CHAPTER 948

An act to add Chapter 4.5 (commencing with Section 18800) to Part 11 of, and to repeal Chapter 4 (commencing with Section 18700) of Part 11 of, the Education Code, relating to libraries, and making an appropriation therefor.

[Approved by Governor September 28, 1998. Filed with Secretary of State September 29, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 4.5 (commencing with Section 18800) is added to Part 11 of the Education Code, to read:

CHAPTER 4.5. LIBRARY OF CALIFORNIA ACT

Article 1. General Provisions

18800. This chapter shall be known as the Library of California Act.

18801. (a) The Legislature finds all of the following:

(1) Our economy is information based. Because libraries are information providers, they have a primary responsibility for the collection, organization, and dissemination of information supporting the economic development of California.

(2) Resource sharing, cooperation, and collaboration among all California libraries of all types creates a whole that is greater than the sum of its parts. Each library can serve as a gateway to the resources and services of every other California library.

(3) The state's economic and democratic vitality depends upon the education of all Californians and their equitable access to information in an effective, timely fashion. Public and private partnerships enhance information access and delivery.

(4) Access to information is increasingly technology based. Technology is vital to the libraries serving Californians. The sharing of resources and services among libraries is most cost-effective when appropriate technology is utilized effectively.

(5) Our multicultural and complex society creates needs for materials, information, and services that go beyond the ability of any one library or any one type of library to provide.

(6) The academic library is a primary source of curriculum-related educational and research information for higher education.

(7) The public library is a primary source of information, enrichment, and lifelong learning for persons of any age, location, or economic circumstance.

(8) The school library is a primary source of curriculum-related resources and instructional reading materials in elementary and secondary schools.

(9) The special library is a primary source of information and research resources related to its specific mission or the purpose of its parent organization which may be a corporation, hospital, legal organization or other institution.

(10) No single library is able to meet all the diverse needs of all of its primary clientele, including people with disabilities, non-English-speaking and limited-English-speaking persons, those who are confined to home or an institution, those who are geographically isolated, and those who are economically disadvantaged. Highly specialized information needs often surpass the resources of any single library in the state.

(11) The effective sharing of resources and services among the libraries of California requires a structure and an ongoing commitment by the state to compensate libraries for services provided to Californians other than their primary clientele.

(b) The Legislature therefore finds and declares the following:

(1) It is in the interest of the people of the state to ensure that all Californians have free and convenient access to all library resources and services that could provide essential information and enrich their lives.

(2) To respond fully and successfully to these information needs and to the diversity of California's population, libraries of all types and in all parts of the state must be enabled to interact, cooperate, and share resources.

(c) (1) It is the intent of the Legislature to provide all Californians with the opportunity to obtain from a local library all their needed materials and informational services by facilitating, and supporting through that library, access to the resources of all libraries in the state.

(2) It is the intent of the Legislature to accomplish this goal by enabling libraries of all types and in all parts of the state to provide their users with the services and resources of all libraries in this state, and by assisting libraries to provide and improve service to the underserved.

18802. In adopting this chapter, the Legislature declares that its policy is as follows:

(a) To reaffirm the principle of local control of the government or administration, or both, of libraries and to affirm that the provisions of this chapter apply only to libraries authorized by their jurisdictions or institutions to apply to participate in the programs authorized by this chapter.

(b) To enable the users of all libraries, regardless of the library type, size, or geographic location, to benefit from some or all of the services authorized by this chapter.

(c) To require that no library, as a condition for receiving funds or services under this chapter, acquire, provide access to, or exclude any specific book, periodical, film, recording, data base, picture, or other material or medium, or acquire, provide access to, or exclude any classification of books or other material by author, subject matter, or type.

(d) To encourage adequate funding of libraries from local or other sources, with state aid under this program to be furnished as a supplement to, rather than a replacement for, other funds.

(e) To ensure that the necessary technological infrastructure is provided.

(f) To ensure library service to the underserved of all ages.

(g) To encourage and enable the sharing of resources among libraries of all types.

(h) To reimburse equitably any participating library for services it provides to Californians other than its primary clientele.

(i) To assure that no existing library service programs, funded at the local or state level, are diminished as a result of the resource sharing authorized by this chapter.

Geographical boundaries determine which regional library network a public library jurisdiction or institution, and its participating libraries, may join; exceptions may be made by the state board. [Approved by Governor September 28, 1998. Filed with Secretary of State September 29, 1998.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known as the Lance Helms Child Safety Act of 1998.

SEC. 2. Section 324.5 is added to the Welfare and Institutions Code, to read:

If deemed appropriate, the local law enforcement agency, or the child welfare department, shall cause the child to undergo a physical examination performed by a medical practitioner who has specialized training in detecting and treating child abuse injuries and neglect, and, whenever possible, shall ensure that this examination take place within 72 hours of the time the child was taken into protective custody. In the event the allegations are made while the child is in custody, the physical examination shall be performed within 72 hours of the time the allegations were made.

In the case of a petition filed pursuant to Section 319, the department shall provide the results of the physical examination to the court and to any counsel for the minor, and counsel for the parent or guardian of the minor. (b) The local child welfare agency shall, whenever possible, request that additional medical examinations to determine child abuse injuries or neglect, be performed by the same medical practitioner who performed the examinations described in subdivision (a). If it is not possible to obtain additional medical

SEC. 3. Section 361.3 of the Welfare and Institutions Code is amended to read:

361.3. (a) In any case in which a child is removed from the physical custody of his or her parents pursuant to Section 361, preferential consideration shall be given to a request by a relative of the child for placement of the child with the relative. In determining whether placement with a relative is appropriate, the county social worker and court shall consider, but shall not be limited to, consideration of all the following factors:

(1) The best interests of the child, including special physical, psychological, educational, medical, or emotional needs.

(2) The wishes of the parent, the relative, and child, if appropriate.

(3) The provisions of Part 6 (commencing with Section 7950) of Division 12 of the Family Code regarding relative placement.

(4) Placement of siblings and half-siblings in the same home, if such a placement is found to be in the best interests of each of the children as provided in Section 16002.

(5) The good moral character of the relative and any other adult living in the home, including whether any individual residing in the home has a prior history of violent criminal acts or has been responsible for acts of child abuse or neglect as provided for in Section 361.4.

(6) The nature and duration of the relationship between the child and the relative, and the relative's desire to care for the child.

(7) The ability of the relative to do the following:

(A) Provide a safe, secure, and stable environment for the child.

(B) Exercise proper and effective care and control of the child.

(C) Provide a home and the necessities of life for the child.

(D) Protect the child from his or her parents.

(E) Facilitate court-ordered reunification efforts with the parents.

(F) Facilitate visitation with the child's other relatives.

(G) Facilitate implementation of all elements of the case plan.

(H) Provide legal permanence for the child if reunification fails.

However, any finding made with respect to the factor considered pursuant to this subparagraph and pursuant to subparagraph (G) shall not be the sole basis for precluding preferential placement with a relative.

(I) Arrange for appropriate and safe child care, as necessary.

(8) The safety of the relative's home. For purposes of this paragraph, the county social worker shall conduct a direct assessment

of the safety of the relative's home. The information obtained as a result of this assessment shall be documented by the county social worker in the child's case record.

In this regard, the Legislature declares that a physical disability, such as blindness or deafness, is no bar to the raising of children, and a county social worker's determination as to the ability of a disabled relative to exercise care and control should center upon whether the relative's disability prevents him or her from exercising care and control. The court shall order the parent to disclose to the county social worker the names, residences, and any other known identifying information of any maternal or paternal relatives of the child. This inquiry shall not be construed, however, to guarantee that the minor will be placed with any person so identified. The county social worker shall initially contact the relatives given preferential consideration for placement to determine if they desire the child to be placed with them. Those desiring placement shall be assessed according to the factors enumerated in this subdivision. The county social worker shall document these efforts in the social study prepared pursuant to Section 358.1. The court shall authorize the county social worker, while assessing these relatives for the possibility of placement, to disclose to the relative, as appropriate, the fact that the child is in custody, the alleged reasons for the custody, and the projected likely date for the child's return home or placement for adoption or legal guardianship. However, this investigation shall not be construed as good cause for continuance of the dispositional hearing conducted pursuant to Section 358.

(b) In any case in which more than one appropriate relative requests preferential consideration pursuant to this section, each relative shall be considered under the factors enumerated in subdivision (a).

(c) For purposes of this section:

(1) "Preferential consideration" means that the relative seeking placement shall be the first placement to be considered and investigated.

(2) "Relative" means an adult who is related to the child or the child's half sibling by blood or affinity, including all relatives whose status is preceded by the words "step," "great," "great-great" or "grand" or the spouse of any such person even if the marriage has been terminated by death or dissolution. However, only the following relatives shall be given preferential consideration for the placement of the child: an adult who is a grandparent, aunt, uncle, or sibling.

(d) Subsequent to the hearing conducted pursuant to Section 358, whenever a new placement of the minor must be made, consideration for placement shall again be given as described in this section to relatives who have not been found to be unsuitable and who will fulfill the minor's reunification or permanent plan requirements. In addition to the factors described in subdivision (a),

the county social worker shall consider whether the relative has established and maintained a relationship with the minor.

(e) If the court does not place the child with a relative who has been considered for placement pursuant to this section, the court shall state for the record the reasons placement with that relative was denied.

SEC. 4. Section 361.4 is added to the Welfare and Institutions Code, to read:

361.4. (a) Prior to placing a child in the home of a relative, or the home of any prospective guardian or other person who is not a licensed or certified foster parent, the county social worker shall visit the home to ascertain the appropriateness of the placement.

(b) Whenever a child may be placed in the home of a relative, or the home of any prospective guardian or other person who is not a licensed or certified foster parent, the court or county social worker placing the child shall cause a criminal record check to be conducted by an appropriate governmental agency through the California Law Enforcement Telecommunications System pursuant to Section 1522.06 of the Health and Safety Code. The criminal record check shall be conducted with regard to all persons over the age of 18 years living in the home, and on any other person over the age of 18 years, other than professionals providing professional services to the child, known to the placing entity who may have significant contact with the child, including any person who has a familial or intimate relationship with any person living in the home. A criminal record check may be conducted pursuant to this section on any person over the age of 14 years living in the home who the county social worker believes may have a criminal record.

(c) Whenever a child may be placed in the home of a relative, or a prospective guardian or other person who is not a licensed or certified foster parent, the county social worker shall cause a check of the Child Abuse Index pursuant to subdivision (a) of Section 11170 of the Penal Code to be requested from the Department of Justice. The Child Abuse Index check shall be conducted on all persons over the age of 18 years living in the home.

(d) If either the criminal records check or Child Abuse Index checks conducted pursuant to subdivisions (b) and (c) indicate that the person on whom the check was conducted may have a criminal record or may be a known or suspected child abuser, and the county social worker still intends to place a child in the home of the relative, prospective guardian, or other person who is not a licensed or certified foster parent, the county social worker shall cause a fingerprint clearance check to be conducted through the Department of Justice before placing a child in the home.

(1) If the fingerprint clearance check indicates that the person has no criminal record, the county social worker and court may consider the home of the relative, prospective guardian, or other child who is not a licensed or certified foster parent for placement of a child.

(2) If the fingerprint clearance check indicates that the person has been convicted of a crime that would preclude licensure under Section 1522 of the Health and Safety Code, the child shall not be placed in the home.

(3) Upon request from a county, the Director of Social Services may waive the application of this section pursuant to standards established in paragraph (1) of subdivision (g) of Section 1522 of the Health and Safety Code. The director shall grant or deny the waiver within 14 days of receipt of the county's request.

(e) Nothing in this section shall preclude a county from conducting a criminal background check using fingerprints that the county is otherwise authorized to conduct.

SEC. 5. The State Department of Social Services shall, with input from county welfare departments, report to the Legislature by January 1, 2002, regarding the number of foster children placed with relatives, the availability of relative placements, and the incidences of crimes perpetrated against foster children who are living in the homes of relatives.

SEC. 6. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 950

An act relating to the Chabot Observatory and Science Center, and making an appropriation therefor.

[Approved by Governor September 28, 1998. Filed with Secretary of State September 29, 1998.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The historic Chabot Observatory began as a public observatory in downtown Oakland, serving Oakland citizens and the greater bay area community, and through its programs has welcomed and educated over two million visitors since 1883.

(b) In the early 20th century, the observatory was administered by the Oakland Unified School District which made the facility an integral part of formal science education programs and also made it available for a large public program.

(c) The current Chabot Observatory and Science Center facility, consisting of a 1915-era observatory building, a separate planetarium, and several temporary classrooms and laboratories, severely limits the science center's ability to fulfill the vision for science education due to technological and structural safety issues, including its location directly on an active rift of the Hayward Fault and the interference from surrounding city lights that have encroached in the years since the observatory's construction and affect viewing through its historic 8-inch and 20-inch public telescopes.

(d) In 1989, Oakland's interest in having a regional science center that was responsive to the science education needs of its children and neighboring communities led to the creation of a joint powers agency by the City of Oakland, the Oakland Unified School District, and the East Bay Regional Park District, and these partner agencies have together contributed over $25,600,000 to this project.

(e) The Lewis Center for Educational Research began as a public educational facility under the Apple Valley Unified School District in 1990 and has provided science education programs for over 80,000 students throughout southern California during its eight years of operation. The center is home to a California public school, grades K through 12, operated by the High Desert "Partnership in Academic Excellence" Foundation, Incorporated (the foundation), a nonprofit educational foundation.

(f) Five hundred students attend science, astronomy, and aviation classes at the 11,000 square foot Lewis Center facility. Students can attend ground school and fly the T-40 Jet Flight Simulator provided by the United States Air Force. Students also learn computer skills in the Gateway to Excellence Program sponsored by GTE, and work in the greenhouse or study physics in the laboratory.

(g) In partnership with NASA and the Jet Propulsion Laboratory (JPL) in Pasadena, the Lewis Center operates the DSS 12, a deep space antenna located at the Goldstone Deep Space Tracking Station. This $11,000,000 antenna was converted into a radio telescope for the Goldstone Apple Valley Radio Telescope project (GAVRT). Students from across California and the nation direct this powerful scientific instrument by remote control via telecommunications through "Mission Control" housed at the Lewis Center. Staff from the Lewis Center and JPL train teachers from all areas of the United States to perform scheduled missions with their students, providing interactive opportunities for students from diverse backgrounds and locations to work together via telecommunications to study the wonders of the heavens.

(h) The Lewis Center observatory, with its 14-inch telescope provides optical viewing to support the work of radio astronomers.

The center operates a telescope on Mount Wilson by remote control through the Telescopes in Education Program. The center's growing expertise in remote operations of scientific equipment and status as the worldwide educational site for grades K-12, inclusive, radio astronomy will provide a powerful statewide linkage to the Chabot Observatory and Science Center.

(i) The vision of the new Chabot Observatory and Science Center and the Lewis Center for Educational Research is to create the nation's premier model for teaching science and technologies, where one can imagine, understand, and learn to shape the future through science.

(j) The goals of these two observatories and science centers are as follows:

(1) To present more effective and engaging ways for children and adults to explore science and technology.

(2) To train teachers in science education's best practices and new teaching technologies, and equip them with resources to use these in the classroom.

(3) To inspire students and their families to pursue higher levels of scientific literacy.

(4) To demonstrate the relevance of science and technology in everyday living.

(5) To electronically link these two innovative science centers together, and to link these centers with other similar organizations, via telecommunications and the Internet, to support a dynamic statewide science education platform.

(k) California's youth must be science-literate and comfortable with technology to be competitive job seekers, and it is widely recognized that the quality of science, mathematics, and environmental education needs to be improved in California and nationwide, and that there are endemic cycles of low achievement that persist in many high minority-enrolled public schools, low-income neighborhoods, rural areas, and historically underrepresented groups.

(*l*) These deficiencies are particularly pressing in the diverse San Francisco Bay area and the greater Los Angeles area, where the growth in science and technology-related industries has created an enormous demand for educated, skilled workers.

(m) Many respected researchers have demonstrated the need for a fundamental shift in methods of science teaching to emphasize curriculum that is project-based, anchored in a "real world context," discovery oriented, and interdisciplinary, and the education of teachers must be approached in a different way to reflect new approaches to curriculum, activities, and student needs.

(n) The educational programs of the Chabot Observatory and Science Center and the Lewis Center for Educational Research complement and supplement the school district's efforts to implement a more effective educational model by offering a wide

range of programs and resources that schools and districts cannot provide on their own. These science centers will create effective statewide platforms for testing and evaluating distance learning, performance-based education, collaborative learning, and new experimental methods for education in the 21st century.

(o) The Chabot Observatory and Science Center and the Lewis Center for Educational Research place a major emphasis on engaging populations that are historically not well represented in science and technology education, including women, minorities, and low-income youth.

(p) The Chabot Observatory and Science Center has planned to build a new 77,000 square foot science education center in the Joaquin Miller Park of Oakland, to fulfill these goals and offer new programs for the people of the bay area.

(q) The Chabot Observatory and Science Center has raised over $47,400,000 to build a new science education center, including a $17,500,000 grant from the United States Air Force Office of Scientific Research. In recognition of its national significance, the Chabot Observatory and Science Center has been named a community affiliate of the Smithsonian Institution, one of eight in the country. Moreover, in conjunction with the White House Millennium Celebration Project, the Chabot Observatory and Science Center will link the nation's 30 Challenger Centers as the lead for a national student project on Mars exploration.

(r) The citizens of Oakland in 1996 voted approval for $6,500,000 for this new facility through the general obligation bond act known as Measure I.

(s) The Chabot Observatory and Science Center has raised over $1,500,000 in peer-reviewed scientific grants, $785,000 from private foundations, $800,000 from corporations, and over $1,500,000 from individuals to support planning and design of this new science education center.

(t) This act will provide $5,000,000 in state funds for the Chabot Observatory and Science Center, and will leverage $4,000,000 in new federal grants and an $8,000,000 challenge grant from a private foundation that is contingent on the state's contribution. This funding will enable completion of the observatory's west building, which includes a National Science Foundation-funded solar system dynamics modeling exhibition; a Challenger Center space mission simulator; the Teacher Research and Training Center; the library, computer lab, and media production studio; and the observatory's historic transit telescope. A significant feature of the west building is the Virtual Science Center, which enables classroom teachers throughout the state to call on Chabot's telescopes, laboratories, and media resources for everyday support in their classrooms. In addition, this funding will enable the building of three telescope observatories to house the eight-inch refractor, the 20-inch refractor,

and a 36-inch reflector, the largest telescope open to the public on a regular basis in the United States.

(u) This new facility is scheduled to open in 1999, and will include the magnificent historic Chabot telescopes; a new 36-inch computerized telescope; a state-of-the-art planetarium; interactive science exhibits for children, adults, and families; a Challenger Center space station and mission control simulator; a telescope makers' workshop; a fiber optic-linked multimedia center; a virtual science center for continuous online access and education in homes, communities, libraries, and schools; infrared technology for multilingual programs; and flexible, integrated laboratory spaces for science exploration and education.

(v) The Lewis Center for Educational Research plans to purchase land and build a second facility, the Lewis Center for Earth Science. The location of the new building will take advantage of an environmentally rich portion of the Mojave River that is a destination for numerous migratory birds to provide students with onsite capability to study planet Earth up close. A large portion of the proposed tract of land will provide a preserve for native species in a highly unique biome of southern California.

(w) The new facility will be linked electronically to the Lewis and Chabot observatories to allow students from around the state to work collaboratively studying the environment of our home planet to compare and contrast the differences and similarities of objects within our solar system and those of deep space.

(x) The Lewis Center's current facility has been funded from community and business donations and other partnerships, including an $850,000 grant from the federal Department of Housing and Urban Development and $500,000 contributed from the foundation. In 1998, the Lewis Center received a $1,500,000 special purpose grant from NASA for teacher training, curriculum development, and student programs through GAVRT. The new facility will leverage funding provided by these partnerships.

(y) The new Lewis Center for Earth Science will include a planetarium, theater, classrooms, greenhouse, aviary, outdoor research areas, and remote sensing devices including television cameras to view the nocturnal creatures that inhabit this area. The expansion will enable 3,000 students per month to participate in field trip activities, and classes and will enable thousands more to participate online. A new mobile planetarium, telescope, and computer center will travel from the Lewis Center to schoolsites for a four-day intensive infusion of science and teaching strategies involving teachers, students, and families.

(z) The Chabot Observatory and Science Center and the Lewis Center for Educational Research will become California-based centerpiece institutions for public astronomy and science education in the country, and will contribute toward the improvement of

science education and technological literacy for California students, teachers, and families.

(aa) Seven million dollars ($7,000,000) of support from the state will help make possible the timely completion of the new Chabot Observatory and Science Center by November 1999, and the Lewis Center for Earth Science by March 2000, with all facilities available to the public and all education programs in place to serve the children, teachers, and families of the state.

SEC. 2. (a) A sum not to exceed seven million dollars ($7,000,000) is hereby appropriated from the General Fund to be allocated as follows:

(1) A sum not to exceed five million dollars ($5,000,000) to the Chabot Observatory and Science Center, a joint powers agency created by the City of Oakland, the Oakland Unified School District, and the East Bay Regional Park District, to fund the completion of the new Chabot Observatory and Science Center facility in Oakland and its programs for science education for the people of the state.

(2) A sum not to exceed two million dollars ($2,000,000) to the town of Apple Valley to administer a grant to the nonprofit High Desert "Partnership in Academic Excellence" Foundation, Incorporated to purchase land and build the Lewis Center for Earth Science.

(b) The Legislative Analyst shall review the use of the funds appropriated pursuant to subdivision (a) and shall submit to the Legislature a report on its findings upon the completion of the new Chabot Observatory and Science Center facility and the new Lewis Center for Earth Science.

CHAPTER 951

An act to amend and supplement the Budget Act of 1998 by adding Item 8260-104-0001 to Section 2.00 thereof, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 28, 1998. Filed with Secretary of State September 29, 1998.]

The people of the State of California do enact as follows:

SECTION 1. The Budget Act of 1998 (Chapter 324 of the Statutes of 1998) is hereby amended and supplemented by adding Item 8260-104-0001 to Section 2.00 to read as follows:

No allocation from this appropriation shall be made until the Simon Weisenthal Center notifies the California Arts Council in writing and warrants that the conditions set forth in Provisions 2, 3, and 4 of this item have been met.
2. This funding shall be used for the acquisition of a facility to conduct the activities of the Simon Weisenthal Center, including those activities funded by the appropriations in Items 8120−012−0268, 8120−101−0268 and 8260−102−0001 of this act.
3. The facility shall be owned and operated by the Simon Weisenthal Center.
4. The Simon Weisenthal Center shall provide a match for the facility acquisition equal to the amount of funds provided from this appropriation.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to make appropriations that amend and supplement the Budget Act of 1998 effective as soon as possible, it is necessary that this act go into immediate effect.

CHAPTER 952

An act to add Section 68084 to the Education Code, to amend Sections 15325 and 15346.1 of, and to add Section 15346.12 to, the Government Code, and to add and repeal Section 33334.27 of the Health and Safety Code, relating to defense conversion, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 28, 1998. Filed with Secretary of State September 29, 1998.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the Defense Conversion, Reuse, and Retention Omnibus Act.

SEC. 2. Since the first base realignment and closure action by the federal government in 1988, this state has suffered the closure or major realignment of 29 military facilities reflecting a loss of over 500,000 direct and indirect jobs. In addition to the immediate economic effect of closure on a community, complex and burdensome federal and state requirements severely delay timely transfer of the property and its conversion to a viable economic entity. Action is required to directly assist communities in acquiring real property from the federal government. Similar assistance is required to assist affected communities' private sector partners in those cases where a community cannot afford or chooses to not acquire the property directly. In every situation, action is required to assist communities and state agencies in meeting the myriad of regulatory requirements of property disposal in a timely and nonconfrontational manner. Thirty-six military facilities remain open in this state and affirmative action is required to ensure that this state has a strategy to retain and grow these facilities in preparation for an inevitable future round of base realignments and closures. An important and previously undefined state role exists to assist communities in both closure and retention efforts. This act addresses that role and provides a needed state focus for reuse, conversion, and retention efforts in this state.

SEC. 3. Section 68084 is added to the Education Code, to read:

68084. A parent who is a federal civil service employee and his or her natural or adopted dependent children are entitled to resident classification at the California State University, the University of California, or a California community college if the parent has moved to this state as a result of a military mission realignment action that involves the relocation of at least 100 employees. This classification shall continue until the student is entitled to be classified as a resident pursuant to Section 68017, so long as the student continuously attends an institution of public higher education. The Trade and Commerce Agency shall certify qualifying military mission realignment actions under this section and provide this information to the California Community Colleges, the California State University, and the University of California.

SEC. 4. Section 15325 of the Government Code is amended to read:

15325. The work of the agency shall be divided into at least the following:

(a) The Office of Economic Research.
(b) The Office of Local Development.
(c) The Office of Business Development.
(d) The Office of Tourism.
(e) The Office of Small Business.
(f) The Film Office.
(g) The Office of Marketing and Communications.
(h) The Office of Strategic Technology.

(i) The Office of Foreign Investment.

(j) World Trade Commission, including international trade and investment offices, Office of Export Development, and Export Finance Office.

(k) California Field Offices.

(*l*) Office of Trade Policy and Research.

(m) Office of Permit Assistance.

(n) Office of California-Mexico Affairs.

(o) Office of Military Base Retention.

SEC. 5. Section 15346.1 of the Government Code is amended to read:

15346.1. The Legislature declares as follows:

(a) For over half a century, California's industries, universities, businesses, and workers have contributed to our nation's defense, utilizing their capital, talents, and skills to develop and bring to production important new technologies and advanced weapons systems, aircraft, and missiles.

(b) The nation now confronts the challenge of working together to resolve issues related to base closure and reuse, and converting our defense dependent economic sector to meet the rigors of commercial competition. California industries and workers have earned their government's gratitude and deserve our assistance in this transition. Communities that have hosted military facilities require assistance as those facilities close or whose military population is significantly reduced due to reductions in military spending.

(c) Defense spending in California peaked at 60 billion dollars ($60,000,000,000) in 1988. Since then, it has decreased by 16 percent with the resulting loss of 126,000 jobs. The Commission on State Finance projects a further 22 percent reduction to 37 billion dollars ($37,000,000,000) in 1997, with a loss of another 81,000 jobs. California is expected to experience the most severe impact of defense cuts since 1994.

(d) California has experienced four rounds of base closures resulting in the closure or realignment of 29 bases since 1988. Additional bases may be considered for closure as part of another closure round by 2000.

(e) California lost more federal payroll jobs from its 29 military base closures under rounds one to four than all of the rest of the states put together. The reduced military payroll (military and civilian employees) in California is approximately 101,000 jobs. About 300,000 private sector defense industry jobs in California have been lost.

(f) California needs a coordinated base closure and defense conversion program within the state in order to expedite reuse and realignment, and to transition to a lower level of defense expenditures and peacetime economic pursuits. Similarly, this state needs to coordinate all efforts that can facilitate the retention of its remaining installations.

(g) Just as the state is a leader in the nation's defense effort, so it must now assume a leadership role in converting to a peacetime economy. That role will require a coordinated effort to ensure that California benefits from federal programs, assists local governments to plan and provide for needed services, encourages the development of new technologies and their application by California industries, provides worker retraining, and builds an infrastructure for the future.

(h) It is the intent of the Legislature that the state role in military base reuse, conversion, and retention be consolidated in the Trade and Commerce Agency.

SEC. 6. Section 15346.12 is added to the Government Code, to read:

15346.12. The agency shall establish, with the appropriation of additional resources for this purpose, a Defense Retention Grant Program to grant funds to communities with military bases to assist them in developing a retention strategy. The agency shall administer the grant program. It is the intent of the Legislature that the grant program shall begin with one million eight hundred thousand dollars ($1,800,000) in startup capital. The agency may make no grant in excess of fifty thousand dollars ($50,000) with the local community providing two-thirds matching funds or in-kind services. The structure, administration, and funding procedures of the grant program shall be submitted to the Legislature for review at least 90 days prior to making the first grant disbursement.

SEC. 7. Section 33334.27 is added to the Health and Safety Code, to read:

33334.27. (a) The Legislature finds and declares all of the following:

(1) The retention of the Travis Air Force Base within the County of Solano is crucial to the economic health of its surrounding region. If the closure of the Travis Air Force Base is not averted by using the powers set forth in this section, it will cause serious economic hardship throughout the State of California of an annual multibillion dollar expenditure budget, increased unemployment, deterioration of properties and land use, and undue disruption of the lives and activities of the people of the area. This concern is based in large part on an inadequate supply of affordable housing for low- and moderate-income persons and families employed by or serving at the Travis Air Force Base.

(2) To avoid serious economic hardship and accompanying blight, it is necessary to enact the act which adds this section, which shall apply only within the County of Solano and the Cities of Fairfield, Suisun City, and Vacaville, and which is adopted only for the purpose of retaining the Travis Air Force Base. In enacting this act, it is the policy of the Legislature to assist the County of Solano and the Cities of Fairfield, Suisun City, and Vacaville in their attempt to preserve the affected military facilities and installations for their continued use

as the Travis Air Force Base, and to protect and enhance these vital facilities by, among other things, ensuring an adequate supply of affordable housing in proximity to the Travis Air Force Base.

(3) The cost and availability of land, construction costs, geophysical and environmental constraints, household incomes, the market for affordable housing, commuting patterns, and fiscal and other related factors make it infeasible for a single community acting alone, limited to its own resources, to provide the entire supply of affordable housing necessary to ensure the retention of the Travis Air Force Base. It is, therefore, necessary and appropriate that the agencies of the County of Solano and the Cities of Fairfield, Suisun City, and Vacaville be permitted, under specified conditions, to pool their resources to retain the Travis Air Force Base. It is necessary that those agencies possess the limited ability to use their tax-increment moneys outside their individual communities for these limited purposes.

(b) The agencies for the County of Solano and the Cities of Fairfield, Suisun City, and Vacaville may create a separate joint powers agency pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code, which joint powers agency shall have, and exercise, powers of an agency within the territorial jurisdiction of the City of Fairfield, Suisun City, the City of Vacaville or the unincorporated area of the County of Solano to provide housing for the retention of the Travis Air Force Base. Notwithstanding any provision of existing law, the joint powers agency shall not have the power to levy any tax. All land use, planning, and development decisions with regard to real property within the City of Fairfield, the City of Suisun City, the City of Vacaville or the unincorporated area of the County of Solano which is to be developed or redeveloped by the joint powers agency pursuant to this section shall continue to be under the control and jurisdiction of the legislative body or planning commission, as applicable, of the City of Fairfield, the City of Suisun City, the City of Vacaville, or the unincorporated area of the County of Solano.

(c) The powers of the joint powers agency shall be used in accordance with a "Travis Air Force Base Retention Program" to be formulated and approved by the joint powers agency consistent with this section. The Travis Air Force Base Retention Program shall not be implemented unless and until the legislative bodies of the County of Solano and the Cities of Fairfield, Suisun City, and Vacaville each adopts an ordinance approving the Travis Air Force Base Retention Program. The expenditure of tax-increment moneys outside of the territorial jurisdiction of each agency involved, as contemplated by that program, as well as the program itself, shall, upon the adoption of each ordinance, be deemed to be a part of each redevelopment plan for each redevelopment project generating the tax-increment moneys to be expended in carrying out the program, as if each redevelopment plan had been amended to include the program and

those expenditures. However, in adopting the ordinance, neither the legislative body nor the agency is required to comply with Article 12 (commencing with Section 33450) or any other provision of this part relating to the amendment of redevelopment plans. The joint powers agency may amend the Travis Air Force Base Retention Program from time to time. The procedure for amending the ordinance required by this section shall be the same as for adopting the ordinance under this section.

(d) As used in this section, "tax-increment moneys" shall mean all tax-increment moneys allocated to an agency, including, but not limited to, tax-increment moneys deposited in an agency's Low and Moderate Income Fund.

(e) Notwithstanding subdivision (c) of Section 33334.3 or Section 33670, an agency may use tax-increment moneys to develop housing outside of the territorial jurisdiction of the agency pursuant to this section and consistent with the provisions of a Travis Air Force Base Retention Program approved and adopted pursuant to this section, if each agency involved finds that no other reasonable means of financing this housing are available in sufficient amount. The Legislature finds and declares that the use of tax-increment funds pursuant to this section shall be conclusively deemed to be a benefit to the project area in which those funds were generated.

(f) Each of the following conditions shall be met before an agency may use tax-increment moneys to develop housing outside its territorial jurisdiction pursuant to this section or to lend, pay, or advance these funds to the joint powers agency pursuant to this section:

(1) The community in which the agency is located must have met, in the current or previous housing element cycle, at least 50 percent of its existing share of the region's affordable housing needs, as defined in Section 65684 of the Government Code, for very low income households.

(2) The community in which the housing will be developed shall be the City of Fairfield, the City of Suisun City, or the City of Vacaville.

(3) The joint powers agency shall enter into a mutually acceptable, binding agreement with the City of Fairfield, the City of Suisun City, or the City of Vacaville where the housing will be developed. The contract shall specify the terms and conditions under which the housing will be developed. The contract shall specify the responsibilities of the joint powers agency and the City of Fairfield, the City of Suisun City, or the City of Vacaville.

(4) The contract shall contain a provision that allows any taxpayer or resident of the County of Solano and the Cities of Fairfield, Suisun City, and Vacaville, the Attorney General, or any other interested person to enforce the terms of the contract.

(5) (A) Moneys from an agency's Low and Moderate Income Housing Fund shall be used in the City of Fairfield, the City of Suisun

City, or the City of Vacaville to pay for the costs of developing housing as permitted by subdivision (e) of Section 33334.2.

(B) Notwithstanding subparagraph (A), money from a Low and Moderate Income Housing Fund shall not be used for offsite improvements.

(6) (A) The joint powers agency or the City of Fairfield, the City of Suisun City, or the City of Vacaville shall not spend money from a Low and Moderate Income Housing Fund in any way which is inconsistent with the requirements of Section 33334.3.

(B) Notwithstanding subdivision (e) of Section 33334.3, the joint powers agency, the City of Fairfield, the City of Suisun City, or the City of Vacaville or the agency of the City of Fairfield, Suisun City, the City of Vacaville, or the County of Solano shall not spend money from a Low and Moderate Income Housing Fund for administrative costs, salaries, or wages, except for legal, architectural, and engineering costs and other salaries, wages, and costs directly related to the planning and execution of the development of the housing which is authorized by this section.

(7) Each of the agencies whose Low and Moderate Income Housing Fund moneys are to be expended pursuant to this section shall be in compliance with all applicable replacement housing requirements of this part.

(8) The maximum aggregate number of dwelling units developed with moneys transferred to the joint powers agency from the Low and Moderate Income Housing Funds of its member agencies pursuant to this section shall be no more than 500 dwelling units.

(9) No agency shall transfer to the joint powers agency pursuant to this section an amount more than:

(A) Fifty percent of the balance of its Low and Moderate Income Housing Fund moneys reflected in the accounts of the agency on June 30, 1997.

(B) Fifty percent of the total amount required by Sections 33334.2 and 33334.6 to be set aside by the agency in its Low and Moderate Income Housing Fund for all redevelopment projects for each fiscal year commencing with the 1997–98 fiscal year and for each fiscal year thereafter.

(10) The County of Solano and the Cities of Fairfield, Suisun City, and Vacaville shall each have a complete and adequate general plan, including a housing element that substantially complies with Article 10.6 (commencing with Section 65580) of Chapter 3 of Division 1 of Title 7 of the Government Code.

(g) (1) At least 60 days before the date proposed for the approval of the contract pursuant to subdivision (f), the joint powers agency shall send the draft contract to the department for its review, comment, and recommendation.

(2) Upon receipt of a draft contract, the department shall solicit public comments from persons and organizations experienced in affordable housing issues. After soliciting and considering these

public comments, the department shall review the draft contract for its consistency with the requirements of this section. The department shall report its written findings and its recommendations to the joint powers agency and the Cities of Fairfield, Suisun City, and Vacaville, and the County of Solano, within 45 days of receiving the draft contract. The department may charge and the joint powers agency shall pay a fee that shall not exceed the department's estimated reasonable costs of complying with this section. The joint powers agency may pay this fee from Low and Moderate Income Housing Fund moneys.

(3) If the department finds that the draft contract is not consistent with the requirements of this section, the department may recommend changes to the draft contract to achieve that consistency. The department shall recommend that the joint powers agency approve the draft contract, approve the draft contract after making changes, or not approve the draft contract.

(4) If the department recommends against the approval of the draft contract, the joint powers agency shall not approve the contract. If the department recommends changes to the draft contract before its approval, the joint powers agency shall not approve the contract unless it makes the changes recommended by the department.

(h) The housing units to be built within the City of Fairfield, the City of Suisun City, or the City of Vacaville with Low and Moderate Income Housing Fund moneys transferred pursuant to this section shall be affordable to lower income households or very low income households, as those terms are defined in Sections 50052.5 and 50053.

(i) The joint powers agency shall not receive more than an aggregate total of two million dollars ($2,000,000) from the other agencies pursuant to this section.

(j) (1) If any housing occupied by persons or families of very low, low, or moderate income is destroyed by the development of housing pursuant to the authority of this section, displaced residents from the destroyed housing shall be provided with relocation benefits which result in the additional replacement housing payment required by Section 7264 of the Government Code, enabling the person to lease or rent a comparable replacement dwelling for a period not to exceed 96 months, instead of 48 months as required by Section 7264 of the Government Code.

(2) If any housing occupied by persons or families of very low, low, or moderate income is destroyed by the development of housing pursuant to the authority of this section, the destroyed housing shall be replaced with housing of the same or greater size and shall be affordable in direct proportion to the displaced income groups, and shall be provided simultaneously with the housing developed pursuant to the authority of this section.

(k) In the event the Travis Air Force Base relocates from its current location prior to the substantial commencement of

construction of the housing authorized to be developed pursuant to this section, all moneys from the Low and Moderate Income Housing Funds which have been transferred to the joint powers agency pursuant to this section shall be returned by the joint powers agency to the agencies that originally transferred the funds in ratable portion to the proportion of the transferred funds that were transferred from each agency. However, nothing in this subdivision shall require the joint powers agency to return any funds that have been expended or committed for the purposes of the joint powers agency or which are necessary to pay any indebtedness of the joint powers agency.

(*l*) The joint powers agency established pursuant to this section shall require, as a condition precedent to the expenditure of any tax-increment moneys to carry out the Travis Air Force Base Retention Program, that the real property on which the housing is developed pursuant to that program shall be burdened with covenants running with the land for the period and with the substance required by Section 33334.3. The joint powers agency shall also require that these covenants include a mechanism that shall ensure the continued availability of the dwelling units for very low or low-income persons and families for the period required by Section 33334.3 in the event the Travis Air Force Base relocates or, for any other reason, no longer uses these housing units, or, in the absence of this continued availability, implements a procedure that protects the joint powers agency's investment of moneys from Low and Moderate Income Housing Funds and provides for the pro rata return of the sales proceeds to the Low and Moderate Income Housing Funds of those agencies expending these funds to carry out the Travis Air Force Base Retention Program.

(m) This section shall remain in effect only until January 1, 2001, and as of that date is repealed, unless a later enacted statute, which is chaptered before January 1, 2001, deletes or extends that date, or unless tax-increment moneys have, prior to that date, been received by the joint powers agency, in which case the date of repeal of this section shall be extended until the time that the joint powers agency shall expend these funds in accordance with this section. This repeal shall not affect any contract or covenant which shall have been entered into prior to January 1, 2001, to implement this section, and all contracts and covenants shall continue after the repeal date in full force and effect in accordance with their terms.

SEC. 8. The Legislature finds and declares that, because of the unique circumstances applicable only to the County of Solano and the Cities of Fairfield, Suisun City, and Vacaville relating to the issue of the retention of the Travis Air Force Base, a statute of general applicability cannot be enacted within the meaning of subdivision (b) of Section 16 of Article IV of the California Constitution. Therefore, this special statute is necessary.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning

In order to ensure that areas of this state that have been negatively impacted due to defense base closures and reductions are able to benefit from the programs implemented by this act, it is necessary that this act take effect immediately.

SEC. 32. Section 1 of Chapter 851 of the Statutes of 1997 is amended to read:

Section 1. The Legislature finds and declares all of the following:

(a) The general welfare and well-being of the State of California are directly related to the educational levels and skills of the citizens of the state. Therefore, a vital and valid public purpose of the state is served by the creation and implementation of programs that encourage and make possible the attainment of higher education by the greatest number of citizens of the state.

(b) The Legislature finds, declares, and recognizes that the State of California has limited resources to provide additional programs for higher education funding and that the continued operation and maintenance of the institutions of higher education in California and the general welfare of the citizens and the state will be enhanced by the creation of a program pursuant to which citizens and others may invest money in a public trust for future application to the payment of higher education expenses in the state and elsewhere and that the creation of a means of encouragement of citizens in the investment of funds for future higher education application represents the carrying out of a valid and vital public purpose of the State of California.

(c) In order to make available to the citizens of the state an opportunity to fund future higher education needs for beneficiaries with certain public assistance, and to ensure that California takes advantage of recent changes in tax law that will benefit this state's

citizens, it is necessary that a public trust be established in which the citizens of the state and others may invest moneys for future educational use.

(d) A program, with a minimal impact on the state treasury, that encourages contributions in an amount equivalent to the maximum estimated qualified higher education expenses, as defined by subdivision (*l*) of Section 69980 and as established by the trust, that can be incurred by a beneficiary to obtain a baccalaureate degree at an institution of higher education in California for four years commencing in the year the majority of beneficiaries of that age are expected to be eligible to enroll in a higher education program, will assist those middle-class families and students finding it hardest to pay for higher education due to lack of savings, the high cost of loans, and the scarcity of grants and scholarships. A savings program will further encourage students to save for their own education at levels students can afford, will encourage the lifetime habit of saving for things that are important, and will foster appreciation of the value of investing in one's own education.

(e) A program that encourages nonprofit organizations or state or local government agencies, including instrumentalities thereof, to accumulate funds for the awarding of scholarships for recipients to be designated in the future will benefit even the lowest income families and students in this state, who otherwise are unable to save sufficient amounts to pay for the expense of higher education.

(f) It is the intent of the Legislature to create the Golden State Scholarshare Trust as a self-sustaining trust, paying all costs of administration out of earnings on moneys on deposit therein. The implementation and effectuation of the Golden State Scholarshare Trust constitutes the carrying out of a valid and vital public purpose.

(d) Notwithstanding any other provision of law, as to any project for which priority status is accorded pursuant to subdivision (a), the estimate of average daily attendance for the applicant district may be calculated, upon request of the district, in the manner set forth in subdivision (a) of Section 17040.3.

The lease shall be for one dollar ($1) per month. The lease amount may be paid in advance of the term covered in order to reduce the administrative costs associated with the payment of the monthly rental fee.

(2) Any lease executed under this section shall also provide for the cost of administering the lease. The administrative fee shall not exceed five hundred dollars ($500) per year unless the department determines that a higher administrative fee is necessary.

(b) The Legislature finds and declares that the lease of real property under this section serves a public purpose.

(c) Upon the request of the City of Stockton, the department may renew the lease for the period requested by the city, but not to exceed 10 years, and may, subsequent to that renewal, agree to not more than two additional renewals of not more than 10 years each.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

(b) When a crime is punishable, in the discretion of the court, by imprisonment in the state prison or by fine or imprisonment in the

(1) After a judgment imposing a punishment other than imprisonment in the state prison.

(2) When the court, upon committing the defendant to the Youth Authority, designates the offense to be a misdemeanor.

(3) When the court grants probation to a defendant without imposition of sentence and at the time of granting probation, or on application of the defendant or probation officer thereafter, the court declares the offense to be a misdemeanor.

(4) When the prosecuting attorney files in a court having jurisdiction over misdemeanor offenses a complaint specifying that the offense is a misdemeanor, unless the defendant at the time of his or her arraignment or plea objects to the offense being made a misdemeanor, in which event the complaint shall be amended to charge the felony and the case shall proceed on the felony complaint.

(5) When, at or before the preliminary examination or prior to filing an order pursuant to Section 872, the magistrate determines that the offense is a misdemeanor, in which event the case shall proceed as if the defendant had been arraigned on a misdemeanor complaint.

(c) When a defendant is committed to the Youth Authority for a crime punishable, in the discretion of the court, by imprisonment in the state prison or by fine or imprisonment in the county jail, the offense shall, upon the discharge of the defendant from the Youth Authority, thereafter be deemed a misdemeanor for all purposes.

(d) A violation of any code section listed in Section 19.8 is an infraction subject to the procedures described in Sections 19.6 and 19.7 when:

(e) Nothing in this section authorizes a judge to relieve a defendant of the duty to register as a sex offender pursuant to Section 290 if the defendant is charged with an offense for which registration as a sex offender is required pursuant to Section 290, and for which the trier of fact has found the defendant guilty.

SEC. 2. Section 290.6 of the Penal Code is amended to read:

290.6. (a) Fifteen days before the scheduled release date of a person described in subdivision (b), the Department of Corrections shall provide to local law enforcement all of the following information regarding the person:

(1) Name.

(2) Community residence and address, including ZIP Code.

(3) Physical description.

(b) This subdivision shall apply to any person sentenced to the state prison who is required to register pursuant to Section 290 for a conviction of an offense specified in paragraph (1) of subdivision (a) of Section 290.4.

(c) For the purpose of this section, "law enforcement" includes any agency with which the person will be required to register upon his or her release pursuant to Section 290 based upon the person's community of residence upon release.

(d) If it is not possible for the Department of Corrections to provide the information specified in subdivision (a) on a date that is 15 days before the scheduled release date, the information shall be provided on the next business day following that date.

(e) The Department of Corrections shall notify local law enforcement within 36 hours of learning of the change if the scheduled release date or any of the required information changes prior to the scheduled release date.

SEC. 3. Section 1243 of the Penal Code is amended to read:

1243. An appeal to the Supreme Court or to a court of appeal from a judgment of conviction stays the execution of the judgment in all cases where a sentence of death has been imposed, but does not stay the execution of the judgment or order granting probation in any other case unless the trial or appellate court shall so order. The granting or refusal of such an order shall rest in the discretion of the court, except that a court shall not stay any duty to register as a sex offender pursuant to Section 290. If the order is made, the clerk of the court shall issue a certificate stating that the order has been made.

SEC. 4. Section 290.8 is added to the Penal Code, to read:

290.8. Effective January 1, 1999, any local law enforcement agency that does not register sex offenders during regular daytime business hours on a daily basis, excluding weekends and holidays, shall notify the regional parole office for the Department of Corrections and the regional parole office for the Department of the Youth Authority of the days, times, and locations the agency is available for registration of sex offenders pursuant to Section 290.

SEC. 5. Section 290.85 is added to the Penal Code, to read:

290.85. Every parolee who is required to register as a sex offender, pursuant to Section 290, shall provide proof of registration to his or her parole agent within six working days of release on parole. The six-day period for providing proof of registration may be extended only upon determination by the parole agent that unusual circumstances exist relating to the availability of local law enforcement registration capabilities that preclude the parolee's ability to meet the deadline. Every parolee who is required to register as a sex offender pursuant to Section 290 shall provide proof of any revision or annual update to his or her registration information to his

or her parole agent at his or her next scheduled supervision appointment.

SEC. 6. Section 1467 of the Penal Code is amended to read:

1467. An appeal from a judgment of conviction does not stay the execution of the judgment in any case unless the trial or a reviewing court shall so order. The granting or refusal of such an order shall rest in the discretion of the court, except that a court shall not stay any duty to register as a sex offender pursuant to Section 290.

SEC. 7. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

This screening shall be conducted in accordance with a structured screening instrument developed and updated by the State Department of Mental Health in consultation with the Department of Corrections. If as a result of this screening it is determined that the

person is likely to be a sexually violent predator, the Department of Corrections shall refer the person to the State Department of Mental Health for a full evaluation of whether the person meets the criteria in Section 6600.

(c) The State Department of Mental Health shall evaluate the person in accordance with a standardized assessment protocol, developed and updated by the State Department of Mental Health, to determine whether the person is a sexually violent predator as defined in this article. The standardized assessment protocol shall require assessment of diagnosable mental disorders, as well as various factors known to be associated with the risk of reoffense among sex offenders. Risk factors to be considered shall include criminal and psychosexual history, type, degree, and duration of sexual deviance, and severity of mental disorder.

(d) Pursuant to subdivision (c), the person shall be evaluated by two practicing psychiatrists or psychologists, or one practicing psychiatrist and one practicing psychologist, designated by the Director of Mental Health. If both evaluators concur that the person has a diagnosed mental disorder so that he or she is likely to engage in acts of sexual violence without appropriate treatment and custody, the Director of Mental Health shall forward a request for a petition for commitment under Section 6602 to the county designated in subdivision (i). Copies of the evaluation reports and any other supporting documents shall be made available to the attorney designated by the county pursuant to subdivision (i) who may file a petition for commitment.

(e) If one of the professionals performing the evaluation pursuant to subdivision (d) does not concur that the person meets the criteria specified in subdivision (d), but the other professional concludes that the person meets those criteria, the Director of Mental Health shall arrange for further examination of the person by two independent professionals selected in accordance with subdivision (g).

(f) If an examination by independent professionals pursuant to subdivision (e) is conducted, a petition to request commitment under this article shall only be filed if both independent professionals who evaluate the person pursuant to subdivision (e) concur that the person meets the criteria for commitment specified in subdivision (d). The professionals selected to evaluate the person pursuant to subdivision (g) shall inform the person that the purpose of their examination is not treatment but to determine if the person meets certain criteria to be involuntarily committed pursuant to this article. It is not required that the person appreciate or understand that information.

(g) Any independent professional who is designated by the Director of Corrections or the Director of Mental Health for purposes of this section shall not be a state government employee, shall have at least five years of experience in the diagnosis and treatment of mental disorders, and shall include psychiatrists and licensed

psychologists who have a doctoral degree in psychology. The requirements set forth in this section also shall apply to any professionals appointed by the court to evaluate the person for purposes of any other proceedings under this article.

(h) If the State Department of Mental Health determines that the person is a sexually violent predator as defined in this article, the Director of Mental Health shall forward a request for a petition to be filed for commitment under this article to the county designated in subdivision (i). Copies of the evaluation reports and any other supporting documents shall be made available to the attorney designated by the county pursuant to subdivision (i) who may file a petition for commitment in the superior court.

(i) If the county's designated counsel concurs with the recommendation, a petition for commitment shall be filed in the superior court of the county in which the person was convicted of the offense for which he or she was committed to the jurisdiction of the Department of Corrections. The petition shall be filed, and the proceedings shall be handled, by either the district attorney or the county counsel of that county. The county board of supervisors shall designate either the district attorney or the county counsel to assume responsibility for proceedings under this article.

(j) The time limits set forth in this section shall not apply during the first year that this article is operative.

(k) If the person is otherwise subject to parole, a finding or placement made pursuant to this article shall not toll, discharge, or otherwise affect the term of parole pursuant to Article 1 (commencing with Section 3000) of Chapter 8 of Title 1 of Part 3 of the Penal Code.

(*l*) Pursuant to subdivision (d), the attorney designated by the county pursuant to subdivision (i) shall notify the State Department of Mental Health of its decision regarding the filing of a petition for commitment within 15 days of making that decision.

SEC. 4. Section 6602 of the Welfare and Institutions Code is amended to read:

6602. (a) A judge of the superior court shall review the petition and shall determine whether there is probable cause to believe that the individual named in the petition is likely to engage in sexually violent predatory criminal behavior upon his or her release. The person named in the petition shall be entitled to assistance of counsel at the probable cause hearing. If the judge determines there is not probable cause, he or she shall dismiss the petition and any person subject to parole shall report to parole. If the judge determines that there is probable cause, the judge shall order that the person remain in custody in a secure facility until a trial is completed and shall order that a trial be conducted to determine whether the person is, by reason of a diagnosed mental disorder, a danger to the health and safety of others in that the person is likely to engage in acts of sexual

violence upon his or her release from the jurisdiction of the Department of Corrections or other secure facility.

(b) The court shall notify the State Department of Mental Health of the outcome of the probable cause hearing by forwarding to the department a copy of the minute order of the court within 15 days of the decision.

SEC. 5. Section 6602.5 of the Welfare and Institutions Code, as added by Section 4 of Chapter 19 of the Statutes of 1998, is amended to read:

6602.5. (a) No person may be placed in a state hospital pursuant to the provisions of this article until there has been a determination pursuant to Section 6601.3 or 6602 that there is probable cause to believe that the individual named in the petition is likely to engage in sexually violent predatory criminal behavior.

(b) The State Department of Mental Health shall identify each person for whom a petition pursuant to this article has been filed who is in a state hospital on or after January 1, 1998, and who has not had a probable cause hearing pursuant to Section 6602. The State Department of Mental Health shall notify the court in which the petition was filed that the person has not had a probable cause hearing. Copies of the notice shall be provided by the court to the attorneys of record in the case. Within 30 days of notice by the State Department of Mental Health, the court shall either order the person removed from the state hospital and returned to local custody or hold a probable cause hearing pursuant to Section 6602.

(c) In no event shall the number of persons referred pursuant to subdivision (b) to the superior court of any county exceed 10 in any 30-day period, except upon agreement of the presiding judge of the superior court, the district attorney, the public defender, the sheriff, and the Director of Mental Health.

(d) This section shall be implemented in Los Angeles County pursuant to a letter of agreement between the Department of Mental Health, the Los Angeles County district attorney, the Los Angeles County public defender, the Los Angeles County sheriff, and the Los Angeles County superior court. The number of persons referred to the superior court of Los Angeles County pursuant to subdivision (b) shall be governed by the letter of agreement.

6603. (a) A person subject to this article shall be entitled to a trial by jury, the assistance of counsel, the right to retain experts or professional persons to perform an examination on his or her behalf, and have access to all relevant medical and psychological records and reports. In the case of a person who is indigent, the court shall appoint counsel to assist him or her, and, upon the person's request, assist the person in obtaining an expert or professional person to perform an examination or participate in the trial on the person's behalf.

(b) The attorney petitioning for commitment under this article shall have the right to demand that the trial be before a jury.

(c) If no demand is made by the person subject to this article or the petitioning attorney, the trial shall be before the court without jury.

(d) A unanimous verdict shall be required in any jury trial.

(e) The court shall notify the State Department of Mental Health of the outcome of the trial by forwarding to the department a copy of the minute order of the court within 72 hours of the decision.

6604.1. (a) The two-year term of commitment provided for in Section 6604 shall commence on the date upon which the court issues the initial order of commitment pursuant to that section. The two-year term shall not be reduced by any time spent in a secure facility prior to the order of commitment. For subsequent extended commitments, the term of commitment shall be from the date of the termination of the previous commitment.

(b) This section shall become inoperative on July 1, 2001, and, as of January 1, 2002, is repealed, unless a later enacted statute that is enacted before January 1, 2002, deletes or extends the dates on which it becomes inoperative and is repealed.

The State Department of Mental Health shall also notify the Department of Corrections' Sexually Violent Predator Parole Coordinator, if the person is otherwise subject to parole pursuant to Article 1 (commencing with Section 3000) of Chapter 8 of Title 1 of the Penal Code. Those agencies receiving the notice referred to in this subdivision shall have 15 days from receipt of the notice to provide written comment to the department regarding the impending release. Those comments shall be considered by the department, which may modify its decision regarding the community in which the person is scheduled to be released, based on those comments.

(c) If the court orders the release of a sexually violent predator, the court shall notify the Department of Corrections Sexually Violent Predator Parole Coordinator. The Department of Corrections shall notify the State Department of Mental Health, the sheriff or chief of police, or both, and the district attorney, that have jurisdiction over the following locations:

(1) The community in which the person is to be released.

(2) The community in which the person maintained his or her last legal residence as defined in Section 3003 of the Penal Code.

The Department of Corrections shall make the above notifications regardless of whether the person released will be serving a term of parole after release by the court.

(d) If the person is otherwise subject to parole pursuant to Article 1 (commencing with Section 300) of Chapter 8 of Title 1 of Part 3 of the Penal Code, to allow adequate time for the Department of Corrections to make appropriate parole arrangements upon release of the person, the person shall remain in physical custody for a period not to exceed 72 hours or until parole arrangements are made by the

Department of Corrections' Sexually Violent Predator Parole Coordinator, whichever is sooner. To facilitate timely parole arrangements, notification to the Department of Corrections' Sexually Violent Predator Parole Coordinator of the pending release shall be made by telephone or facsimile and, to the extent possible, notice of the possible release shall be made in advance of the proceeding or decision determining whether to release the person.

(e) The notice required by this section shall be made whether or not a request has been made pursuant to Section 6609.

(f) The time limits imposed by this section are not applicable where the release date of a sexually violent predator has been advanced by a judicial or administrative process or procedure that could not have reasonably been anticipated by the State Department of Mental Health and where, as the result of the time adjustments, there is less than 30 days remaining on the commitment before the inmate's release, but notice shall be given as soon as practicable. In no case shall notice required by this section to the appropriate agency be later than the day of release.

(g) The provisions of this section are severable. If any provision of this section or its application is held invalid, that invalidity shall not affect other provisions or applications that can be given effect without the invalid provision or application.

CHAPTER 963

An act to amend Section 1523 of the Code of Civil Procedure, and to amend Section 12936 of, and to add Sections 790.15 and 12967 to, the Insurance Code, relating to insurance practices, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 29, 1998. Filed with Secretary of State September 29, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 1523 of the Code of Civil Procedure is amended to read:

1523. If an insurer, after a good faith effort to locate and deliver to a policyholder a Proposition 103 rebate ordered or negotiated pursuant to Section 1861.01 of the Insurance Code, determines that a policyholder cannot be located, all funds attributable to that rebate escheat to the state and shall be delivered to the Controller. The funds subject to escheat on or after July 1, 1997, shall be transferred by the Controller to the Department of Insurance for deposit in the Insurance Fund in the following amounts and for the following purposes:

(a) Up to the amount that will repay principal and interest on the General Fund loan authorized by Item 0845-001-0001 of the Budget Act of 1996 for expenditure as provided in Section 12936 of the Insurance Code.

(b) The sum of four million dollars ($4,000,000) for expenditure during the 1998-1999 fiscal year as provided in Section 12967 of the Insurance Code.

SEC. 2. Section 790.15 is added to the Insurance Code, to read:

790.15. (a) If an insurer or any affiliate of an insurer has failed to pay any valid claim from Holocaust survivors, the certificate of authority of the insurer shall be suspended until the insurer, or its affiliates, pays the claim or claims.

(b) As used in this section:

(1) "Holocaust survivor" means any person who is the beneficiary of an insurance policy, if the insurance policy insured a person's life, property, or other interest, and the insured person was killed, died, was displaced, or was otherwise a victim of persecution of Jewish and other peoples preceding and during World War II by Germany, its allies, or sympathizers.

(2) "Beneficiary" means any person or entity entitled to recover under any policy of insurance, including any named beneficiary, any heir of a named beneficiary, and any other person entitled to recover under the policy.

(3) "Claim" means any claim submitted by a Holocaust survivor or other beneficiary arising under an insurance policy for any loss or damage caused by or arising because of discriminatory practices or persecution by the Nazi-controlled German government or its allies, or by insurers that refused to pay claims because of a claim that policies of insurance or records were missing or confiscated because of actions by the Nazi-controlled German government or its agents or allies. Claim also includes any claim by Holocaust survivors or beneficiaries to collect proceeds from dowry or education policies or from annuities.

(4) An "affiliate" of, or person "affiliated" with, a specific person, means a person who directly, or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with, the person specified.

(5) "Control" includes the terms "controlling," "controlled by," and "under common control with," and means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract other than a commercial contract for goods or nonmanagement services, or otherwise, unless the power is the result of an official position with or corporate office held by the person. Control shall be presumed to exist if any person, directly or indirectly, owns, controls, holds with the power to vote, or holds proxies representing, more than 10 percent of the voting securities of any other person.

(c) An action to suspend a certificate of authority under this section shall be conducted in accordance with the Administrative Procedure Act (Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code), except that (1)

if the Office of Administrative Hearings is unable to assign an administrative law judge to preside over a hearing that commences within 30 days of the filing of an accusation or order initiating an action under this section, the administrative law judge may be appointed by the commissioner; and (2) if the commissioner determines that it is necessary to protect the interests of Holocaust survivors, he or she may issue an order of suspension pursuant to this section prior to holding a hearing.

(d) If the commissioner issues an order pursuant to paragraph (2) of subdivision (c), he or she shall immediately issue and serve upon the insurer a statement of reasons for the immediate action, as well as a copy of the accusation or order containing the allegations that support the order. Any order issued pursuant to this subdivision shall include a notice stating the time and place of a hearing on the order, which shall not be less than 20, nor more than 30 days after the order is served.

(e) When considering an action to suspend a certificate of authority under this section, the commissioner shall include consideration of whether the insurer has participated in good faith in an international commission on Holocaust survivor insurance claims, and whether the commission is making meaningful and expeditious progress toward paying claims to survivors and righting the historic wrong done to Holocaust victims.

SEC. 3. Section 12936 of the Insurance Code is amended to read:

12936. (a) (1) Escheated funds deposited in the Insurance Fund pursuant to subdivision (a) of Section 1523 of the Code of Civil Procedure shall be transferred to the General Fund on June 30, 1998, to repay the principal and interest on the General Fund loan provided pursuant to Item 0845-001-0001 of the Budget Act of 1996, and such funds are hereby continuously appropriated for that purpose.

(2) If the Director of Finance determines that funds subject to escheat for the 1997–98 fiscal year are insufficient to repay the General Fund loan plus the interest owed, funds subject to escheat in the 1998–99 fiscal year, up to the amount necessary to repay the General Fund loan plus the interest owed, shall be available for expenditure by the commissioner to repay the principal and interest on the General Fund loan. Notwithstanding the loan repayment date specified in Item 0845-001-0001 of the Budget Act of 1996, such a determination by the Director of Finance shall trigger an extension of the loan repayment date to June 30, 1999.

(b) A policyholder who was entitled to a rebate pursuant to settlement or order of the commissioner and who has not received the escheated rebate may submit a claim to the Controller. The Controller shall pay the claim from among the Proposition 103 refunds that have escheated to the state and been deposited in the Unclaimed Property Fund upon verification that the claim is valid.

SEC. 4. Section 12967 is added to the Insurance Code, to read:

12967. (a) (1) (A) The department shall develop and implement a coordinated approach to gather, review, and analyze the archives of insurers and other archives and records, using onsite teams and an oversight committee, to provide for research and investigation into insurance policies, unpaid insurance claims, and related matters of victims of the Holocaust or of the Nazi-controlled German government or its allies, and the beneficiaries and heirs of those victims, and for losses arising from the activities of the Nazi-controlled German government or its allies for insurance policies issued before and during World War II by insurers who have affiliates or subsidiaries authorized to do business in California. Information compiled shall be placed in a centralized data base for the retention of policy and claimant data, and the data shall be used to implement this section and Section 790.15.

(B) The oversight committee referred to in paragraph (1) shall be composed of qualified individuals with experience in Holocaust claims cases, similar investigations, archival research, and international law. The oversight committee shall also include Holocaust survivors. No member of the oversight committee shall have a potential or actual conflict of interest, or shall be employed by a person who has a potential or actual conflict of interest.

(2) The department has an affirmative duty to play an independent role in representing the interests of Holocaust survivors where necessary, including the duty to carry out research, investigations, and advocacy. The department shall cooperate with, participate in, promote coordination with, and to the extent feasible and consistent with the purposes of this section, work jointly with the National Association of Insurance Commissioners and the international commission on Holocaust survivor claims or any other entity involved in the documentation, resolution, settlement, or distribution of insurance claims, including documentation of unpaid claims and distribution of proceeds, and establishment and maintenance of a data base to contain information relevant to claimants and documents and historical information. The department shall work to recover information and records that will strengthen the claims of California residents.

(3) The department shall employ insurance archaeologists, economists, attorneys, accountants, and other specialists, in this country and in Europe, to implement this section. The department shall work jointly with the National Association of Insurance Commissioners and other organizations for this purpose. The department's cooperation with other states shall be for the purpose of advancing survivors' claims while avoiding duplication of efforts, and shall be dependent upon contributions by other states.

(4) In order to assure that Holocaust survivors receive the most aggressive and independent representation possible in pursuit of their historic claims, in contracting with accounting firms, law firms, economists, or others to implement this section, the department

shall, to the maximum extent possible, avoid any potential or actual conflict of interest by doing the following:

(A) Seek and give preference to firms that are entirely free of any associations with firms representing insurers and nations from which Holocaust survivors are seeking just treatment of their claims.

(B) If the department finds that is necessary to contract with a firm or firms that have conflicts or potential conflicts of interest, those conflicts or potential conflicts of interest shall be disclosed to the commissioner, and the following requirements shall apply:

(i) The contract shall contain a provision that expresses a formal commitment on the part of the firm to aggressively pursue a maximum just settlement for Holocaust survivors and their families without regard to any adverse impacts on insurers, affiliates of insurers, nations, or others that may have employed the firm or affiliates of the firm that is contracting with the commissioner to assist in carrying out the commissioner's responsibilities under this section.

(ii) If any conflict or potential conflict exists between the firm, or an affiliate of the firm, and an insurer, an affiliate of an insurer, a nation or others directly or indirectly involving Holocaust claims, the firm shall disclose both the fact of the conflict or potential conflict, and all relevant information describing the nature of the conflict or potential conflict.

(iii) If a conflict or potential conflict exists between the firm, or an affiliate of the firm, and an insurer, an affiliate of an insurer, a nation, or others that does not directly or indirectly involve Holocaust claims, the firm shall disclose the fact of the conflict or potential conflict and identify the source of the conflict or potential conflict, but need not describe the particular circumstances or facts that create the conflict or potential conflict.

(C) The department may take whatever special measures it deems necessary to avoid either the appearance or the reality of conflicts that may undermine public confidence in the integrity of the effort to secure justice for Holocaust survivors.

(b) The funding of the activities provided for by this section for the 1998-1999 fiscal year shall be from funds transferred pursuant to subdivision (b) of Section 1523 of the Code of Civil Procedure, which funds are hereby appropriated to the commissioner for that purpose. The commissioner shall seek reimbursement of those funds as provided in subdivision (c).

Funding for subsequent fiscal years shall be subject to the Budget Act and based on a plan submitted by the commissioner to the Legislature outlining the plan for reimbursement of expenses of the department by affected insurers.

Funds made available to implement this section shall be used to develop and implement a coordinated approach to gather, review, and analyze the archives of affected insurance groups, and other archives and records, using onsite teams and an oversight committee consisting of individuals with expertise in accounting, law, insurance

archaeology, economics, and public information. The information compiled shall be placed in a centralized data base for the retention of policy and claimant data, and that data shall be used by the department to implement this section.

(c) (1) Any funds recovered by the department for the purpose of reimbursing the state for costs associated with investigation and enforcement actions under this section shall not be deposited in the Insurance Fund, but instead shall be delivered to the Controller for deposit into the General Fund.

CHAPTER 964

An act to add Section 8670.32 to the Government Code, relating to oil spills.

[Approved by Governor September 29, 1998. Filed with Secretary of State September 29, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 8670.32 is added to the Government Code, to read:

8670.32. (a) The following definitions govern the construction of this section:

(1) "Nontank vessel" means a vessel, other than a tank vessel, not designed to carry oil as cargo.

(2) "Reasonable worst case spill" means a spill of the total volume of the largest fuel tank on the nontank vessel.

(3) "Qualified individual" means a shore-based representative of a covered nontank vessel owner or operator that, at a minimum, shall be fluent in English, located in the continental United States, be available on a 24-hour basis, and have full written authority to implement the covered nontank vessel's contingency plan.

(b) A nontank vessel of 300 gross registered tons or greater shall not operate in the marine waters of the state unless the owner or operator has an oil spill contingency plan prepared, submitted, and approved in accordance with this section.

(c) On or before September 1, 1999, each owner or operator of a nontank vessel of 300 gross registered tons or greater shall prepare an oil spill contingency plan for that vessel, and submit the plan to the administrator for review and approval. The plan may be specific to an individual vessel or may be developed using either of the following:

(1) A fleet plan submitted by an owner or operator that has a number of vessels that transit the same or substantially the same routes in marine waters of the state. This fleet plan shall contain all prevention and response elements required pursuant to this section. A separate appendix for each vessel shall be included as an attachment to the plan, and shall include both of the following:

(A) Specification of the type and total amount of fuel carried.

(B) Specification of the capacity of the largest fuel tank.

(2) The owner or operator provides evidence of a contract with the Pacific Merchant Shipping Association, a nonprofit corporation, or other nonprofit maritime association, to provide a statewide spill response plan consistent with the requirements of this section, pursuant to its applicable fee structure.

(d) The geographic regions covered by an individual plan shall be defined in regulations adopted by the administrator.

(e) In addition to all other contingency plan requirements in this section, the plan shall contain, at a minimum, a procedure for management of the resources to be used in response to an oil spill.

(f) The vessel owner or operator shall submit any information, or address any plan element that is required by this section but not addressed by a statewide spill response plan.

(g) The administrator shall adopt regulations and guidelines to implement the requirements of this section. All regulations and guidelines shall be developed in consultation with the State Interagency Oil Spill Committee and the oil spill Technical Advisory Committee. The administrator shall hold a public hearing on the regulations. The regulations and guidelines shall provide for the best achievable protection of coastal and marine resources and shall include provisions for public review and comment on submitted contingency plans prior to approval. The regulations shall ensure that a contingency plan meets all of the following requirements:

(1) Be consistent with the protection and response strategies as well as other elements addressed in the state contingency plan and

the appropriate area contingency plan, and is not in conflict with the national contingency plan.

(2) Be a written document, reviewed for feasibility and approved by the owner or operator, or a person designated by the owner or operator.

(3) Establish a specific chain of command and specify the overall responsibilities of crew, supervisorial, contract, and volunteer personnel.

(4) Detail procedures for reporting oil spills to local, state, and federal agencies, and include a list of contacts to call in the event of a drill, threatened discharge, or discharge.

(5) Specify lines of communication between the vessel and the on-scene commanders, response teams, and local, state, and federal response organizations.

(6) Provide for response planning, including coordination with employees, outside contractors, volunteers, and local, state, and federal agencies.

(7) Identify a qualified individual.

(8) Provide the name, address, telephone number, and facsimile number of an agent for service of process, located in the state and designated to receive legal documents on behalf of the plan holder.

(9) Demonstrate that shipboard personnel have knowledge of the notification requirements and other provisions of the contingency plan.

(10) Provide for timely and effective oil spill response. This may be provided directly or through membership in, or contract with, a private or public cooperative or other organization and shall be consistent with the state contingency plan and the appropriate area contingency plan, and not in conflict with the national contingency plan.

(11) Provide evidence that the vessel is in compliance with the International Safety Management Code, established by the International Maritime Organization, as applicable.

(h) Each contingency plan shall be submitted and resubmitted to the administrator for review and approval as specified in Section 8670.31.

(i) A nontank vessel, required to have a contingency plan pursuant to this section, shall not enter marine waters of the state unless the vessel owner or operator has provided to the administrator evidence of financial responsibility that demonstrates, to the administrator's satisfaction, the ability to pay at least three hundred million dollars ($300,000,000) to cover damages caused by a spill, and the owner or operator of the vessel has obtained a certificate of financial responsibility from the administrator for the vessel. If the evidence provided to the administrator by the vessel owner or operator is a federal certificate of financial responsibility, or other evidence of financial responsibility that does not comply with state requirements, and the administrator incurs costs verifying that

evidence over the amount the administrator normally incurs when verifying evidence of financial responsibility, the administrator may charge the vessel owner or operator a reasonable fee for the additional costs incurred.

(j) A nonprofit maritime association that provides spill response services pursuant to a spill response plan approved by the administrator, and its officers, directors, members, and employees shall have limited liability as follows:

(1) Section 8670.56.6 applies to any nonprofit maritime association that provides spill response services pursuant to its statewide spill response plan.

(2) A nonprofit maritime association providing spill response plan services may require, through agreement of the parties, as a condition of providing these services, the owner or operator of the nontank vessel to defend, indemnify, and hold harmless the association and its officers, directors, members, and employees from all claims, suits, or actions of any nature by whomever asserted, even though resulting, or alleged to have resulted from, negligent acts or omissions of the association or of an officer, director, member, or employee of the association in providing spill response plan services under the contract.

(3) Membership in the association or serving as a director of the association shall not, in and of itself, be grounds for liability resulting from the activities of the association in the preparation or implementation of a contingency plan.

(4) This section shall not be deemed to include the association or its officers, directors, members, or employees as a responsible party, as defined in subdivision (q) of Section 8670.3 of this code and in subdivision (p) of Section 8750 of the Public Resources Code for the purposes of this chapter, Article 3.5 (commencing with Section 8574.1) of Chapter 7 of this code, and Division 7.8 (commencing with Section 8750) of the Public Resources Code.

(5) This section does not limit the liability of any responsible party, as defined in subdivision (q) of Section 8670.3. The responsible party is liable for all damages arising from a spill, as provided in subdivision (c) of Section 8670.56.6.

(k) Section 8670.56.6 applies to any person, including, but not limited to, an oil spill cooperative, its agents, subcontractors, or employees, that contract with the nonprofit maritime association to provide spill response services for the association spill response plan.

(*l*) (1) Except as provided in paragraph (2), any nontank vessel that is subject to subdivision (b) or (i), and that enters the waters of the state in violation of subdivision (b) or (i), is subject to an administrative civil penalty of up to one hundred thousand dollars ($100,000). The administrator shall assess the civil penalty against the owner or operator of the vessel pursuant to Section 8670.68. Each day the owner or operator of such a nontank vessel is in violation of subdivision (b) or (i) shall be considered a separate violation.

(2) Paragraph (1) does not apply in any of the following circumstances:

(A) A contingency plan has been submitted by the vessel owner or operator to the administrator as required by this section, and the office of the administrator is reviewing the plan and has not denied approval.

(B) The nontank vessel has entered state waters after the United States Coast Guard has determined that the vessel is in distress.

(m) (1) Except as provided in paragraph (2), any owner or operator of a nontank vessel that is subject to subdivision (b) or (i) and who knowingly and intentionally enters the waters of the state in violation of subdivision (b) or (i), is guilty of a misdemeanor punishable by up to one year of imprisonment in the county jail, or by a fine of up to ten thousand dollars ($10,000), or by both imprisonment and a fine. Each day the owner or operator of such a nontank vessel is in knowing and intentional violation of subdivision (b) or (i) shall be considered a separate violation.

(2) Paragraph (1) does not apply in any of the following circumstances:

(A) A contingency plan has been submitted by the vessel owner or operator to the administrator as required by this section, and the office of the administrator is reviewing the plan and has not denied approval.

(B) The nontank vessel has entered state waters after the United States Coast Guard has determined that the vessel is in distress.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

SEC. 65. Section 22657 of the Education Code is amended to read:

22657. (a) The following provisions shall apply to a nonmember spouse as if he or she were a member under this part: Sections 22107, 22306, 22906, 23802, subdivisions (a) and (b) of Section 24600, 24601, 24602, 24603, 24605, 24606, 24607, 24608, 24611, 24612, 24613, 24616, and 24617.

(b) Notwithstanding subdivision (a), this section shall not be construed to establish any right for the nonmember spouse under this part that is not explicitly established in Sections 22650 to 22655, inclusive, and Sections 22658 to 22665, inclusive.

SEC. 66. Section 22658 of the Education Code is amended to read:

22658. (a) A separate account awarded to a nonmember spouse pursuant to Section 22652 shall be administered independently of the member's account.

(b) Accumulated contributions, service credit, and final compensation attributable to a separate account of a nonmember spouse under this part shall not be combined in any way or for any purpose with the accumulated contributions, service credit, and final

compensation of any other separate account of the nonmember spouse.

(c) Accumulated contributions, service credit, and final compensation attributable to the separate account of a nonmember spouse shall not be combined in any way or for any purpose with the accumulated contributions, service credit, and final compensation of an account that exists under this part because the nonmember spouse is employed or has been employed to perform creditable service subject to coverage under the Defined Benefit Program.

SEC. 67. Section 22659 of the Education Code is amended to read:

22659. Upon being awarded a separate account or an interest in the retirement allowance of a retired member under this part, a nonmember spouse shall provide the system with proof of his or her date of birth, social security number, and any other information requested by the system, in the form and manner requested by the system.

SEC. 68. Section 22660 of the Education Code is amended to read:

22660. (a) The nonmember spouse who is awarded a separate account under this part shall have the right to designate, pursuant to Sections 23300 to 23304, inclusive, a beneficiary or beneficiaries to receive the accumulated retirement contributions remaining in the separate account of the nonmember spouse on his or her date of death, and any accrued allowance attributable to the separate account which is unpaid on the date of the death of the nonmember spouse under this part.

(b) This section shall not be construed to provide the nonmember spouse with any right to elect to modify a retirement allowance under Section 24300.

SEC. 69. Section 22661 of the Education Code is amended to read:

22661. (a) The nonmember spouse who is awarded a separate account under this part shall have the right to a refund of the accumulated retirement contributions in the account of the nonmember spouse under this part.

(b) The nonmember spouse shall file an application on a form provided by the system to obtain the refund.

(c) The refund under this part is effective when the system deposits in the United States mail an initial warrant drawn in favor of the nonmember spouse and addressed to the latest address for the nonmember spouse on file in the system. If the nonmember spouse has elected on a form provided by the system to transfer all or a specified portion of the accumulated contributions that are eligible for direct trustee-to-trustee transfer to the trustee of a qualified plan under Section 402 of the Internal Revenue Code of 1986 (26 U.S.C.A. Sec. 402), deposit in the United States mail of a notice that the requested transfer has been made constitutes a return of the nonmember spouse's accumulated contributions.

(d) The nonmember spouse is deemed to have permanently waived all rights and benefits pertaining to the service credit under

this part and represented by the accumulated retirement contributions when the refund becomes effective.

(e) The nonmember spouse may not cancel a refund under this part after the refund is effective.

(f) The nonmember spouse shall have no right to elect to redeposit the refunded accumulated retirement contributions under this part after the refund is effective and shall have no right to redeposit under Section 22662 or purchase additional service credit under Section 22663 after the refund becomes effective.

(g) If the total service credit in the separate account of the nonmember spouse under this part, including service credit purchased under Sections 22662 and 22663, is less than two and one-half years, the board shall refund the accumulated retirement contributions in the account.

SEC. 70. Section 22662 of the Education Code is amended to read:

22662. The nonmember spouse who is awarded a separate account under this part may redeposit accumulated retirement contributions previously refunded to the member in accordance with the determination of the court pursuant to Section 22652.

(a) The nonmember spouse may redeposit under this part only those accumulated retirement contributions that were previously refunded to the member and in which the court has determined the nonmember spouse has a community property interest.

(b) The nonmember spouse shall inform the system in writing of his or her intent to redeposit within 180 days after the judgment or court order addressing the redeposit rights of the nonmember spouse is entered. The nonmember spouse shall elect to redeposit on a form provided by the system within 30 days after the system mails an election form and the billing.

(c) If the nonmember spouse elects to redeposit under this part, he or she shall repay the accumulated retirement contributions and shall pay regular interest from the date of the refund to the date of payment.

(d) An election to redeposit shall be considered an election to repay all accumulated retirement contributions previously refunded under this part in which the nonmember spouse has a community property interest. All payments shall be received by the system before the effective date of retirement of the nonmember spouse under this part. If any payment due because of the election is not received at the system's office in Sacramento within 120 days of its due date, the election shall be canceled and any payments made under the election shall be returned to the nonmember spouse.

(e) The right of the nonmember spouse to redeposit shall be subject to Section 23203.

(f) The member shall not have a right to redeposit the share of the nonmember spouse in the previously refunded accumulated retirement contributions under this part whether or not the nonmember spouse elects to redeposit. However, any accumulated

retirement contributions previously refunded under this part and not explicitly awarded to the nonmember spouse under this part by the judgment or court order shall be deemed the exclusive property of the member.

SEC. 71. Section 22663 of the Education Code is amended to read:

22663. The nonmember spouse who is awarded a separate account under this part shall have the right to purchase additional service credit in accordance with the determination of the court pursuant to Section 22652.

(a) The nonmember spouse may purchase only the service credit that the court, pursuant to Section 22652, has determined to be the community property interest of the nonmember spouse.

(b) The nonmember spouse shall inform the system in writing of his or her intent to purchase additional service credit within 180 days after the date the judgment or court order addressing the right of the nonmember spouse to purchase additional service credit is entered. The nonmember spouse shall elect to purchase additional service credit on a form provided by the system within 30 days after the system mails an election form and billing.

(c) If the nonmember spouse elects to purchase additional service credit, he or she shall pay, prior to retirement under this part, all contributions with respect to the additional service at the contribution rate for additional service credit in effect at the time of election and regular interest from July 1 of the year following the year upon which contributions are based.

(1) (A) The nonmember spouse shall purchase additional service credit by paying the required contributions and interest in one lump sum, or in not more than 60 monthly installments, provided that no installment, except the final installment, shall be less than twenty-five dollars ($25). Regular interest shall be charged on the monthly unpaid balance if the nonmember spouse pays in installments.

(B) If any payment due because of the election is not received at the system's office in Sacramento within 120 days of its due date, the election shall be canceled and any payments made under the election shall be returned to the nonmember spouse.

(2) The contributions shall be based on the member's compensation earnable in the most recent school year during which the member was employed, preceding the date of separation established by the court pursuant to Section 22652.

(3) All payments of contributions and interest shall be received by the system before the effective date of the retirement of the nonmember.

(d) The nonmember spouse shall not have a right to purchase additional service credit under this part after the effective date of a refund of the accumulated retirement contributions in the separate account of the nonmember spouse.

(e) The member shall not have a right to purchase the community property interest of the nonmember spouse of additional service credit under this part whether or not the nonmember spouse elects to purchase the additional service credit. However, any additional service credit eligible for purchase that is not explicitly awarded to the nonmember spouse by the judgment or court order shall be deemed the exclusive property of the member.

SEC. 72. Section 22664 of the Education Code is amended to read:

22664. The nonmember spouse who is awarded a separate account shall have the right to a service retirement allowance under this part.

(a) The nonmember spouse shall be eligible to retire for service under this part if the following conditions are satisfied:

(1) The member had performed at least five years of creditable California service during the period of marriage, at least one year of which had been performed subsequent to the most recent refund to the member of accumulated retirement contributions, if five of the member's six years of credited service immediately before the dissolution or legal separation had been in California. The credited service may include service credited to the account of the member as of the date of the dissolution or legal separation, previously refunded service, and permissive service credit which the member is eligible to purchase at the time of the dissolution or legal separation.

(2) The nonmember spouse has at least two and one-half years of credited service in his or her separate account.

(3) The nonmember spouse has attained the age of 55 years or more.

(b) A service retirement allowance of a nonmember spouse under this part shall become effective upon any date designated by the nonmember spouse, provided:

(1) The requirements of subdivision (a) are satisfied.

(2) The nonmember spouse has filed an application for service retirement on a form provided by the system, which is executed no earlier than six months before the effective date of the retirement allowance.

(3) The effective date is no earlier than the first day of the month in which the application is received at the system's office in Sacramento and the effective date is after the date the judgment or court order pursuant to Section 22652 was entered.

(c) Upon service retirement at or over normal retirement age under this part, the nonmember spouse shall receive a retirement allowance that shall consist of an annual allowance payable in monthly installments equal to 2 percent of final compensation for each year of credited service. If the nonmember spouse's retirement is effective at less than normal retirement age and between early retirement age under this part and normal retirement age, the retirement allowance shall be reduced by one-half of 1 percent for

each full month, or fraction of a month, that will elapse until the nonmember spouse would have reached normal retirement age.

(1) In computing the retirement allowance of the nonmember spouse, the age of the nonmember spouse on the last day of the month in which the retirement allowance begins to accrue shall be used.

(2) Final compensation, for purposes of calculating the service retirement allowance of the nonmember spouse under this subdivision, shall be calculated according to the definition of final compensation in Section 22134, 22135, or 22136, whichever is applicable, and shall be based on the compensation earnable of the member up to the date the parties separated, as established in the judgment or court order pursuant to Section 22652.

The nonmember spouse shall not be entitled to use any other calculation of final compensation.

(d) If the member is or was receiving a disability allowance under this part with an effective date before or on the date the parties separated as established in the judgment or court order pursuant to Section 22652, or at any time applies for and receives a disability allowance with an effective date that is before or coincides with the date the parties separated as established in the judgment or court order pursuant to Section 22652, the nonmember spouse shall not be eligible to retire until after the disability allowance of the member terminates.

If the member who is or was receiving a disability allowance returns to employment to perform creditable service subject to coverage under the Defined Benefit Program or has his or her allowance terminated under Section 24015, the nonmember spouse may not be paid a retirement allowance until at least six months after termination of the disability allowance and the return of the member to employment to perform creditable service subject to coverage under the Defined Benefit Program, or the termination of the disability allowance and the employment or self-employment of the member in any capacity, notwithstanding Section 22132. If at the end of the six-month period, the member has not had a recurrence of the original disability or has not had his or her earnings fall below the amounts described in Section 24015, the nonmember spouse may be paid a retirement allowance if all other eligibility requirements are met.

(1) The retirement allowance of the nonmember spouse under this subdivision shall be calculated as follows: the disability allowance the member was receiving, exclusive of the benefits for dependent children, shall be divided between the share of the member and the share of the nonmember spouse. The share of the nonmember spouse shall be the amount obtained by multiplying the disability allowance, exclusive of the benefits for dependent children, by the years of service credited to the separate account of the nonmember spouse, including service projected to the date of separation, and dividing by the projected service of the member. The nonmember spouse's

retirement allowance shall be the lesser of the share of the nonmember spouse under this subdivision or the retirement allowance under subdivision (c).

(2) The share of the member shall be the total disability allowance reduced by the share of the nonmember spouse. The share of the member shall be considered the disability allowance of the member for purposes of Section 24213.

(e) The nonmember spouse who receives a retirement allowance is not a retired member under this part. However, the allowance of the nonmember spouse shall be increased by application of the improvement factor and shall be eligible for the application of supplemental increases and other benefit maintenance provisions under this part, including, but not limited to, Sections 24411, 24412, and 24415 based on the same criteria used for the application of these benefit maintenance increases to the service retirement allowances of members.

SEC. 72.5. Section 22664 of the Education Code is amended to read:

22664. The nonmember spouse who is awarded a separate account shall have the right to a service retirement allowance under this part.

(a) The nonmember spouse shall be eligible to retire for service under this part if the following conditions are satisfied:

(1) The member had at least five years of credited service during the period of marriage, at least one year of which had been performed subsequent to the most recent refund to the member of accumulated retirement contributions. The credited service may include service credited to the account of the member as of the date of the dissolution or legal separation, previously refunded service, out-of-state service, and permissive service credit which the member is eligible to purchase at the time of the dissolution or legal separation.

(2) The nonmember spouse has at least two and one-half years of credited service in his or her separate account.

(3) The nonmember spouse has attained the age of 55 years or more.

(b) A service retirement allowance of a nonmember spouse under this part shall become effective upon any date designated by the nonmember spouse, provided:

(1) The requirements of subdivision (a) are satisfied.

(2) The nonmember spouse has filed an application for service retirement on a form provided by the system, which is executed no earlier than six months before the effective date of the retirement allowance.

(3) The effective date is no earlier than the first day of the month in which the application is received at the system's office in Sacramento and the effective date is after the date the judgment or court order pursuant to Section 22652 was entered.

(c) Upon service retirement at or over normal retirement age under this part, the nonmember spouse shall receive a retirement allowance that shall consist of an annual allowance payable in monthly installments equal to 2 percent of final compensation for each year of credited service. If the nonmember spouse's retirement is effective at less than normal retirement age and between early retirement age under this part and normal retirement age, the retirement allowance shall be reduced by one-half of 1 percent for each full month, or fraction of a month, that will elapse until the nonmember spouse would have reached normal retirement age.

(1) In computing the retirement allowance of the nonmember spouse, the age of the nonmember spouse on the last day of the month in which the retirement allowance begins to accrue shall be used.

(2) Final compensation, for purposes of calculating the service retirement allowance of the nonmember spouse under this subdivision, shall be calculated according to the definition of final compensation in Section 22134, 22135, or 22136, whichever is applicable, and shall be based on the compensation earnable of the member up to the date the parties separated, as established in the judgment or court order pursuant to Section 22652.

The nonmember spouse shall not be entitled to use any other calculation of final compensation.

(d) If the member is or was receiving a disability allowance under this part with an effective date before or on the date the parties separated as established in the judgment or court order pursuant to Section 22652, or at any time applies for and receives a disability allowance with an effective date that is before or coincides with the date the parties separated as established in the judgment or court order pursuant to Section 22652, the nonmember spouse shall not be eligible to retire until after the disability allowance of the member terminates.

If the member who is or was receiving a disability allowance returns to employment to perform creditable service subject to coverage under the Defined Benefit Program or has his or her allowance terminated under Section 24015, the nonmember spouse may not be paid a retirement allowance until at least six months after termination of the disability allowance and the return of the member to employment to perform creditable service subject to coverage under the Defined Benefit Program, or the termination of the disability allowance and the employment or self-employment of the member in any capacity, notwithstanding Section 22132. If at the end of the six-month period, the member has not had a recurrence of the original disability or has not had his or her earnings fall below the amounts described in Section 24015, the nonmember spouse may be paid a retirement allowance if all other eligibility requirements are met.

(1) The retirement allowance of the nonmember spouse under this subdivision shall be calculated as follows: the disability allowance

the member was receiving, exclusive of the benefits for dependent children, shall be divided between the share of the member and the share of the nonmember spouse. The share of the nonmember spouse shall be the amount obtained by multiplying the disability allowance, exclusive of the benefits for dependent children, by the years of service credited to the separate account of the nonmember spouse, including service projected to the date of separation, and dividing by the projected service of the member. The nonmember spouse's retirement allowance shall be the lesser of the share of the nonmember spouse under this subdivision or the retirement allowance under subdivision (c).

(2) The share of the member shall be the total disability allowance reduced by the share of the nonmember spouse. The share of the member shall be considered the disability allowance of the member for purposes of Section 24213.

(e) The nonmember spouse who receives a retirement allowance is not a retired member under this part. However, the allowance of the nonmember spouse shall be increased by application of the improvement factor and shall be eligible for the application of supplemental increases and other benefit maintenance provisions under this part, including, but not limited to, Sections 24411, 24412, and 24415 based on the same criteria used for the application of these benefit maintenance increases to the service retirement allowances of members.

SEC. 73. Section 22665 of the Education Code is amended to read:

22665. The system shall include the service credit awarded to a nonmember spouse in the judgment or court order to determine the eligibility of a member for a retirement or disability allowance under this part. That portion of awarded service credit based on previously refunded contributions or on permissive service credit may not be used by the member for eligibility requirements until the member has redeposited or purchased his or her portion of the service credit. The member's service retirement allowance shall be calculated based on the service credit in the member's account on the effective date of service retirement.

SEC. 74. Section 22700 of the Education Code is amended to read:

22700. This chapter governs the computation of service to be credited under this part to a member of the Defined Benefit Program for the purpose of determining eligibility for benefits under the program, the amount of contributions required of the member in the program, and the amount of benefits paid to a retired member under the program.

SEC. 75. Section 22703 of the Education Code is amended to read:

22703. (a) Service shall be computed by school years and not by calendar years, portions of years served being accumulated and counted as service. All of the creditable service performed during any one school year subject to coverage under the Defined Benefit Program shall not count for more than one year.

(b) In lieu of any other benefits provided by this part, any member who performed service prior to July 1, 1956, shall receive retirement benefits for that service at least equal to the benefits which he or she would have received for that service under the provisions of this part as they existed on June 30, 1956. This paragraph does not apply to service which is credited in the San Francisco City and County Employees Retirement System.

SEC. 76. Section 22705 of the Education Code is amended to read:

22705. No service shall be included under this part for which a member of the Defined Benefit Program is entitled to receive a retirement benefit in a lump sum or installment payments, for other than military service, from any public retirement system other than this system, or under the American Gratuity Act No. 4151 relating to service in the Philippine Islands under which 15 or more years of creditable service has accrued, or the San Francisco City and County Employees Retirement System. If a retired member under this part becomes entitled to such a retirement benefit, his or her retirement allowance shall be reduced thereafter to exclude the service upon which the retirement benefit is based, without other change in his or her retirement status.

SEC. 77. Section 22705.5 is added to the Education Code, to read:

22705.5. Service subject to coverage by the San Francisco City and County Retirement System pursuant to Section 24701 is excluded from coverage in the Defined Benefit Program. The member shall retain the right to receive a retirement allowance for creditable service that is subject to coverage under the Defined Benefit Program unless he or she withdraws his or her accumulated retirement contributions for that service.

SEC. 78. Section 22706 of the Education Code is amended to read:

22706. A member shall not receive credit for service performed while receiving a retirement or disability allowance from the Defined Benefit Program.

SEC. 79. Section 22708 of the Education Code is amended to read:

22708. The calculations of retirement allowances under this part for state employees in the personal leave program shall include credit for service that would have been credited had the employee not been in the personal leave program. The costs that result from the increased service credit shall be paid for by the employer in a manner prescribed by the system.

SEC. 80. Section 22709 of the Education Code is amended to read:

22709. A member shall receive credit under this part for time during which the member is prevented from performing creditable service subject to coverage under the Defined Benefit Program, by act of God, or by reason of the closing of a school by any duly authorized officer or body. If by reason of a member's Japanese ancestry, the member was required by the Wartime Civil Control Administration to leave his or her teaching position in California and returned prior to July 1, 1972, to service subject to coverage under the

Defined Benefit Program, the system shall give the member four years of service credit under this part.

SEC. 81. Section 22710 of the Education Code is amended to read:

22710. (a) Service shall be credited under this part, upon payment of the contributions required under Sections 22901 and 22950, for that time during which a member is excused from performance of creditable service and for which the member receives workers' compensation, or compensation from an insurance carrier of the employer, due to injury or illness that arose out of and in the course of the member's employment. Service for that time shall be credited in the proportion that the creditable compensation paid to the member bears to the compensation earnable by the member.

(b) The amount of creditable compensation paid to the member shall not exceed the compensation earnable by the member during the period of absence specified in subdivision (a).

SEC. 82. Section 22711 of the Education Code is amended to read:

22711. (a) A member under this part shall be granted service credit for time during which the member serves as an elected officer of an employee organization while on a compensated leave of absence pursuant to Section 44987 or 87768.5, if all of the following conditions are met:

(1) The member was employed and performed creditable service subject to coverage under this Defined Benefit Program in the month prior to commencement of the leave of absence.

(2) The member makes contributions to the Teachers' Retirement Fund in the amount that the member would have contributed had the member performed creditable service on a full-time basis during the period the member served as an elected officer of the employee organization.

(3) The member's employer contributes to the Teachers' Retirement Fund at a rate adopted by the board as a plan amendment with respect to the Defined Benefit Program an amount based upon the creditable compensation that would have been paid to the member had the member performed creditable service on a full-time basis during the period the member served as an elected officer of the employee organization.

(b) The maximum period of time during which a member may serve as an elected officer and receive service credit pursuant to this section shall not exceed 12 calendar years.

SEC. 83. Section 22712 of the Education Code is amended to read:

22712. A member under this part shall receive credit for time served as an exchange teacher in any location.

SEC. 84. Section 22712.5 of the Education Code is amended to read:

22712.5. All members under this part who are employed by a school district, community college district, or superintendent of schools and who received credit during the school year ending June

30, 1996, for service performed as a community service teacher or in a classified position that does not qualify for membership in the Public Employees' Retirement System, shall continue to receive credit for that service performed after June 30, 1996, provided the member remains continuously employed to perform that service.

SEC. 85. Section 22713 of the Education Code is amended to read:

22713. (a) Notwithstanding any other provision of this chapter, the governing board of a school district or a community college district or a county superintendent of schools may establish regulations that allow an employee who is a member of the Defined Benefit Program to reduce his or her workload from full time to part time, and receive the service credit the member would have received if the member had been employed on a full-time basis and have his or her retirement allowance, as well as other benefits that the member is entitled to under this part, based, in part, on final compensation determined from the compensation earnable the member would have been entitled to if the member had been employed on a full-time basis.

(b) The regulations shall include, but shall not be limited to, the following:

(1) The option to reduce the member's workload shall be exercised at the request of the member and can be revoked only with the mutual consent of the employer and the member.

(2) The member shall have been employed full time to perform creditable service subject to coverage under the Defined Benefit Program for at least 10 years including five years immediately preceding the reduction in workload.

(3) The member shall not have had a break in service during the five years immediately preceding the reduction in workload. For purposes of this subdivision, sabbaticals and other approved leaves of absence shall not constitute a break in service. However, time spent on a sabbatical or other approved leave of absence shall not be used in computing the five-year full-time service requirement prescribed by this subdivision.

(4) The member shall have reached the age of 55 years prior to the reduction in workload.

(5) The period of the reduced workload shall not exceed 10 years.

(6) The reduced workload shall be equal to at least one-half of the full-time equivalent required by the member's contract of employment during his or her final year of full-time employment.

(7) The member shall be paid creditable compensation that is the pro rata share of the creditable compensation the member would have been paid had the member not reduced his or her workload.

(c) Prior to the reduction of a member's workload under this section, the employer in conjunction with the administrative staff of the State Teachers' Retirement System and the Public Employees' Retirement System, shall verify the member's eligibility for the reduced workload program.

(d) The member shall make contributions to the Teachers' Retirement Fund in the amount that the member would have contributed had the member performed creditable service on a full-time basis subject to coverage under the Defined Benefit Program.

(e) The employer shall contribute to the Teachers' Retirement Fund at a rate adopted by the board as a plan amendment with respect to the Defined Benefit Program an amount based upon the creditable compensation that would have been paid to the member had the member performed creditable service on a full-time basis subject to coverage under the Defined Benefit Program.

(f) The employer shall maintain the necessary records to separately identify each member who participates in the reduced workload program pursuant to this section.

SEC. 86. Section 22714 of the Education Code is amended to read:

22714. (a) Whenever the governing board of a school district or a community college district or a county office of education, by formal action taken prior to January 1, 1999, determines pursuant to Section 44929 or 87488 that because of impending curtailment of or changes in the manner of performing services, the best interests of the district or county office of education would be served by encouraging certificated employees or academic employees to retire for service and that the retirement will either: result in a net savings to the district or county office of education; result in a reduction of the number of certificated employees or academic employees as a result of declining enrollment; or result in the retention of certificated employees who are credentialed to teach in, or faculty who are qualified to teach in, teacher shortage disciplines, including, but not limited to, mathematics and science, an additional two years of service shall be credited under this part to a member of the Defined Benefit Program if all of the following conditions exist:

(1) The member is credited with five or more years of service and retires for service under the provisions of Chapter 27 (commencing with Section 24201) during a period of not more than 120 days or less than 60 days, commencing no sooner than the effective date of the formal action of the employer that shall specify the period.

(2) The employer transfers to the retirement fund an amount determined by the Teachers' Retirement Board to equal the actuarial equivalent of the difference between the allowance the member receives after receipt of service credit under this section and the amount the member would have received without the service credit and an amount determined by the Teachers' Retirement Board to equal the actuarial equivalent of the difference between the purchasing power protection supplemental payment the member receives after receipt of additional service credit pursuant to this section and the amount the member would have received without the additional service credit. The payment for purchasing power shall be deposited in the Supplemental Benefit Maintenance Account

established by Section 22400 and shall be subject to Sections 24414 and 24415. The transfer to the retirement fund shall be made in a manner, and time period not to exceed four years, that is acceptable to the Teachers' Retirement Board. The employer shall transfer the required amount for all eligible employees who retire pursuant to this section.

(3) The employer transmits to the retirement fund the administrative costs incurred by the system in implementing this section, as determined by the Teachers' Retirement Board.

(4) The employer has considered the availability of teachers or academic employees to fill the positions that would be vacated pursuant to this section.

(b) (1) The school district shall demonstrate and certify to the county superintendent that the formal action taken would result in either: (A) a net savings to the district; (B) a reduction of the number of certificated employees as a result of declining enrollment, as computed pursuant to Section 42238.5; or (C) the retention of certificated employees who are credentialed to teach in teacher shortage disciplines.

(2) The county superintendent shall certify to the Teachers' Retirement Board that a result specified in paragraph (1) can be demonstrated. The certification shall include, but not be limited to, the information specified in subdivision (b) of Section 14502. A district that qualifies under clause (B) of paragraph (1) shall also certify that it qualifies as a declining enrollment district as computed pursuant to Section 42238.5.

(3) The school district shall reimburse the county superintendent for all the costs of the county superintendent that result from the certification.

(2) The Superintendent of Public Instruction shall certify to the Teachers' Retirement Board that a result specified in paragraph (1) can be demonstrated. The certification shall include, but not be limited to, the information specified in subdivision (b) of Section 14502.

22715. (a) Notwithstanding any other provisions of this part, whenever the Governor, by executive order, determines that because of an impending curtailment of, or change in the manner of performing service, the best interest of the state would be served by encouraging the retirement of state employees, and that sufficient economies could be realized to offset any cost to state agencies resulting from this section, an additional two years of service shall be credited under this part to members of the Defined Benefit Program, who are state employees, if the following conditions exist:

(1) The member is credited with five or more years of service and retires during a period not to exceed 120 days or less than 60 days commencing no sooner than the date of issuance of the Governor's executive order specifying that period.

(2) The appointing power, as defined in Section 18524 of the Government Code, transfers to the retirement fund an amount determined by the board to equal the actuarial equivalent of the difference between the allowance the member receives after the

receipt of service credit under this section and the amount the member would have received without the service credit. The transfer to the retirement fund shall be made in a manner and time period acceptable to the employer and the board.

(3) The appointing power determines that it is electing to exercise the provisions of this section, pursuant to the Governor's order, and certifies to the Department of Finance and to the Legislative Analyst, as to the specific economies that would be realized if the additional service credit toward retirement were granted.

(b) As used in this section, "member" means a state employee who is employed in a job classification, department, or other organizational unit designated by the appointing power, as defined in Section 18524 of the Government Code.

(c) The amount of service credit shall be two years regardless of credited service, but shall not exceed the number of years intervening between the date of the member's retirement under this part and the date the member would be required to be retired because of age. The appointing power shall make the payment with respect to all eligible employees who retire pursuant to this section.

(d) Any member who qualifies under this section, upon subsequent reinstatement under this part, shall forfeit the service credit granted under this section.

(g) The Director of Finance shall approve the transmittal of funds by the appointing power not sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house that considers appropriations and the chairperson of the Joint Legislative Budget Committee, or not sooner than any lesser time that the chairperson of the committee, or his or her designee, may in each instance determine. (b) If there is no surviving spouse or upon the death of the surviving spouse, to each dependent child, an amount equal to 10 percent of the deceased member's final compensation or the disabled member's projected final compensation, up to a maximum allowance of 50 percent. If there are more than five dependent children, they shall share equally in the maximum allowance of 50 percent.

(c) To the surviving spouse at age 60 years or over if there is no dependent child, an allowance equal to the amount that would have been payable to the spouse as beneficiary under Option 3 as provided in Section 24300, computed on the member's projected final compensation and projected service to normal retirement age. The allowance payable under this subdivision shall be increased by application of the benefit improvement factor for time that elapses between the date the member would have attained normal retirement age and the date the family allowance under this subdivision begins to accrue. (d) If the board determines that a member who has applied for a disability allowance under this part may perform service in the member's former position of employment or in a comparable level position with the assistance of reasonable accommodation, the board may require the member to request reasonable accommodation from the employer. Failure of the member to request reasonable accommodation, as directed by the board, may be grounds for cancellation of the disability allowance application.

(1) An application for disability allowance is filed on a form provided by the system.

(2) The effective date is later than the last day of creditable service for which compensation is payable to the member.

(3) The effective date is no earlier than either the first day of the month in which the application is received by the system's office in Sacramento, or the date upon and continuously after which the member is determined to the satisfaction of the board to have been mentally incompetent.

(b) If the member is employed to perform creditable service subject to coverage under the Defined Benefit Program at the time the disability allowance is approved under this part, the member shall notify the system in writing, within 90 days, of the last day on which the member will perform service. If the member does not respond within 90 days, or if the last day on which service will be performed is more than 90 days after the date the system notifies the member of approval of the disability allowance, the member's application for a disability allowance shall be rejected and a disability allowance shall not be payable to the member.

SEC. 151. Section 24006 of the Education Code is amended to read:

24006. Upon qualification for disability under this part, a member shall receive an annual allowance equal to 50 percent of final compensation payable in monthly installments. SEC. 152. Section 24010 of the Education Code is amended to read:

24010. Allowances payable under Sections 24006 and 24007 shall be reduced by an amount equal to the unmodified benefits paid or payable under other public systems for the same impairment or impairments that qualify the member for a disability allowance under this part.

SEC. 153. Section 24011 of the Education Code is amended to read:

24011. A member who qualifies for disability allowance pursuant to this chapter because of a disabling impairment that is amenable to treatment that could be expected to restore the member's ability to perform service in the member's former position of employment or a comparable level position shall participate in a treatment program prescribed by the member's primary treating physician. Willful failure to initiate and continue participation in the treatment program shall cause the disability allowance to be terminated. In determining whether a member has good cause for failure to follow the treatment program, the board shall take into account whether treatment would abridge the member's right to the free exercise of religion or whether the member's physical or mental condition has worsened, as determined by the member's treating physician and substantiated by medical evidence.

SEC. 154. Section 24013 of the Education Code is amended to read:

24013. The board may require any member receiving a disability allowance under this part to undergo medical examination at such times as the board deems necessary. The system may request the member's treating physician, upon authorization by the disabled member, to complete a medical reevaluation questionnaire. The system shall reimburse the disabled member for all reasonable costs

related to completion of this questionnaire in an amount not to exceed two hundred fifty dollars ($250) if the disabled member has no other health coverage that would pay the costs of completing the medical questionnaire. The board may authorize a medical examination to be conducted by the disabled member's treating source at the disabled member's expense and, in any case, may require a medical examination to be conducted by a physician selected by the board, in which event, the board shall pay all reasonable costs associated with the examination. The board shall, in scheduling medical examinations, give consideration to the interests and convenience of the disabled member. If the examination, together with other available information, shows to the satisfaction of the board that the member is no longer disabled, the disability allowance shall be terminated. Should the disabled member refuse to submit to medical examination, as provided in this section, the disability allowance shall be terminated and all rights of the disabled member to the disability allowance shall be revoked.

SEC. 155. Section 24014 of the Education Code is amended to read:

24014. A disabled member may be employed to perform creditable service subject to coverage under the Defined Benefit Program. SEC. 156. Section 24015 of the Education Code is amended to read:

24015. Notwithstanding Section 22132, if a person who begins to receive a disability allowance under this part after June 30, 1972, is employed, or is self-employed in any capacity in which his or her average earnings for any prior continuous six months amount to 66 $^2/_3$ percent of the indexed final compensation, the person shall be presumed capable of performing gainful employment and no longer disabled. The disability allowance shall be terminated on the first day of the month following the six-month period. Any allowance paid thereafter shall be considered an overpayment and recovery shall be made.

SEC. 157. Section 24016 of the Education Code is amended to read:

24016. (a) For any one or more months in which the total of a disabled member's allowance under this part, excluding children's portions, and earnings exceed 100 percent of indexed final compensation, 100 percent of the amount in excess shall be considered an overpayment and recovery shall be made.

SEC. 159. Section 24018 of the Education Code is amended to read:

24018. When a disabled member returns to work in his or her former position of employment or in a comparable level position and within six months of return experiences a recurrence of the original disability, that can be medically substantiated, it shall be considered, for the purpose of determining the duration of the disability, that the condition had its onset as of the date the member first became disabled. The former disability allowance under this part shall again become payable as of the later of the first day of the month in which the recurrence of the disability occurred or the last day of service for which compensation is payable to the member provided the member complies with the provisions of Section 24003.

SEC. 160. Section 24100 of the Education Code is amended to read:

24100. This chapter governs the eligibility, allowance computations, and related provisions for the disability retirement program. (2) The last five years of credited service were performed in this state.

(3) At least one year (1.000) of credited service was earned subsequent to the date on which the member terminated the service retirement allowance under Section 24208.

(4) At least one year (1.000) of credited service was earned subsequent to the date on which the member's disability allowance was terminated.

(5) At least one year (1.000) of credited service was earned subsequent to the most recent refund of accumulated retirement contributions.

(6) The member is not applying for a disability retirement because of a physical or mental condition known to exist at the time the most recent membership in the Defined Benefit Program commenced and that remains substantially unchanged at the time of application.

(b) Nothing in subdivision (a) shall affect the right of a member to a disability retirement if the reason that the member has performed less than four years of actual service is due to an on-the-job injury or a disease while in employment subject to coverage by the Defined Benefit Program and the four-year requirement can be satisfied by credit obtained under Chapter 14 (commencing with Section 22800) or Chapter 14.5 (commencing with Section 22850) in addition to any credit received from workers' compensation payments.

(c) Nothing in subdivision (a) shall affect the right of a member who has less than five years of credited service to a disability retirement allowance providing the member has at least one year of credited California service and if the reason for the disability is due to an unlawful act of bodily harm committed by another human being on the person of the member while the member was performing his or her official duties in a position subject to coverage under the Defined Benefit Program.

(d) A member shall not be eligible for disability retirement from the Defined Benefit Program while on a leave of absence to serve as a full-time elected officer of an employee organization, even if receiving service credit under Section 22711.

24102. The board may authorize payment of a disability retirement allowance under this part to any member who is qualified upon application by the member, the member's guardian or conservator, or the member's employer, if the application is made during any one of the following periods:

(a) While the member is employed or on a compensated leave of absence.

(b) While the member is physically or mentally incapacitated for performance of service and the incapacity has been continuous from the last day for which compensation is payable to the member.

(c) While the member is on a leave of absence without compensation, granted for reason other than mental or physical incapacity for performance of service, and within four months after the last day of service for which compensation is payable to the

member, or within 12 months of that date if the member was on an employer-approved leave to study at an approved college or university.

(d) Within four months after the termination of the member's employment subject to coverage under the Defined Benefit Program, if the application was not made under subdivision (b) and was not made more than four months after the last day of service for which compensation is payable to the member.

(e) The member is not applying for a disability retirement allowance because of a physical or mental condition that existed at the time the most recent membership in the Defined Benefit Program commenced and which remains substantially unchanged at the time of application.

SEC. 164. Section 24103 of the Education Code is amended to read:

24103. (a) The member shall provide medical documentation substantiating the impairment qualifying the member for the disability retirement under this part.

(b) On receipt of an application for disability retirement under this part, the system may order a medical examination of a member to determine whether the member is incapacitated for performance of service. The medical examination shall be conducted by a practicing physician, selected by the board, with expertise in the member's disability, and the board shall pay all costs associated with the examination. The board shall pay all other reasonable costs related to travel and meals in accordance with the rates set for state employees by the Department of Personnel Administration. If the member refuses to submit to the required medical examination, the application for disability retirement shall be rejected. The member shall either remain in this state, or return to this state at the member's own expense, to undergo the initial evaluations or examinations or the application shall be rejected, unless this requirement is waived by the board. If the member is too ill to be examined, the system shall postpone the examination until the member can be examined. The member or the member's treating physician shall inform the system, in writing, when the medical examination can be rescheduled.

(c) The system may reject the disability retirement application under this part if the member fails to provide requested medical documentation to substantiate a disability, as defined in Section 22126, within 45 days from the date of the request or within 30 days from the time that a legally designated representative is empowered to act on behalf of a member who is mentally or physically incapacitated.

(d) If the board determines that a member who has applied for disability retirement under this part may perform service in the member's former position of employment or in a comparable level position with the assistance of reasonable accommodation, the board may require the member to request reasonable accommodation from

the employer. Failure of the member to request reasonable accommodation, as directed by the board, may be grounds for cancellation of the disability retirement application under this part.

(e) If the employer fails or refuses to provide reasonable accommodation, the board may require the member to pursue an administrative appeal of the employer's denial as a condition for receiving a disability retirement allowance under this part.

(f) The system shall inform the member of the rejection or cancellation of the member's disability retirement allowance application under this part within 30 days after that determination is made by the system.

24105. (a) A disability retirement allowance under this part shall become effective upon any date designated by the member, provided that all of the following conditions are met:

(1) An application for disability retirement is filed on a form provided by the system.

(2) The effective date is later than the last day of service for which compensation is payable to the member.

(3) The effective date is no earlier than either the first day of the month in which the application is received at the system's office in Sacramento, or the date upon and continuously after which the member is determined to the satisfaction of the board to have been mentally incompetent.

(b) If a member's application for disability retirement under this part does not contain an election of either an unmodified allowance or an allowance modified under an option and if the member subsequently submits an election, but not within the 30-day period established pursuant to Section 24301, the board shall set a benefit effective date which is no earlier than the first day of the month in which the subsequent election is received by the system. If the member fails to submit an election pursuant to Section 24301 and within six months of the date the acknowledgment notice is mailed pursuant to Section 24301, the member's application for disability retirement under this part shall be rejected.

(c) If the member is employed to perform creditable service subject to coverage under the Defined Benefit Program at the time

the disability retirement is approved, the member shall notify the system in writing, within 90 days, of the last day on which the member will perform service. If the member does not respond within 90 days, or if the last day on which service will be performed is more than 90 days after the date the system notifies the member of the approval of disability retirement, the member's application for disability retirement shall be rejected and a disability retirement allowance shall not be payable to the member.

Willful failure to initiate and continue participation in the program shall cause the disability retirement allowance to be terminated. In determining whether a member has good cause for failure to follow that treatment, the board shall take into account whether the treatment would abridge the member's right to the free exercise of religion or whether the member's physical or mental condition has worsened as determined by the member's treating physician and substantiated by medical evidence.

The board shall pay all reasonable costs of the approved program. Willful failure to initiate and continue participation in the rehabilitation program shall cause the disability retirement allowance under this part to be terminated. In determining whether a member has good cause for failure to participate in the program the board shall take into account whether the participation would abridge the member's right to the free exercise of religion or whether the member's physical or mental condition has worsened as determined by the member's treating physician and substantiated by medical evidence.

The board may authorize a

medical examination to be conducted by the retired member's treating source at the retired member's expense and, in any case, may require a medical examination to be conducted by a physician selected by the board, in which event, the board shall pay all reasonable costs associated with the examination. The board shall, in scheduling medical examinations, give consideration to the interests and convenience of the retired member. The reduction shall not be greater than the total of the accumulated retirement contributions.

(b) Upon the termination of a disability retirement, the accumulated annuity deposit contribution account of the member shall be credited with the amounts of those contributions as they were on the date the annuity became payable under this part because of that retirement less the sum of all payments made pursuant to subdivision (c) of Section 24106.

Under the

alternative, the member shall continue to receive the minimum retirement allowance past normal retirement age until the total amount paid prior to normal retirement age equals the difference between the minimum retirement allowance and the retirement allowance that would have been paid to the member under Section 24202 or 24203, whichever is applicable, at normal retirement age, and thereafter the service retirement allowance for normal retirement age shall be paid. The board shall determine the age past normal retirement at which the increase will be made by determining how long the minimum retirement allowance would have to be paid beyond age 60 years in order for the amount paid prior to age 60 years to equal the difference between the minimum retirement allowance and the allowance that would have been paid to the member under service retirement at normal retirement age. The board shall integrate the early retirement alternative adopted under this section with the other early retirement alternatives that a member may elect under this chapter.

(b) For the purposes of this section, all contributions, liabilities, actuarial interest rates, and other valuation factors shall be determined on the basis of actuarial assumptions and methods which, in the aggregate, are reasonable and which, in combination, offer the actuary's best estimate of anticipated experience under the Defined Benefit Program.

(c) The additional employer contributions required, if any, under this section shall be computed as a level percentage of creditable compensation. The additional contribution rate required, if any, shall not be less than the sum of (1) the actuarial normal cost, plus (2) the additional contribution required to amortize the increase in accrued liability attributable to benefits elected under this section over a period of not more than 30 years from January 1, 1979.

The compensation for service performed by this class of employees shall be established in accordance with subdivision (b) of Section 24214 and agreed to in the collective bargaining agreement between the employing school district and the exclusive representative for the

24301. (a) A member who has filed an application under this part for a disability retirement pursuant to Chapter 26 (commencing with Section 24100) may elect, as provided in Section 24300 to receive an actuarially modified disability retirement allowance. After receipt of a disability retirement application from a member, the board shall mail an acknowledgment notice to the member. A 30-day period shall commence with the mailing of the acknowledgment, during which time the member may change the option election made on the disability retirement application.

(b) The option shall become effective on the effective date of the disability retirement allowance. The modification of the disability retirement allowance under the option elected shall be based on the ages of the retired member and the designated option beneficiary as

of the effective date of the disability retirement. The modification shall be applicable only to the disability retirement allowance payable pursuant to subdivision (a) of Section 24106.

(c) The elected option may not be revoked or changed after the later of the effective date of the disability retirement allowance or 30 days after the mailing of the acknowledgment notice pursuant to this section.

(d) If a member dies prior to electing an unmodified allowance or an option, the death benefits shall be payable under Chapter 23 (commencing with Section 23850), regardless of whether the disability retirement application is or would have been approved.

Members receiving a disability retirement allowance pursuant to Chapter 26 (commencing with Section 24100) may not file an election of option as provided in Section 24307.

(c) The election of an option as provided in Section 24307 shall preclude the payment of a survivor benefit allowance pursuant to Chapter 23 (commencing with Section 23850) and shall preclude the payment of the remaining balance of the member's accumulated retirement contributions prior to the death of the option beneficiary.

SEC. 198. Section 24309 of the Education Code is amended to read:

24309. (a) A member may cancel the election of an option made pursuant to Section 24307, providing written cancellation is received by the board on or before the day preceding the effective date of retirement under this part or during the period between termination of the retirement allowance pursuant to Section 24208 or 24117 and the effective date of the subsequent retirement under this part. Regardless of how the member elects to receive his or her retirement allowance, that allowance shall be reduced by an amount determined by the board to be the actuarial equivalent of the coverage the member received as a result of the preretirement election and that does not result in any adverse funding to the plan.

(b) If the option beneficiary designated in the preretirement election of an option pursuant to Section 24307 dies prior to the member's retirement, the preretirement election shall be canceled as of the day following the date of death and the member's subsequent retirement allowance under this part shall be subject to the allowance reduction prescribed in this section.

SEC. 199. Section 24311 of the Education Code is amended to read:

24311. (a) A member who has a preretirement election of an option in effect on December 31, 1990, may change his or her preretirement election of Option 2, Option 3, Option 4, or Option 5, to either Option 6 or Option 7 without the allowance reduction prescribed in Sections 24309 and 24310, provided the change is made on or after January 1, 1991, and prior to the earlier of January 1, 1992, or the member's retirement under this part.

(b) If the member elects to change his or her option under this section, then the member shall retain the same option beneficiary as named in the prior preretirement election. The election to change the preretirement election under this section shall be void if not received in the system's office in Sacramento at least 30 days prior to the death of the option beneficiary.

SEC. 200. Section 24400 of the Education Code is amended to read:

24400. The Legislature recognizes that inflation erodes the purchasing power of benefits paid under the plan under this part. It is the intent of the Legislature to understand the degree of erosion of these benefits. The board shall report to the Governor and Legislature no later than April 1 of each year on the extent to which inflation has eroded the purchasing power of benefits provided under the Defined Benefit Program. The amount available for distribution in any fiscal year shall not exceed the amount necessary to restore purchasing power up to 75 percent of the purchasing power of the initial monthly allowance after the application of all allowance increases authorized by this part, including those specified in Section 24412 and Section 24415.

(b) The net revenues to be distributed shall be allocated among those retired members, disabled members, and beneficiaries whose allowances, after sequentially applying the annual improvement factor as defined in Sections 22140 and 22141, and the annual supplemental payment as defined in Section 24412 and Section 24415, have the lowest purchasing power percentage. The purchasing power calculation for each individual shall be based on the change in the All Urban California Consumer Price Index between June of

the calendar year of benefit effective date and June of the fiscal year preceding the fiscal year of distribution.

(c) The allowance increase shall not be applicable to annuities payable from the accumulated annuity deposit contributions or the accumulated tax-sheltered annuity contributions.

(d) The benefits provided by subdivision (b) are not cumulative, nor part of the base allowance, and will be payable only to the extent that funds are available from the Supplemental Benefit Maintenance Account and the auxiliary Supplemental Benefit Maintenance Account. The board shall inform each recipient of the contents of this subdivision.

(e) The distributions authorized by this section are not vested and shall not be included in the base allowance for purposes of calculating the annual improvement defined by Section 22140 and 22141.

SEC. 202. Section 24505 of the Education Code is amended to read:

SEC. 314. Section 28000 of the Education Code is amended to read:

28000. (a) The Legislature hereby finds and declares its intent to preserve and protect the rights of reemployed participants who have

been absent from a position of employment covered by the Cash Balance Benefit Program to serve in the uniformed services of the United States of America in accordance with the Uniformed Services Employment and Reemployment Rights Act of 1994 (Chapter 43 (commencing with Section 4301) of Title 38 of the United States Code).

(b) The plan shall comply with Chapter 43 (commencing with Section 4301) of Title 38 of the United States Code, as that chapter may be amended from time to time.

(c) The term "service in the uniformed services" means the performance of duty on a voluntary or involuntary basis in a uniformed service under competent authority and includes active duty, active duty for training, initial active duty for training, inactive duty training, and a period for which a participant is absent from a position of employment for the purpose of an examination to determine the fitness of the participant to perform any such duty.

(d) The term "uniformed services" means the Armed Forces of the United States of America, the Army National Guard and the Air National Guard when engaged in active duty for training, inactive duty training, or full-time National Guard duty, the commissioned corps of the Public Health Service, and any other category of persons designated by the President in time of war or emergency.

(e) No entitlement of the right to contribute toward credits under the Cash Balance Benefit Program pursuant to this chapter by the participant as a result of service in the uniformed services shall accrue if the participant does not return to employment with the same employer or employers which employed the participant immediately prior to the eligible period of service in the uniformed services as prescribed in Chapter 43 (commencing with Section 4301) of Title 38 of the United States Code.

SEC. 315. Section 28001 of the Education Code is amended to read:

28001. (a) The participant who returns to employment with the same employer which had employed the participant immediately prior to the eligible period of service in the uniformed services, in accordance with the requirements of Chapter 43 (commencing with Section 4301) of Title 38 of the United States Code, shall be treated as not having incurred a break in the performance of creditable service by reason of that participant's period or periods of service in the uniformed services. The length of each period of service in the uniformed services shall not exceed five years unless otherwise permitted pursuant to Section 28004. Each period of service in the uniformed services by the participant shall, upon that participant's return to employment with the same employer or employers which had employed the participant immediately prior to the eligible period of service in the uniformed services, constitute employment toward the performance of creditable service provided that participant elects to remit the employee contributions that would

have been made during the period of service in the uniformed services. The remittance of employee contributions shall be calculated pursuant to Sections 26501 and 28003. In no event shall that remittance exceed the amount the participant would have been required to contribute during that period of performance of creditable service had the participant remained continuously employed by the last employer and not served in the uniformed services throughout that period.

(b) Notwithstanding Section 26506, remittance of employee contributions in accordance with subdivision (a) shall be made by the employer pursuant to Section 26502 upon the employer's receipt of written consent of the participant specifying a schedule of repayments. That remittance shall commence during the period beginning with the date of return to employment and may continue for three times the period of the participant's eligible period of service in the uniformed services, not to exceed five years. The plan's receipt of the remittance payments to the plan with respect to the Cash Balance Benefit Program shall be credited pursuant to Chapter 7 of this part. Interest on the payments of remitted employee contributions made for the period of service in the uniformed services shall not be credited in the participant's account until after such payments are received and only prospectively to the participant's account in accordance with Section 26604. Upon receipt of the remittance payments to the plan, the payments shall be subject to the same terms and conditions under the program as if the payments had been employee contributions made by the participant had the participant not served for a period in the uniformed services. In no event shall the current year contributions and contributions made for purposes of purchasing service exceed the maximum exclusion allowance as set forth in the Internal Revenue Code.

SEC. 316. Section 28002 of the Education Code is amended to read:

That remittance shall exclude interest and the contribution rate by the employer shall be to the same extent as that for contributions to the Cash Balance Benefit Program for other employees during the same period. The employer shall, within 30 days of the date of reemployment, provide information as required by the board, on a form provided by the system, notifying the system of reemployment. Following receipt of that notice, the system shall calculate in accordance with Section 28003 the total amount of employer contributions due for the participant for the full period of service in the uniformed services. Within 60 working days of

notification by the plan of amount due, the employer shall remit to the plan all employer contributions.

(b) The employer shall not be liable for employer contributions for the period of service in the uniformed services if the participant elects not to remit the employee contributions for that period through the employer as required under Section 28001. In the event the participant does not remit all of the employee contributions within the prescribed repayment period, the total amount of the employer contributions shall remain with the plan and credited to the participant's employer account with respect to the Cash Balance Benefit Program.

(a) The participant is required to serve beyond five years to complete an initial period of obligated service in the uniformed services;

(b) The participant was unable to obtain orders releasing the participant from a period of service in the uniformed services before the expiration of the five-year period and that inability was through no fault of the participant;

CHAPTER 966

An act to amend Section 24202 of, and to add Section 24202.5 to, the Education Code, relating to the State Teachers' Retirement System.

[Approved by Governor September 29, 1998. Filed with Secretary of State September 29, 1998.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that:

(a) The class size reduction program has increased the need for experienced teachers.

(b) The first bill signed into law during the 1997–98 Regular Session was Assembly Bill 18 (Chapter 1 of the Statutes of 1997) which modified the State Teachers' Retirement Law to encourage already-retired teachers to return to teach under the class size reduction program.

(c) The State Teachers' Retirement Fund is now virtually fully funded, and in a better position to fund benefit increases without impact on the General Fund as never before.

(d) An April 1998 independent study commissioned by the State Teachers' Retirement System, "Evaluating Adequacy, Competitive Position and Suggested Plan Changes" noted that:

(1) The State Teachers' Retirement System is not competitive when compared to the retirement systems for teachers in other western states;

(2) That other teachers' retirement systems and the Public Employees' Retirement System provide larger benefits at age 65; and

(3) That increasing the age factor for teaching after age 60 would facilitate both teacher retention and making the teaching profession more attractive to prospective teachers.

In enacting this act, it is the intent of the Legislature to provide a retirement increase to State Teachers' Retirement System members which will ameliorate the teacher shortage, increase the attractiveness of teaching in California, provide State Teachers' Retirement System members with better parity to other public retirement systems without a cost to the General Fund, and provide better retirement benefits for teachers who have devoted many years to the education of children.

SEC. 2. Section 24202 of the Education Code is amended to read:

24202. (a) A member who retires for service after June 30, 1972, shall receive a retirement allowance consisting of both of the following:

(1) An annual allowance payable in monthly installments, upon retirement at normal retirement age but less than age $60^{1}/_{4}$, equal to 2 percent of the final compensation for each year of credited service. If the member's retirement is effective at less than normal retirement age and between early retirement age and normal retirement age, the member's allowance shall be reduced by one-half of 1 percent for each full month, or fraction of a month that will elapse until the member will attain normal retirement age.

(2) An annuity that shall be the actuarial equivalent of the accumulated annuity deposit contributions standing to the credit of the member's account at the time of retirement.

(b) In computing the amounts described in subdivision (a), the age of the member on the last day of the month in which the retirement allowance begins to accrue or such later date as provided in Section 24204 shall be used.

(c) The amendments to this section during the 1997–98 Regular Session of the Legislature shall not apply to state employees.

SEC. 3. Section 24202.5 is added to the Education Code, to read:

24202.5. (a) A member who retires for service on or after January 1, 1999, shall receive a retirement allowance consisting of all of the following:

(1) An annual allowance payable in monthly installments, upon retirement equal to the percentage of the final compensation set forth opposite the member's age at retirement in the following table multiplied by each year of credited service:

Age at Retirement	Percentage
60	2.00
60 1/4	2.033
60 1/2	2.067
60 3/4	2.10
61	2.133
61 1/4	2.167
61 1/2	2.20
61 3/4	2.233
62	2.267
62 1/4	2.30
62 1/2	2.333
62 3/4	2.367
63 and over	2.40

(2) If the member's retirement is effective at less than normal retirement age and between early retirement age and normal retirement age, the member's allowance shall be reduced by one-half of 1 percent for each full month, or fraction of a month that will elapse until the member will attain normal retirement age.

(3) An annuity that shall be the actuarial equivalent of the accumulated annuity deposit contributions standing to the credit of the member's account at the time of retirement.

(b) In computing the amounts described in subdivision (a), the age of the member on the last day of the month in which the retirement allowance begins to accrue or the later date as provided in Section 24204 shall be used.

SEC. 4. It is the intent of the Legislature that the benefit improvements enacted by this act be funded pursuant to the amendments to Section 22955 proposed by Assembly Bill 2804 of the 1997–98 Regular Session unless provided otherwise.

SEC. 5. This bill shall become operative only if Assembly Bill 1102, Assembly Bill 2804, and Senate Bill 1528 are all also enacted and become operative.

CHAPTER 967

An act to amend Sections 22951 and 22955 of, and to repeal Section 22952 of, the Education Code, relating to public retirement systems, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 29, 1998. Filed with Secretary of State September 29, 1998.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares that:

(1) There have been many recent research studies which indicate that in future years California will face a significant shortage of qualified teachers.

(2) It is in the best public policy interest of the people of California that the Legislature act aggressively to insure that the conditions of employment for teachers are conducive to the growth of the work force.

(3) A substantive and sound retirement plan is a critical aspect of creating a stable and secure employment environment for the teaching profession.

(4) Since its inception the State Teachers' Retirement System has been in an underfunded status. While the State Teachers' Retirement System has been underfunded, there have been no significant increases in retirement benefits for teachers. Instead, teachers and other interested parties have worked in a collaborative effort with the Legislature to ensure that the system become fully funded.

(5) Pursuant to Section 22955 of the Education Code, the Legislature has required the General Fund to contribute 4.3 percent of prior year teacher payroll to be deposited in the Teachers' Retirement Fund for the purpose of accomplishing full funding of the State Teachers' Retirement System.

(6) A recent study by the State Teachers' Retirement System revealed that retirement benefits for California teachers lag behind those of other states.

(7) The most recent valuation by the State Teachers' Retirement System has indicated that the system is approaching full-funding and should reach that goal within the next three years.

(8) It is therefore appropriate that the Legislature continue to provide the funding designated by Section 22955 of the Education Code to improve benefits for the past, present, and future members of the State Teachers' Retirement System to ensure the proper growth and stability of the teaching work force in the State of California.

(b) In enacting this act, it is the intent of the Legislature to:

(1) Provide California teachers with retirement benefits which are competitive with other states.

(2) Provide a final compensation benefit which best reflects the highest earnings of State Teachers' Retirement System members and is commensurate with the benefit which is predominantly applicable to other public employees in the State of California.

(3) Provide a cost-of-living adjustment that is compounded annually.

(4) Provide appropriate early retirement incentives which allow work force flexibility for school districts and options for teachers who desire to leave the profession early.

(5) Ensure that teachers who have devoted their lives to the education of the children of California receive health benefits upon retirement.

(6) Provide retirement options which encourage mature and experienced teaching professionals to continue their careers after normal retirement age.

SEC. 2. Section 22951 of the Education Code is amended to read:

22951. In addition to any other contributions required by this part, employers shall, on account of liability for benefits pursuant to Section 22717, contribute monthly to the Teachers' Retirement Fund 0.25 percent of the creditable compensation upon which members' contributions are based.

SEC. 3. Section 22952 of the Education Code is repealed.

SEC. 4. Section 22955 of the Education Code is amended to read:

22955. (a) Notwithstanding Section 13340 of the Government Code, commencing July 1, 1999, a continuous appropriation is hereby annually made from the General Fund to the Controller, pursuant to this section, for transfer to the Teachers' Retirement Fund. The total amount of the appropriation for each year shall be equal to 3.102 percent of the total of the creditable compensation of the immediately preceding calendar year upon which members' contributions are based, to be calculated annually on October 1, and shall be divided into four equal quarterly payments.

(b) Notwithstanding Section 13340 of the Government Code, commencing October 1, 1998, a continuous appropriation, in addition to the appropriation made by subdivision (a), is hereby annually made from the General Fund to the Controller for transfer to the Teachers' Retirement Fund. The total amount of the appropriation for each year shall be equal to 0.524 percent of the total of the creditable compensation of the immediately preceding calendar year upon which members' contributions are based, to be calculated annually on October 1, and shall be divided into four equal quarterly payments. The percentage shall be adjusted to reflect the contribution required to fund the normal cost deficit or the unfunded obligation as determined by the board based upon a recommendation from its actuary. If a rate increase is required, the adjustment may be for no more than 0.25 percent per year and in no case may the transfer made pursuant to this subdivision exceed 1.505 percent of the total of the creditable compensation of the immediately preceding calendar year upon which members' contributions are based. At any time when there is neither an unfunded obligation nor a normal cost deficit, the percentage shall be reduced to zero.

The funds transferred pursuant to this subdivision shall first be applied to eliminating on or before June 30, 2027, the unfunded actuarial liability in the fund identified in the actuarial valuation as of June 30, 1997.

(c) For the purposes of this section, the term "normal cost deficit" means the difference between the normal cost rate as determined in the actuarial valuation required by Section 22226 and the total of the member contribution rate required under Section 22804 and the employer contribution rate required under Section 23400, and shall exclude (1) the portion for unused sick leave service granted pursuant to Section 22719, and (2) the cost of benefit increases which occur after July 1, 1990. The contribution rates prescribed in Section 22804 and Section 23400 on July 1, 1990, shall be utilized to make the calculations. The normal cost deficit shall then be multiplied by the total of the creditable compensation upon which member contributions are based to determine the dollar amount of the normal cost deficit for the year.

(d) Pursuant to Section 22001 and the case law, the members are entitled to a financially sound retirement system. It is the intent of the Legislature that this section shall provide the retirement fund stable and full funding over the long term.

(e) This section continues in effect but in a somewhat different form, fully performs, and does not in any way unreasonably impair, the contractual obligations determined by the court in California Teachers' Association v. Cory, 155 Cal. App. 3d 494.

(f) Subdivision (b) shall not be construed to be applicable to any unfunded liability resulting from any benefit increase or change in contribution rate that occurs after July 1, 1990.

(g) The amendments to this section during the 1991–92 Regular Session shall be construed and implemented to be in conformity with the judicial intent expressed by the court in California Teachers' Association v. Cory, 155 Cal. App. 3d 494.

SEC. 5. This act shall become operative only if Assembly Bill 1102, Assembly Bill 1150, and Senate Bill 1528 of the 1997–98 Regular Session of the Legislature are all enacted and become operative.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for enhanced retirement benefits to be available to members of the State Teachers' Retirement System at the commencement of the school year, this act must take effect immediately.

CHAPTER 968

An act to add Section 22226 to the Education Code, relating to the State Teachers' Retirement System, and making an appropriation therefor.

The people of the State of California do enact as follows:

(2) If a manufacturer fails to file the statement required by subdivision (b) by the date specified, the New Motor Vehicle Board shall assess the amount due from the manufacturer by using as the number of motor vehicles sold, leased, or otherwise distributed by or for the manufacturer in this state during the preceding calendar year the total number of new registrations of all motor vehicles sold, leased, or otherwise distributed by or for the manufacturer during the preceding calendar year.

(d) On or before February 1 of each year, the department shall notify the New Motor Vehicle Board of the dollar amount necessary to fully fund the program established by this chapter during the following fiscal year. SEC. 13.5. Section 7215.6 of the Business and Professions Code is amended to read:

7215.6. (a) In order to provide a procedure for the resolution of disputes between guide dog users and guide dog schools relating to the continued physical custody and use of a guide dog, in all cases except those in which the dog user is the unconditional legal owner of the dog, the following arbitration procedure shall be established as a pilot project.

(b) This procedure establishes an arbitration panel for the settlement of disputes between a guide dog user and a licensed guide dog school regarding the continued use of a guide dog by the user in all cases except those in which the dog user is the unconditional legal owner of the dog. The disputes which may be subject to this procedure concern differences between the user and school over whether or not a guide dog should continue to be used, differences between the user and school regarding the treatment of a dog by the user, and differences over whether or not a user should continue to have custody of a dog pending investigation of charges of abuse. It specifically does not address issues such as admissions to schools, training practices, or other issues relating to school standards.

(c) The licensed guide dog schools in California and the board shall provide to guide dog users graduating from guide dog programs in these schools a new avenue for the resolution of disputes which involve continued use of a guide dog, or the actual physical custody of a guide dog. Guide dog users who are dissatisfied with decisions of schools regarding continued use of guide dogs may appeal to the board to convene an arbitration panel composed of all of the following:

(1) One person designated by the guide dog user.

(2) One person designated by the licensed guide dog school.

(3) A representative of the board who shall coordinate the activities of the panel and serve as chair.

(d) If the guide dog user or guide dog school wishes to utilize the arbitration panel, this must be stated in writing to the board. The findings and decision of the arbitration panel shall be final and binding.

(e) A licensed guide dog school which fails to comply with any provision of this section shall automatically be subject to a penalty of two hundred fifty dollars ($250) per day for each day in which a violation occurs. The penalty shall be paid to the board. The license of a guide dog school shall not be renewed until all penalties have been paid.

The fine shall be assessed without advance hearing, but the licensee may apply to the board for a hearing on the issue of whether the fine should be modified or set aside. This application shall be in writing and shall be received by the board within 30 days after service of notice of the fine. Upon receipt of this written request, the board shall set the matter for hearing within 60 days.

(f) As a general rule, custody of the guide dog shall remain with the guide dog user pending a resolution by the arbitration panel. In

circumstances where the immediate health and safety of the guide dog user or guide dog is threatened, the licensed school may take custody of the dog at once. However, if the dog is removed from the user's custody without the user's concurrence, the school shall provide to the board the evidence which caused this action to be taken at once and without fail; and within five calendar days a special committee of two members of the board shall make a determination regarding custody of the dog pending hearing by the arbitration panel.

(g) The arbitration panel shall decide the best means to determine final resolution in each case. (a) Securing a license by fraud or deceit.

(b) Committing a fraudulent or dishonest act as an acupuncturist resulting in substantial injury to another.

(c) Using any controlled substance as defined in Division 10 (commencing with Section 11000) of the Health and Safety Code, or dangerous drug or alcoholic beverage to an extent or in a manner dangerous to himself or herself, or to any other person, or to the public, and to an extent that the use impairs his or her ability to engage in the practice of acupuncture with safety to the public.

(e) Improper advertising.

(f) Violating or conspiring to violate the terms of this chapter.

(k) The revocation, suspension, or other discipline, restriction, or limitation imposed by another state upon a license or certificate to practice acupuncture issued by that state, or the revocation, suspension, or restriction of the authority to practice acupuncture by an agency of the federal government, on grounds that would have been grounds for disciplinary action in California of a licensee under this chapter.

4961. If the licensee has no place of practice, he or she shall notify the committee of that fact. A person licensed by the committee shall register within 30 days after the date of his or her licensure.

(b) An acupuncturist licensee shall post his or her license in a conspicuous location in his or her place of practice at all times. If an acupuncturist has more than one place of practice, he or she shall

obtain from the committee a duplicate license for each additional location and post the duplicate license at each location.

(c) Any licensee that changes the location of his or her place of practice shall register each change within 30 days of making that change. In the event a licensee fails to notify the committee of any change in the address of a place of practice within the time prescribed by this section, the committee may deny renewal of licensure. An applicant for renewal of licensure shall specify in his or her application whether or not there has been a change in the location of his or her place of practice and, if so, the date of that change. The committee may accept that statement as evidence of the change of address.

[Approved by Governor September 29, 1998. Filed with Secretary of State September 29, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 11126 of the Government Code is amended to read:

11126. (a) (1) Nothing in this article shall be construed to prevent a state body from holding closed sessions during a regular or special meeting to consider the appointment, employment, evaluation of performance, or dismissal of a public employee or to hear complaints or charges brought against that employee by another person or employee unless the employee requests a public hearing.

(2) As a condition to holding a closed session on the complaints or charges to consider disciplinary action or to consider dismissal, the employee shall be given written notice of his or her right to have a public hearing, rather than a closed session, and that notice shall be delivered to the employee personally or by mail at least 24 hours before the time for holding a regular or special meeting. If notice is not given, any disciplinary or other action taken against any employee at the closed session shall be null and void.

(3) The state body also may exclude from any public or closed session, during the examination of a witness, any or all other witnesses in the matter being investigated by the state body.

(4) Following the public hearing or closed session, the body may deliberate on the decision to be reached in a closed session.

(b) For the purposes of this section, "employee" shall not include any person who is elected to, or appointed to a public office by, any state body. However, officers of the California State University who receive compensation for their services, other than per diem and ordinary and necessary expenses, shall, when engaged in that capacity, be considered employees. Furthermore, for purposes of this section, the term employee shall include a person exempt from civil service pursuant to subdivision (e) of Section 4 of Article VII of the California Constitution.

(c) Nothing in this article shall be construed to do any of the following:

(1) Prevent state bodies that administer the licensing of persons engaging in businesses or professions from holding closed sessions to prepare, approve, grade, or administer examinations.

(2) Prevent an advisory body of a state body that administers the licensing of persons engaged in businesses or professions from conducting a closed session to discuss matters that the advisory body has found would constitute an unwarranted invasion of the privacy of an individual licensee or applicant if discussed in an open meeting, provided the advisory body does not include a quorum of the members of the state body it advises. Those matters may include review of an applicant's qualifications for licensure and an inquiry specifically related to the state body's enforcement program concerning an individual licensee or applicant where the inquiry occurs prior to the filing of a civil, criminal, or administrative disciplinary action against the licensee or applicant by the state body.

(3) Prohibit a state body from holding a closed session to deliberate on a decision to be reached in a proceeding required to be conducted pursuant to Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 or similar provisions of law.

(4) Grant a right to enter any correctional institution or the grounds of a correctional institution where that right is not otherwise granted by law, nor shall anything in this article be construed to prevent a state body from holding a closed session when considering and acting upon the determination of a term, parole, or release of any individual or other disposition of an individual case, or if public disclosure of the subjects under discussion or consideration is expressly prohibited by statute.

(5) Prevent any closed session to consider the conferring of honorary degrees, or gifts, donations, and bequests that the donor or proposed donor has requested in writing to be kept confidential.

(6) Prevent the Alcoholic Beverage Control Appeals Board from holding a closed session for the purpose of holding a deliberative conference as provided in Section 11125.

(7) (A) Prevent a state body from holding closed sessions with its negotiator prior to the purchase, sale, exchange, or lease of real property by or for the state body to give instructions to its negotiator regarding the price and terms of payment for the purchase, sale, exchange, or lease.

(B) However, prior to the closed session, the state body shall hold an open and public session in which it identifies the real property or real properties that the negotiations may concern and the person or persons with whom its negotiator may negotiate.

(C) For purposes of this paragraph, the negotiator may be a member of the state body.

(D) For purposes of this paragraph, "lease" includes renewal or renegotiation of a lease.

(E) Nothing in this paragraph shall preclude a state body from holding a closed session for discussions regarding eminent domain proceedings pursuant to subdivision (e).

(8) Prevent the California Postsecondary Education Commission from holding closed sessions to consider matters pertaining to the appointment or termination of the Director of the California Postsecondary Education Commission.

(9) Prevent the Council for Private Postsecondary and Vocational Education from holding closed sessions to consider matters pertaining to the appointment or termination of the Executive Director of the Council for Private Postsecondary and Vocational Education.

(12) Prevent the Board of Corrections from holding closed sessions when considering reports of crime conditions under Section 6027 of the Penal Code.

(13) Prevent the State Air Resources Board from holding closed sessions when considering the proprietary specifications and performance data of manufacturers.

(14) Prevent the State Board of Education, or any committee advising the State Board of Education, from holding closed sessions on those portions of its review of assessment instruments pursuant to

Chapter 5 (commencing with Section 60600) of Part 33 of the Education Code during which actual test content is reviewed and discussed. The purpose of this provision is to maintain the confidentiality of the assessments under review.

(15) Prevent the California Integrated Waste Management Board or its auxiliary committees from holding closed sessions for the purpose of discussing confidential tax returns, discussing trade secrets or confidential or proprietary information in its possession, or discussing other data, the public disclosure of which is prohibited by law.

(16) Prevent a state body that invests retirement, pension, or endowment funds from holding closed sessions when considering investment decisions. For purposes of consideration of shareholder voting on corporate stocks held by the state body, closed sessions for the purposes of voting may be held only with respect to election of corporate directors, election of independent auditors, and other financial issues that could have a material effect on the net income of the corporation. For the purpose of real property investment decisions that may be considered in a closed session pursuant to this paragraph, a state body shall also be exempt from the provisions of paragraph (7) relating to the identification of real properties prior to the closed session.

(17) Prevent a state body, or boards, commissions, administrative officers, or other representatives that may properly be designated by law or by a state body, from holding closed sessions with its representatives in discharging its responsibilities under Chapter 10 (commencing with Section 3500) of Division 4 of Title 1 as the sessions relate to salaries, salary schedules, or compensation paid in the form of fringe benefits. For the purposes enumerated in the preceding sentence, a state body may also meet with a state conciliator who has intervened in the proceedings.

(d) (1) Notwithstanding any other provision of law, any meeting of the Public Utilities Commission at which the rates of entities under the commission's jurisdiction are changed shall be open and public.

(2) Nothing in this article shall be construed to prevent the Public Utilities Commission from holding closed sessions to deliberate on the institution of proceedings, or disciplinary actions against any person or entity under the jurisdiction of the commission.

(e) (1) Nothing in this article shall be construed to prevent a state body, based on the advice of its legal counsel, from holding a closed session to confer with, or receive advice from, its legal counsel regarding pending litigation when discussion in open session concerning those matters would prejudice the position of the state body in the litigation.

(2) For purposes of this article, all expressions of the lawyer-client privilege other than those provided in this subdivision are hereby abrogated. This subdivision is the exclusive expression of the lawyer-client privilege for purposes of conducting closed session

meetings pursuant to this article. For purposes of this subdivision, litigation shall be considered pending when any of the following circumstances exist:

(A) An adjudicatory proceeding before a court, an administrative body exercising its adjudicatory authority, a hearing officer, or an arbitrator, to which the state body is a party, has been initiated formally.

(B) (i) A point has been reached where, in the opinion of the state body on the advice of its legal counsel, based on existing facts and circumstances, there is a significant exposure to litigation against the state body.

(ii) Based on existing facts and circumstances, the state body is meeting only to decide whether a closed session is authorized pursuant to clause (i).

(C) (i) Based on existing facts and circumstances, the state body has decided to initiate or is deciding whether to initiate litigation.

(ii) The legal counsel of the state body shall prepare and submit to it a memorandum stating the specific reasons and legal authority for the closed session. If the closed session is pursuant to paragraph (1), the memorandum shall include the title of the litigation. If the closed session is pursuant to subparagraph (A) or (B), the memorandum shall include the existing facts and circumstances on which it is based. The legal counsel shall submit the memorandum to the state body prior to the closed session, if feasible, and in any case no later than one week after the closed session. The memorandum shall be exempt from disclosure pursuant to Section 6254.25.

(iii) For purposes of this subdivision, "litigation" includes any adjudicatory proceeding, including eminent domain, before a court, administrative body exercising its adjudicatory authority, hearing officer, or arbitrator.

(iv) Disclosure of a memorandum required under this subdivision shall not be deemed as a waiver of the lawyer-client privilege, as provided for under Article 3 (commencing with Section 950) of Chapter 4 of Division 8 of the Evidence Code.

(f) In addition to subdivisions (a), (b), and (c), nothing in this article shall be construed to do any of the following:

(2) Prevent the examining committee established by the State Board of Forestry and Fire Protection, pursuant to Section 763 of the Public Resources Code, from conducting a closed session to consider disciplinary action against an individual professional forester prior to the filing of an accusation against the forester pursuant to Section 11503.

(3) Prevent an administrative committee established by the State Board of Accountancy pursuant to Section 5020 or 5020.3 of the Business and Professions Code from conducting a closed session to consider disciplinary action against an individual accountant prior to the filing of an accusation against the accountant pursuant to Section 11503. Nothing in this article shall be construed to prevent an examining committee established by the Board of Accountancy pursuant to Section 5023 of the Business and Professions Code from conducting a closed hearing to interview an individual applicant or accountant regarding the applicant's qualifications.

(6) Prevent a state body, as defined in Section 11121.8, from conducting a closed session to consider any matter that properly could be considered in a closed session by the state body it advises.

(7) Prevent the State Board of Equalization from holding closed sessions for either of the following:

(A) When considering matters pertaining to the appointment or removal of the Executive Secretary of the State Board of Equalization.

(B) For the purpose of hearing confidential taxpayer appeals or data, the public disclosure of which is prohibited by law.

(8) Require the State Board of Equalization to disclose any action taken in closed session or documents executed in connection with that action, the public disclosure of which is prohibited by law pursuant to Sections 15619 and 15641 of this code and Sections 833, 7056, 8255, 9255, 11655, 30455, 32455, 38705, 38706, 43651, 45982, 46751, 50159, 55381, and 60609 of the Revenue and Taxation Code.

The county fire warden shall aid in enforcing all laws and ordinances and any rules or regulations adopted by the State Board of Forestry and Fire Protection and by the State Fire Marshal relating to fires or to fire prevention and protection. The county fire warden and the county fire warden's deputies and assistants shall perform those duties relating to fires or to fire protection and prevention required by the board of supervisors. The county fire warden, and any assistant and deputy county fire wardens that are designated by the county fire warden, have the powers of peace officers to make arrests without warrant for violation of any state, county, or federal fire laws, and are not liable to civil action for trespass committed in the discharge of their duties. In making any arrests, the county fire warden, and the county fire warden's assistants and deputies shall follow the procedure prescribed in Sections 4157 and 4158 of the Public Resources Code. The county fire warden and the county fire warden's assistants and deputies shall serve at the pleasure of the board of supervisors and shall be paid salaries and receive reimbursement for mileage while traveling on official business as determined by the board.

(b) Notwithstanding any other provision of this section to the contrary, if the board of supervisors of a county, in which a civil service system has been created for county officers and employees, determines that it is necessary to provide for the appointment of a county fire warden and assistant and deputy county fire wardens, that county fire warden and those assistants and deputies shall be selected and appointed pursuant to the provisions relating to that civil service system and the persons so appointed shall be entitled to all of the rights and privileges, and subject to all of the provisions, provided by the system in the same manner and to the same extent as other county officers and employees included in the system. This paragraph does not apply to any county in which the office of county fire warden, or any assistant or deputy county fire warden is excluded from the civil service system.

SEC. 3. Section 25639 of the Government Code is amended to read:

25639. Any county may appropriate and expend money from the general fund of the county, either within or without the county, for cooperation with the State Board of Forestry and Fire Protection, the United States Forest Service, or the California Forest Experiment

Station in investigations relating to watershed protection, reforestation, and afforestation, when those investigations are for the benefit of the county.

SEC. 4. Section 51102 of the Government Code is amended to read:

51102. (a) The Legislature further declares that to fully realize the productive potential of the forest resources and timberlands of the state, and to provide a favorable climate for long-term investment in forest resources, it is the policy of this state to do all of the following:

(1) Maintain the optimum amount of the limited supply of timberland to ensure its current and continued availability for the growing and harvesting of timber and compatible uses.

(2) Discourage premature or unnecessary conversion of timberland to urban and other uses.

(3) Discourage expansion of urban services into timberland.

(4) Encourage investment in timberlands based on reasonable expectation of harvest.

(b) The Legislature further declares that it is the policy of this state that timber operations conducted in a manner consistent with forest practice rules adopted by the State Board of Forestry and Fire Protection shall not be or become restricted or prohibited due to any land use in or around the locality of those operations.

SEC. 5. Section 51113 of the Government Code is amended to read:

51113. (a) (1) An owner may petition the board or council to zone his or her land as timberland production. The board or council by ordinance, after the advice of the planning commission pursuant to Section 51110.2, and after public hearing, shall zone as timberland production all parcels submitted to it by petition pursuant to this section, which meet all of the criteria adopted pursuant to subdivision (c). Any owner who has so petitioned and whose land is not zoned as timberland production may petition the board or council for a rehearing on the zoning.

(2) This section shall not be construed as limiting the ability of the board or council to zone as timberland production any parcel submitted upon petition that is timberland, defined pursuant to subdivision (f) of Section 51104, and which is in compliance with the compatible use ordinance adopted by the board or council pursuant to Section 51111.

(b) The board or council, on or before March 1, 1977, by resolution, shall adopt procedures for initiating, filing, and processing petitions for timberland production zoning and for rezoning. The rules shall be applied uniformly throughout the county or city.

(c) On or before March 1, 1977, the board or council by ordinance shall adopt a list of criteria required to be met by parcels being considered for zoning as timberland production under this section. The criteria shall not impose any requirements in addition to those

listed in this subdivision and in subdivision (d). The following shall be included in the criteria:

(1) A map shall be prepared showing the legal description or the assessor's parcel number of the property desired to be zoned.

(2) A plan for forest management shall be prepared or approved as to content, for the property by a registered professional forester. The plan shall provide for the eventual harvest of timber within a reasonable period of time, as determined by the preparer of the plan.

(3) (A) The parcel shall currently meet the timber stocking standards as set forth in Section 4561 of the Public Resources Code and the forest practice rules adopted by the State Board of Forestry and Fire Protection for the district in which the parcel is located, or the owner shall sign an agreement with the board or council to meet those stocking standards and forest practice rules by the fifth anniversary of the signing of the agreement. If the parcel is subsequently zoned as timberland production under subdivision (a), failure to meet the stocking standards and forest practice rules within this time period provides the board or council with a ground for rezoning of the parcel pursuant to Section 51121.

(B) Upon the fifth anniversary of the signing of an agreement, the board shall determine whether the parcel meets the timber stocking standards in effect on the date that the agreement was signed. Notwithstanding the provisions of Article 4 (commencing with Section 51130), if the parcel fails to meet the timber stocking standards, the board or council shall immediately rezone the parcel and specify a new zone for the parcel, which is in conformance with the county general plan and whose primary use is other than timberland.

(4) The parcel shall be timberland, as defined in subdivision (f) of Section 51104.

(5) The parcel shall be in compliance with the compatible use ordinance adopted by the board or council pursuant to Section 51111.

(d) The criteria required by subdivision (c) may also include any or all of the following:

(1) The land area concerned shall be in the ownership of one person, as defined in Section 38106 of the Revenue and Taxation Code, and shall be comprised of single or contiguous parcels of a certain number of acres, not to exceed 80 acres.

(2) The land shall be a certain site quality class or higher under Section 434 of the Revenue and Taxation Code, except that the parcel shall not be required to be of the two highest site quality classes.

SEC. 6. Section 51133 of the Government Code is amended to read:

51133. (a) If application for conversion is required pursuant to Section 4621 of the Public Resources Code, the board or council may tentatively approve the immediate rezoning after notice and hearing and only if by a four-fifths vote of the full body, and all of the following occur:

(1) A public hearing is held with notice of the hearing being given to all owners of lands situated within one mile of the exterior boundary of the land upon which immediate rezoning is proposed.

(2) The board or council makes written findings that immediate rezoning is not inconsistent with the purposes of subdivision (j) of Section 3 of Article XIII of the California Constitution and of this chapter.

(3) The board or council makes written findings that immediate rezoning is in the public interest.

(b) The board or council shall forward its tentative approval to the State Board of Forestry and Fire Protection, together with the application for immediate rezoning, a summary of the public hearing and any other information required by the State Board of Forestry and Fire Protection. The State Board of Forestry and Fire Protection shall consider the tentative approval pursuant to Section 4621.2 of the Public Resources Code. Final approval to an immediate rezoning is given only if the State Board of Forestry and Fire Protection has approved conversion pursuant to Section 4621.2 of the Public Resources Code. Upon final approval of conversion, the State Board of Forestry and Fire Protection shall notify the board or council of the approval, and the board or council shall remove the parcel from the timberland production zone and shall specify a new zone for the parcel.

SEC. 7. Section 61601.25 of the Government Code is amended to read:

61601.25. In addition to the purposes authorized by this chapter, the Board of Directors of the Bear Valley Community Services District may, pursuant to Section 61601, exercise the following powers:

(a) Provide, maintain, operate, and contract for facilities and services for the control, removal, and eradication of local pine bark beetle infestations in accordance with any required plan or program approved by the Department of Forestry and Fire Protection to ensure consistency with the policies of the State Board of Forestry and Fire Protection.

(b) Acquire, construct, improve, or maintain mail receptacle facilities for mail delivery services to the district and its inhabitants.

SEC. 7.5. Section 61601.25 of the Government Code, as amended by Chapter 56 of the Statutes of 1998, is amended to read:

61601.25. (a) In addition to the purposes authorized by this chapter, the Board of Directors of the Bear Valley Community Services District may, pursuant to Section 61601, exercise the following powers:

(1) Provide, maintain, operate, and contract for facilities and services for the control, removal, and eradication of local pine bark beetle infestations in accordance with any required plan or program approved by the Department of Forestry and Fire Protection to

ensure consistency with the policies of the State Board of Forestry and Fire Protection.

(2) Acquire, construct, improve, or maintain mail receptacle facilities for mail delivery services to the district and its inhabitants.

(3) Adopt and enforce by ordinance measures for the abatement, control, and removal of weeds on property within the district.

(b) Notwithstanding Sections 61600 and 61601, whenever the board of directors determines, by resolution, that it is feasible, economically sound, and in the public interest for the district to exercise its power, the board may contract with the United States Postal Service for mail delivery services to the district and its inhabitants, including, but not limited to, leasing space to the United States Postal Service, a nonprofit corporation, or a private entity for mail delivery and packaging services.

(c) If the board does contract with the United States Postal Service to provide mail delivery services as provided in subdivision (b), the board shall submit a ballot measure to the voters of the district no later than November 3, 1998, for this purpose. If the voters reject the measure, the board shall terminate the contract at the earliest reasonable time.

SEC. 8. Section 13132.7 of the Health and Safety Code is amended to read:

13132.7. The references to a numbered salary range in this section are to the salary schedule adopted by the Coordinated Trial Courts of Orange County Court Executive Oversight Committee.

Pursuant to the Lockyer-Isenberg Trial Court Funding Act of 1997 and Section 77200 et seq., the County of Orange has no obligation for the salary and benefits of commissioners referees, officers, assistants, and other employees of the Superior Court appointed pursuant to this section. Funding for trial court operations shall be solely the responsibility of the state.

All personnel appointed pursuant to this section shall serve at the pleasure of the majority of the judges and may at any time be removed by the majority of the judges in their discretion or of the Superior Court Executive Officer when so delegated.

The superior court may establish any additional positions, titles, and pay rates as are required, and may appoint and employ any additional commissioners, referees, officers, assistants, and other employees it deems necessary for the performance of the duties and exercise of the powers conferred by law upon the court and its members. Rates of compensation of all officers, assistants, and other employees authorized by this section, except those of court commissioners and juvenile court referees, may be adjusted by a majority of the judges of the court, the Superior Court Executive Committee or the Superior Court Executive Officer when so delegated.

All court personnel shall be entitled to any step advancement, vacation, sick leave, holiday benefits, other leaves of absence, lump-sum payments for sick leave and vacation when separated from the service, inclusion in the retirement system of the County of Orange and other benefits as may be adopted in a memorandum of understanding with a recognized employee organization or as may be directed by rules adopted by a majority of the judges.

Superior court commissioners and juvenile court referees shall be entitled to any benefits as may be directed by rules adopted by the majority of the judges.

Where statutes require implementation by local ordinances for the extension of benefits to local officers and employees, these benefits may be made applicable, by rule, to those employees.

Rules of the court may include other matters pertaining to the general administration of the court, including conditions of employment of personnel. When the rules are adopted by a majority of the judges and filed with the Judicial Council they shall have the same status as other rules of court adopted pursuant to Section 68070.

When requested to do so by the court, the county shall furnish to the superior court any services as may be required in connection with the recruitment and employment of personnel.

All such personnel and judges shall be allowed actual traveling and necessary expenses incurred while engaged in the duties of their employment or office.

SEC. 3. Section 69904 of the Government Code is amended to read:

69904. (a) In a county of the third class, as determined by the 1970 federal census, a majority of the judges of the superior court may establish additional titles and pay rates as are required and may appoint and employ those commissioners, officers, assistants, and other employees as are deemed necessary for the performance of the duties and exercise of the power conferred by law upon the court and its members. Titles and rates of compensation of all the commissioners, officers, assistants, and other employees may be adjusted from time to time by a majority of the judges of the court.

(b) All personnel appointed by the judges pursuant to this or any other section shall be exempt from civil service and shall be attachés of the court. They shall serve at the pleasure of a majority of the judges of the court and may at any time be removed by the majority of the judges in their discretion. In addition to the benefits authorized under Article 1 (commencing with Section 53200) of Chapter 2 of Title 5 and Sections 69902 and 69902.5 and in accordance with personnel regulations adopted by a majority of the judges, those personnel shall be entitled to step advancement, vacation, sick leave, holiday benefits, other leaves of absence, and other benefits, including participation in the county's tuition refund and suggestion award programs, at levels no less than those authorized for employees in the classified service of the county. In the event the regulations allow credit for sick leave benefits or other benefits accumulated by the appointee while employed in county civil service, no credit shall be allowed if the appointee elected to receive any payment, including any partial payment, for any of those benefits upon separation from county civil service. Any person terminating employment with county civil service and immediately accepting appointment with the court may, if provided by the rules of the Civil Service Commission, return to civil service within two years of that appointment, provided the return shall not entitle that employee to any additional rights by reason of his or her employment with the court, other than those to which he or she would have been entitled if he or she had remained in county civil service during the period of employment with the court.

(c) Juvenile court referees in their first year of service shall receive a salary equal to 75 percent of the salary of a judge of the superior court, and in their second year of service they shall receive a salary equal to 80 percent of the salary of a judge of the superior court; thereafter they shall receive a salary equal to 85 percent of the

salary of a judge of the superior court. Each juvenile court referee who has served as a referee prior to the effective date of this act shall be entitled to credit for the time of service in the computation of his or her salary as prescribed in this section. Nothing in this section shall operate to reduce the compensation which the referee was entitled on the day prior to the effective date of this section.

(d) With the approval of the judges of the court, each juvenile court referee and each legal research assistant appointed pursuant to law, may be reimbursed for any payment he or she makes for his or her annual State Bar of California membership fee.

SEC. 4. Section 69905 of the Government Code is amended to read:

69905. In any county a majority of the judges of the superior court may appoint research assistants. The number and compensation of research assistants shall be set by the judges. The compensation of those research assistants shall be paid by the county in which they serve.

SEC. 5. Section 70044.5 of the Government Code is amended to read:

70044.5. In San Mateo County, official reporters shall be appointed by the judges of the consolidated superior and municipal courts pursuant to the provisions of Section 70043 or 72194 and shall serve at the pleasure of the judges.

(a) The biweekly salary of each regular official reporter for the performance of duties required of each such reporter by law shall be at the rates specified in salary range number 3007 of the salary schedule set forth in Section 73525.

At the time each reporter is hired, the salary of that reporter shall be fixed in the same manner as provided for classified or unclassified employees of the county under the authority of the county charter. A step advancement from step A to step B may be granted on the first day of the pay period following the completion of 26 full weeks of service in the position. A person may advance to steps C, D, and E upon completion of successive 52-week periods of service. All merit increases as provided herein shall be made at the determination of the judges of the court.

In addition to new employees, the salaries herein provided for shall be applicable to regular official reporters employed by the county on the effective date of this section and for the purpose of determining the salaries to be paid after this section becomes effective, all years of service rendered by reporters to the county prior to the effective date of this section shall be counted in determining the salary to which they are entitled under the salary schedule above mentioned.

The per diem compensation for pro tempore reporters shall be one-tenth of step E in the appropriate biweekly salary range established for official reporters, provided, however, that that rate of per diem compensation shall be prorated on the basis of one-half day

of compensation if the pro tempore reporter renders only one-half day of service.

Vacation allowances and sick leave allowances for official reporters shall be the same as provided for classified or unclassified employees of the county under the authority of the county charter.

(b) If the Board of Supervisors of San Mateo County provides by ordinance or by agreement pursuant to Chapter 10 (commencing with Section 3500) of Division 4 of Title 1, for a rate of compensation which is higher than that provided by subdivision (a), the higher rate of compensation shall be effective at the same time and in the same manner as other rates of pay for San Mateo County employees generally. Those higher rates shall be payable by the county in the same manner and from the same funds as other salary demands against the county. Any change in compensation made pursuant to this subdivision shall be on an interim basis and shall expire on January 1 after the adjournment of the next regular session of the Legislature unless ratified or superseded by a statute enacted at the session.

(c) During the hours which the court is open for the transaction of judicial business, official reporters shall devote full time to the performance of the duties required of them by law and shall not engage in or solicit to engage in any other employment in their professional capacity.

Each official reporter shall perform the duties required of him or her by law. In addition, he or she shall render stenographic or clerical assistance, or both, to the judge or judges of the consolidated superior and municipal courts as the judge or judges may direct.

SEC. 5.1. Section 72608 of the Government Code is amended to read:

72608. Certain classes of positions prescribed in Article 1.5 (commencing with Section 72620), Article 1.6 (commencing with Section 72630), Article 2 (commencing with Section 72640), Article 3 (commencing with Section 72700), and Article 4 (commencing with Section 72750) are deemed to be related in job and compensation to position classifications included in the Los Angeles County Code, and in the case of certain classes of positions, to the administrative series included in Section 69894.1. In order to maintain the relationship of compensation and employee rights and benefits between officers and attachés of municipal courts and county or superior court employees having commensurate duties and responsibilities and to provide appropriate salary adjustments and employee rights and benefits for related classes of court positions, this section shall govern salary adjustments and employee rights and benefits for officers and attachés of municipal courts in Los Angeles County.

On the effective date of any amendment to the Los Angeles County Code adjusting the salary of a county employee classification listed in the table of positions set forth in this section, or on the

effective date of a resolution or ordinance by the board of supervisors approving interim salary adjustments for superior court classes pursuant to Section 69894.2, the salary of the related municipal court position listed opposite thereto shall be adjusted an equivalent number of schedules or steps in a schedule in the salary schedule to which that position is attached. If the level of compensation established by any salary adjustment is not reflected in the salary schedule number provided for any court classification, the adjustment shall apply to each position in the classification on the effective date of the act fixing the salary schedule number. Classes of positions in the Management Appraisal and Performance Plan shall be compensated and adjusted in accordance with provisions approved by the board of supervisors.

Likewise, the salary of any court classification being enumerated in Article 1.5 (commencing with Section 72620), Article 1.6 (commencing with Section 72630), Article 2 (commencing with Section 72640), Article 3 (commencing with Section 72700), or Article 4 (commencing with Section 72750) for the first time as an amendment to this chapter shall be adjusted as necessary on the effective date of that amendment to provide the same relationship to the county classification to which it is attached as that established when the court classification was approved in accordance with Section 72607.

All classes of positions approved by a majority of the judges of the municipal court and the board of supervisors for inclusion in the Los Angeles County Management Appraisal and Performance (MAP) Plan will be compensated in accordance with this plan as set forth in Part 3, Chapter 6.08, of the Los Angeles County Code. All of these provisions are applicable to participants in the marshal's department, except that for the marshal, the appointing authority is the municipal court judges of Los Angeles County, and for all other participants in the marshal's department, the appointing authority is the marshal. For purposes of MAP Plan administration only, the appointing authority for the court administrator, Los Angeles Judicial District,

is the court's executive board. The court administrator, is the appointing authority for all other participants in the Los Angeles Judicial District.

The presiding judge, the immediate past presiding judge (if still a member of the Los Angeles Municipal Court) and the assistant presiding judge will confer with the court administrator to establish new performance goals and evaluate the completion of previously established goals; these judges will then rate the court administrator's performance using the MAP Plan rating categories established in the county code. The presiding judge shall present this rating to the executive board for ratification at its October meeting. In the event the executive board does not act upon the rating, that rating will stand. In the event a rating is not completed, the court administrator's rating is deemed to be "merit performance." Adjustments to the court administrator's salary will be in accordance with Part 3, Chapter 6.08, of the Los Angeles County Code.

Any existing special pay provision applicable to court classes included in MAP Plan and which is expressed in terms of additional schedules of compensation will be converted to a percentage basis in accordance with the county's plan which equates each schedule with 2.75 percent.

Salary adjustments made pursuant to this section shall be on an interim basis and shall expire 90 days after the adjournment of the next regular session of the Legislature unless ratified at such session.

Officers and attachés of municipal courts in Los Angeles County shall be entitled to all employee rights, programs and benefits, including, but not limited to, paid medical plans, management incentive, management appraisal and performance plan, deferred compensation plans, flexible benefit plans, and early separation programs, parking and cafeteria privileges, longevity pay, shooting allowance, uniform and equipment allowance, and the same rights to meet with those entities which prescribe their compensation, that are provided for or made applicable to the related Los Angeles County and superior court employee classification. Participation in management incentive early separation programs and management appraisal and performance plan shall be established by joint action and approval of a majority of the board of supervisors and a majority of the judges of the court, except in the Los Angeles Judicial District where joint action shall be approved by a majority of the board of supervisors and a majority of the court's executive board.

Bonus Level I assignments of deputy marshals are as follows:

Nineteen positions—assistant commander, small division.

Twelve positions—court supervisor.

Nine positions—field supervisor.

Nine positions—office supervisor.

Three positions—communications and fleet management supervisor.

One position—training officer.
One position—real estate levy/bookkeeping section supervisor.
Bonus Level II assignments of deputy marshals are as follows:
One position—security liaison and investigations.

Deputy marshals with Bonus Level I assignments shall receive additional compensation in the same amounts, for the same periods, and paid on the same terms, as deputy sheriffs assigned to Bonus Level I positions. Deputy marshals with Bonus Level II assignments shall receive additional compensation in the same amounts, for the same periods, and paid on the same terms, as deputy sheriffs assigned to Bonus Level II positions.

In addition to the salary adjustment otherwise provided by this section, persons employed in the classifications of executive secretary, M.C., senior management secretary, M.C., and secretary to the presiding judge shall receive a one-time only two-schedule salary increase effective January 1, 1989. The resulting salary rate shall constitute the base rates for subsequent salary adjustments.

In addition to the salary provided by the applicable management appraisal and performance plan provisions, a 16.5 percent bonus shall be paid to no more than one position of deputy court administrator in the Los Angeles Municipal Court who is admitted to practice law before all courts in California and required to render legal opinions and provide legal advice to the court administrator and judges.

Any deputy municipal court clerk I, deputy municipal court clerk I, NCS, deputy municipal court clerk II, deputy municipal court clerk II, NCS, deputy clerk III, M.C., deputy clerk III, M.C., NCS, deputy clerk IV, M.C., municipal court judicial assistant, NCS, or court clerk, M.C. who, in addition to a regular courtroom assignment, is required to operate and monitor electronic recording equipment to produce the official record of the court proceedings shall receive a two-schedule increase in compensation while so engaged. Effective January 3, 1989, any deputy clerk IV, M.C., municipal court judicial assistant, NCS, or court clerk, M.C. assigned to a courtroom, who in addition to his or her regular duties, is required to operate and monitor electronic recording equipment to produce a record of court proceedings shall receive an increase of eight standard salary levels while so engaged. However, in no event shall a person who is receiving additional compensation for performing duties involving greater skill and responsibility as described in subdivision (b) of Section 72705 or subdivision (k), (*l*), or (m) of Section 72755 be eligible to receive additional compensation pursuant to this subdivision, except for a deputy clerk III, M.C. or deputy clerk III, M.C., NCS assigned to the regular duties of a deputy clerk IV, M.C. or court clerk, M.C. as provided in subdivision (j) of Section 72755.

The step of entry to the above schedule shall be Step 1. However, the judges of the court may appoint a court reporter to a duly allocated exempt position at a higher step if, in the opinion of the appointing judge, an individual to be appointed has the experience and qualifications to entitle that individual to the higher initial step, and if the higher initial salary has the approval of the presiding judge of the court and the board of supervisors, but in no case may the initial salary be above the third step of the salary range. Except as provided below, official reporters shall advance to the next higher step on the salary plan annually. The compensation of each official reporter pro tempore shall be an amount which is equivalent to 1.05 times the daily wage of the fourth step in the salary range for full-time official reporters in Contra Costa County for each day the reporter actually is on duty under order of the court which per diem rate shall apply when an official reporter is appointed pursuant to Section 869 of the Penal Code.

The compensation of each official reporter pro tempore shall remain at the rate specified in subdivision (a) for the days he or she actually is on duty until changed by the board of supervisors at the same time and on the same basis as regular official reporters.

(b) The Legislature finds and declares that the matter of appointing, promoting, demoting, and dismissing persons in positions with the municipal courts and all other aspects of the personnel management of municipal courts of Orange County is one for local concern. It further finds and declares that wherever possible personnel management may grant to persons in positions with the municipal courts similar treatment with persons in positions with the Orange County who are performing similar duties and who possess similar qualifications.

(c) To achieve the legislative intent expressed in subdivisions (a) and (b), the municipal courts of Orange County may create a personnel committee consisting of five judges selected one from each court by a majority vote of the judges of the respective courts, or where there is an equal division of the judges of a court, by the senior judge of that court. The personnel committee may adopt rules and regulations providing for a personnel system for all municipal courts of Orange County which may provide for similar treatment for employees and attachés of the several courts as is provided for Orange County employees generally, provided the rules and regulations are not contrary to, or inconsistent with, the obligations and duties of the court as specified in Chapter 2.1 (commencing with Section 68650) of Title 8, as added by Chapter 857 of the Statutes of 1997, and Rules 2201 to 2210, inclusive, of the California Rules of Court.

Rates of compensation of other officers, attachés, and employees may be set by a majority of the municipal court judges of Orange County.

Pursuant to the Lockyer-Isenberg Trial Court Funding Act of 1997 and Article 3 (commencing with Section 77200) of Chapter 13 of Title 8, the County of Orange has no obligation for the salary and benefits of referees, officers, assistants, attachés, and other employees of the municipal courts appointed pursuant to this section. CHAPTER 974

An act to amend Section 2025 of the Code of Civil Procedure, relating to depositions.

[Approved by Governor September 29, 1998. Filed with Secretary of State September 29, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 2025 of the Code of Civil Procedure is amended to read:

2025. (a) Any party may obtain discovery within the scope delimited by Section 2017, and subject to the restrictions set forth in

Section 2019, by taking in California the oral deposition of any person, including any party to the action. The person deposed may be a natural person, an organization such as a public or private corporation, a partnership, an association, or a governmental agency.

(b) Subject to subdivisions (f) and (t), an oral deposition may be taken as follows:

(1) The defendant may serve a deposition notice without leave of court at any time after that defendant has been served or has appeared in the action, whichever occurs first.

(2) The plaintiff may serve a deposition notice without leave of court on any date that is 20 days after the service of the summons on, or appearance by, any defendant. However, on motion with or without notice, the court, for good cause shown, may grant to a plaintiff leave to serve a deposition notice on an earlier date.

(c) A party desiring to take the oral deposition of any person shall give notice in writing in the manner set forth in subdivision (d). However, where under subdivision (d) of Section 2020 only the production by a nonparty of business records for copying is desired, a copy of the deposition subpoena shall serve as the notice of deposition. The notice of deposition shall be given to every other party who has appeared in the action. The deposition notice, or the accompanying proof of service, shall list all the parties or attorneys for parties on whom it is served.

Where, as defined in subdivision (a) of Section 1985.3, the party giving notice of the deposition is a subpoenaing party, and the deponent is a witness commanded by a deposition subpoena to produce personal records of a consumer, the subpoenaing party shall serve on that consumer (1) a notice of the deposition, (2) the notice of privacy rights specified in subdivision (e) of Section 1985.3, and (3) a copy of the deposition subpoena.

(d) The deposition notice shall state all of the following:

(1) The address where the deposition will be taken.

(2) The date of the deposition, selected under subdivision (f), and the time it will commence.

(3) The name of each deponent, and the address and telephone number, if known, of any deponent who is not a party to the action. If the name of the deponent is not known, the deposition notice shall set forth instead a general description sufficient to identify the person or particular class to which the person belongs.

(4) The specification with reasonable particularity of any materials or category of materials to be produced by the deponent.

(5) Any intention to record the testimony by audiotape or videotape, in addition to recording the testimony by the stenographic method as required by paragraph (1) of subdivision (*l*) and any intention to record the testimony by stenographic method, through the instant visual display of the testimony. In the latter event, a copy of the deposition notice shall also be given to the deposition officer. Any offer to provide the instant visual display of the testimony or to

provide rough draft transcripts to any party which is accepted prior to, or offered at, the deposition shall also be made by the deposition officer at the deposition to all parties in attendance.

(6) Any intention to reserve the right to use at trial a videotape deposition of a treating or consulting physician or of any expert witness under paragraph (4) of subdivision (u). In this event, the operator of the videotape camera shall be a person who is authorized to administer an oath, and shall not be financially interested in the action or be a relative or employee of any attorney of any of the parties.

If the deponent named is not a natural person, the deposition notice shall describe with reasonable particularity the matters on which examination is requested. In that event, the deponent shall designate and produce at the deposition those of its officers, directors, managing agents, employees, or agents who are most qualified to testify on its behalf as to those matters to the extent of any information known or reasonably available to the deponent. A deposition subpoena shall advise a nonparty deponent of its duty to make this designation, and shall describe with reasonable particularity the matters on which examination is requested.

If the attendance of the deponent is to be compelled by service of a deposition subpoena under Section 2020, an identical copy of that subpoena shall be served with the deposition notice.

(e) (1) The deposition of a natural person, whether or not a party to the action, shall be taken at a place that is, at the option of the party giving notice of the deposition, either within 75 miles of the deponent's residence, or within the county where the action is pending and within 150 miles of the deponent's residence, unless the court orders otherwise under paragraph (3).

(2) The deposition of an organization that is a party to the action shall be taken at a place that is, at the option of the party giving notice of the deposition, either within 75 miles of the organization's principal executive or business office in California, or within the county where the action is pending and within 150 miles of that office. The deposition of any other organization shall be taken within 75 miles of the organization's principal executive or business office in California, unless the organization consents to a more distant place. If the organization has not designated a principal executive or business office in California, the deposition shall be taken at a place that is, at the option of the party giving notice of the deposition, either within the county where the action is pending, or within 75 miles of any executive or business office in California of the organization.

(3) A party desiring to take the deposition of a natural person who is a party to the action or an officer, director, managing agent, or employee of a party may make a motion for an order that the deponent attend for deposition at a place that is more distant than that permitted under paragraph (1). This motion shall be accompanied by a declaration stating facts showing a reasonable and

good faith attempt at an informal resolution of any issue presented by the motion.

In exercising its discretion to grant or deny this motion, the court shall take into consideration any factor tending to show whether the interests of justice will be served by requiring the deponent's attendance at that more distant place, including, but not limited to, the following:

(A) Whether the moving party selected the forum.

(B) Whether the deponent will be present to testify at the trial of the action.

(C) The convenience of the deponent.

(D) The feasibility of conducting the deposition by written questions under Section 2028, or of using a discovery method other than a deposition.

(E) The number of depositions sought to be taken at a place more distant than that permitted under paragraph (1).

(F) The expense to the parties of requiring the deposition to be taken within the distance permitted under paragraph (1).

(G) The whereabouts of the deponent at the time for which the deposition is scheduled.

The order may be conditioned on the advancement by the moving party of the reasonable expenses and costs to the deponent for travel to the place of deposition.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to increase travel limits for party deponent, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(f) An oral deposition shall be scheduled for a date at least 10 days after service of the deposition notice. If, as defined in subdivision (a) of Section 1985.3, the party giving notice of the deposition is a subpoenaing party, and the deponent is a witness commanded by a deposition subpoena to produce personal records of a consumer, the deposition shall be scheduled for a date at least 20 days after issuance of that subpoena. However, in unlawful detainer actions, an oral deposition shall be scheduled for a date at least five days after service of the deposition notice, but not later than five days before trial.

On motion or ex parte application of any party or deponent, for good cause shown, the court may shorten or extend the time for scheduling a deposition, or may stay its taking until the determination of a motion for a protective order under subdivision (i).

(g) Any party served with a deposition notice that does not comply with subdivisions (b) to (f), inclusive, waives any error or irregularity unless that party promptly serves a written objection specifying that error or irregularity at least three calendar days prior to the date for which the deposition is scheduled, on the party seeking

to take the deposition and any other attorney or party on whom the deposition notice was served. If an objection is made three calendar days before the deposition date, the objecting party shall make personal service of that objection pursuant to Section 1011 on the party who gave notice of the deposition. Any deposition taken after the service of a written objection shall not be used against the objecting party under subdivision (u) if the party did not attend the deposition and if the court determines that the objection was a valid one.

In addition to serving this written objection, a party may also move for an order staying the taking of the deposition and quashing the deposition notice. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of any issue presented by the motion. The taking of the deposition is stayed pending the determination of this motion.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to quash a deposition notice, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(h) (1) The service of a deposition notice under subdivision (c) is effective to require any deponent who is a party to the action or an officer, director, managing agent, or employee of a party to attend and to testify, as well as to produce any document or tangible thing for inspection and copying.

(2) The attendance and testimony of any other deponent, as well as the production by the deponent of any document or tangible thing for inspection and copying, requires the service on the deponent of a deposition subpoena under Section 2020.

(i) Before, during, or after a deposition, any party, any deponent, or any other affected natural person or organization may promptly move for a protective order. The motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

The court, for good cause shown, may make any order that justice requires to protect any party, deponent, or other natural person or organization from unwarranted annoyance, embarrassment, or oppression, or undue burden and expense. This protective order may include, but is not limited to, one or more of the following directions:

(1) That the deposition not be taken at all.

(2) That the deposition be taken at a different time.

(3) That a videotape deposition of a treating or consulting physician or of any expert witness, intended for possible use at trial under paragraph (4) of subdivision (u), be postponed until the moving party has had an adequate opportunity to prepare, by discovery deposition of the deponent, or other means, for cross-examination.

(4) That the deposition be taken at a place other than that specified in the deposition notice, if it is within a distance permitted by subdivision (e).

(5) That the deposition be taken only on certain specified terms and conditions.

(6) That the deponent's testimony be taken by written, instead of oral, examination.

(7) That the method of discovery be interrogatories to a party instead of an oral deposition.

(8) That the testimony be recorded in a manner different from that specified in the deposition notice.

(9) That certain matters not be inquired into.

(10) That the scope of the examination be limited to certain matters.

(11) That all or certain of the writings or tangible things designated in the deposition notice not be produced, inspected, or copied.

(12) That designated persons, other than the parties to the action and their officers and counsel, be excluded from attending the deposition.

(13) That a trade secret or other confidential research, development, or commercial information not be disclosed or be disclosed only to specified persons or only in a specified way.

(14) That the parties simultaneously file specified documents enclosed in sealed envelopes to be opened as directed by the court.

(15) That the deposition be sealed and thereafter opened only on order of the court.

If the motion for a protective order is denied in whole or in part, the court may order that the deponent provide or permit the discovery against which protection was sought on those terms and conditions that are just.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for a protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(j) (1) If the party giving notice of a deposition fails to attend or proceed with it, the court shall impose a monetary sanction under Section 2023 against that party, or the attorney for that party, or both, and in favor of any party attending in person or by attorney, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(2) If a deponent does not appear for a deposition because the party giving notice of the deposition failed to serve a required deposition subpoena, the court shall impose a monetary sanction under Section 2023 against that party, or the attorney for that party, or both, in favor of any other party who, in person or by attorney,

attended at the time and place specified in the deposition notice in the expectation that the deponent's testimony would be taken, unless the court finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a deponent on whom a deposition subpoena has been served fails to attend a deposition or refuses to be sworn as a witness, the court may impose on the deponent the sanctions described in subdivision (h) of Section 2020.

(3) If, after service of a deposition notice, a party to the action or an officer, director, managing agent, or employee of a party, or a person designated by an organization that is a party under subdivision (d), without having served a valid objection under subdivision (g), fails to appear for examination, or to proceed with it, or to produce for inspection any document or tangible thing described in the deposition notice, the party giving the notice may move for an order compelling the deponent's attendance and testimony, and the production for inspection of any document or tangible thing described in the deposition notice. This motion (A) shall set forth specific facts showing good cause justifying the production for inspection of any document or tangible thing described in the deposition notice, and (B) shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by it or, when the deponent fails to attend the deposition and produce the documents or things described in the deposition notice, by a declaration stating that the petitioner has contacted the deponent to inquire about the nonappearance. If this motion is granted, the court shall also impose a monetary sanction under Section 2023 against the deponent or the party with whom the deponent is affiliated, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust. On motion of any other party who, in person or by attorney, attended at the time and place specified in the deposition notice in the expectation that the deponent's testimony would be taken, the court shall also impose a monetary sanction under Section 2023, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If that party or party-affiliated deponent then fails to obey an order compelling attendance, testimony, and production, the court may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023 against that party deponent or against the party with whom the deponent is affiliated. In lieu of or in addition to this sanction, the court may impose a monetary sanction under Section 2023 against that deponent or against the party with whom that party deponent is affiliated, and in favor of any party who, in person or by

attorney, attended in the expectation that the deponent's testimony would be taken pursuant to that order.

(k) Except as provided in paragraph (3) of subdivision (d) of Section 2020, the deposition shall be conducted under the supervision of an officer who is authorized to administer an oath. This officer shall not be financially interested in the action and shall not be a relative or employee of any attorney of any of the parties, or of any of the parties. Any objection to the qualifications of the deposition officer is waived unless made before the deposition begins or as soon thereafter as the ground for that objection becomes known or could be discovered by reasonable diligence.

(*l*) (1) The deposition officer shall put the deponent under oath. Unless the parties agree or the court orders otherwise, the testimony, as well as any stated objections, shall be taken stenographically. The party noticing the deposition may also record the testimony by audiotape or videotape if the notice of deposition stated an intention also to record the testimony by either of those methods, or if all the parties agree that the testimony may also be recorded by either of those methods. Any other party, at that party's expense, may make a simultaneous audiotape or videotape record of the deposition, provided that other party promptly, and in no event less than three calendar days before the date for which the deposition is scheduled, serves a written notice of this intention to audiotape or videotape the deposition testimony on the party or attorney who noticed the deposition, on all other parties or attorneys on whom the deposition notice was served under subdivision (c), and on any deponent whose attendance is being compelled by a deposition subpoena under Section 2020. If this notice is given three calendar days before the deposition date, it shall be made by personal service under Section 1011. Examination and cross-examination of the deponent shall proceed as permitted at trial under the provisions of the Evidence Code.

(2) If the deposition is being recorded by means of audiotape or videotape, the following procedure shall be observed:

(A) The area used for recording the deponent's oral testimony shall be suitably large, adequately lighted, and reasonably quiet.

(B) The operator of the recording equipment shall be competent to set up, operate, and monitor the equipment in the manner prescribed in this subdivision. The operator may be an employee of the attorney taking the deposition unless the operator is also the deposition officer. However, if a videotape of deposition testimony is to be used under paragraph (4) of subdivision (u), the operator of the recording equipment shall be a person who is authorized to administer an oath, and shall not be financially interested in the action or be a relative or employee of any attorney of any of the parties, unless all parties attending the deposition agree on the record to waive these qualifications and restrictions.

(C) The operator shall not distort the appearance or the demeanor of participants in the deposition by the use of camera or sound recording techniques.

(D) The deposition shall begin with an oral or written statement on camera or on the audiotape that includes the operator's name and business address, the name and business address of the operator's employer, the date, time, and place of the deposition, the caption of the case, the name of the deponent, a specification of the party on whose behalf the deposition is being taken, and any stipulations by the parties.

(E) Counsel for the parties shall identify themselves on camera or on the audiotape.

(F) The oath shall be administered to the deponent on camera or on the audiotape.

(G) If the length of a deposition requires the use of more than one unit of tape, the end of each unit and the beginning of each succeeding unit shall be announced on camera or on the audiotape.

(H) At the conclusion of a deposition, a statement shall be made on camera or on the audiotape that the deposition is ended and shall set forth any stipulations made by counsel concerning the custody of the audiotape or videotape recording and the exhibits, or concerning other pertinent matters.

(I) A party intending to offer an audiotaped or videotaped recording of a deposition in evidence under subdivision (u) shall notify the court and all parties in writing of that intent and of the parts of the deposition to be offered within sufficient time for objections to be made and ruled on by the judge to whom the case is assigned for trial or hearing, and for any editing of the tape. Objections to all or part of the deposition shall be made in writing. The court may permit further designations of testimony and objections as justice may require. With respect to those portions of an audiotaped or videotaped deposition that are not designated by any party or that are ruled to be objectionable, the court may order that the party offering the recording of the deposition at the trial or hearing suppress those portions, or that an edited version of the deposition tape be prepared for use at the trial or hearing. The original audiotape or videotape of the deposition shall be preserved unaltered. If no stenographic record of the deposition testimony has previously been made, the party offering a videotape or an audiotape recording of that testimony under subdivision (u) shall accompany that offer with a stenographic transcript prepared from that recording.

(3) In lieu of participating in the oral examination, parties may transmit written questions in a sealed envelope to the party taking the deposition for delivery to the deposition officer, who shall unseal the envelope and propound them to the deponent after the oral examination has been completed.

(m) (1) The protection of information from discovery on the ground that it is privileged or that it is protected work product under Section 2018 is waived unless a specific objection to its disclosure is timely made during the deposition.

(2) Errors and irregularities of any kind occurring at the oral examination that might be cured if promptly presented are waived unless a specific objection to them is timely made during the deposition. These errors and irregularities include, but are not limited to, those relating to the manner of taking the deposition, to the oath or affirmation administered, to the conduct of a party, attorney, deponent, or deposition officer, or to the form of any question or answer. Unless the objecting party demands that the taking of the deposition be suspended to permit a motion for a protective order under subdivision (n), the deposition shall proceed subject to the objection.

(3) Objections to the competency of the deponent, or to the relevancy, materiality, or admissibility at trial of the testimony or of the materials produced are unnecessary and are not waived by failure to make them before or during the deposition.

(4) If a deponent fails to answer any question or to produce any document or tangible thing under the deponent's control that is specified in the deposition notice or a deposition subpoena, the party seeking that answer or production may adjourn the deposition or complete the examination on other matters without waiving the right at a later time to move for an order compelling that answer or production under subdivision (o).

(n) On demand of any party or the deponent, the deposition officer shall suspend the taking of testimony to enable that party or deponent to move for a protective order on the ground that the examination is being conducted in bad faith or in a manner that unreasonably annoys, embarrasses, or oppresses that deponent or party. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. The court, for good cause shown, may terminate the examination or may limit the scope and manner of taking the deposition as provided in subdivision (i). If the order terminates the examination, the deposition shall not thereafter be resumed, except on order of the court.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for this protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(o) If a deponent fails to answer any question or to produce any document or tangible thing under the deponent's control that is specified in the deposition notice or a deposition subpoena, the party seeking discovery may move the court for an order compelling that answer or production. This motion shall be made no later than 60 days

after the completion of the record of the deposition, and shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. Notice of this motion shall be given to all parties, and to the deponent either orally at the examination, or by subsequent service in writing. If the notice of the motion is given orally, the deposition officer shall direct the deponent to attend a session of the court at the time specified in the notice. Not less than five days prior to the hearing on this motion, the moving party shall lodge with the court a certified copy of any parts of the stenographic transcript of the deposition that are relevant to the motion. If a deposition is recorded by audiotape or videotape, the moving party is required to lodge a certified copy of a transcript of any parts of the deposition that are relevant to the motion. If the court determines that the answer or production sought is subject to discovery, it shall order that the answer be given or the production be made on the resumption of the deposition.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel answer or production, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a deponent fails to obey an order entered under this subdivision, the failure may be considered a contempt of court. In addition, if the disobedient deponent is a party to the action or an officer, director, managing agent, or employee of a party, the court may make those orders that are just against the disobedient party, or against the party with whom the disobedient deponent is affiliated, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to this sanction, the court may impose a monetary sanction under Section 2023 against that party deponent or against any party with whom the deponent is affiliated.

(p) Unless the parties agree otherwise, the testimony at any deposition recorded by stenographic means shall be transcribed. The party noticing the deposition shall bear the cost of that transcription, unless the court, on motion and for good cause shown, orders that the cost be borne or shared by another party. Any other party, at that party's expense, may obtain a copy of the transcript. If the deposition officer receives a request from a party for an original or a copy of the deposition transcript, or any portion thereof, and the document will be available to that party prior to the time the original or copy would be available to any other party, the deposition officer shall immediately notify all other parties attending the deposition of the request, and shall, upon request by any party other than the party making the original request, make that copy of the full or partial deposition transcript available to all parties at the same time. Stenographic notes of depositions shall be retained by the reporter

for a period of not less than eight years from the date of the deposition, where no transcript is produced, and not less than one year from the date on which the transcript is produced. Those notes may be either on paper or electronic media, as long as it allows for satisfactory production of a transcript at any time during the periods specified. At the request of any other party to the action, including a party who did not attend the taking of the deposition testimony, any party who records or causes the recording of that testimony by means of audiotape or videotape shall promptly (1) permit that other party to hear the audiotape or to view the videotape, and (2) furnish a copy of the audiotape or videotape to that other party on receipt of payment of the reasonable cost of making that copy of the tape.

If the testimony at the deposition is recorded both stenographically, and by audiotape or videotape, the stenographic transcript is the official record of that testimony for the purpose of the trial and any subsequent hearing or appeal.

(q) (1) If the deposition testimony is stenographically recorded, the deposition officer shall send written notice to the deponent and to all parties attending the deposition when the original transcript of the testimony for each session of the deposition is available for reading, correcting, and signing, unless the deponent and the attending parties agree on the record that the reading, correcting, and signing of the transcript of the testimony will be waived or that the reading, correcting, and signing of a transcript of the testimony will take place after the entire deposition has been concluded or at some other specific time. For 30 days following each such notice, unless the attending parties and the deponent agree on the record or otherwise in writing to a longer or shorter time period, the deponent may change the form or the substance of the answer to a question, and may either approve the transcript of the deposition by signing it, or refuse to approve the transcript by not signing it.

Alternatively, within this same period, the deponent may change the form or the substance of the answer to any question and may approve or refuse to approve the transcript by means of a letter to the deposition officer signed by the deponent which is mailed by certified or registered mail with return receipt requested. A copy of that letter shall be sent by first-class mail to all parties attending the deposition. For good cause shown, the court may shorten the 30-day period for making changes, approving, or refusing to approve the transcript.

The deposition officer shall indicate on the original of the transcript, if the deponent has not already done so at the office of the deposition officer, any action taken by the deponent and indicate on the original of the transcript, the deponent's approval of, or failure or refusal to approve, the transcript. The deposition officer shall also notify in writing the parties attending the deposition of any changes which the deponent timely made in person. If the deponent fails or refuses to approve the transcript within the allotted period, the

deposition shall be given the same effect as though it had been approved, subject to any changes timely made by the deponent. However, on a seasonable motion to suppress the deposition, accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion, the court may determine that the reasons given for the failure or refusal to approve the transcript require rejection of the deposition in whole or in part.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to suppress a deposition, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(2) If there is no stenographic transcription of the deposition, the deposition officer shall send written notice to the deponent and to all parties attending the deposition that the recording is available for review, unless the deponent and all these parties agree on the record to waive the hearing or viewing of an audiotape or videotape recording of the testimony. For 30 days following this notice the deponent, either in person or by signed letter to the deposition officer, may change the substance of the answer to any question.

The deposition officer shall set forth in a writing to accompany the recording any changes made by the deponent, as well as either the deponent's signature identifying the deposition as his or her own, or a statement of the deponent's failure to supply the signature, or to contact the officer within the allotted period. When a deponent fails to contact the officer within the allotted period, or expressly refuses by a signature to identify the deposition as his or her own, the deposition shall be given the same effect as though signed. However, on a seasonable motion to suppress the deposition, accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion, the court may determine that the reasons given for the refusal to sign require rejection of the deposition in whole or in part.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to suppress a deposition, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(r) (1) The deposition officer shall certify on the transcript of the deposition, or in a writing accompanying an audiotaped or videotaped deposition as described in paragraph (2) of subdivision (q), that the deponent was duly sworn and that the transcript or recording is a true record of the testimony given and of any changes made by the deponent.

(2) When prepared as a rough draft transcript, the transcript of the deposition may not be certified and may not be used, cited, or transcribed as the certified transcript of the deposition proceedings.

The rough draft transcript may not be cited or used in any way or at any time to rebut or contradict the certified transcript of deposition proceedings as provided by the deposition officer.

(s) (1) The certified transcript of a deposition shall not be filed with the court. Instead, the deposition officer shall securely seal that transcript in an envelope or package endorsed with the title of the action and marked: "Deposition of (here insert name of deponent)," and shall promptly transmit it to the attorney for the party who noticed the deposition. This attorney shall store it under conditions that will protect it against loss, destruction, or tampering.

The attorney to whom the transcript of a deposition is transmitted shall retain custody of it until six months after final disposition of the action. At that time, the transcript may be destroyed, unless the court, on motion of any party and for good cause shown, orders that the transcript be preserved for a longer period.

(2) An audiotape or videotape record of deposition testimony, including a certified tape made by an operator qualified under subparagraph (B) of paragraph (2) of subdivision (*l*), shall not be filed with the court. Instead, the operator shall retain custody of that record and shall store it under conditions that will protect it against loss, destruction, or tampering, and preserve as far as practicable the quality of the tape and the integrity of the testimony and images it contains.

At the request of any party to the action, including a party who did not attend the taking of the deposition testimony, or at the request of the deponent, that operator shall promptly (A) permit the one making the request to hear or to view the tape on receipt of payment of a reasonable charge for providing the facilities for hearing or viewing the tape, and (B) furnish a copy of the audiotape or the videotape recording to the one making the request on receipt of payment of the reasonable cost of making that copy of the tape.

The attorney or operator who has custody of an audiotape or videotape record of deposition testimony shall retain custody of it until six months after final disposition of the action. At that time, the audiotape or videotape may be destroyed or erased, unless the court, on motion of any party and for good cause shown, orders that the tape be preserved for a longer period.

(t) Once any party has taken the deposition of any natural person, including that of a party to the action, neither the party who gave, nor any other party who has been served with a deposition notice pursuant to subdivision (c) may take a subsequent deposition of that deponent. However, for good cause shown, the court may grant leave to take a subsequent deposition, and the parties, with the consent of any deponent who is not a party, may stipulate that a subsequent deposition be taken. This subdivision does not preclude taking one subsequent deposition of a natural person who has previously been examined (1) as a result of that person's designation to testify on behalf of an organization under subdivision (d), or (2) for the limited

purpose of discovering pursuant to Section 485.230 the identity, location, and value of property in which the deponent has an interest. This subdivision does not authorize the taking of more than one deposition for the limited purpose of Section 485.230.

(u) At the trial or any other hearing in the action, any part or all of a deposition may be used against any party who was present or represented at the taking of the deposition, or who had due notice of the deposition and did not serve a valid objection under subdivision (g), so far as admissible under the rules of evidence applied as though the deponent were then present and testifying as a witness, in accordance with the following provisions:

(1) Any party may use a deposition for the purpose of contradicting or impeaching the testimony of the deponent as a witness, or for any other purpose permitted by the Evidence Code.

(2) An adverse party may use for any purpose, a deposition of a party to the action, or of anyone who at the time of taking the deposition was an officer, director, managing agent, employee, agent, or designee under subdivision (d) of a party. It is not ground for objection to the use of a deposition of a party under this paragraph by an adverse party that the deponent is available to testify, has testified, or will testify at the trial or other hearing.

(3) Any party may use for any purpose the deposition of any person or organization, including that of any party to the action, if the court finds any of the following:

(A) The deponent resides more than 150 miles from the place of the trial or other hearing.

(B) The deponent, without the procurement or wrongdoing of the proponent of the deposition for the purpose of preventing testimony in open court, is (i) exempted or precluded on the ground of privilege from testifying concerning the matter to which the deponent's testimony is relevant, (ii) disqualified from testifying, (iii) dead or unable to attend or testify because of existing physical or mental illness or infirmity, (iv) absent from the trial or other hearing and the court is unable to compel the deponent's attendance by its process, or (v) absent from the trial or other hearing and the proponent of the deposition has exercised reasonable diligence but has been unable to procure the deponent's attendance by the court's process.

(C) Exceptional circumstances exist that make it desirable to allow the use of any deposition in the interests of justice and with due regard to the importance of presenting the testimony of witnesses orally in open court.

(4) Any party may use a videotape deposition of a treating or consulting physician or of any expert witness even though the deponent is available to testify if the deposition notice under subdivision (d) reserved the right to use the deposition at trial, and if that party has complied with subparagraph (I) of paragraph (2) of subdivision (*l*).

(5) Subject to the requirements of this section, a party may offer in evidence all or any part of a deposition, and if the party introduces only part of the deposition, any other party may introduce any other parts that are relevant to the parts introduced.

(6) Substitution of parties does not affect the right to use depositions previously taken.

(7) When an action has been brought in any court of the United States or of any state, and another action involving the same subject matter is subsequently brought between the same parties or their representatives or successors in interest, all depositions lawfully taken and duly filed in the initial action may be used in the subsequent action as if originally taken in that subsequent action. A deposition previously taken may also be used as permitted by the Evidence Code.

SEC. 2. Section 2025 of the Code of Civil Procedure is amended to read:

2025. (a) Any party may obtain discovery within the scope delimited by Section 2017, and subject to the restrictions set forth in Section 2019, by taking in California the oral deposition of any person, including any party to the action. The person deposed may be a natural person, an organization such as a public or private corporation, a partnership, an association, or a governmental agency.

(b) Subject to subdivisions (f) and (t), an oral deposition may be taken as follows:

(1) The defendant may serve a deposition notice without leave of court at any time after that defendant has been served or has appeared in the action, whichever occurs first.

(2) The plaintiff may serve a deposition notice without leave of court on any date that is 20 days after the service of the summons on, or appearance by, any defendant. However, on motion with or without notice, the court, for good cause shown, may grant to a plaintiff leave to serve a deposition notice on an earlier date.

(c) A party desiring to take the oral deposition of any person shall give notice in writing in the manner set forth in subdivision (d). However, where under subdivision (d) of Section 2020 only the production by a nonparty of business records for copying is desired, a copy of the deposition subpoena shall serve as the notice of deposition. The notice of deposition shall be given to every other party who has appeared in the action. The deposition notice, or the accompanying proof of service, shall list all the parties or attorneys for parties on whom it is served.

Where, as defined in subdivision (a) of Section 1985.3, the party giving notice of the deposition is a subpoenaing party, and the deponent is a witness commanded by a deposition subpoena to produce personal records of a consumer, the subpoenaing party shall serve on that consumer (1) a notice of the deposition, (2) the notice of privacy rights specified in subdivision (e) of Section 1985.3 and in Section 1985.6, and (3) a copy of the deposition subpoena.

(d) The deposition notice shall state all of the following:

(1) The address where the deposition will be taken.

(2) The date of the deposition, selected under subdivision (f), and the time it will commence.

(3) The name of each deponent, and the address and telephone number, if known, of any deponent who is not a party to the action. If the name of the deponent is not known, the deposition notice shall set forth instead a general description sufficient to identify the person or particular class to which the person belongs.

(4) The specification with reasonable particularity of any materials or category of materials to be produced by the deponent.

(5) Any intention to record the testimony by audiotape or videotape, in addition to recording the testimony by the stenographic method as required by paragraph (1) of subdivision (*l*) and any intention to record the testimony by stenographic method, through the instant visual display of the testimony. In the latter event, a copy of the deposition notice shall also be given to the deposition officer. Any offer to provide the instant visual display of the testimony or to provide rough draft transcripts to any party which is accepted prior to, or offered at, the deposition shall also be made by the deposition officer at the deposition to all parties in attendance.

(6) Any intention to reserve the right to use at trial a videotape deposition of a treating or consulting physician or of any expert witness under paragraph (4) of subdivision (u). In this event, the operator of the videotape camera shall be a person who is authorized to administer an oath, and shall not be financially interested in the action or be a relative or employee of any attorney of any of the parties.

If the deponent named is not a natural person, the deposition notice shall describe with reasonable particularity the matters on which examination is requested. In that event, the deponent shall designate and produce at the deposition those of its officers, directors, managing agents, employees, or agents who are most qualified to testify on its behalf as to those matters to the extent of any information known or reasonably available to the deponent. A deposition subpoena shall advise a nonparty deponent of its duty to make this designation, and shall describe with reasonable particularity the matters on which examination is requested.

If the attendance of the deponent is to be compelled by service of a deposition subpoena under Section 2020, an identical copy of that subpoena shall be served with the deposition notice.

(e) (1) The deposition of a natural person, whether or not a party to the action, shall be taken at a place that is, at the option of the party giving notice of the deposition, either within 75 miles of the deponent's residence, or within the county where the action is pending and within 150 miles of the deponent's residence, unless the court orders otherwise under paragraph (3).

(2) The deposition of an organization that is a party to the action shall be taken at a place that is, at the option of the party giving notice of the deposition, either within 75 miles of the organization's principal executive or business office in California, or within the county where the action is pending and within 150 miles of that office. The deposition of any other organization shall be taken within 75 miles of the organization's principal executive or business office in California, unless the organization consents to a more distant place. If the organization has not designated a principal executive or business office in California, the deposition shall be taken at a place that is, at the option of the party giving notice of the deposition, either within the county where the action is pending, or within 75 miles of any executive or business office in California of the organization.

(3) A party desiring to take the deposition of a natural person who is a party to the action or an officer, director, managing agent, or employee of a party may make a motion for an order that the deponent attend for deposition at a place that is more distant than that permitted under paragraph (1). This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of any issue presented by the motion.

In exercising its discretion to grant or deny this motion, the court shall take into consideration any factor tending to show whether the interests of justice will be served by requiring the deponent's attendance at that more distant place, including, but not limited to, the following:

(A) Whether the moving party selected the forum.

(B) Whether the deponent will be present to testify at the trial of the action.

(C) The convenience of the deponent.

(D) The feasibility of conducting the deposition by written questions under Section 2028, or of using a discovery method other than a deposition.

(E) The number of depositions sought to be taken at a place more distant than that permitted under paragraph (1).

(F) The expense to the parties of requiring the deposition to be taken within the distance permitted under paragraph (1).

(G) The whereabouts of the deponent at the time for which the deposition is scheduled.

The order may be conditioned on the advancement by the moving party of the reasonable expenses and costs to the deponent for travel to the place of deposition.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to increase travel limits for party deponent, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(f) An oral deposition shall be scheduled for a date at least 10 days after service of the deposition notice. If, as defined in subdivision (a) of Section 1985.3, the party giving notice of the deposition is a subpoenaing party, and the deponent is a witness commanded by a deposition subpoena to produce personal records of a consumer, the deposition shall be scheduled for a date at least 20 days after issuance of that subpoena. However, in unlawful detainer actions, an oral deposition shall be scheduled for a date at least five days after service of the deposition notice, but not later than five days before trial.

On motion or ex parte application of any party or deponent, for good cause shown, the court may shorten or extend the time for scheduling a deposition, or may stay its taking until the determination of a motion for a protective order under subdivision (i).

(g) Any party served with a deposition notice that does not comply with subdivisions (b) to (f), inclusive, waives any error or irregularity unless that party promptly serves a written objection specifying that error or irregularity at least three calendar days prior to the date for which the deposition is scheduled, on the party seeking to take the deposition and any other attorney or party on whom the deposition notice was served. If an objection is made three calendar days before the deposition date, the objecting party shall make personal service of that objection pursuant to Section 1011 on the party who gave notice of the deposition. Any deposition taken after the service of a written objection shall not be used against the objecting party under subdivision (u) if the party did not attend the deposition and if the court determines that the objection was a valid one.

In addition to serving this written objection, a party may also move for an order staying the taking of the deposition and quashing the deposition notice. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of any issue presented by the motion. The taking of the deposition is stayed pending the determination of this motion.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to quash a deposition notice, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(h) (1) The service of a deposition notice under subdivision (c) is effective to require any deponent who is a party to the action or an officer, director, managing agent, or employee of a party to attend and to testify, as well as to produce any document or tangible thing for inspection and copying.

(2) The attendance and testimony of any other deponent, as well as the production by the deponent of any document or tangible thing for inspection and copying, requires the service on the deponent of a deposition subpoena under Section 2020.

(i) Before, during, or after a deposition, any party, any deponent, or any other affected natural person or organization may promptly move for a protective order. The motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

The court, for good cause shown, may make any order that justice requires to protect any party, deponent, or other natural person or organization from unwarranted annoyance, embarrassment, or oppression, or undue burden and expense. This protective order may include, but is not limited to, one or more of the following directions:

(1) That the deposition not be taken at all.

(2) That the deposition be taken at a different time.

(3) That a videotape deposition of a treating or consulting physician or of any expert witness, intended for possible use at trial under paragraph (4) of subdivision (u), be postponed until the moving party has had an adequate opportunity to prepare, by discovery deposition of the deponent, or other means, for cross-examination.

(4) That the deposition be taken at a place other than that specified in the deposition notice, if it is within a distance permitted by subdivision (e).

(5) That the deposition be taken only on certain specified terms and conditions.

(6) That the deponent's testimony be taken by written, instead of oral, examination.

(7) That the method of discovery be interrogatories to a party instead of an oral deposition.

(8) That the testimony be recorded in a manner different from that specified in the deposition notice.

(9) That certain matters not be inquired into.

(10) That the scope of the examination be limited to certain matters.

(11) That all or certain of the writings or tangible things designated in the deposition notice not be produced, inspected, or copied.

(12) That designated persons, other than the parties to the action and their officers and counsel, be excluded from attending the deposition.

(13) That a trade secret or other confidential research, development, or commercial information not be disclosed or be disclosed only to specified persons or only in a specified way.

(14) That the parties simultaneously file specified documents enclosed in sealed envelopes to be opened as directed by the court.

(15) That the deposition be sealed and thereafter opened only on order of the court.

If the motion for a protective order is denied in whole or in part, the court may order that the deponent provide or permit the

discovery against which protection was sought on those terms and conditions that are just.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for a protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(j) (1) If the party giving notice of a deposition fails to attend or proceed with it, the court shall impose a monetary sanction under Section 2023 against that party, or the attorney for that party, or both, and in favor of any party attending in person or by attorney, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(2) If a deponent does not appear for a deposition because the party giving notice of the deposition failed to serve a required deposition subpoena, the court shall impose a monetary sanction under Section 2023 against that party, or the attorney for that party, or both, in favor of any other party who, in person or by attorney, attended at the time and place specified in the deposition notice in the expectation that the deponent's testimony would be taken, unless the court finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a deponent on whom a deposition subpoena has been served fails to attend a deposition or refuses to be sworn as a witness, the court may impose on the deponent the sanctions described in subdivision (h) of Section 2020.

(3) If, after service of a deposition notice, a party to the action or an officer, director, managing agent, or employee of a party, or a person designated by an organization that is a party under subdivision (d), without having served a valid objection under subdivision (g), fails to appear for examination, or to proceed with it, or to produce for inspection any document or tangible thing described in the deposition notice, the party giving the notice may move for an order compelling the deponent's attendance and testimony, and the production for inspection of any document or tangible thing described in the deposition notice. This motion (A) shall set forth specific facts showing good cause justifying the production for inspection of any document or tangible thing described in the deposition notice, and (B) shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by it or, when the deponent fails to attend the deposition and produce the documents or things described in the deposition notice, by a declaration stating that the petitioner has contacted the deponent to inquire about the nonappearance. If this motion is granted, the court shall also impose a monetary sanction under Section 2023 against the

deponent or the party with whom the deponent is affiliated, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust. On motion of any other party who, in person or by attorney, attended at the time and place specified in the deposition notice in the expectation that the deponent's testimony would be taken, the court shall also impose a monetary sanction under Section 2023, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If that party or party-affiliated deponent then fails to obey an order compelling attendance, testimony, and production, the court may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023 against that party deponent or against the party with whom the deponent is affiliated. In lieu of or in addition to this sanction, the court may impose a monetary sanction under Section 2023 against that deponent or against the party with whom that party deponent is affiliated, and in favor of any party who, in person or by attorney, attended in the expectation that the deponent's testimony would be taken pursuant to that order.

(k) Except as provided in paragraph (3) of subdivision (d) of Section 2020, the deposition shall be conducted under the supervision of an officer who is authorized to administer an oath. This officer shall not be financially interested in the action and shall not be a relative or employee of any attorney of any of the parties, or of any of the parties. Any objection to the qualifications of the deposition officer is waived unless made before the deposition begins or as soon thereafter as the ground for that objection becomes known or could be discovered by reasonable diligence.

(*l*) (1) The deposition officer shall put the deponent under oath. Unless the parties agree or the court orders otherwise, the testimony, as well as any stated objections, shall be taken stenographically. The party noticing the deposition may also record the testimony by audiotape or videotape if the notice of deposition stated an intention also to record the testimony by either of those methods, or if all the parties agree that the testimony may also be recorded by either of those methods. Any other party, at that party's expense, may make a simultaneous audiotape or videotape record of the deposition, provided that other party promptly, and in no event less than three calendar days before the date for which the deposition is scheduled, serves a written notice of this intention to audiotape or videotape the deposition testimony on the party or attorney who noticed the deposition, on all other parties or attorneys on whom the deposition notice was served under subdivision (c), and on any deponent whose attendance is being compelled by a deposition subpoena under Section 2020. If this notice is given three calendar days before the deposition date, it shall be made by personal service under Section

1011. Examination and cross-examination of the deponent shall proceed as permitted at trial under the provisions of the Evidence Code.

(2) If the deposition is being recorded by means of audiotape or videotape, the following procedure shall be observed:

(A) The area used for recording the deponent's oral testimony shall be suitably large, adequately lighted, and reasonably quiet.

(B) The operator of the recording equipment shall be competent to set up, operate, and monitor the equipment in the manner prescribed in this subdivision. The operator may be an employee of the attorney taking the deposition unless the operator is also the deposition officer. However, if a videotape of deposition testimony is to be used under paragraph (4) of subdivision (u), the operator of the recording equipment shall be a person who is authorized to administer an oath, and shall not be financially interested in the action or be a relative or employee of any attorney of any of the parties, unless all parties attending the deposition agree on the record to waive these qualifications and restrictions.

(C) The operator shall not distort the appearance or the demeanor of participants in the deposition by the use of camera or sound recording techniques.

(D) The deposition shall begin with an oral or written statement on camera or on the audiotape that includes the operator's name and business address, the name and business address of the operator's employer, the date, time, and place of the deposition, the caption of the case, the name of the deponent, a specification of the party on whose behalf the deposition is being taken, and any stipulations by the parties.

(E) Counsel for the parties shall identify themselves on camera or on the audiotape.

(F) The oath shall be administered to the deponent on camera or on the audiotape.

(G) If the length of a deposition requires the use of more than one unit of tape, the end of each unit and the beginning of each succeeding unit shall be announced on camera or on the audiotape.

(H) At the conclusion of a deposition, a statement shall be made on camera or on the audiotape that the deposition is ended and shall set forth any stipulations made by counsel concerning the custody of the audiotape or videotape recording and the exhibits, or concerning other pertinent matters.

(I) A party intending to offer an audiotaped or videotaped recording of a deposition in evidence under subdivision (u) shall notify the court and all parties in writing of that intent and of the parts of the deposition to be offered within sufficient time for objections to be made and ruled on by the judge to whom the case is assigned for trial or hearing, and for any editing of the tape. Objections to all or part of the deposition shall be made in writing. The court may permit further designations of testimony and objections as justice

may require. With respect to those portions of an audiotaped or videotaped deposition that are not designated by any party or that are ruled to be objectionable, the court may order that the party offering the recording of the deposition at the trial or hearing suppress those portions, or that an edited version of the deposition tape be prepared for use at the trial or hearing. The original audiotape or videotape of the deposition shall be preserved unaltered. If no stenographic record of the deposition testimony has previously been made, the party offering a videotape or an audiotape recording of that testimony under subdivision (u) shall accompany that offer with a stenographic transcript prepared from that recording.

(3) In lieu of participating in the oral examination, parties may transmit written questions in a sealed envelope to the party taking the deposition for delivery to the deposition officer, who shall unseal the envelope and propound them to the deponent after the oral examination has been completed.

(m) (1) The protection of information from discovery on the ground that it is privileged or that it is protected work product under Section 2018 is waived unless a specific objection to its disclosure is timely made during the deposition.

(2) Errors and irregularities of any kind occurring at the oral examination that might be cured if promptly presented are waived unless a specific objection to them is timely made during the deposition. These errors and irregularities include, but are not limited to, those relating to the manner of taking the deposition, to the oath or affirmation administered, to the conduct of a party, attorney, deponent, or deposition officer, or to the form of any question or answer. Unless the objecting party demands that the taking of the deposition be suspended to permit a motion for a protective order under subdivision (n), the deposition shall proceed subject to the objection.

(3) Objections to the competency of the deponent, or to the relevancy, materiality, or admissibility at trial of the testimony or of the materials produced are unnecessary and are not waived by failure to make them before or during the deposition.

(4) If a deponent fails to answer any question or to produce any document or tangible thing under the deponent's control that is specified in the deposition notice or a deposition subpoena, the party seeking that answer or production may adjourn the deposition or complete the examination on other matters without waiving the right at a later time to move for an order compelling that answer or production under subdivision (o).

(n) On demand of any party or the deponent, the deposition officer shall suspend the taking of testimony to enable that party or deponent to move for a protective order on the ground that the examination is being conducted in bad faith or in a manner that unreasonably annoys, embarrasses, or oppresses that deponent or

party. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. The court, for good cause shown, may terminate the examination or may limit the scope and manner of taking the deposition as provided in subdivision (i). If the order terminates the examination, the deposition shall not thereafter be resumed, except on order of the court.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for this protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(o) If a deponent fails to answer any question or to produce any document or tangible thing under the deponent's control that is specified in the deposition notice or a deposition subpoena, the party seeking discovery may move the court for an order compelling that answer or production. This motion shall be made no later than 60 days after the completion of the record of the deposition, and shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. Notice of this motion shall be given to all parties, and to the deponent either orally at the examination, or by subsequent service in writing. If the notice of the motion is given orally, the deposition officer shall direct the deponent to attend a session of the court at the time specified in the notice. Not less than five days prior to the hearing on this motion, the moving party shall lodge with the court a certified copy of any parts of the stenographic transcript of the deposition that are relevant to the motion. If a deposition is recorded by audiotape or videotape, the moving party is required to lodge a certified copy of a transcript of any parts of the deposition that are relevant to the motion. If the court determines that the answer or production sought is subject to discovery, it shall order that the answer be given or the production be made on the resumption of the deposition.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel answer or production, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a deponent fails to obey an order entered under this subdivision, the failure may be considered a contempt of court. In addition, if the disobedient deponent is a party to the action or an officer, director, managing agent, or employee of a party, the court may make those orders that are just against the disobedient party, or against the party with whom the disobedient deponent is affiliated, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to this sanction, the court may impose a monetary sanction under

Section 2023 against that party deponent or against any party with whom the deponent is affiliated.

(p) Unless the parties agree otherwise, the testimony at any deposition recorded by stenographic means shall be transcribed. The party noticing the deposition shall bear the cost of that transcription, unless the court, on motion and for good cause shown, orders that the cost be borne or shared by another party. Any other party, at that party's expense, may obtain a copy of the transcript. If the deposition officer receives a request from a party for an original or a copy of the deposition transcript, or any portion thereof, and the document will be available to that party prior to the time the original or copy would be available to any other party, the deposition officer shall immediately notify all other parties attending the deposition of the request, and shall, upon request by any party other than the party making the original request, make that copy of the full or partial deposition transcript available to all parties at the same time. Stenographic notes of depositions shall be retained by the reporter for a period of not less than eight years from the date of the deposition, where no transcript is produced, and not less than one year from the date on which the transcript is produced. Those notes may be either on paper or electronic media, as long as it allows for satisfactory production of a transcript at any time during the periods specified. At the request of any other party to the action, including a party who did not attend the taking of the deposition testimony, any party who records or causes the recording of that testimony by means of audiotape or videotape shall promptly (1) permit that other party to hear the audiotape or to view the videotape, and (2) furnish a copy of the audiotape or videotape to that other party on receipt of payment of the reasonable cost of making that copy of the tape.

If the testimony at the deposition is recorded both stenographically, and by audiotape or videotape, the stenographic transcript is the official record of that testimony for the purpose of the trial and any subsequent hearing or appeal.

(q) (1) If the deposition testimony is stenographically recorded, the deposition officer shall send written notice to the deponent and to all parties attending the deposition when the original transcript of the testimony for each session of the deposition is available for reading, correcting, and signing, unless the deponent and the attending parties agree on the record that the reading, correcting, and signing of the transcript of the testimony will be waived or that the reading, correcting, and signing of a transcript of the testimony will take place after the entire deposition has been concluded or at some other specific time. For 30 days following each such notice, unless the attending parties and the deponent agree on the record or otherwise in writing to a longer or shorter time period, the deponent may change the form or the substance of the answer to a question, and may either approve the transcript of the deposition by signing it, or refuse to approve the transcript by not signing it.

Alternatively, within this same period, the deponent may change the form or the substance of the answer to any question and may approve or refuse to approve the transcript by means of a letter to the deposition officer signed by the deponent which is mailed by certified or registered mail with return receipt requested. A copy of that letter shall be sent by first-class mail to all parties attending the deposition. For good cause shown, the court may shorten the 30-day period for making changes, approving, or refusing to approve the transcript.

The deposition officer shall indicate on the original of the transcript, if the deponent has not already done so at the office of the deposition officer, any action taken by the deponent and indicate on the original of the transcript, the deponent's approval of, or failure or refusal to approve, the transcript. The deposition officer shall also notify in writing the parties attending the deposition of any changes which the deponent timely made in person. If the deponent fails or refuses to approve the transcript within the allotted period, the deposition shall be given the same effect as though it had been approved, subject to any changes timely made by the deponent. However, on a seasonable motion to suppress the deposition, accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion, the court may determine that the reasons given for the failure or refusal to approve the transcript require rejection of the deposition in whole or in part.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to suppress a deposition, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(2) If there is no stenographic transcription of the deposition, the deposition officer shall send written notice to the deponent and to all parties attending the deposition that the recording is available for review, unless the deponent and all these parties agree on the record to waive the hearing or viewing of an audiotape or videotape recording of the testimony. For 30 days following this notice the deponent, either in person or by signed letter to the deposition officer, may change the substance of the answer to any question.

The deposition officer shall set forth in a writing to accompany the recording any changes made by the deponent, as well as either the deponent's signature identifying the deposition as his or her own, or a statement of the deponent's failure to supply the signature, or to contact the officer within the allotted period. When a deponent fails to contact the officer within the allotted period, or expressly refuses by a signature to identify the deposition as his or her own, the deposition shall be given the same effect as though signed. However, on a seasonable motion to suppress the deposition, accompanied by a declaration stating facts showing a reasonable and good faith

attempt at an informal resolution of each issue presented by the motion, the court may determine that the reasons given for the refusal to sign require rejection of the deposition in whole or in part.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to suppress a deposition, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(r) (1) The deposition officer shall certify on the transcript of the deposition, or in a writing accompanying an audiotaped or videotaped deposition as described in paragraph (2) of subdivision (q), that the deponent was duly sworn and that the transcript or recording is a true record of the testimony given and of any changes made by the deponent.

(2) When prepared as a rough draft transcript, the transcript of the deposition may not be certified and may not be used, cited, or transcribed as the certified transcript of the deposition proceedings. The rough draft transcript may not be cited or used in any way or at any time to rebut or contradict the certified transcript of deposition proceedings as provided by the deposition officer.

(s) (1) The certified transcript of a deposition shall not be filed with the court. Instead, the deposition officer shall securely seal that transcript in an envelope or package endorsed with the title of the action and marked: "Deposition of (here insert name of deponent)," and shall promptly transmit it to the attorney for the party who noticed the deposition. This attorney shall store it under conditions that will protect it against loss, destruction, or tampering.

The attorney to whom the transcript of a deposition is transmitted shall retain custody of it until six months after final disposition of the action. At that time, the transcript may be destroyed, unless the court, on motion of any party and for good cause shown, orders that the transcript be preserved for a longer period.

(2) An audiotape or videotape record of deposition testimony, including a certified tape made by an operator qualified under subparagraph (B) of paragraph (2) of subdivision (*l*), shall not be filed with the court. Instead, the operator shall retain custody of that record and shall store it under conditions that will protect it against loss, destruction, or tampering, and preserve as far as practicable the quality of the tape and the integrity of the testimony and images it contains.

At the request of any party to the action, including a party who did not attend the taking of the deposition testimony, or at the request of the deponent, that operator shall promptly (A) permit the one making the request to hear or to view the tape on receipt of payment of a reasonable charge for providing the facilities for hearing or viewing the tape, and (B) furnish a copy of the audiotape or the videotape recording to the one making the request on receipt of payment of the reasonable cost of making that copy of the tape.

The attorney or operator who has custody of an audiotape or videotape record of deposition testimony shall retain custody of it until six months after final disposition of the action. At that time, the audiotape or videotape may be destroyed or erased, unless the court, on motion of any party and for good cause shown, orders that the tape be preserved for a longer period.

(t) Once any party has taken the deposition of any natural person, including that of a party to the action, neither the party who gave, nor any other party who has been served with a deposition notice pursuant to subdivision (c) may take a subsequent deposition of that deponent. However, for good cause shown, the court may grant leave to take a subsequent deposition, and the parties, with the consent of any deponent who is not a party, may stipulate that a subsequent deposition be taken. This subdivision does not preclude taking one subsequent deposition of a natural person who has previously been examined (1) as a result of that person's designation to testify on behalf of an organization under subdivision (d), or (2) for the limited purpose of discovering pursuant to Section 485.230 the identity, location, and value of property in which the deponent has an interest. This subdivision does not authorize the taking of more than one deposition for the limited purpose of Section 485.230.

(u) At the trial or any other hearing in the action, any part or all of a deposition may be used against any party who was present or represented at the taking of the deposition, or who had due notice of the deposition and did not serve a valid objection under subdivision (g), so far as admissible under the rules of evidence applied as though the deponent were then present and testifying as a witness, in accordance with the following provisions:

(1) Any party may use a deposition for the purpose of contradicting or impeaching the testimony of the deponent as a witness, or for any other purpose permitted by the Evidence Code.

(2) An adverse party may use for any purpose, a deposition of a party to the action, or of anyone who at the time of taking the deposition was an officer, director, managing agent, employee, agent, or designee under subdivision (d) of a party. It is not ground for objection to the use of a deposition of a party under this paragraph by an adverse party that the deponent is available to testify, has testified, or will testify at the trial or other hearing.

(3) Any party may use for any purpose the deposition of any person or organization, including that of any party to the action, if the court finds any of the following:

(A) The deponent resides more than 150 miles from the place of the trial or other hearing.

(B) The deponent, without the procurement or wrongdoing of the proponent of the deposition for the purpose of preventing testimony in open court, is (i) exempted or precluded on the ground of privilege from testifying concerning the matter to which the deponent's testimony is relevant, (ii) disqualified from testifying,

(iii) dead or unable to attend or testify because of existing physical or mental illness or infirmity, (iv) absent from the trial or other hearing and the court is unable to compel the deponent's attendance by its process, or (v) absent from the trial or other hearing and the proponent of the deposition has exercised reasonable diligence but has been unable to procure the deponent's attendance by the court's process.

(C) Exceptional circumstances exist that make it desirable to allow the use of any deposition in the interests of justice and with due regard to the importance of presenting the testimony of witnesses orally in open court.

(4) Any party may use a videotape deposition of a treating or consulting physician or of any expert witness even though the deponent is available to testify if the deposition notice under subdivision (d) reserved the right to use the deposition at trial, and if that party has complied with subparagraph (I) of paragraph (2) of subdivision (*l*).

(5) Subject to the requirements of this section, a party may offer in evidence all or any part of a deposition, and if the party introduces only part of the deposition, any other party may introduce any other parts that are relevant to the parts introduced.

(6) Substitution of parties does not affect the right to use depositions previously taken.

(7) When an action has been brought in any court of the United States or of any state, and another action involving the same subject matter is subsequently brought between the same parties or their representatives or successors in interest, all depositions lawfully taken and duly filed in the initial action may be used in the subsequent action as if originally taken in that subsequent action. A deposition previously taken may also be used as permitted by the Evidence Code.

SEC. 3. Section 2025 of the Code of Civil Procedure is amended to read:

2025. (a) Any party may obtain discovery within the scope delimited by Section 2017, and subject to the restrictions set forth in Section 2019, by taking in California the oral deposition of any person, including any party to the action. The person deposed may be a natural person, an organization such as a public or private corporation, a partnership, an association, or a governmental agency.

(b) Subject to subdivisions (f) and (t), an oral deposition may be taken as follows:

(1) The defendant may serve a deposition notice without leave of court at any time after that defendant has been served or has appeared in the action, whichever occurs first.

(2) The plaintiff may serve a deposition notice without leave of court on any date that is 20 days after the service of the summons on, or appearance by, any defendant. However, on motion with or

without notice, the court, for good cause shown, may grant to a plaintiff leave to serve a deposition notice on an earlier date.

(c) A party desiring to take the oral deposition of any person shall give notice in writing in the manner set forth in subdivision (d). However, where under subdivision (d) of Section 2020 only the production by a nonparty of business records for copying is desired, a copy of the deposition subpoena shall serve as the notice of deposition. The notice of deposition shall be given to every other party who has appeared in the action. The deposition notice, or the accompanying proof of service, shall list all the parties or attorneys for parties on whom it is served.

Where, as defined in subdivision (a) of Section 1985.3, the party giving notice of the deposition is a subpoenaing party, and the deponent is a witness commanded by a deposition subpoena to produce personal records of a consumer, the subpoenaing party shall serve on that consumer (1) a notice of the deposition, (2) the notice of privacy rights specified in subdivision (e) of Section 1985.3, and (3) a copy of the deposition subpoena.

(d) The deposition notice shall state all of the following:

(1) The address where the deposition will be taken.

(2) The date of the deposition, selected under subdivision (f), and the time it will commence.

(3) The name of each deponent, and the address and telephone number, if known, of any deponent who is not a party to the action. If the name of the deponent is not known, the deposition notice shall set forth instead a general description sufficient to identify the person or particular class to which the person belongs.

(4) The specification with reasonable particularity of any materials or category of materials to be produced by the deponent.

(5) Any intention to record the testimony by audiotape or videotape, in addition to recording the testimony by the stenographic method as required by paragraph (1) of subdivision (*l*) and any intention to record the testimony by stenographic method, through the instant visual display of the testimony. In the latter event, a copy of the deposition notice shall also be given to the deposition officer. Any offer to provide the instant visual display of the testimony or to provide rough draft transcripts to any party which is accepted prior to, or offered at, the deposition shall also be made by the deposition officer at the deposition to all parties in attendance.

(6) Any intention to reserve the right to use at trial a videotape deposition of a treating or consulting physician or of any expert witness under paragraph (4) of subdivision (u). In this event, the operator of the videotape camera shall be a person who is authorized to administer an oath, and shall not be financially interested in the action or be a relative or employee of any attorney of any of the parties.

If the deponent named is not a natural person, the deposition notice shall describe with reasonable particularity the matters on

which examination is requested. In that event, the deponent shall designate and produce at the deposition those of its officers, directors, managing agents, employees, or agents who are most qualified to testify on its behalf as to those matters to the extent of any information known or reasonably available to the deponent. A deposition subpoena shall advise a nonparty deponent of its duty to make this designation, and shall describe with reasonable particularity the matters on which examination is requested.

If the attendance of the deponent is to be compelled by service of a deposition subpoena under Section 2020, an identical copy of that subpoena shall be served with the deposition notice.

(e) (1) The deposition of a natural person, whether or not a party to the action, shall be taken at a place that is, at the option of the party giving notice of the deposition, either within 75 miles of the deponent's residence, or within the county where the action is pending and within 150 miles of the deponent's residence, unless the court orders otherwise under paragraph (3).

(2) The deposition of an organization that is a party to the action shall be taken at a place that is, at the option of the party giving notice of the deposition, either within 75 miles of the organization's principal executive or business office in California, or within the county where the action is pending and within 150 miles of that office. The deposition of any other organization shall be taken within 75 miles of the organization's principal executive or business office in California, unless the organization consents to a more distant place. If the organization has not designated a principal executive or business office in California, the deposition shall be taken at a place that is, at the option of the party giving notice of the deposition, either within the county where the action is pending, or within 75 miles of any executive or business office in California of the organization.

(3) A party desiring to take the deposition of a natural person who is a party to the action or an officer, director, managing agent, or employee of a party may make a motion for an order that the deponent attend for deposition at a place that is more distant than that permitted under paragraph (1). This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of any issue presented by the motion.

In exercising its discretion to grant or deny this motion, the court shall take into consideration any factor tending to show whether the interests of justice will be served by requiring the deponent's attendance at that more distant place, including, but not limited to, the following:

(A) Whether the moving party selected the forum.

(B) Whether the deponent will be present to testify at the trial of the action.

(C) The convenience of the deponent.

(D) The feasibility of conducting the deposition by written questions under Section 2028, or of using a discovery method other than a deposition.

(E) The number of depositions sought to be taken at a place more distant than that permitted under paragraph (1).

(F) The expense to the parties of requiring the deposition to be taken within the distance permitted under paragraph (1).

(G) The whereabouts of the deponent at the time for which the deposition is scheduled.

The order may be conditioned on the advancement by the moving party of the reasonable expenses and costs to the deponent for travel to the place of deposition.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to increase travel limits for party deponent, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(f) An oral deposition shall be scheduled for a date at least 10 days after service of the deposition notice. If, as defined in subdivision (a) of Section 1985.3, the party giving notice of the deposition is a subpoenaing party, and the deponent is a witness commanded by a deposition subpoena to produce personal records of a consumer, the deposition shall be scheduled for a date at least 20 days after issuance of that subpoena. However, in unlawful detainer actions, an oral deposition shall be scheduled for a date at least five days after service of the deposition notice, but not later than five days before trial.

On motion or ex parte application of any party or deponent, for good cause shown, the court may shorten or extend the time for scheduling a deposition, or may stay its taking until the determination of a motion for a protective order under subdivision (i).

(g) Any party served with a deposition notice that does not comply with subdivisions (b) to (f), inclusive, waives any error or irregularity unless that party promptly serves a written objection specifying that error or irregularity at least three calendar days prior to the date for which the deposition is scheduled, on the party seeking to take the deposition and any other attorney or party on whom the deposition notice was served. If an objection is made three calendar days before the deposition date, the objecting party shall make personal service of that objection pursuant to Section 1011 on the party who gave notice of the deposition. Any deposition taken after the service of a written objection shall not be used against the objecting party under subdivision (u) if the party did not attend the deposition and if the court determines that the objection was a valid one.

In addition to serving this written objection, a party may also move for an order staying the taking of the deposition and quashing the

deposition notice. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of any issue presented by the motion. The taking of the deposition is stayed pending the determination of this motion.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to quash a deposition notice, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(h) (1) The service of a deposition notice under subdivision (c) is effective to require any deponent who is a party to the action or an officer, director, managing agent, or employee of a party to attend and to testify, as well as to produce any document or tangible thing for inspection and copying.

(2) The attendance and testimony of any other deponent, as well as the production by the deponent of any document or tangible thing for inspection and copying, requires the service on the deponent of a deposition subpoena under Section 2020.

(i) Before, during, or after a deposition, any party, any deponent, or any other affected natural person or organization may promptly move for a protective order. The motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

The court, for good cause shown, may make any order that justice requires to protect any party, deponent, or other natural person or organization from unwarranted annoyance, embarrassment, or oppression, or undue burden and expense. This protective order may include, but is not limited to, one or more of the following directions:

(1) That the deposition not be taken at all.

(2) That the deposition be taken at a different time.

(3) That a videotape deposition of a treating or consulting physician or of any expert witness, intended for possible use at trial under paragraph (4) of subdivision (u), be postponed until the moving party has had an adequate opportunity to prepare, by discovery deposition of the deponent, or other means, for cross-examination.

(4) That the deposition be taken at a place other than that specified in the deposition notice, if it is within a distance permitted by subdivision (e).

(5) That the deposition be taken only on certain specified terms and conditions.

(6) That the deponent's testimony be taken by written, instead of oral, examination.

(7) That the method of discovery be interrogatories to a party instead of an oral deposition.

(8) That the testimony be recorded in a manner different from that specified in the deposition notice.

(9) That certain matters not be inquired into.

(10) That the scope of the examination be limited to certain matters.

(11) That all or certain of the writings or tangible things designated in the deposition notice not be produced, inspected, or copied.

(12) That designated persons, other than the parties to the action and their officers and counsel, be excluded from attending the deposition.

(13) That a trade secret or other confidential research, development, or commercial information not be disclosed or be disclosed only to specified persons or only in a specified way.

(14) That the parties simultaneously file specified documents enclosed in sealed envelopes to be opened as directed by the court.

(15) That the deposition be sealed and thereafter opened only on order of the court.

If the motion for a protective order is denied in whole or in part, the court may order that the deponent provide or permit the discovery against which protection was sought on those terms and conditions that are just.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for a protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(j) (1) If the party giving notice of a deposition fails to attend or proceed with it, the court shall impose a monetary sanction under Section 2023 against that party, or the attorney for that party, or both, and in favor of any party attending in person or by attorney, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(2) If a deponent does not appear for a deposition because the party giving notice of the deposition failed to serve a required deposition subpoena, the court shall impose a monetary sanction under Section 2023 against that party, or the attorney for that party, or both, in favor of any other party who, in person or by attorney, attended at the time and place specified in the deposition notice in the expectation that the deponent's testimony would be taken, unless the court finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a deponent on whom a deposition subpoena has been served fails to attend a deposition or refuses to be sworn as a witness, the court may impose on the deponent the sanctions described in subdivision (h) of Section 2020.

(3) If, after service of a deposition notice, a party to the action or an officer, director, managing agent, or employee of a party, or a person designated by an organization that is a party under

subdivision (d), without having served a valid objection under subdivision (g), fails to appear for examination, or to proceed with it, or to produce for inspection any document or tangible thing described in the deposition notice, the party giving the notice may move for an order compelling the deponent's attendance and testimony, and the production for inspection of any document or tangible thing described in the deposition notice. This motion (A) shall set forth specific facts showing good cause justifying the production for inspection of any document or tangible thing described in the deposition notice, and (B) shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by it or, when the deponent fails to attend the deposition and produce the documents or things described in the deposition notice, by a declaration stating that the petitioner has contacted the deponent to inquire about the nonappearance. If this motion is granted, the court shall also impose a monetary sanction under Section 2023 against the deponent or the party with whom the deponent is affiliated, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust. On motion of any other party who, in person or by attorney, attended at the time and place specified in the deposition notice in the expectation that the deponent's testimony would be taken, the court shall also impose a monetary sanction under Section 2023, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If that party or party-affiliated deponent then fails to obey an order compelling attendance, testimony, and production, the court may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023 against that party deponent or against the party with whom the deponent is affiliated. In lieu of or in addition to this sanction, the court may impose a monetary sanction under Section 2023 against that deponent or against the party with whom that party deponent is affiliated, and in favor of any party who, in person or by attorney, attended in the expectation that the deponent's testimony would be taken pursuant to that order.

(k) Except as provided in paragraph (3) of subdivision (d) of Section 2020, the deposition shall be conducted under the supervision of an officer who is authorized to administer an oath. This officer shall not be financially interested in the action and shall not be a relative or employee of any attorney of any of the parties, or of any of the parties. Any objection to the qualifications of the deposition officer is waived unless made before the deposition begins or as soon thereafter as the ground for that objection becomes known or could be discovered by reasonable diligence.

(*l*) (1) The deposition officer shall put the deponent under oath. Unless the parties agree or the court orders otherwise, the testimony, as well as any stated objections, shall be taken stenographically. The party noticing the deposition may also record the testimony by audiotape or videotape if the notice of deposition stated an intention also to record the testimony by either of those methods, or if all the parties agree that the testimony may also be recorded by either of those methods. Any other party, at that party's expense, may make a simultaneous audiotape or videotape record of the deposition, provided that other party promptly, and in no event less than three calendar days before the date for which the deposition is scheduled, serves a written notice of this intention to audiotape or videotape the deposition testimony on the party or attorney who noticed the deposition, on all other parties or attorneys on whom the deposition notice was served under subdivision (c), and on any deponent whose attendance is being compelled by a deposition subpoena under Section 2020. If this notice is given three calendar days before the deposition date, it shall be made by personal service under Section 1011. Examination and cross-examination of the deponent shall proceed as permitted at trial under the provisions of the Evidence Code.

(2) If the deposition is being recorded by means of audiotape or videotape, the following procedure shall be observed:

(A) The area used for recording the deponent's oral testimony shall be suitably large, adequately lighted, and reasonably quiet.

(B) The operator of the recording equipment shall be competent to set up, operate, and monitor the equipment in the manner prescribed in this subdivision. The operator may be an employee of the attorney taking the deposition unless the operator is also the deposition officer. However, if a videotape of deposition testimony is to be used under paragraph (4) of subdivision (u), the operator of the recording equipment shall be a person who is authorized to administer an oath, and shall not be financially interested in the action or be a relative or employee of any attorney of any of the parties, unless all parties attending the deposition agree on the record to waive these qualifications and restrictions.

(C) The operator shall not distort the appearance or the demeanor of participants in the deposition by the use of camera or sound recording techniques.

(D) The deposition shall begin with an oral or written statement on camera or on the audiotape that includes the operator's name and business address, the name and business address of the operator's employer, the date, time, and place of the deposition, the caption of the case, the name of the deponent, a specification of the party on whose behalf the deposition is being taken, and any stipulations by the parties.

(E) Counsel for the parties shall identify themselves on camera or on the audiotape.

(F) The oath shall be administered to the deponent on camera or on the audiotape.

(G) If the length of a deposition requires the use of more than one unit of tape, the end of each unit and the beginning of each succeeding unit shall be announced on camera or on the audiotape.

(H) At the conclusion of a deposition, a statement shall be made on camera or on the audiotape that the deposition is ended and shall set forth any stipulations made by counsel concerning the custody of the audiotape or videotape recording and the exhibits, or concerning other pertinent matters.

(I) A party intending to offer an audiotaped or videotaped recording of a deposition in evidence under subdivision (u) shall notify the court and all parties in writing of that intent and of the parts of the deposition to be offered within sufficient time for objections to be made and ruled on by the judge to whom the case is assigned for trial or hearing, and for any editing of the tape. Objections to all or part of the deposition shall be made in writing. The court may permit further designations of testimony and objections as justice may require. With respect to those portions of an audiotaped or videotaped deposition that are not designated by any party or that are ruled to be objectionable, the court may order that the party offering the recording of the deposition at the trial or hearing suppress those portions, or that an edited version of the deposition tape be prepared for use at the trial or hearing. The original audiotape or videotape of the deposition shall be preserved unaltered. If no stenographic record of the deposition testimony has previously been made, the party offering a videotape or an audiotape recording of that testimony under subdivision (u) shall accompany that offer with a stenographic transcript prepared from that recording.

(3) In lieu of participating in the oral examination, parties may transmit written questions in a sealed envelope to the party taking the deposition for delivery to the deposition officer, who shall unseal the envelope and propound them to the deponent after the oral examination has been completed.

(m) (1) The protection of information from discovery on the ground that it is privileged or that it is protected work product under Section 2018 is waived unless a specific objection to its disclosure is timely made during the deposition.

(2) Errors and irregularities of any kind occurring at the oral examination that might be cured if promptly presented are waived unless a specific objection to them is timely made during the deposition. These errors and irregularities include, but are not limited to, those relating to the manner of taking the deposition, to the oath or affirmation administered, to the conduct of a party, attorney, deponent, or deposition officer, or to the form of any question or answer. Unless the objecting party demands that the taking of the deposition be suspended to permit a motion for a

protective order under subdivision (n), the deposition shall proceed subject to the objection.

(3) Objections to the competency of the deponent, or to the relevancy, materiality, or admissibility at trial of the testimony or of the materials produced are unnecessary and are not waived by failure to make them before or during the deposition.

(4) If a deponent fails to answer any question or to produce any document or tangible thing under the deponent's control that is specified in the deposition notice or a deposition subpoena, the party seeking that answer or production may adjourn the deposition or complete the examination on other matters without waiving the right at a later time to move for an order compelling that answer or production under subdivision (o).

(n) The deposition officer shall not suspend the taking of testimony without stipulation of the party conducting the deposition and the deponent unless any party attending the deposition or the deponent demands the taking of testimony be suspended to enable that party or deponent to move for a protective order on the ground that the examination is being conducted in bad faith or in a manner that unreasonably annoys, embarrasses, or oppresses that deponent or party. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. The court, for good cause shown, may terminate the examination or may limit the scope and manner of taking the deposition as provided in subdivision (i). If the order terminates the examination, the deposition shall not thereafter be resumed, except on order of the court.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for this protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(o) If a deponent fails to answer any question or to produce any document or tangible thing under the deponent's control that is specified in the deposition notice or a deposition subpoena, the party seeking discovery may move the court for an order compelling that answer or production. This motion shall be made no later than 60 days after the completion of the record of the deposition, and shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. Notice of this motion shall be given to all parties, and to the deponent either orally at the examination, or by subsequent service in writing. If the notice of the motion is given orally, the deposition officer shall direct the deponent to attend a session of the court at the time specified in the notice. Not less than five days prior to the hearing on this motion, the moving party shall lodge with the court a certified copy of any parts of the stenographic transcript of the deposition that are relevant to the motion. If a deposition is

recorded by audiotape or videotape, the moving party is required to lodge a certified copy of a transcript of any parts of the deposition that are relevant to the motion. If the court determines that the answer or production sought is subject to discovery, it shall order that the answer be given or the production be made on the resumption of the deposition.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel answer or production, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a deponent fails to obey an order entered under this subdivision, the failure may be considered a contempt of court. In addition, if the disobedient deponent is a party to the action or an officer, director, managing agent, or employee of a party, the court may make those orders that are just against the disobedient party, or against the party with whom the disobedient deponent is affiliated, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to this sanction, the court may impose a monetary sanction under Section 2023 against that party deponent or against any party with whom the deponent is affiliated.

(p) Unless the parties agree otherwise, the testimony at any deposition recorded by stenographic means shall be transcribed. The party noticing the deposition shall bear the cost of that transcription, unless the court, on motion and for good cause shown, orders that the cost be borne or shared by another party. Any other party, at that party's expense, may obtain a copy of the transcript. If the deposition officer receives a request from a party for an original or a copy of the deposition transcript, or any portion thereof, and the document will be available to that party prior to the time the original or copy would be available to any other party, the deposition officer shall immediately notify all other parties attending the deposition of the request, and shall, upon request by any party other than the party making the original request, make that copy of the full or partial deposition transcript available to all parties at the same time. Stenographic notes of depositions shall be retained by the reporter for a period of not less than eight years from the date of the deposition, where no transcript is produced, and not less than one year from the date on which the transcript is produced. Those notes may be either on paper or electronic media, as long as it allows for satisfactory production of a transcript at any time during the periods specified. At the request of any other party to the action, including a party who did not attend the taking of the deposition testimony, any party who records or causes the recording of that testimony by means of audiotape or videotape shall promptly (1) permit that other party to hear the audiotape or to view the videotape, and (2) furnish a copy

of the audiotape or videotape to that other party on receipt of payment of the reasonable cost of making that copy of the tape.

If the testimony at the deposition is recorded both stenographically, and by audiotape or videotape, the stenographic transcript is the official record of that testimony for the purpose of the trial and any subsequent hearing or appeal.

(q) (1) If the deposition testimony is stenographically recorded, the deposition officer shall send written notice to the deponent and to all parties attending the deposition when the original transcript of the testimony for each session of the deposition is available for reading, correcting, and signing, unless the deponent and the attending parties agree on the record that the reading, correcting, and signing of the transcript of the testimony will be waived or that the reading, correcting, and signing of a transcript of the testimony will take place after the entire deposition has been concluded or at some other specific time. For 30 days following each such notice, unless the attending parties and the deponent agree on the record or otherwise in writing to a longer or shorter time period, the deponent may change the form or the substance of the answer to a question, and may either approve the transcript of the deposition by signing it, or refuse to approve the transcript by not signing it.

Alternatively, within this same period, the deponent may change the form or the substance of the answer to any question and may approve or refuse to approve the transcript by means of a letter to the deposition officer signed by the deponent which is mailed by certified or registered mail with return receipt requested. A copy of that letter shall be sent by first-class mail to all parties attending the deposition. For good cause shown, the court may shorten the 30-day period for making changes, approving, or refusing to approve the transcript.

The deposition officer shall indicate on the original of the transcript, if the deponent has not already done so at the office of the deposition officer, any action taken by the deponent and indicate on the original of the transcript, the deponent's approval of, or failure or refusal to approve, the transcript. The deposition officer shall also notify in writing the parties attending the deposition of any changes which the deponent timely made in person. If the deponent fails or refuses to approve the transcript within the allotted period, the deposition shall be given the same effect as though it had been approved, subject to any changes timely made by the deponent. However, on a seasonable motion to suppress the deposition, accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion, the court may determine that the reasons given for the failure or refusal to approve the transcript require rejection of the deposition in whole or in part.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or

opposes a motion to suppress a deposition, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(2) If there is no stenographic transcription of the deposition, the deposition officer shall send written notice to the deponent and to all parties attending the deposition that the recording is available for review, unless the deponent and all these parties agree on the record to waive the hearing or viewing of an audiotape or videotape recording of the testimony. For 30 days following this notice the deponent, either in person or by signed letter to the deposition officer, may change the substance of the answer to any question.

The deposition officer shall set forth in a writing to accompany the recording any changes made by the deponent, as well as either the deponent's signature identifying the deposition as his or her own, or a statement of the deponent's failure to supply the signature, or to contact the officer within the allotted period. When a deponent fails to contact the officer within the allotted period, or expressly refuses by a signature to identify the deposition as his or her own, the deposition shall be given the same effect as though signed. However, on a seasonable motion to suppress the deposition, accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion, the court may determine that the reasons given for the refusal to sign require rejection of the deposition in whole or in part.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to suppress a deposition, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(r) (1) The deposition officer shall certify on the transcript of the deposition, or in a writing accompanying an audiotaped or videotaped deposition as described in paragraph (2) of subdivision (q), that the deponent was duly sworn and that the transcript or recording is a true record of the testimony given.

(2) When prepared as a rough draft transcript, the transcript of the deposition may not be certified and may not be used, cited, or transcribed as the certified transcript of the deposition proceedings. The rough draft transcript may not be cited or used in any way or at any time to rebut or contradict the certified transcript of deposition proceedings as provided by the deposition officer.

(s) (1) The certified transcript of a deposition shall not be filed with the court. Instead, the deposition officer shall securely seal that transcript in an envelope or package endorsed with the title of the action and marked: "Deposition of (here insert name of deponent)," and shall promptly transmit it to the attorney for the party who noticed the deposition. This attorney shall store it under conditions that will protect it against loss, destruction, or tampering.

The attorney to whom the transcript of a deposition is transmitted shall retain custody of it until six months after final disposition of the action. At that time, the transcript may be destroyed, unless the court, on motion of any party and for good cause shown, orders that the transcript be preserved for a longer period.

(2) An audiotape or videotape record of deposition testimony, including a certified tape made by an operator qualified under subparagraph (B) of paragraph (2) of subdivision (*l*), shall not be filed with the court. Instead, the operator shall retain custody of that record and shall store it under conditions that will protect it against loss, destruction, or tampering, and preserve as far as practicable the quality of the tape and the integrity of the testimony and images it contains.

At the request of any party to the action, including a party who did not attend the taking of the deposition testimony, or at the request of the deponent, that operator shall promptly (A) permit the one making the request to hear or to view the tape on receipt of payment of a reasonable charge for providing the facilities for hearing or viewing the tape, and (B) furnish a copy of the audiotape or the videotape recording to the one making the request on receipt of payment of the reasonable cost of making that copy of the tape.

The attorney or operator who has custody of an audiotape or videotape record of deposition testimony shall retain custody of it until six months after final disposition of the action. At that time, the audiotape or videotape may be destroyed or erased, unless the court, on motion of any party and for good cause shown, orders that the tape be preserved for a longer period.

(t) Once any party has taken the deposition of any natural person, including that of a party to the action, neither the party who gave, nor any other party who has been served with a deposition notice pursuant to subdivision (c) may take a subsequent deposition of that deponent. However, for good cause shown, the court may grant leave to take a subsequent deposition, and the parties, with the consent of any deponent who is not a party, may stipulate that a subsequent deposition be taken. This subdivision does not preclude taking one subsequent deposition of a natural person who has previously been examined (1) as a result of that person's designation to testify on behalf of an organization under subdivision (d), or (2) for the limited purpose of discovering pursuant to Section 485.230 the identity, location, and value of property in which the deponent has an interest. This subdivision does not authorize the taking of more than one deposition for the limited purpose of Section 485.230.

(u) At the trial or any other hearing in the action, any part or all of a deposition may be used against any party who was present or represented at the taking of the deposition, or who had due notice of the deposition and did not serve a valid objection under subdivision (g), so far as admissible under the rules of evidence

applied as though the deponent were then present and testifying as a witness, in accordance with the following provisions:

(1) Any party may use a deposition for the purpose of contradicting or impeaching the testimony of the deponent as a witness, or for any other purpose permitted by the Evidence Code.

(2) An adverse party may use for any purpose, a deposition of a party to the action, or of anyone who at the time of taking the deposition was an officer, director, managing agent, employee, agent, or designee under subdivision (d) of a party. It is not ground for objection to the use of a deposition of a party under this paragraph by an adverse party that the deponent is available to testify, has testified, or will testify at the trial or other hearing.

(3) Any party may use for any purpose the deposition of any person or organization, including that of any party to the action, if the court finds any of the following:

(A) The deponent resides more than 150 miles from the place of the trial or other hearing.

(B) The deponent, without the procurement or wrongdoing of the proponent of the deposition for the purpose of preventing testimony in open court, is (i) exempted or precluded on the ground of privilege from testifying concerning the matter to which the deponent's testimony is relevant, (ii) disqualified from testifying, (iii) dead or unable to attend or testify because of existing physical or mental illness or infirmity, (iv) absent from the trial or other hearing and the court is unable to compel the deponent's attendance by its process, or (v) absent from the trial or other hearing and the proponent of the deposition has exercised reasonable diligence but has been unable to procure the deponent's attendance by the court's process.

(C) Exceptional circumstances exist that make it desirable to allow the use of any deposition in the interests of justice and with due regard to the importance of presenting the testimony of witnesses orally in open court.

(4) Any party may use a videotape deposition of a treating or consulting physician or of any expert witness even though the deponent is available to testify if the deposition notice under subdivision (d) reserved the right to use the deposition at trial, and if that party has complied with subparagraph (I) of paragraph (2) of subdivision (*l*).

(5) Subject to the requirements of this section, a party may offer in evidence all or any part of a deposition, and if the party introduces only part of the deposition, any other party may introduce any other parts that are relevant to the parts introduced.

(6) Substitution of parties does not affect the right to use depositions previously taken.

(7) When an action has been brought in any court of the United States or of any state, and another action involving the same subject matter is subsequently brought between the same parties or their

representatives or successors in interest, all depositions lawfully taken and duly filed in the initial action may be used in the subsequent action as if originally taken in that subsequent action. A deposition previously taken may also be used as permitted by the Evidence Code.

SEC. 4. Section 2025 of the Code of Civil Procedure is amended to read:

2025. (a) Any party may obtain discovery within the scope delimited by Section 2017, and subject to the restrictions set forth in Section 2019, by taking in California the oral deposition of any person, including any party to the action. The person deposed may be a natural person, an organization such as a public or private corporation, a partnership, an association, or a governmental agency.

(b) Subject to subdivisions (f) and (t), an oral deposition may be taken as follows:

(1) The defendant may serve a deposition notice without leave of court at any time after that defendant has been served or has appeared in the action, whichever occurs first.

(2) The plaintiff may serve a deposition notice without leave of court on any date that is 20 days after the service of the summons on, or appearance by, any defendant. However, on motion with or without notice, the court, for good cause shown, may grant to a plaintiff leave to serve a deposition notice on an earlier date.

(c) A party desiring to take the oral deposition of any person shall give notice in writing in the manner set forth in subdivision (d). However, where under subdivision (d) of Section 2020 only the production by a nonparty of business records for copying is desired, a copy of the deposition subpoena shall serve as the notice of deposition. The notice of deposition shall be given to every other party who has appeared in the action. The deposition notice, or the accompanying proof of service, shall list all the parties or attorneys for parties on whom it is served.

Where, as defined in subdivision (a) of Section 1985.3, the party giving notice of the deposition is a subpoenaing party, and the deponent is a witness commanded by a deposition subpoena to produce personal records of a consumer, the subpoenaing party shall serve on that consumer (1) a notice of the deposition, (2) the notice of privacy rights specified in subdivision (e) of Section 1985.3 and in Section 1985.6, and (3) a copy of the deposition subpoena.

(d) The deposition notice shall state all of the following:

(1) The address where the deposition will be taken.

(2) The date of the deposition, selected under subdivision (f), and the time it will commence.

(3) The name of each deponent, and the address and telephone number, if known, of any deponent who is not a party to the action. If the name of the deponent is not known, the deposition notice shall set forth instead a general description sufficient to identify the person or particular class to which the person belongs.

(4) The specification with reasonable particularity of any materials or category of materials to be produced by the deponent.

(5) Any intention to record the testimony by audiotape or videotape, in addition to recording the testimony by the stenographic method as required by paragraph (1) of subdivision (*l*) and any intention to record the testimony by stenographic method, through the instant visual display of the testimony. In the latter event, a copy of the deposition notice shall also be given to the deposition officer. Any offer to provide the instant visual display of the testimony or to provide rough draft transcripts to any party which is accepted prior to, or offered at, the deposition shall also be made by the deposition officer at the deposition to all parties in attendance.

(6) Any intention to reserve the right to use at trial a videotape deposition of a treating or consulting physician or of any expert witness under paragraph (4) of subdivision (u). In this event, the operator of the videotape camera shall be a person who is authorized to administer an oath, and shall not be financially interested in the action or be a relative or employee of any attorney of any of the parties.

If the deponent named is not a natural person, the deposition notice shall describe with reasonable particularity the matters on which examination is requested. In that event, the deponent shall designate and produce at the deposition those of its officers, directors, managing agents, employees, or agents who are most qualified to testify on its behalf as to those matters to the extent of any information known or reasonably available to the deponent. A deposition subpoena shall advise a nonparty deponent of its duty to make this designation, and shall describe with reasonable particularity the matters on which examination is requested.

If the attendance of the deponent is to be compelled by service of a deposition subpoena under Section 2020, an identical copy of that subpoena shall be served with the deposition notice.

(e) (1) The deposition of a natural person, whether or not a party to the action, shall be taken at a place that is, at the option of the party giving notice of the deposition, either within 75 miles of the deponent's residence, or within the county where the action is pending and within 150 miles of the deponent's residence, unless the court orders otherwise under paragraph (3).

(2) The deposition of an organization that is a party to the action shall be taken at a place that is, at the option of the party giving notice of the deposition, either within 75 miles of the organization's principal executive or business office in California, or within the county where the action is pending and within 150 miles of that office. The deposition of any other organization shall be taken within 75 miles of the organization's principal executive or business office in California, unless the organization consents to a more distant place. If the organization has not designated a principal executive or business office in California, the deposition shall be taken at a place

that is, at the option of the party giving notice of the deposition, either within the county where the action is pending, or within 75 miles of any executive or business office in California of the organization.

(3) A party desiring to take the deposition of a natural person who is a party to the action or an officer, director, managing agent, or employee of a party may make a motion for an order that the deponent attend for deposition at a place that is more distant than that permitted under paragraph (1). This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of any issue presented by the motion.

In exercising its discretion to grant or deny this motion, the court shall take into consideration any factor tending to show whether the interests of justice will be served by requiring the deponent's attendance at that more distant place, including, but not limited to, the following:

(A) Whether the moving party selected the forum.

(B) Whether the deponent will be present to testify at the trial of the action.

(C) The convenience of the deponent.

(D) The feasibility of conducting the deposition by written questions under Section 2028, or of using a discovery method other than a deposition.

(E) The number of depositions sought to be taken at a place more distant than that permitted under paragraph (1).

(F) The expense to the parties of requiring the deposition to be taken within the distance permitted under paragraph (1).

(G) The whereabouts of the deponent at the time for which the deposition is scheduled.

The order may be conditioned on the advancement by the moving party of the reasonable expenses and costs to the deponent for travel to the place of deposition.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to increase travel limits for party deponent, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(f) An oral deposition shall be scheduled for a date at least 10 days after service of the deposition notice. If, as defined in subdivision (a) of Section 1985.3, the party giving notice of the deposition is a subpoenaing party, and the deponent is a witness commanded by a deposition subpoena to produce personal records of a consumer, the deposition shall be scheduled for a date at least 20 days after issuance of that subpoena. However, in unlawful detainer actions, an oral deposition shall be scheduled for a date at least five days after service of the deposition notice, but not later than five days before trial.

On motion or ex parte application of any party or deponent, for good cause shown, the court may shorten or extend the time for scheduling a deposition, or may stay its taking until the determination of a motion for a protective order under subdivision (i).

(g) Any party served with a deposition notice that does not comply with subdivisions (b) to (f), inclusive, waives any error or irregularity unless that party promptly serves a written objection specifying that error or irregularity at least three calendar days prior to the date for which the deposition is scheduled, on the party seeking to take the deposition and any other attorney or party on whom the deposition notice was served. If an objection is made three calendar days before the deposition date, the objecting party shall make personal service of that objection pursuant to Section 1011 on the party who gave notice of the deposition. Any deposition taken after the service of a written objection shall not be used against the objecting party under subdivision (u) if the party did not attend the deposition and if the court determines that the objection was a valid one.

In addition to serving this written objection, a party may also move for an order staying the taking of the deposition and quashing the deposition notice. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of any issue presented by the motion. The taking of the deposition is stayed pending the determination of this motion.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to quash a deposition notice, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(h) (1) The service of a deposition notice under subdivision (c) is effective to require any deponent who is a party to the action or an officer, director, managing agent, or employee of a party to attend and to testify, as well as to produce any document or tangible thing for inspection and copying.

(2) The attendance and testimony of any other deponent, as well as the production by the deponent of any document or tangible thing for inspection and copying, requires the service on the deponent of a deposition subpoena under Section 2020.

(i) Before, during, or after a deposition, any party, any deponent, or any other affected natural person or organization may promptly move for a protective order. The motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion.

The court, for good cause shown, may make any order that justice requires to protect any party, deponent, or other natural person or organization from unwarranted annoyance, embarrassment, or

oppression, or undue burden and expense. This protective order may include, but is not limited to, one or more of the following directions:

(1) That the deposition not be taken at all.

(2) That the deposition be taken at a different time.

(3) That a videotape deposition of a treating or consulting physician or of any expert witness, intended for possible use at trial under paragraph (4) of subdivision (u), be postponed until the moving party has had an adequate opportunity to prepare, by discovery deposition of the deponent, or other means, for cross-examination.

(4) That the deposition be taken at a place other than that specified in the deposition notice, if it is within a distance permitted by subdivision (e).

(5) That the deposition be taken only on certain specified terms and conditions.

(6) That the deponent's testimony be taken by written, instead of oral, examination.

(7) That the method of discovery be interrogatories to a party instead of an oral deposition.

(8) That the testimony be recorded in a manner different from that specified in the deposition notice.

(9) That certain matters not be inquired into.

(10) That the scope of the examination be limited to certain matters.

(11) That all or certain of the writings or tangible things designated in the deposition notice not be produced, inspected, or copied.

(12) That designated persons, other than the parties to the action and their officers and counsel, be excluded from attending the deposition.

(13) That a trade secret or other confidential research, development, or commercial information not be disclosed or be disclosed only to specified persons or only in a specified way.

(14) That the parties simultaneously file specified documents enclosed in sealed envelopes to be opened as directed by the court.

(15) That the deposition be sealed and thereafter opened only on order of the court.

If the motion for a protective order is denied in whole or in part, the court may order that the deponent provide or permit the discovery against which protection was sought on those terms and conditions that are just.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for a protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(j) (1) If the party giving notice of a deposition fails to attend or proceed with it, the court shall impose a monetary sanction under

Section 2023 against that party, or the attorney for that party, or both, and in favor of any party attending in person or by attorney, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(2) If a deponent does not appear for a deposition because the party giving notice of the deposition failed to serve a required deposition subpoena, the court shall impose a monetary sanction under Section 2023 against that party, or the attorney for that party, or both, in favor of any other party who, in person or by attorney, attended at the time and place specified in the deposition notice in the expectation that the deponent's testimony would be taken, unless the court finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a deponent on whom a deposition subpoena has been served fails to attend a deposition or refuses to be sworn as a witness, the court may impose on the deponent the sanctions described in subdivision (h) of Section 2020.

(3) If, after service of a deposition notice, a party to the action or an officer, director, managing agent, or employee of a party, or a person designated by an organization that is a party under subdivision (d), without having served a valid objection under subdivision (g), fails to appear for examination, or to proceed with it, or to produce for inspection any document or tangible thing described in the deposition notice, the party giving the notice may move for an order compelling the deponent's attendance and testimony, and the production for inspection of any document or tangible thing described in the deposition notice. This motion (A) shall set forth specific facts showing good cause justifying the production for inspection of any document or tangible thing described in the deposition notice, and (B) shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by it or, when the deponent fails to attend the deposition and produce the documents or things described in the deposition notice, by a declaration stating that the petitioner has contacted the deponent to inquire about the nonappearance. If this motion is granted, the court shall also impose a monetary sanction under Section 2023 against the deponent or the party with whom the deponent is affiliated, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust. On motion of any other party who, in person or by attorney, attended at the time and place specified in the deposition notice in the expectation that the deponent's testimony would be taken, the court shall also impose a monetary sanction under Section 2023, unless it finds that the one subject to the sanction acted with

substantial justification or that other circumstances make the imposition of the sanction unjust.

If that party or party-affiliated deponent then fails to obey an order compelling attendance, testimony, and production, the court may make those orders that are just, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023 against that party deponent or against the party with whom the deponent is affiliated. In lieu of or in addition to this sanction, the court may impose a monetary sanction under Section 2023 against that deponent or against the party with whom that party deponent is affiliated, and in favor of any party who, in person or by attorney, attended in the expectation that the deponent's testimony would be taken pursuant to that order.

(k) Except as provided in paragraph (3) of subdivision (d) of Section 2020, the deposition shall be conducted under the supervision of an officer who is authorized to administer an oath. This officer shall not be financially interested in the action and shall not be a relative or employee of any attorney of any of the parties, or of any of the parties. Any objection to the qualifications of the deposition officer is waived unless made before the deposition begins or as soon thereafter as the ground for that objection becomes known or could be discovered by reasonable diligence.

(*l*) (1) The deposition officer shall put the deponent under oath. Unless the parties agree or the court orders otherwise, the testimony, as well as any stated objections, shall be taken stenographically. The party noticing the deposition may also record the testimony by audiotape or videotape if the notice of deposition stated an intention also to record the testimony by either of those methods, or if all the parties agree that the testimony may also be recorded by either of those methods. Any other party, at that party's expense, may make a simultaneous audiotape or videotape record of the deposition, provided that other party promptly, and in no event less than three calendar days before the date for which the deposition is scheduled, serves a written notice of this intention to audiotape or videotape the deposition testimony on the party or attorney who noticed the deposition, on all other parties or attorneys on whom the deposition notice was served under subdivision (c), and on any deponent whose attendance is being compelled by a deposition subpoena under Section 2020. If this notice is given three calendar days before the deposition date, it shall be made by personal service under Section 1011. Examination and cross-examination of the deponent shall proceed as permitted at trial under the provisions of the Evidence Code.

(2) If the deposition is being recorded by means of audiotape or videotape, the following procedure shall be observed:

(A) The area used for recording the deponent's oral testimony shall be suitably large, adequately lighted, and reasonably quiet.

(B) The operator of the recording equipment shall be competent to set up, operate, and monitor the equipment in the manner prescribed in this subdivision. The operator may be an employee of the attorney taking the deposition unless the operator is also the deposition officer. However, if a videotape of deposition testimony is to be used under paragraph (4) of subdivision (u), the operator of the recording equipment shall be a person who is authorized to administer an oath, and shall not be financially interested in the action or be a relative or employee of any attorney of any of the parties, unless all parties attending the deposition agree on the record to waive these qualifications and restrictions.

(C) The operator shall not distort the appearance or the demeanor of participants in the deposition by the use of camera or sound recording techniques.

(D) The deposition shall begin with an oral or written statement on camera or on the audiotape that includes the operator's name and business address, the name and business address of the operator's employer, the date, time, and place of the deposition, the caption of the case, the name of the deponent, a specification of the party on whose behalf the deposition is being taken, and any stipulations by the parties.

(E) Counsel for the parties shall identify themselves on camera or on the audiotape.

(F) The oath shall be administered to the deponent on camera or on the audiotape.

(G) If the length of a deposition requires the use of more than one unit of tape, the end of each unit and the beginning of each succeeding unit shall be announced on camera or on the audiotape.

(H) At the conclusion of a deposition, a statement shall be made on camera or on the audiotape that the deposition is ended and shall set forth any stipulations made by counsel concerning the custody of the audiotape or videotape recording and the exhibits, or concerning other pertinent matters.

(I) A party intending to offer an audiotaped or videotaped recording of a deposition in evidence under subdivision (u) shall notify the court and all parties in writing of that intent and of the parts of the deposition to be offered within sufficient time for objections to be made and ruled on by the judge to whom the case is assigned for trial or hearing, and for any editing of the tape. Objections to all or part of the deposition shall be made in writing. The court may permit further designations of testimony and objections as justice may require. With respect to those portions of an audiotaped or videotaped deposition that are not designated by any party or that are ruled to be objectionable, the court may order that the party offering the recording of the deposition at the trial or hearing suppress those portions, or that an edited version of the deposition tape be prepared for use at the trial or hearing. The original audiotape or videotape of the deposition shall be preserved

unaltered. If no stenographic record of the deposition testimony has previously been made, the party offering a videotape or an audiotape recording of that testimony under subdivision (u) shall accompany that offer with a stenographic transcript prepared from that recording.

(3) In lieu of participating in the oral examination, parties may transmit written questions in a sealed envelope to the party taking the deposition for delivery to the deposition officer, who shall unseal the envelope and propound them to the deponent after the oral examination has been completed.

(m) (1) The protection of information from discovery on the ground that it is privileged or that it is protected work product under Section 2018 is waived unless a specific objection to its disclosure is timely made during the deposition.

(2) Errors and irregularities of any kind occurring at the oral examination that might be cured if promptly presented are waived unless a specific objection to them is timely made during the deposition. These errors and irregularities include, but are not limited to, those relating to the manner of taking the deposition, to the oath or affirmation administered, to the conduct of a party, attorney, deponent, or deposition officer, or to the form of any question or answer. Unless the objecting party demands that the taking of the deposition be suspended to permit a motion for a protective order under subdivision (n), the deposition shall proceed subject to the objection.

(3) Objections to the competency of the deponent, or to the relevancy, materiality, or admissibility at trial of the testimony or of the materials produced are unnecessary and are not waived by failure to make them before or during the deposition.

(4) If a deponent fails to answer any question or to produce any document or tangible thing under the deponent's control that is specified in the deposition notice or a deposition subpoena, the party seeking that answer or production may adjourn the deposition or complete the examination on other matters without waiving the right at a later time to move for an order compelling that answer or production under subdivision (o).

(n) The deposition officer shall not suspend the taking of testimony without stipulation of the party conducting the deposition and the deponent unless any party attending the deposition or the deponent demands the taking of testimony be suspended to enable that party or deponent to move for a protective order on the ground that the examination is being conducted in bad faith or in a manner that unreasonably annoys, embarrasses, or oppresses that deponent or party. This motion shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. The court, for good cause shown, may terminate the examination or may limit the scope and manner of taking the deposition as provided in subdivision (i).

If the order terminates the examination, the deposition shall not thereafter be resumed, except on order of the court.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion for this protective order, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(o) If a deponent fails to answer any question or to produce any document or tangible thing under the deponent's control that is specified in the deposition notice or a deposition subpoena, the party seeking discovery may move the court for an order compelling that answer or production. This motion shall be made no later than 60 days after the completion of the record of the deposition, and shall be accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion. Notice of this motion shall be given to all parties, and to the deponent either orally at the examination, or by subsequent service in writing. If the notice of the motion is given orally, the deposition officer shall direct the deponent to attend a session of the court at the time specified in the notice. Not less than five days prior to the hearing on this motion, the moving party shall lodge with the court a certified copy of any parts of the stenographic transcript of the deposition that are relevant to the motion. If a deposition is recorded by audiotape or videotape, the moving party is required to lodge a certified copy of a transcript of any parts of the deposition that are relevant to the motion. If the court determines that the answer or production sought is subject to discovery, it shall order that the answer be given or the production be made on the resumption of the deposition.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to compel answer or production, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

If a deponent fails to obey an order entered under this subdivision, the failure may be considered a contempt of court. In addition, if the disobedient deponent is a party to the action or an officer, director, managing agent, or employee of a party, the court may make those orders that are just against the disobedient party, or against the party with whom the disobedient deponent is affiliated, including the imposition of an issue sanction, an evidence sanction, or a terminating sanction under Section 2023. In lieu of or in addition to this sanction, the court may impose a monetary sanction under Section 2023 against that party deponent or against any party with whom the deponent is affiliated.

(p) Unless the parties agree otherwise, the testimony at any deposition recorded by stenographic means shall be transcribed. The party noticing the deposition shall bear the cost of that transcription,

unless the court, on motion and for good cause shown, orders that the cost be borne or shared by another party. Any other party, at that party's expense, may obtain a copy of the transcript. If the deposition officer receives a request from a party for an original or a copy of the deposition transcript, or any portion thereof, and the document will be available to that party prior to the time the original or copy would be available to any other party, the deposition officer shall immediately notify all other parties attending the deposition of the request, and shall, upon request by any party other than the party making the original request, make that copy of the full or partial deposition transcript available to all parties at the same time. Stenographic notes of depositions shall be retained by the reporter for a period of not less than eight years from the date of the deposition, where no transcript is produced, and not less than one year from the date on which the transcript is produced. Those notes may be either on paper or electronic media, as long as it allows for satisfactory production of a transcript at any time during the periods specified. At the request of any other party to the action, including a party who did not attend the taking of the deposition testimony, any party who records or causes the recording of that testimony by means of audiotape or videotape shall promptly (1) permit that other party to hear the audiotape or to view the videotape, and (2) furnish a copy of the audiotape or videotape to that other party on receipt of payment of the reasonable cost of making that copy of the tape.

If the testimony at the deposition is recorded both stenographically, and by audiotape or videotape, the stenographic transcript is the official record of that testimony for the purpose of the trial and any subsequent hearing or appeal.

(q) (1) If the deposition testimony is stenographically recorded, the deposition officer shall send written notice to the deponent and to all parties attending the deposition when the original transcript of the testimony for each session of the deposition is available for reading, correcting, and signing, unless the deponent and the attending parties agree on the record that the reading, correcting, and signing of the transcript of the testimony will be waived or that the reading, correcting, and signing of a transcript of the testimony will take place after the entire deposition has been concluded or at some other specific time. For 30 days following each such notice, unless the attending parties and the deponent agree on the record or otherwise in writing to a longer or shorter time period, the deponent may change the form or the substance of the answer to a question, and may either approve the transcript of the deposition by signing it, or refuse to approve the transcript by not signing it.

Alternatively, within this same period, the deponent may change the form or the substance of the answer to any question and may approve or refuse to approve the transcript by means of a letter to the deposition officer signed by the deponent which is mailed by certified or registered mail with return receipt requested. A copy of

that letter shall be sent by first-class mail to all parties attending the deposition. For good cause shown, the court may shorten the 30-day period for making changes, approving, or refusing to approve the transcript.

The deposition officer shall indicate on the original of the transcript, if the deponent has not already done so at the office of the deposition officer, any action taken by the deponent and indicate on the original of the transcript, the deponent's approval of, or failure or refusal to approve, the transcript. The deposition officer shall also notify in writing the parties attending the deposition of any changes which the deponent timely made in person. If the deponent fails or refuses to approve the transcript within the allotted period, the deposition shall be given the same effect as though it had been approved, subject to any changes timely made by the deponent. However, on a seasonable motion to suppress the deposition, accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion, the court may determine that the reasons given for the failure or refusal to approve the transcript require rejection of the deposition in whole or in part.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or opposes a motion to suppress a deposition, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(2) If there is no stenographic transcription of the deposition, the deposition officer shall send written notice to the deponent and to all parties attending the deposition that the recording is available for review, unless the deponent and all these parties agree on the record to waive the hearing or viewing of an audiotape or videotape recording of the testimony. For 30 days following this notice the deponent, either in person or by signed letter to the deposition officer, may change the substance of the answer to any question.

The deposition officer shall set forth in a writing to accompany the recording any changes made by the deponent, as well as either the deponent's signature identifying the deposition as his or her own, or a statement of the deponent's failure to supply the signature, or to contact the officer within the allotted period. When a deponent fails to contact the officer within the allotted period, or expressly refuses by a signature to identify the deposition as his or her own, the deposition shall be given the same effect as though signed. However, on a seasonable motion to suppress the deposition, accompanied by a declaration stating facts showing a reasonable and good faith attempt at an informal resolution of each issue presented by the motion, the court may determine that the reasons given for the refusal to sign require rejection of the deposition in whole or in part.

The court shall impose a monetary sanction under Section 2023 against any party, person, or attorney who unsuccessfully makes or

opposes a motion to suppress a deposition, unless it finds that the one subject to the sanction acted with substantial justification or that other circumstances make the imposition of the sanction unjust.

(r) (1) The deposition officer shall certify on the transcript of the deposition, or in a writing accompanying an audiotaped or videotaped deposition as described in paragraph (2) of subdivision (q), that the deponent was duly sworn and that the transcript or recording is a true record of the testimony given.

(2) When prepared as a rough draft transcript, the transcript of the deposition may not be certified and may not be used, cited, or transcribed as the certified transcript of the deposition proceedings. The rough draft transcript may not be cited or used in any way or at any time to rebut or contradict the certified transcript of deposition proceedings as provided by the deposition officer.

(s) (1) The certified transcript of a deposition shall not be filed with the court. Instead, the deposition officer shall securely seal that transcript in an envelope or package endorsed with the title of the action and marked: "Deposition of (here insert name of deponent)," and shall promptly transmit it to the attorney for the party who noticed the deposition. This attorney shall store it under conditions that will protect it against loss, destruction, or tampering.

The attorney to whom the transcript of a deposition is transmitted shall retain custody of it until six months after final disposition of the action. At that time, the transcript may be destroyed, unless the court, on motion of any party and for good cause shown, orders that the transcript be preserved for a longer period.

(2) An audiotape or videotape record of deposition testimony, including a certified tape made by an operator qualified under subparagraph (B) of paragraph (2) of subdivision (*l*), shall not be filed with the court. Instead, the operator shall retain custody of that record and shall store it under conditions that will protect it against loss, destruction, or tampering, and preserve as far as practicable the quality of the tape and the integrity of the testimony and images it contains.

At the request of any party to the action, including a party who did not attend the taking of the deposition testimony, or at the request of the deponent, that operator shall promptly (A) permit the one making the request to hear or to view the tape on receipt of payment of a reasonable charge for providing the facilities for hearing or viewing the tape, and (B) furnish a copy of the audiotape or the videotape recording to the one making the request on receipt of payment of the reasonable cost of making that copy of the tape.

The attorney or operator who has custody of an audiotape or videotape record of deposition testimony shall retain custody of it until six months after final disposition of the action. At that time, the audiotape or videotape may be destroyed or erased, unless the court, on motion of any party and for good cause shown, orders that the tape be preserved for a longer period.

(t) Once any party has taken the deposition of any natural person, including that of a party to the action, neither the party who gave, nor any other party who has been served with a deposition notice pursuant to subdivision (c) may take a subsequent deposition of that deponent. However, for good cause shown, the court may grant leave to take a subsequent deposition, and the parties, with the consent of any deponent who is not a party, may stipulate that a subsequent deposition be taken. This subdivision does not preclude taking one subsequent deposition of a natural person who has previously been examined (1) as a result of that person's designation to testify on behalf of an organization under subdivision (d), or (2) for the limited purpose of discovering pursuant to Section 485.230 the identity, location, and value of property in which the deponent has an interest. This subdivision does not authorize the taking of more than one deposition for the limited purpose of Section 485.230.

(u) At the trial or any other hearing in the action, any part or all of a deposition may be used against any party who was present or represented at the taking of the deposition, or who had due notice of the deposition and did not serve a valid objection under subdivision (g), so far as admissible under the rules of evidence applied as though the deponent were then present and testifying as a witness, in accordance with the following provisions:

(1) Any party may use a deposition for the purpose of contradicting or impeaching the testimony of the deponent as a witness, or for any other purpose permitted by the Evidence Code.

(2) An adverse party may use for any purpose, a deposition of a party to the action, or of anyone who at the time of taking the deposition was an officer, director, managing agent, employee, agent, or designee under subdivision (d) of a party. It is not ground for objection to the use of a deposition of a party under this paragraph by an adverse party that the deponent is available to testify, has testified, or will testify at the trial or other hearing.

(3) Any party may use for any purpose the deposition of any person or organization, including that of any party to the action, if the court finds any of the following:

(A) The deponent resides more than 150 miles from the place of the trial or other hearing.

(B) The deponent, without the procurement or wrongdoing of the proponent of the deposition for the purpose of preventing testimony in open court, is (i) exempted or precluded on the ground of privilege from testifying concerning the matter to which the deponent's testimony is relevant, (ii) disqualified from testifying, (iii) dead or unable to attend or testify because of existing physical or mental illness or infirmity, (iv) absent from the trial or other hearing and the court is unable to compel the deponent's attendance by its process, or (v) absent from the trial or other hearing and the proponent of the deposition has exercised reasonable diligence but

has been unable to procure the deponent's attendance by the court's process.

(C) Exceptional circumstances exist that make it desirable to allow the use of any deposition in the interests of justice and with due regard to the importance of presenting the testimony of witnesses orally in open court.

(4) Any party may use a videotape deposition of a treating or consulting physician or of any expert witness even though the deponent is available to testify if the deposition notice under subdivision (d) reserved the right to use the deposition at trial, and if that party has complied with subparagraph (I) of paragraph (2) of subdivision (*l*).

(5) Subject to the requirements of this section, a party may offer in evidence all or any part of a deposition, and if the party introduces only part of the deposition, any other party may introduce any other parts that are relevant to the parts introduced.

(6) Substitution of parties does not affect the right to use depositions previously taken.

(7) When an action has been brought in any court of the United States or of any state, and another action involving the same subject matter is subsequently brought between the same parties or their representatives or successors in interest, all depositions lawfully taken and duly filed in the initial action may be used in the subsequent action as if originally taken in that subsequent action. A deposition previously taken may also be used as permitted by the Evidence Code.

CHAPTER 977

An act to amend Section 14089 of the Welfare and Institutions Code, relating to health services.

[Approved by Governor September 29, 1998. Filed with Secretary of State September 30, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 14089 of the Welfare and Institutions Code is amended to read:

14089. (a) The purpose of this article is to provide a comprehensive program of managed health care plan services to Medi-Cal recipients residing in clearly defined geographical areas. It is, further, the purpose of this article to create maximum accessibility to health care services by permitting Medi-Cal recipients the option of choosing from among two or more managed health care plans or fee-for-service managed case arrangements, including, but not limited to, health maintenance organizations, prepaid health plans, primary care case management plans. Independent practice associations, health insurance carriers, private foundations, and university medical centers systems, not-for-profit clinics, and other primary care providers, may be offered as choices to Medi-Cal recipients under this article if they are organized and operated as managed care plans, for the provision of preventive managed health care plan services.

(b) The negotiator may seek proposals and then shall contract based on relative costs, extent of coverage offered, quality of health services to be provided, financial stability of the health care plan or carrier, recipient access to services, cost-containment strategies, peer and community participation in quality control, emphasis on preventive and managed health care services and the ability of the health plan to meet all requirements for both of the following:

(1) Certification, where legally required, by the Commissioner of Corporations and the Insurance Commissioner.

(2) Compliance with all of the following:

(A) The health plan shall satisfy all applicable state and federal legal requirements for participation as a Medi-Cal managed care contractor.

(B) The health plan shall meet any standards established by the department for the implementation of this article.

(C) The health plan receives the approval of the department to participate in the pilot project under this article.

(c) (1) (A) The proposals shall be for the provision of preventive and managed health care services to specified eligible populations on a capitated, prepaid or postpayment basis.

(B) Enrollment in a Medi-Cal managed health care plan under this article shall be voluntary for beneficiaries eligible for the federal Supplemental Security Income for the Aged, Blind, and Disabled Program (Subchapter 16 (commencing with Section 1381) of Chapter 7 of Title 42 of the United States Code).

(2) The cost of each program established under this section shall not exceed the total amount which the department estimates it would pay for all services and requirements within the same geographic area under the fee-for-service Medi-Cal program.

(d) The department shall enter into contracts pursuant to this article, and shall be bound by the rates, terms, and conditions negotiated by the negotiator.

(e) (1) An eligible beneficiary shall be entitled to enroll in any health care plan contracted for pursuant to this article that is in effect for the geographic area in which he or she resides. Enrollment shall be for a minimum of six months. Contracts entered into pursuant to this article shall be for at least one but no more than three years. The director shall make available to recipients information summarizing the benefits and limitations of each health care plan available pursuant to this section in the geographic area in which the recipient resides.

(2) No later than 30 days following the date a Medi-Cal or AFDC recipient is informed of the health care options described in paragraph (1) of subdivision (e), the recipient shall indicate his or her choice in writing of one of the available health care plans and his or her choice of primary care provider or clinic contracting with the selected health care plan.

(3) The health care options information described in paragraph (1) of subdivision (e) shall include the following elements:

(A) Each beneficiary or eligible applicant shall be provided with the name, address, telephone number, and specialty, if any, of each primary care provider, and each clinic participating in each health care plan. This information shall be presented under geographic area designations in alphabetical order by the name of the primary care provider and clinic. The name, address, and telephone number of

each specialist participating in each health care plan shall be made available by contacting the health care options contractor or the health care plan.

(B) Each beneficiary or eligible applicant shall be informed that he or she may choose to continue an established patient-provider relationship in a managed care option, if his or her treating provider is a primary care provider or clinic contracting with any of the health plans available and has the available capacity and agrees to continue to treat that beneficiary or eligible applicant.

(C) Each beneficiary or eligible applicant shall be informed that if he or she fails to make a choice, he or she shall be assigned to, and enrolled in, a health care plan.

(4) At the time the beneficiary or eligible applicant selects a health care plan, the department shall, when applicable, encourage the beneficiary or eligible applicant to also indicate, in writing, his or her choice of primary care provider or clinic contracting with the selected health care plan.

(5) Commencing with the implementation of a geographic managed care project in a designated county, a Medi-Cal or AFDC beneficiary who does not make a choice of health care plans in accordance with paragraph (2), shall be assigned to and enrolled in an appropriate health care plan providing service within the area in which the beneficiary resides.

(6) If a beneficiary or eligible applicant does not choose a primary care provider or clinic, or does not select any primary care provider who is available, the health care plan selected by or assigned to the beneficiary shall ensure that the beneficiary selects a primary care provider or clinic within 30 days after enrollment or is assigned to a primary care provider within 40 days after enrollment.

(7) Any Medi-Cal or AFDC beneficiary dissatisfied with the primary care provider or health care plan shall be allowed to select or be assigned to another primary care provider within the same health care plan. In addition, the beneficiary shall be allowed to select or be assigned to another health care plan contracted for pursuant to this article that is in effect for the geographic area in which he or she resides in accordance with Section 1903(m)(2)(F)(ii) of the Social Security Act.

(8) The department or its contractor shall notify a health care plan when it has been selected by or assigned to a beneficiary. The health care plan that has been selected or assigned by a beneficiary shall notify the primary care provider that has been selected or assigned. The health care plan shall also notify the beneficiary of the health care plan and primary care provider selected or assigned.

(9) This section shall be implemented in a manner consistent with any federal waiver that is required to be obtained by the department to implement this section.

(f) A participating county may include within the plan or plans providing coverage pursuant to this section, employees of county

government, and others who reside in the geographic area and who depend upon county funds for all or part of their health care costs.

(g) The negotiator and the department shall establish pilot projects to test the cost-effectiveness of delivering benefits as defined in subdivisions (a) to (f), inclusive.

(h) The California Medical Assistance Commission shall evaluate the cost-effectiveness of these pilot projects after one year of implementation. Pursuant to this evaluation the commission may either terminate or retain the existing pilot projects.

(i) Funds may be provided to prospective contractors to assist in the design, development, and installation of appropriate programs. The award of these funds shall be based on criteria established by the department.

(j) In implementing this article, the department may enter into contracts for the provision of essential administrative and other services. Contracts entered into under this subdivision may be on a noncompetitive bid basis and shall be exempt from Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code.

CHAPTER 978

An act to amend Section 43601 of the Public Resources Code, relating to solid waste.

[Approved by Governor September 29, 1998. Filed with Secretary of State September 30, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 43601 of the Public Resources Code is amended to read:

43601. (a) The evidence of financial ability shall be sufficient to meet the closure and postclosure maintenance costs when needed.

(b) The owner or operator of a solid waste landfill shall provide evidence of financial ability through the use of any of the mechanisms set forth in Part 258 (commencing with Section 258.1) of Title 40 of the Code of Federal Regulations or through the use of any other mechanisms approved by the board. However, the board may adopt regulations that reasonably condition the use of one or more of those mechanisms to ensure adequate protection of public health and safety and the environment, but shall not exclude the use of any mechanism permitted under federal law. In addition, the evidence of financial ability submitted pursuant to Section 43600 shall provide that funds shall be available to the regional water boards upon the issuance of any order under Chapter 5 (commencing with Section

13300) of Division 7 of the Water Code to implement closure and postclosure activities.

(c) The state water board or the appropriate regional water board shall have access to the financial assurance funds for closure and postclosure activities, and to financial assurance funds for corrective action, as necessary, to address water quality problems, if the owner or operator of the solid waste landfill has failed to implement the required closure and postclosure activities or corrective action activities.

(d) The owner or operator may request disbursement for expenditures to conduct closure, postclosure maintenance, or corrective actions from the financial assurance mechanism established for that activity. Requests for disbursement shall be granted by the board only if sufficient funds are remaining in the financial assurance mechanism to cover the remaining approved total costs of closure, postclosure maintenance, or corrective actions, as appropriate.

(e) If the evidence of financial ability for closure, postclosure, or corrective action is demonstrated by use of insurance, the board may approve the insurance mechanism if it is in compliance with either paragraph (1) or (2) as follows:

(1) The issuer of the insurance policy is either:

(A) Licensed by the Department of Insurance to transact the business of insurance in the State of California as an admitted carrier.

(B) Eligible to provide insurance as an excess and surplus lines insurer in California through a surplus lines broker currently licensed under the regulations of the Department of Insurance and upon the terms and conditions prescribed by the Department of Insurance.

(2) If the insurance carrier is established by a solid waste facility operator to meet the financial assurance obligations of that operator, insurance may be approved by the board that meets all of the following requirements:

(A) The insurance mechanism is in full compliance with the requirements for insurance that are specified in subdivision (d) of Section 258.74 of Title 40 of the Code of Federal Regulations.

(B) The insurance carrier is an insurer domiciled in the United States and licensed in its state of domicile to write that insurance.

(C) The insurance carrier only provides financial assurance to the operator that has established the insurance carrier as a form of self-insurance and does not engage in the business of marketing, brokering, or providing insurance coverage to other parties.

(D) The insurance carrier shall maintain a rating of A- or better by A.M. Best, or other equivalent rating by any other agency acceptable to the board.

(E) If requested by the board, an independent financial audit report evaluating the assets and liabilities of the insurance carrier and confirming compliance with the statutory and regulatory requirements of the state of domicile and an independent actuarial

opinion on the independence and financial soundness of the insurance carrier by an actuary in good standing with the Casualty Actuarial Society or the American Academy of Actuaries regarding the adequacy of the loss reserves maintained by the insurance carrier shall be submitted to the board upon application and annually thereafter.

(f) A solid waste facility operator using or proposing to use an insurance company to demonstrate financial assurance may be required by the board to pay a fee for the actual and necessary cost of reviewing information submitted by the operator pursuant to paragraph (2) of subdivision (e) up to an amount not to exceed ten thousand dollars ($10,000), unless a higher amount is mutually agreed to by the operator and the board.

(g) The funds collected pursuant to subdivision (f) shall be deposited in the Integrated Waste Management Account and shall be available, upon appropriation by the Legislature, for expenditure by the board to fund the review specified in subdivision (f).

CHAPTER 980

An act to amend Sections 15630 and 15633 of, and to add Section 15653.5 to, the Welfare and Institutions Code, relating to elder abuse.

[Approved by Governor September 29, 1998. Filed with Secretary of State September 30, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 15630 of the Welfare and Institutions Code is amended to read:

15630. (a) Any person who has assumed full or intermittent responsibility for care or custody of an elder or dependent adult, whether or not that person receives compensation, including administrators, supervisors, and any licensed staff of a public or private facility that provides care or services for elder or dependent adults, or any elder or dependent adult care custodian, health practitioner, or employee of a county adult protective services agency or a local law enforcement agency is a mandated reporter.

(b) (1) Any mandated reporter, who, in his or her professional capacity, or within the scope of his or her employment, has observed or has knowledge of an incident that reasonably appears to be physical abuse, abandonment, isolation, financial abuse, or neglect, or is told by an elder or dependent adult that he or she has experienced behavior constituting physical abuse, abandonment, isolation, financial abuse, or neglect, or reasonably suspects abuse shall report the known or suspected instance of abuse by telephone immediately or as soon as practically possible, and by written report sent within two working days, as follows:

(A) If the abuse has occurred in a long-term care facility, except a state mental health hospital or a state developmental center, the report shall be made to the local ombudsman or the local law enforcement agency.

Except in an emergency, the local ombudsman and the local law enforcement agency shall report any case of known or suspected abuse to the State Department of Health Services and any case of known or suspected criminal activity to the Bureau of Medi-Cal Fraud, as soon as is practical.

(B) If the suspected or alleged abuse occurred in a state mental health hospital or a state developmental center, the report shall be made to designated investigators of the State Department of Mental Health or the State Department of Developmental Services or to the local law enforcement agency.

Except in an emergency, the local law enforcement agency shall report any case of known or suspected criminal activity to the Bureau of Medi-Cal Fraud, as soon as is practical.

(C) If the abuse has occurred any place other than one described in subparagraph (A), the report shall be made to the adult protective services agency or the local law enforcement agency.

(2) (A) A mandated reporter shall not be required to report, as a suspected incident of abuse, as defined in Section 15610.07, an incident where all of the following conditions exist:

(i) The mandated reporter has been told by an elder or dependent adult that he or she has experienced behavior constituting physical abuse, abandonment, isolation, financial abuse, or neglect.

(ii) The mandated reporter is not aware of any independent evidence that corroborates the statement that the abuse has occurred.

(iii) The elder or dependent adult has been diagnosed with a mental illness, defect, dementia, or incapacity, or is the subject of a court-ordered conservatorship because of a mental illness, defect, dementia, or incapacity.

(iv) The mandated reporter reasonably believes that the abuse did not occur.

(B) This paragraph shall not be construed to impose upon mandated reporters a duty to investigate a known or suspected incident of abuse and shall not be construed to lessen or restrict any existing duty of mandated reporters.

(3) (A) In a long-term care facility, a mandated reporter shall not be required to report as a suspected incident of abuse, as defined in Section 15610.07, an incident where all of the following conditions exist:

(i) The mandated reporter is aware that there is a proper plan of care.

(ii) The mandated reporter is aware that the plan of care was properly provided or executed.

(iii) A physical, mental, or medical injury occurred as a result of care provided pursuant to clause (i) or (ii).

(iv) The mandated reporter reasonably believes that the injury was not the result of abuse.

(B) This paragraph shall not be construed to require a mandated reporter to seek, nor to preclude a mandated reporter from seeking, information regarding a known or suspected incident of abuse prior to reporting. This paragraph shall apply only to those categories of mandated reporters that the State Department of Health Services determines, upon approval by the Bureau of Medi-Cal Fraud and the state long-term care ombudsman, have access to plans of care and have the training and experience necessary to determine whether the conditions specified in this section have been met.

(c) (1) Any mandated reporter who has knowledge of, or reasonably suspects that, types of elder or dependent adult abuse for

which reports are not mandated have been inflicted upon an elder or dependent adult or that his or her emotional well-being is endangered in any other way, may report the known or suspected instance of abuse.

(2) If the suspected or alleged abuse occurred in a long-term care facility other than a state mental health hospital or a state developmental center, the report may be made to the long-term care ombudsman program. Except in an emergency, the local ombudsman shall report any case of known or suspected abuse to the State Department of Health Services and any case of known or suspected criminal activity to the Bureau of Medi-Cal Fraud, as soon as is practical.

(3) If the suspected or alleged abuse occurred in a state mental health hospital or a state developmental center, the report may be made to the designated investigator of the State Department of Mental Health or the State Department of Developmental Services, or to a local law enforcement agency or to the local ombudsman. Except in an emergency, the local ombudsman and the local law enforcement agency shall report any case of known or suspected criminal activity to the Bureau of Medi-Cal Fraud, as soon as is practical.

(4) If the suspected or alleged abuse occurred in a place other than a place described in paragraph (2) or (3), the report may be made to the county adult protective services agency.

(5) If the conduct involves criminal activity not covered in subdivision (b), it may be immediately reported to the appropriate law enforcement agency.

(d) When two or more mandated reporters are present and jointly have knowledge or reasonably suspect that types of abuse of an elder or a dependent adult for which a report is or is not mandated have occurred, and when there is agreement among them, the telephone report may be made by a member of the team selected by mutual agreement, and a single report may be made and signed by the selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter make the report.

(e) A telephone report of a known or suspected instance of elder or dependent adult abuse shall include the name of the person making the report, the name and age of the elder or dependent adult, the present location of the elder or dependent adult, the names and addresses of family members or any other person responsible for the elder or dependent adult's care, if known, the nature and extent of the elder or dependent adult's condition, the date of the incident, and any other information, including information that led that person to suspect elder or dependent adult abuse, requested by the agency receiving the report.

(f) The reporting duties under this section are individual, and no supervisor or administrator shall impede or inhibit the reporting

duties, and no person making the report shall be subject to any sanction for making the report. However, internal procedures to facilitate reporting, ensure confidentiality, and apprise supervisors and administrators of reports may be established, provided they are not inconsistent with this chapter.

(g) (1) Whenever this section requires a county adult protective services agency to report to a law enforcement agency, the law enforcement agency shall, immediately upon request, provide a copy of its investigative report concerning the reported matter to that county adult protective services agency.

(2) Whenever this section requires a law enforcement agency to report to a county adult protective services agency, the county adult protective services agency shall, immediately upon request, provide a copy of its investigative report concerning the reported matter to that law enforcement agency.

(3) The requirement to disclose investigative reports pursuant to this subdivision shall not include the disclosure of social services records or case files that are confidential, nor shall this subdivision be construed to allow disclosure of any reports or records if the disclosure would be prohibited by any other provision of state or federal law.

(h) Failure to report physical abuse, abandonment, isolation, financial abuse, or neglect of an elder or dependent adult, in violation of this section, is a misdemeanor, punishable by not more that six months in the county jail or by a fine of not more than one thousand dollars ($1,000), or by both that fine and imprisonment. Any mandated reporter who willfully fails to report physical abuse, abandonment, isolation, financial abuse, or neglect of an elder or dependent adult, in violation of this section, where that abuse results in death or great bodily injury, is punishable by not more than one year in a county jail or by a fine of not more than five thousand dollars ($5,000) or by both that fine and imprisonment.

SEC. 2. Section 15633 of the Welfare and Institutions Code is amended to read:

15633. (a) The reports made pursuant to Sections 15630 and 15631 shall be confidential and may be disclosed only as provided in subdivision (b). Any violation of the confidentiality required by this chapter is a misdemeanor punishable by not more than six months in the county jail, by a fine of five hundred dollars ($500), or by both that fine and imprisonment.

(b) Reports of suspected elder or dependent adult abuse and information contained therein may be disclosed only to the following:

(1) Persons or agencies to whom disclosure of information or the identity of the reporting party is permitted under Section 15633.5.

(2) (A) Persons who are trained and qualified to serve on multidisciplinary personnel teams may disclose to one another information and records that are relevant to the prevention, identification, or treatment of abuse of elderly or dependent persons.

(B) Except as provided in subparagraph (A), any personnel of the multidisciplinary team or agency that receives information pursuant to this chapter, shall be under the same obligations and subject to the same confidentiality penalties as the person disclosing or providing that information. The information obtained shall be maintained in a manner that ensures the maximum protection of privacy and confidentiality rights.

(c) This section shall not be construed to allow disclosure of any reports or records relevant to the reports of elder or dependent adult abuse if the disclosure would be prohibited by any other provisions of state or federal law applicable to the reports or records relevant to the reports of the abuse.

SEC. 3. Section 15653.5 is added to the Welfare and Institutions Code, to read:

15653.5. Training for determining when to refer a report of a known or suspected instance of abuse that occurred in a long-term care facility for potential criminal action shall be included in the training provided by the Bureau of Medi-Cal Fraud pursuant to subdivision (h) of Section 12528 of the Government Code.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because in that regard this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 981

An act to add Section 3032 to the Family Code, relating to interpreters.

[Approved by Governor September 29, 1998. Filed with Secretary of State September 30, 1998.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature to ensure that any person who lacks proficiency in English and who is a party in a child custody case have a qualified interpreter present during child custody proceedings and mediation.

It is not the intent of the Legislature by enacting this act to prohibit a person who lacks proficiency in English from having a family member or friend present during any proceeding where a qualified interpreter is translating the proceedings.

SEC. 2. Section 3032 is added to the Family Code, to read:

3032. (a) The Judicial Council shall establish a state-funded one-year pilot project beginning July 1, 1999, in at least two counties, including Los Angeles County, pursuant to which, in any child custody proceeding, including mediation proceedings pursuant to Section 3170, any action or proceeding under Division 10 (commencing with Section 6200), any action or proceeding under the Uniform Parentage Act (Part 3 (commencing with Section 7600) of Division 12), and any proceeding for dissolution or nullity of marriage or legal separation of the parties in which a protective order as been granted or is being sought pursuant to Section 6221, the court shall, notwithstanding Section 68092 of the Government Code, appoint an interpreter to interpret the proceedings at court expense, if both of the following conditions are met:

(1) One or both of the parties is unable to participate fully in the proceeding due to a lack of proficiency in the English language.

(2) The party who needs an interpreter appears in forma pauperis, pursuant to Section 68511.3 of the Government Code, or the court otherwise determines that the parties are financially unable to pay the cost of an interpreter. In all other cases where an interpreter is required pursuant to this section, interpreter fees shall be paid as provided in Section 68092 of the Government Code.

(3) This section shall not prohibit the court doing any of the following when an interpreter is not present:

(A) Issuing an order when the necessity for the order outweighs the necessity for an interpreter.

(B) Extending the duration of a previously issued temporary order if an interpreter is not readily available.

(C) Issuing a permanent order where a party who requires an interpreter fails to make appropriate arrangements for an interpreter after receiving proper notice of the hearing, including notice of the requirement to have an interpreter present, along with information about obtaining an interpreter.

(b) The Judicial Council shall submit its findings and recommendations with respect to the pilot project to the Legislature by January 31, 2001. Measurable objectives of the program may include increased utilization of the court by parties not fluent in English, increased efficiency in proceedings, increased compliance

with orders, enhanced coordination between courts and culturally relevant services in the community, increased client satisfaction, and increased public satisfaction.

SEC. 3. Funding for the implementation of this act shall be pursuant to an appropriation of funds for these purposes in the Budget Act of 1998.

SEC. 4. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 982

An act to amend Section 1250.8 of the Health and Safety Code, and to add Section 14105.986 to the Welfare and Institutions Code, relating to hospitals.

[Approved by Governor September 29, 1998. Filed with Secretary of State September 30, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 1250.8 of the Health and Safety Code is amended to read:

1250.8. (a) Notwithstanding subdivision (a) of Section 437.10, the state department, upon application of a general acute care hospital which meets all the criteria of subdivision (b), and other applicable requirements of licensure, shall issue a single consolidated license to a general acute care hospital which includes more than one physical plant maintained and operated on separate premises or which has multiple licenses for a single health facility on the same premises. A single consolidated license shall not be issued where the separate freestanding physical plant is a skilled nursing facility or an intermediate care facility, whether or not the location of the skilled nursing facility or intermediate care facility is contiguous to the general acute care hospital unless the hospital is exempt from the requirements of subdivision (b) of Section 1254, or the facility is part of the physical structure licensed to provide acute care.

(b) The issuance of a single consolidated license shall be based on the following criteria:

(1) There is a single governing body for all of the facilities maintained and operated by the licensee.

(2) There is a single administration for all of the facilities maintained and operated by the licensee.

(3) There is a single medical staff for all of the facilities maintained and operated by the licensee, with a single set of bylaws, rules, and regulations, which prescribe a single committee structure.

(4) Except as provided otherwise in this paragraph, the physical plants maintained and operated by the licensee which are to be covered by the single consolidated license are located not more than 15 miles apart. If an applicant provides evidence satisfactory to the department that it can comply with all requirements of licensure and provide quality care and adequate administrative and professional supervision, the director may issue a single consolidated license to a general acute care hospital that operates two or more physical plants located more than 15 miles apart under any of the following circumstances:

(A) One or more of the physical plants is located in a rural area, as defined by regulations of the director.

(B) One or more of the physical plants provides only outpatient services, as defined by the department.

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature to do both of the following:

(a) Secure permanent homes for children in the foster care system and minimize the disruption in their lives by reducing barriers to the adoption of foster children by their relative caregivers or by foster parents with whom they have lived for six months or longer.

(b) Ensure the safety of children in foster and adoptive homes and increase the ability of foster parents and relative caregivers to adopt children in their care.

SEC. 2. The Legislature finds and declares both of the following:

(a) That Sara Berman, Adoptions Division Chief for the Los Angeles County Department of Children and Family Services, was a true child advocate who believed that all children deserve every possible opportunity for a permanent family. Her vision for adoption services was expansive, creative, and dedicated to adoptive families for children who would otherwise be raised in foster care. In this capacity, she contributed to the development of an expedited adoption study for those prospective adoptive families who have provided foster care for the children they wish to adopt. She was also known by many for her leadership and commitment to the children of California through her efforts as President of the California Association of Adoption Agencies.

(b) This act shall be known as the Sara Berman Adoption Act of 1998.

SEC. 3. Chapter 2.5 (commencing with Section 8730) is added to Part 2 of Division 13 of the Family Code, to read:

CHAPTER 2.5. ADOPTIONS BY RELATIVE CAREGIVERS OR FOSTER PARENTS

8730. If the prospective adoptive parent of a child is a foster parent with whom the child has lived for a minimum of six months or a relative caregiver who has had an ongoing and significant relationship with the child, an assessment or home study of the prospective adoptive parent may, at the discretion of the department or a licensed adoption agency, or unless the court with jurisdiction over the child orders otherwise, require only the following:

(b) A determination that the relative caregiver or foster parent has sufficient financial stability to support the child and ensure that any adoption assistance program payment or other government assistance to which the child is entitled is used exclusively to meet the child's needs. In making this determination, the experience of the relative caregiver or foster parent only while the child was in his or her care shall be considered. For purposes of this section, the relative caregiver or foster parent shall be required to provide verification of employment records or income or both.

(c) A determination that the relative caregiver or foster parent has not abused or neglected the child while the child has been in his or her care and has fostered the healthy growth and development of the child. This determination shall include a review of the disciplinary practices of the relative caregiver or foster parent to ensure that the practices are age appropriate and do not physically or emotionally endanger the child.

(d) A determination that there is not a likelihood that the relative caregiver or foster parent will abuse or neglect the child in the future, that the caregiver or foster parent can protect the child, ensure necessary care and supervision, and foster the child's healthy growth and development.

(e) A determination that the relative caregiver or foster parent can address racial and cultural issues that may affect the child's well-being.

(f) An interview with the relative caregiver or foster parent, an interview with each individual residing in the home and an interview with the child to be adopted.

8731. If the prospective adoptive parent of a child is a foster parent, the assessment or home study described in Section 8730 shall not be initiated until the child to be adopted has resided in the home of the foster parent for at least six months.

8732. A report of a medical examination of the foster parent with whom the child has lived for a minimum of six months or the relative caregiver who has had an ongoing and significant relationship with the child shall be included in the assessment of each applicant unless the department or licensed adoption agency determines that, based on other available information, this report is unnecessary. The assessment shall require certification that the applicant and each adult residing in the applicant's home has received a test for communicable tuberculosis.

8733. The department or licensed adoption agency shall require the adoptive parent to be provided with information related to the specific needs of the child to be adopted, that, as determined by the licensed adoption agency, may include information regarding the following: issues surrounding birth parents, the effects of abuse and neglect on children, cultural and racial issues, sexuality, contingency

planning for children in the event of the parents' death or disability, financial assistance for adopted children, common childhood disabilities, including, but not limited to, emotional disturbances, attention deficit disorder, learning disabilities, speech and hearing impairment, and dyslexia, the importance of sibling and half-sibling relationships, and other issues related to adoption and child development and the availability of counseling to deal with these issues.

8734. The department shall encourage adoption agencies to make adoption training programs available to prospective adoptive families.

8735. The department shall require adoption agencies to inform the agency responsible for the foster care placement when a relative caregiver or foster parent has been denied approval to adopt based on an inability of the relative caregiver or foster parent to provide for the mental and emotional health, safety, and security of the child and to recommend either that the relative caregiver or foster parent be provided with additional support and supervision or that the child be removed from the home of the relative caregiver or foster parent.

8736. The requirements of this chapter shall not be used as basis for removing a child who has been placed with a relative caregiver or foster parent prior to January 1, 1999, unless the noncompliance with the standards described therein present a danger to the health, safety, or emotional well-being of the child.

If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

Upon resolution of the dispute or cancellation of the 10-day notice by the original contractor, the original contractor shall post, in a conspicuous location at the job site and at the main office, and serve a notice to inform the subcontractors with whom the original contractor has a direct contractual relationship of this resolution or cancellation.

(b) The original contractor's right to stop work pursuant to this section is in addition to any and all other rights the original contractor may have under the law.

(c) Notwithstanding any other provision, the original contractor or his or her surety, or subcontractor or his or her surety, shall not be liable for any delays or damages that the owner or contractor of a subcontractor may suffer as a result of the original contractor serving the owner with a 10-day stop work order, and subsequently stopping work for nonpayment if all of the posting and notice requirements described in subdivision (a) are met. An original contractor's or original subcontractor's liability to a subcontractor or material supplier resulting from the cessation of work under this section shall be limited to the amount of monetary damages the subcontractor or material supplier could recover under the mechanic's lien law for goods and services provided up to the date the subcontractor ceases work, provided that (1) liability shall continue for work performed and materials supplied up to and including the 10-day notice period and not beyond, and (2) this provision does not apply to limit monetary damages for custom work, including materials which have been fabricated, manufactured, or ordered to specifications that are unique to the job.

(d) If the payment is not made within 10 days from the date the notice was served, the original contractor or his or her surety, may seek a judicial determination of liability for the amount not paid for work performed in an expedited proceeding in the superior court in the county in which the private work improvement is located.

(e) It shall be against public policy to waive the provisions of this section in any written contract for private work of improvement.

(f) This section shall apply to any contract entered into on or after January 1, 1999. However, nothing in this section shall be construed to apply to retentions withheld by a lender in accordance with the construction loan agreement.

(g) The stop work order specified in this section for private works of improvement may be served as follows:

(1) If the person to be notified resides in this state, by delivering the stop work order personally, or by leaving it at his or her address of residence or place of business with some person in charge, or by first-class registered or certified mail, postage prepaid, addressed to the person to whom notice is to be given at his or her residence or place of business address or at the address shown by the building permit on file with the authority issuing a building permit for the work, or at an address recorded pursuant to subdivision (j) of Section 3097.

(2) If the person to be notified of the stop work order does not reside in this state, by any method enumerated in paragraph (1) of this subdivision. If the person cannot be served by any of these methods, then notice may be given by first-class certified or registered mail, addressed to the construction lender.

(3) Service pursuant to this paragraph by certified mail is effective upon receipt. Service by registered mail is effective five days after mailing.

CHAPTER 987

An act to add Section 40059.1 to the Public Resources Code, relating to solid waste.

[Approved by Governor September 29, 1998. Filed with Secretary of State September 30, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 40059.1 is added to the Public Resources Code, to read:

40059.1. (a) The Legislature hereby finds and declares both of the following:

(1) In 1989, the Legislature enacted this division as the California Integrated Waste Management Act of 1989. One of the key provisions of this division is that each local agency has the responsibility for diverting 50 percent of all solid waste generated within the local agency by January 1, 2000.

(2) The public policy objective of the Legislature in enacting this section is to ensure that those local agencies that require an indemnity obligation retain their responsibility for implementing the diversion requirements of this division.

(b) For the purposes of this section, the following terms have the following meanings:

(1) "Indemnity obligation" means any indemnity obligation directly or indirectly related to the failure of a local agency to meet the solid waste diversion requirements imposed by Chapter 6 (commencing with Section 41780) of Part 2, that is expressly assumed

by, or imposed upon, the solid waste enterprise, whether pursuant to ordinance, contract, franchise, license, permit, or other entitlement or right, for the benefit of the local agency.

(2) "Local agency" means any county, city, city and county, district, regional agency as defined in Section 40181, or other local government agency.

(c) Any provision, term, condition, or requirement contained in any ordinance, contract, franchise, license, permit, or other entitlement or right adopted, entered into, issued, or granted, as the case may be, by a local agency for solid waste collection and handling, including the recycling, processing, or composting of solid waste, or in any request for bids or proposals in connection with any such contract or franchise, that authorizes or requires the imposition of an indemnity obligation, shall, notwithstanding any such provision, term, condition, or requirement, be subject to all of the following restrictions:

(1) An indemnity obligation shall not be enforceable if the board imposed penalty is based solely upon the failure of the local agency to establish and maintain a source reduction and recycling element pursuant to Chapter 2 (commencing with Section 41000) of Part 2, Chapter 3 (commencing with Section 41300) of Part 2, or Section 41750.1, as the case may be.

(2) Any board imposed penalty based upon a local agency's failure to meet the solid waste diversion requirements imposed by Chapter 6 (commencing with Section 41780) of Part 2, resulting in whole or in part from the solid waste enterprise's breach of contract or noncompliance with any other authorization, shall be apportioned in accordance with the percentage of fault of the local agency and the solid waste enterprise.

(3) For purposes of this section, a solid waste enterprise is not liable for the indemnity obligation to the extent that the solid waste enterprise's breach or noncompliance resulted from the action or failure to act of the local agency.

(4) No payment required or imposed pursuant to an indemnity obligation, whether required or imposed by ordinance, contract, franchise, license, permit, or other entitlement or right, may exceed that portion of any penalty assessed by the board against the local agency that was caused by the solid waste enterprise's breach or noncompliance of an express obligation or requirement.

(5) No indemnity obligation shall be enforceable against a solid waste enterprise until the local agency has affirmatively sought, in good faith, all administrative relief available pursuant to Chapter 6 (commencing with Section 41780) and Chapter 7 (commencing with Section 41800) of Part 2, unless the local agency demonstrates good cause, based on substantial evidence in the record, for not pursuing that administrative relief. The solid waste enterprise shall cooperate, in good faith, with the local agency seeking that administrative relief

and shall provide in writing to the local agency all known defenses to the imposition of penalties.

(d) Nothing in this section shall be construed to preclude either party from seeking any other remedy under law or equity.

(e) The provisions of this section are not subject to waiver, and any attempted waiver shall be null and void as against public policy.

(f) This section is not intended to do any of the following:

(1) Add to or expand the authority of local agencies to determine aspects of solid waste collection and handling pursuant to Section 40059.

(2) Alter the authority of business entities to collect or process materials that are not solid waste.

(3) Affect any contract right existing on the effective date of this section.

CHAPTER 988

An act to amend Sections 1786.2, 1786.10, 1786.12, 1786.16, 1786.18, 1786.20, 1786.24, 1786.26, 1786.30, 1786.40, and 1786.50 of, and to add Section 1786.11 to, the Civil Code, relating to investigative consumer reporting.

[Approved by Governor September 29, 1998. Filed with Secretary of State September 30, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 1786.2 of the Civil Code is amended to read:

1786.2. The following terms as used in this title have the meaning expressed in this section:

(a) The term "person" means any individual, partnership, corporation, limited liability company, trust, estate, cooperative, association, government or governmental subdivision or agency, or other entity. The term "person" as used in this title shall not be construed to require duplicative reporting by any individual, corporation, trust, estate, cooperative, association, government, or governmental subdivision or agency, or other entity involved in the same transaction.

(b) The term "consumer" means a natural individual who has made application to a person for employment purposes, for insurance for personal, family, or household purposes, or the hiring of a dwelling unit, as defined in subdivision (c) of Section 1940.

(c) The term "investigative consumer report" means a consumer report in which information on a consumer's character, general reputation, personal characteristics, or mode of living is obtained through any means. The term does not include a consumer report or other compilation of information that is limited to specific factual

information relating to a consumer's credit record or manner of obtaining credit obtained directly from a creditor of the consumer or from a consumer reporting agency when that information was obtained directly from a potential or existing creditor of the consumer or from the consumer. Notwithstanding the foregoing, for transactions between investigative consumer reporting agencies and insurance institutions, agents, or insurance-support organizations subject to Article 6.6 (commencing with Section 791) of Chapter 1 of Part 2 of Division 1 of the Insurance Code, the term "investigative consumer report" shall have the meaning set forth in subdivision (n) of Section 791.02 of the Insurance Code.

(d) The term "investigative consumer reporting agency" means any person who, for monetary fees or dues, regularly engages in whole or in part in the practice of assembling or evaluating information concerning consumers for the purposes of furnishing investigative consumer reports to third parties, but does not include any governmental agency whose records are maintained primarily for traffic safety, law enforcement, or licensing purposes, or any licensed insurance agent, insurance broker, or solicitor, insurer, or life insurance agent.

(e) The term "file," when used in connection with information on any consumer, means all of the information on that consumer recorded and retained by an investigative consumer reporting agency regardless of how the information is stored.

(f) The term "employment purposes," when used in connection with an investigative consumer report, means a report used for the purpose of evaluating a consumer for employment, promotion, reassignment, or retention as an employee.

(g) The term "medical information" means information on a person's medical history or condition obtained directly or indirectly from a licensed physician, medical practitioner, hospital, clinic, or other medical or medically related facility.

SEC. 2. Section 1786.10 of the Civil Code is amended to read:

1786.10. (a) Every investigative consumer reporting agency shall, upon request and proper identification of any consumer, allow the consumer to visually inspect all files maintained regarding the consumer at the time of the request.

(b) All items of information shall be available for inspection, except that the sources of information acquired solely for use in preparing an investigative consumer report and actually used for no other purpose need not be disclosed. However, if an action is brought under this title, those sources shall be available to the consumer under appropriate discovery procedures in the court in which the action is brought.

Nothing in this title shall be interpreted to mean that investigative consumer reporting agencies are required to divulge to consumers the sources of investigative consumer reports except in appropriate discovery procedures as outlined herein.

(c) The investigative consumer reporting agency shall also identify the recipients of any investigative consumer report on the consumer that the investigative consumer reporting agency has furnished:

(1) For employment or insurance purposes within the two-year period preceding the request.

(2) For any other purpose within the one-year period preceding the request.

(d) The identification of a recipient under subdivision (c) shall include the name of the recipient or, if applicable, the trade name (written in full) under which the recipient conducts business and, upon request of the consumer, the address and telephone number of the recipient.

(e) The investigative consumer reporting agency shall also disclose the dates, original payees, and amounts of any checks or charges upon which is based any adverse characterization of the consumer, included in the file at the time of the disclosure.

SEC. 3. Section 1786.11 is added to the Civil Code, to read:

1786.11. Every investigative consumer reporting agency that provides an investigative consumer report to a person other than the consumer shall make a copy of that report available, upon request and proper identification, to the consumer for at least 60 days after the date that the report is provided to the other person.

SEC. 4. Section 1786.12 of the Civil Code is amended to read:

1786.12. An investigative consumer reporting agency shall only furnish an investigative consumer report under the following circumstances:

(a) In response to the order of a court having jurisdiction to issue the order.

(b) In compliance with a lawful subpoena issued by a court of competent jurisdiction.

(c) In accordance with the written instructions of the consumer to whom it relates.

(d) To a person that it has reason to believe:

(1) Intends to use the information for employment purposes; or

(2) Intends to use the information serving as a factor in determining a consumer's eligibility for insurance or the rate for any insurance; or

(3) Intends to use the information in connection with a determination of the consumer's eligibility for a license or other benefit granted by a governmental instrumentality required by law to consider the applicant's financial responsibility or status; or

(4) Intends to use the information in connection with an order of a court of competent jurisdiction to provide support where the imposition or enforcement of the order involves the consumer; or

(5) Intends to use the information in connection with the hiring of a dwelling unit, as defined in subdivision (c) of Section 1940.

(e) An investigative consumer reporting agency shall not prepare or furnish an investigative consumer report to a person described in subdivision (d) unless the agency has received the certification under paragraph (4) of subdivision (a) of Section 1786.16 from the person requesting the report.

(f) An investigative consumer reporting agency shall not furnish an investigative consumer report to a person described in subdivision (d) if that report contains medical information about a consumer, unless the consumer consents to the furnishing of the report.

SEC. 5. Section 1786.16 of the Civil Code is amended to read:

1786.16. (a) Any person described in subdivision (d) of Section 1786.12 shall not procure or cause to be prepared an investigative consumer report unless the following applicable conditions are met:

(1) If an investigative consumer report is sought in connection with the underwriting of insurance, it shall be clearly and accurately disclosed in writing at the time the application form, medical form, binder, or similar document is signed by the consumer that an investigative consumer report regarding the consumer's character, general reputation, personal characteristics, and mode of living may be made. If no signed application form, medical form, binder, or similar document is involved in the underwriting transaction, the disclosure shall be made to the consumer in writing and mailed or otherwise delivered to the consumer not later than three days after the report was first requested.

(2) If, at any time, an investigative consumer report is sought for employment purposes other than promotion or reassignment, the person procuring or causing the report to be made shall, not later than three days after the date on which the report was first requested, notify the consumer in writing that an investigative consumer report regarding the consumer's character, general reputation, personal characteristics, and mode of living will be made. This notification shall include the name of the investigative consumer reporting agency conducting the investigation and a summary of the provisions of Section 1786.22.

(3) If an investigative consumer report is sought in connection with the hiring of a dwelling unit, as defined in subdivision (c) of Section 1940, the person procuring or causing the request to be made shall, not later than three days after the date on which the report was first requested, notify the consumer in writing that an investigative consumer report will be made regarding the consumer's character, general reputation, personal characteristics, and mode of living. The notification shall also include the name and address of the investigative consumer reporting agency that will prepare the report.

(4) The person procuring or causing the request to be made shall certify to the investigative consumer reporting agency that the person has made the applicable disclosures to the consumer required

by this subdivision and that the person will comply with subdivision (b).

(b) Any person described in subdivision (d) of Section 1786.12 shall, upon written request made by the consumer within a reasonable period of time after the receipt by the consumer of the disclosure required by subdivision (a), make a complete and accurate disclosure of the nature and scope of the investigation requested. This disclosure shall be made in writing and mailed or otherwise delivered to the consumer not later than five days after the date the request for the disclosure was received from the consumer or the report was first requested, whichever is later.

(c) The provisions of subdivision (a) shall not apply to an investigative consumer report procured or caused to be prepared by an employer if the purpose of the employer is to determine whether to retain an employee when there is a good faith belief that the employee is engaged in any criminal activity likely to result in a loss to the employer.

(d) Those persons described in subdivision (d) of Section 1786.12 of this title shall constitute the sole and exclusive class of persons who may cause an investigative consumer report to be prepared.

SEC. 6. Section 1786.18 of the Civil Code is amended to read:

1786.18. (a) Except as authorized under subdivision (b), no investigative consumer reporting agency shall make or furnish any investigative consumer report containing any of the following items of information:

(1) Bankruptcies that, from the date of adjudication, antedate the report by more than 10 years.

(2) Suits that, from the date of filing, and satisfied judgments that, from the date of entry, antedate the report by more than seven years.

(3) Unsatisfied judgments that, from the date of entry, antedate the report by more than seven years.

(4) Unlawful detainer actions where the defendant was the prevailing party or where the action is resolved by settlement agreement.

(5) Paid tax liens that, from the date of payment, antedate the report by more than seven years.

(6) Accounts placed for collection or charged to profit and loss that antedate the report by more than seven years.

(7) Records of arrest, indictment, information, misdemeanor complaint, or conviction of a crime that, from the date of disposition, release, or parole, antedate the report by more than seven years. These items of information shall no longer be reported if at any time it is learned that, in the case of a conviction, a full pardon has been granted or, in the case of an arrest, indictment, information, or misdemeanor complaint, a conviction did not result; except that records of arrest, indictment, information, or misdemeanor complaints may be reported pending pronouncement of judgment on the particular subject matter of those records.

(8) Any other adverse information that antedates the report by more than seven years.

(b) The provisions of subdivision (a) are not applicable in the case of any investigative consumer report to be used in the following transactions:

(1) The underwriting of life insurance involving, or that may reasonably be expected to involve, an amount of one hundred fifty thousand dollars ($150,000) or more.

(2) The employment of any individual at an annual salary that equals, or may reasonably be expected to equal, seventy-five thousand dollars ($75,000) or more.

(3) The rental of a dwelling unit that exceeds two thousand dollars ($2,000) per month.

(c) Except as otherwise provided in Section 1786.28, an investigative consumer reporting agency shall not furnish an investigative consumer report that includes information that is a matter of public record and that relates to an arrest, indictment, conviction, civil judicial action, tax lien, or outstanding judgment, unless the agency has verified the accuracy of the information during the 30-day period ending on the date on which the report is furnished.

(d) An investigative consumer reporting agency shall not prepare or furnish an investigative consumer report on a consumer that contains information that is adverse to the interest of the consumer and that is obtained through a personal interview with a neighbor, friend, or associate of the consumer or with another person with whom the consumer is acquainted or who has knowledge of the item of information, unless either (1) the investigative consumer reporting agency has followed reasonable procedures to obtain confirmation of the information, from an additional source that has independent and direct knowledge of the information, or (2) the person interviewed is the best possible source of the information.

SEC. 7. Section 1786.20 of the Civil Code is amended to read:

1786.20. (a) Every investigative consumer reporting agency shall maintain reasonable procedures designed to avoid violations of Section 1786.18 and to limit furnishing of investigative consumer reports for the purposes listed under Section 1786.12. These procedures shall require that prospective users of the information identify themselves, certify the purposes for which the information is sought and that the information will be used for no other purposes, and make the certifications described in paragraph (4) of subdivision (a) of Section 1786.16. From the effective date of this title, the investigative consumer reporting agency shall keep a record of the purposes for which information is sought, as stated by the user. Every investigative consumer reporting agency shall make a reasonable effort to verify the identity of a new prospective user and the uses certified by the prospective user prior to furnishing the user any investigative consumer reports. No investigative consumer reporting agency may furnish any investigative consumer reports to any person

unless it has reasonable grounds for believing that the investigative consumer reports will be used by that person for purposes listed in Section 1786.12.

(b) Whenever an investigative consumer reporting agency prepares an investigative consumer report, it shall follow reasonable procedures to assure maximum possible accuracy of the information concerning the individual about whom the report relates.

(c) An investigative consumer reporting agency shall not make an inquiry for the purpose of preparing an investigative consumer report on a consumer for employment purposes if the making of the inquiry by an employer or prospective employer of the consumer would violate any applicable federal or state equal employment opportunity law or regulation.

SEC. 8. Section 1786.24 of the Civil Code is amended to read:

1786.24. (a) If the completeness or accuracy of any item of information contained in his or her file is disputed by a consumer, and the dispute is conveyed directly to the investigative consumer reporting agency by the consumer, the investigative consumer reporting agency shall, without charge, reinvestigate and record the current status of the disputed information or delete the item from the file in accordance with subdivision (c), before the end of the 30-day period beginning on the date on which the agency receives the notice of the dispute from the consumer.

(b) The agency shall notify any person who provided information in dispute at the address and in the manner specified by that person. The notice shall include all relevant information regarding the dispute that the investigative consumer reporting agency has received from the consumer. The agency shall also promptly provide to the person who provided the information in dispute all relevant information regarding the dispute that is received by the agency from the consumer during the reinvestigation.

(c) In conducting a reinvestigation, the investigative consumer reporting agency shall review and consider all relevant information submitted by the consumer with respect to the disputed item of information.

(d) Notwithstanding subdivision (a), an investigative consumer reporting agency may terminate a reinvestigation of information disputed by a consumer if the investigative consumer reporting agency reasonably determines that the dispute is frivolous or irrelevant, including by reason of a failure by a consumer to provide sufficient information to investigate the disputed information. Upon making a determination that a dispute is frivolous or irrelevant, the investigative consumer reporting agency shall notify the consumer, by mail or, if authorized by the consumer for that purpose, by any other means available to the agency. In this notification, the investigative consumer reporting agency shall state the specific reasons why it has determined that the consumer's dispute is frivolous or irrelevant and provide a description of any information

required to investigate the disputed information, that may consist of a standardized form describing the general nature of the required information.

(e) If a reinvestigation is made and, after reinvestigation, the disputed item of information is found to be inaccurate, incomplete, or cannot be verified by the evidence submitted, the investigative consumer reporting agency shall promptly delete that information from the consumer's file or modify the information, as appropriate, based on the results of the reinvestigation, and shall notify the consumer that the information has been deleted or modified.

(f) No information may be reinserted in a consumer's file after having been deleted pursuant to this section unless the person who furnished the information verifies that the information is complete and accurate. If any information deleted from a consumer's file is reinserted in the file, the investigative consumer reporting agency shall promptly notify the consumer of the reinsertion in writing or, if authorized by the consumer for that purpose, by any other means available to the agency. As part of, or in addition to, this notice, the investigative consumer reporting agency shall provide to the consumer in writing (1) a statement that the disputed information has been reinserted, (2) the name, address, and telephone number of any furnisher of information contacted or that contacted the investigative consumer reporting agency in connection with the reinsertion, and the telephone number of the furnisher, if reasonably available, and (3) a notice that the consumer has the right to a reinvestigation of the information reinserted by the investigative consumer reporting agency and to add a statement to his or her file disputing the accuracy or completeness of the information.

(g) An investigative consumer reporting agency shall provide notice to the consumer of the results of any reinvestigation under this section by mail or, if authorized by the consumer for that purpose, by other means available to the agency. The notice shall include (1) a statement that the reinvestigation is completed, (2) an investigative consumer report that is based on the consumer's file as that file is revised as a result of the reinvestigation, (3) a description or indication of any changes made in the investigative consumer report as a result of those revisions to the consumer's file, (4) a notice that, if requested by the consumer, a description of the procedure used to determine the accuracy and completeness of the information shall be provided to the consumer by the investigative consumer reporting agency, including the name, business address, and telephone number of any furnisher of information contacted in connection with that information, (5) a notice that the consumer has the right to add a statement to the consumer's file disputing the accuracy or completeness of the information, and (6) a notice that the consumer has the right to request that the investigative consumer reporting agency furnish notifications under subdivision (k).

(h) The presence of information in the consumer's file that contradicts the contention of the consumer shall not, in and of itself, constitute reasonable grounds for believing the dispute is frivolous or irrelevant.

(i) If the investigative consumer reporting agency determines that the dispute is frivolous or irrelevant, or if the reinvestigation does not resolve the dispute, or if the information is reinserted into the consumer's file pursuant to subdivision (f), the consumer may file a brief statement setting forth the nature of the dispute. The investigative consumer reporting agency may limit these statements to not more than 100 words if it provides the consumer with assistance in writing a clear summary of the dispute.

(j) Whenever a statement of dispute is filed, the investigative consumer reporting agency shall, in any subsequent investigative consumer report containing the information in question, clearly note that the information is disputed by the consumer and shall include in the report either the consumer's statement or a clear and accurate summary thereof.

(k) Following the deletion of information from a consumer's file pursuant to this section, or following the filing of a dispute pursuant to subdivision (i), the investigative consumer reporting agency shall, at the request of the consumer, furnish notification that the item of information has been deleted or that the item of information is disputed. In the case of disputed information, the notification shall include the statement or summary of the dispute filed pursuant to subdivision (i). This notification shall be furnished to any person, specifically designated by the consumer, who has, within two years prior to the deletion or the filing of the dispute, received an investigative consumer report concerning the consumer for employment purposes, or who has, within one year of the deletion or the filing of the dispute, received an investigative consumer report concerning the consumer for any other purpose, if these investigative consumer reports contained the deleted or disputed information. The investigative consumer reporting agency shall clearly and conspicuously disclose to the consumer his or her rights to make a request for this notification.

(*l*) An investigative consumer reporting agency shall maintain reasonable procedures designed to prevent the reappearance in a consumer's file and in investigative consumer reports information that has been deleted pursuant to this section and not reinserted pursuant to subdivision (f).

(m) If the consumer's dispute is resolved by deletion of the disputed information within three business days, beginning with the day the investigative consumer reporting agency receives notice of the dispute in accordance with subdivision (a), the investigative consumer reporting agency shall be exempt from requirements for further action under subdivisions (g), (i), and (j), if the agency: (1) provides prompt notice of the deletion to the consumer by

telephone, (2) provides written confirmation of the deletion and a copy of an investigative consumer report of the consumer that is based on the consumer's file after the deletion, and (3) includes, in the telephone notice or in a written notice that accompanies the confirmation and report, a statement of the consumer's right to request under subdivision (k) that the agency furnish notifications under that subdivision.

(n) Any investigative consumer reporting agency that compiles and maintains files on consumers on a nationwide basis, as defined in the federal Fair Credit Reporting Act, as amended (15 U.S.C. Sec. 1681 et seq.), shall implement an automated system through which furnishers of information to that agency may report the results of a reinvestigation that finds incomplete or inaccurate information in a consumer's file to other investigative consumer reporting agencies.

(o) All actions to be taken by an investigative consumer reporting agency under this section are governed by the applicable time periods specified in Section 611 of the federal Fair Credit Reporting Act, as amended (15 U.S.C. Sec. 1681i).

SEC. 9. Section 1786.26 of the Civil Code is amended to read:

1786.26. (a) An investigative consumer reporting agency shall make all disclosures pursuant to Sections 1786.10 and 1786.22 and furnish all investigative consumer reports pursuant to Section 1786.24, without charge, if requested by the consumer within 60 days after receipt by the consumer of a notification of adverse action pursuant to Section 1786.40 stating that adverse action may be or has been taken on the consumer.

(b) Except as otherwise provided in subdivision (d), an investigative consumer reporting agency may charge a consumer a fee not exceeding eight dollars ($8) for making disclosures to the consumer pursuant to Sections 1786.10, 1786.11, and 1786.22. Any charges shall be indicated to the consumer prior to disclosure.

(c) An investigative consumer reporting agency shall not impose any charge for providing notice to a consumer required under Section 1786.24 or notifying a person pursuant to subdivision (k) of Section 1786.24 of the deletion of information that is found to be inaccurate or that cannot be verified.

(d) Upon the request of the consumer, an investigative consumer reporting agency shall make all disclosures pursuant to Section 1786.10 and 1786.22 once during any 12-month period without charge to that consumer if the consumer certifies in writing that he or she (1) is unemployed and intends to apply for employment in the 60-day period beginning on the date the certification is made, (2) is a recipient of public welfare assistance, or (3) has reason to believe that the file on the consumer at the investigative consumer reporting agency contains inaccurate information due to fraud.

(e) An investigative consumer reporting agency shall not impose any charge on a consumer for providing any notification or making

any disclosure required by this title, except as authorized by this section.

SEC. 10. Section 1786.30 of the Civil Code is amended to read:

1786.30. Whenever an investigative consumer reporting agency prepares an investigative consumer report, no adverse information in the report (other than information that is a matter of public record, the status of which has been updated pursuant to Section 1786.28) may be included in a subsequent investigative consumer report unless that adverse information has been verified in the process of making the subsequent investigative consumer report, or the adverse information was received within the three-month period preceding the date the subsequent report is furnished.

SEC. 11. Section 1786.40 of the Civil Code is amended to read:

1786.40. (a) Whenever insurance for personal, family, or household purposes, employment, or the hiring of a dwelling unit involving a consumer is denied or the charge for that insurance or the hiring of a dwelling unit is increased either wholly or partly because of information contained in an investigative consumer report from an investigative consumer reporting agency, the user of the investigative consumer report shall so advise the consumer against whom the adverse action has been taken and supply the name and address of the investigative consumer reporting agency making the report.

(b) Whenever insurance for personal, family, or household purposes involving a consumer is denied or the charge for that insurance is increased either wholly or in part because of information obtained from a person other than an investigative consumer reporting agency, the consumer, or another person related to the consumer and acting on the consumer's behalf and bearing upon the consumer's general reputation, personal characteristics or mode of living, the user of the information shall, within a reasonable period of time, and upon the consumer's written request for the reasons for the adverse action received within 60 days after learning of the adverse action, disclose the nature and substance of the information to the consumer. The user of the information shall clearly and accurately disclose to the consumer his or her right to make this written request at the time the adverse action is communicated to the consumer.

SEC. 12. Section 1786.50 of the Civil Code is amended to read:

1786.50. (a) Any investigative consumer reporting agency or user of information that fails to comply with any requirement under this title with respect to an investigative consumer report is liable to the consumer who is the subject of the report in an amount equal to the sum of all the following:

(4) At least 22 state programs and many federal and local programs provide these work force preparation services.

(5) With the increasing demand to educate and train the youth and adults in this state with the skills necessary to obtain and retain employment especially in the industries essential for its economic

growth, California needs to maximize the effective use of resources for its work force preparation programs to create a more coherent, comprehensive, accountable, and customer-focused system.

SECTION 1. Section 1363 of the Health and Safety Code is amended to read:

1363. (a) The commissioner shall require the use by each plan of disclosure forms or materials containing information regarding the benefits, services, and terms of the plan contract as the commissioner may require, so as to afford the public, subscribers, and enrollees with a full and fair disclosure of the provisions of the plan in readily understood language and in a clearly organized manner. The commissioner may require that the materials be presented in a

reasonably uniform manner so as to facilitate comparisons between plan contracts of the same or other types of plans. Nothing contained in this chapter shall preclude the commissioner from permitting the disclosure form to be included with the evidence of coverage or plan contract.

The disclosure form shall provide for at least the following information, in concise and specific terms, relative to the plan, together with additional information as may be required by the commissioner, in connection with the plan or plan contract:

(1) The principal benefits and coverage of the plan, including coverage for acute care and subacute care.

(2) The exceptions, reductions, and limitations that apply to the plan.

(3) The full premium cost of the plan.

(4) Any copayment, coinsurance, or deductible requirements that may be incurred by the member or the member's family in obtaining coverage under the plan.

(5) The terms under which the plan may be renewed by the plan member, including any reservation by the plan of any right to change premiums.

(6) A statement that the disclosure form is a summary only, and that the plan contract itself should be consulted to determine governing contractual provisions.

(7) A statement as to when benefits shall cease in the event of nonpayment of the prepaid or periodic charge and the effect of nonpayment upon an enrollee who is hospitalized or undergoing treatment for an ongoing condition.

(8) To the extent that the plan permits a free choice of provider to its subscribers and enrollees, the statement shall disclose the nature and extent of choice permitted and the financial liability which is, or may be, incurred by the subscriber, enrollee, or a third party by reason of the exercise of that choice.

(9) A summary of the provisions required by subdivision (g) of Section 1373, if applicable.

(10) If the plan utilizes arbitration to settle disputes, a statement of that fact.

(11) A summary of, and a notice of the availability of, the process the plan uses to authorize or deny health care services under the benefits provided by the plan, pursuant to Section 1363.5.

(12) A description of any limitations on the patient's choice of primary care or specialty care physician based on service area and limitations on the patient's choice of acute care hospital care, subacute or transitional inpatient care, or skilled nursing facility.

(13) General authorization requirements for referral by a primary care physician to a specialty care physician.

(14) Conditions and procedures for disenrollment.

(b) All plans, solicitors, and representatives of a plan shall, when presenting any plan contract for examination or sale to an individual

prospective plan member, provide the individual with a properly completed disclosure form, as prescribed by the commissioner pursuant to this section for each plan so examined or sold.

(c) In the case of group contracts, the completed disclosure form and evidence of coverage shall be presented to the contractholder upon delivery of the completed health care service plan agreement.

(d) Group contractholders shall disseminate copies of the completed disclosure form to all persons eligible to be a subscriber under the group contract at the time those persons are offered the plan. Where the individual group members are offered a choice of plans, separate disclosure forms shall be supplied for each plan available. Each group contractholder shall also disseminate or cause to be disseminated copies of the evidence of coverage to all subscribers enrolled under the group contract.

(e) In the case of conflicts between the group contract and the evidence of coverage, the provisions of the evidence of coverage shall be binding upon the plan notwithstanding any provisions in the group contract which may be less favorable to subscribers or enrollees.

(f) In addition to the other disclosures required by this section, every health care service plan and any agent or employee of the plan shall, when presenting a plan for examination or sale to any individual purchaser or the representative of a group consisting of 25 or fewer individuals, disclose in writing the ratio of premium costs to health services paid for plan contracts with individuals and with groups of the same or similar size for the plan's preceding fiscal year. A plan may report that information by geographic area, provided the plan identifies the geographic area and reports information applicable to that geographic area.

(g) This section shall become inoperative on July 1, 1999, and, as of January 1, 2000, is repealed, unless a later enacted statute, that is enacted on or before January 1, 2000, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. Section 1363 is added to the Health and Safety Code, to read:

1363. (a) The commissioner shall require the use by each plan of disclosure forms or materials containing information regarding the benefits, services, and terms of the plan contract as the commissioner may require, so as to afford the public, subscribers, and enrollees with a full and fair disclosure of the provisions of the plan in readily understood language and in a clearly organized manner. The commissioner may require that the materials be presented in a reasonably uniform manner so as to facilitate comparisons between plan contracts of the same or other types of plans. Nothing contained in this chapter shall preclude the commissioner from permitting the disclosure form to be included with the evidence of coverage or plan contract.

The disclosure form shall provide for at least the following information, in concise and specific terms, relative to the plan, together with additional information as may be required by the commissioner, in connection with the plan or plan contract:

(2) The exceptions, reductions, and limitations that apply to the plan.

(3) The full premium cost of the plan.

(4) Any copayment, coinsurance, or deductible requirements that may be incurred by the member or the member's family in obtaining coverage under the plan.

(5) The terms under which the plan may be renewed by the plan member, including any reservation by the plan of any right to change premiums.

(A) (i) States that the evidence of coverage discloses the terms and conditions of coverage.

(ii) States, with respect to individual plan contracts, small group plan contracts, and any other group plan contracts for which health care services are not negotiated, that the applicant has a right to view the evidence of coverage prior to enrollment, and, if the evidence of coverage is not combined with the disclosure form, the notice shall specify where the evidence of coverage can be obtained prior to enrollment.

(B) Includes a statement that the disclosure and the evidence of coverage should be read completely and carefully and that individuals with special health care needs should read carefully those sections that apply to them.

(C) Includes the plan's telephone number or numbers that may be used by an applicant to receive additional information about the benefits of the plan or a statement where the telephone number or numbers are located in the disclosure form.

(D) For individual contracts, and small group plan contracts as defined in Article 3.1 (commencing with Section 1357), the disclosure form shall state where the health plan benefits and coverage matrix is located.

(E) Is printed in type no smaller than that used for the remainder of the disclosure form and is displayed prominently on the page.

(7) A statement as to when benefits shall cease in the event of nonpayment of the prepaid or periodic charge and the effect of nonpayment upon an enrollee who is hospitalized or undergoing treatment for an ongoing condition.

(8) To the extent that the plan permits a free choice of provider to its subscribers and enrollees, the statement shall disclose the nature and extent of choice permitted and the financial liability which is, or may be, incurred by the subscriber, enrollee, or a third party by reason of the exercise of that choice.

(9) A summary of the provisions required by subdivision (g) of Section 1373, if applicable.

(10) If the plan utilizes arbitration to settle disputes, a statement of that fact.

(11) A summary of, and a notice of the availability of, the process the plan uses to authorize or deny health care services under the benefits provided by the plan, pursuant to Section 1363.5.

(12) A description of any limitations on the patient's choice of primary care or specialty care physician based on service area and limitations on the patient's choice of acute care hospital care, subacute or transitional inpatient care, or skilled nursing facility.

(14) Conditions and procedures for disenrollment.

(15) A description as to how an enrollee may request continuity of care as required by Section 1373.96.

(b) (1) As of July 1, 1999, the commissioner shall require each plan offering a contract to an individual or small group to provide with the disclosure form for individual and small group plan contracts a uniform health plan benefits and coverage matrix containing the plan's major provisions in order to facilitate comparisons between plan contracts. The uniform matrix shall include the following category descriptions together with the corresponding copayments and limitations in the following sequence:

(A) Deductibles.
(B) Lifetime maximums.
(C) Professional services.
(D) Outpatient services.
(E) Hospitalization services.
(F) Emergency health coverage.
(G) Ambulance services.
(H) Prescription drug coverage.
(I) Durable medical equipment.
(J) Mental health services.
(K) Chemical dependency services.
(L) Home health services.
(M) Other.

(2) The following statement shall be placed at the top of the matrix in all capital letters in at least 10-point boldface type:

THIS MATRIX IS INTENDED TO BE USED TO HELP YOU COMPARE COVERAGE BENEFITS AND IS A SUMMARY ONLY. THE EVIDENCE OF COVERAGE AND PLAN CONTRACT

SHOULD BE CONSULTED FOR A DETAILED DESCRIPTION OF COVERAGE BENEFITS AND LIMITATIONS.

(c) Nothing in this section shall prevent a plan from using appropriate footnotes or disclaimers to reasonably and fairly describe coverage arrangements in order to clarify any part of the matrix that may be unclear.

(d) All plans, solicitors, and representatives of a plan shall, when presenting any plan contract for examination or sale to an individual prospective plan member, provide the individual with a properly completed disclosure form, as prescribed by the commissioner pursuant to this section for each plan so examined or sold.

(e) In the case of group contracts, the completed disclosure form and evidence of coverage shall be presented to the contractholder upon delivery of the completed health care service plan agreement.

(f) Group contractholders shall disseminate copies of the completed disclosure form to all persons eligible to be a subscriber under the group contract at the time those persons are offered the plan. Where the individual group members are offered a choice of plans, separate disclosure forms shall be supplied for each plan available. Each group contractholder shall also disseminate or cause to be disseminated copies of the evidence of coverage to all applicants, upon request, prior to enrollment and to all subscribers enrolled under the group contract.

(g) In the case of conflicts between the group contract and the evidence of coverage, the provisions of the evidence of coverage shall be binding upon the plan notwithstanding any provisions in the group contract which may be less favorable to subscribers or enrollees.

(h) In addition to the other disclosures required by this section, every health care service plan and any agent or employee of the plan shall, when presenting a plan for examination or sale to any individual purchaser or the representative of a group consisting of 25 or fewer individuals, disclose in writing the ratio of premium costs to health services paid for plan contracts with individuals and with groups of the same or similar size for the plan's preceding fiscal year. A plan may report that information by geographic area, provided the plan identifies the geographic area and reports information applicable to that geographic area.

(i) Subdivision (b) shall not apply to any coverage provided by a plan for the Medi-Cal program or the Medicare program pursuant to Title XVIII and Title XIX of the Social Security Act.

(j) This section shall become operative July 1, 1999.

SEC. 3. Section 1363.01 of the Health and Safety Code, as added by Section 1 of Chapter 68 of the Statutes of 1998, is amended to read:

1363.01. (a) Every plan that covers prescription drug benefits shall provide notice in the evidence of coverage and disclosure form to enrollees regarding whether the plan uses a formulary. The notice

shall be in language that is easily understood and in a format that is easy to understand. The notice shall include an explanation of what a formulary is, how the plan determines which prescription drugs are included or excluded, and how often the plan reviews the contents of the formulary.

(b) Every plan that covers prescription drug benefits shall provide to members of the public, upon request, information regarding whether a specific drug or drugs are on the plan's formulary. Notice of the opportunity to secure this information from the plan, including the plan's telephone number for making a request of this nature, shall be included in the evidence of coverage and disclosure form to enrollees.

(c) Every plan shall notify enrollees, and members of the public who request formulary information, that the presence of a drug on the plan's formulary does not guarantee that an enrollee will be prescribed that drug by his or her prescribing provider for a particular medical condition.

(d) This section shall become operative July 1, 1999.

SEC. 4. Section 1371.35 is added to the Health and Safety Code, to read:

1371.35. (a) A health care service plan, including a specialized health care service plan, shall reimburse each complete claim, or portion thereof, whether in state or out of state, as soon as practical, but no later than 30 working days after receipt of the complete claim by the health care service plan, or if the health care service plan is a health maintenance organization, 45 working days after receipt of the complete claim by the health care service plan. However, a plan may contest or deny a claim, or portion thereof, by notifying the claimant, in writing, that the claim is contested or denied, within 30 working days after receipt of the claim by the health care service plan, or if the health care service plan is a health maintenance organization, 45 working days after receipt of the claim by the health care service plan. The notice that a claim, or portion thereof, is contested shall identify the portion of the claim that is contested, by revenue code, and the specific information needed from the provider to reconsider the claim. The notice that a claim, or portion thereof, is denied shall identify the portion of the claim that is denied, by revenue code, and the specific reasons for the denial. A plan may delay payment of an uncontested portion of a complete claim for reconsideration of a contested portion of that claim so long as the plan pays those charges specified in subdivision (b).

(b) If a complete claim, or portion thereof, that is neither contested nor denied, is not reimbursed by delivery to the claimant's address of record within the respective 30 or 45 working days after receipt, the plan shall pay the greater of fifteen dollars ($15) per year or interest at the rate of 10 percent per annum beginning with the first calendar day after the 30- or 45-working-day period. A health care service plan shall automatically include the fifteen dollars ($15)

per year or interest due in the payment made to the claimant, without requiring a request therefor.

(c) For the purposes of this section, a claim, or portion thereof, is reasonably contested if the plan has not received the completed claim. A paper claim from an institutional provider shall be deemed complete upon submission of a legible emergency department report and a completed UB 92 or other format adopted by the National Uniform Billing Committee, and reasonable relevant information requested by the plan within 30 working days of receipt of the claim. An electronic claim from an institutional provider shall be deemed complete upon submission of an electronic equivalent to the UB 92 or other format adopted by the National Uniform Billing Committee, and reasonable relevant information requested by the plan within 30 working days of receipt of the claim. However, if the plan requests a copy of the emergency department report within the 30 working days after receipt of the electronic claim from the institutional provider, the plan may also request additional reasonable relevant information within 30 working days of receipt of the emergency department report, at which time the claim shall be deemed complete. A claim from a professional provider shall be deemed complete upon submission of a completed HCFA 1500 or its electronic equivalent or other format adopted by the National Uniform Billing Committee, and reasonable relevant information requested by the plan within 30 working days of receipt of the claim. The provider shall provide the plan reasonable relevant information within 10 working days of receipt of a written request that is clear and specific regarding the information sought. If, as a result of reviewing the reasonable relevant information, the plan requires further information, the plan shall have an additional 15 working days after receipt of the reasonable relevant information to request the further information, notwithstanding any time limit to the contrary in this section, at which time the claim shall be deemed complete.

(d) This section shall not apply to claims about which there is evidence of fraud and misrepresentation, to eligibility determinations, or in instances where the plan has not been granted reasonable access to information under the provider's control. A plan shall specify, in a written notice sent to the provider within the respective 30- or 45-working days of receipt of the claim, which, if any, of these exceptions applies to a claim.

(e) If a claim or portion thereof is contested on the basis that the plan has not received information reasonably necessary to determine payer liability for the claim or portion thereof, then the plan shall have 30 working days or, if the health care service plan is a health maintenance organization, 45 working days after receipt of this additional information to complete reconsideration of the claim. If a claim, or portion thereof, undergoing reconsideration is not reimbursed by delivery to the claimant's address of record within the respective 30 or 45 working days after receipt of the additional

information, the plan shall pay the greater of fifteen dollars ($15) per year or interest at the rate of 10 percent per annum beginning with the first calendar day after the 30- or 45-working-day period. A health care service plan shall automatically include the fifteen dollars ($15) per year or interest due in the payment made to the claimant, without requiring a request therefor.

(f) The obligation of the plan to comply with this section shall not be deemed to be waived when the plan requires its medical groups, independent practice associations, or other contracting entities to pay claims for covered services. This section shall not be construed to prevent a plan from assigning, by a written contract, the responsibility to pay interest and late charges pursuant to this section to medical groups, independent practice associations, or other entities.

(g) A plan shall not delay payment on a claim from a physician or other provider to await the submission of a claim from a hospital or other provider, without citing specific rationale as to why the delay was necessary and providing a monthly update regarding the status of the claim and the plan's actions to resolve the claim, to the provider that submitted the claim.

(h) A health care service plan shall not request or require that a provider waive its rights pursuant to this section.

(i) This section shall not apply to capitated payments.

(j) This section shall apply only to claims for services rendered to a patient who was provided emergency services and care as defined in Section 1317.1 in the United States on or after September 1, 1999.

(k) This section shall not be construed to affect the rights or obligations of any person pursuant to Section 1371.

(*l*) This section shall not be construed to affect a written agreement, if any, of a provider to submit bills within a specified time period.

SEC. 5. Section 10123.147 is added to the Insurance Code, to read:

10123.147. (a) Every insurer issuing group or individual policies of disability insurance that covers hospital, medical, or surgical expenses, including those telemedicine services covered by the insurer as defined in subdivision (a) of Section 2290.5 of the Business and Professions Code, shall reimburse each complete claim, or portion thereof, whether in state or out of state, as soon as practical, but no later than 30 working days after receipt of the complete claim by the insurer. However, an insurer may contest or deny a claim, or portion thereof, by notifying the claimant, in writing, that the claim is contested or denied, within 30 working days after receipt of the complete claim by the insurer. The notice that a claim, or portion thereof, is contested shall identify the portion of the claim that is contested, by revenue code, and the specific information needed from the provider to reconsider the claim. The notice that a claim, or portion thereof, is denied shall identify the portion of the claim that is denied, by revenue code, and the specific reasons for the

denial. An insurer may delay payment of an uncontested portion of a complete claim for reconsideration of a contested portion of that claim so long as the insurer pays those charges specified in subdivision (b).

(b) If a complete claim, or portion thereof, that is neither contested nor denied, is not reimbursed by delivery to the claimant's address of record within the 30 working days after receipt, the insurer shall pay the greater of fifteen dollars ($15) per year or interest at the rate of 10 percent per annum beginning with the first calendar day after the 30-working-day period. An insurer shall automatically include the fifteen dollars ($15) per year or interest due in the payment made to the claimant, without requiring a request therefor.

(c) For the purposes of this section, a claim, or portion thereof, is reasonably contested if the insurer has not received the completed claim. A paper claim from an institutional provider shall be deemed complete upon submission of a legible emergency department report and a completed UB 92 or other format adopted by the National Uniform Billing Committee, and reasonable relevant information requested by the insurer within 30 working days of receipt of the claim. An electronic claim from an institutional provider shall be deemed complete upon submission of an electronic equivalent to the UB 92 or other format adopted by the National Uniform Billing Committee, and reasonable relevant information requested by the insurer within 30 working days of receipt of the claim. However, if the insurer requests a copy of the emergency department report within the 30 working days after receipt of the electronic claim from the institutional provider, the insurer may also request additional reasonable relevant information within 30 working days of receipt of the emergency department report, at which time the claim shall be deemed complete. A claim from a professional provider shall be deemed complete upon submission of a completed HCFA 1500 or its electronic equivalent or other format adopted by the National Uniform Billing Committee, and reasonable relevant information requested by the insurer within 30 working days of receipt of the claim. The provider shall provide the insurer reasonable relevant information within 15 working days of receipt of a written request that is clear and specific regarding the information sought. If, as a result of reviewing the reasonable relevant information, the insurer requires further information, the insurer shall have an additional 15 working days after receipt of the reasonable relevant information to request the further information, notwithstanding any time limit to the contrary in this section, at which time the claim shall be deemed complete.

(d) This section shall not apply to claims about which there is evidence of fraud and misrepresentation, to eligibility determinations, or in instances where the plan has not been granted reasonable access to information under the provider's control. An insurer shall specify, in a written notice to the provider within 30

working days of receipt of the claim, which, if any, of these exceptions applies to a claim.

(e) If a claim or portion thereof is contested on the basis that the insurer has not received information reasonably necessary to determine payer liability for the claim or portion thereof, then the insurer shall have 30 working days after receipt of this additional information to complete reconsideration of the claim. If a claim, or portion thereof, undergoing reconsideration is not reimbursed by delivery to the claimant's address of record within the 30 working days after receipt of the additional information, the insurer shall pay the greater of fifteen dollars ($15) per year or interest at the rate of 10 percent per annum beginning with the first calendar day after the 30-working-day period. An insurer shall automatically include the fifteen dollars ($15) per year or interest due in the payment made to the claimant, without requiring a request therefor.

(f) An insurer shall not delay payment on a claim from a physician or other provider to await the submission of a claim from a hospital or other provider, without citing specific rationale as to why the delay was necessary and providing a monthly update regarding the status of the claim and the insurer's actions to resolve the claim, to the provider that submitted the claim.

(g) An insurer shall not request or require that a provider waive its rights pursuant to this section.

(h) This section shall apply only to claims for services rendered to a patient who was provided emergency services and care as defined in Section 1317.1 of the Health and Safety Code in the United States on or after September 1, 1999.

(i) This section shall not be construed to affect the rights or obligations of any person pursuant to Section 10123.13.

(j) This section shall not be construed to affect a written agreement, if any, of a provider to submit bills within a specified time period.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 995

An act to amend Section 1300 of, and to add Sections 1255.1, 1255.2, 1255.3, and 1364.1 to, the Health and Safety Code, relating to emergency medical services.

[Approved by Governor September 29, 1998. Filed with Secretary of State September 30, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 1255.1 is added to the Health and Safety Code, to read:

1255.1. (a) Any hospital that provides emergency medical services under Section 1255 shall, as soon as possible, but not later than 90 days prior to a planned reduction or elimination of the level of emergency medical services, provide notice of the intended change to the state department, the local government entity in charge of the provision of health services, and all health care service plans or other entities under contract with the hospital to provide services to enrollees of the plan or other entity.

(b) In addition to the notice required by subdivision (a), the hospital shall, within the time limits specified in subdivision (a), provide public notice of the intended change in a manner that is likely to reach a significant number of residents of the community serviced by that facility.

(c) A hospital shall not be subject to this section or Section 1255.2 if the state department does either of the following:

(1) Determines that the use of resources to keep the emergency center open substantially threatens the stability of the hospital as a whole.

(2) Cites the emergency center for unsafe staffing practices.

SEC. 2. Section 1255.2 is added to the Health and Safety Code, to read:

1255.2. A health facility implementing a downgrade or change shall make reasonable efforts to ensure that the community served by its facility is informed of the downgrade or closure. Reasonable efforts may include, but not be limited to, advertising the change in terms likely to be understood by a layperson, soliciting media coverage regarding the change, informing patients of the facility of the impending change, and notifying contracting health care service plans as required in Section 1255.1.

SEC. 3. Section 1255.3 is added to the Health and Safety Code, to read:

1255.3. On or before June 30, 1999, with the state department as the lead agency, the state department and the Emergency Medical Services Authority, in consultation with hospitals and other health care providers and local emergency medical services agencies, shall

designate signage requirements for a health facility holding a special permit for a standby emergency medical service located in an urban area. The signage shall not include the word "emergency" and shall reflect the type of emergency services provided by the facility, and be easily understood by the average person. The facility shall not post signs, distribute literature, or advertise that emergency services are available at the facility. Nothing in this section shall be construed to mean that a facility is no longer providing emergency services for purposes of billing or reimbursement. A small and rural hospital, as defined in Section 124840, is not subject to the requirements of this section.

SEC. 4. Section 1300 of the Health and Safety Code is amended to read:

1300. (a) Any licensee or holder of a special permit may, with the approval of the state department, surrender his or her license or special permit for suspension or cancellation by the state department. Any license or special permit suspended or canceled pursuant to this section may be reinstated by the state department on receipt of an application showing compliance with the requirements of Section 1265.

(b) Before approving a downgrade or closure of emergency services pursuant to subdivision (a), the state department shall receive a copy of the impact evaluation of the county to determine impacts, including, but not limited to, an impact evaluation of the downgrade or closure upon the community, including community access to emergency care, and how that downgrade or closure will affect emergency services provided by other entities. Development of the impact evaluation shall incorporate at least one public hearing. The county in which the proposed downgrade or closure will occur shall ensure the completion of the impact evaluation, and shall notify the department of results of an impact evaluation within three days of the completion of that evaluation. The county may designate the local emergency medical services agency as the appropriate agency to conduct the impact evaluation. The impact evaluation and hearing shall be completed within 60 days of the county receiving notification of intent to downgrade or close emergency services. The county or designated local emergency medical services agency shall ensure that all hospital and prehospital health care providers in the geographic area impacted by the service closure or change are consulted with, and local emergency service agencies and planning or zoning authorities are notified, prior to completing an impact evaluation as required in this section. This subdivision shall be implemented on and after the date that the county in which the proposed downgrade or closure will occur, or its designated local emergency medical services agency, has developed a policy specifying the criteria it will consider in conducting an impact evaluation, as required by subdivision (b).

(c) The Emergency Medical Services Authority shall develop guidelines for development of impact evaluation policies. On or before June 30, 1999, each county or its designated local emergency medical services agency shall develop a policy specifying the criteria it will consider in conducting an impact evaluation pursuant to subdivision (b). Each county or its designated local emergency medical services agency shall submit its impact evaluation policy to the department and the Emergency Medical Services Authority within three days of completion of the policy. The Emergency Medical Services Authority shall provide technical assistance upon request to a county or its designated local emergency medical services agency.

SEC. 5. Section 1364.1 is added to the Health and Safety Code, to read:

1364.1. Within 30 days of receiving the notice required by Section 1255.1, a health care service plan shall notify, or provide for the notification of, enrollees who have selected a medical group or independent practice association that uses a hospital that the hospital will reduce or eliminate its emergency services. The plan may require that its contracting medical groups and independent practice associations that use the hospital provide this notice. The notice shall include a list of alternate hospitals that may be used by enrollees for emergency services.

SEC. 6. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because in that regard this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 996

An act to amend Sections 22825.5 and 22859.2 of, to add Sections 20530.1, 31470.13, 31691.2, 53213.5, and 75030.7 to, and to add Article 1.5 (commencing with Section 53620) to Chapter 4 of Division 2 of Title 5 of, the Government Code, relating to public employee retirement systems.

The people of the State of California do enact as follows:

SECTION 1. Section 20530.1 is added to the Government Code, to read:

20530.1. An agency whose contract provides for participation of its employees in this system on a prospective basis may request the employees' service, with the contracting agency, prior to the date the employees became members of this system, be credited under this system. If the employees were or are members of a local retirement system and received service and contribution credits under that local retirement system, credit in this system may be granted if the system administrator certifies that the local system may be transferred, and if a two-thirds majority of the affected employees vote in favor of the transfer.

This section shall apply only to members employed by the contracting agency on the effective date of the amendment to the contract in which the contracting agency elects by amendment to its contract to be subject to the provisions of this section. Any cash and securities to the credit of the local retirement system and held on account of affected employees shall be transferred to this system as of said effective date. The board may make arrangements with the agency for the transfer of assets, other than an amount equal to the total member contributions, over an appropriate period following the effective date of the contract, if it finds that transfer as of the effective date is not possible without hardship to the agency.

This section shall not apply to any contracting agency unless and until the agency elects to be subject to the provision of this section by amendment to its contract made in the manner prescribed for approval of contracts.

SEC. 2. Section 22825.5 of the Government Code is amended to read:

22825.5. (a) A contracting agency may amend its contract to provide that subdivision (c) of Section 22825.3 is applicable to employees who retire for service and who are first employed after the operative date of the amendment if the contract is amended to contain the following provisions:

(2) The employer has, in the case of employees represented by a bargaining unit, reached an agreement with that bargaining limit to be subject to this section for the period specified in that memorandum of understanding.

(3) The employer certifies to the board, in the case of employees not represented by a bargaining unit, that there is no applicable memorandum of understanding.

(4) The credited service for purposes of determining the percentage of employer contributions applicable under this section shall mean service as defined in Section 20069, except that not less than five years of that service shall be performed entirely with that employer.

(5) The employer agrees to provide the board any information requested necessary to implement this section.

(b) This section shall apply to the Calaveras County Water District, the Alameda County Water District, the City of Fontana, and the City of Lincoln.

(c) On and after January 1, 1999, this section shall also be applicable to all other contracting agencies which have not amended their contracts to be subject to this section.

SEC. 3. Section 22859.2 of the Government Code is amended to read:

22859.2. (a) Notwithstanding any other provision of this part, the Santa Monica Community College District and the Mt. San Antonio Community College District and their respective employees' exclusive representatives and unrepresented employees may agree that the employer contribution payable by the contracting agency for postretirement health benefit coverage shall be subject to the following:

(1) Credited years of service that the employee worked with the contracting agency.

(2) A memorandum of understanding regarding postretirement health benefit coverage mutually agreed to through collective bargaining. This issue shall not be subject to the impasse procedures set forth in Article 9 (commencing with Section 3548) of Chapter 10.7 of Division 4 of Title 1.

(b) No agreement reached pursuant to subdivision (a) shall be valid if it imposes separate postretirement health benefit coverage vesting requirements on employees in the same category and doing similar job duties.

(c) This section shall not be applicable to any employee who has retired before the effective date of the memorandum of understanding agreed to by the contracting agency and the employees' exclusive representative and unrepresented employees. In the event that the memorandum of understanding establishes a

retroactive effective date, this section shall apply only prospectively and any employee who retires before the memorandum of understanding is signed shall not be affected by it.

(d) No agreement reached pursuant to subdivision (a) shall be valid if it provides for employer contributions with respect to employees with less than five years of credited service with the district.

(e) The contracting agency shall provide to the board in the manner prescribed by the board a notification of the agreement established pursuant to this section and any additional information necessary to implement this section.

(f) On and after January 1, 1999, this section shall also apply to all other school employers that have not amended their contracts to be subject to this section.

SEC. 4. Section 31470.13 is added to the Government Code, to read:

31470.13. Officers and employees whose function clearly fall within the scope of hazardous materials services are eligible.

This section shall not be operative in any county until the time as the board of supervisors shall, by resolution adopted by a majority vote, make this section applicable in the county.

31691.2. The board of retirement in a county of the first class may permit active members and their dependents to enroll in any plan authorized in Section 31691. The board shall have exclusive control over the plan benefits and administration to the same degree and to the same extent it otherwise has control over plan benefits and administration for retired members, and may recover reasonable administrative costs from the county or plan participants.

This section shall not be operative until the board of supervisors, by resolution adopted by a majority vote, makes this section applicable in the county.

SEC. 6. Section 53213.5 is added to the Government Code, to read:

53213.5. Those requirements include, but are not limited to, the holding of assets in a plan that complies with Sections 401(a), 401(k), and 457 of the federal Internal Revenue Code in trust for the exclusive benefit of employees.

(b) Notwithstanding any other provision of law, participants choosing individually directed investments shall relieve the trustee and local agency of responsibility under the terms of the plan and trust. That relief shall be conditioned upon the local agency compliance with communication and education requirements

similar to those prescribed in subdivision (c) of Section 1104 of Title 29 of the United States Code for private sector employers.

SEC. 7. Article 1.5 (commencing with Section 53620) is added to Chapter 4 of Division 2 of Title 5 of the Government Code, to read:

Article 1.5. Health Fund Investments

53620. Notwithstanding Section 53601 or 53635, the governing body of a local agency may invest funds designated for the payment of employee retiree health benefits in any form or type of investment deemed prudent by the governing body pursuant to Section 53622.

53621. The authority of the governing body to invest or to reinvest funds intended for the payment of employee retiree health benefits, or to sell or exchange securities purchased for that purpose, may be delegated by the governing body to designated officers.

(b) The governing body or designated officer, when making investments of the funds, shall discharge its duties with respect to the investment of the funds.

(1) Solely in the interest of, and for the exclusive purposes of providing benefits to, participants in the retiree health benefit plan, minimizing employer contributions thereto, and defraying reasonable expenses of administering the plan.

(2) With the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a like capacity and familiar with these matters would use in the conduct of an enterprise of a like character and with like aims.

(3) Shall diversify the investments of the funds so as to minimize the risk of loss and to maximize the rate of return, unless under the circumstances it is clearly prudent not to do so.

(3) To make payments to a public water system for the incremental costs of acquiring alternate drinking water supplies to replace supplies contaminated by an oxygenate at a level that exceeds the lowest of any primary or secondary drinking water standard adopted pursuant to Section 116365 or 116610. Costs eligible for payment under this paragraph include the costs of connecting a public water system to another public water system or constructing a new drinking water well.

(4) To conduct research and develop cost-effective treatment technologies to treat drinking water contaminated by an oxygenate to meet primary or secondary drinking water standards and effective strategies to protect drinking water sources from contamination by oxygenates. The department shall not expend more than one million dollars ($1,000,000) annually for these purposes and may enter into cooperative agreements with federal and state agencies, local agencies, or other persons to conduct research and development activities.

(5) To pay the administrative costs, not to exceed 5 percent, for the department to administer this section.

(e) Notwithstanding Section 7550.5 of the Government Code, the department shall report annually to the Governor and to the Legislature on any money provided to a public water system pursuant to this section.

(f) The department shall be reimbursed by a public water system that has received funds pursuant to this section, to the extent that the public water system receives payment from any source to cover the costs for which it received funding under this section. The public water system shall aggressively pursue cost recovery from responsible persons and, upon recovery, or within five years of the initial payment received, whichever occurs first, shall reimburse the department for funds received pursuant to this section, unless the public water system can demonstrate that, despite all reasonable efforts, recovery from a responsible party is not possible, or that a responsible party cannot be identified. The department shall transfer any reimbursements received from a public water system into the drinking water fund or the Underground Storage Tank Cleanup Fund, whichever provided the funds.

(g) The department may make payments pursuant to paragraphs (1), (2), and (3) of subdivision (d) without regard to when the contamination occurred or when costs for treating or investigating the source of contamination or acquiring replacement water were incurred, except that a public water system may not receive more than three million dollars ($3,000,000) from the drinking water fund in any fiscal year unless the public water system makes a showing of financial hardship.

(h) (1) The department may make payments pursuant to paragraphs (1), (2), and (3) of subdivision (d), without requiring a public water system to first incur expenditures, if the department determines that a situation exists that requires prompt action by the public water system to protect human health or the environment, or the public water system makes a showing of financial hardship.

(2) Upon a showing of financial hardship, pursuant to paragraph (1), the public water system shall present the department with a work plan that specifies the estimated costs of treatment, constructing a new drinking water well, or obtaining an alternate water supply. The estimated costs of treatment or constructing a new well to provide replacement water shall be prepared by a registered civil engineer or other registered professional. The estimated costs for acquiring an alternate water supply, other than a new well, shall be substantiated by an identification of necessary capital facilities to convey the water to the public water system and a written offer by another entity to provide the alternate water supply.

(3) The department shall prescribe forms and procedures for claims filed pursuant to this section as necessary to ascertain eligibility for payment and validity of incremental costs based on generally accepted accounting principles. The department shall not require an applicant to prepare an economic feasibility study regarding the acquisition of an alternate water supply. The department may require a description of site-specific information, including the origin of contamination, the petroleum products released, and the status of cleanup and abatement activities at

potential leaking underground storage tank sites if that information is available to the applicant.

(4) The department shall provide payment within 60 days of receiving a claim filed pursuant to this section.

(5) A claim shall be deemed true and correct if not audited by the department within three years of payment.

(i) The department, in evaluating claims submitted for payment from the drinking water fund, shall consider the findings of the University of California report regarding the assessment undertaken pursuant to Section 3 of Chapter 816 of the Statutes of 1997, as those findings relate to the assessment of the human health and environmental risks and benefits, if any, associated with the use of MTBE in gasoline. In particular, the department shall consider findings in the report regarding the evaluation of the costs and effectiveness of treatment technologies available to remove MTBE from drinking water.

(j) Any funds transferred to the drinking water fund pursuant to Section 25299.99 may be used for the purposes of this section only if a public drinking water well has been contaminated by an oxygenate and there is substantial evidence that the contamination was caused by a release from an underground storage tank.

(k) (1) This section shall remain in effect only until January 1, 2002, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2002, deletes or extends that date.

(2) The repeal of this section does not terminate any of the following rights, obligations or authorities, or any provision necessary to carry out these rights or obligations:

(A) The filing and payment of claims in the fund, until the moneys in the fund are exhausted. Upon exhaustion of the fund, any remaining claims shall be invalid.

(B) The resolution of any cost recovery action.

SEC. 8. Section 116367.5 is added to the Health and Safety Code, to read:

116367.5. The department shall establish a Research Advisory Committee, which shall consist of 11 members. The department shall provide for the support staff and meeting facility needs of the committee. The committee shall meet as necessary to review requests for research projects pursuant to paragraph (4) of subdivision (d) of Section 116367. The committee members shall be appointed by the director and shall consist of the following members:

(a) Four members representing public water systems.

(b) Four members representing entities paying into the Underground Storage Tank Cleanup Trust Fund created pursuant to Section 25299.50.

(c) One member representing environmental interest groups.

(d) One member representing consumer interest groups.

(e) One member representing the department.

SEC. 9. The sum of five million dollars ($5,000,000) is hereby appropriated from the General Fund to the State Department of Health Services for deposit into the Drinking Water Treatment and Research Fund created pursuant to Section 116367 of the Health and Safety Code, and appropriated therefrom, to carry out the purposes set forth in that section.

CHAPTER 998

An act to amend Section 13320 of, to add Chapter 5.9 (commencing with Section 13399.25) to Division 7 of, and to add and repeal Section 13260.2 of, the Water Code, relating to water.

[Approved by Governor September 29, 1998. Filed with Secretary of State September 30, 1998.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares all of the following:

(a) Unregulated storm water runoff is a leading cause of contamination of the state's surface water and groundwater.

(b) Noncompliance with existing federal and state storm water regulations hinders the state's ability to attain its water quality objectives.

(c) It is necessary to establish a state storm water enforcement scheme that ensures fair, predictable, and consistent state enforcement of storm water requirements by the State Water Resources Control Board and the California regional water quality control boards, while ensuring that useful information is available to help protect the environment from the harmful effects of polluted storm water.

SEC. 2. Section 13260.2 is added to the Water Code, to read:

13260.2. (a) The state board shall reduce the annual storm water fee to two hundred fifty dollars ($250) in the 1999 calendar year, and to fifty dollars ($50) thereafter, for facilities described in Code 20XX of the Standard Industrial Classification (SIC) Manual published by the United States Office of Management and Budget that are subject to a general industrial storm water permit and that, in the previous year, submitted to the regional board a "no exposure certification" and qualified for a sampling and analyses exemption as described in the general permit.

(b) The state board shall notify the facilities described in subdivision (a) with regard to the adoption of new or modified storm water regulations affecting those facilities.

(c) The state board may submit to the Legislature, on or before January 1, 2002, as part of the five-year review of the general

industrial storm water permit, a report evaluating the fee structure for facilities with "no exposure" certification or exemptions.

(d) This section shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, which is enacted on or before January 1, 2003, deletes or extends that date.

SEC. 2.5. Section 13320 of the Water Code is amended to read:

13320. (a) Within 30 days of any action or failure to act by a regional board under subdivision (c) of Section 13225, Article 4 (commencing with Section 13260) of Chapter 4, Chapter 5 (commencing with Section 13300), Chapter 5.5 (commencing with Section 13370), Chapter 5.9 (commencing with Section 13399.25), or Chapter 7 (commencing with Section 13500), any aggrieved person may petition the state board to review that action or failure to act. In case of a failure to act, the 30-day period shall commence upon the refusal of the regional board to act, or 60 days after request has been made to the regional board to act. The state board may, on its own motion, at any time, review the regional board's action or failure to act and also any failure to act under Article 3 (commencing with Section 13240) of Chapter 4.

(b) The evidence before the state board shall consist of the record before the regional board, and any other relevant evidence which, in the judgment of the state board, should be considered to effectuate and implement the policies of this division.

(c) The state board may find that the action of the regional board, or the failure of the regional board to act, was appropriate and proper. Upon finding that the action of the regional board, or the failure of the regional board to act, was inappropriate or improper, the state board may direct that the appropriate action be taken by the regional board, refer the matter to any other state agency having jurisdiction, take the appropriate action itself, or take any combination of those actions. In taking any such action, the state board is vested with all the powers of the regional boards under this division.

(d) If a waste discharge in one region affects the waters in another region and there is any disagreement between the regional boards involved as to the requirements which should be established, either regional board may submit the disagreement to the state board which shall determine the applicable requirements.

(e) If a petition for state board review of a regional board action on waste discharge requirements issued for a solid waste landfill includes a request for a stay of the waste discharge requirements, the state board shall act on the requested stay portion of the petition within 60 days of accepting the petition.

SEC. 3. Chapter 5.9 (commencing with Section 13399.25) is added to Division 7 of the Water Code, to read:

CHAPTER 5.9. THE STORM WATER ENFORCEMENT ACT OF 1998

13399.25. This chapter supplements, and does not supplant, other laws relating to the discharge of storm water.

13399.27. On or before February 1, 2000, and on each February 1 thereafter, the state board, after any necessary investigation, shall prepare, and make available to the public, a report that includes both of the following:

(a) A list of those persons that were notified of their duty to comply with applicable general storm water NPDES permits pursuant to Section 13399.30 and a description of the responses received to those notifications, including the filing of notices of intent to obtain coverage or notices of nonapplicability, returned mail and no response, appeals of filing or permitting requirements pursuant to this chapter, site inspections, enforcement actions taken, and penalties assessed therefor.

(b) A list of those dischargers identified pursuant to Section 13399.31 that, during the previous calendar year, failed to submit an annual report or construction certification required by a regional board, and any penalties assessed therefor.

13399.30 (a) (1) Each year the regional boards shall undertake reasonable efforts to identify dischargers of storm water that have not obtained coverage under an appropriate storm water NPDES permit.

(2) Any person, including a person subject to waste discharge requirements under Section 1342(p) of Title 33 of the United States Code, that discharges, proposes to discharge, or is suspected by a regional board or the state board of discharging storm water associated with industrial activity that has not obtained coverage under an appropriate storm water NPDES permit, shall submit to the regional board, within 30 days from the date on which a notice is sent by the regional board, the appropriate notice of intent to obtain coverage or a notice of nonapplicability that specifies the basis for not needing to obtain coverage under an NPDES permit.

(b) If a person to which a notice is sent pursuant to subdivision (a) fails to submit the appropriate notice of intent to obtain coverage or the required notice of nonapplicability to the regional board within 30 days from the date on which that notice is sent, the executive officer of the regional board shall send a second notice to that discharger.

(c) (1) If a person to which a notice is sent pursuant to subdivision (b) fails to submit the required notice of nonapplicability to the regional board within 60 days from the date on which the notice pursuant to subdivision (a) was sent, the regional board shall impose the penalties described in subdivision (b) of Section 13399.33.

(2) If a person to which a notice is sent pursuant to subdivision (b) fails to submit the required notice of intent to obtain coverage to the regional board within 60 days from the date on which the notice

pursuant to subdivision (a) was sent, the regional board shall impose the penalties described in subdivision (a) of Section 13399.33.

13399.31. (a) Each year the regional board shall conduct a review of the annual reports and construction certifications submitted in accordance with the requirements of an applicable NPDES permit and Section 1342(p) of Title 33 of the United States Code and shall identify the dischargers that have failed to submit that annual report or construction certification required by the regional board.

(b) The regional board shall notify each discharger that is identified pursuant to subdivision (a) with regard to its noncompliance and the penalties therefor.

(c) If a discharger to which a notice is sent pursuant to subdivision (b) fails to submit the annual report or construction certification required by the regional board to the regional board within 30 days from the date on which that notice is sent, the executive officer of the regional board shall send a second notice to that discharger.

(d) If a discharger to which a notice is sent pursuant to subdivision (c) fails to submit the annual report or construction certification required by the regional board to the regional board within 60 days from the date on which the notice is sent pursuant to subdivision (b), the regional board shall impose the penalties described in subdivision (c) of Section 13399.33.

13399.33. Except as provided in Section 13399.35, the regional board shall do all of the following with regard to a discharger that is subject to the requirements prescribed in accordance with Section 1342(p) of Title 33 of the United States Code:

(a) (1) With regard to a discharger of storm water associated with industrial activity that fails to submit the required notice of intent to obtain coverage in accordance with Section 13399.30, impose civil liability administratively in an amount that is not less than five thousand dollars ($5,000) per year of noncompliance or fraction thereof, unless the regional board makes express findings setting forth the reasons for its failure to do so, based on the specific factors required to be considered pursuant to paragraph (2).

(2) In determining the amount of the penalty imposed under this section, the regional board shall consider the nature, circumstances, extent, and gravity of the violation, and, with respect to the violator, the ability to pay, any prior history of violations, the degree of culpability, economic benefits or savings resulting from the violation, and other matters as justice may require. These considerations shall be balanced against the need for the regulatory costs of environmental protection to be borne equally by dischargers throughout the state, and the need for predictability of enforcement when making business decisions.

(b) With regard to a person that fails to submit the required notice of nonapplicability in accordance with Section 13399.30, impose civil

liability administratively in the amount of one thousand dollars ($1,000).

(c) With regard to a person that fails to submit an annual report or construction certification in accordance with Section 13399.31, impose civil liability administratively in an amount that is not less than one thousand dollars ($1,000).

(d) Recover from the persons described in subdivisions (a), (b), and (c) the costs incurred by the regional board with regard to those persons.

(e) It is an affirmative defense to the penalties imposed under this section for a person described in subdivision (a) or (b) to prove that he or she did not, in fact, receive the notices required under Section 13399.30 or 13399.31.

13399.35. (a) The regional board may allow a person to reduce the penalties described in subdivisions (a), (b), and (c) of Section 13399.33 by up to 50 percent by undertaking a supplemental environmental project in accordance with the enforcement policy of the state board and any applicable guidance document.

(b) For the purposes of this section, a "supplemental environmental project" means an environmentally beneficial project that a person agrees to undertake, with the approval of the regional board, which would not be undertaken in the absence of an enforcement action under Section 13399.33.

13399.37. (a) The money generated from the imposition of liability and cost recovery pursuant to Section 13399.33 shall be deposited, and separately accounted for, in the Waste Discharge Permit Fund.

(b) The money described in subdivision (a) shall be available, upon appropriation by the Legislature, to the regional boards from which the revenues were generated for the purpose of carrying out storm water programs under this division.

13399.39. On or before May 1, 2000, and on each May 1 thereafter, the state board shall prepare and submit a report to the Legislature summarizing the enforcement actions undertaken in the previous calendar year under this division with regard to storm water discharge and the results of those actions. The report shall include an assessment with regard to the extent of compliance with requirements relating to the discharge of storm water in this state.

13399.41. Notwithstanding any other provision of law, appropriate state agencies, as requested by the executive director of the state board, shall provide the state board with the names, addresses, and standard industrial classifications or types of business facilities that are subject to storm water programs under this division. The information obtained pursuant to this section shall be used by the state board solely to regulate the discharge of storm water associated with industrial activity under this division. The state shall reimburse state agencies for all reasonable expenses incurred in connection with complying with this section.

13399.43. For the purposes of this chapter, "NPDES permit" means a permit issued under the national pollutant discharge elimination system program in accordance with the Clean Water Act (33 U.S.C.A. Sec. 1251 et seq.).

CHAPTER 999

An act to add Section 144.7 to the Labor Code, relating to employment.

[Approved by Governor September 29, 1998. Filed with Secretary of State September 30, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 144.7 is added to the Labor Code, to read:

144.7. (a) The board shall, no later than January 15, 1999, adopt an emergency regulation revising the bloodborne pathogen standard currently set forth in Section 5193 of Title 8 of the California Code of Regulations in accordance with subdivision (b). Following adoption of the emergency regulation, the board shall complete the regulation adoption process and shall formally adopt a regulation embodying a bloodborne pathogen standard meeting the requirements of subdivision (b), which regulation shall become operative no later than August 1, 1999. Notwithstanding Section 11346.1 of the Government Code, the emergency regulation adopted pursuant to this subdivision shall remain in effect until the nonemergency regulation becomes operative or until August 1, 1999, whichever first occurs.

(b) The board shall adopt a standard, as described in subdivision (a), to be developed by the Division of Occupational Safety and Health. The standard shall include, but not be limited to, the following:

(1) A revised definition of "engineering controls" that includes sharps prevention technology including, but not limited to, needleless systems and needles with engineered sharps injury protection, which shall be defined in the standard.

(2) A requirement that sharps prevention technology specified in paragraph (1) be included as engineering or work practice controls, except in cases where the employer or other appropriate party can demonstrate circumstances in which the technology does not promote employee or patient safety or interferes with a medical procedure. Those circumstances shall be specified in the standard, and shall include, but not be limited to, circumstances where the technology is medically contraindicated or not more effective than alternative measures used by the employer to prevent exposure incidents.

(3) A requirement that written exposure control plans include an effective procedure for identifying and selecting existing sharps prevention technology of the type specified in paragraph (1).

(4) A requirement that written exposure control plans be updated when necessary to reflect progress in implementing the sharps prevention technology specified in paragraph (1).

(5) A requirement that information concerning exposure incidents be recorded in a sharps injury log, including, but not limited to, the type and brand of device involved in the incident.

(c) The Division of Occupational Safety and Health may consider and propose for adoption by the board additional revisions to the bloodborne pathogen standards to prevent sharps injuries or exposure incidents including, but not limited to, training requirements and measures to increase vaccinations.

(d) The Division of Occupational Safety and Health and the State Department of Health Services shall jointly compile and maintain a list of existing needleless systems and needles with engineered sharps injury protection, which shall be available to assist employers in complying with the requirements of the bloodborne pathogen standard adopted pursuant to this section. The list may be developed from existing sources of information, including, but not limited to, the federal Food and Drug Administration, the federal Centers for Disease Control, the National Institute of Occupational Safety and Health, and the United States Department of Veterans Affairs.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1000

An act to add Section 1708.8 to the Civil Code, relating to privacy.

[Approved by Governor September 29, 1998. Filed with Secretary of State September 30, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 1708.8 is added to the Civil Code, to read:

1708.8. (a) A person is liable for physical invasion of privacy when the defendant knowingly enters onto the land of another without permission or otherwise committed a trespass, in order to physically invade the privacy of the plaintiff with the intent to capture any type of visual image, sound recording, or other physical impression of the plaintiff engaging in a personal or familial activity and the physical invasion occurs in a manner that is offensive to a reasonable person.

(b) A person is liable for constructive invasion of privacy when the defendant attempts to capture, in a manner that is offensive to a reasonable person, any type of visual image, sound recording, or other physical impression of the plaintiff engaging in a personal or familial activity under circumstances in which the plaintiff had a reasonable expectation of privacy, through the use of a visual or auditory enhancing device, regardless of whether there is a physical trespass, if this image, sound recording, or other physical impression could not have been achieved without a trespass unless the visual or auditory enhancing device was used.

(c) A person who commits physical invasion of privacy or constructive invasion of privacy, or both, is liable for up to three times the amount of any general and special damages that are proximately caused by the violation of this section. This person may also be liable for punitive damages, subject to proof according to Section 3294. If the plaintiff proves that the invasion of privacy was committed for a commercial purpose, the defendant shall also be subject to disgorgement to the plaintiff of any proceeds or other consideration obtained as a result of the violation of this section.

(d) A person who directs, solicits, actually induces, or actually causes another person, regardless of whether there is an employer-employee relationship, to violate subdivision (a) or (b) or both is liable for any general, special, and consequential damages resulting from each said violation. In addition, the person that directs, solicits, instigates, induces, or otherwise causes another person, regardless of whether there is an employer-employee relationship, to violate this section shall be liable for punitive damages to the extent that an employer would be subject to punitive damages pursuant to subdivision (b) of Section 3294.

(e) Sale, transmission, publication, broadcast, or use of any image or recording of the type, or under the circumstances, described in this section shall not itself constitute a violation of this section, nor shall this section be construed to limit all other rights or remedies of plaintiff in law or equity, including, but not limited to, the publication of private facts.

(f) This section shall not be construed to impair or limit any otherwise lawful activities of law enforcement personnel or employees of governmental agencies or other entities, either public or private who, in the course and scope of their employment, and supported by an articulable suspicion, attempt to capture any type

of visual image, sound recording, or other physical impression of a person during an investigation, surveillance, or monitoring of any conduct to obtain evidence of suspected illegal activity, the suspected violation of any administrative rule or regulation, a suspected fraudulent insurance claim, or any other suspected fraudulent conduct or activity involving a violation of law or pattern of business practices adversely affecting the public health or safety.

(g) In any action pursuant to this section, the court may grant equitable relief, including, but not limited to, an injunction and restraining order against further violations of subdivision (a) or (b).

(h) The rights and remedies provided in this section are cumulative and in addition to any other rights and remedies provided by law.

(i) It is not a defense to a violation of this section that no image, recording, or physical impression was captured or sold.

(j) For the purposes of this section, "for a commercial purpose" means any act done with the expectation of a sale, financial gain, or other consideration. A visual image, sound recording, or other physical impression shall not be found to have been, or intended to have been captured for a commercial purpose unless it is intended to be, or was in fact, sold, published, or transmitted.

(k) For the purposes of this section, "personal and familial activity" includes, but is not limited to, intimate details of the plaintiff's personal life, interactions with the plaintiff's family or significant others, or other aspects of plaintiff's private affairs or concerns. Personal and familial activity does not include illegal or otherwise criminal activity as delineated in subdivision (f). However, "personal and familial activity" shall include the activities of victims of crime in circumstances where either subdivision (a) or (b), or both, would apply.

(*l*) The provisions of this section are severable. If any provision of this section or its application is held invalid, that invalidity shall not affect other provisions or applications that can be given effect without the invalid provision or application.

CHAPTER 1001

An act to amend Sections 1621.5 and 120290 of, and to add Sections 120291 and 120292 to, the Health and Safety Code, relating to human immunodeficiency virus.

[Approved by Governor September 29, 1998. Filed with Secretary of State September 30, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 1621.5 of the Health and Safety Code is amended to read:

1621.5. (a) It is a felony punishable by imprisonment in the state prison for two, four, or six years, for any person to donate blood, body organs or other tissue, semen to any medical center or semen bank that receives semen for purposes of artificial insemination, or breast milk to any medical center or breast milk bank that receives breast milk for purposes of distribution, whether he or she is a paid or a volunteer donor, who knows that he or she has acquired immune deficiency syndrome, as diagnosed by a physician and surgeon, or who knows that he or she has tested reactive to the etiologic agent of AIDS or to the antibodies to that agent. This section shall not apply to any person who is mentally incompetent or who self-defers his or her blood at a blood bank or plasma center pursuant to subdivision (b) of Section 1603.3 or who donates his or her blood for purposes of an autologous donation.

(b) In a criminal investigation for a violation of this section, no person shall disclose the results of a blood test to detect the etiologic agent of AIDS or antibodies to that agent to any officer, employee, or agent of a state or local agency or department unless the test results are disclosed as otherwise required by law pursuant to any one of the following:

(1) A search warrant issued pursuant to Section 1524 of the Penal Code.

(2) A judicial subpoena or subpoena duces tecum issued and served in compliance with Chapter 2 (commencing with Section 1985) of Title 3 of Part 4 of the Code of Civil Procedure.

(3) An order of a court.

For purposes of this section, "blood" means "human whole blood" and "human whole blood derivatives," as defined for purposes of this chapter and includes "blood components," as defined in subdivision (*l*) of Section 1603.1.

SEC. 2. Section 120290 of the Health and Safety Code is amended to read:

120290. Except as provided in Section 120291 or in the case of the removal of an afflicted person in a manner the least dangerous to the public health, any person afflicted with any contagious, infectious, or communicable disease who willfully exposes himself or herself to another person, and any person who willfully exposes another person afflicted with the disease to someone else, is guilty of a misdemeanor.

SEC. 3. Section 120291 is added to the Health and Safety Code, to read:

120291. (a) Any person who exposes another to the human immunodeficiency virus (HIV) by engaging in unprotected sexual activity when the infected person knows at the time of the unprotected sex that he or she is infected with HIV, has not disclosed

his or her HIV-positive status, and acts with the specific intent to infect the other person with HIV, is guilty of a felony punishable by imprisonment in the state prison for three, five, or eight years. Evidence that the person had knowledge of his or her HIV-positive status, without additional evidence, shall not be sufficient to prove specific intent.

(b) As used in this section, the following definitions shall apply:

(1) "Sexual activity" means insertive vaginal or anal intercourse on the part of an infected male, receptive consensual vaginal intercourse on the part of an infected woman with a male partner, or receptive consensual anal intercourse on the part of an infected man or woman with a male partner.

(2) "Unprotected sexual activity" means sexual activity without the use of a condom.

(c) (1) When alleging a violation of subdivision (a), the prosecuting attorney or grand jury shall substitute a pseudonym for the true name of the victim involved. The actual name and other identifying characteristics of the victim shall be revealed to the court only in camera, and the court shall seal that information from further revelation, except to defense counsel as part of discovery.

(2) All court decisions, orders, petitions, and other documents, including motions and papers filed by the parties, shall be worded so as to protect the name or other identifying characteristics of the victim from public revelation.

(3) Unless the victim requests otherwise, a court in which a violation of this section is filed shall, at the first opportunity, issue an order that the parties, their counsel and other agents, court staff, and all other persons subject to the jurisdiction of the court shall make no public revelation of the name or any other identifying characteristics of the victim.

(4) As used in this subdivision, "identifying characteristics" includes, but is not limited to, name or any part thereof, address or any part thereof, city or unincorporated area of residence, age, marital status, relationship to defendant, and race or ethnic background.

SEC. 4. Section 120292 is added to the Health and Safety Code, to read:

120292. (a) Notwithstanding Chapter 7 (commencing with Section 120975) and Chapter 8 (commencing with Section 121025) of Part 4, identifying information and other records of the diagnosis, prognosis, testing, or treatment of any person relating to the human immunodeficiency virus (HIV) shall be disclosed in a criminal investigation for a violation of Section 120291 if authorized by an order of a court of competent jurisdiction granted after application showing good cause therefor. Any order of the court shall be issued in accordance with the following conditions:

(1) An order shall not be based on the sexual orientation of the defendant.

(2) In deciding whether to issue an order, the court shall weigh the public interest and the need for disclosure against any potential harm to the defendant, including, but not limited to, damage to the physician-patient relationship and to treatment services. Upon the issuance of an order of this nature, the court, in determining the extent to which any disclosure of all or any part of any record is necessary, shall impose safeguards determined appropriate by the court against unauthorized disclosure. However, the court shall not order disclosure under this paragraph for any purpose other than a proceeding under this section. Any order for disclosure under this subdivision shall limit disclosure to those who need the information for the proceeding, and shall direct those to whom disclosure is made to make no further disclosure without permission of the court. The court shall grant permission for further disclosure when necessary for a proceeding under this section. Not later than February 1, 1999, the Judicial Council, in consultation with the California State Association of Counties and the California County Auditors Association, shall study and make recommendations to the Legislature on alternative procedures that would improve the collection and remittance of revenues to the Trial Court Trust Fund.

SEC. 3. Section 68113 of the Government Code is amended to read:

68113. (a) The superior and municipal courts in each county shall submit a report to the Judicial Council on progress towards achieving the cost reduction goals associated with the coordination plans and factors impacting the cost of court operations and the collection of revenues. The reports shall be submitted quarterly on or before the first day of the third month following the end of the quarter, except the fourth-quarter report shall be submitted on the first day of the fourth month following the end of the fourth quarter.

(b) For purposes of the reporting requirements of this section, a court or courts in a county may petition the Judicial Council to permit division of the court or courts into smaller administrative units corresponding to the organization of the court or courts under a coordination plan where reporting courtwide would impose an undue burden because of the number of judges or the physical location of the divisions of the court or courts.

(c) On or before March 1 of each year, the Judicial Council shall provide an annual report to the Legislature regarding those counties which have both municipal and superior courts, on their progress in achieving effective and efficient trial court operations, including implementation of coordination as required by law, regarding court revenues and expenditures, and regarding any factors impacting the cost of court operations or the collection of court revenues.

(d) The Judicial Council shall establish a process to assess the effectiveness and efficiency of those trial court systems that have unified pursuant to subdivision (e) of Section 5 of Article VI of the California Constitution.

SEC. 4. Section 68502.5 of the Government Code is amended to read:

68502.5. (a) The Judicial Council shall provide by rule for the appointment of a standing Trial Court Budget Commission and the deadlines for meeting its various responsibilities. The commission's duties and responsibilities shall be limited to those specified in rules of court adopted by the Judicial Council, including, but not limited to, the following:

(1) Receive budget requests from the trial courts. Trial courts shall send to the county board of supervisors a copy of their proposed budgets and any revisions or appeals at the time their budget requests are submitted to the Trial Court Budget Commission, pursuant to this section. The counties may submit timely comments to the commission regarding the contents of the proposed budgets of their respective trial courts. The commission shall consider the counties' comments when determining appropriate budgets for the courts.

(2) Review the trial courts' budget requests and evaluate them against performance criteria established by the Judicial Council by which a court's performance, level of coordination, and efficiency can be measured.

(3) Annually recommend to the Judicial Council for its approval the projected cost in the subsequent fiscal year of court operations as defined in Section 77003 for each trial court. This estimation shall serve as the basis for recommended court budgets, which shall be developed programmatically by court function, as approved by the Judicial Council, for comparison purposes and to delineate the funding responsibilities.

(4) Annually prepare a recommended schedule for the allocation of moneys to individual courts and a recommended overall trial court budget for approval by the Judicial Council and forwarding to the Governor for inclusion in the Governor's proposed State Budget. The recommended schedule shall be based on the performance criteria established pursuant to paragraph (2) and on a minimum standard established by the Judicial Council for the operation and staffing of all trial court operations. This minimum standard shall be modeled on court operations using all reasonable and available measures to

increase court efficiency and coordination. The schedule of allocations shall assure that all trial courts receive funding for the minimum operating and staffing standards before funding operating and staffing requests above the minimum standards, and shall include incentives and rewards for any trial court's implementation of efficiencies and cost saving measures.

(5) Recommend reallocation of funds in accordance with Judicial Council rules during the course of the fiscal year to ensure equal access to the trial courts by the public, to improve trial court operations, and to meet trial court emergencies. Recommended reallocations shall be limited to 15 percent of that portion of any court's annual budget amount funded by the state. Neither the state nor the counties shall have any obligation to replace moneys appropriated for trial courts and reallocated pursuant to this paragraph.

(6) Recommend allocation of funds in the Trial Court Improvement Fund in accordance with Judicial Council rules to ensure equal access to trial courts by the public, to improve trial court operations, and to meet trial court emergencies.

(7) Upon approval of the trial courts' budget by the Legislature, prepare during the course of the fiscal year recommended allocation schedules for payments to the trial courts, consistent with Section 68085, which, upon approval or modification by the Judicial Council, shall be submitted to the Controller's office by the 10th day of the month in which payments are to be made.

(8) Establish rules, pursuant to the authority of the Judicial Council, regarding a court's authority to transfer trial court funding moneys from one functional category to another in order to address needs in any functional category.

(9) At the request of the presiding judge of a trial court, conduct an independent review of the funding level of the court to determine whether it is adequate to enable the court to discharge its statutory and constitutional responsibilities.

(10) From time to time, review the level of fees charged by the courts for various services and prepare recommended adjustments for approval and forwarding to the Legislature by the Judicial Council.

(11) Perform other activities as requested by the Judicial Council.

(b) The Judicial Council may take action on any matter specified in subdivision (a) whether or not the commission has taken any action on that matter. The Judicial Council shall retain the ultimate responsibility to adopt a budget and allocate funding for the trial courts that best assures their ability to carry out their functions, promotes implementation of statewide policies, and promotes the immediate implementation of efficiencies and cost savings measures in court operations, in order to guarantee equal access to the courts.

(c) Members of the commission shall receive no compensation from the state for their services. When called into session, they shall

receive their actual and necessary expenses for travel, board, and lodging, which shall be paid from the funds appropriated for this use. These expenses shall be appropriated in the manner as the Judicial Council directs, and shall be audited by the Controller in accordance with the rules of the State Board of Control.

SEC. 5. Section 77009 of the Government Code is amended to read:

77009. (a) For the purposes of funding trial court operations, each board of supervisors shall establish in the county treasury a Trial Court Operations Fund, which will operate as an agency fund. All funds appropriated in the Budget Act and allocated and reallocated to each court in the county by the Judicial Council shall be deposited into the fund. Accounts shall be established in the Trial Court Operations Fund for each trial court in the county, except that one account may be established for courts which have a unified budget. In a county where court budgets include appropriations for expenditures administered on a countywide basis, including, but not limited to, court security, centralized data-processing and planning and research services, an account for each centralized service shall be established and funded from those appropriations.

(b) The moneys of the Trial Court Operations Fund arising from deposits of funds appropriated in the Budget Act and allocated or reallocated to each court in the county by the Judicial Council shall be payable only for the purposes set forth in Sections 77003 and 77006.5, and for services purchased by the court pursuant to subdivisions (b) and (c) of Section 77212. The presiding judge of each court in a county, or his or her designee, shall authorize and direct expenditures from the fund and the county auditor-controller shall make payments from the funds as directed. Approval of the board of supervisors is not required for expenditure from this fund.

(c) Interest received by a county which is attributable to investment of money required by this section to be deposited in its Trial Court Operations Fund shall be deposited in the fund and shall be used for trial court operations purposes.

(d) In no event shall interest be charged to the Trial Court Operations Fund, except as provided in Section 77009.1.

(e) Reasonable administrative expenses incurred by the county associated with the operation of this fund shall be charged to each court on a pro rata basis in proportion to the total amount allocated to each court in this fund.

(f) A county, or city and county, may bill trial courts within its jurisdiction for costs for services provided by the county, or city and county, as described in Sections 77003 and 77212, including indirect costs as described in paragraph (7) of subdivision (a) of Section 77003 and Section 77212. The costs billed by the county, or the city and the county, pursuant to this subdivision shall not exceed the costs incurred by the county, or the city and the county, of providing similar services to county departments or special districts.

(g) Pursuant to Section 77206, the Controller, at the request of the Legislature or the Judicial Council, may perform financial and fiscal compliance audits of this fund.

(h) The Judicial Council with the concurrence of the Department of Finance and the Controller's office shall establish procedures to implement the provisions of this section and to provide for payment of trial court operations expenses, as described in Sections 77003 and 77006.5, incurred on July 1, 1997, and thereafter.

(i) The Judicial Council shall study alternative methods for the establishment and management of the Trial Court Operations Fund as provided in this section, and shall report its findings and recommendations to the Legislature not later than November 1, 1998.

SEC. 6. Section 77009.1 is added to the Government Code, to read:

77009.1. (a) Notwithstanding any other provision of law, a county or city and county may, pursuant to this section, lend money to the trial courts of that county to help the courts with cash-flow problems or other emergency monetary needs. If a county lends a trial court money pursuant to this section, it may charge interest at the county pooled money investment account rate.

(b) A trial court may seek a loan of funds under this section only after the Judicial Council has given notice of the loan to the Department of Finance and has thereafter approved the loan.

(c) The Judicial Council shall adopt procedures and criteria concerning any loans of funds pursuant to this section and may delegate to the Administrative Director of the Courts the authority to approve the loan.

(d) A trial court budget approved by the Judicial Council shall not be increased as a result of a loan made pursuant to this section.

(e) A county or city and county shall not be compelled or required to provide a loan to the trial courts of that county pursuant to this section.

For the purpose of this subdivision, fee, fine, and forfeiture revenue shall only include revenue that would otherwise have been deposited in the General Fund prior to January 1, 1998.

(b) Any amounts required to be distributed to the state pursuant to subdivision (a) shall be remitted to the Controller no later than 45 days after the end of the fiscal year in which those fees, fines, and forfeitures were collected. This remittance shall be accompanied by a remittance advice identifying the quarter of collection and stating that the amount should be deposited in the Trial Court Improvement Fund.

(c) Notwithstanding subdivision (a), the following counties whose base-year remittance requirement was reduced pursuant to subdivision (c) of Section 77201.1 shall not be required to split their annual fee, fine, and forfeiture revenues as provided in this section until such revenues exceed the following amounts:

SEC. 10. Section 77212 of the Government Code, as amended by Chapter 406 of the Statutes of 1998, is amended to read:

77212. (a) The State of California, the counties of California, and the trial courts of California, recognize that a unique and

interdependent relationship has evolved between the courts and the counties over a sustained period of time. While it is the intent of this act to transfer all fiscal responsibility for the support of the trial courts from the counties to the State of California, it is imperative that the activities of the state, the counties, and the trial courts be maintained in a manner that ensures that services to the people of California not be disrupted. Therefore, to this end, during the 1997–98 fiscal year, commencing on July 1, 1997, counties shall continue to provide and courts shall continue to use, county services provided to the trial courts on July 1, 1997, including, but not limited to: auditor/controller services, coordination of telephone services, data-processing and information technology services, procurement, human resources services, affirmative action services, treasurer/tax collector services, county counsel services, facilities management, and legal representation. These services shall be provided to the court at a rate that shall not exceed the costs of providing similar services to county departments or special districts. If the cost was not included in the county base pursuant to paragraph (1) of subdivision (b) of Section 77201 or was not otherwise charged to the court prior to July 1, 1997, and were court operation costs as defined in Section 77003 in fiscal year 1994–95, the court may seek adjustment of the amount the county is required to submit to the state pursuant Section 77201.

(b) In fiscal year 1998–99 commencing on July 1, 1998, and thereafter the county may give notice to the court that the county will no longer provide a specific service except that the county shall cooperate with the court to ensure that a vital service for the court shall be available from the county or other entities that provide such services. The notice must be given at least 90 days prior to the end of the fiscal year and shall be effective only upon the first day of the succeeding fiscal year.

(c) In fiscal year 1998–99, commencing on July 1, 1998, and thereafter, the court may give notice to the county that the court will no longer use a specific county service. The notice shall be given at least 90 days prior to the end of the fiscal year and shall be effective only upon the first day of the succeeding fiscal year. However, for three years from the effective date of this section, a court shall not terminate a service that involved the acquisition of equipment, including, but not limited to, computer and data-processing systems, financed by a long-term financing plan whereby the county is dependent upon the court's continued financial support for a portion of the cost of the acquisition.

(d) (1) If a trial court desires to receive or continue to receive a specific service from a county or city and county as provided in subdivision (c), and the county or city and county desires to provide or continue to provide that service as provided in subdivision (c), the presiding judge of that court and the county or city and county shall enter into a contract for that service. The contract shall identify the scope of service, method of service delivery, term of agreement,

anticipated service outcomes, and the cost of the service. The court and the county or city and county shall cooperate in developing and implementing the contract.

(2) This subdivision applies to services to be provided in fiscal year 1999–2000 and thereafter.

SEC. 11. Section 77654 of the Government Code is amended to read:

77654. (a) The task force shall be appointed on or before October 1, 1997.

(b) The task force shall meet and establish its operating procedures on or before September 1, 1998, and submit its plan for the entire review of court facilities by October 1, 1998, to the Judicial Council, Legislature, and Governor.

(c) The task force shall review all available court facility standards and make preliminary determinations of acceptable standards for construction, renovation, and remodeling of court facilities, and shall report those preliminary determinations to the Judicial Council, the Legislature, and the Governor in an interim report on or before July 1, 1999.

(d) The task force shall complete a survey of all trial and appellate court facilities in the state and report its findings to the Judicial Council, the Legislature, and the Governor in a second interim report on or before January 1, 2001. The report shall document all of the following:

(1) The state of existing court facilities.

(2) The need for new or modified court facilities.

(3) The currently available funding options for constructing or renovating court facilities.

(4) The impact which creating additional judgeships has upon court facility and other justice system facility needs.

(5) The effects which trial court coordination and consolidation have upon court and justice system facilities needs.

(6) Administrative and operational changes which can reduce or mitigate the need for added court or justice system facilities.

(7) Recommendations for specific funding responsibilities among the entities of government including full state responsibility, full county responsibility, or shared responsibility.

(8) A proposed transition plan if responsibility is to be changed.

(9) Recommendations regarding funding sources for court facilities and funding mechanisms to support court facilities.

(e) The interim reports shall be circulated for comment to the counties, the judiciary, the Legislature, and the Governor. The task force may also circulate these reports to users of the court facilities.

(f) The task force shall submit a final report to the Judicial Council, the Legislature, and the Governor on or before July 1, 2001. The report shall include all elements of the interim reports incorporating any changes recommended by the task force in response to comments received.

(g) Notwithstanding any other provision of law, during the period from July 1, 1997 to June 30, 2001, the board of supervisors of each county shall be responsible for providing suitable and necessary facilities for judicial officers and court support staff for judicial positions created prior to July 1, 1996, to the extent required by Section 68073. The board of supervisors of each county shall also be responsible for providing suitable and necessary facilities for judicial officers and court support staff for judgeships authorized by statutes chaptered in 1996 to the extent required by Section 68073, provided that the board of supervisors agrees that new facilities are either not required or that the county is willing to provide funding for court facilities. Unless a court and a county otherwise mutually agree, the state shall assume responsibility for suitable and necessary facilities for judicial officers and support staff for any judgeships authorized during the period from January 1, 1998, to June 30, 2001.

CHAPTER 1005

An act to add and repeal Section 2166.5 of the Elections Code, and to add and repeal Chapter 3.1 (commencing with Section 6205) of Division 7 of Title 1 of the Government Code, relating to public records, and making an appropriation therefor.

[Approved by Governor September 29, 1998. Filed with Secretary of State September 30, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 2166.5 is added to the Elections Code, to read:

2166.5. (a) Any person filing with the county elections official a new affidavit of registration or reregistration may have the information relating to his or her residence address and telephone number appearing on the affidavit, or any list or roster or index prepared therefrom, declared confidential upon presentation of certification that the person is a participant in the Address Confidentiality for Victims of Domestic Violence program pursuant to Chapter 3.1 (commencing with Section 6205) of Division 7 of Title 1 of the Government Code.

(b) Any person granted confidentiality under subdivision (a) shall:

(1) Be considered an absent voter for all subsequent elections or until the county elections official is notified otherwise by the Secretary of State or in writing by the voter. A voter requesting termination of absent voter status thereby consents to placement of his or her residence address and telephone number in the roster of voters.

(2) In addition to the required residence address, provide a valid mailing address to be used in place of the residence address for election, scholarly, or political research, and government purposes. The elections official, in producing any list, roster, or index may, at his or her choice, use the valid mailing address or the word "confidential" or some similar designation in place of the residence address.

(c) No action in negligence may be maintained against any government entity or officer or employee thereof as a result of disclosure of the information that is the subject of this section unless by a showing of gross negligence or willfulness.

(d) Subdivisions (a) and (b) shall not apply to any person granted confidentiality upon receipt by the county elections official of a written notice by the address confidentiality program manager of the withdrawal, invalidation, expiration, or termination of the program participant's certification.

(e) This section shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2005, deletes or extends that date.

SEC. 2. Chapter 3.1 (commencing with Section 6205) is added to Division 7 of Title 1 of the Government Code, to read:

CHAPTER 3.1. ADDRESS CONFIDENTIALITY FOR VICTIMS OF DOMESTIC VIOLENCE

6205. The Legislature finds that persons attempting to escape from actual or threatened domestic violence frequently establish new addresses in order to prevent their assailants or probable assailants from finding them. The purpose of this chapter is to enable state and local agencies to respond to requests for public records without disclosing the location of a victim of domestic violence, to enable interagency cooperation with the Secretary of State in providing address confidentiality for victims of domestic violence, and to enable state and local agencies to accept a program participant's use of an address designated by the Secretary of State as a substitute mailing address.

6205.5. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(a) "Address" means a residential street address, school address, or work address of an individual, as specified on the individual's application to be a program participant under this chapter.

(b) "Domestic violence" means an act as defined in Section 273.5 of the Penal Code.

(c) "Program participant" means a person certified as a program participant under Section 6206.

6206. (a) An adult person, a parent or guardian acting on behalf of a minor, or a guardian acting on behalf of an incapacitated person may apply to the Secretary of State to have an address designated by

the Secretary of State serve as the person's address or the address of the minor or incapacitated person. An application shall be completed in person at a community-based victims' assistance program. The application process shall include a requirement that the applicant shall meet with a victims' assistance counselor and receive orientation information about the program. The Secretary of State shall approve an application if it is filed in the manner and on the form prescribed by the Secretary of State and if it contains all of the following:

(1) Documentation of any of the following:

(A) A police report indicating domestic violence.

(B) A temporary or permanent restraining order.

(C) A stay of three or more nights in a domestic violence shelter facility in the last year.

(2) A sworn statement by the applicant that the applicant has good reason to believe both of the following:

(A) That the applicant, or the minor or incapacitated person on whose behalf the application is made, is a victim of domestic violence.

(B) That the applicant fears for his or her safety or his or her children's safety, or the safety of the minor or incapacitated person on whose behalf the application is made.

(3) A statement of whether there are any existing court orders involving the applicant for child support, child custody, or child visitation, and whether there are any active court actions involving the applicant for child support, child custody, or child visitation, the name and address of legal counsel of record, and the last known address of the other parent or parents involved in those court orders or court actions.

(4) A designation of the Secretary of State as agent for purposes of service of process and for the purpose of receipt of mail.

(A) Service on the Secretary of State of any summons, writ, notice, demand, or process shall be made by delivering to the address confidentiality program personnel of the Office of the Secretary of State two copies of the summons, writ, notice, demand, or process.

(B) If a summons, writ, notice, demand, or process is served on the Secretary of State, the Secretary of State shall immediately cause a copy to be forwarded to the program participant at the address shown on the records of the address confidentiality program so that the summons, writ, notice, demand, or process is received by the program participant within three days of the Secretary of State's having received it.

(C) The Secretary of State shall keep a record of all summonses, writs, notices, demands, and processes served upon the Secretary of State under this section and shall record the time of that service and the Secretary of State's action.

(D) The office of the Secretary of State and any agent or person employed by the Secretary of State shall be held harmless from any liability in any action brought by any person injured or harmed as a

result of the handling of first-class mail on behalf of program participants.

(5) The mailing address where the applicant can be contacted by the Secretary of State, and the phone number or numbers where the applicant can be called by the Secretary of State.

(6) The address or addresses that the applicant requests not be disclosed for the reason that disclosure will increase the risk of domestic violence.

(7) The signature of the applicant and of any individual or representative of any office designated in writing under Section 6208.5 who assisted in the preparation of the application, and the date on which the applicant signed the application.

(b) Applications shall be filed with the office of the Secretary of State.

(c) Upon filing a properly completed application, the Secretary of State shall certify the applicant as a program participant. Applicants shall be certified for four years following the date of filing unless the certification is withdrawn or invalidated before that date. The Secretary of State shall by rule establish a renewal procedure.

(d) Upon certification, in any case where there are court orders or court actions identified in paragraph (2) of subdivision (a) of Section 6206, the Secretary of State shall, within 10 days, notify the other parent or parents of the address designated by the Secretary of State for the program participant and the designation of the Secretary of State as agent for purposes of service of process. The notice shall be given by mail, return receipt requested, postage prepaid, to the last known address of the other parent to be notified. A copy shall also be sent to that parent's counsel of record.

(e) A person who falsely attests in an application that disclosure of the applicant's address would endanger the applicant's safety or the safety of the applicant's children or the minor or incapacitated person on whose behalf the application is made, or who knowingly provides false or incorrect information upon making an application, is guilty of a misdemeanor. A notice shall be printed in bold type and in a conspicuous location on the face of the application informing the applicant of the penalties under this subdivision.

6206.5. (a) If the program participant obtains a name change, he or she loses certification as a program participant.

(b) The Secretary of State may cancel a program participant's certification if there is a change in the residential address from the one listed on the application, unless the program participant provides the Secretary of State with at least seven days' prior notice of the change of address.

(c) The Secretary of State may cancel certification of a program participant if mail forwarded by the secretary to the program participant's address is returned as nondeliverable.

(d) The Secretary of State shall cancel certification of a program participant who applies using false information.

(e) Any records or documents pertaining to a program participant shall be retained and held confidential for a period of three years after termination of certification and then destroyed.

6206.7. (a) A program participant may withdraw from program participation by submitting to the address confidentiality program manager written notification of withdrawal and his or her current identification card. Certification shall be terminated on the date of receipt of this notification.

(b) The address confidentiality program manager may terminate a program participant's certification and invalidate his or her authorization card for any of the following reasons:

(1) The program participant's certification term has expired and certification renewal has not been completed.

(2) The address confidentiality program manager has determined that false information was used in the application process or that participation in the program is being used as a subterfuge to avoid detection of illegal or criminal activity or apprehension by law enforcement.

(3) The program participant no longer resides at the residential address listed on the application, and has not provided at least seven days' prior notice in writing of a change in address.

(4) A service of process document or mail forwarded to the program participant by the address confidentiality program manager is returned as nondeliverable.

(5) The program participant obtains a legal name change.

(c) If termination is a result of paragraph (1), (3), (4), or (5) of subdivision (b), the address confidentiality program manager shall send written notification of the intended termination to the program participant. The program participant shall have five business days in which to appeal the termination under procedures developed by the Secretary of State.

(d) The address confidentiality program manager shall notify in writing the county elections official and authorized personnel of the appropriate county clerk's office, county recording office, and department of health of the program participant's certification withdrawal, invalidation, expiration, or termination.

(e) Upon receipt of this termination notification, authorized personnel shall transmit to the address confidentiality program manager all appropriate administrative records pertaining to the program participant and the record transmitting agency is no longer responsible for maintaining the confidentiality of a terminated program participant's record.

(f) Following termination of program participant certification as a result of subdivision (b), the address confidentiality program manager may disclose information contained in the participant's application.

6207. (a) A program participant may request that state and local agencies use the address designated by the Secretary of State as his

or her address. When creating a public record, state and local agencies shall accept the address designated by the Secretary of State as a program participant's substitute address, unless the Secretary of State has determined both of the following:

(1) The agency has a bona fide statutory or administrative requirement for the use of the address which would otherwise be confidential under this chapter.

(2) This address will be used only for those statutory and administrative purposes and shall not be publicly disseminated.

(b) A program participant may request that state and local agencies use the address designated by the Secretary of State as his or her address. When modifying or maintaining a public record, excluding the record of any birth, fetal death, death, or marriage registered under Division 102 (commencing with Section 102100) of the Health and Safety Code, state and local agencies shall accept the address designated by the Secretary of State as a program participant's substitute address, unless the Secretary of State has determined both of the following:

(1) The agency has a bona fide statutory or administrative requirement for the use of the address which would otherwise be confidential under this chapter.

(2) This address will be used only for those statutory and administrative purposes and shall not be publicly disseminated.

(c) A program participant may use the address designated by the Secretary of State as his or her work address.

(d) The office of the Secretary of State shall forward all first-class mail and all mail sent by a governmental agency to the appropriate program participants. The office of the Secretary of State shall not handle or forward packages regardless of size or type of mailing.

(e) Notwithstanding subdivision (a), program participants shall comply with the provisions specified in subdivision (d) of Section 1808.21 of the Vehicle Code if requesting suppression of the records maintained by the Department of Motor Vehicles. Program participants shall also comply with all other provisions of the Vehicle Code relating to providing current address information to the department.

6207.5. A program participant who is otherwise qualified to vote may seek to register and vote in a confidential manner pursuant to Section 2166.5 of the Elections Code.

6208. The Secretary of State may not make a program participant's address, other than the address designated by the Secretary of State, available for inspection or copying, except under any of the following circumstances:

(a) If requested by a law enforcement agency, to the law enforcement agency.

(b) If directed by a court order, to a person identified in the order.

(c) If certification has been canceled.

6208.5. The Secretary of State shall designate state and local agencies and nonprofit agencies that provide counseling and shelter services to victims of domestic violence to assist persons applying to be program participants. Any assistance and counseling rendered by the office of the Secretary of State or its designees to applicants shall in no way be construed as legal advice.

6209. The Secretary of State may adopt rules to facilitate the administration of this chapter by state and local agencies.

6209.5. If a program participant under this chapter notifies the appropriate county clerk as required under rules adopted by the Secretary of State, the county clerk shall not make available for inspection or copying the name and address of a program participant contained in marriage applications and records filed under this chapter, except under either of the following circumstances:

(a) If requested by a law enforcement agency, to the law enforcement agency.

(b) If directed by a court order, to a person identified in the order.

6209.7. (a) Nothing in this chapter, nor participation in this program, affects custody or visitation orders in effect prior to or during program participation. A program participant who falsifies his or her location in order to unlawfully avoid custody or visitation orders is subject to immediate termination from the program and is guilty of a misdemeanor.

(b) Participation in the program does not constitute evidence of domestic violence for purposes of making custody or visitation orders.

6210. (a) Notwithstanding Section 7550.5, the Secretary of State shall submit to the Legislature, no later than January 10 of each year, a report that includes the total number of applications received for the program established by this chapter. The report shall disclose the number of program participants within each county and shall also describe any allegations of misuse relating to election purposes.

(b) The Secretary of State shall commence accepting applications and other activities under this program on July 1, 1999.

(c) Notwithstanding Section 7550.5, the Secretary of State shall submit to the Legislature by January 1, 2004, a report that includes the total number of pieces of mail forwarded to program participants, the number of program participants during the program's duration, the average length of time a participant remains in the program, and the targeted code changes needed to improve the program's efficiency and cost-effectiveness.

6211. This chapter shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2005, deletes or extends that date.

SEC. 3. The sum of two hundred twenty-seven thousand twenty-three dollars ($227,023) is hereby appropriated from the General Fund to the Secretary of State for the costs of Sections 1 and 2 of this act for the 1998–99 fiscal year.

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because in that regard this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1006

An act to amend Sections 22717, 22719, 24209, 24210, 24415, and 24417 of, to add Section 24203.5 to, to repeal and add Section 22954 of, and to repeal Section 24414 of, the Education Code, and to add Sections 20837 and 20963.5 to the Government Code, relating to public employers, and making an appropriation therefor.

[Approved by Governor September 29, 1998. Filed with Secretary of State September 30, 1998.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares as follows:

(a) The success of the class size reduction law and the effectiveness of public education generally requires that students be taught by competent, effective, credentialed teachers.

(b) Benefits provided members of the State Teachers' Retirement System are insufficient compared to those of members of the Public Employees Retirement System and other retirement systems, including teachers' retirement systems in other western states.

(c) State Teachers' Retirement System benefits are inadequate to make teaching attractive as a profession, and to encourage the retention of teachers in teaching.

(d) It is the intent of the Legislature to provide benefit improvements to members of the State Teachers' Retirement System

that will provide comparability to those of school members of the Public Employees' Retirement System and encourage qualified people to choose teaching as a career.

(e) It is the intent of the Legislature that the benefit improvements enacted by this act be funded pursuant to the amendments to Section 22955 of the Education Code proposed by Assembly Bill 2804 of the 1997–98 Regular Session unless provided otherwise.

This act shall be known and may be cited as the Ralph Dills Teacher Recruitment and Retention Act of 1998.

SEC. 2. Section 22717 of the Education Code is amended to read:

22717. (a) A member shall be granted credit at service retirement for each day of accumulated and unused leave of absence for illness or injury for which full salary is allowed to which the member was entitled on the member's final day of employment with the employer by which the member was last employed to perform creditable service subject to coverage by the plan.

(b) The amount of service credit to be granted shall be determined by dividing the number of days of accumulated and unused leave of absence for illness or injury by the number of days of service the employer requires the member's class of employees to perform in a school year during the member's final year of creditable service subject to coverage by the plan, which shall not be less than the minimum standard specified in Section 22138.5. In no event shall the divisor be less than 175.

(c) When the member has made application for service retirement under this part, the employer shall certify to the board, within 30 days following the effective date of the member's service retirement, the number of days of accumulated and unused leave of absence for illness or injury that the member was entitled to on the final day of employment. The board may assess a penalty on delinquent reports.

(d) This section shall be applicable to any person who retires on or after January 1, 1999.

SEC. 3. Section 22719 of the Education Code is amended to read:

22719. If the allowance of a retired member is terminated, the employer shall not restore sick leave days for which service credit was granted at retirement.

SEC. 4. Section 22954 of the Education Code is repealed.

SEC. 5. Section 22954 is added to the Education Code, to read:

22954. (a) Notwithstanding Section 13340 of the Government Code, commencing July 1, 1999, a continuous appropriation is hereby annually made from the General Fund to the Controller, pursuant to this section, for transfer to the Supplemental Benefit Maintenance Account in the Teachers' Retirement Fund. The total amount of the appropriation for each year shall be equal to 2.5 percent of the total of the creditable compensation of the immediately preceding calendar year upon which members' contributions are based for

purposes of funding the supplemental payments authorized by Section 24415.

(b) The board may deduct from the annual appropriation made pursuant to this section an amount necessary for the administrative expenses of Section 24415.

(c) It is the intent of the Legislature in enacting this section to establish the supplemental payments pursuant to Section 24415 as vested benefits pursuant to a contractually enforceable promise to make annual contributions from the General Fund to the Supplemental Benefit Maintenance Account in the Teachers' Retirement Fund in order to provide a continuous annual source of revenue for the purposes of making the supplemental payments under Section 24415.

SEC. 6. Section 24203.5 is added to the Education Code, to read:

24203.5. The percentage of final compensation used to compute the allowance pursuant to Section 24202.5 or 24203 of a member retiring on or after January 1, 1999, who has 30 or more years of credited service, shall be increased by two-tenths of 1 percentage point, provided that the sum of the percentage of final compensation used to compute the allowance in Section 24202.5 or 24203, including any adjustments for retiring before the normal retirement age, and the additional percentage provided by this section does not exceed 2.40 percent.

SEC. 7. Section 24209 of the Education Code is amended to read:

24209. Upon retirement for service following termination of a prior service retirement, the member shall receive a service retirement allowance equal to the sum of both of the following:

(a) An amount equal to the monthly allowance the member was receiving immediately preceding the most recent termination of retirement allowance, exclusive of any amounts payable pursuant to Section 22714 or 22715, increased by the improvement factor that would have been applied to the allowance if the member had not terminated the retirement allowance.

(b) An amount calculated pursuant to Section 24202, 24202.5, 24203, 24203.5, or 24206 on service credited subsequent to the most recent termination of retirement allowance, the member's age at retirement, and final compensation.

SEC. 8. Section 24210 of the Education Code is amended to read:

24210. Upon retirement for service following a prior disability retirement granted pursuant to Chapter 26 (commencing with Section 24100) that was terminated, the member shall receive a service retirement allowance calculated pursuant to Section 24202, 24202.5, 24203, 24203.5, or 24206 and equal to the sum of both of the following:

(a) An amount based on service credit accrued prior to the effective date of the disability retirement, the member's age as of the effective date of the service retirement, and indexed final compensation to the effective date of the service retirement.

(b) An amount based on the service credit accrued after termination of the disability retirement, the member's age as of the effective date of service retirement, and final compensation.

SEC. 9. Section 24414 of the Education Code is repealed.

SEC. 10. Section 24415 of the Education Code is amended to read:

24415. (a) The proceeds of the Supplemental Benefit Maintenance Account shall be distributed annually in quarterly supplemental payments commencing on September 1, 1990, to retired members, disabled members, and beneficiaries. The amount available for distribution in any fiscal year shall not exceed the amount necessary to restore purchasing power up to 75 percent of the purchasing power of the initial monthly allowance after the application of all allowance increases authorized by this part, including those specified in Section 24412.

(b) The net revenues to be distributed shall be allocated among those retired members, disabled members, and beneficiaries whose allowances, after sequentially applying the annual improvement factor as defined in Sections 22140 and 22141, and the annual supplemental payment as defined in Section 24412, have the lowest purchasing power percentage. The purchasing power calculation for each individual shall be based on the change in the All Urban California Consumer Price Index between June of the calendar year of retirement and June of the fiscal year preceding the fiscal year of distribution. In any year in which the purchasing power of the allowances of all retired members, disabled members, and beneficiaries equals not less than 75 percent and additional funds remain from the allocation authorized by this section, those funds shall remain in the Supplemental Benefit Maintenance Account for allocation in future years.

(c) The allowance increase shall not be applicable to annuities payable from the accumulated annuity deposit contributions or the accumulated tax-sheltered annuity contributions.

(d) The benefits provided by subdivision (b) are not cumulative, not part of the base allowance, and will be payable only to the extent that funds are available from the Supplemental Benefit Maintenance Account. The board shall inform each recipient of the contents of this subdivision.

(e) The adjustments authorized by this section are vested only up to the amount payable as a result of the annual appropriation made pursuant to Section 22954 and shall not be included in the base allowance for purposes of calculating the annual improvement defined by Sections 22140 and 22141.

SEC. 11. Section 24417 of the Education Code is amended to read:

24417. (a) The proceeds of an auxiliary Supplemental Benefit Maintenance Account shall be distributed annually in quarterly supplemental payments, commencing when funds in the Supplemental Benefit Maintenance Account are insufficient to support 75 percent, to retired members, disabled members, and

beneficiaries. The amount available for distribution in any fiscal year shall not exceed the amount necessary to restore purchasing power up to 75 percent of the purchasing power of the initial monthly allowance after the application of all allowance increases authorized by this part, including those specified in Section 24412 and Section 24415.

(b) The net revenues to be distributed shall be allocated among those retired members, disabled members, and beneficiaries whose allowances, after sequentially applying the annual improvement factor as defined in Sections 22140 and 22141, and the annual supplemental payment as defined in Section 24412 and Section 24415, have the lowest purchasing power percentage. The purchasing power calculation for each individual shall be based on the change in the All Urban California Consumer Price Index between June of the calendar year of benefit effective date and June of the fiscal year preceding the fiscal year of distribution.

(c) The allowance increase shall not be applicable to annuities payable from the accumulated annuity deposit contributions or the accumulated tax-sheltered annuity contributions.

(d) The benefits provided by subdivision (b) are not cumulative, nor part of the base allowance, and will be payable only to the extent that funds are available from the Supplemental Benefit Maintenance Account and the auxiliary Supplemental Benefit Maintenance Account. The board shall inform each recipient of the contents of this subdivision.

(e) The distributions authorized by this section are vested only up to the amount payable as a result of the annual appropriation made pursuant to Section 22954 and shall not be included in the base allowance for purposes of calculating the annual improvement defined by Section 22140 and 22141.

SEC. 12. Section 20837 is added to the Government Code, to read:

20837. Each school employer and each contracting agency that is a school district, on account of liability for the benefits provided by Section 20963.5 shall make contributions in addition to those otherwise specified in this chapter in amounts to be fixed and determined by the board.

SEC. 13. Section 20963.5 is added to the Government Code, to read:

20963.5. (a) Notwithstanding any other provision of law, Section 20963 shall not apply to school safety members who were employed on or after July 1, 1980, and who retired prior to January 1, 1999.

(b) Notwithstanding any other provision of law, Section 20963 shall apply to school members who retire on or after January 1, 1999.

SEC. 14. Sections 1 to 11, inclusive, of this act shall only become operative if Assembly Bill 2804 and Assembly Bill 1150 of the 1997–98

Regular Session of the Legislature are also enacted and become operative.

CHAPTER 1007

An act to add Article 3 (commencing with Section 11970) to Chapter 2 of Part 3 of Division 10.5 of the Health and Safety Code, relating to public social services, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 29, 1998. Filed with Secretary of State September 30, 1998.]

I am signing Senate Bill No. 1587 with a reduction.

This bill would require the Department of Alcohol and Drug Programs to establish the Drug Court Partnership Program and assess the cost-effectiveness of drug courts. This bill specifies the criteria to be used in awarding grants to develop and implement the program.

However, this bill includes an appropriation in excess of what is needed to maintain a two percent reserve. Therefore, I am reducing the appropriation contained in this bill by $4,000,000. The revised appropriation shall be $4,000,000.

PETE WILSON, Governor

The people of the State of California do enact as follows:

SECTION 1. Article 3 (commencing with Section 11970) is added to Chapter 2 of Part 3 of Division 10.5 of the Health and Safety Code, to read:

Article 3. Drug Courts

11970. (a) This article shall be known and may be cited as the Drug Court Partnership Act of 1998.

(b) The Drug Court Partnership shall be administered by the State Department of Alcohol and Drug Programs for the purpose of demonstrating the cost-effectiveness of drug courts operating pursuant to Sections 1000 to 1000.4, inclusive, of the Penal Code, and for any defendant who has entered a plea of guilty and is on active probation. The department shall design and implement the program with the concurrence of the Judicial Council.

(1) This program shall award grants on a competitive basis for four years to counties that develop and implement drug court programs operating pursuant to Sections 1000 to 1000.4, inclusive, of the Penal Code, and for any defendant who has entered a plea of guilty and is on active probation which are likely to provide the greatest public safety benefit and be most effective in reducing state and local costs.

(2) To be eligible for this grant, the county alcohol and drug program administrator and the presiding judge shall submit a

multiagency plan that identifies the resources and strategies for providing an effective drug court program. The department, in collaboration with the Judicial Council, shall establish minimum criteria for evaluating the plans.

(c) The plan shall include, but not be limited to, the following components:

(1) Development of information-sharing systems to ensure that county actions are fully coordinated, and to provide data for measuring the success of the grantee in achieving its goals.

(1) Grant funds shall be used for programs that are identified in the local plan. Acceptable uses may include, but are not limited to, the following: drug court coordinators, training, drug testing, treatment, transportation, and other costs related to the implementation of the plan.

(2) No grant shall be awarded unless the applicant makes available resources in an amount equal to at least 10 percent of the amount of the grant in years one and two, and 20 percent of the amount of the grant in years three and four.

(e) The department, with concurrence from the Judicial Council, shall establish minimum standards for use of funds in drug courts operating pursuant to Sections 1000 to 1000.4, inclusive, of the Penal Code, and for any defendant who has entered a plea of guilty and is on active probation, funding schedules, and procedures for awarding grants, which shall take into consideration, but not be limited to, all of the following:

(1) The number of participants who will be served in the program.

(2) Demonstrated commitment to exceed the minimum match requirement, such as in-kind contributions from participating agencies.

(3) Demonstrated ability to provide treatment to clients who will be served through the program.

(4) Demonstrated capacity to administer the program.

(5) Demonstrated ability to report outcome measures for program participants and for participants in other comparable drug court programs administered in the county.

The department, together with the Judicial Council, shall develop an interim report to be submitted to the Legislature on or before March 1, 2000, and a final analysis of the grant program in a report to be submitted to the Legislature on or before March 1, 2002.

SEC. 2. (a) The sum of eight million dollars ($8,000,000) is hereby appropriated from the General Fund to the State Department of Alcohol and Drug Programs to be expended for the purposes of the Drug Court Partnership Act of 1998 as set forth in Article 3 (commencing with Section 11970) of Chapter 2 of Part 3 of Division 10.5 of the Health and Safety Code.

(b) Up to 5 percent of the amount appropriated by subdivision (a) is available to the State Department of Alcohol and Drug Programs to administer the program, including technical assistance to counties and the development of an evaluation component.

SEC. 3. For the purpose of funding the Drug Court Partnership Act, it is the intent of the Legislature that eight million dollars ($8,000,000) shall be appropriated in the Budget Act in each of the following three fiscal years: 1999–2000, 2000–2001, and 2001–2002.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for funding to be available for implementation of the Drug Court Partnership Act of 1998 at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 1008

An act to amend Sections 44501, 44506, 44507, 44508, 44533, 44535, 44537.5, 44548, and 44559 of the Health and Safety Code, relating to pollution control.

[Approved by Governor September 29, 1998. Filed with Secretary of State September 30, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 44501 of the Health and Safety Code is amended to read:

44501. (a) The Legislature hereby finds that it is necessary and essential that the state, in cooperation with the federal government, use all practical means and measures to control, remediate, and eliminate pollution hazards to the environment. The Legislature further finds and determines that industry within this state utilizes processes and facilities that have significant environmental impact. These processes and facilities shall be modified and supplemented to meet the quality standards established and to be established for the control and remediation of environmental pollution. Industry needs and requires new methods to finance the capital outlays required for the devices, equipment, and facilities utilized in pollution control if they are to rapidly comply with the quality standards established by the state and federal governments, and if they are to rapidly remediate contaminated properties so that those properties can be reused for economically beneficial purposes.

(b) The Legislature also finds and declares that the disposal of waste products by such current methods as incineration and landfill pollute the environment by degrading air and water quality. The Legislature further finds that in order to reduce the environmental pollution that currently occurs in connection with the disposal of waste products, there is a need to develop new and alternative processes and facilities that provide for the disposal of those waste products in ways that prevent or reduce environmental degradation. The Legislature also finds that such new and alternative processes and facilities include those that recover resources and energy from waste products. The Legislature further finds and declares that in order to prevent further environmental degradation resulting from contamination caused by the release of waste products and hazardous materials, there is a need to encourage the remediation of that contamination of properties with the potential for economically beneficial reuse.

(c) The alternate method of financing provided in this division is in the public interest and serves a public purpose and will promote the health, welfare, and safety of the citizens of the State of California.

SEC. 2. Section 44506 of the Health and Safety Code is amended to read:

44506. "Participating party" means any person, company, corporation, partnership, firm, or other entity or group of entities engaged in operations within this state that requires financing pursuant to the terms of this division to aid and assist in the control, remediation, or elimination of pollution of the environment of the state.

SEC. 3. Section 44507 of the Health and Safety Code is amended to read:

44507. "Pollution" means an alteration of the quality of the environment of the state and shall be determined by the various standards prescribed from time to time by this state, the federal government, or any agency, department, or political subdivision of this state or the federal government, and may include, but is not limited to, earth, air, or water pollution, pollution caused by solid or hazardous waste disposal, thermal pollution, radiation contamination, the release of hazardous materials, or noise pollution. Pollution also means the contamination of soil or groundwater resulting from the release of hazardous materials, as defined in Section 25260, at sites with a reasonable potential for economically beneficial reuse.

SEC. 4. Section 44508 of the Health and Safety Code is amended to read:

44508. "Project" and "pollution control facility," respectively, mean any land, building, improvement thereto, work, property or structure, real or personal, providing or designed to provide for the control, reduction, abatement, elimination, remediation, or prevention of pollution, including, but not limited to, hydrostatic control facilities, dust collectors, smoke bags, settling ponds, filtration plants, sewage disposal facilities, garbage disposal facilities, recycling facilities, dumps, filling grounds, chlorination ponds, treatment works, water utility property, soil excavation and removal, construction, operation, and maintenance of systems that extract, contain, or treat groundwater, soil vapor, gas, or leachate, and all other structures, systems, or facilities now or hereafter developed or useful in the control of pollution of any type or character, including any structure, equipment, or other facilities for the purpose of the purchase, production, distribution, or sale of water, or of reducing, treating, neutralizing, or cooling the temperature of any liquid, gaseous, or solid or hazardous waste substance or discharge resulting from the process of manufacture, industry, or commerce, or from the development, processing, or recovery of any natural resource or the generation of electricity, steam heat, or manufactured gas, together with the recovery, treatment, neutralizing, stabilizing, or cooling equipment, facilities, plants, or structures necessary to reduce, control, remediate, or eliminate pollution, and any and all facilities which may hereafter be developed through science, study, and investigation to aid and assist in the control of pollution or the removal or treatment of any substance that might otherwise cause or contribute to pollution, and including the use of renewable energy resource devices or the development of an energy conservation program where that action is designed to reduce onsite emissions or pollutants.

SEC. 5. Section 44533 of the Health and Safety Code is amended to read:

44533. (a) No project, or portion thereof, shall be eligible for financing under this division for which, at the time an application is submitted to the authority, financing has been otherwise obtained.

(b) No project relating to the improvement of air or water quality or solid waste control or related to the remediation of property contaminated by a release of hazardous materials shall be eligible for financing under this division unless, prior to the issuance of bonds or notes, a local, regional, state, or federal environmental authority exercising jurisdiction over the project certifies that the project, as designed, will further compliance with federal, state, or local pollution control standards and requirements. Within 60 days of the receipt of a written request for that certification by either the authority or a participating party, the local, regional, state, or federal authority shall issue a written certificate to that effect if, in fact, the project as designed, is in furtherance of those purposes. The certification requirements of this subdivision may be waived by the authority, at the request of the participating party, if that certification is not necessary to qualify the bonds or notes for tax-exempt status under federal laws and regulations.

(c) No certification issued pursuant to subdivision (b) shall be admissible in evidence, constitute an admission, or bind any certifying authority in any proceeding in which the compliance of a participating party's facilities with any applicable pollution control, land use, zoning, or other similar law is an issue or in any application or proceeding for a permit to locate or construct facilities.

SEC. 6. Section 44535 of the Health and Safety Code is amended to read:

44535. (a) The authority may separately approve financing for projects, the purpose of which is to prevent, remediate, or reduce environmental pollution resulting from the disposal of solid, hazardous, or liquid waste.

(b) The following projects shall be considered for financing:

(1) Projects utilizing recognized resource recovery or energy conversion processes.

(2) Projects utilizing new technologies or processes for resource recovery or energy conversion.

(3) Projects utilizing technologies designed to reduce the level of pollutants found in water.

(4) Recycled water facilities.

(5) Water main replacements.

(6) Water filtration facilities.

(7) Projects for the disposal of agricultural wastes.

(8) Soil excavation and removal, and construction, operation, and maintenance of systems that extract, contain, or treat groundwater, soil vapor, gas, or leachate.

(9) Other projects for the reduction or remediation of environmental pollution resulting from the disposal of solid, hazardous, or liquid waste.

(c) The projects specified in subdivision (b) may include elements that provide for new refuse removal vehicles, transfer stations, resource recovery or energy conversion plants, source separation, or any solid or liquid waste disposal facilities involved in resource recovery systems. "Solid, hazardous, or liquid waste disposal facilities" means any property, or portion thereof, used for the collection, storage, treatment, utilization, processing, or final disposal of solid, hazardous, or liquid waste in resource recovery systems.

SEC. 7. Section 44537.5 of the Health and Safety Code is amended to read:

44537.5. The authority shall provide the maximum opportunity for the use of the authority's financing by individuals, businesses engaged in agricultural operations, and small businesses or corporations by providing information, assistance, and coordination to facilitate financing for small projects and other financing that benefits the environment, including financing for projects for the disposal of agricultural wastes, with special attention to the needs of businesses that do not meet standard commercial lending requirements but provide public benefits, such as job creation or retention and the redevelopment for economically beneficial uses of contaminated properties.

SEC. 8. Section 44548 of the Health and Safety Code is amended to read:

44548. (a) Subject to any prior contractual obligations to any of its bondholders, the authority may establish one or more small business assistance funds in order to assist small businesses to achieve financing of pollution control facilities or, to strengthen environmental compliance, or to remediate contamination at properties with a reasonable potential for economically beneficial reuse by funding a capital access program for small businesses pursuant to Article 8 (commencing with Section 44559). For the purpose of establishing and maintaining small business assistance funds as it determines to be necessary or desirable to secure its bonds or any issuance thereof or for other authorized purposes, the authority, pursuant to its contracts with participating parties, may levy fees or other charges on, or require deposits from, participating parties receiving financing for a project under this division. The total amount of these fees, charges, and deposits with respect to a single issue of bonds shall not exceed 3 percent of the principal amount of that issue of bonds. Prior to levying any fees or charges or requiring deposits, the authority shall adopt regulations for the operation of the small business assistance funds, the amounts and any payment schedule for the fees, charges, or deposits, eligibility standards for small businesses desiring to use or benefit from the small business assistance funds, and any other matters the authority determines to be necessary for the establishment and maintenance of small business assistance funds. The regulations may provide for differential fees from participating parties based upon the size of a project financed

by the authority or other factors determined to be relevant by the authority, and the regulations may restrict any benefits to those eligible small businesses specified in the regulations. The authority may transfer any funds available to it or set aside for its administrative expenses to any small business assistance fund established under this section.

(b) The forms of financial assistance that the authority may provide under this section include, but are not limited to, payments to reduce, but not eliminate, the interest rate on loans; payments of part or all of the cost of acquiring letters of credit, insurance, guarantees, or other forms of credit support; and payment of part or all of the authority's expenses in issuing revenue bonds or providing other assistance. The authority may also pledge any small business assistance fund, on an individual or pooled basis, to repay, directly or indirectly, the principal of, or interest or premium on, any issue of bonds of the authority or any loan made or acquired pursuant to this section. In addition to other purposes set forth in this section, the authority may use moneys in a small business assistance fund to make or acquire loans or guarantee commercial loans to participating parties eligible for assistance from those funds. Any moneys repaid or returned to the authority in connection with or as a result of any loan or financial assistance made pursuant to this section shall be deposited in the small business assistance fund from which the loan or assistance was originally provided. The authority may contract with qualified financial institutions, including, but not limited to, banks, investment and mortgage bankers, insurance companies, sureties, and guarantors, to provide any necessary assistance in the granting of credit for these purposes.

(c) Each small business assistance fund established pursuant to this section shall be deposited in a special account which the Controller shall create. Notwithstanding any other provision of law, and subject to any requirements of federal tax law or regulations relative to maintaining the tax-exempt status of the obligations of the authority, all interest or other gains earned by investment or deposit of money in the special account pursuant to any provision of Part 2 (commencing with Section 16300) of Division 4 of Title 2 of the Government Code or pursuant to any other provision of law shall be credited to, and deposited in, the account.

(d) In carrying out this section, the authority shall participate with the air pollution control districts and air quality management districts in providing financial assistance in its lending programs.

SEC. 9. Section 44559 of the Health and Safety Code is amended to read:

44559. (a) The Legislature finds and declares that small businesses engaged in manufacturing or other operations are responsible for a significant amount of environmental emissions in the state, but are less able than larger businesses to afford the investment in new equipment or process modifications needed to

comply with environmental regulations, with regard to controlling emissions, preventing the creation of pollutants, contaminants, or waste products, and remediating contamination of properties with a reasonable potential for economically beneficial reuse. Additionally, small businesses faced with financial pressures will be likely to reduce expenditures to achieve environmental compliance. Better access to capital will allow small businesses to more easily comply with environmental mandates, and to remediate contamination of properties with a reasonable potential or economically beneficial reuse, to the benefit of all the residents of the state.

(b) The Legislature also finds and declares that it is in the best interest of the state to expand the Capital Access Loan Program for small business. Small businesses have difficulty gaining access to capital for startup and expansion purposes. Small businesses owned by minorities and women have special capital access difficulties. In addition, small businesses operating in areas affected by military base closures are disadvantaged by limited access to capital. The Legislature finds that improving access to capital for these small businesses will spur investment, create jobs, expand economic opportunities, assist in the recovery of communities affected by defense and aerospace losses, assist in the recovery of neighborhoods and communities affected by contaminated properties that are not being used for economically beneficial purposes but which could be so used if the contamination was remediated, and help sustain and strengthen economic recovery in California.

SEC. 10. (a) The Legislature finds and declares as follows:

(1) Real property contaminated with hazardous substances is a continuing blight on communities and the cleanup and development of these sites will lead to productive end uses, including creating jobs and providing a community tax base.

(2) The California Pollution Control Financing Authority should assist with the development of financing vehicles for the cleanup and development of contaminated real property.

(3) The authority should assist in determining the most efficient and effective way of using its financial abilities to clean up contaminated real property.

(4) It is within the power of the authority to coordinate with private sector lending institutions to issue bonds and loans for the assessment, cleanup, and development of contaminated real property, recognizing that these activities are being performed only on a limited basis, or, under certain circumstances, not at all.

(b) In order to assist with the use of its financing powers to remediate contaminated real property, including assessment, cleanup and development, notwithstanding Section 7550.5 of the Government Code, the authority shall prepare and submit to the Legislature, on or before July 1, 1999, an analysis that shall include, but not be limited to, all of the following:

(1) An assessment of the most efficient and effective ways to assist prospective purchasers of property or property owners in obtaining the necessary financing to ensure proper cleanup.

(2) The willingness or reluctance of the private sector to issue loans for contaminated real property projects.

(3) Factors that are barriers to financing incentives that would be required.

CHAPTER 1009

An act to amend Section 14016.5 of the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor September 29, 1998. Filed with Secretary of State September 30, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 14016.5 of the Welfare and Institutions Code is amended to read:

14016.5. (a) At the time of determining or redetermining the eligibility of a Medi-Cal or aid to families with dependent children (AFDC) applicant or beneficiary who resides in an area served by a managed health care plan or pilot program in which beneficiaries may enroll, each applicant or beneficiary shall personally attend a presentation at which the applicant or beneficiary is informed of the managed care and fee-for-service options available regarding methods of receiving Medi-Cal benefits. The county shall ensure that each beneficiary or applicant attends this presentation.

(b) The health care options presentation described in subdivision (a) shall include all of the following elements:

(1) Each beneficiary or eligible applicant shall be informed that he or she may choose to continue an established patient-provider relationship in the fee-for-service sector.

(2) Each beneficiary or eligible applicant shall be provided with the name, address, telephone number, and specialty, if any, of each primary care provider, and each clinic participating in each prepaid managed health care plan, pilot project, or fee-for-service case management provider option. This information shall be provided under geographic area designations, in alphabetical order by the name of the primary care provider and clinic. The name, address, and telephone number of each specialist participating in each prepaid managed care health plan, pilot project, or fee-for-service case management provider option shall be made available by either contacting the health care options contractor or the prepaid managed care health plan, pilot project, or fee-for-service case management provider.

(3) Each beneficiary or eligible applicant shall be informed that he or she may choose to continue an established patient-provider relationship in a managed care option, if his or her treating provider is a primary care provider or clinic contracting with any of the prepaid managed health care plans, pilot projects, or fee-for-service case management provider options available, has available capacity, and agrees to continue to treat that beneficiary or applicant.

(4) In areas specified by the director, each beneficiary or eligible applicant shall be informed that if he or she fails to make a choice, or does not certify that he or she has an established relationship with a primary care provider or clinic, he or she shall be assigned to, and enrolled in, a prepaid managed health care plan, pilot projects, or fee-for-service case management provider.

(c) No later than 30 days following the date a Medi-Cal or AFDC beneficiary or applicant is determined eligible, the beneficiary or applicant shall indicate his or her choice in writing, as a condition of coverage for Medi-Cal benefits, of either of the following health care options:

(1) To obtain benefits by receiving a Medi-Cal card, which may be used to obtain services from individual providers, that the beneficiary would locate, who choose to provide services to Medi-Cal beneficiaries.

The department may require each beneficiary or eligible applicant, as a condition for electing this option, to sign a statement certifying that he or she has an established patient-provider relationship, or in the case of a dependent, the parent or guardian shall make that certification. This certification shall not require the acknowledgment or guarantee of acceptance, by any indicated Medi-Cal provider or health facility, of any beneficiary making a certification under this section.

(2) (A) To obtain benefits by enrolling in a prepaid managed health care plan, pilot program, or fee-for-service case management provider that has agreed to make Medi-Cal services readily available to enrolled Medi-Cal beneficiaries.

(B) At the time the beneficiary or eligible applicant selects a prepaid managed health care plan, pilot project, or fee-for-service case management provider, the department shall, when applicable, encourage the beneficiary or eligible applicant to also indicate, in writing, his or her choice of primary care provider or clinic contracting with the selected prepaid managed health care plan, pilot project, or fee-for-service case management provider.

(d) (1) In areas specified by the director, a Medi-Cal or AFDC beneficiary or eligible applicant who does not make a choice, or who does not certify that he or she has an established relationship with a primary care provider or clinic shall be assigned to and enrolled in an appropriate Medi-Cal managed care plan, pilot project, or fee-for-service case management provider providing service within the area in which the beneficiary resides.

(2) If it is not possible to enroll the beneficiary under a Medi-Cal managed care plan or pilot project or a fee-for-service case management provider because of a lack of capacity or availability of participating contractors, the beneficiary shall be provided with a Medi-Cal card and informed about fee-for-service primary care providers who do all of the following:

(A) The providers agree to accept Medi-Cal patients.

(B) The providers provide information about the provider's willingness to accept Medi-Cal patients as described in Section 14016.6.

(C) The providers provide services within the area in which the beneficiary resides.

(e) If a beneficiary or eligible applicant does not choose a primary care provider or clinic or does not select any primary care provider who is available, the managed health care plan, pilot project, or fee-for-service case management provider that was selected by or assigned to the beneficiary shall ensure that the beneficiary selects a primary care provider or clinic within 30 days after enrollment or is assigned to a primary care provider within 40 days after enrollment.

(f) (1) The managed care plan shall have a valid Medi-Cal contract, adequate capacity, and appropriate staffing to provide health care services to the beneficiary.

(2) The department shall establish standards for all of the following:

(A) The maximum distances a beneficiary is required to travel to obtain primary care services from the managed care plan, fee-for-service managed care provider, or pilot project in which the beneficiary is enrolled.

(B) The conditions under which a primary care service site shall be accessible by public transportation.

(C) The conditions under which a managed care plan, fee-for-service managed care provider, or pilot project shall provide nonmedical transportation to a primary care service site.

(3) In developing the standards required by paragraph (2), the department shall take into account, on a geographic basis, the means of transportation used and distances typically traveled by Medi-Cal beneficiaries to obtain fee-for-service primary care services and the experience of managed care plans in delivering services to Medi-Cal enrollees. The department shall also consider the provider's ability to render culturally and linguistically appropriate services.

(g) To the extent possible, the arrangements for carrying out subdivision (d) shall provide for the equitable distribution of Medi-Cal beneficiaries among participating managed care plans, fee-for-service case management providers, and pilot projects.

(h) If, under the provisions of subdivision (d), a Medi-Cal beneficiary or applicant does not make a choice or does not certify that he or she has an established relationship with a primary care

provider or clinic, the person may, at the option of the department, be provided with a Medi-Cal card or be assigned to and enrolled in a managed care plan providing service within the area in which the beneficiary resides.

(i) Any Medi-Cal or AFDC beneficiary who is dissatisfied with the provider or managed care plan, pilot project, or fee-for-service case management provider shall be allowed to select or be assigned to another provider or managed care plan, pilot project, or fee-for-service case management provider.

(j) The department or its contractor shall notify a managed care plan, pilot project, or fee-for-service case management provider when it has been selected by or assigned to a beneficiary. The managed care plan, pilot project, or fee-for-service case management provider that has been selected by, or assigned to, a beneficiary, shall notify the primary care provider or clinic than it has been selected or assigned. The managed care plan, pilot project, or fee-for-service case management provider shall also notify the beneficiary of the managed care plan, pilot project, or fee-for-service case management provider or clinic selected or assigned.

(k) (1) The department shall ensure that Medi-Cal beneficiaries eligible under Title XVI of the Social Security Act are provided with information about options available regarding methods of receiving Medi-Cal benefits as described in subdivision (c).

(2) (A) The director may waive the requirements of subdivisions (c) and (d) until a means is established to directly provide the presentation described in subdivision (a) to beneficiaries who are eligible for the federal Supplemental Security Income for the Aged, Blind, and Disabled Program (Subchapter 16 (commencing with Section 1381) of Chapter 7 of Title 42 of the United States Code).

(B) The director may elect not to apply the requirements of subdivisions (c) and (d) to beneficiaries whose eligibility under the Supplemental Security Income program is established before January 1, 1994.

(*l*) In areas where there is no prepaid managed health care plan or pilot program which has contracted with the department to provide services to Medi-Cal beneficiaries, and where no other enrollment requirements have been established by the department, no explicit choice need be made, and the beneficiary or eligible applicant shall receive a Medi-Cal card.

(m) The following definitions contained in this subdivision shall control the construction of this section, unless the context requires otherwise:

(1) "Applicant," "beneficiary," and "eligible applicant," in the case of a family group, means any person with legal authority to make a choice on behalf of dependent family members.

(2) "Fee-for-service case management provider" means a provider enrolled and certified to participate in the Medi-Cal fee-for-service case management program the department may elect

to develop in selected areas of the state with the assistance of and in cooperation with California physician providers and other interested provider groups.

(3) "Managed health care plan" and "managed care plan" mean a person or entity operating under a Medi-Cal contract with the department under this chapter or Chapter 8 (commencing with Section 14200) to provide, or arrange for, health care services for Medi-Cal beneficiaries as an alternative to the Medi-Cal fee-for-service program that has a contractual responsibility to manage health care provided to Medi-Cal beneficiaries covered by the contract.

(n) (1) Whenever a county welfare department notifies a public assistance recipient or Medi-Cal beneficiary that the recipient or beneficiary is losing Medi-Cal eligibility, the county shall include, in the notice to the recipient or beneficiary, notification that the loss of eligibility shall also result in the recipient's or beneficiary's disenrollment from Medi-Cal managed care health or dental plans, if enrolled.

(2) (A) Whenever the department or the county welfare department processes a change in a public assistance recipient's or Medi-Cal beneficiary's residence or aid code that will result in the recipient's or beneficiary's disenrollment from the managed care health or dental plan in which they are currently enrolled, a written notice shall be given to the recipient or beneficiary.

(B) This paragraph shall become operative and the department shall commence sending the notices required under this paragraph on or before the expiration of 12 months after the effective date of this section.

(o) This section shall be implemented in a manner consistent with any federal waiver required to be obtained by the department in order to implement this section.

CHAPTER 1010

An act to amend Section 4104 of, and to add Section 4104.5 to, the Public Contract Code, relating to public works.

[Approved by Governor September 29, 1998. Filed with Secretary of State September 30, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 4104 of the Public Contract Code is amended to read:

4104. Any officer, department, board or commission taking bids for the construction of any public work or improvement shall provide in the specifications prepared for the work or improvement or in the

general conditions under which bids will be received for the doing of the work incident to the public work or improvement that any person making a bid or offer to perform the work, shall, in his or her bid or offer, set forth:

(a) (1) The name and the location of the place of business of each subcontractor who will perform work or labor or render service to the prime contractor in or about the construction of the work or improvement, or a subcontractor licensed by the State of California who, under subcontract to the prime contractor, specially fabricates and installs a portion of the work or improvement according to detailed drawings contained in the plans and specifications, in an amount in excess of one-half of 1 percent of the prime contractor's total bid or, in the case of bids or offers for the construction of streets or highways, including bridges, in excess of one-half of 1 percent of the prime contractor's total bid or ten thousand dollars ($10,000), whichever is greater.

(2) (A) Subject to subparagraph (B), any information requested by the officer, department, board, or commission concerning any subcontractor who the prime contractor is required to list under this subdivision, other than the subcontractor's name and location of business, may be submitted by the prime contractor up to 24 hours after the deadline established by the officer, department, board, or commission for receipt of bids by prime contractors.

(B) A state or local agency may implement subparagraph (A) at its option.

(b) The portion of the work that will be done by each subcontractor under this act. The prime contractor shall list only one subcontractor for each portion as is defined by the prime contractor in his or her bid.

SEC. 2. Section 4104.5 is added to the Public Contract Code, to read:

4104.5. (a) The officer, department, board, or commission taking bids for construction of any public work or improvement shall set forth in the bid invitation a date and time for closing of submission of bids by prime contractors. The date and time shall be extended by no less than 72 hours in the event the officer, department, board, or commission issues any material changes, additions, or deletions to the invitation later than 72 hours prior to the bid closing.

(b) As used in this section, the term "material change" means a change with a substantial cost impact on the total bid as determined by the awarding agency.

(c) As used in this section, the term "bid invitation" shall include any documents issued to prime contractors that contain descriptions of the work to be bid or the content, form, or manner of submission of bids by bidders.

CHAPTER 1011

An act to add and repeal Section 125001 of the Health and Safety Code, relating to health, and making an appropriation therefor.

[Approved by Governor September 29, 1998. Filed with Secretary of State September 30, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 125001 is added to the Health and Safety Code, to read:

125001. (a) The Legislature finds and declares all of the following:

(1) California requires testing at birth for certain genetic diseases or conditions.

(2) Technology called tandem mass spectography is now available that would permit testing for many more genetic diseases or conditions.

(3) Many of the additional tests can be made from the same blood sample at costs of between eighteen dollars ($18) and twenty dollars ($20).

(4) It is the intent of the Legislature that a program for testing services and training be initiated as expeditiously as possible utilizing laboratory services experienced in tandem mass spectography.

(b) The department shall establish a program for genetic disease testing, and may provide laboratory testing facilities or contract with any laboratory that it deems qualified to conduct testing or provide necessary treatment with qualified specialists. The program shall provide extended newborn genetic screening services under the Hereditary Disorders Act for persons who elect to have, and pay, for the additional screening.

(c) The department shall charge a fee for the additional screening not to exceed the costs of the additional screening. Any fees collected to support the program shall be deposited in the Genetic Disease Testing Fund.

(d) The additional genetic conditions for which testing may be provided under this program may include, but need not be limited to, any of the following:

(1) Adenosine deaminase deficiency.
(2) Arginase deficiency.
(3) Biotinidase deficiency.
(4) Congenital adrenal hyperplasia.
(5) Cystic fibrosis.
(6) Duchenne-Becker muscular dystrophy.
(7) Glucose-6-phosphate dehydrogenase.
(8) Homocystinuria.
(9) Maple Syrup Urine Disease.

(10) Acute neonatal citrullinemia.
(11) Pyroglutamic aciduria.
(12) Medium chain ACYL-COA dehydrogenase and other fatty acid oxidation disorders.
(13) Methylmalonic acidemias.
(14) Propionic acidemia.
(15) Isovaleric acidemia.
(16) Glutaric acidemia, type I and type II, and other organic acid disorders.

(e) The department shall report to the Legislature regarding the progress of the program by June 30, 2000. The report shall include the costs for screening, followup, and treatment, as compared to the costs and morbidity averted for each condition tested for in the program.

(f) This section shall remain in effect only until January 1, 2002, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2002, deletes or extends that date.

SEC. 2. (a) (1) In order to support the cost of the program provided for in Section 125001 of the Health and Safety Code, as contained in Section 1 of this act, the sum of one million dollars ($1,000,000) is hereby authorized for the fiscal year 1998–99 to be expended by the State Department of Health Services from the unencumbered reserves of the Genetic Disease Testing Fund, which shall cover the cost of equipment, personnel, consultant contracts, and out-of-state travel related to conducting the program.

(2) The expenditure of moneys from this fund for these purposes shall not be subject to Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code. The State Department of Health Services shall provide the Department of Finance with documentation justifying that equipment and services have been obtained at the lowest cost and consistent with technical requirements for a comprehensive high-quality program.

(b) It is the intent of the Legislature that, for subsequent fiscal years, authorization be provided for the use of moneys from the Genetic Disease Testing Fund to cover the cost of the program provided for in Section 125001 of the Health and Safety Code, as contained in Section 1 of this act.

SEC. 3. The Legislature finds and declares that timely implementation of the program provided for in Section 125001 of the Health and Safety Code, as contained in Section 1 of this act, requires expeditious regulatory and administrative procedures to obtain the most cost-effective testing equipment and testing services contracts.

CHAPTER 1012

An act to amend Sections 7113.5 and 7114 of, and to add Sections 7117 and 7118 to, the Government Code, and to amend Sections

17053.45, 17053.46, 17268, 23645, 23646, and 24356.8 of the Revenue and Taxation Code, relating to local agencies.

[Approved by Governor September 29, 1998. Filed with Secretary of State September 30, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 7113.5 of the Government Code is amended to read:

7113.5. When selecting successful applicants for a local agency military base recovery area, the agency shall limit the number of local agency military base recovery areas to eight, which shall be awarded by the following criteria, in addition to the criteria set forth in Section 7111.

(a) The agency shall designate at least one local agency military base recovery area in each region.

(b) If the agency finds that none of the applications in a competition are satisfactory in meeting the selection criteria, the agency shall inform all applicants on the deficiencies in their application and shall reopen competition for a period not to exceed six months. Local governing bodies who originally applied, may reapply in the new competition.

(c) If, after following the procedures specified in (c), the agency determines that there are no applications that are satisfactory, the agency may not designate a local agency military base recovery area.

(d) Eligible bases shall compete for approval of a local agency military base recovery area against other eligible bases. In any event, not less than one area shall be designated from each region.

SEC. 2. Section 7114 of the Government Code is amended to read:

7114. (a) The agency shall design, develop, and make available the applications and the criteria for selection of a local agency military base recovery area, and shall adopt all regulations necessary to carry out this chapter.

(b) The applications, selection criteria, and all necessary regulations for designation shall be adopted by the agency and made available not later than 120 days following the effective date of this chapter.

(c) The agency shall adopt regulations concerning the designation procedures and application process as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2. For the purpose of that chapter, the adoption of the regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, and safety, or general welfare, notwithstanding subdivision (f) of Section 11346.1. Notwithstanding subdivision (e) of Section 11346.1, the regulations shall not remain in effect more than 180 days unless

the agency complies with all provisions of Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 as required by subdivision (e) of Section 11346.1.

SEC. 3. Section 7117 is added to the Government Code, to read:

7117. Notwithstanding any other provision of law, the Office of Small Business shall establish regulations for loans and loan guarantees administered by the office that give high priority to businesses in a local agency military base recovery area.

SEC. 4. Section 7118 is added to the Government Code, to read:

7118. (a) Whenever the state prepares an invitation for bid for a contract for goods in excess of one hundred thousand dollars ($100,000), except a contract in which the worksite is fixed by the provisions of the contract, the state shall award a 5-percent preference to California-based companies who certify under penalty of perjury that no less than 50 percent of the labor required to perform the contract shall be accomplished at a worksite or worksites located in a local agency military base recovery area.

(b) In evaluating proposals for contracts for services in excess of one hundred thousand dollars ($100,000), except a contract in which the worksite is fixed by the provisions of the contract, the state shall award a 5-percent preference on the price submitted by California-based companies who certify under penalty of perjury that they shall perform the contract at a worksite or worksites located in a local agency military base recovery area.

(c) Where a bidder complies with subdivision (a) or (b), the state shall award a 1-percent preference for bidders who shall agree to hire persons living within a local agency military base recovery area equal to 5 to 9 percent of its work force during the period of contract performance; a 2-percent preference for bidders who shall agree to hire persons living within a local agency military base recovery area equal to 10 to 14 percent of its work force during the period of contract performance; a 3-percent preference for bidders who shall agree to hire persons living within a local agency military base recovery area equal to 15 to 19 percent of its work force during the period of contract performance; and a 4-percent preference for bidders who shall agree to hire persons living within a local agency military base recovery area equal to 20 or more percent of its work force during the period of contract performance.

(d) The maximum preference a bidder may be awarded pursuant to this chapter and any other provision of law shall be 15 percent. However, in no case shall the maximum preference cost under this section exceed fifty thousand dollars ($50,000) for any bid, nor shall the combined cost of preferences granted pursuant to this section and any other provision of law exceed one hundred thousand dollars ($100,000). In those cases where the 15-percent cumulated preference cost would exceed the one hundred thousand dollar ($100,000) maximum preference cost limit, the one hundred

thousand dollar ($100,000) maximum preference cost limit shall apply.

(e) Notwithstanding any other provision of this section, small business bidders qualified in accordance with Section 14838 shall have precedence over nonsmall business bidders in that the application of any bidder preference for which nonsmall business bidders may be eligible, including the preference contained in this section, shall not result in the denial of the award to a small business bidder. This subdivision shall apply to those cases where the small business bidder is the lowest responsible bidder, as well as to those cases where the small business bidder is eligible for award as the result of application of the 5-percent small business bidder preference.

(f) All state contracts issued to bidders who are awarded preferences under this section shall contain conditions to ensure that the contractor performs the contract at the location specified and meets any commitment to employ persons with high risk of unemployment.

(g) (1) A business that requests and is given the preference provided for in subdivision (a) or (b) by reason of having furnished a false certification, and that by reason of this certification has been awarded a contract to which it would not otherwise have been entitled, shall be subject to all of the following:

(A) Pay to the state any difference between the contract amount and what the state's cost would have been if the contract had been properly awarded.

(B) In addition to the amount specified in subparagraph (A), be assessed a penalty in an amount of not more than 10 percent of the amount of the contract involved.

(C) Be ineligible to transact any business with the state for a period of not less than three months and not more than 24 months.

(2) Prior to the imposition of any sanction under this subdivision, the business shall be entitled to a public hearing and to five days' notice of the time and place thereof. The notice shall state the reasons for the hearing.

(h) In each instance in this section, a local agency military base recovery area shall also mean any local agency military base recovery area previously authorized under any other provision of state law.

SEC. 5. Section 17053.45 of the Revenue and Taxation Code is amended to read:

17053.45. (a) For each taxable year beginning on or after January 1, 1995, there shall be allowed as a credit against the "net tax" (as defined by Section 17039) an amount equal to the sales or use tax paid or incurred by the taxpayer in connection with the purchase of qualified property to the extent that the qualified property does not exceed a value of one million dollars ($1,000,000).

(b) For purposes of this section:

(1) "LAMBRA" means a local agency military base recovery area designated in accordance with Section 7114 of the Government Code.

(2) "Taxpayer" means a taxpayer that conducts a trade or business within a LAMBRA and, for the first two taxable years, has a net increase in jobs (defined as 2,000 paid hours per employee per year) of one or more employees in the LAMBRA.

(A) The net increase in the number of jobs shall be determined by subtracting the total number of full-time employees (defined as 2,000 paid hours per employee per year) the taxpayer employed in this state in the taxable year prior to commencing business operations in the LAMBRA from the total number of full-time employees the taxpayer employed in this state during the second taxable year after commencing business operations in the LAMBRA. For taxpayers who commence doing business in this state with their LAMBRA business operation, the number of employees for the taxable year prior to commencing business operations in the LAMBRA shall be zero. If the taxpayer has a net increase in jobs in the state, the credit shall be allowed only if one or more full-time employees is employed within the LAMBRA.

(B) The total number of employees employed in the LAMBRA shall equal the sum of both of the following:

(i) The total number of hours worked in the LAMBRA for the taxpayer by employees (not to exceed 2,000 hours per employee) who are paid an hourly wage divided by 2,000.

(ii) The total number of months worked in the LAMBRA for the taxpayer by employees who are salaried employees divided by 12.

(C) In the case of a taxpayer who first commences doing business in the LAMBRA during the taxable year, for purposes of clauses (i) and (ii), respectively, of subparagraph (B), the divisors "2,000" and "12" shall be multiplied by a fraction, the numerator of which is the number of months of the taxable year that the taxpayer was doing business in the LAMBRA and the denominator of which is 12.

(3) "Qualified property" means property that is each of the following:

(A) Purchased by the taxpayer for exclusive use in a trade or business conducted within a LAMBRA.

(B) Purchased before the date the LAMBRA designation expires, is no longer binding, or becomes inoperative.

(C) Any of the following:

(i) High technology equipment, including, but not limited to, computers and electronic processing equipment.

(ii) Aircraft maintenance equipment, including, but not limited to, engine stands, hydraulic mules, power carts, test equipment, handtools, aircraft start carts, and tugs.

(iii) Aircraft components, including, but not limited to, engines, fuel control units, hydraulic pumps, avionics, starts, wheels, and tires.

(iv) Section 1245 property, as defined in Section 1245(a)(3) of the Internal Revenue Code.

(c) The credit provided under subdivision (a) shall be allowed only for qualified property manufactured in California unless qualified property of a comparable quality and price is not available for timely purchase and delivery from a California manufacturer.

(d) In the case where the credit otherwise allowed under this section exceeds the "net tax" for the taxable year, that portion of the credit which exceeds the "net tax" may be carried over and added to the credit, if any, in succeeding years, until the credit is exhausted. The credit shall be applied first to the earliest taxable years possible.

(e) Any taxpayer who elects to be subject to this section shall not be entitled to increase the basis of the property as otherwise required by Section 164(a) of the Internal Revenue Code with respect to sales or use tax paid or incurred in connection with the purchase of qualified property.

(f) (1) The amount of credit otherwise allowed under this section and Section 17053.46, including any credit carryover from prior years, that may reduce the "net tax" for the taxable year shall not exceed the amount of tax that would be imposed on the taxpayer's business income attributed to a LAMBRA determined as if that attributable income represented all the income of the taxpayer subject to tax under this part.

(2) The amount of attributed income described in paragraph (1) shall be determined in accordance with the provisions of Chapter 17 (commencing with Section 25101) of Part 11, modified for purposes of this section as follows:

(A) Income shall be apportioned to a LAMBRA by multiplying total business income by a fraction, the numerator of which is the property factor, plus the payroll factor, and the denominator of which is two.

(B) "The LAMBRA" shall be substituted for "this state."

(3) The portion of any credit remaining, if any, after application of this subdivision, shall be carried over to succeeding taxable years, as if it were an amount exceeding the "net tax" for the taxable year, as provided in subdivision (d).

(g) (1) If the qualified property is disposed of or no longer used by the taxpayer in the LAMBRA, at any time before the close of the second taxable year after the property is placed in service, the amount of the credit previously claimed, with respect to that property, shall be added to the taxpayer's tax liability in the taxable year of that disposition or nonuse.

(2) At the close of the second taxable year, if the taxpayer has not increased the number of its employees as determined by paragraph (2) of subdivision (b), then the amount of the credit previously claimed shall be added to the taxpayer's net tax for the taxpayer's second taxable year.

(h) If the taxpayer is allowed a credit for qualified property pursuant to this section, only one credit shall be allowed to the taxpayer under this part with respect to that qualified property.

SEC. 6. Section 17053.46 of the Revenue and Taxation Code is amended to read:

17053.46. (a) For each taxable year beginning on or after January 1, 1995, there shall be allowed as a credit against the "net tax" (as defined in Section 17039) to a qualified taxpayer for hiring a qualified disadvantaged individual or a qualified displaced employee during the taxable year for employment in the LAMBRA. The credit shall be equal to the sum of each of the following:

(1) Fifty percent of the qualified wages in the first year of employment.

(2) Forty percent of the qualified wages in the second year of employment.

(3) Thirty percent of the qualified wages in the third year of employment.

(C) Wages received during the 60-month period beginning with the day the individual commences employment with the taxpayer.

(D) Qualified wages do not include any wages paid or incurred by the qualified taxpayer on or after the LAMBRA expiration date. However, wages paid or incurred with respect to qualified disadvantaged individuals or qualified displaced employees who are employed by the qualified taxpayer within the LAMBRA within the 60-month period prior to the LAMBRA expiration date shall continue to qualify for the credit under this section after the LAMBRA expiration date, in accordance with all provisions of this section applied as if the LAMBRA designation were still in existence and binding.

(A) The net increase in the number of jobs shall be determined by subtracting the total number of full-time employees (defined as 2,000 paid hours per employee per year) the taxpayer employed in this state in the taxable year prior to commencing business operations in the LAMBRA from the total number of full-time employees the taxpayer employed in this state during the second taxable year after commencing business operations in the LAMBRA. (2) If an employer acquires the major portion of a trade or business of another employer (hereinafter in this paragraph referred to as the "predecessor") or the major portion of a separate unit of a trade or business of a predecessor, then, for purposes of applying this section (other than subdivision (d)) for any calendar year ending after that acquisition, the employment relationship between an employee and an employer shall not be treated as terminated if the employee continues to be employed in that trade or business.

(2) (A) Paragraph (1) shall not apply to any of the following:

(i) A termination of employment of an employee who voluntarily leaves the employment of the taxpayer.

(g) In the case where the credit otherwise allowed under this section exceeds the "net tax" for the taxable year, that portion of the credit that exceeds the "net tax" may be carried over and added to

the credit, if any, in succeeding years, until the credit is exhausted. The credit shall be applied first to the earliest taxable years possible.

(h) (1) The amount of credit otherwise allowed under this section and Section 17053.45, including prior year credit carryovers, that may reduce the "net tax" for the taxable year shall not exceed the amount of tax that would be imposed on the taxpayer's business income attributed to a LAMBRA determined as if that attributed income represented all of the net income of the taxpayer subject to tax under this part.

(2) The amount of attributed income described in paragraph (1) shall be determined in accordance with the provisions of Chapter 17 (commencing with Section 25101) of Part 11, modified for purposes of this section as follows:

(4) This section shall not apply to estates and trusts.

For taxpayers who commence doing business in this state with their LAMBRA business operation, the number of employees for the taxable year prior to commencing business operations in the LAMBRA shall be zero. (h) (1) Any amounts deducted under subdivision (a) with respect to property that ceases to be used in the trade or business within a LAMBRA at any time before the close of the second taxable year after the property was placed in service shall be included in income for that year.

(2) At the close of the second taxable year, if the taxpayer has not increased the number of its employees as determined by paragraph

(2) of subdivision (e), then the amount of the deduction previously claimed shall be added to the taxpayer's taxable income for the taxpayer's second taxable year.

(i) Any taxpayer who elects to be subject to this section shall not be entitled to claim for the same property the deduction under Section 179 of the Internal Revenue Code, relating to an election to expense certain depreciable business assets.

For taxpayers who commence doing business in this state with their LAMBRA business operation, the number of employees for the income year prior to commencing business operations in the LAMBRA shall be zero. If the taxpayer has a net increase in jobs in the state, the credit shall be allowed only if one or more full-time employees is employed within the LAMBRA.

The credit shall be applied first to the earliest income years possible.

(2) At the close of the second income year, if the taxpayer has not increased the number of its employees as determined by paragraph (2) of subdivision (b), then the amount of the credit previously claimed shall be added to the taxpayer's tax for the taxpayer's second income year.

(h) If the taxpayer is allowed a credit for qualified property pursuant to this section, only one credit shall be allowed to the taxpayer under this part with respect to that qualified property.

In the interest of public safety and consumer awareness, it shall be unlawful for any person to use the title "nurse" in reference to himself or herself and in any capacity, except for an individual who is a registered nurse, or a licensed vocational nurse, or as otherwise provided in Section 2800. Nothing in this section shall prohibit a certified nurse's aide from using his or her title. For purposes of this article, "health care practitioner" means any person who engages in acts that are the subject of licensure or regulation under this division or under any initiative act referred to in this division.

SEC. 2. Section 5251 of the Welfare and Institutions Code is amended to read:

5251. For a person to be certified under this article, a notice of certification shall be signed by two people. The first person shall be the professional person, or his or her designee, in charge of the agency or facility providing evaluation services. A designee of the professional person in charge of the agency or facility shall be a

physician or a licensed psychologist who has a doctoral degree in psychology and at least five years of postgraduate experience in the diagnosis and treatment of emotional and mental disorders.

The second person shall be a physician or psychologist who participated in the evaluation. The physician shall be, if possible, a board certified psychiatrist. The psychologist shall be licensed and have at least five years of postgraduate experience in the diagnosis and treatment of emotional and mental disorders.

If the professional person in charge, or his or her designee, is the physician who performed the medical evaluation or a psychologist, the second person to sign may be another physician or psychologist unless one is not available, in which case a licensed clinical social worker or a registered nurse who participated in the evaluation shall sign the notice of certification.

CHAPTER 1014

An act to add Chapter 2.3 (commencing with Section 16135) to Part 4 of Division 9 of the Welfare and Institutions Code, relating to human services, and making an appropriation therefor.

[Approved by Governor September 29, 1998. Filed with Secretary of State September 30, 1998.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The Governor has implemented an adoption initiative that is aimed at increasing the number of adoptions of children who would otherwise remain in long-term foster care.

(b) Public Law 105-89, the Adoption and Safe Families Act of 1997, was signed into law in 1997 and includes provisions for implementing President Clinton's December 14, 1996, Executive Memorandum on Adoption that articulated the goal of doubling by the year 2002 the number of children adopted or placed in other permanent homes each year.

(c) Children with prenatal drug exposure are disproportionately represented in the foster care system and may be considered hard-to-place for purposes of adoption. Many of these children are born prematurely, remaining in hospitals almost five times as long as normal newborns. Many suffer long-term effects of drug exposure, requiring special education. Many may have developmental and behavioral problems and learning disabilities for which appropriate interventions must be provided.

(d) From 1995 to 1997, the United States Department of Health and Human Services' Administration on Children, Youth and

Families funded a demonstration project awarded jointly to the Los Angeles County Department of Children and Family Services, Adoptions Division, and the UCLA Center for Healthier Children, Families and Communities. The goal of this program, known as TIES for Adoption, was to promote the successful adoption and healthy growth and development of infants and children who were prenatally exposed to alcohol or other drugs. The program's final evaluation substantiated its success in achieving this goal.

(e) The TIES for Adoption program has been proven to help the effort to ensure successful adoptions of drug- and alcohol-exposed children who would otherwise remain in foster care or experience disruptions of their adoptive placements.

SEC. 2. Chapter 2.3 (commencing with Section 16135) is added to Part 4 of Division 9 of the Welfare and Institutions Code, to read:

CHAPTER 2.3. ADOPTION OF ALCOHOL- AND DRUG-EXPOSED AND HIV POSITIVE CHILDREN

16135. The purpose of this chapter is to establish a program for special training and services to facilitate the adoption of children who are HIV positive, or born to a substance-abusing mother. This program shall be available to any county that requests participation pursuant to procedures established by the department to the extent funds are appropriated through the annual Budget Act. Nothing in this chapter shall authorize the use of state funds appropriated for any other purpose to be used in this program.

16135.1. (a) "Eligible child" means any child who meets the requirements of paragraph (1) or (2), and paragraph (3).

(1) Any child who has a condition or symptoms resulting from, or are suspected as resulting from, alcohol or substance abuse by the mother.

(2) Any child who is HIV positive.

(3) Any child who meets the requirements of either paragraph (1) or (2) and who meets all of the following requirements:

(A) The child is a dependent child of the court.

(B) The child has an adoption case plan and resides with a preadoptive or adoptive caregiver, or the plan is to transition and move the child to a preadoptive or adoptive caregiver.

(b) "TIES for Adoption" means Training, Intervention, Education, and Services for Adoption, a training project developed and implemented by the Adoptions Division of the Los Angeles County Department of Children's Services, the UCLA Center for Healthier Children, Families, and Communities, and the UCLA Psychology Department, a demonstration project funded by the Federal Adoption Opportunities Program from September 30, 1995, to December 31, 1997, inclusive.

(c) "HIV positive" means having a human immunodeficiency virus infection.

(d) "Specialized in-home health care" means, but is not limited to, those services identified by the child's primary physician as appropriately administered by a prospective adoptive parent who has been trained by mental health or health care professionals.

16135.10. (a) In order to promote successful adoptions of substance and alcohol exposed court dependent children, the department shall establish a program of specialized training and supportive services to families adopting court dependent children who are either HIV positive or assessed as being prenatally exposed to alcohol or a controlled substance.

(b) The program shall include respite services. Notwithstanding any other provision of law, respite services shall be funded with a 30 percent nonfederal county share consistent with the normal sharing ratio for child welfare services. This county share may be provided with county general funds, in-kind contributions, or other funds not appropriated by the Budget Act. The source of the county share shall meet all applicable state and federal requirements and provide counties with maximum flexibility.

16135.13. (a) A participating county shall provide special training to recruited adoptive parents to care for eligible children. The training curriculum shall include, but is not limited to, all of the following:

(1) Orientation.

(2) Effect of alcohol and controlled substances on the fetus and children.

(3) Normal and abnormal infant and early childhood development.

(4) Special medical needs and disabilities.

(5) Recovery from addiction to alcohol and controlled substances.

(6) Self-care for the caregiver.

(7) HIV/AIDS in children.

(8) Issues in parenting and providing lifelong permanency and substance abuse prevention to, children with prenatal alcohol and other controlled substances exposure.

(9) Issues specific to caring for a child who tests HIV positive.

(b) Participating counties may provide the same special training to relative caretakers in the process of adopting program-eligible children.

16135.14. (a) The county shall determine whether a child is eligible for services pursuant to this section.

(b) A participating county shall select a specialized prospective adoptive home for the child.

(c) If an eligible child's adoptive placement changes from one participating county to another participating county, the child shall remain eligible for services.

16135.16. (a) In order to receive funding, all participating counties shall submit and have an approved plan that is in compliance with the policies and procedures established by the department.

(b) The requirements of this section may be met by the implementation of the TIES for Adoption program as defined in Subdivision (b) of Section 16135.1.

16135.17. Participating counties shall prepare an adoption services case plan pursuant to regulations adopted by the department and arrange for nonmedical support services. Nonmedical support services shall include respite care for specially trained prospective adoptive parents, including relative caretakers, pursuant to regulations adopted by the department. Nonmedical support services may also include, but are not limited to, temperament and behavior management training, consultation regarding medical and psychological issues and services, and educational advocacy.

16135.25. The department shall do all of the following:

(a) Develop necessary procedures and standardized programs for a specialized adoptive home training project.

(b) Assist counties in coordinating sources of funding and services available to eligible children in order to maximize the social services provided to these children and avoid duplication of program funding.

(c) Require that participating counties coordinate available services for this population and their adoptive families.

(d) Provide to a requesting county information necessary to establish a program.

16135.26. If a participating county has an existing contract for the provision of services provided for under this chapter, that contract may be continued through the 1998–99 state fiscal year.

16135.30. (a) Notwithstanding any other provision of law, subdivisions (b) and (c) shall control the placement of a child pursuant to this chapter.

(b) A county may place children who are alcohol or controlled substance exposed or HIV positive in prospective adoptive homes pursuant to Chapter 3 (commencing with Section 1500) of Division 2 of the Health and Safety Code.

(c) If a county makes a placement pursuant to subdivision (b), a preadoptive parent trained by health care professionals may provide specialized in-home health care to that child who was placed in their home for the purpose of adoption.

SEC. 3. The sum of one million dollars ($1,000,000) is hereby appropriated from the General Fund to the State Department of Social Services to implement Chapter 2.3 (commencing with Section 16135) of Part 4 of Division 9 of the Welfare and Institutions Code.

CHAPTER 1015

An act to amend Sections 1317.1 and 1371.4 of the Health and Safety Code, relating to health care service plans.

[Approved by Governor September 29, 1998. Filed with Secretary of State September 30, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 1317.1 of the Health and Safety Code is amended to read:

1317.1. Unless the context otherwise requires, the following definitions shall control the construction of this article and Section 1371.4:

(a) "Emergency services and care" means medical screening, examination, and evaluation by a physician, or, to the extent permitted by applicable law, by other appropriate personnel under the supervision of a physician, to determine if an emergency medical condition or active labor exists and, if it does, the care, treatment, and surgery by a physician necessary to relieve or eliminate the emergency medical condition, within the capability of the facility.

(b) "Emergency medical condition" means a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that the absence of immediate medical attention could reasonably be expected to result in any of the following:

(1) Placing the patient's health in serious jeopardy.

(2) Serious impairment to bodily functions.

(3) Serious dysfunction of any bodily organ or part.

(c) "Active labor" means a labor at a time at which either of the following would occur:

(1) There is inadequate time to effect safe transfer to another hospital prior to delivery.

(2) A transfer may pose a threat to the health and safety of the patient or the unborn child.

(d) "Hospital" means all hospitals with an emergency department licensed by the state department.

(e) "State department" means the State Department of Health Services.

(f) "Medical hazard" means a material deterioration in medical condition in, or jeopardy to, a patient's medical condition or expected chances for recovery.

(g) "Board" means the Medical Board of California.

(h) "Within the capability of the facility" means those capabilities which the hospital is required to have as a condition of its emergency medical services permit and services specified on Services Inventory Form 7041 filed by the hospital with the Office of Statewide Health Planning and Development.

(i) "Consultation" means the rendering of an opinion, advice, or prescribing treatment by telephone and, when determined to be medically necessary jointly by the emergency and specialty physicians, includes review of the patient's medical record, examination, and treatment of the patient in person by a specialty

physician who is qualified to give an opinion or render the necessary treatment in order to stabilize the patient.

(j) An patient is "stabilized" or "stabilization" has occurred when, in the opinion of the treating provider, the patient's medical condition is such that, within reasonable medical probability, no material deterioration of the patient's condition is likely to result from, or occur during, a transfer of the patient as provided for in Section 1317.2, Section 1317.2a, or other pertinent statute.

SEC. 2. Section 1371.4 of the Health and Safety Code is amended to read:

1371.4. (a) A health care service plan, or its contracting medical providers, shall provide 24-hour access for enrollees and providers to obtain timely authorization for medically necessary care, for circumstances where the enrollee has received emergency services and care is stabilized, but the treating provider believes that the enrollee may not be discharged safely. A physician and surgeon shall be available for consultation and for resolving disputed requests for authorizations. A health care service plan that does not require prior authorization as a prerequisite for payment for necessary medical care following stabilization of an emergency medical condition or active labor need not satisfy the requirements of this subdivision.

(b) A health care service plan shall reimburse providers for emergency services and care provided to its enrollees, until the care results in stabilization of the enrollee, except as provided in subdivision (c). As long as federal or state law requires that emergency services and care be provided without first questioning the patient's ability to pay, a health care service plan shall not require a provider to obtain authorization prior to the provision of emergency services and care necessary to stabilize the enrollee's emergency medical condition.

(c) Payment for emergency services and care may be denied only if the health care service plan reasonably determines that the emergency services and care were never performed; provided that a health care service plan may deny reimbursement to a provider for a medical screening examination in cases when the plan enrollee did not require emergency services and care and the enrollee reasonably should have known that an emergency did not exist. A health care service plan may require prior authorization as a prerequisite for payment for necessary medical care following stabilization of an emergency medical condition.

(d) If there is a disagreement between the health care service plan and the provider regarding the need for necessary medical care, following stabilization of the enrollee, the plan shall assume responsibility for the care of the patient either by having medical personnel contracting with the plan personally take over the care of the patient within a reasonable amount of time after the disagreement, or by having another general acute care hospital under contract with the plan agree to accept the transfer of the

patient as provided in Section 1317.2, Section 1317.2a, or other pertinent statute. However, this requirement shall not apply to necessary medical care provided in hospitals outside the service area of the health care service plan. If the health care service plan fails to satisfy the requirements of this subdivision, further necessary care shall be deemed to have been authorized by the plan. Payment for this care may not be denied.

(e) A health care service plan may delegate the responsibilities enumerated in this section to the plan's contracting medical providers.

(f) Subdivisions (b), (c), (d), (g), and (h) shall not apply with respect to a health care service plan that has 3,500,000 enrollees and maintains a prior authorization system which includes the availability by telephone within 30 minutes of an emergency physician who is on duty at an emergency department of a general acute care hospital.

(g) The Department of Corporations shall adopt by July 1, 1995, on an emergency basis, regulations governing instances when an enrollee requires medical care following stabilization of an emergency medical condition, including appropriate timeframes for a health care service plan to respond to requests for treatment authorization.

(h) The Department of Corporations shall adopt, by July 1, 1999, on an emergency basis, regulations governing instances when an enrollee in the opinion of the treating provider requires necessary medical care following stabilization of an emergency medical condition, including appropriate timeframes for a health care service plan to respond to a request for treatment authorization from a treating provider who has a contract with a plan.

(i) The definitions set forth in Section 1317.1 shall control the construction of this section.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative on the same date that the act takes effect pursuant to the California Constitution.

CHAPTER 1016

An act to amend Sections 1371.4 and 1797.98f of the Health and Safety Code, relating to emergency medical services.

[Approved by Governor September 29, 1998. Filed with Secretary of State September 30, 1998.]

The people of the State of California do enact as follows:

SECTION 1. Section 1371.4 of the Health and Safety Code is amended to read:

1371.4. (a) A health care service plan, or its contracting medical providers, shall provide 24-hour access for enrollees and providers to obtain timely authorization for medically necessary care, for circumstances where the enrollee has received emergency services and care as defined in Section 1317.1, is stabilized, but the treating provider believes that the enrollee may not be transferred or discharged safely. A physician and surgeon shall be available for consultation and for resolving disputed requests for authorizations. A health care service plan that does not require prior authorization as a prerequisite for payment for necessary medical care following stabilization of an emergency condition need not satisfy the requirements of this subdivision.

(b) A health care service plan shall reimburse providers for emergency services and care, as defined in Section 1317.1, provided to its enrollees, until the care results in stabilization of the enrollee, except as provided in subdivision (c).

(c) Payment for emergency services and care may be denied only if the health care service plan reasonably determines that the emergency services and care were never performed; provided that a health care service plan may deny reimbursement to a provider for a medical screening examination in cases when the plan enrollee did not require emergency services and care and the enrollee reasonably should have known that an emergency did not exist. As long as federal or state law requires that emergency services and care be provided without first questioning the patient's ability to pay, a health care service plan shall not require a provider to obtain authorization prior to the provision of emergency services and care.

(d) If there is a disagreement between the health care service plan and the provider regarding the need for necessary medical care, the plan shall assume responsibility for the care of the patient either by having its medical personnel personally take over the case of the patient within a reasonable amount of time after the disagreement, or by having a general acute care hospital under contract with the plan agree to accept the transfer of the patient as provided in Section 1317.2, Section 1317.2a, or other pertinent statute. However, this requirement shall not apply to necessary medical care provided in

hospitals outside the service area of the health care service plan. If the health care service plan fails to satisfy the requirements of this subdivision, further necessary care shall be deemed to have been authorized by the plan. Payment for this care may not be denied.

(e) A health care service plan may delegate the responsibilities enumerated in this section to the plan's contracting medical providers.

(f) Subdivisions (b), (c), (d), and (g) shall not apply with respect to either a provider with which the health care service plan has a contract that includes the provision of emergency services and care and necessary medical care or to a nonprofit health care service plan that has 3,500,000 enrollees and maintains a prior authorization system that includes the availability by telephone within 30 minutes of a practicing emergency department physician.

(g) The Department of Corporations shall adopt by July 1, 1995, on an emergency basis, regulations governing instances when an enrollee requires medical care following stabilization of an emergency condition, including appropriate timeframes for a health care service plan to respond to requests for treatment authorization.

SEC. 2. Section 1371.4 of the Health and Safety Code is amended to read:

1371.4. (a) A health care service plan, or its contracting medical providers, shall provide 24-hour access for enrollees and providers to obtain timely authorization for medically necessary care, for circumstances where the enrollee has received emergency services and care is stabilized, but the treating provider believes that the enrollee may not be discharged safely. A physician and surgeon shall be available for consultation and for resolving disputed requests for authorizations. A health care service plan that does not require prior authorization as a prerequisite for payment for necessary medical care following stabilization of an emergency medical condition or active labor need not satisfy the requirements of this subdivision.

(b) A health care service plan shall reimburse providers for emergency services and care provided to its enrollees, until the care results in stabilization of the enrollee, except as provided in subdivision (c). As long as federal or state law requires that emergency services and care be provided without first questioning the patient's ability to pay, a health care service plan shall not require a provider to obtain authorization prior to the provision of emergency services and care necessary to stabilize the enrollee's emergency medical condition.

(c) Payment for emergency services and care may be denied only if the health care service plan reasonably determines that the emergency services and care were never performed; provided that a health care service plan may deny reimbursement to a provider for a medical screening examination in cases when the plan enrollee did not require emergency services and care and the enrollee reasonably should have known that an emergency did not exist. A health care

service plan may require prior authorization as a prerequisite for payment for necessary medical care following stabilization of an emergency medical condition.

(d) If there is a disagreement between the health care service plan and the provider regarding the need for necessary medical care, following stabilization of the enrollee, the plan shall assume responsibility for the care of the patient either by having medical personnel contracting with the plan personally take over the care of the patient within a reasonable amount of time after the disagreement, or by having another general acute care hospital under contract with the plan agree to accept the transfer of the patient as provided in Section 1317.2, Section 1317.2a, or other pertinent statute. However, this requirement shall not apply to necessary medical care provided in hospitals outside the service area of the health care service plan. If the health care service plan fails to satisfy the requirements of this subdivision, further necessary care shall be deemed to have been authorized by the plan. Payment for this care may not be denied.

(e) A health care service plan may delegate the responsibilities enumerated in this section to the plan's contracting medical providers.

(f) Subdivisions (b), (c), (d), (g), and (h) shall not apply with respect to a nonprofit health care service plan that has 3,500,000 enrollees and maintains a prior authorization system that includes the availability by telephone within 30 minutes of a practicing emergency department physician.

(g) The Department of Corporations shall adopt by July 1, 1995, on an emergency basis, regulations governing instances when an enrollee requires medical care following stabilization of an emergency medical condition, including appropriate timeframes for a health care service plan to respond to requests for treatment authorization.

(h) The Department of Corporations shall adopt, by July 1, 1999, on an emergency basis, regulations governing instances when an enrollee in the opinion of the treating provider requires necessary medical care following stabilization of an emergency medical condition, including appropriate timeframes for a health care service plan to respond to a request for treatment authorization from a treating provider who has a contract with a plan.

(i) The definitions set forth in Section 1317.1 shall control the construction of this section.

SEC. 3. Section 1797.98f of the Health and Safety Code is amended to read:

1797.98f. Notwithstanding any other provision of this chapter, an emergency physician and surgeon, or an emergency physician group, with a gross billings arrangement with a hospital shall be entitled to receive reimbursement from the Emergency Medical

Services Fund for services provided in that hospital, if all of the following conditions are met:

(a) The services are provided in a basic or comprehensive general acute care hospital emergency department, or in a standby emergency department in a small and rural hospital as defined in Section 124840.

(b) The physician and surgeon is not an employee of the hospital.

(c) All provisions of Section 1797.98c are satisfied, except that payment to the emergency physician and surgeon, or an emergency physician group, by a hospital pursuant to a gross billings arrangement shall not be interpreted to mean that payment for a patient is made by a responsible third party.

(d) Reimbursement from the Emergency Medical Services Fund is sought by the hospital or the hospital's designee, as the billing and collection agent for the emergency physician and surgeon, or an emergency physician group.

For purposes of this section, a "gross billings arrangement" is an arrangement whereby a hospital serves as the billing and collection agent for the emergency physician and surgeon, or an emergency physician group, and pays the emergency physician and surgeon, or emergency physician group, a percentage of the emergency physician and surgeon's or group's gross billings for all patients.

SEC. 4. Section 2 of this bill incorporates amendments to Section 1371.4 of the Health and Safety Code proposed by both this bill and AB 682. It shall only become operative if (1) both bills are enacted and become effective on January 1, 1999, (2) each bill amends Section 1371.4 of the Health and Safety Code, and (3) this bill is enacted after AB 682, in which case Section 1 of this bill shall not become operative.

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because in that regard this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

Notwithstanding Section 17580 of the Government Code, unless otherwise specified, the provisions of this act shall become operative

on the same date that the act takes effect pursuant to the California Constitution.

(3) Except as otherwise specifically provided in this section, county remittances specified in paragraphs (1) and (2) shall not be increased in subsequent years.

(4) Except for those counties with a population of 70,000, or less, on January 1, 1996, the amount a county is required to remit pursuant to paragraph (1) shall be adjusted by the amount equal to any adjustment resulting from the procedures in subdivisions (c) and (d) of Section 77201 as that section read on June 30, 1998, to the extent a county filed an appeal with the Controller with respect to the findings made by the Department of Finance. This paragraph shall not be construed to establish a new appeal process beyond what was provided by Section 77201, as that section read on June 30, 1998.

(5) Any change in statute or rule of court that either reduces the bail schedule or redirects or reduces a county's portion of fee, fine, and forfeiture revenue to an amount that is less than (A) the fees, fines, and forfeitures retained by that county, and (B) the county's portion of fines and forfeitures transmitted to the state in the 1994–95 fiscal year, shall reduce that county's remittance specified in paragraph (2) of this subdivision by an equal amount. Nothing in this paragraph is intended to limit judicial sentencing discretion.

(c) Nothing in this section is intended to relieve a county of the responsibility to provide necessary and suitable court facilities pursuant to Section 68073.

(d) Nothing in this section is intended to relieve a county of the responsibility for justice-related expenses not included in Section 77003 which are otherwise required of the county by law, including, but not limited to, indigent defense representation and investigation, and payment of youth authority charges.

(e) County base year remittance requirements specified in paragraph (2) of subdivision (b) incorporate specific reductions to reflect those instances where the Department of Finance has determined that a county's remittance to both the General Fund and the Trial Court Trust Fund during the 1994–95 fiscal year exceeded the aggregate amount of state funding from the General Fund and the Trial Court Trust Fund. The amount of the reduction was determined by calculating the difference between the amount the county remitted to the General Fund and the Trial Court Trust Fund and the aggregate amount of state support from the General Fund and the Trial Court Trust Fund allocated to the county's trial courts. In making its determination of whether a county is entitled to a reduction pursuant to that paragraph, the Department of Finance subtracted from county revenues remitted to the state, all moneys derived from the fee required by Section 42007.1 of the Vehicle Code and the parking surcharge required by subdivision (c) of Section 76000.

(f) Notwithstanding subdivision (e), the Department of Finance shall not reduce a county's base-year remittance requirement, as specified in paragraph (2) of subdivision (b), if the county's trial court funding allocation was modified pursuant to the amendments to the allocation formula set forth in paragraph (4) of subdivision (d) of Section 77200, as amended by Chapter 2 of the Statutes of 1993, to provide a stable level of funding for small county courts in response to reductions in the General Fund support for the trial courts.

(g) In any fiscal year in which a county of the first class pays the employer-paid retirement contribution for court employees, or any other employees of the county who provide a service to the court, and the amounts of those payments are charged to the budget of the courts, the sum the county is required to pay to the state pursuant to paragraph (1) of subdivision (b) shall be increased by the actual amount charged to the trial court up to twenty-three million five

hundred twenty-seven thousand nine hundred forty-nine dollars ($23,527,949) in that fiscal year. The county and the trial court shall report to the Controller and the Department of Finance the actual amount charged in that fiscal year.

(h) This section shall become operative on July 1, 1999.

SEC. 2. Section 77201.3 of the Government Code, as added by Section 6 of Chapter 406 of the Statutes of 1998, is amended to read:

77201.3. (a) The Legislature finds and declares that the delay until July 1, 1998, in adjusting county obligation payments as provided by subdivision (c) of Section 77201, has created a one-time negative fiscal impact to certain counties and shall be mitigated over a multi-year period, except as provided, pursuant to this section.

(b) Except as provided by subdivision (c), for each fiscal year for a three-year period commencing with the 1998–99 fiscal year, a county identified in this subdivision may reduce the amount it was required to remit to the state pursuant to paragraph (1) of subdivision (b) of Section 77201.1, by an amount not to exceed 33.3 percent of the amount identified for that county, as follows:

(c) On or before January 15, 1999, the Department of Finance shall determine if it is feasible to reduce from the amount counties are required to remit to the state for the 1999–2000 fiscal year, pursuant to paragraph (1) of subdivision (b) of Section 77201.1, the entire amount in subdivision (b) for each specified county.

(1) If the Department of Finance determines that it is feasible to allow for the full reduction of the amounts in subdivision (b) in the 1999–2000 fiscal year, then (A) the amounts identified in subdivision (b) shall be evenly credited to the payments in the 1999–2000 fiscal year that counties identified in subdivision (b) are required to remit to the state pursuant to paragraph (1) of subdivision (b) of Section 77201.1, and (B) subdivision (b) shall no longer be operative.

(2) If the Department of Finance determines that it is not feasible to allow for the full reduction of the amounts in subdivision (b) in the 1999–2000 fiscal year, then the department shall establish and conduct an appeal process for any county listed in subdivision (b) for which the 33.3 percent reduction over a three-year period pursuant to subdivision (b) would significantly contribute to extreme financial hardship on the county. The appeal process shall permit any county listed in subdivision (b) to submit a written appeal to the department, no later than February 15, 1999, that sets forth the circumstances that would make the provisions of subdivision (b) financially unfeasible and significantly contribute to extreme hardship for the applicant county. The department shall complete its review and make a final decision concerning all applications no later than April 1, 1999. The decision of the department shall be final and not be subject to further appeal. A written copy of the decision shall be provided to the affected county and to the chairs of the fiscal committees of the Legislature.

If the department finds that the 33.3 percent reduction over a three-year period would cause extreme financial hardship on the county submitting an appeal, then the full amount for that county specified in subdivision (b) shall be evenly credited to the payments in the 1999–2000 fiscal year that the county was required to remit to the state pursuant to paragraph (1) of subdivision (b) of Section 77201.1.

(d) For purposes of determining whether a county would suffer extreme financial hardship pursuant to paragraph (2) of subdivision

(c), the criteria considered by the Department of Finance shall include, but not be limited to, whether the applicant county had:

(1) Below average statewide growth in general purpose revenue.

(2) Below average statewide growth in property tax assessed valuation.

(3) Above average statewide unemployment rate.

(4) Above average statewide growth in program expenditures.

(5) Extraordinary local costs caused by natural disasters.

(6) Current finding of financial distress from the Commission on State Mandates with regard to the general assistance program under Section 17000 of the Welfare and Institutions Code.

(7) Other criteria, as determined by the department, which demonstrates financial hardship.

(e) (1) Under no circumstance shall the total reduction for a county pursuant to this section exceed the amount identified for that county in subdivision (b). Pursuant to subdivision (a), the above amounts are intended to mitigate the one-time negative fiscal impact to specified counties as a result of subdivision (e) of Section 77201 and are not subject to appeal. Except as provided in paragraph (2), this section shall not apply to any county whose remittance to the state under paragraph (1) of subdivision (b) of Section 77201.1, is zero in the 1999–2000 fiscal year.

(2) This section shall apply to a county (A) that will have its remittance to the state under paragraph (1) of subdivision (b) of Section 77201.1 reduced to zero in the 1999–2000 fiscal year and (B) for which the amount listed in subdivision (b) of this section is greater than the amount the county was required to remit to the state under subdivision (h) of Section 77201.1 as amended by Section 4 of Chapter 406 of the Statutes of 1998, in which case the provisions set forth in subdivision (c) shall apply to that county if the county submits an appeal pursuant to that subdivision. For any county eligible under this paragraph, the Department of Finance may approve a reduction that is equal to or less than the amount specified for that county in subdivision (b). The reduction approved shall be reduced from the amount specified for that county in paragraph (2) of subdivision (b) of Section 77201.1 for the 1998–99 fiscal year only.

(f) It is the intent of the Legislature that support for state trial court funding not be impacted as a result of this section.

(g) This section shall be repealed on January 1, 2002.

SEC. 3. There is hereby appropriated the sum of sixteen million five hundred fifty-nine thousand dollars ($16,559,000) for transfer from the General Fund to the Trial Court Trust Fund in augmentation of Item 0450-111-0001 of the Budget Act of 1998.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure an orderly transition to state trial court funding and enough funding to support appropriations contained in the 1998 Budget Act for the purpose of supporting the administration of justice throughout the State of California, it is necessary that this act go into effect immediately.

CHAPTER 1018

An act relating to health, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1998. Filed with Secretary of State September 30, 1998.]

On this date I have signed Senate Bill No. 687.

This bill would appropriate funds for breast cancer early detection services, primary care clinics, and children's medical treatment.

I have reduced the appropriation in Section 1 (b) from $7,209,000 to $3,661,000, the amount needed to maintain the Expanded Access to Primary Care Program (EAPC) at its current level.

I have deleted the $1,800,000 appropriation in Section 1 (c) for the Children's Treatment Program. This program has historically been funded with Proposition 99 revenues. As the Proposition 99 revenues continue to decline, the pressure to replace that revenue with General Fund will increase. Any decision to replace those Proposition 99 revenues should be considered as part of a broader policy discussion.

PETE WILSON, Governor

The people of the State of California do enact as follows:

SECTION 1. There is hereby appropriated the sum of thirteen million two hundred eighteen thousand dollars ($13,218,000) as follows:

(a) The sum of four million two hundred nine thousand dollars ($4,209,000) from the Unallocated Account in the Cigarette and Tobacco Products Surtax Fund, to the State Department of Health Services to fund the Breast Cancer Early Detection Program. Of this amount, seven hundred ninety-four thousand dollars ($794,000) is allocated for support, in augmentation of Item 4260-001-0236, and three million four hundred fifteen thousand dollars ($3,415,000) is allocated for local assistance, in augmentation of Item 4260-111-0236, of the Budget Act of 1998, Chapter 324 of the Statutes of 1998.

(b) The sum of seven million two hundred nine thousand dollars ($7,209,000) from the General Fund to the State Department of Health Services for the Expanded Access to Primary Care Program provided for by Article 2 (commencing with Section 124900) of Chapter 7 of Part 1 of Division 106 of the Health and Safety Code in augmentation of local assistance Item 4260-111-001 of the Budget Act of 1998.

(c) The sum of one million eight hundred thousand dollars ($1,800,000) from the General Fund to the State Department of Health Services for deposit in the CHDP Treatment Account established pursuant to Section 16934.5 of the Welfare and Institutions Code for the provisions of health care services in the Children's Treatment Program.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to timely apply the funding contained in this act to the 1998–99 fiscal year, it is necessary that this act take effect immediately.

SECTION 1. Section 42871 of the Public Resources Code is amended to read:

42871. (a) The board shall administer a tire recycling program that promotes and develops alternatives to the landfill disposal of used whole tires.

(b) Notwithstanding Section 7550.5 of the Government Code, the board shall submit a preliminary waste tire report, together with recommendations for legislation, to the Legislature and the

Governor not later than May 1, 1999, and a final report on these matters to the Legislature and the Governor not later than June 30, 1999. The board shall convene a working group of affected parties to assist the board in the development of this report and any proposed recommendations for legislation. The report shall include a status report with respect to waste tires in California, as well as an examination of programs needed to provide sustainable end uses for the waste tires generated in California and the reduction of existing waste tire stockpiles. The report shall include, but need not be limited to, the following elements:

(A) The use of retreaded tires on state-owned vehicles pursuant to the Retreaded Tire Program (Chapter 7 (commencing with Section 42400)), which shall be reported to the board by the Department of General Services.

(B) The use of tires as paving materials in state projects pursuant to Chapter 14 (commencing with Section 42700), which shall be reported to the board by the Department of Transportation.

(C) Waste tire facilities conducting business pursuant to Chapter 16 (commencing with Section 42800).

(D) Storage of tires at landfills, tire recycling, the tire recycling fee, and the use of recycled tire products by state agencies pursuant to Chapter 17 (commencing with Section 42860).

(F) The board's progress in meeting the intent of subdivision (a) of Section 42870 to reduce the landfill disposal and stockpiling of used whole tires by 25 percent within four years beginning in 1991.

(2) A critical analysis of proposed strategies and resources necessary to eliminate stockpiles of waste tires, protect public health and the environment, and increase sustainable economic markets for waste tires in California. The report shall also include an estimate of waste tires imported from other states for use or disposal in this state, including options and recommendations, as appropriate, to remedy the adverse impacts, if any, of imported waste tires on the achievement of the waste tire management goals of the state.

(3) The board, in consultation with the tire manufacturing industry, shall include a component in the report on the activities of tire manufacturers in addressing the recycling and disposal of waste tires.

SEC. 2. Section 42885 of the Public Resources Code is amended to read:

42885. (a) Every person who purchases a new tire, as defined in subdivision (c), from a retail seller of new tires shall pay a fee of

twenty-five cents ($0.25) per tire to the seller. The retail seller shall collect the fee at the time of sale, may retain 10 percent of the fee as reimbursement for any costs associated with the collection of the fee, and shall remit the remainder to the state on a quarterly schedule for deposit in the California Tire Recycling Management Fund, which is hereby created in the State Treasury.

(b) The board, or its agent authorized pursuant to Section 42882, shall be reimbursed for its costs of collection, auditing, and refunds associated with the California Tire Recycling Management Fund, but not to exceed 3 percent of the total annual revenue deposited in the fund.

(c) For purposes of this section, "new tire" means a pneumatic or solid tire intended for use with on-road or off-road motor vehicles, motorized equipment, construction equipment, or farm equipment that is sold separately from the motor vehicle, motorized equipment, construction equipment, or farm equipment. "New tire" does not include retreaded or recycled tires or tires that are mounted on wheels and sold as part of a vehicle or equipment.

(d) This section shall remain in effect only until January 1, 2001, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2001, deletes or extends that date.

SEC. 3. It is the intent of the Legislature that in expending funds from the California Tire Recycling Management Fund during the 1999–2000 fiscal year pursuant to Section 42889 of the Public Resources Code, the California Integrated Waste Management Board emphasize the purposes of permitting, enforcement, and cleanup.

CHAPTER 1022

An act to add and repeal Section 33319.6 to the Education Code, relating to education, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 30, 1998. Filed with Secretary of State September 30, 1998.]

I am signing Assembly Bill No. 2274 with a deletion.

This bill would require the State Department of Education to collect and summarize data on pupil achievement, outcomes, and characteristics for all alternative education programs in addition to data on their funding from various sources, and appropriate $100,000 to the Department of Education for this purpose.

It is my understanding that this bill is in response to my veto of AB 792 (Havice), a 1997 bill that would have established a method to equalize continuation school funding. In my veto message for AB 729, I stated that we needed information on what impact, if any, the different rates of continuation school funding are producing in student outcomes and achievement. The data collection described in this bill would address many of the concerns raised in my veto of AB 729 and could provided the basis for a meaningful evaluation of continuation school funding and effectiveness.

Although I am signing AB 2274, I am deleting Section 2 in its entirety, which includes the $100,000 General Fund appropriation. The Department of Education should already be collecting the sort of information described in this bill as part of ongoing program evaluation and administration. But since they have failed to collect the most basic information on these programs, I will support this measure. However, I cannot support providing additional funding for the Department of Education to perform an activity that is already within their existing scope of responsibility.

PETE WILSON, Governor

The people of the State of California do enact as follows:

SECTION 1. Section 33319.6 is added to the Education Code, to read:

33319.6. (a) Commencing with the 1998–99 fiscal year, the State Department of Education shall collect and summarize the data described in subdivision (b) and on or before January 1 of the fiscal year following the fiscal year for which data is collected shall report the results to the State Board of Education, the Governor, the Department of Finance, the Legislative Analyst, the Assembly Committee on Education, and the Senate Committee on Education.

(b) The State Department of Education shall collect the following data for all alternative education programs, including, but not limited to, continuation high schools, independent study, and alternative schools:

(1) Student achievement.

(2) Dropout rates.

(3) Pupil expulsions and suspensions.

(4) Return rates of pupils to traditional school settings, including, the regular high school.

(5) High school graduation rates.

(6) Demographic data such as ethnicity, socioeconomic status, gender, as well as data on pupils who are pregnant, parenting, or working while enrolled in school.

(7) State, federal, and local funding.

(8) Other data which the department determines would be useful to review the strengths and weaknesses of alternative education programs.

(c) The Superintendent of Public Instruction shall appoint an advisory committee to assist with the development of the data collection instrument, the review of the data collected, and continued improvement of the data collection system. The committee shall consist of at least one representative each from the Department of Finance, the office of the Legislative Analyst, the statewide associations representing continuation high schools, independent study, school administrators, and teachers. Members of the advisory committee shall serve without compensation, but the State Department of Education shall reimburse members for travel expenses.

(d) This section shall remain in effect only until January 1, 2002, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2002, deletes or extends that date.

SEC. 2. The sum of one hundred thousand dollars ($100,000) is hereby appropriated from the General Fund for the 1998–99 fiscal year to the State Department of Education for the purposes of Section 33319.6 of the Education Code.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

So that data collection and reporting required by this act may take place as soon as possible, it is necessary that this act take effect immediately.

(a) Where the writ is issued for the purpose of inquiring into the validity of any final administrative order or decision made as the result of a proceeding in which by law a hearing is required to be given, evidence is required to be taken, and discretion in the determination of facts is vested in the inferior tribunal, corporation, board, or officer, the case shall be heard by the court sitting without a jury. All or part of the record of the proceedings before the inferior tribunal, corporation, board, or officer may be filed with the petition, may be filed with respondent's points and authorities, or may be ordered to be filed by the court. Except when otherwise prescribed by statute, the cost of preparing the record shall be borne by the petitioner. Where the petitioner has proceeded pursuant to Section 68511.3 of the Government Code and the Rules of Court implementing that section and where the transcript is necessary to a proper review of the administrative proceedings, the cost of preparing the transcript shall be borne by the respondent. Where the party seeking the writ has proceeded pursuant to Section 1088.5, the administrative record shall be filed as expeditiously as possible, and may be filed with the petition, or by the respondent after payment of the costs by the petitioner, where required, or as otherwise directed by the court. If the expense of preparing all or any part of the record has been borne by the prevailing party, the expense shall be taxable as costs.

(b) The inquiry in such a case shall extend to the questions whether the respondent has proceeded without, or in excess of jurisdiction; whether there was a fair trial; and whether there was any prejudicial abuse of discretion. Abuse of discretion is established if the respondent has not proceeded in the manner required by law, the order or decision is not supported by the findings, or the findings are not supported by the evidence.

(c) Where it is claimed that the findings are not supported by the evidence, in cases in which the court is authorized by law to exercise its independent judgment on the evidence, abuse of discretion is established if the court determines that the findings are not supported by the weight of the evidence. In all other cases, abuse of discretion is established if the court determines that the findings are not supported by substantial evidence in the light of the whole record.

(d) Notwithstanding subdivision (c), in cases arising from private hospital boards or boards of directors of districts organized pursuant to The Local Hospital District Law, Division 23 (commencing with Section 32000) of the Health and Safety Code or governing bodies of municipal hospitals formed pursuant to Article 7 (commencing with Section 37600) or Article 8 (commencing with Section 37650) of Chapter 5 of Division 3 of Title 4 of the Government Code, abuse of discretion is established if the court determines that the findings are not supported by substantial evidence in the light of the whole record. However, in all cases in which the petition alleges discriminatory actions prohibited by Section 1316 of the Health and Safety Code, and the plaintiff makes a preliminary showing of substantial evidence in support of that allegation, the court shall exercise its independent judgment on the evidence and abuse of discretion shall be established if the court determines that the findings are not supported by the weight of the evidence.

(e) Where the court finds that there is relevant evidence that, in the exercise of reasonable diligence, could not have been produced or that was improperly excluded at the hearing before respondent, it may enter judgment as provided in subdivision (f) remanding the case to be reconsidered in the light of that evidence; or, in cases in which the court is authorized by law to exercise its independent judgment on the evidence, the court may admit the evidence at the hearing on the writ without remanding the case.

(f) The court shall enter judgment either commanding respondent to set aside the order or decision, or denying the writ. Where the judgment commands that the order or decision be set aside, it may order the reconsideration of the case in the light of the court's opinion and judgment and may order respondent to take such further action as is specially enjoined upon it by law, but the judgment shall not limit or control in any way the discretion legally vested in the respondent.

(g) Except as provided in subdivision (h), the court in which proceedings under this section are instituted may stay the operation of the administrative order or decision pending the judgment of the court, or until the filing of a notice of appeal from the judgment or until the expiration of the time for filing the notice, whichever occurs first. However, no such stay shall be imposed or continued if the court is satisfied that it is against the public interest. The application for the stay shall be accompanied by proof of service of a copy of the application on the respondent. Service shall be made in the manner provided by Title 5 (commencing with Section 405) of Part 2 or Chapter 5 (commencing with Section 1010) of Title 14 of Part 2. If an appeal is taken from a denial of the writ, the order or decision of the agency shall not be stayed except upon the order of the court to which the appeal is taken. However, in cases where a stay is in effect at the time of filing the notice of appeal, the stay shall be continued by operation of law for a period of 20 days from the filing of the notice.

If an appeal is taken from the granting of the writ, the order or decision of the agency is stayed pending the determination of the appeal unless the court to which the appeal is taken shall otherwise order. Where any final administrative order or decision is the subject of proceedings under this section, if the petition shall have been filed while the penalty imposed is in full force and effect, the determination shall not be considered to have become moot in cases where the penalty imposed by the administrative agency has been completed or complied with during the pendency of the proceedings.

(h) (1) The court in which proceedings under this section are instituted may stay the operation of the administrative order or decision of any licensed hospital or any state agency made after a hearing required by statute to be conducted under the Administrative Procedure Act, as set forth in Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, conducted by the agency itself or an administrative law judge on the staff of the Office of Administrative Hearings pending the judgment of the court, or until the filing of a notice of appeal from the judgment or until the expiration of the time for filing the notice, whichever occurs first. However, the stay shall not be imposed or continued unless the court is satisfied that the public interest will not suffer and that the licensed hospital or agency is unlikely to prevail ultimately on the merits. The application for the stay shall be accompanied by proof of service of a copy of the application on the respondent. Service shall be made in the manner provided by Title 5 (commencing with Section 405) of Part 2 or Chapter 5 (commencing with Section 1010) of Title 14 of Part 2.

(2) The standard set forth in this subdivision for obtaining a stay shall apply to any administrative order or decision of an agency that issues licenses pursuant to Division 2 (commencing with Section 500) of the Business and Professions Code or pursuant to the Osteopathic Initiative Act or the Chiropractic Initiative Act. With respect to orders or decisions of other state agencies, the standard in this subdivision shall apply only when the agency has adopted the proposed decision of the administrative law judge in its entirety or has adopted the proposed decision but reduced the proposed penalty pursuant to subdivision (b) of Section 11517 of the Government Code; otherwise the standard in subdivision (g) shall apply.

(3) If an appeal is taken from a denial of the writ, the order or decision of the hospital or agency shall not be stayed except upon the order of the court to which the appeal is taken. However, in cases where a stay is in effect at the time of filing the notice of appeal, the stay shall be continued by operation of law for a period of 20 days from the filing of the notice. If an appeal is taken from the granting of the writ, the order or decision of the hospital or agency is stayed pending the determination of the appeal unless the court to which the appeal is taken shall otherwise order. Where any final administrative order

or decision is the subject of proceedings under this section, if the petition shall have been filed while the penalty imposed is in full force and effect, the determination shall not be considered to have become moot in cases where the penalty imposed by the administrative agency has been completed or complied with during the pendency of the proceedings.

(i) Any administrative record received for filing by the clerk of the court may be disposed of as provided in Sections 1952, 1952.2, and 1952.3.

(j) Effective January 1, 1996, this subdivision shall apply to state employees in State Bargaining Unit 5. Effective June 1, 1998, this subdivision shall apply to state employees in State Bargaining Unit 16. This subdivision shall apply to state employees in State Bargaining Unit 8. For purposes of this section, the court is not authorized to review any disciplinary decisions reached pursuant to Section 19576.1, 19576.2, or 19576.5 of the Government Code.

If any provision of the memorandum of understanding requires the expenditure of funds, those provisions of the memorandum of understanding shall not become effective unless approved by the Legislature in the annual Budget Act. If any provision of the memorandum of understanding requires legislative action to permit its implementation by amendment of any section not cited above, those provisions of the memorandum of understanding shall not become effective unless approved by the Legislature.

SEC. 7. Section 18670 of the Government Code is amended to read:

18670. (a) The board may hold hearings and make investigations concerning all matters relating to the enforcement and effect of this part and rules prescribed hereunder. It may inspect any state

institution, office, or other place of employment affected by this part to ascertain whether this part and the board rules are obeyed.

For purposes of subdivision (a), any discipline, as defined by Section 19576.1, is not subject to either a board investigation or hearing. Board review shall be limited to acceptance or rejection of discipline imposed pursuant to Section 19576.1.

(c) Effective June 1, 1998, this subdivision shall apply only to state employees in State Bargaining Unit 16. For the purposes of subdivision (a), any discipline, as defined by Section 19576.2, is not subject to either a board investigation or hearing.

(d) This subdivision shall apply only to state employees in State Bargaining Unit 8. For the purposes of subdivision (a), any discipline, as defined by the memorandum of understanding or Section 19576.5, is not subject to either a board investigation or hearing.

(2) Notwithstanding paragraph (1), this paragraph shall apply to state employees in State Bargaining Unit 5, 6, 8, or 16. For each entry level class there shall be maintained a general reemployment list consisting of the names of all persons who have occupied positions with probationary or permanent status in the class and who have been legally laid off, demoted in lieu of layoff, or transferred in lieu of layoff.

(b) Within one year from the date of his or her resignation in good standing, or his or her voluntary demotion, the name of an employee who had probationary or permanent status may be placed on the general reemployment list with the consent of the appointing power and the board. The general reemployment list may also contain the names of persons placed thereon by the board in accordance with other provisions of this part.

SEC. 9. Section 19056.5 of the Government Code is amended to read:

19056.5. (a) Notwithstanding any other provision in this part and except as provided in subdivision (b), if the appointment is to be made from a general reemployment list, the names of the three persons with the highest standing on the list shall be certified to the appointing power.

(b) Notwithstanding subdivision (a), this subdivision shall apply to state employees in State Bargaining Unit 6, 8, or 16. If the appointment is to be made from a general reemployment list, the name of the person with the highest standing on the list shall be certified to the appointing power.

SEC. 10. Section 19141 of the Government Code is amended to read:

19141. (a) This section applies only to a permanent employee, or an employee who previously had permanent status and who, since that permanent status, has had no break in the continuity of his or her state service due to a permanent separation. As used in this section, "former position" is defined as in Section 18522, or, if the appointing power to which reinstatement is to be made and the employee agree, a vacant position in any department, commission, or state agency for which he or she is qualified at substantially the same level.

(b) Within the periods of time specified below, an employee who vacates a civil service position to accept an appointment to an exempt position shall be reinstated to his or her former position at the termination either by the employee or appointing power of the exempt appointment, provided he or she (1) accepted the appointment without a break in the continuity of state service, and (2) requests in writing reinstatement of the appointing power of his or her former position within 10 working days after the effective date of the termination.

(c) The reinstatement may be requested by the employee only within the following periods of time:

(1) At any time after the effective date of the exempt appointment if the employee was appointed under one of the following:

(A) Subdivision (a), (b), (c), (d), (e), (f), (g), or (m) of Section 4 of Article VII of the California Constitution.

(B) Section 2.1 of Article IX of the California Constitution.

(C) Section 22 of Article XX of the California Constitution.

(D) To an exempt position under the same appointing power as the former position even though a shorter period of time may be otherwise specified for that appointment.

(2) Within six months after the effective date of the exempt appointment if appointed under subdivision (h), (i), (k), or (*l*) of Section 4 of Article VII of the California Constitution.

(3) (A) Within four years after the effective date of an exempt appointment if appointed under any other authority.

(B) Within four years after the effective date of an exempt appointment if appointed under any other authority. Notwithstanding subparagraph (A), this subparagraph shall apply to state employees in State Bargaining Unit 5, 6, 8, or 16.

(d) An employee who vacates his or her civil service position to accept an assignment as a member, inmate, or patient helper under

subdivision (j) of Section 4 of Article VII of the California Constitution shall not have a right to reinstatement.

(e) An employee who is serving under an exempt appointment retains a right of reinstatement when he or she accepts an extension of that exempt appointment or accepts a new exempt appointment, provided the extension or new appointment is made within the specified reinstatement time limit and there is no break in the continuity of state service. The period for which that right is retained is for the period applicable to the extended or new exempt appointment as if that appointment had been made on the date of the initial exempt appointment.

(f) When an employee exercises his or her right of reinstatement and returns to his or her former position, the service while under an exempt appointment shall be deemed to be time served in the former position for the purpose of determining his or her eligibility for merit salary increases.

(g) If the termination of an exempt appointment is for a reason contained in Section 19997 and the employee does not have a right to reinstatement, he or she shall have his or her name placed on the departmental and general reemployment lists for the class of his or her former position.

SEC. 11. Section 19142 of the Government Code is amended to read:

19142. (a) Every person accepts and holds a position in the state civil service subject to mandatory reinstatement of another person.

(b) (1) Upon reinstatement of a person any necessary separations are effected under the provisions of Section 19997.3 governing layoff and demotion except that (A) an employee who is not to be separated from state service need not receive advance notification as provided in Section 19997.13, and (B) seniority shall not be counted as provided in Section 19997.3 when this would result in the layoff of the person who has the reinstatement right. Under such a circumstance, qualifying service in classes at substantially the same or higher salary level is the only state service that shall be counted for purposes of determining who is to be separated.

(2) Notwithstanding paragraph (1), this paragraph shall apply to state employees in State Bargaining Unit 5, 6, 8, or 16. Upon reinstatement of a person any necessary separations are effected under Section 19997.3 governing layoff and demotion except that an employee who is not to be separated from state service need not receive advance notification as provided in Section 19997.13.

SEC. 12. Section 19170.1 of the Government Code is amended to read:

19170.1. (a) Notwithstanding Section 19170 for state employees in State Bargaining Unit 6, 8, or 16, the board shall establish for each class the length of the probationary period. The probationary period that shall be served upon appointment shall be not less than six months nor more than two years.

(b) The board may provide by rule: (1) for increasing the length of an individual probationary period by adding thereto periods of time during which an employee, while serving as a probationer, is absent from his or her position; or (2) for requiring an additional period not to exceed the length of the original probationary period when a probationary employee returns after an extended period of absence and the remainder of the probationary period is insufficient to evaluate his or her current performance.

SEC. 13. Section 19173.1 of the Government Code is amended to read:

19173.1. (a) Effective June 1, 1998, notwithstanding Section 19173, this section shall apply to state employees in State Bargaining Unit 16. This section also shall apply to state employees in State Bargaining Unit 8.

(b) Any probationer may be rejected by the appointing power during the probationary period for reasons relating to the probationer's qualifications, the good of the service, or failure to demonstrate merit, efficiency, and fitness.

(c) A rejection during probationary period is effected by the service upon the probationer of a written notice of rejection that shall include: (1) an effective date for the rejection that shall not be later than the last day of the probationary period; and (2) a statement of the reasons for the rejection. Service of the notice shall be made prior to the effective date of the rejection. Notice of rejection shall be served prior to the conclusion of the prescribed probationary period. The probationary period may be extended when necessary to provide the full notice period required by board rule. Within 15 days after the effective date of the rejection, a copy thereof shall be filed with the board.

SEC. 14. Section 19175.3 of the Government Code is amended to read:

19175.3. (a) Notwithstanding Section 19175, this section shall apply to state employees in State Bargaining Unit 8 or 16.

(b) The board at the written request of a rejected probationer, filed within 15 calendar days of the effective date of rejection, shall only review allegations that the rejection was made for reasons of discrimination as defined for the purposes of subdivision (a) of Section 19702, fraud, or political patronage. If the board determines that the rejected probationer has stated a prima face case of discrimination, fraud, or political patronage, the board may investigate the case with or without a hearing and do any one of the following:

(1) Affirm the action of the appointing power.

(2) Modify the action of the appointing power.

(3) Restore the name of the rejected probationer to the employment list for certification to any position within the class, provided that his or her name shall not be certified to the agency by

which he or she was rejected, except with the concurrence of the appointing power thereof.

(4) Restore the rejected probationer to the position from which he or she was rejected, but this shall be done only if the board determines that there is substantial evidence to support that the rejection was made for reasons of discrimination as defined for the purposes of subdivision (a) of Section 19702, fraud, or political patronage. At any such investigation or hearing the rejected probationer shall have the burden of proof; subject to rebuttal by him or her, it shall be presumed that the rejection was free from discrimination, fraud, and political patronage, and that the statement of reasons therefor in the notice of rejection is true.

SEC. 15. Section 19570.1 of the Government Code is amended to read:

(a) Minor discipline is a suspension without pay for five days or less or up to a 5-percent reduction in pay for five months or less. Whenever an answer is filed by an employee who is subject to minor discipline, and the memorandum of understanding for state employees in State Bargaining Unit 8 has expired, the state employer shall follow the minor discipline appeal procedures contained in the expired memorandum of understanding for state employees in State Bargaining Unit 8 until a successor agreement is negotiated between Department of Personnel Administration and the exclusive representative. However, if an employee receives one of the cited actions in more than three instances in any 12-month period, he or she shall, upon each additional action within the same 12-month period, be afforded a hearing before the State Personnel Board if he or she files an answer to the action.

(b) The State Personnel Board shall not have the authority as stated in subdivision (a) with regard to written or oral reprimands. Reprimands shall not be grievable or appealable by the receiving employee by any means. Rejections on probation shall not be grievable or appealable by the receiving employee by any means except as provided in Section 19175.1.

(c) The appointing power shall not impose any discipline in a manner that is inconsistent with "salary basis test" against an employee employed in an executive, administrative, or professional capacity and whose duties exempt him or her from the wage and hour provisions of the federal Fair Labor Standards Act as set forth pursuant to Section 13(a)(1) of the Fair Labor Standards Act of 1938, as amended (29 U.S.C. Sec. 213(a)(1)), and in Part 54 of Title 29 of the Code of Federal Regulations, as defined and delimited on the effective date of this section, and as those provisions may be amended in the future by the Administrator of the Wage and Hour Division of the United States Department of Labor.

(e) Notwithstanding any other law or rule, if the provisions of this section are in conflict with the provisions of the memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if the provisions of a memorandum of understanding require the expenditure of funds, the provisions shall not become effective unless approved by the Legislature in the annual Budget Act.

SEC. 19. Section 19582 of the Government Code is amended to read:

19582. (a) Hearings may be held by the board, or by any authorized representative, but the board shall render the decision that in its judgment is just and proper.

During a hearing, after the appointing authority has completed the opening statement or the presentation of evidence, the employee, without waiving his or her right to offer evidence in the event the motion is not granted, may move for a dismissal of the charges.

If it appears that the evidence presented supports the granting of the motion as to some but not all of the issues involved in the action, the board or the authorized representative shall grant the motion as to those issues and the action shall proceed as to the issues remaining. Despite the granting of the motion, no judgment shall be entered prior to a final determination of the action on the remaining issues, and shall be subject to final review and approval by the board.

(b) If a contested case is heard by an authorized representative, he or she shall prepare a proposed decision in a form that may be adopted as the decision in the case. A copy of the proposed decision shall be filed by the board as a public record and furnished to each party within 10 days after the proposed decision is filed with the board. The board itself may adopt the proposed decision in its entirety, may remand the proposed decision, or may reduce the adverse action set forth therein and adopt the balance of the proposed decision.

(c) If the proposed decision is not remanded or adopted as provided in subdivision (b), each party shall be notified of the action, and the board itself may decide the case upon the record, including the transcript, with or without taking any additional evidence, or may refer the case to the same or another authorized representative to take additional evidence. If the case is so assigned to an authorized representative, he or she shall prepare a proposed decision as provided in subdivision (b) upon the additional evidence and the

transcript and other papers that are part of the record of the prior hearing. A copy of the proposed decision shall be furnished to each party. The board itself shall decide no case provided for in this subdivision without affording the parties the opportunity to present oral and written argument before the board itself. If additional oral evidence is introduced before the board itself, no board member may vote unless he or she heard the additional oral evidence.

(d) In arriving at a decision or a proposed decision, the board or its authorized representative may consider any prior suspension or suspensions of the appellant by authority of any appointing power, or any prior proceedings under this article.

(e) The decision shall be in writing and contain findings of fact and the adverse action, if any. The findings may be stated in the language of the pleadings or by reference thereto. Copies of the decision shall be served on the parties personally or by mail.

(f) This section shall not apply to minor discipline, as defined in a memorandum of understanding or by Section 19576.2, for state employees in State Bargaining Unit 16.

(a) The board's review of decisions of minor discipline, as defined by a memorandum of understanding or by Section 19576.2 or 19576.5, respectively, shall be limited to either adopting the penalty of the proposed decision or revoking the disciplinary action in its entirety.

(b) The board's review of decisions of discipline, including minor discipline, shall not impose any discipline against an employee that would jeopardize the employee's status under the federal Fair Labor Standards Act, as set forth pursuant to Section 13(a)(1) of The Fair Labor Standards Act of 1938, as amended (Title 29, Section 213(a)(1), United States Code) and in Part 54 of Title 29 of the Code of Federal Regulations, as defined and delimited on the effective date of this section and as those provisions maybe amended in the future.

(c) If provisions of this section are in conflict with the provisions of a memorandum of understanding reached pursuant to Section 3517.5, the memorandum of understanding shall be controlling without further legislative action, except that if such provisions of a memorandum of understanding require the expenditure of funds, the provision shall not become effective unless approved by the Legislature in the annual Budget Act.

The board may provide by rule for the reconsideration of a previously issued decision to determine whether or not it shall be designated as a precedent decision. All decisions designated as precedents shall be published in a manner determined by the board.

(c) For the purpose of this section, a decision reached pursuant to Section 19576.2 is not subject to board precedential decision, and the board may not adopt that decision as a precedential decision.

The definitions of subdivisions (b) and (c) shall not be deemed to refer to or include conditions excluded from the federal definition of "disability" pursuant to Section 511 of the Americans with Disabilities Act of 1990 (42 U.S.C.
