growth computed pursuant to this subdivision for the prior fiscal year by the percentage inflation adjustment specified in the Budget Act for the current fiscal year.

(c) Multiply the amount computed pursuant to subdivision (a) by the lesser of the ROC/P's annual units of average daily attendance for the current fiscal year or the ROC/P's annual units of funded average daily attendance for the prior fiscal year.

(d) Subtract the ROC/P's annual units of funded average daily attendance for the prior fiscal year from the ROC/P's annual units of average daily attendance for the current fiscal year and multiply the difference by the amount computed pursuant to subdivision (b). If the product computed pursuant to this subdivision is negative, it shall be deemed to be zero.

(e) Except as provided in Section 52335.3, the Superintendent of Public Instruction shall apportion to the ROC/P the sum of the amounts computed pursuant to subdivisions (c) and (d).

(f) The average daily attendance used for purposes of this section shall not include the average daily attendance in schools receiving funding pursuant to Section 52324.6.

(g) Any state funds made available as a result of local property tax revenues deducted pursuant to Section 52335.3 shall be allocated to each ROC/P in an equal amount per unit of funded average daily attendance and shall not be included in the calculation of the base revenue limit made pursuant to subdivision (a) for the subsequent fiscal year.

(h) Before making the calculations described in subdivisions (c) and (d) to determine the amount to be apportioned to each ROC/P pursuant to subdivision (e) for the 1998–99 fiscal year, average daily attendance for the 1997–98 fiscal year shall be adjusted by a factor

equal to the number one minus the quotient of the number of units of that ROC/P's 1996–97 average daily attendance for absences excused pursuant to subdivision (b) of Section 46010, as that subdivision read on July 1, 1996, divided by that ROC/P's total 1996–97 average daily attendance.

SEC. 22. Section 56836.08 of the Education Code, as amended by Chapter 89 of the Statutes of 1998, is amended to read:

56836.08. (a) For the 1998–99 fiscal year, the superintendent shall make the following computations to determine the amount of funding for each special education local plan area:

(1) Add the amount of funding per unit of average daily attendance computed for the special education local plan area pursuant to paragraph (1) of subdivision (a) of Section 56836.10 to the inflation adjustment computed pursuant to subdivision (d) for the 1998–99 fiscal year.

(2) Multiply the amount computed in paragraph (1) by the units of average daily attendance reported for the special education local plan area for the 1997–98 fiscal year, exclusive of average daily attendance for absences excused pursuant to subdivision (b) of Section 46010, as that subdivision read on July 1, 1996.

(3) Add the actual amount of the equalization adjustment, if any, computed for the 1998–99 fiscal year pursuant to Section 56836.14 to the amount computed in paragraph (2).

(4) Add or subtract, as appropriate, the adjustment for growth computed pursuant to Section 56836.15 from the amount computed in paragraph (3).

(5) Add the special disabilities adjustment computed pursuant to Article 2.5 (commencing with Section 56836.155). The special disabilities adjustment received in the 1998–99 fiscal year shall not be included in the calculations made pursuant to paragraph (1) of subdivision (b) of Section 56836.10 for the 1999–2000 fiscal year.

(b) For the 1999–2000 fiscal year and each fiscal year thereafter, the superintendent shall make the following computations to determine the amount of funding for each special education local plan area for the fiscal year in which the computation is made:

(1) Add the amount of funding per unit of average daily attendance computed for the special education local plan area for the prior fiscal year pursuant to Section 56836.10 to the inflation adjustment computed pursuant to subdivision (d) for the fiscal year in which the computation is made.

(2) Multiply the amount computed in paragraph (1) by the units of average daily attendance reported for the special education local plan area for the prior fiscal year.

(3) Add the actual amount of the equalization adjustment, if any, computed for the special education local plan area for the fiscal year in which the computation is made pursuant to Section 56836.14 to the amount computed in paragraph (2).

(4) Add or subtract, as appropriate, the adjustment for growth or decline in enrollment, if any, computed for the special education local plan area for the fiscal year in which the computation is made pursuant to Section 56836.15 from the amount computed in paragraph (3).

(5) Add the special disabilities adjustment computed pursuant to Article 2.5 (commencing with Section 56836.155) and increased pursuant to subparagraph (D) if the adjusted funding per unit of average daily attendance of the special education local plan area is below the statewide target amount per unit of average daily attendance as determined pursuant to subparagraphs (A) to (C), inclusive, as follows:

(A) Calculate the adjusted amount of funding per unit of average daily attendance for each special education local plan area, measured in dollars and cents, using the methodology contained in subdivision (a) of Section 56836.10, except that the amount used from the computation in Section 56836.09 shall be reduced by the amount computed pursuant to Article 2.5 (commencing with Section 56836.155).

(B) Determine the statewide target amount per unit of average daily attendance, measured in dollars and cents and rounded up to the nearest 50 cents ($0.50), as computed pursuant to subdivision (a) of Section 56836.11.

(C) The adjusted funding per unit of average daily attendance is below the statewide target amount if the amount calculated pursuant to subparagraph (A), subtracted from the amount calculated pursuant to subparagraph (B), yields a positive value.

(D) If the computation made pursuant to subparagraph (C) yields a positive value, increase the special disabilities adjustment in the 1999–2000 fiscal year and each year thereafter by the percent increase in growth in average daily attendance reported by the special education local plan area and the inflation factor computed pursuant to subdivision (b) of Section 42238.1 for the applicable fiscal year.

(E) Inclusion of the special disabilities adjustment in the total funding of a special education local plan area shall neither change nor be included in the computation of equalization funding pursuant to Section 56836.12 or the computations made after this computation that precede the computation in Section 56836.12.

(F) This paragraph shall not apply to the special education local plan area identified as the Los Angeles County Juvenile Court and Community School/Division of Alternative Education Special Education Local Plan Area.

(c) For the 1998–99 fiscal year and each fiscal year thereafter, the superintendent shall make the following computations to determine the amount of General Fund moneys that the special education local plan area may claim:

(1) Add the total of the amount of property taxes for the special education local plan area pursuant to Section 2572 for the fiscal year in which the computation is made to the amount of federal funds allocated for the purposes of paragraphs (1) and (2) of subdivision (a) of Section 56836.09 for the fiscal year in which the computation is made.

(2) Add the amount of funding computed for the special education local plan area pursuant to subdivision (a) for the 1998–99 fiscal year, and commencing with the 1999–2000 fiscal year and each fiscal year thereafter, the amount computed for the fiscal year in which the computations were made pursuant to subdivision (b) to the amount of funding computed for the special education local plan area pursuant to Article 3 (commencing with Section 56836.16).

(3) Subtract the sum computed in paragraph (1) from the sum computed in paragraph (2).

(d) For the 1998–99 fiscal year and each fiscal year thereafter, the superintendent shall make the following computations to determine the inflation adjustment for the fiscal year in which the computation is made:

(1) For the 1998–99 fiscal year, multiply the statewide target amount per unit of average daily attendance for special education local plan areas for the 1997–98 fiscal year computed pursuant to paragraph (3) of Section 56836.11 by the inflation factor computed pursuant to subdivision (b) of Section 42238.1 for the 1998–99 fiscal year.

(2) For the 1999–2000 fiscal year and each fiscal year thereafter, multiply the statewide target amount per unit of average daily attendance for special education local plan areas for the prior fiscal year computed pursuant to Section 56836.11 by the inflation factor computed pursuant to subdivision (b) of Section 42238.1 for the fiscal year in which the computation is made.

(3) For the purposes of computing the inflation adjustment for the special education local plan area identified as the Los Angeles County Juvenile Court and Community School/Division of Alternative Education Special Education Local Plan Area for the 1998–99 fiscal year and each fiscal year thereafter, the superintendent shall multiply the amount of funding per unit of average daily attendance computed for that special education local plan area for the prior fiscal year pursuant to Section 56836.10 by the inflation factor computed pursuant to subdivision (b) of Section 42238.1 for the fiscal year in which the computation is being made.

SEC. 22.5. Section 56836.08 of the Education Code, as amended by Chapter 89 of the Statutes of 1998, is amended to read:

56836.08. (a) For the 1998–99 fiscal year, the superintendent shall make the following computations to determine the amount of funding for each special education local plan area:

(1) Add the amount of funding per unit of average daily attendance computed for the special education local plan area

pursuant to paragraph (1) of subdivision (a) of Section 56836.10 to the inflation adjustment computed pursuant to subdivision (d) for the 1998–99 fiscal year.

(2) Multiply the amount computed in paragraph (1) by the units of average daily attendance reported for the special education local plan area for the 1997–98 fiscal year, exclusive of average daily attendance for absences excused pursuant to subdivision (b) of Section 46010, as that subdivision read on July 1, 1996.

(3) Add the actual amount of the equalization adjustment, if any, computed for the 1998–99 fiscal year pursuant to Section 56836.14 to the amount computed in paragraph (2).

(4) Add or subtract, as appropriate, the adjustment for growth computed pursuant to Section 56836.15 from the amount computed in paragraph (3).

(b) For the 1999–2000 fiscal year and each fiscal year thereafter, the superintendent shall make the following computations to determine the amount of funding for each special education local plan area for the fiscal year in which the computation is made:

(1) Add the amount of funding per unit of average daily attendance computed for the special education local plan area for the prior fiscal year pursuant to Section 56836.10 to the inflation adjustment computed pursuant to subdivision (d) for the fiscal year in which the computation is made.

(2) Multiply the amount computed in paragraph (1) by the units of average daily attendance reported for the special education local plan area for the prior fiscal year.

(3) Add the actual amount of the equalization adjustment, if any, computed for the special education local plan area for the fiscal year in which the computation is made pursuant to Section 56836.14 to the amount computed in paragraph (2).

(4) Add or subtract, as appropriate, the adjustment for growth or decline in enrollment, if any, computed for the special education local plan area for the fiscal year in which the computation is made pursuant to Section 56836.15 from the amount computed in paragraph (3).

(c) For the 1998–99 fiscal year and each fiscal year thereafter, the superintendent shall make the following computations to determine the amount of General Fund moneys that the special education local plan area may claim:

(1) Add the total of the amount of property taxes for the special education local plan area pursuant to Section 2572 for the fiscal year in which the computation is made to the amount of federal funds allocated for the purposes of paragraph (1) of subdivision (a) of Section 56836.09 for the fiscal year in which the computation is made.

(2) Add the amount of funding computed for the special education local plan area pursuant to subdivision (a) for the 1998–99 fiscal year, and commencing with the 1999–2000 fiscal year and each fiscal year thereafter, the amount computed for the fiscal year in

which the computations were made pursuant to subdivision (b) to the amount of funding computed for the special education local plan area pursuant to Article 3 (commencing with Section 56836.16).

(3) Subtract the sum computed in paragraph (1) from the sum computed in paragraph (2).

(d) For the 1998–99 fiscal year and each fiscal year thereafter, the superintendent shall make the following computations to determine the inflation adjustment for the fiscal year in which the computation is made:

(1) For the 1998–99 fiscal year, multiply the sum of the statewide target amount per unit of average daily attendance for special education local plan areas for the 1997–98 fiscal year computed pursuant to paragraph (3) of subdivision (a) of Section 56836.11 and the amount determined pursuant to paragraph (e) of Section 56836.155 for the 1997–98 fiscal year by the inflation factor computed pursuant to subdivision (b) of Section 42238.1 for the 1998–99 fiscal year.

(2) For the 1999–2000 fiscal year and each fiscal year thereafter, multiply the sum of the statewide target amount per unit of average daily attendance for special education local plan areas for the prior fiscal year computed pursuant to Section 56836.11 and the amount determined pursuant to paragraph (3) of subdivision (d) of Section 56836.155 for the prior fiscal year by the inflation factor computed pursuant to subdivision (b) of Section 42238.1 for the fiscal year in which the computation is made.

(3) For the purposes of computing the inflation adjustment for the special education local plan area identified as the Los Angeles County Juvenile Court and Community School/Division of Alternative Education Special Education Local Plan Area for the 1998–99 fiscal year and each fiscal year thereafter, the superintendent shall multiply the amount of funding per unit of average daily attendance computed for that special education local plan area for the prior fiscal year pursuant to Section 56836.10 by the inflation factor computed pursuant to subdivision (b) of Section 42238.1 for the fiscal year in which the computation is being made.

(e) For the 1998–99 fiscal year and each fiscal year thereafter to and including the 2002–03 fiscal year, the superintendent shall perform the calculation set forth in Section 56836.155 to determine the adjusted entitlement for the incidence of disabilities for each special education local plan area, but this amount shall not be used in the next fiscal year to determine the base amount of funding for each special education local plan area for the current fiscal year, except as specified in this article.

SEC. 23. Section 56836.10 of the Education Code is amended to read:

56836.10. (a) The superintendent shall make the following computations to determine the amount of funding per unit of

average daily attendance for each special education local plan area for the 1998–99 fiscal year:

(1) Divide the amount of funding for the special education local plan area computed for the 1997–98 fiscal year pursuant to Section 56836.09 by the number of units of average daily attendance, exclusive of average daily attendance for absences excused pursuant to subdivision (b) of Section 46010 as that subdivision read on July 1, 1997, reported for the special education local plan area for the 1997–98 fiscal year.

(2) Add the amount computed in paragraph (1) to the inflation adjustment computed pursuant to subdivision (d) of Section 56836.08 for the 1998–99 fiscal year.

(b) Commencing with the 1999–2000 fiscal year and each fiscal year thereafter, the superintendent shall make the following computations to determine the amount of funding per unit of average daily attendance for each special education local plan area for the fiscal year in which the computation is made:

(1) For the 1999–2000 fiscal year, divide the amount of funding for the special education local plan area computed for the 1998–99 fiscal year pursuant to subdivision (a) of Section 56836.08 by the number of units of average daily attendance reported for the special education local plan area for the 1998–99 fiscal year.

(2) For the 2000–01 fiscal year, and each fiscal year thereafter, divide the amount of funding for the special education local plan area computed for the prior fiscal year pursuant to subdivision (b) of Section 56836.08 by the number of units of average daily attendance reported for the special education local plan area for the prior fiscal year.

SEC. 24. Section 56836.11 of the Education Code is amended to read:

56836.11. (a) For the purpose of computing the equalization adjustment for special education local plan areas for the 1998–99 fiscal year, the superintendent shall make the following computations to determine the statewide target amount per unit of average daily attendance for special education local plan areas:

(1) Total the amount of funding computed for each special education local plan area pursuant to Section 56836.09 for the 1997–98 fiscal year.

(2) Total the number of units of average daily attendance reported for each special education local plan area for the 1997–98 fiscal year, exclusive of average daily attendance for absences excused pursuant to subdivision (b) of Section 46010 as that section read on July 1, 1996.

(3) Divide the sum computed in paragraph (1) by the sum computed in paragraph (2) to determine the statewide target amount for the 1997–98 fiscal year.

(4) Add the amount computed in paragraph (3) to the inflation adjustment computed pursuant to subdivision (d) of Section 56836.08

for the 1998–99 fiscal year to determine the statewide target amount for the 1998–99 fiscal year.

(b) Commencing with the 1999–2000 fiscal year and each fiscal year thereafter, to determine the statewide target amount per unit of average daily attendance for special education local plan areas, the superintendent shall multiply the statewide target amount per unit of average daily attendance computed for the prior fiscal year pursuant to this section by one plus the inflation factor computed pursuant to subdivision (b) of Section 42238.1 for the fiscal year in which the computation is made.

SEC. 25. Section 56836.12 of the Education Code, as amended by Chapter 89 of the Statutes of 1998, is amended to read:

56836.12. (a) For the purpose of computing the equalization adjustment for special education local plan areas for the 1998–99 fiscal year, the superintendent shall make the following computations to determine the amount that each special education local plan area that has an amount per unit of average daily attendance that is below the statewide target amount per unit of average daily attendance may request as an equalization adjustment:

(1) Subtract the amount per unit of average daily attendance computed for the special education local plan area pursuant to subdivision (a) of Section 56836.10 from the statewide target amount per unit of average daily attendance determined pursuant to subdivision (a) of Section 56836.11.

(2) If the remainder computed in paragraph (1) is greater than zero, multiply that remainder by the number of units of average daily attendance reported for the special education local plan area for the 1997–98 fiscal year, exclusive of average daily attendance for absences excused pursuant to subdivision (b) of Section 46010, as that section read on July 1, 1996.

(b) Commencing with the 1999–2000 fiscal year, through and including the fiscal year in which equalization among the special education local plan areas has been achieved, the superintendent shall make the following computations to determine the amount that each special education local plan area that has an amount per unit of average daily attendance that is below the statewide target amount per unit of average daily attendance may request as an equalization adjustment:

(1) Add to the amount per unit of average daily attendance computed for the special education local plan area pursuant to subdivision (b) of Section 56836.10 for the fiscal year in which the computation is made the inflation adjustment computed pursuant to subdivision (d) of Section 56836.08 for the fiscal year in which the computation is made.

(2) Subtract the amount computed pursuant to paragraph (1) from the statewide target amount per unit of average daily attendance computed pursuant to subdivision (b) of Section 56836.11 for the fiscal year in which the computation is made.

(3) If the remainder computed in paragraph (2) is greater than zero, multiply that remainder by the number of units of average daily attendance reported for the special education local plan area for the prior fiscal year, exclusive of average daily attendance for absences excused pursuant to subdivision (b) of Section 46010, as that section read on July 1, 1996.

(c) This section shall not apply to the special education local plan area identified as the Los Angeles County Juvenile Court and Community School/Division of Alternative Education Special Education Local Plan Area.

SEC. 26. Section 56836.15 of the Education Code, as amended by Chapter 89 of the Statutes of 1998, is amended to read:

56836.15. (a) In order to mitigate the effects of any declining enrollment, commencing in the 1998–99 fiscal year, and each fiscal year thereafter, the superintendent shall calculate allocations to special education local plan areas based on the average daily attendance reported for the special education local plan area for the fiscal year in which the computation is made or the prior fiscal year, whichever is greater. However, the prior fiscal year average daily attendance reported for the special education local plan area shall be adjusted for any loss or gain of average daily attendance reported for the special education local plan area due to a reorganization or transfer of territory in the special education local plan area.

(b) For the 1998–99 fiscal year only, the prior year average daily attendance used in this section shall be the 1997–98 average daily attendance reported for the special education local plan area, exclusive of average daily attendance for absences excused pursuant to subdivision (b) of Section 46010, as that section read on July 1, 1996.

(c) If in the fiscal year for which the computation is made, the number of units of average daily attendance upon which allocations to the special education local plan area are based is greater than the number of units of average daily attendance upon which allocations to the special education local plan area were based in the prior fiscal year, the special education local plan area shall be allocated a growth adjustment equal to the product determined by multiplying the amounts determined under paragraphs (1) and (2).

(2) The difference between the number of units of average daily attendance upon which allocations to the special education local plan area are based for the fiscal year in which the computation is made and the number of units of average daily attendance upon which allocations to the special education local plan area were based for the prior fiscal year.

(d) If in the fiscal year for which the computation is made, the number of units of average daily attendance upon which allocations to the special education local plan area are based is less than the

(2) The difference between the number of units of average daily attendance upon which allocations to the special education local plan area are based for the fiscal year in which the computation is made and the number of units of average daily attendance upon which allocations to the special education local plan area were based for the prior fiscal year.

(e) If, in the fiscal year for which the computation is made, the number of units of average daily attendance upon which the allocations to the special education local plan area identified as the Los Angeles County Juvenile Court and Community School/Division of Alternative Education Special Education Local Plan Area are based is greater than the number of units of average daily attendance upon which the allocations to that special education local plan area were based in the prior fiscal year, that special education local plan area shall be allocated a growth adjustment equal to the product determined by multiplying the amounts determined under paragraphs (1) and (2).

[Approved by Governor September 24, 1998. Filed with Secretary of State September 25, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 48660.2 is added to the Education Code, to read:

48660.2. (a) Notwithstanding any other provision of law, and as a condition of receiving apportionments under this article, school districts operating one or more community day schools shall annually report to the Superintendent of Public Instruction, on forms approved by the State Board of Education, the direct instructional costs and documented support costs of their community day schools, using definitions included in the California School Accounting Manual, Part I, as it read on July 1, 1997, except that districts may include in these reports the costs of rents and leases for facilities used by community day schools and maintenance and operations costs for facilities used by community day schools. Each school district that has received approval from the State Department of Education to use the standardized account code structure may satisfy the requirement set forth in this subdivision by reporting the direct costs of the community day school program, and shall maintain documentation of all noninstructional costs charged to the community day school program.

(b) The Superintendent of Public Instruction shall do each of the following:

(1) Multiply the total of all funds received by each school district on behalf of pupils while enrolled in community day schools by 0.9.

(2) Subtract the total of each school district's costs for community day schools, as determined pursuant to subdivision (a), from the amount determined pursuant to paragraph (1).

(3) If the amount determined pursuant to paragraph (2) for a school district is positive, the Superintendent of Public Instruction shall subtract that amount from the school district's next apportionment.

SEC. 2. Section 48662 of the Education Code is amended to read:

48662. (a) The governing board of a school district that establishes a community day school shall adopt policies that provide procedures for the involuntary transfer of pupils to a community day school.

(b) A pupil may be assigned to a community day school only if he or she meets one or more of the following conditions:

(1) The pupil is expelled for any reason.

(2) The pupil is probation referred pursuant to Sections 300 and 602 of the Welfare and Institutions Code.

(3) The pupil is referred to a community day school by a school attendance review board or other district level referral process.

(4) First priority for assignment to a community day school shall be given to a pupil expelled pursuant to subdivision (d) of Section 48915, second priority shall be given to pupils expelled for any other reasons, and third priority shall be given for placement to all other

pupils pursuant to this section, unless there is an agreement that the county superintendent of schools shall serve any of these pupils.

SEC. 3. Section 48663 of the Education Code is amended to read:

48663. (a) The minimum schoolday in a community day school is 360 minutes of classroom instruction provided by a certificated employee of the district reporting the attendance of the pupils for apportionment funding.

(b) A pupil enrolled in a community day school may not generate more than one day of community day school attendance credit in a schoolday for any purpose.

(c) For the purposes of calculating the additional funding provided to a school district pursuant to Section 48664, only community day school attendance shall be reported in clock hours. Attendance of less than five clock hours in a schoolday shall be disregarded for purposes of Section 48664. Five clock hours of attendance in one schoolday shall be deemed to be one-half day of attendance, for purposes of additional funding pursuant to Section 48664. Six clock hours or more of attendance in one schoolday shall be deemed to be one day of attendance, for purposes of additional funding pursuant to Section 48664.

(d) Independent study may not be utilized as a means of providing any part of the minimum instructional day provided pursuant to subdivision (a).

(e) A community day school's academic programs shall be comparable to those available to pupils of a similar age in the school district.

SEC. 4. Section 48664 of the Education Code is amended to read:

48664. (a) (1) In addition to funds from all other sources, the Superintendent of Public Instruction shall apportion to each school district that operates a community day school four thousand dollars ($4,000) per year, and for each county office of education that operates a community day school three thousand dollars ($3,000) per year, for each unit of average daily attendance reported at the annual apportionment for pupil attendance at community day schools. Average daily attendance reported for this program shall not exceed 0.375 percent of a district's prior year P2 average daily attendance in an elementary school district, 0.5 percent of a district's prior year P2 average daily attendance in a unified school district, or 0.625 percent of a district's prior year P2 average daily attendance in a high school district. The units of average daily attendance of a community day school operated by a county office of education shall not exceed the unused units of average daily attendance of the community day schools operated by the school districts within the jurisdiction of that county office of education.

(2) The Superintendent of Public Instruction may reallocate to any school district any unexpended balance of the appropriations made for the purposes of this subdivision for actual pupil attendance in excess of the percentage specified in this subdivision for the school

district in an amount not to exceed one-half of that percentage. However, the average daily attendance generated by pupils expelled pursuant to subdivision (d) of Section 48915, shall not be subject to these percentage caps on average daily attendance.

(b) The average daily attendance of a community day school shall be determined by dividing the total number of days of attendance in all full school months, by a divisor of 70 in the first period of each fiscal year, by a divisor of 135 in the second period of each fiscal year, and by a divisor of 180 at the annual time of each fiscal year.

(c) The Superintendent of Public Instruction shall apportion to each school district that operates a community day school an amount equal to four dollars ($4), multiplied by the total of the number of hours each schoolday, up to a maximum of two hours daily, that each community day school pupil remains at the community day school under the supervision of an employee of the school district, or a consortium of school districts pursuant to Section 48916.1, reporting the attendance of the pupils for apportionment funding following completion of the full six-hour instructional day.

(d) It is the intent of the Legislature that districts enter into consortia, as feasible, for the purpose of providing community day school programs. Any school district with fewer than 2,501 units of average daily attendance may request a waiver for any fiscal year of the funding limitations set forth in this section. The Superintendent of Public Instruction shall approve a waiver if he or she deems it necessary in order to permit the operation of a community day school of reasonably comparable quality to those offered in a school district with 2,501 or more units of average daily attendance. In no event shall the amount allocated pursuant to a waiver exceed the amount provided for one teacher pursuant to Section 42284, for pupils enrolled in kindergarten and grades 1 to 6, inclusive, or the amount provided for one teacher pursuant to Section 42284, for pupils enrolled in grades 7 to 12, inclusive. The provisions of this act shall not apply to any school district that applied for a waiver within the funding limits established by this subdivision but was denied funding or not fully funded.

(e) The State Department of Education shall evaluate and report to the appropriate legislative policy committees and budget committees on or before October 1, 1998, and for two years thereafter the following programmatic and fiscal issues:

(1) The number of expulsions statewide.

(2) The number of school districts operating community day schools.

(3) Status of the countywide plans as defined in Section 48926.

(4) An evaluation of the community day school average daily attendance funding percentage cap.

(5) Number of small school districts requesting and the number receiving a waiver under this section.

(6) The effect of hourly accounting under Section 48663 for purposes of receiving the additional funding under Section 48664.

(7) The number of pupils and average daily attendance served in community day programs, further identified as the number expelled pursuant to subdivision (d) of Section 48915, subdivision (b) of Section 48915, other expulsion criteria, or referred through a formal district process.

(8) Pupil outcome data and other data as required under Section 48916.1.

(9) Other programmatic or fiscal matters as determined by the State Department of Education.

(f) The additional funds provided in subdivisions (a), (c), and (d) shall only be allocated to the extent that funds are appropriated for this purpose in the annual Budget Act or other legislation, or both, except for pupils expelled pursuant to subdivision (d) of Section 48915. For pupils expelled pursuant to subdivision (d) of Section 48915, the funds apportioned under subdivision (a) are continuously appropriated from the General Fund to Section A of the State School Fund.

SEC. 5. Section 48664 of the Education Code is amended to read:

48664. (a) (1) In addition to funds from all other sources, the Superintendent of Public Instruction shall apportion to each school district that operates a community day school four thousand dollars ($4,000) per year, and for each county office of education that operates a community day school three thousand dollars ($3,000) per year, for each unit of average daily attendance reported at the annual apportionment for pupil attendance at community day schools. Average daily attendance reported for this program shall not exceed 0.375 percent of a district's prior year P2 average daily attendance in an elementary school district, 0.5 percent of a district's prior year P2 average daily attendance in a unified school district, or 0.625 percent of a district's prior year P2 average daily attendance in a high school district. The units of average daily attendance of a community day school operated by a county office of education shall not exceed the unused units of average daily attendance of the community day schools operated by the school districts within the jurisdiction of that county office of education.

(2) The Superintendent of Public Instruction may reallocate to any school district any unexpended balance of the appropriations made for the purposes of this subdivision for actual pupil attendance in excess of the percentage specified in this subdivision for the school district in an amount not to exceed one-half of that percentage. However, the average daily attendance generated by pupils expelled pursuant to subdivision (d) of Section 48915, shall not be subject to these percentage caps on average daily attendance.

(b) The average daily attendance of a community day school shall be determined by dividing the total number of days of attendance in all full school months, by a divisor of 70 in the first period of each fiscal

year, by a divisor of 135 in the second period of each fiscal year, and by a divisor of 180 at the annual time of each fiscal year.

(c) The Superintendent of Public Instruction shall apportion to each school district that operates a community day school an amount equal to four dollars ($4), multiplied by the total of the number of hours each schoolday, up to a maximum of two hours daily, that each community day school pupil remains at the community day school under the supervision of an employee of the school district, or a consortium of school districts pursuant to Section 48916.1, reporting the attendance of the pupils for apportionment funding following completion of the full six-hour instructional day.

(d) It is the intent of the Legislature that districts enter into consortia, as feasible, for the purpose of providing community day school programs. Any school district with fewer than 2,501 units of average daily attendance may request a waiver for any fiscal year of the funding limitations set forth in this section. The Superintendent of Public Instruction shall approve a waiver if he or she deems it necessary in order to permit the operation of a community day school of reasonably comparable quality to those offered in a school district with 2,501 or more units of average daily attendance. In no event shall the amount allocated pursuant to a waiver exceed the amount provided for one teacher pursuant to Section 42284, for pupils enrolled in kindergarten and grades 1 to 6, inclusive, or the amount provided for one teacher pursuant to Section 42284, for pupils enrolled in grades 7 to 12, inclusive. The provisions of this act shall not apply to any school district that applied for a waiver within the funding limits established by this subdivision but was denied funding or not fully funded.

(e) The State Department of Education shall evaluate and report to the appropriate legislative policy committees and budget committees on or before October 1, 1998, and for two years thereafter the following programmatic and fiscal issues:

(1) The number of expulsions statewide.

(2) The number of school districts operating community day schools.

(3) Status of the countywide plans as defined in Section 48926.

(4) An evaluation of the community day school average daily attendance funding percentage cap.

(5) Number of small school districts requesting and the number receiving a waiver under this section.

(6) The effect of hourly accounting under Section 48663 for purposes of receiving the additional funding under Section 48664.

(7) The number of pupils and average daily attendance served in community day programs, further identified as the number expelled pursuant to subdivision (b) of Section 48915, subdivision (d) of Section 48915, other expulsion criteria, or referred through a formal district process.

(8) Pupil outcome data and other data as required under Section 48916.1.

(9) Other programmatic or fiscal matters as determined by the State Department of Education.

(f) The additional funds provided in subdivisions (a) (c), and (d) shall only be allocated to the extent that funds are appropriated for this purpose in the annual Budget Act or other legislation, or both, except for pupils expelled pursuant to subdivision (d) of Section 48915. For pupils expelled pursuant to subdivision (d) of Section 48915, the funds apportioned under subdivision (a) are continuously appropriated from the General Fund to Section A of the State School Fund.

(g) A one-time adjustment shall be made to the amount specified in subdivision (a), for the 1998–99 fiscal year and subsequent fiscal years, by increasing that amount by the statewide average quotient resulting from dividing the average daily attendance specified in subparagraph (B) of paragraph (3) of subdivision (a) of Section 42238.8 by the amount specified in subparagraph (C) of paragraph (3) of subdivision (a) of Section 42238.8.

SEC. 6. Section 48667 is added to the Education Code, to read:

48667. (a) For the purposes of this article, each county office of education shall be deemed to be a school district.

(b) The Superintendent of Public Instruction shall use the revenue limit per unit of average daily attendance of the statewide average juvenile court school revenue limit per unit of average daily attendance for a community day school operated by a county office of education.

SEC. 7. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 8. Section 5 of this bill incorporates amendments to Section 48664 of the Education Code proposed by both this bill and SB 1468. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1999, (2) each bill amends Section 48664 of the Education Code, and (3) this bill is enacted after SB 1468, in which case Section 48664 of the Education Code, as amended by SB 1468, shall remain operative only until the operative

date of this bill, at which time Section 5 of this bill shall become operative, and Section 4 of this bill shall not become operative.

SEC. 2. Section 4420.5 is added to the Government Code, to read:

4420.5. (a) Subdivision (b) of Section 4420 does not apply to any construction or renovation project undertaken by a school district.

[Approved by Governor September 24, 1998. Filed with Secretary of State September 25, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 422.6 of the Penal Code is amended to read:

422.6. (a) No person, whether or not acting under color of law, shall by force or threat of force, willfully injure, intimidate, interfere with, oppress, or threaten any other person in the free exercise or enjoyment of any right or privilege secured to him or her by the Constitution or laws of this state or by the Constitution or laws of the United States because of the other person's race, color, religion, ancestry, national origin, disability, gender, or sexual orientation, or because he or she perceives that the other person has one or more of those characteristics.

(b) No person, whether or not acting under color of law, shall knowingly deface, damage, or destroy the real or personal property of any other person for the purpose of intimidating or interfering

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

(3) Destroys.

Whenever a person violates this subdivision with respect to real property, vehicles, signs, fixtures, or furnishings belonging to any public entity, as defined by Section 811.2 of the Government Code, or the federal government, it shall be a permissive inference that the person neither owned the property nor had the permission of the owner to deface, damage, or destroy the property.

(b) (1) If the amount of defacement, damage, or destruction is fifty thousand dollars ($50,000) or more, vandalism is punishable by imprisonment in the state prison or in a county jail not exceeding one year, or by a fine of not more than fifty thousand dollars ($50,000), or by both that fine and imprisonment.

(2) If the amount of defacement, damage, or destruction is five thousand dollars ($5,000) or more but less than fifty thousand dollars ($50,000), vandalism is punishable by imprisonment in the state prison, or in a county jail not exceeding one year, or by a fine of not more than ten thousand dollars ($10,000), or by both that fine and imprisonment.

(c) (1) Upon conviction of any person under this section for acts of vandalism consisting of defacing property with graffiti or other inscribed materials, the court may, in addition to any punishment imposed under subdivision (b), order the defendant to clean up, repair, or replace the damaged property himself or herself, or, if the jurisdiction has adopted a graffiti abatement program, order the defendant, and his or her parents or guardians if the defendant is a minor, to keep the damaged property or another specified property in the community free of graffiti for up to one year. Participation of a parent or guardian is not required under this subdivision if the court deems this participation to be detrimental to the defendant, or if the parent or guardian is a single parent who must care for young children.

(2) Any city, county, or city and county may enact an ordinance that provides all of the following:

(A) Upon conviction of any person pursuant to this section for acts of vandalism, the court may, in addition to any punishment imposed under subdivision (b), provided that the court determines that the defendant has the ability to pay any law enforcement costs not

exceeding two hundred fifty dollars ($250), order the defendant to pay all or part of the costs not to exceed two hundred fifty dollars ($250) incurred by a law enforcement agency in identifying and apprehending the defendant. The law enforcement agency shall provide evidence of, and bear the burden of establishing, the reasonable costs that it incurred in identifying and apprehending the defendant.

(B) The law enforcement costs authorized to be paid pursuant to this subdivision are in addition to any other costs incurred or recovered by the law enforcement agency, and payment of these costs does not in any way limit, preclude, or restrict any other right, remedy, or action otherwise available to the law enforcement agency.

(d) If a minor is personally unable to pay a fine levied for acts prohibited by this section, the parent of that minor shall be liable for payment of the fine. A court may waive payment of the fine or any part thereof by the parent upon a finding of good cause.

(f) As used in this section, "graffiti abatement program" means a program adopted by a city, county, or city and county by resolution or ordinance that provides for the administration and financing of graffiti removal, community education on the prevention of graffiti, and enforcement of graffiti laws.

(g) The court may order any person ordered to perform community service or graffiti removal pursuant to paragraph (1) of subdivision (c) to undergo counseling.

(h) No amount paid by a defendant in satisfaction of a criminal matter shall be applied in satisfaction of the law enforcement costs that may be imposed pursuant to this section until all outstanding base fines, state and local penalty assessments, restitution orders, and restitution fines have been paid.

(i) This section shall remain in effect until January 1, 2002, and as of that date is repealed, unless a later enacted statute that is enacted before January 1, 2002, deletes or extends that date.

(d) If a minor is personally unable to pay a fine levied for acts prohibited by this section, the parent of that minor shall be liable for payment of the fine. A court may waive payment of the fine or any part thereof by the parent upon a finding of good cause.

(e) As used in this section, the term "graffiti or other inscribed material" includes any unauthorized inscription, word, figure, mark, or design that is written, marked, etched, scratched, drawn, or painted on real or personal property.

(f) As used in this section, "graffiti abatement program" means a program adopted by a city, county, or city and county by resolution or ordinance that provides for the administration and financing of graffiti removal, community education on the prevention of graffiti, and enforcement of graffiti laws.

(g) The court may order any person ordered to perform community service or graffiti removal pursuant to paragraph (1) of subdivision (c) to undergo counseling.

(h) This section shall become operative on January 1, 2002.

SEC. 2. Section 594.6 of the Penal Code is amended to read:

594.6. (a) Every person who, having been convicted of vandalism or affixing graffiti or other inscribed material under Section 594, 594.3, 594.4, or 640.7, or any combination of these offenses, may be ordered by the court as a condition of probation to perform community service not to exceed 300 hours over a period not to exceed 240 days during a time other than his or her hours of school attendance or employment. Nothing in this subdivision shall limit the

court from ordering the defendant to perform a longer period of community service if a longer period of community service is authorized under other provisions of law.

(b) In lieu of the community service that may be ordered pursuant to subdivision (a), the court may, if a jurisdiction has adopted a graffiti abatement program as defined in subdivision (f) of Section 594, order the defendant, and his or her parents or guardians if the defendant is a minor, as a condition of probation, to keep a specified property in the community free of graffiti for up to one year. Participation of a parent or guardian is not required under this subdivision if the court deems this participation to be detrimental to the defendant, or if the parent or guardian is a single parent who must care for young children.

(c) The court may order any person ordered to perform community service or graffiti removal pursuant to subdivision (a) or (b) to undergo counseling.

SEC. 3. Section 640.7 of the Penal Code is amended to read:

640.7. Any person who violates Section 594, 640.5, or 640.6 on or within 100 feet of a highway, or its appurtenances, including, but not limited to, guardrails, signs, traffic signals, snow poles, and similar facilities, excluding signs naming streets, is guilty of a misdemeanor, punishable by imprisonment in a county jail not exceeding six months, or by a fine not exceeding one thousand dollars ($1,000), or by both that imprisonment and fine. A second conviction is punishable by imprisonment in a county jail not exceeding one year, or by a fine not exceeding one thousand dollars ($1,000), or by both that imprisonment and fine.

SEC. 4. Sections 1.5 and 1.6 of this bill incorporate amendments to Section 594 of the Penal Code proposed by both this bill and AB 1897. They shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1999, (2) each bill amends Section 594 of the Penal Code, and (3) this bill is enacted after AB 1897, in which case Section 1 of this bill shall not become operative.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 854

An act to amend Sections 3653, 4351, 5235, and 5241 of, and to add Section 4205 to, the Family Code, and to amend Section 11350.1 of the Welfare and Institutions Code, relating to support orders.

[Approved by Governor September 24, 1998. Filed with Secretary of State September 25, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 3653 of the Family Code is amended to read:

3653. (a) An order modifying or terminating a support order may be made retroactive to the date of the filing of the notice of motion or order to show cause to modify or terminate, or to any subsequent date, except as provided in subdivision (b) or by federal law (42 U.S.C. Sec. 666(a)(9)).

(b) If an order modifying or terminating a support order is entered due to the unemployment of either the support obligor or the support obligee, the order shall be made retroactive to the later of the date of the service on the opposing party of the notice of motion or order to show cause to modify or terminate or the date of unemployment, subject to the notice requirements of federal law (42 U.S.C. Sec. 666(a)(9)), unless the court finds good cause not to make the order retroactive and states its reasons on the record.

(c) If an order decreasing or terminating a support order is entered retroactively pursuant to this section, the support obligor shall nevertheless not be entitled to, and the support obligee shall have no obligation to repay, any amounts previously paid by the support obligor pursuant to the prior order that are in excess of the amounts due pursuant to the retroactive order.

SEC. 2. Section 4205 is added to the Family Code, to read:

4205. Any notice from the district attorney requesting a meeting with the support obligor for any purpose authorized under this part shall contain a statement advising the support obligor of his or her right to have an attorney present at the meeting.

SEC. 3. Section 4351 of the Family Code is amended to read:

4351. (a) In any proceeding where the court has entered an order pursuant to Section 4350, the court may also refer the matter of enforcement of the spousal support order to the district attorney. The district attorney may bring those enforcement proceedings as the district attorney in the district attorney's discretion determines to be appropriate.

(b) Notwithstanding subdivision (a), in any case in which the district attorney is required to appear on behalf of a welfare recipient in a proceeding to enforce an order requiring payment of child support, the district attorney shall also enforce any order requiring payment to the welfare recipient of spousal support that is in arrears.

(c) Nothing in this section shall be construed to prohibit the district attorney from bringing an action or initiating process to enforce or punish the failure to obey an order for spousal support under any provision of law that empowers the district attorney to bring an action or initiate a process, whether or not there has been a referral by the court pursuant to this chapter.

(d) Any notice from the district attorney requesting a meeting with the support obligor for any purpose authorized under this part shall contain a statement advising the support obligor of his or her right to have an attorney present at the meeting.

SEC. 4. Section 5235 of the Family Code is amended to read:

5235. (a) The employer shall continue to withhold and forward support as required by the assignment order until served with notice terminating the assignment order. If an employer withholds support as required by the assignment order, the obligor shall not be held in contempt or subject to criminal prosecution for nonpayment of the support that was withheld by the employer but not received by the obligee. If the employer withheld the support but failed to forward the payments to the obligee, the employer shall be liable for the payments, including interest, as provided in Section 5241.

(b) Within 10 days of service of a substitution of payee on the employer, the employer shall forward all subsequent support to the governmental entity or other payee that sent the substitution.

(c) The employer shall send the amounts withheld to the obligee within the timeframe specified in federal law and shall report to the obligee the date on which the amount was withheld from the obligor's wages.

(d) The employer may deduct from the earnings of the employee the sum of one dollar ($1) for each payment made pursuant to the order.

(e) Once the Child Support Centralized Collection and Distribution Unit as required by Section 11475.4 of the Welfare and Institutions Code is operational, the employer shall send all earnings withheld pursuant to this chapter to the Child Support Centralized Collection and Distribution Unit instead of the obligee.

SEC. 5. Section 5241 of the Family Code is amended to read:

5241. (a) An employer who willfully fails to withhold and forward support pursuant to a currently valid assignment order entered and served upon the employer pursuant to this chapter is liable to the obligee for the amount of support not withheld, forwarded, or otherwise paid to the obligee, including any interest thereon.

(b) If an employer withholds support as required by the assignment order, the obligor shall not be held in contempt or subject to criminal prosecution for nonpayment of the support that was withheld by the employer but not received by the obligee.

(c) In addition to any other penalty or liability provided by law, willful failure by an employer to comply with an assignment order is

punishable as a contempt pursuant to Section 1218 of the Code of Civil Procedure.

(d) If an employer withholds support, as required by the assignment order, but fails to forward the support to the obligee, the district attorney shall take appropriate action to collect the withheld sums from the employer. This provision shall not be construed to expand or limit the duties and obligations of the Labor Commissioner, as set forth in Section 200 and following of the Labor Code.

SEC. 6. Section 11350.1 of the Welfare and Institutions Code is amended to read:

11350.1. (a) Notwithstanding any other statute, in any action brought by the district attorney for the support of a minor child or children, the action may be prosecuted in the name of the county on behalf of the child, children, or a parent of the child or children. The parent who has requested or is receiving support enforcement services of the district attorney shall not be a necessary party to the action but may be subpoenaed as a witness. Except as provided in subdivision (e), in an action under this section there shall be no joinder of actions, or coordination of actions, or cross-complaints, and the issues shall be limited strictly to the question of parentage, if applicable, and child support, including an order for medical support. A final determination of parentage may be made in any action under this section as an incident to obtaining an order for support. An action for support or parentage pursuant to this section shall not be delayed or stayed because of the pendency of any other action between the parties.

(b) Judgment in an action brought pursuant to this section, and in an action brought pursuant to Section 11350, if at issue, may be rendered pursuant to a noticed motion, that shall inform the defendant that in order to exercise his or her right to trial, he or she must appear at the hearing on the motion.

If the defendant appears at the hearing on the motion, the court shall inquire of the defendant if he or she desires to subpoena evidence and witnesses, if parentage is at issue and genetic tests have not already been conducted whether he or she desires genetic tests, and if he or she desires a trial. If the defendant's answer is in the affirmative, a continuance shall be granted to allow the defendant to exercise those rights. A continuance shall not postpone the hearing to more than 90 days from the date of service of the motion. If a continuance is granted, the court may make an order for temporary support without prejudice to the right of the court to make an order for temporary support as otherwise allowed by law.

(c) In any action to enforce a spousal support order the action may be pled in the name of the county in the same manner as an action to establish a child support obligation. The same restrictions on joinder of actions, coordination of actions, cross-complaints, and delay because of the pendency of any other action as relates to actions

to establish a child support obligation shall also apply to actions to enforce a spousal support order.

(d) Nothing contained in this section shall be construed to prevent the parties from bringing an independent action under the Family Code and litigating the issues of support, custody, visitation, or protective orders. In that event, any support, custody, visitation, or protective order issued by the court in an action pursuant to this section shall be filed in the action commenced under the Family Code and shall continue in effect until modified by a subsequent order of the court. To the extent that the orders conflict, the court order last issued shall supersede all other orders and be binding upon all parties in that action.

(e) (1) After a support order, including a temporary support order and an order for medical support only, has been entered in an action brought pursuant to this section, the parent who has requested or is receiving support enforcement services of the district attorney shall become a party to the action brought pursuant to this section, only in the manner and to the extent provided by this section, and only for the purposes allowed by this section.

(2) Notice of the parent's status as a party shall be given to the parent by the district attorney in conjunction with the notice required by subdivision (e) of Section 11478.2. The complaint shall contain this notice. Service of the complaint on the parent in compliance with Section 1013 of the Code of Civil Procedure, or as otherwise provided by law, shall constitute compliance with this section. In all actions commenced under the procedures and forms in effect on or before December 31, 1996, the parent who has requested or is receiving support enforcement services of the district attorney shall not become a party to the action until he or she is joined as a party pursuant to an ex parte application or noticed motion for joinder filed by the district attorney or a noticed motion filed by either parent. The district attorney shall serve a copy of any order for joinder of a parent obtained by the district attorney's application on both parents in compliance with Section 1013 of the Code of Civil Procedure.

(3) The parent who has requested or is receiving support enforcement services of the district attorney is a party to an action brought under this section for issues relating to the support, custody, and visitation of a child, and for restraining orders, and for no other purpose. The district attorney shall not be required to serve or receive service of papers, pleadings, or documents, or participate in, or attend any hearing or proceeding relating to issues of custody or visitation, except as otherwise required by law. Orders concerning custody and visitation may be made in an action pursuant to this subdivision only if orders concerning custody and visitation have not been previously made by a court of competent jurisdiction in this state or another state and the court has jurisdiction and is the proper venue for custody and visitation determinations. All issues regarding

custody and visitation shall be heard and resolved in the manner provided by the Family Code. Except as otherwise provided by law, the district attorney shall control support and parentage litigation brought pursuant to this section, and the manner, method, and procedures used in establishing parentage and in establishing and enforcing support obligations unless and until the parent who requested or is receiving support enforcement services has requested in writing that the district attorney close his or her case and the case has been closed in accordance with federal regulation.

(f) (1) A parent who has requested or is receiving support enforcement services of the district attorney may take independent action to modify a support order made pursuant to this section while support enforcement services are being provided by the district attorney. The parent shall serve the district attorney with notice of any action filed to modify the support order and provide the district attorney with a copy of the modified order within 15 calendar days after the date the order is issued.

(2) A parent who has requested or is receiving support enforcement services of the district attorney may take independent action to enforce a support order made pursuant to this section while support enforcement services are being provided by the district attorney with the written consent of the district attorney. At least 30 days prior to filing an independent enforcement action, the parent shall provide the district attorney with written notice of the parent's intent to file an enforcement action that includes a description of the type of enforcement action the parent intends to file. Within 30 days of receiving the notice, the district attorney shall either provide written consent for the parent to proceed with the independent enforcement action or notify the parent that the district attorney objects to the parent filing the proposed independent enforcement action. The district attorney may object only if the district attorney is currently using an administrative or judicial method to enforce the support obligation or if the proposed independent enforcement action would interfere with an investigation being conducted by the district attorney. If the district attorney does not respond to the parent's written notice within 30 days, the district attorney shall be deemed to have given consent.

(3) The court shall order that all payments of support shall be made to the district attorney in any action filed under this section by the parent who has requested, or is receiving, support enforcement services of the district attorney unless support enforcement services have been terminated by the district attorney by case closure as provided by federal law. Any order obtained by a parent prior to support enforcement services being terminated in which the district attorney did not receive proper notice pursuant to this section shall be voidable upon the motion of the district attorney.

(g) Any notice from the district attorney requesting a meeting with the support obligor for any purpose authorized under this

section shall contain a statement advising the support obligor of his or her right to have an attorney present at the meeting.

(h) For the purpose of this section, "a parent who is receiving support enforcement services" includes a parent who has assigned his or her rights to support pursuant to Section 11477.

(i) The Judicial Council shall develop forms to implement this section. These forms shall be available no later than July 1, 1998.

SEC. 7. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 855

An act to amend Section 2827 of the Public Utilities Code, and to add and repeal Section 73 of the Revenue and Taxation Code, relating to solar energy.

[Approved by Governor September 24, 1998. Filed with Secretary of State September 25, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 2827 of the Public Utilities Code is amended to read:

2827. (a) The Legislature finds and declares that a program to provide net energy metering for eligible customer-generators is one way to encourage private investment in renewable energy resources, stimulate in-state economic growth, enhance the continued diversification of California's energy resource mix, and reduce interconnection and administrative costs for electricity suppliers.

(b) As used in this section, the following definitions apply:

(1) "Electric service provider" means an electric corporation, as defined in Section 218, a local publicly owned electric utility, as defined in Section 9604, or an electrical cooperative, as defined in Section 2776. "Electric service provider" also means an entity that offers electrical service to residential and small commercial customers, as defined in Section 394, if that entity offers net energy

metering. Any entity that offers net energy metering to residential and small commercial customers shall comply with this section.

(2) "Eligible customer-generator" means a residential customer, or a small commercial customer as defined in subdivision (h) of Section 331, of an electric service provider, who uses a solar or a wind turbine electrical generating facility, or a hybrid system of both, with a capacity of not more than 10 kilowatts that is located on the customer's premises, is interconnected and operates in parallel with the electric grid, and is intended primarily to offset part or all of the customer's own electrical requirements.

(3) "Net energy metering" means measuring the difference between the electricity supplied through the electric grid and the electricity generated by an eligible customer-generator and fed back to the electric grid over a 12-month period as described in subdivision (e). Net energy metering shall be accomplished using a single meter capable of registering the flow of electricity in two directions. An additional meter or meters to monitor the flow of electricity in each direction may be installed with the consent of the customer-generator, at the expense of the electric service provider, and the additional metering shall be used only to provide the information necessary to accurately bill or credit the customer-generator pursuant to the provisions of subdivision (e), or to collect solar or wind electric generating system performance information for research purposes. If the existing electrical meter of an eligible customer-generator is not capable of measuring the flow of electricity in two directions, the customer-generator shall be responsible for all expenses involved in purchasing and installing a meter that is able to measure electricity flow in two directions. If an additional meter or meters are installed, the net energy metering calculation shall yield a result identical to that of a single meter. An eligible customer-generator who already owns an existing solar or wind turbine electrical generating facility, or a hybrid system of both, is eligible to receive net energy metering service in accordance with this section.

(4) "Ratemaking authority" means, for an electrical corporation as defined in Section 218, or an electrical cooperative as defined in Section 2776, the commission, and for a local publicly owned electric utility as defined in Section 9604, the local elected body responsible for regulating the rates of the utility.

(c) (1) Every electric service provider shall develop a standard contract or tariff providing for net energy metering, and shall make this contract available to eligible customer-generators, upon request, on a first-come, first-served basis until the time that the total rated generating capacity used by eligible customer-generators equals one-tenth of 1 percent of the electric service provider's aggregate customer peak demand.

(2) On an annual basis, beginning in 1999, every electric service provider shall make available to the ratemaking authority

information on the total rated generating capacity used by eligible customer-generators that are customers of that provider in the provider's service area. For those electric service providers who are operating pursuant to Section 394, they shall make available to the ratemaking authority the information required by this paragraph for each eligible customer-generator that is their customer for each service area of an electric corporation, local publicly owned electric utility, or electrical cooperative, in which the customer has net energy metering. The ratemaking authority shall develop a process for making the information required by this paragraph available to energy service providers, and for using that information to determine when, pursuant to paragraph (3), a service provider is not obligated to provide net energy metering to additional customer-generators in its service area.

(3) Notwithstanding paragraph (1), an electric service provider is not obligated to provide net energy metering to additional customer-generators in its service area when the combined total peak demand of all customer-generators served by all the electric service providers in that service area furnishing net energy metering to eligible customer-generators equals one-tenth of 1 percent of the aggregate customer peak demand of those electric service providers.

(d) Each net energy metering contract or tariff shall be identical, with respect to rate structure, all retail rate components, and any monthly charges, to the contract or tariff to which the same customer would be assigned if such customer was not an eligible customer-generator. The charges for all retail rate components for eligible customer-generators shall be based exclusively on the customer-generator's net kilowatthour consumption over a 12-month period, without regard to the customer-generator's choice of electric service provider, in accordance with subdivision (e). Any new or additional demand charge, standby charge, customer charge, minimum monthly charge, interconnection charge, or other charge that would increase an eligible customer-generator's costs beyond those of other customers in the rate class to which the eligible customer-generator would otherwise be assigned are contrary to the intent of this legislation, and shall not form a part of net energy metering contracts or tariffs.

(e) The net energy metering calculation shall be made by measuring the difference between the electricity supplied to the eligible customer-generator and the electricity generated by the eligible customer-generator and fed back to the electric grid over a 12-month period. The following rules shall apply to the annualized net metering calculation:

(1) The eligible customer-generator shall, at the end of each 12-month period following the date of final interconnection of the eligible customer-generator's system with an electric service provider, and at each anniversary date thereafter, be billed for electricity used during that period. The electric service provider shall

determine if the eligible customer-generator was a net consumer or a net producer of electricity during that period.

(2) At the end of each 12-month period, where the electricity supplied during the period by the electric service provider exceeds the electricity generated by the eligible customer-generator during that same period, the eligible customer-generator is a net electricity consumer and the electric service provider shall be owed compensation for the eligible customer-generator's net kilowatthour consumption over that same period. The compensation owed for the eligible customer-generator's net 12-month kilowatthour consumption shall be calculated based on the average retail price per kilowatthour for the eligible customer-generator's rate class over that same period.

(3) At the end of each 12-month period, where the electricity generated by the eligible customer-generator during the 12-month period exceeds the electricity supplied by the electric service provider during that same period, the eligible customer-generator is a net electricity producer and the electric service provider shall retain any excess kilowatthours generated during the prior 12-month period. The eligible customer-generator shall not be owed any compensation for those excess kilowatthours unless the electric service provider enters into a purchase agreement with the eligible customer-generator for those excess kilowatthours.

(4) The electric service provider shall provide every eligible customer-generator with net electricity consumption information on each regular bill. That information shall include the current monetary balance owed the electric service provider for net electricity consumed since the last 12-month period ended. Notwithstanding subdivision (e), an electric service provider shall, upon the request of an eligible customer-generator, permit that customer to pay monthly for net energy consumed.

(5) If an eligible customer-generator terminates the customer relationship with the electric service provider, the electric service provider shall reconcile the eligible customer-generator's consumption and production of electricity during any part of a 12-month period following the last reconciliation, according to the requirements set forth in this subdivision, except that those requirements shall apply only to the months since the most recent 12-month bill.

(f) A solar or wind turbine electrical generating system, or a hybrid system of both, used by an eligible customer-generator shall meet all applicable safety and performance standards established by the National Electrical Code, the Institute of Electrical and Electronics Engineers, and accredited testing laboratories such as Underwriters Laboratories and, where applicable, rules of the Public Utilities Commission regarding safety and reliability. A customer-generator whose solar or wind turbine electrical generating system, or a hybrid system of both, meets those standards

and rules shall not be required to install additional controls, perform or pay for additional tests, or purchase additional liability insurance.

SEC. 2. Section 73 is added to the Revenue and Taxation Code, to read:

73. (a) Pursuant to the authority granted to the Legislature pursuant to paragraph (1) of subdivision (c) of Section 2 of Article XIII A of the California Constitution, the term "newly constructed," as used in subdivision (a) of Section 2 of Article XIII A of the California Constitution, does not include the construction or addition of any active solar energy system, as defined in subdivision (b).

(b) (1) "Active solar energy system" means a system that uses solar devices, which are thermally isolated from living space or any other area where the energy is used, to provide for the collection, storage, or distribution of solar energy.

(2) "Active solar energy system" does not include solar swimming pool heaters or hot tub heaters.

(3) Active solar energy systems may be used for any of the following:

(A) Domestic, recreational, therapeutic, or service water heating.

(B) Space conditioning.

(C) Production of electricity.

(D) Process heat.

(E) Solar mechanical energy.

(c) (1) (A) The Legislature finds and declares that the definition of spare parts in this paragraph is declarative of the intent of the Legislature, in prior statutory enactments of this section that excluded active solar energy systems from the term "newly constructed," as used in the California Constitution, thereby creating a tax appraisal exclusion.

(B) An active solar energy system that uses solar energy in the production of electricity includes storage devices, power conditioning equipment, transfer equipment, and parts related to the functioning of those items. In general, the use of solar energy in the production of electricity involves the transformation of sunlight into electricity through the use of devices such as solar cells or other collectors. However, an active solar energy system used in the production of electricity includes only equipment used up to, but not including, the stage of the transmission or use of the electricity. For the purpose of this paragraph, the term "parts" includes spare parts that are owned by the owner of, or the maintenance contractor for, an active solar energy system that uses solar energy in the production of electricity and which spare parts were specifically purchased, designed, or fabricated by or for that owner or maintenance contractor for installation in an active solar energy system that uses solar energy in the production of electricity, thereby including those parts in the tax appraisal exclusion created by this section.

(2) An active solar energy system that uses solar energy in the production of electricity also includes pipes and ducts that are used

exclusively to carry energy derived from solar energy. Pipes and ducts that are used to carry both energy derived from solar energy and from energy derived from other sources are active solar energy system property only to the extent of 75 percent of their full cash value.

(3) An active solar energy system that uses solar energy in the production of electricity does not include auxiliary equipment, such as furnaces and hot water heaters, that use a source of power other than solar energy to provide usable energy. An active solar energy system that uses solar energy in the production of electricity does include equipment, such as ducts and hot water tanks, that is utilized by both auxiliary equipment and solar energy equipment, that is, dual use equipment. That equipment is active solar energy system property only to the extent of 75 percent of its full cash value.

(d) This section shall apply to property tax lien dates for the 1999–2000 to 2004–05 fiscal years, inclusive. For purposes of supplemental assessment, this section shall apply only to qualifying construction or additions completed on or after January 1, 1999.

(e) This section shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute that is enacted before January 1, 2006, deletes or extends that date.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the duties imposed on a local agency or school district by this act were expressly included in a ballot measure approved by the voters in a statewide election, within the meaning of Section 17556 of the Government Code.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 856

An act to add Section 664.7 to the Code of Civil Procedure, and to amend Section 19719 of the Revenue and Taxation Code, relating to liability.

[Approved by Governor September 24, 1998. Filed with Secretary of State September 25, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 664.7 is added to the Code of Civil Procedure, to read:

664.7. (a) Notwithstanding Section 664.6, if parties to a pending construction defect action stipulate personally or, where a party's

contribution is paid on its behalf pursuant to a policy of insurance, the parties stipulate through their respective counsel, in a writing signed by the parties outside the presence of the court or orally before the court, for settlement of the case, or part thereof, the court, upon motion, may enter judgment pursuant to the terms of the settlement. If requested by the parties, the court may retain jurisdiction over the parties to enforce the settlement until performance in full of the terms of the settlement.

(b) It is the intent of the Legislature that this section modify the holding of Levy v. Superior Court (1995), 10 Cal. 4th 578, regarding the authority of counsel in a construction defect action to bind a party to a settlement.

(c) For purposes of this section, "construction defect action" shall mean any civil action that seeks monetary recovery against a developer, builder, design professional, general contractor, material supplier, or subcontractor of any residential dwelling based upon a claim for alleged defects in the design or construction of the residential dwelling unit.

SEC. 2. Section 19719 of the Revenue and Taxation Code is amended to read:

19719. (a) Any person who attempts or purports to exercise the powers, rights, and privileges of a corporation that has been suspended pursuant to Section 23301 or who transacts or attempts to transact intrastate business in this state on behalf of a foreign corporation, the rights and privileges of which have been forfeited pursuant to the section, is punishable by a fine of not less than two hundred fifty dollars ($250) and not exceeding one thousand dollars ($1,000), or by imprisonment not exceeding one year, or both fine and imprisonment.

(b) This section shall not apply to any insurer, or to counsel retained by an insurer on behalf of the suspended corporation, who provides a defense for a suspended corporation in a civil action based upon a claim for personal injury, property damage, or economic losses against the suspended corporation, and, in conjunction with this defense, prosecutes subrogation, contribution, or indemnity rights against persons or entities in the name of the suspended corporation.

(c) Nothing in this section shall create or limit any obligation upon an insurer to defend a suspended corporation.

CHAPTER 857

An act to amend Section 3248 of the Civil Code, and to amend Sections 3400, 7107, 10121, 10127, 10140, 10240.1, 10261, 10262, 10262.5, 10263, and 22300 of, and to add Section 7200 to, the Public Contract Code, relating to public works contracts.

[Approved by Governor September 24, 1998. Filed with Secretary of State September 25, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 3248 of the Civil Code is amended to read:

3248. In order to be approved, the payment bond shall satisfy all of the following requirements:

(a) The bond shall be in a sum not less than that prescribed in the following paragraph which is applicable to the total amount payable:

(1) One hundred percent of the total amount payable by the terms of the contract when the total amount payable does not equal or exceed five million dollars ($5,000,000).

(2) Fifty percent of the total amount payable by the terms of the contract when the total amount payable is not less than five million dollars ($5,000,000) and does not exceed ten million dollars ($10,000,000).

(3) Twenty-five percent of the total amount payable by the terms of the contract if the contract exceeds ten million dollars ($10,000,000).

(b) The bond shall provide that if the original contractor or a subcontractor fails to pay (1) any of the persons named in Section 3181, (2) amounts due under the Unemployment Insurance Code with respect to work or labor performed under the contract, or (3) for any amounts required to be deducted, withheld, and paid over to the Employment Development Department from the wages of employees of the contractor and subcontractors pursuant to Section 13020 of the Unemployment Insurance Code with respect to the work and labor, that the sureties will pay for the same, and also, in case suit is brought upon the bond, a reasonable attorney's fee, to be fixed by the court. The original contractor may require of the subcontractors a bond to indemnify the original contractor for any loss sustained by the original contractor because of any default by the subcontractors under this section.

(c) The bond shall, by its terms, inure to the benefit of any of the persons named in Section 3181 so as to give a right of action to those persons or their assigns in any suit brought upon the bond.

(d) The bond shall be in the form of a bond and not a deposit in lieu of a bond.

SEC. 2. Section 3400 of the Public Contract Code is amended to read:

3400. (a) No agency of the state nor any political subdivision, municipal corporation, or district, nor any public officer or person charged with the letting of contracts for the construction, alteration, or repair of public works shall draft or cause to be drafted specifications for bids, in connection with the construction, alteration, or repair of public works, (1) in such a manner as to limit the bidding, directly or indirectly, to any one specific concern, or (2)

except in those instances where the product is designated to match others in use on a particular public improvement either completed or in the course of completion, calling for a designated material, product, thing, or service by specific brand or trade name unless the specification lists at least two brands or trade names of comparable quality or utility and is followed by the words "or equal" so that bidders may furnish any equal material, product, thing, or service. In applying this section, the specifying agency shall, if aware of an equal product manufactured in this state, name that product in the specification. In those cases involving a unique or novel product application required to be used in the public interest, or where only one brand or trade name is known to the specifying agency, it may list only one. Specifications shall provide a period of time prior to the award of the contract for submission of data substantiating a request for a substitution of "an equal" item.

(b) Subdivision (a) shall not be applicable if the governing body of one of the entities named therein by resolution makes a finding that is included in the specifications that a particular material, product, thing, or service is designated by specific brand or trade name in order that a field test or experiment may be made to determine the product's suitability for future use.

SEC. 3. Section 7107 of the Public Contract Code is amended to read:

7107. (a) This section is applicable with respect to all contracts entered into on or after January 1, 1993, relating to the construction of any public work of improvement.

(b) The retention proceeds withheld from any payment by the public entity from the original contractor, or by the original contractor from any subcontractor, shall be subject to this section.

(c) Within 60 days after the date of completion of the work of improvement, the retention withheld by the public entity shall be released. In the event of a dispute between the public entity and the original contractor, the public entity may withhold from the final payment an amount not to exceed 150 percent of the disputed amount. For purposes of this subdivision, "completion" means any of the following:

(1) The occupation, beneficial use, and enjoyment of a work of improvement, excluding any operation only for testing, startup, or commissioning, by the public agency, or its agent, accompanied by cessation of labor on the work of improvement.

(2) The acceptance by the public agency, or its agent, of the work of improvement.

(3) After the commencement of a work of improvement, a cessation of labor on the work of improvement for a continuous period of 100 days or more, due to factors beyond the control of the contractor.

(4) After the commencement of a work of improvement, a cessation of labor on the work of improvement for a continuous

period of 30 days or more, if the public agency files for record a notice of cessation or a notice of completion.

(d) Subject to subdivision (e), within seven days from the time that all or any portion of the retention proceeds are received by the original contractor, the original contractor shall pay each of its subcontractors from whom retention has been withheld, each subcontractor's share of the retention received. However, if a retention payment received by the original contractor is specifically designated for a particular subcontractor, payment of the retention shall be made to the designated subcontractor, if the payment is consistent with the terms of the subcontract.

(e) The original contractor may withhold from a subcontractor its portion of the retention proceeds if a bona fide dispute exists between the subcontractor and the original contractor. The amount withheld from the retention payment shall not exceed 150 percent of the estimated value of the disputed amount.

(f) In the event that retention payments are not made within the time periods required by this section, the public entity or original contractor withholding the unpaid amounts shall be subject to a charge of 2 percent per month on the improperly withheld amount, in lieu of any interest otherwise due. Additionally, in any action for the collection of funds wrongfully withheld, the prevailing party shall be entitled to attorney's fees and costs.

(g) If a state agency retains an amount greater than 125 percent of the estimated value of the work yet to be completed pursuant to Section 10261, the state agency shall distribute undisputed retention proceeds in accordance with subdivision (c). However, notwithstanding subdivision (c), if a state agency retains an amount equal to or less than 125 percent of the estimated value of the work yet to be completed, the state agency shall have 90 days in which to release undisputed retentions.

(h) Any attempted waiver of the provisions of this section shall be void as against the public policy of this state.

SEC. 4. Section 7200 is added to the Public Contract Code, to read:

7200. (a) (1) This section shall apply with respect to all contracts entered into on or after January 1, 1999, between a public entity and an original contractor, between an original contractor and a subcontractor, and between all subcontractors thereunder, relating to the construction of any public work of improvement.

(2) For purposes of this section, "public entity" means the state, including every state agency, office, department, division, bureau, board, or commission, a city, county, city and county, including chartered cities and chartered counties, district, special district, public authority, political subdivision, public corporation, or nonprofit transit corporation wholly owned by a public agency and formed to carry out the purposes of the public agency.

(b) In a contract between the original contractor and a subcontractor, and in a contract between a subcontractor and any subcontractor thereunder, the percentage of the retention proceeds withheld may not exceed the percentage specified in the contract between the public entity and the original contractor.

(c) When a performance and payment bond is required in the solicitation for bids, subdivision (b) shall not apply to either of the following:

(1) The original contractor, if the subcontractor fails or refuses to provide a performance and payment bond, issued by an admitted surety insurer, to the original contractor.

(2) The subcontractor, if a subcontractor thereunder fails or refuses to provide a performance and payment bond, issued by an admitted surety insurer, to the subcontractor.

(d) No party identified in subdivision (b) shall require any other party to waive any provision of this section.

(e) In the event that the contractor elects to substitute securities in lieu of retentions, the contractor may withhold from his or her subcontractors, who have not elected to substitute securities in lieu of retentions, the amount of retentions that would have otherwise been withheld.

SEC. 5. Section 10121 of the Public Contract Code is amended to read:

10121. The original draft or a certified copy of the plans, specifications, and estimates of cost shall be filed permanently in the office of the department before further action is taken.

SEC. 6. Section 10127 of the Public Contract Code is amended to read:

10127. The department may, with the approval of the State Public Works Board, receive bids for the construction of several public works projects as a single project. Where more than one appropriation has been made for the several projects united as a single project under the provisions of this section, payments for the single project shall be made from the separate appropriations on the proportional basis that may be determined by the department and approved by the Department of Finance. In the case of several projects united as a single project pursuant to this section, those projects shall be within 100 miles of one another.

SEC. 7. Section 10140 of the Public Contract Code is amended to read:

10140. Public notice of a project shall be given by publication once a week for at least two consecutive weeks or once a week for more than two consecutive weeks if the longer period of advertising is deemed necessary by the department, as follows:

(a) In a newspaper of general circulation published in the county in which the project is located, or if located in more than one county, in such a newspaper in a county in which a major portion of the work is to be done.

(b) In a trade paper of general circulation published in San Francisco for projects located in County Group No. 1, as defined in Section 187 of the Streets and Highways Code, or in Los Angeles for projects located in County Group No. 2, as defined in said Section 187, devoted primarily to the dissemination of contract and building news among contracting and building materials supply firms.

The department may publish the notice to bidders for a project in additional trade papers or newspapers of general circulation that it deems advisable.

SEC. 8. Section 10240.1 of the Public Contract Code is amended to read:

10240.1. The claimant may initiate arbitration not later than 90 days after the date of service in person or by mail on the claimant of the final written decision by the department on the claim. This limitation shall not apply to any claim founded on any cost audit, latent defect, warranty, or guarantee under the contract.

SEC. 9. Section 10261 of the Public Contract Code is amended to read:

10261. Payments upon contracts shall be made as the department prescribes upon estimates made and approved by the department, but progress payments shall not be made in excess of 95 percent of the percentage of actual work completed plus a like percentage of the value of material delivered on the ground or stored subject to or under the control of the state, and unused, except as otherwise provided in this section. The department shall withhold not less than 5 percent of the contract price until final completion and acceptance of the project. However, at any time after 95 percent of the work has been completed, the department may reduce the funds withheld to an amount not less than 125 percent of the estimated value of the work yet to be completed, as determined by the department, if the reduction has been approved, in writing, by the surety on the performance bond and by the surety on the payment bond. The Controller shall draw his or her warrants upon estimates so made and approved by the department and the Treasurer shall pay them. The funds may be released by electronic transfer if that procedure is requested by the contractor, in writing, and if the public entity has, in place at the time of the request, the mechanism for the transfer.

SEC. 10. Section 10262 of the Public Contract Code is amended to read:

10262. The contractor shall pay to his or her subcontractors, within 10 days of receipt of each progress payment, the respective amounts allowed the contractor on account of the work performed by his or her subcontractors, to the extent of each subcontractor's interest therein. The payments to subcontractors shall be based on estimates made pursuant to Section 10261. Any diversion by the contractor of payments received for prosecution of a contract, or failure to reasonably account for the application or use of the payments constitutes ground for actions proscribed in Section 10253,

in addition to disciplinary action by the Contractors' State License Board. The subcontractor shall notify, in writing, the Contractors' State License Board and the department of any payment less than the amount or percentage approved for the class or item of work as set forth in Section 10261.

SEC. 11. Section 10262.5 of the Public Contract Code is amended to read:

10262.5. (a) Notwithstanding any other provision of law, a prime contractor or subcontractor shall pay to any subcontractor, not later than 10 days of receipt of each progress payment, the respective amounts allowed the contractor on account of the work performed by the subcontractors, to the extent of each subcontractor's interest therein. In the event that there is a good faith dispute over all or any portion of the amount due on a progress payment from the prime contractor or subcontractor to a subcontractor, then the prime contractor or subcontractor may withhold no more than 150 percent of the disputed amount.

Any contractor who violates this section shall pay to the subcontractor a penalty of 2 percent of the amount due per month for every month that payment is not made. In any action for the collection of funds wrongfully withheld, the prevailing party shall be entitled to his or her attorney's fees and costs.

(b) This section shall not be construed to limit or impair any contractual, administrative, or judicial remedies otherwise available to a contractor or a subcontractor in the event of a dispute involving late payment or nonpayment by a contractor or deficient subcontract performance or nonperformance by a subcontractor.

(c) On or before September 1 of each year, the head of each state agency shall submit to the Legislature a report on the number and dollar volume of written complaints received from subcontractors and prime contractors on contracts in excess of three hundred thousand dollars ($300,000), relating to violations of this section.

SEC. 12. Section 10263 of the Public Contract Code is amended to read:

10263. (a) Provisions shall be included in any invitation for bid and in any contract documents to permit the substitution of securities for any moneys withheld by a public agency to ensure performance under a contract. At the request and expense of the contractor, securities equivalent to the amount withheld shall be deposited with the State Treasurer or, a state or federally chartered bank in this state, as the escrow agent, who shall then pay the moneys to the contractor. Upon satisfactory completion of the contract, the securities shall be returned to the contractor.

(b) Alternatively, the contractor may request and the owner shall make payment of retentions earned directly to the escrow agent. The contractor may direct the investment of the payments into securities and the contractor shall receive the interest earned on the investments upon the same terms provided for in this section for

securities deposited by the contractor. Upon satisfactory completion of the contract, the contractor shall receive from the escrow agent all securities, interest, and payments received by the escrow agent from the owner, pursuant to the terms of this section.

(c) Alternatively, and subject to the approval and at the sole discretion of the public agency, the payment of retentions earned may be deposited directly with a person licensed under Division 6 (commencing with Section 17000) of the Financial Code as the escrow agent. Upon written request of an escrow agent who has not been approved by the public agency under this subdivision, the public agency shall provide written notice to that escrow agent within 10 business days of receipt of the request indicating the reason or reasons for not approving that escrow agent. An escrow agent that has been disapproved by the public agency may not maintain any cause of action of any nature against the state or any public agency, officer, agent, or employee of any public agency, in connection with the disapproval of that escrow agent. The payments shall be deposited in a trust account with a federally chartered bank or savings association within 24 hours of receipt by the escrow agent. The contractor shall not place any retentions with the escrow agent in excess of the coverage provided to that escrow agent pursuant to subdivision (b) of Section 17314 of the Financial Code. In all respects not inconsistent with this subdivision, the remaining provisions of this section shall apply to escrow agents acting pursuant to this subdivision. In addition, an escrow agent subject to this subdivision shall maintain insurance to cover negligent acts and omissions of the escrow agent in connection with the handling of retentions under this section in an amount not less than one hundred thousand dollars ($100,000) per contract, executed by an admitted insurer and in a form satisfactory to the public agency.

(d) Securities eligible for investment under this section shall include those listed in Section 16430 of the Government Code, bank or savings and loan certificates of deposit, interest-bearing demand deposit accounts, standby letters of credit, or any other security mutually agreed to by the contractor and the public agency.

The contractor shall be the beneficial owner of any securities substituted for moneys withheld and shall receive any interest thereon.

Failure to include the provisions prescribed by this section in bid and contract documents shall void any provisions for performance retentions in a public agency contract.

(e) (1) Any contractor who elects to receive interest on moneys withheld in retention by a public agency shall, at the request of any subcontractor, make that option available to the subcontractor regarding any moneys withheld in retention by the contractor from the subcontractor. If the contractor elects to receive interest on any moneys withheld in retention by a public agency, then the subcontractor shall receive the identical rate of interest received by

the contractor on any retention moneys withheld from the subcontractor by the contractor, less any actual pro rata costs associated with administering and calculating that interest. In the event that the interest rate is a fluctuating rate, the rate for the subcontractor shall be determined by calculating the interest rate paid during the time that retentions were withheld from the subcontractor. If the contractor elects to substitute securities in lieu of retention, then, by mutual consent of the contractor and subcontractor, the subcontractor may substitute securities in exchange for the release of moneys held in retention by the contractor.

(2) This subdivision shall apply only to those subcontractors performing more than five percent of the contractor's total bid.

(3) No contractor shall require any subcontractor to waive any provision of this section.

(f) The Legislature hereby finds and declares that the provisions of this section are of statewide concern and are necessary to encourage full participation by contractors and subcontractors in public contract procedures.

(g) An escrow agreement used pursuant to this section shall be null, void, and unenforceable unless it is substantially similar to the following form:

ESCROW AGREEMENT FOR
SECURITY DEPOSITS IN LIEU OF RETENTION

This Escrow Agreement is made and entered into by and between _____ whose address is _____ _____ hereinafter called "owner," _____ whose address is _____ _____ hereinafter called "contractor," and _____ whose address is _____ _____ hereinafter called "escrow agent."

For the consideration hereinafter set forth, the owner, contractor, and escrow agent agree as follows:

(1) Pursuant to Section 10263 of the Public Contract Code of the State of California, the contractor has the option to deposit securities with the escrow agent as a substitute for retention earnings required to be withheld by the owner pursuant to the construction contract entered into between the owner and contractor for _____ in the amount of _____ dated _____ (hereafter referred to as the "contract"). Alternatively, on written request of the contractor, the owner shall make payments of the retention earnings directly to the escrow agent. When the contractor deposits the securities as a substitute for the contract earnings, the escrow agent shall notify the

owner within 10 days of the deposit. The market value of the securities at the time of the substitution shall be at least equal to the cash amount then required to be withheld as retention under the terms of the contract between the owner and contractor. Securities shall be held in the name of the _____, and shall designate the contractor as the beneficial owner.

(2) The owner shall make progress payments to the contractor for those funds which otherwise would be withheld from progress payments pursuant to the contract provision, provided that the escrow agent holds securities in the form and amount specified above.

(3) When the owner makes payment of retentions earned directly to the escrow agent, the escrow agent shall hold them for the benefit of the contractor until such time as the escrow created under this contract is terminated. The contractor may direct the investment of the payments into securities. All terms and conditions of this agreement and the rights and responsibilities of the parties shall be equally applicable and binding when the owner pays the escrow agent directly.

(4) The contractor shall be responsible for paying all fees for the expenses incurred by the escrow agent in administering the escrow account. These expenses and payment terms shall be determined by the contractor and escrow agent.

(5) The interest earned on the securities or the money market accounts held in escrow and all interest earned on the interest shall be for the sole account of contractor and shall be subject to withdrawal by contractor at any time and from time to time without notice to the owner.

(6) The contractor shall have the right to withdraw all or any part of the principal in the escrow account only by written notice to the escrow agent accompanied by written authorization from the owner to the escrow agent that the owner consents to the withdrawal of the amount sought to be withdrawn by contractor.

(7) The owner shall have a right to draw upon the securities in the event of default by the contractor. Upon seven days' written notice to the escrow agent from the owner of the default, the escrow agent shall immediately convert the securities to cash and shall distribute the cash as instructed by the owner.

(8) Upon receipt of written notification from the owner certifying that the contract is final and complete, and that the contractor has complied with all requirements and procedures applicable to the contract, the escrow agent shall release to the contractor all securities and interest on deposit less escrow fees and charges of the escrow account. The escrow shall be closed immediately upon disbursement of all moneys and securities on deposit and payments of fees and charges.

(9) The escrow agent shall rely on the written notifications from the owner and the contractor pursuant to Sections (1) to (8),

inclusive, of this agreement and the owner and contractor shall hold the escrow agent harmless from the escrow agent's release, conversion, and disbursement of the securities and interest as set forth above.

SEC. 13. Section 22300 of the Public Contract Code is amended to read:

22300. (a) Provisions shall be included in any invitation for bid and in any contract documents to permit the substitution of securities for any moneys withheld by a public agency to ensure performance under a contract; however, substitution of securities provisions shall not be required in contracts in which there will be financing provided by the Farmers Home Administration of the United States Department of Agriculture pursuant to the Consolidated Farm and Rural Development Act (7 U.S.C. Sec. 1921 et seq.), and where federal regulations or policies, or both, do not allow the substitution of securities. At the request and expense of the contractor, securities equivalent to the amount withheld shall be deposited with the public agency, or with a state or federally chartered bank in this state as the escrow agent, who shall then pay those moneys to the contractor. Upon satisfactory completion of the contract, the securities shall be returned to the contractor.

(b) Alternatively, the contractor may request and the owner shall make payment of retentions earned directly to the escrow agent at the expense of the contractor. At the expense of the contractor, the contractor may direct the investment of the payments into securities and the contractor shall receive the interest earned on the investments upon the same terms provided for in this section for securities deposited by the contractor. Upon satisfactory completion of the contract, the contractor shall receive from the escrow agent all securities, interest, and payments received by the escrow agent from the owner, pursuant to the terms of this section.

(d) (1) Any contractor who elects to receive interest on moneys withheld in retention by a public agency shall, at the request of any subcontractor, make that option available to the subcontractor regarding any moneys withheld in retention by the contractor from the subcontractor. If the contractor elects to receive interest on any moneys withheld in retention by a public agency, then the subcontractor shall receive the identical rate of interest received by the contractor on any retention moneys withheld from the subcontractor by the contractor, less any actual pro rata costs associated with administering and calculating that interest. In the

event that the interest rate is a fluctuating rate, the rate for the subcontractor shall be determined by calculating the interest rate paid during the time that retentions were withheld from the subcontractor. If the contractor elects to substitute securities in lieu of retention, then, by mutual consent of the contractor and subcontractor, the subcontractor may substitute securities in exchange for the release of moneys held in retention by the contractor.

(2) This subdivision shall apply only to those subcontractors performing more than five percent of the contractor's total bid.

(3) No contractor shall require any subcontractor to waive any provision of this section.

(e) The Legislature hereby declares that the provisions of this section are of statewide concern and are necessary to encourage full participation by contractors and subcontractors in public contract procedures.

SEC. 3. Section 7571 of the Family Code is amended to read:

7571. (a) On and after January 1, 1995, upon the event of a live birth, prior to an unmarried mother leaving any hospital, the person responsible for registering live births under Section 102405 of the Health and Safety Code shall provide to the natural mother and shall attempt to provide, at the place of birth, to the man identified by the natural mother as the natural father, a voluntary declaration of paternity together with the written materials described in Section 7572. The person responsible for registering the birth shall forward the completed declaration to the State Department of Social Services, and, if requested, shall transmit a copy of the declaration to the district attorney of the county where the birth occurred. A copy of the declaration shall be made available to each of the attesting parents.

(b) No health care provider shall be subject to any civil, criminal, or administrative liability for any negligent act or omission relative

to the accuracy of the information provided, or for filing the declaration with the appropriate state or local agencies.

(c) The district attorney shall pay the sum of ten dollars ($10) to birthing hospitals and other entities that provide prenatal services for each completed declaration of paternity that is filed with the State Department of Social Services, provided that the district attorney and the hospital or other entity providing prenatal services has entered into a written agreement that specifies the terms and conditions for the payment as required by federal law.

(d) If the declaration is not registered by the person responsible for registering live births at the hospital, it may be completed by the attesting parents, notarized, and mailed to the State Department of Social Services at any time after the child's birth.

(e) Prenatal clinics may offer prospective parents the opportunity to sign a voluntary declaration of paternity. In order to be paid for their services as provided in subdivision (c), prenatal clinics must ensure that the form is witnessed and forwarded to the State Department of Social Services.

(f) Declarations shall be made available without charge at all district attorney offices, offices of local registrars of births and deaths, courts, and county welfare departments within this state. Staff in these offices shall witness the signatures of parents wishing to sign a voluntary declaration of paternity and shall be responsible for forwarding the signed declaration to the State Department of Social Services.

(g) The district attorney may, at his or her option, pay the sum of ten dollars ($10) to local registrars of births and deaths, county welfare departments, or courts for each completed declaration of paternity that is witnessed by staff in these offices and filed with the State Department of Social Services. In order to receive payment, the district attorney and the entity shall enter into a written agreement that specifies the terms and conditions for payment as required by federal law. The State Department of Social Services shall study the effect of the ten dollar ($10) payment on obtaining completed voluntary declaration of paternity forms and shall report to the Legislature on any recommendations to change the ten dollar ($10) optional payment, if appropriate, by January 1, 2000.

(h) The State Department of Social Services and district attorneys shall publicize the availability of the declarations. The district attorney shall make the declaration, together with the written materials described in subdivision (a) of Section 7572, available upon request to any parent. The district attorney shall also provide qualified staff to answer parents' questions regarding the declaration and the process of establishing paternity.

(i) Copies of the declaration filed with the State Department of Social Services shall be made available only to the parents, the child, the district attorney, the county welfare department, the county counsel, and the State Department of Social Services.

SEC. 4. Section 7572 of the Family Code is amended to read:

7572. (a) The State Department of Social Services, in consultation with the State Department of Health Services, the California Association of Hospitals and Health Systems, and other affected health provider organizations, shall work cooperatively to develop written materials to assist providers and parents in complying with this chapter.

(b) The written materials for parents which shall be attached to the form specified in Section 7574 and provided to unmarried parents shall contain the following information:

(1) A signed voluntary declaration of paternity that is filed with the State Department of Social Services legally establishes paternity.

(2) The legal rights and obligations of both parents and the child that result from the establishment of paternity.

(3) An alleged father's constitutional rights to have the issue of paternity decided by a court; to notice of any hearing on the issue of paternity; to have an opportunity to present his case to the court, including his right to present and cross-examine witnesses; to have an attorney represent him; and to have an attorney appointed to represent him if he cannot afford one in a paternity action filed by the district attorney.

(4) That by signing the voluntary declaration of paternity, the father is voluntarily waiving his constitutional rights.

(c) Parents shall also be given oral notice of the rights and responsibilities specified in subdivision (b). Oral notice may be accomplished through the use of audio or videotape programs developed by the State Department of Social Services to the extent permitted by federal law.

(d) The State Department of Social Services shall, free of charge, make available to hospitals, clinics, and other places of birth any and all informational and training materials for the program under this chapter, as well as the paternity declaration form. The State Department of Social Services shall make training available to every participating hospital, clinic, local registrar of births and deaths, and other place of birth no later than June 30, 1999.

(e) The State Department of Social Services may adopt regulations, including emergency regulations, necessary to implement this chapter.

SEC. 5. Section 7573 of the Family Code is amended to read:

7573. Except as provided in Sections 7575, 7576, and 7577, a completed voluntary declaration of paternity, as described in Section 7574, that has been filed with the State Department of Social Services shall establish the paternity of a child and shall have the same force and effect as a judgment for paternity issued by a court of competent jurisdiction. The voluntary declaration of paternity shall be recognized as a basis for the establishment of an order for child custody, visitation, or child support.

SEC. 6. Section 7575 of the Family Code is amended to read:

7575. (a) Either parent may rescind the voluntary declaration of paternity by filing a rescission form with the State Department of Social Services within 60 days of the date of execution of the declaration by the attesting father or attesting mother, whichever signature is later, unless a court order for custody, visitation, or child support has been entered in an action in which the signatory seeking to rescind was a party. The State Department of Social Services shall develop a form to be used by parents to rescind the declaration of paternity and instruction on how to complete and file the rescission with the State Department of Social Services. The form shall include a declaration under penalty of perjury completed by the person filing the rescission form that certifies that a copy of the rescission form was sent by any form of mail requiring a return receipt to the other person who signed the voluntary declaration of paternity. A copy of the return receipt shall be attached to the rescission form when filed with the State Department of Social Services. The form and instructions shall be written in simple, easy to understand language and shall be made available at the local family support office and the office of local registrar of births and deaths.

(b) (1) Notwithstanding Section 7573, if the court finds that the conclusions of all of the experts based upon the results of the genetic tests performed pursuant to Chapter 2 (commencing with Section 7550) are that the man who signed the voluntary declaration is not the father of the child, the court may set aside the voluntary declaration of paternity.

(2) The notice of motion for genetic tests under this section may be filed not later than two years from the date of the child's birth by either the mother or the man who signed the voluntary declaration as the child's father in an action to determine the existence or nonexistence of the father and child relationship pursuant to Section 7630 or in any action to establish an order for child custody, visitation, or child support based upon the voluntary declaration of paternity.

(3) The notice of motion for genetic tests pursuant to this section shall be supported by a declaration under oath submitted by the moving party stating the factual basis for putting the issue of paternity before the court.

(c) (1) Nothing in this chapter shall be construed to prejudice or bar the rights of either parent to file an action or motion to set aside the voluntary declaration of paternity on any of the grounds described in, and within the time limits specified in, Section 473 of the Code of Civil Procedure and Chapter 10 (commencing with Section 2120) of Part 1 of Division 6. If the action or motion to set aside the voluntary declaration of paternity is for fraud or perjury, the act must have induced the defrauded parent to sign the voluntary declaration of paternity. If the action or motion to set aside a judgment is required to be filed within a specified time period under Section 473 of the Code of Civil Procedure or Section 2122, the period within which the action or motion to set aside the voluntary

declaration of paternity must be filed shall commence on the date that the court makes a finding of paternity based upon the voluntary declaration of paternity in an action for custody, visitation, or child support.

(2) The parent seeking to set aside the voluntary declaration of paternity shall have the burden of proof.

(3) Any order for custody, visitation, or child support shall remain in effect until the court determines that the voluntary declaration of paternity should be set aside, subject to the court's power to modify the orders as otherwise provided by law.

(4) Nothing in this section is intended to restrict a court from acting as a court of equity.

(5) If the voluntary declaration of paternity is set aside pursuant to paragraph (1), the court shall order that the mother, child, and alleged father submit to genetic tests pursuant to Chapter 2 (commencing with Section 7550). If the court finds that the conclusions of all the experts, as disclosed by the evidence based upon the genetic tests, are that the person who executed the voluntary declaration of paternity is not the father of the child, the question of paternity shall be resolved accordingly. If the person who executed the declaration as the father of the child is not excluded as a possible father, the question of paternity shall be resolved as otherwise provided by law. If the person who executed the declaration of paternity is ultimately determined to be the father of the child, any child support that accrued under an order based upon the voluntary declaration of paternity shall remain due and owing.

(6) The Judicial Council shall develop the forms and procedures necessary to effectuate this subdivision.

SEC. 7. Section 102766 of the Health and Safety Code is amended to read:

102766. (a) When a voluntary declaration of paternity is filed with the State Department of Social Services pursuant to subdivision (d) of Section 7571 of the Family Code, an application may be submitted to the State Registrar requesting that the father's name be added to the child's birth certificate.

(b) Upon receipt of the application and payment of the required fee, the State Registrar shall review the application for acceptance for filing, and if accepted, shall establish a new birth certificate for the child in the manner prescribed in Article 1 (commencing with Section 102625), if the original record of birth is on file in the office of the State Registrar.

SEC. 8. Section 1088.5 of the Unemployment Insurance Code is amended to read:

1088.5. (a) In addition to information reported in accordance with Section 1088, effective July 1, 1998, each employer shall file, with the department, the information provided for in subdivision (b) on new employees.

(c) (1) This section shall not apply to any department, agency, or instrumentality of the United States.

(2) State agency employers shall not be required to report employees performing intelligence or counterintelligence functions, if the head of the agency has determined that reporting pursuant to this section would endanger the safety of the employee or compromise an ongoing investigation or intelligence mission.

(d) (1) Employers shall submit a report as described in paragraph (4) within 20 days of hiring any employee whom the employer is required to report pursuant to this section.

(2) Notwithstanding subdivision (a), employers transmitting reports magnetically or electronically shall submit the report by two monthly transmissions not less than 12 days no more than 16 days apart.

(3) For purposes of this section, an employer that has employees in two or more states and that transmits reports magnetically or electronically may designate one state in which the employer has employees to which the employer will transmit the report described in paragraph (4). Any employer that transmits reports pursuant to this paragraph shall notify the Secretary of Health and Human Services in writing as to which state the employer designates for the purpose of sending reports.

(4) The report shall contain the following:

(A) The name, address, and social security number of the employees.

(B) The employer's name, address, state employer identification number (if one has been issued), and identifying number assigned to the employer under Section 6109 of the Internal Revenue Code of 1986.

(C) The first date the employee worked.

(5) Employers may report pursuant to this section by submitting a copy of the employee's W-4 form, a form provided by the department, or any other hiring document transmitted by first-class mail, magnetically, or electronically.

(e) For each failure to report the hiring of an employee, as required and within the time required by this section, unless the failure is due to good cause, the department may assess a penalty of twenty-four dollars ($24), or four hundred ninety dollars ($490) if the failure is the result of conspiracy between the employer and employee not to supply the required report or to supply a false or incomplete report.

(f) Information collected pursuant to this section may be used for the following purposes:

(1) Administration of this code.

(2) Locating individuals for purposes of establishing paternity and establishing, modifying, and enforcing child support obligations.

(3) Administration of employment security and workers' compensation programs.

(4) Providing employer or employee information to the Franchise Tax Board for the purpose of tax enforcement.

(h) This section shall become operative on July 1, 1998.

SEC. 9. Section 11475.8 of the Welfare and Institutions Code is amended to read:

11475.8. (a) The Legislature finds and declares all of the following:

(1) The Legislative Analyst has found that county child support enforcement programs provide a net increase in revenues to the state.

(2) The state has a fiscal interest in ensuring that county child support enforcement programs perform efficiently.

(3) The state does not provide information to counties on child support enforcement programs, based on common denominators that would facilitate comparison of program performance.

(4) Providing this information would allow county officials to monitor program performance and to make appropriate modifications to improve program efficiency.

(5) This information is required for effective management of the child support program.

(b) (1) Except as provided in paragraph (2), commencing with the 1998–99 fiscal year, and for each fiscal year thereafter, each county that is participating in the state incentive program described in Section 15200.81 shall provide to the department, and the department shall compile from this county child support information, quarterly and annually, all of the following performance-based data, as established by the federal incentive funding system, provided that the department may revise the data required by this paragraph in order to conform to the final federal incentive system data definitions:

(A) One of the following data relating to paternity establishment, as required by the department, provided that the department shall require all counties to report on the same measurement:

(i) The total number of children in the caseload governed by Subtitle D (commencing with Section 450) of Title IV of the federal Social Security Act (42 U.S.C. Sec. 650 et seq.), as of the end of the federal fiscal year, who were born to unmarried parents for whom paternity was established or acknowledged, and the total number of

Sec. 650 et seq.) and the total number of dollars owing for current support during that federal fiscal year in cases governed by those provisions.

(D) The total number of cases for the federal fiscal year governed by Subtitle D (commencing with Section 450) of Title IV of the federal Social Security Act (42 U.S.C. Sec. 650 et seq.) in which payment was being made toward child support arrearages and the total number of cases for that fiscal year governed by these federal provisions that had child support arrearages.

(2) A county may apply for an exemption from any or all of the reporting requirements of paragraph (1) for the 1998–99 state fiscal year or any quarter of that fiscal year, as well as for the first quarter of the 1999–2000 fiscal year, by submitting an application for the exemption to the department at least three months prior to the commencement of the fiscal year or quarter for which the exemption is sought. A county shall provide a separate justification for each data element under paragraph (1) for which the county is seeking an exemption and the cost to the county of providing the data. The department may not grant an exemption for more than one year. The department may grant a single exemption only if both of the following conditions are met:

(A) The county cannot compile the data being sought through its existing automated system or systems.

(B) The county cannot compile the data being sought through manual means or through an enhanced automated system or systems without significantly harming the child support collection efforts of the county.

(c) Except as provided in paragraph (6), before implementation of the state child support computers, the statewide automated system, and the Los Angeles Automated Child Support Enforcement Replacement System (ARS), in addition to the information required by subdivision (b), the department shall collect, on a monthly basis, from each county that is participating in the state incentive program described in Section 15200.81, information on the county child support enforcement program beginning with the 1998–99 fiscal year, and for each subsequent fiscal year, and shall report quarterly and annually on all of the following measurements:

(1) The establishment or maintenance of parent and child relationships and support obligations.

(2) The enforcement of the child support liability of absent parents.

(3) The enforcement of spousal support liability of the spouse or former spouse to the extent required by the state plan under Section 11475.2 of this code and Chapter 6 (commencing with Section 4900) of Part 5 of Division 9 of the Family Code.

(4) The location of absent parents.

(5) The location of parents and children abducted, concealed, or detained by them.

(b) (1) Except as provided in subdivision (c), all files, applications, papers, documents, and records established or maintained by any public entity pursuant to the administration and implementation of the child and spousal support enforcement program established pursuant to Part D (commencing with Section 651) of Subchapter IV of Chapter 7 of Title 42 of the United States Code and this article, shall be confidential, and shall not be open to examination or released for disclosure for any purpose not directly connected with the administration of the child and spousal support enforcement program. No public entity shall disclose any file, application, paper, document, or record, or the information contained therein, except as expressly authorized by this section.

(2) In no case shall information be released or the whereabouts of one party or the child disclosed to another party, or to the attorney of any other party, if a protective order has been issued by a court or administrative agency with respect to the former party, a good cause claim under Section 11477.04 has been approved or is pending, or the public agency responsible for establishing paternity or enforcing support has reason to believe that the release of the information may result in physical or emotional harm to the former party or the child.

(3) Notwithstanding any other provision of law, a proof of service filed by the district attorney shall not disclose the address where service of process was accomplished. Instead, the district attorney shall keep the address in his or her own records. (6) After a noticed motion and a finding by the court, in a case in which establishment or enforcement actions are being taken, that release or disclosure to the obligor or obligee is required by due process of law, the court may order a public entity that possesses an application, paper, document, or record as described in subdivision (b) to make that item available to the obligor or obligee for examination or copying, or to disclose to the obligor or obligee the contents of that item. Article 9 (commencing with Section 1040) of Chapter 4 of Division 3 of the Evidence Code shall not be applicable to proceedings under this part. At any hearing of a motion filed pursuant to this section, the court shall inquire of the district attorney and the parties appearing at the hearing if there is reason to believe that release of the requested information may result in physical or emotional harm to a party. If the court determines that harm may occur, the court shall issue any protective orders or injunctive orders restricting the use and disclosure of the information as are necessary to protect the individuals.

(7) To the extent not prohibited by federal law or regulation, information indicating the existence or imminent threat of a crime against a minor child, or location of a concealed, detained, or abducted child or the location of the concealing, detaining, or abducting person, may be disclosed to any district attorney, any appropriate law enforcement agency, or to any state or county child protective agency, or may be used in any judicial proceedings to prosecute that crime or to protect the child.

(6) After a noticed motion and a finding by the court, in a case in which establishment or enforcement actions are being taken, that release or disclosure to the obligor or obligee is required by due process of law, the court may order a public entity that possesses an application, paper, document, or record as described in subdivision (b) to make that item available to the obligor or obligee for examination or copying, or to disclose to the obligor or obligee the contents of that item. Article 9 (commencing with Section 1040) of Chapter 4 of Division 3 of the Evidence Code shall not be applicable to proceedings under this part. (d) (1) "Administration and implementation of the child and spousal support enforcement program," as used in this section, means the carrying out of the state and local plans for establishing, modifying, and enforcing child support obligations, enforcing spousal support orders, and determining paternity pursuant to Part D (commencing with Section 651) of Subchapter IV of Chapter 7 of Title 42 of the United States Code and this article.

SEC. 11. Section 11478.2 of the Welfare and Institutions Code is amended to read:

11478.2. (a) In all actions involving paternity or support, including, but not limited to, proceedings under the Family Code, and under this division, the district attorney and Attorney General represent the public interest in establishing, modifying, and enforcing support obligations. No attorney-client relationship shall be deemed to have been created between the district attorney or Attorney General and any person by virtue of the action of the district attorney or the Attorney General in carrying out these statutory duties.

(b) The provisions of subdivision (a) are declarative of existing law.

(c) In all requests for services of the district attorney or Attorney General pursuant to Section 11475.1 relating to actions involving paternity or support, not later than the same day an individual makes a request for these services in person, and not later than five working days after either (1) a case is referred for services from the county welfare department, (2) receipt of a request by mail for an application for services, or (3) an individual makes a request for services by telephone, the district attorney or Attorney General shall give notice to the individual requesting services or on whose behalf services have been requested that the district attorney or Attorney General does not represent the individual or the children who are the subject of the case, that no attorney-client relationship exists between the district attorney or Attorney General and those persons, and that no such representation or relationship shall arise if the district attorney or Attorney General provides the services requested. Notice shall be in bold print and in plain English and shall be translated into the language understandable by the recipient when reasonable. The notice shall include the advice that the absence of an attorney-client relationship means that communications from the recipient are not privileged and that the district attorney or Attorney General may provide support enforcement services to the other parent in the future.

(d) The district attorney or Attorney General shall give the notice required pursuant to subdivision (c) to all recipients of services under Section 11475.1 who have not otherwise been provided that notice, not later than the date of the next annual notice required under Section 11476.2. This notice shall include notification to the recipient of services under Section 11475.1 that the recipient may

inspect the clerk's file at the county clerk's office, and that, upon request, the district attorney, or, if appropriate, the Attorney General, will furnish a copy of the most recent order entered in the case.

(e) The district attorney, or, if appropriate, the Attorney General, shall serve a copy of the complaint for paternity or support, or both on recipients of support services under Section 11475.1, as specified in paragraph (2) of subdivision (e) of Section 11350.1. A notice shall accompany the complaint which informs the recipient that the district attorney or Attorney General may enter into a stipulated order resolving the complaint, and that if the recipient wishes to assist the prosecuting attorney, he or she should send all information on the noncustodial parent's earnings and assets to the prosecuting attorney.

(f) (1) The district attorney or Attorney General shall provide written notice to recipients of services under Section 11475.1 of the initial date and time, and purpose of every hearing in a civil action for paternity or support. The notice shall include the following language:

IMPORTANT NOTICE

It may be important that you attend the hearing. The district attorney does not represent you or your children. You may have information about the noncustodial parent, such as information about his or her income or assets, or your need for support that will not be presented to the court unless you attend the hearing. You have the right to be heard in court and tell the court what you think the court should do with the child support order.

If you have a court order for support that arose as part of your divorce, this hearing could change your rights or your children's rights to support. You have the right to attend the hearing and, the right, to be heard.

If you would like to attend the hearing and be told about any changes to the hearing date or time, notify this office by _____. The district attorney or Attorney General will then have to tell you about any changes to the hearing date or time.

(2) The notice shall state the purpose of the hearing or be attached to the motion or other pleading which caused the hearing to be scheduled.

(3) The notice shall be provided separate from all other material and shall be in at least 14-point type. The failure of the district attorney or Attorney General to comply with this subdivision shall not affect the validity of any order.

(4) The notice shall be provided not later than seven calendar days prior to the hearing, or, if the district attorney or Attorney General receives notice of the hearing less than seven days prior to the hearing, within two days of the receipt by the district attorney or Attorney General of the notice of the hearing.

(5) The district attorney or Attorney General shall, in order to implement this subdivision, make reasonable efforts to ensure that the district attorney or Attorney General has current addresses for recipients of support enforcement services.

(g) The district attorney or Attorney General shall give notice to recipients of services under Section 11475.1 of every order obtained by the district attorney or Attorney General that establishes or modifies the support obligation for the recipient or the children who are the subject of the order, by sending a copy of the order to the recipient. The notice shall be made within the time specified by federal law after the order has been filed. The district attorney or Attorney General shall also give notice to these recipients of every order obtained in any other jurisdiction, that establishes or modifies the support obligation for the recipient or the children who are the subject of the order, and which is received by the district attorney or Attorney General, by sending a copy of the order to the recipient within the timeframe specified by federal law after the district attorney or Attorney General has received a copy of the order. In any action enforced under Chapter 6 (commencing with Section 4900) of Part 5 of Division 9 of the Family Code, the notice shall be made in compliance with the requirements of that chapter. The failure of the district attorney or Attorney General to comply with this subdivision shall not affect the validity of any order.

(h) The district attorney or Attorney General shall give notice to the noncustodial parent against whom a civil action is filed that the district attorney or Attorney General is not the attorney representing any individual, including, but not limited to, the custodial parent, the child, or the noncustodial parent.

(i) Nothing in this section shall be construed to preclude any person who is receiving services under Section 11475.1 from filing and prosecuting an independent action to establish, modify, and enforce an order for current support on behalf of himself or herself or a child if that person is not receiving public assistance.

(j) A person who is receiving services under Section 11475.1 but who is not currently receiving public assistance on his or her own behalf or on behalf of a child shall be asked to execute, or consent to, any stipulation establishing or modifying a support order in any action in which that person is named as a party, before the stipulation is filed. The district attorney or Attorney General shall not submit to the court for approval a stipulation to establish or modify a support order in such an action without first obtaining the signatures of all parties to the action, their attorneys of record, or persons authorized to act on their behalf.

(k) The district attorney or Attorney General shall not enter into a stipulation which reduces the amount of past due support, including interest and penalties accrued pursuant to an order of current support, on behalf of a person who is receiving support enforcement services under Section 11475.1 and who is owed support arrearages that exceed unreimbursed public assistance paid to the recipient of the support enforcement services, without first obtaining the consent of the person who is receiving services under Section 11475.1 on his or her own behalf or on behalf of the child.

(*l*) The notices required in this section shall be provided in the following manner:

(1) In all cases in which the person receiving services under Section 11475.1 resides in California, notice shall be provided by mailing the item by first-class mail to the last known address of, or personally delivering the item to, that person.

(2) In all actions enforced under Chapter 6 (commencing with Section 4900) of Part 5 of Division 9 of the Family Code, unless otherwise specified, notice shall be provided by mailing the item by first-class mail to the initiating court.

(m) Notwithstanding any other provision of this section, the notices provided for pursuant to subdivisions (c) to (g), inclusive, shall not be required in foster care cases.

(b) The provisions of subdivision (a) are declarative of existing law.

(c) (1) In all requests for services of the district attorney or Attorney General pursuant to Section 11475.1 relating to actions involving paternity or support, the district attorney or Attorney General shall provide notice as prescribed in paragraph (2), not later than the same day an individual makes a request for these services in person, and not later than five working days after any one of the following events:

(A) A case is referred for services from the county welfare department.

been requested that the district attorney or Attorney General does not represent the individual or the children who are the subject of the case, that no attorney-client relationship exists between the district attorney or Attorney General and those persons, and that no representation or relationship shall arise if the district attorney or Attorney General provides the services requested. Notice shall be in bold print and in plain English and shall be translated into the language understandable by the recipient when reasonable. The notice shall include the advice that the absence of an attorney-client relationship means that communications from the recipient are not privileged and that the district attorney or Attorney General may provide support enforcement services to the other parent in the future.

(d) The district attorney or Attorney General shall give the notice required pursuant to subdivision (c) to all recipients of services under Section 11475.1 who have not otherwise been provided that notice, not later than the date of the next annual notice required under Section 11476.2. This notice shall include notification to the recipient of services under Section 11475.1 that the recipient may inspect the clerk's file at the county clerk's office, and that, upon request, the district attorney, or, if appropriate, the Attorney General, will furnish a copy of the most recent order entered in the case.

(e) The district attorney, or, if appropriate, the Attorney General, shall serve a copy of the complaint for paternity or support, or both on recipients of support services under Section 11475.1, as specified in paragraph (2) of subdivision (e) of Section 11350.1. A notice shall accompany the complaint which informs the recipient that the district attorney or Attorney General may enter into a stipulated order resolving the complaint, and that if the recipient wishes to assist the prosecuting attorney, he or she should send all information on the noncustodial parent's earnings and assets to the prosecuting attorney.

(f) (1) The district attorney or Attorney General shall provide written notice to recipients of services under Section 11475.1 of the initial date and time, and purpose of every hearing in a civil action for paternity or support. The notice shall include the following language:

the court should do with the child support order.

If you have a court order for support that arose as part of your divorce, this hearing could change your rights or your children's rights to support. You have the right to attend the hearing and, the right, to be heard.

If you would like to attend the hearing and be told about any changes to the hearing date or time, notify this office by _____. The district attorney or Attorney General will then have to tell you about any changes to the hearing date or time.

(3) The notice shall be provided separate from all other material and shall be in at least 14-point type. The failure of the district attorney or Attorney General to comply with this subdivision shall not affect the validity of any order.

(g) The district attorney or Attorney General shall give notice to recipients of services under Section 11475.1 of every order obtained by the district attorney or Attorney General that establishes or modifies the support obligation for the recipient or the children who are the subject of the order, by sending a copy of the order to the recipient. The notice shall be made within the time specified by federal law after the order has been filed. The district attorney or Attorney General shall also give notice to these recipients of every order obtained in any other jurisdiction, that establishes or modifies the support obligation for the recipient or the children who are the subject of the order, and which is received by the district attorney or Attorney General, by sending a copy of the order to the recipient within the timeframe specified by federal law after the district attorney or Attorney General has received a copy of the order. In any action enforced under Chapter 6 (commencing with Section 4900) of Part 5 of Division 9 of the Family Code, the notice shall be made in compliance with the requirements of that chapter. The failure of the district attorney or Attorney General to comply with this subdivision shall not affect the validity of any order.

(h) The district attorney or Attorney General shall give notice to the noncustodial parent against whom a civil action is filed that the district attorney or Attorney General is not the attorney representing any individual, including, but not limited to, the custodial parent, the child, or the noncustodial parent.

(i) Nothing in this section shall be construed to preclude any person who is receiving services under Section 11475.1 from filing and prosecuting an independent action to establish, modify, and enforce an order for current support on behalf of himself or herself or a child if that person is not receiving public assistance.

(j) A person who is receiving services under Section 11475.1 but who is not currently receiving public assistance on his or her own behalf or on behalf of a child shall be asked to execute, or consent to, any stipulation establishing or modifying a support order in any action in which that person is named as a party, before the stipulation is filed. The district attorney or Attorney General shall not submit to the court for approval a stipulation to establish or modify a support order in that action without first obtaining the signatures of all parties to the action, their attorneys of record, or persons authorized to act on their behalf.

(k) The district attorney or Attorney General shall not enter into a stipulation that reduces the amount of past due support, including interest and penalties accrued pursuant to an order of current support, on behalf of a person who is receiving support enforcement services under Section 11475.1 and who is owed support arrearages that exceed unreimbursed public assistance paid to the recipient of the support enforcement services, without first obtaining the consent of the person who is receiving services under Section 11475.1 on his or her own behalf or on behalf of the child.

(b) The information transmitted from the clerks of the court to the Statewide Child Support Registry shall include all of the following:

(1) Any information required under federal law.

SEC. 16. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. CHAPTER 859

An act to amend Sections 4711 and 4712 of, and to add Section 4714 to, the Welfare and Institutions Code, relating to developmental services.

[Approved by Governor September 24, 1998. Filed with Secretary of State September 25, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 4711 of the Welfare and Institutions Code, as amended by Section 58 of Chapter 310 of the Statutes of 1998, is amended to read:

4711. Upon receipt of the hearing request form, where a fair hearing has been requested but mediation has not, the responsible state agency director shall immediately notify the claimant, the claimant's legal guardian or conservator, the parent of a minor claimant, the claimant's authorized representative, and the service agency director in writing of all the following information applicable to fair hearings. Where the hearing request form contains a request for a fair hearing and mediation, the notifications shall be made separately, and each notice shall contain only the information applicable to the particular type of proceeding.

(a) The time, place, and date of the fair hearing or mediation, as applicable, if agreed to by the service agency.

(b) The rights of the parties at the fair hearing pursuant to Section 4710.6 or mediation, as applicable, pursuant to Section 4711.5.

(c) The availability of advocacy assistance pursuant to paragraph (1) of subdivision (b) of Section 4710.6 for both mediation and fair hearings.

(d) The name, address, and telephone number of the persons or offices designated by the director of the responsible state agency, as applicable, to conduct fair hearings, mediate disputes, and to receive requests for continuance or consolidation.

(e) The rights and responsibilities of the parties established pursuant to subdivisions (d) to (m), inclusive, of Section 4712.

SEC. 2. Section 4712 of the Welfare and Institutions Code, as amended by Section 61 of Chapter 310 of the Statutes of 1998, is amended to read:

4712. (a) The fair hearing shall be held within 50 days of the date the hearing request form is postmarked or received by the service agency, whichever is earlier, unless a continuance based upon a showing of good cause has been granted to the claimant. The service agency may also request a continuance based upon a showing of good cause, provided that the granting of the continuance does not extend the time period for rendering a final administrative decision beyond the 90-day period provided for in this chapter. For purposes of this section, good cause includes, but is not limited to, the following circumstances:

(1) Death of a spouse, parent, child, brother, sister, grandparent of the claimant or authorized representative, or legal guardian or conservator of the claimant.

(2) Personal illness or injury of the claimant or authorized representative.

(3) Sudden and unexpected emergencies, including, but not limited to, court appearances of the claimant or authorized representative, conflicting schedules of the authorized representative if the conflict is beyond the control of the authorized representative.

(4) Unavailability of a witness or evidence, the absence of which would result in serious prejudice to the claimant.

(5) An intervening request by the claimant or his or her authorized representative for mediation.

(b) Notwithstanding Sections 19130, 19131, and 19132 of the Government Code, the department shall contract for the provision of independent hearing officers. Hearing officers shall have had at least two years of full-time legal training at a California or American Bar Association accredited law school or the equivalent in training and experience as established by regulations to be promulgated by the department pursuant to Section 4705. These hearing officers shall receive training in the law and regulations governing services to developmentally disabled individuals and administrative hearings. The State Department of Developmental Services shall seek the advice of the State Council on Developmental Disabilities in the development of training materials and the implementation of training procedures by the department.

(c) The hearing officer shall not be an employee, agent, board member, or contractor of the service agency against whose action the appeal has been filed, or a spouse, parent, child, brother, sister, grandparent, legal guardian, or conservator of the claimant, or any person who has a direct financial interest in the outcome of the fair hearing, or any other interest which would preclude a fair and impartial hearing.

(d) The claimant and the service agency shall exchange a list of potential witnesses, the general subject of the testimony of each witness, and copies of all potential documentary evidence at least five days prior to the hearing. The hearing officer may prohibit testimony of a witness that is not disclosed and may prohibit the introduction of documents that have not been disclosed. However, the hearing officer may allow introduction of such testimony or witness in the interest of justice.

(e) The fair hearing shall be held at a time and place reasonably convenient to the claimant and the authorized representative.

(f) Merits of a pending fair hearing shall not be discussed between the hearing officer and a party outside the presence of the other party.

(g) The hearing officer shall voluntarily disqualify himself or herself and withdraw from any case in which he or she cannot accord a fair and impartial hearing or consideration. Any party may request the disqualification of the hearing officer by filing an affidavit, prior

to the taking of evidence at a hearing, stating with particularity the grounds upon which it is claimed that a fair and impartial hearing cannot be accorded. The issue shall be decided by the hearing officer.

(h) Both parties to the fair hearing shall have the rights specified in subdivision (a) of Section 4710.6.

(i) The fair hearing need not be conducted according to the technical rules of evidence and those related to witnesses. Any relevant evidence shall be admitted. Both parties shall be allowed to submit documents into evidence at the beginning of the hearing. No party shall be required to formally authenticate any document unless the hearing officer determines the necessity to do so in the interest of justice. All testimony shall be under oath or affirmation which the hearing officer is empowered to administer.

(j) A service agency shall present its witnesses and all other evidence before the claimant presents his or her case unless the parties agree otherwise or the hearing officer determines that there exists good cause for a witness to be heard out of order. This section does not alter the burden of proof.

(k) A recording shall be made of the proceedings before the hearing officer. Any cost of recording shall be borne by the responsible state agency.

(*l*) The fair hearing shall be conducted in the English language. However, if the claimant, the claimant's guardian or conservator, parent of a minor claimant, or authorized representative does not understand English, an interpreter shall be provided by the responsible state agency.

(m) The fair hearing shall be open to the public except at the request of the claimant or authorized representative or when personnel matters are being reviewed.

SEC. 3. Section 4712 of the Welfare and Institutions Code, as amended by Section 61 of Chapter 310 of the Statutes of 1998, is amended to read:

4712. (a) The fair hearing shall be held within 50 days of the date the hearing request form is postmarked or received by the service agency, whichever is earlier, unless a continuance based upon a showing of good cause has been granted to the claimant. The service agency may also request a continuance based upon a showing of good cause, provided that the granting of the continuance does not extend the time period for rendering a final administrative decision beyond the 90-day period provided for in this chapter. For purposes of this section, good cause includes, but is not limited to, the following circumstances:

(1) Death of a spouse, parent, child, brother, sister, grandparent of the claimant or authorized representative, or legal guardian or conservator of the claimant.

(2) Personal illness or injury of the claimant or authorized representative.

(3) Sudden and unexpected emergencies, including, but not limited to, court appearances of the claimant or authorized representative, conflicting schedules of the authorized representative if the conflict is beyond the control of the authorized representative.

(4) Unavailability of a witness or evidence, the absence of which would result in serious prejudice to the claimant.

(5) An intervening request by the claimant or his or her authorized representative for mediation.

(b) Notwithstanding Sections 19130, 19131, and 19132 of the Government Code, the department shall contract for the provision of independent hearing officers. Hearing officers shall have had at least two years of full-time legal training at a California or American Bar Association accredited law school or the equivalent in training and experience as established by regulations to be adopted by the department pursuant to Section 4705. These hearing officers shall receive training in the law and regulations governing services to developmentally disabled individuals and administrative hearings. Training shall include, but not be limited to, the Lanterman Developmental Disabilities Services Act and regulations adopted thereunder, relevant case law, information about services and supports available to persons with developmental disabilities, including innovative services and supports, the standard agreement contract between the department and regional centers and regional center purchase-of-service policies, and information and training on protecting the rights of consumers at administrative hearings, with emphasis on assisting, where appropriate, those consumers represented by themselves or an advocate inexperienced in administrative hearings in fully developing the administrative record. The State Department of Developmental Services shall seek the advice of the State Council on Developmental Disabilities, the Organization of Area Boards, the protection and advocacy agency designated by the Governor in this state to fulfill the requirements and assurances of the federal Developmental Disabilities Assistance and Bill of Rights Act, contained in Chapter 75 (commencing with Section 6000) of Title 42 of the United States Code, the Association of Regional Center Agencies, and other state agencies or organizations and consumers and family members as designated by the department in the development of standardized hearing procedures for hearing officers and training materials and the implementation of training procedures by the department. The department shall provide formal training for hearing officers on at least an annual basis. The training shall be developed and presented by the department, however, the department shall invite those agencies and organizations listed in this subdivision to participate.

(c) The hearing officer shall not be an employee, agent, board member, or contractor of the service agency against whose action the appeal has been filed, or a spouse, parent, child, brother, sister,

grandparent, legal guardian, or conservator of the claimant, or any person who has a direct financial interest in the outcome of the fair hearing, or any other interest which would preclude a fair and impartial hearing.

(d) The claimant and the service agency shall exchange a list of potential witnesses, the general subject of the testimony of each witness, and copies of all potential documentary evidence at least five days prior to the hearing. The hearing officer may prohibit testimony of a witness that is not disclosed and may prohibit the introduction of documents that have not been disclosed. However, the hearing officer may allow introduction of such testimony or witness in the interest of justice.

(e) The fair hearing shall be held at a time and place reasonably convenient to the claimant and the authorized representative. The claimant or the authorized representative of the claimant and the regional center shall agree on the location of the fair hearing.

(f) Merits of a pending fair hearing shall not be discussed between the hearing officer and a party outside the presence of the other party.

(g) The hearing officer shall voluntarily disqualify himself or herself and withdraw from any case in which he or she cannot accord a fair and impartial hearing or consideration. Any party may request the disqualification of the hearing officer by filing an affidavit, prior to the taking of evidence at a hearing, stating with particularity the grounds upon which it is claimed that a fair and impartial hearing cannot be accorded. The issue shall be decided by the hearing officer.

(h) Both parties to the fair hearing shall have the rights specified in subdivision (a) of Section 4710.6.

(i) The fair hearing need not be conducted according to the technical rules of evidence and those related to witnesses. Any relevant evidence shall be admitted. Both parties shall be allowed to submit documents into evidence at the beginning of the hearing. No party shall be required to formally authenticate any document unless the hearing officer determines the necessity to do so in the interest of justice. All testimony shall be under oath or affirmation which the hearing officer is empowered to administer.

(j) A service agency shall present its witnesses and all other evidence before the claimant presents his or her case unless the parties agree otherwise or the hearing officer determines that there exists good cause for a witness to be heard out of order. This section does not alter the burden of proof.

(k) A recording shall be made of the proceedings before the hearing officer. Any cost of recording shall be borne by the responsible state agency.

(*l*) The fair hearing shall be conducted in the English language. However, if the claimant, the claimant's guardian or conservator, parent of a minor claimant, or authorized representative does not

understand English, an interpreter shall be provided by the responsible state agency.

(m) The fair hearing shall be open to the public except at the request of the claimant or authorized representative or when personnel matters are being reviewed.

(n) The agency awarded the contract for independent hearing officers shall annually conduct, or cause to be conducted, an evaluation of the hearing officers who conduct hearings under this part. The department shall approve the methodology used to conduct the annual evaluation. The agency awarded the contract shall annually submit to the department copies of administrative decisions reviewed by the superior court and a summary analysis of the rationale as to why the superior court affirmed or denied the decisions. Information and data for this evaluation shall be solicited from consumers who were claimants in an administrative hearing over the past year, their family members or authorized representative if involved in the hearing, regional centers, and nonattorney advocates, attorneys who represented either party in an administrative hearing over the past year, and the organizations identified in subdivision (b). The areas of evaluation shall include, but not be limited to, the hearing officers' demeanor toward parties and witnesses, conduct of the hearing in accord with fairness and standards of due process, ability to fairly develop the record in cases where consumers represent themselves or are represented by an advocate that does not have significant experience in administrative hearings, use of legal authority, clarity of written decisions, and adherence to the requirements of subdivision (b) of Section 4712.5. The department shall be provided with a copy of the evaluation and shall use the evaluation in partial fulfillment of its evaluation of the contract for the provision of independent hearing officers. A summary of the data collected and the summary analysis of superior court decisions shall be made available to the public upon request, provided that the names of individual hearing officers and consumers shall not be disclosed.

SEC. 4. Section 4714 is added to the Welfare and Institutions Code, to read:

4714. (a) Commencing July 1, 1999, for each appeal request submitted pursuant to Section 4710.5, regional centers and developmental centers shall submit information to the department including, but not limited to, all of the following:

(1) Whether the case was resolved through an informal meeting or mediation.

(2) Whether an informal meeting or mediation was declined, and if so, by which party.

(3) The issue or issues involved in the case.

(4) The outcome of the case if a fair hearing was held.

(b) The information collected pursuant to this section shall be compiled by the department and made available to the public upon request.

SEC. 5. Section 3 of this bill incorporates amendments to Section 4712 of the Welfare and Institutions Code proposed by both this bill and SB 1038. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1999, (2) each bill amends Section 4712 of the Welfare and Institutions Code, and (3) this bill is enacted after SB 1038, in which case Section 2 of this bill shall not become operative.

CHAPTER 860

An act to add Title 17 (commencing with Section 3269) to Part 4 of Division 3 of the Civil Code, relating to liability, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 24, 1998. Filed with Secretary of State September 25, 1998.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The "Year 2000 Problem," characterized by the failure of computers to function because they are programmed to recognize the year using the last two digits and may be unable to recognize dates after December 31, 1999, threatens potential catastrophe and poses a substantial risk to the welfare of the citizens, businesses, and government of California.

(b) Massive efforts are underway in both the public and private sectors to prepare all "mission critical" computer systems to recognize the year 2000, thereby protecting against computer failures that could jeopardize our public safety, our economic health, our ready access to electricity and water, our medical care, and numerous other essential goods and services.

(c) The free flow of information about solutions to the Year 2000 Problem among public and private entities and individuals is essential to our collective efforts to achieve Year 2000 Problem compliance and minimize the risks associated with Year 2000 Problem failures.

(d) Businesses and individuals are reluctant to share information relating to the Year 2000 Problem due to concerns that the information, although shared in good faith, may be used or applied incorrectly or include unintended inaccuracies that may lead to costly legal complications.

(e) The federal Department of Justice Antitrust Division has informed publicly traded corporations that sharing data with one another regarding the Year 2000 Problem should not be considered an antitrust issue.

(f) The federal Securities and Exchange Commission is requiring broker-dealers to submit information on where they are in the Year 2000 Problem compliance process in two reports on August 31, 1998, and April 30, 1999.

SEC. 2. It is the intent of the Legislature to ensure a free flow of information about Year 2000 Problem remediation efforts by creating a safe harbor for individuals and public and private entities that share, in good faith, information about their preparations for Year 2000 Problem compliance.

SEC. 3. Title 17 (commencing with Section 3269) is added to Part 4 of Division 3 of the Civil Code, to read:

TITLE 17. YEAR 2000 INFORMATION DISCLOSURES

3269. For purposes of this title, the following definitions shall apply:

(a) "Year 2000 Problem" means any expected or actual computing, physical, enterprise, or distribution system complications that may occur in any computer system, computer program, software application, embedded systems, embedded chip calculations, or other computing application as a result of the year change from 1999 to 2000. These complications are often associated with the common programming practice of using a two-digit field to represent a year, resulting in erroneous date calculations, an ambiguous interpretation of the term "00," the failure to recognize the year 2000 as a leap year, the use of algorithms that use the year "99" or "00" as a flag for another function, or the use of applications, software, or hardware that are date sensitive.

(b) "Information" means any assessment, projection, estimate, planning document, objective, timetable, test plan, test date, or test result related to the implementation or verification of Year 2000 Problem processing capabilities of a computer system, computer program, software application, embedded systems, embedded chip calculations, or other computing application and intended to solve a year 2000 Problem.

(c) "Disclosure" and "discloses" means any dissemination or provision of information without any expectation or right to remuneration or fee therefor.

(d) "Person" means any individual, corporation, partnership, business entity, joint venture, association, the State of California or any of its subdivisions, or any other organization or any combination thereof.

3270. (a) Notwithstanding any other law, any person that discloses information regarding the Year 2000 Problem or any

potential solutions to the problem, including, but not limited to, those persons described in subdivision (b), shall not be liable for damages in any tort action brought against that person regarding the Year 2000 Problem for any injury caused by, arising out of, or relating to, the use of the information disclosed, except as provided in Section 3271.

(b) This section shall apply to any person that, when making the disclosures described in subdivision (a), specifically disclaims the universal applicability of the potential solutions disclosed, and expresses a unique experience with any Year 2000 information.

(c) This section does not apply to prospective solutions sold or exchanged for profit or provided for profit by a person or entity holding itself out as a provider of Year 2000 solutions.

3271. (a) Section 3270 shall not apply if the claimant in an action described in that section establishes that the Year 2000 Problem information disclosure was all of the following:

(1) Material.

(2) False, inaccurate, or misleading.

(3) Either (A) made with the knowledge that the statement was false, inaccurate, or misleading, (B) if the information disclosed was a republication of or otherwise a repetition of information from another person, made without a disclosure that the information was based on information supplied by another person or made with the knowledge that the statement was false, inaccurate, or misleading, or (C) made with gross negligence in the determination of the truth or accuracy of the disclosure or in the determination of whether the disclosure was misleading.

(b) Nothing in this title shall be deemed to affect any other remedy available at law, including, but not limited to, temporary or permanent injunctive relief, against a public or private entity or individual with respect to Year 2000 Problem information disclosures.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to significantly reduce the risks posed to the livelihood of Californians, the ability of industry to conduct business in the state, and the state to mitigate possible systems failures due to the Year 2000 Problem, as defined in this act, that would damage the state's ability to do business with and provide for its citizens, it is necessary that this act take effect immediately.

CHAPTER 861

An act to add Title 7.75 (commencing with Section 67470) to the Government Code, and to add Chapter 4.6 (commencing with

Section 33498) to Part 1 of Division 24 of the Health and Safety Code, relating to state government, and making an appropriation therefor.

[Approved by Governor September 25, 1998. Filed with Secretary of State September 28, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Title 7.75 (commencing with Section 67470) is added to the Government Code, to read:

TITLE 7.75. CALIFORNIA STATE UNIVERSITY, CHANNEL ISLANDS SITE AUTHORITY ACT

67470. This title shall be known and may be cited as the California State University, Channel Islands Site Authority Act.

67471. (a) The Legislature finds and declares that the health, safety, and welfare of the people of California depend upon the development and support of the conversion of the former Camarillo State Hospital into a campus of the California State University as authorized by Section 89009 of the Education Code, as well as other compatible uses. The continued economic vitality of the region can be enhanced by productive development of those portions of the former Camarillo State Hospital site not needed immediately for the California State University use in a manner consistent with the educational mission and the development of a California State University campus.

(b) The Legislature further finds and declares that the County of Ventura has an interest in promoting the economic vitality of the region and is committed to the successful and productive development of a California State University campus and compatible uses, and toward that end, will cooperate in providing for the development of a California State University campus at the site.

(c) The Legislature further finds and declares that is in the interest of the state and its people for the state to do all of the following:

(1) Establish a special authority composed of representatives of the California State University and local government for the purpose of facilitating the optimal use of the former hospital site by the California State University and other compatible uses, and mitigating the onsite and offsite impacts of those uses.

(2) Provide the special authority with the power to promote use of the site through tax incentives so as to result in preservation of the site, needed income for the development of the university, and necessary economic, cultural, and social benefits to the region.

(3) Provide financing authority to achieve the development and other beneficial educational uses of the campus and its environs.

(d) The Legislature further finds and declares that the policy set forth in this title is most likely to be achieved if an effective governmental structure exists to plan for, finance, mitigate the impacts of, and carry out the reuse of the Camarillo State Hospital in a cooperative, coordinated, balanced, and decisive manner in which the site is used for a California State University campus and related uses, as well as for commercial and other uses that will provide revenue to support the state university's development and provide a beneficial use to what would otherwise be abandoned and deteriorating facilities and a blighted area.

67472. For the purposes of this title, the following definitions shall apply:

(a) "Authority" means the California State University, Channel Islands Site Authority.

(b) "County" means the County of Ventura.

(c) "Participating institution" means an entity recognized as a participating institution by resolution of the authority, and includes, but is not limited to, the county and the trustees.

(d) "Site" means that property which formerly constituted the grounds of the Camarillo State Hospital and which has been authorized for transfer to the Trustees of the California State University by Section 89009 of the Education Code.

(e) "Trustees" means the Trustees of the California State University, or their delegated officers.

67473. (a) The California State University, Channel Islands Site Authority is hereby established.

(b) The purpose of the authority shall be to provide a specific reuse plan for and to finance and support the transition of the property known as Camarillo State Hospital from its former use to a new state university campus and compatible uses.

67474. (a) The authority shall be governed by a board of seven members composed of the following:

(1) Four representatives of the Trustees of the California State University, as may be designated by the Chancellor of the California State University. The chancellor may designate two additional representatives to serve as alternate members of the authority.

(2) Three representatives from the County of Ventura as follows:

(A) Two representing the County of Ventura appointed by the Ventura County Board of Supervisors from its own membership. The board of supervisors shall appoint a third supervisor who shall serve as an alternate member of the authority.

(B) One representing the cities of Ventura County, who shall be a city officer appointed by the city selection committee. The city selection committee shall appoint a second city officer who shall serve as an alternate member of the authority.

(3) An alternate member may serve and vote in place of the regular member of the authority who is absent or who disqualifies herself or himself from participating in any matter at a meeting of the

authority. If the office of a regular trustee member, regular county member, or regular city member becomes vacant, the respective alternate trustee member, county member, or city member may serve and vote until the appointment and qualification of a regular trustee member, county member, or city member to fill the vacancy.

(b) Upon the first appointment of its members, and thereafter on or after July 1 of each year, or other date each year as the authority may specify from time to time, the authority shall elect from its members a chairperson and a vice chairperson, who shall hold office until the following July 1, or other date each year as the authority may specify from time to time, and shall continue to serve until their successors have been elected. If the chairperson is a member designated pursuant to paragraph (1) of subdivision (a), the vice chairperson shall be a member designated pursuant to subparagraph (A) or (B) of paragraph (2) of subdivision (a). If the chairperson is a member designated pursuant to subparagraph (A) or (B) of paragraph (2) of subdivision (a), the vice chairperson shall be a member designated pursuant to paragraph (1) of subdivision (a).

(c) The authority may delegate to contracting officers of the county or the trustees the power to enter into contracts on behalf of the authority.

(d) The authority may delegate by resolution to one or more of its members or an officer of the trustees or county any powers and duties as it may deem proper.

(e) The members shall serve without compensation but may receive expense reimbursement pursuant to the procedures of their appointing bodies.

(f) Four members of the authority shall constitute a quorum. The affirmative vote of a majority of a quorum shall be necessary for any action taken by the authority. A vacancy in the membership of the authority shall not impair the right of a quorum to exercise all the rights and perform all the duties of the authority. Each meeting of the authority shall be open to the public and shall be held in accordance with Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2. Resolutions of the authority need not be published or posted.

67475. (a) Except as provided by subdivision (b), the General Counsel of the California State University, as appointed by the trustees, shall be the legal counsel for the authority.

(b) Upon the approval of the General Counsel of the California State University, the authority may employ legal counsel as, in its judgment, is necessary or advisable to enable it to carry out the duties and functions of the authority pursuant to this title, including, but not limited to, the employment of bond counsel in connection with the issuance of bonds.

(c) The trustees shall provide the services of a secretary, treasurer, controller, and other staff for the authority.

67476. (a) This title shall be administered by the authority, which shall have and is hereby vested with all powers reasonably necessary or proper to carry out the powers and responsibilities expressly granted or imposed, or reasonably implied, under this title.

(b) (1) The authority may exercise any power common to the county and the trustees necessary to carry out this title, and it shall have the power to issue bonds, notes, and other debt instruments.

(2) Obligations and liabilities of the authority do not constitute debt or liabilities of the state or of any political subdivision thereof, other than the authority, and do not constitute a pledge of the full faith and credit of the state or any of its political subdivisions. All bonds, notes, and other debt instruments issued by the authority shall contain on the face thereof, where applicable, the following statement: "Neither the full faith and credit nor the taxing power of the State of California is pledged to the payment of the principal of, or interest on, the bond."

(3) Neither the authority nor the California State University shall at any time use or permit the use of the facilities at the site in such a manner or to such a degree that the tax-exempt status of bonds issued by the State of California, the California State Public Works Board, or the California State University would be adversely affected. Both the authority and the California State University shall monitor the use of the facilities improved with the proceeds of the tax-exempt bonds to ensure that the requirements of this section are satisfied.

(c) The authority may do all of the following:

(1) Adopt bylaws for the regulation of its affairs and the conduct of its business.

(2) Adopt an official seal.

(3) Sue and be sued in its own name.

(4) Receive and accept gifts, grants, loans, or donations of money, property, labor, or other things of value, for any of the purposes of this title from any of the following:

(A) A federal agency.

(B) A state agency.

(C) A municipality, county, or other political subdivision of the state.

(D) An individual, association, or corporation.

(5) Engage the services of private consultants to render professional and technical assistance and advice in carrying out the purposes of this title.

(6) (A) Determine the location and character of any project or educational facility and acquire, construct, enlarge, remodel, renovate, alter, improve, furnish, equip, own, maintain, manage, repair, operate, sell, lease as lessee or lessor, or regulate the project or educational facility.

(B) Enter into contracts for any of the purposes specified in this title, including, but not limited to, contracts for the management and operation of a project or other facilities owned by the authority.

(C) Designate a participating institution as its agent, with authority to enter into contracts, for any of the purposes specified in this title.

(7) Acquire, directly or by and through a participating institution as its agent, by purchase solely from funds provided pursuant to this title, or by gift or devise, and sell, by installment or otherwise, lands, structures, real or personal property, tangible or intangible property, rights, rights-of-way, franchises, easements, and other interests in property, including, but not limited to, lands lying under water and riparian rights, which the authority deems necessary or convenient for the acquisition, construction, financing, or operation of a project or an educational facility. The authority may do so upon the terms, and at the prices, it considers reasonable and upon which it can agree with the owner, and may take the title to the interest in the name of the authority.

(8) Make, directly or through a lending institution, secured or unsecured loans to, or purchase secured or unsecured loans from, a participating institution for any of the following purposes:

(A) To finance a project or provide working capital.

(B) To refinance indebtedness incurred by the participating institution in connection with projects undertaken, educational facilities acquired, or working capital financed.

(9) Mortgage all or any portion of interest of the authority in a project or other educational facility and the property on which that project or other educational facility is located whether owned or thereafter acquired, including the granting of a security interest in any property, tangible, or intangible and to assign or pledge all or any portion of the interests of the authority in mortgages, deeds of trust, indentures of mortgage or trust or similar instruments, notes and security interest in property, tangible or intangible, or future payments owed to the authority from participating institutions to which the authority has made loans, and the revenues therefrom, as well as moneys held by the authority on those payments or income from any owned or held by the authority, for the benefit of the holders of bonds issued to finance the project or educational facility or issued to refund or refinance outstanding bonds or indebtedness of participating institutions as permitted by this title.

(10) Upon the terms and conditions the authority deems proper, lease a project or educational facility being financed pursuant to this title to a person, partnership, corporation, or participating institution, and charge and collect rent therefor. The site authority shall ensure that all lease transactions are based upon fair market value rental rates appropriate to the type of facility, the terms of the lease, and the needs of the site authority. The authority may terminate a lease pursuant to this paragraph upon the lessee's failure to comply with any of its obligations under the lease. The lease may include, but need not be limited to, any of the following provisions:

(A) The lessee shall have the option to renew the term of the lease for the period or periods, and at the rent, determined by the authority, or to purchase any or all of the lease property.

(B) Upon payment by the participating institution of all of the bonds incurred by the authority for the financing of the project or for the refinancing of the participating institution's outstanding indebtedness, the authority may convey any or all of the leased property to the lessee or lessees, with or without further consideration.

(11) (A) Obtain, or aid in obtaining, from any state or federal agency or any private company, any insurance, guarantee, surety bond, letter or line of credit, or standby purchase agreement regarding, or of, or for, the payment or repayment of all or part of the interest, principal, or both, on any loan, lease, or obligation, or any instrument evidencing or securing the same, made or entered into pursuant to this title, or on any bonds issued pursuant to this title.

(B) Notwithstanding any other provision of this title, enter into any agreement, contract, or any other instrument regarding any insurance, guarantee, surety bond, letter or line of credit or standby purchase agreement specified in subparagraph (A), and accept payment in the manner and form provided therein in the event of default by a participating institution.

(C) Assign any insurance, guarantee, surety bond, letter, or line of credit or standby purchase agreement specified in subparagraph (A) as security for bonds issued by the authority.

(12) At the discretion of the authority, invest any moneys held in reserve or in sinking funds, or any moneys not required for immediate use of disbursement, in eligible securities pursuant to Section 16430 or investments pursuant to Section 53601.

(13) (A) Contract with the participating institution or institutions for insurance coverage from the insurance company or program and for the payment of any expenses in connection therewith, including any bonds issued to fund or finance the insurance company or program.

(B) Participate in joint risk management programs of its participating institutions, including, but not limited to, the California State University Risk Management Authority, with respect to some or all of its activities.

(14) Provide funding for self-insurance for participating institutions. Any self-insurance pooling program entered into by participating institutions that is funded or financed in whole or in part with proceeds of the sale of bonds pursuant to this title shall not be subject to regulation of any kind under the Insurance Code or otherwise as insurance, but shall only be subject to any conditions or restrictions that may be imposed by the authority.

(d) The authority shall have no power of eminent domain.

67477. A business that is located within the site shall be eligible for any applicable tax benefit as provided in Section 17049 or Section 23005 of the Revenue and Taxation Code.

67478. (a) The authority shall adopt a plan to use ad valorem property tax revenues for the benefit or support of the development of the California State University campus on the site, including, but not limited to, the mitigation of project-specific and cumulative onsite and offsite environmental impact attributable to the development of the campus as follows:

(1) As identified in the final environmental impact report for the long-term development of the campus.

(2) As determined by the trustees and the County of Ventura pursuant to an agreement under Article 2.5 (commencing with Section 65864) of Chapter 4 of Division 1 of Title 7.

(b) The authority's plan pursuant to subdivision (a) may contain a provision to divide taxes pursuant to Section 33670 of the Health and Safety Code. If the plan contains a provision to divide taxes pursuant to Section 33670 of the Health and Safety Code, the authority shall be subject to Sections 33492.13, 33492.15, 33492.16, 33492.28, and 33492.29 of the Health and Safety Code.

67479. The authority shall receive all of the local government share of sales and use tax revenues pursuant to Part 1.5 (commencing with Section 7200) of Division 2 of the Revenue and Taxation Code derived from the retail sale or use of tangible personal property that occurs on the site. In the 2030–2031 fiscal year and each fiscal year thereafter, the authority shall convey and transfer to the County of Ventura 50 percent of all sales and use tax revenues derived from the retail sale or use of tangible personal property that occurs on the site.

67480. (a) (1) The California State University, Channel Islands Site Authority Fund is hereby created in the State Treasury, to be administered by the authority. Notwithstanding Section 13340, all moneys in the fund are continuously appropriated to the authority without regard to fiscal years for the purposes of this title.

(2) All capital plans for the university portion of the site that are proposed to be funded through moneys in the fund shall be included in the annual five-year Capital Outlay Program report of the California State University that is submitted to the Legislature and the Governor each year.

(3) Notwithstanding Section 7550.5, the Trustees of the California State University, on behalf of the authority, shall report to the Legislature and the Governor by July 31 of each year on all expenditures made during the prior fiscal year for facilities that increase the enrollment capacity of the site.

(b) The authority may pledge any or all of the moneys in the fund as security for payment of the principal of, and interest on, any particular issuance of bonds pursuant to this title.

(c) As necessary or convenient to accomplish any purpose of this title, the authority may divide the fund into separate accounts.

(d) All moneys accruing to the authority pursuant to this title from any source shall be deposited in the fund.

(e) (1) Subject to any priorities created by the pledge of particular moneys in the fund to secure any issuance of bonds of the authority, and to reasonable administrative costs incurred by the authority in implementing this title, all moneys in the fund, regardless of the source, shall be held in trust for the security and payment of bonds of the authority, and shall not be used or pledged for any other purpose while any bonds are outstanding and unpaid. Nothing in this subdivision shall be construed to limit the power of the authority to make loans with bond proceeds in accordance with the terms of the resolution authorizing the issuance of those bonds.

(2) Pursuant to any agreements with the holders of particular bonds pledging any particular assets, revenues, or moneys, the authority may create separate accounts in the fund to manage the assets, revenues, or moneys in the manner prescribed by the agreements.

(f) From time to time, the authority may direct the treasurer of the authority to do any of the following:

(1) Invest moneys in the fund that are not required for its current needs, including, but not limited to, proceeds from the sale of any bonds in eligible securities specified in Section 16430 or 53601 and designated by the authority, in the resolution authorizing the issuance of the bonds payable or secured by the moneys.

(2) Deposit moneys in the fund in interest-bearing accounts in state or national banks or other financial institutions having principal offices in the state.

(3) (A) Transfer moneys in the fund to the Surplus Money Investment Fund for investment pursuant to Article 4 (commencing with Section 16470) of Chapter 3 of Part 4 of Division 4 of Title 2 or Article 1 (commencing with Section 56300) of Chapter 4 of Part 1 of Division 2 of Title 5.

(B) Notwithstanding Section 16305.7, all interest or other earnings resulting from an investment or deposit pursuant to this subdivision shall be deposited in the fund.

(g) Except as otherwise provided in paragraph (3) of subdivision (f), no moneys in the fund shall be subject to transfer to any other fund pursuant to any provision of Part 2 (commencing with Section 16300) of Division 4 of Title 2.

SEC. 2. Chapter 4.6 (commencing with Section 33498) is added to Part 1 of Division 24 of the Health and Safety Code, to read:

CHAPTER 4.6. CALIFORNIA STATE UNIVERSITY, CHANNEL ISLANDS SITE AUTHORITY

33498. (a) For purposes of this chapter, the terms "authority" and "site" have the meaning given in Section 67472 of the Government Code.

(b) With enactment of this chapter, it is the intent of the Legislature to do both of the following:

(1) Provide a means of mitigating the harmful effects and potentially blighted conditions caused by the closure of the former Camarillo State Hospital.

(2) Enhance the economic, cultural, and social development of the region by facilitating the development of a state university campus and other compatible uses on the site.

(c) The Legislature finds that the closure and conversion of major state facilities can require use of the powers provided under this part and under Section 16 of Article XVI of the California Constitution, and that the closure of the Camarillo State Hospital and the development of a California State University campus on the site as well as the development of compatible uses on the site requires development of a reuse plan by the California State University, Channel Islands Site Authority.

33498.1. (a) The reuse plan adopted by the authority shall provide for use of the site and allocation of tax revenues to the authority for reuse and development on the site with priority to development of California State University facilities on the site as set forth in Title 7.75 (commencing with Section 67470) of the Government Code. Except as provided in that title and this chapter, the authority shall be exempt from all other requirements of this part.

(b) The reuse plan shall include an implementation plan adopted and periodically revised pursuant to Section 33490.

(c) The authority shall comply with Article 6 (commencing with Section 33030) of Chapter 1.

33498.2. (a) The Legislature finds and declares that the provision of housing is itself a fundamental purpose of this part and of the authority. There is a generally inadequate supply of decent, safe, and sanitary housing on the site available to the faculty and staff of the California State University, Channel Islands, and to persons and families of low or moderate income, as defined by Section 50093. The inadequate supply of this housing threatens the accomplishment of the primary purposes of this part and of the authority. Therefore, the Legislature finds and declares that the provision of housing pursuant to this section and the use of taxes allocated to the authority pursuant to subdivision (b) of Section 33670 is of statewide benefit and of particular benefit and assistance to the redevelopment of the former Camarillo State Hospital as the site of a California State University campus.

(b) Not less than 20 percent of all taxes that are allocated to the authority pursuant to Section 33670 shall be deposited into a separate Low and Moderate Income Housing Fund, which is hereby created in the State Treasury, to be administered and used by the authority for the purposes of increasing, improving, and preserving both of the following:

(1) Housing on the site for the faculty and staff of the California State University, Channel Islands.

(2) Low- and moderate-income housing on the site available at affordable housing cost, as defined by Section 50052.5, to persons and families of low or moderate income, as defined in Section 50093, and very low income households, as defined in Section 50105.

(c) Any interest earned by the Low and Moderate Income Housing Fund and any repayments or other income to the authority for loans, advances, or grants, of any kind from the fund, shall accrue to and be deposited in the fund and may be used only in the manner prescribed for the fund.

(d) In carrying out the purposes of this section, the authority may, solely within the boundaries of the site, exercise any or all of the following powers:

(1) Acquire real property or building sites pursuant to Section 33334.16.

(2) Improve real property or building sites for the housing listed in subdivision (b) with onsite or offsite improvements, but only if the authority finds either of the following:

(A) The improvements are made as part of a program that results in the new construction or rehabilitation of housing.

(B) The improvements are necessary to eliminate one or more specific conditions that jeopardize the health or safety of residents.

(3) Donate real property to private or public persons or entities.

(4) Finance insurance premiums pursuant to Section 33136.

(5) Construct residential buildings or related structures.

(6) Acquire buildings or structures for residential and related uses.

(7) Rehabilitate buildings or structures for residential and related uses.

(8) Provide subsidies to, or for the benefit of, very low income persons or households, as defined by Section 50105, lower income persons or households, as defined by Section 50079.5, or persons and families of low or moderate income, as defined by Section 50093, to the extent that those persons or households cannot obtain housing at affordable costs on the open market in the vicinity of the site. These subsidies or benefits may include rental subsidies to low-income students at California State University, Channel Islands, who live in housing, including dormitories, on the site. Housing units available on the open market are those units developed without direct government subsidies.

(9) Develop plans, pay principal and interest on bonds, loans, advances, or other indebtedness, or pay financing or carrying charges.

(10) Maintain the supply of mobilehomes on the site.

(11) Preserve the availability to lower income households of affordable housing units that are assisted or subsidized by public

entities and which are threatened with imminent conversion to market rates.

(12) Pay for planning and general administration costs pursuant to subdivision (e).

(e) The Legislature intends that the authority use the Low and Moderate Income Housing Fund to the maximum extent possible to defray the costs of production, improvement, and preservation of housing solely within the site, and that the amount of money spent for planning and general administrative activities associated with the development, improvement, and preservation of that housing not be disproportionate to the amount actually spent for the costs of production, improvement, and preservation of that housing. The authority shall annually determine that the planning and administrative expenses are necessary for the production, improvement, or preservation of housing on the site. Legal, architectural, and engineering costs and other salaries, wages, and costs directly related to the planning and execution of a specific housing project and which are incurred by a nonprofit housing sponsor are not "planning and administrative costs" for the purposes of this subdivision, but are instead project costs. Planning and general administrative costs which may be paid with moneys from the Low and Moderate Income Housing Fund are those expenses that the authority incurs that are directly related to the powers listed in subdivision (d), and are limited to the following:

(1) Costs incurred for salaries, wages, and related costs of the authority's staff or for services provided through interagency agreements, and agreements with contractors, including usual related indirect costs.

(2) Costs incurred by a nonprofit corporation that are not directly attributable to a specific housing project.

(f) Housing that is produced, improved, or preserved with moneys from the Low and Moderate Income Housing Fund shall remain available for the longest period of time, as follows:

(1) The authority shall require that housing that is produced, improved, or preserved for the faculty and staff of the California State University, Channel Islands, be subject to covenants or restrictions filed in the office of the county recorder perpetually limiting the residency to those persons.

(2) The authority shall require that housing that is produced, improved, or preserved for persons and households of low or moderate income and persons and households of very low income be subject to covenants or restrictions filed in the office of the county recorder limiting the residency to those persons as follows:

(A) For owner-occupied housing units, for a period of 10 years. However, the authority may permit sales of owner-occupied units prior to the expiration of the 10-year period for a price in excess of that otherwise permitted under this subdivision pursuant to an adopted program that protects the authority's investment of moneys

from the Low and Moderate Income Housing Fund, including, but not limited to, an equity sharing program that establishes a schedule of equity sharing that permits retention by the seller of a portion of those excess proceeds based on the length of occupancy. The remainder of the excess proceeds of the sale shall be allocated to the authority and deposited in the Low and Moderate Income Housing Fund.

(B) For rental units, for a period of 15 years.

(g) The authority shall spend or encumber all property tax revenues deposited into the Low and Moderate Income Housing Fund within five years from the end of the fiscal year in which the funds were deposited into the fund. If the authority fails to spend or encumber those revenues in a timely manner, and thereafter until the authority has expended or encumbered those revenues, the agency shall not receive any property tax revenue from any source except as necessary to pay the following obligations, if any:

(1) Bonds, notes, interim certificates, debentures, or other obligations issued by the authority whether funded, refunded, assumed, or otherwise, pursuant to Article 5 (commencing with Section 33640) of Chapter 6.

(2) Loans or moneys advanced to the authority, including, but not limited to, loans from federal, state, or local agencies, or a private entity.

(3) Contractual obligations which, if breached, could subject the authority to damages or other liabilities or remedies.

(4) Obligations incurred pursuant to Section 33445.

(5) Indebtedness incurred pursuant to Section 33334.2 or 33334.6.

(6) Obligations incurred pursuant to Section 33401.

SEC. 3. The Legislature finds and declares that because of the unique circumstances applicable to the County of Ventura due to the closure of the Camarillo State Hospital and the development of a California State University campus at that site, a statute of general applicability cannot be enacted within the meaning of subdivision (b) of Section 16 of Article IV of the California Constitution. Therefore, this special statute is necessary.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district are the result of a program for which legislative authority was requested by that local agency or school district, within the meaning of Section 17556 of the Government Code and Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 5. This act shall become operative only if the site described in Section 89009 of the Education Code is accepted by the Trustees of the California State University, as authorized under that section.

CHAPTER 862

An act to add Section 12209.6 to the Business and Professions Code, relating to weights and measures.

[Approved by Governor September 25, 1998. Filed with Secretary of State September 28, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 12209.6 is added to the Business and Professions Code, to read:

12209.6. (a) A county sealer may test and certify the accuracy of all parking meters located in the county in which the sealer has jurisdiction, including, but not limited to, parking meters owned or operated by a city, county, or a city and county.

(b) If the county sealer determines that a specific parking meter is inaccurate, the sealer shall notify the owner or operator of the meter. If the owner or operator fails to replace or repair the meter within 30 days from the date of notification of the meter's inaccuracy, the sealer may close the meter, and any person may park a vehicle free of charge in the parking space to which the inaccurate meter corresponds until such time that the owner or operator replaces or repairs the inaccurate parking meter.

(c) For purposes of this section, an "inaccurate parking meter" means a parking meter that provides less time than is paid for by a person using the metered parking space.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 863

An act to amend Section 17511.1 of, and to add Section 17538.45 to, the Business and Professions Code, and to amend Section 502 of the Penal Code, relating to advertising.

[Approved by Governor September 26, 1998. Filed with Secretary of State September 28, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 17511.1 of the Business and Professions Code is amended to read:

17511.1. As used in this article, "telephonic seller" or "seller" means a person who, on his or her own behalf or through salespersons or through the use of an automatic dialing-announcing device, as defined in Section 2871 of the Public Utilities Code, causes a telephone solicitation or attempted telephone solicitation to occur which meets the criteria specified in subdivision (a), (b), (c), or (d) and who is not exempted by subdivision (e), as follows:

(a) A telephone solicitation or attempted telephone solicitation wherein the telephonic seller initiates telephonic contact with a prospective purchaser and represents or implies one or more of the following:

(1) That a prospective purchaser who buys one or more items will also receive additional or other items, whether or not of the same type as purchased, without further cost. For purposes of this subdivision, "further cost" does not include actual postage or common carrier delivery charges, if any.

(2) That a prospective purchaser will receive a prize or gift, if the person also encourages the prospective purchaser to do either of the following:

(A) Purchase or rent any goods or services.

(B) Pay any money, including, but not limited to, a delivery or handling charge.

(3) That a prospective purchaser is able to obtain any item or service at a price which the seller states or implies is below the regular price of the item or service offered. This paragraph shall not apply to retailers who, within the previous 12 months, have sold a majority of their goods or services through in-person sales at retail stores.

(4) That a prospective purchaser who buys office equipment or supplies will, because of some unusual event or imminent price increase, be able to buy these items at prices which are below those that are usually charged or will be charged for the items.

(5) That the seller is a person other than the person he or she is.

(6) That the items for sale are manufactured or supplied by a person other than the actual manufacturer or supplier.

(7) That the seller is offering to sell the prospective purchaser any gold, silver, or other metals, including coins, diamonds, rubies, sapphires, or other stones, coal or other minerals, or any interest in oil, gas, or mineral fields, wells, or exploration sites, or any other investment opportunity of any type whatsoever.

(8) That the seller is offering to make a loan, or to arrange or assist in arranging a loan or to assist in providing information which may lead to the obtaining of a loan, unless no payment of any kind is made until the loan proceeds are disbursed to the borrower.

(9) That a prospective purchaser will receive a credit card, as defined in subdivision (a) of Section 1747.02 of the Civil Code, if the purchaser pays an up front or preapplication fee for the credit card to the telephonic seller.

(b) A solicitation or attempted solicitation which is made by telephone in response to inquiries generated by unrequested notifications sent by the seller to persons who have not previously purchased goods or services from the seller or who have not previously requested credit from the seller, to a prospective purchaser wherein the seller represents or implies to the recipient of the notification that any of the following applies to the recipient:

(1) That the recipient has in any manner been specially selected to receive the notification or the offer contained in the notification.

(2) That the recipient will receive a prize or gift if the recipient calls the seller.

(3) That if the recipient buys one or more items from the seller, the recipient will also receive additional or other items, whether or not of the same type as purchased, without further cost or at a cost which the seller states or implies is less than the regular price of such items.

However, this subdivision does not apply to the solicitation of sales by a catalog seller who periodically issues and delivers catalogs to potential purchasers by mail or by other means. This exception only applies if the catalog includes a written description or illustration and the sales price of each item of merchandise offered for sale, includes at least 24 full pages of written material or illustrations, is distributed in more than one state, and has an annual circulation of not less than 250,000 customers.

(c) A solicitation or attempted solicitation which is made by telephone in response to inquiries generated by advertisements on behalf of the telephonic seller wherein it is represented or implied that the seller is offering to sell to the prospective purchaser any gold, silver, or other metals, including coins, diamonds, rubies, sapphires, or other stones, coal or other minerals, or any interest in oil, gas, or mineral fields, wells, or exploration sites, or any other investment opportunity of any type whatsoever.

(d) A solicitation or attempted solicitation which is made by telephone in response to inquiries generated by advertisements on behalf of the telephonic seller wherein it is represented or implied

that the seller is offering to make a loan or to arrange or assist in arranging a loan or to assist in providing information which may lead to the obtaining of a loan, unless no payment of any kind is made until the loan proceeds are disbursed to the borrower.

(e) For purposes of this article, "telephonic seller" or "seller" does not include any of the following:

(1) A person offering or selling a security qualified under Section 25110, 25120, or 25130 of the Corporations Code or exempt from qualification under Chapter 1 (commencing with Section 25100) of Part 2 of Division 1 of Title 4 of the Corporations Code. The fact that a notice claiming an exemption under the Corporate Securities Law of 1968 is filed with the Department of Corporations does not create an exemption under this paragraph.

(2) A person licensed pursuant to Part 1 (commencing with Section 10000) of Division 4, when the solicited transaction is governed by that law.

(3) A person licensed pursuant to Chapter 9 (commencing with Section 7000) of Division 3, when the solicited transaction is governed by that law.

(4) A person licensed or certificated pursuant to Part 2 (commencing with Section 680) of Division 1 of the Insurance Code, including a person licensed pursuant to Chapter 5 (commencing with Section 1621) thereof, when the solicited transaction is governed by that law.

(5) A person offering or selling a franchise registered pursuant to Section 31110 of the Corporations Code or exempt from registration under Chapter 1 (commencing with Section 31100) of Part 2 of Division 5 of Title 4 of the Corporations Code. The fact that a notice claiming an exemption under the Franchise Investment Law is filed with the Department of Corporations does not create an exemption under this paragraph.

(6) A person soliciting the sale of a seller assisted marketing plan, as defined in Title 2.7 (commencing with Section 1812.200) of Part 4 of Division 3 of the Civil Code, who has filed with the Attorney General the documents required by Section 1812.203 of the Civil Code.

(7) A person primarily soliciting the sale of a newspaper of general circulation, as defined in Article 1 (commencing with Section 6000) of Chapter 1 of Division 7 of Title 1 of the Government Code, a magazine, or membership in a book or record club whose program operates in conformity with the requirements of Section 1584.5 of the Civil Code.

(8) A person soliciting business from prospective purchasers who have previously purchased from the business enterprise for which the person is calling.

(9) A person soliciting without the intent to complete and who does not complete the sales presentation during the telephone solicitation but completes the sales presentation at a later face-to-face

meeting between the solicitor and the prospective purchaser. However, if a seller, directly following a telephone solicitation, causes an individual whose primary purpose it is to go to the prospective purchaser to collect the payment or deliver any item purchased, this exemption does not apply.

(10) Any supervised financial institution or parent, subsidiary, or subsidiary of parent thereof. As used in this paragraph, "supervised financial institution" means any commercial bank, trust company, savings and loan association, credit union, industrial loan company, personal property broker, consumer finance lender, commercial finance lender, or insurer, provided that the institution is subject to supervision by an official or agency of this state or of the United States.

(11) A person soliciting the sale of a preneed funeral arrangement regulated by Article 9 (commencing with Section 7735) of Chapter 12 of Division 3.

SEC. 2. Section 17538.45 is added to the Business and Professions Code, to read:

17538.45. (a) For purposes of this section, the following words have the following meanings:

(1) "Electronic mail advertisement" means any electronic mail message, the principal purpose of which is to promote, directly or indirectly, the sale or other distribution of goods or services to the recipient.

(2) "Unsolicited electronic mail advertisement" means any electronic mail advertisement that meets both of the following requirements:

(A) It is addressed to a recipient with whom the initiator does not have an existing business or personal relationship.

(B) It is not sent at the request of or with the express consent of the recipient.

(3) "Electronic mail service provider" means any business or organization qualified to do business in California that provides registered users the ability to send or receive electronic mail through equipment located in this state and that is an intermediary in sending or receiving electronic mail.

(4) "Initiation" of an unsolicited electronic mail advertisement refers to the action by the initial sender of the electronic mail advertisement. It does not refer to the actions of any intervening electronic mail service provider that may handle or retransmit the electronic message.

(5) "Registered user" means any individual, corporation, or other entity that maintains an electronic mail address with an electronic mail service provider.

(b) No registered user of an electronic mail service provider shall use or cause to be used that electronic mail service provider's equipment located in this state in violation of that electronic mail service provider's policy prohibiting or restricting the use of its service or equipment for the initiation of unsolicited electronic mail advertisements.

(c) No individual, corporation, or other entity shall use or cause to be used, by initiating an unsolicited electronic mail advertisement, an electronic mail service provider's equipment located in this state in violation of that electronic mail service provider's policy prohibiting or restricting the use of its equipment to deliver unsolicited electronic mail advertisements to its registered users.

(d) An electronic mail service provider shall not be required to create a policy prohibiting or restricting the use of its equipment for the initiation or delivery of unsolicited electronic mail advertisements.

(e) Nothing in this section shall be construed to limit or restrict the rights of an electronic mail service provider under Section 230(c)(1) of Title 47 of the United States Code, or any decision of an electronic mail service provider to permit or to restrict access to or use of its system, or any exercise of its editorial function.

(f) (1) In addition to any other action available under law, any electronic mail service provider whose policy on unsolicited electronic mail advertisements is violated as provided in this section may bring a civil action to recover the actual monetary loss suffered by that provider by reason of that violation, or liquidated damages of fifty dollars ($50) for each electronic mail message initiated or delivered in violation of this section, up to a maximum of twenty-five thousand dollars ($25,000) per day, whichever amount is greater.

(2) In any action brought pursuant to paragraph (1), the court may award reasonable attorney's fees to a prevailing party.

(3) (A) In any action brought pursuant to paragraph (1), the electronic mail service provider shall be required to establish as an element of its cause of action that prior to the alleged violation, the defendant had actual notice of both of the following:

(i) The electronic mail service provider's policy on unsolicited electronic mail advertising.

(ii) The fact that the defendant's unsolicited electronic mail advertisements would use or cause to be used the electronic mail service provider's equipment located in this state.

(B) In this regard, the Legislature finds that with rapid advances in Internet technology, and electronic mail technology in particular, Internet service providers are already experimenting with embedding policy statements directly into the software running on the computers used to provide electronic mail services in a manner that displays the policy statements every time an electronic mail delivery is requested. While the state of the technology does not support such a finding at present, the Legislature believes that, in a given case at some future date, a showing that notice was supplied via electronic means between the sending and receiving computers could be held to constitute actual notice to the sender for purposes of this paragraph.

(4) A violation of this section shall not be subject to Section 17534.

SEC. 3. Section 502 of the Penal Code is amended to read:

502. (a) It is the intent of the Legislature in enacting this section to expand the degree of protection afforded to individuals, businesses, and governmental agencies from tampering, interference, damage, and unauthorized access to lawfully created computer data and computer systems. (11) "Internet domain name" means a globally unique, hierarchical reference to an Internet host or service, assigned through centralized Internet naming authorities, comprising a series of character strings separated by periods, with the rightmost character string specifying the top of the hierarchy.

The plans shall include professional development of the personnel employed at the school necessary to meet the requirements of the plan. The plan shall also describe opportunities for parents to

participate in professional development programs. The professional development programs shall also include all of the following:

(1) Provide opportunities for all school personnel and interested parents or guardians of pupils enrolled in the school to participate in ongoing staff development activities pursuant to the objectives specified in Section 44670.3.

(2) Be designed and implemented under the direction of parents and guardians of pupils enrolled in the school, classroom teachers, other participating school personnel, including the school principal and one or more mentor teachers, and, as appropriate, other nonadministrative certificated personnel, including, but not limited to, counselors, librarians, and nurses, and, as appropriate, in consultation with resource agencies or consortia established pursuant to Article 2 (commencing with Section 44680), institutions of higher education, and subject matter projects established pursuant to this code. (7) Make available followup activities to assist participating staff in using newly acquired skills on the job.

SEC. 2. Chapter 1.5 (commencing with Section 51100) is added to Part 28 of the Education Code, to read:

CHAPTER 1.5. PARENTAL INVOLVEMENT

51100. The Legislature finds and declares all of the following:

(a) It is essential to our democratic form of government that parents and guardians of schoolage children attending public schools and other citizens participate in improving public education institutions. Specifically, involving parents and guardians of pupils in the education process is fundamental to a healthy system of public education.

(b) Research has shown conclusively that early and sustained family involvement at home and at school in the education of children results both in improved pupil achievement and in schools that are successful at educating all children, while enabling them to achieve high levels of performance.

(c) All participants in the education process benefit when schools genuinely welcome, encourage, and guide families into establishing equal partnerships with schools to support pupil learning.

(d) Family and school collaborative efforts are most effective when they involve parents and guardians in a variety of roles at all grade levels, from preschool through high school.

51101. (a) Except as provided in subdivision (c), the parents and guardians of pupils enrolled in public schools have the right and should have the opportunity, as mutually supportive and respectful partners in the education of their children within the public schools, to be informed by the school, and to participate in the education of their children, as follows:

(1) Within a reasonable period of time following making the request, to observe the classroom or classrooms in which their child is enrolled or for the purpose of selecting the school in which their child will be enrolled in accordance with the requirements of any intradistrict or interdistrict pupil attendance policies or programs.

(2) Within a reasonable time of their request, to meet with their child's teacher or teachers and the principal of the school in which their child is enrolled.

(3) To volunteer their time and resources for the improvement of school facilities and school programs under the supervision of district employees, including, but not limited to, providing assistance in the classroom with the approval, and under the direct supervision, of the teacher. Although volunteer parents may assist with instruction, primary instructional responsibility shall remain with the teacher.

(4) To be notified on a timely basis if their child is absent from school without permission.

(5) To receive the results of their child's performance on standardized tests and statewide tests and information on the performance of the school that their child attends on standardized statewide tests.

(6) To request a particular school for their child, and to receive a response from the school district. This paragraph does not obligate the school district to grant the parent's request.

(7) To have a school environment for their child that is safe and supportive of learning.

(8) To examine the curriculum materials of the class or classes in which their child is enrolled.

(9) To be informed of their child's progress in school and of the appropriate school personnel whom they should contact if problems arise with their child.

(10) To have access to the school records of their child.

(11) To receive information concerning the academic performance standards, proficiencies, or skills their child is expected to accomplish.

(12) To be informed in advance about school rules, attendance policies, dress codes, and procedures for visiting the school.

(13) To receive information about any psychological testing the school does involving their child and to deny permission to give the test.

(14) To participate as a member of a parent advisory committee, schoolsite council, or site-based management leadership team, in accordance with any rules and regulations governing membership in these organizations. In order to facilitate parental participation, schoolsite councils are encouraged to schedule a bi-annual open forum for the purpose of informing parents about current school issues and activities and answering parents' questions. The meetings should be scheduled on weekends, and prior notice should be provided to parents.

(15) To question anything in their child's record that the parent feels is inaccurate or misleading or is an invasion of privacy and to receive a response from the school.

(b) In addition to the rights described in subdivision (a), parents and guardians of pupils shall have the opportunity to work together in a mutually supportive and respectful partnership with schools, and to help their children succeed in school. Each governing board of a school district shall develop jointly with parents and guardians, and shall adopt, a policy that outlines how parents or guardians of pupils, school staff, and pupils may share the responsibility for continuing the intellectual, physical, emotional, and social development and well-being of pupils at each schoolsite. The policy shall include, but is not necessarily limited to, the following:

(1) The means by which the school and parents or guardians of pupils may help pupils to achieve academic and other standards of the school.

(2) A description of the school's responsibility to provide a high quality curriculum and instructional program in a supportive and effective learning environment that enables all pupils to meet the academic expectations of the school.

(3) The manner in which the parents and guardians of pupils may support the learning environment of their children, including, but not limited to, the following:

(A) Monitoring attendance of their children.

(B) Ensuring that homework is completed and turned in on a timely basis.

(C) Participation of the children in extracurricular activities.

(D) Monitoring and regulating the television viewed by their children.

(E) Working with their children at home in learning activities that extend learning in the classroom.

(F) Volunteering in their children's classrooms, or for other activities at the school.

(G) Participating, as appropriate, in decisions relating to the education of their own child or the total school program.

(c) This section may not be construed so as to authorize a school to inform a parent or guardian, as provided in this section, or to permit participation by a parent or guardian in the education of a child, if it conflicts with a valid restraining order, protective order, or order for custody or visitation issued by a court of competent jurisdiction.

51102. Upon approval of the materials by the State Board of Education, the State Department of Education shall make materials available that describe a comprehensive partnership at a schoolsite that involves parents and guardians of pupils in the public schools of California in the education of their children in a variety of roles at all grade levels on or before December 31, 1999. The materials shall include information about the possible roles of each teacher, principal, parent or guardian, and other school personnel in fostering and participating in parent involvement activities and programs. The materials shall also include a statement that the right of parents and guardians to participate in parent activities and programs shall only apply to the extent that the participation does not conflict with a valid restraining order, protective order, or order for custody or visitation issued by a court of competent jurisdiction.

SEC. 4. Section 52870 of the Education Code is amended to read:

52870. (a) Notwithstanding any other provisions of this chapter, if a school district and school participate in the school-based program coordination, any schoolsite advisory committee may elect to designate the schoolsite council to function as that advisory committee for all purposes required by statute or regulations for a period of up to two years.

(b) If the governing board of a school district adopts a policy that establishes a schoolwide decisionmaking body at each school to promote continuous improvement through a single planning process that coordinates federal and state programs and services, then that body may be designated as a single decisionmaking or coordinating body, if the composition of the body meets the requirements of Section 52852.

(c) It is the intent of the Legislature that, to the extent possible, the members of the schoolsite council represent the composition of the school's pupil population.

SEC. 5. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

text in the body of the message and shall be of the same size as the majority of the text of the message.

(c) Upon notification by a recipient of his or her request not to receive any further unsolicited faxed or e-mailed documents, no person or entity conducting business in this state shall fax or cause to be faxed or e-mail or cause to be e-mailed any unsolicited documents to that recipient.

(d) In the case of e-mail, this section shall apply when the unsolicited e-mailed documents are delivered to a California resident via an electronic mail service provider's service or equipment located in this state. For these purposes "electronic mail service provider" means any business or organization qualified to do business in this state that provides individuals, corporations, or other entities the ability to send or receive electronic mail through equipment located in this state and that is an intermediary in sending or receiving electronic mail.

(e) As used in this section, "unsolicited e-mailed documents" means any e-mailed document or documents consisting of advertising material for the lease, sale, rental, gift offer, or other disposition of any realty, goods, services, or extension of credit that meet both of the following requirements:

(1) The documents are addressed to a recipient with whom the initiator does not have an existing business or personal relationship.

(2) The documents are not sent at the request of, or with the express consent of, the recipient.

(f) As used in this section, "fax" or "cause to be faxed" or "e-mail" or "cause to be e-mailed" does not include or refer to the transmission of any documents by a telecommunications utility or Internet service provider to the extent that the telecommunications utility or Internet service provider merely carries that transmission over its network.

(g) In the case of e-mail that consists of unsolicited advertising material for the lease, sale, rental, gift offer, or other disposition of any realty, goods, services, or extension of credit, the subject line of each and every message shall include "ADV:" as the first four characters. If these messages contain information that consists of unsolicited advertising material for the lease, sale, rental, gift offer, or other disposition of any realty, goods, services, or extension of credit, that may only be viewed, purchased, rented, leased, or held in possession by an individual 18 years of age and older, the subject line of each and every message shall include "ADV:ADLT" as the first eight characters.

(h) An employer who is the registered owner of more than one e-mail address may notify the person or entity conducting business in this state e-mailing or causing to be e-mailed, documents consisting of unsolicited advertising material for the lease, sale, rental, gift offer, or other disposition of any realty, goods, services, or extension of credit of the desire to cease e-mailing on behalf of all of the employees

who may use employer-provided and employer-controlled e-mail addresses.

(i) This section, or any part of this section, shall become inoperative on and after the date that federal law is enacted that prohibits or otherwise regulates the transmission of unsolicited advertising by electronic mail (e-mail).

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 866

An act to add Chapter 4 (commencing with Section 11759) to Part 1 of Division 10.5 of the Health and Safety Code, relating to substance abuse.

[Approved by Governor September 26, 1998. Filed with Secretary of State September 28, 1998.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) California families are confronted with challenging problems associated with drug and alcohol abuse. Families are in desperate need for assistance in the management and treatment of this adolescent and youth problem.

(b) In California, the primary strategy for challenging adolescents and drug problems has been placed on the California Youth Authority, probation departments, and other law enforcement related agencies.

(c) According to the recent report by the Drug Strategies Inc., an organization that examines and reports approaches to drug law enforcement, many police officers have concluded that heavy reliance on the criminal justice system to solve the nation's drug problems is simply not working. Sixty percent of police chiefs say law enforcement efforts to reduce drug abuse are unsuccessful, according to a nationwide 1996 Peter D. Hart Research Associates

poll; nearly half called for a fundamental overhaul of how we deal with the drug problem.

(d) The nation's chiefs of police and the American public agree that drug abuse is a major problem that is growing worse. In a 1996 poll, 6 to 10 police chiefs reported that drug abuse was the most serious problem facing their communities; more serious than domestic violence, property crime, or violent crime. In a survey a year earlier, over half of Americans reported concern about drug use among young people and the violence associated with drug trafficking. Two-thirds of police chiefs and the American public believe the drug problem has grown worse over the past five years.

(e) Perceptions of drug abuse exist despite significant government spending on drug control efforts. From 1981 to 1997, the federal government spent nearly sixty billion dollars ($60,000,000,000) on domestic drug law enforcement. Federal expenditures for domestic drug law enforcement during the years of 1991 to 1995, inclusive, were eight times larger than expenditures from the years of 1981 to 1985, inclusive. Despite these budget increases, the drug problem persists.

(f) Arrests for drug offenses (possession or sales) have risen sharply in recent years, climbing from 460,224 in 1980, to 1,167,600 in 1995.

(g) Since 1991, drug use has climbed sharply among junior high and high school students, according to the annual survey, "Monitoring the Future". Increases have been most dramatic among the youngest teens. In the past five years, drug use has more than doubled among 8th- and 10th-graders.

(h) Results from the most recent National Household Survey on Drug Abuse, reported in August 1997, suggest that these trends may be changing; in 1996, young people ages 12 through 17, reported slight declines in drug use. However, epidemiologists are cautious about interpreting the newest data since the statistically significant differences between rates of drug use in 1995 and 1996 are very small.

(i) Information from other sources, including the new "Monitoring the Future" survey, which will be released in December 1997, will be needed to determine whether teen drug use is in fact declining. Rising teen drug use has been accompanied by increasing drug arrests among juveniles. From 1991 to 1995, juvenile drug law violations (possession or sale) more than doubled. The nationwide Drug Use Forecasting system (DUF) reports that in 1996, more than half of arrested juveniles tested positive for drugs at the time of arrest, compared to less than one-fifth five years ago.

(j) This act recognizes that federal, state, and local drug control spending assigns low priority to treatment and prevention of substance abuse, and recognized the extensive research that confirms that treatment is the most cost-effective way to combat drug abuse and drug-related crimes.

(k) The 1994 Rand Study found that thirty-four million dollars ($34,000,000) invested in treatment would reduce cocaine use as much as an expenditure of two hundred forty-six million dollars ($246,000,000) for law enforcement or three hundred sixty-six million dollars ($366,000,000) for interdiction.

SEC. 2. Chapter 4 (commencing with Section 11759) is added to Part 1 of Division 10.5 of the Health and Safety Code, to read:

CHAPTER 4. ALCOHOL AND DRUG TREATMENT FOR ADOLESCENTS

11759. This act shall be known, and may be cited, as the Adolescent Alcohol and Drug Treatment and Recovery Program Act of 1998.

11759.1. The department, in collaboration with counties and providers of alcohol and drug services, shall establish community-based nonresidential and residential recovery programs to intervene and treat the problems of alcohol and drugs among youth.

11759.2. The department, in collaboration with counties and providers of alcohol and drug services, shall establish criteria for participation, programmatic requirements, and terms and conditions for funding. These criteria shall include, but not be limited to, local match requirements of 10 percent, either in-kind or in cash. The criteria shall also include consideration of indicators of drug and alcohol use among youth so that funds are targeted to localities with the highest need.

11759.3. Nothing in this chapter shall preclude regional approaches to service delivery by counties, including the utilization of community-based nonresidential and residential programs.

11759.4. The department, in collaboration with the counties and providers of alcohol and drug services, shall report to the Legislature during budget hearings regarding the status of the implementation of this chapter.

11759.5. (a) Funding for this chapter has been made to the department pursuant to Schedule (a) of Item 4200-101-0001 of the Budget Act of 1998 (Ch. 324, Stats. 1998).

(b) Of the amount appropriated to the department pursuant to subdivision (a), the department may expend up to one hundred thousand dollars ($100,000) for purposes of developing standards and procedures to implement this chapter.

CHAPTER 867

An act to add Part 7 (commencing with Section 122400) to Division 105 of the Health and Safety Code, relating to hepatitis.

[Approved by Governor September 26, 1998. Filed with Secretary of State September 28, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Part 7 (commencing with Section 122400) is added to Division 105 of the Health and Safety Code, to read:

PART 7. HEPATITIS C

CHAPTER 1. GENERAL PROVISIONS

122400. This chapter shall be known, and may be cited, as the Hepatitis C Education, Screening, and Treatment Act.

122405. The Legislature hereby finds and declares all of the following:

(a) Hepatitis C is classified as a silent killer, where no recognizable signs or symptoms occur until severe liver damage has occurred.

(b) Hepatitis C has been characterized by the World Health Organization as a disease of primary concern to humanity.

(c) Studies indicate that 1.8 percent of the population, nearly 4 million Americans, carry the virus HCV that causes hepatitis C. In California, as many as 500,000 individuals may be carriers and could develop the debilitating and potentially deadly liver disease associated with hepatitis C in their lifetime. An expert panel, convened in March by the National Institutes of Health (NIH), estimated that 30,000 acute new infections occur each year in the United States, and only 25 to 30 percent of those are diagnosed. Current data sources indicate that 8,000 to 10,000 Americans die from hepatitis C each year.

(d) Studies also indicate that 39.4 percent of male inmates and 54.5 percent of female inmates in California correctional facilities have hepatitis C, 26 times higher than the general population. Upon their release from prison, these inmates present a significant health risk to the general population of California.

(e) It is the intent of the Legislature to study the adequacy of the health care delivery system as it pertains to hepatitis C.

122410. (a) The State Department of Health Services shall make available protocols and guidelines developed by the National Institutes of Health and California legislative advisory committees on hepatitis C for educating physicians and health professionals and training community service providers on the most recent scientific and medical information on hepatitis C detection, diagnosis, treatment, and therapeutic decisionmaking.

(b) The guidelines referenced in subdivision (a) may include, but not be limited to, all of the following:

(1) Tracking and reporting of both acute and chronic cases of hepatitis C by public health officials.

(2) A cost-efficient plan to screen the prison population and the medically indigent population in California.

(3) Protocols within the Department of Corrections to enable that department to provide appropriate treatment to prisoners with hepatitis C.

(4) Protocols for the education of correctional peace officers and other correctional workers who work with prisoners with hepatitis C.

(5) Protocols for public safety and health care workers who come in contact with hepatitis C patients.

(6) Surveillance programs to determine the prevalence of hepatitis C in ethnic and other high-risk populations.

(7) Education programs for high-risk individuals, including, but not limited to, individuals who received blood transfusions prior to 1992, hemophiliacs, veterans, students, and minority communities. Education programs may provide information and referral on hepatitis C including, but not limited to, education materials developed by health-related companies, community-based or national advocacy organizations, counseling, patient support groups, and existing hotlines for consumers.

(c) Nothing in this section shall be construed to require the department to develop or produce any protocol, guideline, or proposal.

CHAPTER 868

An act relating to school district reorganization.

[Approved by Governor September 26, 1998. Filed with Secretary of State September 28, 1998.]

The people of the State of California do enact as follows:

SECTION 1. (a) Commencing with the 1999–2000 school year, the area of Eastview as delineated in subdivision (c) is an optional attendance area. Parents and legal guardians residing in the area of Eastview may make an election for each pupil as to whether that pupil will attend schools in the Palos Verdes Peninsula Unified School District or the Los Angeles Unified School District. For the 1999–2000 school year, the parents or legal guardians of all pupils who reside in the area of Eastview may make an election by March 1, 1999, as to the school district their child or children will attend. For the 2000–01 school year and each subsequent school year, the parents or legal guardians residing in the area of Eastview shall make their initial election as to the school district their child or children will attend by May 1 of the school year in which the pupil first enters elementary school, and shall make a second election by May 1 of the school year in which the pupil enters middle school. Parents or legal guardians

who newly move into the area of Eastview shall make their initial election as to the school district their child or children will attend when the parents or legal guardians first enroll their child or children in public school.

(b) Any school facility belonging to the Los Angeles Unified School District that is located in the area delineated in subdivision (c) shall remain the property of the Los Angeles Unified School District. The status of an employee as an employee of the Los Angeles Unified School District shall not be affected by this act.

(c) For the purposes of this section, the following are the boundaries of the area in Eastview in Los Angeles County: begin at the southeast corner of Tract #19028 as shown on map filed in book 587, pages 83 and 84, of maps in the office of the Recorder of the County of Los Angeles, said corner being angle point in the boundary of the City of Rancho Palos Verdes as same existed on November 1, 1978; thence northerly along the boundary of the City of Rolling Hills Estates as same existed on said date to its first intersection with the boundary of the City of Lomita as same existed on said date; thence easterly along said less mentioned boundary and following the same in all its various courses to the intersection of the northerly line of Lot 1 of Tract #3192 as shown on map filed in book 44, pages 91 to 94, inclusive, of said maps and the centerline of Western Avenue as shown on map filed in book 77, page 88, of record of surveys, in the office of said recorder; thence southerly along said centerline and continuing southerly along the centerline of Western Avenue as shown on map of Tract #24436 filed in book 653, pages 96 to 100, inclusive, of said maps to the centerline of Westmont Drive as shown on map of parcel map #5375 filed in book 63, pages 92 and 93, of parcel maps in the office of said recorder; thence continuing southerly along the centerline of Western Avenue as shown on said last mentioned map a distance of 67 feet; hence easterly at right angles from said last mentioned centerline a distance of 50 feet to the northerly terminous of that certain course having a bearing and length of N1343 feet 42 inches East along that certain 27 foot radius curve in said last mentioned boundary of the City of Rancho Palos Verdes, hence northerly along said last mentioned boundary to the point of beginning.

SEC. 2. The Legislature finds and declares that, for Section 1 of this act, a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique circumstances of the area of Eastview. The facts constituting the special circumstances are these:

The residents of the area of Eastview in Los Angeles County are part of the community of the City of Rancho Palos Verdes, as that area was annexed to that city in 1983. Thus, the residents of that area should be allowed to participate in the events and activities that surround that community, including those that are sponsored by the

Palos Verdes Peninsula Unified School District. The school district boundaries were not changed in 1983 when the city boundaries were changed which resulted in leaving the residents of the area of Eastview within the boundaries of the Los Angeles Unified School District and thereby with a different academic and recreational schedule than the community in which they actually reside. Therefore, it is the intent of the Legislature to grant to residents of the area of Eastview the right to enroll their children in the school district of the community that they belong to and identify with.

SEC. 3. This act shall become operative on July 1, 1999.

SEC. 4. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 869

An act to amend Sections 19801, 19852, 19852A, 19852.1, 19872, and 19950.2 of the Business and Professions Code, relating to gambling.

[Approved by Governor September 26, 1998. Filed with Secretary of State September 28, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 19801 of the Business and Professions Code is amended to read:

19801. The Legislature hereby finds and declares all of the following:

(a) The longstanding public policy of this state disfavors the business of gambling. State law prohibits commercially operated lotteries, banked or percentage games, and gambling machines, and strictly regulates parimutuel wagering on horse racing. To the extent that state law categorically prohibits certain forms of gambling and prohibits gambling devices, nothing herein shall be construed, in any manner, to reflect a legislative intent to relax those prohibitions.

(b) Gambling can become addictive and is not an activity to be promoted or legitimized as entertainment for children and families.

(c) (1) Unregulated gambling enterprises are inimical to the public health, safety, welfare, and good order. Accordingly, no person in this state has a right to operate a gambling enterprise except as may be expressly permitted by the laws of this state and by the ordinances of local governmental bodies.

(2) The State of California has permitted the operation of gambling establishments for more than one hundred years. Gambling establishments were first regulated by the State of California pursuant to legislation which was enacted in 1984. Gambling establishments currently employ more than twenty thousand people in the State of California, and contribute more than one hundred million dollars in taxes and fees to California's government. Gambling establishments are lawful enterprises in the State of California, and are entitled to full protection of the laws of this state. The industry is currently in significant decline, with more than half the gambling establishments in this state closing within the past four years.

(d) It is the policy of this state that gambling activities that are not expressly prohibited or regulated by state law may be prohibited or regulated by local government. Moreover, it is the policy of this state that no new gambling establishment may be opened in a city, county, or city and county in which a gambling establishment was not operating on and before January 1, 1984, except upon the affirmative vote of the electors of that city, county, or city and county.

(e) It is not the purpose of this chapter to expand opportunities for gambling, or to create any right to operate a gambling enterprise in this state or to have a financial interest in any gambling enterprise. Rather, it is the purpose of this chapter to regulate businesses that offer otherwise lawful forms of gambling games.

(f) Public trust that permissible gambling will not endanger public health, safety, or welfare requires that comprehensive measures be enacted to ensure that such gambling is free from criminal and corruptive elements, that it is conducted honestly and competitively, and that it is conducted in suitable locations.

(g) Public trust and confidence can only be maintained by strict and comprehensive regulation of all persons, locations, practices, associations, and activities related to the operation of lawful gambling establishments and the manufacture or distribution of permissible gambling equipment.

(h) All gambling operations, all persons having a significant involvement in gambling operations, all establishments where gambling is conducted, and all manufacturers, sellers, and distributors of gambling equipment must be licensed and regulated to protect the public health, safety, and general welfare of the residents of this state as an exercise of the police powers of the state.

(i) To ensure that gambling is conducted honestly, competitively, and free of criminal and corruptive elements, all licensed gambling establishments in this state must remain open to the general public

and the access of the general public to licensed gambling activities must not be restricted in any manner, except as provided by the Legislature. However, subject to state and federal prohibitions against discrimination, nothing herein shall be construed to preclude exclusion of unsuitable persons from licensed gambling establishments in the exercise of reasonable business judgment.

(j) In order to effectuate state policy as declared herein, it is necessary that gambling establishments, activities, and equipment be licensed, that persons participating in those activities be licensed or registered, that certain transactions, events, and processes involving gambling establishments and owners of gambling establishments be subject to prior approval or permission, that unsuitable persons not be permitted to associate with gambling activities or gambling establishments, and that gambling activities take place only in suitable locations. Any license or permit issued, or other approval granted pursuant to this chapter, is declared to be a revocable privilege, and no holder acquires any vested right therein or thereunder.

(k) The location of lawful gambling premises, the hours of operation of those premises, the number of tables permitted in those premises, and wagering limits in permissible games conducted in those premises are proper subjects for regulation by local governmental bodies. However, consideration of those same subjects by a state regulatory agency, as specified in this chapter, is warranted when local governmental regulation respecting those subjects is inadequate or the regulation fails to safeguard the legitimate interests of residents in other governmental jurisdictions.

(*l*) The exclusion or ejection of certain persons from gambling establishments is necessary to effectuate the policies of this chapter and to maintain effectively the strict regulation of licensed gambling.

(m) Records and reports of cash and credit transactions involving gambling establishments may have a high degree of usefulness in criminal and regulatory investigations and, therefore, licensed gambling operators may be required to keep records and make reports concerning significant cash and credit transactions.

SEC. 2. Section 19852 of the Business and Professions Code is amended to read:

19852. (a) In addition to other grounds stated in this chapter, the division shall consider denying a gambling license for any of the following reasons:

(1) If issuance of the license with respect to the proposed gambling establishment or expansion would tend unduly to create law enforcement problems in a city, county, or city and county other than the city, county, or city and county that has regulatory jurisdiction over the applicant's premises.

(2) If an applicant fails to conduct an economic feasibility study that demonstrates to the satisfaction of the division that the proposed gambling establishment will be economically viable, and that the

owners have sufficient resources to make the gambling establishment successful. The division shall hold a public hearing for the purposes of reviewing the feasibility study. All papers, studies, projections, pro formas, and other materials filed with the division pursuant to an economic feasibility study are public records and shall be disclosed to all interested parties.

(3) If issuance of the license is sought in respect to a new gambling establishment, or the expansion of an existing gambling establishment, that is to be located or is located near an existing school, an existing building used primarily as a place of worship, an existing playground or other area of juvenile congregation, an existing hospital, convalescence facility, or near another similarly unsuitable area, as determined by regulation of the division, which is located in a city, county, or city and county other than the city, county, or city and county that has regulatory jurisdiction over the applicant's gambling premises.

(b) For the purposes of this section, "expansion" means an increase of 25 percent or more in the number of authorized gambling tables in a gambling establishment, based on the number of gambling tables for which a license was initially issued pursuant to this chapter.

(c) This section shall remain in effect only until the occurrence of one of the events specified in Section 66 of the act that added this chapter, and as of that date is repealed, unless a later enacted statute, which is enacted before the occurrence of one of the events specified in Section 66 of the act that added this chapter, deletes or extends that date.

SEC. 3. Section 19852A of the Business and Professions Code is amended to read:

19852A. (a) In addition to other grounds stated in this chapter, the commission shall consider denying a gambling license for any of the following reasons:

(1) If issuance of the license with respect to the proposed gambling establishment or expansion would tend unduly to create law enforcement problems in a city, county, or city and county other than the city, county, or city and county that has regulatory jurisdiction over the applicant's premises.

(2) If an applicant fails to conduct an economic feasibility study that demonstrates to the satisfaction of the commission that the proposed gambling establishment will be economically viable, and that the owners have sufficient resources to make the gambling establishment successful. The commission shall hold a public hearing for the purpose of reviewing the feasibility study. All papers, studies, projections, pro formas, and other materials filed with the commission pursuant to an economic feasibility study are public records and shall be disclosed to all interested parties.

(3) If issuance of the license is sought in respect to a new gambling establishment, or the expansion of an existing gambling establishment, that is to be located or is located near an existing

school, an existing building used primarily as a place of worship, an existing playground or other area of juvenile congregation, an existing hospital, convalescence facility, or near another similarly unsuitable area, as determined by regulation of the commission, which is located in a city, county, or city and county other than the city, county, or city and county that has regulatory jurisdiction over the applicant's gambling premises.

(b) For the purposes of this section, "expansion" means an increase of 25 percent or more in the number of authorized gambling tables in a gambling establishment, based on the number of gambling tables for which a license was initially issued pursuant to this chapter.

(c) This section shall become operative on the occurrence of one of the events specified in Section 66 of the act that added this section to the Business and Professions Code.

SEC. 4. Section 19852.1 of the Business and Professions Code is amended to read:

19852.1. A publicly traded racing association or a qualified racing association shall be allowed to operate only one gaming establishment, and the gaming establishment shall be located on the same premises as the entity's racetrack.

SEC. 5. Section 19872 of the Business and Professions Code is amended to read:

19872. (a) If at any time the division denies a license to an individual owner of any security issued by a corporation that applies for or holds an owner license, the owner of the security shall immediately offer the security to the issuing corporation for purchase. The corporation shall purchase the security so offered, for book value in cash, as provided for in the articles of incorporation or the bylaws, or fair market value, whichever is less, within 30 calendar days after the date of the offer. If the fair market value, or book value as provided for in the articles of incorporation or bylaws, exceeds one million dollars ($1,000,000), the division may allow a period of time not to exceed 90 days for the purchase.

(b) Beginning upon the date when the division serves notice of the denial upon the corporation, it is unlawful for the denied security owner to do any of the following:

(1) Receive any dividend or interest upon any security described in subdivision (a).

(2) Exercise, directly or through any trustee or nominee, any voting right conferred by any security described in subdivision (a).

(3) Receive any remuneration in any form from the corporation for services rendered or for any other purpose.

(c) Every security issued by a corporate owner licensee shall bear a statement, on both sides of the certificate evidencing the security, of the restrictions imposed by this section.

(d) This section shall remain in effect only until the occurrence of one of the events specified in Section 66 of the act that added this chapter, and as of that date is repealed, unless a later enacted statute,

which is enacted before the occurrence of one of the events specified in Section 66 of the act that added this chapter, deletes or extends that date.

SEC. 6. Section 19950.2 of the Business and Professions Code is amended to read:

19950.2. (a) On and after the effective date of this chapter, neither the governing body nor the electors of a county, city, or city and county that has not authorized legal gaming within its boundaries prior to January 1, 1996, shall authorize legal gaming.

(b) No ordinance in effect on January 1, 1996, that authorizes legal gaming within a city, county, or city and county may be amended to expand gaming in that jurisdiction beyond that permitted on January 1, 1996.

(c) Except as provided in subdivision (d), this section shall remain operative only until January 1, 2001.

(d) With respect to Alameda, Contra Costa, Los Angeles, San Mateo, and Santa Clara Counties only, due the over-concentration of gambling establishments in those counties, this section shall remain operative with respect to those counties until January 1, 2003, and as of that date is repealed.

CHAPTER 870

An act to amend, repeal, and add Sections 2272 and 2282 of, and to add and repeal Sections 2282.5 and 2287 of, the Food and Agricultural Code, relating to pest control, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 26, 1998. Filed with Secretary of State September 28, 1998.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the exclusion of exotic pests from California is of paramount importance in maintaining the economic vitality of this state.

SEC. 2. Section 2272 of the Food and Agricultural Code is amended to read:

2272. (a) The commissioner shall submit, on a form approved by the secretary, a monthly report to the secretary concerning the commissioner's activities in the programs listed in paragraphs (1) to (10), inclusive, of subdivision (b) of Section 2282. The commissioner may prepare an annual report on the condition of agriculture in his or her county and on what is being done to eradicate, control, or manage pests, and actions relating to the exclusion of pests or quarantine against pests. The commissioner may include in the annual report information relating to organic farming methods,

biotechnology, integrated pest management, and biological control activities in the county. The commissioner shall also furnish from time to time to the director any other information the director may require.

(b) This section shall remain in effect only until July 1, 1999, and as of that date is repealed, unless a later enacted statute that is enacted before July 1, 1999, deletes or extends that date.

SEC. 3. Section 2272 is added to the Food and Agricultural Code, to read:

2272. (a) The commissioner shall make an annual report to the director on the condition of agriculture in his or her county and on what is being done to eradicate, control, or manage pests, and actions relating to the exclusion of pests or quarantine against pests. The commissioner may include in the annual report information relating to organic farming methods, biotechnology, integrated pest management, and biological control activities in the county. The commissioner shall also furnish from time to time to the director any other information the director may require.

(b) This section shall become operative July 1, 1999.

SEC. 4. Section 2282 of the Food and Agricultural Code is amended to read:

2282. (a) Except as provided in Section 2282.5, the Secretary of Food and Agriculture or the Director of Pesticide Regulation may allocate annually to each county an amount determined by the secretary or the director not to exceed one-third of the amount expended by the county during the previous fiscal year for the programs of joint responsibility. The allocations shall be made from funds appropriated to the secretary or the director for purposes of carrying out activities of joint responsibility with the commissioners at the local levels.

15037.1. (a) The state council shall be responsible for developing an education and job training report card program to assess the accomplishments of California's work force preparation system.

(b) By January 1, 2001, the subcommittee or an operating entity under contract to the subcommittee shall operate a comprehensive performance-based accountability system that matches the social security numbers of former participants in state education and training programs with information in files of state and federal agencies that maintain employment and educational records and

identifies the occupations of those former participants whose social security numbers are found in employment records.

(c) This system shall measure the performance of state and federally funded education and training programs for the purpose of system, program, and instructional improvement. Programs to be measured shall include programs in receipt of funds from the Job Training Partnership Act, the Carl D. The subcommittee, or the operating entity under contract to the subcommittee, shall have the authority to assess each of the programs with an appropriate share of the costs of the report card program. SEC. 2. Section 19356.6 of the Welfare and Institutions Code, as amended by Chapter 329 of the Statutes of 1998, is amended to read:

19356.6. (a) The definitions contained in this subdivision shall govern the construction of this section, with respect to services provided through the Habilitation Services Program, and unless the context requires otherwise, the following terms shall have the following meanings:

(1) "Supported employment" means paid work that is integrated in the community for individuals with developmental disabilities whose vocational disability is so severe that they would be unable to achieve this employment without specialized services and would not be able to retain this employment without an appropriate level of ongoing postemployment support services.

(2) "Integrated work" means the engagement of an employee with a disability in work in a setting typically found in the community in which individuals interact with nondisabled individuals other than those who are providing services to those individuals, to the same extent that nondisabled individuals in comparable positions interact with other persons.

(3) "Supported employment placement" means the employment of an individual with a developmental disability by an employer in the community, directly or through contract with a supported employment program, and the provision of supported employment services and, the provision of ongoing postemployment services necessary for the individual to retain employment. Services for those individuals receiving one-to-one training and support services from a supported employment program shall decrease as the individual adjusts to his or her employment and the employer assumes many of those functions.

(4) For individuals receiving postemployment support services at a job coach-to-client ratio of one-to-one or one-to-two, postemployment services may be provided on or off the jobsite, except that no ancillary services may be provided pursuant to subparagraph (A) of paragraph (2) of subdivision (b).

(5) For individuals receiving postemployment support services at a job coach-to-client ratio of other than one-to-one or one-to-two, ancillary services may be provided, except that all postemployment and ancillary services shall be provided at the worksite.

(6) "Allowable supported employment services" means the services approved in the individual habilitation component and provided, to the extent allowed by the Habilitation Services Program for the purpose of achieving supported employment as an outcome for individuals with developmental disabilities, which may include any of the following:

(A) Program staff time spent conducting job analysis of supported employment opportunities for a specific consumer.

(B) Program staff time spent in the direct supervision or training of a consumer or consumers while they engage in integrated work unless other arrangements for consumer supervision, such as employer supervision reimbursed by the supported employment program, are approved by the Habilitation Services Program.

(C) Training occurring in the community, in adaptive functional and social skills necessary to ensure job adjustment and retention such as social skills, money management, and independent travel.

(D) Counseling with a consumer's significant others to ensure support of a consumer in job adjustment.

(E) Advocacy or intervention on behalf of a consumer to resolve problems affecting the consumer's work adjustment or retention.

(F) Job development to the extent authorized by the Habilitation Services Program.

(G) Ongoing postemployment support services needed to ensure the consumer's retention of the job.

(b) (1) The Habilitation Services Program shall set rates for supported employment services provided in accordance with this section. The Habilitation Services Program shall apply those rates to those work-activity programs or program components of work-activity programs approved by the department to provide supported employment and to new programs or components approved by the Habilitation Services Program to provide supported employment services. Both of these categories of programs or components shall be required to comply with the criteria set forth in subdivision (b) of Section 19356.7 to receive approval from the Habilitation Services Program.

(2) The hourly rate for supported employment services shall be twenty-seven dollars and fifty cents ($27.50). If more than one consumer is receiving supported employment services simultaneously from the same job coach, the following shall apply:

(A) The total amount reimbursed for that service shall not exceed the authorized rate for supported employment services. In addition, the Habilitation Services Program may set a higher hourly rate for supported employment services provided to an individual in this configuration, based upon the additional cost to provide ancillary

services, when there is a documented and demonstrated need for a higher rate because of the nature and severity of the disabilities of the consumer, as determined by the Habilitation Services Program.

(B) In addition, fees shall be authorized for the following:

(i) A two hundred dollar ($200) fee shall be paid upon intake of a consumer into an agency's supported employment program, unless that individual has completed a supported employment intake process with that same agency within the past 12 months, in which case no fee shall be paid.

(ii) A four hundred dollar ($400) fee shall be paid upon placement of an individual in an integrated job, unless that individual is placed with another consumer or consumers assigned to the same job coach during the same hours of employment, in which case no fee shall be paid.

(iii) A four hundred dollar ($400) fee shall be paid after a 90-day retention of a consumer in a job, unless that individual has been placed with another consumer or consumers, assigned to the same job coach during the same hours of employment, in which case no fee shall be paid.

(3) These rates shall take effect July 1, 1998.

(4) It is the intent of the Legislature that, commencing July 1, 1996, the department establish rates for both habilitation services and vocational rehabilitation supported employment services pursuant to this section.

(c) If a consumer has been placed on a waiting list for vocational rehabilitation as a result of the department's order of selection regulations, the Habilitation Services Program may pay for those supported employment services leading to job development set forth in subparagraph (B) of paragraph (2) of subdivision (b).

(d) This section shall become inoperative on July 1, 1999, and, as of January 1, 2000, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2000, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to comply with federal privacy laws, it is necessary for this act to take effect immediately.

CHAPTER 875

An act to amend Section 2025 of the Code of Civil Procedure, relating to depositions.

[Approved by Governor September 26, 1998. Filed with Secretary of State September 28, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 2025 of the Code of Civil Procedure is amended to read:

2025. (a) Any party may obtain discovery within the scope delimited by Section 2017, and subject to the restrictions set forth in Section 2019, by taking in California the oral deposition of any person, including any party to the action. The person deposed may be a natural person, an organization such as a public or private corporation, a partnership, an association, or a governmental agency.

(b) Subject to subdivisions (f) and (t), an oral deposition may be taken as follows:

(1) The defendant may serve a deposition notice without leave of court at any time after that defendant has been served or has appeared in the action, whichever occurs first.

(2) The plaintiff may serve a deposition notice without leave of court on any date that is 20 days after the service of the summons on, or appearance by, any defendant. However, on motion with or without notice, the court, for good cause shown, may grant to a plaintiff leave to serve a deposition notice on an earlier date.

(c) A party desiring to take the oral deposition of any person shall give notice in writing in the manner set forth in subdivision (d). However, where under subdivision (d) of Section 2020 only the production by a nonparty of business records for copying is desired, a copy of the deposition subpoena shall serve as the notice of deposition. The notice of deposition shall be given to every other party who has appeared in the action. The deposition notice, or the accompanying proof of service, shall list all the parties or attorneys for parties on whom it is served.

Where, as defined in subdivision (a) of Section 1985.3, the party giving notice of the deposition is a subpoenaing party, and the deponent is a witness commanded by a deposition subpoena to produce personal records of a consumer, the subpoenaing party shall serve on that consumer (1) a notice of the deposition, (2) the notice of privacy rights specified in subdivision (e) of Section 1985.3, and (3) a copy of the deposition subpoena.

(d) The deposition notice shall state all of the following:

(1) The address where the deposition will be taken.

(2) The date of the deposition, selected under subdivision (f), and the time it will commence.

(3) The name of each deponent, and the address and telephone number, if known, of any deponent who is not a party to the action. If the name of the deponent is not known, the deposition notice shall set forth instead a general description sufficient to identify the person or particular class to which the person belongs.

(4) The specification with reasonable particularity of any materials or category of materials to be produced by the deponent.

(5) Any intention to record the testimony by audiotape or videotape, in addition to recording the testimony by the stenographic method as required by paragraph (1) of subdivision (*l*), and any intention to record the testimony by stenographic method, through the instant visual display of the testimony. In the latter event, a copy of the deposition notice shall also be given to the deposition officer. Any offer to provide the instant visual display of the testimony or to provide rough draft transcripts to any party which is accepted prior to, or offered at, the deposition shall also be made by the deposition officer at the deposition to all parties in attendance.

(6) Any intention to reserve the right to use at trial a videotape deposition of a treating or consulting physician or of any expert witness under paragraph (4) of subdivision (u). In this event, the operator of the videotape camera shall be a person who is authorized to administer an oath, and shall not be financially interested in the action or be a relative or employee of any attorney of any of the parties.

If the deponent named is not a natural person, the deposition notice shall describe with reasonable particularity the matters on which examination is requested. In that event, the deponent shall designate and produce at the deposition those of its officers, directors, managing agents, employees, or agents who are most qualified to testify on its behalf as to those matters to the extent of any information known or reasonably available to the deponent. A deposition subpoena shall advise a nonparty deponent of its duty to make this designation, and shall describe with reasonable particularity the matters on which examination is requested.

If the attendance of the deponent is to be compelled by service of a deposition subpoena under Section 2020, an identical copy of that subpoena shall be served with the deposition notice.

(e) (1) The deposition of a natural person, whether or not a party to the action, shall be taken at a place that is, at the option of the party giving notice of the deposition, either within 75 miles of the deponent's residence, or within the county where the action is pending and within 150 miles of the deponent's residence, unless the court orders otherwise under paragraph (3).

(2) The deposition of an organization that is a party to the action shall be taken at a place that is, at the option of the party giving notice of the deposition, either within 75 miles of the organization's principal executive or business office in California, or within the county where the action is pending and within 150 miles of that office. The deposition of any other organization shall be taken within 75 miles of the organization's principal executive or business office in California, unless the organization consents to a more distant place. If the organization has not designated a principal executive or business office in California, the deposition shall be taken at a place that is, at the option of the party giving notice of the deposition, either

within the county where the action is pending, or within 75 miles of any executive or business office in California of the organization.

(3) A party desiring to take the deposition of a natural person who is a party to the action or an officer, director, managing agent, or employee of a party may make a motion for an order that the deponent attend for deposition at a place that is more distant than that permitted under paragraph (1). This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of any issue presented by the motion.

In exercising its discretion to grant or deny this motion, the court shall take into consideration any factor tending to show whether the interests of justice will be served by requiring the deponent's attendance at that more distant place, including, but not limited to, the following:

(A) Whether the moving party selected the forum.

(B) Whether the deponent will be present to testify at the trial of the action.

(C) The convenience of the deponent.

(D) The feasibility of conducting the deposition by written questions under Section 2028, or of using a discovery method other than a deposition.

(E) The number of depositions sought to be taken at a place more distant than that permitted under paragraph (1).

(F) The expense to the parties of requiring the deposition to be taken within the distance permitted under paragraph (1).

(G) The whereabouts of the deponent at the time for which the deposition is scheduled.

The order may be conditioned on the advancement by the moving party of the reasonable expenses and costs to the deponent for travel to the place of deposition.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to increase travel limits for party deponent, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(f) An oral deposition shall be scheduled for a date at least 10 days after service of the deposition notice. If, as defined in subdivision (a) of Section 1985.3, the party giving notice of the deposition is a subpoenaing party, and the deponent is a witness commanded by a deposition subpoena to produce personal records of a consumer, the deposition shall be scheduled for a date at least 20 days after issuance of that subpoena. However, in unlawful detainer actions, an oral deposition shall be scheduled for a date at least five days after service of the deposition notice, but not later than five days before trial.

On motion or ex parte application of any party or deponent, for good cause shown, the court may shorten or extend the time for

scheduling a deposition, or may stay its taking until the determination of a motion for a protective order under subdivision (i).

(g) Any party served with a deposition notice that does not comply with subdivisions (b) to (f), inclusive, waives any error or irregularity unless that party promptly serves a written objection specifying that error or irregularity at least three calendar days prior to the date for which the deposition is scheduled, on the party seeking to take the deposition and any other attorney or party on whom the deposition notice was served. If an objection is made three calendar days before the deposition date, the objecting party shall make personal service of that objection pursuant to Section 1011 on the party who gave notice of the deposition. Any deposition taken after the service of a written objection shall not be used against the objecting party under subdivision (u) if the party did not attend the deposition and if the court determines that the objection was a valid one.

In addition to serving this written objection, a party may also move for an order staying the taking of the deposition and quashing the deposition notice. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of any issue presented by the motion. The taking of the deposition is stayed pending the determination of this motion.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to quash a deposition notice, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(h) (1) The service of a deposition notice under subdivision (c) is effective to require any deponent who is a party to the action or an officer, director, managing agent, or employee of a party to attend and to testify, as well as to produce any document or tangible thing for inspection and copying.

(2) The attendance and testimony of any other deponent, as well as the production by the deponent of any document or tangible thing for inspection and copying, requires the service on the deponent of a deposition subpoena under Section 2020.

(i) Before, during, or after a deposition, any party, any deponent, or any other affected natural person or organization may promptly move for a protective order. The motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

The court, for good cause shown, may make any order that justice requires to protect any party, deponent, or other natural person or organization from unwarranted annoyance, embarrassment, or oppression, or undue burden and expense. This protective order may include, but is not limited to, one or more of the following directions:

(1) That the deponent not be taken at all.

(2) That the deposition be taken at a different time.

(3) That a videotape deposition of a treating or consulting physician or of any expert witness, intended for possible use at trial under paragraph (4) of subdivision (u), be postponed until the moving party has had an adequate opportunity to prepare, by discovery deposition of the deponent, or other means, for cross-examination.

(4) That the deposition be taken at a place other than that specified in the deposition notice, if it is within a distance permitted by subdivision (e).

(5) That the deposition be taken only on certain specified terms and conditions.

(6) That the deponent's testimony be taken by written, instead of oral, examination.

(7) That the method of discovery be interrogatories to a party instead of an oral deposition.

(8) That the testimony be recorded in a manner different from that specified in the deposition notice.

(9) That certain matters not be inquired into.

(10) That the scope of the examination be limited to certain matters.

(11) That all or certain of the writings or tangible things designated in the deposition notice not be produced, inspected, or copied.

(12) That designated persons, other than the parties to the action and their officers and counsel, be excluded from attending the deposition.

(13) That a trade secret or other confidential research, development, or commercial information not be disclosed or be disclosed only to specified persons or only in a specified way.

(14) That the parties simultaneously file specified documents enclosed in sealed envelopes to be opened as directed by the court.

(15) That the deposition be sealed and thereafter opened only on order of the court.

If the motion for a protective order is denied in whole or in part, the court may order that the deponent provide or permit the discovery against which protection was sought on those terms and conditions that are just.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for a protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(j) (1) If the party giving notice of a deposition fails to attend or proceed with it, the court shall impose a monetary sanction under Section 2023 against that party, or the attorney for that party, or both, and in favor of any party attending in person or by attorney, unless it finds that the one subject to the sanction acted with substantial

justification or that other circumstances make the imposition of the sanction unjust.

(2) If a deponent does not appear for a deposition because the party giving notice of the deposition failed to serve a required deposition subpoena, the court shall impose a monetary sanction under Section 2023 against that party, or the attorney for that party, or both, in favor of any other party who, in person or by attorney, attended at the time and place specified in the deposition notice in the expectation that the deponent's testimony would be taken, unless the court finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a deponent on whom a deposition subpoena has been served fails to attend a deposition or refuses to be sworn as a witness, the court may impose on the deponent the sanctions described in subdivision (h) of Section 2020.

(3) If, after service of a deposition notice, a party to the action or an officer, director, managing agent, or employee of a party, or a person designated by an organization that is a party under subdivision (d), without having served a valid objection under subdivision (g), fails to appear for examination, or to proceed with it, or to produce for inspection any document or tangible thing described in the deposition notice, the party giving the notice may move for an order compelling the deponent's attendance and testimony, and the production for inspection of any document or tangible thing described in the deposition notice. This motion (A) shall set forth specific facts showing good cause justifying the production for inspection of any document or tangible thing described in the deposition notice, and (B) shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by it or, when the deponent fails to attend the deposition and produce the documents or things described in the deposition notice, by a declaration stating that the petitioner has contacted the deponent to inquire about the nonappearance. If this motion is granted, the court shall also impose a monetary sanction under Section 2023 against the deponent or the party with whom the deponent is affiliated, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust. On motion of any other party who, in person or by attorney, attended at the time and place specified in the deposition notice in the expectation that the deponent's testimony would be taken, the court shall also impose a monetary sanction under Section 2023, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If that party or party-affiliated deponent then fails to obey an order compelling attendance, testimony, and production, the court may

make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023 against that party deponent or against the party with whom the deponent is affiliated. In lieu of or in addition to this sanction, the court may impose a monetary sanction under Section 2023 against that deponent or against the party with whom that party deponent is affiliated, and in favor of any party who, in person or by attorney, attended in the expectation that the deponent's testimony would be taken pursuant to that order.

(k) Except as provided in paragraph (3) of subdivision (d) of Section 2020, the deposition shall be conducted under the supervision of an officer who is authorized to administer an oath. This officer shall not be financially interested in the action and shall not be a relative or employee of any attorney of any of the parties, or of any of the parties. Any objection to the qualifications of the deposition officer is waived unless made before the deposition begins or as soon thereafter as the ground for that objection becomes known or could be discovered by reasonable diligence.

(*l*) (1) The deposition officer shall put the deponent under oath. Unless the parties agree or the court orders otherwise, the testimony, as well as any stated objections, shall be taken stenographically. The party noticing the deposition may also record the testimony by audiotape or videotape if the notice of deposition stated an intention also to record the testimony by either of those methods, or if all the parties agree that the testimony may also be recorded by either of those methods. Any other party, at that party's expense, may make a simultaneous audiotape or videotape record of the deposition, provided that other party promptly, and in no event less than three calendar days before the date for which the deposition is scheduled, serves a written notice of this intention to audiotape or videotape the deposition testimony on the party or attorney who noticed the deposition, on all other parties or attorneys on whom the deposition notice was served under subdivision (c), and on any deponent whose attendance is being compelled by a deposition subpoena under Section 2020. If this notice is given three calendar days before the deposition date, it shall be made by personal service under Section 1011. Examination and cross-examination of the deponent shall proceed as permitted at trial under the provisions of the Evidence Code.

(2) If the deposition is being recorded by means of audiotape or videotape, the following procedure shall be observed:

(A) The area used for recording the deponent's oral testimony shall be suitably large, adequately lighted, and reasonably quiet.

(B) The operator of the recording equipment shall be competent to set up, operate, and monitor the equipment in the manner prescribed in this subdivision. The operator may be an employee of the attorney taking the deposition unless the operator is also the deposition officer. However, if a videotape of deposition testimony

is to be used under paragraph (4) of subdivision (u), the operator of the recording equipment shall be a person who is authorized to administer an oath, and shall not be financially interested in the action or be a relative or employee of any attorney of any of the parties, unless all parties attending the deposition agree on the record to waive these qualifications and restrictions.

(C) The operator shall not distort the appearance or the demeanor of participants in the deposition by the use of camera or sound recording techniques.

(D) The deposition shall begin with an oral or written statement on camera or on the audiotape that includes the operator's name and business address, the name and business address of the operator's employer, the date, time, and place of the deposition, the caption of the case, the name of the deponent, a specification of the party on whose behalf the deposition is being taken, and any stipulations by the parties.

(E) Counsel for the parties shall identify themselves on camera or on the audiotape.

(F) The oath shall be administered to the deponent on camera or on the audiotape.

(G) If the length of a deposition requires the use of more than one unit of tape, the end of each unit and the beginning of each succeeding unit shall be announced on camera or on the audiotape.

(H) At the conclusion of a deposition, a statement shall be made on camera or on the audiotape that the deposition is ended and shall set forth any stipulations made by counsel concerning the custody of the audiotape or videotape recording and the exhibits, or concerning other pertinent matters.

(I) A party intending to offer an audiotaped or videotaped recording of a deposition in evidence under subdivision (u) shall notify the court and all parties in writing of that intent and of the parts of the deposition to be offered within sufficient time for objections to be made and ruled on by the judge to whom the case is assigned for trial or hearing, and for any editing of the tape. Objections to all or part of the deposition shall be made in writing. The court may permit further designations of testimony and objections as justice may require. With respect to those portions of an audiotaped or videotaped deposition that are not designated by any party or that are ruled to be objectionable, the court may order that the party offering the recording of the deposition at the trial or hearing suppress those portions, or that an edited version of the deposition tape be prepared for use at the trial or hearing. The original audiotape or videotape of the deposition shall be preserved unaltered. If no stenographic record of the deposition testimony has previously been made, the party offering a videotape or an audiotape recording of that testimony under subdivision (u) shall accompany that offer with a stenographic transcript prepared from that recording.

(3) In lieu of participating in the oral examination, parties may transmit written questions in a sealed envelope to the party taking the deposition for delivery to the deposition officer, who shall unseal the envelope and propound them to the deponent after the oral examination has been completed.

(m) (1) The protection of information from discovery on the ground that it is privileged or that it is protected work product under Section 2018 is waived unless a specific objection to its disclosure is timely made during the deposition.

(2) Errors and irregularities of any kind occurring at the oral examination that might be cured if promptly presented are waived unless a specific objection to them is timely made during the deposition. These errors and irregularities include, but are not limited to, those relating to the manner of taking the deposition, to the oath or affirmation administered, to the conduct of a party, attorney, deponent, or deposition officer, or to the form of any question or answer. Unless the objecting party demands that the taking of the deposition be suspended to permit a motion for a protective order under subdivision (n), the deposition shall proceed subject to the objection.

(3) Objections to the competency of the deponent, or to the relevancy, materiality, or admissibility at trial of the testimony or of the materials produced are unnecessary and are not waived by failure to make them before or during the deposition.

(4) If a deponent fails to answer any question or to produce any document or tangible thing under the deponent's control that is specified in the deposition notice or a deposition subpoena, the party seeking that answer or production may adjourn the deposition or complete the examination on other matters without waiving the right at a later time to move for an order compelling that answer or production under subdivision (o).

(n) The deposition officer shall not suspend the taking of testimony without stipulation of the party conducting the deposition and the deponent unless any party attending the deposition or the deponent demands the taking of testimony be suspended to enable that party or deponent to move for a protective order on the ground that the examination is being conducted in bad faith or in a manner that unreasonably annoys, embarrasses, or oppresses that deponent or party. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. The court, for good cause shown, may terminate the examination or may limit the scope and manner of taking the deposition as provided in subdivision (i). If the order terminates the examination, the deposition shall not thereafter be resumed, except on order of the court.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for this protective order, unless it finds that the one

subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(o) If a deponent fails to answer any question or to produce any document or tangible thing under the deponent's control that is specified in the deposition notice or a deposition subpoena, the party seeking discovery may move the court for an order compelling that answer or production. This motion shall be made no later than 60 days after the completion of the record of the deposition, and shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. Notice of this motion shall be given to all parties, and to the deponent either orally at the examination, or by subsequent service in writing. If the notice of the motion is given orally, the deposition officer shall direct the deponent to attend a session of the court at the time specified in the notice. Not less than five days prior to the hearing on this motion, the moving party shall lodge with the court a certified copy of any parts of the stenographic transcript of the deposition that are relevant to the motion. If a deposition is recorded by audiotape or videotape, the moving party is required to lodge a certified copy of a transcript of any parts of the deposition that are relevant to the motion. If the court determines that the answer or production sought is subject to discovery, it shall order that the answer be given or the production be made on the resumption of the deposition.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel answer or production, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a deponent fails to obey an order entered under this subdivision, the failure may be considered a contempt of court. In addition, if the disobedient deponent is a party to the action or an officer, director, managing agent, or employee of a party, the court may make those orders that are just against the disobedient party, or against the party with whom the disobedient deponent is affiliated, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to this sanction, the court may impose a monetary sanction under Section 2023 against that party deponent or against any party with whom the deponent is affiliated.

(p) Unless the parties agree otherwise, the testimony at any deposition recorded by stenographic means shall be transcribed. The party noticing the deposition shall bear the cost of that transcription, unless the court, on motion and for good cause shown, orders that the cost be borne or shared by another party. Any other party, at that party's expense, may obtain a copy of the transcript. If the deposition officer receives a request from a party for an original or a copy of the deposition transcript, or any portion thereof, and the document will

be available to that party prior to the time the original or copy would be available to any other party, the deposition officer shall immediately notify all other parties attending the deposition of the request, and shall, upon request by any party other than the party making the original request, make that copy of the full or partial deposition transcript available to all parties at the same time. Stenographic notes of depositions shall be retained by the reporter for a period of not less than eight years from the date of the deposition, where no transcript is produced, and not less than one year from the date on which the transcript is produced. Those notes may be either on paper or electronic media, as long as it allows for satisfactory production of a transcript at any time during the periods specified. At the request of any other party to the action, including a party who did not attend the taking of the deposition testimony, any party who records or causes the recording of that testimony by means of audiotape or videotape shall promptly (1) permit that other party to hear the audiotape or to view the videotape, and (2) furnish a copy of the audiotape or videotape to that other party on receipt of payment of the reasonable cost of making that copy of the tape.

If the testimony at the deposition is recorded both stenographically, and by audiotape or videotape, the stenographic transcript is the official record of that testimony for the purpose of the trial and any subsequent hearing or appeal.

(q) (1) If the deposition testimony is stenographically recorded, the deposition officer shall send written notice to the deponent and to all parties attending the deposition when the original transcript of the testimony for each session of the deposition is available for reading, correcting, and signing, unless the deponent and the attending parties agree on the record that the reading, correcting, and signing of the transcript of the testimony will be waived or that the reading, correcting, and signing of a transcript of the testimony will take place after the entire deposition has been concluded or at some other specific time. For 30 days following each such notice, unless the attending parties and the deponent agree on the record or otherwise in writing to a longer or shorter time period, the deponent may change the form or the substance of the answer to a question, and may either approve the transcript of the deposition by signing it, or refuse to approve the transcript by not signing it.

Alternatively, within this same period, the deponent may change the form or the substance of the answer to any question and may approve or refuse to approve the transcript by means of a letter to the deposition officer signed by the deponent which is mailed by certified or registered mail with return receipt requested. A copy of that letter shall be sent by first-class mail to all parties attending the deposition. For good cause shown, the court may shorten the 30-day period for making changes, approving, or refusing to approve the transcript.

The deposition officer shall indicate on the original of the transcript, if the deponent has not already done so at the office of the deposition officer, any action taken by the deponent and indicate on the original of the transcript, the deponent's approval of, or failure or refusal to approve, the transcript. The deposition officer shall also notify in writing the parties attending the deposition of any changes which the deponent timely made in person. If the deponent fails or refuses to approve the transcript within the allotted period, the deposition shall be given the same effect as though it had been approved, subject to any changes timely made by the deponent. However, on a seasonable motion to suppress the deposition, accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion, the court may determine that the reasons given for the failure or refusal to approve the transcript require rejection of the deposition in whole or in part.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to suppress a deposition, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(2) If there is no stenographic transcription of the deposition, the deposition officer shall send written notice to the deponent and to all parties attending the deposition that the recording is available for review, unless the deponent and all these parties agree on the record to waive the hearing or viewing of an audiotape or videotape recording of the testimony. For 30 days following this notice the deponent, either in person or by signed letter to the deposition officer, may change the substance of the answer to any question.

The deposition officer shall set forth in a writing to accompany the recording any changes made by the deponent, as well as either the deponent's signature identifying the deposition as his or her own, or a statement of the deponent's failure to supply the signature, or to contact the officer within the allotted period. When a deponent fails to contact the officer within the allotted period, or expressly refuses by a signature to identify the deposition as his or her own, the deposition shall be given the same effect as though signed. However, on a seasonable motion to suppress the deposition, accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion, the court may determine that the reasons given for the refusal to sign require rejection of the deposition in whole or in part.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to suppress a deposition, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(r) (1) The deposition officer shall certify on the transcript of the deposition, or in a writing accompanying an audiotaped or videotaped deposition as described in paragraph (2) of subdivision (q), that the deponent was duly sworn and that the transcript or recording is a true record of the testimony given.

(2) When prepared as a rough draft transcript, the transcript of the deposition may not be certified and may not be used, cited, or transcribed as the certified transcript of the deposition proceedings. The rough draft transcript may not be cited or used in any way or at any time to rebut or contradict the certified transcript of deposition proceedings as provided by the deposition officer.

(s) (1) The certified transcript of a deposition shall not be filed with the court. Instead, the deposition officer shall securely seal that transcript in an envelope or package endorsed with the title of the action and marked: "Deposition of (here insert name of deponent)," and shall promptly transmit it to the attorney for the party who noticed the deposition. This attorney shall store it under conditions that will protect it against loss, destruction, or tampering.

The attorney to whom the transcript of a deposition is transmitted shall retain custody of it until six months after final disposition of the action. At that time, the transcript may be destroyed, unless the court, on motion of any party and for good cause shown, orders that the transcript be preserved for a longer period.

(2) An audiotape or videotape record of deposition testimony, including a certified tape made by an operator qualified under subparagraph (B) of paragraph (2) of subdivision (*l*), shall not be filed with the court. Instead, the operator shall retain custody of that record and shall store it under conditions that will protect it against loss, destruction, or tampering, and preserve as far as practicable the quality of the tape and the integrity of the testimony and images it contains.

At the request of any party to the action, including a party who did not attend the taking of the deposition testimony, or at the request of the deponent, that operator shall promptly (A) permit the one making the request to hear or to view the tape on receipt of payment of a reasonable charge for providing the facilities for hearing or viewing the tape, and (B) furnish a copy of the audiotape or the videotape recording to the one making the request on receipt of payment of the reasonable cost of making that copy of the tape.

The attorney or operator who has custody of an audiotape or videotape record of deposition testimony shall retain custody of it until six months after final disposition of the action. At that time, the audiotape or videotape may be destroyed or erased, unless the court, on motion of any party and for good cause shown, orders that the tape be preserved for a longer period.

(t) Once any party has taken the deposition of any natural person, including that of a party to the action, neither the party who gave, nor any other party who has been served with a deposition notice

pursuant to subdivision (c) may take a subsequent deposition of that deponent. However, for good cause shown, the court may grant leave to take a subsequent deposition, and the parties, with the consent of any deponent who is not a party, may stipulate that a subsequent deposition be taken. This subdivision does not preclude taking one subsequent deposition of a natural person who has previously been examined (1) as a result of that person's designation to testify on behalf of an organization under subdivision (d), or (2) for the limited purpose of discovering pursuant to Section 485.230 the identity, location, and value of property in which the deponent has an interest. This subdivision does not authorize the taking of more than one deposition for the limited purpose of Section 485.230.

(u) At the trial or any other hearing in the action, any part or all of a deposition may be used against any party who was present or represented at the taking of the deposition, or who had due notice of the deposition and did not serve a valid objection under subdivision (g), so far as admissible under the rules of evidence applied as though the deponent were then present and testifying as a witness, in accordance with the following provisions:

(1) Any party may use a deposition for the purpose of contradicting or impeaching the testimony of the deponent as a witness, or for any other purpose permitted by the Evidence Code.

(2) An adverse party may use for any purpose, a deposition of a party to the action, or of anyone who at the time of taking the deposition was an officer, director, managing agent, employee, agent, or designee under subdivision (d) of a party. It is not ground for objection to the use of a deposition of a party under this paragraph by an adverse party that the deponent is available to testify, has testified, or will testify at the trial or other hearing.

(3) Any party may use for any purpose the deposition of any person or organization, including that of any party to the action, if the court finds any of the following:

(A) The deponent resides more than 150 miles from the place of the trial or other hearing.

(B) The deponent, without the procurement or wrongdoing of the proponent of the deposition for the purpose of preventing testimony in open court, is (i) exempted or precluded on the ground of privilege from testifying concerning the matter to which the deponent's testimony is relevant, (ii) disqualified from testifying, (iii) dead or unable to attend or testify because of existing physical or mental illness or infirmity, (iv) absent from the trial or other hearing and the court is unable to compel the deponent's attendance by its process, or (v) absent from the trial or other hearing and the proponent of the deposition has exercised reasonable diligence but has been unable to procure the deponent's attendance by the court's process.

(C) Exceptional circumstances exist that make it desirable to allow the use of any deposition in the interests of justice and with due

regard to the importance of presenting the testimony of witnesses orally in open court.

(4) Any party may use a videotape deposition of a treating or consulting physician or of any expert witness even though the deponent is available to testify if the deposition notice under subdivision (d) reserved the right to use the deposition at trial, and if that party has complied with subparagraph (I) of paragraph (2) of subdivision (*l*).

(5) Subject to the requirements of this section, a party may offer in evidence all or any part of a deposition, and if the party introduces only part of the deposition, any other party may introduce any other parts that are relevant to the parts introduced.

(6) Substitution of parties does not affect the right to use depositions previously taken.

(7) When an action has been brought in any court of the United States or of any state, and another action involving the same subject matter is subsequently brought between the same parties or their representatives or successors in interest, all depositions lawfully taken and duly filed in the initial action may be used in the subsequent action as if originally taken in that subsequent action. A deposition previously taken may also be used as permitted by the Evidence Code.

[Approved by Governor September 26, 1998. Filed with Secretary of State September 28, 1998.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the Local Government Omnibus Act of 1998. The Legislature finds and declares that Californians desire their governments to be run efficiently and economically, and that public officials should avoid

waste and duplication whenever possible. The Legislature further finds and declares that it desires to reduce its own operating costs by reducing the number of separate bills affecting related topics. Therefore, in enacting this act, it is the intent of the Legislature to combine several minor, noncontroversial statutory changes relating to public agencies into a single measure.

SEC. 2. Section 1481 of the Government Code is amended to read:

1481. (a) When deemed expedient by the appointing power, a master official bond or other form of master bond may be used which shall provide coverage on more than one officer, employee, or agent who is required by the appointing power or the board of supervisors of a chartered or general law county to give bond.

(b) Notwithstanding any other provision of law, when deemed expedient by the legislative body of a local public agency, a master official bond or other form of master bond may be used which shall provide coverage on more than one officer, employee, or agent of the local public agency, whether elected or appointed, who is required by statute, regulation, the appointing power, the governing board of a local public agency, or the board of supervisors of a chartered or general law county to give bond.

(c) A master bond under this section shall be in the form and for the term which is approved by the appointing power or the legislative body of a local public agency, and shall inure to the benefit of the appointing power, state, or local public agency by whom the officer, employee, or agent is employed as well as the officer or officers under whom the employee or agent serves. If the master bond provides coverage on a public guardian or public administrator, then that master bond shall be for the joint benefit of the guardianship or administratorship estates, and the county to which the bond is issued.

(d) "Local public agency" means any city or county, whether general law or chartered, city and county, special district, school district, municipal corporation, political subdivision, joint powers authority or agency created pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1, or any board, commission, or agency thereof, or other local public agency, but shall not mean the state or any agency or department of the state.

(e) "Legislative body" means the board of supervisors of a county or city, or the governing board, by whatever name called, of a local public agency.

(f) In the case of the State of California, the form and content of the bond shall be subject to the approval of the Director of General Services.

SEC. 3. Section 5956.3 of the Government Code is amended to read:

5956.3. (a) For purposes of this chapter, "governmental agency" includes a city, county, city and county, including a chartered city or

county, school district, community college district, public district, county board of education, joint powers authority, transportation commission or authority, or any other public or municipal corporation.

(b) For purposes of this chapter, "private entity" includes a person, business entity, combination of persons and business entities, or a combination of business entities.

(c) For purposes of this chapter, "fee-producing infrastructure project" or "fee-producing infrastructure facility" means the operation of the infrastructure project or facility will be paid for by the persons or entities benefited by or utilizing the project or facility.

SEC. 4. Section 6505 of the Government Code is amended to read:

6505. (a) The agreement shall provide for strict accountability of all funds and report of all receipts and disbursements.

(b) In addition, and provided a separate agency or entity is created, the public officer performing the functions of auditor or controller as determined pursuant to Section 6505.5, shall either make or contract with a certified public accountant or public accountant to make an annual audit of the accounts and records of every agency or entity, except that the officer need not make or contract for the audit in any case where an annual audit of the accounts and records of the agency or entity by a certified public accountant or public accountant is otherwise made by any agency of the state or the United States only as to those accounts and records which are directly subject to such a federal or state audit. In each case the minimum requirements of the audit shall be those prescribed by the Controller for special districts under Section 26909 and shall conform to generally accepted auditing standards.

(c) When an audit of an account and records is made by a certified public accountant or public accountant, a report thereof shall be filed as public records with each of the contracting parties to the agreement and also with the county auditor of the county where the home office of the joint powers authority is located and shall be sent to any public agency or person in California that submits a written request to the joint powers authority. The report shall be filed within 12 months of the end of the fiscal year or years under examination.

(d) When a nonprofit corporation is designated by the agreement to administer or execute the agreement and no public officer is required to perform the functions of auditor or controller as determined pursuant to Section 6505.5, an audit of the accounts and records of the agreement shall be made at least once each year by a certified public accountant or public accountant, and a report thereof shall be filed as a public record with each of the contracting parties to the agreement and with the county auditor of the county where the home office of the joint powers authority is located, and shall be sent to any public agency or person in California that submits a written request to the joint powers authority. These reports shall

be filed within 12 months after the end of the fiscal year or years under examination.

(e) Any costs of the audit, including contracts with, or employment of certified public accountants or public accountants, in making an audit pursuant to this section shall be borne by the agency or entity and shall be a charge against any unencumbered funds of the agency or entity available for the purpose.

(f) All agencies or entities may, by unanimous request of the governing body thereof, replace the annual special audit with an audit covering a two-year period.

(g) Notwithstanding the foregoing provisions of this section to the contrary, agencies or entities shall be exempt from the requirement of an annual audit if the financial statements are audited by the Controller to satisfy federal audit requirements.

SEC. 5. Section 14670.15 of the Government Code is amended to read:

14670.15. Notwithstanding Section 14670, the Director of General Services, with the consent of the State Department of Mental Health, may lease to Napa County for a period not to exceed 60 years, 32,632 square feet, on the east of Residence 09, building 225, facing Imola Street between Shurleft and Tejas Street, within the boundaries of Napa State Hospital for establishment of an independent living facility for persons who are mentally ill, persons who are handicapped, or persons who have low income. The lease shall be under terms and conditions determined by the director to be in the best interests of the state.

SEC. 6. Section 17580 of the Government Code is repealed.

SEC. 7. Section 24352 of the Government Code is amended to read:

24352. Each officer authorized to receive fees pursuant to this title shall keep, in accordance with the guidelines of the Controller, a monthly record of all fees or compensation and fines of whatever nature, kind, or description, collected or chargeable. The record shall be open to public inspection during office hours.

SEC. 7.5. Section 25332 of the Government Code is amended to read:

25332. (a) The Boards of Supervisors of Butte, Kings, Los Angeles, Merced, Orange, Riverside, San Bernardino, Santa Clara, and Ventura Counties may enter into contracts with private enterprise to provide services that require special experience, education, and training that the county possesses. In addition, the Boards of Supervisors of Butte, Kings, Los Angeles, Merced, Orange, Riverside, San Bernardino, Santa Clara, and Ventura Counties may charge a fee for these optional services and enhanced services provided to the public that require special experience, education, training, or facilities that the county possesses.

These services shall be limited to the production and dissemination of training materials, leasing of training facilities, or provision of

training or consulting services resulting from the special or unique experiences derived from the magnitude, diversity, or distinctive nature of the county's services such as law enforcement, fire protection, public health care, welfare and public social programs, and public works projects, and the acquisition and management of real and personal property.

(b) Prior to entering into a contract pursuant to this section, the board of supervisors shall find, based on evidence in record, that the provision of the special service described in the proposed contract will not adversely impact the provision of similar services by private sector companies or individuals within the county.

(c) This section shall be operative on January 1, 1997.

SEC. 8. Section 25537 of the Government Code is amended to read:

25537. (a) In any county the board of supervisors may prescribe by ordinance a procedure alternative to that required by Sections 25526 to 25535, inclusive, for the leasing or licensing of any real property belonging to, leased by, or licensed by, the county. Any alternative procedure so prescribed shall require that the board of supervisors either accept the highest proposal for the proposed lease or license submitted in response to a call for bids posted in at least three public places for not less than 15 days and published for not less than two weeks in a newspaper of general circulation, if the newspaper is published in the county, or reject all bids.

(b) Leases or licenses of a duration not exceeding 10 years and having an estimated monthly rental of not exceeding five thousand dollars ($5,000) may be excluded from the bidding procedure specified in subdivision (a), except that notice shall be given pursuant to Section 6061, posted in the office of the county clerk, and if the lease or license involves residential property, notice shall be given to the housing sponsors, as defined by Sections 50074 and 50074.5 of the Health and Safety Code. The notice shall describe the property proposed to be leased or licensed, the terms of the lease or license, the location where offers to lease or license the property will be accepted, the location where leases or licenses will be executed, and any county officer authorized to execute the lease or license. If a lease or license is excluded from the bidding procedure, the actual monthly rental in the executed lease or license shall not exceed five thousand dollars ($5,000), the term of the executed lease or license shall not exceed 10 years, and the lease or license is not renewable. The board of supervisors may, by resolution, authorize the county officer or officers as are deemed appropriate, to execute leases or licenses pursuant to this section. The county officer authorized by the board of supervisors to execute licenses pursuant to this section shall provide a notice to the supervisorial district office in which the property proposed to be licensed is located at least five working days prior to execution of the license. The notice shall describe the property proposed to be licensed, the terms and conditions of the

license, and the name of the proposed licensee. If the supervisorial district office has not responded in writing objecting to the proposed license within five working days after the notice has been provided, the proposed license shall be deemed approved by the district office. If the supervisorial district office objects to the proposed license in writing within five working days, the license may be submitted for approval by the board of supervisors at a regular meeting.

(c) Notice pursuant to this section shall also be mailed or delivered at least 15 days prior to accepting offers to lease or license pursuant to this section to any person who has filed a written request for notice with either the clerk of the board or with any other person designated by the board to receive these requests. The county may charge a fee that is reasonably related to the costs of providing this service and the county may require each request to be annually renewed. (2) Except as specified in paragraph (3), for the purposes of this section, an eligible county shall mean a county in which additional property tax revenue allocated to school entities would reduce the amount of General Fund moneys apportioned to school entities. However, eligibility shall be terminated when, in combination with resources in the Educational Revenue Augmentation Fund, additional property tax revenues allocated to school entities will not result in a reduction in the General Fund apportionments.

(3) Notwithstanding paragraph (2), both the County of Solano and the County of San Benito shall be deemed eligible counties that may, upon the recommendation of the county assessor, and by resolution of the board of supervisors of the county adopted on or before March 31, 1996, elect to participate in the State-County Property Tax Administration Program.

(D) County compliance with mandatory audits required by Section 469.

(5) The Director of Finance shall notify the Controller of any participating county that fails to comply with the terms of the agreement, including the repayment of the loan. (c) (1) Funds appropriated for purposes of this section shall be used to enhance the property tax administration system by providing supplemental resources. Amounts provided to any county as a loan pursuant to this section shall not be used to supplant the current level

of funding. In order to participate in the State-County Property Tax Administration Program, a participating county shall maintain a base staffing, including contract staff, and total funding level in the county assessor's office, independent of the loan proceeds provided pursuant to this act, equal to the levels in the 1994–95 fiscal year exclusive of amounts provided to the assessor's office pursuant to Item 9100-102-001 of the Budget Act of 1994. However, in a county in which the 1994–95 funding level for the assessor's office was higher than the 1993–94 level, the 1993–94 fiscal year staffing and funding levels shall be considered the base year for purposes of this section. Commencing with the 1996–97 fiscal year, if a county was otherwise eligible but was unable to participate in this program in the 1995–96 fiscal year because it did not meet the funding level and staffing requirements of this paragraph, that county shall maintain a base staffing, including contract staff, and total funding level in the county assessor's office equal to the levels in the 1995–96 fiscal year.

(2) Prior to the assessor's recommendation for participation in the State-County Property Tax Administration Program, the assessor shall consult with the county tax collector, and any other county agency directly involved in property tax administration, to discuss the needs of the program for the duration of the contractual agreement.

(d) A participating county may establish a tracking system whereby a work or function number is assigned to each appraisal or administrative activity. That system should provide statistical data on the number of production units performed by each employee and the positive and negative change in assessed value attributable to the activities performed by each employee.

(e) Notwithstanding Section 95.3, no amount of funds provided to an eligible county pursuant to this section shall result in any deduction from those property tax administrative costs that are eligible for reimbursement pursuant to Section 95.3.

(f) At the request of the Department of Finance, the board shall assist the Department of Finance in evaluating contracts entered into pursuant to this section.

SEC. 20. Section 8320 of the Streets and Highways Code is amended to read:

(b) The notices required by this chapter shall contain both of the following:

(1) A description of the street, highway, or public service easement proposed to be vacated and a reference to a map or plan, that shows the portion or area to be vacated and includes a statement that the vacation proceeding is conducted under this chapter. In the case of a street or highway, the description shall include its general location, its lawful or official name or the name by which it is commonly known, and the extent to which it is to be vacated. In the case of a public service easement, the description shall identify it with common certainty. The map or plan showing the location of the street, highway, or public easement proposed to be vacated is sufficient compliance with this paragraph.

(2) The date, hour, and place for hearing all persons interested in the proposed vacation. The date shall not be less than 15 days after the initiation of proceedings.

SEC. 21. Section 8322 of the Streets and Highways Code is amended to read:

(b) If the proceeding is conducted by a city and there is no daily, semiweekly, or weekly newspaper published and circulated in the city, the notice shall be published in some newspaper published in the county in which the city is located.

(c) Notice need not be published under this section where there is no daily, semiweekly, or weekly newspaper published and circulating in the county in which the local agency conducting the proceeding is located.

SEC. 22. Section 8323 of the Streets and Highways Code is amended to read:

8323. The notices shall be posted not more than 300 feet apart, but at least three notices shall be posted. If the line of the street, highway, or public service easement proposed to be vacated exceeds one mile in length, the legislative body may, in lieu of posting not more than 300 feet apart, post notices at each intersection of another street or highway with the street, highway, or public service

easement to be vacated and at one point approximately midway between each intersection, but at least three notices shall be posted.

SEC. 23. Section 8324 of the Streets and Highways Code is amended to read:

8324. (a) At the hearing, the legislative body shall hear the evidence offered by persons interested.

(b) If the legislative body finds, from all the evidence submitted, that the street, highway, or public service easement described in the notice of hearing or petition is unnecessary for present or prospective public use, the legislative body may adopt a resolution vacating the street, highway, or public service easement. The resolution of vacation may provide that the vacation occurs only after conditions required by the legislative body have been satisfied and may instruct the clerk that the resolution of vacation not be recorded until the conditions have been satisfied.

(d) Closing particular streets during regular school hours for the purpose of conducting automobile driver training programs in the secondary schools and colleges of this state.

(e) Temporarily closing a portion of any street for celebrations, parades, local special events, and other purposes when, in the opinion of local authorities having jurisdiction or a public officer or employee that the local authority designates by resolution, the closing is necessary for the safety and protection of persons who are to use that portion of the street during the temporary closing.

(f) Prohibiting entry to, or exit from, or both, from any street by means of islands, curbs, traffic barriers, or other roadway design features to implement the circulation element of a general plan

[Approved by Governor September 26, 1998. Filed with Secretary of State September 28, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 21664.5 of the Public Utilities Code is amended to read:

21664.5. (a) An amended airport permit shall be required for every expansion of an existing airport. An applicant for an amended airport permit shall comply with each requirement of this article pertaining to permits for new airports. The department may by regulation provide for exemptions from the operation of this section pursuant to Section 21661, except that no exemption shall be made limiting the applicability of subdivision (e) of Section 21666, pertaining to environmental considerations, including the requirement for public hearings in connection therewith.

(b) As used in this section, "airport expansion" includes any of the following:

(1) The acquisition of runway protection zones, as defined in Federal Aviation Administration Advisory Circular 150/1500-13, or of any interest in land for the purpose of any other expansion as set forth in this section.

(2) The construction of a new runway.

(3) The extension or realignment of an existing runway.

(4) Any other expansion of the airport's physical facilities for the purpose of accomplishing or which are related to the purpose of paragraph (1), (2), or (3).

(c) This section does not apply to any expansion of an existing airport if the expansion commenced on or prior to the effective date of this section and the expansion met the approval, on or prior to that effective date, of each governmental agency that required the approval by law.

SEC. 2. Section 21670.4 of the Public Utilities Code is amended to read:

21670.4. (a) As used in this section, "intercounty airport" means any airport bisected by a county line through its runways, runway protection zones, inner safety zones, inner turning zones, outer safety zones, or sideline safety zones, as defined by the department's Airport Land Use Plan handbook and referenced in the comprehensive land use plan formulated under Section 21675.

(b) It is the purpose of this section to provide the opportunity to establish a separate airport land use commission so that an intercounty airport may be served by a single airport land use planning agency, rather than having to look separately to the airport land use commissions of the affected counties.

(c) In addition to the airport land use commissions created under Section 21670 or the alternatives established under Section 21670.1, for their respective counties, the boards of supervisors and city

selection committees for the affected counties, by independent majority vote of each county's two delegations, for any intercounty airport, may do either of the following:

(1) Establish a single separate airport land use commission for that airport. That commission shall consist of seven members to be selected as follows:

(A) One representing the cities in each of the counties, appointed by that county's city selection committee.

(B) One representing each of the counties, appointed by the board of supervisors of each county.

(C) One from each county having expertise in aviation, appointed by a selection committee comprised of the managers of all the public airports within that county.

(D) One representing the general public, appointed by the other six members of the commission.

(2) In accordance with subdivision (a) or (b) of Section 21670.1, designate an existing appropriate entity as that airport's land use commission.

SEC. 3. Section 21681 of the Public Utilities Code is amended to read:

21681. As used in this article, the following terms have the following meanings:

(a) "Own and operate" means that the public entity shall own the property in fee simple or by a long-term lease of a minimum of 20 years, unless otherwise approved by the department, and shall maintain dominion and control of the property, except that the public entity may provide by contract with a person for the operation and management of an airport otherwise meeting the requirements of this article. Operations of the airport shall be for, and on behalf of, the public entity. All leases to the public entity of property are required to be approved by the department. A lease of the property by the public entity to an agent or agency other than to a public entity does not meet the criteria for participation in airport assistance funds.

(b) "Matching funds" means money that is provided by the public entity and does not consist of funds previously received from state or federal agencies or public entity funds previously used to match federal or state funds. This definition shall be retroactive to July 1, 1967.

(c) "General aviation" means all aviation except air carrier and military aviation.

(d) "Public entity" means any city, county, airport district, airport authority, port district, port authority, public district, public authority, political subdivision, airport land use commission, community services district, or public corporation and the University of California.

(e) "Public agency" means the various agencies of the State of California and the federal government.

(f) "Airport and aviation purposes" means expenditures of a capital improvement nature, including the repair or replacement of a capital improvement, and expenditures for compatible land use planning in the area surrounding an airport, for any of the following purposes:

(1) Land acquisition for development and improvement of general aviation aircraft landing facilities.

(2) Grading and drainage necessary for the construction or reconstruction of runways or taxiways.

(3) Construction or reconstruction of runways or taxiways.

(4) Acquisition of "runway protection zones" as defined in Federal Aviation Administration Advisory Circular 150/1500-13.

(5) Acquisition of easements through, or other interests in, airspace as may be reasonably required for safeguarding aircraft operations in the vicinity of an aircraft landing facility.

(6) Removal of natural obstructions from runway protection zones.

(7) Installation of "segmented circle airport marker systems" as defined in current regulations of the Federal Aviation Administration.

(8) Installation of runway, taxiway, boundary, or obstruction lights, together with directly related electrical equipment.

(9) Installation of minimum security fencing around the perimeter of an aircraft landing facility.

(10) Grading and drainage necessary to provide for parking of transient general aviation aircraft.

(11) Construction or reconstruction of transient general aviation aircraft parking areas.

(12) Servicing of revenue or general obligation bonds issued to finance capital improvements for airport and aviation purposes.

(13) Air navigational facilities.

(14) Engineering and preliminary engineering related directly to a project funded under this article.

(15) Other capital improvements as may be designated in rules and regulations adopted by the department.

(16) Activities of an airport land use commission in connection with the preparation of a new or updated comprehensive land use plan pursuant to Section 21675. Expenditures that cannot be clearly identified as capital improvements shall be submitted to the department for consideration and approval.

(17) Airport master plans and airport layout plans.

(g) "Operation and maintenance" means expenditures for wages or salaries, utilities, service vehicles, and all other noncapital expenditures that are included in insurance, professional services, supplies, construction equipment, upkeep and landscaping, and other items of expenditure designated as "operation and maintenance" in rules and regulations adopted by the department.

(h) "Enplanement" means the boarding of an aircraft by a revenue passenger, including an original, stopover, or transfer boarding of the aircraft. For purposes of this subdivision, a stopover is a deliberate and intentional interruption of a journey by a passenger scheduled to exceed four hours in the case of an intrastate or interstate passenger or not to exceed 24 hours in the case of an international passenger at a point between the point of departure and the point of destination, and a transfer is an occurrence at an intermediate point in an itinerary whereby a passenger or shipment changes from a flight of one carrier to another flight either of the same or a different carrier with or without a stopover.

SEC. 4. Section 99155.1 of the Public Utilities Code is amended to read:

99155.1. (a) There shall be close coordination between local transit providers and county welfare departments in order to ensure that transportation moneys available for purposes of assisting recipients of aid under Chapter 2 (commencing with Section 11200) of Part 3 of Division 9 of the Welfare and Institutions Code are expended efficiently for the benefit of that population.

(1) In areas where public transit service is available, local transit providers shall give priority, in the use of funds allocated under the CalWORKs program and made available by the county, to the enhancement of public transportation services for welfare-to-work purposes.

(2) In areas where public transit services are unavailable, local transit providers shall give priority, in the use of funds allocated under the CalWORKs program and made available by the county, to the enhancement of transportation alternatives, such as, but not limited to, subsidies or vouchers, van pools, and contract paratransit operations, in order to promote welfare-to-work purposes.

(b) In areas where public transit service is available, local transit providers shall consider giving priority in the use of transit funds to the enhancement of public transportation services for welfare-to-work purposes.

SEC. 5. Section 99238.5 of the Public Utilities Code is amended to read:

99238.5. (a) The transportation planning agency shall ensure the establishment and implementation of a citizen participation process appropriate for each county, or counties if operating under a joint powers agreement, utilizing the social services transportation advisory council as a mechanism to solicit the input of transit dependent and transit disadvantaged persons, including the elderly, handicapped, and persons of limited means. The process shall include provisions for at least one public hearing in the jurisdiction represented by the social services transportation advisory council. Hearings shall be scheduled to ensure broad community participation and, if possible, the location of the hearings shall be rotated among the various communities within the advisory council's

jurisdiction. Notice of the hearing, including the date, place, and specific purpose of the hearing shall be given at least 30 days in advance through publication in a newspaper of general circulation. The transportation planning agency shall also send written notification to those persons and organizations which have indicated, through its citizen participation or any other source of information, an interest in the subject of the hearing.

(b) In addition to public hearings, the transportation planning agency shall consider other methods of obtaining public feedback on public transportation needs. Those methods may include, but are not limited to, teleconferencing, questionnaires, telecanvassing, and electronic mail.

SEC. 6. Section 99401.5 of the Public Utilities Code is amended to read:

99401.5. Prior to making any allocation not directly related to public transportation services, specialized transportation services, or facilities provided for the exclusive use of pedestrians and bicycles, the transportation planning agency shall annually do all of the following:

(a) Consult with the social services transportation advisory council established pursuant to Section 99238.

(b) Identify the transit needs of the jurisdiction which have been considered as part of the transportation planning process, including the following:

(1) An annual assessment of the size and location of identifiable groups likely to be transit dependent or transit disadvantaged, including, but not limited to, the elderly, the handicapped, including individuals eligible for paratransit and other special transportation services pursuant to Section 12143 of Title 42 of the United States Code (the federal Americans with Disabilities Act of 1990 (42 U.S.C. Sec. 12101, et seq.)), and persons of limited means, including, but not limited to, recipients under the CalWORKs program.

(2) An analysis of the adequacy of existing public transportation services and specialized transportation services, including privately and publicly provided services necessary to implement the plan prepared pursuant to Section 12143 (c) (7) of Title 42 of the United States Code, in meeting the transit demand identified pursuant to paragraph (1).

(3) An analysis of the potential alternative public transportation and specialized transportation services and service improvements that would meet all or part of the transit demand.

(c) Identify the unmet transit needs of the jurisdiction and those needs that are reasonable to meet. The transportation planning agency shall hold at least one public hearing pursuant to Section 99238.5 for the purpose of soliciting comments on the unmet transit needs that may exist within the jurisdiction and that might be reasonable to meet by establishing or contracting for new public transportation or specialized transportation services or by expanding

existing services. The definition adopted by the transportation planning agency for the terms "unmet transit needs" and "reasonable to meet" shall be documented by resolution or in the minutes of the agency. The fact that an identified transit need cannot be fully met based on available resources shall not be the sole reason for finding that a transit need is not reasonable to meet. An agency's determination of needs that are reasonable to meet shall not be made by comparing unmet transit needs with the need for streets and roads.

(d) Adopt by resolution a finding for the jurisdiction, after consideration of all available information compiled pursuant to subdivisions (a), (b), and (c). The finding shall be that (1) there are no unmet transit needs, (2) there are no unmet transit needs that are reasonable to meet, or (3) there are unmet transit needs, including needs that are reasonable to meet. The resolution shall include information developed pursuant to subdivisions (a), (b), and (c) which provides the basis for the finding.

(e) If the transportation planning agency adopts a finding that there are unmet transit needs, including needs that are reasonable to meet, then the unmet transit needs shall be funded before any allocation is made for streets and roads within the jurisdiction.

SEC. 7. Section 8352.3 of the Revenue and Taxation Code is amended to read:

8352.3. Subject to Sections 8352 and 8352.1, all moneys deposited to the credit of the Motor Vehicle Fuel Account attributable to the distribution of motor vehicle fuel for use or used in propelling an aircraft in the state shall be transferred to the Aeronautics Account in the State Transportation Fund, for allocation as follows:

(a) To pay the refunds authorized by Section 8101.5.

(b) To pay the pro rata cost of the Controller and the board under subdivisions (b), (c), and (d) of Section 8352.1.

(c) To pay for the support of the Department of Transportation, for the administration of the State Aeronautics Act (Division 9 (commencing with Section 21001) of the Public Utilities Code).

(d) Remaining balance to be available for expenditures in accordance with Sections 21602, and 21682 to 21684, inclusive, of the Public Utilities Code.

SEC. 8. Section 73 of the Streets and Highways Code is amended to read:

73. The commission shall relinquish to any county or city any portion of any state highway within the county or city that has been deleted from the state highway system by legislative enactment, and the relinquishment shall become effective upon the first day of the next calendar or fiscal year, whichever first occurs after the effective date of the legislative enactment. It may likewise relinquish any portion of any state highway that has been superseded by relocation. Whenever the department and the county or city concerned have entered into an agreement providing therefor, or the legislative body

of the county or city has adopted a resolution consenting thereto, the commission may relinquish, to that county or city, any frontage or service road or outer highway, within the territorial limits of the county or city, which has a right-of-way of at least 40 feet in width and which has been constructed as a part of a state highway project, but does not constitute a part of the main traveled roadway thereof. The commission may also relinquish, to a county or city within whose territorial limits it is located, any nonmotorized transportation facility, as defined in Section 887, constructed as part of a state highway project if the county or city, as the case may be, has entered into an agreement providing therefor or its legislative body has adopted a resolution consenting thereto.

Relinquishment shall be by resolution. A certified copy of the resolution shall be filed with the board of supervisors or the city clerk, as the case may be. A certified copy of the resolution shall also be recorded in the office of the recorder of the county where the land is located and, upon its recordation, all right, title, and interest of the state in and to that portion of any state highway shall vest in the county or city, as the case may be, and that highway or portion thereof shall thereupon constitute a county road or city street, as the case may be.

The vesting of all right, title, and interest of the state in and to portions of any state highways heretofore relinquished by the commission, in the county or city to which it was relinquished, is hereby confirmed.

Prior to relinquishing any portion of a state highway to a county or a city, except where required by legislative enactment, the department shall give 90 days' notice in writing of intention to relinquish to the board of supervisors, or the city council, as the case may be. Where the resolution of relinquishment contains a recital as to the giving of the notice, adoption of the resolution of relinquishment shall be conclusive evidence that the notice has been given.

The commission shall not relinquish to any county or city any portion of any state highway that has been superseded by relocation until the department has placed the highway, as defined in Section 23, in a state of good repair. This requirement shall not obligate the department for widening, new construction, or major reconstruction, except as the commission may direct. A state of good repair requires maintenance, as defined in Section 27, including litter removal, weed control, and tree and shrub trimming to the time of relinquishment.

Within the 90-day period, the board of supervisors or the city council may protest in writing to the commission stating the reasons therefor, including, but not limited to, objections that the highway is not in a state of good repair, or is not needed for public use and should be vacated by the commission. In the event that the commission does not comply with the requests of the protesting body, it may proceed

with the relinquishment only after a public hearing given to the protesting body on 10 days' written notice.

SEC. 9. Section 163 of the Streets and Highways Code is amended to read:

163. The Legislature, through the enactment of this section, intends to establish a policy for the use of all transportation funds that are available to the state, including the State Highway Account, the Public Transportation Account, and federal funds. The department and the commission shall prepare fund estimates pursuant to Sections 14524 and 14525 of the Government Code based on the following:

(2) This subdivision only applies to a person who is employed by a business, a nonprofit organization, or a state or local public agency.

(b) The special driver certificate shall be issued only to an applicant who has cleared a criminal history background check by the Department of Justice and, if applicable, by the Federal Bureau of Investigation.

(5) The applicant shall pay, in addition to the fees authorized in Section 2427, a fee of twenty-five dollars ($25) for an original certificate and twelve dollars ($12) for the renewal of that certificate to the Department of the California Highway Patrol.

(c) A certificate issued under this section shall not be deemed a certification to operate a particular vehicle that otherwise requires a driver's license or endorsement for a particular class under this code.

(d) On or after March 1, 1998, no person who operates a business or a nonprofit organization or agency shall employ a person who is employed primarily as a driver of a motor vehicle for hire that is used for the transportation of persons with developmental disabilities unless the employed person operates the motor vehicle in compliance with subdivision (a).

(D) An actual demonstration of the applicant's ability to exercise ordinary and reasonable control in operating a motor vehicle by driving it under the supervision of an examining officer. The applicant shall submit to an examination appropriate to the type of motor vehicle or combination of vehicles he or she desires a license to drive, except that the department may waive the driving test part of the examination for any applicant who submits a license issued by another state, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico if the department verifies through any acknowledged national driver record data source that there are no stops, holds, or other impediments to its issuance. The examining officer may request to see evidence of financial responsibility for the vehicle prior to supervising the demonstration of the applicant's ability to operate the vehicle. The examining officer may refuse to examine an applicant who is unable to provide proof of financial responsibility for the vehicle, unless proof of financial responsibility is not required by this code.

(E) A test of the hearing and eyesight of the applicant, and of other matters that may be necessary to determine the applicant's mental and physical fitness to operate a motor vehicle upon the highways, and whether any grounds exist for refusal of a license under this code.

immediate possession, and a copy of the medical examination report from which the certificate was issued is on file with the department. Otherwise, the license shall be valid only for operating class C vehicles that are not commercial vehicles, as defined in subdivision (b) of Section 15210, and for operating class M1 or M2 vehicles, if so endorsed, that are not commercial vehicles, as defined in subdivision (b) of Section 15210.

The certificate may be submitted as evidence of the applicant's skill in the operation of the types of equipment covered by the license for which he or she is applying.

(f) The department may accept a certificate of competence in lieu of a driving test on class M1 or M2 applications, when the certificate is issued by a law enforcement agency for its officers who operate class M1 or M2 vehicles in their duties, if the applicant has met the other examination requirements for the license for which he or she is applying.

(g) The department may accept a certificate of satisfactory completion of a novice motorcyclist training program approved by the commissioner pursuant to Section 2932 in lieu of a driving test on class M1 or M2 applications, if the applicant has met the other examination requirements for the license for which he or she is applying. The department shall review and approve the written and driving test used by a program to determine whether the program may issue a certificate of completion.

(h) Notwithstanding subdivision (b), any person holding a valid California driver's license of any class may operate a short-term rental motorized bicycle without taking any special examination for the operation of a motorized bicycle, and without having a class M2 endorsement on that license. As used in this paragraph, "short-term" means 48 hours or less.

(i) No person under the age of 21 years shall be issued a class M1 or M2 license or endorsement unless he or she provides evidence satisfactory to the department of completion of a motorcycle safety training program that is operated pursuant to Article 2 (commencing with Section 2930) of Chapter 5 of Division 2.

(j) Drivers of vanpool vehicles may operate with class C licenses but shall possess evidence of a medical examination required for a

class B license when operating vanpool vehicles. In order to be eligible to drive the vanpool vehicle, the driver shall keep in the vanpool vehicle a statement, signed under penalty of perjury, that he or she has not been convicted of reckless driving, drunk driving, or a hit and run offense in the last five years.

The examining officer may request to see evidence of financial responsibility for the vehicle prior to supervising the demonstration of the applicant's ability to operate the vehicle. The examining officer may refuse to examine an applicant who is unable to provide proof of financial responsibility for the vehicle, unless proof of financial responsibility is not required by this code.

(E) A test of the hearing and eyesight of the applicant, and of other matters that may be necessary to determine the applicant's mental and physical fitness to operate a motor vehicle upon the highways, and whether any grounds exist for refusal of a license under this code.

(2) The examination for a class A or class B license under subdivision (b) shall also include a report of a medical examination

of the applicant given not more than two years prior to the date of the application by a health care professional. The department shall not stay an action when there is reasonable cause to believe the stay would pose a significant risk to the safety of pupils being transported in a schoolbus, school pupil activity bus, youth bus, or persons being transported in a general public paratransit vehicle.

(2) An applicant or driver is not entitled to a hearing whenever the action by the department is made mandatory by this article or any other applicable law or regulation except where the cause for denial is based on failure to meet medical standards or excessive and habitual use of or addiction to alcoholic beverages, narcotics, or dangerous drugs.

(b) The department shall appoint a hearing officer to conduct the hearing in accordance with Section 14112. After the hearing, the

hearing officer shall prepare and submit findings and recommendations to the department.

(c) The department shall mail, as specified in Section 22, a copy of the hearing officer's findings and recommendations to the driver or applicant and to the driver or applicant's hearing representative, either of whom may file a statement of exception to the findings and recommendations within 24 days after the mailing date.

(d) (1) The Certificate Action Review Board consists of the following three members: a chairperson appointed by the director of the department, a member appointed by the Commissioner of the California Highway Patrol, and a member appointed by the Superintendent of Public Instruction.

(2) After a hearing, the board shall review the findings and recommendations of the hearing officer, and any statement of exception, and make a decision concerning disposition of the action taken by the department, which decision shall be final. At this stage, no evidence shall be heard that was not presented at the hearing, unless the person wishing to present the new evidence establishes, to the satisfaction of the board, that it could not have been obtained with due diligence prior to the hearing.

(b) Except as provided in subdivision (c), the department shall remit all amounts collected pursuant to subdivision (a), after deducting the administrative fee authorized in subdivision (c), to each jurisdiction in the amounts due to each jurisdiction according to its notices filed with the department. Within 45 days from the time payment is received by the department, the department shall inform each jurisdiction which of its notices of failure to appear or failure to pay have been discharged.

(c) The department shall assess a fee for posting the bail on each notice of failure to appear or failure to pay which is given to the department pursuant to Section 40509 or 40509.5, in an amount, as determined by the department, that is sufficient to provide a sum equal to its actual costs of administering this section, not to exceed one dollar ($1) per notice. The fees shall be assessed to each jurisdiction on a regular basis by deducting the amount due to the department pursuant to this subdivision from the bails and fines collected pursuant to subdivision (a), prior to remitting the balance to each jurisdiction pursuant to subdivision (b).

(d) Except as provided in subdivision (e) of Section 13364, if bail is collected under this section for the violation of any provisions of this

code, the person shall be deemed to be convicted of those sections violated.

(e) Any amounts collected by the department under this section are nonrefundable by the department.

(f) Notwithstanding Section 42003, payment of bail to the department in accordance with this section shall be paid in full and not in installments.

SEC. 67. Section 27315 of the Vehicle Code is amended to read:

27315. (a) The Legislature finds that a mandatory seatbelt law will contribute to reducing highway deaths and injuries by encouraging greater usage of existing manual seatbelts, that automatic crash protection systems which require no action by vehicle occupants offer the best hope of reducing deaths and injuries, and that encouraging the use of manual safety belts is only a partial remedy for addressing this major cause of death and injury. The Legislature declares that the enactment of this section is intended to be compatible with support for federal safety standards requiring automatic crash protection systems and should not be used in any manner to rescind federal requirements for installation of automatic restraints in new cars.

(b) This section shall be known and may be cited as the Motor Vehicle Safety Act.

(c) As used in this section, "motor vehicle" means any passenger vehicle or any motortruck or truck tractor, but does not include a motorcycle.

(d) (1) No person shall operate a motor vehicle on a highway unless that person and all passengers 16 years of age or over are properly restrained by a safety belt. This paragraph does not apply to the operator of a taxicab, as defined in Section 27908, when the taxicab is driven on a city street. The safety belt requirement established by this paragraph is the minimum safety standard applicable to employees being transported in a motor vehicle. This paragraph does not preempt any more stringent or restrictive standards imposed by the Labor Code or any other state or federal regulation regarding the transportation of employees in a motor vehicle.

(2) The operator of a limousine for hire or the operator of an authorized emergency vehicle, as defined in subdivision (a) of Section 165, shall not operate the limousine for hire or authorized emergency vehicle unless the operator and any passengers four years of age or over and weighing 40 pounds or more, in the front seat are properly restrained by a safety belt.

(3) The operator of a taxicab shall not operate the taxicab unless any passengers four years of age or over and weighing 40 pounds or more, in the front seat are properly restrained by a safety belt.

(e) No person 16 years of age or over shall be a passenger in a motor vehicle on a highway unless that person is properly restrained by a safety belt. This subdivision does not apply to a passenger in a sleeper berth, as defined in subdivision (v) of Section 1201 of Title 13 of the California Code of Regulations.

(f) Every owner of a motor vehicle, including every owner or operator of a taxicab, as defined in Section 27908, or a limousine for hire, operated on a highway shall maintain safety belts in good working order for the use of occupants of the vehicle. The safety belts shall conform to motor vehicle safety standards established by the United States Department of Transportation. This subdivision does not, however, require installation or maintenance of safety belts where not required by the laws of the United States applicable to the vehicle at the time of its initial sale.

(g) This section does not apply to a passenger or operator with a physically disabling condition or medical condition which would prevent appropriate restraint in a safety belt, if the condition is duly certified by a licensed physician and surgeon or by a licensed chiropractor who shall state the nature of the condition, as well as the reason the restraint is inappropriate. This section also does not apply to a public employee, when in an authorized emergency vehicle as defined in paragraph (1) of subdivision (b) of Section 165, or to any passenger in any seat behind the front seat of an authorized emergency vehicle as defined in paragraph (1) of subdivision (b) of Section 165 operated by the public employee, unless required by the agency employing the public employee.

(h) Notwithstanding subdivision (a) of Section 42001, any violation of subdivision (d), (e), or (f) is an infraction punishable by a fine, including all penalty assessments and court costs imposed on the convicted person, of not more than twenty dollars ($20) for a first offense, and a fine, including all penalty assessments and court costs imposed on the convicted person, of not more than fifty dollars ($50) for each subsequent offense. In lieu of the fine and any penalty assessment or court costs, the court, pursuant to Section 42005, may order that a person convicted of a first offense attend a school for traffic violators or a driving school in which the proper use of safety belts is demonstrated.

(i) For any violation of subdivision (d), (e), or (f), in addition to the fines provided for pursuant to subdivision (h) and the penalty assessments provided for pursuant to Section 1464 of the Penal Code, an additional penalty assessment of two dollars ($2) shall be levied for any first offense, and an additional penalty assessment of five dollars ($5) shall be levied for any subsequent offense.

All moneys collected pursuant to this subdivision shall be utilized in accordance with Section 1464 of the Penal Code.

(j) In any civil action, a violation of subdivision (d), (e), or (f) or information of a violation of subdivision (h) shall not establish negligence as a matter of law or negligence per se for comparative fault purposes, but negligence may be proven as a fact without regard to the violation.

(k) If the United States Secretary of Transportation fails to adopt safety standards for manual safety belt systems by September 1, 1989, no motor vehicle manufactured after that date for sale or sold in this state shall be registered unless it contains a manual safety belt system which meets the performance standards applicable to automatic crash protection devices adopted by the Secretary of Transportation pursuant to Federal Motor Vehicle Safety Standard No. 208 (49 C.F.R. 571.208) as in effect on January 1, 1985.

(*l*) Each motor vehicle offered for original sale in this state which has been manufactured on or after September 1, 1989, shall comply with the automatic restraint requirements of Section S4.1.2.1 of Federal Motor Vehicle Safety Standard No. 208 (49 C.F.R. 571.208), as published in Volume 49 of the Federal Register, No. 138, page 29009. Any automobile manufacturer who sells or delivers a motor vehicle subject to the requirements of this subdivision, and fails to comply with this subdivision, shall be punished by a fine of not more than five hundred dollars ($500) for each sale or delivery of a noncomplying motor vehicle.

(m) Compliance with subdivision (k) or (*l*) by a manufacturer shall be made by self-certification in the same manner as self-certification is accomplished under federal law.

(n) This section does not apply to a person actually engaged in delivery of newspapers to customers along the person's route if the person is properly restrained by a safety belt prior to commencing and subsequent to completing delivery on the route.

(o) This section does not apply to a person actually engaged in collection and delivery activities as a rural delivery carrier for the United States Postal Service if the person is properly restrained by a safety belt prior to stopping at the first box and subsequent to stopping at the last box on the route.

(p) This section does not apply to a driver actually engaged in the collection of solid waste or recyclable materials along that driver's collection route if the driver is properly restrained by a safety belt prior to commencing and subsequent to completing the collection route.

(q) Subdivisions (d), (e), (f), (g), and (h) shall become inoperative immediately upon the date that the United States Secretary of Transportation, or his or her delegate, determines to rescind the portion of the Federal Motor Vehicle Safety Standard No. 208 (49 C.F.R. 571.208) which requires the installation of automatic restraints in new motor vehicles, except that those subdivisions shall not become inoperative if the secretary's decision to rescind that

Standard No. 208 is not based, in any respect, on the enactment or continued operation of those subdivisions.

SEC. 67.5. Section 27315 of the Vehicle Code is amended to read:

27315. (a) The Legislature finds that a mandatory seatbelt law will contribute to reducing highway deaths and injuries by encouraging greater usage of existing manual seatbelts, that automatic crash protection systems which require no action by vehicle occupants offer the best hope of reducing deaths and injuries, and that encouraging the use of manual safety belts is only a partial remedy for addressing this major cause of death and injury. The Legislature declares that the enactment of this section is intended to be compatible with support for federal safety standards requiring automatic crash protection systems and should not be used in any manner to rescind federal requirements for installation of automatic restraints in new cars.

(b) This section shall be known and may be cited as the Motor Vehicle Safety Act.

(c) As used in this section, "motor vehicle" means any passenger vehicle or any motortruck or truck tractor, but does not include a motorcycle.

(d) (1) No person shall operate a motor vehicle on a highway unless that person and all passengers 16 years of age or over are properly restrained by a safety belt. This paragraph does not apply to the operator of a taxicab, as defined in Section 27908, when the taxicab is driven on a city street and is engaged in the transportation of a fare-paying passenger. The safety belt requirement established by this paragraph is the minimum safety standard applicable to employees being transported in a motor vehicle. This paragraph does not preempt any more stringent or restrictive standards imposed by the Labor Code or any other state or federal regulation regarding the transportation of employees in a motor vehicle.

(2) The operator of a limousine for hire or the operator of an authorized emergency vehicle, as defined in subdivision (a) of Section 165, shall not operate the limousine for hire or authorized emergency vehicle unless the operator and any passengers four years of age or over and weighing 40 pounds or more, in the front seat are properly restrained by a safety belt.

(3) The operator of a taxicab shall not operate the taxicab unless any passengers four years of age or over and weighing 40 pounds or more, in the front seat are properly restrained by a safety belt.

(e) No person 16 years of age or over shall be a passenger in a motor vehicle on a highway unless that person is properly restrained by a safety belt. (f) Every owner of a motor vehicle, including every owner or operator of a taxicab, as defined in Section 27908, or a limousine for hire, operated on a highway shall maintain safety belts in good

working order for the use of occupants of the vehicle. The safety belts shall conform to motor vehicle safety standards established by the United States Department of Transportation. This subdivision does not, however, require installation or maintenance of safety belts where not required by the laws of the United States applicable to the vehicle at the time of its initial sale.

(g) This section does not apply to a passenger or operator with a physically disabling condition or medical condition which would prevent appropriate restraint in a safety belt, if the condition is duly certified by a licensed physician and surgeon or by a licensed chiropractor who shall state the nature of the condition, as well as the reason the restraint is inappropriate. This section also does not apply to a public employee, when in an authorized emergency vehicle as defined in paragraph (1) of subdivision (b) of Section 165, or to any passenger in any seat behind the front seat of an authorized emergency vehicle as defined in paragraph (1) of subdivision (b) of Section 165 operated by the public employee, unless required by the agency employing the public employee.

(h) Notwithstanding subdivision (a) of Section 42001, any violation of subdivision (d), (e), or (f) is an infraction punishable by a fine, including all penalty assessments and court costs imposed on the convicted person, of not more than twenty dollars ($20) for a first offense, and a fine, including all penalty assessments and court costs imposed on the convicted person, of not more than fifty dollars ($50) for each subsequent offense. In lieu of the fine and any penalty assessment or court costs, the court, pursuant to Section 42005, may order that a person convicted of a first offense attend a school for traffic violators or a driving school in which the proper use of safety belts is demonstrated.

(i) For any violation of subdivision (d), (e), or (f), in addition to the fines provided for pursuant to subdivision (h) and the penalty assessments provided for pursuant to Section 1464 of the Penal Code, an additional penalty assessment of two dollars ($2) shall be levied for any first offense, and an additional penalty assessment of five dollars ($5) shall be levied for any subsequent offense.

All moneys collected pursuant to this subdivision shall be utilized in accordance with Section 1464 of the Penal Code.

(j) In any civil action, a violation of subdivision (d), (e), or (f) or information of a violation of subdivision (h) shall not establish negligence as a matter of law or negligence per se for comparative fault purposes, but negligence may be proven as a fact without regard to the violation.

(k) If the United States Secretary of Transportation fails to adopt safety standards for manual safety belt systems by September 1, 1989, no motor vehicle manufactured after that date for sale or sold in this state shall be registered unless it contains a manual safety belt system which meets the performance standards applicable to automatic crash protection devices adopted by the Secretary of Transportation

pursuant to Federal Motor Vehicle Safety Standard No. 208 (49 C.F.R. 571.208) as in effect on January 1, 1985.

(*l*) Each motor vehicle offered for original sale in this state which has been manufactured on or after September 1, 1989, shall comply with the automatic restraint requirements of Section S4.1.2.1 of Federal Motor Vehicle Safety Standard No. 208 (49 C.F.R. 571.208), as published in Volume 49 of the Federal Register, No. 138, page 29009. Any automobile manufacturer who sells or delivers a motor vehicle subject to the requirements of this subdivision, and fails to comply with this subdivision, shall be punished by a fine of not more than five hundred dollars ($500) for each sale or delivery of a noncomplying motor vehicle.

The listing shall specify the number of vehicles of each type at each terminal.

(C) The carrier provides to the department at the designated terminal during the inspection all maintenance records and driver records and a representative sample of vehicles based at each of the terminals included within the combination of terminals.

(2) If the carrier fails to provide the maintenance records, driver records, and representative sample of vehicles pursuant to subparagraph (C) of paragraph (1), the department shall assign the carrier an unsatisfactory terminal rating and require a reinspection to be conducted pursuant to subdivision (h).

(3) For purposes of this subdivision, the following terms have the meanings given:

(c) Each motor carrier who, in this state, directs the operation of, or maintains, any vehicle of a type described in subdivision (a) shall designate one or more terminals, as defined in Section 34515, in this state where vehicles can be inspected by the department pursuant to paragraph (3) of subdivision (a) of Section 34501 and where vehicle inspection and maintenance records and driver records will be made available for inspection.

(d) The department shall inspect, at least every 25 months, every terminal, as defined in Section 34515, of any motor carrier who, at any time, operates any vehicle described in subdivision (a).

As used in this section and in Sections 34505.5 and 34505.6, subdivision (f) of Section 34500 includes only those combinations where the gross vehicle weight rating (GVWR) of the towing vehicle exceeds 10,000 pounds, but does not include a pickup truck, and subdivision (g) of Section 34500 includes only those vehicles transporting hazardous material for which the display of placards is required pursuant to Section 27903, a license is required pursuant to Section 32000.5, or for which hazardous waste transporter registration is required pursuant to Section 25163 of the Health and Safety Code. Historical vehicles, as described in Section 5004, vehicles which display special identification plates in accordance with Section 5011, implements of husbandry and farm vehicles, as defined in Chapter 1 (commencing with Section 36000) of Division 16, and vehicles owned or operated by an agency of the federal government are not subject to this section or to Sections 34505.5 and 34505.6.

(e) (1) It is the responsibility of the motor carrier to schedule with the department the inspection required by subdivision (d). The motor carrier shall submit an application form supplied by the department, accompanied by the required fee. The fee, which is nonrefundable, is four hundred dollars ($400) per terminal, except in the case of an owner-operator, as defined in Section 3557 of the Public Utilities Code, or a nonregulated motor carrier who owns,

leases, or otherwise operates not more than one heavy power unit and not more than three towed vehicles described in subdivision (a), (b), (e), (f), or (g) of Section 34500, for which the fee shall be one hundred dollars ($100). Federal, state, and local public entities are exempt from the fee requirements of this section.

(2) Except as provided in paragraph (4), the inspection term for each inspected terminal of a motor carrier shall expire 25 months from the date the terminal receives a satisfactory compliance rating, as specified in subdivision (h). Applications and fees for subsequent inspections shall be submitted not earlier than nine months and not later than seven months before the expiration of the motor carrier's then current inspection term. If the motor carrier has submitted the inspection application and the required accompanying fees, but the department is unable to complete the inspection within the 25-month inspection period, then no additional fee shall be required for the inspection requested in the original application.

(3) All fees collected pursuant to this subdivision shall be deposited in the Motor Vehicle Account in the State Transportation Fund. An amount equal to the fees collected shall be available for appropriation by the Legislature from the Motor Vehicle Account to the department for the purpose of conducting truck terminal inspections and for the additional roadside safety inspections required by Section 34514.

(4) To avoid the scheduling of a renewal terminal inspection pursuant to this section during a carrier's seasonal peak business periods, the current inspection term of a terminal that has paid all required fees and has been rated satisfactory in its last inspection may be reduced by not more than nine months if a written request is submitted by the carrier to the department at least four months prior to the desired inspection month, or at the time of payment of renewal inspection fees in compliance with paragraph (2), whichever date is earlier. A motor carrier may request this adjustment of the inspection term during any inspection cycle. A request made pursuant to this paragraph shall not result in a fee proration and does not relieve the carrier from the requirements of paragraph (2).

(f) It is unlawful for a motor carrier to operate any vehicle subject to this section without having submitted an inspection application and the required fees to the department as required by subdivision (e) or (h).

(g) It is unlawful for any motor carrier to operate any vehicle subject to this section after submitting an inspection application to the department, without the inspection described in subdivision (d) having been performed and a safety compliance report having been issued to the motor carrier within the 25-month inspection period or within 60 days immediately preceding the inspection period.

(h) (1) Any inspected terminal that receives an unsatisfactory compliance rating shall be reinspected within 120 days after the issuance of the unsatisfactory compliance rating.

(2) A terminal's first required reinspection under this subdivision shall be without charge unless one or more of the following is established:

(A) The motor carrier's operation presented an imminent danger to public safety.

(B) The motor carrier was not in compliance with the requirement to enroll all drivers in the pull notice program pursuant to Section 1808.1.

(C) The motor carrier failed to provide all required records and vehicles for a consolidated inspection pursuant to subdivision (b).

(3) If the unsatisfactory rating was assigned for any of the reasons set forth in paragraph (2), the carrier shall submit the required fee as provided in paragraph (4).

(4) Applications for reinspection pursuant to paragraph (3) or for second and subsequent consecutive reinspections under this subdivision shall be accompanied by the fee specified in paragraph (1) of subdivision (e) and shall be filed within 60 days of issuance of the unsatisfactory compliance rating. The reinspection fee is nonrefundable.

(5) When a motor carrier's Motor Carrier of Property Permit or Public Utilities Commission operating authority is suspended as a result of an unsatisfactory compliance rating, the department shall conduct no reinspection until requested to do so by the Department of Motor Vehicles or the Public Utilities Commission, as appropriate.

(i) It is the intent of the Legislature that the department make its best efforts to inspect terminals within the resources provided. In the interest of the state, the Commissioner of the California Highway Patrol may extend for a period not to exceed six months the inspection terms beginning prior to July 1, 1990.

(j) To encourage truck terminal operators to attain continuous satisfactory compliance ratings, the department may establish and implement an incentive program consisting of the following:

(1) After the second consecutive satisfactory compliance rating assigned as a result of an inspection conducted pursuant to subdivision (d), and after each consecutive satisfactory compliance rating thereafter, an appropriate certificate, denoting the number of consecutive satisfactory ratings, shall be awarded to the terminal, unless the terminal has received an unsatisfactory compliance rating as a result of any inspection conducted in the interim between the consecutive inspections conducted under subdivision (d). The certificate authorized under this paragraph shall not be awarded for performance in the administrative review authorized under paragraph (2). However, the certificate shall include a reference to any administrative reviews conducted during the period of consecutive satisfactory ratings.

(2) Unless the department's evaluation of the motor carrier's safety record indicates a declining level of compliance, a terminal that has attained two consecutive satisfactory compliance ratings

assigned following inspections conducted pursuant to subdivision (d) is eligible for an administrative review in lieu of the next required inspection, unless the terminal has received an unsatisfactory compliance rating as a result of any inspection conducted in the interim between the consecutive inspections conducted under subdivision (d). An administrative review shall consist of all of the following:

(A) A signed request by a terminal management representative requesting the administrative review in lieu of the required inspection containing a promise to continue to maintain a satisfactory level of compliance for the next 25-month inspection term.

(B) A review with a terminal management representative of the carrier's record as contained in the department's files. If a terminal has been authorized a second consecutive administrative review, the review required under this subparagraph is optional, and may be omitted at the carrier's request.

(C) Absent any cogent reasons to the contrary, upon completion of subparagraphs (A) and (B), the safety compliance rating assigned during the last required inspection shall be extended for 25 months.

(3) Not more than two administrative reviews may be conducted consecutively. At the completion of the 25-month inspection term following a second administrative review, a terminal inspection shall be conducted pursuant to subdivision (d). If this inspection results in a satisfactory compliance rating, the terminal shall again be eligible for an administrative review in lieu of the next required inspection. If the succession of satisfactory ratings is interrupted by any rating of other than satisfactory, irrespective of the reason for the inspection, the terminal shall again attain two consecutive satisfactory ratings to become eligible for an administrative review.

(4) As a condition for receiving the administrative reviews authorized under this subdivision in lieu of inspections, and in order to ensure that compliance levels remain satisfactory, the motor carrier shall agree to accept random, unannounced inspections by the department.

125.7. (a) If the affidavits in support of the petition show that the licensee has engaged or is about to engage in acts or omissions constituting a violation of a chapter of this code and if the court is satisfied that permitting the licensee to continue to engage in the business or profession for which the license was issued will endanger the public health, safety, or welfare, the court may issue an order temporarily restraining the licensee from engaging in the profession for which he or she is licensed.

However, if the licensee requests a hearing on the accusation, the board shall provide the licensee with a hearing within 30 days of the request and a decision within 15 days of the date the decision is received from the administrative law judge, or the court may nullify the restraining order previously issued. Any restraining order issued pursuant to this section shall be dissolved by operation of law at the time the board's decision is subject to judicial review pursuant to Section 1094.5 of the Code of Civil Procedure.

2242. (a) Prescribing, dispensing, or furnishing dangerous drugs as defined in Section 4022 without a good faith prior examination and medical indication therefor, constitutes unprofessional conduct.

(b) No licensee shall be found to have committed unprofessional conduct within the meaning of this section if, at the time the drugs were prescribed, dispensed, or furnished, any of the following applies:

(1) The licensee was a designated physician and surgeon or podiatrist serving in the absence of the patient's physician and surgeon or podiatrist, as the case may be, provided such drugs were prescribed, dispensed, or furnished only as necessary to maintain the patient until the return of his or her practitioner, but in any case no longer than 72 hours.

(2) The licensee transmitted the order for such drugs to a registered nurse or to a licensed vocational nurse in an inpatient

facility (A) if such practitioner had consulted with such registered nurse or licensed vocational nurse who had reviewed the patient's records and (B) if such practitioner was designated as the practitioner to serve in the absence of the patient's physician and surgeon or podiatrist, as the case may be.

(3) The licensee was a designated practitioner serving in the absence of the patient's physician and surgeon or podiatrist, as the case may be, and was in possession of or had utilized the patient's records and ordered the renewal of a medically indicated prescription for an amount not exceeding the original prescription in strength or amount or for more than one refilling.

SEC. 12. Section 2350 of the Business and Professions Code is amended to read:

2350. (a) The division shall establish criteria for the acceptance, denial, or termination of physicians and surgeons in a diversion program. Only those physicians and surgeons who have voluntarily requested diversion treatment and supervision by a committee shall participate in a program.

(b) A physician and surgeon under current investigation by the division may request entry into the diversion program by contacting the Chief or Deputy Chief of Enforcement of the Medical Board of California. The Chief or Deputy Chief of Enforcement of the Medical Board of California shall refer the physician and surgeon who requests participation in the diversion program to a committee for evaluation of eligibility, even if the physician and surgeon is currently under investigation by the division, as long as the investigation is based primarily on the self-administration of drugs or alcohol under Section 2239, or the illegal possession, prescription, or nonviolent procurement of drugs for self-administration, and does not involve actual harm to the public or his or her patients. Prior to referring a physician and surgeon to the diversion program, the division may require any physician and surgeon who requests participation under those circumstances, or where there are other violations, to execute a statement of understanding wherein the physician and surgeon agrees that violations of this chapter, or other statutes that would otherwise be the basis for discipline, may nevertheless be prosecuted should the physician and surgeon be terminated from the program for failure to comply with program requirements.

(c) Neither acceptance into nor participation in the diversion program shall preclude the division from investigating or continuing to investigate any physician and surgeon for any unprofessional conduct committed before, during, or after participation in the diversion program.

(d) Neither acceptance into nor participation in the diversion program shall preclude the division from taking disciplinary action or continuing to take disciplinary action against any physician and surgeon for any unprofessional conduct committed before, during, or after participation in the diversion program, except for that conduct

which resulted in the physician and surgeon's referral to the diversion program.

(e) Any physician and surgeon terminated from the diversion program for failure to comply with program requirements is subject to disciplinary action by the division for acts committed before, during, and after participation in the diversion program. The division shall not be precluded from taking disciplinary action for violations identified in the statement of understanding described in subdivision (b) if a physician and surgeon is terminated from the diversion program for failure to comply with program requirements. The termination of a physician and surgeon who has been referred to the diversion program pursuant to subdivision (b) shall be reported by the committee to the division.

(f) Nothing in this section shall preclude a physician and surgeon who is not the subject of a current investigation from self-referring to the diversion program on a confidential basis. Subdivision (b) shall not apply to a physician and surgeon who applies for the diversion program in accordance with this subdivision.

(g) Any physician and surgeon who successfully completes the diversion program shall not be subject to any disciplinary actions by the board for any alleged violation that resulted in referral to the diversion program. Successful completion shall be determined by the committee but shall include, at a minimum, two years during which the physician and surgeon has remained free from the use of drugs or alcohol and adopted a lifestyle to maintain a state of sobriety.

(h) The division shall establish criteria for the selection of administrative physicians and surgeons who shall examine physicians and surgeons requesting diversion under a program. Any reports made under this article by the administrative physician and surgeon shall constitute an exception to Section 2263 and to Sections 994 and 995 of the Evidence Code.

(i) The division shall require biannual reports from each committee which shall include, but not be limited to, information concerning the number of cases accepted, denied, or terminated with compliance or noncompliance, and a cost analysis of the program. The Bureau of Medical Statistics may assist the committees in the preparation of the reports.

(j) Each physician and surgeon shall sign an agreement that diversion records may be used in disciplinary or criminal proceedings if the physician and surgeon is terminated from the diversion program and one of the following conditions exists:

(1) His or her participation in the diversion program is a condition of probation.

(2) He or she has disciplinary action pending or was under investigation at the time of entering the diversion program.

(3) A diversion evaluation committee determines that he or she presents a threat to the public health or safety.

This agreement shall also authorize the diversion program to exchange information about the physician and surgeon's recovery with a hospital well-being committee or monitor and with the board's licensing program, where appropriate, and to acknowledge, with the physician and surgeon's approval, that he or she is participating in the diversion program. Nothing in this section shall be construed to allow release of alcohol or drug treatment records in violation of federal or state law.

SEC. 13. Section 2355 of the Business and Professions Code is amended to read:

2355. (a) After a committee in its discretion has determined that a physician and surgeon has been rehabilitated and the diversion program is completed, the committee shall purge and destroy all treatment records pertaining to the physician's and surgeon's participation in a diversion program, except as otherwise provided in this section. Notwithstanding Section 156.1, the board shall retain any other information and records that it specifies by regulation.

(b) Except as otherwise provided by Section 2350, all board and committee records and records of proceedings pertaining to the treatment of a physician and surgeon in a program shall be kept confidential and are not subject to discovery or subpoena.

3512. Except as provided in Sections 159.5 and 2020, the committee shall employ within the limits of the Physician Assistant Fund all personnel necessary to carry out the provisions of this chapter including an executive officer who shall be exempt from civil service. The board and committee shall make all necessary expenditures to carry out the provisions of this chapter from the funds established by Section 3520. The committee may accept contributions to effect the purposes of this chapter.

SEC. 15. Section 3516.5 of the Business and Professions Code is amended to read:

3516.5. (a) Notwithstanding any other provision of law and in accordance with regulations established by the board, the director of emergency care services in a hospital with an approved program for the training of emergency care physician assistants, may apply to the board for authorization under which such director may grant approval for emergency care physicians on the staff of such hospital to supervise emergency care physician assistants.

(b) The application shall encompass all supervising physicians employed in such service.

(c) Nothing in this section shall be construed to authorize any one emergency care physician while on duty to supervise more than two physician assistants at any one time.

(d) A violation of this section by the director of emergency care services in a hospital with an approved program for the training of emergency care physician assistants constitutes unprofessional

conduct within the meaning of Chapter 5 (commencing with Section 2000) of Division 2.

(e) Any violation of this section shall be grounds for suspension of the approval of the director or disciplinary action against the director or suspension of the approved program under Section 3527.

SEC. 16. Section 3517 of the Business and Professions Code is amended to read:

3517. The committee shall require a written examination of physician assistants in the manner and under the rules and regulations as it shall prescribe, but the examination shall be conducted in that manner as to ensure that the identity of each applicant taking the examination will be unknown to all of the examiners until all examination papers have been graded. Except as otherwise provided in this chapter, or by regulation, no physician assistant applicant shall receive approval under this chapter without first successfully passing an examination given under the direction of the committee.

Examinations for licensure as a physician assistant may be required by the committee under a uniform examination system, and for that purpose the committee may make those arrangements with organizations furnishing examination material as may, in its discretion, be desirable. The committee shall, however, establish a passing score for each examination. The licensure examination for physician assistants shall be held by the committee at least once a year with such additional examinations as the committee deems necessary. The time and place of examination shall be fixed by the committee.

The committee may grant interim approval to an applicant for licensure as a physician assistant.

Every applicant who has complied with Section 3519, subdivision (a), who has filed an application with the committee may, between the date of receipt of notice that the application is on file and the date of receipt of his or her license, practice as a physician assistant on interim approval under the supervision of an approved physician. Applicants shall notify the committee in writing of any and all supervising physicians under whom they will be performing services prior to practicing under interim approval. If the applicant shall fail to take the next succeeding licensure examination or fails to pass the examination or fails to receive a license, all privileges under this section shall automatically cease upon written notification sent to the applicant by the committee.

In the event the licensure examination required by the committee is under a uniform examination system, the applicant shall provide evidence satisfactory to the committee (a) that an application has been filed and accepted for the examination and (b) that the organization administering the examination has been requested to transmit the applicant's scores to the committee in order for the applicant to maintain interim approval. The applicant shall be

deemed to have failed the examination unless the applicant provides evidence to the committee within 30 days after scores have been released that he or she has passed the examination.

SEC. 17. Section 3519 of the Business and Professions Code is amended to read:

Within 10 days after the beginning of each calendar month the board shall report to the Controller the amount and source of all collections made under this chapter and at the same time pay all those sums into the State Treasury, where they shall be credited to the Physician Assistant Fund, which fund is hereby created. All money in the fund is continuously appropriated to carry out the purpose of this chapter.

3523. All physician assistant licenses shall expire at 12 midnight of the last day of the birth month of the licensee during the second year of a two-year term if not renewed.

The committee shall establish by regulation procedures for the administration of a birthdate renewal program, including, but not limited to, the establishment of a system of staggered license expiration dates and a pro rata formula for the payment of renewal fees by physician assistants affected by the implementation of the program.

To renew an unexpired license, the licensee shall, on or before the date of expiration of the license, apply for renewal on a form provided by the committee, accompanied by the prescribed renewal fee.

SEC. 21. Section 3524 of the Business and Professions Code is amended to read:

3524. A license or approval which has expired may be renewed at any time within five years after its expiration by filing an application for renewal on a form prescribed by the committee or board, as the case may be, and payment of the renewal fee in effect on the preceding regular renewal date. If the license or approval is not renewed within 30 days after its expiration, the licensed physician assistant and approved supervising physician, as a condition precedent to renewal, shall also pay the prescribed delinquency fee, if any. Renewal under this section shall be effective on the date on which the application is filed, on the date on which the renewal fee is paid, or on the date on which the delinquency fee, if any, is paid, whichever occurs last. If so renewed, the license shall continue in effect through the expiration date provided in Section 3522 or 3523 which next occurs after the effective date of the renewal, when it shall expire, if it is not again renewed.

SEC. 22. Section 3526 of the Business and Professions Code is amended to read:

3526. A person who fails to renew his or her license or approval within five years after its expiration may not renew it, and it may not be reissued, reinstated, or restored thereafter, but that person may apply for and obtain a new license or approval if he or she:

(a) Has not committed any acts or crimes constituting grounds for denial of licensure under Division 1.5 (commencing with Section 475).

(b) Takes and passes the examination, if any, which would be required of him or her if application for licensure was being made for the first time, or otherwise establishes to the satisfaction of the committee that, with due regard for the public interest, he or she is qualified to practice as a physician assistant.

(c) Pays all of the fees that would be required as if application for licensure was being made for the first time.

SEC. 23. Section 3527 of the Business and Professions Code is amended to read:

3527. (a) The committee may order the denial of an application for, or the issuance subject to terms and conditions of, or the suspension or revocation of, or the imposition of probationary conditions upon a physician assistant license after a hearing as required in Section 3528 for unprofessional conduct which includes, but is not limited to, a violation of this chapter, a violation of the Medical Practice Act, or a violation of the regulations adopted by the committee or the board.

(e) The committee may order the denial of an application for, or the suspension or revocation of, or the imposition of probationary conditions upon, a physician assistant license, after a hearing as required in Section 3528 for unprofessional conduct which includes, except for good cause, the knowing failure of a licensee to protect patients by failing to follow infection control guidelines of the committee, thereby risking transmission of blood-borne infectious diseases from licensee to patient, from patient to patient, and from patient to licensee. In administering this subdivision, the committee shall consider referencing the standards, regulations, and guidelines of the State Department of Health Services developed pursuant to Section 1250.11 of the Health and Safety Code and the standards, regulations, and guidelines pursuant to the California Occupational Safety and Health Act of 1973 (Part 1 (commencing with Section 6300) of Division 5 of the Labor Code) for preventing the transmission of HIV, hepatitis B, and other blood-borne pathogens in health care settings. As necessary, the committee shall consult with the California Medical Board, the Board of Podiatric Medicine, the Board of Dental Examiners, the Board of Registered Nursing, and the Board of Vocational Nursing and Psychiatric Technicians, to encourage appropriate consistency in the implementation of this subdivision.

The committee shall seek to ensure that licensees are informed of the responsibility of licensees and others to follow infection control guidelines, and of the most recent scientifically recognized safeguards for minimizing the risk of transmission of blood-borne infectious diseases.

SEC. 24. Section 3528 of the Business and Professions Code is amended to read:

(a) Gross immorality.

(b) Incompetence.

(c) Gross negligence.

(d) The clearly excessive furnishing of controlled substances in violation of subdivision (a) of Section 11153 of the Health and Safety Code.

(e) The clearly excessive furnishing of controlled substances in violation of subdivision (a) of Section 11153.5 of the Health and Safety Code. Factors to be considered in determining whether the furnishing of controlled substances is clearly excessive shall include, but not be limited to, the amount of controlled substances furnished, the previous ordering pattern of the customer (including size and frequency of orders), the type and size of the customer, and where and to whom the customer distributes its product.

(f) The commission of any act involving moral turpitude, dishonesty, fraud, deceit, or corruption, whether the act is committed in the course of relations as a licensee or otherwise, and whether the act is a felony or misdemeanor or not.

(g) Knowingly making or signing any certificate or other document that falsely represents the existence or nonexistence of a state of facts.

(h) The administering to oneself, of any controlled substance, or the use of any dangerous drug or of alcoholic beverages to the extent or in a manner as to be dangerous or injurious to oneself, to a person holding a license under this chapter, or to any other person or to the public, or to the extent that the use impairs the ability of the person to conduct with safety to the public the practice authorized by the license.

(i) Except as otherwise authorized by law, knowingly selling, furnishing, giving away, or administering or offering to sell, furnish, give away, or administer any controlled substance to an addict.

(j) The violation of any of the statutes of this state or of the United States regulating controlled substances and dangerous drugs.

In all other cases, the record of conviction shall be conclusive evidence only of the fact that the conviction occurred. The board may inquire into the circumstances surrounding the commission of the crime, in order to fix the degree of discipline or, in the case of a conviction not involving controlled substances or dangerous drugs, to determine if the conviction is of an offense substantially related to the qualifications, functions, and duties of a licensee under this chapter. A plea or verdict of guilty or a conviction following a plea of nolo contendere is deemed to be a conviction within the meaning of this provision. The board may take action when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under Section 1203.4 of the Penal Code allowing the person to withdraw his or her plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information, or indictment.

(m) The cash compromise of a charge of violation of Chapter 13 (commencing with Section 801) of Title 21 of the United States Code

regulating controlled substances. The record of the compromise is conclusive evidence of unprofessional conduct.

(n) The revocation, suspension, or other discipline by another state of a license to practice pharmacy, operate a pharmacy, or do any other act for which a license is required by this chapter.

(q) Engaging in any conduct that subverts or attempts to subvert an investigation of the board.

The board shall notify the pharmacist of the license suspension and of his or her right to have the issue of penalty heard as provided in this section.

(b) Upon its own motion or for good cause shown, the board may decline to impose or may set aside the suspension when it appears to be in the interest of justice to do so, with due regard to maintaining the integrity of and confidence in the pharmacy profession.

(c) The issue of penalty shall be heard by an administrative law judge sitting alone, by a committee of the board sitting with an administrative law judge, or by the board sitting with an administrative law judge, at the board's discretion. A pharmacist may request a hearing on the penalty and that hearing shall be held within 90 days from the date of the request. If the order suspending or revoking the pharmacist's license or authority to practice pharmacy is overturned on appeal, any discipline ordered pursuant to this section shall automatically cease. Upon the showing to the administrative law judge, board, or committee of the board by the pharmacist that the out-of-state action is not a basis for discipline in California, the suspension shall be rescinded.

If an accusation for permanent discipline is not filed within 90 days of the suspension imposed pursuant to this section, the suspension shall automatically terminate.

(d) The record of the proceedings that resulted in the suspension or revocation of the pharmacist's license or authority to practice pharmacy, including a transcript of the testimony therein, may be received in evidence.

If the members of the panel do not have a full workload, they may be assigned work by the Director of the Office of Administrative Hearings. When the medically related case workload exceeds the capacity of the members of the panel, additional judges shall be requested to be added to the panels as appropriate. When this workload overflow occurs on a temporary basis, the Director of the Office of Administrative Hearings shall supply judges from the Office of Administrative Hearings to adjudicate the cases.

(c) The decisions of the administrative law judges of the panel, together with any court decisions reviewing those decisions, shall be published in a quarterly "Medical Discipline Report," to be funded from the Contingent Fund of the Medical Board of California.

11529. (a) The administrative law judge of the Medical Quality Hearing Panel established pursuant to Section 11371 may issue an interim order suspending a license, or imposing drug testing, continuing education, supervision of procedures, or other license restrictions. Interim orders may be issued only if the affidavits in support of the petition show that the licensee has engaged in, or is about to engage in, acts or omissions constituting a violation of the Medical Practice Act or the appropriate practice act governing each allied health profession, or is unable to practice safely due to a mental or physical condition, and that permitting the licensee to continue to engage in the profession for which the license was issued will endanger the public health, safety, or welfare.

(b) All orders authorized by this section shall be issued only after a hearing conducted pursuant to subdivision (d), unless it appears from the facts shown by affidavit that serious injury would result to the public before the matter can be heard on notice. Except as provided in subdivision (c), the licensee shall receive at least 15 days' prior notice of the hearing, which notice shall include affidavits and all other information in support of the order.

(c) If an interim order is issued without notice, the administrative law judge who issued the order without notice shall cause the licensee to be notified of the order, including affidavits and all other information in support of the order by a 24-hour delivery service. That notice shall also include the date of the hearing on the order, which shall be conducted in accordance with the requirement of subdivision (d), not later than 20 days from the date of issuance. The order shall be dissolved unless the requirements of subdivision (a) are satisfied.

(d) For the purposes of the hearing conducted pursuant to this section, the licentiate shall, at a minimum, have the following rights:

(1) To be represented by counsel.

(2) To have a record made of the proceedings, copies of which may be obtained by the licentiate upon payment of any reasonable charges associated with the record.

(3) To present written evidence in the form of relevant declarations, affidavits, and documents.

The discretion of the administrative law judge to permit testimony at the hearing conducted pursuant to this section shall be identical to the discretion of a superior court judge to permit testimony at a hearing conducted pursuant to Section 527 of the Code of Civil Procedure.

(4) To present oral argument.

(e) Consistent with the burden and standards of proof applicable to a preliminary injunction entered under Section 527 of the Code of Civil Procedure, the administrative law judge shall grant the interim order where, in the exercise of discretion, the administrative law judge concludes that:

(1) There is a reasonable probability that the petitioner will prevail in the underlying action.

(2) The likelihood of injury to the public in not issuing the order outweighs the likelihood of injury to the licensee in issuing the order.

(f) In all cases where an interim order is issued, and an accusation is not filed and served pursuant to Sections 11503 and 11505 within 15 days of the date in which the parties to the hearing on the interim order have submitted the matter, the order shall be dissolved.

Upon service of the accusation the licensee shall have, in addition to the rights granted by this section, all of the rights and privileges available as specified in this chapter. If the licensee requests a hearing on the accusation, the board shall provide the licensee with a hearing within 30 days of the request, unless the licensee stipulates to a later hearing, and a decision within 15 days of the date the decision is received from the administrative law judge, or the board shall nullify the interim order previously issued, unless good cause can be shown by the Division of Medical Quality for a delay.

(g) Where an interim order is issued, a written decision shall be prepared within 15 days of the hearing, by the administrative law judge, including findings of fact and a conclusion articulating the connection between the evidence produced at the hearing and the decision reached.

(h) Notwithstanding the fact that interim orders issued pursuant to this section are not issued after a hearing as otherwise required by this chapter, interim orders so issued shall be subject to judicial review pursuant to Section 1094.5 of the Code of Civil Procedure. The relief which may be ordered shall be limited to a stay of the interim order. Interim orders issued pursuant to this section are final interim orders and, if not dissolved pursuant to subdivision (c) or (f), may only be challenged administratively at the hearing on the accusation.

(i) The interim order provided for by this section shall be:

(1) In addition to, and not a limitation on, the authority to seek injunctive relief provided for in the Business and Professions Code.

(10) Conviction of a violation of Section 551 of the Penal Code.

Upon refusal to validate a registration, the director shall notify the applicant thereof, in writing, by personal service or mail addressed to the address of the applicant set forth in the application, and the applicant shall be given a hearing under Section 9884.12 if, within 30

(B) The defendant has committed at least one violation of Section 261, 286, 288, 288a, 288.5, 289, or 289.5 against the same victim within the limitation period specified for that crime in either Section 800 or 801.

(3) (A) This subdivision applies to a cause of action arising before, on, or after January 1, 1990, the effective date of this subdivision, and it shall revive any cause of action barred by Section 800 or 801 if any of the following occurred or occurs:

(i) The complaint or indictment was filed on or before January 1, 1997, and it was filed within the time period specified in this subdivision.

(ii) The complaint or indictment is or was filed subsequent to January 1, 1997, and it is or was filed within the time period specified within this subdivision.

(iii) The victim made the report required by this subdivision to a responsible adult or agency after January 1, 1990, and a complaint or indictment was not filed within the time period specified in this subdivision, but a complaint or indictment is filed no later than 180 days after the date on which either a published opinion of the California Supreme Court, deciding whether retroactive application of this section is constitutional, becomes final or the United States Supreme Court files an opinion deciding the question of whether retroactive application of this subdivision is constitutional, whichever occurs first.

(iv) The victim made the report required by this subdivision to a responsible adult or agency after January 1, 1990, and a complaint or indictment was filed within the time period specified in this subdivision, but the indictment, complaint, or subsequently filed information was dismissed, but a new complaint or indictment is or was filed no later than 180 days after the date on which either a published opinion of the California Supreme Court, deciding whether retroactive application of this section is constitutional, becomes final or the United States Supreme Court files an opinion deciding the question of whether retroactive application of this subdivision is constitutional, whichever occurs first.

(B) (i) If the victim made the report required by this subdivision to a responsible adult or agency after January 1, 1990, and a complaint or indictment was filed within the time period specified in this subdivision, but the indictment, complaint, or subsequently filed information was dismissed, a new complaint or indictment may be filed notwithstanding any other provision of law, including, but not limited to, subdivision (c) of Section 871.5 and subdivision (b) of Section 1238.

(ii) An order dismissing an action filed under this subdivision, which is entered or becomes effective at any time prior to 180 days after the date on which either a published opinion of the California Supreme Court, deciding the question of whether retroactive application of this section is constitutional, becomes final or the United States Supreme Court files an opinion deciding the question of whether retroactive application of this subdivision is constitutional, whichever occurs first, shall not be considered an order terminating an action within the meaning of Section 1387.

(iii) Any ruling regarding the retroactivity of this subdivision or its constitutionality made in the course of the previous proceeding, including any review proceeding, shall not be binding upon refiling.

(g) (1) Notwithstanding any other limitation of time described in this chapter, a criminal complaint may be filed within one year of the date of a report to a California law enforcement agency by a person of any age alleging that he or she, while under the age of 18 years, was the victim of a crime described in Section 261, 286, 288, 288a, 288.5, 289, or 289.5.

(A) The limitation period specified in Section 800 or 801 has expired.

(B) The crime involved substantial sexual conduct, as described in subdivision (b) of Section 1203.066, excluding masturbation that is not mutual, and there is independent evidence that clearly and convincingly corroborates the victim's allegation. No evidence may be used to corroborate the victim's allegation that otherwise would be inadmissible during trial. Independent evidence does not include the opinions of mental health professionals.

(3) (A) This subdivision applies to a cause of action arising before, on, or after January 1, 1994, the effective date of this subdivision, and it shall revive any cause of action barred by Section 800 or 801 if any of the following occurred or occurs:

(i) The complaint or indictment was filed on or before January 1, 1997, and it was filed within the time period specified in this subdivision.

(ii) The complaint or indictment is or was filed subsequent to January 1, 1997, and it is or was filed within the time period specified within this subdivision.

(iii) The victim made the report required by this subdivision to a law enforcement agency after January 1, 1994, and a complaint or indictment was not filed within the time period specified in this subdivision, but a complaint or indictment is filed no later than 180 days after the date on which either a published opinion of the California Supreme Court, deciding the question of whether retroactive application of this subdivision is constitutional, becomes final or the United States Supreme Court files an opinion deciding the question of whether retroactive application of this subdivision is constitutional, whichever occurs first.

(B) (i) If the victim made the report required by this subdivision to a law enforcement agency after January 1, 1994, and a complaint or indictment was filed within the time period specified in this subdivision, but the indictment, complaint, or subsequently filed information was dismissed, a new complaint or indictment may be filed notwithstanding any other provision of law, including, but not limited to, subdivision (c) of Section 871.5 and subdivision (b) of Section 1238.

(ii) An order dismissing an action filed under this subdivision, which is entered or becomes effective at any time prior to 180 days after the date on which either a published opinion of the California Supreme Court, deciding the question of whether retroactive application of this section is constitutional, becomes final or the United States Supreme Court files an opinion deciding the question of whether retroactive application of this subdivision is constitutional, whichever occurs first, shall not be considered an order terminating an action within the meaning of Section 1387.

(iii) Any ruling regarding the retroactivity of this subdivision or its constitutionality made in the course of the previous proceeding, by any trial court or any intermediate appellate court, shall not be binding upon refiling.

SEC. 33. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 880

An act to amend Sections 25160, 25179.5, 25205.15, 25250.1, 25250.4, and 25250.7 of, and to add Sections 25121.1, 25160.3, and 25200.19 to, the Health and Safety Code, and to add and repeal Article 2.1 (commencing with Section 12170) of Chapter 4 of Part 2 of Division 2 of, the Public Contract Code, and to amend Sections 48620 and 71061 of the Public Resources Code, relating to recycling.

[Approved by Governor September 26, 1998. Filed with Secretary of State September 28, 1998.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known, and may be cited, as the Hazardous Waste Recycling Enhancement Act of 1998.

SEC. 2. Section 25121.1 is added to the Health and Safety Code, to read:

25121.1. (a) "Recycling" means using, reusing, or reclaiming a recyclable material.

(b) Notwithstanding subdivision (a), for purposes of the fees, taxes, and charges imposed pursuant to Article 7 (commencing with Section 25170), "recycling" means the collecting, transporting, storing, transferring, handling, segregating, processing, using or reusing, or reclaiming of recyclable material to produce recycled material.

SEC. 3. Section 25160 of the Health and Safety Code is amended to read:

25160. (a) For purposes of this chapter, "manifest" means a shipping document originated and signed by a generator of hazardous waste that contains all of the information required by the department and that complies with all applicable federal and state regulations.

(b) (1) Any person generating hazardous waste which is transported, or submitted for transportation, for offsite handling, treatment, storage, disposal, or any combination thereof, shall complete a manifest prior to the time the waste is transported or offered for transportation, and shall designate on that manifest the facility to which the waste is to be shipped for the handling, treatment, storage, disposal, or combination thereof. The manifest shall be completed, as required by the department. The generator shall provide the manifest to the person who will transport the hazardous waste, who is the driver, if the hazardous waste will be transported by vehicle, or the person designated by the railroad corporation or vessel operator, if the hazardous waste will be transported by rail or vessel. The generator shall use the standard California Uniform Hazardous Waste Manifest supplied by the department for all shipments of hazardous waste for which a manifest is required, except as provided in paragraph (2). A manifest shall only be used for the purposes specified in this chapter, including, but not limited to, identifying materials that the person completing the manifest reasonably believes are hazardous waste. Within 30 days from the date of transport, or submission for transport, of hazardous waste, each generator of that hazardous waste shall submit to the department a legible copy of each manifest used. The copy submitted to the department shall contain the signatures of the generator and the transporter. In lieu of submitting a copy of each manifest used, a generator may submit an electronic report to the department meeting the requirements of Section 25160.3.

(2) Any person generating hazardous waste which is transported, or submitted for transportation, for offsite handling, treatment, storage, disposal, or any combination thereof, outside of the state, shall complete, whether or not the waste is determined to be hazardous by the importing country or state, a standard California Uniform Hazardous Waste Manifest, or the generator shall complete, in its own form of manifest, the manifest required by the receiving state and shall submit a copy of that manifest to the department within 30 days from the date of the transport, or submission for transport, of the hazardous waste. In lieu of submitting a copy of each manifest used, a generator may submit an electronic report to the department meeting the requirements of Section 25160.3.

(3) Within 30 days from the date of transport, or submission for transport, of hazardous waste out of state, each generator of that hazardous waste shall submit to the department a legible copy of each manifest used. The copy submitted to the department shall contain the signatures of the generator, all transporters, excepting intermediate rail transporters, and the out-of-state facility operator. If within 35 days from the date of the initial shipment, or for exports by water to foreign countries, 60 days after the initial shipment, the generator has not received a copy of the manifest signed by all transporters and the facility operator, the generator shall contact the owner or operator of the designated facility to determine the status of the hazardous waste and to request that the owner or operator immediately provide a signed copy of the manifest to the generator. If within 45 days from the date of the initial shipment or, for exports by water to foreign countries, 90 days from the date of the initial shipment, the generator has not received a copy of the signed manifest from the facility owner or operator, the generator shall submit an exception report to the department.

(4) For shipments of waste that do not require a manifest pursuant to Title 40 of the Code of Federal Regulations, the department, by regulation, may establish manifest requirements that differ from the requirements of this subdivision. The requirements for an alternative form of manifest shall ensure that the hazardous waste is transported by a registered hazardous waste transporter, that the hazardous waste is tracked, and that human health and safety and the environment are protected.

(c) (1) The department shall determine the form and manner in which a manifest shall be completed and the information that the manifest shall contain. The information requested on the manifest shall serve as the data dictionary for purposes of the developing of an electronic reporting format pursuant to Section 71062 of the Public Resources Code. The form of each manifest and the information requested on each manifest shall be the same for all hazardous wastes, regardless of whether the hazardous wastes are also regulated pursuant to the federal act or by regulations adopted by the United States Department of Transportation. However, the form of the

manifest and the information required shall be consistent with federal regulations.

(2) Pursuant to federal regulations, the department may require information on the manifest in addition to the information required by federal regulations.

(d) (1) Any person who transports hazardous waste in a vehicle shall have a manifest in his or her possession while transporting the hazardous waste. The manifest shall be shown upon demand to any representative of the department, any officer of the California Highway Patrol, any local health officer, or any local public officer designated by the director. If the hazardous waste is transported by rail or vessel, the railroad corporation or vessel operator shall comply with Subchapter C (commencing with Section 171.1) of Chapter 1 of Subtitle B of Title 49 of the Code of Federal Regulations and shall also enter on the shipping papers any information concerning the hazardous waste which the department may require.

(2) Any person who transports any waste, as defined by Section 25124, and who is provided with a manifest for that waste shall, while transporting that waste, comply with all requirements of this chapter, and the regulations adopted pursuant thereto, concerning the transportation of hazardous waste.

(3) Any person who transports hazardous waste shall transfer a copy of the manifest to the facility operator at the time of delivery, or to the person who will subsequently transport the hazardous waste in a vehicle. Any person who transports hazardous waste and then transfers custody of that hazardous waste to a person who will subsequently transport that waste by rail or vessel shall transfer a copy of the manifest to the person designated by the railroad corporation or vessel operator, as specified by Subchapter C (commencing with Section 171.1) of Chapter 1 of Subtitle B of Title 49 of the Code of Federal Regulations.

(4) Any person transporting hazardous waste by motor vehicle, rail, or water shall certify to the department, at the time of initial registration and at the time of renewal of that registration pursuant to this article, that the transporter is familiar with the requirements of this section, the department regulations, and federal laws and regulations governing the use of manifests.

(e) (1) Any facility operator in the state who receives hazardous waste for handling, treatment, storage, disposal, or any combination thereof, which was transported with a manifest pursuant to this section, shall submit a copy of the manifest to the department within 30 days from the date of receipt of the hazardous waste. The copy submitted to the department shall contain the signatures of the generator, all transporters, excepting intermediate rail transporters, and the facility operator. In instances where the generator or transporter is not required by the generator's state or federal law to sign the manifest, the facility operator shall require the generator and all transporters, excepting intermediate rail transporters, to sign the

manifest before accepting the waste at any facility in this state. In lieu of submitting a copy of each manifest used, a facility operator may submit an electronic report to the department meeting the requirements of Section 25160.3.

(2) Any treatment, storage, or disposal facility receiving hazardous waste generated outside this state may only accept the hazardous waste for treatment, storage, disposal, or any combination thereof, if the hazardous waste is accompanied by a completed standard California Uniform Hazardous Waste Manifest.

(3) A facility operator may accept hazardous waste generated offsite that is not accompanied by a properly completed and signed standard California Uniform Hazardous Waste Manifest if the facility operator meets both of the following conditions:

(A) The facility operator is authorized to accept the hazardous waste pursuant to a hazardous waste facilities permit or other grant of authorization from the department.

(B) The facility operator is in compliance with the regulations adopted by the department specifying the conditions and procedures applicable to the receipt of hazardous waste under these circumstances.

(4) This subdivision applies only to shipments of hazardous waste for which a manifest is required pursuant to this section and the regulations adopted pursuant to this section.

(f) A generator, transporter, or facility operator may comply with the requirements of Sections 66262.40, 66263.22, 66264.71, and 66265.71 of Title 22 of the California Code of Regulations by storing manifest information electronically. A generator, transporter, or facility operator who stores manifest information electronically shall use the standardized electronic format and protocol for the exchange of electronic data established by the Secretary for Environmental Protection pursuant to Part 2 (commencing with Section 71050) of Division 34 of the Public Resources Code and the stored information shall include all the information required to be retained by the department, including all signatures required by this section.

(g) The department shall make available for review, by any interested party, information regarding the department's progress in adopting revised regulations relating to hazardous waste manifests, including specific requirements for milk run operations set forth in Section 66263.42 of Title 22 of the California Code of Regulations.

(h) (1) The department shall make available for review, by any interested party, the department's plans for revising and enhancing its system for tracking hazardous waste for the purposes of protecting human health and the environment, enforcing laws, collecting revenue, and generating necessary reports.

(2) On or before April 1, 1997, the department shall make available for review, by any interested party, information regarding the department's progress in revising and enhancing its system for tracking hazardous waste.

SEC. 4. Section 25160.3 is added to the Health and Safety Code, to read:

25160.3. (a) Any person generating hazardous waste that is transported or submitted for transportation, for offsite handling, treatment, storage, disposal, or a combination thereof, subject to the manifest requirements of Section 25160, and any facility operator in the state who receives hazardous waste for handling, treatment, storage, disposal, or any combination thereof, that was transported subject to the manifest requirements of Section 25160, may submit an electronic report to the department in lieu of the copy of the manifests required by subdivision (b) or (e) of Section 25160. The electronic report shall contain the information required by the department pursuant to subdivision (c) of Section 25160, and shall be provided no more than five business days after the end of the previous calendar month, or, if submitted bimonthly, no more than 10 business days after the previous two calendar weeks. The electronic report shall utilize the standardized electronic format and protocol for the exchange of electronic data established by the Secretary for Environmental Protection pursuant to Part 2 (commencing with Section 71050) of Division 34 of the Public Resources Code.

(b) The signatures required by Section 25160 and retained through the electronic reporting authorized by this section shall conform with the electronic signature techniques prescribed pursuant to Section 71066 of the Public Resources Code. Notwithstanding any other provision of law, printed representations of signatures and other information submitted in an electronic report pursuant to this section shall not be rendered inadmissible in any civil or criminal action by the best evidence rule and shall be deemed to meet the requirements of Section 1507 of the Evidence Code.

SEC. 5. Section 25179.5 of the Health and Safety Code is amended to read:

25179.5. (a) Notwithstanding any other provision of law, except as provided in this article, any hazardous waste restricted from land disposal by the federal act, or by the Environmental Protection Agency pursuant to the federal act, or by the department pursuant to Section 25179.6, is prohibited from land disposal in the state, unless one of the following circumstances apply:

(1) The hazardous waste, or the producer of the hazardous waste is granted a variance, extension, exclusion, or exemption by the administrator of the Environmental Protection Agency or by the department.

(2) The waste is treated in accordance with an applicable treatment standard.

(3) The federal restriction is stayed or otherwise conditioned by an appropriate court of law.

(4) It is a solid hazardous waste generated in the cleanup or decontamination of any site contaminated only by hazardous waste

that has not been restricted or prohibited by the federal act or prohibited by the Environmental Protection Agency pursuant to the federal act, and which does not meet the treatment standards established by the department pursuant to Section 25179.6, if the department or other federal, state, or local agency with authority to approve the cleanup or decontamination has approved the disposal of the waste.

(b) (1) Any treatment standard that is adopted or amended by the Environmental Protection Agency pursuant to subsection (m) of Section 6924 of the federal act, for a hazardous waste prohibited from land disposal pursuant to subdivision (a) and that is in effect, is the treatment standard required to be met before the hazardous waste may be disposed of, using land disposal, in the state. Any land disposal restriction, including any treatment standard, notification requirement, or recordkeeping requirement that is adopted or amended by the Environmental Protection Agency shall become effective in the state upon the effective date of that adoption or amendment, as specified in the final rule published in the Federal Register, and shall, as of that date, supersede any corresponding land disposal restriction specified in the department's regulations, unless one or more of the following conditions exist:

(A) A more stringent statutory requirement is applicable.

(B) A land disposal restriction previously adopted by the department expressly states, in that regulation, that the land disposal restriction is intended to supersede any less stringent land disposal restrictions which may be subsequently adopted by the Environmental Protection agency.

(C) The department subsequently adopts a more stringent land disposal restriction pursuant to subdivision (c) of Section 25179.6.

(2) Except as provided in Section 25179.6, any extension, variance, or exemption from the treatment standard granted by the Administrator of the Environmental Protection Agency shall also apply in this state.

(c) Subdivision (b) applies only to hazardous waste land disposal restrictions, standards, or criteria enforced by the department and does not limit or affect the standards adopted by any other local, state, or federal agency.

(d) Any hazardous waste or treated hazardous waste that meets all applicable treatment standards pursuant to this section may be disposed of to land at a hazardous waste disposal facility that has been issued a hazardous waste facilities permit allowing that disposal, if the disposal is conducted in compliance with this chapter, the applicable regulations adopted by the department, and the requirements of the permit issued by the department.

SEC. 6. Section 25200.19 is added to the Health and Safety Code, to read:

25200.19. (a) A hazardous waste facility that has obtained a hazardous waste facilities permit to receive hazardous wastes from

offsite locations may conduct bulk, packaged, or containerized hazardous waste unloading operations in accordance with the requirements of this section, except to the extent that the facility is subject to conditions and limitations in the permit concerning the receipt and unloading of hazardous wastes from offsite locations.

(b) A hazardous waste facility that has a hazardous waste facilities permit may conduct bulk, packaged, or containerized hazardous waste loading operations in accordance with the requirements of this section, except to the extent that the facility is subject to conditions and limitations in the permit concerning the shipment and loading for shipment of hazardous wastes to offsite locations.

(c) Unloading and loading operations subject to subdivisions (a) and (b) shall be conducted in accordance with all of the following requirements, unless otherwise specified in the hazardous waste facilities permit:

(1) As part of a loading or unloading operation conducted within the boundary of a hazardous waste facility, the hazardous waste shall not be held longer than 10 days outside of an authorized unit at the facility. The hazardous waste shall be moved directly between the authorized unit and the transport vehicle and shall not be held for any time off the transport vehicle outside of the authorized unit, except for that incidental period of time that is necessary to safely and effectively move the waste from the transport vehicle to the authorized unit or from the authorized unit to the transport vehicle.

(2) All loading and unloading operations shall be conducted within the boundary of the hazardous waste facility.

(3) There shall be adequate capacity within an authorized unit at the hazardous waste facility for all hazardous waste being loaded or unloaded in accordance with this section. Hazardous waste may not be held on any transport vehicle which, if unloaded, would exceed the permitted capacity of the originating or receiving unit at the hazardous waste facility, unless the waste is held on the transport vehicle as part of an authorized transfer operation.

(4) The loading or unloading of bulk hazardous waste shall be conducted within secondary containment within the hazardous waste facility, unless otherwise approved by the department. Any secondary containment required pursuant to this section shall meet the requirements of any regulations adopted by the department for bulk transfers.

(d) For purposes of this section, the following definitions apply:

(1) "Loading" means activities associated with removing packaged or containerized hazardous waste from an authorized unit or removing bulk hazardous waste from an authorized container, tank, or unit within a permitted hazardous waste facility, placing it on a transport vehicle within the facility, and shipping the waste offsite to another location in accordance with this chapter.

(2) "Transport vehicle" means a device, including a trailer, to propel, move or draw hazardous wastes by air, rail, highway, or water that is operated pursuant to the requirements of this chapter.

(3) "Unloading" means activities associated with the receipt of bulk, packaged, or containerized hazardous waste at a permitted hazardous waste facility from an offsite location, by means of a transport vehicle, and placing that packaged or containerized hazardous waste into an authorized unit or placing that bulk hazardous waste into an authorized container, tank, or unit within the facility in accordance with this chapter.

(e) The requirements of this section do not apply to hazardous waste being held or transferred pursuant to subparagraph (B) of paragraph (6) of subdivision (b) of Section 25123.3.

SEC. 7. Section 25205.15 of the Health and Safety Code is amended to read:

25205.15. (a) Except for the first four manifests used in a calendar year by a business with less than 100 employees, and except as provided in subdivision (b), the department shall impose a fee of twelve dollars ($12) for each California Uniform Hazardous Waste Manifest form used on or before June 30, 1998, by any person in the following manner:

(1) The Governor may order the department to refund three-quarters of the amount of manifest fees paid on manifests used during the 1991 calendar year.

(2) (A) On and after the 1992 calendar year, for all manifests used on or before June 30, 1998, the manifest fee shall be assessed on all manifests used in the calendar year ending prior to the start of the fiscal year in which the billing occurs.

(B) Notwithstanding subparagraph (A), the department may bill a person for a manifest used from January 1, 1998, to June 30, 1998, inclusive, during the period beginning January 1, 1999, and ending June 30, 1999, inclusive.

(b) The manifest fee for any manifest that is used on or before June 30, 1998, solely for wastes that are to be recycled is six dollars ($6) and the total amount of manifest fees paid in a calendar year for these manifests shall not exceed five thousand dollars ($5,000) for each hazardous waste identification number issued either by the department or the Environmental Protection Agency.

(c) Except as provided in paragraph (3), after June 30, 1998, in addition to any fees to cover printing and distribution costs, the department shall impose a manifest fee of seven dollars and fifty cents ($7.50) for each California Hazardous Waste Manifest form or electronic equivalent used after June 30, 1998, by any person, in the following manner:

(1) Except as provided in paragraph (2), on and after July 1, 1998, the department shall bill generators for each California Uniform Hazardous Waste Manifest form, manifest number, or electronic equivalent used after June 30, 1998. The billing frequency specified

by the department may range from monthly to annually, with the payment by the generator required within 30 days from the date of receipt of the billing, and shall be determined based on consultation with the regulated community. In preparing the bills, the department shall distinguish between manifests used solely for recycled hazardous wastes and those used for nonrecycled hazardous wastes. In determining the billing frequency, the department may take into account each person's volume of manifest usage.

(2) On or before July 1, 2000, the department shall determine if revenues from the manifest fee as collected pursuant to paragraph (1) will equal or exceed one million seven hundred thousand dollars ($1,700,000) for the 1999–2000 fiscal year. If the department determines that the manifest fee revenues will not equal or exceed one million seven hundred thousand dollars ($1,700,000) for the 1999–2000 fiscal year, the department shall instead, commencing July 1, 2000, implement a system to collect the manifest fee at the time of original sale of the manifest or distribution of manifest numbers or electronic equivalent to users by the department for all manifests that will be used after June 30, 2000. In developing this system, the department shall consult with the regulated community and shall take into consideration the potential economic effects that a system of collecting manifest fees at the point of original sale may have on generators and transporters.

(3) (A) The manifest fee shall not be collected on the use of California Hazardous Waste Recycling Manifests that are used solely for hazardous wastes that are recycled.

(B) On and after January 1, 1999, the manifest fee for each California Uniform Hazardous Waste Manifest form used after December 31, 1998, solely for hazardous waste derived from air compliance solvents, shall be three dollars and fifty cents ($3.50). This fee is in addition to any fees charged to cover printing and distribution costs.

(4) The department shall implement a system for the use of manifests that, after January 1, 1999, distinguishes among recycling manifests used solely for hazardous wastes that are to be recycled, manifests used solely to transport hazardous waste derived from air compliance solvents, and general manifests that may be used for transporting waste for any purpose.

(5) (A) If a person erroneously reports on a California Uniform Hazardous Waste Manifest that the manifest is being used for the transport of hazardous wastes that are being shipped for recycling or for the transport of hazardous waste derived from air compliance solvents, rather than the transport of other types of hazardous waste, the person shall pay the seven dollars and fifty cents ($7.50) manifest fee and an additional error correction fee of twenty dollars ($20) per manifest, as required pursuant to Section 25160.5.

(B) Notwithstanding subparagraph (A), the department shall provide the manifest user with a reasonable opportunity to notify the

department of any incorrect use of a manifest, as described in subparagraph (A), and to provide the department with the appropriate manifest fee payment without additional fines, penalties, or payment of the error correction fee.

(7) The department may adopt regulations to implement and administer the manifest fee system imposed pursuant to this subdivision.

(d) (1) The department shall expend the sum of one million dollars ($1,000,000) from the manifest fees deposited in the Hazardous Waste Control Account, upon appropriation by the Legislature in the annual Budget Act, to cover the one-time cost of implementing changes to the hazardous waste manifest tracking system during the 1998–99 fiscal year.

(2) On and after July 1, 1999, commencing with the 1999–2000 fiscal year and annually thereafter, the department shall expend, upon appropriation by the Legislature in the annual Budget Act, not less than one million fifty thousand dollars ($1,050,000) from the manifest fees, deposited in the Hazardous Waste Control Account, to establish a program to encourage hazardous waste generators to implement pollution prevention measures. The program shall be administered pursuant to administrative and expenditure criteria to be established by the Legislature.

(e) The manifest fees shall be deposited in the Hazardous Waste Control Account and be available for expenditure, upon appropriation by the Legislature.

(f) For the purposes of this section, "air compliance solvent" means a solvent, including aqueous solutions, that are required or approved for use by regulations adopted by the State Air Resources Board, an air pollution control district, or an air quality management district, to meet air emission standards adopted by that board or district and, pursuant to those regulations, is required to be used instead of another solvent that was used and recycled prior to the adoption of those regulations.

SEC. 8. Section 25250.1 of the Health and Safety Code is amended to read:

25250.1. (a) As used in this article, the following terms have the following meaning:

(1) (A) "Used oil" means any oil that has been refined from crude oil, or any synthetic oil, that has been used, and, as a result of use or as a consequence of extended storage, or spillage, has been contaminated with physical or chemical impurities. Examples of used oil are spent lubricating fluids that have been removed from an engine crankcase, transmission, gearbox, or differential of an automobile, bus, truck, vessel, plane, heavy equipment, or machinery powered by an internal combustion engine; industrial oils, including compressor, turbine, and bearing oil; hydraulic oil; metal-working oil; refrigeration oil; and railroad drainings.

(B) "Used oil" does not include any of the following:

(i) Oil that has a flashpoint below 100 degrees Fahrenheit or that has been mixed with hazardous waste, other than minimal amounts of vehicle fuel.

(ii) (I) Wastewater, the discharge of which is subject to regulation under either Section 307(b) (33 U.S.C. Sec. 1317(b)) or 402 (33 U.S.C. Sec. 1342) of the federal Clean Water Act (33 U.S.C. Sec. 1251 et seq.), including wastewaters at facilities that have eliminated the discharge of wastewater, contaminated with de minimis quantities of used oil.

(II) For purposes of this clause, "de minimis quantities of used oil" are small spills, leaks, or drippings from pumps, machinery, pipes, and other similar equipment during normal operations, or small amounts of oil lost to the wastewater treatment system during washing or draining operations.

(III) This exception does not apply if the used oil is discarded as a result of abnormal manufacturing operations resulting in substantial leaks, spills, or other releases or to used oil recovered from wastewaters.

(iii) Used oil re-refining distillation bottoms that are used as feedstock to manufacture asphalt products.

(iv) Oil that contains polychlorinated biphenyls (PCBs) at a concentration of 5 ppm or greater.

(v) (I) Oil containing more than 1000 ppm total halogens, which shall be presumed to be a hazardous waste because it has been mixed with halogenated hazardous waste listed in Subpart D (commencing with Section 261.30) of Part 261 of Title 40 of the Code of Federal Regulations.

(II) A person may rebut the presumption specified in subclause (I) by demonstrating that the used oil does not contain hazardous waste, including, but not limited to, in the manner specified in subclause (III).

(III) The presumption specified in subclause (I) is rebutted if it is demonstrated that the used oil that is the source of total halogens at a concentration of more than 1000 ppm is solely either household waste, as defined in Section 261.4(b)(1) of Title 40 of the Code of Federal Regulations, or is collected from conditionally exempt small quantity generators, as defined in Section 261.5 of Title 40 of the Code of Federal Regulations. Nothing in this subclause authorizes any person to violate the prohibition specified in Section 25250.7.

(2) "Board" means the California Integrated Waste Management Board.

(3) (A) "Recycled oil" means any oil that meets all of the following requirements:

(i) Is produced either solely from used oil, or is produced solely from used oil that has been mixed with one or more contaminated petroleum products or oily wastes, other than wastes listed as hazardous under the federal act, provided that if the resultant mixture is subject to regulation as a hazardous waste under paragraph

(2) of subsection (b) of Section 279.10 of Title 40 of the Code of Federal Regulations, the mixture is managed as a hazardous waste in accordance with all applicable hazardous waste regulations, and the recycled oil produced from the mixture is not subject to regulation as a hazardous waste under paragraph (2) of subsection (b) of Section 279.10 of Title 40 of the Code of Federal Regulations. If the oily wastes with which the used oil is mixed were recovered from a unit treating hazardous wastes that are not oily wastes, these recovered oily wastes are not excluded from being considered as oily wastes for purposes of this section or Section 25250.7.

(ii) The recycled oil meets one of the following requirements:

(I) The recycled oil is produced by a generator lawfully recycling its oil.

(II) The recycled oil is produced at a used oil recycling facility that is authorized to operate pursuant to Section 25200 or 25200.5 solely by means of one or more processes specifically authorized by the department. The department may not authorize a used oil recycling facility to use a process in which used oil is mixed with one or more contaminated petroleum products or oily wastes unless the department determines that the process to be authorized for mixing used oil with those products or wastes will not substantially contribute to the achievement of compliance with the specifications of subparagraph (B).

(III) The recycled oil is produced in another state, and the used oil recycling facility where the recycled oil is produced, and the process by which the recycled oil is produced, are authorized by the agency authorized to implement the federal act in that state.

(iii) Has been prepared for reuse and it achieves minimum standards of purity, in liquid form, as established by the department.

(B) The following standards of purity are in effect for recycled oil unless the department, by regulation, establishes more stringent standards, and are the only allowed exceptions to the criteria adopted pursuant to Section 25141:

(i) Flashpoint: minimum standards set by the American Society for Testing and Materials for the recycled products. However, recycled oil to be burned for energy recovery shall have a minimum flashpoint of 100 degrees Fahrenheit.

(ii) Total lead: 50 mg/kg or less.

(iii) Total arsenic: 5 mg/kg or less.

(iv) Total chromium: 10 mg/kg or less.

(v) Total cadmium: 2 mg/kg or less.

(vi) Total halogens: 3000 mg/kg or less. However, recycled oil shall be demonstrated by testing to contain not more than 1000 mg/kg total halogens listed in Appendix VIII of Part 261 (commencing with Section 261.1) of Title 40 of the Code of Federal Regulations.

(vii) Total polychlorinated biphenyls (PCBs): 2 mg/kg or less.

(C) Compliance with the specifications of subparagraph (B) or with the requirements of clauses (iv) and (v) of subparagraph (B) of paragraph (1) shall not be met by blending or diluting used oil with crude or virgin oil, or with a contaminated petroleum product or oily waste, except as provided in subclause II of clause (ii) of subparagraph (A), and shall be determined in accordance with the procedures for identification and listing of hazardous waste adopted in regulations by the department. Persons authorized by the department to recycle oil shall maintain records of volumes and characteristics of incoming used oil and outgoing recycled oil and documentation concerning the recycling technology utilized to demonstrate to the satisfaction of the department or other enforcement agencies that the recycling has been achieved in compliance with this subdivision.

(D) This paragraph does not apply to oil that is to be disposed of or used in a manner constituting disposal.

(4) "Used oil recycling facility" means a facility that reprocesses or re-refines used oil.

(5) "Used oil storage facility" means a storage facility, as defined in subdivision (b) of Section 25123.3, which stores used oil.

(6) "Used oil transfer facility" means a transfer facility, as defined in subdivision (a) of Section 25123.3, that either stores used oil for periods greater than six days, or greater than 10 days for transfer facilities in areas zoned industrial by the local planning agency, or that transfers used oil from one container to another.

(7) (A) For purposes of this section and Section 25250.7 only, "contaminated petroleum product" means a product that meets all of the following conditions:

(i) It is a hydrocarbon product whose original intended purpose was to be used as a fuel, lubricant, or solvent.

(ii) It has not been used for its original intended purpose.

(iii) It is not listed in Subpart D of Part 261 (commencing with Section 261.1) of Chapter 1 of Title 40 of the Code of Federal Regulations.

(iv) It has not been mixed with a hazardous waste other than another contaminated petroleum product or an oily waste.

(B) Nothing in this section or Section 25250.7 shall be construed to affect the exemptions in Section 25250.3, or to subject contaminated petroleum products that are not hazardous waste to any requirements of this chapter.

(b) (1) Unless otherwise specified, used oil that meets all of the following conditions is not subject to regulation by the department:

(A) The used oil meets the standards set forth in subparagraph (B) of paragraph (3) of subdivision (a).

(B) The used oil is not hazardous pursuant to the criteria adopted pursuant to Section 25141 for constituents other than those listed in paragraph (3) of subdivision (a).

(C) The used oil is not mixed with any waste listed as a hazardous waste in Part 261 (commencing with Section 261.1) of Chapter 1 of Title 40 of the Code of Federal Regulations.

(2) Used oil recycling facilities that are the first to claim that the used oil meets the requirements specified in paragraph (1) shall maintain an operating log and copies of certification forms as specified in Section 25250.19. Any person who generates used oil, and who claims that the used oil is exempt from regulation pursuant to this subdivision, shall notify the department, in writing, of that claim and shall comply with the testing and recordkeeping requirements of Section 25250.19 prior to its reuse. In any action to enforce this article, the burden is on the generator or recycling facility, whichever first claimed that the used oil meets the standards and criteria, and on the transporter or the user of the used oil, whichever has possession, to prove that the oil meets those standards and criteria.

SEC. 9. Section 25250.4 of the Health and Safety Code is amended to read:

25250.4. Used oil shall be managed as a hazardous waste in accordance with the requirements of this chapter until it has been shown to meet the requirements of subdivision (b) of Section 25250.1 or is excluded from regulation as a hazardous waste pursuant to Section 25143.2.

SEC. 10. Section 25250.7 of the Health and Safety Code is amended to read:

25250.7. (a) Except as provided in subdivision (b) or (c), no person who generates, stores, or transfers used oil shall intentionally contaminate used oil with other hazardous waste other than minimal amounts of vehicle fuel.

(b) A used oil recycling facility may mix used oil with a contaminated petroleum product or with an oily waste other than wastes listed as hazardous under the federal act, if both of the following conditions apply:

(1) If the resultant mixture is subject to regulation as a hazardous waste under paragraph (2) of subsection (b) of Section 279.10 of Title 40 of the Code of Federal Regulations, it is managed as a hazardous waste in accordance with all applicable hazardous waste regulations.

(2) The resultant mixture is used to produce recycled oil, as defined in paragraph (3) of subdivision (a) of Section 25250.1, at a used oil recycling facility solely by means of a process that has been specifically authorized by the department.

(c) A generator or transporter may mix used oil with one or more contaminated petroleum products if the mixture is managed in accordance with Section 25143.2 or if all of the following conditions apply:

(1) If the resultant mixture is subject to regulation as a hazardous waste under paragraph (2) of subsection (b) of Section 279.10 of Title

40 of the Code of Federal Regulations, it is managed as a hazardous waste in accordance with all applicable hazardous waste regulations.

(2) (A) Except as provided in subparagraph (B), the resultant mixture is transported to a used oil recycling facility that issues a statement, in writing, to the generator or transporter that the mixture will be used to produce recycled oil, as defined in paragraph (3) of subdivision (a) of Section 25250.1, at a facility authorized to operate pursuant to Section 25200 or 25200.5 solely by means of a process that has been specifically authorized by the department.

(B) If the resultant mixture is transported to a used oil recycling facility located in another state, that facility is authorized by the agency authorized to implement the federal act in that state.

(3) The mixing is not conducted in a manner which violates subparagraph (C) of paragraph (3) of subdivision (a) of Section 25250.1.

(4) The transporter tests the halogen content of the used oil to demonstrate compliance with clause (vi) of subparagraph (B) of paragraph (3) of subdivision (a) of Section 25250.1 before mixing the used oil with the contaminated petroleum product.

SEC. 11. Article 2.1 (commencing with Section 12170) is added to Chapter 4 of Part 2 of Division 2 of the Public Contract Code, to read:

Article 2.1. Recycled Fluid, Paint, and Solvent

12170. (a) Fitness and quality being equal, all state agencies shall purchase the following recycled products, instead of nonrecycled products, whenever the recycled products are available at the same cost, or at a lower cost, than the total costs of the nonrecycled products:

(1) Rerefined automotive lubricants, including, but not limited to, rerefined motor oil, crankcase oil, engine oil, transmission fluid, and power steering fluid, for all state vehicles, including, but not limited to, all fleet cars, trucks, and buses.

(2) Recycled antifreeze fluid.

(3) Recycled solvent.

(4) Recycled paint.

(b) For the purposes of this section, the following definitions shall apply:

(1) "Available" means providing comparable delivery services and packaging specifications as the agency requires from all suppliers of that product. The agency shall not establish specifications that unnecessarily prevent the use of recycled products.

(2) "Fitness and quality" means all specifications required of the product for its specific use, including those required of a manufacturer's warranty, are met. Procuring agencies may set special standards for motor oil used in engines that operate under

extreme conditions, including law enforcement vehicles that run at excessive speeds or for long periods of operation.

(3) "Recycled antifreeze fluid" and "recycled solvents" means having a recycled content of at least 70 percent recycled materials.

(4) (A) "Recycled paint" means having a recycled content consisting of at least 50 percent postconsumer paint. Preconsumer or secondary paint does not qualify as "recycled paint" pursuant to this subparagraph.

(B) If paint containing 50 percent postconsumer content is unavailable, a state agency may substitute paint with the maximum amount of postconsumer content, but not less than 10 percent postconsumer content.

(5) "Rerefined motor oil" means having a base oil content consisting of at least 70 percent rerefined oil.

12171. This article shall remain in effect only until January 1, 2001, and as of that date is repealed, unless a later enacted statute that is enacted before January 1, 2001, deletes or extends that date.

SEC. 12. Section 48620 of the Public Resources Code is amended to read:

48620. "Recycled oil" means recycled oil, as defined in Section 25250.1 of the Health and Safety Code.

SEC. 13. Section 71061 of the Public Resources Code is amended to read:

71061. The secretary shall establish a standardized electronic format and protocol for the exchange of electronic data for the purpose of meeting environmental data reporting or other usage requirements that are imposed pursuant to all of the following laws and regulations adopted pursuant to those laws:

(a) Chapter 6.5 (commencing with Section 25100), including, but not limited to, Article 6 (commencing with Section 25160), Chapter 6.7 (commencing with Section 25280), and Chapter 6.95 (commencing with Section 25500) of Division 20 of the Health and Safety Code.

(b) Article 1 (commencing with Section 42300) of Chapter 4 of Part 4 of Division 26 of the Health and Safety Code.

(c) Division 7 (commencing with Section 13000) of the Water Code.

(d) The Solid Waste Disposal Act (42 U.S.C. Sec. 6901 et seq.).

(e) The Emergency Planning and Community Right-to-Know Act (42 U.S.C. Sec. 11001 et seq.).

(f) Any other law relating to environmental protection, including, but not limited to, hazardous waste, substances, and materials, as determined by the secretary.

SEC. 14. (a) On or before June 30, 1999, the Bureau of State Audits, as established by Section 8543 of the Government Code, in consultation with, and with the cooperation of, the Department of Toxic Substances Control, the California Certified Unified Program Agency (CUPA) Forum, and the State Board of Equalization, shall

evaluate the current generator fee structure prescribed in Section 25205.5 of the Health and Safety Code and the hazardous waste fees charged by Certified Unified Program Agencies pursuant to Section 25404.5 of the Health and Safety Code and shall prepare a report to the Legislature recommending appropriate changes to that structure in order to accomplish the following objectives:

(1) Facilitate and encourage waste reduction and recycling, including both onsite and offsite recycling, and discourage the uncontrolled release and dispersion of hazardous wastes into the environment.

(2) Provide a fair and equitable basis to credit or reduce generator fees based on the payment of fees to other state and local agencies that are authorized to perform hazardous waste generator regulatory functions in lieu of the department. As part of the evaluation and report, the Bureau of State Audits shall do all of the following:

(A) Analyze the generator fees charged pursuant to Section 25205.5 of the Health and Safety Code to determine what services and benefits the department provides to generators and the public for that fee and what other activities, if any, are supported by that fee.

(B) Analyze the hazardous waste fees charged pursuant to Section 25404.5 of the Health and Safety Code to determine what services and benefits the Certified Unified Program Agencies provide to generators and the public for those fees, on a fee-for-service basis, and what other activities, if any, are supported by these fees.

(C) Determine if generators are being charged for duplicative or similar services and benefits by any of these fees.

(D) Evaluate and recommend where economies and equity can be achieved in the provision of services and benefits to generators and the public and the total amount of fees charged to generators.

(3) Develop a simple generator fee structure providing a reasonable, equitable, and appropriate allocation of fees for services and benefits provided by the department and CUPAs or any other entity supported by these fees.

(4) Provide sufficient revenues to support the department's regulatory programs which rely on the hazardous waste generator fees for funding while minimizing the financial impact on the state's industries. If the Bureau of State Audits' recommendations would result in generator fee revenues being reduced to less than 45 percent of the annual total revenues deposited in the Hazardous Waste Control Account in the General Fund, then the bureau shall also recommend an alternative funding source or sources to compensate for the revenue reduction.

(5) Maximize the collection of generator fee revenues which are due and payable to the state.

(b) For purposes of accomplishing the objective specified in paragraph (5) of subdivision (a), the Bureau of State Audits, in consultation with and with the cooperation of the Department of Toxic Substances Control, the California CUPA Forum, and the State

Board of Equalization, shall evaluate the generator fees that are due and payable to the state, as compared to actual generator fee revenues collected, and the reasons for any underpayment of generator fees which are due and payable, and shall include in the generator fee structure report required by the section recommendations to simplify the generator fee system and maximize the payment and collection of these fees.

SEC. 15. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 881

An act to amend Sections 25173.6, 25173.7, 25205.15, 25244.13, 25244.14, 25244.22, and 57000 of, and to add Sections 25244.15.1, 25244.17.1, 25244.17.2, 25244.24, and 57007 to, the Health and Safety Code, relating to environmental protection.

[Approved by Governor September 26, 1998. Filed with Secretary of State September 28, 1998.]

The people of the State of California do enact as follows:

SECTION 1. The purpose of this act is to provide direction and oversight to the Department of Toxic Substances Control for expenditure of one million fifty thousand dollars ($1,050,000) to be appropriated in the annual Budget Act commencing with the 1999–2000 fiscal year for expanded implementation of programs to encourage hazardous waste generators to implement pollution prevention measures. It is the intent of the Legislature that these funds be used to expand the department's source reduction activities beyond existing activities associated with the preparation of source reduction evaluation reviews and plans and to encompass technical assistance and outreach activities on a larger scale for selected industry categories.

SEC. 2. Section 25173.6 of the Health and Safety Code is amended to read:

25173.6. (a) There is in the General Fund the Toxic Substances Control Account, which shall be administered by the director. In addition to any other money that may be appropriated by the Legislature to the Toxic Substances Control Account, all of the following shall be deposited in the account:

(1) The fees collected pursuant to Section 25205.6.

(2) The fees collected pursuant to Section 25187.2, to the extent that those fees are for oversight of a removal or remedial action taken under Chapter 6.8 (commencing with Section 25300) or Chapter 6.85 (commencing with Section 25396).

(3) Any fines or penalties collected pursuant to this chapter, Chapter 6.8 (commencing with Section 25300) or Chapter 6.85 (commencing with Section 25396), except as directed otherwise by Section 25192.

(4) Any interest earned upon money deposited in the Toxic Substances Control Account.

(5) All money recovered pursuant to Section 25360, except recoveries of amounts paid from the Hazardous Substance Cleanup Fund.

(6) All money recovered pursuant to Section 25380.

(7) Any reimbursements for funds expended from the Toxic Substances Control Account for services provided by the department, including, but not limited to, reimbursements required pursuant to Sections 25201.9 and 25343.

(6) For the purchase by the state, or by any local agency with the prior approval of the director, of hazardous substance response equipment and other preparations for response to a release of hazardous substances. However, all equipment shall be purchased in a cost-effective manner after consideration of the adequacy of existing equipment owned by the state or the local agency, and the availability of equipment owned by private contractors.

(7) For payment of all costs of removal and remedial action incurred by the state, or by any local agency with the approval of the director, in response to a release or threatened release of a hazardous substance, to the extent the costs are not reimbursed by the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (42 U.S.C. Sec. 9601, et seq.).

(8) For payment of all costs of actions taken pursuant to subdivision (b) of Section 25358.3, to the extent that these costs are not paid by the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (42 U.S.C. Sec. 9601, et seq.).

(14) For the administration and collection of the fees imposed pursuant to Section 25205.6.

(c) The funds deposited in the Toxic Substances Control Account may be appropriated by the Legislature to the office of the Attorney General for the support of the Toxic Substance Enforcement Program in the office of the Attorney General, in carrying out the purposes of Chapter 6.8 (commencing with Section 25300) and Chapter 6.85 (commencing with Section 25396). Expenditures for the purposes of this subdivision are not subject to an interagency or interdepartmental agreement.

(d) The director shall expend federal funds in the Toxic Substances Control Account consistent with the requirements specified in Section 114 of the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (42 U.S.C. Sec. 9601), upon appropriation by the Legislature, for the purposes for which they were provided to the state.

The loan shall be subject to the repayment provisions of Section 16351 of the Government Code and the interest provisions of Section 16314 of the Government Code.

SEC. 3. Section 25173.7 of the Health and Safety Code is amended to read:

25173.7. (a) It is the intent of the Legislature that funds deposited in the Toxic Substances Control Account shall be appropriated in the annual Budget Act each year in the following manner:

(1) Not less than six million seven hundred fifty thousand dollars ($6,750,000) to the Site Remediation Account in the General Fund for direct site remediation costs, as defined in Section 25337. The amount specified in this paragraph shall be increased in any fiscal year by the amount of increased revenues specified by the Legislature in the Budget Act for that fiscal year pursuant to subdivision (f) of Section 25205.6.

(2) Not less than four hundred thousand dollars ($400,000) to the Expedited Site Remediation Trust Fund in the State Treasury, created pursuant to subdivision (a) of Section 25399.1, for purposes of paying the orphan share of response costs pursuant to Chapter 6.85 (commencing with Section 25396).

(3) Not more than five hundred thousand dollars ($500,000) for purposes of the administration and collection of the fees specified in paragraph (14) of subdivision (b) of Section 25173.6.

Funds not appropriated as specified in paragraphs (1) to (4), inclusive, may be appropriated for any of the purposes specified in subdivision (b) of Section 25173.6, except the purposes specified in subparagraph (C) of paragraph (1) of, and paragraph (14) of, subdivision (b) of Section 25173.6.

(b) The amounts specified in paragraphs (1) to (3), inclusive, of subdivision (a) are the amounts that the Legislature intends to appropriate for the 1998–99 fiscal year for the purposes specified in those paragraphs, and the amount specified in paragraph (4) of subdivision (a) is the amount the Legislature intends to appropriate for the 1999–2000 fiscal year for the purposes specified in that paragraph. Beginning with the 1999–2000 fiscal year, and for each fiscal year thereafter, the amounts specified in paragraphs (1) to (3), inclusive, of subdivision (a), and beginning with the 2000–01 fiscal year, and for each fiscal year thereafter, the amount specified in paragraph (4) of subdivision (a) shall be adjusted annually to reflect increases or decreases in the cost of living during the prior fiscal year, as measured by the Consumer Price Index issued by the Department of Industrial Relations or by a successor agency.

SEC. 4. Section 25205.15 of the Health and Safety Code is amended to read:

25205.15. (a) Except for the first four manifests used in a calendar year by a business with less than 100 employees, and except as provided in subdivision (b), the department shall impose a fee of twelve dollars ($12) for each California Uniform Hazardous Waste Manifest form used on or before June 30, 1998, by any person in the following manner:

(1) The Governor may order the department to refund three-quarters of the amount of manifest fees paid on manifests used during the 1991 calendar year.

(2) (A) On and after the 1992 calendar year, for all manifests used on or before June 30, 1998, the manifest fee shall be assessed on all manifests used in the calendar year ending prior to the start of the fiscal year in which the billing occurs.

(B) Notwithstanding subparagraph (A), the department may bill a person for a manifest used from January 1, 1998, to June 30, 1998, inclusive, during the period beginning January 1, 1999, and ending June 30, 1999, inclusive.

(b) The manifest fee for any manifest that is used on or before June 30, 1998, solely for wastes that are to be recycled is six dollars ($6)

and the total amount of manifest fees paid in a calendar year for these manifests shall not exceed five thousand dollars ($5,000) for each hazardous waste identification number issued either by the department or the Environmental Protection Agency.

(c) Except as provided in paragraph (3), after June 30, 1998, in addition to any fees to cover printing and distribution costs, the department shall impose a manifest fee of seven dollars and fifty cents ($7.50) for each California Hazardous Waste Manifest form or electronic equivalent used after June 30, 1998, by any person, in the following manner:

(1) Except as provided in paragraph (2), on and after July 1, 1998, the department shall bill generators for each California Uniform Hazardous Waste Manifest form, manifest number, or electronic equivalent used after June 30, 1998. The billing frequency specified by the department may range from monthly to annually, with the payment by the generator required within 30 days from the date of receipt of the billing, and shall be determined based on consultation with the regulated community. In preparing the bills, the department shall distinguish between manifests used solely for recycled hazardous wastes and those used for nonrecycled hazardous wastes. In determining the billing frequency, the department may take into account each person's volume of manifest usage.

(2) On or before July 1, 2000, the department shall determine if revenues from the manifest fee as collected pursuant to paragraph (1) will equal or exceed one million seven hundred thousand dollars ($1,700,000) for the 1999–2000 fiscal year. If the department determines that the manifest fee revenues will not equal or exceed one million seven hundred thousand dollars ($1,700,000) for the 1999–2000 fiscal year, the department shall do the following:

(A) Commencing July 1, 2000, implement a system to collect the manifest fee at the time of original sale of the manifest or distribution of manifest numbers or electronic equivalent to users by the department for all manifests that will be used after June 30, 2000.

(B) On or before July 1, 2000, implement a system for the use of manifests that distinguishes between manifests used solely for transporting hazardous wastes that are recycled and manifests used for transporting waste for any other purpose.

(3) (A) The manifest fee shall not be collected on the use of California Hazardous Waste Recycling Manifests that are used after June 30, 1998, solely for hazardous wastes that are recycled.

(B) If a person uses a manifest that reports that it is being used for hazardous wastes that are recycled for other types of hazardous waste, the person shall pay the manifest fee provided for in this subdivision and an additional error correction fee of twenty dollars ($20) per manifest, as required pursuant to Section 25160.5. However, the department shall provide the manifest user with a reasonable opportunity to notify the department of any incorrect use of the recycling manifest and provide the department with the

appropriate manifest fee payment without additional fines, penalties, or payment of the error correction fee.

(4) The department may adopt regulations to implement and administer the manifest fee system imposed pursuant to this subdivision.

(d) The department shall expend the sum of one million dollars ($1,000,000) from the manifest fees deposited in the Hazardous Waste Control Account, upon appropriation by the Legislature in the annual Budget Act, to cover the one-time cost of implementing changes to the hazardous waste manifest tracking system during the 1998–99 fiscal year.

(e) The manifest fees shall be deposited in the Hazardous Waste Control Account and be available for expenditure, upon appropriation by the Legislature.

SEC. 4.5. Section 25205.15 of the Health and Safety Code is amended to read:

25205.15. (a) Except for the first four manifests used in a calendar year by a business with less than 100 employees, and except as provided in subdivision (b), the department shall impose a fee of twelve dollars ($12) for each California Uniform Hazardous Waste Manifest form used on or before June 30, 1998, by any person in the following manner:

(1) The Governor may order the department to refund three-quarters of the amount of manifest fees paid on manifests used during the 1991 calendar year.

(2) (A) On and after the 1992 calendar year, for all manifests used on or before June 30, 1998, the manifest fee shall be assessed on all manifests used in the calendar year ending prior to the start of the fiscal year in which the billing occurs.

(B) Notwithstanding subparagraph (A), the department may bill a person for a manifest used from January 1, 1998, to June 30, 1998, inclusive, during the period beginning January 1, 1999, and ending June 30, 1999, inclusive.

(b) The manifest fee for any manifest that is used on or before June 30, 1998, solely for wastes that are to be recycled is six dollars ($6) and the total amount of manifest fees paid in a calendar year for these manifests shall not exceed five thousand dollars ($5,000) for each hazardous waste identification number issued either by the department or the Environmental Protection Agency.

(c) Except as provided in paragraph (3), after June 30, 1998, in addition to any fees to cover printing and distribution costs, the department shall impose a manifest fee of seven dollars and fifty cents ($7.50) for each California Hazardous Waste Manifest form or electronic equivalent used after June 30, 1998, by any person, in the following manner:

(1) Except as provided in paragraph (2), on and after July 1, 1998, the department shall bill generators for each California Uniform Hazardous Waste Manifest form, manifest number, or electronic

equivalent used after June 30, 1998. The billing frequency specified by the department may range from monthly to annually, with the payment by the generator required within 30 days from the date of receipt of the billing, and shall be determined based on consultation with the regulated community. In preparing the bills, the department shall distinguish between manifests used solely for recycled hazardous wastes and those used for nonrecycled hazardous wastes. In determining the billing frequency, the department may take into account each person's volume of manifest usage.

(2) On or before July 1, 2000, the department shall determine if revenues from the manifest fee as collected pursuant to paragraph (1) will equal or exceed one million seven hundred thousand dollars ($1,700,000) for the 1999–2000 fiscal year. If the department determines that the manifest fee revenues will not equal or exceed one million seven hundred thousand dollars ($1,700,000) for the 1999–2000 fiscal year, the department shall instead, commencing July 1, 2000, implement a system to collect the manifest fee at the time of original sale of the manifest or distribution of manifest numbers or electronic equivalent to users by the department for all manifests that will be used after June 30, 2000. In developing this system, the department shall consult with the regulated community and shall take into consideration the potential economic effects that a system of collecting manifest fees at the point of original sale may have on generators and transporters.

(3) (A) The manifest fee shall not be collected on the use of California Hazardous Waste Recycling Manifests that are used solely for hazardous wastes that are recycled.

(B) On and after January 1, 1999, the manifest fee for each California Uniform Hazardous Waste Manifest form used after December 31, 1998, solely for hazardous waste derived from air compliance solvents, shall be three dollars and fifty cents ($3.50). This fee is in addition to any fees charged to cover printing and distribution costs.

(4) The department shall implement a system for the use of manifests that, after January 1, 1999, distinguishes among recycling manifests used solely for hazardous wastes that are to be recycled, manifests used solely to transport hazardous waste derived from air compliance solvents, and general manifests that may be used for transporting waste for any purpose.

(5) (A) If a person erroneously reports on a California Uniform Hazardous Waste Manifest that the manifest is being used for the transport of hazardous wastes that are being shipped for recycling or for the transport of hazardous wastes derived from air compliance solvents rather than the transport of other types of hazardous waste, the person shall pay the seven dollars and fifty cents ($7.50) manifest fee and an additional error correction fee of twenty dollars ($20) per manifest, as required pursuant to Section 25160.5.

(B) Notwithstanding subparagraph (A), the department shall provide the manifest user with a reasonable opportunity to notify the department of any incorrect use of a manifest, as described in subparagraph (A), and to provide the department with the appropriate manifest fee payment without additional fines, penalties, or payment of the error correction fee.

(6) The department may adopt regulations to implement and administer the manifest fee system imposed pursuant to this subdivision.

(d) (1) The department shall expend the sum of one million dollars ($1,000,000) from the manifest fees deposited in the Hazardous Waste Control Account, upon appropriation by the Legislature in the annual Budget Act, to cover the one-time cost of implementing changes to the hazardous waste manifest tracking system during the 1998–99 fiscal year.

(2) On and after July 1, 1999, commencing with 1999–2000 fiscal year and annually thereafter, the department shall expend, upon appropriation by the Legislature in the annual Budget Act, not less than one million fifty thousand dollars ($1,050,000) from the manifest fees, deposited in the Hazardous Waste Control Account, to establish a program to encourage hazardous waste generators to implement pollution prevention measures. The program shall be administered pursuant to administrative and expenditure criteria to be established by the Legislature.

(e) The manifest fees shall be deposited in the Hazardous Waste Control Account and be available for expenditure, upon appropriation by the Legislature.

(f) For purposes of this section, "air compliance solvent" means a solvent, including aqueous solutions, that are required or approved for use by regulations adopted by the State Air Resources Board, an air pollution control district, or an air quality management district, to meet air emission standards adopted by that board or district and, pursuant to those regulations, is required to be used instead of another solvent that was used and recycled prior to the adoption of those regulations.

SEC. 5. Section 25244.13 of the Health and Safety Code is amended to read:

25244.13. The Legislature finds and declares as follows:

(a) Existing law requires the department and the State Water Resources Control Board to promote the reduction of generated hazardous waste. This policy, in combination with hazardous waste land disposal bans, requires the rapid development of new programs and incentives for achieving the goal of optimal minimization of the generation of hazardous wastes. Substantial improvements and additions to the state's hazardous waste reduction program are required to be made if these goals are to be achieved.

(b) Hazardous waste source reduction provides substantial benefits to the state's economy by maximizing use of materials,

avoiding generation of waste materials, improving business efficiency, enhancing revenues of companies that provide products and services in the state, increasing the economic competitiveness of businesses located in the state, and protecting the state's precious and valuable natural resources.

(c) It is the intent of the Legislature to expand the state's hazardous waste source reduction activities beyond those directly associated with source reduction evaluation reviews and plans. The expanded program, which is intended to accelerate reduction in hazardous waste generation, shall include programs to promote implementation of source reduction measures using education, outreach, and other effective voluntary techniques demonstrated in California or other states.

(d) It is the intent of the Legislature for the department to maximize the use of its available resources in implementing the expanded source reduction program through cooperation with other entities, including, but not limited to, CUPAs, small business development corporations, business environmental assistance centers, and other regional and local government environmental programs. To the extent feasible, the department shall utilize cooperative programs with entities that routinely contact small business to expand its support of small business source reduction activities.

(e) It is the goal of this article to do all of the following:

(1) Reduce the generation of hazardous waste.

(2) Reduce the release into the environment of chemical contaminants which have adverse and serious health or environmental effects.

(3) Document hazardous waste management information and make that information available to state and local government.

(f) It is the intent of this article to promote the reduction of hazardous waste at its source, and wherever source reduction is not feasible or practicable, to encourage recycling. Where it is not feasible to reduce or recycle hazardous waste, the waste should be treated in an environmentally safe manner to minimize the present and future threat to health and the environment.

(g) It is the intent of the Legislature not to preclude the regulation of environmentally harmful releases to all media, including air, land, surface water, and groundwater, and to encourage and promote the reduction of these releases to air, land, surface water, and groundwater.

(h) It is the intent of the Legislature to encourage all state departments and agencies, especially the State Water Resources Control Board, the California regional water quality control boards, the State Air Resources Board, the air pollution control districts, and the air quality management districts, to promote the reduction of environmentally harmful releases to all media.

(1) The Standard Industrial Classification (SIC) system established by the United States Department of Commerce.

(2) The North American Industry Classification System (NAICS) adopted by the United States Census Bureau.

(b) Each corporation of a type identified in the schedule adopted pursuant to subdivision (a) shall pay an annual fee, which shall be set at two hundred dollars ($200) for those corporations with 50 or more employees, but less than 75 employees, three hundred fifty dollars ($350) for those corporations with 75 or more employees, but less than 100 employees, seven hundred dollars ($700) for those corporations with 100 or more employees, but less than 250 employees, one thousand five hundred dollars ($1,500) for those corporations with 250 or more employees, but less than 500 employees, two thousand eight hundred dollars ($2,800) for those corporations with 500 or more employees, but less than 1,000 employees, and nine thousand five hundred dollars ($9,500) for those corporations with 1,000 or more employees.

(c) The fee imposed pursuant to this section shall be paid by each corporation that is identified in the schedule adopted pursuant to subdivision (a) in accordance with Part 22 (commencing with Section 43001) of Division 2 of the Revenue and Taxation Code and shall be deposited in the Toxic Substances Control Account. The revenues shall be available, upon appropriation by the Legislature, for the purposes specified in subdivision (b) of Section 25173.6.

(d) For purposes of this section, the number of employees employed by a corporation is the number of persons employed in this state for more than 500 hours during the calendar year preceding the calendar year in which the fee is due.

(e) The fee rates specified in subdivision (b) are the rates for the 1998 calendar year. Beginning with the 1999 calendar year, and for each calendar year thereafter, the board shall adjust the rates annually to reflect increases or decreases in the cost of living during the prior fiscal year, as measured by the Consumer Price Index issued by the Department of Industrial Relations or by a successor agency.

(f) Pursuant to paragraph (3) of subsection (c) of Section 104 of the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (42 U.S.C. Sec. 9404(c)(3)), the state is obligated, as authorized by paragraph (2) of subdivision (a) of Section 25351, to pay specified costs of removal and remedial actions carried out pursuant to the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (42 U.S.C. Sec. 9601, et seq.). The fee rates specified in subdivision (b) are intended to provide sufficient revenues to fund the purposes of subdivision (b) of Section 25173.6, including appropriations in any given fiscal year of three million three hundred thousand dollars ($3,300,000) to fund the state's obligation pursuant to paragraph (3) of subsection (c) of Section 104 of the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (42 U.S.C. Sec. 9404(c)(3)). If the department determines that the state's obligation under paragraph (3) of subsection (c) of Section 104 of the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (42 U.S.C. Sec. 9404(c)(3)) will exceed three million three hundred thousand dollars ($3,300,000) in any fiscal year, the department shall report that determination to the Legislature in the Governor's Budget. If, as part of the Budget Act deliberations, the Legislature concurs with the department's determination, the Legislature shall specify in the annual Budget Act those pro rata changes to the fee rates specified in subdivision (b) that will increase revenues in the next calendar year as necessary to fund the state's increased obligations. However, the Legislature shall not specify fee rates in the annual Budget Act that increase revenues in an amount greater than eight million two hundred thousand dollars ($8,200,000) above the revenues provided by the fee rates specified in subdivision (b). Any changes in the fee rates approved by the Legislature in the

annual Budget Act pursuant to this subdivision shall have effect only on the fee payment that is due and payable by the end of February in the fiscal year for which that annual Budget Act is enacted.

(g) This section does not apply to nonprofit corporations primarily engaged in the provision of residential social and personal care for children, the aged, and special categories of persons with some limits on their ability for self-care, as described in SIC Code 8361 of the Standard Industrial Classification (SIC) Manual published by the United States Office of Management and Budget, 1987 edition.

SEC. 8. Section 25205.7 of the Health and Safety Code, as amended by Section 22 of Chapter 870 of the Statutes of 1997, is amended to read:

25205.7. (a) (1) Except as otherwise provided in this section, any person who applies for, or requests, one of the following shall enter into a written agreement with the department pursuant to which that person shall reimburse the department, pursuant to Article 9.2 (commencing with Section 25206.1), for the costs incurred by the department in processing the application or responding to the request:

(A) A new hazardous waste facilities permit, including a standardized permit.

(B) A hazardous waste facilities permit for postclosure.

(C) A renewal of an existing hazardous waste facilities permit, including a standardized permit or postclosure permit.

(D) A class 2 or class 3 modification of an existing hazardous waste facilities permit or grant of interim status, including a standardized permit or grant of interim status or a postclosure permit.

(E) A variance.

(F) A waste classification determination.

(2) Any agreement required pursuant to paragraph (1) may provide for some, or all, of the reimbursement to be made in advance of the processing of the application or the response to the request.

(3) Any agreement entered into pursuant to this subdivision may include costs of reviewing and overseeing corrective action as set forth in subdivision (b).

(4) This subdivision does not apply to any application or request submitted to the department prior to July 1, 1998. Any person who submitted such an application or request shall pay the applicable fee, if not already paid, for the application or request as required by this chapter as it read prior to January 1, 1998, unless the department and the applicant or requester mutually agree to enter into a reimbursement agreement in lieu of any unpaid portion of the required fee.

(b) The department shall recover all the department's costs in reviewing and overseeing any corrective action program described in the application for a standardized permit pursuant to subparagraph (C) of paragraph (2) of subdivision (c) of Section 25201.6 or required pursuant to subdivision (b) of Section 25200.10,

and in reviewing and overseeing any corrective action work undertaken at the facility pursuant to that corrective action program.

(c) Any reimbursements received pursuant to this section shall be placed in the Hazardous Waste Control Account for appropriation in accordance with Section 25174.

(d) (1) In lieu of entering into a reimbursement agreement with the department pursuant to subdivision (a), any person who applies for a new permit, a permit for postclosure, a renewal of an existing permit, or a class 2 or class 3 permit modification may instead elect to pay a fee as follows:

(A) A person submitting a hazardous waste facilities permit application for a land disposal facility shall pay one hundred four thousand one hundred eighty-seven dollars ($104,187) for a small facility, two hundred twenty-two thousand one hundred eighty-three dollars ($222,183) for a medium facility, and three hundred eighty-one thousand six hundred two dollars ($381,602) for a large facility.

(B) A person submitting a hazardous waste facilities permit application for any incinerator shall pay sixty-two thousand seven hundred sixty-two dollars ($62,762) for a small facility, one hundred thirty-three thousand sixty dollars ($133,060) for a medium facility, and two hundred twenty-eight thousand four hundred fifty-eight dollars ($228,458) for a large facility.

(C) Except as provided in subparagraph (D), a person submitting a hazardous waste facility permit application for a storage facility, a treatment facility, or a storage and treatment facility shall pay twenty-one thousand three hundred forty dollars ($21,340) for a small facility, thirty-eight thousand nine hundred thirteen dollars ($38,913) for a medium facility, and seventy-five thousand three hundred seventeen dollars ($75,317) for a large facility.

(D) A person submitting an application for a standardized permit for a storage facility, a treatment facility, or a storage and treatment facility, as specified in Section 25201.6, shall pay thirty-two thousand fifty-two dollars ($32,052) for a Series A standardized permit, twenty thousand eleven dollars ($20,011) for a Series B standardized permit, and five thousand three hundred thirty-two dollars ($5,332) for a Series C standardized permit. The board shall assess the fees specified in this subparagraph, in accordance with paragraph (2), based upon the classifications specified in subdivision (a) of Section 25201.6.

(E) (i) A person submitting a hazardous waste facilities permit application for a transportable treatment unit shall pay sixteen thousand three hundred twenty dollars ($16,320) for a small unit, thirty-seven thousand six hundred fifty-seven dollars ($37,657) for a medium unit, and seventy-five thousand three hundred seventeen dollars ($75,317) for a large unit.

(ii) Notwithstanding clause (i), the fee for any application for a new permit, permit modification, or permit renewal for a transportable treatment unit, that was pending before the

department as of January 1, 1996, shall be determined according to the type of permit authorizing operation of that unit, as provided by subdivision (d) of Section 25200.2 or the regulations adopted pursuant to subdivision (a) of Section 25200.2. Any standardized permit issued to the operator of a transportable treatment unit after January 1, 1996, that succeeds a full hazardous waste facilities permit issued by the department prior to January 1, 1996, in accordance with subdivision (d) of Section 25200.2 or the regulations adopted pursuant to subdivision (a) of Section 25200.2, shall not be considered to be a new hazardous waste facilities permit.

(F) A person submitting a hazardous waste facilities permit application for a postclosure permit shall pay a fee of ten thousand forty dollars ($10,040) for a small facility, twenty-two thousand five hundred ninety-six dollars ($22,596) for a medium facility, and thirty-seven thousand six hundred fifty-seven dollars ($37,657) for a large facility.

(G) A person submitting an application for one or more class 2 permit modifications, including a class 2 modification to a standardized permit, shall pay a fee equal to 20 percent of the fee for a new permit for that facility for each unit directly impacted by the modifications, up to a maximum of 40 percent for each application, except that each person who applies for one or more class 2 permit modifications for a land disposal facility or an incinerator shall pay a fee equal to 15 percent of the fee for a new permit for that facility for each unit directly impacted by the modifications, up to a maximum of 30 percent for each application.

(H) A person submitting an application for one or more class 3 permit modifications, including a class 3 modification to a standardized permit, shall pay a fee equal to 40 percent of the fee for a new permit for that facility for each unit directly impacted by the modifications, up to a maximum of 80 percent for each application, except that a person who applies for one or more class 3 permit modifications for a land disposal facility or an incinerator shall pay a fee equal to 30 percent of the fee for a new permit for that facility for each unit directly impacted by the modifications, up to a maximum of 60 percent for each application.

(I) A person who submits an application for renewal of any existing permit shall pay an amount equal to the fee that would have been assessed had the person requested the same changes in a modification application, but not less than one-half the fee required for a new permit.

(J) A person who submits a single application for a facility that falls within more than one fee category shall pay only the higher fee.

(2) The fees required by paragraph (1) shall be assessed by the board upon application to the department. For a facility operating pursuant to a grant of interim status, the submittal of the application shall be the submittal of the Part B application in accordance with regulations adopted by the department. The fee shall be

nonrefundable, even if the application is withdrawn or denied. The department shall provide the board with any information that is necessary to assess fees pursuant to this section. The fee shall be collected in accordance with Part 22 (commencing with Section 43001) of Division 2 of the Revenue and Taxation Code, and deposited into the Hazardous Waste Control Account.

(3) The amounts stated in this subdivision are the base rates for the 1997 calendar year. Thereafter, the fees shall be adjusted annually by the board to reflect increases or decreases in the cost of living, during the prior fiscal year, as measured by the Consumer Price Index issued by the Department of Industrial Relations, or a successor agency.

(4) Except as provided in paragraph (5), for purposes of this section, and notwithstanding Section 25205.1, any facility or unit is "small" if it manages 0.5 tons (1,000 pounds) or less of hazardous waste during any one month of the state's current fiscal year, "medium" if it manages more than 0.5 tons (1,000 pounds), but less than 1,000 tons, of hazardous waste during any one month of the state's current fiscal year, and "large" if it manages 1,000 or more tons of hazardous waste during any one month of the state's current fiscal year.

(5) For purposes of subparagraph (F) of paragraph (1) of this subdivision and paragraph (8) of subdivision (c) of Section 25205.4, any facility or unit is "small" if 0.5 tons (1,000 pounds) or less of hazardous waste remain after closure, "medium" if more than 0.5 tons (1,000 pounds), but less than 1,000 tons of hazardous waste remain after closure, and "large" if 1,000 or more tons of hazardous waste remain after closure.

(6) The amounts stated in this subdivision are in addition to any amounts required to reimburse the department for the corrective action review and oversight costs required to be recovered pursuant to subdivision (b).

(e) Subdivision (a) does not apply to any variance granted pursuant to Article 4 (commencing with Section 66263.40) of Chapter 13 of Division 4.5 of Title 22 of the California Code of Regulations.

(f) Subdivisions (a) and (d) do not apply to a permit modification resulting from a revision of a facility's or operator's closure plan if the facility is exempted from fees pursuant to subdivision (e) of Section 25205.3, or if the operator is subject to paragraph (2) or (3) of subdivision (d) of Section 25205.2.

(g) (1) Except as provided in paragraphs (3) and (4), subdivisions (a) and (d) do not apply to any permit or variance to operate a research, development, and demonstration facility, if the duration of the permit or variance is not longer than one year, unless the permit or variance is renewed pursuant to the regulations adopted by the department.

(2) For purposes of this section, a "research, development, and demonstration facility" is a facility which proposes to utilize an

innovative and experimental hazardous waste treatment technology or process for which regulations prescribing permit standards have not been adopted.

(3) The exemption provided by this subdivision does not apply to a facility which operates as a medium or large multiuser offsite commercial hazardous waste facility and which does not otherwise possess a hazardous waste facilities permit pursuant to Section 25200.

(4) The fee exemption authorized pursuant to paragraph (1) shall be effective for a total duration of not more than two years.

(h) Subdivisions (a) and (d) do not apply to any of the following:

(1) Any variance issued to a public agency to transport wastes for purposes of operating a household hazardous waste collection facility, or to transport waste from a household hazardous waste collection facility, which receives household hazardous waste or hazardous waste from conditionally exempted small quantity generators pursuant to Article 10.8 (commencing with Section 25218).

(2) A permanent household hazardous waste collection facility.

(3) Any variance issued to a public agency to conduct a collection program for agricultural wastes.

(i) Notwithstanding subdivisions (a) and (b), the department shall not assess any fees or seek any reimbursement for the department's costs in reviewing and overseeing any preliminary site assessment in conjunction with a hazardous waste facilities permit application.

(j) The changes made in this section by Chapter 870 of the Statutes of 1997 do not require amendment of, or otherwise affect, any agreement entered into prior to July 1, 1998, pursuant to which any person has agreed to reimburse the department for the costs incurred by the department in processing applications, responding to requests, or otherwise providing other services pursuant to this chapter.

SEC. 9. Section 25205.15 of the Health and Safety Code is amended to read:

25205.15. (a) Except for the first four manifests used in a calendar year by a business with less than 100 employees, and except as provided in subdivision (b), the department shall impose a fee of twelve dollars ($12) for each California Uniform Hazardous Waste Manifest form used on or before June 30, 1998, by any person in the following manner:

(1) The Governor may order the department to refund three-quarters of the amount of manifest fees paid on manifests used during the 1991 calendar year.

(2) (A) On and after the 1992 calendar year, for all manifests used on or before June 30, 1998, the manifest fee shall be assessed on all manifests used in the calendar year ending prior to the start of the fiscal year in which the billing occurs.

(B) Notwithstanding subparagraph (A), the department may bill a person for a manifest used from January 1, 1998, to June 30, 1998,

inclusive, during the period beginning January 1, 1999, and ending June 30, 1999, inclusive.

(b) The manifest fee for any manifest that is used on or before June 30, 1998, solely for wastes that are to be recycled is six dollars ($6) and the total amount of manifest fees paid in a calendar year for these manifests shall not exceed five thousand dollars ($5,000) for each hazardous waste identification number issued either by the department or the Environmental Protection Agency.

(c) Except as provided in paragraph (3), after June 30, 1998, in addition to any fees to cover printing and distribution costs, the department shall impose a manifest fee of seven dollars and fifty cents ($7.50) for each California Hazardous Waste Manifest form or electronic equivalent used after June 30, 1998, by any person, in the following manner:

(1) Except as provided in paragraph (2), on and after July 1, 1998, the department shall bill generators for each California Uniform Hazardous Waste Manifest form, manifest number, or electronic equivalent used after June 30, 1998. The billing frequency specified by the department may range from monthly to annually, with the payment by the generator required within 30 days from the date of receipt of the billing, and shall be determined based on consultation with the regulated community. In preparing the bills, the department shall distinguish between manifests used solely for recycled hazardous wastes and those used for nonrecycled hazardous wastes. In determining the billing frequency, the department may take into account each person's volume of manifest usage.

(2) On or before July 1, 2000, the department shall determine if revenues from the manifest fee as collected pursuant to paragraph (1) will equal or exceed one million seven hundred thousand dollars ($1,700,000) for the 1999–2000 fiscal year. If the department determines that the manifest fee revenues will not equal or exceed one million seven hundred thousand dollars ($1,700,000) for the 1999–2000 fiscal year, the department shall do the following:

(A) Commencing July 1, 2000, implement a system to collect the manifest fee at the time of original sale of the manifest or distribution of manifest numbers or electronic equivalent to users by the department for all manifests that will be used after June 30, 2000.

(B) On or before July 1, 2000, implement a system for the use of manifests that distinguishes between manifests used solely for transporting hazardous wastes that are recycled and manifests used for transporting waste for any other purpose.

(3) (A) The manifest fee shall not be collected on the use of California Hazardous Waste Recycling Manifests that are used after June 30, 1998, solely for hazardous wastes that are recycled.

(B) If a person uses a manifest that reports that it is being used for hazardous wastes that are recycled for other types of hazardous waste, the person shall pay the manifest fee provided for in this subdivision and an additional error correction fee of twenty dollars

($20) per manifest, as required pursuant to Section 25160.5. However, the department shall provide the manifest user with a reasonable opportunity to notify the department of any incorrect use of the manifest and provide the department with the appropriate manifest fee payment without additional fines, penalties, or payment of the error correction fee.

(4) The department may adopt regulations to implement and administer the manifest fee system imposed pursuant to this subdivision.

(d) The department shall expend the sum of one million dollars ($1,000,000) from the manifest fees deposited in the Hazardous Waste Control Account, upon appropriation by the Legislature in the annual Budget Act, to cover this one-time cost of implementing changes to the hazardous waste manifest tracking system during the 1998–99 fiscal year.

(e) The manifest fees shall be deposited in the Hazardous Waste Control Account and be available for expenditure, upon appropriation by the Legislature.

SEC. 9.5. Section 25205.15 of the Health and Safety Code is amended to read:

25205.15. (a) Except for the first four manifests used in a calendar year by a business with less than 100 employees, and except as provided in subdivision (b), the department shall impose a fee of twelve dollars ($12) for each California Uniform Hazardous Waste Manifest form used on or before June 30, 1998, by any person in the following manner:

(1) The Governor may order the department to refund three-quarters of the amount of manifest fees paid on manifests used during the 1991 calendar year.

(2) (A) On and after the 1992 calendar year, for all manifests used on or before June 30, 1998, the manifest fee shall be assessed on all manifests used in the calendar year ending prior to the start of the fiscal year in which the billing occurs.

(B) Notwithstanding subparagraph (A), the department may bill a person for a manifest used from January 1, 1998, to June 30, 1998, inclusive, during the period beginning January 1, 1999, and ending June 30, 1999, inclusive.

(b) The manifest fee for any manifest that is used on or before June 30, 1998, solely for wastes that are to be recycled is six dollars ($6) and the total amount of manifest fees paid in a calendar year for these manifests shall not exceed five thousand dollars ($5,000) for each hazardous waste identification number issued either by the department or the Environmental Protection Agency.

(c) Except as provided in paragraph (3), after June 30, 1998, in addition to any fees to cover printing and distribution costs, the department shall impose a manifest fee of seven dollars and fifty cents ($7.50) for each California Hazardous Waste Manifest form or

electronic equivalent used after June 30, 1998, by any person, in the following manner:

(1) Except as provided in paragraph (2), on and after July 1, 1998, the department shall bill generators for each California Uniform Hazardous Waste Manifest form, manifest number, or electronic equivalent used after June 30, 1998. The billing frequency specified by the department may range from monthly to annually, with the payment by the generator required within 30 days from the date of receipt of the billing, and shall be determined based on consultation with the regulated community. In preparing the bills, the department shall distinguish between manifests used solely for recycled hazardous wastes and those used for nonrecycled hazardous wastes. In determining the billing frequency, the department may take into account each person's volume of manifest usage.

(2) On or before July 1, 2000, the department shall determine if revenues from the manifest fee as collected pursuant to paragraph (1) will equal or exceed one million seven hundred thousand dollars ($1,700,000) for the 1999–2000 fiscal year. If the department determines that the manifest fee revenues will not equal or exceed one million seven hundred thousand dollars ($1,700,000) for the 1999–2000 fiscal year, the department shall instead, commencing July 1, 2000, implement a system to collect the manifest fee at the time of original sale of the manifest or distribution of manifest numbers or electronic equivalent to users by the department for all manifests that will be used after June 30, 2000. In developing this system, the department shall consult with the regulated community and shall take into consideration the potential economic effects that a system of collecting manifest fees at the point of original sale may have on generators and transporters.

(3) (A) The manifest fee shall not be collected on the use of California Hazardous Waste Recycling Manifests that are used solely for hazardous wastes that are recycled.

(B) On and after January 1, 1999, the manifest fee for each California Uniform Hazardous Waste Manifest form used after December 31, 1998, solely for hazardous waste derived from air compliance solvents, shall be three dollars and fifty cents ($3.50) This is in addition to any fees charged to cover printing and distribution costs.

(4) The department shall implement a system for the use of manifests that, after January 1, 1999, distinguishes among recycling manifests used solely for hazardous wastes that are to be recycled, manifests used solely to transport hazardous waste derived from air compliance solvents, and general manifests that may be used for transporting waste for any purpose.

(5) (A) If a person erroneously reports on a California Uniform Hazardous Waste Manifest that the manifest is being used for the transport of hazardous wastes that are being shipped for recycling or for the transport of hazardous wastes derived from air compliance

solvents rather than the transport of other types of hazardous waste, the person shall pay the seven dollars and fifty cents ($7.50) manifest fee and an additional error correction fee of twenty dollars ($20) per manifest, as required pursuant to Section 25160.5.

(B) Notwithstanding subparagraph (A) the department shall provide the manifest user with a reasonable opportunity to notify the department of any incorrect use of the recycling manifest, as described in subparagraph (A), and to provide the department with the appropriate manifest fee payment without additional fines, penalties, or payment of the error correction fee.

(6) The department may adopt regulations to implement and administer the manifest fee system imposed pursuant to this subdivision.

(d) (1) The department shall expend the sum of one million dollars ($1,000,000) from the manifest fees deposited in the Hazardous Waste Control Account, upon appropriation by the Legislature in the annual Budget Act, to cover the one-time cost of implementing changes to the hazardous waste manifest tracking system during the 1998–99 fiscal year.

(2) On and after July 1, 1999, commencing with 1999–2000 fiscal year and annually thereafter, the department shall expend, upon appropriation by the Legislature in the annual Budget Act, not less than one million fifty thousand dollars ($1,050,000) from the manifest fees, deposited in the Hazardous Waste Control Account, to establish a program to encourage hazardous waste generators to implement pollution prevention measures. The program shall be administered pursuant to administrative and expenditure criteria to be established by the Legislature.

(e) The manifest fees shall be deposited in the Hazardous Waste Control Account and be available for expenditure, upon appropriation by the Legislature.

(f) For purposes of this section, "air compliance solvent" means a solvent, including aqueous solutions, that are required or approved for use by regulations adopted by the State Air Resources Board, an air pollution control district, or an air quality management district, to meet air emission standards adopted by that board or district and, pursuant to those regulations, is required to be used instead of another solvent that was used and recycled prior to the adoption of those regulations.

SEC. 10. Section 25354 of the Health and Safety Code is amended to read:

25354. (a) There is hereby continuously appropriated from the state account to the department the sum of one million dollars ($1,000,000) for each fiscal year as a reserve account for emergencies, notwithstanding Section 13340 of the Government Code. The department shall expend moneys available in the reserve account only for the purpose of taking immediate corrective action necessary to remedy or prevent an emergency resulting from a fire or an

explosion of, or human exposure to, hazardous substances caused by the release or threatened release of a hazardous substance.

(b) (1) Notwithstanding any other provision of law, the department may enter into written contracts for corrective action taken or to be taken pursuant to subdivision (a).

(2) Notwithstanding any other provision of law, the department may enter into oral contracts, not to exceed ten thousand dollars ($10,000) in obligation, when, in the judgment of the department, immediate corrective action is necessary to remedy or prevent an emergency specified in subdivision (a).

(3) The contracts made pursuant to this subdivision, whether written or oral, may include provisions for the rental of tools or equipment, either with or without operators furnished, and for the furnishing of labor and materials necessary to accomplish the work.

(4) If the department finds that the corrective action includes the relocation of individuals, the department may contract with those individuals for out-of-pocket expenses incurred in moving for an amount of not more than one thousand dollars ($1,000).

(c) The department shall include in the biennial report specified in Section 25178 an accounting of the moneys expended pursuant to this section. Once the appropriation made pursuant to subdivision (a) is fully expended, the director may file a report with the Legislature if it is in session or, if it is not in session, with the Committee on Rules of the Assembly and the Senate as to the moneys expended pursuant to this section. The Legislature may appropriate moneys from the state account, in addition to those moneys appropriated pursuant to subdivision (a), to the department for the purpose of taking corrective action pursuant to subdivision (a).

(d) Except as provided in subdivision (c), the amount deposited in the reserve account and appropriated pursuant to this section shall not exceed one million dollars ($1,000,000) in any fiscal year. On June 30 of each year, the unencumbered balance of the reserve account shall revert to and be deposited in the state account.

SEC. 11. Section 25354.5 of the Health and Safety Code, as amended by Section 45 of Chapter 870 of the Statutes of 1997, is amended to read:

25354.5. (a) Any state or local law enforcement officer or investigator or other law enforcement agency employee who, in the course of an official investigation or enforcement action regarding the manufacture of any illegal controlled substance, comes in contact with, or is aware of, the presence of a substance that the person suspects is a hazardous substance at a site where an illegal controlled substance is or was manufactured, shall notify the department for the purpose of taking removal action, as necessary, to prevent, minimize, or mitigate damage that might otherwise result from the release or threatened release of the hazardous substance, except for samples required to be kept for evidentiary purposes.

(b) (1) Notwithstanding any other provision of law, upon receipt of a notification pursuant to subdivision (a), the department shall take removal action, as necessary, with respect to any hazardous substance that is an illegal controlled substance, a precursor of a controlled substance, a material intended to be used in the unlawful manufacture of a controlled substance, or a waste material from the unlawful manufacture of a controlled substance. The department may expend funds appropriated from the Illegal Drug Lab Cleanup Account created pursuant to subdivision (e) to pay the costs of removal actions required by this section. The department may enter into oral contracts, not to exceed ten thousand dollars ($10,000) in obligation, when, in the judgment of the department, immediate corrective action to a hazardous substance subject to this section is necessary to remedy or prevent an emergency.

(2) The department shall, as soon as the information is available, report the location of any removal action that will be carried out pursuant to paragraph (1), and the time that the removal action will be carried out, to the local environmental health officer within whose jurisdiction the removal action will take place, if the local environmental officer does both of the following:

(A) Requests, in writing, that the department report this information to the local environmental health officer.

(B) Provides the department with a single 24-hour telephone number to which the information can be reported.

(c) (1) For purposes of Chapter 6.5 (commencing with Section 25100) or this chapter, any person who is found to have operated a site for the purpose of manufacturing an illegal controlled substance or a precursor of an illegal controlled substance is the generator of any hazardous substance at, or released from, the site that is subject to removal action pursuant to this section.

(2) During the removal action, for purposes of complying with the manifest requirements in Section 25160, the department, the county health department, the local environmental health officer, or their designee may sign the hazardous waste manifest as the generator of the hazardous waste. In carrying out that action, the department, the county health department, the local environmental health officer, or their designee shall be considered to have acted in furtherance of their statutory responsibilities to protect the public health and safety and the environment from the release, or threatened release, of hazardous substances, and the department, the county health department, the local environmental health officer, or their designee are not responsible parties for the release or threatened release of the hazardous substances.

(3) The officer, investigator, or agency employee specified in subdivision (a) is not a responsible party for the release or threatened release of any hazardous substances at, or released from, the site.

(d) The department may adopt regulations to implement this section in consultation with appropriate law enforcement and local environmental agencies.

(e) The Illegal Drug Lab Cleanup Account is hereby created in the General Fund and the department may expend any money in the account, upon appropriation by the Legislature, to carry out the removal actions required by this section. The account shall be funded by moneys appropriated directly from the General Fund.

(f) The responsibilities assigned to the department by the act adding this subdivision apply only to the extent that sufficient funding is made available for that purpose.

SEC. 12. Section 43055 is added to the Revenue and Taxation Code, to read:

The surcharge imposed pursuant to Section 25205.9 of the Health and Safety Code, as that section read on December 31, 1997, and was repealed by Section 24 of Chapter 870 of the Statutes of 1997, shall be administered and collected by the board in accordance with this part, with regards to any amounts due and payable on or before February 28, 1998.

SEC. 13. Section 43551 of the Revenue and Taxation Code is amended to read:

43551. All taxes, interest, and penalties imposed and all amounts of tax required to be paid to the state pursuant to Sections 43051, 43053, and 43055, shall be paid to the board in the form of remittances payable to the State Board of Equalization of the State of California. The board shall transmit the payments to the Treasurer to be deposited in the State Treasury to the credit of the Hazardous Waste Control Account.

SEC. 15. Section 53 of Chapter 870 of the Statutes of 1997 is amended to read:

Sec. 53. (a) The Legislature hereby finds and declares all of the following:

(1) Section 25385.8 of the Health and Safety Code requires that five million dollars ($5,000,000) be transferred annually from the Hazardous Substance Account to the Superfund Bond Trust Fund to be held in reserve and provides that money deposited in the Hazardous Substance Clearing Account may be used only to pay the principal of, and interest on, the bonds issued and sold pursuant to Article 7.5 (commencing with Section 25385) of Chapter 6.8 of Division 20 of the Health and Safety Code.

(2) Notwithstanding Section 25358.8 of the Health and Safety Code, Item 4260-016-826 of the Budget Act of 1991 (Chapter 118 of the Statutes of 1991) directed the Controller, upon approval of the Department of Finance, to transfer not less than twenty million dollars ($20,000,000) from the Superfund Bond Trust Fund to the General Fund to balance the budget for the 1991–92 fiscal year. In accordance with the Budget Act of 1991, the Controller transferred twenty million dollars ($20,000,000) from the Superfund Bond Trust Fund to the General Fund on June 2, 1992.

(3) The transfer of funds described in paragraph (2) will cause a shortfall in funds needed to repay the principal of, and interest on, the bonds issued and sold pursuant to Article 7.5 (commencing with Section 25385) of Chapter 6.8 of Division 20 of the Health and Safety Code beginning with the 1998–99 fiscal year. Because of the impending shortfall, the Legislature finds that the General Fund should reimburse the Superfund Bond Trust Fund for the money transferred pursuant to Item 4260-016-826 of the Budget Act of 1991, plus interest at the applicable State Surplus Money Investment Fund interest rate, for all periods during which the General Fund had use of the funds and until the Superfund Bond Trust Fund is fully reimbursed.

(b) The following amounts shall be transferred from the General Fund to the Superfund Bond Trust Fund to pay the principal of, and interest on, the bonds issued and sold pursuant to Article 7.5 (commencing with Section 25385) of Chapter 6.8 of Division 20 of the Health and Safety Code, in accordance with the following schedule:

(1) Three million three hundred thousand dollars ($3,300,000) shall be transferred from the General Fund to the Superfund Bond Trust Fund on or before August 1, 1999.

(2) Three million one hundred thousand dollars ($3,100,000) shall be transferred from the General Fund to the Superfund Bond Trust Fund on or before August 1, 2000.

(3) The amount needed to repay the remainder of the funds transferred pursuant to Item 4260-016-826 of the Budget Act of 1991, plus all interest accrued since the date that the transfer took place, shall be transferred from the General Fund to the Superfund Bond Trust Fund on or before August 1, 2001.

SEC. 16. Section 2.5 of this bill incorporates amendments to Section 25173.7 of the Health and Safety Code proposed by both this bill and SB 1916. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 1999, (2) each bill amends Section 25173.7 of the Health and Safety Code, and (3) this bill is enacted after SB 1916, in which case Section 2 of this bill shall not become operative.

SEC. 17. Section 9.5 of this bill incorporates amendments to Section 25205.15 of the Health and Safety Code proposed by both this bill and AB 2067. It shall only become operative if (1) both bill are enacted and become effective on or before January 1, 1999, (2) each

bill amends Section 25205.15 of the Health and Safety Code, and (3) this bill is enacted after AB 2067, in which case Section 9 of this bill shall not become operative.

SEC. 18. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 883

An act to amend Sections 124900, 124905, 124910, and 124920 of, to add Sections 124906 and 124911 to, and to repeal Section 124935 of, the Health and Safety Code, relating to health care.

[Approved by Governor September 26, 1998. Filed with Secretary of State September 28, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 124900 of the Health and Safety Code is amended to read:

124900. (a) (1) The State Department of Health Services shall select primary care clinics that are licensed under paragraph (1) or (2) of subdivision (a) of Section 1204, or are exempt from licensure under subdivision (c) of Section 1206, to be reimbursed for delivering medical services, including preventative health care, and smoking prevention and cessation health education, to program beneficiaries.

(2) Except as provided for in paragraph (3), in order to be eligible to receive funds under this article a clinic shall meet all of the following conditions, at a minimum:

(A) Provide medical diagnosis and treatment.

(B) Provide medical support services of patients in all stages of illness.

(C) Provide communication of information about diagnosis, treatment, prevention, and prognosis.

(D) Provide maintenance of patients with chronic illness.

(E) Provide prevention of disability and disease through detection, education, persuasion, and preventive treatment.

(F) Meet one or both of the following conditions:

(i) Are located in an area federally designated as a medically underserved area or medically underserved population.

(ii) Are clinics that are able to demonstrate that at least 50 percent of the patients served are persons with incomes at or below 200 percent of the federal poverty level.

(3) Notwithstanding the requirements of paragraph (2), all clinics that received funds under this article in the 1997–98 fiscal year shall continue to be eligible to receive funds under this article.

(b) As a part of the award process for funding pursuant to this article, the department shall take into account the availability of primary care services in the various geographic areas of the state. The department shall determine which areas within the state have populations which have clear and compelling difficulty in obtaining access to primary care. The department shall consider proposals from new and existing eligible providers to extend clinic services to these populations.

(c) Each primary care clinic applying for funds pursuant to this article shall demonstrate that the funds shall be used to expand medical services, including preventative health care, and smoking prevention and cessation health education, for program beneficiaries above the level of services provided in the 1988 calendar year or in the year prior to the first year a clinic receives funds under this article if the clinic did not receive funds in the 1989 calendar year.

(d) (1) The department, in consultation with clinics funded under this article, shall develop a formula for allocation of funds available.

(2) The formula shall be based on both of the following:

(A) A hold harmless for clinics funded in the 1997–98 fiscal year to continue to reimburse them for some portion of their uncompensated care.

(B) Demonstrated unmet need by both new and existing clinics, as reflected in their levels of uncompensated care reported to the department. For purposes of this article, "uncompensated care" means clinic patient visits for persons with incomes at or below 200 percent of the federal poverty level for which there is no encounter-based third-party reimbursement which includes, but is not limited to, unpaid expanded access to primary care claims and other unreimbursed visits as verified by the department according to subparagraph (A) of paragraph (5).

(3) In the 1998–99 fiscal year, the department shall allocate funds for a three-year period as follows:

(A) If the funds available for the purposes of this article are equal to or less than the prior fiscal year, clinics that received funding in the prior fiscal year shall receive 90 percent of their prior fiscal year allocation, subject to available funds, provided that funding award is substantiated by the clinics' reported levels of uncompensated care. The remaining funds beyond 90 percent shall be awarded in the following order:

(i) First priority shall be given to clinics that participated in the program in prior fiscal years, withdrew from the program due to financial considerations, were subsequently categorized as "new applicants" when they reapplied to the program, and received a significantly reduced allocation as a result. These clinics shall be awarded 90 percent of their allocation prior to their withdrawal from the program, subject to available funds, provided that award level is substantiated by the clinic's reported levels of uncompensated care.

(ii) Second priority shall be given to those clinics that received program funds in the prior year and continue to meet the minimum requirements for funding under this article. In implementing this priority, the department shall allocate funds to all eligible previously funded clinics on a proportionate basis, based on their reported levels of uncompensated care, which may include, but is not limited to, unpaid expanded access to primary care claims and other unreimbursed patient visits, as verified by the department according to subparagraph (A) of paragraph (5).

(B) If funds available for the purposes of this article are equal to or less than the prior fiscal year, only those clinics that received program funds in the prior fiscal year may be awarded funds. Funds shall be awarded in the same priority order as specified in clauses (i) and (ii) of subparagraph (A).

(C) If funds available for purposes of this article are greater than the prior fiscal year, clinics that received funds in the prior fiscal year shall be awarded 100 percent of their prior fiscal year allocation, provided that funding award level is substantiated by the clinic's reported levels of uncompensated care. Remaining funds shall be awarded in the following priority order:

(i) First priority shall be given to clinics that participated in the program in prior fiscal years, withdrew from the program due to financial considerations, were subsequently categorized as "new applicants" when they reapplied to the program, and received a significantly reduced allocation as a result. These clinics shall be awarded 100 percent of their allocation prior to their withdrawal from the program, provided that award level is substantiated by the clinic's reported levels of uncompensated care.

(ii) Second priority shall be given to new and existing applicants that meet the minimum requirements for funding under this article. In implementing this priority, the department shall allocate funds to all eligible previously funded clinics on a proportionate basis, based on their reported levels of uncompensated care, which may include, but is not limited to, unpaid expanded access to primary care claims and other unreimbursed patient visits, as verified by the department, according to subparagraph (A) of paragraph (5).

(4) In the 2001–02 fiscal year, and subsequent fiscal years thereafter, the department shall allocate available funds, for a three-year period, based on the clinics' reported levels of

uncompensated care as verified by the department according to subparagraph (B) of paragraph (5).

(5) In assessing reported levels of uncompensated care, the department shall utilize the most recent data available from the Office of Statewide Health Planning and Development's (OSHPD) completed analysis of the "Annual Report of Primary Care Clinics."

(A) In the 1998–99 to 2000–01 fiscal years, inclusive, clinics shall submit updated data regarding the clinic's levels of uncompensated care to the department with their initial application, and for each of the two remaining years in the three-year application period. The department shall compare the clinic's updated uncompensated care data to the OSHPD uncompensated care data for that clinic for the same reporting period. Discrepancies in uncompensated care data for any particular clinic shall be resolved to the satisfaction of the department prior to the award of funds to that clinic.

(B) In the 2001–02 fiscal year, and subsequent fiscal years thereafter, clinics may not submit updated data regarding the clinic's levels of uncompensated care. The department shall utilize the most recent data available from OSHPD's completed analysis of the "Annual Report of Primary Care Clinics."

(C) If the funds allocated to the program are less than the prior year, the department shall allocate available funds to existing program providers only.

(6) The department shall establish a base funding level, subject to available funds, of no less than thirty-five thousand dollars ($35,000) for frontier clinics and Native American reservation-based clinics. For purposes of this article, "frontier clinics" means clinics located in a medical services study area with a population of fewer than 11 persons per square mile.

(7) The department shall develop, in consultation with clinics funded pursuant to this article, a formula for reallocation of unused funds to other participating clinics to reimburse for uncompensated care. The department shall allocate the unused funds to other participating clinics to reimburse for uncompensated care.

(e) In applying for funds, eligible clinics shall submit a single application per clinic corporation. Applicants with multiple sites shall apply for all eligible clinics, and shall report to the department the allocation of funds among their corporate sites in the prior year. A corporation may only claim reimbursement for services provided at a program-eligible clinic site identified in the corporate entity's application for funds, and approved for funding by the department. A corporation may increase or decrease the number of its program-eligible clinic sites on an annual basis, at the time of the annual application update for the subsequent fiscal years of any multiple-year application period.

(f) Grant allocations pursuant to this article shall be based on the formula developed by the department, notwithstanding a merger of

one of more licensed primary care clinics participating in the program.

(g) A clinic that is eligible for the program in every other respect, but that provides dental services only, rather than the full range of primary care medical services, shall only be eligible to receive funds under this article on an exception basis. A dental-only provider's application shall include a Memorandum of Understanding (MOU) with a primary care clinic funded under this article. The MOU shall include medical protocols for making referrals by the primary care clinic to the dental clinic and from the dental clinic to the primary care clinic, and ensure that case management services are provided and that the patient is being provided comprehensive primary care as defined in subdivision (a).

(h) (1) For purposes of this article, an outpatient visit shall include diagnosis and medical treatment services, including the associated pharmacy, X-ray, and laboratory services, and prevention health and case management services that are needed as a result of the outpatient visit. For a new patient, an outpatient visit shall also include a health assessment encompassing an assessment of smoking behavior and the patient's need for appropriate health education specific to related tobacco use and exposure.

(2) "Case management" includes, for this purpose, the management of all physician services, both primary and specialty, and arrangements for hospitalization, postdischarge care, and followup care.

(i) (1) Payment shall be on a per visit basis at a rate that is determined by the department to be appropriate for an outpatient visit as defined in this section, and shall be not less than sixty-five dollars ($65).

(2) In developing a statewide uniform rate for an outpatient visit as defined in this article, the department shall consider existing rates of payments for comparable outpatient visits. The department shall review the outpatient visit rate on an annual basis.

(j) Not later than May 1 of each year, the department shall adopt and provide each licensed primary care clinic with a schedule for programs under this article, including the date for notification of availability of funds, the deadline for the submission of a completed application, and an anticipated contract award date for successful applicants.

(k) In administering the program created pursuant to this article, the department shall utilize the Medi-Cal program statutes and regulations pertaining to program participation standards, medical and administrative recordkeeping, the ability of the department to monitor and audit clinic records pertaining to program services rendered to program beneficiaries and take recoupments or recovery actions consistent with monitoring and audit findings, and the provider's appeal rights. Each primary care clinic applying for program participation shall certify that it will abide by these statutes

and regulations and other program requirements set forth in this article.

SEC. 2. Section 124905 of the Health and Safety Code is amended to read:

124905. For purposes of this article, a "program beneficiary" is any person whose income level is at or below 200 percent of the federal poverty level as adjusted annually. Program beneficiaries shall not be required to provide any copayment for services that are funded pursuant to this article, except that clinics may charge beneficiaries on a sliding fee scale for services, but no beneficiary shall be denied services because of an inability to pay. The department shall annually adjust this income standard to reflect any changes in the federal poverty level. Payment pursuant to this article shall be made only for services for which payment will not be made through any private or public third-party reimbursement.

SEC. 3. Section 124906 is added to the Health and Safety Code, to read:

124906. A program applicant's uncompensated care shall be determined by, and based on, the number of visits for patients whose income level is at or below 200 percent of the federal poverty level, and whose health care costs are not reimbursed by any encounter-based third-party payer, which includes, but is not limited to, unpaid expanded access to primary care claims or other unreimbursed visits, as verified by the department according to subparagraph (A) of paragraph (5) of subdivision (d) of Section 124900.

SEC. 4. Section 124910 of the Health and Safety Code is amended to read:

124910. (a) (1) Except as provided in paragraph (3) of subdivision (a) of Section 124900, each licensed primary care clinic, as specified in subdivision (a) of Section 124900, applying for funds under this article, shall demonstrate in its application that it meets all of the following conditions, at a minimum:

(A) Provides medical diagnosis and treatment.

(B) Provides medical support services of patients in all stages of illness.

(C) Provides communication of information about diagnosis, treatment, prevention, and prognosis.

(D) Provides maintenance of patients with chronic illness.

(E) Provides prevention of disability and disease through detection, education, persuasion, and preventive treatment.

(F) Meets one or both of the following conditions:

(i) Is located in an area federally designated as a medically underserved area or medically underserved population.

(ii) Is a clinic in which at least 50 percent of the patients served are persons with incomes at or below 200 percent of the federal poverty level.

(2) Any applicant who has applied for and received a federal or state designation for serving a medically underserved area or population shall be deemed to meet the requirements of subdivision (a) of Section 124900.

(b) Each applicant shall also demonstrate to the satisfaction of the department that the proposed services supplement, and do not supplant, those primary care services to program beneficiaries that are funded by any county, state, or federal program.

(c) Each applicant shall demonstrate that it is an active Medi-Cal provider by having a Medi-Cal provider number and diligently billing the Medi-Cal program for services rendered to Medi-Cal eligible patients during the past three months. This subdivision shall not apply to clinics that are not currently Medi-Cal providers, and were funded participants pursuant to this article during the 1993–94 fiscal year.

(d) Each application shall be evaluated by the state department prior to funding to determine all of the following:

(1) The number of program beneficiaries who are in the service area of the applicant, and the number of visits, the scope of primary care services, and the proposed total budget for outpatient visits provided to beneficiaries under this article. The applicant shall provide its most recently audited financial statement to verify budget information.

(2) The applicant's ability to deliver basic primary care to program beneficiaries.

(3) A description of the applicant's operational quality assurance program.

(4) The applicant's use of protocols for the most common diseases in the population served under this article.

SEC. 5. Section 124911 is added to the Health and Safety Code, to read:

124911. (a) Commencing in the 1998–99 fiscal year, the department shall release a request for allocation of funds for a period of three succeeding fiscal years. The request for allocation shall include specifications for the clinics to submit uniform data on uncompensated patient visits.

(b) Annual funding awards for a clinic provider in the second and third fiscal years of a three-year funding period shall be contingent upon the clinic's satisfactory performance under the program, and upon the availability of sufficient funds appropriated by the annual Budget Act.

SEC. 6. Section 124920 of the Health and Safety Code is amended to read:

124920. (a) The department shall utilize existing contractual claims processing services in order to promote efficiency and to maximize use of funds.

(b) The department shall certify which primary care clinics are selected to participate in the program for each specific fiscal year,

and how much in program funds each selected primary care clinic will be allocated each fiscal year.

(c) The department shall make an advance payment for funds appropriated for services provided under this article to the selected primary care clinics in an amount not to exceed 25 percent of a clinic's allocation for visits provided to program beneficiaries. These advance payments may only be made during the 1994–95 fiscal year.

(d) In the event the department's contractual claims processing service is not ready to accept and timely adjudicate program claims by August 15, 1994, the department shall reimburse clinic billings in excess of the advance payment until such time as the contractual claims processing mechanism is viable.

(e) The department shall pay claims from selected primary care clinics up to each clinic's annual allocation, adjusted for advance payments made under subdivision (c) and claims reimbursement made under subdivision (d). Once a clinic has exhausted its annual allocation, the state shall stop paying its program claims.

(f) The department may adjust any selected primary care clinic's allocation to take into account:

(1) An increase in program funds appropriated for the fiscal year.

(2) A decrease in program funds appropriated for the fiscal year.

(3) A clinic's projected inability to fully spend its allocation within the fiscal year.

(4) Surplus funds reallocated from other selected primary care clinics.

(g) The department shall notify all affected primary care clinics in writing prior to adjusting selected primary care clinics' allocations.

(h) Cessation of program payments under subdivision (e) or adjustment of selected primary care clinic's allocations under subdivision (f) shall not be subject to the Medi-Cal appeals process referenced in subdivision (g) of Section 124900.

(i) A clinic's allocation under this article shall not be reduced solely because the clinic has engaged in supplemental fundraising drives and activities, the proceeds of which have been used to defray the costs of services to the uninsured.

SEC. 7. Section 124935 of the Health and Safety Code is repealed.

(a) If a vehicle is unattended during the time of the violation, the peace officer or person authorized to enforce parking laws and regulations shall securely attach to the vehicle a notice of parking violation setting forth the violation, including reference to the section of this code or of the Public Resources Code, the local ordinance, or the federal statute or regulation so violated; the date; the approximate time thereof; the location where the violation occurred; a statement printed on the notice indicating that the date of payment is required to be made not later than 21 calendar days from the date of citation issuance; and the procedure for the registered owner, lessee, or rentee to deposit the parking penalty or, pursuant to Section 40215, contest the citation. The notice of parking violation shall also set forth the vehicle license number and registration expiration date if they are visible, the last four digits of the vehicle identification number, if that number is readable through the windshield, the color of the vehicle, and, if possible, the make of the vehicle. The notice of parking violation, or copy thereof, shall be considered a record kept in the ordinary course of business of the issuing agency and the processing agency and shall be prima facie evidence of the facts contained therein.

(b) The notice of parking violation shall be served by attaching it to the vehicle either under the windshield wiper or in another

conspicuous place upon the vehicle so as to be easily observed by the person in charge of the vehicle upon the return of that person.

(c) Once the issuing officer has prepared the notice of parking violation and has attached it to the vehicle as provided in subdivisions (a) and (b), the officer shall file the notice with the processing agency. Any person, including the issuing officer and any member of the officer's department or agency, or any peace officer who alters, conceals, modifies, nullifies, or destroys, or causes to be altered, concealed, modified, nullified, or destroyed the face of the remaining original or any copy of a citation that was retained by the officer, for any reason, before it is filed with the processing agency or with a person authorized to receive the deposit of the parking penalty, is guilty of a misdemeanor.

(d) If, during the issuance of a notice of parking violation, without regard to whether the vehicle was initially attended or unattended, the vehicle is driven away prior to attaching the notice to the vehicle, the issuing officer shall file the notice with the processing agency. The processing agency shall mail, within 15 calendar days of issuance of the notice of parking violation, a copy of the notice of parking violation or transmit an electronic facsimile of the notice to the registered owner.

(e) If, within 21 days after the notice of parking violation is attached to the vehicle, the issuing officer or the issuing agency determines that, in the interest of justice, the notice of parking violation should be canceled, the issuing agency, pursuant to subdivision (a) of Section 40215, shall cancel the notice of parking violation or, if the issuing agency has contracted with a processing agency, shall notify the processing agency to cancel the notice of parking violation pursuant to subdivision (a) of Section 40215. The reason for the cancellation shall be set forth in writing.

If, after a copy of the notice of parking violation is attached to the vehicle, the issuing officer determines that there is incorrect data on the notice, including, but not limited to, the date or time, the issuing officer may indicate in writing, on a form attached to the original notice, the necessary correction to allow for the timely entry of the notice on the processing agency's data system. A copy of the correction shall be mailed to the registered owner of the vehicle.

(f) Under no circumstances shall a personal relationship with any officer, public official, or law enforcement agency be grounds for cancellation.

SEC. 4. Section 40225 of the Vehicle Code is amended to read:

40225. (a) An equipment violation entered on the notice of parking violation attached to the vehicle under Section 40203 shall be processed in accordance with this article. All of the violations entered on the notice of parking violation shall be noticed in the notice of delinquent parking violation delivered pursuant to Section 40206, together with the amount of civil penalty.

(b) Whether or not a vehicle is in violation of any regulation governing the standing or parking of a vehicle but is in violation of subdivision (a) of Section 5204, a person authorized to enforce parking laws and regulations shall issue a written notice of parking violation, setting forth the alleged violation. The violation shall be processed pursuant to this section.

(c) The civil penalty for each equipment violation, including failure to properly display a license plate, is the amount established for the violation in the Uniform Bail and Penalty Schedule, as adopted by the Judicial Council, except that upon proof of the correction to the processing agency, the penalty shall be reduced to ten dollars ($10). The reduction provided for in this subdivision involving failure to properly display license plates shall only apply if, at the time of the violation, valid license plates were issued for that vehicle in accordance with this code. The civil penalty for each violation of Section 5204 is the amount established for the violation in the Uniform Bail and Penalty Schedule, as adopted by the Judicial Council, except that upon proof of the correction to the processing agency, the penalty shall be reduced to ten dollars ($10).

(d) Fifty percent of any penalty collected pursuant to this section for registration or equipment violations by a processing agency shall be paid to the county for remittance to the State Treasurer and the remaining 50 percent shall be retained by the issuing agency and processing agency subject to the terms of the contract described in Section 40200.5.

(e) Subdivisions (a) and (b) do not preclude the recording of a violation of subdivision (a) or (b) of Section 4000 on a notice of parking violation or the adjudication of that violation under the civil process set forth in this article.

CHAPTER 886

An act to amend Sections 311.5, 1701.1, 1701.2, 1701.3, 1701.4, 1706, 1759, and 1760 of, to amend, repeal, and add Sections 311, 1756, and 1758 of, to repeal Sections 311 and 1765 of, and to repeal, add and repeal, and add Sections 1757 and 1757.1 of, the Public Utilities Code, and to repeal Section 26 of Chapter 855 of the Statutes of 1996, relating to the Public Utilities Commission, and making an appropriation therefor.

[Approved by Governor September 26, 1998. Filed with Secretary of State September 28, 1998.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the Calderon-Peace-MacBride Judicial Review Act of 1998.

SEC. 1.5. (a) The Legislature finds and declares that the conversion of the energy, transportation, and telecommunications industries from traditional regulated markets to competitive markets necessitates a change in the judicial review of Public Utilities Commission decisions that pertain to those industries. The Legislature finds that the activities of the energy, telecommunications, and transportation industries will require expanded access to the court system at all levels. The Legislature finds that uniformity of evolving decisional law and judicial economy will be achieved by providing for appellate review of certain Public Utilities Commission decisions. The Legislature further finds and declares that inasmuch as the water supply industry continues to operate in a traditional, noncompetitive utility market, that changes in judicial review of competitive utility markets are inappropriate in their application to Public Utilities Commission decisions and proceedings that pertain to water corporations until January 1, 2001.

(b) It is the intent of the Legislature in enacting the judicial review provisions of this act to, in part, establish the manner and scope of review taken from decisions of the Public Utilities Commission. It is further the intent of the Legislature to conform judicial review of the Public Utilities Commission decisions that pertain to utility service providers with competitive markets to be consistent with judicial review of the other state agencies. It is the intent of the Legislature to, among other things, overrule Camp Meeker Water System, Inc. v. Public Utilities Commission, 51 Cal.3d 845, as it pertains only to decisions affecting the energy, transportation, and communications industries, but to leave that decision in place as it pertains to water corporations until January 1, 2001. Further, it is the intent of the Legislature that decisions by the commission pertaining to the energy, transportation, and communications industries, and pertaining to water corporations on and after January 1, 2001, be subject to review on grounds similar to those of other state agencies.

SEC. 2. Section 311 of the Public Utilities Code, as amended by Section 5 of Chapter 856 of the Statutes of 1996, is amended to read:

311. (a) The commission, each commissioner, the executive director, and the assistant executive directors may administer oaths, certify to all official acts, and issue subpoenas for the attendance of witnesses and the production of papers, waybills, books, accounts, documents, and testimony in any inquiry, investigation, hearing, or proceeding in any part of the state.

(b) The administrative law judges may administer oaths, examine witnesses, issue subpoenas, and receive evidence, under rules that the commission adopts.

(c) The evidence in any hearing shall be taken by the commissioner or the administrative law judge designated for that purpose. The commissioner or the administrative law judge may

receive and exclude evidence offered in the hearing in accordance with the rules of practice and procedure of the commission.

(d) Consistent with the procedures contained in Sections 1701.1, 1701.2, 1701.3, and 1701.4, the assigned commissioner or the administrative law judge shall prepare and file an opinion setting forth recommendations, findings, and conclusions. The opinion of the assigned commissioner or the administrative law judge is the proposed decision and a part of the public record in the proceeding. The proposed decision of the assigned commissioner or the administrative law judge shall be filed with the commission and served upon all parties to the action or proceeding without undue delay, not later than 90 days after the matter has been submitted for decision. The commission shall issue its decision not sooner than 30 days following filing and service of the proposed decision by the assigned commissioner or the administrative law judge, except that the 30-day period may be reduced or waived by the commission in an unforeseen emergency situation or upon the stipulation of all parties to the proceeding or as otherwise provided by law. The commission may, in issuing its decision, adopt, modify, or set aside the proposed decision or any part of the decision. Where the modification is of a decision in an adjudicatory hearing it shall be based upon the evidence in the record. Every finding, opinion, and order made in the proposed decision and approved or confirmed by the commission shall, upon that approval or confirmation, be the finding, opinion, and order of the commission.

(e) Any item appearing on the commission's public agenda as an alternate item to a proposed decision or to a decision subject to subdivision (g) shall be served upon all parties to the proceeding without undue delay and shall be subject to public review and comment before it may be voted upon. For purposes of this subdivision "alternate" means either a substantive revision to a proposed decision that materially changes the resolution of a contested issue or any substantive addition to the findings of fact, conclusions of law, or ordering paragraphs. The commission shall adopt rules that provide for the time and manner of review and comment and the rescheduling of the item on a subsequent public agenda, except that the item may not be rescheduled for consideration sooner than 10 days following service of the alternative item upon all parties. The commission's rules may provide that the time and manner of review and comment on an alternate item may be reduced or waived by the commission in an unforeseen emergency situation.

(f) The commission may specify that the administrative law judge assigned to a proceeding involving an electrical, gas, telephone, railroad, or water corporation, or a highway carrier, initiated by customer or subscriber complaint need not prepare, file, and serve an opinion, unless the commission finds that to do so is required in the public interest in a particular case.

(g) (1) Prior to voting on any commission decision not subject to subdivision (d), the decision shall be served on parties and subject to at least 30 days public review and comment. Any alternate to any commission decision shall be subject to the same requirements as provided for alternate decisions under subdivision (e). For purposes of this subdivision, "decision" also includes resolutions, including resolutions on advice letter filings.

(2) The 30-day period may be reduced or waived in an unforeseen emergency situation, upon the stipulation of all parties in the proceeding, for an uncontested matter in which the decision grants the relief requested, or for an order seeking temporary injunctive relief.

(3) This subdivision does not apply to advice letter filings or to uncontested matters, that pertain solely to water corporations, or to orders instituting investigations or rulemakings, categorization resolutions under Sections 1701.1 to 1701.4, inclusive, or orders authorized by law to be considered in executive session. Consistent with regulatory efficiency and the need for adequate prior notice and comment on commission decisions, the commission may adopt rules, after notice and comment, establishing additional categories of decisions subject to waiver or reduction of the time period in this section.

(h) Notwithstanding any other provision of law, amendments, revisions, or modifications by the commission of its Rules of Practice and Procedure after January 1, 1999, shall be submitted to the Office of Administrative Law for prior review in accordance with Sections 11349, 11349.3, 11349.4, 11349.5, 11349.6, and 11350.3 of, and subdivisions (a) and (b) of Section 11349.1 of, the Government Code. If the commission adopts an emergency revision to its Rules of Practice and Procedure based upon a finding that the revision is necessary for the preservation of the public peace, health and safety, or general welfare, this emergency revision shall only be reviewed by the Office of Administrative Law in accordance with subdivisions (b) to (d), inclusive, of Section 11349.6 of the Government Code. The emergency revision shall become effective upon filing with the Secretary of State and shall remain in effect for no more than 120 days. A petition for writ of review pursuant to Section 1756 of a commission decision amending, revising, or modifying its Rules of Practice and Procedure shall not be filed until the regulation has been approved by the Office of Administrative Law, the Governor, or a court pursuant to Section 11350.3 of the Government Code. If the period for filing the petition for writ of review would otherwise have already commenced under Section 1733 or 1756 at the time of that approval, then the period for filing the petition for writ of review shall continue until 30 days after the date of that approval. Nothing in this subdivision shall require the commission to comply with Article 5 (commencing with Section 11346) of Chapter 3.5 of Part 1 of Division 3 of Title 2 of the Government Code. This subdivision is

only intended to provide for the Office of Administrative Law review of procedural commission decisions relating to Commission Rules of Practice and Procedure, and not General Orders, resolutions, or other substantive regulations.

(i) This section shall remain in effect only until January 1, 2001, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2001, deletes or extends that date.

SEC. 2.5. Section 311 is added to the Public Utilities Code, to read:

311. (a) The commission, each commissioner, the executive director, and the assistant executive directors may administer oaths, certify to all official acts, and issue subpoenas for the attendance of witnesses and the production of papers, waybills, books, accounts, documents, and testimony in any inquiry, investigation, hearing, or proceeding in any part of the state.

(b) The administrative law judges may administer oaths, examine witnesses, issue subpoenas, and receive evidence, under rules that the commission adopts.

(c) The evidence in any hearing shall be taken by the commissioner or the administrative law judge designated for that purpose. The commissioner or the administrative law judge may receive and exclude evidence offered in the hearing in accordance with the rules of practice and procedure of the commission.

(d) Consistent with the procedures contained in Sections 1701.1, 1701.2, 1701.3, and 1701.4, the assigned commissioner or the administrative law judge shall prepare and file an opinion setting forth recommendations, findings, and conclusions. The opinion of the assigned commissioner or the administrative law judge is the proposed decision and a part of the public record in the proceeding. The proposed decision of the assigned commissioner or the administrative law judge shall be filed with the commission and served upon all parties to the action or proceeding without undue delay, not later than 90 days after the matter has been submitted for decision. The commission shall issue its decision not sooner than 30 days following filing and service of the proposed decision by the assigned commissioner or the administrative law judge, except that the 30-day period may be reduced or waived by the commission in an unforeseen emergency situation or upon the stipulation of all parties to the proceeding or as otherwise provided by law. The commission may, in issuing its decision, adopt, modify, or set aside the proposed decision or any part of the decision. Where the modification is of a decision in an adjudicatory hearing it shall be based upon the evidence in the record. Every finding, opinion, and order made in the proposed decision and approved or confirmed by the commission shall, upon that approval or confirmation, be the finding, opinion, and order of the commission.

(e) Any item appearing on the commission's public agenda as an alternate item to a proposed decision or to a decision subject to subdivision (g) shall be served upon all parties to the proceeding

without undue delay and shall be subject to public review and comment before it may be voted upon. For purposes of this subdivision "alternate" means either a substantive revision to a proposed decision that materially changes the resolution of a contested issue or any substantive addition to findings of fact, conclusions of law, or ordering paragraphs. The commission shall adopt rules that provide for the time and manner of review and comment and the rescheduling of the item on a subsequent public agenda, except that the item may not be rescheduled for consideration sooner than 10 days following service of the alternative item upon all parties. The commission's rules may provide that the time and manner of review and comment on an alternate item may be reduced or waived by the commission in an unforeseen emergency situation.

(f) The commission may specify that the administrative law judge assigned to a proceeding involving an electrical, gas, telephone, railroad, or water corporation, or a highway carrier, initiated by customer or subscriber complaint need not prepare, file, and serve an opinion, unless the commission finds that to do so is required in the public interest in a particular case.

(g) (1) Prior to voting on any commission decision not subject to subdivision (d), the decision shall be served on parties and subject to at least 30 days public review and comment. Any alternate to any commission decision shall be subject to the same requirements as provided for alternate decisions under subdivision (e). For purposes of this subdivision, "decision" also includes resolutions, including resolutions on advice letter filings.

(2) The 30-day period may be reduced or waived in an unforeseen emergency situation, upon the stipulation of all parties in the proceeding, for an uncontested matter in which the decision grants the relief requested, or for an order seeking temporary injunctive relief.

(3) This subdivision does not apply to orders instituting investigations or rulemakings, categorization resolutions under Sections 1701.1 to 1701.4, inclusive, or orders authorized by law to be considered in executive session. Consistent with regulatory efficiency and the need for adequate prior notice and comment on commission decisions, the commission may adopt rules, after notice and comment, establishing additional categories of decisions subject to waiver or reduction of the time period in this section.

(h) Notwithstanding any other provision of law, amendments, revisions, or modifications by the commission of its Rules of Practice and Procedure after January 1, 1999, shall be submitted to the Office of Administrative Law for prior review in accordance with Sections 11349, 11349.3, 11349.4, 11349.5, 11349.6, and 11350.3 of, and subdivisions (a) and (b) of Section 11349.1 of, the Government Code. If the commission adopts an emergency revision to its Rules of Practice and Procedure based upon a finding that the revision is

necessary for the preservation of the public peace, health and safety, or general welfare, this emergency revision shall only be reviewed by the Office of Administrative Law in accordance with subdivisions (b) to (d), inclusive, of Section 11349.6 of the Government Code. The emergency revision shall become effective upon filing with the Secretary of State and shall remain in effect for no more than 120 days. A petition for writ of review pursuant to Section 1756 of a commission decision amending, revising, or modifying its Rules of Practice and Procedure shall not be filed until the regulation has been approved by the Office of Administrative Law, the Governor, or a court pursuant to Section 11350.3 of the Government Code. If the period for filing the petition for writ of review would otherwise have already commenced under Section 1733 or 1756 at the time of that approval, then the period for filing the petition for writ of review shall continue until 30 days after the date of that approval. Nothing in this subdivision shall require the commission to comply with Article 5 (commencing with Section 11346) of Chapter 3.5 of Part 1 of Division 3 of Title 2 of the Government Code. This subdivision is only intended to provide for the Office of Administrative Law review of procedural commission decisions relating to commission Rules of Practice and Procedure, and not General Orders, resolutions, or other substantive regulations.

(i) This section shall become operative on January 1, 2001.

SEC. 3. Section 311 of the Public Utilities Code, as added by Section 6 of Chapter 856 of the Statutes of 1996, is repealed.

SEC. 4. Section 311.5 of the Public Utilities Code is amended to read:

311.5. (a) (1) Prior to commencement of any meeting at which commissioners vote on items on the public agenda the commission shall make available to the public copies of the agenda, and upon request, any agenda item documents that are proposed to be considered by the commission for action or decision at a commission meeting.

(2) In addition, the commission shall publish the agenda, agenda item documents, and adopted decisions in a manner that makes copies of them easily available to the public, including, commencing publishing those documents on the commission's Internet site, commencing not later than July 1, 1999. Publication of the agenda and agenda item documents shall occur on the Internet site at the same time as the written agenda and agenda item documents are made available to the public.

(b) For decisions and resolutions adopted on or after July 1, 1999, the commission, at its Internet site, shall publish and maintain electronically all of its decisions and resolutions. That publication shall occur within 10 days of the adoption of a decision or resolution by the commission.

(c) Commencing on July 1, 1999, the commission shall publish at its Internet site the then-current version of its general orders and Rules of Practice and Procedure.

(d) The commission shall publish electronically at its Internet site all rulings issued on or after July 1, 1999, in all proceedings. The commission shall maintain those rulings at its site until final disposition, including disposition of any judicial appeals, of the respective proceedings in which the rulings were issued.

(e) For each proceeding filed on or after July 1, 1999, the commission shall publish electronically at its Internet site a docket card that shall list, by title and date of filing or issuance, all documents filed and all decisions or rulings issued in such proceeding. The commission shall maintain the docket card until final disposition, including disposition of any judicial appeals, of the corresponding proceedings.

SEC. 5. Section 1701.1 of the Public Utilities Code is amended to read:

1701.1. (a) The commission, consistent with due process, public policy, and statutory requirements, shall determine whether a proceeding requires a hearing. The commission shall determine whether the matter requires a quasi-legislative, an adjudication, or a ratesetting hearing. The commission's decision as to the nature of the proceeding shall be subject to a request for rehearing within 10 days of the date of that decision. If that decision is not appealed to the commission within that time period it shall not be subsequently subject to judicial review. Only those parties who have requested a rehearing within that time period shall subsequently have standing for judicial review and that review shall only be available at the conclusion of the proceeding. The commission shall render its decision regarding the rehearing within 30 days. The commission shall establish regulations regarding ex parte communication on case categorization issues.

(b) The commission upon initiating a hearing shall assign one or more commissioners to oversee the case and an administrative law judge where appropriate. The assigned commissioner shall schedule a prehearing conference. The assigned commissioner shall prepare and issue by order or ruling a scoping memo that describes the issues to be considered and the applicable timetable for resolution.

(c) (1) Quasi-legislative cases, for purposes of this article, are cases that establish policy, including, but not limited to, rulemakings and investigations which may establish rules affecting an entire industry.

(2) Adjudication cases, for purposes of this article, are enforcement cases and complaints except those challenging the reasonableness of any rates or charges as specified in Section 1702.

(3) Ratesetting cases, for purposes of this article, are cases in which rates are established for a specific company, including, but not

limited to, general rate cases, performance-based ratemaking, and other ratesetting mechanisms.

(4) "Ex parte communication," for purposes of this article, means any oral or written communication between a decisionmaker and a person with an interest in a matter before the commission concerning substantive, but not procedural issues, that does not occur in a public hearing, workshop, or other public proceeding, or on the official record of the proceeding on the matter. "Person with an interest," for purposes of this article, means any of the following:

(A) Any applicant, an agent or an employee of the applicant, or a person receiving consideration for representing the applicant, or a participant in the proceeding on any matter before the commission.

(B) Any person with a financial interest, as described in Article 1 (commencing with Section 87100) of Chapter 7 of Title 9 of the Government Code, in a matter before the commission, or an agent or employee of the person with a financial interest, or a person receiving consideration for representing the person with a financial interest.

(C) A representative acting on behalf of any civic, environmental, neighborhood, business, labor, trade, or similar organization who intends to influence the decision of a commission member on a matter before the commission.

The commission shall by regulation adopt and publish a definition of decisionmakers and persons for purposes of this section, along with any requirements for written reporting of ex parte communications and appropriate sanctions for noncompliance with any rule proscribing ex parte communications. The regulation shall provide that reportable communications shall be reported by the party, whether the communication was initiated by the party or the decisionmaker. Communications shall be reported within three working days of the communication by filing the original and 12 copies of a "Notice of Ex Parte Communication" with the commission. The notice shall include the following information:

(i) The date, time, and location of the communication, and whether it was oral, written, or a combination.

(ii) The identity of the recipient and the person initiating the communication, as well as the identity of any persons present during the communication.

(iii) A description of the party's, but not the decisionmaker's, communication and its content, to which shall be attached a copy of any written material or text used during the communication.

SEC. 6. Section 1701.2 of the Public Utilities Code is amended to read:

1701.2. (a) If the commission pursuant to Section 1701.1 has determined that an adjudication case requires a hearing, the procedures prescribed by this section shall be applicable. The assigned commissioner or the assigned administrative law judge shall hear the case in the manner described in the scoping memo. The

scoping memo shall designate whether the assigned commissioner or the assigned administrative law judge shall preside in the case. The commission shall provide by regulation for peremptory challenges and challenges for cause of the administrative law judge. Challenges for cause shall include, but not be limited to, financial interests and prejudice. The regulation shall provide that all parties are entitled to one peremptory challenge of the assignment of the administrative law judge in all cases. All parties are entitled to unlimited peremptory challenges in any case in which the administrative law judge has within the previous 12 months served in any capacity in an advocacy position at the commission, been employed by a regulated public utility, or has represented a party or has been a party of interest in the case. The assigned commissioner or the administrative law judge shall prepare and file a decision setting forth recommendations, findings, and conclusions. The decision shall be filed with the commission and served upon all parties to the action or proceeding without undue delay, not later than 60 days after the matter has been submitted for decision. The decision of the assigned commissioner or the administrative law judge shall become the decision of the commission if no further action is taken within 30 days. Any interested party may appeal the decision to the commission, provided that the appeal is made within 30 days of the issuance of the decision. The commission may itself initiate a review of the proposed decision on any grounds. The commission decision shall be based on the record developed by the assigned commissioner or the administrative law judge. A decision different from that of the assigned commissioner or the administrative law judge shall be accompanied by a written explanation of each of the changes made to the decision.

(b) Ex parte communications shall be prohibited in adjudication cases.

(c) Notwithstanding any other provision of law, the commission may meet in a closed hearing to consider the decision that is being appealed. The vote on the appeal shall be in a public meeting and shall be accompanied with an explanation of the appeal decision.

(d) Adjudication cases shall be resolved within 12 months of initiation unless the commission makes findings why that deadline cannot be met and issues an order extending that deadline. In the event that a rehearing of an adjudication case is granted the parties shall have an opportunity for final oral argument.

SEC. 7. Section 1701.3 of the Public Utilities Code is amended to read:

1701.3. (a) If the commission pursuant to Section 1701.1 has determined that a ratesetting case requires a hearing, the procedures prescribed by this section shall be applicable. The assigned commissioner shall determine prior to the first hearing whether the commissioner or the assigned administrative law judge shall be designated as the principal hearing officer. The principal hearing

officer shall be present for more than one-half of the hearing days. The decision of the principal hearing officer shall be the proposed decision. An alternate decision may be issued by the assigned commissioner or the assigned administrative law judge who is not the principal hearing officer. The commission shall establish a procedure for any party to request the presence of a commissioner at a hearing. The assigned commissioner shall be present at the closing arguments of the case. The principal hearing officer shall present the proposed decision to the full commission in a public meeting. The alternate decision, if any, shall also be presented to the full commission at that public meeting. The alternate decision shall be filed with the commission and shall be served on all parties simultaneously with the proposed decision.

The presentation to the full commission shall contain a record of the number of days of the hearing, the number of days that each commissioner was present, and whether the decision was completed on time.

(b) The commission shall provide by regulation for peremptory challenges and challenges for cause of the administrative law judge. Challenges for cause shall include, but not be limited to, financial interests and prejudice. All parties shall be entitled to unlimited peremptory challenges in any case in which the administrative law judge has within the previous 12 months served in any capacity in an advocacy position at the commission, been employed by a regulated public utility, or has represented a party or has been a party of interest in the case.

(c) Ex parte communications are prohibited in ratesetting cases. However, oral ex parte communications may be permitted at any time by any commissioner if all interested parties are invited and given not less than three days' notice. Written ex parte communications may be permitted by any party provided that copies of the communication are transmitted to all parties on the same day. If an ex parte communication meeting is granted to any party, all other parties shall also be granted individual ex parte meetings of a substantially equal period of time and shall be sent a notice of that authorization at the time that the request is granted. In no event shall that notice be less than three days. The commission may establish a period during which no oral or written ex parte communications shall be permitted and may meet in closed session during that period which shall not in any circumstance exceed 14 days. If the commission holds the decision it may permit ex parte communications during the first half of the interval between the hold date and the date that the decision is calendered for final decision. The commission may meet in closed session for the second half of that interval.

(d) Any party has the right to present a final oral argument of its case before the commission. Those requests shall be scheduled in a timely manner. A quorum of the commission shall be present for the final oral arguments.

(e) The commission may, in issuing its decision, adopt, modify, or set aside the proposed decision or any part of the decision based on evidence in the record. The final decision of the commission shall be issued not later than 60 days after the issuance of the proposed decision. Under extraordinary circumstances the commission may extend this date for a reasonable period. The 60-day period shall be extended for 30 days if any alternate decision is proposed pursuant to Section 311.

SEC. 8. Section 1701.4 of the Public Utilities Code is amended to read:

1701.4. (a) If the commission pursuant to Section 1701.1 has determined that a quasi-legislative case requires a hearing, the procedures prescribed by this section shall be applicable. The assigned administrative law judge shall act as an assistant to the assigned commissioner in quasi-legislative cases. The assigned commissioner shall be present for formal hearings. The assigned commissioner shall prepare the proposed rule or order with the assistance of the administrative law judge. The assigned commissioner shall present the proposed rule or order to the full commission in a public meeting. The report shall include the number of days of hearing and the number of days that the commissioner was present.

(b) Ex parte communications shall be permitted without any restrictions.

(c) Any party has the right to present a final oral argument of its case before the commission. Those requests shall be scheduled in a timely manner. A quorum of the commission shall be present for the final oral arguments.

(d) The commission may, in issuing its rule or order, adopt, modify, or set aside the proposed decision or any part of the rule or order. The final rule or order of the commission shall be issued not later than 60 days after the issuance of the proposed rule or order. (5) The tissue will be released to a public or nonprofit facility for transplant, therapeutic, or scientific purposes.

(b) Neither the coroner nor medical examiner authorizing the removal of the corneal tissue, nor any hospital, medical center, tissue bank, storage facility, or person acting upon the request, order, or direction of the coroner or medical examiner in the removal of corneal tissue pursuant to this section, shall incur civil liability for the removal in an action brought by any person who did not object prior to the removal of the corneal tissue, nor be subject to criminal prosecution for the removal of the corneal tissue pursuant to the provisions of this section.

(c) This section may not be construed to interfere with the ability of a person to make an anatomical gift pursuant to the Uniform Anatomical Gift Act (Chapter 3.5 (commencing with Section 7150) of Part 1 of Division 7 of the Health and Safety Code).

SEC. 2. Section 7055 of the Health and Safety Code is amended to read:

(2) A reasonable effort has been made to locate and inform persons listed in subdivision (a) of Section 7151 of their option to make, or object to making, an anatomical gift. (3) The official does not know of a refusal or contrary indication by the decedent or objection by a person having priority to act as listed in subdivision (a) of Section 7151.

(4) The removal will be by a physician, surgeon, or technician; but in the case of eyes, by one of them or by an enucleator.

(7) Cosmetic restoration will be done, if appropriate.

(b) Except as provided in Section 7152, if the body is not within the custody of the coroner or medical examiner, a hospital may release and permit the removal of a part from a body if the hospital, after a reasonable effort has been made to locate and inform persons listed in subdivision (a) of Section 7151 of their option to make, or object to making, an anatomical gift, determines and certifies that the persons are not available. A search for the persons listed in subdivision (a) of Section 7151 may be initiated in anticipation of death, but, except in the case where the useful life of the part does not permit, the determination may not be made until the search has been underway for at least 12 hours. The search shall include a check of local police missing persons records, examination of personal effects, and the questioning of any persons visiting the decedent before his or her death or in the hospital, accompanying the decedent's body, or reporting the death, in order to obtain information that might lead to the location of any persons listed in subdivision (a) of Section 7151.

(c) Except as provided in Section 7152, if the body is not within the custody of the coroner or medical examiner or a hospital, the local public health officer may release and permit the removal of any part from a body in the local public health officer's custody for transplantation, therapy, or reconditioning if the requirements of subdivision (a) are met.

(d) An official or hospital releasing and permitting the removal of a part shall maintain a permanent record of the name of the decedent, the person making the request, the date and purpose of the

request, the part requested, any required written or recorded telephonic consent, and the person to whom it was released.

(e) In the case of corneal material to be used for the purpose of transplantation, the official releasing and permitting the removal of the corneal material and the requesting entity shall obtain and keep on file for not less than three years a copy of any one of the following:

(1) A dated and signed written consent by the donor or any other person specified in Section 7151 on a form that clearly indicates the general intended use of the tissue and contains the signature of at least one witness.

(2) Proof of the existence of a recorded telephonic consent by the donor or any person specified in Section 7151 in the form of an audio tape recording of the conversation or a transcript of the recorded conversation, which indicates the general intended use of the tissue.

(3) A document recording a verbal telephonic consent by the donor or any other person specified in Section 7151, witnessed and signed by no less than two members of the requesting entity, hospital, eye bank, or procurement organization, memorializing the consenting person's knowledge of and consent to the general intended use of the gift.

These requirements are necessary only if the official agency chooses to participate in the transfer of corneal tissue with the requesting entity.

(f) Neither the coroner nor medical examiner authorizing the removal of a body part or tissue, nor any hospital, medical center, tissue bank, storage facility, or person acting upon the request, order, or direction of the coroner or medical examiner in the removal of a body part or tissue pursuant to this section, shall incur civil liability for the removal in an action brought by any person who did not object prior to the removal of the body part or tissue, nor be subject to criminal prosecution for the removal of the body part or tissue pursuant to this section.

The gift shall become effective upon the death of the licensee.

(c) No public entity or employee is liable for any loss, detriment, or injury resulting directly or indirectly from false or inaccurate information contained in the sticker provided pursuant to subdivision (b).

It shall adequately describe the applicant, bear his or her picture, and be produced in color or engraved by a process or processes that prohibit as near as possible, the ability to alter or reproduce the identification card, or prohibit the ability to superimpose a picture or photograph on the identification card without ready detection.

(b) With every identification card, the department shall provide a form which may be carried with the identification card by which the cardholder may indicate his or her willingness and intent to make an anatomical gift or his or her refusal to make an anatomical gift pursuant to Section 7150.5 of the Health and Safety Code and the date the pacemaker has been implanted. The department shall present this form, and explain its use, to each applicant for an identification card, or for the renewal of an identification card, at the time of the

application. The form provided shall contain a statement sufficient in its terms to meet the requirements of the Uniform Anatomical Gift Act (Chapter 3.5 (commencing with Section 7150) of Part 1 of Division 7 of the Health and Safety Code). To be effective, the statement shall be signed by the holder of the card, who shall be at least 18 years of age. If the holder of the card cannot sign, the statement may be signed for the cardholder at his or her direction and in his or her presence in the presence of two witnesses who shall sign the statement in his or her presence. The gift shall become effective upon the death of the holder of the card.

(c) No contract shall be let to any nongovernmental entity for the processing of identification cards unless the department receives two or more qualified bids from independent, responsible bidders.

(d) This section shall remain in effect only until the date determined under subdivision (a) of Section 1672.3, and as of that date is repealed, unless a later enacted statute, which is enacted on or before that date, deletes or extends that date.

SEC. 9. Section 13005 is added to the Vehicle Code, to read:

13005. (a) The identification card shall resemble in appearance, so far as is practicable, a driver's license issued pursuant to this code. It shall adequately describe the applicant, bear his or her picture, and be produced in color or engraved by a process or processes that prohibit as near as possible, the ability to alter or reproduce the identification card, or prohibit the ability to superimpose a picture or photograph on the identification card without ready detection.

(b) With every identification card, the department shall provide the form described in subdivisions (b) and (c) of Section 12811. The form may be carried with the identification card and may be used by the cardholder to indicate his or her willingness and intent to make an anatomical gift, his or her refusal to make an anatomical gift pursuant to Section 7150.5 of the Health and Safety Code, or the date that a pacemaker was implanted. The department shall present this form, and explain its use, to each applicant for an identification card or identification card renewal.

(c) The anatomical gift shall become effective upon the death of the holder of the card.

(d) No contract may be let to any nongovernmental entity for the processing of identification cards unless the department receives two or more qualified bids from independent, responsible bidders.

(e) This section shall become operative on the date determined under subdivision (a) of Section 1672.3.

CHAPTER 888

An act to add and repeal Section 10759.5 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor September 26, 1998. Filed with Secretary of State September 28, 1998.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares:

(a) There is a wide disparity on some state and local taxes and fees levied on owners of vehicles operated on alternative fuels when compared to those same taxes and fees levied on owners of comparable conventional fuel vehicles.

(b) In some cases, the taxes and fees on alternative fuel vehicles are more than twice as much as those for conventional fuel vehicles.

(c) The disparity in taxes and fees exists even though the alternative fuel vehicle may look identical to the conventional fuel vehicle and provide the same or lesser utility to the individual owner.

(d) The existing California vehicle license fee and state and local sales and use taxes on the sale or lease of motor vehicles that operate on alternative fuels are higher than for comparable conventional fuel vehicles because alternative fuel vehicles generally have higher sales prices. The higher sales prices are largely due to the fact that these vehicles are produced in extremely low volumes (many assembled by hand), such that their production has not achieved the economies of scale that would significantly reduce their cost; and they use many new advanced materials and technologies that also have not yet achieved economies of scale, and therefore have a temporarily greater cost to consumers.

(e) The higher sales prices for these alternative fuel vehicles are expected to be a short-term, temporary situation because prices are expected to decline significantly to competitive levels as volume increases. If this does not occur, these vehicles may never be competitive, and automakers would likely withdraw them from the market. The current vehicle license fee mechanism, and sales and use tax system, do not reflect these temporary, short-term pricing situations. Instead they intrinsically, but incorrectly, assume that these short-term higher prices reflect true long-term market value of the vehicles.

(f) Alternative fuel vehicles provide benefits to California citizens that are external to, or not reflected in, their cost to the purchaser. These benefits include: increasing our national independence from foreign energy sources; providing more transportation choices for consumers and businesses, thus reducing our economic vulnerability to sudden fuel price increases caused by external or internal events;

reducing air pollution from mobile sources; reducing future pressures for additional environmental controls on existing and new businesses and industries in California; and creating new advanced transportation technology jobs and industries in California.

(g) It is the public policy of the State of California, the federal government, and many local governments, to encourage the development and use of alternative fuel vehicles, for the purpose of providing the benefits described above to all California citizens.

(h) Existing vehicle license fee structures, and the existing sales and use tax system, as they relate to the determination of market value of alternative fuel vehicles do not reflect the critical short-term pricing issues described above, nor the external benefits that accrue to all California citizens. Additionally, these existing fees and taxes act as a significant disincentive to potential purchasers of alternative fuel vehicles, and as such, are contrary to existing public policies at all levels of government.

(i) It is the intent of the Legislature to equalize the vehicle license fee, and state and local sales and use taxes, between alternative fuel vehicles and conventional fuel vehicles for a period of four years, beginning January 1, 1999, and ending December 31, 2002. During this time period it is the intent of the Legislature that the incremental or differential cost between an alternative fuel vehicle and a comparable conventional fuel vehicle, as determined by the State Energy Resources Conservation and Development Commission, should be exempt from both the vehicle license fee, and state and local sales and use taxes.

(j) To ensure that the alternative fuel vehicles subject to these provisions provide significant reduction in air pollution, eligible vehicles must meet, at a minimum, the standard for ultra-low-emission vehicles as determined by the State Air Resources Board.

SEC. 2. Section 10759.5 is added to the Revenue and Taxation Code, to read:

10759.5. (a) For purposes of determining the vehicle license fee imposed by this part, there are exempted from the determination of market value, the incremental costs of new light-duty motor vehicles propelled by alternative fuels, and certified by the State Air Resources Board as producing emissions that meet the emission standard for ultra-low-emission vehicles or lower as defined by the board. This exemption shall apply to the subsequent payments of the vehicle license fee.

(b) For purposes of this section, "incremental cost" means the amount determined by the State Energy Resources Conservation and Development Commission as the reasonable difference between the cost of the motor vehicle defined in subdivision (a) and the cost of a comparable gasoline or diesel fuel vehicle. This determination shall constitute the maximum incremental cost for purposes of the exemption in subdivision (a), and may be reduced by the actual sales

price of the vehicle. The actual incremental cost shall be stated in the contract for sale or lease with the purchaser, and shall be reported to the commission quarterly.

(c) This section shall become operative on January 1, 1999, and shall remain in effect only until January 1, 2003, and as of that date is repealed.

SEC. 3. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 889

An act to amend Section 50474 of, and to add Section 50474.1 to, the Government Code, and to add Section 57.5 to the San Diego Unified Port District Act (Chapter 67 of the Statutes of 1962, First Extraordinary Session), relating to airports.

[Approved by Governor September 26, 1998. Filed with Secretary of State September 28, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 50474 of the Government Code is amended to read:

(b) Exact charges, fees, and tolls, and enforce liens for their payment.

(c) Lease or assign for operation any space and any necessary or useful appurtenances, appliances, or other conveniences.

(d) Own and operate aircraft.

(e) Employ pilots.

(f) Regulate the use of the airport and facilities and other property or means of transportation within or over the airport.

(g) Perform any duties necessary or convenient for the regulation of air traffic.

SEC. 2. Section 50474.1 is added to the Government Code, to read:

50474.1. (a) An airport operated by a city and county may require a rental car company, in writing, to collect a fee from its customers on behalf of the airport for the use of an airport-mandated

common use busing system or light rail transit system operated for the movement of passengers between the terminal and a consolidated on-airport rental car facility. If a rental car company is required pursuant to this section to collect a fee, the following conditions shall apply:

(1) The fees shall be calculated on a per contract basis.

(2) All fees collected for this purpose constitute debts owed to the airport by the collecting party. The debts are due and payable to the airport quarterly or at any other interval the airport may establish to facilitate collection and insure payment.

(3) The fee is a user fee, not a tax.

(4) Revenues collected from the fee may not exceed the reasonable costs of providing the busing and light rail transit service and may not be used for any other purpose.

(b) Notwithstanding any other provision of law, including, but not limited to, Section 1936 of the Civil Code, a rental car company that is required to collect fees under this section shall do all of the following:

(1) Collect the fee from those of its customers subject to the fee as required in subdivision (a).

(2) Clearly disclose the existence of the fee in any radio, television, or print advertisement that states a rental rate applicable to an airport at which the fee is to be imposed, and the amount of the fee at the airport where it is imposed, or a range of fees if the fee is imposed at more than one airport.

(3) Clearly disclose the existence of the fee in a telephonic, in-person, or computer-transmitted quotation that states a rental rate applicable to an airport at which the fee is to be imposed and the amount of the fee at the airport where it is imposed.

(4) Separately identify the fee on its rental agreement.

SEC. 3. Section 57.5 is added to the San Diego Unified Port District Act (Chapter 67 of the Statutes of 1962, First Extraordinary Session), to read:

Sec. 57.5. (a) If the district requires any transportation vendor conducting business on district tidelands, including San Diego International Airport, Lindbergh Field, or the airport, in writing, to collect a fee from its customers on behalf of the district for financing a parking structure that is located on district-owned property and adjacent to and intended principally to serve a convention center, all of the following shall apply:

(1) The fees shall be calculated on a per transaction basis.

(2) All fees collected for this purpose constitute debts owed to the district by the collecting party. The debts are due and payable to the district quarterly or at any other interval the district may establish to facilitate collection and ensure payment.

(3) The fee is a transaction fee, not a tax.

(4) Revenues collected from the fee may not exceed the reasonable costs of financing the construction of the parking structure and may not be used for any other purpose.

(5) For purposes of this section, a rental car company shall be deemed to be conducting business on district tidelands if it has a business location on district tidelands or it picks up customers at a location on district tidelands.

(b) If the vendor required to collect a fee pursuant to subdivision (a) is a rental car company, then, notwithstanding any other provision of law, including, but not limited to, Section 1936 of the Civil Code, the rental car company shall do all of the following:

(1) Collect the fee only as permitted by this section.

(2) Clearly disclose the existence of the fee in any radio, television, or print advertisement that states a rental rate applicable to the location at which the fee is to be imposed, and the amount of the fee at the location where it is imposed, or a range of fees if the fee is imposed at more than one location.

(3) Clearly disclose the existence of the fee in a telephonic, in-person, or computer-transmitted quotation that states a rental rate applicable to a location at which the fee is to be imposed and the amount of the fee at the location where it is imposed.

(4) Separately identify the fee on its rental agreement.

(c) If a rental car company conducting business on district tidelands operates a facility not located on district tidelands, then, the rental car company shall be subject to all provisions of subdivisions (a) and (b), but shall collect the fee only from those customers of that facility who do either of the following:

(1) Are picked up from a location on district tidelands, including the airport, and are transported to the rental car company's business facility via a courtesy ground transportation vehicle for the purpose of entering into a car rental agreement or securing a rental vehicle.

(2) Enter into a car rental agreement with the rental car company within 24 hours of arrival at the airport and rental car arrangements or reservations were made using a telephone located at an airport information board by such customers.

(d) In the event that the Federal Aviation Administration makes a determination that the provisions of this section are in conflict with federal law requiring a nexus to airport operations, the provisions of this section shall be inoperative.

SEC. 4. If any section of this act, or the applicability thereof to any person or circumstances, is for any reason held invalid, the validity of the remainder of the act, or the application of that provision to other persons or circumstances, shall not be affected thereby. The Legislature hereby declares that it would have passed this act, and each section thereof, irrespective of the fact that one or more sections

or the application thereof to any person or circumstance, be held invalid.

CHAPTER 890

An act to amend Section 7273 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor September 26, 1998. Filed with Secretary of State September 28, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 7273 of the Revenue and Taxation Code is amended to read:

(c) The amount charged a transactions and use tax district that becomes operative during the fiscal year shall be estimated for that

fiscal year based on that district's proportionate share of direct, indirect, and shared costs.

(d) The amounts determined by subdivision (a) shall be deducted in equal amounts from the quarterly allocation of taxes collected by the board for a given district.

(e) For the 1998–99 fiscal year and each fiscal year thereafter, the amount charged to a district by the board shall not exceed the lesser of the percentage the board would have charged for the 1998–99 fiscal year under this section as it read prior to the amendments made by the act adding this subdivision, or the following percentages of the total transactions and use tax revenue collected by the board for that district for each fiscal year:

(1) For districts imposing a transactions and use tax of one-half of 1 percent or greater, the amount charged by the board shall not exceed 1.5 percent, for the 1998–99 fiscal year and each fiscal year thereafter.

(2) Beginning with the 1998–99 fiscal year and in each fiscal year thereafter, the amount charged to a district imposing a transactions and use tax of one-quarter of 1 percent shall not exceed 3 percent.

(f) The board shall report to the Chairperson of the Senate Committee on Budget and Fiscal Review and the Chairperson of the Assembly Committee on Budget by March 1, 1998, and January 1, 1999, on the actions the board will take to adjust its costs commensurate with the changes in reimbursements effected by this bill. The report shall analyze the impact of the reduced reimbursements on the board's budget and how the board's actions may impact its revenue-producing activities. The board may not reduce positions that are responsible for the generation or receipt of revenues, including, but not limited to, positions in the audits and compliance programs.

CHAPTER 891

The people of the State of California do enact as follows:

SECTION 1. Section 14124.12 is added to the Welfare and Institutions Code, to read:

14124.12. (a) Upon receipt of written notice from the Medical Board of California, the Osteopathic Medical Board of California, or the Board of Dental Examiners of California, that a licensee's license has been placed on probation as a result of a disciplinary action, the department may not reimburse any Medi-Cal claim for the type of surgical service or invasive procedure that gave rise to the probation, including any dental surgery or invasive procedure, that was performed by the licensee on or after the effective date of probation and until the termination of all probationary terms and conditions or until the probationary period has ended, whichever occurs first. This section shall apply except in any case in which the relevant licensing

board determines that compelling circumstances warrant the continued reimbursement during the probationary period of any Medi-Cal claim, including any claim for dental services, as so described. In such a case, the department shall continue to reimburse the licensee for all procedures, except for those invasive or surgical procedures for which the licensee was placed on probation.

(b) The Medical Board of California, the Osteopathic Medical Board of California, and the Board of Dental Examiners of California, shall work in conjunction with the State Department of Health Services to provide all information that is necessary to implement this section. These boards and the department shall annually report to the Legislature by no later than March 1 that number of licensees of these boards, placed on probation during the immediately preceding calendar year, who are:

(c) This section shall become inoperative on July 1, 2003, and, as of January 1, 2004, is repealed, unless a later enacted statute that is enacted before January 1, 2004, deletes or extends the dates on which it becomes inoperative and is repealed.

CHAPTER 893

An act to add Section 1367.02 to the Health and Safety Code, and to add Section 10123.36 to the Insurance Code, relating to health care coverage.

[Approved by Governor September 27, 1998. Filed with Secretary of State September 28, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 1367.02 is added to the Health and Safety Code, to read:

1367.02. (a) On or before July 1, 1999, for purposes of public disclosure, every health care service plan shall file with the department a description of any policies and procedures related to economic profiling utilized by the plan and its medical groups and individual practice associations. The filing shall describe how these policies and procedures are used in utilization review, peer review, incentive and penalty programs, and in provider retention and termination decisions. The filing shall also indicate in what manner,

if any, the economic profiling system being used takes into consideration risk adjustments that reflect case mix, type and severity of patient illness, age of patients, and other enrollee characteristics that may account for higher or lower than expected costs or utilization of services. The filing shall also indicate how the economic profiling activities avoid being in conflict with subdivision (g) of Section 1367, which requires each plan to demonstrate that medical decisions are rendered by qualified medical providers, unhindered by fiscal and administrative management. Any changes to the policies and procedures shall be filed with the commissioner pursuant to Section 1352. Nothing in this section shall be construed to restrict or impair the department, in its discretion, from utilizing the information filed pursuant to this section for purposes of ensuring compliance with this chapter.

(b) The commissioner shall make each plan's filing available to the public upon request. The commissioner shall not publicly disclose any information submitted pursuant to this section that is determined by the commissioner to be confidential pursuant to state law.

(c) Each plan that uses economic profiling shall, upon request, provide a copy of economic profiling information related to an individual provider, contracting medical group, or individual practice association to the profiled individual, group, or association. In addition, each plan shall require as a condition of contract that its medical groups and individual practice associations that maintain economic profiles of individual providers shall, upon request, provide a copy of individual economic profiling information to the individual providers who are profiled. The economic profiling information provided pursuant to this section shall be provided upon request until 60 days after the date upon which the contract between the plan and the individual provider, medical group, or individual practice association terminates, or until 60 days after the date the contract between the medical group or individual practice association and the individual provider terminates, whichever is applicable.

(d) For the purposes of this article, "economic profiling" shall mean any evaluation of a particular physician, provider, medical group, or individual practice association based in whole or in part on the economic costs or utilization of services associated with medical care provided or authorized by the physician, provider, medical group, or individual practice association.

SEC. 2. Section 10123.36 is added to the Insurance Code, to read:

10123.36. (a) On or before July 1, 1999, for purposes of public disclosure, every disability insurer that covers hospital, medical, or surgical expenses, and authorizes insureds to select providers who have contracted with the insurer for alternative rates of payment as described in Section 10133, and the disability insurer or any of its contracting providers or provider groups utilize economic profiling related to services provided to insureds, shall file with the department a description of any policies and procedures related to

economic profiling utilized by the insurer and any of its contracting providers and provider groups. The filing shall describe how these policies and procedures are used in utilization review, peer review, incentive and penalty programs, and in provider retention and termination decisions. The filing shall also indicate in what manner, if any, the economic profiling system being used takes into consideration risk adjustments that reflect case mix, type and severity of patient illness, age of patients, and other policyholder characteristics that may account for higher or lower than expected costs or utilization of services. Any changes to the policies and procedures shall be filed expeditiously with the commissioner. Nothing in this section shall be construed to restrict or impair the department, in its discretion, from utilizing the information filed pursuant to this section for purposes of ensuring compliance with this chapter.

(b) The commissioner shall make each disability insurer filing available to the public upon request. The commissioner shall not publicly disclose any information submitted pursuant to this section that is determined by the commissioner to be confidential pursuant to state law.

(c) Each disability insurer that uses economic profiling shall, upon request, provide a copy of economic profiling information related to a contracting provider or provider group to the profiled provider or group. In addition, each disability insurer shall require as a condition of contract that its contracting provider groups that maintain economic profiles of individual providers who may be selected by insureds shall, upon request, provide a copy of individual economic profiling information to individual providers who are profiled. The economic profiling information provided pursuant to this section shall be provided upon request until 60 days after the date upon which the contract between the insurer and the individual provider or provider group terminates, or until 60 days after the date the contract between the provider group and the individual provider terminates, whichever is applicable.

(d) For the purposes of this section, "economic profiling" shall mean any evaluation of a particular physician, provider, or provider group based in whole or in part on the economic costs or utilization of services associated with medical care provided or authorized by the physician, provider, or provider group.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 894

An act to amend Section 14087.325 of the Welfare and Institutions Code, relating to public social services.

[Approved by Governor September 27, 1998. Filed with Secretary of State September 28, 1998.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) There are over 250 federally qualified health centers, federally qualified health center look-alikes, and rural health clinics in California that are licensed by the state.

(b) These health centers and clinics care for uninsured and underinsured people who would otherwise not have access to care, by providing quality, cost-effective, community-based primary and specialty health care, and dental and vision services, with an emphasis on cultural sensitivity and linguistic appropriateness.

(c) Collectively, federally qualified health centers and rural health clinics serve over 1.3 million patients.

(d) The State Department of Health Services has committed to enrolling children who are Medi-Cal beneficiaries and their families into managed care plans.

(e) In response to the implementation of managed care, federally qualified health centers and rural health clinics have begun developing internal systems and building capacity to manage costs and patient lives in a capitated environment.

SEC. 2. Section 14087.325 of the Welfare and Institutions Code is amended to read:

14087.325. (a) The department shall require, as a condition of obtaining a contract with the department, that any local initiative, as defined in subdivision (v) of Section 53810 of Title 22 of the California Code of Regulations, offer a subcontract to any entity defined in Section 1396d (*l*)(2)(B) of Title 42 of the United States Code providing services as defined in Section 1396d(a)(2)(C) of Title 42 of the United States Code and operating in the service area covered by the local initiative's contract with the department. These entities are also known as federally qualified health centers.

(b) Except as otherwise provided in this section, managed care subcontracts offered to a federally qualified health center or a rural

health clinic, as defined in Section 1396d (*l*)(1) of Title 42 of the United States Code, by a local initiative, county organized health system, as defined in Section 12693.05 of the Insurance Code, commercial plan, as defined in subdivision (h) of Section 53810 of Title 22 of the California Code of Regulations, or a health plan contracting with a geographic managed care program, as defined in subdivision (g) of Section 53902 of Title 22 of the California Code of Regulations, shall be on the same terms and conditions offered to other subcontractors providing a similar scope of service.

(c) The department shall provide incentives in the competitive application process described in paragraph (1) of subdivision (b) of Section 53800 of Title 22 of the California Code of Regulations, to encourage potential commercial plans as defined in subdivision (h) of Section 53810 of Title 22 of the California Code of Regulations to offer subcontracts to these federally qualified health centers.

(d) Reimbursement to federally qualified health centers and rural health centers for services provided pursuant to a subcontract with a local initiative, a commercial plan, geographic managed care program health plan, or a county organized health system, shall be paid in a manner that is not less than the level and amount of payment that the plan would make for the same scope of services if the services were furnished by a provider that is not a federally qualified health center or rural health clinic.

(e) (1) The department shall administer a program to ensure that total payments to federally qualified health centers and rural health clinics operating as managed care subcontractors pursuant to subdivision (d) comply with applicable federal law regarding reasonable cost reimbursement for services provided by these entities pursuant to Sections 1902(a)(13)(C) and 1903(m)(2)(A)(ix) of the Social Security Act (42 U.S.C.A. Secs. 1396a(a)(13)(C) and 1396b(m)(2)(A)(ix)). Under the department's program, federally qualified health centers and rural health clinics subcontracting with local initiatives, commercial plans, county organized health systems, and geographic managed care program health plans shall seek supplemental reimbursement from the department through a per visit fee-for-service billing system utilizing the state's Medi-Cal fee-for-service claims processing system contractor. To carry out this per visit payment process, each federally qualified health system and rural health clinic shall submit to the department for approval a rate differential calculated to reflect the amount necessary to reimburse the federally qualified health center or rural health clinic the difference between the payment the center or clinic received from the managed care health plan and the interim rate established by the department based on the center's or clinic's reasonable cost. The department shall adjust the computed rate differential as it deems necessary to minimize the difference between the center's or clinic's revenue from the plan and the center's or clinic's cost-based reimbursement.

(2) In addition, to the extent feasible, within six months of the end of the center's or clinic's fiscal year, the department shall perform an annual reconciliation to reasonable cost, and make payments to, or obtain a recovery from, the center or clinic.

(f) In calculating the capitation rates to be paid to local initiatives, commercial plans, geographic managed care program health plans, and county organized health systems, the department shall not include the additional dollar amount applicable to cost-based reimbursement that would otherwise be paid, absent cost-based reimbursement, to federally qualified health centers and rural health clinics in the Medi-Cal fee-for-service program.

(g) (1) A federally qualified health center or rural health clinic may voluntarily agree to enter into a capitated or other at-risk contract with a managed care program health plan if the clinic agrees to all of the following:

(A) Reimbursement by the health plan under the contract is payment in full for the services provided under the contract and the costs and revenues experienced by the clinic under the contract shall not be subjected to reconciliation to reasonable cost.

(B) The clinic shall not seek supplemental reimbursement from the department, as provided in paragraph (1) of subdivision (e), or seek reconciliation to reasonable cost with the department, as provided in paragraph (2) of subdivision (e).

(2) The existence of a contract specified in paragraph (1) shall not void the center's or clinic's right to reconciliation to reasonable cost for those services that are not part of the center's or clinic's capitated or other at-risk contract with a health plan.

(3) A federally qualified health center or rural health clinic that agrees to enter into a capitated or at-risk contract shall, in writing to the department, affirmatively waive its right to supplemental reimbursement as provided in paragraph (1) of subdivision (e), and reconciliation to reasonable cost as provided in paragraph (2) of subdivision (e) for services provided pursuant to the subcontract with the health plan. Nothing in this paragraph shall restrict a center or clinic that waives its right to cost-based reimbursement from reinstating that right, in writing to the department, if the capitation or at-risk contract between the center or clinic and the health plan that prompted the waiver terminates.

(h) The department shall approve all contracts between federally qualified health centers or rural health clinics and any local initiative, commercial plan, geographic managed care program health plan, or county organized health system, in order to ensure compliance with this section.

(i) This section shall not preclude the department from establishing pilot programs pursuant to Section 14087.329.

(b) An application for assistance may be denied, in whole or in part, if the board finds that denial is appropriate because of the nature of the victim's or other applicant's involvement in the events leading to the crime or the involvement of the persons whose injury or death give rise to the application. In the case of a minor, the board shall consider the minor's age, physical condition, and psychological state as well as any compelling health and safety concerns in determining whether the minor's application should be denied pursuant to this section.

(c) No victim shall be eligible for assistance under this article under either of the following circumstances:

(1) The board finds that the victim knowingly and willingly participated in the commission of the crime. This paragraph shall not apply if the injury occurred as a direct result of a crime committed in violation of subdivision (d) of Section 261.5 of the Penal Code.

(2) The board finds that the victim failed to cooperate with a law enforcement agency in the apprehension and conviction of a criminal committing the crime. In the case of a minor, the board shall consider the minor's age, physical condition, and psychological state

as well as any compelling health and safety concerns in determining whether the minor is eligible for assistance pursuant to this section.

(1) The board finds that the victim or derivative victim knowingly and willingly participated in the commission of the crime.

(2) The board finds that the victim or derivative victim failed to cooperate with a law enforcement agency in the apprehension and conviction of a criminal committing the crime.

Moreover, no application shall be denied because a criminal complaint is filed, but later dismissed, if the dismissal is not for the reasons stated in subdivision (c) or (d).

(f) Once an application has been accepted by the board pursuant to subdivision (b) of Section 13962, as the application pertains to medical or medical-related expenses, the claim shall continue to be processed and either awarded or denied pursuant to this article in the event of the death of the applicant.

13964. (a) After having heard the evidence relevant to the application for assistance, the board shall approve the application if a preponderance of the evidence shows that as a direct result of the crime the victim or derivative victim incurred an injury that resulted in a pecuniary loss.

(b) An application for assistance may be denied, in whole or in part, if the board finds that denial is appropriate because of the nature of the victim's or other applicant's involvement in the events leading to the crime or the involvement of the persons whose injury or death give rise to the application. For the purposes of this section, the application of a derivative victim of domestic violence under the age of 18 years shall not be deemed ineligible on the basis of ineligibility of the victim under subdivision (b).

(f) No application shall be denied solely because no criminal complaint has been filed, unless the complaint has not been filed for one of the reasons stated in subdivision (c) or (d). Moreover, no application shall be denied because a criminal complaint is filed, but later dismissed, if the dismissal is not for the reasons stated in subdivision (c) or (d).

(g) Once an application has been accepted by the board pursuant to subdivision (b) of Section 13962, as the application pertains to medical or medical-related expenses, the claim shall continue to be processed and either awarded or denied pursuant to this article in the event of the death of the applicant.

(h) If a nonoffending parent in a child sexual abuse case cooperates with the prosecution or Child Protective Services by providing assistance to law enforcement in the disposition of the case,

that parent shall not be considered uncooperative within the meaning of this section and shall be eligible, if otherwise qualified, for restitution as a derivative victim pursuant to subparagraph (C) of paragraph (1) of subdivision (a) of Section 13965.

(i) This section shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2003, deletes or extends that date.

(b) An application for assistance may be denied, in whole or in part, if the board finds that denial is appropriate because of the nature of the victim's or other applicant's involvement in the events leading to the crime or the involvement of the persons whose injury or death give rise to the application.

(c) No victim shall be eligible for assistance under this article under any of the following circumstances:

(1) The board finds that the victim knowingly and willingly participated in the commission of the crime.

(2) The board finds that the victim failed to cooperate with a law enforcement agency in the apprehension and conviction of a criminal committing the crime.

Moreover, no application shall be denied because a criminal complaint is filed, but later dismissed, if the dismissal is not for the reasons stated in subdivision (c) or (d).

(f) Once an application has been accepted by the board pursuant to subdivision (b) of Section 13962, as the application pertains to medical or medical-related expenses, the claim shall continue to be processed and either awarded or denied pursuant to this article in the event of the death of the applicant.

(g) If a nonoffending parent in a child sexual abuse case cooperates with the prosecution or Child Protective Services by providing assistance to law enforcement in the disposition of the case, that parent shall not be considered uncooperative within the

meaning of this section and shall be eligible, if otherwise qualified, for restitution as a derivative victim pursuant to subparagraph (C) of paragraph (1) of subdivision (a) of Section 13965.

(h) This section shall become operative on January 1, 2003.

SEC. 3. Section 13965 of the Government Code is amended to read:

13965. (a) If the application for assistance is approved, the board shall determine what type of state assistance will best aid the victim or derivative victim. The board may take any or all of the following actions:

(1) Reimburse the following persons for the expense of their out-patient mental health counseling when that mental health counseling is necessary as a direct result of the crime:

(A) A victim in an amount not to exceed ten thousand dollars ($10,000).

(B) A derivative victim who is the surviving parent, sibling, child, spouse, or fiancé of a victim of a crime which directly resulted in the death of the victim in an amount not to exceed ten thousand dollars ($10,000).

(C) A derivative victim who is the primary caretaker of a minor victim of sexual or physical abuse whose claim is not denied or reduced pursuant to subdivision (b) or (d) of Section 13964 in a total amount not to exceed ten thousand dollars ($10,000) for not more than two derivative victims described in this subparagraph.

(D) A derivative victim not eligible for reimbursement pursuant to subparagraph (B) or (C) in an amount not to exceed three thousand dollars ($3,000).

(E) A victim of a crime committed in violation of subdivision (d) of Section 261.5 of the Penal Code in an amount not to exceed three thousand dollars ($3,000) for mental health counseling expenses only. A derivative victim of a crime committed in violation of subdivision (d) of the Penal Code shall not be eligible for reimbursement of mental health counseling expenses.

The board may authorize a direct cash payment to a provider of psychological or psychiatric treatment or mental health counseling services, including peer counseling services provided by a rape crisis center as defined by Section 13837 of the Penal Code or to either the victim or the derivative victim, equal to the pecuniary loss attributable to medical or medical-related expenses, including counseling, directly resulting from the injury. Reimbursement on the initial claim for any psychological, psychiatric, or mental health counseling services, including peer counseling services provided by a rape crisis center, shall, if the application has been approved, be paid by the board within 90 days of the date of receipt of the claim for payment, with subsequent payments to be made to the provider within one month of the receipt of a claim for payment. However, the board may not authorize without good cause a direct cash payment

to a licensed health care provider or rape crisis center over the objection of the applicant.

When a public agency, including a court or district attorney or a police, county child protective services, or other state or local governmental agency, refers a victim of crime to a private nonprofit agency for treatment for that victim, the private nonprofit agency shall be reimbursed for those services at the level of the normal and customary fee charged by the private nonprofit agency to clients with adequate means of payment for its services, except that this reimbursement shall not exceed the maximum reimbursement rates set by the board and may be made only to the extent that the victim otherwise qualifies for services under the victims of crime program and that other reimbursement or direct subsidies are not available to serve the victim.

Payments authorized pursuant to this paragraph for peer counseling services provided by a rape counseling center shall not exceed fifteen dollars ($15) for each hour of services provided. Those services shall be limited to individual, in-person counseling on a face-to-face basis for a period not to exceed 10 weeks plus one series of facilitated support group counseling sessions.

(2) Authorize a cash payment to the victim equal to the pecuniary loss resulting from loss of wages directly resulting from the injury. Loss of wages shall not be paid by the board for more than three years following the crime. If the board determines, after review of an application for assistance, including the evaluation of a qualified provider, that pecuniary loss for which payment may be made under this paragraph is expected to continue more than six months after the date of approval of the victim's application for assistance, disbursement shall commence and continue on a monthly basis for the period of time pecuniary loss is expected to continue.

(3) Authorize a cash payment to a derivative victim described in subparagraphs (A) and (B) of paragraph (2) of subdivision (a) of Section 13960 who was legally dependent on the victim at the time of the crime for the loss of support incurred by that person as a direct result of the crime.

(A) Loss of support shall not be paid by the board for income lost by an adult for a period of more than three years following the date of the crime.

(B) Loss of support shall not be paid by the board on behalf of a minor for a period beyond the child's attaining the age of 18 years.

(C) The total amount payable to all derivative victims for loss of support pursuant to this paragraph as the result of one crime shall not exceed forty-six thousand dollars ($46,000).

(4) Authorize cash payments to or on behalf of the victim for job retraining or similar employment-oriented rehabilitative services.

(5) Obtain an independent examination and report from any provider of psychological or psychiatric treatment or mental health counseling services, if it believes there is a reasonable basis for

requesting an additional evaluation. In cases where the crime involves sexual assault, the provider shall have expertise in the needs of sexual assault victims. In cases where the crime involves child abuse or molestation, the provider shall have expertise in the needs of victims of child abuse or molestation, as appropriate. When a reevaluation is obtained, payments shall not be discontinued prior to completion of the reevaluation.

(6) When a victim dies as a direct result of a crime, the board may reimburse any individual who voluntarily, and without anticipation of personal gain, pays or assumes the obligation to pay, the medical or burial expenses incurred as a direct result of the crime for the medical or burial expenses incurred in an amount not to exceed the rates or limitations established by the board.

(7) The total award to or on behalf of the victim or a derivative victim shall not exceed twenty-three thousand dollars ($23,000), and may be increased only in accordance with this section.

(8) In the event that the victim requests that the board give priority to reimbursement of loss of wages, the board shall not pay medical expenses or mental health counseling expenses except upon the request of the victim or after determining that payment of these expenses will not decrease the funds available to the victim for payment of loss of wages.

(9) The board may authorize a direct cash payment to a provider of services that are reimbursable pursuant to this article. However, the board may not, without good cause, authorize a direct cash payment to a provider over the objection of the victim or applicant.

(b) Assistance granted pursuant to this article shall not disqualify an otherwise eligible victim or derivative victim from participation in any other public assistance program.

(c) Cash payments made pursuant to this article may be on a one-time or periodic basis. If periodic, the board may increase, reduce, or terminate the amount of assistance according to the victim's or derivative victim's need, subject to the maximum limits provided in this section.

(d) The board shall pay attorney's fees representing the reasonable value of legal services rendered to the applicant, in an amount equal to 10 percent of the amount of the award, or five hundred dollars ($500), whichever is less for each victim and each derivative victim. An attorney receiving fees from another source may waive the right to receive fees under this section. Payments under this section shall be in addition to any amount authorized or ordered under subdivision (d) of Section 13969.1.

(e) No attorney shall charge, demand, receive, or collect any amount for services rendered in connection with any proceedings under this article except as awarded under this article.

(f) The maximum cash payments authorized in paragraph (7) of subdivision (a) shall be increased to forty-six thousand dollars ($46,000) if federal funds for those increases are available.

(g) Notwithstanding subdivisions (a) and (f), a victim injured between January 1, 1985, and December 31, 1985, shall be entitled to receive a maximum cash payment of forty-six thousand dollars ($46,000) if federal funds for these increases are available, but only for costs in excess of limitations provided for in subdivision (a) which are attributable to medical or medical-related expenses, except for psychological or psychiatric treatment, or mental health counseling services.

(h) Notwithstanding any conflicting provision of this chapter, the board may make additional payments for purposes described in paragraph (1) of subdivision (a) to any victim who filed an application with the board on or after December 1, 1982, who was a victim of a crime involving sexual assault, and who is a minor at the time the additional payments pursuant to this subdivision are made. The payments authorized by this subdivision shall not exceed the limits imposed by subdivisions (a) and (j).

(i) Reimbursement for any medical or medical-related services shall, if the victim's application has been approved, be paid by the board within an average of 90 days from receipt of the claim for payment. Payments to a medical or mental health provider under this subdivision or paragraph (1) of subdivision (a) shall not be discontinued prior to completion of any reevaluation. Whether or not a reevaluation is obtained, if the board determines that payments to a provider shall be discontinued, the board shall notify the provider of their discontinuance within 30 days of its determination.

(j) The board may establish maximum rates and service limitations for reimbursement of medical and medical-related expenses, including counseling expenses, for which restitution is requested pursuant to this section. For mental health and counseling services, rates shall not exceed the statewide average. The adoption, amendment, and repeal of these maximum rates shall not be subject to the Administrative Procedure Act under Chapter 3.5 (commencing with Section 11340) of Part 1. An informational copy of the maximum rates shall be filed with the Secretary of State upon adoption by the board. A provider who accepts payment from the program for a service shall accept the program's rates as payment in full and shall not accept any payment on account of the service from any other source if the total of payments accepted would exceed the maximum rate set by the board for that service.

To assure service limitations which are uniform and appropriate to the levels of treatment required by the victim or derivative victim, the board may review all claims for these services as necessary to ensure their medical necessity. The board may further require additional documentation, information, or medical review of cases of continuing treatment which are projected to exceed five thousand dollars ($5,000) to determine the need to continue treatment in excess of that amount. The board may accept or reject claims for the amount in excess of five thousand dollars ($5,000) by applying the

same standards applicable to processing the initial claim or may approve a continuing treatment regimen for a specific interval or subject to periodic review as appropriate. All information requested of the treating therapist shall be provided at no cost to the applicant, the board, or to local victim centers, pursuant to subdivision (b) of Section 13962. Requests for additional information shall be made in a timely manner so as not to interfere with necessary treatment.

(k) The authority provided by this section shall not be construed to in any way diminish, enhance, or otherwise affect any authority which the board may have under current law except as explicitly provided in this section.

(*l*) The board, in its discretion, may make payments directly to providers prior to verification.

(m) Notwithstanding paragraph (1) of subdivision (a), the board may reimburse a victim or derivative victim for mental health counseling in excess of that authorized by that paragraph if the claim is based on dire or exceptional circumstances that require more extensive treatment, as approved by the board.

(n) Notwithstanding paragraph (1) of subdivision (a), if, as of December 31, 1993, a person has incurred mental health counseling expenses pursuant to this article in excess of one-half of the amount specified in that subdivision, the board may award, in addition to amounts awarded for previously incurred expenses, an amount equal to not more than one-half of the applicable maximum amount specified in that paragraph or any additional amounts as the board determines is necessary.

(o) The limitations on the amounts which the board may reimburse for loss of support and loss of wages pursuant to paragraphs (2) and (3) of subdivision (a) shall not apply to victims or derivative victims whose claims for loss of wages and loss of support had been approved prior to January 1, 1994.

(p) The total award to or on behalf of a victim of a crime committed in violation of subdivision (d) of Section 261.5 of the Penal Code shall not exceed three thousand dollars ($3,000) for mental health counseling expenses only.

(q) This section shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2003, deletes or extends that date.

SEC. 3.5. Section 13965 of the Government Code is amended to read:

13965. (a) If the application for assistance is approved, the board shall determine what type of state assistance will best aid the victim or derivative victim. The board may take any or all of the following actions:

(1) Reimburse the following persons for the expense of their out-patient mental health counseling when that mental health counseling is necessary as a direct result of the crime:

(A) A victim in an amount not to exceed ten thousand dollars ($10,000).

(B) A derivative victim who is the surviving parent, sibling, child, spouse, or fiancé of a victim of a crime which directly resulted in the death of the victim in an amount not to exceed ten thousand dollars ($10,000).

(C) A derivative victim, as defined in subparagraph (A), (B), (C), or (D) of paragraph (2) of subdivision (a) of Section 13960, who is the primary caretaker of a minor victim of sexual or physical abuse whose claim is not denied or reduced pursuant to subdivision (b) or (d) of Section 13964 in a total amount not to exceed ten thousand dollars ($10,000) for not more than two derivative victims described in this subparagraph.

(D) A derivative victim not eligible for reimbursement pursuant to subparagraph (B) or (C) in an amount not to exceed three thousand dollars ($3,000), provided that mental health counseling of a derivative victim under subparagraph (E) of paragraph (2) of subdivision (a) of Section 13960 shall be reimbursed only if that counseling is necessary for the treatment of the victim.

(E) A victim of a crime committed in violation of subdivision (d) of Section 261.5 of the Penal Code in an amount not to exceed three thousand dollars ($3,000) for mental health counseling expenses only. A derivative victim of a crime committed in violation of subdivision (d) of Section 261.5 of the Penal Code shall not be eligible for reimbursement of mental health counseling expenses.

The board may authorize a direct cash payment to a provider of psychological or psychiatric treatment or mental health counseling services, including peer counseling services provided by a rape crisis center as defined by Section 13837 of the Penal Code or to either the victim or the derivative victim, equal to the pecuniary loss attributable to medical or medical-related expenses, including counseling, directly resulting from the injury. Reimbursement on the initial claim for any psychological, psychiatric, or mental health counseling services, including peer counseling services provided by a rape crisis center, shall, if the application has been approved, be paid by the board within 90 days of the date of receipt of the claim for payment, with subsequent payments to be made to the provider within one month of the receipt of a claim for payment. However, the board may not authorize without good cause a direct cash payment to a licensed health care provider or rape crisis center over the objection of the applicant.

When a public agency, including a court or district attorney or a police, county child protective services, or other state or local governmental agency, refers a victim of crime to a private nonprofit agency for treatment for that victim, the private nonprofit agency shall be reimbursed for those services at the level of the normal and customary fee charged by the private nonprofit agency to clients with adequate means of payment for its services, except that this

reimbursement shall not exceed the maximum reimbursement rates set by the board and may be made only to the extent that the victim otherwise qualifies for services under the victims of crime program and that other reimbursement or direct subsidies are not available to serve the victim.

Payments authorized pursuant to this paragraph for peer counseling services provided by a rape crisis center shall not exceed fifteen dollars ($15) for each hour of services provided. Those services shall be limited to individual, in-person counseling on a face-to-face basis for a period not to exceed 10 weeks plus one series of facilitated support group counseling sessions.

(2) Authorize a cash payment to the victim equal to the pecuniary loss resulting from loss of wages directly resulting from the injury. Loss of wages shall not be paid by the board for more than three years following the crime. If the board determines, after review of an application for assistance, including the evaluation of a qualified provider, that pecuniary loss for which payment may be made under this paragraph is expected to continue more than six months after the date of approval of the victim's application for assistance, disbursement shall commence and continue on a monthly basis for the period of time pecuniary loss is expected to continue.

(3) Authorize a cash payment to a derivative victim described in subparagraphs (A) and (B) of paragraph (2) of subdivision (a) of Section 13960 who was legally dependent on the victim at the time of the crime for the loss of support incurred by that person as a direct result of the crime.

(A) Loss of support shall not be paid by the board for income lost by an adult for a period of more than three years following the date of the crime.

(B) Loss of support shall not be paid by the board on behalf of a minor for a period beyond the child's attaining the age of 18 years.

(C) The total amount payable to all derivative victims for loss of support pursuant to this paragraph as the result of one crime shall not exceed forty-six thousand dollars ($46,000).

(4) Authorize cash payments to or on behalf of the victim for job retraining or similar employment-oriented rehabilitative services.

(5) Obtain an independent examination and report from any provider of psychological or psychiatric treatment or mental health counseling services, if it believes there is a reasonable basis for requesting an additional evaluation. In cases where the crime involves sexual assault, the provider shall have expertise in the needs of sexual assault victims. In cases where the crime involves child abuse or molestation, the provider shall have expertise in the needs of victims of child abuse or molestation, as appropriate. When a reevaluation is obtained, payments shall not be discontinued prior to completion of the reevaluation.

(6) When a victim dies as a direct result of a crime, the board may reimburse any individual who voluntarily, and without anticipation

of personal gain, pays or assumes the obligation to pay, the medical or burial expenses incurred as a direct result of the crime for the medical or burial expenses incurred in an amount not to exceed the rates or limitations established by the board.

(7) The total award to or on behalf of the victim or a derivative victim shall not exceed twenty-three thousand dollars ($23,000), and may be increased only in accordance with this section.

(8) In the event that the victim requests that the board give priority to reimbursement of loss of wages, the board shall not pay medical expenses or mental health counseling expenses except upon the request of the victim or after determining that payment of these expenses will not decrease the funds available to the victim for payment of loss of wages.

(9) The board may authorize a direct cash payment to a provider of services that are reimbursable pursuant to this article. However, the board may not, without good cause, authorize a direct cash payment to a provider over the objection of the victim or applicant.

(b) Assistance granted pursuant to this article shall not disqualify an otherwise eligible victim or derivative victim from participation in any other public assistance program.

(c) Cash payments made pursuant to this article may be on a one-time or periodic basis. If periodic, the board may increase, reduce, or terminate the amount of assistance according to the victim's or derivative victim's need, subject to the maximum limits provided in this section.

(d) The board shall pay attorney's fees representing the reasonable value of legal services rendered to the applicant, in an amount equal to 10 percent of the amount of the award, or five hundred dollars ($500), whichever is less for each victim and each derivative victim. An attorney receiving fees from another source may waive the right to receive fees under this section. Payments under this section shall be in addition to any amount authorized or ordered under subdivision (d) of Section 13969.1.

(e) No attorney shall charge, demand, receive, or collect any amount for services rendered in connection with any proceedings under this article except as awarded under this article.

(f) The maximum cash payments authorized in paragraph (7) of subdivision (a) shall be increased to forty-six thousand dollars ($46,000) if federal funds for those increases are available.

(g) Notwithstanding subdivisions (a) and (f), a victim injured between January 1, 1985, and December 31, 1985, shall be entitled to receive a maximum cash payment of forty-six thousand dollars ($46,000) if federal funds for these increases are available, but only for costs in excess of limitations provided for in subdivision (a) which are attributable to medical or medical-related expenses, except for psychological or psychiatric treatment, or mental health counseling services.

(h) Notwithstanding any conflicting provision of this chapter, the board may make additional payments for purposes described in paragraph (1) of subdivision (a) to any victim who filed an application with the board on or after December 1, 1982, who was a victim of a crime involving sexual assault, and who is a minor at the time the additional payments pursuant to this subdivision are made. The payments authorized by this subdivision shall not exceed the limits imposed by subdivisions (a) and (j).

(i) Reimbursement for any medical or medical-related services shall, if the victim's application has been approved, be paid by the board within an average of 90 days from receipt of the claim for payment. Payments to a medical or mental health provider under this subdivision or paragraph (1) of subdivision (a) shall not be discontinued prior to completion of any reevaluation. Whether or not a reevaluation is obtained, if the board determines that payments to a provider shall be discontinued, the board shall notify the provider of their discontinuance within 30 days of its determination.

(j) The board may establish maximum rates and service limitations for reimbursement of medical and medical-related expenses, including counseling expenses, for which restitution is requested pursuant to this section. For mental health and counseling services, rates shall not exceed the statewide average. The adoption, amendment, and repeal of these maximum rates shall not be subject to the Administrative Procedure Act under Chapter 3.5 (commencing with Section 11340) of Part 1. An informational copy of the maximum rates shall be filed with the Secretary of State upon adoption by the board. A provider who accepts payment from the program for a service shall accept the program's rates as payment in full and shall not accept any payment on account of the service from any other source if the total of payments accepted would exceed the maximum rate set by the board for that service.

To assure service limitations which are uniform and appropriate to the levels of treatment required by the victim or derivative victim, the board may review all claims for these services as necessary to ensure their medical necessity. The board may further require additional documentation, information, or medical review of cases of continuing treatment which are projected to exceed five thousand dollars ($5,000) to determine the need to continue treatment in excess of that amount. The board may accept or reject claims for the amount in excess of five thousand dollars ($5,000) by applying the same standards applicable to processing the initial claim or may approve a continuing treatment regimen for a specific interval or subject to periodic review as appropriate. All information requested of the treating therapist shall be provided at no cost to the applicant, the board, or to local victim centers, pursuant to subdivision (b) of Section 13962. Requests for additional information shall be made in a timely manner so as not to interfere with necessary treatment.

(k) The authority provided by this section shall not be construed to in any way diminish, enhance, or otherwise affect any authority which the board may have under current law except as explicitly provided in this section.

(*l*) The board, in its discretion, may make payments directly to providers prior to verification.

(m) Notwithstanding paragraph (1) of subdivision (a), the board may reimburse a victim or derivative victim for mental health counseling in excess of that authorized by that paragraph if the claim is based on dire or exceptional circumstances that require more extensive treatment, as approved by the board.

(n) Notwithstanding paragraph (1) of subdivision (a), if, as of December 31, 1993, a person has incurred mental health counseling expenses pursuant to this article in excess of one-half of the amount specified in that subdivision, the board may award, in addition to amounts awarded for previously incurred expenses, an amount equal to not more than one-half of the applicable maximum amount specified in that paragraph or any additional amounts as the board determines is necessary.

(o) The limitations on the amounts which the board may reimburse for loss of support and loss of wages pursuant to paragraphs (2) and (3) of subdivision (a) shall not apply to victims or derivative victims whose claims for loss of wages and loss of support had been approved prior to January 1, 1994.

(p) The total award to or on behalf of a victim of a crime committed in violation of subdivision (d) of Section 261.5 of the Penal Code shall not exceed three thousand dollars ($3,000) for mental health counseling expenses only.

(q) This section shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2003, deletes or extends that date.

SEC. 3.7. Section 13965 is added to the Government Code, to read:

13965. (a) If the application for assistance is approved, the board shall determine what type of state assistance will best aid the victim or derivative victim. The board may take any or all of the following actions:

(1) Reimburse the following persons for the expense of their out-patient mental health counseling when that mental health counseling is necessary as a direct result of the crime:

(A) A victim in an amount not to exceed ten thousand dollars ($10,000).

(B) A derivative victim who is the surviving parent, sibling, child, spouse, or fiancé of a victim of a crime which directly resulted in the death of the victim in an amount not to exceed ten thousand dollars ($10,000).

(C) A derivative victim who is the primary caretaker of a minor victim of sexual or physical abuse whose claim is not denied or

reduced pursuant to subdivision (b) or (d) of Section 13964 in a total amount not to exceed ten thousand dollars ($10,000) for not more than two derivative victims described in this subparagraph.

(D) A derivative victim not eligible for reimbursement pursuant to subparagraph (B) or (C) in an amount not to exceed three thousand dollars ($3,000).

The board may authorize a direct cash payment to a provider of psychological or psychiatric treatment or mental health counseling services, including peer counseling services provided by a rape crisis center as defined by Section 13837 of the Penal Code or to either the victim or the derivative victim, equal to the pecuniary loss attributable to medical or medical-related expenses, including counseling, directly resulting from the injury. Reimbursement on the initial claim for any psychological, psychiatric, or mental health counseling services, including peer counseling services provided by a rape crisis center, shall, if the application has been approved, be paid by the board within 90 days of the date of receipt of the claim for payment, with subsequent payments to be made to the provider within one month of the receipt of a claim for payment. However, the board may not authorize without good cause a direct cash payment to a licensed health care provider or rape crisis center over the objection of the applicant.

When a public agency, including a court or district attorney or a police, county child protective services, or other state or local governmental agency, refers a victim of crime to a private nonprofit agency for treatment for that victim, the private nonprofit agency shall be reimbursed for those services at the level of the normal and customary fee charged by the private nonprofit agency to clients with adequate means of payment for its services, except that this reimbursement shall not exceed the maximum reimbursement rates set by the board and may be made only to the extent that the victim otherwise qualifies for services under the victims of crime program and that other reimbursement or direct subsidies are not available to serve the victim.

Payments authorized pursuant to this paragraph for peer counseling services provided by a rape counseling center shall not exceed fifteen dollars ($15) for each hour of services provided. Those services shall be limited to individual, in-person counseling on a face-to-face basis for a period not to exceed 10 weeks plus one series of facilitated support group counseling sessions.

(2) Authorize a cash payment to the victim equal to the pecuniary loss resulting from loss of wages directly resulting from the injury. Loss of wages shall not be paid by the board for more than two years following the crime. However, loss of wages may be extended for one additional year if the victim is either enrolled in a program of retraining or other rehabilitation approved by the board or has established to the satisfaction of the board that because of his or her disability arising from the crime he or she is unable to participate in

any retraining or rehabilitation. If the board determines, after review of an application for assistance, including the evaluation of a qualified provider, that pecuniary loss for which payment may be made under this paragraph is expected to continue more than six months after the date of approval of the victim's application for assistance, disbursement shall commence and continue on a monthly basis for the period of time pecuniary loss is expected to continue.

(3) Authorize a cash payment to a derivative victim described in subparagraphs (A) and (B) of paragraph (2) of subdivision (a) of Section 13960 who was legally dependent on the victim at the time of the crime for the loss of support incurred by that person as a direct result of the crime.

(A) Loss of support shall not be paid by the board for income lost by an adult for a period of more than two years and shall not extend more than three years following the date of the crime.

(B) Loss of support shall not be paid by the board on behalf of a minor for a period beyond the child's attaining the age of 18 years.

(C) The total amount payable to all derivative victims for loss of support pursuant to this paragraph as the result of one crime shall not exceed forty-six thousand dollars ($46,000).

(4) Authorize cash payments to or on behalf of the victim for job retraining or similar employment-oriented rehabilitative services.

(5) Obtain an independent examination and report from any provider of psychological or psychiatric treatment or mental health counseling services, if it believes there is a reasonable basis for requesting an additional evaluation. In cases where the crime involves sexual assault, the provider shall have expertise in the needs of sexual assault victims. In cases where the crime involves child abuse or molestation, the provider shall have expertise in the needs of victims of child abuse or molestation, as appropriate. When a reevaluation is obtained, payments shall not be discontinued prior to completion of the reevaluation.

(6) When a victim dies as a direct result of a crime, the board may reimburse any individual who voluntarily, and without anticipation of personal gain, pays or assumes the obligation to pay, the medical or burial expenses incurred as a direct result of the crime for the medical or burial expenses incurred in an amount not to exceed the rates or limitations established by the board.

(7) The total award to or on behalf of the victim or a derivative victim shall not exceed twenty-three thousand dollars ($23,000), and may be increased only in accordance with this section.

(8) In the event that the victim requests that the board give priority to reimbursement of loss of wages, the board shall not pay medical expenses or mental health counseling expenses except upon the request of the victim or after determining that payment of these expenses will not decrease the funds available to the victim for payment of loss of wages.

(9) The board may authorize a direct cash payment to a provider of services that are reimbursable pursuant to this article. However, the board may not, without good cause, authorize a direct cash payment to a provider over the objection of the victim or applicant.

(b) Assistance granted pursuant to this article shall not disqualify an otherwise eligible victim or derivative victim from participation in any other public assistance program.

(c) Cash payments made pursuant to this article may be on a one-time or periodic basis. If periodic, the board may increase, reduce, or terminate the amount of assistance according to the victim's or derivative victim's need, subject to the maximum limits provided in this section.

(d) The board shall pay attorney's fees representing the reasonable value of legal services rendered to the applicant, in an amount equal to 10 percent of the amount of the award, or five hundred dollars ($500), whichever is less for each victim and each derivative victim. An attorney receiving fees from another source may waive the right to receive fees under this section. Payments under this section shall be in addition to any amount authorized or ordered under subdivision (d) of Section 13969.1.

(e) No attorney shall charge, demand, receive, or collect any amount for services rendered in connection with any proceedings under this article except as awarded under this article.

(f) The maximum cash payments authorized in paragraph (7) of subdivision (a) shall be increased to forty-six thousand dollars ($46,000) if federal funds for those increases are available.

(g) Notwithstanding subdivisions (a) and (f), a victim injured between January 1, 1985, and December 31, 1985, shall be entitled to receive a maximum cash payment of forty-six thousand dollars ($46,000) if federal funds for these increases are available, but only for costs in excess of limitations provided for in subdivision (a) which are attributable to medical or medical-related expenses, except for psychological or psychiatric treatment, or mental health counseling services.

(h) Notwithstanding any conflicting provision of this chapter, the board may make additional payments for purposes described in paragraph (1) of subdivision (a) to any victim who filed an application with the board on or after December 1, 1982, who was a victim of a crime involving sexual assault, and who is a minor at the time the additional payments pursuant to this subdivision are made. The payments authorized by this subdivision shall not exceed the limits imposed by subdivisions (a) and (j).

(i) Reimbursement for any medical or medical-related services shall, if the victim's application has been approved, be paid by the board within an average of 90 days from receipt of the claim for payment. Payments to a medical or mental health provider under this subdivision or paragraph (1) of subdivision (a) shall not be discontinued prior to completion of any reevaluation. Whether or not

a reevaluation is obtained, if the board determines that payments to a provider shall be discontinued, the board shall notify the provider of their discontinuance within 30 days of its determination.

(j) The board may establish maximum rates and service limitations for reimbursement of medical and medical-related expenses, including counseling expenses, for which restitution is requested pursuant to this section. For mental health and counseling services, rates shall not exceed the statewide average. The adoption, amendment, and repeal of these maximum rates shall not be subject to the Administrative Procedure Act under Chapter 3.5 (commencing with Section 11340) of Part 1. An informational copy of the maximum rates shall be filed with the Secretary of State upon adoption by the board. A provider who accepts payment from the program for a service shall accept the program's rates as payment in full and shall not accept any payment on account of the service from any other source if the total of payments accepted would exceed the maximum rate set by the board for that service.

To assure service limitations which are uniform and appropriate to the levels of treatment required by the victim or derivative victim, the board may review all claims for these services as necessary to ensure their medical necessity. The board may further require additional documentation, information, or medical review of cases of continuing treatment which are projected to exceed five thousand dollars ($5,000) to determine the need to continue treatment in excess of that amount. The board may accept or reject claims for the amount in excess of five thousand dollars ($5,000) by applying the same standards applicable to processing the initial claim or may approve a continuing treatment regimen for a specific interval or subject to periodic review as appropriate. All information requested of the treating therapist shall be provided at no cost to the applicant, the board, or to local victim centers, pursuant to subdivision (b) of Section 13962. Requests for additional information shall be made in a timely manner so as not to interfere with necessary treatment.

(k) The authority provided by this section shall not be construed to in any way diminish, enhance, or otherwise affect any authority which the board may have under current law except as explicitly provided in this section.

(*l*) The board, in its discretion, may make payments directly to providers prior to verification.

(m) Notwithstanding paragraph (1) of subdivision (a), the board may reimburse a victim or derivative victim for mental health counseling in excess of that authorized by that paragraph if the claim is based on dire or exceptional circumstances that require more extensive treatment, as approved by the board.

(n) Notwithstanding paragraph (1) of subdivision (a), if, as of December 31, 1993, a person has incurred mental health counseling expenses pursuant to this article in excess of one-half of the amount specified in that subdivision, the board may award, in addition to

amounts awarded for previously incurred expenses, an amount equal to not more than one-half of the applicable maximum amount specified in that paragraph or any additional amounts as the board determines is necessary.

(o) The limitations on the amounts which the board may reimburse for loss of support and loss of wages pursuant to paragraphs (2) and (3) of subdivision (a) shall not apply to victims or derivative victims whose claims for loss of wages and loss of support had been approved prior to January 1, 1994.

(p) This section shall become operative on January 1, 2003.

CHAPTER 896

An act to add Section 14132.97 to the Welfare and Institutions Code, relating to human services, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 27, 1998. Filed with Secretary of State September 28, 1998.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:
