(2) The county board of supervisors adopts an ordinance or resolution that specifies each amount of ad valorem property tax revenue shifted from a local agency within the county to the county's Educational Revenue Augmentation Fund for the 1998–99 fiscal year, and the chairperson of the county board of supervisors reports those revenue shift amounts to the Controller and the Director of Finance in a manner that identifies the revenue shift amount for each local agency in the county.

(3) The county board of supervisors adopts an ordinance or resolution pursuant to which the county agrees to both of the following:

(A) The county will allocate its share of the appropriated moneys subject to this section in accordance with subdivision (c).

The Controller shall inform the county of any adjustment that is so made.

CHAPTER 87

An act to add Chapter 4.75 (commencing with Section 1647) to Division 2 of the Health and Safety Code, relating to human milk.

[Approved by Governor July 12, 1999. Filed with Secretary of State July 12, 1999.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) Extensive research, particularly in recent years, documents diverse and compelling advantages to infants, mothers, families, and society, as a result of breast feeding, and the use of human milk for infant feeding, including health, nutritional, immunologic, developmental, psychological, social, economic, and environmental benefits.

(b) Milk banks play a critical role in serving the needs of ill or premature infants whose mothers are unable to supply their own milk, due to illness or use of medication. Many of these infants cannot tolerate any type of formula, and would not survive without banked human milk.

(c) Milk banks follow strict procedures and protocols for milk collection, processing, storage, and distribution, and are licensed as tissue banks by the State Department of Health Services.

(d) The high cost of liability insurance places a heavy burden on existing milk banks, and has significantly impeded the creation of new ones.

(e) Section 1606 of the Health and Safety Code provides that the procurement, processing, distribution, and use of human whole blood and whole blood derivatives is the rendition of a service. It is the intent of the Legislature to consider nonprofit milk banks to be providing a service, with respect to the procurement, processing, distribution, and use of human milk.

SEC. 2. Chapter 4.75 (commencing with Section 1647) is added to Division 2 of the Health and Safety Code, to read:

CHAPTER 4.75. HUMAN MILK

1647. The procurement, processing, distribution, or use of human milk for the purpose of human consumption shall be construed to be, and is declared to be for all purposes, the rendition of a service by each and every nonprofit organization and its employees participating therein, and shall not be construed to be, and is declared not to be, a sale of the human milk for any purpose or purposes.

CHAPTER 88

(b) A written notice shall accompany the initial mailing of the insured's identification card modified pursuant to subdivision (a). The notice shall indicate that the insured's identification card includes a telephone number that may be used to verify eligibility for benefits and coverage. The notice shall also inform the insured that review and approval of a health care service based on medical

necessity or appropriateness does not constitute eligibility for benefits and coverage pursuant to the policy or contract.

SEC. 4. Section 12 of the Lake County Flood Control and Water Conservation District Act (Chapter 1544 of the Statutes of 1951) is amended to read:

Sec. 12. (a) The board may institute proceedings for the formation of single zones and also institute projects for single zones and joint projects for two or more zones that may involve the financing, constructing, maintaining, operating, extending, repairing or otherwise improving any work or improvement of common benefit to that zone or participating zones. The board may also institute separate projects for operation and maintenance of works or improvements for any zones whether the works or improvements have been constructed by the board or by the state or the federal government or both. Any zone shall include, as far as practicable, all lands that will be benefited by any project proposed for that zone.

(b) Proceeding for the formation of any zone and for the establishment of any project for that zone may be conducted jointly. For the purpose of establishing any zone or participating zones or of acquiring authority to proceed with that project, the board shall adopt a resolution specifying its intention to establish that zone or zones or to undertake that project, or both thereof, together with the engineering and other estimates of the cost of same to be borne by the particular zone and, in the case of participating zones, the proportionate cost to be borne by each of the participating zones and fixing a time and place for public hearing of that resolution; and that

resolution shall refer to a map or maps showing the boundaries of each zone and the general location and general construction of that project. The resolution shall also describe the boundaries of any zone proposed to be established; otherwise adequate reference to any established zone involving the project shall be sufficient.

(c) Notice of the hearing shall be given by publication pursuant to Section 6066 of the Government Code in a newspaper of general circulation, circulated in that zone or each of those participating zones, if there be such newspaper, and if there be no such newspaper then by posting notice for two consecutive weeks prior to that hearing in five public places designated by the board, in that zone or in each of those participating zones. Publication shall be completed at least seven days before the date of the hearing. The notice shall contain a copy of the resolution. The notice shall designate a public place in the zone or in each of the participating zones where a copy or copies of the map or maps of each proposed single zone and any project for a single zone or the joint project for participating zones may be seen by any interested person, and the map shall be posted in each of the public places so designated in the notice at least two weeks prior to the hearing.

(d) At the time and place fixed for the hearing, or at any time to which the hearing may be continued, the board shall consider all written and oral objections to the proposed zone or project.

(e) If it is shown that any land is improperly included in the boundaries proposed for the zone the board, in its order for formation of the zone, shall exclude the land therefrom. If the board shall conclude that lands that will be benefited by the zone are improperly omitted from the proposed zone and the owners thereof have not appeared at the hearing the board shall continue the hearing and direct that notice be given to nonappearing landowners to appear before the board and show cause why their lands should not be included in the proposed zone. The notice shall be given either by publication or posting in the same manner and for the same period as the original notice of hearing or by personal service on each landowner. Any personal service shall be made at least three days prior to the date fixed for further hearing. Proof of the notice given shall be filed with the clerk of the board on or before the day to which the hearing is continued.

(f) The board may continue the hearing from time to time, by order entered upon its minutes, to the end that a full hearing may be had.

(g) If an order for formation of the zone is made at the conclusion of the hearing the order shall describe the exterior boundaries of the zone as determined by the board, shall be signed by the chairman of the board and attested by the clerk thereof and be recorded by the county recorder in his official records.

(h) Upon the conclusion of the hearing, the board may abandon the proposed zone or project or proceed with the same, unless prior

to the conclusion of the hearing a written protest against the proposed zone or project signed by a majority in number of the holders of title to real property, or assessable rights therein, or evidence of title thereto, representing one-half or more of the assessed valuation of the real property within the zone or within any of the participating zones, be filed with the board, in which event further proceedings relating to the zone or project shall be suspended for not less than six months following the date of the conclusion of the hearing, or the proceeding may be abandoned in the discretion of the board.

(i) For the purposes of this section, the last equalized assessment roll of the County of Lake next preceding the filing of the protest shall be prima facie evidence as to the ownership of real property, the names and numbers of the persons who are the holders of title or evidence of title, or assessable rights therein, and as to the assessed valuation of real property within the zone or within any of the participating zones for which the project was initiated.

(j) Executors, administrators, special administrators, and guardians may sign the protest provided for in this act on behalf of the estate represented by them. If the property is assessed in the name of those representatives, that fact shall establish the right of those representatives to sign the protest; if assessed in the name of the decedent, minor or incompetent person, certified copies of the letters or other evidence as may be satisfactory to the board must be produced.

(k) If real property appears to be owned in common or jointly or by a partnership, or if letters of representatives of decedents, minors or guardians are joint, only one of the owners or representatives or partners may sign the protest for all joint owners or representatives or partners; provided, that the party claiming the right to protest for all produces the written consent of his or her coowners or representatives or partners so to do, duly acknowledged by the consenting coowners or representatives or partners in the manner that deeds of real property are required to be acknowledged to entitle those deeds to be recorded in the recorder's office of the county. Any joint owner or partner or tenant in common may sign and thus be counted independently for this proportionate share of the assessed valuation of that real property as shall be determined by division of the evaluation by the number of jointly interested owners thereof.

(*l*) If real property is assessed in the name of a trustee or trustees, the trustee or trustees shall be deemed to be the person entitled to sign the protest, and if assessed in the name of more than one trustee the right to sign the protest shall be determined in like manner as above provided with respect to coowners.

(m) The protest of any public or quasi-public corporation, private corporation or unincorporated association, may be signed by any person authorized by the board of directors or trustees or other

managing body thereof, which authorization shall be in writing; and a proxy executed by an officer or officers thereof, attested by its seal and duly acknowledged, shall constitute sufficient evidence of that authority, and shall be filed with the board.

(n) The owner of any real property or interest therein, appearing upon the assessment roll, which has been assessed in the wrong name or to unknown owners, or which has passed from the owner appearing as the on the last equalized assessment roll, since the same was made, shall be entitled to sign the protest represented thereby, either by the production of a proxy from the former owner, or by furnishing evidence of his or her ownership by a conveyance duly acknowledged showing the title to be vested in the person claiming the right to sign the protest, accompanied by a certificate of a competent searcher of titles, certifying that a search of the official records of the county, since the date of the conveyance, discloses no conveyance or transfer out from the grantee or transferee named in the conveyance.

(o) If the real property has been contracted to be sold, the vendee shall be entitled to sign the protest, unless that real property is assessed in the name of the vendor, in which event the vendor shall be entitled to so do.

(p) The board may inquire and take evidence for the purpose of identifying any person claiming the right to sign the protest as being the person shown on the assessment roll or otherwise as entitled thereto. And, unless satisfactory evidence is furnished, the right to sign the protest may be denied.

(q) In its resolution of intention on the institution of any project for operation and maintenance of works or improvements for any zone and in the order of adoption of the project, the board shall fix a total amount that it will raise annually thereafter by assessments under Section 13.1 to pay the expenses of that operation and maintenance.

(r) If the board determines that it is necessary to increase the annual assessments to meet operational and maintenance requirements of the works or improvements of any zone, it may increase the assessments in the manner in which the assessments were originally established and in accordance with other applicable provisions of law.

SEC. 5. Section 12.1 is added to the Lake County Flood Control and Water Conservation District Act (Chapter 1544 of the Statutes of 1951), to read:

12.1. (a) The board may institute proceedings for the modification or dissolution of a zone or zones.

(b) Whenever the board determines that it is necessary or desirable for any zone or zones formed pursuant to this act to be modified or dissolved, it shall adopt a resolution declaring its intention to modify or dissolve the zone or zones. The resolution of intention shall state all of the following:

(1) The intention of the board to modify or dissolve the proposed zone or zones.

(2) The reason why the zone or zones is proposed to be modified or dissolved.

(3) That a map or maps showing the exterior boundaries of the zone or zones proposed to be modified or dissolved, is available for inspection by any interested person, at a designated public place.

(4) The time and place for a hearing by the board on the proposed modification or dissolution of the zone or zones.

(5) That at the time and place fixed for the hearing, or at any time to which the hearing may be continued, the board shall consider all written or public testimony regarding the proposed modification or dissolution of the zone or zones.

(c) The notice of hearing shall be given by publishing a copy of the resolution of intention in a newspaper of general circulation published in the district, pursuant to Section 6066 of the Government Code, the publication of which shall be at least 14 days prior to the time fixed for the hearing.

(d) At the time and place so fixed, or at any time or place to which the hearing is continued, the board shall hold the hearing provided for by the resolution of intention, at which time any interested person may appear and be heard concerning any matter set forth in the resolution of intention or any matters material thereto. The board shall consider all written and oral objections to the modification or dissolution of the zone or zones. The board may continue the hearing from time to time, by order entered upon its minutes, to the end that a full hearing may be had.

(e) (1) Upon the conclusion of the hearing, the board may abandon the proposed modification or dissolution of the zone or zones or proceed with the proposed modification or dissolution, unless prior to the conclusion of the hearing a written protest against the proposed modification or dissolution of the zone or zones, that is signed by a majority in number of the holders of title to real property, or assessable rights therein, or evidence of title thereto, representing one-half or more of the assessed valuation of the real property within that zone or within any of the participating zones, is filed with the board.

(2) If a written protest is filed, further proceedings relating to that zone or zones shall be suspended for not less than six months following the date of the conclusion of the hearing, or, at the discretion of the board, the proceeding may be abandoned.

(f) If the board makes an order for modification or dissolution of the zone or zones at the conclusion of the hearing, the board, by resolution, shall state that the exterior boundaries of the zone or zones are set forth upon a map on file with the clerk to the board and shall declare the zone or zones modified or dissolved.

(g) For the purposes of this section, the last equalized assessment roll of the County of Lake before the filing of the protest shall be

prima facie evidence as to the ownership of real property within the zone or zones. Determination of protest rights shall be in the manner set forth in Section 12.

SEC. 6. Section 13 of the Lake County Flood Control and Water Conservation District Act (Chapter 1544 of the Statutes of 1951) is amended to read:

13. The board, in any year, may do all of the following:

1. Levy ad valorem taxes or assessments upon all property in the district to pay the general administrative costs and expenses of the district, and to carry out any of the objects or purposes of this act of common benefit to the district.

2. Levy ad valorem taxes or assessments upon all property in each or any of the zones and participating zones to pay the costs and expenses of carrying out, constructing, maintaining, operating, extending, repairing, or otherwise improving any or all works or improvements established or to be established within or on behalf of the respective zones, according to the benefits derived or to be derived by the respective zones.

3. Levy assessments upon all real property in each or any of the zones, according to the special benefits derived or to be derived by those properties, to pay the cost and expenses of carrying out any of the objects or purposes of this act of special benefit to those properties, including the constructing, maintaining, operating, extending, repairing or otherwise improving any or all works of improvement established or to be established within or on behalf of the respective zone or zones.

4. Levy and collect special taxes in the district or any zone, pursuant to Article 3.5 (commencing with Section 50075) of Chapter 1 of Part 1 of Division 1 of Title 5 of the Government Code, to pay the costs of carrying out, constructing, maintaining, operating, extending, repairing, or otherwise improving any or all works of improvement in the district or zone and the cost of levying and collecting those special taxes.

For the purposes of this provision, "special tax" means any special tax that applies uniformly to all taxpayers or all real property within the district or any zone.

5. Levy and collect benefit assessments in the district or any zone, pursuant to Chapter 6.4 (commencing with Section 54703) of Part 1 of Division 2 of Title 5 of the Government Code, to pay the costs of constructing, maintaining, operating, extending, repairing, or otherwise improving any or all works of improvement in the district or zone and the cost of levying and collecting those benefit assessments.

In the event of project cooperation with any of the governmental bodies as authorized in subdivision 6 of Section 5 of this act, and requiring the making of a contract with any governmental body for the purposes set forth in that subdivision 6 by the terms of which work other than operation and maintenance is to be performed by that

governmental body in any specified zone or participating zones, for the particular benefit thereof, and by the proposed contract the district is to pay to that governmental body, a sum of money in consideration or subvention for the performance of the work by that governmental body, the board may, after proceedings in the manner prescribed in Section 12 of this act, levy and collect either an ad valorem tax, special tax, assessment, or a special benefit assessment upon the real property in that zone, or those participating zones, whereby to raise funds to enable the district to make such payment, in addition to other taxes or assessments herein otherwise provided for.

The taxes or assessments shall be levied and collected together with, and not separately from, taxes for county purposes, and the revenues derived from taxes or assessments shall be paid into the county treasury to the credit of the district, or the proper zone or zones thereof.

The board may control and order the expenditure for the purposes of all funds so raised; provided, however, that no revenues, or portions of the revenue, derived in any zone from the taxes or assessments levied under the provisions of subdivision 2, 3, or 4 of this section shall be expended for constructing, maintaining, operating, extending, repairing, or otherwise improving any works or improvements located in any other zone, except in the case of joint projects, or for projects authorized or established outside the zone or zones, but for the benefit thereof. In cases of projects joint to two or more zones, the zones shall become, and shall be referred to as, participating zones.

SEC. 7. Section 13.1 of the Lake County Flood Control and Water Conservation District Act (Chapter 1544 of the Statutes of 1951) is amended to read:

Sec. 13.1. If, pursuant to Section 12, a zone has been established and the project adopted for the zone is that of operation and maintenance of works or improvements that have been constructed by the state or the federal government, and the board has been requested in writing to provide that operation and maintenance of those works or improvements by that zone, funds for that purpose may, at the discretion of the board, be raised by assessment or special tax as provided in Section 13 of this act.

relating to human services, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 12, 1999. Filed with Secretary of State July 12, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 16262.5 of the Government Code is amended to read:

16262.5. (a) Notwithstanding any other provision of law, until June 30, 2001, the reimbursement of counties meeting one of the following conditions shall not be reduced for the state share of the nonfederal costs for the administration of the In-Home Supportive Services program.

(1) County-imposed funding reductions in the 1999–2000 or 2000–01 fiscal year prevent a county from fully funding the county share of the nonfederal administrative costs of the programs identified in subdivision (a).

(2) Application for relief under Section 16262 and this section was approved in a prior fiscal year for which relief is sought pursuant to these sections and the level of county match available is at least the amount specified in the application for that same fiscal year subject to the restrictions contained in subdivision (b).

(b) Subdivision (a) shall be subject to the following restrictions:

(1) The reduction imposed upon departments within a county responsible for administering the program referred to in subdivision (a) shall be proportionate to the average reduction in county funds for administrative activities imposed on all other departments within a county, except departments funded with revenue from Section 35 of Article XIII of the California Constitution and the county departments of health services. The county board of supervisors shall certify that the reductions are imposed proportionately.

(2) If a county reduces the department responsible for administering the program referred to in subdivision (a), and makes reductions that exceed the average reduction of any other county departments, with the exception of departments funded with revenue from Section 35 of Article XIII of the California Constitution, and the county departments of health services, then the state allocation for that program shall be reduced by the same percentage.

(3) The state share of nonfederal costs for county administration allocated to a county for the administration of the programs referred to in subdivision (a) shall be limited to the 1999–2000 or 2000–01 fiscal year allocations as determined by the State Department of Social Services in compliance with current allocation formulas as adjusted pursuant to paragraph (2).

(4) No reduction in county administrative costs authorized by this section shall result in any increased cost to the state General Fund.

(5) No reduction in county administrative costs authorized by this section shall result in any decrease in county assistance payments in the program referred to in subdivision (a).

(6) The maximum rate reduction shall not exceed 15 percent of the required county match. For counties that received fiscal relief in either the 1995–96 or 1996–97 fiscal year, the county match shall be the greater of 50 percent of the required county match for the year relief is being requested, or alternatively, the county match approved in either the 1995–96 or 1996–97 fiscal year.

(c) Counties requesting relief under this section shall apply to the State Department of Social Services on or before October 31 of the fiscal year for which relief is sought pursuant to this section.

SEC. 2. Section 12301.3 is added to the Welfare and Institutions Code, to read:

12301.3. (a) Each county shall appoint an in-home supportive services advisory committee that shall be comprised of not more than 11 individuals. No less than 50 percent of the membership of the advisory committee shall be individuals who are current or past users of personal assistance services paid for through public or private funds or as recipients of services under this article.

(b) Prior to the appointment of members to a committee required by subdivision (a), the county board of supervisors shall solicit recommendations for qualified members through a fair and open process that includes the provision of reasonable written notice to, and reasonable response time by, members of the general public and interested persons and organizations.

(c) The advisory committee shall submit recommendations to the county board of supervisors on the preferred mode or modes of service to be utilized in the county for in-home supportive services.

(d) Any county that has established a governing body, as provided in subdivision (b) of Section 12301.6 shall be deemed to be in compliance with this section.

SEC. 3. Section 12301.4 is added to the Welfare and Institutions Code, to read:

12301.4. Each advisory committee established pursuant to Section 12301.3 or 12301.6 shall provide ongoing advice and recommendations regarding in-home supportive services to the county board of supervisors, any administrative body in the county that is related to the delivery and administration of in-home supportive services, and the governing body and administrative agency of the public authority, nonprofit consortium, contractor, and public employees.

SEC. 4. Section 12301.6 of the Welfare and Institutions Code is amended to read:

12301.6. (a) Notwithstanding Sections 12302 and 12302.1, a county board of supervisors may, at its option, elect to do either of the following:

(1) Contract with a nonprofit consortium to provide for the delivery of in-home supportive services.

(2) Establish, by ordinance, a public authority to provide for the delivery of in-home supportive services.

(b) (1) To the extent that a county elects to establish a public authority pursuant to paragraph (2) of subdivision (a), the enabling ordinance shall specify the membership of the governing body of the public authority, the qualifications for individual members, the manner of appointment, selection, or removal of members, how long they shall serve, and other matters as the board of supervisors deems necessary for the operation of the public authority.

(2) A public authority established pursuant to paragraph (2) of subdivision (a) shall be both of the following:

(A) An entity separate from the county, and shall be required to file the statement required by Section 53051 of the Government Code.

(B) A corporate public body, exercising public and essential governmental functions and that has all powers necessary or convenient to carry out the delivery of in-home supportive services, including the power to contract for services pursuant to Sections 12302 and 12302.1 and that makes or provides for direct payment to a provider chosen by the recipient for the purchase of services pursuant to Sections 12302 and 12302.2. Employees of the public authority shall not be employees of the county for any purpose.

(3) (A) As an alternative, the enabling ordinance may designate the board of supervisors as the governing body of the public authority.

(B) Any enabling ordinance that designates the board of supervisors as the governing body of the public authority shall also specify that no fewer than 50 percent of the membership of the advisory committee shall be individuals who are current or past users of personal assistance services paid for through public or private funds or recipients of services under this article.

(C) If the enabling ordinance designates the board of supervisors as the governing body of the public authority, it shall also require the appointment of an advisory committee of not more than 11 individuals who shall be designated in accordance with subparagraph (B).

(D) Prior to making designations of committee members pursuant to subparagraph (C), or governing body members in accordance with paragraph (4), the board of supervisors shall solicit recommendations of qualified members of either the governing body of the public authority or of any advisory committee through a fair and open process that includes the provision of reasonable, written notice to, and a reasonable response time by, members of the general public and interested persons and organizations.

(4) If the enabling ordinance does not designate the board of supervisors as the governing body of the public authority, the

enabling ordinance shall require the membership of the governing body to meet the requirements of subparagraph (B) of paragraph (3).

(c) (1) Any public authority created pursuant to this section shall be deemed to be the employer of in-home supportive services personnel referred to recipients under paragraph (3) of subdivision (d) within the meaning of Chapter 10 (commencing with Section 3500) of Division 4 of Title 1 of the Government Code. Recipients shall retain the right to hire, fire, and supervise the work of any in-home supportive services personnel providing services to them.

(2) (A) Any nonprofit consortium contracting with a county pursuant to this section shall be deemed to be the employer of in-home supportive services personnel referred to recipients pursuant to paragraph (3) of subdivision (d) for the purposes of collective bargaining over wages, hours, and other terms and conditions of employment.

(B) Recipients shall retain the right to hire, fire, and supervise the work of any in-home supportive services personnel providing services for them.

(3) (A) The annual cost for any public authority or nonprofit consortium created pursuant to this section shall be shared by the state and the counties as prescribed in Section 12306.

(B) No increase in wages or benefits negotiated or agreed to pursuant to this section shall take effect unless and until, prior to its implementation, the department has obtained the approval of the State Department of Health Services for the increase pursuant to a determination that it is consistent with federal law and to ensure federal financial participation for the services under Title XIX of the federal Social Security Act.

(d) A public authority established pursuant to this section or a nonprofit consortium contracting with a county pursuant to this section, when providing for the delivery of services under this article by contract in accordance with Sections 12302 and 12302.1 or by direct payment to a provider chosen by a recipient in accordance with Sections 12302 and 12302.2, shall comply with and be subject to, all statutory and regulatory provisions applicable to the respective delivery mode.

(e) Any nonprofit consortium contracting with a county pursuant to this section or any public authority established pursuant to this section shall provide for all of the following functions under this article, but shall not be limited to those functions:

(1) The provision of assistance to recipients in finding in-home supportive services personnel through the establishment of a registry.

(f) (1) Any nonprofit consortium contracting with a county pursuant to this section or any public authority created pursuant to this section shall be deemed not to be the employer of in-home supportive services personnel referred to recipients under this section for purposes of liability due to the negligence or intentional torts of the in-home supportive services personnel.

(2) In no case shall a nonprofit consortium contracting with a county pursuant to this section or any public authority created pursuant to this section be held liable for action or omission of any in-home supportive services personnel whom the nonprofit consortium or public authority did not list on its registry or otherwise refer to a recipient.

(3) Counties and the state shall be immune from any liability resulting from their implementation of this section in the administration of the In-Home Supportive Services program. Any obligation of the public authority or consortium pursuant to this section, whether statutory, contractual, or otherwise, shall be the obligation solely of the public authority or nonprofit consortium, and shall not be the obligation of the county or state.

(g) Any nonprofit consortium contracting with a county pursuant to this section shall ensure that it has a governing body that complies with the requirements of subparagraph (B) of paragraph (3) of subdivision (b) or an advisory committee that complies with subparagraphs (B) and (C) of paragraph (3) of subdivision (b).

(h) Recipients of services under this section may elect to receive services from in-home supportive services personnel who are not referred to them by the public authority or nonprofit consortium. Those personnel shall be referred to the public authority or nonprofit consortium for the purposes of wages, benefits, and other terms and conditions of employment.

(i) Nothing in this section shall be construed to affect the state's responsibility with respect to the state payroll system, unemployment insurance, or workers' compensation and other provisions of Section 12302.2 for providers of in-home supportive services. Any county that elects to provide in-home supportive services pursuant to this section shall be responsible for any increased costs to the in-home supportive services case management, information, and payrolling system attributable to that election. The department shall collaborate with any county that elects to provide in-home supportive services pursuant to this section prior to implementing the amount of financial obligation for which the county shall be responsible.

(j) To the extent permitted by federal law, personal care option funds, obtained pursuant to Subchapter 19 (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code, along with matching funds using the state and county sharing ratio established in subdivision (c) of Section 12306, or any other funds that are obtained pursuant to Subchapter 19 (commencing with Section 1396) of Chapter 7 of Title 42 of the United States Code, may be used to establish and operate an entity authorized by this section.

(k) Notwithstanding any other provision of law, the county, in exercising its option to establish a public authority, shall not be subject to competitive bidding requirements. However, contracts entered into by either the county, a public authority, or a nonprofit consortium pursuant to this section shall be subject to competitive bidding as otherwise required by law.

(*l*) (1) The department may adopt regulations implementing this section as emergency regulations in accordance with Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code. For the purposes of the Administrative Procedures Act, the adoption of the regulations shall be deemed an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare. Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, these emergency regulations shall not be subject to the review and approval of the Office of Administrative Law.

(2) Notwithstanding subdivision (h) of Section 11364.1 and Section 11349.6 of the Government Code, the department shall transmit these regulations directly to the Secretary of State for filing. The regulations shall become effective immediately upon filing by the Secretary of State.

(3) Except as otherwise provided for by Section 10554, the Office of Administrative Law shall provide for the printing and publication of these regulations in the California Code of Regulations. (m) (1) In the event that a county elects to form a nonprofit consortium or public authority pursuant to subdivision (a) before the State Department of Health Services has obtained all necessary federal approvals pursuant to paragraph (3) of subdivision (j) of Section 14132.95, all of the following shall apply:

(A) Subdivision (c) shall apply only to those matters that do not require federal approval.

(B) The second sentence of subdivision (g) shall not be operative.

(C) The nonprofit consortium or public authority shall not provide services other than those specified in paragraphs (1), (2), (3), (4), and (5) of subdivision (d).

(2) Paragraph (1) shall become inoperative when the State Department of Health Services has obtained all necessary federal approvals pursuant to paragraph (3) of subdivision (j) of Section 14132.95.

(n) (1) One year after the effective date of the first approval by the department granted to the first public authority, the Bureau of State Audits shall commission a study to review the performance of that public authority.

(2) The study shall be submitted to the Legislature and the Governor not later than two years after the effective date of the approval specified in subdivision (a). The study shall give special attention to the health and welfare of the recipients under the public authority, including the degree to which all required services have been delivered, out-of-home placement rates, prompt response to recipient complaints, and any other issue the director deems relevant.

(3) The report shall make recommendations to the Legislature and the Governor for any changes to this section that will further ensure the well-being of recipients and the most efficient delivery of required services.

(o) Commencing July 1, 1997, the department shall provide annual reports to the appropriate fiscal and policy committees of the Legislature on the efficacy of the implementation of this section, and shall include an assessment of the quality of care provided pursuant to this section.

SEC. 5. Section 12301.8 is added to the Welfare and Institutions Code, to read:

12301.8. (a) Increases in provider wages and benefits for the provision of services pursuant to Section 12301.6 or 12302.1 may be made in a manner appropriate to the entities or contracts described in those sections. For the 1999–2000 fiscal year, and for each fiscal year thereafter, any county that expends county funds in an amount at least equal to the reduction during the fiscal year in the county's share of cost that results from federal financial participation in services provided to medically needy aged, blind, and disabled persons after the implementation of the state plan amendment pursuant to subdivision (p) of Section 14132.95 shall be reimbursed for the cost of the increase in wages and benefits that exceeds the reduction in the county share of cost and is necessary to meet the established rates. This provision does not apply to any wage increase necessary to meet federal or state minimum wage requirements. For the 1999–2000 fiscal year, the reduction in the county's share of cost during the fiscal year shall also include any reduction that occurred in the 1998–99 fiscal year due to the implementation of the state plan amendments pursuant to subdivision (p) of Section 14132.95, unless

the county has used the savings during the 1998–99 fiscal year to pay for provider wages and benefit increases. This subdivision applies solely to public authority, nonprofit consortium, and contract employees who provide services pursuant to Sections 12301.6 and 12302.1.

(b) The department shall reimburse counties for the cost of increased wages and benefits that exceed the amount of the reduction in the county's share of cost as determined pursuant to subdivision (a), provided that amount is not greater than the county's actual cost.

(c) Except as specifically set forth in subdivision (a), this section is not otherwise intended to alter the cost sharing described in Sections 12301.6 and 12306.

SEC. 6. Section 12302.25 is added to the Welfare and Institutions Code, to read:

12302.25. Each county may utilize a public authority or nonprofit consortium as authorized under Section 12301.6, the contract mode as authorized under Sections 12302 and 12302.1, county administration of the individual provider mode as authorized under Sections 12302 and 12302.2 for purposes of acting as, or providing, an employer under Chapter 10 (commencing with Section 3500) of Division 4 of Title 1 of the Government Code, county civil service personnel as authorized under Section 12302, or mixed modes of service authorized pursuant to this article and may establish regional agreements in establishing an employer for purposes of this subdivision for providers of in-home supportive services. Within 30 days of the effective date of this section, the department shall develop a timetable for implementation of this subdivision to ensure orderly compliance by counties. Recipients of in-home supportive services shall retain the right to choose the individuals that provide their care and to recruit, select, train, reject, or change any provider under the contract mode or to hire, fire, train, and supervise any provider under any other mode of service. Upon request of a recipient, and in addition to a county's selected method of establishing an employer for in-home supportive service providers pursuant to this subdivision, counties with an IHSS caseload of more than 500 shall be required to offer an individual provider employer option.

(b) Nothing in this section shall prohibit any negotiations or agreement regarding collective bargaining or any wage and benefit enhancements.

(c) Nothing in this section shall be construed to affect the state's responsibility with respect to the state payroll system, unemployment insurance, or workers' compensation and other

provisions of Section 12302.2 for providers of in-home supportive services.

(d) Prior to implementing subdivision (a), a county shall establish an advisory committee as required by Section 12301.3 and solicit recommendations from the advisory committee on the preferred mode or modes of service to be utilized in the county for in-home supportive services.

(e) Each county shall take into account the advice and recommendations of the in-home supportive services advisory committee, as established pursuant to Section 12301.3, prior to making policy and funding decisions about the program on an ongoing basis.

(f) In implementing and administering this section, no county, public authority, nonprofit consortium, contractor, or a combination thereof, that delivers in-home supportive services shall reduce the hours of service for any recipient below the amount determined to be necessary under the uniform assessment guidelines established by the department.

(g) Any agreement between a county and an entity acting as an employer under subdivision (a) shall include a provision that requires that funds appropriated by the state for wage increases for in-home supportive services providers be used exclusively for that purpose. Counties or the state may undertake audits of the entities acting as employers under the terms of subdivision (a) to verify compliance with this subdivision.

SEC. 7. Section 12302.7 of the Welfare and Institutions Code is repealed.

SEC. 8. Section 12303.4 of the Welfare and Institutions Code is amended to read:

12303.4. (a) Any aged, blind, or disabled individual who is eligible for assistance under this chapter or Chapter 4 (commencing with Section 12500), and who is not described in Section 12304, shall receive services under this article which do not exceed the maximum of 195 hours per month.

(b) The department shall seek federal approval of a state plan amendment necessary to include personal care as a medicaid service pursuant to subdivision (f) of Section 440.170 of Title 42 of the Code of Federal Regulations. For any persons who meet the criteria specified in subdivision (a) or (p), but for whom federal financial participation is not available, eligibility shall be available pursuant to Article 7 (commencing with Section 12300) of Chapter 3, if otherwise eligible.

(c) Subdivision (a) shall not be implemented unless the department has obtained federal approval of the state plan amendment described in subdivision (b), and the Department of Finance has determined, and has informed the department in writing, that the implementation of this section will not result in additional costs to the state relative to state appropriation for in-home supportive services under Article 7 (commencing with Section 12300) of Chapter 3, in the 1992–93 fiscal year.

(e) (1) (A) After consulting with the State Department of Social Services, the department shall adopt emergency regulations to establish the amount, scope, and duration of personal care services available to persons described in subdivision (a) in the fiscal year

whenever the department determines that General Fund expenditures for personal care services provided under this section and expenditures of both General Fund moneys and federal funds received under Title XX of the federal Social Security Act for services pursuant to Article 7 (commencing with Section 12300) of Chapter 3, are expected to exceed the General Fund appropriation and the federal appropriation under Title XX of the federal Social Security Act provided for the 1992–93 fiscal year pursuant to Article 7 (commencing with Section 12300) of Chapter 3, as it read on June 30, 1992, as adjusted for caseload growth or as increased in the Budget Act or appropriated by statute. At least 30 days prior to filing these regulations with the Secretary of State, the department shall give notice of the expected content of these regulations to the fiscal committees of both houses of the Legislature.

(C) For purposes of this subdivision, "caseload growth" means an adjustment factor determined by the department based on (1) growth in the number of persons eligible for benefits under Chapter 3 (commencing with Section 12000) on the basis of their disability, (2) the average increase in the number of hours in the program established pursuant to Article 7 (commencing with Section 12300) of Chapter 3 in the 1988–89 to 1992–93 fiscal years, inclusive, due to the level of impairment, and (3) any increase in program costs that is required by an increase in the mandatory minimum wage.

(2) In establishing the amount, scope, and duration of personal care services pursuant to this subdivision, the department may define and take into account, among other things:

(A) The extent to which the particular personal care services are essential or nonessential.

(B) Standards establishing the medical necessity of the services to be provided.

(C) Utilization controls.

(D) A minimum number of hours of personal care services that must first be assessed as needed as a condition of receiving personal care services pursuant to this section.

The level of personal care services shall be established so as to avoid, to the extent feasible within budgetary constraints, medical out-of-home placements.

(3) To the extent that General Fund expenditures for services provided under this section and expenditures of both General Fund moneys and federal funds received under Title XX of the federal Social Security Act for services pursuant to Article 7 (commencing with Section 12300) of Chapter 3 in the 1992–93 fiscal year, adjusted for caseload growth, exceed General Fund expenditures for services provided under this section and expenditures of both General Fund moneys and federal funds received under Title XX of the federal Social Security Act for services pursuant to Article 7 (commencing with Section 12300) of Chapter 3 in any fiscal year, the excess of these funds shall be expended for any purpose as directed in the Budget Act or as otherwise statutorily disbursed by the Legislature.

(f) Services pursuant to this section shall be rendered, under the administrative direction of the State Department of Social Services, in the manner authorized in Article 7 (commencing with Section 12300) of Chapter 3, for the In-Home Supportive Services program. A provider of personal care services shall be qualified to provide the service and shall be a person other than a member of the family. For purposes of this section, a family member means a parent of a minor child or a spouse.

(g) A beneficiary who is eligible for assistance under this section shall receive services that do not exceed 283 hours per month of personal care services.

(i) Subject to any limitations that may be imposed pursuant to subdivision (e), determination of need and authorization for services shall be performed in accordance with Article 7 (commencing with Section 12300) of Chapter 3.

(j) (1) To the extent permitted by federal law, reimbursement rates for personal care services shall be equal to the rates in each county for the same mode of services in the In-Home Supportive Services program pursuant to Article 7 (commencing with Section 12300) of Chapter 3, plus any increase provided in the annual Budget Act for personal care services rates or included in a county budget pursuant to paragraph (2).

(2) (A) The department shall establish a provider reimbursement rate methodology to determine payment rates for the individual provider mode of service that does all of the following:

(i) Is consistent with the functions and duties of entities created pursuant to Section 12301.6.

(ii) Makes any additional expenditure of state general funds subject to appropriation in the annual Budget Act.

(iii) Permits county-only funds to draw down federal financial participation consistent with federal law.

(B) This ratesetting method shall be in effect in time for any rate increases to be included in the annual Budget Act.

(C) The department may, in establishing the ratesetting method required by subparagraph (A), do both of the following:

(i) Deem the market rate for like work in each county, as determined by the Employment Development Department, to be the cap for increases in payment rates for individual practitioner services.

(ii) Provide for consideration of county input concerning the rate necessary to ensure access to services in that county.

(D) If an increase in individual practitioner rates is included in the annual Budget Act, the state-county sharing ratio shall be as established in Section 12306. If the annual Budget Act does not include an increase in individual practitioner rates, a county may use county-only funds to meet federal financial participation requirements consistent with federal law.

(3) (A) By November 1, 1993, the department shall submit a state plan amendment to the federal Health Care Financing Administration to implement this subdivision. To the extent that any element or requirement of this subdivision is not approved, the department shall submit a request to the federal Health Care Financing Administration for any waivers as would be necessary to implement this subdivision.

(B) The provider reimbursement ratesetting methodology authorized by the amendments to this subdivision in the 1993–94 Regular Session of the Legislature shall not be operative until all necessary federal approvals have been obtained.

(k) (1) The State Department of Social Services shall, by September 1, 1993, notify the following persons that they are eligible to participate in the personal care services program:

(A) Persons eligible for services pursuant to the Pickle Amendment, as adopted October 28, 1976.

(B) Persons eligible for services pursuant to subsection (c) of Section 1383c of Title 42 of the United States Code.

(2) The State Department of Social Services shall, by September 1, 1993, notify persons to whom paragraph (1) applies and who receive advance payment for in-home supportive services that they will qualify for services under this section without a share of cost if they elect to accept payment for services on an arrears rather than an advance payment basis.

(*l*) An individual who is eligible for services subject to the maximum amount specified in subdivision (b) of Section 12303.4 shall be given the option of hiring his or her own provider.

(m) The county welfare department shall inform in writing any individual who is potentially eligible for services under this section of his or her right to the services.

(n) It is the intent of the Legislature that this entire section be an inseparable whole and that no part of it be severable. If any portion of this section is found to be invalid, as determined by a final judgment of a court of competent jurisdiction, this section shall become inoperative.

(o) Paragraphs (2) and (3) of subdivision (a) shall be implemented so as to conform to federal law authorizing their implementation.

(p) (1) Personal care services shall be provided as a covered benefit to a medically needy aged, blind, or disabled person, as defined in subdivision (a) of Section 14051, to the same extent and under the same requirements as they are provided under subdivision (a) of this section to a categorically needy, aged, blind, or disabled person, as defined in subdivision (a) of Section 14050.1, and to the extent that federal financial participation is available.

(2) The department shall seek federal approval of a state plan amendment necessary to include personal care services described in paragraph (1) as a medicaid service pursuant to subdivision (f) of Section 440.170 of Title 42 of the Code of Federal Regulations.

(3) In the event that the Department of Finance determines that expenditures of both General Fund moneys for personal care services provided under this subdivision to medically needy aged, blind, or disabled persons together with expenditures of both General Fund moneys and federal funds received under Title XX of the federal Social Security Act for all aged, blind, and disabled persons receiving in-home supportive services pursuant to Article 7 (commencing with Section 12300) of Chapter 3, in the 2000–01 fiscal year or in any subsequent fiscal year, are expected to exceed the General Fund appropriation and the federal appropriation received under Title XX of the federal Social Security Act for expenditures for all aged, blind, and disabled persons receiving in-home supportive services provided in the 1999–2000 fiscal year pursuant to Article 7 (commencing with Section 12300) of Chapter 3, as it read on June 30, 1998, as adjusted for caseload growth or as changed in the Budget Act or by statute or regulation, then this subdivision shall cease to be operative on the first day of the month that begins after the expiration of a period of 30 days subsequent to a notification in writing by the Director of the Department of Finance to the chairperson of the committee in each house that considers appropriations, the chairpersons of the committees and the appropriate subcommittees in each house that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee.

(4) Solely for purposes of paragraph (3), caseload growth means an adjustment factor determined by the department based on:

(A) Growth in the number of persons eligible for benefits under Chapter 3 (commencing with Section 12000) on the basis of their disability.

(B) The average increase in the number of hours in the program established pursuant to Article 7 (commencing with Section 12300) of Chapter 3 in the 1994–95 to 1998–99 fiscal years, inclusive, due to the level of impairment.

(C) Any increase in program cost that is required by an increase in hourly costs pursuant to the Budget Act or statute.

(5) In the event of a final judicial determination by any court of appellate jurisdiction or a final determination by the Administrator of the federal Health Care Financing Administration that personal care services must be provided to any medically needy person who is not aged, blind, or disabled, then this subdivision shall cease to be operative on the first day of the first month that begins after the expiration of a period of 30 days subsequent to a notification in writing by the Director of Finance to the chairperson of the committee in each house that considers appropriations, the chairpersons of the committees and the appropriate subcommittees in each house that consider the State Budget, and the Chairperson of the Joint Legislative Budget Committee.

(6) If this subdivision ceases to be operative, all aged, blind, and disabled persons who would have received or been eligible to receive in-home supportive services pursuant to Article 7 (commencing with Section 12300) of Chapter 3, but for receiving services under this subdivision, shall be eligible immediately upon this section becoming inoperative for services pursuant to Article 7 (commencing with Section 12300) of Chapter 3.

(7) The department shall implement this subdivision on April 1, 1999, but only if the department has obtained federal approval of the state plan amendments described in paragraph (2) of this subdivision.

(q) This section shall become inoperative on July 1, 2002, and, as of January 1, 2003, is repealed, unless a later enacted statute, which becomes effective on or before January 1, 2003, deletes or extends the dates on which it becomes inoperative and is repealed.

(b) (1) To the extent that a county elects to establish a public authority pursuant to paragraph (2) of subdivision (a), the enabling ordinance shall specify the membership of the governing body of the public authority, the qualifications for individual members, the manner of appointment, selection, or removal of members, how long they shall serve, and other matters as the board of supervisors deems necessary for the operation of the public authority.

(2) A public authority established pursuant to paragraph (2) of subdivision (a) shall be both of the following:

(A) An entity separate from the county, and shall be required to file the statement required by Section 53051 of the Government Code.

pursuant to Sections 12302 and 12302.2. Employees of the public authority shall not be employees of the county for any purpose.

(D) Prior to making designations of committee members pursuant to subparagraph (C), or governing body members in accordance with paragraph (4), the board of supervisors shall solicit recommendations of qualified members of either the governing body of the public authority or of any advisory committee through a fair and open process that includes the provision of reasonable, written notice to, and a reasonable response time by, members of the general public and interested persons and organizations.

(3) Counties and the state shall be immune from any liability resulting from their implementation of this section in the administration of the In-Home Supportive Services program. Any obligation of the public authority or consortium pursuant to this section, whether statutory, contractual, or otherwise, shall be the obligation solely of the public authority or nonprofit consortium, and shall not be the obligation of the county or state.

Notwithstanding Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, these regulations shall not be repealed by the Office of Administrative Law and shall remain in effect until revised or repealed by the department.

(m) (1) In the event that a county elects to form a nonprofit consortium or public authority pursuant to subdivision (a) before the State Department of Health Services has obtained all necessary federal approvals pursuant to paragraph (3) of subdivision (j) of Section 14132.95, all of the following shall apply:

(A) Subdivision (c) shall apply only to those matters that do not require federal approval.

(B) The second sentence of subdivision (g) shall not be operative.

(C) The nonprofit consortium or public authority shall not provide services other than those specified in paragraphs (1), (2), (3), (4), and (5) of subdivision (d).

(n) (1) One year after the effective date of the first approval by the department granted to the first public authority, the Bureau of State Audits shall commission a study to review the performance of that public authority.

(2) The study shall be submitted to the Legislature and the Governor not later than two years after the effective date of the approval specified in subdivision (a). The study shall give special attention to the health and welfare of the recipients under the public authority, including the degree to which all required services have been delivered, out-of-home placement rates, prompt response to recipient complaints, and any other issue the director deems relevant.

(3) The report shall make recommendations to the Legislature and the Governor for any changes to this section that will further ensure the well-being of recipients and the most efficient delivery of required services.

(o) Commencing July 1, 1997, the department shall provide annual reports to the appropriate fiscal and policy committees of the Legislature on the efficacy of the implementation of this section, and shall include an assessment of the quality of care provided pursuant to this section.

CHAPTER 92

An act to amend Section 13385 of, and to add Sections 13263.3, 13263.6, and 13362 to, the Water Code, relating to water.

[Approved by Governor July 12, 1999. Filed with Secretary of State July 12, 1999.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature that the State Water Resources Control Board review and resolve identified problems with permitting, enforcement, and water quality monitoring activities undertaken by the state board and the regional water quality control boards for the purposes of protecting the public health and improving the quality of the environment. In particular, it is the intent of the Legislature that the state board and the regional

boards carry out the Clean Water Act (33 U.S.C. 1251 et seq.) and the Porter-Cologne Water Quality Control Act (Div. 13 (commencing with Sec. 13000), Wat. C.) by ensuring compliance with permit requirements and taking enforcement action in a timely manner when violations are found.

SEC. 2. The Legislature finds and declares all of the following:

(a) The State Water Resources Control Board and the regional water quality control boards have identified numerous water bodies throughout the state that are not meeting water quality standards.

(b) The sources of water quality impairments in California are diverse and include nonpoint sources such as agricultural, forestry, and urban dry weather and stormwater runoff, residential onsite sewage disposal systems, and boats and marinas, and point sources such as industrial discharges and municipal publicly owned treatment works (POTWs).

(c) The state board and the regional boards prescribe waste discharge requirements to regulate discharges by point sources.

(d) Recent investigations indicate that current enforcement efforts of the state board and the regional boards may not be achieving full compliance with waste discharge requirements in a timely manner, and that swift and timely enforcement of waste discharge requirements will assist in bringing the state's waters into compliance and will ensure that violators do not realize economic benefits from noncompliance.

(e) To attain water quality standards in the state's waters, additional efforts are also needed to control threats to the health of the state's waters that are posed by nonpoint sources of pollution.

SEC. 3. Section 13263.3 is added to the Water Code, to read:

13263.3. (a) The Legislature finds and declares that pollution prevention should be the first step in a hierarchy for reducing pollution and managing wastes, and to achieve environmental stewardship for society. The Legislature also finds and declares that pollution prevention is necessary to achieve the federal goal of zero discharge of pollutants into navigable waters.

(b) (1) For the purposes of this section, "pollution prevention" means any action that causes a net reduction in the use or generation of a hazardous substance or other pollutant that is discharged into water and includes any of the following:

(A) "Input change," which means a change in raw materials or feedstocks used in a production process or operation so as to reduce, avoid, or eliminate the generation of pollutants discharged in wastewater.

(B) "Operational improvement," which means improved site management so as to reduce, avoid, or eliminate the generation of pollutants discharged in wastewater.

(C) "Production process change," which means a change in a process, method, or technique that is used to produce a product or a desired result, including the return of materials or their

components for reuse within the existing processes or operations, so as to reduce, avoid, or eliminate the generation of pollutants discharged in wastewater.

(D) "Product reformulation," which means changes in design, composition, or specifications of end products, including product substitution, so as to reduce, avoid, or eliminate the generation of problem pollutants discharged in wastewater.

(2) For the purposes of this section, "pollution prevention" does not include actions that merely shift a pollutant in wastewater from one environmental medium to another environmental medium, unless clear environmental benefits of such an approach are demonstrated.

(c) (1) For the purposes of this section, "discharger" means any entity required to obtain a national pollutant discharge elimination system (NPDES) permit pursuant to the Clean Water Act (33 U.S.C. Sec. 1251 et seq.), or any entity subject to the pretreatment program as defined in Part 403 (commencing with Section 403.1) of subchapter N of Chapter 1 of Part 403 of Title 40 of the Code of Federal Regulations.

(2) For the purposes of this section, "industrial discharger" means any discharger other than a publicly owned treatment works (POTW).

(d) (1) The state board, a regional board, or a POTW may require a discharger subject to its jurisdiction to complete a pollution prevention plan if any of the following apply:

(A) A discharger is determined to be a chronic violator and the board or the POTW determines that pollution prevention could achieve compliance.

(B) The discharger contributes, or has the potential to contribute, to the formation of a toxic hot spot as defined in Section 13391.5.

(C) The discharger discharges a pollutant for which the permitted level is lower than the practical quantification limit and the state board, a regional board, or the POTW determines that additional reductions of the pollutant are necessary.

(D) The board determines pollution prevention is necessary to achieve a water quality objective.

(2) The state board, a regional board, or a POTW may require an industrial discharger subject to its jurisdiction to complete a pollution prevention plan that includes all of the following:

(A) An analysis of the pollutants that the facility discharges into water or introduces into POTWs, a description of the sources of the pollutants, and a comprehensive review of the processes used by the discharger that result in the generation and discharge of the pollutants.

(B) An analysis of the potential for pollution prevention to reduce the generation of the pollutants, including the application of innovative and alternative technologies and any adverse environmental impacts resulting from the use of those methods.

(C) A detailed description of the tasks and time schedules required to investigate and implement various elements of pollution prevention techniques.

(D) A statement of the discharger's pollution prevention goals and strategies, including priorities for short-term and long-term action.

(E) A description of the discharger's intended pollution prevention activities for the immediate future.

(F) A description of the discharger's existing pollution prevention methods.

SEC. 4. Section 13263.6 is added to the Water Code, to read:

13263.6. (a) A publicly owned treatment works (POTW) may require pollution prevention plans as described in Section 13263.3 as part of the pretreatment requirements applicable to significant industrial users.

(b) The state board or a regional board shall prescribe effluent limitations as part of the waste discharge requirements of a POTW for all substances that the most recent toxic chemical release data reported to the state emergency response commission pursuant to Section 313 of the Emergency Planning and Community Right to Know Act of 1986 (42 U.S.C. Sec. 11023) indicate are discharged into the POTW and that the state board or a regional board has determined has the reasonable potential to impair water quality.

SEC. 5. Section 13362 is added to the Water Code, to read:

13362. A publicly owned treatment works (POTW) with an approved pretreatment program may conduct inspections in accordance with the provisions of Sections 403.8(f)(1)(v) and 403.8(f)(2)(v) of Title 40 of the Code of Federal Regulations and assess and collect civil penalties and civil administrative penalties in accordance with Sections 54740, 54740.5, and 54740.6 of the Government Code, with regard to all dischargers of industrial waste to the POTW.

SEC. 6. Section 13385 of the Water Code is amended to read:

(e) In determining the amount of any liability imposed under this section, the regional board, the state board, or the superior court, as the case may be, shall take into account the nature, circumstances, extent, and gravity of the violation, and, with respect to the violator, the ability to pay, any prior history of violations, the degree of culpability, economic benefit or savings, if any, resulting from the violation, and other matters that justice may require. At a minimum, liability shall be assessed at a level that recovers the economic benefits, if any, derived from the acts that constitute the violation.

(f) For purposes of this section, a single operational upset that leads to simultaneous violations of more than one pollutant parameter shall be treated as a single violation.

(g) Remedies under this section are in addition to, and do not supersede or limit, any other remedies, civil or criminal except that no liability shall be recoverable under Section 13261, 13265, 13268, or 13350 for violations for which liability is recovered under this section.

(h) (1) Notwithstanding any other provision of this division, a mandatory minimum penalty of three thousand dollars ($3,000) shall be assessed for the first serious violation in any 180-day period, except that in lieu of assessing that penalty the state board or the regional

board may elect to require the discharger to spend an amount equal to the penalty to mitigate the subject waste discharge, or to develop a pollution prevention plan.

(2) For the purpose of this section, a serious violation means any waste discharge that exceeds the effluent limitations for a Group II pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 20 percent or more or for a Group I pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 40 percent or more.

(i) Notwithstanding any other provision of this division, a minimum mandatory penalty of three thousand dollars ($3,000) shall be assessed for each violation if either of the following applies:

(1) The person commits two or more serious violations in any 180-day period.

(j) Mandatory penalties shall not be assessed under this section if the violations are caused by one or any combination of the following:

(1) An act of war.

(2) An unanticipated, grave natural disaster or other natural phenomenon of an exceptional, inevitable, and irresistible character, the effects of which could not have been prevented or avoided by the exercise of due care or foresight.

(3) An intentional act of a third party, the effects of which could not have been prevented or avoided by the exercise of due care or foresight.

(k) The Attorney General, upon request of a regional board or the state board, shall petition the appropriate court to collect any penalty imposed pursuant to this section. Any person who fails to pay on a timely basis any penalty imposed under this section shall be required to pay, in addition to that penalty, interest, attorneys' fees, costs for collection proceedings, and a quarterly nonpayment penalty for each quarter during which the failure to pay persists. The nonpayment penalty shall be in an amount equal to 20 percent of the aggregate amount of the person's penalty and nonpayment penalties that are unpaid as of the beginning of the quarter.

(*l*) Funds collected pursuant to this subdivision shall be deposited in the State Water Pollution Cleanup and Abatement Account.

(m) (1) Notwithstanding Section 7550.5 of the Government Code, the state board shall report annually to the Legislature regarding its enforcement activities. The reports shall include all of the following:

(2) The report shall be submitted to the Chairperson of the Assembly Committee on Environmental Safety and Toxic Materials and the Chairperson of the Senate Committee on Environmental Quality on or before March 1 of each year.

(n) Negligence on the part of the state, the United States, or any department or agency thereof, shall not be a defense to liability imposed pursuant to this section for any discharge caused by the discharger's own negligence.

SEC. 7. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 93

An act to amend Section 13385 of, and to add Sections 13263.3, 13263.6, and 13362 to, the Water Code, relating to water.

[Approved by Governor July 12, 1999. Filed with Secretary of State July 12, 1999.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known as the Clean Water Enforcement and Pollution Prevention Act of 1999.

SEC. 2. The Legislature finds and declares all of the following:

(a) The State Water Resources Control Board and the regional water quality control boards have identified numerous water bodies throughout the state that are not meeting water quality standards.

(b) The sources of water quality impairments in California are diverse and include nonpoint sources such as agricultural, forestry, and urban dry weather and storm water runoff, residential onsite sewage disposal systems, and boats and marinas, and point sources such as industrial discharges and municipal publicly owned treatment works (POTWs).

(c) The state board and the regional boards prescribe waste discharge requirements to regulate discharges by point sources.

(d) Recent investigations indicate that current enforcement efforts of the state board and the regional boards may not be

achieving full compliance with waste discharge requirements in a timely manner, and that swift and timely enforcement of waste discharge requirements will assist in bringing the state's waters into compliance and will ensure that violators do not realize economic benefits from noncompliance.

(e) To attain water quality standards in the state's waters, additional efforts are also needed to control threats to the health of the state's waters that are posed by nonpoint sources of pollution.

SEC. 3. Section 13263.3 is added to the Water Code, to read:

13263.3. (a) The Legislature finds and declares that pollution prevention should be the first step in a hierarchy for reducing pollution and managing wastes, and to achieve environmental stewardship for society. The Legislature also finds and declares that pollution prevention is necessary to support the federal goal of zero discharge of pollutants into navigable waters.

(b) (1) For the purposes of this section, "pollution prevention" means any action that causes a net reduction in the use or generation of a hazardous substance or other pollutant that is discharged into water and includes any of the following:

(A) "Input change," which means a change in raw materials or feedstocks used in a production process or operation so as to reduce, avoid, or eliminate the generation of pollutants discharged in wastewater.

(B) "Operational improvement," which means improved site management so as to reduce, avoid, or eliminate the generation of pollutants discharged in wastewater.

(C) "Production process change," which means a change in a process, method, or technique that is used to produce a product or a desired result, including the return of materials or their components for reuse within the existing processes or operations, so as to reduce, avoid, or eliminate the generation of pollutants discharged in wastewater.

(D) "Product reformulation," which means changes in design, composition, or specifications of end products, including product substitution, so as to reduce, avoid, or eliminate the generation of problem pollutants discharged in wastewater.

(2) For the purposes of this section, "pollution prevention" does not include actions that merely shift a pollutant in wastewater from one environmental medium to another environmental medium, unless clear environmental benefits of such an approach are identified to the satisfaction of the state board, the regional board, or POTW.

(c) For the purposes of this section, "discharger" means any entity required to obtain a national pollutant discharge elimination system (NPDES) permit pursuant to the Clean Water Act (33 U.S.C. Sec. 1251 et seq.), or any entity subject to the pretreatment program as defined in Part 403 (commencing with Section 403.1) of Subchapter

N of Chapter 1 of Part 403 of Title 40 of the Code of Federal Regulations.

(d) (1) The state board, a regional board, or a POTW may require a discharger subject to its jurisdiction to complete and implement a pollution prevention plan if any of the following apply:

(A) A discharger is determined by the state board to be a chronic violator, and the state board, a regional board, or the POTW determines that pollution prevention could assist in achieving compliance.

(B) The discharger significantly contributes, or has the potential to significantly contribute, to the creation of a toxic hot spot as defined in Section 13391.5.

(C) The state board, a regional board, or a POTW determines pollution prevention is necessary to achieve a water quality objective.

(2) A pollution prevention plan required of a discharger other than a POTW pursuant to paragraph (1) shall include all of the following:

(A) An analysis of one or more of the pollutants, as directed by the state board, a regional board, or a POTW, that the facility discharges into water or introduces into POTWs, a description of the sources of the pollutants, and a comprehensive review of the processes used by the discharger that result in the generation and discharge of the pollutants.

(B) An analysis of the potential for pollution prevention to reduce the generation of the pollutants, including the application of innovative and alternative technologies and any adverse environmental impacts resulting from the use of those methods.

(C) A detailed description of the tasks and time schedules required to investigate and implement various elements of pollution prevention techniques.

(D) A statement of the discharger's pollution prevention goals and strategies, including priorities for short-term and long-term action.

(E) A description of the discharger's existing pollution prevention methods.

(F) A statement that the discharger's existing and planned pollution prevention strategies do not constitute cross media pollution transfers unless clear environmental benefits of such an approach are identified to the satisfaction of the state board, the regional board, or the POTW, and information that supports that statement.

(G) Proof of compliance with the Hazardous Waste Source Reduction and Management Review Act of 1989 (Article 11.9 (commencing with Section 25244.12) of Chapter 6.5 of Division 20 of the Health and Safety Code) if the discharger is also subject to that act.

(H) An analysis, to the extent feasible, of the relative costs and benefits of the possible pollution prevention activities.

(I) A specification of, and rationale for, the technically feasible and economically practicable pollution prevention measures selected by the discharger for implementation.

(3) The state board or a regional board may require a POTW to complete and implement a pollution prevention plan that includes all of the following:

(A) An estimate of all of the sources of a pollutant contributing, or potentially contributing, to the loading of that pollutant in the treatment plant influent.

(B) An analysis of the methods that could be used to prevent the discharge of the pollutants into the POTW, including application of local limits to industrial or commercial dischargers regarding pollution prevention techniques, public education and outreach, or other innovative and alternative approaches to reduce discharges of the pollutant to the POTW. The analysis also shall identify sources, or potential sources, not within the ability or authority of the POTW to control, such as pollutants in the potable water supply, airborne pollutants, pharmaceuticals, or pesticides, and estimate the magnitude of those sources, to the extent feasible.

(C) An estimate of load reductions that may be attained through the methods identified in subparagraph (B).

(D) A plan for monitoring the results of the pollution prevention program.

(E) A description of the tasks, cost, and time required to investigate and implement various elements in the pollution prevention plan.

(F) A statement of the POTW's pollution prevention goals and strategies, including priorities for short-term and long-term action, and a description of the POTW's intended pollution prevention activities for the immediate future.

(G) A description of the POTW's existing pollution prevention programs.

(H) An analysis, to the extent feasible, of any adverse environmental impacts, including cross media impacts or substitute chemicals, that may result from the implementation of the pollution prevention program.

(I) An analysis, to the extent feasible, of the costs and benefits that may be incurred to implement the pollution prevention program.

(e) The state board, a regional board, or a POTW may require a discharger subject to this section to comply with the pollution prevention plan developed by the discharger after providing an opportunity for comment at a public proceeding with regard to that plan.

(f) The state board, regional boards, and POTWs shall make the pollution prevention plans available for public review, except to the extent that information is classified as confidential because it is a

trade secret. Trade secret information shall be set forth in an appendix that is not available to the public.

(g) The state board or regional board may assess civil penalties pursuant to Section 13385 against a discharger for failure to complete a pollution prevention plan required by the state board or a regional board, for submitting a plan that does not comply with the act, or for not implementing a plan, unless the POTW has assessed penalties for the same action.

(h) A POTW may assess civil penalties and civil administrative penalties pursuant to Sections 54740, 54740.5, and 54740.6 of the Government Code against a discharger for failure to complete a pollution prevention plan when required by the POTW, for submitting a plan that does not comply with the act, or for not implementing a plan, unless the state board or a regional board has assessed penalties for the same action.

(i) A discharger may change its pollution prevention plan, including withdrawing from a pollution prevention measure required by the state board, a regional board, or a POTW, if the discharger determines that the measure will have a negative impact on product quality, the safe operation of the facility, or the environmental aspects of the facility's operation, or the discharger determines that the measure is economically impracticable or technologically infeasible. Where practicable and feasible, the discharger shall replace the withdrawn measure with a measure that will likely achieve similar pollution prevention objectives. A measure may be withdrawn pursuant to this subdivision only with the approval of the executive officer of the state board or the regional board, or the POTW.

(j) The state board shall adopt a sample format to be used by dischargers for completing the plan required by this section. The sample format shall address all of the factors the discharger is required to include in the plan. The board may include any other factors determined by the board to be necessary to carry out this section. The adoption of the sample format pursuant to this section is not subject to Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code.

(k) The state board, a regional board, or POTW may not include a pollution prevention plan in any waste discharge requirements or other permit issued by that agency.

(*l*) This section prevails over Section 13263.3, as added to the Water Code by Assembly Bill 1104 of the 1999–2000 Regular Session.

SEC. 4. Section 13263.6 is added to the Water Code, to read:

13263.6. (a) The regional board shall prescribe effluent limitations as part of the waste discharge requirements of a POTW for all substances that the most recent toxic chemical release data reported to the state emergency response commission pursuant to Section 313 of the Emergency Planning and Community Right to Know Act of 1986 (42 U.S.C. Sec. 11023) indicate as discharged into

the POTW, for which the state board or the regional board has established numeric water quality objectives, and has determined that the discharge is or may be discharged at a level which will cause, have the reasonable potential to cause, or contribute to, an excursion above any numeric water quality objective.

(b) This section prevails over Section 13263.6, as added to the Water Code by Assembly Bill 1104 of the 1999–2000 Regular Session.

SEC. 5. Section 13362 is added to the Water Code, to read:

13362. (a) A publicly owned treatment works (POTW) with an approved pretreatment program may conduct inspections in accordance with the provisions of Sections 403.8(f)(1)(v) and 403.8(f)(2)(v) of Title 40 of the Code of Federal Regulations and assess and collect civil penalties and civil administrative penalties in accordance with Sections 54740, 54740.5, and 54740.6 of the Government Code, with regard to all dischargers of industrial waste to the POTW.

(b) This section prevails over Section 13362, as added to the Water Code by Assembly Bill 1104 of the 1999–2000 Regular Session.

SEC. 6. Section 13385 of the Water Code is amended to read:

(1) Section 13375 or 13376.

(2) Any waste discharge requirements or dredged and fill material permit.

(3) Any requirements established pursuant to Section 13383.

(4) Any order or prohibition issued pursuant to Section 13243 or Article 1 (commencing with Section 13300) of Chapter 5, if the activity subject to the order or prohibition is subject to regulation under this chapter.

(5) Any requirements of Section 301, 302, 306, 307, 308, 318, or 405 of the Federal Water Pollution Control Act, as amended.

(6) Any requirement imposed in a pretreatment program approved pursuant to waste discharge requirements issued under Section 13377 or approved pursuant to a permit issued by the administrator.

(b) Civil liability may be imposed by the superior court in an amount not to exceed the sum of both of the following:

(1) Twenty-five thousand dollars ($25,000) for each day in which the violation occurs.

(2) Where there is a discharge, any portion of which is not susceptible to cleanup or is not cleaned up, and the volume discharged but not cleaned up exceeds 1,000 gallons, an additional liability not to exceed twenty-five dollars ($25) multiplied by the number of gallons by which the volume discharged but not cleaned up exceeds 1,000 gallons.

The Attorney General, upon request of a regional board or the state board, shall petition the superior court to impose the liability.

(c) Civil liability may be imposed administratively by the state board or a regional board pursuant to Article 2.5 (commencing with Section 13323) of Chapter 5 in an amount not to exceed the sum of both of the following:

(d) For purposes of subdivisions (b) and (c), the term "discharge" includes any discharge to navigable waters of the United States, any introduction of pollutants into a publicly owned treatment works, or any use or disposal of sewage sludge.

(e) In determining the amount of any liability imposed under this section, the regional board, the state board, or the superior court, as the case may be, shall take into account the nature, circumstances, extent, and gravity of the violation, and, with respect to the violator, the ability to pay, any prior history of violations, the degree of culpability, economic benefit or savings, if any, resulting from the violation, and other matters that justice may require. At a minimum, liability shall be assessed at a level that recovers the economic benefits, if any, derived from the acts that constitute the violation.

(f) For purposes of this section, a single operational upset that leads to simultaneous violations of more than one pollutant parameter shall be treated as a single violation.

(g) Remedies under this section are in addition to, and do not supersede or limit, any other remedies, civil or criminal except that no liability shall be recoverable under Section 13261, 13265, 13268, or 13350 for violations for which liability is recovered under this section.

(h) (1) Notwithstanding any other provision of this division, a mandatory minimum penalty of three thousand dollars ($3,000) shall be assessed for the first serious violation in any six-month period, except that in lieu of assessing that penalty the state board or the regional board may elect to require the discharger to spend an amount equal to the penalty for a supplemental environmental project in accordance with the enforcement policy of the state board and any applicable guidance document, or to develop a pollution prevention plan.

(2) For the purpose of this section, a serious violation means any waste discharge that exceeds the effluent limitations for a Group II pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 20 percent or more or for a Group I pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 40 percent or more.

(3) For the purposes of this section, a "supplemental environmental project" means an environmentally beneficial project that a person agrees to undertake, with the approval of the regional board, that would not be undertaken in the absence of an enforcement action under Section 13385.

(i) Notwithstanding any other provision of this division, a minimum mandatory penalty of three thousand dollars ($3,000) shall be assessed for each violation, not counting the first violation described in paragraph (1) of subdivision (h) for the purposes of paragraph (1) of this subdivision and not counting the first three violations described in paragraph (2), if either of the following applies:

(1) The person commits two or more serious violations in any six-month period.

(2) The person does any of the following four or more times in any six-month period:

(A) Exceeds a waste discharge requirement effluent limitation.

(B) Fails to file a report pursuant to Section 13260.

(k) The Attorney General, upon request of a regional board or the state board, shall petition the appropriate court to collect any penalty imposed pursuant to this section. Any person who fails to pay on a timely basis any penalty imposed under this section shall be required to pay, in addition to that penalty, interest, attorneys' fees, costs for collection proceedings, and a quarterly nonpayment penalty for each quarter during which the failure to pay persists. The nonpayment penalty shall be in an amount equal to 20 percent of the aggregate amount of the person's penalty and nonpayment penalties that are unpaid as of the beginning of the quarter.

(*l*) Funds collected pursuant to this subdivision shall be deposited in the State Water Pollution Cleanup and Abatement Account.

(m) (1) Notwithstanding Section 7550.5 of the Government Code, the state board shall report annually to the Legislature regarding its enforcement activities. The reports shall include all of the following:

(2) The report shall be submitted to the Chairperson of the Assembly Committee on Environmental Safety and Toxic Materials and the Chairperson of the Senate Committee on Environmental Quality on or before March 1, 2001, and annually thereafter.

SEC. 7. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 94

An act relating to property taxation, and declaring the urgency thereof, to take effect immediately.

[Became law without Governor's signature. Filed with Secretary of State July 13, 1999.]

The people of the State of California do enact as follows:

SECTION 1. (a) California's property owners pay over $20 billion each year in property taxes, making the property tax the third largest nonfederal tax in the state.

(b) While most California cities, counties, special districts, redevelopment agencies, and schools are highly reliant upon property taxes, the state's system for allocating these revenues to local governments is seriously flawed.

(c) Specifically, California's system for allocating property taxes does not reflect (1) modern needs and preferences of local communities, or (2) the relative need for funding by cities, counties, special districts, redevelopment agencies, and schools to carry out their mandated and discretionary services.

(d) In addition, the current system centralizes control over property tax allocation in Sacramento and gives the state full authority to reallocate property taxes to offset state education funding obligations.

(e) The Legislature wishes to revamp the current system of property tax allocation to do the following:

(1) Increase taxpayer knowledge of the allocation of property taxes.

(2) Provide greater local control over property tax allocation.

(3) Give cities and counties greater fiscal incentives to approve land developments other than retail developments.

(f) To assist the Legislature in this effort, the Legislative Analyst shall prepare a report, by December 31, 1999, presenting at least two alternatives for restructuring the property tax allocation system in a manner consistent with these goals. In developing these alternatives, the Legislative Analyst shall consider the option of establishing a minimum percentage of the property tax to be allocated to each California county.

(g) The Legislature recognizes that any effort to restructure the allocation of property taxes would result in some local governments gaining property taxes and some local governments losing property tax revenues. In order to minimize the local fiscal impact of these changes, the Legislature intends to consider allocating an unspecified amount in additional revenues available to cities, counties, and special districts.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to obtain needed information to correct inequities in the property tax formula at the earliest possible time, it is necessary for this act to take effect immediately.

CHAPTER 95

An act to amend Section 16302.1 of, to add Sections 13940, 13941, 13942, 13943, 13943.1, and 13943.2 to, and to repeal Sections 16301.6, 16301.7, and 16301.8 of, the Government Code, relating to state finance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 13, 1999. Filed with Secretary of State July 13, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 13940 is added to the Government Code, to read:

13940. Any state agency or employee required to collect any state taxes, licenses, fees, or money owing to the state for any reason that is due and payable may be discharged by the board from

accountability for the collection of the taxes, licenses, fees, or money if the debt is uncollectible or the amount of the debt does not justify the cost of its collection.

SEC. 2. Section 13941 is added to the Government Code, to read:

13941. The application for a discharge under this chapter shall be filed with the Controller and include the following:

(a) A statement of the nature and amount of the tax, license, fee, or other money due.

(b) The names of the persons liable.

(c) The estimated cost of collection.

(d) All other facts warranting the discharge, unless the Controller determines that the circumstances do not warrant the furnishing of detailed information.

SEC. 3. Section 13942 is added to the Government Code, to read:

13942. The Controller shall audit the applications and recommend to the board an order discharging the applicant from further accountability for collection and authorizing the applicant to close its book on that item, if the Controller determines the following:

(a) The matters contained in the application are correct.

(b) No credit exists against which the debt can be offset.

(c) Collection is improbable for any reason.

(d) The cost of recovery does not justify the collection.

(e) For items that exceed the monetary jurisdiction of the small claims court, the Attorney General has advised, in writing, that collection is not justified by the cost or is improbable for any reason.

SEC. 4. Section 13943 is added to the Government Code, to read:

13943. The board may delegate to the Controller, under terms and conditions that are acceptable to the board, the authority to discharge from accountability a state agency for accounts that do not exceed the amount specified in subdivision (e) of Section 13942 and thereby authorize the closing of the agency's books in regard to that item.

SEC. 5. Section 13943.1 is added to the Government Code, to read:

13943.1. A discharge granted pursuant to this chapter to a state agency or employee does not release any person from the payment of any tax, license, fee, or other money that is due and owing to the state.

SEC. 6. Section 13943.2 is added to the Government Code, to read:

13943.2. Upon authorization of the board, a state agency is not required to collect taxes, licenses, fees, or money owing to the state for any reason if the amount to be collected is two hundred fifty dollars ($250) or less. A state agency that seeks this authorization shall file an application with the board accompanied by a statement of circumstances. Nothing contained in this section shall be construed as releasing any person from the payment of any money due the state.

SEC. 7. Section 16301.6 of the Government Code is repealed.

SEC. 8. Section 16301.7 of the Government Code is repealed.

SEC. 9. Section 16301.8 of the Government Code is repealed.

SEC. 10. Section 16302.1 of the Government Code is amended to read:

16302.1. Whenever any person pays to any state agency pursuant to law an amount covering taxes, penalties, interest, license or other fees, or any other payment, and it is subsequently determined by the state agency responsible for the collection thereof that this amount includes an overpayment of ten dollars ($10) or less of the amount due the state pursuant to the assessment, levy, or charge to which the payment is applicable, the amount of the overpayment may be disposed of in either of the following ways:

(a) The state agency responsible for the collection to which the overpayment relates may apply the amount of the overpayment as a payment by the person on any other taxes, penalties, interest, license or other fees, or any other amount due the state from that person if the state agency is responsible by law for the collection to which the overpayment is to be applied as a payment.

(b) Upon written request of the state agency responsible for the collection to which the overpayment relates, the amount of the overpayment shall, on order of the Controller, be deposited as revenue in the fund in the State Treasury into which the collection, exclusive of overpayments, is required by law to be deposited.

The State Board of Control may adopt rules and regulations to permit state agencies to retain these overpayments where a demand for refund permitted by law is not made within six months after the refund becomes due, and the retained overpayments shall belong to the state.

Except as provided in the foregoing paragraph, this section shall not affect the right of any person making overpayment of any amount to the state to make a claim for refund of the overpayment, nor the authority of any state agency or official to make payment of any amount so claimed, if otherwise authorized by law.

SEC. 11. For each of the fiscal years 1999–2000 to 2008–09, inclusive, the Controller shall transfer to the General Fund, from Fund No. 0348 listed in Schedule (d) of Item 0110-001-0001 of Section 2.00 of the annual Budget Act, an amount equal to 10 percent of the total amount that, pursuant to a Department of Finance loan repayment letter of March 19, 1999, was loaned in augmentation of that item for the purpose of funding contributions pursuant to Section 20822 or former Section 20751 of the Government Code. Notwithstanding any other provision of law, the transfers made pursuant to this section are hereby deemed to fully satisfy all obligations to make repayment of that loan. The loan may be fully repaid and satisfied by an accelerated payment schedule, as agreed to by the parties, at any time prior to the 2008–09 fiscal year, after which the Controller shall not make any further transfers pursuant to this section.

SEC. 12. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure the efficient operation of state financial affairs and to enable the Public Employees' Retirement System to operate on an actuarially sound basis, it is necessary that this act take effect immediately.

CHAPTER 96

An act to amend Article 6.1 (commencing with Section 105) of the Lake Cuyamaca Recreation and Park District Act (added by Chapter 1982 of the Statutes of 1963), to add Section 76.5 to Chapter 1654 of the Statutes of 1961, and to add Section 5782.5.1 to the Public Resources Code, relating to recreation and park districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 13, 1999. Filed with Secretary of State July 13, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 5782.5.1 is added to the Public Resources Code, to read:

5782.5.1. The District Board of the Valley-Wide Recreation and Park District and the District Board of the Coachella Valley Recreation and Park District may each maintain a local checking account or savings account, or both a checking account and savings account, upon approval of the Board of Supervisors of Riverside County, and may transfer funds to those accounts for distribution and payment of their respective ongoing operational expenses, salaries, and debt obligations, from accounts that the board of supervisors may establish in the Riverside County Treasury for those districts for those purposes.

SEC. 2. Section 76.5 is added to Chapter 1654 of the Statutes of 1961, to read:

76.5. The district may levy and collect a special tax pursuant to the Mello-Roos Community Facilities Act of 1982 (Chapter 2.5 (commencing with Section 53311) of Part 1 of Division 2 of Title 5 of the Government Code) for any of the purposes authorized by that act.

SEC. 3. Article 6.1 (commencing with Section 105) of the Lake Cuyamaca Recreation and Park District Act (added by Chapter 1982, Statutes of 1963) is amended to read:

Article 6.1. Long-term Leases

Sec. 105. If the district board determines, by a four-fifths vote of its entire membership, that it is necessary to enter into a long-term lease agreement for services or property of any kind, including water, from another public agency, or from any person, firm or corporation to provide adequate recreational facilities and services within the district, the district board may enter into such a lease agreement for a term not exceeding 40 years.

SEC. 4. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution due to the unique circumstances concerning the Lake Cuyamaca, the Valley-Wide, and the Coachella Valley Recreation and Park Districts.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that the Lake Cuyamaca Recreation and Park District may execute a long-term lease with the Helix Water District at the earliest possible time, and to enable the District Board of the Valley-Wide Recreation and Park District and the District Board of the Coachella Valley Recreation and Park District to pay ongoing operational expenses, salaries, and debt obligations, thereby enabling those districts to continue providing recreational services to the public, it is necessary that this act take effect immediately.

CHAPTER 97

An act to amend Section 8 of the County Water Authority Act (Chapter 545 of the Statutes of 1943), relating to county water authorities.

[Approved by Governor July 13, 1999. Filed with Secretary of State July 13, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 8 of the County Water Authority Act (Chapter 545 of the Statutes of 1943) is amended to read:

Sec. 8. (a) An authority may incur indebtedness by contract other than by voting bonds or expenditure of bond proceeds up to a total amount equal to one-tenth of 1 percent of the assessed value, as defined in Section 135 of the Revenue and Taxation Code, or as otherwise hereafter defined by an act of the Legislature, of property taxable for authority purposes by a vote of three-fourths or more of the aggregate number of votes of all members of the board of

directors. Any proposal to incur an indebtedness in excess of that amount by contract other than by voting bonds or expenditure of bond proceeds, and any proposal to purchase, lease, or otherwise acquire rights, privileges, or services by contract, the compensation for which shall be payable over a period exceeding 40 years, shall be submitted to the qualified electors of the authority for their approval and shall be voted upon at an election where the proceedings are held, insofar as applicable, in the manner provided in this act for the authorization and issuance of the bonds of the authority, except that the vote of a majority of the electors voting upon the proposition shall be sufficient to authorize the incurring of the indebtedness. Notice of the election shall contain, in addition to the information required in the case of bond elections, a statement of the maximum amount of money to be paid under the contract, exclusive of penalties and interest, for what purposes the money is to be expended, and the property, improvements, works, rights, privileges, or services to be acquired thereby. The ballots at the election shall contain a brief statement of the general purposes of the contract and the amount of the obligation to be assumed, with the words "Contract--Yes" and "Contract--No." The board of directors may submit the contract or proposed contract to the superior court of the county where the authority is located to determine the validity of the contract and the legal authority of the board to enter into the contract, with the same proceedings to be held as provided in this act in the case of the judicial determination of the validity of bonds issued pursuant to this act and with like effect.

(b) A proposal to purchase, lease, or otherwise acquire rights, privileges, or services by contract for which the compensation shall be payable over a period that exceeds 20 years but is not more than 40 years, is subject to referendum. To initiate a referendum, a petition protesting the proposed action shall be signed by voters within the jurisdiction of the authority equal in number to at least 5 percent of the entire number of votes cast within that jurisdiction for all candidates for governor at the last gubernatorial election.

(c) If a proposition to consider the issuance of revenue bonds under the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300) of Part 1 of Division 2 of Title 6 of the Government Code) has been submitted to the qualified voters of an authority at an election held for that purpose and received the affirmative vote of a majority of the electors voting upon the proposition and, therefore, constitutes authority to issue revenue bonds under the Revenue Bond Law of 1941, the authority may, in lieu of issuing those revenue bonds, incur an indebtedness by contract, in addition to the indebtedness authorized by subdivision (a), in an amount, excluding penalties and interest, up to the amount authorized by and for the purpose authorized by the revenue bond proposition. The indebtedness shall be payable over a period of not to exceed 30 years, as provided in the resolution of the board of directors.

(d) If a contract of indebtedness incurred pursuant to subdivision (c) is repaid in full because construction of the project approved by the electorate was not commenced due to administrative, court, or other delays, resulting in failure to obtain necessary governmental permits, an authority may incur a second contract of indebtedness pursuant to subdivision (c) to fund construction of the project. The second indebtedness shall not exceed the amount authorized by the proposition approved by the electorate as provided in subdivision (c).

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district are the result of a program for which legislative authority was requested by that local agency or school district, within the meaning of Section 17556 of the Government Code and Section 6 of Article XIII B of the California Constitution.

CHAPTER 98

An act to amend Sections 703.140 and 704.115 of the Code of Civil Procedure, relating to exempt assets.

(i) That plan or contract was established by or under the auspices of an insider that employed the debtor at the time the debtor's rights under the plan or contract arose.

(ii) The payment is on account of age or length of service.

(iii) That plan or contract does not qualify under Section 401(a), 403(a), 403(b), 408, or 408A of the Internal Revenue Code of 1986.

(11) The debtor's right to receive, or property that is traceable to, any of the following:

(B) A payment on account of the wrongful death of an individual of whom the debtor was a dependent, to the extent reasonably necessary for the support of the debtor and any dependent of the debtor.

(C) A payment under a life insurance contract that insured the life of an individual of whom the debtor was a dependent on the date of that individual's death, to the extent reasonably necessary for the support of the debtor and any dependent of the debtor.

(D) A payment, not to exceed fifteen thousand dollars ($15,000), on account of personal bodily injury, not including pain and suffering or compensation for actual pecuniary loss, of the debtor or an individual of whom the debtor is a dependent.

(E) A payment in compensation of loss of future earnings of the debtor or an individual of whom the debtor is or was a dependent, to the extent reasonably necessary for the support of the debtor and any dependent of the debtor.

SEC. 2. Section 704.115 of the Code of Civil Procedure is amended to read:

(2) Profit-sharing plans designed and used for retirement purposes.

(3) Self-employed retirement plans and individual retirement annuities or accounts provided for in the Internal Revenue Code of 1986, as amended, including individual retirement accounts qualified under Section 408 or 408A of that code, to the extent the amounts held in the plans, annuities, or accounts do not exceed the maximum amounts exempt from federal income taxation under that code.

(b) All amounts held, controlled, or in process of distribution by a private retirement plan, for the payment of benefits as an annuity, pension, retirement allowance, disability payment, or death benefit from a private retirement plan are exempt.

(c) Notwithstanding subdivision (b), where an amount described in subdivision (b) becomes payable to a person and is sought to be applied to the satisfaction of a judgment for child, family, or spousal support against that person:

(1) Except as provided in paragraph (2), the amount is exempt only to the extent that the court determines under subdivision (c) of Section 703.070.

(2) If the amount sought to be applied to the satisfaction of the judgment is payable periodically, the amount payable is subject to an earnings assignment order for support as defined in Section 706.011 or any other applicable enforcement procedure, but the amount to be withheld pursuant to the assignment order or other procedure shall not exceed the amount permitted to be withheld on an earnings withholding order for support under Section 706.052.

(d) After payment, the amounts described in subdivision (b) and all contributions and interest thereon returned to any member of a private retirement plan are exempt.

(e) Notwithstanding subdivisions (b) and (d), except as provided in subdivision (f), the amounts described in paragraph (3) of subdivision (a) are exempt only to the extent necessary to provide for the support of the judgment debtor when the judgment debtor retires and for the support of the spouse and dependents of the judgment debtor, taking into account all resources that are likely to be available for the support of the judgment debtor when the judgment debtor retires. In determining the amount to be exempt under this subdivision, the court shall allow the judgment debtor such additional amount as is necessary to pay any federal and state income taxes payable as a result of the applying of an amount described in paragraph (3) of subdivision (a) to the satisfaction of the money judgment.

(f) Where the amounts described in paragraph (3) of subdivision (a) are payable periodically, the amount of the periodic payment that may be applied to the satisfaction of a money judgment is the amount that may be withheld from a like amount of earnings under Chapter 5 (commencing with Section 706.010) (Wage Garnishment Law). To the extent a lump sum distribution from an individual retirement account is treated differently from a periodic distribution under this subdivision, any lump sum distribution from an account qualified under Section 408A of the Internal Revenue Code shall be treated the same as a lump sum distribution from an account qualified under Section 408 of the Internal Revenue Code for

purposes of determining whether any of that payment may be applied to the satisfaction of a money judgment.

proposal shall be available upon the opening of the bid by the agency requesting the proposal.

(c) No person may participate in the evaluation of any proposal for the award of a contract that is subject to subdivision (a) if any of the following conditions apply:

(1) The person has a financial interest in the outcome of the evaluation or the contract.

(2) The person has received a gift of over two hundred fifty dollars ($250) during the previous 12 months from a bidder directly, or indirectly through an intermediary, if it is known to the person that the gift was in whole or in part funded by the bidder.

(d) The agency board or any person responsible for awarding a contract under this article shall not have any ex parte communication with a bidder or any representative of the bidder except in writing and if the communication is made public.

(e) A contract may not be awarded until 15 days after the staff recommendation has been made available to the public.

(f) An agency using the competitive negotiation process shall maintain in writing, and make available upon request, a complete description of the process and the policies and procedures used by the agency in doing so, including all standards, criteria, public protest procedures, and method of contract award. The agency shall also keep a complete record of its actions on each procurement.

(g) For purposes of this section and Sections 20217, 20229.1, 20231.5, and 20916.3 of this code and Sections 120224.4, 125228, and 130238 of the Public Utilities Code, "competitive negotiation" means a procurement process used by an agency in lieu of a competitive sealed bid process when conditions are not appropriate for the use of sealed bids, and that permits the consideration of price, technical experience, past performance, management, or other factors in selecting the most cost-effective proposal for the manufacture and delivery of specified goods, transit vehicles, or equipment. The process includes negotiations with manufacturers or providers after the receipt of initial proposals during which performance or technical standards and other criteria may be revised in order to secure proposals most advantageous to the purchasing agency or to cure any deficiencies contained in the original proposals.

SEC. 2. Section 20217 is added to the Public Contract Code, to read:

20217. (a) The Legislature finds and declares that the award of purchase contracts by transit agencies under competitive bid procedures may not be feasible for products and materials that are undergoing rapid technological changes or for the introduction of new technologies into agency operations, and that in these circumstances it is in the public interest to consider the broadest possible range of competing products and materials available, fitness of purpose, manufacturer's warranty, vendor financing, performance reliability, standardization, life cycle costs, delivery

timetables, support logistics, and other similar factors in addition to price in the award of these contracts.

(b) Notwithstanding any other provision of law, the governing board of a transit district, city, county, city and county, or transportation agency may direct the purchase of (1) computers, telecommunications equipment, fare collection equipment, radio and microwave equipment, and other related electronic equipment and apparatus used in transit operations ; (2) specialized rail transit equipment, including, but not limited to, railcars; (3) buses; and (4) passenger ferries, by competitive negotiation upon a finding by two-thirds vote of all members of the board that the purchase of those products or materials in compliance with provisions of this code generally applicable to the purchase does not constitute a method of procurement adequate for the agency's needs. This section does not apply to contracts for construction or for the procurement of any product available in substantial quantities to the general public.

(c) Competitive negotiation, for the purposes of this section includes, but is not limited to, all of the following requirements:

(1) A request for proposals shall be prepared and submitted to an adequate number of qualified sources, as determined by the agency in its discretion, to permit reasonable competition consistent with the nature and requirements of the procurement. In addition, a notice of the request for proposals shall be published at least once in a newspaper of general circulation, which shall be made at least 10 days before the date for receipt of the proposals. The agency shall make reasonable efforts to generate the maximum feasible number of proposals from qualified sources, and shall make a finding to that effect before proceeding to negotiate if only a single response to the request for proposal is received.

(2) The request for proposals shall identify all significant evaluation factors, including price, and their relative importance.

(3) The agency shall provide reasonable procedures for technical evaluation of the proposals received, identification of qualified sources, and selection for contract award.

(4) Prior to making an award, the agency shall prepare a price analysis and shall find that the final negotiated price is fair and reasonable based upon comparable procurement in the marketplace.

(5) The award shall be made to the qualified proposer whose proposal will be most advantageous to the agency with price and other factors considered. If the award is not made to the proposer whose proposal contains the lowest price, the agency shall make a finding setting forth the basis for the award.

(d) The agency may reject any and all proposals and issue a new request for proposals at its discretion.

(e) Upon making an award to a qualified proposer, the agency, upon request, shall make available to all other proposers and to the public, an analysis of the award that provides the basis for the selection of that particular qualified proposal.

(f) A person who submits, or who plans to submit, a proposal, may protest any acquisition conducted in accordance with this section pursuant to protest procedures established by the board as follows:

(1) Protests based on the content of the request for proposals shall be filed with the agency within 10 calendar days after the request for proposals is first advertised in accordance with subdivision (c). The agency shall issue a written decision on the protest prior to opening of proposals. A protest may be renewed by refiling the protest with the agency within 15 calendar days after the staff recommendation for award has been made available to the public as required by subdivision (e) of Section 20216.

(2) Any bidder may protest the recommended award on any ground not based upon the content of the request for proposals by filing a protest with the agency within 15 calendar days after the staff recommendation for award has been made available to the public as required by subdivision (e) of Section 20216.

(3) Any protest shall contain a full and complete written statement specifying in detail the grounds of the protest and the facts supporting the protest. Protesters shall have an opportunity to appear and be heard before the agency prior to the opening of proposals in the case of protests based on the content of the request for proposals, or prior to final award in the case of protests based on other grounds or the renewal of protests based on the content of the request for proposals.

(g) Provisions in any contract concerning women and minority business enterprises, which are in accordance with the request for proposals, shall not be subject to negotiation with the successful bidder.

(h) As used in this section, "agency" includes a transit district, city, county, city and county, or transportation agency when engaged in transit operations.

(2) With regard to a privately operated electronic home detention program pursuant to Section 1203.016, the limitation, described in paragraph (1), in prescribing a program administrative fee and application fee shall not apply.

(c) The correctional administrator, or his or her designee, shall not have access to a person's financial data prior to granting or denying a person's participation in, or assigning a person to, any of the programs governed by this section.

(d) The correctional administrator, or his or her designee, shall not consider a person's ability or inability to pay all or a portion of the program fee for the purposes of granting or denying a person's participation in, or assigning a person to, any of the programs governed by this section.

(e) For purposes of this section, "ability to pay" means the overall capability of the person to reimburse the costs, or a portion of the costs, of providing supervision and shall include, but shall not be limited to, consideration of all of the following factors:

(4) Any other factor that may bear upon the person's financial capability to reimburse the county for the fees fixed pursuant to subdivision (b).

Any fee the administrator, or his or her designee, charges pursuant to this section shall not in any case be in excess of the fee set by the board of supervisors and shall be based on the person's ability to pay. The administrator, or his or her designee, shall have the option to waive the fees for program supervision when deemed necessary, justified, or in the interests of justice. The fees charged for program supervision may be modified or waived at any time based on the changing financial position of the person. All fees paid by persons for program supervision shall be deposited into the general fund of the county.

(g) No person shall be denied consideration for, or be removed from, participation in any of the programs to which this section applies because of an inability to pay all or a portion of the program supervision fees. At any time during a person's sentence, the person may request that the administrator, or his or her designee, modify or suspend the payment of fees on the grounds of a change in circumstances with regard to the person's ability to pay.

(h) If the person and the administrator, or his or her designee, are unable to come to an agreement regarding the person's ability to pay, or the amount which is to be paid, or the method and frequency with

which payment is to be made, the administrator, or his or her designee, shall advise the appropriate court of the fact that the person and administrator, or his or her designee, have not been able to reach agreement and the court shall then resolve the disagreement by determining the person's ability to pay, the amount which is to be paid, and the method and frequency with which payment is to be made.

(i) At the time a person is approved for any of the programs to which this section applies, the administrator, or his or her designee, shall furnish the person a written statement of the person's rights in regard to the program for which the person has been approved, including, but not limited to, both of the following:

(1) The fact that the person cannot be denied consideration for or removed from participation in the program because of an inability to pay.

(2) The fact that if the person is unable to reach agreement with the administrator, or his or her designee, regarding the person's ability to pay, the amount which is to be paid, or the manner and frequency with which payment is to be made, that the matter shall be referred to the court to resolve the differences.

(j) In all circumstances where a county board of supervisors has approved a program administrator, as described in Sections 1203.016 and 1208, to enter into a contract with a private agency or entity to provide specified program services, the program administrator shall ensure that the provisions of this section are contained within any contractual agreement for this purpose. All privately operated home detention programs shall comply with all appropriate, applicable ordinances and regulations specified in subdivision (a) of Section 1208.

(d) Nothing in this section shall require any care or supervision to be provided by the residential care facility for the elderly beyond that which is permitted in this chapter.

(e) Nothing in this section is intended to expand the scope of life care contracts or the contractual obligation of continuing care retirement communities as defined in Section 1771.

(f) The department shall not be responsible for the evaluation of medical services provided to the resident by the hospice and shall have no liability for the independent acts of the hospice.

(g) Nothing in this section shall be construed to relieve a licensed residential care facility for the elderly of its responsibility to notify the appropriate fire authority of the presence of a bedridden resident in the facility as required under subdivision (e) of Section 1569.72, and to obtain and maintain a fire clearance as required under Section 1569.149.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

CHAPTER 115

An act to add and repeal Section 26826.3 of the Government Code, relating to filing fees.

[Approved by Governor July 13, 1999. Filed with Secretary of State July 13, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 26826.3 is added to the Government Code, to read:

26826.3. (a) It is the policy of the state that each court shall endeavor to provide a children's waiting room in each courthouse for children whose parents or guardians are attending a court hearing as a litigant, witness, or for other court purposes as determined by the

court. To defray that expense, in any county having established a children's waiting room or that elects to establish such a service, the board of supervisors may, after giving notice and holding a public hearing on the proposal, impose a surcharge of not less than two dollars ($2) and not more than five dollars ($5) for the filing in superior court of (1) a complaint, petition, or other first paper in a civil or probate action or special proceeding, (2) a first paper on behalf of any defendant, respondent, intervenor, or adverse party, (3) a motion for change of venue from another court, or (4) a first paper on behalf of any party in a proceeding under Section 98.2 of the Labor Code. This surcharge shall be in addition to the total filing fee, as defined in Section 26820.6, and as applicable to Section 26820.4, 26826, 26827, or any other fee authorized by this code. No party shall be required to pay the five dollar ($5) surcharge more than once in any action.

(b) The surcharge shall be remitted monthly by the clerk to the county treasurer, to be retained by the treasurer in a special fund designated as the Children's Waiting Room Fund. The board of supervisors shall make expenditures from the fund in payment of any cost, excluding capital outlay, related to the establishment and maintenance of the children's waiting room, including personnel, heat, light, telephone, security, rental of space, furnishings, toys, books, or any other item in connection with the operation of a children's waiting room.

(c) This section shall remain in effect only until January 1, 2010, and as of that date is repealed, unless a later enacted statute deletes or extends that date.

SEC. 2. It is the intent of the Legislature that the surcharge authorized pursuant to this act shall be used to provide children's waiting room services for children whose parents or guardians attend court proceedings on an infrequent basis, either as litigants, witnesses, or for other court purposes, as determined by the court.

CHAPTER 116

An act to amend Section 31469.5 of the Government Code, relating to county employees.

[Approved by Governor July 13, 1999. Filed with Secretary of State July 13, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 31469.5 of the Government Code is amended to read:

31469.5. (a) This section shall be applicable in the retirement system of any county of the 10th class, as defined by Sections 28020

and 28031, as amended by Chapter 1204 of the Statutes of 1971, if the board of supervisors executes a memorandum of understanding with the employee representatives and adopts, by majority vote, a resolution providing for safety status for probation officers, as provided in Section 31469.4.

(b) The purpose of this section is to provide optional safety status for probation officers employed on or before March 1, 1991. Notwithstanding Section 31558.6, that option shall be exercised within 120 days from the effective date of the implementation of Section 31469.4, together with the option to receive credit as a safety member for all or part of the time during which his or her duties would have made him or her eligible to become a safety member, if this section had then been in effect.

(c) Except as otherwise provided in this section, the retirement benefits of existing probation officers who elect to transfer from general membership in the county retirement system to safety membership shall be implemented pursuant to Section 31484.5, except that:

(1) The definition of final compensation in Section 31462.1 shall no longer apply to probation officers electing safety status; instead, the definition of final compensation in Section 31462 shall apply at the date of retirement to all credited safety service regardless of previous service under Section 31462.1. However, the board of supervisors may adopt a resolution providing that the definition of final compensation contained in Section 31462.1 shall apply to certain probation officers electing safety status and as specifically identified in the resolution and who are retiring on or after the date specified in the resolution.

(2) For employees entitled to a cost-of-living adjustment upon retirement, Article 16.5 (commencing with Section 31870) shall apply, except that the increase in the allowance shall not exceed a maximum amount of 3 percent in any given year credited as safety membership. An employee who elects safety retirement under Section 31469.4 and who thereby waives his or her entitlement to a higher cost-of-living allowance shall be deemed to have waived the higher cost-of-living allowance with regard to all previous service credited as safety service at the date of retirement, regardless of previous service under any other provision and shall be deemed to have relinquished any right to the higher cost-of-living allowance without refund of contributions therefor, except as determined by the board of supervisors.

(3) An employee who elects safety retirement under Section 31469.4 may elect to receive credit as a safety member for all or part of the time during which his or her duties would have made him or her eligible to become a safety member if this section had then been in effect as provided in Section 31639.7, except that an election to receive part credit may be exercised only in multiples of five years of service. A member who elects to receive credit for only a part of

that county service shall elect that county service latest in time and may not receive credit for any portion of county service prior in time to any county service for which he or she does not elect to received credit.

(4) A member not previously within the safety membership category who elects to receive credit for all or part of the time during which the member's duties would have made him or her eligible to become a safety member if this section had then been in effect shall pay into the retirement system the amount that would have had to be contributed by the employer to fund the employer's liability for safety membership and an amount equal to the difference between the employee's contributions actually made during the time for which he or she claims credit and the contributions the member would have made during that period if he or she had been in safety status during that period.

(d) All probation officers in Tier III who elect to transfer from general membership in the county retirement system to safety membership pursuant to this section shall be placed in Tier II regardless of their status prior to selecting Tier III benefits.

(e) All persons hired after the effective date of implementation of Section 31469.4 shall, upon retirement, have his or her cost-of-living allowance and final compensation computed in accordance with this section.

CHAPTER 117

An act to amend Section 17273 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor July 13, 1999. Filed with Secretary of State July 13, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 17273 of the Revenue and Taxation Code is amended to read:

For each taxable year beginning on or after January 1, 1999, Section 162(*l*)(1) of the Internal Revenue Code, relating to applicable percentage, is modified to provide that Section 2002 of the Tax and Trade Relief Extension Act of 1998 (P.L. 105-277), relating to phasein of a 100-percent deduction for health insurance, shall apply.

SEC. 2. This act provides for a tax levy within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 118

An act to amend Section 2040 of the Family Code, relating to dissolution of marriage.

[Approved by Governor July 13, 1999. Filed with Secretary of State July 13, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 2040 of the Family Code is amended to read:

2040. (a) In addition to the contents required by Section 412.20 of the Code of Civil Procedure, the summons shall contain a temporary restraining order:

(1) Restraining both parties from removing the minor child or children of the parties, if any, from the state without the prior written consent of the other party or an order of the court.

(2) Restraining both parties from transferring, encumbering, hypothecating, concealing, or in any way disposing of any property, real or personal, whether community, quasi-community, or separate, without the written consent of the other party or an order of the court, except in the usual course of business or for the necessities of life and requiring each party to notify the other party of any proposed extraordinary expenditures at least five business days before incurring those expenditures and to account to the court for all extraordinary expenditures made after service of the summons on that party.

Notwithstanding the foregoing, nothing in the restraining order shall preclude a party from using community property, quasi-community property, or the party's own separate property to pay reasonable attorney's fees and costs in order to retain legal counsel in the proceeding. A party who uses community property or quasi-community property to pay his or her attorney's retainer for fees and costs under this provision shall account to the community for the use of the property. A party who uses other property that is subsequently determined to be the separate property of the other party to pay his or her attorney's retainer for fees and costs under this provision shall account to the other party for the use of the property.

(3) Restraining both parties from cashing, borrowing against, canceling, transferring, disposing of, or changing the beneficiaries of any insurance or other coverage, including life, health, automobile, and disability held for the benefit of the parties and their child or children for whom support may be ordered.

(b) In all actions filed on and after January 1, 1995, the summons shall contain the following notice:

"WARNING: California law provides that, for purposes of division of property upon dissolution of marriage or legal separation, property acquired by the parties during marriage in joint form is presumed to

be community property. If either party to this action should die before the jointly held community property is divided, the language of how title is held in the deed (i.e., joint tenancy, tenants in common, or community property) will be controlling and not the community property presumption. You should consult your attorney if you want the community property presumption to be written into the recorded title to the property."

CHAPTER 119

An act to amend Section 1102.2 of the Civil Code, relating to real property transfer disclosures.

[Approved by Governor July 13, 1999. Filed with Secretary of State July 13, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 1102.2 of the Civil Code is amended to read:

CHAPTER 120

An act to amend Section 340.1 of the Code of Civil Procedure, relating to commencement of actions.

[Approved by Governor July 14, 1999. Filed with Secretary of State July 14, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 340.1 of the Code of Civil Procedure is amended to read:

340.1. (a) In an action for recovery of damages suffered as a result of childhood sexual abuse, the time for commencement of the action shall be within eight years of the date the plaintiff attains the age of majority or within three years of the date the plaintiff discovers or reasonably should have discovered that psychological injury or illness occurring after the age of majority was caused by the sexual abuse, whichever period expires later, for any of the following actions:

(1) An action against any person for committing an act of childhood sexual abuse.

(2) An action for liability against any person or entity who owed a duty of care to the plaintiff, where a wrongful or negligent act by that person or entity was a legal cause of the childhood sexual abuse which resulted in the injury to the plaintiff.

(3) An action for liability against any person or entity where an intentional act by that person or entity was a legal cause of the childhood sexual abuse which resulted in the injury to the plaintiff.

(b) No action described in paragraph (2) or (3) of subdivision (a) may be commenced on or after the plaintiff's 26th birthday.

(c) "Childhood sexual abuse" as used in this section includes any act committed against the plaintiff that occurred when the plaintiff was under the age of 18 years and that would have been proscribed by Section 266j of the Penal Code; Section 285 of the Penal Code; paragraph (1) or (2) of subdivision (b), or of subdivision (c), of Section 286 of the Penal Code; subdivision (a) or (b) of Section 288 of the Penal Code; paragraph (1) or (2) of subdivision (b), or of subdivision (c), of Section 288a of the Penal Code; subdivision (h), (i), or (j) of Section 289 of the Penal Code; Section 647.6 of the Penal Code; or any prior laws of this state of similar effect at the time the act was committed. Nothing in this subdivision limits the availability of causes of action permitted under subdivision (a), including causes of action against persons or entities other than the alleged perpetrator of the abuse.

(d) Nothing in this section shall be construed to alter the otherwise applicable burden of proof, as defined in Section 115 of the Evidence Code, that a plaintiff has in a civil action subject to this section.

(e) Every plaintiff 26 years of age or older at the time the action is filed shall file certificates of merit as specified in subdivision (f).

(f) Certificates of merit shall be executed by the attorney for the plaintiff and by a licensed mental health practitioner selected by the plaintiff declaring, respectively, as follows, setting forth the facts which support the declaration:

(1) That the attorney has reviewed the facts of the case, that the attorney has consulted with at least one mental health practitioner who is licensed to practice and practices in this state and who the attorney reasonably believes is knowledgeable of the relevant facts and issues involved in the particular action, and that the attorney has concluded on the basis of that review and consultation that there is reasonable and meritorious cause for the filing of the action. The person consulted may not be a party to the litigation.

(2) That the mental health practitioner consulted is licensed to practice and practices in this state and is not a party to the action, that the practitioner is not treating and has not treated the plaintiff, and that the practitioner has interviewed the plaintiff and is knowledgeable of the relevant facts and issues involved in the particular action, and has concluded, on the basis of his or her knowledge of the facts and issues, that in his or her professional opinion there is a reasonable basis to believe that the plaintiff had been subject to childhood sexual abuse.

(3) That the attorney was unable to obtain the consultation required by paragraph (1) because a statute of limitations would impair the action and that the certificates required by paragraphs (1) and (2) could not be obtained before the impairment of the action. If a certificate is executed pursuant to this paragraph, the certificates

required by paragraphs (1) and (2) shall be filed within 60 days after filing the complaint.

(g) Where certificates are required pursuant to subdivision (e), the attorney for the plaintiff shall execute a separate certificate of merit for each defendant named in the complaint.

(h) In any action subject to subdivision (e), no defendant may be served, nor shall the duty to serve a defendant with process attach, until the court has reviewed the certificates of merit filed pursuant to subdivision (f) with respect to that defendant, and has found, in camera, based solely on those certificates of merit, that there is reasonable and meritorious cause for the filing of the action against that defendant. At that time, the duty to serve that defendant with process shall attach.

(i) A violation of this section may constitute unprofessional conduct and may be the grounds for discipline against the attorney.

(j) The failure to file certificates in accordance with this section shall be grounds for a demurrer pursuant to Section 430.10 or a motion to strike pursuant to Section 435.

(k) In any action subject to subdivision (e), no defendant may be named except by "Doe" designation in any pleadings or papers filed in the action until there has been a showing of corroborative fact as to the charging allegations against that defendant.

(*l*) At any time after the action is filed, plaintiff may apply to the court for permission to amend the complaint to substitute the name of the defendant or defendants for the fictitious designation, as follows:

(1) The application shall be accompanied by a certificate of corroborative fact executed by the attorney for the plaintiff. The certificate shall declare that the attorney has discovered one or more facts corroborative of one or more of the charging allegations against a defendant or defendants, and shall set forth in clear and concise terms the nature and substance of the corroborative fact. If the corroborative fact is evidenced by the statement of a witness or the contents of a document, the certificate shall declare that the attorney has personal knowledge of the witness's statement or of the contents of the document, and the identity and location of the witness or document shall be included in the certificate. For purposes of this section, a fact is corroborative of an allegation if it confirms or supports the allegation. The opinion of any mental health practitioner concerning the plaintiff shall not constitute a corroborative fact for purposes of this section.

(2) Where the application to name a defendant is made prior to that defendant's appearance in the action, neither the application nor the certificate of corroborative fact by the attorney shall be served on the defendant or defendants, nor on any other party or their counsel of record.

(3) Where the application to name a defendant is made after that defendant's appearance in the action, the application shall be served

on all parties and proof of service thereof provided to the court, but the certificate of corroborative fact by the attorney shall not be served on any party or their counsel of record.

(m) The court shall review the application and the certificate of corroborative fact in camera and, based solely on the certificate and any reasonable inferences to be drawn therefrom, shall, if one or more facts corroborative of one or more of the charging allegations against a defendant has been shown, order that the complaint may be amended to substitute the name of the defendant or defendants.

(n) The court shall keep under seal and confidential from the public and all parties to the litigation other than the plaintiff any and all certificates of corroborative fact filed pursuant to subdivision (*l*).

(o) Upon the favorable conclusion of the litigation with respect to any defendant for whom a certificate of merit was filed or for whom a certificate of merit should have been filed pursuant to this section, the court may, upon the motion of a party or upon the court's own motion, verify compliance with this section by requiring the attorney for the plaintiff who was required by subdivision (f) to execute the certificate to reveal the name, address, and telephone number of the person or persons consulted with pursuant to subdivision (f) that were relied upon by the attorney in preparation of the certificate of merit. The name, address, and telephone number shall be disclosed to the trial judge in camera and in the absence of the moving party. If the court finds there has been a failure to comply with this section, the court may order a party, a party's attorney, or both, to pay any reasonable expenses, including attorney's fees, incurred by the defendant for whom a certificate of merit should have been filed.

(p) The amendments to this section enacted at the 1990 portion of the 1989–90 Regular Session shall apply to any action commenced on or after January 1, 1991, including any action otherwise barred by the period of limitations in effect prior to January 1, 1991, thereby reviving those causes of action which had lapsed or technically expired under the law existing prior to January 1, 1991.

(q) The Legislature declares that it is the intent of the Legislature, in enacting the amendments to this section enacted at the 1994 portion of the 1993–94 Regular Session, that the express language of revival added to this section by those amendments shall apply to any action commenced on or after January 1, 1991.

(r) Nothing in the amendments to this section enacted at the 1998 portion of the 1997–98 Regular Session is intended to create a new theory of liability.

(s) The amendments to subdivision (a) of this section, enacted at the 1998 portion of the 1997–98 Regular Session, shall apply to any action commenced on or after January 1, 1999, and to any action filed prior to January 1, 1999, and still pending on that date, including any action or causes of action which would have been barred by the laws in effect prior to January 1, 1999. Nothing in this subdivision is

intended to revive actions or causes of action as to which there has been a final adjudication prior to January 1, 1999.

CHAPTER 121

An act to amend Section 1202.4 of the Penal Code, relating to restitution.

[Approved by Governor July 14, 1999. Filed with Secretary of State July 14, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 1202.4 of the Penal Code is amended to read:

1202.4. (a) (1) It is the intent of the Legislature that a victim of crime who incurs any economic loss as a result of the commission of a crime shall receive restitution directly from any defendant convicted of that crime.

(2) Upon a person being convicted of any crime in the State of California, the court shall order the defendant to pay a fine in the form of a penalty assessment in accordance with Section 1464.

(3) The court, in addition to any other penalty provided or imposed under the law, shall order the defendant to pay both of the following:

(A) A restitution fine in accordance with subdivision (b).

(B) Restitution to the victim or victims, if any, in accordance with subdivision (f), which shall be enforceable as if the order were a civil judgment.

(b) In every case where a person is convicted of a crime, the court shall impose a separate and additional restitution fine, unless it finds compelling and extraordinary reasons for not doing so, and states those reasons on the record.

(1) The restitution fine shall be set at the discretion of the court and commensurate with the seriousness of the offense, but shall not be less than two hundred dollars ($200), and not more than ten thousand dollars ($10,000), if the person is convicted of a felony, and shall not be less than one hundred dollars ($100), and not more than one thousand dollars ($1,000), if the person is convicted of a misdemeanor.

(2) In setting a felony restitution fine, the court may determine the amount of the fine as the product of two hundred dollars ($200) multiplied by the number of years of imprisonment the defendant is ordered to serve, multiplied by the number of felony counts of which the defendant is convicted.

(c) The court shall impose the restitution fine unless it finds compelling and extraordinary reasons for not doing so, and states those reasons on the record. A defendant's inability to pay shall not

be considered a compelling and extraordinary reason not to impose a restitution fine. Inability to pay may be considered only in increasing the amount of the restitution fine in excess of the two-hundred-dollar ($200) or one-hundred-dollar ($100) minimum.

(d) In setting the amount of the fine pursuant to subdivision (b) in excess of the two-hundred-dollar ($200) or one-hundred-dollar ($100) minimum, the court shall consider any relevant factors including, but not limited to, the defendant's inability to pay, the seriousness and gravity of the offense and the circumstances of its commission, any economic gain derived by the defendant as a result of the crime, the extent to which any other person suffered any losses as a result of the crime, and the number of victims involved in the crime. Those losses may include pecuniary losses to the victim or his or her dependents as well as intangible losses, such as psychological harm caused by the crime. Consideration of a defendant's inability to pay may include his or her future earning capacity. A defendant shall bear the burden of demonstrating his or her inability to pay. Express findings by the court as to the factors bearing on the amount of the fine shall not be required. A separate hearing for the fine shall not be required.

(e) The restitution fine shall not be subject to penalty assessments as provided in Section 1464, and shall be deposited in the Restitution Fund in the State Treasury.

(f) In every case in which a victim has suffered economic loss as a result of the defendant's conduct, the court shall require that the defendant make restitution to the victim or victims in an amount established by court order, based on the amount of loss claimed by the victim or victims or any other showing to the court. If the amount of loss cannot be ascertained at the time of sentencing, the restitution order shall include a provision that the amount shall be determined at the direction of the court. The court shall order full restitution unless it finds compelling and extraordinary reasons for not doing so, and states them on the record.

(1) The defendant has the right to a hearing before a judge to dispute the determination of the amount of restitution. The court may modify the amount, on its own motion or on the motion of the district attorney, the victim or victims, or the defendant. If a motion is made for modification of a restitution order, the victim shall be notified of that motion at least 10 days prior to the proceeding held to decide the motion.

(2) Determination of the amount of restitution ordered pursuant to this subdivision shall not be affected by the indemnification or subrogation rights of any third party. Restitution payments made pursuant to this subdivision shall be made to the Restitution Fund to the extent that the victim, as defined in subdivision (k), has received assistance pursuant to Article 1 (commencing with Section 13959) of Chapter 5 of Part 4 of Division 3 of Title 2 of the Government Code.

(3) To the extent possible, the restitution order shall be prepared by the sentencing court, shall identify each victim and each loss to which it pertains, and shall be of a dollar amount that is sufficient to fully reimburse the victim or victims for every determined economic loss incurred as the result of the defendant's criminal conduct, including, but not limited to, all of the following:

(A) Full or partial payment for the value of stolen or damaged property. The value of stolen or damaged property shall be the replacement cost of like property, or the actual cost of repairing the property when repair is possible.

(B) Medical expenses.

(C) Mental health therapy expenses.

(D) Wages or profits lost due to injury incurred by the victim, and if the victim is a minor, wages or profits lost by the minor's parent, parents, guardian, or guardians, while caring for the injured minor.

(E) Wages or profits lost by the victim, and if the victim is a minor, wages or profits lost by the minor's parent, parents, guardian, or guardians, due to time spent as a witness or in assisting the police or prosecution.

(F) Noneconomic losses, including, but not limited to, psychological harm, for felony violations of Section 288.

(G) Interest, at the rate of 10 percent per annum, that accrues as of the date of sentencing or loss, as determined by the court.

(H) Actual and reasonable attorney's fees and other costs of collection accrued by a private entity on behalf of the victim.

(4) Except as provided in paragraph (5), in any case in which an order may be entered pursuant to this subdivision, the defendant shall prepare and file a disclosure identifying all assets, income, and liabilities in which the defendant held or controlled a present or future interest as of the date of the defendant's arrest for the crime for which restitution may be ordered. This disclosure shall be available to the victim pursuant to Section 1214, and any use the court may make of the disclosure shall be subject to the restrictions of subdivision (g). The disclosure shall be signed by the defendant upon a form approved or adopted by the Judicial Council for the purpose of facilitating the disclosure. Any defendant who willfully states as true any material matter that he or she knows to be false on the disclosure required by this subdivision is guilty of a misdemeanor, unless this conduct is punishable as perjury or another provision of law provides for a greater penalty.

(5) A defendant who fails to file the financial disclosure required in paragraph (4), but who has filed a financial affidavit or financial information pursuant to subdivision (c) of Section 987, shall be deemed to have waived the confidentiality of that affidavit or financial information as to a victim in whose favor the order of restitution is entered pursuant to subdivision (f). The affidavit or information shall serve in lieu of the financial disclosure required in paragraph (4), and paragraphs (6), (7), (8), and (9) shall not apply.

(6) Except as provided in paragraph (5), the defendant shall file the disclosure with the clerk of the court no later than the date set for the defendant's sentencing, unless otherwise directed by the court. The disclosure may be inspected or copied as provided by subdivision (b), (c), or (d) of Section 1203.05.

(7) In its discretion, the court may relieve the defendant of the duty under paragraph (6) of filing with the clerk by requiring that the defendant's disclosure be submitted as an attachment to, and be available to, those authorized to receive the following:

(A) Any report submitted pursuant to subparagraph (C) of paragraph (2) of subdivision (b) of Section 1203 or subdivision (g) of Section 1203.

(B) Any stipulation submitted pursuant to paragraph (4) of subdivision (b) of Section 1203.

(C) Any report by the probation officer, or any information submitted by the defendant applying for a conditional sentence pursuant to subdivision (d) of Section 1203.

(8) The court may consider a defendant's unreasonable failure to make a complete disclosure pursuant to paragraph (4) as any of the following:

(A) A circumstance in aggravation of the crime in imposing a term under subdivision (b) of Section 1170.

(B) A factor indicating that the interests of justice would not be served by admitting the defendant to probation under Section 1203.

(C) A factor indicating that the interests of justice would not be served by conditionally sentencing the defendant under Section 1203.

(D) A factor indicating that the interests of justice would not be served by imposing less than the maximum fine and sentence fixed by law for the case.

(9) A defendant's failure or refusal to make the required disclosure pursuant to paragraph (4) shall not delay entry of an order of restitution or pronouncement of sentence. In appropriate cases, the court may do any of the following:

(A) Require the defendant to be examined by the district attorney pursuant to subdivision (h).

(B) If sentencing the defendant under Section 1170, provide that the victim shall receive a copy of the portion of the probation report filed pursuant to Section 1203.10 concerning the defendant's employment, occupation, finances, and liabilities.

(C) If sentencing the defendant under Section 1203, set a date and place for submission of the disclosure required by paragraph (4) as a condition of probation or suspended sentence.

(g) The court shall order full restitution unless it finds compelling and extraordinary reasons for not doing so, and states those reasons on the record. A defendant's inability to pay shall not be considered a compelling and extraordinary reason not to impose a restitution

order, nor shall inability to pay be a consideration in determining the amount of a restitution order.

(h) The district attorney may request an order of examination pursuant to the procedures specified in Article 2 (commencing with Section 708.110) of Chapter 6 of Division 2 of Title 9 of Part 2 of the Code of Civil Procedure, in order to determine the defendant's financial assets for purposes of collecting on the restitution order.

(i) A restitution order imposed pursuant to subdivision (f) shall be enforceable as if the order were a civil judgment.

(j) The making of a restitution order pursuant to subdivision (f) shall not affect the right of a victim to recovery from the Restitution Fund as otherwise provided by law, except to the extent that restitution is actually collected pursuant to the order. Restitution collected pursuant to this subdivision shall be credited to any other judgments for the same losses obtained against the defendant arising out of the crime for which the defendant was convicted.

(k) For purposes of this section, "victim" shall include the immediate surviving family of the actual victim. "Victim" shall also include any corporation, business trust, estate, trust, partnership, association, joint venture, government, governmental subdivision, agency, or instrumentality, or any other legal or commercial entity when that entity is a direct victim of a crime.

(*l*) At its discretion, the board of supervisors of any county may impose a fee to cover the actual administrative cost of collecting the restitution fine, not to exceed 10 percent of the amount ordered to be paid, to be added to the restitution fine and included in the order of the court, the proceeds of which shall be deposited in the general fund of the county.

(m) In every case in which the defendant is granted probation, the court shall make the payment of restitution fines and orders imposed pursuant to this section a condition of probation. Any portion of a restitution order that remains unsatisfied after a defendant is no longer on probation shall continue to be enforceable by a victim pursuant to Section 1214 until the obligation is satisfied.

(n) If the court finds and states on the record compelling and extraordinary reasons why a restitution fine or full restitution order should not be required, the court shall order, as a condition of probation, that the defendant perform specified community service, unless it finds and states on the record compelling and extraordinary reasons not to require community service in addition to the finding that restitution should not be required. Upon revocation of probation, the court shall impose restitution pursuant to this section.

(o) The provisions of Section 13966.01 of the Government Code shall apply to restitution imposed pursuant to this section.

(p) (1) This section shall become operative on January 1, 2000, except when all of the following apply:

(A) A majority of judges of a court apply to the Judicial Council for an extension.

(B) The judicial application described in paragraph (1) documents the need for time to adjust restitution procedures and practices, as well as to facilitate judicial education and training in direct restitution to victims under subdivision (f).

(C) The Judicial Council grants the extension upon finding good cause.

(2) Upon the grant of an extension pursuant to the application of a court under this subdivision, the provisions of former Section 1214 shall continue to apply with respect to that court. The extension may be for any period of time set by the Judicial Council, but shall not exceed January 1, 2002, in any case.

(C) The procedure for regaining the privilege to drive.

(c) No statement, or information procured from a statement, made by the person in connection with the determination of his or her eligibility for the program, and no statement, or information procured from a statement, made by the person, subsequent to the granting of the program or while participating in the program, and no information contained in any report made with respect thereto, and no statement or other information concerning the person's participation in the program shall be admissible in any action or proceeding.

(d) The court may impose any fine allowed under Section 14601, 14601.1, or 14601.3 upon a person who is ordered to participate in the program.

(e) (1) The district attorney may recover fees for the program from participants or may provide for recovery of fees from participants by a private entity operating the program under contract.

(2) The recoverable fees described in this subdivision shall be charged to the participant in accordance with a fee schedule that has been approved by the board of supervisors or the district attorney, or designee of the district attorney. The fees charged for the program may be modified or waived by the district attorney or designee at any time based on the present or changing financial position of the participant. No person shall be denied participation in the program due to an inability to pay for the program.

A notice that a billing is incomplete shall state all additional information required to make a decision. Any properly documented amount not paid within the 60-day period shall be increased by 10 percent, together with interest at the same rate as judgments in civil actions retroactive to the date of receipt of the bill, unless the employer does both of the following:

[Approved by Governor July 14, 1999. Filed with Secretary of State July 14, 1999.]

SECTION 1. The heading of Division 108 (commencing with Section 130100) of the Health and Safety Code is amended to read:

DIVISION 108. CALIFORNIA CHILDREN AND FAMILIES PROGRAM

SEC. 2. Section 130100 of the Health and Safety Code is amended to read:

130100. There is hereby created a program in the state for the purposes of promoting, supporting, and improving the early development of children from the prenatal stage to five years of age. These purposes shall be accomplished through the establishment, institution, and coordination of appropriate standards, resources, and integrated and comprehensive programs emphasizing community awareness, education, nurturing, child care, social services, health care, and research.

(a) It is the intent of this act to facilitate the creation and implementation of an integrated, comprehensive, and collaborative system of information and services to enhance optimal early childhood development. This system should function as a network

that promotes accessibility to all information and services from any entry point into the system. It is further the intent of this act to emphasize local decisionmaking, to provide for greater local flexibility in designing delivery systems, and to eliminate duplicate administrative systems.

(b) The programs authorized by this act shall be administered by the California Children and Families Commission and by county children and families commissions. In administering this act, the state and county commissions shall use outcome-based accountability to determine future expenditures.

(c) The State Board of Equalization shall determine within one year of the passage of this act the effect that additional taxes imposed on cigarettes and tobacco products by this act has on the consumption of cigarettes and tobacco products in this state. To the extent that a decrease in consumption is determined by the State Board of Equalization to be the direct result of additional taxes imposed by this act, the State Board of Equalization shall determine the fiscal effect the decrease in consumption has on the funding of any Proposition 99 (the Tobacco Tax and Health Protection Act of 1988) state health-related education or research programs in effect as of November 1, 1998, and the Breast Cancer Fund programs that are funded by excise taxes on cigarettes and tobacco products. Funds shall be transferred from the California Children and Families Trust Fund to those affected programs as necessary to offset the revenue decrease directly resulting from the imposition of additional taxes by this act. (E) One percent shall be deposited in an Administration Account for expenditures for the administrative functions of the state commission.

(F) Two percent shall be deposited in an Unallocated Account for expenditure by the state commission for any of the purposes of this act described in Section 130100 provided that none of these moneys shall be expended for the administrative functions of the state commission.

(G) In the event that, for whatever reason, the expenditure of any moneys allocated and appropriated for the purposes specified in subparagraphs (A) to (F), inclusive, is enjoined by a final judgment of a court of competent jurisdiction, then those moneys shall be available for expenditure by the state commission for mass media communication emphasizing the need to eliminate smoking and other tobacco use by pregnant women, the need to eliminate smoking and other tobacco use by persons under 18 years of age, and the need to eliminate exposure to secondhand smoke.

(H) Any moneys allocated and appropriated to any of the accounts described in subparagraphs (A) to (F), inclusive, that are not encumbered or expended within any applicable period prescribed by law shall (together with the accrued interest on the amount) revert to and remain in the same account for the next fiscal period.

(g) Any person who registered a firearm as an assault weapon pursuant to the provisions of law in effect prior to January 1, 2000, where the assault weapon is thereafter defined as an assault weapon pursuant to Section 12276.1, shall be deemed to have registered the weapon for purposes of this chapter and shall not be required to reregister the weapon pursuant to this section.

(h) Any person who registers his or her assault weapon during the 90-day forgiveness period described in subdivision (f), and any person whose registration form was received by the Department of Justice after January 1, 1991, and who was issued a temporary registration prior to the end of the forgiveness period, shall not be charged with a violation of subdivision (b) of Section 12280, if law enforcement becomes aware of that violation only as a result of the registration of the assault weapon. This subdivision shall have no effect upon persons charged with a violation of subdivision (b) of Section 12280 of the Penal Code prior to January 1, 1992, provided that law enforcement was aware of the violation before the weapon was registered.

SEC. 10. Section 12287 of the Penal Code is amended to read:

12287. (a) The Department of Justice may, upon a finding of good cause, issue permits for the manufacture of assault weapons to federally licensed manufacturers of firearms for the sale to, purchase by, or possession of assault weapons by, any of the following:

SEC. 11. Section 12289 of the Penal Code is amended to read:

12289. (a) The Department of Justice shall conduct a public education and notification program regarding the registration of assault weapons and the definition of the weapons set forth in Section 12276.1. The public education and notification program shall include outreach to local law enforcement agencies and utilization of public service announcements in a variety of media approaches, to ensure maximum publicity of the limited forgiveness period of the registration requirement specified in subdivision (f) of Section 12285 and the consequences of nonregistration. The department shall develop posters describing gunowners' responsibilities under this chapter which shall be posted in a conspicuous place in every licensed gun store in the state during the forgiveness period.

(b) Any costs incurred by the Department of Justice to implement this section which cannot be absorbed by the department shall be funded from the Dealers' Record of Sale Special Account, as set forth in subdivision (d) of Section 12076, upon appropriation by the Legislature.

SEC. 12. It was the original intent of the Legislature in enacting Chapter 19 of the Statutes of 1989 to ban all assault weapons, regardless of their name, model number, or manufacture. It is the purpose of this act to effectively achieve the Legislature's intent to prohibit all assault weapons.

SEC. 13. If any phrase, clause, sentence, section, or provision of this act or application thereof is held invalid as to any person or circumstance, such invalidity shall not affect any other phrase, clause, sentence, section, provision, or application of this act, that can be given effect without the invalid phrase, clause, sentence, section, provision, or application and to this end the provisions of the act are declared to be severable.

SEC. 14. Section 3.5 of this bill incorporates amendments to Section 12020 of the Penal Code proposed by this bill and SB 359. It shall only become operative if (1) both bills are enacted and become effective on or before January 1, 2000, (2) each bill amends Section 12020 of the Penal Code, and (3) this bill is enacted after SB 359, in which case Section 12020 of the Penal Code, as amended by SB 359, shall remain operative only until the operative date of this bill, at which time Section 3.5 of this bill shall become operative, and Section 3 of this bill shall not become operative.

SEC. 15. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

[Approved by Governor July 19, 1999. Filed with Secretary of State July 20, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 61601.18 is added to the Government Code, to read:

61601.18. (a) Notwithstanding Sections 61600 and 61601, whenever the Board of Directors of the Heritage Ranch Community Services District determines by resolution that it is feasible, economically sound, and in the public interest for the district to exercise its power for the purpose of acquiring, constructing, improving, upgrading, maintaining, or operating storage tanks and related facilities to provide petroleum to the district, its inhabitants, and visitors to the Heritage Ranch community, the board may adopt those additional purposes by resolution in the minutes, and the powers of the district may thereafter be exercised for those purposes.

(b) The authority granted by this section shall expire when a private person or entity is ready, willing, and able to acquire, construct, improve, upgrade, maintain, or operate storage tanks and related facilities to provide petroleum to the Heritage Ranch Community Services District, its inhabitants, and visitors to the community. At that time, the district shall diligently transfer any and all of its title, ownership, maintenance, control, and operation of those tanks and related facilities at a fair market value to that private person or entity.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to alleviate the safety hazards and inconvenience to district residents who need to store gasoline in their garages because of the unavailability of gasoline in the district due to the expiration of the underground storage tank cleanup period on December 22, 1998, it is necessary that this act take effect immediately.

CHAPTER 133

An act to add Section 17076.11 to the Education Code, relating to school facilities.

[Approved by Governor July 19, 1999. Filed with Secretary of State July 20, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 17076.11 is added to the Education Code, to read:

17076.11. Any school district using funds allocated pursuant to this chapter for the construction or modernization of a school building,

shall have a participation goal of at least 3 percent, per year, of the overall dollar amount expended each year by the school district, for disabled veteran business enterprises.

CHAPTER 134

An act to amend Sections 510, 554, 556, and 1182.1 of, to add Sections 500, 511, 512, 513, 514, 515, 516, 517, and 558 to, to repeal Section 1183.5 of, and to amend and repeal Sections 1182.2, 1182.3, 1182.9, and 1182.10 of, the Labor Code, relating to employment.

[Approved by Governor July 20, 1999. Filed with Secretary of State July 21, 1999.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the "Eight-Hour-Day Restoration and Workplace Flexibility Act of 1999."

SEC. 2. The Legislature hereby finds and declares all of the following:

(a) The eight-hour workday is the mainstay of protection for California's working people, and has been for over 80 years.

(b) In 1911, California enacted the first daily overtime law setting the eight-hour daily standard, long before the federal government enacted overtime protections for workers.

(c) Ending daily overtime would result in a substantial pay cut for California workers who currently receive daily overtime.

(d) Numerous studies have linked long work hours to increased rates of accident and injury.

(e) Family life suffers when either or both parents are kept away from home for an extended period of time on a daily basis.

(f) In 1998 the Industrial Welfare Commission issued wage orders that deleted the requirement to pay premium wages after eight hours of work a day in five wage orders regulating eight million workers.

(g) Therefore, the Legislature affirms the importance of the eight-hour workday, declares that it should be protected, and reaffirms the state's unwavering commitment to upholding the eight-hour workday as a fundamental protection for working people.

SEC. 3. Section 500 is added to the Labor Code, to read:

500. For purposes of this chapter, the following terms shall have the following meanings:

(a) "Workday" and "day" mean any consecutive 24-hour period commencing at the same time each calendar day.

(b) "Workweek" and "week" mean any seven consecutive days, starting with the same calendar day each week. "Workweek" is a

fixed and regularly recurring period of 168 hours, seven consecutive 24-hour periods.

(c) "Alternative workweek schedule" means any regularly scheduled workweek requiring an employee to work more than eight hours in a 24-hour period.

SEC. 4. Section 510 of the Labor Code is amended to read:

510. (a) Eight hours of labor constitutes a day's work. Any work in excess of eight hours in one workday and any work in excess of 40 hours in any one workweek and the first eight hours worked on the seventh day of work in any one workweek shall be compensated at the rate of no less than one and one-half times the regular rate of pay for an employee. Any work in excess of 12 hours in one day shall be compensated at the rate of no less than twice the regular rate of pay for an employee. In addition, any work in excess of eight hours on any seventh day of a workweek shall be compensated at the rate of no less than twice the regular rate of pay of an employee. Nothing in this section requires an employer to combine more than one rate of overtime compensation in order to calculate the amount to be paid to an employee for any hour of overtime work. The requirements of this section do not apply to the payment of overtime compensation to an employee working pursuant to any of the following:

(1) An alternative workweek schedule adopted pursuant to Section 511.

(2) An alternative workweek schedule adopted pursuant to a collective bargaining agreement pursuant to Section 514.

(3) An alternative workweek schedule to which this chapter is inapplicable pursuant to Section 554.

(b) Time spent commuting to and from the first place at which an employee's presence is required by the employer shall not be considered to be a part of a day's work, when the employee commutes in a vehicle that is owned, leased, or subsidized by the employer and is used for the purpose of ridesharing, as defined in Section 522 of the Vehicle Code.

(c) This section does not affect, change, or limit an employer's liability under the workers' compensation law.

SEC. 5. Section 511 is added to the Labor Code, to read:

511. (a) Upon the proposal of an employer, the employees of an employer may adopt a regularly scheduled alternative workweek that authorizes work by the affected employees for no longer than 10 hours per day within a 40-hour workweek without the payment to the affected employees of an overtime rate of compensation pursuant to this section. A proposal to adopt an alternative workweek schedule shall be deemed adopted only if it receives approval in a secret ballot election by at least two-thirds of affected employees in a work unit. The regularly scheduled alternative workweek proposed by an employer for adoption by employees may be a single work schedule that would become the standard schedule for workers in the work

unit, or a menu of work schedule options, from which each employee in the unit would be entitled to choose.

(b) An affected employee working longer than eight hours but not more than 12 hours in a day pursuant to an alternative workweek schedule adopted pursuant to this section shall be paid an overtime rate of compensation of no less than one and one-half times the regular rate of pay of the employee for any work in excess of the regularly scheduled hours established by the alternative workweek agreement and for any work in excess of 40 hours per week. An overtime rate of compensation of no less than double the regular rate of pay of the employee shall be paid for any work in excess of 12 hours per day and for any work in excess of eight hours on those days worked beyond the regularly scheduled workdays established by the alternative workweek agreement. Nothing in this section requires an employer to combine more than one rate of overtime compensation in order to calculate the amount to be paid to an employee for any hour of overtime work.

(c) An employer shall not reduce an employee's regular rate of hourly pay as a result of the adoption, repeal or nullification of an alternative workweek schedule.

(d) An employer shall make a reasonable effort to find a work schedule not to exceed eight hours in a workday, in order to accommodate any affected employee who was eligible to vote in an election authorized by this section and who is unable to work the alternative schedule hours established as the result of that election. An employer shall be permitted to provide a work schedule not to exceed eight hours in a workday to accommodate any employee who was hired after the date of the election and who is unable to work the alternative schedule established as the result of that election. An employer shall explore any available reasonable alternative means of accommodating the religious belief or observance of an affected employee that conflicts with an adopted alternative workweek schedule, in the manner provided by subdivision (j) of Section 12940 of the Government Code.

(e) The results of any election conducted pursuant to this section shall be reported by an employer to the Division of Labor Statistics and Research within 30 days after the results are final.

(f) Any type of alternative workweek schedule that is authorized by this code and that was in effect on January 1, 2000, may be repealed by the affected employees pursuant to this section. Any alternative workweek schedule that was adopted pursuant to Wage Order Numbers 1, 4, 5, 7, or 9 of the Industrial Welfare Commission is null and void, except for an alternative workweek providing for a regular schedule of no more than 10 hours' work in a workday that was adopted by a two-thirds vote of affected employees in a secret ballot election pursuant to wage orders of the Industrial Welfare Commission in effect prior to 1998. This subdivision does not apply to exemptions authorized pursuant to Section 515.

(g) Notwithstanding subdivision (f), an alternative workweek schedule in the health care industry adopted by a two-thirds vote of affected employees in a secret ballot election pursuant to Wage Orders 4 and 5 in effect prior to 1998 that provided for workdays exceeding 10 hours but not exceeding 12 hours in a day without the payment of overtime compensation shall be valid until July 1, 2000. An employer in the health care industry shall make a reasonable effort to accommodate any employee in the health care industry who is unable to work the alternative schedule established as the result of a valid election held in accordance with provisions of Wage Orders 4 or 5 that were in effect prior to 1998.

(h) Notwithstanding subdivision (f), if an employee is voluntarily working an alternative workweek schedule providing for a regular work schedule of not more than 10 hours work in a workday as of July 1, 1999, an employee may continue to work that alternative workweek schedule without the entitlement of the payment of daily overtime compensation for the hours provided in that schedule if the employer approves a written request of the employee to work that schedule.

SEC. 6. Section 512 is added to the Labor Code, to read:

512. An employer may not employ an employee for a work period of more than five hours per day without providing the employee with a meal period of not less than 30 minutes, except that if the total work period per day of the employee is no more than six hours, the meal period may be waived by mutual consent of both the employer and employee. An employer may not employ an employee for a work period of more than 10 hours per day without providing the employee with a second meal period of not less than 30 minutes, except that if the total hours worked is no more than 12 hours, the second meal period may be waived by mutual consent of the employer and the employee only if the first meal period was not waived.

SEC. 7. Section 513 is added to the Labor Code, to read:

513. If an employer approves a written request of an employee to make up work time that is or would be lost as a result of a personal obligation of the employee, the hours of that makeup work time, if performed in the same workweek in which the work time was lost, may not be counted towards computing the total number of hours worked in a day for purposes of the overtime requirements specified in Section 510 or 511, except for hours in excess of 11 hours of work in one day or 40 hours in one workweek. An employee shall provide a signed written request for each occasion that the employee makes a request to make up work time pursuant to this section. An employer is prohibited from encouraging or otherwise soliciting an employee to request the employer's approval to take personal time off and make up the work hours within the same week pursuant to this section.

SEC. 8. Section 514 is added to the Labor Code, to read:

514. This chapter does not apply to an employee covered by a valid collective bargaining agreement if the agreement expressly provides for the wages, hours of work, and working conditions of the employees, and if the agreement provides premium wage rates for all overtime hours worked and a regular hourly rate of pay for those employees of not less than 30 percent more than the state minimum wage.

SEC. 9. Section 515 is added to the Labor Code, to read:

515. (a) The Industrial Welfare Commission may establish exemptions from the requirement that an overtime rate of compensation be paid pursuant to Sections 510 and 511 for executive, administrative, and professional employees, provided that the employee is primarily engaged in the duties which meet the test of the exemption and the employee earns a monthly salary equivalent to no less than two times the state minimum wage for full-time employment. The commission shall conduct a review of the duties which meet the test of the exemption. The commission may, based upon this review, convene a public hearing to adopt or modify regulations at that hearing pertaining to duties which meet the test of the exemption without convening a wage boards. Any hearing conducted pursuant to this subdivision shall be concluded not later than July 1, 2000.

(b) (1) The commission may establish additional exemptions to hours of work requirements under this division where it finds that hours or conditions of labor may be prejudicial to the health or welfare of employees in any occupation, trade, or industry. This paragraph shall become inoperative on January 1, 2005.

(2) Except as otherwise provided in this section and in subdivision (g) of Section 511, nothing in this section requires the commission to alter any exemption from provisions regulating hours of work that was contained in any valid wage order in effect in 1997. Except as otherwise provided in this division, the commission may review, retain, or eliminate any exemption from provisions regulating hours of work that was contained in any valid wage order in effect in 1997.

(c) For the purposes of this section "full-time employment" means employment in which an employee is employed for 40 hours per week.

(d) For the purpose of computing the overtime rate of compensation required to be paid to a nonexempt full-time salaried employee, the employee's regular hourly rate shall be $^1/_{40}$th of the employee's weekly salary.

(e) For the purposes of this section, "primarily" means more than one-half of the employee's work time.

(f) In addition to the requirements of subdivision (a), registered nurses employed to engage in the practice of nursing shall not be exempted from coverage under any part of the orders of the Industrial Welfare Commission, unless they individually meet the

criteria for exemptions established for executive or administrative employees.

SEC. 10. Section 516 is added to the Labor Code, to read:

516. Notwithstanding any other provision of law, the Industrial Welfare Commission may adopt or amend working condition orders with respect to break periods, meal periods, and days of rest for any workers in California consistent with the health and welfare of those workers.

SEC. 11. Section 517 is added to the Labor Code to read:

517. (a) The Industrial Welfare Commission shall, at a public hearing to be concluded by July 1, 2000, adopt wage, hours, and working conditions orders consistent with this chapter without convening wage boards, which orders shall be final and conclusive for all purposes. These orders shall include regulations necessary to provide assurances of fairness regarding the conduct of employee workweek elections, procedures for employees to petition for and obtain elections to repeal alternative workweek schedules, procedures for implementation of those schedules, conditions under which an adopted alternative workweek schedule can be repealed by the employer, employee disclosures, designations of work, and processing of workweek election petitions pursuant to Parts 2 and 4 of this division and in any wage order of the commission and such other regulations as may be needed to fulfill the duties of the commission pursuant to this part.

(b) Prior to July 1, 2000, the Industrial Welfare Commission shall conduct a review of wages, hours, and working conditions in the ski industry, commercial fishing industry, and health care industry, and for stable employees in the horseracing industry. Notwithstanding subdivision (a) and Sections 510 and 511, and consistent with its duty to protect the health, safety, and welfare of workers pursuant to Section 1173, the commission may, based upon this review, convene a public hearing to adopt or modify regulations at that hearing pertaining to the industries herein, without convening wage boards. Any hearing conducted pursuant to this subdivision shall be concluded not later than July 1, 2000.

(c) Notwithstanding subdivision (a) of Section 515, prior to July 1, 2000, the commission shall conduct a review of wages, hours, and working conditions of licensed pharmacists. The commission may, based upon this review, convene a public hearing to adopt or modify regulations at that hearing pertaining to licensed pharmacists without convening wage boards. Any hearing conducted pursuant to this subdivision shall be concluded not later than July 1, 2000.

(d) Notwithstanding sections 1171 and subdivision (a) of Section 515, the Industrial Welfare Commission shall conduct a review of wages, hours, and working conditions of outside salespersons. The commission may, based upon this review, convene a public hearing to adopt or modify regulations at that hearing pertaining to outside salespersons without convening wage boards. Any hearing

conducted pursuant to this subdivision shall be concluded not later than July 1, 2000.

(e) Nothing in this section is intended to restrict the Industrial Welfare Commission in its continuing duties pursuant to Section 1173.

(f) No action taken by the Industrial Welfare Commission pursuant to this section is subject to the requirements of Article 5 (commencing with Section 11346) of Chapter 3.5 of Part 1 of Division 3 of Title 2 of the Government Code.

(g) All wage orders and other regulations issued or adopted pursuant to this section shall be published in accordance with Section 1182.1.

SEC. 12. Section 554 of the Labor Code is amended to read:

554. Sections 551 and 552 shall not apply to any cases of emergency nor to work performed in the protection of life or property from loss or destruction, nor to any common carrier engaged in or connected with the movement of trains. This chapter, with the exception of Section 558, shall not apply to any person employed in an agricultural occupation, as defined in Order No. 14-80 (operative January 1, 1998) of the Industrial Welfare Commission, nor shall the provisions of this chapter apply when the employer and a labor organization representing employees of the employer have entered into a valid collective bargaining agreement pursuant to Section 514. Nothing in this chapter shall be construed to prevent an accumulation of days of rest when the nature of the employment reasonably requires that the employee work seven or more consecutive days, providing that in each calendar month the employee receive days of rest equivalent to one day's rest in seven. The requirement respecting the equivalent of one day's rest in seven shall apply, notwithstanding the other provisions of this chapter relating to collective bargaining agreements, where the employer and a labor organization representing employees of the employer have entered into a valid collective bargaining agreement respecting the hours of work of the employees, unless the agreement expressly provides otherwise.

In addition to the exceptions herein, the Chief of the Division of Labor Standards Enforcement may, when in his judgment hardship will result, exempt any employer or employees from the provisions of Sections 551 and 552.

SEC. 13. Section 556 of the Labor Code is amended to read:

556. Sections 551 and 552 shall not apply to any employer or employee when the total hours of employment do not exceed 30 hours in any week or six hours in any one day thereof.

SEC. 14. Section 558 is added to the Labor Code, to read:

558. (a) Any employer or other person acting on behalf of an employer who violates, or causes to be violated, a section of this chapter or any provision regulating hours and days of work in any

order of the Industrial Welfare Commission shall be subject to a civil penalty as follows:

(1) For any initial violation, fifty dollars ($50) for each underpaid employee for each pay period for which the employee was underpaid in addition to an amount sufficient to recover underpaid wages.

(2) For each subsequent violation, one hundred dollars ($100) for each underpaid employee for each pay period for which the employee was underpaid in addition to an amount sufficient to recover underpaid wages.

(3) Wages recovered pursuant to this section shall be paid to the affected employee.

(b) If upon inspection or investigation the Labor Commissioner determines that a person had paid or caused to be paid a wage for overtime work in violation of any provision of this chapter, or any provision regulating hours and days of work in any order of the Industrial Welfare Commission, the Labor Commissioner may issue a citation. The procedures for issuing, contesting, and enforcing judgments for citations or civil penalties issued by the Labor Commissioner for a violation of this chapter shall be the same as those set out in Section 1197.1.

(c) The civil penalties provided for in this section are in addition to any other civil or criminal penalty provided by law.

SEC. 15. Section 1182.1 of the Labor Code is amended to read:

1182.1. Any action taken by the commission pursuant to Sections 517 and 1182 shall be published in at least one newspaper in each of the Cities of Los Angeles, Sacramento, Oakland, San Jose, Fresno, San Diego, and San Francisco. A summary of the action taken and notice of where the complete text of the new or amended order may be obtained may be published in lieu of the complete text when the commission determines such summary and notice will adequately inform the public. The statement as to the basis of the order need not be published.

SEC. 16. Section 1182.2 of the Labor Code is amended to read:

1182.2. (a) The Legislature finds that the hours and days of work of employees employed in California in the seasonal ski industry are subject to fluctuations which are beyond the control of their employers. The Legislature further finds that the economic interests of these employees are best served when minimum limitations are placed upon their hours and days of work. Accordingly, no employer who operates a ski establishment shall be in violation of any provision of this code or any applicable order of the Industrial Welfare Commission by instituting a regularly scheduled workweek of not more than 56 hours, provided that any employee shall be compensated at a rate of not less than one and one-half times the employee's regular rate of pay for any hours worked in excess of 56 hours in any workweek.

(b) As used in this section, "ski establishment" means an integrated, geographically limited recreational area comprised of the

basic skiing facilities, together with all operations and facilities related thereto.

(c) This section shall apply only during any month of the year when Alpine or Nordic skiing activities, including snowmaking and grooming activities, are actually being conducted by the ski establishment.

This section shall remain in effect only until July 1, 2000, and as of that date is repealed, unless a later enacted statute, that is enacted before July 1, 2000, deletes or extends that date.

SEC. 17. Section 1182.3 of the Labor Code is amended to read:

1182.3. No employee licensed pursuant to Article 3 (commencing with Section 7850) of Chapter 1 of Part 3 of Division 6 of the Fish and Game Code, or is employed on a commercial passenger fishing boat licensed pursuant to Article 5 (commencing with Section 7920) of Chapter 1 of Part 3 of Division 6 of the Fish and Game Code, shall be subject to a minimum wage or maximum hour order of the commission.

This section shall remain in effect only until July 1, 2000, and as of that date is repealed, unless a later enacted statute, that is enacted before July 1, 2000, deletes or extends that date.

SEC. 18. Section 1182.9 of the Labor Code is amended to read:

1182.9. An employer engaged in the operation of a licensed hospital or providing personnel for the operation of a licensed hospital who institutes, pursuant to an applicable order of the commission, a regularly scheduled workweek that includes no more than three working days of no more than 12 hours each within any workweek, shall make a reasonable effort to find an alternative work assignment for any employee who participated in the vote which authorized the schedule and is unable to work 12-hour workday schedules. An employer shall not be required to offer an alternative work assignment to an employee if an alternative work assignment is not available or if the employee was hired after the adoption of the 12-hour, 3-day workweek schedule.

This section shall remain in effect only until July 1, 2000, and as of that date is repealed, unless a later enacted statute, that is enacted before July 1, 2000, deletes or extends that date.

SEC. 19. Section 1182.10 of the Labor Code is amended to read:

1182.10. (a) Notwithstanding any other provision of this chapter, or any order of the commission, the employment of stable employees engaged in the raising, feeding, and management of racehorses by a trainer shall be subject to the same standards governing wages, hours, and conditions of labor as those established by the commission for employees in agricultural occupations engaged in the raising, feeding, and management of other livestock, except as set forth in subdivision (b).

(b) Notwithstanding the provisions of any order of the commission permitting employees employed in agricultural occupations to work 10 hours on each of six workdays in a seven-day

workweek without the payment of overtime compensation, stable employees shall not be employed more than 10 hours in any workday, nor more than 56 hours during seven days in any workweek. However, stable employees may be employed in excess of 10 hours in any workday, and in excess of 56 hours during seven days in one workweek, if these employees are compensated at a rate of not less than one and one-half times the employees' regular rate of pay for all hours worked in excess of 10 hours in any workday, or 56 hours in any workweek.

(c) For purposes of this section:

(1) "Stable employees" includes, but is not limited to, grooms, hotwalkers, exercise workers, and any other employees engaged in the raising, feeding, or management of racehorses, employed by a trainer at a racetrack or other nonfarm training facility.

(2) "Trainer" has the same definition as in Section 24001 of the Food and Agricultural Code.

(3) "Workday" and "workweek" have the same definition as in the order of the commission applicable to employees employed in agricultural occupations.

(4) "Regular rate of pay" includes all wages paid by the trainer to the stable employee for a workweek of not more than 56 hours, but excludes those amounts excluded from regular pay by Section 7(e) of the Fair Labor Standards Act (29 U.S.C. Sec. 207(e)), and excludes the payment of the stable employee's share, if any, of the purse of a race, whether that share is paid by the owner of the racehorse or by the trainer.

This section shall remain in effect only until July 1, 2000, and as of that date is repealed, unless a later enacted statute, that is enacted before July 1, 2000, deletes or extends that date.

SEC. 20. Section 1183.5 of the Labor Code is repealed.

SEC. 21. Wage Orders number 1-98, 4-98, 5-98, 7-98, and 9-98 adopted by the Industrial Welfare Commission are null and void, and Wage Orders 1-89, 4-89 as amended in 1993, 5-89 as amended in 1993, 7-80, and 9-90 are reinstated until the effective date of wage orders issued pursuant to Section 517.

SEC. 22. The Industrial Welfare Commission shall study the extent to which alternative workweek schedules are used in California and the costs and benefits to employees and employers of those schedules, and report the results of the study and recommendations to the Legislature not later than July 1, 2001.

SEC. 23. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government

Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

All expenditures shall be reported to the board of directors at its next regular meeting.

(2) Notwithstanding paragraph (1), with the approval of the board, the general manager of the East Bay Regional Park District may bind the district, in accordance with board policy, and without advertising, for the payment for supplies, materials, labor, or other valuable consideration for any purpose, including the new

construction of any building, structure, or improvement in amounts not exceeding twenty-five thousand dollars ($25,000). All expenditures shall be reported to the board of directors at its next regular meeting.

SEC. 2. The Legislature finds and declares that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because of the unique circumstances in the East Bay Regional Park District. The facts constituting the special circumstances are that the East Bay Regional Park District needs to complete park maintenance and new construction projects that are necessary due to the unique geographical features of parklands within the jurisdiction of the district. This unique set of circumstances does not exist in any other state or local park or open-space preserve.

CHAPTER 136

An act to amend Section 6601 of, and to add and repeal Section 6601.1 of, the Welfare and Institutions Code, relating to sexually violent predators, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 21, 1999. Filed with Secretary of State July 22, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 6601 of the Welfare and Institutions Code is amended to read:

6601. (a) (1) Whenever the Director of Corrections determines that an individual who is in custody under the jurisdiction of the Department of Corrections, and who is either serving a determinate prison sentence or whose parole has been revoked, may be a sexually violent predator, the director shall, at least six months prior to that individual's scheduled date for release from prison, refer the person for evaluation in accordance with this section. However, if the inmate was received by the department with less than nine months of his or her sentence to serve, or if the inmate's release date is modified by judicial or administrative action, the director may refer the person for evaluation in accordance with this section at a date that is less than six months prior to the inmate's scheduled release date.

(2) A petition may be filed under this section if the individual was in custody pursuant to his or her determinate prison term, parole revocation term, or a hold placed pursuant to Section 6601.3, at the time the petition is filed. A petition shall not be dismissed on the basis of a later judicial or administrative determination that the individual's custody was unlawful, if the unlawful custody was the

result of a good faith mistake of fact or law. This paragraph shall apply to any petition filed on or after January 1, 1996.

(b) The person shall be screened by the Department of Corrections and the Board of Prison Terms based on whether the person has committed a sexually violent predatory offense and on a review of the person's social, criminal, and institutional history. This screening shall be conducted in accordance with a structured screening instrument developed and updated by the State Department of Mental Health in consultation with the Department of Corrections. If as a result of this screening it is determined that the person is likely to be a sexually violent predator, the Department of Corrections shall refer the person to the State Department of Mental Health for a full evaluation of whether the person meets the criteria in Section 6600.

(c) The State Department of Mental Health shall evaluate the person in accordance with a standardized assessment protocol, developed and updated by the State Department of Mental Health, to determine whether the person is a sexually violent predator as defined in this article. The standardized assessment protocol shall require assessment of diagnosable mental disorders, as well as various factors known to be associated with the risk of reoffense among sex offenders. Risk factors to be considered shall include criminal and psychosexual history, type, degree, and duration of sexual deviance, and severity of mental disorder.

(d) Pursuant to subdivision (c), the person shall be evaluated by two practicing psychiatrists or psychologists, or one practicing psychiatrist and one practicing psychologist, designated by the Director of Mental Health. If both evaluators concur that the person has a diagnosed mental disorder so that he or she is likely to engage in acts of sexual violence without appropriate treatment and custody, the Director of Mental Health shall forward a request for a petition for commitment under Section 6602 to the county designated in subdivision (i). Copies of the evaluation reports and any other supporting documents shall be made available to the attorney designated by the county pursuant to subdivision (i) who may file a petition for commitment.

(e) If one of the professionals performing the evaluation pursuant to subdivision (d) does not concur that the person meets the criteria specified in subdivision (d), but the other professional concludes that the person meets those criteria, the Director of Mental Health shall arrange for further examination of the person by two independent professionals selected in accordance with subdivision (g).

(f) If an examination by independent professionals pursuant to subdivision (e) is conducted, a petition to request commitment under this article shall only be filed if both independent professionals who evaluate the person pursuant to subdivision (e) concur that the person meets the criteria for commitment specified in subdivision (d). The professionals selected to evaluate the person pursuant to

subdivision (g) shall inform the person that the purpose of their examination is not treatment but to determine if the person meets certain criteria to be involuntarily committed pursuant to this article. It is not required that the person appreciate or understand that information.

(g) Any independent professional who is designated by the Director of Corrections or the Director of Mental Health for purposes of this section shall not be a state government employee, shall have at least five years of experience in the diagnosis and treatment of mental disorders, and shall include psychiatrists and licensed psychologists who have a doctoral degree in psychology. The requirements set forth in this section also shall apply to any professionals appointed by the court to evaluate the person for purposes of any other proceedings under this article.

(h) If the State Department of Mental Health determines that the person is a sexually violent predator as defined in this article, the Director of Mental Health shall forward a request for a petition to be filed for commitment under this article to the county designated in subdivision (i). Copies of the evaluation reports and any other supporting documents shall be made available to the attorney designated by the county pursuant to subdivision (i) who may file a petition for commitment in the superior court.

(i) If the county's designated counsel concurs with the recommendation, a petition for commitment shall be filed in the superior court of the county in which the person was convicted of the offense for which he or she was committed to the jurisdiction of the Department of Corrections. The petition shall be filed, and the proceedings shall be handled, by either the district attorney or the county counsel of that county. The county board of supervisors shall designate either the district attorney or the county counsel to assume responsibility for proceedings under this article.

(j) The time limits set forth in this section shall not apply during the first year that this article is operative.

(k) If the person is otherwise subject to parole, a finding or placement made pursuant to this article shall not toll, discharge, or otherwise affect the term of parole pursuant to Article 1 (commencing with Section 3000) of Chapter 8 of Title 1 of Part 3 of the Penal Code.

(*l*) Pursuant to subdivision (d), the attorney designated by the county pursuant to subdivision (i) shall notify the State Department of Mental Health of its decision regarding the filing of a petition for commitment within 15 days of making that decision.

SEC. 2. Section 6601.1 is added to the Welfare and Institutions Code, to read:

6601.1. (a) The Department of Justice, in cooperation with the Youth and Adult Correctional Agency and the State Department of Mental Health, shall report to the Legislature, on or before January 1, 2002, all of the following with regard to petitions to declare persons

to be sexually violent predators filed pursuant to Section 6601 between July 1, 1999 through June 30, 2001:

(1) The number of cases in which, despite a later judicial or administrative finding that a person's custody was unlawful, a petition filed under Section 6601 is not dismissed pursuant to paragraph (2) of subdivision (a) of Section 6601 because the unlawful custody was the result of a good faith mistake of fact or law.

(2) The circumstances in each case in which a petition filed pursuant to Section 6601 went forward despite a good faith mistake of fact or law that resulted in the unlawful custody of the person.

(b) This section shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2003, deletes or extends that date.

SEC. 3. The Legislature finds and declares that paragraph (2) of subdivision (a) of Section 6601 is declaratory of existing law. The Sexually Violent Predator Act authorizes civil commitment of persons who pose a danger as a result of a mental disorder if released from custody. Therefore, where a petition for commitment of a sexually violent predator has been filed, it is not the intent of the Legislature that a person be released based upon a subsequent judicial or administrative finding that all or part of a determinate prison sentence, parole revocation term, or a hold placed pursuant to Section 6601.3, was unlawful.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide immediate protection to the public from sexually violent predators, it is necessary that this act take effect immediately.

CHAPTER 137

An act to amend Section 7074 of, and to add Section 7074.5 to, the Government Code, relating to enterprise zones, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 21, 1999. Filed with Secretary of State July 22, 1999.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares all of the following:

(a) The Counties of Fresno and Kern have exceptionally high rates of unemployment.

(b) The two counties, which are top agricultural producers in the state, continue to experience difficulties in diversifying their economies.

(c) The two counties have unincorporated areas adjacent to existing enterprise zones and otherwise may meet the statutory criteria for expansion of those enterprise zones.

SEC. 2. Section 7074 of the Government Code is amended to read:

7074. (a) In the case of any enterprise zone, including an enterprise zone formerly designated as an enterprise zone pursuant to Chapter 12.8 (commencing with Section 7070) as it read prior to January 1, 1997, or as a program area pursuant to Chapter 12.9 (commencing with Section 7080) as it read prior to January 1, 1997, a city or county, or city and county may propose that the enterprise zone be expanded by 15 percent to include definitive boundaries that are contiguous to the enterprise zone. The agency may approve that expansion based upon the criterion specified in subdivision (b) of Section 7073.

(b) An enterprise zone that is located in the unincorporated area of a county may propose to use eligible expansion allotment to expand into an adjacent city or cities pursuant to this section if the agency finds that all of the following conditions exist:

(1) The governing body of the local agency with jurisdiction over the existing enterprise zone and the governing body of the local agency with jurisdiction over the proposed expansion area each approve the expansion by adoption of an ordinance or resolution.

(2) (A) Land included within the proposed expansion is zoned for industrial or commercial use.

(B) An expansion area may contain noncommercial or nonindustrial land only if that land is a right-of-way and is needed to meet the requirement for a contiguous expansion between an existing enterprise zone and a proposed expansion area.

(3) Basic infrastructure, including, but not limited to, gas, water, electrical service, and sewer systems, is available to the area that would be included in the expansion.

(4) The expansion area is contiguous to the existing enterprise zone.

(c) (1) Except as otherwise provided in paragraph (2), in no event shall an enterprise zone be permitted to expand more than 15 percent in size from its size on the date of original designation, including any expansion authorized pursuant to Chapter 12.8 (commencing with Section 7070), or Chapter 12.9 (commencing with Section 7080), as those chapters read prior to January 1, 1997.

(2) If an enterprise zone, on the date of original designation, is no greater than 13 square miles, it may be permitted to expand up to 20 percent in size from its size on the date of original designation.

SEC. 3. Section 7074.5 is added to the Government Code, to read:

7074.5. In the case of the Counties of Fresno and Kern, an enterprise zone that is located in a city or in the unincorporated area of the county may propose to use eligible expansion allotment to expand into an adjacent city or cities, or an adjacent unincorporated area of the county, subject to the conditions specified in Section 7074.

SEC. 4. Due to the unique circumstances of the economies of the Counties of Fresno and Kern, and of the configuration of the enterprise zones existing in those counties, the Legislature hereby finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution. Therefore, the special legislation contained in Section 3 of this act is necessarily applicable only to the Counties of Fresno and Kern.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order that local agencies may more efficiently expand enterprise zones within their jurisdictions at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 138

An act to amend Section 77212.5 of, to repeal and add Section 72115 of, and to repeal Section 26669 of, the Government Code, relating to court services, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 21, 1999. Filed with Secretary of State July 22, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 26669 of the Government Code is repealed.

SEC. 2. Section 72115 of the Government Code is repealed.

SEC. 3. Section 72115 is added to the Government Code, to read:

72115. (a) Notwithstanding any other provision of law, the Board of Supervisors of San Bernardino County may, no later than 30 days after the effective date of this section, commence public hearings regarding the abolition of the marshal's office and the transferring of court-related services provided by the marshal within the county to the sheriff's department. Within 30 days of the commencement of public hearings as authorized by this section, the board shall make a final determination as to the most cost-effective and most efficient manner of providing court-related services.

(b) Concurrently, an election may be conducted among all of the judges of the Consolidated Courts of San Bernardino County to

provide an advisory recommendation to the board of supervisors on the abolition of the marshal's office and the transferring of court-related services provided by the marshal within the county to the sheriff's department. The outcome shall be determined by a simple majority of votes cast. The vote of the judges shall then be forwarded to the board of supervisors prior to the close of the public hearing, and the board of supervisors shall take into advisement the recommendation of the judges provided by the election report.

(c) If the board determines to abolish the marshal's office and transfer the duties of the marshal to the sheriff's office, the abolishment of the office and the transfer of those duties shall be completed within 30 days of that determination.

(d) The courtroom assignment of bailiffs after abolition of the marshal's office and the consolidation pursuant to this section shall be determined by a two-member committee comprised of the presiding judge of the consolidated court and the sheriff, or their designees. Any new bailiff assignments shall be made only after consultation with the affected judge or commissioner in whose courtroom a new assignment is planned.

It is the intent of the Legislature, in enacting this subdivision, to ensure that courtroom assignments are made in a manner which best assures that the interests of the affected judge or commissioner and bailiff are protected.

(e) Notwithstanding any other provision of law, the marshal and all personnel of the marshal's office affected by the abolition of the marshal's office in San Bernardino County shall become employees of the sheriff's department at their existing or equivalent classification, salaries, and benefits, and, except as may be necessary for the operation of the agency under which court-related services and the service of civil and criminal process are consolidated, they shall not be involuntarily transferred out of the consolidated office for a period of five years following the consolidation.

(f) Personnel of the abolished marshal's office shall be entitled to request an assignment to another division within the sheriff's department, and that request shall be reviewed in the same manner as any other request from within the department. Persons who accept a voluntary transfer from the court services/civil division shall waive their rights pursuant to subdivision (e).

(g) Permanent employees of the marshal's office on the effective date of the abolition of the marshal's office pursuant to this section shall be deemed to be qualified, and no other qualifications shall be required for employment or retention. Probationary employees of the marshal's office on the effective date of a consolidation pursuant to this section shall retain their probationary status and rights, and shall not be deemed to have transferred so as to require serving a new probationary period.

(h) All county service or service by employees of the marshal's office on the effective date of a consolidation pursuant to this section

shall be counted toward seniority in the consolidated office, and all time spent in the same, equivalent, or higher classification shall be counted toward classification seniority.

(i) No employee of the marshal's office on the effective date of a consolidation pursuant to this section shall lose peace officer status, or otherwise be adversely affected as a result of the abolition and merger of personnel into the sheriff's department.

SEC. 4. Section 77212.5 of the Government Code is amended to read:

77212.5. (a) Commencing on July 1, 1999, and thereafter, the trial courts of each county in which court security services are otherwise required by law to be provided by the sheriff's department shall enter into an agreement with the sheriff's department that was providing court security services as of July 1, 1998, regarding the provision of court security services.

(b) Commencing on July 1, 1999, and thereafter, the trial courts of a county of the seventh class in which court security was provided by the marshal's office as of July 1, 1998, shall, if the marshal's office is abolished, enter into an agreement regarding the provision of court security services with the successor sheriff's department.

SEC. 4.5. Section 77212.5 of the Government Code is amended to read:

77212.5. (a) Commencing on July 1, 1999, and thereafter, the trial courts of each county in which court security services are otherwise required by law to be provided by the sheriff's department shall enter into an agreement with the sheriff's department that was providing court security services as of July 1, 1998, regarding the provision of court security services.

(b) Commencing on July 1, 1999, and thereafter, the trial courts of a county in which court security was provided by the marshal's office as of July 1, 1998, shall, if the marshal's office is abolished, enter into an agreement regarding the provision of court security services with the successor sheriff's department.

SEC. 5. Due to unique facts and circumstances applicable to San Bernardino County, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution. Special legislation is, therefore, necessarily applicable to only San Bernardino County.

SEC. 6. Section 4.5 of this bill shall only become operative if (1) this bill and SB 1196 are both enacted and become effective on or before January 1, 2000, (2) each bill amends Section 77212.5 of the Government Code, and (3) this bill is enacted after SB 1196, in which case Section 77212.5 of the Government Code, as amended by SB 1196, shall remain operative only until the operative date of this bill, at which time Section 4.5 of this bill shall become operative, and Section 4 of this bill shall not become operative.

SEC. 7. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act

contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure the efficient operation and provision of court-related services in San Bernardino County, it is necessary for this act to take effect immediately.

CHAPTER 139

An act to amend Section 118215 of the Health and Safety Code, relating to medical waste.

[Approved by Governor July 21, 1999. Filed with Secretary of State July 22, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 118215 of the Health and Safety Code is amended to read:

118215. (a) Except as provided in subdivisions (b) and (c), a person generating or treating medical waste shall ensure that the medical waste is treated by one of the following methods, thereby rendering it solid waste, as defined in Section 40191 of the Public Resources Code, prior to disposal:

(1) (A) Incineration at a permitted medical waste treatment facility in a controlled-air, multichamber incinerator, or other method of incineration approved by the department which provides complete combustion of the waste into carbonized or mineralized ash.

(B) Treatment with an alternative technology approved pursuant to paragraph (3), which, due to the extremely high temperatures of treatment in excess of 1300 degrees Fahrenheit, has received express approval from the department.

(2) Steam sterilization at a permitted medical waste treatment facility or by other sterilization, in accordance with all of the following operating procedures for steam sterilizers or other sterilization:

(A) Standard written operating procedures shall be established for biological indicators, or for other indicators of adequate sterilization approved by the department, for each steam sterilizer,

including time, temperature, pressure, type of waste, type of container, closure on container, pattern of loading, water content, and maximum load quantity.

(B) Recording or indicating thermometers shall be checked during each complete cycle to ensure the attainment of 121° Centigrade (250° Fahrenheit) for at least one-half hour, depending on the quantity and density of the load, to achieve sterilization of the entire load. Thermometers shall be checked for calibration annually. Records of the calibration checks shall be maintained as part of the facility's files and records for a period of three years or for the period specified in the regulations.

(C) Heat-sensitive tape, or another method acceptable to the enforcement agency, shall be used on each biohazard bag or sharps container that is processed onsite to indicate the attainment of adequate sterilization conditions.

(D) The biological indicator Bacillus stearothermophilus, or other indicator of adequate sterilization as approved by the department, shall be placed at the center of a load processed under standard operating conditions at least monthly to confirm the attainment of adequate sterilization conditions.

(E) Records of the procedures specified in subparagraphs (A), (B), and (D) shall be maintained for a period of not less than three years.

(3) (A) Other alternative medical waste treatment methods which are both of the following:

(i) Approved by the department.

(ii) Result in the destruction of pathogenic micro-organisms.

(B) Any alternative medical waste treatment method proposed to the department shall be evaluated by the department and either approved or rejected pursuant to the criteria specified in this subdivision.

(b) A medical waste may be discharged to a public sewage system without treatment if it is not a biohazardous waste of a type described in either subdivision (a) or (b) of Section 117635, it is liquid or semiliquid, and its discharge is consistent with waste discharge requirements placed on the public sewage system by the California regional water quality control board with jurisdiction.

(c) (1) A medical waste that is a biohazardous waste of a type described in subdivision (a) of Section 117635 may be treated by a chemical disinfection if the medical waste is liquid or semiliquid and the chemical disinfection method is recognized by the National Institutes of Health, the Centers for Disease Control and Prevention, or the American Biological Safety Association, and if the use of chemical disinfection as a treatment method is identified in the site's medical waste management plan.

(2) If the waste is not treated by chemical disinfection, in accordance with paragraph (1), the waste shall be treated by one of the methods specified in subdivision (a).

(3) Following treatment by chemical disinfection, the medical waste may be discharged to the public sewage system if the discharge is consistent with waste discharge requirements placed on the public sewage system by the California regional water control board, and the discharge is in compliance with the requirements imposed by the owner or operator of the public sewage system. If the chemical disinfection of the medical waste causes the waste to become a hazardous waste, the waste shall be managed in accordance with the requirements of Chapter 6.5 (commencing with Section 25100) of Division 20.

CHAPTER 140

An act to amend Sections 21115, 21115.1, and 24607 of, to add Sections 385.5, 4023, and 11713.10 to, and to add Article 5 (commencing with Section 21250) to Chapter 1 of Division 11 of, the Vehicle Code, relating to low-speed vehicles.

[Approved by Governor July 21, 1999. Filed with Secretary of State July 22, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 385.5 is added to the Vehicle Code, to read:

385.5. A "low-speed vehicle" is a motor vehicle, other than a motor truck, having four wheels on the ground and an unladen weight of 1,800 pounds or less, that is capable of propelling itself at a minimum speed of 20 miles per hour and a maximum speed of 25 miles per hour, on a paved level surface. For the purposes of this section, a "low-speed vehicle" is not a golf cart, except when operated pursuant to Section 21115 or 21115.1.

SEC. 2. Section 4023 is added to the Vehicle Code, to read:

4023. A low-speed vehicle operated pursuant to Section 21115 or 21115.1 is exempt from registration.

SEC. 3. Section 11713.10 is added to the Vehicle Code, to read:

11713.10. It is unlawful and a violation of this code to sell a low-speed vehicle, as defined in Section 385.5, without disclosing to the buyer the vehicle's maximum speed and the potential risks of driving a low-speed vehicle.

SEC. 4. Section 21115 of the Vehicle Code is amended to read:

21115. (a) If a local authority finds that a highway under its jurisdiction is located adjacent to, or provides access to, a golf course and between the golf course and the place where golf carts are parked or stored or is within or bounded by a real estate development offering golf facilities and is designed and constructed, so as to safely permit the use of regular vehicular traffic and also the driving of golf carts on the highway, the local authority may, by resolution or

ordinance, designate the highway or portion of the highway for combined use and prescribe rules and regulations that shall have the force of law. No highway shall be so designated for a distance of more than one mile from the golf course if the highway is not located within a development or beyond the area of a development, provided, the finding of the local authority in this respect shall be conclusive. Upon the designation becoming effective it shall be lawful to drive golf carts upon the highway in accordance with the prescribed rules and regulations. The rules and regulations may establish crossing zones and speed limits and other operating standards but shall not require that the golf carts conform to any requirements of this code with respect to registration, licensing, or equipment, except that if operated during darkness the golf cart shall be subject to the provisions of Section 24001.5 regarding equipment.

The rules and regulations shall not be effective until appropriate signs giving notice thereof are posted along the highway affected.

A "real estate development offering golf facilities," for purposes of this section, means an area of single-family or multiple-family residences, the owners or occupants of which are eligible for membership in, or the use of, one or more golf courses within the development by virtue of their ownership or occupancy of a residential dwelling unit in the development.

(b) For purposes of this section, a "golf cart" includes a low-speed vehicle.

SEC. 5. Section 21115.1 of the Vehicle Code is amended to read:

21115.1. (a) Notwithstanding Section 21115, a local authority may, by ordinance or resolution, establish crossing zones, for use by golf carts at any time other than during darkness, on any street, other than a state highway, that has a posted speed limit of 45 miles per hour or less and that is immediately adjacent to a golf course. The crossing zones shall be at an angle of approximately 90 degrees to the direction of the roadway. The ordinance or resolution shall not become effective until submitted to the law enforcement agency having primary jurisdiction over the street, the law enforcement agency finds and determines that the conditions pertaining to that street, with the addition of proper signs, markers, or lighting, or any combination of those, will permit the establishment of a golf cart crossing with reasonable safety, and the signs, markers, or lighting specified by the law enforcement agency are in place.

(b) Subdivision (a) does not constitute precedent for the operation of golf carts on any street or highway other than in a crossing zone established pursuant to subdivision (a).

(c) For purposes of this section, a "golf cart" includes a low-speed vehicle.

SEC. 6. Article 5 (commencing with Section 21250) is added to Chapter 1 of Division 11 of the Vehicle Code, to read:

Article 5. Operation of Low-Speed Vehicles

21250. For the purposes of this article, a low-speed vehicle means a vehicle as defined in Section 385.5.

21251. Except as provided in Sections 4023, 21115, and 21115.1, a low-speed vehicle is subject to all the provisions applicable to a motor vehicle, and the driver of a low-speed vehicle is subject to all the provisions applicable to the driver of a motor vehicle or other vehicle, when applicable, by this code or any other code, with the exception of those provisions which, by their very nature, can have no application.

21252. A vehicle dealer, selling a low-speed vehicle, shall provide to the buyer a disclosure statement regarding the operation of the vehicle that is in compliance with existing provisions of the California Code of Regulations.

21253. A low-speed vehicle operated or parked on the roadway shall at all times meet federal Motor Vehicle Safety Standards established for low-speed vehicles in Section 571.500 of Title 49 of the Code of Federal Regulations.

21254. A motor vehicle that was originally designated as a low-speed vehicle and that has been modified or altered to exceed 25 miles per hour shall not qualify for the relaxed federal Motor Vehicle Safety Standards established for low-speed vehicles and instead shall meet all federal Motor Vehicle Safety Standards for a passenger vehicle.

21260. (a) Except as provided in paragraph (1) of subdivision (b), the operator of a low-speed vehicle shall not operate the vehicle on any roadway with a speed limit in excess of 35 miles per hour.

(b) (1) The operator of a low-speed vehicle may cross a roadway with a speed limit in excess of 35 miles per hour if the crossing begins and ends on a roadway with a speed limit of 35 miles per hour or less and occurs at an intersection of approximately 90 degrees.

(2) Notwithstanding paragraph (1), the operator of a low-speed vehicle shall not traverse an uncontrolled intersection with any state highway unless that intersection has been approved and authorized by the agency having primary traffic enforcement responsibilities for that crossing by a low-speed vehicle.

21266. (a) Notwithstanding Section 21260, local authorities, by ordinance or resolution, may restrict or prohibit the use of low-speed vehicles.

(b) Notwithstanding Section 21260, a local law enforcement agency with primary traffic enforcement responsibilities or the Department of the California Highway Patrol may prohibit the operation of a low-speed vehicle on any roadway under that agency's or department's jurisdiction when the agency or the department deems the prohibition to be in the best interest of public safety. Any such prohibition shall become effective when appropriate signs giving notice thereof are erected upon the roadway.

SEC. 7. Section 24607 of the Vehicle Code is amended to read:

24607. Every vehicle subject to registration under this code shall at all times be equipped with red reflectors mounted on the rear as follows:

(a) Every vehicle shall be equipped with at least one reflector so maintained as to be plainly visible at night from all distances within 350 to 100 feet from the vehicle when directly in front of the lawful upper headlamp beams.

(b) Every vehicle, other than a motorcycle or a low-speed vehicle, manufactured and first registered on or after January 1, 1965, shall be equipped with at least two reflectors meeting the visibility requirements of subdivision (a), except that trailers and semitrailers manufactured after July 23, 1973, that are less than 30 inches wide, may be equipped with one reflector which shall be mounted at or near the vertical centerline of the trailer. SEC. 8. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction,

eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 141

An act to add Chapter 1.10 (commencing with Section 15365.30) to Part 6.7 of Division 3 of Title 2 of the Government Code, relating to international trade.

[Approved by Governor July 21, 1999. Filed with Secretary of State July 22, 1999.]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares that many nations look to the West, particularly to the United States and especially to California, for providing needed products and services. This interest has generated a number of visitors to the Central Valley who are searching for suppliers to meet their needs. It is estimated that, on average, more than one delegation from a foreign country visits the Central Valley each week of the year. The manner in which these visits occur and the manner in which they are handled, for the most part, fail to recognize cultural differences and, in general, fail to establish long-lasting business relationships. Economic opportunities for the communities of the Central Valley are lost due to the lack of a professionally organized marketing coordination. Some impact of this effect is reflected in the United States balance of trade deficit figures.

(b) The Legislature further finds and declares that the creation of the California Central Valley International Trade Center in Tulare will help the businesses of the Central Valley obtain a larger share of the global market for Central Valley products and services and create new jobs through active expansion of export markets. The identification and use of public and private resources from throughout the Central Valley in this undertaking will make possible the employment of the best and most modern practices of export technology to build and sustain a model trade development organization, including the development and application of electronic commerce designed to maximize exports of agricultural commodities and other California manufactured or processed products.

SEC. 2. Chapter 1.10 (commencing with Section 15365.30) is added to Part 6.7 of Division 3 of Title 2 of the Government Code, to read:

CHAPTER 1.10. CALIFORNIA CENTRAL VALLEY INTERNATIONAL TRADE CENTER

15365.30. (a) The California Central Valley International Trade Center in Tulare has been created for the purpose of assisting Central Valley businesses interested in expanding their markets.

(b) It is the intent of the Legislature that the Central Valley International Trade Center in Tulare County coordinate and work cooperatively with other ongoing international trade efforts in the Central Valley, including the Counties of Fresno, Kern, Kings, Madera, San Joaquin, Stanislaus, and Tulare.

15365.31. The California Central Valley International Trade Center in Tulare is working cooperatively with federal, state, and local governments, as well as chambers of commerce, economic development organizations, trade and product associations, service providers, and private enterprise throughout the Central Valley to accomplish all of the following:

(a) Identify and recruit delegations of potential foreign buyers of products produced in the Central Valley.

(b) Coordinate visits to the Central Valley by arranging tours, meetings, and social functions that begin the relationship-building process.

(c) Prepare a data base of existing and potential exporters of goods and services in the Central Valley.

(d) Provide information to Central Valley businesses interested in exporting products and services regarding various opportunities made possible by foreign interests.

(e) Provide support services, such as telecommunications, meeting rooms, interpreters, materials, and supplies.

(f) Support a permanent display area, well stocked with brochures and data, to showcase products and services of Central Valley businesses.

(g) Coordinate regional trade activities with international contacts.

(h) Organize and conduct trade missions to prospective client operations and countries.

(i) Organize group participation in international shows and other events.

(j) Identify governmental programs offering export assistance and solicit support.

(k) Conduct training and informational programs for interested parties to promote trade opportunities using the resources of existing export trade centers and services.

(*l*) Engage in the establishment of a regional export incubator program and center for small business and internship for students enrolled in international trade studies.

(m) Organize promotional programs and marketing materials relating to Central Valley exports.

(n) Maintain liaison between government agencies, Central Valley businesses, and foreign buyers.

SEC. 3. It is the intent of the Legislature that funding for the California Central Valley International Trade Center in Tulare for the purposes described in subdivisions (a) to (n), inclusive, of Section 15365.31 of the Government Code be appropriated in the annual Budget Act or in another measure.

(C) The sheriff of a county or the chief or other head of a municipal police department of any city or city and county, upon proof that the person applying is of good moral character, that good cause exists for the issuance, and that the person applying is a person who has been deputized or appointed as a peace officer pursuant to subdivision (a) or (b) of Section 830.6 by that sheriff or that chief of police or other head of a municipal police department, may issue to that person a license to carry concealed a pistol, revolver, or other firearm capable of being concealed upon the person. Direct or indirect fees for the issuance of a license pursuant to this subparagraph may be waived. The fact that an applicant for a license to carry a pistol, revolver, or other firearm capable of being concealed upon the person has been deputized or appointed as a peace officer pursuant to subdivision (a) or (b) of Section 830.6 shall be considered only for the purpose of issuing a license pursuant to this subparagraph, and shall not be considered for the purpose of issuing a license pursuant to subparagraph (A) or (B).

(D) For the purpose of subparagraph (A), the applicant shall satisfy any one of the following:

(i) Is a resident of the county or a city within the county.

(ii) Spends a substantial period of time in the applicant's principal place of employment or business in the county or a city within the county.

Notwithstanding this clause, the licensing authority may require a community college course certified by the Commission on Peace Officer Standards and Training, up to a maximum of 24 hours, but only if required uniformly of all license applicants without exception.

(ii) For license renewal applicants, the course of training may be any course acceptable to the licensing authority, shall be no less than four hours, and shall include instruction on at least firearm safety and the law regarding the permissible use of a firearm.

(2) (A) (i) Except as otherwise provided in clause (ii), subparagraphs (C) and (D) of this paragraph, and subparagraph (B) of paragraph (4) of subdivision (f), a license issued pursuant to subparagraph (A) or (B) of paragraph (1) is valid for any period of time not to exceed two years from the date of the license.

(ii) If the licensee's place of employment or business was the basis for issuance of the license pursuant to subparagraph (A) of paragraph (1), the license is valid for any period of time not to exceed 90 days from the date of the license. The license shall be valid only in the county in which the license was originally issued. The licensee shall give a copy of this license to the licensing authority of the city, county, or city and county in which he or she resides. The licensing authority that originally issued the license shall inform the licensee verbally

and in writing in at least 16-point type of this obligation to give a copy of the license to the licensing authority of the city, county, or city and county of residence. Any application to renew or extend the validity of, or reissue, the license may be granted only upon the concurrence of the licensing authority that originally issued the license and the licensing authority of the city, county, or city and county in which the licensee resides.

(B) A license issued pursuant to subparagraph (C) of paragraph (1) to a peace officer appointed pursuant to Section 830.6 is valid for any period of time not to exceed four years from the date of the license, except that the license shall be invalid upon the conclusion of the person's appointment pursuant to Section 830.6 if the four-year period has not otherwise expired or any other condition imposed pursuant to this section does not limit the validity of the license to a shorter time period.

(C) A license issued pursuant to subparagraph (A) or (B) of paragraph (1) is valid for any period of time not to exceed three years from the date of the license if the license is issued to any of the following individuals:

(i) A judge of a California court of record.

(ii) A full-time court commissioner of a California court of record.

(iii) A judge of a federal court.

(iv) A magistrate of a federal court.

(D) A license issued pursuant to subparagraph (A) or (B) of paragraph (1) is valid for any period of time not to exceed four years from the date of the license if the license is issued to a custodial officer who is an employee of the sheriff as provided in Section 831.5, except that the license shall be invalid upon the conclusion of the person's employment pursuant to Section 831.5 if the four-year period has not otherwise expired or any other condition imposed pursuant to this section does not limit the validity of the license to a shorter time period.

(3) For purposes of this subdivision, a city or county may be considered an applicant's "principal place of employment or business" only if the applicant is physically present in the jurisdiction during a substantial part of his or her working hours for purposes of that employment or business.

(b) A license may include any reasonable restrictions or conditions which the issuing authority deems warranted, including restrictions as to the time, place, manner, and circumstances under which the person may carry a pistol, revolver, or other firearm capable of being concealed upon the person.

(c) Any restrictions imposed pursuant to subdivision (b) shall be indicated on any license issued.

(d) A license shall not be issued if the Department of Justice determines that the person is within a prohibited class described in Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code.

(e) (1) The license shall be revoked by the local licensing authority if at any time either the local licensing authority is notified by the Department of Justice that a licensee is within a prohibited class described in Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code, or the local licensing authority determines that the person is within a prohibited class described in Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code.

(2) If at any time the Department of Justice determines that a licensee is within a prohibited class described in Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code, the department shall immediately notify the local licensing authority of the determination.

(3) If the local licensing authority revokes the license, the Department of Justice shall be notified of the revocation pursuant to Section 12053. The licensee shall also be immediately notified of the revocation in writing.

(f) (1) A person issued a license pursuant to this section may apply to the licensing authority for an amendment to the license to do one or more of the following:

(A) Add or delete authority to carry a particular pistol, revolver, or other firearm capable of being concealed upon the person.

(B) Authorize the licensee to carry concealed a pistol, revolver, or other firearm capable of being concealed upon the person.

(C) If the population of the county is less than 200,000 persons according to the most recent federal decennial census, authorize the licensee to carry loaded and exposed in that county a pistol, revolver, or other firearm capable of being concealed upon the person.

(D) Change any restrictions or conditions on the license, including restrictions as to the time, place, manner, and circumstances under which the person may carry a pistol, revolver, or other firearm capable of being concealed upon the person.

(2) When the licensee changes his or her address, the license shall be amended to reflect the new address and a new license shall be issued pursuant to paragraph (3).

(3) If the licensing authority amends the license, a new license shall be issued to the licensee reflecting the amendments.

(4) (A) The licensee shall notify the licensing authority in writing within 10 days of any change in the licensee's place of residence.

(B) If the license is one to carry concealed a pistol, revolver, or other firearm capable of being concealed upon the person, then it may not be revoked solely because the licensee changes his or her place of residence to another county if the licensee has not breached any conditions or restrictions set forth in the license or has not fallen into a prohibited class described in Section 12021 or 12021.1 of this code or Section 8100 or 8103 of the Welfare and Institutions Code. However, any license issued pursuant to subparagraph (A) or (B) of paragraph (1) of subdivision (a) shall expire 90 days after the licensee

moves from the county of issuance if the licensee's place of residence was the basis for issuance of the license.

(C) If the license is one to carry loaded and exposed a pistol, revolver, or other firearm capable of being concealed upon the person, the license shall be revoked immediately if the licensee changes his or her place of residence to another county.

(5) An amendment to the license does not extend the original expiration date of the license and the license shall be subject to renewal at the same time as if the license had not been amended.

(6) An application to amend a license does not constitute an application for renewal of the license.

(g) Nothing in this article shall preclude the chief or other head of a municipal police department of any city from entering an agreement with the sheriff of the county in which the city is located for the sheriff to process all applications for licenses, renewals of licenses, and amendments to licenses, pursuant to this article.

The people of the State of California do enact as follows:

SECTION 1. Section 1088 of the Unemployment Insurance Code is amended to read:

1088. of wages shall include individual amounts required to be withheld under Section 13020 or withheld under Section 13028.

(2) (A) In order to enhance efforts to reduce tax fraud and to reduce the personal income tax reporting burden, effective January 1, 1997, the report of wages shall also include the full first name of the employee and total wages, as defined in Section 13009, paid to each employee. This paragraph shall apply to reports of wages for all periods ending on or before December 31, 1999.

(B) For all periods beginning on or after January 1, 2000, the report of wages shall also include total wages subject to personal income tax, as defined in Section 13009.5, paid to each employee.

(1) Submit a magnetic media format to the department for approval, and upon receiving approval from the department, submit any subsequent reports of wages on magnetic media.

Approved waivers shall be valid for six months or longer, at the discretion of the director.

(g) The Franchise Tax Board shall be allowed access to the information filed with the department pursuant to this section.

Any request for exemption must be filed on or before January 15, 1995. SEC. 3. Section 13021 of the Unemployment Insurance Code is amended to read:

13021. (a) Every employer required to withhold any tax under Section 13020 shall for each calendar quarter, whether or not wages or payments are paid in the quarter, file a withholding report and a report of wages in a form prescribed by the department, and pay over the taxes so required to be withheld. The report of wages shall include individual amounts required to be withheld under Section 13020 or withheld under Section 13028. (2) Effective January 1, 1996, the five hundred dollar ($500) amount referred to in paragraph (1) shall be adjusted annually as follows, based on the annual average rate of interest earned on the Pooled Money Investment Fund as of June 30 in the prior fiscal year:

If settlement to the state's demand account does not occur on or before the banking day following the date the transfer is initiated, payment is deemed complete on the date settlement occurs. The department shall, on or before October 31 of the prior year, notify all employers required by this paragraph to make payments by electronic funds transfer of these requirements.

(3) Notwithstanding paragraph (2), effective January 1, 1995, electronic funds transfer payments that are subject to the one-day deposit rule, as defined by Section 6302 of the Internal Revenue Code and regulations thereunder, shall be deemed timely if the payment settles to the state's demand account within three banking days after the date the employer meets the threshold for the one-day deposit rule.

(4) Any taxpayer required to remit payments pursuant to paragraphs (1) and (2) may request from the department a waiver of those requirements. The department may grant a waiver only if it determines that the particular amounts paid in excess of fifty

thousand dollars ($50,000) or twenty thousand dollars ($20,000), as stated in paragraphs (1) and (2), respectively, were the result of an unprecedented occurrence for that employer, and were not representative of the employer's cumulative average payment in prior years.

(5) Any state agency required to remit payments pursuant to paragraphs (1) and (2) may request a waiver of those requirements from the department. The department may grant a waiver if it determines that there will not be a negative impact on the interest earnings of the General Fund. If there is a negative impact to the General Fund, the department may grant a waiver if the requesting state agency follows procedures designated by the department to mitigate the impact to the General Fund.

(e) Any employer not required to make payment pursuant to subdivision (d) of this section may elect to make payment by electronic funds transfer in accordance with Section 13021.5 under the following conditions:

(1) The election shall be made in a form, and shall contain information, as prescribed by the director, and shall be subject to approval by the department.

(2) If approved, the election shall be effective on the date specified in the notification to the employer of approval.

(3) The election shall be operative from the date specified in the notification of approval, and shall continue in effect until terminated by the employer or the department.

(4) Funds remitted by electronic funds transfer pursuant to this subdivision shall be deemed complete in accordance with subdivision (d) or as deemed appropriate by the director to encourage use of this payment method.

(f) Notwithstanding Section 1112, no interest or penalties shall be assessed against any employer who remits at least 95 percent of the amount required by subdivision (c) or (d), provided that the failure to remit the full amount is not willful and any remaining amount due is paid with the next payment. The director may allow any employer to submit the amounts due from multiple locations upon a showing that those submissions are necessary to comply with the provisions of subdivision (c) or (d).

(g) The department may, if it believes that action is necessary, require any employer to make the report required by this section and pay to it the tax deducted and withheld at any time, or from time to time but no less frequently than provided for in subdivision (a).

(h) Any employer required to withhold any tax and who is not required to make payment under subdivision (c) shall remit the total amount of income tax withheld during each month of each calendar quarter, on or before the 15th day of the subsequent month if the income tax withheld for any of the three months or, cumulatively for two or more months, is three hundred fifty dollars ($350) or more.

(i) For purposes of subdivisions (a), (c), and (h), payment is deemed complete when it is placed in a properly addressed envelope, bearing the correct postage, and it is deposited in the United States mail.

(j) In addition to the withholding report and report of wages described in subdivision (a), each employer shall file with the director an annual reconciliation return showing the amount required to be withheld under Section 13020, and any other information the director shall prescribe. This annual reconciliation return shall be due on the first day of January following the close of the prior calendar year and shall become delinquent if not filed on or before the last day of that month.

(k) If an employer demonstrates that an undue hardship would be imposed, the director may authorize an exemption from the requirement in subdivision (a) to report individual amounts withheld under Section 13020 and the requirement in subdivision (j) to file the annual reconciliation return for the 1995 calendar year only. Any request for exemption must be filed on or before January 15, 1995. Upon approval of a request for exemption under this subdivision, the employer shall file quarterly returns reporting the amount withheld under Section 13020, the statement required to be furnished under Section 13050, and the annual return required by Section 13053, for the 1995 calendar year only.

SEC. 4. Section 13028 of the Unemployment Insurance Code is amended to read:

13028. (a) (1) For purposes of this division (and so much of Part 10 (commencing with Section 17001) and Part 10.2 (commencing with Section 18401) of Division 2 of the Revenue and Taxation Code as relates to this division) pensions, annuities, and other deferred income, as described in Section 3405 of the Internal Revenue Code, are wages and subject to withholding under this division. Amounts withheld shall be treated as if the amounts are withheld by an employer for a payroll period and only amounts withheld shall be reported to the department pursuant to Section 1088 and Section 13021.

(2) Notwithstanding paragraph (1), amounts excluded from gross income by Section 17131.5 of the Revenue and Taxation Code are not wages and are not subject to withholding under this division.

(b) If an individual makes an election under Section 3405(a)(2) or Section 3405(b)(3) of the Internal Revenue Code not to have tax withheld, that election shall apply to withholding under this division, unless the individual elects, with the consent of the payer, to have those payments subject to withholding under this division. If an individual has not made an election under Section 3405(a)(2) or Section 3405(b)(3) of the Internal Revenue Code, that individual may elect to exclude those payments from withholding under this division. Elections provided in this subdivision shall be made pursuant to regulations of the director.

(c) Where Section 3405 of the Internal Revenue Code provides that tables or other computational procedures shall be prescribed by the Secretary of the Treasury, for the purposes of this division, any of the following amounts may be withheld, upon election of the payer:

(1) An amount determined by the method prescribed under Section 13020.

(2) A designated dollar amount as requested by the payee.

(3) Ten percent of the amount of federal withholding computed pursuant to Section 3405 of the Internal Revenue Code.

(d) Where the amount of withholding computed pursuant to subdivision (c) is less than ten dollars ($10) per month, the payer shall not be required to withhold that amount.

(e) This section shall not apply to pensions, annuities, and other deferred income of payees with addresses outside this state, as shown on the most current records of the payer.

(f) The department shall, in consultation with the affected payers and payees, issue regulations to implement this section.

Those regulations shall provide for delay (but not beyond July 1, 1987) of the application of this section with respect to any payer or class of payers until that time as the payers are able to comply without undue hardship with the requirements of this section. In that case, no retroactive compliance shall be required.

SEC. 5. Section 13050 of the Unemployment Insurance Code is amended to read:

13050. (a) Every employer or person required to deduct and withhold from an employee a tax under Section 986, 3260, or 13020, or who would have been required to deduct and withhold a tax under Section 13020 (determined without regard to Section 13025) if the employee had claimed no more than one withholding exemption, shall furnish to each employee in respect of the remuneration paid by the person to the employee during the calendar year, on or before January 31 of the succeeding year, or, if his or her employment is terminated before the close of the calendar year, on the day on which the last payment of remuneration is made, a written statement showing all of the following:

(1) The name of the person.

(2) The name of the employee, and his or her social security or identifying number if wages have been paid.

(3) The total amount of wages subject to personal income tax, as defined by Section 13009.5.

(4) The total amount deducted and withheld as tax under Section 13020.

(5) The total amount of worker contributions paid by the employee pursuant to Section 986.

(6) The total amount of worker contributions paid by the employee pursuant to Section 3260.

(7) The total amount of elective deferrals (within the meaning of Section 402(g)(3) of the Internal Revenue Code) and compensation deferred pursuant to Section 457 of the Internal Revenue Code.

(b) The statement required to be furnished pursuant to this section in respect of any remuneration shall be furnished at other times, shall contain other information, and shall be in a form, as the department may by authorized regulations prescribe.

(c) (1) A duplicate of any statement made pursuant to this section and in accordance with authorized regulations prescribed by the department shall, when required by the regulations, be filed with the department.

(2) Effective January 1, 1995, this subdivision shall apply only to those employers exempted under subdivision (h) of Section 1088 or subdivision (k) of Section 13021 from the requirements to report individual amounts withheld on the report of wages and to file the annual reconciliation return for the 1995 calendar year only. This subdivision shall remain in effect only until March 1, 1996, and on that date is repealed, unless a later enacted statute that is enacted before March 1, 1996, deletes or extends that date.

(d) If, during any calendar year, any person makes a payment of third-party sick pay to an employee, that person shall, on or before January 15 of the succeeding year, furnish a written statement to the employer in respect of whom the payment was made showing all of the following:

(1) The name and, if there is withholding under this division, the social security number of that employee.

(2) The total amount of the third-party sick pay paid to that employee during the calendar year.

(3) The total amount, if any, deducted and withheld from that sick pay under this division. For purposes of the preceding sentence, the term "third-party sick pay" means any sick pay, as defined in subdivision (b) of Section 13028.6, which does not constitute wages for purposes of this division, determined without regard to subdivision (a) of Section 13028.6.

(A) The reporting requirements of subdivision (a) with respect to any payments shall, with respect to those payments, be in lieu of the requirements of subdivision (a) and of Section 18637 of the Revenue and Taxation Code.

(B) For purposes of Chapter 10 (commencing with Section 2101) of Part 1 of Division 1, the statements required to be furnished by this subdivision shall be treated as statements required under this section to be furnished to employees.

(C) Every employer who receives a statement under this subdivision with respect to sick pay paid to any employee during any calendar year shall, on or before January 31 of the succeeding year, furnish a written statement to that employee showing all of the following:

(i) The information shown on the statement furnished under this subdivision.

(ii) If any portion of the sick pay is excludable from gross income pursuant to Article 3 (commencing with Section 17131) of Chapter 3 of Part 10 of Division 2 of the Revenue and Taxation Code, the portion that is not so excludable and the portion that is so excludable. To the extent practicable, the information required under the preceding sentence shall be furnished on or with the statement, if any, required under subdivision (a).

(e) The Franchise Tax Board shall be allowed access to the information filed with the department pursuant to this section.

CHAPTER 145

An act to amend Section 10251 of the Corporations Code, and to amend Sections 1063, 10531, 17351, and 21524 of, to add Chapter 3 (commencing with Section 16320) to Part 4 of Division 9 of, and to repeal Chapter 3 (commencing with Section 16300) of Part 4 of Division 9 of, the Probate Code, relating to the Uniform Principal and Income Act.

[Approved by Governor July 21, 1999. Filed with Secretary of State July 22, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 10251 of the Corporations Code is amended to read:

10251. (a) "Educational institution," as used in this section, means any nonprofit corporation organized under Chapter 4 (commencing with Section 94400) or Chapter 7 (commencing with Section 94700) of Part 59 of the Education Code or organized under Part 1 (commencing with Section 9000) of this division in effect on December 31, 1979, and designated on or after January 1, 1980, as a nonprofit public benefit corporation, or organized for charitable or eleemosynary purposes under Part 2 (commencing with Section 5110) of this division, or Part 3 (commencing with Section 10200) of this division in effect on December 31, 1979, and designated on or after January 1, 1980, as a nonprofit public benefit corporation for the purpose of establishing, conducting or maintaining an institution offering courses beyond high school and issuing or conferring a diploma or for the purpose of offering or conducting private school instruction on the high school or elementary school level and any charitable trust organized for such purpose or purposes. "Educational institution," as used in this section, also means the University of California, the California State University, the

California Community Colleges, and any auxiliary organization, as defined in Section 89901 of the Education Code, established for the purpose of receiving gifts, property and funds to be used for the benefit of a state college.

(b) It shall be lawful for any educational institution to become a member of a nonprofit corporation incorporated under the laws of any state for the purpose of maintaining a common trust fund or similar common fund in which nonprofit organizations may commingle their funds and property for investment and to invest any and all of its funds, whenever and however acquired, in the common fund or funds; provided that, in the case of funds or property held as fiduciary, the investment is not prohibited by the wording of the will, deed, or other instrument creating the fiduciary relationship.

(c) An educational institution electing to invest in a common fund or funds under this section may elect to receive distributions from each fund in an amount not to exceed for each fiscal year the greater of the income, as determined under the Uniform Principal and Income Act, Chapter 3 (commencing with Section 16320) of Part 4 of Division 9 of the Probate Code, accrued on its interest in the fund or 10 percent of the value of its interest in the fund as of the last day of its next preceding fiscal year. The educational institution may expend the distribution or distributions for any lawful purpose notwithstanding any general or special law characterizing the distribution, or any part thereof, as principal or income; provided that, in the case of funds or property invested as fiduciary, the expenditure is not prohibited by the wording of the will, deed, or other instrument creating the fiduciary relationship. No such prohibition of expenditure shall be deemed to exist solely because a will, deed, or other instrument, whether executed or in effect before or after the effective date of this section, directs or authorizes the use of only the "income," or "interest," or "dividends" or "rents, issues or profits," or contains words of similar import.

(d) The Corporate Securities Law of 1968 shall not apply to the creation, administration, or termination of common trust funds authorized under this section, or to participation therein.

(e) This section shall become operative on January 1, 1997.

SEC. 2. Section 1063 of the Probate Code is amended to read:

1063. (a) In all accounts, there shall be an additional schedule showing the estimated market value of the assets on hand as of the end of the accounting period, and a schedule of the estimated market value of the assets on hand as of the beginning of the accounting period for all accounts subsequent to the initial account. The requirement of an estimated value of real estate, a closely held business, or other assets without a ready market, may be satisfied by a good faith estimate by the fiduciary.

(b) If there were purchases or other changes in the form of assets occurring during the period of the account, there shall be a schedule showing these transactions. However, no reporting is required for

transfers between cash or accounts in a financial institution or money market mutual funds as defined in subdivision (d) of Section 8901.

(c) If an estate of a decedent or a trust will be distributed to an income beneficiary, there shall be a schedule showing an allocation of receipts and disbursements between principal and income.

(d) If there is specifically devised property, there shall be an additional schedule accounting for income, disbursements, and proceeds of sale pursuant to Section 12002 and subdivision (a) of Section 16340.

(e) If any interest has been paid or is to be paid under Section 12003, 12004, or 12005, or subdivision (b) of Section 16340, there shall be a schedule showing the calculation of the interest.

(f) If the accounting contemplates a proposed distribution, there shall be a schedule setting forth the proposed distribution, including the allocation of income required under Section 12006. If the distribution requires an allocation between trusts, the allocation shall be set forth on the schedule, unless the allocation is to be made by a trustee after receipt of the assets. If the distribution requires valuation of assets as of the date of distribution, the schedule shall set forth the fair market value of those assets.

(g) If, at the end of the accounting period, there are liabilities of the estate or trust, except current or future periodic payments, including rent, salaries, utilities, or other recurring expenses, there shall be a schedule showing all of the following:

(1) All liabilities which are a lien on estate or trust assets.

(2) Taxes due but unpaid as shown on filed returns or assessments received subsequent to filing of returns.

(3) All notes payable.

(4) Any judgments for which the estate or trust is liable.

(5) Any other material liability.

SEC. 3. Section 10531 of the Probate Code is amended to read:

10531. (a) The personal representative has the power to manage and control property of the estate, including making allocations and determinations under the Uniform Principal and Income Act, Chapter 3 (commencing with Section 16320) of Part 4 of Division 9. Except as provided in subdivision (b), the personal representative may exercise this power without giving notice of proposed action under Chapter 4 (commencing with Section 10580).

(b) The personal representative shall comply with the requirements of Chapter 4 (commencing with Section 10580) in any case where a provision of Chapter 3 (commencing with Section 10500) governing the exercise of a specific power so requires.

SEC. 4. Chapter 3 (commencing with Section 16300) of Part 4 of Division 9 of the Probate Code is repealed.

SEC. 5. Chapter 3 (commencing with Section 16320) is added to Part 4 of Division 9 of the Probate Code, to read:

CHAPTER 3. UNIFORM PRINCIPAL AND INCOME ACT

Article 1. Short Title and Definitions

16320. This chapter may be cited as the Uniform Principal and Income Act.

16321. The definitions in this article govern the construction of this chapter.

16322. "Accounting period" means a calendar year unless another 12-month period is selected by a fiduciary. The term includes a portion of a calendar year or other 12-month period that begins when an income interest begins or ends when an income interest ends.

16323. "Fiduciary" means a personal representative or a trustee.

16324. "Income" means money or property that a fiduciary receives as current return from a principal asset. The term includes a portion of receipts from a sale, exchange, or liquidation of a principal asset, to the extent provided in Article 5.1 (commencing with Section 16350), 5.2 (commencing with Section 16355), or 5.3 (commencing with Section 16360).

16325. "Income beneficiary" means a person to whom net income of a trust is or may be payable.

16326. "Income interest" means the right of an income beneficiary to receive all or part of net income, whether the trust requires it to be distributed or authorizes it to be distributed in the trustee's discretion.

16327. "Mandatory income interest" means the right of an income beneficiary to receive net income that the trust requires the fiduciary to distribute.

16328. "Net income" means the total receipts allocated to income during an accounting period minus the disbursements made from income during the accounting period, plus or minus transfers under this chapter to or from income during the accounting period.

Article 2. General Provisions and Fiduciary Duties

16335. (a) In allocating receipts and disbursements to or between principal and income, and with respect to any other matter within the scope of this chapter, a fiduciary:

(1) Shall administer a trust or decedent's estate in accordance with the trust or the will, even if there is a different provision in this chapter.

(2) May administer a trust or decedent's estate by the exercise of a discretionary power of administration given to the fiduciary by the trust or the will, even if the exercise of the power produces a result different from a result required or permitted by this chapter, and no inference that the fiduciary has improperly exercised the discretion

arises from the fact that the fiduciary has made an allocation contrary to a provision of this chapter.

(3) Shall administer a trust or decedent's estate in accordance with this chapter if the trust or the will does not contain a different provision or does not give the fiduciary a discretionary power of administration.

(4) Shall add a receipt or charge a disbursement to principal to the extent that the trust or the will and this chapter do not provide a rule for allocating the receipt or disbursement to or between principal and income.

(b) In exercising a discretionary power of administration regarding a matter within the scope of this chapter, whether granted by a trust, a will, or this chapter, including the trustee's power to adjust under subdivision (a) of Section 16336, the fiduciary shall administer the trust or decedent's estate impartially, except to the extent that the trust or the will expresses an intention that the fiduciary shall or may favor one or more of the beneficiaries. The exercise of discretion in accordance with this chapter is presumed to be fair and reasonable to all beneficiaries.

16336. (a) Subject to subdivision (b), a trustee may make an adjustment between principal and income to the extent the trustee considers necessary if all of the following conditions are satisfied:

(1) The trustee invests and manages trust assets under the prudent investor rule.

(2) The trust describes the amount that shall or may be distributed to a beneficiary by referring to the trust's income.

(3) The trustee determines, after applying the rules in subdivision (a) of Section 16335, and considering any power the trustee may have under the trust to invade principal or accumulate income, that the trustee is unable to comply with subdivision (b) of Section 16335.

(b) A trustee may not make an adjustment between principal and income in any of the following circumstances:

(1) Where it would diminish the income interest in a trust (A) that requires all of the income to be paid at least annually to a spouse and (B) for which, if the trustee did not have the power to make the adjustment, an estate tax or gift tax marital deduction would be allowed, in whole or in part.

(2) Where it would reduce the actuarial value of the income interest in a trust to which a person transfers property with the intent to qualify for a gift tax exclusion.

(3) Where it would change the amount payable to a beneficiary as a fixed annuity or a fixed fraction of the value of the trust assets.

(4) Where it would be made from any amount that is permanently set aside for charitable purposes under a will or trust, unless both income and principal are so set aside.

(5) Where possessing or exercising the power to make an adjustment would cause an individual to be treated as the owner of all or part of the trust for income tax purposes, and the individual

would not be treated as the owner if the trustee did not possess the power to make an adjustment.

(6) Where possessing or exercising the power to make an adjustment would cause all or part of the trust assets to be included for estate tax purposes in the estate of an individual who has the power to remove a trustee or appoint a trustee, or both, and the assets would not be included in the estate of the individual if the trustee did not possess the power to make an adjustment.

(7) Where the trustee is a beneficiary of the trust.

(c) Notwithstanding Section 15620, if paragraph (5), (6), or (7) of subdivision (b) applies to a trustee and there is more than one trustee, a cotrustee to whom the provision does not apply may make the adjustment unless the exercise of the power by the remaining trustee or trustees is not permitted by the trust.

(d) A trustee may release the entire power conferred by subdivision (a) or may release only the power to adjust from income to principal or the power to adjust from principal to income in either of the following circumstances:

(1) If the trustee is uncertain about whether possessing or exercising the power will cause a result described in paragraphs (1) to (6), inclusive, of subdivision (b).

(2) If the trustee determines that possessing or exercising the power will or may deprive the trust of a tax benefit or impose a tax burden not described in subdivision (b).

(e) A release under subdivision (d) may be permanent or for a specified period, including a period measured by the life of an individual.

(f) A trust that limits the power of a trustee to make an adjustment between principal and income does not affect the application of this section unless it is clear from the trust that it is intended to deny the trustee the power of adjustment provided by subdivision (a).

(g) In deciding whether and to what extent to exercise the power to make adjustments under this section, the trustee may consider, but is not limited to, any of the following:

(1) The nature, purpose, and expected duration of the trust.

(2) The intent of the settlor.

(3) The identity and circumstances of the beneficiaries.

(4) The needs for liquidity, regularity of income, and preservation and appreciation of capital.

(5) The assets held in the trust; the extent to which they consist of financial assets, interests in closely held enterprises, tangible and intangible personal property, or real property; the extent to which an asset is used by a beneficiary; and whether an asset was purchased by the trustee or received from the settlor.

(6) The net amount allocated to income under other statutes and the increase or decrease in the value of the principal assets, which the trustee may estimate as to assets for which market values are not readily available.

(7) Whether and to what extent the trust gives the trustee the power to invade principal or accumulate income or prohibit the trustee from invading principal or accumulating income, and the extent to which the trustee has exercised a power from time to time to invade principal or accumulate income.

(8) The actual and anticipated effect of economic conditions on principal and income and effects of inflation and deflation.

(9) The anticipated tax consequences of an adjustment.

(h) Nothing in this section or in this chapter is intended to create or imply a duty to make an adjustment, and a trustee is not liable for not considering whether to make an adjustment or for choosing not to make an adjustment.

16337. (a) A trustee may give a notice of proposed action regarding a matter governed by this chapter as provided in this section. For the purpose of this section, a proposed action includes a course of action and a decision not to take action.

(b) The trustee shall mail notice of the proposed action to all adult beneficiaries who are receiving, or are entitled to receive, income under the trust or to receive a distribution of principal if the trust were terminated at the time the notice is given.

(c) Notice of proposed action need not be given to any person who consents in writing to the proposed action. The consent may be executed at any time before or after the proposed action is taken.

(d) The notice of proposed action shall state that it is given pursuant to this section and shall state all of the following:

(1) The name and mailing address of the trustee.

(2) The name and telephone number of a person who may be contacted for additional information.

(3) A description of the action proposed to be taken and an explanation of the reasons for the action.

(4) The time within which objections to the proposed action can be made, which shall be at least 30 days from the mailing of the notice of proposed action.

(5) The date on or after which the proposed action may be taken or is effective.

(e) A beneficiary may object to the proposed action by mailing a written objection to the trustee at the address stated in the notice of proposed action within the time period specified in the notice of proposed action.

(f) A trustee is not liable to a beneficiary for an action regarding a matter governed by this chapter if the trustee does not receive a written objection to the proposed action from the beneficiary within the applicable period and the other requirements of this section are satisfied. If no beneficiary entitled to notice objects under this section, the trustee is not liable to any current or future beneficiary with respect to the proposed action.

(g) If the trustee receives a written objection within the applicable period, either the trustee or a beneficiary may petition the

court to have the proposed action taken as proposed, taken with modifications, or denied. In the proceeding, a beneficiary objecting to the proposed action has the burden of proving that the trustee's proposed action should not be taken. A beneficiary who has not objected is not estopped from opposing the proposed action in the proceeding. If the trustee decides not to implement the proposed action, the trustee shall notify the beneficiaries of the decision not to take the action and the reasons for the decision, and the trustee's decision not to implement the proposed action does not itself give rise to liability to any current or future beneficiary. A beneficiary may petition the court to have the action taken, and has the burden of proving that it should be taken.

16338. In a proceeding with respect to a trustee's exercise or nonexercise of the power to make an adjustment under Section 16336, the sole remedy is to direct, deny, or revise an adjustment between principal and income.

16339. This chapter applies to every trust or decedent's estate existing on or after January 1, 2000, except as otherwise expressly provided in the trust or will or in this chapter.

Article 3. Decedent's Estate or Terminating Income Interest

16340. After the decedent's death, in the case of a decedent's estate, or after an income interest in a trust ends, the following rules apply:

(a) If property is specifically given to a beneficiary, by will or trust, the fiduciary of the estate or of the terminating income interest shall distribute the net income and principal receipts to the beneficiary who is to receive the property, subject to the following rules:

(1) The net income and principal receipts from the specifically given property are determined by including all of the amounts the fiduciary receives or pays with respect to the property, whether the amounts accrued or became due before, on, or after the decedent's death or an income interest in a trust ends, and by making a reasonable provision for amounts the fiduciary believes the estate or terminating income interest may become obligated to pay after the property is distributed.

(2) The fiduciary may not reduce income and principal receipts from the specifically given property on account of a payment described in Section 16370 or 16371, to the extent that the will, the trust, or Section 12002 requires payment from other property or to the extent that the fiduciary recovers the payment from a third person.

(b) The fiduciary shall distribute to a beneficiary who receives a pecuniary amount, whether outright or in trust, the interest or any other amount provided by the will, the trust, or Chapter 8 (commencing with Section 12000) of Part 10 of Division 7, from the

remaining net income determined under subdivision (c) or from principal to the extent that net income is insufficient.

(c) The fiduciary shall determine the remaining net income of the decedent's estate or terminating income interest as provided in this chapter and by doing the following:

(1) Including in net income all income from property used to discharge liabilities.

(2) Paying from income or principal, in the fiduciary's discretion, fees of attorneys, accountants, and fiduciaries, court costs and other expenses of administration, and interest on death taxes, except that the fiduciary may pay these expenses from income of property passing to a trust for which the fiduciary claims an estate tax marital or charitable deduction only to the extent that the payment of these expenses from income will not cause the reduction or loss of the deduction.

(3) Paying from principal all other disbursements made or incurred in connection with the settlement of a decedent's estate or the winding up of a terminating income interest, including debts, funeral expenses, disposition of remains, family allowances, and death taxes and related penalties that are apportioned to the estate or terminating income interest by the will, the trust, or Division 10 (commencing with Section 20100).

(d) After distributions required by subdivision (b), the fiduciary shall distribute the remaining net income determined under subdivision (c) in the manner provided in Section 16341 to all other beneficiaries.

(e) For purposes of this section, a reference in Chapter 8 (commencing with Section 12000) of Part 10 of Division 7 to the date of the testator's death means the date of the settlor's death or of the occurrence of some other event on which the distributee's right to receive the gift depends.

16341. (a) Each beneficiary described in subdivision (d) of Section 16340 is entitled to receive a portion of the net income equal to the beneficiary's fractional interest in undistributed principal assets, using values as of the distribution dates and without reducing the values by any unpaid principal obligations.

(b) If a fiduciary does not distribute all of the collected but undistributed net income to each beneficiary as of a distribution date, the fiduciary shall maintain appropriate records showing the interest of each beneficiary in that net income.

(c) The distribution date for purposes of this section may be the date as of which the fiduciary calculates the value of the assets if that date is reasonably near the date on which assets are actually distributed.

Article 4. Apportionment at Beginning and End of Income Interest

16345. (a) An income beneficiary is entitled to net income from the date on which the income interest begins. An income interest begins on the date specified in the trust or, if no date is specified, on the date an asset becomes subject to a trust or successive income interest.

(b) An asset becomes subject to a trust at the following times:

(1) In the case of an asset that is transferred to a trust during the transferor's life, on the date it is transferred to the trust.

(2) In the case of an asset that becomes subject to a trust by reason of a will, even if there is an intervening period of administration of the testator's estate, on the date of the testator's death.

(3) In the case of an asset that is transferred to a fiduciary by a third party because of the individual's death, on the date of the individual's death.

(c) An asset becomes subject to a successive income interest on the day after the preceding income interest ends, as determined under subdivision (d), even if there is an intervening period of administration to wind up the preceding income interest.

(d) An income interest ends on the day before an income beneficiary dies, or another terminating event occurs, or on the last day of a period during which there is no beneficiary to whom a trustee may distribute income.

16346. (a) A trustee shall allocate an income receipt or disbursement other than one to which subdivision (a) of Section 16340 applies to principal if its due date occurs before a decedent dies in the case of an estate or before an income interest begins in the case of a trust or successive income interest.

(b) A trustee shall allocate an income receipt or disbursement to income if its due date occurs on or after the date on which a decedent dies or an income interest begins and it is a periodic due date. An income receipt or disbursement shall be treated as accruing from day to day if its due date is not periodic or it has no due date. The portion of the receipt or disbursement accruing before the date on which a decedent dies or an income interest begins shall be allocated to principal and the balance shall be allocated to income.

(c) An item of income or an obligation is due on the date the payer is required to make a payment. If a payment date is not stated, there is no due date for the purposes of this chapter. Distributions to shareholders or other owners from an entity to which Section 16350 applies are deemed to be due on the date fixed by the entity for determining who is entitled to receive the distribution or, if no date is fixed, on the declaration date for the distribution. A due date is periodic for receipts or disbursements that must be paid at regular intervals under a lease or an obligation to pay interest or if an entity customarily makes distributions at regular intervals.

16347. (a) For the purposes of this section, "undistributed income" means net income received before the date on which an income interest ends. The term does not include an item of income or expense that is due or accrued or net income that has been added or is required to be added to principal by the trust.

(b) Except as provided in subdivision (c), on the date when a mandatory income interest ends, the trustee shall pay to a mandatory income beneficiary who survives that date, or to the estate of a deceased mandatory income beneficiary whose death causes the interest to end, the beneficiary's share of the undistributed income that is not disposed of under the trust.

(c) If immediately before the income interest ends, the beneficiary under subdivision (b) has an unqualified power to revoke more than 5 percent of the trust, the undistributed income from the portion of the trust that may be revoked shall be added to principal.

(d) When a trustee's obligation to pay a fixed annuity or a fixed fraction of the value of the trust's assets ends, the trustee shall prorate the final payment.

Article 5.1. Allocation of Receipts During Administration of Trust: Receipts From Entities

16350. (a) For the purposes of this section, "entity" means a corporation, partnership, limited liability company, regulated investment company, real estate investment trust, common trust fund, or any other organization in which a trustee has an interest other than a trust or decedent's estate to which Section 16351 applies, a business or activity to which Section 16352 applies, or an asset-backed security to which Section 16367 applies.

(b) Except as otherwise provided in this section, a trustee shall allocate to income money received from an entity.

(c) A trustee shall allocate to principal the following receipts from an entity:

(1) Property other than money.

(2) Money received in one distribution or a series of related distributions in exchange for part or all of a trust's interest in the entity.

(3) Money received in total or partial liquidation of the entity.

(4) Money received from an entity that is a regulated investment company or a real estate investment trust if the money distributed is a capital gain dividend for federal income tax purposes.

(d) For purposes of paragraph (3) of subdivision (c):

(1) Money is received in partial liquidation (A) to the extent that the entity, at or near the time of a distribution, indicates that it is a distribution in partial liquidation, or (B) if the total amount of money and property received in a distribution or series of related distributions is greater than 20 percent of the entity's gross assets, as

shown by the entity's yearend financial statements immediately preceding the initial receipt.

(2) Money is not received in partial liquidation, nor may it be taken into account under clause (B) of paragraph (1), to the extent that it does not exceed the amount of income tax that a trustee or beneficiary is required to pay on taxable income of the entity that distributes the money.

(e) A trustee may rely on a statement made by an entity about the source or character of a distribution if the statement is made at or near the time of distribution by the entity's board of directors or other person or group of persons authorized to exercise powers to pay money or transfer property comparable to those of a corporation's board of directors.

16351. A trustee shall allocate to income an amount received as a distribution of income from a trust or a decedent's estate (other than an interest in an investment entity) in which the trust has an interest other than a purchased interest, and shall allocate to principal an amount received as a distribution of principal from the trust or estate.

16352. (a) If a trustee who conducts a business or other activity determines that it is in the best interest of all the beneficiaries to account separately for the business or other activity instead of accounting for it as part of the trust's general accounting records, the trustee may maintain separate accounting records for its transactions, whether or not its assets are segregated from other trust assets.

(b) A trustee who accounts separately for a business or other activity may determine the extent to which its net cash receipts must be retained for working capital, the acquisition or replacement of fixed assets, and its other reasonably foreseeable needs, and the extent to which the remaining net cash receipts are accounted for as principal or income in the trust's general accounting records. If a trustee sells assets of the business or other activity, other than in the ordinary course of the business or other activity, the trustee shall account for the net amount received as principal in the trust's general accounting records to the extent the trustee determines that the amount received is no longer required in the conduct of the business or other activity.

(c) Businesses and other activities for which a trustee may maintain separate accounting records include the following:

(1) Retail, manufacturing, service, and other traditional business activities.

(2) Farming.

(3) Raising and selling livestock and other animals.

(4) Managing rental properties.

(5) Extracting minerals and other natural resources.

(6) Timber operations.

(7) Activities to which Section 16366 applies.

Article 5.2. Allocation of Receipts During Administration of Trust: Receipts Not Normally Apportioned

16355. A trustee shall allocate to principal:

(a) To the extent not allocated to income under this chapter, assets received from a transferor during the transferor's lifetime, a decedent's estate, a trust with a terminating income interest, or a payer under a contract naming the trust or its trustee as beneficiary.

(b) Subject to any contrary rules in this article and in Articles 5.1 (commencing with Section 16350) and 5.3 (commencing with Section 16360), money or other property received from the sale, exchange, liquidation, or change in form of a principal asset, including realized profit.

(c) Amounts recovered from third parties to reimburse the trust because of disbursements described in paragraph (7) of subdivision (a) of Section 16371 or for other reasons to the extent not based on the loss of income.

(d) Proceeds of property taken by eminent domain, but a separate award made for the loss of income with respect to an accounting period during which a current income beneficiary had a mandatory income interest is income.

(e) Net income received in an accounting period during which there is no beneficiary to whom a trustee may or must distribute income.

(f) Other receipts allocated to principal as provided in Article 5.3 (commencing with Section 16360).

16356. Unless the trustee accounts for receipts from rental property pursuant to Section 16352, the trustee shall allocate to income an amount received as rent of real or personal property, including an amount received for cancellation or renewal of a lease. An amount received as a refundable deposit, including a security deposit or a deposit that is to be applied as rent for future periods, shall be added to principal and held subject to the terms of the lease, and is not available for distribution to a beneficiary until the trustee's contractual obligations have been satisfied with respect to that amount.

16357. (a) An amount received as interest, whether determined at a fixed, variable, or floating rate, on an obligation to pay money to the trustee, including an amount received as consideration for prepaying principal, shall be allocated to income without any provision for amortization of premium.

(b) An amount received from the sale, redemption, or other disposition of an obligation to pay money to the trustee more than one year after it is purchased or acquired by the trustee, including an obligation whose purchase price, or its value when it is otherwise acquired, is less than its value at maturity, shall be allocated to principal. If the obligation matures within one year after it is purchased or acquired by the trustee, an amount received in excess

of its purchase price, or its value when it is otherwise acquired, shall be allocated to income.

(c) This section does not apply to an obligation to which Section 16361, 16362, 16363, 16364, 16366, or 16367 applies.

16358. (a) Except as otherwise provided in subdivision (b), a trustee shall allocate to principal the proceeds of a life insurance policy or other contract in which the trust or its trustee is named as beneficiary, including a contract that insures the trust or its trustee against loss for damage to, destruction of, or loss of title to a trust asset. The trustee shall allocate dividends on an insurance policy to income if the premiums on the policy are paid from income, and to principal if the premiums are paid from principal.

(b) A trustee shall allocate to income proceeds of a contract that insures the trustee against loss of occupancy or other use by an income beneficiary, loss of income, or, subject to Section 16352, loss of profits from a business.

(c) This section does not apply to a contract to which Section 16361 applies.

Article 5.3. Allocation of Receipts During Administration of Trust: Receipts Normally Apportioned

16360. (a) If a trustee determines that an allocation between principal and income required by Section 16361, 16362, 16363, 16364, or 16367 is insubstantial, the trustee may allocate the entire amount to principal unless one of the circumstances described in subdivision (b) of Section 16336 applies to the allocation. This power may be exercised by a cotrustee in the circumstances described in subdivision (c) of Section 16336 and may be released for the reasons and in the manner provided in subdivisions (d) and (e) of Section 16336.

(b) An allocation is presumed to be insubstantial in either of the following cases:

(1) Where the amount of the allocation would increase or decrease net income in an accounting period, as determined before the allocation, by less than 10 percent.

(2) Where the value of the asset producing the receipt for which the allocation would be made is less than 10 percent of the total value of the trust's assets at the beginning of the accounting period.

(c) Nothing in this section imposes a duty on the trustee to make an allocation under this section, and the trustee is not liable for failure to make an allocation under this section.

16361. (a) In this section, "payment" means a payment that a trustee may receive over a fixed number of years or during the life of one or more individuals because of services rendered or property transferred to the payer in exchange for future payments. The term includes a payment made in money or property from the payer's general assets or from a separate fund created by the payer, including

a private or commercial annuity, an individual retirement account, and a pension, profit-sharing, stock-bonus, or stock-ownership plan.

(b) To the extent that a payment is characterized as interest or a dividend or a payment made in lieu of interest or a dividend, a trustee shall allocate it to income. The trustee shall allocate to principal the balance of the payment and any other payment received in the same accounting period that is not characterized as interest, a dividend, or an equivalent payment.

(c) If no part of a payment is characterized as interest, a dividend, or an equivalent payment, and all or part of the payment is required to be made, a trustee shall allocate to income 10 percent of the part that is required to be made during the accounting period and the balance to principal. If no part of a payment is required to be made or the payment received is the entire amount to which the trustee is entitled, the trustee shall allocate the entire payment to principal. For purposes of this subdivision, a payment is not "required to be made" to the extent that it is made because the trustee exercises a right of withdrawal.

(d) If, to obtain an estate tax marital deduction for a trust, a trustee shall allocate more of a payment to income than provided by this section, the trustee shall allocate to income the additional amount necessary to obtain the marital deduction.

(e) This section does not apply to payments to which Section 16362 applies.

16362. (a) In this section, "liquidating asset" means an asset whose value will diminish or terminate because the asset is expected to produce receipts for a period of limited duration. The term includes a leasehold, patent, copyright, royalty right, and right to receive payments under an arrangement that does not provide for the payment of interest on the unpaid balance. The term does not include a payment subject to Section 16361, resources subject to Section 16363, timber subject to Section 16364, an activity subject to Section 16366, an asset subject to Section 16367, or any asset for which the trustee establishes a reserve for depreciation under Section 16372.

(b) A trustee shall allocate to income 10 percent of the receipts from a liquidating asset and the balance to principal.

16363. (a) To the extent that a trustee accounts for receipts from an interest in minerals or other natural resources pursuant to this section, the trustee shall allocate them as follows:

(1) If received as a nominal bonus, nominal delay rental, or nominal annual rent on a lease, a receipt shall be allocated to income.

(2) If received from a production payment, a receipt shall be allocated to income if and to the extent that the agreement creating the production payment provides a factor for interest or its equivalent. The balance shall be allocated to principal.

(3) If an amount received as a royalty, shut-in-well payment, take-or-pay payment, bonus, or delay rental is more than nominal, 90 percent shall be allocated to principal and the balance to income.

(4) If an amount is received from a working interest or any other interest in mineral or other natural resources not described in paragraph (1), (2), or (3), 90 percent of the net amount received shall be allocated to principal and the balance to income.

(b) An amount received on account of an interest in water that is renewable shall be allocated to income. If the water is not renewable, 90 percent of the amount shall be allocated to principal and the balance to income.

(c) This chapter applies whether or not a decedent or donor was extracting minerals, water, or other natural resources before the interest became subject to the trust.

16364. (a) To the extent that a trustee accounts for receipts from the sale of timber and related products pursuant to this section, the trustee shall allocate the net receipts as follows:

(1) To income to the extent that the amount of timber removed from the land does not exceed the rate of growth of the timber during the accounting periods in which a beneficiary has a mandatory income interest.

(2) To principal to the extent that the amount of timber removed from the land exceeds the rate of growth of the timber or the net receipts are from the sale of standing timber.

(3) To or between income and principal if the net receipts are from the lease of timberland or from a contract to cut timber from land owned by a trust, by determining the amount of timber removed from the land under the lease or contract and applying the rules in paragraphs (1) and (2).

(4) To principal to the extent that advance payments, bonuses, and other payments are not allocated pursuant to paragraph (1), (2), or (3).

(b) In determining net receipts to be allocated under subdivision (a), a trustee shall deduct and transfer to principal a reasonable amount for depletion.

(c) This chapter applies whether or not a decedent or transferor was harvesting timber from the property before it became subject to the trust.

16365. (a) If a marital deduction is allowed for all or part of a trust whose assets consist substantially of property that does not provide the spouse with sufficient income from or use of the trust assets, and if the amounts that the trustee transfers from principal to income under Section 16336 and distributes to the spouse from principal pursuant to the terms of the trust are insufficient to provide the spouse with the beneficial enjoyment required to obtain the marital deduction, the spouse may require the trustee to make property productive of income or convert it into productive property or exercise the power under subdivision (a) of Section 16336 within a

reasonable time. The trustee may decide which action or combination of actions to take.

(b) In cases not governed by subdivision (a), proceeds from the sale or other disposition of a trust asset are principal without regard to the amount of income the asset produces during any accounting period.

16366. (a) In this section, "derivative" means a contract or financial instrument or a combination of contracts and financial instruments that gives a trust the right or obligation to participate in some or all changes in the price of a tangible or intangible asset or group of assets, or changes in a rate, an index of prices or rates, or other market indicator for an asset or a group of assets.

(b) To the extent that a trustee does not account under Section 16352 for transactions in derivatives, the trustee shall allocate to principal receipts from and disbursements made in connection with those transactions.

(c) If a trustee grants an option to buy property from the trust, whether or not the trust owns the property when the option is granted, grants an option that permits another person to sell property to the trust, or acquires an option to buy property for the trust or an option to sell an asset owned by the trust, and the trustee or other owner of the asset is required to deliver the asset if the option is exercised, an amount received for granting the option shall be allocated to principal. An amount paid to acquire the option shall be paid from principal. A gain or loss realized upon the exercise of an option, including an option granted to a settlor of the trust for services rendered, shall be allocated to principal.

16367. (a) In this section, "asset-backed security" means an asset whose value is based upon the right it gives the owner to receive distributions from the proceeds of financial assets that provide collateral for the security. The term includes an asset that gives the owner the right to receive from the collateral financial assets only the interest or other current return or only the proceeds other than interest or current return. The term does not include an asset to which Section 16350 or 16361 applies.

(b) If a trust receives a payment from interest or other current return and from other proceeds of the collateral financial assets, the trustee shall allocate to income the portion of the payment which the payer identifies as being from interest or other current return and shall allocate the balance of the payment to principal.

(c) If a trust receives one or more payments in exchange for the trust's entire interest in an asset-backed security in one accounting period, the trustee shall allocate the payments to principal. If a payment is one of a series of payments that will result in the liquidation of the trust's interest in the security over more than one accounting period, the trustee shall allocate 10 percent of the payment to income and the balance to principal.

Article 6. Allocation of Disbursements During Administration of Trust

16370. A trustee shall make the following disbursements from income to the extent that they are not disbursements to which paragraph (2) or (3) of subdivision (c) of Section 16340 applies:

(a) Except as otherwise ordered by the court, one-half of the regular compensation of the trustee and of any person providing investment advisory or custodial services to the trustee.

(b) Except as otherwise ordered by the court, one-half of all expenses for accountings, judicial proceedings, or other matters that involve both the income and remainder interests.

(c) All of the other ordinary expenses incurred in connection with the administration, management, or preservation of trust property and the distribution of income, including interest, ordinary repairs, regularly recurring taxes assessed against principal, and expenses of a proceeding or other matter that concerns primarily the income interest.

(d) All recurring premiums on insurance covering the loss of a principal asset or the loss of income from or use of the asset.

16371. (a) A trustee shall make the following disbursements from principal:

(1) Except as otherwise ordered by the court, the remaining one-half of the disbursements described in subdivisions (a) and (b) of Section 16370.

(2) Except as otherwise ordered by the court, all of the trustee's compensation calculated on principal as a fee for acceptance, distribution, or termination, and disbursements made to prepare property for sale.

(3) Payments on the principal of a trust debt.

(4) Expenses of a proceeding that concerns primarily principal, including a proceeding to construe the trust or to protect the trust or its property.

(5) Premiums paid on a policy of insurance not described in subdivision (d) of Section 16370 of which the trust is the owner and beneficiary.

(6) Estate, inheritance, and other transfer taxes, including penalties, apportioned to the trust.

(7) Disbursements related to environmental matters, including reclamation, assessing environmental conditions, remedying and removing environmental contamination, monitoring remedial activities and the release of substances, preventing future releases of substances, collecting amounts from persons liable or potentially liable for the costs of those activities, penalties imposed under environmental laws or regulations and other payments made to comply with those laws or regulations, statutory or common law claims by third parties, and defending claims based on environmental matters.

(b) If a principal asset is encumbered with an obligation that requires income from that asset to be paid directly to the creditor, the trustee shall transfer from principal to income an amount equal to the income paid to the creditor in reduction of the principal balance of the obligation.

16372. (a) For purposes of this section, "depreciation" means a reduction in value due to wear, tear, decay, corrosion, or gradual obsolescence of a fixed asset having a useful life of more than one year.

(b) A trustee may transfer from income to principal a reasonable amount of the net cash receipts from a principal asset that is subject to depreciation, under generally accepted accounting principles, but may not transfer any amount for depreciation under this section in any of the following circumstances:

(1) As to the portion of real property used or available for use by a beneficiary as a residence or of tangible personal property held or made available for the personal use or enjoyment of a beneficiary.

(2) During the administration of a decedent's estate.

(3) If the trustee is accounting under Section 16352 for the business or activity in which the asset is used.

(c) An amount transferred from income to principal need not be held as a separate fund.

16373. (a) If a trustee makes or expects to make a principal disbursement described in this section, the trustee may transfer an appropriate amount from income to principal in one or more accounting periods to reimburse principal or to provide a reserve for future principal disbursements.

(b) Principal disbursements to which subdivision (a) applies include the following, but only to the extent that the trustee has not been and does not expect to be reimbursed by a third party:

(1) An amount chargeable to income but paid from principal because it is unusually large, including extraordinary repairs.

(2) A capital improvement to a principal asset, whether in the form of changes to an existing asset or the construction of a new asset, including special assessments.

(3) Disbursements made to prepare property for rental, including tenant allowances, leasehold improvements, and broker's commissions.

(4) Periodic payments on an obligation secured by a principal asset to the extent that the amount transferred from income to principal for depreciation is less than the periodic payments.

(5) Disbursements described in paragraph (7) of subdivision (a) of Section 16371.

(c) If the asset whose ownership gives rise to the disbursements becomes subject to a successive income interest after an income interest ends, a trustee may continue to transfer amounts from income to principal as provided in subdivision (a).

16374. (a) A tax required to be paid by a trustee based on receipts allocated to income shall be paid from income.

(b) A tax required to be paid by a trustee based on receipts allocated to principal shall be paid from principal, even if the tax is called an income tax by the taxing authority.

(c) A tax required to be paid by a trustee on the trust's share of an entity's taxable income shall be paid proportionately as follows:

(1) From income to the extent that receipts from the entity are allocated to income.

(2) From principal to the extent that both of the following apply:

(A) Receipts from the entity are allocated to principal.

(B) The trust's share of the entity's taxable income exceeds the total receipts described in paragraph (1) and subparagraph (A).

(d) For purposes of this section, receipts allocated to principal or income shall be reduced by the amount distributed to a beneficiary from principal or income for which the trust receives a deduction in calculating the tax.

16375. (a) A fiduciary may make adjustments between principal and income to offset the shifting of economic interests or tax benefits between income beneficiaries and remainder beneficiaries that arise from any of the following:

(1) Elections and decisions, other than those described in subdivision (b), that the fiduciary makes from time to time regarding tax matters.

(2) An income tax or any other tax that is imposed upon the fiduciary or a beneficiary as a result of a transaction involving or a distribution from the estate or trust.

(3) The ownership by a decedent's estate or trust of an interest in an entity whose taxable income, whether or not distributed, is includable in the taxable income of the estate, trust, or a beneficiary.

(b) If the amount of an estate tax marital deduction or charitable contribution deduction is reduced because a fiduciary deducts an amount paid from principal for income tax purposes instead of deducting it for estate tax purposes, and as a result estate taxes paid from principal are increased and income taxes paid by a decedent's estate, trust, or beneficiary are decreased, each estate, trust, or beneficiary that benefits from the decrease in income tax shall reimburse the principal from which the increase in estate tax is paid. The total reimbursement must equal the increase in the estate tax to the extent that the principal used to pay the increase would have qualified for a marital deduction or charitable contribution deduction but for the payment. The proportionate share of the reimbursement for each estate, trust, or beneficiary whose income taxes are reduced must be the same as its proportionate share of the total decrease in income tax. An estate or trust shall reimburse principal from income.

SEC. 6. Section 17351 of the Probate Code is amended to read:

17351. (a) If any of the trustees of a trust described in Section 17350 is a trust company, the trust shall be removed from continuing court jurisdiction as provided in this section. Within six months after the initial funding of the trust, the trustee shall give a notice of removal of the trust from continuing court jurisdiction to each beneficiary. Notice of removal shall be sent by registered or certified mail or by first-class mail, but notice sent by first-class mail is effective only if an acknowledgment of receipt of notice is signed by the beneficiary and returned to the trustee.

(b) The notice of removal of the trust from continuing court jurisdiction shall contain the following:

(1) A statement that as of January 1, 1983, the law was changed to remove the necessity for continuing court jurisdiction over the trust.

(2) A statement that Section 17200 of the Probate Code gives any beneficiary the right to petition a court to determine important matters relating to the administration of the trust.

(3) A copy of the text of Sections 17200 and 17201.

(4) A statement that each income beneficiary, as defined in Section 16325, is entitled to an annual statement of the principal and income receipts and disbursements of the trust and that any other beneficiary is entitled to such information upon written request to the trustee.

(5) The name and location of the court in the county in which it is appropriate to file a petition pursuant to Section 17200, the name and location of the court that had jurisdiction over the administration of the decedent's estate, and a statement that it is appropriate to file a petition pursuant to Section 17200 with either court.

(c) The trustee shall file with the court that had jurisdiction over the administration of the decedent's estate proof of giving notice under this section within seven months after the initial funding of the trust.

SEC. 7. Section 21524 of the Probate Code is amended to read:

21524. If a marital deduction gift is made in trust, in addition to the other provisions of this chapter, each of the following provisions also applies to the marital deduction trust:

(a) The transferor's spouse is the only beneficiary of income or principal of the marital deduction property as long as the spouse is alive. Nothing in this subdivision precludes exercise by the transferor's spouse of a power of appointment included in a trust that qualifies as a general power of appointment marital deduction trust.

(b) Subject to subdivision (d), the transferor's spouse is entitled to all of the income of the marital deduction property not less frequently than annually, as long as the spouse is alive.

(c) The transferor's spouse has the right to require that the trustee of the trust make unproductive marital deduction property productive or to convert it into productive property within a reasonable time.

(d) Notwithstanding Section 16347, in the case of qualified terminable interest property under Section 2056(b)(7) or Section 2523(f) of the Internal Revenue Code, on termination of the interest of the transferor's spouse in the trust all of the remaining accrued or undistributed income shall pass to the estate of the transferor's spouse, unless the instrument provides a different disposition that qualifies for the marital deduction.

CHAPTER 146

[Approved by Governor July 22, 1999. Filed with Secretary of State July 22, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 2815.1 of the Business and Professions Code is amended to read:

2815.1. As provided in subdivision (d) of Section 2815, the Board of Registered Nursing shall collect an additional five dollar ($5) assessment at the time of the biennial licensure renewal. This amount shall be credited to the Registered Nurse Education Fund. This assessment is separate from those fees prescribed in Section 2815.

This section shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2003, deletes or extends that date.

SEC. 2. Section 95030 of the Government Code is repealed.

SEC. 3. Chapter 1.5 (commencing with Section 150) is added to Part 1 of Division 1 of the Health and Safety Code, to read:

CHAPTER 1.5. MULTICULTURAL HEALTH

150. The Legislature finds and declares all of the following:

(a) The health status of California's racial and ethnic communities is poor relative to the health status of the white population.

(b) Of the estimated 24 percent of Californians without health insurance, approximately 81 percent are from racial and ethnic communities.

(c) Of the uninsured in California, an estimated 38 percent are Latino, 24 percent are Asian and Pacific Islander, and 19 percent are African-American.

(d) Racial and ethnic communities suffer from various infections and communicable diseases at higher rates than the white population, and experience increased mortality from more preventable disease relative to the white population. For example, the President's Racial and Ethnic Health Disparities Initiative recognized that infant mortality rates are 2.5 times higher for African-Americans and 1.5 times higher for native Americans than for the white population. African men under 65 years of age suffer from prostate cancer at nearly five times the rate of white men and Vietnamese women suffer from cervical cancer at nearly five times the rate of white women. Latinos suffer from stomach cancer at two to three times the rate of the white population, and African-American men suffer from heart disease at nearly twice the rate of white men. Native Americans suffer from diabetes at nearly three times the average rate of the white population, while African-Americans suffer 70 percent higher rates of diabetes than the white population.

(e) Efforts to reduce and eliminate racial and ethnic disparities in health status have received scant attention, both in terms of funding for prevention and treatment services, as well as research.

(f) Program planning and implementation efforts to reduce these health disparities have been neither inclusive of racial and ethnic communities nor responsive to the needs of these communities.

151. (a) The Office of Multicultural Health is hereby established within the State Department of Health Services.

(b) For purposes of this chapter:

(1) "Department" means the State Department of Health Services.

(2) "Office" means the Office of Multicultural Health.

152. (a) The office shall do all of the following:

(1) Perform strategic planning within the department to develop departmentwide plans for implementation of goals and objectives to close the gaps in health status and access to care among the state's diverse racial and ethnic communities.

(2) Conduct departmental policy analysis on specific issues related to multicultural health.

(3) Coordinate pilot projects and planning projects funded by the state that are related to improving the effectiveness of services to ethnic and racial communities.

(4) Identify the unnecessary duplication of services and future service needs.

(5) Communicate and disseminate information and perform a liaison function within the department and to providers of health, social, educational, and support services to racial and ethnic communities. The office shall consult regularly with representatives from diverse racial and ethnic communities, including health providers, advocates, and consumers.

(6) Perform internal staff training, an internal assessment of cultural competency, and training of health care professionals to ensure more linguistically and culturally competent care.

(7) Serve as a resource for ensuring that programs keep data and information regarding ethnic and racial health statistics, strategies and programs that address multicultural health issues, including, but not limited to, infant mortality, cancer, cardiovascular disease, diabetes, human immunodeficiency virus (HIV), acquired immune deficiency syndrome (AIDS), child and adult immunization, asthma, unintentional and intentional injury, and obesity, as well as issues that impact the health of racial and ethnic communities, including substance abuse, mental health, housing, teenage pregnancy, environmental disparities, immigrant and migrant health, and health insurance and delivery systems.

(8) Encourage innovative responses by public and private entities that are attempting to address multicultural health issues.

(9) Provide technical assistance to counties, other public entities, and private entities seeking to obtain funds for initiatives in multicultural health, including identification of funding sources and assistance with writing grants.

(b) Notwithstanding Section 7550.5 of the Government Code, the office shall biennially prepare and submit a report to the Legislature on the status of the activities required by this chapter.

SEC. 4. Section 1179.3 of the Health and Safety Code is amended to read:

1179.3. (a) (1) The Rural Health Policy Council shall develop and administer a competitive grants program for projects located in rural areas of California.

(2) The Rural Health Policy Council shall define "rural area" for the purposes of this section after receiving public input and upon

recommendation of the Interdepartmental Rural Health Coordinating Committee and the Rural Health Programs Liaison.

(3) The purpose of the grants program shall be to fund innovative, collaborative, cost-effective, and efficient projects that pertain to the delivery of health and medical services in rural areas of the state.

(4) The Rural Health Policy Council shall develop and establish uses for the funds to fund special projects that alleviate problems of access to quality health care in rural areas and to compensate public and private health care providers associated with direct delivery of patient care. The funds shall be used for medical and hospital care and treatment of patients who cannot afford to pay for services and for whom payment will not be made through private or public programs.

(5) The Office of Statewide Health Planning and Development shall administer the funds appropriated by the Legislature for purposes of this section. Entities eligible for these funds shall include rural health providers served by the programs operated by the departments represented on the Rural Health Policy Council, which include the State Department of Alcohol and Drug Programs, the Emergency Medical Services Authority, the State Department of Health Services, the State Department of Mental Health, the Office of Statewide Health Planning and Development, and the Managed Risk Medical Insurance Board. The grant funds shall be used to expand existing services or establish new services and shall not be used to supplant existing levels of service. Funds appropriated by the Legislature for this purpose may be expended in the fiscal year of the appropriation or the subsequent fiscal year.

(b) The Rural Health Policy Council shall establish the criteria and standards for eligibility to be used in requests for proposals or requests for application, the application review process, determining the maximum amount and number of grants to be awarded, preference and priority of projects, compliance monitoring, and the measurement of outcomes achieved after receiving comment from the public at a meeting held pursuant to the Bagley-Keene Open Meeting Act (Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2 of the Government Code).

(c) The Office of Statewide Health Planning and Development shall periodically report to the Rural Health Policy Council on the status of the funded projects. This information shall also be available at the public meetings.

SEC. 4.5. Section 1276.5 of the Health and Safety Code is amended to read:

1276.5. (a) The department shall adopt regulations setting forth the minimum number of equivalent nursing hours per patient required in skilled nursing and intermediate care facilities, subject to the specific requirements of Section 14110.7 of the Welfare and Institutions Code. However, notwithstanding Section 14110.7 or any other provision of law, commencing January 1, 2000, the minimum

number of actual nursing hours per patient required in a skilled nursing facility shall be 3.2 hours.

(b) (1) For the purposes of this section, "nursing hours" means the number of hours of work performed per patient day by aides, nursing assistants, or orderlies plus two times the number of hours worked per patient day by registered nurses and licensed vocational nurses (except directors of nursing in facilities of 60 or larger capacity) and, in the distinct part of facilities and freestanding facilities providing care for the developmentally disabled or mentally disordered, by licensed psychiatric technicians who perform direct nursing services for patients in skilled nursing and intermediate care facilities, except when the skilled nursing and intermediate care facility is licensed as a part of a state hospital, and except that nursing hours for skilled nursing facilities means the actual hours of work, without doubling the hours performed per patient day by registered nurses and licensed vocational nurses.

(2) Concurrent with implementation of the first year of rates established under the Medi-Cal Long Term Care Reimbursement Act of 1990 (Article 3.8 (commencing with Section 14126) of Chapter 7 of Part 3 of Division 9 of the Welfare and Institutions Code), for the purposes of this section, "nursing hours" means the number of hours of work performed per patient day by aides, nursing assistants, registered nurses, and licensed vocational nurses (except directors of nursing in facilities of 60 or larger capacity) and, in the distinct part of facilities and freestanding facilities providing care for the developmentally disabled or mentally disordered, by licensed psychiatric technicians who performed direct nursing services for patients in skilled nursing and intermediate care facilities, except when the skilled nursing and intermediate care facility is licensed as a part of a state hospital.

(c) Notwithstanding Section 1276, the department shall require the utilization of a registered nurse at all times if the department determines that the services of a skilled nursing and intermediate care facility require the utilization of a registered nurse.

(d) (1) Except as otherwise provided by law, the administrator of an intermediate care facility/developmentally disabled, intermediate care facility/developmentally disabled habilitative, or an intermediate care facility/developmentally disabled—nursing shall be either a licensed nursing home administrator or a qualified mental retardation professional as defined in Section 483.430 of Title 42 of the Code of Federal Regulations.

(2) To qualify as an administrator for an intermediate care facility for the developmentally disabled, a qualified mental retardation professional shall complete at least six months of administrative training or demonstrate six months of experience in an administrative capacity in a licensed health facility, as defined in Section 1250, excluding those facilities specified in subdivisions (e), (h), and (i).

SEC. 5. Article 1.5 (commencing with Section 104160) is added to Chapter 2 of Part 1 of Division 103 of the Health and Safety Code, to read:

Article 1.5. Breast Cancer Treatment Program

104160. The department shall award a contract to provide breast cancer treatment to a bidder that is a nonprofit organization established under Section 501(c)(3) of the federal Internal Revenue Code and that meets the following additional eligibility criteria:

(a) The organization has at least two consecutive years of successful administration of a breast cancer treatment program, or the equivalent, operated on a statewide level, or servicing a population of at least 500 patients.

(b) The organization has experience operating a program dedicated to providing services to residents of California diagnosed with primary breast cancer, who are 18 years of age or older, at or below 200 percent of the federal poverty level, and who are uninsured or underinsured.

(c) The organization has operated the treatment program with administrative costs no higher than 10 percent of appropriated program funds, or can demonstrate the ability to do so.

(d) The organization has demonstrated ability to accomplish recruitment and commitment of breast cancer treatment providers to work with the program to provide care at or below established statewide Medi-Cal base rates of reimbursement.

104161. For purposes of this chapter, breast cancer treatment shall include, but shall not be limited to, lumpectomy, mastectomy, chemotherapy, hormone therapy, radiotherapy, reconstructive surgery, and breast implant surgery.

104162. Treatment under this chapter shall be provided to uninsured and underinsured women and men with incomes at or below 200 percent of the federal poverty level.

104163. The department shall contract for breast cancer treatment services only at the level of funding budgeted from state and other sources during a fiscal year in which the Legislature has appropriated funds to the department for this purpose. The funds appropriated shall be used to match any funding from non-General Fund sources, including, but not limited to, public nonprofit foundations.

104164. This article shall remain in effect only until July 1, 2000, and as of that date is repealed, unless a later enacted statute, that is enacted before July 1, 2000, deletes or extends that date.

SEC. 5.5. Chapter 1.5 (commencing with Section 120390) is added to Part 2 of Division 105 of the Health and Safety Code, to read:

CHAPTER 1.5. IMMUNIZATION OF COLLEGE-AGE STUDENTS

120390. The department, in consultation with the Trustees of the California State University, and the Regents of the University of California, shall adopt and enforce all regulations necessary to carry out this chapter.

120390.5. (a) Except as provided in subdivisions (b), (c), and (d), on or after January 1, 2000, the Trustees of the California State University, and the Regents of the University of California shall require the first-time enrollees at those institutions who are 18 years of age or younger to provide proof of full immunization against the hepatitis B virus prior to enrollment.

(b) A person who has not been fully immunized against the hepatitis B virus, as required by subdivision (a), may be admitted by the governing body of any of the institutions of higher education to which subdivision (a) is applicable on condition that, within a designated time period, the person will provide proof of full immunization against hepatitis B.

(c) Immunization of a person shall not be required for admission to an institution of higher education to which subdivision (a) is applicable if any of the following persons files with the governing body of the educational institution a letter or affidavit stating that the immunization is contrary to the beliefs of either of the following:

(1) The parent, guardian, or adult who has assumed responsibility for the care and custody of the person seeking admission, if that applicant is a minor who is not emancipated or who is 17 years of age or younger.

(2) The person seeking admission, if that applicant is an emancipated minor or is 18 years of age.

(d) If a person seeking enrollment in an institution of higher education to which subdivision (a) is applicable, or the parent or guardian of a person seeking enrollment, files with the governing body a written statement by a physician and surgeon that the physical condition of the person or medical circumstances relating to the person are such that immunization is not considered safe, indicating the specific nature and probable duration of the medical condition or circumstances that contraindicate immunization, that person shall be exempt from the requirements of subdivision (a).

120390.7. No provision of this chapter shall apply to the University of California except to the extent that the Regents of the University of California, by appropriate resolution, make that provision applicable.

SEC. 6. Section 123870 of the Health and Safety Code is amended to read:

123870. (a) The department shall establish standards of financial eligibility for treatment services under the California Children's Services Program (CCS program).

(1) Financial eligibility for treatment services under this program shall be limited to persons in families with an adjusted gross income of forty thousand dollars ($40,000) or less in the most recent tax year, as calculated for California state income tax purposes. If a person is enrolled in the Healthy Families Program (Part 6.2 (commencing with Section 12693) of Division 2 of the Insurance Code), the financial documentation required for that program in Section 2699.6600 of Title 10 of the California Code of Regulations may be used instead of the person's California state income tax return. However, the director may authorize treatment services for persons in families with higher incomes if the estimated cost of care to the family in one year is expected to exceed 20 percent of the family's adjusted gross income.

(2) Children enrolled in the Healthy Families Program who have a CCS program eligible medical condition under Section 123830, and whose families do not meet the financial eligibility requirements of paragraph (1), shall be deemed financially eligible for CCS program benefits.

(b) Necessary medical therapy treatment services under the California Children's Services Program rendered in the public schools shall be exempt from financial eligibility standards and enrollment fee requirements for the services when rendered to any handicapped child whose educational or physical development would be impeded without the services.

(c) All counties shall use the uniform standards for financial eligibility and enrollment fees established by the department. All enrollment fees shall be used in support of the California Children's Services Program.

(d) Annually, every family with a child eligible to receive services under this article shall pay a fee of twenty dollars ($20), that shall be in addition to any other program fees for which the family is liable. This assessment shall not apply to any child who is eligible for full scope Medi-Cal benefits without a share of cost, for children receiving therapy through the California Children's Services Program as a related service in their individualized education plans, for children from families having incomes of less than 100 percent of the federal poverty level, or for children covered under the Healthy Families Program.

SEC. 7. Section 123900 of the Health and Safety Code is amended to read:

123900. (a) Beginning September 1, 1991, in addition to any other standards of eligibility pursuant to this article, each family with a child otherwise eligible to receive services under this article shall pay an annual enrollment fee as a requirement for eligibility for services, except as specified in subdivision (f).

(b) The department shall determine the annual enrollment fee, that shall be a sliding fee scale based upon family size and income, and

shall be adjusted by the department to reflect changes in the federal poverty level.

(c) "Family size" shall include the child, his or her natural or adoptive parents, siblings, and other family members who live together and whose expenses are dependent upon the family income.

(d) "Family income" for purposes of this article, shall include the total gross income, or their equivalents, of the child and his or her natural or adoptive parents.

(e) Payment of the enrollment fee is a condition of program participation. The enrollment fee is independent of any other financial obligation to the program.

(f) The enrollment fee shall not be charged in any of the following cases:

(1) The only services required are for diagnosis to determine eligibility for services, or are for medically necessary therapy pursuant to Section 123875.

(2) The child is otherwise eligible to receive services and is eligible for full Medi-Cal benefits at the time of application or reapplication.

(3) The family of the child otherwise eligible to receive services under this article has a gross annual income of less than 200 percent of the federal poverty level.

(4) The family of a child otherwise eligible to receive services under this article who is enrolled in the Healthy Families Program (Part 6.2 (commencing with Section 12693) of Division 2 of the Insurance Code).

(g) Failure to pay or to arrange for payment of the enrollment fee within 60 days of the due date shall result in disenrollment and ineligibility for coverage of treatment services 60 days after the due date of the required payment.

(h) The county shall apply the enrollment fee scale established by the department and shall collect the enrollment fee. The county may arrange with the family for periodic payment during the year if a lump-sum payment will be a hardship for the family. The agency director of California Children's Services may, on a case-by-case basis, waive or reduce the amount of a family's enrollment fee if, in the director's judgment, payment of the fee will result in undue hardship.

(i) By thirty days after the effective date of this section or August 1, 1991, whichever is later, the department shall advance to each county, as a one-time startup amount, five dollars and fifty cents ($5.50) for each county child who was receiving services under this article on June 30, 1990, and who was not a Medi-Cal beneficiary. This one-time payment shall be in addition to the 4.1 percent of the gross total expenditures for diagnoses, treatment, and therapy by counties allowed under subdivision (c) of Section 123955.

(j) Each county shall submit to the state, as part of its quarterly claim for reimbursement, an accounting of all revenues due and revenues collected as enrollment fees.

SEC. 8. Section 123940 of the Health and Safety Code is amended to read:

123940. (a) (1) Annually, the board of supervisors shall appropriate a sum of money for services for handicapped children of the county, including diagnosis, treatment, and therapy services for physically handicapped children in public schools, equal to 25 percent of the actual expenditures for the county program under this article for the 1990–91 fiscal year, except as specified in paragraph (2).

(2) If the state certifies that a smaller amount is needed in order for the county to pay 25 percent of costs of the county's program from this source. The smaller amount certified by the state shall be the amount that the county shall appropriate.

(b) In addition to the amount required by subdivision (a), the county shall allocate an amount equal to the amount determined pursuant to subdivision (a) for purposes of this article from revenues allocated to the county pursuant to Chapter 6 (commencing with Section 17600) of Division 9 of the Welfare and Institutions Code.

(c) (1) The state shall match county expenditures for this article from funding provided pursuant to subdivisions (a) and (b).

(2) County expenditures shall be waived for payment of services for children who are eligible pursuant to paragraph (2) of subdivision (a) of Section 123870.

(d) The county may appropriate and expend moneys in addition to those set forth in subdivision (a) and (b) and the state shall match the expenditures, on a dollar-for-dollar basis, to the extent that state funds are available for this article.

(e) Nothing in this section shall require the county to expend more than the amount set forth in subdivision (a) plus the amount set forth in subdivision (b) nor shall it require the state to expend more than the amount of the match set forth in subdivision (c).

SEC. 9. Section 124250 of the Health and Safety Code is amended to read:

124250. (a) The following definitions shall apply for purposes of this section:

(3) "Emergency shelter" means a confidential or safe location that provides emergency housing on a 24-hour basis for battered women and their children.

(b) The Maternal and Child Health Branch of the State Department of Health Services shall administer a comprehensive shelter-based services grant program to battered women's shelters pursuant to this section.

(c) The Maternal and Child Health Branch shall administer grants, awarded as the result of a request for application process, to battered women's shelters that propose to maintain shelters or services previously granted funding pursuant to this section, to expand existing services or create new services, and to establish new battered women's shelters to provide services, in any of the following four areas:

(1) Emergency shelter to women and their children escaping violent family situations.

(2) Transitional housing programs to help women and their children find housing and jobs so that they are not forced to choose between returning to a violent relationship or becoming homeless. The programs may offer up to 18 months of housing, case management, job training and placement, counseling, support groups, and classes in parenting and family budgeting.

(3) Legal and other types of advocacy and representation to help women and their children pursue the appropriate legal options.

(4) Other support services for battered women and their children.

(d) In implementing the grant program pursuant to this section, the State Department of Health Services shall consult with an advisory council, to remain in existence until January 1, 2003. (1) Seven members appointed by the Governor.

(2) Three members appointed by the Speaker of the Assembly.

(3) Three members appointed by the Senate Committee on Rules.

At least one-half of the council membership shall consist of domestic violence advocates or battered women service providers from organizations such as the California Alliance Against Domestic Violence.

It is the intent of the Legislature that the council membership reflect the ethnic, racial, cultural, and geographic diversity of the state.

(e) The department shall collaborate closely with the council in the development of funding priorities, the framing of the Request for Proposals, and the solicitation of proposals.

(f) (1) The Maternal and Child Health Branch of the State Department of Health Services shall administer grants, awarded as the result of a request for application process, to agencies to conduct demonstration projects to serve battered women, including, but not limited to, creative and innovative service approaches, such as community response teams and pilot projects to develop new interventions emphasizing prevention and education, and other support projects identified by the advisory council.

(2) For purposes of this subdivision, "agency" means a state agency, a local government, a community-based organization, or a nonprofit organization.

(1) Fund shelters pursuant to this section that reflect the ethnic, racial, economic, cultural, and geographic diversity of the state.

(2) Target geographic areas and ethnic and racial communities of the state whereby, based on a needs assessment, it is determined that no shelter-based services exist or that additional resources are necessary.

(h) The director may award additional grants to shelter-based agencies when it is determined that there exists a critical need for shelter or shelter-based services.

(i) As a condition of receiving funding pursuant to this section, battered women's shelters shall do all of the following:

(1) Provide matching funds or in-kind contributions equivalent to not less than 20 percent of the grant they would receive. The matching funds or in-kind contributions may come from other governmental or private sources.

(2) Ensure that appropriate staff and volunteers having client contact meet the definition of "domestic violence counselor" as specified in subdivision (a) of Section 1037.1 of the Evidence Code. The minimum training specified in paragraph (2) of subdivision (a) of Section 1037.1 of the Evidence Code shall be provided to those staff and volunteers who do not meet the requirements of paragraph (1) of subdivision (a) of Section 1037.1 of the Evidence Code.

SEC. 10. Section 128405 of the Health and Safety Code is amended to read:

128405. This article shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2003, deletes or extends that date.

(3) During the reasonable opportunity period under paragraph (2), the county department shall process the applicant's application for medical assistance in a manner that conforms to its normal processing procedures and timeframes.

(g) (1) The county department shall grant only the Medi-Cal benefits set forth in subdivision (d) of this section or in Section 14007.7 to any individual who, after 30 calendar days or the time it actually takes the county to process the Medi-Cal application, whichever is longer, has failed to submit documents constituting reasonable evidence indicating a satisfactory immigration status for Medi-Cal purposes, or who is reported by the United States Immigration and Naturalization Service to lack a satisfactory immigration status for Medi-Cal purposes.

(2) If an alien has been receiving Medi-Cal benefits based on eligibility established prior to the effective date of this section and that individual, upon redetermination of eligibility for benefits, fails to submit documents constituting reasonable evidence indicating a satisfactory immigration status for Medi-Cal purposes, the county department shall discontinue the Medi-Cal benefits, except for the care and services set forth in subdivision (d) of this section or in Section 14007.7. The county department shall provide adequate notice to the individual of any adverse action and shall accord the individual an opportunity for a fair hearing if he or she requests one.

(h) To the extent permitted by federal law and regulations, an alien applying for services under subdivisions (b) and (c) shall be granted eligibility for the scope of services to which he or she would otherwise be entitled if, at the time the county department makes the determination about his or her eligibility, the alien meets either of the following requirements:

(1) He or she has not had a reasonable opportunity to submit documents constituting reasonable evidence indicating satisfactory immigration status.

(2) He or she has provided documents constituting reasonable evidence indicating a satisfactory immigration status, but the county department has not received timely verification of the alien's immigration status from the United States Immigration and Naturalization Service.

(j) If an alien subject to this section is not fluent in English, the county department shall provide an understandable explanation of the requirements of this section in a language in which the alien is fluent.

A county shall conduct random monitoring of the mail-in application process to ensure appropriate enrollment. Every application package shall contain a notification of the applicant's right to complete a face-to-face interview.

(f) Not later than July 1, 2000, the department shall revise the quarterly reporting form to be as simple as possible to complete.

Article 1.3. Provider Enrollment

14043. In order to ensure the proper and efficient administration of the Medi-Cal program, every applicant, as defined in subdivision (b) of Section 14043.1, and every provider, as defined in subdivision (e) of Section 14043.1, shall be subject to the requirements of this article.

14043.1. As used in this article:

(a) "Abuse" means either of the following:

(1) Practices that are inconsistent with sound fiscal or business practices and result in unnecessary cost to the Medicare program, the Medi-Cal program, another state's medicaid program, or other health care programs operated, or financed in whole or in part, by the federal government or any state or local agency in this state or any other state.

(2) Practices that are inconsistent with sound medical practices and result in reimbursement by the Medi-Cal program or other health care programs operated, or financed in whole or in part, by the federal government or any state or local agency in this state or any other state, for services that are unnecessary or for substandard items or services that fail to meet professionally recognized standards for health care.

(b) "Applicant" means any individual, partnership, group, association, corporation, institution, or entity, and the officers, directors, employees, or agents thereof, that applies to the department for enrollment as a provider in the Medi-Cal program.

(c) "Convicted" means any of the following:

(1) A judgment of conviction has been entered against an individual or entity by a federal, state, or local court, regardless of whether there is a posttrial motion or an appeal pending or the judgment of conviction or other record relating to the criminal conduct has been expunged or otherwise removed.

(2) A federal, state, or local court has made a finding of guilt against an individual or entity.

(3) A federal, state, or local court has accepted a plea of guilty or nolo contendere by an individual or entity.

(4) An individual or entity has entered into participation in a first offender, deferred adjudication, or other program or arrangement where judgment of conviction has been withheld.

(d) "Fraud" means an intentional deception or misrepresentation made by a person with the knowledge that the deception could result in some unauthorized benefit to himself or herself or some other person. It includes any act that constitutes fraud under applicable federal or state law.

(e) "Provider" means any individual, partnership, group, association, corporation, institution, or entity, and the officers, directors, employees, or agents thereof, that provides services, goods, supplies, or merchandise, directly or indirectly, to a Medi-Cal beneficiary and that has been enrolled in the Medi-Cal program.

(f) "Professionally recognized standards of health care" means statewide or national standards of care, whether in writing or not, that professional peers of the individual or entity whose provision of care is an issue, recognize as applying to those peers practicing or providing care within a state. When the United States Department of Health and Human Services has declared a treatment modality not to be safe and effective, practitioners that employ that treatment modality shall be deemed not to meet professionally recognized standards of health care. This definition shall not be construed to mean that all other treatments meet professionally recognized standards of care.

(g) "Unnecessary or substandard items or services" means those that are either of the following:

(1) Substantially in excess of the provider's usual charges or costs for the items or services.

(2) Furnished, or caused to be furnished, to patients, whether or not covered by Medicare, medicaid, or any of the state health care programs to which the definitions of applicant and provider apply, and which are substantially in excess of the patient's needs, or of a quality that fails to meet professionally recognized standards of health care. The department's determination that the items or services furnished were excessive or of unacceptable quality shall be made on the basis of information, including sanction reports, from the following sources:

(A) The professional review organization for the area served by the individual or entity.

(B) State or local licensing or certification authorities.

(C) Fiscal agents or contractors, or private insurance companies.

(D) State or local professional societies.

(E) Any other sources deemed appropriate by the department.

14043.15. The department may adopt regulations for certification of each applicant and each provider in the Medi-Cal program. No certification shall be required for clinics licensed under Section 1204 of the Health and Safety Code, clinics exempt from licensure under Section 1206 of the Health and Safety Code, health facilities licensed under Chapter 2 (commencing with Section 1250) of Division 2 of the Health and Safety Code, or natural persons licensed or certified under Division 2 (commencing with Section 500) of the Business and Professions Code, the Osteopathic Initiative Act or the Chiropractic Intiative Act.

14043.2. (a) Whether or not regulations for certification are adopted under Section 14043.15, in order to be enrolled as a provider, or for enrollment as a provider to continue, an applicant or provider may be required to sign a provider agreement and shall disclose all information as required in federal medicaid regulations and any other information required by the department. The director may designate the form of a provider agreement by provider type. Failure to disclose the required information, or the disclosure of false information, shall, prior to any hearing, result in denial of the application for enrollment or shall make the provider subject to temporary suspension, which shall include temporary deactivation of all provider numbers used by the provider to obtain reimbursement from the Medi-Cal program.

(b) The director shall notify the provider of the temporary suspension and deactivation of the provider's Medi-Cal provider number or numbers and the effective date thereof. Notwithstanding Section 100171 of the Health and Safety Code and Section 14123, proceedings after the imposition of sanctions provided for in subdivision (a) shall be in accordance with Section 14043.65.

14043.25. (a) The application form for enrollment, the provider agreement, and all attachments or changes to either, shall be signed under penalty of perjury.

(b) The department may require that the application form for enrollment, the provider agreement, and all attachments or changes to either, submitted by an applicant or provider licensed pursuant to Division 2 (commencing with Section 500) of the Business and Professions Code, the Osteopathic Initiative Act, or the Chiropractic Initiative Act, be notarized.

(c) Application forms for enrollment, provider agreements, and all attachments or changes to either, submitted by an applicant or provider not subject to subdivision (b) shall be notarized.

14043.3. A provider shall be required to reimburse those Medi-Cal funds received during any period for which material information was not reported, or reported falsely, to the department.

14043.35. Sections 14043.2, 14043.25, and 14043.3 shall not limit the authority granted the director and the rights granted providers in Section 14123. Action taken under the authority granted in Section 14123 shall be taken in accordance with that section.

14043.36. (a) The department shall not enroll any applicant that has been convicted of any felony or misdemeanor involving fraud or abuse in any government program, that has been found guilty of fraud or abuse in any civil proceeding, or that has entered into a settlement in lieu of conviction for fraud or abuse, within the previous five years. In addition, the department may deny enrollment to any applicant that, at the time of application, is under investigation pursuant to Subpart A (commencing with Section 455.12) of Part 455 of Title 42 of the Code of Federal Regulations. The department shall not deny enrollment to an otherwise qualified applicant whose felony or misdemeanor charges did not result in a conviction solely on the basis of the prior charges. If it is discovered that a provider is under investigation for fraud or abuse, that provider shall be subject to temporary suspension, which shall include temporary deactivation of all provider numbers used by the provider to obtain reimbursement from the Medi-Cal program.

(b) The director shall notify the provider of the temporary suspension and deactivation of the provider's Medi-Cal provider number or numbers and the effective date thereof. Notwithstanding Section 100171 of the Health and Safety Code, proceedings after the imposition of sanctions provided for in subdivision (a) shall be in accordance with Section 14043.65.

14043.37. The department may complete a background check on applicants for the purpose of verifying the accuracy of the information provided in the application and in order to prevent fraud and abuse. The background check may include, but not be limited to, the following:

(a) Onsite inspection prior to enrollment.

(b) Review of business records.

(c) Data searches.

14043.4. If discrepancies are found to exist during the preenrollment period, the department may conduct additional inspections prior to enrollment. Failure to remediate discrepancies as prescribed by the director may result in denial of the application for enrollment.

14043.45. Notwithstanding the adoption of the Standardized National Application form and the National Provider Identifier by the federal government, a provider may be issued a unique identification number or numbers, as prescribed by the director.

14043.5. Subject to Article 4 (commencing with Section 19130) of Chapter 5 of Division 5 of Title 2 of the Government Code, the

department may enter into contracts to secure consultant services or information technology including, but not limited to, software, data, or analytical techniques or methodologies for the purpose of fraud or abuse detection and prevention. Contracts under this section shall be exempt from the Public Contract Code.

14043.55. The department may implement a 180-day moratorium on the enrollment of providers in a specific provider of service category, on a statewide basis or within a geographic area, except that no moratorium shall be implemented on the enrollment of providers who are licensed as clinics under Section 1204 of the Health and Safety Code, health facilities under Chapter 2 (commencing with Section 1250) of the Health and Safety Code, clinics exempt from licensure under Section 1206 of the Health and Safety Code, or natural persons licensed or certified under Division 2 (commencing with Section 500) of the Business and Professions Code, the Osteopathic Initiative Act, or the Chiropractic Initiative Act, when the director determines this action is necessary to safeguard public funds or to maintain the fiscal integrity of the program. This moratorium may be extended or repeated when the director determines this action is necessary to safeguard public funds or to maintain the fiscal integrity of the program. The authority granted in this section shall not be interpreted as a limitation on the authority granted to the department in Section 14105.3.

14043.6. The department shall automatically suspend, as a provider in the Medi-Cal program, any individual who, or any entity that, has a license, certificate, or other approval to provide health care, which is revoked or suspended by a federal, California, or another state's licensing, certification, or approval authority, has otherwise lost that license, certificate, or approval, or has surrendered that license, certificate, or approval while a disciplinary hearing on that license, certificate, or approval was pending. The automatic suspension shall be effective on the date that the license, certificate, or approval was revoked, lost, or surrendered.

14043.65. Notwithstanding any other provision of law, any applicant whose application for enrollment as a provider or whose certification is denied, or any provider who is denied continued enrollment or certification, who has been temporarily suspended, or who has had payments withheld, who has had one or more provider numbers used to obtain reimbursement from the Medi-Cal program deactivated, pursuant to Section 14107.11, may appeal this action by submitting a written appeal, including any supporting evidence, to the director. Where the appeal is of a withholding of payment pursuant to Section 14107.11, the appeal to the director shall be limited to the issue of the reliability of the evidence supporting the withhold and shall not encompass fraud or abuse. The appeal procedure shall not include a formal administrative hearing under the Administrative Procedure Act and shall not result in reactivation of any deactivated provider numbers during appeal. An applicant or

provider that appeals an action taken pursuant to this article shall submit all pertinent documents and all other relevant evidence to the director or to the director's designee within 60 days of the date of notification of the department's action. The director or the director's designee shall review all of the relevant materials submitted and shall issue a decision within 90 days of the receipt of the evidence. The decision may provide that the action taken should be upheld, continued, or reversed, in whole or in part. The decision of the director or the director's designee shall be final. Any further appeal shall be required to be filed in accordance with Section 1085 of the Civil Code.

14043.7. (a) The department may make unannounced visits to any applicant or to any provider for the purpose of determining whether enrollment, continued enrollment, or certification is warranted, or as necessary for the administration of the Medi-Cal program. At the time of the visit, the applicant or provider shall be required to demonstrate an established place of business appropriate and adequate for the services billed or claimed to the Medi-Cal program, as relevant to his or her scope of practice, as indicated by, but not limited to, the following:

(1) Being open and available to the general public.

(2) Having regularly established and posted business hours.

(3) Having adequate supplies in stock on the premises.

(4) Meeting all local laws and ordinances regarding business licensing and operations.

(5) Having the necessary equipment and facilities to carry out day-to-day business for his or her practice.

(b) An unannounced visit pursuant to subdivision (a) shall be prohibited with respect to clinics licensed under Section 1204 of the Health and Safety Code, clinics exempt from licensure under Section 1206 of the Health and Safety Code, health facilities licensed under Chapter 2 (commencing with Section 1250) of Division 2 of the Health and Safety Code, and natural persons licensed or certified under Division 2 (commencing with Section 500) of the Business and Professions Code, the Osteopathic Initiative Act, or the Chiropractic Initiative Act, unless the department has reason to believe that the provider will defraud or abuse the Medi-Cal program or lacks the organizational or administrative capacity to provide services under the program.

(c) Failure to remediate discrepancies that are discovered as a result of an unannounced visit to a provider shall, prior to hearing, make the provider subject to temporary suspension, which shall include temporary deactivation of all provider numbers used by the provider to obtain reimbursement from the Medi-Cal program. The director shall notify the provider of the temporary suspension and deactivation of provider numbers, and the effective date thereof. Notwithstanding Section 100171 of the Health and Safety Code,

proceedings after the imposition of sanctions in this paragraph shall be in accordance with Section 14043.65.

14043.75. The director may, by regulation, adopt additional measures to prevent or curtail fraud and abuse.

Notwithstanding Section 14053, ancillary outpatient services, pursuant to Section 14132, for any eligible individual who is 21 years of age or over, and has not attained 65 years of age and who is a patient in an institution for mental diseases shall be covered regardless of the availability of federal financial participation.

SEC. 40. Section 14067 of the Welfare and Institutions Code is amended to read:

14067. (a) The department, in conjunction with the Managed Risk Medical Insurance Board, shall develop and conduct a community outreach and education campaign to help families learn about, and apply for, Medi-Cal and the Healthy Families Program of the Managed Risk Medical Insurance Board, subject to the requirements of federal law. In conducting this campaign, the department may seek input from, and contract with, various entities and programs that serve children, including, but not limited to, the State Department of Education, counties, Women, Infants, and Children program agencies, Head Start and Healthy Start programs, and community-based organizations that deal with potentially

eligible families and children to assist in the outreach, education, and application completion process.

(b) The outreach and education campaign shall be established and implemented as of February 18, 1998. An annual outreach plan shall be submitted to the Legislature by April 1 for each fiscal year. The plan shall address both the Medi-Cal program for children and the Healthy Families Program and, at a minimum, shall include the following:

(c) In implementing this section, the department may amend any existing or future media outreach campaign contract that it has entered into pursuant to Section 14148.5. (d) (1) The department, in conjunction with the Managed Risk Medical Insurance Board, shall award contracts to community-based organizations to help families learn about, and enroll in, the Medi-Cal program and Healthy Families Program, and other health care programs for low-income children. Funding shall be contingent upon appropriation in the annual Budget Act.

(2) Contracts for these outreach and enrollment projects shall be awarded based on, but not limited to, all of the following criteria:

(A) Capacity to reach populations or geographic areas with disproportionately low enrollment rates. If it is not possible to estimate the number of uninsured children in a geographic area who are eligible for the Medi-Cal program or the Healthy Families Program, proxy measures for rates of eligible children may be used. These measures may include, but are not limited to, the number of children in families with gross annual household incomes at or below the federal poverty levels pertinent to the programs.

(B) Organizational capacity and experience, including, but not limited to, any of the following:

(C) Effectiveness of the outreach and education plan, including, but not limited to, all of the following:

(iv) Collaboration with other local organizations that serve families of eligible children.

(v) Strategies to ensure that children and families retain coverage and are informed of options for health coverage and services when they lose eligibility for a particular program.

(vi) Plans to inform families about all available health care programs and services.

Notwithstanding Section 13340 of the Government Code, the fund shall be continuously appropriated to, and under the administrative control of, the department for the purposes specified in this section. Except as otherwise limited by this section, the fund shall consist of all of the following:

(1) All public moneys transferred by public agencies to the department for deposit into the fund, as permitted under Section 433.51 of Title 42 of the Code of Federal Regulations or any other applicable federal medicaid laws.

(3) Any amounts appropriated to the fund by the Legislature.

(4) Any interest that accrues on amounts in the fund.

(b) Any public agency transferring moneys to the fund may, for that purpose, utilize any revenues, grants, or allocations received from the state for health care programs or purposes, unless otherwise prohibited by law. A public agency may also utilize its general funds or any other public moneys or revenues for purposes of transfers to the fund, unless otherwise prohibited by law.

(c) The department shall have the discretion to accept or not accept moneys offered to the department for deposit in the fund. If the department accepts moneys pursuant to this section, the department shall obtain federal matching funds to the full extent permitted by law. (d) Moneys in the fund shall be used as the source for the nonfederal share of payments to hospitals under this section. Moneys shall be allocated from the fund by the department and matched by federal funds in accordance with customary Medi-Cal accounting procedures for purposes of payments under subdivision (e). Distributions from the fund shall be supplemental to any other amounts that hospitals receive under the contracting program.

(e) For purposes of recognizing medical education costs incurred for services rendered to Medi-Cal beneficiaries, payments from this fund shall be negotiated between the California Medical Assistance Commission and hospitals contracting under this article that meet the definition of university teaching hospitals or major (nonuniversity) teaching hospitals as set forth on page 51 and as listed on page 57 of the department's report dated May 1991, entitled "Hospital Peer Grouping." Payments from the fund shall be used solely for the purposes identified in the contract between the hospital and the state.

(f) The state shall be held harmless from any federal disallowance resulting from this section. A hospital receiving supplemental reimbursement pursuant to this section shall be liable for any reduced federal financial participation resulting from the implementation of this section with respect to that hospital. The state may recoup any federal disallowance from the hospital.

(g) This section shall become inoperative on July 1, 2000, and, as of January 1, 2001, is repealed, unless a later enacted statute, that becomes effective on or before January 1, 2001, deletes or extends the dates on which it becomes inoperative and is repealed.

(b) Notwithstanding Section 13340 of the Government Code, the fund shall be continuously appropriated to, and under the administrative control of, the department for the purposes specified in this section.

(c) Except as otherwise limited by this section, the fund shall consist of all of the following:

(2) All private moneys donated by private individuals or entities to the department for deposit in the fund as permitted under applicable federal medicaid laws.

(3) Any amounts appropriated to the fund by the Legislature.

(4) Any interest that accrues on amounts in the fund.

(d) Any public agency transferring moneys to the fund may, for that purpose, utilize any revenues, grants, or allocations received from the state for health care programs or purposes, unless otherwise prohibited by law. A public agency may also utilize its general funds or any other public moneys or revenues for purposes of transfers to the fund, unless otherwise prohibited by law.

(e) The department may accept or not accept moneys offered to the department for deposit in the fund. If the department accepts moneys pursuant to this section, the department shall obtain federal matching funds to the full extent permitted by law. The department shall accept only those funds that are certified by the transferring or donating entity as qualifying for federal financial participation under the terms of the Medicaid Voluntary Contribution and Provider-Specific Tax Amendments of 1991 (P.L. 102-234) or Section 433.51 of Title 42 of the Code of Federal Regulations, as applicable, and may return any funds transferred or donated in error.

(f) Moneys in the fund shall be used as the source for the nonfederal share of payments to hospitals under this section. Moneys shall be allocated from the fund by the department and matched by federal funds in accordance with customary Medi-Cal accounting procedures for purposes of payments under subdivision (g). Distributions from the fund shall be supplemental to any other amounts that hospitals receive under the contracting program.

(g) (1) For purposes of recognizing medical education costs incurred for services rendered to Medi-Cal beneficiaries, contracts for payments from the fund may, at the discretion of the California Medical Assistance Commission, be negotiated between the commission and hospitals contracting under this article that are defined as either of the following:

(A) A large teaching emphasis hospital, as set forth on page 51 and listed on page 57 of the department's report dated May 1991, entitled "Hospital Peer Grouping," and meets the definition of eligible hospital as defined in paragraph (3) of subdivision (a) of Section 14105.98.

(B) A children's hospital pursuant to Section 10727 and meets the definition of eligible hospital as defined in paragraph (3) of subdivision (a) of Section 14105.98.

(2) Payments from the fund shall be used solely for the purposes identified in the contract between the hospital and the state.

(h) The state shall be held harmless from any federal disallowance resulting from this section. A hospital receiving supplemental reimbursement pursuant to this section shall be liable for any reduced federal financial participation resulting from the implementation of this section with respect to that hospital. The state may recoup any federal disallowance from the hospital.

(i) This section shall become inoperative on July 1, 2000, and, as of January 1, 2001, is repealed, unless a later enacted statute, that becomes effective on or before January 1, 2001, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 43. Section 14087.301 is added to the Welfare and Institutions Code, to read:

14087.301. When entering into contracts with health care service plans that provide comprehensive dental benefits to Medi-Cal beneficiaries on an at-risk basis, the department may require that the health care service plans pay for the costs of the administrative and regulatory oversight required to monitor the contract compliance terms of the agreement with the department.

SEC. 44. Section 14094.3 of the Welfare and Institutions Code is amended to read:

14094.3. (a) Notwithstanding this article or Section 14093.05 or 14094.1, CCS covered services shall not be incorporated into any Medi-Cal managed care contract entered into after August 1, 1994, pursuant to Article 2.7 (commencing with Section 14087.3), Article 2.8 (commencing with Section 14087.5), Article 2.9 (commencing with Section 14088), Article 2.91 (commencing with Section 14089), Article 2.95 (commencing with Section 14092); or either Article 2 (commencing with Section 14200), or Article 7 (commencing with Section 14490) of Chapter 8, until August 1, 2005, except for contracts entered into for county organized health systems in the Counties of San Mateo, Santa Barbara, Solano and Napa.

(b) Notwithstanding any other provision of this chapter, providers serving children under the CCS program who are enrolled with a Medi-Cal managed care contractor but who are not enrolled in a pilot project pursuant to subdivision (c) shall continue to submit billing for CCS covered services on a fee-for-service basis until CCS covered services are incorporated into the Medi-Cal managed care contracts described in subdivision (a).

(c) (1) The department may authorize a pilot project in Solano County in which reimbursement for conditions eligible under the CCS program may be reimbursed on a capitated basis pursuant to Section 14093.05, and provided all CCS program's guidelines, standards, and regulations are adhered to, and CCS program's case management is utilized.

(2) During the time period described in subdivision (a), the department may approve, implement, and evaluate limited pilot

projects under the CCS program to test alternative managed care models tailored to the special health care needs of children under the CCS program. The pilot projects may include, but need not be limited to, coverage of different geographic areas, focusing on certain subpopulations, and the employment of different payment and incentive models. Pilot project proposals from CCS program-approved providers shall be given preference. All pilot projects shall utilize CCS program-approved standards and providers pursuant to Section 14094.1.

(d) (1) The department shall submit to the appropriate committees of the Legislature an evaluation of pilot projects established pursuant to subdivision (c) based on at least one full year of operation.

(2) The evaluation required by paragraph (1) shall address the impact of the pilot projects on outcomes as set forth in paragraph (4) and, in addition, shall do both of the following:

(A) Examine the barriers, if any, to incorporating CCS covered services into the Medi-Cal managed care contracts described in subdivision (a).

(B) Compare different pilot project models with the fee-for-service system. The evaluation shall identify, to the extent possible, those factors that make pilot projects most effective in meeting the special needs of children with CCS eligible conditions.

(3) CCS covered services shall not be incorporated into the Medi-Cal managed care contracts described in subdivision (a) before the evaluation process has been completed.

(4) The pilot projects shall be evaluated to determine if:

(A) All children enrolled with a Medi-Cal managed care contractor described in subdivision (a) identified as having a CCS eligible condition are referred in a timely fashion for appropriate health care.

(B) All children in the CCS program have access to coordinated care that includes primary care services in their own community.

(C) CCS program standards are adhered to.

(e) For purposes of this section, CCS covered services include all program benefits administered by the program specified in Section 123840 of the Health and Safety Code regardless of the funding source.

(f) Nothing in this section shall be construed to exclude or restrict CCS eligible children from enrollment with a managed care contractor or from receiving from the managed care contractor with which they are enrolled primary and other health care unrelated to the treatment of the CCS eligible condition.

SEC. 45. Section 14105.31 of the Welfare and Institutions Code is amended to read:

14105.31. For purposes of the Medi-Cal contract drug list, the following definitions shall apply:

(a) "Single-source drug" means a drug that is produced and distributed under an original New Drug Application approved by the federal Food and Drug Administration. This shall include a drug marketed by the innovator manufacturer and any cross-licensed producers or distributors operating under the New Drug Application, and shall also include a biological product, except for vaccines, marketed by the innovator manufacturer and any cross-licensed producers or distributors licensed by the federal Food and Drug Administration pursuant to Section 262 of Title 42 of the United States Code. A drug ceases to be a single-source drug when the same drug in the same dosage form and strength manufactured by another manufacturer is approved by the federal Food and Drug Administration under the provisions for an Abbreviated New Drug Application.

(b) "Best price" means the negotiated price, or the manufacturer's lowest price available to any class of trade organization or entity, including, but not limited to, wholesalers, retailers, hospitals, repackagers, providers, or governmental entities within the United States, that contracts with a manufacturer for a specified price for drugs, inclusive of cash discounts, free goods, volume discounts, rebates, and on- or off-invoice discounts or credits, shall be based upon the manufacturer's commonly used retail package sizes for the drug sold by wholesalers to retail pharmacies.

(c) "Equalization payment amount" means the amount negotiated between the manufacturer and the department for reimbursement by the manufacturer, as specified in the contract. The equalization payment amount shall be based on the difference between the manufacturer's direct catalog price charged to wholesalers and the manufacturer's best price, as defined in subdivision (b).

(d) "Manufacturer" means any person, partnership, corporation, or other institution or entity that is engaged in the production, preparation, propagation, compounding, conversion, or processing of drugs, either directly or indirectly by extraction from substances of natural origin, or independently by means of chemical synthesis, or by a combination of extraction and chemical synthesis, or in the packaging, repackaging, labeling, relabeling, and distribution of drugs.

(e) "Price escalator" means a mutually agreed upon price specified in the contract, to cover anticipated cost increases over the life of the contract.

(f) "Medi-Cal pharmacy costs" or "Medi-Cal drug costs" means all reimbursements to pharmacy providers for services or merchandise, including single-source or multiple-source prescription drugs, over-the-counter medications, and medical supplies, or any other costs billed by pharmacy providers under the Medi-Cal program.

(g) "Medicaid rebate" means the rebate payment made by drug manufacturers pursuant to Section 1927 of the federal Social Security Act (42 U.S.C. Sec. 1396r-8).

(h) "State rebate" means any negotiated rebate under the Drug Discount Program in addition to the medicaid rebate.

(i) "Date of mailing" means the date that is evidenced by the postmark date by the United States Postal Service or other common mail carrier on the envelope.

(j) This section shall remain in effect only until January 1, 2001, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2001, deletes or extends that date.

SEC. 46. Section 14105.33 of the Welfare and Institutions Code is amended to read:

14105.33. (a) The department may enter into contracts with manufacturers of single-source and multiple-source drugs, on a bid or nonbid basis, for drugs from each major therapeutic category, and shall maintain a list of those drugs for which contracts have been executed.

(b) (1) Contracts executed pursuant to this section shall be for the manufacturer's best price, as defined in Section 14105.31, which shall be specified in the contract, and subject to agreed upon price escalators, as defined in that section. The contracts shall provide for an equalization payment amount, as defined in Section 14105.31, to be remitted to the department quarterly. The department shall submit an invoice to each manufacturer for the equalization payment amount, including supporting utilization data from the department's prescription drug paid claims tapes within 30 days of receipt of the Health Care Financing Administration's file of manufacturer rebate information. In lieu of paying the entire invoiced amount, a manufacturer may contest the invoiced amount pursuant to procedures established by the federal Health Care Financing Administration's Medicaid Drug Rebate Program Releases or regulations by mailing a notice, that shall set forth its grounds for contesting the invoiced amount, to the department within 38 days of the department's mailing of the state invoice and supporting utilization data. For purposes of state accounting practices only, the contested balance shall not be considered an accounts receivable amount until final resolution of the dispute pursuant to procedures established by the federal Health Care Financing Administration's Medicaid Drug Rebate Program Releases or regulations that results in a finding of an underpayment by the manufacturer. Manufacturers may request, and the department shall timely provide, at cost, Medi-Cal provider level drug utilization data, and other Medi-Cal utilization data necessary to resolve a contested department-invoiced rebate amount.

(2) The department shall provide for an annual audit of utilization data used to calculate the equalization amount to verify the accuracy of that data. The findings of the audit shall be documented in a

written audit report to be made available to manufacturers within 90 days of receipt of the report from the auditor. Any manufacturer may receive a copy of the audit report upon written request. Contracts between the department and manufacturers shall provide for any equalization payment adjustments determined necessary pursuant to an audit.

(3) Utilization data used to determine an equalization payment amount shall exclude data from both of the following:

(A) Health maintenance organizations, as defined in Section 300e(a) of Title 42 of the United States Code, including those organizations that contract under Section 1396b(m) of Title 42 of the United States Code.

(B) Capitated plans that include a prescription drug benefit in the capitated rate, and that have negotiated contracts for rebates or discounts with manufacturers.

(c) In order that Medi-Cal beneficiaries may have access to a comprehensive range of therapeutic agents, the department shall ensure that there is representation on the list of contract drugs in all major therapeutic categories. Except as provided in subdivision (a) of Section 14105.35, the department shall not be required to contract with all manufacturers who negotiate for a contract in a particular category. The department shall ensure that there is sufficient representation of single-source and multiple-source drugs, as appropriate, in each major therapeutic category.

(d) (1) The department shall select the therapeutic categories to be included on the list of contract drugs, and the order in which it seeks contracts for those categories. The department may establish different contracting schedules for single-source and multiple-source drugs within a given therapeutic category.

(2) The department shall make every attempt to complete the initial contracting process for each major therapeutic category by January 1, 2001.

(e) (1) In order to fully implement subdivision (d), the department shall, to the extent necessary, negotiate or renegotiate contracts to ensure there are as many single-source drugs within each therapeutic category or subcategory as the department determines necessary to meet the health needs of the Medi-Cal population. The department may determine in selected therapeutic categories or subcategories that no single-source drugs are necessary because there are currently sufficient multiple-source drugs in the therapeutic category or subcategory on the list of contract drugs to meet the health needs of the Medi-Cal population. However, in no event shall a beneficiary be denied continued use of a drug which is part of a prescribed therapy in effect as of September 2, 1992, until the prescribed therapy is no longer prescribed.

(2) In the development of decisions by the department on the required number of single-source drugs in a therapeutic category or subcategory, and the relative therapeutic merits of each drug in a

therapeutic category or subcategory, the department shall consult with the Medi-Cal Contract Drug Advisory Committee. The committee members shall communicate their comments and recommendations to the department within 30 business days of a request for consultation, and shall disclose any associations with pharmaceutical manufacturers or any remuneration from pharmaceutical manufacturers.

(3) In order to expedite implementation of paragraph (1), the requirements of Sections 14105.37, 14105.38, subdivisions (a), (c), (e), and (f) of Sections 14105.39, 14105.4, and 14105.405 are waived for the purposes of this section until January 1, 1994.

(f) In order to achieve maximum cost savings, the Legislature declares that an expedited process for contracts under this section is necessary. Therefore, contracts entered into on a nonbid basis shall be exempt from Chapter 2 (commencing with Section 10290) of Part 2 of Division 2 of the Public Contract Code.

(g) In no event shall a beneficiary be denied continued use of a drug that is part of a prescribed therapy in effect as of September 2, 1992, until the prescribed therapy is no longer prescribed.

(h) Contracts executed pursuant to this section shall be confidential and shall be exempt from disclosure under the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code).

(i) The department shall provide individual notice to Medi-Cal beneficiaries at least 60 calendar days prior to the effective date of the deletion or suspension of any drug from the list of contract drugs. The notice shall include a description of the beneficiary's right to a fair hearing and shall encourage the beneficiary to consult a physician to determine if an appropriate substitute medication is available from Medi-Cal.

(j) In carrying out the provisions of this section, the department may contract either directly, or through the fiscal intermediary, for pharmacy consultant staff necessary to initially accomplish the treatment authorization request reviews.

(k) (1) Manufacturers shall calculate and pay interest on late or unpaid rebates. The interest shall not apply to any prior period adjustments of unit rebate amounts or department utilization adjustments.

(2) For state rebate payments, manufacturers shall calculate and pay interest on late or unpaid rebates for quarters that begin on or after the effective date of the act that added this subdivision.

(3) Following final resolution of any dispute pursuant to procedures established by the federal Health Care Financing Administration's Medicaid Drug Rebate Program Releases or regulations regarding the amount of a rebate, any underpayment by a manufacturer shall be paid with interest calculated pursuant to subdivisions (m) and (n), and any overpayment, together with

interest at the rate calculated pursuant to subdivisions (m) and (n), shall be credited by the department against future rebates due.

(*l*) Interest pursuant to subdivision (k) shall begin accruing 38 calendar days from the date of mailing of the invoice, including supporting utilization data sent to the manufacturer. Interest shall continue to accrue until the date of mailing of the manufacturer's payment.

(m) Except as specified in subdivision (n), interest rates and calculations pursuant to subdivision (k) for medicaid rebates and state rebates shall be identical and shall be determined by the federal Health Care Financing Administration's Medicaid Drug Rebate Program Releases or regulations.

(n) If the date of mailing of a state rebate payment is 69 days or more from the date of mailing of the invoice, including supporting utilization data sent to the manufacturer, the interest rate and calculations pursuant to subdivision (k) shall be as specified in subdivision (m), however the interest rate shall be increased by 10 percentage points. This subdivision shall apply to payments for amounts invoiced for any quarters that begin on or after the effective date of the act that added this subdivision.

(o) If the rebate payment is not received, the department shall send overdue notices to the manufacturer at 38, 68, and 98 days after the date of mailing of the invoice, and supporting utilization data. If the department has not received a rebate payment, including interest, within 180 days of the date of mailing of the invoice, including supporting utilization data, the manufacturer's contract with the department shall be deemed to be in default and the contract may be terminated in accordance with the terms of the contract. For all other manufacturers, if the department has not received a rebate payment, including interest, within 180 days of the date of mailing of the invoice, including supporting utilization data, all of the drug products of those manufacturers shall be made available only through prior authorization effective 270 days after the date of mailing of the invoice, including utilization data sent to manufacturers.

(p) If the manufacturer provides payment or evidence of payment to the department at least 40 days prior to the proposed date the drug is to be made available only through prior authorization pursuant to subdivision (o), the department shall terminate its actions to place the manufacturers' drug products on prior authorization.

(q) The department shall direct the state's fiscal intermediary to remove prior authorization requirements imposed pursuant to subdivision (o) and notify providers within 60 days after payment by the manufacturer of the rebate, including interest. If a contract was in place at the time the manufacturers' drugs were placed on prior authorization, removal of prior authorization requirements shall be

contingent upon good faith negotiations and a signed contract with the department.

(r) A beneficiary may obtain drugs placed on prior authorization pursuant to subdivision (o) if the beneficiary qualifies for continuing care status. To be eligible for continuing care status, a beneficiary must be taking the drug when its manufacturer is placed on prior authorization status. Additionally, the department shall have received a claim for the drug with a date of service that is within 100 days prior to the date the manufacturer was placed on prior authorization.

(s) A beneficiary may remain eligible for continuing care status, provided that a claim is submitted for the drug in question at least every 100 days and the date of service of the claim is within 100 days of the date of service of the last claim submitted for the same drug.

(t) Drugs covered pursuant to Sections 14105.43 and 14133.2 shall not be subject to prior authorization pursuant to subdivision (o), and any other drug may be exempted from prior authorization by the department if the director determines that an essential need exists for that drug, and there are no other drugs currently available without prior authorization that meet that need.

(u) It is the intent of the Legislature in enacting subdivisions (k) to (t), inclusive, that the department and manufacturers shall cooperate and make every effort to resolve rebate payment disputes within 90 days of notification by the manufacturer to the department of a dispute in the calculation of rebate payments.

(v) This section shall remain in effect only until January 1, 2001, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2001, deletes or extends that date.

SEC. 47. Section 14105.35 of the Welfare and Institutions Code is amended to read:

14105.35. (a) (1) On and after July 1, 1990, drugs included on the Medi-Cal drug formulary shall be included on the list of contract drugs until the department and the manufacturer have concluded contract negotiations or the department suspends the drug from the list of contract drugs pursuant to the provisions of this subdivision.

The department shall, in writing, invite any manufacturer with single-source drug products on the formulary as of July 1, 1990, to enter into negotiations relative to the retention of its drug or drugs. As to the issue of cost, the department shall accept the manufacturer's best price as sufficient for purposes of entering into a contract to retain the drug or drugs on the list of contract drugs.

If the department and a manufacturer enter into a contract for retention of a drug or drugs on the list of contract drugs, the drug or drugs shall be retained on the list of contract drugs for the effective term of the contract.

If a manufacturer refuses to enter into negotiations with the department pursuant to this subdivision, or if after 30 days of negotiation, the manufacturer has not agreed to execute a contract

for a drug at the manufacturer's best price, the department may suspend from the list of contract drugs the manufacturer's single-source drug in question for a period of at least 180 days. The department shall lift the suspension upon execution of a contract for that drug. Consistent with the provisions of this section, the department shall delete the Medi-Cal drug formulary specified in paragraphs (b), (c), (d), and (e) of Section 59999 of Title 22 of the California Code of Regulations.

(2) On and after July 1, 1990, the director may retain a drug on the Medi-Cal list of contract drugs even if no contract is executed with a manufacturer, if the director determines that an essential need exists for that drug, and there are no other drugs currently on the formulary that meet that need.

(3) The director may delete a drug from the list of contract drugs if the director determines that the drug presents problems of safety or misuse. The director's decision as to safety shall be based upon published medical literature, and the director's decision as to misuse shall be based on published medical literature and claims data supplied by the fiscal intermediary.

(b) Any reference to the Medi-Cal drug formulary by statute or regulation shall be construed as referring to the list of contract drugs.

(c) (1) Any drug in the process of being added to the formulary by contract agreement pursuant to Section 14105.3, executed prior to the effective date of this section, shall be added to the list of contract drugs.

(2) Contracts pursuant to Section 14105.3 executed prior to January 1, 1991, shall be considered to be contracts executed pursuant to Section 14105.33, and the department shall exempt the drugs included in these contracts from the initial therapeutic category review in which they would normally be considered.

(3) Nothing in this section shall be construed to require the department to discontinue negotiations into which it has entered with any manufacturer as of the effective date of this section. Contracts entered into as a result of these negotiations shall be exempt from the initial therapeutic category review in which they would normally be considered.

(d) This section shall remain in effect only until January 1, 2001, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2001, deletes or extends that date.

SEC. 48. Section 14105.37 of the Welfare and Institutions Code is amended to read:

14105.37. (a) The department shall notify each manufacturer of drugs in therapeutic categories selected pursuant to Section 14105.33 of the provisions of Sections 14105.31 to 14105.42, inclusive.

(b) If, within 45 days of notification, a manufacturer does not enter into negotiations for a contract pursuant to those sections, the department may suspend or delete from the list of contract drugs, or

refuse to consider for addition, drugs of that manufacturer in the selected therapeutic categories.

(c) If, after 150 days from the initial notification, a contract is not executed for a drug currently on the list of contract drugs, the department may suspend or delete the drug from the list of contract drugs.

(d) If, within 150 days from the initial notification, a contract is executed for a drug currently on the list of contract drugs, the department shall retain the drug on the list of contract drugs.

(e) If, within 150 days from the date of the initial notification, a contract is executed for a drug not currently on the list of contract drugs, the department shall add the drug to the list of contract drugs.

(f) The department shall terminate all negotiations 150 days after the initial notification.

(g) The department may suspend or delete any drug from the list of contract drugs at the expiration of the contract term or when the contract between the department and the manufacturer of that drug is terminated.

(h) Any drug suspended from the list of contract drugs pursuant to this section or Section 14105.35 shall be subject to prior authorization, as if that drug were not on the list of contract drugs.

(i) Any drug suspended from the list of contract drugs pursuant to this section or Section 14105.35 for at least 12 months may be deleted from the list of contract drugs in accordance with the provisions of Section 14105.38.

(j) This section shall remain in effect only until January 1, 2001, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2001, deletes or extends that date.

SEC. 49. Section 14105.38 of the Welfare and Institutions Code is amended to read:

14105.38. (a) (1) In the event the department determines a drug should be deleted from the list of contract drugs, the department shall conduct a public hearing, as provided in this section, to receive comment on the impact of removing the drug.

(2) (A) The department shall provide written notice 30 days prior to the hearing.

(B) The department shall send the notice required by this subdivision to the manufacturer of the drug proposed to be deleted and to organizations representing Medi-Cal beneficiaries.

(b) (1) The hearing panel shall consist of the Chief, Medi-Cal Drug Discount Program, who shall serve as chair, and the Medi-Cal Contract Drug Advisory Committee.

(2) The hearing shall be recorded and transcribed, and the transcript available for public review.

(3) Subsequent to hearing all public comment, and within 30 days of the hearing, each panel member shall submit a recommendation regarding deletion of the drug and the reason for the recommendation to the director.

(c) The director shall consider public comments provided at the hearing and the recommendations of each panel member in determining whether to delete the drug.

(d) This section shall remain in effect only until January 1, 2001, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2001, deletes or extends that date.

SEC. 50. Section 14105.39 of the Welfare and Institutions Code is amended to read:

14105.39. (a) (1) A manufacturer of a new single-source drug may request inclusion of its drug on the list of contract drugs pursuant to Section 14105.33 provided all of the following conditions are met:

(A) The request is made within 12 months of approval for marketing by the federal Food and Drug Administration.

(B) The manufacturer agrees to negotiate a contract with the department to provide the drug at the manufacturer's best price.

(C) (i) The manufacturer provides the department with necessary information, as specified by the department, in the request.

(ii) Notwithstanding clause (i), either of the following may be submitted by the manufacturer in lieu of the Summary Basis of Approval prepared by the federal Food and Drug Administration for that drug:

(I) The federal Food and Drug Administration's approval or approvable letter for the drug and federal Food and Drug Administration's approved labeling.

(II) The federal Food and Drug Administration's medical officers' and pharmacologists' reviews and the federal Food and Drug Administration's approved labeling.

(D) The department had concluded contracting for the therapeutic category in which the drug is included prior to approval of the drug by the federal Food and Drug Administration.

(2) Within 90 days from receipt of the request, the department shall evaluate the request using the criteria identified in subdivision (d), and shall submit the drug to the Medi-Cal Contract Drug Advisory Committee.

(b) Any petition for the addition to or deletion of a drug to the Medi-Cal drug formulary submitted prior to July 31, 1990, shall be deemed to be denied. A manufacturer who has submitted a petition deemed denied may request inclusion of that drug on the list of contract drugs provided all of the following conditions are met:

(1) The manufacturer agrees to negotiate for a contract with the department to provide the drug at the manufacturer's best price.

(2) The manufacturer provides the department with necessary information, as specified by the department, in the request.

(3) The manufacturer submits the request to the department prior to October 1, 1990.

(c) Any new drug designated as having an important therapeutic gain and approved for marketing by the federal Food and Drug

Administration on or after July 31, 1990, shall immediately be included on the list of contract drugs for a period of three years provided that all of the following conditions are met:

(1) The manufacturer offers the department its best price.

(2) The drug is typically administered in an outpatient setting.

(3) The drug is prescribed only for the indications and usage specified in the federal Food and Drug Administration approved labeling.

(4) The drug is determined by the director to be safe, relative to other drugs in the same therapeutic category on the list of contract drugs.

(d) (1) To ensure that the health needs of Medi-Cal beneficiaries are met consistent with the intent of this chapter, the department shall, when evaluating a decision to execute a contract, and when evaluating drugs for retention on, addition to, or deletion from, the list of contract drugs, use all of the following criteria:

(A) The safety of the drug.

(B) The effectiveness of the drug.

(C) The essential need for the drug.

(D) The potential for misuse of the drug.

(E) The cost of the drug.

(2) The deficiency of a drug when measured by one of these criteria may be sufficient to support a decision that the drug should not be added or retained, or should be deleted from the list. However, the superiority of a drug under one criterion may be sufficient to warrant the addition or retention of the drug, notwithstanding a deficiency in another criterion.

(e) (1) A manufacturer of single-source drugs denied a contract pursuant to this section or Section 14105.33 or 14105.37, may file an appeal of that decision with the director within 30 calendar days of the department's written decision.

(2) Within 30 calendar days of the manufacturer's appeal, the director shall request a recommendation regarding the appeal from the Medi-Cal Contract Drug Advisory Committee. The committee shall provide its recommendation in writing, within 30 calendar days of the director's request.

(3) The director shall issue a final decision on the appeal within 30 calendar days of the recommendation.

(f) Deletions made to the list of contract drugs, including those made pursuant to Section 14105.37, shall become effective no sooner than 30 days after publication of the changes in provider bulletins.

(g) Changes made to the list of contract drugs under this or any other section are exempt from the requirements of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340), Chapter 4 (commencing with Section 11370), and Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code), and shall not be subject to the review and approval of the Office of Administrative Law.

(h) This section shall remain in effect only until January 1, 2001, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2001, deletes or extends that date.

SEC. 51. Section 14105.4 of the Welfare and Institutions Code, as amended by Section 90 of Chapter 310 of the Statutes of 1998, is amended to read:

14105.4. (a) The director shall appoint a Medi-Cal Contract Drug Advisory Committee for the purpose of providing scientific and medical analysis on drugs contained on the list of contract drugs. The duties of the committee shall be as follows:

Overpayments collected under this section shall not be returned to the provider during the pendency of any appeal and may be offset to satisfy audit or appeal findings if the findings are against the provider. Overpayments will be returned to a provider with interest if findings are in favor of the provider.

These regulations may be adopted as emergency regulations in accordance with the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) Part 1 of Division 3 of Title 2 of the Government Code) and the adoption of the regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare. The director shall transmit these emergency regulations directly to the Secretary of State for filing and the regulations shall become effective immediately upon filing. Upon completion of the formal regulation adoption process and prior to the

expiration of the 120-day duration period of emergency regulations, the director shall transmit directly to the Secretary of State the adopted regulations, the rulemaking file, and the certification of compliance as required by subdivision (e) of Section 11346.1 of the Government Code.

(c) For purposes of this section, "provider" means any individual, partnership, group, association, corporation, institution, or entity, and the officers, directors, employees, or agents thereof, that provide services, goods, supplies, or merchandise, directly or indirectly, to a Medi-Cal beneficiary, and that has been enrolled in the Medi-Cal program.

SEC. 62. Section 14110.6 of the Welfare and Institutions Code is amended to read:

14110.6. (a) The director shall adopt regulations, establishing payment rates for nursing facilities, intermediate care facilities/developmentally disabled, and intermediate care facilities/developmentally disabled-habilitative as defined in Section 1250 of the Health and Safety Code, which are sufficient to provide an increase of one dollar and ninety-six cents ($1.96) per patient day for patients receiving skilled nursing services, one dollar and fifty-eight cents ($1.58) per patient day, for patients receiving intermediate care services, two dollars and twenty-nine cents ($2.29) per patient day for intermediate care facilities/developmentally disabled patients, to be used for wage increases and benefits to all employees, except a licensed nursing home administrator or an administrator-in-training and two dollars and thirty-five cents ($2.35) per patient day for intermediate care facilities/developmentally disabled-habilitative patients in facilities with 4 to 6 beds, and one dollar and ninety-eight cents ($1.98) per patient day for intermediate care facilities/developmentally disabled-habilitative patients in facilities with 7 to 15 beds, to be used for wage increases and benefits to all direct care staff. However, if either (1) the entry level wages of the lowest paid nonadministrative employee of a nursing facility, intermediate care facility/developmentally disabled, or intermediate care facility/developmentally disabled-habilitative, exceeds six dollars ($6) per hour as of August 1, 1984; or (2) upon the election of a county board of supervisors, for any nursing facility, intermediate care facility/developmentally disabled, or intermediate care facility/developmentally disabled-habilitative, which is operated by a county, the funds received pursuant to regulations adopted pursuant to this section shall be used solely for labor costs directly related to providing patient care services in order to meet patients' needs including the uses of funds provided for under subdivision (d) of Section 14110.7. Any increase in wages and benefits required by this section shall be in addition to any future mandatory increases required by federal or state law. The rate shall provide funding for the portion of additional costs necessary to implement the wage and

benefit increase required by this section attributable to Medi-Cal patients. The portion of those additional costs shall be the same as the ratio of Medi-Cal patients to the total number of patients in the facility. These regulations shall be adopted, effective March 15, 1985, for skilled nursing facilities, intermediate care facilities, and intermediate care facilities/developmentally disabled, and by October 1, 1985, for intermediate care facilities/developmentally disabled-habilitative. Commencing October 1, 1990, these requirements shall become operative for nursing facilities.

(b) Each nursing facility or intermediate care facility/developmentally disabled, or, for the period prior to October 1, 1990, each skilled nursing facility or intermediate care facility, shall certify all of the following:

(1) All employees, except a licensed nursing home administrator or an administrator-in-training of a licensed nursing home, shall receive at least the prevailing federal or state minimum wage rate plus the average hourly wage increase established pursuant to Chapter 19 of the Statutes of 1978, and this section.

(2) All employees of the facility, except a licensed administrator or administrator-in-training, shall be paid not less than the sum of the employee's actual rate of pay as of the effective date of the Medi-Cal rate increase provided for under Section 14110.7 plus the amount of the adjustment specified pursuant to this section, or not less than the applicable agreed to rate plus the amount of the adjustment, whichever is greater.

(3) Any wage increase required pursuant to Section 1268.5 of the Health and Safety Code, is in addition to any minimum wages provided in this section.

(4) For purposes of determining the amount of Medi-Cal funds to be distributed for employee wages and benefits, the total Medi-Cal patient days recorded by the facility in the month of December 1983 shall be multiplied by the amount per patient day specified in subdivision (a) plus the amount provided by Chapter 19 of the Statutes of 1978. The new wage levels shall be determined by dividing the Medi-Cal funds received by the nonovertime hours worked by covered employees in December 1983, plus any adjustments due to additional employees as specified in Section 14110.7 and adjustments to reflect employee benefit allowances.

(c) Each intermediate care facility/developmentally disabled-habilitative shall certify all of the following:

(1) All direct care staff, as defined in the department's regulations developed pursuant to Section 1267.7 of the Health and Safety Code, shall receive at least the prevailing federal or state minimum wage plus the average hourly wage increase pursuant to this section.

(2) For purposes of determining the amount of Medi-Cal funds to be distributed for intermediate care facilities/developmentally disabled-habilitative for employee wages and benefits, the total Medi-Cal patient days in the month of December 1984, shall be

multiplied by the amount per patient day specified in subdivision (a). The new wage level shall be determined by dividing the Medi-Cal funds received by the nonovertime hours by covered direct care employees in December 1984, and adjustments to reflect employee benefit allowances.

(d) The director shall order the inspection of relevant payroll and personnel records of facilities which are reimbursed for Medi-Cal patients under the rate of reimbursement established pursuant to subdivision (a) to ensure that the wage and benefit increases provided for have been implemented.

(e) The department shall, commencing August 1, 1999, increase the Medi-Cal reimbursement for level A and level B nursing facilities solely to provide funds for salaries, wages, and benefits increases for direct care staff. For the purposes of this subdivision, "direct care staff" means registered nurses, licensed vocational nurses, and nurse assistants, who provide direct patient care. The amount of funds to be provided to each level A and level B facility pursuant to this subdivision shall be calculated on a per patient day basis, and shall be added to the per diem rate paid to each facility. The amount of funds provided under this subdivision to each nursing facility peer group shall be published in a Medi-Cal provider bulletin. Level A and level B facilities shall compensate their registered nurses, licensed vocational nurses, and nurse assistants that portion of the rate increase provided under this subdivision in the form of salaries, wages, and benefits increases for their direct care staff. The total amount to be passed through by each facility shall be the per diem amount received by the facility pursuant to this subdivision times the facility's number of Medi-Cal patient days.

(f) Any facility which is paid under the rate provided for in subdivision (a) or (e) which the director finds has not made the wage and benefit increases provided for shall be liable for the amount of funds paid to the facility based upon the wage and benefit requirements provided for by this section but not distributed to employees for wages and benefits, plus a penalty equal to 10 percent of the funds not so distributed.

SEC. 63. Section 14110.7 of the Welfare and Institutions Code, as amended by Section 3 of Chapter 502 of the Statutes of 1990, is amended to read:

(b) (1) The director shall adopt regulations which shall establish the minimum number of equivalent nursing hours per patient required in the following, for the first year of implementation of the first year of rates established pursuant to this article:

(A) 2.6 hours for skilled nursing facilities.

(B) 1.9 hours for skilled nursing facilities with special treatment programs.

(C) 0.9 hours for intermediate care facilities.

(D) 2.2 hours for intermediate care facilities/developmentally disabled.

(2) The staffing standards established by paragraph (1) shall become effective concurrently with the establishment of the first reimbursement rates under this article.

(3) The director shall adopt regulations which establish the minimum number of equivalent nursing hours per patient required in skilled nursing facilities at 2.7 for the second year of implementation of rates established pursuant to this article.

(c) (1) The Legislature finds and declares all of the following:

(A) The one-year transition phase from 2.6 to 2.7 equivalent nursing hours allows ample time to restructure staffing.

(B) The 4 percent augmentation to reimburse for direct patient care, as defined in paragraph (2) of subdivision (b) of Section 14126.60, provides funds to cover additional expenses, if any, incurred by facilities to implement this staffing standard.

(2) Subject to the appropriation of sufficient funds, the department may adopt regulations to increase the minimum number of equivalent nursing hours required of facilities subject to this section per patient beyond 2.7 nursing hours per patient day.

(d) (1) The department shall identify those skilled nursing facilities that are in compliance with the 3.0 minimum double nursing hour standards, as defined in subdivision (a) of Section 1276.5 of the Health and Safety Code, but have actual staffing ratios below 2.5, as of July 1, 1990, and shall not enforce the 2.7 equivalent nursing hours with respect to those facilities until the third year of implementation of the rates established under this article.

(2) The department shall periodically review facilities which have actual staffing ratios described in paragraph (1) to ensure that they are making sufficient progress toward 2.7 hours.

(e) Notwithstanding paragraph (1) of subdivision (d), commencing January 1, 2000, the minimum number of nursing hours per patient day required in skilled nursing facilities shall be 3.2, without regard to the doubling of nursing hours as described in Section 1276.5 of the Health and Safety Code.

SEC. 65. Section 14132.22 of the Welfare and Institutions Code is amended to read:

14132.22. (a) (1) Transitional inpatient care services, as described in this section and provided by a qualified health facility, is a covered benefit under this chapter, subject to utilization controls and subject to the availability of federal financial participation. These services shall be available to individuals needing short-term medically complex or intensive rehabilitative services, or both.

(2) The department shall seek any necessary approvals from the federal Health Care Financing Administration to ensure that transitional inpatient care services, when provided by a general acute care hospital, will be considered for purposes of determining whether a hospital is deemed to be a disproportionate share hospital pursuant to Section 1396r-4(b) of Title 42 of the United States Code or any successor statute.

(3) Transitional inpatient care services shall be available to Medi-Cal beneficiaries who do not meet the criteria for eligibility for the subacute program provided for pursuant to Section 14132.25, but who need more medically complex and intensive rehabilitative services than are generally available in a skilled nursing facility, and who are clinically stable and no longer need the level of diagnostic and ancillary services provided generally in an acute care facility.

(b) For purposes of this section, "transitional inpatient care" means the level of care needed by an individual who has suffered an illness, injury, or exacerbation of a disease, and whose medical condition has clinically stabilized so that daily physician services and the immediate availability of technically complex diagnostic and invasive procedures usually available only in the acute care hospital are not medically necessary, and when the physician assuming the responsibility of treatment management of the patient in transitional care has developed a definitive and time-limited course of treatment. The individual's care needs may be medical, rehabilitative, or both. However, the individual shall fall within one of the two following patient groups:

(1) "Transitional medical patient," which means a medically stable patient with short-term transitional care needs, whose primary barrier to discharge to a residential setting is medical status rather than functional status. These patients may require simple rehabilitation therapy, but not a rehabilitation program appropriate for multiple interrelated areas of functional disability.

(2) "Transitional rehabilitation patient," which means a medically stable patient with short-term transitional care needs, whose primary barrier to discharge to a residential setting is functional status, rather than medical status, and who has the capacity to benefit from a rehabilitation program as determined by a physiatrist or physician otherwise skilled in rehabilitation medicine. These patients may have unresolved medical problems, but these problems must be sufficiently controlled to allow participation in the rehabilitation program.

(c) In implementing the transitional inpatient care program the department shall consider the differences between the two patient groups described in paragraphs (1) and (2) of subdivision (b) and shall assure that each group's specific health care needs are met.

(d) Transitional inpatient care services shall be made available only to qualifying Medi-Cal beneficiaries who are 18 years of age or older.

(e) Transitional inpatient care services shall not be available to patients in acute care hospitals defined as small and rural pursuant to Section 124840 of the Health and Safety Code.

(f) (1) Transitional inpatient care services may be provided by general acute care hospitals that are licensed pursuant to Chapter 2 (commencing with Section 1250) of Division 2 of the Health and Safety Code. General acute care hospitals may provide transitional

inpatient care services in the acute care hospital, an acute rehabilitation center, or the distinct part skilled nursing unit of the acute care hospital. Licensed skilled nursing facilities, as defined in subdivision (c) of Section 1250 of the Health and Safety Code that are certified to participate as a nursing facility in the Medicare and medicaid programs, pursuant to Titles XVIII and XIX of the federal Social Security Act, and licensed congregate living health facilities, as defined in Section 1265.7 of the Health and Safety Code, that are certified to participate as a nursing facility in the Medicare and medicaid programs pursuant to Titles XVIII and XIX of the federal Social Security Act, may also provide the services described in subdivision (b).

(2) Costs of providing transitional inpatient care services in nonsegregated parts of the distinct part skilled nursing unit of the acute care hospital shall be determinable, in the absence of distinct and separate cost centers established for this purpose. Costs of providing transitional inpatient care services in nondistinct parts of the acute care hospital shall be determinable, in the absence of distinct and separate cost centers established for this purpose. A separate and distinct cost center shall be maintained or established for each unit in freestanding certified nursing facilities in which the services described in subdivision (b) are provided, in order to identify and segregate costs for transitional inpatient care patients from costs for other patients who may be served within the parent facility.

(g) In order to participate as a provider in the transitional inpatient care program, a facility shall meet all applicable standards necessary for participation in the Medi-Cal program and all of the following:

(1) If the health facility is a freestanding certified nursing facility, it shall be located in close proximity to a general acute care hospital with which the facility has a transfer agreement in order to support the capability to respond to medical emergencies.

(2) The health facility shall demonstrate, to the department, competency in providing high quality care to all patients for whom the facility provides care, experience in providing high quality care to the types of transitional inpatient care patients the facility proposes to serve, and the ability to provide transitional inpatient care to patients pursuant to this chapter.

(3) The health facility shall enter into a provider agreement with the department for the provision of transitional inpatient care. The provider agreement shall specify whether the facility is authorized to serve transitional medical patients or transitional rehabilitation patients or both, depending on the facility's demonstrated ability to meet standards specific to each patient group. Continuation of the provider agreement shall be contingent upon the facility's continued compliance with all the applicable requirements of this section and any other applicable laws or regulations.

(h) In determining a facility's qualifications for initial participation, an onsite review shall be conducted by the department. Subsequent review shall be conducted onsite as necessary, but not less frequently than annually. Initial and subsequent reviews shall be conducted by appropriate department personnel, which shall include a registered nurse and other health professionals where appropriate. The department shall develop written protocols for reviews.

(i) Transitional inpatient care services shall be available to patients receiving care in an acute care hospital. Under specified circumstances, as set forth in regulations, transitional inpatient care shall be available to patients transferring directly from a nursing facility level of care, a physician's office, a clinic, or from the emergency room of a general acute care hospital, provided they have received a comprehensive medical assessment conducted by a physician, and the physician determines, and documents in the medical record, that the patient has been clinically stable for the 24 hours preceding admission to the transitional inpatient care program.

(j) A health facility providing transitional inpatient care shall accept and retain only those patients for whom it can provide adequate, safe, therapeutic, and effective care, and as identified in its application for participation as a transitional inpatient care provider. The facility's determination to accept a patient into the transitional inpatient care unit shall be based on its preadmission screening process conducted by appropriate facility personnel.

(k) The department shall establish a process for providing timely, concurrent authorization and coordination, as required, of all medically necessary services for transitional inpatient care.

(*l*) The department shall adopt regulations specifying admission criteria and an admission process appropriate to each of the transitional inpatient care patient groups specified in subdivision (b). Patient admission criteria to transitional inpatient care shall include, but not be limited to, the following:

(1) Prior to admission to transitional inpatient care, the patient shall be determined to have been clinically stable for the preceding 24 hours by the attending physician and the physician assuming the responsibility of treatment management of the patient in the transitional inpatient care program.

(2) The patient shall be admitted to transitional inpatient care on the order of the physician assuming the responsibility of the management of the patient, with an established diagnosis, and an explicit time-limited course of treatment of sufficient detail to allow the facility to initiate appropriate assessments and services. No patient shall be transferred from an acute care hospital to a transitional inpatient care program that is in a freestanding certified nursing facility if the patient's attending physician documents in the

medical record that the transfer would cause physical or psychological harm to the patient.

(3) (A) Medical necessity for transitional care shall include, but not be limited to, one or more of the following:

(i) Intravenous therapy.

(ii) Rehabilitative services.

(iii) Wound care.

(iv) Respiratory therapy.

(v) Traction.

(B) The department shall develop regulations further defining the services to be provided pursuant to clauses (i) to (v), inclusive, and the circumstances under which these services shall be provided.

(m) Registered nurses shall be assigned to the transitional inpatient care unit at all times and in sufficient numbers to allow for the ongoing patient assessment, patient care, and supervision of licensed and unlicensed staff. Participating facilities shall assure that staffing is adequate in number and skill mix, at all times, to address reasonably anticipated admissions, discharges, transfers, patient emergencies, and temporary absences of staff from the transitional care unit including, but not limited to, absences to attend meetings or inservice training. All licensed and certified health care personnel shall hold valid, current licensure or certification.

(n) Continued medical assessments shall be of sufficient frequency as to adequately review, evaluate, and alter plans of care as needed in response to patients' medical progress.

(o) The department shall develop a rate of reimbursement for transitional inpatient care services for providers as specified in subdivision (f). Reimbursement rates shall be specified in regulation and in accordance with methodologies developed by the department and may include the following:

(1) All inclusive per diem rates.

(2) Individual patient specific rates according to the needs of the individual transitional care patient.

(3) Other rates subject to negotiation with the health facility.

(p) Reimbursement at transitional inpatient care rates shall only be implemented when funds are available for this purpose pursuant to the annual Budget Act. Funds expended to implement this section shall be used by providers to assure safe, therapeutic and effective patient care by staffing at levels which meet patients' needs, and to ensure that these providers have the needed resources and staff to provide quality care to transitional inpatient care patients.

(q) (1) The department shall reimburse physicians for all medically necessary care provided to transitional inpatient care patients and shall establish Medi-Cal physician reimbursement rates commensurate with those for visits to nontransitional acute care patients in acute care hospitals.

(2) It is the intent of this subdivision to cover physician costs not included in the per diem rate.

(r) No later than January 1, 2000, the department shall evaluate, and make recommendations regarding, the effectiveness and safety of the transitional inpatient care program. The evaluation shall be developed in consultation with representatives of providers, facility employees, and consumers. The department may contract for all or a portion of the evaluation. The evaluation shall be for the purpose of determining the impact of the transitional inpatient care program on patient care, including functional outcomes, if applicable, on whether the care costs less than other alternatives, and whether it results in the deterioration of patient health and safety as compared to other placements. The evaluation shall also be for the purpose of determining the effect on patients other than those receiving transitional inpatient care in participating facilities. The evaluation shall include:

(1) Data on patient mortality, patients served, length of stay, and subsequent placement or discharge.

(2) Data on readmission to acute care and emergency room transfers.

(3) Staffing standards in the facilities.

(4) Other outcome measures and indicia of patient health and safety otherwise required to be reported by federal or state law.

(s) The department shall develop regulations to amend Sections 51540 to 51556, inclusive, of Title 22 of the California Code of Regulations, to exclude the cost of transitional inpatient care services rendered in general acute care hospitals from the hospital's inpatient services reimbursement.

(t) The department may adopt emergency regulations as necessary to implement this section in accordance with the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code). The initial adoption of emergency regulations shall be deemed to be an emergency and considered by the Office of Administrative Law as necessary for the immediate preservation of public peace, health and safety, or general welfare. Emergency regulations adopted pursuant to this section shall remain in effect for no more than 180 days. If the department adopts emergency regulations to implement this section, the department shall obtain input from interested parties to address the unique needs of medically complex and intensive rehabilitative patients qualifying for transitional inpatient care. Notwithstanding the requirements of this section, the department shall, if it adopts emergency regulations to implement this section, address the following major subject areas:

(1) Patient selection and assessment criteria, including but not limited to, preadmission screening, patient assessments, physician services, and interdisciplinary teams.

(2) Facility participation criteria and agreements, including but not limited to, facility licensing and certification history, demonstration to the department of a preexisting history in

providing care to medically complex or intensive rehabilitative patients, data reporting requirements, demonstration of continued ability to provide high quality of care to all patients, nurse staffing requirements, ancillary services, and staffing requirements.

(u) This section shall remain in effect only until January 1, 2001, and as of that date is repealed, unless a later enacted statute, that is enacted on or before January 1, 2001, deletes or extends that date.

For each hospital, the applicable total per diem payment adjustment amount under Section 14105.98 for the 1991–92 transfer year shall be computed. This amount shall be multiplied by 80 percent of the eligible hospital's annualized Medi-Cal inpatient paid days as determined from all Medi-Cal paid claims records available through April 1, 1991. The products of these calculations for all eligible

hospitals shall be added together to determine an aggregate sum for the 1991–92 transfer year.

(2) The eligible hospitals for 1991–92 involving transferor entities as licensees shall be identified. For each hospital, the applicable total per diem payment adjustment amount under Section 14105.98 for the 1991–92 transfer year shall be computed. This amount shall be multiplied by 80 percent of the eligible hospital's annualized Medi-Cal inpatient paid days as determined from all Medi-Cal paid claims records available through April 1, 1991. The products of these calculations for all eligible hospitals with transferor entities as licensees shall be added together to determine an aggregate sum for the 1991–92 transfer year.

(3) The aggregate sum determined under paragraph (1) shall be divided by the aggregate sum determined under paragraph (2), yielding a factor to be utilized in paragraph (4).

(4) The factor determined in paragraph (3) shall be multiplied by the amount determined for each hospital under paragraph (2). The product of this calculation for each hospital in paragraph (2) shall be divided by 1.771, yielding a transfer amount for the particular transferor entity for the transfer year.

(g) For the 1991–92 transfer year, the department shall notify each transferor entity in writing of its applicable transfer amount or amounts.

(h) For the 1992–93 transfer year and subsequent transfer years, transfer amounts shall be determined in the same procedural manner as set forth in subdivision (f), except:

(1) The department shall use all of the following:

(A) The disproportionate share list applicable to the particular transfer year to determine the eligible hospitals.

(B) The payment adjustment amounts calculated under Section 14105.98 for the particular transfer year. These amounts shall take into account any projected or actual increases or decreases in the size of the payment adjustment program as are required under Section 14105.98 for the particular year in question, including any decreases resulting from the application of the OBRA 1993 payment limitation. The department may issue interim, revised, and supplemental transfer requests as necessary and appropriate to address changes in payment adjustment levels that occur under Section 14105.98. All transfer requests, or adjustments thereto, issued to transferor entities by the department shall meet the requirements set forth in subdivision (i).

(C) Data regarding annualized Medi-Cal inpatient paid days for the most recent calendar year ending prior to the beginning of the particular transfer year, as determined from all Medi-Cal paid claims records available through April 1 preceding the particular transfer year.

(D) The status of public entities as licensees of eligible hospitals as of July 1 of the particular transfer year.

(E) For the 1993–94 transfer year and subsequent transfer years, the divisor to be used for purposes of the calculation referred to in paragraph (4) of subdivision (f) shall be determined by the department. The divisor shall be calculated to ensure that the appropriate amount of transfers from transferor entities are received into the fund to satisfy the requirements of Section 14105.98, exclusive of the amounts described in paragraph (2) of this subdivision, and to satisfy the requirements of paragraph (2) of subdivision (d), for the particular transfer year. For the 1993–94 transfer year, the divisor shall be 1.742.

(F) The following provisions shall apply for certain transfer amounts relating to nonsupplemental payments under Section 14105.98:

(i) For the 1998–99 transfer year, transfer amounts shall be determined as though the payment adjustment amounts arising pursuant to subdivision (ag) of Section 14105.98 were increased by the amounts paid or payable pursuant to subdivision (af) of Section 14105.98.

(ii) Any transfer amounts paid by a transferor entity pursuant to subparagraph (C) of paragraph (2) shall serve as credit for the particular transferor entity against an equal amount of its transfer obligation for the 1998–99 transfer year.

(iii) For the 1999–2000 transfer year, transfer amounts shall be determined as though the amount to be transferred to the Health Care Deposit Fund, as referred to in paragraph (2) of subdivision (d), were reduced by 28 percent.

(2) (A) Except as provided in subparagraphs (B), (C), and (D), for the 1993–94 transfer year and subsequent transfer years, transfer amounts shall be increased for the particular transfer year in the amounts necessary to fund the nonfederal share of the total supplemental payment adjustment amounts of all types that arise under Section 14105.98. These increases shall be paid only by those transferor entities that are licensees of hospitals that are projected to receive some or all of the particular supplemental payments, and the increases shall be paid by the transferor entities on a pro rata basis in connection with the particular supplemental payments. For purposes of this paragraph, supplemental payment adjustment amounts shall be deemed to arise for the particular transfer year as of the date specified in Section 14105.98. Transfer amounts to fund the nonfederal share of the payments shall be paid for the particular transfer year within 20 days after the department notifies the transferor entity in writing of the additional transfer amount to be paid.

(B) For the 1995–96 transfer year, the nonfederal share of the secondary supplemental payment adjustments described in paragraph (9) of subdivision (y) of Section 14105.96 shall be funded as follows:

(i) Ninety-nine percent of the nonfederal share shall be funded by a transfer from the University of California.

(ii) One percent of the nonfederal share shall be funded by transfers from those public entities that are the licensees of the hospitals included in the "other public hospitals" group referred to in clauses (ii) and (iii) of subparagraph (B) of paragraph (9) of subdivision (y) of Section 14105.98. The transfer responsibilities for this 1 percent shall be allocated to the particular public entities on a pro rata basis, based on a formula or formulae customarily used by the department for allocating transfer amounts under this section. The formula or formulae shall take into account, through reallocation of transfer amounts as appropriate, the situation of hospitals whose secondary supplemental payment adjustments are restricted due to the application of the limitation set forth in clause (v) of subparagraph (B) of paragraph (9) of subdivision (y) of Section 14105.98.

(iii) All transfer amounts under this subparagraph shall be paid by the particular transferor entities within 30 days after the department notifies the transferor entity in writing of the transfer amount to be paid.

(C) For the 1997–98 transfer year, transfer amounts to fund the nonfederal share of the supplemental payment adjustments described in subdivision (af) of Section 14105.98 shall be funded by a transfer from the County of Los Angeles.

(D) (i) For the 1998–99 transfer year, transfer amounts to fund the nonfederal share of the supplemental payment adjustment amounts arising under subdivision (ah) of Section 14105.98 shall be increased as set forth in clause (ii).

(ii) The transfer amounts otherwise calculated to fund the supplemental payment adjustments referred to in clause (i) shall be increased on a pro rata basis by an amount equal to 28 percent of the amount to be transferred to the Health Care Deposit Fund for the 1999–2000 fiscal year, as referred to in paragraph (2) of subdivision (d).

(3) The department shall prepare preliminary analyses and calculations regarding potential transfer amounts, and potential transferor entities shall be notified by the department of estimated transfer amounts as soon as reasonably feasible regarding any particular transfer year. Written notices of transfer amounts shall be issued by the department as soon as possible with respect to each transfer year. All state agencies shall take all necessary steps in order to supply applicable data to the department to accomplish these tasks. The Office of Statewide Health Planning and Development shall provide to the department quarterly access to the edited and unedited confidential patient discharge data files for all Medi-Cal eligible patients. The department shall maintain the confidentiality of that data to the same extent as is required of the Office of Statewide Health Planning and Development. In addition, the Office of

Statewide Health Planning and Development shall provide to the department, not later than March 1 of each year, the data specified by the department, as the data existed on the statewide data base file as of February 1 of each year, from all of the following:

(A) Hospital annual disclosure reports, filed with the Office of Statewide Health Planning and Development pursuant to Section 443.31 or 128735 of the Health and Safety Code, for hospital fiscal years that ended during the calendar year ending 13 months prior to the applicable February 1.

(B) Annual reports of hospitals, filed with the Office of Statewide Health Planning and Development pursuant to Section 439.2 or 127285 of the Health and Safety Code, for the calendar year ending 13 months prior to the applicable February 1.

(C) Hospital patient discharge data reports, filed with the Office of Statewide Health Planning and Development pursuant to subdivision (g) of Section 443.31 or 128735 of the Health and Safety Code, for the calendar year ending 13 months prior to the applicable February 1.

(D) Any other materials on file with the Office of Statewide Health Planning and Development.

(4) Transfer amounts calculated by the department may be increased or decreased by a percentage amount consistent with the Medi-Cal state plan.

(5) For the 1993–94 fiscal year, the transfer amount that would otherwise be required from the University of California shall be increased by fifteen million dollars ($15,000,000).

(6) Notwithstanding any other provision of law, except for subparagraph (D) of paragraph (2), the total amount of transfers required from the transferor entities for any particular transfer year shall not exceed the sum of the following:

(A) The amount needed to fund the nonfederal share of all payment adjustment amounts applicable to the particular payment adjustment year as calculated under Section 14105.98. Included in the calculations for this purpose shall be any decreases in the program as a whole, and for individual hospitals, that arise due to the provisions of Section 1396r-4(f) or (g) of Title 42 of the United States Code.

(B) The amount needed to fund the transfers to the Health Care Deposit Fund, as referred to in subdivision (d).

(7) (A) Except as provided in subparagraphs (B) and (C) and in paragraph (2) of subdivision (j), and except for a prudent reserve not to exceed two million dollars ($2,000,000) in the Medi-Cal Inpatient Payment Adjustment Fund, any amounts in the fund, including interest that accrues with respect to the amounts in the fund, that are not expended, or estimated to be required for expenditure, under Section 14105.98 with respect to a particular transfer year shall be returned on a pro rata basis to the transferor entities for the particular transfer year within 120 days after the department determines that

the funds are not needed for an expenditure in connection with the particular transfer year.

(B) The department shall determine the interest amounts that have accrued in the fund from its inception through June 30, 1995, and, no later than January 1, 1996, shall distribute these interest amounts to transferor entities:

(C) With respect to those particular amounts in the fund resulting solely from the provisions of subparagraph (D) of paragraph (2), the department shall determine by September 30, 1999, whether these particular amounts exceed 28 percent of the amount to be transferred to the Health Care Deposit Fund for the 1999–2000 fiscal year, as referred to in paragraph (2) of subdivision (d). Any excess amount so determined shall be returned to the particular transferor entities on a pro rata basis no later than October 31, 1999.

(D) Regarding any funds returned to a transferor entity under subparagraph (A) or (C), or interest amounts distributed to a transferor entity under subparagraph (B), the department shall provide to the transferor entity a written statement that explains the basis for the particular return or distribution of funds and contains the general calculations used by the department in determining the amount of the particular return or distribution of funds.

(i) (1) For the 1991–92 transfer year, each transferor entity shall pay its transfer amount or amounts to the Controller, for deposit in the fund, in eight equal installments.

(2) (A) Except as provided in subparagraphs (B) and (C), for the 1992–93 transfer year and subsequent transfer years, each transferor entity shall pay its transfer amount or amounts to the Controller, for deposit in the fund, in eight equal installments. However, for the 1997–98 and subsequent transfer years, each transferor entity shall pay its transfer amount or amounts to the Controller, for deposit in the fund, in the form of periodic installments according to a timetable established by the department. The timetable shall be structured to effectuate, on a reasonable basis, the prompt distribution of all nonsupplemental payment adjustments under Section 14105.98, and transfers to the Health Care Deposit Fund under subdivision (d).

(B) For the 1994–95 transfer year, each transferor entity shall pay its transfer amount or amounts to the Controller, for deposit in the fund, in five equal installments.

(C) For the 1995–96 transfer year, each transferor entity shall pay its transfer amount or amounts to the Controller, for deposit in the fund, in five equal installments.

(D) Except as otherwise specifically provided, subparagraphs (A) to (C), inclusive, shall not apply to increases in transfer amounts described in paragraph (2) of subdivision (h) or to additional transfer amounts described in subdivision (o).

(E) All requests for transfer payments, or adjustments thereto, issued by the department shall be in writing and shall include (i) an explanation of the basis for the particular transfer request or transfer

activity, (ii) a summary description of program funding status for the particular transfer year, and (iii) the general calculations used by the department in connection with the particular transfer request or transfer activity.

(3) A transferor entity may use any of the following funds for purposes of meeting its transfer obligations under this section:

(A) General funds of the transferor entity.

(B) Any other funds permitted by law to be used for these purposes, except that a transferor entity shall not submit to the Controller any federal funds unless those federal funds are authorized by federal law to be used to match other federal funds. In addition, no private donated funds from any health care provider, or from any person or organization affiliated with the health care provider, shall be channeled through a transferor entity or any other public entity to the fund, unless the donated funds will qualify under federal rules as a valid component of the nonfederal share of the Medi-Cal program and will be matched by federal funds. The transferor entity shall be responsible for determining that funds transferred meet the requirements of this subparagraph.

(j) (1) If a transferor entity does not submit any transfer amount within the time period specified in this section, the Controller shall offset immediately the amount owed against any funds which otherwise would be payable by the state to the transferor entity. The Controller, however, shall not impose an offset against any particular funds payable to the transferor entity where the offset would violate state or federal law.

(2) Where a withhold or a recoupment occurs pursuant to the provisions of paragraph (2) of subdivision (r) of Section 14105.98, the nonfederal portion of the amount in question shall remain in the fund, or shall be redeposited in the fund by the department, as applicable. The department shall then proceed as follows:

(A) If the withhold or recoupment was imposed with respect to a hospital whose licensee was a transferor entity for the particular state fiscal year to which the withhold or recoupment related, the nonfederal portion of the amount withheld or recouped shall serve as a credit for the particular transferor entity against an equal amount of transfer obligations under this section, to be applied whenever the transfer obligations next arise. Should no such transfer obligation arise within 180 days, the department shall return the funds in question to the particular transferor entity within 30 days thereafter.

(B) For other situations, the withheld or recouped nonfederal portion shall be subject to paragraph (7) of subdivision (h).

(k) All transfer amounts received by the Controller or amounts offset by the Controller shall immediately be deposited in the fund.

(*l*) For purposes of this section, the disproportionate share list utilized by the department for a particular transfer year shall be identical to the disproportionate share list utilized by the department for the same state fiscal year for purposes of Section 14105.98. Nothing

on a disproportionate share list, once issued by the department, shall be modified for any reason other than mathematical or typographical errors or omissions on the part of the department or the Office of Statewide Health Planning and Development in preparation of the list.

(m) Neither the intergovernmental transfers required by this section, nor any elective transfer made pursuant to Section 14164, shall create, lead to, or expand the health care funding or service obligations for current or future years for any transferor entity, except as required of the state by this section or as may be required by federal law, in which case the state shall be held harmless by the transferor entities on a pro rata basis.

(n) Except as otherwise permitted by state and federal law, no transfer amount submitted to the Controller under this section, and no offset by the Controller pursuant to subdivision (j), shall be claimed or recognized as an allowable element of cost in Medi-Cal cost reports submitted to the department.

(o) Whenever additional transfer amounts are required to fund the nonfederal share of payment adjustment amounts under Section 14105.98 that are distributed after the close of the particular payment adjustment year to which the payment adjustment amounts apply, the additional transfer amounts shall be paid by the parties who were the transferor entities for the particular transfer year that was concurrent with the particular payment adjustment year. The additional transfer amounts shall be calculated under the formula that was in effect during the particular transfer year. For transfer years prior to the 1993–94 transfer year, the percentage of the additional transfer amounts available for transfer to the Health Care Deposit Fund under subdivision (d) shall be the percentage that was in effect during the particular transfer year. These additional transfer amounts shall be paid by transferor entities within 20 days after the department notifies the transferor entity in writing of the additional transfer amount to be paid.

(p) (1) Ten million dollars ($10,000,000) of the amount transferred from the Medi-Cal Inpatient Payment Adjustment Fund to the Health Care Deposit Fund due to amounts transferred attributable to years prior to the 1993–94 fiscal year is hereby appropriated without regard to fiscal years to the State Department of Health Services to be used to support the development of managed care programs under the department's plan to expand Medi-Cal managed care.

(2) These funds shall be used by the department for both of the following purposes: (A) distributions to counties or other local entities that contract with the department to receive those funds to offset a portion of the costs of forming the local initiative entity, and (B) distributions to local initiative entities that contract with the department to receive those funds to offset a portion of the costs of

developing the local initiative health delivery system in accordance with the department's plan to expand Medi-Cal managed care.

(3) Entities contracting with the department for any portion of the ten million dollars ($10,000,000) shall meet the objectives of the department's plan to expand Medi-Cal managed care with regard to traditional and safety net providers.

(4) Entities contracting with the department for any portion of the ten million dollars ($10,000,000) may be authorized under those contracts to utilize their funds to provide for reimbursement of the costs of local organizations and entities incurred in participating in the development and operation of a local initiative.

(5) To the full extent permitted by state and federal law, these funds shall be distributed by the department for expenditure at the local level in a manner that qualifies for federal financial participation under the medicaid program.

(q) (1) Any local initiative entity that has performed unanticipated additional work for the purposes identified in subparagraph (B) of paragraph (2) of subdivision (p) resulting in additional costs attributable to the development of its local initiative health delivery system, may file a claim for reimbursement with the department for the additional costs incurred due to delays in start dates through the 1996–97 fiscal year. The claim shall be filed by the local initiative entity not later than 90 days after the effective date of the act adding this subdivision, and shall not seek extra compensation for any sum that is or could have been asserted pursuant to the contract disputes and appeals resolution provisions of the local initiative entity's respective two-plan model contract. All claims for unanticipated additional incurred costs shall be submitted with adequate supporting documentation including, but not limited to, all of the following:

(A) Invoices, receipts, job descriptions, payroll records, work plans, and other materials that identify the unanticipated additional claimed and incurred costs.

(B) Documents reflecting mitigation of costs.

(C) To the extent lost profits are included in the claim, documentation identifying those profits and the manner of calculation.

(D) Documents reflecting the anticipated start date, the actual start date, and reasons for the delay between the dates, if any.

(2) In determining any amount to be paid, the department shall do all of the following:

(A) Conduct a fiscal analysis of the local initiative entity's claimed costs.

(B) Determine the appropriate amount of payment, after taking into consideration the supporting documentation and the results of any audit.

(C) Provide funding for any such payment, as approved by the Department of Finance through the deficiency process.

(D) Complete the determination required in subparagraph (B) within six months after receipt of a local initiative entity's completed claim and supporting documentation. Prior to final determination, there shall be a review and comment period for that local initiative entity.

(E) Make reasonable efforts to obtain federal financial participation. In the event federal financial participation is not allowed for this payment, the state's payment shall be 50 percent of the total amount determined to be payable.

SEC. 68. Section 16809 of the Welfare and Institutions Code, as amended by Section 1 of Chapter 669 of the Statutes of 1998, is amended to read:

16809. (a) (1) The board of supervisors of a county which contracted with the department pursuant to Section 16709 during the 1990–91 fiscal year and any county with a population under 300,000, as determined in accordance with the 1990 decennial census, by adopting a resolution to that effect, may elect to participate in the County Medical Services Program. The County Medical Services Program shall have responsibilities for specified health services to county residents certified eligible for those services by the county.

(2) If the County Medical Services Program Governing Board contracts with the department to administer the County Medical Services Program, that contract shall include, but need not be limited to, all of the following:

(A) Provisions for the payment to participating counties for making eligibility determinations based on the formula used by the County Medical Services Program for the 1993–94 fiscal year.

(B) Provisions for payment of expenses of the County Medical Services Program Governing Board.

(C) Provisions relating to the flow of funds from counties' vehicle license fees, sales taxes, and participation fees and the procedures to be followed if a county does not pay those funds to the program.

(D) Those provisions, as applicable, contained in the 1993–94 fiscal year contract with counties under the County Medical Services Program.

(3) The contract between the department and the County Medical Services Program Governing Board shall require that the state maintain at least the level of administrative support provided to the County Medical Services Program for the 1993–94 fiscal year. The department may decline to implement decisions made by the governing board that would require a greater level of administrative support than that for the 1993–94 fiscal year. The department may implement decisions upon compensation by the governing board to cover that increased level of support.

(4) The department shall administer the County Medical Services Program pursuant to the provisions of the 1993–94 fiscal year contract with the counties and regulations relating to the administration of the program until the County Medical Services Program Governing

Board executes a contract for the administration of the County Medical Services Program and adopts regulations for that purpose.

(5) The department shall not be liable for any costs related to decisions of the County Medical Services Program Governing Board that are in excess of those set forth in the contract between the department and the County Medical Services Program Governing Board.

(b) Each county intending to participate in the County Medical Services Program pursuant to this section shall submit to the Governing Board of the County Medical Services Program a notice of intent to contract adopted by the board of supervisors no later than April 1 of the fiscal year preceding the fiscal year in which the county will participate in the County Medical Services Program.

(c) A county participating in the County Medical Services Program pursuant to this section shall not be relieved of its indigent health care obligation under Section 17000.

(d) (1) The County Medical Services Program Account is established in the County Health Services Fund. The following amounts may be deposited in the account:

(A) Any interest earned upon money deposited in the account.

(B) Moneys provided by participating counties or appropriated by the Legislature to the account.

(C) Moneys loaned pursuant to subdivision (q).

(2) The methods and procedures used to deposit funds into the account shall be consistent with the methods used by the program during the 1993–94 fiscal year.

(e) Moneys in the program account shall be used by the department, pursuant to its contract with the County Medical Services Program Governing Board, to pay for health care services provided to the persons meeting the eligibility criteria established pursuant to subdivision (j) and to pay for the expense of the governing board as set forth in the contract between the board and the department.

(f) (1) Moneys in this account shall be administered on an accrual basis and notwithstanding any other provision of law, except as provided in this section, shall not be transferred to any other fund or account in the State Treasury except for purposes of investment as provided in Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code.

(2) (A) All interest or other increment resulting from the investment shall be deposited in the program account, at the end of the 1982–83 fiscal year and every six months thereafter, notwithstanding Section 16305.7 of the Government Code.

(B) All interest deposited pursuant to subparagraph (A) shall be available to reimburse program-covered services, County Medical Services Program Governing Board expenses, or for expenditures to augment the program's rates, benefits, or eligibility criteria pursuant to subdivision (j).

(g) A separate County Medical Services Program Reserve Account is established in the County Health Services Fund. Six months after the end of each fiscal year, any projected savings in the program account shall be transferred to the reserve account, with final settlement occurring no more than 12 months later. Moneys in this account shall be utilized when expenditures for health services made pursuant to subdivision (j) for a fiscal year exceed the amount of funds available in the program account for that fiscal year. When funds in the reserve account are estimated to exceed 10 percent of the budget for health services for all counties electing to participate in the County Medical Services Program under this section for the fiscal year, the additional funds shall be available for expenditure to augment the rates, benefits, or eligibility criteria pursuant to subdivision (j) or for reducing the participation fees as determined by the County Medical Services Program Governing Board pursuant to subdivision (i). Nothing in this section shall preclude the CMSP Governing Board from establishing other reserves.

(h) Moneys in the program account and the reserve account, except for moneys provided by the state in excess of the amount required to fund the state risk specified in subdivision (j), and any funds loaned pursuant to subdivision (p) shall not be transferred to any other fund or account in the State Treasury except for purposes of investment as provided in Article 4 (commencing with Section 16470) of Chapter 3 of Part 2 of Division 4 of Title 2 of the Government Code. All interest or other increment resulting from investment shall be deposited in the program account, notwithstanding Section 16705.7 of the Government Code.

(i) (1) Counties shall pay participation fees as established by the County Medical Services Program Governing Board and their jurisdictional risk amount in a method that is consistent with that established in the 1993–94 fiscal year.

(2) A county may request, due to financial hardship, the payments under paragraph (1) be delayed. The request shall be subject to approval by the CMSP Governing Board.

(3) Payments made pursuant to this subdivision shall be deposited in the program account.

(4) Payments may be made as part of the deposits authorized by the county pursuant to Sections 17603.05 and 17604.05.

(j) (1) (A) For the 1991–92 fiscal year and all preceding fiscal years, the state shall be at risk for any costs in excess of the amounts deposited in the reserve fund.

(B) (i) Beginning in the 1992–93 fiscal year and for each fiscal year thereafter, counties and the state shall share the risk for cost increases of the County Medical Services Program not funded through other sources. The state shall be at risk for any cost that exceeds the cumulative annual growth in dedicated sales tax and vehicle license fee revenue, up to the amount of twenty million two hundred thirty-seven thousand four hundred sixty dollars

($20,237,460) per fiscal year, except for the 1999–2000 fiscal year. Counties shall be at risk up to the cumulative annual growth in the Local Revenue Fund created by Section 17600, according to the table specified in paragraph (2), to the County Medical Services Program, plus the additional cost increases in excess of twenty million two hundred thirty-seven thousand four hundred sixty dollars ($20,237,460) per fiscal year, except for the 1999–2000 fiscal year. In the 1994–95 fiscal year, the amount of the state risk shall be twenty million two hundred thirty-seven thousand four hundred sixty dollars ($20,237,460) per fiscal year, in addition to the cost of administrative support pursuant to paragraph (3) of subdivision (a).

(ii) For the 1999–2000 fiscal year, the state shall not be at risk for any cost that exceeds the cumulative annual growth in dedicated sales tax and vehicle license fee revenue. Counties shall be at risk up to the cumulative annual growth in the Local Revenue Fund created by Section 17600, according to the table specified in paragraph (2), to the County Medical Services Program, plus any additional cost increases for the 1999–2000 fiscal year.

(C) The CMSP Governing Board, after consultation with the department, shall establish uniform eligibility criteria and benefits for the County Medical Services Program.

(s) Moneys appropriated from the General Fund to meet the state risk as set forth in subparagraph (B) of paragraph (1) of subdivision (j) shall not be available for those counties electing to disenroll from the County Medical Services Program.

Within 60 days of approval of the Family Planning, Access, Care, and Treatment (Family PACT) Waiver Program, provided for pursuant to subdivision (aa) of Section 14132, the department shall seek to amend the waiver to add this expansion. The implementation of this paragraph shall be dependent upon federal approval and receipt of federal financial participation.

(1) Medi-Cal enrolled providers, as determined by the department, shall be eligible to provide family planning services under the program when these services are within their scope of practice and licensure. Those clinical providers electing to participate in the program and approved by the department shall provide the full scope of family planning education, counseling, and medical services specified for the program, either directly or by referral, consistent with standards of care issued by the department.

(2) The department shall require providers to enter into clinical agreements with the department to ensure compliance with standards and requirements to maintain the fiscal integrity of the program. All state and federal statutes and regulations pertaining to the audit or examination of Medi-Cal providers shall apply to this program.

(3) Clinical provider agreements shall be signed by the provider under penalty of perjury. The department may screen applicants at the initial application and at any reapplication pursuant to requirements developed by the department to determine provider suitability for the program.

The background check may include, but not be limited to, unannounced onsite inspection prior to enrollment, review of business records, and data searches. If discrepancies are found to exist during the preenrollment period, the department may conduct additional inspections prior to enrollment. Failure to remediate discrepancies as prescribed by the director may result in denial of the application for enrollment. Providers that do not provide services consistent with the standards of care or that do not comply with the department's rules related to the fiscal integrity of the program may be disenrolled as a provider from the program at the sole discretion of the department.

(d) The department shall not enroll any applicant that has been convicted of any felony or misdemeanor involving fraud or abuse in any government program, that has been found guilty of fraud or abuse in any civil proceeding, or that has entered into a settlement in lieu of conviction for fraud or abuse, within the previous five years. In addition, the department may deny enrollment to any applicant that, at the time of application, is under investigation. The department shall not deny enrollment to an otherwise qualified applicant whose felony or misdemeanor charges did not result in a conviction solely on the basis of the prior charges. If it is discovered that a provider is under investigation for fraud or abuse, that provider shall be subject to immediate disenrollment from the program.

(e) The program shall disenroll as a program provider any individual who, or any entity that, has a license, certificate, or other approval to provide health care, which is revoked or suspended by a federal, California, or other state's licensing, certification, or other approval authority, has otherwise lost that license, certificate, or approval, or has surrendered that license, certificate, or approval while a disciplinary hearing on the license, certificate, or approval was pending. The disenrollment shall be effective on the date the license, certificate, or approval is revoked, lost, or surrendered.

(f) Subject to Article 4 (commencing with Section 19130) of Chapter 5 of Division 5 of Title 2 of the Government Code, the department may enter into contracts to secure consultant services or information technology including, but not limited to, software, data, or analytical techniques or methodologies for the purpose of fraud or abuse detection and prevention. Contracts under this section shall be exempt from the Public Contract Code.

(g) Enrolled providers shall attend specific orientation approved by the department in comprehensive family planning services. Enrolled providers who insert IUDs or contraceptive implants shall have received prior clinical training specific to these procedures.

(h) Upon receipt of reliable evidence of fraud or willful misrepresentation by a provider under the program, the department may:

(1) Collect any State-Only Family Planning program or Family Planning Access Care and Treatment Waiver program overpayment identified through an audit or examination, or any portion thereof from any provider. Notwithstanding Section 100171 of the Health and Safety Code, a provider may appeal the collection of overpayments under this section pursuant to procedures established in Article 5.3 (commencing with Section 14170) of Part 3 of Division 9. Overpayments collected under this section shall not be returned to the provider during the pendency of any appeal and may be offset to satisfy audit or appeal findings, if the findings are against the provider. Overpayments shall be returned to a provider with interest if findings are in favor of the provider.

(2) Withhold payment for any goods or services, or any portion thereof, from any State-Only Family Planning program or Family Planning Access Care and Treatment Waiver program provider. The department shall notify the provider within five days of any withholding of payment under this section. The notice shall do all of the following:

(A) State that payments are being withheld in accordance with this paragraph and that the withholding is for a temporary period and will not continue after it is determined that there is insufficient evidence of fraud or willful misrepresentation or when legal proceedings relating to the alleged fraud or willful misrepresentation are completed.

(B) Cite the circumstances under which the withholding of the payments will be terminated.

(C) Specify, when appropriate, the type or types of claimed payments being withheld.

(D) Inform the provider of the right to submit written evidence for consideration by the department.

(3) Notwithstanding Section 100171 of the Health and Safety Code, a provider may appeal a withholding of payment under this section pursuant to Section 14043.65. Payments withheld under this section shall not be returned to the provider during the pendency of any appeal and may be offset to satisfy audit or appeal findings.

When the United States Department of Health and Human Services has declared a treatment modality not to be safe and effective, practitioners that employ that treatment modality shall be deemed not to meet professionally recognized standards of health care. This definition shall not be construed to mean that all other treatments meet professionally recognized standards of care.

(6) "Unnecessary or substandard items or services" means those that are either of the following:

(A) Substantially in excess of the provider's usual charges or costs for the items or services.

(B) Furnished, or caused to be furnished, to patients, whether or not covered by Medicare, medicaid, or any of the state health care programs to which the definitions of applicant and provider apply,

The expansion shall be accomplished by establishing new sites, increasing numbers of clients served in existing sites, or by expanding the number of sites to include additional geographic regions of the state.

SEC. 9. Section 10609.4 is added to the Welfare and Institutions Code, to read:

(A) Enabling participants to seek a high school diploma or its equivalent or to take part in appropriate vocational training, and providing job readiness training and placement services, or building work experience and marketable skills, or both.

SEC. 11. Section 11364 is added to the Welfare and Institutions Code, to read:

11364. Notwithstanding subdivision (a) of Section 11450, the rate paid on behalf of children eligible for a Kin-GAP payment shall equal 100 percent of the rate for children placed in a licensed or approved

home as specified in subdivisions (a) to (d), inclusive, of Section 11461.

SEC. 12. Section 11369 of the Welfare and Institutions Code is repealed.

SEC. 13. Section 11369 is added to the Welfare and Institutions Code, to read:

11369. (a) Notwithstanding the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, through June 30, 2000, the department may implement the applicable provisions of the Kin-GAP Program through all county letters or similar instructions from the director.

(b) The director shall adopt regulations as otherwise necessary, to implement the applicable provisions of the Kin-GAP Program no later than July 1, 2000. Emergency regulations to implement the applicable provisions of this act may be adopted by the director in accordance with the Administrative Procedure Act. The initial adoption of the emergency regulations and one readoption of the initial regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health, safety or general welfare. Initial emergency regulations and the first readoption of those emergency regulations shall be exempt from review by the Office of Administrative Law. The emergency regulations authorized by this section shall be submitted to the Office of Administrative Law for filing with the Secretary of State and shall remain in effect for no more than 180 days.

SEC. 14. Section 11370 of the Welfare and Institutions Code is amended to read:

11370. The provisions of this article shall become operative on January 1, 2000.

SEC. 15. Section 11371 is added to the Welfare and Institutions Code, to read:

11371. Income to the child, including the Kin-GAP payment, shall not be considered income to the kinship guardian for purposes of determining the kinship guardian's eligibility for any other aid program, unless required by federal law as a condition of the receipt of federal financial participation.

SEC. 16. Section 11372 is added to the Welfare and Institutions Code, to read:

11372. Notwithstanding any other provision of state law, the department shall have the authority to exempt children in receipt of Kin-GAP benefits from any Cal-WORKs requirement that the department deems necessary so long as the exemption would not jeopardize federal financial participation in the payment. Any exemptions exercised pursuant to this section shall be implemented in accordance with Section 11369.

SEC. 17. Section 11373 is added to the Welfare and Institutions Code, to read:

11373. Two years after the implementation date of this article, and again five years after the implementation date of this article, the department shall report to the Legislature information on the outcomes of the Kin-GAP Program, with the report to include all of the following:

(a) The number and characteristics of the children who exited the child welfare system to the Kin-GAP Program.

(2) The numbers and types of disruptions to the Kin-GAP Program, including subsequent substantiated child abuse reports, child welfare services, and cases where children return to foster care.

(3) Rates of Kin-GAP exits from foster care compared to relative adoption and return to parents.

SEC. 18. Section 11450 of the Welfare and Institutions Code is amended to read:

11450. (a) (1) Aid shall be paid for each needy family, which shall include all eligible brothers and sisters of each eligible applicant or recipient child and the parents of the children, but shall not include unborn children, or recipients of aid under Chapter 3 (commencing with Section 12000), qualified for aid under this chapter. In determining the amount of aid paid, and notwithstanding the minimum basic standards of adequate care specified in Section 11452, the family's income, exclusive of any amounts considered exempt as income or paid pursuant to subdivision (e) or Section 11453.1 shall be deducted from the sum specified in the following table, as adjusted for cost-of-living increases pursuant to Section 11453 and paragraph (2). In no case shall the amount of aid paid for each month exceed the sum specified in the following table, as adjusted for cost-of-living increases pursuant to Section 11453 and paragraph (2), plus any special needs, as specified in subdivisions (c), (e), and (f):

Number of eligible needy persons in the same home	Maximum aid
1	$ 326
2	535
3	663
4	788
5	899
6	1,010
7	1,109
8	1,209
9	1,306
10 or more	1,403

If, when, and during such times as the United States government increases or decreases its contributions in assistance of needy children in this state above or below the amount paid on July 1, 1972, the amounts specified in the above table shall be increased or decreased by an amount equal to that increase or decrease by the United States government, provided that no increase or decrease shall be subject to subsequent adjustment pursuant to Section 11453.

(2) The sums specified in paragraph (1) shall not be adjusted for cost of living for the 1990–91, 1991–92, 1992–93, 1993–94, 1994–95, 1995–96, 1996–97, and 1997–98 fiscal years, and through October 31, 1998, nor shall that amount be included in the base for calculating any cost-of-living increases for any fiscal year thereafter. Elimination of the cost-of-living adjustment pursuant to this paragraph shall satisfy the requirements of Section 11453.05, and no further reduction shall be made pursuant to that section.

(b) When the family does not include a needy child qualified for aid under this chapter, aid shall be paid to a pregnant mother for the month in which the birth is anticipated and for the three-month period immediately prior to the month in which the birth is anticipated in the amount which would otherwise be paid to one person, as specified in subdivision (a), if the mother, and child if born, would have qualified for aid under this chapter. Verification of pregnancy shall be required as a condition of eligibility for aid under this subdivision. Aid shall also be paid to a pregnant woman with no other children in the amount which would otherwise be paid to one person under subdivision (a) at any time after verification of pregnancy if the pregnant woman is also eligible for the Cal-Learn Program described in Article 3.5 (commencing with Section 11331) and if the mother and child, if born, would have qualified for aid under this chapter.

(c) The amount of forty-seven dollars ($47) per month shall be paid to pregnant mothers qualified for aid under subdivision (a) or (b) to meet special needs resulting from pregnancy if the mother, and child, if born, would have qualified for aid under this chapter. County welfare departments shall refer all recipients of aid under this subdivision to a local provider of the Women, Infants and Children program. If that payment to pregnant mothers qualified for aid under subdivision (a) is considered income under federal law in the first five months of pregnancy, payments under this subdivision shall not apply to persons eligible under subdivision (a), except for the month in which birth is anticipated and for the three-month period immediately prior to the month in which delivery is anticipated, if the mother, and the child if born, would have qualified for aid under this chapter.

(d) For children receiving AFDC-FC under this chapter, there shall be paid, exclusive of any amount considered exempt as income, an amount of aid each month which, when added to the child's income, is equal to the rate specified in Section 11460, 11461, 11462,

11462.1, or 11463. In addition, the child shall be eligible for special needs, as specified in departmental regulations.

(e) In addition to the amounts payable under subdivision (a) and Section 11453.1, a family shall be entitled to receive an allowance for recurring special needs not common to a majority of recipients. These recurring special needs shall include, but not be limited to, special diets upon the recommendation of a physician for circumstances other than pregnancy, and unusual costs of transportation, laundry, housekeeping service, telephone, and utilities. The recurring special needs allowance for each family per month shall not exceed that amount resulting from multiplying the sum of ten dollars ($10) by the number of recipients in the family who are eligible for assistance.

(f) After a family has used all available liquid resources, both exempt and nonexempt, in excess of one hundred dollars ($100), the family shall also be entitled to receive an allowance for nonrecurring special needs.

(1) An allowance for nonrecurring special needs shall be granted for replacement of clothing and household equipment and for emergency housing needs other than those needs addressed by paragraph (2). These needs shall be caused by sudden and unusual circumstances beyond the control of the needy family. The department shall establish the allowance for each of the nonrecurring special need items. The sum of all nonrecurring special needs provided by this subdivision shall not exceed six hundred dollars ($600) per event.

(2) Homeless assistance is available to a homeless family seeking shelter when the family is eligible for aid under this chapter. Homeless assistance for temporary shelter is also available to homeless families which are apparently eligible for aid under this chapter. Apparent eligibility exists when evidence presented by the applicant or which is otherwise available to the county welfare department and the information provided on the application documents indicate that there would be eligibility for aid under this chapter if the evidence and information were verified. However, an alien applicant who does not provide verification of his or her eligible alien status, or a woman with no eligible children who does not provide medical verification of pregnancy, is not apparently eligible for purposes of this section.

A family is considered homeless, for the purpose of this section, when the family lacks a fixed and regular nighttime residence; or the family has a primary nighttime residence that is a supervised publicly or privately operated shelter designed to provide temporary living accommodations; or the family is residing in a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings.

(A) (i) A nonrecurring special need of forty dollars ($40) a day shall be available to families for the costs of temporary shelter, subject

to the requirements of this paragraph. County welfare departments may increase the daily amount available for temporary shelter to large families as necessary to secure the additional bed space needed by the family.

(ii) This special need shall be granted or denied immediately upon the family's application for homeless assistance, and benefits shall be available for up to three working days. The county welfare department shall verify the family's homelessness within the first three working days and if the family meets the criteria of questionable homelessness established by the department, the county welfare department shall refer the family to its early fraud prevention and detection unit, if the county has such a unit, for assistance in the verification of homelessness within this period.

(iii) After homelessness has been verified, the three-day limit shall be extended for a period of time which, when added to the initial benefits provided, does not exceed a total of 16 calendar days. This extension of benefits shall be done in increments of one week and shall be based upon searching for permanent housing which shall be documented on a housing search form; good cause; or other circumstances defined by the department. Documentation of housing search shall be required for the initial extension of benefits beyond the three-day limit and on a weekly basis thereafter as long as the family is receiving temporary shelter benefits. Good cause shall include, but is not limited to, situations in which the county welfare department has determined that the family, to the extent it is capable, has made a good faith but unsuccessful effort to secure permanent housing while receiving temporary shelter benefits.

(B) A nonrecurring special need for permanent housing assistance is available to pay for last month's rent and security deposits when these payments are reasonable conditions of securing a residence.

The last month's rent portion of the payment (1) shall not exceed 80 percent of the family's maximum aid payment without special needs for a family of that size and (2) shall only be made to families that have found permanent housing costing no more than 80 percent of the family's maximum aid payment without special needs for a family of that size, in accordance with the maximum aid schedule specified in subdivision (a).

However, if the county welfare department determines that a family intends to reside with individuals who will be sharing housing costs, the county welfare department shall, in appropriate circumstances, set aside the condition specified in clause (2) of the preceding paragraph.

(C) The nonrecurring special need for permanent housing assistance is also available to cover the standard costs of deposits for utilities which are necessary for the health and safety of the family.

(D) A payment for or denial of permanent housing assistance shall be issued no later than one working day from the time that a family

presents evidence of the availability of permanent housing. If an applicant family provides evidence of the availability of permanent housing before the county welfare department has established eligibility for aid under this chapter, the county welfare department shall complete the eligibility determination so that the denial of or payment for permanent housing assistance is issued within one working day from the submission of evidence of the availability of permanent housing, unless the family has failed to provide all of the verification necessary to establish eligibility for aid under this chapter.

(E) (i) Except as provided in clauses (ii) and (iii), eligibility for the temporary shelter assistance and the permanent housing assistance pursuant to this paragraph shall be limited to one period of up to 16 consecutive calendar days of temporary assistance and one payment of permanent assistance. Any family that includes a parent or nonparent caretaker relative living in the home who has previously received temporary or permanent homeless assistance at any time on behalf of an eligible child shall not be eligible for further homeless assistance. Any person who applies for homeless assistance benefits shall be informed that the temporary shelter benefit of up to 16 consecutive days is available only once in a lifetime, with certain exceptions, and that a break in the consecutive use of the benefit constitutes permanent exhaustion of the temporary benefit.

(ii) A family that becomes homeless as a direct and primary result of a state or federally declared natural disaster shall be eligible for temporary and permanent homeless assistance.

(iii) A family shall be eligible for temporary and permanent homeless assistance when homelessness is a direct result of domestic violence by a spouse, partner, or roommate; physical or mental illness that is medically verified that shall not include a diagnosis of alcoholism, drug addiction, or psychological stress; or, the uninhabitability of the former residence caused by sudden and unusual circumstances beyond the control of the family including natural catastrophe, fire, or condemnation. These circumstances shall be verified by a third-party governmental or private health and human services agency and homeless assistance payments based on these specific circumstances may not be received more often than once in any 12-month period. A county may require that a recipient of homeless assistance benefits who qualifies under this paragraph for a second time in a 24-month period participate in a homelessness avoidance case plan as a condition of eligibility for homeless assistance benefits.

(iv) The county welfare department shall report to the department through a statewide homeless assistance payment indicator system, necessary data, as requested by the department, regarding all recipients of aid under this paragraph.

(F) The county welfare departments, and all other entities participating in the costs of the AFDC program, have the right in

their share to any refunds resulting from payment of the permanent housing. However, if an emergency requires the family to move within the 12-month period specified in subparagraph (E), the family shall be allowed to use any refunds received from its deposits to meet the costs of moving to another residence.

(G) Payments to providers for temporary shelter and permanent housing and utilities shall be made on behalf of families requesting these payments.

(H) The daily amount for the temporary shelter special need for homeless assistance may be increased if authorized by the current year's Budget Act by specifying a different daily allowance and appropriating the funds therefor.

(I) No payment shall be made pursuant to this paragraph unless the provider of housing is a commercial establishment, shelter, or person in the business of renting properties who has a history of renting properties.

(g) The department shall establish rules and regulations assuring the uniform application statewide of this subdivision.

(h) The department shall notify all applicants and recipients of aid through the standardized application form that these benefits are available and shall provide an opportunity for recipients to apply for the funds quickly and efficiently.

(i) Except for the purposes of Section 15200, the amounts payable to recipients pursuant to Section 11453.1 shall not constitute part of the payment schedule set forth in subdivision (a).

The amounts payable to recipients pursuant to Section 11453.1 shall not constitute income to recipients of aid under this section.

(j) For children receiving Kin-GAP pursuant to Article 4.5 (commencing with Section 11360) of Chapter 2, there shall be paid, exclusive of any amount considered exempt as income, an amount of aid each month, which, when added to the child's income, is equal to the rate specified in Section 11364.

SEC. 19. Section 11450.16 of the Welfare and Institutions Code is amended to read:

11450.16. (a) For purposes of determining eligibility under this chapter, and for computing the amount of aid payment under Section 11450, families shall be grouped into assistance units.

(b) Every assistance unit shall include at least one of the following persons:

(1) One of each of the following:

(A) An eligible child.

(B) The caretaker relative of an otherwise eligible child who is not receiving aid under Section 11250 because that child is receiving benefits under Title XVI of the Social Security Act (Subchapter 16 (commencing with Section 1381), of Chapter 7 of Title 42 of the United States Code), or Kin-GAP payments under Section 11364, or foster care payments under Section 11461.

(2) A pregnant woman who is eligible for payments under subdivision (c) of Section 11450.

(c) Every assistance unit shall, in addition to the requirements of subdivision (b), include the eligible parents of the eligible child and the eligible siblings, including half-siblings, of the eligible child when those persons reside in the same home as the eligible child. This subdivision shall not apply to any convicted offender who is permitted to reside at the home of the eligible child as part of a court-imposed sentence and who is considered an absent parent under Section 11250.

(d) An assistance unit may, at the option of the family comprising the assistance unit, also include the nonparent caretaker relative of the eligible child, the spouse of the parent of the eligible child, otherwise eligible nonsibling children in the care of the caretaker relative of the eligible child, and the alternatively sentenced offender parent exempted under subdivision (c).

(e) If two or more assistance units reside in the same home, they shall be combined into one assistance unit when any of the following circumstances occur:

(1) There is a common caretaker relative for the eligible children.

(2) One caretaker relative marries another caretaker relative.

(3) Two caretaker relatives are the parents of an eligible child.

(f) For purposes of this section, "caretaker relative" means the parent or other relative, as defined by regulations adopted by the department, who exercises responsibility and control of a child.

SEC. 20. Section 11461 of the Welfare and Institutions Code is amended to read:

11461. (a) For children placed in a licensed or approved family home with a capacity of six or less, or in an approved home of a relative or nonrelated legal guardian, the per child per month rates in the following schedule shall be in effect for the period July 1, 1989, through December 31, 1989:

Age	Basic rate
0–4	$ 294
5–8	319
9–11	340
12–14	378
15–20	412

(b) (1) Any county that, as of October 1, 1989, has in effect a basic rate that is at the levels set forth in the schedule in subdivision (a), shall continue to receive state participation, as specified in subdivision (c) of Section 15200, at these levels.

(2) Any county that, as of October 1, 1989, has in effect a basic rate that exceeds a level set forth in the schedule in subdivision (a), shall

continue to receive the same level of state participation as it received on October 1, 1989.

(c) The amounts in the schedule of basic rates in subdivision (a) shall be adjusted as follows:

(1) Effective January 1, 1990, the amounts in the schedule of basic rates in subdivision (a) shall be increased by 12 percent.

(2) Effective May 1, 1990, any county that did not increase the basic rate by 12 percent on January 1, 1990, shall do both of the following:

(A) Increase the basic rate in effect December 31, 1989, for which state participation is received by 12 percent.

(B) Increase the basic rate, as adjusted pursuant to subparagraph (A) by an additional 5 percent.

(3) (A) Except as provided in subparagraph (B), effective July 1, 1990, for the 1990–91 fiscal year, the amounts in the schedule of basic rates in subdivision (a) shall be increased by an additional 5 percent.

(B) The rate increase required by subparagraph (A) shall not be applied to rates increased May 1, 1990, pursuant to paragraph (2).

(4) Effective July 1, 1998, the amounts in the schedule of basic rates in subdivision (a) shall be increased by 6 percent. Notwithstanding any other provision of law, the 6-percent increase provided for in this paragraph shall, retroactive to July 1, 1998, apply to every county, including any county to which paragraph (2) of subdivision (b) applies, and shall apply to foster care for every age group.

(5) Notwithstanding any other provision of law, any increase that takes effect after July 1, 1998, shall apply to every county, including any county to which paragraph (2) of subdivision (b) applies, and shall apply to foster care for every age group.

(6) The increase in the basic foster family home rate shall apply only to children placed in a licensed foster family home receiving the basic rate or in an approved home of a relative or nonrelated legal guardian receiving the basic rate. The increased rate shall not be used to compute the monthly amount that may be paid to licensed foster family agencies for the placement of children in certified foster homes.

(d) (1) (A) Beginning with the 1991–92 fiscal year, the schedule of basic rates in subdivision (a) shall be adjusted by the percentage changes in the California Necessities Index, computed pursuant to the methodology described in Section 11453, subject to the availability of funds.

(B) In addition to the adjustment in subparagraph (A) effective January 1, 2000, the schedule of basic rates in subdivision (a) shall be increased by 2.36 percent rounded to the nearest dollar.

(2) (A) Any county that, as of the 1991–92 fiscal year, receives state participation for a basic rate that exceeds the amount set forth in the schedule of basic rates in subdivision (a) shall receive an increase each year in state participation for that basic rate of one-half

of the percentage adjustments specified in paragraph (1) until the difference between the county's adjusted state participation level for its basic rate and the adjusted schedule of basic rates is eliminated.

(B) Notwithstanding subparagraph (A), all counties for the 1999–2000 fiscal year shall receive an increase in state participation for the basic rate of the entire percentage adjustment described in paragraph (1).

(3) If a county has, after receiving the adjustments specified in paragraph (2), a state participation level for a basic rate that is below the amount set forth in the adjusted schedule of basic rates for that fiscal year, the state participation level for that rate shall be further increased to the amount specified in the adjusted schedule of basic rates.

(e) (1) As used in this section, "specialized care increment" means an approved amount paid with state participation on behalf of an AFDC-FC child requiring specialized care to a home listed in subdivision (a) in addition to the basic rate. On the effective date of this section, the department shall continue and maintain the current ratesetting system for specialized care.

(2) Any county that, as of the effective date of this section, has in effect specialized care increments that have been approved by the department, shall continue to receive state participation for those payments.

(3) Any county that, as of the effective date of this section, has in effect specialized care increments that exceed the amounts that have been approved by the department, shall continue to receive the same level of state participation as it received on the effective date of this section.

(4) (A) Except for subparagraph (B), beginning January 1, 1990, specialized care increments shall be adjusted in accordance with the methodology for the schedule of basic rates described in subdivision (c). No county shall receive state participation for any increases in a specialized care increment which exceeds the adjustments made in accordance with this methodology.

(B) Notwithstanding subdivision (e) of Section 11460, for the 1993–94 fiscal year, an amount equal to 5 percent of the State Treasury appropriation for family homes shall be added to the total augmentation for the AFDC-FC program in order to provide incentives and assistance to counties in the area of specialized care. This appropriation shall be used, but not limited to, encouraging counties to implement or expand specialized care payment systems, to recruit and train foster parents for the placement of children with specialized care needs, and to develop county systems to encourage the placement of children in family homes. It is the intent of the Legislature that in the use of these funds, federal financial participation shall be claimed whenever possible.

(f) (1) As used in this section, "clothing allowance" means the amount paid with state participation in addition to the basic rate for

the provision of additional clothing for an AFDC-FC child, including, but not limited to, an initial supply of clothing and school or other uniforms.

(2) Any county that, as of the effective date of this section, has in effect clothing allowances, shall continue to receive the same level as it received on the effective date of this section.

(3) Beginning January 1, 1990, clothing allowances shall be adjusted annually in accordance with the methodology for the schedule of basic rates described in subdivision (c). No county shall be reimbursed for any increases in clothing allowances which exceed the adjustments made in accordance with this methodology.

SEC. 21. Section 11462 of the Welfare and Institutions Code is amended to read:

11462. (a) (1) Effective July 1, 1990, foster care providers licensed as group homes, as defined in departmental regulations, including public child care institutions, as defined in Section 11402.5, shall have rates established by classifying each group home program and applying the standardized schedule of rates. The department shall collect information from group providers beginning January 1, 1990, in order to classify each group home program.

(2) Notwithstanding paragraph (1), foster care providers licensed as group homes shall have rates established only if the group home is organized and operated on a nonprofit basis as required under subdivision (h) of Section 11400. The department shall terminate the rate effective January 1, 1993, of any group home not organized and operated on a nonprofit basis as required under subdivision (h) of Section 11400.

(b) A group home program shall be initially classified, for purposes of emergency regulations, according to the level of care and services to be provided using a point system developed by the department and described in the report, "The Classification of Group Home Programs under the Standardized Schedule of Rates System," prepared by the State Department of Social Services, August 30, 1989.

(c) The rate for each rate classification level (RCL) has been determined by the department with data from the AFDC-FC Group Home Rate Classification Pilot Study. The rates effective July 1, 1990, were developed using 1985 calendar year costs and reflect adjustments to the costs for each fiscal year, starting with the 1986–87 fiscal year, by the amount of the California Necessities Index computed pursuant to the methodology described in Section 11453. The data obtained by the department using 1985 calendar year costs shall be updated and revised by January 1, 1993.

(d) As used in this section, "standardized schedule of rates" means a listing of the 14 rate classification levels, and the single rate established for each RCL.

(e) Except as specified in paragraph (1), the department shall determine the RCL for each group home program on a prospective basis, according to the level of care and services that the group home

operator projects will be provided during the period of time for which the rate is being established.

(1) (A) For new and existing providers requesting the establishment of an RCL, and for existing group home programs requesting an RCL increase, the department shall determine the RCL no later than 13 months after the effective date of the provisional rate. The determination of the RCL shall be based on a program audit of documentation and other information that verifies the level of care and supervision provided by the group home program during a period of the two full calendar months or 60 consecutive days, whichever is longer, preceding the date of the program audit, unless the group home program requests a lower RCL. The program audit shall not cover the first six months of operation under the provisional rate. Pending the department's issuance of the program audit report that determines the RCL for the group home program, the group home program shall be eligible to receive a provisional rate that shall be based on the level of care and service that the group home program proposes it will provide. The group home program shall be eligible to receive only the RCL determined by the department during the pendency of any appeal of the department's RCL determination.

(B) A group home program may apply for an increase in its RCL no earlier than two years from the date the department has determined the group home program's rate, unless the host county, the primary placing county, or a regional consortium of counties submits to the department in writing that the program is needed in that county, that the provider is capable of effectively and efficiently operating the proposed program, and that the provider is willing and able to accept AFDC-FC children for placement who are determined by the placing agency to need the level of care and services that will be provided by the program.

(C) To ensure efficient administration of the department's audit responsibilities, and to avoid the fraudulent creation of records, group home programs shall make records that are relevant to the RCL determination available to the department in a timely manner. Except as provided in this section, the department may refuse to consider, for purposes of determining the rate, any documents that are relevant to the determination of the RCL that are not made available by the group home provider by the date the group home provider requests a hearing on the department's RCL determination. The department may refuse to consider for purposes of determining the rate, the following records, unless the group home provider makes the records available to the department during the field work portion of the department's program audit:

(i) Records of each employee's full name, home address, occupation, and social security number.

(ii) Time records showing when the employee begins and ends each work period, meal periods, split shift intervals, and total daily hours worked.

(iii) Total wages paid each payroll period.

(iv) Records required to be maintained by licensed group home providers under the provisions of Title 22 of the California Code of Regulations that are relevant to the RCL determination.

(D) To minimize financial abuse in the startup of group home programs, when the department's RCL determination is more than three levels lower than the RCL level proposed by the group home provider, and the group home provider does not appeal the department's RCL determination, the department shall terminate the rate of a group home program 45 days after issuance of its program audit report. When the group home provider requests a hearing on the department's RCL determination, and the RCL determined by the director under subparagraph (E) is more than three levels lower than the RCL level proposed by the group home provider, the department shall terminate the rate of a group home program within 30 days of issuance of the director's decision. Notwithstanding the reapplication provisions in subparagraph (B), the department shall deny any request for a new or increased RCL from a group home provider whose RCL is terminated pursuant to this subparagraph, for a period of no greater than two years from the effective date of the RCL termination.

(E) A group home provider may request a hearing of the department's RCL determination under subparagraph (A) no later than 30 days after the date the department issues its RCL determination. The department's RCL determination shall be final if the group home provider does not request a hearing within the prescribed time. Within 60 days of receipt of the request for hearing, the department shall conduct a hearing on the RCL determination. The standard of proof shall be the preponderance of the evidence and the burden of proof shall be on the department. The hearing officer shall issue the proposed decision within 45 days of the close of the evidentiary record. The director shall adopt, reject, or modify the proposed decision, or refer the matter back to the hearing officer for additional evidence or findings within 100 days of issuance of the proposed decision. If the director takes no action on the proposed decision within the prescribed time, the proposed decision shall take effect by operation of law.

(2) Group home programs that fail to maintain at least the level of care and services associated with the RCL upon which their rate was established shall inform the department. The department shall develop regulations specifying procedures to be applied when a group home fails to maintain the level of services projected, including, but not limited to, rate reduction and recovery of overpayments.

(3) The department shall not reduce the rate, establish an overpayment, or take other actions pursuant to paragraph (2) for any period that a group home program maintains the level of care and services associated with the RCL for children actually residing in the facility. Determinations of levels of care and services shall be made in the same way as modifications of overpayments are made pursuant to paragraph (2) of subdivision (b) of Section 11466.2.

(4) A group home program that substantially changes its staffing pattern from that reported in the group home program statement shall provide notification of this change to all counties that have placed children currently in care. This notification shall be provided whether or not the RCL for the program may change as a result of the change in staffing pattern.

(f) The standardized schedule of rates for fiscal year 1998–99 is:

Rate Classification Level	Point Ranges	FY 1998-99 Standard Rate

13	390-419	5,003
14	420 & Up	5,314

(g) (1) (A) For the 1999–2000 fiscal year, the standardized rate for each RCL shall be adjusted by an amount equal to the California Necessities Index computed pursuant to the methodology described in Section 11453. The resultant amounts shall constitute the new standardized schedule of rates, subject to further adjustment pursuant to subparagraph (B).

(B) In addition to the adjustment in subparagraph (A), commencing January 1, 2000, the standardized rate for each RCL shall be increased by 2.36 percent, rounded to the nearest dollar. The resultant amounts shall constitute the new standardized schedule of rates.

(2) Beginning with the 2000–01 fiscal year, the standardized schedule of rates shall be adjusted annually by an amount equal to the CNI computed pursuant to Section 11453, subject to the availability of funds. The resultant amounts shall constitute the new standardized schedule of rates.

(h) The standardized schedule of rates pursuant to subdivisions (f) and (g) shall be implemented as follows:

(1) Any group home program which received an AFDC-FC rate in the prior fiscal year at or above the standard rate for the RCL in the current fiscal year shall continue to receive that rate.

(2) Any group home program which received an AFDC-FC rate in the prior fiscal year below the standard rate for the RCL in the current fiscal year shall receive the RCL rate for the current year.

(i) (1) The department shall not establish a rate for a new program of a new or existing provider unless the provider submits a recommendation from the host county, the primary placing county, or a regional consortium of counties that the program is needed in that county; that the provider is capable of effectively and efficiently operating the program; and that the provider is willing and able to accept AFDC-FC children for placement who are determined by the placing agency to need the level of care and services that will be provided by the program.

(2) The department shall encourage the establishment of consortia of county placing agencies on a regional basis for the purpose of making decisions and recommendations about the need for, and use of, group home programs and other foster care providers within the regions.

(3) The department shall annually conduct a county-by-county survey to determine the unmet placement needs of children placed pursuant to Section 300 and Section 601 or 602, and shall publish its findings by November 1 of each year.

(j) The department shall develop regulations specifying ratesetting procedures for program expansions, reductions, or modifications, including increases or decreases in licensed capacity, or increases or decreases in level of care or services.

(k) (1) For the purpose of this subdivision, "program change" means any alteration to an existing group home program planned by a provider that will increase the RCL or AFDC-FC rate. An increase in the licensed capacity or other alteration to an existing group home program that does not increase the RCL or AFDC-FC rate shall not constitute a program change.

(2) For the 1998–99 and 1999–2000 fiscal years, the rate for a group home program shall not increase, as the result of a program change, from the rate established for the program effective July 1, 1999, and as adjusted pursuant to subparagraph (B) of paragraph (1) of subdivision (g), except as provided in paragraph (3).

(3) (A) For the 1998–99 and 1999–2000 fiscal years, the department shall not establish a rate for a new program of a new or

existing provider or approve a program change for an existing provider that either increases the program's RCL or AFDC-FC rate, or increases the licensed capacity of the program as a result of decreases in another program with a lower RCL or lower AFDC-FC rate that is operated by that provider, unless both of the conditions specified in this paragraph are met.

(i) The licensee obtains a letter of recommendation from the host county, primary placing county, or regional consortium of counties regarding the proposed program change or new program.

(ii) The county determines that there is no increased cost to the General Fund.

(B) Notwithstanding subparagraph (A), the department may grant a request for a new program or program change, not to exceed 25 beds, statewide, if (i) the licensee obtains a letter of recommendation from the host county, primary placing county, or regional consortium of counties regarding the proposed program change or new program, and (ii) the new program or program change will result in a reduction of referrals to state hospitals during the 1998–99 fiscal year.

(*l*) General unrestricted or undesignated private charitable donations and contributions made to charitable or nonprofit organizations shall not be deducted from the cost of providing services pursuant to this section. The donations and contributions shall not be considered in any determination of maximum expenditures made by the department.

(m) The department shall, by October 1 each year, commencing October 1, 1992, provide the Joint Legislative Budget Committee with a list of any new departmental requirements established during the previous fiscal year concerning the operation of group homes, and of any unusual, industrywide increase in costs associated with the provision of group care which may have significant fiscal impact on providers of group homes care. The committee may, in fiscal year 1993–94 and beyond, use the list to determine whether an appropriation for rate adjustments is needed in the subsequent fiscal year.

SEC. 22. Section 11463 of the Welfare and Institutions Code is amended to read:

11463. (a) The department, with the advice, assistance, and cooperation of the counties and foster care providers, shall develop, implement, and maintain a ratesetting system for foster family agencies.

No county shall be reimbursed for any percentage increases in payments, made on behalf of AFDC-FC funded children who are placed with foster family agencies, which exceed the percentage cost-of-living increase provided in any fiscal year beginning on January 1, 1990, as specified in subdivision (c) of Section 11461.

(b) The department shall develop regulations specifying the purposes, types, and services of foster family agencies, including the

use of those agencies for the provision of emergency shelter care. Distinction for ratesetting purposes shall be drawn between foster family agencies which provide treatment of children in foster families and those which provide nontreatment services.

(c) The department shall develop and maintain regulations specifying the procedure for the appeal of department decisions about the setting of an agency's rate.

(d) On and after July 1, 1998, the schedule of rates, and the components used in the rate calculations specified in the department's regulations, for foster family agencies shall be increased by 6 percent, rounded to the nearest dollar. The resultant amounts shall constitute the new schedule of rates for foster family agencies.

(e) (1) On and after July 1, 1999, the schedule of rates and the components used in the rate calculations specified in the department's regulations for foster family agencies shall be adjusted by an amount equal to the California Necessities Index computed pursuant to Section 11453, rounded to the nearest dollar. The resultant amounts shall constitute the new schedule of rates for foster family agencies, subject to further adjustment pursuant to paragraph (2).

(2) In addition to the adjustment specified in paragraph (1), commencing January 1, 2000, the schedule of rates and the components used in the rate calculations specified in the department's regulations for foster family agencies shall be increased by 2.36 percent, rounded to the nearest dollar. The resultant amounts shall constitute the new schedule of rates for foster family agencies.

(f) For the 1999–2000 fiscal year, foster family agency rates that are not determined by the schedule of rates set forth in the department's regulations, shall be increased by the same percentage as provided in subdivision (e).

SEC. 23. Section 11465 of the Welfare and Institutions Code is amended to read:

11465. (a) When a child is living with a parent who receives AFDC-FC or Kin-GAP benefits, the rate paid to the provider on behalf of the parent shall include an amount for care and supervision of the child.

(b) For each category of eligible licensed community care facility, as defined in Section 1502 of the Health and Safety Code, the department shall adopt regulations setting forth a uniform rate to cover the cost of care and supervision of the child in each category of eligible licensed community care facility.

(c) (1) On and after July 1, 1998, the uniform rate to cover the cost of care and supervision of a child pursuant to this section shall be increased by 6 percent, rounded to the nearest dollar. The resultant amounts shall constitute the new uniform rate.

(2) (A) On and after July 1, 1999, the uniform rate to cover the cost of care and supervision of a child pursuant to this section shall

be adjusted by an amount equal to the California Necessities Index computed pursuant to Section 11453, rounded to the nearest dollar. The resultant amounts shall constitute the new uniform rate, subject to further adjustment pursuant to paragraph (B).

(B) In addition to the adjustment specified in subparagraph (A), on and after January 1, 2000, the uniform rate to cover the cost of care and supervision of a child pursuant to this section shall be increased by 2.36 percent, rounded to the nearest dollar. The resultant amounts shall constitute the new uniform rate.

(3) Subject to the availability of funds, for the 2000–01 fiscal year and annually thereafter, these rates shall be adjusted for cost of living pursuant to procedures in Section 11453.

SEC. 24. Section 12200.018 of the Welfare and Institutions Code is repealed.

SEC. 32. Section 14132.90 of the Welfare and Institutions Code is amended to read:

14132.90. (a) As of September 15, 1995, day care habilitative services, pursuant to subdivision (c) of Section 14021 shall be provided only to alcohol and drug exposed pregnant women and women in the postpartum period, or as required by federal law.

(b) (1) Notwithstanding any other provision of law, except to the extent required by federal law, if, as of May 15, 2000, the projected costs for the 1999–2000 fiscal year for outpatient drug abuse services, as described in Section 14021, exceed forty-five million dollars ($45,000,000) in state General Fund moneys, then the outpatient drug free services, as defined in Section 51341.1 of Title 22 of the California Code of Regulations, shall not be a benefit under this chapter as of July 1, 2000. The Department of Alcohol and Drug Programs shall report to the Legislature, no later than January 1, 2000, on the impact of the provisions specified in this paragraph on client access to outpatient drug abuse services.

(2) Notwithstanding paragraph (1), narcotic replacement therapy and Naltrexone shall remain benefits under this chapter.

(3) Notwithstanding paragraph (1), residential care, outpatient drug free services, and day care habilitative services, for alcohol and drug exposed pregnant women and women in the postpartum period shall remain benefits under this chapter.

(c) Expenditures for services purchased at the direction of county welfare departments on behalf of CalWORKs recipients shall not be included in the computation of costs for subdivision (b).

(d) For the 1999–2000 fiscal year and each fiscal year thereafter, there shall be separate annual fiscal year General Fund appropriations for drug Medi-Cal perinatal services (Item 4200-104-0001 of the Budget Act), drug Medi-Cal nonperinatal services (Item 4200-103-0001 of the Budget Act), nondrug Medi-Cal perinatal services (Item 4200-102-0001 of the Budget Act), and nondrug Medi-Cal nonperinatal services (Item 4200-101-0001 of the Budget Act).

(e) Notwithstanding any other provision of law, the State Department of Alcohol and Drug Programs shall maintain a contingency reserve of the reappropriated General Fund moneys for the purpose of drug Medi-Cal program expenditures.

(f) Unexpended General Fund moneys appropriated for the drug Medi-Cal program may be transferred for use as nondrug Medi-Cal county expenditures in the current or budget years. Unexpended General Fund moneys shall not be transferred from nondrug Medi-Cal to the drug Medi-Cal program for purposes of providing matching funds for federal financial participation.

SEC. 34. Section 15200.81 of the Welfare and Institutions Code is amended to read:

15200.81. (a) For the 1998–99 fiscal year the department shall pay to each county a child support incentive payment. Every county shall receive the federal child support incentive. A county shall receive the state child support incentive if it elects to do both of the following:

(1) Comply with the reporting requirements of Section 11475.8 while federal financial participation is available for collecting and reporting data.

(2) Comply with federal and state child support laws and regulations, or has a corrective action plan certified by the department pursuant to Section 15200.75. The combined federal and state incentive payment shall be 13.6 percent of distributed collections. If the amount appropriated by the Legislature for the state incentives is less than the amount necessary to satisfy each county's actual incentives pursuant to this section, each county shall receive its proportional share of incentives.

(b) (1) Beginning July 1, 1999, the department shall pay to each county a child support incentive for child support collections. Every county shall receive the federal child support incentive. The combined federal and state incentive payments shall be 13.6 percent of distributed collections. In addition to the federal child support incentive, each county may also receive a state child support incentive. Subject to subdivision (c), a county shall receive the state child support incentive if it elects to do both of the following:

(A) Comply with the reporting requirements of Section 11475.8 while federal financial participation is available for collecting and reporting data.

(B) Be in compliance with federal and state child support laws and regulations, or have a corrective action plan certified by the department pursuant to Section 15200.75. If the amount appropriated by the Legislature for the state incentives is less than the amount necessary to satisfy each county's actual incentives pursuant to this section, each county shall receive its proportional share of the incentives.

(2) (A) For purposes of paragraph (1), the federal incentive component shall be each county's share of the child support incentive

payments that the state receives from the federal government, based on the county's collections.

(B) (i) Effective July 1, 1999, and annually thereafter, state funds appropriated for child support incentives shall first be used to fund the administrative costs incurred by local child support agencies in administering the child support program, after subtracting all federal financial participation for administrative costs and all federal child support incentives received by the state and passed on to the local child support agencies. The department shall allocate sufficient resources to each local child support agency to fully fund the remaining administrative costs, subject to approval by the department and the appropriation of funding in the annual Budget Act. No later than January 1, 2000, the department shall identify allowable administrative costs that may be claimed for reimbursement from the state, which shall be limited to reasonable amounts in relation to the scope of services and the total funds available. If the total amount of administrative costs claimed in any year exceeds the amount appropriated in the Budget Act, the amount provided to local child support agencies shall be reduced by the percentage necessary to ensure that projected General Fund expenditures do not exceed the amount authorized in the Budget Act.

(ii) Effective July 1, 2000, and annually thereafter, after allowable administrative costs are funded under clause (i), the department shall use any remaining incentive funds appropriated from the prior fiscal year which are hereby reappropriated to implement an incentive program that rewards up to 10 local child support agencies in each year, based on their proportional level of collections and their increase in performance over the prior year. The proportional collections standard shall be based on each local child support agency's collections relative to the total amount owed in the following categories: (A) collections on behalf of previously aided families that received CalWORKs benefits after December 31, 1997, and are no longer receiving benefits; and (B) collections that are used to reduce or repay aid that is paid pursuant to this division. The performance improvement standard shall measure the percent improvement for each local child support agency in the two categories of collections over the prior year. The department shall determine the number of local agencies that receive state incentive funds under this program, subject to a maximum of five agencies under each standard, and shall determine the amount received by each local agency based on the availability of funds and each local child support agency's proportional share of distributed collections.

(iii) State funds received by any local child support agency pursuant to clauses (i) and (ii) shall be limited to no more than 13 percent of that agency's total distributed collections. Any funds received pursuant to this subdivision shall be used only for child support enforcement activities.

(c) (1) Beginning October 1, 1999, any county whose performance score is in the bottom quartile of all counties and whose rate of improvement over the prior year is less than the statewide average shall receive its state incentive only upon accepting technical assistance from the department, as set forth in paragraph (3).

(2) The welfare performance score for each county is calculated by dividing the county's collections on behalf of children receiving CalWORKs benefits pursuant to Article 6 (commencing with Section 11450) of Chapter 2 in the previous fiscal year by the county's average CalWORKs caseload in the previous fiscal year.

(3) The department, in consultation with experts from other counties, as appropriate, shall conduct a program review of the county's child support program, which shall include a review of the county's management practices, and provide technical assistance. If the county chooses to receive its state incentives under this section, the county shall comply with the recommendations of this review.

(d) Each county shall continue to receive its federal child support incentive funding whether or not it elects to participate in the state child support incentive funding program.

(e) The department shall provide incentive funds pursuant to this section only during any fiscal year in which funding is provided for that purpose in the Budget Act.

SEC. 35. Section 15204.3 of the Welfare and Institutions Code is amended to read:

15204.3. (a) Beginning in the 2000–01 fiscal year, allocation of funds provided under Section 15204.2 shall be made, in the case of funds for benefits administration and employment services, based on projected county costs and subject to funds appropriated in the annual Budget Act for operating the CalWORKs program under Chapter 2 (commencing with Section 11200). By November 1, 1999, the department and the County Welfare Directors Association shall jointly develop the specific components of this budgeting methodology, including a process for ensuring that costs funded under the methodology are reasonable and consistent with the requirements of this chapter.

(b) No later than November 1, 2002, the Welfare Reform Steering Committee shall review the efficacy of the methodology in subdivision (a) and make recommendations, if any, for modification to the methodology.

(c) In the 1997–98 fiscal year, additional funds for welfare-to-work administration above GAIN allocation in the 1996–97 fiscal year shall be distributed among the counties with two-thirds allocated to all counties based on each county's share of adults aided under Chapter 2 (commencing with Section 11200). The remaining one-third shall be allocated among only those counties that in the prior year received an allocation per average aided adult at a level less than the statewide average, and shall be distributed among those counties so that they

each receive the same overall allocation per average aided adult for welfare-to-work administration.

(d) For purposes of this section, and subject to funds appropriated in the annual Budget Act, no county shall receive less for employment services than what was received in the 1997–98 fiscal year allocation for welfare-to-work administration unless a county projects that its cost will be less than its 1997–98 fiscal year allocation for employment services.

SEC. 36. Section 15766 is added to the Welfare and Institutions Code, to read:

15766. The investigation of allegations of elder and dependent adult abuse pursuant to this chapter, and the case management of elder and dependent adult abuse cases shall be performed by county merit systems civil service employees. A county adult protective service agency may utilize a contracted private or nonprofit telephone answering service after normal working hours and on weekends and holidays. Such a contracted telephone service shall immediately forward to a county merit systems civil service employee any report of abuse or neglect of an elder or dependent adult, unless the caller is: (a) requesting routine information only; (b) reporting an incident of abuse which occurred prior to the date of the call, which does not at the time of the call put the victim at risk; or (c) requesting information not related to the adult protective service program, and the person answering the telephone meets the standards established by the department.

SEC. 37. Section 16164 of the Welfare and Institutions Code is amended to read:

16164. (a) The Office of the State Foster Care Ombudsperson shall do all of the following:

(1) Disseminate information on the rights of children and youth in foster care and the services provided by the office. The information shall include notification that conversations with the office may not be confidential.

(2) Investigate and attempt to resolve complaints made by or on behalf of children placed in foster care, related to their care, placement, or services.

(3) Decide, in its discretion, whether to investigate a complaint, or refer complaints to another agency for investigation.

(4) Upon rendering a decision to investigate a complaint from a complainant, notify the complainant of the intention to investigate. If the office declines to investigate a complaint or continue an investigation, the office shall notify the complainant of the reason for the action of the office.

(5) Update the complainant on the progress of the investigation and notify the complainant of the final outcome.

(6) Document the number, source, origin, location, and nature of complaints.

(7) Compile and make available to the Legislature all data collected over the course of the year including, but not limited to, the number of contacts to the toll-free telephone number, the number of complaints made, the number of investigations performed by the office, the number of referrals made, and the number of unresolved complaints.

(8) Have access to any record of a state or local agency that is necessary to carry out his or her responsibilities, and may meet or communicate with any foster child in his or her placement or elsewhere.

(b) The office may establish, in consultation with a committee of interested individuals, regional or local foster care ombudsperson offices for the purposes of expediting investigations and resolving complaints, subject to appropriations in the annual Budget Act.

SEC. 38. Section 16501.3 is added to the Welfare and Institutions Code, to read:

16501.3. (a) The Department of Social Services shall establish a program of public health nursing in the child welfare services program. The purpose of the public health nursing program shall be to enhance the physical, mental, dental, and developmental well-being of children in the child welfare system.

(b) As a condition of receiving funds under this section, counties shall use the services of a foster care public health nurse. The foster care public health nurse shall work with the appropriate child welfare services workers to coordinate health care services and serve as a liaison with health care professionals and other providers of health-related services. This shall include coordination with county mental health plans and local health jurisdictions, as appropriate.

(c) The duties of a foster care public health nurse may include, but need not be limited to, the following:

(1) Collecting health information and other relevant data on each foster child as available, receiving all collected information to determine appropriate referral and services, and expediting referrals to providers in the community for early intervention services, specialty services, dental care, mental health services, and other health-related services required by the child.

(2) Participating in medical care planning and coordinating for the child. This may include, but is not limited to, assisting case workers in arranging for comprehensive health and mental health assessments, interpreting the results of health assessments or evaluations for the purpose of case planning and coordination, facilitating the acquisition of any necessary court authorizations for procedures or medications, advocating for the health care needs of the child and ensuring the creation of linkage among various providers of care.

(3) Providing follow-up contact to assess the child's progress in meeting treatment goals.

(d) The services provided by foster care public health nurses under this section shall be limited to those for which reimbursement may be claimed under Title XIX at an enhanced rate for services delivered by skilled professional medical personnel. Notwithstanding any other provision of law, this section shall be implemented only if, and to the extent that, the department determines that federal financial participation, as provided under Title XIX of the federal Social Security Act (42 U.S.C. Sec. 1396 et seq.), is available.

(e) Notwithstanding Section 10101 of the Welfare and Institutions Code, there shall be no required county match of the nonfederal cost of this program.

SEC. 41. Section 18358.30 of the Welfare and Institutions Code is amended to read:

18358.30. (a) Rates for foster family agency programs participating under this chapter shall be exempt from the current AFDC-FC foster family agency ratesetting system.

(b) Rates for foster family agency programs participating under this chapter shall be set according to the appropriate service and rate level based on the level of services provided to the eligible child and the certified foster family. For an eligible child placed from a group home program, the service and rate level shall not exceed the rate paid for group home placement. For an eligible child assessed by the county interagency review team as at imminent risk of group home placement or psychiatric hospitalization, the appropriate service and rate level for the child shall be determined by the interagency review team at time of placement. In all of the service and rate levels, the foster family agency programs shall:

(1) Provide social work services with average caseloads not to exceed eight children per worker, except that social worker average caseloads for children in Service and Rate Level E shall not exceed 12 children per worker.

(2) Pay an amount of one thousand two hundred dollars ($1,200) per child per month to the certified foster parent or parents.

(3) Perform activities necessary for the administration of the programs, including, but not limited to, training, recruitment, certification, and monitoring of the certified foster parents.

(4) (A) (i) Provide a minimum average range of service per month for children in each service and rate level in a participating foster family agency, represented by paid employee hours incurred by the participating foster family agency, by the in-home support counselor to the eligible child and the certified foster parents depending on the needs of the child and according to the following schedule:

Service and Rate Level	In−Home Support Counselor Hours Per Month
A	98−114 hours
B	81−97 hours
C	64−80 hours
D	47−63 hours

(ii) Children placed at Service and Rate Level E shall receive crisis intervention and other support services on a flexible, as needed, basis from an in-home support counselor. The foster family agency shall provide one full-time in-home support counselor for every 20 children placed at this level.

(B) When the interagency review team and the foster family agency agree that alternative services are in the best interests of the child, the foster family agency may provide the following types of services in lieu of in-home support services required by subparagraph (A):

(i) Therapy.

(ii) Behavior modification services.

(iii) Support counselor services.

(iv) Psychotropic medication and monitoring.

(v) Respite services.

(vi) Family therapy to aid in family reunification.

(vii) Education liaison services to maintain the child in the classroom.

(c) The department or placing county, or both, may review the level of services provided by the foster family agency program. If the level of services actually provided are less than those required by subdivision (b) for the child's service and rate level, the rate shall be adjusted to reflect the level of service actually provided, and an overpayment may be established and recovered by the department.

(d) (1) On and after July 1, 1998, the standard rate schedule of service and rate levels shall be:

Service and Rate Level	Fiscal Year 1998-99 Standard Rate
A	$3,957
B	$3,628
C	$3,290
D	$2,970
E	$2,639

(2) (A) On and after July 1, 1999, the standardized schedule of rates shall be adjusted by an amount equal to the California

Necessities Index computed pursuant to Section 11453, rounded to the nearest dollar. The resultant amounts shall constitute the new standardized rate schedule, subject to further adjustment pursuant to subparagraph (B), for foster family agency programs participating under this chapter.

(B) In addition to the adjustment in subparagraph (A), commencing January 1, 2000, the standardized schedule of rates shall be increased by 2.36 percent, rounded to the nearest dollar. The resultant amounts shall constitute the new standardized rate schedule for foster family agency programs participating under this chapter.

(3) Beginning with the 2000–01 fiscal year, the standardized schedule of rates shall be adjusted annually by an amount equal to the California Necessities Index computed pursuant to Section 11453, subject to the availability of funds. The resultant amounts, rounded to the nearest dollar, shall constitute the new standard rate schedule for foster family agency programs participating under this chapter.

(e) Rates for foster family agency programs participating under this chapter shall not exceed Service and Rate Level A at any time during an eligible child's placement. An eligible child may be initially placed in a participating intensive foster care program at any one of the five Service and Rate Levels A to E, inclusive, and thereafter placed at any level, either higher or lower, not to exceed a total of six months at any level other than Service and Rate Level E, unless it is determined to be in the best interests of the child by the child's county interagency review team and the child's certified foster parents. The child's interagency county interagency placement review team may, through a formal review of the child's placement, extend the placement of an eligible child in a service and rate level higher than Service and Rate Level E for additional periods of up to six months each.

(f) It is the intent of the Legislature that the rate paid to participating foster family agency programs shall decrease as the child's need for services from the foster family agency decreases. The foster family agency shall notify the placing county and the department of the reduced services and the pilot classification model, and the rate shall be reduced accordingly.

(g) It is the intent of the Legislature to prohibit any duplication of public funding. Therefore, social worker services, payments to certified foster parents, administrative activities, and the services of in-home support counselors that are funded by another public source shall not be counted in determining whether the foster family agency program has met its obligations to provide the items listed in paragraphs (1), (2), (3), and (4) of subdivision (b). The department shall work with other potentially affected state departments to ensure that duplication of payment or services does not occur.

SEC. 47. Section 19356.6 of the Welfare and Institutions Code is amended to read:

19356.6. (a) The definitions contained in this subdivision shall govern the construction of this section, with respect to services provided through the Habilitation Services Program, and unless the context requires otherwise, the following terms shall have the following meanings:

(1) "Supported employment" means paid work that is integrated in the community for individuals with developmental disabilities whose vocational disability is so severe that they would be unable to achieve this employment without specialized services and would not be able to retain this employment without an appropriate level of ongoing postemployment support services.

(2) "Integrated work" means the engagement of an employee with a disability in work in a setting typically found in the community in which individuals interact with nondisabled individuals other than those who are providing services to those individuals, to the same extent that nondisabled individuals in comparable positions interact with other persons.

(3) "Supported employment placement" means the employment of an individual with a developmental disability by an employer in the community, directly or through contract with a supported employment program, and the provision of supported employment services and, the provision of ongoing postemployment services necessary for the individual to retain employment. Services for those individuals receiving one-to-one training and support services from a supported employment program shall decrease as the individual adjusts to his or her employment and the employer assumes many of those functions.

(4) For individuals receiving postemployment support services at a job coach-to-client ratio of one-to-one or one-to-two, postemployment services may be provided on or off the jobsite, except that no ancillary services may be provided pursuant to subparagraph (A) of paragraph (2) of subdivision (b).

(5) For individuals receiving postemployment support services at a job coach-to-client ratio of other than one-to-one or one-to-two, ancillary services may be provided, except that all postemployment and ancillary services shall be provided at the worksite.

(6) "Allowable supported employment services" means the services approved in the individual habilitation component and provided, to the extent allowed by the Habilitation Services Program for the purpose of achieving supported employment as an outcome for individuals with developmental disabilities, which may include any of the following:

(A) Program staff time spent conducting job analysis of supported employment opportunities for a specific consumer.

(B) Program staff time spent in the direct supervision or training of a consumer or consumers while they engage in integrated work unless other arrangements for consumer supervision, such as employer supervision reimbursed by the supported employment program, are approved by the Habilitation Services Program.

(C) Training occurring in the community, in adaptive functional and social skills necessary to ensure job adjustment and retention such as social skills, money management, and independent travel.

(D) Counseling with a consumer's significant others to ensure support of a consumer in job adjustment.

(E) Advocacy or intervention on behalf of a consumer to resolve problems affecting the consumer's work adjustment or retention.

(F) Job development to the extent authorized by the Habilitation Services Program.

(G) Ongoing postemployment support services needed to ensure the consumer's retention of the job.

(b) (1) The Habilitation Services Program shall set rates for supported employment services provided in accordance with this section. The Habilitation Services Program shall apply those rates to those work-activity programs or program components of work-activity programs approved by the department to provide supported employment and to new programs or components approved by the Habilitation Services Program to provide supported employment services. Both of these categories of programs or components shall be required to comply with the criteria set forth in subdivision (b) of Section 19356.7 to receive approval from the Habilitation Services Program.

(2) The hourly rate for supported employment services shall be twenty-seven dollars and fifty cents ($27.50). If more than one consumer is receiving supported employment services simultaneously from the same job coach, the following shall apply:

(A) The total amount reimbursed for that service shall not exceed the authorized rate for supported employment services. In addition, the Habilitation Services Program may set a higher hourly rate for supported employment services provided to an individual in this configuration, based upon the additional cost to provide ancillary services, when there is a documented and demonstrated need for a higher rate because of the nature and severity of the disabilities of the consumer, as determined by the Habilitation Services Program.

(B) In addition, fees shall be authorized for the following:

(i) A two hundred dollar ($200) fee shall be paid upon intake of a consumer into an agency's supported employment program, unless that individual has completed a supported employment intake process with that same agency within the past 12 months, in which case no fee shall be paid.

(ii) A four hundred dollar ($400) fee shall be paid upon placement of an individual in an integrated job, unless that individual is placed with another consumer or consumers assigned to the same job coach during the same hours of employment, in which case no fee shall be paid.

(iii) A four hundred dollar ($400) fee shall be paid after a 90-day retention of a consumer in a job, unless that individual has been placed with another consumer or consumers, assigned to the same job coach during the same hours of employment, in which case no fee shall be paid.

(3) These rates shall take effect July 1, 1998.

(4) It is the intent of the Legislature that, commencing July 1, 1996, the department establish rates for both habilitation services and vocational rehabilitation supported employment services pursuant to this section.

(c) If a consumer has been placed on a waiting list for vocational rehabilitation as a result of the department's order of selection regulations, the Habilitation Services Program may pay for those supported employment services leading to job development set forth in subparagraph (B) of paragraph (2) of subdivision (b).

(d) This section shall become inoperative on July 1, 2000, and, as of January 1, 2001, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2001, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 48. Section 19356.7 of the Welfare and Institutions Code is amended to read:

19356.7. (a) Proposals for funding of new, and modifications to existing, supported employment programs and components by the Habilitation Services Program shall be submitted to the Habilitation Services Program and shall contain sufficient information to enable the Habilitation Services Program to act on the proposal under this section.

(b) Provided that sufficient funding is available to finance services by supported employment programs and components, the Habilitation Services Program may approve or disapprove proposals based on all of the following criteria:

(1) The need for a supported employment program or component.

(2) The capacity of the program to deliver supported employment services effectively.

(3) The ability of the program to comply with accreditation requirements of the Habilitation Services Program. The accreditation standards adopted by the department shall be the

standards developed by the Commission of Rehabilitation Facilities and published in the most current edition of the Standards Manual for Organizations Serving People with Disabilities, as well as any subsequent amendments to the manual.

(4) A profile of an average consumer in the program or component, showing the planned progress toward self-reliance as an employee, measured, as appropriate, in terms of decreasing support services.

(5) The ability of the program to achieve integrated paid work on the average for consumers served.

(c) The Habilitation Services Program may purchase supported employment services at the rates authorized in Section 19356.6 only from supported employment programs or components approved under this section.

(d) For purposes of evaluating the effectiveness of the entire program, and individual supported employment programs or components, the Habilitation Services Program may monitor supported employment programs or components to determine whether the performance agreed upon in the approved proposal is being achieved. When the performance of a supported employment program or component does not comply with the criteria according to which it was approved for funding pursuant to subdivision (b), the Habilitation Services Program may establish prospective performance criteria for the program or component, with which the program or component shall comply as a condition of continued funding.

(e) The department shall adopt regulations to implement the requirements of Sections 19352, 19356.6, and this section, in consultation with the California Rehabilitation Association, the United Cerebral Palsy Association, and the Association of Retarded Citizens of California.

(f) This section shall become inoperative on July 1, 2000, and, as of January 1, 2001, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2001, deletes or extends the dates on which it becomes inoperative and is repealed.

19806. (a) An independent living center shall not be required to provide any matching funds through private contributions as a condition of receiving state funds except to acquire state incentive funds.

(b) Each independent living center, except those centers which have been both established and maintained using federal funding under Title VII(c) of the federal Rehabilitation Act of 1973 as amended as their primary base grant, as determined by the department, shall receive to the extent funds are appropriated by the Legislature, at least two hundred thirty-five thousand dollars ($235,000) in base grant funds allocated by the department. The

department shall allocate to those centers with Title VII(c) base grant funds of less than two hundred thirty-five thousand dollars ($235,000) an amount that, when combined with the Title VII(c) grant, equals two hundred thirty-five thousand dollars ($235,000).

(c) State funds may be replaced by reimbursements under the Supplemental Security Disability Insurance and the Supplemental Security Income programs provided for under Titles II and XVII of the Federal Social Security Act, Subchapter II (commencing with Section 401) and Subchapter XVII (commencing with Section 1381) of Chapter 7 of Title 42 of the United States Code to the extent appropriated by the Legislature and allocated by the department to independent living centers under this chapter. Beginning with the 1998–99 fiscal year, and each year thereafter, to the extent these funds from the Social Security Act are not appropriated by the Legislature as were appropriated in the 1997–98 fiscal year, an amount equal to the combined state and federal fund allocation to independent living centers in the Budget Act of 1997 shall be appropriated to, and allocated by, the department to independent living centers under this chapter.

(d) (1) Available state incentive funds shall be allocated at the beginning of each fiscal year based upon the average amount of private contributions received by the independent living center in the second and third preceding fiscal years.

(2) The maximum amount of incentive funds that may be allocated to any independent living center in any single fiscal year shall be computed as follows:

(A) "Pool One" is defined as 60 percent of all state incentive funds. "Pool Two" is defined as 40 percent of all state incentive funds. Each independent living center shall be entitled to an equal portion of Pool One, not to exceed the amounts raised pursuant to paragraph (1).

(B) Incentive funds from Pool One not used after the initial allocation pursuant to subparagraph (A) shall be added to Pool Two for allocation among all centers that had unmatched private contributions after distribution of Pool One funds. Pool Two funds shall be awarded in direct proportion to each center's percentage of the total remaining unmatched private contributions raised by those independent living centers.

(3) For the purpose of determining eligibility for state incentive funds, any independent living center that uses a fiscal year other than the state fiscal year may elect to use a different fiscal year so long as the closing date of the fiscal year so elected does not precede the closing date of the equivalent state fiscal year by more than 11 months.

(4) The amount of private contributions claimed by an independent living center for each fiscal year shall be verified by the department by utilizing appropriate financial records including, but not limited to, independent audits. Audits may be performed by the department up to three years from the close of the fiscal year during

which state incentive funds were received by the independent living center being audited.

(5) State incentive funds that are not distributed to independent living centers shall not be allocated or retained by the department for distribution as state incentive funds in later fiscal years.

(e) For purposes of this section:

(1) "Private funds" does not include any funds originating from any entity of the federal, state, city, or county government or any political subdivision thereof. Notwithstanding the provisions of this section, fees from any source for services provided may be included as private contributions by an independent living center for purposes of determining its allocation of incentive funds.

(2) "State incentive funds" means state funds appropriated by the Legislature for purposes of this chapter, except those funds allocated by the department pursuant to subdivisions (b) and (g) of this section.

(f) Any funds allocated under this chapter to any independent living center, other than as part of the initial allocation for each fiscal year, shall be made by contract amendment. Any contract amendment shall require the provision of services in addition to those required by the contract being amended. All those services required by contract amendment shall not be performed prior to the date the contract amendment is approved by the state.

(g) To the extent funds are appropriated by the Legislature, after allocation of base grant and incentive funds, remaining funds shall be allocated by the department among independent living centers on the basis of the ratio of the total of the general population in an independent living center's geographic service areas as compared to the total of the general population in all independent living centers geographic services area statewide. The department shall adopt regulations for the distribution of population funds by June 30, 1999.

SEC. 50. It is the intent of the Legislature that a portion of the funds available for the competitive bid allocations to local entities under the welfare-to-work program shall be used to remove barriers to local program implementation. Specifically, these funds shall be used for state-approved local training to build staff capacity to work effectively with the very hard to serve welfare-to-work population eligible for welfare-to-work activities authorized under Section 603(a)(5) of Title 5 of the United States Code that face multiple barriers to employment, as described in Section 2864(d)(4)(G)(iv) of Title 29 of the United States Code, and to expand the employment training network which provides technical assistance and capacity building resources to state and local welfare-to-work partners.

SEC. 52. (a) The California Department of Aging shall utilize funds appropriated through the Budget Act of 1999 for expansion of the Multipurpose Senior Services Program (MSSP) to fund additional slots in underserved planning and service areas (PSAs) in which the ratio of existing MSSP slots to estimated clients' needs is

below the statewide average before funding slots in any PSA in which the ratio of existing MSSP slots to clients' needs is above the statewide average.

(b) Area agencies on aging shall maintain contracts funded from appropriations made by the Budget Act of 1999 for community-based service program expansion until July 1, 2003.

(b) The director shall adopt regulations, as otherwise necessary, to implement the applicable provisions of Chapter 10.1 (commencing with Section 18930) and Chapter 10.3 (commencing with Section 18937) of Part 6 of Division 9 of the Welfare and Institutions Code no later than July 1, 2000. The director may adopt emergency regulations to implement those provisions of law in accordance with the Administrative Procedure Act. The adoption of emergency regulations shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare.

(c) Emergency regulations adopted pursuant to this section shall be exempt from review by the Office of Administrative Law. The emergency regulations authorized by this section shall be submitted to the Office of Administrative Law for filing with the Secretary of State and shall remain in effect for no more than 180 days.

SEC. 55. SEC. 11. Section 128375 of the Health and Safety Code is amended to read:

128375. (a) The Legislature hereby finds and declares that an adequate supply of professional nurses is critical to assuring the

health and well-being of the citizens of California, particularly those who live in medically underserved areas.

(b) The Legislature further finds that changes in the health care system of this state have increased the need for more highly skilled nurses. These changes include advances in medical technology and pharmacology, that necessitate the use of more highly skilled nurses in acute care facilities. Further, the containment of health care costs has led to increased reliance on home health care and outpatient services and to a higher proportion of more acutely ill patients in acute care facilities. Long-term care facilities also need more highly educated nursing personnel. Both shifts require a larger number of skilled nursing personnel.

(c) The Legislature further finds and declares that in nursing, as in other professions, certain populations are underrepresented. The Legislature also finds and declares that it is especially important that nursing care be provided in a way that is sensitive to the sociocultural variables that affect a person's health. The Legislature recognizes that the financial burden of obtaining a baccalaureate degree is considerable and that persons from families lacking adequate financial resources may need financial assistance to complete a baccalaureate degree.

(d) The Legislature further finds and declares that approximately 54.1 percent of all Californians live in rural and urban areas that have been designated underserved. The shortage of professional nurses in these areas makes it more difficult for those citizens to obtain health care and more difficult to attract and retain other health care professionals to those areas.

(e) The Legislature further finds and declares that since July 1, 1989, the Registered Nurse Education Fund has collected five million two hundred eight thousand five hundred seventy-four dollars ($5,208,574) to support the education of professional nurses and nursing students in California.

(f) The Legislature further finds and declares that since 1990, the Health Professions Education Foundation has awarded over four million dollars ($4,000,000) in scholarship and loan repayment to 754 nursing students and nurses in California.

(g) The Legislature further finds and declares that 107 award recipients are baccalaureate of science degree prepared nurses who have made a commitment to practice in medically underserved areas of California for a period of two years in exchange for loan repayment.

(h) The Legislature further finds that 485 of the award recipients are baccalaureate of science degree nursing students. Since 1990, 199 nurses have completed their contractual obligation with the Office of Statewide Planning and Development.

(i) The Legislature further finds and declares that, since 1994, 112 associate degree nursing scholarship awards have been made to students who have signed a contract with the office to complete a

baccalaureate of science degree within five years of completing their associate degree. Six students have completed the articulations pilot program.

(j) The Legislature further finds that recipients of the foundation's financial assistance program have come from very diverse backgrounds. Scholarships have been awarded to African-Americans, American Indians, Asian-Pacific Islanders, Caucasians, Hispanic-Americans, and other individuals.

SEC. 12. Section 128385 of the Health and Safety Code is amended to read:

128385. (a) There is hereby created the Registered Nurse Education Program within the Health Professions Education Foundation. Persons participating in this program shall be persons who agree in writing prior to graduation to serve in an eligible county health facility or a health manpower shortage area, as designated by the director of the office. Persons agreeing to serve in eligible county health facilities or health manpower shortage areas may apply for scholarship or loan repayment. The Registered Nurse Education Program shall be administered in accordance with Article 1 (commencing with Section 128330), except that all funds in the Registered Nurse Education Fund shall be used only for the purpose of promoting the education of registered nurses and related administrative costs. The Health Professions Education Foundation shall make recommendations to the director of the office concerning both the following:

(1) A standard contractual agreement to be signed by the director and any student who has received an award to work in an eligible county health facility or in a health manpower shortage area that would require a period of obligated professional service in the areas of California designated by the Health Manpower Policy Commission as deficient in primary care services. The obligated professional service shall be in direct patient care. The agreement shall include a clause entitling the state to recover the funds awarded plus the maximum allowable interest for failure to begin or complete the service obligation.

(2) Maximum allowable amounts for scholarships, educational loans, and loan repayment programs in order to assure the most effective use of these funds.

(b) Applicants may be persons licensed as registered nurses or graduates of associate degree nursing programs prior to entering a program granting a baccalaureate of science degree in nursing. Priority shall be given to applicants who hold associate degrees in nursing.

(c) Not more than 5 percent of the funds available under the Registered Nurse Education Program shall be available for a pilot project designed to test whether it is possible to encourage articulation from associate degree nursing programs to baccalaureate of science degree nursing programs. Persons who otherwise meet the

standards of subdivision (a) shall be eligible for educational loans when they are enrolled in associate degree nursing programs. If these persons complete a baccalaureate of science degree nursing program in California within five years of obtaining an associate degree in nursing and meet the standards of this article, these loans shall be completely forgiven.

(d) As used in this section, "eligible county health facility" means a county health facility that has been determined by the office to have a nursing vacancy rate greater than noncounty health facilities located in the same health facility planning area.

SEC. 13. Section 128395 of the Health and Safety Code is amended to read:

128395. In developing this program, the Health Professions Education Foundation shall solicit the advice of representatives of the Board of Registered Nurses, the California Nurses Association and other professional nurse organizations, the Chancellor of the California Community Colleges, the Chancellor of the California State University, and the California Association of Hospitals and Health Systems. The foundation shall solicit the advice of representatives who reflect the demographic diversity of California.

SEC. 14. Section 128400 of the Health and Safety Code is amended to read:

128400. There is hereby established in the State Treasury the Registered Nurse Education Fund. All money in the fund shall be used for the purposes specified in the California Registered Nurse Education Program established pursuant to this article. This fund shall receive money collected pursuant to subdivision (c) of Section 2815 of the Business and Professions Code.

SEC. 15. Section 128405 of the Health and Safety Code is repealed.

SEC. 16. Section 128435 of the Health and Safety Code is amended to read:

128435. (a) There is hereby created the Geriatric Nurse Practitioner and Clinical Nurse Specialist Scholarship Program within the Health Professions Education Foundation. Persons participating in this program shall be persons enrolled in nurse practitioner or clinical nurse specialist programs in this state who agree in writing prior to graduation to practice for a period of time, to be determined in accordance with paragraph (1) of subdivision (b), as geriatric nurse practitioners or geriatric clinical nurse specialists either in skilled nursing facilities licensed pursuant to Section 1250 or in other settings where care is provided primarily to geriatric patients. This program shall be administered in accordance with Article 1 (commencing with Section 128330), and Article 2 (commencing with Section 128375), except that all funds shall be used only for geriatric nurse practitioners and geriatric clinical nurse specialists and except that the programs shall be available only to those geriatric nurse practitioners and geriatric clinical nurse

specialists who agree to practice in skilled nursing facilities or other settings caring for geriatric patients.

(b) The Health Professions Education Foundation shall make recommendations to the director of the office concerning both of the following:

(1) A standard contractual agreement to be signed by the director and any student who has received an award to practice in a skilled nursing facility or other setting caring for geriatric patients that would require a period of obligated professional service. The obligated professional service shall be in direct patient care. The obligated professional service may be performed by a geriatric nurse practitioner or geriatric clinical nurse specialist either as an employee or independent contractor of a skilled nursing facility or other setting caring for geriatric patients, or as an employee or independent contractor of a physician providing care for geriatric patients in a skilled nursing facility or other setting. The agreement shall include a clause entitling the state to recover the funds awarded plus the maximum allowable interest for failure to begin or complete the service obligation.

(2) Maximum allowable amounts for scholarships and other financial assistance in order to assure the most effective use of these funds.

(c) To the extent feasible and appropriate, the Health Professions Education Foundation shall assure that the standard contractual agreement and other aspects of the Geriatric Nurse Practitioner and Clinical Nurse Specialist Scholarship Program are substantially similar to those developed for the Registered Nurse Education Program.

SEC. 17. Section 128445 of the Health and Safety Code is amended to read:

128445. In developing this program, the Health Professions Education Foundation shall solicit the advice of the representatives of the Board of Registered Nursing, the Student Aid Commission, the California Nurses Association, the California Association of Health Facilities, the California Association of Homes for the Aging, the Chancellor of the California State University, the President of the University of California, and other entities as may be appropriate.

SEC. 18. Section 128450 of the Health and Safety Code is amended to read:

128450. This program shall be funded through the Health Professions Education Fund pursuant to Section 128355.

SEC. 19. Section 128455 of the Health and Safety Code is repealed.

SEC. 20. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure that vital scholarship funding may be distributed to students who will pursue degrees in health education during the 1999–2000 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 150

An act to add Section 26826.4 to the Government Code, relating to courthouse construction.

[Approved by Governor July 22, 1999. Filed with Secretary of State July 22, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 26826.4 is added to the Government Code, to read:

26826.4. In addition to the total filing fee authorized pursuant to Section 26820.4, 26826, or 26827, after giving notice and holding a public hearing on the proposal, the Board of Supervisors of San Bernardino County may impose a surcharge not to exceed thirty-five dollars ($35) for the filing in superior court, other than in a limited civil case, of (a) a complaint, petition, or other first paper in a civil or probate action or special proceeding, and (b) a first paper on behalf of any defendant, respondent, intervenor, or adverse party. The surcharge shall be in an amount determined to be necessary by the board of supervisors to supplement the Courthouse Construction Fund, to be deposited in that fund and used solely for the purposes authorized for expenditures from that fund, and collection thereof shall terminate upon repayment of the amortized costs incurred, or 30 years from the sale of the bond, whichever occurs first. However, the surcharge shall not apply in instances in which no filing fee is charged or the filing fee is waived.

SEC. 2. The Legislature finds and declares that, because of unique risks to public safety applicable only to the courthouse in San Bernardino County, a statute of general applicability cannot be enacted within the meaning of subdivision (b) of Section 16 of Article IV of the California Constitution. Those unique risks are as follows: The San Bernardino Courthouse was constructed in 1926, and is only a few miles from two major fault lines. Four thousand to five thousand individuals use the courthouse each day. An engineering report indicates that the courthouse will not withstand a major earthquake. Therefore, this special statute is necessary.

CHAPTER 151

An act to add Sections 32121.7 and 32121.8 to the Health and Safety Code, relating to health care districts.

[Approved by Governor July 22, 1999. Filed with Secretary of State July 22, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 32121.7 is added to the Health and Safety Code, to read:

32121.7. Notwithstanding any other provision of law, the transfer of assets by El Camino Hospital, a California nonprofit public benefit corporation ("El Camino Hospital-Corporation") that owns and operates El Camino Hospital, located in the City of Mountain View, pursuant to a transfer and ground lease from the El Camino Hospital District pursuant to subdivision (p) of Section 32121, is subject to this section.

(a) Before El Camino Hospital-Corporation transfers 50 percent or more of its assets, at fair market value, to one or more corporations, trusts, associations, partnerships, limited liability companies, or other entities or persons, in sum or by increment, the Board of Directors of El Camino Hospital District shall, by resolution, submit to the voters of the El Camino Hospital District a measure proposing the transfer. The measure shall be placed on the ballot of the special election held upon the request of the El Camino Hospital District or the ballot of the next regularly scheduled election occurring at least 88 days after the resolution of the Board of El Camino Hospital District. If a majority of the voters voting on the measure vote in favor, the transfer shall be approved. The campaign disclosure requirements applicable to local measures provided under Chapter 4 (commencing with Section 84100) of Title 9 of the Government Code shall apply to this election.

(b) El Camino Hospital-Corporation may transfer, for the benefit of the community served by the El Camino Hospital District, in the absence of adequate consideration, any part of the assets of El Camino Hospital-Corporation, including without limitation, the El Camino Hospital, the real property, equipment and other fixed assets, current assets, and cash, relating to the operation of El Camino Hospital to one or more nonprofit corporations, trusts, or associations to operate and maintain the assets.

(1) Any transfer of 50 percent or more of El Camino Hospital-Corporation's assets in sum or by increment, pursuant to this subdivision shall be deemed to be for the benefit of the community served by the El Camino Hospital District only if all of the following occur:

(A) The transfer agreement and all arrangements necessary thereto are approved by the Board of Directors of El Camino Hospital District, and the agreement and arrangements are fully discussed in advance of the board's decision to transfer the assets of El Camino Hospital-Corporation, in at least five properly noticed open and public meetings of the Board of Directors of El Camino Hospital District in compliance with Section 32106 and the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code).

(B) The transfer agreement provides that the El Camino Hospital District shall approve all initial board members of the nonprofit corporation, trust, or association, and any subsequent board members as may be specified in the transfer agreement.

(C) The transfer agreement provides that all assets transferred to the nonprofit corporation, trust, or association, and all assets accumulated by the nonprofit corporation, trust, or association during the term of the transfer agreement arising out of or from the operation of the transferred assets shall be transferred back to the El Camino Hospital District upon termination of the transfer agreement, including any extension of the transfer agreement.

(D) The transfer agreement commits the nonprofit corporation, trust, or association to operate and maintain the assets of El Camino Hospital-Corporation for the benefit of the community served by the El Camino Hospital District.

(E) The transfer agreement requires that any funds received from the El Camino Hospital-Corporation at the outset of the agreement or any time thereafter during the term of the agreement be used only to reduce the El Camino Hospital-Corporation indebtedness, to acquire needed equipment for the El Camino Hospital-Corporation health care facilities, to operate, maintain, and make needed capital improvements to those health care facilities, to provide supplemental health care services or facilities for the communities served by the El Camino Hospital District, or to conduct other activities that would further a valid public purpose if undertaken directly by the El Camino Hospital District.

(2) A transfer of 33 percent or more but less than 50 percent of the El Camino Hospital-Corporation's assets, in sum or by increment, pursuant to this subdivision shall be deemed to be for the benefit of the communities served by the El Camino Hospital District only if both of the following occur:

(A) The transfer agreement and all arrangements necessary thereto are approved by the Board of Directors of El Camino Hospital District and the agreement and arrangements are fully discussed in advance of the board's decision to transfer the assets of El Camino Hospital-Corporation in at least two properly noticed open and public meetings of the Board of Directors of El Camino Hospital District in compliance with Section 32106 and the Ralph M.

Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code).

(B) The transfer agreement meets all of the requirements of subparagraphs (B) to (E), inclusive, of paragraph (1).

(3) A transfer of 10 percent or more but less than 33 percent of the El Camino Hospital-Corporation's assets, in sum or by increment, pursuant to this subdivision shall be deemed to be for the benefit of the communities served by the El Camino Hospital District only if both of the following occur:

(A) The transfer agreement and all arrangements necessary thereto are approved by the Board of Directors of El Camino Hospital District and the agreement and arrangements are fully discussed in advance of the board's decision to transfer the assets of El Camino Hospital-Corporation in at least two properly noticed open and public meetings of the Board of Directors of El Camino Hospital District in compliance with Section 32106 and the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code).

(B) The transfer agreements meets all of the requirements of subparagraphs (C) to (E), inclusive, of paragraph (1).

(4) Before El Camino Hospital-Corporation transfers, pursuant to this subdivision, 50 percent or more of its assets to one or more nonprofit corporations, trusts, or associations, in sum or by increment, the Board of Directors of El Camino Hospital District shall, by resolution, submit to the voters of the El Camino Hospital District a measure proposing the transfer. The measure shall be placed on the ballot of a special election held upon the request of El Camino Hospital District or the ballot of the next regularly scheduled election occurring at least 88 days after the resolution of the El Camino Hospital District. If a majority of the voters voting on the measure vote in its favor, the transfer shall be approved. The campaign disclosure requirements applicable to local measures provided under Chapter 4 (commencing with Section 84100) of Title 9 of the Government Code shall apply to this election.

(5) Notwithstanding any other provision of this subdivision, El Camino Hospital-Corporation shall not transfer any portion of its assets to a private nonprofit corporation, trust, or association that is owned or controlled by a religious creed, church, or sectarian denomination in the absence of adequate consideration.

(c) If the El Camino Hospital-Corporation board has previously transferred less than 50 percent of its assets pursuant to this subdivision, before any additional assets are transferred, the board shall hold a public hearing and shall make a public determination that the additional assets to be transferred will not, in combination with any assets previously transferred, equal 50 percent or more of the total assets.

(d) For purposes of this section, a "transfer" means the transfer of ownership of the assets of El Camino Hospital-Corporation. A lease

of the real property or the tangible personal property of El Camino Hospital District shall not be subject to this section except as required under Section 32121.4 or Section 32121.8.

(e) If El Camino Hospital District requests a special election pursuant to subdivision (a) or (b) it shall reimburse counties for the costs of that special election as prescribed pursuant to Section 10520 of the Elections Code.

(f) The limitations set forth in subdivisions (a) and (b) shall not apply to any transfers, sales, leases, or other assignments of assets from El Camino Hospital-Corporation to El Camino Hospital District or entities controlled by El Camino Hospital District, provided that in the case of a transfer to an entity controlled by El Camino Hospital District, that entity shall continue to be governed by this section, imposing the same requirements on such entity as are imposed on El Camino Hospital-Corporation.

(g) Nothing in this section shall limit, modify, or otherwise alter the requirements imposed on El Camino Hospital-Corporation as a nonprofit corporation under the Corporations Code, including Attorney General notice and consent requirements if applicable.

SEC. 2. Section 32121.8 is added to the Health and Safety Code, to read:

32121.8. The El Camino Hospital-Corporation may provide for the operation and maintenance through tenants of the whole or any part of the El Camino Hospital, and for that purpose may enter into any lease agreement that it believes will best serve the interest of the El Camino Hospital District. A lease entered into with one or more corporations, partnerships, limited liability companies or other entities or persons for the operation of 50 percent or more of the El Camino Hospital, or that is part of or contingent upon a transfer of 50 percent or more of the El Camino Hospital-Corporation's assets, in sum or by increment, as described in Section 32127.7 shall be subject to the requirements of Section 32121.7. Any lease for the operation of El Camino Hospital shall require the tenant or lessee to comply with Section 32128. No lease for the operation of the entire hospital shall run for a term in excess of 30 years. No lease for the operation of less than the entire hospital shall run for a term in excess of 10 years.

SEC. 3. The Legislature finds and declares that, because of the unique relationship between El Camino Hospital, a California nonprofit public benefit corporation and El Camino Hospital District, a political subdivision of the State of California and the unique circumstances applicable to the ownership and operation of El Camino Hospital, located in the City of Mountain View, a statute of general applicability cannot be enacted within the meaning of Section 16 of Article IV of the California Constitution, and therefore, a special statute is necessary.

SEC. 3. Section 39 of Chapter 299 of the Statutes of 1997 is amended to read:

Sec. 39. (a) It is the intent of the Legislature that the funds appropriated by subdivision (b) of Section 41 of this act be used exclusively to implement the Standardized Account Code Structure. Any funds not needed to complete this project shall be returned by local education agencies to the Controller.

(b) Of the amount appropriated in subdivision (b) of Section 41 of this act, one million seventy-nine thousand five hundred seventy-five dollars ($1,079,575) shall be allocated by the Superintendent of Public Instruction to Phase I participants for the purpose of fully funding their Standardized Account Code Structure implementation contract agreements and grant awards entered into with the State Department of Education prior to the 1997–98 fiscal year.

(c) Of the amount appropriated in subdivision (b) of Section 41 of this act, seven hundred twenty-eight thousand seven hundred sixty-one dollars ($728,761) shall be allocated by the Superintendent of Public Instruction to Phase I participants for the purpose of providing total funding for a consortium that, on a consortium-wide basis, averages five dollars ($5) per unit of average daily attendance. Total funding shall include any allocations provided by subdivision (b), and appropriations authorized for disbursement from Item 6110-188-0001 of Chapter 162 of the Statutes of 1996 and Section 13 of Chapter 525 of the Statutes of 1995.

(d) Of the amount specified in subdivision (b) of Section 41 of this act, fifteen million one hundred sixty thousand six hundred sixty-four dollars ($15,160,664) shall be available for allocation by the Superintendent of Public Instruction to Phase II participants at the rate of five dollars ($5) per unit of average daily attendance, except as provided in subdivisions (e) and (k).

(1) In order for a school district or county office of education to reserve state funds available for allocation by this subdivision, the school district or county office of education shall notify the State

Department of Education by January 1, 1999, of its intent to implement the Standardized Account Code Structures. This notification shall be on forms prescribed by the Superintendent of Public Instruction. All funds available for allocation by this subdivision which are not reserved by a school district or county office of education by January 1, 1999, shall be reverted to the Proposition 98 Reversion Account within the General Fund, upon notification by the Superintendent of Public Instruction to the Controller's office.

(2) In order for a school district or county office of education to receive funds available for allocation by this subdivision, a school district or county office of education shall request disbursement of those funds on forms prescribed by the Superintendent of Public Instruction. Any request for funds must be received by the State Department of Education by September 30, 1999. Funds made available for allocation by this subdivision which are not requested by a school district or county office of education by September 30, 1999, shall be reverted to the Proposition 98 Reversion Account within the General Fund, upon notification by the Superintendent of Public Instruction to the Controller's office.

(e) Of the amount available for allocation pursuant to subdivision (d), a county office of education is eligible to receive a total seventy-five thousand dollars ($75,000) for the county office of education and all of the school districts in the county in which the county office of education is located, in lieu of the rate of five dollars ($5) per unit of average daily attendance pursuant to subdivision (d), under the following conditions:

(1) There is less than a combined total of 15,000 units of average daily attendance for the county office of education and all school districts in the county in which the county office of education is located.

(2) The county office of education and all of the school districts in the county in which the county office of education is located use the same accounting and budgeting system to implement the Standardized Account Code Structure. This subdivision shall also apply to Phase I participants.

(f) Of the amount available for allocation pursuant to subdivision (d), the Superintendent of Public Instruction may allocate a level of funds deemed necessary to allow a county office of education and school districts in the county in which the county office of education is located to implement the Standardized Account Code Structure without incurring a fiscal hardship. These exceptional necessary allocations shall be made on a case-by-case basis. This subdivision is applicable only in a county with a relatively small number of units of average daily attendance countywide, but where the county office of education and school districts do not meet the conditions set forth in subdivision (e).

(g) (1) For any school district that implements the Standardized Account Code Structure on the same accounting and budgeting system used by the county office of education in the county in which the school district is located, funds disbursed pursuant to subdivision (d) shall be allocated directly to the county office of education.

(2) Prior to the allocations pursuant to paragraph (1), the superintendent of the school district, or his or her designee, shall jointly certify with the county superintendent of schools, or his or her designee, of the county in which the school district is located, that the school district and the county office of education use the same accounting and budgeting system. This certification shall be on forms prescribed by the Superintendent of Public Instruction.

(h) (1) Except as provided in paragraph (3), each school district and county office of education that receives funds disbursed pursuant to subdivision (d), is required to fully implement the Standardized Account Code Structure within 36 months from the date the funds are disbursed to that school district or county office of education, or repay those funds to the state, together with interest at a rate based on the most current investment rate of the Pooled Money Investment Account as of the date the funds are disbursed. Interest shall accrue as of the date the funds are disbursed.

(2) The Superintendent of Public Instruction shall withhold from the apportionments to be made to the school district or the county office of education from the State School Fund an amount equal to the amount owed pursuant to paragraph (1), and those funds shall be immediately transferred by the Controller to the Proposition 98 Reversion Account within the General Fund.

(3) Only under extraordinary circumstances and on a case-by-case basis, the Superintendent of Public Instruction may grant extensions upon approval of the Department of Finance to the 36-month period for the purpose of determining whether repayment to the state is required pursuant to paragraph (1).

(i) (1) For purposes of this section, "fully implement" for a school district is defined as submitting the following reports based on a general ledger which reflects the Standardized Account Code Structure:

(A) The adopted budget for the school district pursuant to Section 42127 of the Education Code.

(B) The financial and budgetary status reports pursuant to Section 42130 of the Education Code.

(C) The annual statement of all receipts and expenditures pursuant to Section 42100 of the Education Code.

(2) For purposes of this section, "fully implement" for a county office of education is defined as submitting the following reports based on a general ledger which reflects the Standardized Account Code Structure:

(A) The adopted budget for the county office of education pursuant to Section 1622 of the Education Code.

(B) The financial and budgetary status reports pursuant to Section 1240 of the Education Code.

(C) The annual statement of all receipts and expenditures pursuant to Section 1628 of the Education Code.

(j) It is the intent of the Legislature in enacting this section that fiscal oversight responsibilities and services provided by the county superintendent of schools pursuant to Chapter 1213 of the Statutes of 1991 shall not be increased. Consequently, for any school district that uses an accounting and budgeting system that is different from the system used by the county office of education in the county in which the school district is located, the superintendent of the school district, or designee, shall jointly certify with the county superintendent of schools, or designee, of the county in which the school district is located, that all financial and budgetary data shall be submitted in a format that is acceptable to that county office of education accounting and budgeting system. Prior to the disbursement to the school district of any funds made available for allocation pursuant to subdivision (d), this certification shall be submitted to and on forms prescribed by the Superintendent of Public Instruction.

(k) (1) For any school district that uses an accounting and budgeting system that is different from the system used by the county office of education in the county in which the school district is located, the superintendent of the school district, or designee, shall jointly certify with the county superintendent of schools, or designee, of the county in which the school district is located, a specific portion of the five dollars ($5) per unit of average daily attendance, available for allocation pursuant to subdivision (d), that shall be allocated by the Superintendent of Public Instruction directly to the county superintendent of schools to pay for increased core services cost, if any, to the county office of education that are a direct result of the school district's implementation of the Standardized Account Code Structure.

(2) Upon request by either the school district or the county office of education, the Superintendent of Public Instruction shall determine the specific portion to be allocated directly to the county office of education pursuant to paragraph (1).

(*l*) Any school district or county office of education that receives funds pursuant to subdivision (d) is subject to an annual evaluation and to a final evaluation when full implementation is achieved. The evaluation shall be in a form or format prescribed by the Superintendent of Public Instruction.

(m) Acceptance by the school district or county office of education of the funds made available pursuant to this section shall constitute agreement by the school district or county office of education to the conditions set forth in this section.

(n) For purposes of this section, "Phase I participants" is defined as the consortia of school districts and county offices of education

approved by the State Department of Education to receive Standardized Account Code Structure funds appropriated by Item 6110-188-0001 of the Budget Act of 1996 or Section 13 of Chapter 525 of the Statutes of 1995.

(o) For purposes of this section, "Phase II participants" is defined as school districts and county offices of education that were not Phase I participants, but choose to implement the Standardized Account Code Structure and receive funds pursuant to subdivision (d).

(p) For purposes of this section, "average daily attendance" is defined as the unrevised 1996–97 first period report of average daily attendance for the first principal apportionment for school districts and county offices of education, adjusted by the Superintendent of Public Instruction to exclude specific categories of attendance inappropriate for purposes of the calculations made pursuant to this section.

(q) The Superintendent of Public Instruction is authorized to transfer funds between subdivision (c) and subdivision (d) as necessary to account for unanticipated amendments to the list of local education agencies participating in Phase I.

(r) It is the intent of the Legislature that the Standardized Account Code Structure conversion plan, approved by the State Board of Education in April 1997, shall be implemented in full.

SEC. 4. Section 44 of Chapter 928 of the Statutes of 1997 is amended to read:

Sec. 44. (a) The sum of two million dollars ($2,000,000) is hereby appropriated from the General Fund to the State Department of Education first for allocation for the home-to-school transportation program to school districts that are eligible for funding under Section 41862 of the Education Code based on having both a total cost per mile for the 1996–97 fiscal year for home-to-school transportation that exceeds the statewide average cost per mile, and either weather-related conditions or terrain-related conditions, as described in Section 41862 of the Education Code. If the funds appropriated for the purposes of this section are not sufficient to fully fund the formula established in Section 41863 of the Education Code for school districts eligible for funding under Section 41862 of the Education Code that have both a total cost per mile for the 1996–97 fiscal year for home-to-school transportation that exceeds the statewide average cost per mile, and either weather-related conditions or terrain-related conditions, the amounts apportioned to these school districts shall be reduced on a proportionate basis.

(b) Following allocation to districts that have both a total cost per mile of the 1997–98 fiscal year for home-to-school transportation that exceeds the statewide average cost per mile, and either weather-related conditions or terrain-related conditions, as described in Section 41862 of the Education Code, any remaining balances in the appropriation shall be used to augment funds allocated to school districts that are eligible for funding under Section

41862 of the Education Code based on reasons other than weather-related or terrain-related conditions.

(c) For the purposes of making the computations required by Section 8 of Article XVI of the California Constitution, the appropriations made by subdivision (a) shall be deemed to be "General Fund revenues appropriate for school districts," as defined in subdivision (c) of Section 41202 of the Education Code, for the 1995–96 fiscal year, and included within the "total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B," as defined in subdivision (e) of Section 41202 of the Education Code, for the 1995–96 fiscal year.

SEC. 5. Section 31 of Chapter 204 of the Statutes of 1996 is amended to read:

Sec. 31. (a) The sum of four million dollars ($4,000,000) is hereby appropriated from the General Fund to the Superintendent of Public Instruction for the purpose of establishing the Discovery Science Center in Orange County for the 1996–97 fiscal year. Funds appropriated in this section shall be used on a one-time basis for the construction and startup costs for the Discovery Science Center in Orange County. The center shall be up to 80,000 square foot in area, hands-on, interactive learning facility. The center shall be in a centrally located site to benefit all of Orange County, and shall afford access to science to children who live in the less affluent areas of the county. The center shall serve as a resource for public elementary and secondary schools, and shall offer programs to Orange County schools, residents, and visitors.

(b) For the purpose of making the computations required by Section 8 of Article XVI of the California Constitution, the appropriation made by subdivision (a) shall be deemed to be "General Fund revenues appropriated to school districts," as defined in subdivision (c) of Section 41202 of the Education Code, for the 1995–96 fiscal year, and included within the "total allocations to school districts and community college districts from General Fund proceeds of taxes appropriated pursuant to Article XIII B," as defined in subdivision (e) of Section 41202 of the Education Code, for the 1995–96 fiscal year.

SEC. 6. The unencumbered balance as of June 30, 1999, of the funds appropriated by Item 6110-156-0001 of Section 2.00 of the Budget Act of 1997 (Chapter 282 of the Statutes of 1997) is hereby reappropriated to the Superintendent of Public Instruction for allocation to school districts on a one-time basis for the purpose of providing school districts an opportunity to apply for additional authorized units of adult education average daily attendance to support the development of site management information systems. Notwithstanding the provisions of Section 52616 and 52616.23 of the Education Code, or any other provision of law, funds allocated

pursuant to this section shall not be included in the ongoing base funding of individual adult education programs.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for funds appropriated to the Superintendent of Public Instruction and the State Department of Education to be allocated appropriately at the earliest possible time, it is necessary that this act take effect immediately.

[Approved by Governor July 22, 1999. Filed with Secretary of State July 22, 1999.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that adequate school facilities are essential in providing quality education to the pupils of California. The Legislature further finds and declares that educational reforms, such as a longer schoolday and mandatory summer school, may create a need for additional school facilities at schools operating a multitrack year-round educational program.

SEC. 2. Section 42269 is added to the Education Code, to read:

42269. (a) The State Department of Education shall, in consultation with school districts, the Department of Finance, the Legislative Analyst's Office, and any other affected parties, conduct a study of the grant program established pursuant to this article to develop an equitable method of phasing out the program over a multiyear period.

CHAPTER 155

An act to add Section 1278.5 to the Health and Safety Code, relating to health facilities.

[Approved by Governor July 22, 1999. Filed with
Secretary of State July 22, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 1278.5 is added to the Health and Safety Code, to read:

1278.5. (a) The Legislature finds and declares that it is the public policy of the State of California to encourage patients, nurses, and other health care workers to notify government entities of suspected unsafe patient care and conditions. The Legislature encourages this reporting in order to protect patients and in order to assist those government entities charged with ensuring that health care is safe. The Legislature finds and declares that whistleblower protections apply primarily to issues relating to the care, services, and conditions of a facility and are not intended to conflict with existing provisions in state and federal law relating to employee and employer relations.

(b) (1) No health facility shall discriminate or retaliate in any manner against any patient or employee of the health facility because that patient or employee, or any other person, has presented a grievance or complaint, or has initiated or cooperated in any investigation or proceeding of any governmental entity, relating to the care, services, or conditions of that facility.

(2) A health facility that violates this section shall be subject to a civil penalty of not more than twenty-five thousand dollars ($25,000). The civil penalty shall be assessed and recovered through the same administrative process set forth in Chapter 2.4 (commencing with Section 1417) for long-term health care facilities.

(c) Any type of discriminatory treatment of a patient by whom, or upon whose behalf, a grievance or complaint has been submitted, directly or indirectly, to any governmental entity or received by a health facility administrator within 180 days of the filing of the grievance or complaint, shall raise a rebuttable presumption that the action was taken by the health facility in retaliation for the filing of the grievance or complaint.

(d) Any discriminatory treatment of an employee who has presented a grievance or complaint, or has initiated, participated, or cooperated in any investigation or proceeding of any governmental entity as specified in subdivision (b), if the health facility had knowledge of the employee's initiation, participation, or cooperation, shall raise a rebuttable presumption that the discriminatory action was taken by the health facility in retaliation, if the discriminatory action occurs within 120 days of the filing of the grievance or complaint. For purposes of this section, "discriminatory treatment of an employee" shall include discharge, demotion, suspension, any other unfavorable changes in the terms or conditions of employment, or the threat of any of these actions.

(e) The presumptions in subdivisions (c) and (d) shall be presumptions affecting the burden of producing evidence as provided in Section 603 of the Evidence Code.

(f) Any person who willfully violates this section is guilty of a misdemeanor punishable by a fine of not more than twenty thousand dollars ($20,000).

(g) An employee who has been discriminated against in employment pursuant to this section shall be entitled to reinstatement, reimbursement for lost wages and work benefits caused by the acts of the employer, and the legal costs associated with pursuing the case.

(h) This section shall not apply to an inmate of a correctional facility of either the Department of the Youth Authority or the Department of Corrections or to an inmate housed in a local detention facility including a county jail or a juvenile hall, juvenile camp, or other juvenile detention facility.

(i) This section shall not apply to a health facility that is a long-term health care facility, as defined in Section 1418. A health facility that is a long-term health care facility shall remain subject to Section 1432.

(j) Nothing in this section abrogates or limits any other theory of liability or remedy otherwise available at law.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 156

An act to add Article 10 (commencing with Section 9149.20) to Chapter 1.5 of Part 1 of Division 2 of Title 2 of the Government Code, relating to public employees.

(c) "Improper governmental activity" means any activity by a governmental agency or by an employee that is undertaken in the performance of the employee's official duties, whether or not that action is within the scope of his or her employment, and that (1) is in violation of any state or federal law or regulation, including, but not limited to, corruption, malfeasance, bribery, theft of government property, fraudulent claims, fraud, coercion, conversion, malicious prosecution, misuse of government property, or willful omission to perform duty, or (2) is economically wasteful, or involves gross misconduct, incompetency, or inefficiency.

9149.23. (a) An employee may not directly or indirectly use or attempt to use the official authority or influence of the employee for the purpose of intimidating, threatening, coercing, commanding, or attempting to intimidate, threaten, coerce, or command any person for the purpose of interfering with the right of that person to disclose to a legislative committee improper governmental activities.

(b) Any employee who violates subdivision (a) may be liable in an action for civil damages brought against the employee by the offended party.

(c) Nothing in this section shall be construed to authorize an individual to disclose information otherwise prohibited by or under law.

(d) Nothing in this section shall be construed to abrogate or limit any other theory of liability or any other remedy that is otherwise available at law.

CHAPTER 157

An act to amend Section 3508 of the Government Code, relating to public employees.

[Approved by Governor July 22, 1999. Filed with Secretary of State July 23, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 3508 of the Government Code is amended to read:

3508. (a) The governing body of a public agency may, in accordance with reasonable standards, designate positions or classes of positions which have duties consisting primarily of the enforcement of state laws or local ordinances, and may by resolution or ordinance adopted after a public hearing, limit or prohibit the right of employees in these positions or classes of positions to form, join, or participate in employee organizations where it is in the public interest to do so. However, the governing body may not prohibit the right of its employees who are full-time "peace officers" as that term is defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, to join or participate in employee organizations which are composed solely of those peace officers, which concern themselves solely and exclusively with the wages, hours, working conditions, welfare programs, and advancement of the academic and vocational training in furtherance of the police profession, and which are not subordinate to any other organization.

(b) (1) This subdivision shall apply only to a county of the seventh class.

(2) For the purposes of this section, no distinction shall be made between a position designated as a peace officer position by Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code at the time of the enactment of the 1971 amendments to this section, and a welfare fraud investigator or inspector position designated as a peace officer position by any amendment to that Chapter 4.5 at any time after the enactment of the 1971 amendments to this section.

(3) It is the intent of this subdivision to overrule San Bernardino County Sheriff's Etc. Assn. v. Board of Supervisors (1992) 7 Cal.App.4th 602, 611, with respect to San Bernardino County designating a welfare fraud investigator or inspector as a peace officer under this section.

(c) The right of employees to form, join and participate in the activities of employee organizations shall not be restricted by a public agency on any grounds other than those set forth in this section.

SEC. 2. Due to the unique circumstances of San Bernardino County because of the court's decision in San Bernardino County Sheriff's Etc. Assn. v. Board of Supervisors (1992) 7 Cal.App.4th 602, 611, the Legislature hereby finds and declares that a general statute cannot be made within the meaning of Section 16 of Article IV of the California Constitution. Therefore, this legislation is necessarily applicable only to San Bernardino County.

Unless so controverted, the appeals board is bound to find in accordance with the presumption. This presumption shall be extended to a member following termination of service for a period of three calendar months for each full year of the requisite service, but not to exceed 60 months in any circumstance, commencing with the last date actually worked in the specified capacity.

SEC. 2. Section 31785.1 of the Government Code is amended to read:

31785.1. Notwithstanding Section 31785, upon the death of any safety member, after retirement for service or non-service-connected disability from a retirement system established in a county pursuant to this chapter, 60 percent of his or her retirement allowance if not modified in accordance with one of the optional settlements specified in Article 11 (commencing with Section 31760), shall be continued throughout life to his or her surviving spouse. If there is no surviving spouse entitled to an allowance under this section or if she or he dies before every child of

No allowance shall be paid pursuant to this section to any person who is entitled to an allowance pursuant to Section 31785.

The superseding rights pursuant to this section shall not affect benefits payable to a named beneficiary as provided under Section 31789, 31789.01, 31789.1, 31789.12, 31789.13, 31789.2, 31789.3, 31789.5, or 31790.

This section shall not be operative in any county until the time as the board of retirement shall, by a majority vote, make this section applicable in the county.

SEC. 3. Section 31786.1 of the Government Code is amended to read:

31786.1. Notwithstanding Section 31786, upon the death of any member after retirement for service-connected disability, his or her retirement allowance as it was at his or her death if not modified in accordance with one of the optional settlements specified in Article 11 (commencing with Section 31760), shall be continued throughout life to his or her surviving spouse. If there is no surviving spouse entitled to an allowance under this section or if he or she dies before every child of the deceased member attains the age of 18 years, then the allowance which the surviving spouse would have received had he or she lived, shall be paid to his or her child or children under that age, collectively, to continue until every such child dies or attains that age. However, no child shall receive any allowance after marrying or attaining the age of 18 years.

No allowance shall be paid under this section to a surviving spouse unless he or she was married to the member at least two years prior to the date of death and has attained the age of 55 years on or prior to the date of death and no other person has been designated in an order of a court in a domestic relations proceeding as a payee.

All conditions and restrictions placed by the employer upon the use by an employee of sick leave also shall apply to the use by an employee of sick leave to attend to an illness of his or her child, parent, or spouse. (B) The absence is for the purpose of obtaining professional diagnosis or treatment for a medical condition of the employee.

(C) The absence is for other medical reasons of the employee, such as pregnancy or obtaining a physical examination.

"Sick leave" does not include any benefit provided under an employee welfare benefit plan subject to the federal Employee Retirement Income Security Act of 1974 (Public Law 93-406, as amended) and does not include any insurance benefit, workers' compensation benefit, unemployment compensation disability benefit, or benefit not payable from the employer's general assets.

(c) No employer shall deny an employee the right to use sick leave or discharge, threaten to discharge, demote, suspend, or in any manner discriminate against an employee for using, or attempting to exercise the right to use, sick leave to attend to an illness of a child, parent, or spouse of the employee.

(d) Any employee aggrieved by a violation of this section shall be entitled to reinstatement and actual damages or one day's pay, whichever is greater, and to appropriate equitable relief.

(e) Upon the filing of a complaint by an employee, the Labor Commissioner shall enforce the provisions of this section in accordance with the provisions of Chapter 4 (commencing with Section 79) of Division 1, including, but not limited to, Sections 92, 96.7, 98, and 98.1 to 98.8, inclusive. If the actual amount of property tax revenue lost by an eligible county in the immediately preceding fiscal year, as described and limited in the preceding sentence, exceeds the amount allocated by the Controller to that county pursuant to Section 195.84, the Controller shall allocate the amount of that excess to that eligible county. The people of the State of California do enact as follows:

SECTION 1. Section 781.5 is added to the Welfare and Institutions Code, to read:

781.5. (a) Notwithstanding Section 781, in any case where a minor has been cited to appear before a probation officer, has been taken before a probation officer pursuant to Section 626, or has been taken before any officer of a law enforcement agency, and no

In any case where the request of a minor to the law enforcement agency and probation officer to have a record destroyed is denied, petition may be made to the juvenile court that would have had jurisdiction over the matter. A copy of the petition shall be served on the district attorney of the county having jurisdiction over the offense at least 10 days prior to the hearing

thereon. The district attorney may present evidence to the court at the hearing. Notwithstanding any other provision of law, any judicial determination of factual innocence made pursuant to this subdivision may be heard and determined upon declarations, affidavits, police reports, or any other evidence submitted by the parties that is material, relevant, and reliable. A finding of factual innocence and an order for the sealing and destruction of records pursuant to this subdivision or subdivision (d) shall not be made unless the court finds that no reasonable cause exists to believe that the minor committed the offense for which the arrest was made or the citation was issued. In any court hearing to determine the factual innocence of a minor, the initial burden of proof shall rest with the minor to show that no reasonable cause exists to believe that the minor committed the offense for which the arrest was made or the citation was issued. If the court finds that this showing of no reasonable cause has been made by the minor, then the burden of proof shall shift to the respondent to show that a reasonable cause exists to believe that the minor committed the offense for which the arrest was made or the citation was issued.

(c) If the court finds the minor to be factually innocent of the charges for which the arrest was made or the citation was issued, then the court shall order the law enforcement agency and probation officer having jurisdiction over the offense, the Department of Justice, and any law enforcement agency or probation officer that arrested or cited the minor or participated in the arrest or citation of the minor for an offense for which the minor has been found factually innocent under this section, to seal their records relating to the minor and the court order to seal and destroy those records, for three years from the date of the arrest or citation and thereafter to destroy those records and the court order to seal and destroy those records. The court shall also order the law enforcement agency and probation officer having jurisdiction over the offense and the Department of Justice to request the destruction of any records of the arrest that they have given to any local, state, or federal agency, person or entity. Each state or local agency, person or entity within the State of California receiving that request shall destroy its records of the arrest or citation and the request to destroy those records, unless otherwise provided in this section. The court shall give to the minor a copy of any court order concerning the destruction of the arrest or citation records.

(d) Notwithstanding Section 781, in any case where a minor has been arrested or a citation has been issued, and an accusatory pleading or petition to adjudge the minor a ward of the court has been filed, but not sustained, the minor may, at any time after dismissal of the proceeding, request in writing from the court that dismissed the proceeding a finding that the minor is factually innocent of the charges for which the arrest was made or the citation was issued. A copy of the request shall be served on the district

attorney of the county in which the accusatory pleading or petition was filed at least 10 days prior to the hearing on the minor's factual innocence. The district attorney may present evidence to the court at the hearing. The hearing shall be conducted as provided in subdivision (b). If the court finds the petitioner to be factually innocent of the charges for which the arrest was made or the citation was issued, then the court shall grant the relief as provided in subdivision (c).

(e) Notwithstanding Section 781, in any case where a minor has been arrested or cited and an accusatory pleading or petition to adjudge the minor a ward of the court has been filed, but not sustained, and it appears to the judge presiding at the proceeding that the minor was factually innocent of the offense, the court, upon the written or oral motion of any party in the case or on the court's own motion, may grant the relief provided in subdivision (c). If the district attorney objects to the court granting that relief, the district attorney may request a hearing as to the minor's factual innocence . This hearing shall be conducted as provided in subdivision (b).

(f) In any case where a minor who has been arrested or cited is granted relief pursuant to this section, the law enforcement agency and probation officer having jurisdiction over the offense or the court shall issue a written declaration to the minor stating that it is the determination of the law enforcement agency and probation officer having jurisdiction over the offense or the court that the minor is factually innocent of the charges for which the minor was arrested or cited and that the minor is thereby exonerated. Thereafter, the arrest or citation shall be deemed not to have occurred and the minor may answer accordingly any question relating to its occurrence.

(g) The Department of Justice shall furnish forms to be utilized by minors requesting the destruction of their arrest or citation records and for the written declaration that a minor was found factually innocent under this section.

(h) Documentation of arrest or citation records that are destroyed pursuant to this section that are contained in investigative police reports shall bear the notation "Exonerated" whenever reference is made to the minor. The minor shall be notified in writing by the law enforcement agency and probation officer having jurisdiction over the offense of the sealing and destruction of the arrest and citation records pursuant to this section.

(i) Any finding that a minor is factually innocent pursuant to this section shall not be admissible as evidence in any action.

(j) Destruction of records of arrest or citation pursuant to this section shall be accomplished by permanent obliteration of all entries or notations upon those records pertaining to the arrest or citation, and the record shall be prepared again so that it appears that the arrest or citation never occurred. However, where the only entries on the record pertain to the arrest or citation and the record can be destroyed without necessarily effecting the destruction of other

records, then the document constituting the record shall be physically destroyed.

(k) No records shall be destroyed pursuant to this section if the minor or another individual arrested or cited for the same offense has filed a civil action against the peace officers, law enforcement agency, or probation officer that made the arrest, issued the citation, or commenced the proceedings and if the agency or officer that is the custodian of those records has received a certified copy of the complaint in the civil action, until the civil action has been resolved. Any records sealed pursuant to this section by the court in the civil action, upon a showing of good cause, may be opened and submitted into evidence. The records shall be confidential and shall be available for inspection only by the court, jury, parties, counsel for the parties, and any other person authorized by the court. Immediately following the final resolution of the civil action, records subject to this section shall be sealed and destroyed pursuant to this section.

(*l*) Any relief that is available to a minor under this section for an arrest or citation shall also be available for a minor who is taken into temporary custody and then released pursuant to Sections 625 and 626.

(m) This section shall not apply to any offense that is classified as an infraction.

(n) (1) This section shall be repealed on the effective date of a final judgment based on a claim under the California or United States Constitution holding that evidence that is relevant, reliable, and material may not be considered for purposes of a judicial determination of factual innocence under this section. For purposes of this subdivision, a judgment by the appellate division of a superior court is a final judgment if it is published and if it is not reviewed on appeal by a court of appeal. A judgment of a court of appeal is a final judgment if it is published and if it is not reviewed by the California Supreme Court.

(2) Any decision referred to in this subdivision shall be stayed pending appeal.

(3) If not otherwise appealed by a party to the action, any decision referred to in this subdivision that is a judgment by the appellate division of the superior court, shall be appealed by the Attorney General.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

21655.12. (a) The Department of Transportation shall establish exclusive or preferential use of highway lanes for high-occupancy vehicles on that portion of State Highway Route 10 known as the San Bernardino Freeway, and shall set the minimum occupancy level on those lanes at two persons, including the driver.

(b) Notwithstanding Section 7550.5 of the Government Code, on or before January 1, 2001, the Department of Transportation shall complete, and prepare and submit to the Legislature a report regarding, an operational study concerning the use of the lanes established pursuant to subdivision (a). That study shall include, but is not limited to, an analysis of any discernable changes in motorist behavior as a result of the establishment of the lanes.

(c) This section shall become inoperative on July 1, 2001, and, as of January 1, 2002, is repealed, unless a later enacted statute, that becomes operative on or before January 1, 2002, deletes or extends the dates on which it becomes inoperative and is repealed.

CHAPTER 169

An act to amend Section 97 of the Streets and Highways Code, and to amend Section 42010 of the Vehicle Code, relating to highways, and declaring the urgency thereof, to take effect immediately.

SECTION 1. Section 97 of the Streets and Highways Code is amended to read:

97. (a) The department, in consultation with the Department of the California Highway Patrol, shall develop nine pilot projects, six in northern California and three in southern California. The portions of the highways involved in the projects shall be designated and

identified as "Safety Enhancement-Double Fine Zones" and shall be in the following locations:

(2) On Route 4, between the intersection with the Cummings Skyway and the intersection with Route 80.

(3) On Route 74, between the intersection with Route 5 and the intersection with the Riverside-Orange County line.

In its report, the department shall update the January 1, 1998, report, and shall provide a detailed analysis on the impact of the pilot projects on highway safety, including, but not limited to, the number of accidents, traffic injuries, and fatalities in the project areas; and, in consultation with the Department of the California Highway Patrol, recommend specific criteria for designation of a highway as a Safety Enhancement-Double Fine Zone. A determination that the projects were successful shall be based upon a showing that a statistically significant decrease in the number of accidents, traffic injuries, and fatalities has occurred in the project areas.

(c) Designation of a highway as a Safety Enhancement-Double Fine Zone does not increase the civil liability of the state under Division 3.6 (commencing with Section 810) of Title 1 of the Government Code or any other provision of law relating to civil liability.

(d) (1) Only the base fine shall be enhanced pursuant to this section.

(2) Notwithstanding any other provision of law, any additional penalty, forfeiture, or assessment imposed by any other statute shall be based on the amount of the base fine before enhancement or doubling and shall not be based on the amount of the enhanced fine imposed pursuant to this section.

(e) The pilot projects specified in subdivision (a) shall not be elevated in priority for state funding purposes.

(f) This section shall remain in effect only until January 1, 2004, and as of that date is repealed, unless a later enacted statute, which is enacted on or before January 1, 2004, deletes or extends that date.

(14) Section 23226, relating to being a passenger in a vehicle in which there is an open alcoholic beverage container.

(c) This section applies only when traffic controls or warning signs have been placed pursuant to Section 97 of the Streets and Highways Code.

(d) (1) Notwithstanding any other provision of law, the enhanced fine imposed pursuant to this section shall be based only on the base fine imposed for the underlying offense and shall not include any other enhancements imposed pursuant to law.

(2) Notwithstanding any other provision of law, any additional penalty, forfeiture, or assessment imposed by any other statute shall be based on the amount of the base fine before enhancement or doubling and shall not be based on the amount of the enhanced fine imposed pursuant to this section.

(e) This section shall remain in effect only until January 1, 2004, and as of that date is repealed, unless a later enacted statute, that is enacted on or before January 1, 2004, deletes or extends that date.

SEC. 3. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

(c) (1) The commission may relinquish to the City of Downey the portion of Route 19 located between Gardendale Street and Telegraph Boulevard within the city, upon terms and conditions the commission finds to be in the best interests of the state.

(2) A relinquishment under this subdivision shall become effective immediately following the commission's approval of the terms and conditions of the relinquishment.

relinquishment. The relinquishment shall be effective on the date immediately following the date of the commission's approval of the terms and conditions of the relinquishment.

CHAPTER 173

An act to amend Sections 13580.5 and 13580.7 of the Water Code, relating to water.

[Approved by Governor July 23, 1999. Filed with Secretary of State July 26, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 13580.5 of the Water Code is amended to read:

13580.5. (a) (1) Subject to subdivision (e) of Section 13580.7, a retail water supplier that receives a request from a customer pursuant to subdivision (c) of Section 13580 shall enter into an agreement to provide recycled water, if recycled water is available, or can be made available, to the retail water supplier for sale to the customer.

(2) Notwithstanding paragraph (1), in accordance with a written agreement between a recycled water producer or a recycled water wholesaler and a retail water supplier, the retail water supplier may delegate to a recycled water producer or a recycled water wholesaler its responsibility under this section to provide recycled water.

(b) A customer may not obtain recycled water from a recycled water producer, a recycled water wholesaler, or a retail water supplier that is not the retailer without the agreement of the retailer.

(c) If either a recycled water producer or a recycled water wholesaler provides a customer of a retail water supplier with a written statement that it can and will provide recycled water to the retailer, the retail water supplier shall, not later than 120 days from the date on which the retail water supplier receives the written statement from the customer, by certified mail, return receipt requested, submit a written offer to the customer. A determination of availability pursuant to Section 13550 is not required.

(d) If the state board pursuant to Section 13550 makes a determination that there is available recycled water to serve a customer of a retail water supplier, the retail water supplier, not later than 120 days from the date on which the retail water supplier receives a copy of that determination from the customer, by certified mail, return receipt requested, shall submit a written offer to the customer.

SEC. 2. Section 13580.7 of the Water Code is amended to read:

13580.7. (a) This section applies only to a retail water supplier that is a public agency.

(b) A customer may request, in writing, a retail water supplier to enter into an agreement or adopt recycled water rates in order to provide recycled water service to the customer. The retail water supplier, by certified mail return receipt requested, shall submit a written offer to the customer not later than 120 days from the date on which the retail water supplier receives the written request from the customer.

(c) If no rate is in effect for recycled water service within the service area of a retail water supplier, the rate and conditions for recycled water service shall be established by contract between the retail water supplier and the customer, not later than 120 days from the date on which the customer requests a contract, or, by resolution or ordinance by the retail water supplier, not later than 120 days from the date on which the retail water supplier receives the customer's written request for an ordinance or resolution.

(d) A rate for recycled water service established by contract, ordinance, or resolution, shall reflect a reasonable relationship between the amount of the rate and the retail cost of obtaining or producing the recycled water, the cost of conveying the recycled water, and overhead expenses for providing recycled water service. Capital costs of facilities required to serve the customer shall be amortized over the economic life of the facility, or the length of time the customer agrees to purchase recycled water, whichever is less. The rate shall not exceed the estimated reasonable cost of providing the service, and any additional costs agreed to by the customer for recycled water supplemental treatment.

(e) The rate for recycled water shall be comparable to, or less than, the retail water supplier's rate for potable water. If recycled water service cannot be provided at a rate comparable to, or less than, the rate for potable water, the retail water supplier is not required to provide the recycled water service, unless the customer agrees to pay a rate that reimburses the retail water supplier for the costs described in subdivision (c).

(f) The offer required by subdivisions (c) and (d) of Section 13580.5 shall identify all of the following:

(1) The source for the recycled water.

(2) The method of conveying the recycled water.

(3) A schedule for delivery of the recycled water.

(4) The terms of service.

(5) The rate for the recycled water, including the per-unit cost for that water.

(6) The costs necessary to provide service and the basis for determining those costs.

(g) This section does not apply to recycled water service rates established before January 1, 1999, or any amendments to those rates.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because a local agency or school district has the authority to levy service charges, fees, or assessments sufficient to pay for the program or level of service mandated by this act, within the meaning of Section 17556 of the Government Code.

The 51st District Agricultural Association is hereby authorized to sell the approximately 7.2 acres of land bordered on the south by Le Marsh Street, on the north by Devonshire Street, and on the east by Lindley Avenue. The proceeds of this sale shall be deposited in an interest-bearing trust account and the principal in that account shall be used only for the acquisition of land, or for the lease and improvement of real property, for use as a permanent fairground site, except that if any portion of the loan remains unpaid at the time that interest commences on the account, all interest earned on the account or on any trust deed from the sale shall be applied to the loan repayment until the loan is repaid in full.

Moneys received by the department in repayment of the loan shall be deposited in the Off-Highway Vehicle Fund. Upon repayment of the loan, any revenues of the fair and interest earned from the sale of the property may be used for any authorized activity or purpose of the 51st District Agricultural Association.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to enable the 51st District Agricultural Association to establish a permanent fairground site at the earliest possible time, it is necessary that this act take effect immediately.

The people of the State of California do enact as follows:

SECTION 1. Part 18 (commencing with Section 825) is added to Division 2 of the Probate Code, to read:

(2) "Ward or conservatee" includes a person for whom a temporary guardian of the person or temporary conservator of the person has been appointed.

(b) If the ward or conservatee requires medical treatment for an existing or continuing medical condition which is not authorized to be performed upon the ward or conservatee under Section 2252, 2353, 2354, or 2355, and the ward or conservatee is unable to give an informed consent to such medical treatment, the guardian or conservator may petition the court under this section for an order authorizing such medical treatment and authorizing the guardian or conservator to consent on behalf of the ward or conservatee to such medical treatment.

(d) Upon the filing of the petition, unless an attorney is already appointed the court shall appoint the public defender or private counsel under Section 1471, to consult with and represent the ward or conservatee at the hearing on the petition and, if that appointment is made, Section 1472 applies.

(e) Notice of the Petition shall be given as follows:

(1) Not less than 15 days before the hearing, notice of the time and place of the hearing, and a copy of the petition shall be personally served on the ward, if 12 years of age or older, or the conservatee, and on the attorney for the ward or conservatee.

(2) The desirability, where the condition of the ward or conservatee permits, of giving adequate notice to all interested persons.

(g) Notwithstanding subdivisions (e) and (f), the matter may be submitted for the determination of the court upon proper and sufficient medical affidavits or declarations if the attorney for the petitioner and the attorney for the ward or conservatee so stipulate and further stipulate that there remains no issue of fact to be determined.

(h) The court may make an order authorizing the recommended course of medical treatment of the ward or conservatee and authorizing the guardian or conservator to consent on behalf of the ward or conservatee to the recommended course of medical treatment for the ward or conservatee if the court determines from the evidence all of the following:

(1) The existing or continuing medical condition of the ward or conservatee requires the recommended course of medical treatment.

(2) If untreated, there is a probability that the condition will become life-endangering or result in a serious threat to the physical or mental health of the ward or conservatee.

(3) The ward or conservatee is unable to give an informed consent to the recommended course of treatment.

(i) Upon petition of the ward or conservatee or other interested person, the court may order that the guardian or conservator obtain or consent to, or obtain and consent to, specified medical treatment to be performed upon the ward or conservatee. Notice of the hearing on the petition under this subdivision shall be given for the period and in the manner provided in Chapter 3 (commencing with Section 1460) of Part 1.

CHAPTER 176

An act to amend Section 411.35 of the Code of Civil Procedure, relating to malpractice actions.

[Approved by Governor July 26, 1999. Filed with Secretary of State July 26, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 411.35 of the Code of Civil Procedure is amended to read:

411.35. (a) In every action, including a cross-complaint for damages or indemnity, arising out of the professional negligence of a person holding a valid architect's certificate issued pursuant to Chapter 3 (commencing with Section 5500) of Division 3 of the Business and Professions Code, or of a person holding a valid registration as a professional engineer issued pursuant to Chapter 7 (commencing with Section 6700) of Division 3 of the Business and Professions Code, or a person holding a valid land surveyor's license issued pursuant to Chapter 15 (commencing with Section 8700) of Division 3 of the Business and Professions Code on or before the date of service of the complaint or cross-complaint on any defendant or cross-defendant, the attorney for the plaintiff or cross-complainant shall file and serve the certificate specified by subdivision (b).

(b) A certificate shall be executed by the attorney for the plaintiff or cross-complainant declaring one of the following:

(1) That the attorney has reviewed the facts of the case, that the attorney has consulted with and received an opinion from at least one architect, professional engineer, or land surveyor who is licensed to practice and practices in this state or any other state , or who teaches at an accredited college or university and is licensed to practice in this state or any other state, in the same discipline as the defendant or cross-defendant and who the attorney reasonably believes is knowledgeable in the relevant issues involved in the particular action, and that the attorney has concluded on the basis of this review and consultation that there is reasonable and meritorious cause for

the filing of this action. The person consulted may not be a party to the litigation . The person consulted shall render his or her opinion that the named defendant or cross-defendant was negligent or was not negligent in the performance of the applicable professional services.

(2) That the attorney was unable to obtain the consultation required by paragraph (1) because a statute of limitations would impair the action and that the certificate required by paragraph (1) could not be obtained before the impairment of the action. If a certificate is executed pursuant to this paragraph, the certificate required by paragraph (1) shall be filed within 60 days after filing the complaint.

(3) That the attorney was unable to obtain the consultation required by paragraph (1) because the attorney had made three separate good faith attempts with three separate architects, professional engineers, or land surveyors to obtain this consultation and none of those contacted would agree to the consultation.

(c) Where a certificate is required pursuant to this section, only one certificate shall be filed, notwithstanding that multiple defendants have been named in the complaint or may be named at a later time.

(d) Where the attorney intends to rely solely on the doctrine of "res ipsa loquitur," as defined in Section 646 of the Evidence Code, or exclusively on a failure to inform of the consequences of a procedure, or both, this section shall be inapplicable. The attorney shall certify upon filing of the complaint that the attorney is solely relying on the doctrines of "res ipsa loquitur" or failure to inform of the consequences of a procedure or both, and for that reason is not filing a certificate required by this section.

(e) For purposes of this section, and subject to Section 912 of the Evidence Code, an attorney who submits a certificate as required by paragraph (1) or (2) of subdivision (b) has a privilege to refuse to disclose the identity of the architect, professional engineer, or land surveyor consulted and the contents of the consultation. The privilege shall also be held by the architect, professional engineer, or land surveyor so consulted. If, however, the attorney makes a claim under paragraph (3) of subdivision (b) that he or she was unable to obtain the required consultation with the architect, professional engineer, or land surveyor, the court may require the attorney to divulge the names of architects, professional engineers, or land surveyors refusing the consultation.

(f) A violation of this section may constitute unprofessional conduct and be grounds for discipline against the attorney, except that the failure to file the certificate required by paragraph (1) of subdivision (b), within 60 days after filing the complaint and certificate provided for by paragraph (2) of subdivision (b), shall not be grounds for discipline against the attorney.

(g) The failure to file a certificate in accordance with this section shall be grounds for a demurrer pursuant to Section 430.10 or a motion to strike pursuant to Section 435.

(h) Upon the favorable conclusion of the litigation with respect to any party for whom a certificate of merit was filed or for whom a certificate of merit should have been filed pursuant to this section, the trial court may, upon the motion of a party or upon the court's own motion, verify compliance with this section, by requiring the attorney for the plaintiff or cross-complainant who was required by subdivision (b) to execute the certificate to reveal the name, address, and telephone number of the person or persons consulted with pursuant to subdivision (b) that were relied upon by the attorney in preparation of the certificate of merit. The name, address, and telephone number shall be disclosed to the trial judge in an in-camera proceeding at which the moving party shall not be present. If the trial judge finds there has been a failure to comply with this section, the court may order a party, a party's attorney, or both, to pay any reasonable expenses, including attorney's fees, incurred by another party as a result of the failure to comply with this section.

(i) For purposes of this section, "action" includes a complaint or cross-complaint for equitable indemnity arising out of the rendition of professional services whether or not the complaint or cross-complaint specifically asserts or utilizes the terms "professional negligence" or "negligence."

(b) A violation of any provision of this article or Section 1682 is grounds for suspension or revocation of the physician and surgeon's permit issued pursuant to this article by the Board of Dental Examiners of California. The exclusive enforcement authority

against a physician and surgeon by the Board of Dental Examiners of California shall be to suspend or revoke the permit issued pursuant to this article. The Board of Dental Examiners of California shall refer a violation of this article by a physician and surgeon to the Medical Board of California for its consideration as unprofessional conduct and further action, if deemed necessary by the Medical Board of California, pursuant to Chapter 5 (commencing with Section 2000). A suspension or revocation of a physician and surgeon's permit by the Board of Dental Examiners pursuant to this article shall not constitute a disciplinary proceeding or action for any purpose except to permit the initiation of an investigation or disciplinary action by the Medical Board of California as authorized by Section 2220.5.

(c) The proceedings under this section shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the Board of Dental Examiners of California shall have all the powers granted therein.

(1) The physician and surgeon possesses a current license in good standing to practice medicine in this state.

(2) The physician and surgeon holds a valid general anesthesia permit issued by the Board of Dental Examiners of California pursuant to subdivision (b).

(b) (1) A physician and surgeon who desires to administer general anesthesia as set forth in subdivision (a) shall apply to the

(D) Information relative to the current membership of the applicant on hospital medical staffs.

(2) Prior to issuance or renewal of a permit pursuant to this section, the Board of Dental Examiners of California may, at its discretion, require an onsite inspection and evaluation of the facility, equipment, personnel, including, but not limited to, the physician and surgeon, and procedures utilized. At least one of the persons evaluating the procedures utilized by the physician and surgeon shall be a licensed physician and surgeon expert in outpatient general anesthesia who has been authorized or retained under contract by the Board of Dental Examiners of California for this purpose.

(3) The permit of any physician and surgeon who has failed an onsite inspection and evaluation shall be automatically suspended 30 days after the date on which the board notifies the physician and surgeon of the failure unless within that time period the physician and surgeon has retaken and passed an onsite inspection and evaluation. Every physician and surgeon issued a permit under this article shall have an onsite inspection and evaluation at least once every six years. Refusal to submit to an inspection shall result in automatic denial or revocation of the permit.

(c) This section shall remain in effect only until January 1, 2002, and as of that date is repealed, unless a later enacted statute, which is enacted on or before January 1, 2002, deletes or extends that date.

SEC. 4. Section 2079 of the Business and Professions Code is amended to read:

2079. (a) A physician and surgeon who desires to administer general anesthesia in the office of a dentist pursuant to Section 1646.9 shall provide the Medical Board of California with a copy of the application submitted to the Board of Dental Examiners of California pursuant to subdivision (b) of Section 1646.9 and a fee established by the board not to exceed the costs of processing the application as provided in this section.

(2) The actual amount of unallocated proceeds of state bonds available on or after July 1, 2000, for new construction for the purposes of this chapter is at three hundred million dollars ($300,000,000).

(b) The ranking mechanism shall allocate priority points based upon the percentages of currently and projected unhoused pupils relative to the total population of the applicant district or attendance area and the total number of currently and projected unhoused pupils in an applicant district or attendance area.

(c) The board may award priority points based on other factors that in its judgment result in the most equitable distribution of resources among applicants. The additional factors may not constitute greater than a 10-percent weight in the overall priority ranking.

CHAPTER 179

An act to amend Section 81149 of the Education Code, relating to community colleges.

[Approved by Governor July 26, 1999. Filed with Secretary of State July 26, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 81149 of the Education Code is amended to read:

81149. (a) Notwithstanding any provision of law, a community college district may acquire for use any facility previously used by the United States military and closed as a result of action by the federal Defense Base Closure and Realignment Commission, or purchase any offsite building constructed prior to January 1, 1998 that meets the structural requirements of the 1976 Uniform Building Code, or subsequent additions to that code, but that does not meet the requirements of Section 81130, for use as a school building, as defined in Section 81130.5, if the governing board of the district finds that all of the following conditions have been met:

(1) A structural engineer has inspected the building or facility and submitted a report to the governing board of the community college district that certifies that the building or facility is in substantial compliance with the requirements of this article, or describes in detail any structural modifications necessary to render the building or facility in substantial compliance with the this article. For purposes of this section, substantial compliance with this article means that the building or facility is likely to resist, without catastrophic collapse, earthquake forces generated by major earthquakes of the intensity and severity of the strongest experienced in California, but may

experience some reparable architectural or structural damage. This requirement is satisfied if the structural engineer affixes his or her seal of approval to the report and he or she attests in that report that to the best of his or her knowledge:

(A) He or she has reviewed the design calculations, construction documents, and the local government construction inspection records of the building or facility, to the extent those items are available.

(B) He or she has authorized testing and has observed or reviewed the test results and the inspections of an adequate sample of the structure's welds, anchor bolts, and other structural elements.

(C) He or she has observed that the nonstructural elements, including, but not limited to, light fixtures, heating, and air-conditioning diffusers are adequately braced or anchored.

(2) The governing board of the community college district shall forward the report submitted pursuant to paragraph (1) to the Department of General Services for its review. Within 45 working days, the Department of General Services shall review the report for compliance with the above requirements, to provide feedback to the structural engineer regarding any insufficiencies with the report, and to determine whether or not the building or facility is in substantial compliance with the requirements of this article, or whether any proposed structural modifications will render the structure in substantial compliance with this article. If the Department of General Services does not respond within 45 working days of the submission of the final and complete report, the department will be deemed to have concurred with the structural engineer's report. If structural modifications are necessary to achieve substantial compliance with this article, plans shall be submitted to the department for review and approval. Construction shall be completed in compliance with the continuous inspection requirements of this article.

(b) (1) No member of the governing board of a community college district, and no employee of a community college district, shall be held personally liable for injury to persons or damage to property resulting from the fact that the governing board of the community college district purchased a building or facility pursuant to this subdivision for a school and the building or facility was not constructed pursuant to the requirements of Section 81130.

(2) The exemption from personal liability for members of the governing board and employees of a community college district described in paragraph (1) does not limit the liability of the community college district for injury to persons or damage to property resulting from the fact that the governing board or any employee of the community college district used a building or facility pursuant to this subdivision for a school if the building or facility was not constructed pursuant to the requirements of Section 81130. The exemption from personal liability for members of the governing

board and employees of a community college district described in paragraph (1) does not limit the liability of the community college district, the governing board, or the district's employees pursuant to Section 835 of the Government Code.

(3) Section 81144 is not applicable to a person who, pursuant to this section, purchases a building or facility that meets the requirements of this section but does not meet the requirements of Section 81130. Approval and use of a building or facility pursuant to this section does not violate this article.

CHAPTER 180

(c) For purposes of this section, "restricted food service transient occupancy establishment" refers to an establishment as to which the predominant relationship between the occupants thereof and the owner or operator of the establishment is that of innkeeper and guest. For purposes of this section, the existence of some other legal relationships as between some occupants and the owner or operator shall be immaterial.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because in that regard this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 181

[Approved by Governor July 26, 1999. Filed with Secretary of State July 26, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 35402 of the Vehicle Code is amended to read:

35402. For each fiscal year, if, in performing the calculations set forth in subdivision (a) and in subdivision (b) of Section 33670 of the Health and Safety Code, the auditor determines that there is redevelopment increment to be allocated to a redevelopment agency, the auditor shall withdraw that redevelopment increment determined pursuant to Section 33670 of the Health and Safety Code from those ad valorem property tax revenue allocations to be made to each jurisdiction within the boundaries of the relevant redevelopment project area. Each of those jurisdiction's share of that

redevelopment increment shall be computed on the basis of the factors or rates which are developed pursuant to Section 96.5. In order to determine each jurisdiction's share of that redevelopment increment, the factors or rates for all tax rate areas that are part of a redevelopment project shall be applied to the current assessed value of the taxable property within the redevelopment project area, less the assessed valuation on the assessment roll last equalized prior to the effective date of the ordinance establishing the redevelopment project. Nothing in this section shall be construed as prohibiting a county from making the allocation and payment of funds as provided for by subdivision (b) of Section 33670 of the Health and Safety Code prior to the apportionment of property tax revenues to any jurisdiction.

(b) The amendment of subdivision (a) made by the act adding this subdivision does not constitute a change in, but is declaratory of, existing law. The people of the State of California do enact as follows:

SECTION 1. Section 55484.75 of the Food and Agricultural Code is amended to read:

55484.75. (a) If an application for a license indicates, or the department determines during the application review process, that the applicant was issued a license that was revoked within the preceding two years, the department shall cease any further review of the application until two years have elapsed from the date of the revocation. The cessation of review shall not constitute a denial of the application for the purposes of this chapter, or any other provision of law.

(b) If an application for a license indicates, or the department determines during the application review process, that the applicant had previously applied for a license and the application was denied within the last year, the department shall cease further review of the application until 30 days have elapsed from the date of the notification of the denial or from the effective date of the decision and order of the department upholding a denial. The cessation of review shall not constitute a denial of the new applicant for purposes of this chapter, or any other provision of law.

(c) Nothing in subdivision (a) or (b) prohibits the department from taking into account the basis for denial or revocation in

considering any new application subsequent to the elapse of the applicable period of prohibition.

SEC. 2. Section 55523 of the Food and Agricultural Code is amended to read:

55523. (a) Each application shall state all of the following:

An applicant whose application is incomplete shall be given written notice that a failure to complete the application within 60 calendar days shall result in denial of the application.

(b) The documents and information procured pursuant to this section shall be considered the records of a consumer and shall not be construed to be a public record. The documents and information shall remain confidential, except in actions brought by the department to enforce this division, or as a result of the issuance of a subpoena in accordance with Section 1985.4 of the Code of Civil Procedure. That penalty shall be paid within 30 days immediately following the license expiration date . Payment of the penalty shall entitle the applicant to 60 days from the date of the penalty payment to complete the application. If the application is not completed within that time, the application shall be denied and all fees retained by the department.

(2) If the penalty described in paragraph (1) is not paid within the 30-day period, any application for renewal of a preexisting license shall be treated as a new application.

(b) A new applicant shall have 60 days from the date of filing the application form and payment of the fee to complete the application. An applicant whose application is incomplete shall be given written notice that a failure to complete it within 60 calendar days shall result in denial of the application.

(b) The documents and information procured pursuant to this section shall be considered the records of a consumer and shall not be construed to be a public record. The cessation of review shall not constitute a denial of the

application for the purposes of this chapter, or any other provision of law.

(b) If an application for a license indicates, or the department determines during the application review process, that the applicant had previously applied for a license and the application was denied within the last year, the department shall cease further review of the application until 30 days have elapsed from the date of the notification of the denial or from the effective date of the decision and order of the department upholding a denial. The cessation of review shall not constitute a denial of the new applicant for purposes of this chapter, or any other provision of law.

(c) Nothing in subdivision (a) or (b) prohibits the department from taking into account the basis for denial or revocation in considering any new application subsequent to the elapse of the applicable period of prohibition.

CHAPTER 199

An act to amend Section 55601.5 of the Food and Agricultural Code, relating to agriculture.

[Approved by Governor July 27, 1999. Filed with Secretary of State July 28, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 55601.5 of the Food and Agricultural Code is amended to read:

55601.5. (a) (1) Notwithstanding Section 55461, on or before January 10 of every year, every processor who crushes grapes in this state shall furnish to the secretary, on forms provided by the secretary, a report that includes all of the following:

(A) The total number of tons of grapes purchased by the processor in this state during the preceding crush within each grape-pricing district, broken down by total tons purchased, variety, and price, including any bonuses or allowances, and sugar calculations.

(B) The total number of tons of grapes purchased by the processor in this state in nonrelated purchases during the preceding crush within each grape-pricing district, broken down by total tons purchased, variety, and price, including any bonuses or allowances, and sugar calculations.

(C) The total number of tons of each variety of grape crushed within each grape-pricing district and the average sugar content of each variety within each grape-pricing district.

(D) The total number of tons of grapes purchased and crushed that are expected, as of the date of reporting by the processor, to be marketed as grape concentrate. In reporting tons purchased and crushed that are expected to be marketed as grape concentrate, processors may estimate equivalent tonnage. In estimating the equivalent tonnage, the processor shall include all equivalent tons crushed for the production of grape concentrate for wine and all other purposes marketed outside the state and the equivalent tons crushed for the production of grape concentrate for all purposes other than wine marketed within the state. In determining the estimated equivalent tons, processors shall make their best estimate of the gallons of concentrate per ton of grapes crushed based upon the Brix level of the grapes used in concentrate production.

(2) (A) When reporting price within the category of all tonnage purchased, processors shall include grapes purchased from (i) growers for wine, wine vinegar, juice, concentrate, and beverage brandy, (ii) another processor only if that processor was also the grower of the grapes, (iii) growers that are considered separate entities from the processor operation, or (iv) growers or other processors, but not by the reporting processor; and shall exclude (i) material other than grapes, and defects, or other weight adjustments deducted from the gross-weight ticket, (ii) any raisin-distilling material, (iii) grapes grown by the processor from vineyards that are not considered separate entities, (iv) grapes purchased from other processors that were previously purchased from growers, or (v) grapes crushed to grower accounts or crushed for other wineries. If several varieties were packaged together and purchased for one price, the processor shall report the average price per ton as one mixed lot, and when reporting crush information, shall report individual variety and tonnage information.

(B) When reporting price within the category of nonrelated purchases, processors shall exclude tonnage of grapes purchased

from a grower if, during the reporting year (i) the grower or an affiliate of the grower, or both the grower and the affiliate of the grower, owned, directly or indirectly, at least 5 percent of the indicia of ownership or voting authority of the processor, (ii) the processor or an affiliate of the processor, or both the processor and the affiliate of the processor, owned, directly or indirectly, at least 5 percent of the indicia of ownership or voting authority of the grower, or (iii) the processor or an affiliate of the processor, or both the processor and the affiliate of the processor, provided long-term financing to the grower in exchange for rights or options to purchase a significant portion of the grower's harvest.

(b) On or before February 25 of every year, each processor who crushes grapes in this state shall furnish to the secretary information concerning the final prices, including any bonuses or allowances, paid by variety and grape-pricing district to all growers holding reference price contracts in effect prior to January 1, 1977, which payments have not been reported on January 10.

(c) (1) The secretary may not release or otherwise make available any information furnished by an individual processor under this section, except in proceedings brought against the processor by the secretary for the purpose of enforcing this section, or except in the case of a producer who holds any reference price-grape purchase contract, to whom the secretary may furnish, upon request and at a reasonable cost, the information needed to verify the reference price, including any bonuses or allowances, set forth in the contract.

(2) The secretary shall not release or otherwise make available any information furnished by an individual processor under this section to any other division of the department except in accordance with a subpoena issued in accordance with Section 1985.3 of the Code of Civil Procedure.

(3) The secretary shall release only aggregate figures for grapes crushed that are expected to be marketed as grape concentrate and shall not include information by district, types, or variety.

(d) The secretary shall enforce the collection of the information and, on or before February 10 of each year, shall publish a preliminary summary report on the preceding crush. The report shall include all of the following information:

(1) The weighted average price paid on the basis of the prices, including any bonuses or allowances, reported and average sugar content for each grape variety purchased within each grape-pricing district.

(2) The total number of tons of grapes crushed and the average sugar content for each grape variety within each grape-pricing district.

(3) Each price category paid, separated by sugar calculations, if any, and the percentage each represents of the total for each variety within each grape-pricing district.

(4) Commencing with the report for the 1997 crush, in a separate and independent table without affecting or modifying existing tables, by weighted average price only, nonrelated purchases, by variety within each grape-pricing district excluding any bonuses, allowances, sugar calculations, and tonnage.

(e) On or before March 10 of each year, the secretary shall publish a final summary report, which shall contain all of the data furnished by the processors on or before January 10 and on or before February 25 of each year covering purchases under reference price contracts. The secretary may publish an addendum or supplemental report when reasonably necessary to correct any erroneous or misleading information contained in the annual report required by this section.

(f) The forms provided to processors by the secretary pursuant to this section shall provide for the separate reporting of grapes used by a processor (1) as distilling material and (2) for both beverage brandy and other than beverage brandy. A processor shall report all grapes used as distilling material by variety. The secretary, in determining the weighted average price paid for each grape variety purchased within each grape-pricing district, shall not include the prices paid for grapes of any variety used as distilling material for other than beverage brandy in determining the weighted average price. The secretary's report shall include a separate summary regarding grapes used by processors as distilling material.

(g) All grape purchase contracts entered into on or after January 1, 1977, shall provide for a final price, including any bonuses or allowances, to be set on or before the January 10 following delivery of the grapes purchased. Any grape purchase contract entered into in violation of this subdivision is illegal and unenforceable. For the purpose of this section, a grape purchase contract shall not include any existing supply contract between a nonprofit cooperative association and a commercial processor.

(h) (1) If the department reasonably believes that a processor has failed, refused, or neglected to provide the information required by this section, or if the department finds apparent discrepancies in the information reported, the department may audit or investigate in accordance with Article 11 (commencing with Section 55721) or proceed in accordance with Article 5 (commencing with Section 55522.5), except as specified in paragraph (6). Injunctive relief under Section 55921 shall issue only upon a finding by a court of competent jurisdiction that a processor has done any of the following:

(A) Refused to submit required information after the department provides reasonable notice to the processor of the processor's obligations and rights under this chapter.

(B) Misreported a fact, knowing that fact to be false, or in reckless disregard for whether the fact was true.

(2) Both the refusal to submit after the provision of reasonable notice and the misreporting of a fact under the circumstances set forth in this subdivision shall constitute violations of this chapter.

Neither a refusal to submit nor a misreporting of a fact under this subdivision shall be prosecuted pursuant to Article 18 (commencing with Section 55901) or subject to civil penalties under Article 19 (commencing with Section 55921).

(3) In the case of misreporting in any action authorized by this section, it shall be a defense for a processor to rely on information provided to the processor by a producer with respect to whether a purchase is a related purchase.

(4) In the case of a refusal to report or misreporting, the department shall not commence an audit or investigation, other than a routine audit based on scientifically proven random sampling methods, without first disclosing to the processor being audited or investigated any and all information that constitutes the department's belief that the processor has not complied, including the identities of all persons providing information on potential violations to the department.

(5) Anonymous complaints, unattributable information, or undocumented information shall not constitute reasonable belief and shall not be the basis for any investigation or audit action brought under this section. The department shall inform the processor of its reasons for auditing.

(6) No action shall be taken pursuant to Article 5 (commencing with Section 55522.5), Article 18 (commencing with Section 55901), or Article 19 (commencing with Section 55921) based on the reporting of grape concentrate pursuant to subparagraph (D) of paragraph (1) of subdivision (a).

(i) For purposes of this section, the following definitions shall apply:

(1) "Affiliate" or "affiliated with" means a person who directly or indirectly, through one or more intermediaries, controls, is controlled by, or is under common control of another person. For the purposes of this paragraph, "control" means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of any person.

(2) "Estimated equivalent tons," when used in the context of reporting tons purchased and crushed that will be marketed as grape concentrate, shall be determined by use of the following formulas:

(A) Gallons of concentrate (approximately 20° Brix) produced divided by 40 equals equivalent tons.

(B) Gallons of concentrate (approximately 68° Brix) divided by 170 equals equivalent tons.

(3) "Grape-pricing district" means a district used by the federal-state cooperative market news services, as provided in Section 58231.

(4) "Long-term financing" means financing that by its terms is due over a period of more than one year, or more than 180 days if there is a purchase agreement between a grower and a processor, or

if there is a farming agreement where the purchase price is on a per-acre basis.

(5) "Person" includes an individual, partnership, corporation, limited liability company, firm, company, or other entity.

(6) "Purchase" means the taking by sale, discount, negotiation, mortgage, pledge, lien, issue or reissue, gift, or any other voluntary transaction creating an interest in property. For purposes of this paragraph, "sale" shall consist of the passing of title from the seller to the buyer for a price.

CHAPTER 200

An act to amend Section 74 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy.

[Approved by Governor July 27, 1999. Filed with Secretary of State July 28, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 74 of the Revenue and Taxation Code is amended to read:

74. (a) For purposes of subdivision (a) of Section 2 of Article XIII A of the Constitution, "newly constructed" does not include the construction or installation of any fire sprinkler system, other fire extinguishing system, fire detection system, or fire-related egress improvement that is constructed or installed on or after November 7, 1984.

(b) Notwithstanding any other provision of this chapter or Chapter 3.5 (commencing with Section 75), neither "newly constructed" nor "new construction" includes the construction or installation of any fire sprinkler system, other fire extinguishing system, fire detection system, or fire-related egress improvement that is constructed or installed on or after November 7, 1984.

(c) For purposes of this section:

(1) "Fire sprinkler system" means any system intended to discharge water for the purpose of suppressing or extinguishing a fire, and includes a fire sprinkler system that derives its water from the domestic water supply of the building or structure of which it is a part.

(2) "Other fire extinguishing system" means any system intended to suppress or to extinguish a fire other than by discharging water upon the fire. An "other fire extinguishing system" includes, but is not limited to, a component or application that, solely or primarily for the purposes of fire suppression or extinguishment, is made part of the heating, ventilating, or air-conditioning system of a building or structure, a wet chemical system, or a dry chemical system.

(3) "Fire detection system" means any system or appliance intended to detect combustion, or the products thereof, and to activate an alarm or signal, whether audio, visual, or otherwise, including all equipment used to transmit fire alarm activations and related signals to a remote location. A fire detection system includes any system that serves additional functions, but this section shall only apply with respect to that portion of a system that is for fire detection purposes. No portion of a fire detection system as described in this paragraph shall be deemed to be personal property, or shall be deemed to be excluded from that fire detection system, by reason of being owned or controlled by a person other than the owner of property upon which the fire detection system was constructed or installed.

(4) "Fire-related egress improvement" means any improvement intended to do either of the following:

(A) Provide any new, or improve any existing, means of egress for individuals from a structure, or any portion thereof, in which a fire is in progress, as to which there is an imminent threat that a fire may soon be in progress, or as to which individuals therein might be subjected to health hazards or the risk of physical injury due to a fire elsewhere.

(2) "Veteran" has the same meaning as in Section 18973.

(3) "Veterans service office" means an office established pursuant to Section 970 of the Military and Veterans Code.

(c) Nothing in this act shall be construed to require a city, county, or city and county, to implement a veterans' preference system. However, it is the intent of the Legislature in enacting this section that cities, counties, and cities and counties, to the extent possible, further the public policy embodied in Section 6 of Article VII of the California Constitution to promote veterans' preference.

(d) In enacting this section, the Legislature finds and declares that veterans' preference in civil service examinations is a matter of statewide concern.

(e) It is the intent of the Legislature that a board of supervisors or city council may seek the voluntary assistance of a veterans service office serving that area in implementing a veterans' preference system.

CHAPTER 202

An act to amend Sections 1204 and 1800 of the Code of Civil Procedure, relating to court proceedings.

[Approved by Governor July 27, 1999. Filed with Secretary of State July 28, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 1204 of the Code of Civil Procedure is amended to read:

1204. When any assignment, whether voluntary or involuntary, and whether formal or informal, is made for the benefit of creditors of the assignor, or results from any proceeding in insolvency or receivership commenced against him or her, or when any property is turned over to the creditors of a person, firm, association or corporation, or to a receiver or trustee for the benefit of creditors, the following claims have priority in the following order:

(a) Allowed unsecured claims, but only to the extent of four thousand three hundred dollars ($4,300) for each individual or corporation, as the case may be, earned within 90 days before the date of the making of such assignment or the taking over of the property or the commencement of the court proceeding or the date of the cessation of the debtor's business, whichever occurs first, for either of the following:

(1) Wages, salaries, or commissions, including vacation, severance and sick leave pay earned by an individual.

(2) Sales commissions earned by an individual, or by a corporation with only one employee, acting as an independent contractor in the sale of goods or services of the debtor in the ordinary course of the debtor's business if, and only if, during the 12 months preceding the date of the making of the assignment or the taking over of the property or the commencement of the proceeding or the date of the cessation of the debtor's business, whichever occurs first, at least 75 percent of the amount that the individual or corporation earned by acting as an independent contractor in the sale of goods or services was earned from the debtor.

(b) Allowed unsecured claims for contributions to employee benefit plans arising from services rendered within 180 days before the date of the making of the assignment or the taking over of the property or the commencement of the court proceeding or the date of the cessation of the debtor's business, whichever occurs first; but only for each employee benefit plan, to the extent of the number of employees covered by the plan multiplied by four thousand three hundred dollars ($4,300), less the aggregate amount paid to the employees under subdivision (a), plus the aggregate amount paid by the estate on behalf of the employees to any other employee benefit plan.

(c) The above claims shall be paid by the trustee, assignee or receiver before the claim of any other creditor of the assignor, insolvent, or debtor whose property is so turned over, and shall be paid as soon as the money with which to pay same becomes available. If there is insufficient money to pay all the labor claims in full, the money available shall be distributed among the claimants in proportion to the amount of their respective claims. The trustee,

receiver or assignee for the benefit of creditors shall have the right to require sworn claims to be presented and shall have the right to refuse to pay any such preferred claim, either in whole or in part, if he or she has reasonable cause to believe that a claim is not valid but shall pay any part thereof that is not disputed, without prejudice to the claimant's rights, as to the balance of his or her claim, and withhold sufficient money to cover the disputed portion until the claimant in question has a reasonable opportunity to establish the validity of his or her claim by court action, either in his or her own name or through an assignee.

(d) This section is binding upon all the courts of this state and in all receivership actions the court shall order the receiver to pay promptly out of the first receipts and earnings of the receivership, after paying the current operating expenses, such preferred labor claims.

SEC. 1.5. Section 1204 of the Code of Civil Procedure is amended to read:

1204. When any assignment, whether voluntary or involuntary, and whether formal or informal, is made for the benefit of creditors of the assignor, or results from any proceeding in insolvency or receivership commenced against him or her, or when any property is turned over to any creditor of a person, firm, association, or corporation, or to a receiver or trustee for the benefit of creditors, the following claims have priority in the following order:

(a) Allowed unsecured claims, but only to the extent of four thousand three hundred dollars ($4,300) for each individual or corporation, as the case may be, earned within 90 days before the date of the making of the assignment or the taking over of the property or the commencement of the court proceeding or the date of the cessation of the debtor's business, whichever occurs first, for either of the following:

(1) Wages, salaries, or commissions, including vacation, severance, and sick leave pay earned by an individual.

(2) Sales commissions earned by an individual, or by a corporation with only one employee, acting as an independent contractor in the sale of goods or services of the debtor in the ordinary course of the debtor's business if, and only if, during the 12 months preceding the date of the making of the assignment or the taking over of the property or the commencement of the proceeding or the date of the cessation of the debtor's business, whichever occurs first, at least 75 percent of the amount that the individual or corporation earned by acting as an independent contractor in the sale of goods or services was earned from the debtor.

(b) Allowed unsecured claims for contributions to employee benefit plans arising from services rendered within 180 days before the date of the making of the assignment or the taking over of the property or the commencement of the court proceeding or the date of the cessation of the debtor's business, whichever occurs first; but

only for each employee benefit plan, to the extent of the number of employees covered by the plan multiplied by four thousand three hundred dollars ($4,300), less the aggregate amount paid to the employees under subdivision (a), plus the aggregate amount paid by the estate on behalf of the employees to any other employee benefit plan.

(c) The preferred claims described in subdivisions (a) and (b) shall constitute a lien upon all property of the debtor, superior and prior to all other liens created by, or recognized by, the law of this state, to be paid by the trustee, assignee, creditor to whom the property is turned over, or receiver before the claim of any other creditor secured or unsecured of the assignor, insolvent, or debtor whose property is so turned over, and shall be paid as soon as the money with which to pay the claims becomes available. If there is insufficient money to pay all the labor claims in full, the money available shall be distributed among the claimants in proportion to the amount of their respective claims. The trustee, receiver, or assignee for the benefit of creditors shall have the right to require sworn claims to be presented and shall have the right to refuse to pay any preferred claim, either in whole or in part, if he or she has reasonable cause to believe that a claim is not valid but shall pay any part thereof that is not disputed, without prejudice to the claimant's rights, as to the balance of his or her claim, and withhold sufficient money to cover the disputed portion until the claimant in question has a reasonable opportunity to establish the validity of his or her claim by court action, either in his or her own name or through an assignee.

(d) This section is binding upon all the courts of this state and in all receivership actions the court shall order the receiver to pay promptly out of the first receipts and earnings of the receivership, after paying the current operating expenses, the preferred labor claims. In any action to enforce this section, reasonable attorney's fees and costs shall be awarded to the successful labor claimant.

(5) That enables the creditor to receive more than another creditor of the same class.

(c) The assignee may not recover under this section a transfer:

CHAPTER 203

An act to add Section 6166 to the Government Code, and to amend Sections 19005 and 19104 of the Revenue and Taxation Code, relating to state levies.

[Approved by Governor July 27, 1999. Filed with Secretary of State July 28, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 6166 is added to the Government Code, to read:

6166. Any state agency accepting payment by a means of credit card, whether pursuant to this chapter or Section 19005 of the Revenue and Taxation Code, shall, when sending a billing statement, notify each payer permitted to make payment to that agency by means of a credit card of his or her option of making payment by means of a credit card. Each state agency that sends a billing statement to an individual who is allowed to make payment to that agency by means of a credit card shall provide either of the following on that statement or on a document provided with the statement:

(a) A designated space on the payment form upon which the payer can provide a credit card number, expiration date, and signature.

(b) Complete instructions as to the procedure, by means of telephone or otherwise, that the payer must follow in order to pay by means of a credit card.

SEC. 2. Section 19005 of the Revenue and Taxation Code is amended to read:

19005. The tax, and any interest and penalties, shall be paid to the Franchise Tax Board. Except as provided in Section 19011 with respect to an electronic funds transfer, remittances may be in the form of a check, payable in United States funds to the Franchise Tax Board, at the time and in the manner as the Franchise Tax Board may prescribe or, notwithstanding Title 1.3 (commencing with Section 1747) of Part 4 of Title 3 of the Civil Code, in the form of a credit card or other payment device as defined in Chapter 2.6 (commencing with Section 6160) of the Government Code, at the time and in the manner that the Franchise Tax Board may prescribe. If a check or credit card remittance is not paid by the bank on which it is drawn, the taxpayer tendering the check or credit card remittance remains

liable for the payment of the tax, and all interest and penalties, as if the check or credit card remittance had not been tendered.

SEC. 3. Section 19104 of the Revenue and Taxation Code is amended to read:

19104. (a) Interest upon the amount assessed as a deficiency shall be assessed, collected, and paid in the same manner as the tax at the adjusted annual rate established pursuant to Section 19521 from the date prescribed for the payment of the tax or, if the tax is paid in installments, from the date prescribed for payment of the first installment, until the date the tax is paid. If any portion of the deficiency is paid prior to the date it is assessed, interest shall accrue on that portion only to the date paid.

(b) If the Franchise Tax Board makes or allows a refund or credit that it determines to be erroneous, in whole or in part, the amount erroneously made or allowed may be assessed and collected after notice and demand pursuant to Section 19051 (pertaining to mathematical errors), except that the rights of protest and appeal shall apply with respect to amounts assessable as deficiencies without regard to the running of any period of limitations provided elsewhere in this part. Notice and demand for repayment must be made within two years after the refund or credit was made or allowed, or during the period within which the Franchise Tax Board may mail a notice of proposed deficiency assessment, whichever period expires the later. Interest on amounts erroneously made or allowed shall not accrue until 30 days from the date the Franchise Tax Board mails a notice and demand for repayment as provided by this subdivision.

(c) (1) In the case of any assessment of interest, the Franchise Tax Board may abate the assessment of all or any part of that interest for any period in any of the following circumstances:

(A) Any deficiency attributable in whole or in part to any unreasonable error or delay by an officer or employee of the Franchise Tax Board (acting in his or her official capacity) in performing a ministerial or managerial act.

(B) Any payment of any tax described in Section 19033 to the extent that any delay in that payment is attributable to that officer or employee being dilatory in performing a ministerial or managerial act.

(C) Any interest accruing from a deficiency based on a final federal determination of tax, for the same period that interest was abated on the related federal deficiency amount under Section 6404(e) of the Internal Revenue Code, and the error or delay occurred on or before the issuance of the final federal determination. This subparagraph shall apply to any ministerial act for which the interest accrued after September 25, 1987, or for any managerial act applicable to a taxable or income year beginning on or after January 1, 1998, for which the Franchise Tax Board may propose an assessment or allow a claim for refund.

(D) For purposes of this paragraph:

(i) Except as provided in subparagraph (C), an error or delay shall be taken into account only if no significant aspect of that error or delay can be attributed to the taxpayer involved and after the Franchise Tax Board has contacted the taxpayer in writing with respect to that deficiency or payment.

(ii) Within 180 days after the Franchise Tax Board mails its notice of determination not to abate interest, a taxpayer may appeal the Franchise Tax Board's determination to the State Board of Equalization. The State Board of Equalization shall have jurisdiction over the appeal to determine whether the Franchise Tax Board's failure to abate interest under this section was an abuse of discretion, and may order an abatement.

(iii) Except for the amendment adding clause (ii), the amendments made by the act adding this clause are operative with respect to taxable or income years beginning on or after January 1, 1998. The amendment adding clause (ii) is operative for requests for abatement made on or after January 1, 1998.

(2) The Franchise Tax Board shall abate the assessment of all interest on any erroneous refund for which an action for recovery is provided under Section 19411 until 30 days after the date demand for repayment is made, unless either of the following has occurred:

(A) The taxpayer (or a related party) has in any way caused that erroneous refund.

(B) That erroneous refund exceeds fifty thousand dollars ($50,000).

The people of the State of California do enact as follows:

SECTION 1. Section 35556 of the Education Code is amended to read:

35556. (f) "Downpayment" means any payment which the buyer pays or agrees to pay to the seller in cash or property value or money's worth at or prior to delivery by the seller to the buyer of the motor vehicle described in the conditional sale contract. The term shall also include the amount of any portion of the downpayment the payment of which is deferred until not later than the due date of the second otherwise scheduled payment, if the amount of the deferred downpayment is not subject to a finance charge. The term does not include any administrative finance charge charged, received or collected by the seller as provided in this chapter.

(g) "Amount financed" means the amount required to be disclosed pursuant to paragraph (8) of subdivision (a) of Section 2982.

(1) Calculated on the basis of a 365-day year and actual days elapsed (although the seller may, but need not, adjust its calculations

to account for leap years); reference in this chapter to the "365-day basis" shall mean this method of determining the finance charge, or

(2) For contracts entered into prior to January 1, 1988, calculated on the basis of a 360-day year consisting of 12 months of 30 days each and on the assumption that all payments will be received by the seller on their respective due dates; reference in this chapter to the "360-day basis" shall mean this method of determining the finance charge.

(o) "Precomputed basis" means the determination of a finance charge by multiplying the original unpaid balance of the contract by a rate and multiplying that product by the number of payment periods elapsing between the date of the contract and the date of the last scheduled payment.

2982. Every conditional sale contract subject to this chapter shall contain the disclosures required by Regulation Z whether or not Regulation Z applies to the transaction. In addition, to the extent applicable, the contract shall contain the other disclosures and notices required by, and shall satisfy the requirements and limitations of, this section. The disclosures required by subdivision (a) may be itemized or subtotaled to a greater extent than as required by that subdivision and shall be made together and in the sequence set forth in that subdivision. (2) Amounts paid to public officials for the following:

(A) Vehicle license fees.

(B) Registration, transfer, and titling fees.

(A) The agreed value of the property being traded in.

(B) The prior credit or lease balance, if any, owing on the property being traded in.

(C) The net agreed value of the property being traded in, which is the difference between the amounts disclosed in subparagraphs (A) and (B). If the prior credit or lease balance of the property being traded in exceeds the agreed value of the property, a negative number shall be stated.

(D) The amount of any portion of the downpayment to be deferred until not later than the due date of the second regularly scheduled installment under the contract and which is not subject to a finance charge.

(E) The amount of any manufacturer's rebate applied or to be applied to the downpayment.

(G) The total downpayment. If the sum of subparagraphs (C) to (F), inclusive, is zero or more, that sum shall be stated as the total downpayment and no amount shall be stated as the prior credit or lease balance under subparagraph (F) of paragraph (1). If the sum of subparagraphs (C) to (F), inclusive, is less than zero, then that sum, expressed as a positive number, shall be stated as the prior credit or lease balance under subparagraph (F) of paragraph (1), and zero shall be stated as the total downpayment. The disclosure required by this subparagraph shall be labeled "total downpayment" and shall contain a descriptor indicating that if the total downpayment is a negative number, a zero shall be disclosed as the total downpayment and a reference made that the remainder shall be included in the disclosure required pursuant to subparagraph (F) of paragraph (1).

(7) The amount of any administrative finance charge, labeled "prepaid finance charge."

(8) The difference between item (5) and the sum of items (6) and (7), labeled "amount financed."

(b) No particular terminology is required to disclose the items set forth in subdivision (a) except as expressly provided in that subdivision.

(c) If payment of all or a portion of the downpayment is to be deferred, the deferred payment shall be reflected in the payment schedule disclosed pursuant to Regulation Z.

(d) If the downpayment includes property being traded in, the contract shall contain a brief description of that property.

(e) The contract shall contain the names and addresses of all persons to whom the notice required under Section 2983.2 and permitted under Sections 2983.5 and 2984 is to be sent.

(f) (1) Where the contract includes a finance charge determined on the precomputed basis, the contract shall identify the method of computing the unearned portion of the finance charge in the event of prepayment in full of the buyer's obligation and contain a statement of the amount or method of computation of any charge that may be deducted from the amount of any unearned finance charge in computing the amount that will be credited to the obligation or refunded to the buyer. The method of computing the unearned portion of the finance charge shall be sufficiently identified with a reference to the actuarial method if the computation will be under that method. The method of computing the unearned portion of the finance charge shall be sufficiently identified with a reference to the Rule of 78's, the sum of the digits, or the sum of the periodic time balances method in all other cases, and those references shall be deemed to be equivalent for disclosure purposes.

(2) Where the contract includes a finance charge which is determined on the simple-interest basis but provides for a minimum finance charge in the event of prepayment in full, the contract shall contain a statement of that fact and the amount of the minimum finance charge or its method of calculation.

(g) (1) Where the contract includes a finance charge which is determined on the precomputed basis and provides that the unearned portion of the finance charge to be refunded upon full prepayment of the contract is to be determined by a method other than actuarial, the contract shall contain a notice, in at least 10-point boldface type if the contract is printed, reading as follows: "Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time and obtain a partial refund of the finance charge if it is $1 or more. Because of the way the amount of this refund will be figured, the time when you prepay could increase the ultimate cost of credit under this agreement. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement."

(2) Where the contract includes a finance charge which is determined on the precomputed basis and provides for the actuarial method for computing the unearned portion of the finance charge upon prepayment in full, the contract shall contain a notice, in at least 10-point boldface type if the contract is printed, reading as follows: "Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time and obtain a partial refund of the finance charge if it is $1 or more. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement."

(3) Where the contract includes a finance charge which is determined on the simple-interest basis, the contract shall contain a notice, in at least 10-point boldface type if the contract is printed, reading as follows: "Notice to buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) You can prepay the full amount due under this agreement at any time. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement."

(h) The contract shall contain a notice in at least 8-point boldface type, acknowledged by the buyer, that reads as follows:

"If you have a complaint concerning this sale, you should try to resolve it with the seller.

Complaints concerning unfair or deceptive practices or methods by the seller may be referred to the city attorney, the district attorney, or an investigator for the Department of Motor Vehicles, or any combination thereof.

After this contract is signed, the seller may not change the financing or payment terms unless you agree in writing to the change. You do not have to agree to any change, and it is an unfair or deceptive practice for the seller to make a unilateral change.

_____

Buyer's Signature"

(i) (1) The contract shall contain an itemization of any insurance included as part of the amount financed disclosed pursuant to paragraph (3) of subdivision (a) and of any insurance included as part of the finance charge. The itemization shall identify the type of insurance coverage and the premium charged therefor, and, if the insurance expires before the date of the last scheduled installment

included in the repayment schedule, the term of the insurance shall be stated.

(2) If any charge for insurance (other than for credit life or disability) is included in the contract balance and disbursement of any part thereof is to be made more than one year after the date of the conditional sale contract, any finance charge on the amount to be disbursed after one year shall be computed from the month the disbursement is to be made to the due date of the last installment under the conditional sale contract.

(j) (1) Except for contracts in which the finance charge or portion thereof is determined by the simple-interest basis and the amount financed disclosed pursuant to paragraph (8) of subdivision (a) is more than two thousand five hundred dollars ($2,500), the dollar amount of the disclosed finance charge shall not exceed the greater of:

(A) (i) One and one-half percent on so much of the unpaid balance as does not exceed two hundred twenty-five dollars ($225), $1\frac{1}{6}$ percent on so much of the unpaid balance in excess of two hundred twenty-five dollars ($225) as does not exceed nine hundred dollars ($900) and $\frac{5}{6}$ of 1 percent on so much of the unpaid balance in excess of nine hundred dollars ($900) as does not exceed two thousand five hundred dollars ($2,500); or

(ii) One percent of the entire unpaid balance; multiplied in either case by the number of months (computed on the basis of a full month for any fractional month period in excess of 15 days) elapsing between the date of the contract and the due date of the last installment; or

(B) If the finance charge is determined by the precomputed basis, twenty-five dollars ($25); or

(C) If the finance charge or a portion thereof is determined by the simple-interest basis:

(i) Twenty-five dollars ($25) if the unpaid balance does not exceed one thousand dollars ($1,000), (ii) fifty dollars ($50) if the unpaid balance exceeds one thousand dollars ($1,000) but does not exceed two thousand dollars ($2,000), or (iii) seventy-five dollars ($75) if the unpaid balance exceeds two thousand dollars ($2,000).

(2) The holder of the contract shall not charge, collect, or receive a finance charge which exceeds the disclosed finance charge, except to the extent (A) caused by the holder's receipt of one or more payments under a contract which provides for determination of the finance charge or a portion thereof on the 365-day basis at a time or times other than as originally scheduled whether or not the parties enter into an agreement pursuant to Section 2982.3, (B) permitted by paragraph (2), (3), or (4) of subdivision (c) of Section 226.17 of Regulation Z, or (C) permitted by subdivisions (a) and (c) of Section 2982.8.

(3) If the finance charge or a portion thereof is determined by the simple-interest basis and the amount of the unpaid balance exceeds

five thousand dollars ($5,000), the holder of the contract may, in lieu of its right to a minimum finance charge under subparagraph (C) of paragraph (1), charge, receive, or collect on the date of the contract an administrative finance charge not to exceed seventy-five dollars ($75), provided that the sum of the administrative finance charge and the portion of the finance charge determined by the simple-interest basis shall not exceed the maximum total finance charge permitted by subparagraph (A) of paragraph (1). Any administrative finance charge which is charged, received, or collected by a holder shall be deemed a finance charge earned on the date of the contract.

(4) When a contract provides for unequal or irregular payments, or payments on other than a monthly basis, the maximum finance charge shall be at the effective rate provided for in paragraph (1), having due regard for the schedule of installments.

(k) The contract may provide that for each installment in default for a period of not less than 10 days the buyer shall pay a delinquency charge in an amount not to exceed in the aggregate 5 percent of the delinquent installment, which amount may be collected only once on any installment regardless of the period during which it remains in default. Payments timely received by the seller under an extension or deferral agreement shall not be subject to a delinquency charge unless the charge is permitted by Section 2982.3. The contract may provide for reasonable collection costs and fees in the event of delinquency.

(*l*) Notwithstanding any provision of a contract to the contrary, the buyer may pay at any time before maturity the entire indebtedness evidenced by the contract without penalty. In the event of prepayment in full:

(1) If the finance charge was determined on the precomputed basis, the amount required to prepay the contract shall be the outstanding contract balance as of that date, provided, however, that the buyer shall be entitled to a refund credit in the amount of the unearned portion of the finance charge, except as provided in paragraphs (3) and (4). The amount of the unearned portion of the finance charge shall be at least as great a proportion of the finance charge, including any additional finance charge imposed pursuant to Section 2982.8 or other additional charge imposed because the contract has been extended, deferred, or refinanced, as the sum of the periodic monthly time balances payable more than 15 days after the date of prepayment bears to the sum of all the periodic monthly time balances under the schedule of installments in the contract or, if the contract has been extended, deferred, or refinanced, as so extended, deferred, or refinanced. Where the amount of the refund credit is less than one dollar ($1), no refund credit need be made by the holder. Any refund credit may be made in cash or credited to the outstanding obligations of the buyer under the contract.

(2) If the finance charge or a portion thereof was determined on the simple-interest basis, the amount required to prepay the contract shall be the outstanding contract balance as of that date, including any earned finance charges which are unpaid as of that date and, if applicable, the amount provided in paragraph (3), and provided further that in cases where a finance charge is determined on the 360-day basis, the payments theretofore received will be assumed to have been received on their respective due dates regardless of the actual dates on which the payments were received.

(3) Where the minimum finance charge provided by subparagraph (B) or subparagraph (C) of paragraph (1) of subdivision (j), if either is applicable, is greater than the earned finance charge as of the date of prepayment, the holder shall be additionally entitled to the difference.

(4) The provisions of this subdivision shall not impair the right of the seller or the seller's assignee to receive delinquency charges on delinquent installments and reasonable costs and fees as provided in subdivision (k) or extension or deferral agreement charges as provided in Section 2982.3.

(5) Notwithstanding any provision of a contract to the contrary, whenever the indebtedness created by any contract is satisfied prior to its maturity through surrender of the motor vehicle, repossession of the motor vehicle, redemption of the motor vehicle after repossession, or any judgment, the outstanding obligation of the buyer shall be determined as provided in paragraph (1) or (2); provided further that the buyer's outstanding obligation shall be computed by the holder as of the date the holder recovers the value of the motor vehicle through disposition thereof or judgment is entered or, if the holder elects to keep the motor vehicle in satisfaction of the buyer's indebtedness, as of the date the holder takes possession of the motor vehicle.

(m) Notwithstanding any other provision of this chapter to the contrary, any information required to be disclosed in a conditional sale contract under this chapter may be disclosed in any manner, method, or terminology required or permitted under Regulation Z, as in effect at the time that disclosure is made, except that permitted by paragraph (2) of subdivision (c) of Section 226.18 of Regulation Z, provided that all of the requirements and limitations set forth in subdivision (a) of this section are satisfied. Nothing in this chapter prohibits the disclosure in that contract of additional information required or permitted under Regulation Z, as in effect at the time that disclosure is made.

(n) If the seller imposes a fee for document preparation, the contract shall contain a disclosure that the fee is not a governmental fee.

(o) No seller may impose an application fee for a transaction governed by this chapter.

(p) The seller or holder may charge and collect a fee not to exceed fifteen dollars ($15) for the return by a depository institution of a dishonored check, negotiated order of withdrawal, or share draft issued in connection with the contract, if the contract so provides or if the contract contains a generalized statement that the buyer may be liable for collection costs incurred in connection with the contract.

(q) The contract shall disclose on its face, by printing the word "new" or "used" within a box outlined in red, that is not smaller than one-half inch high and one-half inch wide, whether the vehicle is sold as a new vehicle, as defined in Section 430 of the Vehicle Code, or a used vehicle, as defined in Section 665 of the Vehicle Code.

(r) The contract shall contain a notice with a heading in at least 12-point bold type and the text in at least 10-point bold type, circumscribed by a line, immediately above the contract signature line, that reads as follows:

THERE IS NO COOLING OFF PERIOD

California law does not provide for a "cooling off" or other cancellation period for vehicle sales. Therefore, you cannot later cancel this contract simply because you change your mind, decide the vehicle costs too much, or wish you had acquired a different vehicle. After you sign below, you may only cancel this contract with the agreement of the seller or for legal cause, such as fraud.

SEC. 3. Section 2982.2 of the Civil Code is repealed.

CHAPTER 213

An act to add Section 1633 to the Civil Code, relating to contracts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 27, 1999. Filed with Secretary of State July 28, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 1633 is added to the Civil Code, to read:

1633. (a) Notwithstanding any other provision of law, an application by a prospective customer to enter into a brokerage agreement with a broker-dealer, which application is transmitted electronically and is accompanied by the prospective customer's electronic signature or digital signature as described in subdivisions (d), (e), (f), and (g), shall be deemed, upon acceptance by the

broker-dealer, to be a fully executed, valid, enforceable, and irrevocable written contract, unless grounds exist which would render any other contract invalid, unenforceable, or revocable.

(b) Nothing in this section abrogates or limits any existing law that would otherwise apply to contracts governed by this section, or any theory of liability or any remedy otherwise available at law.

(c) "Broker-dealer," for purposes of this section, means any broker-dealer licensed pursuant to Part 3 (commencing with Section 25200) of Division 1 of Title 4 of the Corporations Code or exempted from licensing pursuant thereto.

(d) "Electronic" means relating to technology having electrical, digital, magnetic, wireless, optical, electromagnetic, or similar capabilities.

(e) "Electronic record" means a record created, generated, sent, communicated, received, or stored electronically.

(f) "Electronic signature" means an electronic sound, symbol, or process attached to or logically associated with an electronic record and executed or adopted by a person with the intent to sign the electronic record.

(g) "Digital signature," for the purposes of this section, means an electronic identifier, created by a computer, that is intended by the party using it to have the same force and effect as the use of a manual signature. The use of a digital signature shall have the same force or effect as a manual signature if it embodies all of the following attributes:

(1) It is unique to the person using it.

(2) It is capable of verification.

(3) It is under the sole control of the person using it.

(4) It is linked to data in a manner that if the data is changed, the digital signature is invalidated.

(h) The use of an electronic signature or digital signature shall have the same force or effect as a manual signature.

(i) The application that is transmitted electronically pursuant to subdivision (a) shall comply with all applicable federal and state securities laws and regulations relating to disclosures to prospective customers. Unless those laws and regulations currently require disclosures to be displayed or printed in bold, to be of specific type or print size, and to be placed prominently at specified locations within the application, the disclosures shall be displayed prominently and printed in capital letters, in bold type and displayed or printed immediately above the signature line. Disclosures shall be written in plain English. The full text of the disclosures shall be contained in the application as required by this subdivision.

(j) Whenever a disclosure to a prospective customer is required under federal or state law or regulation to be confirmed as having been made, the application that is transmitted electronically pursuant to subdivision (a) shall provide a means by which the

prospective customer shall confirm that he or she has read the disclosure.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to ensure the validity of the increasing number of brokerage agreements entered into through electronic commerce as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 214

An act to amend Section 366.5 of the Public Utilities Code, relating to public utilities.

[Approved by Governor July 27, 1999. Filed with Secretary of State July 28, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 366.5 of the Public Utilities Code is amended to read:

366.5. (a) No change in the aggregator or supplier of electric power for any small commercial customer may be made until one of the following means of confirming the change has been completed:

(1) Independent third-party telephone verification.

(2) Receipt of a written confirmation received in the mail from the consumer after the consumer has received an information package confirming the agreement.

(3) The customer signs a document fully explaining the nature and effect of the change in service.

(4) The customer's consent is obtained through electronic means, including but not limited to, computer transactions.

(b) No change in the aggregator or provider of electric power for any residential customer may be made over the telephone until the change has been confirmed by an independent third-party verification company, as follows:

(1) The third-party verification company shall meet each of the following criteria:

(A) Be independent from the entity that seeks to provide the new service.

(B) Not be directly or indirectly managed, controlled, or directed, or owned wholly or in part, by an entity that seeks to provide the new service or by any corporation, firm, or person who directly or indirectly manages, controls, or directs, or owns more than 5 percent of the entity.

(C) Operate from facilities physically separate from those of the entity that seeks to provide the new service.

(D) Not derive commission or compensation based upon the number of sales confirmed.

(2) The entity seeking to verify the sale shall do so by connecting the resident by telephone to the third-party verification company or by arranging for the third-party verification company to call the customer to confirm the sale.

(3) The third-party verification company shall obtain the customer's oral confirmation regarding the change, and shall record that confirmation by obtaining appropriate verification data. The record shall be available to the customer upon request. Information obtained from the customer through confirmation shall not be used for marketing purposes. Any unauthorized release of this information is grounds for a civil suit by the aggrieved resident against the entity or its employees who are responsible for the violation.

(4) Notwithstanding paragraphs (1), (2), and (3), an aggregator or provider of electric power shall not be required to comply with these provisions when the customer directly calls an aggregator or provider of electric power to change service providers. However, an aggregator or provider of electric power shall not avoid the verification requirements by asking a customer to contact an aggregator or provider of electric power directly to make any change in the service provider.

(c) No change in the aggregator or provider of electric power for any residential customer may be made via an Internet transaction, in which the customer accesses the website of the aggregator or provider, unless both of the following occur with respect to confirming the change:

(1) In addition to any other information gathered in the course of the transaction, the customer shall be asked to read and respond to a separate screen that states, in easily legible text, the following:

"I acknowledge that in entering this transaction I am voluntarily choosing to change the entity that supplies me with my electric power."

(2) The separate screen shall offer the customer the option to complete or terminate the transaction.

(d) (1) No change in the aggregator or provider of electric power for any residential customer may be made via a written transaction unless the change has been confirmed, as provided in this subdivision. In order to comply with this subdivision, in addition to any other information gathered in the course of the transaction, and in addition to any other signature required, the customer shall be asked to sign and date a document separate from that written transaction, containing the following words printed in ten point type or larger:

"I acknowledge that in signing this contract or agreement, I am voluntarily choosing to change the entity that supplies me with electric power."

(2) The acknowledgment document described in paragraph (1) may not be included with a check or in connection with a sweepstakes solicitation.

(e) Any aggregator or provider of electric power offering electricity service to residential and small commercial customers that switches the electric service of a customer without the customer's consent shall be liable to the aggregator or provider of electric power offering electricity services previously selected by the customer in an amount equal to all charges paid by the customer after the violation and shall refund to the customer any amount in excess of the amount that the customer would have been obligated to pay had the customer not been switched.

(f) An aggregator or provider of electric power shall keep a record of the confirmation of a change pursuant to subdivision (b), (c), or (d) for two years from the date of that confirmation, and shall make those records available, upon request, to the customer and to the commission in the course of a commission investigation of a customer complaint or an investigation pursuant to subdivision (c) of Section 394.2.

(g) Public agencies are exempt from this section to the extent they are serving customers within their jurisdiction.

(h) Notwithstanding subdivisions (c) and (d), the commission may require third-party verification for all residential changes to electric service providers if it finds that the application of subdivisions (c) and (d) results in the unauthorized changing of a customer's electric service provider.

(i) An electrical corporation is exempt from this section for customers that default to the service of the electrical corporation.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 215

An act to add and repeal Article 9.5 (commencing with Section 18805) of Chapter 3 of Part 10.2 of Division 2 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor July 27, 1999. Filed with Secretary of State July 28, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Article 9.5 (commencing with Section 18805) is added to Chapter 3 of Part 10.2 of Division 2 of the Revenue and Taxation Code, to read:

Article 9.5. Designations to the California Peace Officer Memorial Foundation Fund

18805. (a) Any taxpayer may designate on the tax return that a contribution in excess of the tax liability, if any, be made to the California Peace Officer Memorial Foundation Fund, which is established by Section 18806. That designation is to be used as a voluntary checkoff on the tax return.

(b) The contributions shall be in full dollar amounts and may be made individually by each signatory on the joint return.

(c) A designation shall be made for any taxable year on the initial return for that taxable year, and once made shall be irrevocable. In the event that payments and credits reported on the return, together with any other credits associated with the taxpayer's account, do not exceed the taxpayer's liability, the return shall be treated as though no designation has been made. In the event that no designee is specified, the contribution shall be transferred to the General Fund, after reimbursement of the direct actual costs of the Franchise Tax Board for the collection and the administration of funds under this article.

(d) In the event a taxpayer designates a contribution to more than one account or fund listed on the tax return, and the amount available for designation is insufficient to satisfy the total amount designated, the contribution shall be allocated among the designees on a pro rata basis.

(e) The Franchise Tax Board shall revise the forms of the return to include a space labeled the "California Peace Officer Memorial Foundation Fund" to allow for the designation permitted. The forms shall also include in the instructions information that the contribution may be in the amount of one dollar ($1) or more and that the contribution shall be used to build and maintain the California Peace Officer Memorial in Sacramento, California, and for activities performed by the California Peace Officer Memorial Foundation in support of families of slain peace officers.

(f) A deduction shall be allowed under Article 6 (commencing with Section 17201) of Chapter 3 for any contribution made pursuant to subdivision (a).

18806. There is in the State Treasury the California Peace Officer Memorial Foundation Fund to receive contributions made pursuant to Section 18805. The Franchise Tax Board shall notify the Controller of both the amount of money paid by taxpayers in excess of their tax liability and the amount of refund money which taxpayers have

designated pursuant to Section 18805 to be transferred to the California Peace Officer Memorial Foundation Fund. The Controller shall transfer from the Personal Income Tax Fund to the California Peace Officer Memorial Foundation Fund an amount not in excess of the sum of the amounts designated by individuals pursuant to Section 18805 for payment into that fund. It is the intent of the Legislature that the tax return for the 1999 taxable year include a space for the California Peace Officer Memorial Foundation Fund.

18807. All money transferred to the California Foundation Memorial Foundation Fund, upon appropriation by the Legislature, shall be allocated as follows:

(a) To the Franchise Tax Board and the Controller for reimbursement of all costs incurred by the Franchise Tax Board and the Controller in connection with their duties under this article.

(b) To the California Peace Officer Memorial Commission for building and maintaining the California Peace Officer Memorial in Sacramento, California, and for activities performed by the California Peace Officer Memorial Foundation in support of families of slain peace officers.

18808. (a) This article shall remain in effect only until January 1, 2006, and as of that date is repealed, unless a later enacted statute, which is enacted before January 1, 2006, deletes that date.

(b) If, in any calendar year the Franchise Tax Board estimates by September 1 that contributions described in this article made on returns filed in that calendar year will be less than two hundred fifty thousand dollars ($250,000), or the adjusted amount specified in subdivision (c), as may be applicable, then this article is repealed with respect to taxable years beginning on and after January 1 of that calendar year. The Franchise Tax Board shall estimate the annual contribution amount by September 1 of each year using the actual amounts known to be contributed and an estimate of the remaining year's contributions.

(c) For each calendar year, beginning with calendar year 2001, the Franchise Tax Board shall adjust, on or before September 1 of that calendar year, the minimum estimated contribution amount specified in subdivision (b) as follows:

(1) The minimum estimated contribution amount for the calendar year shall be an amount equal to the product of the minimum estimated contribution amount for the prior September 1 multiplied by the inflation factor adjustment as specified in paragraph (2) of subdivision (h) of Section 17041, rounded off to the nearest dollar.

(2) The inflation factor adjustment used for the calendar year shall be based on the figures for the percentage change in the California Consumer Price Index received on or before August 1 of the calendar year pursuant to paragraph (1) of subdivision (h) of Section 17041.

(d) Notwithstanding the repeal of this article, any contribution amounts designated pursuant to this article prior to its repeal shall

continue to be transferred and disbursed in accordance with this article as in effect immediately prior to that repeal.

CHAPTER 216

An act to add Section 354.6 to the Code of Civil Procedure, relating to compensation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 27, 1999. Filed with Secretary of State July 28, 1999.]

The people of the State of California do enact as follows:

SECTION 1. (a) Thousands of victims of Nazi persecution, and the heirs of victims of Nazi persecution, are residents of the State of California.

(b) These victims of Nazi persecution have been deprived of their entitlement to compensation for their labor and for injuries sustained while performing that labor as forced or slave laborers prior to and during the Second World War.

(c) California has a moral and public policy interest in assuring that its residents and citizens are given a reasonable opportunity to claim their entitlement to compensation for forced or slave labor performed prior to and during the Second World War.

(d) To the extent that the statute of limitations applicable to claims for compensation is extended by this act, that extension of the limitations period is intended to be applied retroactively, irrespective of whether the claims were otherwise barred by any applicable statute of limitations under any other provision of law prior to the enactment of this act.

SEC. 2. It is the intent of the Legislature, in addition to the provisions of this act, to enact additional public policy in any other case of proven patterns of slave labor employed by firms presently doing business in California that served as the basis of ill-gotten wealth at the expense of victims who are residents of California.

SEC. 3. The Treasurer, the Public Employees Retirement System, and the State Teacher's Retirement System shall monitor and report to the Legislature on investments of the state and its pension funds in companies doing business in California, and affiliates of those companies, that owe compensation to victims of slave and forced labor from 1929 to 1945.

SEC. 4. Section 354.6 is added to the Code of Civil Procedure, to read:

354.6. (a) As used in this section:

(1) "Second World War slave labor victim" means any person taken from a concentration camp or ghetto or diverted from

transportation to a concentration camp or from a ghetto to perform labor without pay for any period of time between 1929 and 1945, by the Nazi regime, its allies and sympathizers, or enterprises transacting business in any of the areas occupied by or under control of the Nazi regime or its allies and sympathizers.

(2) 'Second World War forced labor victim'' means any person who was a member of the civilian population conquered by the Nazi regime, its allies or sympathizers, or prisoner-of-war of the Nazi regime, its allies or sympathizers, forced to perform labor without pay for any period of time between 1929 and 1945, by the Nazi regime, its allies and sympathizers, or enterprises transacting business in any of the areas occupied by or under control of the Nazi regime or its allies and sympathizers.

(3) ''Compensation'' means the present value of wages and benefits that individuals should have been paid and damages for injuries sustained in connection with the labor performed. Present value shall be calculated on the basis of the market value of the services at the time they were performed, plus interest from the time the services were performed, compounded annually to date of full payment without diminution for wartime or postwar currency devaluation.

(b) Any Second World War slave labor victim, or heir of a Second World War slave labor victim, Second World War forced labor victim, or heir of a Second World War forced labor victim, may bring an action to recover compensation for labor performed as a Second World War slave labor victim or Second World War forced labor victim from any entity or successor in interest thereof, for whom that labor was performed, either directly or through a subsidiary or affiliate. That action may be brought in a superior court of this state, which court shall have jurisdiction over that action until its completion or resolution.

(c) Any action brought under this section shall not be dismissed for failure to comply with the applicable statute of limitation, if the action is commenced on or before December 31, 2010.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order to provide just compensation to aging Second World War slave labor victims and Second World War forced labor victims, it is necessary that this act take effect immediately.

As used in this section, "borrowing" does not include bank overdrafts.

CHAPTER 218

[Approved by Governor July 28, 1999. Filed with Secretary of State July 28, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 19549 of the Business and Professions Code is amended to read:

19549. Except as provided in Section 19549.1, the maximum number of racing days that may be allocated to the California Exposition and State Fair or a county or district agricultural association fair or citrus fruit fair shall be 14 days each year. Those racing days shall be days during the period in which general fair activities are conducted. However, any fair racing association that conducted racing in the central or southern zone prior to January 1, 1980, shall be entitled to be allocated up to three weeks of racing. The board shall take public testimony and make all determinations on the allocation of racing dates during a public hearing. All discussions of allocating racing dates by the board or its subcommittees shall be conducted during a public hearing. Nothing in this section diminishes the authority of the board to establish racing dates.

[Approved by Governor July 28, 1999. Filed with

The people of the State of California do enact as follows:

SECTION 1. Section 19596.2 of the Business and Professions Code is amended to read:

Further, the total number of thoroughbred races imported by associations or fairs on a statewide basis under this section shall not exceed 23 per day on days when live thoroughbred or fair racing is being conducted in the state. The limitation of 23 imported races per day does not apply to any of the following:

(2) Races imported that are part of the race card of the Kentucky Derby, the Kentucky Oaks, the Preakness Stakes, the Belmont Stakes, the Jockey Club Gold Cup, the Breeders' Cup, or the Haskell Invitational.

(3) Races imported into the northern zone when there is no live thoroughbred or fair racing being conducted in the northern zone.

(4) Races imported into the combined central and southern zones when there is no live thoroughbred or fair racing being conducted in the combined central and southern zones.

(c) Any thoroughbred association or fair accepting wagers pursuant to subdivision (a) shall conduct the wagering in accordance with the applicable provisions of Sections 19601, 19616, 19616.1, and 19616.2.

(d) No thoroughbred association or fair shall accept wagers pursuant to this section on out-of-state or out-of-country races commencing after 7:00 p.m., Pacific Standard Time, without the consent of the harness or quarter horse racing association that is then

conducting a live racing meeting in Orange or Sacramento Counties, and no quarter horse or harness racing association shall accept wagers on out-of-state or out-of-country quarter horse or harness races commencing before 5:30 p.m., Pacific Standard Time, without the consent of any thoroughbred association or fair that is then conducting a live racing meeting in this state.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

In order for racing associations and fairs to generate additional purses and state license fee revenues from wagering on imported stakes racing programs that will be conducted during the remainder of calendar year 1999, it is necessary that this act take immediate effect.

CHAPTER 220

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 221

An act to amend Sections 6068 and 6085 of, to amend, repeal, and add Sections 6079.1 and 6086.65 of, and to add Section 6095.1 to, the Business and Professions Code, relating to attorneys.

[Approved by Governor July 28, 1999. Filed with Secretary of State July 28, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 6068 of the Business and Professions Code is amended to read:

6068. It is the duty of an attorney to do all of the following:

(a) To support the Constitution and laws of the United States and of this state.

(b) To maintain the respect due to the courts of justice and judicial officers.

(c) To counsel or maintain such actions, proceedings, or defenses only as appear to him or her legal or just, except the defense of a person charged with a public offense.

(e) To maintain inviolate the confidence, and at every peril to himself or herself to preserve the secrets, of his or her client.

(f) To abstain from all offensive personality, and to advance no fact prejudicial to the honor or reputation of a party or witness, unless required by the justice of the cause with which he or she is charged.

(h) Never to reject, for any consideration personal to himself or herself, the cause of the defenseless or the oppressed.

(i) To cooperate and participate in any disciplinary investigation or other regulatory or disciplinary proceeding pending against the attorney. However, this subdivision shall not be construed to deprive an attorney of any privilege guaranteed by the Fifth Amendment to the Constitution of the United States or any other constitutional or statutory privileges, nor shall this subdivision be construed to require an attorney to cooperate with a request that requires the attorney to waive any constitutional or statutory privilege or to comply with a request for information or other matters within an unreasonable period of time in light of the time constraints of the attorney's practice. Any exercise by an attorney of any constitutional or statutory privilege shall not be used against the attorney in a regulatory or disciplinary proceeding against him or her.

(j) To comply with the requirements of Section 6002.1.

(k) To comply with all conditions attached to any disciplinary probation, including a probation imposed with the concurrence of the attorney.

(*l*) To keep all agreements made in lieu of disciplinary prosecution with the agency charged with attorney discipline.

(m) To respond promptly to reasonable status inquiries of clients and to keep clients reasonably informed of significant developments in matters with regard to which the attorney has agreed to provide legal services.

(n) To provide copies to the client of certain documents under time limits and as prescribed in a rule of professional conduct which the board shall adopt.

(o) To report to the agency charged with attorney discipline, in writing, within 30 days of the time the attorney has knowledge of any of the following:

(2) The entry of judgment against the attorney in any civil action for fraud, misrepresentation, breach of fiduciary duty, or gross negligence committed in a professional capacity.

(3) The imposition of any judicial sanctions against the attorney, except for sanctions for failure to make discovery or monetary sanctions of less than one thousand dollars ($1,000).

(4) The bringing of an indictment or information charging a felony against the attorney.

(5) The conviction of the attorney, including any verdict of guilty, or plea of guilty or no contest, of any felony, or any misdemeanor committed in the course of the practice of law, or in any manner such that a client of the attorney was the victim, or a necessary element of which, as determined by the statutory or common law definition of the misdemeanor, involves improper conduct of an attorney, including dishonesty or other moral turpitude, or an attempt or a conspiracy or solicitation of another to commit a felony or any such misdemeanor.

(6) The imposition of discipline against the attorney by any professional or occupational disciplinary agency or licensing board, whether in California or elsewhere.

(7) Reversal of judgment in a proceeding based in whole or in part upon misconduct, grossly incompetent representation, or willful misrepresentation by an attorney.

(8) As used in this subdivision, "against the attorney" includes claims and proceedings against any firm of attorneys for the practice of law in which the attorney was a partner at the time of the conduct complained of and any law corporation in which the attorney was a shareholder at the time of the conduct complained of unless the

matter has to the attorney's knowledge already been reported by the law firm or corporation.

(9) The State Bar may develop a prescribed form for the making of reports required by this section, usage of which it may require by rule or regulation.

(10) This subdivision is only intended to provide that the failure to report as required herein may serve as a basis of discipline.

SEC. 2. Section 6079.1 of the Business and Professions Code is amended to read:

6079.1. (a) The Supreme Court shall appoint a presiding judge of the State Bar Court and no fewer than seven hearing judges, and any additional hearing judges as may be authorized by the Legislature, to efficiently decide any and all regulatory matters pending before the Hearing Department of the State Bar Court. The presiding judge and all other judges of that department shall be appointed for a term of six years and may be reappointed for additional six-year terms. Any judge appointed under this section shall be subject to admonition, censure, removal, or retirement by the Supreme Court upon the same grounds as provided for judges of courts of record of this state.

(b) Judges of the State Bar Court appointed under this section shall not engage in the private practice of law. The State Bar Court shall be broadly representative of the ethnic, sexual, and racial diversity of the population of California and composed in accordance with Sections 11140 and 11141 of the Government Code. Each judge:

(1) Shall have been a member of the State Bar for at least five years.

(2) Shall not have any record of the imposition of discipline as an attorney in California or any other jurisdiction.

(3) Shall meet such other requirements as may be established by subdivision (d) of Section 12011.5 of the Government Code.

(c) The board shall screen and rate all applicants for appointment or reappointment as a State Bar Court judge and submit its recommendations to the appointing authority, unless otherwise directed by the appointing authority. The board shall hold hearings and allow public comment on the qualifications of recommended nominees submitted to the appointing authority. Written comment received by the board and any hearing record shall be transmitted to the appointing authority together with its recommendations. The board shall grant a preference to persons with prior judicial experience, and submit no fewer than three recommendations for each available judicial position.

(d) For judges appointed pursuant to this section or Section 6086.65, the board shall fix and pay reasonable compensation and expenses and provide adequate supporting staff and facilities. Hearing judges shall be paid the same salary as municipal court judges. The presiding judge shall be paid the same salary as a superior court judge.

(e) From among the members of the State Bar or retired judges, the board may appoint pro tempore judges to decide matters in the Hearing Department of the State Bar Court when a judge of the State Bar is unavailable to serve without undue delay to the proceeding. The board may set the qualifications, terms, and conditions of service for pro tempore judges and may, in its discretion, compensate some or all of them out of funds appropriated by the board for this purpose.

(f) The board may fix a date no later than September 1, 1989, on which all proceedings pending before the Hearing Department of the State Bar Court shall be decided by a judge or pro tempore judge appointed under this section. From and after that date, a judge or pro tempore judge appointed under this section shall hear every regulatory matter pending in the Hearing Department of the State Bar Court as to which the taking of testimony or offering of evidence at trial has not commenced, and when so assigned, shall sit as the sole adjudicator, except for rulings which are to be made by the presiding judge of the State Bar Court or referees of other departments of the State Bar Court.

(g) Any judge or pro tempore judge of the State Bar Court as well as any employee of the State Bar assigned to the State Bar Court shall have the same immunity which attaches to judges in judicial proceedings in this state. Nothing in this subdivision limits or alters the immunities accorded the State Bar, its officers and employees, or any judge or referee of the State Bar Court as they existed prior to January 1, 1989. This subdivision does not constitute a change in, but is cumulative with, existing law.

(h) Nothing in this section shall be construed to prohibit the board from appointing persons to serve without compensation to arbitrate fee disputes under Article 13 (commencing with Section 6200) of this chapter or to monitor the probation of a member of the State Bar, whether those appointed under Section 6079, as added by Chapter 1114 of the Statutes of 1986, serve in the State Bar Court or otherwise.

(i) Any retired judge or referee appointed under Section 6079, as added by Chapter 1114 of the Statutes of 1986, prior to July 1, 1989, or any other authority may continue on or after July 1, 1989, to exercise the duties and powers authorized by that section or of the referee's appointment as to any matter assigned to him or her unless the matter has been reassigned under subdivision (f).

(j) This section shall cease to be operative on November 1, 2000, and as of that date is repealed, unless a later enacted statute, that is enacted before November 1, 2000, deletes or extends that date.

SEC. 3. Section 6079.1 is added to the Business and Professions Code, to read:

6079.1. (a) The Supreme Court shall appoint a presiding judge of the State Bar Court. In addition, five hearing judges shall be appointed, two by the Supreme Court, one by the Governor, one by the Senate Committee on Rules, and one by the Speaker of the Assembly, to efficiently decide any and all regulatory matters

(b) Judges of the State Bar Court appointed under this section shall not engage in the private practice of law. The State Bar Court shall be broadly representative of the ethnic, sexual, and racial diversity of the population of California and composed in accordance with Sections 11140 and 11141 of the Government Code. (e) From among the members of the State Bar or retired judges, the board may appoint pro tempore judges to decide matters in the Hearing Department of the State Bar Court when a judge of the State Bar is unavailable to serve without undue delay to the proceeding. The board may set the qualifications, terms, and conditions of service for pro tempore judges and may, in its discretion, compensate some or all of them out of funds appropriated by the board for this purpose.

(f) The board may fix a date no later than September 1, 1989, on which all proceedings pending before the Hearing Department of the State Bar Court shall be decided by a judge or pro tempore judge appointed under this section. From and after that date, a judge or pro tempore judge appointed under this section shall hear every regulatory matter pending in the Hearing Department of the State

Bar Court as to which the taking of testimony or offering of evidence at trial has not commenced, and when so assigned, shall sit as the sole adjudicator, except for rulings which are to be made by the presiding judge of the State Bar Court or referees of other departments of the State Bar Court.

(g) Any judge or pro tempore judge of the State Bar Court as well as any employee of the State Bar assigned to the State Bar Court shall have the same immunity which attaches to judges in judicial proceedings in this state. Nothing in this subdivision limits or alters the immunities accorded the State Bar, its officers and employees, or any judge or referee of the State Bar Court as they existed prior to January 1, 1989. This subdivision does not constitute a change in, but is cumulative with, existing law.

(h) Nothing in this section shall be construed to prohibit the board from appointing persons to serve without compensation to arbitrate fee disputes under Article 13 (commencing with Section 6200) of this chapter or to monitor the probation of a member of the State Bar, whether those appointed under Section 6079, as added by Chapter 1114 of the Statutes of 1986, serve in the State Bar Court or otherwise.

(i) Any retired judge or referee appointed under Section 6079, as added by Chapter 1114 of the Statutes of 1986, prior to July 1, 1989, or any other authority may continue on or after July 1, 1989, to exercise the duties and powers authorized by that section or of the referee's appointment as to any matter assigned to him or her unless the matter has been reassigned under subdivision (f).

(a) To defend against the charge by the introduction of evidence.

one Lay Judge, and one Review Department Judge. The judges of the Review Department shall be nominated, appointed, and subject to discipline as provided by subdivision (a) of Section 6079.1, shall be qualified as provided by subdivision (b) of Section 6079.1, and shall be compensated as provided for the Presiding Judge by subdivision (d) of Section 6079.1. However, the Lay Judge, who shall be a person who has never been a member of the State Bar or admitted to practice law before any court in the United States, and the Review Department Judge may be appointed to, and paid as, positions occupying one-half the time and pay of the Presiding Judge. Candidates shall be rated and screened by the board as provided in subdivision (c) of Section 6079.1.

(b) The board may fix a date no later than September 1, 1989, on which all proceedings pending before the Review Department shall be decided by judges of the Review Department appointed under this section. The Review Department in existence on June 30, 1989, may continue on and after July 1, 1989, to exercise the duties and powers under prior Section 6086.6 as to any matter assigned to it prior to the date set by the board pursuant to this section.

(c) The Presiding Judge of the State Bar Court shall appoint an Executive Committee of the State Bar Court of no fewer than seven persons, including one person who has never been a member of the State Bar or admitted to practice law before any court in the United States. The Executive Committee may adopt rules of practice for the operation of the State Bar Court as provided in Section 6086.5.

(d) Any decision or order reviewable by the Review Department and issued by a judge of the State Bar Court appointed pursuant to Section 6079.1 may be reviewed only upon timely request of a party to the proceeding and not on the Review Department's own motion. Unless otherwise provided by a rule of practice or procedure approved by the Supreme Court, the party requesting review shall have the burden of showing one of the following:

(1) The Hearing Department did not proceed in the manner required by law.

(2) The findings of the Hearing Department are not supported by substantial evidence.

(3) The decision or recommendation of the Hearing Department is clearly erroneous.

(e) This section shall cease to be operative on November 1, 2000, and as of that date is repealed, unless a later enacted statute, that is enacted after November 1, 2000, deletes or extends that date.

SEC. 6. Section 6086.65 is added to the Business and Professions Code, to read:

6086.65. (a) There is a Review Department of the State Bar Court, that consists of the Presiding Judge of the State Bar Court and two Review Department Judges appointed by the Supreme Court. The judges of the Review Department shall be nominated, appointed, and subject to discipline as provided by subdivision (a) of

Section 6079.1, shall be qualified as provided by subdivision (b) of Section 6079.1, and shall be compensated as provided for the Presiding Judge by subdivision (d) of Section 6079.1. However, the two Review Department Judges may be appointed to, and paid as, positions occupying one-half the time and pay of the Presiding Judge. Candidates shall be rated and screened by the board as provided in subdivision (c) of Section 6079.1.

(b) The board may fix a date no later than September 1, 1989, on which all proceedings pending before the Review Department shall be decided by judges of the Review Department appointed under this section. (c) The Presiding Judge of the State Bar Court shall appoint an Executive Committee of the State Bar Court of no fewer than seven persons, including one person who has never been a member of the State Bar or admitted to practice law before any court in the United States. (d) Any decision or order reviewable by the Review Department and issued by a judge of the State Bar Court appointed pursuant to Section 6079.1 may be reviewed only upon timely request of a party to the proceeding and not on the Review Department's own motion. Unless otherwise provided by a rule of practice or procedure approved by the Supreme Court, the party requesting review shall have the burden of showing one of the following:

(1) The Hearing Department did not proceed in the manner required by law.

(2) The findings of the Hearing Department are not supported by substantial evidence.

(3) The decision or recommendation of the Hearing Department is clearly erroneous.

(e) This section shall become operative on November 1, 2000.

SEC. 7. Section 6095.1 is added to the Business and Professions Code, to read:

6095.1. (a) Beginning on April 1, 2000, and through March 31, 2001, the State Bar shall compile statistics indicating the number of complaints against attorneys, broken down to reflect the percentage of complaints brought against attorneys practicing as solo practitioners, in small law firms or partnerships, and in large law firms. The State Bar shall also compile statistics indicating the percentage of complaints that are investigated, the percentage of complaints that are prosecuted, and the outcomes of those prosecutions against solo practitioners, attorneys practicing in small law firms or partnerships, and attorneys practicing in large law firms. For the purposes of the study, agreements in lieu of discipline shall not be counted as prosecutions. Practicing attorneys shall provide

any information that is requested by the bar deemed necessary for the purpose of compiling the statistics. For purposes of this section, "small law firm" means a firm, partnership, association, corporation, or limited liability partnership that includes 10 or fewer attorneys.

(b) On or before June 30, 2001, the State Bar shall issue a written report to the Senate Committee on Judiciary and the Assembly Committee on Judiciary on procedures used in the disciplinary process to ensure that resources of the State Bar are used fairly and equitably in the investigation and prosecution of complaints against attorneys. In particular, the report shall focus on whether disciplinary proceedings are brought in disproportionate numbers against attorneys practicing as solo practitioners or in small law firms or partnerships, as compared to proceedings brought against attorneys practicing in large law firms. The report shall also describe any procedures in place or under consideration to correct any institutional bias and shall include a discussion of, and recommendations regarding, any additional changes to the discipline process that would make it more equitable. In particular, the State Bar shall consider disciplinary avenues other than the investigation and prosecution of complaints against attorneys. After issuing the report, the State Bar shall continue to compile and maintain statistics pursuant to subdivision (a), and shall make those statistics available to the public upon request.

(c) Procedures used in the disciplinary process shall ensure that resources of the State Bar are used fairly and equitably in the investigation and prosecution of complaints against all attorneys. Disciplinary proceedings shall not be brought in disproportionate numbers against attorneys practicing as solo practitioners or in small law firms or partnerships, as compared to proceedings brought against attorneys practicing in large law firms, unless the number of complaints against solo practitioners, or attorneys practicing in small law firms or partnerships, is commensurate with the higher number of disciplinary proceedings.

(d) The report of the State Bar prepared pursuant to this section shall not be used as a defense or mitigating factor in any disciplinary proceeding against an attorney.

CHAPTER 222

An act to add Section 12941.1 to the Government Code, relating to employment.

[Approved by Governor August 2, 1999. Filed with Secretary of State August 2, 1999.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares its support of the following pronouncements made by the California Supreme Court in Stevenson v. Superior Court (1997) 16 Cal.4th 880:

(a) "... the practice of age discrimination, like other invidious forms of discrimination, 'foments domestic strife and unrest' in the workplace ... making for a more stressful and ultimately less productive work environment ... ."

(b) "[T]here can be little doubt that the FEHA's express policy condemning employment discrimination against older workers is one that benefits the public at large. Because average life expectancy has risen to more than 80 years, most California residents either are now or will become over-40 employees, thus creating an extraordinarily broad class of potential victims of age discrimination in employment ... ."

(c) "[T]he pernicious effects of age discrimination in employment are not confined to employees who are its immediate targets. As the Legislature has recognized in Unemployment Insurance Code section 2070, discrimination against older workers violates the public policy that '[an employee's skills and potential] should be used to [their] fullest extent,' thereby depriving society at large of the benefit of valuable human resources ... ."

(d) "[T]he FEHA's policy against age discrimination in employment is ... similar in important ways to the policies against race and sex discrimination ... . Like race and sex discrimination, age discrimination violates the basic principle that each person should be judged on the basis of individual merit, rather than by reference to group stereotypes ... ."

(e) "Age, like race and sex, is the product of the workings of nature rather than the individual's free choice; once acquired, the status of being over 40 is as permanent and immutable as race or sex. Age discrimination attacks the individual's sense of self-worth in much the same fashion as race or sex discrimination. Indeed, age discrimination (or 'ageism,' as it is sometimes called) has been defined as 'a systematic stereotyping of and discrimination against people because they are old, just as racism and sexism accomplish this with skin color and gender ... .' "

SEC. 2. Section 12941.1 is added to the Government Code, to read:

12941.1. The Legislature hereby declares its rejection of the court of appeal opinion in Marks v. Loral Corp. (1997) 57 Cal.App.4th 30, and states that the opinion does not affect existing law in any way, including, but not limited to, the law pertaining to disparate treatment. The Legislature declares its intent that the use of salary as the basis for differentiating between employees when terminating employment may be found to constitute age discrimination if use of that criterion adversely impacts older workers as a group, and further

declares its intent that the disparate impact theory of proof may be used in claims of age discrimination. The Legislature further reaffirms and declares its intent that the courts interpret the state's statutes prohibiting age discrimination in employment broadly and vigorously, in a manner comparable to prohibitions against sex and race discrimination, and with the goal of not only protecting older workers as individuals, but also of protecting older workers as a group, since they face unique obstacles in the later phases of their careers. Nothing in this section shall limit the affirmative defenses traditionally available in employment discrimination cases including, but not limited to, those set forth in Section 7286.7 of Title 2 of the California Code of Regulations.

CHAPTER 223

An act to amend Section 3744 of the Public Resources Code, relating to geothermal resources.

[Approved by Governor August 23, 1999. Filed with Secretary of State August 24, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 3744 of the Public Resources Code is amended to read:

3744. (a) Within 30 days from the date of service of an order made pursuant to Section 3743, the owner or operator shall commence in good faith the work ordered and continue it until completion. If the work has not been commenced and continued to completion, the supervisor shall appoint necessary agents who shall enter the premises and perform the work. An accurate account of the expenditures shall be kept. Any amount so expended shall constitute a lien against the real or personal property of the owner or operator upon which the work is done and the lien shall have the force, effect, and priority of a judgment lien pursuant to Section 3772.

(b) Notwithstanding Sections 3741, 3743, or 3755, if the supervisor determines that an emergency exists, the supervisor may make formal or emergency orders or undertake any other action that the supervisor determines to be necessary for the protection of life, health, property, or natural resources.

An act to add Section 14085.9 to the Welfare and Institutions Code, relating to health, and making an appropriation therefor.

[Approved by Governor August 23, 1999. Filed with Secretary of State August 24, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 14085.9 is added to the Welfare and Institutions Code, to read:

14085.9. (a) Except as provided in subdivision (g), each hospital contracting to provide services under this article that meets the criteria contained in the state medicaid plan for disproportionate share hospital status shall be eligible to negotiate with the commission for distributions from the Small and Rural Hospital Supplemental Payments Fund, which is hereby created and, notwithstanding Section 13340 of the Government Code, is continuously appropriated for the purposes specified in this section. All distributions from the fund shall be pursuant to this section.

(b) (1) To the extent permitted by federal law, the department shall administer the fund in accordance with this section.

(2) The money in this fund shall be available for expenditure by the department for the purposes of this section, subject to approval through the regular budget process.

(c) The fund shall include all of the following:

(1) Subject to subdivision (*l*), all public funds transferred by public agencies to the department for deposit in the fund, as permitted under Section 433.51 of Title 42 of the Code of Federal Regulations or any other applicable federal medicaid laws. These transfers shall constitute local government financial participation in Medi-Cal as permitted under Section 1902(a)(2) of the Social Security Act (Title 42 U.S.C. Sec. 1396a(a)(2)) and other applicable federal medicaid laws.

(2) Subject to subdivision (*l*), all private donated funds transferred by private individuals or entities for deposit in the fund as permitted under applicable federal medicaid laws.

(3) Any amounts appropriated to the fund by the Legislature.

(4) Interest that accrues on amounts in the fund.

(d) Amounts in the fund shall be used as the source for the nonfederal share of payments to hospitals under this section. Moneys shall be allocated from the fund by the department and matched by federal funds in accordance with customary Medi-Cal accounting procedures for purposes of payments under this section.

(e) Distributions from the fund shall be supplemental to any and all other amounts that hospitals would have received under the contracting program, and under the state medicaid plan, including contract rate increases and supplemental payments and payment adjustments under distribution programs relating to disproportionate share hospitals.

(f) Distributions from the fund shall not serve as the state's payment adjustment program under Section 1923 of the Social Security Act (42 U.S.C. Sec. 1396r-4). To the extent permitted by federal law, and except as otherwise provided in this section, distributions from the fund shall not be subject to requirements

contained in or related to Section 1923 of the Social Security Act (42 U.S.C. Sec. 1396r-4). Distributions from the fund shall be supplemental contract payments and may be structured on any federally permissible basis, as negotiated between the commission and the hospital.

(i) Any funds remaining in the fund at the end of a fiscal year shall be carried forward for use in following fiscal years.

(j) For purposes of this section, "fund" means the Small and Rural Hospital Supplemental Payments Fund.

(k) (1) Any public agency transferring amounts to the fund, as specified in paragraph (1) of subdivision (c), may for that purpose, utilize any revenues, grants, or allocations received from the state for health care programs or purposes, unless otherwise prohibited by law. A public agency may also utilize its general funds or any other public funds or revenues for purposes of transfers to the fund, unless otherwise prohibited by law.

(2) Notwithstanding paragraph (1), a public agency may transfer to the fund only those moneys that have a source that will qualify for federal financial participation under the provisions of the Medicaid Voluntary Contribution and Provider-Specific Tax Amendments of 1991 (P.L. 102-234) or other applicable federal medicaid laws.

(*l*) Public funds transferred pursuant to paragraph (1) of subdivision (c), and private donated funds transferred pursuant to paragraph (2) of subdivision (c), shall be deposited into the fund, and expended pursuant to this section. The director may accept only those funds that are certified by the transferring entity as qualifying

(m) The department may adopt emergency regulations for the purposes of this section.

(n) The state shall be held harmless from any federal disallowance resulting from this section. A hospital receiving supplemental reimbursement pursuant to this section shall be liable for any reduced federal financial participation resulting from the implementation of this section with respect to that hospital. The state may recoup that federal disallowance from the hospital in any manner authorized by law or contract.

CHAPTER 227

An act to amend Sections 14006.3 and 14006.4 of the Welfare and Institutions Code, relating to health.

[Approved by Governor August 23, 1999. Filed with Secretary of State August 24, 1999.]

The people of the State of California do enact as follows:

SECTION 1. It is the intent of the Legislature to update existing law so that the State Department of Health Services and each nursing facility are required to provide all incoming nursing facility residents and their representatives with an accurate summary of the law governing Medi-Cal reimbursement for nursing facility care.

SEC. 2. Section 14006.3 of the Welfare and Institutions Code is amended to read:

14006.3. The department, at the time of application or the assessment pursuant to Section 14006.6, and any nursing facility enrolled as a provider in the Medi-Cal program, prior to admitting any person, shall provide a clear and simple statement, in writing, in a form and language specified by the department, to that person, and that person's spouse, legal representative, or agent, if any, that explains the resource and income requirements of the Medi-Cal program including, but not limited to, certain exempt resources, certain protections against spousal impoverishment, and certain circumstances under which an interest in a home may be transferred without affecting Medi-Cal eligibility.

SEC. 3. Section 14006.4 of the Welfare and Institutions Code is amended to read:

14006.4. (a) The statement required by Sections 14006.2 and 14006.3 shall be in the following form:

"NOTICE REGARDING STANDARDS FOR MEDI-CAL ELIGIBILITY

If you or your spouse is in or is entering a nursing facility, read this important message!

You or your spouse do not have to use all your resources, such as savings, before Medi-Cal might help pay for all or some of the costs of a nursing facility.

You should be aware of the following to take advantage of these provisions of the law:

UNMARRIED RESIDENT

An unmarried resident is financially eligible for Medi-Cal benefits if he or she has less than (insert amount of individual's resource allowance) in available resources. A home is an exempt resource and is not considered against the resource limit, as long as the resident states on the Medi-Cal application that he or she intends to return home. Clothes, household furnishings, irrevocable burial plans, burial plots, and an automobile are examples of other exempt resources.

If an unmarried resident is financially eligible for Medi-Cal reimbursement, he or she is allowed to keep from his or her monthly income a personal allowance of (insert amount of personal needs allowance) plus the amount of health insurance premiums paid monthly. The remainder of the monthly income is paid to the nursing facility as a monthly deductible called the "Medi-Cal share of cost."

MARRIED RESIDENT

If one spouse lives in a nursing facility, and the other spouse does not live in a nursing facility, the Medi-Cal program will pay some or all of the nursing facility costs as long as the couple together does not have more than (insert amount of Community Spouse Resource Allowance plus individual's resource allowance) in available assets. The couple's home will not be counted against this (insert amount of Community Spouse Resource Allowance plus individual's resource allowance), as long as one spouse or a dependent relative, or both, lives in the home, or the spouse in the nursing facility states on the Medi-Cal application that he or she intends to return to the couple's home to live.

If a spouse is eligible for Medi-Cal payment of nursing facility costs, the spouse living at home is allowed to keep a monthly income of at least his or her individual monthly income or (insert amount of Minimum Monthly Maintenance Needs Allowance), whichever is greater. Of the couple's remaining monthly income, the spouse in the nursing facility is allowed to keep a personal allowance of (insert amount of personal needs allowance) plus the amount of health insurance premiums paid monthly. The remaining money, if any,

generally must be paid to the nursing facility as the Medi-Cal share of cost. The Medi-Cal program will pay remaining nursing facility costs.

Under certain circumstances, an at-home spouse can obtain an order from an administrative law judge that will allow the at-home spouse to retain additional resources or income. Such an order can allow the couple to retain more than (insert amount of Community Spouse Resource Allowance plus individual's resource allowance) in available resources, if the income that could be generated by the retained resources would not cause the total monthly income available to the at-home spouse to exceed (insert amount of Monthly Maintenance Needs Allowance). Such an order also can allow the at-home spouse to retain more than (insert amount of Monthly Maintenance Needs Allowance) in monthly income, if the extra income is necessary "due to exceptional circumstances resulting in significant financial duress."

An at-home spouse also may obtain a court order to increase the amount of income and resources that he or she is allowed to retain, or to transfer property from the spouse in the nursing facility to the at-home spouse. You should contact a knowledgeable attorney for further information regarding court orders.

The paragraphs above do not apply if both spouses live in a nursing facility and neither previously has been granted Medi-Cal eligibility. In this situation, the spouses may be able to hasten Medi-Cal eligibility by entering into an agreement that divides their community property. The advice of a knowledgeable attorney should be obtained prior to the signing of this type of agreement.

Note: For married couples, the resource limit ((insert amount of Community Spouse Resource Allowance plus individual's resource allowance) in (insert current year)) and income limit ((insert amount of Minimum Monthly Maintenance Needs Allowance) in (insert current year)) generally increase a slight amount on January 1 of every year.

TRANSFER OF HOME FOR BOTH A MARRIED AND AN UNMARRIED RESIDENT

A transfer of a property interest in a resident's home will not cause ineligibility for Medi-Cal reimbursement if either of the following conditions is met:

(a) At the time of transfer, the recipient of the property interest states in writing that the resident would have been allowed to return to the home at the time of the transfer, if the resident's medical condition allowed him or her to leave the nursing facility. This provision shall only apply if the home has been considered an exempt resource because of the resident's intent to return home.

(b) The home is transferred to one of the following individuals:

(1) The resident's spouse.

(2) The resident's minor or disabled child.

(3) A sibling of the resident who has an equity interest in the home, and who resided in the resident's home for at least one year immediately before the resident began living in institutions.

(4) A son or daughter of the resident who resided in the resident's home at least two years before the resident began living in institutions, and who provided care to the resident that permitted the resident to remain at home longer.

This is only a brief description of the Medi-Cal eligibility rules, for more detailed information, you should call your county welfare department. You will probably want to consult with the local branch of the state long-term care ombudsman, an attorney, or a legal services program for seniors in your area.

I have read the above notice and have received a copy.
Dated: _____ Signature: _____"

(b) The statement required by subdivision (a) shall be printed in at least 10-point type, shall be clearly separate from any other document or writing, and shall be signed by the person to be admitted and that person's spouse, and legal representative, if any.

(c) Any nursing facility that willfully fails to comply with this section shall be subject to a class "B" citation, as defined by Section 1424 of the Health and Safety Code.

(d) The department may revise this statement as necessary to maintain its consistency with state and federal law.

CHAPTER 228

An act to amend Section 18724 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor August 23, 1999. Filed with Secretary of State August 24, 1999.]

as may be applicable, then this article is repealed with respect to taxable years beginning on or after January 1 of that calendar year. The Franchise Tax Board shall estimate the annual contribution amount by September 1 of each year using the actual amounts known to be contributed and an estimate of the remaining year's contributions.

(c) For each calendar year, beginning with calendar year 2002, the Franchise Tax Board shall adjust, on or before September 1 of that calendar year, the minimum estimated contribution amount specified in subdivision (b) as follows:

(1) The minimum estimated contribution amount for the calendar year shall be an amount equal to the product of the minimum estimated contribution amount for the prior September 1 multiplied by the inflation factor adjustment as specified in paragraph (2) of subdivision (h) of Section 17041, rounded off to the nearest dollar.

(2) The inflation factor adjustment used for the calendar year shall be based on the figures for the percentage change in the California Consumer Price Index received on or before August 1 of the calendar year pursuant to paragraph (1) of subdivision (h) of Section 17041.

(d) Notwithstanding the repeal of this article, any contribution amounts designated pursuant to this article prior to its repeal shall continue to be transferred and disbursed in accordance with this article as in effect immediately prior to that repeal.

(f) (1) Advertise for sale, sell, or purchase for resale any new vehicle of a line-make for which the dealer does not hold a franchise.

(2) This subdivision does not apply to any transaction involving any of the following:

(i) Advertise vehicles, and related goods or services, at a specified dealer price, with the intent not to supply reasonably expectable demand, unless the advertisement discloses the number of vehicles in stock at the advertised price. In addition, whether or not there are sufficient vehicles in stock to supply a reasonably expectable demand, when phrases such as "starting at," "from," "beginning as low as," or words of similar import are used in reference to an advertised price, the advertisement shall disclose the number of vehicles available at that advertised price.

For purposes of this subdivision, in any newspaper advertisement for a vehicle that is two model years old or newer, the actual phrase that states the number of vehicles in stock at the advertised price shall be (1) printed in a type size that is at least equal to one-quarter of the type size, and in the same style and color of type, used for the advertised price, however, in no case shall the phrase be printed in less than 8-point type size, and (2) be disclosed immediately above, below, or beside the advertised price without any intervening words, pictures, marks, or symbols.

(k) Require a person to pay a higher price for a vehicle and related goods or services for receiving advertised credit terms than the cash price the same person would have to pay to purchase the same vehicle and related goods or services. (A) The manufacturer's or distributor's invoice price to a dealer.

(B) A dealer's cost.

(2) This subdivision does not apply to either of the following:

(A) Any communication occurring during face-to-face negotiations for the purchase of a specific vehicle if the prospective purchaser initiates a discussion of the vehicle's invoice price or the dealer's cost for that vehicle.

(B) Any communication between a dealer and a prospective commercial purchaser that is not disseminated to the general public. For purposes of this subparagraph, a "commercial purchaser" means a dealer, lessor, lessor-retailer, manufacturer, remanufacturer, distributor, financial institution, governmental entity, or person who purchases 10 or more vehicles during a year.

(1) The supplemental sticker clearly and conspicuously discloses in the largest print appearing on the sticker, other than the print size used for the dealer's name, that the supplemental sticker price is the dealer's asking price, or words of similar import, and that it is not the manufacturer's suggested retail price.

(2) The supplemental sticker clearly and conspicuously discloses the manufacturer's suggested retail price.

(3) The supplemental sticker lists each item which is not included in the manufacturer's suggested retail price, and discloses the additional price of each item. If the supplemental sticker price is greater than the sum of the manufacturer's suggested retail price and the price of the items added by the dealer, then the supplemental sticker price shall set forth that difference and describe it as "added mark-up."

(r) Advertise any underselling claim, such as "we have the lowest prices" or "we will beat any dealer's price," unless the dealer has conducted a recent survey showing that the dealer sells its vehicles at lower prices than any other licensee in its trade area and maintains records to adequately substantiate the claims. The substantiating records shall be made available to the department upon request.

(s) Advertise any incentive offered by the manufacturer or distributor if the dealer is required to contribute to the cost of the incentive as a condition of participating in the incentive program, unless the dealer discloses in a clear and conspicuous manner that dealer participation may affect consumer cost.

For purposes of this subdivision, "incentive" means anything of value offered to induce people to purchase a vehicle, including, but not limited to, discounts, savings claims, rebates, below-market finance rates, and free merchandise or services.

(t) Display or offer for sale any used vehicle unless there is affixed to the vehicle the Federal Trade Commission's Buyer's Guide as required by Part 455 of Title 16 of the Code of Federal Regulations.

(u) Fail to disclose in writing to the franchisor of a new motor vehicle dealer the name of the purchaser, date of sale, and the vehicle identification number of each new motor vehicle sold of the line-make of that franchisor, or intentionally submit to that franchisor a false name for the purchaser or false date for the date of sale.

(v) Enter into a contract for the retail sale of a motor vehicle unless the contract clearly and conspicuously discloses whether the vehicle is being sold as a new vehicle or a used vehicle, as defined in this code.

(w) Use a simulated check, as defined in subdivision (a) of Section 22433 of the Business and Professions Code, in an advertisement for the sale or lease of a vehicle.

(x) Fail to disclose, in a clear and conspicuous manner in at least 10-point bold type on the face of any contract for the retail sale of a new motor vehicle that this transaction is, or is not, subject to a fee

received by an autobroker from the selling new motor vehicle dealer, and the name of the autobroker, if applicable.

CHAPTER 231

An act to amend Section 647 of the Penal Code, relating to privacy.

[Approved by Governor August 25, 1999. Filed with Secretary of State August 26, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 647 of the Penal Code is amended to read:

647. Every person who commits any of the following acts is guilty of disorderly conduct, a misdemeanor:

(a) Who solicits anyone to engage in or who engages in lewd or dissolute conduct in any public place or in any place open to the public or exposed to public view.

(b) Who solicits or who agrees to engage in or who engages in any act of prostitution. A person agrees to engage in an act of prostitution when, with specific intent to so engage, he or she manifests an acceptance of an offer or solicitation to so engage, regardless of whether the offer or solicitation was made by a person who also possessed the specific intent to engage in prostitution. No agreement to engage in an act of prostitution shall constitute a violation of this subdivision unless some act, in addition to the agreement, is done within this state in furtherance of the commission of an act of prostitution by the person agreeing to engage in that act. As used in this subdivision, "prostitution" includes any lewd act between persons for money or other consideration.

(c) Who accosts other persons in any public place or in any place open to the public for the purpose of begging or soliciting alms.

(d) Who loiters in or about any toilet open to the public for the purpose of engaging in or soliciting any lewd or lascivious or any unlawful act.

(e) Who loiters or wanders upon the streets or from place to place without apparent reason or business and who refuses to identify himself or herself and to account for his or her presence when requested by any peace officer so to do, if the surrounding circumstances would indicate to a reasonable person that the public safety demands this identification.

(f) Who is found in any public place under the influence of intoxicating liquor, any drug, controlled substance, toluene, or any combination of any intoxicating liquor, drug, controlled substance, or toluene, in such a condition that he or she is unable to exercise care for his or her own safety or the safety of others, or by reason of his or her being under the influence of intoxicating liquor, any drug,

controlled substance, toluene, or any combination of any intoxicating liquor, drug, or toluene, interferes with or obstructs or prevents the free use of any street, sidewalk, or other public way.

(g) When a person has violated subdivision (f) of this section, a peace officer, if he or she is reasonably able to do so, shall place the person, or cause him or her to be placed, in civil protective custody. The person shall be taken to a facility, designated pursuant to Section 5170 of the Welfare and Institutions Code, for the 72-hour treatment and evaluation of inebriates. A peace officer may place a person in civil protective custody with that kind and degree of force which would be lawful were he or she effecting an arrest for a misdemeanor without a warrant. No person who has been placed in civil protective custody shall thereafter be subject to any criminal prosecution or juvenile court proceeding based on the facts giving rise to this placement. This subdivision shall not apply to the following persons:

(1) Any person who is under the influence of any drug, or under the combined influence of intoxicating liquor and any drug.

(2) Any person who a peace officer has probable cause to believe has committed any felony, or who has committed any misdemeanor in addition to subdivision (f) of this section.

(3) Any person who a peace officer in good faith believes will attempt escape or will be unreasonably difficult for medical personnel to control.

(h) Who loiters, prowls, or wanders upon the private property of another, at any time, without visible or lawful business with the owner or occupant. As used in this subdivision, "loiter" means to delay or linger without a lawful purpose for being on the property and for the purpose of committing a crime as opportunity may be discovered.

(i) Who, while loitering, prowling, or wandering upon the private property of another, at any time, peeks in the door or window of any inhabited building or structure, without visible or lawful business with the owner or occupant.

(j) Who lodges in any building, structure, vehicle, or place, whether public or private, without the permission of the owner or person entitled to the possession or in control of it.

(k) (1) Any person who looks through a hole or opening, into, or otherwise views, by means of any instrumentality, including, but not limited to, a periscope, telescope, binoculars, camera, motion picture camera, or camcorder, the interior of a bathroom, changing room, fitting room, dressing room, or tanning booth, or the interior of any other area in which the occupant has a reasonable expectation of privacy, with the intent to invade the privacy of a person or persons inside. This subdivision shall not apply to those areas of a private business used to count currency or other negotiable instruments.

(2) Any person who uses a concealed camcorder, motion picture camera, or photographic camera of any type, to secretly videotape, film, photograph, or record by electronic means, another,

identifiable person under or through the clothing being worn by that other person, for the purpose of viewing the body of, or the undergarments worn by, that other person, without the consent or knowledge of that other person, with the intent to arouse, appeal to, or gratify the lust, passions, or sexual desires of that person and invade the privacy of that other person, under circumstances in which the other person has a reasonable expectation of privacy.

In any accusatory pleading charging a violation of subdivision (b), if the defendant has been once previously convicted of a violation of that subdivision, the previous conviction shall be charged in the accusatory pleading. If the previous conviction is found to be true by the jury, upon a jury trial, or by the court, upon a court trial, or is admitted by the defendant, the defendant shall be imprisoned in a county jail for a period of not less than 45 days and shall not be eligible for release upon completion of sentence, on probation, on parole, on work furlough or work release, or on any other basis until he or she has served a period of not less than 45 days in a county jail. In all cases in which probation is granted, the court shall require as a condition thereof that the person be confined in a county jail for at least 45 days. In no event does the court have the power to absolve a person who violates this subdivision from the obligation of spending at least 45 days in confinement in a county jail.

In any accusatory pleading charging a violation of subdivision (b), if the defendant has been previously convicted two or more times of a violation of that subdivision, each such previous conviction shall be charged in the accusatory pleading. If two or more of these previous convictions are found to be true by the jury, upon a jury trial, or by the court, upon a court trial, or are admitted by the defendant, the defendant shall be imprisoned in a county jail for a period of not less than 90 days and shall not be eligible for release upon completion of sentence, on probation, on parole, on work furlough or work release, or on any other basis until he or she has served a period of not less than 90 days in a county jail. In all cases in which probation is granted, the court shall require as a condition thereof that the person be confined in a county jail for at least 90 days. In no event does the court have the power to absolve a person who violates this subdivision from the obligation of spending at least 90 days in confinement in a county jail.

In addition to any punishment prescribed by this section, a court may suspend, for not more than 30 days, the privilege of the person to operate a motor vehicle pursuant to Section 13201.5 of the Vehicle Code for any violation of subdivision (b) that was committed within 1,000 feet of a private residence and with the use of a vehicle. In lieu of the suspension, the court may order a person's privilege to operate a motor vehicle restricted, for not more than six months, to necessary travel to and from the person's place of employment or education. If driving a motor vehicle is necessary to perform the duties of the person's employment, the court may also allow the person to drive in that person's scope of employment.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 232

An act to amend Section 9250.14 of the Vehicle Code, relating to vehicles, and making an appropriation therefor.

[Approved by Governor August 25, 1999. Filed with Secretary of State August 26, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 9250.14 of the Vehicle Code is amended to read:

9250.14. (a) In addition to any other fees specified in this code and the Revenue and Taxation Code, upon the adoption of a resolution by any county board of supervisors, a fee of one dollar ($1) shall be paid at the time of registration or renewal of registration of every vehicle registered to an address within that county except those expressly exempted from payment of registration fees. The fees, after deduction of the administrative costs incurred by the department in carrying out this section, shall be paid quarterly to the Controller.

(b) Notwithstanding Section 13340 of the Government Code, the money paid to the Controller is continuously appropriated, without regard to fiscal years, for the administrative costs of the Controller, and for disbursement by the Controller to each county that has adopted a resolution pursuant to subdivision (a), based upon the number of vehicles registered, or whose registration is renewed, to an address within that county.

(c) Except as otherwise provided in this subdivision, money allocated to a county pursuant to subdivision (b) shall be expended exclusively to fund programs that enhance the capacity of local police and prosecutors to deter, investigate, and prosecute vehicle theft crimes. In any county with a population of 200,000 or less, the money shall be expended exclusively for those vehicle theft crime programs and for the prosecution of crimes involving driving under the influence of alcohol or drugs in violation of Section 23152 or 23153, or vehicular manslaughter in violation of Section 191.5 or subdivision

(c) of Section 192 of the Penal Code, or any combination of those crimes.

(d) No money collected pursuant to this section shall be expended to offset a reduction in any other source of funds, nor for any purpose not authorized under this section.

(e) Any funds received by a county prior to January 1, 2000, pursuant to this section that are not expended to deter, investigate, or prosecute crimes pursuant to subdivision (c) shall be returned to the Controller, for deposit in the Motor Vehicle Account in the State Transportation Fund. Those funds received by a county after January 1, 2000, shall be expended in accordance with this section.

(f) Each county that has adopted or adopts a resolution pursuant to subdivision (a) shall submit, on or before the 13th day following the end of each quarter, a quarterly expenditure and activity report to the designated statewide Vehicle Theft Investigation and Apprehension Coordinator in the Department of the California Highway Patrol. The coordinator shall compile all county reports and prepare an annual report for dissemination to the Legislature and participating counties.

(g) This section shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, that is enacted on or before January 1, 2005, deletes or extends that date.

CHAPTER 233

An act to amend Section 217 of the Welfare and Institutions Code, relating to personal property.

[Approved by Governor August 25, 1999. Filed with Secretary of State August 26, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 217 of the Welfare and Institutions Code is amended to read:

217. (a) The board of supervisors of any county or the governing body of any city may by ordinance provide that any personal property with a value of not more than five hundred dollars ($500) in the possession of the sheriff of the county or in the possession of the police department of the city which have been unclaimed for a period of at least 90 days may, instead of being sold at public auction to the highest bidder pursuant to the provisions of Section 2080.5 of the Civil Code, be turned over to the probation officer, to the welfare department of the county, or to any charitable or nonprofit organization which is authorized under its articles of incorporation to participate in a program or activity designed to prevent juvenile delinquency and which is exempt from income taxation under

federal or state law, or both, for use in any program or activity designed to prevent juvenile delinquency.

(b) Before any property subject to this section is turned over to the probation officer, to the welfare department of the county, or to any charitable or nonprofit organization, the police department or sheriff's department shall notify the owner, if his or her identity is known or can be reasonably ascertained, that it possesses the property, and where the property may be claimed. The owner may be notified by mail, telephone, or by means of a notice published in a newspaper of general circulation which it determines is most likely to give notice to the owner of the property.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

CHAPTER 234

An act to amend Section 51553 of the Education Code, relating to instruction.

[Approved by Governor August 25, 1999. Filed with Secretary of State August 26, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 51553 of the Education Code is amended to read:

51553. (a) All public elementary, junior high, and senior high school classes that teach sex education and discuss sexual intercourse shall emphasize that abstinence from sexual intercourse is the only protection that is 100 percent effective against unwanted teenage pregnancy, sexually transmitted diseases, and acquired immune deficiency syndrome (AIDS) when transmitted sexually. All material and instruction in classes that teach sex education and discuss sexual intercourse shall be age appropriate.

(b) All sex education courses that discuss sexual intercourse shall also satisfy the following criteria:

(1) (A) Factual information presented in course material and instruction shall be medically accurate and objective.

(B) For purposes of this section, the following definitions apply:

(i) "Factual information" includes, but is not limited to, medical, psychiatric, psychological, empirical, and statistical statements.

(ii) "Medically accurate" means verified or supported by research conducted in compliance with scientific methods and published in peer-review journals, where appropriate, and recognized as accurate and objective by professional organizations and agencies with expertise in the relevant field, such as the Centers for Disease Control and Prevention.

(2) Course material and instruction shall stress that abstinence is the only contraceptive method which is 100 percent effective, and that all other methods of contraception carry a risk of failure in preventing unwanted teenage pregnancy. Statistics based on the latest medical information shall be provided to pupils citing the failure and success rates of condoms and other contraceptives in preventing pregnancy.

(3) Course material and instruction shall stress that sexually transmitted diseases are serious possible hazards of sexual intercourse. Pupils shall be provided with statistics based on the latest medical information citing the failure and success rates of condoms in preventing AIDS and other sexually transmitted diseases.

(4) Course material and instruction shall include a discussion of the possible emotional and psychological consequences of preadolescent and adolescent sexual intercourse outside of marriage and the consequences of unwanted adolescent pregnancy.

(5) Course material and instruction shall stress that pupils should abstain from sexual intercourse until they are ready for marriage.

(6) Course material and instruction shall teach honor and respect for monogamous heterosexual marriage.

(7) Course material and instruction shall advise pupils of the laws pertaining to their financial responsibility to children born in and out of wedlock.

(8) Course material and instruction shall advise pupils that it is unlawful for males or females of any age to have sexual relations with males or females under the age of 18 years to whom they are not married, pursuant to Section 261.5 of the Penal Code.

(9) Course material and instruction shall emphasize that the pupil has the power to control personal behavior. Pupils shall be encouraged to base their actions on reasoning, self-discipline, sense of responsibility, self-control, and ethical considerations, such as respect for oneself and others.

(10) Course material and instruction shall teach pupils to not make unwanted physical and verbal sexual advances, how to say "no" to unwanted sexual advances, and shall include information about sexual assault, verbal, physical, and visual, including, but not limited to, nonconsensual sexual advances, nonconsensual physical sexual contact, and rape by an acquaintance, commonly referred to as "date rape." This course material and instruction shall contain methods of preventing sexual assault by an acquaintance, including exercising good judgment and avoiding behavior that impairs good judgment, and shall also encourage youth to resist negative peer pressure. This

course material and instruction also shall inform pupils of the potential legal consequences of sexual assault by an acquaintance. Specifically, pupils shall be advised that it is unlawful to touch an intimate part of another person, as specified in subdivision (d) of Section 243.4 of the Penal Code.

(11) Course materials and instruction shall be free of racial, ethnic, and gender biases.

(c) All sex education courses that discuss sexual intercourse shall teach pupils that it is wrong to take advantage of, or to exploit, another person.

SEC. 2. Notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

SEC. 2. Section 1 of this act shall become operative on January 1, 2001.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 236

An act to amend Section 15630 of the Welfare and Institutions Code, relating to elder and dependent adult abuse.

[Approved by Governor August 25, 1999. Filed with Secretary of State August 26, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 15630 of the Welfare and Institutions Code is amended to read:

15630. (a) Any person who has assumed full or intermittent responsibility for care or custody of an elder or dependent adult, whether or not that person receives compensation, including administrators, supervisors, and any licensed staff of a public or private facility that provides care or services for elder or dependent adults, or any elder or dependent adult care custodian, health practitioner, or employee of a county adult protective services agency or a local law enforcement agency is a mandated reporter.

(b) (1) Any mandated reporter, who, in his or her professional capacity, or within the scope of his or her employment, has observed or has knowledge of an incident that reasonably appears to be physical abuse, abandonment, isolation, financial abuse, or neglect, or is told by an elder or dependent adult that he or she has experienced behavior constituting physical abuse, abandonment, isolation, financial abuse, or neglect, or reasonably suspects that abuse shall report the known or suspected instance of abuse by telephone immediately or as soon as practically possible, and by written report sent within two working days, as follows:

(A) If the abuse has occurred in a long-term care facility, except a state mental health hospital or a state developmental center, the report shall be made to the local ombudsman or the local law enforcement agency.

Except in an emergency, the local ombudsman and the local law enforcement agency shall report any case of known or suspected abuse to the State Department of Health Services and any case of known or suspected criminal activity to the Bureau of Medi-Cal Fraud, as soon as is practical.

(B) If the suspected or alleged abuse occurred in a state mental health hospital or a state developmental center, the report shall be made to designated investigators of the State Department of Mental Health or the State Department of Developmental Services or to the local law enforcement agency.

Except in an emergency, the local law enforcement agency shall report any case of known or suspected criminal activity to the Bureau of Medi-Cal Fraud, as soon as is practical.

(C) If the abuse has occurred any place other than one described in subparagraph (A), the report shall be made to the adult protective services agency or the local law enforcement agency.

(2) (A) A mandated reporter who is a physician and surgeon, a registered nurse, or a psychotherapist, as defined in Section 1010 of the Evidence Code, shall not be required to report, pursuant to paragraph (1), an incident where all of the following conditions exist:

(i) The mandated reporter has been told by an elder or dependent adult that he or she has experienced behavior constituting physical abuse, abandonment, isolation, financial abuse, or neglect.

(ii) The mandated reporter is not aware of any independent evidence that corroborates the statement that the abuse has occurred.

(iii) The elder or dependent adult has been diagnosed with a mental illness or dementia, or is the subject of a court-ordered conservatorship because of a mental illness or dementia.

(iv) In the exercise of clinical judgment, the physician and surgeon, the registered nurse, or the psychotherapist, as defined in Section 1010 of the Evidence Code, reasonably believes that the abuse did not occur.

(B) This paragraph shall not be construed to impose upon mandated reporters a duty to investigate a known or suspected incident of abuse and shall not be construed to lessen or restrict any existing duty of mandated reporters.

(3) (A) In a long-term care facility, a mandated reporter shall not be required to report as a suspected incident of abuse, as defined in Section 15610.07, an incident where all of the following conditions exist:

(i) The mandated reporter is aware that there is a proper plan of care.

(ii) The mandated reporter is aware that the plan of care was properly provided or executed.

(iii) A physical, mental, or medical injury occurred as a result of care provided pursuant to clause (i) or (ii).

(iv) The mandated reporter reasonably believes that the injury was not the result of abuse.

(B) This paragraph shall not be construed to require a mandated reporter to seek, nor to preclude a mandated reporter from seeking, information regarding a known or suspected incident of abuse prior to reporting. This paragraph shall apply only to those categories of mandated reporters that the State Department of Health Services determines, upon approval by the Bureau of Medi-Cal Fraud and the state long-term care ombudsman, have access to plans of care and have the training and experience necessary to determine whether the conditions specified in this section have been met.

(c) (1) Any mandated reporter who has knowledge of, or reasonably suspects that, types of elder or dependent adult abuse for which reports are not mandated have been inflicted upon an elder

or dependent adult or that his or her emotional well-being is endangered in any other way, may report the known or suspected instance of abuse.

(2) If the suspected or alleged abuse occurred in a long-term care facility other than a state mental health hospital or a state developmental center, the report may be made to the long-term care ombudsman program. Except in an emergency, the local ombudsman shall report any case of known or suspected abuse to the State Department of Health Services and any case of known or suspected criminal activity to the Bureau of Medi-Cal Fraud, as soon as is practical.

(3) If the suspected or alleged abuse occurred in a state mental health hospital or a state developmental center, the report may be made to the designated investigator of the State Department of Mental Health or the State Department of Developmental Services, or to a local law enforcement agency or to the local ombudsman. Except in an emergency, the local ombudsman and the local law enforcement agency shall report any case of known or suspected criminal activity to the Bureau of Medi-Cal Fraud, as soon as is practical.

(4) If the suspected or alleged abuse occurred in a place other than a place described in paragraph (2) or (3), the report may be made to the county adult protective services agency.

(5) If the conduct involves criminal activity not covered in subdivision (b), it may be immediately reported to the appropriate law enforcement agency.

(d) When two or more mandated reporters are present and jointly have knowledge or reasonably suspect that types of abuse of an elder or a dependent adult for which a report is or is not mandated have occurred, and when there is agreement among them, the telephone report may be made by a member of the team selected by mutual agreement, and a single report may be made and signed by the selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter make the report.

(e) A telephone report of a known or suspected instance of elder or dependent adult abuse shall include the name of the person making the report, the name and age of the elder or dependent adult, the present location of the elder or dependent adult, the names and addresses of family members or any other person responsible for the elder or dependent adult's care, if known, the nature and extent of the elder or dependent adult's condition, the date of the incident, and any other information, including information that led that person to suspect elder or dependent adult abuse, requested by the agency receiving the report.

(f) The reporting duties under this section are individual, and no supervisor or administrator shall impede or inhibit the reporting duties, and no person making the report shall be subject to any

sanction for making the report. However, internal procedures to facilitate reporting, ensure confidentiality, and apprise supervisors and administrators of reports may be established, provided they are not inconsistent with this chapter.

(g) (1) Whenever this section requires a county adult protective services agency to report to a law enforcement agency, the law enforcement agency shall, immediately upon request, provide a copy of its investigative report concerning the reported matter to that county adult protective services agency.

(2) Whenever this section requires a law enforcement agency to report to a county adult protective services agency, the county adult protective services agency shall, immediately upon request, provide a copy of its investigative report concerning the reported matter to that law enforcement agency.

(3) The requirement to disclose investigative reports pursuant to this subdivision shall not include the disclosure of social services records or case files that are confidential, nor shall this subdivision be construed to allow disclosure of any reports or records if the disclosure would be prohibited by any other provision of state or federal law.

(h) Failure to report physical abuse, abandonment, isolation, financial abuse, or neglect of an elder or dependent adult, in violation of this section, is a misdemeanor, punishable by not more that six months in the county jail or by a fine of not more than one thousand dollars ($1,000), or by both that fine and imprisonment. Any mandated reporter who willfully fails to report physical abuse, abandonment, isolation, financial abuse, or neglect of an elder or dependent adult, in violation of this section, where that abuse results in death or great bodily injury, is punishable by not more than one year in a county jail or by a fine of not more than five thousand dollars ($5,000) or by both that fine and imprisonment.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution for certain costs that may be incurred by a local agency or school district because in that regard this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

However, notwithstanding Section 17610 of the Government Code, if the Commission on State Mandates determines that this act contains other costs mandated by the state, reimbursement to local agencies and school districts for those costs shall be made pursuant to Part 7 (commencing with Section 17500) of Division 4 of Title 2 of the Government Code. If the statewide cost of the claim for

reimbursement does not exceed one million dollars ($1,000,000), reimbursement shall be made from the State Mandates Claims Fund.

An act to amend Section 8655.5 of the Government Code, relating to community warning systems.

[Approved by Governor August 26, 1999. Filed with Secretary of State August 27, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 8655.5 of the Government Code is amended to read:

8655.5. (a) As used in this section, the following terms have the following meanings:

(1) "Community warning program" means any broadcast or notification program conducted by or at the direction of a public agency of a county of the ninth class that is intended to facilitate the agency's ability to warn residents of an actual or a threatened hazardous materials release or other emergency or natural disaster, and to coordinate the dissemination of information through various media and other warning devices of any nature, including, but not limited to, sirens, television, radio, 911 service, and public address systems.

(2) "Community warning system" means any combination of equipment, hardware, and software used in a community warning program by a county of the ninth class.

(3) "Donor organization" means a California nonprofit public benefit corporation, and its officers, directors, employees, members,

and contributors, that has donated in whole or in part a community warning system to a county of the ninth class.

(b) A donor organization is immune from suit and claims of liability for any injury arising out of the design, development, installation, maintenance, operation, and use of a community warning program or community warning system. This section shall be cumulative with, and does not affect in any way, any immunity from suit and claims of liability, privileges, defenses, or exemptions otherwise enjoyed by any person or entity. This immunity shall not apply to the management, operation, or maintenance of a community warning system by a donor organization after a donor organization donates a community warning system to a county of the ninth class, but shall apply to (1) the installation by a donor organization of alert receiver equipment and initiation box equipment, or (2) the operation or maintenance, or both, by a donor organization of stationary terminal equipment and related initiation box equipment, and alert receiver equipment, or both (1) and (2), for communications and operations, provided that the installation, operation, or maintenance, or all of these, by the donor organization is undertaken without compensation, and in accordance with the direction of, or under contract with, a county of the ninth class, whether before or after the donation.

(c) (1) Except as expressly provided in subdivision (b), this section does not negate or impair any duty or cause of action, whether civil or criminal, against a donor organization.

(2) Without limiting the generality of paragraph (1), this section is not intended to, nor shall it be construed to, (A) relieve the manufacturer, designer, developer, installer, or supplier of equipment or software for a community warning system from any obligation or liability under any applicable statute or rule of law, or (B) relieve any donor organization from any liability for the intentional wrongful use of a community warning system or any part thereof.

(3) Notwithstanding any other provision of this section or of any law relating to indemnity, joint and several liability, or several liability, no claim for contribution or indemnity arises against a donor organization based on the design, development, installation, maintenance, operation, or use of a community warning system for which the donor organization is otherwise immune under the section.

(4) Notwithstanding any other provision of this section or of any law relating to indemnity, joint and several liability, or several liability, no person who is otherwise liable for damages shall be entitled to seek or assert any allocation of any percentage of fault or liability for the purpose of the reduction of damages for personal injury, property damage, or wrongful death, based on the participation of a donor organization or a county of the ninth class or

its officials or employees in the design, development, installation, maintenance, operation, or use of a community warning system.

CHAPTER 240

SECTION 1. Section 42815 of the Food and Agricultural Code is amended to read:

42815. This article shall remain in effect only until January 1, 2005, and as of that date is repealed, unless a later enacted statute, which becomes effective on or before January 1, 2005, deletes or extends the dates on which it becomes inoperative and is repealed.

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 241

An act to amend Section 7735 of, and to repeal Sections 7622.3 and 7651 of, the Business and Professions Code, relating to funeral directors and embalmers.

The income from the corpus may be used to pay for a reasonable annual fee for administering the trust, including a trustee fee, to be determined by the program, and to establish a reserve of not to exceed 10 percent of the corpus as a revocation fee in the event of cancellation on the part of the beneficiary. In addition to annual fees and reserves authorized by this section, a trustee may, at its election, pay taxes on the earnings on any trust pursuant to Section 17760.5 of the Revenue and Taxation Code. In no event, however, shall taxes paid on the earnings of any trust be considered part of the fees or reserves authorized by this section.

The lease provided for by this section may be renewed, upon its expiration, for an additional period not to exceed 40 years.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

An existing agreement regarding the provision of municipal utilities between the Department of Corrections and the City of Vacaville expires on December 31, 1999. In order to finalize the new master agreement authorized by this act prior to the expiration of the existing agreement, and to prevent the interruption of these utilities, it is necessary that this bill take effect immediately.

CHAPTER 244

An act to add Title 1.3C (commencing with Section 1748.30) to Part 4 of Division 3 of the Civil Code, relating to debit cards.

[Approved by Governor August 26, 1999. Filed with Secretary of State August 27, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Title 1.3C (commencing with Section 1748.30) is added to Part 4 of Division 3 of the Civil Code, to read:

TITLE 1.3C. DEBIT CARDS

1748.30. For purposes of this title, the following definitions shall apply:

(a) "Accepted debit card" means any debit card which the debit cardholder has requested and received or has signed, or has used, or has authorized another person to use, for the purpose of obtaining money, property, labor, or services. Any debit card issued in renewal of, or in substitution for, an accepted debit card becomes an accepted debit card when received by the debit cardholder, whether the debit card is issued by the same or by a successor card issuer.

(b) "Account" means a demand deposit (checking), savings, or other consumer asset account, other than an occasional or incidental credit balance in a credit plan, established primarily for personal, family, or household purposes.

(c) "Adequate notice" has the same meaning as found in subdivision (k) of Section 1747.02.

(d) "Debit card" means an accepted debit card or other means of access to a debit cardholder's account that may be used to initiate electronic funds transfers and may be used without unique identifying information such as a personal identification number to initiate access to the debit cardholder's account.

(e) "Debit card issuer" means any person who issues a debit card or the agent of that person for that purpose.

(f) "Debit cardholder" means a natural person to whom a debit card is issued.

(g) "Unauthorized use" means the use of a debit card by a person, other than the debit cardholder, to initiate an electronic fund transfer from the debit cardholder's account without actual authority to initiate the transfer and from which the debit cardholder receives no benefit. The term does not include an electronic fund transfer initiated in any of the following manners:

(1) By a person who was furnished the debit card to the debit cardholder's account by the debit cardholder, unless the debit cardholder has notified the debit card issuer that transfers by that person are no longer authorized.

(2) With fraudulent intent by the debit cardholder or any person acting in concert with the debit cardholder.

(3) By the debit card issuer or its employee.

1748.31. (a) A debit cardholder shall be liable for an unauthorized use of a debit card only if all of the following conditions are met:

(1) The card is an accepted debit card.

(2) Except as provided in subdivision (b), the liability is not in excess of fifty dollars ($50).

(3) The debit card issuer has given adequate notice to the debit cardholder of the potential liability.

(4) The debit card issuer has provided the debit cardholder with a description of the means by which the debit card issuer may be notified of loss or theft of the card.

(5) The unauthorized use occurs before the debit card issuer has been notified by the debit cardholder that an unauthorized use of the debit card has occurred or may occur as a result of loss, theft, or otherwise.

(6) The debit card issuer has provided a means to identify the debit cardholder to whom the debit card was issued.

(b) Notwithstanding subdivision (a), if the debit cardholder fails to report an unauthorized use that appears on a periodic statement within 60 days of the debit card issuer's transmittal of the statement, and if the issuer establishes that an unauthorized use would not have occurred had the debit cardholder notified the issuer within the 60-day period, the debit cardholder shall be liable for the amount of each unauthorized transfer that occurs after the close of the 60 days and before notice to the issuer. If the debit cardholder's delay in notifying the debit card issuer was due to extenuating circumstances

beyond the debit cardholder's reasonable control, the time specified above shall be extended by a reasonable period. For the purposes of this subdivision, examples of extenuating circumstances include, but are not limited to, extended travel, the death or serious illness of the debit cardholder or a member of the debit cardholder's family, hospitalization, permanent mental impairment, or serious physical impairment, unless the circumstance did not reasonably contribute to the cardholder's delay in notifying the debit card issuer within the 60-day period.

(c) A debit cardholder shall have no liability for erroneous or fraudulent transfers initiated by a debit card issuer, its agent, or employee.

CHAPTER 245

An act to add Article 4.5 (commencing with Section 12087) to Chapter 1 of Title 2 of Part 4 of the Penal Code, relating to firearms.

[Approved by Governor August 27, 1999. Filed with Secretary of State August 30, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Article 4.5 (commencing with Section 12087) is added to Chapter 1 of Title 2 of Part 4 of the Penal Code, to read:

Article 4.5. Firearms Safety Devices

12087. This article shall be known and may be cited as the "Aroner-Scott-Hayden Firearms Safety Act of 1999."

12087.5. The Legislature makes the following findings:

(a) In the years 1987 to 1996, nearly 2,200 children in the United States under the age of 15 years died in unintentional shootings. In 1996 alone, 138 children were shot and killed unintentionally. Thus, more than 11 children every month, or one child every three days, were shot or killed unintentionally in firearms-related incidents.

(b) The United States leads the industrialized world in the rates of children and youth lost to unintentional, firearms-related death. A 1997 study from the federal Centers for Disease Control and Prevention reveals that for unintentional firearm-related deaths for children under the age of 15, the rate in the United States was nine times higher than in 25 other industrialized countries combined.

(c) While the number of unintentional deaths from firearms is an unacceptable toll on America's children, nearly eight times that number are treated in U.S. hospital emergency rooms each year for nonfatal unintentional gunshot wounds.

(d) A study of unintentional firearm deaths among children in California found that unintentional gunshot wounds most often involve handguns.

(e) A study in the December 1995 issue of the Archives of Pediatric and Adolescent Medicine found that children as young as three years old are strong enough to fire most commercially available handguns. The study revealed that 25 percent of three to four year olds and 70 percent of five to six year olds had sufficient finger strength to fire 59 (92 percent) of the 64 commonly available handguns referenced in the study.

(f) The Government Accounting Office (GAO), in its March 1991 study, "Accidental Shootings: Many Deaths and Injuries Caused by Firearms Could be Prevented," estimates that 31 percent of accidental deaths caused by firearms might be prevented by the addition of two safety devices: a child-resistant safety device that automatically engages and a device that indicates whether the gun is loaded. According to the study results, of the 107 unintentional firearms-related fatalities the GAO examined for the calendar years 1988 and 1989, eight percent could have been prevented had the firearm been equipped with a child-resistant safety device. This eight percent represents instances in which children under the age of six unintentionally shot and killed themselves or other persons.

(g) Currently, firearms are the only products manufactured in the United States that are not subject to minimum safety standards.

(h) A 1997 public opinion poll conducted by the National Opinion Research Center at the University of Chicago in conjunction with the Johns Hopkins Center for Gun Policy and Research found that 74 percent of Americans support safety regulation of the firearms industry.

(i) Some currently available trigger locks and other similar devices are inadequate to prevent the accidental discharge of the firearms to which they are attached, or to prevent children from gaining access to the firearm.

12088. Effective January 1, 2001:

(a) The Department of Justice shall certify laboratories to verify compliance with standards for firearms safety devices set forth in Section 12088.2.

(b) The Department of Justice may charge any laboratory that is seeking certification to test firearms safety devices a fee not exceeding the costs of certification, including costs associated with the development and approval of regulations and standards pursuant to Section 12088.2.

(c) The certified laboratory shall, at the manufacturer's or dealer's expense, test the firearms safety device and submit a copy of the final test report directly to the Department of Justice along with the firearms safety device. The department shall notify the manufacturer or dealer of its receipt of the final test report and the department's

determination as to whether the firearms safety device tested may be sold in this state.

(d) On and after July 1, 2001, the Department of Justice shall compile, publish, and thereafter maintain a roster listing all of the safety devices that have been tested by a certified testing laboratory, have been determined to meet the department's standards for firearms safety devices and may be sold in this state.

(e) The roster shall list, for each firearms safety device, the manufacturer, model number, and model name.

12088.1. Effective January 1, 2002:

(a) All firearms sold or transferred in this state by a licensed firearms dealer, including private transfers through a dealer, and all firearms manufactured in this state, shall include or be accompanied by a firearms safety device that is listed on the Department of Justice's roster of approved firearms safety devices.

(b) All firearms sold or transferred in this state by a licensed firearms dealer, including private transfers through a dealer, and all firearms manufactured in this state shall be accompanied with warning language or labels as described in Section 12088.3.

(c) The sale or transfer of a firearm shall be exempt from subdivision (a) if both of the following apply:

(1) The purchaser or transferee owns a gun safe that meets the standards set forth in Section 12088.2. Gun safes shall not be required to be tested, and therefore may meet the standards without appearing on the Department of Justice roster.

(2) The purchaser or transferee presents an original receipt for purchase of the gun safe, or other proof of purchase or ownership of the gun safe as authorized by the Attorney General, to the firearms dealer. The dealer shall maintain a copy of this receipt or proof of purchase with the dealers' record of sales of firearms.

(d) The sale or transfer of a firearm shall be exempt from subdivision (a) if all of the following apply:

(1) The purchaser or transferee purchases an approved safety device no more than 30 days prior to the day the purchaser or transferee takes possession of the firearm.

(2) The purchaser or transferee presents the approved safety device to the firearms dealer when picking up the firearm.

(3) The purchaser or transferee presents an original receipt to the firearms dealer which shows the date of purchase, the name, and the model number of the safety device.

(4) The firearms dealer verifies that the requirements in (1) to (3), inclusive, have been satisfied.

(5) The firearms dealer maintains a copy of the receipt along with the dealers' record of sales of firearms.

12088.2. (a) No later than January 1, 2000, the Attorney General shall commence development of regulations to implement a minimum safety standard for firearms safety devices and gun safes to significantly reduce the risk of firearms-related injuries to children

17 years of age and younger. The final standard shall do all of the following:

(1) Address the risk of injury from unintentional gunshot wounds.

(2) Address the risk of injury from self-inflicted gunshot wounds by unauthorized users.

(3) Include provisions to ensure that all firearms safety devices and gun safes are reusable and of adequate quality and construction to prevent children and unauthorized users from firing the firearm and to ensure that these devices cannot be readily removed from the firearm or that the firearm cannot be readily removed from the gun safe except by an authorized user utilizing the key, combination, or other method of access intended by the manufacturer of the device.

(4) Include additional provisions as appropriate.

(b) The Attorney General may consult, for the purposes of guidance in development of the standards, test protocols such as those described in Title 16 (commencing with Part 1700) of the Code of Federal Regulations, relating to poison prevention packaging standards. These protocols may be consulted to provide suggestions for potential methods to utilize in developing standards and shall serve as guidance only. The Attorney General shall also give appropriate consideration to the use of devices that are not detachable, but are permanently installed and incorporated into the design of a firearm. The Attorney General shall adopt and issue regulations implementing a final standard not later than January 1, 2001. The Attorney General shall report to the Legislature on these standards by January 1, 2001. The final standard shall be effective January 1, 2002.

12088.3. (a) The packaging of any firearm and any descriptive materials that accompany any firearm sold or transferred in this state, or delivered for sale in this state, by any licensed manufacturer, or licensed dealer, shall bear a label containing the following warning statement:

WARNING

Children are attracted to and can operate firearms that can cause severe injuries or death.

Prevent child access by always keeping guns locked away and unloaded when not in use. If you keep a loaded firearm where a child obtains and improperly uses it, you may be fined or sent to prison.

A yellow triangle containing an exclamation mark shall appear immediately before the word "Warning" on the label.

(b) If the firearm is sold or transferred without accompanying packaging, the warning label or notice shall be affixed to the firearm

itself by a method to be prescribed by regulation of the Attorney General.

(c) The warning statement required under subdivisions (a) and (b) shall be:

(1) Displayed in its entirety on the principal display panel of the firearm's package, and on any descriptive materials that accompany the firearm.

(2) Displayed in both English and Spanish in conspicuous and legible type in contrast by typography, layout, or color with other printed matter on that package or descriptive materials in a manner consistent with Part 1500.121 of Title 16, of the Code of Federal Regulations, or successor regulations thereto.

12088.4. (a) If at any time the Attorney General determines that a gun safe or firearms safety device subject to the provisions of this article and sold after January 1, 2002, does not conform with the standards required by subdivision (a) of Section 12088.1 or Section 12088.2, the Attorney General may order the recall and replacement of the gun safe or firearms safety device, or order that the gun safe or firearm safety device be brought into conformity with those requirements. If the firearms safety device cannot be separated from the firearm without damaging the firearm, the Attorney General may order the recall and replacement of the firearm. If the firearms safety device can be separated and reattached to the firearm without damaging the firearm, the licensed manufacturer or licensed firearms dealer shall immediately provide a conforming replacement as instructed by the Attorney General.

12088.5. Each lead law enforcement agency investigating an incident shall report to the State Department of Health Services any information obtained which reasonably supports the conclusion that:

(a) A child 18 years of age or younger suffered an unintentional or self-inflicted gunshot wound inflicted by a firearm that was sold or transferred in this state, or manufactured in this state.

(b) Whether as a result of that incident the child died, suffered serious injury, or was treated for an injury by a medical professional.

12088.6. Any violation of Section 12088.1 or Section 12088.3 is punishable by a fine of one thousand dollars ($1,000). On the second violation of any of those sections, the licensed firearm manufacturer shall be ineligible to manufacture, or the licensed firearm dealer shall be ineligible to sell, firearms in this state for 30 days, and shall be punished by a fine of one thousand dollars ($1,000). On the third violation of any of those sections, a firearm manufacturer shall be permanently ineligible to manufacture firearms in this state. On the third violation of any of those sections, a licensed firearm dealer shall be permanently ineligible to sell firearms in this state.

12088.7. Compliance with the requirements set forth in this article shall not relieve any person from liability to any other person as may be imposed pursuant to common law, statutory law, or local ordinance.

12088.8. (a) This article does not apply to the commerce of any firearm defined as an "antique firearm" in paragraph (16) of subsection (a) of Section 921 of Title 18 of the United States Code.

(b) This article shall not apply to the commerce of any firearm intended to be used by a salaried, full-time peace officer as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 for purposes of law enforcement. Nothing in this article shall preclude local governments, local agencies, or state law enforcement agencies from requiring their peace officers to store their firearms in gun safes or attach firearms safety devices to those firearms.

12088.9. (a) The Department of Justice may require each dealer to charge each firearm purchaser or transferee a fee not to exceed one dollar ($1) for each firearm transaction. The fee shall be for the purpose of supporting department program costs related to this act, including the establishment, maintenance, and upgrading of related data base systems and public rosters.

(b) There is hereby created within the General Fund the Firearm Safety Account. Revenue from the fee imposed by subdivision (a) shall be deposited into the Firearm Safety Account and shall be available for expenditure by the Department of Justice upon appropriation by the Legislature. Expenditures from the the Firearm Safety Account shall be limited to program expenditures as defined by subdivision (a).

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

The department shall notify the manufacturer or dealer of its receipt of the final test report and the department's determination as to whether the firearms safety device tested may be sold in this state.

(d) On and after July 1, 2001, the Department of Justice shall compile, publish, and thereafter maintain a roster listing all of the safety devices that have been tested by a certified testing laboratory, have been determined to meet the department's standards for firearms safety devices and may be sold in this state.

(e) The roster shall list, for each firearms safety device, the manufacturer, model number, and model name.

12088.1. Effective January 1, 2002:

(a) All firearms sold or transferred in this state by a licensed firearms dealer, including private transfers through a dealer, and all firearms manufactured in this state, shall include or be accompanied by a firearms safety device that is listed on the Department of Justice's roster of approved firearms safety devices.

(b) All firearms sold or transferred in this state by a licensed firearms dealer, including private transfers through a dealer, and all firearms manufactured in this state shall be accompanied with warning language or labels as described in Section 12088.3.

(c) The sale or transfer of a firearm shall be exempt from subdivision (a) if both of the following apply:

(1) The purchaser or transferee owns a gun safe that meets the standards set forth in Section 12088.2. Gun safes shall not be required to be tested, and therefore may meet the standards without appearing on the Department of Justice roster.

(2) The purchaser or transferee presents an original receipt for purchase of the gun safe, or other proof of purchase or ownership of the gun safe as authorized by the Attorney General, to the firearms

dealer. The dealer shall maintain a copy of this receipt or proof of purchase with the dealers' record of sales of firearms.

(d) The sale or transfer of a firearm shall be exempt from subdivision (a) if all of the following apply:

(1) The purchaser or transferee purchases an approved safety device no more than 30 days prior to the day the purchaser or transferee takes possession of the firearm.

(2) The purchaser or transferee presents the approved safety device to the firearms dealer when picking up the firearm.

(3) The purchaser or transferee presents an original receipt to the firearms dealer which shows the date of purchase, the name, and the model number of the safety device.

(4) The firearms dealer verifies that the requirements in (1) to (3), inclusive, have been satisfied.

(5) The firearms dealer maintains a copy of the receipt along with the dealers' record of sales of firearms.

12088.2. (a) No later than January 1, 2000, the Attorney General shall commence development of regulations to implement a minimum safety standard for firearms safety devices and gun safes to significantly reduce the risk of firearms-related injuries to children 17 years of age and younger. The final standard shall do all of the following:

(1) Address the risk of injury from unintentional gunshot wounds.

(2) Address the risk of injury from self-inflicted gunshot wounds by unauthorized users.

(3) Include provisions to ensure that all firearms safety devices and gun safes are reusable and of adequate quality and construction to prevent children and unauthorized users from firing the firearm and to ensure that these devices cannot be readily removed from the firearm or that the firearm cannot be readily removed from the gun safe except by an authorized user utilizing the key, combination, or other method of access intended by the manufacturer of the device.

(4) Include additional provisions as appropriate.

(b) The Attorney General may consult, for the purposes of guidance in development of the standards, test protocols such as those described in Title 16 (commencing with Part 1700) of the Code of Federal Regulations, relating to poison prevention packaging standards. These protocols may be consulted to provide suggestions for potential methods to utilize in developing standards and shall serve as guidance only. The Attorney General shall also give appropriate consideration to the use of devices that are not detachable, but are permanently installed and incorporated into the design of a firearm. The Attorney General shall adopt and issue regulations implementing a final standard not later than January 1, 2001. The Attorney General shall report to the Legislature on these standards by January 1, 2001. The final standard shall be effective January 1, 2002.

12088.3. (a) The packaging of any firearm and any descriptive materials that accompany any firearm sold or transferred in this state, or delivered for sale in this state, by any licensed manufacturer, or licensed dealer, shall bear a label containing the following warning statement:

WARNING

Children are attracted to and can operate firearms that can cause severe injuries or death.

Prevent child access by always keeping guns locked away and unloaded when not in use. If you keep a loaded firearm where a child obtains and improperly uses it, you may be fined or sent to prison.

A yellow triangle containing an exclamation mark shall appear immediately before the word "Warning" on the label.

(b) If the firearm is sold or transferred without accompanying packaging, the warning label or notice shall be affixed to the firearm itself by a method to be prescribed by regulation of the Attorney General.

(c) The warning statement required under subdivisions (a) and (b) shall be:

(1) Displayed in its entirety on the principal display panel of the firearm's package, and on any descriptive materials that accompany the firearm.

(2) Displayed in both English and Spanish in conspicuous and legible type in contrast by typography, layout, or color with other printed matter on that package or descriptive materials in a manner consistent with Part 1500.121 of Title 16, of the Code of Federal Regulations, or successor regulations thereto.

12088.4. If at any time the Attorney General determines that a gun safe or firearms safety device subject to the provisions of this article and sold after January 1, 2002, does not conform with the standards required by subdivision (a) of Section 12088.1 or Section 12088.2, the Attorney General may order the recall and replacement of the gun safe or firearms safety device, or order that the gun safe or firearm safety device be brought into conformity with those requirements. If the firearms safety device cannot be separated from the firearm without damaging the firearm, the Attorney General may order the recall and replacement of the firearm. If the firearms safety device can be separated and reattached to the firearm without damaging the firearm, the licensed manufacturer or licensed firearms dealer shall immediately provide a conforming replacement as instructed by the Attorney General.

12088.5. Each lead law enforcement agency investigating an incident shall report to the State Department of Health Services any information obtained that reasonably supports the conclusion that:

(a) A child 18 years of age or younger suffered an unintentional or self-inflicted gunshot wound inflicted by a firearm that was sold or transferred in this state, or manufactured in this state.

(b) Whether as a result of that incident the child died, suffered serious injury, or was treated for an injury by a medical professional.

12088.6. Any violation of Section 12088.1 or Section 12088.3 is punishable by a fine of one thousand dollars ($1,000). On the second violation of any of those sections, the licensed firearm manufacturer shall be ineligible to manufacture, or the licensed firearm dealer shall be ineligible to sell, firearms in this state for 30 days, and shall be punished by a fine of one thousand dollars ($1,000). On the third violation of any of those sections, a firearm manufacturer shall be permanently ineligible to manufacture firearms in this state. On the third violation of any of those sections, a licensed firearm dealer shall be permanently ineligible to sell firearms in this state.

12088.7. Compliance with the requirements set forth in this article shall not relieve any person from liability to any other person as may be imposed pursuant to common law, statutory law, or local ordinance.

12088.8. (a) This article does not apply to the commerce of any firearm defined as an "antique firearm" in paragraph (16) of subsection (a) of Section 921 of Title 18 of the United States Code.

(b) This article shall not apply to the commerce of any firearm intended to be used by a salaried, full-time peace officer as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 for purposes of law enforcement. Nothing in this article shall preclude local governments, local agencies, or state law enforcement agencies from requiring their peace officers to store their firearms in gun safes or attach firearms safety devices to those firearms.

12088.9. (a) The Department of Justice may require each dealer to charge each firearm purchaser or transferee a fee not to exceed one dollar ($1) for each firearm transaction. The fee shall be for the purpose of supporting department program costs related to this act, including the establishment, maintenance, and upgrading of related data base systems and public rosters.

(b) There is hereby created within the General Fund the Firearm Safety Account. Revenue from the fee imposed by subdivision (a) shall be deposited into the Firearm Safety Account and shall be available for expenditure by the Department of Justice upon appropriation by the Legislature. Expenditures from the Firearm Safety Account shall be limited to program expenditures as defined by subdivision (a).

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will

be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

A licensed gun show producer shall be assessed an annual fee of eighty-five dollars ($85) by the department.

(e) (1) A willful failure by a gun show producer to comply with any of the requirements of this section, except for the posting of required signs, shall be a misdemeanor punishable by a fine not to exceed two thousand dollars ($2,000), and shall render the producer ineligible for a gun show producer license for one year from the date of the conviction.

(2) The willful failure of a gun show producer to post signs as required by this section shall be a misdemeanor punishable by a fine not to exceed one thousand dollars ($1,000) for the first offense and not to exceed two thousand dollars ($2,000) for the second or subsequent offense, and with respect to the second or subsequent offense, shall render the producer ineligible for a gun show producer license for one year from the date of the conviction.

(3) Multiple violations charged pursuant to paragraph (1) arising from more than one gun show or event shall be grounds for suspension of a producer's certificate of eligibility pending adjudication of the violations.

(f) Prior to the commencement of a gun show or event, the producer thereof shall, upon written request, within 48 hours, or a later time specified by the requesting law enforcement agency, make available to the requesting law enforcement agency with jurisdiction over the facility, a complete and accurate list of all persons, entities, and organizations that have leased or rented, or are known to the

Not later than 15 days prior to the commencement of the gun show or event, the producer shall submit to the department, the law enforcement agency with jurisdiction over the facility site, and the facility's manager a revised event and security plan if significant changes have been made since the annual plan was submitted,

including a revised list of vendors that the producer knows, or reasonably should know, will be renting tables, space, or otherwise participating in the gun show or event. The department shall examine its records and if it determines that a dealer's license is not valid, it shall notify the show or event producer of that fact prior to the commencement of the show or event.

(*l*) If a licensed firearms dealer fails to cooperate with a producer or fails to comply with the applicable requirements of this section or Section 12071.4, that person shall not be allowed to participate in that show or event.

(6) Have complied with the requirements of subdivision (e).

(7) Will not display or possess black powder, or offer it for sale.

(c) All firearms transfers at the gun show or event shall be in accordance with applicable state and federal laws.

(e) Prior to the commencement of a gun show or event, each vendor shall provide to the producer all of the following information relative to the vendor, the vendor's employees, and other persons, compensated or not, who will be working or otherwise providing services to the public at the vendor's display space if firearms manufactured after December 31, 1898, will be offered for sale:

(2) His or her driver's license or state-issued identification card number.

(3) His or her date of birth.

The producer shall keep the information at the show's or event's onsite headquarters for the duration of the show or event, and at the producer's regular place of business for two weeks after the

(f) Vendors and employees of vendors shall wear name tags indicating first and last name.

(g) No person at a gun show or event, other than security personnel or sworn peace officers, shall possess at the same time both a firearm and ammunition that is designed to be fired in the firearm. Vendors having those items at the show for sale or exhibition are exempt from this prohibition.

(h) No member of the public who is under the age of 18 years shall be admitted to, or be permitted to remain at, a gun show or event unless accompanied by a parent or legal guardian. Any member of the public who is under the age of 18 shall be accompanied by his or her parent, grandparent, or legal guardian while at the show or event.

(j) All firearms carried onto the premises of a gun show or event by members of the public shall be checked, cleared of any ammunition, secured in a manner that prevents them from being operated, and an identification tag or sticker shall be attached to the firearm, prior to the person being allowed admittance to the show. The identification tag or sticker shall state that all firearms transfers between private parties at the show or event shall be conducted through a licensed dealer in accordance with applicable state and federal laws. The person possessing the firearm shall complete the following information on the tag before it is attached to the firearm:

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime

or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 248

An act to add Chapter 1.3 (commencing with Section 12125) to Title 2 of Part 4 of the Penal Code, relating to firearms.

[Approved by Governor August 27, 1999. Filed with Secretary of State August 30, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 1.3 (commencing with Section 12125) is added to Title 2 of Part 4 of the Penal Code, to read:

CHAPTER 1.3. UNSAFE HANDGUNS

12125. (a) Commencing January 1, 2001, any person in this state who manufactures or causes to be manufactured, imports into the state for sale, keeps for sale, offers or exposes for sale, gives, or lends any unsafe handgun shall be punished by imprisonment in a county jail not exceeding one year.

(b) This section shall not apply to any of the following:

(1) The manufacture in this state, or importation into this state, of any prototype pistol, revolver, or other firearm capable of being concealed upon the person when the manufacture or importation is for the sole purpose of allowing an independent laboratory certified by the Department of Justice pursuant to Section 12130 to conduct an independent test to determine whether that pistol, revolver, or other firearm capable of being concealed upon the person is prohibited by this chapter, and, if not, for the department to add the firearm to the roster of pistols, revolvers, and other firearms capable of being concealed upon the person that may be sold in this state pursuant to Section 12131.

(2) The importation or lending of a pistol, revolver, or other firearm capable of being concealed upon the person by employees or authorized agents determining whether the weapon is prohibited by this section.

(3) Firearms listed as curios or relics, as defined in Section 178.11 of Title 27 of the Code of Federal Regulations.

(4) The sale to, purchase by, or possession of any pistol, revolver or other firearm capable of being concealed upon the person by the Department of Justice, any police department, any sheriff's official, any marshal's office, the Youth and Adult Correctional Agency, the California Highway Patrol, any district attorney's office, and the

military or naval forces of this state or of the United States for use in the discharge of their official duties. Nor shall anything in this section prohibit the possession of any pistol, revolver, or other firearm capable of being concealed upon the person by sworn members of these agencies, whether the sworn member is on or off duty, or an individual who is retired from service with a law enforcement agency and who is not otherwise prohibited from possessing a concealable firearm upon his or her retirement.

(c) Violations of subdivision (a) are cumulative with respect to each handgun and shall not be construed as restricting the application of any other law. However, an act or omission punishable in different ways by this section and other provisions of law shall not be punished under more than one provision, but the penalty to be imposed shall be determined as set forth in Section 654.

12126. As used in this chapter, "unsafe handgun" means any pistol, revolver, or other firearm capable of being concealed upon the person, as defined in subdivision (a) of Section 12001, for which any of the following is true:

(a) For a revolver:

(1) It does not have a safety device that, either automatically in the case of a double-action firing mechanism, or by manual operation in the case of a single-action firing mechanism, causes the hammer to retract to a point where the firing pin does not rest upon the primer of the cartridge.

(2) It does not meet the firing requirement for handguns pursuant to Section 12127.

(3) It does not meet the drop safety requirement for handguns pursuant to Section 12128.

(b) For a pistol:

(1) It does not have a positive manually operated safety device, as determined by standards relating to imported guns promulgated by the federal Bureau of Alcohol, Tobacco, and Firearms.

(2) It does not meet the firing requirement for handguns pursuant to Section 12127.

(3) It does not meet the drop safety requirement for handguns pursuant to Section 12128.

12127. (a) As used in this chapter, the "firing requirement for handguns" means a test in which the manufacturer provides three handguns of the make and model for which certification is sought, these handguns not being in any way modified from those that would be sold if certification is granted, to an independent testing laboratory certified by the Attorney General pursuant to Section 12130. The laboratory shall fire 600 rounds from each gun, stopping after each series of 50 rounds has been fired for 5 to 10 minutes to allow the weapon to cool, stopping after each series of 100 rounds has been fired to tighten any loose screws and clean the gun in accordance with the manufacturer's instructions, and stopping as needed to refill the empty magazine or cylinder to capacity before

continuing. The ammunition used shall be of the type recommended by the handgun manufacturer in the user manual, or if none is recommended, any standard ammunition of the correct caliber in new condition. A handgun shall pass this test if each of the three test guns meets both of the following:

(1) Fires the first 20 rounds without a malfunction that is not due to faulty magazine or ammunition.

(2) Fires the full 600 rounds with no more than six malfunctions that are not due to faulty magazine or ammunition and without any crack or breakage of an operating part of the handgun that increases the risk of injury to the user.

(b) If a pistol or revolver fails the requirements of either paragraph (1) or (2) of subdivision (a) due to either a faulty magazine or faulty ammunition, the pistol or revolver shall be retested from the beginning of the "firing requirement for handguns" test. A new model of the pistol or revolver that failed due to a faulty magazine or ammunition may be submitted for the test to replace the pistol or revolver that failed.

(c) As used in this section, "malfunction" means a failure to properly feed, fire, or eject a round, or failure of a pistol to accept or reject a manufacturer-approved magazine, or failure of a pistol's slide to remain open after a manufacturer-approved magazine has been expended.

12128. As used in this chapter, the "drop safety requirement for handguns" means that at the conclusion of the firing requirements for handguns described in Section 12127, the same certified independent testing laboratory shall subject the same three handguns of the make and model for which certification is sought, to the following test:

A primed case (no powder or projectile) shall be inserted into the chamber. For pistols, the slide shall be released, allowing it to move forward under the impetus of the recoil spring, and an empty magazine shall be inserted. For both pistols and revolvers, the weapon shall be placed in a drop fixture capable of dropping the pistol from a drop height of 1m + 1cm (39.4 + 0.4 in.) onto the largest side of a slab of solid concrete having minimum dimensions of 7.5 × 15 × 15 cm (3 × 6 × 6 in.). The drop distance shall be measured from the lowermost portion of the weapon to the top surface of the slab. The weapon shall be dropped from a fixture and not from the hand. The weapon shall be dropped in the condition that it would be in if it were dropped from a hand (cocked with no manual safety applied). If the design of a pistol is such that upon leaving the hand a "safety" is automatically applied by the pistol, this feature shall not be defeated. An approved drop fixture is a short piece of string with the weapon attached at one end and the other end held in an air vise until the drop is initiated.

The following six drops shall be performed:

(a) Normal firing position with barrel horizontal.

(b) Upside down with barrel horizontal.
(c) On grip with barrel vertical.
(d) On muzzle with barrel vertical.
(e) On either side with barrel horizontal.
(f) If there is an exposed hammer or striker, on the rearmost point of that device, otherwise on the rearmost point of the weapon.

The primer shall be examined for indentations after each drop. If indentations are present, a fresh primed case shall be used for the next drop.

The handgun shall pass this test if each of the three test guns does not fire the primer.

12129. Every person who is licensed as a manufacturer of firearms pursuant to Chapter 44 (commencing with Section 921) of Title 18 of the United States Code who manufactures firearms in this state, and every person who imports into the state for sale, keeps for sale, or offers or exposes for sale any firearm, shall certify under penalty of perjury and any other remedy provided by law that every model, kind, class, style, or type of pistol, revolver, or other firearm capable of being concealed upon the person that he or she manufactures or imports, keeps, or exposes for sale is not an unsafe handgun as prohibited by this chapter.

12130. (a) Any pistol, revolver, or other firearm capable of being concealed upon the person manufactured in this state, imported into the state for sale, kept for sale, or offered or exposed for sale, shall be tested within a reasonable period of time by an independent laboratory certified pursuant to subdivision (b) to determine whether that pistol, revolver, or other firearm capable of being concealed upon the person meets or exceeds the standards defined in Section 12126.

(b) On or before October 1, 2000, the Department of Justice shall certify laboratories to verify compliance with the standards defined in Section 12126. The department may charge any laboratory that is seeking certification to test any pistol, revolver, or other firearm capable of being concealed upon the person pursuant to this chapter a fee not exceeding the costs of certification.

(c) The certified testing laboratory shall, at the manufacturer's or importer's expense, test the firearm and submit a copy of the final test report directly to the Department of Justice along with a prototype of the weapon to be retained by the department. The department shall notify the manufacturer or importer of its receipt of the final test report and the department's determination as to whether the firearm tested may be sold in this state.

12131. (a) On and after January 1, 2001, the Department of Justice shall compile, publish, and thereafter maintain a roster listing all of the pistols, revolvers, and other firearms capable of being concealed upon the person that have been tested by a certified testing laboratory, have been determined not to be unsafe handguns,

and may be sold in this state pursuant to this title. The roster shall list, for each firearm, the manufacturer, model number, and model name.

(b) (1) The department may charge every person in this state who is licensed as a manufacturer of firearms pursuant to Chapter 44 (commencing with Section 921) of Title 18 of the United States Code, and any person in this state who manufactures or causes to be manufactured, imports into the state for sale, keeps for sale, or offers or exposes for sale any pistol, revolver, or other firearm capable of being concealed upon the person in this state, an annual fee not exceeding the costs of preparing, publishing, and maintaining the roster pursuant to subdivision (a) and the costs of research and development, report analysis, firearms storage, and other program infrastructure costs necessary to implement this chapter.

(2) Any pistol, revolver, or other firearm capable of being concealed upon the person that is manufactured by a manufacturer who manufactures or causes to be manufactured, imports into the state for sale, keeps for sale, or offers or exposes for sale any pistol, revolver, or other firearm capable of being concealed upon the person in this state, and who fails to pay any fee required pursuant to paragraph (1), may be excluded from the roster.

12131.5. (a) A firearm shall be deemed to satisfy the requirements of subdivision (a) of Section 12131 if another firearm made by the same manufacturer is already listed and the unlisted firearm differs from the listed firearm only in one or more of the following features:

(1) Finish, including, but not limited to, bluing, chrome-plating, oiling, or engraving.

(2) The material from which the grips are made.

(3) The shape or texture of the grips, so long as the difference in grip shape or texture does not in any way alter the dimensions, material, linkage, or functioning of the magazine well, the barrel, the chamber, or any of the components of the firing mechanism of the firearm.

(4) Any other purely cosmetic feature that does not in any way alter the dimensions, material, linkage, or functioning of the magazine well, the barrel, the chamber, or any of the components of the firing mechanism of the firearm.

(b) Any manufacturer seeking to have a firearm listed under this section shall provide to the Department of Justice all of the following:

(1) The model designation of the listed firearm.

(2) The model designation of each firearm that the manufacturer seeks to have listed under this section.

(3) A statement, under oath, that each unlisted firearm for which listing is sought differs from the listed firearm only in one or more of the ways identified in subdivision (a) and is in all other respects identical to the listed firearm.

(c) The department may, in its discretion and at any time, require a manufacturer to provide to the department any model for which

listing is sought under this section, to determine whether the model complies with the requirements of this section.

12132. This chapter shall not apply to any of the following:

(a) The sale, loan, or transfer of any firearm pursuant to Section 12082 or 12084 in order to comply with subdivision (d) of Section 12072.

(b) The sale, loan, or transfer of any firearm that is exempt from the provisions of subdivision (d) of Section 12072 pursuant to any applicable exemption contained in Section 12078, if the sale, loan, or transfer complies with the requirements of that applicable exemption to subdivision (d) of Section 12072.

(c) The sale, loan, or transfer of any firearm as described in paragraph (3) of subdivision (b) of Section 12125.

(d) The delivery of a pistol, revolver, or other firearm capable of being concealed upon the person to a person licensed pursuant to Section 12071 for the purposes of the service or repair of that firearm.

(e) The return of a pistol, revolver, or other firearm capable of being concealed upon the person by a person licensed pursuant to Section 12071 to its owner where that firearm was initially delivered in the circumstance set forth in subdivision (d).

(f) The return of a pistol, revolver, or other firearm capable of being concealed upon the person by a person licensed pursuant to Section 12071 to its owner where that firearm was initially delivered to that licensee for the purpose of a consignment sale or as collateral for a pawnbroker loan.

(g) The sale, loan, or transfer of any pistol, revolver, or other firearm capable of being concealed upon the person listed as a curio or relic, as defined in Section 178.11 of the Code of Federal Regulations.

12133. The provisions of this chapter shall not apply to a single-action revolver that has at least a five-cartridge capacity with a barrel length of not less than three inches, and meets any of the following specifications:

(a) Was originally manufactured prior to 1900 and is a curio or relic, as defined in Section 178.11 of Title 27 of the Code of Federal Regulations.

(b) Has an overall length measured parallel to the barrel of at least seven and one-half inches when the handle, frame or receiver, and barrel are assembled.

SEC. 2. It is the intent of the Legislature that the Department of Justice pursue an internal loan from special fund revenues available to the department to cover startup costs for the program established

pursuant to Section 1 of this act. Any loan shall be repaid with the proceeds of fees collected under that program within six months.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

[Approved by Governor August 30, 1999. Filed with Secretary of State August 30, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Article 7.4 (commencing with Section 15677.1) is added to Chapter 3 of Title 2 of the Corporations Code, to read:

Article 7.4. Conversion

15677.1. For purposes of this article, the following definitions shall apply:

(a) "Converted entity" means the other business entity or foreign limited partnership that results from a conversion of a domestic limited partnership under this chapter.

(b) "Converted limited partnership" means a domestic limited partnership that results from a conversion of an other business entity or a foreign limited partnership pursuant to Section 15677.8.

(c) "Converting limited partnership" means a domestic limited partnership that converts to an other business entity or a foreign limited partnership pursuant to this chapter.

(d) "Converting entity" means an other business entity or foreign limited partnership that converts to a domestic limited partnership pursuant to the terms of Section 15677.8.

15677.2. A limited partnership may be converted into an other business entity or a foreign limited partnership pursuant to this article if, pursuant to the proposed conversion, each of the partners of the converting limited partnership receives a percentage interest in the profits and capital of the converted entity equal to that partner's percentage interest in profits and capital of the converting limited partnership as of the effective time of the conversion. The conversion of a limited partnership to an other business entity or a foreign limited partnership may be effected only if both of the following conditions are satisfied:

(a) The law under which the converted entity will exist expressly permits the formation of that entity pursuant to a conversion.

(b) The limited partnership complies with all other requirements of any other law that applies to conversion to the converted entity.

15677.3. (a) A limited partnership that desires to convert to an other business entity or a foreign limited partnership shall approve a plan of conversion. The plan of conversion shall state all of the following:

(1) The terms and conditions of the conversion.

(2) The place of the organization of the converted entity and of the converting limited partnership and the name of the converted entity after conversion.

(3) The manner of converting the limited and general partnership interests of each of the partners into securities of, or interests in, the converted entity.

(4) The provisions of the governing documents for the converted entity, including the partnership agreement or limited liability company articles of organization and operating agreement, to which the holders of interests in the converted entity are to be bound.

(5) Any other details or provisions that are required by the laws under which the converted entity is organized, or that are desired by the parties.

(b) The plan of conversion shall be approved by all general partners of the converting limited partnership and by a majority in interest of each class of limited partners of the converting limited partnership, unless a greater or lesser approval is required by the partnership agreement of the converting limited partnership. However, if the limited partners of the limited partnership would become personally liable for any obligations of the converted entity as a result of the conversion, the plan of conversion shall be approved by all of the limited partners of the converting limited partnership, unless the plan of conversion provides that all limited partners will have dissenters' rights as provided in Article 7.6 (commencing with Section 15679.1).

(c) Upon the effectiveness of the conversion, all partners of the converting limited partnership, except those that exercise dissenters' rights as provided in Article 7.6 (commencing with Section 15679.1), shall be deemed parties to any governing documents for the converted entity adopted as part of the plan of conversion, irrespective of whether or not the partner has executed the plan of conversion or the governing documents for the converted entity. Any adoption of governing documents made pursuant thereto shall be effective at the effective time or date of the conversion.

(d) Notwithstanding its prior approval, a plan of conversion may be amended before the conversion takes effect if the amendment is approved by all general partners of the converting limited partnership and, if the amendment changes any of the principal terms of the plan of conversion, the amendment is approved by the limited partners of the converting limited partnership in the same manner and to the same extent as required for the approval of the original plan of conversion.

(e) The general partners of a converting limited partnership may, by unanimous approval at any time before the conversion is effective, in their discretion, abandon a conversion, without further approval by the limited partners, subject to the contractual rights of third parties other than limited partners.

(f) The converted entity shall keep the plan of conversion at the principal place of business of the converted entity if the converted entity is a domestic partnership or foreign other business entity or at the office at which records are to be kept under Section 17057 if the

converted entity is a domestic limited liability company. Upon the request of a partner of a converting limited partnership, the authorized person on behalf of the converted entity shall promptly deliver to the partner or the holder of interests or other securities, at the expense of the converted entity, a copy of the plan of conversion. A waiver by a partner of the rights provided in this subdivision shall be unenforceable.

15677.4. (a) A conversion into an other business entity, or a foreign limited partnership shall become effective upon the earliest date that all of the following occur:

(1) The approval of the plan of conversion by the partners of the converting limited partnership as provided in Section 15677.3.

(2) The filing of all documents required by law to create the converted entity, which documents shall also contain a statement of conversion, if required under Section 15677.6.

(3) The occurrence of the effective date, if set forth in the plan of conversion occurs.

(b) A copy of the statement of partnership authority or articles of organization complying with Section 15677.6, if applicable, duly certified by the Secretary of State, is conclusive evidence of the conversion of the limited partnership.

15677.5. (a) The conversion of a limited partnership into a foreign limited partnership or foreign other business entity shall be required to comply with Section 15677.2.

(b) If the limited partnership is converting into a foreign limited partnership or foreign other business entity, those conversion proceedings shall be in accordance with the laws of the state or place of organization of the foreign limited partnership or foreign other business entity and the conversion shall become effective in accordance with that law.

(c) (1) To enforce an obligation of a limited partnership that has converted to a foreign limited partnership or foreign other business entity, the Secretary of State shall only be the agent for service of process in an action or proceeding against that converted foreign entity, if the agent designated for the service of process for that entity is a natural person and cannot be found with due diligence or if the agent is a corporation and no person, to whom delivery may be made, may be located with due diligence, or if no agent has been designated and if no one of the officers, partners, managers, members, or agents of that entity may be located after diligent search, and it is so shown by affidavit to the satisfaction of the court. The court then may make an order that service be made by personal delivery to the Secretary of State or to an assistant or deputy Secretary of State of two copies of the process together with two copies of the order, and the order shall set forth an address to which the process shall be sent by the Secretary of State. Service in this manner is deemed complete on the 10th day after delivery of the process to the Secretary of State.

(2) Upon receipt of the process and order and the fee set forth in Section 12206 of the Government Code, the Secretary of State shall provide notice to that entity of the service of the process by forwarding by certified mail, return receipt requested, a copy of the process and order to the address specified in the order.

(3) The Secretary of State shall keep a record of all process served upon the Secretary of State and shall record therein the time of service and the Secretary of State's action with respect thereto. The certificate of the Secretary of State, under the Secretary of State's official seal, certifying to the receipt of process, the providing of notice thereof to that entity, and the forwarding of the process shall be competent and prima facie evidence of the matters stated therein.

15677.6. (a) Upon conversion of a limited partnership one of the following applies:

(1) If the limited partnership is converting into a domestic limited liability company, a statement of conversion shall be completed on the articles of organization for the converted entity.

(2) If the limited partnership is converting into a domestic partnership, a statement of conversion shall be completed on the statement of partnership authority for the converted entity, or if no statement of partnership authority is filed, then a certificate of conversion shall be filed separately.

(3) If the limited partnership is converting to a foreign limited partnership or foreign other business entity, a certificate of conversion shall be filed with the Secretary of State.

(b) Any certificate or statement of conversion shall be executed and acknowledged by all general partners, unless a lesser number is provided in the certificate of limited partnership, and shall set forth all of the following:

(1) The name and the Secretary of State's file number of the converting limited partnership.

(2) A statement that the principal terms of the plan of conversion were approved by a vote of the partners, which equaled or exceeded the vote required under Section 15677.3, specifying each class entitled to vote and the percentage vote required of each class.

(3) The form of organization of the converted entity.

(4) The mailing address of the converted entity's agent for service of process and the chief executive office of the converted entity.

(c) The filing with the Secretary of State of a certificate of conversion or a statement of partnership authority or articles of organization containing a statement of conversion as set forth in subdivision (a) shall have the effect of the filing of a certificate of cancellation by the converting limited partnership and no converting limited partnership that has made the filing is required to file a certificate of dissolution or a certificate of cancellation under Section 15623 as a result of that conversion.

15677.7. (a) Whenever a limited partnership or other business entity having any real property in this state converts into a limited

partnership or an other business entity pursuant to the laws of this state or of the state or place in which the limited partnership or other business entity was organized, and the laws of the state or place of organization, including this state, of the converting limited partnership or other converting entity provide substantially that the conversion vests in the converted limited partnership or other converted entity all the real property of the converting limited partnership or other converting entity, the filing for record in the office of the county recorder of any county in this state in which any of the real property of the converting limited partnership or other converting entity is located of either (1) a certificate of conversion or statement of partnership authority, or a certificate of limited partnership or articles of organization complying with Section 15677.6, in the form prescribed and certified by the Secretary of State, or (2) a copy of a certificate of conversion or a statement of partnership authority, certificate of limited partnership, articles of organization or other certificate evidencing the creation of a foreign other business entity or foreign limited partnership by conversion, containing a statement of conversion, certified by the Secretary of State or an authorized public official of the state or place pursuant to the laws of which the conversion is effected, shall evidence record ownership in the converted limited partnership or other converted entity of all interest of the converting limited partnership or other converting entity in and to the real property located in that county.

(b) A filed and, if appropriate, recorded certificate of conversion or a statement of partnership authority, certificate of limited partnership, articles of organization, or other certificate evidencing the creation of a foreign other business entity or foreign limited partnership by conversion, containing a statement of conversion, filed pursuant to subdivision (a) of Section 15677.6, stating the name of the converting limited partnership or other converting entity in whose name property was held before the conversion and the name of the converted entity or converted limited partnership, but not containing all of the other information required by Section 15677.6, operates with respect to the entities named to the extent provided in subdivision (a).

(c) Recording of a certificate of conversion, or a statement of partnership authority, certificate of limited partnership, articles of organization, or other certificate evidencing the creation of an other business entity or a limited partnership by conversion, containing a statement of conversion, in accordance with subdivision (a), shall create, in favor of bona fide purchasers or encumbrances for value, a conclusive presumption that the conversion was validly completed.

15677.8. (a) An other business entity or a foreign limited partnership may be converted to a domestic limited partnership pursuant to this article only if the converting entity is not prohibited by the laws under which it is organized to effect the conversion.

(b) An other business entity or a foreign limited partnership that desires to convert into a domestic limited partnership shall approve a plan of conversion or an instrument as is required to be approved to effect the conversion pursuant to the laws under which that entity is organized.

(c) The conversion of an other business entity or a foreign limited partnership shall be approved by the number or percentage of the partners, members, or holders of interest of the converting entity as is required by the law under which that entity is organized, or a greater or lesser percentage, subject to applicable laws, as set forth in the converting entity's partnership agreement, articles of organization, operating agreement, or other governing document.

(d) The conversion by an other business entity or a foreign limited partnership into a domestic limited partnership shall be effective under this article at the time the conversion is effective under the law under which the converting entity is organized as long as a certificate of limited partnership has been filed with the Secretary of State. If the converting entity's governing law is silent as to the effectiveness of the conversion, the conversion shall be effective upon the completion of all acts required under this title to form a limited partnership.

15677.9. (a) An entity that converts into another entity pursuant to this article is for all purposes the same entity that existed before the conversion.

(b) Upon a conversion taking effect, all of the following apply:

(1) All the rights and property, whether real, personal, or mixed, of the converting entity or converting limited partnership are vested in the converted entity or converted limited partnership.

(2) All debts, liabilities, and obligations of the converting entity or converting limited partnership continue as debts, liabilities, and obligations of the converted entity or converted limited partnership.

(3) All rights of creditors and liens upon the property of the converting entity or converting limited partnership shall be preserved unimpaired and remain enforceable against the converted entity or converted limited partnership to the same extent as against the converting entity or converting limited partnership as if the conversion had not occurred.

(4) Any action or proceeding pending by or against the converting entity or converting limited partnership may be continued against the converted entity or converted limited partnership as if the conversion had not occurred.

(c) A partner of a converting limited partnership is liable for:

(1) All obligations of the converting limited partnership for which the partner was personally liable before the conversion.

(2) All obligations of the converted entity incurred after the conversion takes effect, but those obligations may be satisfied only out of property of the entity if that partner is a limited partner, a shareholder in a corporation, or unless expressly provided otherwise

in the articles of organization or other governing documents, a member of a limited liability company, or a holder of equity securities in an other converted entity if the holders of equity securities in that entity are not personally liable for the obligations of that entity under the law under which the entity is organized or its governing documents.

(d) A partner of a converted limited partnership remains liable for any and all obligations of the converting entity for which the partner was personally liable before the conversion, but only to the extent that the partner was liable for the obligations of the converting entity prior to the conversion.

(e) If the other party to a transaction with the limited partnership reasonably believes when entering the transaction that the limited partner is a general partner, the limited partner is liable for an obligation incurred by the limited partnership within 90 days after the conversion takes effect. The limited partner's liability for all other obligations of the limited partnership incurred after the conversion takes effect is that of a limited partner.

16903. (a) A partnership that desires to convert to a domestic limited partnership or limited liability company or foreign other business entity shall approve a plan of conversion. The plan of conversion shall state the following:

(1) The terms and conditions of the conversion.

(2) The place of the organization of the converted entity and of the converting partnership and the name of the converted entity after conversion, if different from that of the converting partnership.

(3) The manner of converting the partnership interests of each of the partners into securities of or interests in the converted entity.

(4) The provisions of the governing document for the converted entity, such as a limited partnership agreement or limited liability company articles of organization and operating agreement, to which the holders of interest in the converted entity are to be bound.

(5) Any other details or provisions as are required by laws under which the converted entity is organized.

(6) Any other details or provisions that are desired.

(b) The plan of conversion shall be approved by that number or percentage of partners required by the partnership agreement to approve a conversion of the partnership as set forth in the partnership agreement. If the partnership agreement fails to specify the required partner approval for a conversion of the partnership, the plan of conversion shall be approved by that number or percentage of partners required by the partnership agreement to approve an amendment to the partnership agreement unless the conversion effects a change for which the partnership agreement requires a greater number or percentage of partners than that required to amend the partnership agreement, in which case the

plan of conversion shall be approved by that greater number or percentage. If the partnership agreement fails to specify the vote required to amend the partnership agreement, the plan of conversion shall be approved by all partners.

(c) If the partnership is converting into a limited partnership, in addition to the approval of the partners as set forth in subdivision (b), the plan of conversion shall be approved by all partners who will become general partners of the converted limited partnership pursuant to the plan of conversion.

(d) All partners of the converting partnership except those that dissociate upon effectiveness of the conversion pursuant to subdivision (e) of Section 16909 shall be deemed parties to any partnership or operating or organic document for the converted entity adopted as part of the plan of conversion, regardless of whether that partner has executed the plan of conversion or the operating or partnership agreement or other organic document for the converted entity. Any adoption of a new partnership, operating agreement, or other organic document made pursuant to the foregoing sentence shall be effective at the effective time or date of the conversion.

(e) Notwithstanding its prior approval, a plan of conversion may be amended before the conversion takes effect if the amendment is approved by the partnership in the same manner, and by the same number or percentage of partners, as was required for approval of the original plan of conversion.

(f) The partners of a converting partnership may, at any time before the conversion is effective, in their discretion, abandon a conversion, without further approval by the partners, in the same manner, and by the same number or percentage of partners, as was required for approval of the original plan of conversion at any time before the conversion is effective, subject to the contractual rights of third parties.

(g) The converted entity shall keep the plan of conversion at: (1) the principal place of business of the converted entity, if the converted entity is a foreign other business entity; or (2) the office at which records are to be kept under Section 15614 if the converted entity is a domestic limited partnership, or at the office at which records are to be kept under Section 17057 if the converted entity is a domestic limited liability company. Upon the request of a partner of a converting partnership, the authorized person on behalf of the converted entity shall promptly deliver to the partner or the holder of interests or other securities, at the expense of the converted entity, a copy of the plan of conversion. A waiver by a partner of the rights provided in this subdivision shall be unenforceable.

SEC. 6. Section 16905 of the Corporations Code is amended to read:

16905. (a) The conversion of a partnership into a foreign other business entity shall comply with Section 16902.

(c) (1) Unless a statement of conversion has been filed to effect the conversion, the converted foreign partnership or foreign other business entity shall promptly notify the Secretary of State of the mailing address of its agent for service of process, its chief executive office, and of any change of address. To enforce an obligation of a partnership that has converted to a foreign partnership or foreign other business entity, the Secretary of State shall only be the agent for service of process in an action or proceeding against the converted foreign partnership or foreign other business entity, if the agent designated for the service of process for that entity is a natural person and cannot be found with due diligence or if the agent is a corporation and no person, to whom delivery may be made, may be located with due diligence, or if no agent has been designated and if no one of the officers, partners, managers, members, or agents of that entity may be located after diligent search, and it is so shown by affidavit to the satisfaction of the court. The court then may make an order that service be made by personal delivery to the Secretary of State or to an assistant or deputy Secretary of State of two copies of the process together with two copies of the order, and the order shall set forth an address to which the process shall be sent by the Secretary of State. Service in this manner is deemed complete on the 10th day after delivery of the process to the Secretary of State.

(2) Upon receipt of the process and order and the fee set forth in Section 12206 of the Government Code, the Secretary of State shall provide notice to the entity of the service of the process by forwarding by certified mail, return receipt requested, a copy of the process and order to the address specified in the order.

(3) The Secretary of State shall keep a record of all process served upon the Secretary of State and shall record therein the time of service and the Secretary of State's action with respect thereto. The certificate of the Secretary of State, under the Secretary of State's official seal, certifying to the receipt of process, the providing of notice thereof to the entity, and the forwarding of the process, shall be competent and prima facie evidence of the matters stated therein.

SEC. 7. Section 16906 of the Corporations Code is amended to read:

If the converting

partnership has not filed a statement of partnership authority under Section 16303 that is effective at the time of the conversion, upon conversion to a domestic limited partnership or limited liability company, the converted entity may, but is not required to file, on its certificate of limited partnership or articles of organization, a statement of conversion. A statement of conversion shall set forth all of the following:

(1) The name and the Secretary of State's file number, if any, of the converting partnership.

(2) A statement that the principal terms of the plan of conversion were approved by a vote of the partners, which equaled or exceeded the vote required under Section 16903.

(b) A partnership converting to a foreign other business entity that has filed a statement of partnership authority under Section 16303 that is effective at the time of conversion may file a certificate of conversion with the Secretary of State. The certificate of conversion shall contain the following:

(1) The names of the converting partnership and the converted entity.

(2) The street address of the converted entity's chief executive office and of an office in this state, if any.

(3) The form of organization of the converted entity.

(c) The filing with the Secretary of State of a certificate of limited partnership or articles of organization containing a statement of conversion as set forth in subdivision (a) or a certificate of conversion filed pursuant to subdivision (b) shall have the effect of the filing of a cancellation by the converting partnership of any statement of partnership authority filed by it.

SEC. 8. Section 16907 of the Corporations Code is amended to read:

16907. (a) Whenever a partnership or other business entity having any real property in this state converts into a partnership or an other business entity pursuant to the laws of this state or of the state or place in which the other business entity was organized, and the laws of the state or place of organization (including this state) of the converting partnership or other business entity provide substantially that the conversion of a converting entity vests in the converted partnership or other business entity all the real property of the converting partnership or converting other business entity, the filing for record in the office of the county recorder of any county in this state in which any of the real property of the converting partnership or converting other business entity is located of either (1) a certificate of conversion or a certificate of limited partnership or articles of organization complying with Section 16906, in such form as prescribed by the Secretary of State, certified by the Secretary of State, or (2) a copy of a certificate of conversion, or a certificate of limited partnership, articles of organization, or other certificate evidencing the creation of a foreign other business entity by

conversion, containing a statement of conversion, certified by the Secretary of State or an authorized public official of the state or place pursuant to the laws of which the conversion is effected, shall evidence record ownership in the converted partnership or converted other business entity of all interest of the converting partnership or converting other business entity in and to the real property located in that county.

(b) A filed and, if appropriate, recorded certificate of conversion, certificate of limited partnership, articles of organization, or other certificate evidencing the creation of an other business entity by conversion, containing a statement of conversion, executed and declared to be accurate pursuant to subdivision (c) of Section 16105, stating the name of the converting partnership or converting other business entity in whose name property was held before the conversion and the name of the converted entity, but not containing all of the other information required by Section 16906, operates with respect to the entities named to the extent provided in subdivision (a).

(c) Recording of a certificate of conversion, or a certificate of limited partnership, articles of organization, or other certificate evidencing the creation of another business entity by conversion, containing a statement of conversion, in accordance with paragraph (1) of Section 16902 shall create, in favor of bona fide purchasers or encumbrancers for value, a conclusive presumption that the conversion was validly completed.

SEC. 9. Section 16911 of the Corporations Code is amended to read:

16911. (a) Each partnership and other business entity which desires to merge shall approve an agreement of merger. The agreement of merger shall be approved by the number or percentage of partners specified for merger in the partnership agreement of the constituent partnership. If the partnership agreement fails to specify the required partner approval for merger of the constituent partnership, then the agreement of merger shall be approved by that number or percentage of partners specified by the partnership agreement to approve an amendment to the partnership agreement. However, if the merger effects a change for which the partnership agreement requires a greater number or percentage of partners than that required to amend the partnership agreement, then the merger shall be approved by that greater number or percentage. If the partnership agreement contains no provision specifying the vote required to amend the partnership agreement, then the agreement of merger must be approved by all the partners. The agreement of merger shall be approved on behalf of each constituent other business entity by those persons required to approve the merger by the laws under which it is organized. Other persons may be parties to the agreement of merger. The agreement of merger shall state all of the following:

(1) The terms and conditions of the merger.

(2) The name and place of organization of the surviving partnership or surviving other business entity, and of each disappearing partnership and disappearing other business entity, and the agreement of merger may change the name of the surviving partnership, which new name may be the same as or similar to the name of a disappearing partnership.

(3) The manner of converting the partnership interests of each of the constituent partnerships into interests or other securities of the surviving partnership or surviving other business entity, and if partnership interests of any of the constituent partnerships are not to be converted solely into interest or other securities of the surviving partnership or surviving other business entity, the cash, property, rights, interests, or securities which the holders of the partnership interest are to receive in exchange for the partnership interests, which cash, property, rights, interests, or securities may be in addition to or in lieu of interests of other securities of the surviving partnership or surviving other business entity, or that the partnership interests are canceled without consideration.

(4) Any other details or provisions as are required by the laws under which any constituent other business entity is organized.

(5) Any other details or provisions that are desired, including, without limitation, a provision for the treatment of fractional partnership interests.

(b) If the partnership is merging into a limited partnership, then in addition to the approval of the partners as set forth under subdivision (a), the agreement of merger must be approved by all partners who will become general partners of the surviving limited partnership upon the effectiveness of the merger.

(c) Notwithstanding its prior approval, an agreement of merger may be amended before the merger takes effect if the amendment is approved by the partners of each constituent partnership, in the same manner as required for approval of the original agreement of merger, and by each of the constituent other business entities.

(d) The partners of a constituent partnership may in their discretion, abandon a merger, subject to the contractual rights, if any, of third parties, including other constituent partnerships and constituent other business entities, if the abandonment is approved by the partners of the constituent partnership in the same manner as required for approval of the original agreement of merger.

(e) An agreement of merger approved in accordance with subdivision (a) may (1) effect any amendment to the partnership agreement of any domestic constituent partnership or (2) effect the adoption of a new partnership agreement for a domestic constituent partnership if it is the surviving partnership in the merger. Any amendment to a partnership agreement or adoption of a new partnership agreement made pursuant to the foregoing sentence shall be effective at the effective time or date of the merger.

(f) The surviving partnership or surviving other business entity shall keep the agreement of merger at the principal place of business of the surviving entity if the surviving entity is a partnership or a foreign other business entity, at the office referred to in Section 1500 if the surviving entity is a domestic corporation, at the office referred to in subdivision (a) of Section 15614 if the surviving entity is a domestic limited partnership, or at the office referred to in Section 17057 if the surviving entity is a domestic limited liability company and, upon the request of a partner of a constituent partnership or a holder of interests or other securities of a constituent other business entity, the authorized person on behalf of the partnership or the surviving other business entity shall promptly deliver to the partner or the holder of interests or other securities, at the expense of the surviving partnership or surviving other business entity, a copy of the agreement of merger. A waiver by a partner or holder of interests or other securities of the rights provided in this subdivision shall be unenforceable.

SEC. 10. Section 16914 of the Corporations Code is amended to read:

16914. (a) When a merger takes effect, all of the following apply:

(1) The separate existence of the disappearing partnerships and disappearing other business entities ceases and the surviving partnership or surviving other business entity shall succeed, without other transfer, act or deed, to all the rights and property whether real, personal, or mixed, of each of the disappearing partnerships and disappearing other business entities and shall be subject to all the debts and liabilities of each in the same manner as if the surviving partnership or surviving other business entity had itself incurred them.

(2) All rights of creditors and all liens upon the property of each of the constituent partnerships and constituent other business entities shall be preserved unimpaired and may be enforced against the surviving partnership or the surviving other business entity to the same extent as if the debt, liability, or duty that gave rise to that lien had been incurred or contracted by it, provided that the liens upon the property of a disappearing partnership or disappearing other business entity shall be limited to the property affected thereby immediately prior to the time the merger is effective.

(3) Any action or proceeding pending by or against any disappearing partnership or disappearing other business entity may be prosecuted to judgment, which shall bind the surviving partnership or surviving other business entity, or the surviving partnership or surviving other business entity may be proceeded against or be substituted in the disappearing partnership's or the disappearing other business entity's place.

(b) (1) Unless a certificate of merger has been filed to effect the merger, the surviving foreign entity shall promptly notify the Secretary of State of the mailing address of its agent for service of

process, its chief executive office, and of any change of address. To enforce an obligation of a partnership that has merged with a foreign partnership or foreign other business entity, the Secretary of State shall only be the agent for service of process in an action or proceeding against the surviving foreign partnership or foreign other business entity, if the agent designated for the service of process for that entity is a natural person and cannot be located with due diligence or if the agent is a corporation and no person, to whom delivery may be made, can be located with due diligence, or if no agent has been designated and if no one of the officers, partners, managers, members, or agents of the entity can be located after diligent search, and it is so shown by affidavit to the satisfaction of the court. The court then may make an order that service be made by personal delivery to the Secretary of State or to an assistant or deputy Secretary of State of two copies of the process together with two copies of the order, and the order shall set forth an address to which the process shall be sent by the Secretary of State. Service in this manner is deemed complete on the 10th day after delivery of the process to the Secretary of State.

(2) Upon receipt of the process and order and the fee set forth in Section 12206 of the Government Code, the Secretary of State shall provide notice to the entity of the service of the process by forwarding by certified mail, return receipt requested, a copy of the process and order to the address specified in the order.

(3) The Secretary of State shall keep a record of all process served upon the Secretary of State and shall record therein the time of service and the Secretary of State's action with respect thereto. The certificate of the Secretary of State, under the Secretary of State's official seal, certifying to the receipt of process, the providing of notice thereof to the entity, and the forwarding of the process, shall be competent and prima facie evidence of the matters stated therein.

(c) A partner of the surviving partnership or surviving limited partnership, a member of the surviving limited liability company, a shareholder of the surviving corporation, or a holder of equity securities of the surviving other business entity is liable for all of the following:

(1) All obligations of a party to the merger for which that person was personally liable before the merger.

(2) All other obligations of the surviving entity incurred before the merger by a party to the merger, but those obligations may be satisfied only out of property of the entity.

(3) All obligations of the surviving entity incurred after the merger takes effect, but those obligations may be satisfied only out of property of the entity if that person is a limited partner, a shareholder in a corporation, or, unless expressly provided otherwise in the articles of organization or other governing documents, a member of a limited liability company or a holder of equity securities in a surviving other business entity.

(d) If the obligations incurred before the merger by a party to the merger are not satisfied out of the property of the surviving partnership or surviving other business entity, the general partners of that party immediately before the effective date of the merger, to the extent such party was a partnership or a limited partnership, shall contribute the amount necessary to satisfy that party's obligations to the surviving entity, in the manner provided in Section 16807 or in the limited partnership act of the jurisdiction in which the party was formed, as the case may be, as if the merged party were dissolved.

(e) A partner of a domestic disappearing partnership, who does not vote in favor of the merger and does not agree to become a partner, member, shareholder, or holder of interest or equity securities of the surviving partnership or surviving other business entity shall have the right to dissociate from the partnership, as of the date the merger takes effect. Within 10 days after the approval of the merger by the partners as required under this article, each domestic disappearing partnership shall send notice of the approval of the merger to each partner that has not approved the merger, accompanied by a copy of Section 16701 and a brief description of the procedure to be followed under that section if the partner wishes to dissociate from the partnership. A partner that desires to dissociate from a disappearing partnership shall send written notice of such dissociation within 30 days after the date of the notice of the approval of the merger. The disappearing partnership shall cause the partner's interest in the entity to be purchased under Section 16701. The surviving entity is bound under Section 16702 by an act of a general partner dissociated under this subdivision, and the partner is liable under Section 16703 for transactions entered into by the surviving entity after the merger takes effect. The dissociation of a partner in connection with a merger pursuant to the terms of this subdivision shall not be deemed a wrongful disassociation under Section 16602.

SEC. 11. Section 16915 of the Corporations Code is amended to read:

16915. (a) In a merger involving only partnerships, or in a merger to which a domestic partnership and an other business entity is a party but in which no other domestic other business entity is a party, the surviving partnership or surviving foreign other business entity may file with the Secretary of State a statement that one or more partnerships have merged into the surviving partnership or surviving other business entity. The certificate of merger shall be executed and acknowledged by each domestic constituent partnership by two partners (unless a lesser number is provided in the partnership agreement) and by each foreign constituent partnership by one or more partners, and by each constituent other business entity by those persons required to execute the certificate of merger by the laws under which the constituent other business entity is organized. The certificate of merger shall set forth all of the following:

(1) The names and the Secretary of State's file numbers, if any, of each of the constituent partnerships and constituent other business entities, separately identifying the disappearing partnerships and disappearing other business entities and the surviving partnership or surviving other business entity.

(3) If the surviving entity is a domestic partnership and not an other business entity, any change to the information set forth in any filed statement of partnership authority of the surviving partnership resulting from the merger, including any change in the name of the surviving partnership resulting from the merger. The filing of a certificate of merger setting forth any changes to any filed statement of partnership authority of the surviving partnership shall have the effect of the filing of a certificate of amendment of the statement of partnership authority by the surviving partnership, and the surviving partnership need not file a certificate of amendment under Section 16015 to reflect those changes.

(4) The future effective date or time (which shall be a date or time certain not more than 90 days subsequent to the date of filing) of the merger, if the merger is not to be effective upon the filing of the certificate of merger with the office of the Secretary of State.

16916. (a) Whenever a domestic or foreign partnership or other business entity having any real property in this state merges with another partnership or other business entity pursuant to the laws of this state or of the state or place in which any constituent partnership or constituent other business entity was organized, and the laws of the state or place of organization (including this state) of any disappearing partnership or disappearing other business entity provide substantially that the making and filing of a statement of merger, agreement of merger, or certificate of merger vests in the surviving partnership or surviving other business entity all the real property of any disappearing partnership and disappearing other business entity, the filing for record in the office of the county recorder of any county in this state in which any of the real property of the disappearing partnership or disappearing other business entity is located of either (1) a certificate of merger or agreement of merger certified by the Secretary of State, or other certificate prescribed by the Secretary of State, or (2) a copy of the statement of merger, agreement of merger, or certificate of merger, certified by the Secretary of State or an authorized public official of the state or place pursuant to the laws of which the merger is effected, shall evidence record ownership in the surviving partnership or surviving other business entity of all interest of such disappearing partnership or disappearing other business entity in and to the real property located in that county.

SEC. 13. Chapter 11.5 (commencing with Section 17540.1) is added to Title 2.5 of the Corporations Code, to read:

CHAPTER 11.5. CONVERSION

17540.1. For purposes of this chapter, the following definitions shall apply:

(a) "Converted entity" means the other business entity or foreign limited liability company that results from a conversion of a domestic limited liability company under this chapter.

(b) "Converted limited liability company" means a domestic limited liability company that results from a conversion of an other business entity or a foreign limited liability company pursuant to Section 17540.8.

(c) "Converting limited liability company" means a domestic limited liability company that converts to an other business entity or a foreign limited liability company pursuant to this chapter.

(d) "Converting entity" means an other business entity or foreign limited liability company that converts to a domestic limited liability company pursuant to the terms of Section 17540.8.

17540.2. A limited liability company may be converted into an other business entity or a foreign limited liability company pursuant to this chapter if, pursuant to the proposed conversion, each of the members of the converting limited liability company would receive a percentage interest in profits and capital of the converted entity equal to that member's percentage interest in profits and capital of the converting limited liability company as of the effective time of the conversion. Notwithstanding this section, the conversion of a limited liability company to an other business entity or a foreign limited liability company may be effected only if both of the following conditions are complied with:

(a) The law under which the converted entity will exist expressly permits the formation of that entity pursuant to a conversion.

(b) The limited liability company complies with any and all other requirements of any other law that applies to conversion to the converted entity.

17540.3. (a) A limited liability company that desires to convert to an other business entity or a foreign limited liability company shall approve a plan of conversion.

The plan of conversion shall state all of the following:

(1) The terms and conditions of the conversion.

(2) The place of the organization of the converted entity and of the converting limited liability company and the name of the converted entity after conversion.

(3) The manner of converting the membership interests of each of the members into securities of, or interests in, the converted entity.

(4) The provisions of the governing documents for the converted entity, including the partnership agreement, to which the holders of interests in the converted entity are to be bound.

(5) Any other details or provisions that are required by the laws under which the converted entity is organized, or that are desired by the parties.

(b) The plan of conversion shall be approved by a vote of a majority in interest of the members of the converting limited liability company, or a greater percentage of the voting interests of members as may be specified in the articles of organization or written operating agreement of the converting limited liability company. However, if the members of the limited liability company would become personally liable for any obligations of the converted entity as a result of the conversion, the plan of conversion shall be approved by all of the members of the converting limited liability company, unless the plan of conversion provides that all members will have dissenters' rights as provided in Chapter 13 (commencing with Section 17600).

(c) If the limited liability company is converting into a limited partnership, then in addition to the approval of the members set forth in subdivision (b), the plan of conversion shall be approved by those members who will become general partners of the converted limited partnership pursuant to the plan of conversion.

(d) Upon the effectiveness of the conversion, all members of the converting limited liability company, except those that exercise dissenters' rights as provided in Chapter 13 (commencing with Section 17600) shall be deemed parties to any governing documents for the converted entity adopted as part of the plan of conversion, irrespective of whether or not a member has executed the plan of conversion or such governing documents for the converted entity. Any adoption of governing documents made pursuant thereto shall be effective at the effective time or date of the conversion.

(e) Notwithstanding its prior approval, a plan of conversion may be amended before the conversion takes effect if the amendment is approved by the members of the converting limited liability company in the same manner as was required for approval of the original plan of conversion.

(f) A plan of conversion may be abandoned by the members of a converting limited liability company in the manner as required for approval of the plan of conversion, subject to the contractual rights of third parties, at any time before the conversion is effective.

(g) The converted entity shall keep the plan of conversion at the principal place of business of the converted entity if the converted entity is a domestic partnership or foreign other business entity or at the office at which records are to be kept under Section 15614 if the converted entity is a domestic limited partnership. Upon the request of a member of a converting limited liability company, the authorized person on behalf of the converted entity shall promptly

deliver to the member or the holder of interests or other securities, at the expense of the converted entity, a copy of the plan of conversion. A waiver by a member of the rights provided in this subdivision shall be unenforceable.

(1) The approval of the plan of conversion by the members of the converting limited liability company as provided in Section 17540.3.

(2) The filing of all documents required by law to effect the conversion and create the converted entity, which documents shall also contain a statement of conversion, if required under Section 17540.6.

(b) If the limited liability company is converting into a foreign other business entity or a foreign limited liability company, those conversion proceedings shall be in accordance with the laws of the state or place of organization of the foreign other business entity or foreign limited liability company and the conversion shall become effective in accordance with that law.

(c) (1) To enforce an obligation of a limited liability company that has converted to a foreign limited liability company or foreign other business entity, the Secretary of State shall only be the agent for service of process in an action or proceeding against that converted foreign entity, if the agent designated for the service of process for the entity is a natural person and cannot be located with due diligence or if the agent is a corporation and no person, to whom delivery may be made, may be located with due diligence, or if no agent has been designated and if no one of the officers, partners, managers, members, or agents of that entity may be located after diligent search, and it is so shown by affidavit to the satisfaction of the court. The court then may make an order that service be made by personal delivery to the Secretary of State or to an assistant or deputy Secretary of State of two copies of the process together with two copies of the order, and the order shall set forth an address to which the process shall be sent by the Secretary of State. Service in this manner is deemed complete on the 10th day after delivery of the process to the Secretary of State.

(2) Upon receipt of the process and order and the fee set forth in Section 12206 of the Government Code, the Secretary of State shall

give notice to such entity of the service of the process by forwarding by certified mail, return receipt requested, a copy of the process and order to the address specified in the order.

(3) The Secretary of State shall keep a record of all process served upon the Secretary of State and shall record therein the time of service and the Secretary of State's action with respect thereto. The certificate of the Secretary of State, under the Secretary of State's official seal, certifying to the receipt of process, the giving of notice thereof to that entity, and the forwarding of the process, shall be competent and prima facie evidence of the matters stated therein.

(3) If the limited liability company is converting into a foreign limited liability company or foreign other business entity, a certificate of conversion shall be filed with the Secretary of State.

(b) Any certificate or statement of conversion shall be executed and acknowledged by all of the managers, unless a lesser number is provided in the articles of organization or the operating agreement of the converting limited liability company, and shall set forth all of the following:

(2) A statement that the principal terms of the plan of conversion were approved by a vote of the members, which equaled or exceeded the vote required under Section 17540.3, specifying each class entitled to vote and the percentage vote required of each class.

(3) The form of organization of the converted entity.

(c) The filing with the Secretary of State of a certificate of conversion or an organizational document containing a statement of conversion as set forth in subdivision (a) shall have the effect of the filing of a certificate of cancellation by the converting limited liability company and no converting limited liability company that has made the filing is required to file a certificate of dissolution or a certificate of cancellation under Section 17356 as a result of that conversion.

17540.7. (a) Whenever a limited liability company or other business entity having any real property in this state converts into a limited liability company or an other business entity pursuant to the laws of this state or of the state or place in which the limited liability company or other business entity was organized, and the laws of the state or place of organization, including this state, of the converting limited liability company or other converting entity provide

substantially that the conversion vests in the converted limited liability company or other converted entity all the real property of the converting limited liability company or other converting entity, the filing for record in the office of the county recorder of any county in this state in which any of the real property of the converting limited liability company or other converting entity is located of either (1) a certificate of conversion, statement of partnership authority, certificate of limited partnership, or articles of organization complying with Section 17540.6, in the form prescribed and certified by the Secretary of State, or (2) a copy of a certificate of conversion, or a statement of partnership authority, certificate of limited partnership, articles of organization, or other certificate evidencing the creation of a foreign other business entity or foreign limited liability company by conversion, containing a statement of conversion, certified by the Secretary of State or an authorized public official of the state or place pursuant to the laws of which the conversion is effected, shall evidence record ownership in the converted limited liability company or other converted entity of all interest of the converting limited liability company or other converting entity in and to the real property located in that county.

(b) A filed and, if appropriate, recorded certificate of conversion, or a statement of partnership authority, certificate of limited partnership or articles of organization or other certificate evidencing the formation of a foreign other business entity or a foreign limited liability company filed pursuant to Section 17540.6 containing a statement of conversion, stating the name of the converting limited liability company or other converting entity in whose name property was held before the conversion and the name of the converted entity or converted limited liability company, but not containing all of the other information required by Section 17540.6, operates with respect to the converted entities named to the extent provided in subdivision (a).

(c) Recording of a certificate of conversion or a statement of partnership authority, certificate of limited partnership or articles of organization, or other certificate evidencing the creation of an other business entity or a limited liability company by conversion, containing a statement of conversion, in accordance with subdivision (a), shall create, in favor of bona fide purchasers or encumbrances for value, a conclusive presumption that the conversion was validly completed.

17540.8. (a) An other business entity or foreign limited liability company may be converted to a domestic limited liability company pursuant to this chapter only if the converting entity is not prohibited by the law under which it is organized to effect the conversion.

(b) An other business entity or a foreign limited liability company that desires to convert into a domestic limited liability company shall approve a plan of conversion or such instrument as is required to be

approved to effect the conversion pursuant to the laws under which that entity is organized.

(c) The conversion of an other business entity or a foreign limited liability company shall be approved by that number or percentage of the partners, members, or holders of interest of the converting entity as is required by the law under which that entity is organized, or a greater or lesser percentage, subject to applicable laws, as set forth in the converting entity's partnership agreement, articles of organization, operating agreement, or other governing document.

(d) The conversion by an other business entity or foreign limited liability company shall be effective under this chapter at the time the conversion is effective under the law under which the converting entity is organized as long as the articles of organization have been filed with the Secretary of State. If the converting entity's governing law is silent as to the effectiveness of the conversion, the conversion shall be effective upon the completion of all acts required under this title to form a limited liability company.

17540.9. (a) An entity that converts into another entity pursuant to this chapter is for all purposes the same entity that existed before the conversion.

(b) Upon a conversion taking effect, all of the following apply:

(1) All the rights and property, whether real, personal, or mixed, of the converting entity or converting limited liability company are vested in the converted entity or converted limited liability company.

(2) All debts, liabilities, and obligations of the converting entity or converting limited liability company continue as debts, liabilities, and obligations of the converted entity or converted limited liability company.

(3) All rights of creditors and liens upon the property of the converting entity or converting limited liability company shall be preserved unimpaired and remain enforceable against the converted entity or converted limited liability company to the same extent as against the converting entity or converting limited liability company as if the conversion had not occurred.

(4) Any action or proceeding pending by or against the converting entity or converting limited liability company may be continued against the converted entity or converted limited liability company as if the conversion had not occurred.

(c) A member of a converting limited liability company is liable for:

(1) All obligations of the converting limited liability company for which the member was personally liable before the conversion.

(2) All obligations of the converted entity incurred after the conversion takes effect, but those obligations may be satisfied only out of property of the entity if that member is a limited partner, a shareholder in a corporation, or unless expressly provided otherwise in the articles of organization or other governing documents, a

member of a converted limited liability company or a holder of equity securities in an other converted entity if the holders of equity securities in such entity are not personally liable for the obligations of such entity under the law under which that entity is organized or its governing documents.

(d) A member of a converted limited liability company remains liable for any and all obligations of the converting entity for which the member was personally liable before the conversion, but only to the extent that the member was personally liable for the obligations of the converting entity prior to the conversion.

(e) If the other party to a transaction with the limited liability company reasonably believes when entering the transaction that the limited liability company member is a general partner, the limited liability company member is liable for an obligation incurred by the limited liability company within 90 days after the conversion takes effect. The limited liability company member's liability for all other obligations of the limited liability company incurred after the conversion takes effect is that of a limited liability company member.

(b) For purposes of this chapter, "control" means the possession, direct or indirect, of the power to direct or cause the direction of the

management and policies of a limited liability company or other business entity.

An act to amend Sections 800 and 805 of the Business and Professions Code, relating to licensing.

[Approved by Governor August 30, 1999. Filed with Secretary of State August 30, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 800 of the Business and Professions Code is amended to read:

800. (a) The Medical Board of California, the Board of Dental Examiners, the Osteopathic Medical Board of California, the Board of Chiropractic Examiners, the California Board of Registered Nursing, the Board of Vocational Nursing and Psychiatric

Technicians, the State Board of Optometry, the Veterinary Medical Board, the Board of Behavioral Sciences, and the State Board of Pharmacy shall each separately create and maintain a central file of the names of all persons who hold a license, certificate, or similar authority from that board. Each central file shall be created and maintained to provide an individual historical record for each licensee with respect to (1) any conviction of a crime in this or any other state which constitutes unprofessional conduct pursuant to the reporting requirements of Section 803; (2) any judgment or settlement requiring the licensee or his or her insurer, to pay any amount of damages in excess of three thousand dollars ($3,000) for any claim that injury or death was proximately caused by the licensee's negligence, error or omission in practice, or by rendering unauthorized professional services, pursuant to the reporting requirements of Section 801 or 802; (3) any public complaints for which provision is hereinafter made, pursuant to subdivision (b) of this section; (4) disciplinary information reported pursuant to Section 805.

(b) Each board shall prescribe and promulgate forms on which members of the public and other licensees or certificate holders may file written complaints to the board alleging any act of misconduct in, or connected with, the performance of professional services by the licensee.

If a board, or division thereof, a committee, or a panel has failed to act upon a complaint or report within five years, or has found that the complaint or report is without merit, the central file shall be purged of information relating to the complaint or report.

Notwithstanding this subdivision, the Board of Psychology, the Board of Behavioral Sciences, and the Respiratory Care Board of California shall maintain complaints or reports as long as each board deems necessary.

(c) The contents of any central file which are not public records under any other provision of law shall be confidential except that the licensee involved, or his or her counsel or representative, shall have the right to inspect and have copies made of his or her complete file except for the provision that may disclose the identity of an information source. For the purposes of this section, a board may protect an information source by providing a copy of the material with only those deletions necessary to protect the identity of the source or by providing a comprehensive summary of the substance of the material. Whichever method is used, the board shall ensure that full disclosure is made to the subject of any personal information that could reasonably in any way reflect or convey anything detrimental, disparaging, or threatening to a licensee's reputation, rights, benefits, privileges, or qualifications, or be used by a board to make a determination that would affect a licensee's rights, benefits, privileges, or qualifications.

The licensee may, but is not required to, submit any additional exculpatory or explanatory statement or other information which the board shall include in the central file.

Each board may permit any law enforcement or regulatory agency when required for an investigation of unlawful activity or for licensing, certification, or regulatory purposes to inspect and have copies made of that licensee's file, unless the disclosure is otherwise prohibited by law.

These disclosures shall effect no change in the confidential status of these records.

SEC. 2. Section 805 of the Business and Professions Code is amended to read:

805. (a) As used in this section, the following terms have the following definitions:

(1) "Peer review body" includes:

(C) Any medical, psychological, marriage and family therapy, social work, dental, or podiatric professional society having as members at least 25 percent of the eligible licentiates in the area in which it functions (which must include at least one county), which is not organized for profit and which has been determined to be exempt from taxes pursuant to Section 23701 of the Revenue and Taxation Code.

(D) A committee organized by any entity consisting of or employing more than 25 licentiates of the same class which functions for the purpose of reviewing the quality of professional care provided by members or employees of that entity.

In addition to the duty to report as set forth in paragraphs (1), (2), and (3), the peer review body also has a duty to report under this section a licentiate's resignation or leave of absence from membership, staff, or employment following notice of an impending investigation based on information indicating medical disciplinary cause or reason.

The 805 report shall be filed within 15 days after the effective date of the denial, termination, restriction, resignation, or leave of absence, or after the exhaustion of administrative procedures, without regard to any filing for judicial review.

A copy of the 805 report, and a notice advising the licentiate of his or her right to submit additional statements or other information pursuant to Section 800, shall be sent by the peer review body to the licentiate named in the report.

The information to be reported in an 805 report shall include the name of the licentiate involved, a description of the facts and circumstances of the medical disciplinary cause or reason, and any other relevant information deemed appropriate by the reporter.

A supplemental report shall also be made within 30 days following the date the licentiate is deemed to have satisfied any terms, conditions, or sanctions imposed as disciplinary action by the reporting peer review body. In performing its dissemination functions required by Section 805.5, the agency shall include a copy of a supplemental report, if any, whenever it furnishes a copy of the original 805 report.

In those instances where another peer review body is required to file an 805 report, a health care service plan or nonprofit hospital service plan is not required to file a separate report with respect to action attributable to the same medical disciplinary cause or reason.

(c) The reporting required herein shall not act as a waiver of confidentiality of medical records and committee reports. The information reported or disclosed shall be kept confidential except as provided in subdivision (c) of Section 800 and Sections 803.1 and 2027, provided that a copy of the report containing the information required by this section may be disclosed as required by Section 805.5 with respect to reports received on or after January 1, 1976.

(d) The Medical Board of California, the Osteopathic Medical Board of California, and the Board of Dental Examiners shall disclose reports as required by Section 805.5.

(e) An 805 report shall be maintained by an agency for dissemination purposes for a period of three years after receipt.

SECTION 1. Section 17312 of the Financial Code is amended to read:

17312. (2) Bulk sale escrows, including, but not limited to, the sale or transfer of title to a business entity and the transfer of liquor licenses or other types of business licenses or permits.

(3) Fund or joint control escrows, including, but not limited to, transactions specified in Section 17005.1, and contracts specified in Section 10263 of the Public Contract Code.

(4) The sale, transfer of title, or refinance escrows for manufactured homes or mobilehomes.

(5) Reservation deposits required under Article 2 (commencing with Section 11010) of Chapter 1 of Part 2 of Division 4 of the Business and Professions Code or by regulation of the Department of Real Estate to be held in an escrow account.

Thereafter, these moneys may be deposited in an interest-bearing account in a bank, a state or federal savings bank, a state or federal savings association, an industrial loan company approved to receive those moneys by the commissioner, or a state or federal credit union, if the depositor is qualified for membership under the bylaws of that credit union, and the moneys are maintained separate, distinct, and apart from funds belonging to the escrow agent. (3) A community college, state university, or academic institution accredited in this state is required to include computer-related crimes as a specific violation of college or university student conduct policies and regulations that may subject a student to disciplinary sanctions up to and including dismissal from the academic institution. This paragraph shall not apply to the University of California unless the Board of Regents adopts a resolution to that effect.

(1) The court shall consider prohibitions on access to and use of computers.

(2) Except as otherwise required by law, the court shall consider alternate sentencing, including community service, if the defendant shows remorse and recognition of the wrongdoing, and an inclination not to repeat the offense.

SEC. 4. Section 502.01 of the Penal Code is amended to read:

502.01. (a) As used in this section:

(1) "Property subject to forfeiture" means any property of the defendant that is illegal telecommunications equipment as defined in subdivision (g) of Section 502.8, or a computer, computer system, or computer network, and any software or data residing thereon, if the telecommunications device, computer, computer system, or computer network was used in committing a violation of Section 470, 470a, 472, 476, 480, or subdivision (b) of Section 484e, subdivision (d) of Section 484e, subdivision (a) of Section 484f, subdivision (b) of Section 484i, subdivision (c) of Section 502, or Section 502.7, 502.8, 529, 529a, or 530.5, or was used as a repository for the storage of software or data obtained in violation of those provisions. Forfeiture shall not be available for any property used solely in the commission of an infraction. If the defendant is a minor, it also includes property of the parent or guardian of the defendant.

(2) "Sentencing court" means the court sentencing a person found guilty of violating Section 470, 470a, 472, 476, 480, or subdivision (b) of Section 484e, subdivision (d) of Section 484e, subdivision (a) of Section 484f, subdivision (b) of Section 484i, subdivision (c) of Section 502, or Section 502.7, 502.8, 529, 529a, or 530.5, or, in the case of a minor, found to be a person described in Section 602 of the Welfare and Institutions Code because of a violation of those provisions, the juvenile court.

(3) "Interest" means any property interest in the property subject to forfeiture.

(4) "Security interest" means an interest that is a lien, mortgage, security interest, or interest under a conditional sales contract.

(5) "Value" has the following meanings:

(A) When counterfeit items of computer software are manufactured or possessed for sale, the "value" of those items shall be equivalent to the retail price or fair market price of the true items that are counterfeited.

(B) When counterfeited but unassembled components of computer software packages are recovered, including, but not limited to, counterfeited computer diskettes, instruction manuals, or licensing envelopes, the "value" of those components of computer software packages shall be equivalent to the retail price or fair market price of the number of completed computer software packages that could have been made from those components.

(b) The sentencing court shall, upon petition by the prosecuting attorney, at any time following sentencing, or by agreement of all parties, at the time of sentencing, conduct a hearing to determine whether any property or property interest is subject to forfeiture

under this section. At the forfeiture hearing, the prosecuting attorney shall have the burden of establishing, by a preponderance of the evidence, that the property or property interests are subject to forfeiture. The prosecuting attorney may retain seized property that may be subject to forfeiture until the sentencing hearing.

(c) Prior to the commencement of a forfeiture proceeding, the law enforcement agency seizing the property subject to forfeiture shall make an investigation as to any person other than the defendant who may have an interest in it. At least 30 days before the hearing to determine whether the property should be forfeited, the prosecuting agency shall send notice of the hearing to any person who may have an interest in the property that arose before the seizure.

A person claiming an interest in the property shall file a motion for the redemption of that interest at least 10 days before the hearing on forfeiture, and shall send a copy of the motion to the prosecuting agency and to the probation department.

If a motion to redeem an interest has been filed, the sentencing court shall hold a hearing to identify all persons who possess valid interests in the property. No person shall hold a valid interest in the property if, by a preponderance of the evidence, the prosecuting agency shows that the person knew or should have known that the property was being used in violation of Section 470, 470a, 472, 476, 480, or subdivision (b) of Section 484e, subdivision (d) of Section 484e, subdivision (a) of Section 484f, subdivision (b) of Section 484i, subdivision (c) of Section 502, or Section 502.7, 502.8, 529, 529a, or 530.5, and that the person did not take reasonable steps to prevent that use, or if the interest is a security interest, the person knew or should have known at the time that the security interest was created that the property would be used for a violation.

(d) If the sentencing court finds that a person holds a valid interest in the property, the following provisions shall apply:

(1) The court shall determine the value of the property.

(2) The court shall determine the value of each valid interest in the property.

(3) If the value of the property is greater than the value of the interest, the holder of the interest shall be entitled to ownership of the property upon paying the court the difference between the value of the property and the value of the valid interest.

If the holder of the interest declines to pay the amount determined under paragraph (2), the court may order the property sold and designate the prosecutor or any other agency to sell the property. The designated agency shall be entitled to seize the property and the holder of the interest shall forward any documentation underlying the interest, including any ownership certificates for that property, to the designated agency. The designated agency shall sell the property and pay the owner of the interest the proceeds, up to the value of that interest.

(4) If the value of the property is less than the value of the interest, the designated agency shall sell the property and pay the owner of the interest the proceeds, up to the value of that interest.

(e) If the defendant was a minor at the time of the offense, this subdivision shall apply to property subject to forfeiture that is the property of the parent or guardian of the minor.

(1) The prosecuting agency shall notify the parent or guardian of the forfeiture hearing at least 30 days before the date set for the hearing.

(2) The computer or telecommunications device shall not be subject to forfeiture if the parent or guardian files a signed statement with the court at least 10 days before the date set for the hearing that the minor shall not have access to any computer or telecommunications device owned by the parent or guardian for two years after the date on which the minor is sentenced.

(3) If the minor is convicted of a violation of Section 470, 470a, 472, 476, 480, or subdivision (b) of Section 484e, subdivision (d) of Section 484e, subdivision (a) of Section 484f, subdivision (b) of Section 484i, subdivision (c) of Section 502, or Section 502.7, 502.8, 529, 529a, or 530.5, within two years after the date on which the minor is sentenced, and the violation involves a computer or telecommunications device owned by the parent or guardian, the original property subject to forfeiture, and the property involved in the new offense, shall be subject to forfeiture notwithstanding paragraph (2).

(4) Notwithstanding paragraph (1), (2), or (3), or any other provision of this chapter, if a minor's parent or guardian makes full restitution to the victim of a crime enumerated in this chapter in an amount or manner determined by the court, the forfeiture provisions of this chapter do not apply to the property of that parent or guardian if the property was located in the family's primary residence during the commission of the crime.

(f) Notwithstanding any other provision of this chapter, the court may exercise its discretion to deny forfeiture where the court finds that the convicted defendant, or minor adjudicated to come within the jurisdiction of the juvenile court, is not likely to use the property otherwise subject to forfeiture for future illegal acts.

(g) If the defendant is found to have the only valid interest in the property subject to forfeiture, it shall be distributed as follows:

(1) First, to the victim, if the victim elects to take the property as full or partial restitution for injury, victim expenditures, or compensatory damages, as defined in paragraph (1) of subdivision (e) of Section 502. If the victim elects to receive the property under this paragraph, the value of the property shall be determined by the court and that amount shall be credited against the restitution owed by the defendant. The victim shall not be penalized for electing not to accept the forfeited property in lieu of full or partial restitution.

(2) Second, at the discretion of the court, to one or more of the following agencies or entities:

(A) The prosecuting agency.

(B) The public entity of which the prosecuting agency is a part.

(C) The public entity whose officers or employees conducted the investigation resulting in forfeiture.

(D) Other state and local public entities, including school districts.

(E) Nonprofit charitable organizations.

(h) If the property is to be sold, the court may designate the prosecuting agency or any other agency to sell the property at auction. The proceeds of the sale shall be distributed by the court as follows:

(1) To the bona fide or innocent purchaser or encumbrancer, conditional sales vendor, or mortgagee of the property up to the amount of his or her interest in the property, if the court orders a distribution to that person.

(2) The balance, if any, to be retained by the court, subject to the provisions for distribution under subdivision (g).

SEC. 5. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

CHAPTER 255

An act to amend Sections 384 and 1765.1 of, and to add Sections 48 and 1762 to, the Insurance Code, relating to insurance.

[Approved by Governor August 30, 1999. Filed with Secretary of State August 30, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 48 is added to the Insurance Code, to read:

48. A "surplus line broker certificate" means a certificate issued by a surplus line broker to an insurance purchaser as evidence of the placement of insurance with an eligible nonadmitted insurer in accordance with the requirements of Sections 1764, 1764.1, and 1764.2.

SEC. 2. Section 384 of the Insurance Code is amended to read:

384. (a) A certificate of insurance or verification of insurance provided as evidence of insurance in lieu of an actual copy of the

insurance policy shall contain the following statements or words to the effect of:

This certificate or verification of insurance is not an insurance policy and does not amend, extend or alter the coverage afforded by the policies listed herein. Notwithstanding any requirement, term, or condition of any contract or other document with respect to which this certificate or verification of insurance may be issued or may pertain, the insurance afforded by the policies described herein is subject to all the terms, exclusions and conditions of such policies.

(b) This section is not applicable to a surplus line broker certificate as defined in Section 48.

SEC. 3. Section 1762 is added to the Insurance Code, to read:

1762. For purposes of Sections 1764, 1764.1, and 1764.3, the term "certificate" means a surplus line broker certificate as defined in Section 48.

SEC. 4. Section 1765.1 of the Insurance Code is amended to read:

1765.1. No surplus line broker shall place any coverage with a nonadmitted insurer unless the insurer is domiciled in the Republic of Mexico and the placement covers only liability arising out of the ownership, maintenance, or use of a motor vehicle, aircraft, or boat in the Republic of Mexico, or, at the time of placement, the nonadmitted insurer:

(a) (1) Has established its financial stability, reputation, and integrity, for the class of insurance the broker proposes to place, by satisfactory evidence submitted to the commissioner through a surplus line broker.

(2) (A) Has capital and surplus that together total at least fifteen million dollars ($15,000,000). "Capital" shall be as defined in Section 36. "Surplus" shall be defined as assets exceeding the sum of liabilities for losses reported, expenses, taxes, and all other indebtedness and reinsurance of outstanding risks as provided by law and paid-in capital in the case of an insurer issuing or having outstanding shares of capital stock. The type of assets to be used in calculating capital and surplus shall be as follows: at least fifteen million dollars ($15,000,000) shall be in the form of cash, or securities of the same character and quality as specified in Sections 1170 to 1182, inclusive, or in readily marketable securities listed on regulated United States' national or principal regional securities exchanges. The remaining assets shall be in the form just described, or in the form of investments of substantially the same character and quality as described in Sections 1190 to 1202, inclusive. In calculating capital and surplus under this section, the term "same character and quality" shall permit, but not require, the commissioner to approve assets maintained in accordance with the laws of another state or country. The commissioner shall be guided by any limitations, restrictions, or other requirements of this code or the National Association of Insurance Commissioners' Accounting Practices and Procedures Manual in determining whether assets substantially similar to those described

in Sections 1190 to 1202, inclusive, qualify. The commissioner shall retain the discretion to disapprove or disallow any asset that is not of a sound quality, or that he or she deems to create an unacceptable risk of loss to the insurer or to policyholders. Securities specifically valued by the National Association of Insurance Commissioners Securities Valuation Office shall be presumed readily marketable absent evidence to the contrary. Letters of credit will not qualify as assets in the calculation of surplus. If less than fifteen million dollars ($15,000,000), the commissioner has affirmatively found that the capital and surplus is adequate to protect California policyholders. The commissioner shall consider, on determining whether to make this finding, factors such as quality of management, the capital and surplus of any parent company, the underwriting profit and investment income trends, and the record of claims payment and claims handling practices of the nonadmitted insurer, or

(B) In the case of an "Insurance Exchange" created and authorized under the laws of individual states, maintains capital and surplus of not less than fifty million dollars ($50,000,000) in the aggregate. "Capital" shall be as defined in Section 36. "Surplus" shall be defined as assets exceeding the sum of liabilities for losses reported, expenses, taxes, and all other indebtedness and reinsurance of outstanding risks as provided by law and paid-in capital in the case of an insurer issuing or having outstanding shares of capital stock. The type of assets to be used in calculating capital and surplus shall be as follows: at least fifteen million dollars ($15,000,000) shall be in the form of cash, or securities of the same character and quality as specified in Sections 1170 to 1182, inclusive, or in readily marketable securities listed on regulated United States' national or principal regional securities exchanges. The remaining assets shall be in the form just described, or in the form of investments of substantially the same character and quality as described in Sections 1190 to 1202, inclusive. In calculating capital and surplus under this section, the term "same character and quality" shall permit, but not require, the commissioner to approve assets maintained in accordance with the laws of another state or country. The commissioner shall be guided by any limitations, restrictions, or other requirements of this code or the National Association of Insurance Commissioners' Accounting Practices and Procedures Manual in determining whether assets substantially similar to those described in Sections 1190 to 1202, inclusive, qualify. The commissioner shall retain the discretion to disapprove or disallow any asset that is not of a sound quality, or that he or she deems to create an unacceptable risk of loss to the insurer or to policyholders. Securities specifically valued by the National Association of Insurance Commissioners Securities Valuation Office shall be presumed readily marketable absent evidence to the contrary. Letters of credit will not qualify as assets in the calculation of surplus. In the case of an Insurance Exchange which maintains funds for the protection of all Insurance Exchange policyholders,

each individual syndicate seeking to accept surplus line placements of risks resident, located or to be performed in this state shall maintain minimum capital and surplus of not less than six million four hundred thousand dollars ($6,400,000). Each individual syndicate shall increase the capital and surplus required by this paragraph by one million dollars ($1,000,000) each year until it attains a capital and surplus of fifteen million dollars ($15,000,000). In the case of Insurance Exchanges that do not maintain funds for the protection of all Insurance Exchange policyholders, each individual syndicate seeking to accept surplus line placement of risks resident, located or to be performed in this state shall meet the capital and surplus requirements of subparagraph (A) of this paragraph.

(C) In the case of a syndicate that is part of a group consisting of incorporated individual insurers, or a combination of both incorporated and unincorporated insurers, that at all times maintains a trust fund of not less than one hundred million dollars ($100,000,000) in a qualified United States financial institution as security to the full amount thereof for the United States surplus line policyholders and beneficiaries of direct policies of the group, including all policyholders and beneficiaries of direct policies of the syndicate, and the full balance in the trust fund is available to satisfy the liabilities of each member of the group of those syndicates, incorporated individual insurers or other unincorporated insurers, without regard to their individual contributions to that trust fund, and the trust complies with the terms of and conditions specified in paragraph (1) of subdivision (b), the syndicate is excepted from the capital and surplus requirements of subparagraph (A) of paragraph (2). The incorporated members of the group shall not be engaged in any business other than underwriting as a member of the group and shall be subject to the same level of solvency regulation and control by the group's domiciliary regulator as are the unincorporated members.

(b) (1) In addition, to be eligible as a surplus line insurer, an insurer not domiciled in one of the United States or its territories shall have in force in the United States an irrevocable trust account in a qualified United States financial institution, for the protection of United States policyholders, of not less than five million four hundred thousand dollars ($5,400,000) and consisting of cash, securities acceptable to the commissioner which are authorized pursuant to Sections 1170 to 1182, inclusive, readily marketable securities acceptable to the commissioner that are listed on a regulated United States national or principal regional security exchange, or clean and irrevocable letters of credit acceptable to the commissioner and issued by a qualified United States financial institution. The trust agreement shall be in a form acceptable to the commissioner. The funds in the trust account may be included in any calculation of capital and surplus, except letters of credit, which shall not be included in any calculation.

(2) In the case of a syndicate seeking eligibility under subparagraph (C) of paragraph (2) of subdivision (a), the syndicate shall, in addition to the requirements of that subparagraph, at a minimum, maintain in the United States a trust account in an amount satisfactory to the commissioner that is not less than the amount required by the domiciliary state of the syndicate's trust. The trust account shall comply with the terms and conditions specified in paragraph (1) of subdivision (b).

(3) In the case of a group of incorporated insurers under common administration that maintains a trust fund of not less than one hundred million dollars ($100,000,000) in a qualified United States financial institution for the payment of claims of its United States policyholders, their assigns, or successors in interest and that complies with the terms and conditions of paragraph (1) that has continuously transacted an insurance business outside the United States for at least three years, that is in good standing with its domiciliary regulator, whose individual insurer members maintain standards and financial condition reasonably comparable to admitted insurers, that submits to this state's authority to examine its books and bears the expense of examination, and that has an aggregate policyholder surplus of ten billion dollars ($10,000,000,000), the group is excepted from the capital and surplus requirements of subdivision (a).

(c) Has caused to be provided to the commissioner the following documents:

(1) The financial documents as specified below, each showing the insurer's condition as of a date not more than 12 months prior to submission:

(A) A copy of an annual statement, prepared in the form prescribed by the NAIC. For an alien insurer, in lieu of an annual statement, a licensee may submit a form as set forth by regulation and as prepared by the insurer, and, if listed by the IID, a copy of the complete information as required in the application for listing by the IID.

(B) A copy of an audited financial report on the insurer's condition that meets the standards of subparagraph (D) for foreign insurers or subparagraph (E) for alien insurers.

(C) If the insurer is an alien:

(i) A certified copy of the trust agreement referenced in subdivision (b).

(ii) A verified copy of the most recent quarterly statement or list of the assets in the trust.

(D) Financial reports filed pursuant to this section by foreign insurers shall conform to the following standards:

(i) Financial documents shall be certified.

(ii) An audited financial report shall constitute a supplement to the insurer's annual statement, as required by the annual statement instructions issued by the NAIC.

(iii) An audited financial report shall be prepared by an independent certified public accountant or accounting firm in good standing with the American Institute of Certified Public Accountants and in all states where licensed to practice; and be prepared in conformity with statutory accounting practices prescribed, or otherwise permitted, by the insurance regulator of the insurer's domiciliary jurisdiction.

(iv) An audited financial report shall include information on the insurer's financial position as of the end of the most recent calendar year, and the results of its operations, cash-flows, and changes in capital and surplus for the year then ended.

(v) An audited financial report shall be prepared in a form and using language and groupings substantially the same as the relevant sections of the insurer's annual statement filed with its domiciliary jurisdiction, and presenting comparatively the amounts as of December 31 of the most recent calendar year and the amounts as of December 31 of the preceding year.

(E) Financial reports filed pursuant to this section by alien insurers shall conform to the following standards:

(i) Except as provided in clause (ii) of subparagraph (C), financial documents should be certified, if certification of a financial document is not available, the document shall be verified.

(ii) Financial documents should be expressed in United States dollars, but may be expressed in another currency, if the exchange rate for the other currency as of the date of the document is also provided.

(iii) The responses provided pursuant to subparagraph (A) of paragraph (1) on the form submitted in lieu of an annual statement should follow the most recent ISI Guide to Alien Reporting Format, "Standard Definitions of Accounting Items." Responses that do not agree with a standard definition shall be fully explained in the form.

(iv) An audited financial report shall be prepared by an independent licensed auditor in the insurer's domiciliary jurisdiction or in any state.

(v) An audited financial report shall be prepared in accord with either (I) Generally Accepted Auditing Standards that prescribe Generally Accepted Accounting Principles, or (II) International Accounting Standards as published and revised from time to time by the International Auditing Guidelines published by the International Auditing Practice Committee of the International Federation of Accountants; and shall include financial statement notes and a summary of significant accounting practices.

(F) The commissioner may accept, in lieu of a document described above, any certified or verified financial or regulatory document, statement, or report if the commissioner finds that it possesses reliability and financial detail substantially equal to or greater than the document for which it is proposed to be a substitute.

(G) If one of the financial documents required to be submitted under subparagraphs (A) and (B) is dated within 12 months of submission, but the other document is not so dated, the licensee may use the outdated document if it is accompanied by a supplement. The supplement must meet the same requirements which apply to the supplemented document, and must update the outdated document to a date within the prescribed time period, preferably to the same date as the nonsupplemented document.

(2) A certified copy of the insurer's license issued by its domiciliary jurisdiction, plus a certification of good standing, certificate of compliance, or other equivalent certificate, from either that jurisdiction or, if the jurisdiction does not issue those certificates, from any state where it is licensed.

(3) Information on the insurer's agent in California for service of process, including the agent's full name and address. The agent's address must include a street address where the agent can be reached during normal business hours.

(4) The complete street address, mailing address, and telephone number of the insurer's principal place of business.

(5) A certified or verified explanation, report, or other statement, from the insurance regulatory office or official of the insurer's domiciliary jurisdiction, concerning the insurer's record regarding market conduct and consumer complaints; or, if that information cannot be obtained from that jurisdiction, then any other information that the licensee can procure to demonstrate a good reputation for payment of claims and treatment of policyholders.

(6) A verified statement, from the insurer or licensee, on whether the insurer or any affiliated entity is currently known to be the subject of any order or proceeding regarding conservation, liquidation, or other receivership; or regarding revocation or suspension of a license to transact insurance in any jurisdiction; or otherwise seeking to stop the insurer from transacting insurance in any jurisdiction. The statement shall identify the proceeding by date, jurisdiction, and relief or sanction sought; and shall attach a copy of the relevant order.

(7) A certified copy of the most recent report of examination or an explanation if the report is not available.

(8) A list of all California surplus line brokers authorized by the insurer to issue policies on its behalf, and any additions to or deletions from that list.

(d) (1) Has provided any additional information or documentation required by the commissioner that is relevant to the financial stability, reputation, and integrity of the nonadmitted insurer. In making a determination concerning financial stability, reputation, and integrity of the nonadmitted insurer, the commissioner shall consider any analysis, findings, or conclusion made by the National Association of Insurance Commissioners (NAIC) in its review of the insurer for purposes of inclusion on or

exclusion from the list of authorized nonadmitted insurers maintained by the NAIC. The commissioner may, but shall not be required to, rely on, adopt, or otherwise accept any analyses, findings, or conclusions of the NAIC, as the commissioner deems appropriate. In the case of a syndicate seeking eligibility under subparagraph (C) of paragraph (2) of subdivision (a), the commissioner may, but shall not be required to, rely on, adopt, or otherwise accept any analyses, findings, or conclusions of any state, as the commissioner deems appropriate, as long as that state, in its method of regulation and review, meets the requirements of paragraph (2).

(2) The regulatory body of the state shall regularly receive and review the following: (A) an audited financial statement of the syndicate, prepared by a certified or chartered public accountant; (B) an opinion of a qualified actuary with regard to the syndicate's aggregate reserves for payment of losses or claims and payment of expenses of adjustment or settlement of losses or claims; (C) a certification from the qualified United States financial institution that acts as the syndicate's trustee, respecting the existence and value of the syndicate's trust fund; and (D) information concerning the syndicate's or its manager's operating history, business plan, ownership and control, experience and ability, together with any other pertinent factors, and any information indicating that the syndicate or its manager make reasonably prompt payment of claims in this state or elsewhere. The regulatory body of the state shall have the authority, either by law or through the operation of a valid and enforceable agreement, to review the syndicate's assets and liabilities and audit the syndicate's trust account, and shall exercise that authority with a frequency and in a manner satisfactory to the commissioner.

(e) Has established that:

(1) All documents required by subdivisions (c) and (d) have been filed. Each of the documents appear after review to be complete, clear, comprehensible, unambiguous, accurate, and consistent.

(2) The documents affirm that the insurer is not subject in any jurisdiction to an order or proceeding that:

(A) Seeks to stop it from transacting insurance.

(B) Relates to conservation, liquidation, or other receivership.

(C) Relates to revocation or suspension of its license.

(3) The documents affirm that the insurer has actively transacted insurance for the three years immediately preceding the filing made under this section, unless an exemption is granted. As used in this paragraph, "insurer" does not include a syndicate of underwriting entities. The commissioner may grant an exemption if the licensee has applied for exemption and demonstrates either of the following:

(A) The insurer meets the condition for any exception set forth in subdivision (a), (b), or (c) of Section 716.

(B) If the insurer has been actively transacting insurance for at least 12 months, and the licensee demonstrates that the exemption

is warranted because the insurer's current financial strength, operating history, business plan, ownership and control, management experience, and ability, together with any other pertinent factors, make three years of active insurance transaction unnecessary to establish sufficient reputation.

(4) The documents confirm that the insurer holds a license to issue insurance policies (other than reinsurance) to residents of the jurisdiction that granted the license unless an exemption is granted. The commissioner may grant an exemption if the licensee has applied for an exemption and demonstrates that the exemption is warranted because the insurer proposes to issue in California only commercial coverage, and is wholly owned and actually controlled by substantial and knowledgeable business enterprises that are its policyholders and that effectively govern the insurer's destiny in furtherance of their own business objectives.

(5) The information filed pursuant to paragraph (5) of subdivision (c) or otherwise filed with or available to the commissioner, including reports received from California policyholders, shall indicate that the insurer makes reasonably prompt payment of claims in this state or elsewhere.

(6) The information available to the commissioner shall not indicate that the insurer offers in California a licensee products or rates that violate any provision of this code.

(f) Has been placed on the list of eligible surplus line insurers by the commissioner. The commissioner shall establish a list of all surplus line insurers that have met the requirements of subdivisions (a) to (e), inclusive, and shall publish a master list at least semiannually. Any insurer receiving approval as an eligible surplus line insurer shall be added by addendum to the list at the time of approval, and shall be incorporated into the master list at the next date of publication. If an insurer appears on the most recent list, it shall be presumed that the insurer is an eligible surplus line insurer, unless the commissioner or his or her designee has mailed or causes to be mailed notice to all surplus line brokers that the commissioner has withdrawn the insurer's eligibility. Upon receipt of notice, the surplus line broker shall make no further placements with the insurer. Nothing in this subdivision shall limit the commissioner's discretion to withdraw an insurer's eligibility.

(g) (1) Except as provided by paragraph (2), whenever the commissioner has reasonable cause to believe, and determines after a public hearing, that any insurer on the list established pursuant to subdivision (f), (A) is in an unsound financial condition, (B) does not meet the eligibility requirements under subdivisions (a) to (e), inclusive, (C) has violated the laws of this state, or (D) without justification, or with a frequency so as to indicate a general business practice, delays the payment of just claims, the commissioner may issue an order removing the insurer from the list. Notice of hearing shall be served upon the insurer or its agent for service of process

stating the time and place of the hearing and the conduct, condition, or ground upon which the commissioner would make his or her order. The hearing shall occur not less than 20 days, nor more than 30 days after notice is served upon the insurer or its agent for service of process.

(2) If the commissioner determines that an insurer's immediate removal from the list is necessary to protect the public or an insured or prospective insured of the insurer, or, in the case of an application by an insurer to be placed on the list which is being denied by the commissioner, the commissioner may issue an order pursuant to paragraph (1) without prior notice and hearing. At the time an order is served pursuant to this paragraph to an insurer on the list, the commissioner shall also issue and serve upon the insurer a statement of the reasons that immediate removal is necessary. Any order issued pursuant to this paragraph shall include a notice stating the time and place of a hearing on the order, which shall be not less than 20 days, nor more than 30 days after the notice is served.

(3) Notwithstanding paragraphs (1) and (2), in any case where the commissioner is basing a decision to remove an insurer from the list, or deny an application to be placed on the list, on the failure of the insurer or applicant to comply with, meet or maintain any of the objective criteria established by this section, or by regulation adopted pursuant to this section, the commissioner may so specify this fact in the order, and no hearing shall be required to be held on the order.

(4) Notwithstanding paragraphs (1) and (2), the commissioner may, without prior notice or hearing, remove from the list established pursuant to subdivision (f) any insurer that has failed or refused to timely provide documents required by this section, or any regulations adopted to implement this section. In the case of removal pursuant to this paragraph, the commissioner shall notify all surplus line brokers of the action.

(h) In addition to any other statements or reports required by this chapter, the commissioner may also address to any licensee a written request for full and complete information respecting the financial stability, reputation and integrity of any nonadmitted insurer with whom the licensee has dealt or proposes to deal in the transaction of insurance business. The licensee so addressed shall promptly furnish in written or printed form so much of the information requested as he or she can produce together with a signed statement identifying the same and giving reasons for omissions, if any. After due examination of the information and accompanying statement, the commissioner may, if he or she believes it to be in the public interest, order the licensee in writing to place no further insurance business on property located or operations conducted within or on the lives of persons who are residents of this state with the nonadmitted insurer on behalf of any person. Any placement in the nonadmitted insurer made by a licensee after receipt of that order is a violation of this chapter. The commissioner may issue an order when documents

submitted pursuant to subdivisions (c) and (d) do not meet the criteria of subdivisions (a) to (e), inclusive, or when the commissioner obtains documents on an insurer and the insurer does not meet the criteria of subdivisions (a) to (e), inclusive.

(i) The commissioner shall require, at least annually, the submission of records and statements as are reasonably necessary to ensure that the requirements of this section are maintained.

(j) The commissioner shall establish by regulation a schedule of fees to cover costs of administering and enforcing this chapter.

(k) (1) Insurance may be placed on a limited basis with insurers not on the list established pursuant to this section if all of the following conditions are met:

(A) The use of multiple insurers is necessary to obtain coverage for 100 percent of the risk.

(B) At least 80 percent of the risk is placed with admitted insurers or insurers that appear on the list of eligible nonadmitted insurers.

(C) The placing surplus line broker submits to the commissioner, or his or her designee, copies of all documentation relied upon by the surplus line broker to make the broker's determination that the financial stability, reputation, and integrity of the unlisted insurer or insurers, are adequate to safeguard the interest of the insured under the policy. This documentation, and any other documentation regarding the unlisted insurer requested by the commissioner, shall be submitted no more than 30 days after the insurance is placed with the unlisted insurer for the initial placement by that broker with the particular unlisted insurer, and annually thereafter for as long as the broker continues to make placements with the unlisted insurer pursuant to this paragraph.

(D) The insured has aggregate annual premiums for all risks other than workers' compensation or health coverage totaling no less than one hundred thousand dollars ($100,000).

(2) Insurance may not be placed pursuant to paragraph (1) if any of the following applies:

(A) The unlisted insurer has for any reason been objected to by the commissioner pursuant to this section, removed from the list, or denied placement on the list.

(B) The insurance includes coverage for employer-sponsored medical, surgical, hospital, or other health or medical expense benefits payable to the employee by the insurer.

(C) The insurance is mandatory under the laws of the federal government, this state, or any political subdivision thereof, and includes any portion of limits of coverage mandated by those laws.

(D) The insured is a multiple employer welfare arrangement, as defined in Section 1002(40)(A) of Title 29 of the United States Code, or any other arrangement among two or more employers that are not under common ownership or control, which is established or maintained for the primary purpose of providing insurance benefits to the employees of two or more employers.

(E) Unlisted insurers represent a disproportionate portion of the lower layers of the coverage.

(3) Nothing in this section is intended to alter any duties of a surplus line broker pursuant to subdivision (b) of Section 1765 or other laws of this state to safeguard the interests of the insured under the policy in recommending or placing insurance with a nonadmitted insurer.

(4) Placements authorized by this subdivision are intended to provide sophisticated insurance purchasers with a means to obtain necessary commercial insurance coverage from nonadmitted insurers not listed by the commissioner in situations where it is not commercially possible to fully obtain that coverage from either admitted or listed insurers. This subdivision shall not be deemed to permit surplus line brokers to place with nonadmitted insurers common commercial or personal line coverages for insureds that can be placed with insurers that are admitted or listed pursuant to this section, whether the insured is an individual insured, or a group created primarily for the purpose of purchasing insurance.

(*l*) As used in this section:

(1) "Certified" means an originally signed or sealed statement, dated not more than 60 days before submission, made by a public official or other person, attached to a copy of a document, that attests that the copy is a true copy of the original, and that the original is in the custody of the person making the statement.

(2) "Domiciliary jurisdiction" means the state, nation, or subdivision thereof under the laws of which an insurer is incorporated or otherwise organized.

(4) "IID" means the International Insurers Department.

(5) "Insurer" means (unless the context indicates otherwise) "nonadmitted" insurers that are either "foreign" or "alien" insurers, as those terms are defined in Sections 25, 27, and 1580, and syndicates whose members consist of individual incorporated insurers who are not engaged in any business other than underwriting as a member of the group and individual unincorporated insurers, provided all the members are subject to the same level of solvency regulation and control by the group's domiciliary regulator. The term "insurer" includes all nonadmitted insurers selling insurance to or through purchasing groups as defined in the Liability Risk Retention Act of 1986 (15 U.S.C. Sec. 3901 et seq.) and the California Risk Retention Act of 1990 (Chapter 1.5 (commencing with Section 125) of Part 1 of Division 1), except insurers that are risk retention groups as defined by those acts.

(10) "State" means any state of the United States; the District of Columbia; a commonwealth, or a territory.

(11) "Verified" means a document or copy accompanied by an originally signed statement, dated not more than 60 days before submission, from a responsible executive or official who has authority to provide the statement and knowledge whereof he or she speaks, attesting either under oath before a notary public, or under penalty of perjury under California law, that the assertions made in the document are true.

(m) With respect to a nonadmitted insurer that is listed as an authorized surplus line insurer as of December 31, 1994, pursuant to Sections 2174.1 to 2174.14, inclusive, of Title 10 of the California Code of Regulations, this section shall not be effective until the subsequent expiration of the listing of that insurer. Nothing in the bill that amended this section during the 1994 portion of the 1993–94 Regular Session is intended to repeal or imply there is not authority to adopt, or to have adopted, or to continue in force, any regulation, or part thereof, with respect to surplus line insurance which is not clearly inconsistent with it.

CHAPTER 256

An act to amend Section 2894 of the Public Utilities Code, relating to telecommunications.

[Approved by Governor August 30, 1999. Filed with Secretary of State August 30, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 2894 of the Public Utilities Code is amended to read:

2894. (a) Notwithstanding subdivision (e) of Section 2891, the disclosure of any information by an interexchange telephone corporation, a local exchange telephone corporation, or a provider of commercial mobile radio service, in good faith compliance with the terms of a state or federal court warrant or order or administrative subpoena issued at the request of a law enforcement official or other federal, state, or local governmental agency for law enforcement purposes, is a complete defense against any civil action brought under this chapter or any other law, including, but not limited to,

Chapter 1.5 (commencing with Section 630) of Part 1 of Title 15 of the Penal Code, for the wrongful disclosure of that information.

(b) As used in this section the following terms have the following meanings:

(1) "Interexchange telephone corporation" means a telephone corporation that is a long-distance carrier.

(2) "Local exchange telephone corporation" means a telephone corporation that provides local exchange services.

(3) "Commercial mobile radio service " has the same meaning as the term "commercial mobile service" as defined in Section 332(d)(1) of Title 47 of the United States Code.

CHAPTER 257

An act to amend Section 8550 of the Business and Professions Code, relating to structural pest control.

[Approved by Governor August 30, 1999. Filed with Secretary of State August 30, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 8550 of the Business and Professions Code is amended to read:

8550. (a) It is unlawful for any individual to engage or offer to engage in the business or practice of structural pest control, as defined in Section 8505, unless he or she is licensed under this chapter.

(b) Notwithstanding subdivision (a), an unlicensed individual may solicit pest control work on behalf of a structural pest control company only if the company is registered pursuant to this chapter, and the unlicensed individual does not perform or offer to perform any act for which an operator, field representative, or applicator license is required pursuant to this chapter. As used in this subdivision, to "solicit pest control work" means to introduce consumers to a registered company and the services it provides, to distribute advertising literature, and to set appointments on behalf of a licensed operator or field representative.

(c) It is unlawful for an unlicensed individual, soliciting pest control work on behalf of a registered structural pest control company pursuant to subdivision (b), to perform or offer to perform any act for which an operator, field representative, or applicator license is required, including, but not limited to, performing or offering pest control evaluations or inspections, pest identification, making any claims of pest control safety or pest control efficacy, or to offer price quotes other than what is provided and printed on the company advertising or literature, or both.

(e) It is unlawful for any firm, sole proprietorship, partnership, corporation, association, or other organization or combination thereof to engage or offer to engage in the practice of structural pest control, unless registered in accordance with Article 6 (commencing with Section 8610).

SEC. 2. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

(c) The request for submittals shall include all of the following:

(1) A clear precise description of the services to be provided and work to be performed.

(2) A description of the format that submittals shall follow and the elements they shall contain, including the qualifications and relevant experience of the design professional and the contractor, and the criteria that shall be used in evaluating the submittal, including the bid price.

(3) The date on which the submittals are due, and the timetable that will be used in reviewing and evaluating the submittals.

(d) In addition to the information required in paragraph (2) of subdivision (c), bidders shall submit their proposals with the construction bid price and all cost information in a separate sealed envelope.

(e) All submittals received prior to the closing time stated in the request for submittal shall be reviewed to determine those that meet the format requirements and the standards specified in the request for submittal.

(*l*) This section shall be applicable only to a project that is under the supervision of a licensed general building contractor within the meaning of Section 7057 of the Business and Professions Code.

CHAPTER 260

An act to add Section 12921.8 to the Insurance Code, relating to insurance.

[Approved by Governor August 30, 1999. Filed with Secretary of State August 30, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 12921.8 is added to the Insurance Code, to read:

12921.8. (a) The commissioner shall have the authority to issue a cease and desist order against any person acting as, or holding himself, herself, or itself out as, an insurance agent or broker without being so licensed, and against any person holding out that person as transacting, or transacting, the business of insurance without having been issued a certificate of authority. The commissioner may issue a cease and desist order without holding a hearing prior to issuance of the order. The commissioner may impose a fine of up to five thousand dollars ($5,000) for each day the order is violated.

(b) A person to whom a cease and desist order is issued, may, within seven days after service of the order, request a hearing by filing a request for the hearing with the commissioner. CHAPTER 261

An act to amend Sections 1163, 1164, 1190, and 1191 of the Harbors and Navigation Code, relating to bay pilots, and making an appropriation therefor.

[Approved by Governor August 30, 1999. Filed with Secretary of State August 30, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 1163 of the Harbors and Navigation Code is amended to read:

1163. (a) (1) (A) Each retired pilot and inland pilot, who has completed 25 full years of service as a pilot or inland pilot, or both, shall receive, as a target monthly pension, an amount that is initially equal to 46 percent of an amount that is an average of the highest three of the last five years of audited annual average net income per pilot, prior to the pilot's or inland pilot's retirement, divided by 12, which initial target monthly pension amount shall be subject to periodic adjustment pursuant to Section 1167. Pilots or inland pilots with other than 25 full years of service as a pilot or inland pilot, or both, shall receive a monthly pension in an amount that is determined by multiplying the above calculated target monthly pension by a fraction, the numerator of which shall be the number of full years of service that the pilot or inland pilot has rendered and the denominator of which shall be 25 years, which initial monthly pension amount shall be subject to periodic adjustment pursuant to Section 1167.

(B) Each disabled pilot or inland pilot shall receive as an initial target monthly pension an amount that is based on 46 percent of the greater of the following, which amount shall be subject to periodic adjustment pursuant to Section 1167:

(i) An amount that is the average of the highest three of the last five years of audited annual average net income per pilot divided by 12 and multiplied by a fraction, the numerator of which shall be the number of full years of service that the pilot or inland pilot has rendered and the denominator of which shall be 25 years.

(ii) The audited annual average net income per pilot, for the last year prior to the pilot's or inland pilot's disability, divided by 12 and multiplied by a fraction, the numerator of which shall be the number of full years of service that the pilot or inland pilot has rendered and the denominator of which shall be 25 years.

(C) Each pilot who retired before January 1, 1985, shall receive as an initial target monthly pension an amount that is one hundred seventy-eight dollars ($178) multiplied by the number of full years of service he or she performed as a pilot licensed under this division, which amount shall be subject to periodic adjustment pursuant to Section 1167.

(D) Each pilot who retired on or after January 1, 1985, or each inland pilot who retired after January 1, 1993, shall receive as an initial target monthly pension an amount that is the greater of the following, which amount shall be subject to periodic adjustment pursuant to Section 1167:

(i) An amount that is calculated by multiplying one hundred seventy-eight dollars ($178) by the number of full years of service the pilot or inland pilot performed as a pilot or inland pilot licensed under this division.

(ii) An amount that is 46 percent of the average of the highest three of the last five years of audited annual average net income per pilot, prior to the pilot's or inland pilot's retirement, divided by 12 and multiplied by a fraction, the numerator of which is the pilot's or inland pilot's actual number of full years of service and the denominator of which is 25 years.

(2) A pilot or inland pilot who retires or becomes disabled shall not begin to receive a pension until the beginning of the benefit payment period next following the date on which the pilot or inland pilot retires or becomes disabled.

(3) A pilot or inland pilot shall not receive any benefits pursuant to the pension plan in any benefit payment period unless the pilot's or inland pilot's resignation as an active pilot or inland pilot specifying a proposed date of retirement was submitted, in writing, to the board, prior to November if the pilot's or inland pilot's retirement is to be effective the first day of the following January, prior to February if the pilot's or inland pilot's retirement is to be effective the first day of the following April, prior to May if the pilot's or inland pilot's retirement is to be effective the first day of the following July, or prior to August if the pilot's or inland pilot's retirement is to be effective the first day of the following October. The pilot's or inland pilot's resignation as an active pilot or inland pilot shall become effective on either January 1, April 1, July 1, or October 1, as specified in the written resignation.

(4) If a retired or disabled pilot or inland pilot who is receiving a pension dies without a surviving spouse, the pilot's or inland pilot's successor in interest shall receive the monthly pension for the

remainder of the benefit payment period within which the death occurs, after which time the monthly pension shall cease.

(b) (1) The surviving spouse of a deceased pilot who is eligible for a pension pursuant to paragraph (1) of subdivision (e) of Section 1164 and the surviving spouse of a deceased inland pilot who is eligible for a pension pursuant to paragraph (2) of subdivision (e) of Section 1164 shall each receive, as a monthly pension, three-fourths of the amount that the deceased pilot or inland pilot would have received as a monthly pension pursuant to this section had the pilot or inland pilot lived, calculated as if the deceased pilot or inland pilot had been disabled pursuant to subparagraph (B) of paragraph (1) of subdivision (a).

(2) If a retired or disabled pilot or inland pilot who was receiving a pension dies, the surviving spouse shall continue to receive the full amount of the monthly pension to which the deceased pilot or inland pilot was entitled for the balance of the benefit payment period within which the death occurs, after which the surviving spouse shall receive the amount specified in paragraph (1).

(3) If a surviving spouse receiving a pension dies, the surviving spouse's successor in interest shall receive the monthly pension for the remainder of the benefit payment period within which the death occurs, after which time the monthly pension shall cease.

(c) For the purpose of the computations described in paragraph (1) of subdivision (a), six months or more of service by a pilot or inland pilot shall be considered a full year.

(f) In calculating the benefits of a retired or disabled pilot who was issued an original pilot's license in 1985 and who was not thereafter issued an inland pilot's license, or in calculating the benefits of the widow of such a pilot who is deceased, the number of years of service used in the calculation shall be the greater of the following:

(1) The actual number of full years of service the pilot has rendered.

(2) Ten years.

SEC. 2. Section 1164 of the Harbors and Navigation Code is amended to read:

1164. (a) Except as provided in subdivision (b), a pilot shall be eligible for the pension provided in Section 1163 if the pilot meets all of the following requirements:

(2) Retired after January 1, 1972.

(3) Is at least 60 years of age.

(b) A disabled pilot shall be eligible for the pension provided in Section 1163 if it has been determined by the board, based upon competent medical evidence, that the pilot is unable to perform the duties of a pilot. As used in this chapter, "disabled" means a disability of permanent or extended and uncertain duration, as determined by the board, on the basis of competent medical opinion.

(c) Except as provided in subdivision (d), an inland pilot shall be eligible for the pension provided in Section 1163 if the inland pilot meets all of the following requirements:

(1) Held a license as an inland pilot and served at least 10 years in that capacity after January 1, 1987, or has attained 62 years of age, whichever occurs first.

(2) Retired after January 1, 1987.

(3) Is at least 60 years of age.

(4) Since January 1, 1987, has held himself or herself out as providing pilotage assistance to the entire shipping industry consistent with the inland pilot's license.

(5) For services provided after January 1, 1994, performs a minimum of 75 assignments per calendar year unless excused from performance of that requirement due to medical needs satisfactory to the board.

(d) A disabled inland pilot who meets the requirements of paragraph (4) of subdivision (c) shall be eligible for the pension provided in Section 1163 if it has been determined by the board, based upon competent medical evidence, that the inland pilot is unable to perform the duties of an inland pilot.

(e) (1) A surviving spouse of a deceased pilot shall be eligible for the pension provided in subdivision (b) of Section 1163 if that deceased pilot died after January 1, 1972, and that deceased pilot had held a license as a pilot.

(2) A surviving spouse of a deceased inland pilot shall be eligible for the pension provided in subdivision (b) of Section 1163 if the deceased inland pilot died after January 1, 1987, had held a license as an inland pilot, and since January 1, 1987, had held himself or herself out as providing pilotage assistance to the entire shipping industry consistent with the inland pilot's license.

(3) In order for a surviving spouse to be eligible for any pension benefits pursuant to this chapter, the surviving spouse shall have been legally married to the deceased pilot or inland pilot for at least one year prior to the deceased pilot's or inland pilot's death.

(4) A surviving spouse of a deceased pilot or inland pilot shall neither be eligible for, nor receive, pension benefits pursuant to this chapter if the surviving spouse remarries. If a surviving spouse who is receiving a monthly pension under this chapter remarries, the

surviving spouse's successor in interest shall receive the amount of the monthly pension for the remainder of the benefit payment period as if the surviving spouse had died, in accordance with paragraph (3) of subdivision (b) of Section 1163.

SEC. 3. Section 1190 of the Harbors and Navigation Code is amended to read:

1190. (a) Every vessel spoken inward or outward bound shall pay the following rate of bar pilotage through the Golden Gate and into or out of the Bays of San Francisco, San Pablo, and Suisun:

(1) Eight dollars and eleven cents ($8.11) per draft foot of the vessel's deepest draft and fractions of a foot pro rata, and an additional charge of 73.01 mills per high gross registered ton as changed pursuant to law in effect on December 31, 1999. The mill rates established by this paragraph may be changed as follows:

(A) Once the number of pilots licensed by the board is reduced to 60 pilots, for any subsequent decrease in the number of pilots, the mill rate then in effect shall be decreased by an incremental amount that is proportionate to one-half of the last audited annual average net income per pilot for each pilot licensed by the board below 60 pilots.

Once the number of pilots licensed by the board falls below 60, for any subsequent increase in the number of pilots, the mill rate then in effect shall be increased by an incremental amount that is proportionate to one-half of the last audited annual average net income per pilot for each new pilot that results in an increase in the number of pilots then licensed by the board.

The incremental mill rate adjustment authorized by this subparagraph shall be calculated using the data reported to the board for the number of gross registered tons handled by pilots licensed under this division during the same 12-month period as the audited annual average net income per pilot. The incremental mill rate adjustment shall become effective at the beginning of the quarter (January 1, April 1, June 1, or October 1) as directed by the board.

(B) There shall be an incremental rate of additional mills per high gross registered ton as is necessary and authorized by the board to recover the pilots' costs of obtaining new pilot boats. The incremental mill rate charge authorized by this subparagraph shall be identified as a pilot boat surcharge on the pilots' invoices and separately accounted for in the accounting required by Section 1136. Net proceeds from the sale of existing pilot boats shall be used to reduce the debt on the new pilot boats.

(C) In addition to the rate change specified in subparagraph (A) and the incremental rate specified in subparagraph (B), the mill rate established by this subdivision may be adjusted at the direction of the board if, after a hearing conducted pursuant to Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2 of the Government Code, the board determines that there has been a catastrophic cost increase to the pilots that would result

in at least a 2-percent increase in the overall annual cost of providing pilot services.

(2) A minimum charge for bar pilotage shall be six hundred sixty-two dollars ($662) for each vessel piloted.

(3) The vessel's deepest draft shall be the maximum draft attained, on a stillwater basis, at any part of the vessel during the course of such transit inward or outward.

(b) The rate specified in subdivision (a) shall apply only to a pilotage that passes through the Golden Gate to or from the high seas to or from a berth within an area bounded by the Union Pacific Railroad Bridge to the north and Hunter's Point to the south. The rate for pilotage to or from the high seas to or from a point past the Union Pacific Railroad Bridge or Hunter's Point shall include a movement fee in addition to the basic bar pilotage rate as specified by the board pursuant to Section 1191.

(c) The rate established in paragraph (1) of subdivision (a) shall be for a trip from the high seas to dock or from the dock to high seas. The rate specified in Section 1191 shall not be charged by pilots for docking and undocking vessels. This subdivision does not apply to the rates charged by inland pilots for their services.

(d) The board shall determine the number of pilots to be licensed based on the 1986 manpower study adopted by the board.

(e) Consistent with the board's January 1999 adoption of rate recommendations, the rates imposed pursuant to paragraph (1) of subdivision (a) that are in effect on December 31, 1999, shall be increased by 4 percent on January 1, 2000; those in effect on December 31, 2000, shall be increased by 3 percent on January 1, 2001; and those in effect on December 31, 2001, shall be increased by 3 percent on January 1, 2002.

SEC. 4. Section 1191 of the Harbors and Navigation Code is amended to read:

1191. (a) The board, pursuant to Chapter 6 (commencing with Section 1200), shall recommend that the Legislature, by statute, adopt a schedule of pilotage rates providing fair and reasonable return to pilots and inland pilots engaged in ship movements or special operations where rates for those movements or operations are not specified in Section 1190.

(b) Every vessel using pilots and inland pilots for ship movements or special operations that do not constitute bar pilotage shall pay the rate specified in the schedule of pilotage rates adopted by the Legislature.

(c) The minimum rates charged by pilots or inland pilots for ship movements and internal operations shall be the schedule of ship pilot fees recommended for adoption by the board in January 1999, and published by the San Francisco Bar Pilots.

(d) Consistent with the board's January 1999 adoption of rate recommendations, the rates imposed pursuant to this section that are in effect on December 31, 1999, shall be increased by 22 percent on

January 1, 2000; those in effect on December 31, 2000, shall be increased by 15 percent on January 1, 2001; and those in effect on December 31, 2001, shall be increased by 10 percent on January 1, 2002.

An act to amend Section 399.5 of the Penal Code, relating to dog bites.

[Approved by Governor August 30, 1999. Filed with Secretary of State August 30, 1999.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as "Cody's Law."

SEC. 2. Section 399.5 of the Penal Code is amended to read:

399.5. (a) Any person owning or having custody or control of a dog trained to fight, attack, or kill is guilty of a felony or a misdemeanor, punishable by imprisonment in the state prison for two, three, or four years, or in a county jail not to exceed one year, or by a fine not exceeding ten thousand dollars ($10,000), or by both the fine and imprisonment, if, as a result of that person's failure to exercise ordinary care, the dog bites a human being, on two separate occasions or on one occasion causing substantial physical injury. No person shall be criminally liable under this section, however, unless he or she knew or reasonably should have known of the vicious or dangerous nature of the dog, or if the victim failed to take all the precautions that a reasonable person would ordinarily take in the same situation.

(b) Following the conviction of an individual for a violation of this section, the court shall hold a hearing to determine whether conditions of the treatment or confinement of the dog or other circumstances existing at the time of the bite or bites have changed so as to remove the danger to other persons presented by the animal. The court, after hearing, may make any order it deems appropriate to prevent the recurrence of such an incident, including, but not limited to, the removal of the animal from the area or its destruction if necessary.

(c) Nothing in this section shall authorize the bringing of an action pursuant to subdivision (a) based on a bite or bites inflicted upon a trespasser, upon a person who has provoked the dog or contributed to his or her own injuries, or by a dog used in military or police work if the bite or bites occurred while the dog was actually performing in that capacity. As used in this subdivision, "provocation" includes, but is not limited to, situations where a dog held on a leash by its owner or custodian reacts in a protective manner to a person or persons who approach the owner or custodian in a threatening manner.

(d) Nothing in this section shall be construed to affect the liability of the owner of a dog under Section 399 or any other provision of law.

(e) This section shall not apply to a veterinarian or an on-duty animal control officer while in the performance of his or her duties, or to a peace officer, as defined in Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2, if he or she is assigned to a canine unit.

SEC. 3. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime

or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.

834c. (a) (1) In accordance with federal law and the provisions of this section, every peace officer, upon arrest and booking or detention for more than two hours of a known or suspected foreign national, shall advise the foreign national that he or she has a right to communicate with an official from the consulate of his or her country, except as provided in subdivision (d). If the foreign national chooses to exercise that right, the peace officer shall notify the pertinent official in his or her agency or department of the arrest or detention and that the foreign national wants his or her consulate notified.

(2) The law enforcement official who receives the notification request pursuant to paragraph (1) shall be guided by his or her agency's procedures in conjunction with the Department of State Guidelines Regarding Foreign Nationals Arrested or Detained in the United States, and make the appropriate notifications to the consular officers at the consulate of the arrestee.

(b) The 1963 Vienna Convention on Consular Relations Treaty was signed by 140 nations, including the United States, which ratified the agreement in 1969. This treaty guarantees that individuals arrested or detained in a foreign country must be told by police "without delay" that they have a right to speak to an official from their country's consulate and if an individual chooses to exercise that right a law enforcement official is required to notify the consulate.

(c) California law enforcement agencies shall ensure that policy or procedure and training manuals incorporate language based upon provisions of the treaty that set forth requirements for handling the arrest and booking or detention for more than two hours of a foreign national pursuant to this section prior to December 31, 2000.

(d) Countries requiring mandatory notification under Article 36 of the Vienna Convention shall be notified as set forth in this section without regard to an arrested or detained foreign national's request to the contrary. Those countries, as identified by the United States Department of State on July 1, 1999, are as follows:

The people of the State of California do enact as follows:

SECTION 1. Section 54906 is added to the Government Code, to read:

54906. This chapter does not apply to any zones within a permanent road division created pursuant to Section 1162.6 of the Streets and Highways Code, where the zones are formed for a specific permanent road project.

SEC. 2. Section 1162.6 is added to the Streets and Highways Code, to read:

1162.6. (a) Notwithstanding any other provision of this chapter, the board of supervisors may form a permanent road division without reference to a specific permanent road project. The division may include the entire unincorporated area of the county. The board may create zones within the division for specific permanent road projects, with differing special taxes or parcel charges. Parcel charges shall be deemed to be assessments within the meaning of Article XIII D of the California Constitution.

(b) Formation of the division shall be initiated by resolution of the board of supervisors that sets a time and date for a hearing on the matter. Notice of the hearing shall be given pursuant to Section 6061 of the Government Code in a newspaper of general circulation published in the county, or, if there is no newspaper of general circulation published in the county, in a newspaper of general circulation that is circulated within the territory proposed to be included within the division. Publication shall be complete at least seven days prior to the hearing.

(c) At the hearing, the board of supervisors shall hear all objections to the establishment of the division and shall determine whether to form the division.

(d) Proceedings to form a division or zones may be consolidated with an assessment ballot proceeding pursuant to Section 53753 of the Government Code.

CHAPTER 270

An act to amend Section 4850 of the Labor Code, relating to workers' compensation.

[Approved by Governor August 30, 1999. Filed with Secretary of State August 31, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 4850 of the Labor Code is amended to read:

4850. (a) Whenever any city police officer, city, county, or district firefighter, sheriff or any officer or employee of a sheriff's office, any inspector, investigator, detective, or personnel with comparable title in any district attorney's office, any peace officer under Section 830.31 of the Penal Code employed on a regular, full-time basis by a county of the first class, or lifeguard employed year round on a regular, full-time basis by a county of the first class, who is a member of the Public Employees' Retirement System or subject to the County Employees Retirement Law of 1937 (Chapter 3 (commencing with Section 31450) of Part 3 of Division 4 of Title 3 of the Government Code) is disabled, whether temporarily or permanently, by injury or illness arising out of and in the course of his or her duties, he or she shall become entitled, regardless of his or her period of service with the city or county, to leave of absence while so disabled without loss of salary in lieu of temporary disability payments or maintenance allowance payments under Section 139.5, if any, which would be payable under this chapter, for the period of the disability, but not exceeding one year, or until such earlier date as he or she is retired on permanent disability pension, and is actually receiving disability pension payments, or advanced disability pension payments pursuant to Section 4850.3.

(b) This section shall apply only to city police officers, sheriffs or any officer or employee of a sheriff's office, and any inspector, investigator, detective, or personnel with comparable title in any district attorney's office, who are members of the Public Employees' Retirement System or subject to the County Employees Retirement Law of 1937 (Chapter 3 (commencing with Section 31450) of Part 3 of Division 4 of Title 3 of the Government Code) and excludes employees of a police department whose principal duties are those

of a telephone operator, clerk, stenographer, machinist, mechanic, or otherwise, and whose functions do not clearly fall within the scope of active law enforcement service, and excludes employees of a county sheriff's office whose principal duties are those of a telephone operator, clerk, stenographer, machinist, mechanic, or otherwise, and whose functions do not clearly come within the scope of active law enforcement service. It shall also apply to city, county, or district firefighters who are members of the Public Employees' Retirement System or subject to the County Employees Retirement Law of 1937 (Chapter 3 (commencing with Section 31450) of Part 3 of Division 4 of Title 3 of the Government Code) and excludes employees of the city fire department, county fire department, and of any fire district whose principal duties are those of a telephone operator, clerk, stenographer, machinist, mechanic, or otherwise, and whose functions do not clearly fall within the scope of active firefighting and prevention service. It shall also apply to deputy sheriffs, and to peace officers under Section 830.31 of the Penal Code employed on a regular, full-time basis by a county of the first class, who are subject to the County Employees Retirement Law of 1937 (Chapter 3 (commencing with Section 31450) of Part 3 of Division 4 of Title 3 of the Government Code). It shall also apply to lifeguards employed year round on a regular, full-time basis by a county of the first class who are subject to the County Employees Retirement Law of 1937 (Chapter 3 (commencing with Section 31450) of Part 3 of Division 4 of Title 3 of the Government Code).

(c) If the employer is insured, the payments which, except for this section, the insurer would be obligated to make as disability indemnity to the injured, the insurer may pay to the insured.

(d) No leave of absence taken pursuant to this section by a peace officer, as defined by Chapter 4.5 (commencing with Section 830) of Title 3 of Part 2 of the Penal Code, shall be deemed to constitute family care and medical leave, as defined in Section 12945.2 of the Government Code, or to reduce the time authorized for family care and medical leave by Section 12945.2 of the Government Code.

(e) This section shall become operative on January 1, 1990.

SEC. 2. The Legislature finds and declares with respect to Section 1 of this act that a special law is necessary and that a general law cannot be made applicable within the meaning of Section 16 of Article IV of the California Constitution because the work of peace officers under Section 830.31 of the Penal Code who are employed on a regular, full-time basis by a county of the first class require the disability benefits of Section 4850 of the Labor Code.

SECTION 1. Section 31646.5 is added to the Government Code, to read:

31646.5. (1) The member has exhausted all compensated leave, including any catastrophic leave to which the member may be eligible.

(2) The leave of absence was due to the member's medical condition that has been determined by the board to be a terminal illness.

(3) Payment by the member of the contributions the member would have paid during the leave of absence, together with interest those contributions would have earned had they been on deposit if the member were not absent. The contributions may be paid in a lump sum, or may be paid on a monthly basis for a period of not more than the length of the period for which service credit is claimed; provided, however, that payment shall be completed prior to the effective date of the member's retirement, or in accordance with Section 31485.7 or 31485.8 if either section has been adopted by the board of supervisors.

(b) Credit may not be received pursuant to this section for a period in excess of 12 consecutive months.

(c) This section shall not apply in any county unless and until it is adopted by a majority vote of the board of supervisors.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are:

CHAPTER 273

An act to amend Section 44024.5 of the Health and Safety Code, relating to air quality.

[Approved by Governor August 30, 1999. Filed with Secretary of State August 31, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 44024.5 of the Health and Safety Code is amended to read:

44024.5. (a) The department shall compile and maintain statistical and emissions profiles of motor vehicles that are subject to the motor vehicle inspection program. The department may use data from any source, including remote sensing data and other motor vehicle inspection program data, to develop and confirm the validity of the profiles.

(b) The department, in cooperation with the state board, shall perform periodic analyses of the statistical and emissions profiles created pursuant to subdivision (a). The department and the state board, in consultation with the Inspection and Maintenance Review Committee, may determine that, in addition to the vehicles excepted pursuant to Section 44011, certain other motor vehicles may be excepted from the biennial certification requirements of this chapter without significantly compromising the emission reduction objectives set forth in the State Implementation Plan (SIP).

(c) The department may conduct a pilot program to except from the biennial certification requirement those vehicles that may be jointly determined by the department and the state board, after consultation with the Inspection and Maintenance Review Committee, to warrant exception. The department shall provide written notification to the Legislature specifying the number of vehicles to be exempted as well as the geographic location and duration of the pilot program not less than 30 days prior to the implementation of the pilot program. The department shall submit the results of the pilot program to the state board and the Inspection and Maintenance Review Committee for review. Subject to the approval of the United States Environmental Protection Agency as an amendment to the SIP, the department may establish the exception program as a permanent program.

(d) As part of the pilot program, on or before June 30, 2000, the department shall evaluate standards for the operation of remote sensing equipment, evaluate the need to certify individuals who operate that equipment, and evaluate the need to license entities that provide remote sensing services under the direction of the department.

(e) For vehicles four model years old or less, the department shall use test data generated pursuant to Section 44014.7 to develop statistical and emissions profiles. The department may use data from any source, including remote sensing data, warranty repair and recall data, and other motor vehicle inspection program data, to develop and confirm the validity of the data. If the department and state board jointly determine that the emissions from a class of motor vehicles would potentially compromise the emission reduction objectives set forth in the SIP, the state board shall consider appropriate corrective action, including, but not limited to, recall pursuant to Section 43105.

CHAPTER 274

An act to amend Section 5108 of the Revenue and Taxation Code, relating to taxation.

[Approved by Governor August 30, 1999. Filed with Secretary of State August 31, 1999.]

The people of the State of California do enact as follows:

SECTION 1. Section 5108 of the Revenue and Taxation Code is amended to read:

5108. (a) For the 1994–95 fiscal year and each fiscal year thereafter, the governing body of a local agency shall have the authority, by a majority vote of that governing body, to rebate some

or all of the property tax revenue that the local agency would receive from economic revitalization manufacturing property for a period of five fiscal years from the date the property was placed in service. For purposes of this section, a redevelopment agency shall obtain the approval, by a majority vote of the governing bodies of the city and the county in which the redevelopment agency is located, prior to having the authority to rebate some or all of that property tax revenue.

(b) For purposes of this section:

(1) "Economic revitalization manufacturing property" means tangible personal property that meets all of the following requirements:

(A) The property is directly involved in the manufacturing process in this state, and not in a preliminary or subsequent activity, or one incidental to manufacturing.

(B) Use of the property will lead to the creation of at least 10 new full-time manufacturing jobs or positions at salary levels of at least ten dollars ($10) per hour (twenty thousand dollars ($20,000) per year), and those jobs or positions will continue in existence for a continuous five-year period.

(C) A majority of the governing body of the local agency makes a finding, in its sole discretion, that the property is used in conjunction with the establishment or expansion of a manufacturing project or facility within the local agency's jurisdiction, and that the property meets the requirements of subparagraphs (A) and (B). In this connection, a majority of the governing body is hereby authorized, but not required, to make the finding specified herein, and thereby authorize the rebate provided pursuant to this section.

(D) The property is "qualified property" for purposes of the manufacturing investment credit under subdivision (d) of Sections 17053.49 and 23649.

(2) "Manufacturing process" means the activity of converting or conditioning property by changing the form, composition, quality, or character of the property for ultimate sale at retail or use in the manufacturing of a product to be ultimately sold at retail.

(3) "Ten or more new employees" means a net increase by 10 or more of the total number of employees, as defined in Section 621 of the Unemployment Insurance Code, employed by the taxpayer in this state. The increase in the total number of employees employed in this state shall be determined by subtracting the total number of employees the taxpayer employed in the previous fiscal year from the total number of employees the taxpayer employed in the current fiscal year. The total number of employees employed in this state shall equal the sum of both of the following:

(A) The total number of hours worked by employees in this state for the taxpayer who are paid an hourly wage divided by the applicable hours per workyear.

(B) The total number of months worked by salaried employees in this state for the taxpayer divided by the applicable months per workyear.

(4) "Applicable workyear" means with respect to a worker paid an hourly wage, 2,000 paid hours and, with respect to a salaried employee, a total of 12 paid months. The applicable workyear, in the case of a manufacturing project or facility that becomes operational during the year, shall be the amounts in the foregoing sentence multiplied by a fraction, the numerator of which is the number of months of the year that the project or facility was operational and the denominator of which is 12.

An employee shall be deemed to be employed at a manufacturing project or facility if he or she utilizes the project or facility as his or her principal place of business.

(5) "Local agency" means a city, county, city and county, redevelopment agency, or special district, excluding any school district.

(c) If at any time within five years after granting a rebate pursuant to this section, the governing body finds that the recipient taxpayer has not complied with the conditions of paragraph (1) of subdivision (b), the governing body may recapture from that taxpayer all or any portion of the amount rebated.

(d) This section shall apply only to property that is placed in service on or after January 1, 1994.

(e) (1) On or before January 1, 2002, the Legislative Analyst shall prepare a report for the Legislature, which shall include, but not be limited to, the following information with respect to this section:

(A) A list of local agencies that have utilized the tax rebate provisions.

(B) The dollars expended by each agency utilizing the tax rebate provisions.

(C) The number of jobs created by each of the local agencies utilizing the tax rebate provisions.

(D) A reasoned estimate of the number of jobs created that, but for these provisions, would have been located outside the state.

(E) A reasoned estimate of the number of jobs that, but for these provisions, would have been located in another jurisdiction within the state.

(2) By granting this tax rebate, the granting agency agrees to cooperate fully with the Legislative Analyst.

(3) Beginning in 2000, each participating agency shall provide the Legislative Analyst annually with a complete set of data for the program, including all of the information required in paragraph (1).

(4) The final report by the Legislative Analyst, provided pursuant to paragraph (1), shall include an analysis of the cost per job of jobs created pursuant to this section, a comparison of this program to other economic development tools, and a recommendation as to

whether this program should be continued in its present form, restructured, or eliminated.

(f) A local agency may enter into an agreement with a taxpayer to implement this section and the agreement shall be valid notwithstanding the subsequent repeal of this section.

(g) Nothing in this section shall be deemed to eliminate or reduce the obligation of a redevelopment agency to comply with Section 33334.2, 33334.6, 33607.5, or 33607.7 of the Health and Safety Code.

(h) This section shall remain in effect only until January 1, 2003, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2003, deletes or extends that date.

SEC. 2. Section 60048 is added to the Education Code, to read:

60048. (a) Basic instructional materials, and other instructional materials required to be legally and socially compliant pursuant to Sections 60040 to 60047, inclusive, including illustrations, that provide any exposure to a commercial brand name, product, or corporate or company logo in a manner that is inconsistent with guidelines or frameworks adopted by the State Board of Education may not be adopted by a school district governing board.

(b) The governing board of a school district may not adopt basic instructional materials, and other instructional materials required to be legally and socially compliant pursuant to Sections 60040 to 60047, inclusive, including illustrations, that contain a commercial brand name, product, or corporate or company logo unless the governing board makes a specific finding pursuant to the criteria set forth in paragraph (5) of subdivision (c) of Section 60200 that the use of the commercial brand name, product, or corporate or company logo in the instructional materials is appropriate.

(c) Nothing in this section shall be construed to prohibit the publisher of instructional materials to include whatever corporate name or logo on the instructional materials that is necessary to

provide basic information about the publisher, to protect its copyright, or to identify third party sources of content.

(d) The state board may adopt regulations that provide for other allowable exceptions to this section, as determined by the state board.

(e) The Superintendent of Public Instruction shall develop, and the State Board of Education shall adopt, guidelines to implement this section.

SEC. 3. Section 60200 of the Education Code is amended to read:

60200. The state board shall adopt basic instructional materials for use in kindergarten and grades 1 to 8, inclusive, for governing boards, subject to the following provisions:

(a) The state board shall adopt at least five basic instructional materials for all applicable grade levels in each of the following categories:

(1) Language arts, including, but not limited to, spelling and reading.

(2) Mathematics.

(3) Science.

(4) Social science.

(5) Bilingual or bicultural subjects.

(6) Any other subject, discipline, or interdisciplinary areas for which the state board determines the adoption of instructional materials to be necessary or desirable.

(b) The state board shall adopt procedures for the submission of basic instructional materials in order to comply with each of the following:

(1) Instructional materials may be submitted for adoption in any of the subject areas pursuant to paragraphs (1) to (5), inclusive, of subdivision (a) not less than two times every six years and in any of the subject areas pursuant to paragraph (6) of subdivision (a) not less than two times every eight years. The state board shall ensure that curriculum frameworks are reviewed and adopted in each subject area consistent with the six- and eight-year submission cycles and that the criteria for evaluating instructional materials developed pursuant to subdivision (b) of Section 60204 are consistent with subdivision (c). The state board may prescribe reasonable conditions to restrict the resubmission of materials that have been previously rejected if those resubmitted materials have no substantive changes.

(2) Submitted instructional materials shall be adopted or rejected within six months of the submission date of the materials pursuant to paragraph (1), unless the state board determines that a longer period of time, not to exceed an additional three months, is necessary due to the estimated volume or complexity of the materials for that subject in that year, or due to other circumstances beyond the reasonable control of the state board.

(c) In reviewing and adopting or recommending for adoption submitted basic instructional materials, the state board shall use the

following criteria, and ensure that, in its judgment, the submitted basic instructional materials meet all of the following criteria:

(1) Are consistent with the criteria and the standards of quality prescribed in the state board's adopted curriculum framework. In making this determination, the state board shall consider both the framework and the submitted instructional materials as a whole.

(2) Comply with the requirements of Sections 60040, 60041, 60042, 60043, 60044, 60048, 60200.5, and 60200.6, and the state board's guidelines for social content.

(3) Are factually accurate and incorporate principles of instruction reflective of current and confirmed research.

(4) Adequately cover the subject area for the grade level or levels for which they are submitted.

(5) Do not contain materials, including illustrations, that provide unnecessary exposure to a commercial brand name, product, or corporate or company logo. Materials, including illustrations, that contain a commercial brand name, product, or corporate or company logo may not be used unless the board determines that the use of the commercial brand name, product, or corporate or company logo is appropriate based on one of the following specific findings:

(A) If text, the use of the commercial brand name, product, or corporate or company logo in the instructional materials is necessary for an educational purpose, as defined in the guidelines or frameworks adopted by the State Board of Education.

(B) If an illustration, the appearance of a commercial brand name, product, or corporate or company logo in an illustration in instructional materials is incidental to the general nature of the illustration.

(6) Meet other criteria as are established by the state board as being necessary to accomplish the intent of Section 7.5 of Article IX of the California Constitution and of Section 1 of this act, provided that the criteria are approved by resolution at the time the resolution adopting the framework for the current adoption is approved, or at least 30 months prior to the date that the materials are to be approved for adoption.

(d) If basic instructional materials are rejected, the state board shall provide a specific, written explanation of the reasons why the submitted materials were not adopted, based upon one or more of the criteria established under subdivision (c). In providing this explanation, the state board may use, in whole or in part, materials written by the commission or any other advisers to the state board.

(e) The state board may adopt fewer than five basic instructional materials in each subject area for each grade level if either of the following occurs:

(1) Fewer than five basic instructional materials are submitted.

(2) The state board specifically finds that fewer than five basic instructional materials meet the criteria prescribed by paragraphs (1) to (5), inclusive, of subdivision (c), or the materials fail to meet

the state board's adopted curriculum framework. If the state board adopts fewer than five basic instructional materials in any subject for any grade level, the state board shall conduct a review of the degree to which the criteria and procedures used to evaluate the submitted materials for that adoption were consistent with the state board's adopted curriculum framework.

(f) Nothing in this section shall limit the authority of the state board to adopt materials that are not basic instructional materials.

(g) If a district board establishes to the satisfaction of the state board that the state-adopted instructional materials do not promote the maximum efficiency of pupil learning in the district, the state board shall authorize that district governing board to use its instructional materials allowances to purchase materials as specified by the state board, in accordance with standards and procedures established by the state board.

(h) Consistent with the quality criteria for the state board's adopted curriculum framework, the state board shall prescribe procedures to provide the most open and flexible materials submission system and ensure that the adopted materials in each subject, taken as a whole, provide for the educational needs of the diverse pupil populations in the public schools, provide collections of instructional materials that illustrate diverse points of view, represent cultural pluralism, and provide a broad spectrum of knowledge, information, and technology-based materials to meet the goals of the program and the needs of pupils.

(i) Upon making an adoption, the state board shall make available to listed publishers and manufacturers and all school interests a listing of instructional materials, including the most current unit cost of those materials as computed pursuant to existing law. Items placed upon lists shall remain thereon, and be available for procurement through the state's systems of financing, from the date of the adoption of the item and until a date established by the state board. The date established by the board for continuing items on that list shall be the earlier of not more than six years from the date of adoption for instructional materials pertaining to subject areas designated in paragraphs (1) to (5), inclusive, of subdivision (a), and not more than eight years from the date of adoption for instructional materials pertaining to subject areas designated in paragraph (6) of subdivision (a), or the date on which the state board adopts instructional materials based upon a new or revised curriculum framework. Lists of adopted materials shall be made available by subject and grade level. The lists shall terminate and shall no longer be effective on the date prescribed by the state board pursuant to this subdivision.

(j) The state board may approve multiple lists of instructional materials, without designating a grade or subject, and the state board may designate more than one grade or subject whenever it determines that a single subject designation or a single grade designation would not promote the maximum efficiency of pupil

learning. Any materials so designated may be placed on single grade or single subject lists, or multigrade or interdisciplinary lists, or may be placed on separate lists including other materials with similar grade or subject designations.

(k) A composite listing in the format of an order form may be used to meet the requirements of this section.

(*l*) The lists maintained pursuant to this section shall not be deemed to control the use period by any local district.

(m) The state board shall give publishers the opportunity to modify instructional materials, in a manner provided for in regulations adopted by the state board, if the state board finds that the instructional materials do not comply with paragraph (5) of subdivision (c).

(n) Nothing in this section shall be construed to prohibit the publisher of instructional materials from including whatever corporate name or logo on the instructional materials that is necessary to provide basic information about the publisher, to protect its copyright, or to identify third party sources of content.

(o) The state board may adopt regulations that provide for other exceptions to this section, as determined by the board.

(p) The Superintendent of Public Instruction shall develop, and the State Board of Education shall adopt, guidelines to implement this section.

SEC. 4. Section 60200.2 is added to the Education Code, to read:

(a) In addition to the findings authorized under subparagraphs (A) and (B) of paragraph (5) of subdivision (c) of Section 60200, if the state board finds that the use of a commercial brand name, product, or corporate or company logo in an instructional material is authorized under a contract entered into under paragraph (3) of subdivision (a) of Section 35182.5 as added by Assembly Bill 117 of the 1999–2000 Regular Session, the state board may allow the use of that instructional material.

(b) This section shall become operative only if Section 35182.5 as proposed by Assembly Bill 117 of the 1999–2000 Regular Session is enacted and takes effect.

SEC. 5. Sections 1 to 3, inclusive, of this act shall only apply to notices of "Invitation to Submit Basic Instructional Materials for Adoption in California" issued after January 1, 2000, and for other instructional materials submitted after January 1, 2000, to the State Board of Education for a determination of compliance with the requirements of Article 3 (commencing with Section 60040) of Chapter 1 of Part 33 of the Education Code.

21456.3. (a) An operator of a bicycle facing a green bicycle signal shall proceed straight through or turn right or left or make a U-turn unless a sign prohibits a U-turn. An operator of a bicycle, including

one turning, shall yield the right-of-way to other traffic and to pedestrians lawfully within the intersection or an adjacent crosswalk.

(b) An operator of a bicycle facing a steady yellow bicycle signal is, by that signal, warned that the related green movement is ending or that a red indication will be shown immediately thereafter.

(c) Except as provided in subdivision (d), an operator of a bicycle facing a steady red bicycle signal shall stop at a marked limit line, but if none, before entering the crosswalk on the near side of the intersection, or, if none, then before entering the intersection, and shall remain stopped until an indication to proceed is shown.

44661.5. When developing and adopting objective evaluation and assessment guidelines pursuant to Section 44660, a school district may, by mutual agreement between the exclusive representative of the certificated employees of the school district and the governing board of the school district, include any objective standards from the National Board for Professional Teaching Standards or any objective standards from the California Standards for the Teaching Profession if the standards to be included are consistent with this article. If the certificated employees of the school district do not have an exclusive representative, the school district may adopt objective evaluation and assessment guidelines consistent with this section.

CHAPTER 280

[Approved by Governor August 31, 1999. Filed with Secretary of State September 1, 1999.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares the following:

(a) The provisions of Section 3 of this act relating to advertising displays are intended to only apply to small urbanized municipalities of limited population, area, and economic resources, which conditions significantly limit the ability of those jurisdictions to fund their economic development activities and support their essential social services.

(b) The Legislature has previously approved limited exceptions to outdoor advertising provisions for specific cities to identify development projects, business centers, or associations as a means of supporting economic development activities within those particular jurisdictions.

SEC. 2. Section 5440 of the Business and Professions Code is amended to read:

SEC. 3. Section 5442.9 is added to the Business and Professions Code, to read:

5442.9. (a) Notwithstanding Section 5440, a city described in subdivision (b) may erect a nonconforming display if all of the following apply:

(2) Not more than one additional display is added to the number of signs within the city that do not conform to this article as of January 1, 2000.

(3) The display is located within the boundaries of the city.

(4) Placement or maintenance of the display does not require the immediate trimming, pruning, topping, or removal of existing trees to provide visibility to the display, unless done as part of the normal landscape maintenance activities that would have been undertaken without regard to the placement or maintenance of the display.

(5) No public funds are required to be expended to pay for the costs of the display.

(6) The display does not impose additional liability on the Department of Transportation.

(7) The display does not cause a reduction in federal aid highway funds, as provided in Section 131 of Title 23 of the United States Code.

(8) All proceeds received by a participating city by allowing the erection of the nonconforming display are expended by the city solely for parks and programs for at-risk youth.

(9) The display does not advertise products or services which are directed at an adult population, including, but not limited to, alcohol, tobacco, and gambling activities.

(b) For purposes of this section, city is any city that meets all of the following conditions:

(1) The city's population is 17,000 persons or less.

The applicant for the temporary certificate shall make a statement under oath that he or she has duly filed an application for a credential or permit together with the required fee and that, to the best of his or her knowledge, no reason exists why a certificate or permit should not be issued. The certificate or permit shall be valid for not more than one calendar year from the date of issuance.

(b) The county or city and county board of education shall cancel the temporary certificate or permit immediately upon receipt of certification in writing from the commission that the applicant apparently does not possess adequate academic qualifications or apparently has a criminal record that would disqualify the applicant.

(c) A temporary certificate issued to a permit applicant is not valid beyond the time that the commission either issues or denies the originally requested permit. A temporary certificate issued to a credential applicant is not valid beyond the time that the commission provides written notification to the county or city and county board of education that the applicant apparently does not possess adequate qualifications, that the commission has received facts that may cause denial of the application, or issues or denies the originally requested credential.

(d) A county or city and county board of education may not issue a temporary certificate to an applicant whose teaching credential is revoked or suspended.

SEC. 3. Section 44346.1 of the Education Code is amended to read:

(b) This section applies to any violent or serious offense which, if committed in this state, would have been punishable as a violent or serious felony.

(c) For purposes of this section, a violent felony is any felony listed in subdivision (c) of Section 667.5 of the Penal Code and a serious felony is any felony listed in subdivision (c) of Section 1192.7 of the Penal Code.

SEC. 4. Section 44424 of the Education Code is amended to read:
